Section 12. The Illinois Act on the Aging is amended by changing Section 4.02 as follows:

(20 ILCS 105/4.02) (from Ch. 23, par. 6104.02)
Sec. 4.02. The Department shall establish a program of services to prevent unnecessary institutionalization of persons age 60 and older in need of long term care or who are established as persons who suffer from Alzheimer's disease or a related disorder under the Alzheimer's Disease Assistance Act, thereby enabling them to remain in their own homes or in other living arrangements. Such preventive services, which may be coordinated with other programs for the aged and monitored by area
agencies on aging in cooperation with the Department, may include, but are not limited to, any or all of the following:

(a) home health services;
(b) home nursing services;
(c) homemaker services;
(d) chore and housekeeping services;
(e) day care services;
(f) home-delivered meals;
(g) education in self-care;
(h) personal care services;
(i) adult day health services;
(j) habilitation services;
(k) respite care;
(k-5) community reintegration services;
(l) other nonmedical social services that may enable the person to become self-supporting; or
(m) clearinghouse for information provided by senior citizen home owners who want to rent rooms to or share living space with other senior citizens.

The Department shall establish eligibility standards for such services taking into consideration the unique economic and social needs of the target population for whom they are to be provided. Such eligibility standards shall be based on the recipient's ability to pay for services; provided, however, that in determining the amount and nature of services for which a person may qualify, consideration shall not be given to the value of cash, property or other assets held in the name of the person's spouse pursuant to a written agreement dividing marital property into equal but separate shares or pursuant to a transfer of the person's interest in a home to his spouse, provided that the spouse's share of the marital property is not made available to the person seeking such services.

Beginning July 1, 2002, the Department shall require as a condition of eligibility that all financially eligible applicants and recipients apply for medical assistance under Article V of the Illinois Public Aid Code in accordance with rules promulgated by the Department.

The Department shall, in conjunction with the Department of Public Aid, seek appropriate amendments under Sections 1915 and 1924 of the Social Security Act. The purpose of the amendments shall be to extend eligibility for home and community based services under Sections 1915 and 1924 of the Social Security Act to persons who transfer to or for
the benefit of a spouse those amounts of income and resources allowed under Section 1924 of the Social Security Act. Subject to the approval of such amendments, the Department shall extend the provisions of Section 5-4 of the Illinois Public Aid Code to persons who, but for the provision of home or community-based services, would require the level of care provided in an institution, as is provided for in federal law. Those persons no longer found to be eligible for receiving noninstitutional services due to changes in the eligibility criteria shall be given 60 days notice prior to actual termination. Those persons receiving notice of termination may contact the Department and request the determination be appealed at any time during the 60 day notice period. With the exception of the lengthened notice and time frame for the appeal request, the appeal process shall follow the normal procedure. In addition, each person affected regardless of the circumstances for discontinued eligibility shall be given notice and the opportunity to purchase the necessary services through the Community Care Program. If the individual does not elect to purchase services, the Department shall advise the individual of alternative services. The target population identified for the purposes of this Section are persons age 60 and older with an identified service need. Priority shall be given to those who are at imminent risk of institutionalization. The services shall be provided to eligible persons age 60 and older to the extent that the cost of the services together with the other personal maintenance expenses of the persons are reasonably related to the standards established for care in a group facility appropriate to the person's condition. These non-institutional services, pilot projects or experimental facilities may be provided as part of or in addition to those authorized by federal law or those funded and administered by the Department of Human Services. The Departments of Human Services, Public Aid, Public Health, Veterans' Affairs, and Commerce and Economic Opportunity and other appropriate agencies of State, federal and local governments shall cooperate with the Department on Aging in the establishment and development of the non-institutional services. The Department shall require an annual audit from all chore/housekeeping and homemaker vendors contracting with the Department under this Section. The annual audit shall assure that each audited vendor's procedures are in compliance with Department's financial reporting guidelines requiring an administrative and employee wage and benefits cost split as defined in administrative rules a 27% administrative cost split and a 73% employee wages and benefits cost split. The audit is a public record under the Freedom of Information Act. The Department shall
execute, relative to the nursing home prescreening project, written inter-agency agreements with the Department of Human Services and the Department of Public Aid, to effect the following: (1) intake procedures and common eligibility criteria for those persons who are receiving non-institutional services; and (2) the establishment and development of non-institutional services in areas of the State where they are not currently available or are undeveloped. On and after July 1, 1996, all nursing home prescreenings for individuals 60 years of age or older shall be conducted by the Department.

The Department is authorized to establish a system of recipient copayment for services provided under this Section, such copayment to be based upon the recipient's ability to pay but in no case to exceed the actual cost of the services provided. Additionally, any portion of a person's income which is equal to or less than the federal poverty standard shall not be considered by the Department in determining the copayment. The level of such copayment shall be adjusted whenever necessary to reflect any change in the officially designated federal poverty standard.

The Department, or the Department's authorized representative, shall recover the amount of moneys expended for services provided to or in behalf of a person under this Section by a claim against the person's estate or against the estate of the person's surviving spouse, but no recovery may be had until after the death of the surviving spouse, if any, and then only at such time when there is no surviving child who is under age 21, blind, or permanently and totally disabled. This paragraph, however, shall not bar recovery, at the death of the person, of moneys for services provided to the person or in behalf of the person under this Section to which the person was not entitled; provided that such recovery shall not be enforced against any real estate while it is occupied as a homestead by the surviving spouse or other dependent, if no claims by other creditors have been filed against the estate, or, if such claims have been filed, they remain dormant for failure of prosecution or failure of the claimant to compel administration of the estate for the purpose of payment. This paragraph shall not bar recovery from the estate of a spouse, under Sections 1915 and 1924 of the Social Security Act and Section 5-4 of the Illinois Public Aid Code, who precedes a person receiving services under this Section in death. All moneys for services paid to or in behalf of the person under this Section shall be claimed for recovery from the deceased spouse's estate. "Homestead", as used in this paragraph, means the dwelling house and contiguous real estate occupied by a surviving

spouse or relative, as defined by the rules and regulations of the Illinois Department of Public Aid, regardless of the value of the property.

The Department shall develop procedures to enhance availability of services on evenings, weekends, and on an emergency basis to meet the respite needs of caregivers. Procedures shall be developed to permit the utilization of services in successive blocks of 24 hours up to the monthly maximum established by the Department. Workers providing these services shall be appropriately trained.

Beginning on the effective date of this Amendatory Act of 1991, no person may perform chore/housekeeping and homemaker services under a program authorized by this Section unless that person has been issued a certificate of pre-service to do so by his or her employing agency. Information gathered to effect such certification shall include (i) the person's name, (ii) the date the person was hired by his or her current employer, and (iii) the training, including dates and levels. Persons engaged in the program authorized by this Section before the effective date of this amendatory Act of 1991 shall be issued a certificate of all pre- and in-service training from his or her employer upon submitting the necessary information. The employing agency shall be required to retain records of all staff pre- and in-service training, and shall provide such records to the Department upon request and upon termination of the employer's contract with the Department. In addition, the employing agency is responsible for the issuance of certifications of in-service training completed to their employees.

The Department is required to develop a system to ensure that persons working as homemakers and chore housekeepers receive increases in their wages when the federal minimum wage is increased by requiring vendors to certify that they are meeting the federal minimum wage statute for homemakers and chore housekeepers. An employer that cannot ensure that the minimum wage increase is being given to homemakers and chore housekeepers shall be denied any increase in reimbursement costs.

The Department on Aging and the Department of Human Services shall cooperate in the development and submission of an annual report on programs and services provided under this Section. Such joint report shall be filed with the Governor and the General Assembly on or before September 30 each year.

The requirement for reporting to the General Assembly shall be satisfied by filing copies of the report with the Speaker, the Minority Leader and the Clerk of the House of Representatives and the President,

the Minority Leader and the Secretary of the Senate and the Legislative Research Unit, as required by Section 3.1 of the General Assembly Organization Act and filing such additional copies with the State Government Report Distribution Center for the General Assembly as is required under paragraph (t) of Section 7 of the State Library Act.

Those persons previously found eligible for receiving non-institutional services whose services were discontinued under the Emergency Budget Act of Fiscal Year 1992, and who do not meet the eligibility standards in effect on or after July 1, 1992, shall remain ineligible on and after July 1, 1992. Those persons previously not required to cost-share and who were required to cost-share effective March 1, 1992, shall continue to meet cost-share requirements on and after July 1, 1992. Beginning July 1, 1992, all clients will be required to meet eligibility, cost-share, and other requirements and will have services discontinued or altered when they fail to meet these requirements.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, effective January 1, 2005, facility rates shall be increased by the difference between (i) a facility's per diem property, liability, and malpractice insurance costs as reported in the cost report filed with the Department of Public Aid and used to establish rates effective July 1, 2001 and (ii) those same costs as reported in the facility's 2002 cost report. These costs shall be passed through to the facility without caps or limitations, except for adjustments required under normal auditing procedures.

Rates established effective each July 1 shall govern payment for services rendered throughout that fiscal year, except that rates established on July 1, 1996 shall be increased by 6.8% for services provided on or after January 1, 1997. Such rates will be based upon the rates calculated for the year beginning July 1, 1990, and for subsequent years thereafter until June 30, 2001 shall be based on the facility cost reports for the facility fiscal year ending at any point in time during the previous calendar year, updated to the midpoint of the rate year. The cost report shall be on file with the Department no later than April 1 of the current rate year. Should the cost report not be on file by April 1, the Department shall base the rate on the latest cost report filed by each skilled care facility and intermediate care facility, updated to the midpoint of the current rate year.

In determining rates for services rendered on and after July 1, 1985, fixed time shall not be computed at less than zero. The Department shall not make any alterations of regulations which would reduce any component of the Medicaid rate to a level below what that component would have been utilizing in the rate effective on July 1, 1984.

(2) Shall take into account the actual costs incurred by facilities in providing services for recipients of skilled nursing and intermediate care services under the medical assistance program.

(3) Shall take into account the medical and psycho-social characteristics and needs of the patients.

(4) Shall take into account the actual costs incurred by facilities in meeting licensing and certification standards imposed and prescribed by the State of Illinois, any of its political subdivisions or municipalities and by the U.S. Department of Health and Human Services pursuant to Title XIX of the Social Security Act.

The Department of Public Aid shall develop precise standards for payments to reimburse nursing facilities for any utilization of appropriate rehabilitative personnel for the provision of rehabilitative services which is authorized by federal regulations, including reimbursement for services provided by qualified therapists or qualified assistants, and which is in accordance with accepted professional practices. Reimbursement also may be made for utilization of other supportive personnel under appropriate supervision.

Sec. 5-5.12. Pharmacy payments.

(a) Every request submitted by a pharmacy for reimbursement under this Article for prescription drugs provided to a recipient of aid under this Article shall include the name of the prescriber or an acceptable identification number as established by the Department.

(b) Pharmacies providing prescription drugs under this Article shall be reimbursed at a rate which shall include a professional dispensing fee as determined by the Illinois Department, plus the current acquisition cost of the prescription drug dispensed. The Illinois Department shall update its information on the acquisition costs of all prescription drugs no less frequently than every 30 days. However, the Illinois Department may set the rate of reimbursement for the acquisition cost, by rule, at a percentage of the current average wholesale acquisition cost.

(c) (Blank). Reimbursement under this Article for prescription drugs shall be limited to reimbursement for 4 brand-name prescription drugs per patient per month. This subsection applies only if (i) the brand-name drug was not prescribed for an acute or urgent condition, (ii) the brand-name drug was not prescribed for Alzheimer's disease, arthritis, diabetes, HIV/AIDS, a mental health condition, or respiratory disease, and (iii) a therapeutically equivalent generic medication has been approved by the federal Food and Drug Administration.

(d) The Department shall not impose requirements for prior approval based on a preferred drug list for anti-retroviral, anti-hemophilic factor concentrates, or any atypical antipsychotics, conventional antipsychotics, or anticonvulsants used for the treatment of serious mental illnesses until 30 days after it has conducted a study of the impact of such requirements on patient care and submitted a report to the Speaker of the House of Representatives and the President of the Senate.

rehabilitation services to the end that there may be maximum utilization of such services in the provision of medical assistance.

The Illinois Department shall, not later than June 30, 1993, enter into one or more co-operative arrangements with the Department of Mental Health and Developmental Disabilities providing that the Department of Mental Health and Developmental Disabilities will be responsible for administering or supervising all programs for services to persons in community care facilities for persons with developmental disabilities, including but not limited to intermediate care facilities, that are supported by State funds or by funding under Title XIX of the federal Social Security Act. The responsibilities of the Department of Mental Health and Developmental Disabilities under these agreements are transferred to the Department of Human Services as provided in the Department of Human Services Act.

The Department may also contract with such State health and rehabilitation agencies and other public or private health care and rehabilitation organizations to act for it in supplying designated medical services to persons eligible therefor under this Article. Any contracts with health services or health maintenance organizations shall be restricted to organizations which have been certified as being in compliance with standards promulgated pursuant to the laws of this State governing the establishment and operation of health services or health maintenance organizations. The Department shall renegotiate the contracts with health maintenance organizations and managed care community networks that took effect August 1, 2003, so as to produce $70,000,000 savings to the Department net of resulting increases to the fee-for-service program for State fiscal year 2006. The Department may also contract with insurance companies or other corporate entities serving as fiscal intermediaries in this State for the Federal Government in respect to Medicare payments under Title XVIII of the Federal Social Security Act to act for the Department in paying medical care suppliers. The provisions of Section 9 of "An Act in relation to State finance", approved June 10, 1919, as amended, notwithstanding, such contracts with State agencies, other health care and rehabilitation organizations, or fiscal intermediaries may provide for advance payments.

(b) For purposes of this subsection (b), "managed care community network" means an entity, other than a health maintenance organization, that is owned, operated, or governed by providers of health care services within this State and that provides or arranges primary, secondary, and
tertiary managed health care services under contract with the Illinois Department exclusively to persons participating in programs administered by the Illinois Department.

The Illinois Department may certify managed care community networks, including managed care community networks owned, operated, managed, or governed by State-funded medical schools, as risk-bearing entities eligible to contract with the Illinois Department as Medicaid managed care organizations. The Illinois Department may contract with those managed care community networks to furnish health care services to or arrange those services for individuals participating in programs administered by the Illinois Department. The rates for those provider-sponsored organizations may be determined on a prepaid, capitated basis. A managed care community network may choose to contract with the Illinois Department to provide only pediatric health care services. The Illinois Department shall by rule adopt the criteria, standards, and procedures by which a managed care community network may be permitted to contract with the Illinois Department and shall consult with the Department of Insurance in adopting these rules.

A county provider as defined in Section 15-1 of this Code may contract with the Illinois Department to provide primary, secondary, or tertiary managed health care services as a managed care community network without the need to establish a separate entity and shall be deemed a managed care community network for purposes of this Code only to the extent it provides services to participating individuals. A county provider is entitled to contract with the Illinois Department with respect to any contracting region located in whole or in part within the county. A county provider is not required to accept enrollees who do not reside within the county.

In order to (i) accelerate and facilitate the development of integrated health care in contracting areas outside counties with populations in excess of 3,000,000 and counties adjacent to those counties and (ii) maintain and sustain the high quality of education and residency programs coordinated and associated with local area hospitals, the Illinois Department may develop and implement a demonstration program from managed care community networks owned, operated, managed, or governed by State-funded medical schools. The Illinois Department shall prescribe by rule the criteria, standards, and procedures for effecting this demonstration program.

New matter indicated by italics - deletions by strikeout
A managed care community network that contracts with the Illinois Department to furnish health care services to or arrange those services for enrollees participating in programs administered by the Illinois Department shall do all of the following:

1. Provide that any provider affiliated with the managed care community network may also provide services on a fee-for-service basis to Illinois Department clients not enrolled in such managed care entities.

2. Provide client education services as determined and approved by the Illinois Department, including but not limited to (i) education regarding appropriate utilization of health care services in a managed care system, (ii) written disclosure of treatment policies and restrictions or limitations on health services, including, but not limited to, physical services, clinical laboratory tests, hospital and surgical procedures, prescription drugs and biologics, and radiological examinations, and (iii) written notice that the enrollee may receive from another provider those covered services that are not provided by the managed care community network.

3. Provide that enrollees within the system may choose the site for provision of services and the panel of health care providers.

4. Not discriminate in enrollment or disenrollment practices among recipients of medical services or enrollees based on health status.

5. Provide a quality assurance and utilization review program that meets the requirements established by the Illinois Department in rules that incorporate those standards set forth in the Health Maintenance Organization Act.

6. Issue a managed care community network identification card to each enrollee upon enrollment. The card must contain all of the following:

   A) The enrollee's health plan.
   B) The name and telephone number of the enrollee's primary care physician or the site for receiving primary care services.
   C) A telephone number to be used to confirm eligibility for benefits and authorization for services that is available 24 hours per day, 7 days per week.
(7) Ensure that every primary care physician and pharmacy in the managed care community network meets the standards established by the Illinois Department for accessibility and quality of care. The Illinois Department shall arrange for and oversee an evaluation of the standards established under this paragraph (7) and may recommend any necessary changes to these standards.

(8) Provide a procedure for handling complaints that meets the requirements established by the Illinois Department in rules that incorporate those standards set forth in the Health Maintenance Organization Act.

(9) Maintain, retain, and make available to the Illinois Department records, data, and information, in a uniform manner determined by the Illinois Department, sufficient for the Illinois Department to monitor utilization, accessibility, and quality of care.

(10) Provide that the pharmacy formulary used by the managed care community network and its contract providers be no more restrictive than the Illinois Department's pharmaceutical program on the effective date of this amendatory Act of 1998 and as amended after that date.

The Illinois Department shall contract with an entity or entities to provide external peer-based quality assurance review for the managed health care programs administered by the Illinois Department. The entity shall be representative of Illinois physicians licensed to practice medicine in all its branches and have statewide geographic representation in all specialties of medical care that are provided in managed health care programs administered by the Illinois Department. The entity may not be a third party payer and shall maintain offices in locations around the State in order to provide service and continuing medical education to physician participants within those managed health care programs administered by the Illinois Department. The review process shall be developed and conducted by Illinois physicians licensed to practice medicine in all its branches. In consultation with the entity, the Illinois Department may contract with other entities for professional peer-based quality assurance review of individual categories of services other than services provided, supervised, or coordinated by physicians licensed to practice medicine in all its branches. The Illinois Department shall establish, by rule, criteria to avoid conflicts of interest in the conduct of quality assurance activities.
consistent with professional peer-review standards. All quality assurance activities shall be coordinated by the Illinois Department.

Each managed care community network must demonstrate its ability to bear the financial risk of serving individuals under this program. The Illinois Department shall by rule adopt standards for assessing the solvency and financial soundness of each managed care community network. Any solvency and financial standards adopted for managed care community networks shall be no more restrictive than the solvency and financial standards adopted under Section 1856(a) of the Social Security Act for provider-sponsored organizations under Part C of Title XVIII of the Social Security Act.

The Illinois Department may implement the amendatory changes to this Code made by this amendatory Act of 1998 through the use of emergency rules in accordance with Section 5-45 of the Illinois Administrative Procedure Act. For purposes of that Act, the adoption of rules to implement these changes is deemed an emergency and necessary for the public interest, safety, and welfare.

(c) Not later than June 30, 1996, the Illinois Department shall enter into one or more cooperative arrangements with the Department of Public Health for the purpose of developing a single survey for nursing facilities, including but not limited to facilities funded under Title XVIII or Title XIX of the federal Social Security Act or both, which shall be administered and conducted solely by the Department of Public Health. The Departments shall test the single survey process on a pilot basis, with both the Departments of Public Aid and Public Health represented on the consolidated survey team. The pilot will sunset June 30, 1997. After June 30, 1997, unless otherwise determined by the Governor, a single survey shall be implemented by the Department of Public Health which would not preclude staff from the Department of Public Aid from going on-site to nursing facilities to perform necessary audits and reviews which shall not replicate the single State agency survey required by this Act. This Section shall not apply to community or intermediate care facilities for persons with developmental disabilities.

(d) Nothing in this Code in any way limits or otherwise impairs the authority or power of the Illinois Department to enter into a negotiated contract pursuant to this Section with a managed care community network or a health maintenance organization, as defined in the Health Maintenance Organization Act, that provides for termination or
nonrenewal of the contract without cause, upon notice as provided in the contract, and without a hearing.

Sec. 12-4.35. Medical services for certain noncitizens.

(a) Notwithstanding Section 1-11 of this Code or Section 20(a) of the Children's Health Insurance Program Act, the Department of Public Aid may provide medical services to noncitizens who have not yet attained 19 years of age and who are not eligible for medical assistance under Article V of this Code or under the Children's Health Insurance Program created by the Children's Health Insurance Program Act due to their not meeting the otherwise applicable provisions of Section 1-11 of this Code or Section 20(a) of the Children's Health Insurance Program Act. The medical services available, standards for eligibility, and other conditions of participation under this Section shall be established by rule by the Department; however, any such rule shall be at least as restrictive as the rules for medical assistance under Article V of this Code or the Children's Health Insurance Program created by the Children's Health Insurance Program Act.

(b) The Department is authorized to take any action, including without limitation cessation of enrollment, reduction of available medical services, and changing standards for eligibility, that is deemed necessary by the Department during a State fiscal year to assure that payments under this Section do not exceed available funds the amounts appropriated for this purpose.

(c) Continued In the event that the appropriation in any fiscal year for the Children's Health Insurance Program created by the Children's Health Insurance Program Act is determined by the Department to be insufficient to continue enrollment of otherwise eligible children under that Program during that fiscal year, the Department is authorized to use funds appropriated for the purposes of this Section to fund that Program and to take any other action necessary to continue the operation of that Program. Furthermore, continued enrollment of individuals into the program created under this Section in any fiscal year is contingent upon continued enrollment of individuals into the Children's Health Insurance Program during that fiscal year.

Section 25. The All-Inclusive Care for the Elderly Act is amended by changing Sections 10 and 15 as follows:

(320 ILCS 40/10) (from Ch. 23, par. 6910)

Sec. 10. Services for eligible persons. Within the context of the PACE program established under this Act, the Illinois Department of Public Aid may include any or all of the services in Article 5 of the Illinois Public Aid Code.

An eligible person may elect to receive services from the PACE program. If such an election is made, the eligible person shall not remain eligible for payment through the regular Medicare or Medicaid program. All services and programs provided through the PACE program shall be provided in accordance with this Act. An eligible person may elect to disenroll from the PACE program at any time.

For purposes of this Act, "eligible person" means a frail elderly individual who voluntarily enrolls in the PACE program, whose income and resources do not exceed limits established by the Illinois Department of Public Aid and for whom a licensed physician certifies that such a program provides an appropriate alternative to institutionalized care. The term "frail elderly" means an individual who meets the age and functional eligibility requirements, as established by the Illinois Department of Public Aid and the Department on Aging for nursing home care, and who is 65 years of age or older.

(320 ILCS 40/15) (from Ch. 23, par. 6915)

Sec. 15. Program implementation.

(a) Upon receipt of federal approval waivers, the Illinois Department of Public Aid shall implement the PACE program pursuant to the provisions of the approved Title XIX State plan as a demonstration program to provide the services set forth in Section 10 to eligible persons, as defined in Section 10, for a period of 3 years. After the 3-year demonstration, the General Assembly shall reexamine the PACE program and determine if the program should be implemented on a permanent basis.

(b) Using a risk-based financing model, the nonprofit organization providing the PACE program shall assume responsibility for all costs generated by the PACE program participants, and it shall create and maintain a risk reserve fund that will cover any cost overages for any participant. The PACE program is responsible for the entire range of services in the consolidated service model, including hospital and nursing home care, according to participant need as determined by a multidisciplinary team. The nonprofit organization providing the PACE program is responsible for the full financial risk at the conclusion of the demonstration period and when permanent waivers from the federal Health Care Financing Administration are granted. Specific arrangements of the risk-based financing model shall be adopted and negotiated by the federal Centers for Medicare and Medicaid Services Health Care Financing Administration, the nonprofit organization providing the PACE program, and the Illinois Department of Public Aid.

(105 ILCS 5/17-3) (from Ch. 122, par. 17-3)

Sec. 17-3. Additional levies-Submission to voters. The school board in any district having a population of less than 500,000 inhabitants may, by proper resolution, cause a proposition to increase, for a limited period of not less than 3 nor more than 10 years or for an unlimited period, the annual tax rate for educational purposes to be submitted to the voters of such district at a regular scheduled election as follows:

except that if a single elementary district and a secondary district having boundaries that are coterminous on the effective date of this amendatory Act form a community unit district under Section 11-6 on or after the effective date of this amendatory Act of the 94th General Assembly and the actual combined rate of the elementary district and secondary district prior to the formation of the community unit district is greater than 4.00%, then the maximum rate for educational purposes for such district shall be the following: shall not exceed 6.00% of the value as equalized or assessed by the Department of Revenue.

(B) In each subsequent year, the maximum rate shall be reduced by 0.10% or reduced to 4.00%, whichever reduction is less. The school board may, by proper resolution, cause a proposition to increase the reduced rate, not to exceed the maximum rate in clause (A), to be submitted to the voters of the district at a regular scheduled election as provided under this Section. Nothing in this Section shall require that the maximum rate for educational purpose for a district maintaining grades one through 12 be reduced below 4.00%.

If a majority of the votes cast on the proposition is in favor thereof at an election for which the election authorities have given notice either (i) in accordance with Section 12-5 of the Election Code or (ii) by publication of a true and legible copy of the specimen ballot label containing the proposition in the form in which it appeared or will appear on the official ballot label on the day of the election at least 5 days before the day of the election in at least one newspaper published in and having a general circulation in the district, the school board may thereafter, until such authority is revoked in like manner, levy annually the tax so authorized; provided that if the proposition as approved limits the increase in the annual tax rate of the district for educational purposes to a period of not less than 3 nor more than 10 years, the district may, unless such authority is sooner revoked in like manner, levy annually the tax so authorized for

Upon expiration of that limited period, the rate at which the district may annually levy its tax for educational purposes shall be the rate provided under Section 17-2, or the rate at which the district last levied its tax for educational purposes prior to approval of the proposition authorizing the levy of that tax at an increased rate, whichever is greater.

The school board shall certify the proposition to the proper election authorities in accordance with the general election law.

The provisions of this Section concerning notice of the tax rate increase referendum apply only to consolidated primary elections held prior to January 1, 2002 at which not less than 55% of the voters voting on the tax rate increase proposition voted in favor of the tax rate increase proposition.

(a) The Trustee shall pay from the Trust Account all reasonable expenses incurred by the trustee on or after the date of failure in reference to seizing, preserving, and liquidating the grain assets, equity assets, collateral, and guarantees of or relating to a failed licensee, including, but

not limited to, the hiring of temporary field personnel, equipment rental, auction expenses, mandatory commodity check-offs, and clerical expenses.

(b) Except as to claimants holding valid claims, any outstanding indebtedness of a failed licensee that has accrued before the date of failure shall not be paid by the Trustee and shall represent a separate cause of action of the creditor against the failed licensee.

(c) The Trustee shall report all expenditures paid from the Trust Account to the Corporation at least annually.

(d) To the extent assets are available under subsection (g) of Section 25-20 and upon presentation of documentation satisfactory to the Trustee, the Trustee shall transfer from the Trust Account to the Regulatory Fund an amount not to exceed the expenses incurred by the Department in performance of its duties under Article 20 of this Code, in reference to the failed licensee.

(e) The Department shall establish and maintain an Asset Preservation Account as provided in Section 205-410 of the Department of Agriculture Law of the Civil Administrative Code of Illinois that shall contain a maximum of $50,000. The funds in the Asset Preservation Account are to be used solely by the Trustee for the reasonable expenses incurred by the Department on or after the date of failure for preserving and liquidating grain assets, equity assets, collateral, and guarantees of or relating to a failed licensee, provided that the Department has made a determination that the benefit of preserving and liquidating the grain assets, equity assets, collateral, and guarantees exceeds the anticipated costs of the preservation and liquidation, and only to the extent that all liquid and available moneys in the Grain Indemnity Trust Account relating to the particular failure have been exhausted. The Asset Preservation Account shall be funded by the income earned on the assets in the Fund. The income must be transferred to the Asset Preservation Account on a monthly basis, within 10 business days after the end of each calendar month, and to the extent necessary to maintain the $50,000 balance. The Trustee, or his or her designee, must file a report of all receipts by and disbursements from the Asset Preservation Account with the Board prior to each meeting of the Board.

(240 ILCS 40/25-20)

Sec. 25-20. Priorities and repayments.

(a) All valid claims shall be paid from the Trust Account, as provided in Section 25-10, first from the proceeds realized from
liquidation of and collection upon the grain assets relating to the failed licensee, as to warehouse claimants, and the equity assets as to a secured party or lien holder who has consented to the Department liquidating and collecting upon the equity asset as set forth in subsection (f) of Section 20-15, and the remaining equity assets, collateral, and guarantees relating to the failed licensee, as to grain dealer claimants.

(b) If the proceeds realized from liquidation of and collection upon the grain assets, equity assets, collateral, and guarantees relating to the failed licensee are insufficient to pay all valid claims as provided in Section 25-10 and subsection (a) of this Section as payment on those claims becomes due, the Director shall request from the Board sufficient funds to be transferred from the Fund to the Trust Account to pay the balance owed to claimants as determined under Section 25-10. If a request is made by the Director for a transfer of funds to the Trust Account from the Fund, the Board shall act on that request within 25 days after the date of that request. Once moneys are transferred from the Fund to the Trust Account, the Director shall pay the balance owed to claimants in accordance with Section 25-10.

(c) Net proceeds from liquidation of grain assets as set forth in subsection (a) of Section 25-10 received by the Department, to the extent not already paid to warehouse claimants, shall be prorated among the fund and all warehouse claimants who have not had their valid claims paid in full.

(1) The pro rata distribution to the Fund shall be based upon the total amount of valid claims of all warehouse claimants who have had their valid claims paid in full. The pro rata distribution to each warehouse claimant who has not had his or her valid claims paid in full shall be based upon the total amount of that claimant's original valid claims.

(2) If the net proceeds from the liquidation of grain assets as set forth in subsection (a) of Section 25-10 exceed all amounts needed to satisfy all valid claims filed by warehouse claimants, the balance remaining shall be paid into the Trust Account or as set forth in subsection (h).

(d) Subject to subsections (c) and (h):

(1) The proceeds realized from liquidation of and collection upon the grain assets, equity assets, collateral, and guarantees relating to the failed licensee or any other assets relating to the failed licensee that are received by the Department, to the extent

not already paid to claimants, shall be first used to repay the Fund for moneys transferred to the Trust Account.

(2) After the Fund is repaid in full for the moneys transferred from it to pay the valid claims in reference to a failed licensee, any remaining proceeds realized from liquidation of and collection upon the grain assets, equity assets, collateral, and guarantees relating to the failed licensee thereafter received by the Department shall be prorated to the claimants holding valid claims who have not received 100% of the amount of their valid claims based upon the unpaid amount of their valid claims.

(e) After all claimants have received 100% of the amount of their valid claims, to the extent moneys are available interest at the rate of 6% per annum shall be assessed and paid to the Fund on all moneys transferred from the Fund to the Trust Account.

(f) After the Fund is paid the interest as provided in subsection (e) of this Section, then those claims barred and disallowed under items (1) and (2) of subsection (g) of Section 25-10 shall be paid on a pro rata basis only to the extent that moneys are available.

(g) Once all claims become valid claims and have been paid in full and all interest as provided in subsection (e) of this Section is paid in full, and all payments are made as required under Section 20-20(d), any remaining grain assets, equity assets, collateral, and guarantees, and the proceeds realized from liquidation of and collection upon the grain assets, equity assets, collateral, and guarantees relating to the failed licensee, shall be returned to the failed licensee or its assignee, or as otherwise directed by a court of competent jurisdiction.

(h) If amounts in the Fund are insufficient to pay all valid claims, the Corporation shall transfer from the Reserve Fund to the Fund amounts sufficient to satisfy the valid claims, and to the extent the amounts thus transferred are insufficient to pay all valid claims, the General Assembly shall appropriate to the Corporation amounts sufficient to satisfy the valid claims. If for any reason the General Assembly fails to make an appropriation to satisfy outstanding valid claims, this Code constitutes an irrevocable and continuing appropriation of all amounts necessary for that purpose and the irrevocable and continuing authority for and direction to the State Comptroller and to the State Treasurer to make the necessary transfers and disbursements from the revenues and funds of the State for that purpose. Subject to payments to warehouse claimants as set forth in

subsection (c) of Section 25-20, the State shall be first reimbursed, and the Reserve Fund shall thereafter be reimbursed to the extent needed to restore the Reserve Fund to a level of $2,000,000 of principal (not including income on the assets in the Reserve Fund) as soon as funds become available for any amounts paid under subsection (g) of this Section upon replenishment of the Fund from assessments under subsections (d), (f), and (g) of Section 5-30 and collection upon grain assets, equity assets, collateral, and guarantees relating to the failed licensee.

(i) The Department shall have those rights of equitable subrogation which may result from a claimant receiving from the Fund payment in full of the obligations of the failed licensee to the claimant.

Beginning July 1, 2005, each owner of a vehicle using domestic renewable fuel is eligible to apply for a fuel cost differential rebate under subsection (c) of this Section. The Agency shall cause rebates to be issued under the provisions of this Act. An owner may apply for only one of 3 types of rebates with regard to an individual alternate fuel vehicle: (i) a conversion cost rebate, (ii) an OEM differential cost rebate, or (iii) a fuel cost differential rebate. Only one rebate may be issued with regard to a particular alternate fuel vehicle during the life of that vehicle. A rebate shall not exceed $4,000 per vehicle. Over the life of this rebate program, an owner of an alternate fuel vehicle or a vehicle using domestic renewable fuel may not receive rebates for more than 150 vehicles per location or for 300 vehicles in total.

