AN ACT concerning criminal law.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Unified Code of Corrections is amended by changing Section 5-6-1 as follows:

Sec. 5-6-1. Sentences of Probation and of Conditional Discharge and Disposition of Supervision. The General Assembly finds that in order to protect the public, the criminal justice system must compel compliance with the conditions of probation by responding to violations with swift, certain and fair punishments and intermediate sanctions. The Chief Judge of each circuit shall adopt a system of structured, intermediate sanctions for violations of the terms and conditions of a sentence of probation, conditional discharge or disposition of supervision.

New matter indicated by italics - deletions by strikeout
(a) Except where specifically prohibited by other provisions of this Code, the court shall impose a sentence of probation or conditional discharge upon an offender unless, having regard to the nature and circumstance of the offense, and to the history, character and condition of the offender, the court is of the opinion that:

(1) his imprisonment or periodic imprisonment is necessary for the protection of the public; or

(2) probation or conditional discharge would deprecate the seriousness of the offender's conduct and would be inconsistent with the ends of justice; or

(3) a combination of imprisonment with concurrent or consecutive probation when an offender has been admitted into a drug court program under Section 20 of the Drug Court Treatment Act is necessary for the protection of the public and for the rehabilitation of the offender.

The court shall impose as a condition of a sentence of probation, conditional discharge, or supervision, that the probation agency may invoke any sanction from the list of intermediate sanctions adopted by the chief judge of the circuit court for violations of the terms and conditions of the sentence of probation, conditional discharge, or supervision, subject to the provisions of Section 5-6-4 of this Act.

(b) The court may impose a sentence of conditional discharge for an offense if the court is of the opinion that neither a sentence of imprisonment nor of periodic imprisonment nor of probation supervision is appropriate.

(c) The court may, upon a plea of guilty or a stipulation by the defendant of the facts supporting the charge or a finding of guilty, defer further proceedings and the imposition of a sentence, and enter an order for supervision of the defendant, if the defendant is not charged with: (i) a Class A misdemeanor, as defined by the following provisions of the Criminal Code of 1961: Sections 11-9.1; 12-3.2; 12-15; 26-5; 31-1; 31-6; 31-7; subsections (b) and (c) of Section 21-1; paragraph (1) through (5), (8), (10), and (11) of subsection (a) of Section 24-1; (ii) a Class A misdemeanor violation of Section 3.01, 3.03-1, or 4.01 of the Humane Care for Animals Act; or (iii) felony. If the defendant is not barred from receiving an order for supervision as provided in this subsection, the court may enter an order for supervision after considering the circumstances of the offense, and the history, character and condition of the offender, if the court is of the opinion that:

(1) the offender is not likely to commit further crimes;

New matter indicated by italics - deletions by strikeout
(2) the defendant and the public would be best served if the defendant were not to receive a criminal record; and

(1) convicted for a violation of Section 11-501 of the Illinois Vehicle Code or a similar provision of a local ordinance or any similar law or ordinance of another state; or

The court shall consider the statement of the prosecuting authority with regard to the standards set forth in this Section.

e) The provisions of paragraph (c) shall not apply to a defendant charged with violating Section 16A-3 of the Criminal Code of 1961 if said defendant has within the last 5 years been:

Section 5. The Illinois Income Tax Act is amended by changing Section 213 as follows:

(35 ILCS 5/213)

Sec. 213. Film production services credit. For tax years beginning on or after January 1, 2004, a taxpayer who has been awarded a tax credit under the Film Production Services Tax Credit Act is entitled to a credit against the taxes imposed under subsections (a) and (b) of Section 201 of this Act in an amount determined by the Department of Commerce and Economic Opportunity Community Affairs under the Film Production Services Tax Credit Act. If the taxpayer is a partnership or Subchapter S corporation, the credit is allowed to the partners or shareholders in accordance with the determination of income and distributive share of income under Sections 702 and 704 and Subchapter S of the Internal Revenue Code.

A transfer of this credit may be made by the taxpayer earning the credit within one year after the credit is awarded in accordance with rules adopted by the Department of Commerce and Economic Opportunity.

The credit may not be carried forward or back. If the amount of the credit exceeds the tax liability for the year, the excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit year. The credit shall be applied to the earliest year for which there is a tax liability. If there are credits from more than one tax year that are available to offset a liability, the earlier credit shall be applied first. In no event shall a credit under this Section reduce the taxpayer's liability to less than zero.

Sec. 30. Review of application for accredited production certificate.

(a) In determining whether to issue an accredited production certificate, the Department must determine that a preponderance of the following conditions exist:

1. The applicant's production intends to make the expenditure in the State required for certification.

2. The applicant's production is economically sound and will benefit the people of the State of Illinois by increasing opportunities for employment and strengthen the economy of Illinois.

3. The applicant has filed a diversity plan with the Department outlining specific goals (i) for hiring minority persons and females, as defined in the Business Enterprise for Minorities, Females, and Persons with Disabilities Act, and (ii) for using vendors receiving certification under the Business Enterprise for Minorities, Females, and Persons with Disabilities Act; the Department has approved the plan as meeting the requirements established by the Department; and the Department has verified that the applicant has met or made good-faith efforts in achieving those goals. The Department must adopt any rules that are necessary to ensure compliance with the provisions of this item (3) and that are necessary to require that the applicant's plan reflects the diversity of this State. The applicant's production application includes a provision setting forth the percentage of minority workers that the production company plans to employ, subject to
any applicable collective bargaining agreements with a labor organization to which the applicant is a signatory, to perform work on the production. This provision should stress the importance of hiring the percentage of minorities that is set out in the application.

(4) The applicant's production application indicates whether the applicant intends to participate in training, education, and recruitment programs that are organized in cooperation with Illinois colleges and universities, labor organizations, and the motion picture industry and are designed to promote and encourage the training and hiring of Illinois residents who represent the diversity of the Illinois population.

(5) That, if not for the credit, the applicant's production would not occur in Illinois, which may be demonstrated by any means including, but not limited to, evidence that the applicant has multi-state or international location options and could reasonably and efficiently locate outside of the State, or demonstration that at least one other state or nation is being considered for the production, or evidence that the receipt of the credit is a major factor in the applicant's decision and that without the credit the applicant likely would not create or retain jobs in Illinois, or demonstration that receiving the credit is essential to the applicant's decision to create or retain new jobs in the State.

(6) Awarding the credit will result in an overall positive impact to the State, as determined by the Department using the best available data.

(b) If any of the provisions in this Section conflict with any existing collective bargaining agreements, the terms and conditions of those collective bargaining agreements shall control.

(b) At the end of each fiscal quarter, the Department must submit to the General Assembly a report that includes, without limitation, the following information:

1. the economic impact of the tax credit program, including the number of jobs created and retained, including whether the job positions are entry level, management, talent-related, vendor-related, or production-related;

AN ACT concerning families.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

(750 ILCS 50/18.04)
Sec. 18.04. The Illinois Adoption Registry and Medical Information Exchange; legislative intent. The General Assembly recognizes the importance of creating a procedure by which mutually consenting adult members of birth and adoptive families, adoptive parents and legal guardians of adopted and surrendered children, and adult adopted or surrendered persons may voluntarily exchange vital medical information throughout the life of the adopted or surrendered person. The General Assembly supports public policy that requires explicit mutual consent prior to the release of confidential information. The General Assembly further recognizes that it is in the best interest of adopted and surrendered persons that birth family medical histories and the preferences regarding contact of all parties to an adoption be compiled, preserved and provided to mutually consenting members of birth and adoptive families, adoptive parents and legal guardians of adopted or surrendered children and to adult adopted or surrendered persons and their birth parents and siblings. The purpose of this amendatory Act of 1999 is to respond to these concerns by enhancing the Adoption Registry and creating the voluntary Medical Information Exchange.

Sec. 18.3a. Confidential intermediary.
(a) General purposes. Notwithstanding any other provision of this Act, any adopted or surrendered person 21 years of age or over, any
adoptive parent or legal guardian of an adopted or surrendered person under the age of 21, or any birth parent of an adopted or surrendered person who is 21 years of age or over may petition the court in any county in the State of Illinois for appointment of a confidential intermediary as provided in this Section for the purpose of exchanging medical information with one or more mutually consenting biological relatives, obtaining identifying information about one or more mutually consenting biological relatives, or arranging contact with one or more mutually consenting biological relatives. Additionally, in cases where an adopted or surrendered person is deceased, an adult child of the adopted or surrendered person or his or her adoptive parents or surviving spouse may file a petition under this Section and in cases where the birth parent is deceased, an adult birth sibling of the adopted or surrendered person or of the deceased birth parent may file a petition under this Section for the purpose of exchanging medical information with one or more mutually consenting biological relatives of the adopted or surrendered person, obtaining identifying information about one or more mutually consenting biological relatives of the adopted or surrendered person, or arranging contact with one or more mutually consenting biological relatives of the adopted or surrendered person. Beginning January 1, 2006, any adopted or surrendered person 21 years of age or over; any adoptive parent or legal guardian of an adopted or surrendered person under the age of 21; any birth parent, birth sibling, birth aunt, or birth uncle of an adopted or surrendered person over the age of 21; any surviving child, adoptive parent, or surviving spouse of a deceased adopted or surrendered person who wishes to petition the court for the appointment of a confidential intermediary shall be required to accompany their petition with proof of registration with the Illinois Adoption Registry and Medical Information Exchange.

(b) Petition. Upon petition by an adopted or surrendered person 21 years of age or over, an adoptive parent or legal guardian of an adopted or surrendered person under the age of 21, or a birth parent of an adopted or surrendered person who is 21 years of age or over, the court shall appoint a confidential intermediary. Upon petition by an adult child, adoptive parent or surviving spouse of an adopted or surrendered person who is deceased, or by an adult birth sibling of an adopted or surrendered person whose common birth parent is deceased and whose adopted or surrendered birth sibling is 21 years of age or over, or by an adult sibling of a birth parent who is deceased, and whose surrendered child is 21 years of age or over, the court may appoint a confidential intermediary if the

court finds that the disclosure is of greater benefit than nondisclosure. The petition shall state which biological relative or relatives are being sought and shall indicate if the petitioner wants to do any one or more of the following: exchange medical information with the biological relative or relatives, obtain identifying information from the biological relative or relatives, or to arrange contact with the biological relative.

(c) Order. The order appointing the confidential intermediary shall allow that intermediary to conduct a search for the sought-after relative by accessing those records described in subsection (g) of this Section.

(d) Fees and expenses. The court shall condition the appointment of the confidential intermediary on the petitioner's payment of the intermediary's fees and expenses in advance of the commencement of the work of the confidential intermediary.

(e) Eligibility of intermediary. The court may appoint as confidential intermediary either an employee of the Illinois Department of Children and Family Services designated by the Department to serve as such, any other person certified by the Department of Children and Family Services as qualified to serve as a confidential intermediary, or any employee of a licensed child welfare agency certified by the agency as qualified to serve as a confidential intermediary. Certification shall be dependent upon the confidential intermediary completing a course of training including, but not limited to, applicable federal and State privacy laws.

(f) Confidential Intermediary Council. There shall be established under the Department of Children and Family Services a Confidential Intermediary Advisory Council. One member shall be an attorney representing the Attorney General's Office appointed by the Attorney General. One member shall be a currently certified confidential intermediary appointed by the Director of the Department of Children and Family Services. The Director shall also appoint 5 additional members. When making those appointments, the Director shall consider advocates for adopted persons, adoptive parents, birth parents, lawyers who represent clients in private adoptions, lawyers specializing in privacy law, and representatives of agencies involved in adoptions. The Director shall appoint one of the 7 members as the chairperson. An attorney from the Department of Children and Family Services and the person directly responsible for administering the confidential intermediary program shall serve as ex-officio, non-voting advisors to the Council. Council members shall serve at the discretion of the Director and shall receive no compensation other than reasonable expenses approved by the Director.

The Council shall meet no less than twice yearly, and shall make recommendations to the Director regarding the development of rules, procedures, and forms that will ensure efficient and effective operation of the confidential intermediary process, including:

1. Standards for certification for confidential intermediaries.
2. Oversight of methods used to verify that intermediaries are complying with the appropriate laws.
3. Training for confidential intermediaries, including training with respect to federal and State privacy laws.
4. The relationship between confidential intermediaries and the court system, including the development of sample orders defining the scope of the intermediaries' access to information.
5. Any recent violations of policy or procedures by confidential intermediaries and remedial steps, including decertification, to prevent future violations.

(g) Access. Subject to the limitations of subsection (i) of this Section, the confidential intermediary shall have access to vital records maintained by the Department of Public Health and its local designees for the maintenance of vital records and all records of the court or any adoption agency, public or private, as limited in this Section, which relate to the adoption or the identity and location of an adopted or surrendered person, of an adult child or surviving spouse of a deceased adopted or surrendered person, or of a birth parent, birth sibling, or the sibling of a deceased birth parent. The confidential intermediary shall not have access to any personal health information protected by the Standards for Privacy of Individually Identifiable Health Information adopted by the U.S. Department of Health and Human Services under the Health Insurance Portability and Accountability Act of 1996 unless the confidential intermediary has obtained written consent from the person whose information is being sought or, if that person is a minor child, that person's parent or guardian. Confidential intermediaries shall be authorized to inspect confidential relinquishment and adoption records. The confidential intermediary shall not be authorized to access medical records, financial records, credit records, banking records, home studies, attorney file records, or other personal records. In cases where a birth parent is being sought, an adoption agency shall inform the confidential intermediary of any statement filed pursuant to Section 18.3, hereinafter referred to as "the 18.3 statement", indicating a desire of the surrendering birth parent to have identifying information shared or to not have identifying information shared.

shared. If there was a clear statement of intent by the sought-after birth parent not to have identifying information shared, the confidential intermediary shall discontinue the search and inform the petitioning party of the sought-after relative's intent. Additional information provided to the confidential intermediary by an adoption agency shall be restricted to the full name, date of birth, place of birth, last known address, and last known telephone number of the sought-after relative or, if applicable, of the children or siblings of the sought-after relative, and the 18.3 statement.

(h) Adoption agency disclosure of medical information. If the petitioner is an adult adopted or surrendered person or the adoptive parent of a minor and if the petitioner has signed a written authorization to disclose personal medical information, an adoption agency disclosing information to a confidential intermediary shall disclose available medical information about the adopted or surrendered person from birth through adoption.

(i) Duties of confidential intermediary in conducting a search. In conducting a search under this Section, the confidential intermediary shall first confirm that there is no Denial of Information Exchange on file with the Illinois Adoption Registry. If the petitioner is an adult child of an adopted or surrendered person who is deceased, the confidential intermediary shall additionally confirm that the adopted or surrendered person did not file a Denial of Information Exchange with the Illinois Adoption Registry during his or her life. If the petitioner is an adult birth sibling of an adopted or surrendered person or an adult sibling of a birth parent who is deceased, the confidential intermediary shall additionally confirm that the birth parent did not file a Denial of Information Exchange with the Registry during his or her life. If the confidential intermediary learns that a sought-after birth parent signed a statement indicating his or her intent not to have identifying information shared, and did not later file an Information Exchange Authorization with the Adoption Registry, the confidential intermediary shall discontinue the search and inform the petitioning party of the birth parent's intent.

In conducting a search under this Section, the confidential intermediary shall attempt to locate the relative or relatives from whom the petitioner has requested information. If the sought-after relative is deceased or cannot be located after a diligent search, the confidential intermediary may contact other adult biological relatives of the sought-after relative.

The confidential intermediary shall contact a sought-after relative on behalf of the petitioner in a manner that respects the sought-after

New matter indicated by italics - deletions by strikeout
relative's privacy and shall inform the sought-after relative of the petitioner's request for medical information, identifying information or contact as stated in the petition. Based upon the terms of the petitioner's request, the confidential intermediary shall contact a sought-after relative on behalf of the petitioner and inform the sought-after relative of the following options:

1. The sought-after relative may totally reject one or all of the requests for medical information, identifying information or contact. The sought-after relative shall be informed that they can provide a medical questionnaire to be forwarded to the petitioner without releasing any identifying information. The confidential intermediary shall inform the petitioner of the sought-after relative's decision to reject the sharing of information or contact.

2. The sought-after relative may consent to completing a medical questionnaire only. In this case, the confidential intermediary shall provide the questionnaire and ask the sought-after relative to complete it. The confidential intermediary shall forward the completed questionnaire to the petitioner and inform the petitioner of the sought-after relative's desire to not provide any additional information.

3. The sought-after relative may communicate with the petitioner without having his or her identity disclosed. In this case, the confidential intermediary shall arrange the desired communication in a manner that protects the identity of the sought-after relative. The confidential intermediary shall inform the petitioner of the sought-after relative's decision to communicate but not disclose his or her identity.

4. The sought-after relative may consent to initiate contact with the petitioner. If both the petitioner and the sought-after relative or relatives are eligible to register with the Illinois Adoption Registry, the confidential intermediary shall provide the necessary application forms and request that the sought-after relative register with the Illinois Adoption Registry. If either the petitioner or the sought-after relative or relatives are ineligible to register with the Illinois Adoption Registry, the confidential intermediary shall obtain written consents from both parties that they wish to disclose their identities to each other and to have contact with each other.

(j) Oath. The confidential intermediary shall sign an oath of confidentiality substantially as follows: "I, ........., being duly sworn, on..."
oath depose and say: As a condition of appointment as a confidential intermediary, I affirm that:

(1) I will not disclose to the petitioner, directly or indirectly, any confidential information except in a manner consistent with the law.

(2) I recognize that violation of this oath subjects me to civil liability and to a potential finding of contempt of court.

...................................................
SUBSCRIBED AND SWORN to before me, a Notary Public, on (insert date)
...................................................

(k) Sanctions.

(1) Any confidential intermediary who improperly discloses confidential information identifying a sought-after relative shall be liable to the sought-after relative for damages and may also be found in contempt of court.

(2) Any person who learns a sought-after relative's identity, directly or indirectly, through the use of procedures provided in this Section and who improperly discloses information identifying the sought-after relative shall be liable to the sought-after relative for actual damages plus minimum punitive damages of $10,000.

(3) The Department shall fine any confidential intermediary who improperly discloses confidential information in violation of item (1) or (2) of this subsection (k) an amount up to $2,000 per improper disclosure. This fine does not affect civil liability under item (2) of this subsection (k). The Department shall deposit all fines and penalties collected under this Section into the Illinois Adoption Registry and Medical Information Fund.

(l) Death of person being sought. Notwithstanding any other provision of this Act, if the confidential intermediary discovers that the person being sought has died, he or she shall report this fact to the court, along with a copy of the death certificate.

(m) Any confidential information obtained by the confidential intermediary during the course of his or her search shall be kept strictly confidential and shall be used for the purpose of arranging contact between the petitioner and the sought-after birth relative. At the time the case is closed, all identifying information shall be returned to the court for inclusion in the impounded adoption file.

(n) If the petitioner is an adopted or surrendered person 21 years of age or over or the adoptive parent or legal guardian of an adopted or
surrendered person under the age of 21, any non-identifying information, as defined in Section 18.4, that is ascertained during the course of the search may be given in writing to the petitioner before the case is closed.

(o) Except as provided in subsection (k) of this Section, no liability shall accrue to the State, any State agency, any judge, any officer or employee of the court, any certified confidential intermediary, or any agency designated to oversee confidential intermediary services for acts, omissions, or efforts made in good faith within the scope of this Section.

AN ACT concerning education.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Section 14-7.02 as follows:

(105 ILCS 5/14-7.02) (from Ch. 122, par. 14-7.02)
Sec. 14-7.02. Children attending private schools, public out-of-state schools, public school residential facilities or private special education facilities. The General Assembly recognizes that non-public schools or special education facilities provide an important service in the educational system in Illinois.

If because of his or her disability the special education program of a district is unable to meet the needs of a child and the child attends a non-public school or special education facility, a public out-of-state school or a special education facility owned and operated by a county government unit that provides special educational services required by the child and is in compliance with the appropriate rules and regulations of the State Superintendent of Education, the school district in which the child is a resident shall pay the actual cost of tuition for special education and related services provided during the regular school term and during the summer school term if the child's educational needs so require, excluding

New matter indicated by italics - deletions by strikeout
room, board and transportation costs charged the child by that non-public school or special education facility, public out-of-state school or county special education facility, or $4,500 per year, whichever is less, and shall provide him any necessary transportation. "Nonpublic special education facility" shall include a residential facility, within or without the State of Illinois, which provides special education and related services to meet the needs of the child by utilizing private schools or public schools, whether located on the site or off the site of the residential facility.

The State Board of Education shall promulgate rules and regulations for determining when placement in a private special education facility is appropriate. Such rules and regulations shall take into account the various types of services needed by a child and the availability of such services to the particular child in the public school. In developing these rules and regulations the State Board of Education shall consult with the Advisory Council on Education of Children with Disabilities and hold public hearings to secure recommendations from parents, school personnel, and others concerned about this matter.

The State Board of Education shall also promulgate rules and regulations for transportation to and from a residential school. Transportation to and from home to a residential school more than once each school term shall be subject to prior approval by the State Superintendent in accordance with the rules and regulations of the State Board.

A school district making tuition payments pursuant to this Section is eligible for reimbursement from the State for the amount of such payments actually made in excess of the district per capita tuition charge for students not receiving special education services. Such reimbursement shall be approved in accordance with Section 14-12.01 and each district shall file its claims, computed in accordance with rules prescribed by the State Board of Education, on forms prescribed by the State Superintendent of Education. Data used as a basis of reimbursement claims shall be for the preceding regular school term and summer school term. Each school district shall transmit its claims to the State Board of Education on or before August 15. The State Board of Education, before approving any such claims, shall determine their accuracy and whether they are based upon services and facilities provided under approved programs. Upon approval the State Board shall cause vouchers to be prepared showing the amount due for payment of reimbursement claims to school districts, for transmittal to the State Comptroller on the 30th day of September, December, and March, respectively, and the final voucher, no later than

New matter indicated by italics - deletions by strikeout
June 20. If the money appropriated by the General Assembly for such purpose for any year is insufficient, it shall be apportioned on the basis of the claims approved.

No child shall be placed in a special education program pursuant to this Section if the tuition cost for special education and related services increases more than 10 percent over the tuition cost for the previous school year or exceeds $4,500 per year unless such costs have been approved by the Illinois Purchased Care Review Board. The Illinois Purchased Care Review Board shall consist of the following persons, or their designees: the Directors of Children and Family Services, Public Health, Public Aid, and the Governor's Office of Management and Budget; the Secretary of Human Services; the State Superintendent of Education; and such other persons as the Governor may designate. The Review Board shall establish rules and regulations for its determination of allowable costs and payments made by local school districts for special education, room and board, and other related services provided by non-public schools or special education facilities and shall establish uniform standards and criteria which it shall follow.

The Review Board shall establish uniform definitions and criteria for accounting separately by special education, room and board and other related services costs. The Board shall also establish guidelines for the coordination of services and financial assistance provided by all State agencies to assure that no otherwise qualified disabled child receiving services under Article 14 shall be excluded from participation in, be denied the benefits of or be subjected to discrimination under any program or activity provided by any State agency.

The Review Board shall review the costs for special education and related services provided by non-public schools or special education facilities and shall approve or disapprove such facilities in accordance with the rules and regulations established by it with respect to allowable costs.

The State Board of Education shall provide administrative and staff support for the Review Board as deemed reasonable by the State Superintendent of Education. This support shall not include travel expenses or other compensation for any Review Board member other than the State Superintendent of Education.

The Review Board shall seek the advice of the Advisory Council on Education of Children with Disabilities on the rules and regulations to be promulgated by it relative to providing special education services.

If a child has been placed in a program in which the actual per pupil costs of tuition for special education and related services based on

New matter indicated by italics - deletions by strikeout
program enrollment, excluding room, board and transportation costs, exceed $4,500 and such costs have been approved by the Review Board, the district shall pay such total costs which exceed $4,500. A district making such tuition payments in excess of $4,500 pursuant to this Section shall be responsible for an amount in excess of $4,500 equal to the district per capita tuition charge and shall be eligible for reimbursement from the State for the amount of such payments actually made in excess of the districts per capita tuition charge for students not receiving special education services.

If a child has been placed in an approved individual program and the tuition costs including room and board costs have been approved by the Review Board, then such room and board costs shall be paid by the appropriate State agency subject to the provisions of Section 14-8.01 of this Act. Room and board costs not provided by a State agency other than the State Board of Education shall be provided by the State Board of Education on a current basis. In no event, however, shall the State's liability for funding of these tuition costs begin until after the legal obligations of third party payors have been subtracted from such costs. If the money appropriated by the General Assembly for such purpose for any year is insufficient, it shall be apportioned on the basis of the claims approved. Each district shall submit estimated claims to the State Superintendent of Education. Upon approval of such claims, the State Superintendent of Education shall direct the State Comptroller to make payments on a monthly basis. The frequency for submitting estimated claims and the method of determining payment shall be prescribed in rules and regulations adopted by the State Board of Education. Such current state reimbursement shall be reduced by an amount equal to the proceeds which the child or child's parents are eligible to receive under any public or private insurance or assistance program. Nothing in this Section shall be construed as relieving an insurer or similar third party from an otherwise valid obligation to provide or to pay for services provided to a disabled child.

If it otherwise qualifies, a school district is eligible for the transportation reimbursement under Section 14-13.01 and for the reimbursement of tuition payments under this Section whether the non-public school or special education facility, public out-of-state school or county special education facility, attended by a child who resides in that district and requires special educational services, is within or outside of the State of Illinois. However, a district is not eligible to claim transportation reimbursement under this Section unless the district certifies

New matter indicated by italics - deletions by strikeout
to the State Superintendent of Education that the district is unable to provide special educational services required by the child for the current school year.

Nothing in this Section authorizes the reimbursement of a school district for the amount paid for tuition of a child attending a non-public school or special education facility, public out-of-state school or county special education facility unless the school district certifies to the State Superintendent of Education that the special education program of that district is unable to meet the needs of that child because of his disability and the State Superintendent of Education finds that the school district is in substantial compliance with Section 14-4.01. However, if a child is unilaterally placed by a State agency or any court in a non-public school or special education facility, public out-of-state school, or county special education facility, a school district shall not be required to certify to the State Superintendent of Education, for the purpose of tuition reimbursement, that the special education program of that district is unable to meet the needs of a child because of his or her disability.

Any educational or related services provided, pursuant to this Section in a non-public school or special education facility or a special education facility owned and operated by a county government unit shall be at no cost to the parent or guardian of the child. However, current law and practices relative to contributions by parents or guardians for costs other than educational or related services are not affected by this amendatory Act of 1978.

Reimbursement for children attending public school residential facilities shall be made in accordance with the provisions of this Section.

Notwithstanding any other provision of law, any school district receiving a payment under this Section or under Section 14-7.02b, 14-13.01, or 29-5 of this Code may classify all or a portion of the funds that it receives in a particular fiscal year or from general State aid pursuant to Section 18-8.05 of this Code as funds received in connection with any funding program for which it is entitled to receive funds from the State in that fiscal year (including, without limitation, any funding program referenced in this Section), regardless of the source or timing of the receipt. The district may not classify more funds as funds received in connection with the funding program than the district is entitled to receive in that fiscal year for that program. Any classification by a district must be made by a resolution of its board of education. The resolution must identify the amount of any payments or general State aid to be classified under this paragraph and must specify the funding program to which the

New matter indicated by italics - deletions by strikeout
funds are to be treated as received in connection therewith. This resolution is controlling as to the classification of funds referenced therein. A certified copy of the resolution must be sent to the State Superintendent of Education. The resolution shall still take effect even though a copy of the resolution has not been sent to the State Superintendent of Education in a timely manner. No classification under this paragraph by a district shall affect the total amount or timing of money the district is entitled to receive under this Code. No classification under this paragraph by a district shall in any way relieve the district from or affect any requirements that otherwise would apply with respect to that funding program, including any accounting of funds by source, reporting expenditures by original source and purpose, reporting requirements, or requirements of providing services.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Sections 2-3.25g and 27-6 as follows:

(105 ILCS 5/2-3.25g) (from Ch. 122, par. 2-3.25g)
Sec. 2-3.25g. Waiver or modification of mandates within the School Code and administrative rules and regulations.

(a) In this Section:

"Board" means a school board or the governing board or administrative district, as the case may be, for a joint agreement.

"Eligible applicant" means a school district, joint agreement made up of school districts, or regional superintendent of schools on behalf of schools and programs operated by the regional office of education.

"State Board" means the State Board of Education.

(b) Notwithstanding any other provisions of this School Code or any other law of this State to the contrary, eligible applicants may petition the State Board of Education for the waiver or modification of the mandates of this School Code or of the administrative rules and regulations promulgated by the State Board of Education. Waivers or modifications of administrative rules and regulations and modifications of mandates of this School Code may be requested when an eligible applicant demonstrates that it can address the intent of the rule or mandate in a more effective, efficient, or economical manner or when necessary to stimulate innovation or improve student performance. Waivers of mandates of the School Code may be requested when the waivers are necessary to stimulate innovation or improve student performance. Waivers may not be requested from laws, rules, and regulations pertaining to special education, teacher certification, or teacher tenure and seniority or from compliance with the No Child Left Behind Act of 2001 (Public Law 107-110).

(c) Eligible applicants, as a matter of inherent managerial policy, and any Independent Authority established under Section 2-3.25f may submit an application for a waiver or modification authorized under this Section. Each application must include a written request by the eligible applicant or Independent Authority and must demonstrate that the intent of the mandate can be addressed in a more effective, efficient, or economical
manner or be based upon a specific plan for improved student performance and school improvement. Any eligible applicant requesting a waiver or modification for the reason that intent of the mandate can be addressed in a more economical manner shall include in the application a fiscal analysis showing current expenditures on the mandate and projected savings resulting from the waiver or modification. Applications and plans developed by eligible applicants must be approved by the board or regional superintendent of schools applying on behalf of schools or programs operated by the regional office of education following a public hearing on the application and plan and the opportunity for the board or regional superintendent to hear testimony from educators directly involved in its implementation, parents, and students. If the applicant is a school district or joint agreement, the public hearing shall be held on a day other than the day on which a regular meeting of the board is held. If the applicant is a school district, the public hearing must be preceded by at least one published notice occurring at least 7 days prior to the hearing in a newspaper of general circulation within the school district that sets forth the time, date, place, and general subject matter of the hearing. If the applicant is a joint agreement or regional superintendent, the public hearing must be preceded by at least one published notice (setting forth the time, date, place, and general subject matter of the hearing) occurring at least 7 days prior to the hearing in a newspaper of general circulation in each school district that is a member of the joint agreement or that is served by the educational service region, provided that a notice appearing in a newspaper generally circulated in more than one school district shall be deemed to fulfill this requirement with respect to all of the affected districts. The eligible applicant must notify in writing the affected exclusive collective bargaining agent and those State legislators representing the eligible applicant's territory of its intent to seek approval of a waiver or modification and of the hearing to be held to take testimony from educators. The affected exclusive collective bargaining agents shall be notified of such public hearing at least 7 days prior to the date of the hearing and shall be allowed to attend such public hearing. The eligible applicant shall attest to compliance with all of the notification and procedural requirements set forth in this Section.

(d) A request for a waiver or modification of administrative rules and regulations or for a modification of mandates contained in this School Code shall be submitted to the State Board of Education within 15 days after approval by the board or regional superintendent of schools. The application as submitted to the State Board of Education shall include a

description of the public hearing. Following receipt of the request, the State Board shall have 45 days to review the application and request. If the State Board fails to disapprove the application within that 45 day period, the waiver or modification shall be deemed granted. The State Board may disapprove any request if it is not based upon sound educational practices, endangers the health or safety of students or staff, compromises equal opportunities for learning, or fails to demonstrate that the intent of the rule or mandate can be addressed in a more effective, efficient, or economical manner or have improved student performance as a primary goal. Any request disapproved by the State Board may be appealed to the General Assembly by the eligible applicant as outlined in this Section.

A request for a waiver from mandates contained in this School Code shall be submitted to the State Board within 15 days after approval by the board or regional superintendent of schools. The application as submitted to the State Board of Education shall include a description of the public hearing. The description shall include, but need not be limited to, the means of notice, the number of people in attendance, the number of people who spoke as proponents or opponents of the waiver, a brief description of their comments, and whether there were any written statements submitted. The State Board shall review the applications and requests for completeness and shall compile the requests in reports to be filed with the General Assembly. The State Board shall file reports outlining the waivers requested by eligible applicants and appeals by eligible applicants of requests disapproved by the State Board with the Senate and the House of Representatives before each March May 1 and October 1. The General Assembly may disapprove the report of the State Board in whole or in part within 60 30 calendar days after each house of the General Assembly next convenes after the report is filed by adoption of a resolution by a record vote of the majority of members elected in each house. If the General Assembly fails to disapprove any waiver request or appealed request within such 60 30 day period, the waiver or modification shall be deemed granted. Any resolution adopted by the General Assembly disapproving a report of the State Board in whole or in part shall be binding on the State Board.

(e) An approved waiver or modification may remain in effect for a period not to exceed 5 school years and may be renewed upon application by the eligible applicant. However, such waiver or modification may be changed within that 5-year period by a board or regional superintendent of schools applying on behalf of schools or programs operated by the regional office of education following the procedure as set forth in this Section for

the initial waiver or modification request. If neither the State Board of Education nor the General Assembly disapproves, the change is deemed granted.

(f) On or before February 1, 1998, and each year thereafter, the State Board of Education shall submit a cumulative report summarizing all types of waivers of mandates and modifications of mandates granted by the State Board or the General Assembly. The report shall identify the topic of the waiver along with the number and percentage of eligible applicants for which the waiver has been granted. The report shall also include any recommendations from the State Board regarding the repeal or modification of waived mandates.

New matter indicated by italics - deletions by strikeout

In addition, the State pledges to and agrees with the holders of the bonds and notes of the Authority issued pursuant to this Section that the State will not limit or alter the basis on which State funds are to be paid to the Authority as provided in this Act, or the use of such funds, so as to impair the terms of any such contract. The Authority is authorized to include these pledges and agreements of the State in any contract with the holders of bonds or notes issued pursuant to this Section.

(h) Not less than 30 days prior to the commitment to issue bonds, notes, or other evidences of indebtedness for the purpose of developing, constructing, acquiring, or improving housing or residential projects, as defined in this Act, the Authority shall provide notice to the Executive Director of the Illinois Housing Development Authority. Within 30 days after the notice is provided, the Illinois Housing Development Authority shall, in writing, either express interest in financing the project or notify the Authority that it is not interested in providing financing and that the Authority may finance the project or seek alternative financing.

Section 40. Bonds and notes; exemption from taxation. The creation of the Authority is in all respects for the benefit of the people of Illinois and for the improvement of their health, safety, welfare, comfort, and security, and its purposes are public purposes. In consideration thereof, the notes and bonds of the Authority issued pursuant to this Act and the income from these notes and bonds may be free from all taxation by the State or its political subdivisions, exempt from estate, transfer, and inheritance taxes. The exemption from taxation provided by the preceding sentence shall apply to the income on any notes or bonds of the Authority only if the Authority in its sole judgment determines that the exemption enhances the marketability of the bonds or notes or reduces the interest rates that would otherwise be borne by the bonds or notes. For purposes of Section 250 of the Illinois Income Tax Act, the exemption of the Authority shall terminate after all of the bonds have been paid. The amount of such income that shall be added and then subtracted on the Illinois income tax return of a taxpayer, subject to Section 203 of the Illinois Income Tax Act, from federal adjusted gross income or federal taxable income in computing Illinois base income shall be the interest net of any bond premium amortization.

Sec. 21-1a. Tests required for certification and teacher preparation.

A person who holds a valid and comparable out-of-state certificate, however, is not required to take a test of basic skills and is not required to take a test of subject matter knowledge, provided that the person has successfully passed a test of subject matter knowledge in another state or territory of the United States that is directly related in content to the specific subject area of certification. The tests of basic skills and subject matter knowledge shall be the tests which from time to time are designated by the State Board of Education in consultation with the State Teacher Certification Board and may be tests prepared by an

educational testing organization or tests designed by the State Board of Education in consultation with the State Teacher Certification Board. The areas to be covered by the test of basic skills shall include the basic skills of reading, writing, grammar and mathematics. The test of subject matter knowledge shall assess content knowledge in the specific subject field. The tests shall be designed to be racially neutral to assure that no person in taking the tests is thereby discriminated against on the basis of race, color, national origin or other factors unrelated to the person's ability to perform as a certificated employee. The score required to pass the tests of basic skills and subject matter knowledge shall be fixed by the State Board of Education in consultation with the State Teacher Certification Board. The tests shall be held not fewer than 3 times a year at such time and place as may be designated by the State Board of Education in consultation with the State Teacher Certification Board.

(b) Except as provided in Section 34-6, the provisions of subsection (a) of this Section shall apply equally in any school district subject to Article 34, provided that the State Board of Education shall determine which certificates issued under Sections 34-8.1 and 34-83 prior to July 1, 1988 are comparable to any early childhood certificate, elementary school certificate, special certificate, high school certificate, school service personnel certificate or administrative certificate issued under this Article as of July 1, 1988.

(c) A person who holds an early childhood, elementary, special, high school or school service personnel certificate issued under this Article on or at any time before July 1, 1988, including a person who has been issued any such certificate pursuant to Section 21-11.1 or in exchange for a comparable certificate theretofore issued under Section 34-8.1 or Section 34-83, shall not be required to take or pass the tests in order to thereafter have such certificate renewed.

(d) The State Board of Education in consultation with the State Teacher Certification Board shall conduct a pilot administration of the tests by administering the test to students completing teacher education programs in the 1986-87 school year for the purpose of determining the effect and impact of testing candidates for certification.

Beginning with the 2002-2003 academic year, a student may not enroll in a teacher preparation program at a recognized teacher training institution until he or she has passed the basic skills test.

Beginning on the effective date of this amendatory Act of the 94th General Assembly, prior to completing an approved teacher preparation program, a preservice education candidate must satisfactorily pass the
test of subject matter knowledge in the discipline in which he or she will be certified to teach. The teacher preparation program may require passage of the test of subject matter knowledge at any time during the program, including prior to student teaching. Beginning with the 2004-2005 academic year, a preservice education teacher may not student teach until he or she has passed the subject matter test in the discipline in which he or she will student teach.

(e) The rules and regulations developed to implement the required test of basic skills and subject matter knowledge shall include the requirements of subsections (a), (b), and (c) and shall include specific regulations to govern test selection; test validation and determination of a passing score; administration of the tests; frequency of administration; applicant fees; frequency of applicants' taking the tests; the years for which a score is valid; and, waiving certain additional tests for additional certificates to individuals who have satisfactorily passed the test of basic skills and subject matter knowledge as required in subsection (a). The State Board of Education shall provide, by rule, specific policies that assure uniformity in the difficulty level of each form of the basic skills test and each subject matter knowledge test from test-to-test and year-to-year. The State Board of Education shall also set a passing score for the tests.

(f) The State Teacher Certification Board may issue a nonrenewable temporary certificate between July 1, 1988 and August 31, 1988 to individuals who have taken the tests of basic skills and subject matter knowledge prescribed by this Section but have not received such test scores by August 31, 1988. Such temporary certificates shall expire on December 31, 1988.

(g) Beginning February 15, 2000, the State Board of Education, in consultation with the State Teacher Certification Board, shall implement and administer a new system of certification for teachers in the State of Illinois. The State Board of Education, in consultation with the State Teacher Certification Board, shall design and implement a system of examinations and various other criteria which shall be required prior to the issuance of Initial Teaching Certificates and Standard Teaching Certificates. These examinations and indicators shall be based on national and State professional teaching standards, as determined by the State Board of Education, in consultation with the State Teacher Certification Board. The State Board of Education may adopt any and all regulations necessary to implement and administer this Section.

AN ACT concerning education.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Educational Labor Relations Act is amended by changing Section 11 as follows:

(115 ILCS 5/11) (from Ch. 48, par. 1711)

Sec. 11. Non-member fair share payments. When a collective bargaining agreement is entered into with an exclusive representative, it may include a provision requiring employees covered by the agreement who are not members of the organization to pay to the organization a fair share fee for services rendered. The exclusive representative shall certify to the employer an amount not to exceed the dues uniformly required of members which shall constitute each non member employee's fair share fee. The fair share fee payment shall be deducted by the employer from the earnings of the non member employees and paid to the exclusive representative.

The amount certified by the exclusive representative shall not include any fees for contributions related to the election or support of any candidate for political office. Nothing in this Section shall preclude the non member employee from making voluntary political contributions in conjunction with his or her fair share payment.

If a collective bargaining agreement that includes a fair share clause expires or continues in effect beyond its scheduled expiration date pending the negotiation of a successor agreement, then the employer shall continue to honor and abide by the fair share clause until a new agreement that includes a fair share clause is reached. Failure to honor and abide by the fair share clause for the benefit of any exclusive representative as set forth in this paragraph shall be a violation of the duty to bargain and an unfair labor practice.

Agreements containing a fair share agreement must safeguard the right of non-association of employees based upon bonafide religious tenets or teaching of a church or religious body of which such employees are members. Such employees may be required to pay an amount equal to their proportionate share, determined under a proportionate share agreement, to a non-religious charitable organization mutually agreed upon by the employees affected and the exclusive representative to which such employees would otherwise pay such fee. If the affected employees and the exclusive representative are unable to reach an agreement on the matter, the Illinois Educational Labor Relations Board may establish an approved list of charitable organizations to which such payments may be made.

New matter indicated by italics - deletions by strikeout
The Board shall by rule require that in cases where an employee files an objection to the amount of the fair share fee, the employer shall continue to deduct the employee's fair share fee from the employee's pay, but shall transmit the fee, or some portion thereof, to the Board for deposit in an escrow account maintained by the Board; provided, however, that if the exclusive representative maintains an escrow account for the purpose of holding fair share fees to which an employee has objected, the employer shall transmit the entire fair share fee to the exclusive representative, and the exclusive representative shall hold in escrow that portion of the fee that the employer would otherwise have been required to transmit to the Board for escrow, provided that the escrow account maintained by the exclusive representative complies with rules to be promulgated by the Board within 30 days of the effective date of this amendatory Act of 1989 or that the collective bargaining agreement requiring the payment of the fair share fee contains an indemnification provision for the purpose of indemnifying the employer with respect to the employer's transmission of fair share fees to the exclusive representative.

Section 5. The Grain Code is amended by changing Section 10-25 as follows:

(240 ILCS 40/10-25)

New matter indicated by italics - deletions by strikeout
Sec. 10-25. Warehouse receipts and storage of grain.

(a) When grain is delivered to a warehouseman at a location where grain is also purchased, the licensee shall give written evidence of delivery of grain and that written evidence shall be marked to indicate whether the grain is delivered for storage or for sale. In the absence of adequate evidence of sale, the grain shall be construed to be in storage.

(b) Upon demand by a depositor, a warehouseman shall issue warehouse receipts for grain delivered into storage.

(c) There shall be no charge for the first warehouse receipt issued to a depositor for a given lot of grain. Charges for any additional warehouse receipts for grain previously covered by a warehouse receipt must be commensurate with the cost of issuance of the additional warehouse receipt.

(d) A warehouseman shall issue warehouse receipts only in accordance with the following requirements:

1. Warehouse receipts shall be consecutively numbered in a form prescribed by the Department and issued consecutively by the warehouseman.

2. In the case of a lost or destroyed warehouse receipt, the new warehouse receipt shall bear the same date as the original and shall be plainly marked on its face "duplicate in lieu of lost or destroyed warehouse receipt number .......", and the warehouseman shall duly fill in the blank with the appropriate warehouse receipt number.

3. Warehouse receipts shall be printed by a person authorized by the Department. The person shall register with the Department and pay an annual registration fee of $100 to print warehouse receipts.

4. Negotiable warehouse receipts shall be issued only for grain actually in storage with the warehouseman from which it is issued or redeposited by that warehouseman as provided in subsection (e) of Section 10-20.

5. A warehouseman shall not insert in any negotiable warehouse receipt issued by it any language that in any way limits or modifies its liability or responsibility.

(e) Upon delivery of grain covered by a negotiable warehouse receipt, the holder of the negotiable warehouse receipt must surrender the warehouse receipt for cancellation, and a warehouseman must cancel and issue a new negotiable warehouse receipt for the balance of grain in storage.

New matter indicated by italics - deletions by strikeout
(f) When all grain, the storage of which is evidenced by a warehouse receipt, is delivered from storage, the warehouse receipt shall be plainly marked across its face with the word "cancelled" and shall have written on it the date of cancellation, the name of the person canceling the warehouse receipt, and such other information as required by rule, and is thereafter void.

(g) When a warehouseman delivers grain out of storage but fails to collect and cancel the negotiable warehouse receipt, the warehouseman shall be liable to any purchaser of the negotiable warehouse receipt for value in good faith for failure to deliver the grain to the purchaser, whether the purchaser acquired the negotiable warehouse receipt before or after the delivery of the grain by the warehouseman. If, however, grain has been lawfully sold by a warehouseman to satisfy its warehouseman's lien, the warehouseman shall not be liable for failure to deliver the grain pursuant to the demands of a holder of a negotiable warehouse receipt to the extent of the amount of grain sold.

(h) Except as otherwise provided by this Code or other applicable law, a warehouseman shall deliver the grain upon demand made by the holder of a warehouse receipt pertaining to that grain if the demand is accompanied by:

   (1) satisfaction of the warehouseman's lien;
   (2) in the case of a negotiable warehouse receipt, a properly endorsed negotiable warehouse receipt; or
   (3) in the case of a non-negotiable warehouse receipt, written evidence that the grain was delivered to the warehouseman and that the depositor is entitled to it.

(i) If no warehouse receipt is issued to a depositor, a warehouseman shall deliver grain upon the demand of a depositor if the demand is accompanied by satisfaction of the warehouseman's lien and written evidence that the grain was delivered to the warehouseman and the depositor is entitled to it.

(j) If a warehouseman refuses or fails to deliver grain in compliance with a demand by a holder of a warehouse receipt or a depositor, the burden is on the warehouseman to establish the existence of a lawful excuse for the refusal.

(k) If a warehouse receipt has been lost or destroyed, a warehouseman may issue a substitute warehouse receipt, as provided for in this Section, upon delivery to the warehouseman of an affidavit under oath stating that the applicant for the substitute warehouse receipt is entitled to the original warehouse receipt and setting forth the circumstances that

New matter indicated by italics - deletions by strikeout
resulted in the loss or destruction of the original warehouse receipt. The warehouseman may request from the depositor a bond in double the value of the grain represented by the original warehouse receipt at the time of issuance of the substitute warehouse receipt so as to protect the warehouseman from any liability or expense that it, or any person injured by the delivery, may incur by reason of the original warehouse receipt remaining outstanding.

(i) A warehouse receipt that is to be used for collateral purposes by a warehouseman must be first issued by the warehouseman to itself.

(m) The Department shall approve temporary storage space in an amount to be determined by the Department if all the following conditions are met:

1. The warehouseman pays all fees and assessments associated with the temporary storage space.
2. The warehouseman demonstrates that there is a need for additional storage on a temporary basis due to a bumper crop or otherwise.
3. The structure for the storage of grain meets all of the following requirements:
   A. The grain storage area has a permanent base made of concrete, asphalt, or a material having similar structural qualities.
   B. Hot spot detectors, aeration fans, and ducts are provided to assure that the quality of grain in storage is maintained.
   C. The grain storage structure has rigid sidewalls made of concrete, wood, metal, or a material having similar structural qualities.
   D. The grain storage structure is equipped with a waterproof covering of sufficient strength to support a person's weight and with inlets to allow airflow.
   E. Access to the grain is provided for the purpose of sampling and making examinations.
4. Temporary storage space shall be considered an increase in the licensed storage capacity of the licensee and shall be subject to Section 5-30.
5. The authorization to use temporary storage space for the storage of grain shall expire at the end of 6 months after the date of approval by the Department or May 15th, whichever comes first.

New matter indicated by italics - deletions by strikeout
(n) The Department may approve emergency storage space at the request of the licensee according to rule.

(o) The issuance and transfer of the warehouse receipts in electronic form pursuant to rules promulgated by the Department are specifically authorized by this Code, and any such warehouse receipts shall have the same validity and enforceability, for all purposes, as those in non-electrical form. For purposes of this Code, the words "written" and "printed", and derivatives thereof, when used in relation to warehouse receipts, shall include warehouse receipts created or displayed electronically.

The employment of a teacher transferred from one board or administrative agent to the control of a new or different board or administrative agent shall be considered continuous employment if such transfer of employment occurred by reason of any of the following events:  

(1) a boundary change or the creation or reorganization of any school district pursuant to Article 7, 7A, 11A or 11B; or  
(2) the deactivation or reactivation of any high school or elementary school pursuant to Section 10-22.22b; or

Sec. 10-22.22. Transportation for pupils-Tuition.

New matter indicated by italics - deletions by strikeout
To provide free transportation for pupils, and where in its judgment
the interests of the district and of the pupils therein will be best subserved
by so doing the school board may permit the pupils in the district or in any
particular grade to attend the schools of other districts and may permit any
pupil to attend an area secondary vocational school operated by a public
school district or a public or non-public vocational school within the State
of Illinois or adjacent states approved by the Board of Vocational
Education, and may provide free transportation for such pupils and shall
pay the tuition of such pupils in the schools attended; such tuition shall be
based upon per capita cost computed in the following manner: The cost of
conducting and maintaining any area secondary vocational school facility
shall be first determined and shall include the following expenses
applicable only to such educational facility under rules and regulations
established by the Board of Vocational Education and Rehabilitation as
follows:

a. Salaries of teachers, vocational counselors, and supporting
professional workers, necessary non-certified workers, clerks, custodial
employees, and any district taxes specifically for their pension and
retirement benefits.

b. Equipment and supplies necessary for program operation.

c. Administrative costs.

d. Operation of physical plant, including heat, light, water, repairs,
and maintenance.

e. Auxiliary service, not including any transportation cost.

From such total cost thus determined there shall be deducted the
State reimbursement due on account of such educational facility for the
same year, not including any State reimbursement for area secondary
vocational school transportation. Such net cost shall be divided by the
average number of pupils in average daily attendance in such area
secondary vocational school facility for the school year in order to arrive at
the net per capita tuition cost. Such costs shall be computed on pupils
regularly enrolled in an area secondary vocational school on the basis of
one-sixth day for every class hour attended pursuant to such enrollment.
Provided, that the board subject to the approval of the county
superintendent of schools may determine what schools outside of their
district such pupils shall attend. This section does not require the board of
directors or board of education of any district to admit pupils from another
district. Notwithstanding any provisions in this section every school board
shall maintain an elementary school within the district.

Sec. 10-22.22b. (a) The provisions of this subsection shall not apply to the deactivation of a high school facility under subsection (c). Where in its judgment the interests of the district and of the students therein will be best served, to deactivate any high school facility or elementary school facility in the district and send the students of such high school in grades 9 through 12 or such elementary school in grades kindergarten through 8, as applicable, to schools in other districts. Such action may be taken only with the approval of the voters in the district and the approval, by proper resolution, of the school board of the receiving district. The board of the district contemplating deactivation shall, by proper resolution, cause the proposition to deactivate the high school facility to be submitted to the voters of the district at a regularly scheduled election. Notice shall be published at least 10 days prior to the date of the election at least once in one or more newspapers published in the district or, if no newspaper is published in the district, in one or more newspapers with a general circulation within the district. The notice shall be substantially in the following form:

If the majority of those voting upon the proposition in the district
contemplating deactivation vote in favor of the proposition, the board of
that district, upon approval of the board of the receiving district, shall
execute a contract with the receiving district providing for the
reassignment of students to the receiving district. If the deactivating
district seeks to send its students to more than one district, it shall execute
a contract with each receiving district. The length of the contract shall be
for 2 school years, but the districts may renew the contract for additional
one year or 2 year periods. Contract renewals shall be executed by January
1 of the year in which the existing contract expires. If the majority of those
voting upon the proposition do not vote in favor of the proposition, the
school facility may not be deactivated.

The sending district shall pay to the receiving district an amount
agreed upon by the 2 districts.

When the deactivation of high school facilities becomes effective
pursuant to this Section, the provisions of Section 24-12 relative to the
contractual continued service status of teachers having contractual
continued service whose positions are transferred from one board to the
control of a different board shall apply, and the positions at the high school
facilities being deactivated held by teachers, as that term is defined in
Section 24-11, having contractual continued service with the school
district at the time of the deactivation shall be transferred to the control of
the board or boards who shall be receiving the district's high school
students on the following basis:

(1) positions of such teachers in contractual continued
service that were full time positions shall be transferred to the
control of whichever of such boards such teachers shall request
with the teachers making such requests proceeding in the order of
those with the greatest length of continuing service with the board
to those with the shortest length of continuing service with the
board, provided that the number selecting one board over another
board or other boards shall not exceed that proportion of the high
school students going to such board or boards; and

(2) positions of such teachers in contractual continued
service that were full time positions and as to which there is no
selection left under subparagraph 1 hereof shall be transferred to
the appropriate board.

New matter indicated by italics - deletions by strikeout
The contractual continued service status of any teacher thereby transferred to another district is not lost and the receiving board is subject to the School Code with respect to such transferred teacher in the same manner as if such teacher was the district's employee during the time such teacher was actually employed by the board of the deactivating district from which the position was transferred.

(b) The provisions of this subsection shall not apply to the reactivation of a high school facility which is deactivated under subsection (c). The sending district may, with the approval of the voters in the district, reactivate the high school facility which was deactivated. The board of the district seeking to reactivate the school facility shall, by proper resolution, cause the proposition to reactivate to be submitted to the voters of the district at a regularly scheduled election. Notice shall be published at least 10 days prior to the date of the election at least once in one or more newspapers published in the district or, if no newspaper is published in the district, in one or more newspapers with a general circulation within the district. (c) The school board of any unit school district which experienced a strike by a majority of its certified employees that endured for over 6 months during the regular school term of the 1986-1987 school year, and which during the ensuing 1987-1988 school year had an enrollment in grades 9 through 12 of less than 125 students may, when in its judgment the interests of the district and of the students therein will be best served thereby, deactivate the high school facilities within the district for the regular term of the 1988-1989 school year and, for that school year only, send the students of such high school in grades 9 through 12 to schools in adjoining or adjacent districts. Such action may only be taken: (a) by proper resolution of the school board deactivating its high school facilities and the approval, by proper resolution, of the school board of the receiving district or districts, and (b) pursuant to a contract between the sending and each receiving district, which contract or contracts: (i) shall provide for the reassignment of all students of the deactivated high school in grades 9 through 12 to the receiving district or districts; (ii) shall apply only to the regular school term of the 1988-1989 school year; (iii) shall not be subject to renewal or extension; and (iv) shall require the sending district to pay to the receiving district the cost of educating each student who is reassigned to the receiving district, such costs to be an amount agreed upon by the sending and receiving district but not less than the per capita cost of maintaining the high school in the receiving district during the 1987-1988 school year. Any high school facility deactivated pursuant to this subsection for the regular school term of the 1988-1989 school year shall be reactivated by operation of law as of the end of the regular term of the 1988-1989 school year. The status as a unit school district of a district which deactivates its high school facilities pursuant to this subsection shall not be affected by reason of such deactivation of its high school facilities and such district shall continue to be deemed in law a school district maintaining grades kindergarten through 12 for all purposes relating to the levy, extension, collection and payment of the taxes of the district under Article 17 for the 1988-1989 school year.

(d) Whenever a high school facility is reactivated pursuant to the provisions of this Section, then all teachers in contractual continued service who were honorably dismissed or transferred as part of the deactivation process, in addition to other rights they may have under the School Code, shall be recalled or transferred back to the original district.

As used in this subdivision (A)6(a), "first time offender" means any person who has not had a previous conviction or been assigned supervision for violating this Section, a similar provision of a local ordinance or, Title 46 of the U.S. Code of Federal Regulations, or any person who has not had a suspension imposed under subdivision (B)3.1 of Section 5-16.

1.1. For the purposes of this Section, an Illinois Law Enforcement officer of this State who is investigating the person for any offense defined in Section 5-16 may travel into an adjoining state, where the person has been transported for medical care to complete an investigation, and may request that the person submit to the test or tests set forth in this Section. The requirements of this Section that the person be arrested are inapplicable, but the officer shall issue the person a uniform citation for an offense as defined in Section 5-16 or a similar provision of a local ordinance prior to requesting that the person submit to the test or tests. The issuance of the uniform citation shall not constitute an arrest, but shall be for the purpose of notifying the person that he or she is subject to the provisions of this Section and of the officer's belief in the existence of probable cause to arrest. 1.2. Notwithstanding any ability to refuse under this Act to submit to these tests or any ability to revoke the implied consent to these tests, if a law enforcement officer has probable cause to believe that a watercraft operated by or under actual physical control of a person under the influence of alcohol, other drug or drugs, intoxicating compound or compounds, or any combination of them has caused the death of or personal injury to another, that person shall submit, upon the request of a law enforcement officer, to a chemical test or tests of his or her blood, breath, or urine for the purpose of determining the alcohol content or the presence of any other drug, intoxicating compound, or combination of them. officer requesting the test that a refusal to submit to the test will result in suspension of such person's privilege to operate a watercraft for a minimum of 2 years. Following this warning, if a person under arrest refuses upon the request of a law enforcement officer to submit to a test designated by the officer, no test shall be given, but the law enforcement officer shall file with the clerk of the circuit court for the county in which the arrest was made, and with the Department of Natural Resources, a sworn statement naming the person refusing to take and complete the chemical test or tests requested under the provisions of this Section. Such sworn statement shall identify the arrested person, such person's current residence address and shall specify that a refusal by such person to take the chemical test or tests was made. Such sworn statement shall include a statement that the arresting officer had reasonable cause to believe the person was operating or was in actual physical control of the watercraft within this State while under the influence of alcohol, other drug or drugs, intoxicating compound or compounds, or combination thereof and that such chemical test or tests were made as an incident to and following the lawful arrest for an offense as defined in this Section or a similar provision of a local ordinance, and that the person after being arrested for an offense arising out of acts alleged to have been committed while so operating a watercraft refused to submit to and complete a chemical test or tests as requested by the law enforcement officer.

3.1. The law enforcement officer submitting the sworn statement as provided in paragraph 3 of this subsection (B) shall serve immediate written notice upon the person refusing the chemical test or tests that the person's privilege to operate a watercraft within this State will be suspended for a period of 2 years unless, within 28 days from the date of the notice, the person requests in writing a hearing on the suspension.

If the person desires a hearing, such person shall file a complaint in the circuit court for and in the county in which such person was arrested for such hearing. Such hearing shall proceed in the court in the same manner as other civil proceedings, shall cover only the issues of whether the person was placed under arrest for an offense as defined in this Section or a similar provision of a local ordinance as evidenced by the issuance of a uniform citation; whether the arresting officer had reasonable grounds to believe that such person was operating a watercraft while under the influence

of alcohol, other drug or drugs, intoxicating compound or compounds, or combination thereof; and whether such person refused to submit and complete the chemical test or tests upon the request of the law enforcement officer. Whether the person was informed that such person's privilege to operate a watercraft would be suspended if such person refused to submit to the chemical test or tests shall not be an issue.

If the person fails to request in writing a hearing within 28 days from the date of notice, or if a hearing is held and the court finds against the person on the issues before the court, the clerk shall immediately notify the Department of Natural Resources, and the Department shall suspend the watercraft operation privileges of the person for at least 2 years.

3.2. If the person submits to a test that discloses an alcohol concentration of 0.08 or more, or any amount of a drug, substance or intoxicating compound in the person's breath, blood, or urine resulting from the unlawful use of cannabis listed in the Cannabis Control Act, a controlled substance listed in the Illinois Controlled Substances Act, or an intoxicating compound listed in the Use of Intoxicating Compounds Act, the law enforcement officer shall immediately submit a sworn report to the circuit clerk of venue and the Department of Natural Resources, certifying that the test or tests were requested under paragraph 1 of this subsection (B) and the person submitted to testing that disclosed an alcohol concentration of 0.08 or more.

In cases where the blood alcohol concentration of 0.08 or greater or any amount of drug, substance or compound resulting from the unlawful use of cannabis, a controlled substance or an intoxicating compound is established by a subsequent analysis of blood or urine collected at the time of arrest, the arresting officer or arresting agency shall immediately submit a sworn report to the circuit clerk of venue and the Department of Natural Resources upon receipt of the test results.

4. A person must submit to each chemical test offered by the law enforcement officer in order to comply with the implied consent provisions of this Section.

5. The provisions of Section 11-501.2 of the Illinois Vehicle Code, as amended, concerning the certification and use of chemical tests apply to the use of such tests under this Section.

(C) Upon the trial of any civil or criminal action or proceeding arising out of acts alleged to have been committed by any person while operating a watercraft while under the influence of alcohol, the concentration of alcohol in the person's blood or breath at the time alleged as shown by analysis of a person's blood, urine, breath, or other bodily substance shall give rise to the presumptions specified in subdivisions 1, 2, and 3 of subsection (b) of Section 11-501.2 of the Illinois Vehicle Code. The foregoing provisions of this subsection (C) shall not be construed as limiting the introduction of any other relevant evidence bearing upon the question whether the person was under the influence of alcohol.

(D) If a person under arrest refuses to submit to a chemical test under the provisions of this Section, evidence of refusal shall be admissible in any civil or criminal action or proceeding arising out of acts alleged to have been committed while the person under the influence of alcohol, other drug or drugs, intoxicating compound or compounds, or combination of them was operating a watercraft.

(E) The owner of any watercraft or any person given supervisory authority over a watercraft, may not knowingly permit a watercraft to be operated by any person under the influence of alcohol, other drug or drugs, intoxicating compound or compounds, or combination thereof.

(F) Whenever any person is convicted or found guilty of a violation of this Section, including any person placed on court supervision, the court shall notify the Office of Law Enforcement of the Department of Natural Resources, to provide the Department with the records essential for the performance of the Department's duties to monitor and enforce any order of suspension or revocation concerning the privilege to operate a watercraft.

(G) No person who has been arrested and charged for violating paragraph 1 of subsection (A) of this Section shall operate any watercraft within this State for a period of 24 hours after such arrest.

any person injured and to the owner of any property damaged in the collision, accident, or other casualty.

If the collision, accident, or other casualty has resulted in the death of or personal injury to any person, failure to comply with this subsection A is a Class A misdemeanor.

A-1. Any person who has failed to stop or to comply with the requirements of subsection A must, as soon as possible but in no case later than one hour after the collision, accident, or other casualty, or, if hospitalized and incapacitated from reporting at any time during that period, as soon as possible but in no case later than one hour after being discharged from the hospital, report the date, place, and approximate time of the collision, accident, or other casualty, the watercraft operator's name and address, the identification number of the watercraft, if any, and the names of all other occupants of the watercraft, at a police station or sheriff's office near the location where the collision, accident, or other casualty occurred. A report made as required under this subsection A-1 may not be used, directly or indirectly, as a basis for the prosecution of any violation of subsection A.

As used in this Section, personal injury means any injury requiring treatment beyond first aid.

Any person failing to comply with this subsection A-1 is guilty of a Class 4 felony if the collision, accident, or other casualty does not result in the death of any person. Any person failing to comply with this subsection A-1 when the collision, accident, or other casualty results in the death of any person is guilty of a Class 2 felony, for which the person, if sentenced to a term of imprisonment, shall be sentenced to a term of not less than 3 years and not more than 14 years.

B. In the case of collision, accident, or other casualty involving a vessel, the operator, if the collision, accident, or other casualty results in death or injury to a person or damage to property in excess of $2000, or there is a complete loss of the vessel $500, shall file with the Department a full description of the collision, accident, or other casualty, including information as the Department may by regulation require. Reports of the accidents must be filed with the Department on a Department Accident Report form within 5 days.

C. Reports of accidents resulting in personal injury, where a person sustains an injury requiring medical attention beyond first aid is incapacitated for a period exceeding 72 hours, must be filed with the Department on a Department Accident Report form within 5 days.

Accidents that result in loss of life shall be reported to the Department on a Department form within 48 hours.

D. All required accident reports and supplemental reports are without prejudice to the individual reporting, and are for the confidential use of the Department, except that the Department may disclose the identity of a person involved in an accident when the identity is not otherwise known or when the person denies his presence at the accident. No report to the Department may be used as evidence in any trial, civil or criminal, arising out of an accident, except that the Department must furnish upon demand of any person who has or claims to have made a report or upon demand of any court a certificate showing that a specified accident report has or has not been made to the Department solely to prove a compliance or a failure to comply with the requirements that a report be made to the Department.

E. (1) Every coroner or medical examiner shall on or before the 10th day of each month report in writing to the Department the circumstances surrounding the death of any person that has occurred as the result of a boating accident within the examiner's jurisdiction during the preceding calendar month.

(2) Within 6 hours after a death resulting from a boating accident, but in any case not more than 12 hours after the occurrence of the boating accident, a blood specimen of at least 10 cc shall be withdrawn from the body of the decedent by the coroner or medical examiner or by a qualified person at the direction of the physician. All morticians shall obtain a release from the coroner or medical examiner prior to proceeding with embalming any body coming under the scope of this Section. The blood so drawn shall be forwarded to a laboratory approved by the Department of State Police for analysis of the alcoholic content of the blood specimen. The coroner or medical examiner causing the blood to be withdrawn shall be notified of the results of each analysis made and shall forward the results of each analysis to the Department. The Department shall keep a record of all examinations to be used for statistical purposes only. The cumulative results of the examinations, without identifying the individuals involved, shall be disseminated and made public by the Department.

PUBLIC ACT 94-0215
(House Bill No. 1548)

AN ACT concerning State government.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Children and Family Services Act is amended by changing Section 5 as follows:
(20 ILCS 505/5) (from Ch. 23, par. 5005)
Sec. 5. Direct child welfare services; Department of Children and Family Services. To provide direct child welfare services when not available through other public or private child care or program facilities.
(a) For purposes of this Section:
   (1) "Children" means persons found within the State who are under the age of 18 years. The term also includes persons under age 19 who:
      (A) were committed to the Department pursuant to the Juvenile Court Act or the Juvenile Court Act of 1987, as amended, prior to the age of 18 and who continue under the jurisdiction of the court; or
      (B) were accepted for care, service and training by the Department prior to the age of 18 and whose best interest in the discretion of the Department would be served by continuing that care, service and training because of severe emotional disturbances, physical disability, social adjustment or any combination thereof, or because of the need to complete an educational or vocational training program.
(2) "Homeless youth" means persons found within the State who are under the age of 19, are not in a safe and stable living situation and cannot be reunited with their families.

(3) "Child welfare services" means public social services which are directed toward the accomplishment of the following purposes:

(A) protecting and promoting the health, safety and welfare of children, including homeless, dependent or neglected children;

(B) remediing, or assisting in the solution of problems which may result in, the neglect, abuse, exploitation or delinquency of children;

(C) preventing the unnecessary separation of children from their families by identifying family problems, assisting families in resolving their problems, and preventing the breakup of the family where the prevention of child removal is desirable and possible when the child can be cared for at home without endangering the child's health and safety;

(D) restoring to their families children who have been removed, by the provision of services to the child and the families when the child can be cared for at home without endangering the child's health and safety;

(E) placing children in suitable adoptive homes, in cases where restoration to the biological family is not safe, possible or appropriate;

(F) assuring safe and adequate care of children away from their homes, in cases where the child cannot be returned home or cannot be placed for adoption. At the time of placement, the Department shall consider concurrent planning, as described in subsection (l-1) of this Section so that permanency may occur at the earliest opportunity. Consideration should be given so that if reunification fails or is delayed, the placement made is the best available placement to provide permanency for the child;

(G) (blank);

(H) (blank); and

(I) placing and maintaining children in facilities that provide separate living quarters for children under the age of 18 and for children 18 years of age and older, unless a
child 18 years of age is in the last year of high school education or vocational training, in an approved individual or group treatment program, in a licensed shelter facility, or secure child care facility. The Department is not required to place or maintain children:

(i) who are in a foster home, or
(ii) who are persons with a developmental disability, as defined in the Mental Health and Developmental Disabilities Code, or
(iii) who are female children who are pregnant, pregnant and parenting or parenting, or
(iv) who are siblings, in facilities that provide separate living quarters for children 18 years of age and older and for children under 18 years of age.

(b) Nothing in this Section shall be construed to authorize the expenditure of public funds for the purpose of performing abortions.

(c) The Department shall establish and maintain tax-supported child welfare services and extend and seek to improve voluntary services throughout the State, to the end that services and care shall be available on an equal basis throughout the State to children requiring such services.

(d) The Director may authorize advance disbursements for any new program initiative to any agency contracting with the Department. As a prerequisite for an advance disbursement, the contractor must post a surety bond in the amount of the advance disbursement and have a purchase of service contract approved by the Department. The Department may pay up to 2 months operational expenses in advance. The amount of the advance disbursement shall be prorated over the life of the contract or the remaining months of the fiscal year, whichever is less, and the installment amount shall then be deducted from future bills. Advance disbursement authorizations for new initiatives shall not be made to any agency after that agency has operated during 2 consecutive fiscal years. The requirements of this Section concerning advance disbursements shall not apply with respect to the following: payments to local public agencies for child day care services as authorized by Section 5a of this Act; and youth service programs receiving grant funds under Section 17a-4.

(e) (Blank).
(f) (Blank).

(g) The Department shall establish rules and regulations concerning its operation of programs designed to meet the goals of child
safety and protection, family preservation, family reunification, and adoption, including but not limited to:

(1) adoption;
(2) foster care;
(3) family counseling;
(4) protective services;
(5) (blank);
(6) homemaker service;
(7) return of runaway children;
(8) (blank);
(9) placement under Section 5-7 of the Juvenile Court Act or Section 2-27, 3-28, 4-25 or 5-740 of the Juvenile Court Act of 1987 in accordance with the federal Adoption Assistance and Child Welfare Act of 1980; and
(10) interstate services.

Rules and regulations established by the Department shall include provisions for training Department staff and the staff of Department grantees, through contracts with other agencies or resources, in alcohol and drug abuse screening techniques approved by the Department of Human Services, as a successor to the Department of Alcoholism and Substance Abuse, for the purpose of identifying children and adults who should be referred to an alcohol and drug abuse treatment program for professional evaluation.

(h) If the Department finds that there is no appropriate program or facility within or available to the Department for a ward and that no licensed private facility has an adequate and appropriate program or none agrees to accept the ward, the Department shall create an appropriate individualized, program-oriented plan for such ward. The plan may be developed within the Department or through purchase of services by the Department to the extent that it is within its statutory authority to do.

