control facility which is subject to such review. An applicant for local siting approval shall submit sufficient details describing the proposed facility to demonstrate compliance, and local siting approval shall be granted only if the proposed facility meets the following criteria:

(i) the facility is necessary to accommodate the waste needs of the area it is intended to serve;

(ii) the facility is so designed, located and proposed to be operated that the public health, safety and welfare will be protected;

(iii) the facility is located so as to minimize incompatibility with the character of the surrounding area and to minimize the effect on the value of the surrounding property;

(iv) (A) for a facility other than a sanitary landfill or waste disposal site, the facility is located outside the boundary of the 100 year flood plain or the site is flood-proofed; (B) for a facility that is a sanitary landfill or waste disposal site, the facility is located outside the boundary of the 100-year floodplain, or if the facility is a facility described in subsection (b)(3) of Section 22.19a, the site is flood-proofed;

(v) the plan of operations for the facility is designed to minimize the danger to the surrounding area from fire, spills, or other operational accidents;

(vi) the traffic patterns to or from the facility are so designed as to minimize the impact on existing traffic flows;

(vii) if the facility will be treating, storing or disposing of hazardous waste, an emergency response plan exists for the facility which includes notification, containment and evacuation procedures to be used in case of an accidental release;

(viii) if the facility is to be located in a county where the county board has adopted a solid waste management plan consistent with the planning requirements of the Local Solid Waste Disposal Act or the Solid Waste Planning and Recycling Act, the facility is consistent with that plan; *for purposes of this criterion (viii), the "solid waste management plan" means the plan that is in effect as of the date the application for siting approval is filed;* and

(ix) if the facility will be located within a regulated recharge area, any applicable requirements specified by the Board for such areas have been met.

The county board or the governing body of the municipality may also consider as evidence the previous operating experience and past record of

convictions or admissions of violations of the applicant (and any subsidiary or parent corporation) in the field of solid waste management when considering criteria (ii) and (v) under this Section.

(b) No later than 14 days before the date on which the county board or governing body of the municipality receives a request for site approval, the applicant shall cause written notice of such request to be served either in person or by registered mail, return receipt requested, on the owners of all property within the subject area not solely owned by the applicant, and on the owners of all property within 250 feet in each direction of the lot line of the subject property, said owners being such persons or entities which appear from the authentic tax records of the County in which such facility is to be located; provided, that the number of all feet occupied by all public roads, streets, alleys and other public ways shall be excluded in computing the 250 feet requirement; provided further, that in no event shall this requirement exceed 400 feet, including public streets, alleys and other public ways.

Such written notice shall also be served upon members of the General Assembly from the legislative district in which the proposed facility is located and shall be published in a newspaper of general circulation published in the county in which the site is located.

Such notice shall state the name and address of the applicant, the location of the proposed site, the nature and size of the development, the nature of the activity proposed, the probable life of the proposed activity, the date when the request for site approval will be submitted, and a description of the right of persons to comment on such request as hereafter provided.

(c) An applicant shall file a copy of its request with the county board of the county or the governing body of the municipality in which the proposed site is located. The request shall include (i) the substance of the applicant's proposal and (ii) all documents, if any, submitted as of that date to the Agency pertaining to the proposed facility, except trade secrets as determined under Section 7.1 of this Act. All such documents or other materials on file with the county board or governing body of the municipality shall be made available for public inspection at the office of the county board or the governing body of the municipality and may be copied upon payment of the actual cost of reproduction.

Any person may file written comment with the county board or governing body of the municipality concerning the appropriateness of the proposed site for its intended purpose. The county board or governing body of the municipality shall consider any comment received or postmarked not later than 30 days after the date of the last public hearing.

New matter indicated by italics - deletions by strikeout
(d) At least one public hearing is to be held by the county board or governing body of the municipality no sooner than 90 days but no later than 120 days after the date on which it received the request for site approval. No later than 14 days prior to such hearing, notice shall be published in a newspaper of general circulation published in the county of the proposed site, and delivered by certified mail to all members of the General Assembly from the district in which the proposed site is located, to the governing authority of every municipality contiguous to the proposed site or contiguous to the municipality in which the proposed site is to be located, to the county board of the county where the proposed site is to be located, if the proposed site is located within the boundaries of a municipality, and to the Agency. Members or representatives of the governing authority of a municipality contiguous to the proposed site or contiguous to the municipality in which the proposed site is to be located and, if the proposed site is located in a municipality, members or representatives of the county board of a county in which the proposed site is to be located may appear at and participate in public hearings held pursuant to this Section. The public hearing shall develop a record sufficient to form the basis of appeal of the decision in accordance with Section 40.1 of this Act. The fact that a member of the county board or governing body of the municipality has publicly expressed an opinion on an issue related to a site review proceeding shall not preclude the member from taking part in the proceeding and voting on the issue.

(e) Decisions of the county board or governing body of the municipality are to be in writing, specifying the reasons for the decision, such reasons to be in conformance with subsection (a) of this Section. In granting approval for a site the county board or governing body of the municipality may impose such conditions as may be reasonable and necessary to accomplish the purposes of this Section and as are not inconsistent with regulations promulgated by the Board. Such decision shall be available for public inspection at the office of the county board or governing body of the municipality and may be copied upon payment of the actual cost of reproduction. If there is no final action by the county board or governing body of the municipality within 180 days after the date on which it received the request for site approval, the applicant may deem the request approved.

At any time prior to completion by the applicant of the presentation of the applicant's factual evidence and an opportunity for cross-questioning by the county board or governing body of the municipality and any participants, the applicant may file not more than one amended application upon payment of additional fees pursuant to subsection (k); in which case the
time limitation for final action set forth in this subsection (e) shall be extended for an additional period of 90 days.

If, prior to making a final local siting decision, a county board or governing body of a municipality has negotiated and entered into a host agreement with the local siting applicant, the terms and conditions of the host agreement, whether written or oral, shall be disclosed and made a part of the hearing record for that local siting proceeding. In the case of an oral agreement, the disclosure shall be made in the form of a written summary jointly prepared and submitted by the county board or governing body of the municipality and the siting applicant and shall describe the terms and conditions of the oral agreement.

(e-5) Siting approval obtained pursuant to this Section is transferable and may be transferred to a subsequent owner or operator. In the event that siting approval has been transferred to a subsequent owner or operator, that subsequent owner or operator assumes and takes subject to any and all conditions imposed upon the prior owner or operator by the county board of the county or governing body of the municipality pursuant to subsection (e). However, any such conditions imposed pursuant to this Section may be modified by agreement between the subsequent owner or operator and the appropriate county board or governing body. Further, in the event that siting approval obtained pursuant to this Section has been transferred to a subsequent owner or operator, that subsequent owner or operator assumes all rights and obligations and takes the facility subject to any and all terms and conditions of any existing host agreement between the prior owner or operator and the appropriate county board or governing body.

(f) A local siting approval granted under this Section shall expire at the end of 2 calendar years from the date upon which it was granted, unless the local siting approval granted under this Section is for a sanitary landfill operation, in which case the approval shall expire at the end of 3 calendar years from the date upon which it was granted, and unless within that period the applicant has made application to the Agency for a permit to develop the site. In the event that the local siting decision has been appealed, such expiration period shall be deemed to begin on the date upon which the appeal process is concluded.

Except as otherwise provided in this subsection, upon the expiration of a development permit under subsection (k) of Section 39, any associated local siting approval granted for the facility under this Section shall also expire.

If a first development permit for a municipal waste incineration
Public Act 94-0591

Facility expires under subsection (k) of Section 39 after September 30, 1989 due to circumstances beyond the control of the applicant, any associated local siting approval granted for the facility under this Section may be used to fulfill the local siting approval requirement upon application for a second development permit for the same site, provided that the proposal in the new application is materially the same, with respect to the criteria in subsection (a) of this Section, as the proposal that received the original siting approval, and application for the second development permit is made before January 1, 1990.

(g) The siting approval procedures, criteria and appeal procedures provided for in this Act for new pollution control facilities shall be the exclusive siting procedures and rules and appeal procedures for facilities subject to such procedures. Local zoning or other local land use requirements shall not be applicable to such siting decisions.

(h) Nothing in this Section shall apply to any existing or new pollution control facility located within the corporate limits of a municipality with a population of over 1,000,000.

(i) (Blank.)

The Board shall adopt regulations establishing the geologic and hydrologic siting criteria necessary to protect usable groundwater resources which are to be followed by the Agency in its review of permit applications for new pollution control facilities. Such regulations, insofar as they apply to new pollution control facilities authorized to store, treat or dispose of any hazardous waste, shall be at least as stringent as the requirements of the Resource Conservation and Recovery Act and any State or federal regulations adopted pursuant thereto.

(j) Any new pollution control facility which has never obtained local siting approval under the provisions of this Section shall be required to obtain such approval after a final decision on an appeal of a permit denial.

(k) A county board or governing body of a municipality may charge applicants for siting review under this Section a reasonable fee to cover the reasonable and necessary costs incurred by such county or municipality in the siting review process.

(l) The governing Authority as determined by subsection (c) of Section 39 of this Act may request the Department of Transportation to perform traffic impact studies of proposed or potential locations for required pollution control facilities.

(m) An applicant may not file a request for local siting approval which is substantially the same as a request which was disapproved pursuant
to a finding against the applicant under any of criteria (i) through (ix) of subsection (a) of this Section within the preceding 2 years.

(n) In any review proceeding of a decision of the county board or governing body of a municipality made pursuant to the local siting review process, the petitioner in the review proceeding shall pay to the county or municipality the cost of preparing and certifying the record of proceedings. Should the petitioner in the review proceeding fail to make payment, the provisions of Section 3-109 of the Code of Civil Procedure shall apply.

In the event the petitioner is a citizens' group that participated in the siting proceeding and is so located as to be affected by the proposed facility, such petitioner shall be exempt from paying the costs of preparing and certifying the record.

(o) Notwithstanding any other provision of this Section, a transfer station used exclusively for landscape waste, where landscape waste is held no longer than 24 hours from the time it was received, is not subject to the requirements of local siting approval under this Section, but is subject only to local zoning approval.

AN ACT concerning government.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Governmental Ethics Act is amended by changing Section 4A-106 as follows:

(5 ILCS 420/4A-106) (from Ch. 127, par. 604A-106)
Sec. 4A-106. The statements of economic interests required of persons listed in items (a) through (f), item (j), and item (l) of Section 4A-101 shall be filed with the Secretary of State. The statements of economic interests required of persons listed in items (g), (h), (i), and (k) of Section 4A-101 shall be filed with the county clerk of the county in which the principal office of the unit of local government with which the person is associated is located. If it is not apparent which county the principal office of a unit of local government is located, the chief administrative officer, or his or her designee, has the authority, for purposes of this Act, to determine the county in which the principal office is located. On or before February 1 annually, (1) the chief administrative officer of any State agency in the executive, legislative, or judicial branch employing persons required to file under item (f) or item (l) of Section 4A-101 shall certify to the Secretary of State the names and mailing addresses of those persons, and (2) the chief administrative officer, or his or her designee, of each unit of local government with persons described in items (h), (i), and (k) of Section 4A-101 shall certify to the appropriate county clerk a list of names and addresses of persons described in items (h), (i), and (k) of Section 4A-101 that are required to file. In preparing the lists, each chief administrative officer, or his or her designee, shall set out the names in alphabetical order.

On or before April 1 annually, the Secretary of State shall notify (1) all persons whose names have been certified to him under items (f) and (l) of Section 4A-101, and (2) all persons described in items (a) through (e) and item (j) of Section 4A-101, other than candidates for office who have filed their statements with their nominating petitions, of the requirements for filing statements of economic interests. A person required to file with the Secretary

of State by virtue of more than one item among items (a) through (f) and items (j) and (l) shall be notified of and is required to file only one statement of economic interests relating to all items under which the person is required to file with the Secretary of State.

On or before April 1 annually, the county clerk of each county shall notify all persons whose names have been certified to him under items (g), (h), (i), and (k) of Section 4A-101, other than candidates for office who have filed their statements with their nominating petitions, of the requirements for filing statements of economic interests. A person required to file with a county clerk by virtue of more than one item among items (g), (h), (i), and (k) shall be notified of and is required to file only one statement of economic interests relating to all items under which the person is required to file with that county clerk.

Except as provided in Section 4A-106.1, the notices provided for in this Section shall be in writing and deposited in the U.S. Mail, properly addressed, first class postage prepaid, on or before the day required by this Section for the sending of the notice. A certificate executed by the Secretary of State or county clerk attesting that he has mailed the notice constitutes prima facie evidence thereof.

From the lists certified to him under this Section of persons described in items (g), (h), (i), and (k) of Section 4A-101, the clerk of each county shall compile an alphabetical listing of persons required to file statements of economic interests in his office under any of those items. As the statements are filed in his office, the county clerk shall cause the fact of that filing to be indicated on the alphabetical listing of persons who are required to file statements. Within 30 days after the due dates, the county clerk shall mail to the State Board of Elections a true copy of that listing showing those who have filed statements.

The county clerk of each county shall note upon the alphabetical listing the names of all persons required to file a statement of economic interests who failed to file a statement on or before May 1. It shall be the duty of the several county clerks to give notice as provided in Section 4A-105 to any person who has failed to file his or her statement with the clerk on or before May 1.

Any person who files or has filed a statement of economic interest under this Act is entitled to receive from the Secretary of State or county clerk, as the case may be, a receipt indicating that the person has filed such a statement, the date of such filing, and the identity of the governmental unit or units in relation to which the filing is required.
The Secretary of State may employ such employees and consultants as he considers necessary to carry out his duties hereunder, and may prescribe their duties, fix their compensation, and provide for reimbursement of their expenses.

All statements of economic interests filed under this Section shall be available for examination and copying by the public at all reasonable times. Not later than 12 months after the effective date of this amendatory Act of the 93rd General Assembly, beginning with statements filed in calendar year 2004, the Secretary of State shall make statements of economic interests filed with the Secretary available for inspection and copying via the Secretary's website. Each person examining a statement filed with the county clerk must first fill out a form prepared by the Secretary of State identifying the examiner by name, occupation, address and telephone number, and listing the date of examination and reason for such examination. The Secretary of State shall supply such forms to the county clerks annually and replenish such forms upon request.

The county clerk shall promptly notify each person required to file a statement under this Article of each instance of an examination of his statement by sending him a duplicate original of the identification form filled out by the person examining his statement.

(House Bill No. 3415)

AN ACT concerning minors.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Juvenile Court Act of 1987 is amended by changing Sections 2-10 and 2-10.1 as follows:

(705 ILCS 405/2-10) (from Ch. 37, par. 802-10)
Sec. 2-10. Temporary custody hearing. At the appearance of the minor before the court at the temporary custody hearing, all witnesses present shall be examined before the court in relation to any matter connected with the allegations made in the petition.

New matter indicated by italics - deletions by strikeout
(1) If the court finds that there is not probable cause to believe that the minor is abused, neglected or dependent it shall release the minor and dismiss the petition.

(2) If the court finds that there is probable cause to believe that the minor is abused, neglected or dependent, the court shall state in writing the factual basis supporting its finding and the minor, his or her parent, guardian, custodian and other persons able to give relevant testimony shall be examined before the court. The Department of Children and Family Services shall give testimony concerning indicated reports of abuse and neglect, of which they are aware of through the central registry, involving the minor's parent, guardian or custodian. After such testimony, the court may, consistent with the health, safety and best interests of the minor, enter an order that the minor shall be released upon the request of parent, guardian or custodian if the parent, guardian or custodian appears to take custody. Custodian shall include any agency of the State which has been given custody or wardship of the child. If it is consistent with the health, safety and best interests of the minor, the court may also prescribe shelter care and order that the minor be kept in a suitable place designated by the court or in a shelter care facility designated by the Department of Children and Family Services or a licensed child welfare agency; however, a minor charged with a criminal offense under the Criminal Code of 1961 or adjudicated delinquent shall not be placed in the custody of or committed to the Department of Children and Family Services by any court, except a minor less than 13 years of age and committed to the Department of Children and Family Services under Section 5-710 of this Act or a minor for whom an independent basis of abuse, neglect, or dependency exists, which must be defined by departmental rule. In placing the minor, the Department or other agency shall, to the extent compatible with the court's order, comply with Section 7 of the Children and Family Services Act. In determining the health, safety and best interests of the minor to prescribe shelter care, the court must find that it is a matter of immediate and urgent necessity for the safety and protection of the minor or of the person or property of another that the minor be placed in a shelter care facility or that he or she is likely to flee the jurisdiction of the court, and must further find that reasonable efforts have been made or that, consistent with the health, safety and best interests of the minor, no efforts reasonably can be made to prevent or eliminate the necessity of removal of the minor from his or her home. The court shall require documentation from the Department of Children and Family Services as to the reasonable efforts that were made to prevent or eliminate the necessity of removal of the minor from his or her home.
home or the reasons why no efforts reasonably could be made to prevent or eliminate the necessity of removal. When a minor is placed in the home of a relative, the Department of Children and Family Services shall complete a preliminary background review of the members of the minor's custodian's household in accordance with Section 4.3 of the Child Care Act of 1969 within 90 days of that placement. If the minor is ordered placed in a shelter care facility of the Department of Children and Family Services or a licensed child welfare agency, the court shall, upon request of the appropriate Department or other agency, appoint the Department of Children and Family Services Guardianship Administrator or other appropriate agency executive temporary custodian of the minor and the court may enter such other orders related to the temporary custody as it deems fit and proper, including the provision of services to the minor or his family to ameliorate the causes contributing to the finding of probable cause or to the finding of the existence of immediate and urgent necessity.

Where the Department of Children and Family Services Guardianship Administrator is appointed as the executive temporary custodian, the Department of Children and Family Services shall file with the court and serve on the parties a parent-child visiting plan, within 10 days, excluding weekends and holidays, after the appointment. The parent-child visiting plan shall set out the time and place of visits, the frequency of visits, the length of visits, who shall be present at the visits, and where appropriate, the minor’s opportunities to have telephone and mail communication with the parents. For good cause, the court may waive the requirement to file the parent-child visiting plan or extend the time for filing the parent-child visiting plan. Any party may, by motion, request the court to review the parent-child visiting plan to determine whether it is reasonably calculated to expeditiously facilitate the achievement of the permanency goal and is consistent with the minor's best interest. The frequency, duration, and locations of visitation shall be measured by the needs of the child and family, and not by the convenience of Department personnel. Child development principles shall be considered by the court in its analysis of how frequent visitation should be, how long it should last, where it should take place, and who should be present. If upon motion of the party to review the plan and after receiving evidence, the court determines that the parent-child visiting plan is not reasonably calculated to expeditiously facilitate the achievement of the permanency goal or that the restrictions placed on parent-child contact are contrary to the child’s best interests, the court shall put in writing the factual basis supporting the determination and enter specific findings based on the

evidence. The court shall enter an order for the Department to implement changes to the parent-child visiting plan, consistent with the court's findings. At any stage of proceeding, any party may by motion request the court to enter any orders necessary to implement the parent-child visiting plan. Nothing under this subsection (2) shall restrict the court from granting discretionary authority to the Department to increase opportunities for additional parent-child contacts, without further court orders. Nothing in this subsection (2) shall restrict the Department from immediately restricting or terminating parent-child contact, without either amending the parent-child visiting plan or obtaining a court order, where the Department or its assigns reasonably believe that continuation of parent-child contact, as set out in the parent-child visiting plan, would be contrary to the child’s health, safety, and welfare. The Department shall file with the court and serve on the parties any amendments to the visitation plan within 10 days, excluding weekends and holidays, of the change of the visitation. Any party may, by motion, request the court to review the parent-child visiting plan to determine whether the parent-child visiting plan is reasonably calculated to expeditiously facilitate the achievement of the permanency goal, and is consistent with the minor’s health, safety, and best interest.

Acceptance of services shall not be considered an admission of any allegation in a petition made pursuant to this Act, nor may a referral of services be considered as evidence in any proceeding pursuant to this Act, except where the issue is whether the Department has made reasonable efforts to reunite the family. In making its findings that it is consistent with the health, safety and best interests of the minor to prescribe shelter care, the court shall state in writing (i) the factual basis supporting its findings concerning the immediate and urgent necessity for the protection of the minor or of the person or property of another and (ii) the factual basis supporting its findings that reasonable efforts were made to prevent or eliminate the removal of the minor from his or her home or that no efforts reasonably could be made to prevent or eliminate the removal of the minor from his or her home. The parents, guardian, custodian, temporary custodian and minor shall each be furnished a copy of such written findings. The temporary custodian shall maintain a copy of the court order and written findings in the case record for the child. The order together with the court's findings of fact in support thereof shall be entered of record in the court.

Once the court finds that it is a matter of immediate and urgent necessity for the protection of the minor that the minor be placed in a shelter care facility, the minor shall not be returned to the parent, custodian or

New matter indicated by italics - deletions by strikeout
guardian until the court finds that such placement is no longer necessary for the protection of the minor.

If the child is placed in the temporary custody of the Department of Children and Family Services for his or her protection, the court shall admonish the parents, guardian, custodian or responsible relative that the parents must cooperate with the Department of Children and Family Services, comply with the terms of the service plans, and correct the conditions which require the child to be in care, or risk termination of their parental rights.

(3) If prior to the shelter care hearing for a minor described in Sections 2-3, 2-4, 3-3 and 4-3 the moving party is unable to serve notice on the party respondent, the shelter care hearing may proceed ex-parte. A shelter care order from an ex-parte hearing shall be endorsed with the date and hour of issuance and shall be filed with the clerk's office and entered of record. The order shall expire after 10 days from the time it is issued unless before its expiration it is renewed, at a hearing upon appearance of the party respondent, or upon an affidavit of the moving party as to all diligent efforts to notify the party respondent by notice as herein prescribed. The notice prescribed shall be in writing and shall be personally delivered to the minor or the minor's attorney and to the last known address of the other person or persons entitled to notice. The notice shall also state the nature of the allegations, the nature of the order sought by the State, including whether temporary custody is sought, and the consequences of failure to appear and shall contain a notice that the parties will not be entitled to further written notices or publication notices of proceedings in this case, including the filing of an amended petition or a motion to terminate parental rights, except as required by Supreme Court Rule 11; and shall explain the right of the parties and the procedures to vacate or modify a shelter care order as provided in this Section. The notice for a shelter care hearing shall be substantially as follows:

(4) If the parent, guardian, legal custodian, responsible relative, minor age 8 or over, or counsel of the minor did not have actual notice of or was not present at the shelter care hearing, he or she may file an affidavit setting forth these facts, and the clerk shall set the matter for rehearing not later than 48 hours, excluding Sundays and legal holidays, after the filing of the affidavit. At the rehearing, the court shall proceed in the same manner as upon the original hearing.

(5) Only when there is reasonable cause to believe that the minor taken into custody is a person described in subsection (3) of Section 5-105 may the minor be kept or detained in a detention home or county or municipal jail. This Section shall in no way be construed to limit subsection (6).

(6) No minor under 16 years of age may be confined in a jail or place ordinarily used for the confinement of prisoners in a police station. or custodian does not appear at such rehearing, the judge may enter an order prescribing that the minor be kept in a suitable place designated by the Department of Children and Family Services or a licensed child welfare agency.

(9) Notwithstanding any other provision of this Section any interested party, including the State, the temporary custodian, an agency providing services to the minor or family under a service plan pursuant to Section 8.2 of the Abused and Neglected Child Reporting Act, foster parent, or any of their representatives, on notice to all parties entitled to notice, may file a motion that it is in the best interests of the minor to modify or vacate a temporary custody order on any of the following grounds:

(a) It is no longer a matter of immediate and urgent necessity that the minor remain in shelter care; or
(b) There is a material change in the circumstances of the natural family from which the minor was removed and the child can be cared for at home without endangering the child's health or safety; or
(c) A person not a party to the alleged abuse, neglect or dependency, including a parent, relative or legal guardian, is capable of assuming temporary custody of the minor; or
(d) Services provided by the Department of Children and Family Services or a child welfare agency or other service provider have been successful in eliminating the need for temporary custody and the child can be cared for at home without endangering the child's health or safety.

In ruling on the motion, the court shall determine whether it is consistent with the health, safety and best interests of the minor to modify or vacate a temporary custody order.

The clerk shall set the matter for hearing not later than 14 days after such motion is filed. In the event that the court modifies or vacates a temporary custody order but does not vacate its finding of probable cause, the court may order that appropriate services be continued or initiated in behalf of the minor and his or her family.

(10) When the court finds or has found that there is probable cause to believe a minor is an abused minor as described in subsection (2) of Section 2-3 and that there is an immediate and urgent necessity for the abused minor to be placed in shelter care, immediate and urgent necessity shall be presumed for any other minor residing in the same household as the abused minor provided:

(2) pursuant to an approved reorganization in bankruptcy that specifically directs the reduction to be effected.

(b) Notwithstanding anything to the contrary contained in this Act, at no time shall the paid-in capital be reduced to an amount less than the aggregate par value of all issued shares having a par value.

(c) Until the report under Section 14.30 has been filed in the Office of the Secretary of State showing a reduction in paid-in capital, the basis of the annual franchise tax payable by the corporation shall not be reduced; provided, however, that in no event shall the annual franchise tax for any taxable year be reduced if the report is not filed prior to the first day of the anniversary month or, in the case of a corporation that has established an extended filing month, the extended filing month of the corporation of that taxable year and before payment of its annual franchise tax.

PUBLIC ACT 94-0607
(Senate Bill No. 0504)

AN ACT concerning business.
Be it enacted by the People of the State of Illinois, represented in the
General Assembly:
Section 5. The Limited Liability Company Act is amended by
changing Section 50-10 and by adding Section 37-40 as follows:
(805 ILCS 180/37-40 new)
Sec. 37-40. Series of members, managers or limited liability company
interests.
(a) An operating agreement may establish or provide for the

establishment of designated series of members, managers or limited liability company interests having separate rights, powers or duties with respect to specified property or obligations of the limited liability company or profits and losses associated with specified property or obligations, and to the extent provided in the operating agreement, any such series may have a separate business purpose or investment objective.

(b) Notwithstanding anything to the contrary set forth in this Section or under other applicable law, in the event that an operating agreement creates one or more series, and if separate and distinct records are maintained for any such series and the assets associated with any such series are held (directly or indirectly, including through a nominee or otherwise) and accounted for separately from the other assets of the limited liability company, or any other series thereof, and if the operating agreement so provides, and notice of the limitation on liabilities of a series as referenced in this subsection is set forth in the articles of organization of the limited liability company and if the limited liability company has filed a certificate of designation for each series which is to have limited liability under this Section, then the debts, liabilities and obligations incurred, contracted for or otherwise existing with respect to a particular series shall be enforceable against the assets of such series only, and not against the assets of the limited liability company generally or any other series thereof, and unless otherwise provided in the operating agreement, none of the debts, liabilities, obligations and expenses incurred, contracted for or otherwise existing with respect to the limited liability company generally or any other series thereof shall be enforceable against the assets of such series. The fact that the articles of organization contain the foregoing notice of the limitation on liabilities of a series and a certificate of designation for a series is on file in the Office of the Secretary of State shall constitute notice of such limitation on liabilities of a series. A series with limited liability shall be treated as a separate entity to the extent set forth in the articles of organization. Each series with limited liability may, in its own name, contract, hold title to assets, grant security interests, sue and be sued and otherwise conduct business and exercise the powers of a limited liability company under this Act. The limited liability company and any of its series may elect to consolidate their operations as a single taxpayer to the extent permitted under applicable law, elect to work cooperatively, elect to contract jointly or elect to be treated as a single business for purposes of qualification to do business in this or any other state. Such elections shall not affect the limitation of liability set forth in this Section except to the extent that the
series have specifically accepted joint liability by contract.

(c) The name of the series with limited liability must contain the entire name of the limited liability company and be distinguishable from the names of the other series set forth in the articles of organization.

(d) Upon the filing of the certificate of designation with the Secretary of State setting forth the name of each series with limited liability, the series’ existence shall begin, and each of the duplicate copies stamped "Filed" and marked with the filing date shall be conclusive evidence, except as against the State, that all conditions precedent required to be performed have been complied with and that the series has been or shall be, on a later date if so specified in the articles of organization or certificate of designation, legally organized and formed under this Act. If different from the limited liability company, the certificate of designation for each series shall list the names of the members if the series is member managed or the names of the managers if the series is manager managed. The name of a series with limited liability under subsection (b) of this Section may be changed by filing with the Secretary of State a certificate of designation identifying the series whose name is being changed and the new name of such series. If not the same as the limited liability company, the names of the members of a member managed series or of the managers of a manager managed series may be changed by filing a new certificate of designation with the Secretary of State. A series with limited liability under subsection (b) of this Section may be dissolved by filing with the Secretary of State a certificate of designation identifying the series being dissolved or by the dissolution of the limited liability company as provided in subsection (m) of this Section. Certificates of designation may be filed by the limited liability company or any manager, person or entity designated in the operating agreement for the limited liability company.

(e) A series of a limited liability company will be deemed to be in good standing as long as the limited liability company is in good standing.

(f) The registered agent and registered office for the limited liability company in Illinois shall serve as the agent and office for service of process in Illinois for each series.

(g) An operating agreement may provide for classes or groups of members or managers associated with a series having such relative rights, powers and duties as the operating agreement may provide, and may make provision for the future creation of additional classes or groups of members or managers associated with the series having such relative rights, powers and duties as may from time to time be established, including rights, powers

and duties senior to existing classes and groups of members or managers associated with the series.

(h) A series may be managed by either the member or members associated with the series or by a manager or managers chosen by the members of such series, as provided in the operating agreement. Unless otherwise provided in an operating agreement, the management of a series shall be vested in the members associated with such series.

(i) An operating agreement may grant to all or certain identified members or managers or a specified class or group of the members or managers associated with a series the right to vote separately or with all or any class or group of the members or managers associated with the series, on any matter. An operating agreement may provide that any member or class or group of members associated with a series shall have no voting rights.

(j) Except to the extent modified in this Section, the provisions of this Act which are generally applicable to limited liability companies, their managers, members and transferees shall be applicable to each particular series with respect to the operation of such series.

(k) Except as otherwise provided in an operating agreement, any event under this Act or in an operating agreement that causes a manager to cease to be a manager with respect to a series shall not, in itself, cause such manager to cease to be a manager of the limited liability company or with respect to any other series thereof.

(l) Except as otherwise provided in an operating agreement, any event under this Act or an operating agreement that causes a member to cease to be associated with a series shall not, in itself, cause such member to cease to be associated with any other series or terminate the continued membership of a member in the limited liability company or cause the termination of the series, regardless of whether such member was the last remaining member associated with such series.

(m) Except to the extent otherwise provided in the operating agreement, a series may be dissolved and its affairs wound up without causing the dissolution of the limited liability company. The dissolution of a series established in accordance with subsection (b) of this Section shall not affect the limitation on liabilities of such series provided by subsection (b) of this Section. A series is terminated and its affairs shall be wound up upon the dissolution of the limited liability company under Section 35 of this Act.

(n) If a limited liability company with a series does not register to do business in a foreign jurisdiction for itself and certain of its series, a series

New matter indicated by italics - deletions by strikeout
of a limited liability company may itself register to do business as a limited liability company in the foreign jurisdiction in accordance with the laws of the foreign jurisdiction.

(o) If a foreign limited liability company, as permitted in the jurisdiction of its organization, has established a series having separate rights, powers or duties and has limited the liabilities of such series so that the debts, liabilities and obligations incurred, contracted for or otherwise existing with respect to a particular series are enforceable against the assets of such series only, and not against the assets of the limited liability company generally or any other series thereof, or so that the debts, liabilities, obligations and expenses incurred, contracted for or otherwise existing with respect to the limited liability company generally or any other series thereof are not enforceable against the assets of such series, then the limited liability company, on behalf of itself or any of its series, or any of its series on their own behalf may register to do business in the State in accordance with Section 45-5 of this Act. The limitation of liability shall be so stated on the application for admission as a foreign limited liability company and a certificate of designation shall be filed for each series being registered to do business in the State by the limited liability company. Unless otherwise provided in the operating agreement, the debts, liabilities and obligations incurred, contracted for or otherwise existing with respect to a particular series of such a foreign limited liability company shall be enforceable against the assets of such series only, and not against the assets of the foreign limited liability company generally or any other series thereof and none of the debts, liabilities, obligations and expenses incurred, contracted for or otherwise existing with respect to such a foreign limited liability company generally or any other series thereof shall be enforceable against the assets of such series.

PUBLIC ACT 94-0615
(House Bill No. 0566)

AN ACT concerning civil law.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 2. If and only if Senate Bill 1930 of the 94th General Assembly becomes law in the form in which it passed the Senate, the Mechanics Lien Act is amended by changing Section 21 as follows:

Sec. 21. Sub-contractor defined; lien of sub-contractor; notice; size of type; service of notice; amount of lien; default by contractor.

(a) Subject to the provisions of Section 5, every mechanic, worker or
other person who shall furnish any labor, services, material, fixtures, apparatus or machinery, forms or form work for the contractor, or shall furnish any material to be employed in the process of construction as a means for assisting in the erection of the building or improvement in what is commonly termed form or form work where concrete, cement or like material is used in whole or in part, shall be known under this Act as a sub-contractor, and shall have a lien for the value thereof, with interest on such amount from the date the same is due, from the same time, on the same property as provided for the contractor, and, also, as against the creditors and assignees, and personal and legal representatives of the contractor, on the material, fixtures, apparatus or machinery furnished, and on the moneys or other considerations due or to become due from the owner under the original contract.

(b) If the legal effect of any contract between the owner and contractor is that no lien or claim may be filed or maintained by any one and the waiver is not prohibited by this Act, or that such contractor's lien shall be subordinated to the interests of any other party, such provision shall be binding; but the only admissible evidence thereof as against a subcontractor or material supplier, shall be proof of actual notice thereof to him or her before his or her contract is entered into. Such waiver or subordination provision shall not be binding on the subcontractor unless set forth in its entirety in writing in the contract between the contractor and subcontractor or material supplier.

(c) It shall be the duty of each subcontractor who has furnished, or is furnishing, labor, services, material, fixtures, apparatus or machinery, forms or form work for an existing owner-occupied single family residence, in order to preserve his lien, to notify the occupant either personally or by certified mail, return receipt requested, addressed to the occupant or his agent of the residence within 60 days from his first furnishing labor, services, material, fixtures, apparatus or machinery, forms or form work, that he is supplying labor, services, material, fixtures, apparatus or machinery, forms or form work provided, however, that any notice given after 60 days by the subcontractor shall preserve his lien, but only to the extent that the owner has not been prejudiced by payments made prior to receipt of the notice. The notification shall include a warning to the owner that before any payment is made to the contractor, the owner should receive a waiver of lien executed by each subcontractor who has furnished labor, services, material, fixtures, apparatus or machinery, forms or form work.

The notice shall contain the name and address of the subcontractor or

material man, the date he started to work or to deliver materials, the type of work done and to be done or the type of materials delivered and to be delivered, and the name of the contractor requesting the work. The notice shall also contain the following warning:

"NOTICE TO OWNER

The subcontractor providing this notice has performed work for or delivered material to your home improvement contractor. These services or materials are being used in the improvements to your residence and entitle the subcontractor to file a lien against your residence if the services or materials are not paid for by your home improvement contractor. A lien waiver will be provided to your contractor when the subcontractor is paid, and you are urged to request this waiver from your contractor when paying for your home improvements."

Such warning shall be in at least 10 point bold face type. For purposes of this Section, notice by certified mail is considered served at the time of its mailing.

(d) In no case, except as hereinafter provided, shall the owner be compelled to pay a greater sum for or on account of the completion of such house, building or other improvement than the price or sum stipulated in said original contract or agreement, unless payment be made to the contractor or to his order, in violation of the rights and interests of the persons intended to be benefited by this act: Provided, if it shall appear to the court that the owner and contractor fraudulently, and for the purpose of defrauding sub-contractors fixed an unreasonably low price in their original contract for the erection or repairing of such house, building or other improvement, then the court shall ascertain how much of a difference exists between a fair price for labor, services, material, fixtures, apparatus or machinery, forms or form work used in said house, building or other improvement, and the sum named in said original contract, and said difference shall be considered a part of the contract and be subject to a lien. But where the contractor's statement, made as provided in Section 5, shows the amount to be paid to the sub-contractor, or party furnishing material, or the sub-contractor's statement, made pursuant to Section 22, shows the amount to become due for material; or notice is given to the owner, as provided in Sections 24 and 25, and thereafter such subcontract shall be performed, or material to the value of the amount named in such statements or notice, shall be prepared for use and delivery, or delivered without written protest on the part of the owner previous to such performance or delivery, or preparation for delivery, then, and in any of such cases, such sub-contractor or party furnishing or preparing material, regardless of the

New matter indicated by italics - deletions by strikeout
price named in the original contract, shall have a lien therefor to the extent of the amount named in such statements or notice. In case of default or abandonment by the contractor, the sub-contractor or party furnishing material, shall have and may enforce his lien to the same extent and in the same manner that the contractor may under conditions that arise as provided for in Section 4 of this Act, and shall have and may exercise the same rights as are therein provided for the contractor.

(e) Any provision in a contract, agreement, or understanding, when payment from a contractor to a subcontractor or supplier is conditioned upon receipt of the payment from any other party including a private or public owner, shall not be a defense by the party responsible for payment to a claim brought under Section 21, 22, 23, or 28 of this Act against the party. For the purpose of this Section, "contractor" also includes subcontractor or supplier. The provisions of Public Act 87-1180 shall be construed as declarative of existing law and not as a new enactment.

Any such prohibited appointment or election is void. This Section shall not preclude a member of the county board from being selected or from serving as a member of a County Extension Board as provided in Section 7 of the County Cooperative Extension Law, as a member of an Emergency Telephone System Board as provided in Section 15.4 of the Emergency Telephone System Act, or as appointed members of the board of review as provided in Section 6-30 of the Property Tax Code. Nothing in this Act shall be construed to prohibit an elected county official from holding elected office in another unit of local government so long as there is no contractual relationship between the county and the other unit of local government. This amendatory Act of 1995 is declarative of existing law and is not a new enactment.

Section 10. The Conservation District Act is amended by changing Sections 5, 13, and 15 and by adding Section 18.5 as follows:

(70 ILCS 410/5) (from Ch. 96 1/2, par. 7105)

Sec. 5. Board of trustees.

(a) The affairs of a conservation district shall be managed by a board which shall consist of 5 trustees, except as otherwise provided in this Section. If the boundaries of the district are coextensive with the boundaries of one county, the trustees shall be residents of that county. If the district embraces 2 counties, 3 trustees shall be residents of the county with the larger population and 2 trustees shall be residents of the other county. If the district embraces 3 counties, one trustee shall be a resident of the county with the smallest population and each of the other counties shall have 2 resident trustees. If the district embraces 4 counties, 2 trustees shall be residents of the county with the largest population and each of the other counties shall have one resident trustee. If the district embraces 5 counties, each county shall have one resident trustee.

(b) A district that is entirely within a county of under 750,000 inhabitants and contiguous to a county of more than 2,000,000 inhabitants and that is authorized by referendum as provided in subsection (d) of Section 15 to incur indebtedness over 0.575% but not to exceed 1.725% shall have a board consisting of 7 trustees, all of whom shall be residents of the county. The additional 2 trustees shall be appointed by the chairman of the county board, with the consent of the county board, and shall hold office for terms expiring on June 30 as follows: one trustee after 4 years and one trustee after 5 years from the date of the referendum. Successor trustees shall be appointed in the same manner no later than June 1 before the commencement of the term of the trustee.

(c) Trustees shall be qualified voters of such district who do not hold any other public office and are not officers of any political party. Trustees, if nominated by the county board chairman as hereinafter provided, shall be selected on the basis of their demonstrated interest in the purpose of conservation districts.

(d) The chairman of the county board for the county of which the trustee is a resident shall, with the consent of the county board of that county, appoint the first trustees who shall hold office for terms expiring on June 30 after one, 2, 3, 4, and 5 year periods respectively as determined and fixed by lot. Thereafter, successor trustees shall be appointed in the same manner no later than June 1 prior to the commencement of term of the trustee.
(e) Each successor trustee shall serve for a term of 5 years. A vacancy occurring otherwise than by expiration of term shall be filled for the unexpired term by appointment of a trustee by the county board chairman of the county of which the trustee shall be a resident, with the approval of the county board of that county. A trustee who has served a full term of 5 years is ineligible to serve as a trustee for a period of one year following the expiration of his term. When any trustee during his term of office shall cease to be a bona fide resident of the district he is disqualified as a trustee and his office becomes vacant.

(f) Trustees shall serve without compensation, but may be paid their actual and necessary expenses incurred in the performance of their official duties.

(g) A trustee may be removed for cause by the county board chairman for the county of which the trustee is a resident, with the approval of the county board of that county, but every such removal shall be by a written order, which shall be filed with the county clerk.

(h) A conservation district with 5 trustees may determine by majority vote of the board to increase the size of the board to 7 trustees. With respect to a 7-member board, no more than 3 members may be residents of any township in a county under township organization or of any congressional township in a county not under township organization. In the case of a 7-member board representing a district that embraces 2 counties, 4 trustees shall be residents of the county with the larger population and 3 trustees shall be residents of the other county. If the district embraces 3 counties, 2 trustees shall be residents of each of the 2 counties with the smallest population and the largest county shall have 3 resident trustees. If the district embraces 4 counties, one trustee shall be a resident of the county with the smallest population and each of the other counties shall have 2 resident trustees. If the district embraces 5 counties, the 2 counties with the largest population shall each have 2 resident trustees and each of the other counties shall have one resident trustee. The pertinent appointing authorities shall appoint the additional 2 trustees to initial terms as equally staggered as possible from the terms of the trustees already appointed from that township or county so that 2 trustees representing the same area shall not be succeeded in the same year. (70 ILCS 410/13) (from Ch. 96 1/2, par. 7114)

Sec. 13. The fiscal year of each district shall commence April 1 and extend through the following March 31.

The board shall, within the first quarter of each fiscal year, adopt a
combined annual budget and appropriation ordinance as provided in the Illinois Municipal Budget Law. In a district located entirely within a county with a population of less than 750,000 that is contiguous to a county with a population of more than 2,000,000, the district’s combined annual budget and appropriation ordinance shall not be considered to be adopted until it is also adopted by resolution of the county board of the county in which the district is located.

Except as otherwise provided in this Act, a district may annually levy taxes upon all the taxable property therein at the value thereof, as equalized or assessed by the Department of Revenue, to be extended at not more than the rates and for the purposes specified hereinafter:

(1) 0.025% for the general purposes of the district, including acquisition and development of real property which may be in excess of current requirements and allowed to accumulate from year to year, and for any purposes specified by the district; however, no tax may be extended at a rate that will result in accumulation of any amount representing more than 0.075% of the equalized assessed valuation of the district.

(2) 0.075% for acquisition of real property, which may be in excess of current requirements and allowed to accumulate from year to year, and for any purposes specified by the district; however, no tax may be extended at a rate that will result in accumulation of any amount representing more than 0.25% of the equalized assessed valuation of the district.

(3) 0.1%, in lieu of the two rates specified in (1) and (2) above, for the general purposes of the district, including the acquisition, development, operation and maintenance of real property which may be in excess of current requirements and allowed to accumulate from year to year, and for any purposes specified by the district; however, no tax may be extended at a rate that will result in accumulation of any amount representing more than 0.325% of the equalized assessed valuation of the district.

Except as provided in some other Act, a district may not levy annual taxes, for all its purposes in the aggregate, in excess of 0.1% of the value, as equalized or assessed by the Department of Revenue, of the taxable property therein.

After the adoption of the combined budget and appropriation ordinance and within the second quarter of each fiscal year, the board shall ascertain the total amount of the appropriations legally made which are to be
provided for from tax levies for the current year. Then, by an ordinance specifying in detail the purposes for which such appropriations have been made and the amounts appropriated for such purposes, the board shall levy not to exceed the total amount so ascertained upon all the property subject to taxation within the district as the same is assessed and equalized for state and county purposes for the current year. A certified copy of such ordinance shall be filed on or before the first Tuesday in October with the clerk of each county wherein the district or any part thereof is located.

(70 ILCS 410/15) (from Ch. 96 1/2, par. 7116)

Sec. 15. (a) Whenever a district does not have sufficient money in its treasury to meet all necessary expenses and liabilities thereof, it may issue tax anticipation warrants. Such issue of tax anticipation warrants shall be subject to the provisions of Section 2 of "An Act to provide for the manner of issuing warrants upon the treasurer of the State or of any county, township, or other municipal corporation or quasi municipal corporation, or of any farm drainage district, river district, drainage and levee district, fire protection district and jurors' certificates", approved June 27, 1913, as now and hereafter amended.

(b) For the purpose of acquisition of real property, or rights thereto, a district may incur indebtedness and, as evidence of the indebtedness thus created, may issue and sell bonds without first obtaining the consent of the legal voters of the district.

(c) For the purpose of development of real property, a district may incur indebtedness and, as evidence of the indebtedness thus created, may issue and sell bonds only after the proposition to issue bonds has been submitted to the legal voters of the district at an election and has been approved by a majority of those voting on the proposition. Such election is subject to Section 15.1 of this Act.

(d) No district shall become indebted in any manner or for any purpose, to any amount including existing indebtedness in the aggregate exceeding 0.575% of the value, as equalized or assessed by the Department of Revenue, of the taxable property therein; except that a district entirely within a county of under 750,000 inhabitants and contiguous to a county of more than 2,000,000 inhabitants may incur indebtedness, including existing indebtedness, in the aggregate not exceeding 1.725% of that value if the aggregate indebtedness over 0.575% is submitted to the legal voters of the district at an election and is approved by a majority of those voting on the proposition as provided in Section 15.1.

(e) Before or at the time of issuing bonds for acquisition or development of real property, the district shall provide by ordinance for the collection of an annual tax, in addition to all other taxes authorized by this act, sufficient to pay such bonds and the interest thereon as the same respectively become due. Such bonds shall be divided into series, the first of which shall mature not later than 5 years after the date of issue and the last of which shall mature not later than 20 years after the date of issue; shall bear interest at a rate or rates not exceeding the maximum rate permitted in "An Act to authorize public corporations to issue bonds, other evidences of indebtedness and tax anticipation warrants subject to interest rate limitations set forth therein", approved May 26, 1970, as now or hereafter amended; shall be in such form as the district shall by resolution provide and shall be payable as to both principal and interest from the proceeds of the annual levy of taxes authorized to be levied by this Section, or so much thereof as will be sufficient to pay the principal thereof and the interest thereon. Prior to the authorization and issuance of such bonds the district may, with or without notice, negotiate and enter into an agreement or agreements with any bank, investment banker, trust company or insurance company or group thereof whereunder the marketing of such bonds may be assured and consummated. The proceeds of such bonds shall be deposited in a special fund, to be kept separate and apart from all other funds of the conservation district.

Sec. 18.5. Dissolution of conservation district and creation of forest preserve district.

(a) Notwithstanding any provision of law to the contrary, if the boundaries of a conservation district are coextensive with the boundaries of one county, then the county board may adopt a resolution to submit the question of whether the conservation district shall be dissolved and, upon the dissolution of the conservation district, a forest preserve district created. The question shall be submitted to the electors of the conservation district at a regular election and approved by a majority of the electors voting on the question. The county board must certify the question to the proper election authorities, which must submit the question at an election in accordance with the Election Code.

The election authorities must submit the question in substantially the following form:

Shall the (insert name of conservation district) be dissolved and, upon its dissolution, a forest preserve district created with

boundaries that are coextensive with the boundaries of (insert name of county)?

The election authorities must record the votes as "Yes" or "No".

If a majority of the electors voting on the question vote in the affirmative, then, on the thirtieth day after the results of the referendum are certified, the conservation district is dissolved and the forest preserve district is created. The terms of all trustees of the conservation district are terminated and the county board members shall serve ex officio as the commissioners of the forest preserve district. The chairman of the county board shall serve as chairman of the board of commissioners of the forest preserve district.

(b) Each county board member shall serve ex officio as a commissioner of the forest preserve district until the expiration of his or her term as a county board member or until the member's position on the county board is otherwise vacated. Upon the expiration of the term of any county board member serving as a commissioner or upon the occurrence of any other vacancy on the county board, the office of commissioner shall be filled by that county board member's successor on the county board.

(c) The forest preserve district shall serve as the successor entity to the dissolved conservation district and references to the dissolved conservation district or to its officers or employees in any document, contract, agreement, or law shall, in appropriate contexts, be deemed to refer to the successor forest preserve district. Thirty days after the dissolution of the conservation district, all of its assets, liabilities, property (both real and personal), employees, books, and records are transferred to the forest preserve district by operation of law. All rules and ordinances of the dissolved conservation district shall remain in effect as rules and ordinances of the forest preserve district until amended or repealed by the forest preserve district.

(d) If there are any bonds of the conservation district outstanding and unpaid at the time the conservation district is dissolved, the forest preserve district shall be liable for that bond indebtedness and the forest preserve district may continue to levy and extend taxes upon the taxable property in that territory for the purpose of amortizing those bonds until such time as the bonds are retired.

(e) The county board members may be reimbursed for their reasonable expenses actually incurred in performing their official duties as members of the board of commissioners of the forest preserve district in accordance with the provisions of Section 3a of the Downstate Forest

Preserve Act. Any reimbursement paid under this subsection shall be paid by the forest preserve district.

(f) A forest preserve district created under this Section shall have the same powers, duties, and authority as a forest preserve district created under the Downstate Forest Preserve District Act, except that it shall have the same bonding and taxing authority as a conservation district under the Conservation District Act. To the extent that any provision of this Section conflicts with any provision of the Downstate Forest Preserve District Act, this Section controls.

Section 15. The Downstate Forest Preserve District Act is amended by changing Sections 3c, 13 and 13.1 and by adding Section 13.1a as follows:

(70 ILCS 805/3c)

Sec. 3c. Elected board of commissioners in certain counties. If the boundaries of a district are co-extensive with the boundaries of a county having a population of more than 800,000 but less than 3,000,000, all commissioners of the forest preserve district shall be elected from the same districts as members of the county board beginning with the general election held in 2002 and each succeeding general election. One commissioner shall be elected from each district. At their first meeting after their election in 2002 and following each subsequent decennial reapportionment of the county under Division 2-3 of the Counties Code, the elected commissioners shall publicly by lot divide themselves into 2 groups, as equal in size as possible. Commissioners from the first group shall serve for terms of 2, 4, and 4 years; and commissioners from the second group shall serve terms of 4, 4, and 2 years. Beginning with the general election in 2002, the president of the board of commissioners of the forest preserve district shall be elected by the voters of the county, rather than by the commissioners. The president shall be a resident of the county and shall be elected throughout the county for a 4-year term without having been first elected as commissioner of the forest preserve district. Each commissioner shall be a resident of the county board district from which he or she was elected not later than the date of the commencement of the term of office. The term of office for the president and commissioners elected under this Section shall commence on the first Monday of the month following the month of election. Neither a commissioner nor the president of the board of commissioners of that forest preserve district shall serve simultaneously as member or chairman of the county board. No person shall seek election to both the forest preserve commission and the county board at the same election. The compensation for the president shall be an amount equal to 85% of the annual salary of the

county board chairman. The president, with the advice and consent of the board of commissioners shall appoint a secretary, treasurer, and such other officers as deemed necessary by the board of commissioners, which officers need not be members of the board of commissioners. The president shall have the powers and duties as specified in Section 12 of this Act.

Candidates for president and commissioner shall be candidates of established political parties.

If a vacancy in the office of president or commissioner occurs, other than by expiration of the president's or commissioner's term, the forest preserve district board of commissioners shall declare that a vacancy exists and notification of the vacancy shall be given to the county central committee of each established political party within 3 business days after the occurrence of the vacancy. If the vacancy occurs in the office of forest preserve district commissioner, the president of the board of commissioners shall, within 60 days after the date of the vacancy, with the advice and consent of other commissioners then serving, appoint a person to serve for the remainder of the unexpired term. The appointee shall be affiliated with the same political party as the commissioner in whose office the vacancy occurred and be a resident of such district. If a vacancy in the office of president occurs, other than by expiration of the president's term, the remaining members of the board of commissioners shall, within 60 days after the vacancy, appoint one of the commissioners to serve as president for the remainder of the unexpired term. In that case, the office of the commissioner who is appointed to serve as president shall be deemed vacant and shall be filled within 60 days by appointment of the president with the advice and consent of the other forest preserve district commissioners. The commissioner who is appointed to fill a vacancy in the office of president shall be affiliated with the same political party as the person who occupied the office of president prior to the vacancy. A person appointed to fill a vacancy in the office of president or commissioner shall establish his or her party affiliation by his or her record of voting in primary elections or by holding or having held an office in an established political party organization before the appointment. If the appointee has not voted in a party primary election or is not holding or has not held an office in an established political party organization before the appointment, the appointee shall establish his or her political party affiliation by his or her record of participating in an established political party's nomination or election caucus. If, however, more than 28 months remain in the unexpired term of a commissioner or the president, the appointment shall be until the next general election, at which time the vacated office of

commissioner or president shall be filled by election for the remainder of the term. Notwithstanding any law to the contrary, if a vacancy occurs after the last day provided in Section 7-12 of the Election Code for filing nomination papers for the office of president of a forest preserve district where that office is elected as provided for in this Section, or as set forth in Section 7-61 of the Election Code, a vacancy in nomination shall be filled by the passage of a resolution by the nominating committee of the affected political party within the time periods specified in the Election Code. The nominating committee shall consist of the chairman of the county central committee and the township chairman of the affected political party. All other vacancies in nomination shall be filled in accordance with the provisions of the Election Code.

The president and commissioners elected under this Section may be reimbursed for their reasonable expenses actually incurred in performing their official duties under this Act in accordance with the provisions of Section 3a. The reimbursement paid under this Section shall be paid by the forest preserve district.

Compensation for forest preserve commissioners elected under this Section shall be the same as that of county board members of the county with which the forest preserve district's boundaries are co-extensive.

Sec. 13. Bonds; limitation on indebtedness. The board of any forest preserve district organized hereunder may, for any of the purposes enumerated in this Act, borrow money upon the faith and credit of such district, and may issue bonds therefor. However, a district with a population of less than 3,000,000 may not become indebted in any manner or for any purpose to an amount including existing indebtedness in the aggregate exceeding 2.3% of the assessed value of the taxable property therein, as ascertained by the last equalized assessment for State and county purposes. No district may incur (i) indebtedness in excess of .3% of the assessed value of taxable property in the district, as ascertained by the last equalized assessment for State and county purposes, for the development of forest preserve lands held by the district, or (ii) indebtedness for any other purpose except the acquisition of land including acquiring lands in fee simple along or enclosing water courses, drainage ways, lakes, ponds, planned impoundments or elsewhere which are required to store flood waters or

control other drainage and water conditions necessary for the preservation and management of the water resources of the District, unless the proposition to issue bonds or otherwise incur indebtedness is certified by the board to the proper election officials who shall submit the proposition at an election in accordance with the general election law, and approved by a majority of those voting upon the proposition. No district containing fewer than 3,000,000 inhabitants may incur indebtedness for the acquisition of land or lands for any purpose in excess of 55,000 acres, including all lands theretofore acquired, unless the proposition to issue bonds or otherwise incur indebtedness is first submitted to the voters of the district at a referendum in accordance with the general election law and approved by a majority of those voting upon the proposition. Before or at the time of issuing bonds, the board shall provide by ordinance for the collection of an annual tax sufficient to pay the interest on the bonds as it falls due, and to pay the bonds as they mature. All bonds issued by any forest preserve district must be divided into series, the first of which matures not later than 5 years after the date of issue and the last of which matures not later than 20 years after the date of issue.

Sec. 13.1. Tax levies. After the first Monday in October and by the first Monday in December in each year, the board shall levy the general taxes for the district by general categories for the next fiscal year. A certified copy of the levy ordinance shall be filed with the county clerk by the last Tuesday in December each year.

In forest preserve districts with a population of less than 3,000,000, the amount of taxes levied for general corporate purposes for a fiscal year may not exceed the rate of .06% of the value, as equalized or assessed by the Department of Revenue, of the taxable property therein. In addition, in forest preserve districts having a population of 100,000 or more but less than 3,000,000, the board may levy taxes for constructing, restoring reconditioning, reconstructing and acquiring improvements and for the development of the forests and lands of such district, the amount of which tax each fiscal year shall be extended at a rate not to exceed .025% of the assessed value of all taxable property as equalized by the Department of Revenue.

All such taxes and rates are exclusive of the taxes required for the payment of the principal of and interest on bonds, and exclusive of taxes
levied for employees' annuity and benefit purposes.

The rate of tax levied for general corporate purposes in a forest preserve district may not be increased by virtue of this amendatory Act of 1977 unless the board first adopts a resolution authorizing such increase and publishes notice thereof in a newspaper having general circulation in the district at least once not less than 45 days prior to the effective date of the increase. The notice shall include a statement of (1) the specific number of voters required to sign a petition requesting that the question of the adoption of the resolution be submitted to the electors of the district; (2) the time in which the petition must be filed; and (3) the date of the prospective referendum. The Secretary of the district shall provide a petition form to any individual requesting one. If, no later than 30 days after the publication of such notice, petitions signed by voters of the district equal to 10% or more of the registered voters of the district, as determined by reference to the number of voters registered at the next preceding general election, and residing in the district are presented to the board expressing opposition to the increase, the proposition must first be certified by the board to the proper election officials, who shall submit the proposition to the legal voters of the district at an election in accordance with the general election law and approved by a majority of those voting on the proposition.

The rate of the tax levied for general corporate purposes in a forest preserve district may be increased, up to the maximum rate identified in this Section, by the Board by a resolution calling for the submission of the question of increasing the rate to the voters of the district in accordance with the general election law. The question must be in substantially the following form:

"Shall (name of district) be authorized to establish its general corporate tax rate at (insert rate) on the equalized assessed value on taxable property located within the district for its general purposes, including education, outdoor recreation, maintenance, operations, public safety at the forest preserves, trails, and other properties of the district (and, optionally, insert any other lawful purposes or programs determined by the Board).

The ballot must have printed on it, but not as part of the proposition submitted, the following: "The approximate impact of the proposed increase on the owner of a single-family home having a market value of (insert value) would be (insert amount) in the first year of the increase if the increase is fully implemented." The ballot may have printed on it, but not as part of the proposition, one or both of the following: "The last tax rate extended for the
purposes of the district was (insert rate). The last rate increase approved for the purposes of the district was in (insert year)." No other information needs to be included on the ballot.

The votes must be recorded as "Yes" or "No".

If a majority of the electors voting on the question vote in the affirmative, the district may thereafter levy the tax.

This Section does not apply to a forest preserve district established under Section 18.5 of the Conservation District Act.

Sec. 6-306.6. Failure to pay traffic fines, penalties, or court costs.

(a) Whenever any resident of this State fails to pay any traffic fine, penalty, or cost imposed for a violation of this Code, or similar provision of local ordinance, the clerk may notify the Secretary of State, on a report prescribed by the Secretary, and the Secretary shall prohibit the renewal, reissue or reinstatement of such resident's driving privileges until such fine, penalty, or cost has been paid in full. stating that such action will be effective on the 46th day following the date of the above notice if payment is not received in full by the court of venue.

(a-1) Whenever any resident of this State who has made a partial payment on any traffic fine, penalty, or cost that was imposed under a conviction entered on or after the effective date of this amendatory Act of the 93rd General Assembly, for a violation of this Code or a similar provision of a local ordinance, fails to pay the remainder of the outstanding fine, penalty, or cost within the time limit set by the court, the clerk may notify the Secretary of State, on a report prescribed by the Secretary, and the Secretary shall prohibit the renewal, reissue, or reinstatement of the resident's driving privileges until the fine, penalty, or cost has been paid in full. The clerk shall provide notice to the driver, at the driver's last known address as shown on the court's records, stating that the action will be effective on the 46th day following the date of the notice if payment is not received in full by the court of venue.

(b) Except as provided in subsection (b-1), following receipt of the report from the clerk, the Secretary of State shall make the proper notation to the driver's file to prohibit the renewal, reissue or reinstatement of such driver's driving privileges. Except as provided in paragraph (2) of subsection (d) of this Section, such notation shall not be removed from the driver's record until the driver satisfies the outstanding fine, penalty, or cost and an appropriate notice on a form prescribed by the Secretary is received by the Secretary from the court of venue, stating that such fine, penalty, or cost has been paid in full. Upon payment in full of a traffic fine, penalty, or court cost which has previously been reported under this Section as unpaid, the clerk of the court shall present the driver with a signed receipt containing the seal of the court indicating that such fine, penalty, or cost has been paid in full, and shall forward forthwith to the Secretary of State a notice stating that the fine, penalty, or cost has been paid in full.

