EFFECTIVE DATES OF PUBLIC ACTS

1970 CONSTITUTION, ARTICLE IV

"§ 10. Effective Date of Laws

The General Assembly shall provide by law for a uniform effective date for laws passed prior to July 1 of a calendar year. The General Assembly may provide for a different effective date in any law passed prior to July 1. A bill passed after June 30 shall not become effective prior to July 1 of the next calendar year unless the General Assembly by the vote of three-fifths of the members elected to each house provides for an earlier effective date."

5 ILLINOIS COMPILED STATUTES CHAPTER 75

75/1. Effective Date of Laws

"§1  (a) A bill passed after June 30 of a calendar year shall become effective on July 1 of the next calendar year unless the General Assembly by a vote of three-fifths of the members elected to each house provides for an earlier effective date in the terms of the bill; provided that if the effective date provided in the terms of the bill is prior to the date the bill becomes a law then the date the bill becomes a law shall be the effective date."

(b) A bill passed prior to July 1 of a calendar year that does not provide for an effective date in the terms of the bill shall become effective on January 1 of the following year, or upon its becoming a law, whichever is later.

75/2. Special Effective Dates

"§2  A bill passed after June 30 of a calendar year shall become effective on July 1 of the next calendar year unless the General Assembly by a vote of three-fifths of the members elected to each house provides for an earlier effective date in the terms of the bill; provided that if the effective date provided in the terms of the bill is prior to the date the bill becomes a law then the date the bill becomes a law shall be the effective date."

AN ACT concerning transportation.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Vehicle Code is amended by adding Section 18b-106.2 as follows:

(625 ILCS 5/18b-106.2 new)

Sec. 18b-106.2. Hours of service; utility service interruption emergencies.

(a) As used in this Section:
"Commercial driver's license" has the meaning set forth in Section 1-111.6 of this Code.
"Commercial motor vehicle" has the meaning set forth in Section 18b-101 of this Code.
"Utility service interruption emergency" means an outage or interruption of utility service in Illinois occasioned by a set of circumstances included in the definition of "emergency" set forth at 49 CFR 390.5.
"Utility service" means the repairing, maintaining, or operating of any structures or any other physical facilities necessary for the delivery of utility services, including the furnishing of electric, gas, water, sanitary sewer, telephone, and television cable or community antenna service.
"Utility service vehicle" has the meaning set forth in 49 CFR 395.2.

(b) Upon receipt of notification of a utility service interruption emergency by a utility service provider, the Illinois Department of Transportation shall declare that an emergency exists pursuant to 49 CFR 390.23. Should an audit by the Illinois Department of Transportation establish that there has been an abuse of the notification procedure by a utility service provider, the Illinois Department of Transportation may refuse to grant emergency declarations to that utility service provider in the future without further confirmation of the existence of a utility service interruption emergency.

(c) A utility service interruption emergency continues until:

(1) the necessary maintenance or repair work is completed; and

(2) personnel used to perform necessary maintenance or repair work have returned to their respective normal work routines.

(d) An individual is exempt from any regulation of the maximum hours of service that an employee may work under 49 CFR 395 if he or she:

(e) The exemption from maximum hours of service regulations provided under subsection (d) shall not exceed the duration of the utility service provider's or driver's direct assistance in providing utility service interruption emergency relief, or 5 days from the date of the initial declaration, whichever is less.

(f) Nothing in this amendatory Act of the 94th General Assembly shall be construed to contravene any federal law or to jeopardize State of Illinois entitlement to federal funding. If any provision of this amendatory Act of the 94th General Assembly or its application is found to jeopardize federal funding, that provision is declared invalid but does not affect any other provision or application. The provisions of this amendatory Act of the 94th General Assembly are declared to be severable.

Sec. 9-218. Rent payments at business office.
(a) If the lessor, or agent of the lessor, of residential real property, containing 100 or more residential units in either a single building or a complex of buildings, maintains a business office on the premises of the building or complex that has regularly scheduled office hours, then the lessor, or agent of the lessor, must accept rent payments from a lessee of any of those residential units at that business office during the regularly scheduled office hours and the lessor may not impose any penalty, fee, or charge for making rent payments in this manner that are otherwise considered timely under the lease, but the landlord may refuse to accept payment by cash when rent payments are made in this manner.

Section 15. The Circuit Courts Act is amended by changing Section 2f-9 as follows:

(705 ILCS 35/2f-9)
Sec. 2f-9. 16th judicial circuit; subcircuits.
(a) The 16th circuit shall be divided into 5 4 subcircuits. The subcircuits shall be compact, contiguous, and substantially equal in population. The General Assembly by law shall create the subcircuits, using population data as determined by the 2000 federal census, and shall determine a numerical order for the 5 4 subcircuits. That numerical order shall be the basis for the order in which resident judgeships are assigned to the subcircuits. Once a resident judgeship is assigned to a subcircuit, it shall continue to be assigned to that subcircuit for all purposes.

(b) Of the 16th circuit's 16 existing circuit judgeships (7 at large and 9 resident), 5 4 of the 9 resident judgeships shall be allotted as 16th circuit resident judgeships under subsection (c) as (i) the first resident judgeship of DeKalb County, (ii) the first resident judgeship of Kendall County, and (iii) the first 2 resident judgeships of Kane County are or become vacant on or after the effective date of this amendatory Act of the 93rd General Assembly, and (iv) the first resident judgeship of Kane County (in addition to the 2 vacancies under item (iii)) is or becomes vacant after the effective date of this amendatory Act of the 94th General Assembly. These 5 4 resident subcircuit judgeships and the remaining 4 5 resident judgeships shall constitute all of the resident judgeships of the 16th circuit. As used in this subsection, a vacancy does not include the expiration of a term of a resident judge who seeks retention in that office at the next term.

(c) The Supreme Court shall allot the first DeKalb County vacancy, the first Kendall County vacancy, and the first 3 2 Kane County vacancies in resident judgeships of the 16th circuit as provided in subsection (b), for election from the various subcircuits. The judgeships shall be assigned to the subcircuits based upon the numerical order of the 5 4 subcircuits. No resident judge of the 16th circuit serving on the effective date of this amendatory Act of the 93rd General Assembly shall be required to change his or her residency in order to continue serving in office or to seek retention in office as judgeships are allotted by the Supreme Court in accordance with this Section.

(d) A resident judge elected from a subcircuit shall continue to reside in that subcircuit as long as he or she holds that office.

Approved May 31, 2005.
Effective May 31, 2005.

PUBLIC ACT 94-0004
(Senate Bill No. 0027)

AN ACT concerning public employee benefits.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Pension Code is amended by changing Sections 2-124, 2-134, 14-108.3, 14-110, 14-131, 14-135.08, 15-125, 15-136, 15-155, 15-165, 16-128, 16-133, 16-133.2, 16-133.3, 16-152, 16-158, 16-176, 17-116.1, 18-131, and 18-140 and by adding Sections 1A-201, 2-162, 14-152.1, 15-198, 16-203, and 18-169 as follows:

(40 ILCS 5/1A-201 new)

Sec. 1A-201. Advisory Commission on Pension Benefits.

(a) There is created an Advisory Commission on Pension Benefits. The Commission shall consist of 15 persons, of whom 8 shall be appointed by the Governor and one each shall be appointed by the President and Minority Leader of the Senate and the Speaker and Minority Leader of the House of Representatives. Four of the persons appointed by the Governor shall represent different statewide labor organizations, of which 2 shall be organizations that represent primarily teachers and 2 shall be organizations that represent primarily State employees other than teachers. The Directors of the retirement systems established under Articles 14, 15, and 16 of this Code shall be ex officio members of the Commission.

(b) The Commission shall consider and make its recommendations concerning changing the age and service requirements, automatic annual increase benefits, and employee contribution rates of the State-funded retirement systems and other pension-related issues as determined by the Commission. On or before November 1, 2005, the Commission shall
report its findings and recommendations to the Governor and the General Assembly.

(c) The Commission may request actuarial data from any of the 5 State-funded retirement systems established under this Code. That data may include, but is not limited to, the dates of birth, years of service, salaries, and life expectancies of members. A retirement system shall provide the requested information as soon as practical after the request is received, but in no event later than any reasonable deadline imposed by the Commission.

(40 ILCS 5/2-124) (from Ch. 108 1/2, par. 2-124)
Sec. 2-124. Contributions by State.
(a) The State shall make contributions to the System by appropriations of amounts which, together with the contributions of participants, interest earned on investments, and other income will meet the cost of maintaining and administering the System on a 90% funded basis in accordance with actuarial recommendations.

(b) The Board shall determine the amount of State contributions required for each fiscal year on the basis of the actuarial tables and other assumptions adopted by the Board and the prescribed rate of interest, using the formula in subsection (c).

(c) For State fiscal years 2011 through 2045, the minimum contribution to the System to be made by the State for each fiscal year shall be an amount determined by the System to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the System by the end of State fiscal year 2045. In making these determinations, the required State contribution shall be calculated each year as a level percentage of payroll over the years remaining to and including fiscal year 2045 and shall be determined under the projected unit credit actuarial cost method.

For State fiscal years 1996 through 2005 2010, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments so that by State fiscal year 2011, the State is contributing at the rate required under this Section.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2006 is $4,157,000.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2007 is $5,220,300.
For each of State fiscal years 2008 through 2010, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments from the required State contribution for State fiscal year 2007, so that by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

Beginning in State fiscal year 2046, the minimum State contribution for each fiscal year shall be the amount needed to maintain the total assets of the System at 90% of the total actuarial liabilities of the System.

Notwithstanding any other provision of this Section, the required State contribution for State fiscal year 2005 and for fiscal year 2008 and each fiscal year thereafter, as calculated under this Section and certified under Section 2-134, shall not exceed an amount equal to (i) the amount of the required State contribution that would have been calculated under this Section for that fiscal year if the System had not received any payments under subsection (d) of Section 7.2 of the General Obligation Bond Act, minus (ii) the portion of the State's total debt service payments for that fiscal year on the bonds issued for the purposes of that Section 7.2, as determined and certified by the Comptroller, that is the same as the System's portion of the total moneys distributed under subsection (d) of Section 7.2 of the General Obligation Bond Act. In determining this maximum for State fiscal years 2008 through 2010, however, the amount referred to in item (i) shall be increased, as a percentage of the applicable employee payroll, in equal increments calculated from the sum of the required State contribution for State fiscal year 2007 plus the applicable portion of the State's total debt service payments for fiscal year 2007 on the bonds issued for the purposes of Section 7.2 of the General Obligation Bond Act, so that, by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

(40 ILCS 5/2-134) (from Ch. 108 1/2, par. 2-134)

Sec. 2-134. To certify required State contributions and submit vouchers.

(a) The Board shall certify to the Governor on or before November 15 of each year the amount of the required State contribution to the System for the next fiscal year. The certification shall include a copy of the actuarial recommendations upon which it is based.

New matter indicated by italics - deletions by strikeout
On or before May 1, 2004, the Board shall recalculate and recertify to the Governor the amount of the required State contribution to the System for State fiscal year 2005, taking into account the amounts appropriated to and received by the System under subsection (d) of Section 7.2 of the General Obligation Bond Act.

On or before July 1, 2005, the Board shall recalculate and recertify to the Governor the amount of the required State contribution to the System for State fiscal year 2006, taking into account the changes in required State contributions made by this amendatory Act of the 94th General Assembly.

(b) Beginning in State fiscal year 1996, on or as soon as possible after the 15th day of each month the Board shall submit vouchers for payment of State contributions to the System, in a total monthly amount of one-twelfth of the required annual State contribution certified under subsection (a). From the effective date of this amendatory Act of the 93rd General Assembly through June 30, 2004, the Board shall not submit vouchers for the remainder of fiscal year 2004 in excess of the fiscal year 2004 certified contribution amount determined under this Section after taking into consideration the transfer to the System under subsection (d) of Section 6z-61 of the State Finance Act. These vouchers shall be paid by the State Comptroller and Treasurer by warrants drawn on the funds appropriated to the System for that fiscal year. If in any month the amount remaining unexpended from all other appropriations to the System for the applicable fiscal year (including the appropriations to the System under Section 8.12 of the State Finance Act and Section 1 of the State Pension Funds Continuing Appropriation Act) is less than the amount lawfully vouchered under this Section, the difference shall be paid from the General Revenue Fund under the continuing appropriation authority provided in Section 1.1 of the State Pension Funds Continuing Appropriation Act.

(c) The full amount of any annual appropriation for the System for State fiscal year 1995 shall be transferred and made available to the System at the beginning of that fiscal year at the request of the Board. Any excess funds remaining at the end of any fiscal year from appropriations shall be retained by the System as a general reserve to meet the System's accrued liabilities.

(40 ILCS 5/2-162 new)

Sec. 2-162. Application and expiration of new benefit increases.
(a) As used in this Section, "new benefit increase" means an increase in the amount of any benefit provided under this Article, or an expansion of the conditions of eligibility for any benefit under this Article, that results from an amendment to this Code that takes effect after the effective date of this amendatory Act of the 94th General Assembly.

(b) Notwithstanding any other provision of this Code or any subsequent amendment to this Code, every new benefit increase is subject to this Section and shall be deemed to be granted only in conformance with and contingent upon compliance with the provisions of this Section.

(c) The Public Act enacting a new benefit increase must identify and provide for payment to the System of additional funding at least sufficient to fund the resulting annual increase in cost to the System as it accrues.

Every new benefit increase is contingent upon the General Assembly providing the additional funding required under this subsection. The Commission on Government Forecasting and Accountability shall analyze whether adequate additional funding has been provided for the new benefit increase and shall report its analysis to the Public Pension Division of the Department of Financial and Professional Regulation. A new benefit increase created by a Public Act that does not include the additional funding required under this subsection is null and void. If the Public Pension Division determines that the additional funding provided for a new benefit increase under this subsection is or has become inadequate, it may so certify to the Governor and the State Comptroller and, in the absence of corrective action by the General Assembly, the new benefit increase shall expire at the end of the fiscal year in which the certification is made.

(d) Every new benefit increase shall expire 5 years after its effective date or on such earlier date as may be specified in the language enacting the new benefit increase or provided under subsection (c). This does not prevent the General Assembly from extending or re-creating a new benefit increase by law.

(e) Except as otherwise provided in the language creating the new benefit increase, a new benefit increase that expires under this Section continues to apply to persons who applied and qualified for the affected benefit while the new benefit increase was in effect and to the affected beneficiaries and alternate payees of such persons, but does not apply to any other person, including without limitation a person who continues in service after the expiration date and did not apply and qualify for the

(40 ILCS 5/14-108.3)
Sec. 14-108.3. Early retirement incentives.
(a) To be eligible for the benefits provided in this Section, a person must:

1. be a member of this System who, on any day during June, 2002, is (i) in active payroll status in a position of employment with a department and an active contributor to this System with respect to that employment, and terminates that employment before the retirement annuity under this Article begins, or (ii) on layoff status from such a position with a right of re-employment or recall to service, or (iii) receiving benefits under Section 14-123, 14-123.1 or 14-124, but only if the member has not been receiving those benefits for a continuous period of more than 2 years as of the date of application;

2. not have received any retirement annuity under this Article beginning earlier than August 1, 2002;

3. file with the Board on or before December 31, 2002 a written application requesting the benefits provided in is Section;

4. terminate employment under this Article no later than December 31, 2002 (or the date established under subsection (d), if applicable);

5. by the date of termination of service, have at least 8 years of creditable service under this Article, without the use of any creditable service established under this Section;

6. by the date of termination of service, have at least 5 years of membership service earned while an employee under this Article, which may include military service for which credit is established under Section 14-105(b), service during the qualifying period for which credit is established under Section 14-104(a), and service for which credit has been established by repaying a refund under Section 14-130, but shall not include service for which any other optional service credit has been established; and

7. not receive any early retirement benefit under Section 16-133.3 of this Code.

(b) An eligible person may establish up to 5 years of creditable service under this Article, in increments of one month, by making the contributions specified in subsection (c). In addition, for each month of
creditable service established under this Section, a person's age at retirement shall be deemed to be one month older than it actually is.

The creditable service established under this Section may be used for all purposes under this Article and the Retirement Systems Reciprocal Act, except for the computation of final average compensation under Section 14-103.12 or the determination of compensation under this or any other Article of this Code.

The age enhancement established under this Section may not be used to enable any person to begin receiving a retirement annuity calculated under Section 14-110 before actually attaining age 50 (without any age enhancement under this Section). The age enhancement established under this Section may be used for all other purposes under this Article (including calculation of a proportionate annuity payable by this System under the Retirement Systems Reciprocal Act), except for purposes of the level income option in Section 14-112, the reversionary annuity under Section 14-113, and the required distributions under Section 14-121.1.