(i) Service programs shall be available throughout the State and shall include but not be limited to the following services:

(1) case management;
(2) homemakers;
(3) counseling;
(4) parent education;
(5) day care; and
(6) emergency assistance and advocacy.
In addition, the following services may be made available to assess and meet the needs of children and families:

New matter indicated by italics - deletions by strikeout
(1) comprehensive family-based services;
(2) assessments;
(3) respite care; and
(4) in-home health services.

The Department shall provide transportation for any of the services it makes available to children or families or for which it refers children or families.

(j) The Department may provide categories of financial assistance and education assistance grants, and shall establish rules and regulations concerning the assistance and grants, to persons who adopt physically or mentally handicapped, older and other hard-to-place children who (i) immediately prior to their adoption were legal wards of the Department or (ii) were determined eligible for financial assistance with respect to a prior adoption and who become available for adoption because the prior adoption has been dissolved and the parental rights of the adoptive parents have been terminated or because the child's adoptive parents have died. The Department may, subject to federal financial participation in the cost, continue to provide financial assistance and education assistance grants for a child who was determined eligible for financial assistance under this subsection (j) in the interim period beginning when the child's adoptive parents died and ending with the finalization of the new adoption of the child by another adoptive parent or parents. The Department may also provide categories of financial assistance and education assistance grants, and shall establish rules and regulations for the assistance and grants, to persons appointed guardian of the person under Section 5-7 of the Juvenile Court Act or Section 2-27, 3-28, 4-25 or 5-740 of the Juvenile Court Act of 1987 for children who were wards of the Department for 12 months immediately prior to the appointment of the guardian.

The amount of assistance may vary, depending upon the needs of the child and the adoptive parents, as set forth in the annual assistance agreement. Special purpose grants are allowed where the child requires special service but such costs may not exceed the amounts which similar services would cost the Department if it were to provide or secure them as guardian of the child.

Any financial assistance provided under this subsection is inalienable by assignment, sale, execution, attachment, garnishment, or any other remedy for recovery or collection of a judgment or debt.

(j-5) The Department shall not deny or delay the placement of a child for adoption if an approved family is available either outside of the Department region handling the case, or outside of the State of Illinois.

New matter indicated by italics - deletions by strikeout
(k) The Department shall accept for care and training any child who has been adjudicated neglected or abused, or dependent committed to it pursuant to the Juvenile Court Act or the Juvenile Court Act of 1987.

(l) Before July 1, 2000, the Department may provide, and beginning July 1, 2000, the Department shall offer family preservation services, as defined in Section 8.2 of the Abused and Neglected Child Reporting Act, to help families, including adoptive and extended families. Family preservation services shall be offered (i) to prevent the placement of children in substitute care when the children can be cared for at home or in the custody of the person responsible for the children's welfare, (ii) to reunite children with their families, or (iii) to maintain an adoptive placement. Family preservation services shall only be offered when doing so will not endanger the children's health or safety. With respect to children who are in substitute care pursuant to the Juvenile Court Act of 1987, family preservation services shall not be offered if a goal other than those of subdivisions (A), (B), or (B-1) of subsection (2) of Section 2-28 of that Act has been set. Nothing in this paragraph shall be construed to create a private right of action or claim on the part of any individual or child welfare agency.

The Department shall notify the child and his family of the Department's responsibility to offer and provide family preservation services as identified in the service plan. The child and his family shall be eligible for services as soon as the report is determined to be "indicated". The Department may offer services to any child or family with respect to whom a report of suspected child abuse or neglect has been filed, prior to concluding its investigation under Section 7.12 of the Abused and Neglected Child Reporting Act. However, the child's or family's willingness to accept services shall not be considered in the investigation. The Department may also provide services to any child or family who is the subject of any report of suspected child abuse or neglect or may refer such child or family to services available from other agencies in the community, even if the report is determined to be unfounded, if the conditions in the child's or family's home are reasonably likely to subject the child or family to future reports of suspected child abuse or neglect. Acceptance of such services shall be voluntary.

The Department may, at its discretion except for those children also adjudicated neglected or dependent, accept for care and training any child who has been adjudicated addicted, as a truant minor in need of supervision or as a minor requiring authoritative intervention, under the Juvenile Court Act or the Juvenile Court Act of 1987, but no such child

shall be committed to the Department by any court without the approval of
the Department. A minor charged with a criminal offense under the
Criminal Code of 1961 or adjudicated delinquent shall not be placed in the
custody of or committed to the Department by any court, except a minor
less than 13 years of age committed to the Department under Section 5-
710 of the Juvenile Court Act of 1987.

(I-1) The legislature recognizes that the best interests of the child
require that the child be placed in the most permanent living arrangement
as soon as is practically possible. To achieve this goal, the legislature
directs the Department of Children and Family Services to conduct
concurrent planning so that permanency may occur at the earliest
opportunity. Permanent living arrangements may include prevention of
placement of a child outside the home of the family when the child can be
cared for at home without endangering the child's health or safety;
reunification with the family, when safe and appropriate, if temporary
placement is necessary; or movement of the child toward the most
permanent living arrangement and permanent legal status.

When determining reasonable efforts to be made with respect to a
child, as described in this subsection, and in making such reasonable
efforts, the child's health and safety shall be the paramount concern.

When a child is placed in foster care, the Department shall ensure
and document that reasonable efforts were made to prevent or eliminate
the need to remove the child from the child's home. The Department must
make reasonable efforts to reunify the family when temporary placement
of the child occurs unless otherwise required, pursuant to the Juvenile
Court Act of 1987. At any time after the dispositional hearing where the
Department believes that further reunification services would be
ineffective, it may request a finding from the court that reasonable efforts
are no longer appropriate. The Department is not required to provide
further reunification services after such a finding.

A decision to place a child in substitute care shall be made with
considerations of the child's health, safety, and best interests. At the time
of placement, consideration should also be given so that if reunification
fails or is delayed, the placement made is the best available placement to
provide permanency for the child.

The Department shall adopt rules addressing concurrent planning
for reunification and permanency. The Department shall consider the
following factors when determining appropriateness of concurrent planning:

(1) the likelihood of prompt reunification;

New matter indicated by italics - deletions by strikeout
(2) the past history of the family;
(3) the barriers to reunification being addressed by the family;
(4) the level of cooperation of the family;
(5) the foster parents' willingness to work with the family to reunite;
(6) the willingness and ability of the foster family to provide an adoptive home or long-term placement;
(7) the age of the child;
(8) placement of siblings.

(m) The Department may assume temporary custody of any child if:

(1) it has received a written consent to such temporary custody signed by the parents of the child or by the parent having custody of the child if the parents are not living together or by the guardian or custodian of the child if the child is not in the custody of either parent, or
(2) the child is found in the State and neither a parent, guardian nor custodian of the child can be located. If the child is found in his or her residence without a parent, guardian, custodian or responsible caretaker, the Department may, instead of removing the child and assuming temporary custody, place an authorized representative of the Department in that residence until such time as a parent, guardian or custodian enters the home and expresses a willingness and apparent ability to ensure the child's health and safety and resume permanent charge of the child, or until a relative enters the home and is willing and able to ensure the child's health and safety and assume charge of the child until a parent, guardian or custodian enters the home and expresses such willingness and ability to ensure the child's safety and resume permanent charge. After a caretaker has remained in the home for a period not to exceed 12 hours, the Department must follow those procedures outlined in Section 2-9, 3-11, 4-8, or 5-415 of the Juvenile Court Act of 1987.

The Department shall have the authority, responsibilities and duties that a legal custodian of the child would have pursuant to subsection (9) of Section 1-3 of the Juvenile Court Act of 1987. Whenever a child is taken into temporary custody pursuant to an investigation under the Abused and Neglected Child Reporting Act, or pursuant to a referral and acceptance under the Juvenile Court Act of 1987 of a minor in limited custody, the

Department, during the period of temporary custody and before the child is brought before a judicial officer as required by Section 2-9, 3-11, 4-8, or 5-415 of the Juvenile Court Act of 1987, shall have the authority, responsibilities and duties that a legal custodian of the child would have under subsection (9) of Section 1-3 of the Juvenile Court Act of 1987.

The Department shall ensure that any child taken into custody is scheduled for an appointment for a medical examination.

A parent, guardian or custodian of a child in the temporary custody of the Department who would have custody of the child if he were not in the temporary custody of the Department may deliver to the Department a signed request that the Department surrender the temporary custody of the child. The Department may retain temporary custody of the child for 10 days after the receipt of the request, during which period the Department may cause to be filed a petition pursuant to the Juvenile Court Act of 1987. If a petition is so filed, the Department shall retain temporary custody of the child until the court orders otherwise. If a petition is not filed within the 10 day period, the child shall be surrendered to the custody of the requesting parent, guardian or custodian not later than the expiration of the 10 day period, at which time the authority and duties of the Department with respect to the temporary custody of the child shall terminate.

(m-1) The Department may place children under 18 years of age in a secure child care facility licensed by the Department that cares for children who are in need of secure living arrangements for their health, safety, and well-being after a determination is made by the facility director and the Director or the Director's designate prior to admission to the facility subject to Section 2-27.1 of the Juvenile Court Act of 1987. This subsection (m-1) does not apply to a child who is subject to placement in a correctional facility operated pursuant to Section 3-15-2 of the Unified Code of Corrections, unless the child is a ward who was placed under the care of the Department before being subject to placement in a correctional facility and a court of competent jurisdiction has ordered placement of the child in a secure care facility.

(n) The Department may place children under 18 years of age in licensed child care facilities when in the opinion of the Department, appropriate services aimed at family preservation have been unsuccessfully and cannot ensure the child's health and safety or are unavailable and such placement would be for their best interest. Payment for board, clothing, care, training and supervision of any child placed in a licensed child care facility may be made by the Department, by the parents or guardians of the

New matter indicated by italics - deletions by strikeout
estates of those children, or by both the Department and the parents or guardians, except that no payments shall be made by the Department for any child placed in a licensed child care facility for board, clothing, care, training and supervision of such a child that exceed the average per capita cost of maintaining and of caring for a child in institutions for dependent or neglected children operated by the Department. However, such restriction on payments does not apply in cases where children require specialized care and treatment for problems of severe emotional disturbance, physical disability, social adjustment, or any combination thereof and suitable facilities for the placement of such children are not available at payment rates within the limitations set forth in this Section. All reimbursements for services delivered shall be absolutely inalienable by assignment, sale, attachment, garnishment or otherwise.

(o) The Department shall establish an administrative review and appeal process for children and families who request or receive child welfare services from the Department. Children who are wards of the Department and are placed by private child welfare agencies, and foster families with whom those children are placed, shall be afforded the same procedural and appeal rights as children and families in the case of placement by the Department, including the right to an initial review of a private agency decision by that agency. The Department shall insure that any private child welfare agency, which accepts wards of the Department for placement, affords those rights to children and foster families. The Department shall accept for administrative review and an appeal hearing a complaint made by (i) a child or foster family concerning a decision following an initial review by a private child welfare agency or (ii) a prospective adoptive parent who alleges a violation of subsection (j-5) of this Section. An appeal of a decision concerning a change in the placement of a child shall be conducted in an expedited manner.

(p) There is hereby created the Department of Children and Family Services Emergency Assistance Fund from which the Department may provide special financial assistance to families which are in economic crisis when such assistance is not available through other public or private sources and the assistance is deemed necessary to prevent dissolution of the family unit or to reunite families which have been separated due to child abuse and neglect. The Department shall establish administrative rules specifying the criteria for determining eligibility for and the amount and nature of assistance to be provided. The Department may also enter into written agreements with private and public social service agencies to provide emergency financial services to families referred by the

New matter indicated by italics - deletions by strikeout
Department. Special financial assistance payments shall be available to a family no more than once during each fiscal year and the total payments to a family may not exceed $500 during a fiscal year.

(q) The Department may receive and use, in their entirety, for the benefit of children any gift, donation or bequest of money or other property which is received on behalf of such children, or any financial benefits to which such children are or may become entitled while under the jurisdiction or care of the Department.

The Department shall set up and administer no-cost, interest-bearing accounts in appropriate financial institutions for children for whom the Department is legally responsible and who have been determined eligible for Veterans' Benefits, Social Security benefits, assistance allotments from the armed forces, court ordered payments, parental voluntary payments, Supplemental Security Income, Railroad Retirement payments, Black Lung benefits, or other miscellaneous payments. Interest earned by each account shall be credited to the account, unless disbursed in accordance with this subsection.

In disbursing funds from children's accounts, the Department shall:

(1) Establish standards in accordance with State and federal laws for disbursing money from children's accounts. In all circumstances, the Department's "Guardianship Administrator" or his or her designee must approve disbursements from children's accounts. The Department shall be responsible for keeping complete records of all disbursements for each account for any purpose.

(2) Calculate on a monthly basis the amounts paid from State funds for the child's board and care, medical care not covered under Medicaid, and social services; and utilize funds from the child's account, as covered by regulation, to reimburse those costs. Monthly, disbursements from all children's accounts, up to 1/12 of $13,000,000, shall be deposited by the Department into the General Revenue Fund and the balance over 1/12 of $13,000,000 into the DCFS Children's Services Fund.

(3) Maintain any balance remaining after reimbursing for the child's costs of care, as specified in item (2). The balance shall accumulate in accordance with relevant State and federal laws and shall be disbursed to the child or his or her guardian, or to the issuing agency.

(r) The Department shall promulgate regulations encouraging all adoption agencies to voluntarily forward to the Department or its agent
names and addresses of all persons who have applied for and have been approved for adoption of a hard-to-place or handicapped child and the names of such children who have not been placed for adoption. A list of such names and addresses shall be maintained by the Department or its agent, and coded lists which maintain the confidentiality of the person seeking to adopt the child and of the child shall be made available, without charge, to every adoption agency in the State to assist the agencies in placing such children for adoption. The Department may delegate to an agent its duty to maintain and make available such lists. The Department shall ensure that such agent maintains the confidentiality of the person seeking to adopt the child and of the child.

(s) The Department of Children and Family Services may establish and implement a program to reimburse Department and private child welfare agency foster parents licensed by the Department of Children and Family Services for damages sustained by the foster parents as a result of the malicious or negligent acts of foster children, as well as providing third party coverage for such foster parents with regard to actions of foster children to other individuals. Such coverage will be secondary to the foster parent liability insurance policy, if applicable. The program shall be funded through appropriations from the General Revenue Fund, specifically designated for such purposes.

(t) The Department shall perform home studies and investigations and shall exercise supervision over visitation as ordered by a court pursuant to the Illinois Marriage and Dissolution of Marriage Act or the Adoption Act only if:

(1) an order entered by an Illinois court specifically directs the Department to perform such services; and

(2) the court has ordered one or both of the parties to the proceeding to reimburse the Department for its reasonable costs for providing such services in accordance with Department rules, or has determined that neither party is financially able to pay.

The Department shall provide written notification to the court of the specific arrangements for supervised visitation and projected monthly costs within 60 days of the court order. The Department shall send to the court information related to the costs incurred except in cases where the court has determined the parties are financially unable to pay. The court may order additional periodic reports as appropriate.

(u) Whenever the Department places a child in a licensed foster home, group home, child care institution, or in a relative home, the Department shall provide to the caretaker:

(2) a copy of the child's portion of the client service plan, including any visitation arrangement, and all amendments or revisions to it as related to the child; and

(3) information containing details of the child's individualized educational plan when the child is receiving special education services.

The caretaker shall be informed of any known social or behavioral information (including, but not limited to, criminal background, fire setting, perpetuation of sexual abuse, destructive behavior, and substance abuse) necessary to care for and safeguard the child.

(u-5) Effective July 1, 1995, only foster care placements licensed as foster family homes pursuant to the Child Care Act of 1969 shall be eligible to receive foster care payments from the Department. Relative caregivers who, as of July 1, 1995, were approved pursuant to approved relative placement rules previously promulgated by the Department at 89 Ill. Adm. Code 335 and had submitted an application for licensure as a foster family home may continue to receive foster care payments only until the Department determines that they may be licensed as a foster family home or that their application for licensure is denied or until September 30, 1995, whichever occurs first.

(v) The Department shall access criminal history record information as defined in the Illinois Uniform Conviction Information Act and information maintained in the adjudicatory and dispositional record system as defined in Section 2605-355 of the Department of State Police Law (20 ILCS 2605/2605-355) if the Department determines the information is necessary to perform its duties under the Abused and Neglected Child Reporting Act, the Child Care Act of 1969, and the Children and Family Services Act. The Department shall provide for interactive computerized communication and processing equipment that permits direct on-line communication with the Department of State Police's central criminal history data repository. (w) Within 120 days of August 20, 1995 (the effective date of Public Act 89-392), the Department shall prepare and submit to the Governor and the General Assembly, a written plan for the development of in-state licensed secure child care facilities that care for children who are in need of secure living arrangements for their health, safety, and well-being. For purposes of this subsection, secure care facility shall mean a facility that is designed and operated to ensure that all entrances and exits from the facility, a building or a distinct part of the building, are under the exclusive control of the staff of the facility, whether or not the child has the freedom of movement within the perimeter of the facility, building, or distinct part of the building. The plan shall include descriptions of the types of facilities that are needed in Illinois; the cost of developing these secure care facilities; the estimated number of placements; the potential cost savings resulting from the movement of children currently out-of-state who are projected to be returned to Illinois; the necessary geographic distribution of these facilities in Illinois; and a proposed timetable for development of such facilities.

PUBLIC ACT 94-0216

(House Bill No. 1575)

AN ACT concerning agriculture.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Illinois AgrAbility Act.

Section 5. Findings. The General Assembly finds the following:

(1) Illinois is one of the leading agricultural-producing states in the nation. By being involved in such a diverse and highly mechanized industry, the more than 500,000 agricultural workers

New matter indicated by italics - deletions by strikeout
in Illinois are susceptible to any one of a number of work-related injuries and chronic health problems that limit an individual's ability to safely continue farming.

(2) Available estimates indicate that, each year in Illinois, more than 200 farm workers sustain injuries, which result in permanent physical disabilities affecting their future income.

(3) It is estimated that nationwide more than 200,000 farmers, ranchers, and other agricultural workers experience injuries that result in lost work time. Of these injuries, 5% have serious or permanent results.

(4) According to the most recent census data, approximately 5,000 Illinois farmers have permanent disabilities as a result of accidents, health related ailments, and age.

(5) Farm operators and workers are typically highly skilled individuals and the loss of these individuals to a disability negatively impacts the Illinois farm economy. The AgrAbility Project established by the U. S. Department of Agriculture has been successful in helping agricultural workers who suffer from a disability continue to farm. A similar program established by the State and working with the existing AgrAbility Unlimited Program will assist even more Illinois citizens in receiving the assistance that they need and will benefit the State agriculture industry.

Section 10. Definitions. As used in this Act:

"AgrAbility Unlimited" means the joint program of the University of Illinois Extension and the Easter Seals of Central Illinois established in accordance with the AgrAbility Program established by the U.S. Department of Agriculture.

"Department" means the Department of Agriculture.

"Director" means the Director of Agriculture.

"Production agriculture" has the meaning set forth in Section 3-35 of the Use Tax Act.

Section 15. Illinois AgrAbility Program established.

(a) Subject to appropriation, the Department, in cooperation with the University of Illinois Extension, shall contract with a non-profit disability service provider or other entity that assists disabled farmers, to establish and administer the Illinois AgrAbility Program in order to assist individuals who are engaged in farming or an agriculture-related activity and who have been affected by disability.

(b) Services provided by the Illinois AgrAbility Program shall include, but are not limited to, the following:

New matter indicated by italics - deletions by strikeout
(1) A toll-free information and referral hotline.
(2) The establishment of networks with local agricultural and rehabilitation professionals.
(3) The coordination of community resources.
(4) The establishment of networks with local agricultural and health care professionals to help identify individuals who may be eligible for assistance and to help identify the best method of providing that assistance.
(5) The provision of information on and assistance regarding equipment modification.
(6) Job restructuring.
(7) The provision of information on and assistance regarding the development of alternative jobs.

In order to provide these services, the Illinois AgrAbility Program shall cooperate and share resources, facilities, and employees with AgrAbility Unlimited, the University of Illinois Extension, and the Office of Rehabilitation Services of the Department of Human Services.

The costs of the program, including any related administrative expenses from the Department, may be paid from any funds specifically appropriated or otherwise available to the Department for that purpose. The Department may pay the costs of the Illinois AgrAbility program by making grants to the operating entity, by making grants directly to service providers, by paying reimbursements for services provided, or in any other appropriate manner.

(c) The Department has the power to enter into any agreements that are necessary and appropriate for the establishment, operation, and funding of the Illinois AgrAbility Program. The Department may adopt any rules that it determines necessary for the establishment, operation, and funding of the Illinois AgrAbility Program.

Section 20. Eligibility. To be eligible to receive assistance under this Act, an individual must meet all of the following:

(1) Be a resident of Illinois.
(2) Derive at least a portion of his or her income from production agriculture.
(3) Be affected by a disability.
(4) Meet any additional eligibility requirements set forth by the Department, in conjunction with the University of Illinois Extension.

Section 25. The Illinois AgrAbility Fund.
(a) The Illinois AgrAbility Fund is created as a special appropriated fund within the State treasury. The Director shall also accept and deposit into the Fund all gifts, grants, transfers, and other amounts from any legal source, public or private, that are designated for deposit into the Fund. All interest earned on moneys in the Fund shall be deposited into the Fund.

(b) Subject to appropriation and as directed by the Director, moneys in the Illinois AgrAbility Fund may be expended for the Illinois AgrAbility Program and for no other purpose. No more than 15% of the moneys expended in a fiscal year for the Program may be expended for administrative costs.

Section 30. Reports. Unless otherwise required by federal law, the University of Illinois Extension must provide the Department with a copy of any report or other document that it provides to the U.S. Department of Agriculture concerning AgrAbility Unlimited. The non-profit disability service provider or other entity awarded a contract under Section 15 must annually update the University of Illinois Extension and the Department in writing on the status of the Illinois AgrAbility Program.

Section 95. The State Finance Act is amended by adding Section 5.640 as follows:

(30 ILCS 105/5.640 new)

Sec. 5.640. The Illinois AgrAbility Fund.

Section 5. The State Police Act is amended by changing Section 14 as follows:

(20 ILCS 2610/14) (from Ch. 121, par. 307.14)

Sec. 14. Except as is otherwise provided in this Act, no Department of State Police officer shall be removed, demoted or suspended except for cause, upon written charges filed with the Board by the Director and a hearing before the Board thereon upon not less than 10

days' notice at a place to be designated by the chairman thereof. At such hearing, the accused shall be afforded full opportunity to be heard in his or her own defense and to produce proof in his or her defense. *Anyone filing a complaint against a State Police Officer must have the complaint supported by a sworn affidavit.*

Before any such officer may be interrogated or examined by or before the Board, or by a departmental agent or investigator specifically assigned to conduct an internal investigation, the results of which hearing, interrogation or examination may be the basis for filing charges seeking his or her suspension for more than 15 days or his or her removal or discharge, he or she shall be advised in writing as to what specific improper or illegal act he or she is alleged to have committed; he or she shall be advised in writing that his or her admissions made in the course of the hearing, interrogation or examination may be used as the basis for charges seeking his or her suspension, removal or discharge; and he or she shall be advised in writing that he or she has a right to counsel of his or her choosing, who may be present to advise him or her at any hearing, interrogation or examination. A complete record of any hearing, interrogation or examination shall be made, and a complete transcript or electronic recording thereof shall be made available to such officer without charge and without delay.

The Board shall have the power to secure by its subpoena both the attendance and testimony of witnesses and the production of books and papers in support of the charges and for the defense. Each member of the Board or a designated hearing officer shall have the power to administer oaths or affirmations. If the charges against an accused are established by a preponderance of evidence, the Board shall make a finding of guilty and order either removal, demotion, suspension for a period of not more than 180 days, or such other disciplinary punishment as may be prescribed by the rules and regulations of the Board which, in the opinion of the members thereof, the offense merits. Thereupon the Director shall direct such removal or other punishment as ordered by the Board and if the accused refuses to abide by any such disciplinary order, the Director shall remove him or her forthwith.

If the accused is found not guilty or has served a period of suspension greater than prescribed by the Board, the Board shall order that the officer receive compensation for the period involved. The award of compensation shall include interest at the rate of 7% per annum.

The Board may include in its order appropriate sanctions based upon the Board's rules and regulations. If the Board finds that a party has

New matter indicated by italics - deletions by strikeout
made allegations or denials without reasonable cause or has engaged in frivolous litigation for the purpose of delay or needless increase in the cost of litigation, it may order that party to pay the other party's reasonable expenses, including costs and reasonable attorney's fees. The State of Illinois and the Department shall be subject to these sanctions in the same manner as other parties.

In case of the neglect or refusal of any person to obey a subpoena issued by the Board, any circuit court, upon application of any member of the Board, may order such person to appear before the Board and give testimony or produce evidence, and any failure to obey such order is punishable by the court as a contempt thereof.

The provisions of the Administrative Review Law, and all amendments and modifications thereof, and the rules adopted pursuant thereto, shall apply to and govern all proceedings for the judicial review of any order of the Board rendered pursuant to the provisions of this Section.

Notwithstanding the provisions of this Section, a policy making officer, as defined in the Employee Rights Violation Act, of the Department of State Police shall be discharged from the Department of State Police as provided in the Employee Rights Violation Act, enacted by the 85th General Assembly.

(b) Following receipt of the certified report of the Authority as specified in the Section, the Secretary of State shall notify the person whose name appears on the certified report that the person's driver's license will be suspended at the end of a specified period unless the Secretary of State is presented with a notice from the Authority certifying that the fines or penalties owing the Authority have been satisfied or that inclusion of that person's name on the certified report was in error. The Secretary's notice shall state in substance the information contained in the Authority's certified report to the Secretary, and shall be effective as specified by subsection (c) of Section 6-211 of this Code, except as to those drivers who also have been issued a CDL. If a person also has been issued a CDL, notice of suspension of that person's driver's license must be given in writing by certified mail and is effective on the date listed in the notice of suspension, except that the notice is not effective until 4 days after the date on which the notice was deposited into the United States mail. The notice becomes effective 4 days after its deposit into the United States mail regardless of whether the Secretary of State receives the return receipt and regardless of whether the written notification is returned for any reason to the Secretary of State as undeliverable.

(c) The report from the Authority notifying the Secretary of unsatisfied fines or penalties pursuant to this Section shall be certified and shall contain the following:

(1) The name, last known address, and driver's license number of the person who failed to satisfy the fines or penalties and the registration number of any vehicle known to be registered in this State to that person.

(d) The Authority, after making a certified report to the Secretary pursuant to this Section, shall notify the Secretary, on a form prescribed by the Secretary, whenever a person named in the certified report has satisfied the previously reported fines or penalties or whenever the Authority
determines that the original report was in error. A certified copy of the notification shall also be given upon request and at no additional charge to the person named therein. Upon receipt of the Authority's notification or presentation of a certified copy of the notification, the Secretary shall terminate the suspension.

(e) The Authority shall, by rule, establish procedures for persons to challenge the accuracy of the certified report made pursuant to this Section. The rule shall also provide the grounds for a challenge, which may be limited to:

(1) the person not having been the owner or lessee of the vehicle or vehicles receiving 5 or more toll violations or toll evasion notices on the date or dates the notices were issued; or

(2) the person having already satisfied the fines or penalties for the 5 or more toll violations or toll evasions indicated on the certified report.

(f) All notices sent by the Authority to persons involved in administrative adjudications, hearings, and final orders issued pursuant to rules implementing subsection (a-5) of Section 10 of the Toll Highway Act shall state that failure to satisfy any fine or penalty imposed by the Authority shall result in the Secretary of State suspending the driving privileges, vehicle registration, or both, of the person failing to satisfy the fines or penalties imposed by the Authority.

(g) A person may request an administrative hearing to contest an impending suspension or a suspension made pursuant to this Section upon filing a written request with the Secretary. The filing fee for this hearing is $20, to be paid at the time of the request. The Authority shall reimburse the Secretary for all reasonable costs incurred by the Secretary as a result of the filing of a certified report pursuant to this Section, including, but not limited to, the costs of providing notice required pursuant to subsection (b) and the costs incurred by the Secretary in any hearing conducted with respect to the report pursuant to this subsection and any appeal from that hearing.

(105 ILCS 5/10-21.9) (from Ch. 122, par. 10-21.9)

Sec. 10-21.9. Criminal history records checks and checks of the Statewide Sex Offender Database.

(a) Certified and noncertified applicants for employment with a school district, except school bus driver applicants, are required as a condition of employment to authorize a fingerprint-based criminal history records check to determine if such applicants have been convicted of any of the enumerated criminal or drug offenses in subsection (c) of this Section or have been convicted, within 7 years of the application for employment with the school district, of any other felony under the laws of this State or of any offense committed or attempted in any other state or against the laws of the United States that, if committed or attempted in this State, would have been punishable as a felony under the laws of this State. Authorization for the check shall be furnished by the applicant to the school district, except that if the applicant is a substitute teacher seeking employment in more than one school district, a teacher seeking concurrent part-time employment positions with more than one school district (as a reading specialist, special education teacher or otherwise), or an educational support personnel employee seeking employment positions with more than one district, any such district may require the applicant to furnish authorization for the check to the regional superintendent of the educational service region in which are located the school districts in which the applicant is seeking employment as a substitute or concurrent part-time teacher or concurrent educational support personnel employee. Upon receipt of this authorization, the school district or the appropriate regional superintendent, as the case may be, shall submit the applicant's name, sex, race, date of birth, social security number, fingerprint images, and other identifiers, as prescribed by the Department of State Police, to the Department. The regional superintendent submitting the requisite information to the Department of State Police shall promptly notify the school districts in which the applicant is seeking employment as a substitute or concurrent part-time teacher or concurrent educational support personnel employee that the check of the applicant has been requested. The Department of State Police and the Federal Bureau of Investigation shall furnish, pursuant to a fingerprint-based criminal history records check, records of convictions, until expunged, to the president of the school board for the school district that requested the check, or to the regional superintendent who requested the check. The Department shall charge the school district or the appropriate regional superintendent a fee for conducting such check, which fee shall be deposited in the State Police

Services Fund and shall not exceed the cost of the inquiry; and the applicant shall not be charged a fee for such check by the school district or by the regional superintendent. Subject to appropriations for these purposes, the State Superintendent of Education shall reimburse school districts and regional superintendents for fees paid to obtain criminal history records checks under this Section.

(a-5) The school district or regional superintendent shall further perform a check of the Statewide Sex Offender Database, as authorized by the Sex Offender and Child Murderer Community Notification Law, for each applicant.

(b) Any information concerning the record of convictions obtained by the president of the school board or the regional superintendent shall be confidential and may only be transmitted to the superintendent of the school district or his designee, the appropriate regional superintendent if the check was requested by the school district, the presidents of the appropriate school boards if the check was requested from the Department of State Police by the regional superintendent, the State Superintendent of Education, the State Teacher Certification Board or any other person necessary to the decision of hiring the applicant for employment. A copy of the record of convictions obtained from the Department of State Police shall be provided to the applicant for employment. Upon the check of the Statewide Sex Offender Database, the school district or regional superintendent shall notify an applicant as to whether or not the applicant has been identified in the Database as a sex offender. If a check of an applicant for employment as a substitute or concurrent part-time teacher or concurrent educational support personnel employee in more than one school district was requested by the regional superintendent, and the Department of State Police upon a check ascertains that the applicant has not been convicted of any of the enumerated criminal or drug offenses in subsection (c) or has not been convicted, within 7 years of the application for employment with the school district, of any other felony under the laws of this State or of any offense committed or attempted in any other state or against the laws of the United States that, if committed or attempted in this State, would have been punishable as a felony under the laws of this State and so notifies the regional superintendent and if the regional superintendent upon a check ascertains that the applicant has not been identified in the Sex Offender Database as a sex offender, then the regional superintendent shall issue to the applicant a certificate evidencing that as of the date specified by the Department of State Police the applicant has not been convicted of any of the enumerated criminal or drug offenses in

The school board of any school district located in the educational service region served by the regional superintendent who issues such a certificate to an applicant for employment as a substitute teacher in more than one such district may rely on the certificate issued by the regional superintendent to that applicant, or may initiate its own criminal history records check of the applicant through the Department of State Police and its own check of the Statewide Sex Offender Database as provided in subsection (a). Any person who releases any confidential information concerning any criminal convictions of an applicant for employment shall be guilty of a Class A misdemeanor, unless the release of such information is authorized by this Section.

(c) No school board shall knowingly employ a person who has been convicted for committing attempted first degree murder or for committing or attempting to commit first degree murder or a Class X felony or any one or more of the following offenses: (i) those defined in Sections 11-6, 11-9, 11-14, 11-15, 11-15.1, 11-16, 11-17, 11-18, 11-19, 11-19.1, 11-19.2, 11-20, 11-20.1, 11-21, 12-13, 12-14, 12-14.1, 12-15 and 12-16 of the "Criminal Code of 1961"; (ii) those defined in the "Cannabis Control Act" except those defined in Sections 4(a), 4(b) and 5(a) of that Act; (iii) those defined in the "Illinois Controlled Substances Act"; and (iv) any offense committed or attempted in any other state or against the laws of the United States, which if committed or attempted in this State, would have been punishable as one or more of the foregoing offenses. Further, no school board shall knowingly employ a person who has been found to be the perpetrator of sexual or physical abuse of any minor under 18 years of age pursuant to proceedings under Article II of the Juvenile Court Act of 1987.

(d) No school board shall knowingly employ a person for whom a criminal history records check and a Statewide Sex Offender Database check has not been initiated.

(e) Upon receipt of the record of a conviction of or a finding of child abuse by a holder of any certificate issued pursuant to Article 21 or

Section 34-8.1 or 34-83 of the School Code, the appropriate regional superintendent of schools or the State Superintendent of Education shall initiate the certificate suspension and revocation proceedings authorized by law.

(f) After January 1, 1990 the provisions of this Section shall apply to all employees of persons or firms holding contracts with any school district including, but not limited to, food service workers, school bus drivers and other transportation employees, who have direct, daily contact with the pupils of any school in such district. For purposes of criminal history records checks and checks of the Statewide Sex Offender Database on employees of persons or firms holding contracts with more than one school district and assigned to more than one school district, the regional superintendent of the educational service region in which the contracting school districts are located may, at the request of any such school district, be responsible for receiving the authorization for a criminal history records check prepared by each such employee and submitting the same to the Department of State Police and for conducting a check of the Statewide Sex Offender Database for each employee. is a substitute teacher seeking employment in more than one school district, or a teacher seeking concurrent part-time employment positions with more than one school district (as a reading specialist, special education teacher or otherwise), or an educational support personnel employee seeking employment positions with more than one district, any such district may require the applicant to furnish authorization for the check to the regional superintendent of the educational service region in which are located the school districts in which the applicant is seeking employment as a substitute or concurrent part-time teacher or concurrent educational support personnel employee. Upon receipt of this authorization, the school district or the appropriate regional superintendent, as the case may be, shall submit the applicant's name, sex, race, date of birth, social security number, fingerprint images, and other identifiers, as prescribed by the Department of State Police, to the Department. The regional superintendent submitting the requisite information to the Department of State Police shall promptly notify the school districts in which the applicant is seeking employment as a substitute or concurrent part-time teacher or concurrent educational support personnel employee that the check of the applicant has been requested. The Department of State Police and the Federal Bureau of Investigation shall furnish, pursuant to a fingerprint-based criminal history records check, records of convictions, until expunged, to the president of the school board for the school district that requested the check, or to the regional superintendent who requested the check. The Department shall charge the school district or the appropriate regional superintendent a fee for conducting such check, which fee shall be deposited in the State Police Services Fund and shall not exceed the cost of the inquiry; and the applicant shall not be charged a fee for such check by the school district or by the regional superintendent. A copy of the record of convictions obtained from the Department of State Police shall be provided to the applicant for employment. Upon the check of the Statewide Sex Offender Database, the school district or regional superintendent shall notify an applicant as to whether or not the applicant has been identified in the Database as a sex offender. If a check of an applicant for employment as a substitute or concurrent part-time teacher or concurrent educational support personnel employee in more than one school district was requested by the regional superintendent, and the Department of State Police upon a check ascertains that the applicant has not been convicted of any of the enumerated criminal or drug offenses in subsection (c) or has not been convicted, within 7 years of the application for employment with the school district, of any other felony under the laws of this State or of any offense committed or attempted in any other state or against the laws of the United States that, if committed or attempted in this State, would have been punishable as a felony under the laws of this State and so notifies the regional superintendent and if the regional superintendent upon a check ascertains that the applicant has not been identified in the Sex Offender Database as a sex offender, then the regional superintendent shall issue to the applicant a certificate evidencing that as of the date specified by the Department of State Police the applicant has not been convicted of any of the enumerated criminal or drug offenses in subsection (c) or has not been convicted, within 7 years of the application for employment with the school district, of any other felony under the laws of this State or of any offense committed or attempted in any other state or against the laws of the United States that, if committed or attempted in this State, would have been punishable as a felony under the laws of this State and evidencing that as of the date that the regional superintendent conducted a check of the Statewide Sex Offender Database, the applicant has not been identified in the Database as a sex offender. (d) The board of education shall not knowingly employ a person for whom a criminal history records check and a Statewide Sex Offender Database check has not been initiated.

(e) Upon receipt of the record of a conviction of or a finding of child abuse by a holder of any certificate issued pursuant to Article 21 or Section 34-8.1 or 34-83 of the School Code, the board of education or the State Superintendent of Education shall initiate the certificate suspension and revocation proceedings authorized by law.

(f) After March 19, 1990, the provisions of this Section shall apply to all employees of persons or firms holding contracts with any school district including, but not limited to, food service workers, school bus drivers and other transportation employees, who have direct, daily contact with the pupils of any school in such district. PUBLIC ACT 94-0225
(Senate Bill No. 0383)

AN ACT concerning education.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Sections 2-3.12, 3-14.20, and 3-14.21 and by adding Section 2-3.137 as follows:

(105 ILCS 5/2-3.12) (from Ch. 122, par. 2-3.12)

Sec. 2-3.12. School building code. To prepare for school boards with the advice of the Department of Public Health, the Capital Development Board, and the State Fire Marshal a school building code that will conserve the health and safety and general welfare of the pupils and school personnel and others who use public school facilities.

The document known as "Efficient and Adequate Standards for the Construction of Schools" applies only to temporary school facilities, new school buildings, and additions to existing schools whose construction contracts are awarded after July 1, 1965. On or before July 1, 1967, each school board shall have its school district buildings that were constructed prior to January 1, 1955, surveyed by an architect or engineer licensed in the State of Illinois as to minimum standards necessary to conserve the health and safety of the pupils enrolled in the school buildings of the
Buildings constructed between January 1, 1955 and July 1, 1965, not owned by the State of Illinois, shall be surveyed by an architect or engineer licensed in the State of Illinois beginning 10 years after acceptance of the completed building by the school board. Buildings constructed between January 1, 1955 and July 1, 1955 and previously exempt under the provisions of Section 35-27 shall be surveyed prior to July 1, 1977 by an architect or engineer licensed in the State of Illinois. The architect or engineer, using the document known as "Building Specifications for Health and Safety in Public Schools" as a guide, shall make a report of the findings of the survey to the school board, giving priority in that report to fire safety problems and recommendations thereon if any such problems exist. The school board of each district so surveyed and receiving a report of needed recommendations to be made to improve standards of safety and health of the pupils enrolled has until July 1, 1970, or in case of buildings not owned by the State of Illinois and completed between January 1, 1955 and July 1, 1965 or in the case of buildings previously exempt under the provisions of Section 35-27 has a period of 3 years after the survey is commenced, to effectuate those recommendations, giving first attention to the recommendations in the survey report having priority status, and is authorized to levy the tax provided for in Section 17-2.11, according to the provisions of that Section, to make such improvements. School boards unable to effectuate those recommendations prior to July 1, 1970, on July 1, 1980 in the case of buildings previously exempt under the provisions of Section 35-27, may petition the State Superintendent of Education upon the recommendation of the Regional Superintendent for an extension of time. The extension of time may be granted by the State Superintendent of Education for a period of one year, but may be extended from year to year provided substantial progress, in the opinion of the State Superintendent of Education, is being made toward compliance. However, for fire protection issues, only one one-year extension may be made, and no other provision of this Code or an applicable code may supersede this requirement. For routine inspections, the State Fire Marshal or a qualified fire official to whom the State Fire Marshal has delegated his or her authority shall notify the Regional Superintendent, the district superintendent, and provide written notice to the principal of the school in advance to schedule a mutually agreed upon time for the fire safety check. However, no more than 2 routine inspections may be made in a calendar year.

Within 2 years after the effective date of this amendatory Act of 1983, and every 10 years thereafter, or at such other times as the State
Board of Education deems necessary or the regional superintendent so orders, each school board subject to the provisions of this Section shall again survey its school buildings and effectuate any recommendations in accordance with the procedures set forth herein. An architect or engineer licensed in the State of Illinois is required to conduct the surveys under the provisions of this Section and shall make a report of the findings of the survey titled "safety survey report" to the school board. The school board shall approve the safety survey report, including any recommendations to effectuate compliance with the code, and submit it to the Regional Superintendent. The Regional Superintendent shall render a decision regarding approval or denial and submit the safety survey report to the State Superintendent of Education. The State Superintendent of Education shall approve or deny the report including recommendations to effectuate compliance with the code and, if approved, issue a certificate of approval. Upon receipt of the certificate of approval, the Regional Superintendent shall issue an order to effect any approved recommendations included in the report. Items in the report shall be prioritized. Urgent items shall be considered as those items related to life safety problems that present an immediate hazard to the safety of students. Required items shall be considered as those items that are necessary for a safe environment but present less of an immediate hazard to the safety of students. Urgent and required items shall reference a specific rule in the code authorized by this Section that is currently being violated or will be violated within the next 12 months if the violation is not remedied. The school board of each district so surveyed and receiving a report of needed recommendations to be made to maintain standards of safety and health of the pupils enrolled shall effectuate the correction of urgent items as soon as achievable to ensure the safety of the students, but in no case more than one year after the date of the State Superintendent of Education's approval of the recommendation. Required items shall be corrected in a timely manner, but in no case more than 5 years from the date of the State Superintendent of Education's approval of the recommendation. Once each year the school board shall submit a report of progress on completion of any recommendations to effectuate compliance with the code. For each year that the school board does not effectuate any or all approved recommendations, it shall petition the Regional Superintendent and the State Superintendent of Education detailing what work was completed in the previous year and a work plan for completion of the remaining work. If in the judgement of the Regional Superintendent and the State Superintendent of Education substantial progress has been made and just

cause has been shown by the school board, the petition for a one year
extension of time may be approved.

As soon as practicable, but not later than 2 years after the effective
date of this amendatory Act of 1992, the State Board of Education shall
combine the document known as "Efficient and Adequate Standards for
the Construction of Schools" with the document known as "Building
Specifications for Health and Safety in Public Schools" together with any
modifications or additions that may be deemed necessary. The combined
document shall be known as the "Health/Life Safety Code for Public
Schools" and shall be the governing code for all facilities that house public
school students or are otherwise used for public school purposes, whether
such facilities are permanent or temporary and whether they are owned,
leased, rented, or otherwise used by the district. Facilities owned by a
school district but that are not used to house public school students or are
not used for public school purposes shall be governed by separate
provisions within the code authorized by this Section.

The 10 year survey cycle specified in this Section shall continue to
apply based upon the standards contained in the "Health/Life Safety Code
for Public Schools", which shall specify building standards for buildings
that are constructed prior to the effective date of this amendatory Act of
1992 and for buildings that are constructed after that date.

The "Health/Life Safety Code for Public Schools" shall be the
governing code for public schools; however, the provisions of this Section
shall not preclude inspection of school premises and buildings pursuant to
Section 9 of the Fire Investigation Act, provided that the provisions of the
"Health/Life Safety Code for Public Schools", or such predecessor
document authorized by this Section as may be applicable are used, and
provided that those inspections are coordinated with the Regional
Superintendent having jurisdiction over the public school facility. Nothing
in this Section shall be construed to prohibit the State Fire Marshal or a
qualified a local fire official to whom the State Fire Marshal has delegated
his or her authority department, fire protection district, or the Office of the
State Fire Marshal from conducting a fire safety check in a public school.
The Regional Superintendent shall address any violations that are not
corrected in a timely manner pursuant to subsection (b) of Section 3-14.21
of this Code. Upon being notified by a fire official that corrective action
must be taken to resolve a violation, the school board shall take corrective
action within one year. However, violations that present imminent danger
must be addressed immediately.

In this Section, a "qualified fire official" means an individual that meets the requirements of rules adopted by the State Fire Marshal in cooperation with the State Board of Education to administer this Section. These rules shall be based on recommendations made by the task force established under Section 2-3.137 of this Code.

superintendent of schools receives the plans and specifications from a school board and prior to the bidding process, he or she shall notify, in writing, the registered municipality and, if applicable, the registered fire protection district where the school that is being constructed or altered lies that plans and specifications have been received. In the case of an unincorporated area, the registered county shall be notified. The regional superintendent shall report his or her findings to the State Board of Education on forms provided by the State Board of Education.

(b) If the regional superintendent determines that a school board has failed in a timely manner to correct urgent items identified in a previous life-safety report completed under Section 2-3.12 or as otherwise previously ordered by the regional superintendent, the regional superintendent shall order the school board to adopt and submit to the regional superintendent a plan for the immediate correction of the building violations. This plan shall be adopted following a public hearing that is conducted by the school board on the violations and the plan and that is preceded by at least 7 days' prior notice of the hearing published in a newspaper of general circulation within the school district. If the regional superintendent determines in the next annual inspection that the plan has not been completed and that the violations have not been corrected, the regional superintendent shall submit a report to the State Board of Education with a recommendation that the State Board withhold from payments of general State aid due to the district an amount necessary to correct the outstanding violations. (750 ILCS 5/607) (from Ch. 40, par. 607)

Sec. 607. Visitation.

(a) A parent not granted custody of the child is entitled to reasonable visitation rights unless the court finds, after a hearing, that visitation would endanger seriously the child's physical, mental, moral or emotional health. If the custodian's street address is not identified, pursuant to Section 708, the court shall require the parties to identify reasonable alternative arrangements for visitation by a non-custodial parent, including but not limited to visitation of the minor child at the residence of another person or at a local public or private facility.

(a-3) Nothing in subsection (a-5) of this Section shall apply to a child in whose interests a petition under Section 2-13 of the Juvenile Court Act of 1987 is pending.

(a-5)(1) Except as otherwise provided in this subsection (a-5), any grandparent, great-grandparent, or sibling may file a petition for visitation rights to a minor child if there is an unreasonable denial of visitation by a parent and at least one of the following conditions exists:

(A) one parent of the child is incompetent as a matter of law or deceased or has been sentenced to a period of imprisonment for more than 1 year;

(B) the child's mother and father are divorced or have been legally separated from each other during the 3 month period prior to the filing of the petition and at least one parent does not object to the grandparent, great-grandparent, or sibling having visitation with the child. The visitation of the grandparent, great-grandparent, or sibling must not diminish the visitation of the parent who is not related to the grandparent, great-grandparent, or sibling seeking visitation;

New matter indicated by italics - deletions by strikeout
(C) the court, other than a Juvenile Court, has terminated a parent-child relationship and the grandparent, great-grandparent, or sibling is the parent of the person whose parental rights have been terminated, except in cases of adoption. The visitation must not be used to allow the parent who lost parental rights to unlawfully visit with the child;

(D) the child is born out of wedlock illegitimate, the parents are not living together, and the petitioner is a maternal grandparent, great-grandparent, or sibling of the child born out of wedlock illegitimate child; or

(E) the child is born out of wedlock illegitimate, the parents are not living together, the petitioner is a paternal grandparent, great-grandparent, or sibling, and the paternity has been established by a court of competent jurisdiction.

(2) The grandparent, great-grandparent, or sibling of a parent whose parental rights have been terminated through an adoption proceeding may not petition for visitation rights.

(3) In making a determination under this subsection (a-5), there is a rebuttable presumption that a fit parent's actions and decisions regarding grandparent, great-grandparent, or sibling visitation are not harmful to the child's mental, physical, or emotional health. The burden is on the party filing a petition under this Section to prove that the parent's actions and decisions regarding visitation times are harmful to the child's mental, physical, or emotional health.

(4) In determining whether to grant visitation, the court shall consider the following:

(A) the preference of the child if the child is determined to be of sufficient maturity to express a preference;

(B) the mental and physical health of the child;

(C) the mental and physical health of the grandparent, great-grandparent, or sibling;

(D) the length and quality of the prior relationship between the child and the grandparent, great-grandparent, or sibling;

(E) the good faith of the party in filing the petition;

(F) the good faith of the person denying visitation;

(G) the quantity of the visitation time requested and the potential adverse impact that visitation would have on the child's customary activities;

New matter indicated by italics - deletions by strikeout
(H) whether the child resided with the petitioner for at least 6 consecutive months with or without the current custodian present;

(I) whether the petitioner had frequent or regular contact with the child for at least 12 consecutive months; and

(J) any other fact that establishes that the loss of the relationship between the petitioner and the child is likely to harm the child's mental, physical, or emotional health.

(5) The court may order visitation rights for the grandparent, great-grandparent, or sibling that include reasonable access without requiring overnight or possessory visitation.

(a-7)(1) Unless by stipulation of the parties, no motion to modify a grandparent, great-grandparent, or sibling visitation order may be made earlier than 2 years after the date the order was filed, unless the court permits it to be made on the basis of affidavits that there is reason to believe the child's present environment may endanger seriously the child's mental, physical, or emotional health.

(2) The court shall not modify a prior grandparent, great-grandparent, or sibling visitation order unless it finds by clear and convincing evidence, upon the basis of facts that have arisen since the prior visitation order or that were unknown to the court at the time of entry of the prior visitation, that a change has occurred in the circumstances of the child or his or her custodian, and that the modification is necessary to protect the mental, physical, or emotional health of the child. The court shall state in its decision specific findings of fact in support of its modification or termination of the grandparent, great-grandparent, or sibling visitation.

(3) Attorney fees and costs shall be assessed against a party seeking modification of the visitation order if the court finds that the modification action is vexatious and constitutes harassment.

(4) Notice under this subsection (a-7) shall be given as provided in subsections (c) and (d) of Section 601.

(b) (1) (Blank.)

(1.5) The Court may grant reasonable visitation privileges to a stepparent upon petition to the court by the stepparent, with notice to the parties required to be notified under Section 601 of this Act, if the court determines that it is in the best interests and welfare of the child, and may issue any necessary orders to enforce those visitation privileges. A petition for visitation privileges may be filed under this paragraph (1.5) whether or
not a petition pursuant to this Act has been previously filed or is currently
pending if the following circumstances are met:
(A) the child is at least 12 years old;
(B) the child resided continuously with the parent and
stepparent for at least 5 years;
(C) the parent is deceased or is disabled and is unable to
care for the child;
(D) the child wishes to have reasonable visitation with the
stepparent; and
(E) the stepparent was providing for the care, control, and
welfare to the child prior to the initiation of the petition for
visitation.
(2)(A) A petition for visitation privileges shall not be filed
pursuant to this subsection (b) by the parents or grandparents of a putative
father if the paternity of the putative father has not been legally
established.

(B) A petition for visitation privileges may not be filed under this
subsection (b) if the child who is the subject of the grandparents' or great-
grandparents' petition has been voluntarily surrendered by the parent or
parents, except for a surrender to the Illinois Department of Children and
Family Services or a foster care facility, or has been previously adopted by
an individual or individuals who are not related to the biological parents of
the child or is the subject of a pending adoption petition by an individual
or individuals who are not related to the biological parents of the child.

(3) (Blank).

(c) The court may modify an order granting or denying visitation
rights of a parent whenever modification would serve the best interest of
the child; but the court shall not restrict a parent's visitation rights unless it
finds that the visitation would endanger seriously the child's physical,
mental, moral or emotional health. The court may modify an order
granting, denying, or limiting visitation rights of a grandparent, great-
grandparent, or sibling of any minor child whenever a change of
circumstances has occurred based on facts occurring subsequent to the
judgment and the court finds by clear and convincing evidence that the
modification is in the best interest of the minor child.

(d) If any court has entered an order prohibiting a non-custodial
parent of a child from any contact with a child or restricting the non-
custodial parent's contact with the child, the following provisions shall
apply:

New matter indicated by italics - deletions by strikeout
(1) If an order has been entered granting visitation privileges with the child to a grandparent or great-grandparent who is related to the child through the non-custodial parent, the visitation privileges of the grandparent or great-grandparent may be revoked if:

   (i) a court has entered an order prohibiting the non-custodial parent from any contact with the child, and the grandparent or great-grandparent is found to have used his or her visitation privileges to facilitate contact between the child and the non-custodial parent; or

   (ii) a court has entered an order restricting the non-custodial parent's contact with the child, and the grandparent or great-grandparent is found to have used his or her visitation privileges to facilitate contact between the child and the non-custodial parent in a manner that violates the terms of the order restricting the non-custodial parent's contact with the child.

   Nothing in this subdivision (1) limits the authority of the court to enforce its orders in any manner permitted by law.

(2) Any order granting visitation privileges with the child to a grandparent or great-grandparent who is related to the child through the non-custodial parent shall contain the following provision:

"If the (grandparent or great-grandparent, whichever is applicable) who has been granted visitation privileges under this order uses the visitation privileges to facilitate contact between the child and the child's non-custodial parent, the visitation privileges granted under this order shall be permanently revoked."

(e) No parent, not granted custody of the child, or grandparent, or great-grandparent, or stepparent, or sibling of any minor child, convicted of any offense involving an illegal sex act perpetrated upon a victim less than 18 years of age including but not limited to offenses for violations of Article 12 of the Criminal Code of 1961, is entitled to visitation rights while incarcerated or while on parole, probation, conditional discharge, periodic imprisonment, or mandatory supervised release for that offense, and upon discharge from incarceration for a misdemeanor offense or upon discharge from parole, probation, conditional discharge, periodic imprisonment, or mandatory supervised release for a felony offense, visitation shall be denied until the person successfully completes a treatment program approved by the court.

New matter indicated by italics - deletions by strikeout
(f) Unless the court determines, after considering all relevant factors, including but not limited to those set forth in Section 602(a), that it would be in the best interests of the child to allow visitation, the court shall not enter an order providing visitation rights and pursuant to a motion to modify visitation shall revoke visitation rights previously granted to any person who would otherwise be entitled to petition for visitation rights under this Section who has been convicted of first degree murder of the parent, grandparent, great-grandparent, or sibling of the child who is the subject of the order. Until an order is entered pursuant to this subsection, no person shall visit, with the child present, a person who has been convicted of first degree murder of the parent, grandparent, great-grandparent, or sibling of the child without the consent of the child's parent, other than a parent convicted of first degree murder as set forth herein, or legal guardian.

(g) If an order has been entered limiting, for cause, a minor child's contact or visitation with a grandparent, great-grandparent, or sibling on the grounds that it was in the best interest of the child to do so, that order may be modified only upon a showing of a substantial change in circumstances occurring subsequent to the entry of the order with proof by clear and convincing evidence that modification is in the best interest of the minor child.

Sec. 3-3. Parents. "Parent" means the father or mother of a lawful child of the parties legitimate or a child born out of wedlock illegitimate, and includes any adoptive parent. It does not include a parent whose rights in respect to the minor have been terminated in any manner provided by law.

Section 25. The Adoption Act is amended by changing Section 1 as follows:

(750 ILCS 50/1) (from Ch. 40, par. 1501)

B. "Related child" means a child subject to adoption where either or both of the adopting parents stands in any of the following relationships

to the child by blood or marriage: parent, grand-parent, brother, sister, step-parent, step-grandparent, step-brother, step-sister, uncle, aunt, great-uncle, great-aunt, or cousin of first degree. A child whose parent has executed a final irrevocable consent to adoption or a final irrevocable surrender for purposes of adoption, or whose parent has had his or her parental rights terminated, is not a related child to that person, unless the consent is determined to be void or is void pursuant to subsection O of Section 10.

C. "Agency" for the purpose of this Act means a public child welfare agency or a licensed child welfare agency.

D. "Unfit person" means any person whom the court shall find to be unfit to have a child, without regard to the likelihood that the child will be placed for adoption. The grounds of unfitness are any one or more of the following, except that a person shall not be considered an unfit person for the sole reason that the person has relinquished a child in accordance with the Abandoned Newborn Infant Protection Act:

(a) Abandonment of the child.

(a-1) Abandonment of a newborn infant in a hospital.

(a-2) Abandonment of a newborn infant in any setting where the evidence suggests that the parent intended to relinquish his or her parental rights.

(b) Failure to maintain a reasonable degree of interest, concern or responsibility as to the child's welfare.

(c) Desertion of the child for more than 3 months next preceding the commencement of the Adoption proceeding.

(d) Substantial neglect of the child if continuous or repeated.

(d-1) Substantial neglect, if continuous or repeated, of any child residing in the household which resulted in the death of that child.

(e) Extreme or repeated cruelty to the child.

(f) Two or more findings of physical abuse to any children under Section 4-8 of the Juvenile Court Act or Section 2-21 of the Juvenile Court Act of 1987, the most recent of which was determined by the juvenile court hearing the matter to be supported by clear and convincing evidence; a criminal conviction or a finding of not guilty by reason of insanity resulting from the death of any child by physical child abuse; or a finding of physical child abuse resulting from the death of any child under Section 4-8 of the

New matter indicated by italics - deletions by strikeout
Juvenile Court Act or Section 2-21 of the Juvenile Court Act of 1987.

(g) Failure to protect the child from conditions within his environment injurious to the child's welfare.

(h) Other neglect of, or misconduct toward the child; provided that in making a finding of unfitness the court hearing the adoption proceeding shall not be bound by any previous finding, order or judgment affecting or determining the rights of the parents toward the child sought to be adopted in any other proceeding except such proceedings terminating parental rights as shall be had under either this Act, the Juvenile Court Act or the Juvenile Court Act of 1987.

(i) Depravity. Conviction of any one of the following crimes shall create a presumption that a parent is depraved which can be overcome only by clear and convincing evidence: (1) first degree murder in violation of paragraph 1 or 2 of subsection (a) of Section 9-1 of the Criminal Code of 1961 or conviction of second degree murder in violation of subsection (a) of Section 9-2 of the Criminal Code of 1961 of a parent of the child to be adopted; (2) first degree murder or second degree murder of any child in violation of the Criminal Code of 1961; (3) attempt or conspiracy to commit first degree murder or second degree murder of any child in violation of the Criminal Code of 1961; (4) solicitation to commit murder of any child, solicitation to commit murder of any child for hire, or solicitation to commit second degree murder of any child in violation of the Criminal Code of 1961; or (5) aggravated criminal sexual assault in violation of Section 12-14(b)(1) of the Criminal Code of 1961.

There is a rebuttable presumption that a parent is depraved if the parent has been criminally convicted of at least 3 felonies under the laws of this State or any other state, or under federal law, or the criminal laws of any United States territory; and at least one of these convictions took place within 5 years of the filing of the petition or motion seeking termination of parental rights.

There is a rebuttable presumption that a parent is depraved if that parent has been criminally convicted of either first or second degree murder of any person as defined in the Criminal Code of 1961 within 10 years of the filing date of the petition or motion to terminate parental rights.

(j) Open and notorious adultery or fornication.
(j-1) (Blank).

(k) Habitual drunkenness or addiction to drugs, other than those prescribed by a physician, for at least one year immediately prior to the commencement of the unfitness proceeding.

There is a rebuttable presumption that a parent is unfit under this subsection with respect to any child to which that parent gives birth where there is a confirmed test result that at birth the child's blood, urine, or meconium contained any amount of a controlled substance as defined in subsection (f) of Section 102 of the Illinois Controlled Substances Act or metabolites of such substances, the presence of which in the newborn infant was not the result of medical treatment administered to the mother or the newborn infant; and the biological mother of this child is the biological mother of at least one other child who was adjudicated a neglected minor under subsection (c) of Section 2-3 of the Juvenile Court Act of 1987.

(l) Failure to demonstrate a reasonable degree of interest, concern or responsibility as to the welfare of a newborn child during the first 30 days after its birth.

(m) Failure by a parent (i) to make reasonable efforts to correct the conditions that were the basis for the removal of the child from the parent, or (ii) to make reasonable progress toward the return of the child to the parent within 9 months after an adjudication of neglected or abused minor under Section 2-3 of the Juvenile Court Act of 1987 or dependent minor under Section 2-4 of that Act, or (iii) to make reasonable progress toward the return of the child to the parent during any 9-month period after the end of the initial 9-month period following the adjudication of neglected or abused minor under Section 2-3 of the Juvenile Court Act of 1987 or dependent minor under Section 2-4 of that Act. If a service plan has been established as required under Section 8.2 of the Abused and Neglected Child Reporting Act to correct the conditions that were the basis for the removal of the child from the parent and if those services were available, then, for purposes of this Act, "failure to make reasonable progress toward the return of the child to the parent" includes (I) the parent's failure to substantially fulfill his or her obligations under the service plan and correct the conditions that brought the child into care within 9 months after the adjudication under Section 2-3 or 2-4 of the Juvenile Court Act of 1987 and (II) the parent's failure to
substantially fulfill his or her obligations under the service plan and correct the conditions that brought the child into care during any 9-month period after the end of the initial 9-month period following the adjudication under Section 2-3 or 2-4 of the Juvenile Court Act of 1987.

(m-1) Pursuant to the Juvenile Court Act of 1987, a child has been in foster care for 15 months out of any 22 month period which begins on or after the effective date of this amendatory Act of 1998 unless the child's parent can prove by a preponderance of the evidence that it is more likely than not that it will be in the best interests of the child to be returned to the parent within 6 months of the date on which a petition for termination of parental rights is filed under the Juvenile Court Act of 1987. The 15 month time limit is tolled during any period for which there is a court finding that the appointed custodian or guardian failed to make reasonable efforts to reunify the child with his or her family, provided that (i) the finding of no reasonable efforts is made within 60 days of the period when reasonable efforts were not made or (ii) the parent filed a motion requesting a finding of no reasonable efforts within 60 days of the period when reasonable efforts were not made. For purposes of this subdivision (m-1), the date of entering foster care is the earlier of: (i) the date of a judicial finding at an adjudicatory hearing that the child is an abused, neglected, or dependent minor; or (ii) 60 days after the date on which the child is removed from his or her parent, guardian, or legal custodian.

(n) Evidence of intent to forgo his or her parental rights, whether or not the child is a ward of the court, (1) as manifested by his or her failure for a period of 12 months: (i) to visit the child, (ii) to communicate with the child or agency, although able to do so and not prevented from doing so by an agency or by court order, or (iii) to maintain contact with or plan for the future of the child, although physically able to do so, or (2) as manifested by the father's failure, where he and the mother of the child were unmarried to each other at the time of the child's birth, (i) to commence legal proceedings to establish his paternity under the Illinois Parentage Act of 1984 or the law of the jurisdiction of the child's birth within 30 days of being informed, pursuant to Section 12a of this Act, that he is the father or the likely father of the child or, after being so informed where the child is not yet born, within 30 days of the child's birth, or (ii) to make a good faith effort to pay

a reasonable amount of the expenses related to the birth of the child and to provide a reasonable amount for the financial support of the child, the court to consider in its determination all relevant circumstances, including the financial condition of both parents; provided that the ground for termination provided in this subparagraph (n)(2)(ii) shall only be available where the petition is brought by the mother or the husband of the mother.

Contact or communication by a parent with his or her child that does not demonstrate affection and concern does not constitute reasonable contact and planning under subdivision (n). In the absence of evidence to the contrary, the ability to visit, communicate, maintain contact, pay expenses and plan for the future shall be presumed. The subjective intent of the parent, whether expressed or otherwise, unsupported by evidence of the foregoing parental acts manifesting that intent, shall not preclude a determination that the parent has intended to forgo his or her parental rights. In making this determination, the court may consider but shall not require a showing of diligent efforts by an authorized agency to encourage the parent to perform the acts specified in subdivision (n).

It shall be an affirmative defense to any allegation under paragraph (2) of this subsection that the father's failure was due to circumstances beyond his control or to impediments created by the mother or any other person having legal custody. Proof of that fact need only be by a preponderance of the evidence.

(o) Repeated or continuous failure by the parents, although physically and financially able, to provide the child with adequate food, clothing, or shelter.

(p) Inability to discharge parental responsibilities supported by competent evidence from a psychiatrist, licensed clinical social worker, or clinical psychologist of mental impairment, mental illness or mental retardation as defined in Section 1-116 of the Mental Health and Developmental Disabilities Code, or developmental disability as defined in Section 1-106 of that Code, and there is sufficient justification to believe that the inability to discharge parental responsibilities shall extend beyond a reasonable time period. However, this subdivision (p) shall not be construed so as to permit a licensed clinical social worker to conduct any medical diagnosis to determine mental illness or mental impairment.

(q) The parent has been criminally convicted of aggravated battery, heinous battery, or attempted murder of any child.

(r) The child is in the temporary custody or guardianship of the Department of Children and Family Services, the parent is incarcerated as a result of criminal conviction at the time the petition or motion for termination of parental rights is filed, prior to incarceration the parent had little or no contact with the child or provided little or no support for the child, and the parent's incarceration will prevent the parent from discharging his or her parental responsibilities for the child for a period in excess of 2 years after the filing of the petition or motion for termination of parental rights.

(s) The child is in the temporary custody or guardianship of the Department of Children and Family Services, the parent is incarcerated at the time the petition or motion for termination of parental rights is filed, the parent has been repeatedly incarcerated as a result of criminal convictions, and the parent's repeated incarceration has prevented the parent from discharging his or her parental responsibilities for the child.

(t) A finding that at birth the child's blood, urine, or meconium contained any amount of a controlled substance as defined in subsection (f) of Section 102 of the Illinois Controlled Substances Act, or a metabolite of a controlled substance, with the exception of controlled substances or metabolites of such substances, the presence of which in the newborn infant was the result of medical treatment administered to the mother or the newborn infant, and that the biological mother of this child is the biological mother of at least one other child who was adjudicated a neglected minor under subsection (c) of Section 2-3 of the Juvenile Court Act of 1987, after which the biological mother had the opportunity to enroll in and participate in a clinically appropriate substance abuse counseling, treatment, and rehabilitation program.

moneys for the Fund received from any other source. The Fund shall be held by the State Treasurer, as ex-officio custodian thereof, separate and apart from all public moneys or funds of this State, but the moneys in the Fund shall be deposited as required by law and maintained in a separate account on the books of a savings and loan association or bank. The Fund shall be administered by the Director exclusively for the purposes of this Section. No moneys in the Fund shall be paid or expended except upon the direction of the Director exclusively for the purposes of this Section.

In lieu of contributions required of other employers under this Act, the State Treasurer, upon the direction of the Director, shall transfer to and deposit in the clearing account established by Section 2100, an amount equivalent to the amount of regular benefits and one-half the amount of extended benefits (defined in Section 409) paid for weeks which begin before January 1, 1979, and to the amount of all benefits paid for weeks which begin on and after January 1, 1979, to individuals who, during there respective base periods, were paid wages for insured work by the State or any of its wholly owned instrumentalities. If an individual was paid such wages during his base period both by the State or any of such instrumentalities and by one or more other employers, the amount to be so transferred by the State Treasurer with respect to such individual shall be a sum which bears the same ratio to the total benefits paid to the individual as the wages for insured work paid to the individual during his base period by the State and any such instrumentalities bear to the total wages for insured work paid to the individual during the base period by all of the employers. Notwithstanding the previous provisions of this Section with respect to benefit years beginning prior to July 1, 1989, any adjustment after September 30, 1989 to the base period wages paid to the individual by any employer shall not affect the ratio for determining the amount to be transferred to the clearing account by the State Treasurer. Provided, however, that with respect to benefit years beginning on or after July 1, 1989, the State Treasurer shall transfer to and deposit in the clearing account an amount equal to 100% of regular benefits, including dependents' allowances, and 100% of extended benefits, including dependents' allowances paid to an individual, but only if the State: (a) is

make payments in an amount equal to 50% of regular benefits, including
dependents' allowances, and 50% of extended benefits, including

On and after July 1, 2005, transfers to the clearing account

(105 ILCS 5/1A-8)  (from Ch. 122, par. 1A-8)

Sec. 1A-8. Powers of the Board in Assisting Districts Deemed in Financial Difficulties. To promote the financial integrity of school districts, the State Board of Education shall be provided the necessary powers to promote sound financial management and continue operation of the public schools.

The State Superintendent of Education may require a school district, including any district subject to Article 34A of this Code, to share financial information relevant to a proper investigation of the district's financial condition and the delivery of appropriate State financial, technical, and consulting services to the district if the district (i) has been designated, through the State Board of Education's School District Financial Profile System, as on financial warning or financial watch status, (ii) has failed to file an annual financial report, annual budget, deficit reduction plan, or other financial information as required by law, or (iii) has been identified, through the district's annual audit or other financial and management information, as in serious financial difficulty in the current or next school year. In addition to financial, technical, and consulting services provided by the State Board of Education, at the request of a school district, the State Superintendent may provide for an independent financial consultant to assist the district review its financial condition and options.

The State Board of Education, after proper investigation of a district's financial condition, may certify that a district, including any district subject to Article 34A, is in financial difficulty when any of the following conditions occur:

(2) The district has issued tax anticipation warrants or tax anticipation notes in anticipation of a second year's taxes when warrants or notes in anticipation of current year taxes are still outstanding, as authorized by Sections 17-16, 34-23, 34-59 and 34-63 of this Code, or has issued short-term debt against 2 future

revenue sources, such as, but not limited to, tax anticipation warrants and general State Aid certificates or tax anticipation warrants and revenue anticipation notes;

(3) The district has for 2 consecutive years shown an excess of expenditures and other financing uses over revenues and other financing sources and beginning fund balances on its annual financial report for the aggregate totals of the Educational, Operations and Maintenance, Transportation, and Working Cash Funds;

(4) The district refuses to provide financial information or cooperate with the State Superintendent in an investigation of the district's financial condition. The district had an enrollment of no fewer than 4,000 pupils during the 1997-1998 school year, has been previously certified to be in financial difficulty and requests to be recertified as a result of continuing financial problems. No recertification may be made under this item (4) after December 31, 1999.