(b-1) In a county with a population of 3,000,000 or more, following receipt of the report from the clerk, the Secretary of State shall make the proper notation to the driver's file to prohibit the renewal, reissue or reinstatement of such driver's driving privileges. Such notation shall not be removed from the driver's record until the driver satisfies the outstanding fine, penalty, or cost and an appropriate notice on a form prescribed by the Secretary is received by the Secretary directly from the court of venue, stating that such fine, penalty, or cost has been paid in full. Upon payment in full of a traffic fine, penalty, or court cost which has previously been
reported under this Section as unpaid, the clerk of the court shall forward forthwith directly to the Secretary of State a notice stating that the fine, penalty, or cost has been paid in full and shall provide the driver with a signed receipt containing the seal of the court, indicating that the fine, penalty, and cost have been paid in full. The receipt may not be used by the driver to clear the driver's record.

(c) The provisions of this Section shall be limited to a single action per arrest and as a post conviction measure only. Fines, penalty, or costs to be collected subsequent to orders of court supervision, or other available court diversions are not applicable to this Section.

(d) (1) Notwithstanding the receipt of a report from the clerk as prescribed in subsection (a), nothing in this Section is intended to place any responsibility upon the Secretary of State to provide independent notice to the driver of any potential action to disallow the renewal, reissue or reinstatement of such driver's driving privileges.

(2) Except as provided in subsection (b-1), the Secretary of State shall renew, reissue or reinstate a driver's driving privileges which were previously refused pursuant to this Section upon presentation of an original receipt which is signed by the clerk of the court and contains the seal of the court indicating that the fine, penalty, or cost has been paid in full. The Secretary of State shall retain such receipt for his records.

(2) Any employee who withdraws on or after attainment of age 55 (age 50 if the employee first entered service before June 13, 1997) and prior to age 60 having at least 5 years but less than 10 years of service is entitled to a retirement annuity upon attainment of age 62, subject to the other requirements of this Article.

(3) Any employee who withdraws from service on or after attainment of age 50 but prior to age 60 and is eligible for early retirement without discount under the Rule of 80 as provided in subsection (c) of Section 13-302 is entitled to a retirement annuity at the time of withdrawal.

However, where the employee first enters service after June 13, 1997 and does not have at least 10 years of service exclusive of credit under Article 20, the annuity computed above shall be reduced by 1/2 of 1% for each full month between the date the annuity begins and attainment of age 60.

(c) Rule of 80 - Early retirement without discount. For an employee who retires on or after January 1, 2003 but on or before December 31, 2007, if the employee is eligible for a retirement annuity under Section 13-301 and has at least 10 years of service exclusive of credit under Article 20 and if at the date of withdrawal the employee's age when added to the number of years of his or her creditable service equals at least 80, the early retirement discount in subsection (b) of this Section does not apply. For purposes of this Rule of 80, portions of years shall be considered in whole months.

An employee who has terminated employment with the employer under this Article prior to the effective date of this amendatory Act of the 92nd General Assembly and subsequently re-enters service must remain in
service with the employer under this Article for at least 2 years after re-entry during the period beginning on January 1, 2003 and ending on December 31, 2007 to be entitled to early retirement without discount under this subsection (c).

In the case of an employee who retires under the terms of Article 20, eligibility for early retirement without discount under this subsection (c) shall be based upon the employee's age and service credit at the time of withdrawal from the final fund.

(c-1) Early retirement without discount; retirement after June 29, 1997 and before January 1, 2003. An employee who (i) has attained age 55 (age 50 if the employee first entered service before June 13, 1997), (ii) has at least 10 years of service exclusive of credit under Article 20, (iii) retires after June 29, 1997 and before January 1, 2003, and (iv) retires within 6 months of the last day for which retirement contributions were required, may elect at the time of application to make a one-time employee contribution to the Fund and thereby avoid the early retirement reduction specified in subsection (b). The exercise of the election shall also obligate the employer to make a one-time nonrefundable contribution to the Fund.

The one-time employee and employer contributions shall be a percentage of the retiring employee's highest full-time annual salary, calculated as the total amount of salary included in the highest 26 consecutive pay periods as used in the average final salary calculation, and based on the employee's age and service at retirement. The employee rate shall be 7% multiplied by the lesser of the following 2 numbers: (1) the number of years, or portion thereof, that the employee is less than age 60; or (2) the number of years, or portion thereof, that the employee's service is less than 30 years. The employer contribution shall be at the rate of 20% for each year, or portion thereof, that the participant is less than age 60.

Upon receipt of the application, the Board shall determine the corresponding employee and employer contributions. The annuity shall not be payable under this subsection until both the required contributions have been received by the Fund. However, the date the contributions are received shall not be considered in determining the effective date of retirement.

The number of employees who may retire under this Section in any year may be limited at the option of the District to a specified percentage of those eligible, not lower than 30%, with the right to participate to be allocated among those applying on the basis of seniority in the service of the employer.

An employee who has terminated employment and subsequently re-enters service shall not be entitled to early retirement without discount under

this subsection unless the employee continues in service for at least 4 years after re-entry.

(d) Annual increase. Except for employees retiring and receiving a term annuity, an employee who retires on or after July 1, 1985 but before July 12, 2001, shall, upon the first payment date following the first anniversary of the date of retirement, have the monthly annuity increased by 3% of the amount of the monthly annuity fixed at the date of retirement. Except for employees retiring and receiving a term annuity, an employee who retires on or after July 12, 2001 shall, on the first day of the month in which the first anniversary of the date of retirement occurs, have the monthly annuity increased by 3% of the amount of the monthly annuity fixed at the date of retirement. The monthly annuity shall be increased by an additional 3% on the same date each year thereafter. Beginning January 1, 1993, all annual increases payable under this subsection (or any predecessor provision, regardless of the date of retirement) shall be calculated at the rate of 3% of the monthly annuity payable at the time of the increase, including any increases previously granted under this Article.

Any employee who (i) retired before July 1, 1985 with at least 10 years of creditable service, (ii) is receiving a retirement annuity under this Article, other than a term annuity, and (iii) has not received any annual increase under this subsection, shall begin receiving the annual increases provided under this subsection (d) beginning on the next annuity payment date following June 13, 1997.

(e) Minimum retirement annuity. Beginning January 1, 1993, the minimum monthly retirement annuity shall be $500 for any annuitant having at least 10 years of service under this Article, other than a term annuitant or an annuitant who began receiving the annuity before attaining age 60. Any such annuitant who is receiving a monthly annuity of less than $500 shall have the annuity increased to $500 on that date.

Beginning January 1, 1993, the minimum monthly retirement annuity shall be $250 for any annuitant (other than a term or reciprocal annuitant or an annuitant under subsection (d) of Section 13-301) having less than 10 years of service under this Article, and for any annuitant (other than a term annuitant) having at least 10 years of service under this Article who began receiving the annuity before attaining age 60. Any such annuitant who is receiving a monthly annuity of less than $250 shall have the annuity increased to $250 on that date.

Beginning August 1, 2001 on the first day of the month following the month in which this amendatory Act of the 92nd General Assembly takes

(and without regard to whether the annuitant was in service on or after that effective date), the minimum monthly retirement annuity for any annuitant having at least 10 years of service, other than an annuitant whose annuity is subject to an early retirement discount, shall be $500 plus $25 for each year of service in excess of 10, not to exceed $750 for an annuitant with 20 or more years of service. In the case of a reciprocal annuity, this minimum shall apply only if the annuitant has at least 10 years of service under this Article, and the amount of the minimum annuity shall be reduced by the sum of all the reciprocal annuities payable to the annuitant by other participating systems under Article 20 of this Code.

Notwithstanding any other provision of this subsection, beginning on the first annuity payment date following July 12, 2001, an employee who retired before August 23, 1989 with at least 10 years of service under this Article but before attaining age 60 (regardless of whether the retirement annuity was subject to an early retirement discount) shall be entitled to the same minimum monthly retirement annuity under this subsection as an employee who retired with at least 10 years of service under this Article and after attaining age 60.

Notwithstanding any other provision of this subsection, beginning on the first day of the month following the month in which this amendatory Act of the 94th General Assembly takes effect (and without regard to whether the annuitant was in service on or after that effective date), an employee who retired on or after August 23, 1989 with at least 10 years of service under this Article but before attaining age 60 (regardless of whether the retirement annuity was subject to an early retirement discount), except for an employee who is eligible for an annuity under Section 13-301(d), shall be entitled to the same minimum monthly retirement annuity under this subsection as an employee who retired with at least 10 years of service under this Article and after attaining age 60.

Sec. 13-305. Surviving spouse's annuity; eligibility. A surviving spouse who was married to an employee on the date of the employee's death while in service, or was married to an employee on the date of withdrawal from service and remained married to that employee until the employee's death, shall be entitled to a surviving spouse's annuity payable for life. However, the annuity shall not be payable to the surviving spouse of (1) an employee who withdraws from service before attaining the minimum retirement age unless the deceased employee had at least

10 years of service, or at least less than 5 years of service if the employee was eligible for an annuity upon attainment of age 62 pursuant to Section 13-301(b) or had been receiving a retirement annuity pursuant to Section 13-301(d), or (2) an employee not described in item (1) who first enters service on or after the effective date of this amendatory Act of 1997 and who has been employed as an employee for (i) less than 36 months from the date of the employee's original entry into service or (ii) less than 12 months from the employee's date of latest re-entry into service; except as otherwise provided in Section 13-306(a) for an employee whose death arises out of or in the course of the employee's service to the employer.

A dissolution of marriage after retirement shall not divest the employee's spouse of the entitlement to a surviving spouse's annuity upon the subsequent death of the employee, provided that the surviving spouse and the deceased employee had been married to each other for a period of not less than 10 continuous years on the date of retirement.

(40 ILCS 5/13-306) (from Ch. 108 1/2, par. 13-306)
(a) Computation of the annuity. The surviving spouse's annuity shall be equal to 60% of the retirement annuity earned and accrued to the credit of the deceased employee, whether death occurs while in service or after withdrawal, plus 1% for each year of total service of the employee to a maximum of 85%; provided, however, that if the employee's death arises out of and in the course of the employee's service to the employer and is compensable under either the Illinois Workers' Compensation Act or Illinois Workers' Occupational Diseases Act, the surviving spouse's annuity is payable regardless of the employee's length of service and shall be not less than 50% of the employee's salary at the date of death.

For any death in service the early retirement discount required under Section 13-302(b) shall not be applied in computing the retirement annuity upon which is based the surviving spouse's annuity.

For any death after withdrawal and prior to application for annuity benefits, the early retirement discount required under Section 13-302(b) shall be applied in computing the retirement annuity upon which the surviving spouse’s annuity is based. The maximum age discount applied to the employee's retirement annuity shall not exceed 60%.

Further, the annuity for a surviving spouse of a withdrawn employee who was eligible for an annuity upon attainment of age 62 pursuant to Section 13-301(b) but who died prior to age 60 shall be based upon an

employee annuity that has been reduced by 1/2% for each full month between
the date the surviving spouse's annuity begins and the employee's attainment
of age 60.

(b) Reciprocal service. For any employee or annuitant who retires on
or after July 1, 1985 and whose death occurs after January 1, 1991, having at
least 15 years of service with the employer under this Article, and who was
eligible at the time of death or elected at the time of retirement to have his or
her retirement annuity calculated as provided in Section 20-131 of this Code,
the surviving spouse benefit shall be calculated as of the date of the
employee's death as indicated in subsection (a) as a percentage of the
employee's total benefit as if all service had been with the employer. That
benefit shall then be reduced by the amounts payable by each of the
reciprocal funds as of the date of death so that the total surviving spouse
benefit at that date will be equal to the benefit which would have been
payable had all service been with the employer under this Article.

(c) Discount for age differential. The annuity for a surviving spouse
shall be discounted by 0.25% for each full month that the spouse is younger
than the employee as of the date of withdrawal from service or death in
service to a maximum discount of 60% of the surviving spouse annuity as
calculated under subsections (a), (b), and (e) of this Section. The discount
shall be reduced by 10% for each full year the marriage has been in
continuous effect as of the date of withdrawal or death in service. There shall
be no discount if the marriage has been in continuous effect for 10 full years
or more at the time of withdrawal or death in service.

(d) Annual increase. Effective August 23, 1989, on the first day of
each calendar month in which there occurs an anniversary of the employee's
date of retirement or date of death, whichever occurred first, the surviving
spouse's annuity, other than a term annuity under Section 13-307, shall be
increased by an amount equal to 3% of the amount of the annuity. Beginning
January 1, 1993, all annual increases payable under this subsection (or any
predecessor provision of this Article) shall be calculated at the rate of 3% of
the monthly annuity payable at the time of the increase, including any
increases previously granted under this Article.

Beginning January 1, 1993, surviving spouse annuitants whose
deceased spouse died, retired or withdrew from service before August 23,
1989 with at least 10 years of service under this Article shall be eligible for
the annual increases provided under this subsection.

(e) Minimum surviving spouse's annuity.

(1) Beginning January 1, 1993, the minimum monthly

surviving spouse's annuity shall be $500 for any annuitant whose deceased spouse had at least 10 years of service under this Article, other than a surviving spouse who is a term annuitant or whose deceased spouse began receiving a retirement annuity under this Article before attainment of age 60. Any such surviving spouse annuitant who is receiving a monthly annuity of less than $500 shall have the annuity increased to $500 on that date.

Beginning January 1, 1993, the minimum monthly surviving spouse's annuity shall be $250 for any annuitant (other than a term or reciprocal annuitant or an annuitant survivor under subsection (d) of Section 13-301) whose deceased spouse had less than 10 years of service under this Article, and for any annuitant (other than a term annuitant) whose deceased spouse had at least 10 years of service under this Article and began receiving a retirement annuity under this Article before attainment of age 60. Any such surviving spouse annuitant who is receiving a monthly annuity of less than $250 shall have the annuity increased to $250 on that date.

(2) Beginning August 1, 2001 on the first day of the month following the month in which this amendatory Act of the 92nd General Assembly takes effect (and without regard to whether the deceased spouse was in service on or after that effective date), the minimum monthly surviving spouse's annuity for any annuitant whose deceased spouse had at least 10 years of service shall be the greater of the following:

(A) An amount equal to $500, plus $25 for each year of the deceased spouse's service in excess of 10, not to exceed $750 for an annuitant whose deceased spouse had 20 or more years of service. This subdivision (A) is not applicable if the deceased spouse received a retirement annuity that was subject to an early retirement discount.

(B) An amount equal to (i) 50% of the retirement annuity earned and accrued to the credit of the deceased spouse at the time of death, plus (ii) the amount of any annual increases applicable to the surviving spouse's annuity (including the amount of any reversionary annuity) under subsection (d) before July 12, 2001 the effective date of this amendatory Act of the 92nd General Assembly. In any case in which a refund of excess contributions for the surviving spouse annuity has been paid by the Fund and the surviving

spouse annuity is increased due to the application of this subdivision (B), the amount of that refund shall be recovered by the Fund as an offset against the amount of the increase in annuity arising from the application of this subdivision (B).

In the case of a reciprocal annuity, the minimum annuity calculated under this subdivision (e)(2) shall apply only if the deceased spouse of the annuitant had at least 10 years of service under this Article, and the amount of the minimum annuity shall be reduced by the sum of all the reciprocal annuities payable to the annuitant by other participating systems under Article 20 of this Code.

The minimum annuity calculated under this subdivision (e)(2) is in addition to the amount of any reversionary annuity that may be payable.

(3) Beginning August 1, 2001 on the first day of the month following the month in which this amendatory Act of the 92nd General Assembly takes effect (and without regard to whether the deceased spouse was in service on or after that effective date), any surviving spouse who is receiving a term annuity under Section 13-307 or any predecessor provision of this Article may have that term annuity recalculated and converted to a minimum surviving spouse annuity under this subsection (e).

(4) Notwithstanding any other provision of this subsection, beginning August 1, 2001 on the first annuity payment date following the effective date of this amendatory Act of the 92nd General Assembly, an annuitant whose deceased spouse retired before August 23, 1989 with at least 10 years of service under this Article but before attaining age 60 (regardless of whether the retirement annuity was subject to an early retirement discount) shall be entitled to the same minimum monthly surviving spouse's annuity under this subsection as an annuitant whose deceased spouse retired with at least 10 years of service under this Article and after attaining age 60. Further notwithstanding any other provision of this subsection, beginning on the first day of the month following the month in which this amendatory Act of the 94th General Assembly takes effect, an annuitant whose deceased spouse retired on or after August 23, 1989 with at least 10 years of service under this Article but before attaining age 60 (regardless of whether the retirement annuity was subject to an early retirement discount) shall be entitled to the same

minimum monthly surviving spouse's annuity under this subsection as an annuitant whose deceased spouse retired with at least 10 years of service under this Article and after attaining age 60.

(5) The minimum annuity provided under this subsection (e) shall be subject to the age discount provided under subsection (c) of this Section.

Sec. 13-308. Child's annuity.
(a) Eligibility. A child's annuity shall be provided for each unmarried child under the age of 18 years (under the age of 23 years in the case of a full-time student) whose employee parent dies while in service, or whose deceased parent is an annuitant or former employee with at least 10 years of creditable service who did not take a refund of employee contributions. Eligibility for benefits to unmarried children over the age of 18 but under the age of 23 begins no earlier than the first day of the month following the month in which this amendatory Act of the 94th General Assembly takes effect.

For purposes of this Section, "employee" includes a former employee, and "child" means the issue of an employee, or a child adopted by an employee if the proceedings for adoption were instituted at least one year prior to the employee's death.

Payments shall cease when a child attains the age of 18 years (age of 23 years in the case of a full-time student) or marries, whichever first occurs. The annuity shall not be payable unless the employee has been employed as an employee for at least 36 months from the date of the employee's original entry into service (at least 24 months in the case of an employee who first entered service before June 13, the effective date of this amendatory Act of 1997) and at least 12 months from the date of the employee's latest re-entry into service; provided, however, that if death arises out of and in the course of service to the employer and is compensable under either the Illinois Workers' Compensation Act or Illinois Workers' Occupational Diseases Act, the annuity is payable regardless of the employee's length of service.

(b) Amount. A child's annuity shall be $500 per month for one child and $350 per month for each additional child, up to a maximum of $2,500 per month for all children of the employee, as provided in this Section, if a parent of the child is living. The child's annuity shall be $1,000 per month for one child and $500 per month for each additional child, up to a maximum of $2,500 for all children of the employee, when neither parent is alive. The
total amount payable to all children of the employee shall be divided equally among those children. Any child's annuity which commenced prior to July 12, 2001 shall be increased upon the first day of the month following the month in which that effective date occurs, to the amount set forth herein.

c) Payment. Until a child attains the age of 18 years, a child's annuity shall be paid to the child's parent or other person who shall be providing for the child without requiring formal letters of guardianship, unless another person shall be appointed by a court of law as guardian.

(40 ILCS 5/13-309) (from Ch. 108 1/2, par. 13-309)
Sec. 13-309. Duty disability benefit.

(a) Any employee who becomes disabled, which disability is the result of an injury or illness compensable under the Illinois Workers' Compensation Act or the Illinois Workers' Occupational Diseases Act, is entitled to a duty disability benefit during the period of disability for which the employee does not receive any part of salary, or any part of a retirement annuity under this Article; except that in the case of an employee who first enters service on or after June 13, 1997 and becomes disabled before the effective date of this amendatory Act of the 94th General Assembly, a duty disability benefit is not payable for the first 3 days of disability that would otherwise be payable under this Section if the disability does not continue for at least 11 additional days. The changes made to this Section by this amendatory Act of the 94th General Assembly are prospective only and do not entitle an employee to a duty disability benefit for the first 3 days of any disability that occurred before that effective date and did not continue for at least 11 additional days. This benefit shall be 75% of salary at the date disability begins. However, if the disability in any measure resulted from any physical defect or disease which existed at the time such injury was sustained or such illness commenced, the duty disability benefit shall be 50% of salary.

Unless the employer acknowledges that the disability is a result of injury or illness compensable under the Workers' Compensation Act or the Workers' Occupational Diseases Act, the duty disability benefit shall not be payable until the issue of compensability under those Acts is finally adjudicated. The period of disability shall be as determined by the Illinois Workers' Compensation Commission or acknowledged by the employer.

The first payment shall be made not later than one month after the benefit is granted, and subsequent payments shall be made at least monthly.

New matter indicated by italics - deletions by strikeout
The Board shall by rule prescribe for the payment of such benefits on the basis of the amount of salary lost during the period of disability.

(b) The benefit shall be allowed only if the following requirements are met by the employee:

(1) Application is made to the Board within 90 days from the date disability begins;

(2) A medical report is submitted by at least one licensed and practicing physician as part of the employee's application; and

(3) The employee is examined by at least one licensed and practicing physician appointed by the Board and found to be in a disabled physical condition, and shall be re-examined at least annually thereafter during the continuance of disability. The employee need not be re-examined by a licensed and practicing physician if the attorney for the district certifies in writing that the employee is entitled to receive compensation under the Workers' Compensation Act or the Workers' Occupational Diseases Act.

(c) The benefit shall terminate when:

(1) The employee returns to work or receives a retirement annuity paid wholly or in part under this Article;

(2) The disability ceases;

(3) The employee attains age 65, but if the employee becomes disabled at age 60 or later, benefits may be extended for a period of no more than 5 years after disablement;

(4) The employee (i) refuses to submit to reasonable examinations by physicians or other health professionals appointed by the Board, (ii) fails or refuses to consent to and sign an authorization allowing the Board to receive copies of or to examine the employee's medical and hospital records, or (iii) fails or refuses to provide complete information regarding any other employment for compensation he or she has received since becoming disabled; or

(5) The employee willfully and continuously refuses to follow medical advice and treatment to enable the employee to return to work. However this provision does not apply to an employee who relies in good faith on treatment by prayer through spiritual means alone in accordance with the tenets and practice of a recognized church or religious denomination, by a duly accredited practitioner thereof.

In the case of a duty disability recipient who returns to work, the employee must make application to the Retirement Board within 2 years from
the date the employee last received duty disability benefits in order to become again entitled to duty disability benefits based on the injury for which a duty disability benefit was theretofore paid.

Sec. 13-310. Ordinary disability benefit.

(a) Any employee who becomes disabled as the result of any cause other than injury or illness incurred in the performance of duty for the employer or any other employer, or while engaged in self-employment activities, shall be entitled to an ordinary disability benefit. The eligible period for this benefit shall be 25% of the employee's total actual service prior to the date of disability with a cumulative maximum period of 5 years.

(b) The benefit shall be allowed only if the employee files an application in writing with the Board, and a medical report is submitted by at least one licensed and practicing physician as part of the employee's application.

The benefit is not payable for any disability which begins during any period of unpaid leave of absence. No benefit shall be allowed for any period of disability prior to 30 days before application is made, unless the Board finds good cause for the delay in filing the application. The benefit shall not be paid during any period for which the employee receives or is entitled to receive any part of salary.

The benefit is not payable for any disability which begins during any period of absence from duty other than allowable vacation time in any calendar year. An employee whose disability begins during any such ineligible period of absence from service may not receive benefits until the employee recovers from the disability and is in service for at least 15 consecutive working days after such recovery.

In the case of an employee who first enters service on or after June 13, the effective date of this amendatory Act of 1997, an ordinary disability benefit is not payable for the first 3 days of disability that would otherwise be payable under this Section if the disability does not continue for at least 11 additional days.

Beginning on the effective date of this amendatory Act of the 94th General Assembly, an employee who first entered service on or after June 13, 1997 is also eligible for ordinary disability benefits on the 31st day after the last day worked, provided all sick leave is exhausted.

(c) The benefit shall be 50% of the employee's salary at the date of disability, and shall terminate when the earliest of the following occurs:
(1) The employee returns to work or receives a retirement annuity paid wholly or in part under this Article;
(2) The disability ceases;
(3) The employee willfully and continuously refuses to follow medical advice and treatment to enable the employee to return to work. However this provision does not apply to an employee who relies in good faith on treatment by prayer through spiritual means alone in accordance with the tenets and practice of a recognized church or religious denomination, by a duly accredited practitioner thereof;
(4) The employee (i) refuses to submit to a reasonable physical examination within 30 days of application by a physician appointed by the Board, (ii) in the case of chronic alcoholism, the employee refuses to join a rehabilitation program licensed by the Department of Public Health of the State of Illinois and certified by the Joint Commission on the Accreditation of Hospitals, (iii) fails or refuses to consent to and sign an authorization allowing the Board to receive copies of or to examine the employee's medical and hospital records, or (iv) fails or refuses to provide complete information regarding any other employment for compensation he or she has received since becoming disabled; or
(5) The eligible period for this benefit has been exhausted.

The first payment of the benefit shall be made not later than one month after the same has been granted, and subsequent payments shall be made at intervals of not more than 30 days.

payment.

(b) Alternative annuity. Any participant commissioner may elect to establish alternative credits for an alternative annuity by electing in writing to make additional optional contributions in accordance with this Section and procedures established by the Board. Unless and until such time as the U.S. Internal Revenue Service or the federal courts provide a favorable ruling as described in Section 13-502(f), a such commissioner may discontinue making the additional optional contributions by notifying the Fund in writing in accordance with this Section and procedures established by the Board.

Additional optional contributions for the alternative annuity shall be as follows:

(1) For service after the option is elected, an additional contribution of 3% of salary shall be contributed to the Fund on the same basis and under the same conditions as contributions required under Section 13-502.

(2) For contributions on past service, the additional contribution shall be 3% of the salary for the applicable period of service, plus interest at the annual rate from time to time as determined by the Board, compounded annually from the date of service to the date of payment. Contributions for service before the option is elected may be made in a lump sum payment to the Fund or by contributing to the Fund on the same basis and under the same conditions as contributions required under Section 13-502. All payments for past service must be paid in full before credit is given. No additional optional contributions may be made for any period of service for which credit has been previously forfeited by acceptance of a refund, unless the refund is repaid in full with interest at the rate specified in Section 13-603, from the date of refund to the date of repayment.

In lieu of the retirement annuity otherwise payable under this Article, any commissioner who has elected to participate in the Fund and make additional optional contributions in accordance with this Section, has attained age 55, and has at least 6 years of service credit, may elect to have the retirement annuity computed as follows: 3% of the participant's average final salary as a commissioner for each of the first 8 years of service credit, plus 4% of such salary for each of the next 4 years of service credit, plus 5% of such salary for each year of service credit in excess of 12 years, subject to a maximum of 80% of such salary. service credit, the retirement annuity will first be determined in accordance with this Section to the extent such additional optional contributions were made, and then in accordance with the remaining Sections of this Article to the extent of years of service credit with respect to which additional optional contributions were not made. The change in minimum retirement age (from 60 to 55) made by this amendatory Act of 1993 applies to persons who begin receiving a retirement annuity under this Section on or after the effective date of this amendatory Act, without regard to whether they are in service on or after that date.

(c) Disability benefits. In lieu of the disability benefits otherwise payable under this Article, any commissioner who (1) has elected to participate in the Fund, and (2) has become permanently disabled and as a consequence is unable to perform the duties of office, and (3) was making optional contributions in accordance with this Section at the time the disability was incurred, may elect to receive a disability annuity calculated in accordance with the formula in subsection (b). For the purposes of this subsection, such commissioner shall be considered permanently disabled only if: (i) disability occurs while in service as a commissioner and is of such a nature as to prevent the reasonable performance of the duties of office at the time; and (ii) the Board has received a written certification by at least 2 licensed physicians appointed by it stating that such commissioner is disabled and that the disability is likely to be permanent.

(d) Alternative survivor's benefits. In lieu of the survivor's benefits otherwise payable under this Article, the spouse or eligible child of any deceased commissioner who (1) had elected to participate in the Fund, and (2) was either making (or had already made) additional optional contributions on the date of death, or was receiving an annuity calculated under this Section at the time of death, may elect to receive an annuity beginning on the date of the commissioner's death, provided that the spouse and commissioner must have been married on the date of the last termination of a service as commissioner and for a continuous period of at least one year immediately preceding death.

The annuity shall be payable beginning on the date of the commissioner's death if the spouse is then age 50 or over, or beginning at age 50 if the age of the spouse is less than 50 years. If a minor unmarried child or children of the commissioner, under age 18 (age 23 in the case of a full-time student), also survive, and the child or children are under the care of the eligible spouse, the annuity shall begin as of the date of death of the commissioner without regard to the spouse's age.

The annuity to a spouse shall be the greater of (i) 66 2/3% of the amount of retirement annuity earned by the commissioner on the date of death, subject to a minimum payment of 10% of salary, provided that if an eligible spouse, regardless of age, has in his or her care at the date of death of the commissioner any unmarried child or children of the commissioner under age 18, the minimum annuity shall be 30% of the commissioner's salary, plus 10% of salary on account of each minor child of the commissioner, subject to a combined total payment on account of a spouse and minor children not to exceed 50% of the deceased commissioner's salary or (ii) for the spouse of a commissioner whose death occurs on or after the effective date of this amendatory Act of the 94th General Assembly, the surviving spouse annuity shall be computed in the same manner as described in Section 13-306(a). The number of total service years used to calculate the commissioner's annuity shall be the number of service years used to calculate the annuity for that commissioner's surviving spouse. In the event there shall be no spouse of the commissioner surviving, or should a spouse die while eligible minor children still survive the commissioner, each such child shall be entitled to an annuity equal to 20% of salary of the commissioner subject to a combined total payment on account of all such children not to exceed 50% of salary of the commissioner. The salary to be used in the calculation of these benefits shall be the same as that prescribed for determining a retirement annuity as provided in subsection (b) of this Section.

Upon the death of a commissioner occurring after termination of a service or while in receipt of a retirement annuity, the combined total payment to a spouse and minor children, or to minor children alone if no eligible spouse survives, shall be limited to 85% 75% of the amount of retirement annuity earned by the commissioner.

Adopted children shall have status as natural children of the commissioner only if the proceedings for adoption were commenced at least one year prior to the date of the commissioner's death.

Marriage of a child or attainment of age 18 (age 23 in the case of a full-time student), whichever first occurs, shall render the child ineligible for further consideration in the payment of annuity to a spouse or in the increase in the amount thereof. Upon attainment of ineligibility of the youngest minor child of the commissioner, the annuity shall immediately revert to the amount payable upon death of a commissioner leaving no minor children surviving. If the spouse is under age 50 at such time, the annuity as revised shall be deferred until such age is attained.

(e) Refunds. Refunds of additional optional contributions shall be

made on the same basis and under the same conditions as provided under Section 13-601. Interest shall be credited on the same basis and under the same conditions as for other contributions.

Optional contributions shall be accounted for in a separate Commission's Optional Contribution Reserve. Optional contributions under this Section shall be included in the amount of employee contributions used to compute the tax levy under Section 13-503.

(f) Effective date. The effective date of this plan of optional alternative benefits and contributions shall be the date upon which approval was received from the U.S. Internal Revenue Service. The plan of optional alternative benefits and contributions shall not be available to any former employee receiving an annuity from the Fund on the effective date, unless said former employee re-enters service and renders at least 3 years of additional service after the date of re-entry as a commissioner.

For the purpose of computing the length of service for the retirement annuity, surviving spouse's annuity, and child's annuity, and calculating the minimum service requirement for payment of military service under subsection (b) of Section 13-403, service of 120 days in any one calendar year shall constitute one year of service and service for any fractional part thereof shall constitute an equal fractional part of one year of service unless specifically provided otherwise. For all other purposes under this Article, including but not limited to the optional plans of additional benefits and contributions provided under Sections 13-304, 13-304.1, and 13-314 of this Article, 26 pay periods of service during any 12 consecutive months shall constitute a year of service, and service rendered for 50% or more of a single pay period shall constitute service for the full pay period. Service of less than 50% of a single pay period shall not be counted.

Sec. 13-403. Military service.

(a) Any employee who, after commencement of service with the Employer, enlisted, was inducted or was otherwise ordered to serve in the military forces of the United States pursuant to any law, shall receive full service credit for the various purposes of this Article as though the employee were in the active service of the Employer during the period of military service provided that:

(1) beginning July 1, 1963, such service credit shall be granted

only for military service for which the employee volunteers or is inducted or called into military service pursuant to a call of a duly constituted authority or a law of the United States declaring a national emergency;

(2) the employee returns to the employ of the Employer within 90 days after the termination of the national emergency; and

(3) the total service credit for such military service shall not exceed 5 years except that any employee who on July 1, 1963 had accrued more than 5 years of such credit shall be entitled to the total amount thereof.

(b) For a ten-year period following July 24, 2003 the effective date of this amendatory Act of the 93rd General Assembly, a contributing employee or commissioner meeting the minimum service requirements provided under this subsection may establish additional service credit for a period of up to 2 years of active military service in the United States Armed Forces for which he or she does not qualify for credit under subsection (a), provided that (1) the person was not dishonorably discharged from the military service, and (2) the amount of service credit established by the person under this subsection (b), when added to the amount of any military service credit granted to the person under subsection (a), shall not exceed 5 years.

The minimum service requirement for a contributing employee is 10 years of service credit as provided in Sections 13-401 and 13-402 of this Article and exclusive of Article 20. The minimum service requirement for a contributing commissioner is 5 years of service credit as provided in Sections 13-401 and 13-402 of this Article and exclusive of Article 20.

In order to establish military service credit under this subsection (b), the applicant must submit a written application to the Fund, including the applicant's discharge papers from military service, and pay to the Fund (i) employee contributions at the rates provided in this Article, based upon the person's salary on the last date as a participating employee prior to the military service or on the first date as a participating employee after the military service, whichever is greater, plus (ii) the current amount determined by the board to be equal to the employer's normal cost of the benefits accrued for such military service, plus (iii) regular interest of 3% compounded annually on items (i) and (ii) from the date of entry or re-entry as a participating employee following the military service to the date of payment. Contributions must be paid in full before the credit is granted. Credit established under this subsection may be used for pension purposes only.

Notwithstanding any other provision of this Section, a person may not
establish creditable service under this Section for any period for which the person receives credit under any other public employee retirement system, unless the credit under that other retirement system has been irrevocably relinquished.

Sec. 13-502. Employee contributions; deductions from salary.

If contributions are picked up they shall be treated as Employer contributions in determining tax treatment under the United States Internal Revenue Code, and shall not be included as gross income of the employee until such time as they are distributed. The Employer shall pay these employee contributions from the same source of funds used in paying salary to the employee. The Employer may pick up these contributions by a reduction in the cash salary of the employee or by an offset against a future salary increase or by a combination of a reduction in salary and offset against a future salary increase. If employee contributions are picked up they shall be treated for all purposes of this Article 13, including Sections 13-503 and 13-601, in the same manner and to the same extent as employee contributions made prior to the date picked up.

(d) Subject to the requirements of federal law, the Employer shall pick up optional contributions that the employee has elected to pay to the Fund under Section 13-304.1, and the contributions so picked up shall be treated as employer contributions for the purposes of determining federal tax treatment. The Employer shall pick up the contributions by a reduction in the cash salary of the employee and shall pay the contributions from the same fund that is used to pay earnings to the employee. The Employer shall, however, continue to withhold federal and State income taxes based upon contributions made under Section 13-304.1 until the Internal Revenue Service or the federal courts rule that pursuant to Section 414(h) of the U.S. Internal Revenue Code of 1986, as amended, these contributions shall not be included

Sec. 13-601. Refunds.

(a) Withdrawal from service. Upon withdrawal from service, an employee under age 55 (age 50 if the employee first entered service before June 13, 1997), or an employee age 55 (age 50 if the employee first entered service before June 13, 1997) or over but less than 60 having less than 20 years of service, or an employee age 60 or over having less than 5 years of service shall be entitled, upon application, to a refund of total contributions from salary deductions or amounts otherwise paid under this Article by the employee. The refund shall not include interest credited to the contributions. The Board may, in its discretion, withhold payment of a refund for a period not to exceed one year from the date of filing an application for refund.

(b) Surviving spouse's annuity contributions. A refund of all amounts deducted from salary or otherwise contributed by an employee for the surviving spouse's annuity shall be paid upon retirement to any employee who on the date of retirement is either not married or is married but whose spouse is not eligible for a surviving spouse's annuity paid wholly or in part under this Article. The refund shall include interest on each contribution at the rate of 3% per annum compounded annually from the date of the contribution to the date of the refund.

(c) When paid to children, estate or beneficiary. Whenever the total
accumulations, to the account of an employee from employee contributions, including interest to the employee's date of withdrawal, have not been paid to the employee and surviving spouse as a retirement or spouse's annuity before the death of the survivor of the employee and spouse, a refund shall be paid as follows: an amount equal to the excess of such amounts over the amounts paid on such annuities without interest on either such amount, shall be paid to the children of the employee, in equal parts to each, unless the employee has directed in writing, signed by him before an officer authorized to administer oaths, and filed with the Board before the employee's death, that any such amount shall be refunded and paid to any one or more of such children; and if there are not children, such other beneficiary or beneficiaries as might be designated by the employee. If there are no such children or designation of beneficiary, the refund shall be paid to the personal representative of the employee's estate.

If a personal representative of the estate has not been appointed within 90 days from the date on which a refund became payable, the refund may be applied, in the discretion of the Board, toward the payment of the employee's or the surviving spouse's burial expenses. Any remaining balance shall be paid to the heirs of the employee according to the law of descent and distribution of the State of Illinois.

If a reversionary annuity becomes payable under Section 13-303, the refund provided in this section shall not be paid until the death of the reversionary annuitant and the refund otherwise payable under this section shall be then further reduced by the amount of the reversionary annuity paid.

(d) In lieu of annuity. Notwithstanding the provisions set forth in subsection (a) of this section, whenever an employee's or surviving spouse's annuity will be less than $200 per month, the employee or surviving spouse, as the case may be, may elect to receive a refund of accumulated employee contributions; provided, however, that if the election is made by a surviving spouse the refund shall be reduced by any amounts theretofore paid to the employee in the form of an annuity.

(e) Forfeiture of rights. An employee or surviving spouse who receives a refund forfeits the right to receive an annuity or any other benefit payable under this Article except that if the refund is to a surviving spouse, any child or children of the employee shall not be deprived of the right to receive a child's annuity as provided in Section 13-308 of this Article, and the payment of a child's annuity shall not reduce the amount refundable to the surviving spouse.

Sec. 13-603. Restoration of rights. If an employee who has received a refund subsequently re-enters the service and renders one year of contributing service from the date of such re-entry, the employee shall be entitled to have restored all accumulation and service credits previously forfeited by making a repayment of the refund, including interest from the date of the refund to the date of repayment at a rate equal to the higher of 8% per annum or the actuarial investment return assumption used in the Fund's most recent Annual Actuarial Statement. Repayment may be made either directly to the Fund or in a manner similar to that provided for the contributions required under Section 13-502. The service credits represented thereby, or any part thereof, shall not become effective unless the full amount due has been paid by the employee, including interest. The repayment must be made in full by the employee no later than 90 days following the date of the employee's final withdrawal from service. If the employee fails to make a full repayment, any partial amounts paid by the employee shall be refunded without interest if the employee dies in service or withdraws.

No such annuity or benefit shall be permanently reduced or suspended until the affected annuitant or beneficiary is first notified of the proposed action and given an opportunity to be heard. No trustee of the Board shall vote upon that trustee's own personal claim for annuity, benefit or refund, or participate in the deliberations of the Board as to the validity of any such claim. The Board shall have exclusive original jurisdiction in all matters of claims for annuities, benefits and refunds.

(f) To submit an annual report. To submit a report in July of each year to the Board of Commissioners of the Water Reclamation District as of the close of business on December 31st of the preceding year. The report shall include the following:

(k) To collect amounts due. To collect any amounts due to the Fund from any participant or beneficiary prior to payment of any annuity, benefit
or refund.

(l) To invoke rule of offset. To offset against any amount payable to
an employee or to any other person such sums as may be due to the Fund or
may have been paid by the Fund due to misrepresentation, fraud or error.

Sec. 115-20. Referendum on recommended plan; petition.

(a) If the board recommends adoption of the open space plan, or if a subsequent petition is filed by not less than 5% or 50, whichever is greater, of the registered voters of the township (according to the voting registration records at the time the petition is filed) recommending adoption of the open space plan, then the Board, within 30 days of making of the recommendation or the approval filing of the petition, shall file a petition with the township clerk, requesting the clerk to submit to the voters of the township the question of whether the township shall adopt the open space plan and enter upon an open space program, with the power to acquire open land by purchase, condemnation (except townships in counties having a population of more than 150,000 but not more than 250,000), or otherwise in the township and with the power to issue bonds for those purposes under this Article. Approval of a petition recommending adoption of the open space plan shall be given if the petition is determined to be valid following public notice and a hearing consistent with the requirements of Section 115-10 for the initial petition. The total amount of bonds to be issued under this Section may not exceed 5% of the valuation of all taxable property in the township and shall be set forth in the question as a dollar amount. (c) If a majority of the voters voting at the election on the question vote in favor of the question, the township shall thereafter adopt the open space plan recommended by the board or by the petition of the registered voters of the township and shall enter upon an open space program under this Article. If the proposition does not receive the approval of a majority of the voters voting at the election on the question, no proposition may be submitted to the voters under this Section less than 23 months after the date of the election.

(d) If a majority of the legal voters voting at referendum in any township approved a proposition at the consolidated election in 2001 in reliance upon and consistent with this Section 115-20 as it existed prior to the effective date of Public Act 91-847, then that referendum and all actions taken in reliance thereon are hereby validated and are legally binding in all respects.

The petition shall designate the amount of bonds proposed to be issued for the acquisition and improvement of the parks. Within 5 business days after the filing of the petition, the township clerk shall provide public notice of the existence of the filed petition in the same manner as notices of meetings of the township board are provided. Sec. 6. Emergency excavation or demolition.
(a) Every person who engages in emergency excavation or demolition outside of the boundaries of a municipality of at least one million persons which operates its own one-call notice system shall take all reasonable precautions to avoid or minimize interference between the emergency work and existing underground utility facilities or CATS facilities in and near the excavation or demolition area, through the State-Wide One-Call Notice System, and shall notify, as far in advance as possible, the owners or operators of such underground utility facilities or CATS facilities in and near the emergency excavation or demolition area, through the State-Wide One-Call Notice System. At a minimum, the notice required under this subsection (a) shall provide:

Upon notice by the person engaged in emergency excavation or demolition, the owner or operator of an underground utility facility or CATS facility in or near the excavation or demolition area shall communicate with

the person engaged in emergency excavation or demolition within 2 hours or by the date and time requested on the notice, whichever is longer.

The notice by the owner or operator to the person engaged in emergency excavation or demolition may be provided by phone or phone message or by marking the excavation or demolition area. The owner or operator has discharged the owner's or operator's obligation to provide notice under this Section if the owner or operator attempts to provide notice by telephone but is unable to do so because the person engaged in the emergency excavation or demolition does not answer his or her telephone or does not have an answering machine or answering service to receive the telephone call. If the owner or operator attempts to provide notice by telephone or by facsimile but receives a busy signal, that attempt shall not discharge the owner or operator from the obligation to provide notice under this Section.

(b) Every person who engages in emergency excavation or demolition within the boundaries of a municipality of at least one million persons which operates its own one-call notice system shall take all reasonable precautions to avoid or minimize interference between the emergency work and existing underground utility facilities or CATS facilities in and near the excavation or demolition area, through the municipality's one-call notice system, and shall notify, as far in advance as possible, the owners and operators of underground utility facilities or CATS facilities in and near the emergency excavation or demolition area, through the municipality's one-call notice system.

(c) The reinstallation of traffic control devices shall be deemed an emergency for purposes of this Section.

(d) An open cut utility locate shall be deemed an emergency for purposes of this Section.

(220 ILCS 50/10) (from Ch. 111 2/3, par. 1610)

Sec. 10. Record of notice; marking of facilities. Upon notice by the person engaged in excavation or demolition, the person owning or operating underground utility facilities or CATS facilities in or near the excavation or demolition area shall cause a written record to be made of the notice and shall mark, within 48 hours (excluding Saturdays, Sundays and holidays) of receipt of notice, the approximate locations of such facilities so as to enable the person excavating or demolishing to establish the location of the underground utility facilities or CATS facilities. Owners and operators of underground sewer facilities that are located outside the boundaries of a municipality having a population of at least 1,000,000 inhabitants shall be required to
respond and mark the approximate location of those sewer facilities when the excavator indicates, in the notice required in Section 4, that the excavation or demolition project will exceed a depth of 7 feet. "Depth", in this case, is defined as the distance measured vertically from the surface of the ground to the top of the sewer facility. Owners and operators of underground sewer facilities that are located outside the boundaries of a municipality having a population of at least 1,000,000 inhabitants shall be required at all times to locate the approximate location of those sewer facilities when: (1) directional boring is the indicated type of excavation work being performed within the notice; (2) the underground sewer facilities owned are non-gravity, pressurized force mains; or (3) the excavation indicated will occur in the immediate proximity of known underground sewer facilities that are less than 7 feet deep. Owners or operators of underground sewer facilities that are located outside the boundaries of a municipality having a population of at least 1,000,000 inhabitants shall not hold an excavator liable for damages that occur to sewer facilities that were not required to be marked under this Section, provided that prompt notice of the damage is made to the State-Wide One-Call Notice System and the utility owner as required in Section 7.

All persons subject to the requirements of this Act shall plan and conduct their work consistent with reasonable business practices. Conditions may exist making it unreasonable to request that locations be marked within 48 hours. It is unreasonable to request owners and operators of underground utility facilities and CATS facilities to locate all of their facilities in an affected area upon short notice in advance of a large or extensive nonemergency project, or to request extensive locates in excess of a reasonable excavation or demolition work schedule, or to request locates under conditions where a repeat request is likely to be made because of the passage of time or adverse job conditions. Owners and operators of underground utility facilities and CATS facilities must reasonably anticipate seasonal fluctuations in the number of locate requests and staff accordingly.

If a person owning or operating underground utility facilities or CATS facilities receives a notice under this Section but does not own or operate any underground utility facilities or CATS facilities within the proposed excavation or demolition area described in the notice, that person, within 48 hours (excluding Saturdays, Sundays, and holidays) after receipt of the notice, shall so notify the person engaged in excavation or demolition who initiated the notice, unless the person who initiated the notice expressly waives the right to be notified that no facilities are located within the excavation or demolition area. The notification by the owner or operator of underground

utility facilities or CATS facilities to the person engaged in excavation or demolition may be provided in any reasonable manner including, but not limited to, notification in any one of the following ways: by face-to-face communication; by phone or phone message; by facsimile; by posting in the excavation or demolition area; or by marking the excavation or demolition area. The owner or operator of those facilities has discharged the owner's or operator's obligation to provide notice under this Section if the owner or operator attempts to provide notice by telephone or by facsimile, if the person has supplied a facsimile number, but is unable to do so because the person engaged in the excavation or demolition does not answer his or her telephone or does not have an answering machine or answering service to receive the telephone call or does not have a facsimile machine in operation to receive the facsimile transmission. If the owner or operator attempts to provide notice by telephone or by facsimile but receives a busy signal, that attempt shall not serve to discharge the owner or operator of the obligation to provide notice under this Section.

A person engaged in excavation or demolition may expressly waive the right to notification from the owner or operator of underground utility facilities or CATS facilities that the owner or operator has no facilities located in the proposed excavation or demolition area. Waiver of notice is only permissible in the case of regular or nonemergency locate requests. The waiver must be made at the time of the notice to the State-Wide One-Call Notice System. A waiver made under this Section is not admissible as evidence in any criminal or civil action that may arise out of, or is in any way related to, the excavation or demolition that is the subject of the waiver.

For the purposes of this Act, underground facility operators may utilize a combination of flags, stakes, and paint when possible on non-paved surfaces and when dig site and seasonal conditions warrant. If the approximate location of an underground utility facility or CATS facility is marked with stakes or other physical means, the following color coding shall be employed:

If such deductions are not made, the policeman may pay such amount direct to the fund and shall be credited with the corresponding city contributions, to the end that he may retain all rights he otherwise would have had were his employment continuous in his civil

service position; provided, that any such amount not so deducted from his salary nor paid by him shall be deducted from the earliest possible and practicable payment of salary due and payable to him, or from any annuity, benefit or refund payable to him or on his account. The policeman shall receive credit for such employment as service for all purposes of this Article.

(b) From and after January 1, 1970, in lieu of the provisions of the preceding paragraph (a) of this Section, any policeman serving in a non-civil service position in the police department shall have salary deductions made for age and service annuity and widow's annuity on salary as defined in Section 5-114 (e).

Any active policeman serving in a non-civil service position on the effective date of this amendatory Act may elect, prior to January 1, 1970, to contribute directly to the fund for age and service and widow's annuity on salary received in excess of that provided for in his civil service rank for police service rendered in a non-civil service position prior to the operative date of his election. Such election shall be exercised prior to January 1, 1974, by a policeman in service on such effective date or within 6 months prior to such date. Any policeman in service not serving in a non-civil service position on the effective date of this amendatory Act who is subsequently assigned and serving in a non-civil service position may make like election within 6 months after such assignment. Contributions for such past service shall include interest at the applicable rate to the end that the contributions shall equal the amount that would have been credited to the policeman had deductions been made from such excess salary for such service. For such contributions the policeman shall be credited with the corresponding city contributions with interest for all annuity purposes at the rates in effect at the time the service was rendered.

Contributions for past service, if elected, shall be made for the entire period of service and for the total amount of the excess salary and no credit shall be granted or payment permitted for any part of such service or excess salary. Payment of contributions on such past service shall be completed within 3 years of the date of election and in any event before death or retirement. If not paid in full within such period, or before death, no credit shall be granted thereon, and the sums so paid, with interest at the rate of 1 1/2% per year, compounded annually, shall be refunded to the policeman, or his surviving widow or children, or if there are no such survivors, then in accordance with Section 5-167, provided, however, that if the repayment has not been made in full before death, his widow shall have the option of completing such payment within 60 days from the date of his death.

Beginning January 1, 2000, the limitation contained in this paragraph shall not apply to a policeman assigned to a non-civil service position with the title of Captain. A policeman who has made contributions as provided by this Section but who fails to qualify for the benefits due to the limitation of this paragraph is entitled to refund of said contributions, upon application therefor, according to the provisions of Section 5-163 (f).

PUBLIC ACT 94-0632
(Senate Bill No. 1698)

AN ACT concerning health.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act shall be cited as the Autism Spectrum Disorders Reporting Act.

Section 5. Legislative findings and purpose.
(a) The General Assembly finds that:
   (1) the incidence of autism spectrum disorders has increased significantly in Illinois, as in other states;
   (2) the Centers for Disease Control and Prevention estimates that autism spectrum disorders affects 1 in 166 children;
   (3) autism spectrum disorders affect children of every racial, ethnic, and socioeconomic background, and occurs in every part of Illinois;
   (4) little is known about causes of autism, although research has indicated that autism is due to an abnormality of brain development that may be related to environmental factors, pharmacological agents, and other prenatal or early childhood exposures, genetics or a combination thereof;
   (5) because there is no biologic marker for autism, surveillance for this disability presents several technical and logistic challenges that must be overcome;
   (6) families of children with autism experience tremendous psychological and financial stress related to their child's disability;
   (7) children with autism require long-term care and services; special education costs for a child with autism average more than $19,000 per year nationwide, more than 3 times the cost of the

New matter indicated by italics - deletions by strikeout
average student and more than any other special education category; some specially structured programs cost over $40,000 per year, and care in a residential school costs between $80,000 and $100,000 per year; these costs continue as children become adults, which can be more than $50,000 per person;

(8) genetic and environmental factors have been suggested;

(9) there is no known cure for autism, although some available therapies, treatments, and medicines may relieve the severity and symptoms associated with the disorders;

(10) there exists no unified effort to collect and analyze information on autism spectrum disorders and their potential effects on public health, families, schools, and the economy in Illinois;

(11) the lack of comprehensive information has caused concern on the part of Illinois citizens and a lack of effective control by the State;

(12) it is the obligation of the State to inform and protect the citizens of Illinois by developing a comprehensive and integrated data system on autism spectrum disorders and public health; and

(13) the establishment of an Autism Spectrum Disorder Registry will help better define who is affected by autism and the impact of autism; define the range of impairments and disability associated with autism; identify better mechanisms to refer persons with autism to available services; and provide a research tool for universities, physicians, and policymakers to conduct studies in Illinois.

(b) It is the purpose of this Act to establish a unified statewide project to collect, compile, and correlate information on public health and autism spectrum disorders, to be known as the Autism Spectrum Disorders Registry. The information is to be used to assist in the determination of public policy and to provide a source of information for researchers and the public, except when public disclosure of the information would violate the provisions of this Act and other applicable laws concerning confidentiality.

(c) In particular, the purpose of the collection of autism spectrum disorder incidence information is to:

(1) monitor incidence trends of autism spectrum disorders to detect potential public health problems, predict risks, and assist in investigating clusters;

(2) more accurately target intervention resources for communities and patients and their families;

New matter indicated by italics - deletions by strikeout
(3) inform health professionals and citizens about risks, early detection, and treatment of autism spectrum disorders;

(4) promote high quality research to provide better information for the study of autism spectrum disorders, treatment, interventions, and services, and the impact of autism spectrum disorders on families, schools, public health, and the economy; and

(5) promote Illinois as a national leader in research into the causes, effects, and treatment of autism spectrum disorders.

Section 10. Definitions. In this Act:

(House Bill No. 2380)

AN ACT in relation to public health.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Arthritis Prevention, Control, and Cure Act.

Section 5. Findings and purposes.
(a) Findings. The legislature hereby finds the following:

(1) Arthritis encompasses more than 100 diseases and conditions that affect joints, the surrounding tissues, and other connective tissues.

(2) One of the most common family of diseases in the United States, arthritis or chronic joint symptoms affect nearly one of every 3 Americans.

(3) Arthritis is the leading cause of disability in the United States, limiting daily activities for more than 7,000,000 citizens.

(4) Although prevailing myths inaccurately portray arthritis as an old person's disease, arthritis is a multi-generational disease that has become one of the country's most pressing public health problems.

(5) This disease has a significant impact on quality of life not only for the individual who experiences its painful symptoms and resulting disability, but also for family members and caregivers.

(6) Compounding this picture are the enormous economic and social costs associated with treating arthritis and its complications, which are estimated at almost $86,000,000,000 annually.

(7) Currently, the challenge exists to ensure delivery of effective, but often underutilized, interventions that are necessary in

the prevention or reduction of arthritis-related pain and disability.

(8) Although there exists a large quantity of public information and programs about arthritis, it remains inadequately disseminated and insufficient in addressing the needs of specific diverse populations and other underserved groups.

(9) The Arthritis Foundation, the Centers for Disease Control and Prevention (CDC), and the Association of State and Territorial Health Officials have led the development of a public health strategy, the National Arthritis Action Plan, to respond to this challenge.

(10) Educating the public and health care community throughout the State about this devastating disease is of paramount importance and is in every respect in the public interest and to the benefit of all residents of this State.

(b) Purposes. The purposes of this Act are:

(1) To create and foster a statewide program that promotes public awareness and increases knowledge about the causes of arthritis, the importance of early diagnosis and appropriate management, effective prevention strategies, and pain prevention and management.

(2) To develop knowledge and enhance understanding of arthritis by disseminating educational materials and information on research results, services provided, and strategies for prevention and control to patients, health professionals, and the public.

(3) To establish a solid scientific base of knowledge on the prevention of arthritis and related disability through surveillance, epidemiology, and prevention research.

(4) To utilize educational and training resources and services developed by organizations with appropriate expertise and knowledge of arthritis and to use available technical assistance.

(5) To evaluate the need for improving the quality and accessibility of existing community-based arthritis services.

(6) To heighten awareness about the prevention, detection, and treatment of arthritis among State and local health and human services officials, health professionals and providers, and policy makers.

(7) To implement and coordinate State and local programs and services to reduce the public health burden of arthritis.

(8) To adequately fund these programs on a State level.

(9) To provide lasting improvements in the delivery of health

(b) No agreement, note or other instrument evidencing a loan secured by a mortgage on residential real estate, or written contract, agreement or bond for deed providing for the installment purchase of residential real estate, may provide for any change in the contract rate of interest during the term thereof. In the event of a prepayment of the indebtedness which is made on a date after the date on which interest on the indebtedness was last computed, calculated, charged, or collected but before the next date on which interest on the indebtedness was to be calculated, computed, charged, or collected, the lender may calculate, charge and collect interest on the indebtedness for the period which elapsed between the date on which the prepayment is made and the date on which interest on the indebtedness was last computed, calculated, charged or collected at a rate equal to 1/360 of the annual rate for each day which so elapsed, which rate shall be applied to the indebtedness outstanding as of the date of prepayment. The lender shall refund to the borrower any interest charged or collected which exceeds that which the lender may charge or collect pursuant to the preceding sentence. The provisions of this amendatory Act of 1985 shall apply only to contracts or loans entered into on or after the effective date of this amendatory Act, but shall not apply to contracts or loans entered into on or after that date that are subject to Section 4a of this Act, the Consumer Installment Loan Act, or the Retail Installment Sales Act, or that provide for the refund of precomputed interest on prepayment in the manner provided by such Act.

PUBLIC ACT 94-0636  
(Senate Bill No. 1964)

AN ACT in relation to transportation.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Toll Highway Act is amended by changing Sections 10, 11, 17, 23, and 27.1 and by adding Sections 16.2, 16.3, and 27.2 as follows:

(605 ILCS 10/10) (from Ch. 121, par. 100-10)
Sec. 10. The Authority shall have power:
(a) To pass resolutions, make by-laws, rules and regulations for the management, regulation and control of its affairs, and to fix tolls, and to make, enact and enforce all needful rules and regulations in connection with the construction, operation, management, care, regulation or protection of its property or any toll highways, constructed or reconstructed hereunder.
(a-5) To fix, assess, and collect civil fines for a vehicle's operation on a toll highway without the required toll having been paid. The Authority may establish by rule a system of civil administrative adjudication to adjudicate only alleged instances of a vehicle's operation on a toll highway without the required toll having been paid, as detected by the Authority's video or photo surveillance system. In cases in which the operator of the vehicle is not the registered vehicle owner, the establishment of ownership of the vehicle creates a rebuttable presumption that the vehicle was being operated by an agent of the registered vehicle owner. If the registered vehicle owner liable for a violation under this Section was not the operator of the vehicle at the time of the violation, the owner may maintain an action for indemnification against the operator in the circuit court. Rules establishing a system of civil administrative adjudication must provide for written notice, by first class mail or other means provided by law, to the address of the registered owner of the cited vehicle as recorded with the Secretary of State or to the lessee of the cited vehicle at the last address known to the lessor of the cited vehicle at the time of the lease, of the alleged violation and an opportunity to be heard on the question of the violation and must provide for the establishment of a toll-free telephone number to receive inquiries concerning alleged violations. The notice shall also inform the registered vehicle owner that failure to contest in the manner and time provided shall be deemed an admission of liability and that a final order of liability may be entered on that admission. A duly authorized agent of the Authority may perform or execute

the preparation, certification, affirmation, or mailing of the notice. A notice of violation, sworn or affirmed to or certified by a duly authorized agent of the Authority, or a facsimile of the notice, based upon an inspection of photographs, microphotographs, videotape, or other recorded images produced by a video or photo surveillance system, shall be admitted as prima facie evidence of the correctness of the facts contained in the notice or facsimile. Only civil fines, along with the corresponding outstanding toll, and costs may be imposed by administrative adjudication. A fine may be imposed under this paragraph only if a violation is established by a preponderance of the evidence. Judicial review of all final orders of the Authority under this paragraph shall be conducted in the circuit court of the county in which the administrative decision was rendered in accordance with the Administrative Review Law.