The age enhancement established under this Section may be used in determining benefits payable under Article 16 of this Code under the Retirement Systems Reciprocal Act, if the person has at least 5 years of service credit in the Article 16 system that was earned while participating in that system as a teacher (as defined in Section 16-106) employed by a department (as defined in Section 14-103.04). Age enhancement established under this Section shall not otherwise be used in determining benefits payable under other Articles of this Code under the Retirement Systems Reciprocal Act.

(c) For all creditable service established under this Section, a person must pay to the System an employee contribution to be determined by the System, based on the member's rate of compensation on June 1, 2002 (or the last date before June 1, 2002 for which a rate can be determined) and the retirement contribution rate in effect on June 1, 2002 for the member (or for members with the same social security and alternative formula status as the member).

If the member receives a lump sum payment for accumulated vacation, sick leave and personal leave upon withdrawal from service, and the net amount of that lump sum payment is at least as great as the amount of the contribution required under this Section, the entire contribution must be paid by the employee by payroll deduction. If there is no such lump sum payment, or if it is less than the contribution required under this
Section, the member shall make an initial payment by payroll deduction, equal to the net amount of the lump sum payment for accumulated vacation, sick leave, and personal leave, and have the remaining amount due treated as a reduction from the retirement annuity in 24 equal monthly installments beginning in the month in which the retirement annuity takes effect. The required contribution may be paid as a pre-tax deduction from earnings. For federal and Illinois tax purposes, the monthly amount by which the annuitant's benefit is reduced shall not be treated as a contribution by the annuitant, but rather as a reduction of the annuitant's monthly benefit.

(c-5) The reduction in retirement annuity provided in subsection (c) of Section 14-108 does not apply to the annuity of a person who retires under this Section. A person who has received any age enhancement or creditable service under this Section may begin to receive an unreduced retirement annuity upon attainment of age 55 with at least 25 years of creditable service (including any age enhancement and creditable service established under this Section).

(d) In order to ensure that the efficient operation of State government is not jeopardized by the simultaneous retirement of large numbers of key personnel, the director or other head of a department may, for key employees of that department, extend the December 31, 2002 deadline for terminating employment under this Article established in subdivision (a)(4) of this Section to a date not later than April 30, 2003 by so notifying the System in writing by December 31, 2002.

(e) Notwithstanding Section 14-111, a person who has received any age enhancement or creditable service under this Section and who reenters service under this Section and who reenters service under this Article (or as an employee of a department under Article 16) other than as a temporary employee thereby forfeits that age enhancement and creditable service and is entitled to a refund of the contributions made pursuant to this Section.

(f) The System shall determine the amount of the increase in the present value of future benefits resulting from the granting of early retirement incentives under this Section and shall report that amount to the Governor and the Commission on Government Forecasting and Accountability on or after the effective date of this amendatory Act of the 93rd General Assembly and on or before November 15, 2004. Beginning with State fiscal year 2008, the increase reported under this subsection (f) shall not be included in the calculation of the required State contribution under Section 14-131.
(g) In addition to the contributions otherwise required under this Article, the State shall appropriate and pay to the System (1) an amount equal to $70,000,000 in State fiscal years 2004 and 2005 and (2) in each of State fiscal years 2006 through 2015, a level dollar payment based upon the increase in the present value of future benefits provided by the early retirement incentives provided under this Section amortized at 8.5% interest.

(h) The Commission on Government Forecasting and Accountability (i) shall hold one or more hearings on or before the last session day during the fall veto session of 2004 to review recommendations relating to funding of early retirement incentives under this Section and (ii) shall file its report with the General Assembly on or before December 31, 2004 making its recommendations relating to funding of early retirement incentives under this Section; the Commission's report may contain both majority recommendations and minority recommendations. (40 ILCS 5/14-131) (from Ch. 108 1/2, par. 14-131)

Sec. 14-131. Contributions by State.
(a) The State shall make contributions to the System by appropriations of amounts which, together with other employer contributions from trust, federal, and other funds, employee contributions, investment income, and other income, will be sufficient to meet the cost of maintaining and administering the System on a 90% funded basis in accordance with actuarial recommendations.

For the purposes of this Section and Section 14-135.08, references to State contributions refer only to employer contributions and do not include employee contributions that are picked up or otherwise paid by the State or a department on behalf of the employee.

(b) The Board shall determine the total amount of State contributions required for each fiscal year on the basis of the actuarial tables and other assumptions adopted by the Board, using the formula in subsection (e).

The Board shall also determine a State contribution rate for each fiscal year, expressed as a percentage of payroll, based on the total required State contribution for that fiscal year (less the amount received by the System from appropriations under Section 8.12 of the State Finance Act and Section 1 of the State Pension Funds Continuing Appropriation Act, if any, for the fiscal year ending on the June 30 immediately preceding the applicable November 15 certification deadline), the estimated payroll (including all forms of compensation) for personal services rendered by eligible employees, and the recommendations of the actuary.

For the purposes of this Section and Section 14.1 of the State Finance Act, the term "eligible employees" includes employees who participate in the System, persons who may elect to participate in the System but have not so elected, persons who are serving a qualifying period that is required for participation, and annuitants employed by a department as described in subdivision (a)(1) or (a)(2) of Section 14-111.

(c) Contributions shall be made by the several departments for each pay period by warrants drawn by the State Comptroller against their respective funds or appropriations based upon vouchers stating the amount

New matter indicated by italics - deletions by strikeout
to be so contributed. These amounts shall be based on the full rate certified by the Board under Section 14-135.08 for that fiscal year. From the effective date of this amendatory Act of the 93rd General Assembly through the payment of the final payroll from fiscal year 2004 appropriations, the several departments shall not make contributions for the remainder of fiscal year 2004 but shall instead make payments as required under subsection (a-1) of Section 14.1 of the State Finance Act. The several departments shall resume those contributions at the commencement of fiscal year 2005.

(d) If an employee is paid from trust funds or federal funds, the department or other employer shall pay employer contributions from those funds to the System at the certified rate, unless the terms of the trust or the federal-State agreement preclude the use of the funds for that purpose, in which case the required employer contributions shall be paid by the State. From the effective date of this amendatory Act of the 93rd General Assembly through the payment of the final payroll from fiscal year 2004 appropriations, the department or other employer shall not pay contributions for the remainder of fiscal year 2004 but shall instead make payments as required under subsection (a-1) of Section 14.1 of the State Finance Act. The department or other employer shall resume payment of contributions at the commencement of fiscal year 2005.

(e) For State fiscal years 2011 through 2045, the minimum contribution to the System to be made by the State for each fiscal year shall be an amount determined by the System to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the System by the end of State fiscal year 2045. In making these determinations, the required State contribution shall be calculated each year as a level percentage of payroll over the years remaining to and including fiscal year 2045 and shall be determined under the projected unit credit actuarial cost method.

For State fiscal years 1996 through 2010, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments so that by State fiscal year 2011, the State is contributing at the rate required under this Section; except that (i) for State fiscal year 1998, for all purposes of this Code and any other law of this State, the certified percentage of the applicable employee payroll shall be 5.052% for employees earning eligible creditable service under Section 14-110 and 6.500% for all other employees, notwithstanding any contrary certification made under Section

14-135.08 before the effective date of this amendatory Act of 1997, and (ii) in the following specified State fiscal years, the State contribution to the System shall not be less than the following indicated percentages of the applicable employee payroll, even if the indicated percentage will produce a State contribution in excess of the amount otherwise required under this subsection and subsection (a): 9.8% in FY 1999; 10.0% in FY 2000; 10.2% in FY 2001; 10.4% in FY 2002; 10.6% in FY 2003; and 10.8% in FY 2004.

Notwithstanding any other provision of this Article, the total required State contribution to the System for State fiscal year 2006 is $203,783,900.

Notwithstanding any other provision of this Article, the total required State contribution to the System for State fiscal year 2007 is $344,164,400.

For each of State fiscal years 2008 through 2010, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments from the required State contribution for State fiscal year 2007, so that by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

Beginning in State fiscal year 2046, the minimum State contribution for each fiscal year shall be the amount needed to maintain the total assets of the System at 90% of the total actuarial liabilities of the System.

Notwithstanding any other provision of this Section, the required State contribution for State fiscal year 2005 and for fiscal year 2008 and each fiscal year thereafter, as calculated under this Section and certified under Section 14-135.08, shall not exceed an amount equal to (i) the amount of the required State contribution that would have been calculated under this Section for that fiscal year if the System had not received any payments under subsection (d) of Section 7.2 of the General Obligation Bond Act, minus (ii) the portion of the State's total debt service payments for that fiscal year on the bonds issued for the purposes of that Section 7.2, as determined and certified by the Comptroller, that is the same as the System's portion of the total moneys distributed under subsection (d) of Section 7.2 of the General Obligation Bond Act. In determining this maximum for State fiscal years 2008 through 2010, however, the amount referred to in item (i) shall be increased, as a percentage of the applicable employee payroll, in equal increments calculated from the sum of the

New matter indicated by italics - deletions by strikeout
required State contribution for State fiscal year 2007 plus the applicable portion of the State's total debt service payments for fiscal year 2007 on the bonds issued for the purposes of Section 7.2 of the General Obligation Bond Act, so that, by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

(f) After the submission of all payments for eligible employees from personal services line items in fiscal year 2004 have been made, the Comptroller shall provide to the System a certification of the sum of all fiscal year 2004 expenditures for personal services that would have been covered by payments to the System under this Section if the provisions of this amendatory Act of the 93rd General Assembly had not been enacted. Upon receipt of the certification, the System shall determine the amount due to the System based on the full rate certified by the Board under Section 14-135.08 for fiscal year 2004 in order to meet the State's obligation under this Section. The System shall compare this amount due to the amount received by the System in fiscal year 2004 through payments under this Section and under Section 6z-61 of the State Finance Act. If the amount due is more than the amount received, the difference shall be termed the "Fiscal Year 2004 Shortfall" for purposes of this Section, and the Fiscal Year 2004 Shortfall shall be satisfied under Section 1.2 of the State Pension Funds Continuing Appropriation Act. If the amount due is less than the amount received, the difference shall be termed the "Fiscal Year 2004 Overpayment" for purposes of this Section, and the Fiscal Year 2004 Overpayment shall be repaid by the System to the Pension Contribution Fund as soon as practicable after the certification.

Sec. 14-135.08. To certify required State contributions.

(a) To certify to the Governor and to each department, on or before November 15 of each year, the required rate for State contributions to the System for the next State fiscal year, as determined under subsection (b) of Section 14-131. The certification to the Governor shall include a copy of the actuarial recommendations upon which the rate is based.

(b) The certification shall include an additional amount necessary to pay all principal of and interest on those general obligation bonds due the next fiscal year authorized by Section 7.2(a) of the General Obligation Bond Act and issued to provide the proceeds deposited by the State with the System in July 2003, representing deposits other than amounts reserved under Section 7.2(c) of the General Obligation Bond Act. For
State fiscal year 2005, the Board shall make a supplemental certification of the additional amount necessary to pay all principal of and interest on those general obligation bonds due in State fiscal years 2004 and 2005 authorized by Section 7.2(a) of the General Obligation Bond Act and issued to provide the proceeds deposited by the State with the System in July 2003, representing deposits other than amounts reserved under Section 7.2(c) of the General Obligation Bond Act, as soon as practical after the effective date of this amendatory Act of the 93rd General Assembly.

On or before May 1, 2004, the Board shall recalculate and recertify to the Governor and to each department the amount of the required State contribution to the System and the required rates for State contributions to the System for State fiscal year 2005, taking into account the amounts appropriated to and received by the System under subsection (d) of Section 7.2 of the General Obligation Bond Act.

On or before July 1, 2005, the Board shall recalculate and recertify to the Governor and to each department the amount of the required State contribution to the System and the required rates for State contributions to the System for State fiscal year 2006, taking into account the changes in required State contributions made by this amendatory Act of the 94th General Assembly.

(40 ILCS 5/14-152.1 new)

Sec. 14-152.1. Application and expiration of new benefit increases.

(a) As used in this Section, "new benefit increase" means an increase in the amount of any benefit provided under this Article, or an expansion of the conditions of eligibility for any benefit under this Article, that results from an amendment to this Code that takes effect after the effective date of this amendatory Act of the 94th General Assembly.

(b) Notwithstanding any other provision of this Code or any subsequent amendment to this Code, every new benefit increase is subject to this Section and shall be deemed to be granted only in conformance with and contingent upon compliance with the provisions of this Section.

(c) The Public Act enacting a new benefit increase must identify and provide for payment to the System of additional funding at least sufficient to fund the resulting annual increase in cost to the System as it accrues.

Every new benefit increase is contingent upon the General Assembly providing the additional funding required under this subsection.

New matter indicated by italics - deletions by strikeout
The Commission on Government Forecasting and Accountability shall analyze whether adequate additional funding has been provided for the new benefit increase and shall report its analysis to the Public Pension Division of the Department of Financial and Professional Regulation. A new benefit increase created by a Public Act that does not include the additional funding required under this subsection is null and void. If the Public Pension Division determines that the additional funding provided for a new benefit increase under this subsection is or has become inadequate, it may so certify to the Governor and the State Comptroller and, in the absence of corrective action by the General Assembly, the new benefit increase shall expire at the end of the fiscal year in which the certification is made.

(d) Every new benefit increase shall expire 5 years after its effective date or on such earlier date as may be specified in the language enacting the new benefit increase or provided under subsection (c). This does not prevent the General Assembly from extending or re-creating a new benefit increase by law.

(e) Except as otherwise provided in the language creating the new benefit increase, a new benefit increase that expires under this Section continues to apply to persons who applied and qualified for the affected benefit while the new benefit increase was in effect and to the affected beneficiaries and alternate payees of such persons, but does not apply to any other person, including without limitation a person who continues in service after the expiration date and did not apply and qualify for the affected benefit while the new benefit increase was in effect.

Sec. 15-125. "Prescribed Rate of Interest; Effective Rate of Interest":

(1) "Prescribed rate of interest": The rate of interest to be used in actuarial valuations and in development of actuarial tables as determined by the board on the basis of the probable average effective rate of interest on a long term basis.

(2) "Effective rate of interest": The interest rate for all or any part of a fiscal year that is determined by the board based on factors including the system's past and expected investment experience; historical and expected fluctuations in the market value of investments; the desirability of minimizing volatility in the effective rate of interest from year to year; and the provision of reserves for anticipated losses upon sales, redemptions, or other disposition of investments and for variations in

The State Comptroller shall determine the effective rate of interest to be used for this purpose using the factors listed above, and shall certify to the board and the Commission on Government Forecasting and Accountability the rate to be used for this purpose for fiscal year 2006 as soon as possible after the effective date of this amendatory Act of the 94th General Assembly, and for each fiscal year thereafter no later than the September 1 immediately preceding the start of that fiscal year.

(40 ILCS 5/15-136) (from Ch. 108 1/2, par. 15-136)
Sec. 15-136. Retirement annuities - Amount. The provisions of this Section 15-136 apply only to those participants who are participating in the traditional benefit package or the portable benefit package and do not apply to participants who are participating in the self-managed plan.

(a) The amount of a participant's retirement annuity, expressed in the form of a single-life annuity, shall be determined by whichever of the following rules is applicable and provides the largest annuity:

Rule 1: The retirement annuity shall be 1.67% of final rate of earnings for each of the first 10 years of service, 1.90% for each of the next 10 years of service, 2.10% for each year of service in excess of 20 but not exceeding 30, and 2.30% for each year in excess of 30; or for persons who retire on or after January 1, 1998, 2.2% of the final rate of earnings for each year of service.

Rule 2: The retirement annuity shall be the sum of the following, determined from amounts credited to the participant in accordance with the actuarial tables and the prescribed rate of interest in effect at the time the retirement annuity begins:

(i) the normal annuity which can be provided on an actuarially equivalent basis, by the accumulated normal contributions as of the date the annuity begins;

(ii) an annuity from employer contributions of an amount equal to that which can be provided on an actuarially equivalent basis from the accumulated normal contributions made by the participant under Section 15-113.6 and Section 15-113.7 plus 1.4

times all other accumulated normal contributions made by the participant; and

(iii) the annuity that can be provided on an actuarially equivalent basis from the entire contribution made by the participant under Section 15-113.3.

With respect to a police officer or firefighter who retires on or after August 14, 1998, the accumulated normal contributions taken into account under clauses (i) and (ii) of this Rule 2 shall include the additional normal contributions made by the police officer or firefighter under Section 15-157(a).

The amount of a retirement annuity calculated under this Rule 2 shall be computed solely on the basis of the participant's accumulated normal contributions, as specified in this Rule and defined in Section 15-116. Neither an employee or employer contribution for early retirement under Section 15-136.2 nor any other employer contribution shall be used in the calculation of the amount of a retirement annuity under this Rule 2.

This amendatory Act of the 91st General Assembly is a clarification of existing law and applies to every participant and annuitant without regard to whether status as an employee terminates before the effective date of this amendatory Act.

This Rule 2 does not apply to a person who first becomes an employee under this Article on or after July 1, 2005.