No school district shall be certified by the State Board of Education to be in financial difficulty by reason of any of the above circumstances arising as a result of the failure of the county to make any distribution of property tax money due the district at the time such distribution is due; or if the district clearly demonstrates to the satisfaction of the State Board of Education at the time of its determination that such condition no longer exists. If the State Board of Education certifies that a district in a city with 500,000 inhabitants or more is in financial difficulty, the State Board shall so notify the Governor and the Mayor of the city in which the district is located. The State Board of Education may require school districts certified in financial difficulty, except those districts subject to Article 34A, to develop, adopt and submit a financial plan within 45 days after certification of financial difficulty. A district certified to be in financial difficulty, other than a district subject to Article 34A, shall report to the State Board of Education at such times and in such manner as the State Board may direct, concerning the district's compliance with each financial plan. The State Board may review the district's operations, obtain budgetary data and financial statements,

require the district to produce reports, and have access to any other information in the possession of the district that it deems relevant. The State Board may issue recommendations or directives within its powers to the district to assist in assuring compliance with the financial plan. The district shall produce such budgetary data, financial statements, reports and other information and comply with such directives. If the State Board of Education determines that a district has failed to comply with its financial plan, the State Board of Education may rescind approval of the plan and appoint a Financial Oversight Panel for the district as provided in Section 1B-4. This action shall be taken only after the district has been given notice and an opportunity to appear before the State Board of Education to discuss its failure to comply with its financial plan.

No bonds, notes, teachers orders, tax anticipation warrants or other evidences of indebtedness shall be issued or sold by a school district or be legally binding upon or enforceable against a local board of education of a district certified to be in financial difficulty unless and until the financial plan required under this Section has been approved by the State Board of Education.

Moneys in the Fund may be appropriated only to the Illinois Finance Authority and the State Board for those purposes authorized under Article 1F of this Code and for the purposes of Section 1F-62 of this Code. The appropriation may be allocated and expended by the State Board as grants to provide technical and consulting services to school districts to assess their financial condition and by the Illinois Finance Authority as loans to school districts which are the subject of an approved petition for emergency financial assistance under Section 1B-4 or 1F-62 of this Code.
Neither the State Board of Education nor the Illinois Finance Authority may collect any fees for providing these services. From the amount allocated to each such school district the State Board shall identify a sum sufficient to cover all approved costs of the Financial Oversight Panel established for the respective school district. If the State Board and State Superintendent of Education have not approved emergency financial assistance in conjunction with the appointment of a Financial Oversight Panel, the Panel's approved costs shall be paid from deductions from the district's general State aid.

The Financial Oversight Panel may prepare and file with the State Superintendent a proposal for emergency financial assistance for the school district and for its the operations budget of the Panel. An emergency financial assistance grant shall not exceed $1,000 $250 times the number of such pupils. A district may receive both a loan and a grant.

The payment of an emergency State financial assistance grant or loan shall be subject to appropriation by the General Assembly. Any emergency financial assistance proposed by the Financial Oversight Panel and approved by the State Superintendent may be paid in its entirety during the initial year of the Panel's existence or spread in equal or declining amounts over a period of years not to exceed the period of the Panel's existence. All loan payments made from the School District Emergency Financial Assistance Fund for a school district shall be required to be repaid, with simple interest over the term of the loan at a rate equal to 50% of the one-year Constant Maturity Treasury (CMT) yield as last published by the Board of Governors of the Federal Reserve System before the date on which the district's loan is approved by the State Board.
of Education, not later than the date the Financial Oversight Panel ceases to exist. The schedule shall provide for repayments commencing July 1 of each year or upon each fiscal year's receipt of moneys from a tax levy for emergency financial assistance. Repayment shall be incorporated into the annual budget of the school district and may be made from any fund or funds of the district in which there are moneys available. Default on repayment is subject to the Illinois Grant Funds Recovery Act. When moneys are repaid as provided herein they shall not be made available to the local board for further use as emergency financial assistance under this Article at any time thereafter. Such tax levy shall not be subject to referendum approval. The amount of the levy shall be equal to the amount necessary to meet the annual repayment obligations of the district as established by the Panel, or 20% of the amount levied for educational purposes for the prior year, whichever is less. However, no district shall be required to levy the tax if the district's operating tax rate as determined under Section 18-8 or 18-8.05 exceeds 200% of the district's tax rate for educational purposes for the prior year.

Sec. 17-1. Annual Budget. The board of education of each school district under 500,000 inhabitants shall, within or before the first quarter of each fiscal year, adopt and file with the State Board of Education an annual balanced budget which it deems necessary to defray all necessary expenses and liabilities of the district, and in such annual budget shall specify the objects and purposes of each item and amount needed for each object or purpose.

The budget shall be entered upon a School District Budget form prepared and provided by the State Board of Education and therein shall contain a statement of the cash on hand at the beginning of the fiscal year,

an estimate of the cash expected to be received during such fiscal year from all sources, an estimate of the expenditures contemplated for such fiscal year, and a statement of the estimated cash expected to be on hand at the end of such year. The estimate of taxes to be received may be based upon the amount of actual cash receipts that may reasonably be expected by the district during such fiscal year, estimated from the experience of the district in prior years and with due regard for other circumstances that may substantially affect such receipts. Nothing in this Section shall be construed as requiring any district to change or preventing any district from changing from a cash basis of financing to a surplus or deficit basis of financing; or as requiring any district to change or preventing any district from changing its system of accounting.

To the extent that a school district's budget is not balanced, the district shall also adopt and file with the State Board of Education a deficit reduction plan to balance the district's budget within 3 years. The deficit reduction plan must be filed at the same time as the budget, but the State Superintendent of Education may extend this deadline if the situation warrants.

The board of education of each district shall fix a fiscal year therefor. If the beginning of the fiscal year of a district is subsequent to the time that the tax levy due to be made in such fiscal year shall be made, then such annual budget shall be adopted prior to the time such tax levy shall be made. The failure by a board of education of any district to adopt an annual budget, or to comply in any respect with the provisions of this Section, shall not affect the validity of any tax levy of the district otherwise in conformity with the law. With respect to taxes levied either before, on, or after the effective date of this amendatory Act of the 91st General Assembly, (i) a tax levy is made for the fiscal year in which the levy is due to be made regardless of which fiscal year the proceeds of the levy are expended or are intended to be expended, and (ii) except as otherwise provided by law, a board of education's adoption of an annual budget in conformity with this Section is not a prerequisite to the adoption of a valid tax levy and is not a limit on the amount of the levy.

Such budget shall be prepared in tentative form by some person or persons designated by the board, and in such tentative form shall be made conveniently available to public inspection for at least 30 days prior to final action thereon. At least 1 public hearing shall be held as to such budget prior to final action thereon. Notice of availability for public inspection and of such public hearing shall be given by publication in a newspaper published in such district, at least 30 days prior to the time of

such hearing. If there is no newspaper published in such district, notice of such public hearing shall be given by posting notices thereof in 5 of the most public places in such district. It shall be the duty of the secretary of such board to make such tentative budget available to public inspection, and to arrange for such public hearing. The board may from time to time make transfers between the various items in any fund not exceeding in the aggregate 10% of the total of such fund as set forth in the budget. The board may from time to time amend such budget by the same procedure as is herein provided for its original adoption.

Beginning July 1, 1976, the board of education, or regional superintendent, or governing board responsible for the administration of a joint agreement shall, by September 1 of each fiscal year thereafter, adopt an annual budget for the joint agreement in the same manner and subject to the same requirements as are provided in this Section.

The State Board of Education shall exercise powers and duties relating to budgets as provided in Section 2-3.27 of this Code and shall require school districts to submit their annual budgets, deficit reduction plans, and other financial information, including revenue and expenditure reports and borrowing and interfund transfer plans, in such form and within the timelines designated by the State Board of Education Act.

By fiscal year 1982 all school districts shall use the Program Budget Accounting System.

In the case of a school district receiving emergency State financial assistance under Article 1B, the school board shall also be subject to the requirements established under Article 1B with respect to the annual budget.

(105 ILCS 5/19-1) (from Ch. 122, par. 19-1)
Sec. 19-1. Debt limitations of school districts.

(a) School districts shall not be subject to the provisions limiting their indebtedness prescribed in "An Act to limit the indebtedness of counties having a population of less than 500,000 and townships, school districts and other municipal corporations having a population of less than 300,000", approved February 15, 1928, as amended.

No school districts maintaining grades K through 8 or 9 through 12 shall become indebted in any manner or for any purpose to an amount, including existing indebtedness, in the aggregate exceeding 6.9% on the value of the taxable property therein to be ascertained by the last assessment for State and county taxes or, until January 1, 1983, if greater,
the sum that is produced by multiplying the school district's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979, previous to the incurring of such indebtedness.

No school districts maintaining grades K through 12 shall become indebted in any manner or for any purpose to an amount, including existing indebtedness, in the aggregate exceeding 13.8% on the value of the taxable property therein to be ascertained by the last assessment for State and county taxes or, until January 1, 1983, if greater, the sum that is produced by multiplying the school district's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979, previous to the incurring of such indebtedness.

Notwithstanding the provisions of any other law to the contrary, in any case in which the voters of a school district have approved a proposition for the issuance of bonds of such school district at an election held prior to January 1, 1979, and all of the bonds approved at such election have not been issued, the debt limitation applicable to such school district during the calendar year 1979 shall be computed by multiplying the value of taxable property therein, including personal property, as ascertained by the last assessment for State and county taxes, previous to the incurring of such indebtedness, by the percentage limitation applicable to such school district under the provisions of this subsection (a).

(b) Notwithstanding the debt limitation prescribed in subsection (a) of this Section, additional indebtedness may be incurred in an amount not to exceed the estimated cost of acquiring or improving school sites or constructing and equipping additional building facilities under the following conditions:

(1) Whenever the enrollment of students for the next school year is estimated by the board of education to increase over the actual present enrollment by not less than 35% or by not less than 200 students or the actual present enrollment of students has increased over the previous school year by not less than 35% or by not less than 200 students and the board of education determines that additional school sites or building facilities are required as a result of such increase in enrollment; and

(2) When the Regional Superintendent of Schools having jurisdiction over the school district and the State Superintendent of Education concur in such enrollment projection or increase and approve the need for such additional school sites or building facilities and the estimated cost thereof; and

New matter indicated by italics - deletions by strikeout
(3) When the voters in the school district approve a proposition for the issuance of bonds for the purpose of acquiring or improving such needed school sites or constructing and equipping such needed additional building facilities at an election called and held for that purpose. Notice of such an election shall state that the amount of indebtedness proposed to be incurred would exceed the debt limitation otherwise applicable to the school district. The ballot for such proposition shall state what percentage of the equalized assessed valuation will be outstanding in bonds if the proposed issuance of bonds is approved by the voters; or

(4) Notwithstanding the provisions of paragraphs (1) through (3) of this subsection (b), if the school board determines that additional facilities are needed to provide a quality educational program and not less than 2/3 of those voting in an election called by the school board on the question approve the issuance of bonds for the construction of such facilities, the school district may issue bonds for this purpose; or

(5) Notwithstanding the provisions of paragraphs (1) through (3) of this subsection (b), if (i) the school district has previously availed itself of the provisions of paragraph (4) of this subsection (b) to enable it to issue bonds, (ii) the voters of the school district have not defeated a proposition for the issuance of bonds since the referendum described in paragraph (4) of this subsection (b) was held, (iii) the school board determines that additional facilities are needed to provide a quality educational program, and (iv) a majority of those voting in an election called by the school board on the question approve the issuance of bonds for the construction of such facilities, the school district may issue bonds for this purpose.

In no event shall the indebtedness incurred pursuant to this subsection (b) and the existing indebtedness of the school district exceed 15% of the value of the taxable property therein to be ascertained by the last assessment for State and county taxes, previous to the incurring of such indebtedness or, until January 1, 1983, if greater, the sum that is produced by multiplying the school district's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979.

The indebtedness provided for by this subsection (b) shall be in addition to and in excess of any other debt limitation. (c) Notwithstanding the debt limitation prescribed in subsection (a) of this Section, in any case in which a public question for the issuance of bonds of a proposed school

district maintaining grades kindergarten through 12 received at least 60% of the valid ballots cast on the question at an election held on or prior to November 8, 1994, and in which the bonds approved at such election have not been issued, the school district pursuant to the requirements of Section 11A-10 may issue the total amount of bonds approved at such election for the purpose stated in the question.

(d) Notwithstanding the debt limitation prescribed in subsection (a) of this Section, a school district that meets all the criteria set forth in paragraphs (1) and (2) of this subsection (d) may incur an additional indebtedness in an amount not to exceed $4,500,000, even though the amount of the additional indebtedness authorized by this subsection (d), when incurred and added to the aggregate amount of indebtedness of the district existing immediately prior to the district incurring the additional indebtedness authorized by this subsection (d), causes the aggregate indebtedness of the district to exceed the debt limitation otherwise applicable to that district under subsection (a):

(1) The additional indebtedness authorized by this subsection (d) is incurred by the school district through the issuance of bonds under and in accordance with Section 17-2.11a for the purpose of replacing a school building which, because of mine subsidence damage, has been closed as provided in paragraph (2) of this subsection (d) or through the issuance of bonds under and in accordance with Section 19-3 for the purpose of increasing the size of, or providing for additional functions in, such replacement school buildings, or both such purposes.

(2) The bonds issued by the school district as provided in paragraph (1) above are issued for the purposes of construction by the school district of a new school building pursuant to Section 17-2.11, to replace an existing school building that, because of mine subsidence damage, is closed as of the end of the 1992-93 school year pursuant to action of the regional superintendent of schools of the educational service region in which the district is located under Section 3-14.22 or are issued for the purpose of increasing the size of, or providing for additional functions in, the new school building being constructed to replace a school building closed as the result of mine subsidence damage, or both such purposes.

(e) (Blank). Notwithstanding the debt limitation prescribed in subsection (a) of this Section, a school district that meets all the criteria set forth in paragraphs (1) through (5) of this subsection (e) may, without referendum, incur an additional indebtedness in an amount not to exceed
the lesser of $5,000,000 or 1.5% of the value of the taxable property within the district even though the amount of the additional indebtedness authorized by this subsection (e), when incurred and added to the aggregate amount of indebtedness of the district existing immediately prior to the district incurring that additional indebtedness, causes the aggregate indebtedness of the district to exceed or increases the amount by which the aggregate indebtedness of the district already exceeds the debt limitation otherwise applicable to that district under subsection (a):

(1) The State Board of Education certifies the school district under Section 19-1.5 as a financially distressed district.

(2) The additional indebtedness authorized by this subsection (e) is incurred by the financially distressed district during the school year or school years in which the certification of the district as a financially distressed district continues in effect through the issuance of bonds for the lawful school purposes of the district, pursuant to resolution of the school board and without referendum, as provided in paragraph (5) of this subsection.

(3) The aggregate amount of bonds issued by the financially distressed district during a fiscal year in which it is authorized to issue bonds under this subsection does not exceed the amount by which the aggregate expenditures of the district for operational purposes during the immediately preceding fiscal year exceeds the amount appropriated for the operational purposes of the district in the annual school budget adopted by the school board of the district for the fiscal year in which the bonds are issued.

(4) Throughout each fiscal year in which certification of the district as a financially distressed district continues in effect, the district maintains in effect a gross salary expense and gross wage expense freeze policy under which the district expenditures for total employee salaries and wages do not exceed such expenditures for the immediately preceding fiscal year. Nothing in this paragraph, however, shall be deemed to impair or to require impairment of the contractual obligations, including collective bargaining agreements, of the district or to impair or require the impairment of the vested rights of any employee of the district under the terms of any contract or agreement in effect on the effective date of this amendatory Act of 1994.

(5) Bonds issued by the financially distressed district under this subsection shall bear interest at a rate not to exceed the maximum rate authorized by law at the time of the making of the
contract, shall mature within 40 years from their date of issue, and shall be signed by the president of the school board and treasurer of the school district. In order to issue bonds under this subsection, the school board shall adopt a resolution fixing the amount of the bonds, the date of the bonds, the maturities of the bonds, the rates of interest of the bonds, and their place of payment and denomination, and shall provide for the levy and collection of a direct annual tax upon all the taxable property in the district sufficient to pay the principal and interest on the bonds to maturity. Upon the filing in the office of the county clerk of the county in which the financially distressed district is located of a certified copy of the resolution, it is the duty of the county clerk to extend the tax therefor in addition to and in excess of all other taxes at any time authorized to be levied by the district. If bond proceeds from the sale of bonds include a premium or if the proceeds of the bonds are invested as authorized by law, the school board shall determine by resolution whether the interest earned on the investment of bond proceeds or the premium realized on the sale of the bonds is to be used for any of the lawful school purposes for which the bonds were issued or for the payment of the principal indebtedness and interest on the bonds. The proceeds of the bond sale shall be deposited in the educational purposes fund of the district and shall be used to pay operational expenses of the district. This subsection is cumulative and constitutes complete authority for the issuance of bonds as provided in this subsection, notwithstanding any other law to the contrary.

(f) Notwithstanding the provisions of subsection (a) of this Section or of any other law, bonds in not to exceed the aggregate amount of $5,500,000 and issued by a school district meeting the following criteria shall not be considered indebtedness for purposes of any statutory limitation and may be issued in an amount or amounts, including existing indebtedness, in excess of any heretofore or hereafter imposed statutory limitation as to indebtedness:

(1) At the time of the sale of such bonds, the board of education of the district shall have determined by resolution that the enrollment of students in the district is projected to increase by not less than 7% during each of the next succeeding 2 school years.

(2) The board of education shall also determine by resolution that the improvements to be financed with the proceeds

of the bonds are needed because of the projected enrollment increases.

(3) The board of education shall also determine by resolution that the projected increases in enrollment are the result of improvements made or expected to be made to passenger rail facilities located in the school district.

Notwithstanding the provisions of subsection (a) of this Section or of any other law, a school district that has availed itself of the provisions of this subsection (f) prior to July 22, 2004 (the effective date of Public Act 93-799) this amendatory Act of the 93rd General Assembly may also issue bonds approved by referendum up to an amount, including existing indebtedness, not exceeding 25% of the equalized assessed value of the taxable property in the district if all of the conditions set forth in items (1), (2), and (3) of this subsection (f) are met.

(g) Notwithstanding the provisions of subsection (a) of this Section or any other law, bonds in not to exceed an aggregate amount of 25% of the equalized assessed value of the taxable property of a school district and issued by a school district meeting the criteria in paragraphs (i) through (iv) of this subsection shall not be considered indebtedness for purposes of any statutory limitation and may be issued pursuant to resolution of the school board in an amount or amounts, including existing indebtedness, in excess of any statutory limitation of indebtedness heretofore or hereafter imposed:

(i) The bonds are issued for the purpose of constructing a new high school building to replace two adjacent existing buildings which together house a single high school, each of which is more than 65 years old, and which together are located on more than 10 acres and less than 11 acres of property.

(ii) At the time the resolution authorizing the issuance of the bonds is adopted, the cost of constructing a new school building to replace the existing school building is less than 60% of the cost of repairing the existing school building.

(iii) The sale of the bonds occurs before July 1, 1997.

(iv) The school district issuing the bonds is a unit school district located in a county of less than 70,000 and more than 50,000 inhabitants, which has an average daily attendance of less than 1,500 and an equalized assessed valuation of less than $29,000,000.

(e) Any person who provides or offers immigration assistance service and is not exempted from this Section, shall post signs at his or her place of business, setting forth information in English and in every other language in which the person provides or offers to provide immigration assistance service. This notice shall be of a conspicuous size, if in writing, and shall state: "I AM NOT AN ATTORNEY LICENSED TO PRACTICE LAW IN ILLINOIS AND MAY NOT GIVE LEGAL ADVICE OR ACCEPT FEES FOR LEGAL ADVICE." If such advertisement is by radio or television, the statement may be modified but must include substantially the same message.

Any person who provides or offers immigration assistance service and is not exempted from this Section shall not, in any document, advertisement, stationery, letterhead, business card, or other comparable written material, literally translate from English into another language terms or titles including, but not limited to, notary public, notary, licensed, attorney, lawyer, or any other term that implies the person is an attorney. If not subject to penalties under subsection (a) of Section 3-103 of the Notary Public Act (5 ILCS 312/3-103), violations of this subsection shall result in a fine of $1,000. Violations shall not preempt or preclude additional appropriate civil or criminal penalties.

(m) Any person who violates any provision of this Section, or the rules and regulations issued under this Section, shall be guilty of a Class A misdemeanor for a first offense and a Class 3 felony for a second or subsequent offense committed within 5 years of a previous conviction for the same offense.

Upon his own information or upon the complaint of any person, the Attorney General or any State's Attorney, or a municipality with a population of more than 1,000,000, may maintain an action for injunctive relief and also seek a civil penalty not exceeding $50,000 in the circuit court against any person who violates any provision of this Section. These remedies are in addition to, and not in substitution for, other available remedies.

If the Attorney General or any State's Attorney or a municipality with a population of more than 1,000,000 fails to bring an action as provided under this Section any person may file a civil action to enforce the provisions of this Article and maintain an action for injunctive relief, for compensatory damages to recover prohibited fees, or for such additional relief as may be appropriate to deter, prevent, or compensate for the violation. In order to deter violations of this Section, courts shall not require a showing of the traditional elements for equitable relief. A prevailing plaintiff may be awarded 3 times the prohibited fees or a minimum of $1,000 in punitive damages, attorney's fees, and costs of bringing an action under this Section. It is the express intention of the General Assembly that remedies for violation of this Section be cumulative.

(n) No unit of local government, including any home rule unit, shall have the authority to regulate immigration assistance services unless such regulations are at least as stringent as those contained in this amendatory Act of 1992. It is declared to be the law of this State, pursuant to paragraph (i) of Section 6 of Article VII of the Illinois Constitution of 1970, that this amendatory Act of 1992 is a limitation on the authority of a home rule unit to exercise powers concurrently with the State. The limitations of this Section do not apply to a home rule unit that has, prior to the effective date of this amendatory Act, adopted an ordinance regulating immigration assistance services.

(o) This Section is severable under Section 1.31 of the Statute on Statutes.

This subsection (a-1) does not apply if a federal or State law, rule, or regulation requires that the card holder's address be recorded in specified transactions or if the encrypted information is obtained for the detection or possible prosecution of criminal offenses or fraud. Section 10. The Illinois Vehicle Code is amended by changing Sections 3-113, 3-401, 3-412, 3-416, 3-704, 3-802, 3-803, 3-818, 6-107, 6-301.2, 7-315, 7-318, 7-503, and 12-603.1 as follows:

vehicle to another person. Within 10 days after delivery to him of the vehicle, he need not send the certificate to the Secretary of State but, upon transferring the vehicle to another person, the dealer other than by the creation of a security interest, shall promptly and within 20 days execute the assignment and warranty of title by a dealer, showing the names and addresses of the transferee and of any lienholder holding a security interest created or reserved at the time of the resale, in the spaces provided therefor on the certificate or as the Secretary of State prescribes, and mail or deliver the certificate to the Secretary of State with the transferee's application for a new certificate, except as provided in Section 3-117.2.

(b) The Secretary of State may decline to process any application for a transfer of an interest in a vehicle if any fees or taxes due under this Code from the transferor or the transferee have not been paid upon reasonable notice and demand.

(c) Any person who violates this Section shall be guilty of a petty offense.

(625 ILCS 5/3-401) (from Ch. 95 1/2, par. 3-401)
Sec. 3-401. Effect of provisions.

(a) It shall be unlawful for any person to violate any provision of this Chapter or to drive or move or for an owner knowingly to permit to be driven or moved upon any highway any vehicle of a type required to be registered hereunder which is not registered or for which the appropriate fee has not been paid when and as required hereunder, except that when application accompanied by proper fee has been made for registration of a vehicle it may be operated temporarily pending complete registration upon displaying a duplicate application duly verified or other evidence of such application or otherwise under rules and regulations promulgated by the Secretary of State.

(b) The appropriate fees required to be paid under the various provisions of this Act for registration of vehicles shall mean the fee or fees which would have been paid initially, if proper and timely application had been made to the Secretary of State for the appropriate registration required, whether such registration be a flat weight registration, a single trip permit, a reciprocity permit or a supplemental application to an original prorate application together with payment of fees due under the supplemental application for prorate decals.

(c) Effective October 1, 1984, no vehicle required to pay a Federal Highway Users Tax shall be registered unless proof of payment, in a form prescribed and approved by the Secretary of State, is submitted with the

appropriate registration. Notwithstanding any other provision of this Code, failure of the applicant to comply with this paragraph shall be deemed grounds for the Secretary to refuse registration.

(c-1) A vehicle may not be registered by the Secretary of State unless that vehicle:

1. was originally manufactured for operation on highways;
2. is a modification of a vehicle that was originally manufactured for operation on highways; or
3. was assembled from component parts designed for use in vehicles to be operated on highways.

(d) Second division vehicles.

1. A vehicle of the second division moved or operated within this State shall have had paid for it the appropriate registration fees and flat weight tax, as evidenced by the Illinois registration issued for that vehicle, for the gross weight of the vehicle and load being operated or moved within this State. Second division vehicles of foreign jurisdictions operated within this State under a single trip permit, fleet reciprocity plan, prorate registration plan, or apportional registration plan, instead of second division vehicle registration under Article VIII of this Chapter, must have had paid for it the appropriate registration fees and flat weight tax in the base jurisdiction of that vehicle, as evidenced by the maximum gross weight shown on the foreign registration cards, plus any appropriate fees required under this Code.

2. If a vehicle and load are operated in this State and the appropriate fees and taxes have not been paid or the vehicle and load exceed the registered gross weight for which the required fees and taxes have been paid by 2001 pounds or more, the operator or owner shall be fined as provided in Section 15-113 of this Code. However, an owner or operator shall not be subject to arrest under this subsection for any weight in excess of 80,000 pounds. Further, for any unregistered vehicle or vehicle displaying expired registration, no fine shall exceed the actual cost of what the appropriate registration for that vehicle and load should have been as established in subsection (a) of Section 3-815 of this Chapter regardless of the route traveled.

3. Any person operating a legal combination of vehicles displaying valid registration shall not be considered in violation of the registration provision of this subsection unless the total gross
weight of the combination exceeds the total licensed weight of the vehicles in the combination. The gross weight of a vehicle exempt from the registration requirements of this Chapter shall not be included when determining the total gross weight of vehicles in combination.

(4) If the defendant claims that he or she had previously paid the appropriate Illinois registration fees and taxes for this vehicle before the alleged violation, the defendant shall have the burden of proving the existence of the payment by competent evidence. Proof of proper Illinois registration issued by the Secretary of State, or the appropriate registration authority from the foreign state, shall be the only competent evidence of payment.

The provisions of this Section may be made applicable to such vehicles of the second division, as the Secretary of State may, from time to time, in his discretion designate. On subsequent annual registrations during the term of the registration plate as provided in Section 3-414.1, the Secretary shall issue or cause to be issued registration stickers as evidence of current registration. However, the issuance of annual registration stickers to vehicles registered under the provisions of Sections 3-402.1 and 3-405.3 of this Code may not be required if the Secretary deems the issuance unnecessary.

(b) Every registration plate shall have displayed upon it the registration number assigned to the vehicle for which it is issued, the name of this State, which may be abbreviated, the year number for which it was issued, which may be abbreviated, the phrase "Land of Lincoln" (except as otherwise provided in this Code Chapter 3), and such other letters or numbers as the Secretary may prescribe. However, for apportionment plates issued to vehicles registered under Section 3-402.1 and fleet plates issued to vehicles registered under Section 3-405.3, the phrase "Land of Lincoln" may be omitted to allow for the word "apportioned", the word "fleet", or other similar language to be displayed. Registration plates
issued to a vehicle registered as a fleet vehicle may display a designation determined by the Secretary.

The Secretary may in his discretion prescribe that letters be used as prefixes only on registration plates issued to vehicles of the first division which are registered under this Code and only as suffixes on registration plates issued to other vehicles. Every registration sticker issued as evidence of current registration shall designate the year number for which it is issued and such other letters or numbers as the Secretary may prescribe and shall be of a contrasting color with the registration plates and registration stickers of the previous year.

(c) Each registration plate and the required letters and numerals thereon, except the year number for which issued, shall be of sufficient size to be plainly readable from a distance of 100 feet during daylight, and shall be coated with reflectorizing material. The dimensions of the plate issued to vehicles of the first division shall be 6 by 12 inches.

(d) The Secretary of State shall issue for every passenger motor vehicle rented without a driver the same type of registration plates as the type of plates issued for a private passenger vehicle.

(f) The Secretary of State shall issue for every motorcycle distinctive registration plates distinguishing between motorcycles having 150 or more cubic centimeters piston displacement, or having less than 150 cubic centimeter piston displacement.

(g) Registration plates issued to vehicles for-hire may display a designation as determined by the Secretary that such vehicles are for-hire.

(h) The Secretary of State shall issue for each electric vehicle distinctive registration plates for electric vehicles which shall distinguish between electric vehicles having a maximum operating speed of 45 miles per hour or more and those having a maximum operating speed of less than 45 miles per hour.

(i) The Secretary of State shall issue for every public and private ambulance registration plates identifying the vehicle as an ambulance. The Secretary shall forward to the Department of Public Aid registration information for the purpose of verification of claims filed with the Department by ambulance owners for payment for services to public assistance recipients.

(Section scheduled to be repealed on July 1, 2005)

Sec. 5A-2. Assessment; no local authorization to tax.

(a) Subject to Sections 5A-3 and 5A-10, an annual assessment on inpatient services is imposed on each hospital provider in an amount equal to the hospital's occupied bed days multiplied by $84.19 multiplied by the proration factor for State fiscal year 2004 and the hospital's occupied bed days multiplied by $84.19 for State fiscal year 2005.

The Department of Public Aid shall use the number of occupied bed days as reported by each hospital on the Annual Survey of Hospitals conducted by the Department of Public Health to calculate the hospital's annual assessment. If the sum of a hospital's occupied bed days is not reported on the Annual Survey of Hospitals or if there are data errors in the reported sum of a hospital's occupied bed days as determined by the Department of Public Aid, then the Department of Public Aid may obtain the sum of occupied bed days from any source available, including, but not limited to, records maintained by the hospital provider, which may be inspected at all times during business hours of the day by the Department of Public Aid or its duly authorized agents and employees.

Subject to Sections 5A-3 and 5A-10, for the privilege of engaging in the occupation of hospital provider, beginning August 1, 2005, an
annual assessment is imposed on each hospital provider for State fiscal years 2006, 2007, and 2008, in an amount equal to 2.5835% of the hospital provider's adjusted gross hospital revenue for inpatient services and 2.5835% of the hospital provider's adjusted gross hospital revenue for outpatient services. If the hospital provider's adjusted gross hospital revenue is not available, then the Illinois Department may obtain the hospital provider's adjusted gross hospital revenue from any source available, including, but not limited to, records maintained by the hospital provider, which may be inspected at all times during business hours of the day by the Illinois Department or its duly authorized agents and employees.

(b) Nothing in this Article amendatory Act of the 93rd General Assembly shall be construed to authorize any home rule unit or other unit of local government to license for revenue or to impose a tax or assessment upon hospital providers or the occupation of hospital provider, or a tax or assessment measured by the income or earnings of a hospital provider.

(c) As provided in Section 5A-14, this Section is repealed on July 1, 2008 2005.

Sec. 5A-4. Payment of assessment; penalty.

(a) The annual assessment imposed by Section 5A-2 for State fiscal year 2004 shall be due and payable on June 18 of the year. The assessment imposed by Section 5A-2 for State fiscal year 2005 shall be due and payable in quarterly installments, each equalling one-fourth of the assessment for the year, on July 19, October 19, January 18, and April 19 of the year. The assessment imposed by Section 5A-2 for State fiscal year 2006 and each subsequent State fiscal year shall be due and payable in quarterly installments, each equaling one-fourth of the assessment for the year, on the fourteenth State business day of September, December, March, and May. No installment payment of an assessment imposed by Section 5A-2 shall be due and payable, however, until after: (i) the hospital provider receives written notice from the Department of Public Aid that the payment methodologies to hospitals required under Section 5A-12 or Section 5A-12.1, whichever is applicable for that fiscal year, have been approved by the Centers for Medicare and Medicaid Services of the U.S. Department of Health and Human Services and the waiver under 42 CFR 433.68 for the assessment imposed by Section 5A-2, if necessary, has been granted by the Centers for Medicare and Medicaid Services of the U.S. Department of Health and Human Services; and (ii) the hospital has received the payments required under Section 5A-12 or Section 5A-12.1,
whichever is applicable for that fiscal year. Upon notification to the Department of approval of the payment methodologies required under Section 5A-12 or Section 5A-12.1, whichever is applicable for that fiscal year, and the waiver granted under 42 CFR 433.68, all quarterly installments otherwise due under Section 5A-2 prior to the date of notification shall be due and payable to the Department upon written direction from the Department and receipt of the payments required under Section 5A-12.1.

(b) The Illinois Department is authorized to establish delayed payment schedules for hospital providers that are unable to make installment payments when due under this Section due to financial difficulties, as determined by the Illinois Department.

(c) If a hospital provider fails to pay the full amount of an installment when due (including any extensions granted under subsection (b)), there shall, unless waived by the Illinois Department for reasonable cause, be added to the assessment imposed by Section 5A-2 a penalty assessment equal to the lesser of (i) 5% of the amount of the installment not paid on or before the due date plus 5% of the portion thereof remaining unpaid on the last day of each 30-day period thereafter or (ii) 100% of the installment amount not paid on or before the due date. For purposes of this subsection, payments will be credited first to unpaid installment amounts (rather than to penalty or interest), beginning with the most delinquent installments.

(305 ILCS 5/5A-5) (from Ch. 23, par. 5A-5)
Sec. 5A-5. Notice; penalty; maintenance of records.
(a) The Department of Public Aid shall send a notice of assessment to every hospital provider subject to assessment under this Article. The notice of assessment shall notify the hospital of its assessment and shall be sent after within 14 days of receipt by the Department of notification from the Centers for Medicare and Medicaid Services of the U.S. Department of Health and Human Services that the payment methodologies required under Section 5A-12 or Section 5A-12.1, whichever is applicable for that fiscal year, and, if necessary, the waiver granted under 42 CFR 433.68 have been approved. The notice shall be on a form prepared by the Illinois Department and shall state the following:

(1) The name of the hospital provider.

(2) The address of the hospital provider's principal place of business from which the provider engages in the occupation of
hospital provider in this State, and the name and address of each
hospital operated, conducted, or maintained by the provider in this
State.

(3) The occupied bed days or adjusted gross hospital
revenue of the hospital provider (whichever is applicable), the
amount of assessment imposed under Section 5A-2 for the State
fiscal year for which the notice is sent, and the amount of each
quarterly installment to be paid during the State fiscal year.

(4) (Blank).

(5) Other reasonable information as determined by the
Illinois Department.

(b) If a hospital provider conducts, operates, or maintains more
than one hospital licensed by the Illinois Department of Public Health, the
provider shall pay the assessment for each hospital separately.

(c) Notwithstanding any other provision in this Article, in the case
of a person who ceases to conduct, operate, or maintain a hospital in
respect of which the person is subject to assessment under this Article as a
hospital provider, the assessment for the State fiscal year in which the
cessation occurs shall be adjusted by multiplying the assessment computed
under Section 5A-2 by a fraction, the numerator of which is the number of
days in the year during which the provider conducts, operates, or maintains
the hospital and the denominator of which is 365. Immediately upon
ceasing to conduct, operate, or maintain a hospital, the person shall pay the
assessment for the year as so adjusted (to the extent not previously paid).

(d) Notwithstanding any other provision in this Article, a provider
who commences conducting, operating, or maintaining a hospital, upon
notice by the Illinois Department, shall pay the assessment computed
under Section 5A-2 and subsection (e) in installments on the due dates
stated in the notice and on the regular installment due dates for the State
fiscal year occurring after the due dates of the initial notice.

(e) Notwithstanding any other provision in this Article, for State
fiscal years 2004 and 2005, in the case of a hospital provider that did not
conduct, operate, or maintain a hospital throughout calendar year 2001, the
assessment for that State fiscal year shall be computed on the basis of
hypothetical occupied bed days for the full calendar year as determined by
the Illinois Department. Notwithstanding any other provision in this
Article, for State fiscal years after 2005, in the case of a hospital provider
that did not conduct, operate, or maintain a hospital in 2003, the
assessment for that State fiscal year shall be computed on the basis of
hypothetical adjusted gross hospital revenue for the hospital’s first full
fiscal year as determined by the Illinois Department (which may be based on annualization of the provider's actual revenues for a portion of the year, or revenues of a comparable hospital for the year, including revenues realized by a prior provider of the same hospital during the year).

(f) Every hospital provider subject to assessment under this Article shall keep sufficient records to permit the determination of adjusted gross hospital revenue for the hospital's fiscal year. All such records shall be kept in the English language and shall, at all times during regular business hours of the day, be subject to inspection by the Illinois Department or its duly authorized agents and employees. (Blank).

(g) The Illinois Department may, by rule, provide a hospital provider a reasonable opportunity to request a clarification or correction of any clerical or computational errors contained in the calculation of its assessment, but such corrections shall not extend to updating the cost report information used to calculate the assessment. (Blank).

Sec. 5A-7. Administration; enforcement provisions.

(a) The Illinois Department shall establish and maintain a listing of all hospital providers appearing in the licensing records of the Illinois Department of Public Health, which shall show each provider's name and principal place of business and the name and address of each hospital operated, conducted, or maintained by the provider in this State. The Illinois Department shall administer and enforce this Article and collect the assessments and penalty assessments imposed under this Article using procedures employed in its administration of this Code generally. The Illinois Department, its Director, and every hospital provider subject to assessment under this Article measured by occupied bed days shall have the following powers, duties, and rights:

(1) The Illinois Department may initiate either administrative or judicial proceedings, or both, to enforce provisions of this Article. Administrative enforcement proceedings initiated hereunder shall be governed by the Illinois Department's administrative rules. Judicial enforcement proceedings initiated hereunder shall be governed by the rules of procedure applicable in the courts of this State.

(2) No proceedings for collection, refund, credit, or other adjustment of an assessment amount shall be issued more than 3
years after the due date of the assessment, except in the case of an extended period agreed to in writing by the Illinois Department and the hospital provider before the expiration of this limitation period.

(3) Any unpaid assessment under this Article shall become a lien upon the assets of the hospital upon which it was assessed. If any hospital provider, outside the usual course of its business, sells or transfers the major part of any one or more of (A) the real property and improvements, (B) the machinery and equipment, or (C) the furniture or fixtures, of any hospital that is subject to the provisions of this Article, the seller or transferor shall pay the Illinois Department the amount of any assessment, assessment penalty, and interest (if any) due from it under this Article up to the date of the sale or transfer. If the seller or transferor fails to pay any assessment, assessment penalty, and interest (if any) due, the purchaser or transferee of such asset shall be liable for the amount of the assessment, penalties, and interest (if any) up to the amount of the reasonable value of the property acquired by the purchaser or transferee. The purchaser or transferee shall continue to be liable until the purchaser or transferee pays the full amount of the assessment, penalties, and interest (if any) up to the amount of the reasonable value of the property acquired by the purchaser or transferee or until the purchaser or transferee receives from the Illinois Department a certificate showing that such assessment, penalty, and interest have been paid or a certificate from the Illinois Department showing that no assessment, penalty, or interest is due from the seller or transferor under this Article.

(4) Payments under this Article are not subject to the Illinois Prompt Payment Act. Credits or refunds shall not bear interest.

(b) In addition to any other remedy provided for and without sending a notice of assessment liability, the Illinois Department may collect an unpaid assessment by withholding, as payment of the assessment, reimbursements or other amounts otherwise payable by the Illinois Department to the hospital provider.

Sec. 5A-10. Applicability.

(a) The assessment imposed by Section 5A-2 shall not take effect or shall cease to be imposed, and any moneys remaining in the Fund shall be refunded to hospital providers in proportion to the amounts paid by them, if:

   (1) the sum of the appropriations for State fiscal years 2004 and 2005 from the General Revenue Fund for hospital payments under the medical assistance program is less than $4,500,000,000 or the appropriation for each of State fiscal years 2006, 2007 and 2008 from the General Revenue Fund for hospital payments under the medical assistance program is less than $2,500,000,000 increased annually to reflect any increase in the number of recipients; or

   (2) the Department of Public Aid makes changes in its rules that reduce the hospital inpatient or outpatient payment rates, including adjustment payment rates, in effect on October 1, 2004 and except for hospitals described in subsection (b) of Section 5A-3 and except for changes in the methodology for calculating

(b) The assessment imposed by Section 5A-2 shall not take effect or shall cease to be imposed if the assessment is determined to be an impermissible tax under Title XIX of the Social Security Act. Sec. 5A-12.1. Hospital access improvement payments.

(a) To preserve and improve access to hospital services, for hospital services rendered on or after August 1, 2005, the Department of Public Aid shall make payments to hospitals as set forth in this Section, except for hospitals described in subsection (b) of Section 5A-3. These payments shall be paid on a quarterly basis. For State fiscal year 2006, once the approval of the payment methodology required under this Section and any waiver required under 42 CFR 433.68 by the Centers for Medicare and Medicaid Services of the U.S. Department of Health and Human Services is received, the Department shall pay the total amounts required for fiscal year 2006 under this Section within 100 days of the latest notification. In State fiscal years 2007 and 2008, the total amounts required under this Section shall be paid in 4 equal installments on or before the seventh State business day of September, December, March, and May, except that if the date of notification of the approval of the payment methodologies required under this Section and any waiver required under 42 CFR 433.68 is on or after July 1, 2006, the sum of amounts required under this Section prior to the date of notification shall be paid within 100 days of the date of the last notification. Payments under this Section are not due and payable, however, until (i) the methodologies described in this Section are approved by the federal

government in an appropriate State Plan amendment, (ii) the assessment imposed under this Article is determined to be a permissible tax under Title XIX of the Social Security Act, and (iii) the assessment is in effect.

(b) Medicaid eligibility payment. In addition to amounts paid for inpatient hospital services, the Department shall pay each Illinois hospital (except for hospitals described in Section 5A-3) for each inpatient Medicaid admission in State fiscal year 2003, $430 multiplied by the percentage by which the number of Medicaid recipients in the county in which the hospital is located increased from State fiscal year 1998 to State fiscal year 2003.

(c) Medicaid high volume adjustment.

(1) In addition to rates paid for inpatient hospital services, the Department shall pay to each Illinois hospital (except for hospitals that qualify for Medicaid Percentage Adjustment payments under 89 Ill. Adm. Code 148.122 for the 12-month period beginning on October 1, 2004) that provided more than 10,000 Medicaid inpatient days of care (determined using the hospital’s fiscal year 2002 Medicaid cost report on file with the Department on July 1, 2004) amounts as follows:

(i) for hospitals that provided more than 10,000 Medicaid inpatient days of care but less than or equal to 14,500 Medicaid inpatient days of care, $90 for each Medicaid inpatient day of care provided during that period; and

(ii) for hospitals that provided more than 14,500 Medicaid inpatient days of care but less than or equal to 18,500 Medicaid inpatient days of care, $135 for each Medicaid inpatient day of care provided during that period; and

(iii) for hospitals that provided more than 18,500 Medicaid inpatient days of care but less than or equal to 20,000 Medicaid inpatient days of care, $225 for each Medicaid inpatient day of care provided during that period; and

(iv) for hospitals that provided more than 20,000 Medicaid inpatient days of care, $900 for each Medicaid inpatient day of care provided during that period.

Provided, however, that no hospital shall receive more than $19,000,000 per year in such payments under subparagraphs (i), (ii), (iii), and (iv).

(2) In addition to rates paid for inpatient hospital services, the Department shall pay to each Illinois general acute care hospital that as of October 1, 2004, qualified for Medicaid percentage adjustment payments under 89 Ill. Adm. Code 148.122 and provided more than 21,000 Medicaid inpatient days of care (determined using the hospital's fiscal year 2002 Medicaid cost report on file with the Department on July 1, 2004) $35 for each Medicaid inpatient day of care provided during that period. Provided, however, that no hospital shall receive more than $1,200,000 per year in such payments.

(d) Intensive care adjustment. In addition to rates paid for inpatient services, the Department shall pay an adjustment payment to each Illinois general acute care hospital located in a large urban area that, based on the hospital's fiscal year 2002 Medicaid cost report, had a ratio of Medicaid intensive care unit days to total Medicaid days greater than 19%. If such ratio for the hospital is less than 30%, the hospital shall be paid an adjustment payment for each Medicaid inpatient day of care provided equal to $1,000 multiplied by the hospital’s ratio of Medicaid intensive care days to total Medicaid days. If such ratio for the hospital is equal to or greater than 30%, the hospital shall be paid an adjustment payment for each Medicaid inpatient day of care provided equal to $2,800 multiplied by the hospital's ratio of Medicaid intensive care days to total Medicaid days.

(e) Trauma center adjustments.

(1) In addition to rates paid for inpatient hospital services, the Department shall pay to each Illinois general acute care hospital that as of January 1, 2005, was designated as a Level I trauma center and is either located in a large urban area or is located in an other urban area and as of October 1, 2004 qualified for Medicaid percentage adjustment payments under 89 Ill. Adm. Code 148.122, a payment equal to $800 multiplied by the hospital’s Medicaid intensive care unit days (excluding Medicare crossover days). This payment shall be calculated based on data from the hospital's 2002 cost report on file with the Department on July 1, 2004. For hospitals located in large urban areas outside of a city with a population in excess of 1,000,000 people, the payment required under this subsection shall be multiplied by 4.5. For hospitals located in other urban areas, the payment required under this subsection shall be multiplied by 8.5.
(2) In addition to rates paid for inpatient hospital services, the Department shall pay an additional payment to each Illinois general acute care hospital that as of January 1, 2005, was designated as a Level II trauma center and is located in a county with a population in excess of 3,000,000 people. The payment shall equal $4,000 per day for the first 500 Medicaid inpatient days, $2,000 per day for the Medicaid inpatient days between 501 and 1,500, and $100 per day for any Medicaid inpatient day in excess of 1,500. This payment shall be calculated based on data from the hospital's 2002 cost report on file with the Department on July 1, 2004.

(3) In addition to rates paid for inpatient hospital services, the Department shall pay an additional payment to each Illinois general acute care hospital that as of January 1, 2005, was designated as a Level II trauma center, is located in a large urban area outside of a county with a population in excess of 3,000,000 people, and as of January 1, 2005, was designated a Level III perinatal center or designated a Level II or II+ prenatal center that has a ratio of Medicaid intensive care unit days to total Medicaid days greater than 5%. The payment shall equal $4,000 per day for the first 500 Medicaid inpatient days, $2,000 per day for the Medicaid inpatient days between 501 and 1,500, and $100 per day for any Medicaid inpatient day in excess of 1,500. This payment shall be calculated based on data from the hospital's 2002 cost report on file with the Department on July 1, 2004.

(4) In addition to rates paid for inpatient hospital services, the Department shall pay an additional payment to each Illinois children's hospital that as of January 1, 2005, was designated a Level I pediatric trauma center that had more than 30,000 Medicaid days in State fiscal year 2003 and to each Level I pediatric trauma center located outside of Illinois and that had more than 700 Illinois Medicaid cases in State fiscal year 2003. The amount of such payment shall equal $325 multiplied by the hospital's Medicaid intensive care unit days, and this payment shall be multiplied by 2.25 for hospitals located outside of Illinois. This payment shall be calculated based on data from the hospital's 2002 cost report on file with the Department on July 1, 2004.

(5) Notwithstanding any other provision of this subsection, a children's hospital, as defined in 89 Ill. Adm. Code

(1) In addition to rates paid for inpatient psychiatric services, the Department shall pay each Illinois psychiatric hospital and general acute care hospital with a distinct part psychiatric unit, for each Medicaid inpatient psychiatric day of care provided in State fiscal year 2003, an amount equal to $420 less the hospital's per diem rate for Medicaid inpatient psychiatric services as in effect on July 1, 2002. In no event, however, shall that amount be less than zero.

(2) For Illinois psychiatric hospitals and distinct part psychiatric units of Illinois general acute care hospitals whose inpatient per diem rate as in effect on July 1, 2002 is greater than $420, the Department shall pay, in addition to any other amounts authorized under this Code, $40 for each Medicaid inpatient psychiatric day of care provided in State fiscal year 2003.

(3) In addition to rates paid for inpatient psychiatric services, for Illinois psychiatric hospitals located in a county with a population in excess of 3,000,000 people that did not qualify for Medicaid percentage adjustment payments under 89 Ill. Adm. Code 148.122 for the 12-month period beginning on October 1, 2004, the Illinois Department shall make an adjustment payment of $150 for each Medicaid inpatient psychiatric day of care provided by the hospital in State fiscal year 2003. Sec. 34.1. Partial invalidity. If any portion of this Act is held invalid, such invalidity shall not affect any other part of this Act, which can be given effect without the invalid portion.

numerator of which is the sum of the property factor (if any), the payroll factor (if any) and 200% of the sales factor (if any), and the denominator of which is 4 reduced by the number of factors other than the sales factor which have a denominator of zero and by an additional 2 if the sales factor has a denominator of zero. For tax years ending on or after December 31, 1998, and except as otherwise provided by this Section, persons other than residents who derive business income from this State and one or more other states shall compute their apportionment factor by weighting their property, payroll, and sales factors as provided in subsection (h) of this Section.

(1) Property factor.

(A) The property factor is a fraction, the numerator of which is the average value of the person's real and tangible personal property owned or rented and used in the trade or business in this State during the taxable year and the denominator of which is the average value of all the person's real and tangible personal property owned or rented and used in the trade or business during the taxable year.

(B) Property owned by the person is valued at its original cost. Property rented by the person is valued at 8 times the net annual rental rate. Net annual rental rate is the annual rental rate paid by the person less any annual rental rate received by the person from sub-rentals.

(C) The average value of property shall be determined by averaging the values at the beginning and ending of the taxable year but the Director may require the averaging of monthly values during the taxable year if reasonably required to reflect properly the average value of the person's property.

(2) Payroll factor.

(A) The payroll factor is a fraction, the numerator of which is the total amount paid in this State during the taxable year by the person for compensation, and the denominator of which is the total compensation paid everywhere during the taxable year.

(B) Compensation is paid in this State if:

(i) The individual's service is performed entirely within this State;

(ii) The individual's service is performed both within and without this State, but the service performed without this State is incidental to the individual's service performed within this State; or

New matter indicated by italics - deletions by strikeout
(iii) Some of the service is performed within this State and either the base of operations, or if there is no base of operations, the place from which the service is directed or controlled is within this State, or the base of operations or the place from which the service is directed or controlled is not in any state in which some part of the service is performed, but the individual's residence is in this State.

(iv) Compensation paid to nonresident professional athletes.

(a) General. The Illinois source income of a nonresident individual who is a member of a professional athletic team includes the portion of the individual's total compensation for services performed as a member of a professional athletic team during the taxable year which the number of duty days spent within this State performing services for the team in any manner during the taxable year bears to the total number of duty days spent both within and without this State during the taxable year.

(b) Travel days. Travel days that do not involve either a game, practice, team meeting, or other similar team event are not considered duty days spent in this State. However, such travel days are considered in the total duty days spent both within and without this State.

(c) Definitions. For purposes of this subpart (iv):

(1) The term "professional athletic team" includes, but is not limited to, any professional baseball, basketball, football, soccer, or hockey team.

(2) The term "member of a professional athletic team" includes those employees who are active players, players on the disabled list, and any other persons required to travel and who travel with and perform services on behalf of a professional athletic team on a regular basis. This includes, but is not limited to, coaches, managers, and trainers.

(3) Except as provided in items (C) and (D) of this subpart (3), the term "duty days" means all days during the taxable year from the beginning of the professional athletic team's official pre-season training period through the last game in which the

New matter indicated by italics - deletions by strikeout
team competes or is scheduled to compete. Duty days shall be counted for the year in which they occur, including where a team's official pre-season training period through the last game in which the team competes or is scheduled to compete, occurs during more than one tax year.

(A) Duty days shall also include days on which a member of a professional athletic team performs service for a team on a date that does not fall within the foregoing period (e.g., participation in instructional leagues, the "All Star Game", or promotional "caravans"). Performing a service for a professional athletic team includes conducting training and rehabilitation activities, when such activities are conducted at team facilities.

(B) Also included in duty days are game days, practice days, days spent at team meetings, promotional caravans, preseason training camps, and days served with the team through all post-season games in which the team competes or is scheduled to compete.

(C) Duty days for any person who joins a team during the period from the beginning of the professional athletic team's official pre-season training period through the last game in which the team competes, or is scheduled to compete, shall begin on the day that person joins the team. Conversely, duty days for any person who leaves a team during this period shall end on the day that person leaves the team. Where a person switches teams during a taxable year, a separate duty-day calculation shall be made for the period the person was with each team.

(D) Days for which a member of a professional athletic team is not

New matter indicated by italics - deletions by strikeout
compensated and is not performing services for the team in any manner, including days when such member of a professional athletic team has been suspended without pay and prohibited from performing any services for the team, shall not be treated as duty days.

(E) Days for which a member of a professional athletic team is on the disabled list and does not conduct rehabilitation activities at facilities of the team, and is not otherwise performing services for the team in Illinois, shall not be considered duty days spent in this State. All days on the disabled list, however, are considered to be included in total duty days spent both within and without this State.

(4) The term "total compensation for services performed as a member of a professional athletic team" means the total compensation received during the taxable year for services performed:

(A) from the beginning of the official pre-season training period through the last game in which the team competes or is scheduled to compete during that taxable year; and

(B) during the taxable year on a date which does not fall within the foregoing period (e.g., participation in instructional leagues, the "All Star Game", or promotional caravans).

This compensation shall include, but is not limited to, salaries, wages, bonuses as described in this subpart, and any other type of compensation paid during the taxable year to a member of a professional athletic team for services performed in that year. This compensation does not include strike benefits, severance pay, termination pay, contract or option year buy-out payments, expansion or
relocation payments, or any other payments not related to services performed for the team.

For purposes of this subparagraph, "bonuses" included in "total compensation for services performed as a member of a professional athletic team" subject to the allocation described in Section 302(c)(1) are: bonuses earned as a result of play (i.e., performance bonuses) during the season, including bonuses paid for championship, playoff or "bowl" games played by a team, or for selection to all-star league or other honorary positions; and bonuses paid for signing a contract, unless the payment of the signing bonus is not conditional upon the signee playing any games for the team or performing any subsequent services for the team or even making the team, the signing bonus is payable separately from the salary and any other compensation, and the signing bonus is nonrefundable.

Beginning with taxable years ending on or after December 31, 1992, for residents of states that impose a comparable tax liability on residents of this State, for purposes of item (i) of this paragraph (B), in the case of persons who perform personal services under personal service contracts for sports performances, services by that person at a sporting event taking place in Illinois shall be deemed to be a performance entirely within this State.

(3) Sales factor.

(A) The sales factor is a fraction, the numerator of which is the total sales of the person in this State during the taxable year, and the denominator of which is the total sales of the person everywhere during the taxable year.

(B) Sales of tangible personal property are in this State if:

(i) The property is delivered or shipped to a purchaser, other than the United States government, within this State regardless of the f. o. b. point or other conditions of the sale; or

(ii) The property is shipped from an office, store, warehouse, factory or other place of storage in this State and either the purchaser is the United States government or the person is not taxable in the state of the purchaser;

provided, however, that premises owned or leased by a person who has independently contracted with the seller for the printing of newspapers, periodicals or books shall not be deemed to be an office, store, warehouse, factory or other place of storage for purposes of this Section. Sales of tangible personal property are not in this State if the seller and purchaser would be members of the same unitary business group but for the fact that either the seller or purchaser is a person with 80% or more of total business activity outside of the United States and the property is purchased for resale.

(B-1) Patents, copyrights, trademarks, and similar items of intangible personal property.

(i) Gross receipts from the licensing, sale, or other disposition of a patent, copyright, trademark, or similar item of intangible personal property are in this State to the extent the item is utilized in this State during the year the gross receipts are included in gross income.

(ii) Place of utilization.

(I) A patent is utilized in a state to the extent that it is employed in production, fabrication, manufacturing, or other processing in the state or to the extent that a patented product is produced in the state. If a patent is utilized in more than one state, the extent to which it is utilized in any one state shall be a fraction equal to the gross receipts of the licensee or purchaser from sales or leases of items produced, fabricated, manufactured, or processed within that state using the patent and of patented items produced within that state, divided by the total of such gross receipts for all states in which the patent is utilized.

(II) A copyright is utilized in a state to the extent that printing or other publication originates in the state. If a copyright is utilized in more than one state, the extent to which it is utilized in any one state shall be a fraction equal to the gross receipts from sales or licenses of materials printed or published in that state divided by the total of such
gross receipts for all states in which the copyright is utilized.

(III) Trademarks and other items of intangible personal property governed by this paragraph (B-1) are utilized in the state in which the commercial domicile of the licensee or purchaser is located.

(iii) If the state of utilization of an item of property governed by this paragraph (B-1) cannot be determined from the taxpayer's books and records or from the books and records of any person related to the taxpayer within the meaning of Section 267(b) of the Internal Revenue Code, 26 U.S.C. 267, the gross receipts attributable to that item shall be excluded from both the numerator and the denominator of the sales factor.

(B-2) Gross receipts from the license, sale, or other disposition of patents, copyrights, trademarks, and similar items of intangible personal property may be included in the numerator or denominator of the sales factor only if gross receipts from licenses, sales, or other disposition of such items comprise more than 50% of the taxpayer's total gross receipts included in gross income during the tax year and during each of the 2 immediately preceding tax years; provided that, when a taxpayer is a member of a unitary business group, such determination shall be made on the basis of the gross receipts of the entire unitary business group.

(C) Sales, other than sales governed by paragraphs (B) and (B-1), are in this State if:

(i) The income-producing activity is performed in this State; or

(ii) The income-producing activity is performed both within and without this State and a greater proportion of the income-producing activity is performed within this State than without this State, based on performance costs.

(D) For taxable years ending on or after December 31, 1995, the following items of income shall not be included in the numerator or denominator of the sales factor: dividends; amounts included under Section 78 of the Internal Revenue Code; and Subpart F income as defined in Section 952 of the Internal Revenue Code. No inference shall be drawn from the enactment of

this paragraph (D) in construing this Section for taxable years ending before December 31, 1995.

(E) Paragraphs (B-1) and (B-2) shall apply to tax years ending on or after December 31, 1999, provided that a taxpayer may elect to apply the provisions of these paragraphs to prior tax years. Such election shall be made in the form and manner prescribed by the Department, shall be irrevocable, and shall apply to all tax years; provided that, if a taxpayer's Illinois income tax liability for any tax year, as assessed under Section 903 prior to January 1, 1999, was computed in a manner contrary to the provisions of paragraphs (B-1) or (B-2), no refund shall be payable to the taxpayer for that tax year to the extent such refund is the result of applying the provisions of paragraph (B-1) or (B-2) retroactively. In the case of a unitary business group, such election shall apply to all members of such group for every tax year such group is in existence, but shall not apply to any taxpayer for any period during which that taxpayer is not a member of such group.

(b) Insurance companies.

(1) In general. Except as otherwise provided by paragraph (2), business income of an insurance company for a taxable year shall be apportioned to this State by multiplying such income by a fraction, the numerator of which is the direct premiums written for insurance upon property or risk in this State, and the denominator of which is the direct premiums written for insurance upon property or risk everywhere. For purposes of this subsection, the term "direct premiums written" means the total amount of direct premiums written, assessments and annuity considerations as reported for the taxable year on the annual statement filed by the company with the Illinois Director of Insurance in the form approved by the National Convention of Insurance Commissioners or such other form as may be prescribed in lieu thereof.

(2) Reinsurance. If the principal source of premiums written by an insurance company consists of premiums for reinsurance accepted by it, the business income of such company shall be apportioned to this State by multiplying such income by a fraction, the numerator of which is the sum of (i) direct premiums written for insurance upon property or risk in this State, plus (ii) premiums written for reinsurance accepted in respect of property or risk in this State, and the denominator of which is the sum of (iii) direct premiums written for insurance upon property or risk

everywhere, plus (iv) premiums written for reinsurance accepted in respect of property or risk everywhere. For purposes of this paragraph, premiums written for reinsurance accepted in respect of property or risk in this State, whether or not otherwise determinable, may, at the election of the company, be determined on the basis of the proportion which premiums written for reinsurance accepted from companies commercially domiciled in Illinois bears to premiums written for reinsurance accepted from all sources, or, alternatively, in the proportion which the sum of the direct premiums written for insurance upon property or risk in this State by each ceding company from which reinsurance is accepted bears to the sum of the total direct premiums written by each such ceding company for the taxable year.

(c) Financial organizations.

(1) In general. Business income of a financial organization shall be apportioned to this State by multiplying such income by a fraction, the numerator of which is its business income from sources within this State, and the denominator of which is its business income from all sources. For the purposes of this subsection, the business income of a financial organization from sources within this State is the sum of the amounts referred to in subparagraphs (A) through (E) following, but excluding the adjusted income of an international banking facility as determined in paragraph (2):

(A) Fees, commissions or other compensation for financial services rendered within this State;

(B) Gross profits from trading in stocks, bonds or other securities managed within this State;

(C) Dividends, and interest from Illinois customers, which are received within this State;

(D) Interest charged to customers at places of business maintained within this State for carrying debit balances of margin accounts, without deduction of any costs incurred in carrying such accounts; and

(E) Any other gross income resulting from the operation as a financial organization within this State. In computing the amounts referred to in paragraphs (A) through (E) of this subsection, any amount received by a member of an affiliated group (determined under Section

New matter indicated by italics - deletions by strikeout
1504(a) of the Internal Revenue Code but without reference to whether any such corporation is an "includible corporation" under Section 1504(b) of the Internal Revenue Code) from another member of such group shall be included only to the extent such amount exceeds expenses of the recipient directly related thereto.

(2) International Banking Facility.

(A) Adjusted Income. The adjusted income of an international banking facility is its income reduced by the amount of the floor amount.

(B) Floor Amount. The floor amount shall be the amount, if any, determined by multiplying the income of the international banking facility by a fraction, not greater than one, which is determined as follows:

(i) The numerator shall be: The average aggregate, determined on a quarterly basis, of the financial organization's loans to banks in foreign countries, to foreign domiciled borrowers (except where secured primarily by real estate) and to foreign governments and other foreign official institutions, as reported for its branches, agencies and offices within the state on its "Consolidated Report of Condition", Schedule A, Lines 2.c., 5.b., and 7.a., which was filed with the Federal Deposit Insurance Corporation and other regulatory authorities, for the year 1980, minus

The average aggregate, determined on a quarterly basis, of such loans (other than loans of an international banking facility), as reported by the financial institution for its branches, agencies and offices within the state, on the corresponding Schedule and lines of the Consolidated Report of Condition for the current taxable year, provided, however, that in no case shall the amount determined in this clause (the subtrahend) exceed the amount determined in the preceding clause (the minuend); and

(ii) the denominator shall be the average aggregate, determined on a quarterly basis, of the international banking facility's loans to banks in

foreign countries, to foreign domiciled borrowers (except where secured primarily by real estate) and to foreign governments and other foreign official institutions, which were recorded in its financial accounts for the current taxable year.

(C) Change to Consolidated Report of Condition and in Qualification. In the event the Consolidated Report of Condition which is filed with the Federal Deposit Insurance Corporation and other regulatory authorities is altered so that the information required for determining the floor amount is not found on Schedule A, lines 2.c., 5.b. and 7.a., the financial institution shall notify the Department and the Department may, by regulations or otherwise, prescribe or authorize the use of an alternative source for such information. The financial institution shall also notify the Department should its international banking facility fail to qualify as such, in whole or in part, or should there be any amendment or change to the Consolidated Report of Condition, as originally filed, to the extent such amendment or change alters the information used in determining the floor amount.

(d) Transportation services. Business income derived from furnishing transportation services shall be apportioned to this State in accordance with paragraphs (1) and (2):

(1) Such business income (other than that derived from transportation by pipeline) shall be apportioned to this State by multiplying such income by a fraction, the numerator of which is the revenue miles of the person in this State, and the denominator of which is the revenue miles of the person everywhere. For purposes of this paragraph, a revenue mile is the transportation of 1 passenger or 1 net ton of freight the distance of 1 mile for a consideration. Where a person is engaged in the transportation of both passengers and freight, the fraction above referred to shall be determined by means of an average of the passenger revenue mile fraction and the freight revenue mile fraction, weighted to reflect the person's

(A) relative railway operating income from total passenger and total freight service, as reported to the Interstate Commerce Commission, in the case of transportation by railroad, and

New matter indicated by italics - deletions by strikeout
(B) relative gross receipts from passenger and freight transportation, in case of transportation other than by railroad.

(2) Such business income derived from transportation by pipeline shall be apportioned to this State by multiplying such income by a fraction, the numerator of which is the revenue miles of the person in this State, and the denominator of which is the revenue miles of the person everywhere. For the purposes of this paragraph, a revenue mile is the transportation by pipeline of 1 barrel of oil, 1,000 cubic feet of gas, or of any specified quantity of any other substance, the distance of 1 mile for a consideration.

(e) Combined apportionment. Where 2 or more persons are engaged in a unitary business as described in subsection (a)(27) of Section 1501, a part of which is conducted in this State by one or more members of the group, the business income attributable to this State by any such member or members shall be apportioned by means of the combined apportionment method.

(f) Alternative allocation. If the allocation and apportionment provisions of subsections (a) through (e) and of subsection (h) do not fairly represent the extent of a person's business activity in this State, the person may petition for, or the Director may require, in respect of all or any part of the person's business activity, if reasonable:

(1) Separate accounting;
(2) The exclusion of any one or more factors;
(3) The inclusion of one or more additional factors which will fairly represent the person's business activities in this State; or
(4) The employment of any other method to effectuate an equitable allocation and apportionment of the person's business income.

(g) Cross reference. For allocation of business income by residents, see Section 301(a).

(h) For tax years ending on or after December 31, 1998, the apportionment factor of persons who apportion their business income to this State under subsection (a) shall be equal to:

(1) for tax years ending on or after December 31, 1998 and before December 31, 1999, 16 2/3% of the property factor plus 16 2/3% of the payroll factor plus 66 2/3% of the sales factor;
(2) for tax years ending on or after December 31, 1999 and before December 31, 2000, 8 1/3% of the property factor plus 8 1/3% of the payroll factor plus 83 1/3% of the sales factor;

(3) for tax years ending on or after December 31, 2000, the sales factor.
If, in any tax year ending on or after December 31, 1998 and before December 31, 2000, the denominator of the payroll, property, or sales factor is zero, the apportionment factor computed in paragraph (1) or (2) of this subsection for that year shall be divided by an amount equal to 100% minus the percentage weight given to each factor whose denominator is equal to zero.

(35 ILCS 5/601) (from Ch. 120, par. 6-601)
Sec. 601. Payment on Due Date of Return.
(a) In general. Every taxpayer required to file a return under this Act shall, without assessment, notice or demand, pay any tax due thereon to the Department, at the place fixed for filing, on or before the date fixed for filing such return (determined without regard to any extension of time for filing the return) pursuant to regulations prescribed by the Department. If, however, the due date for payment of a taxpayer's federal income tax liability for a tax year (as provided in the Internal Revenue Code or by Treasury regulation, or as extended by the Internal Revenue Service) is later than the date fixed for filing the taxpayer's Illinois income tax return for that tax year, the Department may, by rule, prescribe a due date for payment that is not later than the due date for payment of the taxpayer's federal income tax liability. For purposes of the Illinois Administrative Procedure Act, the adoption of rules to prescribe a later due date for payment shall be deemed an emergency and necessary for the public interest, safety, and welfare.

(b) Amount payable. In making payment as provided in this section there shall remain payable only the balance of such tax remaining due after giving effect to the following:

(1) Withheld tax. Any amount withheld during any calendar year pursuant to Article 7 from compensation paid to a taxpayer shall be deemed to have been paid on account of any tax imposed by subsections 201(a) and (b) of this Act on such taxpayer for his taxable year beginning in such calendar year. If more than one taxable year begins in a calendar year, such amount shall be deemed to have been paid on account of such tax for the last taxable year so beginning.

(2) Estimated and tentative tax payments. Any amount of estimated tax paid by a taxpayer pursuant to Article 8 for a taxable

year shall be deemed to have been paid on account of the tax imposed by this Act for such taxable year.

(3) Foreign tax. The aggregate amount of tax which is imposed upon or measured by income and which is paid by a resident for a taxable year to another state or states on income which is also subject to the tax imposed by subsections 201(a) and (b) of this Act shall be credited against the tax imposed by subsections 201(a) and (b) otherwise due under this Act for such taxable year. The aggregate credit provided under this paragraph shall not exceed that amount which bears the same ratio to the tax imposed by subsections 201(a) and (b) otherwise due under this Act as the amount of the taxpayer's base income subject to tax both by such other state or states and by this State bears to his total base income subject to tax by this State for the taxable year. For purposes of this subsection, no compensation received by a resident which qualifies as compensation paid in this State as determined under Section 304(a)(2)(B) shall be considered income subject to tax by another state or states. The credit provided by this paragraph shall not be allowed if any creditable tax was deducted in determining base income for the taxable year. Any person claiming such credit shall attach a statement in support thereof and shall notify the Director of any refund or reductions in the amount of tax claimed as a credit hereunder all in such manner and at such time as the Department shall by regulations prescribe.

(4) Accumulation and capital gain distributions. If the net income of a taxpayer includes amounts included in his base income by reason of Section 668 or 669 of the Internal Revenue Code (relating to accumulation and capital gain distributions by a trust, respectively), the tax imposed on such taxpayer by this Act shall be credited with his pro rata portion of the taxes imposed by this Act on such trust for preceding taxable years which would not have been payable for such preceding years if the trust had in fact made distributions to its beneficiaries at the times and in the amounts specified in Sections 666 and 669 of the Internal Revenue Code. The credit provided by this paragraph shall not reduce the tax otherwise due from the taxpayer to an amount less than that which would be due if the amounts included by reason of Sections 668 and 669 of the Internal Revenue Code were excluded from his base income.
(c) Cross reference. For application against tax due of overpayments of tax for a prior year, see Section 909. (Source: P.A. 92-826, eff. 8-21-02.)

