(3) Establish charges (i) for communication services for State agencies and, when requested, for units of federal or local government and public and not-for-profit institutions of primary, secondary, or higher education and (ii) for use of the Department's satellite uplink by parties not associated with State government.
Entities charged for these services shall reimburse the Department by vouchers drawn against their respective appropriations for telecommunications services.

(4) Instruct all State agencies to report their usage of telecommunication services regularly to the Department in the manner the Director may prescribe.

(5) Analyze the present and future aims and needs of all State agencies in the area of telecommunications services and plan to serve those aims and needs in the most effective and efficient manner.

The Department is authorized to conduct a study for the purpose of determining technical, engineering, and management specifications for the networking, compatible connection, or shared use of existing and future public and private owned television broadcast and reception facilities, including but not limited to terrestrial microwave, fiber optic, and satellite, for broadcast and reception of educational, governmental, and business programs, and to implement those specifications.

However, the Department may not control or interfere with the input of content into the telecommunications systems by the several State agencies or units of federal or local government, or public or not-for-profit institutions of primary, secondary, and higher education, or users of the Department's satellite uplink.

As used in this Section, the term "State agencies" means all departments, officers, commissions, boards, institutions, and bodies politic and corporate of the State except (i) the judicial branch, including, without limitation, the several courts of the State, the offices of the clerk of the supreme court and the clerks of the appellate court, and the Administrative Office of the Illinois Courts and (ii) the General Assembly, legislative service agencies, and all officers of the General Assembly.

AN ACT concerning revenue.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Property Tax Code is amended by changing Section 18-177 as follows:

(35 ILCS 200/18-177)
Sec. 18-177. Leased low-rent housing abatement.

(a) In counties of 3,000,000 or more inhabitants, the county clerk shall abate property taxes levied by any taxing district under this Code on property that meets the following requirements:

(1) The property does not qualify as exempt property under Section 15-95 of this Code.

(2) The property is situated in a municipality with 1,000,000 or more inhabitants and improved with either a multifamily dwelling or a multi-building development that is subject to a leasing agreement, regulatory and operating agreement, or other similar instrument with a Housing Authority created under the Housing Authorities Act that sets forth the terms for leasing low-rent housing.

(3) For a period of not less than 20 years, the property and improvements are used solely for low-rent housing and related uses.

Property and portions of property used or intended to be used for commercial purposes are not eligible for the abatement provided in this Section.

A housing authority created under the Housing Authorities Act shall file annually with the county clerk for any property eligible for an abatement under this Section, on a form prescribed by the county clerk, a certificate of the property's use during the immediately preceding year. The certificate shall certify that the property or a portion of the property meets the requirements of this Section and that the eligible residential units have been inspected within the previous 90 days and meet or exceed all housing quality standards of the authority. If only a portion of the property meets these requirements, the certificate shall state the amount of that portion as a percentage of the total equalized and assessed value of the property. If the property is improved with an eligible multifamily dwelling or multi-building development containing residential units that are individually

assessed, then, except as provided in subsection (b), no more than 40% of those residential units may be certified. If the property is improved with an eligible multifamily dwelling or multi-building development containing residential units that are not individually assessed, then, except as provided in subsection (b), the portion of the property certified shall represent no more than 40% of those residential units.

The county clerk shall abate the taxes only if a certificate of use has been timely filed for that year. If only a portion of the property has been certified as eligible, the county clerk shall abate the taxes in the percentage so certified.

Whenever property receives an abatement under this Section, the rental rate set under the lease, regulatory and operating agreement, or other similar instrument for that property shall not include property taxes.

No property shall be eligible for abatement under this Section if the owner of the property has any outstanding and overdue debts to the municipality in which the property is situated.

(b) The percentage limitation on the certification of residential units set forth in subsection (a) shall be deemed to be satisfied in the case of developments described in resolutions adopted by the Board of Commissioners of the Chicago Housing Authority on September 19, 2000, December 17, 2002, or September 16, 2003, as amended, approving the disposition of certain land and buildings on which all or a portion of the developments are or will be situated, if no more than 50% of the units in the development are so certified.

Sec. 11-74.4-3. Definitions. The following terms, wherever used or referred to in this Division 74.4 shall have the following respective meanings, unless in any case a different meaning clearly appears from the context.

(a) For any redevelopment project area that has been designated pursuant to this Section by an ordinance adopted prior to November 1, 1999 (the effective date of Public Act 91-478), "blighted area" shall have the meaning set forth in this Section prior to that date.

On and after November 1, 1999, "blighted area" means any improved or vacant area within the boundaries of a redevelopment project area located within the territorial limits of the municipality where:

(1) If improved, industrial, commercial, and residential buildings or improvements are detrimental to the public safety, health, or welfare because of a combination of 5 or more of the following factors, each of which is (i) present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) reasonably distributed throughout the improved part of the redevelopment project area:

(A) Dilapidation. An advanced state of disrepair or neglect of necessary repairs to the primary structural components of buildings or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed.

(B) Obsolescence. The condition or process of falling into disuse. Structures have become ill-suited for the original use.

(C) Deterioration. With respect to buildings, defects including, but not limited to, major defects in the secondary building components such as doors, windows, porches, gutters and downspouts, and fascia. With respect to surface improvements, that the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas evidence deterioration, including, but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces.
(D) Presence of structures below minimum code standards. All structures that do not meet the standards of zoning, subdivision, building, fire, and other governmental codes applicable to property, but not including housing and property maintenance codes.

(E) Illegal use of individual structures. The use of structures in violation of applicable federal, State, or local laws, exclusive of those applicable to the presence of structures below minimum code standards.

(F) Excessive vacancies. The presence of buildings that are unoccupied or under-utilized and that represent an adverse influence on the area because of the frequency, extent, or duration of the vacancies.

(G) Lack of ventilation, light, or sanitary facilities. The absence of adequate ventilation for light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke, or other noxious airborne materials. Inadequate natural light and ventilation means the absence of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building.

(H) Inadequate utilities. Underground and overhead utilities such as storm sewers and storm drainage, sanitary sewers, water lines, and gas, telephone, and electrical services that are shown to be inadequate. Inadequate utilities are those that are: (i) of insufficient capacity to serve the uses in the redevelopment project area, (ii) deteriorated, antiquated, obsolete, or in disrepair, or (iii) lacking within the redevelopment project area.

(I) Excessive land coverage and overcrowding of structures and community facilities. The over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Examples of problem conditions warranting the designation of an area as one exhibiting excessive land coverage are: (i) the presence of buildings
either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety and (ii) the presence of multiple buildings on a single parcel. For there to be a finding of excessive land coverage, these parcels must exhibit one or more of the following conditions: insufficient provision for light and air within or around buildings, increased threat of spread of fire due to the close proximity of buildings, lack of adequate or proper access to a public right-of-way, off-street parking, or inadequate provision for loading and service.

(J) Deleterious land use or layout. The existence of incompatible land-use relationships, buildings occupied by inappropriate mixed-uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.

(K) Environmental clean-up. The proposed redevelopment project area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(L) Lack of community planning. The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This means that the development occurred prior to the adoption by the municipality of a comprehensive or other community plan or that the plan was not followed at the time of the area's development. This factor must be documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning.

(M) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated.

(2) If vacant, the sound growth of the redevelopment project area is impaired by a combination of 2 or more of the following factors, each of which is (i) present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) reasonably distributed throughout the vacant part of the redevelopment project area to which it pertains:

(A) Obsolete platting of vacant land that results in parcels of limited or narrow size or configurations of parcels of irregular size or shape that would be difficult to develop on a planned basis and in a manner compatible with contemporary standards and requirements, or platting that failed to create rights-of-ways for streets or alleys or that created inadequate right-of-way widths for streets, alleys, or other public rights-of-way or that omitted easements for public utilities.

(B) Diversity of ownership of parcels of vacant land sufficient in number to retard or impede the ability to assemble the land for development.

(C) Tax and special assessment delinquencies exist or the property has been the subject of tax sales under the Property Tax Code within the last 5 years.

(D) Deterioration of structures or site improvements in neighboring areas adjacent to the vacant land.

(E) The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as
having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(F) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated.

(3) If vacant, the sound growth of the redevelopment project area is impaired by one of the following factors that (i) is present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) is reasonably distributed throughout the vacant part of the redevelopment project area to which it pertains:

(A) The area consists of one or more unused quarries, mines, or strip mine ponds.

(B) The area consists of unused rail yards, rail tracks, or railroad rights-of-way.

(C) The area, prior to its designation, is subject to (i) chronic flooding that adversely impacts on real property in the area as certified by a registered professional engineer or appropriate regulatory agency or (ii) surface water that discharges from all or a part of the area and contributes to flooding within the same watershed, but only if the redevelopment project provides for facilities or improvements to contribute to the alleviation of all or part of the flooding.

New matter indicated by italics - deletions by strikeout
(D) The area consists of an unused or illegal disposal site containing earth, stone, building debris, or similar materials that were removed from construction, demolition, excavation, or dredge sites.

(E) Prior to November 1, 1999, the area is not less than 50 nor more than 100 acres and 75% of which is vacant (notwithstanding that the area has been used for commercial agricultural purposes within 5 years prior to the designation of the redevelopment project area), and the area meets at least one of the factors itemized in paragraph (1) of this subsection, the area has been designated as a town or village center by ordinance or comprehensive plan adopted prior to January 1, 1982, and the area has not been developed for that designated purpose.

(F) The area qualified as a blighted improved area immediately prior to becoming vacant, unless there has been substantial private investment in the immediately surrounding area.

(b) For any redevelopment project area that has been designated pursuant to this Section by an ordinance adopted prior to November 1, 1999 (the effective date of Public Act 91-478), "conservation area" shall have the meaning set forth in this Section prior to that date.

On and after November 1, 1999, "conservation area" means any improved area within the boundaries of a redevelopment project area located within the territorial limits of the municipality in which 50% or more of the structures in the area have an age of 35 years or more. Such an area is not yet a blighted area but because of a combination of 3 or more of the following factors is detrimental to the public safety, health, morals or welfare and such an area may become a blighted area:

(1) Dilapidation. An advanced state of disrepair or neglect of necessary repairs to the primary structural components of buildings or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed.

(2) Obsolescence. The condition or process of falling into disuse. Structures have become ill-suited for the original use.

(3) Deterioration. With respect to buildings, defects including, but not limited to, major defects in the secondary building components such as doors, windows, porches, gutters and
downspouts, and fascia. With respect to surface improvements, that the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas evidence deterioration, including, but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces.

(4) Presence of structures below minimum code standards. All structures that do not meet the standards of zoning, subdivision, building, fire, and other governmental codes applicable to property, but not including housing and property maintenance codes.

(5) Illegal use of individual structures. The use of structures in violation of applicable federal, State, or local laws, exclusive of those applicable to the presence of structures below minimum code standards.

(6) Excessive vacancies. The presence of buildings that are unoccupied or under-utilized and that represent an adverse influence on the area because of the frequency, extent, or duration of the vacancies.

(7) Lack of ventilation, light, or sanitary facilities. The absence of adequate ventilation for light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke, or other noxious airborne materials. Inadequate natural light and ventilation means the absence or inadequacy of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building.

Inadequate utilities are those that are: (i) of insufficient capacity to serve the uses in the redevelopment project area, (ii) deteriorated, antiquated, obsolete, or in disrepair, or (iii) lacking within the redevelopment project area.

(9) Excessive land coverage and overcrowding of structures and community facilities. The over-intensive use of property and the crowding of buildings and accessory facilities onto a site.

(10) Deleterious land use or layout. The existence of incompatible land-use relationships, buildings occupied by inappropriate mixed-uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.

(11) Lack of community planning. The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years for which information is available.

(c) "Industrial park" means an area in a blighted or conservation area suitable for use by any manufacturing, industrial, research or transportation enterprise, of facilities to include but not be limited to factories, mills, processing plants, assembly plants, packing plants, fabricating plants, industrial distribution centers, warehouses, repair overhaul or service facilities, freight terminals, research facilities, test facilities or railroad facilities.

(d) "Industrial park conservation area" means an area within the boundaries of a redevelopment project area located within the territorial limits of a municipality that is a labor surplus municipality or within 1 1/2 miles of the territorial limits of a municipality that is a labor surplus municipality if the area is annexed to the municipality; which area is zoned as industrial no later than at the time the municipality by ordinance designates the redevelopment project area, and which area includes both vacant land suitable for use as an industrial park and a blighted area or conservation area contiguous to such vacant land.

(e) "Labor surplus municipality" means a municipality in which, at any time during the 6 months before the municipality by ordinance designates an industrial park conservation area, the unemployment rate was over 6% and was also 100% or more of the national average unemployment rate for that same time as published in the United States Department of Labor Bureau of Labor Statistics publication entitled "The Employment Situation" or its successor publication. For the purpose of this subsection, if unemployment rate statistics for the municipality are not available, the unemployment rate in the municipality shall be deemed to be the same as the unemployment rate in the principal county in which the municipality is located.

(f) "Municipality" shall mean a city, village or incorporated town.

(g) "Initial Sales Tax Amounts" means the amount of taxes paid under the Retailers' Occupation Tax Act, Use Tax Act, Service Use Tax Act, the Service Occupation Tax Act, the Municipal Retailers' Occupation Tax Act, and the Municipal Service Occupation Tax Act by retailers and servicemen on transactions at places located in a State Sales Tax Boundary during the calendar year 1985.
(g-1) "Revised Initial Sales Tax Amounts" means the amount of taxes paid under the Retailers' Occupation Tax Act, Use Tax Act, Service Use Tax Act, the Service Occupation Tax Act, the Municipal Retailers' Occupation Tax Act, and the Municipal Service Occupation Tax Act by retailers and servicemen on transactions at places located within the State Sales Tax Boundary revised pursuant to Section 11-74.4-8a(9) of this Act.

(h) "Municipal Sales Tax Increment" means an amount equal to the increase in the aggregate amount of taxes paid to a municipality from the Local Government Tax Fund arising from sales by retailers and servicemen within the redevelopment project area or State Sales Tax Boundary, as the case may be, for as long as the redevelopment project area or State Sales Tax Boundary, as the case may be, exist over and above the aggregate amount of taxes as certified by the Illinois Department of Revenue and paid under the Municipal Retailers' Occupation Tax Act and the Municipal Service Occupation Tax Act by retailers and servicemen, on transactions at places of business located in the redevelopment project area or State Sales Tax Boundary, as the case may be, during the base year which shall be the calendar year immediately prior to the year in which the municipality adopted tax increment allocation financing. For purposes of computing the aggregate amount of such taxes for base years occurring prior to 1985, the Department of Revenue shall determine the Initial Sales Tax Amounts for such taxes and deduct therefrom an amount equal to 4% of the aggregate amount of taxes per year for each year the base year is prior to 1985, but not to exceed a total deduction of 12%. The amount so determined shall be known as the "Adjusted Initial Sales Tax Amounts". For purposes of determining the Municipal Sales Tax Increment, the Department of Revenue shall for each period subtract from the amount paid to the municipality from the Local Government Tax Fund arising from sales by retailers and servicemen on transactions located in the redevelopment project area or the State Sales Tax Boundary, as the case may be, the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts for the Municipal Retailers' Occupation Tax Act and the Municipal Service Occupation Tax Act. For the State Fiscal Year 1989, this calculation shall be made by utilizing the calendar year 1987 to determine the tax amounts received. For the State Fiscal Year 1990, this calculation shall be made by utilizing the period from January 1, 1988, until September 30, 1988, to determine the tax amounts received from retailers and servicemen pursuant to the Municipal Retailers' Occupation Tax and the Municipal Service Occupation Tax Act, which shall have deducted therefrom nine-twelfths of...
the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For the State Fiscal Year 1991, this calculation shall be made by utilizing the period from October 1, 1988, to June 30, 1989, to determine the tax amounts received from retailers and servicemen pursuant to the Municipal Retailers' Occupation Tax and the Municipal Service Occupation Tax Act which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For every State Fiscal Year thereafter, the applicable period shall be the 12 months beginning July 1 and ending June 30 to determine the tax amounts received which shall have deducted therefrom the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts, as the case may be.

(i) "Net State Sales Tax Increment" means the sum of the following: (a) 80% of the first $100,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary; (b) 60% of the amount in excess of $100,000 but not exceeding $500,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary; and (c) 40% of all amounts in excess of $500,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary. If, however, a municipality established a tax increment financing district in a county with a population in excess of 3,000,000 before January 1, 1986, and the municipality entered into a contract or issued bonds after January 1, 1986, but before December 31, 1986, to finance redevelopment project costs within a State Sales Tax Boundary, then the Net State Sales Tax Increment means, for the fiscal years beginning July 1, 1990, and July 1, 1991, 100% of the State Sales Tax Increment annually generated within a State Sales Tax Boundary; and notwithstanding any other provision of this Act, for those fiscal years the Department of Revenue shall distribute to those municipalities 100% of their Net State Sales Tax Increment before any distribution to any other municipality and regardless of whether or not those other municipalities will receive 100% of their Net State Sales Tax Increment. For Fiscal Year 1999, and every year thereafter until the year 2007, for any municipality that has not entered into a contract or has not issued bonds prior to June 1, 1988 to finance redevelopment project costs within a State Sales Tax Boundary, the Net State Sales Tax Increment shall be calculated as follows: By multiplying the Net State Sales Tax Increment by 90% in the State Fiscal Year 1999; 80% in the State Fiscal Year 2000; 70% in the State Fiscal Year 2001; 60% in the State Fiscal Year 2002;
Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for State Fiscal Year 2008 and thereafter.

Municipalities that issued bonds in connection with a redevelopment project in a redevelopment project area within the State Sales Tax Boundary prior to July 29, 1991, or that entered into contracts in connection with a redevelopment project in a redevelopment project area before June 1, 1988, shall continue to receive their proportional share of the Illinois Tax Increment Fund distribution until the date on which the redevelopment project is completed or terminated. If, however, a municipality that issued bonds in connection with a redevelopment project in a redevelopment project area within the State Sales Tax Boundary prior to July 29, 1991 retires the bonds prior to June 30, 2007 or a municipality that entered into contracts in connection with a redevelopment project in a redevelopment project area before June 1, 1988 completes the contracts prior to June 30, 2007, then so long as the redevelopment project is not completed or is not terminated, the Net State Sales Tax Increment shall be calculated, beginning on the date on which the bonds are retired or the contracts are completed, as follows: By multiplying the Net State Sales Tax Increment by 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for State Fiscal Year 2008 and thereafter. Refunding of any bonds issued prior to July 29, 1991, shall not alter the Net State Sales Tax Increment.

(j) "State Utility Tax Increment Amount" means an amount equal to the aggregate increase in State electric and gas tax charges imposed on owners and tenants, other than residential customers, of properties located within the redevelopment project area under Section 9-222 of the Public Utilities Act, over and above the aggregate of such charges as certified by the Department of Revenue and paid by owners and tenants, other than residential customers, of properties within the redevelopment project area during the base year, which shall be the calendar year immediately prior to the year of the adoption of the ordinance authorizing tax increment allocation financing.

(k) "Net State Utility Tax Increment" means the sum of the following: (a) 80% of the first $100,000 of State Utility Tax Increment annually generated by a redevelopment project area; (b) 60% of the amount in excess of $100,000 but not exceeding $500,000 of the State Utility Tax Increment.
Utility Tax Increment annually generated by a redevelopment project area; and (c) 40% of all amounts in excess of $500,000 of State Utility Tax Increment annually generated by a redevelopment project area. For the State Fiscal Year 1999, and every year thereafter until the year 2007, for any municipality that has not entered into a contract or has not issued bonds prior to June 1, 1988 to finance redevelopment project costs within a redevelopment project area, the Net State Utility Tax Increment shall be calculated as follows: By multiplying the Net State Utility Tax Increment by 90% in the State Fiscal Year 1999; 80% in the State Fiscal Year 2000; 70% in the State Fiscal Year 2001; 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for the State Fiscal Year 2008 and thereafter.

Municipalities that issue bonds in connection with the redevelopment project during the period from June 1, 1988 until 3 years after the effective date of this Amendatory Act of 1988 shall receive the Net State Utility Tax Increment, subject to appropriation, for 15 State Fiscal Years after the issuance of such bonds. For the 16th through the 20th State Fiscal Years after issuance of the bonds, the Net State Utility Tax Increment shall be calculated as follows: By multiplying the Net State Utility Tax Increment by 90% in year 16; 80% in year 17; 70% in year 18; 60% in year 19; and 50% in year 20. Refunding of any bonds issued prior to June 1, 1988, shall not alter the revised Net State Utility Tax Increment payments set forth above.

(i) "Obligations" mean bonds, loans, debentures, notes, special certificates or other evidence of indebtedness issued by the municipality to carry out a redevelopment project or to refund outstanding obligations.

(m) "Payment in lieu of taxes" means those estimated tax revenues from real property in a redevelopment project area derived from real property that has been acquired by a municipality which according to the redevelopment project or plan is to be used for a private use which taxing districts would have received had a municipality not acquired the real property and adopted tax increment allocation financing and which would result from levies made after the time of the adoption of tax increment allocation financing to the time the current equalized value of real property in the redevelopment project area exceeds the total initial equalized value of real property in said area.

(n) "Redevelopment plan" means the comprehensive program of the municipality for development or redevelopment intended by the
payment of redevelopment project costs to reduce or eliminate those conditions the existence of which qualified the redevelopment project area as a "blighted area" or "conservation area" or combination thereof or "industrial park conservation area," and thereby to enhance the tax bases of the taxing districts which extend into the redevelopment project area. On and after November 1, 1999 (the effective date of Public Act 91-478), no redevelopment plan may be approved or amended that includes the development of vacant land (i) with a golf course and related clubhouse and other facilities or (ii) designated by federal, State, county, or municipal government as public land for outdoor recreational activities or for nature preserves and used for that purpose within 5 years prior to the adoption of the redevelopment plan. For the purpose of this subsection, "recreational activities" is limited to mean camping and hunting. Each redevelopment plan shall set forth in writing the program to be undertaken to accomplish the objectives and shall include but not be limited to:

(A) an itemized list of estimated redevelopment project costs;

(B) evidence indicating that the redevelopment project area on the whole has not been subject to growth and development through investment by private enterprise;

(C) an assessment of any financial impact of the redevelopment project area on or any increased demand for services from any taxing district affected by the plan and any program to address such financial impact or increased demand;

(D) the sources of funds to pay costs;

(E) the nature and term of the obligations to be issued;

(F) the most recent equalized assessed valuation of the redevelopment project area;

(G) an estimate as to the equalized assessed valuation after redevelopment and the general land uses to apply in the redevelopment project area;

(H) a commitment to fair employment practices and an affirmative action plan;

(I) if it concerns an industrial park conservation area, the plan shall also include a general description of any proposed developer, user and tenant of any property, a description of the type, structure and general character of the facilities to be developed, a description of the type,
class and number of new employees to be employed in the operation of the facilities to be developed; and

(J) if property is to be annexed to the municipality, the plan shall include the terms of the annexation agreement.

The provisions of items (B) and (C) of this subsection (n) shall not apply to a municipality that before March 14, 1994 (the effective date of Public Act 88-537) had fixed, either by its corporate authorities or by a commission designated under subsection (k) of Section 11-74.4-4, a time and place for a public hearing as required by subsection (a) of Section 11-74.4-5. No redevelopment plan shall be adopted unless a municipality complies with all of the following requirements:

(1) The municipality finds that the redevelopment project area on the whole has not been subject to growth and development through investment by private enterprise and would not reasonably be anticipated to be developed without the adoption of the redevelopment plan.

(2) The municipality finds that the redevelopment plan and project conform to the comprehensive plan for the development of the municipality as a whole, or, for municipalities with a population of 100,000 or more, regardless of when the redevelopment plan and project was adopted, the redevelopment plan and project either: (I) conforms to the strategic economic development or redevelopment plan issued by the designated planning authority of the municipality, or (ii) includes land uses that have been approved by the planning commission of the municipality.

(3) The redevelopment plan establishes the estimated dates of completion of the redevelopment project and retirement of obligations issued to finance redevelopment project costs. Those dates shall not be later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the twenty-third calendar year after the year in which the ordinance approving the redevelopment project area is adopted if the ordinance was adopted on or after January 15, 1981, and not later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes.

However, for redevelopment project areas for which bonds were issued before July 29, 1991, or for which contracts were entered into before June 1, 1988, in connection with a redevelopment project in the area within the State Sales Tax Boundary, the estimated dates of completion of the redevelopment project and retirement of obligations to finance redevelopment project costs may be extended by municipal ordinance to December 31, 2013. The termination procedures of subsection (b) of Section 11-74.4-8 are not required for these redevelopment project areas in 2009 but are required in 2013. The extension allowed by this amendatory Act of 1993 shall not apply to real property tax increment allocation financing under Section 11-74.4-8.

A municipality may by municipal ordinance amend an existing redevelopment plan to conform to this paragraph (3) as amended by Public Act 91-478, which municipal ordinance may be adopted without further hearing or notice and without complying with the procedures provided in this Act pertaining to an amendment to or the initial approval of a redevelopment plan and project and designation of a redevelopment project area.

Those dates, for purposes of real property tax increment allocation financing pursuant to Section 11-74.4-8 only, shall be not more than 35 years for redevelopment project areas that were adopted on or after December 16, 1986 and for which at least $8

million worth of municipal bonds were authorized on or after December 19, 1989 but before January 1, 1990; provided that the municipality elects to extend the life of the redevelopment project area to 35 years by the adoption of an ordinance after at least 14 but not more than 30 days' written notice to the taxing bodies, that would otherwise constitute the joint review board for the redevelopment project area, before the adoption of the ordinance.

Those dates, for purposes of real property tax increment allocation financing pursuant to Section 11-74.4-8 only, shall be not more than 35 years for redevelopment project areas that were established on or after December 1, 1981 but before January 1, 1982 and for which at least $1,500,000 worth of tax increment revenue bonds were authorized on or after September 30, 1990 but before July 1, 1991; provided that the municipality elects to extend the life of the redevelopment project area to 35 years by the adoption of an ordinance after at least 14 but not more than 30 days' written notice to the taxing bodies, that would otherwise constitute the joint review board for the redevelopment project area, before the adoption of the ordinance.

(3.5) The municipality finds, in the case of an industrial park conservation area, also that the municipality is a labor surplus municipality and that the implementation of the redevelopment plan will reduce unemployment, create new jobs and by the provision of new facilities enhance the tax base of the taxing districts that extend into the redevelopment project area.

(4) If any incremental revenues are being utilized under Section 8(a)(1) or 8(a)(2) of this Act in redevelopment project areas approved by ordinance after January 1, 1986, the municipality finds: (a) that the redevelopment project area would not reasonably be developed without the use of such incremental revenues, and (b) that such incremental revenues will be exclusively utilized for the development of the redevelopment project area.

(5) If the redevelopment plan will not result in displacement of residents from 10 or more inhabited residential units, and the municipality certifies in the plan that such displacement will not result from the plan, a housing impact study need not be performed. If, however, the redevelopment plan would result in the displacement of residents from 10 or more inhabited residential units, or if the redevelopment project area contains 75

or more inhabited residential units and no certification is made, then the municipality shall prepare, as part of the separate feasibility report required by subsection (a) of Section 11-74.4-5, a housing impact study.

Part I of the housing impact study shall include (i) data as to whether the residential units are single family or multi-family units, (ii) the number and type of rooms within the units, if that information is available, (iii) whether the units are inhabited or uninhabited, as determined not less than 45 days before the date that the ordinance or resolution required by subsection (a) of Section 11-74.4-5 is passed, and (iv) data as to the racial and ethnic composition of the residents in the inhabited residential units. The data requirement as to the racial and ethnic composition of the residents in the inhabited residential units shall be deemed to be fully satisfied by data from the most recent federal census.

Part II of the housing impact study shall identify the inhabited residential units in the proposed redevelopment project area that are to be or may be removed. If inhabited residential units are to be removed, then the housing impact study shall identify (i) the number and location of those units that will or may be removed, (ii) the municipality's plans for relocation assistance for those residents in the proposed redevelopment project area whose residences are to be removed, (iii) the availability of replacement housing for those residents whose residences are to be removed, and shall identify the type, location, and cost of the housing, and (iv) the type and extent of relocation assistance to be provided.

(6) On and after November 1, 1999, the housing impact study required by paragraph (5) shall be incorporated in the redevelopment plan for the redevelopment project area.

(7) On and after November 1, 1999, no redevelopment plan shall be adopted, nor an existing plan amended, nor shall residential housing that is occupied by households of low-income and very low-income persons in currently existing redevelopment project areas be removed after November 1, 1999 unless the redevelopment plan provides, with respect to inhabited housing units that are to be removed for households of low-income and very low-income persons, affordable housing and relocation assistance not less than that which would be provided under the federal Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 and the regulations under that act.

Act, including the eligibility criteria. Affordable housing may be either existing or newly constructed housing. For purposes of this paragraph (7), "low-income households", "very low-income households", and "affordable housing" have the meanings set forth in the Illinois Affordable Housing Act. The municipality shall make a good faith effort to ensure that this affordable housing is located in or near the redevelopment project area within the municipality.

(8) On and after November 1, 1999, if, after the adoption of the redevelopment plan for the redevelopment project area, any municipality desires to amend its redevelopment plan to remove more inhabited residential units than specified in its original redevelopment plan, that change shall be made in accordance with the procedures in subsection (c) of Section 11-74.4-5.

(9) For redevelopment project areas designated prior to November 1, 1999, the redevelopment plan may be amended without further joint review board meeting or hearing, provided that the municipality shall give notice of any such changes by mail to each affected taxing district and registrant on the interested party registry, to authorize the municipality to expend tax increment revenues for redevelopment project costs defined by paragraphs (5) and (7.5), subparagraphs (E) and (F) of paragraph (11), and paragraph (11.5) of subsection (q) of Section 11-74.4-3, so long as the changes do not increase the total estimated redevelopment project costs set out in the redevelopment plan by more than 5% after adjustment for inflation from the date the plan was adopted.

(o) "Redevelopment project" means any public and private development project in furtherance of the objectives of a redevelopment plan. On and after November 1, 1999 (the effective date of Public Act 91-478), no redevelopment plan may be approved or amended that includes the development of vacant land (i) with a golf course and related clubhouse and other facilities or (ii) designated by federal, State, county, or municipal government as public land for outdoor recreational activities or for nature preserves and used for that purpose within 5 years prior to the adoption of the redevelopment plan. For the purpose of this subsection, "recreational activities" is limited to mean camping and hunting.

(p) "Redevelopment project area" means an area designated by the municipality, which is not less in the aggregate than 1 1/2 acres and in respect to which the municipality has made a finding that there exist conditions which cause the area to be classified as an industrial park.
conservation area or a blighted area or a conservation area, or a combination of both blighted areas and conservation areas.

(q) "Redevelopment project costs" mean and include the sum total of all reasonable or necessary costs incurred or estimated to be incurred, and any such costs incidental to a redevelopment plan and a redevelopment project. Such costs include, without limitation, the following:

(1) Costs of studies, surveys, development of plans, and specifications, implementation and administration of the redevelopment plan including but not limited to staff and professional service costs for architectural, engineering, legal, financial, planning or other services, provided however that no charges for professional services may be based on a percentage of the tax increment collected; except that on and after November 1, 1999 (the effective date of Public Act 91-478), no contracts for professional services, excluding architectural and engineering services, may be entered into if the terms of the contract extend beyond a period of 3 years. In addition, "redevelopment project costs" shall not include lobbying expenses. After consultation with the municipality, each tax increment consultant or advisor to a municipality that plans to designate or has designated a redevelopment project area shall inform the municipality in writing of any contracts that the consultant or advisor has entered into with entities or individuals that have received, or are receiving, payments financed by tax increment revenues produced by the redevelopment project area with respect to which the consultant or advisor has performed, or will be performing, service for the municipality. This requirement shall be satisfied by the consultant or advisor before the commencement of services for the municipality and thereafter whenever any other contracts with those individuals or entities are executed by the consultant or advisor;

(1.5) After July 1, 1999, annual administrative costs shall not include general overhead or administrative costs of the municipality that would still have been incurred by the municipality if the municipality had not designated a redevelopment project area or approved a redevelopment plan;

(1.6) The cost of marketing sites within the redevelopment project area to prospective businesses, developers, and investors;

(2) Property assembly costs, including but not limited to acquisition of land and other property, real or personal, or rights or interests therein, demolition of buildings, site preparation, site improvements that serve as an engineered barrier addressing ground level or below ground environmental contamination, including, but not limited to parking lots and other concrete or asphalt barriers, and the clearing and grading of land;

(3) Costs of rehabilitation, reconstruction or repair or remodeling of existing public or private buildings, fixtures, and leasehold improvements; and the cost of replacing an existing public building if pursuant to the implementation of a redevelopment project the existing public building is to be demolished to use the site for private investment or devoted to a different use requiring private investment;

(4) Costs of the construction of public works or improvements, except that on and after November 1, 1999, redevelopment project costs shall not include the cost of constructing a new municipal public building principally used to provide offices, storage space, or conference facilities or vehicle storage, maintenance, or repair for administrative, public safety, or public works personnel and that is not intended to replace an existing public building as provided under paragraph (3) of subsection (q) of Section 11-74.4-3 unless either (i) the construction of the new municipal building implements a redevelopment project that was included in a redevelopment plan that was adopted by the municipality prior to November 1, 1999 or (ii) the municipality makes a reasonable determination in the redevelopment plan, supported by information that provides the basis for that determination, that the new municipal building is required to meet an increase in the need for public safety purposes anticipated to result from the implementation of the redevelopment plan;

(5) Costs of job training and retraining projects, including the cost of "welfare to work" programs implemented by businesses located within the redevelopment project area;

(6) Financing costs, including but not limited to all necessary and incidental expenses related to the issuance of obligations and which may include payment of interest on any obligations issued hereunder including interest accruing during the estimated period of construction of any redevelopment project for

which such obligations are issued and for not exceeding 36 months thereafter and including reasonable reserves related thereto;

(7) To the extent the municipality by written agreement accepts and approves the same, all or a portion of a taxing district's capital costs resulting from the redevelopment project necessarily incurred or to be incurred within a taxing district in furtherance of the objectives of the redevelopment plan and project.

(7.5) For redevelopment project areas designated (or redevelopment project areas amended to add or increase the number of tax-increment-financing assisted housing units) on or after November 1, 1999, an elementary, secondary, or unit school district's increased costs attributable to assisted housing units located within the redevelopment project area for which the developer or redeveloper receives financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the assisted housing sites necessary for the completion of that housing as authorized by this Act, and which costs shall be paid by the municipality from the Special Tax Allocation Fund when the tax increment revenue is received as a result of the assisted housing units and shall be calculated annually as follows:

(A) for foundation districts, excluding any school district in a municipality with a population in excess of 1,000,000, by multiplying the district's increase in attendance resulting from the net increase in new students enrolled in that school district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by the most recently available per capita tuition cost as defined in Section 10-20.12a of the School Code less any increase in general State aid as defined in Section 18-8.05 of the School Code attributable to these added new students subject to the following annual limitations:

(i) for unit school districts with a district average 1995-96 Per Capita Tuition Charge of less than $5,900, no more than 25% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act;

(ii) for elementary school districts with a district average 1995-96 Per Capita Tuition Charge of less than $5,900, no more than 17% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act; and

(iii) for secondary school districts with a district average 1995-96 Per Capita Tuition Charge of less than $5,900, no more than 8% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act.

(B) For alternate method districts, flat grant districts, and foundation districts with a district average 1995-96 Per Capita Tuition Charge equal to or more than $5,900, excluding any school district with a population in excess of 1,000,000, by multiplying the district's increase in attendance resulting from the net increase in new students enrolled in that school district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by the most recently available per capita tuition cost as defined in Section 10-20.12a of the School Code less any increase in general state aid as defined in Section 18-8.05 of the School Code attributable to these added new students subject to the following annual limitations:

(i) for unit school districts, no more than 40% of the total amount of property tax increment revenue produced by those housing units that have
received tax increment finance assistance under this Act;

(ii) for elementary school districts, no more than 27% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act; and

(iii) for secondary school districts, no more than 13% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act.

(C) For any school district in a municipality with a population in excess of 1,000,000, the following restrictions shall apply to the reimbursement of increased costs under this paragraph (7.5):

(i) no increased costs shall be reimbursed unless the school district certifies that each of the schools affected by the assisted housing project is at or over its student capacity;

(ii) the amount reimbursable shall be reduced by the value of any land donated to the school district by the municipality or developer, and by the value of any physical improvements made to the schools by the municipality or developer; and

(iii) the amount reimbursed may not affect amounts otherwise obligated by the terms of any bonds, notes, or other funding instruments, or the terms of any redevelopment agreement.

Any school district seeking payment under this paragraph (7.5) shall, after July 1 and before September 30 of each year, provide the municipality with reasonable evidence to support its claim for reimbursement before the municipality shall be required to approve or make the payment to the school district. If the school district fails to provide the information during this period in any year, it shall forfeit any claim to reimbursement for that year. School districts may adopt a resolution waiving the right to all or a portion of the reimbursement otherwise required by this paragraph (7.5). By acceptance of this reimbursement the school district

district waives the right to directly or indirectly set aside, modify, or contest in any manner the establishment of the redevelopment project area or projects;

(7.7) For redevelopment project areas designated (or redevelopment project areas amended to add or increase the number of tax-increment-financing assisted housing units) on or after January 1, 2005 (the effective date of Public Act 93-961) this amendatory Act of the 93rd General Assembly, a public library district's increased costs attributable to assisted housing units located within the redevelopment project area for which the developer or redeveloper receives financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the assisted housing sites necessary for the completion of that housing as authorized by this Act shall be paid to the library district by the municipality from the Special Tax Allocation Fund when the tax increment revenue is received as a result of the assisted housing units. This paragraph (7.7) applies only if (i) the library district is located in a county that is subject to the Property Tax Extension Limitation Law or (ii) the library district is not located in a county that is subject to the Property Tax Extension Limitation Law but the district is prohibited by any other law from increasing its tax levy rate without a prior voter referendum.

The amount paid to a library district under this paragraph (7.7) shall be calculated by multiplying (i) the net increase in the number of persons eligible to obtain a library card in that district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by (ii) the per-patron cost of providing library services so long as it does not exceed $120. The per-patron cost shall be the Total Operating Expenditures Per Capita as stated in the most recent Illinois Public Library Statistics produced by the Library Research Center at the University of Illinois. The municipality may deduct from the amount that it must pay to a library district under this paragraph any amount that it has voluntarily paid to the library district.

district from the tax increment revenue. The amount paid to a library district under this paragraph (7.7) shall be no more than 2% of the amount produced by the assisted housing units and deposited into the Special Tax Allocation Fund.

A library district is not eligible for any payment under this paragraph (7.7) unless the library district has experienced an increase in the number of patrons from the municipality that created the tax-increment-financing district since the designation of the redevelopment project area.

Any library district seeking payment under this paragraph (7.7) shall, after July 1 and before September 30 of each year, provide the municipality with convincing evidence to support its claim for reimbursement before the municipality shall be required to approve or make the payment to the library district. If the library district fails to provide the information during this period in any year, it shall forfeit any claim to reimbursement for that year. Library districts may adopt a resolution waiving the right to all or a portion of the reimbursement otherwise required by this paragraph (7.7). By acceptance of such reimbursement, the library district shall forfeit any right to directly or indirectly set aside, modify, or contest in any manner whatsoever the establishment of the redevelopment project area or projects;

(8) Relocation costs to the extent that a municipality determines that relocation costs shall be paid or is required to make payment of relocation costs by federal or State law or in order to satisfy subparagraph (7) of subsection (n);

(9) Payment in lieu of taxes;

(10) Costs of job training, retraining, advanced vocational education or career education, including but not limited to courses in occupational, semi-technical or technical fields leading directly to employment, incurred by one or more taxing districts, provided that such costs (i) are related to the establishment and maintenance of additional job training, advanced vocational education or career education programs for persons employed or to be employed by employers located in a redevelopment project area; and (ii) when incurred by a taxing district or taxing districts other than the municipality, are set forth in a written agreement by or among the municipality and the taxing district or taxing districts, which agreement describes the program to be undertaken, including but not limited to the number of employees to be trained, a description

of the training and services to be provided, the number and type of positions available or to be available, itemized costs of the program and sources of funds to pay for the same, and the term of the agreement. Such costs include, specifically, the payment by community college districts of costs pursuant to Sections 3-37, 3-38, 3-40 and 3-40.1 of the Public Community College Act and by school districts of costs pursuant to Sections 10-22.20a and 10-23.3a of The School Code;

(11) Interest cost incurred by a redeveloper related to the construction, renovation or rehabilitation of a redevelopment project provided that:

(A) such costs are to be paid directly from the special tax allocation fund established pursuant to this Act;

(B) such payments in any one year may not exceed 30% of the annual interest costs incurred by the redeveloper with regard to the redevelopment project during that year;

(C) if there are not sufficient funds available in the special tax allocation fund to make the payment pursuant to this paragraph (11) then the amounts so due shall accrue and be payable when sufficient funds are available in the special tax allocation fund;

(D) the total of such interest payments paid pursuant to this Act may not exceed 30% of the total (i) cost paid or incurred by the redeveloper for the redevelopment project plus (ii) redevelopment project costs excluding any property assembly costs and any relocation costs incurred by a municipality pursuant to this Act; and

(E) the cost limits set forth in subparagraphs (B) and (D) of paragraph (11) shall be modified for the financing of rehabilitated or new housing units for low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act. The percentage of 75% shall be substituted for 30% in subparagraphs (B) and (D) of paragraph (11).

(F) Instead of the eligible costs provided by subparagraphs (B) and (D) of paragraph (11), as modified by this subparagraph, and notwithstanding any other provisions of this Act to the contrary, the municipality may pay from tax increment revenues up to 50% of the cost of construction of new housing units to be occupied by low-
income households and very low-income households as defined in Section 3 of the Illinois Affordable Housing Act. The cost of construction of those units may be derived from the proceeds of bonds issued by the municipality under this Act or other constitutional or statutory authority or from other sources of municipal revenue that may be reimbursed from tax increment revenues or the proceeds of bonds issued to finance the construction of that housing.

The eligible costs provided under this subparagraph (F) of paragraph (11) shall be an eligible cost for the construction, renovation, and rehabilitation of all low and very low-income housing units, as defined in Section 3 of the Illinois Affordable Housing Act, within the redevelopment project area. If the low and very low-income units are part of a residential redevelopment project that includes units not affordable to low and very low-income households, only the low and very low-income units shall be eligible for benefits under subparagraph (F) of paragraph (11). The standards for maintaining the occupancy by low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act, of those units constructed with eligible costs made available under the provisions of this subparagraph (F) of paragraph (11) shall be established by guidelines adopted by the municipality. The responsibility for annually documenting the initial occupancy of the units by low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act, shall be that of the then current owner of the property. For ownership units, the guidelines will provide, at a minimum, for a reasonable recapture of funds, or other appropriate methods designed to preserve the original affordability of the ownership units. For rental units, the guidelines will provide, at a minimum, for the affordability of rent to low and very low-income households. As units become available, they shall be rented to income-eligible tenants. The municipality may modify these guidelines from time to time; the guidelines, however, shall be in effect for as long as tax increment revenue is being used to pay for costs associated with the units or for the retirement of bonds.
issued to finance the units or for the life of the redevelopment project area, whichever is later.

(11.5) If the redevelopment project area is located within a municipality with a population of more than 100,000, the cost of day care services for children of employees from low-income families working for businesses located within the redevelopment project area and all or a portion of the cost of operation of day care centers established by redevelopment project area businesses to serve employees from low-income families working in businesses located in the redevelopment project area. For the purposes of this paragraph, "low-income families" means families whose annual income does not exceed 80% of the municipal, county, or regional median income, adjusted for family size, as the annual income and municipal, county, or regional median income are determined from time to time by the United States Department of Housing and Urban Development.

(12) Unless explicitly stated herein the cost of construction of new privately-owned buildings shall not be an eligible redevelopment project cost.

(13) After November 1, 1999 (the effective date of Public Act 91-478), none of the redevelopment project costs enumerated in this subsection shall be eligible redevelopment project costs if those costs would provide direct financial support to a retail entity initiating operations in the redevelopment project area while terminating operations at another Illinois location within 10 miles of the redevelopment project area but outside the boundaries of the redevelopment project area municipality. For purposes of this paragraph, termination means a closing of a retail operation that is directly related to the opening of the same operation or like retail entity owned or operated by more than 50% of the original ownership in a redevelopment project area, but it does not mean closing an operation for reasons beyond the control of the retail entity, as documented by the retail entity, subject to a reasonable finding by the municipality that the current location contained inadequate space, had become economically obsolete, or was no longer a viable location for the retailer or serviceman.

If a special service area has been established pursuant to the Special Service Area Tax Act or Special Service Area Tax Law, then any tax increment revenues derived from the tax imposed pursuant to the Special Service Area Tax Act or Special Service Area Tax Law may be

used within the redevelopment project area for the purposes permitted by that Act or Law as well as the purposes permitted by this Act.

(r) "State Sales Tax Boundary" means the redevelopment project area or the amended redevelopment project area boundaries which are determined pursuant to subsection (9) of Section 11-74.4-8a of this Act. The Department of Revenue shall certify pursuant to subsection (9) of Section 11-74.4-8a the appropriate boundaries eligible for the determination of State Sales Tax Increment.

(s) "State Sales Tax Increment" means an amount equal to the increase in the aggregate amount of taxes paid by retailers and servicemen, other than retailers and servicemen subject to the Public Utilities Act, on transactions at places of business located within a State Sales Tax Boundary pursuant to the Retailers' Occupation Tax Act, the Use Tax Act, the Service Use Tax Act, and the Service Occupation Tax Act, except such portion of such increase that is paid into the State and Local Sales Tax Reform Fund, the Local Government Distributive Fund, the Local Government Tax Fund and the County and Mass Transit District Fund, for as long as State participation exists, over and above the Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts for such taxes as certified by the Department of Revenue and paid under those Acts by retailers and servicemen on transactions at places of business located within the State Sales Tax Boundary during the base year which shall be the calendar year immediately prior to the year in which the municipality adopted tax increment allocation financing, less 3.0% of such amounts generated under the Retailers' Occupation Tax Act, Use Tax Act and Service Use Tax Act and the Service Occupation Tax Act, which sum shall be appropriated to the Department of Revenue to cover its costs of administering and enforcing this Section. For purposes of computing the aggregate amount of such taxes for base years occurring prior to 1985, the Department of Revenue shall compute the Initial Sales Tax Amount for such taxes and deduct therefrom an amount equal to 4% of the aggregate amount of taxes per year for each year the base year is prior to 1985, but not to exceed a total deduction of 12%. The amount so determined shall be known as the "Adjusted Initial Sales Tax Amount". For purposes of determining the State Sales Tax Increment the Department of Revenue shall for each period subtract from the tax amounts received from retailers and servicemen on transactions located in the State Sales Tax Boundary, the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or Revised Initial Sales Tax Amounts for the Retailers' Occupation Tax Act, the Use Tax Act, the Service Use Tax Act and the
Service Occupation Tax Act. For the State Fiscal Year 1989 this calculation shall be made by utilizing the calendar year 1987 to determine the tax amounts received. For the State Fiscal Year 1990, this calculation shall be made by utilizing the period from January 1, 1988, until September 30, 1988, to determine the tax amounts received from retailers and servicemen, which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For the State Fiscal Year 1991, this calculation shall be made by utilizing the period from October 1, 1988, until June 30, 1989, to determine the tax amounts received from retailers and servicemen, which shall have deducted therefrom nine-twelfths of the certified Initial State Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For every State Fiscal Year thereafter, the applicable period shall be the 12 months beginning July 1 and ending on June 30, to determine the tax amounts received which shall have deducted therefrom the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts. Municipalities intending to receive a distribution of State Sales Tax Increment must report a list of retailers to the Department of Revenue by October 31, 1988 and by July 31, of each year thereafter.

(t) "Taxing districts" means counties, townships, cities and incorporated towns and villages, school, road, park, sanitary, mosquito abatement, forest preserve, public health, fire protection, river conservancy, tuberculosis sanitarium and any other municipal corporations or districts with the power to levy taxes.

(u) "Taxing districts' capital costs" means those costs of taxing districts for capital improvements that are found by the municipal corporate authorities to be necessary and directly result from the redevelopment project.

(v) As used in subsection (a) of Section 11-74.4-3 of this Act, "vacant land" means any parcel or combination of parcels of real property without industrial, commercial, and residential buildings which has not been used for commercial agricultural purposes within 5 years prior to the designation of the redevelopment project area, unless the parcel is included in an industrial park conservation area or the parcel has been subdivided; provided that if the parcel was part of a larger tract that has been divided into 3 or more smaller tracts that were accepted for recording during the period from 1950 to 1990, then the parcel shall be deemed to have been subdivided, and all proceedings and actions of the municipality
taken in that connection with respect to any previously approved or designated redevelopment project area or amended redevelopment project area are hereby validated and hereby declared to be legally sufficient for all purposes of this Act. For purposes of this Section and only for land subject to the subdivision requirements of the Plat Act, land is subdivided when the original plat of the proposed Redevelopment Project Area or relevant portion thereof has been properly certified, acknowledged, approved, and recorded or filed in accordance with the Plat Act and a preliminary plat, if any, for any subsequent phases of the proposed Redevelopment Project Area or relevant portion thereof has been properly approved and filed in accordance with the applicable ordinance of the municipality.

(w) "Annual Total Increment" means the sum of each municipality's annual Net Sales Tax Increment and each municipality's annual Net Utility Tax Increment. The ratio of the Annual Total Increment of each municipality to the Annual Total Increment for all municipalities, as most recently calculated by the Department, shall determine the proportional shares of the Illinois Tax Increment Fund to be distributed to each municipality.

(65 ILCS 5/11-74.4-7) (from Ch. 24, par. 11-74.4-7)

Sec. 11-74.4-7. Obligations secured by the special tax allocation fund set forth in Section 11-74.4-8 for the redevelopment project area may be issued to provide for redevelopment project costs. Such obligations, when so issued, shall be retired in the manner provided in the ordinance authorizing the issuance of such obligations by the receipts of taxes levied as specified in Section 11-74.4-9 against the taxable property included in the area, by revenues as specified by Section 11-74.4-8a and other revenue designated by the municipality. A municipality may in the ordinance pledge all or any part of the funds in and to be deposited in the special tax allocation fund created pursuant to Section 11-74.4-8 to the payment of the redevelopment project costs and obligations. Any pledge of funds in the special tax allocation fund shall provide for distribution to the taxing districts and to the Illinois Department of Revenue of moneys not required, pledged, earmarked, or otherwise designated for payment and securing of

the obligations and anticipated redevelopment project costs and such excess funds shall be calculated annually and deemed to be "surplus" funds. In the event a municipality only applies or pledges a portion of the funds in the special tax allocation fund for the payment or securing of anticipated redevelopment project costs or of obligations, any such funds remaining in the special tax allocation fund after complying with the requirements of the application or pledge, shall also be calculated annually and deemed "surplus" funds. All surplus funds in the special tax allocation fund shall be distributed annually within 180 days after the close of the municipality's fiscal year by being paid by the municipal treasurer to the County Collector, to the Department of Revenue and to the municipality in direct proportion to the tax incremental revenue received as a result of an increase in the equalized assessed value of property in the redevelopment project area, tax incremental revenue received from the State and tax incremental revenue received from the municipality, but not to exceed as to each such source the total incremental revenue received from that source. The County Collector shall thereafter make distribution to the respective taxing districts in the same manner and proportion as the most recent distribution by the county collector to the affected districts of real property taxes from real property in the redevelopment project area.

Without limiting the foregoing in this Section, the municipality may in addition to obligations secured by the special tax allocation fund pledge for a period not greater than the term of the obligations towards payment of such obligations any part or any combination of the following: (a) net revenues of all or part of any redevelopment project; (b) taxes levied and collected on any or all property in the municipality; (c) the full faith and credit of the municipality; (d) a mortgage on part or all of the redevelopment project; or (e) any other taxes or anticipated receipts that the municipality may lawfully pledge.

Such obligations may be issued in one or more series bearing interest at such rate or rates as the corporate authorities of the municipality shall determine by ordinance. Such obligations shall bear such date or dates, mature at such time or times not exceeding 20 years from their respective dates, be in such denomination, carry such registration privileges, be executed in such manner, be payable in such medium of payment at such place or places, contain such covenants, terms and conditions, and be subject to redemption as such ordinance shall provide. Obligations issued pursuant to this Act may be sold at public or private sale at such price as shall be determined by the corporate authorities of the municipalities. No referendum approval of the electors shall be required as
a condition to the issuance of obligations pursuant to this Division except as provided in this Section.

In the event the municipality authorizes issuance of obligations pursuant to the authority of this Division secured by the full faith and credit of the municipality, which obligations are other than obligations which may be issued under home rule powers provided by Article VII, Section 6 of the Illinois Constitution, or pledges taxes pursuant to (b) or (c) of the second paragraph of this section, the ordinance authorizing the issuance of such obligations or pledging such taxes shall be published within 10 days after such ordinance has been passed in one or more newspapers, with general circulation within such municipality. The publication of the ordinance shall be accompanied by a notice of (1) the specific number of voters required to sign a petition requesting the question of the issuance of such obligations or pledging taxes to be submitted to the electors; (2) the time in which such petition must be filed; and (3) the date of the prospective referendum. The municipal clerk shall provide a petition form to any individual requesting one.

If no petition is filed with the municipal clerk, as hereinafter provided in this Section, within 30 days after the publication of the ordinance, the ordinance shall be in effect. But, if within that 30 day period a petition is filed with the municipal clerk, signed by electors in the municipality numbering 10% or more of the number of registered voters in the municipality, asking that the question of issuing obligations using full faith and credit of the municipality as security for the cost of paying for redevelopment project costs, or of pledging taxes for the payment of such obligations, or both, be submitted to the electors of the municipality, the corporate authorities of the municipality shall call a special election in the manner provided by law to vote upon that question, or, if a general, State or municipal election is to be held within a period of not less than 30 or more than 90 days from the date such petition is filed, shall submit the question at the next general, State or municipal election. If it appears upon the canvass of the election by the corporate authorities that a majority of electors voting upon the question voted in favor thereof, the ordinance shall be in effect, but if a majority of the electors voting upon the question are not in favor thereof, the ordinance shall not take effect.

The ordinance authorizing the obligations may provide that the obligations shall contain a recital that they are issued pursuant to this Division, which recital shall be conclusive evidence of their validity and of the regularity of their issuance.
In the event the municipality authorizes issuance of obligations pursuant to this Section secured by the full faith and credit of the municipality, the ordinance authorizing the obligations may provide for the levy and collection of a direct annual tax upon all taxable property within the municipality sufficient to pay the principal thereof and interest thereon as it matures, which levy may be in addition to and exclusive of the maximum of all other taxes authorized to be levied by the municipality, which levy, however, shall be abated to the extent that monies from other sources are available for payment of the obligations and the municipality certifies the amount of said monies available to the county clerk.

A certified copy of such ordinance shall be filed with the county clerk of each county in which any portion of the municipality is situated, and shall constitute the authority for the extension and collection of the taxes to be deposited in the special tax allocation fund.

A municipality may also issue its obligations to refund in whole or in part, obligations theretofore issued by such municipality under the authority of this Act, whether at or prior to maturity, provided however, that the last maturity of the refunding obligations shall not be expressed to mature later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the twenty-third calendar year after the year in which the ordinance approving the redevelopment project area is adopted if the ordinance was adopted on or after January 15, 1981, and not later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the thirty-fifth calendar year after the year in which the ordinance approving the redevelopment project area is adopted (A) if the ordinance was adopted before January 15, 1981, or (B) if the ordinance was adopted in December 1983, April 1984, July 1985, or December 1989, or (C) if the ordinance was adopted in December, 1987 and the redevelopment project is located within one mile of Midway Airport, or (D) if the ordinance was adopted before January 1, 1987 by a municipality in Mason County, or (E) if the municipality is subject to the Local Government Financial Planning and Supervision Act or the Financially Distressed City Law, or (F) if the ordinance was adopted in December 1984 by the Village of Rosemont, or (G) if the ordinance was adopted on December 31, 1986 by a municipality located in Clinton County for which at least $250,000 of tax increment bonds were authorized on June 17,
1997, or if the ordinance was adopted on December 31, 1986 by a municipality with a population in 1990 of less than 3,600 that is located in a county with a population in 1990 of less than 34,000 and for which at least $250,000 of tax increment bonds were authorized on June 17, 1997, or (H) if the ordinance was adopted on October 5, 1982 by the City of Kankakee, or (I) if the ordinance was adopted on December 29, 1986 by East St. Louis, or if the ordinance was adopted on November 12, 1991 by the Village of Sauget, or (J) if the ordinance was adopted on February 11, 1985 by the City of Rock Island, or (K) if the ordinance was adopted before December 18, 1986 by the City of Moline, or (L) if the ordinance was adopted in September 1988 by Sauk Village, or (M) if the ordinance was adopted in October 1993 by Sauk Village, or (N) if the ordinance was adopted on December 29, 1986 by the City of Galva, or (O) if the ordinance was adopted in March 1991 by the City of Centreville, or (P) if the ordinance was adopted on January 23, 1991 by the City of East St. Louis, or (Q) if the ordinance was adopted on December 22, 1986 by the City of Aledo, or (R) if the ordinance was adopted on February 5, 1990 by the City of Clinton, or (S) if the ordinance was adopted on September 6, 1994 by the City of Freeport, or (T) if the ordinance was adopted on December 22, 1986 by the City of Tuscola, or (U) if the ordinance was adopted on December 23, 1986 by the City of Sparta, or (V) if the ordinance was adopted on December 23, 1986 by the City of Beardstown, or (W) if the ordinance was adopted on April 27, 1981, October 21, 1985, or December 30, 1986 by the City of Belleville, or (X) if the ordinance was adopted on December 29, 1986 by the City of Collinsville, or (Y) if the ordinance was adopted on September 14, 1994 by the City of Alton, or (Z) if the ordinance was adopted on November 11, 1996 by the City of Lexington, or (AA) if the ordinance was adopted on November 5, 1984 by the City of LeRoy, or (BB) if the ordinance was adopted on April 3, 1991 or June 3, 1992 by the City of Markham, or (CC) if the ordinance was adopted on November 11, 1986 by the City of Pekin, or (DD) (EE) if the ordinance was adopted on December 15, 1981 by the City of Champaign, or (EE) (FF) if the ordinance was adopted on December 15, 1986 by the City of Urbana, or (FF) (GG) if the ordinance was adopted on December 15, 1986 by the Village of Heyworth, or (GG) (HH) if the ordinance was adopted on February 24, 1992 by the Village of Heyworth, or (HH) (II) if the ordinance was adopted on March 16, 1995 by the Village of Heyworth, or (II) (JJ) if the ordinance was adopted on December 23, 1986 by the Town of Cicero, or (JJ) (KK) if the ordinance was adopted on December 30, 1986 by the City of Effingham, or (KK) (LL) if the ordinance was

adopted on May 9, 1991 by the Village of Tilton, or (LL) (CCC) if the ordinance was adopted on October 20, 1986 by the City of Elmhurst, or (MM) (CCC) if the ordinance was adopted on January 19, 1988 by the City of Waukegan, or (NN) (DD) if the ordinance was adopted on September 21, 1998 by the City of Waukegan, or (OO) if the ordinance was adopted on December 31, 1986 by the City of Oglesby and, for redevelopment project areas for which bonds were issued before July 29, 1991, in connection with a redevelopment project in the area within the State Sales Tax Boundary and which were extended by municipal ordinance under subsection (n) of Section 11-74.4-3, the last maturity of the refunding obligations shall not be expressed to mature later than the date on which the redevelopment project area is terminated or December 31, 2013, whichever date occurs first.

In the event a municipality issues obligations under home rule powers or other legislative authority the proceeds of which are pledged to pay for redevelopment project costs, the municipality may, if it has followed the procedures in conformance with this division, retire said obligations from funds in the special tax allocation fund in amounts and in such manner as if such obligations had been issued pursuant to the provisions of this division.

All obligations heretofore or hereafter issued pursuant to this Act shall not be regarded as indebtedness of the municipality issuing such obligations or any other taxing district for the purpose of any limitation imposed by law.

AN ACT concerning vehicles.

New matter indicated by italics - deletions by strikeout
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Vehicle Code is amended by adding Section 11-1426.1 as follows:

(625 ILCS 5/11-1426.1 new)

Sec. 11-1426.1. Operation of neighborhood electric vehicles on streets, roads, and highways.

(a) As used in this Section, "neighborhood electric vehicle" means a self-propelled, electronically powered four-wheeled motor vehicle which is capable of attaining in one mile a speed of more than 20 miles per hour, but not more than 25 miles per hour, and which conforms to federal regulations under Title 49 C.F.R. Part 571.500.

(b) Except as otherwise provided in this Section, it is unlawful for any person to drive or operate a neighborhood electric vehicle upon any street, highway, or roadway in this State. If the operation of a neighborhood electric vehicle is authorized under subsection (d), the neighborhood electric vehicle may be operated only on streets where the posted speed limit is 35 miles per hour or less. This subsection (b) does not prohibit a neighborhood electric vehicle from crossing a road or street at an intersection where the road or street has a posted speed limit of more than 35 miles per hour.

(b-5) A person may not operate a neighborhood electric vehicle upon any street, highway, or roadway in this State unless he or she has a valid Illinois driver's license issued in his or her name by the Secretary of State.

(c) No person operating a neighborhood electric vehicle shall make a direct crossing upon or across any highway under the jurisdiction of the State, tollroad, interstate highway, or controlled access highway in this State.

(d) A municipality, township, county, or other unit of local government may authorize, by ordinance or resolution, the operation of neighborhood electric vehicles on roadways under its jurisdiction if the unit of local government determines that the public safety will not be jeopardized. The Department may authorize the operation of neighborhood electric vehicles on the roadways under its jurisdiction if the Department determines that the public safety will not be jeopardized.

Before permitting the operation of neighborhood electric vehicles on its roadways, a municipality, township, county, other unit of local government, or the Department must consider the volume, speed, and character of traffic on the roadway and determine whether neighborhood
electric vehicles may safely travel on or cross the roadway. Upon determining that neighborhood electric vehicles may safely operate on a roadway and the adoption of an ordinance or resolution by a municipality, township, county, or other unit of local government, or authorization by the Department, appropriate signs shall be posted.

If a roadway is under the jurisdiction of more than one unit of government, neighborhood electric vehicles may not be operated on the roadway unless each unit of government agrees and takes action as provided in this subsection.

(e) No neighborhood electric vehicle may be operated on a roadway unless, at a minimum, it has the following: brakes, a steering apparatus, tires, a rearview mirror, red reflectorized warning devices in the front and rear, a slow moving emblem (as required of other vehicles in Section 12-709 of this Code) on the rear of the neighborhood electric vehicle, a headlight that emits a white light visible from a distance of 500 feet to the front, a tail lamp that emits a red light visible from at least 100 feet from the rear, brake lights, and turn signals. When operated on a roadway, a neighborhood electric vehicle shall have its headlight and tail lamps lighted as required by Section 12-201 of this Code.

(f) A person who drives or is in actual physical control of a neighborhood electric vehicle on a roadway while under the influence is subject to Sections 11-500 through 11-502 of this Code.

For each employer whose contribution rate for the second quarter of 1991 would, in the absence of this Section, be 0.2% or higher, a contribution rate which is the sum of such rate and 0.3%;

Notwithstanding any provision to the contrary, the fund building rate in effect for any calendar year after calendar year 2009 shall not be less than 0.4% or greater than 0.55%.

Notwithstanding the preceding paragraphs of this Section or any other provision of this Act, except for the provisions contained in Section 1500 pertaining to rates applicable to employers classified under the Standard Industrial Code, or another classification system sanctioned by the United States Department of Labor and prescribed by the Director by rule, no employer whose total wages for insured work paid by him during any calendar quarter in 1988 and any calendar year thereafter are less than $50,000 shall pay contributions at a rate with respect to such quarter which exceeds the following: with respect to calendar year 1988, 5%; with
respect to 1989 and any calendar year thereafter, 5.4%, plus any penalty contribution rate calculated pursuant to subsection C of Section 1507.1.

Notwithstanding the preceding paragraph of this Section, or any other provision of this Act, no employer's contribution rate with respect to calendar years 1993 through 1995 shall exceed 5.4% if the employer ceased operations at an Illinois manufacturing facility in 1991 and remained closed at that facility during all of 1992, and the employer in 1993 commits to invest at least $5,000,000 for the purpose of resuming operations at that facility, and the employer rehires during 1993 at least 250 of the individuals employed by it at that facility during the one year period prior to the cessation of its operations, provided that, within 30 days after the effective date of this amendatory Act of 1993, the employer makes application to the Department to have the provisions of this paragraph apply to it. The immediately preceding sentence shall be null and void with respect to an employer which by December 31, 1993 has not satisfied the rehiring requirement specified by this paragraph or which by December 31, 1994 has not made the investment specified by this paragraph. All payments attributable to the fund building rate established pursuant to this Section with respect to the fourth quarter of calendar year 2003, the first quarter of calendar year 2004 and any calendar quarter thereafter as of the close of which there are either bond obligations outstanding pursuant to the Illinois Unemployment Insurance Trust Fund Financing Act, or bond obligations anticipated to be outstanding as of either or both of the 2 immediately succeeding calendar quarters, shall be directed for deposit into the Master Bond Fund. Notwithstanding any other provision of this subsection, no fund building rate shall be added to any penalty contribution rate assessed pursuant to subsection C of Section 1507.1.

B. Notwithstanding any other provision of this Act, for the second quarter of 1991, the contribution rate of each employer as determined in accordance with Sections 1500, 1506.1, and subsection A of this Section shall be equal to the sum of such rate and 0.1%; provided that this subsection shall not apply to any employer whose rate computed under Section 1506.1 for such quarter is between 5.1% and 5.3%, inclusive, and who qualifies for the 5.4% rate ceiling imposed by the last paragraph of subsection A for such quarter. All payments made pursuant to this subsection shall be deposited in the Employment Security Administrative Fund established under Section 2103.1 and used for the administration of this Act.
C. Payments received by the Director which are insufficient to pay the total contributions due under the Act shall be first applied to satisfy the amount due pursuant to subsection B.

C-1. Payments received by the Director with respect to the fourth quarter of calendar year 2003, the first quarter of calendar year 2004 and any calendar quarter thereafter as of the close of which there are either bond obligations outstanding pursuant to the Illinois Unemployment Insurance Trust Fund Financing Act, or bond obligations anticipated to be outstanding as of either or both of the 2 immediately succeeding calendar quarters, shall, to the extent they are insufficient to pay the total amount due under the Act with respect to the quarter, be first applied to satisfy the amount due with respect to that quarter and attributable to the fund building rate established pursuant to this Section. Notwithstanding any other provision to the contrary, with respect to an employer whose contribution rate with respect to a quarter subject to this subsection would have exceeded 5.4% but for the 5.4% rate ceiling imposed pursuant to subsection A, the amount due from the employer with respect to that quarter and attributable to the fund building rate established pursuant to subsection A shall equal the amount, if any, by which the amount due and attributable to the 5.4% rate exceeds the amount that would have been due and attributable to the employer's rate determined pursuant to Sections 1500 and 1506.1, without regard to the fund building rate established pursuant to subsection A.

D. All provisions of this Act applicable to the collection or refund of any contribution due under this Act shall be applicable to the collection or refund of amounts due pursuant to subsection B and amounts directed pursuant to this Section for deposit into the Master Bond Fund to the extent they would not otherwise be considered as contributions.

Sec. 1507. Contribution rates of successor and predecessor employing units.

A. Whenever any employing unit succeeds to substantially all of the employing enterprises of another employing unit, then in determining contribution rates for any calendar year, the experience rating record of the predecessor prior to the succession shall be transferred to the successor and thereafter it shall not be treated as the experience rating record of the predecessor, except as provided in subsection B. For the purposes of this Section, such experience rating record shall consist of all years during which liability for the payment of contributions was incurred by the

predecessor prior to the succession, all benefit wages based upon wages paid by the predecessor prior to the succession, all benefit charges based on separations from, or reductions in work initiated by, the predecessor prior to the succession, and all wages for insured work paid by the predecessor prior to the succession. This amendatory Act of the 93rd General Assembly is intended to be a continuation of prior law.

B. The provisions of this subsection shall be applicable only to the determination of contribution rates for the calendar year 1956 and for each calendar year thereafter. Whenever any employing unit has succeeded to substantially all of the employing enterprises of another employing unit, but the predecessor employing unit has retained a distinct severable portion of its employing enterprises or whenever any employing unit has succeeded to a distinct severable portion which is less than substantially all of the employing enterprises of another employing unit, the successor employing unit shall acquire the experience rating record attributable to the portion to which it has succeeded, and the predecessor employing unit shall retain the experience rating record attributable to the portion which it has retained, if-

1. It files a written application for such experience rating record which is joined in by the employing unit which is then entitled to such experience rating record; and

2. The joint application contains such information as the Director shall by regulation prescribe which will show that such experience rating record is identifiable and segregable and, therefore, capable of being transferred; and

3. The joint application is filed prior to whichever of the following dates is the latest: (a) July 1, 1956; (b) one year after the date of the succession; or (c) the date that the rate determination of the employing unit which has applied for such experience rating record has become final for the calendar year immediately following the calendar year in which the succession occurs. The filing of a timely joint application shall not affect any rate determination which has become final, as provided by Section 1509.

If all of the foregoing requirements are met, then the Director shall transfer such experience rating record to the employing unit which has applied therefor, and it shall not be treated as the experience rating record of the employing unit which has joined in the application.

Whenever any employing unit is reorganized into two or more employing units, and any of such employing units are owned or controlled

by the same interests which owned or controlled the predecessor prior to the reorganization, and the provisions of this subsection become applicable thereto, then such affiliated employing units during the period of their affiliation shall be treated as a single employing unit for the purpose of determining their rates of contributions.

C. For the calendar year in which a succession occurs which results in the total or partial transfer of a predecessor's experience rating record, the contribution rates of the parties thereto shall be determined in the following manner:

1. If any of such parties had a contribution rate applicable to it for that calendar year, it shall continue with such contribution rate.

2. If any successor had no contribution rate applicable to it for that calendar year, and only one predecessor is involved, then the contribution rate of the successor shall be the same as that of its predecessor.

3. If any successor had no contribution rate applicable to it for that calendar year, and two or more predecessors are involved, then the contribution rate of the successor shall be computed, on the combined experience rating records of the predecessors or on the appropriate part of such records if any partial transfer is involved, as provided in Sections 1500 to 1507, inclusive.

4. Notwithstanding the provisions of paragraphs 2 and 3 of this subsection, if any succession occurs prior to the calendar year 1956 and the successor acquires part of the experience rating record of the predecessor as provided in subsection B of this Section, then the contribution rate of that successor for the calendar year in which such succession occurs shall be 2.7 percent.

D. The provisions of this Section shall not be applicable if the provisions of Section 1507.1 are applicable.

Sec. 1507.1. Transfer of trade or business; contribution rate.
Notwithstanding any other provision of this Act:

A.(1) If an individual or entity transfers its trade or business, or a portion thereof, and, at the time of the transfer, there is any substantial common ownership, management, or control of the transferor and transferee, then the experience rating records of the transferor and transferee shall be combined for the purpose of determining their rates of contribution. For purposes of this subsection, a transfer of trade or

business includes but is not limited to the transfer of some or all of the 
transferor's workforce.

(2) For the calendar year in which there occurs a transfer to which 
paragraph (1) applies:

(a) If the transferor or transferee had a contribution rate 
applicable to it for the calendar year, it shall continue with that 
contribution rate for the remainder of the calendar year.

(b) If the transferee had no contribution rate applicable to 
it for the calendar year, then the contribution rate of the transferee 
shall be computed for the calendar year based on the experience 
rating record of the transferor or, where there is more than one 
transferor, the combined experience rating records of the 
transferors, subject to the 5.4% rate ceiling established pursuant 
to subsection G of Section 1506.1 and subsection A of Section 
1506.3.

B. If any individual or entity that is not an employer under this Act 
at the time of the acquisition acquires the trade or business of an 
employing unit, the experience rating record of the acquired business shall 
not be transferred to the individual or entity if the Director finds that the 
individual or entity acquired the business solely or primarily for the 
purpose of obtaining a lower rate of contributions. Evidence that a 
business was acquired solely or primarily for the purpose of obtaining a 
lower rate of contributions includes but is not necessarily limited to the 
following: the cost of acquiring the business is low in relation to the 
individual's or entity's overall operating costs subsequent to the 
acquisition; the individual or entity discontinued the business enterprise of 
the acquired business immediately or shortly after the acquisition; or the 
individual or entity hired a significant number of individuals for 
performance of duties unrelated to the business activity conducted prior to 
acquisition.