Rule 3: The retirement annuity of a participant who is employed at least one-half time during the period on which his or her final rate of earnings is based, shall be equal to the participant's years of service not to exceed 30, multiplied by (1) $96 if the participant's final rate of earnings is less than $3,500, (2) $108 if the final rate of earnings is at least $3,500 but less than $4,500, (3) $120 if the final rate of earnings is at least $4,500 but less than $5,500, (4) $132 if the final rate of earnings is at least $5,500 but less than $6,500, (5) $144 if the final rate of earnings is at least $6,500 but less than $7,500, (6) $156 if the final rate of earnings is at least $7,500 but less than $8,500, (7) $168 if the final rate of earnings is at least $8,500 but less than $9,500, and (8) $180 if the final rate of earnings is $9,500 or more, except that the annuity for those persons having made an election under Section 15-154(a-1) shall be calculated and payable under the portable retirement benefit program pursuant to the provisions of Section 15-136.4.

Rule 4: A participant who is at least age 50 and has 25 or more years of service as a police officer or firefighter, and a participant who is
age 55 or over and has at least 20 but less than 25 years of service as a police officer or firefighter, shall be entitled to a retirement annuity of 2 1/4% of the final rate of earnings for each of the first 10 years of service as a police officer or firefighter, 2 1/2% for each of the next 10 years of service as a police officer or firefighter, and 2 3/4% for each year of service as a police officer or firefighter in excess of 20. The retirement annuity for all other service shall be computed under Rule 1.

For purposes of this Rule 4, a participant's service as a firefighter shall also include the following:

(i) service that is performed while the person is an employee under subsection (h) of Section 15-107; and

(ii) in the case of an individual who was a participating employee employed in the fire department of the University of Illinois's Champaign-Urbana campus immediately prior to the elimination of that fire department and who immediately after the elimination of that fire department transferred to another job with the University of Illinois, service performed as an employee of the University of Illinois in a position other than police officer or firefighter, from the date of that transfer until the employee's next termination of service with the University of Illinois.

Rule 5: The retirement annuity of a participant who elected early retirement under the provisions of Section 15-136.2 and who, on or before February 16, 1995, brought administrative proceedings pursuant to the administrative rules adopted by the System to challenge the calculation of his or her retirement annuity shall be the sum of the following, determined from amounts credited to the participant in accordance with the actuarial tables and the prescribed rate of interest in effect at the time the retirement annuity begins:

(i) the normal annuity which can be provided on an actuarially equivalent basis, by the accumulated normal contributions as of the date the annuity begins; and

(ii) an annuity from employer contributions of an amount equal to that which can be provided on an actuarially equivalent basis from the accumulated normal contributions made by the participant under Section 15-113.6 and Section 15-113.7 plus 1.4 times all other accumulated normal contributions made by the participant; and

(iii) an annuity which can be provided on an actuarially equivalent basis from the employee contribution for early
retirement under Section 15-136.2, and an annuity from employer contributions of an amount equal to that which can be provided on an actuarially equivalent basis from the employee contribution for early retirement under Section 15-136.2.

In no event shall a retirement annuity under this Rule 5 be lower than the amount obtained by adding (1) the monthly amount obtained by dividing the combined employee and employer contributions made under Section 15-136.2 by the System's annuity factor for the age of the participant at the beginning of the annuity payment period and (2) the amount equal to the participant's annuity if calculated under Rule 1, reduced under Section 15-136(b) as if no contributions had been made under Section 15-136.2.

With respect to a participant who is qualified for a retirement annuity under this Rule 5 whose retirement annuity began before the effective date of this amendatory Act of the 91st General Assembly, and for whom an employee contribution was made under Section 15-136.2, the System shall recalculate the retirement annuity under this Rule 5 and shall pay any additional amounts due in the manner provided in Section 15-186.1 for benefits mistakenly set too low.

The amount of a retirement annuity calculated under this Rule 5 shall be computed solely on the basis of those contributions specifically set forth in this Rule 5. Except as provided in clause (iii) of this Rule 5, neither an employee nor employer contribution for early retirement under Section 15-136.2, nor any other employer contribution, shall be used in the calculation of the amount of a retirement annuity under this Rule 5.

The General Assembly has adopted the changes set forth in Section 25 of this amendatory Act of the 91st General Assembly in recognition that the decision of the Appellate Court for the Fourth District in Mattis v. State Universities Retirement System et al. might be deemed to give some right to the plaintiff in that case. The changes made by Section 25 of this amendatory Act of the 91st General Assembly are a legislative implementation of the decision of the Appellate Court for the Fourth District in Mattis v. State Universities Retirement System et al. with respect to that plaintiff.

The changes made by Section 25 of this amendatory Act of the 91st General Assembly apply without regard to whether the person is in service as an employee on or after its effective date.

(b) The retirement annuity provided under Rules 1 and 3 above shall be reduced by 1/2 of 1% for each month the participant is under age
60 at the time of retirement. However, this reduction shall not apply in the following cases:

1. For a disabled participant whose disability benefits have been discontinued because he or she has exhausted eligibility for disability benefits under clause (6) of Section 15-152;
2. For a participant who has at least the number of years of service required to retire at any age under subsection (a) of Section 15-135; or
3. For that portion of a retirement annuity which has been provided on account of service of the participant during periods when he or she performed the duties of a police officer or firefighter, if these duties were performed for at least 5 years immediately preceding the date the retirement annuity is to begin.

(c) The maximum retirement annuity provided under Rules 1, 2, 4, and 5 shall be the lesser of (1) the annual limit of benefits as specified in Section 415 of the Internal Revenue Code of 1986, as such Section may be amended from time to time and as such benefit limits shall be adjusted by the Commissioner of Internal Revenue, and (2) 80% of final rate of earnings.

(d) An annuitant whose status as an employee terminates after August 14, 1969 shall receive automatic increases in his or her retirement annuity as follows:

Effective January 1 immediately following the date the retirement annuity begins, the annuitant shall receive an increase in his or her monthly retirement annuity of 0.125% of the monthly retirement annuity provided under Rule 1, Rule 2, Rule 3, Rule 4, or Rule 5, contained in this Section, multiplied by the number of full months which elapsed from the date the retirement annuity payments began to January 1, 1972, plus 0.1667% of such annuity, multiplied by the number of full months which elapsed from January 1, 1972, or the date the retirement annuity payments began, whichever is later, to January 1, 1978, plus 0.25% of such annuity multiplied by the number of full months which elapsed from January 1, 1978, or the date the retirement annuity payments began, whichever is later, to the effective date of the increase.

The annuitant shall receive an increase in his or her monthly retirement annuity on each January 1 thereafter during the annuitant's life of 3% of the monthly annuity provided under Rule 1, Rule 2, Rule 3, Rule 4, or Rule 5 contained in this Section. The change made under this
subsection by P.A. 81-970 is effective January 1, 1980 and applies to each annuitant whose status as an employee terminates before or after that date.

Beginning January 1, 1990, all automatic annual increases payable under this Section shall be calculated as a percentage of the total annuity payable at the time of the increase, including all increases previously granted under this Article.

The change made in this subsection by P.A. 85-1008 is effective January 26, 1988, and is applicable without regard to whether status as an employee terminated before that date.

(e) If, on January 1, 1987, or the date the retirement annuity payment period begins, whichever is later, the sum of the retirement annuity provided under Rule 1 or Rule 2 of this Section and the automatic annual increases provided under the preceding subsection or Section 15-136.1, amounts to less than the retirement annuity which would be provided by Rule 3, the retirement annuity shall be increased as of January 1, 1987, or the date the retirement annuity payment period begins, whichever is later, to the amount which would be provided by Rule 3 of this Section. Such increased amount shall be considered as the retirement annuity in determining benefits provided under other Sections of this Article. This paragraph applies without regard to whether status as an employee terminated before the effective date of this amendatory Act of 1987, provided that the annuitant was employed at least one-half time during the period on which the final rate of earnings was based.

(f) A participant is entitled to such additional annuity as may be provided on an actuarially equivalent basis, by any accumulated additional contributions to his or her credit. However, the additional contributions made by the participant toward the automatic increases in annuity provided under this Section shall not be taken into account in determining the amount of such additional annuity.

(g) If, (1) by law, a function of a governmental unit, as defined by Section 20-107 of this Code, is transferred in whole or in part to an employer, and (2) a participant transfers employment from such governmental unit to such employer within 6 months after the transfer of the function, and (3) the sum of (A) the annuity payable to the participant under Rule 1, 2, or 3 of this Section (B) all proportional annuities payable to the participant by all other retirement systems covered by Article 20, and (C) the initial primary insurance amount to which the participant is entitled under the Social Security Act, is less than the retirement annuity which would have been payable if all of the participant's pension credits
validated under Section 20-109 had been validated under this system, a supplemental annuity equal to the difference in such amounts shall be payable to the participant.

(h) On January 1, 1981, an annuitant who was receiving a retirement annuity on or before January 1, 1971 shall have his or her retirement annuity then being paid increased $1 per month for each year of creditable service. On January 1, 1982, an annuitant whose retirement annuity began on or before January 1, 1977, shall have his or her retirement annuity then being paid increased $1 per month for each year of creditable service.

(i) On January 1, 1987, any annuitant whose retirement annuity began on or before January 1, 1977, shall have the monthly retirement annuity increased by an amount equal to 8¢ per year of creditable service times the number of years that have elapsed since the annuity began.

(40 ILCS 5/15-155) (from Ch. 108 1/2, par. 15-155)
Sec. 15-155. Employer contributions.

(a) The State of Illinois shall make contributions by appropriations of amounts which, together with the other employer contributions from trust, federal, and other funds, employee contributions, income from investments, and other income of this System, will be sufficient to meet the cost of maintaining and administering the System on a 90% funded basis in accordance with actuarial recommendations.

The Board shall determine the amount of State contributions required for each fiscal year on the basis of the actuarial tables and other assumptions adopted by the Board and the recommendations of the actuary, using the formula in subsection (a-1).

(a-1) For State fiscal years 2011 through 2045, the minimum contribution to the System to be made by the State for each fiscal year shall be an amount determined by the System to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the System by the end of State fiscal year 2045. In making these determinations, the required State contribution shall be calculated each year as a level percentage of payroll over the years remaining to and including fiscal year 2045 and shall be determined under the projected unit credit actuarial cost method.

For State fiscal years 1996 through 2005, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments so that by State
fiscal year 2011, the State is contributing at the rate required under this Section.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2006 is $166,641,900.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2007 is $252,064,100.

For each of State fiscal years 2008 through 2010, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments from the required State contribution for State fiscal year 2007, so that by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

Beginning in State fiscal year 2046, the minimum State contribution for each fiscal year shall be the amount needed to maintain the total assets of the System at 90% of the total actuarial liabilities of the System.

Notwithstanding any other provision of this Section, the required State contribution for State fiscal year 2005 and for fiscal year 2008 and each fiscal year thereafter, as calculated under this Section and certified under Section 15-165, shall not exceed an amount equal to (i) the amount of the required State contribution that would have been calculated under this Section for that fiscal year if the System had not received any payments under subsection (d) of Section 7.2 of the General Obligation Bond Act, minus (ii) the portion of the State's total debt service payments for that fiscal year on the bonds issued for the purposes of that Section 7.2, as determined and certified by the Comptroller, that is the same as the System's portion of the total moneys distributed under subsection (d) of Section 7.2 of the General Obligation Bond Act. In determining this maximum for State fiscal years 2008 through 2010, however, the amount referred to in item (i) shall be increased, as a percentage of the applicable employee payroll, in equal increments calculated from the sum of the required State contribution for State fiscal year 2007 plus the applicable portion of the State's total debt service payments for fiscal year 2007 on the bonds issued for the purposes of Section 7.2 of the General Obligation Bond Act, so that, by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

(b) If an employee is paid from trust or federal funds, the employer shall pay to the Board contributions from those funds which are sufficient to cover the accruing normal costs on behalf of the employee. However,

universities having employees who are compensated out of local auxiliary funds, income funds, or service enterprise funds are not required to pay such contributions on behalf of those employees. The local auxiliary funds, income funds, and service enterprise funds of universities shall not be considered trust funds for the purpose of this Article, but funds of alumni associations, foundations, and athletic associations which are affiliated with the universities included as employers under this Article and other employers which do not receive State appropriations are considered to be trust funds for the purpose of this Article.

(b-1) The City of Urbana and the City of Champaign shall each make employer contributions to this System for their respective firefighter employees who participate in this System pursuant to subsection (h) of Section 15-107. The rate of contributions to be made by those municipalities shall be determined annually by the Board on the basis of the actuarial assumptions adopted by the Board and the recommendations of the actuary, and shall be expressed as a percentage of salary for each such employee. The Board shall certify the rate to the affected municipalities as soon as may be practical. The employer contributions required under this subsection shall be remitted by the municipality to the System at the same time and in the same manner as employee contributions.

(c) Through State fiscal year 1995: The total employer contribution shall be apportioned among the various funds of the State and other employers, whether trust, federal, or other funds, in accordance with actuarial procedures approved by the Board. State of Illinois contributions for employers receiving State appropriations for personal services shall be payable from appropriations made to the employers or to the System. The contributions for Class I community colleges covering earnings other than those paid from trust and federal funds, shall be payable solely from appropriations to the Illinois Community College Board or the System for employer contributions.

(d) Beginning in State fiscal year 1996, the required State contributions to the System shall be appropriated directly to the System and shall be payable through vouchers issued in accordance with subsection (c) of Section 15-165, except as provided in subsection (g).

(e) The State Comptroller shall draw warrants payable to the System upon proper certification by the System or by the employer in accordance with the appropriation laws and this Code.
(f) Normal costs under this Section means liability for pensions and other benefits which accrues to the System because of the credits earned for service rendered by the participants during the fiscal year and expenses of administering the System, but shall not include the principal of or any redemption premium or interest on any bonds issued by the Board or any expenses incurred or deposits required in connection therewith.

(g) If the amount of a participant's earnings for any academic year used to determine the final rate of earnings exceeds the amount of his or her earnings with the same employer for the previous academic year by more than 6%, the participant's employer shall pay to the System, in addition to all other payments required under this Section and in accordance with guidelines established by the System, the present value of the increase in benefits resulting from the portion of the increase in earnings that is in excess of 6%. This present value shall be computed by the System on the basis of the actuarial assumptions and tables used in the most recent actuarial valuation of the System that is available at the time of the computation. The employer contributions required under this subsection (g) shall be paid in the form of a lump sum within 30 days after receipt of the bill after the participant begins receiving benefits under this Article.

The provisions of this subsection (g) do not apply to earnings increases paid to participants under contracts or collective bargaining agreements entered into, amended, or renewed before the effective date of this amendatory Act of the 94th General Assembly.

Sec. 15-165. To certify amounts and submit vouchers.

(a) The Board shall certify to the Governor on or before November 15 of each year the appropriation required from State funds for the purposes of this System for the following fiscal year. The certification shall include a copy of the actuarial recommendations upon which it is based.

On or before May 1, 2004, the Board shall recalculate and recertify to the Governor the amount of the required State contribution to the System for State fiscal year 2005, taking into account the amounts appropriated to and received by the System under subsection (d) of Section 7.2 of the General Obligation Bond Act.

On or before July 1, 2005, the Board shall recalculate and recertify to the Governor the amount of the required State contribution to

the System for State fiscal year 2006, taking into account the changes in required State contributions made by this amendatory Act of the 94th General Assembly.

(b) The Board shall certify to the State Comptroller or employer, as the case may be, from time to time, by its president and secretary, with its seal attached, the amounts payable to the System from the various funds.

(c) Beginning in State fiscal year 1996, on or as soon as possible after the 15th day of each month the Board shall submit vouchers for payment of State contributions to the System, in a total monthly amount of one-twelfth of the required annual State contribution certified under subsection (a). From the effective date of this amendatory Act of the 93rd General Assembly through June 30, 2004, the Board shall not submit vouchers for the remainder of fiscal year 2004 in excess of the fiscal year 2004 certified contribution amount determined under this Section after taking into consideration the transfer to the System under subsection (b) of Section 6z-61 of the State Finance Act. These vouchers shall be paid by the State Comptroller and Treasurer by warrants drawn on the funds appropriated to the System for that fiscal year.

If in any month the amount remaining unexpended from all other appropriations to the System for the applicable fiscal year (including the appropriations to the System under Section 8.12 of the State Finance Act and Section 1 of the State Pension Funds Continuing Appropriation Act) is less than the amount lawfully vouchered under this Section, the difference shall be paid from the General Revenue Fund under the continuing appropriation authority provided in Section 1.1 of the State Pension Funds Continuing Appropriation Act.

(d) So long as the payments received are the full amount lawfully vouchered under this Section, payments received by the System under this Section shall be applied first toward the employer contribution to the self-managed plan established under Section 15-158.2. Payments shall be applied second toward the employer's portion of the normal costs of the System, as defined in subsection (f) of Section 15-155. The balance shall be applied toward the unfunded actuarial liabilities of the System.