PUBLIC ACT 94-0248
(House Bill No. 0316)

AN ACT in relation to insurance.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Illinois Insurance Code is amended by changing Sections 205.1 and 500-77 as follows:
(215 ILCS 5/205.1)
Sec. 205.1. Policyholder collateral, deductible reimbursements, and other policyholder obligations.
(a) Any collateral held by, for the benefit of, or assigned to the insurer or the Director as rehabilitator or liquidator to secure the obligations of a policyholder under a deductible agreement shall not be considered an asset of the estate and shall be maintained and administered by the Director as rehabilitator or liquidator as provided in this Section and notwithstanding any other provision of law or contract to the contrary.
(b) If the collateral is being held by, for the benefit of, or assigned to the insurer or subsequently the Director as rehabilitator or liquidator to secure obligations under a deductible agreement with a policyholder, subject to the provisions of this Section, the collateral shall be used to secure the policyholder's obligation to fund or reimburse claims payment within the agreed deductible amount.
(c) If a claim that is subject to a deductible agreement and secured by collateral is not covered by any guaranty association or the Illinois Insurance Guaranty Fund and the policyholder is unwilling or unable to take over the handling and payment of the non-covered claims, the Director as rehabilitator or liquidator shall adjust and pay the non-covered claims utilizing the collateral but only to the extent the available collateral after allocation under subsection (d), is sufficient to pay all outstanding and anticipated claims. If the collateral is exhausted and the insured is not able to provide funds to pay the remaining claims within the deductible after all reasonable means of collection against the insured have been

New matter indicated by italics - deletions by strikeout
exhausted, the Director's obligation to pay such claims from the collateral as the rehabilitator or liquidator terminates, and the remaining claims shall be claims against the insurer's estate subject to complying with other provisions in this Article for the filing and allowance of such claims. When the liquidator determines that the collateral is insufficient to pay all additional and anticipated claims, the liquidator may file a plan for equitably allocating the collateral among claimants, subject to court approval.

(d) To the extent that the Director as rehabilitator or liquidator is holding collateral provided by a policyholder that was obtained to secure a deductible agreement and to secure other obligations of the policyholder to pay the insurer, directly or indirectly, amounts that become assets of the estate, such as reinsurance obligations under a captive reinsurance program or adjustable premium obligations under a retrospectively rated insurance policy where the premium due is subject to adjustment based upon actual loss experience, the Director as rehabilitator or liquidator shall equitably allocate the collateral among such obligations and administer the collateral allocated to the deductible agreement pursuant to this Section. With respect to the collateral allocated to obligations under the deductible agreement, if the collateral secured reimbursement obligations under more than one line of insurance, then the collateral shall be equitably allocated among the various lines based upon the estimated ultimate exposure within the deductible amount for each line. The Director as rehabilitator or liquidator shall inform the guaranty association or the Illinois Insurance Guaranty Fund that is or may be obligated for claims against the insurer of the method and details of all the foregoing allocations.

(e) Regardless of whether there is collateral, if the insurer has contractually agreed to allow the policyholder to fund its own claims within the deductible amount pursuant to a deductible agreement, either through the policyholder's own administration of its claims or through the policyholder providing funds directly to a third party administrator who administers the claims, the Director as rehabilitator or liquidator shall allow such funding arrangement to continue and, where applicable, will enforce such arrangements to the fullest extent possible. The funding of such claims by the policyholder within the deductible amount will act as a bar to any claim for such amount in the liquidation proceeding, including but not limited to any such claim by the policyholder or the third party claimant. The funding will extinguish both the obligation, if any, of any guaranty association or the Illinois Insurance Guaranty Fund to pay such claims within the deductible amount, as well as the obligations, if any, of

New matter indicated by italics - deletions by strikeout
the policyholder or third party administrator to reimburse the guaranty association or the Illinois Insurance Guaranty Fund. No charge of any kind shall be made by the Director as rehabilitator or liquidator against any guaranty association or the Illinois Insurance Guaranty Fund on the basis of the policyholder funding of claims payment made pursuant to the mechanism set forth in this subsection.

(f) If the insurer has not contractually agreed to allow the policyholder to fund its own claims within the deductible amount, to the extent a guaranty association or the Illinois Insurance Guaranty Fund is required by applicable state law to pay any claims for which the insurer would be or would have been entitled to reimbursement from the policyholder under the terms of the deductible agreement and to the extent the claims have not been paid by a policyholder or third party, the Director as rehabilitator or liquidator shall promptly bill the policyholder for such reimbursement and the policyholder will be obligated to pay such amount to the Director as rehabilitator or liquidator for the benefit of the guaranty association or the Illinois Insurance Guaranty Fund that paid such claims. Neither the insolvency of the insurer, nor its inability to perform any of its obligations under the deductible agreement, shall be a defense to the policyholder's reimbursement obligation under the deductible agreement. When the policyholder reimbursements are collected, the Director as rehabilitator or liquidator shall promptly reimburse the guaranty association or the Illinois Insurance Guaranty Fund for claims paid that were subject to the deductible. If the policyholder fails to pay the amounts due within 60 days after such bill for such reimbursements is due, the Director as rehabilitator or liquidator shall use the collateral to the extent necessary to reimburse the guaranty association or the Illinois Insurance Guaranty Fund, and, at the same time, may pursue other collections efforts against the policyholder. If more than one guaranty association or the Illinois Insurance Guaranty Fund has a claim against the same collateral and the available collateral (after allocation under subsection (d)), along with billing and collection efforts, are together insufficient to pay each guaranty association or the Illinois Insurance Guaranty Fund in full, then the Director as rehabilitator or liquidator will pro-rate payments to each guaranty association or the Illinois Insurance Guaranty Fund based upon the relationship the amount of claims each guaranty association or the Illinois Insurance Guaranty Fund has paid bears to the total of all claims paid by such guaranty association or the Illinois Insurance Guaranty Fund.

(g) Director's duties and powers as rehabilitator or liquidator.

New matter indicated by italics - deletions by strikeout
(1) The Director as rehabilitator or liquidator is entitled to deduct from reimbursements owed to guaranty associations or the Illinois Insurance Guaranty Fund or collateral to be returned to a policyholder reasonable actual expenses incurred in fulfilling the responsibilities under this provision, not to exceed 3% of the collateral or the total deductible reimbursements actually collected by the Director as rehabilitator or liquidator.

(2) With respect to claim payments made by any guaranty association or the Illinois Insurance Guaranty Fund, the Director as rehabilitator or liquidator shall promptly provide the court, with a copy to of the guaranty associations or the Illinois Insurance Guaranty Fund, with a complete report of the Director's deductible billing and collection activities as rehabilitator or liquidator including copies of the policyholder billings when rendered, the reimbursements collected, the available amounts and use of collateral for each policyholder, and any pro-ration of payments when it occurs. If the Director as rehabilitator or liquidator fails to make a good faith effort within 120 days of receipt of claims payment reports to collect reimbursements due from a policyholder under a deductible agreement based on claim payments made by one or more guaranty associations or the Illinois Insurance Guaranty Fund, then after such 120 day period such guaranty associations or the Illinois Insurance Guaranty Fund may pursue collection from the policyholders directly on the same basis as the Director as rehabilitator or liquidator, and with the same rights and remedies, and will report any amounts so collected from each policyholder to the Director as rehabilitator or liquidator, or conservator. To the extent that guaranty associations or the Illinois Insurance Guaranty Fund pay claims within the deductible amount, but are not reimbursed by either the Director as rehabilitator, liquidator, or conservator under this Section or by policyholder payments from the guaranty associations' or the Illinois Insurance Guaranty Fund's own collection efforts, the guaranty association or the Illinois Insurance Guaranty Fund shall have a claim in the insolvent insurer's estate for such un-reimbursed claims payments.

(3) The Director as rehabilitator or liquidator shall periodically adjust the collateral being held as the claims subject to the deductible agreement are run-off, provided that adequate collateral is maintained to secure the entire estimated ultimate obligation of the policyholder plus a reasonable safety factor, and

New matter indicated by italics - deletions by strikeout
the Director as rehabilitator or liquidator shall not be required to adjust the collateral more than once a year. The guaranty associations or the Illinois Insurance Guaranty Fund shall be informed of all such collateral reviews, including but not limited to the basis for the adjustment. Once all claims covered by the collateral have been paid and the Director as rehabilitator or liquidator is satisfied that no new claims can be presented, the Director as rehabilitator or liquidator will release any remaining collateral to the policyholder.

(h) The Illinois Circuit Court having jurisdiction over the liquidation proceedings shall have jurisdiction to resolve disputes arising under this provision.

(i) Nothing in this Section is intended to limit or adversely affect any right the guaranty associations or the Illinois Insurance Guaranty Fund may have under applicable state law to obtain reimbursement from certain classes of policyholders for claims payments made by such guaranty associations or the Illinois Insurance Guaranty Fund under policies of the insolvent insurer, or for related expenses the guaranty associations or the Illinois Insurance Guaranty Fund incur.

(j) This Section applies to all receivership proceedings under Article XIII that either (1) commence on or after the effective date of this amendatory Act of the 93rd General Assembly or (2) are on file or open on the effective date of this amendatory Act of the 93rd General Assembly and in which an Order of Liquidation is entered on or after May 1, 2004. However, this Section applies to rehabilitation proceedings only to the extent that guaranty associations are required to pay claims and does not apply to receivership proceedings in which only an order of conservation has been entered.

(k) For purposes of this Section, a "deductible agreement" is any combination of one or more policies, endorsements, contracts, or security agreements, which provide for the policyholder to bear the risk of loss within a specified amount per claim or occurrence covered under a policy of insurance, and may be subject to the aggregate limit of policyholder reimbursement obligations. This Section shall not apply to first party claims, or to claims funded by a guaranty association or the Illinois Insurance Guaranty Fund in excess of the deductible unless subsection (e) above applies. The term "non-covered claim" shall mean a claim that is subject to a deductible agreement and is not covered by a guaranty association or the Illinois Insurance Guaranty Fund.

Sec. 500-77. Policyholder information and exclusive ownership of expirations.

(a) As used in this Section, "expirations" means all information relative to an insurance policy including, but not limited to, the name and address of the insured, the location and description of the property insured, the value of the insurance policy, the inception date, the renewal date, and the expiration date of the insurance policy, the premiums, the limits and a description of the terms and coverage of the insurance policy, and any other personal and privileged information, as defined by Section 1003 of this Code, compiled by a business entity registered firm or furnished by the insured to the insurer or any agent, contractor, or representative of the insurer.

For purposes of this Section only, a business entity registered firm also includes a sole proprietorship that transacts the business of insurance as an insurance agency.

(b) All "expirations" as defined in subsection (a) of this Section shall be mutually and exclusively owned by the insured and the business entity registered firm. The limitations on the use of expirations as provided in subsections (c) and (d) of this Section shall be for mutual benefit of the insured and the business entity registered firm.

(c) Except as otherwise provided in this Section, for purposes of soliciting, selling, or negotiating the renewal or sale of insurance coverage, insurance products, or insurance services or for any other marketing purpose, a business entity registered firm shall own and have the exclusive use of expirations, records, and other written or electronically stored information directly related to an insurance application submitted by, or an insurance policy written through, the business entity registered firm. No insurance company, managing general agent, surplus lines insurance broker, wholesale broker, group self-insurance fund, third-party administrator, or any other entity, other than a financial institution as defined in Section 1402 of this Code, shall use such expirations, records, or other written or electronically stored information to solicit, sell, or negotiate the renewal or sale of insurance coverage, insurance products, or insurance services to the insured or for any other marketing purposes, either directly or by providing such information to others, without, separate from the general agency contract, the written consent of the business entity registered firm. However, such expirations, records, or other written or electronically stored information may be used for any purpose necessary for placing such business through the insurance

producer including reviewing an application and issuing or renewing a 
policy and for loss control services.

(d) With respect to a business entity registered firm, this Section 
shall not apply:

(1) when the insured requests either orally or in writing that 
another business entity registered firm obtain quotes for insurance 
from another insurance company or when the insured requests in 
writing individually or through another business entity registered 
firm, that the insurance company renew the policy;

(2) to policies in the Illinois Fair Plan, the Illinois 
Automobile Insurance Plan, or the Illinois Assigned Risk Plan for 
coverage under the Workers' Compensation Act and the Workers' 
Occupational Diseases Act;

(3) when the insurance producer is employed by or has 
agreed to act exclusively or primarily for one company or group of 
affiliated insurance companies or to a producer who submits to the 
company or group of affiliated companies that are organized to 
transact business in this State as a reciprocal company, as defined 
in Article IV of this Code, every request or application for 
insurance for the classes and lines underwritten by the company or 
group of affiliated companies;

(4) to policies providing life and accident and health 
insurance;

(5) when the business entity registered firm is in default for 
nonpayment of premiums under the contract with the insurer or is 
guilty of conversion of the insured's or insurer's premiums or its 
license is revoked by or surrendered to the Department;

(6) to any insurance company's obligations under Sections 
143.17 and 143.17a of this Code; or

(7) to any insurer that, separate from a producer or business 
entity registered firm, creates, develops, compiles, and assembles 
its own, identifiable expirations as defined in subsection (a).

For purposes of this Section, an insurance producer shall be 
deemed to have agreed to act primarily for one company or a group of 
affiliated insurance companies if the producer (i) receives 75% or more of 
his or her insurance related commissions from one company or a group of 
affiliated companies or (ii) places 75% or more of his or her policies with 
one company or a group of affiliated companies.

Nothing in this Section prohibits an insurance company, with 
respect to any items herein, from conveying to the insured or the business

entity registered firm  any additional benefits or ownership rights including, but not limited to, the ownership of expirations on any policy issued or the imposition of further restrictions on the insurance company's use of the insured's personal information.

(e) Nothing in this Section prevents a financial institution, as defined in Section 1402 of this Code, from obtaining from the insured, the insurer, or the business entity registered firm the expiration dates of an insurance policy placed on collateral or otherwise used as security in connection with a loan made or serviced by the financial institution when the financial institution requires the expiration dates for evidence of insurance.

(f) For purposes of this Section, "financial institution" does not include an insurance company, business entity registered firm, managing general agent, surplus lines broker, wholesale broker, group self-funded insurance fund, or third-party administrator.

(g) The Director may adopt rules in accordance with Section 401 of this Code for the enforcement of this Section.

(h) This Section applies to the expirations relative to all policies of insurance bound, applied for, sold, renewed, or otherwise taking effect on or after June 1, 2001 the effective date of this amendatory Act of the 92nd General Assembly.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Disabled Persons Rehabilitation Act is amended by changing Section 3 as follows:

(20 ILCS 2405/3) (from Ch. 23, par. 3434)

(a) To co-operate with the federal government in the administration of the provisions of the federal Rehabilitation Act of 1973, as amended, of the Workforce Investment Act of 1998, and of the federal Social Security Act to the extent and in the manner provided in these Acts.

(b) To prescribe and supervise such courses of vocational training and provide such other services as may be necessary for the habilitation and rehabilitation of persons with one or more disabilities, including the administrative activities under subsection (e) of this Section, and to co-operate with State and local school authorities and other recognized agencies engaged in habilitation, rehabilitation and comprehensive rehabilitation services; and to cooperate with the Department of Children

and Family Services regarding the care and education of children with one or more disabilities.

(c) (Blank).

(d) To report in writing, to the Governor, annually on or before the first day of December, and at such other times and in such manner and upon such subjects as the Governor may require. The annual report shall contain (1) a statement of the existing condition of comprehensive rehabilitation services, habilitation and rehabilitation in the State; (2) a statement of suggestions and recommendations with reference to the development of comprehensive rehabilitation services, habilitation and rehabilitation in the State; and (3) an itemized statement of the amounts of money received from federal, State and other sources, and of the objects and purposes to which the respective items of these several amounts have been devoted.

(e) (Blank).

(f) To establish a program of services to prevent unnecessary institutionalization of persons with Alzheimer's disease and related disorders or persons in need of long term care who are established as blind or disabled as defined by the Social Security Act, thereby enabling them to remain in their own homes or other living arrangements. Such preventive services may include, but are not limited to, any or all of the following:

1. home health services;
2. home nursing services;
3. homemaker services;
4. chore and housekeeping services;
5. day care services;
6. home-delivered meals;
7. education in self-care;
8. personal care services;
9. adult day health services;
10. habilitation services;
11. respite care; or
12. other nonmedical social services that may enable the person to become self-supporting.

The Department shall establish eligibility standards for such services taking into consideration the unique economic and social needs of the population for whom they are to be provided. Such eligibility standards may be based on the recipient's ability to pay for services; provided, however, that any portion of a person's income that is equal to or less than the "protected income" level shall not be considered by the Department in
determining eligibility. The "protected income" level shall be determined by the Department, shall never be less than the federal poverty standard, and shall be adjusted each year to reflect changes in the Consumer Price Index For All Urban Consumers as determined by the United States Department of Labor. The standards must provide that a person may have not more than $10,000 in assets to be eligible for the services, and the Department may increase the asset limitation by rule. Additionally, in determining the amount and nature of services for which a person may qualify, consideration shall not be given to the value of cash, property or other assets held in the name of the person's spouse pursuant to a written agreement dividing marital property into equal but separate shares or pursuant to a transfer of the person's interest in a home to his spouse, provided that the spouse's share of the marital property is not made available to the person seeking such services.

The services shall be provided to eligible persons to prevent unnecessary or premature institutionalization, to the extent that the cost of the services, together with the other personal maintenance expenses of the persons, are reasonably related to the standards established for care in a group facility appropriate to their condition. These non-institutional services, pilot projects or experimental facilities may be provided as part of or in addition to those authorized by federal law or those funded and administered by the Illinois Department on Aging.

Personal care attendants shall be paid:

(i) A $5 per hour minimum rate beginning July 1, 1995.
(ii) A $5.30 per hour minimum rate beginning July 1, 1997.
(iii) A $5.40 per hour minimum rate beginning July 1, 1998.

Solely for the purposes of coverage under the Illinois Public Labor Relations Act (5 ILCS 315/), personal care attendants and personal assistants providing services under the Department's Home Services Program shall be considered to be public employees and the State of Illinois shall be considered to be their employer as of the effective date of this amendatory Act of the 93rd General Assembly, but not before. The State shall engage in collective bargaining with an exclusive representative of personal care attendants and personal assistants working under the Home Services Program concerning their terms and conditions of employment that are within the State's control. Nothing in this paragraph shall be understood to limit the right of the persons receiving services defined in this Section to hire and fire personal care attendants and personal assistants or supervise them within the limitations set by the

Home Services Program. The State shall not be considered to be the employer of personal care attendants and personal assistants for any purposes not specifically provided in this amendatory Act of the 93rd General Assembly, including but not limited to, purposes of vicarious liability in tort and purposes of statutory retirement or health insurance benefits. Personal care attendants and personal assistants shall not be covered by the State Employees Group Insurance Act of 1971 (5 ILCS 375/).

The Department shall execute, relative to the nursing home prescreening project, as authorized by Section 4.03 of the Illinois Act on the Aging, written inter-agency agreements with the Department on Aging and the Department of Public Aid, to effect the following: (i) intake procedures and common eligibility criteria for those persons who are receiving non-institutional services; and (ii) the establishment and development of non-institutional services in areas of the State where they are not currently available or are undeveloped. On and after July 1, 1996, all nursing home prescreenings for individuals 18 through 59 years of age shall be conducted by the Department.

The Department is authorized to establish a system of recipient cost-sharing for services provided under this Section. The cost-sharing shall be based upon the recipient's ability to pay for services, but in no case shall the recipient's share exceed the actual cost of the services provided. Protected income shall not be considered by the Department in its determination of the recipient's ability to pay a share of the cost of services. The level of cost-sharing shall be adjusted each year to reflect changes in the "protected income" level. The Department shall deduct from the recipient's share of the cost of services any money expended by the recipient for disability-related expenses.

The Department, or the Department's authorized representative, shall recover the amount of moneys expended for services provided to or in behalf of a person under this Section by a claim against the person's estate or against the estate of the person's surviving spouse, but no recovery may be had until after the death of the surviving spouse, if any, and then only at such time when there is no surviving child who is under age 21, blind, or permanently and totally disabled. This paragraph, however, shall not bar recovery, at the death of the person, of moneys for services provided to the person or in behalf of the person under this Section to which the person was not entitled; provided that such recovery shall not be enforced against any real estate while it is occupied as a homestead by the surviving spouse or other dependent, if no claims by

other creditors have been filed against the estate, or, if such claims have been filed, they remain dormant for failure of prosecution or failure of the claimant to compel administration of the estate for the purpose of payment. This paragraph shall not bar recovery from the estate of a spouse, under Sections 1915 and 1924 of the Social Security Act and Section 5-4 of the Illinois Public Aid Code, who precedes a person receiving services under this Section in death. All moneys for services paid to or in behalf of the person under this Section shall be claimed for recovery from the deceased spouse's estate. "Homestead", as used in this paragraph, means the dwelling house and contiguous real estate occupied by a surviving spouse or relative, as defined by the rules and regulations of the Illinois Department of Public Aid, regardless of the value of the property.

The Department and the Department on Aging shall cooperate in the development and submission of an annual report on programs and services provided under this Section. Such joint report shall be filed with the Governor and the General Assembly on or before March 30 each year.

The requirement for reporting to the General Assembly shall be satisfied by filing copies of the report with the Speaker, the Minority Leader and the Clerk of the House of Representatives and the President, the Minority Leader and the Secretary of the Senate and the Legislative Research Unit, as required by Section 3.1 of the General Assembly Organization Act, and filing additional copies with the State Government Report Distribution Center for the General Assembly as required under paragraph (t) of Section 7 of the State Library Act.

(g) To establish such subdivisions of the Department as shall be desirable and assign to the various subdivisions the responsibilities and duties placed upon the Department by law.

(h) To cooperate and enter into any necessary agreements with the Department of Employment Security for the provision of job placement and job referral services to clients of the Department, including job service registration of such clients with Illinois Employment Security offices and making job listings maintained by the Department of Employment Security available to such clients.

(i) To possess all powers reasonable and necessary for the exercise and administration of the powers, duties and responsibilities of the Department which are provided for by law.

(j) To establish a procedure whereby new providers of personal care attendant services shall submit vouchers to the State for payment two times during their first month of employment and one time per month

thereafter. In no case shall the Department pay personal care attendants an hourly wage that is less than the federal minimum wage.

(k) To provide adequate notice to providers of chore and housekeeping services informing them that they are entitled to an interest payment on bills which are not promptly paid pursuant to Section 3 of the State Prompt Payment Act.

(l) To establish, operate and maintain a Statewide Housing Clearinghouse of information on available, government subsidized housing accessible to disabled persons and available privately owned housing accessible to disabled persons. The information shall include but not be limited to the location, rental requirements, access features and proximity to public transportation of available housing. The Clearinghouse shall consist of at least a computerized database for the storage and retrieval of information and a separate or shared toll free telephone number for use by those seeking information from the Clearinghouse. Department offices and personnel throughout the State shall also assist in the operation of the Statewide Housing Clearinghouse. Cooperation with local, State and federal housing managers shall be sought and extended in order to frequently and promptly update the Clearinghouse's information.

(m) To assure that the names and case records of persons who received or are receiving services from the Department, including persons receiving vocational rehabilitation, home services, or other services, and those attending one of the Department's schools or other supervised facility shall be confidential and not be open to the general public. Those case records and reports or the information contained in those records and reports shall be disclosed by the Director only to proper law enforcement officials, individuals authorized by a court, the General Assembly or any committee or commission of the General Assembly, and other persons and for reasons as the Director designates by rule. Disclosure by the Director may be only in accordance with other applicable law.

Sec. 11-74.4-3. Definitions. The following terms, wherever used or referred to in this Division 74.4 shall have the following respective meanings, unless in any case a different meaning clearly appears from the context.

(a) For any redevelopment project area that has been designated pursuant to this Section by an ordinance adopted prior to November 1, 1999 (the effective date of Public Act 91-478), "blighted area" shall have the meaning set forth in this Section prior to that date.

On and after November 1, 1999, "blighted area" means any improved or vacant area within the boundaries of a redevelopment project area located within the territorial limits of the municipality where:

(1) If improved, industrial, commercial, and residential buildings or improvements are detrimental to the public safety, health, or welfare because of a combination of 5 or more of the following factors, each of which is (i) present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) reasonably distributed throughout the improved part of the redevelopment project area:

(A) Dilapidation. An advanced state of disrepair or neglect of necessary repairs to the primary structural components of buildings or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed.

(B) Obsolescence. The condition or process of falling into disuse. Structures have become ill-suited for the original use.

(C) Deterioration. With respect to buildings, defects including, but not limited to, major defects in the secondary
building components such as doors, windows, porches, gutters and downspouts, and fascia. With respect to surface improvements, that the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas evidence deterioration, including, but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces.

(D) Presence of structures below minimum code standards. All structures that do not meet the standards of zoning, subdivision, building, fire, and other governmental codes applicable to property, but not including housing and property maintenance codes.

(E) Illegal use of individual structures. The use of structures in violation of applicable federal, State, or local laws, exclusive of those applicable to the presence of structures below minimum code standards.

(F) Excessive vacancies. The presence of buildings that are unoccupied or under-utilized and that represent an adverse influence on the area because of the frequency, extent, or duration of the vacancies.

(G) Lack of ventilation, light, or sanitary facilities. The absence of adequate ventilation for light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke, or other noxious airborne materials. Inadequate natural light and ventilation means the absence of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building.

(H) Inadequate utilities. Underground and overhead utilities such as storm sewers and storm drainage, sanitary sewers, water lines, and gas, telephone, and electrical services that are shown to be inadequate. Inadequate utilities are those that are: (i) of insufficient capacity to serve the uses in the redevelopment project area, (ii)
deteriorated, antiquated, obsolete, or in disrepair, or (iii) lacking within the redevelopment project area.

(I) Excessive land coverage and overcrowding of structures and community facilities. The over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Examples of problem conditions warranting the designation of an area as one exhibiting excessive land coverage are: (i) the presence of buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety and (ii) the presence of multiple buildings on a single parcel. For there to be a finding of excessive land coverage, these parcels must exhibit one or more of the following conditions: insufficient provision for light and air within or around buildings, increased threat of spread of fire due to the close proximity of buildings, lack of adequate or proper access to a public right-of-way, lack of reasonably required off-street parking, or inadequate provision for loading and service.

(J) Deleterious land use or layout. The existence of incompatible land-use relationships, buildings occupied by inappropriate mixed-uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.

(K) Environmental clean-up. The proposed redevelopment project area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(L) Lack of community planning. The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This means that the development occurred prior to the adoption by the municipality of a comprehensive or other community

plan or that the plan was not followed at the time of the area's development. This factor must be documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning.  

(M) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated.

(2) If vacant, the sound growth of the redevelopment project area is impaired by a combination of 2 or more of the following factors, each of which is (i) present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) reasonably distributed throughout the vacant part of the redevelopment project area to which it pertains:

(A) Obsolete platting of vacant land that results in parcels of limited or narrow size or configurations of parcels of irregular size or shape that would be difficult to develop on a planned basis and in a manner compatible with contemporary standards and requirements, or platting that failed to create rights-of-ways for streets or alleys or that created inadequate right-of-way widths for streets, alleys, or other public rights-of-way or that omitted easements for public utilities.

(B) Diversity of ownership of parcels of vacant land sufficient in number to retard or impede the ability to assemble the land for development.
(C) Tax and special assessment delinquencies exist or the property has been the subject of tax sales under the Property Tax Code within the last 5 years.

(D) Deterioration of structures or site improvements in neighboring areas adjacent to the vacant land.

(E) The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(F) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated.

(3) If vacant, the sound growth of the redevelopment project area is impaired by one of the following factors that (i) is present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) is reasonably distributed throughout the vacant part of the redevelopment project area to which it pertains:

(A) The area consists of one or more unused quarries, mines, or strip mine ponds.

(B) The area consists of unused rail yards, rail tracks, or railroad rights-of-way.

(C) The area, prior to its designation, is subject to
(i) chronic flooding that adversely impacts on real property
in the area as certified by a registered professional engineer
or appropriate regulatory agency or (ii) surface water that
discharges from all or a part of the area and contributes to
flooding within the same watershed, but only if the
redevelopment project provides for facilities or
improvements to contribute to the alleviation of all or part
of the flooding.

(D) The area consists of an unused or illegal
disposal site containing earth, stone, building debris, or
similar materials that were removed from construction,
demolition, excavation, or dredge sites.

(E) Prior to November 1, 1999, the area is not less
than 50 nor more than 100 acres and 75% of which is
vacant (notwithstanding that the area has been used for
commercial agricultural purposes within 5 years prior to the
designation of the redevelopment project area), and the area
meets at least one of the factors itemized in paragraph (1)
of this subsection, the area has been designated as a town or
village center by ordinance or comprehensive plan adopted
prior to January 1, 1982, and the area has not been
developed for that designated purpose.

(F) The area qualified as a blighted improved area
immediately prior to becoming vacant, unless there has
been substantial private investment in the immediately
surrounding area.

(b) For any redevelopment project area that has been designated
pursuant to this Section by an ordinance adopted prior to November 1,
1999 (the effective date of Public Act 91-478), "conservation area" shall
have the meaning set forth in this Section prior to that date.

On and after November 1, 1999, "conservation area" means any
improved area within the boundaries of a redevelopment project area
located within the territorial limits of the municipality in which 50% or
more of the structures in the area have an age of 35 years or more. Such an
area is not yet a blighted area but because of a combination of 3 or more of
the following factors is detrimental to the public safety, health, morals or
welfare and such an area may become a blighted area:

(1) Dilapidation. An advanced state of disrepair or neglect
of necessary repairs to the primary structural components of

buildings or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed.

(2) Obsolescence. The condition or process of falling into disuse. Structures have become ill-suited for the original use.

(3) Deterioration. With respect to buildings, defects including, but not limited to, major defects in the secondary building components such as doors, windows, porches, gutters and downspouts, and fascia. With respect to surface improvements, that the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas evidence deterioration, including, but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces.

(4) Presence of structures below minimum code standards. All structures that do not meet the standards of zoning, subdivision, building, fire, and other governmental codes applicable to property, but not including housing and property maintenance codes.

(5) Illegal use of individual structures. The use of structures in violation of applicable federal, State, or local laws, exclusive of those applicable to the presence of structures below minimum code standards.

(6) Excessive vacancies. The presence of buildings that are unoccupied or under-utilized and that represent an adverse influence on the area because of the frequency, extent, or duration of the vacancies.

(7) Lack of ventilation, light, or sanitary facilities. The absence of adequate ventilation for light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke, or other noxious airborne materials. Inadequate natural light and ventilation means the absence or inadequacy of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building.

(8) Inadequate utilities. Underground and overhead utilities such as storm sewers and storm drainage, sanitary sewers, water lines, and gas, telephone, and electrical services that are shown to be inadequate. Inadequate utilities are those that are: (i) of insufficient capacity to serve the uses in the redevelopment project area, (ii) deteriorated, antiquated, obsolete, or in disrepair, or (iii) lacking within the redevelopment project area.

(9) Excessive land coverage and overcrowding of structures and community facilities. The over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Examples of problem conditions warranting the designation of an area as one exhibiting excessive land coverage are: the presence of buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety and the presence of multiple buildings on a single parcel. For there to be a finding of excessive land coverage, these parcels must exhibit one or more of the following conditions: insufficient provision for light and air within or around buildings, increased threat of spread of fire due to the close proximity of buildings, lack of adequate or proper access to a public right-of-way, lack of reasonably required off-street parking, or inadequate provision for loading and service.

(10) Deleterious land use or layout. The existence of incompatible land-use relationships, buildings occupied by inappropriate mixed-uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.

(11) Lack of community planning. The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This means that the development occurred prior to the adoption by the municipality of a comprehensive or other community plan or that the plan was not followed at the time of the area's development. This factor must be documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning.

(12) The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an

independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(13) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years for which information is available.

(c) "Industrial park" means an area in a blighted or conservation area suitable for use by any manufacturing, industrial, research or transportation enterprise, of facilities to include but not be limited to factories, mills, processing plants, assembly plants, packing plants, fabricating plants, industrial distribution centers, warehouses, repair overhaul or service facilities, freight terminals, research facilities, test facilities or railroad facilities.

(d) "Industrial park conservation area" means an area within the boundaries of a redevelopment project area located within the territorial limits of a municipality that is a labor surplus municipality or within 1 1/2 miles of the territorial limits of a municipality that is a labor surplus municipality if the area is annexed to the municipality; which area is zoned as industrial no later than at the time the municipality by ordinance designates the redevelopment project area, and which area includes both vacant land suitable for use as an industrial park and a blighted area or conservation area contiguous to such vacant land.

(e) "Labor surplus municipality" means a municipality in which, at any time during the 6 months before the municipality by ordinance designates an industrial park conservation area, the unemployment rate was over 6% and was also 100% or more of the national average unemployment rate for that same time as published in the United States Department of Labor Bureau of Labor Statistics publication entitled "The Employment Situation" or its successor publication. For the purpose of this subsection, if unemployment rate statistics for the municipality are not available, the unemployment rate in the municipality shall be deemed to be

the same as the unemployment rate in the principal county in which the municipality is located.

(f) "Municipality" shall mean a city, village or incorporated town.

(g) "Initial Sales Tax Amounts" means the amount of taxes paid under the Retailers' Occupation Tax Act, Use Tax Act, Service Use Tax Act, the Service Occupation Tax Act, the Municipal Retailers' Occupation Tax Act, and the Municipal Service Occupation Tax Act by retailers and servicemen on transactions at places located in a State Sales Tax Boundary during the calendar year 1985.

(g-1) "Revised Initial Sales Tax Amounts" means the amount of taxes paid under the Retailers' Occupation Tax Act, Use Tax Act, Service Use Tax Act, the Service Occupation Tax Act, the Municipal Retailers' Occupation Tax Act, and the Municipal Service Occupation Tax Act by retailers and servicemen on transactions at places located within the State Sales Tax Boundary revised pursuant to Section 11-74.4-8a(9) of this Act.

(h) "Municipal Sales Tax Increment" means an amount equal to the increase in the aggregate amount of taxes paid to a municipality from the Local Government Tax Fund arising from sales by retailers and servicemen within the redevelopment project area or State Sales Tax Boundary, as the case may be, for as long as the redevelopment project area or State Sales Tax Boundary, as the case may be, exist over and above the aggregate amount of taxes as certified by the Illinois Department of Revenue and paid under the Municipal Retailers' Occupation Tax Act and the Municipal Service Occupation Tax Act by retailers and servicemen on transactions at places of business located in the redevelopment project area or State Sales Tax Boundary, as the case may be, during the base year which shall be the calendar year immediately prior to the year in which the municipality adopted tax increment allocation financing. For purposes of computing the aggregate amount of such taxes for base years occurring prior to 1985, the Department of Revenue shall determine the Initial Sales Tax Amounts for such taxes and deduct therefrom an amount equal to 4% of the aggregate amount of taxes per year for each year the base year is prior to 1985, but not to exceed a total deduction of 12%. The amount so determined shall be known as the "Adjusted Initial Sales Tax Amounts". For purposes of determining the Municipal Sales Tax Increment, the Department of Revenue shall for each period subtract from the amount paid to the municipality from the Local Government Tax Fund arising from sales by retailers and servicemen on transactions located in the redevelopment project area or the State Sales Tax Boundary, as the case may be, the certified Initial Sales Tax Amounts, the Adjusted Initial Sales

Tax Amounts or the Revised Initial Sales Tax Amounts for the Municipal Retailers' Occupation Tax Act and the Municipal Service Occupation Tax Act. For the State Fiscal Year 1989, this calculation shall be made by utilizing the calendar year 1987 to determine the tax amounts received. For the State Fiscal Year 1990, this calculation shall be made by utilizing the period from January 1, 1988, until September 30, 1988, to determine the tax amounts received from retailers and servicemen pursuant to the Municipal Retailers' Occupation Tax and the Municipal Service Occupation Tax Act, which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For the State Fiscal Year 1991, this calculation shall be made by utilizing the period from October 1, 1988, to June 30, 1989, to determine the tax amounts received from retailers and servicemen pursuant to the Municipal Retailers' Occupation Tax and the Municipal Service Occupation Tax Act which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For every State Fiscal Year thereafter, the applicable period shall be the 12 months beginning July 1 and ending June 30 to determine the tax amounts received which shall have deducted therefrom the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts, as the case may be.

(i) "Net State Sales Tax Increment" means the sum of the following: (a) 80% of the first $100,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary; (b) 60% of the amount in excess of $100,000 but not exceeding $500,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary; and (c) 40% of all amounts in excess of $500,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary. If, however, a municipality established a tax increment financing district in a county with a population in excess of 3,000,000 before January 1, 1986, and the municipality entered into a contract or issued bonds after January 1, 1986, but before December 31, 1986, to finance redevelopment project costs within a State Sales Tax Boundary, then the Net State Sales Tax Increment means, for the fiscal years beginning July 1, 1990, and July 1, 1991, 100% of the State Sales Tax Increment annually generated within a State Sales Tax Boundary; and notwithstanding any other provision of this Act, for those fiscal years the Department of Revenue shall distribute to those municipalities 100% of their Net State Sales Tax Increment before any

distribution to any other municipality and regardless of whether or not those other municipalities will receive 100% of their Net State Sales Tax Increment. For Fiscal Year 1999, and every year thereafter until the year 2007, for any municipality that has not entered into a contract or has not issued bonds prior to June 1, 1988 to finance redevelopment project costs within a State Sales Tax Boundary, the Net State Sales Tax Increment shall be calculated as follows: By multiplying the Net State Sales Tax Increment by 90% in the State Fiscal Year 1999; 80% in the State Fiscal Year 2000; 70% in the State Fiscal Year 2001; 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for State Fiscal Year 2008 and thereafter.

Municipalities that issued bonds in connection with a redevelopment project in a redevelopment project area within the State Sales Tax Boundary prior to July 29, 1991, or that entered into contracts in connection with a redevelopment project in a redevelopment project area before June 1, 1988, shall continue to receive their proportional share of the Illinois Tax Increment Fund distribution until the date on which the redevelopment project is completed or terminated. If, however, a municipality that issued bonds in connection with a redevelopment project in a redevelopment project area within the State Sales Tax Boundary prior to July 29, 1991 retires the bonds prior to June 30, 2007 or a municipality that entered into contracts in connection with a redevelopment project in a redevelopment project area before June 1, 1988 completes the contracts prior to June 30, 2007, then so long as the redevelopment project is not completed or is not terminated, the Net State Sales Tax Increment shall be calculated, beginning on the date on which the bonds are retired or the contracts are completed, as follows: By multiplying the Net State Sales Tax Increment by 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for State Fiscal Year 2008 and thereafter. Refunding of any bonds issued prior to July 29, 1991, shall not alter the Net State Sales Tax Increment.

(j) "State Utility Tax Increment Amount" means an amount equal to the aggregate increase in State electric and gas tax charges imposed on owners and tenants, other than residential customers, of properties located within the redevelopment project area under Section 9-222 of the Public Utilities Act, over and above the aggregate of such charges as certified by

New matter indicated by italics - deletions by strikeout
the Department of Revenue and paid by owners and tenants, other than residential customers, of properties within the redevelopment project area during the base year, which shall be the calendar year immediately prior to the year of the adoption of the ordinance authorizing tax increment allocation financing.

(k) "Net State Utility Tax Increment" means the sum of the following: (a) 80% of the first $100,000 of State Utility Tax Increment annually generated by a redevelopment project area; (b) 60% of the amount in excess of $100,000 but not exceeding $500,000 of the State Utility Tax Increment annually generated by a redevelopment project area; and (c) 40% of all amounts in excess of $500,000 of State Utility Tax Increment annually generated by a redevelopment project area. For the State Fiscal Year 1999, and every year thereafter until the year 2007, for any municipality that has not entered into a contract or has not issued bonds prior to June 1, 1988 to finance redevelopment project costs within a redevelopment project area, the Net State Utility Tax Increment shall be calculated as follows: By multiplying the Net State Utility Tax Increment by 90% in the State Fiscal Year 1999; 80% in the State Fiscal Year 2000; 70% in the State Fiscal Year 2001; 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for the State Fiscal Year 2008 and thereafter.

Municipalities that issue bonds in connection with the redevelopment project during the period from June 1, 1988 until 3 years after the effective date of this Amendatory Act of 1988 shall receive the Net State Utility Tax Increment, subject to appropriation, for 15 State Fiscal Years after the issuance of such bonds. For the 16th through the 20th State Fiscal Years after issuance of the bonds, the Net State Utility Tax Increment shall be calculated as follows: By multiplying the Net State Utility Tax Increment by 90% in year 16; 80% in year 17; 70% in year 18; 60% in year 19; and 50% in year 20. Refunding of any bonds issued prior to June 1, 1988, shall not alter the revised Net State Utility Tax Increment payments set forth above.

(l) "Obligations" mean bonds, loans, debentures, notes, special certificates or other evidence of indebtedness issued by the municipality to carry out a redevelopment project or to refund outstanding obligations.

(m) "Payment in lieu of taxes" means those estimated tax revenues from real property in a redevelopment project area derived from real property that has been acquired by a municipality which according to the

New matter indicated by italics - deletions by strikeout
redevelopment project or plan is to be used for a private use which taxing districts would have received had a municipality not acquired the real property and adopted tax increment allocation financing and which would result from levies made after the time of the adoption of tax increment allocation financing to the time the current equalized value of real property in the redevelopment project area exceeds the total initial equalized value of real property in said area.

(n) "Redevelopment plan" means the comprehensive program of the municipality for development or redevelopment intended by the payment of redevelopment project costs to reduce or eliminate those conditions the existence of which qualified the redevelopment project area as a "blighted area" or "conservation area" or combination thereof or "industrial park conservation area," and thereby to enhance the tax bases of the taxing districts which extend into the redevelopment project area. On and after November 1, 1999 (the effective date of Public Act 91-478), no redevelopment plan may be approved or amended that includes the development of vacant land (i) with a golf course and related clubhouse and other facilities or (ii) designated by federal, State, county, or municipal government as public land for outdoor recreational activities or for nature preserves and used for that purpose within 5 years prior to the adoption of the redevelopment plan. For the purpose of this subsection, "recreational activities" is limited to mean camping and hunting. Each redevelopment plan shall set forth in writing the program to be undertaken to accomplish the objectives and shall include but not be limited to:

(A) an itemized list of estimated redevelopment project costs;
(B) evidence indicating that the redevelopment project area on the whole has not been subject to growth and development through investment by private enterprise;
(C) an assessment of any financial impact of the redevelopment project area on or any increased demand for services from any taxing district affected by the plan and any program to address such financial impact or increased demand;
(D) the sources of funds to pay costs;
(E) the nature and term of the obligations to be issued;
(F) the most recent equalized assessed valuation of the redevelopment project area;
(G) an estimate as to the equalized assessed valuation after redevelopment and the general land uses to apply in the redevelopment project area;

New matter indicated by italics - deletions by strikeout
(H) a commitment to fair employment practices and an affirmative action plan;

(I) if it concerns an industrial park conservation area, the plan shall also include a general description of any proposed developer, user and tenant of any property, a description of the type, structure and general character of the facilities to be developed, a description of the type, class and number of new employees to be employed in the operation of the facilities to be developed; and

(J) if property is to be annexed to the municipality, the plan shall include the terms of the annexation agreement.

The provisions of items (B) and (C) of this subsection (n) shall not apply to a municipality that before March 14, 1994 (the effective date of Public Act 88-537) had fixed, either by its corporate authorities or by a commission designated under subsection (k) of Section 11-74.4-4, a time and place for a public hearing as required by subsection (a) of Section 11-74.4-5. No redevelopment plan shall be adopted unless a municipality complies with all of the following requirements:

(1) The municipality finds that the redevelopment project area on the whole has not been subject to growth and development through investment by private enterprise and would not reasonably be anticipated to be developed without the adoption of the redevelopment plan.

(2) The municipality finds that the redevelopment plan and project conform to the comprehensive plan for the development of the municipality as a whole, or, for municipalities with a population of 100,000 or more, regardless of when the redevelopment plan and project was adopted, the redevelopment plan and project either: (i) conforms to the strategic economic development or redevelopment plan issued by the designated planning authority of the municipality, or (ii) includes land uses that have been approved by the planning commission of the municipality.

(3) The redevelopment plan establishes the estimated dates of completion of the redevelopment project and retirement of obligations issued to finance redevelopment project costs. Those dates shall not be later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the twenty-third calendar year after the year

in which the ordinance approving the redevelopment project area is adopted if the ordinance was adopted on or after January 15, 1981, and not later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the thirty-fifth calendar year after the year in which the ordinance approving the redevelopment project area is adopted:

(A) if the ordinance was adopted before January 15, 1981, or

(B) if the ordinance was adopted in December 1983, April 1984, July 1985, or December 1989, or

(C) if the ordinance was adopted in December 1987 and the redevelopment project is located within one mile of Midway Airport, or

(D) if the ordinance was adopted before January 1, 1987 by a municipality in Mason County, or

(E) if the municipality is subject to the Local Government Financial Planning and Supervision Act or the Financially Distressed City Law, or

However, for redevelopment project areas for which bonds were issued before July 29, 1991, or for which contracts were entered into before June 1, 1988, in connection with a redevelopment project in the area within the State Sales Tax Boundary, the estimated dates of completion of the redevelopment project and retirement of obligations to finance redevelopment project costs may be extended by municipal ordinance to December 31, 2013. The termination procedures of subsection (b) of Section 11-74.4-8 are not required for these redevelopment project areas in 2009 but are required in 2013. The extension allowed by this amendatory Act of 1993 shall not apply to real property tax increment allocation financing under Section 11-74.4-8.

A municipality may by municipal ordinance amend an existing redevelopment plan to conform to this paragraph (3) as amended by Public Act 91-478, which municipal ordinance may be

adopted without further hearing or notice and without complying with the procedures provided in this Act pertaining to an amendment to or the initial approval of a redevelopment plan and project and designation of a redevelopment project area.

Those dates, for purposes of real property tax increment allocation financing pursuant to Section 11-74.4-8 only, shall be not more than 35 years for redevelopment project areas that were adopted on or after December 16, 1986 and for which at least $8 million worth of municipal bonds were authorized on or after December 19, 1989 but before January 1, 1990; provided that the municipality elects to extend the life of the redevelopment project area to 35 years by the adoption of an ordinance after at least 14 but not more than 30 days' written notice to the taxing bodies, that would otherwise constitute the joint review board for the redevelopment project area, before the adoption of the ordinance.

Those dates, for purposes of real property tax increment allocation financing pursuant to Section 11-74.4-8 only, shall be not more than 35 years for redevelopment project areas that were established on or after December 1, 1981 but before January 1, 1982 and for which at least $1,500,000 worth of tax increment revenue bonds were authorized on or after September 30, 1990 but before July 1, 1991; provided that the municipality elects to extend the life of the redevelopment project area to 35 years by the adoption of an ordinance after at least 14 but not more than 30 days' written notice to the taxing bodies, that would otherwise constitute the joint review board for the redevelopment project area, before the adoption of the ordinance.

(3.5) The municipality finds, in the case of an industrial park conservation area, also that the municipality is a labor surplus municipality and that the implementation of the redevelopment plan will reduce unemployment, create new jobs and by the provision of new facilities enhance the tax base of the taxing districts that extend into the redevelopment project area.

(4) If any incremental revenues are being utilized under Section 8(a)(1) or 8(a)(2) of this Act in redevelopment project areas approved by ordinance after January 1, 1986, the municipality finds: (a) that the redevelopment project area would not reasonably be developed without the use of such incremental revenues, and (b) that such incremental revenues will be
exclusively utilized for the development of the redevelopment project area.

(5) If the redevelopment plan will not result in displacement of residents from 10 or more inhabited residential units, and the municipality certifies in the plan that such displacement will not result from the plan, a housing impact study need not be performed. If, however, the redevelopment plan would result in the displacement of residents from 10 or more inhabited residential units, or if the redevelopment project area contains 75 or more inhabited residential units and no certification is made, then the municipality shall prepare, as part of the separate feasibility report required by subsection (a) of Section 11-74.4-5, a housing impact study.

Part I of the housing impact study shall include (i) data as to whether the residential units are single family or multi-family units, (ii) the number and type of rooms within the units, if that information is available, (iii) whether the units are inhabited or uninhabited, as determined not less than 45 days before the date that the ordinance or resolution required by subsection (a) of Section 11-74.4-5 is passed, and (iv) data as to the racial and ethnic composition of the residents in the inhabited residential units. The data requirement as to the racial and ethnic composition of the residents in the inhabited residential units shall be deemed to be fully satisfied by data from the most recent federal census.

Part II of the housing impact study shall identify the inhabited residential units in the proposed redevelopment project area that are to be or may be removed. If inhabited residential units are to be removed, then the housing impact study shall identify (i) the number and location of those units that will or may be removed, (ii) the municipality's plans for relocation assistance for those residents in the proposed redevelopment project area whose residences are to be removed, (iii) the availability of replacement housing for those residents whose residences are to be removed, and shall identify the type, location, and cost of the housing, and (iv) the type and extent of relocation assistance to be provided.

(6) On and after November 1, 1999, the housing impact study required by paragraph (5) shall be incorporated in the redevelopment plan for the redevelopment project area.

(7) On and after November 1, 1999, no redevelopment plan shall be adopted, nor an existing plan amended, nor shall
residential housing that is occupied by households of low-income and very low-income persons in currently existing redevelopment project areas be removed after November 1, 1999 unless the redevelopment plan provides, with respect to inhabited housing units that are to be removed for households of low-income and very low-income persons, affordable housing and relocation assistance not less than that which would be provided under the federal Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 and the regulations under that Act, including the eligibility criteria. Affordable housing may be either existing or newly constructed housing. For purposes of this paragraph (7), "low-income households", "very low-income households", and "affordable housing" have the meanings set forth in the Illinois Affordable Housing Act. The municipality shall make a good faith effort to ensure that this affordable housing is located in or near the redevelopment project area within the municipality.

(8) On and after November 1, 1999, if, after the adoption of the redevelopment plan for the redevelopment project area, any municipality desires to amend its redevelopment plan to remove more inhabited residential units than specified in its original redevelopment plan, that change shall be made in accordance with the procedures in subsection (c) of Section 11-74.4-5.

(9) For redevelopment project areas designated prior to November 1, 1999, the redevelopment plan may be amended without further joint review board meeting or hearing, provided that the municipality shall give notice of any such changes by mail to each affected taxing district and registrant on the interested party registry, to authorize the municipality to expend tax increment revenues for redevelopment project costs defined by paragraphs (5) and (7.5), subparagraphs (E) and (F) of paragraph (11), and paragraph (11.5) of subsection (q) of Section 11-74.4-3, so long as the changes do not increase the total estimated redevelopment project costs set out in the redevelopment plan by more than 5% after adjustment for inflation from the date the plan was adopted.

(o) "Redevelopment project" means any public and private development project in furtherance of the objectives of a redevelopment plan. On and after November 1, 1999 (the effective date of Public Act 91-478), no redevelopment plan may be approved or amended that includes the development of vacant land (i) with a golf course and related

clubhouse and other facilities or (ii) designated by federal, State, county, or municipal government as public land for outdoor recreational activities or for nature preserves and used for that purpose within 5 years prior to the adoption of the redevelopment plan. For the purpose of this subsection, "recreational activities" is limited to mean camping and hunting.

(p) "Redevelopment project area" means an area designated by the municipality, which is not less in the aggregate than 1 1/2 acres and in respect to which the municipality has made a finding that there exist conditions which cause the area to be classified as an industrial park conservation area or a blighted area or a conservation area, or a combination of both blighted areas and conservation areas.

(q) "Redevelopment project costs" mean and include the sum total of all reasonable or necessary costs incurred or estimated to be incurred, and any such costs incidental to a redevelopment plan and a redevelopment project. Such costs include, without limitation, the following:

(1) Costs of studies, surveys, development of plans, and specifications, implementation and administration of the redevelopment plan including but not limited to staff and professional service costs for architectural, engineering, legal, financial, planning or other services, provided however that no charges for professional services may be based on a percentage of the tax increment collected; except that on and after November 1, 1999 (the effective date of Public Act 91-478), no contracts for professional services, excluding architectural and engineering services, may be entered into if the terms of the contract extend beyond a period of 3 years. In addition, "redevelopment project costs" shall not include lobbying expenses. After consultation with the municipality, each tax increment consultant or advisor to a municipality that plans to designate or has designated a redevelopment project area shall inform the municipality in writing of any contracts that the consultant or advisor has entered into with entities or individuals that have received, or are receiving, payments financed by tax increment revenues produced by the redevelopment project area with respect to which the consultant or advisor has performed, or will be performing, service for the municipality. This requirement shall be satisfied by the consultant or advisor before the commencement of services for the municipality and thereafter whenever any other contracts with

those individuals or entities are executed by the consultant or advisor;

(1.5) After July 1, 1999, annual administrative costs shall not include general overhead or administrative costs of the municipality that would still have been incurred by the municipality if the municipality had not designated a redevelopment project area or approved a redevelopment plan;

(1.6) The cost of marketing sites within the redevelopment project area to prospective businesses, developers, and investors;

(2) Property assembly costs, including but not limited to acquisition of land and other property, real or personal, or rights or interests therein, demolition of buildings, site preparation, site improvements that serve as an engineered barrier addressing ground level or below ground environmental contamination, including, but not limited to parking lots and other concrete or asphalt barriers, and the clearing and grading of land;

(3) Costs of rehabilitation, reconstruction or repair or remodeling of existing public or private buildings, fixtures, and leasehold improvements; and the cost of replacing an existing public building if pursuant to the implementation of a redevelopment project the existing public building is to be demolished to use the site for private investment or devoted to a different use requiring private investment;

(4) Costs of the construction of public works or improvements, except that on and after November 1, 1999, redevelopment project costs shall not include the cost of constructing a new municipal public building principally used to provide offices, storage space, or conference facilities or vehicle storage, maintenance, or repair for administrative, public safety, or public works personnel and that is not intended to replace an existing public building as provided under paragraph (3) of subsection (q) of Section 11-74.4-3 unless either (i) the construction of the new municipal building implements a redevelopment project that was included in a redevelopment plan that was adopted by the municipality prior to November 1, 1999 or (ii) the municipality makes a reasonable determination in the redevelopment plan, supported by information that provides the basis for that determination, that the new municipal building is required to meet an increase in the need for public safety purposes

anticipated to result from the implementation of the redevelopment plan;

(5) Costs of job training and retraining projects, including the cost of "welfare to work" programs implemented by businesses located within the redevelopment project area;

(6) Financing costs, including but not limited to all necessary and incidental expenses related to the issuance of obligations and which may include payment of interest on any obligations issued hereunder including interest accruing during the estimated period of construction of any redevelopment project for which such obligations are issued and for not exceeding 36 months thereafter and including reasonable reserves related thereto;

(7) To the extent the municipality by written agreement accepts and approves the same, all or a portion of a taxing district's capital costs resulting from the redevelopment project necessarily incurred or to be incurred within a taxing district in furtherance of the objectives of the redevelopment plan and project.

(7.5) For redevelopment project areas designated (or redevelopment project areas amended to add or increase the number of tax-increment-financing assisted housing units) on or after November 1, 1999, an elementary, secondary, or unit school district's increased costs attributable to assisted housing units located within the redevelopment project area for which the developer or redeveloper receives financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the assisted housing sites necessary for the completion of that housing as authorized by this Act, and which costs shall be paid by the municipality from the Special Tax Allocation Fund when the tax increment revenue is received as a result of the assisted housing units and shall be calculated annually as follows:

(A) for foundation districts, excluding any school district in a municipality with a population in excess of 1,000,000, by multiplying the district's increase in attendance resulting from the net increase in new students enrolled in that school district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of

necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by the most recently available per capita tuition cost as defined in Section 10-20.12a of the School Code less any increase in general State aid as defined in Section 18-8.05 of the School Code attributable to these added new students subject to the following annual limitations:

   (i) for unit school districts with a district average 1995-96 Per Capita Tuition Charge of less than $5,900, no more than 25% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act;

   (ii) for elementary school districts with a district average 1995-96 Per Capita Tuition Charge of less than $5,900, no more than 17% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act; and

   (iii) for secondary school districts with a district average 1995-96 Per Capita Tuition Charge of less than $5,900, no more than 8% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act.

(B) For alternate method districts, flat grant districts, and foundation districts with a district average 1995-96 Per Capita Tuition Charge equal to or more than $5,900, excluding any school district with a population in excess of 1,000,000, by multiplying the district's increase in attendance resulting from the net increase in new students enrolled in that school district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since

(i) for unit school districts, no more than 40% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act;

(ii) for elementary school districts, no more than 27% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act; and

(iii) for secondary school districts, no more than 13% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act.

(C) For any school district in a municipality with a population in excess of 1,000,000, the following restrictions shall apply to the reimbursement of increased costs under this paragraph (7.5):

(i) no increased costs shall be reimbursed unless the school district certifies that each of the schools affected by the assisted housing project is at or over its student capacity;

(ii) the amount reimbursable shall be reduced by the value of any land donated to the school district by the municipality or developer, and by the value of any physical improvements made to the schools by the municipality or developer; and

(iii) the amount reimbursed may not affect amounts otherwise obligated by the terms of any bonds, notes, or other funding instruments, or the terms of any redevelopment agreement.

Any school district seeking payment under this paragraph (7.5) shall, after July 1 and before September 30

of each year, provide the municipality with reasonable evidence to support its claim for reimbursement before the municipality shall be required to approve or make the payment to the school district. If the school district fails to provide the information during this period in any year, it shall forfeit any claim to reimbursement for that year. School districts may adopt a resolution waiving the right to all or a portion of the reimbursement otherwise required by this paragraph (7.5). By acceptance of this reimbursement the school district waives the right to directly or indirectly set aside, modify, or contest in any manner the establishment of the redevelopment project area or projects;

(7.7) For redevelopment project areas designated (or redevelopment project areas amended to add or increase the number of tax-increment-financing assisted housing units) on or after January 1, 2005 (the effective date of Public Act 93-961) this amendatory Act of the 93rd General Assembly, a public library district's increased costs attributable to assisted housing units located within the redevelopment project area for which the developer or redeveloper receives financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the assisted housing sites necessary for the completion of that housing as authorized by this Act shall be paid to the library district by the municipality from the Special Tax Allocation Fund when the tax increment revenue is received as a result of the assisted housing units. This paragraph (7.7) applies only if (i) the library district is located in a county that is subject to the Property Tax Extension Limitation Law or (ii) the library district is not located in a county that is subject to the Property Tax Extension Limitation Law but the district is prohibited by any other law from increasing its tax levy rate without a prior voter referendum.

The amount paid to a library district under this paragraph (7.7) shall be calculated by multiplying (i) the net increase in the number of persons eligible to obtain a library card in that district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the

housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by (ii) the per-patron cost of providing library services so long as it does not exceed $120. The per-patron cost shall be the Total Operating Expenditures Per Capita as stated in the most recent Illinois Public Library Statistics produced by the Library Research Center at the University of Illinois. The municipality may deduct from the amount that it must pay to a library district under this paragraph any amount that it has voluntarily paid to the library district from the tax increment revenue. The amount paid to a library district under this paragraph (7.7) shall be no more than 2% of the amount produced by the assisted housing units and deposited into the Special Tax Allocation Fund.

A library district is not eligible for any payment under this paragraph (7.7) unless the library district has experienced an increase in the number of patrons from the municipality that created the tax-increment-financing district since the designation of the redevelopment project area.

Any library district seeking payment under this paragraph (7.7) shall, after July 1 and before September 30 of each year, provide the municipality with convincing evidence to support its claim for reimbursement before the municipality shall be required to approve or make the payment to the library district. If the library district fails to provide the information during this period in any year, it shall forfeit any claim to reimbursement for that year. Library districts may adopt a resolution waiving the right to all or a portion of the reimbursement otherwise required by this paragraph (7.7). By acceptance of such reimbursement, the library district shall forfeit any right to directly or indirectly set aside, modify, or contest in any manner whatsoever the establishment of the redevelopment project area or projects;

(8) Relocation costs to the extent that a municipality determines that relocation costs shall be paid or is required to make payment of relocation costs by federal or State law or in order to satisfy subparagraph (7) of subsection (n);

(9) Payment in lieu of taxes;

(10) Costs of job training, retraining, advanced vocational education or career education, including but not limited to courses in occupational, semi-technical or technical fields leading directly to employment, incurred by one or more taxing districts, provided

that such costs (i) are related to the establishment and maintenance of additional job training, advanced vocational education or career education programs for persons employed or to be employed by employers located in a redevelopment project area; and (ii) when incurred by a taxing district or taxing districts other than the municipality, are set forth in a written agreement by or among the municipality and the taxing district or taxing districts, which agreement describes the program to be undertaken, including but not limited to the number of employees to be trained, a description of the training and services to be provided, the number and type of positions available or to be available, itemized costs of the program and sources of funds to pay for the same, and the term of the agreement. Such costs include, specifically, the payment by community college districts of costs pursuant to Sections 3-37, 3-38, 3-40 and 3-40.1 of the Public Community College Act and by school districts of costs pursuant to Sections 10-22.20 and 10-23.3a of The School Code;

(11) Interest cost incurred by a redeveloper related to the construction, renovation or rehabilitation of a redevelopment project provided that:

(A) such costs are to be paid directly from the special tax allocation fund established pursuant to this Act;

(B) such payments in any one year may not exceed 30% of the annual interest costs incurred by the redeveloper with regard to the redevelopment project during that year;

(C) if there are not sufficient funds available in the special tax allocation fund to make the payment pursuant to this paragraph (11) then the amounts so due shall accrue and be payable when sufficient funds are available in the special tax allocation fund;

(D) the total of such interest payments paid pursuant to this Act may not exceed 30% of the total (i) cost paid or incurred by the redeveloper for the redevelopment project plus (ii) redevelopment project costs excluding any property assembly costs and any relocation costs incurred by a municipality pursuant to this Act; and

(E) the cost limits set forth in subparagraphs (B) and (D) of paragraph (11) shall be modified for the financing of rehabilitated or new housing units for low-income households and very low-income households, as defined in
Section 3 of the Illinois Affordable Housing Act. The percentage of 75% shall be substituted for 30% in subparagraphs (B) and (D) of paragraph (11).

(F) Instead of the eligible costs provided by subparagraphs (B) and (D) of paragraph (11), as modified by this subparagraph, and notwithstanding any other provisions of this Act to the contrary, the municipality may pay from tax increment revenues up to 50% of the cost of construction of new housing units to be occupied by low-income households and very low-income households as defined in Section 3 of the Illinois Affordable Housing Act. The cost of construction of those units may be derived from the proceeds of bonds issued by the municipality under this Act or other constitutional or statutory authority or from other sources of municipal revenue that may be reimbursed from tax increment revenues or the proceeds of bonds issued to finance the construction of that housing.

The eligible costs provided under this subparagraph (F) of paragraph (11) shall be an eligible cost for the construction, renovation, and rehabilitation of all low and very low-income housing units, as defined in Section 3 of the Illinois Affordable Housing Act, within the redevelopment project area. If the low and very low-income units are part of a residential redevelopment project that includes units not affordable to low and very low-income households, only the low and very low-income units shall be eligible for benefits under subparagraph (F) of paragraph (11). The standards for maintaining the occupancy by low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act, of those units constructed with eligible costs made available under the provisions of this subparagraph (F) of paragraph (11) shall be established by guidelines adopted by the municipality. The responsibility for annually documenting the initial occupancy of the units by low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act, shall be that of the then current owner of the property. For ownership units, the guidelines will provide, at a minimum, for a reasonable recapture of funds, or other appropriate

methods designed to preserve the original affordability of the ownership units. For rental units, the guidelines will provide, at a minimum, for the affordability of rent to low and very low-income households. As units become available, they shall be rented to income-eligible tenants. The municipality may modify these guidelines from time to time; the guidelines, however, shall be in effect for as long as tax increment revenue is being used to pay for costs associated with the units or for the retirement of bonds issued to finance the units or for the life of the redevelopment project area, whichever is later.

(11.5) If the redevelopment project area is located within a municipality with a population of more than 100,000, the cost of day care services for children of employees from low-income families working for businesses located within the redevelopment project area and all or a portion of the cost of operation of day care centers established by redevelopment project area businesses to serve employees from low-income families working in businesses located in the redevelopment project area. For the purposes of this paragraph, "low-income families" means families whose annual income does not exceed 80% of the municipal, county, or regional median income, adjusted for family size, as the annual income and municipal, county, or regional median income are determined from time to time by the United States Department of Housing and Urban Development.

(12) Unless explicitly stated herein the cost of construction of new privately-owned buildings shall not be an eligible redevelopment project cost. (13) After November 1, 1999 (the effective date of Public Act 91-478), none of the redevelopment project costs enumerated in this subsection shall be eligible redevelopment project costs if those costs would provide direct financial support to a retail entity initiating operations in the redevelopment project area while terminating operations at another Illinois location within 10 miles of the redevelopment project area but outside the boundaries of the redevelopment project area municipality. For purposes of this paragraph, termination means a closing of a retail operation that is directly related to the opening of the same operation or like retail entity owned or operated by more than 50% of the original ownership in a redevelopment project area, but it does not mean closing an operation for reasons beyond

New matter indicated by italics - deletions by strikeout
the control of the retail entity, as documented by the retail entity, subject to a reasonable finding by the municipality that the current location contained inadequate space, had become economically obsolete, or was no longer a viable location for the retailer or serviceman.

If a special service area has been established pursuant to the Special Service Area Tax Act or Special Service Area Tax Law, then any tax increment revenues derived from the tax imposed pursuant to the Special Service Area Tax Act or Special Service Area Tax Law may be used within the redevelopment project area for the purposes permitted by that Act or Law as well as the purposes permitted by this Act.

(r) "State Sales Tax Boundary" means the redevelopment project area or the amended redevelopment project area boundaries which are determined pursuant to subsection (9) of Section 11-74.4-8a of this Act. The Department of Revenue shall certify pursuant to subsection (9) of Section 11-74.4-8a the appropriate boundaries eligible for the determination of State Sales Tax Increment.

(s) "State Sales Tax Increment" means an amount equal to the increase in the aggregate amount of taxes paid by retailers and servicemen, other than retailers and servicemen subject to the Public Utilities Act, on transactions at places of business located within a State Sales Tax Boundary pursuant to the Retailers' Occupation Tax Act, the Use Tax Act, the Service Use Tax Act, and the Service Occupation Tax Act, except such portion of such increase that is paid into the State and Local Sales Tax Reform Fund, the Local Government Distributive Fund, the Local Government Tax Fund and the County and Mass Transit District Fund, for as long as State participation exists, over and above the Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts for such taxes as certified by the Department of Revenue and paid under those Acts by retailers and servicemen on transactions at places of business located within the State Sales Tax Boundary during the base year which shall be the calendar year immediately prior to the year in which the municipality adopted tax increment allocation financing, less 3.0% of such amounts generated under the Retailers' Occupation Tax Act, Use Tax Act and Service Use Tax Act and the Service Occupation Tax Act, which sum shall be appropriated to the Department of Revenue to cover its costs of administering and enforcing this Section. For purposes of computing the aggregate amount of such taxes for base years occurring prior to 1985, the Department of Revenue shall compute the Initial Sales Tax Amount for such taxes and deduct therefrom an amount equal to 4%

of the aggregate amount of taxes per year for each year the base year is prior to 1985, but not to exceed a total deduction of 12%. The amount so determined shall be known as the "Adjusted Initial Sales Tax Amount". For purposes of determining the State Sales Tax Increment the Department of Revenue shall for each period subtract from the tax amounts received from retailers and servicemen on transactions located in the State Sales Tax Boundary, the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or Revised Initial Sales Tax Amounts for the Retailers' Occupation Tax Act, the Use Tax Act, the Service Use Tax Act and the Service Occupation Tax Act. For the State Fiscal Year 1989 this calculation shall be made by utilizing the calendar year 1987 to determine the tax amounts received. For the State Fiscal Year 1990, this calculation shall be made by utilizing the period from January 1, 1988, until September 30, 1988, to determine the tax amounts received from retailers and servicemen, which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For the State Fiscal Year 1991, this calculation shall be made by utilizing the period from October 1, 1988, until June 30, 1989, to determine the tax amounts received from retailers and servicemen, which shall have deducted therefrom nine-twelfths of the certified Initial State Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For every State Fiscal Year thereafter, the applicable period shall be the 12 months beginning July 1 and ending on June 30, to determine the tax amounts received which shall have deducted therefrom the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts. Municipalities intending to receive a distribution of State Sales Tax Increment must report a list of retailers to the Department of Revenue by October 31, 1988 and by July 31, of each year thereafter.

(t) "Taxing districts" means counties, townships, cities and incorporated towns and villages, school, road, park, sanitary, mosquito abatement, forest preserve, public health, fire protection, river conservancy, tuberculosis sanitarium and any other municipal corporations or districts with the power to levy taxes.

(u) "Taxing districts' capital costs" means those costs of taxing districts for capital improvements that are found by the municipal corporate authorities to be necessary and directly result from the redevelopment project.
(v) As used in subsection (a) of Section 11-74.4-3 of this Act, "vacant land" means any parcel or combination of parcels of real property without industrial, commercial, and residential buildings which has not been used for commercial agricultural purposes within 5 years prior to the designation of the redevelopment project area, unless the parcel is included in an industrial park conservation area or the parcel has been subdivided; provided that if the parcel was part of a larger tract that has been divided into 3 or more smaller tracts that were accepted for recording during the period from 1950 to 1990, then the parcel shall be deemed to have been subdivided, and all proceedings and actions of the municipality taken in that connection with respect to any previously approved or designated redevelopment project area or amended redevelopment project area are hereby validated and hereby declared to be legally sufficient for all purposes of this Act. For purposes of this Section and only for land subject to the subdivision requirements of the Plat Act, land is subdivided when the original plat of the proposed Redevelopment Project Area or relevant portion thereof has been properly certified, acknowledged, approved, and recorded or filed in accordance with the Plat Act and a preliminary plat, if any, for any subsequent phases of the proposed Redevelopment Project Area or relevant portion thereof has been properly approved and filed in accordance with the applicable ordinance of the municipality.

(w) "Annual Total Increment" means the sum of each municipality's annual Net Sales Tax Increment and each municipality's annual Net Utility Tax Increment. The ratio of the Annual Total Increment of each municipality to the Annual Total Increment for all municipalities, as most recently calculated by the Department, shall determine the proportional shares of the Illinois Tax Increment Fund to be distributed to each municipality.