C. An individual or entity to which subsection A applies shall pay 
contributions with respect to each calendar year at a rate consistent with 
that subsection, and an individual or entity to which subsection B applies 
shall pay contributions with respect to each calendar year at a rate 
consistent with that subsection. If an individual or entity knowingly 
violates or attempts to violate this subsection, the individual or entity shall 
be subject to the following penalties:

(1) If the individual or entity is an employer, then, in 
addition to the contribution rate that would otherwise be calculated (including any fund building rate provided for pursuant
to Section 1506.3), the employer shall be assigned a penalty contribution rate equivalent to 50% of the contribution rate (including any fund building rate provided for pursuant to Section 1506.3), as calculated without regard to this subsection for the calendar year with respect to which the violation or attempted violation occurred and the immediately following calendar year. In the case of an employer whose contribution rate, as calculated without regard to this subsection or Section 1506.3, equals or exceeds the maximum rate established pursuant to paragraph 2 of subsection E of Section 1506.1, the penalty rate shall equal 50% of the sum of that maximum rate and the fund building rate provided for pursuant to Section 1506.3. In the case of an employer whose contribution rate is subject to the 5.4% rate ceiling established pursuant to subsection G of Section 1506.1 and subsection A of Section 1506.3, the penalty rate shall equal 2.7%. If any product obtained pursuant to this subsection is not an exact multiple of one-tenth of 1%, it shall be increased or reduced, as the case may be, to the nearer multiple of one-tenth of 1%. If such product is equally near to 2 multiples of one-tenth of 1%, it shall be increased to the higher multiple of one-tenth of 1%. Any payment attributable to the penalty contribution rate shall be deposited into the clearing account.

(2) If the individual or entity is not an employer, the individual or entity shall be subject to a penalty of $10,000 for each violation. Any penalty attributable to this paragraph (2) shall be deposited into the Special Administrative Account.

D. An individual or entity shall not knowingly advise another in a way that results in a violation of subsection C. An individual or entity that violates this subsection shall be subject to a penalty of $10,000 for each violation. Any such penalty shall be deposited into the Special Administrative Account.

E. Any individual or entity that knowingly violates subsection C or D shall be guilty of a Class B misdemeanor. In the case of a corporation, the president, the secretary, and the treasurer, and any other officer exercising corresponding functions, shall each be subject to the aforesaid penalty for knowingly violating subsection C or D.

F. The Director shall establish procedures to identify the transfer or acquisition of a trade or business for purposes of this Section.

G. For purposes of this Section:

Section 5. The Illinois Municipal Code is amended by changing Sections 11-74.4-3 and 11-74.4-7 as follows:

(65 ILCS 5/11-74.4-3) (from Ch. 24, par. 11-74.4-3)

Sec. 11-74.4-3. Definitions. The following terms, wherever used or referred to in this Division 74.4 shall have the following respective meanings, unless in any case a different meaning clearly appears from the context.

(a) For any redevelopment project area that has been designated pursuant to this Section by an ordinance adopted prior to November 1,
1999 (the effective date of Public Act 91-478), "blighted area" shall have the meaning set forth in this Section prior to that date.

On and after November 1, 1999, "blighted area" means any improved or vacant area within the boundaries of a redevelopment project area located within the territorial limits of the municipality where:

(1) If improved, industrial, commercial, and residential buildings or improvements are detrimental to the public safety, health, or welfare because of a combination of 5 or more of the following factors, each of which is (i) present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) reasonably distributed throughout the improved part of the redevelopment project area:

   (A) Dilapidation. An advanced state of disrepair or neglect of necessary repairs to the primary structural components of buildings or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed.

   (B) Obsolescence. The condition or process of falling into disuse. Structures have become ill-suited for the original use.

   (C) Deterioration. With respect to buildings, defects including, but not limited to, major defects in the secondary building components such as doors, windows, porches, gutters and downspouts, and fascia. With respect to surface improvements, that the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas evidence deterioration, including, but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces.

   (D) Presence of structures below minimum code standards. All structures that do not meet the standards of zoning, subdivision, building, fire, and other governmental codes applicable to property, but not including housing and property maintenance codes.

   (E) Illegal use of individual structures. The use of structures in violation of applicable federal, State, or local

laws, exclusive of those applicable to the presence of structures below minimum code standards.

(F) Excessive vacancies. The presence of buildings that are unoccupied or under-utilized and that represent an adverse influence on the area because of the frequency, extent, or duration of the vacancies.

(G) Lack of ventilation, light, or sanitary facilities. The absence of adequate ventilation for light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke, or other noxious airborne materials. Inadequate natural light and ventilation means the absence of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building.

(H) Inadequate utilities. Underground and overhead utilities such as storm sewers and storm drainage, sanitary sewers, water lines, and gas, telephone, and electrical services that are shown to be inadequate. Inadequate utilities are those that are: (i) of insufficient capacity to serve the uses in the redevelopment project area, (ii) deteriorated, antiquated, obsolete, or in disrepair, or (iii) lacking within the redevelopment project area.

(I) Excessive land coverage and overcrowding of structures and community facilities. The over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Examples of problem conditions warranting the designation of an area as one exhibiting excessive land coverage are: (i) the presence of buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety and (ii) the presence of multiple buildings on a single parcel. For there to be a finding of excessive land coverage, these parcels must exhibit one or more of the following conditions: insufficient provision for light and air within or around...
buildings, increased threat of spread of fire due to the close proximity of buildings, lack of adequate or proper access to a public right-of-way, lack of reasonably required off-street parking, or inadequate provision for loading and service.

(J) Deleterious land use or layout. The existence of incompatible land-use relationships, buildings occupied by inappropriate mixed-uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.

(K) Environmental clean-up. The proposed redevelopment project area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(L) Lack of community planning. The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This means that the development occurred prior to the adoption by the municipality of a comprehensive or other community plan or that the plan was not followed at the time of the area's development. This factor must be documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning.

(M) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban

Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated.

(2) If vacant, the sound growth of the redevelopment project area is impaired by a combination of 2 or more of the following factors, each of which is (i) present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) reasonably distributed throughout the vacant part of the redevelopment project area to which it pertains:

(A) Obsolete platting of vacant land that results in parcels of limited or narrow size or configurations of parcels of irregular size or shape that would be difficult to develop on a planned basis and in a manner compatible with contemporary standards and requirements, or platting that failed to create rights-of-ways for streets or alleys or that created inadequate right-of-way widths for streets, alleys, or other public rights-of-way or that omitted easements for public utilities.

(B) Diversity of ownership of parcels of vacant land sufficient in number to retard or impede the ability to assemble the land for development.

(C) Tax and special assessment delinquencies exist or the property has been the subject of tax sales under the Property Tax Code within the last 5 years.

(D) Deterioration of structures or site improvements in neighboring areas adjacent to the vacant land.

(E) The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(F) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated.

(3) If vacant, the sound growth of the redevelopment project area is impaired by one of the following factors that (i) is present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) is reasonably distributed throughout the vacant part of the redevelopment project area to which it pertains:

(A) The area consists of one or more unused quarries, mines, or strip mine ponds.

(B) The area consists of unused rail yards, rail tracks, or railroad rights-of-way.

(C) The area, prior to its designation, is subject to (i) chronic flooding that adversely impacts on real property in the area as certified by a registered professional engineer or appropriate regulatory agency or (ii) surface water that discharges from all or a part of the area and contributes to flooding within the same watershed, but only if the redevelopment project provides for facilities or improvements to contribute to the alleviation of all or part of the flooding.

(D) The area consists of an unused or illegal disposal site containing earth, stone, building debris, or similar materials that were removed from construction, demolition, excavation, or dredge sites.

(E) Prior to November 1, 1999, the area is not less than 50 nor more than 100 acres and 75% of which is vacant (notwithstanding that the area has been used for commercial agricultural purposes within 5 years prior to the

designation of the redevelopment project area), and the area meets at least one of the factors itemized in paragraph (1) of this subsection, the area has been designated as a town or village center by ordinance or comprehensive plan adopted prior to January 1, 1982, and the area has not been developed for that designated purpose.

(F) The area qualified as a blighted improved area immediately prior to becoming vacant, unless there has been substantial private investment in the immediately surrounding area.

(b) For any redevelopment project area that has been designated pursuant to this Section by an ordinance adopted prior to November 1, 1999 (the effective date of Public Act 91-478), "conservation area" shall have the meaning set forth in this Section prior to that date.

On and after November 1, 1999, "conservation area" means any improved area within the boundaries of a redevelopment project area located within the territorial limits of the municipality in which 50% or more of the structures in the area have an age of 35 years or more. Such an area is not yet a blighted area but because of a combination of 3 or more of the following factors is detrimental to the public safety, health, morals or welfare and such an area may become a blighted area:

(1) Dilapidation. An advanced state of disrepair or neglect of necessary repairs to the primary structural components of buildings or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed.

(2) Obsolescence. The condition or process of falling into disuse. Structures have become ill-suited for the original use.

(3) Deterioration. With respect to buildings, defects including, but not limited to, major defects in the secondary building components such as doors, windows, porches, gutters and downspouts, and fascia. With respect to surface improvements, that the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas evidence deterioration, including, but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces.

(4) Presence of structures below minimum code standards. All structures that do not meet the standards of zoning,

subdivision, building, fire, and other governmental codes applicable to property, but not including housing and property maintenance codes.

(5) Illegal use of individual structures. The use of structures in violation of applicable federal, State, or local laws, exclusive of those applicable to the presence of structures below minimum code standards.

(6) Excessive vacancies. The presence of buildings that are unoccupied or under-utilized and that represent an adverse influence on the area because of the frequency, extent, or duration of the vacancies.

(7) Lack of ventilation, light, or sanitary facilities. The absence of adequate ventilation for light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke, or other noxious airborne materials. Inadequate natural light and ventilation means the absence or inadequacy of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building.

(8) Inadequate utilities. Underground and overhead utilities such as storm sewers and storm drainage, sanitary sewers, water lines, and gas, telephone, and electrical services that are shown to be inadequate. Inadequate utilities are those that are: (i) of insufficient capacity to serve the uses in the redevelopment project area, (ii) deteriorated, antiquated, obsolete, or in disrepair, or (iii) lacking within the redevelopment project area.

(9) Excessive land coverage and overcrowding of structures and community facilities. The over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Examples of problem conditions warranting the designation of an area as one exhibiting excessive land coverage are: the presence of buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety and the presence of multiple buildings on a single parcel. For there to be a finding of excessive land coverage, these parcels must exhibit one or more of the following conditions: insufficient provision for light and air

within or around buildings, increased threat of spread of fire due to the close proximity of buildings, lack of adequate or proper access to a public right-of-way, lack of reasonably required off-street parking, or inadequate provision for loading and service.

(10) Deleterious land use or layout. The existence of incompatible land-use relationships, buildings occupied by inappropriate mixed-uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.

(11) Lack of community planning. The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This means that the development occurred prior to the adoption by the municipality of a comprehensive or other community plan or that the plan was not followed at the time of the area's development. This factor must be documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning.

(12) The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(13) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years for which information is available.

(c) "Industrial park" means an area in a blighted or conservation area suitable for use by any manufacturing, industrial, research or transportation enterprise, of facilities to include but not be limited to

factories, mills, processing plants, assembly plants, packing plants, fabricating plants, industrial distribution centers, warehouses, repair overhaul or service facilities, freight terminals, research facilities, test facilities or railroad facilities.

(d) "Industrial park conservation area" means an area within the boundaries of a redevelopment project area located within the territorial limits of a municipality that is a labor surplus municipality or within 1 1/2 miles of the territorial limits of a municipality that is a labor surplus municipality if the area is annexed to the municipality; which area is zoned as industrial no later than at the time the municipality by ordinance designates the redevelopment project area, and which area includes both vacant land suitable for use as an industrial park and a blighted area or conservation area contiguous to such vacant land.

(e) "Labor surplus municipality" means a municipality in which, at any time during the 6 months before the municipality by ordinance designates an industrial park conservation area, the unemployment rate was over 6% and was also 100% or more of the national average unemployment rate for that same time as published in the United States Department of Labor Bureau of Labor Statistics publication entitled "The Employment Situation" or its successor publication. For the purpose of this subsection, if unemployment rate statistics for the municipality are not available, the unemployment rate in the municipality shall be deemed to be the same as the unemployment rate in the principal county in which the municipality is located.

(f) "Municipality" shall mean a city, village or incorporated town.

(g) "Initial Sales Tax Amounts" means the amount of taxes paid under the Retailers' Occupation Tax Act, Use Tax Act, Service Use Tax Act, the Service Occupation Tax Act, the Municipal Retailers' Occupation Tax Act, and the Municipal Service Occupation Tax Act by retailers and servicemen on transactions at places located in a State Sales Tax Boundary during the calendar year 1985.

(g-1) "Revised Initial Sales Tax Amounts" means the amount of taxes paid under the Retailers' Occupation Tax Act, Use Tax Act, Service Use Tax Act, the Service Occupation Tax Act, the Municipal Retailers' Occupation Tax Act, and the Municipal Service Occupation Tax Act by retailers and servicemen on transactions at places located within the State Sales Tax Boundary revised pursuant to Section 11-74.4-8a(9) of this Act.

(h) "Municipal Sales Tax Increment" means an amount equal to the increase in the aggregate amount of taxes paid to a municipality from the Local Government Tax Fund arising from sales by retailers and

servicemen within the redevelopment project area or State Sales Tax Boundary, as the case may be, for as long as the redevelopment project area or State Sales Tax Boundary, as the case may be, exist over and above the aggregate amount of taxes as certified by the Illinois Department of Revenue and paid under the Municipal Retailers' Occupation Tax Act and the Municipal Service Occupation Tax Act by retailers and servicemen, on transactions at places of business located in the redevelopment project area or State Sales Tax Boundary, as the case may be, during the base year which shall be the calendar year immediately prior to the year in which the municipality adopted tax increment allocation financing. For purposes of computing the aggregate amount of such taxes for base years occurring prior to 1985, the Department of Revenue shall determine the Initial Sales Tax Amounts for such taxes and deduct therefrom an amount equal to 4% of the aggregate amount of taxes per year for each year the base year is prior to 1985, but not to exceed a total deduction of 12%. The amount so determined shall be known as the "Adjusted Initial Sales Tax Amounts". For purposes of determining the Municipal Sales Tax Increment, the Department of Revenue shall for each period subtract from the amount paid to the municipality from the Local Government Tax Fund arising from sales by retailers and servicemen on transactions located in the redevelopment project area or the State Sales Tax Boundary, as the case may be, the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts for the Municipal Retailers' Occupation Tax Act and the Municipal Service Occupation Tax Act. For the State Fiscal Year 1989, this calculation shall be made by utilizing the calendar year 1987 to determine the tax amounts received. For the State Fiscal Year 1990, this calculation shall be made by utilizing the period from January 1, 1988, until September 30, 1988, to determine the tax amounts received from retailers and servicemen pursuant to the Municipal Retailers' Occupation Tax and the Municipal Service Occupation Tax Act, which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For the State Fiscal Year 1991, this calculation shall be made by utilizing the period from October 1, 1988, to June 30, 1989, to determine the tax amounts received from retailers and servicemen pursuant to the Municipal Retailers' Occupation Tax and the Municipal Service Occupation Tax Act which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For every State Fiscal Year
thereafter, the applicable period shall be the 12 months beginning July 1 and ending June 30 to determine the tax amounts received which shall have deducted therefrom the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts, as the case may be.

(i) "Net State Sales Tax Increment" means the sum of the following: (a) 80% of the first $100,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary; (b) 60% of the amount in excess of $100,000 but not exceeding $500,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary; and (c) 40% of all amounts in excess of $500,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary. If, however, a municipality established a tax increment financing district in a county with a population in excess of 3,000,000 before January 1, 1986, and the municipality entered into a contract or issued bonds after January 1, 1986, but before December 31, 1986, to finance redevelopment project costs within a State Sales Tax Boundary, then the Net State Sales Tax Increment means, for the fiscal years beginning July 1, 1990, and July 1, 1991, 100% of the State Sales Tax Increment annually generated within a State Sales Tax Boundary; and notwithstanding any other provision of this Act, for those fiscal years the Department of Revenue shall distribute to those municipalities 100% of their Net State Sales Tax Increment before any distribution to any other municipality and regardless of whether or not those other municipalities will receive 100% of their Net State Sales Tax Increment. For Fiscal Year 1999, and every year thereafter until the year 2007, for any municipality that has not entered into a contract or has not issued bonds prior to June 1, 1988 to finance redevelopment project costs within a State Sales Tax Boundary, the Net State Sales Tax Increment shall be calculated as follows: By multiplying the Net State Sales Tax Increment by 90% in the State Fiscal Year 1999; 80% in the State Fiscal Year 2000; 70% in the State Fiscal Year 2001; 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for State Fiscal Year 2008 and thereafter.

Municipalities that issued bonds in connection with a redevelopment project in a redevelopment project area within the State Sales Tax Boundary prior to July 29, 1991, or that entered into contracts in connection with a redevelopment project in a redevelopment project area before June 1, 1988, shall continue to receive their proportional share of

New matter indicated by italics - deletions by strikeout
the Illinois Tax Increment Fund distribution until the date on which the redevelopment project is completed or terminated. If, however, a municipality that issued bonds in connection with a redevelopment project in a redevelopment project area within the State Sales Tax Boundary prior to July 29, 1991 retires the bonds prior to June 30, 2007 or a municipality that entered into contracts in connection with a redevelopment project in a redevelopment project area before June 1, 1988 completes the contracts prior to June 30, 2007, then so long as the redevelopment project is not completed or is not terminated, the Net State Sales Tax Increment shall be calculated, beginning on the date on which the bonds are retired or the contracts are completed, as follows: By multiplying the Net State Sales Tax Increment by 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for State Fiscal Year 2008 and thereafter. Refunding of any bonds issued prior to July 29, 1991, shall not alter the Net State Sales Tax Increment.

(j) "State Utility Tax Increment Amount" means an amount equal to the aggregate increase in State electric and gas tax charges imposed on owners and tenants, other than residential customers, of properties located within the redevelopment project area under Section 9-222 of the Public Utilities Act, over and above the aggregate of such charges as certified by the Department of Revenue and paid by owners and tenants, other than residential customers, of properties within the redevelopment project area during the base year, which shall be the calendar year immediately prior to the year of the adoption of the ordinance authorizing tax increment allocation financing.

(k) "Net State Utility Tax Increment" means the sum of the following: (a) 80% of the first $100,000 of State Utility Tax Increment annually generated by a redevelopment project area; (b) 60% of the amount in excess of $100,000 but not exceeding $500,000 of the State Utility Tax Increment annually generated by a redevelopment project area; and (c) 40% of all amounts in excess of $500,000 of State Utility Tax Increment annually generated by a redevelopment project area. For the State Fiscal Year 1999, and every year thereafter until the year 2007, for any municipality that has not entered into a contract or has not issued bonds prior to June 1, 1988 to finance redevelopment project costs within a redevelopment project area, the Net State Utility Tax Increment shall be calculated as follows: By multiplying the Net State Utility Tax Increment by 90% in the State Fiscal Year 1999; 80% in the State Fiscal Year 2000;
70% in the State Fiscal Year 2001; 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for the State Fiscal Year 2008 and thereafter.

Municipalities that issue bonds in connection with the redevelopment project during the period from June 1, 1988 until 3 years after the effective date of this Amendatory Act of 1988 shall receive the Net State Utility Tax Increment, subject to appropriation, for 15 State Fiscal Years after the issuance of such bonds. For the 16th through the 20th State Fiscal Years after issuance of the bonds, the Net State Utility Tax Increment shall be calculated as follows: By multiplying the Net State Utility Tax Increment by 90% in year 16; 80% in year 17; 70% in year 18; 60% in year 19; and 50% in year 20. Refunding of any bonds issued prior to June 1, 1988, shall not alter the revised Net State Utility Tax Increment payments set forth above.

(i) "Obligations" mean bonds, loans, debentures, notes, special certificates or other evidence of indebtedness issued by the municipality to carry out a redevelopment project or to refund outstanding obligations.

(m) "Payment in lieu of taxes" means those estimated tax revenues from real property in a redevelopment project area derived from real property that has been acquired by a municipality which according to the redevelopment project or plan is to be used for a private use which taxing districts would have received had a municipality not acquired the real property and adopted tax increment allocation financing and which would result from levies made after the time of the adoption of tax increment allocation financing to the time the current equalized value of real property in the redevelopment project area exceeds the total initial equalized value of real property in said area.

(n) "Redevelopment plan" means the comprehensive program of the municipality for development or redevelopment intended by the payment of redevelopment project costs to reduce or eliminate those conditions the existence of which qualified the redevelopment project area as a "blighted area" or "conservation area" or combination thereof or "industrial park conservation area," and thereby to enhance the tax bases of the taxing districts which extend into the redevelopment project area. On and after November 1, 1999 (the effective date of Public Act 91-478), no redevelopment plan may be approved or amended that includes the development of vacant land (i) with a golf course and related clubhouse and other facilities or (ii) designated by federal, State, county, or municipal
government as public land for outdoor recreational activities or for nature preserves and used for that purpose within 5 years prior to the adoption of the redevelopment plan. For the purpose of this subsection, "recreational activities" is limited to mean camping and hunting. Each redevelopment plan shall set forth in writing the program to be undertaken to accomplish the objectives and shall include but not be limited to:

(A) an itemized list of estimated redevelopment project costs;
(B) evidence indicating that the redevelopment project area on the whole has not been subject to growth and development through investment by private enterprise;
(C) an assessment of any financial impact of the redevelopment project area on or any increased demand for services from any taxing district affected by the plan and any program to address such financial impact or increased demand;
(D) the sources of funds to pay costs;
(E) the nature and term of the obligations to be issued;
(F) the most recent equalized assessed valuation of the redevelopment project area;
(G) an estimate as to the equalized assessed valuation after redevelopment and the general land uses to apply in the redevelopment project area;
(H) a commitment to fair employment practices and an affirmative action plan;
(I) if it concerns an industrial park conservation area, the plan shall also include a general description of any proposed developer, user and tenant of any property, a description of the type, structure and general character of the facilities to be developed, a description of the type, class and number of new employees to be employed in the operation of the facilities to be developed; and
(J) if property is to be annexed to the municipality, the plan shall include the terms of the annexation agreement.

The provisions of items (B) and (C) of this subsection (n) shall not apply to a municipality that before March 14, 1994 (the effective date of Public Act 88-537) had fixed, either by its corporate authorities or by a commission designated under subsection (k) of Section 11-74.4-4, a time and place for a public hearing as required by subsection (a) of Section 11-74.4-5. No redevelopment plan shall be adopted unless a municipality complies with all of the following requirements:

New matter indicated by italics - deletions by strikeout
(1) The municipality finds that the redevelopment project area on the whole has not been subject to growth and development through investment by private enterprise and would not reasonably be anticipated to be developed without the adoption of the redevelopment plan.

(2) The municipality finds that the redevelopment plan and project conform to the comprehensive plan for the development of the municipality as a whole, or, for municipalities with a population of 100,000 or more, regardless of when the redevelopment plan and project was adopted, the redevelopment plan and project either: (i) conforms to the strategic economic development or redevelopment plan issued by the designated planning authority of the municipality, or (ii) includes land uses that have been approved by the planning commission of the municipality.

(3) The redevelopment plan establishes the estimated dates of completion of the redevelopment project and retirement of obligations issued to finance redevelopment project costs. Those dates: shall not be later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the twenty-third calendar year after the year in which the ordinance approving the redevelopment project area is adopted if the ordinance was adopted on or after January 15, 1981; shall not be later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the thirty-third calendar year after the year in which the ordinance approving the redevelopment project area if the ordinance was adopted on May 20, 1985 by the Village of Wheeling; ; and shall not be later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the thirty-fifth calendar year after the year in which the ordinance approving the redevelopment project area is adopted:

(A) if the ordinance was adopted before January 15, 1981, or

(B) if the ordinance was adopted in December 1983, April 1984, July 1985, or December 1989, or

(C) if the ordinance was adopted in December 1987 and the redevelopment project is located within one mile of Midway Airport, or
(D) if the ordinance was adopted before January 1, 1987 by a municipality in Mason County, or

However, for redevelopment project areas for which bonds were issued before July 29, 1991, or for which contracts were entered into before June 1, 1988, in connection with a redevelopment project in the area within the State Sales Tax Boundary, the estimated dates of completion of the redevelopment project and retirement of obligations to finance redevelopment project costs may be extended by municipal ordinance to December 31, 2013. The termination procedures of subsection (b) of Section 11-74.4-8 are not required for these redevelopment project areas in 2009 but are required in 2013. The extension allowed by this amendatory Act of 1993 shall not apply to real property tax increment allocation financing under Section 11-74.4-8.

A municipality may by municipal ordinance amend an existing redevelopment plan to conform to this paragraph (3) as amended by Public Act 91-478, which municipal ordinance may be adopted without further hearing or notice and without complying with the procedures provided in this Act pertaining to an amendment to or the initial approval of a redevelopment plan and project and designation of a redevelopment project area.

Those dates, for purposes of real property tax increment allocation financing pursuant to Section 11-74.4-8 only, shall be not more than 35 years for redevelopment project areas that were adopted on or after December 16, 1986 and for which at least $8 million worth of municipal bonds were authorized on or after December 19, 1989 but before January 1, 1990; provided that the municipality elects to extend the life of the redevelopment project area to 35 years by the adoption of an ordinance after at least 14 but not more than 30 days' written notice to the taxing bodies, that would otherwise constitute the joint review board for the redevelopment project area, before the adoption of the ordinance.
Those dates, for purposes of real property tax increment allocation financing pursuant to Section 11-74.4-8 only, shall be not more than 35 years for redevelopment project areas that were established on or after December 1, 1981 but before January 1, 1982 and for which at least $1,500,000 worth of tax increment revenue bonds were authorized on or after September 30, 1990 but before July 1, 1991; provided that the municipality elects to extend the life of the redevelopment project area to 35 years by the adoption of an ordinance after at least 14 but not more than 30 days' written notice to the taxing bodies, that would otherwise constitute the joint review board for the redevelopment project area, before the adoption of the ordinance.

(3.5) The municipality finds, in the case of an industrial park conservation area, also that the municipality is a labor surplus municipality and that the implementation of the redevelopment plan will reduce unemployment, create new jobs and by the provision of new facilities enhance the tax base of the taxing districts that extend into the redevelopment project area.

(4) If any incremental revenues are being utilized under Section 8(a)(1) or 8(a)(2) of this Act in redevelopment project areas approved by ordinance after January 1, 1986, the municipality finds: (a) that the redevelopment project area would not reasonably be developed without the use of such incremental revenues, and (b) that such incremental revenues will be exclusively utilized for the development of the redevelopment project area.

(5) If the redevelopment plan will not result in displacement of residents from 10 or more inhabited residential units, and the municipality certifies in the plan that such displacement will not result from the plan, a housing impact study need not be performed. If, however, the redevelopment plan would result in the displacement of residents from 10 or more inhabited residential units, or if the redevelopment project area contains 75 or more inhabited residential units and no certification is made, then the municipality shall prepare, as part of the separate feasibility report required by subsection (a) of Section 11-74.4-5, a housing impact study.

Part I of the housing impact study shall include (i) data as to whether the residential units are single family or multi-family units, (ii) the number and type of rooms within the units, if that
information is available, (iii) whether the units are inhabited or uninhabited, as determined not less than 45 days before the date that the ordinance or resolution required by subsection (a) of Section 11-74.4-5 is passed, and (iv) data as to the racial and ethnic composition of the residents in the inhabited residential units. The data requirement as to the racial and ethnic composition of the residents in the inhabited residential units shall be deemed to be fully satisfied by data from the most recent federal census.

Part II of the housing impact study shall identify the inhabited residential units in the proposed redevelopment project area that are to be or may be removed. If inhabited residential units are to be removed, then the housing impact study shall identify (i) the number and location of those units that will or may be removed, (ii) the municipality's plans for relocation assistance for those residents in the proposed redevelopment project area whose residences are to be removed, (iii) the availability of replacement housing for those residents whose residences are to be removed, and shall identify the type, location, and cost of the housing, and (iv) the type and extent of relocation assistance to be provided.

(6) On and after November 1, 1999, the housing impact study required by paragraph (5) shall be incorporated in the redevelopment plan for the redevelopment project area.

(7) On and after November 1, 1999, no redevelopment plan shall be adopted, nor an existing plan amended, nor shall residential housing that is occupied by households of low-income and very low-income persons in currently existing redevelopment project areas be removed after November 1, 1999 unless the redevelopment plan provides, with respect to inhabited housing units that are to be removed for households of low-income and very low-income persons, affordable housing and relocation assistance not less than that which would be provided under the federal Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 and the regulations under that Act, including the eligibility criteria. Affordable housing may be either existing or newly constructed housing. For purposes of this paragraph (7), "low-income households", "very low-income households", and "affordable housing" have the meanings set forth in the Illinois Affordable Housing Act. The municipality shall make a good faith effort to ensure that this affordable housing is
located in or near the redevelopment project area within the municipality.

(8) On and after November 1, 1999, if, after the adoption of the redevelopment plan for the redevelopment project area, any municipality desires to amend its redevelopment plan to remove more inhabited residential units than specified in its original redevelopment plan, that change shall be made in accordance with the procedures in subsection (c) of Section 11-74.4-5.

(9) For redevelopment project areas designated prior to November 1, 1999, the redevelopment plan may be amended without further joint review board meeting or hearing, provided that the municipality shall give notice of any such changes by mail to each affected taxing district and registrant on the interested party registry, to authorize the municipality to expend tax increment revenues for redevelopment project costs defined by paragraphs (5) and (7.5), subparagraphs (E) and (F) of paragraph (11), and paragraph (11.5) of subsection (q) of Section 11-74.4-3, so long as the changes do not increase the total estimated redevelopment project costs set out in the redevelopment plan by more than 5% after adjustment for inflation from the date the plan was adopted.

(o) "Redevelopment project" means any public and private development project in furtherance of the objectives of a redevelopment plan. On and after November 1, 1999 (the effective date of Public Act 91-478), no redevelopment plan may be approved or amended that includes the development of vacant land (i) with a golf course and related clubhouse and other facilities or (ii) designated by federal, State, county, or municipal government as public land for outdoor recreational activities or for nature preserves and used for that purpose within 5 years prior to the adoption of the redevelopment plan. For the purpose of this subsection, "recreational activities" is limited to mean camping and hunting.

(p) "Redevelopment project area" means an area designated by the municipality, which is not less in the aggregate than 1 1/2 acres and in respect to which the municipality has made a finding that there exist conditions which cause the area to be classified as an industrial park conservation area or a blighted area or a conservation area, or a combination of both blighted areas and conservation areas.

(q) "Redevelopment project costs" mean and include the sum total of all reasonable or necessary costs incurred or estimated to be incurred, and any such costs incidental to a redevelopment plan and a

redevelopment project. Such costs include, without limitation, the following:

(1) Costs of studies, surveys, development of plans, and specifications, implementation and administration of the redevelopment plan including but not limited to staff and professional service costs for architectural, engineering, legal, financial, planning or other services, provided however that no charges for professional services may be based on a percentage of the tax increment collected; except that on and after November 1, 1999 (the effective date of Public Act 91-478), no contracts for professional services, excluding architectural and engineering services, may be entered into if the terms of the contract extend beyond a period of 3 years. In addition, "redevelopment project costs" shall not include lobbying expenses. After consultation with the municipality, each tax increment consultant or advisor to a municipality that plans to designate or has designated a redevelopment project area shall inform the municipality in writing of any contracts that the consultant or advisor has entered into with entities or individuals that have received, or are receiving, payments financed by tax increment revenues produced by the redevelopment project area with respect to which the consultant or advisor has performed, or will be performing, service for the municipality. This requirement shall be satisfied by the consultant or advisor before the commencement of services for the municipality and thereafter whenever any other contracts with those individuals or entities are executed by the consultant or advisor;

(1.5) After July 1, 1999, annual administrative costs shall not include general overhead or administrative costs of the municipality that would still have been incurred by the municipality if the municipality had not designated a redevelopment project area or approved a redevelopment plan;

(1.6) The cost of marketing sites within the redevelopment project area to prospective businesses, developers, and investors;

(2) Property assembly costs, including but not limited to acquisition of land and other property, real or personal, or rights or interests therein, demolition of buildings, site preparation, site improvements that serve as an engineered barrier addressing ground level or below ground environmental contamination,
including, but not limited to parking lots and other concrete or asphalt barriers, and the clearing and grading of land;

(3) Costs of rehabilitation, reconstruction or repair or remodeling of existing public or private buildings, fixtures, and leasehold improvements; and the cost of replacing an existing public building if pursuant to the implementation of a redevelopment project the existing public building is to be demolished to use the site for private investment or devoted to a different use requiring private investment;

(4) Costs of the construction of public works or improvements, except that on and after November 1, 1999, redevelopment project costs shall not include the cost of constructing a new municipal public building principally used to provide offices, storage space, or conference facilities or vehicle storage, maintenance, or repair for administrative, public safety, or public works personnel and that is not intended to replace an existing public building as provided under paragraph (3) of subsection (q) of Section 11-74.4-3 unless either (i) the construction of the new municipal building implements a redevelopment project that was included in a redevelopment plan that was adopted by the municipality prior to November 1, 1999 or (ii) the municipality makes a reasonable determination in the redevelopment plan, supported by information that provides the basis for that determination, that the new municipal building is required to meet an increase in the need for public safety purposes anticipated to result from the implementation of the redevelopment plan;

(5) Costs of job training and retraining projects, including the cost of "welfare to work" programs implemented by businesses located within the redevelopment project area;

(6) Financing costs, including but not limited to all necessary and incidental expenses related to the issuance of obligations and which may include payment of interest on any obligations issued hereunder including interest accruing during the estimated period of construction of any redevelopment project for which such obligations are issued and for not exceeding 36 months thereafter and including reasonable reserves related thereto;

(7) To the extent the municipality by written agreement accepts and approves the same, all or a portion of a taxing district's capital costs resulting from the redevelopment project necessarily

incurred or to be incurred within a taxing district in furtherance of the objectives of the redevelopment plan and project.

(7.5) For redevelopment project areas designated (or redevelopment project areas amended to add or increase the number of tax-increment-financing assisted housing units) on or after November 1, 1999, an elementary, secondary, or unit school district's increased costs attributable to assisted housing units located within the redevelopment project area for which the developer or redeveloper receives financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the assisted housing sites necessary for the completion of that housing as authorized by this Act, and which costs shall be paid by the municipality from the Special Tax Allocation Fund when the tax increment revenue is received as a result of the assisted housing units and shall be calculated annually as follows:

(A) for foundation districts, excluding any school district in a municipality with a population in excess of 1,000,000, by multiplying the district's increase in attendance resulting from the net increase in new students enrolled in that school district who reside in housing units located within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by the most recently available per capita tuition cost as defined in Section 10-20.12a of the School Code less any increase in general State aid as defined in Section 18-8.05 of the School Code attributable to these added new students subject to the following annual limitations: (i) for unit school districts with a district average 1995-96 Per Capita Tuition Charge of less than $5,900, no more than 25% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act; (ii) for elementary school districts with a district average 1995-96

Per Capita Tuition Charge of less than $5,900, no more than 17% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act; and (iii) for secondary school districts with a district average 1995-96 Per Capita Tuition Charge of less than $5,900, no more than 8% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act.

(B) For alternate method districts, flat grant districts, and foundation districts with a district average 1995-96 Per Capita Tuition Charge equal to or more than $5,900, excluding any school district with a population in excess of 1,000,000, by multiplying the district's increase in attendance resulting from the net increase in new students enrolled in that school district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by the most recently available per capita tuition cost as defined in Section 10-20.12a of the School Code less any increase in general state aid as defined in Section 18-8.05 of the School Code attributable to these added new students subject to the following annual limitations:

(i) for unit school districts, no more than 40% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act;

(ii) for elementary school districts, no more than 27% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act; and

(iii) for secondary school districts, no more than 13% of the total amount of property tax

increment revenue produced by those housing units that have received tax increment finance assistance under this Act.

(C) For any school district in a municipality with a population in excess of 1,000,000, the following restrictions shall apply to the reimbursement of increased costs under this paragraph (7.5):

(i) no increased costs shall be reimbursed unless the school district certifies that each of the schools affected by the assisted housing project is at or over its student capacity;

(ii) the amount reimbursable shall be reduced by the value of any land donated to the school district by the municipality or developer, and by the value of any physical improvements made to the schools by the municipality or developer; and

(iii) the amount reimbursed may not affect amounts otherwise obligated by the terms of any bonds, notes, or other funding instruments, or the terms of any redevelopment agreement.

Any school district seeking payment under this paragraph (7.5) shall, after July 1 and before September 30 of each year, provide the municipality with reasonable evidence to support its claim for reimbursement before the municipality shall be required to approve or make the payment to the school district. If the school district fails to provide the information during this period in any year, it shall forfeit any claim to reimbursement for that year. School districts may adopt a resolution waiving the right to all or a portion of the reimbursement otherwise required by this paragraph (7.5). By acceptance of this reimbursement the school district waives the right to directly or indirectly set aside, modify, or contest in any manner the establishment of the redevelopment project area or projects;

(7.7) For redevelopment project areas designated (or redevelopment project areas amended to add or increase the number of tax-increment-financing assisted housing units) on or after January 1, 2005 (the effective date of Public Act 93-961), this amendatory Act of the 93rd General Assembly, a public library district's increased costs attributable to assisted housing units located within the redevelopment project area for which the

developer or redeveloper receives financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the assisted housing sites necessary for the completion of that housing as authorized by this Act shall be paid to the library district by the municipality from the Special Tax Allocation Fund when the tax increment revenue is received as a result of the assisted housing units. This paragraph (7.7) applies only if (i) the library district is located in a county that is subject to the Property Tax Extension Limitation Law or (ii) the library district is not located in a county that is subject to the Property Tax Extension Limitation Law but the district is prohibited by any other law from increasing its tax levy rate without a prior voter referendum.

The amount paid to a library district under this paragraph (7.7) shall be calculated by multiplying (i) the net increase in the number of persons eligible to obtain a library card in that district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by (ii) the per-patron cost of providing library services so long as it does not exceed $120. The per-patron cost shall be the Total Operating Expenditures Per Capita as stated in the most recent Illinois Public Library Statistics produced by the Library Research Center at the University of Illinois. The municipality may deduct from the amount that it must pay to a library district under this paragraph any amount that it has voluntarily paid to the library district from the tax increment revenue. The amount paid to a library district under this paragraph (7.7) shall be no more than 2% of the amount produced by the assisted housing units and deposited into the Special Tax Allocation Fund.

A library district is not eligible for any payment under this paragraph (7.7) unless the library district has experienced an increase in the number of patrons from the municipality that created the tax-increment-financing district since the designation of the redevelopment project area.

Any library district seeking payment under this paragraph (7.7) shall, after July 1 and before September 30 of each year, provide the municipality with convincing evidence to support its claim for reimbursement before the municipality shall be required to approve or make the payment to the library district. If the library district fails to provide the information during this period in any year, it shall forfeit any claim to reimbursement for that year. Library districts may adopt a resolution waiving the right to all or a portion of the reimbursement otherwise required by this paragraph (7.7). By acceptance of such reimbursement, the library district shall forfeit any right to directly or indirectly set aside, modify, or contest in any manner whatsoever the establishment of the redevelopment project area or projects;

(8) Relocation costs to the extent that a municipality determines that relocation costs shall be paid or is required to make payment of relocation costs by federal or State law or in order to satisfy subparagraph (7) of subsection (n);

(9) Payment in lieu of taxes;

(10) Costs of job training, retraining, advanced vocational education or career education, including but not limited to courses in occupational, semi-technical or technical fields leading directly to employment, incurred by one or more taxing districts, provided that such costs (i) are related to the establishment and maintenance of additional job training, advanced vocational education or career education programs for persons employed or to be employed by employers located in a redevelopment project area; and (ii) when incurred by a taxing district or taxing districts other than the municipality, are set forth in a written agreement by or among the municipality and the taxing district or taxing districts, which agreement describes the program to be undertaken, including but not limited to the number of employees to be trained, a description of the training and services to be provided, the number and type of positions available or to be available, itemized costs of the program and sources of funds to pay for the same, and the term of the agreement. Such costs include, specifically, the payment by community college districts of costs pursuant to Sections 3-37, 3-38, 3-40 and 3-40.1 of the Public Community College Act and by school districts of costs pursuant to Sections 10-22.20a and 10-23.3a of The School Code;

(11) Interest cost incurred by a redeveloper related to the construction, renovation or rehabilitation of a redevelopment project provided that:

(A) such costs are to be paid directly from the special tax allocation fund established pursuant to this Act;

(B) such payments in any one year may not exceed 30% of the annual interest costs incurred by the redeveloper with regard to the redevelopment project during that year;

(C) if there are not sufficient funds available in the special tax allocation fund to make the payment pursuant to this paragraph (11) then the amounts so due shall accrue and be payable when sufficient funds are available in the special tax allocation fund;

(D) the total of such interest payments paid pursuant to this Act may not exceed 30% of the total (i) cost paid or incurred by the redeveloper for the redevelopment project plus (ii) redevelopment project costs excluding any property assembly costs and any relocation costs incurred by a municipality pursuant to this Act; and

(E) the cost limits set forth in subparagraphs (B) and (D) of paragraph (11) shall be modified for the financing of rehabilitated or new housing units for low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act. The percentage of 75% shall be substituted for 30% in subparagraphs (B) and (D) of paragraph (11).

(F) Instead of the eligible costs provided by subparagraphs (B) and (D) of paragraph (11), as modified by this subparagraph, and notwithstanding any other provisions of this Act to the contrary, the municipality may pay from tax increment revenues up to 50% of the cost of construction of new housing units to be occupied by low-income households and very low-income households as defined in Section 3 of the Illinois Affordable Housing Act. The cost of construction of those units may be derived from the proceeds of bonds issued by the municipality under this Act or other constitutional or statutory authority or from other sources of municipal revenue that may be reimbursed from tax increment revenues or the proceeds of bonds issued to finance the construction of that housing.

The eligible costs provided under this subparagraph (F) of paragraph (11) shall be an eligible cost for the construction, renovation, and rehabilitation of all low and very low-income housing units, as defined in Section 3 of the Illinois Affordable Housing Act, within the redevelopment project area. If the low and very low-income units are part of a residential redevelopment project that includes units not affordable to low and very low-income households, only the low and very low-income units shall be eligible for benefits under subparagraph (F) of paragraph (11). The standards for maintaining the occupancy by low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act, of those units constructed with eligible costs made available under the provisions of this subparagraph (F) of paragraph (11) shall be established by guidelines adopted by the municipality. The responsibility for annually documenting the initial occupancy of the units by low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act, shall be that of the then current owner of the property. For ownership units, the guidelines will provide, at a minimum, for a reasonable recapture of funds, or other appropriate methods designed to preserve the original affordability of the ownership units. For rental units, the guidelines will provide, at a minimum, for the affordability of rent to low and very low-income households. As units become available, they shall be rented to income-eligible tenants. The municipality may modify these guidelines from time to time; the guidelines, however, shall be in effect for as long as tax increment revenue is being used to pay for costs associated with the units or for the retirement of bonds issued to finance the units or for the life of the redevelopment project area, whichever is later.

(11.5) If the redevelopment project area is located within a municipality with a population of more than 100,000, the cost of day care services for children of employees from low-income families working for businesses located within the redevelopment project area and all or a portion of the cost of operation of day care centers established by redevelopment project area businesses to

serve employees from low-income families working in businesses located in the redevelopment project area. For the purposes of this paragraph, "low-income families" means families whose annual income does not exceed 80% of the municipal, county, or regional median income, adjusted for family size, as the annual income and municipal, county, or regional median income are determined from time to time by the United States Department of Housing and Urban Development.

(12) Unless explicitly stated herein the cost of construction of new privately-owned buildings shall not be an eligible redevelopment project cost.

(13) After November 1, 1999 (the effective date of Public Act 91-478), none of the redevelopment project costs enumerated in this subsection shall be eligible redevelopment project costs if those costs would provide direct financial support to a retail entity initiating operations in the redevelopment project area while terminating operations at another Illinois location within 10 miles of the redevelopment project area but outside the boundaries of the redevelopment project area municipality. For purposes of this paragraph, termination means a closing of a retail operation that is directly related to the opening of the same operation or like retail entity owned or operated by more than 50% of the original ownership in a redevelopment project area, but it does not mean closing an operation for reasons beyond the control of the retail entity, as documented by the retail entity, subject to a reasonable finding by the municipality that the current location contained inadequate space, had become economically obsolete, or was no longer a viable location for the retailer or serviceman.

If a special service area has been established pursuant to the Special Service Area Tax Act or Special Service Area Tax Law, then any tax increment revenues derived from the tax imposed pursuant to the Special Service Area Tax Act or Special Service Area Tax Law may be used within the redevelopment project area for the purposes permitted by that Act or Law as well as the purposes permitted by this Act.

(r) "State Sales Tax Boundary" means the redevelopment project area or the amended redevelopment project area boundaries which are determined pursuant to subsection (9) of Section 11-74.4-8a of this Act. The Department of Revenue shall certify pursuant to subsection (9) of Section 11-74.4-8a the appropriate boundaries eligible for the determination of State Sales Tax Increment.

(s) "State Sales Tax Increment" means an amount equal to the increase in the aggregate amount of taxes paid by retailers and servicemen, other than retailers and servicemen subject to the Public Utilities Act, on transactions at places of business located within a State Sales Tax Boundary pursuant to the Retailer's Occupation Tax Act, the Use Tax Act, the Service Use Tax Act, and the Service Occupation Tax Act, except such portion of such increase that is paid into the State and Local Sales Tax Reform Fund, the Local Government Distributive Fund, the Local Government Tax Fund and the County and Mass Transit District Fund, for as long as State participation exists, over and above the Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts for such taxes as certified by the Department of Revenue and paid under those Acts by retailers and servicemen on transactions at places of business located within the State Sales Tax Boundary during the base year which shall be the calendar year immediately prior to the year in which the municipality adopted tax increment allocation financing, less 3.0% of such amounts generated under the Retailers' Occupation Tax Act, Use Tax Act and Service Use Tax Act and the Service Occupation Tax Act, which sum shall be appropriated to the Department of Revenue to cover its costs of administering and enforcing this Section. For purposes of computing the aggregate amount of such taxes for base years occurring prior to 1985, the Department of Revenue shall compute the Initial Sales Tax Amount for such taxes and deduct therefrom an amount equal to 4% of the aggregate amount of taxes per year for each year the base year is prior to 1985, but not to exceed a total deduction of 12%. The amount so determined shall be known as the "Adjusted Initial Sales Tax Amount". For purposes of determining the State Sales Tax Increment the Department of Revenue shall for each period subtract from the tax amounts received from retailers and servicemen on transactions located in the State Sales Tax Boundary, the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or Revised Initial Sales Tax Amounts for the Retailer's Occupation Tax Act, the Use Tax Act, the Service Use Tax Act and the Service Occupation Tax Act. For the State Fiscal Year 1989 this calculation shall be made by utilizing the calendar year 1987 to determine the tax amounts received. For the State Fiscal Year 1990, this calculation shall be made by utilizing the period from January 1, 1988, until September 30, 1988, to determine the tax amounts received from retailers and servicemen, which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For the State Fiscal
Year 1991, this calculation shall be made by utilizing the period from October 1, 1988, until June 30, 1989, to determine the tax amounts received from retailers and servicemen, which shall have deducted therefrom nine-twelfths of the certified Initial State Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For every State Fiscal Year thereafter, the applicable period shall be the 12 months beginning July 1 and ending on June 30, to determine the tax amounts received which shall have deducted therefrom the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts. Municipalities intending to receive a distribution of State Sales Tax Increment must report a list of retailers to the Department of Revenue by October 31, 1988 and by July 31, of each year thereafter.

(t) "Taxing districts" means counties, townships, cities and incorporated towns and villages, school, road, park, sanitary, mosquito abatement, forest preserve, public health, fire protection, river conservancy, tuberculosis sanitarium and any other municipal corporations or districts with the power to levy taxes.

(u) "Taxing districts' capital costs" means those costs of taxing districts for capital improvements that are found by the municipal corporate authorities to be necessary and directly result from the redevelopment project.

(v) As used in subsection (a) of Section 11-74.4-3 of this Act, "vacant land" means any parcel or combination of parcels of real property without industrial, commercial, and residential buildings which has not been used for commercial agricultural purposes within 5 years prior to the designation of the redevelopment project area, unless the parcel is included in an industrial park conservation area or the parcel has been subdivided; provided that if the parcel was part of a larger tract that has been divided into 3 or more smaller tracts that were accepted for recording during the period from 1950 to 1990, then the parcel shall be deemed to have been subdivided, and all proceedings and actions of the municipality taken in that connection with respect to any previously approved or designated redevelopment project area or amended redevelopment project area are hereby validated and hereby declared to be legally sufficient for all purposes of this Act. For purposes of this Section and only for land subject to the subdivision requirements of the Plat Act, land is subdivided when the original plat of the proposed Redevelopment Project Area or relevant portion thereof has been properly certified, acknowledged, approved, and recorded or filed in accordance with the Plat Act and a

preliminary plat, if any, for any subsequent phases of the proposed Redevelopment Project Area or relevant portion thereof has been properly approved and filed in accordance with the applicable ordinance of the municipality.

(w) "Annual Total Increment" means the sum of each municipality's annual Net Sales Tax Increment and each municipality's annual Net Utility Tax Increment. The ratio of the Annual Total Increment of each municipality to the Annual Total Increment for all municipalities, as most recently calculated by the Department, shall determine the proportional shares of the Illinois Tax Increment Fund to be distributed to each municipality.

(65 ILCS 5/11-74.4-7) (from Ch. 24, par. 11-74.4-7)

Sec. 11-74.4-7. Obligations secured by the special tax allocation fund set forth in Section 11-74.4-8 for the redevelopment project area may be issued to provide for redevelopment project costs. Such obligations, when so issued, shall be retired in the manner provided in the ordinance authorizing the issuance of such obligations by the receipts of taxes levied as specified in Section 11-74.4-9 against the taxable property included in the area, by revenues as specified by Section 11-74.4-8a and other revenue designated by the municipality. A municipality may in the ordinance pledge all or any part of the funds in and to be deposited in the special tax allocation fund created pursuant to Section 11-74.4-8 to the payment of the redevelopment project costs and obligations. Any pledge of funds in the special tax allocation fund shall provide for distribution to the taxing districts and to the Illinois Department of Revenue of moneys not required, pledged, earmarked, or otherwise designated for payment and securing of the obligations and anticipated redevelopment project costs and such excess funds shall be calculated annually and deemed "surplus" funds. In the event a municipality only applies or pledges a portion of the funds in the special tax allocation fund for the payment or securing of anticipated redevelopment project costs or of obligations, any such funds remaining in the special tax allocation fund after complying with the requirements of the application or pledge, shall also be calculated annually and deemed "surplus" funds. All surplus funds in the special tax allocation fund...
fund shall be distributed annually within 180 days after the close of the municipality's fiscal year by being paid by the municipal treasurer to the County Collector, to the Department of Revenue and to the municipality in direct proportion to the tax incremental revenue received as a result of an increase in the equalized assessed value of property in the redevelopment project area, tax incremental revenue received from the State and tax incremental revenue received from the municipality, but not to exceed as to each such source the total incremental revenue received from that source. The County Collector shall thereafter make distribution to the respective taxing districts in the same manner and proportion as the most recent distribution by the county collector to the affected districts of real property taxes from real property in the redevelopment project area.

Without limiting the foregoing in this Section, the municipality may in addition to obligations secured by the special tax allocation fund pledge for a period not greater than the term of the obligations towards payment of such obligations any part or any combination of the following: (a) net revenues of all or part of any redevelopment project; (b) taxes levied and collected on any or all property in the municipality; (c) the full faith and credit of the municipality; (d) a mortgage on part or all of the redevelopment project; or (e) any other taxes or anticipated receipts that the municipality may lawfully pledge.

Such obligations may be issued in one or more series bearing interest at such rate or rates as the corporate authorities of the municipality shall determine by ordinance. Such obligations shall bear such date or dates, mature at such time or times not exceeding 20 years from their respective dates, be in such denomination, carry such registration privileges, be executed in such manner, be payable in such medium of payment at such place or places, contain such covenants, terms and conditions, and be subject to redemption as such ordinance shall provide. Obligations issued pursuant to this Act may be sold at public or private sale at such price as shall be determined by the corporate authorities of the municipalities. No referendum approval of the electors shall be required as a condition to the issuance of obligations pursuant to this Division except as provided in this Section.

In the event the municipality authorizes issuance of obligations pursuant to the authority of this Division secured by the full faith and credit of the municipality, which obligations are other than obligations which may be issued under home rule powers provided by Article VII, Section 6 of the Illinois Constitution, or pledges taxes pursuant to (b) or (c) of the second paragraph of this section, the ordinance authorizing the

issuance of such obligations or pledging such taxes shall be published within 10 days after such ordinance has been passed in one or more newspapers, with general circulation within such municipality. The publication of the ordinance shall be accompanied by a notice of (1) the specific number of voters required to sign a petition requesting the question of the issuance of such obligations or pledging taxes to be submitted to the electors; (2) the time in which such petition must be filed; and (3) the date of the prospective referendum. The municipal clerk shall provide a petition form to any individual requesting one.

If no petition is filed with the municipal clerk, as hereinafter provided in this Section, within 30 days after the publication of the ordinance, the ordinance shall be in effect. But, if within that 30 day period a petition is filed with the municipal clerk, signed by electors in the municipality numbering 10% or more of the number of registered voters in the municipality, asking that the question of issuing obligations using full faith and credit of the municipality as security for the cost of paying for redevelopment project costs, or of pledging taxes for the payment of such obligations, or both, be submitted to the electors of the municipality, the corporate authorities of the municipality shall call a special election in the manner provided by law to vote upon that question, or, if a general, State or municipal election is to be held within a period of not less than 30 or more than 90 days from the date such petition is filed, shall submit the question at the next general, State or municipal election. If it appears upon the canvass of the election by the corporate authorities that a majority of electors voting upon the question voted in favor thereof, the ordinance shall be in effect, but if a majority of the electors voting upon the question are not in favor thereof, the ordinance shall not take effect.

The ordinance authorizing the obligations may provide that the obligations shall contain a recital that they are issued pursuant to this Division, which recital shall be conclusive evidence of their validity and of the regularity of their issuance.

In the event the municipality authorizes issuance of obligations pursuant to this Section secured by the full faith and credit of the municipality, the ordinance authorizing the obligations may provide for the levy and collection of a direct annual tax upon all taxable property within the municipality sufficient to pay the principal thereof and interest thereon as it matures, which levy may be in addition to and exclusive of the maximum of all other taxes authorized to be levied by the municipality, which levy, however, shall be abated to the extent that monies from other sources are available for payment of the obligations and

the municipality certifies the amount of said monies available to the county clerk.

A certified copy of such ordinance shall be filed with the county clerk of each county in which any portion of the municipality is situated, and shall constitute the authority for the extension and collection of the taxes to be deposited in the special tax allocation fund.

A municipality may also issue its obligations to refund in whole or in part, obligations theretofore issued by such municipality under the authority of this Act, whether at or prior to maturity, provided however, that the last maturity of the refunding obligations shall not be expressed to mature later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the twenty-third calendar year after the year in which the ordinance approving the redevelopment project area is adopted if the ordinance was adopted on or after January 15, 1981, not later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the thirty-third calendar year after the year in which the ordinance approving the redevelopment project area if the ordinance was adopted on May 20, 1985 by the Village of Wheeling, and not later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the thirty-fifth calendar year after the year in which the ordinance approving the redevelopment project area is adopted (A) if the ordinance was adopted before January 15, 1981, or (B) if the ordinance was adopted in December 1983, April 1984, July 1985, or December 1989, or (C) if the ordinance was adopted in December, 1987 and the redevelopment project is located within one mile of Midway Airport, or (D) if the ordinance was adopted before January 1, 1987 by a municipality in Mason County, or (E) if the municipality is subject to the Local Government Financial Planning and Supervision Act or the Financially Distressed City Law, or (F) if the ordinance was adopted in December 1984 by the Village of Rosemont, or (G) if the ordinance was adopted on December 31, 1986 by a municipality located in Clinton County for which at least $250,000 of tax increment bonds were authorized on June 17, 1997, or if the ordinance was adopted on December 31, 1986 by a municipality with a population in 1990 of less than 3,600 that is located in a county with a population in 1990 of less than 34,000 and for which at least $250,000 of tax increment bonds were authorized on

21, 1998 by the City of Waukegan and, for redevelopment project areas for which bonds were issued before July 29, 1991, in connection with a redevelopment project in the area within the State Sales Tax Boundary and which were extended by municipal ordinance under subsection (n) of Section 11-74.4-3, the last maturity of the refunding obligations shall not be expressed to mature later than the date on which the redevelopment project area is terminated or December 31, 2013, whichever date occurs first.

In the event a municipality issues obligations under home rule powers or other legislative authority the proceeds of which are pledged to pay for redevelopment project costs, the municipality may, if it has followed the procedures in conformance with this division, retire said obligations from funds in the special tax allocation fund in amounts and in such manner as if such obligations had been issued pursuant to the provisions of this division.

All obligations heretofore or hereafter issued pursuant to this Act shall not be regarded as indebtedness of the municipality issuing such obligations or any other taxing district for the purpose of any limitation imposed by law.

Sec. 5-12001. Authority to regulate and restrict location and use of structures.

For the purpose of promoting the public health, safety, morals, comfort and general welfare, conserving the values of property throughout the county, lessening or avoiding congestion in the public streets and highways, and lessening or avoiding the hazards to persons and damage to property resulting from the accumulation or runoff of storm or flood waters, the county board or board of county commissioners, as the case may be, of each county, shall have the power to regulate and restrict the location and use of buildings, structures and land for trade, industry, residence and other uses which may be specified by such board, to regulate and restrict the intensity of such uses, to establish building or setback lines on or along any street, trafficway, drive, parkway or storm or floodwater runoff channel or basin outside the limits of cities, villages and incorporated towns which have in effect municipal zoning ordinances; to divide the entire county outside the limits of such cities, villages and incorporated towns into districts of such number, shape, area and of such different classes, according to the use of land and buildings, the intensity of such use (including height of buildings and structures and surrounding open space) and other classification as may be deemed best suited to carry out the purposes of this Division; to prohibit uses, buildings or structures incompatible with the character of such districts respectively; and to prevent additions to and alteration or remodeling of existing buildings or structures in such a way as to avoid the restrictions and limitations lawfully imposed hereunder: Provided, that permits with respect to the erection, maintenance, repair, alteration, remodeling or extension of buildings or structures used or to be used for agricultural purposes shall be issued free of any charge. The corporate authorities of the county may by ordinance require the construction of fences around or protective covers over previously constructed artificial basins of water dug in the ground and used for swimming or wading, which are located on private residential property and intended for the use of the owner and guests. In all ordinances or resolutions passed under the authority of this Division, due allowance shall be made for existing conditions, the conservation of property values, the directions of building development to the best advantage of the entire county, and the uses to which property is devoted at the time of the enactment of any such ordinance or resolution.

The powers by this Division given shall not be exercised so as to deprive the owner of any existing property of its use or maintenance for the purpose to which it is then lawfully devoted, but provisions may be

made for (i) the gradual elimination of the uses of unimproved lands or lot areas when the existing rights of the persons in possession are terminated or when the uses to which they are devoted are discontinued, (ii) the gradual elimination of uses to which the buildings and structures are devoted if they are adaptable to permitted uses, and (iii) the gradual elimination of the buildings and structures when they are destroyed or damaged in major part; nor shall they be exercised so as to impose regulations, eliminate uses, buildings, or structures, or require permits with respect to land used for agricultural purposes, which includes the growing of farm crops, truck garden crops, animal and poultry husbandry, apiculture, aquaculture, dairying, floriculture, horticulture, nurseries, tree farms, sod farms, pasturage, viticulture, and wholesale greenhouses when such agricultural purposes constitute the principal activity on the land, other than parcels of land consisting of less than 5 acres from which $1,000 or less of agricultural products were sold in any calendar year in counties with a population between 300,000 and 400,000 or in counties contiguous to a county with a population between 300,000 and 400,000, and other than parcels of land consisting of less than 5 acres in counties with a population in excess of 400,000, or with respect to the erection, maintenance, repair, alteration, remodeling or extension of buildings or structures used or to be used for agricultural purposes upon such land except that such buildings or structures for agricultural purposes may be required to conform to building or set back lines and counties may establish a minimum lot size for residences on land used for agricultural purposes; nor shall any such powers be so exercised as to prohibit the temporary use of land for the installation, maintenance and operation of facilities used by contractors in the ordinary course of construction activities, except that such facilities may be required to be located not less than 1,000 feet from any building used for residential purposes, and except that the period of such temporary use shall not exceed the duration of the construction contract; nor shall any such powers include the right to specify or regulate the type or location of any poles, towers, wires, cables, conduits, vaults, laterals or any other similar distributing equipment of a public utility as defined in the Public Utilities Act, if the public utility is subject to the Messages Tax Act, the Gas Revenue Tax Act or the Public Utilities Revenue Act, or if such facilities or equipment are located on any rights of way and are used for railroad purposes, nor shall any such powers be exercised with respect to uses, buildings, or structures of a public utility as defined in the Public Utilities Act, nor shall any such powers be exercised in any respect as to the facilities, as defined in Section 5-

12001.1, of a telecommunications carrier, as also defined therein, except to
the extent and in the manner set forth in Section 5-12001.1. As used in
this Act, "agricultural purposes" do not include the extraction of sand,
gravel or limestone, and such activities may be regulated by county zoning
ordinance even when such activities are related to an agricultural purpose.

Nothing in this Division shall be construed to restrict the powers
granted by statute to cities, villages and incorporated towns as to territory
contiguous to but outside of the limits of such cities, villages and
incorporated towns. Any zoning ordinance enacted by a city, village or
incorporated town shall supersede, with respect to territory within the
corporate limits of the municipality, any county zoning plan otherwise
applicable. The powers granted to counties by this Division shall be
treated as in addition to powers conferred by statute to control or approve
maps, plats or subdivisions. In this Division, "agricultural purposes"
include, without limitation, the growing, developing, processing,
conditioning, or selling of hybrid seed corn, seed beans, seed oats, or other
farm seeds.

Nothing in this Division shall be construed to prohibit the
corporate authorities of a county from adopting an ordinance that exempts
pleasure driveways or park districts, as defined in the Park District Code,
with a population of greater than 100,000, from the exercise of the
county's powers under this Division.

The powers granted by this Division may be used to require the
creation and preservation of affordable housing, including the power to
provide increased density or other zoning incentives to developers who
are creating, establishing, or preserving affordable housing.

Section 10. The Illinois Municipal Code is amended by changing
Section 11-13-1 as follows:

(65 ILCS 5/11-13-1) (from Ch. 24, par. 11-13-1)
Sec. 11-13-1. To the end that adequate light, pure air, and safety
from fire and other dangers may be secured, that the taxable value of land

congestion in the public streets may be lessened or avoided, that the

importance; the corporate authorities in each municipality have the following powers:

(1) To regulate and limit the height and bulk of buildings hereafter to be erected; (2) to establish, regulate and limit, subject to the provisions of Division 14 of this Article 11, the building or set-back lines on or along any street, traffic-way, drive, parkway or storm or floodwater runoff channel or basin; (3) to regulate and limit the intensity of the use of lot areas, and to regulate and determine the area of open spaces, within and surrounding such buildings; (4) to classify, regulate and restrict the location of trades and industries and the location of buildings designed for specified industrial, business, residential, and other uses; (5) to divide the entire municipality into districts of such number, shape, area, and of such different classes (according to use of land and buildings, height and bulk of buildings, intensity of the use of lot area, area of open spaces, or other classification) as may be deemed best suited to carry out the purposes of this Division 13; (6) to fix standards to which buildings or structures therein shall conform; (7) to prohibit uses, buildings, or structures incompatible with the character of such districts; (8) to prevent additions to and alteration or remodeling of existing buildings or structures in such a way as to avoid the restrictions and limitations lawfully imposed under this Division 13; (9) to classify, to regulate and restrict the use of property on the basis of family relationship, which family relationship may be defined as one or more persons each related to the other by blood, marriage or adoption and maintaining a common household; and (10) to regulate or forbid any structure or activity which may hinder access to solar energy necessary for the proper functioning of a solar energy system, as defined in Section 1.2 of The Comprehensive Solar Energy Act of 1977; and (11) to require the creation and preservation of affordable housing, including the power to provide increased density or other zoning incentives to developers who are creating, establishing, or preserving affordable housing.

The powers enumerated may be exercised within the corporate limits or within contiguous territory not more than one and one-half miles beyond the corporate limits and not included within any municipality. However, if any municipality adopts a plan pursuant to Division 12 of Article 11 which plan includes in its provisions a provision that the plan applies to such contiguous territory not more than one and one-half miles

New matter indicated by italics - deletions by strikeout
beyond the corporate limits and not included in any municipality, then no other municipality shall adopt a plan that shall apply to any territory included within the territory provided in the plan first so adopted by another municipality. No municipality shall exercise any power set forth in this Division 13 outside the corporate limits thereof, if the county in which such municipality is situated has adopted "An Act in relation to county zoning", approved June 12, 1935, as amended. Nothing in this Section prevents a municipality of more than 112,000 population located in a county of less than 185,000 population that has adopted a zoning ordinance and the county that adopted the zoning ordinance from entering into an intergovernmental agreement that allows the municipality to exercise its zoning powers beyond its territorial limits; provided, however, that the intergovernmental agreement must be limited to the territory within the municipality's planning jurisdiction as defined by law or any existing boundary agreement. The county and the municipality must amend their individual zoning maps in the same manner as other zoning changes are incorporated into revised zoning maps. No such intergovernmental agreement may authorize a municipality to exercise its zoning powers, other than powers that a county may exercise under Section 5-12001 of the Counties Code, with respect to land used for agricultural purposes. This amendatory Act of the 92nd General Assembly is declarative of existing law. No municipality may exercise any power set forth in this Division 13 outside the corporate limits of the municipality with respect to a facility of a telecommunications carrier defined in Section 5-12001.1 of the Counties Code.

Notwithstanding any other provision of law to the contrary, at least 30 days prior to commencing construction of a new telecommunications facility within 1.5 miles of a municipality, the telecommunications carrier constructing the facility shall provide written notice of its intent to construct the facility. The notice shall include, but not be limited to, the following information: (i) the name, address, and telephone number of the company responsible for the construction of the facility and (ii) the address and telephone number of the governmental entity that issued the building permit for the telecommunications facility. The notice shall be provided in person, by overnight private courier, or by certified mail to all owners of property within 250 feet of the parcel in which the telecommunications carrier has a leasehold or ownership interest. For the purposes of this notice requirement, "owners" means those persons or entities identified from the authentic tax records of the county in which the telecommunications facility is to be located. If, after a bona fide effort by
the telecommunications carrier to determine the owner and his or her address, the owner of the property on whom the notice must be served cannot be found at the owner's last known address, or if the mailed notice is returned because the owner cannot be found at the last known address, the notice requirement of this paragraph is deemed satisfied. For the purposes of this paragraph, "facility" means that term as it is defined in Section 5-12001.1 of the Counties Code.

If a municipality adopts a zoning plan covering an area outside its corporate limits, the plan adopted shall be reasonable with respect to the area outside the corporate limits so that future development will not be hindered or impaired; it is reasonable for a municipality to regulate or prohibit the extraction of sand, gravel, or limestone even when those activities are related to an agricultural purpose. If all or any part of the area outside the corporate limits of a municipality which has been zoned in accordance with the provisions of this Division 13 is annexed to another municipality or municipalities, the annexing unit shall thereafter exercise all zoning powers and regulations over the annexed area.

In all ordinances passed under the authority of this Division 13, due allowance shall be made for existing conditions, the conservation of property values, the direction of building development to the best advantage of the entire municipality and the uses to which the property is devoted at the time of the enactment of such an ordinance. The powers conferred by this Division 13 shall not be exercised so as to deprive the owner of any existing property of its use or maintenance for the purpose to which it is then lawfully devoted, but provisions may be made for the gradual elimination of uses, buildings and structures which are incompatible with the character of the districts in which they are made or located, including, without being limited thereto, provisions (a) for the elimination of such uses of unimproved lands or lot areas when the existing rights of the persons in possession thereof are terminated or when the uses to which they are devoted are discontinued; (b) for the elimination of uses to which such buildings and structures are devoted, if they are adaptable for permitted uses; and (c) for the elimination of such buildings and structures when they are destroyed or damaged in major part, or when they have reached the age fixed by the corporate authorities of the municipality as the normal useful life of such buildings or structures.

This amendatory Act of 1971 does not apply to any municipality which is a home rule unit.

Sec. 25. Affordable housing plan

(a) Prior to April 1, 2005, all non-exempt local governments must approve an affordable housing plan. Any local government that is determined by the Illinois Housing Development Authority under Section 20 to be non-exempt for the first time based on the recalculation of decennial census data after 2010 shall have 18 months from the date of
notification of its non-exempt status to approve an affordable housing plan under this Act.

(b) For the purposes of this Act, the affordable housing plan shall consist of at least the following:

(i) a statement of the total number of affordable housing units that are necessary to exempt the local government from the operation of this Act as defined in Section 15 and Section 20;

(ii) an identification of lands within the jurisdiction that are most appropriate for the construction of affordable housing and of existing structures most appropriate for conversion to, or rehabilitation for, affordable housing, including a consideration of lands and structures of developers who have expressed a commitment to provide affordable housing and lands and structures that are publicly or semi-publicly owned;

(iii) incentives that local governments may provide for the purpose of attracting affordable housing to their jurisdiction; and

(iv) a goal of a minimum of 15% of all new development or redevelopment within the local government that would be defined as affordable housing in this Act; or a minimum of a 3 percentage point increase in the overall percentage of affordable housing within its jurisdiction, as described in subsection (b) of Section 20 of this Act; or a minimum of a total of 10% affordable housing within its jurisdiction as described in subsection (b) of Section 20 of this Act. These goals may be met, in whole or in part, through the creation of affordable housing units under intergovernmental agreements as described in subsection (e) of this Section.

(c) Within 60 days after the adoption of an affordable housing plan or revisions to its affordable housing plan, the local government must submit a copy of that plan to the Illinois Housing Development Authority.

(d) In order to promote the goals of this Act and to maximize the creation, establishment, or preservation of affordable housing throughout the State of Illinois, a local government, whether exempt or non-exempt under this Act, may adopt the following measures to address the need for affordable housing:

(1) Local governments may individually or jointly create or participate in a housing trust fund or otherwise provide funding or support for the purpose of supporting affordable housing, including, without limitation, to support the following affordable housing activities:

New matter indicated by italics - deletions by strikeout
(A) Housing production, including, without limitation, new construction, rehabilitation, and adaptive re-use.

(B) Acquisition, including, without limitation, land, single-family homes, multi-unit buildings, and other existing structures that may be used in whole or in part for residential use.

(C) Rental payment assistance.

(D) Home-ownership purchase assistance.

(E) Preservation of existing affordable housing.

(F) Weatherization.

(G) Emergency repairs.

(H) Housing related support services, including homeownership education and financial counseling.

(I) Grants or loans to not-for-profit organizations engaged in addressing the affordable housing needs of low-income and moderate-income households.

Local governments may authorize housing trust funds to accept and utilize funds, property, and other resources from all proper and lawful public and private sources so long as those funds are used solely for addressing the affordable housing needs of individuals or households that may occupy low-income or moderate-income housing.

(2) A local government may create a community land trust, which may: acquire developed or undeveloped interests in real property and hold them for affordable housing purposes; convey such interests under long-term leases, including ground leases; convey such interests for affordable housing purposes; and retain an option to reacquire any such real property interests at a price determined by a formula ensuring that such interests may be utilized for affordable housing purposes.

(3) A local government may use its zoning powers to require the creation and preservation of affordable housing as authorized under Section 5-12001 of the Counties Code and Section 11-13-1 of the Illinois Municipal Code.

(4) A local government may accept donations of money or land for the purpose of addressing the affordable housing needs of individuals or households that may occupy low-income or moderate-income housing. These donations may include, without

New matter indicated by italics - deletions by strikeout
limitation, donations of money or land from persons in lieu of building affordable housing.

(e) In order to encourage regional cooperation and the maximum creation of affordable housing in areas lacking such housing in the State of Illinois, any non-exempt local government may enter into intergovernmental agreements under subsection (e) of Section 25 with local governments within 10 miles of its corporate boundaries in order to create affordable housing units to meet the goals of this Act. A non-exempt local government may not enter into an intergovernmental agreement, however, with any local government that contains more than 25% affordable housing as determined under Section 20 of this Act. All intergovernmental agreements entered into to create affordable housing units to meet the goals of this Act must also specify the basis for determining how many of the affordable housing units created will be credited to each local government participating in the agreement for purposes of complying with this Act. All intergovernmental agreements entered into to create affordable housing units to meet the goals of this Act must also specify the anticipated number of newly created affordable housing units that are to be credited to each local government participating in the agreement for purposes of complying with this Act. In specifying how many affordable housing units will be credited to each local government, the same affordable housing unit may not be counted by more than one local government.

Sec. 30. Appeal to State Housing Appeals Board.

(a) (Blank). Beginning January 1, 2006, an affordable housing developer whose application is either denied or approved with conditions that in his or her judgment render the provision of affordable housing infeasible may, within 45 days after the decision, submit to the State Housing Appeals Board information regarding why the developer believes he or she was unfairly denied or conditions were placed upon the tentative approval of the development unless the local government that rendered the decision is exempt under Section 15 or Section 20 of this Act. The Board shall maintain all information forwarded to them by developers and shall compile and make available an annual report summarizing the information thus received:

(b) Beginning January 1, 2009, an affordable housing developer whose application is either denied or approved with conditions that in his or her judgment render the provision of affordable housing infeasible may,
within 45 days after the decision, appeal to the State Housing Appeals Board challenging that decision unless the municipality or county that rendered the decision is exempt under Section 15 of this Act. The developer must submit information regarding why the developer believes he or she was unfairly denied or unreasonable conditions were placed upon the tentative approval of the development. In the case of local governments that are determined by the Illinois Housing Development Authority under Section 20 to be non-exempt for the first time based on the recalculation of decennial census data after 2010, no developer may appeal to the State Housing Appeals Board until 60 months after a local government has been notified of its non-exempt status.