Any outstanding toll, fine, additional late payment fine, other sanction, or costs imposed, or part of any fine, other sanction, or costs imposed, remaining unpaid after the exhaustion of, or the failure to exhaust, judicial review procedures under the Administrative Review Law are a debt due and owing the Authority and may be collected in accordance with applicable law. After expiration of the period in which judicial review under the Administrative Review Law may be sought, unless stayed by a court of competent jurisdiction, a final order of the Authority under this subsection (a-5) may be enforced in the same manner as a judgment entered by a court of competent jurisdiction. Notwithstanding any other provision of this Act, the Authority may, with the approval of the Attorney General, retain a law firm or law firms with expertise in the collection of government fines and debts for the purpose of collecting fines, costs, and other moneys due under this subsection (a-5).

A system of civil administrative adjudication may also provide for a program of vehicle immobilization, tow, or impoundment for the purpose of facilitating enforcement of any final order or orders of the Authority under this subsection (a-5) that result in a finding or liability for 5 or more violations after expiration of the period in which judicial review under the Administrative Review Law may be sought. The registered vehicle owner of a vehicle immobilized, towed, or impounded for nonpayment of a final order of the Authority under this subsection (a-5) shall have the right to request a hearing before the Authority’s civil administrative adjudicatory system to challenge the validity of the immobilization, tow, or impoundment. This hearing, however, shall not constitute a readjudication of the merits of previously adjudicated notices. Judicial review of all final orders of the

Authority under this subsection (a-5) shall be conducted in the circuit court of the county in which the administrative decision was rendered in accordance with the Administrative Review Law.

No commercial entity that is the lessor of a vehicle under a written lease agreement shall be liable for an administrative notice of violation for toll evasion issued under this subsection (a-5) involving that vehicle during the period of the lease if the lessor provides a copy of the leasing agreement to the Authority within 21 days of the issue date on the notice of violation. The leasing agreement also must contain a provision or addendum informing the lessee that the lessee is liable for payment of all tolls and any fines for toll evasion. Each entity must also post a sign at the leasing counter notifying the lessee of that liability. The copy of the leasing agreement provided to the Authority must contain the name, address, and driver's license number of the lessee, as well as the check-out and return dates and times of the vehicle and the vehicle license plate number and vehicle make and model.

As used in this subsection (a-5), "lessor" includes commercial leasing and rental entities but does not include public passenger vehicle entities.

The Authority shall establish an amnesty program for violations adjudicated under this subsection (a-5). Under the program, any person who has an outstanding notice of violation for toll evasion or a final order of a hearing officer for toll evasion dated prior to the effective date of this amendatory Act of the 94th General Assembly and who pays to the Authority the full percentage amounts listed in this paragraph remaining due on the notice of violation or final order of the hearing officer and the full fees and costs paid by the Authority to the Secretary of State relating to suspension proceedings, if applicable, on or before 5:00 p.m., Central Standard Time, of the 60th day after the effective date of this amendatory Act of the 94th General Assembly shall not be required to pay more than the listed percentage of the original fine amount and outstanding toll as listed on the notice of violation or final order of the hearing officer and the full fees and costs paid by the Authority to the Secretary of State relating to suspension proceedings, if applicable. The payment percentage scale shall be as follows: a person with 25 or fewer violations shall be eligible for amnesty upon payment of 50% of the original fine amount and the outstanding tolls; a person with more than 25 but fewer than 51 violations shall be eligible for amnesty upon payment of 60% of the original fine amount and the outstanding tolls; and a person with 51 or more violations shall be eligible for amnesty upon payment of 75% of the original fine amount and the outstanding tolls. In such a situation, the Executive Director of the Authority...
or his or her designee is authorized and directed to waive any late fine amount above the applicable percentage of the original fine amount. Partial payment of the amount due shall not be a basis to extend the amnesty payment deadline nor shall it act to relieve the person of liability for payment of the late fine amount. In order to receive amnesty, the full amount of the applicable percentage of the original fine amount and outstanding toll remaining due on the notice of violation or final order of the hearing officer and the full fees and costs paid by the Authority to the Secretary of State relating to suspension proceedings, if applicable, must be paid in full by 5:00 p.m., Central Standard Time, of the 60th day after the effective date of this amendatory Act of the 94th General Assembly. This amendatory Act of the 94th General Assembly has no retroactive effect with regard to payments already tendered to the Authority that were full payments or payments in an amount greater than the applicable percentage, and this Act shall not be the basis for either a refund or a credit. This amendatory Act of the 94th General Assembly does not apply to toll evasion citations issued by the Illinois State Police or other authorized law enforcement agencies and for which payment may be due to or through the clerk of the circuit court. The Authority shall adopt rules as necessary to implement the provisions of this amendatory Act of the 94th General Assembly. The Authority, by a resolution of the Board of Directors, shall have the discretion to implement similar amnesty programs in the future. The Authority, at its discretion and in consultation with the Attorney General, is further authorized to settle an administrative fine or penalty if it determines that settling for less than the full amount is in the best interests of the Authority after taking into account the following factors: (1) the merits of the Authority’s claim against the respondent; (2) the amount that can be collected relative to the administrative fine or penalty owed by the respondent; (3) the cost of pursuing further enforcement or collection action against the respondent; (4) the likelihood of collecting the full amount owed; and (5) the burden on the judiciary. The provisions in this Section may be extended to other toll facilities in the State of Illinois through a duly executed agreement between the Authority and the operator of the toll facility.

(b) To prescribe rules and regulations applicable to traffic on highways under the jurisdiction of the Authority, concerning:

(1) Types of vehicles permitted to use such highways or parts thereof, and classification of such vehicles;

(2) Designation of the lanes of traffic to be used by the different types of vehicles permitted upon said highways;

New matter indicated by italics - deletions by strikeout
(3) Stopping, standing, and parking of vehicles;

(4) Control of traffic by means of police officers or traffic control signals;

(5) Control or prohibition of processions, convoys, and assemblages of vehicles and persons;

(6) Movement of traffic in one direction only on designated portions of said highways;

(7) Control of the access, entrance, and exit of vehicles and persons to and from said highways; and

(8) Preparation, location and installation of all traffic signs; and to prescribe further rules and regulations applicable to such traffic, concerning matters not provided for either in the foregoing enumeration or in the Illinois Vehicle Code. Notice of such rules and regulations shall be posted conspicuously and displayed at appropriate points and at reasonable intervals along said highways, by clearly legible markers or signs, to provide notice of the existence of such rules and regulations to persons traveling on said highways. At each toll station, the Authority shall make available, free of charge, pamphlets containing all of such rules and regulations.

(c) The Authority, in fixing the rate for tolls for the privilege of using the said toll highways, is authorized and directed, in fixing such rates, to base the same upon annual estimates to be made, recorded and filed with the Authority. Said estimates shall include the following: The estimated total amount of the use of the toll highways; the estimated amount of the revenue to be derived therefrom, which said revenue, when added to all other receipts and income, will be sufficient to pay the expense of maintaining and operating said toll highways, including the administrative expenses of the Authority, and to discharge all obligations of the Authority as they become due and payable.

(d) To accept from any municipality or political subdivision any lands, easements or rights in land needed for the operation, construction, relocation or maintenance of any toll highways, with or without payment therefor, and in its discretion to reimburse any such municipality or political subdivision out of its funds for any cost or expense incurred in the acquisition of land, easements or rights in land, in connection with the construction and relocation of the said toll highways, widening, extending roads, streets or avenues in connection therewith, or for the construction of any roads or streets forming extension to and connections with or between any toll highways, or for the cost or expense of widening, grading, surfacing or
improving any existing streets or roads or the construction of any streets and roads forming extensions of or connections with any toll highways constructed, relocated, operated, maintained or regulated hereunder by the Authority. Where property owned by a municipality or political subdivision is necessary to the construction of an approved toll highway, if the Authority cannot reach an agreement with such municipality or political subdivision and if the use to which the property is being put in the hands of the municipality or political subdivision is not essential to the existence or the administration of such municipality or political subdivision, the Authority may acquire the property by condemnation.

(605 ILCS 10/11) (from Ch. 121, par. 100-11)
Sec. 11. The Authority shall have power:
(a) To enter upon lands, waters and premises in the State for the purpose of making surveys, soundings, drillings and examinations as may be necessary, expedient or convenient for the purposes of this Act, and such entry shall not be deemed to be a trespass, nor shall an entry for such purpose be deemed an entry under any condemnation proceedings which may be then pending; provided, however, that the Authority shall make reimbursement for any actual damage resulting to such lands, waters and premises as the result of such activities.

(b) To construct, maintain and operate stations for the collection of tolls or charges upon and along any toll highways.

(c) To provide for the collection of tolls and charges for the privilege of using the said toll highways. Before it adopts an increase in the rates for toll, the Authority shall hold a public hearing at which any person may appear, express opinions, suggestions, or objections, or direct inquiries relating to the proposed increase. Any person may submit a written statement to the Authority at the hearing, whether appearing in person or not. The hearing shall be held in the county in which the proposed increase of the rates is to take place. The Authority shall give notice of the hearing by advertisement on 3 successive days at least 15 days prior to the date of the hearing in a daily newspaper of general circulation within the county within which the hearing is held. The notice shall state the date, time, and place of the hearing, shall contain a description of the proposed increase, and shall specify how interested persons may obtain copies of any reports, resolutions, or certificates describing the basis on which the proposed change, alteration, or modification was calculated. After consideration of any statements filed or oral opinions, suggestions, objections, or inquiries made at the hearing, the

Authority may proceed to adopt the proposed increase of the rates for toll. No change or alteration in or modification of the rates for toll shall be effective unless at least 30 days prior to the effective date of such rates notice thereof shall be given to the public by publication in a newspaper of general circulation, and such notice, or notices, thereof shall be posted and publicly displayed at each and every toll station upon or along said toll highways.

(d) To construct, at the Authority's discretion, grade separations at intersections with any railroads, waterways, street railways, streets, thoroughfares, public roads or highways intersected by the said toll highways, and to change and adjust the lines and grades thereof so as to accommodate the same to the design of such grade separation and to construct interchange improvements. The Authority is authorized to provide such grade separations or interchange improvements at its own cost or to enter into contracts or agreements with reference to division of cost therefor with any municipality or political subdivision of the State of Illinois, or with the Federal Government, or any agency thereof, or with any corporation, individual, firm, person or association. Where such structures have been built by the Authority and a local highway agency did not enter into an agreement to the contrary, the Authority shall maintain the entire structure, including the road surface, at the Authority's expense.

(e) To contract with and grant concessions to or lease or license to any person, partnership, firm, association or corporation so desiring the use of any part of any toll highways, excluding the paved portion thereof, but including the right of way adjoining, under, or over said paved portion for the placing of telephone, telegraph, electric, power lines and other utilities, and for the placing of pipe lines, and to enter into operating agreements with or to contract with and grant concessions to or to lease to any person, partnership, firm, association or corporation so desiring the use of any part of the toll highways, excluding the paved portion thereof, but including the right of way adjoining, or over said paved portion for motor fuel service stations and facilities, garages, stores and restaurants, or for any other lawful purpose, and to fix the terms, conditions, rents, rates and charges for such use.

The Authority shall also have power to establish reasonable regulations for the installation, construction, maintenance, repair, renewal, relocation and removal of pipes, mains, conduits, cables, wires, towers, poles and other equipment and appliances (herein called public utilities) of any public utility as defined in the Public Utilities Act along, over or under any toll road project. Whenever the Authority shall determine that it is necessary that any such public utility facilities which now are located in, on, along, over

or under any project or projects be relocated or removed entirely from any such project or projects, the public utility owning or operating such facilities shall relocate or remove the same in accordance with the order of the Authority. All costs and expenses of such relocation or removal, including the cost of installing such facilities in a new location or locations, and the cost of any land or lands, or interest in land, or any other rights required to accomplish such relocation or removal shall be ascertained and paid by the Authority as a part of the cost of any such project or projects, and further, there shall be no rent, fee or other charge of any kind imposed upon the public utility owning or operating any facilities ordered relocated on the properties of the said Authority and the said Authority shall grant to the said public utility owning or operating said facilities and its successors and assigns the right to operate the same in the new location or locations for as long a period and upon the same terms and conditions as it had the right to maintain and operate such facilities in their former location or locations.

(f) To enter into an intergovernmental agreement or contract with a unit of local government or other public or private entity for the collection, enforcement, and administration of tolls, fees, revenue, and violations.

(b) A member of the immediate family or household of a director, employee, or agent of the Authority may not receive a financial benefit from a contract let by the Authority during the immediate family or household member's term of service with the Authority and for a period of one year following the termination of the immediate family or household member's term of service as a director of the Authority or as an employee or agent of the Authority.

(c) A director, employee, or agent of the Authority may not use material non-public information for personal financial gain nor may he or she disclose that information to any other person for that person's personal financial gain when that information was obtained as a result of his or her directorship, employment, or agency with the Authority.

Sec. 23. Legislative declaration; Authority budget.

(a) It is hereby declared, as a matter of legislative determination, that it is in the best interest of the State of Illinois, the public, and the holders of Authority bonds that Authority funds be expended only on goods and services that protect and enhance the efficiency, safety, and environmental quality of the toll highway system.

(b) The Authority shall spend moneys received from the issuance of bonds and as tolls or otherwise in the operation of the toll highway system only on the following:

(1) operations and maintenance expenditures that are reasonable and necessary to keep the toll highway system in a state of good repair in accordance with contemporary highway safety and maintenance standards;

(2) principal and interest payments and payment of other obligations the Authority has incurred in connection with bonds.
issued under this Act;

(3) renewal and replacement expenditures necessary and sufficient to protect and preserve the long-term structural integrity of the toll highway system; and

(4) system improvement expenditures necessary and sufficient to improve and expand the toll highway system, subject to the requirements of this Act.

(c) Any moneys remaining after the expenditures listed in subsection (b) may be spent only for reasonable and necessary Authority purposes that will enhance the safety, efficiency, and environmental quality of the toll highway system in a cost-effective manner. Authority funds may not be spent for purposes not reasonably related to toll highway operations and improvements or in a manner that is not cost-effective.

(d) The Authority must at all times maintain a reserve for maintenance and operating expenses that is no more than 130% of the operating expenses it has budgeted for its current fiscal year, unless the requirements of any bond resolution or trust indenture then securing obligations of the Authority mandate a greater amount.

The Authority shall prepare an annual capital plan which identifies capital projects by location and details the project costs in correct dollar amounts. The Authority shall also prepare and file a ten-year capital plan that includes a listing of all capital improvement projects contemplated during the ensuing ten-year period. The first ten-year capital plan shall be filed in 1991 and thereafter on the anniversary of each ten-year period.

(f) It shall also be the duty of the Auditor General of the State of Illinois, annually to audit or cause to be audited the books and records of the Authority and to file a certified copy of the report of such audit with the Governor and with the Legislative Audit Commission, which audit reports, when so filed, shall be open to the public for inspection.

(g) The Authority shall hold a public hearing on its proposed annual budget, not less than 15 days before its directors meet to consider adoption
of the annual budget, at which any person may appear, express opinions, suggestions, or objections, or direct inquiries relating to the proposed budget. The Authority must give notice of the hearing at least 15 days prior to the hearing stating the time, place, and purpose of the hearing in a daily newspaper of general circulation throughout the Authority's service area and by posting the meeting notice and a copy of the proposed budget on the Authority's website. (a) A person may not operate on a toll highway any motor vehicle that is equipped with tinted plastic or tinted glass registration plate covers or any covers, coating, wrappings, materials, streaking, distorting, holographic, reflective, or other devices that obstruct the visibility or electronic image recording of the plate. This subsection (a) shall not apply to automatic vehicle identification transponder devices, cards or chips issued by a governmental body or authorized by a governmental body for the purpose of electronic payment of tolls or other authorized payments, the exemption of which shall preempt any local legislation to the contrary.

(b) If a State or local law enforcement officer having jurisdiction observes that a cover or other device or material or substance is obstructing the visibility or electronic image recording of the plate, the officer shall issue a Uniform Traffic Citation and shall confiscate the cover or other device that obstructs the visibility or electronic image recording of the plate. If the State or local law enforcement officer having jurisdiction observes that the plate itself has been physically treated with a substance or material that is obstructing the visibility or electronic image recording of the plate, the officer shall issue a Uniform Traffic Citation and shall confiscate the plate. The Secretary of State shall revoke the registration of any plate that has been found by a court or administrative tribunal to have been physically altered with any chemical or reflective substance or coating that obstructs the visibility or electronic image recording of the plate. PUBLIC ACT 94-0639
(House Bill No. 0315)

AN ACT concerning animals, which may be referred to as the Anna Cieslewicz Act.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Illinois Public Health and Safety Animal Population Control Act.

Section 5. Findings. The General Assembly finds the following:

(1) Controlling the dog and cat population would have a significant benefit to the public health and safety by aiding in the prevention of dog attacks, reducing the number of dog and cat bite cases involving children, and decreasing the number of automobile accidents caused by stray dogs and cats.

New matter indicated by italics - deletions by strikeout
(2) Increasing the number of rabies-vaccinated, owned pets in low-income areas will reduce potential threats to public health and safety from rabies.

(3) Controlling the dog and cat population will save taxpayer dollars by reducing the number of dogs and cats handled by county and municipal animal control agencies. Targeted low-cost spay or neuter programs for dogs and cats in select Illinois counties and other states have proven to save taxpayers money.

(4) This Act is established to provide a variety of means by which population control and rabies vaccinations may be financed.

Section 10. Definitions. As used in this Act:
"Director" means the Director of Public Health.
"Department" means the Department of Public Health.
"Companion animal" means any domestic dog (canis lupus familiaris) or domestic cat (felis catus).
"Fund" means the Pet Population Control Fund established in this Act.

Section 15. Income tax checkoff. Each individual income tax payer may contribute to the Pet Population Control Fund through the income tax checkoff described in Section 507EE of the Illinois Income Tax Act.

Section 20. Program established. The Department shall establish and implement an Illinois Public Health and Safety Animal Population Control Program by December 31, 2005. The purpose of this program is to reduce the population of unwanted and stray dogs and cats in Illinois by encouraging the owners of dogs and cats to have them permanently sexually sterilized and vaccinated, thereby reducing potential threats to public health and safety. The program shall begin collecting funds on January 1, 2006 and shall begin distributing funds for vaccinations or spaying and neutering operations on January 1, 2007. No dog or cat imported from another state is eligible to be sterilized or vaccinated under this program. Beginning June 30, 2007, the Director must make an annual written report relative to the progress of the program to the President of the Senate, the Speaker of the House of Representatives, and the Governor.

Section 25. Eligibility to participate. A resident of the State who owns a dog or cat and who is eligible for the Food Stamp Program or the Social Security Disability Insurance Benefits Program shall be eligible to participate in the program at a reduced rate if the owner signs a consent form certifying that he or she is the owner of the dog or cat or is authorized by the eligible owner to present the dog or cat for the procedure. An owner must submit

New matter indicated by italics - deletions by strikeout
proof of eligibility to the Department. Upon approval, the Department shall furnish an eligible owner with an eligibility voucher to be presented to a participating veterinarian. A resident of this State who is managing a feral cat colony and who humanely traps feral cats for spaying or neutering and return is eligible to participate in the program provided the trap, sterilize, and return program is recognized by the municipality or by the county, if it is located in an unincorporated area. The sterilization shall be performed by a voluntarily participating veterinarian or veterinary student under the supervision of a veterinarian. The co-payment for the cat or dog sterilization procedure and vaccinations shall be $15.

Section 30. Veterinarian participation. Any veterinarian may participate in the program established under this Act. A veterinarian shall file with the Director an application, on which the veterinarian must supply, in addition to any other information requested by the Director, a fee schedule listing the fees charged for dog and cat sterilization, examination, and the presurgical immunizations specified in this Act in the normal course of business. The dog or cat sterilization fee may vary with the animal's weight, sex, and species. The Director shall compile the fees and establish reasonable reimbursement rates for the State.

The Director shall reimburse, to the extent funds are available, participating veterinarians for each dog or cat sterilization procedure administered. To receive this reimbursement, the veterinarian must submit a certificate approved by the Department on a form approved by the Director that must be signed by the veterinarian and the owner of the dog or cat or the feral cat caretaker. At the same time, the veterinarian must submit the eligibility voucher provided by the Department to the eligible owner. The Director shall notify all participating veterinarians if the program must be suspended for any period due to a lack of revenue and shall also notify all participating veterinarians when the program will resume. Veterinarians who voluntarily participate in this sterilization and vaccination program may decline to treat feral cats if they choose.

For all dogs and cats sterilized under this Act, the Director shall also reimburse, to the extent funds are available, participating veterinarians for (1) an examination fee and the presurgical immunization of dogs against rabies and other diseases pursuant to Department rules or (2) examination fees and the presurgical immunizations of cats against rabies and other diseases pursuant to Department rules. Reimbursement for the full cost of the covered presurgical immunizations shall be made by the Director to the participating veterinarian upon the written certification, signed by the veterinarian and the
owner of the companion animal or the feral cat caretaker, that the immunization has been administered. There shall be no additional charges to the owner of a dog or cat sterilized under this Act or feral cat caretaker for examination fees or the presurgical immunizations.

Section 35. Rulemaking. The Director shall adopt rules relative to:

1. Other immunizations covered.
2. Format and content of all forms required under this Act.
3. Proof of eligibility.
4. Administration of the Fund.
5. The percentage of fines to be allocated to education of the public concerning spaying and neutering of dogs and cats.
6. Any other matter necessary for the administration of this Act.

Section 40. Enforcement; administrative fine. Any person who knowingly falsifies proof of eligibility for or participation in any program under this Act, knowingly furnishes any licensed veterinarian with inaccurate information concerning the ownership of a dog or cat submitted for a sterilization procedure, or violates any provision of this Act may be subject to an administrative fine not to exceed $500 for each violation.

Section 45. Pet Population Control Fund. The Pet Population Control Fund is established as a special fund in the State treasury. The moneys generated from the public safety fines collected as provided in the Animal Control Act, from Pet Friendly license plates under Section 3-653 of the Illinois Vehicle Code, from Section 507EE of the Illinois Income Tax Act, and from voluntary contributions must be kept in the Fund and shall be used only to sterilize and vaccinate dogs and cats in this State pursuant to the program, to promote the sterilization program, to educate the public about the importance of spaying and neutering, and for reasonable administrative and personnel costs related to the Fund.

Section 905. The State Finance Act is amended by changing Sections 5.568 and 8h as follows:

sum from any fund held by the State Treasurer to the General Revenue Fund in order to help defray the State's operating costs for the fiscal year. The total transfer under this Section from any fund in any fiscal year shall not exceed the lesser of (i) 8% of the revenues to be deposited into the fund during that fiscal year or (ii) an amount that leaves a remaining fund balance of 25% of the July 1 fund balance of that fiscal year. In fiscal year 2005 only, prior to calculating the July 1, 2004 final balances, the Governor may calculate and direct the State Treasurer with the Comptroller to transfer additional amounts determined by applying the formula authorized in Public Act 93-839 to the funds balances on July 1, 2003. No transfer may be made from a fund under this Section that would have the effect of reducing the available balance in the fund to an amount less than the amount remaining unexpended and unreserved from the total appropriation from that fund estimated to be expended for that fiscal year. This Section does not apply to any funds that are restricted by federal law to a specific use, to any funds in the Motor Fuel Tax Fund, the Hospital Provider Fund, the Medicaid Provider Relief Fund, or the Reviewing Court Alternative Dispute Resolution Fund, or to any funds to which subsection (f) of Section 20-40 of the Nursing and Advanced Practice Nursing Act applies. **No transfers may be made under this Section from the Pet Population Control Fund.** Notwithstanding any other provision of this Section, for fiscal year 2004, the total transfer under this Section from the Road Fund or the State Construction Account Fund shall not exceed the lesser of (i) 5% of the revenues to be deposited into the fund during that fiscal year or (ii) 25% of the beginning balance in the fund. For fiscal year 2005 through fiscal year 2007, no amounts may be transferred under this Section from the Road Fund, the State Construction Account Fund, the Criminal Justice Information Systems Trust Fund, the Wireless Service Emergency Fund, or the Mandatory Arbitration Fund.

In determining the available balance in a fund, the Governor may include receipts, transfers into the fund, and other resources anticipated to be available in the fund in that fiscal year.

The State Treasurer and Comptroller shall transfer the amounts designated under this Section as soon as may be practicable after receiving the direction to transfer from the Governor.

(b) This Section does not apply to any fund established under the Community Senior Services and Resources Act.

Section 910. The Illinois Income Tax Act is amended by adding
Section 507EE as follows:

that if the taxpayer wishes to contribute to the Pet Population Control Fund,
as established in the Illinois Public Health and Safety Animal Population
Control Act, he or she may do so by stating the amount of the contribution
(not less than $1) on the return and that the contribution will reduce the
taxpayer's refund or increase the amount of payment to accompany the
return. Failure to remit any amount of increased payment reduces the
contribution accordingly. This Section does not apply to any amended return.

The Department of Revenue shall determine annually the total amount
contributed to the Fund pursuant to this Section and shall notify the State
Comptroller and the State Treasurer of the amount to be transferred to the
Pet Population Control Fund, and upon receipt of the notification the State
Comptroller shall transfer the amount.

Sec. 13. Dog or other animal bites; observation of animal.

(a) Except as otherwise provided in subsection (b) of this Section, when the Administrator or, if the Administrator is not a veterinarian, the Deputy Administrator receives information that any person has been bitten by an animal, the Administrator or, if the Administrator is not a veterinarian, the Deputy Administrator, or his or her authorized representative, shall have such dog or other animal confined under the observation of a licensed veterinarian for a period of 10 days. The Department may permit such confinement to be reduced to a period of less than 10 days. A veterinarian shall report the clinical condition of the animal immediately, with confirmation in writing to the Administrator or, if the Administrator is not a veterinarian, the Deputy Administrator within 24 hours after the animal is presented for examination, giving the owner's name, address, the date of confinement, the breed, description, age, and sex of the animal, and whether the animal has been spayed or neutered, on appropriate forms approved by the Department. The Administrator or, if the Administrator is not a veterinarian, the Deputy Administrator shall notify the attending physician or responsible health agency. At the end of the confinement period, the veterinarian shall submit a written report to the Administrator or, if the Administrator is not a veterinarian, the Deputy Administrator advising him or her of the final disposition of the animal on appropriate forms approved by the Department. When evidence is presented that the animal was inoculated against rabies within the time prescribed by law, it shall be confined in a house, or in a manner which will prohibit it from biting any person for a period of 10 days, if a licensed veterinarian adjudges such confinement satisfactory. The Department may permit such confinement to be reduced to a period of less than 10 days. At the end of the confinement period, the animal shall be examined by a licensed veterinarian.

Any person having knowledge that any person has been bitten by an animal shall notify the Administrator or, if the Administrator is not a veterinarian, the Deputy Administrator promptly. It is unlawful for the owner
of the animal to euthanize, sell, give away, or otherwise dispose of any animal known to have bitten a person, until it is released by the Administrator or, if the Administrator is not a veterinarian, the Deputy Administrator, or his or her authorized representative. It is unlawful for the owner of the animal to refuse or fail to comply with the reasonable written or printed instructions made by the Administrator or, if the Administrator is not a veterinarian, the Deputy Administrator, or his authorized representative. If such instructions cannot be delivered in person, they shall be mailed to the owner of the animal by regular mail. Any expense incurred in the handling of an animal under this Section and Section 12 shall be borne by the owner. The owner of a biting animal must also remit to the Department of Public Health, for deposit into the Pet Population Control Fund, a $25 public safety fine within 30 days after notice.

(510 ILCS 5/15) (from Ch. 8, par. 365)

Sec. 15. (a) In order to have a dog deemed "vicious", the Administrator, Deputy Administrator, animal control warden, or law enforcement officer must give notice of the infraction that is the basis of the investigation to the owner, conduct a thorough investigation, interview any witnesses, including the owner, gather any existing medical records, veterinary medical records or behavioral evidence, and make a detailed report recommending a finding that the dog is a vicious dog and give the report to the States Attorney's Office and the owner. The Administrator, State's Attorney, Director or any citizen of the county in which the dog exists may file a complaint in the circuit court in the name of the People of the State of Illinois to deem a dog to be a vicious dog. Testimony of a certified applied behaviorist, a board certified veterinary behaviorist, or another recognized expert may be relevant to the court's determination of whether the dog's behavior was justified. The petitioner must prove the dog is a vicious dog by clear and convincing evidence. The Administrator shall determine where the animal shall be confined during the pendency of the case.

A dog may not be declared vicious if the court determines the
conduct of the dog was justified because:

(1) the threat, injury, or death was sustained by a person who at the time was committing a crime or offense upon the owner or custodian of the dog, or was committing a willful trespass or other tort upon the premises or property owned or occupied by the owner of the animal upon the property of the owner or custodian of the dog;

(2) the injured, threatened, or killed person was tormenting, abusing, assaulting, or physically threatening the dog or its offspring, or has in the past tormented, abused, assaulted, or physically threatened the dog or its offspring; or

(3) the dog was responding to pain or injury, or was protecting itself, its owner, custodian, or member of its household, kennel, or offspring.

No dog shall be deemed "vicious" if it is a professionally trained dog for law enforcement or guard duties. Vicious dogs shall not be classified in a manner that is specific as to breed.

If the burden of proof has been met, the court shall deem the dog to be a vicious dog.

If a dog is found to be a vicious dog, the owner shall pay a $100 public safety fine to be deposited into the Pet Population Control Fund, the dog shall be spayed or neutered within 10 days of the finding at the expense of its owner and microchipped, if not already, and the dog is subject to enclosure. If an owner fails to comply with these requirements, the animal control agency shall impound the dog and the owner shall pay a $500 fine plus impoundment fees to the animal control agency impounding the dog. The judge has the discretion to order a vicious dog be euthanized. A dog found to be a vicious dog shall not be released to the owner until the Administrator, an Animal Control Warden, or the Director approves the enclosure. No owner or keeper of a vicious dog shall sell or give away the dog without court approval from the Administrator or court. Whenever an owner of a vicious dog relocates, he or she shall notify both the Administrator of County Animal Control where he or she has relocated and the Administrator of County Animal Control where he or she formerly resided.

(b) It shall be unlawful for any person to keep or maintain any dog which has been found to be a vicious dog unless the dog is kept in an enclosure. The only times that a vicious dog may be allowed out of the enclosure are (1) if it is necessary for the owner or keeper to obtain veterinary care for the dog, (2) in the case of an emergency or natural disaster where the dog's life is threatened, or (3) to comply with the order of a court of
competent jurisdiction, provided that the dog is securely muzzled and restrained with a leash not exceeding 6 feet in length, and shall be under the direct control and supervision of the owner or keeper of the dog or muzzled in its residence.

Any dog which has been found to be a vicious dog and which is not confined to an enclosure shall be impounded by the Administrator, an Animal Control Warden, or the law enforcement authority having jurisdiction in such area.

If the owner of the dog has not appealed the impoundment order to the circuit court in the county in which the animal was impounded within 15 working days, the dog may be euthanized.

Upon filing a notice of appeal, the order of euthanasia shall be automatically stayed pending the outcome of the appeal. The owner shall bear the burden of timely notification to animal control in writing.

Guide dogs for the blind or hearing impaired, support dogs for the physically handicapped, and sentry, guard, or police-owned dogs are exempt from this Section; provided, an attack or injury to a person occurs while the dog is performing duties as expected. To qualify for exemption under this Section, each such dog shall be currently inoculated against rabies in accordance with Section 8 of this Act. It shall be the duty of the owner of such exempted dog to notify the Administrator of changes of address. In the case of a sentry or guard dog, the owner shall keep the Administrator advised of the location where such dog will be stationed. The Administrator shall provide police and fire departments with a categorized list of such exempted dogs, and shall promptly notify such departments of any address changes reported to him.

(c) If the animal control agency has custody of the dog, the agency may file a petition with the court requesting that the owner be ordered to post security. The security must be in an amount sufficient to secure payment of all reasonable expenses expected to be incurred by the animal control agency or animal shelter in caring for and providing for the dog pending the determination. Reasonable expenses include, but are not limited to, estimated medical care and boarding of the animal for 30 days. If security has been posted in accordance with this Section, the animal control agency may draw from the security the actual costs incurred by the agency in caring for the dog.

(d) Upon receipt of a petition, the court must set a hearing on the petition, to be conducted within 5 business days after the petition is filed. The petitioner must serve a true copy of the petition upon the defendant.

New matter indicated by italics - deletions by strikeout
(e) If the court orders the posting of security, the security must be posted with the clerk of the court within 5 business days after the hearing. If the person ordered to post security does not do so, the dog is forfeited by operation of law and the animal control agency must dispose of the animal through adoption or humane euthanization.

Sec. 15.1. Dangerous dog determination. (a) After a thorough investigation including: sending, within 10 business days of the Administrator or Director becoming aware of the alleged infraction, notifications to the owner of the alleged infractions, the fact of the initiation of an investigation, and affording the owner an opportunity to meet with the Administrator or Director prior to the making of a determination; gathering of any medical or veterinary evidence; interviewing witnesses; and making a detailed written report, an animal control warden, deputy administrator, or law enforcement agent may ask the Administrator, or his or her designee, or the Director, to deem a dog to be "dangerous". No dog shall be deemed a "dangerous dog" unless shown to be a dangerous dog by a preponderance of evidence without clear and convincing evidence. The owner shall be sent immediate notification of the determination by registered or certified mail that includes a complete description of the appeal process.

(b) A dog shall not be declared dangerous if the Administrator, or his or her designee, or the Director determines the conduct of the dog was justified because:

(2) the threatened person was tormenting, abusing, assaulting, or physically threatening the dog or its offspring;

(1) evaluation of the dog by a certified applied behaviorist, a board certified veterinary behaviorist, or another recognized expert in the field and completion of training or other treatment as deemed appropriate by the expert. The owner of the dog shall be responsible for all costs associated with evaluations and training ordered under this subsection; or

(2) direct supervision by an adult 18 years of age or older whenever the animal is on public premises.

(e) The Administrator may order a dangerous dog to be muzzled whenever it is on public premises in a manner that will prevent it from biting any person or animal, but that shall not injure the dog or interfere with its vision or respiration.

(f) Guide dogs for the blind or hearing impaired, support dogs for the physically handicapped, and sentry, guard, or police-owned dogs are exempt from this Section; provided, an attack or injury to a person occurs while the dog is performing duties as expected. To qualify for exemption under this Section, each such dog shall be currently inoculated against rabies in accordance with Section 8 of this Act and performing duties as expected. It shall be the duty of the owner of the exempted dog to notify the Administrator of changes of address. In the case of a sentry or guard dog, the owner shall keep the Administrator advised of the location where such dog will be stationed. The Administrator shall provide police and fire departments with a categorized list of the exempted dogs, and shall promptly notify the departments of any address changes reported to him or her.

(a-5) Appointment considerations. areas of fine arts and physical development/health.

Beginning with the 1998-1999 school year until the 2004-2005 school year, the State Board of Education shall annually test: (i) all pupils enrolled in the 3rd, 5th, and 8th grades in English language arts (reading, writing, and English grammar) and mathematics; and (ii) all pupils enrolled in the 4th and 7th grades in the biological and physical sciences and the social sciences (history, geography, civics, economics, and government). Unless the testing required to be implemented no later than the 2005-2006 school year under this subsection (a) is implemented for the 2004-2005 school year, for the 2004-2005 school year, the State Board of Education shall test: (i) all pupils enrolled in the 3rd, 5th, and 8th grades in English language arts (reading and English grammar) and mathematics and (ii) all pupils enrolled in the 4th and 7th grades in the biological and physical sciences. The maximum time allowed for all actual testing required under this paragraph shall not exceed 25 hours, as allocated among the required tests by the State Board of Education, across all grades tested.

Beginning no later than the 2005-2006 school year, the State Board of Education shall annually test: (i) all pupils enrolled in the 3rd, 4th, 5th, 6th, 7th, and 8th grades in reading and mathematics and (ii) all pupils enrolled in the 4th and 7th grades in the biological and physical sciences. After the addition of grades and change in subjects as delineated in this paragraph and including whatever other tests that may be approved from time to time no later than the 2005-2006 school year, the maximum time allowed for all State testing in grades 3 through 8 shall not exceed 38 hours across those grades.

Beginning with the 2004-2005 school year, the State Board of Education shall not test pupils under this subsection (a) in writing, physical development and health, fine arts, and the social sciences (history, geography, civics, economics, and government).

The State Board of Education shall establish the academic standards that are to be applicable to pupils who are subject to State tests under this Section beginning with the 1998-1999 school year. However, the State Board of Education shall not establish any such standards in final form without first providing opportunities for public participation and local input in the development of the final academic standards. Those opportunities shall include a well-publicized period of public comment, public hearings throughout the State, and opportunities to file written comments. Beginning with the 1998-99 school year and thereafter, the State tests will identify pupils in the 3rd grade or 5th grade who do not meet the State standards.
If, by performance on the State tests or local assessments or by teacher judgment, a student's performance is determined to be 2 or more grades below current placement, the student shall be provided a remediation program developed by the district in consultation with a parent or guardian. Such remediation programs may include, but shall not be limited to, increased or concentrated instructional time, a remedial summer school program of not less than 90 hours, improved instructional approaches, tutorial sessions, retention in grade, and modifications to instructional materials. Each pupil for whom a remediation program is developed under this subsection shall be required to enroll in and attend whatever program the district determines is appropriate for the pupil. Districts may combine students in remediation programs where appropriate and may cooperate with other districts in the design and delivery of those programs. The parent or guardian of a student required to attend a remediation program under this Section shall be given written notice of that requirement by the school district a reasonable time prior to commencement of the remediation program that the student is to attend. The State shall be responsible for providing school districts with the new and additional funding, under Section 2-3.51.5 or by other or additional means, that is required to enable the districts to operate remediation programs for the pupils who are required to enroll in and attend those programs under this Section. Every individualized educational program as described in Article 14 shall identify if the State test or components thereof are appropriate for that student. The State Board of Education shall develop rules and regulations governing the administration of alternative tests prescribed within each student's individualized educational program which are appropriate to the disability of each student.

All pupils who are in a State approved transitional bilingual education program or transitional program of instruction shall participate in the State tests. The time allotted to take the State tests, however, may be extended as determined by the State Board of Education by rule. Any student who has been enrolled in a State approved bilingual education program less than 3 cumulative academic years may take an accommodated Limited English Proficient student academic content assessment, as determined by the State Board of Education. The State test, to be known as the Illinois Measure of Annual Growth in English (IMAGE), if the student's lack of English as determined by an English language proficiency test would keep the student from understanding the regular State test. If the school district determines, on a case-by-case individual basis, that a Limited English Proficient student academic content assessment IMAGE would likely yield more accurate and
reliable information on what the student knows and can do, the school district may make a determination to assess the student using a *Limited English Proficient student academic content assessment* for a period that does not exceed 2 additional consecutive years, provided that the student has not yet reached a level of English language proficiency sufficient to yield valid and reliable information on what the student knows and can do on the regular State test.

Reasonable accommodations as prescribed by the State Board of Education shall be provided for individual students in the testing procedure. All test procedures prescribed by the State Board of Education shall require: (i) that each test used for State and local student testing under this Section identify by name the pupil taking the test; (ii) that the name of the pupil taking the test be placed on the test at the time the test is taken; (iii) that the results or scores of each test taken under this Section by a pupil of the school district be reported to that district and identify by name the pupil who received the reported results or scores; and (iv) that the results or scores of each test taken under this Section be made available to the parents of the pupil. In addition, in each school year the highest scores attained by a student on the Prairie State Achievement Examination administered under subsection (c) of this Section and any Prairie State Achievement Awards received by the student shall become part of the student's permanent record and shall be entered on the student's transcript pursuant to regulations that the State Board of Education shall promulgate for that purpose in accordance with Section 3 and subsection (e) of Section 2 of the Illinois School Student Records Act. Beginning with the 1998-1999 school year and in every school year thereafter, scores received by students on the State assessment tests administered in grades 3 through 8 shall be placed into students' temporary records.

The State Board of Education shall establish a period of time, to be referred to as the State test window, in each school year for which State testing shall occur to meet the objectives of this Section. However, if the schools of a district are closed and classes are not scheduled during any week that is established by the State Board of Education as the State test window, the school district may (at the discretion of the State Board of Education) move its State test window one week earlier or one week later than the established State test window, so long as the school district gives the State Board of Education written notice of its intention to deviate from the established schedule by December 1 of the school year in which falls the State test window established by the State Board of Education for the testing.

New matter indicated by italics - deletions by strikeout
(a-5) All tests administered pursuant to this Section shall be academically based. For the purposes of this Section "academically based tests" shall mean tests consisting of questions and answers that are measurable and quantifiable to measure the knowledge, skill, and ability of students in the subject matters covered by tests. The scoring of academically based tests shall be reliable, valid, unbiased and shall meet the guidelines for test development and use prescribed by the American Psychological Association, the National Council of Measurement and Evaluation, and the American Educational Research Association. Academically based tests shall not include assessments or evaluations of attitudes, values, or beliefs, or testing of personality, self-esteem, or self-concept. Nothing in this amendatory Act is intended, nor shall it be construed, to nullify, supersede, or contradict the legislative intent on academic testing expressed during the passage of HB 1005/P.A. 90-296. Nothing in this Section is intended, nor shall it be construed, to nullify, supersede, or contradict the legislative intent on academic testing expressed in the preamble of this amendatory Act of the 93rd General Assembly.

The State Board of Education shall monitor the use of short answer questions in the math and reading assessments or in other assessments in order to demonstrate that the use of short answer questions results in a statistically significant improvement in student achievement as measured on the State assessments for math and reading or on other State assessments and is justifiable in terms of cost and student performance.

(b) It shall be the policy of the State to encourage school districts to continuously test pupil proficiency in the fundamental learning areas in order to: (i) provide timely information on individual students' performance relative to State standards that is adequate to guide instructional strategies; (ii) improve future instruction; and (iii) complement the information provided by the State testing system described in this Section. Each district's school improvement plan must address specific activities the district intends to implement to assist pupils who by teacher judgment and test results as prescribed in subsection (a) of this Section demonstrate that they are not meeting State standards or local objectives. Such activities may include, but shall not be limited to, summer school, extended school day, special homework, tutorial sessions, modified instructional materials, other modifications in the instructional program, reduced class size or retention in grade. To assist school districts in testing pupil proficiency in reading in the primary grades, the State Board shall make optional reading inventories for diagnostic purposes available to each school district that requests such

New matter indicated by italics - deletions by strikeout
assistance. Districts that administer the reading inventories may develop remediation programs for students who perform in the bottom half of the student population. Those remediation programs may be funded by moneys provided under the School Safety and Educational Improvement Block Grant Program established under Section 2-3.51.5. Nothing in this Section shall prevent school districts from implementing testing and remediation policies for grades not required under this Section.

(c) Beginning with the 2000-2001 school year, each school district that operates a high school program for students in grades 9 through 12 shall annually administer the Prairie State Achievement Examination established under this subsection to its students as set forth below. The Prairie State Achievement Examination shall be developed by the State Board of Education to measure student performance in the academic areas of reading, writing, mathematics, science, and social sciences. Beginning with the 2004-2005 school year, however, the State Board of Education shall not test a student in writing and the social sciences (history, geography, civics, economics, and government) as part of the Prairie State Achievement Examination unless the student is retaking the Prairie State Achievement Examination in the fall of 2004. The State Board of Education shall establish the academic standards that are to apply in measuring student performance on the Prairie State Achievement Examination including the minimum examination score in each area that will qualify a student to receive a Prairie State Achievement Award from the State in recognition of the student's excellent performance. Each school district that is subject to the requirements of this subsection (c) shall afford all students 2 opportunities to take the Prairie State Achievement Examination beginning as late as practical during the second semester of grade 11, but in no event before March 1. The State Board of Education shall annually notify districts of the weeks during which these test administrations shall be required to occur. Every individualized educational program as described in Article 14 shall identify if the Prairie State Achievement Examination or components thereof are appropriate for that student. Each student, exclusive of a student whose individualized educational program developed under Article 14 identifies the Prairie State Achievement Examination as inappropriate for the student, shall be required to take the examination in grade 11. For each academic area the State Board of Education shall establish the score that qualifies for the Prairie State Achievement Award on that portion of the examination. Any student who fails to earn a qualifying score for a Prairie State Achievement Award in any one or more of the academic areas on the initial test administration or who
wishes to improve his or her score on any portion of the examination shall be permitted to retake such portion or portions of the examination during grade 12. Districts shall inform their students of the timelines and procedures applicable to their participation in every yearly administration of the Prairie State Achievement Examination. Students receiving special education services whose individualized educational programs identify the Prairie State Achievement Examination as inappropriate for them nevertheless shall have the option of taking the examination, which shall be administered to those students in accordance with standards adopted by the State Board of Education to accommodate the respective disabilities of those students. A student who successfully completes all other applicable high school graduation requirements but fails to receive a score on the Prairie State Achievement Examination that qualifies the student for receipt of a Prairie State Achievement Award shall nevertheless qualify for the receipt of a regular high school diploma. In no case, however, shall a student receive a regular high school diploma without taking the Prairie State Achievement Examination, unless the student is exempted from taking the Prairie State Achievement Examination under this subsection (c) because the student's individualized educational program developed under Article 14 of this Code identifies the Prairie State Achievement Examination as inappropriate for the student, (ii) the student is exempt due to the student's lack of English language proficiency under subsection (a) of this Section, or (iii) the student is enrolled in a program of Adult and Continuing Education as defined in the Adult Education Act.

(d) Beginning with the 2002-2003 school year, all schools in this State that are part of the sample drawn by the National Center for Education Statistics, in collaboration with their school districts and the State Board of Education, shall administer the biennial State academic assessments of 4th and 8th grade reading and mathematics under the National Assessment of Educational Progress carried out under Section 111(b)(2) of the National Education Statistics Act of 1994 (20 U.S.C. 9010) if the Secretary of Education pays the costs of administering the assessments.

(e) Beginning no later than the 2005-2006 school year, subject to available federal funds to this State for the purpose of student assessment, the State Board of Education shall provide additional tests and assessment resources that may be used by school districts for local diagnostic purposes. These tests and resources shall include without limitation additional high school writing, physical development and health, and fine arts assessments. The State Board of Education shall annually distribute a listing of these
additional tests and resources, using funds available from appropriations made for student assessment purposes.

(f) For the assessment and accountability purposes of this Section, "all pupils" includes those pupils enrolled in a public or State-operated elementary school, secondary school, or cooperative or joint agreement with a governing body or board of control, a charter school operating in compliance with the Charter Schools Law, a school operated by a regional office of education under Section 13A-3 of this Code, or a public school administered by a local public agency or the Department of Human Services. Sec. 5-23. Any registered voter who changes his residence from one address, number or place to another within the same county wherein this article 5 is in effect, may have his registration transferred to his new address by making and signing an application for such change of residence upon a form to be provided by the county clerk. Such application must be made to the office of the county clerk. In case the person is unable to sign his name the county clerk shall require such person to execute the request in the presence of the county clerk or of his properly authorized representative, by his mark, and if satisfied of the identity of the person, the county clerk shall make the transfer.

Upon receipt of such application, the county clerk, or one of his employees deputized to take registrations shall cause the signature of the voter and the data appearing upon the application to be compared with the signature and data on the registration record, and if it appears that the applicant is the same person as the party previously registered under that name the transfer shall be made.

Transfer of registration under the provisions of this section may not be made within the period when the county clerk's office is closed to registration prior to an election at which such voter would be entitled to vote.

Any registered voter who changes his or her name by marriage or otherwise, shall be required to register anew and authorize the cancellation of the previous registration; provided, however, that if the change of name takes place within a period during which such new registration cannot be made, next preceding any election or primary, the elector may, if otherwise qualified, vote upon making the following affidavit before the judges of election:

If the voter whose name has changed still resides in the same precinct, the voter may vote after making the affidavit at the polling place regardless of when the change of name occurred. In that event, the affidavit shall not state that the voter is required to register; the affidavit shall be treated by the election authority as authorization to cancel the registration under the former name, and the election authority shall register the voter under his or her current name.

When a removal of a registered voter takes place from one address to another within the same precinct within a period during which such transfer of registration cannot be made, before any election or primary, he shall be entitled to vote upon presenting to the judges of election an affidavit of a change and having said affidavit supported by the affidavit of a qualified voter of the same precinct.

Suitable forms for this purpose shall be provided by the county clerk. The form in all cases shall be similar to the form furnished by the county clerk for county and state elections.

The precinct election officials shall report to the county clerk the names and addresses of all such persons who have changed their addresses and voted. The city, village, town and incorporated town clerks shall within five days after every election report to the county clerk the names and addresses of the persons reported to them as having voted by affidavit as in this section provided.

The county clerk may obtain information from utility companies, city, village, town and incorporated town records, the post office or from other sources regarding the removal of registered voters and notify such voters that a transfer of registration may be made in the manner provided by this section.

If any person be registered by error in a precinct other than that in which he resides the county clerk shall be empowered to transfer his registration to the proper precinct.

Where a revision or rearrangement of precincts is made by the board of county commissioners, the county clerk shall immediately transfer to the proper precinct the registration of any voter affected by such revision or rearrangement of the precincts; make the proper notations on the registration cards of a voter affected by the revision of registration and shall notify the registrant of such change.

Sec. 7-8. The State central committee shall be composed of one or two members from each congressional district in the State and shall be elected as follows:

State Central Committee

(a) Within 30 days after the effective date of this amendatory Act of 1983 the State central committee of each political party shall certify to the State Board of Elections which of the following alternatives it wishes to apply to the State central committee of that party.

New matter indicated by italics - deletions by strikeout
Alternative A. At the primary held on the third Tuesday in March 1970, and at the primary held every 4 years thereafter, each primary elector may vote for one candidate of his party for member of the State central committee for the congressional district in which he resides. The candidate receiving the highest number of votes shall be declared elected State central committeeman from the district. A political party may, in lieu of the foregoing, by a majority vote of delegates at any State convention of such party, determine to thereafter elect the State central committeemen in the manner following:

At the county convention held by such political party State central committeemen shall be elected in the same manner as provided in this Article for the election of officers of the county central committee, and such election shall follow the election of officers of the county central committee. Each elected ward, township or precinct committeeman shall cast as his vote one vote for each ballot voted in his ward, township, part of a township or precinct in the last preceding primary election of his political party. In the case of a county lying partially within one congressional district and partially within another congressional district, each ward, township or precinct committeeman shall vote only with respect to the congressional district in which his ward, township, part of a township or precinct is located. In the case of a congressional district which encompasses more than one county, each ward, township or precinct committeeman residing within the congressional district shall cast as his vote one vote for each ballot voted in his ward, township, part of a township or precinct in the last preceding primary election of his political party for one candidate of his party for member of the State central committee for the congressional district in which he resides and the Chairman of the county central committee shall report the results of the election to the State Board of Elections. The State Board of Elections shall certify the candidate receiving the highest number of votes elected State central committeeman for that congressional district.

The State central committee shall adopt rules to provide for and govern the procedures to be followed in the election of members of the State central committee.

After the effective date of this amendatory Act of the 91st General Assembly, whenever a vacancy occurs in the office of Chairman of a State central committee, or at the end of the term of office of Chairman, the State central committee of each political party that has selected Alternative A shall elect a Chairman who shall not be required to be a member of the State Central Committee. The Chairman shall be a registered voter in this State and

of the same political party as the State central committee.

Alternative B. Each congressional committee shall, within 30 days after the adoption of this alternative, appoint a person of the sex opposite that of the incumbent member for that congressional district to serve as an additional member of the State central committee until his or her successor is elected at the general primary election in 1986. Each congressional committee shall make this appointment by voting on the basis set forth in paragraph (e) of this Section. In each congressional district at the general primary election held in 1986 and every 4 years thereafter, the male candidate receiving the highest number of votes of the party's male candidates for State central committeeman, and the female candidate receiving the highest number of votes of the party's female candidates for State central committeewoman, shall be declared elected State central committeeman and State central committeewoman from the district. At the general primary election held in 1986 and every 4 years thereafter, if all a party's candidates for State central committeemen or State central committeewomen from a congressional district are of the same sex, the candidate receiving the highest number of votes shall be declared elected a State central committeeman or State central committeewoman from the district, and, because of a failure to elect one male and one female to the committee, a vacancy shall be declared to exist in the office of the second member of the State central committee from the district. This vacancy shall be filled by appointment by the congressional committee of the political party, and the person appointed to fill the vacancy shall be a resident of the congressional district and of the sex opposite that of the committeeman or committeewoman elected at the general primary election. Each congressional committee shall make this appointment by voting on the basis set forth in paragraph (e) of this Section.

The Chairman of a State central committee composed as provided in this Alternative B must be selected from the committee's members.

Except as provided for in Alternative A with respect to the selection of the Chairman of the State central committee, under both of the foregoing alternatives, the State central committee of each political party shall be composed of members elected or appointed from the several congressional districts of the State, and of no other person or persons whomsoever. The members of the State central committee shall, within 41 30 days after each quadrennial election of the full committee, meet in the city of Springfield and organize by electing a chairman, and may at such time elect such officers from among their own number (or otherwise), as they may deem necessary or expedient. The outgoing chairman of the State central committee of the

New matter indicated by italics - deletions by strikeout
party shall, 10 days before the meeting, notify each member of the State central committee elected at the primary of the time and place of such meeting. In the organization and proceedings of the State central committee, each State central committeeman and State central committeewoman shall have one vote for each ballot voted in his or her congressional district by the primary electors of his or her party at the primary election immediately preceding the meeting of the State central committee. Whenever a vacancy occurs in the State central committee of any political party, the vacancy shall be filled by appointment of the chairmen of the county central committees of the political party of the counties located within the congressional district in which the vacancy occurs and, if applicable, the ward and township committeemen of the political party in counties of 2,000,000 or more inhabitants located within the congressional district. If the congressional district in which the vacancy occurs lies wholly within a county of 2,000,000 or more inhabitants, the ward and township committeemen of the political party in that congressional district shall vote to fill the vacancy. In voting to fill the vacancy, each chairman of a county central committee and each ward and township committeeman in counties of 2,000,000 or more inhabitants shall have one vote for each ballot voted in each precinct of the congressional district in which the vacancy exists of his or her county, township, or ward cast by the primary electors of his or her party at the primary election immediately preceding the meeting to fill the vacancy in the State central committee. The person appointed to fill the vacancy shall be a resident of the congressional district in which the vacancy occurs, shall be a qualified voter, and, in a committee composed as provided in Alternative B, shall be of the same sex as his or her predecessor. A political party may, by a majority vote of the delegates of any State convention of such party, determine to return to the election of State central committeeman and State central committeewoman by the vote of primary electors. Any action taken by a political party at a State convention in accordance with this Section shall be reported to the State Board of Elections by the chairman and secretary of such convention within 10 days after such action.

Ward, Township and Precinct Committeemen

(b) At the primary held on the third Tuesday in March, 1972, and every 4 years thereafter, each primary elector in cities having a population of 200,000 or over may vote for one candidate of his party in his ward for ward committeeman. Each candidate for ward committeeman must be a resident of and in the ward where he seeks to be elected ward committeeman. Each candidate for precinct committeeman must be a bona fide resident of the precinct where he seeks to be elected precinct committeeman. The one having the highest number of votes shall be such precinct committeeman of such party for such precinct. Terms of Committeemen. All precinct committeemen elected under the provisions of this Article shall continue as such committeemen until the date of the primary to be held in the second year after their election. Except as otherwise provided in this Section for certain State central committeemen who have 2 year terms, all State central committeemen, township committeemen and ward committeemen shall continue as such committeemen until the date of primary to be held in the fourth year after their election. However, a vacancy exists in the office of precinct committeeman when a precinct committeeman ceases to reside in the precinct in which he was elected and such precinct committeeman shall thereafter neither have nor exercise any rights, powers or duties as committeeman in that precinct, even if a successor has not been elected or appointed.

(c) The Multi-Township Central Committee shall consist of the precinct committeemen of such party, in the multi-township assessing district formed pursuant to Section 2-10 of the Property Tax Code and shall be organized for the purposes set forth in Section 45-25 of the Township Code. Cook County Board of Review Election District Committee

(d-1) Each board of review election district committee of each political party in Cook County shall consist of the various township committeemen and ward committeemen, if any, of that party in the portions of the county composing the board of review election district. In the organization and proceedings of each of the 3 election district committees, each township committeeman shall have one vote for each ballot voted in his or her township or part of a township, as the case may be, by the primary electors of his or her party at the primary election immediately preceding the meeting of the board of review election district committee; and in the organization and proceedings of each of the 3 election district committees, each ward committeeman shall have one vote for each ballot voted in his or her ward or part of that ward, as the case may be, by the primary electors of his or her party at the primary election immediately preceding the meeting of the board of review election district committee.

Congressional Committee

(e) The congressional committee of each party in each congressional district shall be composed of the chairmen of the county central committees of the counties composing the congressional district, except that in congressional districts wholly within the territorial limits of one county, or partly within 2 or more counties, but not coterminous with the county lines of all of such counties, the precinct committeemen, township committeemen

Pollwatchers shall be permitted to observe all proceedings and view all reasonably requested records relating to the conduct of the election, provided the secrecy of the ballot is not impinged, and to station themselves in a position in the voting room as will enable them to observe the judges making the signature comparison between the voter application and the voter registration record card; provided, however, that such pollwatchers shall not be permitted to station themselves in such close proximity to the judges of election so as to interfere with the orderly conduct of the election and shall not, in any event, be permitted to handle election materials. Pollwatchers may challenge for cause the voting qualifications of a person offering to vote and may call to the attention of the judges of election any incorrect procedure or apparent violations of this Code.

If a majority of the judges of election determine that the polling place has become too overcrowded with pollwatchers so as to interfere with the orderly conduct of the election, the judges shall, by lot, limit such pollwatchers to a reasonable number, except that each candidate and each established or new political party shall be permitted to have at least one pollwatcher present.

Representatives of an election authority, with regard to an election under its jurisdiction, the State Board of Elections, and law enforcement agencies, including but not limited to a United States Attorney, a State's attorney, the Attorney General, and a State, county, or local police department, in the performance of their official election duties, shall be permitted at all times to enter and remain in the polling place. of such candidates in the same manner and in the same order as shown upon the certification, except as otherwise provided in this Section.

Not less than 61 days before the date of the general election, each county clerk shall certify the names of each of the candidates for county offices who have been nominated as shown by the proclamation of the county canvassing board or who have been nominated to fill a vacancy in nomination and declare that the names of such candidates for the respective offices shall be placed upon the official ballot for the general election in the same manner and in the same order as shown upon the certification, except as otherwise provided by this Section. Each county clerk shall place a copy of the certification on file in his or her office and at the same time issue to the State Board of Elections a copy of such certification. In addition, each county clerk in whose county there is a board of election commissioners shall, not less than 61 days before the date of the general election, issue to such board a copy of the certification that has been filed in the county clerk's office, together with a copy of the certification that has been issued to the clerk by the State Board of Elections, with directions to the board of election commissioners to place upon the official ballot for the general election in that election jurisdiction the names of all candidates that are listed on such certifications, in the same manner and in the same order as shown upon such certifications, except as otherwise provided in this Section.

Whenever there are two or more persons nominated by the same political party for multiple offices for any board, the name of the candidate of such party receiving the highest number of votes in the primary election as a candidate for such office, as shown by the official election returns of the primary, shall be certified first under the name of such offices, and the names of the remaining candidates of such party for such offices shall follow in the order of the number of votes received by them respectively at the primary election as shown by the official election results.

No person who is shown by the canvassing board's proclamation to have been nominated or elected at the primary as a write-in candidate shall have his or her name certified unless such person shall have filed with the certifying office or board within 10 days after the canvassing board's proclamation a statement of candidacy pursuant to Section 7-10, and a statement pursuant to Section 7-10.1, and a receipt for the filing of a statement of economic interests in relation to the unit of government to which he or she has been elected or nominated.

Each county clerk and board of election commissioners shall determine by a fair and impartial method of random selection the order of
placement of established political party candidates for the general election ballot. Such determination shall be made within 30 days following the canvass and proclamation of the results of the general primary in the office of the county clerk or board of election commissioners and shall be open to the public. Seven days written notice of the time and place of conducting such random selection shall be given, by each such election authority, to the County Chairman of each established political party, and to each organization of citizens within the election jurisdiction which was entitled, under this Article, at the next preceding election, to have pollwatchers present on the day of election. Each election authority shall post in a conspicuous, open and public place, at the entrance of the election authority office, notice of the time and place of such lottery. However, a board of election commissioners may elect to place established political party candidates on the general election ballot in the same order determined by the county clerk of the county in which the city under the jurisdiction of such board is located.