(a) A conversion cost rebate may be issued to an owner or his or her designee in order to reduce the cost of converting of a conventional

New matter indicated by italics - deletions by strikeout
vehicle to an alternate fuel vehicle. Conversion of a conventional vehicle to alternate fuel capability must take place in Illinois for the owner to be eligible for the conversion cost rebate. Amounts spent by applicants within a calendar year may be claimed on a rebate application submitted during that calendar year. Approved conversion cost rebates applied for during or after calendar year 1997 shall be 80% of all approved conversion costs claimed and documented. Approval of conversion cost rebates may continue after calendar year 2002, if funds are still available. An applicant may include on an application submitted in 1997 all amounts spent within that calendar year on the conversion, even if the expenditure occurred before promulgation of the Agency rules.

(b) An OEM differential cost rebate may be issued to an owner or his or her designee in order to reduce the cost differential between a conventional vehicle or engine and the same vehicle or engine, produced by an original equipment manufacturer, that has the capability to use alternate fuels.

A new OEM vehicle or engine must be purchased in Illinois and must either be an alternate fuel vehicle or used in an alternate fuel vehicle, respectively, for the owner to be eligible for an OEM differential cost rebate. Amounts spent by applicants within a calendar year may be claimed on a rebate application submitted during that calendar year.

Approved OEM differential cost rebates applied for during or after calendar year 1997 shall be 80% of all approved cost differential claimed and documented. Approval of OEM differential cost rebates may continue after calendar year 2002, if funds are still available. An applicant may include on an application submitted in 1997 all amounts spent within that calendar year on OEM equipment, even if the expenditure occurred before promulgation of the Agency rules.

(c) A fuel cost differential rebate may be issued to an owner or his or her designee in order to reduce the cost differential between conventional fuels and domestic renewable fuels or alternate fuels purchased to operate an alternate fuel vehicle that runs on domestic renewable fuel. The fuel cost differential shall be based on a 3-year life cycle cost analysis developed by the Agency by rulemaking. The rebate shall apply to and be payable during a consecutive 3-year period commencing on the date the application is approved by the Agency. Approved fuel cost differential rebates may be applied for during or after calendar year 1997 and approved rebates shall be 80% of the cost differential for a consecutive 3-year period. Approval of fuel cost
differential rebates may continue after calendar year 2002 if funds are still available.

Twenty-five percent of the amount that is appropriated under Section 40 to be used to fund programs authorized by this Section during calendar year 2001 shall be designated to fund fuel cost differential rebates. If the total dollar amount of approved fuel cost differential rebate applications as of July 1, 2001 is less than the amount designated for that calendar year, the balance of designated funds shall be immediately available to fund any rebate authorized by this Section and approved in the calendar year.

An approved fuel cost differential rebate shall be paid to an owner in 3 annual installments on or about the anniversary date of the approval of the application. Owners receiving a fuel cost differential rebate shall be required to demonstrate, through recordkeeping, the use of domestic renewable fuels during the 3-year period commencing on the date the application is approved by the Agency. If the alternate fuel vehicle ceases to be registered to the original applicant owner, a prorated installment shall be paid to that owner or the owner's designee and the remainder of the rebate shall be canceled.

(d) Vehicles owned by the federal government or vehicles registered in a state outside Illinois are not eligible for rebates.

Sec. 31. Alternate Fuel Infrastructure Program. Subject to appropriation, the Department of Commerce and Community Affairs (now Department of Commerce and Economic Opportunity) shall establish a grant program to provide funding for the building of E85 blend, propane, at least 20% biodiesel blended fuel, and compressed natural gas (CNG) fueling facilities, including private on-site fueling facilities, to be built within the covered area or in Illinois metropolitan areas over 100,000 in population. The Department of Commerce and Economic Opportunity Community Affairs shall be responsible for reviewing the proposals and awarding the grants.

Sec. 99. Effective date. This Act takes effect upon becoming law.

Passed in the General Assembly May 18, 2005.
Approved June 20, 2005.
Effective June 20, 2005.
AN ACT concerning regulation.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Public Utilities Act is amended by changing Section 9-220 as follows:

(220 ILCS 5/9-220) (from Ch. 111 2/3, par. 9-220)
Sec. 9-220. Rate changes based on changes in fuel costs.
(a) Notwithstanding the provisions of Section 9-201, the Commission may authorize the increase or decrease of rates and charges based upon changes in the cost of fuel used in the generation or production of electric power, changes in the cost of purchased power, or changes in the cost of purchased gas through the application of fuel adjustment clauses or purchased gas adjustment clauses. The Commission may also authorize the increase or decrease of rates and charges based upon expenditures or revenues resulting from the purchase or sale of emission allowances created under the federal Clean Air Act Amendments of 1990, through such fuel adjustment clauses, as a cost of fuel. For the purposes of this paragraph, cost of fuel used in the generation or production of electric power shall include the amount of any fees paid by the utility for the implementation and operation of a process for the desulfurization of the flue gas when burning high sulfur coal at any location within the State of Illinois irrespective of the attainment status designation of such location; but shall not include transportation costs of coal (i) except to the extent that for contracts entered into on and after the effective date of this amendatory Act of 1997, the cost of the coal, including transportation costs, constitutes the lowest cost for adequate and reliable fuel supply reasonably available to the public utility in comparison to the cost, including transportation costs, of other adequate and reliable sources of fuel supply reasonably available to the public utility, or (ii) except as otherwise provided in the next 3 sentences of this paragraph. Such costs of fuel shall, when requested by a utility or at the conclusion of the utility's next general electric rate proceeding, whichever shall first occur, include transportation costs of coal purchased under existing coal purchase contracts. For purposes of this paragraph "existing coal purchase contracts" means contracts for the purchase of coal in effect on the effective date of this amendatory Act of 1991, as such contracts may

New matter indicated by italics - deletions by strikeout
thereafter be amended, but only to the extent that any such amendment
does not increase the aggregate quantity of coal to be purchased under
such contract. Nothing herein shall authorize an electric utility to recover
through its fuel adjustment clause any amounts of transportation costs of
coal that were included in the revenue requirement used to set base rates in
its most recent general rate proceeding. Cost shall be based upon
uniformly applied accounting principles. Annually, the Commission shall
initiate public hearings to determine whether the clauses reflect actual
costs of fuel, gas, power, or coal transportation purchased to determine
whether such purchases were prudent, and to reconcile any amounts
collected with the actual costs of fuel, power, gas, or coal transportation
prudently purchased. In each such proceeding, the burden of proof shall be
upon the utility to establish the prudence of its cost of fuel, power, gas, or
coal transportation purchases and costs. The Commission shall issue its
final order in each such annual proceeding for an electric utility by
December 31 of the year immediately following the year to which the
proceeding pertains, provided, that the Commission shall issue its final
order with respect to such annual proceeding for the years 1996 and earlier
by December 31, 1998.

(b) A public utility providing electric service, other than a public
utility described in subsections (e) or (f) of this Section, may at any time
during the mandatory transition period file with the Commission proposed
tariff sheets that eliminate the public utility's fuel adjustment clause and
adjust the public utility's base rate tariffs by the amount necessary for the
base fuel component of the base rates to recover the public utility's average
fuel and power supply costs per kilowatt-hour for the 2 most recent years
for which the Commission has issued final orders in annual proceedings
pursuant to subsection (a), where the average fuel and power supply costs
per kilowatt-hour shall be calculated as the sum of the public utility's
prudent and allowable fuel and power supply costs as found by the
Commission in the 2 proceedings divided by the public utility's actual
jurisdictional kilowatt-hour sales for those 2 years. Notwithstanding any
contrary or inconsistent provisions in Section 9-201 of this Act, in
subsection (a) of this Section or in any rules or regulations promulgated by
the Commission pursuant to subsection (g) of this Section, the
Commission shall review and shall by order approve, or approve as
modified, the proposed tariff sheets within 60 days after the date of the
public utility's filing. The Commission may modify the public utility's
proposed tariff sheets only to the extent the Commission finds necessary to

achieve conformance to the requirements of this subsection (b). During the 5 years following the date of the Commission's order, but in any event no earlier than January 1, 2007, a public utility whose fuel adjustment clause has been eliminated pursuant to this subsection shall not file proposed tariff sheets seeking, or otherwise petition the Commission for, reinstatement of a fuel adjustment clause.

(c) Notwithstanding any contrary or inconsistent provisions in Section 9-201 of this Act, in subsection (a) of this Section or in any rules or regulations promulgated by the Commission pursuant to subsection (g) of this Section, a public utility providing electric service, other than a public utility described in subsection (e) or (f) of this Section, may at any time during the mandatory transition period file with the Commission proposed tariff sheets that establish the rate per kilowatt-hour to be applied pursuant to the public utility's fuel adjustment clause at the average value for such rate during the preceding 24 months, provided that such average rate results in a credit to customers' bills, without making any revisions to the public utility's base rate tariffs. The proposed tariff sheets shall establish the fuel adjustment rate for a specific time period of at least 3 years but not more than 5 years, provided that the terms and conditions for any reinstatement earlier than 5 years shall be set forth in the proposed tariff sheets and subject to modification or approval by the Commission. The Commission shall review and shall by order approve the proposed tariff sheets if it finds that the requirements of this subsection are met. The Commission shall not conduct the annual hearings specified in the last 3 sentences of subsection (a) of this Section for the utility for the period that the factor established pursuant to this subsection is in effect.

(d) A public utility providing electric service, or a public utility providing gas service may file with the Commission proposed tariff sheets that eliminate the public utility's fuel or purchased gas adjustment clause and adjust the public utility's base rate tariffs to provide for recovery of power supply costs or gas supply costs that would have been recovered through such clause; provided, that the provisions of this subsection (d) shall not be available to a public utility described in subsections (e) or (f) of this Section to eliminate its fuel adjustment clause. Notwithstanding any contrary or inconsistent provisions in Section 9-201 of this Act, in subsection (a) of this Section, or in any rules or regulations promulgated by the Commission pursuant to subsection (g) of this Section, the Commission shall review and shall by order approve, or approve as modified in the Commission's order, the proposed tariff sheets within 240

New matter indicated by italics - deletions by strikeout
days after the date of the public utility's filing. The Commission's order shall approve rates and charges that the Commission, based on information in the public utility's filing or on the record if a hearing is held by the Commission, finds will recover the reasonable, prudent and necessary jurisdictional power supply costs or gas supply costs incurred or to be incurred by the public utility during a 12 month period found by the Commission to be appropriate for these purposes, provided, that such period shall be either (i) a 12 month historical period occurring during the 15 months ending on the date of the public utility's filing, or (ii) a 12 month future period ending no later than 15 months following the date of the public utility's filing. The public utility shall include with its tariff filing information showing both (1) its actual jurisdictional power supply costs or gas supply costs for a 12 month historical period conforming to (i) above and (2) its projected jurisdictional power supply costs or gas supply costs for a future 12 month period conforming to (ii) above. If the Commission's order requires modifications in the tariff sheets filed by the public utility, the public utility shall have 7 days following the date of the order to notify the Commission whether the public utility will implement the modified tariffs or elect to continue its fuel or purchased gas adjustment clause in force as though no order had been entered. The Commission's order shall provide for any reconciliation of power supply costs or gas supply costs, as the case may be, and associated revenues through the date that the public utility's fuel or purchased gas adjustment clause is eliminated. During the 5 years following the date of the Commission's order, a public utility whose fuel or purchased gas adjustment clause has been eliminated pursuant to this subsection shall not file proposed tariff sheets seeking, or otherwise petition the Commission for, reinstatement or adoption of a fuel or purchased gas adjustment clause. Nothing in this subsection (d) shall be construed as limiting the Commission's authority to eliminate a public utility's fuel adjustment clause or purchased gas adjustment clause in accordance with any other applicable provisions of this Act.

(e) Notwithstanding any contrary or inconsistent provisions in Section 9-201 of this Act, in subsection (a) of this Section, or in any rules promulgated by the Commission pursuant to subsection (g) of this Section, a public utility providing electric service to more than 1,000,000 customers in this State may, within the first 6 months after the effective date of this amendatory Act of 1997, file with the Commission proposed tariff sheets that eliminate, effective January 1, 1997, the public utility's
fuel adjustment clause without adjusting its base rates, and such tariff sheets shall be effective upon filing. To the extent the application of the fuel adjustment clause had resulted in net charges to customers after January 1, 1997, the utility shall also file a tariff sheet that provides for a refund stated on a per kilowatt-hour basis of such charges over a period not to exceed 6 months; provided however, that such refund shall not include the proportional amounts of taxes paid under the Use Tax Act, Service Use Tax Act, Service Occupation Tax Act, and Retailers' Occupation Tax Act on fuel used in generation. The Commission shall issue an order within 45 days after the date of the public utility's filing approving or approving as modified such tariff sheet. If the fuel adjustment clause is eliminated pursuant to this subsection, the Commission shall not conduct the annual hearings specified in the last 3 sentences of subsection (a) of this Section for the utility for any period after December 31, 1996 and prior to any reinstatement of such clause. A public utility whose fuel adjustment clause has been eliminated pursuant to this subsection shall not file a proposed tariff sheet seeking, or otherwise petition the Commission for, reinstatement of the fuel adjustment clause prior to January 1, 2007.

(f) Notwithstanding any contrary or inconsistent provisions in Section 9-201 of this Act, in subsection (a) of this Section, or in any rules or regulations promulgated by the Commission pursuant to subsection (g) of this Section, a public utility providing electric service to more than 500,000 customers but fewer than 1,000,000 customers in this State may, within the first 6 months after the effective date of this amendatory Act of 1997, file with the Commission proposed tariff sheets that eliminate, effective January 1, 1997, the public utility's fuel adjustment clause and adjust its base rates by the amount necessary for the base fuel component of the base rates to recover 91% of the public utility's average fuel and power supply costs for the 2 most recent years for which the Commission, as of January 1, 1997, has issued final orders in annual proceedings pursuant to subsection (a), where the average fuel and power supply costs per kilowatt-hour shall be calculated as the sum of the public utility's prudent and allowable fuel and power supply costs as found by the Commission in the 2 proceedings divided by the public utility's actual jurisdictional kilowatt-hour sales for those 2 years, provided, that such tariff sheets shall be effective upon filing. To the extent the application of the fuel adjustment clause had resulted in net charges to customers after January 1, 1997, the utility shall also file a tariff sheet that provides for a
refund stated on a per kilowatt-hour basis of such charges over a period not to exceed 6 months. Provided however, that such refund shall not include the proportional amounts of taxes paid under the Use Tax Act, Service Use Tax Act, Service Occupation Tax Act, and Retailers' Occupation Tax Act on fuel used in generation. The Commission shall issue an order within 45 days after the date of the public utility's filing approving or approving as modified such tariff sheet. If the fuel adjustment clause is eliminated pursuant to this subsection, the Commission shall not conduct the annual hearings specified in the last 3 sentences of subsection (a) of this Section for the utility for any period after December 31, 1996 and prior to any reinstatement of such clause. A public utility whose fuel adjustment clause has been eliminated pursuant to this subsection shall not file a proposed tariff sheet seeking, or otherwise petition the Commission for, reinstatement of the fuel adjustment clause prior to January 1, 2007.

(g) The Commission shall have authority to promulgate rules and regulations to carry out the provisions of this Section.

(h) Any gas utility may enter into a 20-year supply contract with any company for synthetic natural gas produced from coal through the gasification process if the company has commenced construction of a coal gasification facility by July 1, 2008. The cost for the synthetic natural gas is reasonable and prudent and recoverable through the purchased gas adjustment clause for years one through 10 of the contract if: (i) the only coal used in the gasification process has high volatile bituminous rank and greater than 1.7 pounds of sulfur per million Btu content; (ii) at the time the contract term commences, the price per million Btu does not exceed $5 in 2004 dollars, adjusted annually based on the change in the Annual Consumer Price Index for All Urban Consumers for the Midwest Region as published in April by the United States Department of Labor, Bureau of Labor Statistics (or a suitable Consumer Price Index calculation if this Consumer Price Index is not available) for the previous calendar year; provided that the price per million Btu shall not exceed $5.50 at any time during the contract; (iii) the utility's aggregate long-term supply contracts for the purchase of synthetic natural gas produced from coal through the gasification process does not exceed 25% of the annual system supply requirements of the utility at the time the contract is entered into; and (iv) the contract is entered into within one year after the effective date of this amendatory Act of the 94th General Assembly and terminates 20 years after the commencement of the production of synthetic

natural gas. The contract shall provide that if, at any time during years 11 through 20 of the contract, the Commission determines that the cost for the synthetic natural gas under the contract is not reasonable and prudent, then the company shall reimburse the utility for the difference between the cost deemed reasonable and prudent by the Commission and the cost imposed under the contract.

(i) If a gas utility or an affiliate of a gas utility has an ownership interest in any entity that produces or sells synthetic natural gas, Article VII of this Act shall apply.

PUBLIC ACT 94-0064
(Senate Bill No. 0299)

AN ACT concerning special districts.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The River Conservancy Districts Act is amended by changing Section 4a as follows:

(70 ILCS 2105/4a) (from Ch. 42, par. 386a)

Sec. 4a. Every conservancy district so established shall be governed by a board of trustees. In the statement finding the results of the election to be favorable to the establishment of the district, the circuit court shall determine and name each municipality within the district having 5,000 or more population according to the last preceding federal census.

(1) In case there is one or more municipalities having a population of 5,000 or more within the district, the trustees shall be appointed as follows:

(a) In districts organized prior to July 1, 1961, where there is only one such municipality, 3 trustees shall be appointed from such municipality, and one trustee shall be appointed from the area within the district outside of such municipality, and one trustee shall be appointed at large. In districts organized on and after July
1, 1961, where there is only one such municipality one trustee shall be appointed from such municipality, and one trustee shall be appointed from each county in the district, except that where the district is wholly contained within a single county, one trustee shall be appointed from that county and one additional trustee shall be appointed from the municipality, and, in any case, 2 trustees shall be appointed at large. A trustee appointed from a county in the district shall be appointed from the area outside any such municipality. If the district is located wholly within the corporate limits of such municipality, 3 of the trustees of the district shall be appointed from such municipality, and 2 trustees shall be appointed at large. In a district wholly contained within a single county of between 60,500 and 70,000 population and having no more than one municipality of 5,000 or more population, regardless of the date of organization, 3 trustees shall be appointed from that municipality, 2 trustees shall be appointed from the district outside that municipality, and 2 trustees shall be appointed at large. No more than 2 appointments by each appointing authority may be from the same political party.

(b) Where there are 2 or more such municipalities, one trustee shall be appointed from each such municipality, one trustee shall be appointed from each county in the district for each 50,000 population or part thereof within the district in such county according to the last preceding federal census, and 2 trustees shall be appointed at large. A trustee appointed from a county in the district shall be appointed from the area outside any such municipality. If the district is located wholly within the corporate limits of such municipalities, 2 trustees shall be appointed from the one of such municipalities having the largest population, and one trustee shall be appointed from each of the other such municipalities, and 2 trustees shall be appointed at large.

(c) Trustees representing the area within the district located outside of any municipality having 5,000 or more population and trustees appointed at large when the district is wholly contained within a single county shall be appointed by the presiding officer of the county board with the advice and consent of the county board and any trustee representing the area within any such municipality shall be appointed by its presiding officer. If however the district is located in more than one county, any trustee representing the area

New matter indicated by italics - deletions by strikeout
within a district located outside of any municipality having 5,000 or more population and any trustee at large shall be appointed by a majority vote of the presiding officers of the county boards of the counties which encompass any part of the district, except that no such appointment shall affect the term of any trustee in office on the effective date of this amendatory Act of 1977. Any trustee representing the area within any such municipality shall be appointed by its presiding officer.

(d) A trustee representing the area within any such municipality shall reside within its corporate limits. A trustee representing the area within the district and located outside of any such municipality shall reside within such area. A trustee appointed at large may reside either within or without any such municipality but must reside within the territory of the district. Should any trustee cease to reside within that part of the territory he represents, then his office shall be deemed vacated, and shall be filled by appointment for the remainder of the term as hereinafter provided.

(2) In case there are no municipalities having a population of 5,000 or more within such district located wholly within a single county, the statement required by Section 1 shall include such finding, and in such case the Board shall consist of 5 trustees who shall be appointed at large by the presiding officer of the county board with the advice and consent of the county board. If however the district is located in more than one county, the trustees at large shall be appointed by a majority vote of the presiding officers of the county boards of the counties which encompass any portion of the district, but any trustee in office on the effective date of this amendatory Act of 1977 shall be permitted to serve out the remainder of his term. Each such trustee shall reside within the district and shall continue to reside therein.

(3) All initial appointments of trustees shall be made within 60 days after the determination of the result of the election. Each appointment shall be in writing and shall be filed and made a matter of record in the office of the county clerk wherein the organization proceedings were filed. A trustee shall qualify within 10 days after appointment by acceptance and the taking of the constitutional oath of office, both to be in writing and similarly filed for record in the office of such county clerk. Members initially appointed to the board of trustees of such district shall serve from date of appointment for 1, 2, 3, 4 and 5 years and shall draw lots to determine the periods for which they each shall serve. In case there are

New matter indicated by italics - deletions by strikeout
more than 5 trustees, lots shall be drawn so that 5 trustees shall serve initial terms of 1, 2, 3, 4 and 5 years and the other trustees shall serve terms of 1, 2, 3, 4 or 5 years as the number of trustees shall require and the drawing of lots shall determine. The successors of all such initial members of the board of trustees of a river conservancy district shall serve for terms of 5 years, all such appointments and appointments to fill vacancies shall be made in like manner as in the case of the initial trustees. A trustee having been duly appointed shall continue to serve after the expiration of his term until his successor has been appointed. Each trustee initially appointed in accordance with this amendatory Act of 1995 shall serve a term of 3 or 5 years as determined by lot.

(4) Should a municipality which is wholly within a district attain, or should such a municipality be established, having a population of 5,000 or more after the entry of the statement by the circuit court, the presiding officer of such municipality may petition the circuit court of the county in which such municipality lies for an order finding and determining the population of such municipality and, if it is found and determined upon the hearing of such petition that the population of such municipality is 5,000 or more, the board of trustees of such district as previously established shall be increased by one trustee who shall reside within the corporate limits of such municipality and shall be appointed by its presiding officer. The initial trustee so appointed shall serve for a term of 1, 2, 3, 4 or 5 years, as may be determined by lot, and his successors shall be similarly appointed and shall serve for terms of 5 years. All provisions of this Section applicable to trustees representing municipal areas shall apply to any such trustee, including paragraph 5.

(5) Should the foregoing provisions respecting the appointment of trustees representing the area within any municipality of 5,000 or more population be invalid when applied to any situation, then as to such situation any such provision shall be deemed to be excised from this Act, and the trustee whose appointment is thus affected shall be appointed at large by the presiding officer of the county board with the advice and consent of the county board except if the district embraces more than one county in which case the trustees shall be appointed at large by a majority vote of the presiding officers of the county boards of the counties which encompass any portion of the district.

(6) In the case of a board representing a district that embraces Franklin and Jefferson counties, a trustee may be removed for incompetence, neglect of duty, or malfeasance in office by the appropriate
appointing presiding officer or officers, without the advice and consent of
the corporate authorities, by filing a written order of removal with the
appropriate county or municipal clerk or clerks.

(7) Notwithstanding any other provision of law to the contrary, in
the case of a board representing a district that embraces Franklin and
Jefferson counties, the terms of all trustees shall end on the effective date
of this amendatory Act of the 94th General Assembly. Beginning on that
date, the board shall consist of 7 trustees. The 7 trustees initially
appointed pursuant to this amendatory Act of the 94th General Assembly
shall be appointed in the same manner as otherwise provided in this
Section by the appropriate appointing authority and shall serve the
following terms, as determined by lot: (i) 2 trustees shall serve until July
1, 2006; (ii) 2 trustees shall serve until July 1, 2007; (iii) one trustee shall
serve until July 1, 2008; (iv) one trustee shall serve until July 1, 2009; and
(v) one trustee shall serve until July 1, 2010. Upon expiration of the terms
of the trustees initially appointed under this amendatory Act of the 94th
General Assembly, their respective successors shall be appointed for
terms of 5 years, beginning on July 1 of the year in which the previous
term expires and until their respective successors are appointed and
qualified. After the appointment of the trustees initially appointed
pursuant to this amendatory Act of the 94th General Assembly, the number
of trustees on the board may be increased in accordance with subsection
(4).

Opportunity Law of the Civil Administrative Code of Illinois is amended
by changing Section 605-332 as follows:

New matter indicated by italics - deletions by strikeout
(20 ILCS 605/605-332)

Sec. 605-332. Financial assistance to energy generation facilities.

(a) As used in this Section:

"New electric generating facility" means a newly-constructed electric generation plant or a newly constructed generation capacity expansion at an existing facility, including the transmission lines and associated equipment that transfers electricity from points of supply to points of delivery, and for which foundation construction commenced not sooner than July 1, 2001, which is designed to provide baseload electric generation operating on a continuous basis throughout the year and:

(1) has an aggregate rated generating capacity of at least 400 megawatts for all new units at one site, uses coal or gases derived from coal as its primary fuel source, and supports the creation of at least 150 new Illinois coal mining jobs; or

(2) is (i) funded through a federal Department of Energy grant before July 1, 2006 and supports the creation of Illinois coal-mining jobs; or (ii) 2005, and (ii)

(3) uses coal gasification or integrated gasification-combined cycle units that generate electricity or chemicals, or both, and that supports the creation of Illinois coal-mining jobs.

"New gasification facility" means a newly constructed coal gasification facility that generates chemical feedstocks or transportation fuels derived from coal (which may include, but are not limited to, methane, methanol, and nitrogen fertilizer), that supports the creation or retention of Illinois coal-mining jobs, and that qualifies for financial assistance from the Department before December 31, 2006. A new gasification facility does not include a pilot project located within Jefferson County or within a county adjacent to Jefferson County for synthetic natural gas from coal.

"New facility" means a new electric generating facility or a new gasification facility. A new facility does not include a pilot project located within Jefferson County or within a county adjacent to Jefferson County for synthetic natural gas from coal.

Any projections provided by an eligible business as part of the application shall be independently verified in a manner as set forth by the Department. An application shall include, but not be limited to:

(1) the projected or actual completion date of the new electric generating facility for which financial assistance is sought;

(2) copies of documentation deemed acceptable by the Department establishing either (i) the total State occupation and use taxes paid on Illinois-mined coal used at the new electric generating facility for a minimum of 4 preceding calendar quarters or (ii) the projected amount of State occupation and use taxes paid on Illinois-mined coal used at the new electric generating facility in 4 calendar year quarters after completion of the new electric generating facility. Bond proceeds subject to this Section shall not be allocated to an eligible business until the eligible business has demonstrated the revenue stream sufficient to service the debt on the bonds; and

(3) the actual or projected amount of capital investment by the eligible business in the new electric generating facility.

The Department shall determine the maximum amount of financial assistance for eligible businesses in accordance with this paragraph. The Department shall not provide financial assistance from general obligation bond funds to any eligible business unless it receives a written certification from the Director of the Bureau of the Budget (now Governor's Office of Management and Budget) that 80% of the State occupation and use tax receipts for a minimum of the preceding 4 calendar quarters for all eligible businesses or as included in projections on approved applications by eligible businesses equal or exceed 110% of the maximum annual debt service required with respect to general obligation bonds issued for that purpose. The Department may provide financial assistance not to exceed the amount of State general obligation debt calculated as above, the amount of actual or projected capital investment in the energy generation...
facility, or $100,000,000, whichever is less. Financial assistance received pursuant to this Section may be used for capital facilities consisting of buildings, structures, durable equipment, and land at the new electric generating facility. Subject to the provisions of the agreement covering the financial assistance, a portion of the financial assistance may be required to be repaid to the State if certain conditions for the governmental purpose of the assistance were not met.

An eligible business shall file a monthly report with the Illinois Department of Revenue stating the amount of Illinois-mined coal purchased during the previous month for use in the new electric generating facility, the purchase price of that coal, the amount of State occupation and use taxes paid on that purchase to the seller of the Illinois-mined coal, and such other information as that Department may reasonably require. In sales of Illinois-mined coal between related parties, the purchase price of the coal must have been determined in an arms-length transaction. The report shall be filed with the Illinois Department of Revenue on or before the 20th day of each month on a form provided by that Department. However, no report need be filed by an eligible business in a month when it made no reportable purchases of coal in the previous month. The Illinois Department of Revenue shall provide a summary of such reports to the Governor's Office of Management and Budget.

Upon granting financial assistance to an eligible business, the Department shall certify the name of the eligible business to the Illinois Department of Revenue. Beginning with the receipt of the first report of State occupation and use taxes paid by an eligible business and continuing for a 25-year period, the Illinois Department of Revenue shall each month pay into the Energy Infrastructure Fund 80% of the net revenue realized from the 6.25% general rate on the selling price of Illinois-mined coal that was sold to an eligible business.

The business must certify in writing that the investments would not be placed in service in qualified property and the job creation or job retention would not occur without the tax credits and exemptions set forth in subsection (b) of this Section. The terms "placed in service" and "qualified property" have the same meanings as described in subsection (h) of Section 201 of the Illinois Income Tax Act; or
   B. the business intends to establish a new electric generating facility at a designated location in Illinois. "New electric generating facility", for purposes of this Section, means a newly-constructed electric generation plant or a newly-constructed generation capacity expansion at an existing electric generation plant, including the transmission lines and associated equipment that transfers electricity from points of supply to points of delivery, and for which such new foundation construction commenced not sooner than July 1, 2001. Such facility shall be designed to provide baseload electric generation and shall operate on a continuous basis throughout the year; and (i) shall have an aggregate rated generating capacity of at least 1,000 megawatts for all new units at one site if it uses natural gas as its primary fuel and foundation construction of the facility is commenced on or before December 31, 2004, or shall have an aggregate rated generating capacity of at least
400 megawatts for all new units at one site if it uses coal or gases derived from coal as its primary fuel and shall support the creation of at least 150 new Illinois coal mining jobs, or; (ii) shall be funded through a federal Department of Energy grant before July 1, 2006 and shall support the creation of Illinois coal-mining jobs, or (iii) shall use 2005, and (ii) uses coal gasification or integrated gasification-combined cycle units that generate electricity or chemicals, or both, and shall support the creation of Illinois coal-mining jobs. The term "placed in service" has the same meaning as described in subsection (h) of Section 201 of the Illinois Income Tax Act; or

(B-5) the business intends to establish a new gasification facility at a designated location in Illinois. As used in this Section, "new gasification facility" means a newly constructed coal gasification facility that generates chemical feedstocks or transportation fuels derived from coal (which may include, but are not limited to, methane, methanol, and nitrogen fertilizer), that supports the creation or retention of Illinois coal-mining jobs, and that qualifies for financial assistance from the Department before December 31, 2006. For the purposes of this Section, "transmission facilities" means transmission lines with a voltage rating of 115 kilovolts or above, including associated equipment, that transfer electricity from points of supply to points of delivery and that transmit a majority of the electricity generated by a new electric generating facility designated as a High Impact Business in accordance with this Section. The business must certify in writing that the investments necessary to construct new transmission facilities or upgrade existing transmission facilities would not be placed in service without the tax credits and exemptions set forth in subsection (b-5) of this Section. The term "placed in service" has the same meaning as described in subsection (h) of Section 201 of the Illinois Income Tax Act; and

(4) no later than 90 days after an application is submitted, the Department shall notify the applicant of the Department's determination of the qualification of the proposed High Impact Business under this Section.

(b) Businesses designated as High Impact Businesses pursuant to subdivision (a)(3)(A) of this Section shall qualify for the credits and exemptions described in the following Acts: Section 9-222 and Section 9-222.1A of the Public Utilities Act, subsection (h) of Section 201 of the Illinois Income Tax Act, and Section 1d of the Retailers' Occupation Tax Act; provided that these credits and exemptions described in these Acts shall not be authorized until the minimum investments set forth in subdivision (a)(3)(A) of this Section have been placed in service in qualified properties and, in the case of the exemptions described in the

Businesses designated as High Impact Businesses under this Section shall also qualify for the exemption described in Section 51 of the Retailers' Occupation Tax Act. The credit provided in subsection (h) of Section 201 of the Illinois Income Tax Act shall be applicable to investments in qualified property as set forth in subdivision (a)(3)(A) of this Section.

(b-5) Businesses designated as High Impact Businesses pursuant to subdivisions (a)(3)(B), (a)(3)(B-5), (a)(3)(C), and (a)(3)(D) of this Section shall qualify for the credits and exemptions described in the following Acts: Section 51 of the Retailers' Occupation Tax Act, Section 9-222 and Section 9-222.1A of the Public Utilities Act, and subsection (h) of Section 201 of the Illinois Income Tax Act; however, the credits and exemptions authorized under Section 9-222 and Section 9-222.1A of the Public Utilities Act, and subsection (h) of Section 201 of the Illinois Income Tax Act shall not be authorized until the new electric generating facility, the new transmission facility, or the new, expanded, or reopened coal mine is operational, except that a new electric generating facility whose primary fuel source is natural gas is eligible only for the exemption under Section 51 of the Retailers' Occupation Tax Act.