(e) In the event that the System does not receive, as a result of legislative enactment or otherwise, payments sufficient to fully fund the employer contribution to the self-managed plan established under Section 15-158.2 and to fully fund that portion of the employer's portion of the normal costs of the System, as calculated in accordance with Section 15-155(a-1), then any payments received shall be applied proportionately to

Sec. 15-198. Application and expiration of new benefit increases.
(a) As used in this Section, "new benefit increase" means an
increase in the amount of any benefit provided under this Article, or an
expansion of the conditions of eligibility for any benefit under this Article,
that results from an amendment to this Code that takes effect after the
effective date of this amendatory Act of the 94th General Assembly.

(b) Notwithstanding any other provision of this Code or any
subsequent amendment to this Code, every new benefit increase is subject
to this Section and shall be deemed to be granted only in conformance
with and contingent upon compliance with the provisions of this Section.

(c) The Public Act enacting a new benefit increase must identify
and provide for payment to the System of additional funding at least
sufficient to fund the resulting annual increase in cost to the System as it
accrues.

Every new benefit increase is contingent upon the General
Assembly providing the additional funding required under this subsection.
The Commission on Government Forecasting and Accountability shall
analyze whether adequate additional funding has been provided for the
new benefit increase and shall report its analysis to the Public Pension
Division of the Department of Financial and Professional Regulation. A
new benefit increase created by a Public Act that does not include
the additional funding required under this subsection is null and void. If the
Public Pension Division determines that the additional funding provided
for a new benefit increase under this subsection is or has become
inadequate, it may so certify to the Governor and the State Comptroller
and, in the absence of corrective action by the General Assembly, the new
benefit increase shall expire at the end of the fiscal year in which the
certification is made.

(d) Every new benefit increase shall expire 5 years after its
effective date or on such earlier date as may be specified in the language
enacting the new benefit increase or provided under subsection (c). This
does not prevent the General Assembly from extending or re-creating a
new benefit increase by law.

(e) Except as otherwise provided in the language creating the new benefit increase, a new benefit increase that expires under this Section continues to apply to persons who applied and qualified for the affected benefit while the new benefit increase was in effect and to the affected beneficiaries and alternate payees of such persons, but does not apply to any other person, including without limitation a person who continues in service after the expiration date and did not apply and qualify for the affected benefit while the new benefit increase was in effect.

Sec. 16-128. Creditable service - required contributions.

(a) In order to receive the creditable service specified under subsection (b) of Section 16-127, a member is required to make the following contributions: (i) an amount equal to the contributions which would have been required had such service been rendered as a member under this System; (ii) for military service not immediately following employment and for service established under subdivision (b)(10) of Section 16-127, an amount determined by the Board to be equal to the employer's normal cost of the benefits accrued for such service; and (iii) interest from the date the contributions would have been due (or, in the case of a person establishing credit for military service under subdivision (b)(3) of Section 16-127, the date of first membership in the System, if that date is later) to the date of payment, at the following rate of interest, compounded annually: for periods prior to July 1, 1965, regular interest; from July 1, 1965 to June 30, 1977, 4% per year; on and after July 1, 1977, regular interest.

(b) In order to receive creditable service under paragraph (2) of subsection (b) of Section 16-127 for those who were not members on June 30, 1963, the minimum required contribution shall be $420 per year of service together with interest at 4% per year compounded annually from July 1, preceding the date of membership until June 30, 1977 and at regular interest compounded annually thereafter to the date of payment.

(c) In determining the contribution required in order to receive creditable service under paragraph (3) of subsection (b) of Section 16-127, the salary rate for the remainder of the school term in which a member enters military service shall be assumed to be equal to the member's salary rate at the time of entering military service. However, for military service not immediately following employment, the salary rate on the last date as a participating teacher prior to such military service, or on the first date as a participating teacher after such military service, whichever is greater, shall
be assumed to be equal to the member's salary rate at the time of entering military service. For each school term thereafter, the member's salary rate shall be assumed to be 5% higher than the salary rate in the previous school term.

(d) In determining the contribution required in order to receive creditable service under paragraph (5) of subsection (b) of Section 16-127, a member's salary rate during the period for which credit is being established shall be assumed to be equal to the member's last salary rate immediately preceding that period.

(d-5) For each year of service credit to be established under subsection (b-1) of Section 16-127, a member is required to contribute to the System (i) 16.5% of the annual salary rate during the first year of full-time employment as a teacher under this Article following the private school service, plus (ii) interest thereon from the date of first full-time employment as a teacher under this Article following the private school service to the date of payment, compounded annually, at the rate of 8.5% per year for periods before the effective date of this amendatory Act of the 92nd General Assembly, and for subsequent periods at a rate equal to the System's actuarially assumed rate of return on investments.

(d-10) For service credit established under paragraph (6) of subsection (b) of Section 16-127 for days granted by an employer in excess of the member's normal annual sick leave allotment, the employer is required to pay the normal cost of benefits based upon such service credit. This subsection (d-10) does not apply to sick leave granted to teachers under contracts or collective bargaining agreements entered into, amended, or renewed before the effective date of this amendatory Act of the 94th General Assembly.

(e) The contributions required under this Section may be made from the date the statement for such creditable service is issued until retirement date. All such required contributions must be made before any retirement annuity is granted.

Sec. 16-133. Retirement annuity; amount.

(a) The amount of the retirement annuity shall be (i) in the case of a person who first became a teacher under this Article before July 1, 2005, the larger of the amounts determined under paragraphs (A) and (B) below, or (ii) in the case of a person who first becomes a teacher under this
Article on or after July 1, 2005, the amount determined under the applicable provisions of paragraph (B):

(A) An amount consisting of the sum of the following:

(1) An amount that can be provided on an actuarially equivalent basis by the member's accumulated contributions at the time of retirement; and

(2) The sum of (i) the amount that can be provided on an actuarially equivalent basis by the member's accumulated contributions representing service prior to July 1, 1947, and (ii) the amount that can be provided on an actuarially equivalent basis by the amount obtained by multiplying 1.4 times the member's accumulated contributions covering service subsequent to June 30, 1947; and

(3) If there is prior service, 2 times the amount that would have been determined under subparagraph (2) of paragraph (A) above on account of contributions which would have been made during the period of prior service creditable to the member had the System been in operation and had the member made contributions at the contribution rate in effect prior to July 1, 1947.

This paragraph (A) does not apply to a person who first becomes a teacher under this Article on or after July 1, 2005.

(B) An amount consisting of the greater of the following:

(1) For creditable service earned before July 1, 1998 that has not been augmented under Section 16-129.1: 1.67% of final average salary for each of the first 10 years of creditable service, 1.90% of final average salary for each year in excess of 10 but not exceeding 20, 2.10% of final average salary for each year in excess of 20 but not exceeding 30, and 2.30% of final average salary for each year in excess of 30; and

For creditable service earned on or after July 1, 1998 by a member who has at least 24 years of creditable service on July 1, 1998 and who does not elect to augment service under Section 16-129.1: 2.2% of final average salary for each year of creditable service earned on or after July 1, 1998 but before the member reaches a total of 30 years of creditable service and 2.3% of final average salary
for each year of creditable service earned on or after July 1, 1998 and after the member reaches a total of 30 years of creditable service; and

For all other creditable service: 2.2% of final average salary for each year of creditable service; or

(2) 1.5% of final average salary for each year of creditable service plus the sum $7.50 for each of the first 20 years of creditable service.

The amount of the retirement annuity determined under this paragraph (B) shall be reduced by 1/2 of 1% for each month that the member is less than age 60 at the time the retirement annuity begins. However, this reduction shall not apply (i) if the member has at least 35 years of creditable service, or (ii) if the member retires on account of disability under Section 16-149.2 of this Article with at least 20 years of creditable service, or (iii) if the member (1) has earned during the period immediately preceding the last day of service at least one year of contributing creditable service as an employee of a department as defined in Section 14-103.04, (2) has earned at least 5 years of contributing creditable service as an employee of a department as defined in Section 14-103.04, (3) retires on or after January 1, 2001, and (4) retires having attained an age which, when added to the number of years of his or her total creditable service, equals at least 85. Portions of years shall be counted as decimal equivalents.

(b) For purposes of this Section, final average salary shall be the average salary for the highest 4 consecutive years within the last 10 years of creditable service as determined under rules of the board. The minimum final average salary shall be considered to be $2,400 per year.

In the determination of final average salary for members other than elected officials and their appointees when such appointees are allowed by statute, that part of a member's salary for any year beginning after June 30, 1979 which exceeds the member's annual full-time salary rate with the same employer for the preceding year by more than 20% shall be excluded. The exclusion shall not apply in any year in which the member's creditable earnings are less than 50% of the preceding year's mean salary for downstate teachers as determined by the survey of school district salaries provided in Section 2-3.103 of the School Code.
(c) In determining the amount of the retirement annuity under paragraph (B) of this Section, a fractional year shall be granted proportional credit.

(d) The retirement annuity determined under paragraph (B) of this Section shall be available only to members who render teaching service after July 1, 1947 for which member contributions are required, and to annuitants who re-enter under the provisions of Section 16-150.

(e) The maximum retirement annuity provided under paragraph (B) of this Section shall be 75% of final average salary.

(f) A member retiring after the effective date of this amendatory Act of 1998 shall receive a pension equal to 75% of final average salary if the member is qualified to receive a retirement annuity equal to at least 74.6% of final average salary under this Article or as proportional annuities under Article 20 of this Code.

Sec. 16-133.2. Early retirement without discount.

(a) A member retiring after June 1, 1980 and on or before June 30, 2005 (or as provided in subsection (b) of this Section), and applying for a retirement annuity within 6 months of the last day of teaching for which retirement contributions were required, may elect at the time of application for a retirement annuity, to make a one time member contribution to the System and thereby avoid the reduction in the retirement annuity for retirement before age 60 specified in paragraph (B) of Section 16-133. The exercise of the election shall also obligate the last employer to make a one time non-refundable contribution to the System. Substitute teachers wishing to exercise this election must teach 85 or more days in one school term with one employer, who shall be deemed the last employer for purposes of this Section. The last day of teaching with that employer must be within 6 months of the date of application for retirement. All substitute teaching credit applied toward the required 85 days must be earned after June 30, 1990.

The one time member and employer contributions shall be a percentage of the retiring member's highest annual salary rate used in the determination of the average salary for retirement annuity purposes. However, when determining the one-time member and employer contributions, that part of a member's salary with the same employer which exceeds the annual salary rate for the preceding year by more than

20% shall be excluded. The member contribution shall be at the rate of 7% for the lesser of the following 2 periods: (1) for each year that the member is less than age 60; or (2) for each year that the member's creditable service is less than 35 years. If a member is at least age 55 and has at least 34 years of creditable service, no member or employer contribution for the early retirement option shall be required. The employer contribution shall be at the rate of 20% for each year the member is under age 60.

Upon receipt of the application and election, the System shall determine the one time employee and employer contributions required. The member contribution shall be credited to the individual account of the member and the employer contribution shall be credited to the Benefit Trust Reserve. The provisions of this subsection (a) providing for the avoidance of the reduction in retirement annuity Section shall not be applicable until the member's contribution, if any, has been received by the System; however, the date such contributions are received shall not be considered in determining the effective date of retirement.

The number of members working for a single employer who may retire under this subsection or subsection (b) Section in any year may be limited at the option of the employer to a specified percentage of those eligible, not less than 30%, with the right to participate to be allocated among those applying on the basis of seniority in the service of the employer.

(b) The provisions of subsection (a) of this Section shall remain in effect for a member retiring after June 30, 2005 and on or before July 1, 2007, provided that the member satisfies both of the following requirements:

1. the member notified his or her employer of intent to retire under this Article on or before the effective date of this amendatory Act of the 94th General Assembly under the terms of a contract or collective bargaining agreement entered into, amended, or renewed with the employer on or before the effective date of this amendatory Act of the 94th General Assembly; and
2. the effective date of the member's retirement is on or before July 1, 2007.

The member's employer must give evidence of the member's notification by providing to the System:

1. a copy of the member's notification to the employer or the record of that notification;

(ii) an affidavit signed by the member and the employer, verifying the notification; and
(iii) any additional documentation that the System may require.

(c) Except as otherwise provided in subsection (b), and subject to the provisions of Section 16-176, a member retiring on or after July 1, 2005, and applying for a retirement annuity within 6 months of the last day of teaching for which retirement contributions were required, may elect at the time of application for a retirement annuity, to make a one-time member contribution to the System and thereby avoid the reduction in the retirement annuity for retirement before age 60 specified in paragraph (B) of Section 16-133. The exercise of the election shall also obligate the last employer to make a one-time nonrefundable contribution to the System. Substitute teachers wishing to exercise this election must teach 85 or more days in one school term with one employer, who shall be deemed the last employer for purposes of this Section. The last day of teaching with that employer must be within 6 months of the date of application for retirement. All substitute teaching credit applied toward the required 85 days must be earned after June 30, 1990.

The one-time member and employer contributions shall be a percentage of the retiring member's highest annual salary rate used in the determination of the average salary for retirement annuity purposes. However, when determining the one-time member and employer contributions, that part of a member's salary with the same employer which exceeds the annual salary rate for the preceding year by more than 20% shall be excluded. The member contribution shall be at the rate of 11.5% for the lesser of the following 2 periods: (1) for each year that the member is less than age 60; or (2) for each year that the member's creditable service is less than 35 years. The employer contribution shall be at the rate of 23.5% for each year the member is under age 60.

Upon receipt of the application and election, the System shall determine the one-time employee and employer contributions required. The member contribution shall be credited to the individual account of the member and the employer contribution shall be credited to the Benefit Trust Reserve. The avoidance of the reduction in retirement annuity provided under this subsection (c) is not applicable until the member's contribution, if any, has been received by the System; however, the date that contribution is received shall not be considered in determining the effective date of retirement.

Sec. 16-133.3. Early retirement incentives for State employees.

(a) To be eligible for the benefits provided in this Section, a person must:

(1) be a member of this System who, on any day during June, 2002, is (i) in active payroll status as a full-time teacher employed by a department and an active contributor to this System with respect to that employment, or (ii) on layoff status from such a position with a right of re-employment or recall to service, or (iii) receiving a disability benefit under Section 16-149 or 16-149.1, but only if the member has not been receiving that benefit for a continuous period of more than 2 years as of the date of application;

(2) not have received any retirement annuity under this Article beginning earlier than August 1, 2002;

(3) file with the Board on or before December 31, 2002 a written application requesting the benefits provided in this Section;

(4) terminate employment under this Article no later than December 31, 2002 (or the date established under subsection (d), if applicable);

(5) by the date of termination of service, have at least 8 years of creditable service under this Article, without the use of any creditable service established under this Section;

(6) by the date of termination of service, have at least 5 years of service credit earned while participating in the System as a teacher employed by a department; and

(7) not receive any early retirement benefit under Section 14-108.3 of this Code.

For the purposes of this Section, "department" means a department as defined in Section 14-103.04 that employs a teacher as defined in this Article.

(b) An eligible person may establish up to 5 years of creditable service under this Article by making the contributions specified in

subsection (c). In addition, for each period of creditable service established under this Section, a person's age at retirement shall be deemed to be enhanced by an equivalent period.

The creditable service established under this Section may be used for all purposes under this Article and the Retirement Systems Reciprocal Act, except for the computation of final average salary, the determination of salary or compensation under this Article or any other Article of this Code, or the determination of eligibility for or the computation of benefits under Section 16-133.2.

The age enhancement established under this Section may be used for all purposes under this Article (including calculation of a proportionate annuity payable by this System under the Retirement Systems Reciprocal Act), except for purposes of a retirement annuity under Section 16-133(a)(A), a reversionary annuity under Section 16-136, the required distributions under Section 16-142.3, and the determination of eligibility for or the computation of benefits under Section 16-133.2. Age enhancement established under this Section may be used in determining benefits payable under Article 14 of this Code under the Retirement Systems Reciprocal Act (subject to the limitations on the use of age enhancement provided in Section 14-108.3); age enhancement established under this Section shall not be used in determining benefits payable under other Articles of this Code under the Retirement Systems Reciprocal Act.

(c) For all creditable service established under this Section, a person must pay to the System an employee contribution to be determined by the System, equal to 9.0% of the member's highest annual salary rate that would be used in the determination of the average salary for retirement annuity purposes if the member retired immediately after withdrawal, for each year of creditable service established under this Section.

If the member receives a lump sum payment for accumulated vacation, sick leave, and personal leave upon withdrawal from service, and the net amount of that lump sum payment is at least as great as the amount of the contribution required under this Section, the entire contribution must be paid by the employee by payroll deduction. If there is no such lump sum payment, or if it is less than the contribution required under this Section, the member shall make an initial payment by payroll deduction, equal to the net amount of the lump sum payment for accumulated vacation, sick leave, and personal leave, and have the remaining amount due treated as a reduction from the retirement annuity in 24 equal monthly

installments beginning in the month in which the retirement annuity takes effect. The required contribution may be paid as a pre-tax deduction from earnings.