Each certification shall indicate, where applicable, the following:

(1) The political party affiliation of the candidates for the respective offices;
(2) If there is to be more than one candidate elected to an office from the State, political subdivision or district;
(3) If the voter has the right to vote for more than one candidate for an office;
(4) The term of office, if a vacancy is to be filled for less than a full term or if the offices to be filled in a political subdivision are for different terms.

The State Board of Elections or the county clerk, as the case may be, shall issue an amended certification whenever it is discovered that the original certification is in error. (Source: P.A. 86-867; 86-875; 86-1028.)

Any vacancy in nomination under the provisions of this Article 7 occurring on or after the primary and prior to certification of candidates by the certifying board or officer, must be filled prior to the date of certification. Any vacancy in nomination occurring after certification but prior to 15 days before the general election shall be filled within 8 days after the event creating the vacancy. The resolution filling the vacancy shall be sent by U. S. mail or personal delivery to the certifying officer or board within 3 days of the action by which the vacancy was filled; provided, if such resolution is sent by mail and the U. S. postmark on the envelope containing such resolution is dated prior to the expiration of such 3 day limit, the resolution shall be deemed filed within such 3 day limit. Failure to so transmit the resolution within the time specified in this Section shall authorize the certifying officer or board to certify the original candidate. Vacancies shall be filled by the officers of a local municipal or township political party as specified in subsection (h) of Section 7-8, other than a statewide political party, that is established only within a municipality or township and the managing committee (or legislative committee in case of a candidate for State Senator or representative committee in the case of a candidate for State Representative in the General Assembly or State central committee in the case of a candidate for statewide office, including but not limited to the office of United States Senator) of the respective political party for the territorial area in which such vacancy occurs.

The resolution to fill a vacancy in nomination shall be accompanied by a Statement of Candidacy, as prescribed in Section 7-10, completed by the selected nominee and a receipt indicating that such nominee has filed a statement of economic interests as required by the Illinois Governmental Ethics Act.

The provisions of Section 10-8 through 10-10.1 relating to objections to certificates of nomination and nomination papers, hearings on objections, and judicial review, shall apply to and govern objections to resolutions for filling a vacancy in nomination.

Any vacancy in nomination occurring 15 days or less before the
consolidated election or the general election shall not be filled. In this event, the certification of the original candidate shall stand and his name shall appear on the official ballot to be voted at the general election.

A vacancy in nomination occurs when a candidate who has been nominated under the provisions of this Article 7 dies before the election (whether death occurs prior to, on or after the day of the primary), or declines the nomination; provided that nominations may become vacant for other reasons.

If the name of no established political party candidate was printed on the consolidated primary ballot for a particular office and if no person was nominated as a write-in candidate for such office, a vacancy in nomination shall be created which may be filled in accordance with the requirements of this Section. If the name of no established political party candidate was printed on the general primary ballot for a particular office and if no person was nominated as a write-in candidate for such office, a vacancy in nomination shall be created, but no candidate of the party for the office shall be listed on the ballot at the general election unless such vacancy is filled in accordance with the requirements of this Section within 60 days after the date of the general primary.

A candidate for whom a nomination paper has been filed as a partisan candidate at a primary election, and who is defeated for his or her nomination at such primary election, is ineligible to be listed on the ballot at that general or consolidated election as a candidate of another political party.

A candidate seeking election to an office for which candidates of political parties are nominated by caucus who is a participant in the caucus and who is defeated for his or her nomination at such caucus, is ineligible to be listed on the ballot at that general or consolidated election as a candidate of another political party.

In the proceedings to nominate a candidate to fill a vacancy or to fill a vacancy in the nomination, each precinct, township, ward, county or congressional district, as the case may be, shall through its representative on such central or managing committee, be entitled to one vote for each ballot voted in such precinct, township, ward, county or congressional district, as the case may be, by the primary electors of its party at the primary election immediately preceding the meeting at which such vacancy is to be filled.

For purposes of this Section, the words "certify" and "certification" shall refer to the act of officially declaring the names of candidates entitled to be printed upon the official ballot at an election and directing election authorities to place the names of such candidates upon the official ballot.
"Certifying officers or board" shall refer to the local election official, election authority or the State Board of Elections, as the case may be, with whom nomination papers, including certificates of nomination and resolutions to fill vacancies in nomination, are filed and whose duty it is to "certify" candidates. Sec. 17-23. Pollwatchers in a general election shall be authorized in the following manner:

(1) Each established political party shall be entitled to appoint two pollwatchers per precinct. Such pollwatchers must be affiliated with the political party for which they are pollwatching. For all elections, the pollwatchers must be registered to vote in Illinois.

(2) Each candidate shall be entitled to appoint two pollwatchers per precinct. For all elections, the pollwatchers must be registered to vote in Illinois.
(3) Each organization of citizens within the county or political subdivision, which has among its purposes or interests the investigation or prosecution of election frauds, and which shall have registered its name and address and the name and addresses of its principal officers with the proper election authority at least 40 days before the election, shall be entitled to appoint one pollwatcher per precinct. For all elections, the pollwatcher must be registered to vote in Illinois.

(4) In any general election held to elect candidates for the offices of a municipality of less than 3,000,000 population that is situated in 2 or more counties, a pollwatcher who is a resident of Illinois shall be eligible to serve as a pollwatcher in any poll located within such municipality, provided that such pollwatcher otherwise complies with the respective requirements of subsections (1) through (3) of this Section and is a registered voter in Illinois.

(5) Each organized group of proponents or opponents of a ballot proposition, which shall have registered the name and address of its organization or committee and the name and address of its chairman with the proper election authority at least 40 days before the election, shall be entitled to appoint one pollwatcher per precinct. The pollwatcher must be registered to vote in Illinois.

All pollwatchers shall be required to have proper credentials. Such credentials shall be printed in sufficient quantities, shall be issued by and under the facsimile signature(s) of the election authority and shall be available for distribution at least 2 weeks prior to the election. Such credentials shall be authorized by the real or facsimile signature of the State or local party official or the candidate or the presiding officer of the civic organization or the chairman of the proponent or opponent group, as the case may be.

Pollwatcher credentials shall be in substantially the following form:

Pollwatchers must present their credentials to the Judges of Election upon entering the polling place. Pollwatcher credentials properly executed and signed shall be proof of the qualifications of the pollwatcher authorized thereby. Such credentials are retained by the Judges and returned to the Election Authority at the end of the day of election with the other election materials. Once a pollwatcher has surrendered a valid credential, he may leave and reenter the polling place provided that such continuing action does not disrupt the conduct of the election. Pollwatchers may be substituted during the course of the day, but established political parties, candidates and qualified civic organizations can have only as many pollwatchers at any given time as are authorized in this Article. A substitute must present his signed credential to the judges of election upon entering the polling place. Election authorities must provide a sufficient number of credentials to allow for substitution of pollwatchers. After the polls have closed pollwatchers shall be allowed to remain until the canvass of votes is completed; but may leave and reenter only in cases of necessity, provided that such action is not so continuous as to disrupt the canvass of votes.

Candidates seeking office in a district or municipality encompassing 2 or more counties shall be admitted to any and all polling places throughout such district or municipality without regard to the counties in which such candidates are registered to vote. Actions of such candidates shall be governed in each polling place by the same privileges and limitations that apply to pollwatchers as provided in this Section. Any such candidate who engages in an activity in a polling place which could reasonably be construed by a majority of the judges of election as campaign activity shall be removed forthwith from such polling place.

Pollwatchers shall be permitted to observe all proceedings and view all reasonably requested records relating to the conduct of the election, provided the secrecy of the ballot is not impinged, and to station themselves in a position in the voting room as will enable them to observe the judges making the signature comparison between the voter application and the voter registration record card; provided, however, that such pollwatchers shall not be permitted to station themselves in such close proximity to the judges of election so as to interfere with the orderly conduct of the election and shall not, in any event, be permitted to handle election materials. Pollwatchers may challenge for cause the voting qualifications of a person offering to vote and may call to the attention of the judges of election any incorrect procedure or apparent violations of this Code.

If a majority of the judges of election determine that the polling place has become too overcrowded with pollwatchers so as to interfere with the orderly conduct of the election, the judges shall, by lot, limit such pollwatchers to a reasonable number, except that each established or new political party shall be permitted to have at least one pollwatcher present.

Sec. 17-100. Definition of a vote.

(a) Notwithstanding any law to the contrary, for the purpose of this Article, a person casts a valid vote on a punch card ballot when:

(1) A chad on the card has at least one corner detached from the card;

(2) The fibers of paper on at least one edge of the chad are broken in a way that permits unimpeded light to be seen through the card; or

(3) An indentation on the chad from the stylus or other object is present and indicates a clearly ascertainable intent of the voter to vote based on the totality of the circumstances, including but not limited to any pattern or frequency of indentations on other ballot positions from the same ballot card.

(b) Write-in votes shall be counted in a manner consistent with the existing provisions of this Code.

(c) For purposes of this Section, a "chad" is that portion of a ballot card that a voter punches or perforates with a stylus or other designated marking device to manifest his or her vote for a particular ballot position on a ballot card as defined in subsection (a).

(d) Prior to the original counting of any punch card ballots, an election judge may not alter a punch card ballot in any manner, including, but not limited to, the removal or manipulation of chads.

(10 ILCS 5/18-5) (from Ch. 46, par. 18-5)

Sec. 18-5. Any person desiring to vote and whose name is found upon the register of voters by the person having charge thereof, shall then be questioned by one of the judges as to his nativity, his term of residence at present address, precinct, State and United States, his age, whether naturalized and if so the date of naturalization papers and court from which secured, and he shall be asked to state his residence when last previously

registered and the date of the election for which he then registered. The
judges of elections shall check each application for ballot against the list of
voters registered in that precinct to whom absentee and early ballots have
been issued for that election, which shall be provided by the election
authority and which list shall be available for inspection by pollwatchers. A
voter applying to vote in the precinct on election day whose name appears on
the list as having been issued an absentee or early ballot shall not be
permitted to vote in the precinct unless that voter submits to the judges of
election, for cancellation or revocation, his absentee ballot. In the case that
the voter's absentee ballot is not present in the polling place, it shall be
sufficient for any such voter to submit to the judges of election in lieu of his
absentee ballot, either a portion of such ballot if torn or mutilated, an affidavit
executed before the judges of election specifying that the voter never received
an absentee ballot, or an affidavit executed before the judges of election
specifying that the voter desires to cancel or revoke any absentee ballot that
may have been cast in the voter's name. If such person so registered shall be
challenged as disqualified, the party challenging shall assign his reasons
therefor, and thereupon one of the judges shall administer to him an oath to
answer questions, and if he shall take the oath he shall then be questioned by
the judge or judges touching such cause of challenge, and touching any other
cause of disqualification. And he may also be questioned by the person
challenging him in regard to his qualifications and identity. But if a majority
of the judges are of the opinion that he is the person so registered and a
qualified voter, his vote shall then be received accordingly. But if his vote be
rejected by such judges, such person may afterward produce and deliver an
affidavit to such judges, subscribed and sworn to by him before one of the
judges, in which it shall be stated how long he has resided in such precinct,
and state; that he is a citizen of the United States, and is a duly qualified voter
in such precinct, and that he is the identical person so registered. In addition
to such an affidavit, the person so challenged shall provide to the judges of
election proof of residence by producing 2 forms of identification showing
the person's current residence address, provided that such identification to the
person at his current residence address and postmarked not earlier than 30
days prior to the date of the election, or the person shall procure a witness
personally known to the judges of election, and resident in the precinct (or
district), or who shall be proved by some legal voter of such precinct or
district, known to the judges to be such, who shall take the oath following,
viz:

I do solemnly swear (or affirm) that I am a resident of this election
precinct (or district), and entitled to vote at this election, and that I have been a resident of this State for 30 days last past, and am well acquainted with the person whose vote is now offered; that he is an actual and bona fide resident of this election precinct (or district), and has resided therein 30 days, and as I verily believe, in this State, 30 days next preceding this election.

The oath in each case may be administered by one of the judges of election, or by any officer, resident in the precinct or district, authorized by law to administer oaths. Also supported by an affidavit by a registered voter residing in such precinct, stating his own residence, and that he knows such person; and that he does reside at the place mentioned and has resided in such precinct and state for the length of time as stated by such person, which shall be subscribed and sworn to in the same way. Whereupon the vote of such person shall be received, and entered as other votes. But such judges, having charge of such registers, shall state in their respective books the facts in such case, and the affidavits, so delivered to the judges, shall be preserved and returned to the office of the commissioners of election. Blank affidavits of the character aforesaid shall be sent out to the judges of all the precincts, and the judges of election shall furnish the same on demand and administer the oaths without criticism. Such oaths, if administered by any other officer than such judge of election, shall not be received. Whenever a proposal for a constitutional amendment or for the calling of a constitutional convention is to be voted upon at the election, the separate blue ballot or ballots pertaining thereto shall be placed on top of the other ballots to be voted at the election in such manner that the legend appearing on the back thereof, as prescribed in Section 16-6 of this Act, shall be plainly visible to the voter, and in this fashion the ballots shall be handed to the voter by the judge.

The voter shall, upon quitting the voting booth, deliver to one of the judges of election all of the ballots, properly folded, which he received. The judge of election to whom the voter delivers his ballots shall not accept the same unless all of the ballots given to the voter are returned by him. If a voter delivers less than all of the ballots given to him, the judge to whom the same are offered shall advise him in a voice clearly audible to the other judges of election that the voter must return the remainder of the ballots. The statement of the judge to the voter shall clearly express the fact that the voter is not required to vote such remaining ballots but that whether or not he votes them he must fold and deliver them to the judge. In making such statement the judge of election shall not indicate by word, gesture or intonation of voice that the unreturned ballots shall be voted in any particular manner. No new voter shall be permitted to enter the voting booth of a voter who has failed to
deliver the total number of ballots received by him until such voter has
returned to the voting booth pursuant to the judge's request and again quit the
booth with all of the ballots required to be returned by him. Upon receipt of
all such ballots the judges of election shall enter the name of the voter, and
his number, as above provided in this section, and the judge to whom the
ballots are delivered shall immediately put the ballots into the ballot box. If
any voter who has failed to deliver all the ballots received by him refuses to
return to the voting booth after being advised by the judge of election as
herein provided, the judge shall inform the other judges of such refusal, and
thereupon the ballot or ballots returned to the judge shall be deposited in the
ballot box, the voter shall be permitted to depart from the polling place, and
a new voter shall be permitted to enter the voting booth.

The judge of election who receives the ballot or ballots from the voter
shall announce the residence and name of such voter in a loud voice. The
judge shall put the ballot or ballots received from the voter into the ballot box
in the presence of the voter and the judges of election, and in plain view of
the public. The judges having charge of such registers shall then, in a column
prepared thereon, in the same line of, the name of the voter, mark "Voted" or
the letter "V".

No judge of election shall accept from any voter less than the full
number of ballots received by such voter without first advising the voter in
the manner above provided of the necessity of returning all of the ballots, nor
shall any such judge advise such voter in a manner contrary to that which is
herein permitted, or in any other manner violate the provisions of this section;
provided, that the acceptance by a judge of election of less than the full
number of ballots delivered to a voter who refuses to return to the voting
booth after being properly advised by such judge shall not be a violation of
this Section.

(1) The person's name does not appear on the official list of eligible voters, whether a list of active or inactive voters, for the precinct in which the person seeks to vote. The official list is the centralized statewide voter registration list established and maintained in accordance with Section 1A-25;

(2) The person's voting status has been challenged by an election judge, a pollwatcher, or any legal voter and that challenge has been sustained by a majority of the election judges; or

(1) After first verifying through an examination of the precinct register that the person's address is within the precinct boundaries, an election judge at the polling place shall notify a person who is entitled to cast a provisional ballot pursuant to subsection (a) that he or she may cast a provisional ballot in that election. An election judge

must accept any information provided by a person who casts a
provisional ballot that the person believes supports his or her claim
that he or she is a duly registered voter and qualified to vote in the
election. However, if the person's residence address is outside the
precinct boundaries, the election judge shall inform the person of that
fact, give the person the appropriate telephone number of the election
authority in order to locate the polling place assigned to serve that
address, and instruct the person to go to the proper polling place to
vote.

(2) The person shall execute a written form provided by the
election judge that shall state or contain all of the following that is
available:

(i) an affidavit stating the following:

(iii) An area for the election judge to affix his or her signature and to set forth any facts that support or oppose the allegation that the person is not qualified to vote in the precinct in which the person is seeking to vote.

The written affidavit form described in this subsection (b)(2) must be printed on a multi-part form prescribed by the county clerk or board of election commissioners, as the case may be.

(3) After the person executes the portion of the written affidavit described in subsection (b)(2)(i) of this Section, the election judge shall complete the portion of the written affidavit described in subsection (b)(2)(iii) and (b)(2)(iv).

(4) The election judge shall give a copy of the completed written affidavit to the person. The election judge shall place the original written affidavit in a self-adhesive clear plastic packing list envelope that must be attached to a separate envelope marked as a "provisional ballot envelope". The election judge shall also place any information provided by the person who casts a provisional ballot in the clear plastic packing list envelope. Each county clerk or board of election commissioners, as the case may be, must design, obtain or procure self-adhesive clear plastic packing list envelopes and provisional ballot envelopes that are suitable for implementing this subsection (b)(4) of this Section.

(5) The election judge shall provide the person with a provisional ballot, written instructions for casting a provisional ballot, and the provisional ballot envelope with the clear plastic packing list envelope affixed to it, which contains the person's original written affidavit and, if any, information provided by the provisional voter to support his or her claim that he or she is a duly registered voter. An election judge must also give the person written information that states that any person who casts a provisional ballot shall be able to ascertain, pursuant to guidelines established by the State Board of Elections, whether the provisional vote was counted in the official canvass of votes for that election and, if the provisional vote was not counted, the reason that the vote was not counted.

(6) After the person has completed marking his or her provisional ballot, he or she shall place the marked ballot inside of the provisional ballot envelope, close and seal the envelope, and return the envelope to an election judge, who shall then deposit the sealed provisional ballot envelope into a secureable container separately identified and utilized for containing sealed
provisional ballot envelopes. *Ballots that are provisional because they are cast after 7:00 p.m. by court order shall be kept separate from other provisional ballots.* Upon the closing of the polls, the securable container shall be sealed with filament tape provided for that purpose, which shall be wrapped around the box lengthwise and crosswise, at least twice each way, and each of the election judges shall sign the seal.

(c) Instead of the affidavit form described in subsection (b), the county clerk or board of election commissioners, as the case may be, may design and use a multi-part affidavit form that is imprinted upon or attached to the provisional ballot envelope described in subsection (b). If a county clerk or board of election commissioners elects to design and use its own multi-part affidavit form, then the county clerk or board of election commissioners shall establish a mechanism for accepting any information the provisional voter has supplied to the election judge to support his or her claim that he or she is a duly registered voter. In all other respects, a county clerk or board of election commissioners shall establish procedures consistent with subsection (b).

(d) The county clerk or board of election commissioners, as the case may be, shall use the completed affidavit form described in subsection (b) to update the person's voter registration information in the State voter registration database and voter registration database of the county clerk or board of election commissioners, as the case may be. If a person is later determined not to be a registered voter based on Section 18A-15 of this Code, then the affidavit shall be processed by the county clerk or board of election commissioners, as the case may be, as a voter registration application.

Each county clerk or board of election commissioners, as the case may be, must design, obtain or procure self-adhesive clear plastic packing list envelopes and provisional ballot envelopes that are suitable for implementing this subsection (b)(4) of this Section.

(5) The election judge shall provide the person with a provisional ballot, written instructions for casting a provisional ballot, and the provisional ballot envelope with the clear plastic packing list envelope affixed to it, which contains the person's original written affidavit and, if any, information provided by the provisional voter to support his or her claim that he or she is a duly registered voter. An election judge must also give the person written

information that states that any person who casts a provisional ballot shall be able to ascertain, pursuant to guidelines established by the State Board of Elections, whether the provisional vote was counted in the official canvass of votes for that election and, if the provisional vote was not counted, the reason that the vote was not counted.

(6) After the person has completed marking his or her provisional ballot, he or she shall place the marked ballot inside of the provisional ballot envelope, close and seal the envelope, and return the envelope to an election judge, who shall then deposit the sealed provisional ballot envelope into a securable container separately identified and utilized for containing sealed provisional ballot envelopes. *Ballots that are provisional because they are cast after 7:00 p.m. by court order shall be kept separate from other provisional ballots.* Upon the closing of the polls, the securable container shall be sealed with filament tape provided for that purpose, which shall be wrapped around the box lengthwise and crosswise, at least twice each way, and each of the election judges shall sign the seal.

(c) Instead of the affidavit form described in subsection (b), the county clerk or board of election commissioners, as the case may be, may design and use a multi-part affidavit form that is imprinted upon or attached to the provisional ballot envelope described in subsection (b). If a county clerk or board of election commissioners elects to design and use its own multi-part affidavit form, then the county clerk or board of election commissioners shall establish a mechanism for accepting any information the provisional voter has supplied to the election judge to support his or her claim that he or she is a duly registered voter. In all other respects, a county clerk or board of election commissioners shall establish procedures consistent with subsection (b).

(d) The county clerk or board of election commissioners, as the case may be, shall use the completed affidavit form described in subsection (b) to update the person's voter registration information in the State voter registration database and voter registration database of the county clerk or board of election commissioners, as the case may be. If a person is later determined not to be a registered voter based on Section 18A-15 of this Code, then the affidavit shall be processed by the county clerk or board of election commissioners, as the case may be, as a voter registration application.

Sec. 18A-15. Validating and counting provisional ballots.

(a) The county clerk or board of election commissioners shall
complete the validation and counting of provisional ballots within 14 calendar days of the day of the election. The county clerk or board of election commissioners shall have 7 calendar days from the completion of the validation and counting of provisional ballots to conduct its final canvass. The State Board of Elections shall complete within 31 calendar days of the election or sooner if all the returns are received, its final canvass of the vote for all public offices.

(b) If a county clerk or board of election commissioners determines that all of the following apply, then a provisional ballot is valid and shall be counted as a vote:

(1) The provisional voter cast the provisional ballot in the correct precinct based on the address provided by the provisional voter. The provisional voter's affidavit shall serve as a change of address request by that voter for registration purposes for the next ensuing election if it bears an address different from that in the records of the election authority;

(2) The affidavit executed by the provisional voter pursuant to subsection (b)(2) of Section 18A-5 contains, at a minimum, the provisional voter's first and last name, house number and street name, and signature or mark 18A-10 is properly executed; and

(3) The provisional voter is a registered voter based on information available to the county clerk or board of election commissioners provided by or obtained from any of the following:
   i. the provisional voter;
   ii. an election judge;
   iii. the statewide voter registration database maintained by the State Board of Elections;
   iv. the records of the county clerk or board of election commissioners' database; or
   v. the records of the Secretary of State.

(c) With respect to subsection (b)(3) of this Section, the county clerk or board of election commissioners shall investigate and record whether or not the specified each of the 5 types of information is available from each of the 5 identified sources and record whether this information is or is not available. If the one or more types of information is available from one or more of the identified sources, then the county clerk or board of election commissioners shall seek to obtain the all relevant information from each of those sources until satisfied, with information from at least one of those sources, that the provisional voter is registered and entitled to vote all

New matter indicated by italics - deletions by strikeout
The county clerk or board of election commissioners shall use any information it obtains as the basis for determining the voter registration status of the provisional voter. If a conflict exists among the information available to the county clerk or board of election commissioners as to the registration status of the provisional voter, then the county clerk or board of election commissioners shall make a determination based on the totality of the circumstances. In a case where the above information equally supports or opposes the registration status of the voter, the county clerk or board of election commissioners shall decide in favor of the provisional voter as being duly registered to vote. If the statewide voter registration database maintained by the State Board of Elections indicates that the provisional voter is registered to vote, but the county clerk's or board of election commissioners' voter registration database indicates that the provisional voter is not registered to vote, then the information found in the statewide voter registration database shall control the matter and the provisional voter shall be deemed to be registered to vote. If the records of the county clerk or board of election commissioners indicates that the provisional voter is registered to vote, but the statewide voter registration database maintained by the State Board of Elections indicates that the provisional voter is not registered to vote, then the information found in the records of the county clerk or board of election commissioners shall control the matter and the provisional voter shall be deemed to be registered to vote. If the provisional voter's signature on his or her provisional ballot request varies from the signature on an otherwise valid registration application solely because of the substitution of initials for the first or middle name, the election authority may not reject the provisional ballot.

(d) In validating the registration status of a person casting a provisional ballot, the county clerk or board of election commissioners shall not require a provisional voter to complete any form other than the affidavit executed by the provisional voter under subsection (b)(2) of Section 18A-5. In addition, the county clerk or board of election commissioners shall not require all provisional voters or any particular class or group of provisional voters to appear personally before the county clerk or board of election commissioners or as a matter of policy require provisional voters to submit additional information to verify or otherwise support the information already submitted by the provisional voter. The provisional voter may, within 2 calendar days after the election, submit additional information to the county clerk or board of election commissioners. This information must be received by the county clerk or board of election commissioners within the 2-calendar-
day period.

(e) If the county clerk or board of election commissioners determines that subsection (b)(1), (b)(2), or (b)(3) does not apply, then the provisional ballot is not valid and may not be counted. The provisional ballot envelope containing the ballot cast by the provisional voter may not be opened. The county clerk or board of election commissioners shall write on the provisional ballot envelope the following: "Provisional ballot determined invalid."

(f) If the county clerk or board of election commissioners determines that a provisional ballot is valid under this Section, then the provisional ballot envelope shall be opened. The outside of each provisional ballot envelope shall also be marked to identify the precinct and the date of the election.

(g) The provisional ballots determined to be valid shall be added to the vote totals for the precincts from which they were cast in the order in which the ballots were opened. The county clerk or board of election commissioners may, in the alternative, create a separate provisional-voter precinct for the purpose of counting and recording provisional ballots and adding the recorded votes to its official canvass. The validation and counting of provisional ballots shall be subject to the provisions of this Code that apply to pollwatchers. If the provisional ballots are a ballot of a punch card voting system, then the provisional ballot shall be counted in a manner consistent with Article 24A. If the provisional ballots are a ballot of optical scan or other type of approved electronic voting system, then the provisional ballots shall be counted in a manner consistent with Article 24B.

(h) As soon as the ballots have been counted, the election judges or election officials shall, in the presence of the county clerk or board of election commissioners, place each of the following items in a separate envelope or bag: (1) all provisional ballots, voted or spoiled; (2) all provisional ballot envelopes of provisional ballots voted or spoiled; and (3) all executed affidavits of the provisional ballots voted or spoiled. All provisional ballot envelopes for provisional voters who have been determined not to be registered to vote shall remain sealed. The county clerk or board of election commissioners shall treat the provisional ballot envelope containing the written affidavit as a voter registration application for that person for the next election and process that application. The election judges or election officials shall then securely seal each envelope or bag, initial the envelope or bag, and plainly mark on the outside of the envelope or bag in ink the precinct in which the provisional ballots were cast. The election judges or election officials shall then place each sealed envelope or bag into a box, secure and

seal it in the same manner as described in item (6) of subsection (b) of Section 18A-5. Each election judge or election official shall take and subscribe an oath before the county clerk or board of election commissioners that the election judge or election official securely kept the ballots and papers in the box, did not permit any person to open the box or otherwise touch or tamper with the ballots and papers in the box, and has no knowledge of any other person opening the box. For purposes of this Section, the term "election official" means the county clerk, a member of the board of election commissioners, as the case may be, and their respective employees.

Sec. 19-2.1. At the consolidated primary, general primary, consolidated, and general elections, electors entitled to vote by absentee ballot under the provisions of Section 19-1 may vote in person at the office of the municipal clerk, if the elector is a resident of a municipality not having a board of election commissioners, or at the office of the township clerk or, in counties not under township organization, at the office of the road district clerk if the elector is not a resident of a municipality; provided, in each case that the municipal, township or road district clerk, as the case may be, is authorized to conduct in-person absentee voting pursuant to this Section. Absentee voting in such municipal and township clerk's offices under this Section shall be conducted from the 22nd day through the day before the election.

Municipal and township clerks (or road district clerks) who have regularly scheduled working hours at regularly designated offices other than a place of residence and whose offices are open for business during the same hours as the office of the election authority shall conduct in-person absentee voting for said elections. Municipal and township clerks (or road district clerks) who have no regularly scheduled working hours but who have regularly designated offices other than a place of residence shall conduct in-person absentee voting for said elections during the hours of 8:30 a.m. to 4:30 p.m. or 9:00 a.m. to 5:00 p.m., weekdays, and 9:00 a.m. to 12:00 noon on Saturdays, but not during such hours as the office of the election authority is closed, unless the clerk files a written waiver with the election authority not later than July 1 of each year stating that he or she is unable to conduct such voting and the reasons therefor. Such clerks who conduct in-person absentee voting may extend their hours for that purpose to include any hours in which the election authority's office is open. Municipal and township clerks (or road district clerks) who have no regularly scheduled office hours and no regularly

designated offices other than a place of residence may not conduct in-person absentee voting for said elections. The election authority may devise alternative methods for in-person absentee voting before said elections for those precincts located within the territorial area of a municipality or township (or road district) wherein the clerk of such municipality or township (or road district) has waived or is not entitled to conduct such voting. In addition, electors may vote by absentee ballot under the provisions of Section 19-1 at the office of the election authority having jurisdiction over their residence.

In conducting absentee voting under this Section, the respective clerks shall not be required to verify the signature of the absentee voter by comparison with the signature on the official registration record card. However, the clerk shall reasonably ascertain the identity of such applicant, shall verify that each such applicant is a registered voter, and shall verify the precinct in which he or she is registered and the proper ballots of the political subdivisions in which the applicant resides and is entitled to vote, prior to providing any absentee ballot to such applicant. The clerk shall verify the applicant’s registration and from the most recent poll list provided by the county clerk, and if the applicant is not listed on that poll list then by telephoning the office of the county clerk.

Absentee voting procedures in the office of the municipal, township and road district clerks shall be subject to all of the applicable provisions of this Article 19. Pollwatchers may be appointed to observe in-person absentee voting procedures and view all reasonably requested records relating to the conduct of the election, provided the secrecy of the ballot is not impinged, at the office of the municipal, township or road district clerks’ offices where such absentee voting is conducted. Such pollwatchers shall qualify and be appointed in the same manner as provided in Sections 7-34 and 17-23, except each candidate, political party or organization of citizens may appoint only one pollwatcher for each location where in-person absentee voting is conducted. Pollwatchers must be registered to vote in Illinois and possess valid pollwatcher credentials. All requirements in this Article applicable to election authorities shall apply to the respective local clerks, except where inconsistent with this Section.

The sealed absentee ballots in their carrier envelope shall be delivered by the respective clerks, or by the election authority on behalf of a clerk if the clerk and the election authority agree, to the proper polling place before the close of the polls on the day of the general primary, consolidated primary, consolidated, or general election.
Not more than 23 days before the nonpartisan, general and consolidated elections, the county clerk shall make available to those municipal, township and road district clerks conducting in-person absentee voting within such county, a sufficient number of applications, absentee ballots, envelopes, and printed voting instruction slips for use by absentee voters in the offices of such clerks. The respective clerks shall receipt for all ballots received, shall return all unused or spoiled ballots to the county clerk on the day of the election and shall strictly account for all ballots received.

The ballots delivered to the respective clerks shall include absentee ballots for each precinct in the municipality, township or road district, or shall include such separate ballots for each political subdivision conducting an election of officers or a referendum on that election day as will permit any resident of the municipality, township or road district to vote absentee in the office of the proper clerk.

The clerks of all municipalities, townships and road districts may distribute applications for absentee ballot for the use of voters who wish to mail such applications to the appropriate election authority. Such applications for absentee ballots shall be made on forms provided by the election authority. Duplication of such forms by the municipal, township or road district clerk is prohibited.

Under penalties of perjury as provided by law pursuant to Section 29-10 of the Election Code, the undersigned certifies that the statements set forth in this certification are true and correct.

If the ballot enclosed is to be voted at a primary election, the certification shall designate the name of the political party with which the voter is affiliated.

In addition to the above, the election authority shall provide printed slips giving full instructions regarding the manner of marking and returning the ballot in order that the same may be counted, and shall furnish one of the printed slips to each of such applicants at the same time the ballot is delivered to him or her. The instructions shall include the following statement: "In signing the certification on the early ballot envelope, you are attesting that you personally marked this early ballot in secret. If you are physically unable to mark the ballot, a friend or relative may assist you. Federal and State laws prohibit your employer, your employer’s agent, or an officer or agent of your union from assisting physically disabled voters."

In addition to the above, if a ballot to be provided to a voter pursuant to this Section contains a public question described in subsection (b) of Section 28-6 and the territory concerning which the question is to be submitted is not described on the ballot due to the space limitations of the ballot, the election authority shall provide a printed copy of a notice of the public question, which shall include a description of the territory in the manner required by Section 16-7. The notice shall be furnished to the voter at the same time the ballot is delivered to the voter.

(10 ILCS 5/19A-45 new)
Sec. 19A-45. Certification. The voter shall make and subscribe the certification provided for on the return envelope of the ballot, and the ballot or ballots shall be folded by the voter in the manner required to be folded before depositing the ballot in the ballot box, and shall be deposited in the envelope and the envelope securely sealed. The voter shall then endorse his or her certificate on the back of the envelope and the envelope shall be returned to the election judge or official conducting the early voting.

(10 ILCS 5/19A-50 new)
Sec. 19A-50. Receipt of ballots. Upon receipt of the voter’s ballot, the election judge or official shall enclose the unopened ballot in a large or carrier envelope that shall be securely sealed and endorsed with the name and official title of the election judge or official and the words, "This envelope contains a ballot and must be opened on election day", together
with the number and description of the precinct in which the ballot is to be voted, and the election authority shall safely keep the envelope in its office until delivered to the judges of election as provided in Section 19A-35.

(10 ILCS 5/19A-55 new)

Sec. 19A-55. Casting the ballots. At the close of the regular balloting and at the close of the polls the judges of election of each voting precinct shall proceed to cast the early voter's ballot separately, and as each early voter's ballot is taken shall open the outer or carrier envelope, announce the early voter's name, and compare the signature upon the official registration card with the signature upon the certification on the ballot envelope. In case the judges find the certification properly executed, that the signatures correspond, that the applicant is a duly qualified voter in the precinct, and the voter has not been present and voted on the election day, they shall open the envelope containing the early voter's ballot in a manner that does not deface or destroy the certification thereon, or mark or tear the ballots therein and take out the ballot or ballots therein contained without unfolding or permitting the same to be unfolded or examined, and having endorsed the ballot in like manner as other ballots are required to be endorsed, shall deposit the same in the proper ballot box or boxes and enter the early voter's name in the poll book the same as if he or she had voted on election day. The judges shall place the early ballot certification envelopes in a separate envelope as per the direction of the election authority. The envelope containing the early ballot certification envelopes shall be returned to the election authority and preserved in like manner as the official poll record.

In case the signatures do not correspond, or the applicant is not a duly qualified voter in the precinct or the ballot envelope is open or has been opened and resealed, or the voter has voted on election day, the previously cast vote shall not be allowed, but without opening the early voter's envelope the judge of the election shall mark across the face thereof, "Rejected", giving the reason therefor.

In case the ballot envelope contains more than one ballot of any kind, the ballots shall not be counted, but shall be marked "Rejected", giving the reason therefor.

The early voters' envelopes and affidavits and the early voters' envelope with its contents unopened, when the early vote is rejected, shall be retained and preserved in the manner as now provided for the retention and preservation of official ballots rejected at the election.

Sec. 19A-60. Pollwatchers. Pollwatchers may be appointed to observe
early voting by personal appearance at each permanent and temporary polling place where early voting is conducted. The pollwatchers shall qualify and be appointed in the same manner as provided in Sections 7-34 and 17-23, except that each candidate, political party, or organization of citizens may appoint only one pollwatcher for each location where early voting by personal appearance is conducted. Pollwatchers must be residents of the State and possess valid pollwatcher credentials.

In the polling place on election day, pollwatchers are permitted to be present during the casting of the early ballots and the vote of an early voter may be challenged for cause the same as if the voter were present and voted on election day. The judges of election or election authority personnel conducting early voting, or a majority of either of these, have the power and authority to hear and determine the legality of the early ballot, provided that if a challenge to any early voter's right to vote is sustained, notice of the challenge must be given by the judges of election or election authority by mail addressed to the voter's place of residence.

(10 ILCS 5/19A-65 new)

Sec. 19A-65. Death of voter before opening of polls. Whenever due proof is made to the judges of election or election authority personnel counting early ballots that any voter who has marked an early ballot as provided in this Article has died before the opening of the polls on the date of the election, the ballot of the deceased voter shall be returned in the same manner provided for rejected ballots; but the casting of the ballot of a deceased voter shall not invalidate the election.

If the chief judge or his designate determines that the application submitted to him is a second or additional one, he shall so notify the election authority who shall disregard the second or additional application.

The election authority shall maintain a list for each election of the voters to whom it has issued absentee ballots. The list shall be maintained for each precinct within the jurisdiction of the election authority. Prior to the opening of the polls on election day, the election authority shall deliver to the judges of election in each precinct the list of registered voters in that precinct to whom absentee ballots have been issued. Sec. 23-15.1. Production of ballot counting code and attendance of witnesses. All voting-system vendors shall, within 90 days after the adoption of rules or upon application for voting-system approval, place in escrow all computer code for its voting system with the State Board of Elections. The State Board of Elections shall promulgate rules to implement this Section. For purposes of this Section, the term "computer code" includes, but is not limited to, ballot counting source code, table structures, modules, program narratives, and other human readable computer instructions used to count ballots. components of a voting system it deems necessary to enable the review and verification of the computer. In an election contest, each party to the contest may designate one or more persons who are authorized to receive the computer code of the relevant voting systems. The person or persons authorized to receive the relevant computer code shall enter into a confidentiality agreement with the State Board of Elections and must exercise the highest degree of reasonable care to maintain the confidentiality of all proprietary information.

The State Board of Elections shall promulgate rules to provide for the security, review, and verification of computer codes. The resources shall be independent of and have no business, personal, professional, or other affiliation with any of the system vendors currently or prospectively supplying voting systems to any county in the State of Illinois.

Sec. 23-50. Definition of a vote. For the purpose of any recount of votes under this Code, a vote is defined as provided in Sections 7-100, 17-100, 18-100, 24A-22, 24B-9.1, or 24C-10, depending upon the type of voting equipment or system used to cast the vote.

(10 ILCS 5/24A-10) (from Ch. 46, par. 24A-10)

Sec. 24A-10. (1) In an election jurisdiction which has adopted an electronic voting system, the election official in charge of the election shall select one of the 3 following procedures for receiving, counting, tallying, and return of the ballots:

(a) Two ballot boxes shall be provided for each polling place. The first ballot box is for the depositing of votes cast on the electronic voting system; and the second ballot box is for all votes cast on paper ballots, including absentee paper and early paper ballots and any other paper ballots

required to be voted other than on the electronic voting system. Ballots, except absentee and early ballots for candidates and propositions which are listed on the electronic voting system, deposited in the second ballot box shall be counted, tallied, and returned as is elsewhere provided in "The Election Code," as amended, for the counting and handling of paper ballots. Immediately after the closing of the polls the absentee and early ballots delivered to the precinct judges of election by the election official in charge of the election shall be examined to determine that such ballots comply with Sections 19-9, 19A-55, and 20-9 of "The Election Code," as amended, and are entitled to be deposited in the ballot box provided therefor; those entitled to be deposited in this ballot box shall be initialed by the precinct judges of election and deposited therein. Those not entitled to be deposited in this ballot box shall be marked "Rejected" and disposed of as provided in Sections 19-9, 19A-55, and 20-9. The precinct judges of election shall then open the second ballot box and examine all paper absentee and early ballots which are in the ballot box to determine whether the absentee and early ballots bear the initials of a precinct judge of election. If any absentee or early ballot is not so initialed, it shall be marked on the back "Defective," initialed as to such label by all judges immediately under such word "Defective," and not counted, but placed in the envelope provided for that purpose labeled "Defective Ballots Envelope." The judges of election, consisting in each case of at least one judge of election of each of the two major political parties, shall examine the paper absentee and early ballots which were in such ballot box and properly initialed so as to determine whether the same contain write-in votes. Write-in votes, not causing an overvote for an office otherwise voted for on the paper absentee or early ballot, and otherwise properly voted, shall be counted, tallied and recorded on the tally sheet provided for such record. A write-in vote causing an overvote for an office shall not be counted for that office, but the precinct judges shall mark such paper or early absentee ballot "Objected To" on the back thereof and write on its back the manner in which such ballot is counted and initial the same. An overvote for one office shall invalidate only the vote or count of that particular office. After counting, tallying and recording the write-in votes on absentee and early ballots, the judges of election, consisting in each case of at least one judge of election of each of the two major political parties, shall make a true duplicate ballot of the remaining valid votes on each paper absentee or early ballot which was in the ballot box and properly initialed, by using the electronic voting system used in the precinct and one of the marking devices of the precinct so as to transfer the remaining valid votes.

New matter indicated by italics - deletions by strikeout
votes of the voter on the paper absentee ballot to an official ballot or a ballot card of that kind used in the precinct at that election. The original paper absentee or early ballot shall be clearly labeled "Absentee Ballot" or "Early Ballot", as the case may be, and the ballot card so produced "Duplicate Absentee Ballot;" or "Duplicate Early Ballot", as the case may be, and each shall bear the same serial number which shall be placed thereon by the judges of election, commencing with number 1 and continuing consecutively for the ballots of that kind in that precinct. The judges of election shall initial the "Duplicate Absentee Ballot" and "Duplicate Early Ballot" ballots or ballot cards and shall place them in the first ballot box provided for return of the ballots to be counted at the central counting location in lieu of the paper absentee and early ballots. The paper absentee and early ballots shall be placed in an envelope provided for that purpose labeled "Duplicate Ballots."

As soon as the absentee and early ballots have been deposited in the first ballot box, the judges of election shall make out a slip indicating the number of persons who voted in the precinct at the election. Such slip shall be signed by all the judges of election and shall be inserted by them in the first ballot box. The judges of election shall thereupon immediately lock the first ballot box; provided, that if such box is not of a type which may be securely locked, such box shall be sealed with filament tape provided for such purpose which shall be wrapped around the box lengthwise and crosswise, at least twice each way, and in such manner that the seal completely covers the slot in the ballot box, and each of the judges shall sign such seal. Thereupon two of the judges of election, of different political parties, shall forthwith and by the most direct route transport both ballot boxes to the counting location designated by the county clerk or board of election commissioners.

Before the ballots of a precinct are fed to the electronic tabulating equipment, the first ballot box shall be opened at the central counting station by the two precinct transport judges. Upon opening a ballot box, such team shall first count the number of ballots in the box. If 2 or more are folded together so as to appear to have been cast by the same person, all of the ballots so folded together shall be marked and returned with the other ballots in the same condition, as near as may be, in which they were found when first opened, but shall not be counted. If the remaining ballots are found to exceed the number of persons voting in the precinct as shown by the slip signed by the judges of election, the ballots shall be replaced in the box, and the box closed and well shaken and again opened and one of the precinct transport judges shall publicly draw out so many ballots unopened as are equal to such excess.

Such excess ballots shall be marked "Excess-Not Counted" and signed by the two precinct transport judges and shall be placed in the "After 7:00 p.m. Defective Ballots Envelope". The number of excess ballots shall be noted in the remarks section of the Certificate of Results. "Excess" ballots shall not be counted in the total of "defective" ballots.

The precinct transport judges shall then examine the remaining ballots for write-in votes and shall count and tabulate the write-in vote; or

(b) A single ballot box, for the deposit of all votes cast, shall be used. All ballots which are not to be tabulated on the electronic voting system shall be counted, tallied, and returned as elsewhere provided in "The Election Code," as amended, for the counting and handling of paper ballots.

All ballots to be processed and tabulated with the electronic voting system shall be processed as follows:

Immediately after the closing of the polls the absentee and early ballots delivered to the precinct judges of election by the election official in charge of the election shall be examined to determine that such ballots comply with Sections 19-9, 19A-55, and 20-9 of "The Election Code," as amended, and are entitled to be deposited in the ballot box; those entitled to be deposited in the ballot box shall be initialed by the precinct judges of election and deposited in the ballot box. Those not entitled to be deposited in the ballot box shall be marked "Rejected" and disposed of as provided in said Sections 19-9, 19A-55, and 20-9. The precinct judges of election then shall open the ballot box and canvass the votes polled to determine that the number of ballots therein agree with the number of voters voting as shown by the applications for ballot or if the same do not agree the judges of election shall make such ballots agree with the applications for ballot in the manner provided by Section 17-18 of "The Election Code." The judges of election shall then examine all paper absentee and early ballots, ballot cards and ballot card envelopes which are in the ballot box to determine whether the paper ballots, ballot cards and ballot card envelopes bear the initials of a precinct judge of election. If any paper ballot, ballot card or ballot card envelope is not initialed, it shall be marked on the back "Defective," initialed as to such label by all judges immediately under such word "Defective," and not counted, but placed in the envelope provided for that purpose labeled "Defective Ballots Envelope." The judges of election, consisting in each case of at least one judge of election of each of the two major political parties, shall examine the paper absentee and early ballots which were in the ballot box and properly initialed so as to determine whether the same contain write-in votes. Write-in votes, not causing an overvote for an office otherwise voted

for on the paper absentee or early ballot, and otherwise properly voted, shall be counted, tallied and recorded on the tally sheet provided for such record. A write-in vote causing an overvote for an office shall not be counted for that office, but the precinct judges shall mark such paper absentee or early ballot "Objected To" on the back thereof and write on its back the manner in which such ballot is counted and initial the same. An overvote for one office shall invalidate only the vote or count of that particular office. After counting, tallying and recording the write-in votes on absentee and early ballots, the judges of election, consisting in each case of at least one judge of election of each of the two major political parties, shall make a true duplicate ballot of the remaining valid votes on each paper absentee and early ballot which was in the ballot box and properly initialed, by using the electronic voting system used in the precinct and one of the marking devices of the precinct so as to transfer the remaining valid votes of the voter on the paper absentee or early ballot to an official ballot or a ballot card of that kind used in the precinct at that election. The original paper absentee ballot shall be clearly labeled "Absentee Ballot" or "Early Ballot", as the case may be, and the ballot card so produced "Duplicate Absentee Ballot;" or "Duplicate Early Ballot", as the case may be, and each shall bear the same serial number which shall be placed thereon by the judges of election, commencing with number 1 and continuing consecutively for the ballots of that kind in that precinct. The judges of election shall initial the "Duplicate Absentee Ballot" and "Duplicate Early Ballot" ballots or ballot cards, and shall place them in the box for return of the ballots with all other ballots or ballot cards to be counted at the central counting location in lieu of the paper absentee and early ballots. The paper absentee and early ballots shall be placed in an envelope provided for that purpose labeled "Duplicate Ballots."

When an electronic voting system is used which utilizes a ballot card, before separating the remaining ballot cards from their respective covering envelopes, the judges of election shall examine the ballot card envelopes for write-in votes. When the voter has voted a write-in vote, the judges of election shall compare the write-in vote with the votes on the ballot card to determine whether such write-in results in an overvote for any office. In case of an overvote for any office, the judges of election, consisting in each case of at least one judge of election of each of the two major political parties, shall make a true duplicate ballot of all votes on such ballot card except for the office which is overvoted, by using the ballot label booklet of the precinct and one of the marking devices of the precinct so as to transfer all votes of the voter except for the office overvoted, to an official ballot card of that kind.
used in the precinct at that election. The original ballot card and envelope upon which there is an overvote shall be clearly labeled "Overvoted Ballot", and each shall bear the same serial number which shall be placed thereon by the judges of election, commencing with number 1 and continuing consecutively for the ballots of that kind in that precinct. The judges of election shall initial the "Duplicate Overvoted Ballot" ballot cards and shall place them in the box for return of the ballots. The "Overvoted Ballot" ballots and their envelopes shall be placed in the "Duplicate Ballots" envelope. Envelopes bearing write-in votes marked in the place designated therefor and bearing the initials of a precinct judge of election and not resulting in an overvote and otherwise complying with the election laws as to marking shall be counted, tallied, and their votes recorded on a tally sheet provided by the election official in charge of the election. The ballot cards and ballot card envelopes shall be separated and all except any defective or overvoted shall be placed separately in the box for return of the ballots, along with all "Duplicate Absentee Ballots;" "Duplicate Early Ballots," and "Duplicate Overvoted Ballots." The judges of election shall examine the ballots and ballot cards to determine if any is damaged or defective so that it cannot be counted by the automatic tabulating equipment. If any ballot or ballot card is damaged or defective so that it cannot properly be counted by the automatic tabulating equipment, the judges of election, consisting in each case of at least one judge of election of each of the two major political parties, shall make a true duplicate ballot of all votes on such ballot card by using the ballot label booklet of the precinct and one of the marking devices of the precinct. The original ballot or ballot card and envelope shall be clearly labeled "Damaged Ballot" and the ballot or ballot card so produced "Duplicate Damaged Ballot," and each shall bear the same number which shall be placed thereon by the judges of election, commencing with number 1 and continuing consecutively for the ballots of that kind in the precinct. The judges of election shall initial the "Duplicate Damaged Ballot" ballot or ballot cards, and shall place them in the box for return of the ballots. The "Damaged Ballot" ballots or ballot cards and their envelopes shall be placed in the "Duplicated Ballots" envelope. A slip indicating the number of voters voting in person, number of absentee votes deposited in the ballot box, and the total number of voters of the precinct who voted at the election shall be made out, signed by all judges of election, and inserted in the box for return of the ballots. The tally sheets recording the write-in votes shall be placed in this box. The judges of election thereupon immediately shall securely lock the ballot box or other suitable box furnished for return of the ballots by the
election official in charge of the election; provided that if such box is not of a type which may be securely locked, such box shall be sealed with filament tape provided for such purpose which shall be wrapped around the box lengthwise and crosswise, at least twice each way. A separate adhesive seal label signed by each of the judges of election of the precinct shall be affixed to the box so as to cover any slot therein and to identify the box of the precinct; and if such box is sealed with filament tape as provided herein rather than locked, such tape shall be wrapped around the box as provided herein, but in such manner that the separate adhesive seal label affixed to the box and signed by the judges may not be removed without breaking the filament tape and disturbing the signature of the judges. Thereupon, 2 of the judges of election, of different major political parties, forthwith shall by the most direct route transport the box for return of the ballots and enclosed ballots and returns to the central counting location designated by the election official in charge of the election. If, however, because of the lack of adequate parking facilities at the central counting location or for any other reason, it is impossible or impracticable for the boxes from all the polling places to be delivered directly to the central counting location, the election official in charge of the election may designate some other location to which the boxes shall be delivered by the 2 precinct judges. While at such other location the boxes shall be in the care and custody of one or more teams, each consisting of 4 persons, 2 from each of the two major political parties, designated for such purpose by the election official in charge of elections from recommendations by the appropriate political party organizations. As soon as possible, the boxes shall be transported from such other location to the central counting location by one or more teams, each consisting of 4 persons, 2 from each of the 2 major political parties, designated for such purpose by the election official in charge of elections from recommendations by the appropriate political party organizations.

The "Defective Ballots" envelope, and "Duplicated Ballots" envelope each shall be securely sealed and the flap or end thereof of each signed by the precinct judges of election and returned to the central counting location with the box for return of the ballots, enclosed ballots and returns.

At the central counting location, a team of tally judges designated by the election official in charge of the election shall check the box returned containing the ballots to determine that all seals are intact, and thereupon shall open the box, check the voters' slip and compare the number of ballots so delivered against the total number of voters of the precinct who voted, remove the ballots or ballot cards and deliver them to the technicians.
operating the automatic tabulating equipment. Any discrepancies between the number of ballots and total number of voters shall be noted on a sheet furnished for that purpose and signed by the tally judges; or

(c) A single ballot box, for the deposit of all votes cast, shall be used. Immediately after the closing of the polls the judges of election shall examine the absentee and early ballots received by the precinct judges of election from the election authority of voters in that precinct to determine that they comply with the provisions of Sections 19-9, 19A-55, 20-8, and 20-9 of the Election Code, as amended, and are entitled to be deposited in the ballot box; those entitled to be deposited in the ballot box shall be initialed by the precinct judges and deposited in the ballot box. Those not entitled to be deposited in the ballot box, in accordance with Sections 19-9, 19A-55, 20-8, and 20-9 of the Election Code, as amended, shall be marked "Rejected" and preserved in the manner provided in The Election Code for the retention and preservation of official ballots rejected at such election. Immediately upon the completion of the absentee and early balloting, the precinct judges of election shall securely lock the ballot box; provided that if such box is not of a type which may be securely locked, such box shall be sealed with filament tape provided for such purpose which shall be wrapped around the box lengthwise and crosswise, at least twice each way. A separate adhesive seal label signed by each of the judges of election of the precinct shall be affixed to the box so as to cover any slot therein and to identify the box of the precinct; and if such box is sealed with filament tape as provided herein rather than locked, such tape shall be wrapped around the box as provided herein, but in such manner that the separate adhesive seal label affixed to the box and signed by the judges may not be removed without breaking the filament tape and disturbing the signature of the judges. Thereupon, 2 of the judges of election, of different major political parties, shall forthwith by the most direct route transport the box for return of the ballots and enclosed absentee and early ballots and returns to the central counting location designated by the election official in charge of the election. If however, because of the lack of adequate parking facilities at the central counting location or for some other reason, it is impossible or impracticable for the boxes from all the polling places to be delivered directly to the central counting location, the election official in charge of the election may designate some other location to which the boxes shall be delivered by the 2 precinct judges. While at such other location the boxes shall be in the care and custody of one or more teams, each consisting of 4 persons, 2 from each of the two major political parties, designated for such purpose by the election official in charge of elections from
recommendations by the appropriate political party organizations. As soon as possible, the boxes shall be transported from such other location to the central counting location by one or more teams, each consisting of 4 persons, 2 from each of the 2 major political parties, designated for such purpose by the election official in charge of the election from recommendations by the appropriate political party organizations.

At the central counting location there shall be one or more teams of tally judges who possess the same qualifications as tally judges in election jurisdictions using paper ballots. The number of such teams shall be determined by the election authority. Each team shall consist of 5 tally judges, 3 selected and approved by the county board from a certified list furnished by the chairman of the county central committee of the party with the majority of members on the county board and 2 selected and approved by the county board from a certified list furnished by the chairman of the county central committee of the party with the second largest number of members on the county board. At the central counting location a team of tally judges shall open the ballot box and canvass the votes polled to determine that the number of ballot sheets therein agree with the number of voters voting as shown by the applications for ballot and for absentee and early ballot; and, if the same do not agree, the tally judges shall make such ballots agree with the number of applications for ballot in the manner provided by Section 17-18 of the Election Code. The tally judges shall then examine all ballot sheets which are in the ballot box to determine whether they bear the initials of the precinct judge of election. If any ballot is not initialed, it shall be marked on the back "Defective", initialed as to such label by all tally judges immediately under such word "Defective", and not counted, but placed in the envelope provided for that purpose labeled "Defective Ballots Envelope". Write-in votes, not causing an overvote for an office otherwise voted for on the absentee and early ballot sheet, and otherwise properly voted, shall be counted, tallied and recorded by the central counting location judges on the tally sheet provided for such record. A write-in vote causing an overvote for an office shall not be counted for that office, but the tally judges shall mark such absentee ballot sheet "Objected To" on the back thereof and write on its back the manner in which such ballot is counted and initial the same. An overvote for one office shall invalidate only the vote or count of that particular office.

At the central counting location, a team of tally judges designated by the election official in charge of the election shall deliver the ballot sheets to the technicians operating the automatic tabulating equipment. Any discrepancies between the number of ballots and total number of voters shall
be noted on a sheet furnished for that purpose and signed by the tally judges.

(2) Regardless of which procedure described in subsection (1) of this Section is used, the judges of election designated to transport the ballots, properly signed and sealed as provided herein, shall ensure that the ballots are delivered to the central counting station no later than 12 hours after the polls close. At the central counting station a team of tally judges designated by the election official in charge of the election shall examine the ballots so transported and shall not accept ballots for tabulating which are not signed and sealed as provided in subsection (1) of this Section until the judges transporting the same make and sign the necessary corrections. Upon acceptance of the ballots by a team of tally judges at the central counting station, the election judges transporting the same shall take a receipt signed by the election official in charge of the election and stamped with the date and time of acceptance. The election judges whose duty it is to transport any ballots shall, in the event such ballots cannot be found when needed, on proper request, produce the receipt which they are to take as above provided. (10 ILCS 5/24A-10.1) (from Ch. 46, par. 24A-10.1)

Sec. 24A-10.1. In an election jurisdiction where in-precinct counting equipment is utilized, the following procedures for counting and tallying the ballots shall apply:

Immediately after the closing of the polls, the absentee and early ballots delivered to the precinct judges of election by the election authority shall be examined to determine that such ballots comply with Sections 19-9 and 20-9 of this Act and are entitled to be deposited in the ballot box; those entitled to be deposited in the ballot box shall be initialed by the precinct judges of election and deposited in the ballot box. Those not entitled to be deposited in the ballot box shall be marked "Rejected" and disposed of as provided in said Sections 19-9, 19A-55, and 20-9.

The precinct judges of election shall open the ballot box and count the number of ballots therein to determine if such number agrees with the number of voters voting as shown by the applications for ballot or, if the same do not agree, the judges of election shall make such ballots agree with the applications for ballot in the manner provided by Section 17-18 of this Act. The judges of election shall then examine all ballot cards and ballot card envelopes which are in the ballot box to determine whether the ballot cards and ballot card envelopes contain the initials of a precinct judge of election. If any ballot card or ballot card envelope is not initialed, it shall be marked on the back "Defective", initialed as to such label by all judges immediately

under the word "Defective" and not counted. The judges of election shall place an initialed blank official ballot card in the place of the defective ballot card, so that the count of the ballot cards to be counted on the automatic tabulating equipment will be the same, and each "Defective Ballot" card and "Replacement" card shall contain the same serial number which shall be placed thereon by the judges of election, commencing with number 1 and continuing consecutively for the ballots of that kind in that precinct. The original "Defective" card shall be placed in the "Defective Ballot Envelope" provided for that purpose.

When an electronic voting system is used which utilizes a ballot card, before separating the remaining ballot cards from their respective covering envelopes, the judges of election shall examine the ballot card envelopes for write-in votes. When the voter has cast a write-in vote, the judges of election shall compare the write-in vote with the votes on the ballot card to determine whether such write-in results in an overvote for any office. In case of an overvote for any office, the judges of election, consisting in each case of at least one judge of election of each of the 2 major political parties, shall make a true duplicate ballot of all votes on such ballot card except for the office which is overvoted, by using the ballot label booklet of the precinct and one of the marking devices of the precinct so as to transfer all votes of the voter, except for the office overvoted, to a duplicate card. The original ballot card and envelope upon which there is an overvote shall be clearly labeled "O verroted Ballot", and each such "O verroted Ballot" as well as its "Replacement" shall contain the same serial number which shall be placed thereon by the judges of election, commencing with number 1 and continuing consecutively for the ballots of that kind in that precinct. The "O verroted Ballot" card and ballot envelope shall be placed in an envelope provided for that purpose labeled "Duplicate Ballot" envelope, and the judges of election shall initial the "Replacement" ballot cards and shall place them with the other ballot cards to be counted on the automatic tabulating equipment. Envelopes containing write-in votes marked in the place designated therefor and containing the initials of a precinct judge of election and not resulting in an overvote and otherwise complying with the election laws as to marking shall be counted and tallied and their votes recorded on a tally sheet provided by the election authority.

The ballot cards and ballot card envelopes shall be separated in preparation for counting by the automatic tabulating equipment provided for that purpose by the election authority.