(c) High Impact Businesses located in federally designated foreign trade zones or sub-zones are also eligible for additional credits, exemptions and deductions as described in the following Acts: Section 9-221 and Section 9-222.1 of the Public Utilities Act; and subsection (g) of Section 201, and Section 203 of the Illinois Income Tax Act.

(d) Existing Illinois businesses which apply for designation as a High Impact Business must provide the Department with the prospective plan for which 1,500 full-time jobs would be eliminated in the event that the business is not designated.

(e) New proposed facilities which apply for designation as High Impact Business must provide the Department with proof of alternative non-Illinois sites which would receive the proposed investment and job creation in the event that the business is not designated as a High Impact Business.

(f) In the event that a business is designated a High Impact Business and it is later determined after reasonable notice and an opportunity for a hearing as provided under the Illinois Administrative Procedure Act, that the business would have placed in service in qualified
property the investments and created or retained the requisite number of jobs without the benefits of the High Impact Business designation, the Department shall be required to immediately revoke the designation and notify the Director of the Department of Revenue who shall begin proceedings to recover all wrongfully exempted State taxes with interest. The business shall also be ineligible for all State funded Department programs for a period of 10 years.

(g) The Department shall revoke a High Impact Business designation if the participating business fails to comply with the terms and conditions of the designation.

(h) Prior to designating a business, the Department shall provide the members of the General Assembly and Commission on Government Forecasting and Accountability with a report setting forth the terms and conditions of the designation and guarantees that have been received by the Department in relation to the proposed business being designated.

Section 15. The School Code is amended by adding Section 2-3.127a and by changing Sections 2-3.64, 2-3.131, 14-8.01, and 18-8.05 as follows:

(105 ILCS 5/2-3.64) (from Ch. 122, par. 2-3.64)
Sec. 2-3.64. State goals and assessment.
(a) Beginning in the 1998-1999 school year, the State Board of Education shall establish standards and periodically, in collaboration with local school districts, conduct studies of student performance in the learning areas of fine arts and physical development/health.

Beginning with the 1998-1999 school year until the 2004-2005 school year, the State Board of Education shall annually test: (i) all pupils enrolled in the 3rd, 5th, and 8th grades in English language arts (reading, writing, and English grammar) and mathematics; and (ii) all pupils enrolled in the 4th and 7th grades in the biological and physical sciences and the social sciences (history, geography, civics, economics, and government). Unless the testing required to be implemented no later than the 2005-2006 school year under this subsection (a) is implemented for the 2004-2005 school year, for the 2004-2005 school year, the State Board of Education shall test: (i) all pupils enrolled in the 3rd, 5th, and 8th grades in English language arts (reading and English grammar) and mathematics and (ii) all pupils enrolled in the 4th and 7th grades in the biological and physical sciences. The maximum time allowed for all actual testing required under this paragraph shall not exceed 25 hours, as allocated among the required tests by the State Board of Education, across all grades tested.

Beginning no later than the 2005-2006 school year, the State Board of Education shall annually test: (i) all pupils enrolled in the 3rd, 4th, 5th, 6th, 7th, and 8th grades in reading and mathematics and (ii) all pupils enrolled in the 4th and 7th grades in the biological and physical sciences. In addition, the State Board of Education shall test (1) all pupils enrolled in the 5th and 8th grades in writing during the 2006-2007 school year; (2) all pupils enrolled in the 5th, 6th, and 8th grades in writing during the 2007-2008 school year; and (3) all pupils enrolled in the 3rd, 5th, 6th, and 8th grades in writing during the 2008-2009 school year and each school year thereafter. After the addition of grades and change in subjects as delineated in this paragraph and including whatever other tests that may be approved from time to time no later than the 2005-2006 school year, the maximum time allowed for all State testing in grades 3 through 8 shall not exceed 38 hours across those grades.

Beginning with the 2004-2005 school year, the State Board of Education shall not test pupils under this subsection (a) in writing, physical development and health, fine arts, and the social sciences (history, geography, civics, economics, and government). The State Board of Education shall not test pupils under this subsection (a) in writing during the 2005-2006 school year.

The State Board of Education shall establish the academic standards that are to be applicable to pupils who are subject to State tests under this Section beginning with the 1998-1999 school year. However, the State Board of Education shall not establish any such standards in final form without first providing opportunities for public participation and local input in the development of the final academic standards. Those opportunities shall include a well-publicized period of public comment, public hearings throughout the State, and opportunities to file written comments. Beginning with the 1998-99 school year and thereafter, the State tests will identify pupils in the 3rd grade or 5th grade who do not meet the State standards.

If, by performance on the State tests or local assessments or by teacher judgment, a student's performance is determined to be 2 or more grades below current placement, the student shall be provided a remediation program developed by the district in consultation with a parent or guardian. Such remediation programs may include, but shall not be limited to, increased or concentrated instructional time, a remedial summer school program of not less than 90 hours, improved instructional approaches, tutorial sessions, retention in grade, and modifications to instructional materials. Each pupil for whom a remediation program is developed under this subsection shall be required to enroll in and attend whatever program the district determines is appropriate for the pupil. Districts may combine students in remediation programs where appropriate and may cooperate with other districts in the design and delivery of those programs. The parent or guardian of a student required to attend a remediation program under this Section shall be given written notice of that requirement by the school district a reasonable time prior to commencement of the remediation program that the student is to attend. The State shall be responsible for providing school districts with the new and additional funding, under Section 2-3.51.5 or by other or additional means, that is required to enable the districts to operate remediation programs for the pupils who are required to enroll in and attend those programs under this Section. Every individualized educational program as

described in Article 14 shall identify if the State test or components thereof are appropriate for that student. The State Board of Education shall develop rules and regulations governing the administration of alternative tests prescribed within each student's individualized educational program which are appropriate to the disability of each student.

All pupils who are in a State approved transitional bilingual education program or transitional program of instruction shall participate in the State tests. Any student who has been enrolled in a State approved bilingual education program less than 3 cumulative academic years may take an accommodated State test, to be known as the Illinois Measure of Annual Growth in English (IMAGE), if the student's lack of English as determined by an English language proficiency test would keep the student from understanding the regular State test. If the school district determines, on a case-by-case individual basis, that IMAGE would likely yield more accurate and reliable information on what the student knows and can do, the school district may make a determination to assess the student using IMAGE for a period that does not exceed 2 additional consecutive years, provided that the student has not yet reached a level of English language proficiency sufficient to yield valid and reliable information on what the student knows and can do on the regular State test.

Reasonable accommodations as prescribed by the State Board of Education shall be provided for individual students in the testing procedure. All test procedures prescribed by the State Board of Education shall require: (i) that each test used for State and local student testing under this Section identify by name the pupil taking the test; (ii) that the name of the pupil taking the test be placed on the test at the time the test is taken; (iii) that the results or scores of each test taken under this Section by a pupil of the school district be reported to that district and identify by name the pupil who received the reported results or scores; and (iv) that the results or scores of each test taken under this Section be made available to the parents of the pupil. In addition, in each school year the highest scores attained by a student on the Prairie State Achievement Examination administered under subsection (c) of this Section and any Prairie State Achievement Awards received by the student shall become part of the student's permanent record and shall be entered on the student's transcript pursuant to regulations that the State Board of Education shall promulgate for that purpose in accordance with Section 3 and subsection (e) of Section 2 of the Illinois School Student Records Act. Beginning with the 1998-1999 school year and in every school year thereafter, scores

New matter indicated by italics - deletions by strikeout
received by students on the State assessment tests administered in grades 3 through 8 shall be placed into students' temporary records.

The State Board of Education shall establish a period of time, to be referred to as the State test window, in each school year for which State testing shall occur to meet the objectives of this Section. However, if the schools of a district are closed and classes are not scheduled during any week that is established by the State Board of Education as the State test window, the school district may (at the discretion of the State Board of Education) move its State test window one week earlier or one week later than the established State test window, so long as the school district gives the State Board of Education written notice of its intention to deviate from the established schedule by December 1 of the school year in which falls the State test window established by the State Board of Education for the testing.

(a-5) All tests administered pursuant to this Section shall be academically based. For the purposes of this Section "academically based tests" shall mean tests consisting of questions and answers that are measurable and quantifiable to measure the knowledge, skill, and ability of students in the subject matters covered by tests. The scoring of academically based tests shall be reliable, valid, unbiased and shall meet the guidelines for test development and use prescribed by the American Psychological Association, the National Council of Measurement and Evaluation, and the American Educational Research Association. Academically based tests shall not include assessments or evaluations of attitudes, values, or beliefs, or testing of personality, self-esteem, or self-concept. Nothing in this amendatory Act is intended, nor shall it be construed, to nullify, supersede, or contradict the legislative intent on academic testing expressed during the passage of HB 1005/P.A. 90-296. Nothing in this Section is intended, nor shall it be construed, to nullify, supersede, or contradict the legislative intent on academic testing expressed in the preamble of this amendatory Act of the 93rd General Assembly.

The State Board of Education shall monitor the use of short answer questions in the math and reading assessments or in other assessments in order to demonstrate that the use of short answer questions results in a statistically significant improvement in student achievement as measured on the State assessments for math and reading or on other State assessments and is justifiable in terms of cost and student performance.
(b) It shall be the policy of the State to encourage school districts to continuously test pupil proficiency in the fundamental learning areas in order to: (i) provide timely information on individual students' performance relative to State standards that is adequate to guide instructional strategies; (ii) improve future instruction; and (iii) complement the information provided by the State testing system described in this Section. Each district's school improvement plan must address specific activities the district intends to implement to assist pupils who by teacher judgment and test results as prescribed in subsection (a) of this Section demonstrate that they are not meeting State standards or local objectives. Such activities may include, but shall not be limited to, summer school, extended school day, special homework, tutorial sessions, modified instructional materials, other modifications in the instructional program, reduced class size or retention in grade. To assist school districts in testing pupil proficiency in reading in the primary grades, the State Board shall make optional reading inventories for diagnostic purposes available to each school district that requests such assistance. Districts that administer the reading inventories may develop remediation programs for students who perform in the bottom half of the student population. Those remediation programs may be funded by moneys provided under the School Safety and Educational Improvement Block Grant Program established under Section 2-3.51.5. Nothing in this Section shall prevent school districts from implementing testing and remediation policies for grades not required under this Section.

(c) Beginning with the 2000-2001 school year, each school district that operates a high school program for students in grades 9 through 12 shall annually administer the Prairie State Achievement Examination established under this subsection to its students as set forth below. The Prairie State Achievement Examination shall be developed by the State Board of Education to measure student performance in the academic areas of reading, writing, mathematics, science, and social sciences. Beginning with the 2004-2005 school year, however, the State Board of Education shall not test a student in writing and the social sciences (history, geography, civics, economics, and government) as part of the Prairie State Achievement Examination unless the student is retaking the Prairie State Achievement Examination in the fall of 2004. In addition, the State Board of Education shall not test a student in writing as part of the Prairie State Achievement Examination during the 2005-2006 school year. The State Board of Education shall establish the academic standards that are to apply

New matter indicated by italics - deletions by strikeout
in measuring student performance on the Prairie State Achievement Examination including the minimum examination score in each area that will qualify a student to receive a Prairie State Achievement Award from the State in recognition of the student's excellent performance. Each school district that is subject to the requirements of this subsection (c) shall afford all students 2 opportunities to take the Prairie State Achievement Examination beginning as late as practical during the second semester of grade 11, but in no event before March 1. The State Board of Education shall annually notify districts of the weeks during which these test administrations shall be required to occur. Every individualized educational program as described in Article 14 shall identify if the Prairie State Achievement Examination or components thereof are appropriate for that student. Each student, exclusive of a student whose individualized educational program developed under Article 14 identifies the Prairie State Achievement Examination as inappropriate for the student, shall be required to take the examination in grade 11. For each academic area the State Board of Education shall establish the score that qualifies for the Prairie State Achievement Award on that portion of the examination. Any student who fails to earn a qualifying score for a Prairie State Achievement Award in any one or more of the academic areas on the initial test administration or who wishes to improve his or her score on any portion of the examination shall be permitted to retake such portion or portions of the examination during grade 12. Districts shall inform their students of the timelines and procedures applicable to their participation in every yearly administration of the Prairie State Achievement Examination. Students receiving special education services whose individualized educational programs identify the Prairie State Achievement Examination as inappropriate for them nevertheless shall have the option of taking the examination, which shall be administered to those students in accordance with standards adopted by the State Board of Education to accommodate the respective disabilities of those students. A student who successfully completes all other applicable high school graduation requirements but fails to receive a score on the Prairie State Achievement Examination that qualifies the student for receipt of a Prairie State Achievement Award shall nevertheless qualify for the receipt of a regular high school diploma. In no case, however, shall a student receive a regular high school diploma without taking the Prairie State Achievement Examination, unless the student is exempted from taking the Prairie State Achievement Examination under this subsection (c) because the student's individualized

educational program developed under Article 14 of this Code identifies the Prairie State Achievement Examination as inappropriate for the student, (ii) the student is exempt due to the student's lack of English language proficiency under subsection (a) of this Section, or (iii) the student is enrolled in a program of Adult and Continuing Education as defined in the Adult Education Act.

(d) Beginning with the 2002-2003 school year, all schools in this State that are part of the sample drawn by the National Center for Education Statistics, in collaboration with their school districts and the State Board of Education, shall administer the biennial State academic assessments of 4th and 8th grade reading and mathematics under the National Assessment of Educational Progress carried out under Section m11(b)(2) of the National Education Statistics Act of 1994 (20 U.S.C. 9010) if the Secretary of Education pays the costs of administering the assessments.

(e) Beginning no later than the 2005-2006 school year, subject to available federal funds to this State for the purpose of student assessment, the State Board of Education shall provide additional tests and assessment resources that may be used by school districts for local diagnostic purposes. These tests and resources shall include without limitation additional high school writing, physical development and health, and fine arts assessments. The State Board of Education shall annually distribute a listing of these additional tests and resources, using funds available from appropriations made for student assessment purposes.

(f) For the assessment and accountability purposes of this Section, "all pupils" includes those pupils enrolled in a public or State-operated elementary school, secondary school, or cooperative or joint agreement with a governing body or board of control, a charter school operating in compliance with the Charter Schools Law, a school operated by a regional office of education under Section 13A-3 of this Code, or a public school administered by a local public agency or the Department of Human Services.

Sec. 2-3.131. Transitional assistance payments.

(a) If the amount that the State Board of Education will pay to a school district from fiscal year 2004 appropriations, as estimated by the State Board of Education on April 1, 2004, is less than the amount that the State Board of Education paid to the school district from fiscal year 2003 appropriations, then, subject to appropriation, the State Board of Education shall make a fiscal year 2004 transitional assistance payment to the school district in an amount equal to the difference between the estimated amount to be paid from fiscal year 2004 appropriations and the amount paid from fiscal year 2003 appropriations.

(b) If the amount that the State Board of Education will pay to a school district from fiscal year 2005 appropriations, as estimated by the State Board of Education on April 1, 2005, is less than the amount that the State Board of Education paid to the school district from fiscal year 2004 appropriations, then the State Board of Education shall make a fiscal year 2005 transitional assistance payment to the school district in an amount equal to the difference between the estimated amount to be paid from fiscal year 2005 appropriations and the amount paid from fiscal year 2004 appropriations.

Section 14-1.02 shall be under the supervision of and subject to the approval of the State Board of Education.

All special education facilities, building programs, and housing shall comply with the building code authorized by Section 2-3.12.

All educational programs for children with disabilities as defined in Section 14-1.02 administered by any State agency shall be under the general supervision of the State Board of Education. Such supervision shall be limited to insuring that such educational programs meet standards jointly developed and agreed to by both the State Board of Education and the operating State agency, including standards for educational personnel.

Any State agency providing special educational programs for children with disabilities as defined in Section 14-1.02 shall promulgate rules and regulations, in consultation with the State Board of Education and pursuant to the Illinois Administrative Procedure Act as now or hereafter amended, to insure that all such programs comply with this Section and Section 14-8.02.

No otherwise qualified disabled child receiving special education and related services under Article 14 shall solely by reason of his or her disability be excluded from the participation in or be denied the benefits of or be subjected to discrimination under any program or activity provided by a State agency.

State agencies providing special education and related services, including room and board, either directly or through grants or purchases of services shall continue to provide these services according to current law and practice. Room and board costs not provided by a State agency other than the State Board of Education shall be provided by the State Board of Education to the extent of available funds. An amount equal to one-half of the State education agency's share of IDEA PART B federal monies, or so much thereof as may actually be needed, shall annually be appropriated to pay for the additional costs of providing for room and board for those children placed pursuant to Section 14-7.02 of this Code and, after all such room and board costs are paid, for similar expenditures for children served pursuant to Section 14-7.02 or 14-7.02b of this Code. Any such excess room and board funds must first be directed to those school districts with students costing in excess of 4 times the district's per capita tuition charge and then to community based programs that serve as alternatives to residential placements.

shall be allocated by the State Board of Education in the same manner as IDEA, PART B "flow through" funding to local school districts, joint agreements, and special education cooperatives for the maintenance of instructional and related support services to students with disabilities. However, beginning with Fiscal Year 1998, the total IDEA Part B discretionary funds available to the State Board of Education shall not exceed the maximum permissible under federal law or 20% of the total federal funds available to the State, whichever is less. In no case shall the aggregate IDEA Part B discretionary funds received by the State Board of Education exceed the amount of IDEA Part B discretionary funds available to the State Board of Education for Fiscal Year 1997, excluding any carryover funds from prior fiscal years, increased by 3% for Fiscal Year 1998 and increased by an additional 3% for each fiscal year thereafter. After all room and board payments and similar expenditures are made by the State Board of Education as required by this Section, the State Board of Education may use the remaining funds for administration and for providing discretionary activities. However, the State Board of Education may use no more than 25% of its available IDEA Part B discretionary funds for administrative services.

Special education and related services included in the child's individualized educational program which are not provided by another State agency shall be included in the special education and related services provided by the State Board of Education and the local school district.

The State Board of Education with the advice of the Advisory Council shall prescribe the standards and make the necessary rules and regulations for special education programs administered by local school boards, including but not limited to establishment of classes, training requirements of teachers and other professional personnel, eligibility and admission of pupils, the curriculum, class size limitation, building programs, housing, transportation, special equipment and instructional supplies, and the applications for claims for reimbursement. The State Board of Education shall promulgate rules and regulations for annual evaluations of the effectiveness of all special education programs and annual evaluation by the local school district of the individualized educational program for each child for whom it provides special education services.

Sec. 18-8.05. Basis for apportionment of general State financial aid and supplemental general State aid to the common schools for the 1998-1999 and subsequent school years.
(A) General Provisions.
(1) The provisions of this Section apply to the 1998-1999 and subsequent school years. The system of general State financial aid provided for in this Section is designed to assure that, through a combination of State financial aid and required local resources, the financial support provided each pupil in Average Daily Attendance equals or exceeds a prescribed per pupil Foundation Level. This formula approach imputes a level of per pupil Available Local Resources and provides for the basis to calculate a per pupil level of general State financial aid that, when added to Available Local Resources, equals or exceeds the Foundation Level. The amount of per pupil general State financial aid for school districts, in general, varies in inverse relation to Available Local Resources. Per pupil amounts are based upon each school district's Average Daily Attendance as that term is defined in this Section.
(2) In addition to general State financial aid, school districts with specified levels or concentrations of pupils from low income households are eligible to receive supplemental general State financial aid grants as provided pursuant to subsection (H). The supplemental State aid grants provided for school districts under subsection (H) shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section.
(3) To receive financial assistance under this Section, school districts are required to file claims with the State Board of Education, subject to the following requirements:
(a) Any school district which fails for any given school year to maintain school as required by law, or to maintain a recognized school is not eligible to file for such school year any claim upon the Common School Fund. In case of nonrecognition of one or more attendance centers in a school district otherwise operating recognized schools, the claim of the district shall be reduced in the proportion which the Average Daily Attendance in the attendance

New matter indicated by italics - deletions by strikeout
center or centers bear to the Average Daily Attendance in the school district. A "recognized school" means any public school which meets the standards as established for recognition by the State Board of Education. A school district or attendance center not having recognition status at the end of a school term is entitled to receive State aid payments due upon a legal claim which was filed while it was recognized.

(b) School district claims filed under this Section are subject to Sections 18-9, 18-10, and 18-12, except as otherwise provided in this Section.

(c) If a school district operates a full year school under Section 10-19.1, the general State aid to the school district shall be determined by the State Board of Education in accordance with this Section as near as may be applicable.

(d) (Blank).

(4) Except as provided in subsections (H) and (L), the board of any district receiving any of the grants provided for in this Section may apply those funds to any fund so received for which that board is authorized to make expenditures by law.

School districts are not required to exert a minimum Operating Tax Rate in order to qualify for assistance under this Section.

(5) As used in this Section the following terms, when capitalized, shall have the meaning ascribed herein:

(a) "Average Daily Attendance": A count of pupil attendance in school, averaged as provided for in subsection (C) and utilized in deriving per pupil financial support levels.

(b) "Available Local Resources": A computation of local financial support, calculated on the basis of Average Daily Attendance and derived as provided pursuant to subsection (D).

(c) "Corporate Personal Property Replacement Taxes": Funds paid to local school districts pursuant to "An Act in relation to the abolition of ad valorem personal property tax and the replacement of revenues lost thereby, and amending and repealing certain Acts and parts of Acts in connection therewith", certified August 14, 1979, as amended (Public Act 81-1st S.S.-1).

(d) "Foundation Level": A prescribed level of per pupil financial support as provided for in subsection (B).

(e) "Operating Tax Rate": All school district property taxes extended for all purposes, except Bond and Interest, Summer
School, Rent, Capital Improvement, and Vocational Education Building purposes.

(B) Foundation Level.

(1) The Foundation Level is a figure established by the State representing the minimum level of per pupil financial support that should be available to provide for the basic education of each pupil in Average Daily Attendance. As set forth in this Section, each school district is assumed to exert a sufficient local taxing effort such that, in combination with the aggregate of general State financial aid provided the district, an aggregate of State and local resources are available to meet the basic education needs of pupils in the district.

(2) For the 1998-1999 school year, the Foundation Level of support is $4,225. For the 1999-2000 school year, the Foundation Level of support is $4,325. For the 2000-2001 school year, the Foundation Level of support is $4,425. For the 2001-2002 school year and 2002-2003 school year, the Foundation Level of support is $4,560. For the 2003-2004 school year, the Foundation Level of support is $4,810. For the 2004-2005 school year, the Foundation Level of support is $4,964. For the 2005-2006 school year and each school year thereafter, the Foundation Level of support is $5,164 or such greater amount as may be established by law by the General Assembly.

(C) Average Daily Attendance.

(1) For purposes of calculating general State aid pursuant to subsection (E), an Average Daily Attendance figure shall be utilized. The Average Daily Attendance figure for formula calculation purposes shall be the monthly average of the actual number of pupils in attendance of each school district, as further averaged for the best 3 months of pupil attendance for each school district. In compiling the figures for the number of pupils in attendance, school districts and the State Board of Education shall, for purposes of general State aid funding, conform attendance figures to the requirements of subsection (F).

(2) The Average Daily Attendance figures utilized in subsection (E) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated or the average of the attendance data for the 3 preceding school years, whichever is greater. The Average Daily Attendance figures utilized in subsection (H) shall be the requisite attendance data for the school year.
immediately preceding the school year for which general State aid is being calculated.

(D) Available Local Resources.

(1) For purposes of calculating general State aid pursuant to subsection (E), a representation of Available Local Resources per pupil, as that term is defined and determined in this subsection, shall be utilized. Available Local Resources per pupil shall include a calculated dollar amount representing local school district revenues from local property taxes and from Corporate Personal Property Replacement Taxes, expressed on the basis of pupils in Average Daily Attendance. Calculation of Available Local Resources shall exclude any tax amnesty funds received as a result of Public Act 93-26.

(2) In determining a school district's revenue from local property taxes, the State Board of Education shall utilize the equalized assessed valuation of all taxable property of each school district as of September 30 of the previous year. The equalized assessed valuation utilized shall be obtained and determined as provided in subsection (G).

(3) For school districts maintaining grades kindergarten through 12, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 3.00%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades kindergarten through 8, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 2.30%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades 9 through 12, local property tax revenues per pupil shall be the applicable equalized assessed valuation of the district multiplied by 1.05%, and divided by the district's Average Daily Attendance figure.

(4) The Corporate Personal Property Replacement Taxes paid to each school district during the calendar year 2 years before the calendar year in which a school year begins, divided by the Average Daily Attendance figure for that district, shall be added to the local property tax revenues per pupil as derived by the application of the immediately preceding paragraph (3). The sum of these per pupil figures for each school district shall constitute Available Local Resources as that term is utilized in subsection (E) in the calculation of general State aid.

(E) Computation of General State Aid.
(1) For each school year, the amount of general State aid allotted to a school district shall be computed by the State Board of Education as provided in this subsection.

(2) For any school district for which Available Local Resources per pupil is less than the product of 0.93 times the Foundation Level, general State aid for that district shall be calculated as an amount equal to the Foundation Level minus Available Local Resources, multiplied by the Average Daily Attendance of the school district.

(3) For any school district for which Available Local Resources per pupil is equal to or greater than the product of 0.93 times the Foundation Level and less than the product of 1.75 times the Foundation Level, the general State aid per pupil shall be a decimal proportion of the Foundation Level derived using a linear algorithm. Under this linear algorithm, the calculated general State aid per pupil shall decline in direct linear fashion from 0.07 times the Foundation Level for a school district with Available Local Resources equal to the product of 0.93 times the Foundation Level, to 0.05 times the Foundation Level for a school district with Available Local Resources equal to the product of 1.75 times the Foundation Level. The allocation of general State aid for school districts subject to this paragraph 3 shall be the calculated general State aid per pupil figure multiplied by the Average Daily Attendance of the school district.

(4) For any school district for which Available Local Resources per pupil equals or exceeds the product of 1.75 times the Foundation Level, the general State aid for the school district shall be calculated as the product of $218 multiplied by the Average Daily Attendance of the school district.

(5) The amount of general State aid allocated to a school district for the 1999-2000 school year meeting the requirements set forth in paragraph (4) of subsection (G) shall be increased by an amount equal to the general State aid that would have been received by the district for the 1998-1999 school year by utilizing the Extension Limitation Equalized Assessed Valuation as calculated in paragraph (4) of subsection (G) less the general State aid allotted for the 1998-1999 school year. This amount shall be deemed a one time increase, and shall not affect any future general State aid allocations.

(F) Compilation of Average Daily Attendance.

(1) Each school district shall, by July 1 of each year, submit to the State Board of Education, on forms prescribed by the State Board of Education, attendance figures for the school year that began in the
preceding calendar year. The attendance information so transmitted shall identify the average daily attendance figures for each month of the school year. Beginning with the general State aid claim form for the 2002-2003 school year, districts shall calculate Average Daily Attendance as provided in subdivisions (a), (b), and (c) of this paragraph (1).

(a) In districts that do not hold year-round classes, days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

(b) In districts in which all buildings hold year-round classes, days of attendance in July and August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

(c) In districts in which some buildings, but not all, hold year-round classes, for the non-year-round buildings, days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May. The average daily attendance for the year-round buildings shall be computed as provided in subdivision (b) of this paragraph (1). To calculate the Average Daily Attendance for the district, the average daily attendance for the year-round buildings shall be multiplied by the days in session for the non-year-round buildings for each month and added to the monthly attendance of the non-year-round buildings.

Except as otherwise provided in this Section, days of attendance by pupils shall be counted only for sessions of not less than 5 clock hours of school work per day under direct supervision of: (i) teachers, or (ii) non-teaching personnel or volunteer personnel when engaging in non-teaching duties and supervising in those instances specified in subsection (a) of Section 10-22.34 and paragraph 10 of Section 34-18, with pupils of legal school age and in kindergarten and grades 1 through 12.

Days of attendance by tuition pupils shall be accredited only to the districts that pay the tuition to a recognized school.

(2) Days of attendance by pupils of less than 5 clock hours of school shall be subject to the following provisions in the compilation of Average Daily Attendance.

(a) Pupils regularly enrolled in a public school for only a part of the school day may be counted on the basis of 1/6 day for every class hour of instruction of 40 minutes or more attended pursuant to such enrollment, unless a pupil is enrolled in a block-
schedule format of 80 minutes or more of instruction, in which case the pupil may be counted on the basis of the proportion of minutes of school work completed each day to the minimum number of minutes that school work is required to be held that day.

(b) Days of attendance may be less than 5 clock hours on the opening and closing of the school term, and upon the first day of pupil attendance, if preceded by a day or days utilized as an institute or teachers' workshop.

(c) A session of 4 or more clock hours may be counted as a day of attendance upon certification by the regional superintendent, and approved by the State Superintendent of Education to the extent that the district has been forced to use daily multiple sessions.

(d) A session of 3 or more clock hours may be counted as a day of attendance (1) when the remainder of the school day or at least 2 hours in the evening of that day is utilized for an in-service training program for teachers, up to a maximum of 5 days per school year of which a maximum of 4 days of such 5 days may be used for parent-teacher conferences, provided a district conducts an in-service training program for teachers which has been approved by the State Superintendent of Education; or, in lieu of 4 such days, 2 full days may be used, in which event each such day may be counted as a day of attendance; and (2) when days in addition to those provided in item (1) are scheduled by a school pursuant to its school improvement plan adopted under Article 34 or its revised or amended school improvement plan adopted under Article 2, provided that (i) such sessions of 3 or more clock hours are scheduled to occur at regular intervals, (ii) the remainder of the school days in which such sessions occur are utilized for in-service training programs or other staff development activities for teachers, and (iii) a sufficient number of minutes of school work under the direct supervision of teachers are added to the school days between such regularly scheduled sessions to accumulate not less than the number of minutes by which such sessions of 3 or more clock hours fall short of 5 clock hours. Any full days used for the purposes of this paragraph shall not be considered for computing average daily attendance. Days scheduled for in-service training programs, staff development activities, or parent-teacher

conferences may be scheduled separately for different grade levels and different attendance centers of the district.

(e) A session of not less than one clock hour of teaching hospitalized or homebound pupils on-site or by telephone to the classroom may be counted as 1/2 day of attendance, however these pupils must receive 4 or more clock hours of instruction to be counted for a full day of attendance.

(f) A session of at least 4 clock hours may be counted as a day of attendance for first grade pupils, and pupils in full day kindergartens, and a session of 2 or more hours may be counted as 1/2 day of attendance by pupils in kindergartens which provide only 1/2 day of attendance.

(g) For children with disabilities who are below the age of 6 years and who cannot attend 2 or more clock hours because of their disability or immaturity, a session of not less than one clock hour may be counted as 1/2 day of attendance; however for such children whose educational needs so require a session of 4 or more clock hours may be counted as a full day of attendance.

(h) A recognized kindergarten which provides for only 1/2 day of attendance by each pupil shall not have more than 1/2 day of attendance counted in any one day. However, kindergartens may count 2 1/2 days of attendance in any 5 consecutive school days. When a pupil attends such a kindergarten for 2 half days on any one school day, the pupil shall have the following day as a day absent from school, unless the school district obtains permission in writing from the State Superintendent of Education. Attendance at kindergartens which provide for a full day of attendance by each pupil shall be counted the same as attendance by first grade pupils. Only the first year of attendance in one kindergarten shall be counted, except in case of children who entered the kindergarten in their fifth year whose educational development requires a second year of kindergarten as determined under the rules and regulations of the State Board of Education.

(G) Equalized Assessed Valuation Data.

(1) For purposes of the calculation of Available Local Resources required pursuant to subsection (D), the State Board of Education shall secure from the Department of Revenue the value as equalized or assessed by the Department of Revenue of all taxable property of every school district, together with (i) the applicable tax rate used in extending taxes for
the funds of the district as of September 30 of the previous year and (ii) the limiting rate for all school districts subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law.

The Department of Revenue shall add to the equalized assessed value of all taxable property of each school district situated entirely or partially within a county that is or was subject to the alternative general homestead exemption provisions of Section 15-176 of the Property Tax Code (a) (i) an amount equal to the total amount by which the homestead exemption allowed under Section 15-176 of the Property Tax Code for real property situated in that school district exceeds the total amount that would have been allowed in that school district if the maximum reduction under Section 15-176 was (i) $4,500 in Cook County or $3,500 in all other counties in tax year 2003 or (ii) $5,000 in all counties in tax year 2004 and thereafter and (b) (ii) an amount equal to the aggregate amount for the taxable year of all additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of $30,000 or less. The county clerk of any county that is or was subject to the alternative general homestead exemption provisions of Section 15-176 of the Property Tax Code shall annually calculate and certify to the Department of Revenue for each school district all homestead exemption amounts under Section 15-176 of the Property Tax Code and all amounts of additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of $30,000 or less. It is the intent of this paragraph that if the general homestead exemption for a parcel of property is determined under Section 15-176 of the Property Tax Code rather than Section 15-175, then the calculation of Available Local Resources shall not be affected by the difference, if any, between the amount of the general homestead exemption allowed for that parcel of property under Section 15-176 of the Property Tax Code and the amount that would have been allowed had the general homestead exemption for that parcel of property been determined under Section 15-175 of the Property Tax Code. It is further the intent of this paragraph that if additional exemptions are allowed under Section 15-175 of the Property Tax Code for owners with a household income of less than $30,000, then the calculation of Available Local Resources shall not be affected by the difference, if any, because of those additional exemptions.

This equalized assessed valuation, as adjusted further by the requirements of this subsection, shall be utilized in the calculation of Available Local Resources.