(65 ILCS 5/11-74.4-7) (from Ch. 24, par. 11-74.4-7)

Sec. 11-74.4-7. Obligations secured by the special tax allocation fund set forth in Section 11-74.4-8 for the redevelopment project area may be issued to provide for redevelopment project costs. Such obligations, when so issued, shall be retired in the manner provided in the ordinance.
authorizing the issuance of such obligations by the receipts of taxes levied as specified in Section 11-74.4-9 against the taxable property included in the area, by revenues as specified by Section 11-74.4-8a and other revenue designated by the municipality. A municipality may in the ordinance pledge all or any part of the funds in and to be deposited in the special tax allocation fund created pursuant to Section 11-74.4-8 to the payment of the redevelopment project costs and obligations. Any pledge of funds in the special tax allocation fund shall provide for distribution to the taxing districts and to the Illinois Department of Revenue of moneys not required, pledged, earmarked, or otherwise designated for payment and securing of the obligations and anticipated redevelopment project costs and such excess funds shall be calculated annually and deemed to be "surplus" funds. In the event a municipality only applies or pledges a portion of the funds in the special tax allocation fund for the payment or securing of anticipated redevelopment project costs or of obligations, any such funds remaining in the special tax allocation fund after complying with the requirements of the application or pledge, shall also be calculated annually and deemed "surplus" funds. All surplus funds in the special tax allocation fund shall be distributed annually within 180 days after the close of the municipality's fiscal year by being paid by the municipal treasurer to the County Collector, to the Department of Revenue and to the municipality in direct proportion to the tax incremental revenue received as a result of an increase in the equalized assessed value of property in the redevelopment project area, tax incremental revenue received from the State and tax incremental revenue received from the municipality, but not to exceed as to each such source the total incremental revenue received from that source. The County Collector shall thereafter make distribution to the respective taxing districts in the same manner and proportion as the most recent distribution by the county collector to the affected districts of real property taxes from real property in the redevelopment project area.

Without limiting the foregoing in this Section, the municipality may in addition to obligations secured by the special tax allocation fund pledge for a period not greater than the term of the obligations towards payment of such obligations any part or any combination of the following: (a) net revenues of all or part of any redevelopment project; (b) taxes levied and collected on any or all property in the municipality; (c) the full faith and credit of the municipality; (d) a mortgage on part or all of the redevelopment project; or (e) any other taxes or anticipated receipts that the municipality may lawfully pledge.

Such obligations may be issued in one or more series bearing interest at such rate or rates as the corporate authorities of the municipality shall determine by ordinance. Such obligations shall bear such date or dates, mature at such time or times not exceeding 20 years from their respective dates, be in such denomination, carry such registration privileges, be executed in such manner, be payable in such medium of payment at such place or places, contain such covenants, terms and conditions, and be subject to redemption as such ordinance shall provide. Obligations issued pursuant to this Act may be sold at public or private sale at such price as shall be determined by the corporate authorities of the municipalities. No referendum approval of the electors shall be required as a condition to the issuance of obligations pursuant to this Division except as provided in this Section.

In the event the municipality authorizes issuance of obligations pursuant to the authority of this Division secured by the full faith and credit of the municipality, which obligations are other than obligations which may be issued under home rule powers provided by Article VII, Section 6 of the Illinois Constitution, or pledges taxes pursuant to (b) or (c) of the second paragraph of this section, the ordinance authorizing the issuance of such obligations or pledging such taxes shall be published within 10 days after such ordinance has been passed in one or more newspapers, with general circulation within such municipality. The publication of the ordinance shall be accompanied by a notice of (1) the specific number of voters required to sign a petition requesting the question of the issuance of such obligations or pledging taxes to be submitted to the electors; (2) the time in which such petition must be filed; and (3) the date of the prospective referendum. The municipal clerk shall provide a petition form to any individual requesting one.

If no petition is filed with the municipal clerk, as hereinafter provided in this Section, within 30 days after the publication of the ordinance, the ordinance shall be in effect. But, if within that 30 day period a petition is filed with the municipal clerk, signed by electors in the municipality numbering 10% or more of the number of registered voters in the municipality, asking that the question of issuing obligations using full faith and credit of the municipality as security for the cost of paying for redevelopment project costs, or of pledging taxes for the payment of such obligations, or both, be submitted to the electors of the municipality, the corporate authorities of the municipality shall call a special election in the manner provided by law to vote upon that question, or, if a general, State or municipal election is to be held within a period of not less than 30 or

more than 90 days from the date such petition is filed, shall submit the question at the next general, State or municipal election. If it appears upon the canvass of the election by the corporate authorities that a majority of electors voting upon the question voted in favor thereof, the ordinance shall be in effect, but if a majority of the electors voting upon the question are not in favor thereof, the ordinance shall not take effect.

The ordinance authorizing the obligations may provide that the obligations shall contain a recital that they are issued pursuant to this Division, which recital shall be conclusive evidence of their validity and of the regularity of their issuance.

In the event the municipality authorizes issuance of obligations pursuant to this Section secured by the full faith and credit of the municipality, the ordinance authorizing the obligations may provide for the levy and collection of a direct annual tax upon all taxable property within the municipality sufficient to pay the principal thereof and interest thereon as it matures, which levy may be in addition to and exclusive of the maximum of all other taxes authorized to be levied by the municipality, which levy, however, shall be abated to the extent that monies from other sources are available for payment of the obligations and the municipality certifies the amount of said monies available to the county clerk.

A certified copy of such ordinance shall be filed with the county clerk of each county in which any portion of the municipality is situated, and shall constitute the authority for the extension and collection of the taxes to be deposited in the special tax allocation fund.

A municipality may also issue its obligations to refund in whole or in part, obligations theretofore issued by such municipality under the authority of this Act, whether at or prior to maturity, provided however, that the last maturity of the refunding obligations shall not be expressed to mature later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the twenty-third calendar year after the year in which the ordinance approving the redevelopment project area is adopted if the ordinance was adopted on or after January 15, 1981, and not later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the thirty-fifth calendar year after the year in which the ordinance approving the redevelopment project area is adopted (A) if the ordinance was adopted before January 15, 1981, or (B) if the ordinance

Sec. 12. On or before October 15 of each year, the president and secretary of each county fair claiming state aid shall have postmarked to or shall file with the Department a fiscal accounting of the expenditure of the grant monies received under Section 10 and a sworn statement of the actual amount of cash premiums paid at the fair that year. The sworn statement shall state the following:

a) That all gambling and gambling devices which are declared unlawful by laws of Illinois and the sale of alcoholic liquors other than beer have been prohibited and excluded from the grounds of the fair and from adjacent grounds under the fair's authority, during the fair and at all other times when the fair grounds or adjacent grounds are in the possession of and under the immediate control and supervision of the fair officials.

If the claim filed is less than the fair's authorized base, the Department shall only pay 75% of the amount of the claim filed. Should the amount paid a fair exceed the amount authorized after the final audit of such claim, then the fair shall within 30 days after notice by the Department pay to the Department the difference between the amount received and the amount as approved for such fair in the final audit as long as funds are available.

Section, the land on which the fair is held must be owned by the county fair board participating in this disbursement or by a State, city, village, or county government body, or be held under a lease that is at least 20 years in duration, the terms of which require the lessee to have continuous possession of the land during every day of the lease period. No county fair shall qualify for disbursements made by the Department from an appropriation made under the provisions of this Section unless it shall have notified the Department in writing of its intent to participate prior to obligating any funds for which reimbursement will be requested. If a county fair expends more than is needed in any year for approved projects to maximize State reimbursement under this Section and provides itemized receipts and other evidence of expenditures for that year, any excess may be carried over to the succeeding year. The amount carried over shall constitute a claim for reimbursement for a subsequent period not to exceed 7 years as long as funds are available.

Before June 30 of each year, the president and secretary of each county fair which has participated in this program shall file with the Department a sworn statement of the amount expended during the period July 1 to June 30 of the State's fiscal year, accompanied by itemized receipted bills and other evidence of expenditures. If the Department approves the claim, the State Comptroller is authorized and directed to draw a warrant payable from the Agricultural Premium Fund on the State Treasurer for the amount of the rehabilitation claims.

If after all claims are paid, there remains any amount of the appropriation for rehabilitation, the remaining amount shall be distributed as a grant to the participating fairs qualifying for the maximum reimbursement and shall be distributed to the eligible fairs on an equal basis not to exceed each eligible fair's pro rata share granted in this paragraph. AN ACT concerning child labor. 

New matter indicated by italics - deletions by strikeout
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the State Prohibition of Goods from Child Labor Act.

Section 5. Policy. The General Assembly hereby finds and declares as follows:

(a) The people of Illinois do not support the import of any goods made by child labor, not only because it is a cruel suppression of the human rights of children, but also because it creates an unfair trade advantage for the child labor country.

(b) Current trade regulations do not require importers to provide certificates of origin at the time of importation to affirm and guarantee no child labor content.

(c) Federal law also does not require the United States Customs Service to have an active, self-initiated foreign surveillance program of detecting child labor-made goods and preventing their entry into the United States.

(d) The State of Illinois wholeheartedly condemns the importation of goods made in whole or in part by child labor and shall not knowingly acquire any of those goods.

Section 10. Contract certification.

(a) Every contract entered into by any State agency for the procurement of equipment, materials, or supplies, other than procurement related to a public works contract, must specify that no foreign-made equipment, materials, or supplies furnished to the State under the contract may be produced in whole or in part by the labor of any child under the age of 12. The contractor must agree to comply with this provision of the contract.

(b) Any contractor contracting with the State who knew that the foreign-made equipment, materials, or supplies furnished to the State were produced in whole or part by the labor of any child under the age of 12 when entering into a contract under subsection (a), may, subject to subsection (c), have any or all of the following sanctions imposed:

(1) The contract under which the prohibited equipment, materials, or supplies were provided may be voided at the option of the State agency to which the equipment, materials, or supplies were provided.

(2) The contractor may be assessed a penalty which must be the greater of $1,000 or an amount equaling 20% of the value of the equipment, materials, or supplies that the State agency

(3) The contractor may be suspended from bidding on a State contract for a period not to exceed 360 days. Any moneys collected under this subsection shall be deposited into the General Revenue Fund.

(c) When imposing the sanctions described in subsection (b), the contracting agency must notify the contractor of the right to a hearing if requested within 15 days after the date of the notice. The hearing must be before an administrative law judge according to the Illinois Administrative Procedure Act. The administrative law judge must consider any measures the contractor has taken to ensure compliance with this Section and may waive any or all of the sanctions if it is determined that the contractor has acted in good faith.

The agency must be assessed the cost of the administrative hearing, unless the agency has prevailed in the hearing, in which case the contractor shall be assessed the cost of the hearing.

(d) Any State agency that investigates a complaint against a contractor for violation of this Section must limit its investigation to evaluating the information provided by the person or entity submitting the complaint and the information provided by the contractor.

The Director shall specify in the suspension order a specific period of time, which shall not exceed one year from the date of the order, during which a suspended vendor shall not be eligible to participate. At the conclusion of the period of suspension the Director shall reinstate such vendor, unless he finds that such vendor has not corrected deficiencies upon which the suspension was based.

If a vendor has been terminated from the medical assistance program under Article V, such vendor shall be barred from participation for at least one year, except that if a vendor has been terminated based on a conviction of a violation of Article VIIA or a conviction of a felony based on fraud or a willful misrepresentation related to (i) the medical assistance program under Article V, (ii) a medical assistance program in another state that is of the kind provided under Article V, (iii) the Medicare program under Title XVIII of the Social Security Act, or (iv) the provision of health care services, then the vendor shall be barred from participation for 5 years or for the length of the vendor's sentence for that conviction, whichever is longer. At the end of one year a vendor who has been terminated may apply for reinstatement to the program. Upon proper application to be reinstated such vendor may be deemed eligible by the Director providing that such vendor meets the requirements for eligibility under this Code. If such vendor is deemed not eligible for reinstatement, he shall be barred from again applying for reinstatement for one year from the date his application for reinstatement is denied.

A vendor whose termination from participation in the Illinois medical assistance program under Article V was based solely on an action by a governmental entity other than the Illinois Department may, upon reinstatement by that governmental entity or upon reversal of the termination, apply for rescission of the termination from participation in the Illinois medical assistance program. Upon proper application for rescission, the vendor may be deemed eligible by the Director if the vendor meets the requirements for eligibility under this Code.

If a vendor has been terminated and reinstated to the medical assistance program under Article V and the vendor is terminated a second or subsequent time from the medical assistance program, the vendor shall be barred from participation for at least 2 years, except that if a vendor has been terminated a second time based on a conviction of a violation of Article VIIA or a conviction of a felony based on fraud or a willful

misrepresentation related to (i) the medical assistance program under Article V, (ii) a medical assistance program in another state that is of the kind provided under Article V, (iii) the Medicare program under Title XVIII of the Social Security Act, or (iv) the provision of health care services, then the vendor shall be barred from participation for life. At the end of 2 years, a vendor who has been terminated may apply for reinstatement to the program. Upon application to be reinstated, the vendor may be deemed eligible if the vendor meets the requirements for eligibility under this Code. If the vendor is deemed not eligible for reinstatement, the vendor shall be barred from again applying for reinstatement for 2 years from the date the vendor's application for reinstatement is denied.

(E) The Illinois Department may recover money improperly or erroneously paid, or overpayments, either by setoff, crediting against future billings or by requiring direct repayment to the Illinois Department.

If the Department of Public Aid establishes through an administrative hearing that the overpayments resulted from the vendor or alternate payee willfully making, or causing to be made, a false statement or misrepresentation of a material fact in connection with billings and payments under the medical assistance program under Article V, the Department may recover interest on the amount of the overpayments at the rate of 5% per annum. For purposes of this paragraph, "willfully" means that a person makes a statement or representation with actual knowledge that it was false, or makes a statement or representation with knowledge of facts or information that would cause one to be aware that the statement or representation was false when made.

(F) The Illinois Department may withhold payments to any vendor or alternate payee during the pendency of any proceeding under this Section. The Illinois Department shall state by rule with as much specificity as practicable the conditions under which payments will not be withheld during the pendency of any proceeding under this Section. Payments may be denied for bills submitted with service dates occurring during the pendency of a proceeding where the final administrative decision is to terminate eligibility to participate in the medical assistance program. The Illinois Department shall state by rule with as much specificity as practicable the conditions under which payments will not be denied for such bills. The Department of Public Aid shall state by rule a process and criteria by which a vendor or alternate payee may request full or partial release of payments withheld under this subsection. The Department must complete a proceeding under this Section in a timely manner.

(1) If the vendor or alternate payee is a corporation: an officer of the corporation or an individual who owns, either directly or indirectly, 5% or more of the shares of stock or other evidence of ownership of the corporation.

(2) If the vendor is a sole proprietorship: the owner of the sole proprietorship.

(3) If the vendor or alternate payee is a partnership: a partner in the partnership.

(4) If the vendor or alternate payee is any other business entity authorized by law to transact business in this State: an officer of the entity or an individual who owns, either directly or indirectly, 5% or more of the evidences of ownership of the entity.

If the Illinois Department withholds payments to a vendor or alternate payee under this subsection, the Department shall not release those payments to the vendor or alternate payee while any criminal proceeding related to the indictment or charge is pending unless the Department determines that there is good cause to release the payments before completion of the proceeding. If the indictment or charge results in the individual's conviction, the Illinois Department shall retain all withheld payments, which shall be considered forfeited to the Department. If the indictment or charge does not result in the individual's conviction, the Illinois Department shall release to the vendor or alternate payee all withheld payments.

(G) The provisions of the Administrative Review Law, as now or hereafter amended, and the rules adopted pursuant thereto, shall apply to and govern all proceedings for the judicial review of final administrative decisions of the Illinois Department under this Section. The term "administrative decision" is defined as in Section 3-101 of the Code of Civil Procedure.

(1) Notwithstanding any other provision in this Section, for non-emergency transportation vendors, the Department may terminate the vendor from participation in the medical assistance program prior to an evidentiary hearing but after reasonable notice and opportunity to respond as established by the Department by rule.

(2) Vendors of non-emergency medical transportation services, as defined by the Department by rule, shall submit to a fingerprint-based criminal background check on current and future information available in the State system and current information available through the Federal Bureau of Investigation's system by submitting all necessary fees and information in the form and manner prescribed by the Department of State Police. The following individuals shall be subject to the check:

   (A) In the case of a vendor that is a corporation, every shareholder who owns, directly or indirectly, 5% or more of the outstanding shares of the corporation.

   (B) In the case of a vendor that is a partnership, every partner.

   (C) In the case of a vendor that is a sole proprietorship, the sole proprietor.

   (D) Each officer or manager of the vendor. Each such vendor shall be responsible for payment of the cost of the criminal background check.

(3) Vendors of non-emergency medical transportation services may be required to post a surety bond. The Department shall establish, by rule, the criteria and requirements for determining when a surety bond must be posted and the value of the bond.

(4) The Department, or its agents, may refuse to accept requests for non-emergency transportation authorizations, including prior-approval and post-approval requests, for a specific non-emergency transportation vendor if:

(C) the Department has issued a notification of its withholding of payments due to reliable evidence of fraud or willful misrepresentation pending investigation.

(H) Nothing contained in this Code shall in any way limit or otherwise impair the authority or power of any State agency responsible for licensing of vendors.

(I) Based on a finding of noncompliance on the part of a nursing home with any requirement for certification under Title XVIII or XIX of the Social Security Act (42 U.S.C. Sec. 1395 et seq. or 42 U.S.C. Sec. 1396 et seq.), the Illinois Department may impose one or more of the following remedies after notice to the facility:

1. Termination of the provider agreement.
2. Temporary management.
3. Denial of payment for new admissions.
4. Civil money penalties.
5. Closure of the facility in emergency situations or transfer of residents, or both.
7. Denial of all payments when the Health Care Finance Administration has imposed this sanction.

The Illinois Department shall by rule establish criteria governing continued payments to a nursing facility subsequent to termination of the facility's provider agreement if, in the sole discretion of the Illinois Department, circumstances affecting the health, safety, and welfare of the facility's residents require those continued payments. The Illinois Department may condition those continued payments on the appointment of temporary management, sale of the facility to new owners or operators, or other arrangements that the Illinois Department determines best serve the needs of the facility's residents.

Except in the case of a facility that has a right to a hearing on the finding of noncompliance before an agency of the federal government, a facility may request a hearing before a State agency on any finding of noncompliance within 60 days after the notice of the intent to impose a remedy. Except in the case of civil money penalties, a request for a hearing shall not delay imposition of the penalty. The choice of remedies is not appealable at a hearing. The level of noncompliance may be challenged only in the case of a civil money penalty. The Illinois Department shall provide by rule for the State agency that will conduct the evidentiary hearings.

(a) Such alternate payee or alternate payees shall be required to register as an alternate payee in the Medical Assistance Program with the Illinois Department.

(b) If a practitioner designates an alternate payee, the alternate payee and practitioner shall be jointly and severally liable to the Department for payments made to the alternate payee. Pursuant to subsection (E) of this Section, any Department action to recover money or overpayments from an alternate payee shall be subject to an administrative hearing.

(c) Registration as an alternate payee or alternate payees in the Illinois Medical Assistance Program shall be conditional. At any time, the Illinois Department may deny or cancel any alternate payee’s registration in the Illinois Medical Assistance Program without cause. Any such denial or cancellation is not subject to an administrative hearing.

(d) The Illinois Department may seek a revocation of any alternate payee, and all owners, officers, and individuals with management responsibility for such alternate payee shall be permanently prohibited from participating as an owner, an officer, or an individual with management responsibility with an alternate payee in the Illinois Medical Assistance Program, if after reasonable notice and opportunity for a hearing the Illinois Department finds that:

(1) the alternate payee is not complying with the Department’s policy or rules and regulations, or with the terms and conditions prescribed by the Illinois Department in its alternate payee registration agreement; or

(2) the alternate payee has failed to keep or make available for inspection, audit, or copying, after receiving a written request from the Illinois Department, such records regarding payments claimed as an alternate payee; or

PUBLIC ACT 94-0267
(House Bill No. 2892)

AN ACT concerning public aid.

WHEREAS, The General Assembly has long viewed one-stop service in the human services as a vital goal in order to serve clients in the most effective and most cost-efficient fashion; and

WHEREAS, The vision of one-stop service was a fundamental reason for creating the Department of Human Services; and

WHEREAS, One-stop service became possible in 1999 when a new data warehouse became operational at the Department of Public Aid; and

WHEREAS, The data warehouse has enabled the Department of Public Aid for the first time to optimally manage the $10 billion Medicaid budget program, enabled the Inspector General to identify hundreds of millions of dollars in fraudulent claims, and given members of the General Assembly and the Department ready access to information for policy decision-making not possible without the data warehouse; and

WHEREAS, Computer World Smithsonian designated the Illinois data warehouse as the best Medicaid Management System in the United States of America; and
WHEREAS, Illinois expanded its data warehouse in 2003 to accomplish additional cost and functional efficiencies; and
WHEREAS, The data warehouse is an indispensable administrative tool necessary to comply with increasingly complex Medicaid regulations, specifically new Medicaid prescription drug benefit rules, and necessary to position Illinois to continue benefiting from increasingly more difficult-to-attain federal funding opportunities available only to states that enjoy access to prompt, accurate information from a data warehouse; therefore,

Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Illinois Public Aid Code is amended by changing Section 12-4.201 and adding Section 12-4.202 as follows:

(305 ILCS 5/12-4.201)
Sec. 12-4.201.  
(a) Data warehouse concerning medical and related services. The Illinois Department of Public Aid may purchase services and materials associated with the costs of developing and implementing a data warehouse comprised of management and decision making information in regard to the liability associated with, and utilization of, medical and related services, out of moneys available for that purpose.

(b) The Department of Public Aid shall perform all necessary administrative functions to expand its linearly-scalable data warehouse to encompass other healthcare data sources at both the Department of Human Services and the Department of Public Health. The Department of Public Aid shall leverage the inherent capabilities of the data warehouse to accomplish this expansion with marginal additional technical administration. The purpose of this expansion is to allow for programmatic review and analysis including the interrelatedness among the various healthcare programs in order to ascertain effectiveness toward, and ultimate impact on, clients. Beginning July 1, 2005, the Department of Public Aid shall supply quarterly reports to the Commission on Government Forecasting and Accountability detailing progress toward this mandate.

AN ACT concerning local government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Municipal Code is amended by changing Section 11-74.4-3 as follows:

(65 ILCS 5/11-74.4-3) (from Ch. 24, par. 11-74.4-3)

Sec. 11-74.4-3. Definitions. The following terms, wherever used or referred to in this Division 74.4 shall have the following respective meanings, unless in any case a different meaning clearly appears from the context.

(a) For any redevelopment project area that has been designated pursuant to this Section by an ordinance adopted prior to November 1, 1999 (the effective date of Public Act 91-478), "blighted area" shall have the meaning set forth in this Section prior to that date.

On and after November 1, 1999, "blighted area" means any improved or vacant area within the boundaries of a redevelopment project area located within the territorial limits of the municipality where:

(1) If improved, industrial, commercial, and residential buildings or improvements are detrimental to the public safety, health, or welfare because of a combination of 5 or more of the following factors, each of which is (i) present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) reasonably distributed throughout the improved part of the redevelopment project area:

(A) Dilapidation. An advanced state of disrepair or neglect of necessary repairs to the primary structural components of buildings or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed.

(B) Obsolescence. The condition or process of falling into disuse. Structures have become ill-suited for the original use.

(C) Deterioration. With respect to buildings, defects including, but not limited to, major defects in the secondary

New matter indicated by italics - deletions by strikeout
building components such as doors, windows, porches, gutters and downspouts, and fascia. With respect to surface improvements, that the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas evidence deterioration, including, but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces.

(D) Presence of structures below minimum code standards. All structures that do not meet the standards of zoning, subdivision, building, fire, and other governmental codes applicable to property, but not including housing and property maintenance codes.

(E) Illegal use of individual structures. The use of structures in violation of applicable federal, State, or local laws, exclusive of those applicable to the presence of structures below minimum code standards.

(F) Excessive vacancies. The presence of buildings that are unoccupied or under-utilized and that represent an adverse influence on the area because of the frequency, extent, or duration of the vacancies.

(G) Lack of ventilation, light, or sanitary facilities. The absence of adequate ventilation for light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke, or other noxious airborne materials. Inadequate natural light and ventilation means the absence of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building.

(H) Inadequate utilities. Underground and overhead utilities such as storm sewers and storm drainage, sanitary sewers, water lines, and gas, telephone, and electrical services that are shown to be inadequate. Inadequate utilities are those that are: (i) of insufficient capacity to serve the uses in the redevelopment project area, (ii)
deteriorated, antiquated, obsolete, or in disrepair, or (iii) lacking within the redevelopment project area.

(I) Excessive land coverage and overcrowding of structures and community facilities. The over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Examples of problem conditions warranting the designation of an area as one exhibiting excessive land coverage are: (i) the presence of buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety and (ii) the presence of multiple buildings on a single parcel. For there to be a finding of excessive land coverage, these parcels must exhibit one or more of the following conditions: insufficient provision for light and air within or around buildings, increased threat of spread of fire due to the close proximity of buildings, lack of adequate or proper access to a public right-of-way, lack of reasonably required off-street parking, or inadequate provision for loading and service.

(J) Deleterious land use or layout. The existence of incompatible land-use relationships, buildings occupied by inappropriate mixed-uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.

(K) Environmental clean-up. The proposed redevelopment project area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(L) Lack of community planning. The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This means that the development occurred prior to the adoption by the municipality of a comprehensive or other community planning documents.
plan or that the plan was not followed at the time of the area's development. This factor must be documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning.

(M) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated.

(2) If vacant, the sound growth of the redevelopment project area is impaired by a combination of 2 or more of the following factors, each of which is (i) present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) reasonably distributed throughout the vacant part of the redevelopment project area to which it pertains:

(A) Obsolete platting of vacant land that results in parcels of limited or narrow size or configurations of parcels of irregular size or shape that would be difficult to develop on a planned basis and in a manner compatible with contemporary standards and requirements, or platting that failed to create rights-of-ways for streets or alleys or that created inadequate right-of-way widths for streets, alleys, or other public rights-of-way or that omitted easements for public utilities.

(B) Diversity of ownership of parcels of vacant land sufficient in number to retard or impede the ability to assemble the land for development.
(C) Tax and special assessment delinquencies exist or the property has been the subject of tax sales under the Property Tax Code within the last 5 years.

(D) Deterioration of structures or site improvements in neighboring areas adjacent to the vacant land.

(E) The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(F) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated.

(3) If vacant, the sound growth of the redevelopment project area is impaired by one of the following factors that (i) is present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) is reasonably distributed throughout the vacant part of the redevelopment project area to which it pertains:

(A) The area consists of one or more unused quarries, mines, or strip mine ponds.

(B) The area consists of unused rail yards, rail tracks, or railroad rights-of-way.
(C) The area, prior to its designation, is subject to (i) chronic flooding that adversely impacts on real property in the area as certified by a registered professional engineer or appropriate regulatory agency or (ii) surface water that discharges from all or a part of the area and contributes to flooding within the same watershed, but only if the redevelopment project provides for facilities or improvements to contribute to the alleviation of all or part of the flooding.

(D) The area consists of an unused or illegal disposal site containing earth, stone, building debris, or similar materials that were removed from construction, demolition, excavation, or dredge sites.

(E) Prior to November 1, 1999, the area is not less than 50 nor more than 100 acres and 75% of which is vacant (notwithstanding that the area has been used for commercial agricultural purposes within 5 years prior to the designation of the redevelopment project area), and the area meets at least one of the factors itemized in paragraph (1) of this subsection, the area has been designated as a town or village center by ordinance or comprehensive plan adopted prior to January 1, 1982, and the area has not been developed for that designated purpose.

(F) The area qualified as a blighted improved area immediately prior to becoming vacant, unless there has been substantial private investment in the immediately surrounding area.

(b) For any redevelopment project area that has been designated pursuant to this Section by an ordinance adopted prior to November 1, 1999 (the effective date of Public Act 91-478), "conservation area" shall have the meaning set forth in this Section prior to that date.

On and after November 1, 1999, "conservation area" means any improved area within the boundaries of a redevelopment project area located within the territorial limits of the municipality in which 50% or more of the structures in the area have an age of 35 years or more. Such an area is not yet a blighted area but because of a combination of 3 or more of the following factors is detrimental to the public safety, health, morals or welfare and such an area may become a blighted area:

(1) Dilapidation. An advanced state of disrepair or neglect of necessary repairs to the primary structural components of
buildings or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed.

(2) Obsolescence. The condition or process of falling into disuse. Structures have become ill-suited for the original use.

(3) Deterioration. With respect to buildings, defects including, but not limited to, major defects in the secondary building components such as doors, windows, porches, gutters and downspouts, and fascia. With respect to surface improvements, that the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas evidence deterioration, including, but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces.

(4) Presence of structures below minimum code standards. All structures that do not meet the standards of zoning, subdivision, building, fire, and other governmental codes applicable to property, but not including housing and property maintenance codes.

(5) Illegal use of individual structures. The use of structures in violation of applicable federal, State, or local laws, exclusive of those applicable to the presence of structures below minimum code standards.

(6) Excessive vacancies. The presence of buildings that are unoccupied or under-utilized and that represent an adverse influence on the area because of the frequency, extent, or duration of the vacancies.

(7) Lack of ventilation, light, or sanitary facilities. The absence of adequate ventilation for light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke, or other noxious airborne materials. Inadequate natural light and ventilation means the absence or inadequacy of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building.

(8) Inadequate utilities. Underground and overhead utilities such as storm sewers and storm drainage, sanitary sewers, water lines, and gas, telephone, and electrical services that are shown to be inadequate. Inadequate utilities are those that are: (i) of insufficient capacity to serve the uses in the redevelopment project area, (ii) deteriorated, antiquated, obsolete, or in disrepair, or (iii) lacking within the redevelopment project area.

(9) Excessive land coverage and overcrowding of structures and community facilities. The over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Examples of problem conditions warranting the designation of an area as one exhibiting excessive land coverage are: the presence of buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety and the presence of multiple buildings on a single parcel. For there to be a finding of excessive land coverage, these parcels must exhibit one or more of the following conditions: insufficient provision for light and air within or around buildings, increased threat of spread of fire due to the close proximity of buildings, lack of adequate or proper access to a public right-of-way, lack of reasonably required off-street parking, or inadequate provision for loading and service.

(10) Deleterious land use or layout. The existence of incompatible land-use relationships, buildings occupied by inappropriate mixed-uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.

(11) Lack of community planning. The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This means that the development occurred prior to the adoption by the municipality of a comprehensive or other community plan or that the plan was not followed at the time of the area's development. This factor must be documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning.

(12) The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an

independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(13) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years for which information is available.

(c) "Industrial park" means an area in a blighted or conservation area suitable for use by any manufacturing, industrial, research or transportation enterprise, of facilities to include but not be limited to factories, mills, processing plants, assembly plants, packing plants, fabricating plants, industrial distribution centers, warehouses, repair overhaul or service facilities, freight terminals, research facilities, test facilities or railroad facilities.

(d) "Industrial park conservation area" means an area within the boundaries of a redevelopment project area located within the territorial limits of a municipality that is a labor surplus municipality or within 1 1/2 miles of the territorial limits of a municipality that is a labor surplus municipality if the area is annexed to the municipality; which area is zoned as industrial no later than at the time the municipality by ordinance designates the redevelopment project area, and which area includes both vacant land suitable for use as an industrial park and a blighted area or conservation area contiguous to such vacant land.

(e) "Labor surplus municipality" means a municipality in which, at any time during the 6 months before the municipality by ordinance designates an industrial park conservation area, the unemployment rate was over 6% and was also 100% or more of the national average unemployment rate for that same time as published in the United States Department of Labor Bureau of Labor Statistics publication entitled "The Employment Situation" or its successor publication. For the purpose of this subsection, if unemployment rate statistics for the municipality are not available, the unemployment rate in the municipality shall be deemed to be

the same as the unemployment rate in the principal county in which the municipality is located.

(f) "Municipality" shall mean a city, village, or incorporated town, or a township that is located in the unincorporated portion of a county with 3 million or more inhabitants, if the county adopted an ordinance that approved the township's redevelopment plan.

(g) "Initial Sales Tax Amounts" means the amount of taxes paid under the Retailers' Occupation Tax Act, Use Tax Act, Service Use Tax Act, the Service Occupation Tax Act, the Municipal Retailers' Occupation Tax Act, and the Municipal Service Occupation Tax Act by retailers and servicemen on transactions at places located in a State Sales Tax Boundary during the calendar year 1985.

(g-1) "Revised Initial Sales Tax Amounts" means the amount of taxes paid under the Retailers' Occupation Tax Act, Use Tax Act, Service Use Tax Act, the Service Occupation Tax Act, the Municipal Retailers' Occupation Tax Act, and the Municipal Service Occupation Tax Act by retailers and servicemen on transactions at places located within the State Sales Tax Boundary revised pursuant to Section 11-74.4-8a(9) of this Act.

(h) "Municipal Sales Tax Increment" means an amount equal to the increase in the aggregate amount of taxes paid to a municipality from the Local Government Tax Fund arising from sales by retailers and servicemen within the redevelopment project area or State Sales Tax Boundary, as the case may be, for as long as the redevelopment project area or State Sales Tax Boundary, as the case may be, exist over and above the aggregate amount of taxes as certified by the Illinois Department of Revenue and paid under the Municipal Retailers' Occupation Tax Act and the Municipal Service Occupation Tax Act by retailers and servicemen, on transactions at places of business located in the redevelopment project area or State Sales Tax Boundary, as the case may be, during the base year which shall be the calendar year immediately prior to the year in which the municipality adopted tax increment allocation financing. For purposes of computing the aggregate amount of such taxes for base years occurring prior to 1985, the Department of Revenue shall determine the Initial Sales Tax Amounts for such taxes and deduct therefrom an amount equal to 4% of the aggregate amount of taxes per year for each year the base year is prior to 1985, but not to exceed a total deduction of 12%. The amount so determined shall be known as the "Adjusted Initial Sales Tax Amounts". For purposes of determining the Municipal Sales Tax Increment, the Department of Revenue shall for each period subtract from the amount paid to the municipality from the Local Government Tax Fund arising

from sales by retailers and servicemen on transactions located in the redevelopment project area or the State Sales Tax Boundary, as the case may be, the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts for the Municipal Retailers' Occupation Tax Act and the Municipal Service Occupation Tax Act. For the State Fiscal Year 1989, this calculation shall be made by utilizing the calendar year 1987 to determine the tax amounts received. For the State Fiscal Year 1990, this calculation shall be made by utilizing the period from January 1, 1988, until September 30, 1988, to determine the tax amounts received from retailers and servicemen pursuant to the Municipal Retailers' Occupation Tax and the Municipal Service Occupation Tax Act, which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For the State Fiscal Year 1991, this calculation shall be made by utilizing the period from October 1, 1988, to June 30, 1989, to determine the tax amounts received from retailers and servicemen pursuant to the Municipal Retailers' Occupation Tax and the Municipal Service Occupation Tax Act which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For every State Fiscal Year thereafter, the applicable period shall be the 12 months beginning July 1 and ending June 30 to determine the tax amounts received which shall have deducted therefrom the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts, as the case may be.

(i) "Net State Sales Tax Increment" means the sum of the following: (a) 80% of the first $100,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary; (b) 60% of the amount in excess of $100,000 but not exceeding $500,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary; and (c) 40% of all amounts in excess of $500,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary. If, however, a municipality established a tax increment financing district in a county with a population in excess of 3,000,000 before January 1, 1986, and the municipality entered into a contract or issued bonds after January 1, 1986, but before December 31, 1986, to finance redevelopment project costs within a State Sales Tax Boundary, then the Net State Sales Tax Increment means, for the fiscal years beginning July 1, 1990, and July 1, 1991, 100% of the State Sales Tax Increment annually generated within a State Sales

Tax Boundary; and notwithstanding any other provision of this Act, for those fiscal years the Department of Revenue shall distribute to those municipalities 100% of their Net State Sales Tax Increment before any distribution to any other municipality and regardless of whether or not those other municipalities will receive 100% of their Net State Sales Tax Increment. For Fiscal Year 1999, and every year thereafter until the year 2007, for any municipality that has not entered into a contract or has not issued bonds prior to June 1, 1988 to finance redevelopment project costs within a State Sales Tax Boundary, the Net State Sales Tax Increment shall be calculated as follows: By multiplying the Net State Sales Tax Increment by 90% in the State Fiscal Year 1999; 80% in the State Fiscal Year 2000; 70% in the State Fiscal Year 2001; 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for State Fiscal Year 2008 and thereafter.

Municipalities that issued bonds in connection with a redevelopment project in a redevelopment project area within the State Sales Tax Boundary prior to July 29, 1991, or that entered into contracts in connection with a redevelopment project in a redevelopment project area before June 1, 1988, shall continue to receive their proportional share of the Illinois Tax Increment Fund distribution until the date on which the redevelopment project is completed or terminated. If, however, a municipality that issued bonds in connection with a redevelopment project in a redevelopment project area within the State Sales Tax Boundary prior to July 29, 1991 retires the bonds prior to June 30, 2007 or a municipality that entered into contracts in connection with a redevelopment project in a redevelopment project area before June 1, 1988 completes the contracts prior to June 30, 2007, then so long as the redevelopment project is not completed or is not terminated, the Net State Sales Tax Increment shall be calculated, beginning on the date on which the bonds are retired or the contracts are completed, as follows: By multiplying the Net State Sales Tax Increment by 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for State Fiscal Year 2008 and thereafter. Refunding of any bonds issued prior to July 29, 1991, shall not alter the Net State Sales Tax Increment.

owners and tenants, other than residential customers, of properties located within the redevelopment project area under Section 9-222 of the Public Utilities Act, over and above the aggregate of such charges as certified by the Department of Revenue and paid by owners and tenants, other than residential customers, of properties within the redevelopment project area during the base year, which shall be the calendar year immediately prior to the year of the adoption of the ordinance authorizing tax increment allocation financing.

(k) "Net State Utility Tax Increment" means the sum of the following: (a) 80% of the first $100,000 of State Utility Tax Increment annually generated by a redevelopment project area; (b) 60% of the amount in excess of $100,000 but not exceeding $500,000 of the State Utility Tax Increment annually generated by a redevelopment project area; and (c) 40% of all amounts in excess of $500,000 of State Utility Tax Increment annually generated by a redevelopment project area. For the State Fiscal Year 1999, and every year thereafter until the year 2007, for any municipality that has not entered into a contract or has not issued bonds prior to June 1, 1988 to finance redevelopment project costs within a redevelopment project area, the Net State Utility Tax Increment shall be calculated as follows: By multiplying the Net State Utility Tax Increment by 90% in the State Fiscal Year 1999; 80% in the State Fiscal Year 2000; 70% in the State Fiscal Year 2001; 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for the State Fiscal Year 2008 and thereafter.

Municipalities that issue bonds in connection with the redevelopment project during the period from June 1, 1988 until 3 years after the effective date of this Amenderatory Act of 1988 shall receive the Net State Utility Tax Increment, subject to appropriation, for 15 State Fiscal Years after the issuance of such bonds. For the 16th through the 20th State Fiscal Years after issuance of the bonds, the Net State Utility Tax Increment shall be calculated as follows: By multiplying the Net State Utility Tax Increment by 90% in year 16; 80% in year 17; 70% in year 18; 60% in year 19; and 50% in year 20. Refunding of any bonds issued prior to June 1, 1988, shall not alter the revised Net State Utility Tax Increment payments set forth above.

(l) "Obligations" mean bonds, loans, debentures, notes, special certificates or other evidence of indebtedness issued by the municipality to carry out a redevelopment project or to refund outstanding obligations.
(m) "Payment in lieu of taxes" means those estimated tax revenues from real property in a redevelopment project area derived from real property that has been acquired by a municipality which according to the redevelopment project or plan is to be used for a private use which taxing districts would have received had a municipality not acquired the real property and adopted tax increment allocation financing and which would result from levies made after the time of the adoption of tax increment allocation financing to the time the current equalized value of real property in the redevelopment project area exceeds the total initial equalized value of real property in said area.

(n) "Redevelopment plan" means the comprehensive program of the municipality for development or redevelopment intended by the payment of redevelopment project costs to reduce or eliminate those conditions the existence of which qualified the redevelopment project area as a "blighted area" or "conservation area" or combination thereof or "industrial park conservation area," and thereby to enhance the tax bases of the taxing districts which extend into the redevelopment project area. On and after November 1, 1999 (the effective date of Public Act 91-478), no redevelopment plan may be approved or amended that includes the development of vacant land (i) with a golf course and related clubhouse and other facilities or (ii) designated by federal, State, county, or municipal government as public land for outdoor recreational activities or for nature preserves and used for that purpose within 5 years prior to the adoption of the redevelopment plan. Each redevelopment plan shall set forth in writing the program to be undertaken to accomplish the objectives and shall include but not be limited to:

(A) an itemized list of estimated redevelopment project costs;

(B) evidence indicating that the redevelopment project area on the whole has not been subject to growth and development through investment by private enterprise;

(H) a commitment to fair employment practices and an affirmative action plan;

(I) if it concerns an industrial park conservation area, the plan shall also include a general description of any proposed developer, user and tenant of any property, a description of the type, structure and general character of the facilities to be developed, a description of the type, class and number of new employees to be employed in the operation of the facilities to be developed; and

(J) if property is to be annexed to the municipality, the plan shall include the terms of the annexation agreement.

The provisions of items (B) and (C) of this subsection (n) shall not apply to a municipality that before March 14, 1994 (the effective date of Public Act 88-537) had fixed, either by its corporate authorities or by a commission designated under subsection (k) of Section 11-74.4-4, a time and place for a public hearing as required by subsection (a) of Section 11-74.4-5. No redevelopment plan shall be adopted unless a municipality complies with all of the following requirements:

(1) The municipality finds that the redevelopment project area on the whole has not been subject to growth and development through investment by private enterprise and would not reasonably be anticipated to be developed without the adoption of the redevelopment plan.

(2) The municipality finds that the redevelopment plan and project conform to the comprehensive plan for the development of the municipality as a whole, or, for municipalities with a population of 100,000 or more, regardless of when the redevelopment plan and project was adopted, the redevelopment plan and project either: (i) conforms to the strategic economic development or redevelopment plan issued by the designated planning authority of the municipality, or (ii) includes land uses that have been approved by the planning commission of the municipality.

(3) The redevelopment plan establishes the estimated dates of completion of the redevelopment project and retirement of obligations issued to finance redevelopment project costs. Those dates shall not be later than December 31 of the year in which the
payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the twenty-third calendar year after the year in which the ordinance approving the redevelopment project area is adopted if the ordinance was adopted on or after January 15, 1981, and not later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the thirty-fifth calendar year after the year in which the ordinance approving the redevelopment project area is adopted:

(A) if the ordinance was adopted before January 15, 1981, or
(B) if the ordinance was adopted in December 1983, April 1984, July 1985, or December 1989, or
(C) if the ordinance was adopted in December 1987 and the redevelopment project is located within one mile of Midway Airport, or

However, for redevelopment project areas for which bonds were issued before July 29, 1991, or for which contracts were entered into before June 1, 1988, in connection with a redevelopment project in the area within the State Sales Tax Boundary, the estimated dates of completion of the redevelopment project and retirement of obligations to finance redevelopment project costs may be extended by municipal ordinance to December 31, 2013. The termination procedures of subsection (b) of Section 11-74.4-8 are not required for these redevelopment project areas in 2009 but are required in 2013. The extension allowed by this amendatory Act of 1993 shall not apply to real property tax increment allocation financing under Section 11-74.4-8.

A municipality may by municipal ordinance amend an existing redevelopment plan to conform to this paragraph (3) as amended by Public Act 91-478, which municipal ordinance may be adopted without further hearing or notice and without complying with the procedures provided in this Act pertaining to an

amendment to or the initial approval of a redevelopment plan and project and designation of a redevelopment project area.

Those dates, for purposes of real property tax increment allocation financing pursuant to Section 11-74.4-8 only, shall be not more than 35 years for redevelopment project areas that were adopted on or after December 16, 1986 and for which at least $8 million worth of municipal bonds were authorized on or after December 19, 1989 but before January 1, 1990; provided that the municipality elects to extend the life of the redevelopment project area to 35 years by the adoption of an ordinance after at least 14 but not more than 30 days' written notice to the taxing bodies, that would otherwise constitute the joint review board for the redevelopment project area, before the adoption of the ordinance.

Those dates, for purposes of real property tax increment allocation financing pursuant to Section 11-74.4-8 only, shall be not more than 35 years for redevelopment project areas that were established on or after December 1, 1981 but before January 1, 1982 and for which at least $1,500,000 worth of tax increment revenue bonds were authorized on or after September 30, 1990 but before July 1, 1991; provided that the municipality elects to extend the life of the redevelopment project area to 35 years by the adoption of an ordinance after at least 14 but not more than 30 days' written notice to the taxing bodies, that would otherwise constitute the joint review board for the redevelopment project area, before the adoption of the ordinance.

(3.5) The municipality finds, in the case of an industrial park conservation area, also that the municipality is a labor surplus municipality and that the implementation of the redevelopment plan will reduce unemployment, create new jobs and by the provision of new facilities enhance the tax base of the taxing districts that extend into the redevelopment project area.

(4) If any incremental revenues are being utilized under Section 8(a)(1) or 8(a)(2) of this Act in redevelopment project areas approved by ordinance after January 1, 1986, the municipality finds: (a) that the redevelopment project area would not reasonably be developed without the use of such incremental revenues, and (b) that such incremental revenues will be exclusively utilized for the development of the redevelopment project area.

(5) If the redevelopment plan will not result in displacement of residents from 10 or more inhabited residential units, and the municipality certifies in the plan that such displacement will not result from the plan, a housing impact study need not be performed. If, however, the redevelopment plan would result in the displacement of residents from 10 or more inhabited residential units, or if the redevelopment project area contains 75 or more inhabited residential units and no certification is made, then the municipality shall prepare, as part of the separate feasibility report required by subsection (a) of Section 11-74.4-5, a housing impact study.

Part I of the housing impact study shall include (i) data as to whether the residential units are single family or multi-family units, (ii) the number and type of rooms within the units, if that information is available, (iii) whether the units are inhabited or uninhabited, as determined not less than 45 days before the date that the ordinance or resolution required by subsection (a) of Section 11-74.4-5 is passed, and (iv) data as to the racial and ethnic composition of the residents in the inhabited residential units. The data requirement as to the racial and ethnic composition of the residents in the inhabited residential units shall be deemed to be fully satisfied by data from the most recent federal census.

Part II of the housing impact study shall identify the inhabited residential units in the proposed redevelopment project area that are to be or may be removed. If inhabited residential units are to be removed, then the housing impact study shall identify (i) the number and location of those units that will or may be removed, (ii) the municipality's plans for relocation assistance for those residents in the proposed redevelopment project area whose residences are to be removed, (iii) the availability of replacement housing for those residents whose residences are to be removed, and shall identify the type, location, and cost of the housing, and (iv) the type and extent of relocation assistance to be provided.

(6) On and after November 1, 1999, the housing impact study required by paragraph (5) shall be incorporated in the redevelopment plan for the redevelopment project area.

(7) On and after November 1, 1999, no redevelopment plan shall be adopted, nor an existing plan amended, nor shall residential housing that is occupied by households of low-income and very low-income persons in currently existing redevelopment

project areas be removed after November 1, 1999 unless the redevelopment plan provides, with respect to inhabited housing units that are to be removed for households of low-income and very low-income persons, affordable housing and relocation assistance not less than that which would be provided under the federal Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 and the regulations under that Act, including the eligibility criteria. Affordable housing may be either existing or newly constructed housing. For purposes of this paragraph (7), "low-income households", "very low-income households", and "affordable housing" have the meanings set forth in the Illinois Affordable Housing Act. The municipality shall make a good faith effort to ensure that this affordable housing is located in or near the redevelopment project area within the municipality.

(8) On and after November 1, 1999, if, after the adoption of the redevelopment plan for the redevelopment project area, any municipality desires to amend its redevelopment plan to remove more inhabited residential units than specified in its original redevelopment plan, that change shall be made in accordance with the procedures in subsection (c) of Section 11-74.4-5.

(9) For redevelopment project areas designated prior to November 1, 1999, the redevelopment plan may be amended without further joint review board meeting or hearing, provided that the municipality shall give notice of any such changes by mail to each affected taxing district and registrant on the interested party registry, to authorize the municipality to expend tax increment revenues for redevelopment project costs defined by paragraphs (5) and (7.5), subparagraphs (E) and (F) of paragraph (11), and paragraph (11.5) of subsection (q) of Section 11-74.4-3, so long as the changes do not increase the total estimated redevelopment project costs set out in the redevelopment plan by more than 5% after adjustment for inflation from the date the plan was adopted.

(o) "Redevelopment project" means any public and private development project in furtherance of the objectives of a redevelopment plan. On and after November 1, 1999 (the effective date of Public Act 91-478), no redevelopment plan may be approved or amended that includes the development of vacant land (i) with a golf course and related clubhouse and other facilities or (ii) designated by federal, State, county, or municipal government as public land for outdoor recreational activities.

(p) "Redevelopment project area" means an area designated by the municipality, which is not less in the aggregate than 1 1/2 acres and in respect to which the municipality has made a finding that there exist conditions which cause the area to be classified as an industrial park conservation area or a blighted area or a conservation area, or a combination of both blighted areas and conservation areas.

(q) "Redevelopment project costs" mean and include the sum total of all reasonable or necessary costs incurred or estimated to be incurred, and any such costs incidental to a redevelopment plan and a redevelopment project. Such costs include, without limitation, the following:

(1) Costs of studies, surveys, development of plans, and specifications, implementation and administration of the redevelopment plan including but not limited to staff and professional service costs for architectural, engineering, legal, financial, planning or other services, provided however that no charges for professional services may be based on a percentage of the tax increment collected; except that on and after November 1, 1999 (the effective date of Public Act 91-478), no contracts for professional services, excluding architectural and engineering services, may be entered into if the terms of the contract extend beyond a period of 3 years. In addition, "redevelopment project costs" shall not include lobbying expenses. After consultation with the municipality, each tax increment consultant or advisor to a municipality that plans to designate or has designated a redevelopment project area shall inform the municipality in writing of any contracts that the consultant or advisor has entered into with entities or individuals that have received, or are receiving, payments financed by tax increment revenues produced by the redevelopment project area with respect to which the consultant or advisor has performed, or will be performing, service for the municipality. This requirement shall be satisfied by the consultant or advisor before the commencement of services for the municipality and thereafter whenever any other contracts with those individuals or entities are executed by the consultant or advisor;

(1.5) After July 1, 1999, annual administrative costs shall not include general overhead or administrative costs of the municipality that would still have been incurred by the municipality if the municipality had not designated a redevelopment project area or approved a redevelopment plan;

(1.6) The cost of marketing sites within the redevelopment project area to prospective businesses, developers, and investors;

(2) Property assembly costs, including but not limited to acquisition of land and other property, real or personal, or rights or interests therein, demolition of buildings, site preparation, site improvements that serve as an engineered barrier addressing ground level or below ground environmental contamination, including, but not limited to parking lots and other concrete or asphalt barriers, and the clearing and grading of land;

(3) Costs of rehabilitation, reconstruction or repair or remodeling of existing public or private buildings, fixtures, and leasehold improvements; and the cost of replacing an existing public building if pursuant to the implementation of a redevelopment project the existing public building is to be demolished to use the site for private investment or devoted to a different use requiring private investment;

(4) Costs of the construction of public works or improvements, except that on and after November 1, 1999, redevelopment project costs shall not include the cost of constructing a new municipal public building principally used to provide offices, storage space, or conference facilities or vehicle storage, maintenance, or repair for administrative, public safety, or public works personnel and that is not intended to replace an existing public building as provided under paragraph (3) of subsection (q) of Section 11-74.4-3 unless either (i) the construction of the new municipal building implements a redevelopment project that was included in a redevelopment plan that was adopted by the municipality prior to November 1, 1999 or (ii) the municipality makes a reasonable determination in the redevelopment plan, supported by information that provides the basis for that determination, that the new municipal building is required to meet an increase in the need for public safety purposes anticipated to result from the implementation of the redevelopment plan;

(5) Costs of job training and retraining projects, including
the cost of "welfare to work" programs implemented by businesses
located within the redevelopment project area;

(6) Financing costs, including but not limited to all
necessary and incidental expenses related to the issuance of
obligations and which may include payment of interest on any
obligations issued hereunder including interest accruing during the
estimated period of construction of any redevelopment project for
which such obligations are issued and for not exceeding 36 months
thereafter and including reasonable reserves related thereto;

(7) To the extent the municipality by written agreement
accepts and approves the same, all or a portion of a taxing district's
capital costs resulting from the redevelopment project necessarily
incurred or to be incurred within a taxing district in furtherance of
the objectives of the redevelopment plan and project.

(7.5) For redevelopment project areas designated (or
redevelopment project areas amended to add or increase the
number of tax-increment-financing assisted housing units) on or
after November 1, 1999, an elementary, secondary, or unit school
district's increased costs attributable to assisted housing units
located within the redevelopment project area for which the
developer or redeveloper receives financial assistance through an
agreement with the municipality or because the municipality incurs
the cost of necessary infrastructure improvements within the
boundaries of the assisted housing sites necessary for the
completion of that housing as authorized by this Act, and which
costs shall be paid by the municipality from the Special Tax
Allocation Fund when the tax increment revenue is received as a
result of the assisted housing units and shall be calculated annually
as follows:

district in a municipality with a population in excess of
1,000,000, by multiplying the district's increase in
attendance resulting from the net increase in new students
enrolled in that school district who reside in housing units

(i) for unit school districts with a district average 1995-96 Per Capita Tuition Charge of less than $5,900, no more than 25% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act;

(ii) for elementary school districts with a district average 1995-96 Per Capita Tuition Charge of less than $5,900, no more than 17% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act; and

(iii) for secondary school districts with a district average 1995-96 Per Capita Tuition Charge of less than $5,900, no more than 8% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act.

(B) For alternate method districts, flat grant districts, and foundation districts with a district average 1995-96 Per Capita Tuition Charge equal to or more than $5,900, excluding any school district with a population in excess of 1,000,000, by multiplying the district's increase in attendance resulting from the net increase in new students enrolled in that school district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by the most recently available per capita tuition cost as defined in

(i) for unit school districts, no more than 40% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act;

(ii) for elementary school districts, no more than 27% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act; and

(iii) for secondary school districts, no more than 13% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act.

(C) For any school district in a municipality with a population in excess of 1,000,000, the following restrictions shall apply to the reimbursement of increased costs under this paragraph (7.5):

(i) no increased costs shall be reimbursed unless the school district certifies that each of the schools affected by the assisted housing project is at or over its student capacity;

(ii) the amount reimbursable shall be reduced by the value of any land donated to the school district by the municipality or developer, and by the value of any physical improvements made to the schools by the municipality or developer; and

(iii) the amount reimbursed may not affect amounts otherwise obligated by the terms of any bonds, notes, or other funding instruments, or the terms of any redevelopment agreement.

Any school district seeking payment under this paragraph (7.5) shall, after July 1 and before September 30 of each year, provide the municipality with reasonable evidence to support its claim for reimbursement before the municipality

shall be required to approve or make the payment to the school district. If the school district fails to provide the information during this period in any year, it shall forfeit any claim to reimbursement for that year. School districts may adopt a resolution waiving the right to all or a portion of the reimbursement otherwise required by this paragraph (7.5). By acceptance of this reimbursement the school district waives the right to directly or indirectly set aside, modify, or contest in any manner the establishment of the redevelopment project area or projects;

(7.7) For redevelopment project areas designated (or redevelopment project areas amended to add or increase the number of tax-increment-financing assisted housing units) on or after January 1, 2005 (the effective date of Public Act 93-961) this amendatory Act of the 93rd General Assembly, a public library district's increased costs attributable to assisted housing units located within the redevelopment project area for which the developer or redeveloper receives financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the assisted housing sites necessary for the completion of that housing as authorized by this Act shall be paid to the library district by the municipality from the Special Tax Allocation Fund when the tax increment revenue is received as a result of the assisted housing units. This paragraph (7.7) applies only if (i) the library district is located in a county that is subject to the Property Tax Extension Limitation Law or (ii) the library district is not located in a county that is subject to the Property Tax Extension Limitation Law but the district is prohibited by any other law from increasing its tax levy rate without a prior voter referendum.

The amount paid to a library district under this paragraph (7.7) shall be calculated by multiplying (i) the net increase in the number of persons eligible to obtain a library card in that district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment

project area by (ii) the per-patron cost of providing library services so long as it does not exceed $120. The per-patron cost shall be the Total Operating Expenditures Per Capita as stated in the most recent Illinois Public Library Statistics produced by the Library Research Center at the University of Illinois. The municipality may deduct from the amount that it must pay to a library district under this paragraph any amount that it has voluntarily paid to the library district from the tax increment revenue. The amount paid to a library district under this paragraph (7.7) shall be no more than 2% of the amount produced by the assisted housing units and deposited into the Special Tax Allocation Fund.

A library district is not eligible for any payment under this paragraph (7.7) unless the library district has experienced an increase in the number of patrons from the municipality that created the tax-increment-financing district since the designation of the redevelopment project area.

Any library district seeking payment under this paragraph (7.7) shall, after July 1 and before September 30 of each year, provide the municipality with convincing evidence to support its claim for reimbursement before the municipality shall be required to approve or make the payment to the library district. If the library district fails to provide the information during this period in any year, it shall forfeit any claim to reimbursement for that year.

Library districts may adopt a resolution waiving the right to all or a portion of the reimbursement otherwise required by this paragraph (7.7). By acceptance of such reimbursement, the library district shall forfeit any right to directly or indirectly set aside, modify, or contest in any manner whatsoever the establishment of the redevelopment project area or projects;

(8) Relocation costs to the extent that a municipality determines that relocation costs shall be paid or is required to make payment of relocation costs by federal or State law or in order to satisfy subparagraph (7) of subsection (n);

(9) Payment in lieu of taxes;

(10) Costs of job training, retraining, advanced vocational education or career education, including but not limited to courses in occupational, semi-technical or technical fields leading directly to employment, incurred by one or more taxing districts, provided that such costs (i) are related to the establishment and maintenance of additional job training, advanced vocational education or career

education programs for persons employed or to be employed by employers located in a redevelopment project area; and (ii) when incurred by a taxing district or taxing districts other than the municipality, are set forth in a written agreement by or among the municipality and the taxing district or taxing districts, which agreement describes the program to be undertaken, including but not limited to the number of employees to be trained, a description of the training and services to be provided, the number and type of positions available or to be available, itemized costs of the program and sources of funds to pay for the same, and the term of the agreement. Such costs include, specifically, the payment by community college districts of costs pursuant to Sections 3-37, 3-38, 3-40 and 3-40.1 of the Public Community College Act and by school districts of costs pursuant to Sections 10-22.20a and 10-23.3a of The School Code;

(11) Interest cost incurred by a redeveloper related to the construction, renovation or rehabilitation of a redevelopment project provided that:

(A) such costs are to be paid directly from the special tax allocation fund established pursuant to this Act;

(B) such payments in any one year may not exceed 30% of the annual interest costs incurred by the redeveloper with regard to the redevelopment project during that year;

(C) if there are not sufficient funds available in the special tax allocation fund to make the payment pursuant to this paragraph (11) then the amounts so due shall accrue and be payable when sufficient funds are available in the special tax allocation fund;

(D) the total of such interest payments paid pursuant to this Act may not exceed 30% of the total (i) cost paid or incurred by the redeveloper for the redevelopment project plus (ii) redevelopment project costs excluding any property assembly costs and any relocation costs incurred by a municipality pursuant to this Act; and

(E) the cost limits set forth in subparagraphs (B) and (D) of paragraph (11) shall be modified for the financing of rehabilitated or new housing units for low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act. The
percentage of 75% shall be substituted for 30% in subparagraphs (B) and (D) of paragraph (11).

(F) Instead of the eligible costs provided by subparagraphs (B) and (D) of paragraph (11), as modified by this subparagraph, and notwithstanding any other provisions of this Act to the contrary, the municipality may pay from tax increment revenues up to 50% of the cost of construction of new housing units to be occupied by low-income households and very low-income households as defined in Section 3 of the Illinois Affordable Housing Act. The cost of construction of those units may be derived from the proceeds of bonds issued by the municipality under this Act or other constitutional or statutory authority or from other sources of municipal revenue that may be reimbursed from tax increment revenues or the proceeds of bonds issued to finance the construction of that housing.

The eligible costs provided under this subparagraph (F) of paragraph (11) shall be an eligible cost for the construction, renovation, and rehabilitation of all low and very low-income housing units, as defined in Section 3 of the Illinois Affordable Housing Act, within the redevelopment project area. If the low and very low-income units are part of a residential redevelopment project that includes units not affordable to low and very low-income households, only the low and very low-income units shall be eligible for benefits under subparagraph (F) of paragraph (11). The standards for maintaining the occupancy by low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act, of those units constructed with eligible costs made available under the provisions of this subparagraph (F) of paragraph (11) shall be established by guidelines adopted by the municipality. The responsibility for annually documenting the initial occupancy of the units by low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act, shall be that of the then current owner of the property. For ownership units, the guidelines will provide, at a minimum, for a reasonable recapture of funds, or other appropriate methods designed to preserve the original affordability of

the ownership units. For rental units, the guidelines will provide, at a minimum, for the affordability of rent to low and very low-income households. As units become available, they shall be rented to income-eligible tenants. The municipality may modify these guidelines from time to time; the guidelines, however, shall be in effect for as long as tax increment revenue is being used to pay for costs associated with the units or for the retirement of bonds issued to finance the units or for the life of the redevelopment project area, whichever is later.

(11.5) If the redevelopment project area is located within a municipality with a population of more than 100,000, the cost of day care services for children of employees from low-income families working for businesses located within the redevelopment project area and all or a portion of the cost of operation of day care centers established by redevelopment project area businesses to serve employees from low-income families working in businesses located in the redevelopment project area. For the purposes of this paragraph, "low-income families" means families whose annual income does not exceed 80% of the municipal, county, or regional median income, adjusted for family size, as the annual income and municipal, county, or regional median income are determined from time to time by the United States Department of Housing and Urban Development.

(12) Unless explicitly stated herein the cost of construction of new privately-owned buildings shall not be an eligible redevelopment project cost.

(13) After November 1, 1999 (the effective date of Public Act 91-478), none of the redevelopment project costs enumerated in this subsection shall be eligible redevelopment project costs if those costs would provide direct financial support to a retail entity initiating operations in the redevelopment project area while terminating operations at another Illinois location within 10 miles of the redevelopment project area but outside the boundaries of the redevelopment project area municipality. For purposes of this paragraph, termination means a closing of a retail operation that is directly related to the opening of the same operation or like retail entity owned or operated by more than 50% of the original ownership in a redevelopment project area, but it does not mean closing an operation for reasons beyond the control of the retail
entity, as documented by the retail entity, subject to a reasonable finding by the municipality that the current location contained inadequate space, had become economically obsolete, or was no longer a viable location for the retailer or serviceman.

If a special service area has been established pursuant to the Special Service Area Tax Act or Special Service Area Tax Law, then any tax increment revenues derived from the tax imposed pursuant to the Special Service Area Tax Act or Special Service Area Tax Law may be used within the redevelopment project area for the purposes permitted by that Act or Law as well as the purposes permitted by this Act.

(r) "State Sales Tax Boundary" means the redevelopment project area or the amended redevelopment project area boundaries which are determined pursuant to subsection (9) of Section 11-74.4-8a of this Act. The Department of Revenue shall certify pursuant to subsection (9) of Section 11-74.4-8a the appropriate boundaries eligible for the determination of State Sales Tax Increment.

(s) "State Sales Tax Increment" means an amount equal to the increase in the aggregate amount of taxes paid by retailers and servicemen, other than retailers and servicemen subject to the Public Utilities Act, on transactions at places of business located within a State Sales Tax Boundary pursuant to the Retailers' Occupation Tax Act, the Use Tax Act, the Service Use Tax Act, and the Service Occupation Tax Act, except such portion of such increase that is paid into the State and Local Sales Tax Reform Fund, the Local Government Distributive Fund, the Local Government Tax Fund and the County and Mass Transit District Fund, for as long as State participation exists, over and above the Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts for such taxes as certified by the Department of Revenue and paid under those Acts by retailers and servicemen on transactions at places of business located within the State Sales Tax Boundary during the base year which shall be the calendar year immediately prior to the year in which the municipality adopted tax increment allocation financing, less 3.0% of such amounts generated under the Retailers' Occupation Tax Act, Use Tax Act and Service Use Tax Act and the Service Occupation Tax Act, which sum shall be appropriated to the Department of Revenue to cover its costs of administering and enforcing this Section. For purposes of computing the aggregate amount of such taxes for base years occurring prior to 1985, the Department of Revenue shall compute the Initial Sales Tax Amount for such taxes and deduct therefrom an amount equal to 4% of the aggregate amount of taxes per year for each year the base year is

prior to 1985, but not to exceed a total deduction of 12%. The amount so determined shall be known as the "Adjusted Initial Sales Tax Amount". For purposes of determining the State Sales Tax Increment the Department of Revenue shall for each period subtract from the tax amounts received from retailers and servicemen on transactions located in the State Sales Tax Boundary, the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or Revised Initial Sales Tax Amounts for the Retailers' Occupation Tax Act, the Use Tax Act, the Service Use Tax Act and the Service Occupation Tax Act. For the State Fiscal Year 1989 this calculation shall be made by utilizing the calendar year 1987 to determine the tax amounts received. For the State Fiscal Year 1990, this calculation shall be made by utilizing the period from January 1, 1988, until September 30, 1988, to determine the tax amounts received from retailers and servicemen, which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For the State Fiscal Year 1991, this calculation shall be made by utilizing the period from October 1, 1988, until June 30, 1989, to determine the tax amounts received from retailers and servicemen, which shall have deducted therefrom nine-twelfths of the certified Initial State Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For every State Fiscal Year thereafter, the applicable period shall be the 12 months beginning July 1 and ending on June 30, to determine the tax amounts received which shall have deducted therefrom the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts. Municipalities intending to receive a distribution of State Sales Tax Increment must report a list of retailers to the Department of Revenue by October 31, 1988 and by July 31, of each year thereafter.

(t) "Taxing districts" means counties, townships, cities and incorporated towns and villages, school, road, park, sanitary, mosquito abatement, forest preserve, public health, fire protection, river conservancy, tuberculosis sanitarium and any other municipal corporations or districts with the power to levy taxes.

(u) "Taxing districts' capital costs" means those costs of taxing districts for capital improvements that are found by the municipal corporate authorities to be necessary and directly result from the redevelopment project.

(v) As used in subsection (a) of Section 11-74.4-3 of this Act, "vacant land" means any parcel or combination of parcels of real property

without industrial, commercial, and residential buildings which has not been used for commercial agricultural purposes within 5 years prior to the designation of the redevelopment project area, unless the parcel is included in an industrial park conservation area or the parcel has been subdivided; provided that if the parcel was part of a larger tract that has been divided into 3 or more smaller tracts that were accepted for recording during the period from 1950 to 1990, then the parcel shall be deemed to have been subdivided, and all proceedings and actions of the municipality taken in that connection with respect to any previously approved or designated redevelopment project area or amended redevelopment project area are hereby validated and hereby declared to be legally sufficient for all purposes of this Act. For purposes of this Section and only for land subject to the subdivision requirements of the Plat Act, land is subdivided when the original plat of the proposed Redevelopment Project Area or relevant portion thereof has been properly certified, acknowledged, approved, and recorded or filed in accordance with the Plat Act and a preliminary plat, if any, for any subsequent phases of the proposed Redevelopment Project Area or relevant portion thereof has been properly approved and filed in accordance with the applicable ordinance of the municipality.

(w) "Annual Total Increment" means the sum of each municipality's annual Net Sales Tax Increment and each municipality's annual Net Utility Tax Increment. The ratio of the Annual Total Increment of each municipality to the Annual Total Increment for all municipalities, as most recently calculated by the Department, shall determine the proportional shares of the Illinois Tax Increment Fund to be distributed to each municipality.

Sec. 4.02. The Department shall establish a program of services to prevent unnecessary institutionalization of persons age 60 and older in need of long term care or who are established as persons who suffer from Alzheimer's disease or a related disorder under the Alzheimer's Disease Assistance Act, thereby enabling them to remain in their own homes or in other living arrangements. Such preventive services, which may be coordinated with other programs for the aged and monitored by area agencies on aging in cooperation with the Department, may include, but are not limited to, any or all of the following:

(a) home health services;
(b) home nursing services;
(c) homemaker services;
(d) chore and housekeeping services;
(e) day care services;
(f) home-delivered meals;
(g) education in self-care;
(h) personal care services;
(i) adult day health services;
(j) habilitation services;
(k) respite care;
(k-5) community reintegration services;
(l) other nonmedical social services that may enable the person to become self-supporting; or
(m) clearinghouse for information provided by senior citizen home owners who want to rent rooms to or share living space with other senior citizens.

The Department shall establish eligibility standards for such services taking into consideration the unique economic and social needs of the target population for whom they are to be provided. Such eligibility standards shall be based on the recipient's ability to pay for services; provided, however, that in determining the amount and nature of services

for which a person may qualify, consideration shall not be given to the value of cash, property or other assets held in the name of the person's spouse pursuant to a written agreement dividing marital property into equal but separate shares or pursuant to a transfer of the person's interest in a home to his spouse, provided that the spouse's share of the marital property is not made available to the person seeking such services.

Beginning July 1, 2002, the Department shall require as a condition of eligibility that all financially eligible applicants and recipients apply for medical assistance under Article V of the Illinois Public Aid Code in accordance with rules promulgated by the Department.