Before the ballots are entered into the automatic tabulating equipment,
a precinct identification card provided by the election authority shall be entered into the device to ensure that the totals are all zeroes in the count column on the printing unit. A precinct judge of election shall then count the ballots by entering each ballot card into the automatic tabulating equipment, and if any ballot or ballot card is damaged or defective so that it cannot properly be counted by the automatic tabulating equipment, the judges of election, consisting in each case of at least one judge of election of each of the 2 major political parties, shall make a true duplicate ballot of all votes on such ballot card by using the ballot label booklet of the precinct and one of the marking devices of the precinct. The original ballot or ballot card and envelope shall be clearly labeled "Damaged Ballot" and the ballot or ballot card so produced shall be clearly labeled "Duplicate Damaged Ballot", and each shall contain the same serial number which shall be placed thereon by the judges of election, commencing with number 1 and continuing consecutively for the ballots of that kind in the precinct. The judges of election shall initial the "Duplicate Damaged Ballot" ballot or ballot cards and shall enter the duplicate damaged cards into the automatic tabulating equipment. The "Damaged Ballot" cards shall be placed in the "Duplicated Ballots" envelope; after all ballot cards have been successfully read, the judges of election shall check to make certain that the last number printed by the printing unit is the same as the number of voters making application for ballot in that precinct. The number shall be listed on the "Statement of Ballots" form provided by the election authority.

The totals for all candidates and propositions shall be tabulated; 4 sets shall be attached to the 4 sets of "Certificate of Results" provided by the election authority; one set shall be posted in a conspicuous place inside the polling place; and every effort shall be made by the judges of election to provide a set for each authorized pollwatcher or other official authorized to be present in the polling place to observe the counting of ballots; but in no case shall the number of sets to be made available to pollwatchers be fewer than 4, chosen by lot by the judges of election. In addition, sufficient time shall be provided by the judges of election to the pollwatchers to allow them to copy information from the set which has been posted.

The judges of election shall count all unused ballot cards and enter the number on the "Statement of Ballots". All "Spoiled", "Defective" and "Duplicated" ballot cards shall be counted and the number entered on the "Statement of Ballots".

The precinct judges of election shall select a bi-partisan team of 2 judges, who shall immediately return the ballots in a sealed container, along
with all other election materials as instructed by the election authority; provided, however, that such container must first be sealed by the election judges with filament tape provided for such purpose which shall be wrapped around the container lengthwise and crosswise, at least twice each way, in such manner that the ballots cannot be removed from such container without breaking the seal and filament tape and disturbing any signatures affixed by the election judges to the container. The election authority shall keep the office of the election authority, or any receiving stations designated by such authority, open for at least 12 consecutive hours after the polls close or until the ballots from all precincts with in-precinct counting equipment within the jurisdiction of the election authority have been returned to the election authority. Ballots returned to the office of the election authority which are not signed and sealed as required by law shall not be accepted by the election authority until the judges returning the same make and sign the necessary corrections. Upon acceptance of the ballots by the election authority, the judges returning the same shall take a receipt signed by the election authority and stamped with the time and date of such return. The election judges whose duty it is to return any ballots as herein provided shall, in the event such ballots cannot be found when needed, on proper request, produce the receipt which they are to take as above provided.

(10 ILCS 5/24A-15.1) (from Ch. 46, par. 24A-15.1)

Sec. 24A-15.1. Except as herein provided, discovery recounts and election contests shall be conducted as otherwise provided for in "The Election Code", as amended. The automatic tabulating equipment shall be tested prior to the discovery recount or election contest as provided in Section 24A-9, and then the official ballots or ballot cards shall be recounted on the automatic tabulating equipment. In addition, (1) the ballot or ballot cards shall be checked for the presence or absence of judges' initials and other distinguishing marks, and (2) the ballots marked "Rejected", "Defective", Objected to", and "Absentee Ballot", and "Early Ballot" shall be examined to determine the propriety of the such labels, and (3) the "Duplicate Absentee Ballots", "Duplicate Early Ballots", "Duplicate Overvoted Ballots" and "Duplicate Damaged Ballots" shall be compared with their respective originals to determine the correctness of the duplicates.

Any person who has filed a petition for discovery recount may request that a redundant count be conducted in those precincts in which the discovery recount is being conducted. The additional costs of such a redundant count shall be borne by the requesting party.

(10 ILCS 5/24A-22)
Sec. 24A-22. Definition of a vote.
(a) Notwithstanding any law to the contrary, for the purpose of this Article, a person casts a valid vote on a punch card ballot when:

(1) A chad on the card has at least one corner detached from the card;

(2) The fibers of paper on at least one edge of the chad are broken in a way that permits unimpeded light to be seen through the card; or

(3) An indentation on the chad from the stylus or other object is present and indicates a clearly ascertainable intent of the voter to vote based on the totality of the circumstances, including but not limited to any pattern or frequency of indentations on other ballot positions from the same ballot card.

(b) Write-in votes shall be counted in a manner consistent with the existing provisions of this Code.

(c) For purposes of this Section, a "chad" is that portion of a ballot card that a voter punches or perforates with a stylus or other designated marking device to manifest his or her vote for a particular ballot position on a ballot card as defined in subsection (a). Chads shall be removed from ballot cards prior to their processing and tabulation in election jurisdictions that utilize a ballot card as a means of recording votes at an election. Election jurisdictions that utilize a mechanical means or device for chad removal as a component of their tabulation shall use that means or device for chad removal.

(d) Prior to the original counting of any punch card ballots, an election judge may not alter a punch card ballot in any manner, including, but not limited to, the removal or manipulation of chads.

(10 ILCS 5/24B-10)
Sec. 24B-10. Receiving, Counting, Tallying and Return of Ballots; Acceptance of Ballots by Election Authority.

(a) In an election jurisdiction which has adopted an electronic Precinct Tabulation Optical Scan Technology voting system, the election official in charge of the election shall select one of the 3 following procedures for
receiving, counting, tallying, and return of the ballots:

(1) Two ballot boxes shall be provided for each polling place. The first ballot box is for the depositing of votes cast on the electronic voting system; and the second ballot box is for all votes cast on other ballots, including absentee paper and early paper ballots and any other paper ballots required to be voted other than on the Precinct Tabulation Optical Scan Technology electronic voting system. Ballots, except absentee and early ballots for candidates and propositions which are listed on the Precinct Tabulation Optical Scan Technology electronic voting system, deposited in the second ballot box shall be counted, tallied, and returned as is elsewhere provided in this Code for the counting and handling of paper ballots. Immediately after the closing of the polls the absentee and early ballots delivered to the precinct judges of election by the election official in charge of the election shall be examined to determine that the ballots comply with Sections 19-9, 19A-55, and 20-9 of this Code and are entitled to be inserted into the counting equipment and deposited into the ballot box provided; those entitled to be deposited in this ballot box shall be initialed by the precinct judges of election and deposited. Those not entitled to be deposited in this ballot box shall be marked "Rejected" and disposed of as provided in Sections 19-9, 19A-55, and 20-9. The precinct judges of election shall then open the second ballot box and examine all paper absentee and early ballots which are in the ballot box to determine whether the absentee or early ballots bear the initials of a precinct judge of election. If any absentee or early ballot is not so initialed, it shall be marked on the back "Defective", initialed as to the label by all judges immediately under the word "Defective", and not counted, but placed in the envelope provided for that purpose labeled "Defective Ballots Envelope". The judges of election, consisting in each case of at least one judge of election of each of the 2 major political parties, shall examine the paper absentee and early ballots which were in such ballot box and properly initialed to determine whether the same contain write-in votes. Write-in votes, not causing an overvote for an office otherwise voted for on the paper absentee or early ballot, and otherwise properly voted, shall be counted, tallied and recorded on the tally sheet provided for the record. A write-in vote causing an overvote for an office shall not be counted for that office, but the precinct judges shall mark such paper absentee or early ballot

"Objected To" on the back and write on its back the manner in which the ballot is counted and initial the same. An overvote for one office shall invalidate only the vote or count of that particular office. After counting, tallying and recording the write-in votes on absentee and early ballots, the judges of election, consisting in each case of at least one judge of election of each of the 2 major political parties, shall make a true duplicate ballot of the remaining valid votes on each paper absentee and early ballot which was in the ballot box and properly initialized, by using the electronic Precinct Tabulation Optical Scan Technology voting system used in the precinct and one of the marking devices, or equivalent marking device or equivalent ballot, of the precinct to transfer the remaining valid votes of the voter on the paper absentee or early ballot to an official ballot or a ballot card of that kind used in the precinct at that election. The original paper absentee ballot shall be clearly labeled "Absentee Ballot" or "Early Ballot", as the case may be, and the ballot card so produced "Duplicate Absentee Ballot" or "Duplicate Early Ballot", as the case may be, and each shall bear the same serial number which shall be placed thereon by the judges of election, beginning with number 1 and continuing consecutively for the ballots of that kind in that precinct. The judges of election shall initial the "Duplicate Absentee Ballot" and "Duplicate Early Ballot" ballots and shall place them in the first ballot box provided for return of the ballots to be counted at the central counting location in lieu of the paper absentee and early ballots. The paper absentee and early ballots shall be placed in an envelope provided for that purpose labeled "Duplicate Ballots".

As soon as the absentee and early ballots have been deposited in the first ballot box, the judges of election shall make out a slip indicating the number of persons who voted in the precinct at the election. The slip shall be signed by all the judges of election and shall be inserted by them in the first ballot box. The judges of election shall thereupon immediately lock the first ballot box; provided, that if the box is not of a type which may be securely locked, the box shall be sealed with filament tape provided for the purpose that shall be wrapped around the box lengthwise and crosswise, at least twice each way, and in a manner that the seal completely covers the slot in the ballot box, and each of the judges shall sign the seal. Two of the judges of election, of different political parties, shall by the most direct route transport both ballot boxes to the counting location.
designated by the county clerk or board of election commissioners.

Before the ballots of a precinct are fed to the electronic Precinct Tabulation Optical Scan Technology tabulating equipment, the first ballot box shall be opened at the central counting station by the 2 precinct transport judges. Upon opening a ballot box, the team shall first count the number of ballots in the box. If 2 or more are folded together to appear to have been cast by the same person, all of the ballots folded together shall be marked and returned with the other ballots in the same condition, as near as may be, in which they were found when first opened, but shall not be counted. If the remaining ballots are found to exceed the number of persons voting in the precinct as shown by the slip signed by the judges of election, the ballots shall be replaced in the box, and the box closed and well shaken and again opened and one of the precinct transport judges shall publicly draw out so many ballots unopened as are equal to the excess.

The excess ballots shall be marked "Excess-Not Counted" and signed by the 2 precinct transport judges and shall be placed in the "After 7:00 p.m. Defective Ballots Envelope". The number of excess ballots shall be noted in the remarks section of the Certificate of Results. "Excess" ballots shall not be counted in the total of "defective" ballots.

The precinct transport judges shall then examine the remaining ballots for write-in votes and shall count and tabulate the write-in vote.

(2) A single ballot box, for the deposit of all votes cast, shall be used. All ballots which are not to be tabulated on the electronic voting system shall be counted, tallied, and returned as elsewhere provided in this Code for the counting and handling of paper ballots.

All ballots to be processed and tabulated with the electronic Precinct Tabulation Optical Scan Technology voting system shall be processed as follows:

Immediately after the closing of the polls the absentee and early ballots delivered to the precinct judges of election by the election official in charge of the election shall be examined to determine that such ballots comply with Sections 19-9, 19A-55, and 20-9 of this Code and are entitled to be deposited in the ballot box; those entitled to be deposited in the ballot box shall be initialed by the precinct judges of election and deposited in the ballot box. Those not

entitled to be deposited in the ballot box shall be marked "Rejected" and disposed of as provided in Sections 19-9, 19A-55, and 20-9. The precinct judges of election then shall open the ballot box and canvass the votes polled to determine that the number of ballots agree with the number of voters voting as shown by the applications for ballot, or if the same do not agree the judges of election shall make such ballots agree with the applications for ballot in the manner provided by Section 17-18 of this Code. The judges of election shall then examine all paper absentee and early ballots and ballot envelopes which are in the ballot box to determine whether the ballots and ballot envelopes bear the initials of a precinct judge of election. If any ballot or ballot envelope is not initialed, it shall be marked on the back "Defective", initialed as to the label by all judges immediately under the word "Defective", and not counted, but placed in the envelope provided for that purpose labeled "Defective Ballots Envelope". The judges of election, consisting in each case of at least one judge of election of each of the 2 major political parties, shall examine the paper absentee and early ballots which were in the ballot box and properly initialed to determine whether the same contain write-in votes. Write-in votes, not causing an overvote for an office otherwise voted for on the paper absentee or early ballot, and otherwise properly voted, shall be counted, tallied and recorded on the tally sheet provided for the record. A write-in vote causing an overvote for an office shall not be counted for that office, but the precinct judges shall mark the paper absentee or early ballot "Objected To" on the back and write on its back the manner the ballot is counted and initial the same. An overvote for one office shall invalidate only the vote or count of that particular office. After counting, tallying and recording the write-in votes on absentee and early ballots, the judges of election, consisting in each case of at least one judge of election of each of the 2 major political parties, shall make a true duplicate ballot of the remaining valid votes on each paper absentee and early ballot which was in the ballot box and properly initialed, by using the electronic voting system used in the precinct and one of the marking devices of the precinct to transfer the remaining valid votes of the voter on the paper absentee or early ballot to an official ballot of that kind used in the precinct at that election. The original paper absentee or early ballot shall be clearly labeled "Absentee Ballot" or "Early Ballot", as the case may be, and the ballot so produced "Duplicate Absentee Ballot"
or "Duplicate Early Ballot", as the case may be, and each shall bear the same serial number which shall be placed thereon by the judges of election, commencing with number 1 and continuing consecutively for the ballots of that kind in that precinct. The judges of election shall initial the "Duplicate Absentee Ballot" and "Duplicate Early Ballot" ballots and shall place them in the box for return of the ballots with all other ballots to be counted at the central counting location in lieu of the paper absentee and early ballots. The paper absentee ballots shall be placed in an envelope provided for that purpose labeled "Duplicate Ballots".

In case of an overvote for any office, the judges of election, consisting in each case of at least one judge of election of each of the 2 major political parties, shall make a true duplicate ballot of all votes on the ballot except for the office which is overvoted, by using the ballot of the precinct and one of the marking devices, or equivalent ballot, of the precinct to transfer all votes of the voter except for the office overvoted, to an official ballot of that kind used in the precinct at that election. The original ballot upon which there is an overvote shall be clearly labeled "Overvoted Ballot", and each shall bear the same serial number which shall be placed thereon by the judges of election, beginning with number 1 and continuing consecutively for the ballots of that kind in that precinct. The judges of election shall initial the "Duplicate Overvoted Ballot" ballots and shall place them in the box for return of the ballots. The "Overvoted Ballot" ballots shall be placed in the "Duplicate Ballots" envelope. The ballots except any defective or overvoted ballot shall be placed separately in the box for return of the ballots, along with all "Duplicate Absentee Ballots", "Duplicate Early Ballots", and "Duplicate Overvoted Ballots". The judges of election shall examine the ballots to determine if any is damaged or defective so that it cannot be counted by the automatic tabulating equipment. If any ballot is damaged or defective so that it cannot properly be counted by the automatic tabulating equipment, the judges of election, consisting in each case of at least one judge of election of each of the 2 major political parties, shall make a true duplicate ballot of all votes on such ballot by using the ballot of the precinct and one of the marking devices, or equivalent ballot, of the precinct. The original ballot and ballot envelope shall be clearly labeled "Damaged Ballot" and the ballot so produced "Duplicate Damaged Ballot", and each shall bear the same

number which shall be placed thereon by the judges of election, commencing with number 1 and continuing consecutively for the ballots of that kind in the precinct. The judges of election shall initial the "Duplicate Damaged Ballot" ballot and shall place them in the box for return of the ballots. The "Damaged Ballot" ballots shall be placed in the "Duplicated Ballots" envelope. A slip indicating the number of voters voting in person, number of absentee and early votes deposited in the ballot box, and the total number of voters of the precinct who voted at the election shall be made out, signed by all judges of election, and inserted in the box for return of the ballots. The tally sheets recording the write-in votes shall be placed in this box. The judges of election immediately shall securely lock the ballot box or other suitable box furnished for return of the ballots by the election official in charge of the election; provided that if the box is not of a type which may be securely locked, the box shall be sealed with filament tape provided for the purpose which shall be wrapped around the box lengthwise and crosswise, at least twice each way. A separate adhesive seal label signed by each of the judges of election of the precinct shall be affixed to the box to cover any slot therein and to identify the box of the precinct; and if the box is sealed with filament tape as provided rather than locked, such tape shall be wrapped around the box as provided, but in such manner that the separate adhesive seal label affixed to the box and signed by the judges may not be removed without breaking the filament tape and disturbing the signature of the judges. Two of the judges of election, of different major political parties, shall by the most direct route transport the box for return of the ballots and enclosed ballots and returns to the central counting location designated by the election official in charge of the election. If, however, because of the lack of adequate parking facilities at the central counting location or for any other reason, it is impossible or impracticable for the boxes from all the polling places to be delivered directly to the central counting location, the election official in charge of the election may designate some other location to which the boxes shall be delivered by the 2 precinct judges. While at the other location the boxes shall be in the care and custody of one or more teams, each consisting of 4 persons, 2 from each of the 2 major political parties, designated for such purpose by the election official in charge of elections from recommendations by the appropriate political party organizations. As

soon as possible, the boxes shall be transported from the other location to the central counting location by one or more teams, each consisting of 4 persons, 2 from each of the 2 major political parties, designated for the purpose by the election official in charge of elections from recommendations by the appropriate political party organizations.

The "Defective Ballots" envelope, and "Duplicated Ballots" envelope each shall be securely sealed and the flap or end of each envelope signed by the precinct judges of election and returned to the central counting location with the box for return of the ballots, enclosed ballots and returns.

At the central counting location, a team of tally judges designated by the election official in charge of the election shall check the box returned containing the ballots to determine that all seals are intact, and shall open the box, check the voters' slip and compare the number of ballots so delivered against the total number of voters of the precinct who voted, remove the ballots and deliver them to the technicians operating the automatic tabulating equipment. Any discrepancies between the number of ballots and total number of voters shall be noted on a sheet furnished for that purpose and signed by the tally judges.

(3) A single ballot box, for the deposit of all votes cast, shall be used. Immediately after the closing of the polls the judges of election shall examine the absentee and early ballots received by the precinct judges of election from the election authority of voters in that precinct to determine that they comply with the provisions of Sections 19-9, 19A-55, 20-8, and 20-9 of this Code and are entitled to be deposited in the ballot box; those entitled to be deposited in the ballot box shall be initialed by the precinct judges and deposited in the ballot box. Those not entitled to be deposited in the ballot box, in accordance with Sections 19-9, 19A-55, 20-8, and 20-9 of this Code shall be marked "Rejected" and preserved in the manner provided in this Code for the retention and preservation of official ballots rejected at such election. Immediately upon the completion of the absentee and early balloting, the precinct judges of election shall securely lock the ballot box; provided that if such box is not of a type which may be securely locked, the box shall be sealed with filament tape provided for the purpose which shall be wrapped around the box lengthwise and crosswise, at least twice each way. A separate

adhesive seal label signed by each of the judges of election of the precinct shall be affixed to the box to cover any slot therein and to identify the box of the precinct; and if the box is sealed with filament tape as provided rather than locked, such tape shall be wrapped around the box as provided, but in a manner that the separate adhesive seal label affixed to the box and signed by the judges may not be removed without breaking the filament tape and disturbing the signature of the judges. Two of the judges of election, of different major political parties, shall by the most direct route transport the box for return of the ballots and enclosed absentee and early ballots and returns to the central counting location designated by the election official in charge of the election. If however, because of the lack of adequate parking facilities at the central counting location or for some other reason, it is impossible or impracticable for the boxes from all the polling places to be delivered directly to the central counting location, the election official in charge of the election may designate some other location to which the boxes shall be delivered by the 2 precinct judges. While at the other location the boxes shall be in the care and custody of one or more teams, each consisting of 4 persons, 2 from each of the 2 major political parties, designated for the purpose by the election official in charge of elections from recommendations by the appropriate political party organizations. As soon as possible, the boxes shall be transported from the other location to the central counting location by one or more teams, each consisting of 4 persons, 2 from each of the 2 major political parties, designated for the purpose by the election official in charge of the election from recommendations by the appropriate political party organizations.

At the central counting location there shall be one or more teams of tally judges who possess the same qualifications as tally judges in election jurisdictions using paper ballots. The number of the teams shall be determined by the election authority. Each team shall consist of 5 tally judges, 3 selected and approved by the county board from a certified list furnished by the chairman of the county central committee of the party with the majority of members on the county board and 2 selected and approved by the county board from a certified list furnished by the chairman of the county central committee of the party with the second largest number of members on the county board. judges shall open the ballot box and canvass the votes polled to determine that the number of ballot sheets therein agree with the number of voters voting as shown by the applications for ballot and for absentee and early ballot; and, if the same do not agree, the tally judges shall make such ballots agree with the number of applications for ballot in the manner provided by Section 17-18 of this Code. The tally judges shall then examine all ballot sheets that are in the ballot box to determine whether they bear the initials of the precinct judge of election. If any ballot is not initialed, it shall be marked on the back "Defective", initialed as to that label by all tally judges immediately under the word "Defective", and not counted, but placed in the envelope provided for that purpose labeled "Defective Ballots Envelope". Write-in votes, not causing an overvote for an office otherwise voted for on the absentee or early ballot sheet, and otherwise properly voted, shall be counted, tallied, and recorded by the central counting location judges on the tally sheet provided for the record. A write-in vote causing an overvote for an office shall not be counted for that office, but the tally judges shall mark the absentee or early ballot sheet "Objected To" and write the manner in which the ballot is counted on its back and initial the sheet. An overvote for one office shall invalidate only the vote or count for that particular office.

At the central counting location, a team of tally judges designated by the election official in charge of the election shall deliver the ballot sheets to the technicians operating the automatic Precinct Tabulation Optical Scan Technology tabulating equipment. Any discrepancies between the number of ballots and total number of voters shall be noted on a sheet furnished for that purpose and signed by the tally judges.

(b) Regardless of which procedure described in subsection (a) of this Section is used, the judges of election designated to transport the ballots properly signed and sealed, shall ensure that the ballots are delivered to the central counting station no later than 12 hours after the polls close. At the central counting station, a team of tally judges designated by the election official in charge of the election shall examine the ballots so transported and shall not accept ballots for tabulating which are not signed and sealed as provided in subsection (a) of this Section until the judges transporting the ballots make and sign the necessary corrections. Upon acceptance of the ballots by a team of tally judges at the central counting station, the election judges transporting the ballots shall take a receipt signed by the election

official in charge of the election and stamped with the date and time of acceptance. The election judges whose duty it is to transport any ballots shall, in the event the ballots cannot be found when needed, on proper request, produce the receipt which they are to take as above provided.

Sec. 24B-10.1. In-Precinct Counting Equipment; Procedures for Counting and Tallying Ballots. In an election jurisdiction where Precinct Tabulation Optical Scan Technology counting equipment is used, the following procedures for counting and tallying the ballots shall apply:

Before the opening of the polls, and before the ballots are entered into the automatic tabulating equipment, the judges of election shall be sure that the totals are all zeros in the counting column. Ballots may then be counted by entering or scanning each ballot into the automatic tabulating equipment. Throughout the election day and before the closing of the polls, no person may check any vote totals for any candidate or proposition on the automatic tabulating equipment. Such automatic tabulating equipment shall be programmed so that no person may reset the equipment for refeeding of ballots unless provided a code from an authorized representative of the election authority. At the option of the election authority, the ballots may be fed into the Precinct Tabulation Optical Scan Technology equipment by the voters under the direct supervision of the judges of elections.

Immediately after the closing of the polls, the absentee or early ballots delivered to the precinct judges of election by the election authority shall be examined to determine that the ballots comply with Sections 19-9, 19A-55, and 20-9 of this Code and are entitled to be scanned by the Precinct Tabulation Optical Scan Technology equipment and then deposited in the ballot box; those entitled to be scanned and deposited in the ballot box shall be initialed by the precinct judges of election and then scanned and deposited in the ballot box. Those not entitled to be deposited in the ballot box shall be marked "Rejected" and disposed of as provided in said Sections 19-9, 19A-55, and 20-9.

The precinct judges of election shall open the ballot box and count the number of ballots to determine if the number agrees with the number of voters voting as shown on the Precinct Tabulation Optical Scan Technology equipment and by the applications for ballot or, if the same do not agree, the judges of election shall make the ballots agree with the applications for ballot in the manner provided by Section 17-18 of this Code. The judges of election shall then examine all ballots which are in the ballot box to determine

New matter indicated by italics - deletions by strikeout
whether the ballots contain the initials of a precinct judge of election. If any ballot is not initialed, it shall be marked on the back "Defective", initialed as to such label by all judges immediately under the word "Defective" and not counted. The judges of election shall place an initialed blank official ballot in the place of the defective ballot, so that the count of the ballots to be counted on the automatic tabulating equipment will be the same, and each "Defective Ballot" and "Replacement" ballot shall contain the same serial number which shall be placed thereon by the judges of election, beginning with number 1 and continuing consecutively for the ballots of that kind in that precinct. The original "Defective" ballot shall be placed in the "Defective Ballot Envelope" provided for that purpose.

If the judges of election have removed a ballot pursuant to Section 17-18, have labeled "Defective" a ballot which is not initialed, or have otherwise determined under this Code to not count a ballot originally deposited into a ballot box, the judges of election shall be sure that the totals on the automatic tabulating equipment are reset to all zeros in the counting column. Thereafter the judges of election shall enter or otherwise scan each ballot to be counted in the automatic tabulating equipment. Resetting the automatic tabulating equipment to all zeros and re-entering of ballots to be counted may occur at the precinct polling place, the office of the election authority, or any receiving station designated by the election authority. The election authority shall designate the place for resetting and re-entering or re-scanning.

When a Precinct Tabulation Optical Scan Technology electronic voting system is used which uses a paper ballot, the judges of election shall examine the ballot for write-in votes. When the voter has cast a write-in vote, the judges of election shall compare the write-in vote with the votes on the ballot to determine whether the write-in results in an overvote for any office, unless the Precinct Tabulation Optical Scan Technology equipment has already done so. In case of an overvote for any office, the judges of election, consisting in each case of at least one judge of election of each of the 2 major political parties, shall make a true duplicate ballot of all votes on such ballot except for the office which is overvoted, by using the ballot of the precinct and one of the marking devices, or equivalent ballot, of the precinct so as to transfer all votes of the voter, except for the office overvoted, to a duplicate ballot. The original ballot upon which there is an overvote shall be clearly labeled "Overvoted Ballot", and each such "Overvoted Ballot" as well as its "Replacement" shall contain the same serial number which shall be placed thereon by the judges of election, beginning with number 1 and continuing consecutively for the ballots of that kind in that precinct. The "Overvoted

New matter indicated by italics - deletions by strikeout
Ballot" shall be placed in an envelope provided for that purpose labeled "Duplicate Ballot" envelope, and the judges of election shall initial the "Replacement" ballots and shall place them with the other ballots to be counted on the automatic tabulating equipment.

If any ballot is damaged or defective, or if any ballot contains a Voting Defect, so that it cannot properly be counted by the automatic tabulating equipment, the voter or the judges of election, consisting in each case of at least one judge of election of each of the 2 major political parties, shall make a true duplicate ballot of all votes on such ballot by using the ballot of the precinct and one of the marking devices of the precinct, or equivalent. If a damaged ballot, the original ballot shall be clearly labeled "Damaged Ballot" and the ballot so produced shall be clearly labeled "Damaged Ballot" and the ballot so produced shall be clearly labeled "Duplicate Damaged Ballot", and each shall contain the same serial number which shall be placed by the judges of election, beginning with number 1 and continuing consecutively for the ballots of that kind in the precinct. The judges of election shall initial the "Duplicate Damaged Ballot" ballot and shall enter or otherwise scan the duplicate damaged ballot into the automatic tabulating equipment. The "Damaged Ballots" shall be placed in the "Duplicated Ballots" envelope; after all ballots have been successfully read, the judges of election shall check to make certain that the Precinct Tabulation Optical Scan Technology equipment readout agrees with the number of voters making application for ballot in that precinct. The number shall be listed on the "Statement of Ballots" form provided by the election authority.

The totals for all candidates and propositions shall be tabulated; and 4 copies of a "Certificate of Results" shall be generated by the automatic tabulating equipment; one copy shall be posted in a conspicuous place inside the polling place; and every effort shall be made by the judges of election to provide a copy for each authorized pollwatcher or other official authorized to be present in the polling place to observe the counting of ballots; but in no case shall the number of copies to be made available to pollwatchers be fewer than 4, chosen by lot by the judges of election. In addition, sufficient time shall be provided by the judges of election to the pollwatchers to allow them to copy information from the copy which has been posted.

The judges of election shall count all unused ballots and enter the number on the "Statement of Ballots". All "Spoiled", "Defective" and "Duplicated" ballots shall be counted and the number entered on the "Statement of Ballots".

The precinct judges of election shall select a bi-partisan team of 2
judges, who shall immediately return the ballots in a sealed container, along with all other election materials as instructed by the election authority; provided, however, that such container must first be sealed by the election judges with filament tape or other approved sealing devices provided for the purpose which shall be wrapped around the container lengthwise and crosswise, at least twice each way, in a manner that the ballots cannot be removed from the container without breaking the seal and filament tape and disturbing any signatures affixed by the election judges to the container, or which other approved sealing devices are affixed in a manner approved by the election authority. The election authority shall keep the office of the election authority or any receiving stations designated by the authority, open for at least 12 consecutive hours after the polls close or until the ballots from all precincts with in-precinct counting equipment within the jurisdiction of the election authority have been returned to the election authority. Ballots returned to the office of the election authority which are not signed and sealed as required by law shall not be accepted by the election authority until the judges returning the ballots make and sign the necessary corrections. Upon acceptance of the ballots by the election authority, the judges returning the ballots shall take a receipt signed by the election authority and stamped with the time and date of the return. The election judges whose duty it is to return any ballots as provided shall, in the event the ballots cannot be found when needed, on proper request, produce the receipt which they are to take as above provided. The precinct judges of election shall also deliver the Precinct Tabulation Optical Scan Technology equipment to the election authority.

Sec. 24B-15.1. Discovery; recounts and election contests. Except as provided, discovery recounts and election contests shall be conducted as otherwise provided for in this Code. The automatic Precinct Tabulation Optical Scan Technology tabulating equipment shall be tested prior to the discovery recount or election contest as provided in Section 24B-9, and then the official ballots shall be recounted on the automatic tabulating equipment. In addition, (a) the ballots shall be checked for the presence or absence of judges' initials and other distinguishing marks, and (b) the ballots marked "Rejected", "Defective", "Objected To", "Early Ballot", and "Absentee Ballot" shall be examined to determine the propriety of the labels, and (c) the "Duplicate Absentee Ballots", "Duplicate Overvoted Ballots", "Duplicate Early Ballot", and "Duplicate Damaged Ballots" shall be compared with their respective originals to determine the correctness of the duplicates.

Any person who has filed a petition for discovery recount may request that a redundant count be conducted in those precincts in which the discovery recount is being conducted. The additional costs of a redundant count shall be borne by the requesting party.

The log of the computer operator and all materials retained by the election authority in relation to vote tabulation and canvass shall be made available for any discovery recount or election contest.

It shall permit verification of the accuracy of the count and detection and correction of problems and shall provide a record of each step taken in: defining and producing ballots and generating related software for specific elections; installing ballots and software; testing system readiness; casting and tabulating ballots; and producing images of votes cast and reports of vote totals. The record shall incorporate system status and error messages generated during election processing, including a log of machine activities and routine and unusual intervention by authorized and unauthorized individuals. Also part of an audit trail is the documentation of such items as ballots delivered and collected, administrative procedures for system security, pre-election testing of voting systems, and maintenance performed on voting equipment. All test plans, test results, documentation, and other records used to plan, execute, and record the results of the testing and verification, including all material prepared or used by independent testing authorities or other third parties, shall be made part of the public record and shall be freely available via the Internet and paper copy to anyone. "Audit trail" or "audit capacity" also means that the voting system is capable of producing and shall produce immediately after a ballot is cast a permanent paper record of each ballot cast that shall be available as an official record for any recount, redundant count, or verification or retabulation of the vote count conducted with respect to any election in which the voting system is used.

"Ballot" means an electronic audio or video display or any other medium, including paper, used to record a voter's choices for the candidates of their preference and for or against public questions.

a counting location shall be within this State.

"Computer", "automatic tabulating equipment" or "equipment"
includes apparatus necessary to automatically examine and count votes as
designated on ballots, and data processing machines which can be used for
counting ballots and tabulating results.

"Computer operator" means any person or persons designated by the
election authority to operate the automatic tabulating equipment during any
portion of the vote tallying process in an election, but shall not include judges
of election operating vote tabulating equipment in the precinct.

"Computer program" or "program" means the set of operating
instructions for the automatic tabulating equipment that examines, records,
displays, counts, tabulates, canvasses, or and prints votes recorded by a voter
on a ballot or that displays any and all information, graphics, or other visual
or audio information or images used in presenting voting information,
instructions, or voter choices.

"Direct recording electronic voting system", "voting system" or
"system" means the total combination of mechanical, electromechanical or
electronic equipment, programs and practices used to define ballots, cast and
count votes, report or display election results, maintain or produce any audit
trail information, identify all system components, test the system during
development, maintenance and operation, maintain records of system errors
and defects, determine specific system changes to be made to a system after
initial qualification, and make available any materials to the voter such as
notices, instructions, forms or paper ballots.

"Edit listing" means a computer generated listing of the names of each
candidate and public question as they appear in the program for each precinct.

"Marking device" means any device approved by the State Board of Elections for marking a ballot so as to enable the ballot to be recorded, counted and tabulated by automatic tabulating equipment.

"Permanent paper record" means a paper record upon which shall be printed in human readable form the votes cast for each candidate and for or against each public question on each ballot recorded in the voting system. Each permanent paper record shall be printed by the voting device upon activation of the marking device by the voter and shall contain a unique, randomly assigned identifying number that shall correspond to the number randomly assigned by the voting system to each ballot as it is electronically recorded.

"Redundant count" means a verification of the original computer count of ballots by another count using compatible equipment or other means as part of a discovery recount, including a count of the permanent paper record of each ballot cast by using compatible equipment, different equipment approved by the State Board of Elections for that purpose, or by hand.

"Separate ballot" means a separate page or display screen of the ballot that is clearly defined and distinguishable from other portions of the ballot.

"Voting device" or "voting machine" means an apparatus that contains the ballot label or ballot screen and allows the voter to record his or her vote.

(10 ILCS 5/24C-12)

In an election jurisdiction where a Direct Recording Electronic Voting System is used, the following procedures for counting and tallying the ballots shall apply:

Before the opening of the polls, the judges of elections shall assemble the voting equipment and devices and turn the equipment on. The judges shall, if necessary, take steps to activate the voting devices and counting equipment by inserting into the equipment and voting devices appropriate data cards containing passwords and data codes that will select the proper ballot formats selected for that polling place and that will prevent inadvertent or unauthorized activation of the poll-opening function. Before voting begins and before ballots are entered into the voting devices, the judges of election shall cause to be printed a record of the following: the election's identification

New matter indicated by italics - deletions by strikeout
data, the device's unit identification, the ballot's format identification, the contents of each active candidate register by office and of each active public question register showing that they contain all zero votes, all ballot fields that can be used to invoke special voting options, and other information needed to ensure the readiness of the equipment and to accommodate administrative reporting requirements. The judges must also check to be sure that the totals are all zeros in the counting columns and in the public counter affixed to the voting devices.

After the judges have determined that a person is qualified to vote, a voting device with the proper ballot to which the voter is entitled shall be enabled to be used by the voter. The ballot may then be cast by the voter by marking by appropriate means the designated area of the ballot for the casting of a vote for any candidate or for or against any public question. The voter shall be able to vote for any and all candidates and public measures appearing on the ballot in any legal number and combination and the voter shall be able to delete, change or correct his or her selections before the ballot is cast. The voter shall be able to select candidates whose names do not appear upon the ballot for any office by entering electronically as many names of candidates as the voter is entitled to select for each office.

Upon completing his or her selection of candidates or public questions, the voter shall signify that voting has been completed by activating the appropriate button, switch or active area of the ballot screen associated with end of voting. Upon activation, the voting system shall record an image of the completed ballot, increment the proper ballot position registers, and shall signify to the voter that the ballot has been cast. Upon activation, the voting system shall also print a permanent paper record of each ballot cast as defined in Section 24C-2 of this Code. This permanent paper record shall (i) be printed in a clear, readily readable format that can be easily reviewed by the voter for completeness and accuracy and (ii) either be self-contained within the voting device or shall be deposited by the voter into a secure ballot box. No permanent paper record shall be removed from the polling place except by election officials as authorized by this Article. All permanent paper records shall be preserved and secured by election officials in the same manner as paper ballots and shall be available as an official record for any recount, redundant count, or verification or retabulation of the vote count conducted with respect to any election in which the voting system is used. The voter shall exit the voting station and the voting system shall prevent any further attempt to vote until it has been properly re-activated. If a voting device has been enabled for voting but the voter leaves the polling place

New matter indicated by italics - deletions by strikeout
without casting a ballot, 2 judges of election, one from each of the 2 major political parties, shall spoil the ballot.

Throughout the election day and before the closing of the polls, no person may check any vote totals for any candidate or public question on the voting or counting equipment. Such equipment shall be programmed so that no person may reset the equipment for reentry of ballots unless provided the proper code from an authorized representative of the election authority.

The precinct judges of election shall check the public register to determine whether the number of ballots counted by the voting equipment agrees with the number of voters voting as shown by the applications for ballot. If the same do not agree, the judges of election shall immediately contact the offices of the election authority in charge of the election for further instructions. If the number of ballots counted by the voting equipment agrees with the number of voters voting as shown by the application for ballot, the number shall be listed on the "Statement of Ballots" form provided by the election authority.

The totals for all candidates and propositions shall be tabulated; and 4 copies of a "Certificate of Results" shall be printed by the automatic tabulating equipment; one copy shall be posted in a conspicuous place inside the polling place; and every effort shall be made by the judges of election to provide a copy for each authorized pollwatcher or other official authorized to be present in the polling place to observe the counting of ballots; but in no case shall the number of copies to be made available to pollwatchers be fewer than 4, chosen by lot by the judges of election. In addition, sufficient time shall be provided by the judges of election to the pollwatchers to allow them to copy information from the copy which has been posted.

If instructed by the election authority, the judges of election shall cause the tabulated returns to be transmitted electronically to the offices of the election authority via modem or other electronic medium.

The precinct judges of election shall select a bi-partisan team of 2 judges, who shall immediately return the ballots in a sealed container, along with all other election materials and equipment as instructed by the election authority; provided, however, that such container must first be sealed by the election judges with filament tape or other approved sealing devices provided for the purpose in a manner that the ballots cannot be removed from the container without breaking the seal or filament tape and disturbing any signatures affixed by the election judges to the container. The election authority shall keep the office of the election authority, or any receiving stations designated by the authority, open for at least 12 consecutive hours

after the polls close or until the ballots and election material and equipment from all precincts within the jurisdiction of the election authority have been returned to the election authority. Ballots and election materials and equipment returned to the office of the election authority which are not signed and sealed as required by law shall not be accepted by the election authority until the judges returning the ballots make and sign the necessary corrections. Upon acceptance of the ballots and election materials and equipment by the election authority, the judges returning the ballots shall take a receipt signed by the election authority and stamped with the time and date of the return. The election judges whose duty it is to return any ballots and election materials and equipment as provided shall, in the event the ballots, materials or equipment cannot be found when needed, on proper request, produce the receipt which they are to take as above provided.

Sec. 24C-13. Absentee ballots; Early voting ballots; Proceedings at Location for Central Counting; Employees; Approval of List.

(a) All jurisdictions using Direct Recording Electronic Voting Systems shall use paper ballots or paper ballot sheets approved for use under Articles 16, 24A or 24B of this Code when conducting absentee voting except that Direct Recording Electronic Voting Systems may be used for in-person absentee voting conducted pursuant to Section 19-2.1 of this Code. All absentee ballots shall be counted at the office of the election authority. The provisions of Section 24A-9, 24B-9 and 24C-9 of this Code shall apply to the testing and notice requirements for central count tabulation equipment, including comparing the signature on the ballot envelope with the signature of the voter on the permanent voter registration record card taken from the master file. Absentee ballots other than absentee ballots voted in person pursuant to Section 19-2.1 of this Code shall be examined and processed pursuant to Sections 19-9 and 20-9 of this Code. Vote results shall be recorded by precinct and shall be added to the vote results for the precinct in which the absent voter was eligible to vote prior to completion of the official canvass.

(a-5) Early voting ballots cast in accordance with Article 19A shall be counted in precincts as provided in that Article. Early votes cast through the use of Direct Recording Electronic Voting System devices shall be counted using the procedures of this Article. Early votes cast by a method other than the use of Direct Recording Electronic Voting System devices shall
be counted using the procedures of this Code for that method.

(b) All proceedings at the location for central counting shall be under the direction of the county clerk or board of election commissioners. Except for any specially trained technicians required for the operation of the Direct Recording Electronic Voting System, the employees at the counting station shall be equally divided between members of the 2 leading political parties and all duties performed by the employees shall be by teams consisting of an equal number of members of each political party. Thirty days before an election the county clerk or board of election commissioners shall submit to the chairman of each political party, for his or her approval or disapproval, a list of persons of his or her party proposed to be employed. If a chairman fails to notify the election authority of his or her disapproval of any proposed employee within a period of 10 days thereafter the list shall be deemed approved.

(10 ILCS 5/24C-15)

Sec. 24C-15. Official Return of Precinct; Check of Totals; Audit. The precinct return printed by the Direct Recording Electronic Voting System tabulating equipment shall include the number of ballots cast and votes cast for each candidate and public question and shall constitute the official return of each precinct. In addition to the precinct return, the election authority shall provide the number of applications for ballots in each precinct, the total number of ballots and absentee ballots counted in each precinct for each political subdivision and district and the number of registered voters in each precinct. However, the election authority shall check the totals shown by the precinct return and, if there is an obvious discrepancy regarding the total number of votes cast in any precinct, shall have the ballots for that precinct audited to correct the return. The procedures for this audit shall apply prior to and after the proclamation is completed; however, after the proclamation of results, the election authority must obtain a court order to unseal voted ballots or voting devices except for election contests and discovery recounts. The certificate of results, which has been prepared and signed by the judges of election in the polling place after the ballots have been tabulated, shall be the document used for the canvass of votes for such precinct. Whenever a discrepancy exists during the canvass of votes between the unofficial results and the certificate of results, or whenever a discrepancy exists during the canvass of votes between the certificate of results and the set of totals reflected on the certificate of results, the ballots for that precinct shall be audited to correct the return.

Prior to the proclamation, the election authority shall test the voting devices and equipment in 5% +1% of the precincts within the election jurisdiction. The precincts to be tested shall be selected after election day on a random basis by the election authority, so that every precinct in the election jurisdiction has an equal mathematical chance of being selected. The State Board of Elections shall design a standard and scientific random method of selecting the precincts that are to be tested, and the election authority shall be required to use that method. The State Board of Elections, the State's Attorney and other appropriate law enforcement agencies, the county chairman of each established political party and qualified civic organizations shall be given prior written notice of the time and place of the random selection procedure and may be represented at the procedure.

The test shall be conducted by counting the votes marked on the permanent paper record of each ballot cast in the tested precinct printed by the voting system at the time that each ballot was cast and comparing the results of this count with the results shown by the certificate of results prepared by the Direct Recording Electronic Voting System in the test precinct. The election authority shall test count these votes either by hand or by using an automatic tabulating device other than a Direct Recording Electronic voting device that has been approved by the State Board of Elections for that purpose and tested before use to ensure accuracy. The election authority shall print the results of each test count. If any error is detected, the cause shall be determined and corrected, and an errorless count shall be made prior to the official canvass and proclamation of election results. If an errorless count cannot be conducted and there continues to be difference in vote results between the certificate of results produced by the Direct Recording Electronic Voting System and the count of the permanent paper records or if an error was detected and corrected, the election authority shall immediately prepare and forward to the appropriate canvassing board a written report explaining the results of the test and any errors encountered and the report shall be made available for public inspection.

The State Board of Elections, the State's Attorney and other appropriate law enforcement agencies, the county chairman of each established political party and qualified civic organizations shall be given prior written notice of the time and place of the test and may be represented at the test.

The results of this post-election test shall be treated in the same manner and have the same effect as the results of the discovery procedures set forth in Section 22-9.1 of this Code.

Public Act 94-0645

Section 10. The State Finance Act is amended by adding Section 5.700 and by changing Section 8h as follows:

Sec. 5.700. The Voters' Guide Fund.

Sec. 8h. Transfers to General Revenue Fund.

(a) Except as provided in subsection (b), notwithstanding any other State law to the contrary, the Governor may, through June 30, 2007, from time to time direct the State Treasurer and Comptroller to transfer a specified sum from any fund held by the State Treasurer to the General Revenue Fund in order to help defray the State's operating costs for the fiscal year. The total transfer under this Section from any fund in any fiscal year shall not exceed the lesser of (i) 8% of the revenues to be deposited into the fund during that fiscal year or (ii) an amount that leaves a remaining fund balance of 25% of the July 1 fund balance of that fiscal year. In fiscal year 2005 only, prior to calculating the July 1, 2004 final balances, the Governor may calculate and direct the State Treasurer with the Comptroller to transfer additional amounts determined by applying the formula authorized in Public Act 93-839 to the funds balances on July 1, 2003. No transfer may be made from a fund under this Section that would have the effect of reducing the available balance in the fund to an amount less than the amount remaining unexpended and unreserved from the total appropriation from that fund estimated to be expended for that fiscal year. This Section does not apply to any funds that are restricted by federal law to a specific use, to any funds in the Motor Fuel Tax Fund, the Hospital Provider Fund, the Medicaid Provider Relief Fund, or the Reviewing Court Alternative Dispute Resolution Fund, or the Voters' Guide Fund, or to any funds to which subsection (f) of Section 20-40 of the Nursing and Advanced Practice Nursing Act applies. Notwithstanding any other provision of this Section, for fiscal year 2004, the total transfer under this Section from the Road Fund or the State Construction Account Fund shall not exceed the lesser of (i) 5% of the revenues to be deposited into the fund during that fiscal year or (ii) 25% of the beginning balance in the fund. For fiscal year 2005 through fiscal year 2007, no amounts may be transferred under this Section from the Road Fund, the State Construction Account Fund, the Criminal Justice Information Systems Trust Fund, the Wireless Service Emergency Fund, or the Mandatory Arbitration Fund.

In determining the available balance in a fund, the Governor may include receipts, transfers into the fund, and other resources anticipated to be

The State Treasurer and Comptroller shall transfer the amounts designated under this Section as soon as may be practicable after receiving the direction to transfer from the Governor.

Section 15. The Illinois Municipal Code is amended by changing Sections 3.1-10-50 and 5-5-1 as follows:

(65 ILCS 5/3.1-10-50)
Sec. 3.1-10-50. Vacancies.
(a) A municipal officer may resign from office. A vacancy occurs in an office by reason of resignation, failure to elect or qualify (in which case the incumbent shall remain in office until the vacancy is filled), death, permanent physical or mental disability rendering the person incapable of performing the duties of his or her office, conviction of a disqualifying crime, abandonment of office, removal from office, or removal of residence from the municipality or, in the case of aldermen of a ward or trustees of a district, removal of residence from the ward or district, as the case may be. An admission of guilt of a criminal offense that would, upon conviction, disqualify the municipal officer from holding that office, in the form of a written agreement with State or federal prosecutors to plead guilty to a felony, bribery, perjury, or other infamous crime under State or federal law, shall constitute a resignation from that office, effective at the time the plea agreement is made. For purposes of this Section, a conviction for an offense that disqualifies the municipal officer from holding that office shall occur on the date of the return of a guilty verdict or, in the case of a trial by the court, the entry of a finding of guilt.

(b) If a vacancy occurs in an elective municipal office with a 4-year term and there remains an unexpired portion of the term of at least 28 months, and the vacancy occurs at least 130 days before the general municipal election next scheduled under the general election law, the vacancy shall be filled for the remainder of the term at that general municipal election. Whenever an election is held for this purpose, the municipal clerk shall certify the office to be filled and the candidates for the office to the proper election authorities as provided in the general election law. If the vacancy is in the office of mayor, the city council shall elect one of their members acting

mayor; if the vacancy is in the office of president, the vacancy shall be filled by the appointment by the trustees of an acting president from the members of the board of trustees. In villages with a population of less than 5,000, if each of the members of the board of trustees either declines the appointment as acting president or is not approved for the appointment by a majority vote of the trustees presently holding office, then the board of trustees may appoint as acting president any other village resident who is qualified to hold municipal office. The acting mayor or acting president shall perform the duties and possess all the rights and powers of the mayor or president until a successor to fill the vacancy has been elected and has qualified. If the vacancy is in any other elective municipal office, then until the office is filled by election, the mayor or president shall appoint a qualified person to the office subject to the advice and consent of the city council or trustees.

(c) In a 2 year term, or if the vacancy occurs later than the time provided in subsection (b) in a 4 year term, a vacancy in the office of mayor shall be filled by the corporate authorities electing one of their members acting mayor; if the vacancy is in the office of president, the vacancy shall be filled by the appointment by the trustees of an acting president from the members of the board of trustees. In villages with a population of less than 5,000, if each of the members of the board of trustees either declines the appointment as acting president or is not approved for the appointment by a majority vote of the trustees presently holding office, then the board of trustees may appoint as acting president any other village resident who is qualified to hold municipal office. The acting mayor or acting president shall perform the duties and possess all the rights and powers of the mayor or president until a successor to fill the vacancy has been elected and has qualified. A vacancy in any elective office other than mayor or president shall be filled by appointment by the mayor or president, with the advice and consent of the corporate authorities.

(d) This subsection applies on and after January 1, 2006. The election of an acting mayor or acting president in a municipality with a population under 500,000 does not create a vacancy in the original office of the person on the city council or as a trustee, as the case may be, unless the person resigns from the original office following election as acting mayor or acting president. If the person resigns from the original office following election as acting mayor or acting president, then the original office must be filled pursuant to the terms of this Section and the acting mayor or acting president shall exercise the powers of the mayor or president and shall vote and have veto power in the manner provided by law for a mayor or president. If the

person does not resign from the original office following election as acting mayor or acting president, then the acting mayor or acting president shall exercise the powers of the mayor or president but shall be entitled to vote only in the manner provided for as the holder of the original office and shall not have the power to veto. If the person does not resign from the original office following election as acting mayor or acting president, and if that person's original term of office has not expired when a mayor or president is elected and has qualified for office, the acting mayor or acting president shall return to the original office for the remainder of the term thereof.

(e) Municipal officers appointed or elected under this Section shall hold office until their successors are elected and have qualified.

(f) An appointment to fill a vacancy in the office of alderman shall be made within 60 days after the vacancy occurs. The requirement that an appointment be made within 60 days is an exclusive power and function of the State and is a denial and limitation under Article VII, Section 6, subsection (h) of the Illinois Constitution of the power of a home rule municipality to require that an appointment be made within a different period after the vacancy occurs.

Sec. 5-5-1. Petition for abandonment of managerial form; referendum; succeeding elections of officers and aldermen or trustees.

(a) A city or village that has operated for 4 years or more under the managerial form of municipal government may abandon that organization as provided in this Section. For the purposes of this Article, the operation of the managerial form of municipal government shall be deemed to begin on the date of the appointment of the first manager in the city or village. When a petition for abandonment signed by electors of the municipality equal in number to at least 10% of the number of votes cast for candidates for mayor at the preceding general quadrennial municipal election is filed with the circuit court for the county in which that city or village is located, the court shall set a date not less than 10 nor more than 30 days thereafter for a hearing on the sufficiency of the petition. Notice of the filing of the petition and of the date of the hearing shall be given in writing to the city or village clerk and to the mayor or village president at least 7 days before the date of the hearing. If the petition is found sufficient, the court shall enter an order directing that the proposition be submitted at an election other than a primary election for the municipality. The clerk of the court shall certify the proposition to the proper election authorities for submission. The proposition shall be in
Shall (name of city or village) retain the managerial form of municipal government?

(b) If the majority of the votes at the election are "yes", then the proposition to abandon is rejected and the municipality shall continue operating under this Article 5. If the majority of the votes are "no", then the proposition to abandon operation under this Article 5 is approved.

(c) If the proposition for abandonment is approved, the city or village shall become subject to Article 3.1 or Article 4, whichever Article was in force in the city or village immediately before the adoption of the plan authorized by this Article 5, upon the election and qualification of officers to be elected at the next succeeding general municipal election. Those officers shall be those prescribed by Article 3.1 or Article 4, as the case may be, but the change shall not in any manner or degree affect the property rights or liabilities of the city or village. The mayor, clerk, and treasurer and all other elected officers of a city or village in office at the time the proposition for abandonment is approved shall continue in office until the expiration of the term for which they were elected.

(d) If a city or village operating under this Article 5 has aldermen or trustees elected from wards or districts and a proposition to abandon operation under this Article 5 is approved, then the officers to be elected at the next succeeding general municipal election shall be elected from the same wards or districts as exist immediately before the abandonment.

(e) If a city or village operating under this Article 5 has a council or village board elected from the municipality at large and a proposition to abandon operation under this Article 5 is approved, then the first group of aldermen, board of trustees, or commissioners so elected shall be of the same number as was provided for in the municipality at the time of the adoption of a plan under this Article 5, with the same ward or district boundaries in cities or villages that immediately before the adoption of this Article 5 had wards or districts, unless the municipal boundaries have been changed. If there has been such a change, the council or village board shall so alter the former ward or district boundaries so as to conform as nearly as possible to the former division. If the plan authorized by this Article 5 is abandoned, the next general municipal election for officers shall be held at the time specified in Section 3.1-10-75 or 3.1-25-15 for that election. The aldermen or trustees elected at that election shall, if the city or village was operating under Article 3 at the time of adoption of this Article 5 and had at that time staggered 4 year terms of office for the aldermen or trustees, choose by lot which shall

serve initial 2 year terms as provided by Section 3.1-20-35 or 3.1-15-5, whichever may be applicable, in the case of election of those officers at the first election after a municipality is incorporated.

(f) The proposition to abandon the managerial form of municipal government shall not be submitted in any city or village oftener than once in 46 +2 months.

On the sixth day after such election the judge of the circuit court shall call to his assistance two well known electors of integrity and character, one of whom voted for and one of whom voted against such proposition, who shall constitute the canvassing board to canvass the returns and votes so cast for and against such proposition. Said returns and tallies shall also be returned to the officers from whom received, who shall safely keep the same for 6 months, and then destroy the same if there be no contest. At the completion of the canvass of all of the precincts in such city, the total number of votes cast for and against such proposition in the various precincts ascertained as aforesaid shall be added together by said board, who shall then declare the total result; thereupon said court shall enter an order declaring the number of votes so ascertained cast for, and the number of votes cast against such proposition, and if such proposition shall have received a majority of the votes cast for and against the same at such election, the court shall, by its order, declare this Article 6 and Articles 14 and 18 of this Act adopted. And it shall be the duty of such judge to file a copy of such order in the office of the Secretary of State, and thereupon said Articles of this act shall become operative and binding, and the law for all elections in such city, and for the electors thereof, and all courts and other persons shall take notice thereof.

If the contest relates to an office involving more than one county, the venue of the contest is (a) in the county in which the alleged grounds of the contest exist or (b) if grounds for the contest are alleged to exist in more than one county, then in any of those counties or in the county in which any defendant resides.

Authority and jurisdiction are hereby vested in the circuit court, to hear and determine primary contests. When a petition to contest a primary is filed in the office of the clerk of the court, the petition shall forthwith be presented to a judge thereof, who shall note thereon the date of presentation, and shall note thereon the day when the petition will be heard, which shall not be more than 10 days thereafter.

Summons shall forthwith issue to each defendant named in the petition and shall be served for the same manner as is provided for other civil cases. No party shall be entitled to more than one substitution of judge in such proceeding:

If the grounds alleged are sufficient in law, the court shall proceed in a summary manner and may hear evidence, examine the returns, recount the ballots and make such orders and enter such judgment as justice may require. In the case of a contest relating to nomination for the office of Representative in the General Assembly where the contestant received votes equal in number to at least 95% of the number of votes cast for any apparently successful candidate for nomination for that office by the same political party, the court may order a recount for the entire district and may order the cost of such recount to be borne by the respective counties. The court shall ascertain and declare by a judgment to be entered of record, the result of such election in the territorial area for which the contest is made. The judgment of the court shall be appealable as in other civil cases. A certified copy of the judgment shall forthwith be made by the clerk of the court and transmitted to the election authority board canvassing the returns for such office, and in case of contest, if for nomination for an office, tabulated statements of returns for which are filed with the State Board of Elections, also in the office of the election authorities having jurisdiction county clerk in the proper county. The Department shall, before refusing to issue, to renew or discipline a license pursuant to Section 17, at least 30 days prior to the date set for the hearing, notify in writing the applicant for, or holder of, a license of the nature of the charges, that a hearing will be held on the date designated, and direct the applicant or licensee to file a written answer to the Board under oath within 20 days after the service of the notice and inform the applicant or licensee that failure to file an answer will result in default being taken against the applicant or licensee and that the license or certificate may be suspended, revoked, placed on probationary status, or other disciplinary action may be taken, including limiting the scope, nature or extent of practice, as the Director may deem proper. Written notice may be served by personal delivery or certified or registered mail to the respondent at the address of his last notification to the Department. PUBLIC ACT 94-0652
(Senate Bill No. 1180)

AN ACT concerning criminal law.
Be it enacted by the People of the State of Illinois, represented in the
General Assembly:
Section 5. The Unified Code of Corrections is amended by changing
Section 5-9-1 as follows:
(730 ILCS 5/5-9-1) (from Ch. 38, par. 1005-9-1)
Sec. 5-9-1. Authorized fines.
(a) An offender may be sentenced to pay a fine which shall not exceed
for each offense:
(1) for a felony, $25,000 or the amount specified in the
offense, whichever is greater, or where the offender is a corporation,
$50,000 or the amount specified in the offense, whichever is greater;
(2) for a Class A misdemeanor, $2,500 or the amount
specified in the offense, whichever is greater;
(3) for a Class B or Class C misdemeanor, $1,500;
(4) for a petty offense, $1,000 or the amount specified in the
offense, whichever is less;
(5) for a business offense, the amount specified in the statute
defining that offense.
(b) A fine may be imposed in addition to a sentence of conditional
discharge, probation, periodic imprisonment, or imprisonment.
(c) There shall be added to every fine imposed in sentencing for a
criminal or traffic offense, except an offense relating to parking or
registration, or offense by a pedestrian, an additional penalty of $9 $5 for
each $40, or fraction thereof, of fine imposed. The additional penalty of $9
$5 for each $40, or fraction thereof, of fine imposed, if not otherwise
assessed, shall also be added to every fine imposed upon a plea of guilty,
stipulation of facts or findings of guilty, resulting in a judgment of
conviction, or order of supervision in criminal, traffic, local ordinance,

count ordinance, and conservation cases (except parking, registration, or pedestrian violations), or upon a sentence of probation without entry of judgment under Section 10 of the Cannabis Control Act or Section 410 of the Controlled Substances Act.

Such additional amounts shall be assessed by the court imposing the fine and shall be collected by the Circuit Clerk in addition to the fine and costs in the case. Each such additional penalty shall be remitted by the Circuit Clerk within one month after receipt to the State Treasurer. The State Treasurer shall deposit $1 for each $40, or fraction thereof, of fine imposed into the LEADS Maintenance Fund. The remaining surcharge amount shall be deposited into the Traffic and Criminal Conviction Surcharge Fund, unless the fine, costs or additional amounts are subject to disbursement by the circuit clerk under Section 27.5 of the Clerks of Courts Act. Such additional penalty shall not be considered a part of the fine for purposes of any reduction in the fine for time served either before or after sentencing. Not later than March 1 of each year the Circuit Clerk shall submit a report of the amount of funds remitted to the State Treasurer under this subsection (c) during the preceding calendar year. Except as otherwise provided by Supreme Court Rules, if a court in imposing a fine against an offender levies a gross amount for fine, costs, fees and penalties, the amount of the additional penalty provided for herein shall be computed on the amount remaining after deducting from the gross amount levied all fees of the Circuit Clerk, the State's Attorney and the Sheriff. After deducting from the gross amount levied the fees and additional penalty provided for herein, less any other additional penalties provided by law, the clerk shall remit the net balance remaining to the entity authorized by law to receive the fine imposed in the case. For purposes of this Section "fees of the Circuit Clerk" shall include, if applicable, the fee provided for under Section 27.3a of the Clerks of Courts Act and the fee, if applicable, payable to the county in which the violation occurred pursuant to Section 5-1101 of the Counties Code.