(2) The equalized assessed valuation in paragraph (1) shall be adjusted, as applicable, in the following manner:

(a) For the purposes of calculating State aid under this Section, with respect to any part of a school district within a redevelopment project area in respect to which a municipality has adopted tax increment allocation financing pursuant to the Tax Increment Allocation Redevelopment Act, Sections 11-74.4-1 through 11-74.4-11 of the Illinois Municipal Code or the Industrial Jobs Recovery Law, Sections 11-74.6-1 through 11-74.6-50 of the Illinois Municipal Code, no part of the current equalized assessed valuation of real property located in any such project area which is attributable to an increase above the total initial equalized assessed valuation of such property shall be used as part of the equalized assessed valuation of the district, until such time as all redevelopment project costs have been paid, as provided in Section 11-74.4-8 of the Tax Increment Allocation Redevelopment Act or in Section 11-74.6-35 of the Industrial Jobs Recovery Law. For the purpose of the equalized assessed valuation of the district, the total initial equalized assessed valuation or the current equalized assessed valuation, whichever is lower, shall be used until such time as all redevelopment project costs have been paid.

(b) The real property equalized assessed valuation for a school district shall be adjusted by subtracting from the real property value as equalized or assessed by the Department of Revenue for the district an amount computed by dividing the amount of any abatement of taxes under Section 18-170 of the Property Tax Code by 3.00% for a district maintaining grades kindergarten through 12, by 2.30% for a district maintaining grades kindergarten through 8, or by 1.05% for a district maintaining grades 9 through 12 and adjusted by an amount computed by dividing the amount of any abatement of taxes under subsection (a) of Section 18-165 of the Property Tax Code by the same percentage rates for district type as specified in this subparagraph (b).

(3) For the 1999-2000 school year and each school year thereafter, if a school district meets all of the criteria of this subsection (G)(3), the school district's Available Local Resources shall be calculated under subsection (D) using the district's Extension Limitation Equalized Assessed Valuation as calculated under this subsection (G)(3).
For purposes of this subsection (G)(3) the following terms shall have the following meanings:

"Budget Year": The school year for which general State aid is calculated and awarded under subsection (E).

"Base Tax Year": The property tax levy year used to calculate the Budget Year allocation of general State aid.

"Preceding Tax Year": The property tax levy year immediately preceding the Base Tax Year.

"Base Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Base Tax Year multiplied by the limiting rate as calculated by the County Clerk and defined in the Property Tax Extension Limitation Law.

"Preceding Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Preceding Tax Year multiplied by the Operating Tax Rate as defined in subsection (A).

"Extension Limitation Ratio": A numerical ratio, certified by the County Clerk, in which the numerator is the Base Tax Year's Tax Extension and the denominator is the Preceding Tax Year's Tax Extension.

"Operating Tax Rate": The operating tax rate as defined in subsection (A).

If a school district is subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation of that district. For the 1999-2000 school year, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the district's 1996 Equalized Assessed Valuation and the district's Extension Limitation Ratio. For the 2000-2001 school year and each school year thereafter, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the Equalized Assessed Valuation last used in the calculation of general State aid and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of a school district as calculated under this subsection (G)(3) is less than the district's equalized assessed valuation as calculated pursuant to subsections (G)(1) and (G)(2), then for purposes of calculating the

New matter indicated by italics - deletions by strikeout
district's general State aid for the Budget Year pursuant to subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources under subsection (D).

(4) For the purposes of calculating general State aid for the 1999-2000 school year only, if a school district experienced a triennial reassessment on the equalized assessed valuation used in calculating its general State financial aid apportionment for the 1998-1999 school year, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation that would have been used to calculate the district's 1998-1999 general State aid. This amount shall equal the product of the equalized assessed valuation used to calculate general State aid for the 1997-1998 school year and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of the school district as calculated under this paragraph (4) is less than the district's equalized assessed valuation utilized in calculating the district's 1998-1999 general State aid allocation, then for purposes of calculating the district's general State aid pursuant to paragraph (5) of subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources.

(5) For school districts having a majority of their equalized assessed valuation in any county except Cook, DuPage, Kane, Lake, McHenry, or Will, if the amount of general State aid allocated to the school district for the 1999-2000 school year under the provisions of subsection (E), (H), and (J) of this Section is less than the amount of general State aid allocated to the district for the 1998-1999 school year under these subsections, then the general State aid of the district for the 1999-2000 school year only shall be increased by the difference between these amounts. The total payments made under this paragraph (5) shall not exceed $14,000,000. Claims shall be prorated if they exceed $14,000,000.

(H) Supplemental General State Aid.

(1) In addition to the general State aid a school district is allotted pursuant to subsection (E), qualifying school districts shall receive a grant, paid in conjunction with a district's payments of general State aid, for supplemental general State aid based upon the concentration level of children from low-income households within the school district. Supplemental State aid grants provided for school districts under this subsection shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section. If the appropriation in any

New matter indicated by italics - deletions by strikeout
fiscal year for general State aid and supplemental general State aid is insufficient to pay the amounts required under the general State aid and supplemental general State aid calculations, then the State Board of Education shall ensure that each school district receives the full amount due for general State aid and the remainder of the appropriation shall be used for supplemental general State aid, which the State Board of Education shall calculate and pay to eligible districts on a prorated basis.

(1.5) This paragraph (1.5) applies only to those school years preceding the 2003-2004 school year. For purposes of this subsection (H), the term "Low-Income Concentration Level" shall be the low-income eligible pupil count from the most recently available federal census divided by the Average Daily Attendance of the school district. If, however, (i) the percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count of a high school district with fewer than 400 students exceeds by 75% or more the percentage change in the total low-income eligible pupil count of contiguous elementary school districts, whose boundaries are coterminous with the high school district, or (ii) a high school district within 2 counties and serving 5 elementary school districts, whose boundaries are coterminous with the high school district, has a percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count and there is a percentage increase in the total low-income eligible pupil count of a majority of the elementary school districts in excess of 50% from the 2 most recent federal censuses, then the high school district's low-income eligible pupil count from the earlier federal census shall be the number used as the low-income eligible pupil count for the high school district, for purposes of this subsection (H). The changes made to this paragraph (1) by Public Act 92-28 shall apply to supplemental general State aid grants for school years preceding the 2003-2004 school year that are paid in fiscal year 1999 or thereafter and to any State aid payments made in fiscal year 1994 through fiscal year 1998 pursuant to subsection 1(n) of Section 18-8 of this Code (which was repealed on July 1, 1998), and any high school district that is affected by Public Act 92-28 is entitled to a recomputation of its supplemental general State aid grant or State aid paid in any of those fiscal years. This recomputation shall not be affected by any other funding.

(1.10) This paragraph (1.10) applies to the 2003-2004 school year and each school year thereafter. For purposes of this subsection (H), the term "Low-Income Concentration Level" shall, for each fiscal year, be the low-income eligible pupil count as of July 1 of the immediately preceding
fiscal year (as determined by the Department of Human Services based on the number of pupils who are eligible for at least one of the following low income programs: Medicaid, KidCare, TANF, or Food Stamps, excluding pupils who are eligible for services provided by the Department of Children and Family Services, averaged over the 2 immediately preceding fiscal years for fiscal year 2004 and over the 3 immediately preceding fiscal years for each fiscal year thereafter) divided by the Average Daily Attendance of the school district.

(2) Supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 1998-1999, 1999-2000, and 2000-2001 school years only:

(a) For any school district with a Low Income Concentration Level of at least 20% and less than 35%, the grant for any school year shall be $800 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level of at least 35% and less than 50%, the grant for the 1998-1999 school year shall be $1,100 multiplied by the low income eligible pupil count.

(c) For any school district with a Low Income Concentration Level of at least 50% and less than 60%, the grant for the 1998-99 school year shall be $1,500 multiplied by the low income eligible pupil count.

(d) For any school district with a Low Income Concentration Level of 60% or more, the grant for the 1998-99 school year shall be $1,900 multiplied by the low income eligible pupil count.

(e) For the 1999-2000 school year, the per pupil amount specified in subparagraphs (b), (c), and (d) immediately above shall be increased to $1,243, $1,600, and $2,000, respectively.

(f) For the 2000-2001 school year, the per pupil amounts specified in subparagraphs (b), (c), and (d) immediately above shall be $1,273, $1,640, and $2,050, respectively.

(2.5) Supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 2002-2003 school year:

(a) For any school district with a Low Income Concentration Level of less than 10%, the grant for each school year shall be $355 multiplied by the low income eligible pupil count.
(b) For any school district with a Low Income Concentration Level of at least 10% and less than 20%, the grant for each school year shall be $675 multiplied by the low income eligible pupil count.

(c) For any school district with a Low Income Concentration Level of at least 20% and less than 35%, the grant for each school year shall be $1,330 multiplied by the low income eligible pupil count.

(d) For any school district with a Low Income Concentration Level of at least 35% and less than 50%, the grant for each school year shall be $1,362 multiplied by the low income eligible pupil count.

(e) For any school district with a Low Income Concentration Level of at least 50% and less than 60%, the grant for each school year shall be $1,680 multiplied by the low income eligible pupil count.

(f) For any school district with a Low Income Concentration Level of 60% or more, the grant for each school year shall be $2,080 multiplied by the low income eligible pupil count.

(2.10) Except as otherwise provided, supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 2003-2004 school year and each school year thereafter:

(a) For any school district with a Low Income Concentration Level of 15% or less, the grant for each school year shall be $355 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level greater than 15%, the grant for each school year shall be $294.25 added to the product of $2,700 and the square of the Low Income Concentration Level, all multiplied by the low income eligible pupil count.

For the 2003-2004 school year, and 2004-2005 school year, and 2005-2006 school year only, the grant shall be no less than the grant for the 2002-2003 school year. For the 2006-2007, 2005-2006 school year only, the grant shall be no less than the grant for the 2002-2003 school year multiplied by 0.66. For the 2007-2008, 2006-2007 school year only, the grant shall be no less than the grant for the 2002-2003 school year multiplied by 0.33. Notwithstanding the provisions of this paragraph to the contrary, if for any school year supplemental general State aid grants

New matter indicated by italics - deletions by strikeout
are prorated as provided in paragraph (1) of this subsection (H), then the grants under this paragraph shall be prorated.

For the 2003-2004 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.25 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year. For the 2004-2005 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.50 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year. For the 2005-2006 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.75 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year.

(3) School districts with an Average Daily Attendance of more than 1,000 and less than 50,000 that qualify for supplemental general State aid pursuant to this subsection shall submit a plan to the State Board of Education prior to October 30 of each year for the use of the funds resulting from this grant of supplemental general State aid for the improvement of instruction in which priority is given to meeting the education needs of disadvantaged children. Such plan shall be submitted in accordance with rules and regulations promulgated by the State Board of Education.

(4) School districts with an Average Daily Attendance of 50,000 or more that qualify for supplemental general State aid pursuant to this subsection shall be required to distribute from funds available pursuant to this Section, no less than $261,000,000 in accordance with the following requirements:

(a) The required amounts shall be distributed to the attendance centers within the district in proportion to the number of pupils enrolled at each attendance center who are eligible to receive free or reduced-price lunches or breakfasts under the federal Child Nutrition Act of 1966 and under the National School Lunch Act during the immediately preceding school year.

(b) The distribution of these portions of supplemental and general State aid among attendance centers according to these
requirements shall not be compensated for or contravened by adjustments of the total of other funds appropriated to any attendance centers, and the Board of Education shall utilize funding from one or several sources in order to fully implement this provision annually prior to the opening of school.

(c) Each attendance center shall be provided by the school district a distribution of noncategorical funds and other categorical funds to which an attendance center is entitled under law in order that the general State aid and supplemental general State aid provided by application of this subsection supplements rather than supplants the noncategorical funds and other categorical funds provided by the school district to the attendance centers.

(d) Any funds made available under this subsection that by reason of the provisions of this subsection are not required to be allocated and provided to attendance centers may be used and appropriated by the board of the district for any lawful school purpose.

(e) Funds received by an attendance center pursuant to this subsection shall be used by the attendance center at the discretion of the principal and local school council for programs to improve educational opportunities at qualifying schools through the following programs and services: early childhood education, reduced class size or improved adult to student classroom ratio, enrichment programs, remedial assistance, attendance improvement, and other educationally beneficial expenditures which supplement the regular and basic programs as determined by the State Board of Education. Funds provided shall not be expended for any political or lobbying purposes as defined by board rule.

(f) Each district subject to the provisions of this subdivision (H)(4) shall submit an acceptable plan to meet the educational needs of disadvantaged children, in compliance with the requirements of this paragraph, to the State Board of Education prior to July 15 of each year. This plan shall be consistent with the decisions of local school councils concerning the school expenditure plans developed in accordance with part 4 of Section 34-2.3. The State Board shall approve or reject the plan within 60 days after its submission. If the plan is rejected, the district shall give written notice of intent to modify the plan within 15 days of
the notification of rejection and then submit a modified plan within 30 days after the date of the written notice of intent to modify. Districts may amend approved plans pursuant to rules promulgated by the State Board of Education.

Upon notification by the State Board of Education that the district has not submitted a plan prior to July 15 or a modified plan within the time period specified herein, the State aid funds affected by that plan or modified plan shall be withheld by the State Board of Education until a plan or modified plan is submitted.

If the district fails to distribute State aid to attendance centers in accordance with an approved plan, the plan for the following year shall allocate funds, in addition to the funds otherwise required by this subsection, to those attendance centers which were underfunded during the previous year in amounts equal to such underfunding.

For purposes of determining compliance with this subsection in relation to the requirements of attendance center funding, each district subject to the provisions of this subsection shall submit as a separate document by December 1 of each year a report of expenditure data for the prior year in addition to any modification of its current plan. If it is determined that there has been a failure to comply with the expenditure provisions of this subsection regarding contravention or supplanting, the State Superintendent of Education shall, within 60 days of receipt of the report, notify the district and any affected local school council. The district shall within 45 days of receipt of that notification inform the State Superintendent of Education of the remedial or corrective action to be taken, whether by amendment of the current plan, if feasible, or by adjustment in the plan for the following year. Failure to provide the expenditure report or the notification of remedial or corrective action in a timely manner shall result in a withholding of the affected funds.

The State Board of Education shall promulgate rules and regulations to implement the provisions of this subsection. No funds shall be released under this subdivision (H)(4) to any district that has not submitted a plan that has been approved by the State Board of Education.

(I) General State Aid for Newly Configured School Districts.

New matter indicated by italics - deletions by strikeout
(1) For a new school district formed by combining property included totally within 2 or more previously existing school districts, for its first year of existence the general State aid and supplemental general State aid calculated under this Section shall be computed for the new district and for the previously existing districts for which property is totally included within the new district. If the computation on the basis of the previously existing districts is greater, a supplementary payment equal to the difference shall be made for the first 4 years of existence of the new district.

(2) For a school district which annexes all of the territory of one or more entire other school districts, for the first year during which the change of boundaries attributable to such annexation becomes effective for all purposes as determined under Section 7-9 or 7A-8, the general State aid and supplemental general State aid calculated under this Section shall be computed for the annexing district as constituted after the annexation and for the annexing and each annexed district as constituted prior to the annexation; and if the computation on the basis of the annexing and annexed districts as constituted prior to the annexation is greater, a supplementary payment equal to the difference shall be made for the first 4 years of existence of the annexing school district as constituted upon such annexation.

(3) For 2 or more school districts which annex all of the territory of one or more entire other school districts, and for 2 or more community unit districts which result upon the division (pursuant to petition under Section 11A-2) of one or more other unit school districts into 2 or more parts and which together include all of the parts into which such other unit school district or districts are so divided, for the first year during which the change of boundaries attributable to such annexation or division becomes effective for all purposes as determined under Section 7-9 or 11A-10, as the case may be, the general State aid and supplemental general State aid calculated under this Section shall be computed for each annexing or resulting district as constituted after the annexation or division and for each annexing and annexed district, or for each resulting and divided district, as constituted prior to the annexation or division; and if the aggregate of the general State aid and supplemental general State aid as so computed for the annexing or resulting districts as constituted after the annexation or division is less than the aggregate of the general State aid and supplemental general State aid as so computed for the annexing and annexed districts, or for the resulting and divided districts, as constituted
prior to the annexation or division, then a supplementary payment equal to the difference shall be made and allocated between or among the annexing or resulting districts, as constituted upon such annexation or division, for the first 4 years of their existence. The total difference payment shall be allocated between or among the annexing or resulting districts in the same ratio as the pupil enrollment from that portion of the annexed or divided district or districts which is annexed to or included in each such annexing or resulting district bears to the total pupil enrollment from the entire annexed or divided district or districts, as such pupil enrollment is determined for the school year last ending prior to the date when the change of boundaries attributable to the annexation or division becomes effective for all purposes. The amount of the total difference payment and the amount thereof to be allocated to the annexing or resulting districts shall be computed by the State Board of Education on the basis of pupil enrollment and other data which shall be certified to the State Board of Education, on forms which it shall provide for that purpose, by the regional superintendent of schools for each educational service region in which the annexing and annexed districts, or resulting and divided districts are located.

(3.5) Claims for financial assistance under this subsection (I) shall not be recomputed except as expressly provided under this Section.

(4) Any supplementary payment made under this subsection (I) shall be treated as separate from all other payments made pursuant to this Section.

(J) Supplementary Grants in Aid.

(1) Notwithstanding any other provisions of this Section, the amount of the aggregate general State aid in combination with supplemental general State aid under this Section for which each school district is eligible shall be no less than the amount of the aggregate general State aid entitlement that was received by the district under Section 18-8 (exclusive of amounts received under subsections 5(p) and 5(p-5) of that Section) for the 1997-98 school year, pursuant to the provisions of that Section as it was then in effect. If a school district qualifies to receive a supplementary payment made under this subsection (J), the amount of the aggregate general State aid in combination with supplemental general State aid under this Section which that district is eligible to receive for each school year shall be no less than the amount of the aggregate general State aid entitlement that was received by the district under Section 18-8 (exclusive of amounts received under subsections 5(p) and 5(p-5) of that Section) for the 1997-98 school year, pursuant to the provisions of that Section as it was then in effect.
Section) for the 1997-1998 school year, pursuant to the provisions of that Section as it was then in effect.

(2) If, as provided in paragraph (1) of this subsection (J), a school district is to receive aggregate general State aid in combination with supplemental general State aid under this Section for the 1998-99 school year and any subsequent school year that in any such school year is less than the amount of the aggregate general State aid entitlement that the district received for the 1997-98 school year, the school district shall also receive, from a separate appropriation made for purposes of this subsection (J), a supplementary payment that is equal to the amount of the difference in the aggregate State aid figures as described in paragraph (1).

(3) (Blank).

(K) Grants to Laboratory and Alternative Schools.

In calculating the amount to be paid to the governing board of a public university that operates a laboratory school under this Section or to any alternative school that is operated by a regional superintendent of schools, the State Board of Education shall require by rule such reporting requirements as it deems necessary.

As used in this Section, "laboratory school" means a public school which is created and operated by a public university and approved by the State Board of Education. The governing board of a public university which receives funds from the State Board under this subsection (K) may not increase the number of students enrolled in its laboratory school from a single district, if that district is already sending 50 or more students, except under a mutual agreement between the school board of a student's district of residence and the university which operates the laboratory school. A laboratory school may not have more than 1,000 students, excluding students with disabilities in a special education program.

As used in this Section, "alternative school" means a public school which is created and operated by a Regional Superintendent of Schools and approved by the State Board of Education. Such alternative schools may offer courses of instruction for which credit is given in regular school programs, courses to prepare students for the high school equivalency testing program or vocational and occupational training. A regional superintendent of schools may contract with a school district or a public community college district to operate an alternative school. An alternative school serving more than one educational service region may be established by the regional superintendents of schools of the affected educational service regions. An alternative school serving more than one
educational service region may be operated under such terms as the regional superintendents of schools of those educational service regions may agree.

Each laboratory and alternative school shall file, on forms provided by the State Superintendent of Education, an annual State aid claim which states the Average Daily Attendance of the school's students by month. The best 3 months' Average Daily Attendance shall be computed for each school. The general State aid entitlement shall be computed by multiplying the applicable Average Daily Attendance by the Foundation Level as determined under this Section.

(L) Payments, Additional Grants in Aid and Other Requirements.

(1) For a school district operating under the financial supervision of an Authority created under Article 34A, the general State aid otherwise payable to that district under this Section, but not the supplemental general State aid, shall be reduced by an amount equal to the budget for the operations of the Authority as certified by the Authority to the State Board of Education, and an amount equal to such reduction shall be paid to the Authority created for such district for its operating expenses in the manner provided in Section 18-11. The remainder of general State school aid for any such district shall be paid in accordance with Article 34A when that Article provides for a disposition other than that provided by this Article.

(2) (Blank).

(3) Summer school. Summer school payments shall be made as provided in Section 18-4.3.

(M) Education Funding Advisory Board.

The Education Funding Advisory Board, hereinafter in this subsection (M) referred to as the "Board", is hereby created. The Board shall consist of 5 members who are appointed by the Governor, by and with the advice and consent of the Senate. The members appointed shall include representatives of education, business, and the general public. One of the members so appointed shall be designated by the Governor at the time the appointment is made as the chairperson of the Board. The initial members of the Board may be appointed any time after the effective date of this amendatory Act of 1997. The regular term of each member of the Board shall be for 4 years from the third Monday of January of the year in which the term of the member's appointment is to commence, except that of the 5 initial members appointed to serve on the Board, the member who is appointed as the chairperson shall serve for a term that commences on the date of his or her appointment and expires on the third Monday of
January, 2002, and the remaining 4 members, by lots drawn at the first meeting of the Board that is held after all 5 members are appointed, shall determine 2 of their number to serve for terms that commence on the date of their respective appointments and expire on the third Monday of January, 2001, and 2 of their number to serve for terms that commence on the date of their respective appointments and expire on the third Monday of January, 2000. All members appointed to serve on the Board shall serve until their respective successors are appointed and confirmed. Vacancies shall be filled in the same manner as original appointments. If a vacancy in membership occurs at a time when the Senate is not in session, the Governor shall make a temporary appointment until the next meeting of the Senate, when he or she shall appoint, by and with the advice and consent of the Senate, a person to fill that membership for the unexpired term. If the Senate is not in session when the initial appointments are made, those appointments shall be made as in the case of vacancies.

The Education Funding Advisory Board shall be deemed established, and the initial members appointed by the Governor to serve as members of the Board shall take office, on the date that the Governor makes his or her appointment of the fifth initial member of the Board, whether those initial members are then serving pursuant to appointment and confirmation or pursuant to temporary appointments that are made by the Governor as in the case of vacancies.

The State Board of Education shall provide such staff assistance to the Education Funding Advisory Board as is reasonably required for the proper performance by the Board of its responsibilities.

For school years after the 2000-2001 school year, the Education Funding Advisory Board, in consultation with the State Board of Education, shall make recommendations as provided in this subsection (M) to the General Assembly for the foundation level under subdivision (B)(3) of this Section and for the supplemental general State aid grant level under subsection (H) of this Section for districts with high concentrations of children from poverty. The recommended foundation level shall be determined based on a methodology which incorporates the basic education expenditures of low-spending schools exhibiting high academic performance. The Education Funding Advisory Board shall make such recommendations to the General Assembly on January 1 of odd numbered years, beginning January 1, 2001.

(1) References in other laws to the various subdivisions of Section 18-8 as that Section existed before its repeal and replacement by this Section 18-8.05 shall be deemed to refer to the corresponding provisions of this Section 18-8.05, to the extent that those references remain applicable.

(2) References in other laws to State Chapter 1 funds shall be deemed to refer to the supplemental general State aid provided under subsection (H) of this Section.

(P) Public Act 93-838 This amendatory Act of the 93rd General Assembly and Public Act 93-808 House Bill 4266 of the 93rd General Assembly make inconsistent changes to this Section. If House Bill 4266 becomes law, then Under Section 6 of the Statute on Statutes there is an irreconcilable conflict between Public Act 93-808 and Public Act 93-838 House Bill 4266 and this amendatory Act. Public Act 93-838 This amendatory Act, being the last acted upon, is controlling. A local match equivalent to an amount which could be raised by a tax levy at the rate of .05% on the assessed value of property within the boundaries of Madison County, Monroe and St. Clair Counties is required annually to cause a total of 2/32 of the net revenue to be deposited in the Metro-East Public Transportation Fund. Failure to raise the required local match annually shall result in only 1/32 being deposited into the Metro-East Public Transportation Fund after July 1, 1989, or 1/32 of 80% of the net revenue realized for tax periods beginning on or after January 1, 1990.

(b-5) As soon as possible after the first day of each month, beginning July 1, 2005, upon certification of the Department of Revenue, the Comptroller shall order transferred, and the Treasurer shall transfer, from the General Revenue Fund to the Downstate Public Transportation Fund, an amount equal to 3/32 of 80% of the net revenue realized from within the boundaries of Monroe and St. Clair Counties under the State Tax Acts specified in subsection (a) of this Section and provided further that, beginning July 1, 2005, the provisions of subsection (b) shall no longer apply with respect to such tax receipts from Monroe and St. Clair Counties.

(c) The Department shall certify to the Department of Revenue the eligible participants under this Article and the territorial boundaries of such participants for the purposes of the Department of Revenue in subsections (a) and (b) of this Section.

(d) For the purposes of this Article the Department shall include in its annual request for appropriation of ordinary and contingent expenses an amount equal to the sum total funds projected to be paid to the participants pursuant to Section 2-7.

(e) In addition to any other permitted use of moneys in the Fund, and notwithstanding any restriction on the use of the Fund, moneys in the Downstate Public Transportation Fund may be transferred to the General Revenue Fund as authorized by Public Act 87-14. Sec. 2-6. Allocation of funds.

New matter indicated by italics - deletions by strikeout
(a) With respect to all participants other than any Metro-East Transit District participant, the Department shall allocate the funds to be made available to each participant under this Article for the following fiscal year and shall notify the chief official of each participant not later than the first day of the fiscal year of this amount. For Fiscal Year 1975, notification shall be made not later than January 1, 1975, of the amount of such allocation. In determining the allocation for each participant, the Department shall estimate the funds available to the participant from the Downstate Public Transportation Fund for the purposes of this Article during the succeeding fiscal year, and shall allocate to each participant the amount attributable to it which shall be the amount paid into the Downstate Public Transportation Fund under Section 2-3 from within its boundaries. Said allocations may be exceeded for participants receiving assistance equal to one-third of their eligible operating expenses, only if an allocation is less than one-third of such participant's eligible operating expenses, provided, however, that no other participant is denied its one-third of eligible operating expenses. Beginning in Fiscal Year 1997, said allocation may be exceeded for participants receiving assistance equal to the percentage of their eligible operating expenses provided for in paragraph (b) of Section 2-7, only if allocation is less than the percentage of such participant's eligible operating expenses provided for in paragraph (b) of Section 2-7, provided however, that no other participant is denied its percentage of eligible operating expenses.

(b) With regard to any Metro-East Transit District organized under the Local Mass Transit District Act and serving one or more of the Counties of Madison, Monroe and St. Clair during Fiscal Year 1989, the Department shall allocate the funds to be made available to each participant for the following and succeeding fiscal years and shall notify the chief official of each participant not later than the first day of the fiscal year of this amount. Beginning July 1, 2005, the Department shall allocate 55% of the amount paid into the Metro-East Public Transportation Fund to the District serving primarily the Counties of Monroe and St. Clair and 45% of the amount to that District serving primarily the County of Madison.

substantially the same elements, or any inchoate offenses relating to the foregoing offenses. Educational, vocational, substance abuse and correctional industry programs under which good conduct credit may be increased under this paragraph (4) shall be evaluated by the Department on the basis of documented standards. The Department shall report the results of these evaluations to the Governor and the General Assembly by September 30th of each year. The reports shall include data relating to the recidivism rate among program participants.

Availability of these programs shall be subject to the limits of fiscal resources appropriated by the General Assembly for these purposes. Eligible inmates who are denied immediate admission shall be placed on a waiting list under criteria established by the Department. The inability of any inmate to become engaged in any such programs by reason of insufficient program resources or for any other reason established under the rules and regulations of the Department shall not be deemed a cause of action under which the Department or any employee or agent of the Department shall be liable for damages to the inmate.

substance abuse treatment shall be subject to the limits of fiscal resources appropriated by the General Assembly for these purposes. If treatment is not available, the prisoner shall be placed on a waiting list under criteria established by the Department. The Department may require a prisoner placed on a waiting list to attend a substance abuse education class or attend substance abuse self-help meetings. A prisoner may not lose good conduct credit as a result of being placed on a waiting list. A prisoner placed on a waiting list remains eligible for increased good conduct credit for participation in an educational, vocational, or correctional industry program under clause (4) of subsection (a) of this Section.

(5) Whenever the Department is to release any inmate earlier than it otherwise would because of a grant of good conduct credit for meritorious service given at any time during the term, the Department shall give reasonable advance notice of the impending release to the State's Attorney of the county where the prosecution of the inmate took place.

(b) Whenever a person is or has been committed under several convictions, with separate sentences, the sentences shall be construed under Section 5-8-4 in granting and forfeiting of good time.

(c) The Department shall prescribe rules and regulations for revoking good conduct credit, or suspending or reducing the rate of accumulation of good conduct credit for specific rule violations, during imprisonment. These rules and regulations shall provide that no inmate may be penalized more than one year of good conduct credit for any one infraction.

When the Department seeks to revoke, suspend or reduce the rate of accumulation of any good conduct credits for an alleged infraction of its rules, it shall bring charges therefor against the prisoner sought to be so deprived of good conduct credits before the Prisoner Review Board as provided in subparagraph (a)(4) of Section 3-3-2 of this Code, if the amount of credit at issue exceeds 30 days or when during any 12 month period, the cumulative amount of credit revoked exceeds 30 days except where the infraction is committed or discovered within 60 days of scheduled release. In those cases, the Department of Corrections may revoke up to 30 days of good conduct credit. The Board may subsequently approve the revocation of additional good conduct credit, if the Department seeks to revoke good conduct credit in excess of 30 days. However, the Board shall not be empowered to review the Department's
decision with respect to the loss of 30 days of good conduct credit within any calendar year for any prisoner or to increase any penalty beyond the length requested by the Department.

The Director of the Department of Corrections, in appropriate cases, may restore up to 30 days good conduct credits which have been revoked, suspended or reduced. Any restoration of good conduct credits in excess of 30 days shall be subject to review by the Prisoner Review Board. However, the Board may not restore good conduct credit in excess of the amount requested by the Director.

Nothing contained in this Section shall prohibit the Prisoner Review Board from ordering, pursuant to Section 3-3-9(a)(3)(i)(B), that a prisoner serve up to one year of the sentence imposed by the court that was not served due to the accumulation of good conduct credit.

(d) If a lawsuit is filed by a prisoner in an Illinois or federal court against the State, the Department of Corrections, or the Prisoner Review Board, or against any of their officers or employees, and the court makes a specific finding that a pleading, motion, or other paper filed by the prisoner is frivolous, the Department of Corrections shall conduct a hearing to revoke up to 180 days of good conduct credit by bringing charges against the prisoner sought to be deprived of the good conduct credits before the Prisoner Review Board as provided in subparagraph (a)(8) of Section 3-3-2 of this Code. If the prisoner has not accumulated 180 days of good conduct credit at the time of the finding, then the Prisoner Review Board may revoke all good conduct credit accumulated by the prisoner.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Epilepsy Disease Assistance Act.

Section 5. Policy declaration. The General Assembly finds that epilepsy is a devastating health condition that afflicts 2,300,000 United States citizens, over 125,000 of whom reside in Illinois. The General Assembly also finds that epilepsy afflicts its victims at all ages, but is particularly devastating to children and the elderly. It is the opinion of the General Assembly that epilepsy can cause serious financial, social, and emotional hardships on the victims and their families of such a major consequence that it is essential for the State to develop and implement policies, plans, and programs to alleviate these hardships.

It is the intent of the General Assembly through implementation of this Act to establish a program for the conduct of epilepsy education, awareness, and treatment initiatives designed to address the service gaps and treatment needs of the people impacted by epilepsy. Additionally, it is the intent of the General Assembly, through a comprehensive, statewide
system of community-based services (Epilepsy Treatment and Education Program), to provide for the identification, evaluation, diagnosis, referral, and treatment of victims of this disease.

Section 10. Duties of the Department.
Subject to the availability of funds for these purposes, the Department of Public Health shall:

(1) Assist in the development of programs for the care and treatment of persons suffering from epilepsy.

(2) Institute and carry on a statewide educational initiative among health care professionals, teachers, school administrators, public health departments, and families, including the dissemination of information and the conducting of educational programs to assist in the early recognition and referral of persons for appropriate followup and treatment.

(3) Develop standards for determining eligibility for care and treatment under this program. Among other standards so developed under this paragraph, candidates, to be eligible, must be referred and evaluated by a program properly staffed and affiliated with a national epilepsy program.

(4) Extend assistance to the programs listed in item (2) in order to facilitate linkages for persons with epilepsy through the following:

(i) referral and evaluation for appropriate care management and treatment; and

(ii) diagnosis and treatment by epileptologists and the Epilepsy Foundation.

Section 15. Epilepsy Advisory Committee. The Epilepsy Advisory Committee is created as a committee within the Department of Public Health. The Epilepsy Advisory Committee shall consist of the Director of Public Health, or his or her designee, who shall serve as a non-voting member and who shall be the co-chair of the Committee, and 13 voting members appointed by the Governor.