(c) Beginning January 1, 2009, the Board shall render a decision on the appeal within 120 days after the appeal is filed. In its determination of an appeal, the Board shall conduct a de novo review of the matter. In rendering its decision, the Board shall consider the facts and whether the developer was treated in a manner that places an undue burden on the development due to the fact that the development contains affordable housing as defined in this Act. The Board shall further consider any action taken by the unit of local government in regards to granting waivers or variances that would have the effect of creating or prohibiting the economic viability of the development. In any proceeding before the Board, the affordable housing developer bears the burden of demonstrating that the proposed affordable housing development (i) he or she has been unfairly denied or (ii) has had unreasonable conditions have been placed upon it by the decision of the local government the tentative approval for the application for an affordable housing development.

(d) The Board shall dismiss any appeal if:

(i) the local government has adopted an affordable housing plan as defined in Section 25 of this Act and submitted that plan to the Illinois Housing Development Authority within the time frame required by this Act; and

(ii) the local government has implemented its affordable housing plan and has met its goal as established in its affordable housing plan as defined in Section 25 of this Act.

(e) The Board shall dismiss any appeal if the reason for denying the application or placing conditions upon the approval is a non-appealable local government requirement under Section 15 of this Act.

(f) The Board may affirm, reverse, or modify the conditions of, or add conditions to, a decision made by the approving authority.

decision of the Board constitutes an order directed to the approving authority and is binding on the local government.

(g) The appellate court has the exclusive jurisdiction to review decisions of the Board. Any appeal to the Appellate Court of a final ruling by the State Housing Appeals Board may be heard only in the Appellate Court for the District in which the local government involved in the appeal is located.

(1) Compel the judgment debtor to deliver up, to be applied in satisfaction of the judgment, in whole or in part, money, choses in action, property or effects in his or her possession or control, so discovered, capable of delivery and to which his or her title or right of possession is not substantially disputed.

(2) Compel the judgment debtor to pay to the judgment creditor or apply on the judgment, in installments, a portion of his or her income, however or whenever earned or acquired, as the court may deem proper, having due regard for the reasonable requirements of the judgment debtor and his or her family, if dependent upon him or her, as well as any payments required to be made by prior order of court or under wage assignments outstanding; provided that the judgment debtor shall not be compelled to pay income which would be considered exempt as wages under the Wage Deduction Statute. The court may modify an order for installment payments, from time to time, upon application of either party upon notice to the other.

(3) Compel any person cited, other than the judgment debtor, to deliver up any assets so discovered, to be applied in satisfaction of the judgment, in whole or in part, when those assets are held under such circumstances that in an action by the

judgment for the proceeds or value thereof as for conversion or
embezzlement.

(4) Enter any order upon or judgment against the person
cited that could be entered in any garnishment proceeding.

(5) Compel any person cited to execute an assignment of
any chose in action or a conveyance of title to real or personal

(6) Authorize the judgment creditor to maintain an action
against any person or corporation that, it appears upon proof
satisfactory to the court, is indebted to the judgment debtor, for the
recovery of the debt, forbid the transfer or other disposition of the

judgment, direct that the papers or proof in the possession or
control of the debtor and necessary in the prosecution of the action
be delivered to the creditor or impounded in court, and provide for
the disposition of any moneys in excess of the sum required to pay

creditor. The court may punish any party who violates the restraining provision of a citation as and for a contempt, or if the party is a third party may enter judgment against him or her in the amount of the unpaid portion of the judgment and costs allowable under this Section, or in the amount of the value of the property transferred, whichever is lesser.

(2) The court may enjoin any person, whether or not a party to the supplementary proceeding, from making or allowing any transfer or other disposition of, or interference with, the property of the judgment debtor not exempt from the enforcement of a judgment, a deduction order or garnishment, or the property or debt not so exempt concerning which any person is required to attend and be examined until further direction in the premises. The injunction order shall remain in effect until vacated by the court or until the proceeding is terminated, whichever first occurs.

(g) If it appears that any property, chose in action, credit or effect discovered, or any interest therein, is claimed by any person, the court shall, as in garnishment proceedings, permit or require the claimant to appear and maintain his or her right. The rights of the person cited and the rights of any adverse claimant shall be asserted and determined pursuant to the law relating to garnishment proceedings.

(h) Costs in proceedings authorized by this Section shall be allowed, assessed and paid in accordance with rules, provided that if the court determines, in its discretion, that costs incurred by the judgment creditor were improperly incurred, those costs shall be paid by the judgment creditor.

(i) This Section is in addition to and does not affect enforcement of judgments or proceedings supplementary thereto, by any other methods now or hereafter provided by law.

(j) This Section does not grant the power to any court to order installment or other payments from, or compel the sale, delivery, surrender, assignment or conveyance of any property exempt by statute from the enforcement of a judgment thereon, a deduction order, garnishment, attachment, sequestration, process or other levy or seizure.

(k) (Blank).

(l) At any citation hearing at which the judgment debtor appears and seeks a declaration that certain of his or her income or assets are exempt, the court shall proceed to determine whether the property which the judgment debtor declares to be exempt is exempt from judgment. At any time before the return date specified on the citation, the judgment
debtor may request, in writing, a hearing to declare exempt certain income and assets by notifying the clerk of the court before that time, using forms as may be provided by the clerk of the court. The clerk of the court will obtain a prompt hearing date from the court and will provide the necessary forms that must be prepared by the judgment debtor or the attorney for the judgment debtor and sent to the judgment creditor, or the judgment creditor's attorney, regarding the time and location of the hearing. This notice may be sent by regular first class mail. At the hearing, the court shall immediately, unless for good cause shown that the hearing is to be continued, shall proceed to determine whether the property which the judgment debtor declares to be exempt is exempt from judgment. The restraining provisions of subsection (f) shall not apply to any property determined by the court to be exempt.

(m) The judgment or balance due on the judgment becomes a lien when a citation is served in accordance with subsection (a) of this Section. The lien binds nonexempt personal property, including money, choses in action, and effects of the judgment debtor as follows:

(1) When the citation is directed against the judgment debtor, upon all personal property belonging to the judgment debtor in the possession or control of the judgment debtor or which may thereafter be acquired or come due to the judgment debtor to the time of the disposition of the citation.

(2) When the citation is directed against a third party, upon all personal property belonging to the judgment debtor in the possession or control of the third party or which thereafter may be acquired or come due the judgment debtor and comes into the possession or control of the third party to the time of the disposition of the citation.

The lien established under this Section does not affect the rights of citation respondents in property prior to the service of the citation upon them and does not affect the rights of bona fide purchasers or lenders without notice of the citation. The lien is effective for the period specified by Supreme Court Rule.

This subsection (m), as added by Public Act 88-48, is a declaration of existing law.

(n) If any provision of this Act or its application to any person or circumstance is held invalid, the invalidity of that provision or application does not affect the provisions or applications of the Act that can be given effect without the invalid provision or application.

This provision (and no other) applies irrespective of the place where the compensation was earned or payable and the State where the employee resides. No amounts required by law to be withheld may be taken from the amount collected by the creditor. The term "disposable earnings" means that part of the earnings of any individual remaining after the deduction from those earnings of any amounts required by law to be withheld.

Sec. 12-808. Duty of employer.
(a) An employer served as herein provided shall pay the employee the amount of his or her exempt wages.

(b) To the extent of the amount due upon the judgment and costs, the employer shall hold, subject to order of court, any non-exempt wages due or which subsequently come due. The judgment or balance due thereon is a lien on wages due at the time of the service of summons, and such lien shall continue as to subsequent earnings until the total amount due upon the judgment and costs is paid, except that such lien on subsequent earnings shall terminate sooner if the employment relationship is terminated or if the underlying judgment is vacated or modified.

(b-5) If the employer is a federal agency employer and the creditor is represented by an attorney, then the employer, upon service of summons and to the extent of the amount due upon the judgment and costs, shall commence to pay over to the attorney for the judgment creditor any non-exempt wages due or that subsequently come due. The attorney for the judgment creditor shall thereafter hold the deducted wages subject to further order of the court and shall make answer to the court regarding amounts received from the federal agency employer. The federal agency employer's periodic payments shall be considered a sufficient answer to the interrogatories.

(c) Except as provided in subsection (b-5), the employer shall file, on or before the return date or within the further time that the court for cause may allow, a written answer under oath to the interrogatories, setting

forth the amount due as wages to the judgment debtor for the payroll periods ending immediately prior to the service of the summons and a summary of the computation used to determine the amount of non-exempt wages. Except as provided in subsection (b-5), the employer shall mail by first class mail or hand deliver a copy of the answer to the judgment debtor at the address specified in the affidavit filed under Section 12-805 of this Act, or at any other address or location of the judgment debtor known to the employer.

A lien obtained hereunder shall have priority over any subsequent lien obtained hereunder, except that liens for the support of a spouse or dependent children shall have priority over all other liens obtained hereunder. Subsequent summonses shall be effective in the order in which they are served.

(d) The Illinois Supreme Court may by rule allow an employer to file answers to interrogatories by facsimile transmission.

(e) Pursuant to answer under oath to the interrogatories by the employer, an order shall be entered compelling the employer to deduct from wages of the judgment debtor subject to collection under a deduction order an amount not to exceed the lesser of (i) 15% of the gross amount of the wages or (ii) the amount by which disposable earnings for a week exceed 45 times the Federal Minimum Hourly Wage prescribed by Section 206(a)(1) of Title 29 of the United States Code, as amended, in effect at the time the amounts are payable, for each pay period in which statutory exemptions under Section 12-804 and child support garnishments, if any, leave funds to be remitted or, under a wage deduction summons served on or after January 1, 2006, the minimum hourly wage prescribed by Section 4 of the Minimum Wage Law, whichever is greater. The order shall further provide that deducted wages shall be remitted to the creditor or creditor's attorney on a monthly basis.

2. Of any person when any other law of this State requires either the revocation or suspension of a license or permit.

(c) Whenever a person is convicted of any of the offenses enumerated in this Section, the court may recommend and the Secretary of State in his discretion, without regard to whether the recommendation is made by the court may, upon application, issue to the person a restricted driving permit granting the privilege of driving a motor vehicle between the petitioner's residence and petitioner's place of employment or within the scope of the petitioner's employment related duties, or to allow transportation for the petitioner or a household member of the petitioner's family for the receipt of necessary medical care or, if the professional evaluation indicates, provide transportation for the petitioner for alcohol remedial or rehabilitative activity, or for the petitioner to attend classes, as a student, in an accredited educational institution; if the petitioner is able to demonstrate that no alternative means of transportation is reasonably available and the petitioner will not endanger the public safety or welfare; provided that the Secretary's discretion shall be limited to cases where undue hardship would result from a failure to issue the restricted driving permit.

If a person's license or permit has been revoked or suspended due to 2 or more convictions of violating Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense, arising out of separate occurrences, that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

If a person's license or permit has been revoked or suspended 2 or more times within a 10 year period due to a single conviction of violating Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense, and a statutory summary suspension under Section 11-501.1, or 2 or more statutory summary suspensions, or combination of 2 offenses, or of an offense and a statutory summary suspension, arising out of separate occurrences, that person, if issued a

restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1. The person must pay to the Secretary of State DUI Administration Fund an amount not to exceed $20 per month. The Secretary shall establish by rule the amount and the procedures, terms, and conditions relating to these fees. If the restricted driving permit was issued for employment purposes, then this provision does not apply to the operation of an occupational vehicle owned or leased by that person's employer. In each case the Secretary of State may issue a restricted driving permit for a period he deems appropriate, except that the permit shall expire within one year from the date of issuance. The Secretary may not, however, issue a restricted driving permit to any person whose current revocation is the result of a second or subsequent conviction for a violation of Section 11-501 of this Code or a similar provision of a local ordinance relating to the offense of operating or being in physical control of a motor vehicle while under the influence of alcohol, other drug or drugs, intoxicating compound or compounds, or any similar out-of-state offense, or any combination thereof, until the expiration of at least one year from the date of the revocation. A restricted driving permit issued under this Section shall be subject to cancellation, revocation, and suspension by the Secretary of State in like manner and for like cause as a driver's license issued under this Code may be cancelled, revoked, or suspended; except that a conviction upon one or more offenses against laws or ordinances regulating the movement of traffic shall be deemed sufficient cause for the revocation, suspension, or cancellation of a restricted driving permit. The Secretary of State may, as a condition to the issuance of a restricted driving permit, require the applicant to participate in a designated driver remedial or rehabilitative program. The Secretary of State is authorized to cancel a restricted driving permit if the permit holder does not successfully complete the program. However, if an individual's driving privileges have been revoked in accordance with paragraph 13 of subsection (a) of this Section, no restricted driving permit shall be issued until the individual has served 6 months of the revocation period.

(d) Whenever a person under the age of 21 is convicted under Section 11-501 of this Code or a similar provision of a local ordinance, the Secretary of State shall revoke the driving privileges of that person. One year after the date of revocation, and upon application, the Secretary of State may, if satisfied that the person applying will not endanger the public safety or welfare, issue a restricted driving permit granting the privilege of driving a motor vehicle only between the hours of 5 a.m. and 9 p.m. or as
otherwise provided by this Section for a period of one year. After this one year period, and upon reapplication for a license as provided in Section 6-106, upon payment of the appropriate reinstatement fee provided under paragraph (b) of Section 6-118, the Secretary of State, in his discretion, may issue the applicant a license, or extend the restricted driving permit as many times as the Secretary of State deems appropriate, by additional periods of not more than 12 months each, until the applicant attains 21 years of age.

If a person's license or permit has been revoked or suspended due to 2 or more convictions of violating Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense, arising out of separate occurrences, that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

If a person's license or permit has been revoked or suspended 2 or more times within a 10 year period due to a single conviction of violating Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense, and a statutory summary suspension under Section 11-501.1, or 2 or more statutory summary suspensions, or combination of 2 offenses, or of an offense and a statutory summary suspension, arising out of separate occurrences, that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1. The person must pay to the Secretary of State DUI Administration Fund an amount not to exceed $20 per month. The Secretary shall establish by rule the amount and the procedures, terms, and conditions relating to these fees. If the restricted driving permit was issued for employment purposes, then this provision does not apply to the operation of an occupational vehicle owned or leased by that person's employer. A restricted driving permit issued under this Section shall be subject to cancellation, revocation, and suspension by the Secretary of State in like manner and for like cause as a driver's license issued under this Code may be cancelled, revoked, or suspended; except that a conviction upon one or more offenses against laws or ordinances regulating the movement of traffic shall be deemed sufficient cause for the revocation, suspension, or cancellation of a restricted driving permit. The revocation periods contained in this subparagraph shall apply to similar out-of-state convictions.

(e) This Section is subject to the provisions of the Driver License Compact.

(f) Any revocation imposed upon any person under subsections 2 and 3 of paragraph (b) that is in effect on December 31, 1988 shall be converted to a suspension for a like period of time.

(g) The Secretary of State shall not issue a restricted driving permit to a person under the age of 16 years whose driving privileges have been revoked under any provisions of this Code.

(h) The Secretary of State shall require the use of ignition interlock devices on all vehicles owned by an individual who has been convicted of a second or subsequent offense under Section 11-501 of this Code or a similar provision of a local ordinance. The Secretary shall establish by rule and regulation the procedures for certification and use of the interlock system.

(i) The Secretary of State may not issue a restricted driving permit for a period of one year after a second or subsequent revocation of driving privileges under clause (a)(2) of this Section; however, one year after the date of a second or subsequent revocation of driving privileges under clause (a)(2) of this Section, the Secretary of State may, upon application, issue a restricted driving permit under the terms and conditions of subsection (c).

(j) In accordance with 49 C.F.R. 384, the Secretary of State may not issue a restricted driving permit for the operation of a commercial motor vehicle to a person holding a CDL whose driving privileges have been revoked under any provisions of this Code.

If the conviction is affirmed on appeal, the date of the conviction shall relate back to the time the original judgment of conviction was entered and the 6 month limitation prescribed shall not apply.

(c) 1. Upon suspending or revoking the driver's license or permit of any person as authorized in this Section, the Secretary of State shall immediately notify the person in writing of the revocation or suspension. The notice to be deposited in the United States mail, postage prepaid, to the last known address of the person.

2. If the Secretary of State suspends the driver's license of a person under subsection 2 of paragraph (a) of this Section, a person's privilege to operate a vehicle as an occupation shall not be suspended, provided an affidavit is properly completed, the appropriate fee received, and a permit issued prior to the effective date of the suspension, unless 5 offenses were committed, at least 2 of which occurred while operating a commercial vehicle in connection with the driver's regular occupation. All other driving privileges shall be suspended by the Secretary of State. Any driver prior to operating a vehicle for occupational purposes only must submit the affidavit on forms to be provided by the Secretary of State setting forth the facts of the person's occupation. The affidavit shall also state the number of offenses committed while operating a vehicle in connection with the driver's regular occupation. The affidavit shall be accompanied by the driver's license. Upon receipt of a properly completed affidavit, the Secretary of State shall issue the driver a permit to operate a vehicle in connection with the driver's regular occupation only. Unless the permit is issued by the Secretary of State prior to the date of suspension, the privilege to drive any motor vehicle shall be suspended as set forth in the notice that was mailed under this
Section. If an affidavit is received subsequent to the effective date of this suspension, a permit may be issued for the remainder of the suspension period.

If the Secretary of State does not rescind the order, the Secretary may upon application, to relieve undue hardship, issue a restricted driving permit granting the privilege of driving a motor vehicle between the petitioner's residence and petitioner's place of employment or within the scope of his employment related duties, or to allow transportation for the petitioner, or a household member of the petitioner's family, to receive necessary medical care and if the professional evaluation indicates, provide transportation for alcohol remedial or rehabilitative activity, or for the petitioner to attend classes, as a student, in an accredited educational institution; if the petitioner is able to demonstrate that no alternative means of transportation is reasonably available and the petitioner will not endanger the public safety or welfare.

If a person's license or permit has been revoked or suspended due to 2 or more convictions of violating Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense, arising out of separate occurrences, that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

provision of a local ordinance or a similar out-of-state offense, and a statutory summary suspension under Section 11-501.1, or 2 or more statutory summary suspensions, or combination of 2 offenses, or of an offense and a statutory summary suspension, arising out of separate occurrences, that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1. The person must pay to the Secretary of State DUI Administration Fund an amount not to exceed $20 per month. The Secretary shall establish by rule the amount and the procedures, terms, and conditions relating to these fees. If the restricted driving permit was issued for employment purposes, then this provision does not apply to the operation of an occupational vehicle owned or leased by that person's employer. In each case the Secretary may issue a restricted driving permit for a period deemed appropriate, except that all permits shall expire within one year from the date of issuance. The Secretary may not, however, issue a restricted driving permit to any person whose current revocation is the result of a second or subsequent conviction for a violation of Section 11-501 of this Code or a similar provision of a local ordinance relating to the offense of operating or being in physical control of a motor vehicle while under the influence of alcohol, other drug or drugs, intoxicating compound or compounds, or any similar out-of-state offense, or any combination of those offenses, until the expiration of at least one year from the date of the revocation. A restricted driving permit issued under this Section shall be subject to cancellation, revocation, and suspension by the Secretary of State in like manner and for like cause as a driver's license issued under this Code may be cancelled, revoked, or suspended; except that a conviction upon one or more offenses against laws or ordinances regulating the movement of traffic shall be deemed sufficient cause for the revocation, suspension, or cancellation of a restricted driving permit. The Secretary of State may, as a condition of the issuance of a restricted driving permit, require the applicant to participate in a designated driver remedial or rehabilitative program. The Secretary of State is authorized to cancel a restricted driving permit if the permit holder does not successfully complete the program.

(d) This Section is subject to the provisions of the Drivers License Compact.

(e) The Secretary of State shall not issue a restricted driving permit to a person under the age of 16 years whose driving privileges have been suspended or revoked under any provisions of this Code.

(f) In accordance with 49 C.F.R. 384, the Secretary of State may not issue a restricted driving permit for the operation of a commercial motor vehicle to a person holding a CDL whose driving privileges have been revoked under any provisions of this Code.

(625 ILCS 5/6-206.1)(from Ch. 95 ½, par. 6-206.1)

Sec. 6-206.1. Judicial Driving Permit. Declaration of Policy. It is hereby declared a policy of the State of Illinois that the driver who is impaired by alcohol, other drug or drugs, or intoxicating compound or compounds is a threat to the public safety and welfare. Therefore, to provide a deterrent to such practice and to remove problem drivers from the highway, a statutory summary driver's license suspension is appropriate. It is also recognized that driving is a privilege and therefore, that in some cases the granting of limited driving privileges, where consistent with public safety, is warranted during the period of suspension in the form of a judicial driving permit to drive for the purpose of employment, receiving drug treatment or medical care, and educational pursuits, where no alternative means of transportation is available.

The following procedures shall apply whenever a first offender is arrested for any offense as defined in Section 11-501 or a similar provision of a local ordinance:

(a) Subsequent to a notification of a statutory summary suspension of driving privileges as provided in Section 11-501.1, the first offender as defined in Section 11-500 may petition the circuit court of venue for a Judicial Driving Permit, hereinafter referred as a JDP, to relieve undue hardship. The court may issue a court order, pursuant to the criteria contained in this Section, directing the Secretary of State to issue such a JDP to the petitioner. A JDP shall not become effective prior to the 31st
day of the original statutory summary suspension and shall always be subject to the following criteria:

1. If ordered for the purposes of employment, the JDP shall be only for the purpose of providing the petitioner the privilege of driving a motor vehicle between the petitioner's residence and the petitioner's place of employment and return; or within the scope of the petitioner's employment related duties, shall be effective only during and limited to those specific times and routes actually required to commute or perform the petitioner's employment related duties.

2. The court, by a court order, may also direct the Secretary of State to issue a JDP to allow transportation for the petitioner, or a household member of the petitioner's family, to receive alcohol, drug, or intoxicating compound treatment or medical care, if the petitioner is able to demonstrate that no alternative means of transportation is reasonably available. Such JDP shall be effective only during the specific times actually required to commute.

3. The court, by a court order, may also direct the Secretary of State to issue a JDP to allow transportation by the petitioner for educational purposes upon demonstrating that there are no alternative means of transportation reasonably available to accomplish those educational purposes. Such JDP shall be only for the purpose of providing transportation to and from the petitioner's residence and the petitioner's place of educational activity, and only during the specific times and routes actually required to commute or perform the petitioner's educational requirement.

4. The Court shall not issue an order granting a JDP to:

   (i) Any person unless and until the court, after considering the results of a current professional evaluation of the person's alcohol or other drug use by an agency pursuant to Section 15-10 of the Alcoholism and Other Drug Abuse and Dependency Act and other appropriate investigation of the person, is satisfied that granting the privilege of driving a motor vehicle on the highways will not endanger the public safety or welfare.

   (ii) Any person who has been convicted of reckless homicide within the previous 5 years.

   (iii) Any person whose privilege to operate a motor vehicle was invalid at the time of arrest for the current violation of Section 11-501, or a similar provision of a

New matter indicated by italics - deletions by strikeout
local ordinance, except in cases where the cause for a driver's license suspension has been removed at the time a JDP is effective. In any case, should the Secretary of State enter a suspension or revocation of driving privileges pursuant to the provisions of this Code while the JDP is in effect or pending, the Secretary shall take the prescribed action and provide a notice to the person and the court ordering the issuance of the JDP that all driving privileges, including those provided by the issuance of the JDP, have been withdrawn.

(iv) Any person under the age of 18 years.

(v) Any person for the operation of a commercial motor vehicle if the person's CDL driving privileges have been suspended under any provision of this Code in accordance with 49 C.F.R. Part 384.

(b) Prior to ordering the issuance of a JDP the Court should consider at least, but not be limited to, the following issues:

1. Whether the person is employed and no other means of commuting to the place of employment is available or that the person must drive as a condition of employment. The employer shall certify the hours of employment and the need and parameters necessary for driving as a condition to employment.

2. Whether the person must drive to secure alcohol or other medical treatment for himself or a family member.

3. Whether the person must drive for educational purposes. The educational institution shall certify the person's enrollment in and academic schedule at the institution.

4. Whether the person has been repeatedly convicted of traffic violations or involved in motor vehicle accidents to a degree which indicates disrespect for public safety.

5. Whether the person has been convicted of a traffic violation in connection with a traffic accident resulting in the death of any person within the last 5 years.

6. Whether the person is likely to obey the limited provisions of the JDP.

7. Whether the person has any additional traffic violations pending in any court.

For purposes of this Section, programs conducting professional evaluations of a person's alcohol, other drug, or intoxicating compound use must report, to the court of venue, using a form prescribed by the
Secretary of State. A copy of such evaluations shall be sent to the Secretary of State by the court. However, the evaluation information shall be privileged and only available to courts and to the Secretary of State, but shall not be admissible in the subsequent trial on the underlying charge.

(c) The scope of any court order issued for a JDP under this Section shall be limited to the operation of a motor vehicle as provided for in subsection (a) of this Section and shall specify the petitioner's residence, place of employment or location of educational institution, and the scope of job related duties, if relevant. The JDP shall also specify days of the week and specific hours of the day when the petitioner is able to exercise the limited privilege of operating a motor vehicle. If the Petitioner, who has been granted a JDP, is issued a citation for a traffic related offense, including operating a motor vehicle outside the limitations prescribed in the JDP or a violation of Section 6-303, or is convicted of any such an offense during the term of the JDP, the court shall consider cancellation of the limited driving permit. In any case, if the Petitioner commits an offense, as defined in Section 11-501, or a similar provision of a local ordinance, as evidenced by the issuance of a Uniform Traffic Ticket, the JDP shall be forwarded by the court of venue to the court ordering the issuance of the JDP, for cancellation. The court shall notify the Secretary of State of any such cancellation.

(d) The Secretary of State shall, upon receiving a court order from the court of venue, issue a JDP to a successful Petitioner under this Section. Such court order form shall also contain a notification, which shall be sent to the Secretary of State, providing the name, driver's license number and legal address of the successful petitioner, and the full and detailed description of the limitations of the JDP. This information shall be available only to the courts, police officers, and the Secretary of State, except during the actual period the JDP is valid, during which time it shall be a public record. Sec. 7-702.1. Family financial responsibility driving permits.

Following the entry of an order that an obligor has been found in contempt by the court for failure to pay court ordered child support payments or upon a motion by the obligor who is subject to having his or her driver's license suspended pursuant to subsection (b) of Section 7-703, the court may enter an order directing the Secretary of State to issue a family financial responsibility driving permit for the purpose of providing the obligor the privilege of operating a motor vehicle between the obligor's residence and place of employment, or within the scope of employment related duties; or for the purpose of providing transportation for the obligor or a household member to receive alcohol treatment, other drug treatment, or medical care. The court may enter an order directing the issuance of a permit only if the obligor has proven to the satisfaction of the court that no alternative means of transportation are reasonably available for the above stated purposes. No permit shall be issued to a person under the age of 16 years who possesses an instruction permit. In accordance with 49 C.F.R. Part 384, the Secretary of State may not issue a family financial responsibility driving permit to any person for the operation of a commercial motor vehicle if the person's driving privileges have been suspended under any provisions of this Code.

Upon entry of an order granting the issuance of a permit to an obligor, the court shall report this finding to the Secretary of State on a form prescribed by the Secretary. This form shall state whether the permit has been granted for employment or medical purposes and the specific days and hours for which limited driving privileges have been granted.

The family financial responsibility driving permit shall be subject to cancellation, invalidation, suspension, and revocation by the Secretary of State in the same manner and for the same reasons as a driver's license may be cancelled, invalidated, suspended, or revoked.

The Secretary of State shall, upon receipt of a certified court order from the court of jurisdiction, issue a family financial responsibility driving permit. In order for this permit to be issued, an individual's driving privileges must be valid except for the family financial responsibility suspension. This permit shall be valid only for employment and medical purposes as set forth above. The permit shall state the days and hours for which limited driving privileges have been granted.

Any submitted court order that contains insufficient data or fails to comply with any provision of this Code shall not be used for issuance of

the permit or entered to the individual's driving record but shall be returned to the court of jurisdiction indicating why the permit cannot be issued at that time. The Secretary of State shall also send notice of the return of the court order to the individual requesting the permit.

Sec. 11-501.8. Suspension of driver's license; persons under age 21.

(a) A person who is less than 21 years of age and who drives or is in actual physical control of a motor vehicle upon the public highways of this State shall be deemed to have given consent to a chemical test or tests of blood, breath, or urine for the purpose of determining the alcohol content of the person's blood if arrested, as evidenced by the issuance of a Uniform Traffic Ticket for any violation of the Illinois Vehicle Code or a similar provision of a local ordinance, if a police officer has probable cause to believe that the driver has consumed any amount of an alcoholic beverage based upon evidence of the driver's physical condition or other first hand knowledge of the police officer. The test or tests shall be administered at the direction of the arresting officer. The law enforcement agency employing the officer shall designate which of the aforesaid tests shall be administered. A urine test may be administered even after a blood or breath test or both has been administered.

(b) A person who is dead, unconscious, or who is otherwise in a condition rendering that person incapable of refusal, shall be deemed not to have withdrawn the consent provided by paragraph (a) of this Section and the test or tests may be administered subject to the following provisions:

(i) Chemical analysis of the person's blood, urine, breath, or other bodily substance, to be considered valid under the provisions of this Section, shall have been performed according to standards promulgated by the Department of State Police by an individual possessing a valid permit issued by that Department for this purpose. The Director of State Police is authorized to approve satisfactory techniques or methods, to ascertain the qualifications and competence of individuals to conduct analyses, to issue permits that shall be subject to termination or revocation at the direction of that Department, and to certify the accuracy of breath testing equipment. The Department of State Police shall prescribe regulations as necessary.
(ii) When a person submits to a blood test at the request of a law enforcement officer under the provisions of this Section, only a physician authorized to practice medicine, a registered nurse, or other qualified person trained in venipuncture and acting under the direction of a licensed physician may withdraw blood for the purpose of determining the alcohol content therein. This limitation does not apply to the taking of breath or urine specimens.

(iii) The person tested may have a physician, qualified technician, chemist, registered nurse, or other qualified person of his or her own choosing administer a chemical test or tests in addition to any test or tests administered at the direction of a law enforcement officer. The failure or inability to obtain an additional test by a person shall not preclude the consideration of the previously performed chemical test.

(iv) Upon a request of the person who submits to a chemical test or tests at the request of a law enforcement officer, full information concerning the test or tests shall be made available to the person or that person’s attorney.

(v) Alcohol concentration means either grams of alcohol per 100 milliliters of blood or grams of alcohol per 210 liters of breath.

(vi) If a driver is receiving medical treatment as a result of a motor vehicle accident, a physician licensed to practice medicine, registered nurse, or other qualified person trained in venipuncture and acting under the direction of a licensed physician shall withdraw blood for testing purposes to ascertain the presence of alcohol upon the specific request of a law enforcement officer. However, that testing shall not be performed until, in the opinion of the medical personnel on scene, the withdrawal can be made without interfering with or endangering the well-being of the patient.

(c) A person requested to submit to a test as provided above shall be warned by the law enforcement officer requesting the test that a refusal to submit to the test, or submission to the test resulting in an alcohol concentration of more than 0.00, may result in the loss of that person’s privilege to operate a motor vehicle. The loss of driving privileges shall be imposed in accordance with Section 6-208.2 of this Code.

(d) If the person refuses testing or submits to a test that discloses an alcohol concentration of more than 0.00, the law enforcement officer shall immediately submit a sworn report to the Secretary of State on a

New matter indicated by italics - deletions by strikeout
form prescribed by the Secretary of State, certifying that the test or tests were requested under subsection (a) and the person refused to submit to a test or tests or submitted to testing which disclosed an alcohol concentration of more than 0.00. The law enforcement officer shall submit the same sworn report when a person under the age of 21 submits to testing under Section 11-501.1 of this Code and the testing discloses an alcohol concentration of more than 0.00 and less than 0.08.

Upon receipt of the sworn report of a law enforcement officer, the Secretary of State shall enter the driver's license sanction on the individual's driving record and the sanctions shall be effective on the 46th day following the date notice of the sanction was given to the person. If this sanction is the individual's first driver's license suspension under this Section, reports received by the Secretary of State under this Section shall, except during the time the suspension is in effect, be privileged information and for use only by the courts, police officers, prosecuting authorities, the Secretary of State, or the individual personally.

The law enforcement officer submitting the sworn report shall serve immediate notice of this driver's license sanction on the person and the sanction shall be effective on the 46th day following the date notice was given.

In cases where the blood alcohol concentration of more than 0.00 is established by a subsequent analysis of blood or urine, the police officer or arresting agency shall give notice as provided in this Section or by deposit in the United States mail of that notice in an envelope with postage prepaid and addressed to that person at his last known address and the loss of driving privileges shall be effective on the 46th day following the date notice was given.

Upon receipt of the sworn report of a law enforcement officer, the Secretary of State shall also give notice of the driver's license sanction to the driver by mailing a notice of the effective date of the sanction to the individual. However, should the sworn report be defective by not containing sufficient information or be completed in error, the notice of the driver's license sanction may not be mailed to the person or entered to the driving record, but rather the sworn report shall be returned to the issuing law enforcement agency.

(e) A driver may contest this driver's license sanction by requesting an administrative hearing with the Secretary of State in accordance with Section 2-118 of this Code. An individual whose blood alcohol concentration is shown to be more than 0.00 is not subject to this Section if he or she consumed alcohol in the performance of a religious service or

ceremony. An individual whose blood alcohol concentration is shown to be more than 0.00 shall not be subject to this Section if the individual's blood alcohol concentration resulted only from ingestion of the prescribed or recommended dosage of medicine that contained alcohol. The petition for that hearing shall not stay or delay the effective date of the impending suspension. The scope of this hearing shall be limited to the issues of:

(1) whether the police officer had probable cause to believe that the person was driving or in actual physical control of a motor vehicle upon the public highways of the State and the police officer had reason to believe that the person was in violation of any provision of the Illinois Vehicle Code or a similar provision of a local ordinance; and

(2) whether the person was issued a Uniform Traffic Ticket for any violation of the Illinois Vehicle Code or a similar provision of a local ordinance; and

(3) whether the police officer had probable cause to believe that the driver had consumed any amount of an alcoholic beverage based upon the driver's physical actions or other first-hand knowledge of the police officer; and

(4) whether the person, after being advised by the officer that the privilege to operate a motor vehicle would be suspended if the person refused to submit to and complete the test or tests, did refuse to submit to or complete the test or tests to determine the person's alcohol concentration; and

(5) whether the person, after being advised by the officer that the privileges to operate a motor vehicle would be suspended if the person submits to a chemical test or tests and the test or tests disclose an alcohol concentration of more than 0.00, did submit to and complete the test or tests that determined an alcohol concentration of more than 0.00; and

(6) whether the test result of an alcohol concentration of more than 0.00 was based upon the person's consumption of alcohol in the performance of a religious service or ceremony; and

(7) whether the test result of an alcohol concentration of more than 0.00 was based upon the person's consumption of alcohol through ingestion of the prescribed or recommended dosage of medicine.

Provided that the petitioner may subpoena the officer, the hearing may be conducted upon a review of the law enforcement officer's own official reports. Failure of the officer to answer the subpoena shall be

grounds for a continuance if, in the hearing officer's discretion, the continuance is appropriate. At the conclusion of the hearing held under Section 2-118 of this Code, the Secretary of State may rescind, continue, or modify the driver's license sanction. If the Secretary of State does not rescind the sanction, a restricted driving permit may be granted by the Secretary of State upon application being made and good cause shown. A restricted driving permit may be granted to relieve undue hardship by allowing driving for employment, educational, and medical purposes as outlined in item (3) of part (c) of Section 6-206 of this Code. The provisions of item (3) of part (c) of Section 6-206 of this Code and of subsection (f) of that Section shall apply. The Secretary of State shall promulgate rules providing for participation in an alcohol education and awareness program or activity, a drug education and awareness program or activity, or both as a condition to the issuance of a restricted driving permit for suspensions imposed under this Section.

(f) The results of any chemical testing performed in accordance with subsection (a) of this Section are not admissible in any civil or criminal proceeding, except that the results of the testing may be considered at a hearing held under Section 2-118 of this Code. However, the results of the testing may not be used to impose driver's license sanctions under Section 11-501.1 of this Code. A law enforcement officer may, however, pursue a statutory summary suspension of driving privileges under Section 11-501.1 of this Code if other physical evidence or first hand knowledge forms the basis of that suspension.

(g) This Section applies only to drivers who are under age 21 at the time of the issuance of a Uniform Traffic Ticket for a violation of the Illinois Vehicle Code or a similar provision of a local ordinance, and a chemical test request is made under this Section.

(h) The action of the Secretary of State in suspending, revoking, or denying any license, permit, registration, or certificate of title shall be subject to judicial review in the Circuit Court of Sangamon County or in the Circuit Court of Cook County, and the provisions of the Administrative Review Law and its rules are hereby adopted and shall apply to and govern every action for the judicial review of final acts or decisions of the Secretary of State under this Section.

Sec. 10-20.12b. Residency; payment of tuition; hearing; criminal penalty.

(a) For purposes of this Section:

(1) The residence of a person who has legal custody of a pupil is deemed to be the residence of the pupil.

(2) "Legal custody" means one of the following:

(i) Custody exercised by a natural or adoptive parent with whom the pupil resides.

(ii) Custody granted by order of a court of competent jurisdiction to a person with whom the pupil resides for reasons other than to have access to the educational programs of the district.

(iii) Custody exercised under a statutory short-term guardianship, provided that within 60 days of the pupil's enrollment a court order is entered that establishes a permanent guardianship and grants custody to a person with whom the pupil resides for reasons other than to have access to the educational programs of the district.

(iv) Custody exercised by an adult caretaker relative who is receiving aid under the Illinois Public Aid Code for the pupil who resides with that adult caretaker relative for purposes other than to have access to the educational programs of the district.

(v) Custody exercised by an adult who demonstrates that, in fact, he or she has assumed and exercises legal responsibility for the pupil and provides the pupil with a regular fixed night-time abode for purposes other than to have access to the educational programs of the district.

(a-5) If a pupil's change of residence is due to the military service obligation of a person who has legal custody of the pupil, then, upon the written request of the person having legal custody of the pupil, the residence of the pupil is deemed for all purposes relating to enrollment (including tuition, fees, and costs), for the duration of the custodian's military service obligation, to be the same as the residence of the pupil immediately before the change of residence caused by the military service obligation. A school district is not responsible for providing transportation to or from school for a pupil whose residence is determined under this subsection (a-5). School districts shall facilitate re-enrollment when necessary to comply with this subsection (a-5).
(b) Except as otherwise provided under Section 10-22.5a, only resident pupils of a school district may attend the schools of the district without payment of the tuition required to be charged under Section 10-20.12a. However, children for whom the Guardianship Administrator of the Department of Children and Family Services has been appointed temporary custodian or guardian of the person of a child shall not be charged tuition as a nonresident pupil if the child was placed by the Department of Children and Family Services with a foster parent or placed in another type of child care facility and the foster parent or child care facility is located in a school district other than the child's former school district and it is determined by the Department of Children and Family Services to be in the child's best interest to maintain attendance at his or her former school district.

(c) The provisions of this subsection do not apply in school districts having a population of 500,000 or more. If a school board in a school district with a population of less than 500,000 determines that a pupil who is attending school in the district on a tuition free basis is a nonresident of the district for whom tuition is required to be charged under Section 10-20.12a, the board shall notify the person who enrolled the pupil of the amount of the tuition charged under Section 10-20.12a that is due to the district for the nonresident pupil's attendance in the district's schools. The notice shall be given by certified mail, return receipt requested. Within 10 days after receipt of the notice, the person who enrolled the pupil may request a hearing to review the determination of the school board. The request shall be sent by certified mail, return receipt requested, to the district superintendent. Within 10 days after receipt of the request, the board shall notify, by certified mail, return receipt requested, the person requesting the hearing of the time and place of the hearing, which shall be held not less than 10 nor more than 20 days after the notice of hearing is given. The board or a hearing officer designated by the board shall conduct the hearing. The board and the person who enrolled the pupil may be represented at the hearing by representatives of their choice. At the hearing, the person who enrolled the pupil shall have the burden of going forward with the evidence concerning the pupil's residency. If the hearing is conducted by a hearing officer, the hearing officer, within 5 days after the conclusion of the hearing, shall send a written report of his or her findings by certified mail, return receipt requested, to the school board and to the person who enrolled the pupil. The person who enrolled the pupil may, within 5 days after receiving the findings, file written objections to the findings with the school board by sending the objections by certified mail, return receipt requested.
mail, return receipt requested, addressed to the district superintendent. Whether the hearing is conducted by the school board or a hearing officer, the school board shall, within 15 days after the conclusion of the hearing, decide whether or not the pupil is a resident of the district and the amount of any tuition required to be charged under Section 10-20.12a as a result of the pupil’s attendance in the schools of the district. The school board shall send a copy of its decision to the person who enrolled the pupil, and the decision of the school board shall be final.

(c-5) The provisions of this subsection apply only in school districts having a population of 500,000 or more. If the board of education of a school district with a population of 500,000 or more determines that a pupil who is attending school in the district on a tuition free basis is a nonresident of the district for whom tuition is required to be charged under Section 10-20.12a, the board shall notify the person who enrolled the pupil of the amount of the tuition charged under Section 10-20.12a that is due to the district for the nonresident pupil’s attendance in the district’s schools. The notice shall be given by certified mail, return receipt requested. Within 10 days after receipt of the notice, the person who enrolled the pupil may request a hearing to review the determination of the school board. The request shall be sent by certified mail, return receipt requested, to the district superintendent. Within 30 days after receipt of the request, the board shall notify, by certified mail, return receipt requested, the person requesting the hearing of the time and place of the hearing, which shall be held not less than 10 nor more than 30 days after the notice of hearing is given. The board or a hearing officer designated by the board shall conduct the hearing. The board and the person who enrolled the pupil may each be represented at the hearing by a representative of their choice. At the hearing, the person who enrolled the pupil shall have the burden of going forward with the evidence concerning the pupil’s residency. If the hearing is conducted by a hearing officer, the hearing officer, within 20 days after the conclusion of the hearing, shall serve a written report of his or her findings by personal service or by certified mail, return receipt requested, to the school board and to the person who enrolled the pupil. The person who enrolled the pupil may, within 10 days after receiving the findings, file written objections to the findings with the board of education by sending the objections by certified mail, return receipt requested, addressed to the general superintendent of schools. If the hearing is conducted by the board of education, the board shall, within 45 days after the conclusion of the hearing, decide whether or not the pupil is a resident of the district and the amount of any tuition required to be charged under

Section 10-20.12a as a result of the pupil's attendance in the schools of the district. If the hearing is conducted by a hearing officer, the board of education shall, within 45 days after the receipt of the hearing officer's findings, decide whether or not the pupil is a resident of the district and the amount of any tuition required to be charged under Section 10-20.12a as a result of the pupil's attendance in the schools of the district. The board of education shall send, by certified mail, return receipt requested, a copy of its decision to the person who enrolled the pupil, and the decision of the board shall be final.

(d) If a hearing is requested under subsection (c) or (c-5) to review the determination of the school board or board of education that a nonresident pupil is attending the schools of the district without payment of the tuition required to be charged under Section 10-20.12a, the pupil may, at the request of a person who enrolled the pupil, continue attendance at the schools of the district pending a final decision of the board following the hearing. However, attendance of that pupil in the schools of the district as authorized by this subsection (d) shall not relieve any person who enrolled the pupil of the obligation to pay the tuition charged for that attendance under Section 10-20.12a if the final decision of the board is that the pupil is a nonresident of the district. If a pupil is determined to be a nonresident of the district for whom tuition is required to be charged pursuant to this Section, the board shall refuse to permit the pupil to continue attending the schools of the district unless the required tuition is paid for the pupil.

(e) Except for a pupil referred to in subsection (b) of Section 10-22.5a, a pupil referred to in Section 10-20.12a, or a pupil referred to in subsection (b) of this Section, a person who knowingly enrolls or attempts to enroll in the schools of a school district on a tuition free basis a pupil known by that person to be a nonresident of the district shall be guilty of a Class C misdemeanor.

(f) A person who knowingly or wilfully presents to any school district any false information regarding the residency of a pupil for the purpose of enabling that pupil to attend any school in that district without the payment of a nonresident tuition charge shall be guilty of a Class C misdemeanor.

(g) The provisions of this Section are subject to the provisions of the Education for Homeless Children Act. Nothing in this Section shall be construed to apply to or require the payment of tuition by a parent or guardian of a "homeless child" (as that term is defined in Section 1-5 of the Education for Homeless Children Act) in connection with or as a result

Sec. 15-165. Disabled veterans. Property up to an assessed value of $70,000, owned and used exclusively by a disabled veteran, or the spouse or unmarried surviving spouse of the veteran, as a home, is exempt. As used in this Section, a disabled veteran means a person who has served in the Armed Forces of the United States and whose disability is of such a nature that the Federal Government has authorized payment for purchase or construction of Specially Adapted Housing as set forth in the United States Code, Title 38, Chapter 21, Section 2101.

The exemption applies to housing where Federal funds have been used to purchase or construct special adaptations to suit the veteran's disability.

The exemption also applies to housing that is specially adapted to suit the veteran's disability, and purchased entirely or in part by the proceeds of a sale, casualty loss reimbursement, or other transfer of a home for which the Federal Government had previously authorized payment for purchase or construction as Specially Adapted Housing.

However, the entire proceeds of the sale, casualty loss reimbursement, or other transfer of that housing shall be applied to the acquisition of subsequent specially adapted housing to the extent that the proceeds equal the purchase price of the subsequently acquired housing.

For purposes of this Section, "unmarried surviving spouse" means the surviving spouse of the veteran at any time after the death of the veteran during which such surviving spouse is not married.

This exemption must be reestablished on an annual basis by certification from the Illinois Department of Veterans' Affairs to the Department, which shall forward a copy of the certification to local assessing officials.

PUBLIC ACT 94-0312

(House Bill No 0551)

AN ACT concerning taxes.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Property Tax Code is amended by changing Sections 21-15, 21-20, 21-25, 21-30, and 21-310 as follows:

(35 ILCS 200/21-15)

Sec. 21-15. General tax due dates; default by mortgage lender. Except as otherwise provided in this Section or Section 21-40, all property upon which the first installment of taxes remains unpaid on June 1 annually shall be deemed delinquent and shall bear interest after June 1 at the rate of 1 1/2% per month or portion thereof. Except as otherwise provided in this Section or Section 21-40, all property upon which the second installment of taxes remains due and unpaid on September 1, annually, shall be deemed delinquent and shall bear interest after September 1 at the same interest rate. All interest collected shall be paid into the general fund of the county. Payment received by mail and postmarked on or before the required due date is not delinquent.

Property not subject to the interest charge in Section 9-260 or Section 9-265 shall also not be subject to the interest charge imposed by this Section until such time as the owner of the property receives actual notice of and is billed for the principal amount of back taxes due and owing.

If an Illinois resident who is a member of the Illinois National Guard or a reserve component of the armed forces of the United States and who has an ownership interest in property taxed under this Act is called to active duty for deployment outside the continental United States and is on active duty on the due date of any installment of taxes due under this Act, he or she shall not be deemed delinquent in the payment of the

New matter indicated by italics - deletions by strikeout
installment and no interest shall accrue or be charged as a penalty on the installment until 180 30 days after that member returns from active duty. To be deemed not delinquent in the payment of an installment of taxes and any interest on that installment, the reservist or guardsperson must make a reasonable effort to notify the county clerk and the county collector of his or her activation to active duty and must notify the county clerk and the county collector within 180 days after his or her deactivation and provide verification of the date of his or her deactivation. An installment of property taxes on the property of any reservist or guardsperson who fails to provide timely notice and verification of deactivation to the county clerk is subject to interest and penalties as delinquent taxes under this Code from the date of deactivation.

Notwithstanding any other provision of law, when any unpaid taxes become delinquent under this Section through the fault of the mortgage lender, (i) the interest assessed under this Section for delinquent taxes shall be charged against the mortgage lender and not the mortgagor and (ii) the mortgage lender shall pay the taxes, redeem the property and take all necessary steps to remove any liens accruing against the property because of the delinquency. In the event that more than one entity meets the definition of mortgage lender with respect to any mortgage, the interest shall be assessed against the mortgage lender responsible for servicing the mortgage. Unpaid taxes shall be deemed delinquent through the fault of the mortgage lender only if: (a) the mortgage lender has received all payments due the mortgage lender for the property being taxed under the written terms of the mortgage or promissory note secured by the mortgage, (b) the mortgage lender holds funds in escrow to pay the taxes, and (c) the funds are sufficient to pay the taxes after deducting all amounts reasonably anticipated to become due for all hazard insurance premiums and mortgage insurance premiums and any other assessments to be paid from the escrow under the terms of the mortgage. For purposes of this Section, an amount is reasonably anticipated to become due if it is payable within 12 months from the time of determining the sufficiency of funds held in escrow. Unpaid taxes shall not be deemed delinquent through the fault of the mortgage lender if the mortgage lender was directed in writing by the mortgagor not to pay the property taxes, or if the failure to pay the taxes when due resulted from inadequate or inaccurate parcel information provided by the mortgagor, a title or abstract company, or by the agency or unit of government assessing the tax.

New matter indicated by italics - deletions by strikeout
(a) When, upon application of the county collector, the owner of the certificate of purchase, or a municipality which owns or has owned the property ordered sold, it appears to the satisfaction of the court which ordered the property sold that any of the following subsections are applicable, the court shall declare the sale to be a sale in error:

1. The property was not subject to taxation, or all or any part of the lien of taxes sold has become null and void pursuant to Section 21-95 or unenforceable pursuant to subsection (c) of Section 18-250 or subsection (b) of Section 22-40,

2. The taxes or special assessments had been paid prior to the sale of the property,

3. There is a double assessment,

5.5 The owner of the homestead property had tendered timely and full payment to the county collector that the owner reasonably believed was due and owing on the homestead property, and the county collector did not apply the payment to the homestead property; provided that this provision applies only to homeowners, not their agents or third-party payors,

6. Prior to the tax sale a voluntary or involuntary petition has been filed by or against the legal or beneficial owner of the property requesting relief under the provisions of 11 U.S.C. Chapter 7, 11, 12, or 13, or

This paragraph (4) applies only if the owner of the certificate of purchase has made application for a sale in error at any time before the issuance of a tax deed.

c) When the county collector discovers, within one year after the date of sale if taxes were sold at an annual tax sale or within 180 days after the date of sale if taxes were sold at a scavenger tax sale, that a tax sale should not have occurred for one or more of the reasons set forth in subdivision (a)(1), (a)(2), (a)(6), or (a)(7) of this Section, the county collector shall notify the last known owner of the certificate of purchase by certified and regular mail, or other means reasonably calculated to provide actual notice, that the county collector intends to declare an administrative sale in error and of the reasons therefor, including documentation sufficient to establish the reason why the sale should not have occurred. The owner of the certificate of purchase may object in writing within 28 days after the date of the mailing by the county collector. If an objection is filed, the county collector shall not administratively declare a sale in error, but may apply to the circuit court for a sale in error as provided in subsection (a) of this Section. Thirty days following the receipt of notice by the last known owner of the certificate of purchase, or within a reasonable time thereafter, the county collector shall make a written declaration, based upon clear and convincing evidence, that the taxes were sold in error and shall deliver a copy thereof to the county clerk within 30 days after the date the declaration is made for entry in the tax judgment, sale, redemption, and forfeiture record pursuant to subsection (d) of this Section. The county collector shall promptly notify the last known owner of the certificate of purchase of the declaration by regular mail and shall promptly pay the amount of the tax sale, together with interest and costs as provided in Section 21-315, upon surrender of the original certificate of purchase.

Section 5. The Environmental Protection Act is amended by changing Section 58.8 and by adding Sections 22.2d, 22.50, and Title VI-D as follows:

(415 ILCS 5/22.2d new)
Sec. 22.2d. Authority of Director to issue orders.
(a) The purpose of this Section is to allow the Director to quickly and effectively respond to a release or substantial threat of a release of a hazardous substance, pesticide, or petroleum for which the Agency is required to give notice under Section 25d-3(a) of this Act by authorizing the Director to issue orders, unilaterally or on consent, requiring appropriate response actions and by providing for the exclusive administrative and judicial review of these orders. This Section is also intended to allow persons subject to an order under this Section to recover the costs of complying with the order if it is overturned or if they remediate the share of a release or threat of a release for which a bankrupt or insolvent party is liable under this Act.

(b) In addition to any other action taken by federal, State, or local government, for any release or substantial threat of release for which the Agency is required to give notice under Section 25d-3(a) of this Act, the Director may issue to any person who is potentially liable under this Act for the release or substantial threat of release any order that may be necessary to protect the public health and welfare and the environment.

(1) Any order issued under this Section shall require response actions consistent with the federal regulations and amendments thereto promulgated by the United States Environmental Protection Agency to implement Section 105 of CERCLA, as amended, except that the remediation objectives for response actions ordered under this Section shall be determined in accordance with the risk-based remediation objectives adopted by the Board under Title XVII of this Act.

(2) Before the Director issues any order under this Section, the Agency shall send a Special Notice Letter to all persons identified by the Agency as potentially liable under this Act for the

New matter indicated by italics - deletions by strikeout
This Special Notice Letter to the recipients shall include at a minimum the following information:

(A) that the Agency believes the recipient may be liable under the Act for responding to the release or threat of a release;

(B) the reasons why the Agency believes the recipient may be liable under the Act for the release or threat of a release; and

(C) the period of time, not less than 30 days from the date of issuance of the Special Notice Letter, during which the Agency is ready to negotiate with the recipient regarding their response to the release or threat of a release.

(3) To encourage the prompt negotiation of a settlement agreement or an order on consent with a recipient of a Special Notice Letter required under this Section, the Director shall not issue any unilateral order under this Section to the recipient during the 30 days immediately following the date of issuance of the Special Notice Letter.

(c) (1) The recipient of a unilateral order issued by the Director under this Section may petition the Board for a hearing on the order within 35 days after being served with the order. The Board shall take final action on the petition within 60 days after the date the petition is filed with the Board unless all parties to the proceeding agree to the extension. If necessary to expedite the hearing and decision, the Board may hold special meetings of the Board and may provide for alternative public notice of the hearing and meeting, other than as otherwise required by law. In any hearing on the order the Agency shall have the burden of proof to establish that the petitioner is liable under this Act for the release or threat of release and that the actions required by the order are consistent with the requirements of subsection (b)(1) of this Section. The Board shall sustain the order if the petitioner is liable under this Act for the release or threat of release and to the extent the actions ordered are consistent with the requirements of subsection (b)(1) of this Section and are not otherwise unreasonable under the circumstances.

(A) The order issued by the Agency shall remain in full force and effect pending the Board’s final action on the petition for review of the order, provided that the Board may grant a stay of all or a portion of the order if it finds that (i) there is a substantial likelihood that the petitioner is not liable under this Act for the
release or threat of release or (ii) there is a substantial likelihood that the actions required by the order are not consistent with the requirements of subsection (b)(1) of this Section and that the harm to the public from a stay of the order will be outweighed by the harm to the petitioner if a stay is not granted. Any stay granted by the Board under this subsection (c)(1)(A) shall expire upon the Board’s issuance of its final action on the petition for review of the order.

(B) If the Board finds that the petitioner is not liable under this Act for the release or threat of release it may authorize the payment of (i) all reasonable response costs incurred by the petitioner to comply with the order if it finds the petitioner's actions were consistent with the requirements of subsection (b)(1) of this Section and (ii) the petitioner's reasonable and appropriate costs, fees, and expenses incurred in petitioning the Board for review of the order, including, but not limited to, reasonable attorneys' fees and expenses.

(2) Any party to a Board hearing under this subsection (c) may obtain judicial review, by filing a petition for review within 35 days from the date that a copy of the Board's final action sought to be reviewed was served upon the party affected by the final Board action complained of, under the provisions of the Administrative Review Law and the rules adopted pursuant thereto, except that the review shall be afforded in the appellate court for the district in which the cause of action arose and not in the circuit court. The appellate court shall retain jurisdiction during the pendency of any further action conducted by the Board under an order by the appellate court. The appellate court shall have jurisdiction to review all issues of law and fact presented upon appeal.

(A) The order issued by the Agency shall remain in full force and effect pending the appellate court's ruling on the order, provided that the appellate court may grant a stay of all or a portion of the order if it finds that (i) there is a substantial likelihood that the petitioner is not liable under this Act for the release or threat of release or (ii) there is a substantial likelihood that the actions required by the order are not consistent with the requirements of subsection (b)(1) of this Section and that the harm to the public from a stay of the order will be outweighed by the harm to the petitioner if a stay is not granted. Any stay granted by the appellate court under this subsection (c)(2)(A) shall expire
upon the issuance of the appellate court's ruling on the appeal of the Board's final action.

(B) If the appellate court finds that the petitioner is not liable under this Act for the release or threat of release it may authorize the payment of (i) all reasonable response costs incurred by the petitioner to comply with the order if it finds that the petitioner's actions were consistent with the requirements of subsection (b)(1) of this Section and (ii) the petitioner's reasonable and appropriate costs, fees, and expenses incurred in petitioning the Appellate Court for review of the order, including, but not limited to, reasonable attorneys' fees and expenses.

(d) Any person who receives and complies with the terms of any order issued under this Section may, within 60 days after completion of the required action, petition the Director for reimbursement for the reasonable costs of that action, plus interest, subject to all of the following terms and conditions:

(1) The interest payable under this subsection accrues on the amounts expended from the date of expenditure to the date of payment of reimbursement at the rate set forth in Section 3-2 of the Uniform Penalty and Interest Act.

(2) If the Director refuses to grant all or part of a petition made under this subsection, the petitioner may, within 35 days after receipt of the refusal, file a petition with the Board seeking reimbursement.

(3) To obtain reimbursement, the petitioner must establish, by a preponderance of the evidence, that:

(A) the only costs for which the petitioner seeks reimbursement are costs incurred by the petitioner in remediating the share of a release or threat of a release for which a bankrupt or insolvent party is liable under this Act, the costs of the share are a fair and accurate apportionment among the persons potentially liable under this Act for the release or threat of a release, and the bankrupt or insolvent party failed to pay the costs of the share; and

(B) the petitioner's response actions were consistent with the federal regulations and amendments thereto promulgated by the Administrator of the United States Environmental Protection Agency to implement Section 105 of CERCLA, as amended, except that the remediation
objectives for response actions shall be determined in accordance with the risk-based remediation objectives adopted by the Board under Title XVII of this Act; and

(C) the costs for which the petitioner seeks reimbursement are reasonable in light of the action required by the relevant order.

(4) Reimbursement awarded by the Board under item (3) of subsection (d) may include appropriate costs, fees, and other expenses incurred in petitioning the Director or Board for reimbursement under subsection (d), including, but not limited to, reasonable fees and expenses of attorneys.

(5) Costs paid to a petitioner under a policy of insurance, another written agreement, or a court order are not eligible for payment under this subsection (d). A petitioner who receives payment under a policy of insurance, another written agreement, or a court order shall reimburse the State to the extent that such payment covers costs for which payment was received under this subsection (d). Any monies received by the State under this item (5) shall be deposited into the Hazardous Waste Fund.

(e) Except as otherwise provided in subsection (c) of this Section, no court nor the Board has jurisdiction to review any order issued under this Section or any administrative or judicial action related to the order.

(f) Except as provided in subsection (g) of this Section, any person may seek contribution from any other person who is liable for the costs of response actions under this Section. In resolving contribution claims, the Board or court may allocate response costs among liable parties using such equitable factors as the court determines are appropriate.

(g) A person who has complied with an order under this Section and has resolved their liability under this Act with respect to the release or threat of a release shall not be liable for claims for contribution relating to the release or threat of a release.

(h) The provisions of Section 58.9 of this Act do not apply to any action taken under this Section.

(i) This Section does not apply to releases or threats of releases from underground storage tanks subject to Title XVI of this Act. Orders issued by the Agency in response to such releases or threats of releases shall be issued under Section 57.12(d) of this Act instead of this Section, and the costs of complying with said orders shall be reimbursed in accordance with Title XVI of this Act instead of this Section.
(j) Any person who, without sufficient cause, willfully violates or fails or refuses to comply with any order issued under this Section is in violation of this Act.

(k) The Agency may adopt rules as necessary for the implementation of this Section.

The Agency shall take appropriate actions in response to the release, which may include, but shall not be limited to, public notices, investigations, administrative orders under Sections 22.2d or 57.12(d) of this Act, and enforcement referrals. (1) that the minor as to whom the offense is alleged to have been committed exhibited to the accused a draft card, driver's license, birth certificate or other official or apparently official document purporting to establish that the minor was 18 years of age or older, which was relied upon by the accused;

(2) that the defendant was in a parental or guardianship relationship with the minor or that the minor was accompanied by a parent or legal guardian;

(3) that the defendant was a bona fide school, museum, or public library, or was a person acting in the course of his or her employment as an employee or official of such organization or retail outlet affiliated with and serving the educational purpose of such organization;

(4) that the act charged was committed in aid of legitimate scientific or educational purposes; or

under the age of 18 and that the purchaser falsely stated that he or she was not under the age of 18: "NOTICE: It is unlawful for any person under the age of 18 to purchase the matter advertised. Any person under the age of 18 that falsely states that he or she is not under the age of 18 for the purpose of obtaining the material advertised is guilty of a Class B misdemeanor under the laws of the State."

(d) The predominant appeal to prurient interest of the material shall be judged with reference to average children of the same general age of the child to whom such material was sold, lent, distributed or given, unless it appears from the nature of the matter or the circumstances of its dissemination or distribution that it is designed for specially susceptible groups, in which case the predominant appeal of the material shall be judged with reference to its intended or probable recipient group.

(e) Distribution of harmful material in violation of this Section is a Class A misdemeanor. A second or subsequent offense is a Class 4 felony.

(f) Any person under the age of 18 that falsely states, either orally or in writing, that he or she is not under the age of 18, or that presents or offers to any person any evidence of age and identity that is false or not actually his or her own for the purpose of ordering, obtaining, viewing, or otherwise procuring or attempting to procure or view any harmful material is guilty of a Class B misdemeanor.

(a) Elements of the Offense:

A person who, with knowledge that a person is a child, that is a person under 18 years of age, or who fails to exercise reasonable care in ascertaining the true age of a child, knowingly distributes to or sends or causes to be sent to, or exhibits to, or offers to distribute or exhibit any harmful material to a child, is guilty of a misdemeanor.

(b) Definitions:

(1) Material is harmful if, to the average person, applying contemporary standards, its predominant appeal, taken as a whole, is to prurient interest, that is a shameful or morbid interest in nudity, sex, or excretion, which goes substantially beyond customary limits of candor in description or representation of such matters, and is material the redeeming social importance of which is substantially less than its prurient appeal.

(2) Material, as used in this Section means any writing; picture; record or other representation or embodiment.

(3) Distribute means to transfer possession of, whether with or without consideration.

New matter indicated by italics - deletions by strikeout
(4) Knowingly, as used in this section means having knowledge of the contents of the subject matter, or recklessly failing to exercise reasonable inspection which would have disclosed the contents thereof.

(e) Interpretation of Evidence:

The predominant appeal to prurient interest of the material shall be judged with reference to average children of the same general age of the child to whom such material was offered, distributed, sent or exhibited; unless it appears from the nature of the matter or the circumstances of its dissemination, distribution or exhibition that it is designed for specially susceptible groups, in which case the predominant appeal of the material shall be judged with reference to its intended or probable recipient group:

In prosecutions under this section, where circumstances of production, presentation, sale, dissemination, distribution, or publicity indicate the material is being commercially exploited for the sake of its prurient appeal, such evidence is probative with respect to the nature of the material and can justify the conclusion that the redeeming social importance of the material is in fact substantially less than its prurient appeal:

(d) Sentence:

Distribution of harmful material in violation of this Section is a Class A misdemeanor. A second or subsequent offense is a Class 4 felony.

(e) Affirmative Defenses:

(1) Nothing in this section shall prohibit any public library or any library operated by an accredited institution of higher education from circulating harmful material to any person under 18 years of age, provided such circulation is in aid of a legitimate scientific or educational purpose; and it shall be an affirmative defense in any prosecution for a violation of this section that the act charged was committed in aid of legitimate scientific or educational purposes:

(2) Nothing in this section shall prohibit any parent from distributing to his child any harmful material:

(3) Proof that the defendant demanded, was shown and acted in reliance upon any of the following documents as proof of the age of a child, shall be a defense to any criminal prosecution under this section: A document issued by the federal government or any state, county or municipal government or subdivision or agency thereof, including, but not limited to, a motor vehicle operator's license, a registration certificate issued under the Federal Selective Service Act or an identification card issued to a member of the armed forces:

New matter indicated by italics - deletions by strikeout
(4) In the event an advertisement of harmful material as defined in this section culminates in the sale or distribution of such harmful material to a child, under circumstances where there was no personal confrontation of the child by the defendant, his employees or agents, as where the order or request for such harmful material was transmitted by mail, telephone, or similar means of communication, and delivery of such harmful material to the child was by mail, freight, or similar means of transport, it shall be a defense in any prosecution for a violation of this section that the advertisement contained the following statement, or a statement substantially similar thereto, and that the defendant required the purchaser to certify that he was not under 18 years of age and that the purchaser falsely stated that he was not under 18 years of age: "NOTICE: It is unlawful for any person under 18 years of age to purchase the matter herein advertised. Any person under 18 years of age who falsely states that he is not under 18 years of age for the purpose of obtaining the material advertised herein, is guilty of a Class B misdemeanor under the laws of the State of Illinois."

(f) Child Falsifying Age:

Any person under 18 years of age who falsely states, either orally or in writing, that he is not under the age of 18 years, or who presents or offers to any person any evidence of age and identity which is false or not actually his own for the purpose of ordering, obtaining, viewing, or otherwise procuring or attempting to procure or view any harmful material, is guilty of a Class B misdemeanor.

Except with respect to police employment, the term "supervisor" includes only those individuals who devote a preponderance of their employment time to exercising that authority, State supervisors notwithstanding. unit determined by the Board shall not include both employees and supervisors, or supervisors only, except as provided in paragraph (2) of this subsection (s) and except for bargaining units in existence on July 1, 1984 (the effective date of this Act). With respect to non-State fire fighters and paramedics employed by fire departments and fire protection districts, non-State peace officers, and peace officers in the Department of State Police, a bargaining unit determined by the Board shall not include both supervisors and nonsupervisors, or supervisors only, except as provided in paragraph (2) of this subsection (s) and except for bargaining units in existence on January 1, 1986 (the effective date of this amendatory Act of 1985). A bargaining unit determined by the Board to contain peace officers shall contain no employees other than peace officers unless otherwise agreed to by the employer and the labor organization or labor organizations involved. Notwithstanding any other provision of this Act, a bargaining unit, including a historical bargaining unit, containing sworn peace officers of the Department of Natural Resources (formerly designated the Department of Conservation) shall contain no employees other than such sworn peace officers upon the effective date of this amendatory Act of 1990 or upon the expiration date of any collective bargaining agreement in effect upon the effective date of this amendatory Act of 1990 covering both such sworn peace officers and other employees.

(2) Notwithstanding the exclusion of supervisors from bargaining units as provided in paragraph (1) of this subsection (s), a public employer may agree to permit its supervisory employees to form bargaining units and may bargain with those units. This Act shall apply if the public employer chooses to bargain under this subsection.

 Sec. 7. Duty to bargain. A public employer and the exclusive representative have the authority and the duty to bargain collectively set forth in this Section.

For the purposes of this Act, "to bargain collectively" means the performance of the mutual obligation of the public employer or his designated representative and the representative of the public employees to meet at reasonable times, including meetings in advance of the budget-making process, and to negotiate in good faith with respect to wages,

hours, and other conditions of employment, not excluded by Section 4 of this Act, or the negotiation of an agreement, or any question arising thereunder and the execution of a written contract incorporating any agreement reached if requested by either party, but such obligation does not compel either party to agree to a proposal or require the making of a concession.

The duty "to bargain collectively" shall also include an obligation to negotiate over any matter with respect to wages, hours and other conditions of employment, not specifically provided for in any other law or not specifically in violation of the provisions of any law. If any other law pertains, in part, to a matter affecting the wages, hours and other conditions of employment, such other law shall not be construed as limiting the duty "to bargain collectively" and to enter into collective bargaining agreements containing clauses which either supplement, implement, or relate to the effect of such provisions in other laws.

The duty "to bargain collectively" shall also include negotiations as to the terms of a collective bargaining agreement. The parties may, by mutual agreement, provide for arbitration of impasses resulting from their inability to agree upon wages, hours and terms and conditions of employment to be included in a collective bargaining agreement. Such arbitration provisions shall be subject to the Illinois "Uniform Arbitration Act" unless agreed by the parties.

The duty "to bargain collectively" shall also mean that no party to a collective bargaining contract shall terminate or modify such contract, unless the party desiring such termination or modification:

(1) serves a written notice upon the other party to the contract of the proposed termination or modification 60 days prior to the expiration date thereof, or in the event such contract contains no expiration date, 60 days prior to the time it is proposed to make such termination or modification;

(2) offers to meet and confer with the other party for the purpose of negotiating a new contract or a contract containing the proposed modifications;

(3) notifies the Board within 30 days after such notice of the existence of a dispute, provided no agreement has been reached by that time; and

(4) continues in full force and effect, without resorting to strike or lockout, all the terms and conditions of the existing contract for a period of 60 days after such notice is given to the other party or until the expiration date of such contract, whichever occurs later.

New matter indicated by italics - deletions by strikeout
The duties imposed upon employers, employees and labor organizations by paragraphs (2), (3) and (4) shall become inapplicable upon an intervening certification of the Board, under which the labor organization, which is a party to the contract, has been superseded as or ceased to be the exclusive representative of the employees pursuant to the provisions of subsection (a) of Section 9, and the duties so imposed shall not be construed as requiring either party to discuss or agree to any modification of the terms and conditions contained in a contract for a fixed period, if such modification is to become effective before such terms and conditions can be reopened under the provisions of the contract.

Collective bargaining for personal care attendants and personal assistants under the Home Services Program shall be limited to the terms and conditions of employment under the State's control, as defined in the amendatory Act of the 93rd General Assembly.

Collective bargaining for child and day care home providers under the child care assistance program shall be limited to the terms and conditions of employment under the State's control, as defined in this amendatory Act of the 94th General Assembly.

Section 10. The Illinois Public Aid Code is amended by changing Section 9A-11 as follows:

(305 ILCS 5/9A-11) (from Ch. 23, par. 9A-11)
Sec. 9A-11. Child Care.

(a) The General Assembly recognizes that families with children need child care in order to work. Child care is expensive and families with low incomes, including those who are transitioning from welfare to work, often struggle to pay the costs of day care. The General Assembly understands the importance of helping low income working families become and remain self-sufficient. The General Assembly also believes that it is the responsibility of families to share in the costs of child care. It is also the preference of the General Assembly that all working poor families should be treated equally, regardless of their welfare status.

(b) To the extent resources permit, the Illinois Department shall provide child care services to parents or other relatives as defined by rule who are working or participating in employment or Department approved education or training programs. At a minimum, the Illinois Department shall cover the following categories of families:

(1) recipients of TANF under Article IV participating in work and training activities as specified in the personal plan for employment and self-sufficiency;

New matter indicated by italics - deletions by strikeout
(2) families transitioning from TANF to work;
(3) families at risk of becoming recipients of TANF;
(4) families with special needs as defined by rule; and
(5) working families with very low incomes as defined by rule.

The Department shall specify by rule the conditions of eligibility, the application process, and the types, amounts, and duration of services. Eligibility for child care benefits and the amount of child care provided may vary based on family size, income, and other factors as specified by rule.

In determining income eligibility for child care benefits, the Department annually, at the beginning of each fiscal year, shall establish, by rule, one income threshold for each family size, in relation to percentage of State median income for a family of that size, that makes families with incomes below the specified threshold eligible for assistance and families with incomes above the specified threshold ineligible for assistance. The specified threshold must be no less than 50% of the then-current State median income for each family size.

In determining eligibility for assistance, the Department shall not give preference to any category of recipients or give preference to individuals based on their receipt of benefits under this Code.

The Department shall allocate $7,500,000 annually for a test program for families who are income-eligible for child care assistance, who are not recipients of TANF under Article IV, and who need child care assistance to participate in education and training activities. The Department shall specify by rule the conditions of eligibility for this test program.

Nothing in this Section shall be construed as conferring entitlement status to eligible families.

The Illinois Department is authorized to lower income eligibility ceilings, raise parent co-payments, create waiting lists, or take such other actions during a fiscal year as are necessary to ensure that child care benefits paid under this Article do not exceed the amounts appropriated for those child care benefits. These changes may be accomplished by emergency rule under Section 5-45 of the Illinois Administrative Procedure Act, except that the limitation on the number of emergency rules that may be adopted in a 24-month period shall not apply.

The Illinois Department may contract with other State agencies or child care organizations for the administration of child care services.