(c-5) In addition to the fines imposed by subsection (c), any person convicted or receiving an order of supervision for driving under the influence of alcohol or drugs shall pay an additional $100 fee to the clerk. This additional fee, less 2 1/2% that shall be used to defray administrative costs incurred by the clerk, shall be remitted by the clerk to the Treasurer within 60 days after receipt for deposit into the Trauma Center Fund. This additional fee of $100 shall not be considered a part of the fine for purposes of any reduction in the fine for time served either before or after sentencing. Not later than March 1 of each year the Circuit Clerk shall submit a report of the

amount of funds remitted to the State Treasurer under this subsection (c-5) during the preceding calendar year.

The Circuit Clerk may accept payment of fines and costs by credit card from an offender who has been convicted of a traffic offense, petty offense or misdemeanor and may charge the service fee permitted where fines and costs are paid by credit card provided for in Section 27.3b of the Clerks of Courts Act.

(c-7) In addition to the fines imposed by subsection (c), any person convicted or receiving an order of supervision for driving under the influence of alcohol or drugs shall pay an additional $5 fee to the clerk. This additional fee, less 2 1/2% that shall be used to defray administrative costs incurred by the clerk, shall be remitted by the clerk to the Treasurer within 60 days after receipt for deposit into the Spinal Cord Injury Paralysis Cure Research Trust Fund. This additional fee of $5 shall not be considered a part of the fine for purposes of any reduction in the fine for time served either before or after sentencing. Not later than March 1 of each year the Circuit Clerk shall submit a report of the amount of funds remitted to the State Treasurer under this subsection (c-7) during the preceding calendar year.

(c-9) (Blank). There shall be added to every fine imposed in sentencing for a criminal or traffic offense, except an offense relating to parking or registration, or offense by a pedestrian, an additional penalty of $4 imposed. The additional penalty of $4 shall also be added to every fine imposed upon a plea of guilty, stipulation of facts or findings of guilty, resulting in a judgment of conviction, or order of supervision in criminal, traffic, local ordinance, county ordinance, or conservation cases (except parking, registration, or pedestrian violations), or upon a sentence of probation without entry of judgment under Section 10 of the Cannabis Control Act or Section 410 of the Controlled Substances Act. Such additional penalty of $4 shall be assessed by the court imposing the fine and shall be collected by the circuit clerk in addition to any other fine, costs, fees, and penalties in the case. Each such additional penalty of $4 shall be remitted to the State Treasurer by the circuit clerk within one month after receipt. The State Treasurer shall deposit the additional penalty of $4 into the Traffic and Criminal Conviction Surcharge Fund. The additional penalty of $4 shall be in addition to any other fine, costs, fees, and penalties and shall not reduce or affect the distribution of any other fine, costs, fees, and penalties.

(d) In determining the amount and method of payment of a fine, except for those fines established for violations of Chapter 15 of the Illinois Vehicle Code, the court shall consider:

New matter indicated by italics - deletions by strikeout
(1) the financial resources and future ability of the offender to pay the fine; and
(2) whether the fine will prevent the offender from making court ordered restitution or reparation to the victim of the offense; and
(3) in a case where the accused is a dissolved corporation and the court has appointed counsel to represent the corporation, the costs incurred either by the county or the State for such representation.
(e) The court may order the fine to be paid forthwith or within a specified period of time or in installments.
(f) All fines, costs and additional amounts imposed under this Section for any violation of Chapters 3, 4, 6, and 11 of the Illinois Vehicle Code, or a similar provision of a local ordinance, and any violation of the Child Passenger Protection Act, or a similar provision of a local ordinance, shall be collected and disbursed by the circuit clerk as provided under Section 27.5 of the Clerks of Courts Act.

AN ACT concerning revenue.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Motor Fuel Tax Law is amended by changing Section 13 as follows:

(35 ILCS 505/13) (from Ch. 120, par. 429)

Sec. 13. Refund of tax paid. Any person other than a distributor or supplier, who loses motor fuel through any cause or uses motor fuel (upon which he has paid the amount required to be collected under Section 2 of this Act) for any purpose other than operating a motor vehicle upon the public highways or waters, shall be reimbursed and repaid the amount so paid.

Any person who purchases motor fuel in Illinois and uses that motor fuel in another state and that other state imposes a tax on the use of such motor fuel shall be reimbursed and repaid the amount of Illinois tax paid under Section 2 of this Act on the motor fuel used in such other state. Reimbursement and repayment shall be made by the Department upon receipt of adequate proof of taxes paid to another state and the amount of motor fuel used in that state.

Claims for such reimbursement must be made to the Department of Revenue, duly verified by the claimant (or by the claimant's legal representative if the claimant has died or become a person under legal disability), upon forms prescribed by the Department. The claim must state such facts relating to the purchase, importation, manufacture or production of the motor fuel by the claimant as the Department may deem necessary, and the time when, and the circumstances of its loss or the specific purpose for which it was used (as the case may be), together with such other information as the Department may reasonably require. No claim based upon idle time shall be allowed.

Claims for full reimbursement for taxes paid on or before December 31, 1999 must be filed not later than one year after the date on which the tax was paid by the claimant. If, however, a claim for such reimbursement otherwise meeting the requirements of this Section is filed more than one year but less than 2 years after that date, the claimant shall be reimbursed at the rate of 80% of the amount to which he would have been entitled if his claim had been timely filed.

Claims for full reimbursement for taxes paid on or after January 1,
2000 must be filed not later than 2 years after the date on which the tax was paid by the claimant.

The Department may make such investigation of the correctness of the facts stated in such claims as it deems necessary. When the Department has approved any such claim, it shall pay to the claimant (or to the claimant's legal representative, as such if the claimant has died or become a person under legal disability) the reimbursement provided in this Section, out of any moneys appropriated to it for that purpose.

Any distributor or supplier who has paid the tax imposed by Section 2 of this Act upon motor fuel lost or used by such distributor or supplier for any purpose other than operating a motor vehicle upon the public highways or waters may file a claim for credit or refund to recover the amount so paid. Such claims shall be filed on forms prescribed by the Department. Such claims shall be made to the Department, duly verified by the claimant (or by the claimant's legal representative if the claimant has died or become a person under legal disability), upon forms prescribed by the Department. The claim shall state such facts relating to the purchase, importation, manufacture or production of the motor fuel by the claimant as the Department may deem necessary and the time when the loss or nontaxable use occurred, and the circumstances of its loss or the specific purpose for which it was used (as the case may be), together with such other information as the Department may reasonably require. Claims must be filed not later than one year after the date on which the tax was paid by the claimant.

The Department may make such investigation of the correctness of the facts stated in such claims as it deems necessary. When the Department approves a claim, the Department shall issue a refund or credit memorandum as requested by the taxpayer, to the distributor or supplier who made the payment for which the refund or credit is being given or, if the distributor or supplier has died or become incompetent, to such distributor's or supplier's legal representative, as such. The amount of such credit memorandum shall be credited against any tax due or to become due under this Act from the distributor or supplier who made the payment for which credit has been given.

Any credit or refund that is allowed under this Section shall bear interest at the rate and in the manner specified in the Uniform Penalty and Interest Act.

In case the distributor or supplier requests and the Department determines that the claimant is entitled to a refund, such refund shall be made only from such appropriation as may be available for that purpose. If it

New matter indicated by italics - deletions by strikeout
appears unlikely that the amount appropriated would permit everyone having a claim allowed during the period covered by such appropriation to elect to receive a cash refund, the Department, by rule or regulation, shall provide for the payment of refunds in hardship cases and shall define what types of cases qualify as hardship cases.

In any case in which there has been an erroneous refund of tax payable under this Section, a notice of tax liability may be issued at any time within 3 years from the making of that refund, or within 5 years from the making of that refund if it appears that any part of the refund was induced by fraud or the misrepresentation of material fact. The amount of any proposed assessment set forth by the Department shall be limited to the amount of the erroneous refund.

If no tax is due and no proceeding is pending to determine whether such distributor or supplier is indebted to the Department for tax, the credit memorandum so issued may be assigned and set over by the lawful holder thereof, subject to reasonable rules of the Department, to any other licensed distributor or supplier who is subject to this Act, and the amount thereof applied by the Department against any tax due or to become due under this Act from such assignee.

If the payment for which the distributor's or supplier's claim is filed is held in the protest fund of the State Treasury during the pendency of the claim for credit proceedings pursuant to the order of the court in accordance with Section 2a of the State Officers and Employees Money Disposition Act and if it is determined by the Department or by the final order of a reviewing court under the Administrative Review Law that the claimant is entitled to all or a part of the credit claimed, the claimant, instead of receiving a credit memorandum from the Department, shall receive a cash refund from the protest fund as provided for in Section 2a of the State Officers and Employees Money Disposition Act.

If any person ceases to be licensed as a distributor or supplier while still holding an unused credit memorandum issued under this Act, such person may, at his election (instead of assigning the credit memorandum to a licensed distributor or licensed supplier under this Act), surrender such unused credit memorandum to the Department and receive a refund of the amount to which such person is entitled.

For claims based upon taxes paid on or before December 31, 2000, a claim based upon the use of undyed diesel fuel shall not be allowed except (i) if allowed under the following paragraph or (ii) for undyed diesel fuel used by a commercial vehicle, as that term is defined in Section 1-111.8 of the

New matter indicated by italics - deletions by strikeout
Illinois Vehicle Code, for any purpose other than operating the commercial vehicle upon the public highways and unlicensed commercial vehicles operating on private property. Claims shall be limited to commercial vehicles that are operated for both highway purposes and any purposes other than operating such vehicles upon the public highways.

For claims based upon taxes paid on or after January 1, 2000, a claim based upon the use of undyed diesel fuel shall not be allowed except (i) if allowed under the preceding paragraph or (ii) for claims for the following:

(1) Undyed diesel fuel used (i) in a manufacturing process, as defined in Section 2-45 of the Retailers' Occupation Tax Act, wherein the undyed diesel fuel becomes a component part of a product or by-product, other than fuel or motor fuel, when the use of dyed diesel fuel in that manufacturing process results in a product that is unsuitable for its intended use or (ii) for testing machinery and equipment in a manufacturing process, as defined in Section 2-45 of the Retailers' Occupation Tax Act, wherein the testing takes place on private property.

(2) Undyed diesel fuel used by a manufacturer on private property in the research and development, as defined in Section 1.29, of machinery or equipment intended for manufacture.

(3) Undyed diesel fuel used by a single unit self-propelled agricultural fertilizer implement, designed for on and off road use, equipped with flotation tires and specially adapted for the application of plant food materials or agricultural chemicals.

(4) Undyed diesel fuel used by a commercial motor vehicle for any purpose other than operating the commercial motor vehicle upon the public highways. Claims shall be limited to commercial motor vehicles that are operated for both highway purposes and any purposes other than operating such vehicles upon the public highways.

(5) Undyed diesel fuel used by a unit of local government in its operation of an airport if the undyed diesel fuel is used directly in airport operations on airport property.

(6) Undyed diesel fuel used by refrigeration units that are permanently mounted to a semitrailer, as defined in Section 1.28 of this Law, wherein the refrigeration units have a fuel supply system dedicated solely for the operation of the refrigeration units.

(7) Undyed diesel fuel used by power take-off equipment as defined in Section 1.27 of this Law.

New matter indicated by italics - deletions by strikeout
(8) Beginning on the effective date of this amendatory Act of the 94th General Assembly, undyed diesel fuel used by tugs and spotter equipment to shift vehicles or parcels on both private and airport property. Any claim under this item (8) may be made only by a claimant that owns tugs and spotter equipment and operates that equipment on both private and airport property. The aggregate of all credits or refunds resulting from claims filed under this item (8) by a claimant in any calendar year may not exceed $100,000. A claim may not be made under this item (8) by the same claimant more often than once each quarter. For the purposes of this item (8), "tug" means a vehicle designed for use on airport property that shifts custom-designed containers of parcels from loading docks to aircraft, and "spotter equipment" means a vehicle designed for use on both private and airport property that shifts trailers containing parcels between staging areas and loading docks.

Any person who has paid the tax imposed by Section 2 of this Law upon undyed diesel fuel that is unintentionally mixed with dyed diesel fuel and who owns or controls the mixture of undyed diesel fuel and dyed diesel fuel may file a claim for refund to recover the amount paid. The amount of undyed diesel fuel unintentionally mixed must equal 500 gallons or more. Any claim for refund of unintentionally mixed undyed diesel fuel and dyed diesel fuel shall be supported by documentation showing the date and location of the unintentional mixing, the number of gallons involved, the disposition of the mixed diesel fuel, and any other information that the Department may reasonably require. Any unintentional mixture of undyed diesel fuel and dyed diesel fuel shall be sold or used only for non-highway purposes.

The Department shall promulgate regulations establishing specific limits on the amount of undyed diesel fuel that may be claimed for refund.

For purposes of claims for refund, "loss" means the reduction of motor fuel resulting from fire, theft, spillage, spoilage, leakage, or any other provable cause, but does not include a reduction resulting from evaporation or shrinkage due to temperature variations.

PUBLIC ACT 94-0657
(Senate Bill No. 1446)

AN ACT concerning public employee benefits.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Illinois Pension Code is amended by changing Section 1-119 as follows:
(40 ILCS 5/1-119)
Sec. 1-119. Qualified Illinois Domestic Relations Orders.
(a) For the purposes of this Section:
(1) "Alternate payee" means the spouse, former spouse, child, or other dependent of a member, as designated in a QILDRO.
(2) "Death benefit" means any nonperiodic benefit payable upon the death of a member to a survivor of the member or to the member's estate or designated beneficiary, including any refund of contributions following the member's death, whether or not the benefit is so called under the applicable Article of this Code.
(3) "Disability benefit" means any periodic or nonperiodic benefit payable to a disabled member based on occupational or nonoccupational disability or disease, including any periodic or nonperiodic increases in the benefit, whether or not the benefit is so called under the applicable Article of this Code.
(4) "Member" means any person who participates in or has service credits in a retirement system, including a person who is receiving or is eligible to receive a retirement or disability benefit, without regard to whether the person has withdrawn from service.
(5) "Member's refund" means a return of all or a portion of a member's contributions that is elected by the member (or provided by operation of law) and is payable before the member's death.
(5.5) "Permissive service" means service credit purchased by the member, unused vacation, and unused sick leave that the

New matter indicated by italics - deletions by strikeout
retirement system includes by statute in a member's benefit calculations.

(6) "Qualified Illinois Domestic Relations Order" or "QILDRO" means an Illinois court order that creates or recognizes the existence of an alternate payee's right to receive all or a portion of a member's accrued benefits in a retirement system, is issued pursuant to this Section and Section 503(b)(2) of the Illinois Marriage and Dissolution of Marriage Act, and meets the requirements of this Section. A QILDRO is not the same as a qualified domestic relations order or QDR issued pursuant to Section 414(p) of the Internal Revenue Code of 1986. The requirements of paragraphs (2) and (3) of that Section do not apply to orders issued under this Section and shall not be deemed a guide to the interpretation of this Section; a QILDRO is intended to be a domestic relations order within the meaning of paragraph (11) of that Section.

(7) "Regular payee" means the person to whom a benefit would be payable in the absence of an effective QILDRO.

(7.5) "Regular service" means service credit earned by the member, including a repayment of a refund for regular service that the retirement system includes by statute in a member's benefit calculations. "Regular service" does not include service credit purchased by the member, unused vacation, or unused sick leave.

(8) "Retirement benefit" means any periodic or nonperiodic benefit payable to a retired member based on age or service, or on the amounts accumulated to the credit of the member for retirement purposes, including any periodic or nonperiodic increases in the benefit, whether or not the benefit is so called under the applicable Article of this Code.

(9) "Retirement system" or "system" means any retirement system, pension fund, or other public employee retirement benefit plan that is maintained or established under any of Articles 2 through 18 of this Code.

(10) "Surviving spouse" means the spouse of a member at the time of the member's death.

(11) "Survivor's benefit" means any periodic benefit payable to a surviving spouse, child, parent, or other survivor of a deceased member, including any periodic or nonperiodic increases in the benefit or nonperiodic payment included with the benefit, whether or not the benefit is so called under the applicable Article of this Code.

(b) (1) An Illinois court of competent jurisdiction in a proceeding for declaration of invalidity of marriage, legal separation, or dissolution of marriage that provides for support or the distribution of property, or any proceeding to amend or enforce such support or a property distribution, may order that all or any part of any (i) member's retirement benefit, or (ii) member's refund payable to or on behalf of the member, or (iii) death benefit, or portion thereof, that would otherwise be payable to the member's death benefit beneficiaries or estate be instead paid by the retirement system to the designated alternate payee.

(2) An order issued under this subsection provides only for the diversion to an alternate payee of certain benefits otherwise payable by the retirement system under the provisions of this Code. The existence of a QILDRO shall not cause the retirement system to pay any benefit, or any amount of benefit, to an alternate payee that would not have been payable by the system to a regular payee in the absence of the QILDRO.

(3) A QILDRO shall not affect the vesting, accrual, or amount of any benefit, nor the date or conditions upon which any benefit becomes payable, nor the right of the member or the member's survivors to make any election otherwise authorized under this Code, except as provided in subsections (i) and (j).

(4) A QILDRO shall not apply to or affect the payment of any survivor's benefit, death benefit, disability benefit, life insurance benefit, or health insurance benefit.

(c) (1) A QILDRO must contain the name, mailing residence address, and social security number of the member and of the alternate payee and must identify the retirement system to which it is directed and the court issuing the order.

(2) A QILDRO must specify each benefit to which it applies, and it must specify the amount of the benefit to be paid to the alternate payee. In the case of a non-periodic benefit, this amount must be specified as a dollar amount or as a percentage as specifically provided in subsection (n). In the case of a periodic benefit, this amount must be specified as a dollar amount per month or as a percentage per month as specifically provided in subsection (n). which in the case of a nonperiodic benefit shall be expressed as a dollar amount (except that a nonperiodic benefit payable to an alternate payee of a participant in the self-managed plan authorized under Article 15 of this Code may be expressed as a dollar amount or as a percentage of the participant's account), and in the case of a periodic benefit shall be expressed as a dollar amount per month.

New matter indicated by italics - deletions by strikeout
(3) With respect to each benefit to which it applies, a QILDRO must specify when the order will take effect. In the case of a lump sum benefit payable to an alternate payee of a participant in the self-managed plan authorized under Article 15 of this Code, the benefit shall be paid upon the proper request of the alternate payee. In the case of a periodic benefit that is being paid at the time the order is received, a QILDRO shall take effect immediately or on a specified later date; if it takes effect immediately, it shall become effective on the first benefit payment date occurring at least 30 days after the order is received by the retirement system. In the case of any other benefit, a QILDRO shall take effect when the benefit becomes payable, unless some later date is specified pursuant to subsection (n). except that a lump-sum benefit payable to an alternate payee of a participant in the self-managed plan authorized under Article 15 of this Code may be paid upon the request of the alternate payee. However, in no event shall a QILDRO apply to any benefit paid by the retirement system before or within 30 days after the order is received. A retirement system may adopt rules to prorate the amount of the first and final periodic payments to an alternate payee.

(4) A QILDRO must also contain any provisions required under subsection (n) or (p).

(5) If a QILDRO indicates that the alternate payee is to receive a percentage of any retirement system benefit, the calculations required shall be performed by the member, the alternate payee, their designated representatives or their designated experts. The results of said calculations shall be provided to the retirement system via a QILDRO Calculation Court Order issued by an Illinois court of competent jurisdiction in a proceeding for declaration of invalidity of marriage, legal separation, or dissolution of marriage. The QILDRO Calculation Court Order shall follow the form provided in subsection (n-5). The retirement system shall have no duty or obligation to assist in such calculations or in completion of the QILDRO Calculation Court Order, other than to provide the information required to be provided pursuant to subsection (h).

(6) Within 45 days after the receipt of a QILDRO Calculation Court Order, the retirement system shall notify the member and the alternate payee (or one designated representative of each) of the receipt of the Order. If a valid QILDRO underlying the QILDRO Calculation Court Order has not been filed with the retirement system, or if the QILDRO Calculation Court Order does not clearly indicate the amount the retirement system is to pay to the alternate payee, then the retirement system shall at the same time notify the member and the alternate payee (or one designated representative of

New matter indicated by italics - deletions by strikeout
each) of the situation. Unless a valid QILDRO has not been filed with the retirement system, or the QILDRO Calculation Court Order does not clearly indicate the amount the retirement system is to pay the alternate payee, the retirement system shall implement the QILDRO based on the QILDRO Calculation Court Order as soon as administratively possible once benefits are payable. The retirement system shall have no obligation to make any determination as to whether the calculations in the QILDRO Calculation Court Order are accurate or whether the calculations are in accordance with the parties' QILDRO, agreement, or judgment. The retirement system shall not reject a QILDRO Calculation Court Order because the calculations are not accurate or not in accordance with the parties' QILDRO, agreement, or judgment. The retirement system shall have no responsibility for the consequences of its implementation of a QILDRO Calculation Court Order that is inaccurate or not in accordance with the parties' QILDRO, agreement, or judgment.

(d) (1) An order issued under this Section shall not be implemented unless a certified copy of the order has been filed with the retirement system. The system shall promptly notify the member and the alternate payee by first class mail of its receipt of the order.

(2) Neither the retirement system, nor its board, nor any of its employees shall be liable to the member, the regular payee, or any other person for any amount of a benefit that is paid in good faith to an alternate payee in accordance with a QILDRO.

(3) Each new or modified QILDRO or QILDRO Calculation Court Order that is submitted to the retirement system shall be accompanied by a nonrefundable $50 processing fee payable to the retirement system, to be used by the system to defer any administrative costs arising out of the implementation of the order QILDRO.

(e) (1) Each alternate payee is responsible for maintaining a current mailing address on file with the retirement system. The retirement system shall have no duty to attempt to locate any alternate payee by any means other than sending written notice to the last known address of the alternate payee on file with the system.

(2) In the event that the system cannot locate an alternate payee when a benefit becomes payable, the system shall hold the amount of the benefit payable to the alternate payee and make payment to the alternate payee if he or she is located within the following 180 days. If the alternate payee has not been located within 180 days from the date the benefit becomes payable, the system shall pay the benefit and the amounts held to the regular payee. If the

New matter indicated by italics - deletions by strikeout
alternate payee is subsequently located, the system shall thereupon implement the QILDRO, but the interest of the alternate payee in any amounts already paid to the regular payee shall be extinguished. Amounts held under this subsection shall not bear interest.

(f) (1) If the amount of a benefit that is specified in a QILDRO or QILDRO Calculation Court Order for payment to an alternate payee exceeds the actual amount of that benefit payable by the retirement system, the excess shall be disregarded. The retirement system shall have no liability to any alternate payee or any other person for the disregarded amounts.

(2) In the event of multiple QILDROs against a member, the retirement system shall honor all of the QILDROs to the extent possible. However, if the total amount of a benefit to be paid to alternate payees under all QILDROs in effect against the member exceeds the actual amount of that benefit payable by the system, the QILDROs shall be satisfied in the order of their receipt by the system until the amount of the benefit is exhausted, and shall not be adjusted pro rata. Any amounts that cannot be paid due to exhaustion of the benefit shall remain unpaid, and the retirement system shall have no liability to any alternate payee or any other person for such amounts.

(3) A modification of a QILDRO shall be filed with the retirement system in the same manner as a new QILDRO. A modification that does not increase the amount of any benefit payable to the alternate payee, as that amount was designated in the QILDRO, and does not expand the QILDRO to affect any benefit not affected by the unmodified QILDRO, does not affect the priority of payment under subdivision (f)(2); the priority of payment of a QILDRO that has been modified to increase the amount of any benefit payable to the alternate payee, or to expand the QILDRO to affect a benefit not affected by the unmodified QILDRO, shall be based on the date on which the system receives the modification of the QILDRO.

(4) A modification of a QILDRO Calculation Court Order shall be filed with the retirement system in the same manner as a new QILDRO Calculation Court Order.

(g) (1) Upon the death of the alternate payee under a QILDRO, the QILDRO shall expire and cease to be effective, and in the absence of another QILDRO, the right to receive any affected benefit shall revert to the regular payee.

(2) All QILDROs relating to a member's participation in a particular retirement system shall expire and cease to be effective upon the issuance of a member's refund that terminates the member's participation in that retirement system, without regard to whether the refund was paid to the

New matter indicated by italics - deletions by strikeout
member or to an alternate payee under a QILDRO. An expired QILDRO shall not be automatically revived by any subsequent return by the member to service under that retirement system.

(h) (1) Within 45 days after receiving a subpoena from any party to a proceeding for declaration of invalidity of marriage, legal separation, or dissolution of marriage in which a QILDRO may be issued, or after receiving a request from the member, a retirement system shall provide in response to a statement of a member's accumulated contributions, accrued benefits, and other interests in the plan administered by the retirement system based on the data on file with the system on the date the subpoena is received. If so requested in the subpoena, the retirement system shall also provide in response general retirement plan information available to a member; and of any relevant procedures, rules, or modifications to the model QILDRO form that have been adopted by the retirement system.

(1.5) If a QILDRO provides for the alternate payee to receive a percentage of a retirement benefit (as opposed to providing for the alternate payee to receive specified dollar amounts of a retirement benefit), then the retirement system shall provide the applicable information to the member and to the alternate payee, or to one designated representative of each (e.g., the member's attorney and the alternate payee's attorney) as indicated below:

(A) If the member is a participant in the self-managed plan authorized under Article 15 of this Code and the QILDRO provides that the only benefit the alternate payee is to receive is a percentage of a lump sum benefit as of a specific date that has already past, then, within 45 days after the retirement system receives the QILDRO, the retirement system shall provide the lump sum amount to which the QILDRO percentage is to be applied.

(B) For all situations except that situation described in item (A), if the retirement system receives the QILDRO before the member's effective date of retirement, then, within 45 days after the retirement system receives the QILDRO, the retirement system shall provide all of the following information:

(i) The date of the member's initial membership in the retirement system, expressed as month, day, and year, if available, or the most exact date that is available to the retirement system.

(ii) The amount of permissive and regular service the member accumulated in the retirement system from the time of initial membership through the most recent date available

prior to the retirement system receiving the QILDRO (the dates used by the retirement system shall also be provided). Service amounts shall be expressed using the most exact time increments available to the retirement system (e.g., months or fractions of years).

(iii) The gross amount of the member’s non-reduced monthly annuity benefit earned, calculated as of the most recent date available prior to the retirement system receiving the QILDRO, the date used by the retirement system, and the earliest date the member may be eligible to commence the benefit. This amount shall include any permissive service and upgrades purchased by the member, and those amounts shall be noted separately.

(iv) The gross amount of the member’s refund or partial refund, including any interest payable on those amounts, calculated as of the most recent date available prior to the retirement system receiving the QILDRO (the date used by the retirement system shall also be provided).

(v) The gross amount of the death benefits that would be payable to the member’s death benefit beneficiaries or estate, assuming the member died on the date or a date as close as possible to the date the QILDRO was received by the retirement system, including any interest payable on the amounts, calculated as of the most recent date available prior to the retirement system receiving the QILDRO (the date used by the retirement system shall also be provided).

(vi) Whether the member has notified the retirement system of the date the member intends to retire, and if so, that date.

(vii) If the member has provided a date that he or she intends to retire, the date, if available, that the retirement system reasonably believes will be the member’s effective date of retirement.

(C) For all situations except that situation described in item (A), if the retirement system receives the QILDRO after the effective date of retirement, then, within 45 days after the retirement system receives the QILDRO, or, if the retirement system receives the QILDRO before the member’s effective date of retirement, then as soon as administratively possible before or after the member’s
effective date of retirement (but not later than 45 days after the member's effective date of retirement), the retirement system shall provide all of the following information:

(i) The member's effective date of retirement.
(ii) The date the member commenced benefits or, if not yet commenced, the date the retirement system has scheduled the member's benefits to commence.
(iii) The amount of permissive and regular service the member accumulated in the retirement system from the time of initial membership through the member's effective date of retirement. Service amounts shall be expressed using the most exact time increments available to the retirement system (e.g., months or fractions of years).
(iv) The gross amount of the member's monthly retirement benefit, calculated as of the member's effective date of retirement. This amount shall include any permissive service and upgrades purchased by the member, and those amounts shall be noted separately.
(v) The gross amount of the member's refund or partial refund, including any interest payable on those amounts, calculated as of the member's effective date of retirement.
(vi) The gross amount of death benefits that would be payable to the member's death benefit beneficiaries or estate, assuming the member died on the member's effective date of retirement, including any interest payable on those amounts.
(D) If, and only if, the alternate payee is entitled to benefits under Section VII of the QILDRO, then, within 45 days after the retirement system receives notice of the member's death, the retirement system shall provide the gross amount of death benefits payable, including any interest payable on those amounts, calculated as of the member's date of death.

(2) In no event shall the retirement system be required to furnish to any person an actuarial opinion as to the present value of the member's benefits or other interests.

(3) The papers, entries, and records, or parts thereof, of any retirement system may be proved by a copy thereof, certified under the signature of the secretary of the system or other duly appointed keeper of the records of the system and the corporate seal, if any.
(i) In a retirement system in which a member or beneficiary is required to apply to the system for payment of a benefit, the required application may be made by an alternate payee who is entitled to all of a termination refund or retirement benefit or part of a death benefit that is payable under a QILDRO, provided that all other qualifications and requirements have been met. However, the alternate payee may not make the required application for death benefits while the member is alive or for a member's refund or a retirement benefit if the member is in active service or below the minimum age for receiving an undiscounted retirement annuity in the retirement system that has received the QILDRO or in any other retirement system in which the member has regular or permissive credited service and in which the member's rights under the Retirement Systems Reciprocal Act would be affected as a result of the alternate payee's application for a member's refund or retirement benefit.

(j) (1) So long as there is in effect a QILDRO relating to a member's retirement benefit, the affected member may not elect a form of payment that has the effect of diminishing the amount of the payment to which any alternate payee is entitled, unless the alternate payee has consented to the election in a writing that includes the alternate payee's notarized signature, and this written and notarized consent has been filed with the retirement system.

(2) If a member attempts to make an election prohibited under subdivision (j)(1), the retirement system shall reject the election and advise the member of the need to obtain the alternate payee's consent.

(3) If a retirement system discovers that it has mistakenly allowed an election prohibited under subdivision (j)(1), it shall thereupon disallow that election and recalculate any benefits affected thereby. If the system determines that an amount paid to a regular payee should have been paid to an alternate payee, the system shall, if possible, recoup the amounts as provided in subsection (k) of this Section.

(k) In the event that a regular payee or an alternate payee is overpaid, the retirement system shall have the authority to and shall recoup the amounts by deducting the overpayment from future payments and making payment to the other payee. The system may make deductions for recoupment over a period of time in the same manner as is provided by law or rule for the recoupment of other amounts incorrectly disbursed by the system in instances not involving a QILDRO. The retirement system shall incur no liability to either the alternate payee or the regular payee as a result of any payment made in good faith, regardless of whether the system is able to accomplish
recoupment.

(1) A retirement system that has, before the effective date of this Section, received and implemented a domestic relations order that directs payment of a benefit to a person other than the regular payee may continue to implement that order, and shall not be liable to the regular payee for any amounts paid in good faith to that other person in accordance with the order.

(2) A domestic relations order directing payment of a benefit to a person other than the regular payee that was issued by a court but not implemented by a retirement system prior to the effective date of this Section shall be void. However, a person who is the beneficiary or alternate payee of a domestic relations order that is rendered void under this subsection may petition the court that issued the order for an amended order that complies with this Section.

(3) A retirement system that received a valid QILDRO before the effective date of this amendatory Act of the 94th General Assembly shall continue to implement the QILDRO and shall not be liable to any party for amounts paid in good faith pursuant to the QILDRO.

(m) (1) In accordance with Article XIII, Section 5 of the Illinois Constitution, which prohibits the impairment or diminishment of benefits granted under this Code, a QILDRO issued against a member of a retirement system established under an Article of this Code that exempts the payment of benefits or refunds from attachment, garnishment, judgment or other legal process shall not be effective without the written consent of the member if the member began participating in the retirement system on or before the effective date of this Section. That consent must specify the retirement system, the court case number, and the names and social security numbers of the member and the alternate payee. The consent must accompany the QILDRO when it is filed with the retirement system, and must be in substantially the following form:

AN ACT concerning revenue.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Property Tax Code is amended by changing Sections 21-310 and 21-315 as follows:
(35 ILCS 200/21-310)
Sec. 21-310. Sales in error.
(a) When, upon application of the county collector, the owner of the certificate of purchase, or a municipality which owns or has owned the property ordered sold, it appears to the satisfaction of the court which ordered the property sold that any of the following subsections are applicable, the court shall declare the sale to be a sale in error:
(1) the property was not subject to taxation, or all or any part of the lien of taxes sold has become null and void pursuant to Section 21-95 or unenforceable pursuant to subsection (c) of Section 18-250 or subsection (b) of Section 22-40,
(2) the taxes or special assessments had been paid prior to the sale of the property,
(3) there is a double assessment,
(4) the description is void for uncertainty,
(5) the assessor, chief county assessment officer, board of review, board of appeals, or other county official has made an error (other than an error of judgment as to the value of any property),
(5.5) the owner of the homestead property had tendered timely and full payment to the county collector that the owner reasonably believed was due and owing on the homestead property, and the county collector did not apply the payment to the homestead property; provided that this provision applies only to homeowners, not their

agents or third-party payors,

(6) prior to the tax sale a voluntary or involuntary petition has been filed by or against the legal or beneficial owner of the property requesting relief under the provisions of 11 U.S.C. Chapter 7, 11, 12, or 13, or

(7) the property is owned by the United States, the State of Illinois, a municipality, or a taxing district.

(b) When, upon application of the owner of the certificate of purchase only, it appears to the satisfaction of the court which ordered the property sold that any of the following subsections are applicable, the court shall declare the sale to be a sale in error:

(1) A voluntary or involuntary petition under the provisions of 11 U.S.C. Chapter 7, 11, 12, or 13 has been filed subsequent to the tax sale and prior to the issuance of the tax deed.

(2) The improvements upon the property sold have been substantially destroyed or rendered uninhabitable or otherwise unfit for occupancy subsequent to the tax sale and prior to the issuance of the tax deed.

(3) There is an interest held by the United States in the property sold which could not be extinguished by the tax deed.

(4) The real property contains a hazardous substance, hazardous waste, or underground storage tank that would require cleanup or other removal under any federal, State, or local law, ordinance, or regulation, only if the tax purchaser purchased the property without actual knowledge of the hazardous substance, hazardous waste, or underground storage tank. This paragraph (4) applies only if the owner of the certificate of purchase has made application for a sale in error at any time before the issuance of a tax deed.

(c) When the county collector discovers, prior to the expiration of the period of redemption within one year after the date of sale if taxes were sold at annual tax sale or within 180 days after the date of sale if taxes were sold at a scavenger tax sale, that a tax sale should not have occurred for one or more of the reasons set forth in subdivision (a)(1), (a)(2), (a)(6), or (a)(7) of this Section, the county collector shall notify the last known owner of the certificate of purchase by certified and regular mail, or other means reasonably calculated to provide actual notice, that the county collector intends to declare an administrative sale in error and of the reasons therefor, including documentation sufficient to establish the reason why the sale

should not have occurred. The owner of the certificate of purchase may object in writing within 28 days after the date of the mailing by the county collector. If an objection is filed, the county collector shall not administratively declare a sale in error, but may apply to the circuit court for a sale in error as provided in subsection (a) of this Section. Thirty days following the receipt of notice by the last known owner of the certificate of purchase, or within a reasonable time thereafter, the county collector shall make a written declaration, based upon clear and convincing evidence, that the taxes were sold in error and shall deliver a copy thereof to the county clerk within 30 days after the date the declaration is made for entry in the tax judgment, sale, redemption, and forfeiture record pursuant to subsection (d) of this Section. The county collector shall promptly notify the last known owner of the certificate of purchase of the declaration by regular mail and shall promptly pay the amount of the tax sale, together with interest and costs as provided in Section 21-315, upon surrender of the original certificate of purchase.

(d) If a sale is declared to be a sale in error, the county clerk shall make entry in the tax judgment, sale, redemption and forfeiture record, that the property was erroneously sold, and the county collector shall, on demand of the owner of the certificate of purchase, refund the amount paid, pay any interest and costs as may be ordered under Sections 21-315 through 21-335, and cancel the certificate so far as it relates to the property. The county collector shall deduct from the accounts of the appropriate taxing bodies their pro rata amounts paid.

Sec. 21-315. Refund of costs; interest on refund.

(a) If a sale in error under Section 21-310, 22-35, or 22-50 is declared, the amount refunded shall also include all costs paid by the owner of the certificate of purchase or his or her assignor which were posted to the tax judgment, sale, redemption and forfeiture record.

(b) In those cases which arise solely under grounds set forth in Section 21-310, the amount refunded shall also include interest on the refund of the amount paid for the certificate of purchase, except as otherwise provided in this Section. Interest shall be awarded and paid to the tax purchaser at the rate of 1% per month from the date of sale to the date of payment, or in an amount equivalent to the penalty interest which would be recovered on a redemption at the time of payment pursuant to the order for sale in error, whichever is less. Interest shall not be paid when the sale in error is made pursuant to
paragraph (2) or (4) of subsection (b) of Section 21-310, Section 22-35, Section 22-50, any ground not enumerated in Section 21-310, or in any other case where the court determines that the tax purchaser had actual knowledge prior to the sale of the grounds on which the sale is declared to be erroneous.

(c) When the county collector files a petition for sale in error under Section 21-310 and mails a notice thereof by certified or registered mail to the last known owner of the certificate of purchase, any interest otherwise payable under this Section shall cease to accrue as of the date the petition is filed, unless the tax purchaser agrees to an order for sale in error upon the presentation of the petition to the court. Notices under this subsection may be mailed to the last known owner of the certificate of purchase. When the owner of the certificate of purchase contests the collector's petition solely to determine whether the grounds for sale in error are such as to support a claim for interest, the court may direct that the principal amount of the refund be paid to the owner of the certificate of purchase forthwith. If the court thereafter determines that a claim for interest lies under this Section, it shall award such interest from the date of sale to the date the principal amount was paid. If the owner of the certificate of purchase files an objection to the county collector's intention to declare an administrative sale in error, as provided under subsection (c) of Section 21-310, and, thereafter, the county collector elects to apply to the circuit court for a sale in error under subsection (a) of Section 21-310, then, if the circuit court grants the county collector's application for a sale in error, the court may not award interest to the owner of the certificate of purchase for the period after the mailing date of the county collector's notice of intention to declare an administrative sale in error.

Section 10. The Capital Crimes Litigation Act is amended by changing Sections 10 and 15 as follows:

(725 ILCS 124/10)

Sec. 10. Court appointed trial counsel; compensation and expenses.

(a) This Section applies only to compensation and expenses of trial counsel appointed by the court as set forth in Section 5, other than public defenders, for the period after arraignment and so long as the State's Attorney has not, at any time, filed a certificate indicating he or she will not seek the death penalty or stated on the record in open court that the death penalty will not be sought.

(a-5) Litigation budget.

(1) In a case in which the State has filed a statement of intent to seek the death penalty, the court shall require appointed counsel, including those appointed in Cook County, after counsel has had adequate time to review the case and prior to engaging trial assistance, to submit a proposed estimated litigation budget for court approval, that will be subject to modification in light of facts and developments that emerge as the case proceeds. Case budgets should be submitted ex parte and filed and maintained under seal in order to protect the defendant's right to effective assistance of counsel, right not to incriminate him or herself and all applicable privileges. Case budgets shall be reviewed and approved by the judge assigned to try the case. As provided under subsection (c) of this Section, petitions for compensation shall be reviewed by both the trial judge and the presiding judge or the presiding judge's designee.

(2) The litigation budget shall serve purposes comparable to those of private retainer agreements by confirming both the court's and the attorney's expectations regarding fees and expenses.

New matter indicated by italics - deletions by strikeout
Consideration should be given to employing an ex parte pretrial conference in order to facilitate reaching agreement on a litigation budget at the earliest opportunity.

(3) The budget shall be incorporated into a sealed initial pretrial order that reflects the understandings of the court and counsel regarding all matters affecting counsel compensation and reimbursement and payments for investigative, expert and other services, including but not limited to the following matters:

(A) The hourly rate at which counsel will be compensated;

(B) The hourly rate at which private investigators, other than investigators employed by the Office of the State Appellate Defender, will be compensated; and

(C) The best preliminary estimate that can be made of the cost of all services, including, but not limited to, counsel, expert, and investigative services, that are likely to be needed through the guilt and penalty phases of the trial. The court shall have discretion to require that budgets be prepared for shorter intervals of time.

(4) Appointed counsel may obtain, subject to later review, investigative, expert or other services without prior authorization if necessary for an adequate defense. If such services are obtained, the presiding judge or the presiding judge's designee shall consider in an ex parte proceeding that timely procurement of necessary services could not await prior authorization. If an ex parte hearing is requested by defense counsel or deemed necessary by the trial judge prior to modifying a budget, the ex parte hearing shall be before the presiding judge or the presiding judge's designee. The judge may then authorize such services nunc pro tunc. If the presiding judge or the presiding judge's designee finds that the services were not reasonable, payment may be denied.

(5) An approved budget shall guide counsel's use of time and resources by indicating the services for which compensation is authorized. The case budget shall be re-evaluated when justified by changed or unexpected circumstances and shall be modified by the court when reasonable and necessary for an adequate defense. If an ex parte hearing is requested by defense counsel or deemed necessary by the trial judge prior to modifying a budget, the ex parte hearing shall be before the presiding judge or the presiding judge's designee.

New matter indicated by italics - deletions by strikeout
(b) Appointed trial counsel shall be compensated upon presentment and certification by the circuit court of a claim for services detailing the date, activity, and time duration for which compensation is sought. Compensation for appointed trial counsel may be paid at a reasonable rate not to exceed $125 per hour. The court shall not authorize payment of bills that are not properly itemized. A request for payment shall be presented under seal and reviewed ex parte with a court reporter present.

Beginning in 2001, every January 20, the statutory rate prescribed in this subsection shall be automatically increased or decreased, as applicable, by a percentage equal to the percentage change in the consumer price index-u during the preceding 12-month calendar year. "Consumer price index-u" means the index published by the Bureau of Labor Statistics of the United States Department of Labor that measures the average change in prices of goods and services purchased by all urban consumers, United States city average, all items, 1982-84=100. The new rate resulting from each annual adjustment shall be determined by the State Treasurer and made available to the chief judge of each judicial circuit.

(c) Appointed trial counsel may also petition the court for certification of expenses for reasonable and necessary capital litigation expenses including, but not limited to, investigatory and other assistance, expert, forensic, and other witnesses, and mitigation specialists. Counsel may not petition for certification of expenses that may have been provided or compensated by the State Appellate Defender under item (c)(5) of Section 10 of the State Appellate Defender Act. The petitions shall be filed under seal and considered ex parte but with a court reporter present for all ex parte conferences. If the requests are submitted after services have been rendered, the requests shall be supported by an invoice describing the services rendered, the dates the services were performed and the amount of time spent. These petitions shall be reviewed by both the trial judge and the presiding judge of the circuit court or the presiding judge's designee. The petitions and orders shall be kept under seal and shall be exempt from Freedom of Information requests until the conclusion of the trial, even if the prosecution chooses not to pursue the death penalty prior to trial or sentencing. If an ex parte hearing is requested by defense counsel or deemed necessary by the trial judge, the hearing shall be before the presiding judge or the presiding judge's designee.

(d) Appointed trial counsel shall petition the court for certification of compensation and expenses under this Section periodically during the course of counsel's representation. The petitions shall be supported by itemized bills.
showing the date, the amount of time spent, the work done and the total being charged for each entry. The court shall not authorize payment of bills that are not properly itemized. The petitions shall be filed under seal and considered ex parte but with a court reporter present for all ex parte conferences. The petitions shall be reviewed by both the trial judge and the presiding judge of the circuit court or the presiding judge's designee. If an ex parte hearing is requested by defense counsel or deemed necessary by the trial judge, the ex parte hearing shall be before the presiding judge or the presiding judge's designee. If the court determines that the compensation and expenses should be paid from the Capital Litigation Trust Fund, the court shall certify, on a form created by the State Treasurer, that all or a designated portion of the amount requested is reasonable, necessary, and appropriate for payment from the Trust Fund. Certification of compensation and expenses by a court in any county other than Cook County shall be delivered by the court to the State Treasurer and paid by the State Treasurer directly from the Capital Litigation Trust Fund if there are sufficient moneys in the Trust Fund to pay the compensation and expenses. The petitions and orders shall be kept under seal and shall be exempt from Freedom of Information requests until the conclusion of the trial and appeal of the case, even if the prosecution chooses not to pursue the death penalty prior to trial or sentencing. Certification of compensation and expenses by a court in Cook County shall be delivered by the court to the county treasurer and paid by the county treasurer from moneys granted to the county from the Capital Litigation Trust Fund.

Sec. 25. Persons ineligible to be hired by health care employers and long-term care facilities.

(a) After January 1, 1996, or January 1, 1997, as applicable, no health care employer shall knowingly hire, employ, or retain any individual in a position with duties involving direct care for clients, patients, or residents, and no long-term care facility shall knowingly hire, employ, or retain any individual in a position with duties that involve or may involve contact with residents or access to the living quarters or the financial, medical, or personal records of residents, who has been convicted of committing or attempting to commit one or more of the offenses defined in Sections 8-1.1, 8-1.2, 9-1, 9-1.2, 9-2, 9-2.1, 9-3, 9-3.1, 9-3.2, 9-3.3, 10-1, 10-2, 10-3, 10-3.1, 10-4, 10-5, 10-7, 11-6, 11-9.1, 11-19.2, 11-20.1, 12-1, 12-2, 12-3, 12-3.1, 12-3.2, 12-4, 12-4.1, 12-4.2, 12-4.3, 12-4.4, 12-4.5, 12-4.6, 12-4.7, 12-7.4, 12-11, 12-13, 12-14, 12-14.1, 12-15, 12-16, 12-19, 12-21, 12-21.6, 12-32, 12-33, 16-1, 16-1.3, 16A-3, 17-3, 18-1, 18-2, 18-3, 18-4, 18-5, 19-1, 19-3, 19-4, 20-1, 20-1.1, 24-1, 24-1.2, 24-1.5, or 33A-2 of the Criminal Code of 1961; those provided in Section 4 of the Wrongs to Children Act; those provided in Section 53 of the Criminal Jurisprudence Act; those defined in Section 5, 5.1, 5.2, 7, or 9 of the Cannabis Control Act; or those defined in Sections 401, 401.1, 404, 405, 405.1, 407, or 407.1 of the Illinois Controlled Substances Act, unless the applicant or employee obtains a waiver pursuant to Section 40.

(a-1) After January 1, 2004, no health care employer shall knowingly...
hire any individual in a position with duties involving direct care for clients, patients, or residents, and no long-term care facility shall knowingly hire any individual in a position with duties that involve or may involve contact with residents or access to the living quarters or the financial, medical, or personal records of residents, who has (i) been convicted of committing or attempting to commit one or more of the offenses defined in Section 12-3.3, 12-4.2-5, 16-2, 16G-15, 16G-20, 18-5, 20-1.2, 24-1.1, 24-1.2-5, 24-1.6, 24-3.2, or 24-3.3 of the Criminal Code of 1961; Section 4, 5, 6, 8, or 17.02 of the Illinois Credit Card and Debit Card Act; or Section 5.1 of the Wrongs to Children Act; or (ii) violated Section 10-5 of the Nursing and Advanced Practice Nursing Act.

A UCIA criminal history record check need not be redone for health care employees who have been continuously employed by a health care employer since January 1, 2004, but nothing in this Section prohibits a health care employer from initiating a criminal history check for these employees.

A health care employer is not required to retain an individual in a position with duties involving direct care for clients, patients, or residents, and no long-term care facility is required to retain an individual in a position with duties that involve or may involve contact with residents or access to the living quarters or the financial, medical, or personal records of residents, who has been convicted of committing or attempting to commit one or more of the offenses enumerated in this subsection.

(b) A health care employer shall not hire, employ, or retain any individual in a position with duties involving direct care of clients, patients, or residents, and no long-term care facility shall knowingly hire, employ, or retain any individual in a position with duties that involve or may involve contact with residents or access to the living quarters or the financial, medical, or personal records of residents, if the health care employer becomes aware that the individual has been convicted in another state of committing or attempting to commit an offense that has the same or similar elements as an offense listed in subsection (a) or (a-1), as verified by court records, records from a state agency, or an FBI criminal history record check.

This shall not be construed to mean that a health care employer has an obligation to conduct a criminal history records check in other states in which an employee has resided.

Sec. 30. Non-fingerprint based UCIA criminal records check.
(a) Beginning on January 1, 1997, an educational entity, other than a
secondary school, conducting a nurse aide training program must initiate a UCIA criminal history records check prior to entry of an individual into the training program. A nurse aide seeking to be included on the nurse aide registry shall authorize the Department of Public Health or its designee that tests nurse aides or the health care employer or its designee to request a criminal history record check pursuant to the Uniform Conviction Information Act (UCIA) for each nurse aide applying for inclusion on the State nurse aide registry. Any nurse aide not submitting the required authorization and information for the record check will not be added to the State nurse aide registry. A nurse aide will not be entered on the State nurse aide registry if the report from the Department of State Police indicates that the nurse aide has a record of conviction of any of the criminal offenses enumerated in Section 25 unless the nurse aide’s identity is validated and it is determined that the nurse aide does not have a disqualifying criminal history record based upon a fingerprint-based records check pursuant to Section 35 or the nurse aide receives a waiver pursuant to Section 40.

(b) The Department of Public Health shall notify each health care employer inquiring as to the information on the State nurse aide registry of the date of the nurse aide's last UCIA criminal history record check. If it has been more than one year since the records check, the health care employer must initiate or have initiated on his or her behalf a UCIA criminal history record check for the nurse aide pursuant to this Section. The health care employer must send a copy of the results of the record check to the State nurse aide registry for an individual employed as a nurse aide.

(c) Beginning January 1, 1996, a health care employer who makes a conditional offer of employment to an applicant other than a nurse aide for position with duties that involve direct care for clients, patients, or residents must initiate or have initiated on his or her behalf a UCIA criminal history record check for that applicant.

(d) No later than January 1, 1997, a health care employer must initiate or have initiated on his or her behalf a UCIA criminal history record check for all employees other than those enumerated in subsections (a), (b), and (c) of this Section with duties that involve direct care for clients, patients, or residents. A health care employer having actual knowledge from a source other than a non-fingerprint check that an employee has been convicted of committing or attempting to commit one of the offenses enumerated in Section 25 of this Act must initiate a fingerprint-based background check within 10 working days of acquiring that knowledge. The employer may continue to employ that individual in a direct care position, may reassign that
individual to a non-direct care position, or may suspend the individual until the results of the fingerprint-based background check are received.

(d-5) Beginning January 1, 2006, each long-term care facility operating in the State must initiate, or have initiated on its behalf, a criminal history record check for all employees hired on or after January 1, 2006 with duties that involve or may involve contact with residents or access to the living quarters or the financial, medical, or personal records of residents.

(e) The request for a UCIA criminal history record check must be in the form prescribed by the Department of State Police.

(f) The applicant or employee must be notified of the following whenever a non-fingerprint check is made:

(i) that the health care employer shall request or have requested on his or her behalf a UCIA criminal history record check pursuant to this Act;

(ii) that the applicant or employee has a right to obtain a copy of the criminal records report from the health care employer, challenge the accuracy and completeness of the report, and request a waiver under Section 40 of this Act;

(iii) that the applicant, if hired conditionally, may be terminated if the criminal records report indicates that the applicant has a record of conviction of any of the criminal offenses enumerated in Section 25 unless the applicant's identity is validated and it is determined that the applicant does not have a disqualifying criminal history record based on a fingerprint-based records check pursuant to Section 35.

(iv) that the applicant, if not hired conditionally, shall not be hired if the criminal records report indicates that the applicant has a record of conviction of any of the criminal offenses enumerated in Section 25 unless the applicant's record is cleared based on a fingerprint-based records check pursuant to Section 35.

(v) that the employee may be terminated if the criminal records report indicates that the employee has a record of conviction of any of the criminal offenses enumerated in Section 25 unless the employee's record is cleared based on a fingerprint-based records check pursuant to Section 35.

(g) A health care employer may conditionally employ an applicant to provide direct care for up to 3 months pending the results of a UCIA criminal history record check.

Sec. 40. Waiver.

(a) An applicant, employee, or nurse aide may request a waiver of the prohibition against employment by submitting the following information to the entity responsible for inspecting, licensing, certifying, or registering the health care employer within 5 working days after the receipt of the criminal records report:

(1) Information necessary to initiate a fingerprint-based UCIA criminal records check in a form and manner prescribed by the Department of State Police; and

(2) The fee for a fingerprint-based UCIA criminal records check, which shall not exceed the actual cost of the record check.

(a-5) The entity responsible for inspecting, licensing, certifying, or registering the health care employer may accept the results of the fingerprint-based UCIA criminal records check instead of the items required by paragraphs (1) and (2) of subsection (a).

(b) The entity responsible for inspecting, licensing, certifying, or registering the health care employer may grant a waiver based upon any mitigating circumstances, which may include, but need not be limited to:

(1) The age of the individual at which the crime was committed;

(2) The circumstances surrounding the crime;

(3) The length of time since the conviction;

(4) The applicant or employee's criminal history since the conviction;

(5) The applicant or employee's work history;

(6) The applicant or employee's current employment references;

(7) The applicant or employee's character references;

(8) Nurse aide registry records; and

(9) Other evidence demonstrating the ability of the applicant or employee to perform the employment responsibilities competently and evidence that the applicant or employee does not pose a threat to the health or safety of residents, patients, or clients.

(c) The entity responsible for inspecting, licensing, certifying, or registering a health care employer must inform the health care employer if a waiver is being sought and must act upon the waiver request within 30 days of receipt of all necessary information, as defined by rule.

(d) An individual shall not be employed in a direct care position from
the time that the employer receives the results of a non-fingerprint check containing disqualifying conditions until the time that the individual receives a waiver from the Department. If the individual challenges the results of the non-fingerprint check, the employer may continue to employ the individual in a direct care position if the individual presents convincing evidence to the employer that the non-fingerprint check is invalid. If the individual challenges the results of the non-fingerprint check, his or her identity shall be validated by a fingerprint-based records check in accordance with Section 35.

(e) The entity responsible for inspecting, licensing, certifying, or registering the health care employer shall be immune from liability for any waivers granted under this Section.

(f) A health care employer is not obligated to employ or offer permanent employment to an applicant, or to retain an employee who is granted a waiver under this Section.

One other license shall authorize riverboat gambling on the Illinois River south of Marshall County. The Board shall issue one additional license to become effective not earlier than March 1, 1992, which shall authorize riverboat gambling on the Des Plaines River in Will County. In fixing standards to govern payments or reimbursements for funeral and burial expenses, the Department shall establish a minimum allowable amount of not less than $1,000 for Department payment of funeral services and not less than $500 for Department payment of burial or cremation services. On January 1, 2006, July 1, 2006, and July 1, 2007, the Department shall increase the minimum reimbursement amount for funeral and burial expenses under this Section by a percentage equal to the percentage increase in the Consumer Price Index for All Urban Consumers, if any, during the 12 months immediately preceding that January 1 or July 1. If no person has agreed to pay the total cost of the (i) funeral and (ii) burial or cremation charges, the Department shall pay the vendor the actual costs of the (i) funeral and (ii) burial or cremation, or the minimum allowable amount for each service as established by the Department, whichever is less, provided that the Department reduces its payments by the amount available from the following sources: the decedent's assets and available resources and the anticipated amounts of any death benefits available to the decedent's estate, and amounts paid and arranged to be paid by the decedent's legally responsible relatives. A legally responsible relative is expected to pay (i) funeral and (ii) burial or cremation expenses unless financially unable to do so.

Nothing contained in this Section or in any other Section of this Code shall be construed to prohibit the Illinois Department (1) from consolidating existing standards on the basis of any standards which are or were in effect on, or subsequent to July 1, 1969, or (2) from employing any consolidated standards in determining need for public aid and the amount of money payment or grant for individual recipients or recipient families.

The privilege tax imposed under this subsection (a-3) shall no longer be imposed beginning on the earlier of (i) July 1, 2005; (ii) the first date after June 20, 2003 the effective date of this amendatory Act of the 93rd General Assembly that riverboat gambling operations are conducted pursuant to a dormant license; or (iii) the first day that riverboat gambling operations are conducted under the authority of an owner’s license that is in addition to the 10 owners licenses initially authorized under this Act. For the purposes of this subsection (a-3), the term "dormant license" means an owner’s license that is authorized by this Act under which no riverboat gambling operations are being conducted on June 20, 2003 the effective date of this amendatory Act of the 93rd General Assembly.

(a-4) Beginning on the first day on which the tax imposed under subsection (a-3) is no longer imposed, a privilege tax is imposed on persons engaged in the business of conducting riverboat gambling operations, other than licensed managers conducting riverboat gambling operations on behalf of the State, based on the adjusted gross receipts received by a licensed owner from gambling games authorized under this Act at the following rates:

(a-8) Riverboat gambling operations conducted by a licensed manager on behalf of the State are not subject to the tax imposed under this Section.

(a-10) The taxes imposed by this Section shall be paid by the licensed owner to the Board not later than 3:00 o'clock p.m. of the day after the day when the wagers were made.

(a-15) If the privilege tax imposed under subsection (a-3) is no longer imposed pursuant to item (i) of the last paragraph of subsection (a-3), then by June 15 of each year, each owners licensee, other than an owners licensee that admitted 1,000,000 persons or fewer in calendar year 2004, must, in addition to the payment of all amounts otherwise due under this Section, pay to the Board the amount, if any, by which the base amount for the licensed owner exceeds the amount of tax paid under this Section by the licensed owner in the then current State fiscal year. The obligation imposed by this subsection (a-15) is binding on any person, firm, corporation, or other entity that acquires an ownership interest in any such owners license. The obligation imposed under this subsection (a-15) terminates on the earliest of:

(i) July 1, 2007, (ii) the first day after the effective date of this amendatory Act of the 94th General Assembly that riverboat gambling operations are conducted pursuant to a dormant license, (iii) the first day that riverboat gambling operations are conducted under the authority of an owners license that is in addition to the 10 owners licenses initially authorized under this Act, or (iv) the first day that a licensee under the Illinois Horse Racing Act of 1975 conducts gaming operations with slot machines or other electronic gaming devices. The Board must reduce the obligation imposed under this subsection (a-15) by an amount the Board deems reasonable for any of the following reasons: (A) an act or acts of God, (B) an act of bioterrorism or terrorism or a bioterrorism or terrorism threat that was investigated by a law enforcement agency, or (C) a condition beyond the control of the owners licensee that does not result from any act or omission by the owners licensee or any of its agents and that poses a hazardous threat to the health and safety of patrons. If an owners licensee pays an amount in excess of its liability under this Section, the Board shall apply the overpayment to future payments required under this Section.

For purposes of this subsection (a-15):
"Act of God" means an incident caused by the operation of an
extraordinary force that cannot be foreseen, that cannot be avoided by the exercise of due care, and for which no person can be held liable.

"Base amount" means the following:
For a riverboat in Alton, $31,000,000.
For a riverboat in East Peoria, $43,000,000.
For the Empress riverboat in Joliet, $86,000,000.
For a riverboat in Metropolis, $45,000,000.
For the Harrah's riverboat in Joliet, $114,000,000.

For a riverboat in East St. Louis, $48,500,000.
For a riverboat in Elgin, $198,000,000.

"Dormant license" has the meaning ascribed to it in subsection (a-3).