The voting members shall include persons who are experienced in the delivery of diagnoses, treatment, and support services to victims of epilepsy and their families. The voting members shall include 3 board-certified neurologists licensed to practice medicine in all of its branches, at least one of whom shall be a Director of a comprehensive epilepsy center; one representative of an educational institution that is affiliated with a medical center in the State; one representative of a licensed hospital; one

nurse; one social worker; one representative of an organization established under the Illinois Insurance Code for the purpose of providing health insurance; one representative of each Illinois Epilepsy Foundation affiliate; and 2 people with epilepsy or members of their families.

Each voting member shall serve for a term of 2 years and until his or her successor is appointed and qualified. Members of the Committee shall not be compensated, but shall be reimbursed for expenses actually incurred in the performance of their duties from funds appropriated for that purpose. No more than 9 voting members may be of the same political party. Vacancies shall be filled in the same manner as original appointments.

The Epilepsy Advisory Committee shall advise the Department of Public Health on their duties under this Act.

Section 20. Regional programs. The Epilepsy Committee shall recommend the establishment of regional epilepsy treatment and education programs designed to provide community services to people with epilepsy and their families.

Section 25. Epilepsy Treatment and Education Grants-in-Aid Fund. The Epilepsy Treatment and Education Grants-in-Aid Fund is created as a special fund in the State treasury. Using appropriations from the Fund, the Department of Public Health shall provide grants-in-aid (i) to fund necessary educational activities and (ii) for the development and maintenance of services for victims of epilepsy and their families, as managed through an epilepsy program properly staffed and affiliated with a national epilepsy program. The Department shall adopt rules governing the distribution and specific purpose of these grants.

Section 35. The Illinois Income Tax Act is amended by changing Sections 509 and 510 and by adding Section 507EE as follows:

If, on October 1 of any year, the total contributions to any one of the funds made under this Section do not equal $100,000 or more, the explanations and spaces for designating contributions to the fund shall be removed from the individual income tax return forms for the following and all subsequent years and all subsequent contributions to the fund shall be refunded to the taxpayer.

PUBLIC ACT 94-0074
(House Bill No.1058)

AN ACT concerning business.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Consumer Fraud and Deceptive Business Practices Act is amended by changing Section 2MM as follows:

(815 ILCS 505/2MM)

Sec. 2MM. Verification of accuracy of credit reporting information used to extend consumers credit and security freeze on credit report for identity theft victims.

(a) A credit card issuer who mails an offer or solicitation to apply for a credit card and who receives a completed application in response to the offer or solicitation which lists an address that is not substantially the same as the address on the offer or solicitation may not issue a credit card

New matter indicated by italics - deletions by strikeout
based on that application until reasonable steps have been taken to verify the applicant's change of address.

(b) Any person who uses a consumer credit report in connection with the approval of credit based on the application for an extension of credit, and who has received notification of a police report filed with a consumer reporting agency that the applicant has been a victim of financial identity theft, as defined in Section 16G-15 of the Criminal Code of 1961, may not lend money or extend credit without taking reasonable steps to verify the consumer's identity and confirm that the application for an extension of credit is not the result of financial identity theft.

(c) A consumer who has been the victim of identity theft may place a security freeze on his or her credit report by making a request in writing by certified mail to a consumer credit reporting agency with a valid copy of a police report, investigative report, or complaint that the consumer has filed with a law enforcement agency about unlawful use of his or her personal information by another person. A credit reporting agency shall not charge a fee for placing, removing, or removing for a specific party or period of time a security freeze on a credit report. A security freeze shall prohibit, subject to the exceptions under subsection (i) of this Section, the credit reporting agency from releasing the consumer's credit report or any information from it without the express authorization of the consumer. When a security freeze is in place, information from a consumer's credit report shall not be released to a third party without prior express authorization from the consumer. This subsection does not prevent a credit reporting agency from advising a third party that a security freeze is in effect with respect to the consumer's credit report.

(d) A credit reporting agency shall place a security freeze on a consumer's credit report no later than 5 business days after receiving a written request from the consumer.

(e) The credit reporting agency shall send a written confirmation of the security freeze to the consumer within 10 business days and shall provide the consumer with a unique personal identification number or password, other than the consumer's Social Security number, to be used by the consumer when providing authorization for the release of his or her credit for a specific party or period of time.

(f) If the consumer wishes to allow his or her credit report to be accessed for a specific party or period of time while a freeze is in place, he or she shall contact the consumer credit reporting agency, request that the freeze be temporarily lifted, and provide the following:

New matter indicated by italics - deletions by strikeout
(1) Proper identification;
(2) The unique personal identification number or password provided by the credit reporting agency; and
(3) The proper information regarding the third party or time period for which the report shall be available to users of the credit report.

(g) A credit reporting agency may develop procedures involving the use of telephone, fax, the Internet, or other electronic media to receive and process a request from a consumer to temporarily lift a freeze on a credit report pursuant to subsection (f) in an expedited manner.

(h) A credit reporting agency that receives a request from a consumer to temporarily lift a freeze on a credit report pursuant to subsection (f), shall comply with the request no later than 3 business days after receiving the request.

(i) A credit reporting agency shall remove or temporarily lift a freeze placed on a consumer's credit report only in the following cases:

(1) upon consumer request, pursuant to subsection (f) or subsection (l) of this Section; or

(2) if the consumer's credit report was frozen due to a material misrepresentation of fact by the consumer.

If a consumer credit reporting agency intends to remove a freeze upon a consumer's credit report pursuant to this subsection, the consumer credit reporting agency shall notify the consumer in writing prior to removing the freeze on the consumer's credit report.

(j) If a third party requests access to a credit report on which a security freeze is in effect, and this request is in connection with an application for credit or any other use, and the consumer does not allow his or her credit report to be accessed for that specific party or period of time, the third party may treat the application as incomplete.

(k) If a consumer requests a security freeze, the credit reporting agency shall disclose to the consumer the process of placing and temporarily lifting a security freeze, and the process for allowing access to information from the consumer's credit report for a specific party or period of time while the freeze is in place.

(l) A security freeze shall remain in place until the consumer requests that the security freeze be removed. A credit reporting agency shall remove a security freeze within 3 business days of receiving a request for removal from the consumer, who provides both of the following:

New matter indicated by italics - deletions by strikeout
(1) Proper identification; and
(2) The unique personal identification number or password provided by the credit reporting agency.

(m) A consumer credit reporting agency shall require proper identification of the person making a request to place or remove a security freeze.

(n) The provisions of subsections (c) through (m) of this Section do not apply to the use of a consumer credit report by any of the following:

(1) A person or entity, or a subsidiary, affiliate, or agent of that person or entity, or an assignee of a financial obligation owing by the consumer to that person or entity, or a prospective assignee of a financial obligation owing by the consumer to that person or entity in conjunction with the proposed purchase of the financial obligation, with which the consumer has or had prior to assignment an account or contract, including a demand deposit account, or to whom the consumer issued a negotiable instrument, for the purposes of reviewing the account or collecting the financial obligation owing for the account, contract, or negotiable instrument. For purposes of this subsection, "reviewing the account" includes activities related to account maintenance, monitoring, credit line increases, and account upgrades and enhancements.

(2) A subsidiary, affiliate, agent, assignee, or prospective assignee of a person to whom access has been granted under subsection (f) of this Section for purposes of facilitating the extension of credit or other permissible use.

(3) Any state or local agency, law enforcement agency, trial court, or private collection agency acting pursuant to a court order, warrant, or subpoena.

(4) A child support agency acting pursuant to Title IV-D of the Social Security Act.

(5) The relevant state agency or its agents or assigns acting to investigate Medicaid fraud.

(6) The Department of Revenue or its agents or assigns acting to investigate or collect delinquent taxes or unpaid court orders or to fulfill any of its other statutory responsibilities.

(7) The use of credit information for the purposes of prescreening as provided for by the federal Fair Credit Reporting Act.
(8) Any person or entity administering a credit file monitoring subscription service to which the consumer has subscribed.

(9) Any person or entity for the purpose of providing a consumer with a copy of his or her credit report upon the consumer's request.

(o) If a security freeze is in place, a credit reporting agency shall not change any of the following official information in a credit report without sending a written confirmation of the change to the consumer within 30 days of the change being posted to the consumer's file: (i) name, (ii) date of birth, (iii) Social Security number, and (iv) address. Written confirmation is not required for technical modifications of a consumer's official information, including name and street abbreviations, complete spellings, or transposition of numbers or letters. In the case of an address change, the written confirmation shall be sent to both the new address and to the former address.

(p) The following entities are not required to place a security freeze in a credit report, provided, however, that any person that is not required to place a security freeze on a credit report under paragraph (3) of this subsection, shall be subject to any security freeze placed on a credit report by another credit reporting agency from which it obtains information:

(1) A check services or fraud prevention services company, which issues reports on incidents of fraud or authorizations for the purpose of approving or processing negotiable instruments, electronic funds transfers, or similar methods of payment.

(2) A deposit account information service company, which issues reports regarding account closures due to fraud, substantial overdrafts, ATM abuse, or similar negative information regarding a consumer to inquiring banks or other financial institutions for use only in reviewing a consumer request for a deposit account at the inquiring bank or financial institution.

(3) A credit reporting agency that:

   (A) acts only to resell credit information by assembling and merging information contained in a database of one or more credit reporting agencies; and

   (B) does not maintain a permanent database of credit information from which new credit reports are produced.

New matter indicated by italics - deletions by strikeout
(q) (e) For purposes of this Section:

"Extension extension of credit" does not include an increase in an existing open-end credit plan, as defined in Regulation Z of the Federal Reserve System (12 C.F.R. 226.2), or any change to or review of an existing credit account.

"Proper identification" means information generally deemed sufficient to identify a person. Only if the consumer is unable to reasonably identify himself or herself with the information described above, may a consumer credit reporting agency require additional information concerning the consumer's employment and personal or family history in order to verify his or her identity.

(r) (d) Any person who violates this Section subsection (a) or subsection (b) commits an unlawful practice within the meaning of this Act.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Vehicle Code is amended by changing Sections 6-110 and 6-117 as follows:

(625 ILCS 5/6-110) (from Ch. 95 1/2, par. 6-110)
Sec. 6-110. Licenses issued to drivers.
(a) The Secretary of State shall issue to every qualifying applicant a driver's license as applied for, which license shall bear a distinguishing number assigned to the licensee, the legal name, social security number, zip code, date of birth, residence address, and a brief description of the licensee, and a space where the licensee may write his usual signature.

If the licensee is less than 17 years of age, the license shall, as a matter of law, be invalid for the operation of any motor vehicle during any time the licensee is prohibited from being on any street or highway under the provisions of the Child Curfew Act.

New matter indicated by italics - deletions by strikeout
Licenses issued shall also indicate the classification and the restrictions under Section 6-104 of this Code.

In lieu of the social security number, the Secretary may in his discretion substitute a federal tax number or other distinctive number.

A driver's license issued may, in the discretion of the Secretary, include a suitable photograph of a type prescribed by the Secretary.

(b) Until the Secretary of State establishes a First Person Consent organ and tissue donor registry under Section 6-117 of this Code, the Secretary of State shall provide a format on the reverse of each driver's license issued which the licensee may use to execute a document of gift conforming to the provisions of the Illinois Anatomical Gift Act. The format shall allow the licensee to indicate the gift intended, whether specific organs, any organ, or the entire body, and shall accommodate the signatures of the donor and 2 witnesses. The Secretary shall also inform each applicant or licensee of this format, describe the procedure for its execution, and may offer the necessary witnesses; provided that in so doing, the Secretary shall advise the applicant or licensee that he or she is under no compulsion to execute a document of gift. A brochure explaining this method of executing an anatomical gift document shall be given to each applicant or licensee. The brochure shall advise the applicant or licensee that he or she is under no compulsion to execute a document of gift, and that he or she may wish to consult with family, friends or clergy before doing so. The Secretary of State may undertake additional efforts, including education and awareness activities, to promote organ and tissue donation.

(c) The Secretary of State shall designate on each driver's license issued a space where the licensee may place a sticker or decal of the uniform size as the Secretary may specify, which sticker or decal may indicate in appropriate language that the owner of the license carries an Emergency Medical Information Card.

The sticker may be provided by any person, hospital, school, medical group, or association interested in assisting in implementing the Emergency Medical Information Card, but shall meet the specifications as the Secretary may by rule or regulation require.

(d) The Secretary of State shall designate on each driver's license issued a space where the licensee may indicate his blood type and RH factor.

(e) The Secretary of State shall provide that each original or renewal driver's license issued to a licensee under 21 years of age shall be
of a distinct nature from those driver's licenses issued to individuals 21 years of age and older. The color designated for driver's licenses for licensees under 21 years of age shall be at the discretion of the Secretary of State.

(e-1) The Secretary shall provide that each driver's license issued to a person under the age of 21 displays the date upon which the person becomes 18 years of age and the date upon which the person becomes 21 years of age.

(f) The Secretary of State shall inform all Illinois licensed commercial motor vehicle operators of the requirements of the Uniform Commercial Driver License Act, Article V of this Chapter, and shall make provisions to insure that all drivers, seeking to obtain a commercial driver's license, be afforded an opportunity prior to April 1, 1992, to obtain the license. The Secretary is authorized to extend driver's license expiration dates, and assign specific times, dates and locations where these commercial driver's tests shall be conducted. Any applicant, regardless of the current expiration date of the applicant's driver's license, may be subject to any assignment by the Secretary. Failure to comply with the Secretary's assignment may result in the applicant's forfeiture of an opportunity to receive a commercial driver's license prior to April 1, 1992.

(g) The Secretary of State shall designate on a driver's license issued, a space where the licensee may indicate that he or she has drafted a living will in accordance with the Illinois Living Will Act or a durable power of attorney for health care in accordance with the Illinois Power of Attorney Act.

(g-1) The Secretary of State, in his or her discretion, may designate on each driver's license issued a space where the licensee may place a sticker or decal, issued by the Secretary of State, of uniform size as the Secretary may specify, that shall indicate in appropriate language that the owner of the license has renewed his or her driver's license.

(h) A person who acts in good faith in accordance with the terms of this Section is not liable for damages in any civil action or subject to prosecution in any criminal proceeding for his or her act.

(625 ILCS 5/6-117) (from Ch. 95 1/2, par. 6-117)
Sec. 6-117. Records to be kept by the Secretary of State.
(a) The Secretary of State shall file every application for a license or permit accepted under this Chapter, and shall maintain suitable indexes
thereof. The records of the Secretary of State shall indicate the action taken with respect to such applications.

(b) The Secretary of State shall maintain appropriate records of all licenses and permits refused, cancelled, revoked or suspended and of the revocation and suspension of driving privileges of persons not licensed under this Chapter, and such records shall note the reasons for such action.

(c) The Secretary of State shall maintain appropriate records of convictions reported under this Chapter. Records of conviction may be maintained in a computer processible medium.

(d) The Secretary of State may also maintain appropriate records of any accident reports received.

(e) The Secretary of State shall also maintain appropriate records of any disposition of supervision or records relative to a driver's referral to a driver remedial or rehabilitative program, as required by the Secretary of State or the courts. Such records shall only be available for use by the Secretary, law enforcement agencies, the courts, and the affected driver or, upon proper verification, such affected driver's attorney.

(f) The Secretary of State shall also maintain or contract to maintain appropriate records of all photographs and signatures obtained in the process of issuing any driver's license, permit, or identification card. The record shall be confidential and shall not be disclosed except to those entities listed under Section 6-110.1 of this Code.

(g) The Secretary of State may establish a First Person Consent organ and tissue donor registry in compliance with subsection (b-1) of Section 5-20 of the Illinois Anatomical Gift Act, as follows:

1. The Secretary shall offer, to each applicant for issuance or renewal of a driver's license or identification card who is 18 years of age or older, the opportunity to have his or her name included in the First Person Consent organ and tissue donor registry. The Secretary must advise the applicant or licensee that he or she is under no compulsion to have his or her name included in the registry. An individual who agrees to having his or her name included in the First Person Consent organ and tissue donor registry has given full legal consent to the donation of any of his or her organs or tissue upon his or her death. A brochure explaining this method of executing an anatomical gift must be given to each applicant for issuance or renewal of a driver's license or identification card. The brochure must advise the applicant or licensee (i) that he or she is under no compulsion to have his or
her name included in this registry and (ii) that he or she may wish to consult with family, friends, or clergy before doing so.

(2) The Secretary of State may establish additional methods by which an individual may have his or her name included in the First Person Consent organ and tissue donor registry.

(3) When an individual has agreed to have his or her name included in the First Person Consent organ and tissue donor registry, the Secretary of State shall note that agreement in the First Person consent organ and tissue donor registry. Representatives of federally designated organ procurement agencies and tissue banks may inquire of the Secretary of State whether a potential organ donor's name is included in the First Person Consent organ and tissue donor registry, and the Secretary of State may provide that information to the representative.

(4) An individual may withdraw his or her consent to be listed in the First Person Consent organ and tissue donor registry maintained by the Secretary of State by notifying the Secretary of State in writing, or by any other means approved by the Secretary, of the individual's decision to have his or her name removed from the registry.

(5) The Secretary of State may undertake additional efforts, including education and awareness activities, to promote organ and tissue donation.

(6) In the absence of gross negligence or willful misconduct, the Secretary of State and his or her employees are immune from any civil or criminal liability in connection with an individual's consent to be listed in the organ and tissue donor registry.

Section 10. The Illinois Anatomical Gift Act is amended by changing Sections 5-20, 5-40, and 5-45 as follows:

(755 ILCS 50/5-20) (was 755 ILCS 50/5)
Sec. 5-20. Manner of Executing Anatomical Gifts.
(a) A gift of all or part of the body under Section 5-5 (a) may be made by will. The gift becomes effective upon the death of the testator without waiting for probate. If the will is not probated, or if it is declared invalid for testamentary purposes, the gift, to the extent that it has been acted upon in good faith, is nevertheless valid and effective.
(b) A gift of all or part of the body under Section 5-5 (a) may also be made by a written, signed document other than a will. The gift becomes effective upon the death of the donor. The document, which may be a card or a valid driver's license designed to be carried on the person, is effective without regard to the presence or signature of witnesses must be signed by the donor in the presence of 2 witnesses who must sign the document in his presence and who thereby certify that he was of sound mind and memory and free from any undue influence and knows the objects of his bounty and affection. Such a gift may also be made by properly executing the form provided by the Secretary of State on the reverse side of the donor's driver's license pursuant to subsection (b) of Section 6-110 of The Illinois Vehicle Code. Delivery of the document of gift during the donor's lifetime is not necessary to make the gift valid.

(b-1) A gift under Section 5-5 (a) may also be made by an individual consenting to have his or her name included in the First Person Consent organ and tissue donor registry maintained by the Secretary of State under Section 6-117 of the Illinois Vehicle Code. An individual's consent to have his or her name included in the First Person Consent organ and tissue donor registry constitutes full legal authority for the donation of any of his or her organs or tissue. Consenting to be included in the First Person Consent organ and tissue donor registry is effective without regard to the presence or signature of witnesses.

(c) The gift may be made to a specified donee or without specifying a donee. If the latter, the gift may be accepted by the attending physician as donee upon or following death. If the gift is made to a specified donee who is not available at the time and place of death, then if made for the purpose of transplantation, it shall be effectuated in accordance with Section 5-25, and if made for any other purpose the attending physician upon or following death, in the absence of any expressed indication that the donor desired otherwise, may accept the gift as donee.

(d) Notwithstanding Section 5-45 (b), the donor may designate in his will, card, or other document of gift the surgeon or physician to carry out the appropriate procedures. In the absence of a designation or if the designee is not available, the donee or other person authorized to accept the gift may employ or authorize any surgeon or physician for the purpose.

(e) Any gift by a person designated in Section 5-5 (b) shall be made by a document signed by him or made by his telegraphic, recorded telephonic, or other recorded message.
Sec. 5-40. Amendment or Revocation of the Gift.

(a) If the will, card, or other document or executed copy thereof, has been delivered to a specified donee, the donor may amend or revoke the gift by:

(1) the execution and delivery to the donee of a signed statement witnessed and certified as provided in Section 5-20(b); or

(2) a signed card or document found on his person, or in his effects, executed at a date subsequent to the date the original gift was made and witnessed and certified as provided in Section 5-20(b).

(b) Any document of gift which has not been delivered to the donee may be revoked by the donor in the manner set out in subsection (a).

(c) Any gift made by a will may also be amended or revoked in the manner provided for amendment or revocation of wills or as provided in subsection (a).

(d) An individual may withdraw his or her consent to be listed in the First Person Consent organ and tissue donor registry maintained by the Secretary of State by notifying the Secretary of State in writing, or by any other means approved by the Secretary, of the individual’s decision to have his or her name removed from the registry.

Sec. 5-45. Rights and Duties at Death.

(a) The donee may accept or reject the gift. If the donee accepts a gift of the entire body, he may, subject to the terms of the gift, authorize embalming and the use of the body in funeral services, unless a person named in subsection (b) of Section 5-5 has requested, prior to the final disposition by the donee, that the remains of said body be returned to his or her custody for the purpose of final disposition. Such request shall be honored by the donee if the terms of the gift are silent on how final disposition is to take place. If the gift is of a part of the body, the donee or technician designated by him upon the death of the donor and prior to embalming, shall cause the part to be removed without unnecessary mutilation and without undue delay in the release of the body for the purposes of final disposition. After removal of the part, custody of the remainder of the body vests in the surviving spouse, next of kin, or other
persons under obligation to dispose of the body, in the order or priority listed in subsection (b) of Section 5-5 of this Act.

(b) The time of death shall be determined by a physician who attends the donor at his death, or, if none, the physician who certifies the death. The physician shall not participate in the procedures for removing or transplanting a part.

(c) A person who acts in good faith in accord with the terms of this Act, the Illinois Vehicle Code, and the AIDS Confidentiality Act, or the anatomical gift laws of another state or a foreign country, is not liable for damages in any civil action or subject to prosecution in any criminal proceeding for his act. Any person that participates in good faith and according to the usual and customary standards of medical practice in the removal or transplantation of any part of a decedent's body pursuant to an anatomical gift made by the decedent under Section 5-20 of this Act or pursuant to an anatomical gift made by an individual as authorized by subsection (b) of Section 5-5 of this Act shall have immunity from liability, civil, criminal, or otherwise, that might result by reason of such actions. For the purpose of any proceedings, civil or criminal, the validity of an anatomical gift executed pursuant to Section 5-20 of this Act shall be presumed and the good faith of any person participating in the removal or transplantation of any part of a decedent's body pursuant to an anatomical gift made by the decedent or by another individual authorized by the Act shall be presumed.

(d) This Act is subject to the provisions of "An Act to revise the law in relation to coroners", approved February 6, 1874, as now or hereafter amended, to the laws of this State prescribing powers and duties with respect to autopsies, and to the statutes, rules, and regulations of this State with respect to the transportation and disposition of deceased human bodies.

(e) If the donee is provided information, or determines through independent examination, that there is evidence that the gift was exposed to the human immunodeficiency virus (HIV) or any other identified causative agent of acquired immunodeficiency syndrome (AIDS), the donee may reject the gift and shall treat the information and examination results as a confidential medical record; the donee may disclose only the results confirming HIV exposure, and only to the physician of the deceased donor. No rate increase and no update for inflation shall be provided on or after July 1, 1994 and before July 1, 2005, unless specifically provided for in this Section. The changes made by this amendatory Act of the 93rd General Assembly extending the duration of the prohibition against a rate increase or update for inflation are effective retroactive to July 1, 2004.

care facilities, a new payment methodology must be implemented for the nursing component of the rate effective July 1, 2003. The Department of Public Aid shall develop the new payment methodology using the Minimum Data Set (MDS) as the instrument to collect information concerning nursing home resident condition necessary to compute the rate. The Department of Public Aid shall develop the new payment methodology to meet the unique needs of Illinois nursing home residents while remaining subject to the appropriations provided by the General Assembly. A transition period from the payment methodology in effect on June 30, 2003 to the payment methodology in effect on July 1, 2003 shall be provided for a period not exceeding 3 1/2 years after implementation of the new payment methodology as follows:

(A) For a facility that would receive a lower nursing component rate per patient day under the new system than the facility received effective on the date immediately preceding the date that the Department implements the new payment methodology, the nursing component rate per patient day for the facility shall be held at the level in effect on the date immediately preceding the date that the Department implements the new payment methodology until a higher nursing component rate of reimbursement is achieved by that facility.

(B) For a facility that would receive a higher nursing component rate per patient day under the payment methodology in effect on July 1, 2003 than the facility received effective on the date immediately preceding the date that the Department implements the new payment methodology, the nursing component rate per patient day for the facility shall be adjusted.

(C) Notwithstanding paragraphs (A) and (B), the nursing component rate per patient day for the facility shall be adjusted subject to appropriations provided by the General Assembly.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on March 1, 2001 shall include a statewide increase of 7.85%, as defined by the Department.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on April 1, 2002 shall include a statewide increase of
2.0%, as defined by the Department. This increase terminates on July 1, 2002; beginning July 1, 2002 these rates are reduced to the level of the rates in effect on March 31, 2002, as defined by the Department.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the rates taking effect on July 1, 2001 shall be computed using the most recent cost reports on file with the Department of Public Aid no later than April 1, 2000, updated for inflation to January 1, 2001. For rates effective July 1, 2001 only, rates shall be the greater of the rate computed for July 1, 2001 or the rate effective on June 30, 2001.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the Illinois Department shall determine by rule the rates taking effect on July 1, 2002, which shall be 5.9% less than the rates in effect on June 30, 2002.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, if the payment methodologies required under Section 5A-12 and the waiver granted under 42 CFR 433.68 are approved by the United States Centers for Medicare and Medicaid Services, the rates taking effect on July 1, 2004 shall be 3.0% greater than the rates in effect on June 30, 2004. These rates shall take effect only upon approval and implementation of the payment methodologies required under Section 5A-12.

Notwithstanding any other provisions of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the rates taking effect on January 1, 2005 shall be 3% more than the rates in effect on December 31, 2004.

Rates established effective each July 1 shall govern payment for services rendered throughout that fiscal year, except that rates established on July 1, 1996 shall be increased by 6.8% for services provided on or after January 1, 1997. Such rates will be based upon the rates calculated for the year beginning July 1, 1990, and for subsequent years thereafter.
until June 30, 2001 shall be based on the facility cost reports for the facility fiscal year ending at any point in time during the previous calendar year, updated to the midpoint of the rate year. The cost report shall be on file with the Department no later than April 1 of the current rate year. Should the cost report not be on file by April 1, the Department shall base the rate on the latest cost report filed by each skilled care facility and intermediate care facility, updated to the midpoint of the current rate year. In determining rates for services rendered on and after July 1, 1985, fixed time shall not be computed at less than zero. The Department shall not make any alterations of regulations which would reduce any component of the Medicaid rate to a level below what that component would have been utilizing in the rate effective on July 1, 1984.

(2) Shall take into account the actual costs incurred by facilities in providing services for recipients of skilled nursing and intermediate care services under the medical assistance program.

(3) Shall take into account the medical and psycho-social characteristics and needs of the patients.

(4) Shall take into account the actual costs incurred by facilities in meeting licensing and certification standards imposed and prescribed by the State of Illinois, any of its political subdivisions or municipalities and by the U.S. Department of Health and Human Services pursuant to Title XIX of the Social Security Act.

The Department of Public Aid shall develop precise standards for payments to reimburse nursing facilities for any utilization of appropriate rehabilitative personnel for the provision of rehabilitative services which is authorized by federal regulations, including reimbursement for services provided by qualified therapists or qualified assistants, and which is in accordance with accepted professional practices. Reimbursement also may be made for utilization of other supportive personnel under appropriate supervision.

Section 99. Effective date. This Act takes effect upon becoming law.

Passed in the General Assembly May 17, 2005.
Approved June 28, 2005.
Effective June 28, 2005.
AN ACT concerning aging.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Senior Citizens and Disabled Persons Property Tax Relief and Pharmaceutical Assistance Act is amended by changing Section 4 as follows:

(320 ILCS 25/4) (from Ch. 67 1/2, par. 404)
Sec. 4. Amount of Grant.

(a) In general. Any individual 65 years or older or any individual who will become 65 years old during the calendar year in which a claim is filed, and any surviving spouse of such a claimant, who at the time of death received or was entitled to receive a grant pursuant to this Section, which surviving spouse will become 65 years of age within the 24 months immediately following the death of such claimant and which surviving spouse but for his or her age is otherwise qualified to receive a grant pursuant to this Section, and any disabled person whose annual household income is less than $14,000 for grant years before the 1998 grant year, less than $16,000 for the 1998 and 1999 grant years, and less than (i) $21,218 for a household containing one person, (ii) $28,480 for a household containing 2 persons, or (iii) $35,740 for a household containing 3 or more persons for the 2000 grant year and thereafter and whose household is liable for payment of property taxes accrued or has paid rent constituting property taxes accrued and is domiciled in this State at the time he or she files his or her claim is entitled to claim a grant under this Act. With respect to claims filed by individuals who will become 65 years old during the calendar year in which a claim is filed, the amount of any grant to which that household is entitled shall be an amount equal to 1/12 of the amount to which the claimant would otherwise be entitled as provided in this Section, multiplied by the number of months in which the claimant was 65 in the calendar year in which the claim is filed.

(b) Limitation. Except as otherwise provided in subsections (a) and (f) of this Section, the maximum amount of grant which a claimant is entitled to claim is the amount by which the property taxes accrued which were paid or payable during the last preceding tax year or rent constituting property taxes accrued upon the claimant's residence for the last preceding taxable year exceeds 3 1/2% of the claimant's household income for that
year but in no event is the grant to exceed (i) $700 less 4.5% of household income for that year for those with a household income of $14,000 or less or (ii) $70 if household income for that year is more than $14,000.

(c) Public aid recipients. If household income in one or more months during a year includes cash assistance in excess of $55 per month from the Department of Public Aid or the Department of Human Services (acting as successor to the Department of Public Aid under the Department of Human Services Act) which was determined under regulations of that Department on a measure of need that included an allowance for actual rent or property taxes paid by the recipient of that assistance, the amount of grant to which that household is entitled, except as otherwise provided in subsection (a), shall be the product of (1) the maximum amount computed as specified in subsection (b) of this Section and (2) the ratio of the number of months in which household income did not include such cash assistance over $55 to the number twelve. If household income did not include such cash assistance over $55 for any months during the year, the amount of the grant to which the household is entitled shall be the maximum amount computed as specified in subsection (b) of this Section. For purposes of this paragraph (c), "cash assistance" does not include any amount received under the federal Supplemental Security Income (SSI) program.

(d) Joint ownership. If title to the residence is held jointly by the claimant with a person who is not a member of his or her household, the amount of property taxes accrued used in computing the amount of grant to which he or she is entitled shall be the same percentage of property taxes accrued as is the percentage of ownership held by the claimant in the residence.

(e) More than one residence. If a claimant has occupied more than one residence in the taxable year, he or she may claim only one residence for any part of a month. In the case of property taxes accrued, he or she shall prorate 1/12 of the total property taxes accrued on his or her residence to each month that he or she owned and occupied that residence; and, in the case of rent constituting property taxes accrued, shall prorate each month's rent payments to the residence actually occupied during that month.

(f) There is hereby established a program of pharmaceutical assistance to the aged and disabled which shall be administered by the Department in accordance with this Act, to consist of payments to authorized pharmacies, on behalf of beneficiaries of the program, for the

reasonable costs of covered prescription drugs. Each beneficiary who pays $5 for an identification card shall pay no additional prescription costs. Each beneficiary who pays $25 for an identification card shall pay $3 per prescription. In addition, after a beneficiary receives $2,000 in benefits during a State fiscal year, that beneficiary shall also be charged 20% of the cost of each prescription for which payments are made by the program during the remainder of the fiscal year. To become a beneficiary under this program a person must: (1) be (i) 65 years of age or older, or (ii) the surviving spouse of such a claimant, who at the time of death received or was entitled to receive benefits pursuant to this subsection, which surviving spouse will become 65 years of age within the 24 months immediately following the death of such claimant and which surviving spouse but for his or her age is otherwise qualified to receive benefits pursuant to this subsection, or (iii) disabled, and (2) be domiciled in this State at the time he or she files his or her claim, and (3) have a maximum household income of less than $14,000 for grant years before the 1998 grant year, less than $16,000 for the 1998 and 1999 grant years, and less than (i) $21,218 for a household containing one person, (ii) $28,480 for a household containing 2 persons, or (iii) $35,740 for a household containing 3 more persons for the 2000 grant year and thereafter. In addition, each eligible person must (1) obtain an identification card from the Department, (2) at the time the card is obtained, sign a statement assigning to the State of Illinois benefits which may be otherwise claimed under any private insurance plans, and (3) present the identification card to the dispensing pharmacist.

The Department may adopt rules specifying participation requirements for the pharmaceutical assistance program, including copayment amounts, identification card fees, expenditure limits, and the benefit threshold after which a 20% charge is imposed on the cost of each prescription, to be in effect on and after July 1, 2004. Notwithstanding any other provision of this paragraph, however, the Department may not increase the identification card fee above the amount in effect on May 1, 2003 without the express consent of the General Assembly. To the extent practicable, those requirements shall be commensurate with the requirements provided in rules adopted by the Department of Public Aid to implement the pharmacy assistance program under Section 5-5.12a of the Illinois Public Aid Code.