The Department shall, in conjunction with the Department of Public Aid, seek appropriate amendments under Sections 1915 and 1924 of the Social Security Act. The purpose of the amendments shall be to extend eligibility for home and community based services under Sections 1915 and 1924 of the Social Security Act to persons who transfer to or for the benefit of a spouse those amounts of income and resources allowed under Section 1924 of the Social Security Act. Subject to the approval of such amendments, the Department shall extend the provisions of Section 5-4 of the Illinois Public Aid Code to persons who, but for the provision of home or community-based services, would require the level of care provided in an institution, as is provided for in federal law. Those persons no longer found to be eligible for receiving noninstitutional services due to changes in the eligibility criteria shall be given 60 days notice prior to actual termination. Those persons receiving notice of termination may contact the Department and request the determination be appealed at any time during the 60 day notice period. With the exception of the lengthened notice and time frame for the appeal request, the appeal process shall follow the normal procedure. In addition, each person affected regardless of the circumstances for discontinued eligibility shall be given notice and the opportunity to purchase the necessary services through the Community Care Program. If the individual does not elect to purchase services, the Department shall advise the individual of alternative services. The target population identified for the purposes of this Section are persons age 60 and older with an identified service need. Priority shall be given to those who are at imminent risk of institutionalization. The services shall be provided to eligible persons age 60 and older to the extent that the cost of the services together with the other personal maintenance expenses of the persons are reasonably related to the standards established for care in a group facility appropriate to the person's condition. These non-institutional services, pilot projects or experimental facilities may be provided as part

of or in addition to those authorized by federal law or those funded and administered by the Department of Human Services. The Departments of Human Services, Public Aid, Public Health, Veterans' Affairs, and Commerce and Economic Opportunity and other appropriate agencies of State, federal and local governments shall cooperate with the Department on Aging in the establishment and development of the non-institutional services. The Department shall require an annual audit from all chore/housekeeping and homemaker vendors contracting with the Department under this Section. The annual audit shall assure that each audited vendor's procedures are in compliance with Department's financial reporting guidelines requiring a 27% administrative cost split and a 73% employee wages and benefits cost split. The audit is a public record under the Freedom of Information Act. The Department shall execute, relative to the nursing home prescreening project, written inter-agency agreements with the Department of Human Services and the Department of Public Aid, to effect the following: (1) intake procedures and common eligibility criteria for those persons who are receiving non-institutional services; and (2) the establishment and development of non-institutional services in areas of the State where they are not currently available or are undeveloped. On and after July 1, 1996, all nursing home prescreenings for individuals 60 years of age or older shall be conducted by the Department.

The Department is authorized to establish a system of recipient copayment for services provided under this Section, such copayment to be based upon the recipient's ability to pay but in no case to exceed the actual cost of the services provided. Additionally, any portion of a person's income which is equal to or less than the federal poverty standard shall not be considered by the Department in determining the copayment. The level of such copayment shall be adjusted whenever necessary to reflect any change in the officially designated federal poverty standard.

The Department, or the Department's authorized representative, shall recover the amount of moneys expended for services provided to or in behalf of a person under this Section by a claim against the person's estate or against the estate of the person's surviving spouse, but no recovery may be had until after the death of the surviving spouse, if any, and then only at such time when there is no surviving child who is under age 21, blind, or permanently and totally disabled. This paragraph, however, shall not bar recovery, at the death of the person, of moneys for services provided to the person or in behalf of the person under this Section to which the person was not entitled; provided that such recovery

shall not be enforced against any real estate while it is occupied as a homestead by the surviving spouse or other dependent, if no claims by other creditors have been filed against the estate, or, if such claims have been filed, they remain dormant for failure of prosecution or failure of the claimant to compel administration of the estate for the purpose of payment. This paragraph shall not bar recovery from the estate of a spouse, under Sections 1915 and 1924 of the Social Security Act and Section 5-4 of the Illinois Public Aid Code, who precedes a person receiving services under this Section in death. All moneys for services paid to or in behalf of the person under this Section shall be claimed for recovery from the deceased spouse's estate. "Homestead", as used in this paragraph, means the dwelling house and contiguous real estate occupied by a surviving spouse or relative, as defined by the rules and regulations of the Illinois Department of Public Aid, regardless of the value of the property.

The Department shall develop procedures to enhance availability of services on evenings, weekends, and on an emergency basis to meet the respite needs of caregivers. Procedures shall be developed to permit the utilization of services in successive blocks of 24 hours up to the monthly maximum established by the Department. Workers providing these services shall be appropriately trained.

Beginning on the effective date of this Amendatory Act of 1991, no person may perform chore/housekeeping and homemaker services under a program authorized by this Section unless that person has been issued a certificate of pre-service to do so by his or her employing agency. Information gathered to effect such certification shall include (i) the person's name, (ii) the date the person was hired by his or her current employer, and (iii) the training, including dates and levels. Persons engaged in the program authorized by this Section before the effective date of this amendatory Act of 1991 shall be issued a certificate of all pre- and in-service training from his or her employer upon submitting the necessary information. The employing agency shall be required to retain records of all staff pre- and in-service training, and shall provide such records to the Department upon request and upon termination of the employer's contract with the Department. In addition, the employing agency is responsible for the issuance of certifications of in-service training completed to their employees.

The Department is required to develop a system to ensure that persons working as homemakers and chore housekeepers receive increases in their wages when the federal minimum wage is increased by requiring vendors to certify that they are meeting the federal minimum wage statute.

The Community Care Program Advisory Committee is created in the Department on Aging. The Director shall appoint individuals to serve in the Committee, who shall serve at their own expense. Members of the Committee must abide by all applicable ethics laws. The Committee shall meet on a bi-monthly basis and shall serve to identify and advise the Department on present and potential issues affecting the service delivery network, the program’s clients, and the Department and to recommend solution strategies. Persons appointed to the Committee shall be appointed on, but not limited to, their own and their agency’s experience with the program, geographic representation, and willingness to serve. The Committee shall include, but not be limited to, representatives from the following agencies and organizations:

Nominations may be presented from any agency or State association with interest in the program. The Director, or his or her designee, shall serve as the permanent co-chair of the advisory committee. One other co-chair shall be nominated and approved by the members of the committee on an annual basis. Committee members’ terms of appointment shall be for 4 years with one-quarter of the appointees’ terms expiring each year. At no time may a member serve more than one consecutive term in any capacity on the committee. The Department shall fill vacancies that have a remaining term of over one year, and this replacement shall occur through the annual replacement of expiring terms. The Director shall designate Department staff to provide technical

All Committee papers, issues, recommendations, reports, and meeting memoranda are advisory only. The Director, or his or her designee, shall make a written report, as requested by the Committee, regarding issues before the Committee.

The Department on Aging and the Department of Human Services shall cooperate in the development and submission of an annual report on programs and services provided under this Section. Such joint report shall be filed with the Governor and the General Assembly on or before September 30 each year.

The requirement for reporting to the General Assembly shall be satisfied by filing copies of the report with the Speaker, the Minority Leader and the Clerk of the House of Representatives and the President, the Minority Leader and the Secretary of the Senate and the Legislative Research Unit, as required by Section 3.1 of the General Assembly Organization Act and filing such additional copies with the State Government Report Distribution Center for the General Assembly as is required under paragraph (t) of Section 7 of the State Library Act.

Those persons previously not required to cost-share and who were required to cost-share effective March 1, 1992, shall continue to meet cost-share requirements on and after July 1, 1992. Beginning July 1, 1992, all clients will be required to meet eligibility, cost-share, and other requirements and will have services discontinued or altered when they fail to meet these requirements.

PUBLIC ACT 94-0271
(Senate Bill No. 0292)

AN ACT concerning courts.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Juvenile Court Act of 1987 is amended by changing Section 1-5 as follows:

(705 ILCS 405/1-5) (from Ch. 37, par. 801-5)

Sec. 1-5. Rights of parties to proceedings.

(1) Except as provided in this Section and paragraph (2) of Sections 2-22, 3-23, 4-20, 5-610 or 5-705, the minor who is the subject of the proceeding and his parents, guardian, legal custodian or responsible relative who are parties respondent have the right to be present, to be heard, to present evidence material to the proceedings, to cross-examine witnesses, to examine pertinent court files and records and also, although proceedings under this Act are not intended to be adversary in character, the right to be represented by counsel. At the request of any party financially unable to employ counsel, with the exception of a foster parent permitted to intervene under this Section, the court shall appoint the Public Defender or such other counsel as the case may require. Counsel appointed for the minor and any indigent party shall appear at all stages of the trial court proceeding, and such appointment shall continue through the permanency hearings and termination of parental rights proceedings.

New matter indicated by italics - deletions by strikeout
subject to withdrawal or substitution pursuant to Supreme Court Rules or
the Code of Civil Procedure. Following the dispositional hearing, the court
may require appointed counsel, other than counsel for the minor or counsel
for the guardian ad litem, to withdraw his or her appearance upon failure
of the party for whom counsel was appointed under this Section to attend
any subsequent proceedings.

No hearing on any petition or motion filed under this Act may be
commenced unless the minor who is the subject of the proceeding is
represented by counsel. Notwithstanding the preceding sentence, if a
guardian ad litem has been appointed for the minor under Section 2-17 of
this Act and the guardian ad litem is a licensed attorney at law of this
State, or in the event that a court appointed special advocate has been
appointed as guardian ad litem and counsel has been appointed to
represent the court appointed special advocate, the court may not require
the appointment of counsel to represent the minor unless the court finds
that the minor's interests are in conflict with what the guardian ad litem
determines to be in the best interest of the minor. Each adult respondent
shall be furnished a written "Notice of Rights" at or before the first hearing
at which he or she appears.

(1.5) The Department shall maintain a system of response to
inquiry made by parents or putative parents as to whether their child is
under the custody or guardianship of the Department; and if so, the
Department shall direct the parents or putative parents to the appropriate
court of jurisdiction, including where inquiry may be made of the clerk of
the court regarding the case number and the next scheduled court date of
the minor's case. Effective notice and the means of accessing information
shall be given to the public on a continuing basis by the Department.

(2) (a) Though not appointed guardian or legal custodian or
otherwise made a party to the proceeding, any current or previously
appointed foster parent or relative caregiver, or representative of an agency
or association interested in the minor has the right to be heard by the court,
but does not thereby become a party to the proceeding.

In addition to the foregoing right to be heard by the court, any
current foster parent or relative caregiver of a minor and the agency
designated by the court or the Department of Children and Family Services
as custodian of the minor who is alleged to be or has been adjudicated an
abused or neglected minor under Section 2-3 or a dependent minor under
Section 2-4 of this Act has the right to and shall be given adequate notice
at all stages of any hearing or proceeding under this Act.

New matter indicated by italics - deletions by strikeout
Any foster parent or relative caregiver who is denied his or her right to be heard under this Section may bring a mandamus action under Article XIV of the Code of Civil Procedure against the court or any public agency to enforce that right. The mandamus action may be brought immediately upon the denial of those rights but in no event later than 30 days after the foster parent has been denied the right to be heard.

(b) If after an adjudication that a minor is abused or neglected as provided under Section 2-21 of this Act and a motion has been made to restore the minor to any parent, guardian, or legal custodian found by the court to have caused the neglect or to have inflicted the abuse on the minor, a foster parent may file a motion to intervene in the proceeding for the sole purpose of requesting that the minor be placed with the foster parent, provided that the foster parent (i) is the current foster parent of the minor or (ii) has previously been a foster parent for the minor for one year or more, has a foster care license or is eligible for a license, and is not the subject of any findings of abuse or neglect of any child. The juvenile court may only enter orders placing a minor with a specific foster parent under this subsection (2)(b) and nothing in this Section shall be construed to confer any jurisdiction or authority on the juvenile court to issue any other orders requiring the appointed guardian or custodian of a minor to place the minor in a designated foster home or facility. This Section is not intended to encompass any matters that are within the scope or determinable under the administrative and appeal process established by rules of the Department of Children and Family Services under Section 5(o) of the Children and Family Services Act. Nothing in this Section shall relieve the court of its responsibility, under Section 2-14(a) of this Act to act in a just and speedy manner to reunify families where it is the best interests of the minor and the child can be cared for at home without endangering the child's health or safety and, if reunification is not in the best interests of the minor, to find another permanent home for the minor. Nothing in this Section, or in any order issued by the court with respect to the placement of a minor with a foster parent, shall impair the ability of the Department of Children and Family Services, or anyone else authorized under Section 5 of the Abused and Neglected Child Reporting Act, to remove a minor from the home of a foster parent if the Department of Children and Family Services or the person removing the minor has reason to believe that the circumstances or conditions of the minor are such that continuing in the residence or care of the foster parent will jeopardize the child's health and safety or present an imminent risk of harm to that minor's life.

New matter indicated by italics - deletions by strikeout
(c) If a foster parent has had the minor who is the subject of the proceeding under Article II in his or her home for more than one year on or after July 3, 1994 and if the minor's placement is being terminated from that foster parent's home, that foster parent shall have standing and intervenor status except in those circumstances where the Department of Children and Family Services or anyone else authorized under Section 5 of the Abused and Neglected Child Reporting Act has removed the minor from the foster parent because of a reasonable belief that the circumstances or conditions of the minor are such that continuing in the residence or care of the foster parent will jeopardize the child's health or safety or presents an imminent risk of harm to the minor's life.

(d) The court may grant standing to any foster parent if the court finds that it is in the best interest of the child for the foster parent to have standing and intervenor status.

(3) Parties respondent are entitled to notice in compliance with Sections 2-15 and 2-16, 3-17 and 3-18, 4-14 and 4-15 or 5-525 and 5-530, as appropriate. At the first appearance before the court by the minor, his parents, guardian, custodian or responsible relative, the court shall explain the nature of the proceedings and inform the parties of their rights under the first 2 paragraphs of this Section.

If the child is alleged to be abused, neglected or dependent, the court shall admonish the parents that if the court declares the child to be a ward of the court and awards custody or guardianship to the Department of Children and Family Services, the parents must cooperate with the Department of Children and Family Services, comply with the terms of the service plans, and correct the conditions that require the child to be in care, or risk termination of their parental rights.

Upon an adjudication of wardship of the court under Sections 2-22, 3-23, 4-20 or 5-705, the court shall inform the parties of their right to appeal therefrom as well as from any other final judgment of the court.

When the court finds that a child is an abused, neglected, or dependent minor under Section 2-21, the court shall admonish the parents that the parents must cooperate with the Department of Children and Family Services, comply with the terms of the service plans, and correct the conditions that require the child to be in care, or risk termination of their parental rights.

When the court declares a child to be a ward of the court and awards guardianship to the Department of Children and Family Services under Section 2-22, the court shall admonish the parents, guardian, custodian, or responsible relative that the parents must cooperate with the
Department of Children and Family Services, comply with the terms of the service plans, and correct the conditions that require the child to be in care, or risk termination of their parental rights.

(4) No sanction may be applied against the minor who is the subject of the proceedings by reason of his refusal or failure to testify in the course of any hearing held prior to final adjudication under Section 2-22, 3-23, 4-20 or 5-705.

(5) In the discretion of the court, the minor may be excluded from any part or parts of a dispositional hearing and, with the consent of the parent or parents, guardian, counsel or a guardian ad litem, from any part or parts of an adjudicatory hearing.

To the extent allowed by federal law, uncontaminated concrete with protruding rebar shall be considered clean construction or demolition debris and shall not be considered "waste" if it is separated or processed and returned to the economic mainstream in the form of raw materials or products within 4 years of its generation, if it is not speculatively accumulated and, if used as a fill material, it is used in accordance with item (i) in subsection (b) of this Section within 30 days of its generation.

Sec. 21.3. Environmental reclamation lien.

(a) All costs and damages for which a person is liable to the State of Illinois under Section 22.2, 22.15a, 55.3, or 57.12 and Section 22.18 shall constitute an environmental reclamation lien in favor of the State of Illinois upon all real property and rights to such property which:

(1) belong to such person; and
(2) are subject to or affected by a removal or remedial action under
Section 22.2 or investigation, preventive action, corrective action, or
enforcement action under Section 22.15a, 55.3, or 57.12 22.18.

(b) An environmental reclamation lien shall continue until the
liability for the costs and damages, or a judgment against the person
arising out of such liability, is satisfied.

(c) An environmental reclamation lien shall be effective upon the
filing by the Agency of a Notice of Environmental Reclamation Lien with
the recorder or the registrar of titles of the county in which the real
property lies. The Agency shall not file an environmental reclamation lien,
and no such lien shall be valid, unless the Agency has sent notice pursuant
to subsection (q) of Section 4, subsection (c) of Section 22.15a, subsection
(d) of Section 55.3, or subsection (e) of Section 57.12 of this Act to owners
of the real property. Nothing in this Section shall be construed to give the
Agency's lien a preference over the rights of any bona fide purchaser or
mortgagee or other lienholder (not including the United States when
holding an unfiled lien) arising prior to the filing of a notice of
environmental reclamation lien in the office of the recorder or registrar of
titles of the county in which the property subject to the lien is located. For
purposes of this Section, the term "bona fide" shall not include any
mortgage of real or personal property or any other credit transaction that
results in the mortgagee or the holder of the security acting as trustee for
unsecured creditors of the liable person mentioned in the notice of lien
who executed such chattel or real property mortgage or the document
evidencing such credit transaction. Such lien shall be inferior to the lien of
general taxes, special assessments and special taxes heretofore or hereafter
levied by any political subdivision of this State.

(d) The environmental reclamation lien shall not exceed the
amount of expenditures as itemized on the Affidavit of Expenditures
attached to and filed with the Notice of Environmental Reclamation Lien.
The Affidavit of Expenditures may be amended if additional costs or
damages are incurred.

(e) Upon filing of the Notice of Environmental Reclamation Lien a
copy with attachments shall be served upon the owners of the real
property. Notice of such service shall be served on all lienholders of record
as of the date of filing.

(f) (Blank) Within 60 days after initiating response or remedial
action at the site under Section 22.2 or 22.18, the Agency shall file a
Notice of Response Action in Progress. The Notice shall be filed with the
recorder or registrar of titles of the county in which the real property lies.

(g) In addition to any other remedy provided by the laws of this State, the Agency may foreclose in the circuit court an environmental reclamation lien on real property for any costs or damages imposed under Section 22.2, 22.15a, 55.3, or 57.12 or Section 22.18 to the same extent and in the same manner as in the enforcement of other liens. The process, practice and procedure for such foreclosure shall be the same as provided in Article XV of the Code of Civil Procedure. Nothing in this Section shall affect the right of the State of Illinois to bring an action against any person to recover all costs and damages for which such person is liable under Section 22.2, 22.15a, 55.3, or 57.12 or Section 22.18.

(h) Any liability to the State under Section 22.2, 22.15a, 55.3, or 57.12 or Section 22.18 shall constitute a debt to the State. Interest on such debt shall begin to accrue at a rate of 12% per annum from the date of the filing of the Notice of Environmental Reclamation Lien under paragraph (c). Accrued interest shall be included as a cost incurred by the State of Illinois under Section 22.2, 22.15a, 55.3, or 57.12 or Section 22.18.

Sec. 22.15a. Open dumping cleanup program.

(a) Upon making a finding that open dumping poses a threat to the public health or to the environment, the Agency may take whatever preventive or corrective action is necessary or appropriate to end that threat. This preventive or corrective action may consist of any or all of the following:

(1) Removing waste from the site.

(2) Removing soil and water contamination that is related to waste at the site.

(3) Installing devices to monitor and control groundwater and surface water contamination that is related to waste at the site.

(4) Taking any other actions that are authorized by Board regulations.

(b) Subject to the availability of appropriated funds, the Agency may undertake a consensual removal action for the removal of up to 20 cubic yards of waste at no cost to the owner of property where open dumping has occurred in accordance with the following requirements:
(1) Actions under this subsection must be taken pursuant to a written agreement between the Agency and the owner of the property.

(2) The written agreement must at a minimum specify:
   (A) that the owner relinquishes any claim of an ownership interest in any waste that is removed and in any proceeds from its sale;
   (B) that waste will no longer be allowed to accumulate at the site in a manner that constitutes open dumping;
   (C) that the owner will hold harmless the Agency and any employee or contractor used by the Agency to effect the removal for any damage to property incurred during the course of action under this subsection, except for damage incurred by gross negligence or intentional misconduct; and
   (D) any conditions imposed upon or assistance required from the owner to assure that the waste is so located or arranged as to facilitate its removal.

(3) The Agency may establish by rule the conditions and priorities for the removal of waste under this subsection (b).

(4) The Agency must prescribe the form of written agreements under this subsection (b).

(c) The Agency may provide notice to the owner of property where open dumping has occurred whenever the Agency finds that open dumping poses a threat to public health or the environment. The notice provided by the Agency must include the identified preventive or corrective action and must provide an opportunity for the owner to perform the action.

(d) In accordance with constitutional limitations, the Agency may enter, at all reasonable times, upon any private or public property for the purpose of taking any preventive or corrective action that is necessary and appropriate under this Section whenever the Agency finds that open dumping poses a threat to the public health or to the environment.

(e) Notwithstanding any other provision or rule of law and subject only to the defenses set forth in subsection (g) of this Section, the following persons shall be liable for all costs of corrective or preventive action incurred by the State of Illinois as a result of open dumping, including the reasonable costs of collection:
   (1) any person with an ownership interest in property where open dumping has occurred;

New matter indicated by italics - deletions by strikeout
(2) any person with an ownership or leasehold interest in the property at the time the open dumping occurred;
(3) any person who transported waste that was open dumped at the property; and
(4) any person who open dumped at the property.

Any moneys received by the Agency under this subsection (e) must be deposited into the Subtitle D Management Fund.

(f) Any person liable to the Agency for costs incurred under subsection (e) of this Section may be liable to the State of Illinois for punitive damages in an amount at least equal to and not more than 3 times the costs incurred by the State if that person failed, without sufficient cause, to take preventive or corrective action under the notice issued under subsection (c) of this Section.

(g) There shall be no liability under subsection (e) of this Section for a person otherwise liable who can establish by a preponderance of the evidence that the hazard created by the open dumping was caused solely by:

(1) an act of God;
(2) an act of war; or
(3) an act or omission of a third party other than an employee or agent and other than a person whose act or omission occurs in connection with a contractual relationship with the person otherwise liable. For the purposes of this paragraph, "contractual relationship" includes, but is not limited to, land contracts, deeds, and other instruments transferring title or possession, unless the real property upon which the open dumping occurred was acquired by the defendant after the open dumping occurred and one or more of the following circumstances is also established by a preponderance of the evidence:

(A) at the time the defendant acquired the property, the defendant did not know and had no reason to know that any open dumping had occurred and the defendant undertook, at the time of acquisition, all appropriate inquiries into the previous ownership and uses of the property consistent with good commercial or customary practice in an effort to minimize liability;

(B) the defendant is a government entity that acquired the property by escheat or through any other involuntary transfer or acquisition, or through the exercise

New matter indicated by italics - deletions by strikeout
of eminent domain authority by purchase or condemnation; or

(C) the defendant acquired the property by inheritance or bequest.

(h) Nothing in this Section shall affect or modify the obligations or liability of any person under any other provision of this Act, federal law, or State law, including the common law, for injuries, damages, or losses resulting from the circumstances leading to Agency action under this Section.

(i) The costs and damages provided for in this Section may be imposed by the Board in an action brought before the Board in accordance with Title VIII of this Act, except that subsection (c) of Section 33 of this Act shall not apply to any such action.

(j) Except for willful and wanton misconduct, neither the State, the Director, nor any State employee shall be liable for any damages or injuries arising out of or resulting from any act or omission occurring under the provisions of this amendatory Act of the 94th General Assembly.

(k) Before taking preventive or corrective action under this Section, the Agency shall consider whether the open dumping:

(1) occurred on public land;
(2) occurred on a public right-of-way;
(3) occurred in a park or natural area;
(4) occurred in an environmental justice area;
(5) was caused or allowed by persons other than the owner of the site;
(6) creates the potential for groundwater contamination;
(7) creates the potential for surface water contamination;
(8) creates the potential for disease vectors;
(9) creates a fire hazard; or
(10) preventive or corrective action by the Agency has been requested by a unit of local government.

In taking preventive or corrective action under this Section, the Agency shall not expend more than $50,000 at any single site in response to open dumping unless: (i) the Director determines that the open dumping poses an imminent and substantial endangerment to the public health or welfare or the environment; or (ii) the General Assembly appropriates more than $50,000 for preventive or corrective action in response to the open dumping, in which case the Agency may spend the appropriated amount.

(b) In other cases other than those identified in subsection (a) of this Section:

(1) At any pollution control facility where in which the Agency finds that an emergency condition exists creating an immediate danger to public health or welfare or the environment, the Agency may seal any equipment, vehicle, vessel, aircraft, or other facility contributing to the emergency condition; and:

(2) At any other site or facility where the Agency finds that an imminent and substantial endangerment to the public health or welfare or the environment exists, the Agency may seal any equipment, vehicle, vessel, aircraft, or other facility contributing to the imminent and substantial endangerment.

(c) It shall be a Class A misdemeanor to break any seal affixed under this section, or to operate any sealed equipment, vehicle, vessel, aircraft, or other facility until the seal is removed according to law.

(d) The owner or operator of any equipment, vehicle, vessel, aircraft or other facility sealed pursuant to this section is entitled to a hearing in accord with Section 32 of this Act to determine whether the seal should be removed; except that in such hearing at least one Board member shall be present, and those Board members present may render a final decision without regard to the requirements of paragraph (a) of Section 5 of this Act. The petitioner may also seek immediate injunctive relief.

Sec. 39. Issuance of permits; procedures.

(a) When the Board has by regulation required a permit for the construction, installation, or operation of any type of facility, equipment, vehicle, vessel, or aircraft, the applicant shall apply to the Agency for such permit and it shall be the duty of the Agency to issue such a permit upon proof by the applicant that the facility, equipment, vehicle, vessel, or aircraft will not cause a violation of this Act or of regulations hereunder. The Agency shall adopt such procedures as are necessary to carry out its duties under this Section. In making its determinations on permit applications under this Section the Agency may consider prior adjudications of noncompliance with this Act by the applicant that involved a release of a contaminant into the environment. In granting permits, the Agency may impose reasonable conditions specifically related to the applicant's past compliance history with this Act as necessary to correct, detect, or prevent noncompliance. The Agency may impose such other conditions as may be necessary to accomplish the purposes of this

air pollution operating permit program consistent with this provision by January 1, 1994.

After June 30, 1998, operating permits issued under this Section by the Agency for sources of air pollution that are not subject to Section 39.5 of this Act and are not required to have a federally enforceable State operating permit shall be required to be renewed only upon written request by the Agency consistent with applicable provisions of this Act and its rules. Such operating permits shall expire 180 days after the date of such a request. Before July 1, 1998, the Board shall revise its rules for the existing State air pollution operating permit program consistent with this paragraph and shall adopt rules that require a source to demonstrate that it qualifies for a permit under this paragraph.

(b) The Agency may issue NPDES permits exclusively under this subsection for the discharge of contaminants from point sources into navigable waters, all as defined in the Federal Water Pollution Control Act, as now or hereafter amended, within the jurisdiction of the State, or into any well.

All NPDES permits shall contain those terms and conditions, including but not limited to schedules of compliance, which may be required to accomplish the purposes and provisions of this Act.

The Agency may issue general NPDES permits for discharges from categories of point sources which are subject to the same permit limitations and conditions. Such general permits may be issued without individual applications and shall conform to regulations promulgated under Section 402 of the Federal Water Pollution Control Act, as now or hereafter amended.

The Agency may include, among such conditions, effluent limitations and other requirements established under this Act, Board regulations, the Federal Water Pollution Control Act, as now or hereafter amended, and regulations pursuant thereto, and schedules for achieving compliance therewith at the earliest reasonable date.

The Agency shall adopt filing requirements and procedures which are necessary and appropriate for the issuance of NPDES permits, and which are consistent with the Act or regulations adopted by the Board, and with the Federal Water Pollution Control Act, as now or hereafter amended, and regulations pursuant thereto.

The Agency, subject to any conditions which may be prescribed by Board regulations, may issue NPDES permits to allow discharges beyond deadlines established by this Act or by regulations of the Board without the requirement of a variance, subject to the Federal Water Pollution Act.
Control Act, as now or hereafter amended, and regulations pursuant thereto.

(c) Except for those facilities owned or operated by sanitary districts organized under the Metropolitan Water Reclamation District Act, no permit for the development or construction of a new pollution control facility may be granted by the Agency unless the applicant submits proof to the Agency that the location of the facility has been approved by the County Board of the county if in an unincorporated area, or the governing body of the municipality when in an incorporated area, in which the facility is to be located in accordance with Section 39.2 of this Act.

In the event that siting approval granted pursuant to Section 39.2 has been transferred to a subsequent owner or operator, that subsequent owner or operator may apply to the Agency for, and the Agency may grant, a development or construction permit for the facility for which local siting approval was granted. Upon application to the Agency for a development or construction permit by that subsequent owner or operator, the permit applicant shall cause written notice of the permit application to be served upon the appropriate county board or governing body of the municipality that granted siting approval for that facility and upon any party to the siting proceeding pursuant to which siting approval was granted. In that event, the Agency shall conduct an evaluation of the subsequent owner or operator's prior experience in waste management operations in the manner conducted under subsection (i) of Section 39 of this Act.

Beginning August 20, 1993, if the pollution control facility consists of a hazardous or solid waste disposal facility for which the proposed site is located in an unincorporated area of a county with a population of less than 100,000 and includes all or a portion of a parcel of land that was, on April 1, 1993, adjacent to a municipality having a population of less than 5,000, then the local siting review required under this subsection (c) in conjunction with any permit applied for after that date shall be performed by the governing body of that adjacent municipality rather than the county board of the county in which the proposed site is located; and for the purposes of that local siting review, any references in this Act to the county board shall be deemed to mean the governing body of that adjacent municipality; provided, however, that the provisions of this paragraph shall not apply to any proposed site which was, on April 1, 1993, owned in whole or in part by another municipality.

In the case of a pollution control facility for which a development permit was issued before November 12, 1981, if an operating permit has not been issued by the Agency prior to August 31, 1989 for any portion of
the facility, then the Agency may not issue or renew any development permit nor issue an original operating permit for any portion of such facility unless the applicant has submitted proof to the Agency that the location of the facility has been approved by the appropriate county board or municipal governing body pursuant to Section 39.2 of this Act.

After January 1, 1994, if a solid waste disposal facility, any portion for which an operating permit has been issued by the Agency, has not accepted waste disposal for 5 or more consecutive calendars years, before that facility may accept any new or additional waste for disposal, the owner and operator must obtain a new operating permit under this Act for that facility unless the owner and operator have applied to the Agency for a permit authorizing the temporary suspension of waste acceptance. The Agency may not issue a new operation permit under this Act for the facility unless the applicant has submitted proof to the Agency that the location of the facility has been approved or re-approved by the appropriate county board or municipal governing body under Section 39.2 of this Act after the facility ceased accepting waste.

Except for those facilities owned or operated by sanitary districts organized under the Metropolitan Water Reclamation District Act, and except for new pollution control facilities governed by Section 39.2, and except for fossil fuel mining facilities, the granting of a permit under this Act shall not relieve the applicant from meeting and securing all necessary zoning approvals from the unit of government having zoning jurisdiction over the proposed facility.

Before beginning construction on any new sewage treatment plant or sludge drying site to be owned or operated by a sanitary district organized under the Metropolitan Water Reclamation District Act for which a new permit (rather than the renewal or amendment of an existing permit) is required, such sanitary district shall hold a public hearing within the municipality within which the proposed facility is to be located, or within the nearest community if the proposed facility is to be located within an unincorporated area, at which information concerning the proposed facility shall be made available to the public, and members of the public shall be given the opportunity to express their views concerning the proposed facility.

The Agency may issue a permit for a municipal waste transfer station without requiring approval pursuant to Section 39.2 provided that the following demonstration is made:

New matter indicated by italics - deletions by strikeout
(1) the municipal waste transfer station was in existence on or before January 1, 1979 and was in continuous operation from January 1, 1979 to January 1, 1993;

(2) the operator submitted a permit application to the Agency to develop and operate the municipal waste transfer station during April of 1994;

(3) the operator can demonstrate that the county board of the county, if the municipal waste transfer station is in an unincorporated area, or the governing body of the municipality, if the station is in an incorporated area, does not object to resumption of the operation of the station; and

(4) the site has local zoning approval.

(d) The Agency may issue RCRA permits exclusively under this subsection to persons owning or operating a facility for the treatment, storage, or disposal of hazardous waste as defined under this Act. All RCRA permits shall contain those terms and conditions, including but not limited to schedules of compliance, which may be required to accomplish the purposes and provisions of this Act. The Agency may include among such conditions standards and other requirements established under this Act, Board regulations, the Resource Conservation and Recovery Act of 1976 (P.L. 94-580), as amended, and regulations pursuant thereto, and may include schedules for achieving compliance therewith as soon as possible. The Agency shall require that a performance bond or other security be provided as a condition for the issuance of a RCRA permit.

In the case of a permit to operate a hazardous waste or PCB incinerator as defined in subsection (k) of Section 44, the Agency shall require, as a condition of the permit, that the operator of the facility perform such analyses of the waste to be incinerated as may be necessary and appropriate to ensure the safe operation of the incinerator.

The Agency shall adopt filing requirements and procedures which are necessary and appropriate for the issuance of RCRA permits, and which are consistent with the Act or regulations adopted by the Board, and with the Resource Conservation and Recovery Act of 1976 (P.L. 94-580), as amended, and regulations pursuant thereto.

The applicant shall make available to the public for inspection all documents submitted by the applicant to the Agency in furtherance of an application, with the exception of trade secrets, at the office of the county board or governing body of the municipality. Such documents may be copied upon payment of the actual cost of reproduction during regular

business hours of the local office. The Agency shall issue a written statement concurrent with its grant or denial of the permit explaining the basis for its decision.

(e) The Agency may issue UIC permits exclusively under this subsection to persons owning or operating a facility for the underground injection of contaminants as defined under this Act.

All UIC permits shall contain those terms and conditions, including but not limited to schedules of compliance, which may be required to accomplish the purposes and provisions of this Act. The Agency may include among such conditions standards and other requirements established under this Act, Board regulations, the Safe Drinking Water Act (P.L. 93-523), as amended, and regulations pursuant thereto, and may include schedules for achieving compliance therewith. The Agency shall require that a performance bond or other security be provided as a condition for the issuance of a UIC permit.

The Agency shall adopt filing requirements and procedures which are necessary and appropriate for the issuance of UIC permits, and which are consistent with the Act or regulations adopted by the Board, and with the Safe Drinking Water Act (P.L. 93-523), as amended, and regulations pursuant thereto.

The applicant shall make available to the public for inspection, all documents submitted by the applicant to the Agency in furtherance of an application, with the exception of trade secrets, at the office of the county board or governing body of the municipality. Such documents may be copied upon payment of the actual cost of reproduction during regular business hours of the local office. The Agency shall issue a written statement concurrent with its grant or denial of the permit explaining the basis for its decision.

(f) In making any determination pursuant to Section 9.1 of this Act:

(1) The Agency shall have authority to make the determination of any question required to be determined by the Clean Air Act, as now or hereafter amended, this Act, or the regulations of the Board, including the determination of the Lowest Achievable Emission Rate, Maximum Achievable Control Technology, or Best Available Control Technology, consistent with the Board's regulations, if any.

(2) The Agency shall, after conferring with the applicant, give written notice to the applicant of its proposed decision on the application including the terms and conditions of the permit to be

issued and the facts, conduct or other basis upon which the Agency will rely to support its proposed action.

(3) Following such notice, the Agency shall give the applicant an opportunity for a hearing in accordance with the provisions of Sections 10-25 through 10-60 of the Illinois Administrative Procedure Act.

(g) The Agency shall include as conditions upon all permits issued for hazardous waste disposal sites such restrictions upon the future use of such sites as are reasonably necessary to protect public health and the environment, including permanent prohibition of the use of such sites for purposes which may create an unreasonable risk of injury to human health or to the environment. After administrative and judicial challenges to such restrictions have been exhausted, the Agency shall file such restrictions of record in the Office of the Recorder of the county in which the hazardous waste disposal site is located.

(h) A hazardous waste stream may not be deposited in a permitted hazardous waste site unless specific authorization is obtained from the Agency by the generator and disposal site owner and operator for the deposit of that specific hazardous waste stream. The Agency may grant specific authorization for disposal of hazardous waste streams only after the generator has reasonably demonstrated that, considering technological feasibility and economic reasonableness, the hazardous waste cannot be reasonably recycled for reuse, nor incinerated or chemically, physically or biologically treated so as to neutralize the hazardous waste and render it nonhazardous. In granting authorization under this Section, the Agency may impose such conditions as may be necessary to accomplish the purposes of the Act and are consistent with this Act and regulations promulgated by the Board hereunder. If the Agency refuses to grant authorization under this Section, the applicant may appeal as if the Agency refused to grant a permit, pursuant to the provisions of subsection (a) of Section 40 of this Act. For purposes of this subsection (h), the term "generator" has the meaning given in Section 3.205 of this Act, unless: (1) the hazardous waste is treated, incinerated, or partially recycled for reuse prior to disposal, in which case the last person who treats, incinerates, or partially recycles the hazardous waste prior to disposal is the generator; or (2) the hazardous waste is from a response action, in which case the person performing the response action is the generator. This subsection (h) does not apply to any hazardous waste that is restricted from land disposal under 35 Ill. Adm. Code 728.

(i) Before issuing any RCRA permit, or any permit for a waste storage site, sanitary landfill, waste disposal site, waste transfer station, waste treatment facility, waste incinerator, or any waste-transportation operation, or any permit for a clean construction or demolition debris fill operation, the Agency shall conduct an evaluation of the prospective owner's or operator's prior experience in waste management operations. The Agency may deny such a permit if the prospective owner or operator or any employee or officer of the prospective owner or operator has a history of:

   (1) repeated violations of federal, State, or local laws, regulations, standards, or ordinances in the operation of waste management facilities or sites; or

   (2) conviction in this or another State of any crime which is a felony under the laws of this State, or conviction of a felony in a federal court; or

   (3) proof of gross carelessness or incompetence in handling, storing, processing, transporting or disposing of waste.

   (i-5) Before issuing any permit or approving any interim authorization for a clean construction or demolition debris fill operation in which any ownership interest is transferred between January 1, 2005, and the effective date of the prohibition set forth in Section 22.52 of this Act, the Agency shall conduct an evaluation of the operation if any previous activities at the site or facility may have caused or allowed contamination of the site. It shall be the responsibility of the owner or operator seeking the permit or interim authorization to provide to the Agency all of the information necessary for the Agency to conduct its evaluation. The Agency may deny a permit or interim authorization if previous activities at the site may have caused or allowed contamination at the site, unless such contamination is authorized under any permit issued by the Agency.

   (j) The issuance under this Act of a permit to engage in the surface mining of any resources other than fossil fuels shall not relieve the permittee from its duty to comply with any applicable local law regulating the commencement, location or operation of surface mining facilities.

   (k) A development permit issued under subsection (a) of Section 39 for any facility or site which is required to have a permit under subsection (d) of Section 21 shall expire at the end of 2 calendar years from the date upon which it was issued, unless within that period the applicant has taken action to develop the facility or the site. In the event that review of the conditions of the development permit is sought pursuant
to Section 40 or 41, or permittee is prevented from commencing
development of the facility or site by any other litigation beyond the
permittee's control, such two-year period shall be deemed to begin on the
date upon which such review process or litigation is concluded.

(l) No permit shall be issued by the Agency under this Act for
construction or operation of any facility or site located within the
boundaries of any setback zone established pursuant to this Act, where
such construction or operation is prohibited.

(m) The Agency may issue permits to persons owning or operating
a facility for composting landscape waste. In granting such permits, the
Agency may impose such conditions as may be necessary to accomplish
the purposes of this Act, and as are not inconsistent with applicable
regulations promulgated by the Board. Except as otherwise provided in
this Act, a bond or other security shall not be required as a condition for
the issuance of a permit. If the Agency denies any permit pursuant to this
subsection, the Agency shall transmit to the applicant within the time
limitations of this subsection specific, detailed statements as to the reasons
the permit application was denied. Such statements shall include but not
be limited to the following:

(1) the Sections of this Act that may be violated if the
permit were granted;

(2) the specific regulations promulgated pursuant to this
Act that may be violated if the permit were granted;

(3) the specific information, if any, the Agency deems the
applicant did not provide in its application to the Agency; and

(4) a statement of specific reasons why the Act and the
regulations might be violated if the permit were granted.

If no final action is taken by the Agency within 90 days after the
filing of the application for permit, the applicant may deem the permit
issued. Any applicant for a permit may waive the 90 day limitation by
filing a written statement with the Agency.

The Agency shall issue permits for such facilities upon receipt of
an application that includes a legal description of the site, a topographic
map of the site drawn to the scale of 200 feet to the inch or larger, a
description of the operation, including the area served, an estimate of the
volume of materials to be processed, and documentation that:

(1) the facility includes a setback of at least 200 feet from
the nearest potable water supply well;

(2) the facility is located outside the boundary of the 10-
year floodplain or the site will be floodproofed;

New matter indicated by italics - deletions by strikeout
(3) the facility is located so as to minimize incompatibility with the character of the surrounding area, including at least a 200 foot setback from any residence, and in the case of a facility that is developed or the permitted composting area of which is expanded after November 17, 1991, the composting area is located at least 1/8 mile from the nearest residence (other than a residence located on the same property as the facility);

(4) the design of the facility will prevent any compost material from being placed within 5 feet of the water table, will adequately control runoff from the site, and will collect and manage any leachate that is generated on the site;

(5) the operation of the facility will include appropriate dust and odor control measures, limitations on operating hours, appropriate noise control measures for shredding, chipping and similar equipment, management procedures for composting, containment and disposal of non-compostable wastes, procedures to be used for terminating operations at the site, and recordkeeping sufficient to document the amount of materials received, composted and otherwise disposed of; and

(6) the operation will be conducted in accordance with any applicable rules adopted by the Board.

The Agency shall issue renewable permits of not longer than 10 years in duration for the composting of landscape wastes, as defined in Section 3.155 of this Act, based on the above requirements.

The operator of any facility permitted under this subsection (m) must submit a written annual statement to the Agency on or before April 1 of each year that includes an estimate of the amount of material, in tons, received for composting.

(n) The Agency shall issue permits jointly with the Department of Transportation for the dredging or deposit of material in Lake Michigan in accordance with Section 18 of the Rivers, Lakes, and Streams Act.

(o) (Blank.)

(p) (1) Any person submitting an application for a permit for a new MSWLF unit or for a lateral expansion under subsection (t) of Section 21 of this Act for an existing MSWLF unit that has not received and is not subject to local siting approval under Section 39.2 of this Act shall publish notice of the application in a newspaper of general circulation in the county in which the MSWLF unit is or is proposed to be located. The notice must be published at least 15 days before submission of the permit application to the Agency. The notice shall state the name and address of

the applicant, the location of the MSWLF unit or proposed MSWLF unit, the nature and size of the MSWLF unit or proposed MSWLF unit, the nature of the activity proposed, the probable life of the proposed activity, the date the permit application will be submitted, and a statement that persons may file written comments with the Agency concerning the permit application within 30 days after the filing of the permit application unless the time period to submit comments is extended by the Agency.

When a permit applicant submits information to the Agency to supplement a permit application being reviewed by the Agency, the applicant shall not be required to reissue the notice under this subsection.

(2) The Agency shall accept written comments concerning the permit application that are postmarked no later than 30 days after the filing of the permit application, unless the time period to accept comments is extended by the Agency.

(3) Each applicant for a permit described in part (1) of this subsection shall file a copy of the permit application with the county board or governing body of the municipality in which the MSWLF unit is or is proposed to be located at the same time the application is submitted to the Agency. The permit application filed with the county board or governing body of the municipality shall include all documents submitted to or to be submitted to the Agency, except trade secrets as determined under Section 7.1 of this Act. The permit application and other documents on file with the county board or governing body of the municipality shall be made available for public inspection during regular business hours at the office of the county board or the governing body of the municipality and may be copied upon payment of the actual cost of reproduction.

(b) Notwithstanding the provisions of subsection (a) of this Section:

(1) Any person that violates Section 12(f) of this Act or any NPDES permit or term or condition thereof, or any filing requirement, regulation or order relating to the NPDES permit program, shall be liable to a civil penalty of not to exceed $10,000 per day of violation.

(2) Any person that violates Section 12(g) of this Act or any UIC permit or term or condition thereof, or any filing requirement, regulation or order relating to the State UIC program for all wells, except Class II wells as defined by the Board under this Act, shall be liable to a civil penalty not to exceed $2,500 per day of violation; provided, however, that any person who commits such violations relating to the State UIC program for Class II wells, as defined by the Board under this Act, shall be liable to a civil penalty of not to exceed $10,000 for the violation and an additional civil penalty of not to exceed $1,000 for each day during which the violation continues.

(3) Any person that violates Sections 21(f), 21(g), 21(h) or 21(i) of this Act, or any RCRA permit or term or condition thereof, or any filing requirement, regulation or order relating to the State RCRA program, shall be liable to a civil penalty of not to exceed $25,000 per day of violation.

(4) In an administrative citation action under Section 31.1 of this Act, any person found to have violated any provision of subsection (o) of Section 21 of this Act shall pay a civil penalty of $500 for each violation of each such provision, plus any hearing costs incurred by the Board and the Agency. Such penalties shall be made payable to the Environmental Protection Trust Fund, to be used in accordance with the provisions of the Environmental Protection Trust Fund Act; except that if a unit of local government issued the administrative citation, 50% of the civil penalty shall be payable to the unit of local government.

(4-5) In an administrative citation action under Section 31.1 of this Act, any person found to have violated any provision of subsection (p) of Section 21 of this Act shall pay a civil penalty of $1,500 for each violation of each such provision, plus any hearing costs incurred by the Board and the Agency, except that the civil penalty amount shall be $3,000 for each violation of any provision of subsection (p) of Section 21 that is the person’s second or

subsequent adjudication violation of that provision. The penalties shall be deposited into the Environmental Protection Trust Fund, to be used in accordance with the provisions of the Environmental Protection Trust Fund Act; except that if a unit of local government issued the administrative citation, 50% of the civil penalty shall be payable to the unit of local government.

(5) Any person who violates subsection 6 of Section 39.5 of this Act or any CAAPP permit, or term or condition thereof, or any fee or filing requirement, or any duty to allow or carry out inspection, entry or monitoring activities, or any regulation or order relating to the CAAPP shall be liable for a civil penalty not to exceed $10,000 per day of violation.

(b.5) In lieu of the penalties set forth in subsections (a) and (b) of this Section, any person who fails to file, in a timely manner, toxic chemical release forms with the Agency pursuant to Section 25b-2 of this Act shall be liable for a civil penalty of $100 per day for each day the forms are late, not to exceed a maximum total penalty of $6,000. This daily penalty shall begin accruing on the thirty-first day after the date that the person receives the warning notice issued by the Agency pursuant to Section 25b-6 of this Act; and the penalty shall be paid to the Agency. The daily accrual of penalties shall cease as of January 1 of the following year. All penalties collected by the Agency pursuant to this subsection shall be deposited into the Environmental Protection Permit and Inspection Fund.

(c) Any person that violates this Act, any rule or regulation adopted under this Act, any permit or term or condition of a permit, or any Board order and causes the death of fish or aquatic life shall, in addition to the other penalties provided by this Act, be liable to pay to the State an additional sum for the reasonable value of the fish or aquatic life destroyed. Any money so recovered shall be placed in the Wildlife and Fish Fund in the State Treasury.

(d) The penalties provided for in this Section may be recovered in a civil action.

(e) The State's Attorney of the county in which the violation occurred, or the Attorney General, may, at the request of the Agency or on his own motion, institute a civil action for an injunction, prohibitory or mandatory, to restrain violations of this Act, any rule or regulation adopted under this Act, any permit or term or condition of a permit, or any Board order, or to require such other actions as may be necessary to address violations of this Act, any rule or regulation adopted under this Act, any permit or term or condition of a permit, or any Board order.

New matter indicated by italics - deletions by strikeout
(f) The State's Attorney of the county in which the violation occurred, or the Attorney General, shall bring such actions in the name of the people of the State of Illinois. Without limiting any other authority which may exist for the awarding of attorney's fees and costs, the Board or a court of competent jurisdiction may award costs and reasonable attorney's fees, including the reasonable costs of expert witnesses and consultants, to the State's Attorney or the Attorney General in a case where he has prevailed against a person who has committed a wilful, knowing or repeated violation of this Act, any rule or regulation adopted under this Act, any permit or term or condition of a permit, or any Board order.

Any funds collected under this subsection (f) in which the Attorney General has prevailed shall be deposited in the Hazardous Waste Fund created in Section 22.2 of this Act. Any funds collected under this subsection (f) in which a State's Attorney has prevailed shall be retained by the county in which he serves.

(g) All final orders imposing civil penalties pursuant to this Section shall prescribe the time for payment of such penalties. If any such penalty is not paid within the time prescribed, interest on such penalty at the rate set forth in subsection (a) of Section 1003 of the Illinois Income Tax Act, shall be paid for the period from the date payment is due until the date payment is received. However, if the time for payment is stayed during the pendency of an appeal, interest shall not accrue during such stay.

(h) In determining the appropriate civil penalty to be imposed under subdivisions (a), (b)(1), (b)(2), (b)(3), or (b)(5) of this Section, the Board is authorized to consider any matters of record in mitigation or aggravation of penalty, including but not limited to the following factors:

(1) the duration and gravity of the violation;
(2) the presence or absence of due diligence on the part of the respondent in attempting to comply with requirements of this Act and regulations thereunder or to secure relief therefrom as provided by this Act;
(3) any economic benefits accrued by the respondent because of delay in compliance with requirements, in which case the economic benefits shall be determined by the lowest cost alternative for achieving compliance;
(4) the amount of monetary penalty which will serve to deter further violations by the respondent and to otherwise aid in enhancing voluntary compliance with this Act by the respondent and other persons similarly subject to the Act;

New matter indicated by italics - deletions by strikeout
(5) the number, proximity in time, and gravity of previously adjudicated violations of this Act by the respondent;

(6) whether the respondent voluntarily self-disclosed, in accordance with subsection (i) of this Section, the non-compliance to the Agency; and

(7) whether the respondent has agreed to undertake a "supplemental environmental project," which means an environmentally beneficial project that a respondent agrees to undertake in settlement of an enforcement action brought under this Act, but which the respondent is not otherwise legally required to perform.

In determining the appropriate civil penalty to be imposed under subsection (a) or paragraph (1), (2), (3), or (5) of subsection (b) of this Section, the Board shall ensure, in all cases, that the penalty is at least as great as the economic benefits, if any, accrued by the respondent as a result of the violation, unless the Board finds that imposition of such penalty would result in an arbitrary or unreasonable financial hardship. However, such civil penalty may be offset in whole or in part pursuant to a supplemental environmental project agreed to by the complainant and the respondent.

(i) A person who voluntarily self-discloses non-compliance to the Agency, of which the Agency had been unaware, is entitled to a 100% reduction in the portion of the penalty that is not based on the economic benefit of non-compliance if the person can establish the following:

(1) that the non-compliance was discovered through an environmental audit, as defined in Section 52.2 of this Act, and the person waives the environmental audit privileges as provided in that Section with respect to that non-compliance;

(2) that the non-compliance was disclosed in writing within 30 days of the date on which the person discovered it;

(i) the employer is given an opportunity at a hearing to present evidence of its compliance with this subsection (a-1); and

(ii) after the hearing, the Commission finds that the employer failed to make payments upon the premium rates of the situs where the work or project is located in Illinois.

The penalty shall not exceed $1,000 for each day of work for which the employer failed to make payments upon the premium rates of the situs here the work or project is located in Illinois, but the total penalty shall not exceed $50,000 for each project or each contract under which the work was performed.

Penalties imposed under this subsection (a-1) shall be deposited into the Illinois Workers' Compensation Commission Operations Fund, a special fund that is created in the State treasury. Subject to appropriation, moneys in the Fund shall be used solely for the operations of the Illinois Workers' Compensation Commission.

(b) The sworn application and financial statement, or security, indemnity or bond, or amount of insurance, or other provisions, filed, furnished, carried, or made by the employer, as the case may be, shall be subject to the approval of the Commission.

Deposits under escrow agreements shall be cash, negotiable United States government bonds or negotiable general obligation bonds of the State of Illinois. Upon the approval of the sworn application and financial statement, security, indemnity or bond or amount of insurance, filed, furnished or carried, as the case may be, the Commission shall send to the employer written notice of its approval thereof. The certificate of compliance by the employer with the provisions of subparagraphs (2) and (3) of paragraph (a) of this Section shall be delivered by the insurance carrier to the Illinois Workers' Compensation Commission within five days after the effective date of the policy so certified. The insurance so certified shall cover all compensation liability occurring during the time that the insurance is in effect and no further certificate need be filed in case such insurance is renewed, extended or otherwise continued by such carrier. The insurance so certified shall not be cancelled or in the event that such insurance is not renewed, extended or otherwise continued, such insurance shall not be terminated until at least 10 days after receipt by the Illinois Workers' Compensation Commission of notice of the cancellation or termination of said insurance; provided, however, that if the employer has secured insurance from another insurance carrier, or has otherwise secured the payment of compensation in accordance with this Section, and such insurance or other security becomes effective prior to the expiration of the 10 days, cancellation or termination may, at the option of the insurance carrier indicated in such notice, be effective as of the effective date of such other insurance or security.

Subject to such modification of the order as the Commission may later make on review of the order, as herein provided, it shall thereupon be unlawful for any such corporation, company, association, aggregation of individuals, reciprocal or interinsurers exchange, or insurer to effect any workers' compensation insurance in this State. A copy of the order shall be served upon the Director of Insurance by registered mail. Whenever the Commission finds that any service or adjustment company used or employed by a self-insured employer or by an insurance carrier to process, adjust, investigate, compromise or otherwise handle claims under this Act, has practiced or is practicing a policy of delay or unfairness toward employees in the adjustment, settlement or payment of benefits due such employees, the Commission may after reasonable notice and hearing order and direct that such service or adjustment company shall from and after a date fixed in such order be prohibited from processing, adjusting, investigating, compromising or otherwise handling claims under this Act.

Whenever the Commission finds that any self-insured employer has practiced or is practicing delay or unfairness toward employees in the adjustment, settlement or payment of benefits due such employees, the Commission may, after reasonable notice and hearing, order and direct that after a date fixed in the order such self-insured employer shall be disqualified to operate as a self-insurer and shall be required to insure his entire liability to pay compensation in some insurance carrier authorized, licensed and permitted to do such insurance business in this State, as provided in subparagraph 3 of paragraph (a) of this Section.

All orders made by the Commission under this Section shall be subject to review by the courts, said review to be taken in the same manner and within the same time as provided by Section 19 of this Act for review of awards and decisions of the Commission, upon the party seeking the
review filing with the clerk of the court to which said review is taken a bond in an amount to be fixed and approved by the court to which the review is taken, conditioned upon the payment of all compensation awarded against the person taking said review pending a decision thereof and further conditioned upon such other obligations as the court may impose. Upon the review the Circuit Court shall have power to review all questions of fact as well as of law. The penalty hereinafter provided for in this paragraph shall not attach and shall not begin to run until the final determination of the order of the Commission.

(d) Whenever a panel of 3 Commissioners comprised of one member of the employing class, one member of the employee class, and one member not identified with either the employing or employee class, with due process and after a hearing, determines an employer has knowingly failed to provide coverage as required by paragraph (a) of this Section, the failure shall be deemed an immediate serious danger to public health, safety, and welfare sufficient to justify service by the Commission of a work-stop order on such employer, requiring the cessation of all business operations of such employer at the place of employment or job site. Any law enforcement agency in the State shall, at the request of the Commission, render any assistance necessary to carry out the provisions of this Section, including, but not limited to, preventing any employee of such employer from remaining at a place of employment or job site after a work-stop order has taken effect. Any work-stop order shall be lifted upon proof of insurance as required by this Act. Any orders under this Section are appealable under Section 19(f) to the Circuit Court.

Employers who are subject to and who knowingly fail to comply with this Section shall not be entitled to the benefits of this Act during the period of noncompliance, but shall be liable in an action under any other applicable law of this State. In the action, such employer shall not avail himself or herself of the defenses of assumption of risk or negligence or that the injury was due to a co-employee. In the action, proof of the injury shall constitute prima facie evidence of negligence on the part of such employer and the burden shall be on such employer to show freedom of negligence resulting in the injury. The employer shall not join any other defendant in any such civil action. Nothing in this amendatory Act of the 94th General Assembly shall affect the employee's rights under subdivision (a)3 of Section 1 of this Act. Any employer or carrier who makes payments under subdivision (a)3 of Section 1 of this Act shall have a right of reimbursement from the proceeds of any recovery under this Section.

An employee of an uninsured employer, or the employee's dependents in case death ensued, may, instead of proceeding against the employer in a civil action in court, file an application for adjustment of claim with the Commission in accordance with the provisions of this Act and the Commission shall hear and determine the application for adjustment of claim in the manner in which other claims are heard and determined before the Commission.

All proceedings under this subsection (d) shall be reported on an annual basis to the Workers' Compensation Advisory Board.

Upon a finding by the Commission, after reasonable notice and hearing, of the knowing and wilful failure or refusal of an employer to comply with any of the provisions of paragraph (a) of this Section or the failure or refusal of an employer, service or adjustment company, or an insurance carrier to comply with any order of the Illinois Workers' Compensation Commission pursuant to paragraph (c) of this Section.

The minimum penalty under this Section shall be the sum of $10,000. Each day of such failure or refusal shall constitute a separate offense. The Commission may assess the civil penalty personally and individually against the corporate officers and directors of a corporate employer, the partners of an employer partnership, and the members of an employer limited liability company, after a finding of a knowing and willful refusal or failure of each such named corporate officer, director, partner, or member to comply with this Section. The liability for the assessed penalty shall be against the named employer first, and if the named employer fails or refuses to pay the penalty to the Commission within 30 days after the final order of the Commission, then the named corporate officers, directors, partners, or members who have been found to have knowingly and willfully refused or failed to comply with this Section shall be liable for the unpaid penalty or any unpaid portion of the penalty. Upon investigation by the insurance non-compliance unit of the Commission, the Attorney General shall have the authority to prosecute all proceedings to enforce the civil and administrative provisions of this Section before the Commission. The Commission shall promulgate procedural rules for enforcing this Section. All penalties collected under this Section shall be deposited in the Illinois Workers' Compensation Commission Operations Fund.

Upon the failure or refusal of any employer, service or adjustment company or insurance carrier to comply with the provisions of this Section and with the orders of the Commission under this Section, or the order of the court on review after final adjudication, the Commission may bring a civil action to recover the amount of the penalty in Cook County or in Sangamon County in which litigation the Commission shall be represented by the Attorney General. The Commission shall send notice of its finding of non-compliance and assessment of the civil penalty to the Attorney General. It shall be the duty of the Attorney General within 30 days after receipt of the notice, to institute prosecutions and promptly prosecute all reported violations of this Section.

Any individual employer, corporate officer or director of a corporate employer, partner of an employer partnership, or member of an employer limited liability company who, with the intent to avoid payment of compensation under this Act to an injured employee or the employee’s dependents, knowingly transfers, sells, encumbers, assigns, or in any

The Injured Workers' Benefit Fund shall be deposited the same as are State funds and any interest accruing thereon shall be added thereto every 6 months. The Injured Workers' Benefit Fund is subject to audit the same as State funds and accounts and is protected by the general bond given by the State Treasurer. The Injured Workers' Benefit Fund is considered always appropriated for the purposes of disbursements as provided in this paragraph, and shall be paid out and disbursed as herein provided and shall not at any time be appropriated or diverted to any other use or purpose. The Commission shall have the right to obtain reimbursement from the employer for compensation obligations paid by the Injured Workers' Benefit Fund. Any such amounts obtained shall be deposited by the Commission into the Injured Workers' Benefit Fund. The custodian of the Injured Workers' Benefit Fund shall be joined with the employer as a party respondent in the application for adjustment of claim. After July 1, 2006, the Commission shall make disbursements from the Fund once each year to each eligible claimant. An eligible claimant is an injured worker who has within the previous fiscal year obtained a final award for benefits from the Commission against the employer and the Injured Workers' Benefit Fund and has notified the Commission within 90 days of receipt of such award. This Act shall not prevent the organization and maintaining under the insurance laws of this State of any benefit or insurance company for the purpose of insuring against the compensation provided for in this Act, the expense of which is maintained by the employer. This Act shall not prevent the organization or maintaining under the insurance laws of this State of any voluntary mutual aid, benefit or relief association among employees for the payment of additional accident or sick benefits.

(i) If an employer elects to obtain a life insurance policy on his employees, he may also elect to apply such benefits in satisfaction of all or a portion of the death benefits payable under this Act, in which case, the employer's compensation premium shall be reduced accordingly.

(j) Within 45 days of receipt of an initial application or application to renew self-insurance privileges the Self-Insurers Advisory Board shall review and submit for approval by the Chairman of the Commission recommendations of disposition of all initial applications to self-insure and all applications to renew self-insurance privileges filed by private self-insurers pursuant to the provisions of this Section and Section 4a-9 of this Act. The Chairman of the Illinois Workers' Compensation Commission shall, annually, furnish to the Director of the Department of Insurance a list of the amounts paid into the Second Injury Fund and the Rate Adjustment Fund by each insurance company on behalf of their insured employers. The Director shall verify to the Chairman that the amounts paid by each insurance company are accurate as best as the Director can determine from the records available to the Director. The Chairman shall verify that the amounts paid by each self-insurer are accurate as best as the Chairman can determine from records available to the Chairman. The Chairman may require each self-insurer to provide information concerning the total compensation payments made upon which contributions to the Second Injury Fund and the Rate Adjustment Fund are predicated and any additional information establishing that such payments have been made into these funds. Any deficiencies in payments noted by the Director or Chairman shall be subject to the penalty provisions of this Act.

The State Treasurer, or his duly authorized representative, shall be named as a party to all proceedings in all cases involving claim for the loss of, or the permanent and complete loss of the use of one eye, one foot, one leg, one arm or one hand.

The State Treasurer or his duly authorized agent shall have the same rights as any other party to the proceeding, including the right to petition for review of any award. The reasonable expenses of litigation, such as medical examinations, testimony, and transcript of evidence,
incurred by the State Treasurer or his duly authorized representative, shall be borne by the Second Injury Fund.

If the award is not paid within 30 days after the date the award has become final, the Commission shall proceed to take judgment thereon in its own name as is provided for other awards by paragraph (g) of Section 19 of this Act and take the necessary steps to collect the award.

Any person, corporation or organization who has paid or become liable for the payment of burial expenses of the deceased employee may in his or its own name institute proceedings before the Commission for the collection thereof.

For the purpose of administration, receipts and disbursements, the Special Fund provided for in paragraph (f) of this Section shall be administered jointly with the Special Fund provided for in Section 7, paragraph (f) of the Workers' Occupational Diseases Act.

(g) All compensation, except for burial expenses provided in this Section to be paid in case accident results in death, shall be paid in installments equal to the percentage of the average earnings as provided for in Section 8, paragraph (b) of this Act, at the same intervals at which the wages or earnings of the employees were paid. If this is not feasible, then the installments shall be paid weekly. Such compensation may be paid in a lump sum upon petition as provided in Section 9 of this Act. However, in addition to the benefits provided by Section 9 of this Act where compensation for death is payable to the deceased's widow, widower or to the deceased's widow, widower and one or more children, and where a partial lump sum is applied for by such beneficiary or beneficiaries within 18 months after the deceased's death, the Commission may, in its discretion, grant a partial lump sum of not to exceed 100 weeks of the compensation capitalized at their present value upon the basis of interest calculated at 3% per annum with annual rests, upon a showing that such partial lump sum is for the best interest of such beneficiary or beneficiaries.

(h) In case the injured employee is under 16 years of age at the time of the accident and is illegally employed, the amount of compensation payable under paragraphs (a), (b), (c), (d) and (f) of this Section shall be increased 50%.

Nothing herein contained repeals or amends the provisions of the Child Labor Law relating to the employment of minors under the age of 16 years.

However, where an employer has on file an employment certificate issued pursuant to the Child Labor Law or work permit issued pursuant to

the Federal Fair Labor Standards Act, as amended, or a birth certificate properly and duly issued, such certificate, permit or birth certificate is conclusive evidence as to the age of the injured minor employee for the purposes of this Section only.

(i) Whenever the dependents of a deceased employee are aliens not residing in the United States, Mexico or Canada, the amount of compensation payable is limited to the beneficiaries described in paragraphs (a), (b) and (c) of this Section and is 50% of the compensation provided in paragraphs (a), (b) and (c) of this Section, except as otherwise provided by treaty.

In a case where any of the persons who would be entitled to compensation is living at any place outside of the United States, then payment shall be made to the personal representative of the deceased employee. The distribution by such personal representative to the persons entitled shall be made to such persons and in such manner as the Commission orders.

(820 ILCS 305/8) (from Ch. 48, par. 138.8)

Sec. 8. The amount of compensation which shall be paid to the employee for an accidental injury not resulting in death is:

(a) The employer shall provide and pay the negotiated rate, if applicable, or the lesser of the health care provider's actual charges or according to a fee schedule, subject to Section 8.2, in effect at the time the service was rendered for all the necessary first aid, medical and surgical services, and all necessary medical, surgical and hospital services thereafter incurred, limited, however, to that which is reasonably required to cure or relieve from the effects of the accidental injury. If the employer does not dispute payment of first aid, medical, surgical, and hospital services, the employer shall make such payment to the provider on behalf of the employee. The employer shall also pay for treatment, instruction and training necessary for the physical, mental and vocational rehabilitation of the employee, including all maintenance costs and expenses incidental thereto. If as a result of the injury the employee is unable to be self-sufficient the employer shall further pay for such maintenance or institutional care as shall be required.

The employee may at any time elect to secure his own physician, surgeon and hospital services at the employer's expense, or,

Upon agreement between the employer and the employees, or the employees' exclusive representative, and subject to the approval of the Illinois Workers' Compensation Commission, the employer shall maintain

a list of physicians, to be known as a Panel of Physicians, who are accessible to the employees. The employer shall post this list in a place or places easily accessible to his employees. The employee shall have the right to make an alternative choice of physician from such Panel if he is not satisfied with the physician first selected. If, due to the nature of the injury or its occurrence away from the employer's place of business, the employee is unable to make a selection from the Panel, the selection process from the Panel shall not apply. The physician selected from the Panel may arrange for any consultation, referral or other specialized medical services outside the Panel at the employer's expense. Provided that, in the event the Commission shall find that a doctor selected by the employee is rendering improper or inadequate care, the Commission may order the employee to select another doctor certified or qualified in the medical field for which treatment is required. If the employee refuses to make such change the Commission may relieve the employer of his obligation to pay the doctor's charges from the date of refusal to the date of compliance.

Any vocational rehabilitation counselors who provide service under this Act shall have appropriate certifications which designate the counselor as qualified to render opinions relating to vocational rehabilitation. Vocational rehabilitation may include, but is not limited to, counseling for job searches, supervising a job search program, and vocational retraining including education at an accredited learning institution. The employee or employer may petition to the Commission to decide disputes relating to vocational rehabilitation and the Commission shall resolve any such dispute, including payment of the vocational rehabilitation program by the employer.

The maintenance benefit shall not be less than the temporary total disability rate determined for the employee. In addition, maintenance shall include costs and expenses incidental to the vocational rehabilitation program.

When the employee is working light duty on a part-time basis or full-time basis and earns less than he or she would be earning if employed in the full capacity of the job or jobs, then the employee shall be entitled to temporary partial disability benefits. Temporary partial disability benefits shall be equal to two-thirds of the difference between the average amount that the employee would be able to earn in the full performance of his or her duties in the occupation in which he or she was engaged at the time of accident and the net amount which he or she is earning in the modified job.

provided to the employee by the employer or in any other job that the employee is working.

Every hospital, physician, surgeon or other person rendering treatment or services in accordance with the provisions of this Section shall upon written request furnish full and complete reports thereof to, and permit their records to be copied by, the employer, the employee or his dependents, as the case may be, or any other party to any proceeding for compensation before the Commission, or their attorneys.

Notwithstanding the foregoing, the employer's liability to pay for such medical services selected by the employee shall be limited to:

(1) all first aid and emergency treatment; plus

(2) all medical, surgical and hospital services provided by the physician, surgeon or hospital initially chosen by the employee or by any other physician, consultant, expert, institution or other provider of services recommended by said initial service provider or any subsequent provider of medical services in the chain of referrals from said initial service provider; plus

(3) all medical, surgical and hospital services provided by any second physician, surgeon or hospital subsequently chosen by the employee or by any other physician, consultant, expert, institution or other provider of services recommended by said second service provider or any subsequent provider of medical services in the chain of referrals from said second service provider.

Thereafter the employer shall select and pay for all necessary medical, surgical and hospital treatment and the employee may not select a provider of medical services at the employer's expense unless the employer agrees to such selection. At any time the employee may obtain any medical treatment he desires at his own expense. This paragraph shall not affect the duty to pay for rehabilitation referred to above.

When an employer and employee so agree in writing, nothing in this Act prevents an employee whose injury or disability has been established under this Act, from relying in good faith, on treatment by prayer or spiritual means alone, in accordance with the tenets and practice of a recognized church or religious denomination, by a duly accredited practitioner thereof, and having nursing services appropriate therewith, without suffering loss or diminution of the compensation benefits under this Act. However, the employee shall submit to all physical examinations required by this Act. The cost of such treatment and nursing care shall be paid by the employee unless the employer agrees to make such payment.

Where the accidental injury results in the amputation of an arm, hand, leg or foot, or the enucleation of an eye, or the loss of any of the natural teeth, the employer shall furnish an artificial of any such members lost or damaged in accidental injury arising out of and in the course of employment, and shall also furnish the necessary braces in all proper and necessary cases. In cases of the loss of a member or members by amputation, the employer shall, whenever necessary, maintain in good repair, refit or replace the artificial limbs during the lifetime of the employee. Where the accidental injury accompanied by physical injury results in damage to a denture, eye glasses or contact eye lenses, or where the accidental injury results in damage to an artificial member, the employer shall replace or repair such denture, glasses, lenses, or artificial member.

The furnishing by the employer of any such services or appliances is not an admission of liability on the part of the employer to pay compensation.

The furnishing of any such services or appliances or the servicing thereof by the employer is not the payment of compensation.

(b) If the period of temporary total incapacity for work lasts more than 3 working days, weekly compensation as hereinafter provided shall be paid beginning on the 4th day of such temporary total incapacity and continuing as long as the total temporary incapacity lasts. The term "children" means the plural of "child".

4. All weekly compensation rates provided under subparagraphs 1, 2 and 2.1 of this paragraph (b) of this Section shall be subject to the following limitations:

The maximum weekly compensation rate from July 1, 1975, except as hereinafter provided, shall be 100% of the State's average weekly wage in covered industries under the Unemployment Insurance Act, that being the wage that most closely approximates the State's average weekly wage.