(d) In order to ensure that the efficient operation of State government is not jeopardized by the simultaneous retirement of large numbers of key personnel, the director or other head of a department may, for key employees of that department, extend the December 31, 2002 deadline for terminating employment under this Article established in subdivision (a)(4) of this Section to a date not later than April 30, 2003 by so notifying the System in writing by December 31, 2002.

(e) A person who has received any age enhancement or creditable service under this Section and who reenters contributing service under this Article or Article 14 shall thereby forfeit that age enhancement and creditable service, and become entitled to a refund of the contributions made pursuant to this Section.

(f) The System shall determine the amount of the increase in the present value of future benefits resulting from the granting of early retirement incentives under this Section and shall report that amount to the Governor and the Commission on Government Forecasting and Accountability on or after the effective date of this amendatory Act of the 93rd General Assembly and on or before November 15, 2004. Beginning with State fiscal year 2008, the increase in liability reported under this subsection (f) shall not be included in the calculation of the required State contribution under Section 16-158.

(g) In addition to the contributions otherwise required under this Article, the State shall appropriate and pay to the System (1) an amount equal to $1,000,000 in State fiscal year 2004 and (2) in each of State fiscal years 2006 through 2015, a level dollar-payment based upon the increase in the present value of future benefits provided by the early retirement incentives provided under this Section amortized at 8.5% interest.

(h) The Pension Laws Commission (or its successor, the Commission on Government Forecasting and Accountability) shall determine and report to the General Assembly, on or before January 1, 2004 and annually thereafter through the year 2013, its estimate of (1) the annual amount of payroll savings likely to be realized by the State as a result of the early retirement of persons receiving early retirement incentives under this Section and (2) the net annual savings or cost to the State from the program of early retirement incentives created under this Section.

(d) A person who (i) was a member before July 1, 1998, (ii) retires with more than 34 years of creditable service, and (iii) does not elect to qualify for the augmented rate under Section 16-129.1 shall be entitled, at the time of retirement, to receive a partial refund of contributions made under this Section for service occurring after the later of June 30, 1998 or attainment of 34 years of creditable service, in an amount equal to 1.00% of the salary upon which those contributions were based.

(e) A member's contributions toward the cost of early retirement without discount made under item (a)(4) of this Section shall not be refunded if the member has elected early retirement without discount under Section 16-133.2 and has begun to receive a retirement annuity under this Article calculated in accordance with that election. Otherwise, a member's contributions toward the cost of early retirement without discount made under item (a)(4) of this Section shall be refunded according to whichever one of the following circumstances occurs first:

meet the cost of maintaining and administering the System on a 90% funded basis in accordance with actuarial recommendations. The Board shall determine the amount of State contributions required for each fiscal year on the basis of the actuarial tables and other assumptions adopted by the Board and the recommendations of the actuary, using the formula in subsection (b-3).

On or before July 1, 2005, the Board shall recalculate and recertify to the Governor the amount of the required State contribution to the System for State fiscal year 2006, taking into account the changes in required State contributions made by this amendatory Act of the 94th General Assembly.

(b) Through State fiscal year 1995, the State contributions shall be paid to the System in accordance with Section 18-7 of the School Code.

(b-1) Beginning in State fiscal year 1996, on the 15th day of each month, or as soon thereafter as may be practicable, the Board shall submit vouchers for payment of State contributions to the System, in a total monthly amount of one-twelfth of the required annual State contribution certified under subsection (a-1). From the effective date of this amendatory Act of the 93rd General Assembly through June 30, 2004, the Board shall not submit vouchers for the remainder of fiscal year 2004 in excess of the fiscal year 2004 certified contribution amount determined under this Section after taking into consideration the transfer to the System under subsection (a) of Section 6z-61 of the State Finance Act. These vouchers shall be paid by the State Comptroller and Treasurer by warrants drawn on the funds appropriated to the System for that fiscal year.

If in any month the amount remaining unexpended from all other appropriations to the System for the applicable fiscal year (including the appropriations to the System under Section 8.12 of the State Finance Act and Section 1 of the State Pension Funds Continuing Appropriation Act) is less than the amount lawfully vouchered under this subsection, the

difference shall be paid from the Common School Fund under the continuing appropriation authority provided in Section 1.1 of the State Pension Funds Continuing Appropriation Act.

(b-2) Allocations from the Common School Fund apportioned to school districts not coming under this System shall not be diminished or affected by the provisions of this Article.

(b-3) For State fiscal years 2011 through 2045, the minimum contribution to the System to be made by the State for each fiscal year shall be an amount determined by the System to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the System by the end of State fiscal year 2045. In making these determinations, the required State contribution shall be calculated each year as a level percentage of payroll over the years remaining to and including fiscal year 2045 and shall be determined under the projected unit credit actuarial cost method.

For State fiscal years 1996 through 2010, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments so that by State fiscal year 2011, the State is contributing at the rate required under this Section; except that in the following specified State fiscal years, the State contribution to the System shall not be less than the following indicated percentages of the applicable employee payroll, even if the indicated percentage will produce a State contribution in excess of the amount otherwise required under this subsection and subsection (a), and notwithstanding any contrary certification made under subsection (a-1) before the effective date of this amendatory Act of 1998: 10.02% in FY 1999; 10.77% in FY 2000; 11.47% in FY 2001; 12.16% in FY 2002; 12.86% in FY 2003; and 13.56% in FY 2004.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2006 is $534,627,700.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2007 is $738,014,500.

For each of State fiscal years 2008 through 2010, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments from the required State contribution for State fiscal year 2007, so that by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

Beginning in State fiscal year 2046, the minimum State contribution for each fiscal year shall be the amount needed to maintain the total assets of the System at 90% of the total actuarial liabilities of the System.

Notwithstanding any other provision of this Section, the required State contribution for State fiscal year 2005 and for fiscal year 2008 and each fiscal year thereafter, as calculated under this Section and certified under subsection (a-1), shall not exceed an amount equal to (i) the amount of the required State contribution that would have been calculated under this Section for that fiscal year if the System had not received any payments under subsection (d) of Section 7.2 of the General Obligation Bond Act, minus (ii) the portion of the State's total debt service payments for that fiscal year on the bonds issued for the purposes of that Section 7.2, as determined and certified by the Comptroller, that is the same as the System's portion of the total moneys distributed under subsection (d) of Section 7.2 of the General Obligation Bond Act. In determining this maximum for State fiscal years 2008 through 2010, however, the amount referred to in item (i) shall be increased, as a percentage of the applicable employee payroll, in equal increments calculated from the sum of the required State contribution for State fiscal year 2007 plus the applicable portion of the State's total debt service payments for fiscal year 2007 on the bonds issued for the purposes of Section 7.2 of the General Obligation Bond Act, so that, by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

(c) Payment of the required State contributions and of all pensions, retirement annuities, death benefits, refunds, and other benefits granted under or assumed by this System, and all expenses in connection with the administration and operation thereof, are obligations of the State.

If members are paid from special trust or federal funds which are administered by the employing unit, whether school district or other unit, the employing unit shall pay to the System from such funds the full accruing retirement costs based upon that service, as determined by the System. Employer contributions, based on salary paid to members from federal funds, may be forwarded by the distributing agency of the State of Illinois to the System prior to allocation, in an amount determined in accordance with guidelines established by such agency and the System.

(d) Effective July 1, 1986, any employer of a teacher as defined in paragraph (8) of Section 16-106 shall pay the employer's normal cost of benefits based upon the teacher's service, in addition to employee
contributions, as determined by the System. Such employer contributions shall be forwarded monthly in accordance with guidelines established by the System.

However, with respect to benefits granted under Section 16-133.4 or 16-133.5 to a teacher as defined in paragraph (8) of Section 16-106, the employer's contribution shall be 12% (rather than 20%) of the member's highest annual salary rate for each year of creditable service granted, and the employer shall also pay the required employee contribution on behalf of the teacher. For the purposes of Sections 16-133.4 and 16-133.5, a teacher as defined in paragraph (8) of Section 16-106 who is serving in that capacity while on leave of absence from another employer under this Article shall not be considered an employee of the employer from which the teacher is on leave.

(e) Beginning July 1, 1998, every employer of a teacher shall pay to the System an employer contribution computed as follows:

(1) Beginning July 1, 1998 through June 30, 1999, the employer contribution shall be equal to 0.3% of each teacher's salary.

(2) Beginning July 1, 1999 and thereafter, the employer contribution shall be equal to 0.58% of each teacher's salary.

The school district or other employing unit may pay these employer contributions out of any source of funding available for that purpose and shall forward the contributions to the System on the schedule established for the payment of member contributions.

These employer contributions are intended to offset a portion of the cost to the System of the increases in retirement benefits resulting from this amendatory Act of 1998.

Each employer of teachers is entitled to a credit against the contributions required under this subsection (e) with respect to salaries paid to teachers for the period January 1, 2002 through June 30, 2003, equal to the amount paid by that employer under subsection (a-5) of Section 6.6 of the State Employees Group Insurance Act of 1971 with respect to salaries paid to teachers for that period.

The additional 1% employee contribution required under Section 16-152 by this amendatory Act of 1998 is the responsibility of the teacher and not the teacher's employer, unless the employer agrees, through collective bargaining or otherwise, to make the contribution on behalf of the teacher.

If an employer is required by a contract in effect on May 1, 1998 between the employer and an employee organization to pay, on behalf of all its full-time employees covered by this Article, all mandatory employee contributions required under this Article, then the employer shall be excused from paying the employer contribution required under this subsection (e) for the balance of the term of that contract. The employer and the employee organization shall jointly certify to the System the existence of the contractual requirement, in such form as the System may prescribe. This exclusion shall cease upon the termination, extension, or renewal of the contract at any time after May 1, 1998.

(f) If the amount of a teacher's salary for any school year used to determine final average salary exceeds the amount of his or her salary with the same employer for the previous school year by more than 6%, the teacher's employer shall pay to the System, in addition to all other payments required under this Section and in accordance with guidelines established by the System, the present value of the increase in benefits resulting from the portion of the increase in salary that is in excess of 6%. This present value shall be computed by the System on the basis of the actuarial assumptions and tables used in the most recent actuarial valuation of the System that is available at the time of the computation. The employer contributions required under this subsection (f) shall be paid in the form of a lump sum within 30 days after receipt of the bill after the teacher begins receiving benefits under this Article.

The provisions of this subsection (f) do not apply to salary increases paid to teachers under contracts or collective bargaining agreements entered into, amended, or renewed before the effective date of this amendatory Act of the 94th General Assembly.

Sec. 16-176. To adopt actuarial assumptions. For the 5-year period ending June 30, 1997 and every 5 years thereafter, the actuary, as technical advisor, shall make an actuarial investigation into the mortality, service and compensation experience of the members, annuitants, and beneficiaries of the retirement system. Based upon the result of that investigation, the board shall adopt such actuarial assumptions as it deems appropriate.

Beginning with the 5-year period ending June 30, 2012 and every 5 years thereafter, the actuarial investigation required under this Section
shall include the System’s experience under the early retirement without discount option established in Section 16-133.2, including consideration of the sufficiency of the member and employer contributions under Section 16-133.2 and the active member contribution under Section 16-152 to adequately fund the early retirement without discount option. The Board shall promptly communicate the results of the actuarial investigation to the Commission on Government Forecasting and Accountability. Based on the actuarial investigation, the Commission on Government Forecasting and Accountability shall, no later than February 1 of the next year, recommend to the General Assembly any proportional adjustment in the amounts of the member and employer contributions under Section 16-133.2 that it deems necessary. If the General Assembly fails to adjust the member and employer contributions under Section 16-133.2 in response to the Commission’s recommendations, then the early retirement without discount option under Section 16-133.2 is terminated and shall cease to be available at the end of the fiscal year in which the Commission made its recommendation to the General Assembly.

(40 ILCS 5/16-203 new)

Sec. 16-203. Application and expiration of new benefit increases.

(a) As used in this Section, “new benefit increase” means an increase in the amount of any benefit provided under this Article, or an expansion of the conditions of eligibility for any benefit under this Article, that results from an amendment to this Code that takes effect after the effective date of this amendatory Act of the 94th General Assembly.

(b) Notwithstanding any other provision of this Code or any subsequent amendment to this Code, every new benefit increase is subject to this Section and shall be deemed to be granted only in conformance with and contingent upon compliance with the provisions of this Section.

(c) The Public Act enacting a new benefit increase must identify and provide for payment to the System of additional funding at least sufficient to fund the resulting annual increase in cost to the System as it accrues.

Every new benefit increase is contingent upon the General Assembly providing the additional funding required under this subsection. The Commission on Government Forecasting and Accountability shall analyze whether adequate additional funding has been provided for the new benefit increase and shall report its analysis to the Public Pension Division of the Department of Financial and Professional Regulation. A
new benefit increase created by a Public Act that does not include the additional funding required under this subsection is null and void. If the Public Pension Division determines that the additional funding provided for a new benefit increase under this subsection is or has become inadequate, it may so certify to the Governor and the State Comptroller and, in the absence of corrective action by the General Assembly, the new benefit increase shall expire at the end of the fiscal year in which the certification is made.

(d) Every new benefit increase shall expire 5 years after its effective date or on such earlier date as may be specified in the language enacting the new benefit increase or provided under subsection (c). This does not prevent the General Assembly from extending or re-creating a new benefit increase by law.

(e) Except as otherwise provided in the language creating the new benefit increase, a new benefit increase that expires under this Section continues to apply to persons who applied and qualified for the affected benefit while the new benefit increase was in effect and to the affected beneficiaries and alternate payees of such persons, but does not apply to any other person, including without limitation a person who continues in service after the expiration date and did not apply and qualify for the affected benefit while the new benefit increase was in effect.

Sec. 17-116.1. Early retirement without discount.

(a) A member retiring after June 1, 1980 and before June 30, 1995 and within 6 months of the last day of teaching for which retirement contributions were required, may elect at the time of application to make a one time employee contribution to the system and thereby avoid the early retirement reduction in allowance specified in paragraph (4) of Section 17-116 of this Article. The exercise of the election shall obligate the last Employer to also make a one time non-refundable contribution to the Fund.

(b) Subject to authorization by the Employer as provided in subsection (c), a member retiring on or after June 30, 1995 and on or before June 30, 2010 and within 6 months of the last day of teaching for which retirement contributions were required may elect at the time of application to make a one-time employee contribution to the Fund and thereby avoid the early retirement reduction in allowance specified in paragraph (4) of Section 17-116. The exercise of the election shall obligate
the last Employer to also make a one-time nonrefundable contribution to the Fund.

(c) The benefits provided in subsection (b) are available only to members who retire, during a specified period, from employment with an Employer that has adopted and filed with the Board a resolution expressly providing for the creation of an early retirement without discount program under this Section for that period.

The Employer has the full discretion and authority to determine whether an early retirement without discount program is in its best interest and to provide such a program to its eligible employees in accordance with this Section. The Employer may decide to authorize such a program for one or more of the following periods: for the period beginning July 1, 1997 and ending June 30, 1998, in which case the resolution must be adopted by January 1, 1998; for the period beginning July 1, 1998 and ending June 30, 1999, in which case the resolution must be adopted by March 31, 1998; for the period beginning July 1, 1999 and ending June 30, 2000, in which case the resolution must be adopted by March 31, 1999; for the period beginning July 1, 2000 and ending June 30, 2001, in which case the resolution must be adopted by March 31, 2000; for the period beginning July 1, 2001 and ending June 30, 2002, in which case the resolution must be adopted by March 31, 2001; for the period beginning July 1, 2002 and ending June 30, 2003, in which case the resolution must be adopted by March 31, 2002; for the period beginning July 1, 2003 and ending June 30, 2004, in which case the resolution must be adopted by March 31, 2003; and for the period beginning July 1, 2004 and ending June 30, 2005, in which case the resolution must be adopted by March 31, 2004; for the period beginning July 1, 2005 and ending June 30, 2006, in which case the resolution must be adopted by August 31, 2005; for the period beginning July 1, 2006 and ending June 30, 2007, in which case the resolution must be adopted by June 30, 2006; for the period beginning July 1, 2007 and ending June 30, 2008, in which case the resolution must be adopted by June 30, 2007; for the period beginning July 1, 2008 and ending June 30, 2009, in which case the resolution must be adopted by June 30, 2008; and for the period beginning July 1, 2009 and ending June 30, 2010, in which case the resolution must be adopted by June 30, 2009. The resolution must be filed with the Board within 10 days after it is adopted. A single resolution may authorize an early retirement without discount program as provided in this Section for more than one period.