Whenever a generic equivalent for a covered prescription drug is available, the Department shall reimburse only for the reasonable costs of
the generic equivalent, less the co-pay established in this Section, unless 
(i) the covered prescription drug contains one or more ingredients defined 
as a narrow therapeutic index drug at 21 CFR 320.33, (ii) the prescriber 
indicates on the face of the prescription "brand medically necessary", and 
(iii) the prescriber specifies that a substitution is not permitted. When 
issuing an oral prescription for covered prescription medication described 
in item (i) of this paragraph, the prescriber shall stipulate "brand medically 
necessary" and that a substitution is not permitted. If the covered 
prescription drug and its authorizing prescription do not meet the criteria 
listed above, the beneficiary may purchase the non-generic equivalent of 
the covered prescription drug by paying the difference between the generic 
cost and the non-generic cost plus the beneficiary co-pay.

Any person otherwise eligible for pharmaceutical assistance under 
this Act whose covered drugs are covered by any public program for 
assistance in purchasing any covered prescription drugs shall be ineligible 
for assistance under this Act to the extent such costs are covered by such 
other plan.

The fee to be charged by the Department for the identification card 
shall be equal to $5 per coverage year for persons below the official 
poverty line as defined by the United States Department of Health and 
Human Services and $25 per coverage year for all other persons.

In the event that 2 or more persons are eligible for any benefit 
under this Act, and are members of the same household, (1) each such 
person shall be entitled to participate in the pharmaceutical assistance 
program, provided that he or she meets all other requirements imposed by 
this subsection and (2) each participating household member contributes 
the fee required for that person by the preceding paragraph for the purpose 
of obtaining an identification card.

The provisions of this subsection (f), other than this paragraph, are 
inoperative after December 31, 2005. Beneficiaries who received benefits 
under the program established by this subsection (f) are not entitled, at the 
termination of the program, to any refund of the identification card fee 
paid under this subsection.

(g) Effective January 1, 2006, there is hereby established a 
program of pharmaceutical assistance to the aged and disabled, entitled 
the Illinois Seniors and Disabled Drug Coverage Program, which shall be 
administered by the Department of Healthcare and Family Services and 
the Department on Aging in accordance with this subsection, to consist of 
coverage of specified prescription drugs on behalf of beneficiaries of the

program as set forth in this subsection. The program under this subsection replaces and supersedes the program established under subsection (f), which shall end at midnight on December 31, 2005.

To become a beneficiary under the program established under this subsection, a person must:

1. be (i) 65 years of age or older or (ii) disabled; and
2. be domiciled in this State; and
3. enroll with a qualified Medicare Part D Prescription Drug Plan if eligible and apply for all available subsidies under Medicare Part D; and
4. have a maximum household income of (i) less than $21,218 for a household containing one person, (ii) less than $28,480 for a household containing 2 persons, or (iii) less than $35,740 for a household containing 3 or more persons. If any income eligibility limit set forth in items (i) through (iii) is less than 200% of the Federal Poverty Level for any year, the income eligibility limit for that year for households of that size shall be income equal to or less than 200% of the Federal Poverty Level.

All individuals enrolled as of December 31, 2005, in the pharmaceutical assistance program operated pursuant to subsection (f) of this Section and all individuals enrolled as of December 31, 2005, in the SeniorCare Medicaid waiver program operated pursuant to Section 5-5.12a of the Illinois Public Aid Code shall be automatically enrolled in the program established by this subsection for the first year of operation without the need for further application, except that they must apply for Medicare Part D and the Low Income Subsidy under Medicare Part D. A person enrolled in the pharmaceutical assistance program operated pursuant to subsection (f) of this Section as of December 31, 2005, shall not lose eligibility in future years due only to the fact that they have not reached the age of 65.

To the extent permitted by federal law, the Department may act as an authorized representative of a beneficiary in order to enroll the beneficiary in a Medicare Part D Prescription Drug Plan if the beneficiary has failed to choose a plan and, where possible, to enroll beneficiaries in the low-income subsidy program under Medicare Part D or assist them in enrolling in that program.

Beneficiaries under the program established under this subsection shall be divided into the following 4 eligibility groups:
(A) Eligibility Group 1 shall consist of beneficiaries who are not eligible for Medicare Part D coverage and who are:
   (i) disabled and under age 65; or
   (ii) age 65 or older, with incomes over 200% of the Federal Poverty Level; or
   (iii) age 65 or older, with incomes at or below 200% of the Federal Poverty Level and not eligible for federally funded means-tested benefits due to immigration status.

(B) Eligibility Group 2 shall consist of beneficiaries otherwise described in Eligibility Group 1 but who are eligible for Medicare Part D coverage.

(C) Eligibility Group 3 shall consist of beneficiaries age 65 or older, with incomes at or below 200% of the Federal Poverty Level, who are not barred from receiving federally funded means-tested benefits due to immigration status and are eligible for Medicare Part D coverage.

(D) Eligibility Group 4 shall consist of beneficiaries age 65 or older, with incomes at or below 200% of the Federal Poverty Level, who are not barred from receiving federally funded means-tested benefits due to immigration status and are not eligible for Medicare Part D coverage.

If the State applies and receives federal approval for a waiver under Title XIX of the Social Security Act, persons in Eligibility Group 4 shall continue to receive benefits through the approved waiver, and Eligibility Group 4 may be expanded to include disabled persons under age 65 with incomes under 200% of the Federal Poverty Level who are not eligible for Medicare and who are not barred from receiving federally funded means-tested benefits due to immigration status.

The program established under this subsection shall cover the cost of covered prescription drugs in excess of the beneficiary cost-sharing amounts set forth in this paragraph that are not covered by Medicare. In 2006, beneficiaries shall pay a co-payment of $2 for each prescription of a generic drug and $5 for each prescription of a brand-name drug. In future years, beneficiaries shall pay co-payments equal to the co-payments required under Medicare Part D for "other low-income subsidy eligible individuals" pursuant to 42 CFR 423.782(b). Once the program established under this subsection and Medicare combined have paid $1,750 in a year for covered prescription drugs, the beneficiary shall pay...
20% of the cost of each prescription in addition to the co-payments set forth in this paragraph.

For beneficiaries eligible for Medicare Part D coverage, the program established under this subsection shall pay 100% of the premiums charged by a qualified Medicare Part D Prescription Drug Plan for Medicare Part D basic prescription drug coverage, not including any late enrollment penalties. Qualified Medicare Part D Prescription Drug Plans may be limited by the Department of Healthcare and Family Services to those plans that sign a coordination agreement with the Department.

Notwithstanding Section 3.15, for purposes of the program established under this subsection, the term "covered prescription drug" has the following meanings:

For Eligibility Group 1, "covered prescription drug" means: (1) any cardiovascular agent or drug; (2) any insulin or other prescription drug used in the treatment of diabetes, including syringe and needles used to administer the insulin; (3) any prescription drug used in the treatment of arthritis; (4) any prescription drug used in the treatment of cancer; (5) any prescription drug used in the treatment of Alzheimer's disease; (6) any prescription drug used in the treatment of Parkinson's disease; (7) any prescription drug used in the treatment of glaucoma; (8) any prescription drug used in the treatment of lung disease and smoking-related illnesses; (9) any prescription drug used in the treatment of osteoporosis; and (10) any prescription drug used in the treatment of multiple sclerosis. The Department may add additional therapeutic classes by rule. The Department may adopt a preferred drug list within any of the classes of drugs described in items (1) through (10) of this paragraph. The specific drugs or therapeutic classes of covered prescription drugs shall be indicated by rule.

For Eligibility Group 2, "covered prescription drug" means those drugs covered for Eligibility Group 1 that are also covered by the Medicare Part D Prescription Drug Plan in which the beneficiary is enrolled.

For Eligibility Group 3, "covered prescription drug" means those drugs covered by the Medicare Part D Prescription Drug Plan in which the beneficiary is enrolled.
For Eligibility Group 4, "covered prescription drug" means those drugs covered by the Medical Assistance Program under Article V of the Illinois Public Aid Code.

An individual in Eligibility Group 3 or 4 may opt to receive a $25 monthly payment in lieu of the direct coverage described in this subsection.

Any person otherwise eligible for pharmaceutical assistance under this subsection whose covered drugs are covered by any public program is ineligible for assistance under this subsection to the extent that the cost of those drugs is covered by the other program.

The Department of Healthcare and Family Services shall establish by rule the methods by which it will provide for the coverage called for in this subsection. Those methods may include direct reimbursement to pharmacies or the payment of a capitated amount to Medicare Part D Prescription Drug Plans.

For a pharmacy to be reimbursed under the program established under this subsection, it must comply with rules adopted by the Department of Healthcare and Family Services regarding coordination of benefits with Medicare Part D Prescription Drug Plans. A pharmacy may not charge a Medicare-enrolled beneficiary of the program established under this subsection more for a covered prescription drug than the appropriate Medicare cost-sharing less any payment from or on behalf of the Department of Healthcare and Family Services.

The Department of Healthcare and Family Services or the Department on Aging, as appropriate, may adopt rules regarding applications, counting of income, proof of Medicare status, mandatory generic policies, and pharmacy reimbursement rates and any other rules necessary for the cost-efficient operation of the program established under this subsection.

an original contract. Prior to making a new contract, the Director may modify the rules for administration of the program or programs.

(b) As used in this Section, "administrator" includes the administrator's parent company and any subsidiary of the parent company.

(1) No administrator shall sell any information concerning a person who holds a prescription drug discount card, other than aggregate information that does not identify the cardholder or the physician prescribing the medication, without the cardholder's written consent.

(2) Unless an administrator has the cardholder's written consent, no administrator shall use any personally identifiable information that it obtains concerning a cardholder through the program to promote or sell a program or product offered by the administrator that is not related to the administration of the program. This subsection (b) does not prohibit an administrator from contacting cardholders concerning participation in or administration of the program, including, but not limited to, mailing a list of pharmacies participating in the program's network or participating in disease management programs.

(3) (Blank). To the extent that a discount is achieved through rebates, administrative fees, or any other fees or discounts in prices that an administrator negotiates with drug manufacturers, an administrator shall use the rebates or discounts to do the following:

(A) reduce costs to cardholders;
(B) achieve discounts for cardholders; and
(C) cover any administrative costs of the program.

(4) The administrator shall not use any funds generated from rebates, discounts, administrative fees, or other fees to promote its mail order pharmacy operation or the mail order pharmacy operation of an affiliate. This subdivision (b)(4) does not, however, limit the participation of an Illinois-licensed pharmacy under this Act if that pharmacy provides prescription drugs by mail order.

(c) (Blank). Beginning on January 1, 2004, the amount paid by eligible seniors and disabled persons enrolled in the program to authorized pharmacies for prescription drugs may not exceed prices established as a result of the rebate agreements under Section 30. The eligible seniors and

disabled persons shall pay the price determined under Section 30 plus a dispensing fee of $3.50 per prescription for brand-name drug products, single-source drug products, and, for a period of 6 months, newly released generic drug products and $4.25 per prescription for all other generic drug products, except that the total amount paid by the eligible senior or disabled person for each prescription drug under this program shall not exceed the usual and customary charge for such prescription.

(d) The contract between the Department and a pharmacy benefits manager must, at a minimum, meet the criteria of subsection (a). The contract must also require notification by the pharmacy benefits manager of any proposed or ongoing activity that involves, directly or indirectly, any conflict of interest on the part of the pharmacy benefits manager. The Department shall ensure that the pharmacy benefits manager complies with the contract and shall adopt all procedures necessary to enforce the contract.

(e) (Blank). The Department or program administrator shall, subject to the funds available under Section 30 of this Act, compensate authorized pharmacies for prescription drugs dispensed under the program for the difference between the amount paid by the eligible senior or disabled person for prescription drugs dispensed under the program and (i) the AWP minus 12% for brand name drug products, single-source generic drug products, and, for a period of 6 months, newly released generic drug products and (ii) the AWP minus 35% for all other generic drug products. The Department shall compensate a pharmacy under this subsection (e) only if the amount paid by the eligible senior or disabled person has been discounted to a price, including the dispensing fees stated in subsection (c) of this Section, that is less than (i) the AWP minus 12% for brand name drug products, single-source generic drug products, and, for a period of 6 months, newly released generic drug products and (ii) the AWP minus 35% for all other generic drug products.

(f) The beginning on January 1, 2004, the Department or program administrator shall reimburse pharmacies at negotiated rates based on market conditions under this Section within 30 days after adjudication of the claim.

Sec. 30. Manufacturer rebate agreements.

(a) Taking into consideration the extent to which the State pays for prescription drugs under various State programs and the provision of
assistance to disabled persons or eligible seniors under patient assistance programs, prescription drug discount programs, or other offers for free or reduced price medicine, clinical research projects, limited supply distribution programs, compassionate use programs, or programs of research conducted by or for a drug manufacturer, the Department, its agent, or the program administrator shall negotiate and enter into rebate agreements with drug manufacturers, as defined in this Act, to effect prescription drug price discounts. The Department or program administrator may exclude certain medications from the list of covered medications and may establish a preferred drug list as a basis for determining the discounts, administrative fees, or other fees or rebates under this Section.

(b) (Blank). Rebate payment procedures. All rebates negotiated under agreements described in this Section shall be paid in accordance with procedures prescribed by the Department or the program administrator.

(c) Receipts from rebates shall be used to provide discounts for prescription drugs purchased by cardholders eligible seniors and disabled persons and to cover the cost of administering the program, including compensation to be paid to participating pharmacies by the Department or program administrator under subsection (c) of Section 25. Any receipts to be allocated to the Department shall be deposited into the Illinois Senior Citizens and Disabled Persons Prescription Drug Discount Program Fund, a special fund hereby created in the State treasury.

Sec. 35. Program eligibility.

(a) Any person may apply to the Department or its program administrator for participation in the program in the form and manner required by the Department. The Department or its program administrator shall determine the eligibility of each applicant for the program within 30 days after the date of application. To participate in the program an eligible Illinois resident senior or disabled person whose application has been approved must pay the fee determined by the Director upon enrollment and annually thereafter and shall receive a program identification card. The card may be presented to an authorized pharmacy to assist the pharmacy in verifying eligibility under the program. If the Department is the program administrator, the Department shall deposit the enrollment fees collected into the Illinois Senior Citizens and
Disabled Persons Prescription Drug Discount Program Fund. If the program administrator is a contracted vendor, the vendor may collect the enrollment fees and must report all such collected enrollment fees to the Department on a regular basis. The moneys collected by the Department for enrollment fees and deposited into the Senior Citizens and Disabled Persons Prescription Drug Discount Program Fund must be separately accounted for by the Department. If 2 or more persons are eligible for any benefit under this Act and are members of the same household, each participating household member shall apply to the Department and pay the fee required for the purpose of obtaining an identification card. To participate in the program, an applicant must (i) be a resident of Illinois and (ii) have household income equal to or less than 300% of the Federal Poverty Level.

(b) Proceeds from annual enrollment fees shall be used by the Department to offset the administrative cost of this Act. The Department may reduce the annual enrollment fee by rule if the revenue from the enrollment fees is in excess of the costs to carry out the program.

(c) (Blank). Any person who is eligible for pharmaceutical assistance under the Senior Citizens and Disabled Persons Property Tax Relief and Pharmaceutical Assistance Act is presumed to be eligible for this program. The enrollment fee under this Act is not required for such persons. That person may purchase prescription drugs under this program that are not covered by the pharmaceutical assistance program under the Senior Citizens and Disabled Persons Property Tax Relief and Pharmaceutical Assistance Act by using the identification card issued under the pharmaceutical assistance program.

Section 5. The Illinois Public Aid Code is amended by changing Section 10-10 and by adding Section 10-28 as follows:

(305 ILCS 5/10-10) (from Ch. 23, par. 10-10)

Sec. 10-10. Court enforcement; applicability also to persons who are not applicants or recipients. Except where the Illinois Department, by agreement, acts for the local governmental unit, as provided in Section 10-3.1, local governmental units shall refer to the State's Attorney or to the proper legal representative of the governmental unit, for judicial enforcement as herein provided, instances of non-support or insufficient support when the dependents are applicants or recipients under Article VI. The Child and Spouse Support Unit established by Section 10-3.1 may institute in behalf of the Illinois Department any actions under this Section for judicial enforcement of the support liability when the dependents are (a) applicants or recipients under Articles III, IV, V or VII; (b) applicants or recipients in a local governmental unit when the Illinois Department, by agreement, acts for the unit; or (c) non-applicants or non-recipients who are receiving child support enforcement services under this Article X, as provided in Section 10-1. Where the Child and Spouse Support Unit has exercised its option and discretion not to apply the provisions of Sections 10-3 through 10-8, the failure by the Unit to apply such provisions shall not be a bar to bringing an action under this Section.

Action shall be brought in the circuit court to obtain support, or for the recovery of aid granted during the period such support was not provided, or both for the obtainment of support and the recovery of the aid provided. Actions for the recovery of aid may be taken separately or they may be consolidated with actions to obtain support. Such actions may be brought in the name of the person or persons requiring support, or may be brought in the name of the Illinois Department or the local governmental unit, as the case requires, in behalf of such persons.

The court may enter such orders for the payment of moneys for the support of the person as may be just and equitable and may direct payment thereof for such period or periods of time as the circumstances require, including support for a period before the date the order for support is entered. The order may be entered against any or all of the defendant responsible relatives and may be based upon the proportionate ability of each to contribute to the person's support.

The Court shall determine the amount of child support (including child support for a period before the date the order for child support is entered) by using the guidelines and standards set forth in subsection (a) of

New matter indicated by italics - deletions by strikeout
Section 505 and in Section 505.2 of the Illinois Marriage and Dissolution of Marriage Act. For purposes of determining the amount of child support to be paid for a period before the date the order for child support is entered, there is a rebuttable presumption that the responsible relative's net income for that period was the same as his or her net income at the time the order is entered.

If (i) the responsible relative was properly served with a request for discovery of financial information relating to the responsible relative's ability to provide child support, (ii) the responsible relative failed to comply with the request, despite having been ordered to do so by the court, and (iii) the responsible relative is not present at the hearing to determine support despite having received proper notice, then any relevant financial information concerning the responsible relative's ability to provide child support that was obtained pursuant to subpoena and proper notice shall be admitted into evidence without the need to establish any further foundation for its admission.

An order entered under this Section shall include a provision requiring the obligor to report to the obligee and to the clerk of court within 10 days each time the obligor obtains new employment, and each time the obligor's employment is terminated for any reason. The report shall be in writing and shall, in the case of new employment, include the name and address of the new employer. Failure to report new employment or the termination of current employment, if coupled with nonpayment of support for a period in excess of 60 days, is indirect criminal contempt. For any obligor arrested for failure to report new employment bond shall be set in the amount of the child support that should have been paid during the period of unreported employment. An order entered under this Section shall also include a provision requiring the obligor and obligee parents to advise each other of a change in residence within 5 days of the change except when the court finds that the physical, mental, or emotional health of a party or that of a minor child, or both, would be seriously endangered by disclosure of the party's address.

The Court shall determine the amount of maintenance using the standards set forth in Section 504 of the Illinois Marriage and Dissolution of Marriage Act.

Any new or existing support order entered by the court under this Section shall be deemed to be a series of judgments against the person obligated to pay support thereunder, each such judgment to be in the amount of each payment or installment of support and each such judgment

New matter indicated by italics - deletions by strikeout
to be deemed entered as of the date the corresponding payment or installment becomes due under the terms of the support order. Each such judgment shall have the full force, effect and attributes of any other judgment of this State, including the ability to be enforced. Any such judgment is subject to modification or termination only in accordance with Section 510 of the Illinois Marriage and Dissolution of Marriage Act. A lien arises by operation of law against the real and personal property of the noncustodial parent for each installment of overdue support owed by the noncustodial parent.

When an order is entered for the support of a minor, the court may provide therein for reasonable visitation of the minor by the person or persons who provided support pursuant to the order. Whoever willfully refuses to comply with such visitation order or willfully interferes with its enforcement may be declared in contempt of court and punished therefor.

Except where the local governmental unit has entered into an agreement with the Illinois Department for the Child and Spouse Support Unit to act for it, as provided in Section 10-3.1, support orders entered by the court in cases involving applicants or recipients under Article VI shall provide that payments thereunder be made directly to the local governmental unit. Orders for the support of all other applicants or recipients shall provide that payments thereunder be made directly to the Illinois Department. In accordance with federal law and regulations, the Illinois Department may continue to collect current maintenance payments or child support payments, or both, after those persons cease to receive public assistance and until termination of services under Article X. The Illinois Department shall pay the net amount collected to those persons after deducting any costs incurred in making the collection or any collection fee from the amount of any recovery made. In both cases the order shall permit the local governmental unit or the Illinois Department, as the case may be, to direct the responsible relative or relatives to make support payments directly to the needy person, or to some person or agency in his behalf, upon removal of the person from the public aid rolls or upon termination of services under Article X.

If the notice of support due issued pursuant to Section 10-7 directs that support payments be made directly to the needy person, or to some person or agency in his behalf, and the recipient is removed from the public aid rolls, court action may be taken against the responsible relative hereunder if he fails to furnish support in accordance with the terms of such notice.

New matter indicated by italics - deletions by strikeout
Actions may also be brought under this Section in behalf of any person who is in need of support from responsible relatives, as defined in Section 2-11 of Article II who is not an applicant for or recipient of financial aid under this Code. In such instances, the State's Attorney of the county in which such person resides shall bring action against the responsible relatives hereunder. If the Illinois Department, as authorized by Section 10-1, extends the child support enforcement services provided by this Article to spouses and dependent children who are not applicants or recipients under this Code, the Child and Spouse Support Unit established by Section 10-3.1 shall bring action against the responsible relatives hereunder and any support orders entered by the court in such cases shall provide that payments thereunder be made directly to the Illinois Department.

Whenever it is determined in a proceeding to establish or enforce a child support or maintenance obligation that the person owing a duty of support is unemployed, the court may order the person to seek employment and report periodically to the court with a diary, listing or other memorandum of his or her efforts in accordance with such order. Additionally, the court may order the unemployed person to report to the Department of Employment Security for job search services or to make application with the local Job Training Partnership Act provider for participation in job search, training or work programs and where the duty of support is owed to a child receiving child support enforcement services under this Article X, the court may order the unemployed person to report to the Illinois Department for participation in job search, training or work programs established under Section 9-6 and Article IXA of this Code.

Whenever it is determined that a person owes past-due support for a child receiving assistance under this Code, the court shall order at the request of the Illinois Department:

(1) that the person pay the past-due support in accordance with a plan approved by the court; or

(2) if the person owing past-due support is unemployed, is subject to such a plan, and is not incapacitated, that the person participate in such job search, training, or work programs established under Section 9-6 and Article IXA of this Code as the court deems appropriate.

A determination under this Section shall not be administratively reviewable by the procedures specified in Sections 10-12, and 10-13 to 10-13.10. Any determination under these Sections, if made the basis of court
action under this Section, shall not affect the de novo judicial determination required under this Section.

A one-time charge of 20% is imposable upon the amount of past-due child support owed on July 1, 1988 which has accrued under a support order entered by the court. The charge shall be imposed in accordance with the provisions of Section 10-21 of this Code and shall be enforced by the court upon petition.

All orders for support, when entered or modified, shall include a provision requiring the non-custodial parent to notify the court and, in cases in which a party is receiving child support enforcement services under this Article X, the Illinois Department, within 7 days, (i) of the name, address, and telephone number of any new employer of the non-custodial parent, (ii) whether the non-custodial parent has access to health insurance coverage through the employer or other group coverage and, if so, the policy name and number and the names of persons covered under the policy, and (iii) of any new residential or mailing address or telephone number of the non-custodial parent. In any subsequent action to enforce a support order, upon a sufficient showing that a diligent effort has been made to ascertain the location of the non-custodial parent, service of process or provision of notice necessary in the case may be made at the last known address of the non-custodial parent in any manner expressly provided by the Code of Civil Procedure or this Code, which service shall be sufficient for purposes of due process.

An order for support shall include a date on which the current support obligation terminates. The termination date shall be no earlier than the date on which the child covered by the order will attain the age of 18. However, if the child will not graduate from high school until after attaining the age of 18, then the termination date shall be no earlier than the earlier of the date on which the child's high school graduation will occur or the date on which the child will attain the age of 19. The order for support shall state that the termination date does not apply to any arrearage that may remain unpaid on that date. Nothing in this paragraph shall be construed to prevent the court from modifying the order or terminating the order in the event the child is otherwise emancipated.

Upon notification in writing or by electronic transmission from the Illinois Department to the clerk of the court that a person who is receiving support payments under this Section is receiving services under the Child Support Enforcement Program established by Title IV-D of the Social Security Act, any support payments subsequently received by the clerk of

After providing the notification authorized under this paragraph, the Illinois Department shall be entitled as a party to notice of any further proceedings in the case. The clerk of the court shall file a copy of the Illinois Department's notification in the court file. The clerk's failure to file a copy of the notification in the court file shall not, however, affect the Illinois Department's right to receive notice of further proceedings.

Payments under this Section to the Illinois Department pursuant to the Child Support Enforcement Program established by Title IV-D of the Social Security Act shall be paid into the Child Support Enforcement Trust Fund. All payments under this Section to the Illinois Department of Human Services shall be deposited in the DHS Recoveries Trust Fund. Disbursements from these funds shall be as provided in Sections 12-9.1 and 12-10.2 of this Code. Payments received by a local governmental unit shall be deposited in that unit's General Assistance Fund.

To the extent the provisions of this Section are inconsistent with the requirements pertaining to the State Disbursement Unit under Sections 10-10.4 and 10-26 of this Code, the requirements pertaing to the State Disbursement Unit shall apply.

Sec. 10-28. Notice of child support enforcement services. The Illinois Department may provide notice at any time to the parties to a judicial action filed under this Code, or under any other law providing for support of a spouse or dependent child, that child support enforcement services are being provided by the Illinois Department under this Article X. The notice shall be sent by regular mail to the party's last known address on file with the clerk of the court or the State Case Registry established under Section 10-27. (a) In actions instituted under this Act, the court shall order that maintenance and support payments be made to the clerk of court as trustee for remittance to the person entitled to receive the payments. However, the court in its discretion may direct otherwise where circumstances so warrant.

Upon notification in writing or by electronic transmission from the Illinois Department of Public Aid to the clerk of the court that a person who is receiving support payments under this Section is receiving services under the Child Support Enforcement Program established by Title IV-D of the Social Security Act, any support payments subsequently received by the clerk of the court shall be transmitted in accordance with the instructions of the Illinois Department of Public Aid until the Department gives notice to the clerk of the court to cease the transmittal. After providing the notification authorized under this paragraph, the Illinois Department of Public Aid shall be entitled as a party to notice of any further proceedings in the case. In accordance with federal law and regulations, the Illinois Department of Public Aid may continue to collect current maintenance payments or child support payments, or both, after those persons cease to receive public assistance and until termination of services under Article X of the Illinois Public Aid Code. The Illinois Department of Public Aid shall pay the net amount collected to those persons after deducting any costs incurred in making the collection or any collection fee from the amount of any recovery made. The order shall permit the Illinois Department of Public Aid or the local governmental unit, as the case may be, to direct that payments be made directly to the former spouse, the children, or both, or to some person or agency in their behalf, upon removal of the former spouse or children from the public aid rolls or upon termination of services under Article X of the Illinois Public Aid Code; and upon such direction, the Illinois Department or local governmental unit, as the case requires, shall give notice of such action to the court in writing or by electronic transmission.

(5) All clerks of the court and the Court Service Division of a County Department of Public Aid and, after the effective date of this Act, all clerks of the court and the Illinois Department of Public Aid, receiving child support payments under subsections (2) and (3) of this Section shall disburse the payments to the person or persons entitled thereto under the terms of the order or judgment. They shall establish and maintain current records of all moneys received and disbursed and of defaults and delinquencies in required payments. The court, by order or rule, shall make provision for the carrying out of these duties.

under the Child Support Enforcement Program established by Title IV-D of the Social Security Act, any support payments subsequently received by the clerk of the court shall be transmitted in accordance with the instructions of the Illinois Department of Public Aid until the Department gives notice to the clerk of the court to cease the transmittal. After providing the notification authorized under this paragraph, the Illinois Department of Public Aid shall be entitled as a party to notice of any further proceedings in the case. The clerk of the court shall file a copy of the Illinois Department of Public Aid's notification in the court file. The failure of the clerk to file a copy of the notification in the court file shall not, however, affect the Illinois Department of Public Aid's right to receive notice of further proceedings.

Payments under this Section to the Illinois Department of Public Aid pursuant to the Child Support Enforcement Program established by Title IV-D of the Social Security Act shall be paid into the Child Support Enforcement Trust Fund. All payments under this Section to the Illinois Department of Human Services shall be deposited in the DHS Recoveries Trust Fund. Disbursements from these funds shall be as provided in the Illinois Public Aid Code. Payments received by a local governmental unit shall be deposited in that unit's General Assistance Fund. Any order of court directing payment of child support to a clerk of court or the Court Service Division of a County Department of Public Aid, which order has been entered on or after August 14, 1961, and prior to the effective date of this Act, may be amended by the court in line with this Act; and orders involving payments of maintenance or child support to recipients of public aid may in like manner be amended to conform to this Act.

(6) No filing fee or costs will be required in any action brought at the request of the Illinois Department of Public Aid in any proceeding under this Act. However, any such fees or costs may be assessed by the court against the respondent in the court's order of support or any modification thereof in a proceeding under this Act.

(7) For those cases in which child support is payable to the clerk of the circuit court for transmittal to the Illinois Department of Public Aid by order of court or upon notification by the Illinois Department of Public Aid, the clerk shall transmit all such payments, within 4 working days of receipt, to insure that funds are available for immediate distribution by the Department to the person or entity entitled thereto in accordance with standards of the Child Support Enforcement Program established under Title IV-D of the Social Security Act. The clerk shall notify the
Department of the date of receipt and amount thereof at the time of transmittal. Where the clerk has entered into an agreement of cooperation with the Department to record the terms of child support orders and payments made thereunder directly into the Department's automated data processing system, the clerk shall account for, transmit and otherwise distribute child support payments in accordance with such agreement in lieu of the requirements contained herein.

In any action filed in a county with a population of 1,000,000 or less, the court shall assess against the respondent in any order of maintenance or child support any sum up to $36 annually authorized by ordinance of the county board to be collected by the clerk of the court as costs for administering the collection and disbursement of maintenance and child support payments. Such sum shall be in addition to and separate from amounts ordered to be paid as maintenance or child support.

(8) To the extent the provisions of this Section are inconsistent with the requirements pertaining to the State Disbursement Unit under Section 507.1 of this Act and Section 10-26 of the Illinois Public Aid Code, the requirements pertaining to the State Disbursement Unit shall apply.

(750 ILCS 5/709) (from Ch. 40, par. 709)
Sec. 709. Mandatory child support payments to clerk.

(a) As of January 1, 1982, child support orders entered in any county covered by this subsection shall be made pursuant to the provisions of Sections 709 through 712 of this Act. For purposes of these Sections, the term "child support payment" or "payment" shall include any payment ordered to be made solely for the purpose of the support of a child or children or any payment ordered for general support which includes any amount for support of any child or children.

The provisions of Sections 709 through 712 shall be applicable to any county with a population of 2 million or more and to any other county which notifies the Supreme Court of its desire to be included within the coverage of these Sections and is certified pursuant to Supreme Court Rules.

The effective date of inclusion, however, shall be subject to approval of the application for reimbursement of the costs of the support program by the Department of Public Aid as provided in Section 712.
(b) In any proceeding for a dissolution of marriage, legal separation, or declaration of invalidity of marriage, or in any supplementary proceedings in which a judgment or modification thereof for the payment of child support is entered on or after January 1, 1982, in any county covered by Sections 709 through 712, and the person entitled to payment is receiving a grant of financial aid under Article IV of the Illinois Public Aid Code or has applied and qualified for child support enforcement services under Section 10-1 of that Code, the court shall direct: (1) that such payments be made to the clerk of the court and (2) that the parties affected shall each thereafter notify the clerk of any change of address or change in other conditions that may affect the administration of the order, including the fact that a party who was previously not on public aid has become a recipient of public aid, within 10 days of such change. All notices sent to the obligor's last known address on file with the clerk shall be deemed sufficient to proceed with enforcement pursuant to the provisions of Sections 709 through 712.

In all other cases, the court may direct that payments be made to the clerk of the court.

(c) Except as provided in subsection (d) of this Section, the clerk shall disburse the payments to the person or persons entitled thereto under the terms of the order or judgment.

(d) The court shall determine, prior to the entry of the support order, if the party who is to receive the support is presently receiving public aid or has a current application for public aid pending and shall enter the finding on the record.

If the person entitled to payment is a recipient of aid under the Illinois Public Aid Code, the clerk, upon being informed of this fact by finding of the court, by notification by the party entitled to payment, by the Illinois Department of Public Aid or by the local governmental unit, shall make all payments to: (1) the Illinois Department of Public Aid if the person is a recipient under Article III, IV, or V of the Code or (2) the local governmental unit responsible for his or her support if the person is a recipient under Article VI or VII of the Code. In accordance with federal law and regulations, the Illinois Department of Public Aid may continue to collect current maintenance payments or child support payments, or both, after those persons cease to receive public assistance and until termination of services under Article X of the Illinois Public Aid Code. The Illinois Department of Public Aid shall pay the net amount collected to those persons after deducting any costs incurred in making the collection or any

collection fee from the amount of any recovery made. Upon termination of public aid payments to such a recipient or termination of services under Article X of the Illinois Public Aid Code, the Illinois Department of Public Aid or the appropriate local governmental unit shall notify the clerk in writing or by electronic transmission that all subsequent payments are to be sent directly to the person entitled thereto.