(c) Payment shall be made for child care that otherwise meets the requirements of this Section and applicable standards of State and local
law and regulation, including any requirements the Illinois Department promulgates by rule in addition to the licensure requirements promulgated by the Department of Children and Family Services and Fire Prevention and Safety requirements promulgated by the Office of the State Fire Marshal and is provided in any of the following:

(1) a child care center which is licensed or exempt from licensure pursuant to Section 2.09 of the Child Care Act of 1969;
(2) a licensed child care home or home exempt from licensing;
(3) a licensed group child care home;
(4) other types of child care, including child care provided by relatives or persons living in the same home as the child, as determined by the Illinois Department by rule.

(b-5) Solely for the purposes of coverage under the Illinois Public Labor Relations Act, child and day care home providers, including licensed and license exempt, participating in the Department’s child care assistance program shall be considered to be public employees and the State of Illinois shall be considered to be their employer as of the effective date of this amendatory Act of the 94th General Assembly, but not before. The State shall engage in collective bargaining with an exclusive representative of child and day care home providers participating in the child care assistance program concerning their terms and conditions of employment that are within the State’s control. Nothing in this subsection shall be understood to limit the right of families receiving services defined in this Section to select child and day care home providers or supervise them within the limits of this Section. The State shall not be considered to be the employer of child and day care home providers for any purposes not specifically provided in this amendatory Act of the 94th General Assembly, including but not limited to, purposes of vicarious liability in tort and purposes of statutory retirement or health insurance benefits. Child and day care home providers shall not be covered by the State Employees Group Insurance Act of 1971.

In according child and day care home providers and their selected representative rights under the Illinois Public Labor Relations Act, the State intends that the State action exemption to application of federal and State antitrust laws be fully available to the extent that their activities are authorized by this amendatory Act of the 94th General Assembly.

(d) The Illinois Department shall, by rule, require co-payments for child care services by any parent, including parents whose only income is from assistance under this Code. The co-payment shall be assessed based

New matter indicated by italics - deletions by strikeout
on a sliding scale based on family income, family size, and the number of
children in care. Co-payments shall not be increased due solely to a change
in the methodology for counting family income.

(e) The Illinois Department shall conduct a market rate survey
based on the cost of care and other relevant factors which shall be
completed by July 1, 1998.

(f) The Illinois Department shall, by rule, set rates to be paid for
the various types of child care. Child care may be provided through one of
the following methods:

(1) arranging the child care through eligible providers by
use of purchase of service contracts or vouchers;
(2) arranging with other agencies and community volunteer
groups for non-reimbursed child care;
(3) (blank); or
(4) adopting such other arrangements as the Department
determines appropriate.

(f-5) The Illinois Department, in consultation with its Child Care
and Development Advisory Council, shall develop a comprehensive plan
to revise the State's rates for the various types of child care. The plan shall
be completed no later than January 1, 2005 and shall include:

(1) Base reimbursement rates that are adequate to
provide children receiving child care services from the
Department equal access to quality child care, utilizing data
from the most current market rate survey.

(2) A tiered reimbursement rate system that
financially rewards providers of child care services that
meet defined benchmarks of higher-quality care.

(3) Consideration of revisions to existing county
groupings and age classifications, utilizing data from the
most current market rate survey.

(4) Consideration of special rates for certain types
of care such as caring for a child with a disability.

(g) Families eligible for assistance under this Section shall be given
the following options:

(1) receiving a child care certificate issued by the
Department or a subcontractor of the Department that may be used
by the parents as payment for child care and development services
only; or

(2) if space is available, enrolling the child with a child care
provider that has a purchase of service contract with the

Department or a subcontractor of the Department for the provision of child care and development services. The Department may identify particular priority populations for whom they may request special consideration by a provider with purchase of service contracts, provided that the providers shall be permitted to maintain a balance of clients in terms of household incomes and families and children with special needs, as defined by rule.

PUBLIC ACT 94-0321
(House Bill No 1480)

AN ACT concerning labor.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Labor Dispute Act is amended by adding Sections 1.2, 1.3, 1.4, and 1.5 as follows:

(820 ILCS 5/1.2 new)

Sec. 1.2. Legislative findings and declaration. The General Assembly finds that a union, union members, sympathizers, and an employer's employees have a right to communicate their dispute with a primary employer to the public by picketing the primary employer wherever they happen to be. The picketing may take place not only at the employer's main facility, but at job sites as well. The General Assembly recognizes that peaceful primary picketing of any type is explicitly permitted by statute pursuant to the National Labor Relations Act, 29 U.S.C. 151 et seq., and the Labor Management Relations Act, 29 U.S.C. 141 et seq., including the right to engage in other concerted activities for the purpose of collective bargaining or other mutual aid or protection as provided in 29 U.S.C. 157 et seq.

(820 ILCS 5/1.3 new)

Sec. 1.3. Definitions. As used in Section 1.2 through 1.5:

"Employee" means any individual permitted to work by an employer in an occupation.

"Employer" means any individual, partnership, association, corporation, business trust, governmental or quasi-governmental body, or any person or group of persons that employs any person to work, labor, or
exercise skill in connection with the operation of any business, industry, vocation, or occupation.

"Picketing" means the stationing of a person for an organization to apprise the public by signs or other means of the existence of a dispute pursuant to the National Labor Relations Act, 29 U.S.C. 151 et seq., and the Labor Management Relations Act, 29 U.S.C. 141 et seq.

"Dispute" includes any controversy concerning terms or conditions of employment, or concerning the association or representation of persons in negotiating, fixing, maintaining, changing, or seeking to arrange terms or conditions of employment or other protest, regardless of whether or not the disputants stand in the proximate relationship of employer and employee.

"Public right of way" means that portion of the highway or street adjacent to the roadway for accommodating stopped vehicles or for emergency use; or that portion of a street between the curb lines, or the lateral lines of a roadway, and the adjacent property lines.

"Temporary sign" means a sign or other display or device that is not permanently affixed and is capable of being removed at the end of each day or shift.

"Temporary shelter" means a tent or shelter that is not permanently affixed and is capable of being removed at the end of each day or shift, not to exceed 300 square feet in size.

(820 ILCS 5/1.4 new)

Sec. 1.4. Use of public right of way.

(a) Persons engaged in picketing shall be allowed to use public rights of way to apprise the public of the existence of a dispute for the following:

(1) The purposes of picketing.

(2) The erection of temporary signs announcing their dispute.

(3) The parking of at least one vehicle on the public right of way. Nothing in this Section shall require the accommodation of parking more than 10 vehicles on the public right of way. This Section shall not be construed to allow the blocking of fire hydrants. Picketers shall ensure that water mains, sewers, and other utilities are accessible for construction, maintenance, and emergency repair work.

(4) The erection of tents or other temporary shelter for the health, welfare, personal safety, and well-being of picketers.

New matter indicated by italics - deletions by strikeout
(b) Any signs, tents, or temporary shelters shall be removed at the end of each day when the picketing has ceased. Signs, tents, or temporary shelters may be maintained so long as individuals participating in the labor dispute are present.

(c) This Section shall not be construed to allow the erection of a tent or shelter or parking of a vehicle where there is insufficient space on the public right of way. This Section shall not be construed to allow the erection of a tent or shelter on the right of way of any Class I highway as defined in Section 1-126.1 of the Illinois Vehicle Code. Picketers shall ensure that a reasonable walkway exists for pedestrians and others to pass by the picketing activities. Persons using the right of way under this Section shall make reasonable attempts to keep the area free from garbage and significant damage.

(d) No sign, tent, or temporary shelter may be erected or maintained in such a manner as to obscure or otherwise physically interfere with an official traffic sign, signal, or device or to obstruct or physically interfere with a driver's view of approaching, merging, or intersecting traffic. The burden of proof shall rest on the unit of local government making such a claim. If a court determines that a sign, tent, or temporary shelter does not obscure or otherwise physically interfere with an official traffic sign, signal, or device or obstruct or physically interfere with a driver's view of approaching, merging, or intersecting traffic, the unit of local government is liable for all costs and attorney's fees.

(820 ILCS 5/1.5 new)

Sec. 1.5. Preemption. The provisions of any ordinance or resolution adopted before, on, or after the effective date of this amendatory Act of the 94th General Assembly by any unit of local government that impose restrictions or limitations on the picketing of an employer in a manner inconsistent with this Act are invalid, and existing ordinances and resolutions, as they apply to picketing, are void. It is declared to be the policy of this State that the regulation of picketing is an exclusive power and function of the State. A home rule unit may not regulate picketing. This Section is a denial and limitation of home rule powers and functions under subsection (h) of Section 6 of Article VII of the Illinois Constitution.

PUBLIC ACT 94-0326
(House Bill No 0823)

AN ACT concerning human rights.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Human Rights Act is amended by changing Sections 7A-102 and 7B-102 as follows:

New matter indicated by italics - deletions by strikeout
Sec. 7A-102. Procedures.

(A) Charge.

(1) Within 180 days after the date that a civil rights violation allegedly has been committed, a charge in writing under oath or affirmation may be filed with the Department by an aggrieved party or issued by the Department itself under the signature of the Director.

(2) The charge shall be in such detail as to substantially apprise any party properly concerned as to the time, place, and facts surrounding the alleged civil rights violation.

(B) Notice, and Response, and Review of Charge. The Department shall, within 10 days of the date on which the charge was filed, serve a copy of the charge on the respondent. This period shall not be construed to be jurisdictional. The charging party and the respondent may each file a position statement and other materials with the Department regarding the charge of alleged discrimination within 60 days of receipt of the notice of the charge. The position statements and other materials filed shall remain confidential unless otherwise agreed to by the party providing the information and shall not be served on or made available to the other party during pendency of a charge with the Department. The Department shall require the respondent to file a verified response to the allegations contained in the charge within 60 days of receipt of the notice of the charge. The respondent shall serve a copy of its response on the complainant or his representative. All allegations contained in the charge not timely denied by the respondent shall be deemed admitted, unless the respondent states that it is without sufficient information to form a belief with respect to such allegation. The Department may issue a notice of default directed to any respondent who fails to file a verified response to a charge within 60 days of receipt of the notice of the charge, unless the respondent can demonstrate good cause as to why such notice should not issue. The term "good cause" shall be defined by rule promulgated by the Department. Within 30 days of receipt of the respondent's response, the complainant may file a reply to said response and shall serve a copy of said reply on the respondent or his representative. A party shall have the right to supplement his response or reply at any time that the investigation of the charge is pending. The Department shall, within 10 days of the date on which the charge was filed, and again no later than 335 days thereafter, send by certified or registered mail written notice to the complainant and to the respondent informing the complainant of the right to file a

New matter indicated by italics - deletions by strikeout
complaint with the Human Rights Commission under subparagraph (2) of paragraph (G), including in such notice the dates within which the complainant may exercise this right. In the notice the Department shall notify the complainant that the charge of civil rights violation will be dismissed with prejudice and with no right to further proceed if a written complaint is not timely filed with the Commission by the complainant pursuant to subparagraph (2) of paragraph (G) or by the Department pursuant to subparagraph (1) of paragraph (G).

(B-1) Mediation. The complainant and respondent may agree to voluntarily submit the charge to mediation without waiving any rights that are otherwise available to either party pursuant to this Act and without incurring any obligation to accept the result of the mediation process. Nothing occurring in mediation shall be disclosed by the Department or admissible in evidence in any subsequent proceeding unless the complainant and the respondent agree in writing that such disclosure be made.

(C) Investigation.

(1) After the respondent has been notified, the Department shall conduct a full investigation of the allegations set forth in the charge.

(2) The Director or his or her designated representatives shall have authority to request any member of the Commission to issue subpoenas to compel the attendance of a witness or the production for examination of any books, records or documents whatsoever.

(3) If any witness whose testimony is required for any investigation resides outside the State, or through illness or any other good cause as determined by the Director is unable to be interviewed by the investigator or appear at a fact finding conference, his or her testimony or deposition may be taken, within or without the State, in the same manner as is provided for in the taking of depositions in civil cases in circuit courts.

(4) Upon reasonable notice to the complainant and the respondent, the Department shall conduct a fact finding conference prior to 365 days after the date on which the charge was filed, unless the Director has determined whether there is substantial evidence that the alleged civil rights violation has been committed or the charge has been dismissed for lack of jurisdiction. If the parties agree in writing, the fact finding conference may be held at a time after the 365 day limit. Any party's failure to attend the
conference without good cause shall result in dismissal or default. The term "good cause" shall be defined by rule promulgated by the Department. A notice of dismissal or default shall be issued by the Director and shall notify the relevant party that a request for review may be filed in writing with the Chief Legal Counsel of the Department within 30 days of receipt of notice of dismissal or default.

(D) Report.

(1) Each charge shall be the subject of a report to the Director. The report shall be a confidential document subject to review by the Director, authorized Department employees, the parties, and, where indicated by this Act, members of the Commission or their designated hearing officers.

(2) Upon review of the report, the Director shall determine whether there is substantial evidence that the alleged civil rights violation has been committed. The determination of substantial evidence is limited to determining the need for further consideration of the charge pursuant to this Act and includes, but is not limited to, findings of fact and conclusions, as well as the reasons for the determinations on all material issues and questions of credibility. Substantial evidence is evidence which a reasonable mind accepts as sufficient to support a particular conclusion and which consists of more than a mere scintilla but may be somewhat less than a preponderance.

(a) If the Director determines that there is no substantial evidence, the charge shall be dismissed by order of the Director and the complainant notified that he or she may seek review of the dismissal order before the Chief Legal Counsel of the Department. The complainant shall have 30 days from receipt of notice to file a request for review by the Chief Legal Counsel of the Department.

(b) If the Director determines that there is substantial evidence, he or she shall designate a Department employee who is an attorney licensed to practice in Illinois to endeavor to eliminate the effect of the alleged civil rights violation and to prevent its repetition by means of conference and conciliation.

(E) Conciliation.

(1) When the Department determines that a formal conciliation conference is necessary, the complainant and
respondent shall be notified of the time and place of the conference by registered or certified mail at least 10 days prior thereto and either or both parties shall appear at the conference in person or by attorney.

(2) The place fixed for the conference shall be within 35 miles of the place where the civil rights violation is alleged to have been committed.

(3) Nothing occurring at the conference shall be disclosed by the Department unless the complainant and respondent agree in writing that such disclosure be made.

(F) Complaint.

(1) When there is a failure to settle or adjust any charge through conciliation, the Department shall prepare a written complaint, under oath or affirmation, stating the nature of the civil rights violation substantially as alleged in the charge previously filed and the relief sought on behalf of the aggrieved party.

(2) The complaint shall be filed with the Commission.

(G) Time Limit.

(1) When a charge of a civil rights violation has been properly filed, the Department, within 365 days thereof or within any extension of that period agreed to in writing by all parties, shall either issue and file a complaint in the manner and form set forth in this Section or shall order that no complaint be issued and dismiss the charge with prejudice without any further right to proceed except in cases in which the order was procured by fraud or duress. Any such order shall be duly served upon both the complainant and the respondent.

(2) Between 365 and 395 days after the charge is filed, or such longer period agreed to in writing by all parties, the aggrieved party may file a complaint with the Commission, if the Director has not sooner issued a report and determination pursuant to paragraphs (D)(1) and (D)(2) of this Section. The form of the complaint shall be in accordance with the provisions of paragraph (F). The aggrieved party shall notify the Department that a complaint has been filed and shall serve a copy of the complaint on the Department on the same date that the complaint is filed with the Commission.

(3) If an aggrieved party files a complaint with the Human Rights Commission pursuant to paragraph (2) of this subsection, or if the time period for filing a complaint has expired, the

New matter indicated by italics - deletions by strikeout
Department shall immediately cease its investigation and dismiss the charge of civil rights violation. Any final order entered by the Chief Legal Counsel under this Section is appealable in accordance with paragraph (A)(1) of Section 8-111. Failure to immediately cease an investigation and dismiss the charge of civil rights violation as provided in this paragraph (3) constitutes grounds for entry of an order by the circuit court permanently enjoining the investigation. The Department may also be liable for any costs and other damages incurred by the respondent as a result of the action of the Department.

(4) The Department shall stay any administrative proceedings under this Section after the filing of a civil action by or on behalf of the aggrieved party under any federal or State law seeking relief with respect to the alleged civil rights violation.

(H) This amendatory Act of 1995 applies to causes of action filed on or after January 1, 1996.

(I) This amendatory Act of 1996 applies to causes of action filed on or after January 1, 1996.

(775 ILCS 5/7B-102)(from Ch. 68, par. 7B-102)

Sec. 7B-102. Procedures.

(A) Charge.

(1) Within one year after the date that a civil rights violation allegedly has been committed or terminated, a charge in writing under oath or affirmation may be filed with the Department by an aggrieved party or issued by the Department itself under the signature of the Director.

(2) The charge shall be in such detail as to substantially apprise any party properly concerned as to the time, place, and facts surrounding the alleged civil rights violation.

(B) Notice and Response to Charge.

(1) The Department shall serve notice upon the aggrieved party acknowledging such charge and advising the aggrieved party of the time limits and choice of forums provided under this Act. The Department shall, within 10 days of the date on which the charge was filed or the identification of an additional respondent under paragraph (2) of this subsection, serve on the respondent a copy of the charge along with a notice identifying the alleged civil rights violation and advising the respondent of the procedural rights and obligations of respondents under this Act and shall
require the respondent to file a verified response to the allegations contained in the charge within 30 days. The respondent shall serve a copy of its response on the complainant or his representative. All allegations contained in the charge not timely denied by the respondent shall be deemed admitted, unless the respondent states that it is without sufficient information to form a belief with respect to such allegation. The Department may issue a notice of default directed to any respondent who fails to file a verified response to a charge within 30 days of the date on which the charge was filed, unless the respondent can demonstrate good cause as to why such notice should not issue. The term "good cause" shall be defined by rule promulgated by the Department. Within 10 days of the date he receives the respondent's response, the complainant may file his reply to said response. If he chooses to file a reply, the complainant shall serve a copy of said reply on the respondent or his representative. A party shall have the right to supplement his response or reply at any time that the investigation of the charge is pending.

(2) A person who is not named as a respondent in a charge, but who is identified as a respondent in the course of investigation, may be joined as an additional or substitute respondent upon written notice, under subsection (B), to such person, from the Department. Such notice, in addition to meeting the requirements of subsections (A) and (B), shall explain the basis for the Department's belief that a person to whom the notice is addressed is properly joined as a respondent.

(C) Investigation.

(1) The Department shall conduct a full investigation of the allegations set forth in the charge and complete such investigation within 100 days after the filing of the charge, unless it is impracticable to do so.

(2) If the Department is unable to complete the investigation within 100 days after the charge is filed, the Department shall notify the complainant and respondent in writing of the reasons for not doing so.

(3) The Director or his or her designated representative shall have authority to request any member of the Commission to issue subpoenas to compel the attendance of a witness or the production for examination of any books, records or documents whatsoever.

New matter indicated by italics - deletions by strikeout
(4) If any witness whose testimony is required for any investigation resides outside the State, or through illness or any other good cause as determined by the Director is unable to be interviewed by the investigator or appear at a fact finding conference, his or her testimony or deposition may be taken, within or without the State, in the same manner as provided for in the taking of depositions in civil cases in circuit courts.

(5) Upon reasonable notice to the complainant and the respondent, the Department shall conduct a fact finding conference, unless prior to 100 days from the date on which the charge was filed, the Director has determined whether there is substantial evidence that the alleged civil rights violation has been committed. A party's failure to attend the conference without good cause may result in dismissal or default. A notice of dismissal or default shall be issued by the Director and shall notify the relevant party that a request for review may be filed in writing with the Chief Legal Counsel of the Department within 30 days of receipt of notice of dismissal or default.

(D) Report.

(1) Each investigated charge shall be the subject of a report to the Director. The report shall be a confidential document subject to review by the Director, authorized Department employees, the parties, and, where indicated by this Act, members of the Commission or their designated hearing officers.

The report shall contain:
   (a) the names and dates of contacts with witnesses;
   (b) a summary and the date of correspondence and other contacts with the aggrieved party and the respondent;
   (c) a summary description of other pertinent records;
   (d) a summary of witness statements; and
   (e) answers to questionnaires.

A final report under this paragraph may be amended if additional evidence is later discovered.

(2) Upon review of the report and within 100 days of the filing of the charge, unless it is impracticable to do so, the Director shall determine whether there is substantial evidence that the alleged civil rights violation has been committed or is about to be committed. If the Director is unable to make the determination within 100 days after the filing of the charge, the Director shall

notify the complainant and respondent in writing of the reasons for not doing so.

(a) If the Director determines that there is no substantial evidence, the charge shall be dismissed and the aggrieved party notified that he or she may seek review of the dismissal order before the Commission. The aggrieved party shall have 30 days from receipt of notice to file a request for review by the Chief Legal Counsel of the Department. The Director shall make public disclosure of each such dismissal.

(b) If the Director determines that there is substantial evidence, he or she shall immediately issue a complaint on behalf of the aggrieved party pursuant to subsection (F).

(E) Conciliation.

(1) During the period beginning with the filing of charge and ending with the filing of a complaint or a dismissal by the Department, the Department shall, to the extent feasible, engage in conciliation with respect to such charge.

When the Department determines that a formal conciliation conference is feasible, the aggrieved party and respondent shall be notified of the time and place of the conference by registered or certified mail at least 7 days prior thereto and either or both parties shall appear at the conference in person or by attorney.

(2) The place fixed for the conference shall be within 35 miles of the place where the civil rights violation is alleged to have been committed.

(3) Nothing occurring at the conference shall be made public or used as evidence in a subsequent proceeding for the purpose of proving a violation under this Act unless the complainant and respondent agree in writing that such disclosure be made.

(4) A conciliation agreement arising out of such conciliation shall be an agreement between the respondent and the complainant, and shall be subject to approval by the Department and Commission.

(5) A conciliation agreement may provide for binding arbitration of the dispute arising from the charge. Any such arbitration that results from a conciliation agreement may award appropriate relief, including monetary relief.

New matter indicated by italics - deletions by strikeout
(6) Each conciliation agreement shall be made public unless the complainant and respondent otherwise agree and the Department determines that disclosure is not required to further the purpose of this Act.

(F) Complaint.

(1) When there is a failure to settle or adjust any charge through a conciliation conference and the charge is not dismissed, the Department shall prepare a written complaint, under oath or affirmation, stating the nature of the civil rights violation and the relief sought on behalf of the aggrieved party. Such complaint shall be based on the final investigation report and need not be limited to the facts or grounds alleged in the charge filed under subsection (A).

(2) The complaint shall be filed with the Commission.

(3) The Department may not issue a complaint under this Section regarding an alleged civil rights violation after the beginning of the trial of a civil action commenced by the aggrieved party under any State or federal law, seeking relief with respect to that alleged civil rights violation.

(G) Time Limit.

(1) When a charge of a civil rights violation has been properly filed, the Department, within 100 days thereof, unless it is impracticable to do so, shall either issue and file a complaint in the manner and form set forth in this Section or shall order that no complaint be issued. Any such order shall be duly served upon both the aggrieved party and the respondent.

(2) The Director shall make available to the aggrieved party and the respondent, at any time, upon request following completion of the Department's investigation, information derived from an investigation and any final investigative report relating to that investigation.

(H) This amendatory Act of 1995 applies to causes of action filed on or after January 1, 1996.

The General Assembly finds that in order to protect the public, the criminal justice system must compel compliance with the conditions of probation by responding to violations with swift, certain and fair punishments and intermediate sanctions. The Chief Judge of each circuit shall adopt a system of structured, intermediate sanctions for violations of the terms and conditions of a sentence of probation, conditional discharge or disposition of supervision.

(a) Except where specifically prohibited by other provisions of this Code, the court shall impose a sentence of probation or conditional discharge upon an offender unless, having regard to the nature and circumstance of the offense, and to the history, character and condition of the offender, the court is of the opinion that:

(1) his imprisonment or periodic imprisonment is necessary for the protection of the public; or

(2) probation or conditional discharge would deprecate the seriousness of the offender's conduct and would be inconsistent with the ends of justice; or

New matter indicated by italics - deletions by strikeout
(3) a combination of imprisonment with concurrent or consecutive probation when an offender has been admitted into a drug court program under Section 20 of the Drug Court Treatment Act is necessary for the protection of the public and for the rehabilitation of the offender.

The court shall impose as a condition of a sentence of probation, conditional discharge, or supervision, that the probation agency may invoke any sanction from the list of intermediate sanctions adopted by the chief judge of the circuit court for violations of the terms and conditions of the sentence of probation, conditional discharge, or supervision, subject to the provisions of Section 5-6-4 of this Act.

(b) The court may impose a sentence of conditional discharge for an offense if the court is of the opinion that neither a sentence of imprisonment nor of periodic imprisonment nor of probation supervision is appropriate.

(c) The court may, upon a plea of guilty or a stipulation by the defendant of the facts supporting the charge or a finding of guilt, defer further proceedings and the imposition of a sentence, and enter an order for supervision of the defendant, if the defendant is not charged with: (i) a Class A misdemeanor, as defined by the following provisions of the Criminal Code of 1961: Sections 12-3.2; 12-15; 26-5; 31-1; 31-6; 31-7; subsections (b) and (c) of Section 21-1; paragraph (1) through (5), (8), (10), and (11) of subsection (a) of Section 24-1; (ii) a Class A misdemeanor violation of Section 3.01, 3.03-1, or 4.01 of the Humane Care for Animals Act; or (iii) felony. If the defendant is not barred from receiving an order for supervision as provided in this subsection, the court may enter an order for supervision after considering the circumstances of the offense, and the history, character and condition of the offender, if the court is of the opinion that:

(1) the offender is not likely to commit further crimes;
(2) the defendant and the public would be best served if the defendant were not to receive a criminal record; and
(3) in the best interests of justice an order of supervision is more appropriate than a sentence otherwise permitted under this Code.

(d) The provisions of paragraph (c) shall not apply to a defendant charged with violating Section 11-501 of the Illinois Vehicle Code or a similar provision of a local ordinance when the defendant has previously been:

The court shall consider the statement of the prosecuting authority with regard to the standards set forth in this Section.

(1) unless the defendant, upon payment of the fines, penalties, and costs provided by law, agrees to attend and successfully complete a traffic safety program approved by the court under standards set by the Conference of Chief Circuit Judges. The accused shall be responsible for payment of any traffic safety program fees. If the accused fails to file a certificate of successful completion on or before the termination date of the supervision order, the supervision shall be summarily revoked and conviction entered. The provisions of Supreme Court Rule 402 relating to pleas of guilty do not apply in cases when a defendant enters a guilty plea under this provision; or

(20 ILCS 105/4.02) (from Ch. 23, par. 6104.02)

Sec. 4.02. The Department shall establish a program of services to prevent unnecessary institutionalization of persons age 60 and older in need of long term care or who are established as persons who suffer from Alzheimer's disease or a related disorder under the Alzheimer's Disease Assistance Act, thereby enabling them to remain in their own homes or in other living arrangements. Such preventive services, which may be coordinated with other programs for the aged and monitored by area agencies on aging in cooperation with the Department, may include, but are not limited to, any or all of the following:

(a) home health services;
(b) home nursing services;
(c) homemaker services;

New matter indicated by italics - deletions by strikeout
(d) chore and housekeeping services;
(e) day care services;
(f) home-delivered meals;
(g) education in self-care;
(h) personal care services;
(i) adult day health services;
(j) habilitation services;
(k) respite care;
(k-5) community reintegration services;
(l) other nonmedical social services that may enable the person to become self-supporting; or
(m) clearinghouse for information provided by senior citizen home owners who want to rent rooms to or share living space with other senior citizens.

The Department shall establish eligibility standards for such services taking into consideration the unique economic and social needs of the target population for whom they are to be provided. Such eligibility standards shall be based on the recipient's ability to pay for services; provided, however, that in determining the amount and nature of services for which a person may qualify, consideration shall not be given to the value of cash, property or other assets held in the name of the person's spouse pursuant to a written agreement dividing marital property into equal but separate shares or pursuant to a transfer of the person's interest in a home to his spouse, provided that the spouse's share of the marital property is not made available to the person seeking such services.

Beginning July 1, 2002, the Department shall require as a condition of eligibility that all financially eligible applicants and recipients apply for medical assistance under Article V of the Illinois Public Aid Code in accordance with rules promulgated by the Department.

The Department shall, in conjunction with the Department of Public Aid, seek appropriate amendments under Sections 1915 and 1924 of the Social Security Act. The purpose of the amendments shall be to extend eligibility for home and community based services under Sections 1915 and 1924 of the Social Security Act to persons who transfer to or for the benefit of a spouse those amounts of income and resources allowed under Section 1924 of the Social Security Act. Subject to the approval of such amendments, the Department shall extend the provisions of Section 5-4 of the Illinois Public Aid Code to persons who, but for the provision of home or community-based services, would require the level of care provided in an institution, as is provided for in federal law. Those persons

New matter indicated by italics - deletions by strikeout
no longer found to be eligible for receiving noninstitutional services due to changes in the eligibility criteria shall be given 60 days notice prior to actual termination. Those persons receiving notice of termination may contact the Department and request the determination be appealed at any time during the 60 day notice period. With the exception of the lengthened notice and time frame for the appeal request, the appeal process shall follow the normal procedure. In addition, each person affected regardless of the circumstances for discontinued eligibility shall be given notice and the opportunity to purchase the necessary services through the Community Care Program. If the individual does not elect to purchase services, the Department shall advise the individual of alternative services. The target population identified for the purposes of this Section are persons age 60 and older with an identified service need. Priority shall be given to those who are at imminent risk of institutionalization. The services shall be provided to eligible persons age 60 and older to the extent that the cost of the services together with the other personal maintenance expenses of the persons are reasonably related to the standards established for care in a group facility appropriate to the person's condition. These non-institutional services, pilot projects or experimental facilities may be provided as part of or in addition to those authorized by federal law or those funded and administered by the Department of Human Services. The Departments of Human Services, Public Aid, Public Health, Veterans' Affairs, and Commerce and Economic Opportunity and other appropriate agencies of State, federal and local governments shall cooperate with the Department on Aging in the establishment and development of the non-institutional services. The Department shall require an annual audit from all chore/housekeeping and homemaker vendors contracting with the Department under this Section. The annual audit shall assure that each audited vendor's procedures are in compliance with Department's financial reporting guidelines requiring a 27% administrative cost split and a 73% employee wages and benefits cost split. The audit is a public record under the Freedom of Information Act. The Department shall execute, relative to the nursing home prescreening project, written inter-agency agreements with the Department of Human Services and the Department of Public Aid, to effect the following: (1) intake procedures and common eligibility criteria for those persons who are receiving non-institutional services; and (2) the establishment and development of non-institutional services in areas of the State where they are not currently available or are undeveloped. On and after July 1, 1996, all nursing home prescreenings
for individuals 60 years of age or older shall be conducted by the Department.

As part of the Department on Aging's routine training of case managers and case manager supervisors, the Department may include information on family futures planning for persons who are age 60 or older and who are caregivers of their adult children with developmental disabilities. The content of the training shall be at the Department's discretion.

The Department is authorized to establish a system of recipient copayment for services provided under this Section, such copayment to be based upon the recipient's ability to pay but in no case to exceed the actual cost of the services provided. Additionally, any portion of a person's income which is equal to or less than the federal poverty standard shall not be considered by the Department in determining the copayment. The level of such copayment shall be adjusted whenever necessary to reflect any change in the officially designated federal poverty standard.

The Department, or the Department's authorized representative, shall recover the amount of moneys expended for services provided to or in behalf of a person under this Section by a claim against the person's estate or against the estate of the person's surviving spouse, but no recovery may be had until after the death of the surviving spouse, if any, and then only at such time when there is no surviving child who is under age 21, blind, or permanently and totally disabled. This paragraph, however, shall not bar recovery, at the death of the person, of moneys for services provided to the person or in behalf of the person under this Section to which the person was not entitled; provided that such recovery shall not be enforced against any real estate while it is occupied as a homestead by the surviving spouse or other dependent, if no claims by other creditors have been filed against the estate, or, if such claims have been filed, they remain dormant for failure of prosecution or failure of the claimant to compel administration of the estate for the purpose of payment. This paragraph shall not bar recovery from the estate of a spouse, under Sections 1915 and 1924 of the Social Security Act and Section 5-4 of the Illinois Public Aid Code, who precedes a person receiving services under this Section in death. All moneys for services paid to or in behalf of the person under this Section shall be claimed for recovery from the deceased spouse's estate. "Homestead", as used in this paragraph, means the dwelling house and contiguous real estate occupied by a surviving spouse or relative, as defined by the rules and regulations of the Illinois Department of Public Aid, regardless of the value of the property.

New matter indicated by italics - deletions by strikeout
The Department shall develop procedures to enhance availability of services on evenings, weekends, and on an emergency basis to meet the respite needs of caregivers. Procedures shall be developed to permit the utilization of services in successive blocks of 24 hours up to the monthly maximum established by the Department. Workers providing these services shall be appropriately trained.

Beginning on the effective date of this Amendatory Act of 1991, no person may perform chore/housekeeping and homemaker services under a program authorized by this Section unless that person has been issued a certificate of pre-service to do so by his or her employing agency. Information gathered to effect such certification shall include (i) the person's name, (ii) the date the person was hired by his or her current employer, and (iii) the training, including dates and levels. Persons engaged in the program authorized by this Section before the effective date of this amendatory Act of 1991 shall be issued a certificate of all pre- and in-service training from his or her employer upon submitting the necessary information. The employing agency shall be required to retain records of all staff pre- and in-service training, and shall provide such records to the Department upon request and upon termination of the employer's contract with the Department. In addition, the employing agency is responsible for the issuance of certifications of in-service training completed to their employees.

The Department is required to develop a system to ensure that persons working as homemakers and chore housekeepers receive increases in their wages when the federal minimum wage is increased by requiring vendors to certify that they are meeting the federal minimum wage statute for homemakers and chore housekeepers. An employer that cannot ensure that the minimum wage increase is being given to homemakers and chore housekeepers shall be denied any increase in reimbursement costs.

The Department on Aging and the Department of Human Services shall cooperate in the development and submission of an annual report on programs and services provided under this Section. Such joint report shall be filed with the Governor and the General Assembly on or before September 30 each year.

The requirement for reporting to the General Assembly shall be satisfied by filing copies of the report with the Speaker, the Minority Leader and the Clerk of the House of Representatives and the President, the Minority Leader and the Secretary of the Senate and the Legislative Research Unit, as required by Section 3.1 of the General Assembly Organization Act and filing such additional copies with the State.

This Act does not apply to facilities granted waivers under Section 3-102.2 of the Nursing Home Care Act. AN ACT concerning employment.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 1. Short title. This Act may be cited as the Health Care
Workplace Violence Prevention Act.

Section 5. Findings. The General Assembly finds as follows:

(1) Violence is an escalating problem in many health care workplaces in this State and across the nation.

(2) The actual incidence of workplace violence in health care workplaces, in particular, is likely to be greater than documented because of failure to report such incidents or failure to maintain records of incidents that are reported.

(3) Patients, visitors, and health care employees should be assured a reasonably safe and secure environment in a health care workplace.

(4) Many health care workplaces have undertaken efforts to ensure that patients, visitors, and employees are safe from violence, but additional personnel training and appropriate safeguards may be needed to prevent workplace violence and minimize the risk and dangers affecting people in connection with the delivery of health care.

Section 10. Definitions. In this Act:

"Department" means (i) the Department of Human Services, in the case of a health care workplace that is operated or regulated by the Department of Human Services, or (ii) the Department of Public Health, in the case of a health care workplace that is operated or regulated by the Department of Public Health.

"Director" means the Secretary of Human Services or the Director of Public Health, as appropriate.

"Employee" means any individual who is employed on a full-time, part-time, or contractual basis by a health care workplace.

"Health care workplace" means a mental health facility or developmental disability facility as defined in the Mental Health and Developmental Disabilities Code, other than a hospital or unit thereof licensed under the Hospital Licensing Act or operated under the University of Illinois Hospital Act. "Health care workplace" does not include, and shall not be construed to include, any office of a physician licensed to practice medicine in all its branches, an advanced practice nurse, or a physician assistant, regardless of the form of such office.

"Imminent danger" means a preliminary determination of immediate, threatened, or impending risk of physical injury as determined by the employee.

"Responsible agency" means the State agency that (i) licenses,
certifies, registers, or otherwise regulates or exercises jurisdiction over a health care workplace or a health care workplace's activities or (ii) contracts with a health care workplace for the delivery of health care services. "Violence" or "violent act" means any act by a patient or resident that causes or threatens to cause an injury to another person.

Section 15. Workplace violence plan.

(a) By July 1, 2007 (in the case of a health care workplace participating in the pilot project under Section 35) or July 1, 2008 (in the case of health care workplaces not participating in the pilot project), every health care workplace must adopt and implement a plan to reasonably prevent and protect employees from violence at that setting. The plan must address security considerations related to the following items, as appropriate to the particular workplace, based on the hazards identified in the assessment required under subsection (b):

(1) The physical attributes of the health care workplace.
(2) Staffing, including security staffing.
(3) Personnel policies.
(4) First aid and emergency procedures.
(5) The reporting of violent acts.
(6) Employee education and training.

(b) Before adopting the plan required under subsection (a), a health care workplace must conduct a security and safety assessment to identify existing or potential hazards for violence and determine the appropriate preventive action to be taken. The assessment must include, but need not be limited to, a measure of the frequency of, and an identification of the causes for and consequences of, violent acts at the workplace during at least the preceding 5 years or for the years for which records are available.

(c) In adopting the plan required by subsection (a), a health care workplace may consider any guidelines on violence in the workplace or in health care workplaces issued by the Department of Public Health, the Department of Human Services, the federal Occupational Safety and Health Administration, Medicare, and health care workplace accrediting organizations.

(d) It is the intent of the General Assembly that any violence protection and prevention plan developed under this Act be appropriate to the setting in which it is to be implemented. To that end, the General Assembly recognizes that not all health care services are provided in a facility or other formal setting. Many health care services are provided in other, less formal settings. The General Assembly finds that it may be inappropriate and

New matter indicated by italics - deletions by strikeout
impractical for all health care workplaces to address workplace violence in the same manner. When enforcing this Act, the Department shall allow a health care workplace sufficient flexibility in recognition of the unique circumstances in which the health care workplace may deliver services.

(e) Promptly after adopting a plan under subsection (a), a health care workplace must file a copy of its plan with the Department. The Department shall then forward a copy of the plan to the appropriate responsible agency.

(f) A health care workplace must review its plan at least once every 3 years and must report each such review to the Department, together with any changes to the plan adopted by the health care workplace. If a health care workplace does not adopt any changes to its plan in response to such a review, it must report that fact to the Department. A health care workplace must promptly report to the Department all changes to the health care workplace's plan, regardless of whether those changes were adopted in response to a periodic review required under this subsection. The Department shall then forward a copy of the review report and changes, if any, to the appropriate responsible agency.

(g) A health care workplace that is required to submit written documentation of active safety and violence prevention plans to comply with national accreditation standards shall be deemed to be in compliance with subsections (a), (b), (c), and (f) of this Section when the health care workplace forwards a copy of that documentation to the Department.

Section 20. Violence prevention training. By July 1, 2006 (in the case of a health care workplace participating in the pilot project under Section 35) or July 1, 2009 (in the case of health care workplaces not participating in the pilot project), and on a regular basis thereafter, as set forth in the plan adopted under Section 15, a health care workplace must provide violence prevention training to all its affected employees as determined by the plan. For temporary employees, training must take into account unique circumstances. A health care workplace also shall provide periodic follow-up training for its employees as appropriate. The training may vary by the plan and may include, but need not be limited to, classes, videotapes, brochures, verbal training, or other verbal or written training that is determined to be appropriate under the plan. The training must address the following topics, as appropriate to the particular health care workplace and to the duties and responsibilities of the particular employee being trained, based on the hazards identified in the assessment required under Section 15:

(1) General safety procedures.
(2) Personal safety procedures.
(3) The violence escalation cycle.
(4) Violence-predicting factors.
(5) Obtaining patient history from a patient with a history of violent behavior.
(6) Verbal and physical techniques to de-escalate and minimize violent behavior.
(7) Strategies to avoid physical harm.
(8) Restraining techniques, as permitted and governed by law.
(9) Appropriate use of medications to reduce violent behavior.
(10) Documenting and reporting incidents of violence.
(11) The process whereby employees affected by a violent act may debrief or be calmed down and the tension of the situation may be reduced.
(12) Any resources available to employees for coping with violence.
(13) The workplace violence prevention plan adopted under Section 15.
(14) The protection of confidentiality in accordance with the Health Insurance Portability and Accountability Act of 1996 and other related provisions of law.

Section 25. Record of violent acts. Beginning no later than July 1, 2007 (in the case of a health care workplace participating in the pilot project under Section 35) or July 1, 2008 (in the case of health care workplaces not participating in the pilot project), every health care workplace must keep a record of any violent act against an employee, a patient, or a visitor occurring at the workplace. At a minimum, the record must include the following:
(1) The health care workplace's name and address.
(2) The date, time, and specific location at the health care workplace where the violent act occurred.
(3) The name, job title, department or ward assignment, and staff identification or other identifier of the victim, if the victim was an employee.
(4) A description of the person against whom the violent act was committed as one of the following:
   (A) A patient.
   (B) A visitor.
   (C) An employee.
   (D) Other.
(5) A description of the person committing the violent act as

(B) A physical assault with major soreness, cuts, or large bruises.
(C) A physical assault with severe lacerations, a bone fracture, or a head injury.
(D) A physical assault with loss of limb or death.
(E) A violent act requiring employee response, in the course of which an employee is injured.

(7) An identification of any body part injured.

(8) A description of any weapon used.

(9) The number of employees in the vicinity of the violent act when it occurred.

(10) A description of actions taken by employees and the health care workplace in response to the violent act.

Section 30. Assistance in complying with Act. A health care workplace that needs assistance in complying with this Act may contact the federal Department of Labor for assistance. The Illinois departments of Human Services and Public Health shall collaborate with representatives of health care workplaces to develop technical assistance and training seminars on developing and implementing a workplace violence plan as required under Section 15. Those departments shall coordinate their assistance to health care workplaces.

Section 35. Pilot project; task force.
(a) The Department of Human Services and the Department of Public Health shall initially implement this Act as a 2-year pilot project in which only the following health care workplaces shall participate:
(1) The Chester Mental Health Center.
(2) The Alton Mental Health Center.
(3) The Douglas Singer Mental Health Center.
(4) The Andrew McFarland Mental Health Center.
(5) The Jacksonville Developmental Center.
Each health care workplace participating in the pilot project shall comply with this Act as provided in this Act.

(b) The Governor shall convene a 6-member task force consisting of the following: one member appointed by the President of the Senate; one member appointed by the Minority Leader of the Senate; one member appointed by the Speaker of House of Representatives; one member appointed by the Minority Leader of the House of Representatives; one representative from a statewide association representing licensed registered professional nurses; and one representative from the Department of Human Services. The task force shall submit a report to the Illinois General Assembly by January 1, 2008 that shall (i) evaluate the effectiveness of the health care workplace violence prevention pilot project in the facilities participating in the pilot project and (ii) make recommendations concerning the implementation of workplace violence prevention programs in all health care workplaces.

Section 40. Rules. The Department shall adopt rules to implement this Act.

Section 900. The Mental Health and Developmental Disabilities Administrative Act is amended by adding Section 72 as follows:

Within 6 months after the effective date of this amendatory Act of the 94th General Assembly, the Department shall adopt rules prescribing the procedures for reporting, investigating, and responding to violent acts against employees of facilities under the Department's jurisdiction. As used in this Section, "violent acts" has the meaning ascribed to that term in the Health Care Workplace Violence Prevention Act.

Section 905. The Illinois State Auditing Act is amended by changing Section 3-2 as follows:

(30 ILCS 5/3-2) (from Ch. 15, par. 303-2)

Sec. 3-2. Mandatory and directed post audits. The Auditor General shall conduct a financial audit, a compliance audit, or other attestation engagement, as is appropriate to the agency's operations under generally accepted government auditing standards, of each State agency except the Auditor General or his office at least once during every biennium, except as is otherwise provided in regulations adopted under Section 3-8. The general direction and supervision of the financial audit program may be delegated only to an individual who is a Certified Public Accountant and a payroll employee of the Office of the Auditor General. In the conduct of financial audits, the Auditor General or his office shall take actions that are in the public interest to the greatest extent possible.

The program audit shall include an examination of the records of each facility concerning (i) reports of suspected abuse or neglect of any patient or resident of the facility and (ii) reports of violent acts against facility staff by patients or residents. The Auditor General shall report the findings of the program audit to the Governor and the General Assembly, including findings concerning patterns or trends relating to (i) abuse or neglect of facility patients and residents or (ii) violent acts against facility staff by patients or residents. However, for any year for which the Inspector General submits a report to the Governor and General Assembly as required under Section 6.7 of the Abused and Neglected Long Term Care Facility Residents Reporting Act, the Auditor General need not conduct the program audit otherwise required under this paragraph.

An "unforeseen emergent circumstance" does not include situations in which the hospital fails to have enough nursing staff to meet the usual and reasonably predictable nursing needs of its patients.

(b) Mandated overtime prohibited. No nurse may be required to work mandated overtime except in the case of an unforeseen emergent circumstance when such overtime is required only as a last resort. Such mandated overtime shall not exceed 4 hours beyond an agreed-to, predetermined work shift.

(a) Except as provided in Section 3a, no person may knowingly transfer, or cause to be transferred, any firearm or any firearm ammunition to any person within this State unless the transferee with whom he deals displays a currently valid Firearm Owner’s Identification Card which has previously been issued in his name by the Department of State Police under the provisions of this Act. In addition, all firearm transfers by federally licensed firearm dealers are subject to Section 3.1.

(a-5) Any person who is not a federally licensed firearm dealer and who desires to transfer or sell a firearm while that person is on the grounds of a gun show must, before selling or transferring the firearm, request the Department of State Police to conduct a background check on the prospective recipient of the firearm in accordance with Section 3.1.

(b) Any person within this State who transfers or causes to be transferred any firearm shall keep a record of such transfer for a period of 10 years from the date of transfer. Such record shall contain the date of the transfer; the description, serial number or other information identifying the firearm if no serial number is available; and, if the transfer was completed

Fees collected by the Department of State Police shall be deposited in the State Police Services Fund and used to provide the service.

(b) Upon receiving a request from a federally licensed firearm dealer, gun show promoter, or gun show vendor, the Department of State Police shall immediately approve, or within the time period established by Section 24-3 of the Criminal Code of 1961 regarding the delivery of firearms, notify the inquiring dealer, gun show promoter, or gun show vendor of any objection that would disqualify the transferee from acquiring or possessing a firearm. (c) If receipt of a firearm would not violate Section 24-3 of the Criminal Code of 1961, federal law, or this Act the Department of State Police shall:

(1) assign a unique identification number to the transfer; and

(2) provide the licensee, gun show promoter, or gun show vendor with the number.

PUBLIC ACT 94-0356
(House Bill No 0373)

AN ACT concerning public employee benefits.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Pension Code is amended by changing Sections 3-110 and 7-139 and adding Sections 3-110.8 and 7-139.11 as follows:

(40 ILCS 5/3-110) (from Ch. 108 1/2, par. 3-110)
Sec. 3-110. Creditable service.
(a) "Creditable service" is the time served by a police officer as a member of a regularly constituted police force of a municipality. In computing creditable service furloughs without pay exceeding 30 days shall not be counted, but all leaves of absence for illness or accident, regardless of length, and all periods of disability retirement for which a police officer has received no disability pension payments under this Article shall be counted.

(a-5) Up to 3 years of time during which the police officer receives a disability pension under Section 3-114.1, 3-114.2, 3-114.3, or 3-114.6 shall be counted as creditable service, provided that (i) the police officer returns to active service after the disability for a period at least equal to the period for
which credit is to be established and (ii) the police officer makes contributions to the fund based on the rates specified in Section 3-125.1 and the salary upon which the disability pension is based. These contributions may be paid at any time prior to the commencement of a retirement pension. The police officer may, but need not, elect to have the contributions deducted from the disability pension or to pay them in installments on a schedule approved by the board. If not deducted from the disability pension, the contributions shall include interest at the rate of 6% per year, compounded annually, from the date for which service credit is being established to the date of payment. If contributions are paid under this subsection (a-5) in excess of those needed to establish the credit, the excess shall be refunded. This subsection (a-5) applies to persons receiving a disability pension under Section 3-114.1, 3-114.2, 3-114.3, or 3-114.6 on the effective date of this amendatory Act of the 91st General Assembly, as well as persons who begin to receive such a disability pension after that date.

(b) Creditable service includes all periods of service in the military, naval or air forces of the United States entered upon while an active police officer of a municipality, provided that upon applying for a permanent pension, and in accordance with the rules of the board, the police officer pays into the fund the amount the officer would have contributed if he or she had been a regular contributor during such period, to the extent that the municipality which the police officer served has not made such contributions in the officer's behalf. The total amount of such creditable service shall not exceed 5 years, except that any police officer who on July 1, 1973 had more than 5 years of such creditable service shall receive the total amount thereof.

(c) Creditable service also includes service rendered by a police officer while on leave of absence from a police department to serve as an executive of an organization whose membership consists of members of a police department, subject to the following conditions: (i) the police officer is a participant of a fund established under this Article with at least 10 years of service as a police officer; (ii) the police officer received no credit for such service under any other retirement system, pension fund, or annuity and benefit fund included in this Code; (iii) pursuant to the rules of the board the police officer pays to the fund the amount he or she would have contributed had the officer been an active member of the police department; and (iv) the organization pays a contribution equal to the municipality's normal cost for that period of service.

(d)(1) Creditable service also includes periods of service originally established in another police pension fund under this Article or in the
Fund established under Article 7 of this Code for which (i) the contributions have been transferred under Section 3-110.7 or Section 7-139.9 and (ii) any additional contribution required under paragraph (2) of this subsection has been paid in full in accordance with the requirements of this subsection (d).

(2) If the board of the pension fund to which creditable service and related contributions are transferred under Section 3-110.7 or 7-139.9 determines that the amount transferred is less than the true cost to the pension fund of allowing that creditable service to be established, then in order to establish that creditable service the police officer must pay to the pension fund, within the payment period specified in paragraph (3) of this subsection, an additional contribution equal to the difference, as determined by the board in accordance with the rules and procedures adopted under paragraph (6) of this subsection.

(3) Except as provided in paragraph (4), the additional contribution must be paid to the board (i) within 5 years from the date of the transfer of contributions under Section 3-110.7 or 7-139.9 and (ii) before the police officer terminates service with the fund. The additional contribution may be paid in a lump sum or in accordance with a schedule of installment payments authorized by the board.

(4) If the police officer dies in service before payment in full has been made and before the expiration of the 5-year payment period, the surviving spouse of the officer may elect to pay the unpaid amount on the officer's behalf within 6 months after the date of death, in which case the creditable service shall be granted as though the deceased police officer had paid the remaining balance on the day before the date of death.

(5) If the additional contribution is not paid in full within the required time, the creditable service shall not be granted and the police officer (or the officer's surviving spouse or estate) shall be entitled to receive a refund of (i) any partial payment of the additional contribution that has been made by the police officer and (ii) those portions of the amounts transferred under subdivision (a)(1) of Section 3-110.7 or subdivisions (a)(1) and (a)(3) of Section 7-139.9 that represent employee contributions paid by the police officer (but not the accumulated interest on those contributions) and interest paid by the police officer to the prior pension fund in order to reinstate service terminated by acceptance of a refund.

New matter indicated by italics - deletions by strikeout
At the time of paying a refund under this item (5), the pension fund shall also repay to the pension fund from which the contributions were transferred under Section 3-110.7 or 7-139.9 the amount originally transferred under subdivision (a)(2) of that Section, plus interest at the rate of 6% per year, compounded annually, from the date of the original transfer to the date of repayment. Amounts repaid to the Article 7 fund under this provision shall be credited to the appropriate municipality. Transferred credit that is not granted due to failure to pay the additional contribution within the required time is lost; it may not be transferred to another pension fund and may not be reinstated in the pension fund from which it was transferred.

(6) The Public Employee Pension Fund Division of the Department of Insurance shall establish by rule the manner of making the calculation required under paragraph (2) of this subsection, taking into account the appropriate actuarial assumptions; the police officer's service, age, and salary history; the level of funding of the pension fund to which the credits are being transferred; and any other factors that the Division determines to be relevant. The rules may require that all calculations made under paragraph (2) be reported to the Division by the board performing the calculation, together with documentation of the creditable service to be transferred, the amounts of contributions and interest to be transferred, the manner in which the calculation was performed, the numbers relied upon in making the calculation, the results of the calculation, and any other information the Division may deem useful.

(e)(1) Creditable service also includes periods of service originally established in the Fund established under Article 7 of this Code for which the contributions have been transferred under Section 7-139.11.

(2) If the board of the pension fund to which creditable service and related contributions are transferred under Section 7-139.11 determines that the amount transferred is less than the true cost to the pension fund of allowing that creditable service to be established, then the amount of creditable service the police officer may establish under this subsection (e) shall be reduced by an amount equal to the difference, as determined by the board in accordance with the rules and procedures adopted under paragraph (3) of this subsection.

(3) The Public Pension Division of the Department of Financial and Professional Regulation shall establish by rule the
manner of making the calculation required under paragraph (2) of this subsection, taking into account the appropriate actuarial assumptions; the police officer's service, age, and salary history; the level of funding of the pension fund to which the credits are being transferred; and any other factors that the Division determines to be relevant. The rules may require that all calculations made under paragraph (2) be reported to the Division by the board performing the calculation, together with documentation of the creditable service to be transferred, the amounts of contributions and interest to be transferred, the manner in which the calculation was performed, the numbers relied upon in making the calculation, the results of the calculation, and any other information the Division may deem useful.

Sec. 7-139. Credits and creditable service to employees.

(a) Each participating employee shall be granted credits and creditable service, for purposes of determining the amount of any annuity or benefit to which he or a beneficiary is entitled, as follows:

New matter indicated by italics - deletions by strikeout
1. For prior service: Each participating employee who is an employee of a participating municipality or participating instrumentality on the effective date shall be granted creditable service, but no credits under paragraph 2 of this subsection (a), for periods of prior service for which credit has not been received under any other pension fund or retirement system established under this Code, as follows:

If the effective date of participation for the participating municipality or participating instrumentality is on or before January 1, 1998, creditable service shall be granted for the entire period of prior service with that employer without any employee contribution.

If the effective date of participation for the participating municipality or participating instrumentality is after January 1, 1998, creditable service shall be granted for the last 20% of the period of prior service with that employer, but no more than 5 years, without any employee contribution. A participating employee may establish creditable service for the remainder of the period of prior service with that employer by making an application in writing, accompanied by payment of an employee contribution in an amount determined by the Fund, based on the employee contribution rates in effect at the time of application for the creditable service and the employee's salary rate on the effective date of participation for that employer, plus interest at the effective rate from the date of the prior service to the date of payment. Application for this creditable service may be made at any time while the employee is still in service.

A municipality that (i) has at least 35 employees; (ii) is located in a county with at least 2,000,000 inhabitants; and (iii) maintains an independent defined benefit pension plan for the benefit of its eligible employees may restrict creditable service in whole or in part for periods of prior service with the employer if the governing body of the municipality adopts an irrevocable resolution to restrict that creditable service and files the resolution with the board before the municipality's effective date of participation.

Any person who has withdrawn from the service of a participating municipality or participating instrumentality prior to the effective date, who reenters the service of the same municipality or participating instrumentality after the effective date and becomes a participating employee is entitled to creditable service for prior service as otherwise provided in this subdivision (a)(1) only if he or

she renders 2 years of service as a participating employee after the effective date. Application for such service must be made while in a participating status. The salary rate to be used in the calculation of the required employee contribution, if any, shall be the employee's salary rate at the time of first reentering service with the employer after the employer's effective date of participation.

2. For current service, each participating employee shall be credited with:
   
   a. Additional credits of amounts equal to each payment of additional contributions received from him under Section 7-173, as of the date the corresponding payment of earnings is payable to him.
   
   b. Normal credits of amounts equal to each payment of normal contributions received from him, as of the date the corresponding payment of earnings is payable to him, and normal contributions made for the purpose of establishing out-of-state service credits as permitted under the conditions set forth in paragraph 6 of this subsection (a).
   
   c. Municipality credits in an amount equal to 1.4 times the normal credits, except those established by out-of-state service credits, as of the date of computation of any benefit if these credits would increase the benefit.
   
   d. Survivor credits equal to each payment of survivor contributions received from the participating employee as of the date the corresponding payment of earnings is payable, and survivor contributions made for the purpose of establishing out-of-state service credits.

3. For periods of temporary and total and permanent disability benefits, each employee receiving disability benefits shall be granted creditable service for the period during which disability benefits are payable. Normal and survivor credits, based upon the rate of earnings applied for disability benefits, shall also be granted if such credits would result in a higher benefit to any such employee or his beneficiary.

4. For authorized leave of absence without pay: A participating employee shall be granted credits and creditable service for periods of authorized leave of absence without pay under the following conditions:
   
   a. An application for credits and creditable service is
submitted to the board while the employee is in a status of active employment, and within 2 years after termination of the leave of absence period for which credits and creditable service are sought.

b. Not more than 12 complete months of creditable service for authorized leave of absence without pay shall be counted for purposes of determining any benefits payable under this Article.

c. Credits and creditable service shall be granted for leave of absence only if such leave is approved by the governing body of the municipality, including approval of the estimated cost thereof to the municipality as determined by the fund, and employee contributions, plus interest at the effective rate applicable for each year from the end of the period of leave to date of payment, have been paid to the fund in accordance with Section 7-173. The contributions shall be computed upon the assumption earnings continued during the period of leave at the rate in effect when the leave began. d. Benefits under the provisions of Sections 7-141, 7-146, 7-150 and 7-163 shall become payable to employees on authorized leave of absence, or their designated beneficiary, only if such leave of absence is creditable hereunder, and if the employee has at least one year of creditable service other than the service granted for leave of absence. Any employee contributions due may be deducted from any benefits payable.

e. No credits or creditable service shall be allowed for leave of absence without pay during any period of prior service.

5. For military service: The governing body of a municipality or participating instrumentality may elect to allow creditable service to participating employees who leave their employment to serve in the armed forces of the United States for all periods of such service, provided that the person returns to active employment within 90 days after completion of full time active duty, but no creditable service shall be allowed such person for any period that can be used in the computation of a pension or any other pay or benefit, other than pay for active duty, for service in any branch of the armed forces of the United States. If necessary to the computation of any benefit, the board shall establish municipality credits for participating employees.
under this paragraph on the assumption that the employee received earnings at the rate received at the time he left the employment to enter the armed forces. A participating employee in the armed forces shall not be considered an employee during such period of service and no additional death and no disability benefits are payable for death or disability during such period.

Any participating employee who left his employment with a municipality or participating instrumentality to serve in the armed forces of the United States and who again became a participating employee within 90 days after completion of full time active duty by entering the service of a different municipality or participating instrumentality, which has elected to allow creditable service for periods of military service under the preceding paragraph, shall also be allowed creditable service for his period of military service on the same terms that would apply if he had been employed, before entering military service, by the municipality or instrumentality which employed him after he left the military service and the employer costs arising in relation to such grant of creditable service shall be charged to and paid by that municipality or instrumentality.

Notwithstanding the foregoing, any participating employee shall be entitled to creditable service as required by any federal law relating to re-employment rights of persons who served in the United States Armed Services. Such creditable service shall be granted upon payment by the member of an amount equal to the employee contributions which would have been required had the employee continued in service at the same rate of earnings during the military leave period, plus interest at the effective rate.

5.1. In addition to any creditable service established under paragraph 5 of this subsection (a), creditable service may be granted for up to 24 months of service in the armed forces of the United States.

In order to receive creditable service for military service under this paragraph 5.1, a participating employee must (1) apply to the Fund in writing and provide evidence of the military service that is satisfactory to the Board; (2) obtain the written approval of the current employer; and (3) make contributions to the Fund equal to (i) the employee contributions that would have been required had the service been rendered as a member, plus (ii) an amount determined by the board to be equal to the employer's normal cost of the benefits

accrued for that military service, plus (iii) interest on items (i) and (ii) from the date of first membership in the Fund to the date of payment. If payment is made during the 6-month period that begins 3 months after the effective date of this amendatory Act of 1997, the required interest shall be at the rate of 2.5% per year, compounded annually; otherwise, the required interest shall be calculated at the regular interest rate.

6. For out-of-state service: Creditable service shall be granted for service rendered to an out-of-state local governmental body under the following conditions: The employee had participated and has irrevocably forfeited all rights to benefits in the out-of-state public employees pension system; the governing body of his participating municipality or instrumentality authorizes the employee to establish such service; the employee has 2 years current service with this municipality or participating instrumentality; the employee makes a payment of contributions, which shall be computed at 8% (normal) plus 2% (survivor) times length of service purchased times the average rate of earnings for the first 2 years of service with the municipality or participating instrumentality whose governing body authorizes the service established plus interest at the effective rate on the date such credits are established, payable from the date the employee completes the required 2 years of current service to date of payment. In no case shall more than 120 months of creditable service be granted under this provision.

7. For retroactive service: Any employee who could have but did not elect to become a participating employee, or who should have been a participant in the Municipal Public Utilities Annuity and Benefit Fund before that fund was superseded, may receive creditable service for the period of service not to exceed 50 months; however, a current or former elected or appointed official of a participating municipality may establish credit under this paragraph 7 for more than 50 months of service as an official of that municipality, if the excess over 50 months is approved by resolution of the governing body of the affected municipality filed with the Fund before January 1, 2002.

Any employee who is a participating employee on or after September 24, 1981 and who was excluded from participation by the age restrictions removed by Public Act 82-596 may receive creditable service for the period, on or after January 1, 1979, excluded by the

age restriction and, in addition, if the governing body of the participating municipality or participating instrumentality elects to allow creditable service for all employees excluded by the age restriction prior to January 1, 1979, for service during the period prior to that date excluded by the age restriction. Any employee who was excluded from participation by the age restriction removed by Public Act 82-596 and who is not a participating employee on or after September 24, 1981 may receive creditable service for service after January 1, 1979. Creditable service under this paragraph shall be granted upon payment of the employee contributions which would have been required had he participated, with interest at the effective rate for each year from the end of the period of service established to date of payment.

8. For accumulated unused sick leave: A participating employee who is applying for a retirement annuity shall be entitled to creditable service for that portion of the employee's accumulated unused sick leave for which payment is not received, as follows:

   a. Sick leave days shall be limited to those accumulated under a sick leave plan established by a participating municipality or participating instrumentality which is available to all employees or a class of employees.

   b. Only sick leave days accumulated with a participating municipality or participating instrumentality with which the employee was in service within 60 days of the effective date of his retirement annuity shall be credited; If the employee was in service with more than one employer during this period only the sick leave days with the employer with which the employee has the greatest number of unpaid sick leave days shall be considered.

   c. The creditable service granted shall be considered solely for the purpose of computing the amount of the retirement annuity and shall not be used to establish any minimum service period required by any provision of the Illinois Pension Code, the effective date of the retirement annuity, or the final rate of earnings.

   d. The creditable service shall be at the rate of 1/20 of a month for each full sick day, provided that no more than 12 months may be credited under this subdivision 8.

   e. Employee contributions shall not be required for

creditable service under this subdivision 8.

f. Each participating municipality and participating instrumentality with which an employee has service within 60 days of the effective date of his retirement annuity shall certify to the board the number of accumulated unpaid sick leave days credited to the employee at the time of termination of service.

9. For service transferred from another system: Credits and creditable service shall be granted for service under Article 3, 4, 5, 14 or 16 of this Act, to any active member of this Fund, and to any inactive member who has been a county sheriff, upon transfer of such credits pursuant to Section 3-110.3, 4-108.3, 5-235, 14-105.6 or 16-131.4, and payment by the member of the amount by which (1) the employer and employee contributions that would have been required if he had participated in this Fund as a sheriff's law enforcement employee during the period for which credit is being transferred, plus interest thereon at the effective rate for each year, compounded annually, from the date of termination of the service for which credit is being transferred to the date of payment, exceeds (2) the amount actually transferred to the Fund. Such transferred service shall be deemed to be service as a sheriff's law enforcement employee for the purposes of Section 7-142.1.

10. For service transferred from an Article 3 system under Section 3-110.8: Credits and creditable service shall be granted for service under Article 3 of this Act as provided in Section 3-110.8, to any active member of this Fund upon transfer of such credits pursuant to Section 3-110.8. If the amount by which (1) the employer and employee contributions that would have been required if he had participated in this Fund during the period for which credit is being transferred, plus interest thereon at the effective rate for each year, compounded annually, from the date of termination of the service for which credit is being transferred to the date of payment, exceeds (2) the amount actually transferred to the Fund, then the amount of creditable service established under this paragraph 10 shall be reduced by a corresponding amount in accordance with the rules and procedures established under this paragraph 10.

The board shall establish by rule the manner of making the calculation required under this paragraph 10, taking into account the appropriate actuarial assumptions; the member's service, age, and
salary history; the level of funding of the employer; and any other factors that the board determines to be relevant.

(b) Creditable service - amount:

1. One month of creditable service shall be allowed for each month for which a participating employee made contributions as required under Section 7-173, or for which creditable service is otherwise granted hereunder. Not more than 1 month of service shall be credited and counted for 1 calendar month, and not more than 1 year of service shall be credited and counted for any calendar year. A calendar month means a nominal month beginning on the first day thereof, and a calendar year means a year beginning January 1 and ending December 31.

2. A seasonal employee shall be given 12 months of creditable service if he renders the number of months of service normally required by the position in a 12-month period and he remains in service for the entire 12-month period. Otherwise a fractional year of service in the number of months of service rendered shall be credited.

3. An intermittent employee shall be given creditable service for only those months in which a contribution is made under Section 7-173.

(c) No application for correction of credits or creditable service shall be considered unless the board receives an application for correction while (1) the applicant is a participating employee and in active employment with a participating municipality or instrumentality, or (2) while the applicant is actively participating in a pension fund or retirement system which is a participating system under the Retirement Systems Reciprocal Act. A participating employee or other applicant shall not be entitled to credits or creditable service unless the required employee contributions are made in a lump sum or in installments made in accordance with board rule.

(d) Upon the granting of a retirement, surviving spouse or child annuity, a death benefit or a separation benefit, on account of any employee, all individual accumulated credits shall thereupon terminate. Upon the withdrawal of additional contributions, the credits applicable thereto shall thereupon terminate. Terminated credits shall not be applied to increase the benefits any remaining employee would otherwise receive under this Article.

PUBLIC ACT 94-0357
(House Bill No 0396)

AN ACT concerning transportation.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Illinois Vehicle Code is amended by changing Section 6-206.1 as follows:

(625 ILCS 5/6-206.1) (from Ch. 95 1/2, par. 6-206.1)
Sec. 6-206.1. Judicial Driving Permit. Declaration of Policy. It is hereby declared a policy of the State of Illinois that the driver who is impaired by alcohol, other drug or drugs, or intoxicating compound or compounds is a threat to the public safety and welfare. Therefore, to provide a deterrent to such practice and to remove problem drivers from the highway, a statutory summary driver's license suspension is appropriate. It is also recognized that driving is a privilege and therefore, that in some cases the granting of limited driving privileges, where consistent with public safety, is

New matter indicated by italics - deletions by strikeout
warranted during the period of suspension in the form of a judicial driving permit to drive for the purpose of employment, receiving drug treatment or medical care, and educational pursuits, where no alternative means of transportation is available.

The following procedures shall apply whenever a first offender is arrested for any offense as defined in Section 11-501 or a similar provision of a local ordinance:

(a) Subsequent to a notification of a statutory summary suspension of driving privileges as provided in Section 11-501.1, the first offender as defined in Section 11-500 may petition the circuit court of venue for a Judicial Driving Permit, hereinafter referred as a JDP, to relieve undue hardship. The court may issue a court order, pursuant to the criteria contained in this Section, directing the Secretary of State to issue such a JDP to the petitioner. A JDP shall not become effective prior to the 31st day of the original statutory summary suspension and shall always be subject to the following criteria:

1. If ordered for the purposes of employment, the JDP shall be only for the purpose of providing the petitioner the privilege of driving a motor vehicle between the petitioner's residence and the petitioner's place of employment and return; or within the scope of the petitioner's employment related duties, shall be effective only during and limited to those specific times and routes actually required to commute or perform the petitioner's employment related duties.

2. The court, by a court order, may also direct the Secretary of State to issue a JDP to allow transportation for the petitioner, or a household member of the petitioner's family, to receive alcohol, drug, or intoxicating compound treatment or medical care, if the petitioner is able to demonstrate that no alternative means of transportation is reasonably available. Such JDP shall be effective only during the specific times actually required to commute.

3. The court, by a court order, may also direct the Secretary of State to issue a JDP to allow transportation by the petitioner for educational purposes upon demonstrating that there are no alternative means of transportation reasonably available to accomplish those educational purposes. Such JDP shall be only for the purpose of providing transportation to and from the petitioner's residence and the petitioner's place of educational activity, and only during the specific times and routes actually required to commute or perform the petitioner's educational requirement.

New matter indicated by italics - deletions by strikeout
4. The Court shall not issue an order granting a JDP to:
   
   (i) Any person unless and until the court, after considering the results of a current professional evaluation of the person's alcohol or other drug use by an agency pursuant to Section 15-10 of the Alcoholism and Other Drug Abuse and Dependency Act and other appropriate investigation of the person, is satisfied that granting the privilege of driving a motor vehicle on the highways will not endanger the public safety or welfare.

   (ii) Any person who has been convicted of reckless homicide within the previous 5 years.

   (iii) Any person whose privilege to operate a motor vehicle was invalid at the time of arrest for the current violation of Section 11-501, or a similar provision of a local ordinance, except in cases where the cause for a driver's license suspension has been removed at the time a JDP is effective. In any case, should the Secretary of State enter a suspension or revocation of driving privileges pursuant to the provisions of this Code while the JDP is in effect or pending, the Secretary shall take the prescribed action and provide a notice to the person and the court ordering the issuance of the JDP that all driving privileges, including those provided by the issuance of the JDP, have been withdrawn.

   (iv) Any person under the age of 18 years.

(b) Prior to ordering the issuance of a JDP the Court should consider at least, but not be limited to, the following issues:

   1. Whether the person is employed and no other means of commuting to the place of employment is available or that the person must drive as a condition of employment. The employer shall certify the hours of employment and the need and parameters necessary for driving as a condition to employment.

   2. Whether the person must drive to secure alcohol or other medical treatment for himself or a family member.

   3. Whether the person must drive for educational purposes. The educational institution shall certify the person's enrollment in and academic schedule at the institution.

   4. Whether the person has been repeatedly convicted of traffic violations or involved in motor vehicle accidents to a degree which indicates disrespect for public safety.

New matter indicated by italics - deletions by strikeout
5. Whether the person has been convicted of a traffic violation in connection with a traffic accident resulting in the death of any person within the last 5 years.

6. Whether the person is likely to obey the limited provisions of the JDP.

7. Whether the person has any additional traffic violations pending in any court.

For purposes of this Section, programs conducting professional evaluations of a person's alcohol, other drug, or intoxicating compound use must report, to the court of venue, using a form prescribed by the Secretary of State. A copy of such evaluations shall be sent to the Secretary of State by the court. However, the evaluation information shall be privileged and only available to courts and to the Secretary of State, but shall not be admissible in the subsequent trial on the underlying charge.

(c) The scope of any court order issued for a JDP under this Section shall be limited to the operation of a motor vehicle as provided for in subsection (a) of this Section and shall specify the petitioner's residence, place of employment or location of educational institution, and the scope of job related duties, if relevant. The JDP shall also specify days of the week and specific hours of the day when the petitioner is able to exercise the limited privilege of operating a motor vehicle.

(c-1) If the petitioner is issued a citation for a violation of Section 6-303 during the period of a statutory summary suspension entered under Section 11-501.1 of this Code, or if the petitioner is charged with a violation of Section 11-501 or a similar provision of a local ordinance or a similar out of state offense which occurs after the current violation of Section 11-501 or a similar provision of a local ordinance, the court may not grant the petitioner a JDP unless the petitioner is acquitted or the citation or complaint is otherwise dismissed.

If the petitioner is issued a citation for a violation of Section 6-303 or a violation of Section 11-501 or a similar provision of a local ordinance or a similar out of state offense during the term of the JDP, the officer issuing the citation, or the law enforcement agency employing that officer, shall confiscate the JDP and immediately send the JDP and notice of the citation to the court that ordered the issuance of the JDP. Within 10 days of receipt, the issuing court, upon notice to the petitioner, shall conduct a hearing to consider cancellation of the JDP. If the court enters an order of cancellation, the court shall forward the order to the Secretary of State, and the Secretary shall cancel the JDP and notify the petitioner of the cancellation. If, however,
the petitioner is convicted of the offense before the JDP has been cancelled, the court of venue shall send notice of conviction to the court that ordered issuance of the JDP. The court receiving the notice shall immediately enter an order of cancellation and forward the order to the Secretary of State. The Secretary shall cancel the JDP and notify the petitioner of the cancellation.

If the petitioner is issued a citation for any other traffic related offense during the term of the JDP, the officer issuing the citation, or the law enforcement agency employing that officer, shall send notice of the citation to the court that ordered issuance of the JDP. Upon receipt and notice to the petitioner and an opportunity for a hearing, the court shall determine whether the violation constitutes grounds for cancellation of the JDP. If the court enters an order of cancellation, the court shall forward the order to the Secretary of State, and the Secretary shall cancel the JDP and shall notify the petitioner of the cancellation.