(b) Until January 1, 1998, 25% of the tax revenue deposited in the State Gaming Fund under this Section shall be paid, subject to appropriation by the General Assembly, to the unit of local government which is designated as the home dock of the riverboat. Beginning January 1, 1998, from the tax revenue deposited in the State Gaming Fund under this Section, an amount equal to 5% of adjusted gross receipts generated by a riverboat shall be paid monthly, subject to appropriation by the General Assembly, to the unit of local government that is designated as the home dock of the riverboat. From the tax revenue deposited in the State Gaming Fund pursuant to riverboat gambling operations conducted by a licensed manager on behalf of the State, an amount equal to 5% of adjusted gross receipts generated pursuant to those riverboat gambling operations shall be paid monthly, subject to appropriation by the General Assembly, to the unit of local government that is designated as the home dock of the riverboat upon which those riverboat gambling operations are conducted.

(c) Appropriations, as approved by the General Assembly, may be made from the State Gaming Fund to the Department of Revenue and the Department of State Police for the administration and enforcement of this Act, or to the Department of Human Services for the administration of programs to treat problem gambling.

(c-5) After the payments required under subsections (b) and (c) have been made, an amount equal to 15% of the adjusted gross receipts of (1) an owners licensee that relocates pursuant to Section 11.2, (2) an owners license conducting riverboat gambling operations pursuant to an owners license that is initially issued after June 25, 1999, or (3) the first riverboat gambling operations conducted by a licensed manager on behalf of the State under Section 7.3 7.2, whichever comes first, shall be paid from the...
State Gaming Fund into the Horse Racing Equity Fund.

(c-10) Each year the General Assembly shall appropriate from the General Revenue Fund to the Education Assistance Fund an amount equal to the amount paid into the Horse Racing Equity Fund pursuant to subsection (c-5) in the prior calendar year.

(c-15) After the payments required under subsections (b), (c), and (c-5) have been made, an amount equal to 2% of the adjusted gross receipts of (1) an owners licensee that relocates pursuant to Section 11.2, (2) an owners licensee conducting riverboat gambling operations pursuant to an owners license that is initially issued after June 25, 1999, or (3) the first riverboat gambling operations conducted by a licensed manager on behalf of the State under Section 7.3 7.2, whichever comes first, shall be paid, subject to appropriation from the General Assembly, from the State Gaming Fund to each home rule county with a population of over 3,000,000 inhabitants for the purpose of enhancing the county's criminal justice system.

(c-20) Each year the General Assembly shall appropriate from the General Revenue Fund to the Education Assistance Fund an amount equal to the amount paid to each home rule county with a population of over 3,000,000 inhabitants pursuant to subsection (c-15) in the prior calendar year.

(c-25) After the payments required under subsections (b), (c), (c-5) and (c-15) have been made, an amount equal to 2% of the adjusted gross receipts of (1) an owners licensee that relocates pursuant to Section 11.2, (2) an owners licensee conducting riverboat gambling operations pursuant to an owners license that is initially issued after June 25, 1999, or (3) the first riverboat gambling operations conducted by a licensed manager on behalf of the State under Section 7.3 7.2, whichever comes first, shall be paid from the State Gaming Fund to Chicago State University.

(d) From time to time, the Board shall transfer the remainder of the funds generated by this Act into the Education Assistance Fund, created by Public Act 86-0018, of the State of Illinois.

(e) Nothing in this Act shall prohibit the unit of local government designated as the home dock of the riverboat from entering into agreements with other units of local government in this State or in other states to share its portion of the tax revenue.

(f) To the extent practicable, the Board shall administer and collect the wagering taxes imposed by this Section in a manner consistent with the provisions of Sections 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5i, 5j, 6, 6a, 6b, 6c, 8, 9, and 10 of the Retailers' Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act.

PUBLIC ACT 94-0675
(Senate Bill No. 1910)

AN ACT concerning local government.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Counties Code is amended by adding Section 5-1062.2 as follows:

(55 ILCS 5/5-1062.2 new)

Sec. 5-1062.2. Stormwater management.

(a) The purpose of this Section is to allow management and mitigation of the effects of urbanization on stormwater drainage in the metropolitan counties of Madison, St. Clair, Monroe, Kankakee, Grundy, LaSalle, DeKalb, Kendall, and Boone and references to "county" in this Section apply only to those counties. This Section does not apply to counties in the Northeastern Illinois Planning Commission that are granted authorities in Section 5-1062. The purpose of this Section shall be achieved by:

(1) Consolidating the existing stormwater management framework into a united, countywide structure.

(2) Setting minimum standards for floodplain and stormwater management.

(3) Preparing a countywide plan for the management of stormwater runoff, including the management of natural and man-made drainageways. The countywide plan may incorporate

New matter indicated by italics - deletions by strikeout
watershed plans.

(b) A stormwater management planning committee may be established by county board resolution, with its membership consisting of equal numbers of county board and municipal representatives from each county board district, and such other members as may be determined by the county and municipal members. If the county has more than 6 county board districts, however, the county board may by ordinance divide the county into not less than 6 areas of approximately equal population, to be used instead of county board districts for the purpose of determining representation on the stormwater management planning committee.

The county board members shall be appointed by the chairman of the county board. Municipal members from each county board district or other represented area shall be appointed by a majority vote of the mayors of those municipalities that have the greatest percentage of their respective populations residing in that county board district or other represented area. All municipal and county board representatives shall be entitled to a vote; the other members shall be nonvoting members, unless authorized to vote by the unanimous consent of the municipal and county board representatives. A municipality that is located in more than one county may choose, at the time of formation of the stormwater management planning committee and based on watershed boundaries, to participate in the stormwater management planning program of either or both of the counties. Subcommittees of the stormwater management planning committee may be established to serve a portion of the county or a particular drainage basin that has similar stormwater management needs. The stormwater management planning committee shall adopt bylaws, by a majority vote of the county and municipal members, to govern the functions of the committee and its subcommittees. Officers of the committee shall include a chair and vice chair, one of whom shall be a county representative and one a municipal representative.

The principal duties of the committee shall be to develop a stormwater management plan for presentation to and approval by the county board, and to direct the plan's implementation and revision. The committee may retain engineering, legal, and financial advisors and inspection personnel. The committee shall meet at least quarterly and shall hold at least one public meeting during the preparation of the plan and prior to its submittal to the county board. The committee may make grants to units of local government that have adopted an ordinance requiring actions consistent with the stormwater management plan and to landowners for the

New matter indicated by italics - deletions by strikeout
purposes of stormwater management, including special projects; use of the grant money must be consistent with the stormwater management plan.

The committee shall not have or exercise any power of eminent domain.

(c) In the preparation of a stormwater management plan, a county stormwater management planning committee shall coordinate the planning process with each adjoining county to ensure that recommended stormwater projects will have no significant impact on the levels or flows of stormwaters in inter-county watersheds or on the capacity of existing and planned stormwater retention facilities. An adopted stormwater management plan shall identify steps taken by the county to coordinate the development of plan recommendations with adjoining counties.

(d) The stormwater management committee may not enforce any rules or regulations that would interfere with (i) any power granted by the Illinois Drainage Code (70 ILCS 605/) to operate, construct, maintain, or improve drainage systems or (ii) the ability to operate, maintain, or improve the drainage systems used on or by land or a facility used for production agriculture purposes, as defined in the Use Tax Act (35 ILCS 105/), except newly constructed buildings and newly installed impervious paved surfaces. Disputes regarding an exception shall be determined by a mutually agreed upon arbitrator paid by the disputing party or parties.

(e) Before the stormwater management planning committee recommends to the county board a stormwater management plan for the county or a portion thereof, it shall submit the plan to the Office of Water Resources of the Department of Natural Resources for review and recommendations. The Office, in reviewing the plan, shall consider such factors as impacts on the levels or flows in rivers and streams and the cumulative effects of stormwater discharges on flood levels. The Office of Water Resources shall determine whether the plan or ordinances enacted to implement the plan complies with the requirements of subsection (f). Within a period not to exceed 60 days, the review comments and recommendations shall be submitted to the stormwater management planning committee for consideration. Any amendments to the plan shall be submitted to the Office for review.

(f) Prior to recommending the plan to the county board, the stormwater management planning committee shall hold at least one public hearing thereon and shall afford interested persons an opportunity to be heard. The hearing shall be held in the county seat. Notice of the hearing shall be published at least once no less than 15 days in advance of the
hearing in a newspaper of general circulation published in the county. The
notice shall state the time and place of the hearing and the place where
copies of the proposed plan will be accessible for examination by interested
parties. If an affected municipality having a stormwater management plan
adopted by ordinance wishes to protest the proposed county plan provisions,
it shall appear at the hearing and submit in writing specific proposals to the
stormwater management planning committee. After consideration of the
matters raised at the hearing, the committee may amend or approve the plan
and recommend it to the county board for adoption.

The county board may enact the proposed plan by ordinance. If the
proposals for modification of the plan made by an affected municipality
having a stormwater management plan are not included in the proposed
county plan, and the municipality affected by the plan opposes adoption of
the county plan by resolution of its corporate authorities, approval of the
county plan shall require an affirmative vote of at least two-thirds of the
county board members present and voting. If the county board wishes to
amend the county plan, it shall submit in writing specific proposals to the
stormwater management planning committee. If the proposals are not
approved by the committee, or are opposed by resolution of the corporate
authorities of an affected municipality having a municipal stormwater
management plan, amendment of the plan shall require an affirmative vote
of at least two-thirds of the county board members present and voting.

(g) The county board may prescribe by ordinance reasonable rules
and regulations for floodplain management and for governing the location,
width, course, and release rate of all stormwater runoff channels, streams,
and basins in the county, in accordance with the adopted stormwater
management plan. Land, facilities, and drainage district facilities used for
production agriculture as defined in subsection (d) shall not be subjected to
regulation by the county board or stormwater management committee under
this Section for floodplain management and for governing location, width,
course, maintenance, and release rate of stormwater runoff channels,
streams and basins, or water discharged from a drainage district. These
rules and regulations shall, at a minimum, meet the standards for floodplain
management established by the Office of Water Resources and the
requirements of the Federal Emergency Management Agency for
participation in the National Flood Insurance Program. The Commission
may not impose more stringent regulations regarding water quality on
entities discharging in accordance with a valid National Pollution Discharge
Elimination System permit issued under the Environmental Protection Act.

New matter indicated by italics - deletions by strikeout
(h) In accordance with, and if recommended in, the adopted stormwater management plan, the county board may adopt a schedule of fees as may be necessary to mitigate the effects of increased stormwater runoff resulting from new development based on actual costs. The fees shall not exceed the cost of satisfying the onsite stormwater retention or detention requirements of the adopted stormwater management plan. The fees shall be used to finance activities undertaken by the county or its included municipalities to mitigate the effects of urban stormwater runoff by providing regional stormwater retention or detention facilities, as identified in the county plan. The county board shall provide for a credit or reduction in fees for any onsite retention, detention, drainage district assessments, or other similar stormwater facility that the developer is required to construct consistent with the stormwater management ordinance. All these fees collected by the county shall be held in a separate fund, and shall be expended only in the watershed within which they were collected.

(i) For the purpose of implementing this Section and for the development, design, planning, construction, operation, and maintenance of stormwater facilities provided for in the stormwater management plan, a county board that has established a stormwater management planning committee pursuant to this Section may cause an annual tax of not to exceed 0.20% of the value, as equalized or assessed by the Department of Revenue, of all taxable property in the county to be levied upon all the taxable property in the county or occupation and use taxes of 1/10 of one cent. The property tax shall be in addition to all other taxes authorized by law to be levied and collected in the county and shall be in addition to the maximum tax rate authorized by law for general county purposes. The 0.20% limitation provided in this Section may be increased or decreased by referendum in accordance with the provisions of Sections 18-120, 18-125, and 18-130 of the Property Tax Code (35 ILCS 200/).

Any revenues generated as a result of ownership or operation of facilities or land acquired with the tax funds collected pursuant to this subsection shall be held in a separate fund and be used either to abate such property tax or for implementing this Section.

However, the tax authorized by this subsection shall not be levied until the question of its adoption, either for a specified period or indefinitely, has been submitted to the electors thereof and approved by a majority of those voting on the question. This question may be submitted at any election held in the county after the adoption of a resolution by the county board providing for the submission of the question to the electors of the county. The
county board shall certify the resolution and proposition to the proper election officials, who shall submit the proposition at an election in accordance with the general election law. If a majority of the votes cast on the question is in favor of the levy of the tax, it may thereafter be levied in the county for the specified period or indefinitely, as provided in the proposition. The question shall be put in substantially the following form:

   Shall an annual tax be levied for stormwater management purposes (for a period of not more than ..... years) at a rate not exceeding .....% of the equalized assessed value of the taxable property of ..... County?

Or this question may be submitted at any election held in the county after the adoption of a resolution by the county board providing for the submission of the question to the electors of the county to authorize use and occupation taxes of 1/10 of one cent:

   Shall use and occupation taxes be raised for stormwater management purposes (for a period of not more than ..... years) at a rate of 1/10 of one cent for taxable goods in ..... County?

Votes shall be recorded as Yes or No.

(j) For those counties that adopt a property tax in accordance with the provisions in this Section, the stormwater management committee shall offer property tax abatements or incentive payments to property owners who construct, maintain, and use approved stormwater management devices. For those counties that adopt use and occupation taxes in accordance with the provisions of this Section, the stormwater management committee may offer tax rebates or incentive payments to property owners who construct, maintain, and use approved stormwater management devices. The stormwater management committee is authorized to offer credits to the property tax, if applicable, based on authorized practices consistent with the stormwater management plan and approved by the committee. Expenses of staff of a stormwater management committee that are expended on regulatory project review may be no more than 20% of the annual budget of the committee, including funds raised under subsections (h) and (i).

(k) Any county that has adopted a county stormwater management plan under this Section may, after 10 days written notice receiving consent of the owner or occupant, enter upon any lands or waters within the county for the purpose of inspecting stormwater facilities or causing the removal of any obstruction to an affected watercourse. If consent is denied or cannot be reasonably obtained, the county ordinance shall provide a process or procedure for an administrative warrant to be obtained. The county shall be
responsible for any damages occasioned thereby.

(l) Upon petition of the municipality, and based on a finding of the stormwater management planning committee, the county shall not enforce rules and regulations adopted by the county in any municipality located wholly or partly within the county that has a municipal stormwater management ordinance that is consistent with and at least as stringent as the county plan and ordinance, and is being enforced by the municipal authorities. On issues that the county ordinance is more stringent as deemed by the committee, the county shall only enforce rules and regulations adopted by the county on the more stringent issues and accept municipal permits. The county shall have no more than 60 days to review permits or the permits shall be deemed approved.

(m) A county may issue general obligation bonds for implementing any stormwater plan adopted under this Section in the manner prescribed in Section 5-1012; except that the referendum requirement of Section 5-1012 does not apply to bonds issued pursuant to this Section on which the principal and interest are to be paid entirely out of funds generated by the taxes and fees authorized by this Section.

(n) The powers authorized by this Section may be implemented by the county board for a portion of the county subject to similar stormwater management needs.

(o) The powers and taxes authorized by this Section are in addition to the powers and taxes authorized by Division 5-15; in exercising its powers under this Section, a county shall not be subject to the restrictions and requirements of that Division.

PUBLIC ACT 94-0677
(Senate Bill No. 0475)

AN ACT concerning insurance.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

ARTICLE 1. FINDINGS
Section 101. Findings. The General Assembly finds as follows:

(1) The increasing cost of medical liability insurance results in increased financial burdens on physicians and hospitals.

(2) The increasing cost of medical liability insurance in Illinois is believed to have contributed to the reduction of the availability of medical care in portions of the State and is believed to have discouraged some medical students from choosing Illinois as the place they will receive their medical education and practice medicine.

(3) The public would benefit from making the services of hospitals and physicians more available.

(4) This health care crisis, which endangers the public health, safety, and welfare of the citizens of Illinois, requires significant reforms to the civil justice system currently endangering health care

for citizens of Illinois. Limiting non-economic damages is one of these significant reforms designed to benefit the people of the State of Illinois. An increasing number of citizens or municipalities are enacting ordinances that limit damages and help maintain the health care delivery system in Illinois and protect the health, safety, and welfare of the people of Illinois.

(5) In order to preserve the public health, safety, and welfare of the people of Illinois, the current medical malpractice situation requires reforms that enhance the State's oversight of physicians and ability to discipline physicians, that increase the State's oversight of medical liability insurance carriers, that reduce the number of nonmeritorious healing art malpractice actions, that limit non-economic damages in healing art malpractice actions, that encourage physicians to provide voluntary services at free medical clinics, that encourage physicians and hospitals to continue providing health care services in Illinois, and that encourage physicians to practice in medical care shortage areas.

ARTICLE 3. AMENDATORY PROVISIONS

Section 310. The Illinois Insurance Code is amended by changing Sections 155.18, 155.19, and 1204 and by adding Section 155.18a as follows:

(215 ILCS 5/155.18) (from Ch. 73, par. 767.18)

Sec. 155.18. (a) This Section shall apply to insurance on risks based upon negligence by a physician, hospital or other health care provider, referred to herein as medical liability insurance. This Section shall not apply to contracts of reinsurance, nor to any farm, county, district or township mutual insurance company transacting business under an Act entitled "An Act relating to local mutual district, county and township insurance companies", approved March 13, 1936, as now or hereafter amended, nor to any such company operating under a special charter.

(b) The following standards shall apply to the making and use of rates pertaining to all classes of medical liability insurance:

(1) Rates shall not be excessive or inadequate, as herein defined, nor shall they be unfairly discriminatory. No rate shall be held to be excessive unless such rate is unreasonably high for the insurance provided, and a reasonable degree of competition does not exist in the area with respect to the classification to which such rate is applicable.

No rate shall be held inadequate unless it is unreasonably low for the insurance provided and continued use of it would endanger

solvency of the company.

(2) Consideration shall be given, to the extent applicable, to past and prospective loss experience within and outside this State, to a reasonable margin for underwriting profit and contingencies, to past and prospective expenses both countrywide and those especially applicable to this State, and to all other factors, including judgment factors, deemed relevant within and outside this State.

Consideration may also be given in the making and use of rates to dividends, savings or unabsorbed premium deposits allowed or returned by companies to their policyholders, members or subscribers.

(3) The systems of expense provisions included in the rates for use by any company or group of companies may differ from those of other companies or groups of companies to reflect the operating methods of any such company or group with respect to any kind of insurance, or with respect to any subdivision or combination thereof.

(4) Risks may be grouped by classifications for the establishment of rates and minimum premiums. Classification rates may be modified to produce rates for individual risks in accordance with rating plans which establish standards for measuring variations in hazards or expense provisions, or both. Such standards may measure any difference among risks that have a probable effect upon losses or expenses. Such classifications or modifications of classifications of risks may be established based upon size, expense, management, individual experience, location or dispersion of hazard, or any other reasonable considerations and shall apply to all risks under the same or substantially the same circumstances or conditions. The rate for an established classification should be related generally to the anticipated loss and expense factors of the class.

c (1) Every company writing medical liability insurance shall file with the Secretary of Financial and Professional Regulation Director of Insurance the rates and rating schedules it uses for medical liability insurance. A rate shall go into effect upon filing, except as otherwise provided in this Section.

(2) If (i) 1% of a company's insureds within a specialty or 25 of the company's insureds (whichever is greater) request a public hearing, (ii) the Secretary at his or her discretion decides to convene a public hearing, or (iii) the percentage increase in a company's rate is greater than 6%, then the Secretary shall convene a public hearing in accordance with this paragraph

New matter indicated by italics - deletions by strikeout
(2). The Secretary shall notify the public of any application by an insurer for a rate increase to which this paragraph (2) applies. A public hearing under this paragraph (2) must be concluded within 90 days after the request, decision, or increase that gave rise to the hearing. The Secretary may, by order, adjust a rate or take any other appropriate action at the conclusion of the hearing.

(3) A rate filing shall occur upon a company's commencement of medical liability insurance business in this State at least annually and thereafter as often as the rates are changed or amended.

(4) (2) For the purposes of this Section, any change in premium to the company's insureds as a result of a change in the company's base rates or a change in its increased limits factors shall constitute a change in rates and shall require a filing with the Secretary Director.

(5) (3) It shall be certified in such filing by an officer of the company and a qualified actuary that the company's rates are based on sound actuarial principles and are not inconsistent with the company's experience. The Secretary may request any additional statistical data and other pertinent information necessary to determine the manner the company used to set the filed rates and the reasonableness of those rates. This data and information shall be made available, on a company-by-company basis, to the general public.

(d) If after a public hearing the Secretary Director finds:

(1) that any rate, rating plan or rating system violates the provisions of this Section applicable to it, he shall may issue an order to the company which has been the subject of the hearing specifying in what respects such violation exists and, in that order, may adjust the rate stating when, within a reasonable period of time, the further use of such rate or rating system by such company in contracts of insurance made thereafter shall be prohibited;

(2) that the violation of any of the provisions of this Section applicable to it by any company which has been the subject of the hearing was wilful or that any company has repeatedly violated any provision of this Section, he may take either or both of the following actions:

   (A) Suspend or revoke, in whole or in part, the certificate of authority of such company with respect to the class of insurance which has been the subject of the hearing.

   (B) Impose a penalty of up to $1,000 against the
company for each violation. Each day during which a violation occurs constitutes a separate violation.

The burden is on the company to justify the rate or proposed rate at the public hearing.

(e) Every company writing medical liability insurance in this State shall offer to each of its medical liability insureds the option to make premium payments in quarterly installments as prescribed by and filed with the Secretary. This offer shall be included in the initial offer or in the first policy renewal occurring after the effective date of this amendatory Act of the 94th General Assembly, but no earlier than January 1, 2006.

(f) Every company writing medical liability insurance is encouraged, but not required, to offer the opportunity for participation in a plan offering deductibles to its medical liability insureds. Any plan to offer deductibles shall be filed with the Department.

(g) Every company writing medical liability insurance is encouraged, but not required, to offer their medical liability insureds a plan providing premium discounts for participation in risk management activities. Any such plan shall be reported to the Department.

(h) A company writing medical liability insurance in Illinois must give 180 days' notice before the company discontinues the writing of medical liability insurance in Illinois.

Except for the grounds numbered (8), (9), (26), and (29), no action shall be commenced more than 10 years after the date of the incident or act alleged to have violated this Section. For actions involving the ground numbered (26), a pattern of practice or other behavior includes all incidents alleged to be part of the pattern of practice or other behavior that occurred or a report pursuant to Section 23 of this Act received within the 10-year period preceding the filing of the complaint. In the event of the settlement of any claim or cause of action in favor of the claimant or the reduction to final judgment of any civil action in favor of the plaintiff, such claim, cause of action or civil action being grounded on the allegation that a person licensed under this Act was negligent in providing care, the Department shall have an additional period of 2 years one year from the date of notification to the Department under Section 23 of this Act of such settlement or final judgment in which to investigate and commence formal disciplinary proceedings under Section 36 of this Act, except as otherwise provided by law. The time during
which the holder of the license was outside the State of Illinois shall not be included within any period of time limiting the commencement of disciplinary action by the Department.

The entry of an order or judgment by any circuit court establishing that any person holding a license under this Act is a person in need of mental treatment operates as a suspension of that license. That person may resume their practice only upon the entry of a Departmental order based upon a finding by the Medical Disciplinary Board that they have been determined to be recovered from mental illness by the court and upon the Disciplinary Board's recommendation that they be permitted to resume their practice.

The Department may refuse to issue or take disciplinary action concerning the license of any person who fails to file a return, or to pay the tax, penalty or interest shown in a filed return, or to pay any final assessment of tax, penalty or interest, as required by any tax Act administered by the Illinois Department of Revenue, until such time as the requirements of any such tax Act are satisfied as determined by the Illinois Department of Revenue.

The Department, upon the recommendation of the Disciplinary Board, shall adopt rules which set forth standards to be used in determining:

(a) when a person will be deemed sufficiently rehabilitated to warrant the public trust;

(b) what constitutes dishonorable, unethical or unprofessional conduct of a character likely to deceive, defraud, or harm the public;

(c) what constitutes immoral conduct in the commission of any act, including, but not limited to, commission of an act of sexual misconduct related to the licensee's practice; and

(d) what constitutes gross negligence in the practice of medicine.

However, no such rule shall be admissible into evidence in any civil action except for review of a licensing or other disciplinary action under this Act.

In enforcing this Section, the Medical Disciplinary Board, upon a showing of a possible violation, may compel any individual licensed to practice under this Act, or who has applied for licensure or a permit pursuant to this Act, to submit to a mental or physical examination, or both, as required by and at the expense of the Department. The examining physician or physicians shall be those specifically designated by the Disciplinary Board. The Medical Disciplinary Board or the Department may order the examining physician to present testimony concerning this mental or physical examination.
examination of the licensee or applicant. No information shall be excluded by reason of any common law or statutory privilege relating to communication between the licensee or applicant and the examining physician. The individual to be examined may have, at his or her own expense, another physician of his or her choice present during all aspects of the examination. Failure of any individual to submit to mental or physical examination, when directed, shall be grounds for suspension of his or her license until such time as the individual submits to the examination if the Disciplinary Board finds, after notice and hearing, that the refusal to submit to the examination was without reasonable cause. If the Disciplinary Board finds a physician unable to practice because of the reasons set forth in this Section, the Disciplinary Board shall require such physician to submit to care, counseling, or treatment by physicians approved or designated by the Disciplinary Board, as a condition for continued, reinstated, or renewed licensure to practice. Any physician, whose license was granted pursuant to Sections 9, 17, or 19 of this Act, or, continued, reinstated, renewed, disciplined or supervised, subject to such terms, conditions or restrictions who shall fail to comply with such terms, conditions or restrictions, or to complete a required program of care, counseling, or treatment, as determined by the Chief Medical Coordinator or Deputy Medical Coordinators, shall be referred to the Secretary Director for a determination as to whether the licensee shall have their license suspended immediately, pending a hearing by the Disciplinary Board. In instances in which the Secretary Director immediately suspends a license under this Section, a hearing upon such person's license must be convened by the Disciplinary Board within 15 days after such suspension and completed without appreciable delay. The Disciplinary Board shall have the authority to review the subject physician's record of treatment and counseling regarding the impairment, to the extent permitted by applicable federal statutes and regulations safeguarding the confidentiality of medical records.

An individual licensed under this Act, affected under this Section, shall be afforded an opportunity to demonstrate to the Disciplinary Board that they can resume practice in compliance with acceptable and prevailing standards under the provisions of their license.

The Department may promulgate rules for the imposition of fines in disciplinary cases, not to exceed $10,000 $5,000 for each violation of this Act. Fines may be imposed in conjunction with other forms of disciplinary action, but shall not be the exclusive disposition of any disciplinary action arising out of conduct resulting in death or injury to a patient. Any funds
collected from such fines shall be deposited in the Medical Disciplinary Fund.

(B) The Department shall revoke the license or visiting permit of any person issued under this Act to practice medicine or to treat human ailments without the use of drugs and without operative surgery, who has been convicted a second time of committing any felony under the Illinois Controlled Substances Act, or who has been convicted a second time of committing a Class 1 felony under Sections 8A-3 and 8A-6 of the Illinois Public Aid Code. A person whose license or visiting permit is revoked under this subsection B of Section 22 of this Act shall be prohibited from practicing medicine or treating human ailments without the use of drugs and without operative surgery.

(C) The Medical Disciplinary Board shall recommend to the Department civil penalties and any other appropriate discipline in disciplinary cases when the Board finds that a physician willfully performed an abortion with actual knowledge that the person upon whom the abortion has been performed is a minor or an incompetent person without notice as required under the Parental Notice of Abortion Act of 1995. Upon the Board's recommendation, the Department shall impose, for the first violation, a civil penalty of $1,000 and for a second or subsequent violation, a civil penalty of $5,000.

(Section scheduled to be repealed on January 1, 2007)
Sec. 23. Reports relating to professional conduct and capacity.
(A) Entities required to report.

(1) Health care institutions. The chief administrator or executive officer of any health care institution licensed by the Illinois Department of Public Health shall report to the Disciplinary Board when any person's clinical privileges are terminated or are restricted based on a final determination, in accordance with that institution's by-laws or rules and regulations, that a person has either committed an act or acts which may directly threaten patient care, and not of an administrative nature, or that a person may be mentally or physically disabled in such a manner as to endanger patients under that person's care. Such officer also shall report if a person accepts voluntary termination or restriction of clinical privileges in lieu of formal action based upon conduct related directly to patient care and not of an
administrative nature, or in lieu of formal action seeking to determine whether a person may be mentally or physically disabled in such a manner as to endanger patients under that person's care. The Medical Disciplinary Board shall, by rule, provide for the reporting to it of all instances in which a person, licensed under this Act, who is impaired by reason of age, drug or alcohol abuse or physical or mental impairment, is under supervision and, where appropriate, is in a program of rehabilitation. Such reports shall be strictly confidential and may be reviewed and considered only by the members of the Disciplinary Board, or by authorized staff as provided by rules of the Disciplinary Board. Provisions shall be made for the periodic report of the status of any such person not less than twice annually in order that the Disciplinary Board shall have current information upon which to determine the status of any such person. Such initial and periodic reports of impaired physicians shall not be considered records within the meaning of The State Records Act and shall be disposed of, following a determination by the Disciplinary Board that such reports are no longer required, in a manner and at such time as the Disciplinary Board shall determine by rule. The filing of such reports shall be construed as the filing of a report for purposes of subsection (C) of this Section.

(2) Professional associations. The President or chief executive officer of any association or society, of persons licensed under this Act, operating within this State shall report to the Disciplinary Board when the association or society renders a final determination that a person has committed unprofessional conduct related directly to patient care or that a person may be mentally or physically disabled in such a manner as to endanger patients under that person's care.

(3) Professional liability insurers. Every insurance company which offers policies of professional liability insurance to persons licensed under this Act, or any other entity which seeks to indemnify the professional liability of a person licensed under this Act, shall report to the Disciplinary Board the settlement of any claim or cause of action, or final judgment rendered in any cause of action, which alleged negligence in the furnishing of medical care by such licensed person when such settlement or final judgment is in favor of the plaintiff.

(4) State's Attorneys. The State's Attorney of each county shall report to the Disciplinary Board all instances in which a person
licensed under this Act is convicted or otherwise found guilty of the commission of any felony. The State's Attorney of each county may report to the Disciplinary Board through a verified complaint any instance in which the State's Attorney believes that a physician has willfully violated the notice requirements of the Parental Notice of Abortion Act of 1995.

(5) State agencies. All agencies, boards, commissions, departments, or other instrumentalities of the government of the State of Illinois shall report to the Disciplinary Board any instance arising in connection with the operations of such agency, including the administration of any law by such agency, in which a person licensed under this Act has either committed an act or acts which may be a violation of this Act or which may constitute unprofessional conduct related directly to patient care or which indicates that a person licensed under this Act may be mentally or physically disabled in such a manner as to endanger patients under that person's care.

(B) Mandatory reporting. All reports required by items (34), (35), and (36) of subsection (A) of Section 22 and by Section 23 shall be submitted to the Disciplinary Board in a timely fashion. The reports shall be filed in writing within 60 days after a determination that a report is required under this Act. All reports shall contain the following information:

(1) The name, address and telephone number of the person making the report.

(2) The name, address and telephone number of the person who is the subject of the report.

(3) The name and date of birth or other means of identification of any patient or patients whose treatment is a subject of the report, if available, or other means of identification if such information is not available, identification of the hospital or other healthcare facility where the care at issue in the report was rendered, provided, however, no medical records may be revealed without the written consent of the patient or patients.

(4) A brief description of the facts which gave rise to the issuance of the report, including the dates of any occurrences deemed to necessitate the filing of the report.

(5) If court action is involved, the identity of the court in which the action is filed, along with the docket number and date of filing of the action.

(6) Any further pertinent information which the reporting
party deems to be an aid in the evaluation of the report.

The Department shall have the right to inform patients of the right to provide written consent for the Department to obtain copies of hospital and medical records. The Disciplinary Board or Department may also exercise the power under Section 38 of this Act to subpoena copies of hospital or medical records in mandatory report cases alleging death or permanent bodily injury when consent to obtain records is not provided by a patient or legal representative. Appropriate rules shall be adopted by the Department with the approval of the Disciplinary Board.

When the Department has received written reports concerning incidents required to be reported in items (34), (35), and (36) of subsection (A) of Section 22, the licensee's failure to report the incident to the Department under those items shall not be the sole grounds for disciplinary action.

Nothing contained in this Section shall act to in any way, waive or modify the confidentiality of medical reports and committee reports to the extent provided by law. Any information reported or disclosed shall be kept for the confidential use of the Disciplinary Board, the Medical Coordinators, the Disciplinary Board's attorneys, the medical investigative staff, and authorized clerical staff, as provided in this Act, and shall be afforded the same status as is provided information concerning medical studies in Part 21 of Article VIII of the Code of Civil Procedure, except that the Department may disclose information and documents to a federal, State, or local law enforcement agency pursuant to a subpoena in an ongoing criminal investigation. Furthermore, information and documents disclosed to a federal, State, or local law enforcement agency may be used by that agency only for the investigation and prosecution of a criminal offense.

(C) Immunity from prosecution. Any individual or organization acting in good faith, and not in a wilful and wanton manner, in complying with this Act by providing any report or other information to the Disciplinary Board or a peer review committee, or assisting in the investigation or preparation of such information, or by voluntarily reporting to the Disciplinary Board or a peer review committee information regarding alleged errors or negligence by a person licensed under this Act, or by participating in proceedings of the Disciplinary Board or a peer review committee, or by serving as a member of the Disciplinary Board or a peer review committee, shall not, as a result of such actions, be subject to criminal prosecution or civil damages.

(D) Indemnification. Members of the Disciplinary Board, the Medical Coordinators, the Disciplinary Board's attorneys, the medical investigative
staff, physicians retained under contract to assist and advise the medical coordinators in the investigation, and authorized clerical staff shall be indemnified by the State for any actions occurring within the scope of services on the Disciplinary Board, done in good faith and not wilful and wanton in nature. The Attorney General shall defend all such actions unless he or she determines either that there would be a conflict of interest in such representation or that the actions complained of were not in good faith or were wilful and wanton.

Should the Attorney General decline representation, the member shall have the right to employ counsel of his or her choice, whose fees shall be provided by the State, after approval by the Attorney General, unless there is a determination by a court that the member's actions were not in good faith or were wilful and wanton.

The member must notify the Attorney General within 7 days of receipt of notice of the initiation of any action involving services of the Disciplinary Board. Failure to so notify the Attorney General shall constitute an absolute waiver of the right to a defense and indemnification.

The Attorney General shall determine within 7 days after receiving such notice, whether he or she will undertake to represent the member.

(E) Deliberations of Disciplinary Board. Upon the receipt of any report called for by this Act, other than those reports of impaired persons licensed under this Act required pursuant to the rules of the Disciplinary Board, the Disciplinary Board shall notify in writing, by certified mail, the person who is the subject of the report. Such notification shall be made within 30 days of receipt by the Disciplinary Board of the report.

The notification shall include a written notice setting forth the person's right to examine the report. Included in such notification shall be the address at which the file is maintained, the name of the custodian of the reports, and the telephone number at which the custodian may be reached. The person who is the subject of the report shall submit a written statement responding, clarifying, adding to, or proposing the amending of the report previously filed. The person who is the subject of the report shall also submit with the written statement any medical records related to the report. The statement and accompanying medical records shall become a permanent part of the file and must be received by the Disciplinary Board no more than 30 days after the date on which the person was notified by the Disciplinary Board of the existence of the original report.

The Disciplinary Board shall review all reports received by it, together with any supporting information and responding statements submitted by
persons who are the subject of reports. The review by the Disciplinary Board shall be in a timely manner but in no event, shall the Disciplinary Board's initial review of the material contained in each disciplinary file be less than 61 days nor more than 180 days after the receipt of the initial report by the Disciplinary Board.

When the Disciplinary Board makes its initial review of the materials contained within its disciplinary files, the Disciplinary Board shall, in writing, make a determination as to whether there are sufficient facts to warrant further investigation or action. Failure to make such determination within the time provided shall be deemed to be a determination that there are not sufficient facts to warrant further investigation or action.

Should the Disciplinary Board find that there are not sufficient facts to warrant further investigation, or action, the report shall be accepted for filing and the matter shall be deemed closed and so reported to the Secretary Director. The Secretary Director shall then have 30 days to accept the Medical Disciplinary Board's decision or request further investigation. The Secretary Director shall inform the Board in writing of the decision to request further investigation, including the specific reasons for the decision. The individual or entity filing the original report or complaint and the person who is the subject of the report or complaint shall be notified in writing by the Secretary Director of any final action on their report or complaint.

(F) Summary reports. The Disciplinary Board shall prepare, on a timely basis, but in no event less than one every other month, a summary report of final actions taken upon disciplinary files maintained by the Disciplinary Board. The summary reports shall be sent by the Disciplinary Board to every health care facility licensed by the Illinois Department of Public Health, every professional association and society of persons licensed under this Act functioning on a statewide basis in this State, the American Medical Association, the American Osteopathic Association, the American Chiropractic Association, all insurers providing professional liability insurance to persons licensed under this Act in the State of Illinois, the Federation of State Medical Licensing Boards, and the Illinois Pharmacists Association.

(G) Any violation of this Section shall be a Class A misdemeanor.

(H) If any such person violates the provisions of this Section an action may be brought in the name of the People of the State of Illinois, through the Attorney General of the State of Illinois, for an order enjoining such violation or for an order enforcing compliance with this Section. Upon filing of a verified petition in such court, the court may issue a temporary restraining

order without notice or bond and may preliminarily or permanently enjoin such violation, and if it is established that such person has violated or is violating the injunction, the court may punish the offender for contempt of court. Proceedings under this paragraph shall be in addition to, and not in lieu of, all other remedies and penalties provided for by this Section.

(Section scheduled to be repealed on January 1, 2007)

Sec. 36. Upon the motion of either the Department or the Disciplinary Board or upon the verified complaint in writing of any person setting forth facts which, if proven, would constitute grounds for suspension or revocation under Section 22 of this Act, the Department shall investigate the actions of any person, so accused, who holds or represents that they hold a license. (a) In any action, whether in tort, contract or otherwise, in which the

New matter indicated by italics - deletions by strikeout
plaintiff seeks damages for injuries or death by reason of medical, hospital, or other healing art malpractice, the plaintiff's attorney or the plaintiff, if the plaintiff is proceeding pro se, shall file an affidavit, attached to the original and all copies of the complaint, declaring one of the following:

1. That the affiant has consulted and reviewed the facts of the case with a health professional who the affiant reasonably believes: (i) is knowledgeable in the relevant issues involved in the particular action; (ii) practices or has practiced within the last 5 6 years or teaches or has taught within the last 5 6 years in the same area of health care or medicine that is at issue in the particular action; and (iii) meets the expert witness standards set forth in paragraphs (a) through (d) of Section 8-2501; is qualified by experience or demonstrated competence in the subject of the case; that the reviewing health professional has determined in a written report, after a review of the medical record and other relevant material involved in the particular action that there is a reasonable and meritorious cause for the filing of such action; and that the affiant has concluded on the basis of the reviewing health professional's review and consultation that there is a reasonable and meritorious cause for filing of such action. A single written report must be filed to cover each defendant in the action. As to defendants who are individuals, the affidavit is filed as to a defendant who is a physician licensed to treat human ailments without the use of drugs or medicines and without operative surgery, a dentist, a podiatrist, a psychologist, or a naprapath. The written report must be from a health professional licensed in the same profession, with the same class of license, as the defendant. For written reports affidavits filed as to all other defendants, who are not individuals, the written report must be from a physician licensed to practice medicine in all its branches who is qualified by experience with the standard of care, methods, procedures and treatments relevant to the allegations at issue in the case. In either event, the written report affidavit must identify the profession of the reviewing health professional. A copy of the written report, clearly identifying the plaintiff and the reasons for the reviewing health professional's determination that a reasonable and meritorious cause for the filing of the action exists, including the reviewing health care professional's name, address, current license number, and state of licensure, must be attached to the affidavit; but information which would identify the reviewing health professional

may be deleted from the copy so attached. Information regarding the preparation of a written report by the reviewing health professional shall not be used to discriminate against that professional in the issuance of medical liability insurance or in the setting of that professional’s medical liability insurance premium. No professional organization may discriminate against a reviewing health professional on the basis that the reviewing health professional has prepared a written report.

2. That the affiant was unable to obtain a consultation required by paragraph 1 because a statute of limitations would impair the action and the consultation required could not be obtained before the expiration of the statute of limitations. If an affidavit is executed pursuant to this paragraph, the affidavit certificate and written report required by paragraph 1 shall be filed within 90 days after the filing of the complaint. No additional 90-day extensions pursuant to this paragraph shall be granted, except where there has been a withdrawal of the plaintiff’s counsel. The defendant shall be excused from answering or otherwise pleading until 30 days after being served with an affidavit and a report a certificate required by paragraph 1.

3. That a request has been made by the plaintiff or his attorney for examination and copying of records pursuant to Part 20 of Article VIII of this Code and the party required to comply under those Sections has failed to produce such records within 60 days of the receipt of the request. If an affidavit is executed pursuant to this paragraph, the affidavit certificate and written report required by paragraph 1 shall be filed within 90 days following receipt of the requested records. All defendants except those whose failure to comply with Part 20 of Article VIII of this Code is the basis for an affidavit under this paragraph shall be excused from answering or otherwise pleading until 30 days after being served with the affidavit and report certificate required by paragraph 1.

(b) Where an affidavit a certificate and written report are required pursuant to this Section a separate affidavit certificate and written report shall be filed as to each defendant who has been named in the complaint and shall be filed as to each defendant named at a later time.

(c) Where the plaintiff intends to rely on the doctrine of "res ipsa loquitur", as defined by Section 2-1113 of this Code, the affidavit certificate and written report must state that, in the opinion of the reviewing health professional, negligence has occurred in the course of medical treatment. The
(d) When the attorney intends to rely on the doctrine of failure to inform of the consequences of the procedure, the attorney shall certify upon the filing of the complaint that the reviewing health professional has, after reviewing the medical record and other relevant materials involved in the particular action, concluded that a reasonable health professional would have informed the patient of the consequences of the procedure.

(e) Allegations and denials in the affidavit, made without reasonable cause and found to be untrue, shall subject the party pleading them or his attorney, or both, to the payment of reasonable expenses, actually incurred by the other party by reason of the untrue pleading, together with reasonable attorneys' fees to be summarily taxed by the court upon motion made within 30 days of the judgment or dismissal. In no event shall the award for attorneys' fees and expenses exceed those actually paid by the moving party, including the insurer, if any. In proceedings under this paragraph (e), the moving party shall have the right to depose and examine any and all reviewing health professionals who prepared reports used in conjunction with an affidavit required by this Section.

(f) A reviewing health professional who in good faith prepares a report used in conjunction with an affidavit required by this Section shall have civil immunity from liability which otherwise might result from the preparation of such report.

(g) The failure of the plaintiff to file an affidavit and report in compliance with the certificate required by this Section shall be grounds for dismissal under Section 2-619.

(h) This Section does not apply to or affect any actions pending at the time of its effective date, but applies to cases filed on or after its effective date.

plaintiff’s favor for a plaintiff’s future medical expenses and costs of life care
is reached, either party in a medical malpractice action may elect, or the
court may enter an order, to have the payment of the plaintiff’s future medical
expenses and costs of life care made under this Section.

(b) In all cases in which a defendant in a medical malpractice action
is found liable for the plaintiff’s future medical expenses and costs of care, the

1. the present cash value of the plaintiff’s future medical
expenses and costs of life care;

2. the current year annual cost of the plaintiff’s future

needs of the plaintiff. The jury shall not be informed of an election to pay for
future medical expenses and costs of life care by purchasing an annuity.

(c) When an election is made to pay for future medical expenses and
costs of life care by purchasing an annuity, the court shall enter a judgment

present cash value of future medical expenses and cost of life care
determined under subsection (b)(1) of this Section and ordering that the
remaining future expenses and costs be paid by the purchase of an annuity
by or on behalf of the defendant from a company that has itself, or is
irrevocably supported financially by a company that has, at least 2 of the
following 4 ratings: "A+ X" or higher from A.M. Best Company; "AA-" or
higher from Standard & Poor's; "Aa3" or higher from Moody's; and "AA-

receive annual payments equal to 80% of the amount determined in
subsection (b)(2) inflated by the rate determined in subsection (b)(3) for the
life of the plaintiff.

(d) If the company providing the annuity becomes unable to pay
amounts required by the annuity, the defendant shall secure a replacement
annuity for the remainder of the plaintiff’s life from a company that satisfies
the requirements of subsection (c).

to receive such payments in exchange for a negotiated lump sum value of the
remaining future payments or any portion of the remaining future payments

terms as approved by the court.

Sec. 8-11-1.3. Non-Home Rule Municipal Retailers' Occupation Tax Act. The corporate authorities of a non-home rule municipality may impose a tax upon all persons engaged in the business of selling tangible personal property, other than on an item of tangible personal property which is titled and registered by an agency of this State's Government, at retail in the municipality for expenditure on public infrastructure or for property tax relief or both as defined in Section 8-11-1.2 if approved by referendum as provided in Section 8-11-1.1, of the gross receipts from such sales made in the course of such business. The tax imposed may not be more than 1/2 of 1% and may be imposed only in 1/4% increments. The tax may not be imposed on the sale of food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food that has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances, and insulin, urine testing materials, syringes, and needles used by diabetics. The tax imposed by a municipality pursuant to this Section and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The certificate of registration which is issued by the Department to a retailer under the Retailers' Occupation Tax Act shall permit such retailer to engage in a business which is taxable under any ordinance or resolution enacted pursuant to this Section without registering separately with the Department under such ordinance or resolution or under this Section. The Department shall have full power to administer and enforce this Section; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided, and to determine all rights to credit memoranda, arising on account of the erroneous payment of tax or
penalty hereunder. In the administration of, and compliance with, this Section, the Department and persons who are subject to this Section shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties and definitions of terms, and employ the same modes of procedure, as are prescribed in Sections 1, 1a, 1a-1, 1d, 1e, 1f, 1i, 1j, 2 through 2-65 (in respect to all provisions therein other than the State rate of tax), 2c, 3 (except as to the disposition of taxes and penalties collected), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 7, 8, 9, 10, 11, 12 and 13 of the Retailers' Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act as fully as if those provisions were set forth herein.

No municipality may impose a tax under this Section unless the municipality also imposes a tax at the same rate under Section 8-11-1.4 of this Code.

Persons subject to any tax imposed pursuant to the authority granted in this Section may reimburse themselves for their seller's tax liability hereunder by separately stating such tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax which sellers are required to collect under the Use Tax Act, pursuant to such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified, and to the person named, in such notification from the Department. Such refund shall be paid by the State Treasurer out of the non-home rule municipal retailers' occupation tax fund.

The Department shall forthwith pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected hereunder. On or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to named municipalities, the municipalities to be those from which retailers have paid taxes or penalties hereunder to the Department during the second preceding calendar month. The amount to be paid to each municipality shall be the amount (not including credit memoranda) collected hereunder during the second preceding calendar month by the Department plus an amount the Department determines is necessary to offset any amounts which were erroneously paid to a different taxing body, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of such municipality, and not including

any amount which the Department determines is necessary to offset any amounts which were payable to a different taxing body but were erroneously paid to the municipality. Within 10 days after receipt, by the Comptroller, of the disbursement certification to the municipalities, provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in such certification.

For the purpose of determining the local governmental unit whose tax is applicable, a retail sale, by a producer of coal or other mineral mined in Illinois, is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or other mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the Federal Constitution as a sale in interstate or foreign commerce.

Nothing in this Section shall be construed to authorize a municipality to impose a tax upon the privilege of engaging in any business which under the constitution of the United States may not be made the subject of taxation by this State.

When certifying the amount of a monthly disbursement to a municipality under this Section, the Department shall increase or decrease such amount by an amount necessary to offset any misallocation of previous disbursements. The offset amount shall be the amount erroneously disbursed within the previous 6 months from the time a misallocation is discovered.

The Department of Revenue shall implement this amendatory Act of the 91st General Assembly so as to collect the tax on and after January 1, 2002.

As used in this Section, "municipal" and "municipality" means a city, village or incorporated town, including an incorporated town which has superseded a civil township.

No municipality may impose a tax under this Section unless the
municipality also imposes a tax at the same rate under Section 8-11-1.3 of this Code.

Persons subject to any tax imposed pursuant to the authority granted in this Section may reimburse themselves for their serviceman's tax liability hereunder by separately stating such tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax which servicemen are authorized to collect under the Service Use Tax Act, pursuant to such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified, and to the person named, in such notification from the Department. Such refund shall be paid by the State Treasurer out of the municipal retailers' occupation tax fund.

The Department shall forthwith pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected hereunder. On or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to named municipalities, the municipalities to be those from which suppliers and servicemen have paid taxes or penalties hereunder to the Department during the second preceding calendar month. The amount to be paid to each municipality shall be the amount (not including credit memoranda) collected hereunder during the second preceding calendar month by the Department, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of such municipality. Within 10 days after receipt, by the Comptroller, of the disbursement certification to the municipalities and the General Revenue Fund, provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in such certification.

The Department of Revenue shall implement this amendatory Act of the 91st General Assembly so as to collect the tax on and after January 1, 2002.

each public library district in which the municipality or township is located.

The election authority must submit the question in substantially the following form:

Should the (insert name of township or municipality) be disconnected from (insert name of library district)?

The votes must be recorded as "Yes" or "No".

(b) Regardless of the occurrence or outcome of any advisory question under subsection (a), the governing body of a municipality or township may adopt an ordinance to disconnect the territory of the municipality or township from the public library district. Any ordinance adopted under this subsection shall not take effect until it is approved by the board of trustees of each public library district in which any part of the municipality or township is located.

(c) If the disconnecting entity is a city, then, no later than 90 days after the adoption of the disconnection ordinance, the governing body of the city must establish and maintain a public library under Section 2-1 of the Illinois Local Library Act.

If the disconnecting entity is an incorporated town, a village, or a township, then, no later than 90 days after the adoption of the disconnection ordinance, the governing body of the incorporated town, village, or township must adopt an ordinance for a referendum to establish a public library under Section 2-2 of the Illinois Local Library Act.

(d) After an ordinance to establish and maintain a library is adopted by a city under Section 2-1 of the Illinois Local Library Act or after the approval by the electors in an incorporated town, a village, or a township of a referendum to establish and maintain a library under Section 2-2 of the Illinois Local Library Act, the municipality or township shall file with the circuit court in which a majority of the disconnected territory lies an appropriate petition and a certified copy of the disconnection ordinance. The petition shall request entry of an order of disconnection and the preparation of an appraisal setting forth the value of the tangible property of the district, the liabilities of the district, and the excess of the liabilities over tangible assets or property. Notice shall be published by and within the disconnecting territory.

The circuit court shall, after a hearing upon the matter, enter its order revising the limits and boundaries of the district and setting forth the liability, if any, yet to be retired and paid for by the property owners of the disconnected territory.

(e) When any territory has been disconnected from a district under
this Section and the court order providing for the disconnection also sets forth a continuing liability to be paid by the property owners of the disconnected territory, then the county collector of each county affected shall debit upon his or her books the taxes to be paid and thereafter levied by the district and extended against taxable property within the disconnected territory. The county clerk shall continue to extend district library taxes upon the taxable property within the disconnected territory, and the county collector shall continue to collect district library taxes upon the taxable property within the disconnected territory until the excess liability has been paid and retired.

The residents and property owners of the disconnected territory are entitled to full and free library service from the district until the earlier of: (i) the final and full payment of the liability; or (ii) the entry of the disconnection order by the court. Upon the date of disconnection, the residents and property owners of the disconnected territory shall no longer be subject to any tax levies by the district other than levies for the excess liability. Upon full and final payment of the liability and thereafter, no resident or property owner of the disconnected territory shall have any right, title, and interest in and to the assets and tangible property of the district affected by the disconnection.

(f) The board must record a certified copy of the disconnection order with the recorder of deeds and with the county clerk and county collector of each county affected.

Sec. 12-10.1. Piercing the body of a minor.

(a)(1) Any person who pierces the body or oral cavity of a person under 18 years of age without written consent of a parent or legal guardian of that person commits the offense of piercing the body of a minor. Section 5. The Intergovernmental Cooperation Act is amended by changing Section 6 as follows:

(5 ILCS 220/6) (from Ch. 127, par. 746)

Sec. 6. Joint self-insurance. An intergovernmental contract may, among other undertakings, authorize public agencies to jointly self-insure and authorize each public agency member of the contract to utilize its funds to pay to a joint insurance pool its costs and reserves to protect, wholly or partially, itself or any public agency member of the contract against liability or loss in the designated insurable area. A joint insurance pool shall have an annual audit performed by an independent certified public accountant and shall file an annual audited financial report with the Director of Insurance no later than 150 days after the end of the pool's immediately preceding fiscal year. The Director of Insurance shall issue rules necessary to implement this audit and report requirement. The rule shall establish the due date for filing the initial annual audited financial report. Within 30 days after January 1, 1991, and within 30 days after each January 1 thereafter, public agencies that are jointly self-insured to protect against liability under the Workers' Compensation Act and the Workers' Occupational Diseases Act shall file with the Illinois Workers' Compensation Commission a report indicating an election to self-insure.

For purposes of this Section, "public agency member" means any public agency defined or created under this Act, any local public entity as defined in Section 1-206 of the Local Governmental and Governmental Employees Tort Immunity Act, and any public agency, authority, instrumentality, council, board, service region, district, unit, bureau, or, commission, or any municipal corporation, college, or university, whether corporate or otherwise, and any other local governmental body or similar entity that is presently existing or created after the effective date of this amendatory Act of the 92nd General Assembly, whether or not specified in this Section. Only public agency members with tax receipts, tax revenues, taxing authority, or other resources sufficient to pay costs and to service debt related to intergovernmental activities described in this Section, or public agency members created by or as part of a public agency with these powers, may enter into contracts or otherwise associate among themselves as permitted in this Section.

No intergovernmental contract of insurance offering health insurance shall limit the rights or obligations of public agency members to engage in collective bargaining, and it shall be unlawful for a joint insurance pool or other intergovernmental cooperative offering health insurance to discriminate against public agency members or otherwise retaliate against such members for limiting their participation in a joint insurance pool as a result of a collective bargaining agreement.

It shall not be considered a violation of this Section for an intergovernmental contract of insurance relating to health insurance coverage, life insurance coverage, or both to permit the pool or cooperative, if a member withdraws employees or officers into a union-sponsored program, to re-price the costs of benefits provided to the continuing employees or officers based upon the same underwriting criteria used by that pool or cooperative in the normal course of its business, but no member shall be expelled from a pool or cooperative if the continuing employees or officers meet the general criteria required of other members.

The total transfer under this Section from any fund in any fiscal year shall not exceed the lesser of (i) 8% of the revenues to be deposited into the fund during that fiscal year or (ii) an amount that leaves a remaining fund balance of 25% of the July 1 fund balance of that fiscal year. (b) The school board of any district that meets the criteria specified in subsection (c) of this Section may repair, reconstruct, or replace a condemned building without seeking referendum approval for the repair, reconstruction, or replacement.

(c) In order for this Section to apply, the school district must (i) be located in a county subject to the Property Tax Extension Limitation Law; (ii) have had a total enrollment of at least 1,075 students as shown on the 2003 Illinois State Report Card; and (iii) have had a school building condemned within 10 years after the building’s initial occupancy after January 1, 2004 and prior to June 30, 2004.

This Section does not apply to any funds that are restricted by federal law to a specific use, to any funds in the Motor Fuel Tax Fund, the Hospital Provider Fund, the Medicaid Provider Relief Fund, the Teacher Health Insurance Security Fund, or the Reviewing Court Alternative Dispute Resolution Fund, or to any funds to which subsection (f) of Section 20-40 of the Nursing and Advanced Practice Nursing Act applies. The State Treasurer and Comptroller shall transfer the amounts designated under this Section as soon as may be practicable after receiving the direction to transfer from the Governor.

PUBLIC ACT 94-0693
(House Bill No. 0806)

AN ACT concerning State government.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Covering ALL KIDS Health Insurance Act.

Section 5. Legislative intent. The General Assembly finds that, for the economic and social benefit of all residents of the State, it is important to enable all children of this State to access affordable health insurance that offers comprehensive coverage and emphasizes preventive healthcare. Many children in working families, including many families whose family income ranges between $40,000 and $80,000, are uninsured. Numerous studies, including the Institute of Medicine's report, "Health Insurance Matters", demonstrate that lack of insurance negatively affects health status. The General Assembly further finds that access to healthcare is a key component for children's healthy development and successful education. The effects of lack of insurance also negatively impact those who are insured because the cost of paying for care to the uninsured is often shifted to those who have insurance in the form of higher health insurance premiums. A Families USA 2005 report indicates that family premiums in Illinois are increased by $1,059 due to cost-shifting from the uninsured. It is, therefore, the intent of this legislation to provide access to affordable health insurance to all uninsured children in Illinois.

Section 10. Definitions. In this Act:
"Application agent" means an organization or individual, such as a licensed health care provider, school, youth service agency, employer, labor union, local chamber of commerce, community-based organization, or other organization, approved by the Department to assist in enrolling children in the Program.
"Child" means a person under the age of 19.

New matter indicated by italics - deletions by strikeout
"Department" means the Department of Healthcare and Family Services.

"Medical assistance" means health care benefits provided under Article V of the Illinois Public Aid Code.

"Program" means the Covering ALL KIDS Health Insurance Program.

"Resident" means an individual (i) who is in the State for other than a temporary or transitory purpose during the taxable year or (ii) who is domiciled in this State but is absent from the State for a temporary or transitory purpose during the taxable year.

Section 15. Operation of Program. The Covering ALL KIDS Health Insurance Program is created. The Program shall be administered by the Department of Healthcare and Family Services. The Department shall have the same powers and authority to administer the Program as are provided to the Department in connection with the Department's administration of the Illinois Public Aid Code and the Children's Health Insurance Program Act. The Department shall coordinate the Program with the existing children's health programs operated by the Department and other State agencies.

Section 20. Eligibility.
(a) To be eligible for the Program, a person must be a child:
   (1) who is a resident of the State of Illinois; and
   (2) who is ineligible for medical assistance under the Illinois Public Aid Code or benefits under the Children's Health Insurance Program Act; and
   (3) either (i) who has been without health insurance coverage for a period set forth by the Department in rules, but not less than 6 months during the first month of operation of the Program, 7 months during the second month of operation, 8 months during the third month of operation, 9 months during the fourth month of operation, 10 months during the fifth month of operation, 11 months during the sixth month of operation, and 12 months thereafter, (ii) whose parent has lost employment that made available affordable dependent health insurance coverage, until such time as affordable employer-sponsored dependent health insurance coverage is again available for the child as set forth by the Department in rules, (iii) who is a newborn whose responsible relative does not have available affordable private or employer-sponsored health insurance, or (iv) who, within one year of applying for coverage under this Act, lost medical benefits under the Illinois Public Aid Code or the Children's Health Insurance Program Act.

The rules shall be consistent with all laws relating to the confidentiality or privacy of personal information or medical records, including provisions under the Federal Health Insurance Portability and Accountability Act (HIPAA).

(b) The Department shall monitor the availability and retention of employer-sponsored dependent health insurance coverage and shall modify the period described in subdivision (a)(3) if necessary to promote retention of private or employer-sponsored health insurance and timely access to healthcare services, but at no time shall the period described in subdivision (a)(3) be less than 6 months.

(c) The Department, at its discretion, may take into account the affordability of dependent health insurance when determining whether employer-sponsored dependent health insurance coverage is available upon reemployment of a child's parent as provided in subdivision (a)(3).

(d) A child who is determined to be eligible for the Program shall remain eligible for 12 months, provided that the child maintains his or her residence in this State, has not yet attained 19 years of age, and is not excluded under subsection (e).

(1) the premium required under Section 40 has not been timely paid; if the required premiums are not paid, the liability of the Program shall be limited to benefits incurred under the Program for the time period for which premiums have been paid; if the required monthly premium is not paid, the child is ineligible for re-enrollment for a minimum period of 3 months; re-enrollment shall be completed before the next covered medical visit, and the first month's required premium shall be paid in advance of the next covered medical visit; or

limited to: rules regarding annual renewals of eligibility for the Program; rules providing for re-enrollment, grace periods, notice requirements, and hearing procedures under subdivision (e)(1) of this Section; and rules regarding what constitutes availability and affordability of private or employer-sponsored health insurance, with consideration of such factors as the percentage of income needed to purchase children or family health insurance, the availability of employer subsidies, and other relevant factors.