Upon notification in writing or by electronic transmission from the Illinois Department of Public Aid to the clerk of the court that a person who is receiving support payments under this Section is receiving services under the Child Support Enforcement Program established by Title IV-D of the Social Security Act, any support payments subsequently received by the clerk of the court shall be transmitted in accordance with the instructions of the Illinois Department of Public Aid until the Department gives notice to the clerk of the court to cease the transmittal. After providing the notification authorized under this paragraph, the Illinois Department of Public Aid shall be entitled as a party to notice of any further proceedings in the case. The clerk of the court shall file a copy of the Illinois Department of Public Aid's notification in the court file. The failure of the clerk to file a copy of the notification in the court file shall not, however, affect the Illinois Department of Public Aid's right to receive notice of further proceedings.

Payments under this Section to the Illinois Department of Public Aid pursuant to the Child Support Enforcement Program established by Title IV-D of the Social Security Act shall be paid into the Child Support Enforcement Trust Fund. All payments under this Section to the Illinois Department of Human Services shall be deposited in the DHS Recoveries Trust Fund. Disbursements from these funds shall be as provided in the Illinois Public Aid Code. Payments received by a local governmental unit shall be deposited in that unit's General Assistance Fund.

(e) Any order or judgment may be amended by the court, upon its own motion or upon the motion of either party, to conform with the provisions of Sections 709 through 712, either as to the requirement of making payments to the clerk or, where payments are already being made to the clerk, as to the statutory fees provided for under Section 711.

(f) The clerk may invest in any interest bearing account or in any securities, monies collected for the benefit of a payee, where such payee cannot be found; however, the investment may be only for the period until the clerk is able to locate and present the payee with such monies. The clerk may invest in any interest bearing account, or in any securities,
monies collected for the benefit of any other payee; however, this does not alter the clerk's obligation to make payments to the payee in a timely manner. Any interest or capital gains accrued shall be for the benefit of the county and shall be paid into the special fund established in subsection (b) of Section 711.

(g) The clerk shall establish and maintain a payment record of all monies received and disbursed and such record shall constitute prima facie evidence of such payment and non-payment, as the case may be.

(h) For those cases in which child support is payable to the clerk of the circuit court for transmittal to the Illinois Department of Public Aid by order of court or upon notification by the Illinois Department of Public Aid, the clerk shall transmit all such payments, within 4 working days of receipt, to insure that funds are available for immediate distribution by the Department to the person or entity entitled thereto in accordance with standards of the Child Support Enforcement Program established under Title IV-D of the Social Security Act. The clerk shall notify the Department of the date of receipt and amount thereof at the time of transmittal. Where the clerk has entered into an agreement of cooperation with the Department to record the terms of child support orders and payments made thereunder directly into the Department's automated data processing system, the clerk shall account for, transmit and otherwise distribute child support payments in accordance with such agreement in lieu of the requirements contained herein.

(i) To the extent the provisions of this Section are inconsistent with the requirements pertaining to the State Disbursement Unit under Section 507.1 of this Act and Section 10-26 of the Illinois Public Aid Code, the requirements pertaining to the State Disbursement Unit shall apply.

The Department of Public Aid shall provide a copy of the notice to the obligee and to the clerk of the circuit court.

(e) If a State Disbursement Unit as specified by federal law has not been created in Illinois upon the effective date of this Act, then, until the creation of a State Disbursement Unit as specified by federal law, the following provisions regarding payment and disbursement of support payments shall control and the provisions in subsections (a), (b), (c), and (d) shall be inoperative. Approved June 30, 2005.
Effective January 1, 2006.
Sec. 10-1. Declaration of Public Policy - Persons Eligible for Child Support Enforcement Services - Fees for Non-Applicants and Non-Recipients.) It is the intent of this Code that the financial aid and social welfare services herein provided supplement rather than supplant the primary and continuing obligation of the family unit for self-support to the fullest extent permitted by the resources available to it. This primary and continuing obligation applies whether the family unit of parents and children or of husband and wife remains intact and resides in a common household or whether the unit has been broken by absence of one or more members of the unit. The obligation of the family unit is particularly applicable when a member is in necessitous circumstances and lacks the means of a livelihood compatible with health and well-being.

It is the purpose of this Article to provide for locating an absent parent or spouse, for determining his financial circumstances, and for enforcing his legal obligation of support, if he is able to furnish support, in whole or in part. The Illinois Department of Public Aid shall give priority to establishing, enforcing and collecting the current support obligation, and then to past due support owed to the family unit, except with respect to collections effected through the intercept programs provided for in this Article.

The child support enforcement services provided hereunder shall be furnished dependents of an absent parent or spouse who are applicants for or recipients of financial aid under this Code. It is not, however, a condition of eligibility for financial aid that there be no responsible relatives who are reasonably able to provide support. Nor, except as provided in Sections 4-1.7 and 10-8, shall the existence of such relatives or their payment of support contributions disqualify a needy person for financial aid.

By accepting financial aid under this Code, a spouse or a parent or other person having custody of a child shall be deemed to have made assignment to the Illinois Department for aid under Articles III, IV, V and VII or to a local governmental unit for aid under Article VI of any and all rights, title, and interest in any support obligation, including statutory interest thereon, up to the amount of financial aid provided. The rights to support assigned to the Illinois Department of Public Aid or local governmental unit shall constitute an obligation owed the State or local governmental unit by the person who is responsible for providing the support, and shall be collectible under all applicable processes.

The Illinois Department of Public Aid shall also furnish the child support enforcement services established under this Article in behalf of
persons who are not applicants for or recipients of financial aid under this Code in accordance with the requirements of Title IV, Part D of the Social Security Act. The Department may establish a schedule of reasonable fees, to be paid for the services provided and may deduct a collection fee, not to exceed 10% of the amount collected, from such collection. The Illinois Department of Public Aid shall cause to be published and distributed publications reasonably calculated to inform the public that individuals who are not recipients of or applicants for public aid under this Code are eligible for the child support enforcement services under this Article X. Such publications shall set forth an explanation, in plain language, that the child support enforcement services program is independent of any public aid program under the Code and that the receiving of child support enforcement services in no way implies that the person receiving such services is receiving public aid.

(305 ILCS 5/10-16.5)

Sec. 10-16.5. Interest on support obligations. A support obligation, or any portion of a support obligation, which becomes due and remains unpaid as of the end of each month, excluding the child support that was due for that month to the extent that it was not paid in that month, for 30 days or more shall accrue simple interest as set forth in Section 12-109 of the Code of Civil Procedure at the rate of 9% per annum. An order for support entered or modified on or after January 1, 2006 shall contain a statement that a support obligation required under the order, or any portion of a support obligation required under the order, that becomes due and remains unpaid as of the end of each month, excluding the child support that was due for that month to the extent that it was not paid in that month, for 30 days or more shall accrue simple interest as set forth in Section 12-109 of the Code of Civil Procedure at the rate of 9% per annum. Failure to include the statement in the order for support does not affect the validity of the order or the accrual of interest as provided in this Section.

Section 10. The Code of Civil Procedure is amended by changing Section 12-109 as follows:

(735 ILCS 5/12-109) (from Ch. 110, par. 12-109)

Sec. 12-109. Interest on judgments.

(a) Every judgment except those arising by operation of law from child support orders shall bear interest thereon as provided in Section 2-1303.

New matter indicated by italics - deletions by strikeout
(b) Every judgment arising by operation of law from a child support order shall bear interest as provided in this subsection. The interest on judgments arising by operation of law from child support orders shall be calculated by applying one-twelfth of the current statutory interest rate as provided in Section 2-1303 to the unpaid child support balance as of the end of each calendar month. The unpaid child support balance at the end of the month is the total amount of child support ordered, excluding the child support that was due for that month to the extent that it was not paid in that month and including judgments for retroactive child support, less all payments received and applied as set forth in this subsection. The accrued interest shall not be included in the unpaid child support balance when calculating interest at the end of the month. The unpaid child support balance as of the end of each month shall be determined by calculating the current monthly child support obligation and applying all payments received for that month, except federal income tax refund intercepts, first to the current monthly child support obligation and then applying any payments in excess of the current monthly child support obligation to the unpaid child support balance owed from previous months. The current monthly child support obligation shall be determined from the document that established the support obligation. Federal income tax refund intercepts and any payments in excess of the current monthly child support obligation shall be applied to the unpaid child support balance. Any payments in excess of the current monthly child support obligation and the unpaid child support balance shall be applied to the accrued interest on the unpaid child support balance. Interest on child support obligations may be collected by any means available under federal and State laws, rules, and regulations providing for the collection of child support. Section 2-1303 commencing 30 days from the effective date of each such judgment.

Section 15. The Illinois Marriage and Dissolution of Marriage Act is amended by changing Section 505 as follows:

(750 ILCS 5/505) (from Ch. 40, par. 505)
Sec. 505. Child support; contempt; penalties.
(a) In a proceeding for dissolution of marriage, legal separation, declaration of invalidity of marriage, a proceeding for child support following dissolution of the marriage by a court which lacked personal jurisdiction over the absent spouse, a proceeding for modification of a previous order for child support under Section 510 of this Act, or any proceeding authorized under Section 501 or 601 of this Act, the court may
order either or both parents owing a duty of support to a child of the marriage to pay an amount reasonable and necessary for his support, without regard to marital misconduct. The duty of support owed to a child includes the obligation to provide for the reasonable and necessary physical, mental and emotional health needs of the child. For purposes of this Section, the term "child" shall include any child under age 18 and any child under age 19 who is still attending high school.

(1) The Court shall determine the minimum amount of support by using the following guidelines:

<table>
<thead>
<tr>
<th>Number of Children</th>
<th>Percent of Supporting Party's Net Income</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>20%</td>
</tr>
<tr>
<td>2</td>
<td>28%</td>
</tr>
<tr>
<td>3</td>
<td>32%</td>
</tr>
<tr>
<td>4</td>
<td>40%</td>
</tr>
<tr>
<td>5</td>
<td>45%</td>
</tr>
<tr>
<td>6 or more</td>
<td>50%</td>
</tr>
</tbody>
</table>

(2) The above guidelines shall be applied in each case unless the court makes a finding that application of the guidelines would be inappropriate, after considering the best interests of the child in light of evidence including but not limited to one or more of the following relevant factors:

(a) the financial resources and needs of the child;

(b) the financial resources and needs of the custodial parent;

(c) the standard of living the child would have enjoyed had the marriage not been dissolved;

(d) the physical and emotional condition of the child, and his educational needs; and

(e) the financial resources and needs of the non-custodial parent.

If the court deviates from the guidelines, the court's finding shall state the amount of support that would have been required under the guidelines, if determinable. The court shall include the reason or reasons for the variance from the guidelines.

(3) "Net income" is defined as the total of all income from all sources, minus the following deductions:

(a) Federal income tax (properly calculated withholding or estimated payments);
(b) State income tax (properly calculated withholding or estimated payments);
(c) Social Security (FICA payments);
(d) Mandatory retirement contributions required by law or as a condition of employment;
(e) Union dues;
(f) Dependent and individual health/hospitalization insurance premiums;
(g) Prior obligations of support or maintenance actually paid pursuant to a court order;
(h) Expenditures for repayment of debts that represent reasonable and necessary expenses for the production of income, medical expenditures necessary to preserve life or health, reasonable expenditures for the benefit of the child and the other parent, exclusive of gifts. The court shall reduce net income in determining the minimum amount of support to be ordered only for the period that such payments are due and shall enter an order containing provisions for its self-executing modification upon termination of such payment period.

(4) In cases where the court order provides for health/hospitalization insurance coverage pursuant to Section 505.2 of this Act, the premiums for that insurance, or that portion of the premiums for which the supporting party is responsible in the case of insurance provided through an employer's health insurance plan where the employer pays a portion of the premiums, shall be subtracted from net income in determining the minimum amount of support to be ordered.

(4.5) In a proceeding for child support following dissolution of the marriage by a court that lacked personal jurisdiction over the absent spouse, and in which the court is requiring payment of support for the period before the date an order for current support is entered, there is a rebuttable presumption that the supporting party's net income for the prior period was the same as his or her net income at the time the order for current support is entered.

(5) If the net income cannot be determined because of default or any other reason, the court shall order support in an amount considered reasonable in the particular case. The final order in all cases shall state the support level in dollar amounts.

New matter indicated by italics - deletions by strikeout
However, if the court finds that the child support amount cannot be expressed exclusively as a dollar amount because all or a portion of the payor's net income is uncertain as to source, time of payment, or amount, the court may order a percentage amount of support in addition to a specific dollar amount and enter such other orders as may be necessary to determine and enforce, on a timely basis, the applicable support ordered.

(6) If (i) the non-custodial parent was properly served with a request for discovery of financial information relating to the non-custodial parent's ability to provide child support, (ii) the non-custodial parent failed to comply with the request, despite having been ordered to do so by the court, and (iii) the non-custodial parent is not present at the hearing to determine support despite having received proper notice, then any relevant financial information concerning the non-custodial parent's ability to provide child support that was obtained pursuant to subpoena and proper notice shall be admitted into evidence without the need to establish any further foundation for its admission.

(a-5) In an action to enforce an order for support based on the respondent's failure to make support payments as required by the order, notice of proceedings to hold the respondent in contempt for that failure may be served on the respondent by personal service or by regular mail addressed to the respondent's last known address. The respondent's last known address may be determined from records of the clerk of the court, from the Federal Case Registry of Child Support Orders, or by any other reasonable means.

(b) Failure of either parent to comply with an order to pay support shall be punishable as in other cases of contempt. In addition to other penalties provided by law the Court may, after finding the parent guilty of contempt, order that the parent be:

(1) placed on probation with such conditions of probation as the Court deems advisable;

(2) sentenced to periodic imprisonment for a period not to exceed 6 months; provided, however, that the Court may permit the parent to be released for periods of time during the day or night to:

   (A) work; or

   (B) conduct a business or other self-employed occupation.

The Court may further order any part or all of the earnings of a parent during a sentence of periodic imprisonment paid to the Clerk of the

Circuit Court or to the parent having custody or to the guardian having custody of the children of the sentenced parent for the support of said children until further order of the Court.

If there is a unity of interest and ownership sufficient to render no financial separation between a non-custodial parent and another person or persons or business entity, the court may pierce the ownership veil of the person, persons, or business entity to discover assets of the non-custodial parent held in the name of that person, those persons, or that business entity. The following circumstances are sufficient to authorize a court to order discovery of the assets of a person, persons, or business entity and to compel the application of any discovered assets toward payment on the judgment for support:

(1) the non-custodial parent and the person, persons, or business entity maintain records together.

(2) the non-custodial parent and the person, persons, or business entity fail to maintain an arms length relationship between themselves with regard to any assets.

(3) the non-custodial parent transfers assets to the person, persons, or business entity with the intent to perpetrate a fraud on the custodial parent.

With respect to assets which are real property, no order entered under this paragraph shall affect the rights of bona fide purchasers, mortgagees, judgment creditors, or other lien holders who acquire their interests in the property prior to the time a notice of lis pendens pursuant to the Code of Civil Procedure or a copy of the order is placed of record in the office of the recorder of deeds for the county in which the real property is located.

The court may also order in cases where the parent is 90 days or more delinquent in payment of support or has been adjudicated in arrears in an amount equal to 90 days obligation or more, that the parent's Illinois driving privileges be suspended until the court determines that the parent is in compliance with the order of support. The court may also order that the parent be issued a family financial responsibility driving permit that would allow limited driving privileges for employment and medical purposes in accordance with Section 7-702.1 of the Illinois Vehicle Code. The clerk of the circuit court shall certify the order suspending the driving privileges of the parent or granting the issuance of a family financial responsibility driving permit to the Secretary of State on forms prescribed by the Secretary. Upon receipt of the authenticated documents, the Secretary of State shall suspend the parent's driving privileges until further
order of the court and shall, if ordered by the court, subject to the provisions of Section 7-702.1 of the Illinois Vehicle Code, issue a family financial responsibility driving permit to the parent.

In addition to the penalties or punishment that may be imposed under this Section, any person whose conduct constitutes a violation of Section 15 of the Non-Support Punishment Act may be prosecuted under that Act, and a person convicted under that Act may be sentenced in accordance with that Act. The sentence may include but need not be limited to a requirement that the person perform community service under Section 50 of that Act or participate in a work alternative program under Section 50 of that Act. A person may not be required to participate in a work alternative program under Section 50 of that Act if the person is currently participating in a work program pursuant to Section 505.1 of this Act.

A support obligation, or any portion of a support obligation, which becomes due and remains unpaid as of the end of each month, excluding the child support that was due for that month to the extent that it was not paid in that month, for 30 days or more shall accrue simple interest as set forth in Section 12-109 of the Code of Civil Procedure at the rate of 9% per annum. An order for support entered or modified on or after January 1, 2006 shall contain a statement that a support obligation required under the order, or any portion of a support obligation required under the order, that becomes due and remains unpaid as of the end of each month, excluding the child support that was due for that month to the extent that it was not paid in that month, for 30 days or more shall accrue simple interest as set forth in Section 12-109 of the Code of Civil Procedure at the rate of 9% per annum. Failure to include the statement in the order for support does not affect the validity of the order or the accrual of interest as provided in this Section.

(c) A one-time charge of 20% is imposable upon the amount of past-due child support owed on July 1, 1988 which has accrued under a support order entered by the court. The charge shall be imposed in accordance with the provisions of Section 10-21 of the Illinois Public Aid Code and shall be enforced by the court upon petition.

(d) Any new or existing support order entered by the court under this Section shall be deemed to be a series of judgments against the person obligated to pay support thereunder, each such judgment to be in the amount of each payment or installment of support and each such judgment to be deemed entered as of the date the corresponding payment or installment becomes due under the terms of the support order. Each such

New matter indicated by italics - deletions by strikeout
judgment shall have the full force, effect and attributes of any other judgment of this State, including the ability to be enforced. A lien arises by operation of law against the real and personal property of the noncustodial parent for each installment of overdue support owed by the noncustodial parent.

(e) When child support is to be paid through the clerk of the court in a county of 1,000,000 inhabitants or less, the order shall direct the obligor to pay to the clerk, in addition to the child support payments, all fees imposed by the county board under paragraph (3) of subsection (u) of Section 27.1 of the Clerks of Courts Act. Unless paid in cash or pursuant to an order for withholding, the payment of the fee shall be by a separate instrument from the support payment and shall be made to the order of the Clerk.

(f) All orders for support, when entered or modified, shall include a provision requiring the obligor to notify the court and, in cases in which a party is receiving child and spouse services under Article X of the Illinois Public Aid Code, the Illinois Department of Public Aid, within 7 days, (i) of the name and address of any new employer of the obligor, (ii) whether the obligor has access to health insurance coverage through the employer or other group coverage and, if so, the policy name and number and the names of persons covered under the policy, and (iii) of any new residential or mailing address or telephone number of the non-custodial parent. In any subsequent action to enforce a support order, upon a sufficient showing that a diligent effort has been made to ascertain the location of the non-custodial parent, service of process or provision of notice necessary in the case may be made at the last known address of the non-custodial parent in any manner expressly provided by the Code of Civil Procedure or this Act, which service shall be sufficient for purposes of due process.

(g) An order for support shall include a date on which the current support obligation terminates. The termination date shall be no earlier than the date on which the child covered by the order will attain the age of 18. However, if the child will not graduate from high school until after attaining the age of 18, then the termination date shall be no earlier than the earlier of the date on which the child's high school graduation will occur or the date on which the child will attain the age of 19. The order for support shall state that the termination date does not apply to any arrearage that may remain unpaid on that date. Nothing in this subsection shall be construed to prevent the court from modifying the order or terminating the order in the event the child is otherwise emancipated.
(g-5) If there is an unpaid arrearage or delinquency (as those terms are defined in the Income Withholding for Support Act) equal to at least one month's support obligation on the termination date stated in the order for support or, if there is no termination date stated in the order, on the date the child attains the age of majority or is otherwise emancipated, the periodic amount required to be paid for current support of that child immediately prior to that date shall automatically continue to be an obligation, not as current support but as periodic payment toward satisfaction of the unpaid arrearage or delinquency. That periodic payment shall be in addition to any periodic payment previously required for satisfaction of the arrearage or delinquency. The total periodic amount to be paid toward satisfaction of the arrearage or delinquency may be enforced and collected by any method provided by law for enforcement and collection of child support, including but not limited to income withholding under the Income Withholding for Support Act. Each order for support entered or modified on or after the effective date of this amendatory Act of the 93rd General Assembly must contain a statement notifying the parties of the requirements of this subsection. Failure to include the statement in the order for support does not affect the validity of the order or the operation of the provisions of this subsection with regard to the order. This subsection shall not be construed to prevent or affect the establishment or modification of an order for support of a minor child or the establishment or modification of an order for support of a non-minor child or educational expenses under Section 513 of this Act.

(h) An order entered under this Section shall include a provision requiring the obligor to report to the obligee and to the clerk of court within 10 days each time the obligor obtains new employment, and each time the obligor's employment is terminated for any reason. The report shall be in writing and shall, in the case of new employment, include the name and address of the new employer. Failure to report new employment or the termination of current employment, if coupled with nonpayment of support for a period in excess of 60 days, is indirect criminal contempt. For any obligor arrested for failure to report new employment bond shall be set in the amount of the child support that should have been paid during the period of unreported employment. An order entered under this Section shall also include a provision requiring the obligor and obligee parents to advise each other of a change in residence within 5 days of the change except when the court finds that the physical, mental, or emotional health of a party or that of a child, or both, would be seriously endangered by disclosure of the party's address.
(i) The court does not lose the powers of contempt, driver's license suspension, or other child support enforcement mechanisms, including, but not limited to, criminal prosecution as set forth in this Act, upon the emancipation of the minor child or children.

Section 20. The Non-Support Punishment Act is amended by changing Sections 20 and 23 as follows:

(750 ILCS 16/20)
Sec. 20. Entry of order for support; income withholding.
(a) In a case in which no court or administrative order for support is in effect against the defendant:

(1) at any time before the trial, upon motion of the State's Attorney, or of the Attorney General if the action has been instituted by his office, and upon notice to the defendant, or at the time of arraignment or as a condition of postponement of arraignment, the court may enter such temporary order for support as may seem just, providing for the support or maintenance of the spouse or child or children of the defendant, or both, pendente lite; or

(2) before trial with the consent of the defendant, or at the trial on entry of a plea of guilty, or after conviction, instead of imposing the penalty provided in this Act, or in addition thereto, the court may enter an order for support, subject to modification by the court from time to time as circumstances may require, directing the defendant to pay a certain sum for maintenance of the spouse, or for support of the child or children, or both.

(b) The court shall determine the amount of child support by using the guidelines and standards set forth in subsection (a) of Section 505 and in Section 505.2 of the Illinois Marriage and Dissolution of Marriage Act.

If (i) the non-custodial parent was properly served with a request for discovery of financial information relating to the non-custodial parent's ability to provide child support, (ii) the non-custodial parent failed to comply with the request, despite having been ordered to do so by the court, and (iii) the non-custodial parent is not present at the hearing to determine support despite having received proper notice, then any relevant financial information concerning the non-custodial parent's ability to provide support that was obtained pursuant to subpoena and proper notice shall be

admitted into evidence without the need to establish any further foundation for its admission.

(c) The court shall determine the amount of maintenance using the standards set forth in Section 504 of the Illinois Marriage and Dissolution of Marriage Act.

(d) The court may, for violation of any order under this Section, punish the offender as for a contempt of court, but no pendente lite order shall remain in effect longer than 4 months, or after the discharge of any panel of jurors summoned for service thereafter in such court, whichever is sooner.

(e) Any order for support entered by the court under this Section shall be deemed to be a series of judgments against the person obligated to pay support under the judgments, each such judgment to be in the amount of each payment or installment of support and each judgment to be deemed entered as of the date the corresponding payment or installment becomes due under the terms of the support order. Each judgment shall have the full force, effect, and attributes of any other judgment of this State, including the ability to be enforced. Each judgment is subject to modification or termination only in accordance with Section 510 of the Illinois Marriage and Dissolution of Marriage Act. A lien arises by operation of law against the real and personal property of the noncustodial parent for each installment of overdue support owed by the noncustodial parent.

(f) An order for support entered under this Section shall include a provision requiring the obligor to report to the obligee and to the clerk of the court within 10 days each time the obligor obtains new employment, and each time the obligor's employment is terminated for any reason. The report shall be in writing and shall, in the case of new employment, include the name and address of the new employer.

Failure to report new employment or the termination of current employment, if coupled with nonpayment of support for a period in excess of 60 days, is indirect criminal contempt. For any obligor arrested for failure to report new employment, bond shall be set in the amount of the child support that should have been paid during the period of unreported employment.

An order for support entered under this Section shall also include a provision requiring the obligor and obligee parents to advise each other of a change in residence within 5 days of the change except when the court finds that the physical, mental, or emotional health of a party or of a minor,

child, or both, would be seriously endangered by disclosure of the party's address.

(g) An order for support entered or modified in a case in which a party is receiving child support enforcement services under Article X of the Illinois Public Aid Code shall include a provision requiring the noncustodial parent to notify the Illinois Department of Public Aid, within 7 days, of the name and address of any new employer of the noncustodial parent, whether the noncustodial parent has access to health insurance coverage through the employer or other group coverage and, if so, the policy name and number and the names of persons covered under the policy.

(h) In any subsequent action to enforce an order for support entered under this Act, upon sufficient showing that diligent effort has been made to ascertain the location of the noncustodial parent, service of process or provision of notice necessary in that action may be made at the last known address of the noncustodial parent, in any manner expressly provided by the Code of Civil Procedure or in this Act, which service shall be sufficient for purposes of due process.

(i) An order for support shall include a date on which the current support obligation terminates. The termination date shall be no earlier than the date on which the child covered by the order will attain the age of 18. However, if the child will not graduate from high school until after attaining the age of 18, then the termination date shall be no earlier than the earlier of the date on which the child's high school graduation will occur or the date on which the child will attain the age of 19. The order for support shall state that the termination date does not apply to any arrearage that may remain unpaid on that date. Nothing in this subsection shall be construed to prevent the court from modifying the order or terminating the order in the event the child is otherwise emancipated.

(i-5) If there is an unpaid arrearage or delinquency (as those terms are defined in the Income Withholding for Support Act) equal to at least one month's support obligation on the termination date stated in the order for support or, if there is no termination date stated in the order, on the date the child attains the age of majority or is otherwise emancipated, the periodic amount required to be paid for current support of that child immediately prior to that date shall automatically continue to be an obligation, not as current support but as periodic payment toward satisfaction of the unpaid arrearage or delinquency. That periodic payment shall be in addition to any periodic payment previously required for satisfaction of the arrearage or delinquency. The total periodic amount to
be paid toward satisfaction of the arrearage or delinquency may be enforced and collected by any method provided by law for enforcement and collection of child support, including but not limited to income withholding under the Income Withholding for Support Act. Each order for support entered or modified on or after the effective date of this amendatory Act of the 93rd General Assembly must contain a statement notifying the parties of the requirements of this subsection. Failure to include the statement in the order for support does not affect the validity of the order or the operation of the provisions of this subsection with regard to the order. This subsection shall not be construed to prevent or affect the establishment or modification of an order for support of a minor child or the establishment or modification of an order for support of a non-minor child or educational expenses under Section 513 of the Illinois Marriage and Dissolution of Marriage Act.

(j) A support obligation, or any portion of a support obligation, which becomes due and remains unpaid as of the end of each month, excluding the child support that was due for that month to the extent that it was not paid in that month, for 30 days or more shall accrue simple interest as set forth in Section 12-109 of the Code of Civil Procedure at the rate of 9% per annum. An order for support entered or modified on or after January 1, 2006 shall contain a statement that a support obligation required under the order, or any portion of a support obligation required under the order, that becomes due and remains unpaid as of the end of each month, excluding the child support that was due for that month to the extent that it was not paid in that month, for 30 days or more shall accrue simple interest as set forth in Section 12-109 of the Code of Civil Procedure at the rate of 9% per annum. Failure to include the statement in the order for support does not affect the validity of the order or the accrual of interest as provided in this Section.

The Director is authorized to rent portions of the above described facilities to persons, firms, partnerships, associations, or individuals for terms not to exceed 30 days when those leases or subleases will not interfere with State usage of the facility. This authority is meant to supplement and shall not in any way be interpreted to restrict the Director's ability to make portions of the State of Illinois Building and the James R. Thompson Center available for long-term commercial leases or subleases.

Provided however, that all rentals or fees charged to persons, firms, partnerships, associations, or individuals for any lease or use of space in

Notwithstanding the provisions above, the Department of Children and Family Services and the Department of Human Services (as successor to the Department of Rehabilitation Services and the Department of Mental Health and Developmental Disabilities) shall determine the allocation of space for direct recipient care in their respective facilities. Nothing in this subsection shall be construed so as to make it conflict with any provisions of, or rules promulgated under, the Personnel Code.

ARTICLE 13

Section 13-5. The Department of Professional Regulation Law of the Civil Administrative Code of Illinois is amended by changing Section 2105-300 as follows:

(20 ILCS 2105/2105-300) (was 20 ILCS 2105/61e)

Sec. 2105-300. Professions Indirect Cost Fund; allocations; analyses.

(a) Appropriations for the direct and allocable indirect costs of licensing and regulating each regulated profession, trade, or occupation, or industry are intended to be payable from the fees and fines that are assessed and collected from that profession, trade, or occupation, or industry, to the extent that those fees and fines are sufficient. In any fiscal year in which the fees and fines generated by a specific profession, trade, or occupation, or industry are insufficient to finance the necessary direct and allocable indirect costs of licensing and regulating that profession, trade, or occupation, or industry, the remainder of those costs shall be financed from appropriations payable from revenue sources other than fees and fines. The direct and allocable indirect costs of the Department identified in its cost allocation plans that are not attributable to the licensing and regulation of a specific profession, trade, or occupation, or industry or group of professions, trades, or occupations, or industries shall be financed from appropriations from revenue sources other than fees and fines.

(b) The Professions Indirect Cost Fund is hereby created as a special fund in the State Treasury. The Fund may receive transfers of moneys authorized by the Department from the cash balances in special funds that receive revenues from the fees and fines associated with the licensing of regulated professions, trades, and occupations, and industries by the Department. Moneys in the Fund shall be invested and earnings on the investments shall be retained in the Fund. Subject to appropriation, the Department shall use moneys in the Fund to pay the ordinary and necessary allocable indirect expenses associated with each of the regulated professions, trades, and occupations, and industries.

(c) Before the beginning of each fiscal year, the Department shall prepare a cost allocation analysis to be used in establishing the necessary appropriation levels for each cost purpose and revenue source. At the conclusion of each fiscal year, the Department shall prepare a cost...
allocation analysis reflecting the extent of the variation between how the costs were actually financed in that year and the planned cost allocation for that year. Variations between the planned and actual cost allocations for the prior fiscal year shall be adjusted into the Department's planned cost allocation for the next fiscal year.

Each cost allocation analysis shall separately identify the direct and allocable indirect costs of each regulated profession, trade, or occupation, or industry and the costs of the Department's general public health and safety purposes. The analyses shall determine whether the direct and allocable indirect costs of each regulated profession, trade, or occupation, or industry and the costs of the Department's general public health and safety purposes are sufficiently financed from their respective funding sources. The Department shall prepare the cost allocation analyses in consultation with the respective regulated professions, trades, and occupations, and industries and shall make copies of the analyses available to them in a timely fashion.

(d) The Department may direct the State Comptroller and Treasurer to transfer moneys from the special funds that receive fees and fines associated with regulated professions, trades, and occupations, and industries into the Professions Indirect Cost Fund in accordance with the Department's cost allocation analysis plan for the applicable fiscal year. For a given fiscal year, the Department shall not direct the transfer of moneys under this subsection from a special fund associated with a specific regulated profession, trade, or occupation, or industry (or group of professions, trades, or occupations, or industries) in an amount exceeding the allocable indirect costs associated with that profession, trade, or occupation, or industry (or group of professions, trades, or occupations, or industries) as provided in the cost allocation analysis for that fiscal year and adjusted for allocation variations from the prior fiscal year. No direct costs identified in the cost allocation plan shall be used as a basis for transfers into the Professions Indirect Cost Fund or for expenditures from the Fund.

Moneys in the Fund shall be used by the Department, subject to appropriation, for expenses incurred in administering the above named and referenced Acts.

The Comptroller and the State Treasurer shall transfer from the General Revenue Fund to the Fund any monies received by the Department after June 30, 1993, under any of the above named and referenced Acts that have been deposited in the General Revenue Fund.

As soon as possible after the end of each calendar year, the Comptroller shall compare the balance in the Fund at the end of the calendar year with the amount appropriated from the Fund for the fiscal year beginning on July 1 of that calendar year. If the balance in the Fund exceeds the amount appropriated, the Comptroller and the State Treasurer shall transfer from the Fund to the General Revenue Fund an amount equal to the difference between the balance in the Fund and the amount appropriated.

Nothing in this Section shall be construed to prohibit appropriations from the General Revenue Fund for expenses incurred in the administration of the above named and referenced Acts.

Moneys in the Fund may be transferred to the Professions Indirect Cost Fund, as authorized under Section 2105-300 of the Department of Professional Regulation Law of the Civil Administrative Code of Illinois.

Section 13-15. The Illinois Banking Act is amended by changing Section 48 as follows:

(205 ILCS 5/48) (from Ch. 17, par. 359)

Sec. 48. Commissioner's powers; duties. The Commissioner shall have the powers and authority, and is charged with the duties and responsibilities designated in this Act, and a State bank shall not be subject to any other visitorial power other than as authorized by this Act, except those vested in the courts, or upon prior consultation with the Commissioner, a foreign bank regulator with an appropriate supervisory interest in the parent or affiliate of a state bank. In the performance of the Commissioner's duties:

(1) The Commissioner shall call for statements from all State banks as provided in Section 47 at least one time during each calendar quarter.