If the Petitioner, who has been granted a JDP, is issued a citation for a traffic related offense, including operating a motor vehicle outside the limitations prescribed in the JDP or a violation of Section 6-303, or is convicted of any such an offense during the term of the JDP, the court shall consider cancellation of the limited driving permit. In any case, if the Petitioner commits an offense, as defined in Section 11-501, or a similar provision of a local ordinance, as evidenced by the issuance of a Uniform Traffic Ticket, the JDP shall be forwarded by the court of venue to the court ordering the issuance of the JDP, for cancellation. The court shall notify the Secretary of State of any such cancellation.

(d) The Secretary of State shall, upon receiving a court order from the court of venue, issue a JDP to a successful Petitioner under this Section. Such court order form shall also contain a notification, which shall be sent to the Secretary of State, providing the name, driver's license number and legal address of the successful petitioner, and the full and detailed description of the limitations of the JDP. This information shall be available only to the courts, police officers, and the Secretary of State, except during the actual period the JDP is valid, during which time it shall be a public record. The Secretary of State shall design and furnish to the courts an official court order form to be used by the courts when directing the Secretary of State to issue a JDP.

Any submitted court order that contains insufficient data or fails to comply with this Code shall not be utilized for JDP issuance or entered to the driver record but shall be returned to the issuing court indicating why the JDP cannot be so entered. A notice of this action shall also be sent to the JDP petitioner by the Secretary of State.

(e) The circuit court of venue may conduct the judicial hearing, as provided in Section 2-118.1, and the JDP hearing provided in this Section, concurrently. Such concurrent hearing shall proceed in the court in the same manner as in other civil proceedings.

(f) The circuit court of venue may, as a condition of the issuance of a JDP, prohibit the person from operating a motor vehicle not equipped with an ignition interlock device.

(House Bill No 0617)

AN ACT concerning civil liabilities.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Civil No Contact Order Act is amended by changing Sections 213, 214, and 216 as follows:

(740 ILCS 22/213)

Sec. 213. Civil no contact order; remedies.

(a) If the court finds that the petitioner has been a victim of non-consensual sexual conduct or non-consensual sexual penetration, a civil no contact order shall issue; provided that the petitioner must also satisfy the requirements of Section 214 on emergency orders or Section 215 on plenary orders. The petitioner shall not be denied a civil no contact order because the petitioner or the respondent is a minor. The court, when determining whether or not to issue a civil no contact order, may not require physical injury on the person of the victim. Modification and extension of prior civil no contact orders shall be in accordance with this Act.

(b) A civil no contact order shall order one or more of the following:

(1) order the respondent to stay away from the petitioner; or
(2) other injunctive relief necessary or appropriate.

(c) Denial of a remedy may not be based, in whole or in part, on evidence that:

(1) the respondent has cause for any use of force, unless that cause satisfies the standards for justifiable use of force provided by

Article VII of the Criminal Code of 1961;
(2) the respondent was voluntarily intoxicated;
(3) the petitioner acted in self-defense or defense of another, provided that, if the petitioner utilized force, such force was justifiable under Article VII of the Criminal Code of 1961;
(4) the petitioner did not act in self-defense or defense of another;
(5) the petitioner left the residence or household to avoid further non-consensual sexual conduct or non-consensual sexual penetration by the respondent; or

Sec. 214. Emergency civil no contact order.
(a) An emergency civil no contact order shall issue if the petitioner satisfies the requirements of this subsection (a). The petitioner shall establish that:

(1) the court has jurisdiction under Section 206;
(2) the requirements of Section 213 are satisfied; and
(3) there is good cause to grant the remedy, regardless of prior service of process or of notice upon the respondent, because the harm which that remedy is intended to prevent would be likely to occur if the respondent were given any prior notice, or greater notice than was actually given, of the petitioner's efforts to obtain judicial relief.

An emergency civil no contact order shall be issued by the court if it appears from the contents of the petition and the examination of the petitioner that the averments are sufficient to indicate nonconsensual sexual conduct or nonconsensual sexual penetration by the respondent and to support the granting of relief under the issuance of the civil no contact order.

An emergency civil no contact order shall be issued if the court finds that subsections (1), (2), and (3) above are met.

(b) If the respondent appears in court for this hearing for an emergency order, he or she may elect to file a general appearance and testify. Any resulting order may be an emergency order, governed by this Section. Notwithstanding the requirements of this Section, if all requirements of Section 215 have been met, the court may issue a plenary order.

(c) Emergency orders; court holidays and evenings.

(1) When the court is unavailable at the close of business, the petitioner may file a petition for a 21-day emergency order before any available circuit judge or associate judge who may grant relief under this Act. If the judge finds that there is an immediate and present danger of abuse against the petitioner and that the petitioner has satisfied the prerequisites set forth in subsection (a), that judge may issue an emergency civil no contact order.

(2) The chief judge of the circuit court may designate for each county in the circuit at least one judge to be reasonably available to issue orally, by telephone, by facsimile, or otherwise, an emergency civil no contact order at all times, whether or not the court is in session.

(3) Any order issued under this Section and any documentation in support of the order shall be certified on the next court day to the appropriate court. The clerk of that court shall immediately assign a case number, file the petition, order, and other documents with the court, and enter the order of record and file it with the sheriff for service, in accordance with Section 222. Filing the petition shall commence proceedings for further relief under Section 202. Failure to comply with the requirements of this paragraph (3) does not affect the validity of the order.

(740 ILCS 22/216)
Sec. 216. Duration and extension of orders.
(a) Unless re-opened or extended or voided by entry of an order of greater duration, an emergency order shall be effective for not less than 14 nor more than 21 days.

(b) Except as otherwise provided in this Section, a plenary civil no contact order shall be effective for a fixed period of time, not to exceed 2 years. A plenary civil no contact order entered in conjunction with a criminal prosecution shall remain in effect as follows:

(1) if entered during pre-trial release, until disposition, withdrawal, or dismissal of the underlying charge; if however, the case is continued as an independent cause of action, the order's duration may be for a fixed period of time not to exceed 2 years;

(2) if in effect in conjunction with a bond forfeiture warrant, until final disposition or an additional period of time not exceeding 2 years; no civil no contact order of protection, however, shall

be terminated by a dismissal that is accompanied by the issuance of a bond forfeiture warrant;

(3) until expiration of any supervision, conditional discharge, probation, periodic imprisonment, parole, or mandatory supervised release and for an additional period of time thereafter not exceeding 2 years; or

(4) until the date set by the court for expiration of any sentence of imprisonment and subsequent parole or mandatory supervised release and for an additional period of time thereafter not exceeding 2 years.

(c) Any emergency or plenary order may be extended one or more times, as required, provided that the requirements of Section 214 or 215, as appropriate, are satisfied. If the motion for extension is uncontested and the petitioner seeks no modification of the order, the order may be extended on the basis of the petitioner's motion or affidavit stating that there has been no material change in relevant circumstances since entry of the order and stating the reason for the requested extension. Extensions may be granted only in open court and not under the provisions of subsection (c) of Section 214, which applies only when the court is unavailable at the close of business or on a court holiday.

(d) Any civil no contact order which would expire on a court holiday shall instead expire at the close of the next court business day.

(e) The practice of dismissing or suspending a criminal prosecution in exchange for the issuance of a civil no contact order undermines the purposes of this Act. This Section shall not be construed as encouraging that practice.

PUBLIC ACT 94-0361
(House Bill No 0720)

AN ACT concerning local government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Municipal Code is amended by changing Section 7-1-1 and by adding Section 7-1-5.3 as follows:

New matter indicated by italics - deletions by strikeout
Sec. 7-1-1. Annexation of contiguous territory. Any territory that is not within the corporate limits of any municipality but is contiguous to a municipality may be annexed to the municipality as provided in this Article. For the purposes of this Article any territory to be annexed to a municipality shall be considered to be contiguous to the municipality notwithstanding that the territory is separated from the municipality by a railroad or public utility right-of-way or former railroad right-of-way that has been converted to a recreational trail, but upon annexation the area included within that right-of-way or former right-of-way shall not be considered to be annexed to the municipality.

Except in counties with a population of more than 600,000 but less than 3,000,000, territory which is not contiguous to a municipality but is separated therefrom only by a forest preserve district may be annexed to the municipality pursuant to Section Sections 7-1-7 or 7-1-8, but only if the annexing municipality can show that the forest preserve district creates an artificial barrier preventing the annexation and that the location of the forest preserve district property prevents the orderly natural growth of the annexing municipality. It shall be conclusively presumed that the forest preserve district does not create an artificial barrier if the property sought to be annexed is bounded on at least 3 sides by (i) one or more other municipalities (other than the municipality seeking annexation through the existing forest preserve district), (ii) forest preserve district property, or (iii) a combination of other municipalities and forest preserve district property. It shall also be conclusively presumed that the forest preserve district does not create an artificial barrier if the municipality seeking annexation is not the closest municipality to the property to be annexed. The territory included within such forest preserve district shall not be annexed to the municipality nor shall the territory of the forest preserve district be subject to rights-of-way for access or services between the parts of the municipality separated by the forest preserve district without the consent of the governing body of the forest preserve district. The changes made to this Section by this amendatory Act of 91st General Assembly are declaratory of existing law and shall not be construed as a new enactment.

In counties that are contiguous to the Mississippi River with populations of more than 200,000 but less than 255,000, a municipality that is partially located in territory that is wholly surrounded by the Mississippi River and a canal, connected at both ends to the Mississippi River and
located on property owned by the United States of America, may annex noncontiguous territory in the surrounded territory under Sections 7-1-7, 7-1-8, or 7-1-9 if that territory is separated from the municipality by property owned by the United States of America, but that federal property shall not be annexed without the consent of the federal government.

For the purposes of this Article, any territory to be annexed to a municipality that is located in a county with more than 500,000 inhabitants shall be considered to be contiguous to the municipality if only a river and a national heritage corridor separate the territory from the municipality. Upon annexation, no river or national heritage corridor shall be considered annexed to the municipality.

When any land proposed to be annexed is part of any Fire Protection District or of any Public Library District and the annexing municipality provides fire protection or a public library, as the case may be, the Trustees of each District shall be notified in writing by certified or registered mail before any court hearing or other action is taken for annexation. The notice shall be served 10 days in advance. An affidavit that service of notice has been had as provided by this Section must be filed with the clerk of the court in which the annexation proceedings are pending or will be instituted or, when no court proceedings are involved, with the recorder for the county where the land is situated. No annexation of that land is effective unless service is had and the affidavit filed as provided in this Section.

The new boundary shall extend to the far side of any adjacent highway and shall include all of every highway within the area annexed. These highways shall be considered to be annexed even though not included in the legal description set forth in the petition for annexation. When any land proposed to be annexed includes any highway under the jurisdiction of any township, the Township Commissioner of Highways and the Board of Town Trustees shall be notified in writing by certified or registered mail before any court hearing or other action is taken for annexation. In the event that a municipality fails to notify the Township Commissioner of Highways and the Board of Town Trustees of the annexation of an area within the township, the municipality shall reimburse that township for any loss or liability caused by the failure to give notice. If any municipality has annexed any area before October 1, 1975, and the legal description in the petition for annexation did not include the entire adjacent highway, any such annexation shall be valid and any highway adjacent to the area annexed shall be considered to be annexed notwithstanding the failure of the petition to annex to include the description of the entire adjacent highway.

Any annexation, disconnection and annexation, or disconnection under this Article of any territory must be reported by certified or registered mail by the corporate authority initiating the action to the election authorities having jurisdiction in the territory and the post office branches serving the territory within 30 days of the annexation, disconnection and annexation, or disconnection.

Failure to give notice to the required election authorities or post office branches will not invalidate the annexation or disconnection. For purposes of this Section "election authorities" means the county clerk where the clerk acts as the clerk of elections or the clerk of the election commission having jurisdiction.

No annexation, disconnection and annexation, or disconnection under this Article of territory having electors residing therein made (1) before any primary election to be held within the municipality affected thereby and after the time for filing petitions as a candidate for nomination to any office to be chosen at the primary election or (2) within 60 days before any general election to be held within the municipality shall be effective until the day after the date of the primary or general election, as the case may be.

For the purpose of this Section, a toll highway or connection between parcels via an overpass bridge over a toll highway shall not be considered a deterrent to the definition of contiguous territory.

When territory is proposed to be annexed by court order under this Article, the corporate authorities or petitioners initiating the action shall notify each person who pays real estate taxes on property within that territory unless the person is a petitioner. The notice shall be served by certified or registered mail, return receipt requested, at least 20 days before a court hearing or other court action. If the person who pays real estate taxes on the property is not the owner of record, then the payor shall notify the owner of record of the proposed annexation.

Sec. 7-1-1. Annexation of contiguous territory. Any territory that is not within the corporate limits of any municipality but is contiguous to a municipality may be annexed to the municipality as provided in this Article. For the purposes of this Article any territory to be annexed to a municipality shall be considered to be contiguous to the municipality notwithstanding that the territory is separated from the municipality by a strip parcel, railroad or public utility right-of-way, or former railroad right-of-way that has been converted to a recreational trail, but upon annexation the area included

within that strip parcel, or right-of-way, or former right-of-way shall not be considered to be annexed to the municipality. For purposes of this Section, "strip parcel" means a separation no wider than 30 feet between the territory to be annexed and the municipal boundary.

Except in counties with a population of more than 600,000 but less than 3,000,000, territory which is not contiguous to a municipality but is separated therefrom only by a forest preserve district or open land or open space that is part of an open space program, as defined in Section 115-5 of the Township Code, may be annexed to the municipality pursuant to Section 7-1-7 or 7-1-8, but only if the annexing municipality can show that the forest preserve district, open land, or open space creates an artificial barrier preventing the annexation and that the location of the forest preserve district, open land, or open space property prevents the orderly natural growth of the annexing municipality. It shall be conclusively presumed that the forest preserve district, open land, or open space does not create an artificial barrier if the property sought to be annexed is bounded on at least 3 sides by (i) one or more other municipalities (other than the municipality seeking annexation through the existing forest preserve district, open land, or open space), (ii) forest preserve district property, open land, or open space, or (iii) a combination of other municipalities and forest preserve district property, open land, or open space. (2) A financial transaction was conducted or attempted with the use of a false or fictitious name or a forged instrument; or

(3) A falsely altered or completed written instrument or a written instrument that contains any materially false personal identifying information was made, used, offered or presented, whether accepted or not, in connection with a financial transaction; or

(5) A money transmitter, a person engaged in a trade or business or any employee of a money transmitter or a person engaged in a trade or business, knows or reasonably should know that false personal identifying information has been presented and incorporates the false personal identifying information into any report or record; or

(6) The criminally derived property is transported or possessed in a fashion inconsistent with the ordinary or usual means of transportation or possession of such property and where the property is discovered in the absence of any documentation or other indicia of legitimate origin or right to such property; or

(7) A person pays or receives substantially less than face value for one or more monetary instruments; or

(8) A person engages in a transaction involving one or more monetary instruments, where the physical condition or form of the monetary instrument or instruments makes it apparent that they are not the product of bona fide business or financial transactions. (e) Duty to enforce this Article.

(1) It is the duty of the Department of State Police, and its agents, officers, and investigators, to enforce all provisions of this Article, except those specifically delegated, and to cooperate with all agencies charged with the enforcement of the laws of the United States, or of any state, relating to money laundering. Only an agent, officer, or investigator designated by the Director may be authorized in accordance with this Section to serve seizure notices, warrants, subpoenas, and summonses under the authority of this State.

(2) Any agent, officer, investigator, or peace officer designated by the Director may: (A) make seizure of property pursuant to the provisions of this Article; and (B) perform such other law enforcement duties as the Director designates. It is the duty of all State's Attorneys to prosecute violations of this Article and institute legal proceedings as authorized under this Article.

(f) Protective orders.

(1) Upon application of the State, the court may enter a restraining order or injunction, require the execution of a satisfactory performance bond, or take any other action to preserve the availability of property described in subsection (h) for forfeiture under this Article:

(A) upon the filing of an indictment, information, or
complaint charging a violation of this Article for which forfeiture may be ordered under this Article and alleging that the property with respect to which the order is sought would be subject to forfeiture under this Article; or

(B) prior to the filing of such an indictment, information, or complaint, if, after notice to persons appearing to have an interest in the property and opportunity for a hearing, the court determines that:

(i) there is probable cause to believe that the State will prevail on the issue of forfeiture and that failure to enter the order will result in the property being destroyed, removed from the jurisdiction of the court, or otherwise made unavailable for forfeiture; and

(ii) the need to preserve the availability of the property through the entry of the requested order outweighs the hardship on any party against whom the order is to be entered.

Provided, however, that an order entered pursuant to subparagraph (B) shall be effective for not more than 90 days, unless extended by the court for good cause shown or unless an indictment, information, complaint, or administrative notice has been filed.

(2) A temporary restraining order under this subsection may be entered upon application of the State without notice or opportunity for a hearing when an indictment, information, complaint, or administrative notice has not yet been filed with respect to the property, if the State demonstrates that there is probable cause to believe that the property with respect to which the order is sought would be subject to forfeiture under this Section and that provision of notice will jeopardize the availability of the property for forfeiture. Such a temporary order shall expire not more than 30 days after the date on which it is entered, unless extended for good cause shown or unless the party against whom it is entered consents to an extension for a longer period. A hearing requested concerning an order entered under this paragraph shall be held at the earliest possible time and prior to the expiration of the temporary order.

(3) The court may receive and consider, at a hearing held pursuant to this subsection (f), evidence and information that would
be inadmissible under the Illinois rules of evidence.

(4) Order to repatriate and deposit.

(A) In general. Pursuant to its authority to enter a pretrial restraining order under this Section, the court may order a defendant to repatriate any property that may be seized and forfeited and to deposit that property pending trial with the Illinois State Police or another law enforcement agency designated by the Illinois State Police.

(B) Failure to comply. Failure to comply with an order under this subsection (f) is punishable as a civil or criminal contempt of court.

(g) Warrant of seizure. The State may request the issuance of a warrant authorizing the seizure of property described in subsection (h) in the same manner as provided for a search warrant. If the court determines that there is probable cause to believe that the property to be seized would be subject to forfeiture, the court shall issue a warrant authorizing the seizure of such property.

(h) Forfeiture.

(1) The following are subject to forfeiture:

(A) any property, real or personal, constituting, derived from, or traceable to any proceeds the person obtained directly or indirectly, as a result of a violation of this Article;

(B) any of the person's property used, or intended to be used, in any manner or part, to commit, or to facilitate the commission of, a violation of this Article;

(C) all conveyances, including aircraft, vehicles or vessels, which are used, or intended for use, to transport, or in any manner to facilitate the transportation, sale, receipt, possession, or concealment of property described in subparagraphs (A) and (B), but:

(i) no conveyance used by any person as a common carrier in the transaction of business as a common carrier is subject to forfeiture under this Section unless it appears that the owner or other person in charge of the conveyance is a consenting party or privy to a violation of this Article;

(ii) no conveyance is subject to forfeiture under this Section by reason of any act or omission

which the owner proves to have been committed or omitted without his or her knowledge or consent;

(iii) a forfeiture of a conveyance encumbered by a bona fide security interest is subject to the interest of the secured party if he or she neither had knowledge of nor consented to the act or omission;

(D) all real property, including any right, title, and interest (including, but not limited to, any leasehold interest or the beneficial interest in a land trust) in the whole of any lot or tract of land and any appurtenances or improvements, which is used or intended to be used, in any manner or part, to commit, or in any manner to facilitate the commission of, any violation of this Article or that is the proceeds of any violation or act that constitutes a violation of this Article.

(2) Property subject to forfeiture under this Article may be seized by the Director or any peace officer upon process or seizure warrant issued by any court having jurisdiction over the property. Seizure by the Director or any peace officer without process may be made:

(A) if the seizure is incident to a seizure warrant;

(B) if the property subject to seizure has been the subject of a prior judgment in favor of the State in a criminal proceeding, or in an injunction or forfeiture proceeding based upon this Article;

(C) if there is probable cause to believe that the property is directly or indirectly dangerous to health or safety;

(D) if there is probable cause to believe that the property is subject to forfeiture under this Article and the property is seized under circumstances in which a warrantless seizure or arrest would be reasonable; or

(E) in accordance with the Code of Criminal Procedure of 1963.

(3) In the event of seizure pursuant to paragraph (2), forfeiture proceedings shall be instituted in accordance with subsections (i) through (r).

(4) Property taken or detained under this Section shall not be subject to replevin, but is deemed to be in the custody of the Director subject only to the order and judgments of the circuit court having
jurisdiction over the forfeiture proceedings and the decisions of the State's Attorney under this Article. When property is seized under this Article, the seizing agency shall promptly conduct an inventory of the seized property and estimate the property's value and shall forward a copy of the inventory of seized property and the estimate of the property's value to the Director. Upon receiving notice of seizure, the Director may:

(A) place the property under seal;
(B) remove the property to a place designated by the Director;
(C) keep the property in the possession of the seizing agency;
(D) remove the property to a storage area for safekeeping or, if the property is a negotiable instrument or money and is not needed for evidentiary purposes, deposit it in an interest bearing account;
(E) place the property under constructive seizure by posting notice of pending forfeiture on it, by giving notice of pending forfeiture to its owners and interest holders, or by filing notice of pending forfeiture in any appropriate public record relating to the property; or
(F) provide for another agency or custodian, including an owner, secured party, or lienholder, to take custody of the property upon the terms and conditions set by the Director.

(5) When property is forfeited under this Article, the Director shall sell all such property unless such property is required by law to be destroyed or is harmful to the public, and shall distribute the proceeds of the sale, together with any moneys forfeited or seized, in accordance with paragraph (6). However, upon the application of the seizing agency or prosecutor who was responsible for the investigation, arrest or arrests and prosecution which lead to the forfeiture, the Director may return any item of forfeited property to the seizing agency or prosecutor for official use in the enforcement of laws, if the agency or prosecutor can demonstrate that the item requested would be useful to the agency or prosecutor in its enforcement efforts. When any real property returned to the seizing agency is sold by the agency or its unit of government, the proceeds of the sale shall be delivered to the Director and distributed in
accordance with paragraph (6).

(6) All monies and the sale proceeds of all other property forfeited and seized under this Article shall be distributed as follows:

(A) 65% shall be distributed to the metropolitan enforcement group, local, municipal, county, or State law enforcement agency or agencies which conducted or participated in the investigation resulting in the forfeiture. The distribution shall bear a reasonable relationship to the degree of direct participation of the law enforcement agency in the effort resulting in the forfeiture, taking into account the total value of the property forfeited and the total law enforcement effort with respect to the violation of the law upon which the forfeiture is based. Amounts distributed to the agency or agencies shall be used for the enforcement of laws.

(B) (i) 12.5% shall be distributed to the Office of the State's Attorney of the county in which the prosecution resulting in the forfeiture was instituted, deposited in a special fund in the county treasury and appropriated to the State’s Attorney for use in the enforcement of laws. In counties over 3,000,000 population, 25% shall be distributed to the Office of the State's Attorney for use in the enforcement of laws. If the prosecution is undertaken solely by the Attorney General, the portion provided hereunder shall be distributed to the Attorney General for use in the enforcement of laws.

(ii) 12.5% shall be distributed to the Office of the State’s Attorneys Appellate Prosecutor and deposited in the Narcotics Profit Forfeiture Fund of that office to be used for additional expenses incurred in the investigation, prosecution and appeal of cases arising under laws. The Office of the State's Attorneys Appellate Prosecutor shall not receive distribution from cases brought in counties with over 3,000,000 population.

(C) 10% shall be retained by the Department of State Police for expenses related to the administration and sale of seized and forfeited property.

(i) Notice to owner or interest holder.

rem complaint is required under the provisions of this Article, such notice or service shall be given as follows:

(A) If the owner’s or interest holder’s name and current address are known, then by either personal service or mailing a copy of the notice by certified mail, return receipt requested, to that address. For purposes of notice under this Section, if a person has been arrested for the conduct giving rise to the forfeiture, then the address provided to the arresting agency at the time of arrest shall be deemed to be that person’s known address. Provided, however, if an owner or interest holder’s address changes prior to the effective date of the notice of pending forfeiture, the owner or interest holder shall promptly notify the seizing agency of the change in address or, if the owner or interest holder’s address changes subsequent to the effective date of the notice of pending forfeiture, the owner or interest holder shall promptly notify the State’s Attorney of the change in address; or

(B) If the property seized is a conveyance, to the address reflected in the office of the agency or official in which title or interest to the conveyance is required by law to be recorded, then by mailing a copy of the notice by certified mail, return receipt requested, to that address; or

(C) If the owner’s or interest holder’s address is not known, and is not on record as provided in paragraph (B), then by publication for 3 successive weeks in a newspaper of general circulation in the county in which the seizure occurred.

(2) Notice served under this Article is effective upon personal service, the last date of publication, or the mailing of written notice, whichever is earlier.

(j) Notice to State’s Attorney. The law enforcement agency seizing property for forfeiture under this Article shall, within 90 days after seizure, notify the State’s Attorney for the county, either where an act or omission giving rise to the forfeiture occurred or where the property was seized, of the seizure of the property and the facts and circumstances giving rise to the seizure and shall provide the State’s Attorney with the inventory of the property and its estimated value. When the property seized for forfeiture is a vehicle, the law enforcement agency seizing the property shall immediately

notify the Secretary of State that forfeiture proceedings are pending regarding such vehicle.

(k) Non-judicial forfeiture. If non-real property that exceeds $20,000 in value excluding the value of any conveyance, or if real property is seized under the provisions of this Article, the State's Attorney shall institute judicial in rem forfeiture proceedings as described in subsection (l) of this Section within 45 days from receipt of notice of seizure from the seizing agency under subsection (j) of this Section. However, if non-real property that does not exceed $20,000 in value excluding the value of any conveyance is seized, the following procedure shall be used:

(1) If, after review of the facts surrounding the seizure, the State's Attorney is of the opinion that the seized property is subject to forfeiture, then within 45 days after the receipt of notice of seizure from the seizing agency, the State's Attorney shall cause notice of pending forfeiture to be given to the owner of the property and all known interest holders of the property in accordance with subsection (i) of this Section.

(2) The notice of pending forfeiture must include a description of the property, the estimated value of the property, the date and place of seizure, the conduct giving rise to forfeiture or the violation of law alleged, and a summary of procedures and procedural rights applicable to the forfeiture action.

(3)(A) Any person claiming an interest in property which is the subject of notice under paragraph (1) of this subsection (k), must, in order to preserve any rights or claims to the property, within 45 days after the effective date of notice as described in subsection (i) of this Section, file a verified claim with the State's Attorney expressing his or her interest in the property. The claim must set forth:

(i) the caption of the proceedings as set forth on the notice of pending forfeiture and the name of the claimant;
(ii) the address at which the claimant will accept mail;
(iii) the nature and extent of the claimant's interest in the property;
(iv) the date, identity of the transferor, and circumstances of the claimant's acquisition of the interest in the property;
(v) the name and address of all other persons known to have an interest in the property;
(vi) the specific provision of law relied on in asserting
the property is not subject to forfeiture;
  (vii) all essential facts supporting each assertion; and
  (viii) the relief sought.

(B) If a claimant files the claim and deposits with the State's Attorney a cost bond, in the form of a cashier's check payable to the clerk of the court, in the sum of 10% of the reasonable value of the property as alleged by the State's Attorney or the sum of $100, whichever is greater, upon condition that, in the case of forfeiture, the claimant must pay all costs and expenses of forfeiture proceedings, then the State's Attorney shall institute judicial in rem forfeiture proceedings and deposit the cost bond with the clerk of the court as described in subsection (l) of this Section within 45 days after receipt of the claim and cost bond. In lieu of a cost bond, a person claiming interest in the seized property may file, under penalty of perjury, an indigency affidavit which has been approved by a circuit court judge.

(C) If none of the seized property is forfeited in the judicial in rem proceeding, the clerk of the court shall return to the claimant, unless the court orders otherwise, 90% of the sum which has been deposited and shall retain as costs 10% of the money deposited. If any of the seized property is forfeited under the judicial forfeiture proceeding, the clerk of the court shall transfer 90% of the sum which has been deposited to the State's Attorney prosecuting the civil forfeiture to be applied to the costs of prosecution and the clerk shall retain as costs 10% of the sum deposited.

(4) If no claim is filed or bond given within the 45 day period as described in paragraph (3) of this subsection (k), the State's Attorney shall declare the property forfeited and shall promptly notify the owner and all known interest holders of the property and the Director of State Police of the declaration of forfeiture and the Director shall dispose of the property in accordance with law.

(l) Judicial in rem procedures. If property seized under the provisions of this Article is non-real property that exceeds $20,000 in value excluding the value of any conveyance, or is real property, or a claimant has filed a claim and a cost bond under paragraph (3) of subsection (k) of this Section, the following judicial in rem procedures shall apply:

(1) If, after a review of the facts surrounding the seizure, the
State's Attorney is of the opinion that the seized property is subject to forfeiture, then within 45 days of the receipt of notice of seizure by the seizing agency or the filing of the claim and cost bond, whichever is later, the State's Attorney shall institute judicial forfeiture proceedings by filing a verified complaint for forfeiture and, if the claimant has filed a claim and cost bond, by depositing the cost bond with the clerk of the court. When authorized by law, a forfeiture must be ordered by a court on an action in rem brought by a State's Attorney under a verified complaint for forfeiture.

(2) During the probable cause portion of the judicial in rem proceeding wherein the State presents its case-in-chief, the court must receive and consider, among other things, all relevant hearsay evidence and information. The laws of evidence relating to civil actions apply to all other portions of the judicial in rem proceeding.

(3) Only an owner of or interest holder in the property may file an answer asserting a claim against the property in the action in rem. For purposes of this Section, the owner or interest holder shall be referred to as claimant. Upon motion of the State, the court shall first hold a hearing, wherein any claimant must establish a preponderance of the evidence, that he or she has a lawful, legitimate ownership interest in the property and that it was obtained through a lawful source.

(4) The answer must be signed by the owner or interest holder under penalty of perjury and must set forth:

(A) the caption of the proceedings as set forth on the notice of pending forfeiture and the name of the claimant;
(B) the address at which the claimant will accept mail; (C) the nature and extent of the claimant's interest in the property;
(D) the date, identity of transferor, and circumstances of the claimant's acquisition of the interest in the property;
(E) the name and address of all other persons known to have an interest in the property;
(F) all essential facts supporting each assertion; and
(G) the precise relief sought.

(5) The answer must be filed with the court within 45 days after service of the civil in rem complaint.

(6) The hearing must be held within 60 days after filing of the answer unless continued for good cause.

(7) The State shall show the existence of probable cause for forfeiture of the property. If the State shows probable cause, the claimant has the burden of showing by a preponderance of the evidence that the claimant's interest in the property is not subject to forfeiture.

(8) If the State does not show existence of probable cause, the court shall order the interest in the property returned or conveyed to the claimant and shall order all other property forfeited to the State. If the State does show existence of probable cause, the court shall order all property forfeited to the State.

(9) A defendant convicted in any criminal proceeding is precluded from later denying the essential allegations of the criminal offense of which the defendant was convicted in any proceeding under this Article regardless of the pendency of an appeal from that conviction. However, evidence of the pendency of an appeal is admissible.

(10) An acquittal or dismissal in a criminal proceeding does not preclude civil proceedings under this Article; however, for good cause shown, on a motion by the State's Attorney, the court may stay civil forfeiture proceedings during the criminal trial for a related criminal indictment or information alleging a money laundering violation. Such a stay shall not be available pending an appeal. Property subject to forfeiture under this Article shall not be subject to return or release by a court exercising jurisdiction over a criminal case involving the seizure of such property unless such return or release is consented to by the State's Attorney.

(11) All property declared forfeited under this Article vests in this State on the commission of the conduct giving rise to forfeiture together with the proceeds of the property after that time. Any such property or proceeds subsequently transferred to any person remain subject to forfeiture and thereafter shall be ordered forfeited.

(12) A civil action under this Article must be commenced within 5 years after the last conduct giving rise to forfeiture became known or should have become known or 5 years after the forfeitable property is discovered, whichever is later, excluding any time during which either the property or claimant is out of the State or in confinement or during which criminal proceedings relating to the same conduct are in progress.

(m) Stay of time periods. If property is seized for evidence and for

New matter indicated by italics - deletions by strikeout
forfeiture, the time periods for instituting judicial and non-judicial forfeiture proceedings shall not begin until the property is no longer necessary for evidence.

(n) Settlement of claims. Notwithstanding other provisions of this Article, the State's Attorney and a claimant of seized property may enter into an agreed-upon settlement concerning the seized property in such an amount and upon such terms as are set out in writing in a settlement agreement.

(o) Property constituting attorney fees. Nothing in this Article applies to property which constitutes reasonable bona fide attorney's fees paid to an attorney for services rendered or to be rendered in the forfeiture proceeding or criminal proceeding relating directly thereto where such property was paid before its seizure, before the issuance of any seizure warrant or court order prohibiting transfer of the property and where the attorney, at the time he or she received the property did not know that it was property subject to forfeiture under this Article.

(p) Construction. It is the intent of the General Assembly that the forfeiture provisions of this Article be liberally construed so as to effect their remedial purpose. The forfeiture of property and other remedies hereunder shall be considered to be in addition to, and not exclusive of, any sentence or other remedy provided by law.

(q) Judicial review. If property has been declared forfeited under subsection (k) of this Section, any person who has an interest in the property declared forfeited may, within 30 days after the effective date of the notice of the declaration of forfeiture, file a claim and cost bond as described in paragraph (3) of subsection (k) of this Section. If a claim and cost bond is filed under this Section, then the procedures described in subsection (l) of this Section apply.

(r) Burden of proof of exemption or exception. It is not necessary for the State to negate any exemption or exception in this Article in any complaint, information, indictment or other pleading or in any trial, hearing, or other proceeding under this Article. The burden of proof of any exemption or exception is upon the person claiming it.

(s) Review of administrative decisions. All administrative findings, rulings, final determinations, findings, and conclusions of the State's Attorney's Office under this Article are final and conclusive decisions of the matters involved. Any person aggrieved by the decision may obtain review of the decision pursuant to the provisions of the Administrative Review Law and the rules adopted pursuant to that Law. Pending final decision on such review, the administrative acts, orders, and rulings of the State's Attorney's
Office remain in full force and effect unless modified or suspended by order of court pending final judicial decision. Pending final decision on such review, the acts, orders, and rulings of the State's Attorney's Office remain in full force and effect, unless stayed by order of court. However, no stay of any decision of the administrative agency shall issue unless the person aggrieved by the decision establishes by a preponderance of the evidence that good cause exists for the stay. In determining good cause, the court shall find that the aggrieved party has established a substantial likelihood of prevailing on the merits and that granting the stay will not have an injurious effect on the general public.

(iii) On September 22, 1998, the Third District Appellate Court in People v. Dainty, 701 N.E. 2d 118, ruled that Public Act 88-680 violates the single subject clause of the Illinois Constitution (Article IV, Section 8 (d)) and was unconstitutional in its entirety. As of the time this amendatory Act of 1999 was prepared, People v. Dainty was still subject to appeal.

The material is shown as existing text (i.e., without underscoring) because, as of the time this amendatory Act of 1999 was prepared, People v. Dainty was subject to appeal to the Illinois Supreme Court.

(4) The re-enactment by this amendatory Act of 1999 of Section 11-20.1 of the Criminal Code of 1961 relating to child pornography that was amended by Public Act 88-680 is not intended, and shall not be construed, to imply that Public Act 88-680 is invalid or to limit or impair any legal argument concerning whether those provisions were substantially re-enacted by other Public Acts.

Sec. 3A.10. Budget and Program. The Suburban Bus Board, subject to the powers of the Authority in Section 4.11, shall control the finances of the Division. It shall by ordinance appropriate money to perform the Division's purposes and provide for payment of debts and expenses of the Division. Each year the Suburban Bus Board shall prepare and publish a comprehensive annual budget and program document, and a financial plan for the 2 years thereafter describing the state of the Division and presenting for the forthcoming fiscal year and the 2 following years the Suburban Bus Board's plans for such operations and capital expenditures as it intends to undertake and the means by which it intends to finance them. The proposed budget and financial plan shall be based on the Authority's estimate of funds to be made available to the Suburban Bus Board by or through the Authority and shall conform in all respects to the requirements established by the Authority. The proposed program and budget shall contain a statement of the funds estimated to be on hand at the beginning of the fiscal year, the funds estimated to be received from all sources for such year and the funds estimated to be on hand at the end of such year. After adoption of the Authority's first Five-Year Program, as provided in Section 2.01 of this Act, the proposed program and budget shall specifically identify any respect in which the recommended program deviates from the Authority's then existing Five-Year Program, giving the reasons for such deviation. The budget and program, and financial plan

shall then be submitted to the Authority as provided in Section 4.11. In the event that the Board of the Authority determines that the budget and program, and financial plan do not meet the standards of Section 4.11, the Suburban Bus Board shall make such changes as are necessary to meet such requirements and adopt an amended budget ordinance. The amended budget ordinance shall be resubmitted to the Authority pursuant to Section 4.11. The ordinance shall appropriate such sums of money as are deemed necessary to defray all necessary expenses and obligations of the Division, specifying purposes and the objects or programs for which appropriations are made and the amount appropriated for each object or program. Additional appropriations, transfers between items and other changes in such ordinance which do not alter the basis upon which the balanced budget determination was made by the Board of the Authority may be made from time to time by the Suburban Bus Board.

The budget shall:

(i) show a balance between (A) anticipated revenues from all sources including operating subsidies and (B) the costs of providing the services specified and of funding any operating deficits or encumbrances incurred in prior periods, including provision for payment when due of principal and interest on outstanding indebtedness;

(ii) show cash balances including the proceeds of any anticipated cash flow borrowing sufficient to pay with reasonable promptness all costs and expenses as incurred;

(iii) provide for a level of fares or charges and operating or administrative costs for the public transportation provided by or subject to the jurisdiction of the Suburban Bus Board sufficient to allow the Suburban Bus Board to meet its required system generated revenues recovery ratio and, beginning with the 2007 fiscal year, its system generated ADA paratransit services revenue recovery ratio;

(iv) be based upon and employ assumptions and projections which are reasonable and prudent;

(v) have been prepared in accordance with sound financial practices as determined by the Board of the Authority; and

(vi) meet such other uniform financial, budgetary, or fiscal requirements that the Board of the Authority may by rule or regulation establish.

(i) that the level of fares and charges for mass transportation provided by, or under grant or purchase of service contracts of, the Service Boards is sufficient to cause the aggregate of all projected fare revenues from such fares and charges received in each fiscal year to equal at least 50% of the aggregate costs of providing such public transportation in such fiscal year. "Fare revenues" include the proceeds of all fares and charges for services provided, contributions received in connection with public transportation from units of local government other than the Authority and from the State pursuant to subsection (i) of Section 2705-305 of the Department of Transportation Law (20 ILCS 2705/2705-305), and all other operating revenues properly included consistent with generally accepted accounting principles but do not include: the proceeds of any borrowings, and, beginning with the 2007 fiscal year, all revenues and receipts, including but not limited to fares and grants received from the federal, State or any unit of local government or other entity, derived from providing ADA paratransit service pursuant to Section 2.30 of the Regional Transportation Authority Act. "Costs" include all items properly included as operating costs consistent with generally accepted accounting principles, including administrative costs, but do not include: depreciation; payment of principal and interest on bonds, notes or other evidences of obligation for borrowed money issued by the Authority; payments with respect to public transportation facilities made pursuant to subsection (b) of Section 2.20 of this Act; any payments with respect to rate protection contracts, credit enhancements or liquidity agreements made under Section 4.14; any other cost to which it is reasonably expected that a cash expenditure will not be made; costs up to $5,000,000 annually.
for passenger security including grants, contracts, personnel, equipment and administrative expenses, except in the case of the Chicago Transit Authority, in which case the term does not include costs spent annually by that entity for protection against crime as required by Section 27a of the Metropolitan Transit Authority Act; or costs as exempted by the Board for projects pursuant to Section 2.09 of this Act; or, beginning with the 2007 fiscal year, expenses related to providing ADA paratransit service pursuant to Section 2.30 of the Regional Transportation Authority Act; and

(ii) that the level of fares charged for ADA paratransit services is sufficient to cause the aggregate of all projected revenues from such fares charged and received in each fiscal year to equal at least 10% of the aggregate costs of providing such ADA paratransit services in fiscal years 2007 and 2008 and at least 12% of the aggregate costs of providing such ADA paratransit services in fiscal years 2009 and thereafter; for purposes of this Act, the percentages in this subsection (b)(ii) shall be referred to as the "system generated ADA paratransit services revenue recovery ratio".

(c) The actual administrative expenses of the Authority for the fiscal year commencing January 1, 1985 may not exceed $5,000,000. The actual administrative expenses of the Authority for the fiscal year commencing January 1, 1986, and for each fiscal year thereafter shall not exceed the maximum administrative expenses for the previous fiscal year plus 5%. Moneys which are distributable to the Service Boards pursuant to the preceding sentence shall be allocated among the Service Boards on the basis of each Service Board's distribution ratio. The term "distribution ratio" means, for purposes of this subsection (e) of this Section 4.01, the ratio of the total amount distributed to a Service Board pursuant to subsection (d) of Section 4.01 for the immediately preceding calendar year to the total amount distributed to all of the Service Boards pursuant to subsection (d) of Section 4.01 for the immediately preceding calendar year.

To further and accomplish the preparation of the annual budget and program as well as the Five-Year Program provided for in Section 2.01 of this Act and to make such interim management decisions as may be necessary, the Board shall employ staff which shall: (1) evaluate for the Board public transportation programs operated or proposed by transportation agencies in terms of goals, costs and relative priorities; (2) keep the Board informed of the public transportation programs and accomplishments of such transportation agencies; and (3) coordinate the development and implementation of public transportation programs to the end that the monies available to the Authority may be expended in the most economical manner possible with the least possible duplication. Under such regulations as the

1. The amount necessary and required, during the State fiscal year with respect to which the certification is made, to pay its obligations for debt service on all outstanding bonds or notes issued by the Authority under subdivisions (g)(2) and (g)(3) of Section 4.04 of this Act.

2. An estimate of the amount necessary and required to pay its obligations for debt service for any bonds or notes which the Authority anticipates it will issue under subdivisions (g)(2) and (g)(3) of Section 4.04 during that State fiscal year.

3. Its debt service savings during the preceding State fiscal year from refunding or advance refunding of bonds or notes issued under subdivisions (g)(2) and (g)(3) of Section 4.04.

4. The amount of interest, if any, earned by the Authority during the previous State fiscal year on the proceeds of bonds or notes issued pursuant to subdivisions (g)(2) and (g)(3) of Section 4.04, other than refunding or advance refunding bonds or notes.

The certification shall include a specific schedule of debt service payments, including the date and amount of each payment for all outstanding
bonds or notes and an estimated schedule of anticipated debt service for all bonds and notes it intends to issue, if any, during that State fiscal year, including the estimated date and estimated amount of each payment.

Immediately upon the issuance of bonds for which an estimated schedule of debt service payments was prepared, the Authority shall file an amended certification with respect to item (2) above, to specify the actual schedule of debt service payments, including the date and amount of each payment, for the remainder of the State fiscal year.

On the first day of each month of the State fiscal year in which there are bonds outstanding with respect to which the certification is made, the State Comptroller shall order transferred and the State Treasurer shall transfer from the General Revenue Fund to the Public Transportation Fund the Additional State Assistance and Additional Financial Assistance in an amount equal to the aggregate of (i) one-twelfth of the sum of the amounts certified under items (1) and (3) above less the amount certified under item (4) above, plus (ii) the amount required to pay debt service on bonds and notes issued during the fiscal year, if any, divided by the number of months remaining in the fiscal year after the date of issuance, or some smaller portion as may be necessary under subsection (c) or (c-5) of this Section for the relevant State fiscal year, plus (iii) any cumulative deficiencies in transfers for prior months, until an amount equal to the sum of the amounts certified under items (1) and (3) above, plus the actual debt service certified under item (2) above, less the amount certified under item (4) above, has been transferred; except that these transfers are subject to the following limits:

(A) In no event shall the total transfers in any State fiscal year relating to outstanding bonds and notes issued by the Authority under subdivision (g)(2) of Section 4.04 exceed the lesser of the annual maximum amount specified in subsection (c) or the sum of the amounts certified under items (1) and (3) above, plus the actual debt service certified under item (2) above, less the amount certified under item (4) above, with respect to those bonds and notes.

(B) In no event shall the total transfers in any State fiscal year relating to outstanding bonds and notes issued by the Authority under subdivision (g)(3) of Section 4.04 exceed the lesser of the annual maximum amount specified in subsection (c-5) or the sum of the amounts certified under items (1) and (3) above, plus the actual debt service certified under item (2) above, less the amount certified under item (4) above, with respect to those bonds and notes.

The term "outstanding" does not include bonds or notes for which

refunding or advance refunding bonds or notes have been issued.

(e) Neither Additional State Assistance nor Additional Financial Assistance may be pledged, either directly or indirectly as general revenues of the Authority, as security for any bonds issued by the Authority. The Authority may not assign its right to receive Additional State Assistance or Additional Financial Assistance, or direct payment of Additional State Assistance or Additional Financial Assistance, to a trustee or any other entity for the payment of debt service on its bonds.

(f) The certification required under subsection (d) with respect to outstanding bonds and notes of the Authority shall be filed as early as practicable before the beginning of the State fiscal year to which it relates. The certification shall be revised as may be necessary to accurately state the debt service requirements of the Authority.

(g) Within 6 months of the end of the 3 month period ending December 31, 1983, and each fiscal year thereafter, the Authority shall determine:

(i) whether the aggregate of all system generated revenues for public transportation in the metropolitan region which is provided by, or under grant or purchase of service contracts with, the Service Boards equals 50% of the aggregate of all costs of providing such public transportation. "System generated revenues" include all the proceeds of fares and charges for services provided, contributions received in connection with public transportation from units of local government other than the Authority and from the State pursuant to subsection (i) of Section 2705-305 of the Department of Transportation Law (20ILCS 2705/2705-305), and all other revenues properly included consistent with generally accepted accounting principles but may not include: the proceeds from any borrowing, and, beginning with the 2007 fiscal year, all revenues and receipts, including but not limited to fares and grants received from the federal, State or any unit of local government or other entity, derived from providing ADA paratransit service pursuant to Section 2.30 of the Regional Transportation Authority Act. "Costs" include all items properly included as operating costs consistent with generally accepted accounting principles, including administrative costs, but do not include: depreciation; payment of principal and interest on bonds, notes or other evidences of obligations for borrowed money of the Authority; payments with respect to public transportation facilities made pursuant to subsection (b) of Section 2.20; any payments with

respect to rate protection contracts, credit enhancements or liquidity agreements made under Section 4.14; any other cost as to which it is reasonably expected that a cash expenditure will not be made; costs up to $5,000,000 annually for passenger security including grants, contracts, personnel, equipment and administrative expenses, except in the case of the Chicago Transit Authority, in which case the term does not include costs spent annually by that entity for protection against crime as required by Section 27a of the Metropolitan Transit Authority Act; or costs as exempted by the Board for projects pursuant to Section 2.09 of this Act; or, beginning with the 2007 fiscal year, expenses related to providing ADA paratransit service pursuant to Section 2.30 of the Regional Transportation Authority Act. If said system generated revenues are less than 50% of said costs, the Board shall remit an amount equal to the amount of the deficit to the State. The Treasurer shall deposit any such payment in the General Revenue Fund; and:

(ii) whether, beginning with the 2007 fiscal year, the aggregate of all fares charged and received for ADA paratransit services equals the system generated ADA paratransit services revenue recovery ratio percentage of the aggregate of all costs of providing such ADA paratransit services.

(h) If the Authority makes any payment to the State under paragraph (g), the Authority shall reduce the amount provided to a Service Board from funds transferred under paragraph (a) in proportion to the amount by which that Service Board failed to meet its required system generated revenues recovery ratio. A Service Board which is affected by a reduction in funds under this paragraph shall submit to the Authority concurrently with its next due quarterly report a revised budget incorporating the reduction in funds. The revised budget must meet the criteria specified in clauses (i) through (vi) of Section 4.11(b)(2). The Board shall review and act on the revised budget as provided in Section 4.11(b)(3).

provisions of this Act. Based upon estimates which shall be given to the Authority by the Director of the Illinois Governor's Office of Management and Budget (formerly Bureau of the Budget) of the receipts to be received by the Authority from the taxes imposed by the Authority and the authorized estimates of amounts to be available from State and other sources to the Service Boards, and the times at which such receipts and amounts will be available, the Board shall, not later than the next preceding September 15th prior to the beginning of the Authority's next fiscal year, advise each Service Board of the amounts estimated by the Board to be available for such Service Board during such fiscal year and the two following fiscal years and the times at which such amounts will be available. The Board shall, at the same time, also advise each Service Board of its required system generated revenues recovery ratio for the next fiscal year which shall be the percentage of the aggregate costs of providing public transportation by or under jurisdiction of that Service Board which must be recovered from system generated revenues. The Board shall, at the same time, beginning with the 2007 fiscal year, also advise each Service Board that provides ADA paratransit services of its required system generated ADA paratransit services revenue recovery ratio for the next fiscal year which shall be the percentage of the aggregate costs of providing ADA paratransit services by or under jurisdiction of that Service Board which must be recovered from system generated revenues. In determining a Service Board's system generated revenue recovery ratio, the Board shall consider the historical system generated revenues recovery ratio for the services subject to the jurisdiction of that Service Board. The Board shall not increase a Service Board's system generated revenues recovery ratio for the next fiscal year over such ratio for the current fiscal year disproportionately or prejudicially to increases in such ratios for other Service Boards. The Board may, by ordinance, provide that (i) the cost of research and development projects in the fiscal year beginning January 1, 1986 and ending December 31, 1986 conducted pursuant to Section 2.09 of this Act, and (ii) up to $5,000,000 annually of the costs for passenger security, may be exempted from the farebox recovery ratio or the system generated revenues recovery ratio of the Chicago Transit Authority, the Suburban Bus Board, and the Commuter Rail Board, or any of them. For the fiscal year beginning January 1, 1986 and ending December 31, 1986, and for the fiscal year beginning January 1, 1987 and ending December 31, 1987, the Board shall, by ordinance, provide that:

(1) the amount of a grant, pursuant to Section 2705-310 of the Department of Transportation Law (20 ILCS 2705/2705-310), from the Department of Transportation for the cost of services for the mobility limited provided by the Chicago Transit Authority, and (2) the amount of a grant, pursuant to Section 2705-310 of the Department of Transportation Law (20 ILCS 2705/2705-310), from the Department of Transportation for the cost of services for the mobility limited by the Suburban Bus Board or the Commuter Rail Board, be exempt from the farebox recovery ratio or the system generated revenues recovery ratio.

(b)(1) Not later than the next preceding November 15 prior to the commencement of such fiscal year, each Service Board shall submit to the Authority its proposed budget for such fiscal year and its proposed financial plan for the two following fiscal years. Such budget and financial plan shall not project or assume a receipt of revenues from the Authority in amounts greater than those set forth in the estimates provided by the Authority pursuant to subsection (a) of this Section.

(2) The Board shall review the proposed budget and financial plan submitted by each Service Board, and shall adopt a consolidated budget and financial plan. The Board shall approve the budget and plan if:

(i) the Board has approved the proposed budget and cash flow plan for such fiscal year of each Service Board, pursuant to the conditions set forth in clauses (ii) through (vii) of this paragraph;

(ii) such budget and plan show a balance between (A) anticipated revenues from all sources including operating subsidies and (B) the costs of providing the services specified and of funding any operating deficits or encumbrances incurred in prior periods, including provision for payment when due of principal and interest on outstanding indebtedness;

(iii) such budget and plan show cash balances including the proceeds of any anticipated cash flow borrowing sufficient to pay with reasonable promptness all costs and expenses as incurred;

(iv) such budget and plan provide for a level of fares or charges and operating or administrative costs for the public transportation provided by or subject to the jurisdiction of such Service Board sufficient to allow the Service Board to meet its required system generated revenue recovery ratio and, beginning with the 2007 fiscal year, system generated ADA paratransit services revenue recovery ratio;

(v) such budget and plan are based upon and employ

assumptions and projections which are reasonable and prudent;
(vi) such budget and plan have been prepared in accordance
with sound financial practices as determined by the Board; and
(vii) such budget and plan meet such other financial,
budgetary, or fiscal requirements that the Board may by rule or
regulation establish.
(3) In determining whether the budget and financial plan provide a
level of fares or charges sufficient to allow a Service Board to meet its
required system generated revenue recovery ratio and, beginning with the
2007 fiscal year, system generated ADA paratransit services revenue
recovery ratio under clause (iv) in subparagraph (2), the Board shall allow a
Service Board to carry over cash from farebox revenues to subsequent fiscal
years.
(4) Unless the Board by an affirmative vote of 9 of the then Directors
determines that the budget and financial plan of a Service Board meets the
criteria specified in clauses (ii) through (vii) of subparagraph (2) of this
paragraph (b), the Board shall not release to that Service Board any funds for
the periods covered by such budget and financial plan except for the proceeds
of taxes imposed by the Authority under Section 4.03 which are allocated to
the Service Board under Section 4.01.
(5) If the Board has not found that the budget and financial plan of a
Service Board meets the criteria specified in clauses (i) through (vii) of
subparagraph (2) of this paragraph (b), the Board shall, five working days
after the start of the Service Board's fiscal year adopt a budget and financial
plan meeting such criteria for that Service Board.
(c)(1) If the Board shall at any time have received a revised estimate,
or revises any estimate the Board has made, pursuant to this Section of the
receipts to be collected by the Authority which, in the judgment of the Board,
requires a change in the estimates on which the budget of any Service Board
is based, the Board shall advise the affected Service Board of such revised
estimates, and such Service Board shall within 30 days after receipt of such
advice submit a revised budget incorporating such revised estimates. If the
revised estimates require, in the judgment of the Board, that the system
generated revenues recovery ratio of one or more Service Boards be revised
in order to allow the Authority to meet its required ratio, the Board shall
advise any such Service Board of its revised ratio and such Service Board
shall within 30 days after receipt of such advice submit a revised budget
incorporating such revised estimates or ratio.
(2) Each Service Board shall, within such period after the end of each

fiscal quarter as shall be specified by the Board, report to the Authority its financial condition and results of operations and the financial condition and results of operations of the public transportation services subject to its jurisdiction, as at the end of and for such quarter. If in the judgment of the Board such condition and results are not substantially in accordance with such Service Board's budget for such period, the Board shall so advise such Service Board and such Service Board shall within the period specified by the Board submit a revised budget incorporating such results.

(3) If the Board shall determine that a revised budget submitted by a Service Board pursuant to subparagraph (1) or (2) of this paragraph (c) does not meet the criteria specified in clauses (ii) through (vii) of subparagraph (2) of paragraph (b) of this Section, the Board shall not release any monies to that Service Board except the proceeds of taxes imposed by the Authority under Section 4.03 or 4.03.1 which are allocated to the Service Board under Section 4.01. If the Service Board submits a revised financial plan and budget which plan and budget shows that the criteria will be met within a four quarter period, the Board shall continue to release funds to the Service Board. The Board by a 9 vote of its then Directors may require a Service Board to submit a revised financial plan and budget which shows that the criteria will be met in a time period less than four quarters.

(d) All budgets and financial plans, financial statements, audits and other information presented to the Authority pursuant to this Section or which may be required by the Board to permit it to monitor compliance with the provisions of this Section shall be prepared and presented in such manner and frequency and in such detail as shall have been prescribed by the Board, shall be prepared on both an accrual and cash flow basis as specified by the Board, and shall identify and describe the assumptions and projections employed in the preparation thereof to the extent required by the Board. Except when the Board adopts a budget and a financial plan for a Service Board under paragraph (b)(5), a Service Board shall provide for such levels of transportation services and fares or charges therefor as it deems appropriate and necessary in the preparation of a budget and financial plan meeting the criteria set forth in clauses (ii) through (vii) of subparagraph (2) of paragraph (b) of this Section. The Board shall have access to and the right to examine and copy all books, documents, papers, records, or other source data of a Service Board relevant to any information submitted pursuant to this Section.

(e) Whenever this Section requires the Board to make determinations with respect to estimates, budgets or financial plans, or rules or regulations with respect thereto such determinations shall be made upon the affirmative
vote of at least 9 of the then Directors and shall be incorporated in a written report of the Board and such report shall be submitted within 10 days after such determinations are made to the Governor, the Mayor of Chicago (if such determinations relate to the Chicago Transit Authority), and the Auditor General of Illinois.

Sec. 11-12-9. If unincorporated territory is within one and one-half miles of the boundaries of two or more corporate authorities that have adopted official plans, the corporate authorities involved may agree upon a line which shall mark the boundaries of the jurisdiction of each of the corporate authorities who have adopted such agreement. On and after September 24, 1987, such agreement may provide that one or more of the municipalities shall not annex territory which lies within the jurisdiction of any other municipality, as established by such line. In the absence of such a boundary line agreement, nothing in this paragraph shall be construed as a limitation on the power of any municipality to annex territory. In arriving at an agreement for a jurisdictional boundary line, the corporate authorities concerned shall give consideration to the natural flow of storm water drainage, and, when practical, shall include all of any single tract having common ownership within the jurisdiction of one corporate authority. Such agreement shall not become effective until copies thereof, certified as to adoption by the municipal clerks of the respective municipalities, have been filed in the Recorder's Office and made available in the office of the municipal clerk of each agreeing municipality.

Any agreement for a jurisdictional boundary line shall be valid for such term of years as may be stated therein, but not to exceed 20 years, and if no term is stated, shall be valid for a term of 20 years. The term of such agreement may be extended, renewed or revised at the end of the initial or extended term thereof by further agreement of the municipalities.

In the absence of such agreement, the jurisdiction of any one of the corporate authorities shall extend to a median line equidistant from its boundary and the boundary of the other corporate authority nearest to the boundary of the first corporate authority at any given point on the line.

On and after January 1, 2006, no corporate authority may enter into an agreement pursuant to this Section unless, not less than 30 days and not more than 120 days prior to formal approval thereof by the corporate authority, it shall have first provided public notice of the proposed boundary agreement by both of the following:

(1) the posting of a public notice for not less than 15 consecutive days in the same location at which notices of village board or city council meetings are posted; and

(2) publication on at least one occasion in a newspaper of general circulation within the territory that is subject to the proposed agreement.

The validity of a boundary agreement may not be legally challenged

on the grounds that the notice as required by this Section was not properly
given unless the challenge is initiated within 12 months after the formal
approval of the boundary agreement.

An agreement that addresses jurisdictional boundary lines shall be
entirely unenforceable for any party thereto that subsequently enters into
another agreement that addresses jurisdictional boundary lines that is in
conflict with any of the terms of the first agreement without the consent of all
parties to the first agreement.

This amendatory Act of 1990 is declarative of the existing law and
shall not be construed to modify or amend existing boundary line agreements,
nor shall it be construed to create powers of a municipality not already in
existence.

agreements entered into on or before the effective date of this amendatory

(730 ILCS 5/5-6-1) (from Ch. 38, par. 1005-6-1)
Sec. 5-6-1. Sentences of Probation and of Conditional Discharge and Disposition of Supervision. The General Assembly finds that in order to protect the public, the criminal justice system must compel compliance with the conditions of probation by responding to violations with swift, certain and fair punishments and intermediate sanctions. The Chief Judge of each circuit shall adopt a system of structured, intermediate sanctions for violations of the terms and conditions of a sentence of probation, conditional discharge or disposition of supervision.

(a) Except where specifically prohibited by other provisions of this Code, the court shall impose a sentence of probation or conditional discharge upon an offender unless, having regard to the nature and circumstance of the offense, and to the history, character and condition of the offender, the court is of the opinion that:

(1) his imprisonment or periodic imprisonment is necessary for the protection of the public; or
(2) probation or conditional discharge would deprecate the seriousness of the offender's conduct and would be inconsistent with the ends of justice; or
(3) a combination of imprisonment with concurrent or consecutive probation when an offender has been admitted into a drug court program under Section 20 of the Drug Court Treatment Act is necessary for the protection of the public and for the rehabilitation of the offender.

The court shall impose as a condition of a sentence of probation, conditional discharge, or supervision, that the probation agency may invoke any sanction from the list of intermediate sanctions adopted by the chief judge of the circuit court for violations of the terms and conditions of the sentence of probation, conditional discharge, or supervision, subject to the provisions of Section 5-6-4 of this Act.

(b) The court may impose a sentence of conditional discharge for an
offense if the court is of the opinion that neither a sentence of imprisonment nor of periodic imprisonment nor of probation supervision is appropriate.

(b-1) Subsections (a) and (b) of this Section do not apply to a defendant charged with a misdemeanor or felony under the Illinois Vehicle Code or reckless homicide under Section 9-3 of the Criminal Code of 1961 if the defendant within the past 12 months has been convicted of or pleaded guilty to a misdemeanor or felony under the Illinois Vehicle Code or reckless homicide under Section 9-3 of the Criminal Code of 1961.

(c) The court may, upon a plea of guilty or a stipulation by the defendant of the facts supporting the charge or a finding of guilt, defer further proceedings and the imposition of a sentence, and enter an order for supervision of the defendant, if the defendant is not charged with: (i) a Class A misdemeanor, as defined by the following provisions of the Criminal Code of 1961: Sections 12-3.2; 12-15; 26-5; 31-1; 31-6; 31-7; subsections (b) and (c) of Section 21-1; paragraph (1) through (5), (8), (10), and (11) of subsection (a) of Section 24-1; (ii) a Class A misdemeanor violation of Section 3.01, 3.03-1, or 4.01 of the Humane Care for Animals Act; or (iii) felony. If the defendant is not barred from receiving an order for supervision as provided in this subsection, the court may enter an order for supervision after considering the circumstances of the offense, and the history, character and condition of the offender, if the court is of the opinion that:

(1) the offender is not likely to commit further crimes;
(2) the defendant and the public would be best served if the defendant were not to receive a criminal record; and
(3) in the best interests of justice an order of supervision is more appropriate than a sentence otherwise permitted under this Code.

(d) The provisions of paragraph (c) shall not apply to a defendant charged with violating Section 11-501 of the Illinois Vehicle Code or a similar provision of a local ordinance when the defendant has previously been:

(1) convicted for a violation of Section 11-501 of the Illinois Vehicle Code or a similar provision of a local ordinance or any similar law or ordinance of another state; or
(2) assigned supervision for a violation of Section 11-501 of the Illinois Vehicle Code or a similar provision of a local ordinance or any similar law or ordinance of another state; or
(3) pleaded guilty to or stipulated to the facts supporting a charge or a finding of guilty to a violation of Section 11-503 of the

Illinois Vehicle Code or a similar provision of a local ordinance or any similar law or ordinance of another state, and the plea or stipulation was the result of a plea agreement.

The court shall consider the statement of the prosecuting authority with regard to the standards set forth in this Section.

(e) The provisions of paragraph (c) shall not apply to a defendant charged with violating Section 16A-3 of the Criminal Code of 1961 if said defendant has within the last 5 years been:

(1) convicted for a violation of Section 16A-3 of the Criminal Code of 1961; or

(2) assigned supervision for a violation of Section 16A-3 of the Criminal Code of 1961. The court shall consider the statement of the prosecuting authority with regard to the standards set forth in this Section.

(f) The provisions of paragraph (c) shall not apply to a defendant charged with violating Sections 15-111, 15-112, 15-301, paragraph (b) of Section 6-104, Section 11-605, or Section 11-1414 of the Illinois Vehicle Code or a similar provision of a local ordinance.

(g) Except as otherwise provided in paragraph (i) of this Section, the provisions of paragraph (c) shall not apply to a defendant charged with violating Section 3-707, 3-708, 3-710, or 5-401.3 of the Illinois Vehicle Code or a similar provision of a local ordinance if the defendant has within the last 5 years been:

(1) convicted for a violation of Section 3-707, 3-708, 3-710, or 5-401.3 of the Illinois Vehicle Code or a similar provision of a local ordinance; or

(2) assigned supervision for a violation of Section 3-707, 3-708, 3-710, or 5-401.3 of the Illinois Vehicle Code or a similar provision of a local ordinance.

The court shall consider the statement of the prosecuting authority with regard to the standards set forth in this Section.

(h) The provisions of paragraph (c) shall not apply to a defendant under the age of 21 years charged with violating a serious traffic offense as defined in Section 1-187.001 of the Illinois Vehicle Code:

(1) unless the defendant, upon payment of the fines, penalties, and costs provided by law, agrees to attend and successfully complete a traffic safety program approved by the court under standards set by the Conference of Chief Circuit Judges. The accused shall be responsible for payment of any traffic safety program fees. If the

accused fails to file a certificate of successful completion on or before the termination date of the supervision order, the supervision shall be summarily revoked and conviction entered. The provisions of Supreme Court Rule 402 relating to pleas of guilty do not apply in cases when a defendant enters a guilty plea under this provision; or

(2) if the defendant has previously been sentenced under the provisions of paragraph (c) on or after January 1, 1998 for any serious traffic offense as defined in Section 1-187.001 of the Illinois Vehicle Code.

(i) The provisions of paragraph (c) shall not apply to a defendant charged with violating Section 3-707 of the Illinois Vehicle Code or a similar provision of a local ordinance if the defendant has been assigned supervision for a violation of Section 3-707 of the Illinois Vehicle Code or a similar provision of a local ordinance.

(j) The provisions of paragraph (c) shall not apply to a defendant charged with violating Section 6-303 of the Illinois Vehicle Code or a similar provision of a local ordinance when the revocation or suspension was for a violation of Section 11-501 or a similar provision of a local ordinance, a violation of Section 11-501.1 or paragraph (b) of Section 11-401 of the Illinois Vehicle Code, or a violation of Section 9-3 of the Criminal Code of 1961 if the defendant has within the last 10 years been:

(2) assigned supervision for a violation of Section 6-303 of the Illinois Vehicle Code or a similar provision of a local ordinance.

AN ACT concerning education.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Section 14-8.02 as follows:

(105 ILCS 5/14-8.02) (from Ch. 122, par. 14-8.02)

New matter indicated by italics - deletions by strikeout

(a) The State Board of Education shall make rules under which local school boards shall determine the eligibility of children to receive special education. Such rules shall ensure that a free appropriate public education be available to all children with disabilities as defined in Section 14-1.02. The State Board of Education shall require local school districts to administer non-discriminatory procedures or tests to limited English proficiency students coming from homes in which a language other than English is used to determine their eligibility to receive special education. The placement of low English proficiency students in special education programs and facilities shall be made in accordance with the test results reflecting the student's linguistic, cultural and special education needs. For purposes of determining the eligibility of children the State Board of Education shall include in the rules definitions of "case study", "staff conference", "individualized educational program", and "qualified specialist" appropriate to each category of children with disabilities as defined in this Article. For purposes of determining the eligibility of children from homes in which a language other than English is used, the State Board of Education, no later than September 1, 1993, shall include in the rules definitions for "qualified bilingual specialists" and "linguistically and culturally appropriate individualized educational programs". In this Section, "parent" includes a foster parent.

(b) No child shall be eligible for special education facilities except with a carefully completed case study fully reviewed by professional personnel in a multidisciplinary staff conference and only upon the recommendation of qualified specialists or a qualified bilingual specialist, if available. At the conclusion of the multidisciplinary staff conference, the parent or guardian of the child shall be given a copy of the multidisciplinary conference summary report and recommendations, which includes options considered, and be informed of their right to obtain an independent educational evaluation if they disagree with the evaluation findings conducted or obtained by the school district. If the school district's evaluation is shown to be inappropriate, the school district shall reimburse the parent for the cost of the independent evaluation. The State Board of Education shall, with advice from the State Advisory Council on Education of Children with Disabilities on the inclusion of specific independent educational evaluators, prepare a list of suggested independent educational evaluators. The State Board of Education shall include on the list clinical psychologists licensed pursuant to the Clinical Psychologist Licensing Act. Such psychologists shall not be paid fees in excess of the amount that would be received by a school
psychologist for performing the same services. The State Board of Education shall supply school districts with such list and make the list available to parents at their request. School districts shall make the list available to parents at the time they are informed of their right to obtain an independent educational evaluation. However, the school district may initiate an impartial due process hearing under this Section within 5 days of any written parent or guardian request for an independent educational evaluation to show that its evaluation is appropriate. If the final decision is that the evaluation is appropriate, the parent still has a right to an independent educational evaluation, but not at public expense. An independent educational evaluation at public expense must be completed within 30 days of a parent or guardian written request unless the school district initiates an impartial due process hearing or the parent or guardian or school district offers reasonable grounds to show that such 30 day time period should be extended. If the due process hearing decision indicates that the parent or guardian is entitled to an independent educational evaluation, it must be completed within 30 days of the decision unless the parent or guardian or the school district offers reasonable grounds to show that such 30 day period should be extended. If a parent disagrees with the summary report or recommendations of the multidisciplinary conference or the findings of any educational evaluation which results therefrom, the school district shall not proceed with a placement based upon such evaluation and the child shall remain in his or her regular classroom setting. No child shall be eligible for admission to a special class for the educable mentally disabled or for the trainable mentally disabled except with a psychological evaluation and recommendation by a school psychologist. Consent shall be obtained from the parent or guardian of a child before any evaluation is conducted. If consent is not given by the parent or guardian or if the parent or guardian disagrees with the findings of the evaluation, then the school district may initiate an impartial due process hearing under this Section. The school district may evaluate the child if that is the decision resulting from the impartial due process hearing and the decision is not appealed or if the decision is affirmed on appeal. The determination of eligibility shall be made within 60 school days from the date of referral by school authorities for evaluation by the district or date of application for admittance by the parent or guardian of the child. In those instances when students are referred for evaluation with fewer than 60 pupil attendance days left in the school year, the eligibility determination shall be made prior to the first day of the following school year. After a child has been determined to be eligible for a special education class, such child must be
placed in the appropriate program pursuant to the individualized educational program by or no later than the beginning of the next school semester. The appropriate program pursuant to the individualized educational program of students whose native tongue is a language other than English shall reflect the special education, cultural and linguistic needs. No later than September 1, 1993, the State Board of Education shall establish standards for the development, implementation and monitoring of appropriate bilingual special individualized educational programs. The State Board of Education shall further incorporate appropriate monitoring procedures to verify implementation of these standards. The district shall indicate to the parent or guardian and the State Board of Education the nature of the services the child will receive for the regular school term while waiting placement in the appropriate special education class.

If the child is deaf, hard of hearing, blind, or visually impaired and he or she might be eligible to receive services from the Illinois School for the Deaf or the Illinois School for the Visually Impaired, the school district shall notify the parents or guardian, in writing, of the existence of these schools and the services they provide and shall make a reasonable effort to inform the parents or guardian of the existence of other, local schools that provide similar services and the services that these other schools provide. This notification shall include without limitation information on school services, school admissions criteria, and school contact information.

If the student may be eligible to participate in the Home-Based Support Services Program for Mentally Disabled Adults authorized under the Developmental Disability and Mental Disability Services Act upon becoming an adult, the student's individualized education program shall include plans for (i) determining the student's eligibility for those home-based services, (ii) enrolling the student in the program of home-based services, and (iii) developing a plan for the student's most effective use of the home-based services after the student becomes an adult and no longer receives special educational services under this Article. The plans developed under this paragraph shall include specific actions to be taken by specified individuals, agencies, or officials.

(c) In the development of the individualized education program for a student who is functionally blind, it shall be presumed that proficiency in Braille reading and writing is essential for the student's satisfactory educational progress. For purposes of this subsection, the State Board of Education shall determine the criteria for a student to be classified as functionally blind. Students who are not currently identified as functionally
blind who are also entitled to Braille instruction include: (i) those whose vision loss is so severe that they are unable to read and write at a level comparable to their peers solely through the use of vision, and (ii) those who show evidence of progressive vision loss that may result in functional blindness. Each student who is functionally blind shall be entitled to Braille reading and writing instruction that is sufficient to enable the student to communicate with the same level of proficiency as other students of comparable ability. Instruction should be provided to the extent that the student is physically and cognitively able to use Braille. Braille instruction may be used in combination with other special education services appropriate to the student's educational needs. The assessment of each student who is functionally blind for the purpose of developing the student's individualized education program shall include documentation of the student's strengths and weaknesses in Braille skills. Each person assisting in the development of the individualized education program for a student who is functionally blind shall receive information describing the benefits of Braille instruction. The individualized education program for each student who is functionally blind shall specify the appropriate learning medium or media based on the assessment report.

(d) To the maximum extent appropriate, the placement shall provide the child with the opportunity to be educated with children who are not disabled; provided that children with disabilities who are recommended to be placed into regular education classrooms are provided with supplementary services to assist the children with disabilities to benefit from the regular classroom instruction and are included on the teacher's regular education class register. Subject to the limitation of the preceding sentence, placement in special classes, separate schools or other removal of the disabled child from the regular educational environment shall occur only when the nature of the severity of the disability is such that education in the regular classes with the use of supplementary aids and services cannot be achieved satisfactorily. The placement of limited English proficiency students with disabilities shall be in non-restrictive environments which provide for integration with non-disabled peers in bilingual classrooms. By January 1993 and annually thereafter, school districts shall report data on students from non-English speaking backgrounds receiving special education and related services in public and private facilities as prescribed in Section 2-3.30. If there is a disagreement between parties involved regarding the special education placement of any child, either in-state or out-of-state, the placement is subject to impartial due process procedures described in Article
10 of the Rules and Regulations to Govern the Administration and Operation of Special Education.