Notwithstanding Section 17-157, the Employer shall also have full discretion and authority to determine whether to allow its employees who withdrew from service on or after June 30, 1995 and before June 27, 1997 to participate in an early retirement without discount program under subsection (b). An early retirement without discount program for those who withdrew from service on or after June 30, 1995 and before June 27, 1997 may be authorized only by a resolution of the Employer that is adopted by January 1, 1998 and filed with the Board within 10 days after its adoption. If such a resolution is duly adopted and filed, a person who (i) withdrew from service with the Employer on or after June 30, 1995 and before June 27, 1997, (ii) qualifies for early retirement without discount under subsection (b), (iii) applies to the Fund within 90 days after the authorizing resolution is adopted, and (iv) pays the required employee contribution shall have his or her retirement pension recalculated in accordance with subsection (b). The resulting increase shall be effective retroactively to the starting date of the retirement pension.

(d) The one-time employee contribution shall be equal to 7% of the retiring member's highest full-time annual salary rate used in the determination of the average salary rate for retirement pension, or if not full-time then the full-time equivalent, multiplied by (1) the number of years the teacher is under age 60, or (2) the number of years the employee's creditable service is less than 34 years, whichever is less.

The Employer contribution shall be 20% of such salary multiplied by such number of years.

(e) Upon receipt of the application and election, the Board shall determine the one time employee and Employer contributions. The provisions of this Section shall not be applicable until the employee contribution, if any, has been received by the Fund; however, the date that contribution is received shall not be considered in determining the effective date of retirement.

(f) The number of employees who may retire under this Section in any year may be limited at the option of the Employer to a specified number of those eligible, not lower than 200, but the Employer and the collective bargaining agent for teachers may agree upon a greater limitation to the specified number of employees who may retire under this Section in any year. The 30%, with the right to participate in the early retirement without discount authorized under this Section shall to be allocated among those applying on the basis of seniority in the service of the Employer or on such other basis for allocation as the Employer and
the collective bargaining agent for teachers agree, in which case, such other basis may be employed among other eligible employees as well.

Sec. 18-131. Financing; employer contributions.
(a) The State of Illinois shall make contributions to this System by appropriations of the amounts which, together with the contributions of participants, net earnings on investments, and other income, will meet the costs of maintaining and administering this System on a 90% funded basis in accordance with actuarial recommendations.

(b) The Board shall determine the amount of State contributions required for each fiscal year on the basis of the actuarial tables and other assumptions adopted by the Board and the prescribed rate of interest, using the formula in subsection (c).

(c) For State fiscal years 2011 through 2045, the minimum contribution to the System to be made by the State for each fiscal year shall be an amount determined by the System to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the System by the end of State fiscal year 2045. In making these determinations, the required State contribution shall be calculated each year as a level percentage of payroll over the years remaining to and including fiscal year 2045 and shall be determined under the projected unit credit actuarial cost method.

For State fiscal years 1996 through 2010, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments so that by State fiscal year 2011, the State is contributing at the rate required under this Section.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2006 is $29,189,400.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2007 is $35,236,800.

For each of State fiscal years 2008 through 2010, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments from the required State contribution for State fiscal year 2007, so that by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

Notwithstanding any other provision of this Section, the required State contribution for State fiscal year 2005 and for fiscal year 2008 and each fiscal year thereafter, as calculated under this Section and certified under Section 18-140, shall not exceed an amount equal to (i) the amount of the required State contribution that would have been calculated under this Section for that fiscal year if the System had not received any payments under subsection (d) of Section 7.2 of the General Obligation Bond Act, minus (ii) the portion of the State's total debt service payments for that fiscal year on the bonds issued for the purposes of that Section 7.2, as determined and certified by the Comptroller, that is the same as the System's portion of the total moneys distributed under subsection (d) of Section 7.2 of the General Obligation Bond Act. In determining this maximum for State fiscal years 2008 through 2010, however, the amount referred to in item (i) shall be increased, as a percentage of the applicable employee payroll, in equal increments calculated from the sum of the required State contribution for State fiscal year 2007 plus the applicable portion of the State's total debt service payments for fiscal year 2007 on the bonds issued for the purposes of Section 7.2 of the General Obligation Bond Act, so that, by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

On or before May 1, 2004, the Board shall recalculate and recertify to the Governor the amount of the required State contribution to the System for State fiscal year 2005, taking into account the amounts appropriated to and received by the System under subsection (d) of Section 7.2 of the General Obligation Bond Act.

The Attorney General or State’s Attorney shall file a certified copy of the restraining order, injunction, or other prohibition with the recorder of deeds or registrar of titles of each county where any such property of the defendant may be located. No such injunction, restraining order, or other prohibition shall affect the rights of any bona fide purchaser, mortgagee, judgment creditor, or other lien holder arising prior to the date of such filing. The court may, at any time, upon verified petition by the defendant or an innocent owner or innocent bona fide third party lien holder who neither had knowledge of, nor consented to, the illegal act or omission, conduct a hearing to release all or portions of any such property or interest that the court previously determined to be subject to forfeiture or subject to any restraining order, injunction, or prohibition or other action. Article 2. Payday Loans

Section 2-5. Loan terms.

(a) Without affecting the right of a consumer to prepay at any time without cost or penalty, no payday loan may have a minimum term of less than 13 days.

(b) No payday loan may be made to a consumer if the loan would result in the consumer being indebted to one or more payday lenders for a period in excess of 45 consecutive days. Except as provided under Section 2-40, if a consumer has or has had loans outstanding for a period in excess of 45 consecutive days, no payday lender may offer or make a loan to the consumer for at least 7 calendar days after the date on which the outstanding balance of all payday loans made during the 45 consecutive day period is paid in full. For purposes of this subsection, the term "consecutive days" means a series of continuous calendar days in which the consumer has an outstanding balance on one or more payday loans; however, if a payday loan is made to a consumer within 6 days or less after the outstanding balance of all loans is paid in full, those days are counted as "consecutive days" for purposes of this subsection.

(c) No lender may make a payday loan to a consumer if the total principal amount of the loan, when combined with the principal amount of all of the consumer's other outstanding payday loans, exceeds $1,000 or 25% of the consumer's gross monthly income, whichever is less.

(d) No payday loan may be made to a consumer who has an outstanding balance on 2 payday loans.

(e) No lender may charge more than $15.50 per $100 loaned on any payday loan over the term of the loan. Except as provided in Section 2-25, this charge is considered fully earned as of the date on which the loan is made.

(f) A lender may not take or attempt to take an interest in any of the consumer's personal property to secure a payday loan.

(g) A consumer has the right to redeem a check or any other item described in the definition of payday loan under Section 1-10 issued in connection with a payday loan from the lender holding the check or other item at any time before the payday loan becomes payable by paying the full amount of the check or other item.

New matter indicated by italics - deletions by strikeout
Section 2-7. Wage assignments. Any payday loan that is a transaction in which the lender accepts a wage assignment must meet the requirements of this Act, the requirements of the Illinois Wage Assignment Act, and the requirements of 16 C.F.R. 444.2(a)(3)(i)(2003, no subsequent amendments or editions are included). A violation of this Section constitutes a material violation of the Payday Loan Reform Act.

Section 2-10. Permitted fees.

(a) If there are insufficient funds to pay a check, Automatic Clearing House (ACH) debit, or any other item described in the definition of payday loan under Section 1-10 on the day of presentation and only after the lender has incurred an expense, a lender may charge a fee not to exceed $25. Only one such fee may be collected by the lender with respect to a particular check, ACH debit, or item even if it has been deposited and returned more than once. A lender shall present the check, ACH debit, or other item described in the definition of payday loan under Section 1-10 for payment not more than twice. A fee charged under this subsection (a) is a lender's exclusive charge for late payment.

(b) Except for the finance charges described in Section 2-5 and as specifically allowed by this Section, a lender may not impose on a consumer any additional finance charges, interest, fees, or charges of any sort for any purpose.

Section 2-15. Verification.

(b) Within 6 months after the effective date of this Act, the Department shall certify that one or more consumer reporting service databases are commercially reasonable methods of verification. Upon certifying that a consumer reporting service database is a commercially reasonable method of verification, the Department shall:

(1) provide reasonable notice to all licensees identifying the commercially reasonable methods of verification that are available; and

(2) immediately upon certification, require each licensee to use a commercially reasonable method of verification as a means of complying with subsection (a) of this Section.

and shall be exempt from disclosure under Section 7(1)(b)(i) of the Freedom of Information Act.

(d) Notwithstanding any other provision of law to the contrary, a consumer seeking a payday loan may make a direct inquiry to the consumer reporting service to request a more detailed explanation of the basis for a consumer reporting service's determination that the consumer is ineligible for a new payday loan.

(e) In certifying a commercially reasonable method of verification, the Department shall ensure that the certified database:

(6) contains safeguards to ensure that all information contained in the database regarding consumers is kept strictly confidential.

(f) The licensee shall update the certified database by inputting all information required under item (3) of subsection (e):

(1) on the same day that a payday loan is made;

(2) on the same day that a consumer elects a repayment plan, as provided in Section 2-40; and

(3) on the same day that a consumer's payday loan is paid in full.

(g) A licensee may rely on the information contained in the certified database as accurate and is not subject to any administrative
penalty or liability as a result of relying on inaccurate information contained in the database.

(h) The certified consumer reporting service shall indemnify the licensee against all claims and actions arising from illegal or willful or wanton acts on the part of the certified consumer reporting service.

Section 2-17. Consumer reporting services qualification and bonding.

(a) Each consumer reporting service shall have at all times a net worth of not less than $1,000,000 calculated in accordance with generally accepted accounting principles.

(b) Each application for certification under this Act shall be accompanied by a surety bond acceptable to the Department in the amount of $1,000,000. The surety bond shall be in a form satisfactory to the Department and shall run to the State of Illinois for the benefit of any claimants against the consumer reporting service to secure the faithful performance of its obligations under this Act. The aggregate liability of the surety may exceed the principal sum of the bond. Claimants against the consumer reporting service may themselves bring suit directly on the surety bond or the Department may bring suit on behalf of claimants, either in one action or in successive actions.

(c) The surety bond shall remain in effect until cancellation, which may occur only after 90 days' written notice to the Department. Cancellation shall not affect any liability incurred or accrued during that period.

(d) The surety bond shall remain in place for 5 years after the consumer reporting service ceases operation in the State.

(e) The surety bond proceeds and any cash or other collateral posted as security by a consumer reporting service shall be deemed by operation of law to be held in trust for any claimants under this Act in the event of the bankruptcy of the consumer reporting service.

(f) To the extent that any indemnity or fine exceeds the amount of the surety bond described under this Section, the consumer reporting service shall be liable for that amount.

Section 2-25. Right to cancel future payment obligations. A consumer may cancel future payment obligations on a payday loan, without cost or finance charges, no later than the end of the second business day immediately following the day on which the payday loan agreement was executed. Payday loan advertising, if it states a rate or amount of charge for a loan, must state the rate as an annual percentage rate. No licensee may advertise in any manner so as to indicate or imply that its rates or charges for loans are in any way recommended, approved, set, or established by the State government or by this Act.

(b) If any advertisement to which this Section applies states the amount of any installment payment, the dollar amount of any finance charge, or the number of installments or the period of repayment, then the advertisement shall state all of the following items:

(1) The amount of the loan.

(b) A person or entity acting as a payday lender who is licensed on the effective date of this Act under the Consumer Installment Loan Act need not comply with subsection (a) until the Department takes action on the person's or entity's application for a payday loan license. The application must be submitted to the Department within 9 months after the effective date of this Act. Section 3-5. Licensure.

(2) that the applicant has submitted such other information as the Secretary may deem necessary.

(c) A license shall be issued for no longer than one year, and no renewal of a license may be provided if a licensee has substantially violated this Act and has not cured the violation to the satisfaction of the Department.

(d) A licensee shall appoint, in writing, the Secretary as attorney-in-fact upon whom all lawful process against the licensee may be served with the same legal force and validity as if served on the licensee. A copy of the written appointment, duly certified, shall be filed in the office of the Secretary, and a copy thereof certified by the Secretary shall be sufficient evidence to subject a licensee to jurisdiction in a court of law. This appointment shall remain in effect while any liability remains outstanding in this State against the licensee. When summons is served upon the Secretary as attorney-in-fact for a licensee, the Secretary shall immediately notify the licensee by registered mail, enclosing the summons and specifying the hour and day of service.

(e) A licensee must pay an annual fee of $1,000. In addition to the license fee, the reasonable expense of any examination or hearing by the Secretary under any provisions of this Act shall be borne by the licensee. If a licensee fails to renew its license by December 31, its license shall automatically expire; however, the Secretary, in his or her discretion, may reinstate an expired license upon:

(1) payment of the annual fee within 30 days of the date of expiration; and

(2) proof of good cause for failure to renew.

(f) Not more than one place of business shall be maintained under the same license, but the Secretary may issue more than one license to the same licensee upon compliance with all the provisions of this Act governing issuance of a single license. The location, except those locations already in existence as of June 1, 2005, may not be within one mile of a horse race track subject to the Illinois Horse Racing Act of 1975, within one mile of a facility at which gambling is conducted under the Riverboat Gambling Act, within one mile of the location at which a riverboat subject
to the Riverboat Gambling Act docks, or within one mile of any State of Illinois or United States military base or naval installation.

(g) No licensee shall conduct the business of making loans under this Act within any office, suite, room, or place of business in which any other business is solicited or engaged in unless the other business is licensed by the Department or, in the opinion of the Secretary, the other business would not be contrary to the best interests of consumers and is authorized by the Secretary in writing.

(h) The Secretary shall maintain a list of licensees that shall be available to interested consumers and lenders and the public. The Secretary shall maintain a toll-free number whereby consumers may obtain information about licensees. The Secretary shall also establish a complaint process under which an aggrieved consumer may file a complaint against a licensee or non-licensee who violates any provision of this Act.

Section 3-10. Closing of business; surrender of license. At least 10 days before a licensee ceases operations, closes the business, or files for bankruptcy, the licensee shall:

(1) Notify the Department of its intended action in writing.

(2) With the exception of filing for bankruptcy, surrender its license to the Secretary for cancellation. The surrender of the license shall not affect the licensee's civil or criminal liability for acts committed before or after the surrender or entitle the licensee to a return of any part of the annual license fee.

(3) Notify the Department of the location where the books, accounts, contracts, and records will be maintained. The accounts, books, records, and contracts shall be maintained and serviced by the licensee, by another licensee under this Act, or by the Department.

Section 4-5. Prohibited acts. A licensee or unlicensed person or entity making payday loans may not commit, or have committed on behalf of the licensee or unlicensed person or entity, any of the following acts:

(1) Threatening to use or using the criminal process in this or any other state to collect on the loan.

(2) Using any device or agreement that would have the effect of charging or collecting more fees or charges than allowed by this Act, including, but not limited to, entering into a different type of transaction with the consumer.

(4) Using or attempting to use the check provided by the consumer in a payday loan as collateral for a transaction not related to a payday loan.

(5) Knowingly accepting payment in whole or in part of a payday loan through the proceeds of another payday loan provided by any licensee.

(6) Knowingly accepting any security, other than that specified in the definition of payday loan in Section 1-10, for a payday loan.

(7) Charging any fees or charges other than those specifically authorized by this Act.

(8) Threatening to take any action against a consumer that is prohibited by this Act or making any misleading or deceptive statements regarding the payday loan or any consequences thereof.

(21) Contacting the military chain of command of a consumer who is a member of the military in an effort to collect on a payday loan.

Section 4-10. Enforcement and remedies.

(a) The remedies provided in this Act are cumulative and apply to persons or entities subject to this Act.

(b) Any material violation of this Act, including the commission of an act prohibited under Section 4-5, constitutes a violation of the Consumer Fraud and Deceptive Business Practices Act.

(c) If any provision of the written agreement described in subsection (b) of Section 2-20 violates this Act, then that provision is unenforceable against the consumer.

(d) Subject to the Illinois Administrative Procedure Act, the Secretary may hold hearings, make findings of fact, conclusions of law, issue cease and desist orders, have the power to issue fines of up to $10,000 per violation, refer the matter to the appropriate law enforcement agency for prosecution under this Act, and suspend or revoke a license granted under this Act. All proceedings shall be open to the public.

(e) The Secretary may issue a cease and desist order to any licensee or other person doing business without the required license, when in the opinion of the Secretary the licensee or other person is violating or is about to violate any provision of this Act or any rule or requirement imposed in writing by the Department as a condition of granting any authorization permitted by this Act. The cease and desist order permitted by this subsection (e) may be issued prior to a hearing.

The Secretary shall serve notice of his or her action, including, but not limited to, a statement of the reasons for the action, either personally

or by certified mail, return receipt requested. Service by certified mail shall be deemed completed when the notice is deposited in the U.S. Mail.

Within 10 days of service of the cease and desist order, the licensee or other person may request a hearing in writing. The Secretary shall schedule a hearing within 30 days after the request for a hearing unless otherwise agreed to by the parties.

If it is determined that the Secretary had the authority to issue the cease and desist order, he or she may issue such orders as may be reasonably necessary to correct, eliminate, or remedy the conduct.