The maximum weekly compensation rate, for the period July 1, 1984, through June 30, 1987, except as hereinafter provided, shall be $293.61. From July 1, 1977 and thereafter such maximum weekly compensation rate in death cases under Section 7, and permanent total disability cases under paragraph (f) or subparagraph 18 of paragraph (3) of this Section and for temporary total disability under paragraph (b) of this Section and for amputation of a member or enucleation of an eye under paragraph (e) of this Section shall be increased to 133-1/3% of the State's average weekly wage in covered industries under the Unemployment Insurance Act.

For injuries occurring on or after February 1, 2006, the maximum weekly benefit under paragraph (d)1 of this Section shall be 100% of the State's average weekly wage in covered industries under the Unemployment Insurance Act.

4.1. Any provision herein to the contrary notwithstanding, the weekly compensation rate for compensation payments under subparagraph 18 of paragraph(e) of this Section and under paragraph (f) of this Section and under paragraph (a) of Section 7 and for amputation of a member or enucleation of an eye under paragraph (e) of this Section, shall in no event be less than 50% of the State's average weekly wage in covered industries under the Unemployment Insurance Act.

4.2. Any provision to the contrary notwithstanding, the total compensation payable under Section 7 shall not exceed the greater of $500,000 $250,000 or 25 20 years.

5. 6. The Department of Employment Security of the State shall on or before the first day of December, 1977, and on or before the first day of June, 1978, and on the first day of each December
and June of each year thereafter, publish the State's average weekly wage in covered industries under the Unemployment Insurance Act and the Illinois Workers' Compensation Commission shall on the 15th day of January, 1978 and on the 15th day of July, 1978 and on the 15th day of each January and July of each year thereafter, post and publish the State's average weekly wage in covered industries under the Unemployment Insurance Act as last determined and published by the Department of Employment Security. The amount when so posted and published shall be conclusive and shall be applicable as the basis of computation of compensation rates until the next posting and publication as aforesaid.

7. The payment of compensation by an employer or his insurance carrier to an injured employee shall not constitute an admission of the employer's liability to pay compensation.

(c) For any serious and permanent disfigurement to the hand, head, face, neck, arm, leg below the knee or the chest above the axillary line, the employee is entitled to compensation for such disfigurement, the amount determined by agreement at any time or by arbitration under this Act, at a hearing not less than 6 months after the date of the accidental injury, which amount shall not exceed 162 450 weeks at the applicable rate provided in subparagraph 2.1 of paragraph (b) of this Section.

No compensation is payable under this paragraph where compensation is payable under paragraphs (d), (e) or (f) of this Section.

If, after the accidental injury has been sustained, the employee as a result thereof becomes partially incapacitated from pursuing his usual and customary line of employment, he shall, except in cases compensated under the specific schedule set forth in paragraph (e) of this Section, receive compensation for the duration of his disability, subject to the limitations as to maximum amounts fixed in paragraph (b) of this Section, equal to 66-2/3% of the difference between the average amount which he would be able to earn in the full performance of his duties in the occupation in which he was engaged at the time of the accident and the average amount which he is earning or is able to earn in some suitable employment or business after the accident.

2. If, as a result of the accident, the employee sustains serious and permanent injuries not covered by paragraphs (c) and (e) of this Section or
having sustained injuries covered by the aforesaid paragraphs (c) and (e), he shall have sustained in addition thereto other injuries which injuries do not incapacitate him from pursuing the duties of his employment but which would disable him from pursuing other suitable occupations, or which have otherwise resulted in physical impairment; or if such injuries partially incapacitate him from pursuing the duties of his usual and customary line of employment but do not result in an impairment of earning capacity, or having resulted in an impairment of earning capacity, the employee elects to waive his right to recover under the foregoing subparagraph 1 of paragraph (d) of this Section then in any of the foregoing events, he shall receive in addition to compensation for temporary total disability under paragraph (b) of this Section, compensation at the rate provided in subparagraph 2.1 of paragraph (b) of this Section for that percentage of 500 weeks that the partial disability resulting from the injuries covered by this paragraph bears to total disability. If the employee shall have sustained a fracture of one or more vertebra or fracture of the skull, the amount of compensation allowed under this Section shall be not less than 6 weeks for a fractured skull and 6 weeks for each fractured vertebra, and in the event the employee shall have sustained a fracture of any of the following facial bones: nasal, lachrymal, vomer, zygoma, maxilla, palatine or mandible, the amount of compensation allowed under this Section shall be not less than 2 weeks for each such fractured bone, and for a fracture of each transverse process not less than 3 weeks. In the event such injuries shall result in the loss of a kidney, spleen or lung, the amount of compensation allowed under this Section shall be not less than 10 weeks for each such organ. Compensation awarded under this subparagraph 2 shall not take into consideration injuries covered under paragraphs (c) and (e) of this Section and the compensation provided in this paragraph shall not affect the employee's right to compensation payable under paragraphs (b), (c) and (e) of this Section for the disabilities therein covered.

(e) For accidental injuries in the following schedule, the employee shall receive compensation for the period of temporary total incapacity for work resulting from such accidental injury, under subparagraph 1 of paragraph (b) of this Section, and shall receive in addition thereto compensation for a further period for the specific loss herein mentioned, but shall not receive any compensation under any other provisions of this Act. The following listed amounts apply to either the loss of or the permanent and complete loss of use of the member specified, such compensation for the length of time as follows:

In no case shall the amount received for more than one finger exceed the amount provided in this schedule for the loss of a hand.

(a) Loss of hearing for compensation purposes shall be confined to the frequencies of 1,000, 2,000 and 3,000 cycles per second. Loss of hearing ability for frequency tones above 3,000 cycles per second are not to be considered as constituting disability for hearing.

(b) The percent of hearing loss, for purposes of the determination of compensation claims for occupational deafness, shall be calculated as the average in decibels for the thresholds of hearing for the frequencies of 1,000, 2,000 and 3,000 cycles per second. Pure tone air conduction audiometric instruments, approved by nationally recognized authorities in this field, shall be used for measuring hearing loss. If the losses of hearing average 30 decibels or less in the 3 frequencies, such losses of hearing shall not then constitute any compensable hearing disability. If the losses of hearing average 85 decibels or more in the 3 frequencies, then the same shall constitute and be total or 100% compensable hearing loss.

(c) In measuring hearing impairment, the lowest measured losses in each of the 3 frequencies shall be added together and divided by 3 to determine the average decibel loss. For every decibel of loss exceeding 30 decibels an allowance of 1.82% shall be made up to the maximum of 100% which is reached at 85 decibels.

17. In computing the compensation to be paid to any employee who, before the accident for which he claims compensation, had before that time sustained an injury resulting in the loss by amputation or partial loss by amputation of any member, including hand, arm, thumb or fingers, leg, foot or any toes, such loss or partial loss of any such member shall be deducted from any award made for the subsequent injury. For the permanent loss of use or the permanent partial loss of use of any such member or the partial loss of sight of an eye, for which compensation has been paid, then such loss shall be taken into consideration and deducted from any award for the subsequent injury.

18. The specific case of loss of both hands, both arms, or both feet, or both legs, or both eyes, or of any two thereof, or the permanent and complete loss of the use thereof, constitutes total and permanent disability, to be compensated according to the compensation fixed by paragraph (f) of this Section. These specific cases of total and permanent disability do not exclude other cases.

Any employee who has previously suffered the loss or permanent and complete loss of the use of any of such members, and in a subsequent independent accident loses another or suffers the permanent and complete loss of the use of any one of such members the employer for whom the injured employee is working at the time of the last independent accident is liable to pay compensation only for the loss or permanent and complete loss of the use of the member occasioned by the last independent accident.

19. In a case of specific loss and the subsequent death of such injured employee from other causes than such injury leaving a widow, widower, or dependents surviving before payment or payment in full for such injury, then the amount due for such injury is payable to the widow or widower and, if there be no widow or widower, then to such dependents, in the proportion which such dependency bears to total dependency.

Beginning July 1, 1980, and every 6 months thereafter, the Commission shall examine the Second Injury Fund and when, after deducting all advances or loans made to such Fund, the amount therein is $500,000 then the amount required to be paid by employers pursuant to paragraph (f) of Section 7 shall be reduced by one-half. When the Second Injury Fund reaches the sum of $600,000 then the payments shall cease entirely. However, when the Second Injury Fund has been reduced to $400,000, payment of one-half of the amounts required by paragraph (f) of Section 7 shall be resumed, in the manner herein provided, and when the Second Injury Fund has been reduced to $300,000, payment of the full amounts required by paragraph (f) of Section 7 shall be resumed, in the manner herein provided. The Commission shall make the changes in payment effective by general order, and the changes in payment become immediately effective for all cases coming before the Commission thereafter either by settlement agreement or final order, irrespective of the date of the accidental injury.

On August 1, 1996 and on February 1 and August 1 of each subsequent year, the Commission shall examine the special fund designated as the "Rate Adjustment Fund" and when, after deducting all advances or loans made to said fund, the amount therein is $4,000,000, the amount required to be paid by employers pursuant to paragraph (f) of Section 7 shall be reduced by one-half. When the Rate Adjustment Fund reaches the sum of $5,000,000 the payment therein shall cease entirely. However, when said Rate Adjustment Fund has been reduced to

$3,000,000 the amounts required by paragraph (f) of Section 7 shall be resumed in the manner herein provided.

(f) In case of complete disability, which renders the employee wholly and permanently incapable of work, or in the specific case of total and permanent disability as provided in subparagraph 18 of paragraph (e) of this Section, compensation shall be payable at the rate provided in subparagraph 2 of paragraph (b) of this Section for life.

An employee entitled to benefits under paragraph (f) of this Section shall also be entitled to receive from the Rate Adjustment Fund provided in paragraph (f) of Section 7 of the supplementary benefits provided in paragraph (g) of this Section 8.

If any employee who receives an award under this paragraph afterwards returns to work or is able to do so, and earns or is able to earn as much as before the accident, payments under such award shall cease. If such employee returns to work, or is able to do so, and earns or is able to earn part but not as much as before the accident, such award shall be modified so as to conform to an award under paragraph (d) of this Section. If such award is terminated or reduced under the provisions of this paragraph, such employees have the right at any time within 30 months after the date of such termination or reduction to file petition with the Commission for the purpose of determining whether any disability exists as a result of the original accidental injury and the extent thereof.

Disability as enumerated in subdivision 18, paragraph (e) of this Section is considered complete disability.

If an employee who had previously incurred loss or the permanent and complete loss of use of one member, through the loss or the permanent and complete loss of the use of one hand, one arm, one foot, one leg, or one eye, incurs permanent and complete disability through the loss or the permanent and complete loss of the use of another member, he shall receive, in addition to the compensation payable by the employer and after such payments have ceased, an amount from the Second Injury Fund provided for in paragraph (f) of Section 7, which, together with the compensation payable from the employer in whose employ he was when the last accidental injury was incurred, will equal the amount payable for permanent and complete disability as provided in this paragraph of this Section.

The custodian of the Second Injury Fund provided for in paragraph (f) of Section 7 shall be joined with the employer as a party respondent in the application for adjustment of claim. The application for adjustment of
claim shall state briefly and in general terms the approximate time and place and manner of the loss of the first member.

In its award the Commission or the Arbitrator shall specifically find the amount the injured employee shall be weekly paid, the number of weeks compensation which shall be paid by the employer, the date upon which payments begin out of the Second Injury Fund provided for in paragraph (f) of Section 7 of this Act, the length of time the weekly payments continue, the date upon which the pension payments commence and the monthly amount of the payments. The Commission shall 30 days after the date upon which payments out of the Second Injury Fund have begun as provided in the award, and every month thereafter, prepare and submit to the State Comptroller a voucher for payment for all compensation accrued to that date at the rate fixed by the Commission. The State Comptroller shall draw a warrant to the injured employee along with a receipt to be executed by the injured employee and returned to the Commission. The endorsed warrant and receipt is a full and complete acquittance to the Commission for the payment out of the Second Injury Fund. No other appropriation or warrant is necessary for payment out of the Second Injury Fund. The Second Injury Fund is appropriated for the purpose of making payments according to the terms of the awards.

As of July 1, 1980 to July 1, 1982, all claims against and obligations of the Second Injury Fund shall become claims against and obligations of the Rate Adjustment Fund to the extent there is insufficient money in the Second Injury Fund to pay such claims and obligations. In that case, all references to "Second Injury Fund" in this Section shall also include the Rate Adjustment Fund.

(g) Every award for permanent total disability entered by the Commission upon and after July 1, 1965 under which compensation payments shall become due and payable after the effective date of this amendatory Act, and every award for death benefits or permanent total disability entered by the Commission upon and after the effective date of this amendatory Act shall be subject to annual adjustments as to the amount of the compensation rate therein provided. Such adjustments shall first be made on July 15, 1977, and all awards made and entered prior to July 1, 1975 and on July 15 of each year thereafter. In all other cases such adjustment shall be made on July 15 of the second year next following the date of the entry of the award and shall further be made on July 15 annually thereafter. If during the intervening period from the date of the entry of the award, or the last periodic adjustment, there shall have been an increase in the State's average weekly wage in covered industries under the

Unemployment Insurance Act, the weekly compensation rate shall be proportionately increased by the same percentage as the percentage of increase in the State's average weekly wage in covered industries under the Unemployment Insurance Act. The increase in the compensation rate under this paragraph shall in no event bring the total compensation rate to an amount greater than the prevailing maximum rate at the time that the annual adjustment is made. Such increase shall be paid in the same manner as herein provided for payments under the Second Injury Fund to the injured employee, or his dependents, as the case may be, out of the Rate Adjustment Fund provided in paragraph (f) of Section 7 of this Act. Payments shall be made at the same intervals as provided in the award or, at the option of the Commission, may be made in quarterly payment on the 15th day of January, April, July and October of each year. In the event of a decrease in such average weekly wage there shall be no change in the then existing compensation rate. The within paragraph shall not apply to cases where there is disputed liability and in which a compromise lump sum settlement between the employer and the injured employee, or his dependents, as the case may be, has been duly approved by the Illinois Workers' Compensation Commission.

Provided, that in cases of awards entered by the Commission for injuries occurring before July 1, 1975, the increases in the compensation rate adjusted under the foregoing provision of this paragraph (g) shall be limited to increases in the State's average weekly wage in covered industries under the Unemployment Insurance Act occurring after July 1, 1975.

For every accident occurring after the effective date of this amendatory Act of the 94th General Assembly, the annual adjustments to the compensation rate in awards for death benefits or permanent total disability, as provided in this Act, shall be paid by the employer. The adjustment shall be made by the employer on July 15 of the second year next following the date of the entry of the award and shall further be made on July 15 annually thereafter. If during the intervening period from the date of the entry of the award, or the last periodic adjustment, there shall have been an increase in the State's average weekly wage in covered industries under the Unemployment Insurance Act, the employer shall increase the weekly compensation rate proportionately by the same percentage as the percentage of increase in the State's average weekly wage in covered industries under the Unemployment Insurance Act. The increase in the compensation rate under this paragraph shall in no event bring the total compensation rate to an amount greater than the prevailing

maximum rate at the time that the annual adjustment is made. In the event of a decrease in such average weekly wage there shall be no change in the then existing compensation rate. Such increase shall be paid by the employer in the same manner and at the same intervals as the payment of compensation in the award. This paragraph shall not apply to cases where there is disputed liability and in which a compromise lump sum settlement between the employer and the injured employee, or his or her dependents, as the case may be, has been duly approved by the Illinois Workers' Compensation Commission.

The annual adjustments for every award of death benefits or permanent total disability involving accidents occurring before the effective date of this amendatory Act of the 94th General Assembly shall continue to be paid from the Rate Adjustment Fund pursuant to this paragraph and Section 7(f) of this Act.

(h) In case death occurs from any cause before the total compensation to which the employee would have been entitled has been paid, then in case the employee leaves any widow, widower, child, parent (or any grandchild, grandparent or other lineal heir or any collateral heir dependent at the time of the accident upon the earnings of the employee to the extent of 50% or more of total dependency) such compensation shall be paid to the beneficiaries of the deceased employee and distributed as provided in paragraph (g) of Section 7.

(h-1) In case an injured employee is under legal disability at the time when any right or privilege accrues to him or her under this Act, a guardian may be appointed pursuant to law, and may, on behalf of such person under legal disability, claim and exercise any such right or privilege with the same effect as if the employee himself or herself had claimed or exercised the right or privilege. No limitations of time provided by this Act run so long as the employee who is under legal disability is without a conservator or guardian.

(i) In case the injured employee is under 16 years of age at the time of the accident and is illegally employed, the amount of compensation payable under paragraphs (b), (c), (d), (e) and (f) of this Section is increased 50%.

However, where an employer has on file an employment certificate issued pursuant to the Child Labor Law or work permit issued pursuant to the Federal Fair Labor Standards Act, as amended, or a birth certificate properly and duly issued, such certificate, permit or birth certificate is conclusive evidence as to the age of the injured minor employee for the purposes of this Section.

New matter indicated by italics - deletions by strikeout
Nothing herein contained repeals or amends the provisions of the Child Labor Law relating to the employment of minors under the age of 16 years.

(j) 1. In the event the injured employee receives benefits, including medical, surgical or hospital benefits under any group plan covering non-occupational disabilities contributed to wholly or partially by the employer, which benefits should not have been payable if any rights of recovery existed under this Act, then such amounts so paid to the employee from any such group plan as shall be consistent with, and limited to, the provisions of paragraph 2 hereof, shall be credited to or against any compensation payment for temporary total incapacity for work or any medical, surgical or hospital benefits made or to be made under this Act. In such event, the period of time for giving notice of accidental injury and filing application for adjustment of claim does not commence to run until the termination of such payments. This paragraph does not apply to payments made under any group plan which would have been payable irrespective of an accidental injury under this Act. Any employer receiving such credit shall keep such employee safe and harmless from any and all claims or liabilities that may be made against him by reason of having received such payments only to the extent of such credit.

Any excess benefits paid to or on behalf of a State employee by the State Employees' Retirement System under Article 14 of the Illinois Pension Code on a death claim or disputed disability claim shall be credited against any payments made or to be made by the State of Illinois to or on behalf of such employee under this Act, except for payments for medical expenses which have already been incurred at the time of the award. The State of Illinois shall directly reimburse the State Employees' Retirement System to the extent of such credit.

2. Nothing contained in this Act shall be construed to give the employer or the insurance carrier the right to credit for any benefits or payments received by the employee other than compensation payments provided by this Act, and where the employee receives payments other than compensation payments, whether as full or partial salary, group insurance benefits, bonuses, annuities or any other payments, the employer or insurance carrier shall receive credit for each such payment only to the extent of the compensation that would have been payable during the period covered by such payment.

3. The extension of time for the filing of an Application for Adjustment of Claim as provided in paragraph 1 above shall not apply to those cases where the time for such filing had expired prior to the date on
which payments or benefits enumerated herein have been initiated or resumed. Provided however that this paragraph 3 shall apply only to cases wherein the payments or benefits hereinabove enumerated shall be received after July 1, 1969.

Sec. 8.2. Fee schedule.

(a) Except as provided for in subsection (c), on and after February 1, 2006, the maximum allowable payment for procedures, treatments, or services covered under this Act shall be 90% of the 80th percentile of charges and fees as determined by the Commission utilizing information provided by employers' and insurers' national databases, with a minimum of 12,000,000 Illinois line item charges and fees comprised of health care provider and hospital charges and fees as of August 1, 2004 but not earlier than August 1, 2002. These charges and fees are provider billed amounts and shall not include discounted charges. The 80th percentile is the point on an ordered data set from low to high such that 80% of the cases are below or equal to that point and at most 20% are above or equal to that point. The Commission shall adjust these historical charges and fees as of August 1, 2004 by the Consumer Price Index-U for the period August 1, 2004 through September 30, 2005. The Commission shall establish fee schedules for procedures, treatments, or services for hospital inpatient, hospital outpatient, emergency room and trauma, ambulatory surgical treatment centers, and professional services. These charges and fees shall be designated by geozip or any smaller geographic unit. The data shall in no way identify or tend to identify any patient, employer, or health care provider. As used in this Section, "geozip" means a three-digit zip code based on data similarities, geographical similarities, and frequencies. A geozip does not cross state boundaries. As used in this Section, "three-digit zip code" means a geographic area in which all zip codes have the same first 3 digits. If a geozip does not have the necessary number of charges and fees to calculate a valid percentile for a specific procedure, treatment, or service, the Commission may combine data from the geozip with up to 4 other geozips that are demographically and economically similar and exhibit similarities in data and frequencies until the Commission reaches 9 charges or fees for that specific procedure, treatment, or service. In cases where the compiled data contains less than 9 charges or fees for a procedure, treatment, or service, reimbursement shall occur at 76% of charges and fees as determined by the Commission in a manner consistent with the provisions of this paragraph. The

Commission has the authority to set the maximum allowable payment to providers of out-of-state procedures, treatments, or services covered under this Act in a manner consistent with this Section. Not later than September 30 in 2006 and each year thereafter, the Commission shall automatically increase or decrease the maximum allowable payment for a procedure, treatment, or service established and in effect on January 1 of that year by the percentage change in the Consumer Price Index-U for the 12 month period ending August 31 of that year. The increase or decrease shall become effective on January 1 of the following year. As used in this Section, "Consumer Price Index-U" means the index published by the Bureau of Labor Statistics of the U.S. Department of Labor, that measures the average change in prices of all goods and services purchased by all urban consumers, U.S. city average, all items, 1982-84=100.

(b) Notwithstanding the provisions of subsection (a), if the Commission finds that there is a significant limitation on access to quality health care in either a specific field of health care services or a specific geographic limitation on access to health care, it may change the Consumer Price Index-U increase or decrease for that specific field or specific geographic limitation on access to health care to address that limitation.

(c) The Commission shall establish by rule a process to review those medical cases or outliers that involve extra-ordinary treatment to determine whether to make an additional adjustment to the maximum payment within a fee schedule for a procedure, treatment, or service.

(d) When a patient notifies a provider that the treatment, procedure, or service being sought is for a work-related illness or injury and furnishes the provider the name and address of the responsible employer, the provider shall bill the employer directly. The employer shall make payment and providers shall submit bills and records in accordance with the provisions of this Section. All payments to providers for treatment provided pursuant to this Act shall be made within 60 days of receipt of the bills as long as the claim contains substantially all the required data elements necessary to adjudicate the bills. In the case of nonpayment to a provider within 60 days of receipt of the bill which contained substantially all of the required data elements necessary to adjudicate the bill or nonpayment to a provider of a portion of such a bill up to the lesser of the actual charge or the payment level set by the Commission in the fee schedule established in this Section, the bill, or portion of the bill, shall incur interest at a rate of 1% per month payable to the provider.

(e) Except as provided in subsections (e-5), (e-10), and (e-15), a provider shall not hold an employee liable for costs related to a non-disputed procedure, treatment, or service rendered in connection with a compensable injury. The provisions of subsections (e-5), (e-10), (e-15), and (e-20) shall not apply if an employee provides information to the provider regarding participation in a group health plan. If the employee participates in a group health plan, the provider may submit a claim for services to the group health plan. If the claim for service is covered by the group health plan, the employee's responsibility shall be limited to applicable deductibles, co-payments, or co-insurance. Except as provided under subsections (e-5), (e-10), (e-15), and (e-20), a provider shall not bill or otherwise attempt to recover from the employee the difference between the provider's charge and the amount paid by the employer or the insurer on a compensable injury.

(e-5) If an employer notifies a provider that the employer does not consider the illness or injury to be compensable under this Act, the provider may seek payment of the provider's actual charges from the employee for any procedure, treatment, or service rendered. Once an employee informs the provider that there is an application filed with the Commission to resolve a dispute over payment of such charges, the provider shall cease any and all efforts to collect payment for the services that are the subject of the dispute. Any statute of limitations or statute of repose applicable to the provider's efforts to collect payment from the employee shall be tolled from the date that the employee files the application with the Commission until the date that the provider is permitted to resume collection efforts under the provisions of this Section.

(e-10) If an employer notifies a provider that the employer will pay only a portion of a bill for any procedure, treatment, or service rendered in connection with a compensable illness or disease, the provider may seek payment from the employee for the remainder of the amount of the bill up to the lesser of the actual charge, negotiated rate, if applicable, or the payment level set by the Commission in the fee schedule established in this Section. Once an employee informs the provider that there is an application filed with the Commission to resolve a dispute over payment of such charges, the provider shall cease any and all efforts to collect payment for the services that are the subject of the dispute. Any statute of limitations or statute of repose applicable to the provider's efforts to collect payment from the employee shall be tolled from the date that the employee files the application with the Commission until the date that the

provider is permitted to resume collection efforts under the provisions of this Section.

(e-15) When there is a dispute over the compensability of or amount of payment for a procedure, treatment, or service, and a case is pending or proceeding before an Arbitrator or the Commission, the provider may mail the employee reminders that the employee will be responsible for payment of any procedure, treatment or service rendered by the provider. The reminders must state that they are not bills, to the extent practicable include itemized information, and state that the employee need not pay until such time as the provider is permitted to resume collection efforts under this Section. The reminders shall not be provided to any credit rating agency. The reminders may request that the employee furnish the provider with information about the proceeding under this Act, such as the file number, names of parties, and status of the case. If an employee fails to respond to such request for information or fails to furnish the information requested within 90 days of the date of the reminder, the provider is entitled to resume any and all efforts to collect payment from the employee for the services rendered to the employee and the employee shall be responsible for payment of any outstanding bills for a procedure, treatment, or service rendered by a provider.

(e-20) Upon a final award or judgment by an Arbitrator or the Commission, or a settlement agreed to by the employer and the employee, a provider may resume any and all efforts to collect payment from the employee for the services rendered to the employee and the employee shall be responsible for payment of any outstanding bills for a procedure, treatment, or service rendered by a provider as well as the interest awarded under subsection (d) of this Section. In the case of a procedure, treatment, or service deemed compensable, the provider shall not require a payment rate, excluding the interest provisions under subsection (d), greater than the lesser of the actual charge or the payment level set by the Commission in the fee schedule established in this Section. Payment for services deemed not covered or not compensable under this Act is the responsibility of the employee unless a provider and employee have agreed otherwise in writing. Services not covered or not compensable under this Act are not subject to the fee schedule in this Section.

(f) Nothing in this Act shall prohibit an employer or insurer from contracting with a health care provider or group of health care providers for reimbursement levels for benefits under this Act different from those provided in this Section.
(g) On or before January 1, 2010 the Commission shall provide to the Governor and General Assembly a report regarding the implementation of the medical fee schedule and the index used for annual adjustment to that schedule as described in this Section.

Sec. 8.3. Workers’ Compensation Medical Fee Advisory Board. There is created a Workers' Compensation Medical Fee Advisory Board consisting of 9 members appointed by the Governor with the advice and consent of the Senate. Three members of the Advisory Board shall be representative citizens chosen from the employee class, 3 members shall be representative citizens chosen from the employing class, and 3 members shall be representative citizens chosen from the medical provider class. Each member shall serve a 4-year term and shall continue to serve until a successor is appointed. A vacancy on the Advisory Board shall be filled by the Governor for the unexpired term.

Members of the Advisory Board shall receive no compensation for their services but shall be reimbursed for expenses incurred in the performance of their duties by the Commission from appropriations made to the Commission for that purpose.

The Advisory Board shall advise the Commission on establishment of fees for medical services and accessibility of medical treatment.

(820 ILCS 305/8.7 new)

Sec. 8.7. Utilization review programs.

(a) As used in this Section:

"Utilization review" means the evaluation of proposed or provided health care services to determine the appropriateness of both the level of health care services medically necessary and the quality of health care services provided to a patient, including evaluation of their efficiency, efficacy, and appropriateness of treatment, hospitalization, or office visits based on medically accepted standards. The evaluation must be accomplished by means of a system that identifies the utilization of health care services based on standards of care or nationally recognized peer review guidelines as well as nationally recognized evidence based upon standards as provided in this Act. Utilization techniques may include prospective review, second opinions, concurrent review, discharge planning, peer review, independent medical examinations, and retrospective review. Nothing in this Section applies to prospective review of necessary first aid or emergency treatment.

(b) No person may conduct a utilization review program for workers' compensation services in this State unless once every 2 years the

New matter indicated by italics - deletions by strikeout
person registers the utilization review program with the Department of
Financial and Professional Regulation and certifies compliance with the
Workers' Compensation Utilization Management standards or Health
Utilization Management Standards of URAC sufficient to achieve URAC
accreditation or submits evidence of accreditation by URAC for its
Workers' Compensation Utilization Management Standards or Health
Utilization Management Standards. Nothing in this Act shall be construed
to require an employer or insurer or its subcontractors to become URAC
accredited.

(c) In addition, the Secretary of Financial and Professional
Regulation may certify alternative utilization review standards of national
accreditation organizations or entities in order for plans to comply with
this Section. Any alternative utilization review standards shall meet or
exceed those standards required under subsection (b).

(d) This registration shall include submission of all of the
following information regarding utilization review program activities:

(1) The name, address, and telephone number of the
utilization review programs.

(2) The organization and governing structure of the
utilization review programs.

(3) The number of lives for which utilization review is
conducted by each utilization review program.

(4) Hours of operation of each utilization review program.

(5) Description of the grievance process for each
utilization review program.

(6) Number of covered lives for which utilization review
was conducted for the previous calendar year for each utilization
review program.

(7) Written policies and procedures for protecting
confidential information according to applicable State and federal
laws for each utilization review program.

(e) A utilization review program shall have written procedures to
ensure that patient-specific information obtained during the process of
utilization review will be:

(1) kept confidential in accordance with applicable State
and federal laws; and

(2) shared only with the employee, the employee's
designee, and the employee's health care provider, and those who
are authorized by law to receive the information. Summary data
shall not be considered confidential if it does not provide
information to allow identification of individual patients or health care providers.

Only a health care professional may make determinations regarding the medical necessity of health care services during the course of utilization review.

When making retrospective reviews, utilization review programs shall base reviews solely on the medical information available to the attending physician or ordering provider at the time the health care services were provided.

(f) If the Department of Financial and Professional Regulation finds that a utilization review program is not in compliance with this Section, the Department shall issue a corrective action plan and allow a reasonable amount of time for compliance with the plan. If the utilization review program does not come into compliance, the Department may issue a cease and desist order. Before issuing a cease and desist order under this Section, the Department shall provide the utilization review program with a written notice of the reasons for the order and allow a reasonable amount of time to supply additional information demonstrating compliance with the requirements of this Section and to request a hearing. The hearing notice shall be sent by certified mail, return receipt requested, and the hearing shall be conducted in accordance with the Illinois Administrative Procedure Act.

(g) A utilization review program subject to a corrective action may continue to conduct business until a final decision has been issued by the Department.

(h) The Secretary of Financial and Professional Regulation may by rule establish a registration fee for each person conducting a utilization review program.

(i) A utilization review will be considered by the Commission, along with all other evidence and in the same manner as all other evidence, in the determination of the reasonableness and necessity of the medical bills or treatment. Nothing in this Section shall be construed to diminish the rights of employees to reasonable and necessary medical treatment or employee choice of health care provider under Section 8(a) or the rights of employers to medical examinations under Section 12.

(j) When an employer denies payment of or refuses to authorize payment of first aid, medical, surgical, or hospital services under Section 8(a) of this Act, if that denial or refusal to authorize complies with a utilization review program registered under this Section and complies with all other requirements of this Section, then there shall be a rebuttable
presumption that the employer shall not be responsible for payment of additional compensation pursuant to Section 19(k) of this Act and if that denial or refusal to authorize does not comply with a utilization review program registered under this Section and does not comply with all other requirements of this Section, then that will be considered by the Commission, along with all other evidence and in the same manner as all other evidence, in the determination of whether the employer may be responsible for the payment of additional compensation pursuant to Section 19(k) of this Act.

(820 ILCS 305/12) (from Ch. 48, par. 138.12)

Sec. 12. An employee entitled to receive disability payments shall be required, if requested by the employer, to submit himself, at the expense of the employer, for examination to a duly qualified medical practitioner or surgeon selected by the employer, at any time and place reasonably convenient for the employee, either within or without the State of Illinois, for the purpose of determining the nature, extent and probable duration of the injury received by the employee, and for the purpose of ascertaining the amount of compensation which may be due the employee from time to time for disability according to the provisions of this Act. An employee may also be required to submit himself for examination by medical experts under subsection (c) of Section 19.

An employer requesting such an examination, of an employee residing within the State of Illinois, shall deliver to the employee with the notice of the time and place of examination pay in advance of the time fixed for the examination sufficient money to defray the necessary expense of travel by the most convenient means to and from the place of examination, and the cost of meals necessary during the trip, and if the examination or travel to and from the place of examination causes any loss of working time on the part of the employee, the employer shall reimburse him for such loss of wages upon the basis of his average daily wage. Such examination shall be made in the presence of a duly qualified medical practitioner or surgeon provided and paid for by the employee, if such employee so desires.

In all cases where the examination is made by a surgeon engaged by the employer, and the injured employee has no surgeon present at such examination, it shall be the duty of the surgeon making the examination at the instance of the employer to deliver to the injured employee, or his representative, a statement in writing of the condition and extent of the injury to the same extent that said surgeon reports to the employer and the same shall be an exact copy of that furnished to the employer, said copy to

be furnished the employee, or his representative as soon as practicable but not later than 48 hours before the time the case is set for hearing. Such delivery shall be made in person either to the employee or his representative, or by registered mail to either, and the receipt of either shall be proof of such delivery. If such surgeon refuses to furnish the employee with such statement to the same extent as that furnished the employer said surgeon shall not be permitted to testify at the hearing next following said examination.

If the employee refuses so to submit himself to examination or unnecessarily obstructs the same, his right to compensation payments shall be temporarily suspended until such examination shall have taken place, and no compensation shall be payable under this Act for such period.

It shall be the duty of surgeons treating an injured employee who is likely to die, and treating him at the instance of the employer, to have called in another surgeon to be designated and paid for by either the injured employee or by the person or persons who would become his beneficiary or beneficiaries, to make an examination before the death of such injured employee.

In all cases where the examination is made by a surgeon engaged by the injured employee, and the employer has no surgeon present at such examination, it shall be the duty of the surgeon making the examination at the instance of the employee, to deliver to the employer, or his representative, a statement in writing of the condition and extent of the injury to the same extent that said surgeon reports to the employee and the same shall be an exact copy of that furnished to the employee, said copy to be furnished the employer, or his representative, as soon as practicable but not later than 48 hours before the time the case is set for hearing. Such delivery shall be made in person either to the employer, or his representative, or by registered mail to either, and the receipt of either shall be proof of such delivery. If such surgeon refuses to furnish the employer with such statement to the same extent as that furnished the employee, said surgeon shall not be permitted to testify at the hearing next following said examination.

this Act, and 4 3 of whom shall be representative citizens not identified with either the employing or employee classes. Not more than 6 4 members of the Commission shall be of the same political party.

One of the 3 members not identified with either the employing or employee classes shall be designated by the Governor as Chairman. The Chairman shall be the chief administrative and executive officer of the Commission; and he or she shall have general supervisory authority over all personnel of the Commission, including arbitrators and Commissioners, and the final authority in all administrative matters relating to the Commissioners, including but not limited to the assignment and distribution of cases and assignment of Commissioners to the panels, except in the promulgation of procedural rules and orders under Section 16 and in the determination of cases under this Act.

Notwithstanding the general supervisory authority of the Chairman, each Commissioner, except those assigned to the temporary panel, shall have the authority to hire and supervise 2 staff attorneys each. Such staff attorneys shall report directly to the individual Commissioner.

Sec. 19. Any disputed questions of law or fact shall be determined as herein provided.

(a) It shall be the duty of the Commission upon notification that the parties have failed to reach an agreement, to designate an Arbitrator.

1. Whenever any claimant misconceives his remedy and files an application for adjustment of claim under this Act and it is subsequently discovered, at any time before final disposition of such cause, that the claim for disability or death which was the basis for such application should properly have been made under the Workers' Occupational Diseases Act, then the provisions of Section 19, paragraph (a-1) of the Workers' Occupational Diseases Act having reference to such application shall apply.

2. Whenever any claimant misconceives his remedy and files an application for adjustment of claim under the Workers' Occupational Diseases Act and it is subsequently discovered, at any time before final disposition of such cause that the claim for injury or death which was the basis for such application should properly have been made under this Act, then the application so filed under the Workers' Occupational Diseases Act may be amended in form, substance or both to assert claim for such disability or death under this Act and it shall be deemed to have been so filed as amended on the date of the original filing thereof, and such compensation may be awarded as is warranted by the whole evidence pursuant to this Act. When such amendment is submitted, further or additional evidence may be heard by the Arbitrator or Commission when deemed necessary. Nothing in this Section contained shall be construed to be or permit a waiver of any provisions of this Act with reference to notice but notice if given shall be deemed to be a notice under the provisions of this Act if given within the time required herein.

(b) The Arbitrator shall make such inquiries and investigations as he or they shall deem necessary and may examine and inspect all books, papers, records, places, or premises relating to the questions in dispute and hear such proper evidence as the parties may submit.
The hearings before the Arbitrator shall be held in the vicinity where the injury occurred after 10 days' notice of the time and place of such hearing shall have been given to each of the parties or their attorneys of record.

The Arbitrator may find that the disabling condition is temporary and has not yet reached a permanent condition and may order the payment of compensation up to the date of the hearing, which award shall be reviewable and enforceable in the same manner as other awards, and in no instance be a bar to a further hearing and determination of a further amount of temporary total compensation or of compensation for permanent disability, but shall be conclusive as to all other questions except the nature and extent of said disability.

The decision of the Arbitrator shall be filed with the Commission which Commission shall immediately send to each party or his attorney a copy of such decision, together with a notification of the time when it was filed. As of the effective date of this amendatory Act of the 94th General Assembly beginning January 1, 1981, all decisions of the Arbitrator shall set forth in writing findings of fact and conclusions of law, separately stated, if requested by either party. Unless a petition for review is filed by either party within 30 days after the receipt by such party of the copy of the decision and notification of time when filed, and unless such party petitioning for a review shall within 35 days after the receipt by him of the copy of the decision, file with the Commission either an agreed statement of the facts appearing upon the hearing before the Arbitrator, or if such party shall so elect a correct transcript of evidence of the proceedings at such hearings, then the decision shall become the decision of the Commission and in the absence of fraud shall be conclusive. The Petition for Review shall contain a statement of the petitioning party's specific exceptions to the decision of the arbitrator. The jurisdiction of the Commission to review the decision of the arbitrator shall not be limited to the exceptions stated in the Petition for Review. The Commission, or any member thereof, may grant further time not exceeding 30 days, in which to file such agreed statement or transcript of evidence. Such agreed statement of facts or correct transcript of evidence, as the case may be, shall be authenticated by the signatures of the parties or their attorneys, and in the event they do not agree as to the correctness of the transcript of evidence it shall be authenticated by the signature of the Arbitrator designated by the Commission.

other services or compensation as provided in paragraph (a) of Section 8, or compensation as provided in paragraph (b) of Section 8, the employee may at any time petition for an expedited hearing by an Arbitrator on the issue of whether or not he or she is entitled to receive payment of the services or compensation. Provided the employer continues to pay compensation pursuant to paragraph (b) of Section 8, the employer may at any time petition for an expedited hearing on the issue of whether or not the employee is entitled to receive medical, surgical, or hospital services or other services or compensation as provided in paragraph (a) of Section 8, or compensation as provided in paragraph (b) of Section 8. When an employer has petitioned for an expedited hearing, the employer shall continue to pay compensation as provided in paragraph (b) of Section 8 unless the arbitrator renders a decision that the employee is not entitled to the benefits that are the subject of the expedited hearing or unless the employee’s treating physician has released the employee to return to work at his or her regular job with the employer or the employee actually returns to work at any other job. If the arbitrator renders a decision that the employee is not entitled to the benefits that are the subject of the expedited hearing, a petition for review filed by the employee shall receive the same priority as if the employee had filed a petition for an expedited hearing by an Arbitrator. Neither party shall be entitled to an expedited hearing when the employee has returned to work and the sole issue in dispute amounts to less than 12 weeks of unpaid compensation pursuant to paragraph (b) of Section 8.

Expedit[ed hearings shall have priority over all other petitions and shall be heard by the Arbitrator and Commission with all convenient speed. Any party requesting an expedited hearing shall give notice of a request for an expedited hearing under this paragraph. A copy of the Application for Adjustment of Claim shall be attached to the notice. The Commission shall adopt rules and procedures under which the final decision of the Commission under this paragraph is filed not later than 180 days from the date that the Petition for Review is filed with the Commission. Where 2 or more insurance carriers, private self-insureds, or a group workers' compensation pool under Article V 3/4 of the Illinois Insurance Code dispute coverage for the same injury, any such insurance carrier, private self-insured, or group workers' compensation pool may request an expedited hearing pursuant to this paragraph to determine the issue of coverage, provided coverage is the only issue in dispute and all other issues are stipulated and agreed to and further provided that all

Such reports, documents or affidavits shall state, if possible, the history of the accident given by the employee, and describe the injury and medical diagnosis, the medical services for such injury which the employee has received and is receiving, the physical activities which the employee cannot currently perform as a result of any impairment or disability due to such injury, and the prognosis for recovery;

No document or other evidence not previously identified by either party with the petition or written response, or by any other means before the hearing, may be introduced into evidence without good cause. No evidence may be introduced pursuant to this paragraph as to permanent disability. No award may be entered for permanent disability pursuant to this paragraph. Either party may introduce into evidence the testimony taken by deposition of any medical practitioner.

The Commission shall adopt rules, regulations and procedures whereby the final decision of the Commission is filed not later than 90 days from the date the petition for review is filed but in no event later than 180 days from the date the petition for an emergency hearing is filed with the Illinois Workers' Compensation Commission.

All service required pursuant to this paragraph (b-1) must be by personal service or by certified mail and with evidence of receipt. In addition for the purposes of this paragraph, all service on the employer must be at the premises where the accident occurred if the premises are owned or operated by the employer. Otherwise service must be at the employee's principal place of employment by the employer. If service on the employer is not possible at either of the above, then service shall be at the employer's principal place of business. After initial service in each case, service shall be made on the employer's attorney or designated representative.

(c) (1) At a reasonable time in advance of and in connection with the hearing under Section 19(e) or 19(h), the Commission may on its own decision
motion order an impartial physical or mental examination of a petitioner whose mental or physical condition is in issue, when in the Commission's discretion it appears that such an examination will materially aid in the just determination of the case. The examination shall be made by a member or members of a panel of physicians chosen for their special qualifications by the Illinois State Medical Society. The Commission shall establish procedures by which a physician shall be selected from such list.

(2) Should the Commission at any time during the hearing find that compelling considerations make it advisable to have an examination and report at that time, the commission may in its discretion so order.

(3) A copy of the report of examination shall be given to the Commission and to the attorneys for the parties.

(4) Either party or the Commission may call the examining physician or physicians to testify. Any physician so called shall be subject to cross-examination.

(5) The examination shall be made, and the physician or physicians, if called, shall testify, without cost to the parties. The Commission shall determine the compensation and the pay of the physician or physicians. The compensation for this service shall not exceed the usual and customary amount for such service.

(6) The fees and payment thereof of all attorneys and physicians for services authorized by the Commission under this Act shall, upon request of either the employer or the employee or the beneficiary affected, be subject to the review and decision of the Commission.

(d) If any employee shall persist in insanitary or injurious practices which tend to either imperil or retard his recovery or shall refuse to submit to such medical, surgical, or hospital treatment as is reasonably essential to promote his recovery, the Commission may, in its discretion, reduce or suspend the compensation of any such injured employee. However, when an employer and employee so agree in writing, the foregoing provision shall not be construed to authorize the reduction or suspension of compensation of an employee who is relying in good faith, on treatment by prayer or spiritual means alone, in accordance with the tenets and practice of a recognized church or religious denomination, by a duly accredited practitioner thereof.

(e) This paragraph shall apply to all hearings before the Commission. Such hearings may be held in its office or elsewhere as the Commission may deem advisable. The taking of testimony on such hearings may be had before any member of the Commission. If a petition for review and agreed statement of facts or transcript of evidence is filed,

as provided herein, the Commission shall promptly review the decision of the Arbitrator and all questions of law or fact which appear from the statement of facts or transcript of evidence.

In all cases in which the hearing before the arbitrator is held after December 18, 1989, no additional evidence shall be introduced by the parties before the Commission on review of the decision of the Arbitrator. In reviewing decisions of an arbitrator the Commission shall award such temporary compensation, permanent compensation and other payments as are due under this Act. The Commission shall file in its office its decision thereon, and shall immediately send to each party or his attorney a copy of such decision and a notification of the time when it was filed. Decisions shall be filed within 60 days after the Statement of Exceptions and Supporting Brief and Response thereto are required to be filed or oral argument whichever is later.

In the event either party requests oral argument, such argument shall be had before a panel of 3 members of the Commission (or before all available members pursuant to the determination of 7 ½ members of the Commission that such argument be held before all available members of the Commission) pursuant to the rules and regulations of the Commission. A panel of 3 members, which shall be comprised of not more than one representative citizen of the employing class and not more than one representative citizen of the employee class, shall hear the argument; provided that if all the issues in dispute are solely the nature and extent of the permanent partial disability, if any, a majority of the panel may deny the request for such argument and such argument shall not be held; and provided further that 7 ½ members of the Commission may determine that the argument be held before all available members of the Commission. A decision of the Commission shall be approved by a majority of Commissioners present at such hearing if any; provided, if no such hearing is held, a decision of the Commission shall be approved by a majority of a panel of 3 members of the Commission as described in this Section. The Commission shall give 10 days' notice to the parties or their attorneys of the time and place of such taking of testimony and of such argument.

In any case the Commission in its decision may find specially upon any question or questions of law or fact which shall be submitted in writing by either party whether ultimate or otherwise; provided that on issues other than nature and extent of the disability, if any, the Commission in its decision shall find specially upon any question or questions of law or fact, whether ultimate or otherwise, which are submitted in writing by either party; provided further that not more than 5

such questions may be submitted by either party. Any party may, within 20
days after receipt of notice of the Commission's decision, or within such
further time, not exceeding 30 days, as the Commission may grant, file
with the Commission either an agreed statement of the facts appearing
upon the hearing, or, if such party shall so elect, a correct transcript of
evidence of the additional proceedings presented before the Commission,
in which report the party may embody a correct statement of such other
proceedings in the case as such party may desire to have reviewed, such
statement of facts or transcript of evidence to be authenticated by the
signature of the parties or their attorneys, and in the event that they do not
agree, then the authentication of such transcript of evidence shall be by the
signature of any member of the Commission.

If a reporter does not for any reason furnish a transcript of the
proceedings before the Arbitrator in any case for use on a hearing for
review before the Commission, within the limitations of time as fixed in
this Section, the Commission may, in its discretion, order a trial de novo
before the Commission in such case upon application of either party. The
applications for adjustment of claim and other documents in the nature of
pleadings filed by either party, together with the decisions of the Arbitrator
and of the Commission and the statement of facts or transcript of evidence
hereinbefore provided for in paragraphs (b) and (c) shall be the record of
the proceedings of the Commission, and shall be subject to review as
hereinafter provided.

At the request of either party or on its own motion, the
Commission shall set forth in writing the reasons for the decision,
including findings of fact and conclusions of law separately stated. The
Commission shall by rule adopt a format for written decisions for the
Commission and arbitrators. The written decisions shall be concise and
shall succinctly state the facts and reasons for the decision. The
Commission may adopt in whole or in part, the decision of the arbitrator as
the decision of the Commission. When the Commission does so adopt the
decision of the arbitrator, it shall do so by order. Whenever the
Commission adopts part of the arbitrator's decision, but not all, it shall
include in the order the reasons for not adopting all of the arbitrator's
decision. When a majority of a panel, after deliberation, has arrived at its
decision, the decision shall be filed as provided in this Section without
unnecessary delay, and without regard to the fact that a member of the
panel has expressed an intention to dissent. Any member of the panel may
file a dissent. Any dissent shall be filed no later than 10 days after the
decision of the majority has been filed.

Decisions rendered by the Commission and dissents, if any, shall be published together by the Commission. The conclusions of law set out in such decisions shall be regarded as precedents by arbitrators for the purpose of achieving a more uniform administration of this Act.

(f) The decision of the Commission acting within its powers, according to the provisions of paragraph (e) of this Section shall, in the absence of fraud, be conclusive unless reviewed as in this paragraph hereinafter provided. However, the Arbitrator or the Commission may on his or its own motion, or on the motion of either party, correct any clerical error or errors in computation within 15 days after the date of receipt of any award by such Arbitrator or any decision on review of the Commission and shall have the power to recall the original award on arbitration or decision on review, and issue in lieu thereof such corrected award or decision. Where such correction is made the time for review herein specified shall begin to run from the date of the receipt of the corrected award or decision.

(1) Except in cases of claims against the State of Illinois, in which case the decision of the Commission shall not be subject to judicial review, the Circuit Court of the county where any of the parties defendant may be found, or if none of the parties defendant can be found in this State then the Circuit Court of the county where the accident occurred, shall by summons to the Commission have power to review all questions of law and fact presented by such record.

A proceeding for review shall be commenced within 20 days of the receipt of notice of the decision of the Commission. The summons shall be issued by the clerk of such court upon written request returnable on a designated return day, not less than 10 or more than 60 days from the date of issuance thereof, and the written request shall contain the last known address of other parties in interest and their attorneys of record who are to be served by summons. Service upon any member of the Commission or the Secretary or the Assistant Secretary thereof shall be service upon the Commission, and service upon other parties in interest and their attorneys of record shall be by summons, and such service shall be made upon the Commission and other parties in interest by mailing notices of the commencement of the proceedings and the return day of the summons to the office of the Commission and to the last known place of residence of other parties in interest or their attorney or attorneys of record. The clerk of the court issuing the
summons shall on the day of issue mail notice of the commencement of the proceedings which shall be done by mailing a copy of the summons to the office of the Commission, and a copy of the summons to the other parties in interest or their attorney or attorneys of record and the clerk of the court shall make certificate that he has so sent said notices in pursuance of this Section, which shall be evidence of service on the Commission and other parties in interest.

The Commission shall not be required to certify the record of their proceedings to the Circuit Court, unless the party commencing the proceedings for review in the Circuit Court as above provided, shall pay to the Commission the sum of 80¢ per page of testimony taken before the Commission, and 35¢ per page of all other matters contained in such record, except as otherwise provided by Section 20 of this Act. Payment for photostatic copies of exhibit shall be extra. It shall be the duty of the Commission upon such payment, or failure to pay as permitted under Section 20 of this Act, to prepare a true and correct typewritten copy of such testimony and a true and correct copy of all other matters contained in such record and certified to by the Secretary or Assistant Secretary thereof.

In its decision on review the Commission shall determine in each particular case the amount of the probable cost of the record to be filed as a part of the summons in that case and no request for a summons may be filed and no summons shall issue unless the party seeking to review the decision of the Commission shall exhibit to the clerk of the Circuit Court proof of payment by filing a receipt showing payment or an affidavit of the attorney setting forth that payment has been made of the sums so determined to the Secretary or Assistant Secretary of the Commission, except as otherwise provided by Section 20 of this Act.

(2) No such summons shall issue unless the one against whom the Commission shall have rendered an award for the payment of money shall upon the filing of his written request for such summons file with the clerk of the court a bond conditioned that if he shall not successfully prosecute the review, he will pay the award and the costs of the proceedings in the courts. The amount of the bond shall be fixed by any member of the Commission and the surety or sureties of the bond shall be approved by the clerk of the court. The acceptance of the bond by

the clerk of the court shall constitute evidence of his approval of the bond.

Every county, city, town, township, incorporated village, school district, body politic or municipal corporation against whom the Commission shall have rendered an award for the payment of money shall not be required to file a bond to secure the payment of the award and the costs of the proceedings in the court to authorize the court to issue such summons.

The court may confirm or set aside the decision of the Commission. If the decision is set aside and the facts found in the proceedings before the Commission are sufficient, the court may enter such decision as is justified by law, or may remand the cause to the Commission for further proceedings and may state the questions requiring further hearing, and give such other instructions as may be proper. Appeals shall be taken to the Appellate Court in accordance with Supreme Court Rules 22(g) and 303. Appeals shall be taken from the Appellate Court to the Supreme Court in accordance with Supreme Court Rule 315.

It shall be the duty of the clerk of any court rendering a decision affecting or affirming an award of the Commission to promptly furnish the Commission with a copy of such decision, without charge.

The decision of a majority of the members of the panel of the Commission, shall be considered the decision of the Commission.

(g) Except in the case of a claim against the State of Illinois, either party may present a certified copy of the award of the Arbitrator, or a certified copy of the decision of the Commission when the same has become final, when no proceedings for review are pending, providing for the payment of compensation according to this Act, to the Circuit Court of the county in which such accident occurred or either of the parties are residents, whereupon the court shall enter a judgment in accordance therewith. In a case where the employer refuses to pay compensation according to such final award or such final decision upon which such judgment is entered the court shall in entering judgment thereon, tax as costs against him the reasonable costs and attorney fees in the arbitration proceedings and in the court entering the judgment for the person in whose favor the judgment is entered, which judgment and costs taxed as therein provided shall, until and unless set aside, have the same effect as though duly entered in an action duly tried and determined by the court, and shall

with like effect, be entered and docketed. The Circuit Court shall have power at any time upon application to make any such judgment conform to any modification required by any subsequent decision of the Supreme Court upon appeal, or as the result of any subsequent proceedings for review, as provided in this Act.

Judgment shall not be entered until 15 days' notice of the time and place of the application for the entry of judgment shall be served upon the employer by filing such notice with the Commission, which Commission shall, in case it has on file the address of the employer or the name and address of its agent upon whom notices may be served, immediately send a copy of the notice to the employer or such designated agent.

(h) An agreement or award under this Act providing for compensation in installments, may at any time within 18 months after such agreement or award be reviewed by the Commission at the request of either the employer or the employee, on the ground that the disability of the employee has subsequently recurred, increased, diminished or ended.

However, as to accidents occurring subsequent to July 1, 1955, which are covered by any agreement or award under this Act providing for compensation in installments made as a result of such accident, such agreement or award may at any time within 30 months, or 60 months in the case of an award under Section 8(d), after such agreement or award be reviewed by the Commission at the request of either the employer or the employee on the ground that the disability of the employee has subsequently recurred, increased, diminished or ended.

On such review, compensation payments may be re-established, increased, diminished or ended. The Commission shall give 15 days' notice to the parties of the hearing for review. Any employee, upon any petition for such review being filed by the employer, shall be entitled to one day's notice for each 100 miles necessary to be traveled by him in attending the hearing of the Commission upon the petition, and 3 days in addition thereto. Such employee shall, at the discretion of the Commission, also be entitled to 5 cents per mile necessarily traveled by him within the State of Illinois in attending such hearing, not to exceed a distance of 300 miles, to be taxed by the Commission as costs and deposited with the petition of the employer.

When compensation which is payable in accordance with an award or settlement contract approved by the Commission, is ordered paid in a lump sum by the Commission, no review shall be had as in this paragraph mentioned.
(i) Each party, upon taking any proceedings or steps whatsoever before any Arbitrator, Commission or court, shall file with the Commission his address, or the name and address of any agent upon whom all notices to be given to such party shall be served, either personally or by registered mail, addressed to such party or agent at the last address so filed with the Commission. In the event such party has not filed his address, or the name and address of an agent as above provided, service of any notice may be had by filing such notice with the Commission.

(j) Whenever in any proceeding testimony has been taken or a final decision has been rendered and after the taking of such testimony or after such decision has become final, the injured employee dies, then in any subsequent proceedings brought by the personal representative or beneficiaries of the deceased employee, such testimony in the former proceeding may be introduced with the same force and effect as though the witness having so testified were present in person in such subsequent proceedings and such final decision, if any, shall be taken as final adjudication of any of the issues which are the same in both proceedings.

(k) In case where there has been any unreasonable or vexatious delay of payment or intentional underpayment of compensation, or proceedings have been instituted or carried on by the one liable to pay the compensation, which do not present a real controversy, but are merely frivolous or for delay, then the Commission may award compensation additional to that otherwise payable under this Act equal to 50% of the amount payable at the time of such award. Failure to pay compensation in accordance with the provisions of Section 8, paragraph (b) of this Act, shall be considered unreasonable delay.

When determining whether this subsection (k) shall apply, the Commission shall consider whether an Arbitrator has determined that the claim is not compensable or whether the employer has made payments under Section 8(j).

(l) If the employee has made written demand for payment of benefits under Section 8(a) or Section 8(b), the employer shall have 14 days after receipt of the demand to set forth in writing the reason for the delay. In the case of demand for payment of medical benefits under Section 8(a), the time for the employer to respond shall not commence until the expiration of the allotted 60 days specified under Section 8.2(d). In case the employer or his or her insurance carrier shall without good and just cause fail, neglect, refuse, or unreasonably delay the payment of benefits under Section 8(a) or Section 8(b), the Arbitrator or the

Commission shall allow to the employee additional compensation in the sum of $30 per day for each day that the benefits under Section 8(a) or Section 8(b) have been so withheld or refused, not to exceed $10,000. A delay in payment of 14 days or more shall create a rebuttable presumption of unreasonable delay. In case the employer or his insurance carrier shall without good and just cause fail, neglect, refuse or unreasonably delay the payment of weekly compensation benefits due to an injured employee during the period of temporary total disability the arbitrator or the Commission shall allow to the employee additional compensation in the sum of $10 per day for each day that a weekly compensation payment has been so withheld or refused, provided that such additional compensation shall not exceed the sum of $2,500. A delay in payment of 14 days or more shall create a rebuttable presumption of unreasonable delay.

(m) If the commission finds that an accidental injury was directly and proximately caused by the employer's wilful violation of a health and safety standard under the Health and Safety Act in force at the time of the accident, the arbitrator or the Commission shall allow to the injured employee or his dependents, as the case may be, additional compensation equal to 25% of the amount which otherwise would be payable under the provisions of this Act exclusive of this paragraph. The additional compensation herein provided shall be allowed by an appropriate increase in the applicable weekly compensation rate.

(n) After June 30, 1984, decisions of the Illinois Workers' Compensation Commission reviewing an award of an arbitrator of the Commission shall draw interest at a rate equal to the yield on indebtedness issued by the United States Government with a 26-week maturity next previously auctioned on the day on which the decision is filed. Said rate of interest shall be set forth in the Arbitrator's Decision. Interest shall be drawn from the date of the arbitrator's award on all accrued compensation due the employee through the day prior to the date of payments. However, when an employee appeals an award of an Arbitrator or the Commission, and the appeal results in no change or a decrease in the award, interest shall not further accrue from the date of such appeal.

The employer or his insurance carrier may tender the payments due under the award to stop the further accrual of interest on such award notwithstanding the prosecution by either party of review, certiorari, appeal to the Supreme Court or other steps to reverse, vacate or modify the award.

(o) By the 15th day of each month each insurer providing coverage for losses under this Act shall notify each insured employer of any

compensable claim incurred during the preceding month and the amounts paid or reserved on the claim including a summary of the claim and a brief statement of the reasons for compensability. A cumulative report of all claims incurred during a calendar year or continued from the previous year shall be furnished to the insured employer by the insurer within 30 days after the end of that calendar year.

The insured employer may challenge, in proceeding before the Commission, payments made by the insurer without arbitration and payments made after a case is determined to be noncompensable. If the Commission finds that the case was not compensable, the insurer shall purge its records as to that employer of any loss or expense associated with the claim, reimburse the employer for attorneys' fees arising from the challenge and for any payment required of the employer to the Rate Adjustment Fund or the Second Injury Fund, and may not reflect the loss or expense for rate making purposes. The employee shall not be required to refund the challenged payment. The decision of the Commission may be reviewed in the same manner as in arbitrated cases. No challenge may be initiated under this paragraph more than 3 years after the payment is made. An employer may waive the right of challenge under this paragraph on a case by case basis.

(p) After filing an application for adjustment of claim but prior to the hearing on arbitration the parties may voluntarily agree to submit such application for adjustment of claim for decision by an arbitrator under this subsection (p) where such application for adjustment of claim raises only a dispute over temporary total disability, permanent partial disability or medical expenses. Such agreement shall be in writing in such form as provided by the Commission. Applications for adjustment of claim submitted for decision by an arbitrator under this subsection (p) shall proceed according to rule as established by the Commission. The Commission shall promulgate rules including, but not limited to, rules to ensure that the parties are adequately informed of their rights under this subsection (p) and of the voluntary nature of proceedings under this subsection (p). The findings of fact made by an arbitrator acting within his or her powers under this subsection (p) in the absence of fraud shall be conclusive. However, the arbitrator may on his own motion, or the motion of either party, correct any clerical errors or errors in computation within 15 days after the date of receipt of such award of the arbitrator and shall have the power to recall the original award on arbitration, and issue in lieu thereof such corrected award. The decision of the arbitrator under this subsection (p) shall be considered the decision of the Commission and
proceedings for review of questions of law arising from the decision may be commenced by either party pursuant to subsection (f) of Section 19. The Advisory Board established under Section 13.1 shall compile a list of certified Commission arbitrators, each of whom shall be approved by at least 7 members of the Advisory Board. The chairman shall select 5 persons from such list to serve as arbitrators under this subsection (p). By agreement, the parties shall select one arbitrator from among the 5 persons selected by the chairman except that if the parties do not agree on an arbitrator from among the 5 persons, the parties may, by agreement, select an arbitrator of the American Arbitration Association, whose fee shall be paid by the State in accordance with rules promulgated by the Commission. Arbitration under this subsection (p) shall be voluntary.

An employee may also be required to submit himself for examination by medical experts under subsection (c) of Section 19.

An employer requesting such an examination, of an employee residing within the State of Illinois, shall deliver to the employee with the notice of the time and place of examination pay in advance of the time fixed for the examination sufficient money to defray the necessary expense of travel by the most convenient means to and from the place of examination, and the cost of meals necessary during the trip, and if the examination or travel to and from the place of examination causes any loss of working time on the part of the employee, the employer shall reimburse him for such loss of wages upon the basis of his average daily wage. Such examination shall be made in the presence of a duly qualified medical practitioner or surgeon provided and paid for by the employee, if such employee so desires.

In all cases where the examination is made by a physician or surgeon engaged by the employer, and the employee has no physician or surgeon present at such examination, it shall be the duty of the physician or surgeon making the examination at the instance of the employer to deliver to the employee, or his representative, a statement in writing of the examination and findings to the same extent that said physician or surgeon reports to the employer and the same shall be an exact copy of that furnished to the employer, said copy to be furnished the employee, or his representative as soon as practicable but not later than the time the case is set for hearing. Such delivery shall be made in person either to the employee or his representative, or by registered mail to either, and the receipt of either shall be proof of such delivery. If such physician or surgeon refuses to furnish the employee with such statement to the same extent as that furnished the employer said physician or surgeon shall not be permitted to testify at the hearing next following said examination.

If the employee refuses so to submit himself to examination or unnecessarily obstructs the same, his right to compensation payment shall be temporarily suspended until such examination shall have taken place, and no compensation shall be payable under this Act for such period.

It shall be the duty of physicians or surgeons treating an employee who is likely to die, and treating him at the instance of the employer, to have called in another physician or surgeon to be designated and paid for by either the employee or by the person or persons who would become his beneficiary or beneficiaries, to make an examination before the death of such employee.

In all cases where the examination is made by a physician or surgeon engaged by the employee, and the employer has no physician or surgeon present at such examination, it shall be the duty of the physician
or surgeon making the examination at the instance of the employee, to
deliver to the employer, or his representative, a statement in writing of the
condition and extent of the examination and findings to the same extent
that said physician or surgeon reports to the employee and the same shall
be an exact copy of that furnished to the employee, said copy to be
furnished the employer, or his representative, as soon as practicable but
not later than the time the case is set for hearing. Such delivery shall be
made in person either to the employer, or his representative, or by
registered mail to either, and the receipt of either shall be proof of such
delivery. If such physician or surgeon refuses to furnish the employer with
such statement to the same extent as that furnished the employee, said
physician or surgeon shall not be permitted to testify at the hearing next
following said examination.

(b) Whenever, after the death of an employee, any party in interest
files an application for adjustment of claim under this Act, and it appears
that an autopsy may disclose material evidence as to whether or not such
death was due to the inhalation of silica or asbestos dust, the commission,
on petition of either party, may order an autopsy at the expense of the
party requesting same, and if such autopsy is so ordered, the commission
shall designate a competent pathologist to perform the same, and shall give
the parties in interest such reasonable notice of the time and place thereof
as will afford a reasonable opportunity to witness such autopsy in person
or by a representative.

It shall be the duty of such pathologist to perform such autopsy as,
in his best judgment, is required to ascertain the cause of death. Such
pathologist shall make a complete written report of all his findings to the
commission (including laboratory results described as such, if any). The
said report of the pathologist shall contain his findings on post-mortem
examination and said report shall not contain any conclusion of the said
pathologist based upon the findings so reported.

Said report shall be placed on file with the commission, and shall
be a public record. Said report, or a certified copy thereof, may be
introduced by either party on any hearing as evidence of the findings
therein stated, but shall not be conclusive evidence of such findings, and
either party may rebut any part thereof.

Where an autopsy has been performed at any time with the express
or implied consent of any interested party, and without some opposing
party, if known or reasonably ascertainable, having reasonable notice of
and reasonable opportunity of witnessing the same, all evidence obtained
by such autopsy shall be barred upon objection at any hearing. This

Sec. 19. Any disputed questions of law or fact shall be determined as herein provided.
(a) It shall be the duty of the Commission upon notification that the parties have failed to reach an agreement to designate an Arbitrator.
(1) The application for adjustment of claim filed with the Commission shall state:
A. The approximate date of the last day of the last exposure and the approximate date of the disablement.
B. The general nature and character of the illness or disease claimed.
C. The name and address of the employer by whom employed on the last day of the last exposure and if employed by any other employer after such last exposure and before disablement the name and address of such other employer or employers.
D. In case of death, the date and place of death.
(2) Amendments to applications for adjustment of claim which relate to the same disablement or disablement resulting in death originally claimed upon may be allowed by the Commissioner or an Arbitrator thereof, in their discretion, and in the exercise of such discretion, they may in proper cases order a trial de novo; such amendment shall relate back to the date of the filing of the original application so amended.
(3) Whenever any claimant misconceives his remedy and files an application for adjustment of claim under this Act and it is subsequently discovered, at any time before final disposition of such cause, that the claim for disability or death which was the basis for such application should properly have been made under the Workers' Compensation Act, then the provisions of Section 19 paragraph (a-1) of the Workers' Compensation Act having reference to such application shall apply.

have been made under this Act, then the application so filed under the Workers’ Compensation Act may be amended in form, substance or both to assert claim for such disability or death under this Act and it shall be deemed to have been so filed as amended on the date of the original filing thereof, and such compensation may be awarded as is warranted by the whole evidence pursuant to the provisions of this Act. When such amendment is submitted, further or additional evidence may be heard by the Arbitrator or Commission when deemed necessary; provided, that nothing in this Section contained shall be construed to be or permit a waiver of any provisions of this Act with reference to notice, but notice if given shall be deemed to be a notice under the provisions of this Act if given within the time required herein.

(b) The Arbitrator shall make such inquiries and investigations as he shall deem necessary and may examine and inspect all books, papers, records, places, or premises relating to the questions in dispute and hear such proper evidence as the parties may submit.

The hearings before the Arbitrator shall be held in the vicinity where the last exposure occurred, after 10 days' notice of the time and place of such hearing shall have been given to each of the parties or their attorneys of record.

The Arbitrator may find that the disabling condition is temporary and has not yet reached a permanent condition and may order the payment of compensation up to the date of the hearing, which award shall be reviewable and enforceable in the same manner as other awards, and in no instance be a bar to a further hearing and determination of a further amount of temporary total compensation or of compensation for permanent disability, but shall be conclusive as to all other questions except the nature and extent of such disability.

The decision of the Arbitrator shall be filed with the Commission which Commission shall immediately send to each party or his attorney a copy of such decision, together with a notification of the time when it was filed. As of the effective date of this amendatory Act of the 94th General Assembly Beginning January 1, 1981, all decisions of the Arbitrator shall set forth in writing findings of fact and conclusions of law, separately stated, if requested by either party. Unless a petition for review is filed by either party within 30 days after the receipt by such party of the copy of the decision and notification of time when filed, and unless such party petitioning for a review shall within 35 days after the receipt by him of the copy of the decision, file with the Commission either an agreed statement

of the facts appearing upon the hearing before the Arbitrator, or if such party shall so elect a correct transcript of evidence of the proceedings at such hearings, then the decision shall become the decision of the Commission and in the absence of fraud shall be conclusive. The Petition for Review shall contain a statement of the petitioning party's specific exceptions to the decision of the arbitrator. The jurisdiction of the Commission to review the decision of the arbitrator shall not be limited to the exceptions stated in the Petition for Review. The Commission, or any member thereof, may grant further time not exceeding 30 days, in which to file such agreed statement or transcript of evidence. Such agreed statement of facts or correct transcript of evidence, as the case may be, shall be authenticated by the signatures of the parties or their attorneys, and in the event they do not agree as to the correctness of the transcript of evidence it shall be authenticated by the signature of the Arbitrator designated by the Commission.

Whether the employee is working or not, if the employee is not receiving or has not received medical, surgical, or hospital services or other services or compensation as provided in paragraph (a) of Section 8 of the Workers' Compensation Act, or compensation as provided in paragraph (b) of Section 8 of the Workers' Compensation Act, the employee may at any time petition for an expedited hearing by an Arbitrator on the issue of whether or not he or she is entitled to receive payment of the services or compensation. Provided the employer continues to pay compensation pursuant to paragraph (b) of Section 8 of the Workers' Compensation Act, the employer may at any time petition for an expedited hearing on the issue of whether or not the employee is entitled to receive medical, surgical, or hospital services or other services or compensation as provided in paragraph (a) of Section 8 of the Workers' Compensation Act, or compensation as provided in paragraph (b) of Section 8 of the Workers' Compensation Act. When an employer has petitioned for an expedited hearing, the employer shall continue to pay compensation as provided in paragraph (b) of Section 8 of the Workers' Compensation Act unless the arbitrator renders a decision that the employee is not entitled to the benefits that are the subject of the expedited hearing or unless the employee's treating physician has released the employee to return to work at his or her regular job with the employer or the employee actually returns to work at any other job. If the arbitrator renders a decision that the employee is not entitled to the benefits that are the subject of the expedited hearing, a petition for review filed by the employee shall receive the same priority as if the employee had filed a

petition for an expedited hearing by an arbitrator. Neither party shall be entitled to an expedited hearing when the employee has returned to work and the sole issue in dispute amounts to less than 12 weeks of unpaid compensation pursuant to paragraph (b) of Section 8 of the Workers' Compensation Act.