(e) No child who comes from a home in which a language other than English is the principal language used may be assigned to any class or program under this Article until he has been given, in the principal language used by the child and used in his home, tests reasonably related to his cultural environment. All testing and evaluation materials and procedures utilized for evaluation and placement shall not be linguistically, racially or culturally discriminatory.

(f) Nothing in this Article shall be construed to require any child to undergo any physical examination or medical treatment whose parents or guardian object thereto on the grounds that such examination or treatment conflicts with his religious beliefs.

(g) School boards or their designee shall provide to the parents or guardian of a child prior written notice of any decision (a) proposing to initiate or change, or (b) refusing to initiate or change, the identification, evaluation, or educational placement of the child or the provision of a free appropriate public education to their child, and the reasons therefor. Such written notification shall also inform the parent or guardian of the opportunity to present complaints with respect to any matter relating to the educational placement of the student, or the provision of a free appropriate public education and to have an impartial due process hearing on the complaint. The notice shall inform the parents or guardian in the parents' or guardian's native language, unless it is clearly not feasible to do so, of their rights and all procedures available pursuant to this Act and federal law 94-142; it shall be the responsibility of the State Superintendent to develop uniform notices setting forth the procedures available under this Act and federal law 94-142 to be used by all school boards. The notice shall also inform the parents or guardian of the availability upon request of a list of free or low-cost legal and other relevant services available locally to assist parents or guardians in initiating an impartial due process hearing. Any parent or guardian who is deaf, or does not normally communicate using spoken English, who participates in a meeting with a representative of a local educational agency for the purposes of developing an individualized educational program shall be entitled to the services of an interpreter.

(h) A Level I due process hearing, hereinafter referred as the hearing, shall be conducted upon the request of the parents or guardian or local school board by an impartial hearing officer appointed as follows: If the request is made through the local school district, within 5 school days of receipt of the

request, the local school district shall forward the request to the State Superintendent. Within 5 days after receiving this request of hearing, the State Board of Education shall provide a list of 5 prospective, impartial hearing officers. The State Board of Education, by rule or regulation, shall establish criteria for determining which persons can be included on such a list of prospective hearing officers. No one on the list may be a resident of the school district. No more than 2 of the 5 prospective hearing officers shall be gainfully employed by or administratively connected with any school district, or any joint agreement or cooperative program in which school districts participate. In addition, no more than 2 of the 5 prospective hearing officers shall be gainfully employed by or administratively connected with private providers of special education services. The State Board of Education shall actively recruit applicants for hearing officer positions. The board and the parents or guardian or their legal representatives within 5 days shall alternately strike one name from the list until only one name remains. The parents or guardian shall have the right to proceed first with the striking. The per diem allowance for the hearing officer shall be established and paid by the State Board of Education. The hearing shall be closed to the public except that the parents or guardian may require that the hearing be public. The hearing officer shall not be an employee of the school district, an employee in any joint agreement or cooperative program in which the district participates, or any other agency or organization that is directly involved in the diagnosis, education or care of the student or the State Board of Education. All impartial hearing officers shall be adequately trained in federal and state law, rules and regulations and case law regarding special education. The State Board of Education shall use resources from within and outside the agency for the purposes of conducting this training. The impartial hearing officer shall have the authority to require additional information or evidence where he or she deems it necessary to make a complete record and may order an independent evaluation of the child, the cost of said evaluation to be paid by the local school district. Such hearing shall not be considered adversary in nature, but shall be directed toward bringing out all facts necessary for the impartial hearing officer to render an informed decision. The State Board of Education shall, with the advice and approval of the Advisory Council on Education of Children with Disabilities, promulgate rules and regulations to establish the qualifications of the hearing officers and the rules and procedure for such hearings. The school district shall present evidence that the special education needs of the child have been appropriately identified and that the special education program and related services proposed to meet the needs of

the child are adequate, appropriate and available. Any party to the hearing shall have the right to: (a) be represented by counsel and be accompanied and advised by individuals with special knowledge or training with respect to the problems of children with disabilities at the party's own expense; (b) present evidence and confront and cross-examine witnesses; (c) prohibit the introduction of any evidence at the hearing that has not been disclosed to that party at least 5 days before the hearing; (d) obtain a written or electronic verbatim record of the hearing; (e) obtain written findings of fact and a written decision. The student shall be allowed to attend the hearing unless the hearing officer finds that attendance is not in the child's best interest or detrimental to the child. The hearing officer shall specify in the findings the reasons for denying attendance by the student. The hearing officer, or the State Superintendent in connection with State level hearings, may subpoena and compel the attendance of witnesses and the production of evidence reasonably necessary to the resolution of the hearing. The subpoena may be issued upon request of any party. The State Board of Education and the school board shall share equally the costs of providing a written or electronic record of the proceedings. Such record shall be transcribed and transmitted to the State Superintendent no later than 10 days after receipt of notice of appeal. The hearing officer shall render a decision and shall submit a copy of the findings of fact and decision to the parent or guardian and to the local school board within 10 school days after the conclusion of the hearing. The hearing officer may continue the hearing in order to obtain additional information, and, at the conclusion of the hearing, shall issue a decision based on the record which specifies the special education and related services which shall be provided to the child in accordance with the child's needs. The hearing officer's decision shall be binding upon the local school board and the parent unless such decision is appealed pursuant to the provisions of this Section.

(i) Any party aggrieved by the decision may appeal the hearing officer's decision to the State Board of Education and shall serve copies of the notice of such appeal on the State Superintendent and on all other parties. The review referred to in this Section shall be known as the Level II review. The State Board of Education shall provide a list of 5 prospective, impartial reviewing officers. No reviewing officer shall be an employee of the State Board of Education or gainfully employed by or administratively connected with the school district, joint agreement or cooperative program which is a party to this review. Each person on the list shall be accredited by a national arbitration organization. The per diem allowance for the review officers shall

be paid by the State Board of Education and may not exceed $250. All reviewing officers on the list provided by the State Board of Education shall be trained in federal and state law, rules and regulations and case law regarding special education. The State Board of Education shall use resources from within and outside the agency for the purposes of conducting this training. No one on the list may be a resident of the school district. The board and the parents or guardian or other legal representatives within 5 days shall alternately strike one name from the list until only one name remains. The parents or guardian shall have the right to proceed first with the striking. The reviewing officer so selected shall conduct an impartial review of the Level I hearing and may issue subpoenas requiring the attendance of witnesses at such review. The parties to the appeal shall be afforded the opportunity to present oral argument and additional evidence at the review. Upon completion of the review the reviewing officer shall render a decision and shall provide a copy of the decision to all parties.

(j) No later than 30 days after receipt of notice of appeal, a final decision shall be reached and a copy mailed to each of the parties. A reviewing officer may grant specific extensions of time beyond the 30-day deadline at the request of either party. If a Level II hearing is convened the final decision of a Level II hearing officer shall occur no more than 30 days following receipt of a notice of appeal, unless an extension of time is granted by the hearing officer at the request of either party. The State Board of Education shall establish rules and regulations delineating the standards to be used in determining whether the reviewing officer shall grant such extensions. Each hearing and each review involving oral argument must be conducted at a time and place which are reasonably convenient to the parents and the child involved.

(k) Any party aggrieved by the decision of the reviewing officer, including the parent or guardian, shall have the right to bring a civil action with respect to the complaint presented pursuant to this Section, which action may be brought in any circuit court of competent jurisdiction within 120 days after a copy of the decision is mailed to the party as provided in subsection (j). The civil action provided above shall not be exclusive of any rights or causes of action otherwise available. The commencement of a civil action under subsection (k) of this Section shall operate as a supersedeas. In any action brought under this Section the court shall receive the records of the administrative proceedings, shall hear additional evidence at the request of a party, and basing its decision on the preponderance of the evidence shall grant such relief as the court determines is appropriate. In any instance where
a school district willfully disregards applicable regulations or statutes regarding a child covered by this Article, and which disregard has been detrimental to the child, the school district shall be liable for any reasonable attorney's fees incurred by the parent or guardian in connection with proceedings under this Section.

(l) During the pendency of any proceedings conducted pursuant to this Section, unless the State Superintendent of Education, or the school district and the parents or guardian otherwise agree, the student shall remain in the then current educational placement of such student, or if applying for initial admission to the school district, shall, with the consent of the parents or guardian, be placed in the school district program until all such proceedings have been completed. The costs for any special education and related services or placement incurred following 60 school days after the initial request for evaluation shall be borne by the school district if such services or placement are in accordance with the final determination as to the special education and related services or placement which must be provided to the child, provided however that in said 60 day period there have been no delays caused by the child's parent or guardian.

(m) Whenever (i) the parents or guardian of a child of the type described in Section 14-1.02 are not known or are unavailable or (ii) the child is a ward of the State residing in a residential facility, a person shall be assigned to serve as surrogate parent for the child in matters relating to the identification, evaluation, and educational placement of the child and the provision of a free appropriate public education to the child. Surrogate parents shall be assigned by the State Superintendent of Education. The State Board of Education shall promulgate rules and regulations establishing qualifications of such persons and their responsibilities and the procedures to be followed in making such assignments. Such surrogate parents shall not be employees of the school district, an agency created by joint agreement under Section 10-22.31, an agency involved in the education or care of the student, or the State Board of Education. For a child who is a ward of the State residing in a residential facility, the surrogate parent may be an employee of a nonpublic agency that provides only non-educational care. Services of any person assigned as surrogate parent shall terminate if the parent or guardian becomes available unless otherwise requested by the parents or guardian. The assignment of a person as surrogate parent at no time supersedes, terminates, or suspends the parents' or guardian's legal authority relative to the child. Any person participating in good faith as surrogate parent on behalf of the child before school officials or a hearing

(Senate Bill No 0098)

AN ACT concerning civil law.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Marriage and Dissolution of Marriage Act is amended by changing Sections 602 and 602.1 and by adding Section 601.5 as follows:

(750 ILCS 5/601.5 new)

Sec. 601.5. Training. The chief circuit judge or designated presiding judge may approve 3 hours of training for guardian ad litems appointed under Section 601 of this Act, professional personnel appointed under Section 604 of this Act, evaluators appointed under Section 604.5 of this Act, and investigators appointed under Section 605 of this Act. This training shall include a component on the dynamics of domestic violence and its effect on parents and children.

(750 ILCS 5/602) (from Ch. 40, par. 602)

Sec. 602. Best Interest of Child.

(a) The court shall determine custody in accordance with the best interest of the child. The court shall consider all relevant factors including:

New matter indicated by italics - deletions by strikeout
(1) the wishes of the child's parent or parents as to his custody;
(2) the wishes of the child as to his custodian;
(3) the interaction and interrelationship of the child with his parent or parents, his siblings and any other person who may significantly affect the child's best interest;
(4) the child's adjustment to his home, school and community;
(5) the mental and physical health of all individuals involved;
(6) the physical violence or threat of physical violence by the child's potential custodian, whether directed against the child or directed against another person;
(7) the occurrence of ongoing or repeated abuse as defined in Section 103 of the Illinois Domestic Violence Act of 1986, whether directed against the child or directed against another person; and
(8) the willingness and ability of each parent to facilitate and encourage a close and continuing relationship between the other parent and the child.

In the case of a custody proceeding in which a stepparent has standing under Section 601, it is presumed to be in the best interest of the minor child that the natural parent have the custody of the minor child unless the presumption is rebutted by the stepparent.

(b) The court shall not consider conduct of a present or proposed custodian that does not affect his relationship to the child.

(c) Unless the court finds the occurrence of ongoing abuse as defined in Section 103 of the Illinois Domestic Violence Act of 1986, the court shall presume that the maximum involvement and cooperation of both parents regarding the physical, mental, moral, and emotional well-being of their child is in the best interest of the child. There shall be no presumption in favor of or against joint custody.

(Source: P.A. 90-782, eff. 8-14-98.)

(750 ILCS 5/602.1) (from Ch. 40, par. 602.1)

Sec. 602.1. (a) The dissolution of marriage, the declaration of invalidity of marriage, the legal separation of the parents, or the parents living separate and apart shall not diminish parental powers, rights, and responsibilities except as the court for good reason may determine under the standards of Section 602.

(b) Upon the application of either or both parents, or upon its own motion, the court shall consider an award of joint custody. Joint custody means custody determined pursuant to a Joint Parenting Agreement or a Joint Parenting Order. In such cases, the court shall initially request the parents to

New matter indicated by italics - deletions by strikeout
produce a Joint Parenting Agreement. Such Agreement shall specify each parent's powers, rights and responsibilities for the personal care of the child and for major decisions such as education, health care, and religious training. The Agreement shall further specify a procedure by which proposed changes, disputes and alleged breaches may be mediated or otherwise resolved and shall provide for a periodic review of its terms by the parents. In producing a Joint Parenting Agreement, the parents shall be flexible in arriving at resolutions which further the policy of this State as expressed in Sections 102 and 602. For the purpose of assisting the court in making a determination whether an award of joint custody is appropriate, the court may order mediation and may direct that an investigation be conducted pursuant to the provisions of Section 605. If there is a danger to the health or safety of a partner, joint mediation shall not be required by the court. In the event the parents fail to produce a Joint Parenting Agreement, the court may enter an appropriate Joint Parenting Order under the standards of Section 602 which shall specify and contain the same elements as a Joint Parenting Agreement, or it may award sole custody under the standards of Sections 602, 607, and 608.

(c) The court may enter an order of joint custody if it determines that joint custody would be in the best interests of the child, taking into account the following:

(1) the ability of the parents to cooperate effectively and consistently in matters that directly affect the joint parenting of the child. "Ability of the parents to cooperate" means the parents' capacity to substantially comply with a Joint Parenting Order. The court shall not consider the inability of the parents to cooperate effectively and consistently in matters that do not directly affect the joint parenting of the child;

(2) The residential circumstances of each parent; and

(3) all other factors which may be relevant to the best interest of the child.

(d) Nothing within this section shall imply or presume that joint custody shall necessarily mean equal parenting time. The physical residence of the child in joint custodial situations shall be determined by:

(1) express agreement of the parties; or

(2) order of the court under the standards of this Section.

(e) Notwithstanding any other provision of law, access to records and information pertaining to a child, including but not limited to medical, dental, child care and school records, shall not be denied to a parent for the reason

New matter indicated by italics - deletions by strikeout
that such parent is not the child's custodial parent; however, no parent shall have access to the school records of a child if the parent is prohibited by an order of protection from inspecting or obtaining such records pursuant to the Illinois Domestic Violence Act of 1986, as now or hereafter amended.

PUBLIC ACT 94-0378  
(Senate Bill No 0101)

AN ACT to create the Assistive Technology Protection Act.  
Be it enacted by the People of the State of Illinois, represented in the General Assembly:  
Section 1. Short title. This Act may be cited as the Assistive Technology Warranty Act.  
Section 5. Definitions. In this Act:  
"Assistive technology device" means any item, piece of equipment, or product system, whether acquired commercially, modified, or customized, that is purchased or leased, or whose transfer is accepted in this State, and that is used to increase, maintain, or improve functional capabilities of individuals with disabilities. "Assistive technology device" does not mean any medical device, surgical device, or organ implanted or transplanted into or attached directly to an individual. "Assistive technology device" does not include a "hearing instrument" or "hearing aid" as defined in the Hearing Instrument Consumer Protection Act. "Assistive technology device" also does not include any device for which a certificate of title is issued by the Secretary of State, Division of Motor Vehicles, but does mean any item, piece of equipment, or product system otherwise meeting the definition of "assistive technology device" that is incorporated, attached, or included as a modification in or to such certificated device.  
"Assistive technology device dealer" means a person who is in the business of selling assistive technology devices.  
"Assistive technology device lessor" means a person who leases assistive technology devices to consumers, or who holds the lessor's rights, under a written lease.  
"Collateral cost" means expenses incurred by a consumer in

New matter indicated by italics - deletions by strikeout
connection with the repair of a nonconformity, including the cost of shipping, sales tax, and the cost of obtaining an alternative assistive technology device.

"Consumer" means any one of the following:

1. A purchaser of an assistive technology device, if the assistive technology device was purchased from an assistive technology device dealer or manufacturer for purposes other than resale.

2. A person to whom an assistive technology device is transferred for purposes other than resale, if the transfer occurs before the expiration of an express warranty applicable to the assistive technology device.

3. A person who may enforce a warranty applicable to an assistive technology device.

4. A person who leases an assistive technology device from an assistive technology device lessor under a written lease.

"Consumer" does not include a person who acquires an assistive technology device at no charge through a donation.

"Demonstrator" means an assistive technology device used primarily for the purpose of demonstration to the public.

"Early termination cost" means any expense or obligation that an assistive technology device lessor incurs as a result of both the termination of a written lease before the termination date set forth in the lease and the return of an assistive technology device to the manufacturer, including a penalty for prepayment under a financing arrangement.

"Early termination savings" means any expense or obligation that an assistive technology device lessor avoids as a result of both the termination date set forth in the lease and the return of an assistive technology device to a manufacturer, including an interest charge that the assistive technology device lessor would have paid to finance the assistive technology device or, if the assistive technology device lessor does not finance the assistive technology device, the difference between the total payments remaining for the period of the lease term remaining after the early termination and the present value of those remaining payments at the date of the early termination.

"Loaner" means an assistive technology device provided free of charge to a consumer, for use by the consumer, that need not be new or identical to, or have functional capabilities equal to or greater than, those of the original assistive technology device, but that meets all of the following conditions:
(1) It is in good working order.

(2) It performs, at a minimum, the most essential functions of the original assistive technology device in light of the disabilities of the consumer.

(3) There is no threat to the health or safety of the consumer due to any differences between the loaner and the original assistive technology device.

"Manufacturer" means a person who manufactures or assembles assistive technology devices and (i) any agent of that person, including an importer, distributor, factory branch, or distributor branch, and (ii) any warrantor of an assistive technology device. The term does not include an assistive technology device dealer or assistive technology device lessor.

"Nonconformity" means any defect, malfunction, or condition that substantially impairs the use, value, or safety of an assistive technology device or any of its component parts, but does not include a condition, defect, or malfunction that is the result of abuse, neglect, or unauthorized modification or alteration of the assistive technology device by the consumer.

"Reasonable attempt to repair" means any of the following occurring within the term of an express warranty applicable to a new assistive technology device or within one year after the first delivery of the assistive technology device to a consumer, whichever is sooner:

(1) The manufacturer, the assistive technology device lessor, or any of the manufacturer's authorized assistive technology device dealers accept return of the new assistive technology device for repair at least 2 times.

(2) The manufacturer, the assistive technology device lessor, or any of the manufacturer's authorized assistive technology device dealers place the assistive technology device out of service for an aggregate of at least 30 cumulative days because of nonconformities covered by a warranty that applies to the device.

Section 10. Express warranty. A manufacturer or assistive technology device lessor who sells or leases an assistive technology device to a consumer, either directly or through an assistive technology device dealer, must furnish the consumer with an express warranty for the assistive technology device warranting that the device is free of any nonconformity. The duration of the express warranty must be not less than one year after the date of the initial delivery of the assistive technology device to the consumer. If the manufacturer fails to furnish an express warranty as required by this Section, the manufacturer shall be deemed to have warranted to the consumer

New matter indicated by italics - deletions by strikeout
of an assistive technology device that, for a period of one year after the date of the initial delivery to the consumer, the assistive technology device will be free from any condition or defect that substantially impairs the value of the assistive technology device to the consumer. The express warranty takes effect on the date the consumer initially takes possession of the new assistive technology device.

Section 15. Assistive technology device replacement or refund.

(a) If a new assistive technology device does not conform to an applicable express warranty and the consumer (i) reports the nonconformity to the manufacturer, the assistive technology device lessor, or any of the manufacturer's authorized assistive technology device dealers and (ii) makes the assistive technology device available for repair before one year after the first delivery of the device to the consumer or within the period of the express warranty if the express warranty is longer than one year, then a reasonable attempt to repair the nonconformity must be made at no charge to the consumer.

(b) If, after a reasonable attempt to repair, the nonconformity is not repaired, the person from whom the assistive technology device was purchased or leased must carry out the requirements of either item (1) or item (2) of this subsection at the option of the consumer:

(1) The person from whom the assistive technology device was purchased or leased shall provide a refund to the consumer within 30 days after the request by the consumer. If the consumer chooses this option, he or she shall return the device having a nonconformity to the person from whom the assistive technology device was purchased or leased along with any endorsements necessary to transfer legal possession to the person from whom the assistive technology device was purchased or leased.

If the assistive technology device was purchased by the consumer, the person from whom the assistive technology device was purchased shall accept return of the assistive technology device and refund to the consumer, and to any holder of a perfected security interest in the assistive technology device as the holder's interest may appear, the full purchase price plus any finance charge paid by the consumer at the point of sale and collateral costs, less a reasonable allowance for use.

If the assistive technology device was leased by the consumer, the person from whom the assistive technology device was leased shall accept return of the device, refund to the assistive technology device replacement or refund.
lessor and to any holder of a perfected security interest in the device, as the holder's interest may appear, the current value of the written lease, and refund to the consumer the amount that the consumer paid under the written lease plus any collateral costs, less a reasonable allowance for use.

(2) The person from whom the assistive technology device was purchased or leased shall provide a comparable new assistive technology device. The consumer shall offer to transfer possession of the device having a nonconformity to the person from whom the assistive technology device was purchased or leased. No later than 30 days after that offer, the person from whom the assistive technology device was purchased or leased shall provide the consumer with the comparable new assistive device. Upon receipt of the comparable new assistive device, the consumer shall return the device having the nonconformity to the person from whom the assistive technology device was purchased or leased, along with any endorsements necessary to transfer legal possession to the person from whom the assistive technology device was purchased or leased.

(c) For purposes of this Section, "current value of the written lease" means the total amount for which that lease obligates the consumer during the period of the lease remaining after its early termination, plus the assistive device lessor's early termination costs and the value of the assistive device at the lease expiration date if the lease sets forth that value, less the assistive device lessor's early termination savings.

(d) For purposes of this Section, a "reasonable allowance for use" may not exceed the amount obtained by multiplying the total amount for which the written lease obligates the consumer by a fraction, the denominator of which is 1,825 and the numerator of which is the number of days that the consumer used the assistive device before first reporting the nonconformity to the person from whom the assistive technology device was purchased or leased.

Section 20. Prohibition on enforcement of lease. A person may not enforce an assistive technology device lease against a consumer after the consumer receives a refund under Section 15.

Section 25. Restriction on resale or lease; full disclosure. An assistive technology device returned by a consumer or assistive technology device lessor in this State, or by a consumer or assistive technology device lessor in another state under a similar law of that state, may not be sold or leased again in this State unless full disclosure of the reasons for the return is made to any prospective buyer or lessee of the device.

New matter indicated by italics - deletions by strikeout
Section 30. Waiver of rights void. Any waiver by a consumer of his or her rights under this Act is void.

Section 35. Civil remedies. In addition to pursuing any other remedy, a consumer may bring an action to recover any damages caused by a violation of this Act. The court shall award a consumer who prevails in such an action no more than twice the amount of any pecuniary loss, costs, disbursements, and reasonable attorney's fees, and any equitable relief that the court deems appropriate.

Effective January 1, 2006.

PUBLIC ACT 94-0379

(210 ILCS 55/1.01) (from Ch. 111 1/2, par. 2801.01)
Sec. 1.01. It is declared to be the public policy that the State has a legitimate interest in assuring that all home health services, home nursing services, and in-home support services provided to a person at his residence are performed under circumstances that insure consumer protection and quality care. Therefore, the purpose of this Act is to provide for the better protection of the public health, well-being, and safety through the

development, establishment, and enforcement of standards for services, as well as standards for the care of individuals receiving home health services and home nursing services, and in the light of advancing knowledge, will provide a viable alternative to the premature institutionalization of these individuals.

It is further declared that health care and support services are provided in the consumer's home by 3 basic types of agencies: home health care, home nursing care, and home support services. It is further understood that each type of agency delivers a different type and scope of care or service. Further, individuals providing the care or service require different levels of education, training, and supervision. Therefore, different types of regulatory oversight are required.

(210 ILCS 55/2) (from Ch. 111 1/2, par. 2802)

Sec. 2. As used in this Act, unless the context requires otherwise, the terms defined in the following Sections proceeding Section 3 2.01 through 2.07 have the meanings ascribed to them in those Sections.

(Source: P.A. 80-804.)

(210 ILCS 55/2.03a new)

Sec. 2.03a. "Agency" means a home health agency, home nursing agency, or home services agency unless specifically stated otherwise.

(210 ILCS 55/2.08 new)

Sec. 2.08. "Home services agency" means an agency that provides services directly, or acts as a placement agency, for the purpose of placing individuals as workers providing home services for consumers in their personal residences. "Home services agency" does not include agencies licensed under the Nurse Agency Licensing Act, the Hospital Licensing Act, the Nursing Home Care Act, or the Assisted Living and Shared Housing Act and does not include an agency that limits its business exclusively to providing housecleaning services. Programs providing services exclusively through the Community Care Program of the Illinois Department on Aging or the Department of Human Services Office of Rehabilitation Services are not considered to be a home services agency under this Act.

(210 ILCS 55/2.09 new)

Sec. 2.09. "Home services" or "in-home services" means assistance with activities of daily living, housekeeping, personal laundry, and companionship provided to an individual in his or her personal residence, which are intended to enable that individual to remain safely and comfortably in his or her own personal residence. "Home services" or "in-
home services" does not include services that would be required to be performed by an individual licensed under the Nursing and Advanced Practice Nursing Act.

(210 ILCS 55/2.10 new)

Sec. 2.10. "Home services worker" or "in-home services worker" means an individual who provides home services to a consumer in the consumer’s personal residence.

(210 ILCS 55/2.11 new)

Sec. 2.11. "Home nursing agency" means an agency that provides services directly, or acts as a placement agency, in order to deliver skilled nursing services to persons in their personal residences. A home nursing agency provides services that would require a licensed nurse to perform. A home nursing agency does not qualify for licensure as a home health agency under this Act. "Home nursing agency" does not include an individually licensed nurse acting as a private contractor or a person that provides or procures temporary employment in health care facilities, as defined in the Nurse Agency Licensing Act.

(210 ILCS 55/2.12 new)

Sec. 2.12. "Placement agency" means any person engaged for gain or profit in the business of securing or attempting to secure (i) work for hire for persons seeking work or (ii) workers for employers. The term does not include a person that provides or procures temporary employment in health care facilities, as defined in the Nurse Agency Licensing Act.

(210 ILCS 55/3.3 new)

Sec. 3.3. Home services agency; license required. On and after September 1, 2008, no person shall open, manage, conduct, or maintain a home services agency, or advertise himself or herself as a home services agency or as offering services that would be included in the definition of home services or a home services agency, without a license issued by the Department. The Department shall adopt rules as necessary to protect the health, safety, and well-being of clients through licensure of home services agencies.

(210 ILCS 55/3.7 new)

Sec. 3.7. Home nursing agency; license required. On and after September 1, 2008, no person shall open, manage, conduct, or maintain a home nursing agency, or advertise himself or herself as a home nursing agency.
agency or as offering services that would be included in the definition of a home nursing agency, without a license issued by the Department. The Department shall adopt rules as necessary to protect the health, safety, and well-being of clients through licensure of home nursing agencies.

(210 ILCS 55/4) (from Ch. 111 1/2, par. 2804)
Sec. 4. Types of licenses.
(a) If an applicant for licensure has not been previously licensed, or if the home health agency, home services agency, or home nursing agency is not in operation at the time application is made, the Department may issue a provisional license. A provisional license shall be valid for a period of 120 days unless sooner suspended or revoked pursuant to Section 9 of this Act. Within 30 days prior to the termination of a provisional license, the Department shall inspect the home health agency and, if the applicant substantially meets the requirements for licensure, it shall issue a license under this Section. If the Department finds that a holder of a provisional license does not substantially meet the requirements for licensure, but has made significant progress toward meeting those requirements, the Director may renew the provisional license once for a period not to exceed 120 days from the expiration date of the initial provisional license.

(b)(1) The Director may also issue a provisional license to any licensed home health agency which does not substantially comply with the provisions of this Act and the rules promulgated hereunder, provided he finds that the health, safety, and well-being of the clients patients of the home health agency will be protected during the period for which such provisional license is issued. The term of such provisional license shall not exceed 120 days.

(2) The Director shall advise the licensee of the conditions under which such provisional license is issued, including the manner in which the licensee fails to comply with the provisions of the Act or rules, and the time within which the corrections necessary for the home health agency to substantially comply with the Act and rules shall be completed.

(3) The Director, at his discretion, may extend the term of such provisional license for an additional 120 days, if he finds that the home health agency has made substantial progress toward correcting the violations and bringing the home health agency into full compliance with this Act and the rules promulgated hereunder.

(c) An annual license shall be issued to any person conducting or maintaining a home health agency upon receipt of an application and payment of the licensure fee, and when the other requirements of this Act, and the
standards, rules and regulations promulgated hereunder, are met. The fee for each single home health agency license or any renewal shall be $25.

(d) The Department shall establish, by rule, a system whereby an entity that meets the requirements for licensure may obtain licensure singly or in any combination for the categories authorized under this Act. The Department shall develop and implement one application to be used even if a combination of licenses authorized under the Act is sought. Applicants for multiple licenses under this system shall pay the higher of the licensure fees applicable. Fees collected under this system shall be deposited into the Home Care Services Agency Licensure Fund.

(Source: P.A. 86-130.)

(210 ILCS 55/6.3 new)
Sec. 6.3. Home services agencies; standards; fees.
(a) Before January 1, 2008, the Department shall adopt standards for the licensure and operation of home services agencies operated in this State. The structure of the standards shall be based on the concept of home services and its focus on assistance with activities of daily living, housekeeping, personal laundry, and companionship being provided to an individual intended to enable that individual to remain safely and comfortably in his or her own personal residence. As home services do not include services that would be required to be performed by an individual licensed under the Nursing and Advanced Practice Nursing Act, the standards shall be developed from a similar concept. After consideration and recommendations by the Home Health and Home Services Advisory Committee, the Department shall adopt such rules and regulations as are necessary for the proper regulation of home services agencies. Requirements for licensure as a home services agency shall include the following:

(1) Compliance with the requirements of the Health Care Worker Background Check Act.

(2) Notification, in a form and manner established by the Department by rule, to home services workers and consumers as to the party or parties responsible under State and federal laws for payment of employment taxes, social security taxes, and workers' compensation, liability, the day-to-day supervision of workers, and the hiring, firing, and discipline of workers with the placement arrangement for home services.

(3) Compliance with rules, as adopted by the Department, in regard to (i) reporting by the licensee of any known or suspected incidences of abuse, neglect, or financial exploitation of an eligible

adult, as defined in the Elder Abuse and Neglect Act, by a home services worker employed by or placed by the licensee or (ii) reports to a law enforcement agency in connection with any other individual protected under the laws of the State of Illinois.

(4) Compliance with rules, as adopted by the Department, addressing the health, safety, and well-being of clients receiving home services.

(b) The Department may establish fees for home services agency licensure in rules in a manner that will make the program self-supporting. The amount of the licensure fees shall be based on the funding required for operation of the licensure program.

(210 ILCS 55/6.7 new)

Sec. 6.7. Home nursing agencies; standards; fees.

(a) Before January 1, 2008, the Department shall adopt standards for the licensure and operation of home nursing agencies operated in this State. After consideration and recommendations by the Home Health and Home Services Advisory Committee, the Department shall adopt such rules as are necessary for the proper regulation of home nursing agencies. Requirements for licensure as a home nursing agency shall include the following:

(1) Compliance with the requirements of the Health Care Worker Background Check Act.

(2) Notification, in a form and manner established by the Department by rule, to home nursing agency workers and consumers as to the party or parties responsible under State and federal laws for payment of employment taxes, social security taxes, and workers’ compensation, liability, the day-to-day supervision of workers, and the hiring, firing, and discipline of workers with the placement arrangement for home nursing services.

(3) Compliance with rules, as adopted by the Department, in regard to (i) reporting by the licensee of any known or suspected incidences of abuse, neglect, or financial exploitation of an eligible adult, as defined in the Elder Abuse and Neglect Act, by a home nursing care worker employed by or placed by the licensee or (ii) reports to a law enforcement agency in connection with any other individual protected under the laws of the State of Illinois.

(4) Compliance with rules, as adopted by the Department, addressing the health, safety, and well-being of clients receiving home nursing services.

(b) The Department may establish fees for home nursing agency
licensure in rules in a manner that will make the program self-supporting. The amount of the licensure fees shall be based on the funding required for the operation of the licensure program.

(210 ILCS 55/7) (from Ch. 111 1/2, par. 2807)

Sec. 7. (a) The Director shall appoint a Home Health and Home Services Advisory Committee composed of 15 persons to advise and consult with the Director in the administration of this Act. Five of the appointed members shall represent the home health agency profession. Of these 5, one shall represent voluntary home health agencies, one shall represent for-profit home health agencies, one shall represent private not-for-profit home health agencies, one shall represent institution-based home health agencies, and one shall represent home health agencies operated by local health departments. Four of the appointed members shall represent the home services agency profession. Four of the appointed members shall represent the general public in the following categories: one individual who is a consumer of home health services or a family member of a consumer of home health services; one individual who is a consumer of home services or a family member of a consumer of home services; one individual who is a home services worker; and one individual who is a representative of an organization that advocates for consumers. One member shall be a practicing Illinois licensed physician; and one member shall be an Illinois registered professional nurse with home health agency experience. The recommendations of professional, and home health industry, and home services industry organizations may be considered in selecting individuals for appointment to the Home Health and Home Services Advisory Committee.

(b) Each member shall hold office for a term of 3 years, except that any member appointed to fill a vacancy occurring prior to the expiration of the term for which his predecessor was appointed shall be appointed for the remainder of such term and the terms of office of the members first taking office shall expire, as designated at the time of appointment, one at the end of the first year, one at the end of the second year, and 3 at the end of the third year. The term of office of each of the original appointees shall commence on January 1, 1978.

The board of managers shall exercise for the association all powers, duties and authority vested in the association by law or the condominium instruments except for such powers, duties and authority reserved by law to the members of the association. The powers and duties of the board of managers shall include, but shall not be limited to, the following:

(a) To provide for the operation, care, upkeep, maintenance, replacement and improvement of the common elements. Nothing in this subsection (a) shall be deemed to invalidate any provision in a condominium instrument placing limits on expenditures for the common elements, provided, that such limits shall not be applicable to expenditures for repair, replacement, or restoration of existing portions of the common elements. The term "repair, replacement or restoration" means expenditures to deteriorated or damaged portions

of the property related to the existing decorating, facilities, or structural or mechanical components, interior or exterior surfaces, or energy systems and equipment with the functional equivalent of the original portions of such areas. Replacement of the common elements may result in an improvement over the original quality of such elements or facilities; provided that, unless the improvement is mandated by law or is an emergency as defined in item (iv) of subparagraph (8) of paragraph (a) of Section 18, if the improvement results in a proposed expenditure exceeding 5% of the annual budget, the board of managers, upon written petition by unit owners with 20% of the votes of the association delivered to the board within 14 days of the board action to approve the expenditure, shall call a meeting of the unit owners within 30 days of the date of delivery of the petition to consider the expenditure. Unless a majority of the total votes of the unit owners are cast at the meeting to reject the expenditure, it is ratified.

(b) To prepare, adopt and distribute the annual budget for the property.

(c) To levy and expend assessments.

(d) To collect assessments from unit owners.

(e) To provide for the employment and dismissal of the personnel necessary or advisable for the maintenance and operation of the common elements.

(f) To obtain adequate and appropriate kinds of insurance.

(g) To own, convey, encumber, lease, and otherwise deal with units conveyed to or purchased by it.

(h) To adopt and amend rules and regulations covering the details of the operation and use of the property, after a meeting of the unit owners called for the specific purpose of discussing the proposed rules and regulations. Notice of the meeting shall contain the full text of the proposed rules and regulations, and the meeting shall conform to the requirements of Section 18(b) of this Act, except that no quorum is required at the meeting of the unit owners unless the declaration, bylaws or other condominium instrument expressly provides to the contrary. However, no rule or regulation may impair any rights guaranteed by the First Amendment to the Constitution of the United States or Section 4 of Article I of the Illinois Constitution, nor may any rules or regulations conflict with the provisions of this Act or the condominium instruments.
(i) To keep detailed, accurate records of the receipts and expenditures affecting the use and operation of the property.

(j) To have access to each unit from time to time as may be necessary for the maintenance, repair or replacement of any common elements or for making emergency repairs necessary to prevent damage to the common elements or to other units.

(k) To pay real property taxes, special assessments, and any other special taxes or charges of the State of Illinois or of any political subdivision thereof, or other lawful taxing or assessing body, which are authorized by law to be assessed and levied upon the real property of the condominium.

(l) To impose charges for late payment of a unit owner's proportionate share of the common expenses, or any other expenses lawfully agreed upon, and after notice and an opportunity to be heard, to levy reasonable fines for violation of the declaration, by-laws, and rules and regulations of the association.

(m) Unless the condominium instruments expressly provide to the contrary, by a majority vote of the entire board of managers, to assign the right of the association to future income from common expenses or other sources, and to mortgage or pledge substantially all of the remaining assets of the association.

(n) To record the dedication of a portion of the common elements to a public body for use as, or in connection with, a street or utility where authorized by the unit owners under the provisions of Section 14.2.

(o) To record the granting of an easement for the laying of cable television cable where authorized by the unit owners under the provisions of Section 14.3; to obtain, if available and determined by the board to be in the best interests of the association, cable television service for all of the units of the condominium on a bulk identical service and equal cost per unit basis; and to assess and recover the expense as a common expense and, if so determined by the board, to assess each and every unit on the same equal cost per unit basis.

(p) To seek relief on behalf of all unit owners when authorized pursuant to subsection (c) of Section 10 from or in connection with the assessment or levying of real property taxes, special assessments, and any other special taxes or changes of the State of Illinois or of any political subdivision thereof or of any lawful taxing or assessing body.

(q) To reasonably accommodate the needs of a handicapped unit owner as required by the federal Civil Rights Act of 1968, the Human Rights Act and any applicable local ordinances in the exercise of its powers with respect to the use of common elements or approval of modifications in an individual unit.

(r) To accept service of a notice of claim for purposes of the Mechanics Lien Act on behalf of each respective member of the Unit Owners’ Association with respect to improvements performed pursuant to any contract entered into by the Board of Managers or any contract entered into prior to the recording of the condominium declaration pursuant to this Act, for a property containing more than 8 units, and to distribute the notice to the unit owners within 7 days of the acceptance of the service by the Board of Managers. The service shall be effective as if each individual unit owner had been served individually with notice.

In the performance of their duties, the officers and members of the board, whether appointed by the developer or elected by the unit owners, shall exercise the care required of a fiduciary of the unit owners.

The collection of assessments from unit owners by an association, board of managers or their duly authorized agents shall not be considered acts constituting a collection agency for purposes of the Collection Agency Act.

The provisions of this Section are applicable to all condominium instruments recorded under this Act. Any portion of a condominium instrument which contains provisions contrary to these provisions shall be void as against public policy and ineffective. Any such instrument that fails to contain the provisions required by this Section shall be deemed to incorporate such provisions by operation of law.

(8) Other than attorney's fees, no fees pertaining to the collection of a unit owner's financial obligation to the Association, including fees charged by a manager or managing agent, shall be added to and deemed a part of an owner's respective share of the common expenses unless: (i) the managing agent fees relate to the costs to collect common expenses for the Association; (ii) the fees are set forth in a contract between the managing agent and the Association; and (iii) the authority to add the management fees to an owner's respective share of the common expenses is specifically stated in the declaration or bylaws of the Association.

(v) Such other records of the master association as are available for inspection by members of a not-for-profit corporation pursuant to Section 107.75 of the General Not For Profit Corporation Act of 1986 shall be maintained.

(vi) With respect to units owned by a land trust, if a trustee designates in writing a person to cast votes on behalf of the unit owner, the designation shall remain in effect until a subsequent document is filed with the association.

(2) Where a request for records under this subsection is made in writing to the board of managers or its agent, failure to provide the requested record or to respond within 30 days shall be deemed a denial by the board of directors.

(3) A reasonable fee may be charged by the master association or its board for the cost of copying.

(4) If the board of directors fails to provide records properly requested under subdivision (d)(1) within the time period provided in subdivision (d)(2), the unit owner may seek appropriate relief, including an award of attorney's fees and costs.

(e) The board of directors shall have standing and capacity to act in a representative capacity in relation to matters involving the common areas of the master association or more than one unit, on behalf of the unit owners as their interests may appear.

(f) Administration of property prior to election of the initial board of directors.

(1) Until the election, by the unit owners or the boards of managers of the underlying condominium associations, of the initial board of directors of a master association whose declaration is recorded on or after August 10, 1990, the same rights, titles, powers, privileges, trusts, duties and obligations that are vested in or imposed upon the board of directors by this Act or in the declaration or other duly recorded covenant shall be held and performed by the developer.

(2) The election of the initial board of directors of a master association whose declaration is recorded on or after August 10, 1990, by the unit owners or the boards of managers of the underlying condominium associations, shall be held not later than 60 days after the conveyance by the developer of 75% of the units, or 3 years after

the recording of the declaration, whichever is earlier. The developer shall give at least 21 days notice of the meeting to elect the initial board of directors and shall upon request provide to any unit owner, within 3 working days of the request, the names, addresses, and weighted vote of each unit owner entitled to vote at the meeting. Any unit owner shall upon receipt of the request be provided with the same information, within 10 days of the request, with respect to each subsequent meeting to elect members of the board of directors.

(3) If the initial board of directors of a master association whose declaration is recorded on or after August 10, 1990 is not elected by the unit owners or the members of the underlying condominium association board of managers at the time established in subdivision (f)(2), the developer shall continue in office for a period of 30 days, whereupon written notice of his resignation shall be sent to all of the unit owners or members of the underlying condominium board of managers entitled to vote at an election for members of the board of directors.

(4) Within 60 days following the election of a majority of the board of directors, other than the developer, by unit owners, the developer shall deliver to the board of directors:

(i) All original documents as recorded or filed pertaining to the property, its administration, and the association, such as the declaration, articles of incorporation, other instruments, annual reports, minutes, rules and regulations, and contracts, leases, or other agreements entered into by the association. If any original documents are unavailable, a copy may be provided if certified by affidavit of the developer, or an officer or agent of the developer, as being a complete copy of the actual document recorded or filed.

(ii) A detailed accounting by the developer, setting forth the source and nature of receipts and expenditures in connection with the management, maintenance and operation of the property, copies of all insurance policies, and a list of any loans or advances to the association which are outstanding.

(v) A list of all litigation, administrative action and arbitrations involving the association, any notices of governmental bodies involving actions taken or which may be taken concerning the association, engineering and architectural drawings and specifications as approved by any governmental authority, all other documents filed with any other governmental authority, all governmental certificates, correspondence involving enforcement of any association requirements, copies of any documents relating to disputes involving unit owners, and originals of all documents relating to everything listed in this subparagraph.

(vi) If the developer fails to fully comply with this paragraph (4) within the 60 days provided and fails to fully comply within 10 days of written demand mailed by registered or certified mail to his or her last known address, the board may bring an action to compel compliance with this paragraph (4). If the court finds that any of the required deliveries were not made within the required period, the board shall be entitled to recover its reasonable attorneys' fees and costs incurred from and after the date of expiration of the 10 day demand.

(5) With respect to any master association whose declaration is recorded on or after August 10, 1990, any contract, lease, or other agreement made prior to the election of a majority of the board of directors other than the developer by or on behalf of unit owners or underlying condominium associations, the association or the board of directors, which extends for a period of more than 2 years from the recording of the declaration, shall be subject to cancellation by more than 1/2 of the votes of the unit owners, other than the developer, cast at a special meeting of members called for that purpose during a period of 90 days prior to the expiration of the 2 year period if the board of managers is elected by the unit owners, otherwise by more than 1/2 of the underlying condominium board of managers. At least 60 days prior to the expiration of the 2 year period, the board of directors, or, if the board is still under developer control, then the
board of managers or the developer shall send notice to every unit owner or underlying condominium board of managers, notifying them of this provision, of what contracts, leases and other agreements are affected, and of the procedure for calling a meeting of the unit owners or for action by the underlying condominium board of managers for the purpose of acting to terminate such contracts, leases or other agreements. During the 90 day period the other party to the contract, lease, or other agreement shall also have the right of cancellation.

(6) The statute of limitations for any actions in law or equity which the master association may bring shall not begin to run until the unit owners or underlying condominium board of managers have elected a majority of the members of the board of directors.

(g) In the event of any resale of a unit in a master association by a unit owner other than the developer, the owner shall obtain from the board of directors and shall make available for inspection to the prospective purchaser, upon demand, the following:

(2) A statement of any liens, including a statement of the account of the unit setting forth the amounts of unpaid assessments and other charges due and owing.
(3) A statement of any capital expenditures anticipated by the association within the current or succeeding 2 fiscal years.
(4) A statement of the status and amount of any reserve for replacement fund and any portion of such fund earmarked for any specified project by the board of directors.

A reasonable fee covering the direct out-of-pocket cost of copying and providing such information may be charged by the association or its board of directors to the unit seller for providing the information.

(h) Errors and omissions.

(1) If there is an omission or error in the declaration or other instrument of the master association, the master association may correct the error or omission by an amendment to the declaration or other instrument, as may be required to conform it to this Act, to any other applicable statute, or to the declaration. The amendment shall be adopted by vote of two-thirds of the members of the board of directors or by a majority vote of the unit owners at a meeting called for that purpose, unless the Act or the declaration of the master association specifically provides for greater percentages or different procedures.

(2) If, through a scrivener's error, a unit has not been designated as owning an appropriate undivided share of the common areas or does not bear an appropriate share of the common expenses, or if all of the common expenses or all of the common elements in the condominium have not been distributed in the declaration, so that the sum total of the shares of common areas which have been distributed or the sum total of the shares of the common expenses fail to equal 100%, or if it appears that more than 100% of the common elements or common expenses have been distributed, the error may be corrected by operation of law by filing an amendment to the declaration, approved by vote of two-thirds of the members of the board of directors or a majority vote of the unit owners at a meeting called for that purpose, which proportionately adjusts all percentage interests so that the total is equal to 100%, unless the declaration specifically provides for a different procedure or different percentage vote by the owners of the units and the owners of mortgages thereon affected by modification being made in the undivided interest in the common areas, the number of votes in the unit owners association or the liability for common expenses appertaining to the unit.

(3) If an omission or error or a scrivener's error in the declaration or other instrument is corrected by vote of two-thirds of the members of the board of directors pursuant to the authority established in subdivisions (h)(1) or (h)(2) of this Section, the board, upon written petition by unit owners with 20% of the votes of the
association or resolutions adopted by the board of managers or board of directors of the condominium and common interest community associations which select 20% of the members of the board of directors of the master association, whichever is applicable, received within 30 days of the board action, shall call a meeting of the unit owners or the boards of the condominium and common interest community associations which select members of the board of directors of the master association within 30 days of the filing of the petition or receipt of the condominium and common interest community association resolution to consider the board action. Unless a majority of the votes of the unit owners of the association are cast at the meeting to reject the action, or board of managers or board of directors of condominium and common interest community associations which select over 50% of the members of the board of the master association adopt resolutions prior to the meeting rejecting the action of the board of directors of the master association, it is ratified whether or not a quorum is present.

(4) The procedures for amendments set forth in this subsection (h) cannot be used if such an amendment would materially or adversely affect property rights of the unit owners unless the affected unit owners consent in writing. This Section does not restrict the powers of the association to otherwise amend the declaration, bylaws, or other condominium instruments, but authorizes a simple process of amendment requiring a lesser vote for the purpose of correcting defects, errors, or omissions when the property rights of the unit owners are not materially or adversely affected.

(5) If there is an omission or error in the declaration or other instruments that may not be corrected by an amendment procedure set forth in subdivision (h)(1) or (h)(2) of this Section, then the circuit court in the county in which the master association is located shall have jurisdiction to hear a petition of one or more of the unit owners thereon or of the association, to correct the error or omission, and the action may be a class action. The court may require that one or more methods of correcting the error or omission be submitted to the unit owners to determine the most acceptable correction. All unit owners in the association must be joined as parties to the action. Service of process on owners may be by publication, but the plaintiff shall furnish all unit owners not personally served with process with copies of the petition and final judgment of the court by certified mail, return.
receipt requested, at their last known address.

(6) Nothing contained in this Section shall be construed to invalidate any provision of a declaration authorizing the developer to amend an instrument prior to the latest date on which the initial membership meeting of the unit owners must be held, whether or not it has actually been held, to bring the instrument into compliance with the legal requirements of the Federal National Mortgage Association, the Federal Home Loan Mortgage Corporation, the Federal Housing Administration, the United States Veterans Administration or their respective successors and assigns.

(i) The provisions of subsections (c) through (h) are applicable to all declarations, other condominium instruments, and other duly recorded covenants establishing the powers and duties of the master association recorded under this Act. Any portion of a declaration, other condominium instrument, or other duly recorded covenant establishing the powers and duties of a master association which contains provisions contrary to the provisions of subsection (c) through (h) shall be void as against public policy and ineffective. Any declaration, other condominium instrument, or other duly recorded covenant establishing the powers and duties of the master association which fails to contain the provisions required by subsections (c) through (h) shall be deemed to incorporate such provisions by operation of law.

(j) The provisions of subsections (c) through (h) are applicable to all common interest community associations and their unit owners for common interest community associations which are subject to the provisions of Section 9-102(a)(8) of the Code of Civil Procedure. For purposes of this subsection, the terms "common interest community" and "unit owners" shall have the same meaning as set forth in Section 9-102(c) of the Code of Civil Procedure.

An out-of-state person hired for or engaged in a pyrotechnic display must have a pyrotechnic distributor license issued by the Office. No pyrotechnic display shall be conducted without a person licensed under this Act as a lead pyrotechnic operator supervising the display. The State Fire Marshal, in the name of the People,
through the Attorney General, the State's Attorney of any county, any resident of the State, or any legal entity within the State may apply for injunctive relief in any court to enjoin any person who has not been issued a license or whose license has been suspended, revoked, or not renewed, from practicing a licensed activity. Upon filing a verified petition in court, the court, if satisfied by affidavit, or otherwise, that the person is or has been practicing in violation of this Act, may enter a temporary restraining order or preliminary injunction, without bond, enjoining the defendant from further unlicensed activity. A copy of the verified complaint shall be served upon the defendant and the proceedings are to be conducted as in other civil cases. The court may enter a judgment permanently enjoining a defendant from further unlicensed activity if it is established that the defendant has been or is practicing in violation of this Act. In case of violation of any injunctive order or judgment entered under this Section, the court may summarily try and punish the offender for contempt of court. 1. requiring additional information from persons in order to verify a current address or other facts that would enable the State agency or officer or unit of local government to fulfill its responsibilities, except that this paragraph (1) does not permit a State agency or officer or a unit of local government to require additional information solely in order to establish identification of the person when the consular identification document is the form of identification presented;

2. requiring fingerprints for identification purposes under circumstances where the State agency or officer or unit of local government also requires fingerprints from persons who have a driver's license or Illinois Identification Card; or

3. requiring additional evidence of identification if the State agency or officer or unit of local government reasonably believes that: (A) the consular identification document is forged, fraudulent, or altered; or (B) the holder does not appear to be the same person on the consular identification document.

Section 15. Privacy and disclosure limitations. Sec. 9-4.2a. Rural micro-business loans.
(a) In order to increase the growth of small rural businesses, the rural micro-business loan program is created and shall be administered by the Department of Commerce and Economic Opportunity. (b) In the making of loans for rural micro-businesses, as defined below, the Department is authorized to employ different criteria in lieu of the general provisions of subsections (b), (d), (e), (f), (h), and (i) of Section 9-4. (3) The borrower shall provide a written statement of the funds required to establish or support the business and shall provide equity capital in an amount equal to 10% of the first $10,000 of the required funds and equity capital, other loans, or leveraged capital,

PUBLIC ACT 94-0394
(Senate Bill No 0533)

AN ACT concerning business.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Business Corporation Act of 1983 is amended by changing Section 12.56 and adding Section 7.90 as follows:

Sec. 7.90. Waiver.

(a) Unless otherwise provided in the articles of incorporation, a shareholder who executes and delivers to the corporation a written instrument irrevocably waiving the right (i) to vote any shares held by such shareholder, whether for the election of directors or otherwise, (ii) to be a director or officer of the corporation, and (iii) in any other manner to control, directly or indirectly, corporate actions or the election or removal of any director or officer of the corporation, and who at the time of such waiver is not a director or officer of the corporation, shall have no fiduciary duty to the corporation or any of its shareholders arising out of the fact that such person is a shareholder of the corporation. No such waiver shall affect any breach of fiduciary duty arising prior to the effective date of the waiver.

(b) The corporation shall give prompt notice of such waiver to the remaining shareholders, except that no such notice need be given by a corporation that has shares listed on a national securities exchange or regularly traded in a market maintained by one or more members of a national or affiliated securities association.

(c) The waiver referred to in this Section shall not affect any other rights or obligations of the shareholder, including but not limited to the rights under Sections 7.80, 11.65, 11.70, 12.55 and 12.56 of this Act.

New matter indicated by italics - deletions by strikeout
(d) Shares that cannot be voted because of a waiver under this Section shall not be counted in determining the number of shares necessary for a quorum or for shareholder action under Section 7.60 of this Act. A waiver under this Section shall not apply to any transferee of the shares.

(e) The waiver referred to in this Section is specifically enforceable in accordance with the principles of equity.

(f) This Section is not intended to describe or suggest the circumstances under which any fiduciary duty arises or exists, including with respect to any shareholder who fails to make a waiver under this Section.

(805 ILCS 5/12.56)

Sec. 12.56. Shareholder remedies: non-public corporations.

(a) In an action by a shareholder in a corporation that has no shares listed on a national securities exchange or regularly traded in a market maintained by one or more members of a national or affiliated securities association, the Circuit Court may order one or more of the remedies listed in subsection (b) if it is established that:

(1) The directors are deadlocked, whether because of even division in the number of directors or because of greater than majority voting requirements in the articles of incorporation or the by-laws or otherwise, in the management of the corporate affairs; the shareholders are unable to break the deadlock; and either irreparable injury to the corporation is thereby caused or threatened or the business of the corporation can no longer be conducted to the general advantage of the shareholders; or

(2) The shareholders are deadlocked in voting power and have failed, for a period that includes at least 2 consecutive annual meeting dates, to elect successors to directors whose terms have expired and either irreparable injury to the corporation is thereby caused or threatened or the business of the corporation can no longer be conducted to the general advantage of the shareholders; or

(3) The directors or those in control of the corporation have acted, are acting, or will act in a manner that is illegal, oppressive, or fraudulent with respect to the petitioning shareholder whether in his or her capacity as a shareholder, director, or officer; or

(4) The corporation assets are being misapplied or wasted.

(b) The relief which the court may order in an action under subsection (a) includes but is not limited to the following:

(1) The performance, prohibition, alteration, or setting aside of any action of the corporation or of its shareholders, directors, or...
officers of or any other party to the proceedings;

(2) The cancellation or alteration of any provision in the corporation's articles of incorporation or by-laws;

(3) The removal from office of any director or officer;

(4) The appointment of any individual as a director or officer;

(5) An accounting with respect to any matter in dispute;

(6) The appointment of a custodian to manage the business and affairs of the corporation to serve for the term and under the conditions prescribed by the court;

(7) The appointment of a provisional director to serve for the term and under the conditions prescribed by the court;

(8) The submission of the dispute to mediation or other forms of non-binding alternative dispute resolution;

(9) The payment of dividends;

(10) The award of damages to any aggrieved party;

(11) The purchase by the corporation or one or more other shareholders of all, but not less than all, of the shares of the petitioning shareholder for their fair value and on the terms determined under subsection (e); or

(12) The dissolution of the corporation if the court determines that no remedy specified in subdivisions (1) through (11) or other alternative remedy is sufficient to resolve the matters in dispute. In determining whether to dissolve the corporation, the court shall consider among other relevant evidence the financial condition of the corporation but may not refuse to dissolve the corporation solely because it has accumulated earnings or current operating profits.

(c) The remedies set forth in subsection (b) shall not be exclusive of other legal and equitable remedies which the court may impose.

(d) In determining the appropriate relief to order pursuant to this Section, the court may take into consideration the reasonable expectations of the corporation's shareholders as they existed at the time the corporation was formed and developed during the course of the shareholders' relationship with the corporation and with each other.

(e) If the court orders a share purchase, it shall:

(i) Determine the fair value of the shares, with or without the assistance of appraisers, taking into account any impact on the value of the shares resulting from the actions giving rise to a petition under this Section;

(ii) Consider any financial or legal constraints on the...
ability of the corporation or the purchasing shareholder to purchase the shares;

(iii) Specify the terms of the purchase, including, if appropriate, terms for installment payments, interest at the rate and from the date determined by the court to be equitable, subordination of the purchase obligation to the rights of the corporation's other creditors, security for a deferred purchase price, and a covenant not to compete or other restriction on the seller;

(iv) Require the seller to deliver all of his or her shares to the purchaser upon receipt of the purchase price or the first installment of the purchase price; and

(v) Retain jurisdiction to enforce the purchase order by, among other remedies, ordering the corporation to be dissolved if the purchase is not completed in accordance with the terms of the purchase order.

The purchase ordered pursuant to this subsection (e) shall be consummated within 20 days after the date the order becomes final unless before that time the corporation files with the court a notice of its intention to dissolve and articles of dissolution are properly filed with the Secretary of State within 50 days after filing the notice with the court.

After the purchase order is entered and before the purchase price is fully paid, any party may petition the court to modify the terms of the purchase and the court may do so if it finds that such changes are equitable.

Unless the purchase order is modified by the court, the selling shareholder shall have no further rights as a shareholder from the date the seller delivers all of his or her shares to the purchaser or such other date specified by the court.

If the court orders shares to be purchased by one or more other shareholders, in allocating the shares to be purchased by the other shareholders, unless equity requires otherwise, the court shall attempt to preserve the existing distribution of voting rights and other designations, preferences, qualifications, limitations, restrictions and special or relative rights among the holders of the class or classes and may direct that holders of a specific class or classes shall not participate in the purchase.

(f) When the relief requested by the petition includes the purchase of the petitioner's shares, then at any time within 90 days after the filing of the petition under this Section, or at such time determined by the court to be equitable, the corporation or one or more shareholders may elect to purchase
all, but not less than all, of the shares owned by the petitioning shareholder for their fair value. An election pursuant to this Section shall state in writing the amount which the electing party will pay for the shares.

(1) The election shall be irrevocable unless the court determines that it is equitable to set aside or modify the election.

(2) If the election to purchase is filed by one or more shareholders, the corporation shall, within 10 days thereafter, give written notice to all shareholders. The notice must state: (i) the name and number of shares owned by the petitioner; (ii) the name and number of shares owned by each electing shareholder; and (iii) the amount which each electing party will pay for the shares and must advise the recipients of their right to join in the election to purchase shares. Shareholders who wish to participate must file notice of their intention to join in a purchase no later than 30 days after the date of the notice to them or at such time as the court in its discretion may allow. All shareholders who have filed an election or notice of their intention to participate in the election to purchase thereby become parties to the proceeding and shall participate in the purchase in proportion to their ownership of shares as of the date the first election was filed, unless they otherwise agree or the court otherwise directs.

(3) The court in its discretion may allow the corporation and all non-petitioning shareholders to file an election to purchase the petitioning shareholder's shares at a higher price. If the court does so, it shall allow other shareholders an opportunity to join in the purchase at the higher price in accordance with their proportionate ownership interest.

(4) After an election has been filed by the corporation or one or more shareholders, the proceeding filed under this Section may not be discontinued or settled, nor may the petitioning shareholder sell or otherwise dispose of his or her shares, unless the court determines that it would be equitable to the corporation and the shareholders, other than the petitioner, to permit the discontinuance, settlement, sale, or other disposition. In considering whether equity exists to approve any settlement, the court may take into consideration the reasonable expectations of the shareholders as set forth in subsection (d), including any existing agreement among the shareholders.

(5) If, within 30 days of the filing of the latest election allowed by the court, the parties reach agreement as to the fair value and terms of purchase of the petitioner's shares, the court shall enter
an order directing the purchase of petitioner's shares upon the terms and conditions agreed to by the parties.

(6) If the parties are unable to reach an agreement as provided for in paragraph (5) of this subsection (f), the court, upon application of any party, shall stay the proceeding under subsection (a) and shall determine the fair value of the petitioner's shares pursuant to subsection (e) as of the day before the date on which the petition under subsection (a) was filed or as of such other date as the court deems appropriate under the circumstances. (g) In any proceeding under this Section, the court shall allow reasonable compensation to the custodian, provisional director, appraiser, or other such person appointed by the court for services rendered and reimbursement or direct payment of reasonable costs and expenses, which amounts shall be paid by the corporation.

In addition to the sentences provided for in Sections 12-13, 12-14, 12-14.1, 12-15 and 12-16 of the Criminal Code of 1961 the Court may order any person who is convicted of violating any of those Sections to meet all or any portion of the financial obligations of treatment, including but not limited to medical, psychiatric, rehabilitative or psychological treatment, prescribed for the victim or victims of the offense.

(e) After a finding at a preliminary hearing that there is probable cause to believe that an accused has committed a violation of Section 12-13, 12-14, or 12-14.1 of this Code, or after an indictment is returned charging an accused with a violation of Section 12-13, 12-14, or 12-14.1 of this Code, or after a finding that a defendant charged with a violation of Section 12-13, 12-14, or 12-14.1 of this Code is unfit to stand trial pursuant to Section 104-16 of the Code of Criminal Procedure of 1963 where the finding is made prior to preliminary hearing, at the request of the person who was the victim of the violation of Section 12-13, 12-14, or 12-14.1, the prosecuting State's attorney shall seek an order from the court to compel the accused to be tested for any sexually transmissible disease, including a test for infection with human immunodeficiency virus (HIV). The medical tests shall be performed only by appropriately licensed medical practitioners. The test for infection with human immunodeficiency virus (HIV) shall consist of an enzyme-linked immunosorbent assay (ELISA) test, or such other test as may be approved by the Illinois Department of Public Health; in the event of a positive result, the Western Blot Assay or a more reliable confirmatory test shall be administered. The results of the tests shall be kept strictly confidential by all medical personnel involved in the testing and must be personally delivered in a sealed envelope to the victim and to the judge who entered the order, for the judge's inspection in camera. Acting in accordance with the best interests of the victim and the public, the judge shall have the discretion to determine to whom, if anyone, the result of the testing may be revealed; however, in no case shall the identity of the victim be disclosed. The court shall order that the cost of the tests shall be paid by the county, and may be taxed as costs
against the accused if convicted.

(f) Whenever any law enforcement officer has reasonable cause to believe that a person has been delivered a controlled substance without his or her consent, the law enforcement officer shall advise the victim about seeking medical treatment and preserving evidence.

(g) Every hospital providing emergency hospital services to an alleged sexual assault survivor, when there is reasonable cause to believe that a person has been delivered a controlled substance without his or her consent, shall designate personnel to provide:

(1) An explanation to the victim about the nature and effects of commonly used controlled substances and how such controlled substances are administered.

(2) An offer to the victim of testing for the presence of such controlled substances.

(3) A disclosure to the victim that all controlled substances or alcohol ingested by the victim will be disclosed by the test.

(4) A statement that the test is completely voluntary.

(5) A form for written authorization for sample analysis of all controlled substances and alcohol ingested by the victim.

A physician licensed to practice medicine in all its branches may agree to be a designated person under this subsection.

No sample analysis may be performed unless the victim returns a signed written authorization within 30 days after the sample was collected.

Any medical treatment or care under this subsection shall be only in accordance with the order of a physician licensed to practice medicine in all of its branches. Any testing under this subsection shall be only in accordance with the order of a licensed individual authorized to order the testing.

Section 10. The Unified Code of Corrections is amended by changing Section 5-5-6 as follows:

(730 ILCS 5/5-5-6) (from Ch. 38, par. 1005-5-6)

Sec. 5-5-6. In all convictions for offenses in violation of the Criminal Code of 1961 in which the person received any injury to their person or damage to their real or personal property as a result of the criminal act of the defendant, the court shall order restitution as provided in this Section. In all other cases, except cases in which restitution is required under this Section, the court must at the sentence hearing determine whether restitution is an appropriate sentence to be imposed on each defendant convicted of an offense. If the court determines that an order directing the offender to make

New matter indicated by italics - deletions by strikeout
restitution is appropriate, the offender may be sentenced to make restitution. The court may consider restitution an appropriate sentence to be imposed on each defendant convicted of an offense in addition to a sentence of imprisonment. The sentence of the defendant to a term of imprisonment is not a mitigating factor that prevents the court from ordering the defendant to pay restitution. If the offender is sentenced to make restitution the Court shall determine the restitution as hereinafter set forth:

(a) At the sentence hearing, the court shall determine whether the property may be restored in kind to the possession of the owner or the person entitled to possession thereof; or whether the defendant is possessed of sufficient skill to repair and restore property damaged; or whether the defendant should be required to make restitution in cash, for out-of-pocket expenses, damages, losses, or injuries found to have been proximately caused by the conduct of the defendant or another for whom the defendant is legally accountable under the provisions of Article V of the Criminal Code of 1961.

(b) In fixing the amount of restitution to be paid in cash, the court shall allow credit for property returned in kind, for property damages ordered to be repaired by the defendant, and for property ordered to be restored by the defendant; and after granting the credit, the court shall assess the actual out-of-pocket expenses, damages, and injuries suffered by the victim named in the charge and any other victims who may also have suffered out-of-pocket expenses, damages, and injuries proximately caused by the same criminal conduct of the defendant, and insurance carriers who have indemnified the named victim or other victims for the out-of-pocket expenses, losses, damages, or injuries, provided that in no event shall restitution be ordered to be paid on account of pain and suffering. If a defendant is placed on supervision for, or convicted of, domestic battery, the defendant shall be required to pay restitution to any domestic violence shelter in which the victim and any other family or household members lived because of the domestic battery. The amount of the restitution shall equal the actual expenses of the domestic violence shelter in providing housing and any other services for the victim and any other family or household members living at the shelter. If a defendant fails to pay restitution in the manner or within the time period specified by the court, the court may enter an order directing the sheriff to seize any real or personal property of a defendant to the extent necessary to satisfy the order of restitution and
dispose of the property by public sale. All proceeds from such sale in excess of the amount of restitution plus court costs and the costs of the sheriff in conducting the sale shall be paid to the defendant. The defendant convicted of domestic battery, if a person under 18 years of age who is the child of the offender or of the victim was present and witnessed the domestic battery of the victim, is liable to pay restitution for the cost of any counseling required for the child at the discretion of the court.

(c) In cases where more than one defendant is accountable for the same criminal conduct that results in out-of-pocket expenses, losses, damages, or injuries, each defendant shall be ordered to pay restitution in the amount of the total actual out-of-pocket expenses, losses, damages, or injuries to the victim proximately caused by the conduct of all of the defendants who are legally accountable for the offense.

(1) In no event shall the victim be entitled to recover restitution in excess of the actual out-of-pocket expenses, losses, damages, or injuries, proximately caused by the conduct of all of the defendants.

(2) As between the defendants, the court may apportion the restitution that is payable in proportion to each co-defendant's culpability in the commission of the offense.

(3) In the absence of a specific order apportioning the restitution, each defendant shall bear his pro rata share of the restitution.

(4) As between the defendants, each defendant shall be entitled to a pro rata reduction in the total restitution required to be paid to the victim for amounts of restitution actually paid by co-defendants, and defendants who shall have paid more than their pro rata share shall be entitled to refunds to be computed by the court as additional amounts are paid by co-defendants.

(d) In instances where a defendant has more than one criminal charge pending against him in a single case, or more than one case, and the defendant stands convicted of one or more charges, a plea agreement negotiated by the State's Attorney and the defendants may require the defendant to make restitution to victims of charges that have been dismissed or which it is contemplated will be dismissed under the terms of the plea agreement, and under the agreement, the

New matter indicated by italics - deletions by strikeout
court may impose a sentence of restitution on the charge or charges of which the defendant has been convicted that would require the defendant to make restitution to victims of other offenses as provided in the plea agreement.

(e) The court may require the defendant to apply the balance of the cash bond, after payment of court costs, and any fine that may be imposed to the payment of restitution.

(f) Taking into consideration the ability of the defendant to pay, including any real or personal property or any other assets of the defendant, the court shall determine whether restitution shall be paid in a single payment or in installments, and shall fix a period of time not in excess of 5 years or the period of time specified in subsection (f-1), not including periods of incarceration, within which payment of restitution is to be paid in full. Complete restitution shall be paid in as short a time period as possible. However, if the court deems it necessary and in the best interest of the victim, the court may extend beyond 5 years the period of time within which the payment of restitution is to be paid. If the defendant is ordered to pay restitution and the court orders that restitution is to be paid over a period greater than 6 months, the court shall order that the defendant make monthly payments; the court may waive this requirement of monthly payments only if there is a specific finding of good cause for waiver.

(f-1)(1) In addition to any other penalty prescribed by law and any restitution ordered under this Section that did not include long-term physical health care costs, the court may, upon conviction of any misdemeanor or felony, order a defendant to pay restitution to a victim in accordance with the provisions of this subsection (f-1) if the victim has suffered physical injury as a result of the offense that is reasonably probable to require or has required long-term physical health care for more than 3 months. As used in this subsection (f-1) "long-term physical health care" includes mental health care.

(2) The victim's estimate of long-term physical health care costs may be made as part of a victim impact statement under Section 6 of the Rights of Crime Victims and Witnesses Act or made separately. The court shall enter the long-term physical health care restitution order at the time of sentencing. An order of restitution made under this subsection (f-1) shall fix a monthly amount to be paid by the defendant for as long as long-term physical health care costs...
of the victim is required as a result of the offense. The order may exceed the length of any sentence imposed upon the defendant for the criminal activity. The court shall include as a special finding in the judgment of conviction its determination of the monthly cost of long-term physical health care.

(3) After a sentencing order has been entered, the court may from time to time, on the petition of either the defendant or the victim, or upon its own motion, enter an order for restitution for long-term physical care or modify the existing order for restitution for long-term physical care as to the amount of monthly payments. Any modification of the order shall be based only upon a substantial change of circumstances relating to the cost of long-term physical health care or the financial condition of either the defendant or the victim. The petition shall be filed as part of the original criminal docket.

(g) In addition to the sentences provided for in Sections 11-19.2, 11-20.1, 12-13, 12-14, 12-14.1, 12-15, and 12-16 of the Criminal Code of 1961, the court may order any person who is convicted of violating any of those Sections or who was charged with any of those offenses and which charge was reduced to another charge as a result of a plea agreement under subsection (d) of this Section to meet all or any portion of the financial obligations of treatment, including but not limited to medical, psychiatric, or rehabilitative treatment or psychological counseling, prescribed for the victim or victims of the offense. The court shall, after determining that the defendant has the ability to pay, require the defendant to pay for the victim's counseling services if:

(1) the defendant was convicted of an offense under Sections 11-19.2, 11-20.1, 12-13, 12-14, 12-14.1, 12-15 or 12-16 of the Criminal Code of 1961, or was charged with such an offense and the charge was reduced to another charge as a result of a plea agreement under subsection (d) of this Section, and

(2) the victim was under 18 years of age at the time the offense was committed and requires counseling as a result of the offense.

The payments shall be made by the defendant to the clerk of the circuit court and transmitted by the clerk to the appropriate person or agency as directed by the court. Except as otherwise provided in

New matter indicated by italics - deletions by strikeout
subsection (f-1), the order may require such payments to be made for a period not to exceed 5 years after sentencing, not including periods of incarceration.

(h) The judge may enter an order of withholding to collect the amount of restitution owed in accordance with Part 8 of Article XII of the Code of Civil Procedure.

(i) A sentence of restitution may be modified or revoked by the court if the offender commits another offense, or the offender fails to make restitution as ordered by the court, but no sentence to make restitution shall be revoked unless the court shall find that the offender has had the financial ability to make restitution, and he has wilfully refused to do so. When the offender's ability to pay restitution was established at the time an order of restitution was entered or modified, or when the offender's ability to pay was based on the offender's willingness to make restitution as part of a plea agreement made at the time an order of restitution was entered or modified, there is a rebuttable presumption that the facts and circumstances considered by the court at the hearing at which the order of restitution was entered or modified regarding the offender's ability or willingness to pay restitution have not materially changed. If the court shall find that the defendant has failed to make restitution and that the failure is not wilful, the court may impose an additional period of time within which to make restitution. The length of the additional period shall not be more than 2 years. The court shall retain all of the incidents of the original sentence, including the authority to modify or enlarge the conditions, and to revoke or further modify the sentence if the conditions of payment are violated during the additional period.

(j) The procedure upon the filing of a Petition to Revoke a sentence to make restitution shall be the same as the procedures set forth in Section 5-6-4 of this Code governing violation, modification, or revocation of Probation, of Conditional Discharge, or of Supervision.

(k) Nothing contained in this Section shall preclude the right of any party to proceed in a civil action to recover for any damages incurred due to the criminal misconduct of the defendant.

(l) Restitution ordered under this Section shall not be subject to disbursement by the circuit clerk under Section 27.5 of the Clerks of Courts Act.

New matter indicated by italics - deletions by strikeout
(m) A restitution order under this Section is a judgment lien in favor of the victim that:

1. Attaches to the property of the person subject to the order;
2. May be perfected in the same manner as provided in Part 3 of Article 9 of the Uniform Commercial Code;
3. May be enforced to satisfy any payment that is delinquent under the restitution order by the person in whose favor the order is issued or the person's assignee; and
4. Expires in the same manner as a judgment lien created in a civil proceeding.