Section 25. Enrollment in Program. The Department shall develop procedures to allow application agents to assist in enrolling children in the Program or other children's health programs operated by the Department. At the Department's discretion, technical assistance payments may be made available for approved applications facilitated by an application agent.

Section 30. Program outreach and marketing. The Department may provide grants to application agents and other community-based organizations to educate the public about the availability of the Program. The Department shall adopt rules regarding performance standards and outcomes measures expected of organizations that are awarded grants under this Section, including penalties for nonperformance of contract standards.

Section 35. Health care benefits for children.

(a) The Department shall purchase or provide health care benefits for eligible children that are identical to the benefits provided for children under the Illinois Children's Health Insurance Program Act, except for non-emergency transportation.

(b) As an alternative to the benefits set forth in subsection (a), and when cost-effective, the Department may offer families subsidies toward the cost of privately sponsored health insurance, including employer-sponsored health insurance.

(c) Notwithstanding clause (i) of subdivision (a)(3) of Section 20, the Department may consider offering, as an alternative to the benefits set forth in subsection (a), partial coverage to children who are enrolled in a high-deductible private health insurance plan.

(d) Notwithstanding clause (i) of subdivision (a)(3) of Section 20, the Department may consider offering, as an alternative to the benefits set forth in subsection (a), a limited package of benefits to children in families who have private or employer-sponsored health insurance that does not cover certain benefits such as dental or vision benefits.

cost-effectiveness as a means of promoting retention of private or employer-sponsored health insurance.

Section 40. Cost-sharing.
(a) Children enrolled in the Program under subsection (a) of Section 35 are subject to the following cost-sharing requirements:

(1) The Department, by rule, shall set forth requirements concerning co-payments and coinsurance for health care services and monthly premiums. This cost-sharing shall be on a sliding scale based on family income. The Department may periodically modify such cost-sharing.

(2) Notwithstanding paragraph (1), there shall be no co-payment required for well-baby or well-child health care, including, but not limited to, age-appropriate immunizations as required under State or federal law.

(b) Children enrolled in a privately sponsored health insurance plan under subsection (b) of Section 35 are subject to the cost-sharing provisions stated in the privately sponsored health insurance plan.

(c) Notwithstanding any other provision of law, rates paid by the Department shall not be used in any way to determine the usual and customary or reasonable charge, which is the charge for health care that is consistent with the average rate or charge for similar services furnished by similar providers in a certain geographic area.

Section 45. Study.
(a) The Department shall conduct a study that includes, but is not limited to, the following:

(1) Establishing estimates, broken down by regions of the State, of the number of children with and without health insurance coverage; the number of children who are eligible for Medicaid or the Children's Health Insurance Program, and, of that number, the number who are enrolled in Medicaid or the Children's Health Insurance Program; and the number of children with access to dependent coverage through an employer, and, of that number, the number who are enrolled in dependent coverage through an employer.

(2) Surveying those families whose children have access to employer-sponsored dependent coverage but who decline such coverage as to the reasons for declining coverage.

(3) Ascertaining, for the population of children accessing employer-sponsored dependent coverage or who have access to such coverage, the comprehensiveness of dependent coverage available,
the amount of cost-sharing currently paid by the employees, and the cost-sharing associated with such coverage.

(4) Measuring the health outcomes or other benefits for children utilizing the Covering ALL KIDS Health Insurance Program and analyzing the effects on utilization of healthcare services for children after enrollment in the Program compared to the preceding period of uninsured status.

(b) The studies described in subsection (a) shall be conducted in a manner that compares a time period preceding or at the initiation of the program with a later period.

(c) The Department shall submit the preliminary results of the study to the Governor and the General Assembly no later than July 1, 2008 and shall submit the final results to the Governor and the General Assembly no later than July 1, 2010.

Section 50. Consultation with stakeholders. The Department shall present details regarding implementation of the Program to the Medicaid Advisory Committee, and the Committee shall serve as the forum for healthcare providers, advocates, consumers, and other interested parties to advise the Department with respect to the Program.

Section 55. Charge upon claims and causes of action; right of subrogation; recoveries. Sections 11-22, 11-22a, 11-22b, and 11-22c of the Illinois Public Aid Code apply to health care benefits provided to children under this Act, as provided in those Sections.

Section 60. Federal financial participation. The Department shall request any necessary state plan amendments or waivers of federal requirements in order to allow receipt of federal funds for implementing any or all of the provisions of the Program. The failure of the responsible federal agency to approve a waiver or other State plan amendment shall not prevent the implementation of any provision of this Act.

Section 65. Emergency rulemaking. The Department may adopt rules necessary to establish and implement this Act through the use of emergency rulemaking in accordance with Section 5-45 of the Illinois Administrative Procedure Act. For the purposes of that Act, the General Assembly finds that the adoption of rules to implement this Act is deemed an emergency and necessary for the public interest, safety, and welfare. This Section is repealed on July 1, 2008.

Section 90. The Illinois Public Aid Code is amended by changing Sections 11-22, 11-22a, 11-22b, and 11-22c as follows:

(305 ILCS 5/11-22) (from Ch. 23, par. 11-22)
Sec. 11-22. Charge upon claims and causes of action for injuries. The Illinois Department shall have a charge upon all claims, demands and causes of action for injuries to an applicant for or recipient of (i) financial aid under Articles III, IV, and V or (ii) health care benefits provided under the Covering ALL KIDS Health Insurance Act for the total amount of medical assistance provided the recipient from the time of injury to the date of recovery upon such claim, demand or cause of action. In addition, if the applicant or recipient was employable, as defined by the Department, at the time of the injury, the Department shall also have a charge upon any such claims, demands and causes of action for the total amount of aid provided to the recipient and his dependents, including all cash assistance and medical assistance only to the extent includable in the claimant's action, from the time of injury to the date of recovery upon such claim, demand or cause of action. Any definition of "employable" adopted by the Department shall apply only to persons above the age of compulsory school attendance.

If the injured person was employable at the time of the injury and is provided aid under Articles III, IV, or V and any dependent or member of his family is provided aid under Article VI, or vice versa, both the Illinois Department and the local governmental unit shall have a charge upon such claims, demands and causes of action for the aid provided to the injured person and any dependent member of his family, including all cash assistance, medical assistance and food stamps, from the time of the injury to the date of recovery.

"Recipient", as used herein, means (i) in the case of financial aid provided under this Code, the grantee of record and any persons whose needs are included in the financial aid provided to the grantee of record or otherwise met by grants under the appropriate Article of this Code for which such person is eligible and (ii) in the case of health care benefits provided under the Covering ALL KIDS Health Insurance Act, the child to whom those benefits are provided.

In each case, the notice shall be served by certified mail or registered mail, upon the party or parties against whom the applicant or recipient has a claim, demand or cause of action. The notice shall claim the charge and describe the interest the Illinois Department, the local governmental unit, or the county, has in the claim, demand, or cause of action. The charge shall attach to any verdict or judgment entered and to any money or property which may be recovered on account of such claim, demand, cause of action or suit from and after the time of the service of the notice.

On petition filed by the Illinois Department, or by the local

governmental unit or county if either is claiming a charge, or by the recipient, or by the defendant, the court, on written notice to all interested parties, may adjudicate the rights of the parties and enforce the charge. The court may approve the settlement of any claim, demand or cause of action either before or after a verdict, and nothing in this Section shall be construed as requiring the actual trial or final adjudication of any claim, demand or cause of action upon which the Illinois Department, the local governmental unit or county has charge. The court may determine what portion of the recovery shall be paid to the injured person and what portion shall be paid to the Illinois Department, the local governmental unit or county having a charge against the recovery. In making this determination, the court shall conduct an evidentiary hearing and shall consider competent evidence pertaining to the following matters:

(1) the amount of the charge sought to be enforced against the recovery when expressed as a percentage of the gross amount of the recovery; the amount of the charge sought to be enforced against the recovery when expressed as a percentage of the amount obtained by subtracting from the gross amount of the recovery the total attorney's fees and other costs incurred by the recipient incident to the recovery; and whether the Department, unit of local government or county seeking to enforce the charge against the recovery should as a matter of fairness and equity bear its proportionate share of the fees and costs incurred to generate the recovery from which the charge is sought to be satisfied;

(2) the amount, if any, of the attorney's fees and other costs incurred by the recipient incident to the recovery and paid by the recipient up to the time of recovery, and the amount of such fees and costs remaining unpaid at the time of recovery;

(3) the total hospital, doctor and other medical expenses incurred for care and treatment of the injury to the date of recovery therefor, the portion of such expenses theretofore paid by the recipient, by insurance provided by the recipient, and by the Department, unit of local government and county seeking to enforce a charge against the recovery, and the amount of such previously incurred expenses which remain unpaid at the time of recovery and by whom such incurred, unpaid expenses are to be paid;

(4) whether the recovery represents less than substantially full recompense for the injury and the hospital, doctor and other medical expenses incurred to the date of recovery for the care and treatment thereof;
of the injury, so that reduction of the charge sought to be enforced against the recovery would not likely result in a double recovery or unjust enrichment to the recipient;

(5) the age of the recipient and of persons dependent for support upon the recipient, the nature and permanency of the recipient's injuries as they affect not only the future employability and education of the recipient but also the reasonably necessary and foreseeable future material, maintenance, medical, rehabilitative and training needs of the recipient, the cost of such reasonably necessary and foreseeable future needs, and the resources available to meet such needs and pay such costs;

(6) the realistic ability of the recipient to repay in whole or in part the charge sought to be enforced against the recovery when judged in light of the factors enumerated above.

The burden of producing evidence sufficient to support the exercise by the court of its discretion to reduce the amount of a proven charge sought to be enforced against the recovery shall rest with the party seeking such reduction.

The court may reduce and apportion the Illinois Department's lien proportionate to the recovery of the claimant. The court may consider the nature and extent of the injury, economic and noneconomic loss, settlement offers, comparative negligence as it applies to the case at hand, hospital costs, physician costs, and all other appropriate costs. The Illinois Department shall pay its pro rata share of the attorney fees based on the Illinois Department's lien as it compares to the total settlement agreed upon. This Section shall not affect the priority of an attorney's lien under the Attorneys Lien Act. The charges of the Illinois Department described in this Section, however, shall take priority over all other liens and charges existing under the laws of the State of Illinois with the exception of the attorney's lien under said statute.

Whenever the Department or any unit of local government has a statutory charge under this Section against a recovery for damages incurred by a recipient because of its advancement of any assistance, such charge shall not be satisfied out of any recovery until the attorney's claim for fees is satisfied, irrespective of whether or not an action based on recipient's claim has been filed in court.

This Section shall be inapplicable to any claim, demand or cause of action arising under (a) the Workers' Compensation Act or the predecessor Workers' Compensation Act of June 28, 1913, (b) the Workers' Occupational Diseases Act or the predecessor Workers' Occupational Diseases Act of

Sec. 11-22a. Right of Subrogation. To the extent of the amount of (i) medical assistance provided by the Department to or on behalf of a recipient under Article V or VI or (ii) health care benefits provided for a child under the Covering ALL KIDS Health Insurance Act, the Department shall be subrogated to any right of recovery such recipient may have under the terms of any private or public health care coverage or casualty coverage, including coverage under the "Workers' Compensation Act", approved July 9, 1951, as amended, or the "Workers' Occupational Diseases Act", approved July 9, 1951, as amended, without the necessity of assignment of claim or other authorization to secure the right of recovery to the Department. To enforce its subrogation right, the Department may (i) intervene or join in an action or proceeding brought by the recipient, his or her guardian, personal representative, estate, dependents, or survivors against any person or public or private entity that may be liable; (ii) institute and prosecute legal proceedings against any person or public or private entity that may be liable for the cost of such services; or (iii) institute and prosecute legal proceedings, to the extent necessary to reimburse the Illinois Department for its costs, against any noncustodial parent who (A) is required by court or administrative order to provide insurance or other coverage of the cost of health care services for a child eligible for medical assistance under this Code and (B) has received payment from a third party for the costs of those services but has not used the payments to reimburse either the other parent or the guardian of the child or the provider of the services.

(1) "Carrier" means any insurer, including any private company, corporation, mutual association, trust fund, reciprocal or interinsurance exchange authorized under the laws of this State to insure persons against liability or injuries caused to another and any insurer providing benefits under a policy of bodily injury liability insurance covering liability arising out of the ownership, maintenance or use of a motor vehicle which provides uninsured motorist endorsement or coverage.
(2) "Beneficiary" means any person or their dependents who has received benefits or will be provided benefits under this Code or under the

Covering ALL KIDS Health Insurance Act because of an injury for which another person may be liable. It includes such beneficiary's guardian, conservator or other personal representative, his estate or survivors.

(b) (1) When benefits are provided or will be provided to a beneficiary under this Code or under the Covering ALL KIDS Health Insurance Act because of an injury for which another person is liable, or for which a carrier is liable in accordance with the provisions of any policy of insurance issued pursuant to the Illinois Insurance Code, the Illinois Department shall have a right to recover from such person or carrier the reasonable value of benefits so provided. The Attorney General may, to enforce such right, institute and prosecute legal proceedings against the third person or carrier who may be liable for the injury in an appropriate court, either in the name of the Illinois Department or in the name of the injured person, his guardian, personal representative, estate, or survivors.

(2) The Department may:

(A) compromise or settle and release any such claim for benefits provided under this Code, or

(B) waive any such claims for benefits provided under this Code, in whole or in part, for the convenience of the Department or if the Department determines that collection would result in undue hardship upon the person who suffered the injury or, in a wrongful death action, upon the heirs of the deceased.

(3) No action taken on behalf of the Department pursuant to this Section or any judgment rendered in such action shall be a bar to any action upon the claim or cause of action of the beneficiary, his guardian, conservator, personal representative, estate, dependents or survivors against the third person who may be liable for the injury, or shall operate to deny to the beneficiary the recovery for that portion of any damages not covered hereunder.

(c) (1) When an action is brought by the Department pursuant to subsection (b), it shall be commenced within the period prescribed by Article XIII of the Code of Civil Procedure.

However, the Department may not commence the action prior to 5 months before the end of the applicable period prescribed by Article XIII of the Code of Civil Procedure. Thirty days prior to commencing an action, the Department shall notify the beneficiary of the Department's intent to commence such an action.

(2) The death of the beneficiary does not abate any right of action established by subsection (b).

New matter indicated by italics - deletions by strikeout
(3) When an action or claim is brought by persons entitled to bring such actions or assert such claims against a third person who may be liable for causing the death of a beneficiary, any settlement, judgment or award obtained is subject to the Department's claim for reimbursement of the benefits provided to the beneficiary under this Code or under the Covering ALL KIDS Health Insurance Act.

(4) When the action or claim is brought by the beneficiary alone and the beneficiary incurs a personal liability to pay attorney's fees and costs of litigation, the Department's claim for reimbursement of the benefits provided to the beneficiary shall be the full amount of benefits paid on behalf of the beneficiary under this Code or under the Covering ALL KIDS Health Insurance Act less a pro rata share which represents the Department's reasonable share of attorney's fees paid by the beneficiary and that portion of the cost of litigation expenses determined by multiplying by the ratio of the full amount of the expenditures of the full amount of the judgment, award or settlement.

(d) (1) If either the beneficiary or the Department brings an action or claim against such third party or carrier, the beneficiary or the Department shall within 30 days of filing the action give to the other written notice by personal service or registered mail of the action or claim and of the name of the court in which the action or claim is brought. Proof of such notice shall be filed in such action or claim. If an action or claim is brought by either the Department or the beneficiary, the other may, at any time before trial on the facts, become a party to such action or claim or shall consolidate his action or claim with the other if brought independently.

(2) If an action or claim is brought by the Department pursuant to subsection (b)(1), written notice to the beneficiary, guardian, personal representative, estate or survivor given pursuant to this Section shall advise him of his right to intervene in the proceeding, his right to obtain a private attorney of his choice and the Department's right to recover the reasonable value of the benefits provided.

(e) In the event of judgment or award in a suit or claim against such third person or carrier:

(1) If the action or claim is prosecuted by the beneficiary alone, the court shall first order paid from any judgment or award the reasonable litigation expenses incurred in preparation and prosecution of such action or claim, together with reasonable attorney's fees, when an attorney has been retained. After payment of such expenses and attorney's fees the court shall, on the application of the Department, allow as a first lien against the amount

of such judgment or award the amount of the Department's expenditures for
the benefit of the beneficiary under this Code or under the Covering ALL
KIDS Health Insurance Act, as provided in subsection (c)(4).

(2) If the action or claim is prosecuted both by the beneficiary and the
Department, the court shall first order paid from any judgment or award the
reasonable litigation expenses incurred in preparation and prosecution of such
action or claim, together with reasonable attorney's fees for plaintiffs' attorneys based solely on the services rendered for the benefit of the
beneficiary. After payment of such expenses and attorney's fees, the court
shall apply out of the balance of such judgment or award an amount sufficient
to reimburse the Department the full amount of benefits paid on behalf of the
beneficiary under this Code or under the Covering ALL KIDS Health
Insurance Act.

(f) The court shall, upon further application at any time before the
judgment or award is satisfied, allow as a further lien the amount of any
expenditures of the Department in payment of additional benefits arising out
of the same cause of action or claim provided on behalf of the beneficiary
under this Code or under the Covering ALL KIDS Health Insurance Act,
when such benefits were provided or became payable subsequent to the
original order.

(g) No judgment, award, or settlement in any action or claim by a
beneficiary to recover damages for injuries, when the Department has an
interest, shall be satisfied without first giving the Department notice and a
reasonable opportunity to perfect and satisfy its lien.

(h) When the Department has perfected a lien upon a judgment or
award in favor of a beneficiary against any third party for an injury for which
the beneficiary has received benefits under this Code or under the Covering
ALL KIDS Health Insurance Act, the Department shall be entitled to a writ
of execution as lien claimant to enforce payment of said lien against such
third party with interest and other accruing costs as in the case of other
executions. In the event the amount of such judgment or award so recovered
has been paid to the beneficiary, the Department shall be entitled to a writ of
execution against such beneficiary to the extent of the Department's lien, with
interest and other accruing costs as in the case of other executions.

(i) Except as otherwise provided in this Section, notwithstanding any
other provision of law, the entire amount of any settlement of the injured
beneficiary's action or claim, with or without suit, is subject to the
Department's claim for reimbursement of the benefits provided and any lien
filed pursuant thereto to the same extent and subject to the same limitations

(b) If a recipient maintains any suit, charge or other court or administrative action against an employer seeking back pay for a period during which the recipient received financial assistance under Article IV or Article VI of this Code or health care benefits under the Covering ALL KIDS Health Insurance Act, the recipient shall report such fact to the Department. To the extent of the amount of assistance provided to or on behalf of the recipient under Article IV or Article VI or health care benefits provided under the Covering ALL KIDS Health Insurance Act, the Department may by intervention or otherwise without the necessity of assignment of claim, attach a lien on the recovery of back wages equal to the amount of assistance provided by the Department to the recipient under Article IV or Article VI or under the Covering ALL KIDS Health Insurance Act.

(h) The responsibility for the proper prescribing or dispensing of controlled substances is upon the prescriber and the responsibility for the proper filling of a prescription for controlled substance drugs rests with the pharmacist. The Commission or an Arbitrator thereof may, in its or his discretion, order or award the payment to the parent or grandparent of a child for the latter's support the amount of compensation which but for such order or award would have been paid to such child as its share of the compensation payable, which order or award may be modified from time to time by the Commission in its discretion with respect to the person to whom shall be paid the amount of the order or award remaining unpaid at the time of the modification.

The Comptroller and Treasurer are authorized to make transfers at the request of the Chairman up to a total of $19,000,000 from the Second Injury Fund, the General Revenue Fund, and the Workers' Compensation Benefit Trust Fund to the Rate Adjustment Fund to the extent that there is insufficient money in the Rate Adjustment Fund to pay claims and obligations. Amounts may be transferred from the General Revenue Fund only if the funds in the Second Injury Fund...
or the Workers' Compensation Benefit Trust Fund are insufficient to pay claims and obligations of the Rate Adjustment Fund. All amounts transferred from the Second Injury Fund, the General Revenue Fund, and the Workers' Compensation Benefit Trust Fund shall be repaid from the Rate Adjustment Fund within 270 days of a transfer, together with interest at the rate earned by moneys on deposit in the Fund or Funds from which the moneys were transferred.

Upon a finding by the Commission, after reasonable notice and hearing, that any employer has willfully and knowingly failed to pay the proper amounts into the Second Injury Fund or the Rate Adjustment Fund required by this Section or if such payments are not made within the time periods prescribed by this Section, the employer shall, in addition to such payments, pay a penalty of 20% of the amount required to be paid or $2,500, whichever is greater, for each year or part thereof of such failure to pay. This penalty shall only apply to obligations of an employer to the Second Injury Fund or the Rate Adjustment Fund accruing after the effective date of this amendatory Act of 1989. All or part of such a penalty may be waived by the Commission for good cause shown.

Any obligations of an employer to the Second Injury Fund and Rate Adjustment Fund accruing prior to the effective date of this amendatory Act of 1989 shall be paid in full by such employer within 5 years of the effective date of this amendatory Act of 1989, with at least one-fifth of such obligation to be paid during each year following the effective date of this amendatory Act of 1989. If the Commission finds, following reasonable notice and hearing, that an employer has failed to make timely payment of any obligation accruing under the preceding sentence, the employer shall, in addition to all other payments required by this Section, be liable for a penalty equal to 20% of the overdue obligation or $2,500, whichever is greater, for each year or part thereof that obligation is overdue. All or part of such a penalty may be waived by the Commission for good cause shown.

The Chairman of the Illinois Workers' Compensation Commission shall, annually, furnish to the Director of the Department of Insurance a list of the amounts paid into the Second Injury Fund and the Rate Adjustment Fund by each insurance company on behalf of their insured employers. The Director shall verify to the Chairman that the amounts paid by each insurance company are accurate as best as the Director can determine from the records available to the Director. The Chairman shall verify that the amounts paid by each self-insurer are accurate as best as the Chairman can determine from records available to the Chairman. The Chairman may require each self-
insurer to provide information concerning the total compensation payments made upon which contributions to the Second Injury Fund and the Rate Adjustment Fund are predicated and any additional information establishing that such payments have been made into these funds. Any deficiencies in payments noted by the Director or Chairman shall be subject to the penalty provisions of this Act.

The State Treasurer, or his duly authorized representative, shall be named as a party to all proceedings in all cases involving claim for the loss of, or the permanent and complete loss of the use of one eye, one foot, one leg, one arm or one hand.

The reasonable expenses of litigation, such as medical examinations, testimony, and transcript of evidence, incurred by the State Treasurer or his duly authorized representative, shall be borne by the Second Injury Fund.

If the award is not paid within 30 days after the date the award has become final, the Commission shall proceed to take judgment thereon in its own name as is provided for other awards by paragraph (g) of Section 19 of this Act and take the necessary steps to collect the award.

(g) All compensation, except for burial expenses provided in this Section to be paid in case accident results in death, shall be paid in installments equal to the percentage of the average earnings as provided for in Section 8, paragraph (b) of this Act, at the same intervals at which the wages or earnings of the employees were paid. If this is not feasible, then the installments shall be paid weekly. Such compensation may be paid in a lump sum upon petition as provided in Section 9 of this Act. However, in addition to the benefits provided by Section 9 of this Act where compensation for death is payable to the deceased's widow, widower or to the deceased's widow, widower and one or more children, and where a partial lump sum is applied for by such beneficiary or beneficiaries within 18 months after the

deceased's death, the Commission may, in its discretion, grant a partial lump sum of not to exceed 100 weeks of the compensation capitalized at their present value upon the basis of interest calculated at 3% per annum with annual rests, upon a showing that such partial lump sum is for the best interest of such beneficiary or beneficiaries.

(h) In case the injured employee is under 16 years of age at the time of the accident and is illegally employed, the amount of compensation payable under paragraphs (a), (b), (c), (d) and (f) of this Section shall be increased 50%.

Nothing herein contained repeals or amends the provisions of the Child Labor Law relating to the employment of minors under the age of 16 years.

However, where an employer has on file an employment certificate issued pursuant to the Child Labor Law or work permit issued pursuant to the Federal Fair Labor Standards Act, as amended, or a birth certificate properly and duly issued, such certificate, permit or birth certificate is conclusive evidence as to the age of the injured minor employee for the purposes of this Section only.

(i) Whenever the dependents of a deceased employee are aliens not residing in the United States, Mexico or Canada, the amount of compensation payable is limited to the beneficiaries described in paragraphs (a), (b) and (c) of this Section and is 50% of the compensation provided in paragraphs (a), (b) and (c) of this Section, except as otherwise provided by treaty.

In a case where any of the persons who would be entitled to compensation is living at any place outside of the United States, then payment shall be made to the personal representative of the deceased employee. The distribution by such personal representative to the persons entitled shall be made to such persons and in such manner as the Commission orders.

(820 ILCS 305/8) (from Ch. 48, par. 138.8)

Sec. 8. The amount of compensation which shall be paid to the employee for an accidental injury not resulting in death is:

(a) The employer shall provide and pay the negotiated rate, if applicable, or the lesser of the health care provider's actual charges or according to a fee schedule, subject to Section 8.2, in effect at the time the service was rendered for all the necessary first aid, medical and surgical services, and all necessary medical, surgical and hospital services thereafter incurred, limited, however, to that which is reasonably required to cure or
relieve from the effects of the accidental injury. If the employer does not dispute payment of first aid, medical, surgical, and hospital services, the employer shall make such payment to the provider on behalf of the employee. The employer shall also pay for treatment, instruction and training necessary for the physical, mental and vocational rehabilitation of the employee, including all maintenance costs and expenses incidental thereto. If as a result of the injury the employee is unable to be self-sufficient the employer shall further pay for such maintenance or institutional care as shall be required.

The employee may at any time elect to secure his own physician, surgeon and hospital services at the employer's expense, or,

Upon agreement between the employer and the employees, or the employees' exclusive representative, and subject to the approval of the Illinois Workers' Compensation Commission, the employer shall maintain a list of physicians, to be known as a Panel of Physicians, who are accessible to the employees. The employer shall post this list in a place or places easily accessible to his employees. The employee shall have the right to make an alternative choice of physician from such Panel if he is not satisfied with the physician first selected. If, due to the nature of the injury or its occurrence away from the employer's place of business, the employee is unable to make a selection from the Panel, the selection process from the Panel shall not apply. The physician selected from the Panel may arrange for any consultation, referral or other specialized medical services outside the Panel at the employer's expense. Provided that, in the event the Commission shall find that a doctor selected by the employee is rendering improper or inadequate care, the Commission may order the employee to select another doctor certified or qualified in the medical field for which treatment is required. If the employee refuses to make such change the Commission may relieve the employer of his obligation to pay the doctor's charges from the date of refusal to the date of compliance.

Any vocational rehabilitation counselors who provide service under this Act shall have appropriate certifications which designate the counselor as qualified to render opinions relating to vocational rehabilitation. Temporary partial disability benefits shall be equal to two-thirds of the difference between the average amount that the employee would be able to earn in the full performance of his or her duties in the occupation in which he or she was engaged at the time of accident and the net amount which he or she is earning in the modified job provided to the employee by the employer or in any other job that the employee is working.

not affect the duty to pay for rehabilitation referred to above.

When an employer and employee so agree in writing, nothing in this Act prevents an employee whose injury or disability has been established under this Act, from relying in good faith, on treatment by prayer or spiritual means alone, in accordance with the tenets and practice of a recognized church or religious denomination, by a duly accredited practitioner thereof, and having nursing services appropriate therewith, without suffering loss or diminution of the compensation benefits under this Act. However, the employee shall submit to all physical examinations required by this Act. The cost of such treatment and nursing care shall be paid by the employee unless the employer agrees to make such payment.

Where the accidental injury results in the amputation of an arm, hand, leg or foot, or the enucleation of an eye, or the loss of any of the natural teeth, the employer shall furnish an artificial of any such members lost or damaged in accidental injury arising out of and in the course of employment, and shall also furnish the necessary braces in all proper and necessary cases. Where the accidental injury accompanied by physical injury results in damage to a denture, eye glasses or contact eye lenses, or where the accidental injury results in damage to an artificial member, the employer shall replace or repair such denture, glasses, lenses, or artificial member.

The furnishing by the employer of any such services or appliances is not an admission of liability on the part of the employer to pay compensation.

The amount when so posted and published shall be conclusive and shall be applicable as the basis of computation of compensation rates until the next posting and publication as aforesaid.

7. The payment of compensation by an employer or his insurance carrier to an injured employee shall not constitute an admission of the employer's liability to pay compensation.
(c) For any serious and permanent disfigurement to the hand, head, face, neck, arm, leg below the knee or the chest above the axillary line, the employee is entitled to compensation for such disfigurement, the amount determined by agreement at any time or by arbitration under this Act, at a hearing not less than 6 months after the date of the accidental injury, which amount shall not exceed 150 weeks (if the accidental injury occurs on or after the effective date of this amendatory Act of the 94th General Assembly but before February 1, 2006) or 162 weeks (if the accidental injury occurs on or after February 1, 2006) at the applicable rate provided in subparagraph 2.1 of paragraph (b) of this Section.

No compensation is payable under this paragraph where compensation is payable under paragraphs (d), (e) or (f) of this Section.

A duly appointed member of a fire department in a city, the population of which exceeds 200,000 according to the last federal or State census, is eligible for compensation under this paragraph only where such serious and permanent disfigurement results from burns.

(d) 1. If, after the accidental injury has been sustained, the employee as a result thereof becomes partially incapacitated from pursuing his usual and customary line of employment, he shall, except in cases compensated under the specific schedule set forth in paragraph (e) of this Section, receive compensation for the duration of his disability, subject to the limitations as to maximum amounts fixed in paragraph (b) of this Section, equal to 66-2/3% of the difference between the average amount which he would be able to earn in the full performance of his duties in the occupation in which he was engaged at the time of the accident and the average amount which he is earning or is able to earn in some suitable employment or business after the accident.

2. If, as a result of the accident, the employee sustains serious and permanent injuries not covered by paragraphs (c) and (e) of this Section or having sustained injuries covered by the aforesaid paragraphs (c) and (e), he shall have sustained in addition thereto other injuries which injuries do not incapacitate him from pursuing the duties of his employment but which would disable him from pursuing other suitable occupations, or which have otherwise resulted in physical impairment; or if such injuries partially incapacitate him from pursuing the duties of his usual and customary line of employment but do not result in an impairment of earning capacity, or having resulted in an impairment of earning capacity, the employee elects to waive his right to recover under the foregoing subparagraph 1 of paragraph (d) of this Section then in any of the foregoing events, he shall receive in addition

to compensation for temporary total disability under paragraph (b) of this Section, compensation at the rate provided in subparagraph 2.1 of paragraph (b) of this Section for that percentage of 500 weeks that the partial disability resulting from the injuries covered by this paragraph bears to total disability. If the employee shall have sustained a fracture of one or more vertebra or fracture of the skull, the amount of compensation allowed under this Section shall be not less than 6 weeks for a fractured skull and 6 weeks for each fractured vertebra, and in the event the employee shall have sustained a fracture of any of the following facial bones: nasal, lachrymal, vomer, zygoma, maxilla, palatine or mandible, the amount of compensation allowed under this Section shall be not less than 2 weeks for each such fractured bone, and for a fracture of each transverse process not less than 3 weeks. In the event such injuries shall result in the loss of a kidney, spleen or lung, the amount of compensation allowed under this Section shall be not less than 10 weeks for each such organ. Compensation awarded under this subparagraph 2 shall not take into consideration injuries covered under paragraphs (c) and (e) of this Section and the compensation provided in this paragraph shall not affect the employee's right to compensation payable under paragraphs (b), (c) and (e) of this Section for the disabilities therein covered.

(e) For accidental injuries in the following schedule, the employee shall receive compensation for the period of temporary total incapacity for work resulting from such accidental injury, under subparagraph 1 of paragraph (b) of this Section, and shall receive in addition thereto compensation for a further period for the specific loss herein mentioned, but shall not receive any compensation under any other provisions of this Act. For the permanent partial loss of use of a member or sight of an eye, or hearing of an ear, compensation during that proportion of the number of weeks in the foregoing schedule provided for the loss of such member or sight of an eye, or hearing of an ear, which the partial loss of use thereof bears to the total loss of use of such member, or sight of eye, or hearing of an ear.

(a) Loss of hearing for compensation purposes shall be confined to the frequencies of 1,000, 2,000 and 3,000 cycles per second. Loss of hearing ability for frequency tones above 3,000 cycles per second are not to be considered as constituting disability for hearing.

(b) The percent of hearing loss, for purposes of the determination of compensation claims for occupational deafness, shall be calculated as the average in decibels for the thresholds of hearing for the frequencies of 1,000, 2,000 and 3,000 cycles per second. Pure tone air conduction audiometric instruments, approved by nationally recognized authorities in this field, shall be used for measuring hearing loss. If the losses of hearing average 30 decibels or less in the 3 frequencies, such losses of hearing shall not then constitute any compensable hearing disability. If the losses of hearing
average 85 decibels or more in the 3 frequencies, then the same shall constitute and be total or 100% compensable hearing loss.

(c) In measuring hearing impairment, the lowest measured losses in each of the 3 frequencies shall be added together and divided by 3 to determine the average decibel loss. For every decibel of loss exceeding 30 decibels an allowance of 1.82% shall be made up to the maximum of 100% which is reached at 85 decibels.

(d) If a hearing loss is established to have existed on July 1, 1975 by audiometric testing the employer shall not be liable for the previous loss so established nor shall he be liable for any loss for which compensation has been paid or awarded.

(e) No consideration shall be given to the question of whether or not the ability of an employee to understand speech is improved by the use of a hearing aid.

(f) No claim for loss of hearing due to industrial noise shall be brought against an employer or allowed unless the employee has been exposed for a period of time sufficient to cause permanent impairment to noise levels in excess of the following:

This subparagraph (f) shall not be applied in cases of hearing loss resulting from trauma or explosion.

17. In computing the compensation to be paid to any employee who, before the accident for which he claims compensation, had before that time sustained an injury resulting in the loss by amputation or partial loss by amputation of any member,
including hand, arm, thumb or fingers, leg, foot or any toes, such loss or partial loss of any such member shall be deducted from any award made for the subsequent injury. For the permanent loss of use or the permanent partial loss of use of any such member or the partial loss of sight of an eye, for which compensation has been paid, then such loss shall be taken into consideration and deducted from any award for the subsequent injury.

18. The specific case of loss of both hands, both arms, or both feet, or both legs, or both eyes, or of any two thereof, or the permanent and complete loss of the use thereof, constitutes total and permanent disability, to be compensated according to the compensation fixed by paragraph (f) of this Section. These specific cases of total and permanent disability do not exclude other cases.

Any employee who has previously suffered the loss or permanent and complete loss of the use of any of such members, and in a subsequent independent accident loses another or suffers the permanent and complete loss of the use of any one of such members the employer for whom the injured employee is working at the time of the last independent accident is liable to pay compensation only for the loss or permanent and complete loss of the use of the member occasioned by the last independent accident.

19. In a case of specific loss and the subsequent death of such injured employee from other causes than such injury leaving a widow, widower, or dependents surviving before payment or payment in full for such injury, then the amount due for such injury is payable to the widow or widower and, if there be no widow or widower, then to such dependents, in the proportion which such dependency bears to total dependency.

Beginning July 1, 1980, and every 6 months thereafter, the Commission shall examine the Second Injury Fund and when, after deducting all advances or loans made to such Fund, the amount therein is $500,000 then the amount required to be paid by employers pursuant to paragraph (f) of Section 7 shall be reduced by one-half. When the Second Injury Fund reaches the sum of $600,000 then the payments shall cease entirely. However, when the Second Injury Fund has been reduced to $400,000, payment of one-half of the amounts required by paragraph (f) of Section 7 shall be resumed, in the manner herein provided, and when the Second Injury Fund has been reduced to $300,000, payment of the full amounts required by paragraph (f) of Section 7 shall be resumed, in the manner herein provided. The Commission shall
make the changes in payment effective by general order, and the changes in payment become immediately effective for all cases coming before the Commission thereafter either by settlement agreement or final order, irrespective of the date of the accidental injury.

On August 1, 1996 and on February 1 and August 1 of each subsequent year, the Commission shall examine the special fund designated as the "Rate Adjustment Fund" and when, after deducting all advances or loans made to said fund, the amount therein is $4,000,000, the amount required to be paid by employers pursuant to paragraph (f) of Section 7 shall be reduced by one-half. When the Rate Adjustment Fund reaches the sum of $5,000,000 the payment therein shall cease entirely. However, when said Rate Adjustment Fund has been reduced to $3,000,000 the amounts required by paragraph (f) of Section 7 shall be resumed in the manner herein provided.

(f) In case of complete disability, which renders the employee wholly and permanently incapable of work, or in the specific case of total and permanent disability as provided in subparagraph 18 of paragraph (e) of this Section, compensation shall be payable at the rate provided in subparagraph 2 of paragraph (b) of this Section for life.

An employee entitled to benefits under paragraph (f) of this Section shall also be entitled to receive from the Rate Adjustment Fund provided in paragraph (f) of Section 7 of the supplementary benefits provided in paragraph (g) of this Section.

If any employee who receives an award under this paragraph afterwards returns to work or is able to do so, and earns or is able to earn as much as before the accident, payments under such award shall cease. If such employee returns to work, or is able to do so, and earns or is able to earn part but not as much as before the accident, such award shall be modified so as to conform to an award under paragraph (d) of this Section. If such award is terminated or reduced under the provisions of this paragraph, such employees have the right at any time within 30 months after the date of such termination or reduction to file petition with the Commission for the purpose of determining whether any disability exists as a result of the original accidental injury and the extent thereof.

Disability as enumerated in subdivision 18, paragraph (e) of this Section is considered complete disability.

If an employee who had previously incurred loss or the permanent and complete loss of use of one member, through the loss or the permanent and complete loss of the use of one hand, one arm, one foot, one leg, or one eye, incurs permanent and complete disability through the loss or the permanent

and complete loss of the use of another member, he shall receive, in addition
to the compensation payable by the employer and after such payments have
ceased, an amount from the Second Injury Fund provided for in paragraph (f)
of Section 7, which, together with the compensation payable from the
employer in whose employ he was when the last accidental injury was
incurred, will equal the amount payable for permanent and complete
disability as provided in this paragraph of this Section.

The custodian of the Second Injury Fund provided for in paragraph
(f) of Section 7 shall be joined with the employer as a party respondent in the
application for adjustment of claim. The application for adjustment of claim
shall state briefly and in general terms the approximate time and place and
manner of the loss of the first member.

In its award the Commission or the Arbitrator shall specifically find
the amount the injured employee shall be weekly paid, the number of weeks
compensation which shall be paid by the employer, the date upon which
payments begin out of the Second Injury Fund provided for in paragraph (f)
of Section 7 of this Act, the length of time the weekly payments continue, the
date upon which the pension payments commence and the monthly amount
of the payments. The Commission shall 30 days after the date upon which
payments out of the Second Injury Fund have begun as provided in the award,
and every month thereafter, prepare and submit to the State Comptroller a
voucher for payment for all compensation accrued to that date at the rate
fixed by the Commission. The State Comptroller shall draw a warrant to the
injured employee along with a receipt to be executed by the injured employee
and returned to the Commission. The endorsed warrant and receipt is a full
and complete acquittance to the Commission for the payment out of the
Second Injury Fund. No other appropriation or warrant is necessary for
payment out of the Second Injury Fund. The Second Injury Fund is
appropriated for the purpose of making payments according to the terms of
the awards.

As of July 1, 1980 to July 1, 1982, all claims against and obligations
of the Second Injury Fund shall become claims against and obligations of the
Rate Adjustment Fund to the extent there is insufficient money in the Second
Injury Fund to pay such claims and obligations. In that case, all references to
"Second Injury Fund" in this Section shall also include the Rate Adjustment
Fund.

(g) Every award for permanent total disability entered by the
Commission on and after July 1, 1965 under which compensation payments
shall become due and payable after the effective date of this amendatory Act,
and every award for death benefits or permanent total disability entered by the Commission on and after the effective date of this amendatory Act shall be subject to annual adjustments as to the amount of the compensation rate therein provided. Such adjustments shall first be made on July 15, 1977, and all awards made and entered prior to July 1, 1975 and on July 15 of each year thereafter. In all other cases such adjustment shall be made on July 15 of the second year next following the date of the entry of the award and shall further be made on July 15 annually thereafter. If during the intervening period from the date of the entry of the award, or the last periodic adjustment, there shall have been an increase in the State's average weekly wage in covered industries under the Unemployment Insurance Act, the weekly compensation rate shall be proportionately increased by the same percentage as the percentage of increase in the State's average weekly wage in covered industries under the Unemployment Insurance Act. The increase in the compensation rate under this paragraph shall in no event bring the total compensation rate to an amount greater than the prevailing maximum rate at the time that the annual adjustment is made. Such increase shall be paid in the same manner as herein provided for payments under the Second Injury Fund to the injured employee, or his dependents, as the case may be, out of the Rate Adjustment Fund provided in paragraph (f) of Section 7 of this Act. Payments shall be made at the same intervals as provided in the award or, at the option of the Commission, may be made in quarterly payment on the 15th day of January, April, July and October of each year. In the event of a decrease in such average weekly wage there shall be no change in the then existing compensation rate. The within paragraph shall not apply to cases where there is disputed liability and in which a compromise lump sum settlement between the employer and the injured employee, or his dependents, as the case may be, has been duly approved by the Illinois Workers' Compensation Commission.

Provided, that in cases of awards entered by the Commission for injuries occurring before July 1, 1975, the increases in the compensation rate adjusted under the foregoing provision of this paragraph (g) shall be limited to increases in the State's average weekly wage in covered industries under the Unemployment Insurance Act occurring after July 1, 1975.

For every accident occurring on or after July 20, 2005 but before the effective date of this amendatory Act of the 94th General Assembly (Senate Bill 1283 of the 94th General Assembly) after the effective date of this amendatory Act of the 94th General Assembly, the annual adjustments to the compensation rate in awards for death benefits or permanent total disability,

as provided in this Act, shall be paid by the employer. The adjustment shall be made by the employer on July 15 of the second year next following the date of the entry of the award and shall further be made on July 15 annually thereafter. If during the intervening period from the date of the entry of the award, or the last periodic adjustment, there shall have been an increase in the State's average weekly wage in covered industries under the Unemployment Insurance Act, the employer shall increase the weekly compensation rate proportionately by the same percentage as the percentage of increase in the State's average weekly wage in covered industries under the Unemployment Insurance Act. The increase in the compensation rate under this paragraph shall in no event bring the total compensation rate to an amount greater than the prevailing maximum rate at the time that the annual adjustment is made. In the event of a decrease in such average weekly wage there shall be no change in the then existing compensation rate. Such increase shall be paid by the employer in the same manner and at the same intervals as the payment of compensation in the award. This paragraph shall not apply to cases where there is disputed liability and in which a compromise lump sum settlement between the employer and the injured employee, or his or her dependents, as the case may be, has been duly approved by the Illinois Workers' Compensation Commission.

The annual adjustments for every award of death benefits or permanent total disability involving accidents occurring before July 20, 2005 and accidents occurring on or after the effective date of this amendatory Act of the 94th General Assembly (Senate Bill 1283 of the 94th General Assembly) shall continue to be paid from the Rate Adjustment Fund pursuant to this paragraph and Section 7(f) of this Act.

(h) In case death occurs from any cause before the total compensation to which the employee would have been entitled has been paid, then in case the employee leaves any widow, widower, child, parent (or any grandchild, grandparent or other lineal heir or any collateral heir dependent at the time of the accident upon the earnings of the employee to the extent of 50% or more of total dependency) such compensation shall be paid to the beneficiaries of the deceased employee and distributed as provided in paragraph (g) of Section 7.

(h-1) In case an injured employee is under legal disability at the time when any right or privilege accrues to him or her under this Act, a guardian may be appointed pursuant to law, and may, on behalf of such person under legal disability, claim and exercise any such right or privilege with the same

effect as if the employee himself or herself had claimed or exercised the right or privilege. No limitations of time provided by this Act run so long as the employee who is under legal disability is without a conservator or guardian.

(i) In case the injured employee is under 16 years of age at the time of the accident and is illegally employed, the amount of compensation payable under paragraphs (b), (c), (d), (e) and (f) of this Section is increased 50%.

However, where an employer has on file an employment certificate issued pursuant to the Child Labor Law or work permit issued pursuant to the Federal Fair Labor Standards Act, as amended, or a birth certificate properly and duly issued, such certificate, permit or birth certificate is conclusive evidence as to the age of the injured minor employee for the purposes of this Section.

Nothing herein contained repeals or amends the provisions of the Child Labor Law relating to the employment of minors under the age of 16 years.

(j) 1. In the event the injured employee receives benefits, including medical, surgical or hospital benefits under any group plan covering non-occupational disabilities contributed to wholly or partially by the employer, which benefits should not have been payable if any rights of recovery existed under this Act, then such amounts so paid to the employee from any such group plan as shall be consistent with, and limited to, the provisions of paragraph 2 hereof, shall be credited to or against any compensation payment for temporary total incapacity for work or any medical, surgical or hospital benefits made or to be made under this Act. In such event, the period of time for giving notice of accidental injury and filing application for adjustment of claim does not commence to run until the termination of such payments. This paragraph does not apply to payments made under any group plan which would have been payable irrespective of an accidental injury under this Act. Any employer receiving such credit shall keep such employee safe and harmless from any and all claims or liabilities that may be made against him by reason of having received such payments only to the extent of such credit.

Any excess benefits paid to or on behalf of a State employee by the State Employees' Retirement System under Article 14 of the Illinois Pension Code on a death claim or disputed disability claim shall be credited against any payments made or to be made by the State of Illinois to or on behalf of such employee under this Act, except for payments for medical expenses which have already been incurred at the time of the award. The State of Illinois shall directly reimburse the State Employees' Retirement System to

the extent of such credit.

2. Nothing contained in this Act shall be construed to give the employer or the insurance carrier the right to credit for any benefits or payments received by the employee other than compensation payments provided by this Act, and where the employee receives payments other than compensation payments, whether as full or partial salary, group insurance benefits, bonuses, annuities or any other payments, the employer or insurance carrier shall receive credit for each such payment only to the extent of the compensation that would have been payable during the period covered by such payment.

3. The extension of time for the filing of an Application for Adjustment of Claim as provided in paragraph 1 above shall not apply to those cases where the time for such filing had expired prior to the date on which payments or benefits enumerated herein have been initiated or resumed. Provided however that this paragraph 3 shall apply only to cases wherein the payments or benefits hereinabove enumerated shall be received after July 1, 1969.

Sec. 8.2. Fee schedule.

(a) Except as provided for in subsection (c), for procedures, treatments, or services covered under this Act and rendered or to be rendered on and after February 1, 2006, the maximum allowable payment for procedures, treatments, or services covered under this Act shall be 90% of the 80th percentile of charges and fees as determined by the Commission utilizing information provided by employers' and insurers' national databases, with a minimum of 12,000,000 Illinois line item charges and fees comprised of health care provider and hospital charges and fees as of August 1, 2004 but not earlier than August 1, 2002. These charges and fees are provider billed amounts and shall not include discounted charges. The 80th percentile is the point on an ordered data set from low to high such that 80% of the cases are below or equal to that point and at most 20% are above or equal to that point. The Commission shall adjust these historical charges and fees as of August 1, 2004 by the Consumer Price Index-U for the period August 1, 2004 through September 30, 2005. The Commission shall establish fee schedules for procedures, treatments, or services for hospital inpatient, hospital outpatient, emergency room and trauma, ambulatory surgical treatment centers, and professional services. These charges and fees shall be designated by geozip or any smaller geographic unit. The data shall in no way identify
or tend to identify any patient, employer, or health care provider. As used in this Section, "geozip" means a three-digit zip code based on data similarities, geographical similarities, and frequencies. A geozip does not cross state boundaries. As used in this Section, "three-digit zip code" means a geographic area in which all zip codes have the same first 3 digits. If a geozip does not have the necessary number of charges and fees to calculate a valid percentile for a specific procedure, treatment, or service, the Commission may combine data from the geozip with up to 4 other geozips that are demographically and economically similar and exhibit similarities in data and frequencies until the Commission reaches 9 charges or fees for that specific procedure, treatment, or service. In cases where the compiled data contains less than 9 charges or fees for a procedure, treatment, or service, reimbursement shall occur at 76% of charges and fees as determined by the Commission in a manner consistent with the provisions of this paragraph. The Commission has the authority to set the maximum allowable payment to providers of out-of-state procedures, treatments, or services covered under this Act in a manner consistent with this Section. Not later than September 30 in 2006 and each year thereafter, the Commission shall automatically increase or decrease the maximum allowable payment for a procedure, treatment, or service established and in effect on January 1 of that year by the percentage change in the Consumer Price Index-U for the 12 month period ending August 31 of that year. The increase or decrease shall become effective on January 1 of the following year. As used in this Section, "Consumer Price Index-U" means the index published by the Bureau of Labor Statistics of the U.S. Department of Labor, that measures the average change in prices of all goods and services purchased by all urban consumers, U.S. city average, all items, 1982-84=100.

(b) Notwithstanding the provisions of subsection (a), if the Commission finds that there is a significant limitation on access to quality health care in either a specific field of health care services or a specific geographic limitation on access to health care, it may change the Consumer Price Index-U increase or decrease for that specific field or specific geographic limitation on access to health care to address that limitation.

(c) The Commission shall establish by rule a process to review those medical cases or outliers that involve extra-ordinary treatment to determine whether to make an additional adjustment to the maximum payment within a fee schedule for a procedure, treatment, or service.

(d) When a patient notifies a provider that the treatment, procedure, or service being sought is for a work-related illness or injury and furnishes
the provider the name and address of the responsible employer, the provider shall bill the employer directly. The employer shall make payment and providers shall submit bills and records in accordance with the provisions of this Section. All payments to providers for treatment provided pursuant to this Act shall be made within 60 days of receipt of the bills as long as the claim contains substantially all the required data elements necessary to adjudicate the bills. In the case of nonpayment to a provider within 60 days of receipt of the bill which contained substantially all of the required data elements necessary to adjudicate the bill or nonpayment to a provider of a portion of such a bill up to the lesser of the actual charge or the payment level set by the Commission in the fee schedule established in this Section, the bill, or portion of the bill, shall incur interest at a rate of 1% per month payable to the provider.

(e) Except as provided in subsections (e-5), (e-10), and (e-15), a provider shall not hold an employee liable for costs related to a non-disputed procedure, treatment, or service rendered in connection with a compensable injury. The provisions of subsections (e-5), (e-10), (e-15), and (e-20) shall not apply if an employee provides information to the provider regarding participation in a group health plan. If the employee participates in a group health plan, the provider may submit a claim for services to the group health plan. If the claim for service is covered by the group health plan, the employee's responsibility shall be limited to applicable deductibles, co-payments, or co-insurance. Except as provided under subsections (e-5), (e-10), (e-15), and (e-20), a provider shall not bill or otherwise attempt to recover from the employee the difference between the provider's charge and the amount paid by the employer or the insurer on a compensable injury.

(e-5) If an employer notifies a provider that the employer does not consider the illness or injury to be compensable under this Act, the provider may seek payment of the provider's actual charges from the employee for any procedure, treatment, or service rendered. Once an employee informs the provider that there is an application filed with the Commission to resolve a dispute over payment of such charges, the provider shall cease any and all efforts to collect payment for the services that are the subject of the dispute. Any statute of limitations or statute of repose applicable to the provider's efforts to collect payment from the employee shall be tolled from the date that the employee files the application with the Commission until the date that the provider is permitted to resume collection efforts under the provisions of this Section.

(e-10) If an employer notifies a provider that the employer will pay
only a portion of a bill for any procedure, treatment, or service rendered in connection with a compensable illness or disease, the provider may seek payment from the employee for the remainder of the amount of the bill up to the lesser of the actual charge, negotiated rate, if applicable, or the payment level set by the Commission in the fee schedule established in this Section. Once an employee informs the provider that there is an application filed with the Commission to resolve a dispute over payment of such charges, the provider shall cease any and all efforts to collect payment for the services that are the subject of the dispute. Any statute of limitations or statute of repose applicable to the provider's efforts to collect payment from the employee shall be tolled from the date that the employee files the application with the Commission until the date that the provider is permitted to resume collection efforts under the provisions of this Section.

(e-15) When there is a dispute over the compensability of or amount of payment for a procedure, treatment, or service, and a case is pending or proceeding before an Arbitrator or the Commission, the provider may mail the employee reminders that the employee will be responsible for payment of any procedure, treatment or service rendered by the provider. The reminders must state that they are not bills, to the extent practicable include itemized information, and state that the employee need not pay until such time as the provider is permitted to resume collection efforts under this Section. The reminders shall not be provided to any credit rating agency. The reminders may request that the employee furnish the provider with information about the proceeding under this Act, such as the file number, names of parties, and status of the case. If an employee fails to respond to such request for information or fails to furnish the information requested within 90 days of the date of the reminder, the provider is entitled to resume any and all efforts to collect payment from the employee for the services rendered to the employee and the employee shall be responsible for payment of any outstanding bills for a procedure, treatment, or service rendered by a provider.

(e-20) Upon a final award or judgment by an Arbitrator or the Commission, or a settlement agreed to by the employer and the employee, a provider may resume any and all efforts to collect payment from the employee for the services rendered to the employee and the employee shall be responsible for payment of any outstanding bills for a procedure, treatment, or service rendered by a provider as well as the interest awarded under subsection (d) of this Section. In the case of a procedure, treatment, or service deemed compensable, the provider shall not require a payment rate, excluding the interest provisions under subsection (d), greater than the lesser
of the actual charge or the payment level set by the Commission in the fee schedule established in this Section. Payment for services deemed not covered or not compensable under this Act is the responsibility of the employee unless a provider and employee have agreed otherwise in writing. Services not covered or not compensable under this Act are not subject to the fee schedule in this Section.

(f) Nothing in this Act shall prohibit an employer or insurer from contracting with a health care provider or group of health care providers for reimbursement levels for benefits under this Act different from those provided in this Section.

(g) On or before January 1, 2010 the Commission shall provide to the Governor and General Assembly a report regarding the implementation of the medical fee schedule and the index used for annual adjustment to that schedule as described in this Section.

820 ILCS 305/8.7

Sec. 8.7. Utilization review programs.

(a) As used in this Section:
"Utilization review" means the evaluation of proposed or provided health care services to determine the appropriateness of both the level of health care services medically necessary and the quality of health care services provided to a patient, including evaluation of their efficiency, efficacy, and appropriateness of treatment, hospitalization, or office visits based on medically accepted standards. The evaluation must be accomplished by means of a system that identifies the utilization of health care services based on standards of care or nationally recognized peer review guidelines as well as nationally recognized evidence based upon standards as provided in this Act. Utilization techniques may include prospective review, second opinions, concurrent review, discharge planning, peer review, independent medical examinations, and retrospective review (for purposes of this sentence, retrospective review shall be applicable to services rendered on or after July 20, 2005). Nothing in this Section applies to prospective review of necessary first aid or emergency treatment.

(b) No person may conduct a utilization review program for workers' compensation services in this State unless once every 2 years the person registers the utilization review program with the Department of Financial and Professional Regulation and certifies compliance with the Workers' Compensation Utilization Management standards or Health Utilization Management Standards of URAC sufficient to achieve URAC accreditation

New matter indicated by italics - deletions by strikeout
or submits evidence of accreditation by URAC for its Workers' Compensation Utilization Management Standards or Health Utilization Management Standards. Nothing in this Act shall be construed to require an employer or insurer or its subcontractors to become URAC accredited.

(c) In addition, the Secretary of Financial and Professional Regulation may certify alternative utilization review standards of national accreditation organizations or entities in order for plans to comply with this Section. Any alternative utilization review standards shall meet or exceed those standards required under subsection (b).

(d) This registration shall include submission of all of the following information regarding utilization review program activities:

(1) The name, address, and telephone number of the utilization review programs.
(2) The organization and governing structure of the utilization review programs.
(3) The number of lives for which utilization review is conducted by each utilization review program.
(4) Hours of operation of each utilization review program.
(5) Description of the grievance process for each utilization review program.
(6) Number of covered lives for which utilization review was conducted for the previous calendar year for each utilization review program.
(7) Written policies and procedures for protecting confidential information according to applicable State and federal laws for each utilization review program.

(e) A utilization review program shall have written procedures to ensure that patient-specific information obtained during the process of utilization review will be:

(1) kept confidential in accordance with applicable State and federal laws; and
(2) shared only with the employee, the employee's designee, and the employee's health care provider, and those who are authorized by law to receive the information. Summary data shall not be considered confidential if it does not provide information to allow identification of individual patients or health care providers.

Only a health care professional may make determinations regarding the medical necessity of health care services during the course of utilization review.
When making retrospective reviews, utilization review programs shall base reviews solely on the medical information available to the attending physician or ordering provider at the time the health care services were provided.

(f) If the Department of Financial and Professional Regulation finds that a utilization review program is not in compliance with this Section, the Department shall issue a corrective action plan and allow a reasonable amount of time for compliance with the plan. If the utilization review program does not come into compliance, the Department may issue a cease and desist order. Before issuing a cease and desist order under this Section, the Department shall provide the utilization review program with a written notice of the reasons for the order and allow a reasonable amount of time to supply additional information demonstrating compliance with the requirements of this Section and to request a hearing. The hearing notice shall be sent by certified mail, return receipt requested, and the hearing shall be conducted in accordance with the Illinois Administrative Procedure Act.

(g) A utilization review program subject to a corrective action may continue to conduct business until a final decision has been issued by the Department.

(h) The Secretary of Financial and Professional Regulation may by rule establish a registration fee for each person conducting a utilization review program.

(i) A utilization review will be considered by the Commission, along with all other evidence and in the same manner as all other evidence, in the determination of the reasonableness and necessity of the medical bills or treatment. Nothing in this Section shall be construed to diminish the rights of employees to reasonable and necessary medical treatment or employee choice of health care provider under Section 8(a) or the rights of employers to medical examinations under Section 12.

(j) When an employer denies payment of or refuses to authorize payment of first aid, medical, surgical, or hospital services under Section 8(a) of this Act, if that denial or refusal to authorize complies with a utilization review program registered under this Section and complies with all other requirements of this Section, then there shall be a rebuttable presumption that the employer shall not be responsible for payment of additional compensation pursuant to Section 19(k) of this Act and if that denial or refusal to authorize does not comply with a utilization review program registered under this Section and does not comply with all other requirements of this Section, then that will be considered by the Commission, along with all other evidence and
in the same manner as all other evidence, in the determination of whether the employer may be responsible for the payment of additional compensation pursuant to Section 19(k) of this Act.

Six members of the Advisory Board shall be representative citizens chosen from the employee class, and 6 members shall be representative citizens chosen from the employing class. A vacancy on the Advisory Board shall be filled by the Governor for the unexpired term.

(b) Members of the Advisory Board shall receive no compensation for their services but shall be reimbursed for expenses incurred in the performance of their duties by the Commission from appropriations made to the Commission for such purpose.

(c) The Advisory Board shall aid the Commission in formulating policies, discussing problems, setting priorities of expenditures, reviewing advisory rates filed by an advisory organization as defined in Section 463 of the Illinois Insurance Code, and establishing short and long range administrative goals. Prior to making appointments to the Commission, the Governor shall request that the Advisory Board make recommendations as to candidates to consider for appointment and the Advisory Board may then make such recommendations.

Sec. 17a-11. Governor's Youth Services Initiative. In cooperation with
the Department of Juvenile Justice Corrections, the Department of Human
Services and the Illinois State Board of Education, the Department of
Children and Family Services shall establish the Governor's Youth Services
Initiative. This program shall offer assistance to multi-problem youth whose
difficulties are not the clear responsibility of any one state agency, and who
are referred to the program by the juvenile court. The decision to establish
and to maintain an initiative program shall be based upon the availability of
program funds and the overall needs of the service area.

A Policy Board shall be established as the decision-making body of
the Governor's Youth Services Initiative. The Board shall be composed of
State agency liaisons appointed by the Secretary of Human Services, the
Directors of the Department of Children and Family Services and the
Department of Juvenile Justice Corrections, and the State Superintendent

The Department of Children and Family Services may establish a