The powers vested in the Secretary by this subsection (e) are additional to any and all other powers and remedies vested in the Secretary by law, and nothing in this subsection (e) shall be construed as requiring that the Secretary shall employ the power conferred in this subsection instead of or as a condition precedent to the exercise of any other power or remedy vested in the Secretary.

(f) The Secretary may, after 10 days notice by registered mail to the licensee at the address set forth in the license stating the contemplated action and in general the grounds therefore, fine the licensee an amount not exceeding $10,000 per violation, or revoke or suspend any license issued hereunder if he or she finds that:

   (1) the licensee has failed to comply with any provision of this Act or any order, decision, finding, rule, regulation, or direction of the Secretary lawfully made pursuant to the authority of this Act; or

   (2) any fact or condition exists which, if it had existed at the time of the original application for the license, clearly would have warranted the Secretary in refusing to issue the license.

The Secretary may fine, suspend, or revoke only the particular license with respect to which grounds for the fine, revocation, or suspension occur or exist, but if the Secretary finds that grounds for revocation are of general application to all offices or to more than one office of the licensee, the Secretary shall fine, suspend, or revoke every license to which the grounds apply.

No revocation, suspension, or surrender of any license shall impair or affect the obligation of any pre-existing lawful contract between the licensee and any obligor.

The Secretary may issue a new license to a licensee whose license has been revoked when facts or conditions which clearly would have

warranted the Secretary in refusing originally to issue the license no longer exist.

In every case in which a license is suspended or revoked or an application for a license or renewal of a license is denied, the Secretary shall serve the licensee with notice of his or her action, including a statement of the reasons for his or her actions, either personally, or by certified mail, return receipt requested. Service by certified mail shall be deemed completed when the notice is deposited in the U.S. Mail.

An order assessing a fine, an order revoking or suspending a license, or an order denying renewal of a license shall take effect upon service of the order unless the licensee requests a hearing, in writing, within 10 days after the date of service. In the event a hearing is requested, the order shall be stayed until a final administrative order is entered.

If the licensee requests a hearing, the Secretary shall schedule a hearing within 30 days after the request for a hearing unless otherwise agreed to by the parties.

The hearing shall be held at the time and place designated by the Secretary. The Secretary and any administrative law judge designated by him or her shall have the power to administer oaths and affirmations, subpoena witnesses and compel their attendance, take evidence, and require the production of books, papers, correspondence, and other records or information that he or she considers relevant or material to the inquiry.

(g) The costs of administrative hearings conducted pursuant to this Section shall be paid by the licensee.

Section 4-15. Bonding.

(a) A person or entity engaged in making payday loans under this Act shall post a bond to the Department in the amount of $50,000 for each location where loans will be made, up to a maximum bond amount of $500,000.

(b) A bond posted under subsection (a) must continue in effect for the period of licensure and for 3 additional years if the bond is still available. The bond must be available to pay damages and penalties to a consumer harmed by a violation of this Act.

(c) From time to time the Secretary may require a licensee to file a bond in an additional sum if the Secretary determines it to be necessary. In no case shall the bond be more than the outstanding liabilities of the licensee.
Section 4-20. Preemption of administrative rules. Any administrative rule promulgated prior to the effective date of this Act by the Department regarding payday loans is preempted.

Section 4-25. Reporting of violations. The Department shall report to the Attorney General all material violations of this Act of which it becomes aware.

Section 4-30. Rulemaking; industry review.
   (a) The Department may make and enforce such reasonable rules, regulations, directions, orders, decisions, and findings as the execution and enforcement of the provisions of this Act require, and as are not inconsistent therewith. All rules, regulations, and directions of a general character shall be printed and copies thereof mailed to all licensees.
   (b) Within 6 months after the effective date of this Act, the Department shall promulgate reasonable rules regarding the issuance of payday loans by banks, savings banks, savings and loan associations, credit unions, and insurance companies. These rules shall be consistent with this Act and shall be limited in scope to the actual products and services offered by lenders governed by this Act.
   (c) After the effective date of this Act, the Department shall, over a 3-year period, conduct a study of the payday loan industry to determine the impact and effectiveness of this Act. The Department shall report its findings to the General Assembly within 3 months of the third anniversary of the effective date of this Act. The study shall determine the effect of this Act on the protection of consumers in this State and on the fair and reasonable regulation of the payday loan industry. The study shall include, but shall not be limited to, an analysis of the ability of the industry to use private reporting tools that:
      (1) ensure substantial compliance with this Act, including real time reporting of outstanding payday loans; and
      (2) provide data to the Department in an appropriate form and with appropriate content to allow the Department to adequately monitor the industry.
      The report of the Department shall, if necessary, identify and recommend specific amendments to this Act to further protect consumers and to guarantee fair and reasonable regulation of the payday loan industry.

Section 4-35. Judicial review. All final administrative decisions of the Department under this Act are subject to judicial review pursuant to
the provisions of the Administrative Review Law and any rules adopted pursuant thereto.

Section 4-40. No waivers. There shall be no waiver of any provision of this Act.

Section 4-45. Superiority of Act. To the extent this Act conflicts with any other State financial regulation laws, this Act is superior and supersedes those laws for the purposes of regulating payday loans in Illinois, provided that nothing herein shall apply to any lender that is a bank, savings bank, savings and loan association, credit union, or insurance company organized, chartered, or holding a certificate of authority to do business under the laws of this State or any other state or under the laws of the United States.

Section 4-50. Severability. The provisions of this Act are severable under Section 1.31 of the Statute on Statutes.

The maximum rate of interest that may lawfully be contracted for is determined by the law applicable thereto at the time the contract is made. Any provision in any contract, whether made before or after July 1, 1969, which provides for or purports to authorize, contingent upon a change in the Illinois law after the contract is made, any rate of interest greater than the maximum lawful rate at the time the contract is made, is void.

(a) Whenever the rate of interest exceeds 8% per annum on any written contract, agreement or bond for deed providing for the installment purchase of residential real estate, or on any loan secured by a mortgage on residential real estate, it shall be unlawful to provide for a prepayment penalty or other charge for prepayment.

(b) No agreement, note or other instrument evidencing a loan secured by a mortgage on residential real estate, or written contract, agreement or bond for deed providing for the installment purchase of residential real estate, may provide for any change in the contract rate of interest during the term thereof. However, if the Congress of the United States or any federal agency authorizes any class of lender to enter, within limitations, into mortgage contracts or written contracts, agreements or bonds for deed in which the rate of interest may be changed during the term of the contract, any person, firm, corporation or other entity not otherwise prohibited from entering into mortgage contracts or written contracts, agreements or bonds for deed in Illinois may enter into mortgage contracts or written contracts, agreements or bonds for deed in which the rate of interest may be changed during the term of the contract, within the same limitations.

In the event of a prepayment of the indebtedness which is made on a date after the date on which interest on the indebtedness was last computed, calculated, charged, or collected but before the next date on which interest on the indebtedness was to be calculated, computed, charged, or collected, the lender may calculate, charge and collect interest on the indebtedness for the period which elapsed between the date on which the prepayment is made and the date on which interest on the indebtedness was last computed, calculated, charged or collected at a rate equal to 1/360 of the annual rate for each day which so elapsed, which rate shall be applied to the indebtedness outstanding as of the date of prepayment. The lender shall refund to the borrower any interest charged or collected which exceeds that which the lender may charge or collect pursuant to the preceding sentence. The provisions of this amendatory Act of 1985 shall apply only to contracts or loans entered into on or after the effective date of this amendatory Act, but shall not apply to contracts or loans entered into on or after that date that are subject to Section 4a of this Act, the Consumer Installment Loan Act, the Payday Loan Reform Act, or the Retail Installment Sales Act, or that provide for the refund of precomputed interest on prepayment in the manner provided by such Act (Source: P.A. 92-483, eff. 8-23-01.)

A rejection or refusal by a group health plan or health insurance issuer offering only stop-loss or excess of loss insurance or contracts, agreements, or other arrangements for reinsurance coverage with respect to the applicant shall not be sufficient evidence under this subsection.

b. The board shall promulgate a list of medical or health conditions for which a person who is either a citizen of the United States or an alien lawfully admitted for permanent residence and a resident of this State would be eligible for Plan coverage without applying for health insurance coverage pursuant to subsection a. of this Section. The list shall be effective on the first day of the operation of the Plan and may be amended from time to time as appropriate.

website the agenda of any regular meetings of the governing body of that public body. Any agenda of a regular meeting that is posted on a public body's website shall remain posted on the website until the regular meeting is concluded. The requirement of a regular meeting agenda shall not preclude the consideration of items not specifically set forth in the agenda. Public notice of any special meeting except a meeting held in the event of a bona fide emergency, or of any rescheduled regular meeting, or of any reconvened meeting, shall be given at least 48 hours before such meeting, which notice shall also include the agenda for the special, rescheduled, or reconvened meeting, but the validity of any action taken by the public body which is germane to a subject on the agenda shall not be affected by other errors or omissions in the agenda. The requirement of public notice of reconvened meetings does not apply to any case where the meeting was open to the public and (1) it is to be reconvened within 24 hours, or (2) an announcement of the time and place of the reconvened meeting was made at the original meeting and there is no change in the agenda. Notice of an emergency meeting shall be given as soon as practicable, but in any event prior to the holding of such meeting, to any news medium which has filed an annual request for notice under subsection (b) of this Section.

(b) Public notice shall be given by posting a copy of the notice at the principal office of the body holding the meeting or, if no such office exists, at the building in which the meeting is to be held. In addition, a public body that has a website that the full-time staff of the public body maintains shall post notice on its website of all meetings of the governing body of the public body. Any notice of an annual schedule of meetings shall remain on the website until a new public notice of the schedule of regular meetings is approved. The body shall supply copies of the notice of its regular meetings, and of the notice of any special, emergency, rescheduled or reconvened meeting, to any news medium that has filed an annual request for such notice. Any such news medium shall also be given the same notice of all special, emergency, rescheduled or reconvened meetings in the same manner as is given to members of the body provided such news medium has given the public body an address or telephone number within the territorial jurisdiction of the public body at which such notice may be given. Sec. 2.06. (a) All public bodies shall keep written minutes of all their meetings, whether open or closed, and a verbatim record of all their closed meetings in the form of an audio or video recording. Minutes shall include, but need not be limited to:

(1) the date, time and place of the meeting;
(2) the members of the public body recorded as either present or absent; and
(3) a summary of discussion on all matters proposed, deliberated, or decided, and a record of any votes taken.

(b) The minutes of meetings open to the public shall be available for public inspection within 7 days of the approval of such minutes by the public body. Beginning July 1, 2006, any minutes of meetings open to the public posted on the public body's website shall remain posted on the website for at least 60 days after their initial posting.

(c) The verbatim record may be destroyed without notification to or the approval of a records commission or the State Archivist under the Local Records Act or the State Records Act no less than 18 months after the completion of the meeting recorded but only after:

(1) the public body approves the destruction of a particular recording; and
(2) the public body approves minutes of the closed meeting that meet the written minutes requirements of subsection (a) of this Section.

(d) Each public body shall periodically, but no less than semi-annually, meet to review minutes of all closed meetings. New matter indicated by italics - deletions by strikeout
(e) Unless the public body has made a determination that the verbatim recording no longer requires confidential treatment or otherwise consents to disclosure, the verbatim record of a meeting closed to the public shall not be open for public inspection or subject to discovery in any administrative or judicial proceeding other than one brought to enforce this Act. In the case of a civil action brought to enforce this Act, the court, if the judge believes such an examination is necessary, must conduct such in camera examination of the verbatim record as it finds appropriate in order to determine whether there has been a violation of this Act. In the case of a criminal proceeding, the court may conduct an examination in order to determine what portions, if any, must be made available to the parties for use as evidence in the prosecution. Any such initial inspection must be held in camera. If the court determines that a complaint or suit brought for noncompliance under this Act is valid it may, for the purposes of discovery, redact from the minutes of the meeting closed to the public any information deemed to qualify under the attorney-client privilege. The provisions of this subsection do not supersede the privacy or confidentiality provisions of State or federal law.

(f) Minutes of meetings closed to the public shall be available only after the public body determines that it is no longer necessary to protect the public interest or the privacy of an individual by keeping them confidential.

PUBLIC ACT 94-0030
(Senate Bill No. 1637)

AN ACT concerning elections.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Election Code is amended by changing Section 28-2 as follows:

(10 ILCS 5/28-2) (from Ch. 46, par. 28-2)

Sec. 28-2. (a) Except as otherwise provided in this Section, petitions for the submission of public questions to referendum must be filed with the appropriate officer or board not less than 78 days prior to a regular election to be eligible for submission on the ballot at such election; and petitions for the submission of a question under Section 18-120 of the Property Tax Code must be filed with the appropriate officer or board not more than 10 months nor less than 6 months prior to the election at which such question is to be submitted to the voters.

(b) However, petitions for the submission of a public question to referendum which proposes the creation or formation of a political subdivision must be filed with the appropriate officer or board not less than 108 days prior to a regular election to be eligible for submission on the ballot at such election.

(c) Resolutions or ordinances of governing boards of political subdivisions which initiate the submission of public questions pursuant to law must be adopted not less than 65 days before a regularly scheduled election to be eligible for submission on the ballot at such election.

(d) A petition, resolution or ordinance initiating the submission of a public question may specify a regular election at which the question is to be submitted, and must so specify if the statute authorizing the public question requires submission at a particular election. However, no petition,
resolution or ordinance initiating the submission of a public question, other than a legislative resolution initiating an amendment to the Constitution, may specify such submission at an election more than one year after the date on which it is filed or adopted, as the case may be. A petition, resolution or ordinance initiating a public question which specifies a particular election at which the question is to be submitted shall be so limited, and shall not be valid as to any other election, other than an emergency referendum ordered pursuant to Section 2A-1.4.

(e) If a petition initiating a public question does not specify a regularly scheduled election, the public question shall be submitted to referendum at the next regular election occurring not less than 78 days after the filing of the petition, or not less than 108 days after the filing of a petition for referendum to create a political subdivision. If a resolution or ordinance initiating a public question does not specify a regularly scheduled election, the public question shall be submitted to referendum at the next regular election occurring not less than 65 days after the adoption of the resolution or ordinance.

(f) In the case of back door referenda, any limitations in another statute authorizing such a referendum which restrict the time in which the initiating petition may be validly filed shall apply to such petition, in addition to the filing deadlines specified in this Section for submission at a particular election. In the case of any back door referendum, the publication of the ordinance or resolution of the political subdivision shall include a notice of (1) the specific number of voters required to sign a petition requesting that a public question be submitted to the voters of the subdivision; (2) the time within which the petition must be filed; and (3) the date of the prospective referendum. The secretary or clerk of the political subdivision shall provide a petition form to any individual requesting one. The legal sufficiency of that form, if provided by the secretary or clerk of the political subdivision, cannot be the basis of a challenge to placing the back door referendum on the ballot. As used herein, a "back door referendum" is the submission of a public question to the voters of a political subdivision, initiated by a petition of voters or residents of such political subdivision, to determine whether an action by the governing body of such subdivision shall be adopted or rejected.

(g) A petition for the incorporation or formation of a new political subdivision whose officers are to be elected rather than appointed must have attached to it an affidavit attesting that at least 108 days and no more than 138 days prior to such election notice of intention to file such petition
was published in a newspaper published within the proposed political subdivision, or if none, in a newspaper of general circulation within the territory of the proposed political subdivision in substantially the following form:

NOTICE OF PETITION TO FORM A NEW........

Residents of the territory described below are notified that a petition will or has been filed in the Office of............requesting a referendum to establish a new........, to be called the............

*The officers of the new............will be elected on the same day as the referendum. Candidates for the governing board of the new......may file nominating petitions with the officer named above until.........

The territory proposed to comprise the new........is described as follows:

(description of territory included in petition)

(signature)....................................

Name and address of person or persons proposing the new political subdivision.

* Where applicable.

Failure to file such affidavit, or failure to publish the required notice with the correct information contained therein shall render the petition, and any referendum held pursuant to such petition, null and void.

Notwithstanding the foregoing provisions of this subsection (g) or any other provisions of this Code, the publication of notice and affidavit requirements of this subsection (g) shall not apply to any petition filed under Article 7, 7A, 11A, 11B, or 11D of the School Code nor to any referendum held pursuant to any such petition, and neither any petition filed under any of those Articles nor any referendum held pursuant to any such petition shall be rendered null and void because of the failure to file an affidavit or publish a notice with respect to the petition or referendum as required under this subsection (g) for petitions that are not filed under any of those Articles of the School Code.