When a restitution order is issued under this Section, the issuing court shall send a certified copy of the order to the clerk of the circuit court in the county where the charge was filed. Upon receiving the order, the clerk shall enter and index the order in the circuit court judgment docket.

(n) An order of restitution under this Section does not bar a civil action for:

1. Damages that the court did not require the person to pay to the victim under the restitution order but arise from an injury or property damages that is the basis of restitution ordered by the court; and
2. Other damages suffered by the victim.

The restitution order is not discharged by the completion of the sentence imposed for the offense.

A restitution order under this Section is not discharged by the liquidation of a person's estate by a receiver. A restitution order under this Section may be enforced in the same manner as judgment liens are enforced under Article XII of the Code of Civil Procedure.

The provisions of Section 2-1303 of the Code of Civil Procedure, providing for interest on judgments, apply to judgments for restitution entered under this Section.

Notwithstanding the foregoing, good conduct credit for meritorious service shall not be awarded on a sentence of imprisonment imposed for conviction of: (i) one of the offenses enumerated in subdivision (a)(2) when the offense is committed on or after June 19, 1998, (ii) reckless homicide as defined in subsection (e) of Section 9-3 of the Criminal Code of 1961 when the offense is committed on or after January 1, 1999, or aggravated driving under the influence of alcohol, other drug or drugs, or intoxicating compound or compounds, or any combination thereof as defined in subparagraph (F) of paragraph (1) of subsection (d) of Section 11-501 of the Illinois Vehicle Code, (iii) one of the offenses enumerated in subdivision (a)(2.4) when the offense is committed on or after July 15, 1999 (the effective date of Public Act 91-121), or (iv) aggravated arson when the offense is committed on or after July 27, 2001 (the effective date of Public Act 92-176).

However, no inmate shall be eligible for the additional good conduct credit under this paragraph (4) while assigned to a boot camp, mental health unit, or electronic detention, or if convicted of an offense enumerated in paragraph (a)(2) of this Section that is committed on or after June 19, 1998, or if convicted of reckless homicide as defined in subsection (e) of Section 9-3 of the Criminal Code of 1961 if the offense is committed

on or after January 1, 1999, or aggravated driving under the influence of alcohol, other drug or drugs, or intoxicating compound or compounds, or any combination thereof as defined in subparagraph (F) of paragraph (1) of subsection (d) of Section 11-501 of the Illinois Vehicle Code, or if convicted of an offense enumerated in paragraph (a)(2.4) of this Section that is committed on or after July 15, 1999 (the effective date of Public Act 91-121) this amendatory Act of 1999, or first degree murder, a Class X felony, criminal sexual assault, felony criminal sexual abuse, aggravated criminal sexual abuse, aggravated battery with a firearm, or any predecessor or successor offenses with the same or substantially the same elements, or any inchoate offenses relating to the foregoing offenses. No inmate shall be eligible for the additional good conduct credit under this paragraph (4) who (i) has previously received increased good conduct credit under this paragraph (4) and has subsequently been convicted of a felony, or (ii) has previously served more than one prior sentence of imprisonment for a felony in an adult correctional facility.

Educational, vocational, substance abuse and correctional industry programs under which good conduct credit may be increased under this paragraph (4) shall be evaluated by the Department on the basis of documented standards. The Department shall report the results of these evaluations to the Governor and the General Assembly by September 30th of each year. The reports shall include data relating to the recidivism rate among program participants.

Availability of these programs shall be subject to the limits of fiscal resources appropriated by the General Assembly for these purposes. Eligible inmates who are denied immediate admission shall be placed on a waiting list under criteria established by the Department. The inability of any inmate to become engaged in any such programs by reason of insufficient program resources or for any other reason established under the rules and regulations of the Department shall not be deemed a cause of action under which the Department or any employee or agent of the Department shall be liable for damages to the inmate.

(4.5) The rules and regulations on early release shall also provide that a prisoner who is serving a sentence for a crime committed as a result of the use of, abuse of, or addiction to alcohol or a controlled substance and the crime was committed on or after September 1, 2003 (the effective date of Public Act 93-354) this

New matter indicated by italics - deletions by strikeout
Amendatory Act of the 93rd General Assembly shall receive no good conduct credit until he or she participates in and completes a substance abuse treatment program. Good conduct credit awarded under clauses (2), (3), and (4) of this subsection (a) for crimes committed on or after September 1, 2003 the effective date of this amendatory Act of the 93rd General Assembly is subject to the provisions of this clause (4.5). If the prisoner completes a substance abuse treatment program, the Department may award good conduct credit for the time spent in treatment. Availability of substance abuse treatment shall be subject to the limits of fiscal resources appropriated by the General Assembly for these purposes. If treatment is not available, the prisoner shall be placed on a waiting list under criteria established by the Department. The Department may require a prisoner placed on a waiting list to attend a substance abuse education class or attend substance abuse self-help meetings. A prisoner may not lose good conduct credit as a result of being placed on a waiting list. A prisoner placed on a waiting list remains eligible for increased good conduct credit for participation in an educational, vocational, or correctional industry program under clause (4) of subsection (a) of this Section.

(5) Whenever the Department is to release any inmate earlier than it otherwise would because of a grant of good conduct credit for meritorious service given at any time during the term, the Department shall give reasonable advance notice of the impending release to the State's Attorney of the county where the prosecution of the inmate took place.

(b) Whenever a person is or has been committed under several convictions, with separate sentences, the sentences shall be construed under Section 5-8-4 in granting and forfeiting of good time.

(c) The Department shall prescribe rules and regulations for revoking good conduct credit, or suspending or reducing the rate of accumulation of good conduct credit for specific rule violations, during imprisonment. These rules and regulations shall provide that no inmate may be penalized more than one year of good conduct credit for any one infraction.

When the Department seeks to revoke, suspend or reduce the rate of accumulation of any good conduct credits for an alleged infraction of its rules, it shall bring charges therefor against the prisoner sought to be so deprived of good conduct credits before the Prisoner Review Board as provided in subparagraph (a)(4) of Section 3-3-2 of this Code, if the amount
of credit at issue exceeds 30 days or when during any 12 month period, the cumulative amount of credit revoked exceeds 30 days except where the infraction is committed or discovered within 60 days of scheduled release. In those cases, the Department of Corrections may revoke up to 30 days of good conduct credit. The Board may subsequently approve the revocation of additional good conduct credit, if the Department seeks to revoke good conduct credit in excess of 30 days. However, the Board shall not be empowered to review the Department's decision with respect to the loss of 30 days of good conduct credit within any calendar year for any prisoner or to increase any penalty beyond the length requested by the Department.

The Director of the Department of Corrections, in appropriate cases, may restore up to 30 days good conduct credits which have been revoked, suspended or reduced. Any restoration of good conduct credits in excess of 30 days shall be subject to review by the Prisoner Review Board. However, the Board may not restore good conduct credit in excess of the amount requested by the Director.

Nothing contained in this Section shall prohibit the Prisoner Review Board from ordering, pursuant to Section 3-3-9(a)(3)(i)(B), that a prisoner serve up to one year of the sentence imposed by the court that was not served due to the accumulation of good conduct credit.

(d) If a lawsuit is filed by a prisoner in an Illinois or federal court against the State, the Department of Corrections, or the Prisoner Review Board, or against any of their officers or employees, and the court makes a specific finding that a pleading, motion, or other paper filed by the prisoner is frivolous, the Department of Corrections shall conduct a hearing to revoke up to 180 days of good conduct credit by bringing charges against the prisoner sought to be deprived of the good conduct credits before the Prisoner Review Board as provided in subparagraph (a)(8) of Section 3-3-2 of this Code. If the prisoner has not accumulated 180 days of good conduct credit at the time of the finding, then the Prisoner Review Board may revoke all good conduct credit accumulated by the prisoner.

For purposes of this subsection (d):

(1) "Frivolous" means that a pleading, motion, or other filing which purports to be a legal document filed by a prisoner in his or her lawsuit meets any or all of the following criteria:

(A) it lacks an arguable basis either in law or in fact;
(B) it is being presented for any improper purpose, such as to harass or to cause unnecessary delay or needless increase in the cost of litigation;

New matter indicated by italics - deletions by strikeout
(C) the claims, defenses, and other legal contentions therein are not warranted by existing law or by a nonfrivolous argument for the extension, modification, or reversal of existing law or the establishment of new law;

Section 5. The Illinois Insurance Code is amended by changing Section 370c as follows:

(215 ILCS 5/370c) (from Ch. 73, par. 982c)

Sec. 370c. Mental and emotional disorders.

(a) (1) On and after the effective date of this Section, every insurer which delivers, issues for delivery or renews or modifies group A&H policies providing coverage for hospital or medical treatment or services for illness on an expense-incurred basis shall offer to the applicant or group policyholder subject to the insurer's standards of insurability, coverage for reasonable and necessary treatment and services for mental, emotional or nervous disorders or conditions, other than serious mental illnesses as defined in item (2) of subsection (b), up to the limits provided in the policy for other disorders or conditions, except (i) the insured may be required to pay up to 50% of expenses incurred as a result of the treatment or services, and (ii) the annual benefit limit may be limited to the lesser of $10,000 or 25% of the lifetime policy limit.

(2) Each insured that is covered for mental, emotional or nervous disorders or conditions shall be free to select the physician licensed to practice medicine in all its branches, licensed clinical psychologist, licensed clinical social worker, or licensed clinical professional counselor of his choice to treat such disorders, and the insurer shall pay the covered charges of such physician licensed to practice medicine in all its branches, licensed clinical psychologist, licensed clinical social worker, or licensed clinical professional counselor up to the limits of coverage, provided (i) the disorder or condition treated is covered by the policy, and (ii) the physician, licensed psychologist, licensed clinical social worker, or licensed clinical professional counselor is authorized to provide said services under the statutes of this State and in accordance with accepted principles of his profession.

(3) Insofar as this Section applies solely to licensed clinical social workers and licensed clinical professional counselors, those persons who may provide services to individuals shall do so after the licensed clinical social worker or licensed clinical professional counselor has informed the patient of the desirability of the patient conferring with the patient's primary care physician and the licensed clinical social worker or licensed clinical professional counselor has provided written notification to the patient's primary care physician, if any, that services are being provided to the patient. That notification may, however, be waived by the patient on a written form. Those forms shall be retained by the licensed clinical social worker or

licenced clinical professional counselor for a period of not less than 5 years.  

(b) (1) An insurer that provides coverage for hospital or medical expenses under a group policy of accident and health insurance or health care plan amended, delivered, issued, or renewed after the effective date of this amendatory Act of the 92nd General Assembly shall provide coverage under the policy for treatment of serious mental illness under the same terms and conditions as coverage for hospital or medical expenses related to other illnesses and diseases. The coverage required under this Section must provide for same durational limits, amount limits, deductibles, and co-insurance requirements for serious mental illness as are provided for other illnesses and diseases. This subsection does not apply to coverage provided to employees by employers who have 50 or fewer employees.

(2) "Serious mental illness" means the following psychiatric illnesses as defined in the most current edition of the Diagnostic and Statistical Manual (DSM) published by the American Psychiatric Association:

(A) schizophrenia;
(B) paranoid and other psychotic disorders; 
(C) bipolar disorders (hypomanic, manic, depressive, and mixed); 
(D) major depressive disorders (single episode or recurrent); 
(E) schizoaffective disorders (bipolar or depressive); 
(F) pervasive developmental disorders; 
(G) obsessive-compulsive disorders; 
(H) depression in childhood and adolescence; and 
(I) panic disorder.

(3) Upon request of the reimbursing insurer, a provider of treatment of serious mental illness shall furnish medical records or other necessary data that substantiate that initial or continued treatment is at all times medically necessary. An insurer shall provide a mechanism for the timely review by a provider holding the same license and practicing in the same specialty as the patient's provider, who is unaffiliated with the insurer, jointly selected by the patient (or the patient's next of kin or legal representative if the patient is unable to act for himself or herself), the patient's provider, and the insurer in the event of a dispute between the insurer and patient's provider regarding the medical necessity of a treatment proposed by a patient's provider. If the reviewing provider determines the treatment to be medically necessary, the insurer shall provide reimbursement for the treatment. Future contractual or employment actions by the insurer regarding the patient's provider may not be based on the provider's participation in this procedure. Nothing prevents

the insured from agreeing in writing to continue treatment at his or her expense. When making a determination of the medical necessity for a treatment modality for serious mental illness, an insurer must make the determination in a manner that is consistent with the manner used to make that determination with respect to other diseases or illnesses covered under the policy, including an appeals process.

(4) A group health benefit plan:

(A) shall provide coverage based upon medical necessity for the following treatment of mental illness in each calendar year;

(i) 45 days of inpatient treatment; and

(ii) 35 visits for outpatient treatment including group and individual outpatient treatment;

(B) may not include a lifetime limit on the number of days of inpatient treatment or the number of outpatient visits covered under the plan; and

(C) shall include the same amount limits, deductibles, copayments, and coinsurance factors for serious mental illness as for physical illness.

(5) An issuer of a group health benefit plan may not count toward the number of outpatient visits required to be covered under this Section an outpatient visit for the purpose of medication management and shall cover the outpatient visits under the same terms and conditions as it covers outpatient visits for the treatment of physical illness.

(6) An issuer of a group health benefit plan may provide or offer coverage required under this Section through a managed care plan.

(7) This Section shall not be interpreted to require a group health benefit plan to provide coverage for treatment of:

(A) an addiction to a controlled substance or cannabis that is used in violation of law; or

(B) mental illness resulting from the use of a controlled substance or cannabis in violation of law.

(8) (Blank). This subsection (b) is inoperative after December 31, 2005.

Section 5. The Sexually Dangerous Persons Act is amended by changing Section 9 as follows:

(725 ILCS 205/9) (from Ch. 38, par. 105-9)

Sec. 9. Recovery; examination and hearing.

(a) An application in writing setting forth facts showing that such sexually dangerous person or criminal sexual psychopathic person has recovered may be filed before the committing court. Upon receipt thereof, the clerk of the court shall cause a copy of the application to be sent to the
Director of the Department of Corrections. The Director shall then cause to be prepared and sent to the court a socio-psychiatric report concerning the applicant. The report shall be prepared by a social worker and psychologist under the supervision of a licensed psychiatrist assigned to the institution wherein such applicant is confined. The court shall set a date for the hearing upon such application and shall consider the report so prepared under the direction of the Director of the Department of Corrections and any other relevant information submitted by or on behalf of such applicant.

(b) At a hearing under this Section, the Attorney General or State’s Attorney who filed the original application shall represent the State. The sexually dangerous person or the State may elect to have the hearing before a jury. The State has the burden of proving by clear and convincing evidence that the applicant is still a sexually dangerous person.

(c) If the applicant refuses to speak to, communicate with, or otherwise fails to cooperate with the State’s examiner, the applicant may only introduce evidence and testimony from any expert or professional person who is retained to conduct an examination based upon review of the records and may not introduce evidence resulting from an examination of the person. Notwithstanding the provisions of Section 10 of the Mental Health and Developmental Disabilities Confidentiality Act, all evaluations conducted under this Act and all Illinois Department of Corrections treatment records shall be admissible at all proceedings held under this Act.

(d) If a person has previously filed an application in writing setting forth facts showing that the sexually dangerous person or criminal sexual psychopathic person has recovered and the court determined either at a hearing or following a jury trial that the applicant is still a sexually dangerous person, or if the application is withdrawn, no additional application may be filed for one year after a finding that the person is still sexually dangerous or after the application is withdrawn, except if the application is accompanied by a statement from the treatment provider that the applicant has made exceptional progress and the application contains facts upon which a court could find that the condition of the person had so changed that a hearing is warranted.

(e) If the person is found to be no longer dangerous, the court shall order that he be discharged. If the court finds that the person appears no longer to be dangerous but that it is impossible to determine with certainty under conditions of institutional care that such person has fully recovered, the court shall enter an order permitting such person to go at large subject to such conditions and such supervision by the Director as in the opinion of the court.

PUBLIC ACT 94-0406
(House Bill No 0595)

AN ACT in relation to educational materials on hepatitis C for veterans.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Department of Public Health Powers and Duties Law of the Civil Administrative Code of Illinois is amended by changing Section 2310-376 as follows:

(20 ILCS 2310/2310-376)
Sec. 2310-376. Hepatitis C education and outreach.
(a) The Illinois General Assembly finds and declares the following:
(1) The World Health Organization characterizes Hepatitis C
as a disease of primary concern to humanity.

(2) Hepatitis E is considered a silent killer; no recognizable signs or symptoms occur until severe liver damage has occurred.

(3) Studies indicate that nearly 4 million Americans (1.8 percent of the population) carry the virus HCV that causes the disease.

(4) 30,000 acute new infections occur each year in the United States, and only 25 to 30 percent are diagnosed.

(5) 8,000 to 10,000 Americans die from the disease each year.

(6) 200,000 Illinois residents may be carriers and could develop the debilitating and potentially deadly liver disease.

(7) Inmates of correctional facilities have a higher incidence of Hepatitis E and, upon their release, present a significant health risk to the general population.

(8) Illinois members of the armed services are subject to an increased risk of contracting Hepatitis due to their possible receipt of contaminated blood during a transfusion occurring for the treatment of wounds and due to their service in areas of the world where the disease is more prevalent and healthcare is less capable of detecting and treating the disease. Many of these service members are unaware of the danger of Hepatitis and their increased risk of contracting the disease.

(b) Subject to appropriation, the Department shall conduct an education and outreach campaign, in addition to its overall effort to prevent infectious disease in Illinois, in order to raise awareness about and promote prevention of Hepatitis E.

(c) Subject to appropriation, in addition to the education and outreach campaign provided in subsection (b), the Department shall develop and make available to physicians, other health care providers, members of the armed services, and other persons subject to an increased risk of contracting Hepatitis, educational materials, in written and electronic forms, on the diagnosis, treatment, and prevention of the disease. These materials shall include the recommendations of the federal Centers for Disease Control and Prevention and any other persons or entities determined by the Department to have particular expertise on Hepatitis, including the American Liver Foundation. These materials shall be written in terms that are understandable by members of the general public.

(d) The Department shall establish an Advisory Council on Hepatitis to develop a Hepatitis prevention plan. The Department shall specify the
membership, members' terms, provisions for removal of members, chairmen, and purpose of the Advisory Council. The Advisory Council shall consist of one representative from each of the following State agencies or offices, appointed by the head of each agency or office:

1. The Department of Public Health.
2. The Department of Public Aid.
3. The Department of Corrections.
4. The Department of Veterans' Affairs.
5. The Department on Aging.
6. The Department of Human Services.
7. The Department of State Police.
8. The office of the State Fire Marshal.

The Director shall appoint representatives of organizations and advocates in the State of Illinois, including, but not limited to, the American Liver Foundation. The Director shall also appoint interested members of the public, including consumers and providers of health services and representatives of local public health agencies, to provide recommendations and information to the members of the Advisory Council. Members of the Advisory Council shall serve on a voluntary, unpaid basis and are not entitled to reimbursement for mileage or other costs they incur in connection with performing their duties.

PUBLIC ACT 94-0407
(House Bill No 0612)

AN ACT concerning State government.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 1. Short title. This Act may be cited as the Illinois Family Case Management Act.
Section 5. Legislative findings and purpose. The General Assembly finds as follows:

1. The statewide rate of infant mortality continues to remain at an unacceptable level in regard to the national average.

New matter indicated by italics - deletions by strikeout
(2) Within the State of Illinois, certain areas and populations continue to experience rates of infant mortality far greater than either the statewide or national averages. Prevention activities need to be statewide for maximum benefit.

(3) Family case management services are proven to be effective in improving the health of women and infants and lowering the incidence of infant morbidity and mortality, particularly those individuals linked to the Special Supplemental Nutrition Program for Women, Infants and Children (WIC).

(4) Family case management improves the health and development of children and families by providing the earliest identification of their needs and promoting linkages to address those needs.

(5) Data demonstrates significantly lower Medicaid expenditures for pregnant and postpartum women and children who have been enrolled in family case management and WIC services than for Medicaid-eligible persons not receiving case management services.

Therefore, as a critical component in delivering comprehensive maternal and child health services in Illinois, it is the purpose of this Act to provide for the establishment and recognition of a program of family case management to ensure and provide statewide wrap-around services targeted toward reducing the incidence of infant mortality, very low birthweight infants, and low birthweight infants within the State.

Section 10. Definitions. In this Act:

"Department" means the Illinois Department of Human Services.

"Eligible participant" means: (i) subject to available appropriations, any pregnant woman or child through the age of one year enrolled in the Medicaid program on the effective date of this Act or whose income is up to 200% of the federal poverty level; and (ii) subject to additional appropriations, any child through the age of 4 years enrolled in Medicaid or whose income is up to 200% of the federal poverty level.

"Family Case Management program" or "program" means the program established under Section 15 of this Act.

"Infant mortality rate" means the number of infant deaths per 1,000 live births as reported on a calendar year basis by the federal Department of Health and Human Services.

"Secretary" means the Secretary of Human Services.

"Targeted Intensive Case Management" means services provided to
any program-eligible pregnant woman or infant through the age of one, where an assessment has been performed that deems the participant at greater risk for infant mortality or morbidity.

Section 15. Family Case Management Program. The Department shall establish and administer a family case management program. The purposes of the program shall be to reduce the incidence of infant mortality, very low birthweight infants, and low birthweight infants and to assist low-income families to obtain available health and human services needed for healthy growth and development, including but not limited to prenatal care, early periodic screening, diagnosis, and treatment (EPSDT) services, immunizations, lead screenings, nutritional support, and other specialized services for families with additional challenges and needs. Under the program, case management shall involve individualized assessment of needs, planning of services, referral, monitoring, and advocacy to assist a client in gaining access to appropriate services. Under the program, case management shall be an active and collaborative process involving a qualified case manager, the client, the client's family, and service providers in the community. Priority shall be given to ensure that Targeted Intensive Case Management, as defined in this Act, is available to each qualified participant as defined within the Department's rules and program standards.

Section 20. Maternal and Child Health Advisory Board.

(a) The Maternal and Child Health Advisory Board ("the Board") is created within the Department to advise the Department on the implementation of this Act, including assessments and advice regarding rate structure, and other activities related to maternal and child health and infant mortality reduction programs in the State of Illinois. The Board shall consist of the Secretary of Human Services (or his or her designee), who shall serve as chairman, and one additional representative of the Department of Human Services designated by the Secretary who has direct responsibility with the family case management program; one representative each from the Departments of Children and Family Services, Public Health, and Public Aid; and 4 members of the Illinois General Assembly, one each appointed by the President and Minority Leader of the Senate and the Speaker and Minority Leader of the House of Representatives. In addition, the Governor shall appoint 20 additional members of the Board. Of the members appointed by the Governor, 2 shall be physicians licensed to practice medicine in all of its branches who currently serve patients enrolled in the family case management program, one of whom shall be an individual with a specialty in obstetrics and gynecology and one of whom shall be an individual with a

specialty in pediatric medicine; 5 representatives, one each from certified local health departments within the 5 counties with the largest number of family case management enrollees; 5 representatives from certified local health departments outside the Chicago metropolitan and collar counties areas that shall include a balance of urban and rural health departments; a registered professional nurse serving as a public health nurse within a certified local health department; 5 individuals representing community-based programs currently providing family case management services within Cook County that are not certified local health departments; and 2 consumers who are receiving or have received family case management services.

Legislative members shall serve during their term of office in the Illinois General Assembly. Members appointed by the Governor shall serve a term of 3 years or until their successors are appointed. Any member appointed to fill a vacancy occurring prior to the expiration of the term for which his or her predecessor was appointed shall be appointed for the remainder of such term. Members of the Board shall serve without compensation but shall be reimbursed for necessary expenses incurred in the performance of their duties.

(b) The Board shall advise the Secretary on efforts related to maternal and child health programs, including infant mortality reduction, in the State of Illinois. In addition, the Board shall review and make recommendations to the Department and the Governor in regard to the system for maternal and child health programs, collaboration, and interrelation between and delivery of programs, including but not limited to Family Case Management, Targeted Intensive Prenatal Case Management, the Special Supplemental Nutrition Program for Women, Infants and Children (WIC), and HealthWorks, and the adequacy of family case management funding and reimbursement levels. In performing its duties, the Board may hold hearings throughout the State and advise and receive advice from any local advisory bodies created to address the infant mortality problem.

(c) The Board shall report to the General Assembly, on January 1 of each year, a listing of activities taken in regard to this Act, other efforts to address maternal and child health and infant mortality in Illinois, and proposed recommendations regarding funding and reimbursement levels to adequately support the family case management program.

Section 25. Rules. Within one year after the effective date of this Act, the Department shall adopt rules to implement this Act. In developing the rules, the Department shall consult with the Maternal and Child Health Advisory Board.

(a) General licenses. The Department shall issue a license authorizing practice as a dentist to any person who qualifies for a license under this Act.

(b) Specialty licenses. The Department shall establish additional requirements of any dentist who announces or holds himself or herself out to the public as a specialist or as being specially qualified in any particular branch of dentistry.

No dentist shall announce or hold himself or herself out to the public as a specialist or as being specially qualified in any particular branch of dentistry unless he or she is licensed to practice in that specialty of dentistry.

The fact that any dentist shall announce by card, letterhead or any other form of communication using terms as "Specialist," "Practice Limited To" or "Limited to Specialty of" with the name of the branch of dentistry practiced as a specialty, or shall use equivalent words or phrases to announce the same, shall be prima facie evidence that the dentist is holding himself or herself out to the public as a specialist.

or other advanced clinical educational programs in an approved dental school or a hospital situated in this State, or persons who wish to pursue programs of specialty training in dental public health in public agencies in this State, may receive without examination, in the discretion of the Department, a temporary training license. In order to receive a temporary training license under this subsection, an applicant shall furnish satisfactory proof to the Department that:

(1) The applicant is at least 21 years of age and is of good moral character. In determining moral character under this Section, the Department may take into consideration any felony conviction of the applicant, but such a conviction shall not operate as bar to licensure;

(2) The applicant has been accepted or appointed for specialty or residency training by an approved hospital situated in this State, by an approved dental school situated in this State, or by a public health agency in this State the training programs of which are recognized and approved by the Department. The applicant shall indicate the beginning and ending dates of the period for which he or she has been accepted or appointed;

(3) The applicant is a graduate of a dental school or college approved and in good standing in the judgment of the Department. The Department may consider diplomas or certifications of education, or both, accompanied by transcripts of course work and credits awarded to determine if an applicant has graduated from a dental school or college approved and in good standing. The Department may also consider diplomas or certifications of education, or both, accompanied by transcripts of course work and credits awarded in determining whether a dental school or college is approved and in good standing.

Temporary training licenses issued under this Section shall be valid only for the duration of the period of residency or specialty training and may be extended or renewed as prescribed by rule. The holder of a valid temporary training license shall be entitled thereby to perform acts as may be prescribed by and incidental to his or her program of residency or specialty training; but he or she shall not be entitled to engage in the practice of dentistry in this State.

A temporary training license may be revoked by the Department upon proof that the holder has engaged in the practice of dentistry in this State outside of his or her program of residency or specialty training, or if the

holder shall fail to supply the Department, within 10 days of its request, with information as to his or her current status and activities in his or her specialty training program.

(d) Restricted faculty licenses. Persons who have received full-time appointments to teach dentistry at an approved dental school or hospital situated in this State may receive without examination, in the discretion of the Department, a restricted faculty license. In order to receive a restricted faculty license an applicant shall furnish satisfactory proof to the Department that:

(1) The applicant is at least 21 years of age, is of good moral character and is licensed to practice dentistry in another state or country; and

(2) The applicant has a full-time appointment to teach dentistry at an approved dental school or hospital situated in this State.

Restricted faculty licenses issued under this Section shall be valid for a period of 3 1/2 years and may be extended or renewed. The holder of a valid restricted faculty license may perform acts as may be required by his or her teaching of dentistry. In addition, the holder of a restricted faculty license may practice general dentistry or in his or her area of specialty, but only in a clinic or office affiliated with the dental school. Any restricted faculty license issued to a faculty member under this Section shall terminate immediately and automatically, without any further action by the Department, if the holder ceases to be a faculty member at an approved dental school or hospital in this State.

The Department may revoke a restricted faculty license for a violation of this Act or its rules, or if the holder fails to supply the Department, within 10 days of its request, with information as to his current status and activities in his teaching program.

(e) Inactive status. Any person who holds one of the licenses under subsection (a) or (b) of Section 11 or under Section 12 of this Act may elect, upon payment of the required fee, to place his or her license on an inactive status and shall, subject to the rules of the Department, be excused from the payment of renewal fees until he or she notifies the Department in writing of his or her desire to resume active status. Any licensee requesting restoration from inactive status shall be required to pay the current renewal fee and upon payment the Department shall be required to restore his or her license, as provided in Section 16 of this Act. Any licensee whose license is in an inactive status shall not practice in the State of Illinois.

(f) Certificates of Identification. In addition to the licenses authorized

Sec. 16. Expiration, renewal and restoration of licenses.

The expiration date and renewal date period for each license issued under this Act shall be set by rule. The renewal period for each license issued under this Act shall be 3 years. A dentist or dental hygienist may renew a license during the month preceding its expiration date by paying the required fee. A dental hygienist shall provide proof of current cardiopulmonary resuscitation certification at the time of renewal.

Any dentist or dental hygienist whose license has expired or whose license is on inactive status may have his license restored at any time within 5 years after the expiration thereof, upon payment of the required fee and a showing of proof of compliance with current continuing education requirements, as provided by rule.

Any person whose license has been expired for more than 5 years or who has had his license on inactive status for more than 5 years may have his license restored by making application to the Department and filing proof acceptable to the Department of taking continuing education and of his fitness to have the license restored, including sworn evidence certifying to active practice in another jurisdiction, and by paying the required restoration fee. A person practicing on an expired license is deemed to be practicing without a license. However, a holder of a license may renew the license within 90 days after its expiration by complying with the requirements for renewal and payment of an additional fee. A license renewal within 90 days after expiration shall be effective retroactively to the expiration date.

If a person whose license has expired or who has had his license on inactive status for more than 5 years has not maintained an active practice satisfactory to the department, the Department shall determine, by an evaluation process established by rule, his or her fitness to resume active status and may require the person to complete a period of evaluated clinical experience and may require successful completion of a practical examination.

However, any person whose license has expired while he has been engaged (1) in federal or state service active duty, or (2) in training or education under the supervision of the United States preliminary to induction into the military service, may have his license restored without paying any lapsed renewal or restoration fee, if within 2 years after termination of such

Sec. 16.1. Continuing education. The Department shall promulgate rules of continuing education for persons licensed under this Act. In establishing rules, the Department shall require a minimum of $48 32$ hours of study in approved courses for dentists during each 3-year 2-year licensing period and a minimum of $36 24$ hours of study in approved courses for dental hygienists during each 3-year 2-year licensing period. These continuing education rules shall only apply to licenses renewed after November 1, 1992.

The Department shall approve only courses that are relevant to the treatment and care of patients, including, but not limited to, clinical courses in dentistry and dental hygiene and nonclinical courses such as patient management, legal and ethical responsibilities, and stress management. Courses shall not be approved in such subjects as estate and financial planning, investments, or personal health. Approved courses may include, but shall not be limited to, courses that are offered or sponsored by approved colleges, universities, and hospitals and by recognized national, State, and local dental and dental hygiene organizations.

No license shall be renewed unless the renewal application is accompanied by an affidavit indicating that the applicant has completed the required minimum number of hours of continuing education in approved courses as required by this Section. The affidavit shall not require a listing of courses. The affidavit shall be a prima facie evidence that the applicant has obtained the minimum number of required continuing education hours in approved courses. The Department shall not be obligated to conduct random audits or otherwise independently verify that an applicant has met the continuing education requirement. The Department, however, may not conduct random audits of more than 10% of the licensed dentists and dental hygienists in any one licensing cycle to verify compliance with continuing education requirements. If the Department, however, receives a complaint that a licensee has not completed the required continuing education or if the Department is investigating another alleged violation of this Act by a licensee, the Department may demand and shall be entitled to receive evidence from any licensee of completion of required continuing education courses for the most recently completed 3-year 2-year licensing period.

Evidence of continuing education may include, but is not limited to, canceled checks, official verification forms of attendance, and continuing education recording forms, that demonstrate a reasonable record of attendance. The Illinois State Board of Dentistry shall determine, in accordance with rules adopted by the Department, whether a licensee or applicant has met the continuing education requirements. Any dentist who holds more than one license under this Act shall be required to complete only the minimum number of hours of continuing education required for renewal of a single license. The Department may provide exemptions from continuing education requirements. The exemptions shall include, but shall not be limited to, dentists and dental hygienists who agree not to practice within the State during the licensing period because they are retired from practice.

(Section scheduled to be repealed on January 1, 2006) Sec. 25. Notice of hearing; investigations and informal conferences.

(a) Upon the motion of either the Department or the Board or upon the verified complaint in writing of any person setting forth facts which if proven would constitute grounds for refusal, suspension or revocation of license under this Act, the Board shall investigate the actions of any person, hereinafter called the respondent, who holds or represents that he holds a license. All such motions or complaints shall be brought to the Board.

(b) Prior to taking an in-person statement from a dentist or dental hygienist who is the subject of a complaint, the investigator shall inform the dentist or the dental hygienist in writing:

(1) that the dentist or dental hygienist is the subject of a complaint; and

(3) that failure of the dentist or dental hygienist to proceed with the interview shall not prohibit the Department from conducting a visual inspection of the facility.

A Department investigator's failure to comply with this subsection may not be the sole ground for dismissal of any order of the Department filed upon a finding of a violation or for dismissal of a pending investigation.

(c) If the Department concludes on the basis of a complaint or its initial investigation that there is a possible violation of the Act, the Department may:

Participation in the informal conference by a dentist, a dental hygienist, or the Department and any admissions or stipulations made by a dentist, a dental hygienist, or the Department at the informal conference, including any agreements in a consent order that is subsequently disapproved by either the Board or the Director, shall not be used against the dentist, dental hygienist, or Department at any subsequent hearing and shall not become a part of the record of the hearing.

(d) The Director shall, before suspending, revoking, placing on probationary status, or taking any other disciplinary action as the Director may deem proper with regard to any license, at least 30 days prior to the date set for the hearing, notify the respondent in writing of any charges made and the time and place for a hearing of the charges before the Board, direct him or her to file his or her written answer thereto to the Board under oath within 20 days after the service on him or her of such notice and inform him or her that if he or she fails to file such answer default will be taken against him or her and his or her license may be suspended, revoked, placed on probationary status, or other disciplinary action may be taken with regard thereto, including limiting the scope, nature or extent of his or her practice, as the Director may deem proper.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Vehicle Code is amended by changing Section 3-114 as follows:

(625 ILCS 5/3-114)(from Ch. 95 1/2, par. 3-114)

Sec. 3-114. Transfer by operation of law.
(a) If the interest of an owner in a vehicle passes to another other than by voluntary transfer, the transferee shall, except as provided in paragraph (b), promptly mail or deliver within 20 days to the Secretary of State the last certificate of title, if available, proof of the transfer, and his application for a new certificate in the form the Secretary of State prescribes. It shall be unlawful for any person having possession of a certificate of title for a motor vehicle, semi-trailer, or house car by reason of his having a lien or encumbrance on such vehicle, to fail or refuse to deliver such certificate to the owner, upon the satisfaction or discharge of the lien or encumbrance, indicated upon such certificate of title.

(b) If the interest of an owner in a vehicle passes to another under the provisions of the Small Estates provisions of the Probate Act of 1975 the transferee shall promptly mail or deliver to the Secretary of State, within 120 days, the last certificate of title, if available, the documentation required under the provisions of the Probate Act of 1975, and an application for certificate of title. The Small Estate Affidavit form shall be furnished by the Secretary of State. The transfer may be to the transferee or to the nominee of the transferee.

(c) If the interest of an owner in a vehicle passes to another under other provisions of the Probate Act of 1975, as amended, and the transfer is made by a representative or guardian, such transferee shall promptly mail or deliver to the Secretary of State, the last certificate of title, if available, and
a certified copy of the letters of office or guardianship, and an application for certificate of title. Such application shall be made before the estate is closed. The transfer may be to the transferee or to the nominee of the transferee.

(d) If the interest of an owner in joint tenancy passes to the other joint tenant with survivorship rights as provided by law, the transferee shall promptly mail or deliver to the Secretary of State, the last certificate of title, if available, proof of death of the one joint tenant and survivorship of the surviving joint tenant, and an application for certificate of title. Such application shall be made within 120 days after the death of the joint tenant. The transfer may be to the transferee or to the nominee of the transferee.

(e) The Secretary of State shall transfer a decedent's vehicle title to any legatee, representative or heir of the decedent who submits to the Secretary a death certificate and an affidavit by an attorney at law on the letterhead stationery of the attorney at law stating the facts of the transfer.

(f) Repossession with assignment of title. In all cases wherein a lienholder has repossessed a vehicle by other than judicial process and holds it for resale under a security agreement, and the owner of record has executed an assignment of the existing certificate of title after default, the lienholder may proceed to sell or otherwise dispose of the vehicle as authorized under the Uniform Commercial Code. Upon selling the vehicle to another person, the lienholder need not send the certificate of title to the Secretary of State, but shall promptly and within 20 days mail or deliver to the purchaser as transferee the existing certificate of title for the repossessed vehicle, reflecting the release of the lienholder's security interest in the vehicle. The application for a certificate of title made by the purchaser shall comply with subsection (a) of Section 3-104 and be accompanied by the existing certificate of title for the repossessed vehicle. The lienholder shall execute the assignment and warranty of title showing the name and address of the purchaser in the spaces provided therefor on the certificate of title or as the Secretary of State prescribes. The lienholder shall complete the assignment of title in the certificate of title to reflect the transfer of the vehicle to the lienholder and also a reassignment to reflect the transfer from the lienholder to the purchaser. For this purpose, the lienholder is specifically authorized to complete and execute the space reserved in the certificate of title for a dealer reassignment, notwithstanding that the lienholder is not a licensed dealer. Nothing herein shall be construed to mean that the lienholder is taking title to the repossessed vehicle for purposes of liability for retailer occupation, vehicle use, or other tax with respect to the proceeds from the repossession sale. Delivery of the existing certificate of title to the purchaser shall be
deemed disclosure to the purchaser of the owner of the vehicle.

(f-5) Repossession without assignment of title. Subject to subsection (f-30), in all cases wherein a lienholder has reposessed a vehicle by other than judicial process and holds it for resale under a security agreement, and the owner of record has not executed an assignment of the existing certificate of title, the lienholder shall comply with the following provisions:

(1) Prior to sale, the lienholder shall deliver or mail to the owner at the owner's last known address and to any other lienholder of record, a notice of redemption setting forth the following information: (i) the name of the owner of record and in bold type at or near the top of the notice a statement that the owner's vehicle was repossessed on a specified date for failure to make payments on the loan (or other reason), (ii) a description of the vehicle subject to the lien sufficient to identify it, (iii) the right of the owner to redeem the vehicle, (iv) the lienholder's intent to sell or otherwise dispose of the vehicle after the expiration of 21 days from the date of mailing or delivery of the notice, and (v) the name, address, and telephone number of the lienholder from whom information may be obtained concerning the amount due to redeem the vehicle and from whom the vehicle may be redeemed under Section 9-623 of the Uniform Commercial Code. At the lienholder's option, the information required to be set forth in this notice of redemption may be made a part of or accompany the notification of sale or other disposition required under Section 9-611 of the Uniform Commercial Code, but none of the information required by this notice shall be construed to impose any requirement under Article 9 of the Uniform Commercial Code.

(2) With respect to the repossession of a vehicle used primarily for personal, family, or household purposes, the lienholder shall also deliver or mail to the owner at the owner's last known address an affidavit of defense. The affidavit of defense shall accompany the notice of redemption required in subdivision (f-5)(1) of this Section. The affidavit of defense shall (i) identify the lienholder, owner, and the vehicle; (ii) provide space for the owner to state the defense claimed by the owner; and (iii) include an acknowledgment by the owner that the owner may be liable to the lienholder for fees, charges, and costs incurred by the lienholder in establishing the insufficiency or invalidity of the owner's defense. To stop the transfer of title, the affidavit of defense must be received by
the lienholder no later than 21 days after the date of mailing or delivery of the notice required in subdivision (f-5)(1) of this Section. If the lienholder receives the affidavit from the owner in a timely manner, the lienholder must apply to a court of competent jurisdiction to determine if the lienholder is entitled to possession of the vehicle.

(3) Upon selling the vehicle to another person, the lienholder need not send the certificate of title to the Secretary of State, but shall promptly and within 20 days mail or deliver to the purchaser as transferee (i) the existing certificate of title for the repossessed vehicle, reflecting the release of the lienholder's security interest in the vehicle; and (ii) an affidavit of repossession made by or on behalf of the lienholder which provides the following information: that the vehicle was repossessed, a description of the vehicle sufficient to identify it, whether the vehicle has been damaged in excess of 33 1/3% of its fair market value as required under subdivision (b)(3) of Section 3-117.1, that the owner and any other lienholder of record were given the notice required in subdivision (f-5)(1) of this Section, that the owner of record was given the affidavit of defense required in subdivision (f-5)(2) of this Section, that the interest of the owner was lawfully terminated or sold pursuant to the terms of the security agreement, and the purchaser's name and address. If the vehicle is damaged in excess of 33 1/3% of its fair market value, the lienholder shall make application for a salvage certificate under Section 3-117.1 and transfer the vehicle to a person eligible to receive assignments of salvage certificates identified in Section 3-118.

(4) The application for a certificate of title made by the purchaser shall comply with subsection (a) of Section 3-104 and be accompanied by the affidavit of repossession furnished by the lienholder and the existing certificate of title for the repossessed vehicle. The lienholder shall execute the assignment and warranty of title showing the name and address of the purchaser in the spaces provided therefor on the certificate of title or as the Secretary of State prescribes. The lienholder shall complete the assignment of title in the certificate of title to reflect the transfer of the vehicle to the lienholder and also a reassignment to reflect the transfer from the lienholder to the purchaser. For this purpose, the lienholder is specifically authorized to execute the assignment on behalf of the owner as seller if the owner has not done so and to complete and execute the space reserved in the certificate of title for a dealer reassignment,
notwithstanding that the lienholder is not a licensed dealer. Nothing herein shall be construed to mean that the lienholder is taking title to the repossessed vehicle for purposes of liability for retailer occupation, vehicle use, or other tax with respect to the proceeds from the repossession sale. Delivery of the existing certificate of title to the purchaser shall be deemed disclosure to the purchaser of the owner of the vehicle. In the event the lienholder does not hold the certificate of title for the repossessed vehicle, the lienholder shall make application for and may obtain a new certificate of title in the name of the lienholder upon furnishing information satisfactory to the Secretary of State. Upon receiving the new certificate of title, the lienholder may proceed with the sale described in subdivision (f-5)(3), except that upon selling the vehicle the lienholder shall promptly and within 20 days mail or deliver to the purchaser the new certificate of title reflecting the assignment and transfer of title to the purchaser.

(5) Neither the lienholder nor the owner shall file with the Office of the Secretary of State the notice of redemption or affidavit of defense described in subdivisions (f-5)(1) and (f-5)(2) of this Section. The Office of the Secretary of State shall not determine the merits of an owner's affidavit of defense, nor consider any allegations or assertions regarding the validity or invalidity of a lienholder's claim to the vehicle or an owner's asserted defenses to the repossession action.

(f-7) Notice of reinstatement in certain cases.

(1) Subject to subsection (f-30), if at the time of repossession by a lienholder that is seeking to transfer title pursuant to subsection (f-5), the owner has paid an amount equal to 30% or more of the deferred payment price or total of payments due, the owner may, within 21 days of the date of repossession, reinstate the contract or loan agreement and recover the vehicle from the lienholder by tendering in a lump sum (i) the total of all unpaid amounts, including any unpaid delinquency or deferral charges due at the date of reinstatement, without acceleration; and (ii) performance necessary to cure any default other than nonpayment of the amounts due; and (iii) all reasonable costs and fees incurred by the lienholder in retaking, holding, and preparing the vehicle for disposition and in arranging for the sale of the vehicle. Reasonable costs and fees incurred by the lienholder include without limitation
repossession and storage expenses and, if authorized by the contract or loan agreement, reasonable attorneys' fees and collection agency charges.

(2) Tender of payment and performance pursuant to this limited right of reinstatement restores to the owner his rights under the contract or loan agreement as though no default had occurred. The owner has the right to reinstate the contract or loan agreement and recover the vehicle from the lienholder only once under this subsection. The lienholder may, in the lienholder's sole discretion, extend the period during which the owner may reinstate the contract or loan agreement and recover the vehicle beyond the 21 days allowed under this subsection, and the extension shall not subject the lienholder to liability to the owner under the laws of this State.

(3) The lienholder shall deliver or mail written notice to the owner at the owner's last known address, within 3 business days of the date of repossession, of the owner's right to reinstate the contract or loan agreement and recover the vehicle pursuant to the limited right of reinstatement described in this subsection. At the lienholder's option, the information required to be set forth in this notice of reinstatement may be made part of or accompany the notice of redemption required in subdivision (f-5)(1) of this Section and the notification of sale or other disposition required under Section 9-611 of the Uniform Commercial Code, but none of the information required by this notice of reinstatement shall be construed to impose any requirement under Article 9 of the Uniform Commercial Code.

(4) The reinstatement period, if applicable, and the redemption period described in subdivision (f-5)(1) of this Section, shall run concurrently if the information required to be set forth in the notice of reinstatement is part of or accompanies the notice of redemption. In any event, the 21 day redemption period described in subdivision (f-5)(1) of this Section shall commence on the date of mailing or delivery to the owner of the information required to be set forth in the notice of redemption, and the 21 day reinstatement period described in this subdivision, if applicable, shall commence on the date of mailing or delivery to the owner of the information required to be set forth in the notice of reinstatement.

(5) The Office of the Secretary of State shall not determine the merits of an owner's claim of right to reinstatement, nor consider any allegations or assertions regarding the validity or invalidity of a

lienholder's claim to the vehicle or an owner's asserted right to reinstatement. Where a lienholder is subject to licensing and regulatory supervision by the State of Illinois, the lienholder shall be subject to all of the powers and authority of the lienholder's primary State regulator to enforce compliance with the procedures set forth in this subsection (f-7).

(f-10) Repossession by judicial process. In all cases wherein a lienholder has repossessed a vehicle by judicial process and holds it for resale under a security agreement, order for replevin, or other court order establishing the lienholder's right to possession of the vehicle, the lienholder may proceed to sell or otherwise dispose of the vehicle as authorized under the Uniform Commercial Code or the court order. Upon selling the vehicle to another person, the lienholder need not send the certificate of title to the Secretary of State, but shall promptly and within 20 days mail or deliver to the purchaser as transferee (i) the existing certificate of title for the repossessed vehicle reflecting the release of the lienholder's security interest in the vehicle; (ii) a certified copy of the court order; and (iii) a bill of sale identifying the new owner's name and address and the year, make, model, and vehicle identification number of the vehicle. The application for a certificate of title made by the purchaser shall comply with subsection (a) of Section 3-104 and be accompanied by the certified copy of the court order furnished by the lienholder and the existing certificate of title for the repossessed vehicle. The lienholder shall execute the assignment and warranty of title showing the name and address of the purchaser in the spaces provided therefor on the certificate of title or as the Secretary of State prescribes. The lienholder shall complete the assignment of title in the certificate of title to reflect the transfer of the vehicle to the lienholder and also a reassignment to reflect the transfer from the lienholder to the purchaser. For this purpose, the lienholder is specifically authorized to execute the assignment on behalf of the owner as seller if the owner has not done so and to complete and execute the space reserved in the certificate of title for a dealer reassignment, notwithstanding that the lienholder is not a licensed dealer. Nothing herein shall be construed to mean that the lienholder is taking title to the repossessed vehicle for purposes of liability for retailer occupation, vehicle use, or other tax with respect to the proceeds from the repossession sale. Delivery of the existing certificate of title to the purchaser shall be deemed disclosure to the purchaser of the owner of the vehicle. In the event the lienholder does not hold the certificate of title for the repossessed vehicle, the lienholder shall make application for and may obtain a new certificate of title in the name of the

lienholder upon furnishing information satisfactory to the Secretary of State. Upon receiving the new certificate of title, the lienholder may proceed with the sale described in this subsection, except that upon selling the vehicle the lienholder shall promptly and within 20 days mail or deliver to the purchaser the new certificate of title reflecting the assignment and transfer of title to the purchaser.

(f-15) The Secretary of State shall not issue a certificate of title to a purchaser under subsection (f), (f-5), or (f-10) of this Section, unless the person from whom the vehicle has been repossessed by the lienholder is shown to be the last registered owner of the motor vehicle. The Secretary of State may provide by rule for the standards to be followed by a lienholder in assigning and transferring certificates of title with respect to repossessed vehicles.

(f-20) If applying for a salvage certificate or a junking certificate, the lienholder shall within 20 days make an application to the Secretary of State for a salvage certificate or a junking certificate, as set forth in this Code. The Secretary of State shall not issue a salvage certificate or a junking certificate to such lienholder unless the person from whom such vehicle has been repossessed is shown to be the last registered owner of such motor vehicle and such lienholder establishes to the satisfaction of the Secretary of State that he is entitled to such salvage certificate or junking certificate. The Secretary of State may provide by rule for the standards to be followed by a lienholder in order to obtain a salvage certificate or junking certificate for a repossessed vehicle.

(f-25) If the interest of an owner in a mobile home, as defined in the Mobile Home Local Services Tax Act, passes to another under the provisions of the Mobile Home Local Services Tax Enforcement Act, the transferee shall promptly mail or deliver to the Secretary of State (i) the last certificate of title, if available, (ii) a certified copy of the court order ordering the transfer of title, and (iii) an application for certificate of title.

(f-30) Bankruptcy. If the repossessed vehicle is the subject of a bankruptcy proceeding or discharge:

1. the lienholder may proceed to sell or otherwise dispose of the vehicle as authorized by the Bankruptcy Code and the Uniform Commercial Code;

2. the notice of redemption, affidavit of defense, and notice of reinstatement otherwise required to be sent by the lienholder to the owner of record or other lienholder of record under this Section are not required to be delivered or mailed;

(3) the requirement to delay disposition of the vehicle for 21 days, (i) from the mailing or delivery of the notice of redemption under subdivision (f-5)(1) of this Section, (ii) from the mailing or delivery of the affidavit of defense under subdivision (f-5)(2) of this Section, or (iii) from the date of repossession when the owner is entitled to a notice of reinstatement under subsection (f-7) of this Section, does not apply;

(4) the affidavit of repossession that is required under subdivision (f-5)(3) shall contain a notation of "bankruptcy" where the affidavit requires the date of the mailing or delivery of the notice of redemption. The notation of "bankruptcy" means the lienholder makes no sworn representations regarding the mailing or delivery of the notice of redemption or affidavit of defense or lienholder's compliance with the requirements that otherwise apply to the notices listed in this subsection (f-30), and makes no sworn representation that the lienholder assumes liability or costs for any litigation that may arise from the issuance of a certificate of title based on the excluded representations;

(5) the right of redemption, the right to assert a defense to the transfer of title, and reinstatement rights under this Section do not apply; and

(6) references to judicial process and court orders in subsection (f-10) of this Section do not include bankruptcy proceedings or orders.

(g) A person holding a certificate of title whose interest in the vehicle has been extinguished or transferred other than by voluntary transfer shall mail or deliver the certificate, within 20 days upon request of the Secretary of State. The delivery of the certificate pursuant to the request of the Secretary of State does not affect the rights of the person surrendering the certificate, and the action of the Secretary of State in issuing a new certificate of title as provided herein is not conclusive upon the rights of an owner or lienholder named in the old certificate.

(h) The Secretary of State may decline to process any application for a transfer of an interest in a vehicle hereunder if any fees or taxes due under this Act from the transferor or the transferee have not been paid upon reasonable notice and demand.

(i) The Secretary of State shall not be held civilly or criminally liable to any person because any purported transferor may not have had the power or authority to make a transfer of any interest in any vehicle or because a

Sec. 2.04. Child support indebtedness.

(a) Persons, associations, partnerships, or corporations, or other legal entities engaged in the business of collecting child support indebtedness owing under a court order as provided under the Illinois Public Aid Code, the Illinois Marriage and Dissolution of Marriage Act, the Non-Support of Spouse and Children Act, the Non-Support Punishment Act, the Illinois Parentage Act of 1984, or similar laws of other states are not restricted (i) in the frequency of contact with an obligor who is in arrears, whether by phone, mail, or other means, (ii) from contacting the employer of an obligor who is in arrears, (iii) from publishing or threatening to publish a list of obligors in arrears, (iv) from disclosing or threatening to disclose an arrearage that the obligor disputes, but for which a verified notice of delinquency has been served under the Income Withholding for Support Act (or any of its predecessors, Section 10-16.2 of the Illinois Public Aid Code, Section 706.1 of the Illinois Marriage and Dissolution of Marriage Act, Section 4.1 of the Non-Support of Spouse and Children Act, Section 26.1 of the Revised Uniform Reciprocal Enforcement of Support Act, or Section 20 of the Illinois Parentage Act of 1984), or (v) from engaging in conduct that would not cause a reasonable person mental or physical illness. For purposes of this subsection, "obligor" means an individual who owes a duty to make periodic payments, under a court order, for the support of a child. "Arrearage" means the total amount of an obligor's unpaid child support obligations.

(a-5) A collection agency may not impose a fee or charge, including costs, for any child support payments collected through the efforts of a federal, State, or local government agency, including but not limited to child support collected from federal or State tax refunds, unemployment benefits, or Social Security benefits.

No collection agency that collects child support payments shall (i) impose a charge or fee, including costs, for collection of a current child support payment, (ii) fail to apply collections to current support as specified in the order for support before applying collection to arrears or other amounts, or (iii) designate a current child support payment as arrears or other amount owed. In all circumstances, the collection agency shall turn over to the obligee all support collected in a month up to the amount of current support required to be paid for that month.

As to any fees or charges, including costs, retained by the collection agency, that agency shall provide documentation to the obligee demonstrating

that the child support payments resulted from the actions of the agency.

After collection of the total amount or arrearage, including statutory interest, due as of the date of execution of the collection contract, no further fees may be charged.

(a-10) The Department of Professional Regulation shall determine a fee rate of not less than 25% but not greater than 35%, based upon presentation by the licensees as to costs to provide the service and a fair rate of return. This rate shall be established by administrative rule.

Without prejudice to the determination by the Department of the appropriate rate through administrative rule, a collection agency shall impose a fee of not more than 29% of the amount of child support actually collected by the collection agency subject to the provisions of subsection (a-5). This interim rate is based upon the March 2002 General Account Office report "Child Support Enforcement", GAO-02-349. This rate shall apply until a fee rate is established by administrative rule.

The civil penalty shall be assessed by the Department after a hearing is held in accordance with the provisions set forth in this Act regarding the provision of a hearing for the discipline of a licensee.

(b) The Department has the authority and power to investigate any and all unlicensed activity. In addition to taking any other action provided under this Act, whenever the Department has reason to believe a person, association, partnership, corporation, or other legal entity has violated any provision of subsection (a) of this Section, the Department may issue a rule to show cause why an order to cease and desist should not be entered against that person, association, partnership, corporation, or other legal entity. Section 5. The Abused and Neglected Long Term Care Facility

New matter indicated by italics - deletions by strikeout
Residents Reporting Act is amended by changing Sections 6.2 and 10 as follows:

(210 ILCS 30/6.2) (from Ch. 111 1/2, par. 4166.2)

Sec. 6.2. Inspector General.

(a) The Governor shall appoint, and the Senate shall confirm, an Inspector General. The Inspector General shall be appointed for a term of 4 years and shall function within the Department of Human Services and report to the Secretary of Human Services and the Governor. The Inspector General shall function independently within the Department of Human Services with respect to the operations of the office, including the performance of investigations and issuance of findings and recommendations. The appropriation for the Office of Inspector General shall be separate from the overall appropriation for the Department of Human Services. The Inspector General shall investigate reports of suspected abuse or neglect (as those terms are defined in Section 3 of this Act) of patients or residents in any mental health or developmental disabilities facility operated by the Department of Human Services and shall have authority to investigate and take immediate action on reports of abuse or neglect of recipients, whether patients or residents, in any mental health or developmental disabilities facility or program that is licensed or certified by the Department of Human Services (as successor to the Department of Mental Health and Developmental Disabilities) or that is funded by the Department of Human Services (as successor to the Department of Mental Health and Developmental Disabilities) and is not licensed or certified by any agency of the State. At the specific, written request of an agency of the State other than the Department of Human Services (as successor to the Department of Mental Health and Developmental Disabilities), the Inspector General may cooperate in investigating reports of abuse and neglect of persons with mental illness or persons with developmental disabilities. The Inspector General shall have no supervision over or involvement in routine, programmatic, licensure, or certification operations of the Department of Human Services or any of its funded agencies.

The Inspector General shall promulgate rules establishing minimum requirements for reporting allegations of abuse and neglect and initiating, conducting, and completing investigations. The promulgated rules shall clearly set forth that in instances where 2 or more State agencies could investigate an allegation of abuse or neglect, the Inspector General shall not conduct an investigation that is redundant to an investigation conducted by another State agency. The rules shall establish criteria for determining, based

New matter indicated by italics - deletions by strikeout
upon the nature of the allegation, the appropriate method of investigation, which may include, but need not be limited to, site visits, telephone contacts, or requests for written responses from agencies. The rules shall also clarify how the Office of the Inspector General shall interact with the licensing unit of the Department of Human Services in investigations of allegations of abuse or neglect. Any allegations or investigations of reports made pursuant to this Act shall remain confidential until a final report is completed. The resident or patient who allegedly was abused or neglected and his or her legal guardian shall be informed by the facility or agency of the report of alleged abuse or neglect. Final reports regarding unsubstantiated or unfounded allegations shall remain confidential, except that final reports may be disclosed pursuant to Section 6 of this Act.

When the Office of the Inspector General has substantiated a case of abuse or neglect, the Inspector General shall include in the final report any mitigating or aggravating circumstances that were identified during the investigation. Upon determination that a report of neglect is substantiated, the Inspector General shall then determine whether such neglect rises to the level of egregious neglect.

(b) The Inspector General shall, within 24 hours after determining that a reported allegation receiving a report of suspected abuse or neglect determine whether the evidence indicates that any possible criminal act has been committed. If he determines that a possible criminal act has been committed, or that special expertise is required in the investigation, he shall immediately notify the Department of State Police or the appropriate law enforcement entity. The Department of State Police shall investigate any report from a State-operated facility indicating a possible murder, rape, or other felony. All investigations conducted by the Inspector General shall be conducted in a manner designed to ensure the preservation of evidence for possible use in a criminal prosecution.

(b-5) The Inspector General shall make a determination to accept or reject a preliminary report of the investigation of alleged abuse or neglect based on established investigative procedures. Notice of the Inspector General's determination must be given to the person who claims to be the victim of the abuse or neglect, to the person or persons alleged to have been responsible for abuse or neglect, and to the facility or agency. The facility or agency or the person or persons alleged to have been responsible for the abuse or neglect and the person who claims to be the victim of the abuse or neglect may request clarification or reconsideration based on additional information. For cases where the allegation of abuse or neglect is substantiated, the Inspector

New matter indicated by italics - deletions by strikeout
General shall require the facility or agency to submit a written response. The written response from a facility or agency shall address in a concise and reasoned manner the actions that the agency or facility will take or has taken to protect the resident or patient from abuse or neglect, prevent reoccurrences, and eliminate problems identified and shall include implementation and completion dates for all such action.

(c) The Inspector General shall, within 10 calendar days after the transmittal date of a completed investigation where abuse or neglect is substantiated or administrative action is recommended, provide a complete report on the case to the Secretary of Human Services and to the agency in which the abuse or neglect is alleged to have happened. The complete report shall include a written response from the agency or facility operated by the State to the Inspector General that addresses in a concise and reasoned manner the actions that the agency or facility will take or has taken to protect the resident or patient from abuse or neglect, prevent reoccurrences, and eliminate problems identified and shall include implementation and completion dates for all such action. The Secretary of Human Services shall accept or reject the response and establish how the Department will determine whether the facility or program followed the approved response. The Secretary may require Department personnel to visit the facility or agency for training, technical assistance, programmatic, licensure, or certification purposes. Administrative action, including sanctions, may be applied should the Secretary reject the response or should the facility or agency fail to follow the approved response. Within 30 days after the Secretary has approved a response, the facility or agency making the response shall provide an implementation report to the Inspector General on the status of the corrective action implemented. Within 60 days after the Secretary has approved the response, the facility or agency shall send notice of the completion of the corrective action or shall send an updated implementation report. The facility or agency shall continue sending updated implementation reports every 60 days until the facility or agency sends a notice of the completion of the corrective action. The Inspector General shall review any implementation plan that takes more than 120 days. The Inspector General shall monitor compliance through a random review of completed corrective actions. This monitoring may include, but need not be limited to, site visits, telephone contacts, or requests for written documentation from the facility or agency to determine whether the facility or agency is in compliance with the approved response. The facility or agency shall inform the resident or patient and the legal guardian whether the reported allegation was substantiated,
unsubstantiated, or unfounded. There shall be an appeals process for any person or agency that is subject to any action based on a recommendation or recommendations.

(d) The Inspector General may recommend to the Departments of Public Health and Human Services sanctions to be imposed against mental health and developmental disabilities facilities under the jurisdiction of the Department of Human Services for the protection of residents, including appointment of on-site monitors or receivers, transfer or relocation of residents, and closure of units. The Inspector General may seek the assistance of the Attorney General or any of the several State's attorneys in imposing such sanctions. Whenever the Inspector General issues any recommendations to the Secretary of Human Services, the Secretary shall provide a written response.

(e) The Inspector General shall establish and conduct periodic training programs for Department of Human Services employees concerning the prevention and reporting of neglect and abuse.

(f) The Inspector General shall at all times be granted access to any mental health or developmental disabilities facility operated by the Department of Human Services, shall establish and conduct unannounced site visits to those facilities at least once annually, and shall be granted access, for the purpose of investigating a report of abuse or neglect, to the records of the Department of Human Services and to any facility or program funded by the Department of Human Services that is subject under the provisions of this Section to investigation by the Inspector General for a report of abuse or neglect.

(g) Nothing in this Section shall limit investigations by the Department of Human Services that may otherwise be required by law or that may be necessary in that Department's capacity as the central administrative authority responsible for the operation of State mental health and developmental disability facilities.

(g-5) After notice and an opportunity for a hearing that is separate and distinct from the Office of the Inspector General's appeals process as implemented under subsection (c) of this Section, the Inspector General shall report to the Department of Public Health's nurse aide registry under Section 3-206.01 of the Nursing Home Care Act the identity of individuals against whom there has been a substantiated finding of physical or sexual abuse or egregious neglect of a service recipient.

Nothing in this subsection shall diminish or impair the rights of a person who is a member of a collective bargaining unit pursuant to the
Illinois Public Labor Relations Act or pursuant to any federal labor statute. An individual who is a member of a collective bargaining unit as described above shall not be reported to the Department of Public Health's nurse aide registry until the exhaustion of that individual's grievance and arbitration rights, or until 3 months after the initiation of the grievance process, whichever occurs first, provided that the Department of Human Services' hearing under subsection (c), that is separate and distinct from the Office of the Inspector General's appeals process, has concluded. Notwithstanding anything hereinafter or previously provided, if an action taken by an employer against an individual as a result of the circumstances that led to a finding of physical or sexual abuse or egregious neglect is later overturned under a grievance or arbitration procedure provided for in Section 8 of the Illinois Public Labor Relations Act or under a collective bargaining agreement, the report must be removed from the registry.

The Department of Human Services shall promulgate or amend rules as necessary or appropriate to establish procedures for reporting to the registry, including the definition of egregious neglect, procedures for notice to the individual and victim, appeal and hearing procedures, and petition for removal of the report from the registry. The portion of the rules pertaining to hearings shall provide that, at the hearing, both parties may present written and oral evidence. The Department shall be required to establish by a preponderance of the evidence that the Office of the Inspector General's finding of physical or sexual abuse or egregious neglect warrants reporting to the Department of Public Health's nurse aide registry under Section 3-206.01 of the Nursing Home Care Act.

Notice to the individual shall include a clear and concise statement of the grounds on which the report to the registry is based and notice of the opportunity for a hearing to contest the report. The Department of Human Services shall provide the notice by certified mail to the last known address of the individual. The notice shall give the individual an opportunity to contest the report in a hearing before the Department of Human Services or to submit a written response to the findings instead of requesting a hearing. If the individual does not request a hearing or if after notice and a hearing the Department of Human Services finds that the report is valid, the finding shall be included as part of the registry, as well as a brief statement from the reported individual if he or she chooses to make a statement. The Department of Public Health shall make available to the public information reported to the registry. In a case of inquiries concerning an individual listed in the registry, any information disclosed concerning a finding of abuse or neglect

New matter indicated by italics - deletions by strikeout
shall also include disclosure of the individual's brief statement in the registry relating to the reported finding or include a clear and accurate summary of the statement.

At any time after the report of the registry, an individual may petition the Department of Human Services for removal from the registry of the finding against him or her. Upon receipt of such a petition, the Department of Human Services shall conduct an investigation and hearing on the petition. Upon completion of the investigation and hearing, the Department of Human Services shall report the removal of the finding to the registry unless the Department of Human Services determines that removal is not in the public interest.

(210 ILCS 30/10) (from Ch. 111 1/2, par. 4170)

Sec. 10. If, during the investigation of a report made pursuant to this Act, the Department obtains information indicating possible criminal acts, the Department shall refer the matter to the appropriate law enforcement agency or agencies for further investigation or prosecution. The Department shall make the entire file of its investigation available to the appropriate law enforcement agencies.

With respect to reports of suspected abuse or neglect of residents of facilities operated by the Department of Human Services (as successor to the Department of Rehabilitation Services) or recipients of services through any home, institution, program or other entity licensed in whole or in part by the Department of Human Services (as successor to the Department of Rehabilitation Services), the Department shall refer reports indicating possible criminal acts to the Department of State Police or the appropriate law enforcement entity upon awareness that a possible criminal act has occurred for investigation.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The School Code is amended by changing Sections 2-3.25g and 5-2.1 and by adding Section 5-1b as follows:
(105 ILCS 5/2-3.25g) (from Ch. 122, par. 2-3.25g)
Sec. 2-3.25g. Waiver or modification of mandates within the School Code and administrative rules and regulations.
(a) In this Section:
"Board" means a school board or the governing board or administrative district, as the case may be, for a joint agreement.
"Eligible applicant" means a school district, joint agreement made up of school districts, or regional superintendent of schools on behalf of schools and programs operated by the regional office of education.
"State Board" means the State Board of Education.
(b) Notwithstanding any other provisions of this School Code or any other law of this State to the contrary, eligible applicants may petition the State Board of Education for the waiver or modification of the mandates of this School Code or of the administrative rules and regulations promulgated by the State Board of Education. Waivers or modifications of administrative rules and regulations and modifications of mandates of this School Code may be requested when an eligible applicant demonstrates that it can address the intent of the rule or mandate in a more effective, efficient, or economical manner or when necessary to stimulate innovation or improve student performance. Waivers of mandates of the School Code may be requested when the waivers are necessary to stimulate innovation or improve student performance. Waivers may not be requested from laws, rules, and regulations pertaining to special education, teacher certification, or teacher tenure and seniority, or Section 5-2.1 of this Code or from compliance with the No Child Left Behind Act of 2001 (Public Law 107-110).
(c) Eligible applicants, as a matter of inherent managerial policy, and

any Independent Authority established under Section 2-3.25f may submit an application for a waiver or modification authorized under this Section. Each application must include a written request by the eligible applicant or Independent Authority and must demonstrate that the intent of the mandate can be addressed in a more effective, efficient, or economical manner or be based upon a specific plan for improved student performance and school improvement. Any eligible applicant requesting a waiver or modification for the reason that intent of the mandate can be addressed in a more economical manner shall include in the application a fiscal analysis showing current expenditures on the mandate and projected savings resulting from the waiver or modification. Applications and plans developed by eligible applicants must be approved by the board or regional superintendent of schools applying on behalf of schools or programs operated by the regional office of education following a public hearing on the application and plan and the opportunity for the board or regional superintendent to hear testimony from educators directly involved in its implementation, parents, and students. If the applicant is a school district or joint agreement, the public hearing shall be held on a day other than the day on which a regular meeting of the board is held. If the applicant is a school district, the public hearing must be preceded by at least one published notice occurring at least 7 days prior to the hearing in a newspaper of general circulation within the school district that sets forth the time, date, place, and general subject matter of the hearing. If the applicant is a joint agreement or regional superintendent, the public hearing must be preceded by at least one published notice (setting forth the time, date, place, and general subject matter of the hearing) occurring at least 7 days prior to the hearing in a newspaper of general circulation in each school district that is a member of the joint agreement or that is served by the educational service region, provided that a notice appearing in a newspaper generally circulated in more than one school district shall be deemed to fulfill this requirement with respect to all of the affected districts. The eligible applicant must notify in writing the affected exclusive collective bargaining agent and those State legislators representing the eligible applicant's territory of its intent to seek approval of a waiver or modification and of the hearing to be held to take testimony from educators. The affected exclusive collective bargaining agents shall be notified of such public hearing at least 7 days prior to the date of the hearing and shall be allowed to attend such public hearing. The eligible applicant shall attest to compliance with all of the notification and procedural requirements set forth in this Section.

(d) A request for a waiver or modification of administrative rules and

regulations or for a modification of mandates contained in this School Code shall be submitted to the State Board of Education within 15 days after approval by the board or regional superintendent of schools. The application as submitted to the State Board of Education shall include a description of the public hearing. Following receipt of the request, the State Board shall have 45 days to review the application and request. If the State Board fails to disapprove the application within that 45 day period, the waiver or modification shall be deemed granted. The State Board may disapprove any request if it is not based upon sound educational practices, endangers the health or safety of students or staff, compromises equal opportunities for learning, or fails to demonstrate that the intent of the rule or mandate can be addressed in a more effective, efficient, or economical manner or have improved student performance as a primary goal. Any request disapproved by the State Board may be appealed to the General Assembly by the eligible applicant as outlined in this Section.

A request for a waiver from mandates contained in this School Code shall be submitted to the State Board within 15 days after approval by the board or regional superintendent of schools. The application as submitted to the State Board of Education shall include a description of the public hearing. The description shall include, but need not be limited to, the means of notice, the number of people in attendance, the number of people who spoke as proponents or opponents of the waiver, a brief description of their comments, and whether there were any written statements submitted. The State Board shall review the applications and requests for completeness and shall compile the requests in reports to be filed with the General Assembly. The State Board shall file reports outlining the waivers requested by eligible applicants and appeals by eligible applicants of requests disapproved by the State Board with the Senate and the House of Representatives before each May 1 and October 1. The General Assembly may disapprove the report of the State Board in whole or in part within 30 calendar days after each house of the General Assembly next convenes after the report is filed by adoption of a resolution by a record vote of the majority of members elected in each house. If the General Assembly fails to disapprove any waiver request or appealed request within such 30 day period, the waiver or modification shall be deemed granted. Any resolution adopted by the General Assembly disapproving a report of the State Board in whole or in part shall be binding on the State Board.

(e) An approved waiver or modification may remain in effect for a period not to exceed 5 school years and may be renewed upon application by
the eligible applicant. However, such waiver or modification may be changed within that 5-year period by a board or regional superintendent of schools applying on behalf of schools or programs operated by the regional office of education following the procedure as set forth in this Section for the initial waiver or modification request. If neither the State Board of Education nor the General Assembly disapproves, the change is deemed granted.

(f) On or before February 1, 1998, and each year thereafter, the State Board of Education shall submit a cumulative report summarizing all types of waivers of mandates and modifications of mandates granted by the State Board or the General Assembly. The report shall identify the topic of the waiver along with the number and percentage of eligible applicants for which the waiver has been granted. The report shall also include any recommendations from the State Board regarding the repeal or modification of waived mandates.

Sec. 5-1b. Elementary school district withdrawal and transfer.

(a) Notwithstanding any other provision of this Code, the school board of an elementary school district that is located in a Class II county school unit and that, with another elementary school district, has a combined fall 2004 aggregate enrollment of at least 5,000 but less than 7,000 pupils and a combined boundary that is coterminous with the boundary of a high school district that crosses township boundaries and is subject to the jurisdiction and served by a different township treasurer and trustees of schools may withdraw from the jurisdiction and authority of the township treasurer and the trustees of schools that currently serve the elementary school district and transfer and otherwise submit to the jurisdiction and authority of the township treasurer and the trustees of schools of another township that then serves the high school district if all of the following conditions are met:

(1) During the same 30-day period, the school board of the elementary school district that is seeking withdrawal and transfer gives written notice by certified mail, return receipt requested, to all of the following: (i) the township treasurer and trustees of schools of the township from which the district seeks to withdraw; (ii) the township treasurer and trustees of schools of the township to which the district seeks to transfer; (iii) each school district currently subject to the jurisdiction and authority of the township treasurer and trustees of schools of the township from which the elementary school

district is seeking to withdraw; and (iv) each school district currently subject to the jurisdiction and authority of the township treasurer and trustees of schools of the township in which the elementary school district is seeking to transfer. This notice must set forth the date, time, and place of a meeting of the school board of the elementary school district that is seeking withdrawal and transfer, to be held not more than 90 days before and not less than 60 days after the date on which the notice is given, at which meeting the school board shall consider and vote upon a resolution to withdraw from the jurisdiction and authority of the township treasurer and the trustees of schools that currently serve the elementary school district and transfer and otherwise submit to the jurisdiction and authority of the township treasurer and the trustees of schools of another township that then serves the high school district. No notice given under this subdivision (1) to the township treasurer and trustees of schools of a township shall be deemed sufficient or in compliance with the requirements of this subdivision (1) unless each required notice is given within the same 30-day period.