Expedited hearings shall have priority over all other petitions and shall be heard by the Arbitrator and Commission with all convenient speed. Any party requesting an expedited hearing shall give notice of a request for an expedited hearing under this paragraph. A copy of the Application for Adjustment of Claim shall be attached to the notice. The Commission shall adopt rules and procedures under which the final decision of the Commission under this paragraph is filed not later than 180 days from the date that the Petition for Review is filed with the Commission.

Where 2 or more insurance carriers, private self-insureds, or a group workers' compensation pool under Article V 3/4 of the Illinois Insurance Code dispute coverage for the same disease, any such insurance carrier, private self-insured, or group workers' compensation pool may request an expedited hearing pursuant to this paragraph to determine the issue of coverage, provided coverage is the only issue in dispute and all other issues are stipulated and agreed to and further provided that all compensation benefits including medical benefits pursuant to Section 8(a) of the Workers' Compensation Act continue to be paid to or on behalf of petitioner. Any insurance carrier, private self-insured, or group workers' compensation pool that is determined to be liable for coverage for the disease in issue shall reimburse any insurance carrier, private self-insured, or group workers' compensation pool that has paid benefits to or on behalf of petitioner for the disease.

(b-1) If the employee is not receiving, pursuant to Section 7, medical, surgical or hospital services of the type provided for in paragraph (a) of Section 8 of the Workers' Compensation Act or compensation of the type provided for in paragraph (b) of Section 8 of the Workers' Compensation Act, the employee, in accordance with Commission Rules, may file a petition for an emergency hearing by an Arbitrator on the issue of whether or not he is entitled to receive payment of such compensation or services as provided therein. Such petition shall have priority over all other petitions and shall be heard by the Arbitrator and Commission with all convenient speed.

Such petition shall contain the following information and shall be served on the employer at least 15 days before it is filed:

obtain pursuant to Section 7 compensation of the type provided for

named pursuant to this paragraph;

relating to the employee's current inability to return to work
because of the disability incurred as a result of the exposure or
such other documents or affidavits which show that the employee
is entitled to receive pursuant to Section 7 compensation of the
type provided for in paragraph (b) of Section 8 of the Workers' Compensation Act or medical, surgical or hospital services of the
type provided for in paragraph (a) of Section 8 of the Workers' Compensation Act. Such reports, documents or affidavits shall state, if possible, the history of the exposure given by the

(xiii) a certification signed by the employee or his representative that the employer has received the petition with the required information 15 days before filing.

Fifteen days after receipt by the employer of the petition with the required information the employee may file said petition and required information and shall serve notice of the filing upon the employer. The employer may file a motion addressed to the sufficiency of the petition. If an objection has been filed to the sufficiency of the petition, the arbitrator shall rule on the objection within 2 working days. If such an objection is filed, the time for filing the final decision of the Commission as provided in this paragraph shall be tolled until the arbitrator has determined that the petition is sufficient.

The employer shall, within 15 days after receipt of the notice that such petition is filed, file with the Commission and serve on the employee or his representative a written response to each claim set forth in the petition, including the legal and factual basis for each disputed allegation and the following information: (i) complete copies of any reports, records, documents and affidavits in the possession of the employer on which the employer intends to rely in support of his response, (ii) a list of any reports, records, documents and affidavits which the employer has demanded by subpoena and on which the employer intends to rely in support of his response, (iii) the name and address of each witness on whom the employer will rely to support his response, and (iv) the names and addresses of any medical practitioners selected by the employer pursuant to Section 12 of this Act and the time and place of any examination scheduled to be made pursuant to such Section.

Any employer who does not timely file and serve a written response without good cause may not introduce any evidence to dispute
any claim of the employee but may cross examine the employee or any
witness brought by the employee and otherwise be heard.

No document or other evidence not previously identified by either
party with the petition or written response, or by any other means before
the hearing, may be introduced into evidence without good cause. If, at the
hearing, material information is discovered which was not previously
disclosed, the Arbitrator may extend the time for closing proof on the
motion of a party for a reasonable period of time which may be more than
30 days. No evidence may be introduced pursuant to this paragraph as to
permanent disability. No award may be entered for permanent disability
pursuant to this paragraph. Either party may introduce into evidence the
testimony taken by deposition of any medical practitioner.

The Commission shall adopt rules, regulations and procedures
whereby the final decision of the Commission is filed not later than 90
days from the date the petition for review is filed but in no event later than
180 days from the date the petition for an emergency hearing is filed with
the Illinois Workers' Compensation Commission.

All service required pursuant to this paragraph (b-1) must be by
personal service or by certified mail and with evidence of receipt. In
addition, for the purposes of this paragraph, all service on the employer
must be at the premises where the accident occurred if the premises are
owned or operated by the employer. Otherwise service must be at the
employee's principal place of employment by the employer. If service on
the employer is not possible at either of the above, then service shall be at
the employer's principal place of business. After initial service in each
case, service shall be made on the employer's attorney or designated
representative.

(c) (1) At a reasonable time in advance of and in connection with
the hearing under Section 19(c) or 19(h), the Commission may on its own
motion order an impartial physical or mental examination of a petitioner
whose mental or physical condition is in issue, when in the Commission's
discretion it appears that such an examination will materially aid in the
just determination of the case. The examination shall be made by a
member or members of a panel of physicians chosen for their special
qualifications by the Illinois State Medical Society. The Commission shall
establish procedures by which a physician shall be selected from such list.

(2) Should the Commission at any time during the hearing find that
compelling considerations make it advisable to have an examination and
report at that time, the Commission may in its discretion so order.

(3) A copy of the report of examination shall be given to the Commission and to the attorneys for the parties.

(4) Either party or the Commission may call the examining physician or physicians to testify. Any physician so called shall be subject to cross-examination.

(5) The examination shall be made, and the physician or physicians, if called, shall testify, without cost to the parties. The Commission shall determine the compensation and the pay of the physician or physicians. The compensation for this service shall not exceed the usual and customary amount for such service.

The fees and payment thereof of all attorneys and physicians for services authorized by the Commission under this Act shall, upon request of either the employer or the employee or the beneficiary affected, be subject to the review and decision of the Commission.

(d) If any employee shall persist in insanitary or injurious practices which tend to either imperil or retard his recovery or shall refuse to submit to such medical, surgical, or hospital treatment as is reasonably essential to promote his recovery, the Commission may, in its discretion, reduce or suspend the compensation of any such employee; provided, that when an employer and employee so agree in writing, the foregoing provision shall not be construed to authorize the reduction or suspension of compensation of an employee who is relying in good faith, on treatment by prayer or spiritual means alone, in accordance with the tenets and practice of a recognized church or religious denomination, by a duly accredited practitioner thereof.

(e) This paragraph shall apply to all hearings before the Commission. Such hearings may be held in its office or elsewhere as the Commission may deem advisable. The taking of testimony on such hearings may be had before any member of the Commission. If a petition for review and agreed statement of facts or transcript of evidence is filed, as provided herein, the Commission shall promptly review the decision of the Arbitrator and all questions of law or fact which appear from the statement of facts or transcripts of evidence. In all cases in which the hearing before the arbitrator is held after the effective date of this amendatory Act of 1989, no additional evidence shall be introduced by the parties before the Commission on review of the decision of the Arbitrator. The Commission shall file in its office its decision thereon, and shall immediately send to each party or his attorney a copy of such decision and a notification of the time when it was filed. Decisions shall be filed within 60 days after the Statement of Exceptions and Supporting Brief and

Response thereto are required to be filed or oral argument whichever is later.

In the event either party requests oral argument, such argument shall be had before a panel of 3 members of the Commission (or before all available members pursuant to the determination of 7 members of the Commission that such argument be held before all available members of the Commission) pursuant to the rules and regulations of the Commission. A panel of 3 members, which shall be comprised of not more than one representative citizen of the employing class and not more than one representative citizen of the employee class, shall hear the argument; provided that if all the issues in dispute are solely the nature and extent of the permanent partial disability, if any, a majority of the panel may deny the request for such argument and such argument shall not be held; and provided further that 7 members of the Commission may determine that the argument be held before all available members of the Commission. A decision of the Commission shall be approved by a majority of Commissioners present at such hearing if any; provided, if no such hearing is held, a decision of the Commission shall be approved by a majority of a panel of 3 members of the Commission as described in this Section. The Commission shall give 10 days' notice to the parties or their attorneys of the time and place of such taking of testimony and of such argument.

In any case the Commission in its discretion may in its discretion find specially upon any question or questions of law or facts which shall be submitted in writing by either party whether ultimate or otherwise; provided that on issues other than nature and extent of the disablement, if any, the Commission in its decision shall find specially upon any question or questions of law or fact, whether ultimate or otherwise, which are submitted in writing by either party; provided further that not more than 5 such questions may be submitted by either party. Any party may, within 20 days after receipt of notice of the Commission's decision, or within such further time, not exceeding 30 days, as the Commission may grant, file with the Commission either an agreed statement of the facts appearing upon the hearing, or, if such party shall so elect, a correct transcript of evidence of the additional proceedings presented before the Commission in which report the party may embody a correct statement of such other proceedings in the case as such party may desire to have reviewed, such statement of facts or transcript of evidence to be authenticated by the signature of the parties or their attorneys, and in the event that they do not agree, then the authentication of such transcript of evidence shall be by the signature of any member of the Commission.
If a reporter does not for any reason furnish a transcript of the proceedings before the Arbitrator in any case for use on a hearing for review before the Commission, within the limitations of time as fixed in this Section, the Commission may, in its discretion, order a trial de novo before the Commission in such case upon application of either party. The applications for adjustment of claim and other documents in the nature of pleadings filed by either party, together with the decisions of the Arbitrator and of the Commission and the statement of facts or transcript of evidence hereinbefore provided for in paragraphs (b) and (c) shall be the record of the proceedings of the Commission, and shall be subject to review as hereinafter provided.

At the request of either party or on its own motion, the Commission shall set forth in writing the reasons for the decision, including findings of fact and conclusions of law, separately stated. The Commission shall by rule adopt a format for written decisions for the Commission and arbitrators. The written decisions shall be concise and shall succinctly state the facts and reasons for the decision. The Commission may adopt in whole or in part, the decision of the arbitrator as the decision of the Commission. When the Commission does so adopt the decision of the arbitrator, it shall do so by order. Whenever the Commission adopts part of the arbitrator's decision, but not all, it shall include in the order the reasons for not adopting all of the arbitrator's decision. When a majority of a panel, after deliberation, has arrived at its decision, the decision shall be filed as provided in this Section without unnecessary delay, and without regard to the fact that a member of the panel has expressed an intention to dissent. Any member of the panel may file a dissent. Any dissent shall be filed no later than 10 days after the decision of the majority has been filed.

Decisions rendered by the Commission after the effective date of this amendatory Act of 1980 and dissents, if any, shall be published together by the Commission. The conclusions of law set out in such decisions shall be regarded as precedents by arbitrators, for the purpose of achieving a more uniform administration of this Act.

(f) The decision of the Commission acting within its powers, according to the provisions of paragraph (e) of this Section shall, in the absence of fraud, be conclusive unless reviewed as in this paragraph hereinafter provided. However, the Arbitrator or the Commission may on his or its own motion, or on the motion of either party, correct any clerical error or errors in computation within 15 days after the date of receipt of any award by such Arbitrator or any decision on review of the

Commission, and shall have the power to recall the original award on arbitration or decision on review, and issue in lieu thereof such corrected award or decision. Where such correction is made the time for review herein specified shall begin to run from the date of the receipt of the corrected award or decision.

(1) Except in cases of claims against the State of Illinois, in which case the decision of the Commission shall not be subject to judicial review, the Circuit Court of the county where any of the parties defendant may be found, or if none of the parties defendant be found in this State then the Circuit Court of the county where any of the exposure occurred, shall by summons to the Commission have power to review all questions of law and fact presented by such record.

A proceeding for review shall be commenced within 20 days of the receipt of notice of the decision of the Commission. The summons shall be issued by the clerk of such court upon written request returnable on a designated return day, not less than 10 or more than 60 days from the date of issuance thereof, and the written request shall contain the last known address of other parties in interest and their attorneys of record who are to be served by summons. Service upon any member of the Commission or the Secretary or the Assistant Secretary thereof shall be service upon the Commission, and service upon other parties in interest and their attorneys of record shall be by summons, and such service shall be made upon the Commission and other parties in interest by mailing notices of the commencement of the proceedings and the return day of the summons to the office of the Commission and to the last known place of residence of other parties in interest or their attorney or attorneys of record. The clerk of the court issuing the summons shall on the day of issue mail notice of the commencement of the proceedings which shall be done by mailing a copy of the summons to the office of the Commission, and a copy of the summons to the other parties in interest or their attorney or attorneys of record and the clerk of the court shall make certificate that he has so sent such notices in pursuance of this Section, which shall be evidence of service on the Commission and other parties in interest.

The Commission shall not be required to certify the record of their proceedings in the Circuit Court unless the party commencing the proceedings for review in the Circuit Court as

above provided, shall pay to the Commission the sum of 80 cents per page of testimony taken before the Commission, and 35 cents per page of all other matters contained in such record, except as otherwise provided by Section 20 of this Act. Payment for photostatic copies of exhibit shall be extra. It shall be the duty of the Commission upon such payment, or failure to pay as permitted under Section 20 of this Act, to prepare a true and correct typewritten copy of such testimony and a true and correct copy of all other matters contained in such record and certified to by the Secretary or Assistant Secretary thereof.

In its decision on review the Commission shall determine in each particular case the amount of the probable cost of the record to be filed as a return to the summons in that case and no request for a summons may be filed and no summons shall issue unless the party seeking to review the decision of the Commission shall exhibit to the clerk of the Circuit Court proof of payment by filing a receipt showing payment or an affidavit of the attorney setting forth that payment has been made of the sums so determined to the Secretary or Assistant Secretary of the Commission.

(2) No such summons shall issue unless the one against whom the Commission shall have rendered an award for the payment of money shall upon the filing of his written request for such summons file with the clerk of the court a bond conditioned that if he shall not successfully prosecute the review, he will pay the award and the costs of the proceedings in the court. The amount of the bond shall be fixed by any member of the Commission and the surety or sureties of the bond shall be approved by the clerk of the court. The acceptance of the bond by the clerk of the court shall constitute evidence of his approval of the bond.

Every county, city, town, township, incorporated village, school district, body politic or municipal corporation having a population of 500,000 or more against whom the Commission shall have rendered an award for the payment of money shall not be required to file a bond to secure the payment of the award and the costs of the proceedings in the court to authorize the court to issue such summons.

The court may confirm or set aside the decision of the Commission. If the decision is set aside and the facts found in the proceedings before the Commission are sufficient, the court may

Appeals shall be taken from the Appellate Court to the Supreme Court in accordance with Supreme Court Rule 315.

It shall be the duty of the clerk of any court rendering a decision affecting or affirming an award of the Commission to promptly furnish the Commission with a copy of such decision, without charge.

The decision of a majority of the members of the panel of the Commission, shall be considered the decision of the Commission.

(g) Except in the case of a claim against the State of Illinois, either party may present a certified copy of the award of the Arbitrator, or a certified copy of the decision of the Commission when the same has become final, when no proceedings for review are pending, providing for the payment of compensation according to this Act, to the Circuit Court of the county in which such exposure occurred or either of the parties are residents, whereupon the court shall enter a judgment in accordance therewith. In case where the employer refuses to pay compensation according to such final award or such final decision upon which such judgment is entered, the court shall in entering judgment thereon, tax as costs against him the reasonable costs and attorney fees in the arbitration proceedings and in the court entering the judgment for the person in whose favor the judgment is entered, which judgment and costs taxed as herein provided shall, until and unless set aside, have the same effect as though duly entered in an action duly tried and determined by the court, and shall with like effect, be entered and docketed. The Circuit Court shall have power at any time upon application to make any such judgment conform to any modification required by any subsequent decision of the Supreme Court upon appeal, or as the result of any subsequent proceedings for review, as provided in this Act.

However, as to disablements occurring subsequently to July 1, 1955, which are covered by any agreement or award under this Act providing for compensation in installments made as a result of such disablement, such agreement or award may at any time within 30 months after such agreement or award be reviewed by the Commission at the request of either the employer or the employee on the ground that the disability of the employee has subsequently recurred, increased, diminished or ended.

On such review compensation payments may be re-established, increased, diminished or ended. The Commission shall give 15 days' notice to the parties of the hearing for review. Any employee, upon any petition for such review being filed by the employer, shall be entitled to one day's notice for each 100 miles necessary to be traveled by him in attending the hearing of the Commission upon the petition, and 3 days in addition thereto. Such employee shall, at the discretion of the Commission, also be entitled to 5 cents per mile necessarily traveled by him within the State of Illinois in attending such hearing, not to exceed a distance of 300 miles, to be taxed by the Commission as costs and deposited with the petition of the employer.

When compensation which is payable in accordance with an award or settlement contract approved by the Commission, is ordered paid in a lump sum by the Commission, no review shall be had as in this paragraph mentioned.

(i) Each party, upon taking any proceedings or steps whatsoever before any Arbitrator, Commission or court, shall file with the Commission his address, or the name and address of any agent upon whom all notices to be given to such party shall be served, either personally or by registered mail, addressed to such party or agent at the last address so filed with the Commission. In the event such party has not filed his address, or the name and address of an agent as above provided, service of any notice may be had by filing such notice with the Commission.

(j) Whenever in any proceeding testimony has been taken or a final decision has been rendered, and after the taking of such testimony or after such decision has become final, the employee dies, then in any subsequent

proceeding brought by the personal representative or beneficiaries of the deceased employee, such testimony in the former proceeding may be introduced with the same force and effect as though the witness having so testified were present in person in such subsequent proceedings and such final decision, if any, shall be taken as final adjudication of any of the issues which are the same in both proceedings.

(k) In any case where there has been any unreasonable or vexatious delay of payment or intentional underpayment of compensation, or proceedings have been instituted or carried on by one liable to pay the compensation, which do not present a real controversy, but are merely frivolous or for delay, then the Commission may award compensation additional to that otherwise payable under this Act equal to 50% of the amount payable at the time of such award. Failure to pay compensation in accordance with the provisions of Section 8, paragraph (b) of this Act, shall be considered unreasonable delay.

When determining whether this subsection (k) shall apply, the Commission shall consider whether an arbitrator has determined that the claim is not compensable or whether the employer has made payments under Section 8(j) of the Workers' Compensation Act.

(k-1) If the employee has made written demand for payment of benefits under Section 8(a) or Section 8(b) of the Workers' Compensation Act, the employer shall have 14 days after receipt of the demand to set forth in writing the reason for the delay. In the case of demand for payment of medical benefits under Section 8(a) of the Workers' Compensation Act, the time for the employer to respond shall not commence until the expiration of the allotted 60 days specified under Section 8.2(d) of the Workers' Compensation Act. In case the employer or his or her insurance carrier shall without good and just cause fail, neglect, refuse, or unreasonably delay the payment of benefits under Section 8(a) or Section 8(b) of the Workers' Compensation Act, the Arbitrator or the Commission shall allow to the employee additional compensation in the sum of $30 per day for each day that the benefits under Section 8(a) or Section 8(b) of the Workers' Compensation Act have been so withheld or refused, not to exceed $10,000. A delay in payment of 14 days or more shall create a rebuttable presumption of unreasonable delay.

(l) By the 15th day of each month each insurer providing coverage for losses under this Act shall notify each insured employer of any compensable claim incurred during the preceding month and the amounts paid or reserved on the claim including a summary of the claim and a brief

New matter indicated by italics - deletions by strikeout
statement of the reasons for compensability. A cumulative report of all claims incurred during a calendar year or continued from the previous year shall be furnished to the insured employer by the insurer within 30 days after the end of that calendar year.

The insured employer may challenge, in proceeding before the Commission, payments made by the insurer without arbitration and payments made after a case is determined to be noncompensable. If the Commission finds that the case was not compensable, the insurer shall purge its records as to that employer of any loss or expense associated with the claim, reimburse the employer for attorneys fee arising from the challenge and for any payment required of the employer to the Rate Adjustment Fund or the Second Injury Fund, and may not effect the loss or expense for rate making purposes. The employee shall not be required to refund the challenged payment. The decision of the Commission may be reviewed in the same manner as in arbitrated cases. No challenge may be initiated under this paragraph more than 3 years after the payment is made. An employer may waive the right of challenge under this paragraph on a case by case basis.

(m) After filing an application for adjustment of claim but prior to the hearing on arbitration the parties may voluntarily agree to submit such application for adjustment of claim for decision by an arbitrator under this subsection (m) where such application for adjustment of claim raises only a dispute over temporary total disability, permanent partial disability or medical expenses. Such agreement shall be in writing in such form as provided by the Commission. Applications for adjustment of claim submitted for decision by an arbitrator under this subsection (m) shall proceed according to rule as established by the Commission. The Commission shall promulgate rules including, but not limited to, rules to ensure that the parties are adequately informed of their rights under this subsection (m) and of the voluntary nature of proceedings under this subsection (m). The findings of fact made by an arbitrator acting within his or her powers under this subsection (m) in the absence of fraud shall be conclusive. However, the arbitrator may on his own motion, or the motion of either party, correct any clerical errors or errors in computation within 15 days after the date of receipt of such award of the arbitrator and shall have the power to recall the original award on arbitration, and issue in lieu thereof such corrected award. The decision of the arbitrator under this subsection (m) shall be considered the decision of the Commission and proceedings for review of questions of law arising from the decision may be commenced by either party pursuant to subsection (f) of Section 19.

The Advisory Board established under Section 13.1 of the Workers' Compensation Act shall compile a list of certified Commission arbitrators, each of whom shall be approved by at least 7 members of the Advisory Board. The chairman shall select 5 persons from such list to serve as arbitrators under this subsection (m). By agreement, the parties shall select one arbitrator from among the 5 persons selected by the chairman except, that if the parties do not agree on an arbitrator from among the 5 persons, the parties may, by agreement, select an arbitrator of the American Arbitration Association, whose fee shall be paid by the State in accordance with rules promulgated by the Commission. AN ACT establishing the Amistad Commission.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Historic Preservation Agency Act is amended by adding Section 22 as follows:

(20 ILCS 3405/22 new)

Sec. 22. Amistad Commission.

(a) Purpose. The General Assembly finds and declares that all people should know of and remember the human carnage and dehumanizing atrocities committed during the period of the African slave trade and slavery in America and of the vestiges of slavery in this country; and it is in fact vital to educate our citizens on these events, the legacy of slavery, the sad history of racism in this country, and the principles of human rights and dignity in a civilized society.

It is the policy of the State of Illinois that the history of the African slave trade, slavery in America, the depth of their impact in our society, and the triumphs of African-Americans and their significant contributions to the development of this country is the proper concern of all people, particularly students enrolled in the schools of the State of Illinois.

It is therefore desirable to create a Commission that, as an organized body and on a continuous basis, will survey, design, encourage, and promote the implementation of education and awareness programs in Illinois that are concerned with the African slave trade, slavery in America, the vestiges of slavery in this country, and the contributions of African-Americans in building our country; to develop workshops, institutes, seminars, and other teacher training activities designed to educate teachers on this subject matter; and that will be responsible for the coordination of events on a regular basis, throughout the State, that provide appropriate memorialization of the events concerning the enslavement of Africans and their descendants in America and their struggle for freedom, liberty, and equality.

(b) Amistad Commission. The Amistad Commission is created within the Agency. The Commission is named to honor the group of enslaved Africans transported in 1839 on a vessel named the Amistad who overthrew their captors and created an international incident that was eventually argued before the Supreme Court and that shed a growing light
on the evils of the slave trade and galvanized a growing abolitionist movement towards demanding the end of slavery in the United States.

(c) Membership. The Commission shall consist of 15 members, including 3 ex officio members: the State Superintendent of Education or his or her designee, the Director of Commerce and Economic Opportunity or his or her designee, and the Director of Historic Sites and Preservation or his or her designee; and 12 public members. (iii) 6 members, no more than 4 of whom shall be of the same political party, appointed by the Governor.

The public members shall be residents of this State, chosen with due regard to broad geographic representation and ethnic diversity, who have served actively in organizations that educate the public on the history of the African slave trade, the contributions of African-Americans to our society, and civil rights issues.

Each public member of the Commission shall serve for a term of 3 years, except that of the initial members so appointed: one member appointed by the President of the Senate, one member appointed by the Speaker of the House of Representatives, and 2 members appointed by the Governor shall serve for terms of one year; the member appointed by the Minority Leader of the Senate, one member appointed by the Speaker of the House of Representatives, and 2 members appointed by the Governor shall serve for terms of 2 years; and one member appointed by the President of the Senate, the member appointed by the Minority Leader of the House of Representatives, and 2 members appointed by the Governor shall serve for terms of 3 years. Public members shall be eligible for reappointment. They shall serve until their successors are appointed and qualified, and the term of the successor of any incumbent shall be calculated from the expiration of the term of that incumbent. A vacancy occurring other than by expiration of term shall be filled in the same manner as the original appointment, but for the unexpired term only.

(d) Election of chairperson; meetings. At its first meeting and annually thereafter, the Commission shall elect from among its members a chairperson and other officers it considers necessary or appropriate. After its first meeting, the Commission shall meet at least quarterly, or more
frequently at the call of the chairperson or if requested by 9 or more members.

division, or wholesale branch or division, or officer, agent or other representative thereof, or to do any other act prejudicial to the dealer by threatening to reduce his allocation of motor vehicles or cancel any franchise or any selling agreement existing between such manufacturer, distributor, wholesaler, distributor branch or division, or factory branch or division, or wholesale branch or division, and the dealer. However, notice in good faith to any motor vehicle dealer of the dealer's violation of any terms or provisions of such franchise or selling agreement or of any law or regulation applicable to the conduct of a motor vehicle dealer shall not constitute a violation of this Act;

(5) to require a franchisee to participate in an advertising campaign or contest or any promotional campaign, or to purchase or lease any promotional materials, training materials, show room or other display decorations or materials at the expense of the franchisee;

(6) to cancel or terminate the franchise or selling agreement of a motor vehicle dealer without good cause and without giving notice as hereinafter provided; to fail or refuse to extend the franchise or selling agreement of a motor vehicle dealer upon its expiration without good cause and without giving notice as hereinafter provided; or, to offer a renewal, replacement or succeeding franchise or selling agreement containing terms and provisions the effect of which is to substantially change or modify the sales and service obligations or capital requirements of the motor vehicle dealer arbitrarily and without good cause and without giving notice as hereinafter provided notwithstanding any term or provision of a franchise or selling agreement.

(A) If a manufacturer, distributor, wholesaler, distributor branch or division, factory branch or division or wholesale branch or division intends to cancel or terminate a franchise or selling agreement or intends not to extend or renew a franchise or selling agreement on its expiration, it shall send a letter by certified mail, return receipt requested, to the affected franchisee at least 60 days before the effective date of the proposed action, or not later than 10 days before the proposed action when the reason for the action is based upon either of the following:

(i) the business operations of the franchisee have been abandoned or the franchisee has failed to

conduct customary sales and service operations during customary business hours for at least 7 consecutive business days unless such closing is due to an act of God, strike or labor difficulty or other cause over which the franchisee has no control; or

(ii) the conviction of or plea of nolo contendere by the motor vehicle dealer or any operator thereof in a court of competent jurisdiction to an offense punishable by imprisonment for more than two years.

Each notice of proposed action shall include a detailed statement setting forth the specific grounds for the proposed cancellation, termination, or refusal to extend or renew and shall state that the dealer has only 30 days from receipt of the notice to file with the Motor Vehicle Review Board a written protest against the proposed action.

(B) If a manufacturer, distributor, wholesaler, distributor branch or division, factory branch or division or wholesale branch or division intends to change substantially or modify the sales and service obligations or capital requirements of a motor vehicle dealer as a condition to extending or renewing the existing franchise or selling agreement of such motor vehicle dealer, it shall send a letter by certified mail, return receipt requested, to the affected franchisee at least 60 days before the date of expiration of the franchise or selling agreement. Each notice of proposed action shall include a detailed statement setting forth the specific grounds for the proposed action and shall state that the dealer has only 30 days from receipt of the notice to file with the Motor Vehicle Review Board a written protest against the proposed action.

(C) Within 30 days from receipt of the notice under subparagraphs (A) and (B), the franchisee may file with the Board a written protest against the proposed action.

When the protest has been timely filed, the Board shall enter an order, fixing a date (within 60 days of the date of the order), time, and place of a hearing on the protest required under Sections 12 and 29 of this Act, and send by certified mail, return receipt requested, a copy of the order to the manufacturer that filed the notice of
intention of the proposed action and to the protesting dealer or franchisee.

The manufacturer shall have the burden of proof to establish that good cause exists to cancel or terminate, or fail to extend or renew the franchise or selling agreement of a motor vehicle dealer or franchisee, and to change substantially or modify the sales and service obligations or capital requirements of a motor vehicle dealer as a condition to extending or renewing the existing franchise or selling agreement. The determination whether good cause exists to cancel, terminate, or refuse to renew or extend the franchise or selling agreement, or to change or modify the obligations of the dealer as a condition to offer renewal, replacement, or succession shall be made by the Board under subsection (d) of Section 12 of this Act.

(D) Notwithstanding the terms, conditions, or provisions of a franchise or selling agreement, the following shall not constitute good cause for cancelling or terminating or failing to extend or renew the franchise or selling agreement: (i) the change of ownership or executive management of the franchisee's dealership; or (ii) the fact that the franchisee or owner of an interest in the franchise owns, has an investment in, participates in the management of, or holds a license for the sale of the same or any other line make of new motor vehicles.

Good cause shall exist to cancel, terminate or fail to offer a renewal or replacement franchise or selling agreement to all franchisees of a line make if the manufacturer permanently discontinues the manufacture or assembly of motor vehicles of such line make.

(E) The manufacturer may not cancel or terminate, or fail to extend or renew a franchise or selling agreement or change or modify the obligations of the franchisee as a condition to offering a renewal, replacement, or succeeding franchise or selling agreement before the hearing process is concluded as prescribed by this Act, and thereafter, if the Board determines that the manufacturer has failed to meet its burden of proof and that good cause does not exist to allow the proposed action; or

(7) notwithstanding the terms of any franchise agreement, to fail to indemnify and hold harmless its franchised dealers against any judgment or settlement for damages, including, but not limited to, court costs, expert witness fees, reasonable attorneys' fees of the new motor vehicle dealer, and other expenses incurred in the litigation, so long as such fees and costs are reasonable, arising out of complaints, claims or lawsuits including, but not limited to, strict liability, negligence, misrepresentation, warranty (express or implied), or recision of the sale as defined in Section 2-608 of the Uniform Commercial Code, to the extent that the judgment or settlement relates to the alleged defective or negligent manufacture, assembly or design of new motor vehicles, parts or accessories or other functions by the manufacturer, beyond the control of the dealer; provided that, in order to provide an adequate defense, the manufacturer receives notice of the filing of a complaint, claim, or lawsuit within 60 days after the filing.

(e) It shall be deemed a violation for a manufacturer, a distributor, a wholesaler, a distributor branch or division or officer, agent or other representative thereof:

1. to resort to or use any false or misleading advertisement in connection with his business as such manufacturer, distributor, wholesaler, distributor branch or division or officer, agent or other representative thereof;

2. to offer to sell or lease, or to sell or lease, any new motor vehicle to any motor vehicle dealer at a lower actual price therefor than the actual price offered to any other motor vehicle dealer for the same model vehicle similarly equipped or to utilize any device including, but not limited to, sales promotion plans or programs which result in such lesser actual price or fail to make available to any motor vehicle dealer any preferential pricing, incentive, rebate, finance rate, or low interest loan program offered to competing motor vehicle dealers in other contiguous states. However, the provisions of this paragraph shall not apply to sales to a motor vehicle dealer for resale to any unit of the United States Government, the State or any of its political subdivisions;

3. to offer to sell or lease, or to sell or lease, any new motor vehicle to any person, except a wholesaler, distributor or manufacturer's employees at a lower actual price therefor than the actual price offered and charged to a motor vehicle dealer for the same model vehicle similarly equipped or to utilize any device

which results in such lesser actual price. However, the provisions
of this paragraph shall not apply to sales to a motor vehicle dealer
for resale to any unit of the United States Government, the State or
any of its political subdivisions;

(4) to prevent or attempt to prevent by contract or otherwise
any motor vehicle dealer or franchisee from changing the executive
management control of the motor vehicle dealer or franchisee
unless the franchiser, having the burden of proof, proves that such
change of executive management will result in executive
management control by a person or persons who are not of good
moral character or who do not meet the franchiser's existing and,
with consideration given to the volume of sales and service of the
dealership, uniformly applied minimum business experience
standards in the market area. However where the manufacturer
rejects a proposed change in executive management control, the
manufacturer shall give written notice of his reasons to the dealer
within 60 days of notice to the manufacturer by the dealer of the
proposed change. If the manufacturer does not send a letter to the
franchisee by certified mail, return receipt requested, within 60
days from receipt by the manufacturer of the proposed change, then
the change of the executive management control of the franchisee
shall be deemed accepted as proposed by the franchisee, and the
manufacturer shall give immediate effect to such change;

(5) to prevent or attempt to prevent by contract or otherwise
any motor vehicle dealer from establishing or changing the capital
structure of his dealership or the means by or through which he
finances the operation thereof; provided the dealer meets any
reasonable capital standards agreed to between the dealer and the
manufacturer, distributor or wholesaler, who may require that the
sources, method and manner by which the dealer finances or
intends to finance its operation, equipment or facilities be fully
disclosed;

(6) to refuse to give effect to or prevent or attempt to
prevent by contract or otherwise any motor vehicle dealer or any
officer, partner or stockholder of any motor vehicle dealer from
selling or transferring any part of the interest of any of them to any
other person or persons or party or parties unless such sale or
transfer is to a transferee who would not otherwise qualify for a
new motor vehicle dealers license under "The Illinois Vehicle
Code" or unless the franchiser, having the burden of proof, proves

New matter indicated by italics - deletions by strikeout
that such sale or transfer is to a person or party who is not of good moral character or does not meet the franchiser's existing and reasonable capital standards and, with consideration given to the volume of sales and service of the dealership, uniformly applied minimum business experience standards in the market area. However, nothing herein shall be construed to prevent a franchiser from implementing affirmative action programs providing business opportunities for minorities or from complying with applicable federal, State or local law:

(A) If the manufacturer intends to refuse to approve the sale or transfer of all or a part of the interest, then it shall, within 60 days from receipt of the completed application forms generally utilized by a manufacturer to conduct its review and a copy of all agreements regarding the proposed transfer, send a letter by certified mail, return receipt requested, advising the franchisee of any refusal to approve the sale or transfer of all or part of the interest and shall state that the dealer only has 30 days from the receipt of the notice to file with the Motor Vehicle Review Board a written protest against the proposed action. The notice shall set forth specific criteria used to evaluate the prospective transferee and the grounds for refusing to approve the sale or transfer to that transferee. Within 30 days from the franchisee's receipt of the manufacturer's notice, the franchisee may file with the Board a written protest against the proposed action.

When a protest has been timely filed, the Board shall enter an order, fixing the date (within 60 days of the date of such order), time, and place of a hearing on the protest, required under Sections 12 and 29 of this Act, and send by certified mail, return receipt requested, a copy of the order to the manufacturer that filed notice of intention of the proposed action and to the protesting franchisee.

The manufacturer shall have the burden of proof to establish that good cause exists to refuse to approve the sale or transfer to the transferee. The determination whether good cause exists to refuse to approve the sale or transfer shall be made by the Board under subdivisions (6)(B). The manufacturer shall not refuse to approve the sale or transfer by a dealer or an officer, partner, or stockholder of a
franchise or any part of the interest to any person or persons before the hearing process is concluded as prescribed by this Act, and thereafter if the Board determines that the manufacturer has failed to meet its burden of proof and that good cause does not exist to refuse to approve the sale or transfer to the transferee.

(B) Good cause to refuse to approve such sale or transfer under this Section is established when such sale or transfer is to a transferee who would not otherwise qualify for a new motor vehicle dealers license under "The Illinois Vehicle Code" or such sale or transfer is to a person or party who is not of good moral character or does not meet the franchiser's existing and reasonable capital standards and, with consideration given to the volume of sales and service of the dealership, uniformly applied minimum business experience standards in the market area.

(7) to obtain money, goods, services, anything of value, or any other benefit from any other person with whom the motor vehicle dealer does business, on account of or in relation to the transactions between the dealer and the other person as compensation, except for services actually rendered, unless such benefit is promptly accounted for and transmitted to the motor vehicle dealer;

(8) to grant an additional franchise in the relevant market area of an existing franchise of the same line make or to relocate an existing motor vehicle dealership within or into a relevant market area of an existing franchise of the same line make. However, if the manufacturer wishes to grant such an additional franchise to an independent person in a bona fide relationship in which such person is prepared to make a significant investment subject to loss in such a dealership, or if the manufacturer wishes to relocate an existing motor vehicle dealership, then the manufacturer shall send a letter by certified mail, return receipt requested, to each existing dealer or dealers of the same line make whose relevant market area includes the proposed location of the additional or relocated franchise at least 60 days before the manufacturer grants an additional franchise or relocates an existing franchise of the same line make within or into the relevant market area of an existing franchisee of the same line make. Each notice shall set forth the specific grounds for the proposed grant of an additional or

relocation of an existing franchise and shall state that the dealer has only 30 days from the date of receipt of the notice to file with the Motor Vehicle Review Board a written protest against the proposed action. Unless the parties agree upon the grant or establishment of the additional or relocated franchise within 30 days from the date the notice was received by the existing franchisee of the same line make or any person entitled to receive such notice, the franchisee or other person may file with the Board a written protest against the grant or establishment of the proposed additional or relocated franchise and shall state that the dealer only has 30 days from the receipt of the notice to file with the Motor Vehicle Review Board a written protest against the proposed action.

When a protest has been timely filed, the Board shall enter an order fixing a date (within 60 days of the date of the order), time, and place of a hearing on the protest, required under Sections 12 and 29 of this Act, and send by certified or registered mail, return receipt requested, a copy of the order to the manufacturer that filed the notice of intention to grant or establish the proposed additional or relocated franchise and to the protesting dealer or dealers of the same line make whose relevant market area includes the proposed location of the additional or relocated franchise.

When more than one protest is filed against the grant or establishment of the additional or relocated franchise of the same line make, the Board may consolidate the hearings to expedite disposition of the matter. The manufacturer shall have the burden of proof to establish that good cause exists to allow the grant or establishment of the additional or relocated franchise. The manufacturer may not grant or establish the additional franchise or relocate the existing franchise before the hearing process is concluded as prescribed by this Act, and thereafter if the Board determines that the manufacturer has failed to meet its burden of proof and that good cause does not exist to allow the grant or establishment of the additional franchise or relocation of the existing franchise.

The determination whether good cause exists for allowing the grant or establishment of an additional franchise or relocated existing franchise, shall be made by the Board under subsection (c) of Section 12 of this Act. If the manufacturer seeks to enter into a contract, agreement or other arrangement with any person,
establisheing any additional motor vehicle dealership or other facility, limited to the sale of factory repurchase vehicles or late model vehicles, then the manufacturer shall follow the notice procedures set forth in this Section and the determination whether good cause exists for allowing the proposed agreement shall be made by the Board under subsection (c) of Section 12, with the manufacturer having the burden of proof.

A. (Blank).

B. For the purposes of this Section, appointment of a successor motor vehicle dealer at the same location as its predecessor, or within 2 miles of such location, or the relocation of an existing dealer or franchise within 2 miles of the relocating dealer's or franchisee's existing location, shall not be construed as a grant, establishment or the entering into of an additional franchise or selling agreement, or a relocation of an existing franchise. The reopening of a motor vehicle dealership that has not been in operation for 18 months or more shall be deemed the grant of an additional franchise or selling agreement.

C. This Section does not apply to the relocation of an existing dealership or franchise in a county having a population of more than 300,000 persons when the new location is within the dealer's current relevant market area, provided the new location is more than 7 miles from the nearest dealer of the same line make. This Section does not apply to the relocation of an existing dealership or franchise in a county having a population of less than 300,000 persons when the new location is within the dealer's current relevant market area, provided the new location is more than 12 miles from the nearest dealer of the same line make. A dealer that would be farther away from the new location of an existing dealership or franchise of the same line make after a relocation may not file a written protest against the relocation with the Motor Vehicle Review Board.

D. Nothing in this Section shall be construed to prevent a franchiser from implementing affirmative action programs providing business opportunities for minorities or from complying with applicable federal, State or local law;

(9) to require a motor vehicle dealer to assent to a release, assignment, novation, waiver or estoppel which would relieve any person from liability imposed by this Act;

(10) to prevent or refuse to give effect to the succession to the ownership or management control of a dealership by any legatee under the will of a dealer or to an heir under the laws of descent and distribution of this State unless the franchisee has designated a successor to the ownership or management control under the succession provisions of the franchise. Unless the franchiser, having the burden of proof, proves that the successor is a person who is not of good moral character or does not meet the franchiser's existing and reasonable capital standards and, with consideration given to the volume of sales and service of the dealership, uniformly applied minimum business experience standards in the market area, any designated successor of a dealer or franchisee may succeed to the ownership or management control of a dealership under the existing franchise if:

(i) The designated successor gives the franchiser written notice by certified mail, return receipt requested, of his or her intention to succeed to the ownership of the dealer within 60 days of the dealer's death or incapacity; and

(ii) The designated successor agrees to be bound by all the terms and conditions of the existing franchise.

Notwithstanding the foregoing, in the event the motor vehicle dealer or franchisee and manufacturer have duly executed an agreement concerning succession rights prior to the dealer's death or incapacitation, the agreement shall be observed.

(A) If the franchiser intends to refuse to honor the successor to the ownership of a deceased or incapacitated dealer or franchisee under an existing franchise agreement, the franchiser shall send a letter by certified mail, return receipt requested, to the designated successor within 60 days from receipt of a proposal advising of its intent to refuse to honor the succession and to discontinue the existing franchise agreement and shall state that the designated successor only has 30 days from the receipt of the notice to file with the Motor Vehicle Review Board a written protest against the proposed action. The notice shall

set forth the specific grounds for the refusal to honor the succession and discontinue the existing franchise agreement.

If notice of refusal is not timely served upon the designated successor, the franchise agreement shall continue in effect subject to termination only as otherwise permitted by paragraph (6) of subsection (d) of Section 4 of this Act.

Within 30 days from the date the notice was received by the designated successor or any other person entitled to notice, the designee or other person may file with the Board a written protest against the proposed action.

When a protest has been timely filed, the Board shall enter an order, fixing a date (within 60 days of the date of the order), time, and place of a hearing on the protest, required under Sections 12 and 29 of this Act, and send by certified mail, return receipt requested, a copy of the order to the franchiser that filed the notice of intention of the proposed action and to the protesting designee or such other person.

The manufacturer shall have the burden of proof to establish that good cause exists to refuse to honor the succession and discontinue the existing franchise agreement. The determination whether good cause exists to refuse to honor the succession shall be made by the Board under subdivision (B) of this paragraph (10). The manufacturer shall not refuse to honor the succession or discontinue the existing franchise agreement before the hearing process is concluded as prescribed by this Act, and thereafter if the Board determines that it has failed to meet its burden of proof and that good cause does not exist to refuse to honor the succession and discontinue the existing franchise agreement.

(B) No manufacturer shall impose any conditions upon honoring the succession and continuing the existing franchise agreement with the designated successor other than that the franchisee has designated a successor to the ownership or management control under the succession provisions of the franchise, or that the designated successor

is of good moral character or meets the reasonable capital standards and, with consideration given to the volume of sales and service of the dealership, uniformly applied minimum business experience standards in the market area;

(11) to prevent or refuse to approve a proposal to establish a successor franchise at a location previously approved by the franchiser when submitted with the voluntary termination by the existing franchisee unless the successor franchisee would not otherwise qualify for a new motor vehicle dealer's license under the Illinois Vehicle Code or unless the franchiser, having the burden of proof, proves that such proposed successor is not of good moral character or does not meet the franchiser's existing and reasonable capital standards and, with consideration given to the volume of sales and service of the dealership, uniformly applied minimum business experience standards in the market area. However, when such a rejection of a proposal is made, the manufacturer shall give written notice of its reasons to the franchisee within 60 days of receipt by the manufacturer of the proposal. However, nothing herein shall be construed to prevent a franchiser from implementing affirmative action programs providing business opportunities for minorities, or from complying with applicable federal, State or local law;

(12) to prevent or refuse to grant a franchise to a person because such person owns, has investment in or participates in the management of or holds a franchise for the sale of another make or line of motor vehicles within 7 miles of the proposed franchise location in a county having a population of more than 300,000 persons, or within 12 miles of the proposed franchise location in a county having a population of less than 300,000 persons; or

(13) to prevent or attempt to prevent any new motor vehicle dealer from establishing any additional motor vehicle dealership or other facility limited to the sale of factory repurchase vehicles or late model vehicles or otherwise offering for sale factory repurchase vehicles of the same line make at an existing franchise by failing to make available any contract, agreement or other arrangement which is made available or otherwise offered to any person.

(f) It is deemed a violation for a manufacturer, a distributor, a wholesale, a distributor branch or division, a factory branch or division, or a wholesale branch or division, or officer, agent, broker, shareholder,
except a shareholder of 1% or less of the outstanding shares of any class of securities of a manufacturer, distributor, or wholesaler which is a publicly traded corporation, or other representative, directly or indirectly, to own or operate a place of business as a motor vehicle franchisee or motor vehicle financing affiliate, except that, this subsection shall not prohibit the ownership or operation of a place of business by a manufacturer, distributor, or wholesaler for a period, not to exceed 18 months, during the transition from one motor vehicle franchisee to another; or the investment in a motor vehicle franchisee by a manufacturer, distributor, or wholesaler if the investment is for the sole purpose of enabling a partner or shareholder in that motor vehicle franchisee to acquire an interest in that motor vehicle franchisee and that partner or shareholder is not otherwise employed by or associated with the manufacturer, distributor, or wholesaler and would not otherwise have the requisite capital investment funds to invest in the motor vehicle franchisee, and has the right to purchase the entire equity interest of the manufacturer, distributor, or wholesaler in the motor vehicle franchisee within a reasonable period of time not to exceed 5 years.

(10 ILCS 5/17-8) (from Ch. 46, par. 17-8)

Sec. 17-8. The county clerk shall provide in each polling place, so designated or provided a sufficient number of booths, which shall be provided with such supplies and conveniences, including shelves, pens, penholders, ink, blotters and pencils, as will enable the voter to prepare his ballot for voting, and in which voters may prepare their ballots screened from all observation as to the manner in which they do so. They shall be within plain view of election officers, and both they and the ballot boxes

shall be within plain view of those within the proximity of the voting booths. Each of said booths shall have 3 sides enclosed, one side in front, to be closed with a curtain. Each side of each booth shall be 6 feet 4 inches and the curtain shall extend within 2 feet of the floor, which shall be closed while the voter is preparing his ballot. Each booth shall be at least 32 inches square and shall contain a shelf at least one foot wide, at a convenient height for writing. No person other than the election officers and the challengers allowed by law, and those admitted for the purpose of voting as herein provided, shall be permitted within the proximity of the voting booths, (i) except by authority of the election officers to keep order and enforce the law and (ii) except that one or more children under the age of 18 may accompany their parent or guardian into the voting booth as long as a request to do so is made to the election officers and, in the sole discretion of the election officers, the child or children are not likely to disrupt or interfere with the voting process or influence the casting of a vote. The number of such voting booths shall not be less than one to every 75 voters or fraction thereof who voted at the last preceding election in the precinct. The expense of providing booths and other things required in this Act shall be paid in the same manner as other election expenses.

Where electronic voting systems are used, a booth with a self-contained electronic voting device may be used. Each such booth shall have 3 sides enclosed and shall be equipped with a curtain for closing the front of the booth. The curtain must extend to within 2 feet of the floor. Each side shall be of such a height, in no event less than 5 feet, one inch, as to insure the secrecy of the voter. Each booth shall be at least 32 inches square, provided, however, that where a booth is no more than 23 inches wide and the sides of such booth extend from a point below the device to a height of 5 feet, one inch, at the front of the booth, and such booth insures that voters may prepare their ballots in secrecy, such booth may be used.

give. A cross (X) in the square in front of the bracket enclosing the names of a team of candidates for Governor and Lieutenant Governor counts as one vote for each of such candidates. Before leaving the voting booth the voter shall fold his ballot in such manner as to conceal the marks thereon. He shall then vote forthwith in the manner herein provided, except that the number corresponding to the number of the voter on the poll books shall not be indorsed on the back of his ballot. He shall mark and deliver his ballot without undue delay, and shall quit said inclosed space as soon as he has voted. No voter shall be allowed to occupy a voting booth already occupied by another, nor remain within said inclosed space more than ten minutes, nor to occupy a voting booth more than five minutes in case all of said voting booths are in use and other voters waiting to occupy the same. No voter not an election officer, shall, after having voted, be allowed to re-enter said inclosed space during said election. No person shall take or remove any ballot from the polling place before the close of the poll. No voter shall vote or offer to vote any ballot except such as he has received from the judges of election in charge of the ballots. Any voter who shall, by accident or mistake, spoil his ballot, may, on returning said spoiled ballot, receive another in place thereof only after the word "spoiled" has been written in ink diagonally across the entire face of the ballot returned by the voter.

Where voting machines or electronic voting systems are used, the provisions of this section may be modified as required or authorized by Article 24 or Article 24A, whichever is applicable.

(735 ILCS 5/2-1402) (from Ch. 110, par. 2-1402)

Sec. 2-1402. Supplementary proceedings.

(a) A judgment creditor, or his or her successor in interest when that interest is made to appear of record, is entitled to prosecute supplementary proceedings for the purposes of examining the judgment debtor or any other person to discover assets or income of the debtor not exempt from the enforcement of the judgment, a deduction order or garnishment, and of compelling the application of non-exempt assets or income discovered toward the payment of the amount due under the judgment. A supplementary proceeding shall be commenced by the service of a citation issued by the clerk. The procedure for conducting supplementary proceedings shall be prescribed by rules. It is not a prerequisite to the commencement of a supplementary proceeding that a certified copy of the judgment has been returned wholly or partly unsatisfied. All citations issued by the clerk shall have the following language, or language substantially similar thereto, stated prominently on the front, in capital letters: "YOUR FAILURE TO APPEAR IN COURT AS HEREIN DIRECTED MAY CAUSE YOU TO BE ARRESTED AND BROUGHT BEFORE THE COURT TO ANSWER TO A CHARGE OF CONTEMPT OF COURT, WHICH MAY BE PUNISHABLE BY IMPRISONMENT IN THE COUNTY JAIL." The court shall not grant a continuance of the supplementary proceeding except upon good cause shown.

(b) Any citation served upon a judgment debtor or any other person shall include a certification by the attorney for the judgment creditor or the judgment creditor setting forth the amount of the judgment, the date of the judgment, or its revival date, the balance due thereon, the name of the court, and the number of the case, and a copy of the citation notice required by this subsection. Whenever a citation is served upon a person or party other than the judgment debtor, the officer or person serving the citation shall send to the judgment debtor, within three business days of

(1) Compel the judgment debtor to deliver up, to be applied in satisfaction of the judgment, in whole or in part, money, choses in action, property or effects in his or her possession or control, so discovered, capable of delivery and to which his or her title or right of possession is not substantially disputed.

(2) Compel the judgment debtor to pay to the judgment creditor or apply on the judgment, in installments, a portion of his or her income, however or whenever earned or acquired, as the court may deem proper, having due regard for the reasonable requirements of the judgment debtor and his or her family, if dependent upon him or her, as well as any payments required to be made by prior order of court or under wage assignments outstanding; provided that the judgment debtor shall not be compelled to pay income which would be considered exempt as wages under the Wage Deduction Statute. The court may modify an order for installment payments, from time to time, upon application of either party upon notice to the other.

(3) Compel any person cited, other than the judgment debtor, to deliver up any assets so discovered, to be applied in satisfaction of the judgment, in whole or in part, when those assets are held under such circumstances that in an action by the judgment debtor he or she could recover them in specie or obtain a judgment for the proceeds or value thereof as for conversion or embezzlement.

(4) Enter any order upon or judgment against the person cited that could be entered in any garnishment proceeding.

(5) Compel any person cited to execute an assignment of any chose in action or a conveyance of title to real or personal property, in the same manner and to the same extent as a court could do in any proceeding by a judgment creditor to enforce payment of a judgment or in aid of the enforcement of a judgment.

(6) Authorize the judgment creditor to maintain an action against any person or corporation that, it appears upon proof satisfactory to the court, is indebted to the judgment debtor, for the recovery of the debt, forbid the transfer or other disposition of the debt until an action can be commenced and prosecuted to judgment, direct that the papers or proof in the possession or control of the debtor and necessary in the prosecution of the action be delivered to the creditor or impounded in court, and provide for

the disposition of any moneys in excess of the sum required to pay the judgment creditor's judgment and costs allowed by the court.

(d) No order or judgment shall be entered under subsection (c) in favor of the judgment creditor unless there appears of record a certification of mailing showing that a copy of the citation and a copy of the citation notice was mailed to the judgment debtor as required by subsection (b).

(e) All property ordered to be delivered up shall, except as otherwise provided in this Section, be delivered to the sheriff to be collected by the sheriff or sold at public sale and the proceeds thereof applied towards the payment of costs and the satisfaction of the judgment.

(f) (1) The citation may prohibit the party to whom it is directed from making or allowing any transfer or other disposition of, or interfering with, any property not exempt from the enforcement of a judgment therefrom, a deduction order or garnishment, belonging to the judgment debtor or to which he or she may be entitled or which may thereafter be acquired by or become due to him or her, and from paying over or otherwise disposing of any moneys not so exempt which are due or to become due to the judgment debtor, until the further order of the court or the termination of the proceeding, whichever occurs first. The third party may not be obliged to withhold the payment of any moneys beyond double the amount of the balance due sought to be enforced by the judgment creditor. The court may punish any party who violates the restraining provision of a citation as and for a contempt, or if the party is a third party may enter judgment against him or her in the amount of the unpaid portion of the judgment and costs allowable under this Section, or in the amount of the value of the property transferred, whichever is lesser.

(2) The court may enjoin any person, whether or not a party to the supplementary proceeding, from making or allowing any transfer or other disposition of, or interference with, the property of the judgment debtor not exempt from the enforcement of a judgment, a deduction order or garnishment, or the property or debt not so exempt concerning which any person is required to attend and be examined until further direction in the premises. The injunction order shall remain in effect until vacated by the court or until the proceeding is terminated, whichever first occurs.

(g) If it appears that any property, chose in action, credit or effect discovered, or any interest therein, is claimed by any person, the court shall, as in garnishment proceedings, permit or require the claimant to

appear and maintain his or her right. The rights of the person cited and the rights of any adverse claimant shall be asserted and determined pursuant to the law relating to garnishment proceedings.

(h) Costs in proceedings authorized by this Section shall be allowed, assessed and paid in accordance with rules, provided that if the court determines, in its discretion, that costs incurred by the judgment creditor were improperly incurred, those costs shall be paid by the judgment creditor.

(i) This Section is in addition to and does not affect enforcement of judgments or proceedings supplementary thereto, by any other methods now or hereafter provided by law.

(j) This Section does not grant the power to any court to order installment or other payments from, or compel the sale, delivery, surrender, assignment or conveyance of any property exempt by statute from the enforcement of a judgment thereon, a deduction order, garnishment, attachment, sequestration, process or other levy or seizure.

(k) (Blank).

(l) At any citation hearing at which the judgment debtor appears and seeks a declaration that certain of his or her income or assets are exempt, the court shall proceed to determine whether the property which the judgment debtor declares to be exempt is exempt from judgment. At any time before the return date specified on the citation, the judgment debtor may request, in writing, a hearing to declare exempt certain income and assets by notifying the clerk of the court before that time, using forms as may be provided by the clerk of the court. The clerk of the court will obtain a prompt hearing date from the court and will provide the necessary forms that must be prepared by the judgment debtor or the attorney for the judgment debtor and sent to the judgment creditor, or the judgment creditor's attorney, regarding the time and location of the hearing. This notice may be sent by regular first class mail. At the hearing, the court shall immediately, unless for good cause shown that the hearing is to be continued, shall proceed to determine whether the property which the judgment debtor declares to be exempt is exempt from judgment. The restraining provisions of subsection (f) shall not apply to any property determined by the court to be exempt.

(m) The judgment or balance due on the judgment becomes a lien when a citation is served in accordance with subsection (a) of this Section. The lien binds nonexempt personal property, including money, choses in action, and effects of the judgment debtor as follows:

New matter indicated by italics - deletions by strikeout
(1) When the citation is directed against the judgment debtor, upon all personal property belonging to the judgment debtor in the possession or control of the judgment debtor or which may thereafter be acquired or come due to the judgment debtor to the time of the disposition of the citation.

(2) When the citation is directed against a third party, upon all personal property belonging to the judgment debtor in the possession or control of the third party or which thereafter may be acquired or come due to the judgment debtor and comes into the possession or control of the third party to the time of the disposition of the citation.

The lien established under this Section does not affect the rights of citation respondents in property prior to the service of the citation upon them and does not affect the rights of bona fide purchasers or lenders without notice of the citation. The lien is effective for the period specified by Supreme Court Rule.

This subsection (m), as added by Public Act 88-48, is a declaration of existing law.

(n) If any provision of this Act or its application to any person or circumstance is held invalid, the invalidity of that provision or application does not affect the provisions or applications of the Act that can be given effect without the invalid provision or application.

(a) Upon receipt of a certified report, as prescribed by subsection (c) of this Section, from any municipality stating that the owner of a registered vehicle has failed to pay any fine or penalty due and owing as a result of 10 or more violations of a municipality's vehicular standing, parking, or compliance regulations established by ordinance pursuant to Section 11-208.3 of this Code, the Secretary of State shall suspend the driving privileges of such person in accordance with the procedures set forth in this Section. The Secretary shall also suspend the driving privileges of an owner of a registered vehicle upon receipt of a certified report, as prescribed by subsection (f) of this Section, from any municipality stating that such person has failed to satisfy any fines or penalties imposed by final judgments for 10 or more violations of local standing, parking, or compliance regulations after exhaustion of judicial review procedures.

(b) Following receipt of the certified report of the municipality as specified in this Section, the Secretary of State shall notify the person whose name appears on the certified report that the person's driver's license will be suspended at the end of a specified period of time unless the Secretary of State is presented with a notice from the municipality certifying that the fine or penalty due and owing the municipality has been paid or that inclusion of that person's name on the certified report was in error. The Secretary's notice shall state in substance the information contained in the municipality's certified report to the Secretary, and shall be effective as specified by subsection (c) of Section 6-211 of this Code.

(2) The name of the municipality making the report pursuant to this Section.

(3) A statement that the municipality sent a notice of impending drivers license suspension as prescribed by ordinance enacted pursuant to Section 11-208.3, to the person named in the report at the address recorded with the Secretary of State or at the last address known to the lessor of the cited vehicle at the time of lease or, if any notice sent under Section 11-208.3 of this Code is returned as undeliverable, at the last known address recorded in a United States Post Office approved database; the date on which such notice was sent; and the address to which such notice was sent. In a municipality with a population of 1,000,000 or more, the report shall also include a statement that the alleged violator's State vehicle registration number and vehicle make are correct as they appear on the citations.

(f) Any municipality, other than a municipality establishing vehicular standing, parking, and compliance regulations pursuant to Section 11-208.3, may also cause a suspension of a person's drivers license pursuant to this Section. Such municipality may invoke this sanction by making a certified report to the Secretary of State upon a person's failure to satisfy any fine or penalty imposed by final judgment for 10 or more violations of local standing, parking, or compliance regulations after exhaustion of judicial review procedures, but only if:

1. the municipality complies with the provisions of this Section in all respects except in regard to enacting an ordinance pursuant to Section 11-208.3;

(g) Any municipality, other than a municipality establishing standing, parking, and compliance regulations pursuant to Section 11-208.3, may provide by ordinance for the sending of a notice of impending drivers license suspension to the person who has failed to satisfy any fine or penalty imposed by final judgment for 10 or more violations of local standing, parking, or compliance regulations after exhaustion of judicial review procedures. An ordinance so providing shall specify that the notice sent to the person liable for any fine or penalty shall state that failure to pay the fine or penalty owing within 45 days of the notice's date will result in the municipality notifying the Secretary of State that the person's drivers license is eligible for suspension pursuant to this Section. The notice of impending drivers license suspension shall be sent by first class United States mail, postage prepaid, to the address recorded with the Secretary of State or at the last address known to the lessor of the cited vehicle at the time of lease or, if any notice sent under Section 11-208.3 of this Code is returned as undeliverable, to the last known address recorded in a United States Post Office approved database.

(625 ILCS 5/11-208.3) (from Ch. 95 1/2, par. 11-208.3)
Sec. 11-208.3. Administrative adjudication of violations of traffic regulations concerning the standing, parking, or condition of vehicles.
(a) Any municipality may provide by ordinance for a system of administrative adjudication of vehicular standing and parking violations and vehicle compliance violations as defined in this subsection. The administrative system shall have as its purpose the fair and efficient enforcement of municipal regulations through the administrative adjudication of violations of municipal ordinances regulating the standing and parking of vehicles, the condition and use of vehicle equipment, and the display of municipal wheel tax licenses within the municipality's borders. The administrative system shall only have authority to adjudicate civil offenses carrying fines not in excess of $250 that occur after the effective date of the ordinance adopting such a system under this Section. For purposes of this Section, "compliance violation" means a violation of a municipal regulation governing the condition or use of equipment on a vehicle or governing the display of a municipal wheel tax license.
(b) Any ordinance establishing a system of administrative adjudication under this Section shall provide for:

(1) A traffic compliance administrator authorized to adopt, distribute and process parking and compliance violation notices and other notices required by this Section, collect money paid as fines and penalties for violation of parking and compliance ordinances, and operate an administrative adjudication system. The traffic compliance administrator also may make a certified report to the Secretary of State under Section 6-306.5.

(2) A parking, standing, or compliance violation notice that shall specify the date, time, and place of violation of a parking, standing, or compliance regulation; the particular regulation violated; the fine and any penalty that may be assessed for late payment, when so provided by ordinance; the vehicle make and state registration number; and the identification number of the person issuing the notice. With regard to municipalities with a population of 1 million or more, it shall be grounds for dismissal of a parking violation if the State registration number or vehicle make specified is incorrect. The violation notice shall state that the payment of the indicated fine, and of any applicable penalty for late payment, shall operate as a final disposition of the violation. The notice also shall contain information as to the availability of a hearing in which the violation may be contested on its merits. The violation notice shall specify the time and manner in which a hearing may be had.

(3) Service of the parking, standing, or compliance violation notice by affixing the original or a facsimile of the notice to an unlawfully parked vehicle or by handing the notice to the operator of a vehicle if he or she is present. A person authorized by ordinance to issue and serve parking, standing, and compliance violation notices shall certify as to the correctness of the facts entered on the violation notice by signing his or her name to the notice at the time of service or in the case of a notice produced by a computerized device, by signing a single certificate to be kept by the traffic compliance administrator attesting to the correctness of all notices produced by the device while it was under his or her control. The original or a facsimile of the violation notice or, in the case of a notice produced by a computerized device, a printed record generated by the device showing the facts entered on the notice, shall be retained by the traffic compliance administrator, and shall be a record kept in the ordinary course of business. A parking, standing, or compliance violation notice issued, signed and served in accordance with this Section, a copy of the notice, or the computer generated record shall be prima facie correct and shall be prima facie evidence of the correctness of the facts shown on the notice. The notice, copy, or computer generated record shall be admissible in any subsequent administrative or legal proceedings.
(4) An opportunity for a hearing for the registered owner of the vehicle cited in the parking, standing, or compliance violation notice in which the owner may contest the merits of the alleged violation, and during which formal or technical rules of evidence shall not apply; provided, however, that under Section 11-1306 of this Code the lessee of a vehicle cited in the violation notice likewise shall be provided an opportunity for a hearing of the same kind afforded the registered owner. The hearings shall be recorded, and the person conducting the hearing on behalf of the traffic compliance administrator shall be empowered to administer oaths and to secure by subpoena both the attendance and testimony of witnesses and the production of relevant books and papers. Persons appearing at a hearing under this Section may be represented by counsel at their expense. The ordinance may also provide for internal administrative review following the decision of the hearing officer.

(5) Service of additional notices, sent by first class United States mail, postage prepaid, to the address of the registered owner of the cited vehicle as recorded with the Secretary of State or, if any notice to that address is returned as undeliverable, to the last known address recorded in a United States Post Office approved database, or, under Section 11-1306 of this Code, to the lessee of the cited vehicle at the last address known to the lessor of the cited vehicle at the time of lease or, if any notice to that address is returned as undeliverable, to the last known address recorded in a United States Post Office approved database. The service shall be deemed complete as of the date of deposit in the United States mail. The notices shall be in the following sequence and shall include but not be limited to the information specified herein:

(i) A second notice of violation. This notice shall specify the date and location of the violation cited in the parking, standing, or compliance violation notice, the particular regulation violated, the vehicle make and state registration number, the fine and any penalty that may be assessed for late payment when so provided by ordinance, the availability of a hearing in which the violation may be contested on its merits, and the time and manner in which the hearing may be had. The notice of violation shall also state that failure either to pay the indicated fine and any applicable penalty, or to appear at a hearing on the merits in
the time and manner specified, will result in a final determination of violation liability for the cited violation in the amount of the fine or penalty indicated, and that, upon the occurrence of a final determination of violation liability for the failure, and the exhaustion of, or failure to exhaust, available administrative or judicial procedures for review, any unpaid fine or penalty will constitute a debt due and owing the municipality.

(ii) A notice of final determination of parking, standing, or compliance violation liability. This notice shall be sent following a final determination of parking, standing, or compliance violation liability and the conclusion of judicial review procedures taken under this Section. The notice shall state that the unpaid fine or penalty is a debt due and owing the municipality. The notice shall contain warnings that failure to pay any fine or penalty due and owing the municipality within the time specified may result in the municipality's filing of a petition in the Circuit Court to have the unpaid fine or penalty rendered a judgment as provided by this Section, or may result in suspension of the person's drivers license for failure to pay fines or penalties for 10 or more parking violations under Section 6-306.5.

(6) A Notice of impending drivers license suspension. This notice shall be sent to the person liable for any fine or penalty that remains due and owing on 10 or more parking violations. The notice shall state that failure to pay the fine or penalty owing within 45 days of the notice's date will result in the municipality notifying the Secretary of State that the person is eligible for initiation of suspension proceedings under Section 6-306.5 of this Code. The notice shall also state that the person may obtain a photostatic copy of an original ticket imposing a fine or penalty by sending a self addressed, stamped envelope to the municipality along with a request for the photostatic copy. The notice of impending drivers license suspension shall be sent by first class United States mail, postage prepaid, to the address recorded with the Secretary of State or, if any notice to that address is returned as undeliverable, to the last known address recorded in a United States Post Office approved database.

(7) Final determinations of violation liability. A final determination of violation liability shall occur following failure to

pay the fine or penalty after a hearing officer's determination of violation liability and the exhaustion of or failure to exhaust any administrative review procedures provided by ordinance. Where a person fails to appear at a hearing to contest the alleged violation in the time and manner specified in a prior mailed notice, the hearing officer's determination of violation liability shall become final: (A) upon denial of a timely petition to set aside that determination, or (B) upon expiration of the period for filing the petition without a filing having been made.

(8) A petition to set aside a determination of parking, standing, or compliance violation liability that may be filed by a person owing an unpaid fine or penalty. The petition shall be filed with and ruled upon by the traffic compliance administrator in the manner and within the time specified by ordinance. The grounds for the petition may be limited to: (A) the person not having been the owner or lessee of the cited vehicle on the date the violation notice was issued, (B) the person having already paid the fine or penalty for the violation in question, and (C) excusable failure to appear at or request a new date for a hearing. With regard to municipalities with a population of 1 million or more, it shall be grounds for dismissal of a parking violation if the State registration number or vehicle make specified is incorrect. After the determination of parking, standing, or compliance violation liability has been set aside upon a showing of just cause, the registered owner shall be provided with a hearing on the merits for that violation.

(9) Procedures for non-residents. Procedures by which persons who are not residents of the municipality may contest the merits of the alleged violation without attending a hearing.

(10) A schedule of civil fines for violations of vehicular standing, parking, and compliance regulations enacted by ordinance pursuant to this Section, and a schedule of penalties for late payment of the fines, provided, however, that the total amount of the fine and penalty for any one violation shall not exceed $250.

(11) Other provisions as are necessary and proper to carry into effect the powers granted and purposes stated in this Section.

(c) Any municipality establishing vehicular standing, parking, and compliance regulations under this Section may also provide by ordinance for a program of vehicle immobilization for the purpose of facilitating enforcement of those regulations. The program of vehicle immobilization

shall provide for immobilizing any eligible vehicle upon the public way by presence of a restraint in a manner to prevent operation of the vehicle. Any ordinance establishing a program of vehicle immobilization under this Section shall provide:

(1) Criteria for the designation of vehicles eligible for immobilization. A vehicle shall be eligible for immobilization when the registered owner of the vehicle has accumulated the number of unpaid final determinations of parking, standing, or compliance violation liability as determined by ordinance.

(2) A notice of impending vehicle immobilization and a right to a hearing to challenge the validity of the notice by disproving liability for the unpaid final determinations of parking, standing, or compliance violation liability listed on the notice.

(3) The right to a prompt hearing after a vehicle has been immobilized or subsequently towed without payment of the outstanding fines and penalties on parking, standing, or compliance violations for which final determinations have been issued. An order issued after the hearing is a final administrative decision within the meaning of Section 3-101 of the Code of Civil Procedure.

(4) A post immobilization and post-towing notice advising the registered owner of the vehicle of the right to a hearing to challenge the validity of the impoundment.