PUBLIC ACT 94-0040
(Senate Bill No. 0123)

AN ACT concerning government.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Administrative Procedure Act is amended by changing Section 10-65 as follows:

(5 ILCS 100/10-65) (from Ch. 127, par. 1010-65)
Sec. 10-65. Licenses.
(a) When any licensing is required by law to be preceded by notice and an opportunity for a hearing, the provisions of this Act concerning contested cases shall apply.
(b) When a licensee has made timely and sufficient application for the renewal of a license or a new license with reference to any activity of a continuing nature, the existing license shall continue in full force and effect until the final agency decision on the application has been made unless a later date is fixed by order of a reviewing court.
(c) Except as provided in Section 1-27 of the Department of Natural Resources Act, an application for the renewal of a license or a new license shall include the applicant's social security number. Each agency shall require the licensee to certify on the application form, under penalty of perjury, that he or she is not more than 30 days delinquent in complying with a child support order. Every application shall state that failure to so certify shall result in disciplinary action, and that making a false statement may subject the licensee to contempt of court. The agency shall notify each applicant or licensee who acknowledges a delinquency or who, contrary to his or her certification, is found to be delinquent or who after receiving notice, fails to comply with a subpoena or warrant relating to a paternity or a child support proceeding, that the agency intends to take disciplinary action. Accordingly, the agency shall provide written notice of the facts or conduct upon which the agency will rely to support its proposed action and the applicant or licensee shall be given an opportunity for a hearing in accordance with the provisions of the Act concerning contested cases. Any delinquency in complying with a child support order can be remedied by arranging for payment of past due and current support. Any failure to
comply with a subpoena or warrant relating to a paternity or child support proceeding can be remedied by complying with the subpoena or warrant. Upon a final finding of delinquency or failure to comply with a subpoena or warrant, the agency shall suspend, revoke, or refuse to issue or renew the license. In cases in which the Department of Public Aid has previously determined that an applicant or a licensee is more than 30 days delinquent in the payment of child support and has subsequently certified the delinquency to the licensing agency, and in cases in which a court has previously determined that an applicant or licensee has been in violation of the Non-Support Punishment Act for more than 60 days, the licensing agency shall refuse to issue or renew or shall revoke or suspend that person's license based solely upon the certification of delinquency made by the Department of Public Aid or the certification of violation made by the court. Further process, hearings, or redetermination of the delinquency or violation by the licensing agency shall not be required. The licensing agency may issue or renew a license if the licensee has arranged for payment of past and current child support obligations in a manner satisfactory to the Department of Public Aid or the court. The licensing agency may impose conditions, restrictions, or disciplinary action upon that license.

(d) Except as provided in subsection (c), no agency shall revoke, suspend, annul, withdraw, amend materially, or refuse to renew any valid license without first giving written notice to the licensee of the facts or conduct upon which the agency will rely to support its proposed action and an opportunity for a hearing in accordance with the provisions of this Act concerning contested cases. At the hearing, the licensee shall have the right to show compliance with all lawful requirements for the retention, continuation, or renewal of the license. If, however, the agency finds that the public interest, safety, or welfare imperatively requires emergency action, and if the agency incorporates a finding to that effect in its order, summary suspension of a license may be ordered pending proceedings for revocation or other action. Those proceedings shall be promptly instituted and determined.

(e) Any application for renewal of a license that contains required and relevant information, data, material, or circumstances that were not contained in an application for the existing license shall be subject to the provisions of subsection (a).

Section 1. Short title. This Act may be cited as the Construction Site Temporary Restroom Facility Act.

Section 5. Legislative finding. It has been established by scientific evidence that improper plumbing can result in the introduction of pathogenic organisms into the potable water supply, result in the escape of toxic gases into the environment, and result in potentially lethal disease and epidemic. It is further found that minimum numbers of plumbing facilities and fixtures are necessary for the comfort and convenience of workers and persons in public places.

Section 10. Temporary restroom facility. The owner or the owner's representative of a temporary building or building under construction, that is not yet occupied for its intended purpose, shall ensure that employees working on the construction site have access to restroom facilities which meet the following requirements:

1. Toileting facilities shall be enclosed and discharged into a sanitary sewer. In lieu of connecting to a sewer, the sanitary facility may be a portable, enclosed, chemically-treated tank-tight unit.

2. If individual portable units are used, separate toileting facilities are not required for males and females. Toileting facilities shall be provided based on the Occupational Safety and Health Administration construction sanitation standards, which are as follows:

   A. For 20 employees or less, one toilet facility shall be provided.
   B. For 20 employees or more, one toilet facility and one urinal per 40 workers shall be provided.
   C. For 200 or more employees, one toilet facility and one urinal per 50 workers shall be provided.

3. Hand cleansing units shall be provided.

4. All non-sewered units shall be pumped and cleansed regularly to ensure adequate working facilities.

(b) Any owner convicted of violating the provisions of this Act shall be subject to a conviction for succeeding offenses for each day he or she fails or refuses to comply with the provisions of this Act.

Section 5. The Income Withholding for Support Act is amended by changing Section 20 as follows:

(750 ILCS 28/20)
Sec. 20. Entry of order for support containing income withholding provisions; income withholding notice.
(a) In addition to any content required under other laws, every order for support entered on or after July 1, 1997, shall:

(1) Require an income withholding notice to be prepared and served immediately upon any payor of the obligor by the obligee or public office, unless a written agreement is reached between and signed by both parties providing for an alternative arrangement, approved and entered into the record by the court,
which ensures payment of support. In that case, the order for support shall provide that an income withholding notice is to be prepared and served only if the obligor becomes delinquent in paying the order for support; and

(2) Contain a dollar amount to be paid until payment in full of any delinquency that accrues after entry of the order for support. The amount for payment of delinquency shall not be less than 20% of the total of the current support amount and the amount to be paid periodically for payment of any arrearage stated in the order for support; and

(3) Include the obligor's Social Security Number, which the obligor shall disclose to the court. If the obligor is not a United States citizen, the obligor shall disclose to the court, and the court shall include in the order for support, the obligor's alien registration number, passport number, and home country's social security or national health number, if applicable.

(b) At the time the order for support is entered, the Clerk of the Circuit Court shall provide a copy of the order to the obligor and shall make copies available to the obligee and public office.

(c) The income withholding notice shall:

(1) be in the standard format prescribed by the federal Department of Health and Human Services; and

(1.1) state the date of entry of the order for support upon which the income withholding notice is based; and

(2) direct any payor to withhold the dollar amount required for current support under the order for support; and

(3) direct any payor to withhold the dollar amount required to be paid periodically under the order for support for payment of the amount of any arrearage stated in the order for support; and

(4) direct any payor or labor union or trade union to enroll a child as a beneficiary of a health insurance plan and withhold or cause to be withheld, if applicable, any required premiums; and

(5) state the amount of the payor income withholding fee specified under this Section; and

(6) state that the amount actually withheld from the obligor's income for support and other purposes, including the payor withholding fee specified under this Section, may not be in excess of the maximum amount permitted under the federal Consumer Credit Protection Act; and
(7) state the duties of the payor and the fines and penalties for failure to withhold and pay over income and for discharging, disciplining, refusing to hire, or otherwise penalizing the obligor because of the duty to withhold and pay over income under this Section; and

(8) state the rights, remedies, and duties of the obligor under this Section; and

(9) include the Social Security number of the obligor; and

include the Social Security Numbers of the obligor, the obligee, and the child or children included in the order for support; and

(10) include the date that withholding for current support terminates, which shall be the date of termination of the current support obligation set forth in the order for support; and

(11) contain the signature of the obligee or the printed name and telephone number of the authorized representative of the public office, except that the failure to contain the signature of the obligee or the printed name and telephone number of the authorized representative of the public office shall not affect the validity of the income withholding notice; and

(12) direct any payor to pay over amounts withheld for payment of support to the State Disbursement Unit.

(d) The accrual of a delinquency as a condition for service of an income withholding notice, under the exception to immediate withholding in subsection (a) of this Section, shall apply only to the initial service of an income withholding notice on a payor of the obligor.

(e) Notwithstanding the exception to immediate withholding contained in subsection (a) of this Section, if the court finds at the time of any hearing that an arrearage has accrued, the court shall order immediate service of an income withholding notice upon the payor.

(f) If the order for support, under the exception to immediate withholding contained in subsection (a) of this Section, provides that an income withholding notice is to be prepared and served only if the obligor becomes delinquent in paying the order for support, the obligor may execute a written waiver of that condition and request immediate service on the payor.

(g) The obligee or public office may serve the income withholding notice on the payor or its superintendent, manager, or other agent by ordinary mail or certified mail return receipt requested, by facsimile transmission or other electronic means, by personal delivery, or by any

method provided by law for service of a summons. At the time of service on the payor and as notice that withholding has commenced, the obligee or public office shall serve a copy of the income withholding notice on the obligor by ordinary mail addressed to his or her last known address. A copy of the income withholding notice together with proofs of service on the payor and the obligor shall be filed with the Clerk of the Circuit Court.

(h) At any time after the initial service of an income withholding notice, any other payor of the obligor may be served with the same income withholding notice without further notice to the obligor. A copy of the income withholding notice together with a proof of service on the other payor shall be filed with the Clerk of the Circuit Court.

(i) New service of an income withholding notice is not required in order to resume withholding of income in the case of an obligor with respect to whom an income withholding notice was previously served on the payor if withholding of income was terminated because of an interruption in the obligor's employment of less than 180 days.

(765 ILCS 835/9) (from Ch. 21, par. 21.2)

Sec. 9. When there is no memorial, monument, or marker installed
on a cemetery interment right, entombment rights in a community
mausoleum or lawn crypt section, or inurnment rights in a community
columbarium lot; no interment in a cemetery interment right, entombment
rights in a community mausoleum or lawn crypt section, or inurnment
right in a community columbarium lot; no transfer or assignment of a
cemetery interment right, entombment rights in a community mausoleum
or lawn crypt section, or inurnment right in a community columbarium lot
on the cemetery authority records; no contact by an owner recorded in the
cemetery authority records; publication has been made in a local
newspaper of general circulation in the county in which the interment,
entombment, or inurnment rights are located and no response was
received; and 50 60 years have passed since the cemetery interment right,
entombment rights in a community mausoleum or lawn crypt section, or
inurnment right in a community columbarium lot was sold, there is a
presumption that the cemetery interment right, entombment rights in a
community mausoleum or lawn crypt section, or inurnment right in a
community columbarium lot has been abandoned, unless a specific
agreement has been entered into designating said rights to be inviolate.
Alternatively, where there is an obligation to pay a cemetery authority,
annually or periodically, maintenance or care charges on a cemetery
interment right, entombment rights in a community mausoleum or lawn
crypt section, or inurnment right in a community columbarium lot, or part
thereof, and the owner of or claimant to a right or easement for burial in
such cemetery interment right, entombment rights in a community
mausoleum or lawn crypt section, or inurnment right in a community
columbarium lot, or part thereof, has failed to pay the required annual or
periodic maintenance or care charges for a period of 30 years or more,
such continuous failure to do so creates and establishes a presumption that

the cemetery interment right, entombment rights in a community mausoleum or lawn crypt section, or inurnment right in a community columbarium lot, or part thereof, has been abandoned.

Upon a court's determination of abandonment, the ownership of a right or easement for burial in a cemetery interment right, entombment rights in a community mausoleum or lawn crypt section, or inurnment right in a community columbarium lot, or part thereof, shall be subject to sale in the manner hereinafter provided.

(765 ILCS 835/10) (from Ch. 21, par. 21.3)

Sec. 10. A cemetery authority may file in the office of the clerk of the circuit court of the county in which the cemetery is located a verified petition praying for the entry of an order adjudging a cemetery interment right, entombment rights in a community mausoleum or lawn crypt section, or inurnment right in a community columbarium lot, or part thereof, to have been abandoned. The petition shall describe the cemetery interment right, entombment rights in a community mausoleum or lawn crypt section, or inurnment right in a community columbarium lot, or part thereof, alleged to have been abandoned, shall allege ownership by the petitioner of the cemetery, and, if known, the name of the owner of the right or easement for burial in such cemetery interment right, entombment rights in a community mausoleum or lawn crypt section, or inurnment right in a community columbarium lot, or part thereof, as is alleged to have been abandoned, or, if the owner thereof is known to the petitioner to be deceased, then the names, if known to petitioner, of such claimants thereto as are the heirs-at-law and next-of-kin or the specific legatees under the will of the owner of the right or easement for burial in such cemetery interment right, entombment rights in a community mausoleum or lawn crypt section, or inurnment right in a community columbarium lot, or part thereof, and such other facts as the petitioner may have with respect to ownership of the right or easement for burial in such cemetery interment right, entombment rights in a community mausoleum or lawn crypt section, or inurnment right in a community columbarium lot, or part thereof.

The petition shall also allege the facts with respect to the abandonment of the cemetery interment right, entombment rights in a community mausoleum or lawn crypt section, or inurnment right in a community columbarium lot or facts about the obligation of the owner to pay annual or periodic maintenance or care charges on such cemetery

interment right, entombment rights in a community mausoleum or lawn crypt section, or inurnment right in a community columbarium, lot, or part thereof; the amount of such charges as are due and unpaid, and shall also allege the continuous failure by the owner or claimant to pay such charges for a period of 30 consecutive years or more.

Irrespective of diversity of ownership of the right or easement for burial therein, a cemetery authority may include in one petition as many cemetery interment rights, entombment rights in a community mausoleum or lawn crypt section, or inurnment rights in a community columbarium lots, or parts thereof, as are alleged to have been abandoned.

(765 ILCS 835/12) (from Ch. 21, par. 21.5)

Sec. 12. In the event the owner, the claimant, or the heirs-at-law and next-of-kin or the specific legatees under the will of either the owner or claimant submits proof of ownership to the court or appears and answers the petition, the presumption of abandonment shall no longer exist and the court shall set the matter for hearing upon the petition and such answers thereto as may be filed.

In the event the defendant or defendants fails to appear and answer the petition, or in the event that upon the hearing the court determines from the evidence presented that there has been an abandonment of the cemetery interment right, entombment rights in a community mausoleum or lawn crypt section, or inurnment right in a community columbarium lot for 50 years or a continuous failure to pay the annual or periodic maintenance or care charges on such interment right, entombment rights in a community mausoleum or lawn crypt section, or inurnment right in a community columbarium lot, or part thereof, for a period of 30 years or more preceding the filing of the petition, then, in either such event, an order shall be entered adjudicating such interment right, entombment rights in a community mausoleum or lawn crypt section, or inurnment right in a community columbarium lot, or part thereof, to have been abandoned and adjudging the right or easement for burial therein to be subject to sale by the cemetery authority at the expiration of one year from the date of the entry of such order. Upon entry of an order adjudicating abandonment of a cemetery interment right, entombment rights in a community mausoleum or lawn crypt section, or inurnment right in a community columbarium, lot, or part thereof, the court shall fix such sum as is deemed a reasonable fee for the services of petitioner's attorney.

(765 ILCS 835/13) (from Ch. 21, par. 21.6)
Sec. 13. In the event that, at any time within one year after adjudication of abandonment, the owner or claimant of an interment right, entombment rights in a community mausoleum or lawn crypt section, or inurnment right in a community columbarium lot, or part thereof, which has been adjudged abandoned, shall contact the court or the cemetery authority and pay all maintenance or care charges that are due and unpaid, shall reimburse the cemetery authority for the costs of suit and necessary expenses incurred in the proceeding with respect to such interment right, entombment rights in a community mausoleum or lawn crypt section, or inurnment right in a community columbarium lot, or part thereof, and shall contract for its future care and maintenance, then such lot, or part thereof, shall not be sold as herein provided and, upon petition of the owner or claimant, the order or judgment adjudging the same to have been abandoned shall be vacated as to such interment right, entombment rights in a community mausoleum or lawn crypt section, or inurnment right in a community columbarium lot, or part thereof.

(765 ILCS 835/14) (from Ch. 21, par. 21.7)

Sec. 14. After the expiration of one year from the date of entry of an order adjudging a interment right, entombment rights in a community mausoleum or lawn crypt section, or inurnment right in a community columbarium lot, or part thereof, to have been abandoned, a cemetery authority shall have the right to do so and may sell such interment right, entombment rights in a community mausoleum or lawn crypt section, or inurnment right in a community columbarium lot, or part thereof, at public sale and grant an easement therein for burial purposes to the purchaser at such sale, subject to the interment of any human remains theretofore placed therein and the right to maintain memorials placed thereon. A cemetery authority may bid at and purchase such interment right, entombment rights in a community mausoleum or lawn crypt section, or inurnment right in a community columbarium lot, or part thereof, at such sale.

Notice of the time and place of any sale held pursuant to an order adjudicating abandonment of a cemetery interment right, entombment rights in a community mausoleum or lawn crypt section, or inurnment right in a community columbarium lot, or part thereof, shall be published once in a newspaper of general circulation in the county in which the cemetery is located, such publication to be not less than 30 days prior to the date of sale.

The proceeds derived from any sale shall be used to reimburse the petitioner for the costs of suit and necessary expenses, including attorney's fees, incurred by petitioner in the proceeding, and the balance, if any, shall be deposited into the cemetery authority's care fund or, if there is no care fund, used by the cemetery authority for the care of its cemetery and for no other purpose.