(2) The school board of the elementary school district that is seeking withdrawal and transfer, by the affirmative vote of at least 5 members of the school board at a school board meeting for which notice has been given as required by subdivision (1) of this subsection (a), adopts the resolution.

(3) The question of whether to withdraw from the jurisdiction and authority of the township treasurer and the trustees of schools that currently serve the elementary school district and transfer and otherwise submit to the jurisdiction and authority of the township treasurer and the trustees of schools of another township that then serves the high school district is submitted to the electors of the elementary school district at a regular election and approved by a majority of the electors voting on the question. After the resolution has been adopted, the school board shall certify the question to the proper election authority, which must submit the question at an election in accordance with the Election Code. The election authority must submit the question in substantially the following form:

Shall the school board of School District Number .... be authorized to withdraw from the jurisdiction and authority of the township treasurer and the trustees of schools of .... Township and transfer and otherwise submit to the

jurisdiction and authority of the township treasurer and the trustees of schools of .... Township?
The election authority shall record the votes as "Yes" or "No". If a majority of the electors voting on the question vote in the affirmative, then the school board of the elementary school district may withdraw from the jurisdiction and authority of the township treasurer and the trustees of schools that currently serve the elementary school district and transfer and otherwise submit to the jurisdiction and authority of the township treasurer and the trustees of schools of another township that then serves the high school district.

(b) If all of the conditions under subsection (a) of this Section have been met, then the withdrawal and transfer shall be effective by operation of law on July 1 of the calendar year in which the election under subdivision (3) of subsection (a) of this Section was held.

(c) Upon the effective date of the transfer of jurisdiction of the township treasurer and trustees of schools to the receiving township under this Section, all of the following shall occur: (i) the receiving trustees of schools, in its corporate capacity, shall be deemed the successor in interest to the trustees of schools of the transferring township with respect to the interest attributable to the school district's common school lands and township loanable funds of the township; (ii) all right, title, and interest attributable to the school district existing or vested in the transferring trustees of schools in the common school lands and township loanable funds of the township and all records, moneys, securities, other assets, rights of property, and causes of action attributable to the school district pertaining to or constituting a part of those common school lands or township loanable funds attributable to the school district shall be transferred to and deemed vested by operation of law in the receiving trustees of schools, which shall hold legal title to, manage, and operate all common school lands and township loanable funds of the township, receive the rents, issues, and profits therefrom, and have and exercise with respect thereto the same powers and duties set forth under this Code to be exercised by trustees of schools; and (iii) whenever there is vested in the transferring trustees of schools, at the time that a transfer is effected under this Section, the legal title to any school buildings or school sites used or occupied for school purposes by an elementary school, subject to the jurisdiction and authority of those trustees of schools at the time that such transfer is effective, the legal title to those school buildings and school sites shall be transferred by operation of law to and invested in the receiving trustees of schools, the same to be held, sold,

exchanged, leased, or otherwise transferred in accordance with applicable provisions of this Code.

(d) In the event that it is necessary to sell or otherwise dispose of any asset, investment, or security that is in the name of the school district and other districts not transferring from the jurisdiction of a township treasurer and trustees of schools, any fees or costs incurred in such disposition and any loss in value caused by the early sale or disposition shall be entirely borne by the school district transferring from the jurisdiction of a township treasurer and trustees of schools.

(e) As provided under Section 2-3.25g of this Code, a waiver of a mandate established under this Section may not be requested.

(f) This Section is repealed on January 1, 2010.

Sec. 5-2.1. Eligible Voters: For the purposes of this Article persons who are qualified to vote in school elections shall be eligible to vote for the trustees of schools who have jurisdiction over the elementary school district or unit school district in which the person resides.

If however, if the application of this Section results in an elector voting for trustees of a school township in which he does not reside because the elementary or unit school district crosses township boundaries and has been assigned to the jurisdiction of the trustees of an adjoining township, that elector shall also be eligible to vote for the trustees of the township within which he resides. Moreover, an elector who resides in a high school district that crosses township boundaries and has been assigned to the jurisdiction of the trustees of an adjoining township shall be eligible to vote for both the trustees of the township in which he or she resides and the trustees of the township having jurisdiction over the high school district in which he or she resides.

AN ACT concerning schools.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The School Code is amended by changing Section 18-8.05 as follows:
(105 ILCS 5/18-8.05)
Sec. 18-8.05. Basis for apportionment of general State financial aid and supplemental general State aid to the common schools for the 1998-1999 and subsequent school years.
(A) General Provisions.
(1) The provisions of this Section apply to the 1998-1999 and

New matter indicated by italics - deletions by strikeout
subsequent school years. The system of general State financial aid provided for in this Section is designed to assure that, through a combination of State financial aid and required local resources, the financial support provided each pupil in Average Daily Attendance equals or exceeds a prescribed per pupil Foundation Level. This formula approach imputes a level of per pupil Available Local Resources and provides for the basis to calculate a per pupil level of general State financial aid that, when added to Available Local Resources, equals or exceeds the Foundation Level. The amount of per pupil general State financial aid for school districts, in general, varies in inverse relation to Available Local Resources. Per pupil amounts are based upon each school district's Average Daily Attendance as that term is defined in this Section.

(2) In addition to general State financial aid, school districts with specified levels or concentrations of pupils from low income households are eligible to receive supplemental general State financial aid grants as provided pursuant to subsection (H). The supplemental State aid grants provided for school districts under subsection (H) shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section.

(3) To receive financial assistance under this Section, school districts are required to file claims with the State Board of Education, subject to the following requirements:

(a) Any school district which fails for any given school year to maintain school as required by law, or to maintain a recognized school is not eligible to file for such school year any claim upon the Common School Fund. In case of nonrecognition of one or more attendance centers in a school district otherwise operating recognized schools, the claim of the district shall be reduced in the proportion which the Average Daily Attendance in the attendance center or centers bear to the Average Daily Attendance in the school district. A "recognized school" means any public school which meets the standards as established for recognition by the State Board of Education. A school district or attendance center not having recognition status at the end of a school term is entitled to receive State aid payments due upon a legal claim which was filed while it was recognized.

(b) School district claims filed under this Section are subject to Sections 18-9, 18-10, and 18-12, except as otherwise provided in this Section.

New matter indicated by italics - deletions by strikeout
(c) If a school district operates a full year school under Section 10-19.1, the general State aid to the school district shall be determined by the State Board of Education in accordance with this Section as near as may be applicable.

(d) (Blank).

(4) Except as provided in subsections (H) and (L), the board of any district receiving any of the grants provided for in this Section may apply those funds to any fund so received for which that board is authorized to make expenditures by law. School districts are not required to exert a minimum Operating Tax Rate in order to qualify for assistance under this Section.

(5) As used in this Section the following terms, when capitalized, shall have the meaning ascribed herein:

(a) "Average Daily Attendance": A count of pupil attendance in school, averaged as provided for in subsection (C) and utilized in deriving per pupil financial support levels.

(b) "Available Local Resources": A computation of local financial support, calculated on the basis of Average Daily Attendance and derived as provided pursuant to subsection (D).

(c) "Corporate Personal Property Replacement Taxes": Funds paid to local school districts pursuant to "An Act in relation to the abolition of ad valorem personal property tax and the replacement of revenues lost thereby, and amending and repealing certain Acts and parts of Acts in connection therewith", certified August 14, 1979, as amended (Public Act 81-1st S.S.-1).

(d) "Foundation Level": A prescribed level of per pupil financial support as provided for in subsection (B).

(e) "Operating Tax Rate": All school district property taxes extended for all purposes, except Bond and Interest, Summer School, Rent, Capital Improvement, and Vocational Education Building purposes.

(B) Foundation Level.

(1) The Foundation Level is a figure established by the State representing the minimum level of per pupil financial support that should be available to provide for the basic education of each pupil in Average Daily Attendance. As set forth in this Section, each school district is assumed to exert a sufficient local taxing effort such that, in combination with the aggregate of general State financial aid provided the district, an aggregate of State and local resources are available to meet the basic education needs of pupils.
pupils in the district.

(2) For the 1998-1999 school year, the Foundation Level of support is $4,225. For the 1999-2000 school year, the Foundation Level of support is $4,325. For the 2000-2001 school year, the Foundation Level of support is $4,425. For the 2001-2002 school year and 2002-2003 school year, the Foundation Level of support is $4,560. For the 2003-2004 school year, the Foundation Level of support is $4,810.

(3) For the 2004-2005 school year and each school year thereafter, the Foundation Level of support is $4,964 $5,060 or such greater amount as may be established by law by the General Assembly.

(C) Average Daily Attendance.

(1) For purposes of calculating general State aid pursuant to subsection (E), an Average Daily Attendance figure shall be utilized. The Average Daily Attendance figure for formula calculation purposes shall be the monthly average of the actual number of pupils in attendance of each school district, as further averaged for the best 3 months of pupil attendance for each school district. In compiling the figures for the number of pupils in attendance, school districts and the State Board of Education shall, for purposes of general State aid funding, conform attendance figures to the requirements of subsection (F).

(2) The Average Daily Attendance figures utilized in subsection (E) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated or the average of the attendance data for the 3 preceding school years, whichever is greater. The Average Daily Attendance figures utilized in subsection (H) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated.

(D) Available Local Resources.

(1) For purposes of calculating general State aid pursuant to subsection (E), a representation of Available Local Resources per pupil, as that term is defined and determined in this subsection, shall be utilized. Available Local Resources per pupil shall include a calculated dollar amount representing local school district revenues from local property taxes and from Corporate Personal Property Replacement Taxes, expressed on the basis of pupils in Average Daily Attendance. Calculation of Available Local Resources shall exclude any tax amnesty funds received as a result of Public Act 93-26.

(2) In determining a school district's revenue from local property taxes, the State Board of Education shall utilize the equalized assessed

New matter indicated by italics - deletions by strikeout
valuation of all taxable property of each school district as of September 30 of the previous year. The equalized assessed valuation utilized shall be obtained and determined as provided in subsection (G).

(3) For school districts maintaining grades kindergarten through 12, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 3.00%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades kindergarten through 8, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 2.30%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades 9 through 12, local property tax revenues per pupil shall be the applicable equalized assessed valuation of the district multiplied by 1.05%, and divided by the district's Average Daily Attendance figure.

(4) The Corporate Personal Property Replacement Taxes paid to each school district during the calendar year 2 years before the calendar year in which a school year begins, divided by the Average Daily Attendance figure for that district, shall be added to the local property tax revenues per pupil as derived by the application of the immediately preceding paragraph (3). The sum of these per pupil figures for each school district shall constitute Available Local Resources as that term is utilized in subsection (E) in the calculation of general State aid.

(E) Computation of General State Aid.

(1) For each school year, the amount of general State aid allotted to a school district shall be computed by the State Board of Education as provided in this subsection.

(2) For any school district for which Available Local Resources per pupil is less than the product of 0.93 times the Foundation Level, general State aid for that district shall be calculated as an amount equal to the Foundation Level minus Available Local Resources, multiplied by the Average Daily Attendance of the school district.

(3) For any school district for which Available Local Resources per pupil is equal to or greater than the product of 0.93 times the Foundation Level and less than the product of 1.75 times the Foundation Level, the general State aid per pupil shall be a decimal proportion of the Foundation Level derived using a linear algorithm. Under this linear algorithm, the calculated general State aid per pupil shall decline in direct linear fashion from 0.07 times the Foundation Level for a school district with Available Local Resources equal to the product of 0.93 times the Foundation Level, to
0.05 times the Foundation Level for a school district with Available Local Resources equal to the product of 1.75 times the Foundation Level. The allocation of general State aid for school districts subject to this paragraph 3 shall be the calculated general State aid per pupil figure multiplied by the Average Daily Attendance of the school district.

(4) For any school district for which Available Local Resources per pupil equals or exceeds the product of 1.75 times the Foundation Level, the general State aid for the school district shall be calculated as the product of $218 multiplied by the Average Daily Attendance of the school district.

(5) The amount of general State aid allocated to a school district for the 1999-2000 school year meeting the requirements set forth in paragraph (4) of subsection (G) shall be increased by an amount equal to the general State aid that would have been received by the district for the 1999-1999 school year by utilizing the Extension Limitation Equalized Assessed Valuation as calculated in paragraph (4) of subsection (G) less the general State aid allotted for the 1998-1999 school year. This amount shall be deemed a one time increase, and shall not affect any future general State aid allocations.

(F) Compilation of Average Daily Attendance.

(1) Each school district shall, by July 1 of each year, submit to the State Board of Education, on forms prescribed by the State Board of Education, attendance figures for the school year that began in the preceding calendar year. The attendance information so transmitted shall identify the average daily attendance figures for each month of the school year. Beginning with the general State aid claim form for the 2002-2003 school year, districts shall calculate Average Daily Attendance as provided in subdivisions (a), (b), and (c) of this paragraph (1).

(a) In districts that do not hold year-round classes, days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

(b) In districts in which all buildings hold year-round classes, days of attendance in July and August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

(c) In districts in which some buildings, but not all, hold year-round classes, for the non-year-round buildings, days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May. The average daily attendance for the year-round buildings shall be computed as

provided in subdivision (b) of this paragraph (1). To calculate the Average Daily Attendance for the district, the average daily attendance for the year-round buildings shall be multiplied by the days in session for the non-year-round buildings for each month and added to the monthly attendance of the non-year-round buildings.

Except as otherwise provided in this Section, days of attendance by pupils shall be counted only for sessions of not less than 5 clock hours of school work per day under direct supervision of: (i) teachers, or (ii) non-teaching personnel or volunteer personnel when engaging in non-teaching duties and supervising in those instances specified in subsection (a) of Section 10-22.34 and paragraph 10 of Section 34-18, with pupils of legal school age and in kindergarten and grades 1 through 12.

Days of attendance by tuition pupils shall be accredited only to the districts that pay the tuition to a recognized school.

(2) Days of attendance by pupils of less than 5 clock hours of school shall be subject to the following provisions in the compilation of Average Daily Attendance.

(a) Pupils regularly enrolled in a public school for only a part of the school day may be counted on the basis of 1/6 day for every class hour of instruction of 40 minutes or more attended pursuant to such enrollment, unless a pupil is enrolled in a block-schedule format of 80 minutes or more of instruction, in which case the pupil may be counted on the basis of the proportion of minutes of school work completed each day to the minimum number of minutes that school work is required to be held that day.

(b) Days of attendance may be less than 5 clock hours on the opening and closing of the school term, and upon the first day of pupil attendance, if preceded by a day or days utilized as an institute or teachers' workshop.

(c) A session of 4 or more clock hours may be counted as a day of attendance upon certification by the regional superintendent, and approved by the State Superintendent of Education to the extent that the district has been forced to use daily multiple sessions.

(d) A session of 3 or more clock hours may be counted as a day of attendance (1) when the remainder of the school day or at least 2 hours in the evening of that day is utilized for an in-service training program for teachers, up to a maximum of 5 days per school year of which a maximum of 4 days of such 5 days may be used for parent-teacher conferences, provided a district conducts an in-service

training program for teachers which has been approved by the State Superintendent of Education; or, in lieu of 4 such days, 2 full days may be used, in which event each such day may be counted as a day of attendance; and (2) when days in addition to those provided in item (1) are scheduled by a school pursuant to its school improvement plan adopted under Article 34 or its revised or amended school improvement plan adopted under Article 2, provided that (i) such sessions of 3 or more clock hours are scheduled to occur at regular intervals, (ii) the remainder of the school days in which such sessions occur are utilized for in-service training programs or other staff development activities for teachers, and (iii) a sufficient number of minutes of school work under the direct supervision of teachers are added to the school days between such regularly scheduled sessions to accumulate not less than the number of minutes by which such sessions of 3 or more clock hours fall short of 5 clock hours. Any full days used for the purposes of this paragraph shall not be considered for computing average daily attendance. Days scheduled for in-service training programs, staff development activities, or parent-teacher conferences may be scheduled separately for different grade levels and different attendance centers of the district.

(e) A session of not less than one clock hour of teaching hospitalized or homebound pupils on-site or by telephone to the classroom may be counted as 1/2 day of attendance, however these pupils must receive 4 or more clock hours of instruction to be counted for a full day of attendance.

(f) A session of at least 4 clock hours may be counted as a day of attendance for first grade pupils, and pupils in full day kindergartens, and a session of 2 or more hours may be counted as 1/2 day of attendance by pupils in kindergartens which provide only 1/2 day of attendance.

(g) For children with disabilities who are below the age of 6 years and who cannot attend 2 or more clock hours because of their disability or immaturity, a session of not less than one clock hour may be counted as 1/2 day of attendance; however for such children whose educational needs so require a session of 4 or more clock hours may be counted as a full day of attendance.

(h) A recognized kindergarten which provides for only 1/2 day of attendance by each pupil shall not have more than 1/2 day of attendance counted in any one day. However, kindergartens may

New matter indicated by italics - deletions by strikeout
count 2 1/2 days of attendance in any 5 consecutive school days. When a pupil attends such a kindergarten for 2 half days on any one school day, the pupil shall have the following day as a day absent from school, unless the school district obtains permission in writing from the State Superintendent of Education. Attendance at kindergartens which provide for a full day of attendance by each pupil shall be counted the same as attendance by first grade pupils. Only the first year of attendance in one kindergarten shall be counted, except in case of children who entered the kindergarten in their fifth year whose educational development requires a second year of kindergarten as determined under the rules and regulations of the State Board of Education.

(i) On the days when the Prairie State Achievement Examination is administered under subsection (c) of Section 2-3.64 of this Code, the day of attendance for a pupil whose school day must be shortened to accommodate required testing procedures may be less than 5 clock hours and shall be counted towards the 176 days of actual pupil attendance required under Section 10-19 of this Code, provided that a sufficient number of minutes of school work in excess of 5 clock hours are first completed on other school days to compensate for the loss of school work on the examination days.

(G) Equalized Assessed Valuation Data.

(1) For purposes of the calculation of Available Local Resources required pursuant to subsection (D), the State Board of Education shall secure from the Department of Revenue the value as equalized or assessed by the Department of Revenue of all taxable property of every school district, together with (i) the applicable tax rate used in extending taxes for the funds of the district as of September 30 of the previous year and (ii) the limiting rate for all school districts subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law.

The Department of Revenue shall add to the equalized assessed value of all taxable property of each school district situated entirely or partially within a county that is or was subject to the alternative general homestead exemption provisions of Section 15-176 of the Property Tax Code (a) an amount equal to the total amount by which the homestead exemption allowed under Section 15-176 of the Property Tax Code for real property situated in that school district exceeds the total amount that would have been allowed in that school district if the maximum reduction under Section 15-176 was (i) $4,500 in Cook County or $3,500 in all other counties in tax year 2003 or (ii)
$5,000 in all counties in tax year 2004 and thereafter and (b) an amount equal to the aggregate amount for the taxable year of all additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of $30,000 or less. The county clerk of any county that is or was subject to the alternative general homestead exemption provisions of Section 15-176 of the Property Tax Code shall annually calculate and certify to the Department of Revenue for each school district all homestead exemption amounts under Section 15-176 of the Property Tax Code and all amounts of additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of $30,000 or less. It is the intent of this paragraph that if the general homestead exemption for a parcel of property is determined under Section 15-176 of the Property Tax Code rather than Section 15-175, then the calculation of Available Local Resources shall not be affected by the difference, if any, between the amount of the general homestead exemption allowed for that parcel of property under Section 15-176 of the Property Tax Code and the amount that would have been allowed had the general homestead exemption for that parcel of property been determined under Section 15-175 of the Property Tax Code. It is further the intent of this paragraph that if additional exemptions are allowed under Section 15-175 of the Property Tax Code for owners with a household income of less than $30,000, then the calculation of Available Local Resources shall not be affected by the difference, if any, because of those additional exemptions.

This equalized assessed valuation, as adjusted further by the requirements of this subsection, shall be utilized in the calculation of Available Local Resources.

(2) The equalized assessed valuation in paragraph (1) shall be adjusted, as applicable, in the following manner:

(a) For the purposes of calculating State aid under this Section, with respect to any part of a school district within a redevelopment project area in respect to which a municipality has adopted tax increment allocation financing pursuant to the Tax Increment Allocation Redevelopment Act, Sections 11-74.4-1 through 11-74.4-11 of the Illinois Municipal Code or the Industrial Jobs Recovery Law, Sections 11-74.6-1 through 11-74.6-50 of the Illinois Municipal Code, no part of the current equalized assessed valuation of real property located in any such project area which is attributable to an increase above the total initial equalized assessed valuation of such property shall be used as part of the equalized

New matter indicated by italics - deletions by strikeout
assessed valuation of the district, until such time as all redevelopment project costs have been paid, as provided in Section 11-74.4-8 of the Tax Increment Allocation Redevelopment Act or in Section 11-74.6-35 of the Industrial Jobs Recovery Law. For the purpose of the equalized assessed valuation of the district, the total initial equalized assessed valuation or the current equalized assessed valuation, whichever is lower, shall be used until such time as all redevelopment project costs have been paid.

(b) The real property equalized assessed valuation for a school district shall be adjusted by subtracting from the real property value as equalized or assessed by the Department of Revenue for the district an amount computed by dividing the amount of any abatement of taxes under Section 18-170 of the Property Tax Code by 3.00% for a district maintaining grades kindergarten through 12, by 2.30% for a district maintaining grades kindergarten through 8, or by 1.05% for a district maintaining grades 9 through 12 and adjusted by an amount computed by dividing the amount of any abatement of taxes under subsection (a) of Section 18-165 of the Property Tax Code by the same percentage rates for district type as specified in this subparagraph (b).

(3) For the 1999-2000 school year and each school year thereafter, if a school district meets all of the criteria of this subsection (G)(3), the school district's Available Local Resources shall be calculated under subsection (D) using the district's Extension Limitation Equalized Assessed Valuation as calculated under this subsection (G)(3).

For purposes of this subsection (G)(3) the following terms shall have the following meanings:

"Budget Year": The school year for which general State aid is calculated and awarded under subsection (E).

"Base Tax Year": The property tax levy year used to calculate the Budget Year allocation of general State aid.

"Preceding Tax Year": The property tax levy year immediately preceding the Base Tax Year.

"Base Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Base Tax Year multiplied by the limiting rate as calculated by the County Clerk and defined in the Property Tax Extension Limitation Law.

"Preceding Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the
Preceding Tax Year multiplied by the Operating Tax Rate as defined in subsection (A).

"Extension Limitation Ratio": A numerical ratio, certified by the County Clerk, in which the numerator is the Base Tax Year's Tax Extension and the denominator is the Preceding Tax Year's Tax Extension.

"Operating Tax Rate": The operating tax rate as defined in subsection (A).

If a school district is subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation of that district. For the 1999-2000 school year, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the district's 1996 Equalized Assessed Valuation and the district's Extension Limitation Ratio. For the 2000-2001 school year and each school year thereafter, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the Equalized Assessed Valuation last used in the calculation of general State aid and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of a school district as calculated under this subsection (G)(3) is less than the district's equalized assessed valuation as calculated pursuant to subsections (G)(1) and (G)(2), then for purposes of calculating the district's general State aid for the Budget Year pursuant to subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources under subsection (D).

(4) For the purposes of calculating general State aid for the 1999-2000 school year only, if a school district experienced a triennial reassessment on the equalized assessed valuation used in calculating its general State financial aid apportionment for the 1998-1999 school year, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation that would have been used to calculate the district's 1998-1999 general State aid. This amount shall equal the product of the equalized assessed valuation used to calculate general State aid for the 1997-1998 school year and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of the school district as calculated under this paragraph (4) is less than the district's equalized assessed valuation utilized in calculating the district's 1998-1999 general State aid allocation,
then for purposes of calculating the district's general State aid pursuant to paragraph (5) of subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources.

(5) For school districts having a majority of their equalized assessed valuation in any county except Cook, DuPage, Kane, Lake, McHenry, or Will, if the amount of general State aid allocated to the school district for the 1999-2000 school year under the provisions of subsection (E), (H), and (J) of this Section is less than the amount of general State aid allocated to the district for the 1998-1999 school year under these subsections, then the general State aid of the district for the 1999-2000 school year only shall be increased by the difference between these amounts. The total payments made under this paragraph (5) shall not exceed $14,000,000. Claims shall be prorated if they exceed $14,000,000.

(H) Supplemental General State Aid.

(1) In addition to the general State aid a school district is allotted pursuant to subsection (E), qualifying school districts shall receive a grant, paid in conjunction with a district's payments of general State aid, for supplemental general State aid based upon the concentration level of children from low-income households within the school district. Supplemental State aid grants provided for school districts under this subsection shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section. If the appropriation in any fiscal year for general State aid and supplemental general State aid is insufficient to pay the amounts required under the general State aid and supplemental general State aid calculations, then the State Board of Education shall ensure that each school district receives the full amount due for general State aid and the remainder of the appropriation shall be used for supplemental general State aid, which the State Board of Education shall calculate and pay to eligible districts on a prorated basis.

(1.5) This paragraph (1.5) applies only to those school years preceding the 2003-2004 school year. For purposes of this subsection (H), the term "Low-Income Concentration Level" shall be the low-income eligible pupil count from the most recently available federal census divided by the Average Daily Attendance of the school district. If, however, (i) the percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count of a high school district with fewer than 400 students exceeds by 75% or more the percentage change in the total low-income eligible pupil count, then such schools shall receive the same amount of supplemental general State aid for each consecutive school year until the high school district reaches the 400-student threshold.

count of contiguous elementary school districts, whose boundaries are
coterminous with the high school district, or (ii) a high school district within
2 counties and serving 5 elementary school districts, whose boundaries are
coterminous with the high school district, has a percentage decrease from the
2 most recent federal censuses in the low-income eligible pupil count and
there is a percentage increase in the total low-income eligible pupil count of
a majority of the elementary school districts in excess of 50% from the 2
most recent federal censuses, then the high school district's low-income
eligible pupil count from the earlier federal census shall be the number used
as the low-income eligible pupil count for the high school district, for
purposes of this subsection (H). The changes made to this paragraph (1) by
Public Act 92-28 shall apply to supplemental general State aid grants for
school years preceding the 2003-2004 school year that are paid in fiscal year
1999 or thereafter and to any State aid payments made in fiscal year 1994
through fiscal year 1998 pursuant to subsection 1(n) of Section 18-8 of this
Code (which was repealed on July 1, 1998), and any high school district that
is affected by Public Act 92-28 is entitled to a recomputation of its
supplemental general State aid grant or State aid paid in any of those fiscal
years. This recomputation shall not be affected by any other funding.

(1.10) This paragraph (1.10) applies to the 2003-2004 school year and
each school year thereafter. For purposes of this subsection (H), the term
"Low-Income Concentration Level" shall, for each fiscal year, be the low-
income eligible pupil count as of July 1 of the immediately preceding fiscal
year (as determined by the Department of Human Services based on the

For the 2005-2006 school year only, the grant shall be no less than the grant for the 2002-2003 school year multiplied by 0.66. For the 2005-2006 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.75 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year.

(3) School districts with an Average Daily Attendance of more than 1,000 and less than 50,000 that qualify for supplemental general State aid pursuant to this subsection shall submit a plan to the State Board of Education prior to October 30 of each year for the use of the funds resulting from this grant of supplemental general State aid for the improvement of instruction in which priority is given to meeting the education needs of disadvantaged children. Such plan shall be submitted in accordance with rules and regulations promulgated by the State Board of Education.

(4) School districts with an Average Daily Attendance of 50,000 or
more that qualify for supplemental general State aid pursuant to this subsection shall be required to distribute from funds available pursuant to this Section, no less than $261,000,000 in accordance with the following requirements:

(a) The required amounts shall be distributed to the attendance centers within the district in proportion to the number of pupils enrolled at each attendance center who are eligible to receive free or reduced-price lunches or breakfasts under the federal Child Nutrition Act of 1966 and under the National School Lunch Act during the immediately preceding school year.

(b) The distribution of these portions of supplemental and general State aid among attendance centers according to these requirements shall not be compensated for or contravened by adjustments of the total of other funds appropriated to any attendance centers, and the Board of Education shall utilize funding from one or several sources in order to fully implement this provision annually prior to the opening of school.

(c) Each attendance center shall be provided by the school district a distribution of noncategorical funds and other categorical funds to which an attendance center is entitled under law in order that the general State aid and supplemental general State aid provided by application of this subsection supplements rather than supplants the noncategorical funds and other categorical funds provided by the school district to the attendance centers.

(d) Any funds made available under this subsection that by reason of the provisions of this subsection are not required to be allocated and provided to attendance centers may be used and appropriated by the board of the district for any lawful school purpose.

(e) Funds received by an attendance center pursuant to this subsection shall be used by the attendance center at the discretion of the principal and local school council for programs to improve educational opportunities at qualifying schools through the following programs and services: early childhood education, reduced class size or improved adult to student classroom ratio, enrichment programs, remedial assistance, attendance improvement, and other educationally beneficial expenditures which supplement the regular and basic programs as determined by the State Board of Education. Funds provided shall not be expended for any political or lobbying purposes.

as defined by board rule.

(f) Each district subject to the provisions of this subdivision (H)(4) shall submit an acceptable plan to meet the educational needs of disadvantaged children, in compliance with the requirements of this paragraph, to the State Board of Education prior to July 15 of each year. This plan shall be consistent with the decisions of local school councils concerning the school expenditure plans developed in accordance with part 4 of Section 34-2.3. The State Board shall approve or reject the plan within 60 days after its submission. If the plan is rejected, the district shall give written notice of intent to modify the plan within 15 days of the notification of rejection and then submit a modified plan within 30 days after the date of the written notice of intent to modify. Districts may amend approved plans pursuant to rules promulgated by the State Board of Education.

Upon notification by the State Board of Education that the district has not submitted a plan prior to July 15 or a modified plan within the time period specified herein, the State aid funds affected by that plan or modified plan shall be withheld by the State Board of Education until a plan or modified plan is submitted.

If the district fails to distribute State aid to attendance centers in accordance with an approved plan, the plan for the following year shall allocate funds, in addition to the funds otherwise required by this subsection, to those attendance centers which were underfunded during the previous year in amounts equal to such underfunding.

For purposes of determining compliance with this subsection in relation to the requirements of attendance center funding, each district subject to the provisions of this subsection shall submit as a separate document by December 1 of each year a report of expenditure data for the prior year in addition to any modification of its current plan. If it is determined that there has been a failure to comply with the expenditure provisions of this subsection regarding contravention or supplanting, the State Superintendent of Education shall, within 60 days of receipt of the report, notify the district and any affected local school council. The district shall within 45 days of receipt of that notification inform the State Superintendent of Education of the remedial or corrective action to be taken, whether by amendment of the current plan, if feasible, or by adjustment in the plan for the following year. Failure to provide the expenditure report or the notification of remedial or corrective action in a timely manner

shall result in a withholding of the affected funds.

The State Board of Education shall promulgate rules and regulations to implement the provisions of this subsection. No funds shall be released under this subdivision (H)(4) to any district that has not submitted a plan that has been approved by the State Board of Education.

(1) General State Aid for Newly Configured School Districts.

(1) For a new school district formed by combining property included totally within 2 or more previously existing school districts, for its first year of existence the general State aid and supplemental general State aid calculated under this Section shall be computed for the new district and for the previously existing districts for which property is totally included within the new district. If the computation on the basis of the previously existing districts is greater, a supplementary payment equal to the difference shall be made for the first 4 years of existence of the new district.

(2) For a school district which annexes all of the territory of one or more entire other school districts, for the first year during which the change of boundaries attributable to such annexation becomes effective for all purposes as determined under Section 7-9 or 7A-8, the general State aid and supplemental general State aid calculated under this Section shall be computed for the annexing district as constituted after the annexation and for the annexing and each annexed district as constituted prior to the annexation; and if the computation on the basis of the annexing and annexed districts as constituted prior to the annexation is greater, a supplementary payment equal to the difference shall be made for the first 4 years of existence of the annexing school district as constituted upon such annexation.

(3) For 2 or more school districts which annex all of the territory of one or more entire other school districts, and for 2 or more community unit districts which result upon the division (pursuant to petition under Section 11A-2) of one or more other unit school districts into 2 or more parts and which together include all of the parts into which such other unit school district or districts are so divided, for the first year during which the change of boundaries attributable to such annexation or division becomes effective for all purposes as determined under Section 7-9 or 11A-10, as the case may be, the general State aid and supplemental general State aid calculated under this Section shall be computed for each annexing or resulting district as constituted after the annexation or division and for each annexing and annexed district, or for each resulting and divided district, as constituted prior to the annexation or division; and if the aggregate of the general State aid and

New matter indicated by italics - deletions by strikeout
supplemental general State aid as so computed for the annexing or resulting districts as constituted after the annexation or division is less than the aggregate of the general State aid and supplemental general State aid as so computed for the annexing and annexed districts, or for the resulting and divided districts, as constituted prior to the annexation or division, then a supplementary payment equal to the difference shall be made and allocated between or among the annexing or resulting districts, as constituted upon such annexation or division, for the first 4 years of their existence. The total difference payment shall be allocated between or among the annexing or resulting districts in the same ratio as the pupil enrollment from that portion of the annexed or divided district or districts which is annexed to or included in each such annexing or resulting district bears to the total pupil enrollment from the entire annexed or divided district or districts, as such pupil enrollment is determined for the school year last ending prior to the date when the change of boundaries attributable to the annexation or division becomes effective for all purposes. The amount of the total difference payment and the amount thereof to be allocated to the annexing or resulting districts shall be computed by the State Board of Education on the basis of pupil enrollment and other data which shall be certified to the State Board of Education, on forms which it shall provide for that purpose, by the regional superintendent of schools for each educational service region in which the annexing and annexed districts, or resulting and divided districts are located.

(3.5) Claims for financial assistance under this subsection (I) shall not be recomputed except as expressly provided under this Section.

(4) Any supplementary payment made under this subsection (I) shall be treated as separate from all other payments made pursuant to this Section.

(J) Supplementary Grants in Aid.

(1) Notwithstanding any other provisions of this Section, the amount of the aggregate general State aid in combination with supplemental general State aid under this Section for which each school district is eligible shall be no less than the amount of the aggregate general State aid entitlement that was received by the district under Section 18-8 (exclusive of amounts received under subsections 5(p) and 5(p-5) of that Section) for the 1997-98 school year, pursuant to the provisions of that Section as it was then in effect. If a school district qualifies to receive a supplementary payment made under this subsection (J), the amount of the aggregate general State aid in combination with supplemental general State aid under this Section which that district is eligible to receive for each school year shall be no less than the amount of the aggregate general State aid entitlement that was received by the
district under Section 18-8 (exclusive of amounts received under subsections 5(p) and 5(p-5) of that Section) for the 1997-1998 school year, pursuant to the provisions of that Section as it was then in effect.

(2) If, as provided in paragraph (1) of this subsection (J), a school district is to receive aggregate general State aid in combination with supplemental general State aid under this Section for the 1998-99 school year and any subsequent school year that in any such school year is less than the amount of the aggregate general State aid entitlement that the district received for the 1997-98 school year, the school district shall also receive, from a separate appropriation made for purposes of this subsection (J), a supplementary payment that is equal to the amount of the difference in the aggregate State aid figures as described in paragraph (1).

(3) (Blank).

(K) Grants to Laboratory and Alternative Schools.

In calculating the amount to be paid to the governing board of a public university that operates a laboratory school under this Section or to any alternative school that is operated by a regional superintendent of schools, the State Board of Education shall require by rule such reporting requirements as it deems necessary.

As used in this Section, "laboratory school" means a public school which is created and operated by a public university and approved by the State Board of Education. The governing board of a public university which receives funds from the State Board under this subsection (K) may not increase the number of students enrolled in its laboratory school from a single district, if that district is already sending 50 or more students, except under a mutual agreement between the school board of a student's district of residence and the university which operates the laboratory school. A laboratory school may not have more than 1,000 students, excluding students with disabilities in a special education program.

As used in this Section, "alternative school" means a public school which is created and operated by a Regional Superintendent of Schools and approved by the State Board of Education. Such alternative schools may offer courses of instruction for which credit is given in regular school programs, courses to prepare students for the high school equivalency testing program or vocational and occupational training. A regional superintendent of schools may contract with a school district or a public community college district to operate an alternative school. An alternative school serving more than one educational service region may be established by the regional superintendents of schools of the affected educational service regions. An alternative school

serving more than one educational service region may be operated under such terms as the regional superintendents of schools of those educational service regions may agree.

Each laboratory and alternative school shall file, on forms provided by the State Superintendent of Education, an annual State aid claim which states the Average Daily Attendance of the school's students by month. The best 3 months' Average Daily Attendance shall be computed for each school. The general State aid entitlement shall be computed by multiplying the applicable Average Daily Attendance by the Foundation Level as determined under this Section.

(L) Payments, Additional Grants in Aid and Other Requirements.

(1) For a school district operating under the financial supervision of an Authority created under Article 34A, the general State aid otherwise payable to that district under this Section, but not the supplemental general State aid, shall be reduced by an amount equal to the budget for the operations of the Authority as certified by the Authority to the State Board of Education, and an amount equal to such reduction shall be paid to the Authority created for such district for its operating expenses in the manner provided in Section 18-11. The remainder of general State school aid for any such district shall be paid in accordance with Article 34A when that Article provides for a disposition other than that provided by this Article.

(2) (Blank).

(3) Summer school. Summer school payments shall be made as provided in Section 18-4.3.

(M) Education Funding Advisory Board.

The Education Funding Advisory Board, hereinafter in this subsection (M) referred to as the "Board", is hereby created. The Board shall consist of 5 members who are appointed by the Governor, by and with the advice and consent of the Senate. The members appointed shall include representatives of education, business, and the general public. One of the members so appointed shall be designated by the Governor at the time the appointment is made as the chairperson of the Board. The initial members of the Board may be appointed any time after the effective date of this amendatory Act of 1997. The regular term of each member of the Board shall be for 4 years from the third Monday of January of the year in which the term of the member's appointment is to commence, except that of the 5 initial members appointed to serve on the Board, the member who is appointed as the chairperson shall serve for a term that commences on the date of his or her appointment and expires on the third Monday of January, 2002, and the remaining 4 members,
by lots drawn at the first meeting of the Board that is held after all 5 members are appointed, shall determine 2 of their number to serve for terms that commence on the date of their respective appointments and expire on the third Monday of January, 2001, and 2 of their number to serve for terms that commence on the date of their respective appointments and expire on the third Monday of January, 2000. All members appointed to serve on the Board shall serve until their respective successors are appointed and confirmed. Vacancies shall be filled in the same manner as original appointments. If a vacancy in membership occurs at a time when the Senate is not in session, the Governor shall make a temporary appointment until the next meeting of the Senate, when he or she shall appoint, by and with the advice and consent of the Senate, a person to fill that membership for the unexpired term. If the Senate is not in session when the initial appointments are made, those appointments shall be made as in the case of vacancies.

The Education Funding Advisory Board shall be deemed established, and the initial members appointed by the Governor to serve as members of the Board shall take office, on the date that the Governor makes his or her appointment of the fifth initial member of the Board, whether those initial members are then serving pursuant to appointment and confirmation or pursuant to temporary appointments that are made by the Governor as in the case of vacancies.

The State Board of Education shall provide such staff assistance to the Education Funding Advisory Board as is reasonably required for the proper performance by the Board of its responsibilities.

For school years after the 2000-2001 school year, the Education Funding Advisory Board, in consultation with the State Board of Education, shall make recommendations as provided in this subsection (M) to the General Assembly for the foundation level under subdivision (B)(3) of this Section and for the supplemental general State aid grant level under subsection (H) of this Section for districts with high concentrations of children from poverty. The recommended foundation level shall be determined based on a methodology which incorporates the basic education expenditures of low-spending schools exhibiting high academic performance. The Education Funding Advisory Board shall make such recommendations to the General Assembly on January 1 of odd numbered years, beginning January 1, 2001.

(N) (Blank).

(O) References.

(1) References in other laws to the various subdivisions of Section 18-
8 as that Section existed before its repeal and replacement by this Section 18-8.05 shall be deemed to refer to the corresponding provisions of this Section 18-8.05, to the extent that those references remain applicable.

(2) References in other laws to State Chapter 1 funds shall be deemed to refer to the supplemental general State aid provided under subsection (H) of this Section.

(P) Public Act 93-838 This amendatory Act of the 93rd General Assembly and Public Act 93-808 House Bill 4266 of the 93rd General Assembly make inconsistent changes to this Section. If House Bill 4266 becomes law, then Under Section 6 of the Statute on Statutes there is an irreconcilable conflict between Public Act 93-808 and Public Act 93-838 House Bill 4266 and this amendatory Act. Public Act 93-838 This amendatory Act, being the last acted upon, is controlling. The text of Public Act 93-838 this amendatory Act is the law regardless of the text of Public Act 93-808 House Bill 4266.

PUBLIC ACT 94-0439
(House Bill No 3680)

AN ACT concerning schools.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The School Code is amended by changing Section 29-3 as follows:

(105 ILCS 5/29-3) (from Ch. 122, par. 29-3)
Sec. 29-3. Transportation in school districts. School boards of community consolidated districts, community unit districts, consolidated districts, and consolidated high school districts, and combined school districts if the combined district includes any district which was previously required to provide transportation, shall provide free transportation for pupils residing at a distance of one and one-half miles or more from any school to which they are assigned for attendance maintained within the district except for those

New matter indicated by italics - deletions by strikeout
pupils for whom the school board shall certify to the State Board of Education that adequate transportation for the public is available.

For the purpose of this Act 1 1/2 miles distance shall be from the exit of the property where the pupil resides to the point where pupils are normally unloaded at the school attended; such distance shall be measured by determining the shortest distance on normally traveled roads or streets.

Such school board may comply with the provisions of this Section by providing free transportation for pupils to and from an assigned school and a pick-up point located not more than one and one-half miles from the home of each pupil assigned to such point.

For the purposes of this Act "adequate transportation for the public" shall be assumed to exist for such pupils as can reach school by walking, one way, along normally traveled roads or streets less than 1 1/2 miles irrespective of the distance the pupil is transported by public transportation.

In addition to the other requirements of this Section, each school board may provide free transportation for any pupil residing within 1 1/2 miles from the school attended where conditions are such that walking, either to or from the school to which a pupil is assigned for attendance or to or from a pick-up point or bus stop, constitutes a serious hazard to the safety of the pupil due to vehicular traffic or rail crossings. Such transportation shall not be provided if adequate transportation for the public is available.

The determination as to what constitutes a serious safety hazard shall be made by the school board, in accordance with guidelines promulgated by the Illinois Department of Transportation, in consultation with the State Superintendent of Education. A school board, on written petition of the parent or guardian of a pupil for whom adequate transportation for the public is alleged not to exist because the pupil is required to walk along normally traveled roads or streets where walking is alleged to constitute a serious safety hazard due to vehicular traffic or rail crossings, or who is required to walk between the pupil's home and assigned school or between the pupil's home or assigned school and a pick-up point or bus stop along roads or streets where walking is alleged to constitute a serious safety hazard due to vehicular traffic or rail crossings, shall conduct a study and make findings, which the Department of Transportation shall review and approve or disapprove as provided in this Section, to determine whether a serious safety hazard exists as alleged in the petition. The Department of Transportation shall review the findings of the school board and shall approve or disapprove the school board's determination that a serious safety hazard exists within 30 days after the school board submits its findings to the Department. The

New matter indicated by italics - deletions by strikeout
school board shall annually review the conditions and determine whether or not the hazardous conditions remain unchanged. The State Superintendent of Education may request that the Illinois Department of Transportation verify that the conditions have not changed. No action shall lie against the school board, the State Superintendent of Education or the Illinois Department of Transportation for decisions made in accordance with this Section. The provisions of the Administrative Review Law and all amendments and modifications thereof and the rules adopted pursuant thereto shall apply to and govern all proceedings instituted for the judicial review of final administrative decisions of the Department of Transportation under this Section.

PUBLIC ACT 94-0440
(Senate Bill No 1734)

AN ACT concerning education.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Sections 27-24.4 and 27-24.5 as follows:

(105 ILCS 5/27-24.4) (from Ch. 122, par. 27-24.4)

Sec. 27-24.4. Reimbursement amount. Each school district shall be entitled to reimbursement, for each pupil, excluding each resident of the district over age 55, who finishes either the classroom instruction part or the practice driving part of a driver education course that meets the minimum requirements of this Act. Such reimbursement is payable from the Drivers Education Fund in the State treasury.

Each year all funds appropriated from the Driver Education Fund to the State Board of Education, with the exception of those funds necessary for administrative purposes of the State Board of Education, shall be distributed in the manner provided in this paragraph to school districts by the State Board of Education for reimbursement of claims from the previous school year. As soon as may be after each quarter of the year, if moneys are available in the Driver Education Fund in the State treasury for payments

New matter indicated by italics - deletions by strikeout
under this Section, the State Comptroller shall draw his or her warrants upon the State Treasurer as directed by the State Board of Education. The warrant for each quarter shall be in an amount equal to one-fourth of the total amount to be distributed to school districts for the year. Payments shall be made to school districts as soon as may be after receipt of the warrants.

The base reimbursement amount shall be calculated by the State Board by dividing the total amount appropriated for distribution by the total of: (a) the number of students, excluding residents of the district over age 55, who have completed the classroom instruction part for whom valid claims have been made times 0.2; plus (b) the number of students, excluding residents of the district over age 55, who have completed the practice driving instruction part for whom valid claims have been made times 0.8.

The amount of reimbursement to be distributed on each claim shall be 0.2 times the base reimbursement amount for each validly claimed student, excluding residents of the district over age 55, who has completed the classroom instruction part, plus 0.8 times the base reimbursement amount for each validly claimed student, excluding residents of the district over age 55, who has completed the practice driving instruction part. In no case, however, shall the amount of reimbursement made on account of any student exceed the per pupil cost to the district of the classroom instruction part and the practice driving instruction part combined. The school district which is the residence of a pupil who attends a nonpublic school in another district that has furnished the driver education course shall reimburse the district offering the course, the difference between the actual per capita cost of giving the course the previous school year and the amount reimbursed by the State.

By April 1 the nonpublic school shall notify the district offering the course of the names and district numbers of the nonresident students desiring to take such course the next school year. The district offering such course shall notify the district of residence of those students affected by April 15. The school district furnishing the course may claim the nonresident pupil for the purpose of making a claim for State reimbursement under this Act.

(105 ILCS 5/27-24.5) (from Ch. 122, par. 27-24.5)

Sec. 27-24.5. Submission of claims. The Claims for reimbursement under this Act shall be submitted in duplicate by each district to the State Board prior to October 1 of each year on such forms and in such manner as shall be prescribed by the State Board. Claims from the 1997-1998 school year that are received after September 1, 1998 but before October 1, 1998, and only these claims, shall be paid in the same manner as if they were

received before September 1, 1998. In addition to the claim form, the district shall report on forms prescribed by the State Board, on an ongoing basis, a list of students by name, birth date and sex, with the date the behind-the-wheel instruction or the classroom instruction or both were completed and with the status of the course completion.

The State shall not reimburse any district for any student who has repeated any part of the course more than once or who did not meet the age requirements of this Act during the period that the student was instructed in any part of the drivers education course; nor shall the State reimburse any district for any resident of the district over age 55.

PUBLIC ACT 94-0447
(House Bill No 0615)

AN ACT concerning health.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Reduction of Racial and Ethnic Health Disparities Act.

Section 5. Legislative findings and intent.

(a) The General Assembly finds that despite State investments in health care programs, certain racial and ethnic populations in Illinois continue to have significantly poorer health outcomes when compared to non-Hispanic whites. The General Assembly finds that local solutions to health care problems can have a dramatic and positive effect on the health status of these populations. Local governments and communities are best equipped to: identify the health education, health promotion, and disease prevention needs of the racial and ethnic populations in their communities; mobilize the community to address health outcome disparities; enlist and organize local public and private resources and faith-based organizations to address these disparities; and evaluate the effectiveness of interventions.

(b) The Illinois Department of Human Services has several initiatives to reduce racial and ethnic disparities in infant mortality and diabetes, and the Illinois Department of Public Health has several initiatives to address asthma; breast, cervical, prostate, and colorectal cancer; kidney disease; HIV/AIDS; hepatitis C; sexually transmitted diseases; adult and child immunizations; cardiovascular disease; and accidental injuries and violence.

(c) It is therefore the intent of the General Assembly to provide funds within Illinois counties, in the form of "Reducing Racial and Ethnic Health Disparities: Closing the Gap" grants, to stimulate the development of community-based and neighborhood-based projects that will improve the health outcomes of racial and ethnic populations. Further, it is the intent of

New matter indicated by italics - deletions by strikeout
the General Assembly that these programs foster the development of coordinated, collaborative, and broad-based participation by public and private entities and by faith-based organizations. Finally, it is the intent of the General Assembly that the grant program function as a partnership between State and local governments, faith-based organizations, and private-sector health care providers, including managed care, voluntary health care resources, social service providers, and nontraditional partners.

Section 10. Definitions. In this Act:
"Department" means the Department of Public Health.
"Director" means the Director of Public Health.

Section 15. Grant program.
(a) Subject to appropriations for that purpose, the Department shall establish and administer a grant program to implement this Act.
(b) The Department shall do the following:
(1) Publicize the availability of funds and establish an application process for submitting a grant proposal.
(2) Provide technical assistance and training, including a statewide meeting promoting best practice programs, as requested, to grant recipients.
(3) Develop uniform data reporting requirements for the purpose of evaluating the performance of the grant recipients and demonstrating improved health outcomes.
(4) Develop a monitoring process to evaluate progress toward meeting grant objectives.
(5) Coordinate with the Illinois Department of Human Services and existing community-based programs, such as chronic disease community intervention programs, cancer prevention and control programs, diabetes control programs, the Children's Health Insurance (KidCare) Program, the HIV/AIDS program, immunization programs, and other related programs at the State and local levels, to avoid duplication of effort and promote consistency.
(c) The Office of Minority Health within the Department shall establish measurable outcomes to achieve the goal of reducing health disparities in the following priority areas: asthma; breast, cervical, prostate, and colorectal cancer screening; kidney disease; HIV/AIDS; hepatitis C; sexually transmitted diseases; adult and child immunizations; cardiovascular disease; and accidental injuries and violence.

The Office of Minority Health shall enhance current data tools to ensure a statewide assessment of the risk behaviors associated with the health

New matter indicated by italics - deletions by strikeout
disparity priority areas identified in this subsection. To the extent feasible, the Office shall conduct the assessment so that the results may be compared to national data.

(d) The Director may appoint an ad hoc advisory committee to: examine areas where public awareness, public education, research, and coordination regarding racial and ethnic health outcome disparities are lacking; consider access and transportation issues that contribute to health status disparities; and make recommendations for closing gaps in health outcomes and increasing the public's awareness and understanding of health disparities that exist between racial and ethnic populations.

Section 20. Eligibility for grant.

(a) Any person, entity, or organization within a county may apply for a grant under this Act and may serve as the lead agency to administer and coordinate project activities within the county and develop community partnerships necessary to implement the grant.

(b) Persons, entities, or organizations within adjoining counties with populations of less than 100,000 may jointly submit a multicounty grant proposal. The proposal must clearly identify a single lead agency with respect to program accountability and administration, however.

(c) In addition to the grants awarded under subsections (a) and (b), up to 20% of the funding for the grant program shall be dedicated to projects that address improving racial and ethnic health status within specific urban areas identified by the Department in rules.

(d) Nothing in this Act prevents a person, entity, or organization within a county or group of counties from separately contracting for the provision of racial and ethnic health promotion, health awareness, and disease prevention services.

Section 25. Grant proposal requirements.

(a) A proposal for a grant under this Act must be submitted to the Department for review.

(b) A proposal for a grant must include each of the following elements:

(1) The purpose and objectives of the proposed project, including identification of the particular racial or ethnic disparity the project will address. The proposal must address one or more of the following priority areas:

(7) A proposed work plan, including a timeline for implementing the project.
(8) The likelihood that project activities will occur and continue in the absence of funding.
(c) The Department shall give priority to proposals that:
(1) Represent areas with the greatest documented racial and ethnic health status disparities.
(2) Exceed the minimum local contribution requirements specified in Section 30.
(3) Demonstrate broad-based local support and commitment from entities representing racial and ethnic populations, including non-Hispanic whites. Indicators of support and commitment may include agreements to participate in the program, letters of endorsement, letters of commitment, interagency agreements, or other forms of support.
(4) Demonstrate a high degree of participation by the health care community in clinical preventive service activities and community-based health promotion and disease prevention.

interventions.

(5) Have been submitted from counties with a high proportion of residents living in poverty and with poor health status indicators.

(6) Demonstrate a coordinated community approach to addressing racial and ethnic health issues within existing publicly financed health care programs.

(7) Incorporate intervention mechanisms that have a high probability of improving the targeted population's health status.

(8) Demonstrate a commitment to quality management in all aspects of project administration and implementation.

Section 30. Grant awards.

(a) The Department may award one or more grants in a county or in a group of adjoining counties from which a multicounty grant proposal is submitted. The Department may award an urban area grant under subsection (c) of Section 20 in a county or group of adjoining counties that are also receiving a grant award under subsection (a) or (b) of Section 20.

(b) Units of local government may provide matching grants to supplement those made by the Department.

(c) The amount of the grant award shall be based on the county or urban area's population, or on the combined population in a group of adjoining counties from which a multicounty application is submitted, and on other factors, as determined by the Department in rules.

(d) The Department shall begin disseminating grant awards no later than January 1, 2007.

(e) The Department shall fund a grant under this Act for one year and may renew the grant annually upon application to and approval by the Department, subject to the achievement of quality standards, objectives, and outcomes and to the availability of funds.

(Section scheduled to be repealed on January 1, 2006)
Sec. 3-7. Licensure; renewal; continuing education; military service. The holder of a license issued under this Article III may renew that license during the month preceding the expiration date thereof by paying the required fee, giving such evidence as the Department may prescribe of completing not less than 14 hours of continuing education for a cosmetologist, and 24 hours of continuing education for a cosmetology teacher or cosmetology clinic teacher, within the 2 years prior to renewal. The training shall be in subjects approved by the Department as prescribed by rule upon recommendation of the Committee.

A license that has been expired for more than 5 years may be restored by payment of the restoration fee and submitting evidence satisfactory to the Department of the current qualifications and fitness of the licensee, which shall include completion of continuing education hours for the period subsequent to expiration.

The Department shall establish by rule a means for the verification of completion of the continuing education required by this Section. The Department may select a qualified organization that has no direct business relationship with a licensee, licensed entity or a subsidiary of a licensed entity under this Act to maintain and verify records relating to continuing education.

A license issued under the provisions of this Act that has expired while the holder of the license was engaged (1) in federal service on active

duty with the Army of the United States, the United States Navy, the Marine Corps, the Air Force, the Coast Guard, or any Women's Auxiliary thereof, or the State Militia called into the service or training of the United States of America, or (2) in training or education under the supervision of the United States preliminary to induction into the military service, may be reinstated or restored without the payment of any lapsed renewal fees, reinstatement fee, or restoration fee if within 2 years after the termination of such service, training, or education other than by dishonorable discharge, the holder furnishes the Department with an affidavit to the effect that he or she has been so engaged and that his or her service, training, or education has been so terminated.

The Department, in its discretion, may waive enforcement of the continuing education requirement in this Section and shall adopt rules defining the standards and criteria for that waiver under the following circumstances:

(a) the licensee resides in a locality where it is demonstrated that the absence of opportunities for such education would interfere with the ability of the licensee to provide service to the public;
(b) that to comply with the continuing education requirements would cause a substantial financial hardship on the licensee;
(c) that the licensee is serving in the United States Armed Forces; or

(b) A member receiving a refund forfeits and relinquishes all accrued rights in the System, including all accumulated creditable service. If the person again becomes a member of the System and establishes at least 2 years of creditable service, the member may repay all the moneys previously refunded or a portion of the moneys previously refunded representing contributions for one or more whole months of creditable service. PUBLIC ACT 94-0456

(House Bill No 1527)

AN ACT in relation to public employee benefits.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Pension Code is amended by changing Section 7-141.1 as follows:

(40 ILCS 5/7-141.1)

Sec. 7-141.1. Early retirement incentive.

(a) The General Assembly finds and declares that:

(1) Units of local government across the State have been functioning under a financial crisis.

(2) This financial crisis is expected to continue.

(3) Units of local government must depend on additional sources of revenue and, when those sources are not forthcoming, must establish cost-saving programs.

(4) An early retirement incentive designed specifically to
target highly-paid senior employees could result in significant annual
cost savings.

(5) The early retirement incentive should be made available
only to those units of local government that determine that an early
retirement incentive is in their best interest.

(6) A unit of local government adopting a program of early
retirement incentives under this Section is encouraged to implement
personnel procedures to prohibit, for at least 5 years, the rehiring
(whether on payroll or by independent contract) of employees who
receive early retirement incentives.

(7) A unit of local government adopting a program of early
retirement incentives under this Section is also encouraged to replace
as few of the participating employees as possible and to hire
replacement employees for salaries totaling no more than 80% of the
total salaries formerly paid to the employees who participate in the
early retirement program.

It is the primary purpose of this Section to encourage units of local
government that can realize true cost savings, or have determined that an
early retirement program is in their best interest, to implement an early
retirement program.

(b) Until the effective date of this amendatory Act of 1997, this
Section does not apply to any employer that is a city, village, or incorporated
town, nor to the employees of any such employer. Beginning on the effective
date of this amendatory Act of 1997, any employer under this Article,
including an employer that is a city, village, or incorporated town, may
establish an early retirement incentive program for its employees under this
Section. The decision of a city, village, or incorporated town to consider or
establish an early retirement program is at the sole discretion of that city,
village, or incorporated town, and nothing in this amendatory Act of 1997
limits or otherwise diminishes this discretion. Nothing contained in this
Section shall be construed to require a city, village, or incorporated town to
establish an early retirement program and no city, village, or incorporated
town may be compelled to implement such a program.

The benefits provided in this Section are available only to members
employed by a participating employer that has filed with the Board of the
Fund a resolution or ordinance expressly providing for the creation of an
early retirement incentive program under this Section for its employees and
specifying the effective date of the early retirement incentive program.
Subject to the limitation in subsection (h), an employer may adopt a

(c) To be eligible for the benefits provided under an early retirement incentive program adopted under this Section, a member must:

(1) be a participating employee of this Fund who, on the effective date of the program, (i) is in active payroll status as an employee of a participating employer that has filed the required ordinance or resolution with the Board, (ii) is on layoff status from such a position with a right of re-employment or recall to service, (iii) is on a leave of absence from such a position, or (iv) is on disability but has not been receiving benefits under Section 7-146 or 7-150 for a period of more than 2 years from the date of application;

(2) have never previously received a retirement annuity under this Article or under the Retirement Systems Reciprocal Act using service credit established under this Article;

(3) (blank);

(4) have at least 20 years of creditable service in the Fund by the date of retirement, without the use of any creditable service established under this Section;

(5) have attained age 50 by the date of retirement, without the use of any age enhancement received under this Section; and

(6) be eligible to receive a retirement annuity under this

Article by the date of retirement, for which purpose the age enhancement and creditable service established under this Section may be considered.

(d) The employer shall determine the retirement date for each employee participating in the early retirement program adopted under this Section. The retirement date shall be no earlier than the effective date of the program and no later than one year after that effective date, except that the employee may require that the retirement date set by the employer be no later than the June 30 next occurring after the effective date of the program and no earlier than the date upon which the employee qualifies for retirement. The employer shall give each employee participating in the early retirement program at least 30 days written notice of the employee's designated retirement date, unless the employee waives this notice requirement.

(e) An eligible person may establish up to 5 years of creditable service under this Section. In addition, for each period of creditable service established under this Section, a person shall have his or her age at retirement deemed enhanced by an equivalent period.

The creditable service established under this Section may be used for all purposes under this Article and the Retirement Systems Reciprocal Act, except for the computation of final rate of earnings and the determination of earnings, salary, or compensation under this or any other Article of the Code.

The age enhancement established under this Section may be used for all purposes under this Article (including calculation of the reduction imposed under subdivision (a)1b(iv) of Section 7-142), except for purposes of a reversionary annuity under Section 7-145 and any distributions required because of age. The age enhancement established under this Section may be used in calculating a proportionate annuity payable by this Fund under the Retirement Systems Reciprocal Act, but shall not be used in determining benefits payable under other Articles of this Code under the Retirement Systems Reciprocal Act.

(f) For all creditable service established under this Section, the member must pay to the Fund an employee contribution consisting of 4.5% of the member's highest annual salary rate used in the determination of the final rate of earnings for retirement annuity purposes for each year of creditable service granted under this Section. For creditable service established under this Section by a person who is a sheriff's law enforcement employee to be deemed service as a sheriff's law enforcement employee, the employee contribution shall be at the rate of 6.5% of highest annual salary per year of creditable service granted. Contributions for fractions of a year of
service shall be prorated. Any amounts that are disregarded in determining the final rate of earnings under subdivision (d)(5) of Section 7-116 (the 125% rule) shall also be disregarded in determining the required contribution under this subsection (f).

The employee contribution shall be paid to the Fund as follows: If the member is entitled to a lump sum payment for accumulated vacation, sick leave, or personal leave upon withdrawal from service, the employer shall deduct the employee contribution from that lump sum and pay the deducted amount directly to the Fund. If there is no such lump sum payment or the required employee contribution exceeds the net amount of the lump sum payment, then the remaining amount due, at the option of the employee, may either be paid to the Fund before the annuity commences or deducted from the retirement annuity in 24 equal monthly installments.

(g) An annuitant who has received any age enhancement or creditable service under this Section and thereafter accepts employment with or enters into a personal services contract with an employer under this Article thereby forfeits that age enhancement and creditable service; except that this restriction does not apply to service in an elective office, so long as the annuitant does not participate in this Fund with respect to that office. A person forfeiting early retirement incentives under this subsection (i) must repay to the Fund that portion of the retirement annuity already received which is attributable to the early retirement incentives that are being forfeited, (ii) shall not be eligible to participate in any future early retirement program adopted under this Section, and (iii) is entitled to a refund of the employee contribution paid under subsection (f). The Board shall deduct the required repayment from the refund and may impose a reasonable payment schedule for repaying the amount, if any, by which the required repayment exceeds the refund amount.

(h) The additional unfunded liability accruing as a result of the adoption of a program of early retirement incentives under this Section by an employer shall be amortized over a period of 10 years beginning on January 1 of the second calendar year following the calendar year in which the latest date for beginning to receive a retirement annuity under the program (as determined by the employer under subsection (d) of this Section) occurs; except that the employer may provide for a shorter amortization period (of no less than 5 years) by adopting an ordinance or resolution specifying the length of the amortization period and submitting a certified copy of the ordinance or resolution to the Fund no later than 6 months after the effective date of the program. An employer, at its discretion, may accelerate payments to the

Fund.

An employer may provide more than one early retirement incentive program for its employees under this Section. However, an employer that has provided an early retirement incentive program for its employees under this Section may not provide another early retirement incentive program under this Section until the liability arising from the earlier program has been fully paid to the Fund.

(11) 4-axle vehicles or a 5 or more axle combination of vehicles: The weight transmitted upon the road surface through any series of 3 axles whose centers are more than 96 inches apart, measured between extreme axles in the series, may not exceed those allowed in the table contained in subsection (f) of this Section. No axle or tandem axle of the series may exceed the maximum weight permitted under this Section for a single or tandem axle.

No vehicle or combination of vehicles equipped with other than pneumatic tires may be operated, unladen or with load, upon the highways of this State when the gross weight on the road surface through any wheel exceeds 800 pounds per inch width of tire tread or when the gross weight on the road surface through any axle exceeds 16,000 pounds.

(b) On non-designated highways, the gross weight of vehicles and combination of vehicles including the weight of the vehicle or combination and its maximum load shall be subject to the foregoing limitations and further shall not exceed the following gross weights dependent upon the number of axles and distance between extreme axles of the vehicle or combination measured longitudinally to the nearest foot.

  - with 3 axles: 54,000 pounds

**TWO AXLE TRUCKS EQUIPPED WITH A FRONT LOADING COMPACTOR USED EXCLUSIVELY FOR THE COLLECTION OF GARBAGE, REFUSE, OR RECYCLING**

- with 2 axles: 40,000 pounds

*(b-1) As used in this Section, a "recycling haul" or "recycling haul*
operation” means the hauling of segregated, non-hazardous, non-special, homogeneous non-putrescible materials, such as paper, glass, cans, or plastic, for subsequent use in the secondary materials market.

(c) Cities having a population of more than 50,000 may permit by ordinance axle loads on 2 axle motor vehicles 33 1/2% above those provided for herein, but the increase shall not become effective until the city has officially notified the Department of the passage of the ordinance and shall not apply to those vehicles when outside of the limits of the city, nor shall the gross weight of any 2 axle motor vehicle operating over any street of the city exceed 40,000 pounds.

(d) Weight limitations shall not apply to vehicles (including loads) operated by a public utility when transporting equipment required for emergency repair of public utility facilities or properties or water wells.

A combination of vehicles, including a tow truck and a disabled vehicle or disabled combination of vehicles, that exceeds the weight restriction imposed by this Code, may be operated on a public highway in this State provided that neither the disabled vehicle nor any vehicle being towed nor the tow truck itself shall exceed the weight limitations permitted under this Chapter. During the towing operation, neither the tow truck nor the vehicle combination shall exceed 24,000 pounds on a single rear axle and 44,000 pounds on a tandem rear axle, provided the towing vehicle:

(1) is specifically designed as a tow truck having a gross vehicle weight rating of at least 18,000 pounds and is equipped with air brakes, provided that air brakes are required only if the towing vehicle is towing a vehicle, semitrailer, or tractor-trailer combination that is equipped with air brakes;

(2) is equipped with flashing, rotating, or oscillating amber lights, visible for at least 500 feet in all directions;

(3) is capable of utilizing the lighting and braking systems of the disabled vehicle or combination of vehicles; and

(4) does not engage in a tow exceeding 20 miles from the initial point of wreck or disablement. Any additional movement of the vehicles may occur only upon issuance of authorization for that movement under the provisions of Sections 15-301 through 15-319 of this Code. The towing vehicle, however, may tow any disabled vehicle from the initial point of wreck or disablement to a point where repairs are actually to occur. This movement shall be valid only on State routes. The tower must abide by posted bridge weight limits. Gross weight limits shall not apply to the combination of the tow

truck and vehicles being towed. The tow truck license plate must cover the operating empty weight of the tow truck only. The weight of each vehicle being towed shall be covered by a valid license plate issued to the owner or operator of the vehicle being towed and displayed on that vehicle. If no valid plate issued to the owner or operator of that vehicle is displayed on that vehicle, or the plate displayed on that vehicle does not cover the weight of the vehicle, the weight of the vehicle shall be covered by the third tow truck plate issued to the owner or operator of the tow truck and temporarily affixed to the vehicle being towed.

The Department may by rule or regulation prescribe additional requirements. However, nothing in this Code shall prohibit a tow truck under instructions of a police officer from legally clearing a disabled vehicle, that may be in violation of weight limitations of this Chapter, from the roadway to the berm or shoulder of the highway. If in the opinion of the police officer that location is unsafe, the officer is authorized to have the disabled vehicle towed to the nearest place of safety.

For the purpose of this subsection, gross vehicle weight rating, or GVWR, shall mean the value specified by the manufacturer as the loaded weight of the tow truck.

(e) No vehicle or combination of vehicles equipped with pneumatic tires shall be operated, unladen or with load, upon the highways of this State in violation of the provisions of any permit issued under the provisions of Sections 15-301 through 15-319 of this Chapter.

(f) On designated Class I, II, or III highways and the National System of Interstate and Defense Highways, no vehicle or combination of vehicles with pneumatic tires may be operated, unladen or with load, when the total weight on the road surface exceeds the following: 20,000 pounds on a single axle; 34,000 pounds on a tandem axle with no axle within the tandem exceeding 20,000 pounds; 80,000 pounds gross weight for vehicle combinations of 5 or more axles; or a total weight on a group of 2 or more consecutive axles in excess of that weight produced by the application of the following formula: $W = 500 \times \left( \frac{LN}{N-1} \right) + 12N + 36$, where "W" equals overall total weight on any group of 2 or more consecutive axles to the nearest 500 pounds, "L" equals the distance measured to the nearest foot between extremes of any group of 2 or more consecutive axles, and "N" equals the number of axles in the group under consideration.

The above formula when expressed in tabular form results in allowable loads as follows:

*If the distance between 2 axles is 96 inches or less, the 2 axles are tandem axles and the maximum total weight may not exceed 34,000 pounds, notwithstanding the higher limit resulting from the application of the formula.

Vehicles not in a combination having more than 4 axles may not exceed the weight in the table in this subsection (f) for 4 axles measured between the extreme axles of the vehicle.

Vehicles in a combination having more than 6 axles may not exceed the weight in the table in this subsection (f) for 6 axles measured between the extreme axles of the combination.

Local authorities, with respect to streets and highways under their jurisdiction, without additional fees, may also by ordinance or resolution allow the weight limitations of this subsection, provided the maximum gross weight on any one axle shall not exceed 20,000 pounds and the maximum total weight on any tandem axle shall not exceed 34,000 pounds, on designated highways when appropriate regulatory signs giving notice are erected upon the street or highway or portion of any street or highway.
affected by the ordinance or resolution.

The following are exceptions to the above formula:

1. Two consecutive sets of tandem axles may carry a total weight of 34,000 pounds each if the overall distance between the first and last axles of the consecutive sets of tandem axles is 36 feet or more.

2. Vehicles for which a different limit is established and posted in accordance with Section 15-316 of this Code.

3. Vehicles for which the Department of Transportation and local authorities issue overweight permits under authority of Section 15-301 of this Code. These vehicles are not subject to the bridge formula.

4. Tow trucks subject to the conditions provided in subsection (d) may not exceed 24,000 pounds on a single rear axle or 44,000 pounds on a tandem rear axle.

5. A tandem axle on a 3-axle truck registered as a Special Hauling Vehicle, manufactured prior to or in the model year of 2014, and registered in Illinois prior to January 1, 2015, with a distance between 2 axles in a series greater than 72 inches but not more than 96 inches may not exceed a total weight of 36,000 pounds and neither axle of the series may exceed 18,000 pounds.

6. A truck not in combination, equipped with a self compactor or an industrial roll-off hoist and roll-off container, used exclusively for garbage, or refuse, or recycling operations, may, when laden, transmit upon the road surface, except when on part of the National System of Interstate and Defense Highways, the following maximum weights: 22,000 pounds on a single axle; 40,000 pounds on a tandem axle; 36,000 pounds gross weight on a 2-axle vehicle; 54,000 pounds gross weight on a 3-axle vehicle. This vehicle is not subject to the bridge formula.

   (B) There is no sign prohibiting that access.
   (C) The route is not being used as a thoroughfare between State designated highways.

(2) From any State designated highway onto any county or township highway for a distance of 5 highway miles, or any municipal highway for a distance of one highway mile for the purpose of food, fuel, repairs, and rest, provided:

(h) The Department upon request from any local authority shall, or upon its own initiative may, conduct an investigation of any bridge or other elevated structure constituting a part of a highway, and if it finds that the structure cannot with safety to itself withstand the weight of vehicles otherwise permissible under this Code the Department shall determine and declare the maximum weight of vehicles that the structures can withstand, and shall cause or permit suitable signs stating maximum weight to be erected and maintained before each end of the structure. No person shall operate a vehicle or combination of vehicles over any structure with a gross weight that is greater than the posted maximum weight.

to any or all State grants which it receives by having such audit conducted at the time of its own annual audit at its own cost.

The institution of higher education shall make such election at the time that it receives each grant. The institution of higher education shall not be required to elect that all State grants be included in its annual audit. Such election may be for either financial or compliance audits, or both. In the event of such election, such audits shall fulfill the audit requirements of the applicable State law or regulation authorizing such grants except for the reporting dates required for such audits. Such audits shall be conducted in accordance with generally accepted auditing standards by licensed Certified Public Accountants permitted to perform audits under the Illinois Public Accounting Act certified public accountants authorized to do business in the State of Illinois.

The provisions of this Section do not limit the authority of any State agency to conduct, or enter into contracts for the conduct of, audits and evaluations of State grant programs, nor limit the authority of the Auditor General. Such State agency shall fund the cost of any such additional audits. (Source: P.A. 86-602.)

Section 10. The Local Records Act is amended by changing Section 3a as follows:

(50 ILCS 205/3a)(from Ch. 116, par. 43.103a)

These records shall be available for public inspection during regular office hours except when in immediate use by persons exercising official duties which require the use of those records. The person in charge of such records may require a notice in writing to be submitted 24 hours prior to inspection and may require that such notice specify which records are to be inspected. (c) It is unlawful for the council or any commissioner to expend, directly or indirectly, a greater amount for any municipal purpose than the amount appropriated for that purpose in the annual appropriation ordinance passed for that fiscal year.