(2) (a) The Commissioner, as often as the Commissioner shall deem necessary or proper, and no less frequently than 18 months following the preceding examination, shall appoint a suitable person or persons to make an examination of the affairs of every State bank, except that for every eligible State bank, as defined by regulation, the Commissioner in lieu of the examination may accept on an alternating basis the examination made by the eligible State bank's appropriate federal banking agency pursuant to Section 111 of the Federal Deposit Insurance Corporation Improvement Act of 1991, provided the appropriate federal banking agency has made such an examination. A person so appointed shall not be a stockholder or officer or employee of any bank which that person may be directed to examine, and shall have powers to make a thorough examination into all the affairs of the bank and in so doing to examine any of the officers or agents or employees thereof on oath and shall make a full and detailed report of the condition of the bank to the Commissioner. In making the examination the examiners shall include an examination of the affairs of all the affiliates of the bank, as defined in subsection (b) of
Section 35.2 of this Act, or subsidiaries of the bank as shall be necessary
to disclose fully the conditions of the subsidiaries or affiliates, the relations
between the bank and the subsidiaries or affiliates and the effect of those
relations upon the affairs of the bank, and in connection therewith shall
have power to examine any of the officers, directors, agents, or employees
of the subsidiaries or affiliates on oath. After May 31, 1997, the
Commissioner may enter into cooperative agreements with state regulatory
authorities of other states to provide for examination of State bank
branches in those states, and the Commissioner may accept reports of
examinations of State bank branches from those state regulatory
authorities. These cooperative agreements may set forth the manner in
which the other state regulatory authorities may be compensated for
examinations prepared for and submitted to the Commissioner.

(b) After May 31, 1997, the Commissioner is authorized to
examine, as often as the Commissioner shall deem necessary or proper,
branches of out-of-state banks. The Commissioner may establish and may
assess fees to be paid to the Commissioner for examinations under this
subsection (b). The fees shall be borne by the out-of-state bank, unless the
fees are borne by the state regulatory authority that chartered the out-of-
state bank, as determined by a cooperative agreement between the
Commissioner and the state regulatory authority that chartered the out-of-
state bank.

(2.5) Whenever any State bank, any subsidiary or affiliate of a
State bank, or after May 31, 1997, any branch of an out-of-state bank
causes to be performed, by contract or otherwise, any bank services for
itself, whether on or off its premises:

(a) that performance shall be subject to examination by the
Commissioner to the same extent as if services were being
performed by the bank or, after May 31, 1997, branch of the out-
of-state bank itself on its own premises; and

(b) the bank or, after May 31, 1997, branch of the out-of-
state bank shall notify the Commissioner of the existence of a
service relationship. The notification shall be submitted with the
first statement of condition (as required by Section 47 of this Act)
due after the making of the service contract or the performance of
the service, whichever occurs first. The Commissioner shall be
notified of each subsequent contract in the same manner.
For purposes of this subsection (2.5), the term "bank services"
means services such as sorting and posting of checks and deposits,
computation and posting of interest and other credits and charges, preparation and mailing of checks, statements, notices, and similar items, or any other clerical, bookkeeping, accounting, statistical, or similar functions performed for a State bank, including but not limited to electronic data processing related to those bank services.

(3) The expense of administering this Act, including the expense of the examinations of State banks as provided in this Act, shall to the extent of the amounts resulting from the fees provided for in paragraphs (a), (a-2), and (b) of this subsection (3) be assessed against and borne by the State banks:

(a) Each bank shall pay to the Commissioner a Call Report Fee which shall be paid in quarterly installments equal to one-fourth of the sum of the annual fixed fee of $800, plus a variable fee based on the assets shown on the quarterly statement of condition delivered to the Commissioner in accordance with Section 47 for the preceding quarter according to the following schedule: 16¢ per $1,000 of the first $5,000,000 of total assets, 15¢ per $1,000 of the next $20,000,000 of total assets, 13¢ per $1,000 of the next $75,000,000 of total assets, 9¢ per $1,000 of the next $400,000,000 of total assets, 7¢ per $1,000 of the next $500,000,000 of total assets, and 5¢ per $1,000 of all assets in excess of $1,000,000,000, of the State bank. The Call Report Fee shall be calculated by the Commissioner and billed to the banks for remittance at the time of the quarterly statements of condition provided for in Section 47. The Commissioner may require payment of the fees provided in this Section by an electronic transfer of funds or an automatic debit of an account of each of the State banks. In case more than one examination of any bank is deemed by the Commissioner to be necessary in any examination frequency cycle specified in subsection 2(a) of this Section, and is performed at his direction, the Commissioner may assess a reasonable additional fee to recover the cost of the additional examination; provided, however, that an examination conducted at the request of the State Treasurer pursuant to the Uniform Disposition of Unclaimed Property Act shall not be deemed to be an additional examination under this Section. A remedy for any breach or default of the terms of any such agreement by the Authority may be by mandamus proceedings in any court of competent jurisdiction to compel the performance and compliance therewith, but the agreement may prescribe by whom or on whose behalf such action may be instituted. It is expressly understood that the Authority may, but need not, acquire title to any project with respect to which it exercises its authority.

(d) With respect to the powers granted by this Act, the Authority may adopt rules and regulations prescribing the procedures by which persons may apply for assistance under this Act. (e) The Authority shall have power to acquire by purchase, lease, gift or otherwise any property or rights therein from any person useful for its purposes, whether improved for the purposes of any prospective project, or unimproved. The Authority may also accept any donation of funds for its purposes from any such source. The Authority shall have no independent power of condemnation but may acquire any property or rights therein obtained upon condemnation by any other authority, governmental entity or unit of local government with such power.

(h) The Authority has the power, upon the termination of any leasehold period of any project, to sell or lease for a further term or terms such project on such terms and conditions as the Authority shall deem reasonable and consistent with the purposes of the Act. The net proceeds from all such sales and the revenues or income from such leases shall be used to satisfy any indebtedness of the Authority with respect to such project and any balance may be used to pay any expenses of the Authority or be used for the further development, construction, acquisition or improvement of projects. In the event any project is vacated by a tenant prior to the termination of the initial leasehold period, the Authority shall sell or lease the facilities of the project on the most advantageous terms available. The Authority may, at its discretion, offer for concurrent sale the revenue bonds of several local governments. The Authority may require such financial information from participating local governments as it deems necessary in order to carry out the purposes of this subsection (l).

(m) The Authority may make grants to any county to which Division 5-37 of the Counties Code is applicable to assist in the financing of capital development, construction and renovation of new or existing facilities for hospitals and health care facilities under that Act. For the purpose of obtaining such capital, the Authority may also enter into agreements with financial institutions and other persons for the purpose of selling loans and developing a secondary market for such loans. Loans made under the Direct Loan Program may be in an amount not to exceed $300,000 and shall be made for a portion of an industrial project which does not exceed 50% of the total project. (b) Provide grants from the Build Illinois Bond Fund, the Build Illinois Purposes Fund, the Fund for Illinois' Future, or the Large Business Attraction Fund to or for the direct benefit of a business undertaking a project. Any such grant shall (i) be made and used only for the purpose of assisting the financing of the business for the project in order to reduce the cost of financing to the business, (ii) be made only if a participating lender, or other funding source including the applicant, also provides a portion of the financing with respect to the project, and only if the Department determines, on the basis of all the information available to it, that the project would not be undertaken in Illinois unless the grant is provided, (iii) provide no more than 25% of the total dollar amount of any single project cost and be approved for amounts from the Fund not to exceed $500,000 for any single project, unless waived by the Director upon a finding that such waiver is appropriate to accomplish the purpose of this Article, (iv) be made only after the Department has determined that the grant will cause a project to be undertaken which has the potential to create substantial employment in relation to the amount of the grant, and (v) be made with a business that has certified the project is a new plant start-up or expansion and is not a relocation of an existing business from
another site in Illinois unless that relocation results in substantial employment growth.

(c) Enter into agreements, accept funds or grants and cooperate with agencies of the federal government, local units of government and local regional economic development corporations or organizations for the purposes of carrying out this Article.

If a municipality or county receives grants under this paragraph, it shall file a notice of lien against the owner or owners of such demolished buildings to recover the costs and expenses incurred in the demolition of such buildings pursuant to Section 11-31-1 of the Illinois Municipal Code or Section 5-1080 of the Counties Code. Section 55-70. The Cigarette Tax Act is amended by changing Sections 2 and 29 as follows:

(35 ILCS 130/2) (from Ch. 120, par. 453.2)

Sec. 2. Tax imposed; rate; collection, payment, and distribution; discount.

(a) A tax is imposed upon any person engaged in business as a retailer of cigarettes in this State at the rate of 5 1/2 mills per cigarette sold, or otherwise disposed of in the course of such business in this State. In addition to any other tax imposed by this Act, a tax is imposed upon any person engaged in business as a retailer of cigarettes in this State at a rate of 1/2 mill per cigarette sold or otherwise disposed of in the course of such business in this State on and after January 1, 1947, and shall be paid into the Metropolitan Fair and Exposition Authority Reconstruction Fund or as
otherwise provided in Section 29. On and after December 1, 1985, in addition to any other tax imposed by this Act, a tax is imposed upon any person engaged in business as a retailer of cigarettes in this State at a rate of 4 mills per cigarette sold or otherwise disposed of in the course of such business in this State. Of the additional tax imposed by this amendatory Act of 1985, $9,000,000 of the moneys received by the Department of Revenue pursuant to this Act shall be paid each month into the Common School Fund. On and after the effective date of this amendatory Act of 1989, in addition to any other tax imposed by this Act, a tax is imposed upon any person engaged in business as a retailer of cigarettes at the rate of 5 mills per cigarette sold or otherwise disposed of in the course of such business in this State. On and after December 15, 1997, in addition to any other tax imposed by this Act, a tax is imposed upon any person engaged in business as a retailer of cigarettes at the rate of 7 mills per cigarette sold or otherwise disposed of in the course of such business of this State. All of the moneys received by the Department of Revenue pursuant to this Act and the Cigarette Use Tax Act from the additional taxes imposed by this amendatory Act of 1997, shall be paid each month into the Common School Fund. On and after July 1, 2002, in addition to any other tax imposed by this Act, a tax is imposed upon any person engaged in business as a retailer of cigarettes at the rate of 20.0 mills per cigarette sold or otherwise disposed of in the course of such business in this State. The payment of such taxes shall be evidenced by a stamp affixed to each original package of cigarettes, or an authorized substitute for such stamp imprinted on each original package of such cigarettes underneath the sealed transparent outside wrapper of such original package, as hereinafter provided. However, such taxes are not imposed upon any activity in such business in interstate commerce or otherwise, which activity may not under the Constitution and statutes of the United States be made the subject of taxation by this State.

Beginning on the effective date of this amendatory Act of the 92nd General Assembly, all of the moneys received by the Department of Revenue pursuant to this Act and the Cigarette Use Tax Act, other than the moneys that are dedicated to the Metropolitan Fair and Exposition Authority Reconstruction Fund and the Common School Fund, shall be
distributed each month as follows: first, there shall be paid into the General Revenue Fund an amount which, when added to the amount paid into the Common School Fund for that month, equals $33,300,000, except that in the month of August of 2004, this amount shall equal $83,300,000; then, from the moneys remaining, if any amounts required to be paid into the General Revenue Fund in previous months remain unpaid, those amounts shall be paid into the General Revenue Fund; then, beginning on April 1, 2003, from the moneys remaining, $5,000,000 per month shall be paid into the School Infrastructure Fund; then, if any amounts required to be paid into the School Infrastructure Fund in previous months remain unpaid, those amounts shall be paid into the School Infrastructure Fund; then the moneys remaining, if any, shall be paid into the Long-Term Care Provider Fund. To the extent that more than $25,000,000 has been paid into the General Revenue Fund and Common School Fund per month for the period of July 1, 1993 through the effective date of this amendatory Act of 1994 from combined receipts of the Cigarette Tax Act and the Cigarette Use Tax Act, notwithstanding the distribution provided in this Section, the Department of Revenue is hereby directed to adjust the distribution provided in this Section to increase the next monthly payments to the Long Term Care Provider Fund by the amount paid to the General Revenue Fund and Common School Fund in excess of $25,000,000 per month and to decrease the next monthly payments to the General Revenue Fund and Common School Fund by that same excess amount.

When any tax imposed herein terminates or has terminated, distributors who have bought stamps while such tax was in effect and who therefore paid such tax, but who can show, to the Department's satisfaction, that they sold the cigarettes to which they affixed such stamps after such tax had terminated and did not recover the tax or its equivalent from purchasers, shall be allowed by the Department to take credit for such absorbed tax against subsequent tax stamp purchases from the Department by such distributor.

The impact of the tax levied by this Act is imposed upon the retailer and shall be prepaid or pre-collected by the distributor for the purpose of convenience and facility only, and the amount of the tax shall be added to the price of the cigarettes sold by such distributor. Collection of the tax shall be evidenced by a stamp or stamps affixed to each original package of cigarettes, as hereinafter provided.

Each distributor shall collect the tax from the retailer at or before the time of the sale, shall affix the stamps as hereinafter required, and shall
remit the tax collected from retailers to the Department, as hereinafter provided. Any distributor who fails to properly collect and pay the tax imposed by this Act shall be liable for the tax. Any distributor having cigarettes to which stamps have been affixed in his possession for sale on the effective date of this amendatory Act of 1989 shall not be required to pay the additional tax imposed by this amendatory Act of 1989 on such stamped cigarettes. Any distributor having cigarettes to which stamps have been affixed in his or her possession for sale at 12:01 a.m. on the effective date of this amendatory Act of 1993, is required to pay the additional tax imposed by this amendatory Act of 1993 on such stamped cigarettes. This payment, less the discount provided in subsection (b), shall be due when the distributor first makes a purchase of cigarette tax stamps after the effective date of this amendatory Act of 1993, or on the first due date of a return under this Act after the effective date of this amendatory Act of 1993, whichever occurs first. Any distributor having cigarettes to which stamps have been affixed in his possession for sale on December 15, 1997 shall not be required to pay the additional tax imposed by this amendatory Act of 1997 on such stamped cigarettes.

Any distributor having cigarettes to which stamps have been affixed in his or her possession for sale on July 1, 2002 shall not be required to pay the additional tax imposed by this amendatory Act of the 92nd General Assembly on those stamped cigarettes.

The amount of the Cigarette Tax imposed by this Act shall be separately stated, apart from the price of the goods, by both distributors and retailers, in all advertisements, bills and sales invoices.

(b) The distributor shall be required to collect the taxes provided under paragraph (a) hereof, and, to cover the costs of such collection, shall be allowed a discount during any year commencing July 1st and ending the following June 30th in accordance with the schedule set out hereinbelow, which discount shall be allowed at the time of purchase of the stamps when purchase is required by this Act, or at the time when the tax is remitted to the Department without the purchase of stamps from the Department when that method of paying the tax is required or authorized by this Act. Prior to December 1, 1985, a discount equal to 1 2/3% of the amount of the tax up to and including the first $700,000 paid hereunder by such distributor to the Department during any such year; 1 1/3% of the next $700,000 of tax or any part thereof, paid hereunder by such distributor to the Department during any such year; 1% of the next $700,000 of tax, or any part thereof, paid hereunder by such distributor to

the Department during any such year, and 2/3 of 1% of the amount of any additional tax paid hereunder by such distributor to the Department during any such year shall apply. On and after December 1, 1985, a discount equal to 1.75% of the amount of the tax payable under this Act up to and including the first $3,000,000 paid hereunder by such distributor to the Department during any such year and 1.5% of the amount of any additional tax paid hereunder by such distributor to the Department during any such year shall apply.

Two or more distributors that use a common means of affixing revenue tax stamps or that are owned or controlled by the same interests shall be treated as a single distributor for the purpose of computing the discount.

(c) The taxes herein imposed are in addition to all other occupation or privilege taxes imposed by the State of Illinois, or by any political subdivision thereof, or by any municipal corporation.

Section 55-80. The Metropolitan Pier and Exposition Authority Act is amended by changing Section 10 as follows:

(70 ILCS 210/10) (from Ch. 85, par. 1230)

Sec. 10. The Authority shall have the continuing power to borrow money for the purpose of carrying out and performing its duties and exercising its powers under this Act.

For the purpose of evidencing the obligation of the Authority to repay any money borrowed as aforesaid, the Authority may, pursuant to ordinance adopted by the Board, from time to time issue and dispose of its revenue bonds and notes (herein collectively referred to as bonds), and may also from time to time issue and dispose of its revenue bonds to refund any bonds at maturity or pursuant to redemption provisions or at any time before maturity as provided for in Section 10.1. All such bonds shall be payable solely from any one or more of the following sources: the revenues or income to be derived from the fairs, expositions, meetings, and conventions and other authorized activities of the Authority; funds, if any, received and to be received by the Authority from the Fair and

Exposition Fund, as allocated by the Department of Agriculture of this State; from the Metropolitan Fair and Exposition Authority Reconstruction Fund; from the Metropolitan Fair and Exposition Authority Improvement Bond Fund pursuant to appropriation by the General Assembly; from the McCormick Place Expansion Project Fund pursuant to appropriation by the General Assembly; from any revenues or funds pledged or provided for such purposes by any governmental agency; from any revenues of the Authority from taxes it is authorized to impose; from the proceeds of refunding bonds issued for that purpose; or from any other lawful source derived. Such bonds may bear such date or dates, may mature at such time or times not exceeding 40 years from their respective dates, may bear interest at such rate or rates payable at such times, may be in such form, may carry such registration privileges, may be executed in such manner, may be payable at such place or places, may be made subject to redemption in such manner and upon such terms, with or without premium as is stated on the face thereof, may be executed in such manner and may contain such terms and covenants, all as may be provided in the ordinance adopted by the Board providing for such bonds. In case any officer whose signature appears on any bond ceases (after attaching his signature) to hold office, his signature shall nevertheless be valid and effective for all purposes. The holder or holders of any bonds or interest coupons appertaining thereto issued by the Authority or any trustee on behalf of the holders may bring civil actions to compel the performance and observance by the Authority or any of its officers, agents or employees of any contract or covenant made by the Authority with the holders of such bonds or interest coupons and to compel the Authority and any of its officers, agents or employees to perform any duties required to be performed for the benefit of the holders of any such bonds or interest coupons by the provisions of the ordinance authorizing their issuance and to enjoin the Authority and any of its officers, agents or employees from taking any action in conflict with any such contract or covenant.

Notwithstanding the form and tenor of any such bonds and in the absence of any express recital on the face thereof that it is non-negotiable, all such bonds shall be negotiable instruments under the Uniform Commercial Code.

The bonds shall be sold by the corporate authorities of the Authority in such manner as the corporate authorities shall determine.

From and after the issuance of any bonds as herein provided it shall be the duty of the corporate authorities of the Authority to fix and establish
rates, charges, rents and fees for the use of its grounds, buildings, and facilities that will be sufficient at all times, together with other revenues of the Authority available for that purpose, to pay:

(a) The cost of maintaining, repairing, regulating and operating the grounds, buildings, and facilities; and
(b) The bonds and interest thereon as they shall become due, and all sinking fund requirements and other requirements provided by the ordinance authorizing the issuance of the bonds or as provided by any trust agreement executed to secure payment thereof.

The Authority may provide that bonds issued under this Act shall be payable from and secured by an assignment and pledge of and grant of a lien on and a security interest in unexpended bond proceeds, the proceeds of any refunding bonds, reserves or sinking funds and earnings thereon, or all or any part of the moneys, funds, income and revenues of the Authority from any source derived, including, without limitation, any revenues of the Authority from taxes it is authorized to impose, the net revenues of the Authority from its operations, payments from the Metropolitan Fair and Exposition Authority Improvement Bond Fund or from the McCormick Place Expansion Project Fund to the Authority or upon its direction to any trustee or trustees under any trust agreement securing such bonds, payments from any governmental agency, or any combination of the foregoing. In no event shall a lien or security interest upon the physical facilities of the Authority be created by any such lien, pledge or security interest. The Authority may execute and deliver a trust agreement or agreements to secure the payment of such bonds and for the purpose of setting forth covenants and undertakings of the Authority in connection with issuance thereof. Such pledge, assignment and grant of a lien and security interest shall be effective immediately without any further filing or action and shall be effective with respect to all persons regardless of whether any such person shall have notice of such pledge, assignment, lien or security interest.

In connection with the issuance of its bonds, the Authority may enter into arrangements to provide additional security and liquidity for the bonds. These may include, without limitation, municipal bond insurance, letters of credit, lines of credit by which the Authority may borrow funds to pay or redeem its bonds and purchase or remarketing arrangements for assuring the ability of owners of the Authority's bonds to sell or to have redeemed their bonds. The Authority may enter into contracts and may
agree to pay fees to persons providing such arrangements, including from bond proceeds. No such arrangement or contract shall be considered a bond or note for purposes of any limitation on the issuance of bonds or notes by the Authority.

The ordinance of the Board authorizing the issuance of its bonds may provide that interest rates may vary from time to time depending upon criteria established by the Board, which may include, without limitation, a variation in interest rates as may be necessary to cause bonds to be remarketable from time to time at a price equal to their principal amount, and may provide for appointment of a national banking association, bank, trust company, investment banker or other financial institution to serve as a remarketing agent in that connection. The ordinance of the board authorizing the issuance of its bonds may provide that alternative interest rates or provisions will apply during such times as the bonds are held by a person providing a letter of credit or other credit enhancement arrangement for those bonds.

To secure the payment of any or all of such bonds and for the purpose of setting forth the covenants and undertakings of the Authority in connection with the issuance thereof and the issuance of any additional bonds payable from moneys, funds, revenue and income of the Authority to be derived from any source, the Authority may execute and deliver a trust agreement or agreements; provided that no lien upon any real property of the Authority shall be created thereby.

A remedy for any breach or default of the terms of any such trust agreement by the Authority may be by mandamus proceedings in the circuit court to compel performance and compliance therewith, but the trust agreement may prescribe by whom or on whose behalf such action may be instituted.

In connection with the issuance of its bonds under this Act, the Authority may enter into contracts that it determines necessary or appropriate to permit it to manage payment or interest rate risk. These contracts may include, but are not limited to, interest rate exchange agreements; contracts providing for payment or receipt of funds based on levels of or changes in interest rates; contracts to exchange cash flows or series of payments; and contracts incorporating interest rate caps, collars, floors, or locks.

Section 55-95. The School Code is amended by changing Section 2-3.120 as follows:

(105 ILCS 5/2-3.120)

Sec. 2-3.120. Non-Public school students' access to technology.

(a) The General Assembly finds and declares that the Constitution of the State of Illinois provides that "a fundamental goal of the People of the State is the educational development of all persons to the limit of their capacities", and that the educational development of every school student serves the public purposes of the State. In order to enable Illinois students to leave school with the basic skills and knowledge that will enable them to find and hold jobs and otherwise function as productive members of society in the 21st Century, all students must have access to the vast educational resources provided by computers. The provisions of this Section are in the public interest, for the public benefit, and serve a secular public purpose.

(b) The State Board of Education shall provide non-public schools with ports to the Board's statewide educational network, provided that this access does not diminish the services available to public schools and students. The State Board of Education shall charge for this access in an amount necessary to offset its cost. Amounts received by the State Board of Education under this Section shall be deposited in the General Revenue Fund School Technology Revolving Fund as described in Section 2-3.121. The statewide network may be used only for secular educational purposes.

(c) For purposes of this Section, a non-public school means: (i) any non-profit, non-public college; or (ii) any non-profit, non-home-based, non-public elementary or secondary school that is in compliance with Title VI of the Civil Rights Act of 1964 and attendance at which satisfies the requirements of Section 26-1 of the School Code.

(b) The Fund is created for the purpose of receiving moneys in accordance with Section 15, Section 30 and Section 35 of this Act, and disbursing moneys for payment of:

(2) administrative expenses incurred by the Department in performing the activities authorized by this Act;
(3) refunds to distribution agents as provided for under this Act; and
(4) transfers to the General Revenue Fund of any amounts of Nursing Home Grant Assistance payments returned to the Department by distribution agents.

The Department shall deposit all moneys received under this Act in the Nursing Home Grant Assistance Fund.

The Department, subject to appropriation, may use up to 2.5% of the moneys received under this Act for the costs of administering and enforcing the program.

(c) Within 30 days after the end of the quarterly period in which the distribution agent is required to file the certification and make the payment required by this Act, and after verification with the Illinois Department of Public Aid of the licensing status of the distribution agent, the Director shall order the payment to be made from appropriations made for the purposes of this Act.

Within 10 days after receipt by the State Comptroller of the disbursement certification to the qualified distributing agents, the State Comptroller shall cause the warrants to be drawn for the respective amounts in accordance with the directions contained in that certification.

(e) Notwithstanding any other provision of this Act, as soon as is practicable after the effective date of this amendatory Act of 1994, the Department shall order that payments be made, subject to appropriation, to the appropriate distribution agents for grants to persons who were eligible individuals during the fourth quarter of fiscal year 1993 to the extent that those individuals did not receive a grant for that quarter or the fourth quarter of fiscal year 1992. A county or Municipal Joint Action Agency that imposes a fee, tax, or surcharge under this subsection may use the proceeds thereof to reimburse a municipality that lies wholly or partially within its boundaries for expenses incurred in the removal of nonhazardous, nonfluid municipal waste that has been dumped on public property in violation of a State law or local ordinance.

Section 55-165. The Uranium and Thorium Mill Tailings Control Act is amended by changing Sections 15 and 40 as follows:

(420 ILCS 42/15)

Sec. 15. Storage fees.

(a) Beginning January 1, 1994, an annual fee shall be imposed on the owner or operator of any property that has been used in whole or in part for the milling of source material and is being used for the storage or disposal of by-product material, equal to $2 per cubic foot of by-product material being stored or disposed of by the facility. After a facility is cleaned up in accordance with the Department's radiological soil clean-up criteria, no fee shall be due, imposed upon, or collected from an owner. No fee shall be imposed upon any by-product material moved to a facility in contemplation of the subsequent removal of the by-product material pursuant to law or upon any by-product material moved to a facility in contemplation of processing the material through a physical separation facility. No fees shall be collected from any State, county, municipal, or local governmental agency. In connection with settling litigation regarding the amount of the fee to be imposed, the Director may enter into an agreement with the owner or operator of any facility specifying that the fee to be imposed shall not exceed $26,000,000 in any calendar year. The fees assessed under this Section are separate and distinct from any license fees imposed under Section 11 of the Radiation Protection Act of 1990.

The fee shall be due on June 1 of each year or at such other times in such installments as the Director may provide by rule. To facilitate the expeditious removal of by-product material, rules establishing payment dates or schedules may be adopted as emergency rules under Section 5-45 of the Administrative Procedure Act. The fee shall be collected and administered by the Department, and shall be deposited into the General Revenue Fund By-product Material Safety Fund, which is created as an interest bearing special fund in the State Treasury. Amounts in the By-product Material Safety Fund not currently required to meet the obligations of the Fund shall be invested as provided by law and all interest earned from investments shall be retained in the Fund.

(b) Moneys in the By-product Material Safety Fund may be expended by the Department, subject to appropriation, for only the
following purposes *but and only as the moneys relate to by-product material attributable to the owner or operator who pays the fees under subsection (a)* moneys into the Fund:

(1) the costs of monitoring, inspecting, and otherwise regulating the storage and disposal of by-product material, wherever located;

(2) the costs of undertaking any maintenance, decommissioning activities, cleanup, responses to radiation emergencies, or remedial action that would otherwise be required of the owner or operator by law or under a license amendment or condition in connection with by-product materials;

(3) the costs that would otherwise be required of the owner or operator, by law or under a license amendment or condition, incurred by the State arising from the transportation of the by-product material from a storage or unlicensed disposal location to a licensed permanent disposal facility; and

(4) reimbursement to the owner or operator of any facility used for the storage or disposal of by-product material for costs incurred by the owner or operator in connection with the decontamination or decommissioning of the storage or disposal facility or other properties contaminated with by-product material. However, the amount of the reimbursements paid to the owner or operator of a by-product material storage or disposal facility shall not be reduced for any amounts recovered by the owner or operator pursuant to Title X of the federal Energy Policy Act of 1992 and shall not exceed the amount of money paid into the Fund by that owner or operator under subsection (a) plus the interest accrued in the Fund attributable to amounts paid by that owner or operator.

An owner or operator who incurs costs in connection with the decontamination or decommissioning of the storage or disposal facility or other properties contaminated with by-product material is entitled to have those costs promptly reimbursed from the Fund as provided in this Section. In the event the owner or operator has incurred reimbursable costs for which there are not adequate moneys in the Fund with which to provide reimbursement, the Director shall reduce the amount of any fee payable in the future imposed under this Act by the amount of the reimbursable expenses incurred by the owner or operator. An owner or operator of a facility shall submit requests for reimbursement to the Director in a form reasonably required by the Director. Upon receipt of a

request, the Director shall give written notice approving or disapproving each of the owner's or operator's request for reimbursement within 60 days. The Director shall approve requests for reimbursement unless the Director finds that the amount is excessive, erroneous, or otherwise inconsistent with paragraph (4) of this subsection or with any license or license amendments issued in connection with that owner's or operator's decontamination or decommissioning plan. If the Director disapproves a reimbursement request, the Director shall set forth in writing to the owner or operator the reasons for disapproval. The owner or operator may resubmit to the Department a disapproved reimbursement request with additional information as may be required. Disapproval of a reimbursement request shall constitute final action for purposes of the Administrative Review Law unless the owner or operator resubmits the denied request within 35 days. To the extent there are funds available in the Fund, the Director shall prepare and certify to the Comptroller the disbursement of the approved sums from the By-Product Material Safety Fund to the owners or operators or, if there are insufficient funds available, the Director shall offset future fees otherwise payable by the owner or operator by the amount of the approved reimbursable expenses.

(c) To the extent that costs identified in parts (1), (2), and (3) of subsections (b) are recovered by the Department under the Radiation Protection Act of 1990 or its rules, the Department shall not use money under this Section in the By-product Material Safety Fund to cover these costs.

(d) (Blank). The provisions directing the expenditures from the By-product Material Safety Fund provided for in this Section shall constitute an irrevocable and continuing appropriation to the Department of Nuclear Safety solely for the purposes as provided in this Section. The State Treasurer and State Comptroller are hereby authorized and directed to pay expenditures or record in their records any offset approved by the Director as provided in this Section.

(b) Any person failing to pay the fees provided for in Section 15 shall be subject to a civil penalty not to exceed 4 times the amount of the fees not paid.
(c) Violations of this Act shall be prosecuted by the Attorney General at the request of the Department. Civil penalties under this Act are recoverable in an action brought by the Attorney General on behalf of the State in the circuit court of the county in which the facility is located. All amounts collected from fines under this Section shall be deposited in the General Revenue Fund. It shall also be the duty of the Attorney General upon the request of the Department to bring an action for an injunction against any person violating any of the provisions of this Act. The Court may assess all or a portion of the cost of actions brought under this subsection, including but not limited to attorney, expert witness, and consultant fees, to the owner or operator of the source material milling facility or to any other person responsible for the violation or contamination.

Section 65-5. The State Finance Act is amended by changing Section 8.12 as follows:
(30 ILCS 105/8.12) (from Ch. 127, par. 144.12)
(a) The moneys in the State Pensions Fund shall be used exclusively for the administration of the Uniform Disposition of Unclaimed Property Act and for the payment of or repayment to the General Revenue Fund a portion of the required State contributions to the designated retirement systems.
"Designated retirement systems" means:
(1) the State Employees' Retirement System of Illinois;
(2) the Teachers' Retirement System of the State of Illinois;
(3) the State Universities Retirement System;
(4) the Judges Retirement System of Illinois; and
(5) the General Assembly Retirement System.

(b) Each year the General Assembly may make appropriations from the State Pensions Fund for the administration of the Uniform Disposition of Unclaimed Property Act.

Each month, the Commissioner of the Office of Banks and Real Estate shall certify to the State Treasurer the actual expenditures that the Office of Banks and Real Estate incurred conducting unclaimed property examinations under the Uniform Disposition of Unclaimed Property Act during the immediately preceding month. Within a reasonable time following the acceptance of such certification by the State Treasurer, the State Treasurer shall pay from its appropriation from the State Pensions Fund to the Bank and Trust Company Fund and the Savings and

Residential Finance Regulatory Fund an amount equal to the expenditures incurred by each Fund for that month.

Each month, the Director of Financial Institutions shall certify to the State Treasurer the actual expenditures that the Department of Financial Institutions incurred conducting unclaimed property examinations under the Uniform Disposition of Unclaimed Property Act during the immediately preceding month. Within a reasonable time following the acceptance of such certification by the State Treasurer, the State Treasurer shall pay from its appropriation from the State Pensions Fund to the Financial Institutions Fund and the Credit Union Fund an amount equal to the expenditures incurred by each Fund for that month.

(c) As soon as possible after the effective date of this amendatory Act of the 93rd General Assembly, the General Assembly shall appropriate from the State Pensions Fund (1) to the State Universities Retirement System the amount certified under Section 15-165 during the prior year, (2) to the Judges Retirement System of Illinois the amount certified under Section 18-140 during the prior year, and (3) to the General Assembly Retirement System the amount certified under Section 2-134 during the prior year as part of the required State contributions to each of those designated retirement systems; except that amounts appropriated under this subsection (c) in State fiscal year 2005 shall not reduce the amount in the State Pensions Fund below $5,000,000. If the amount in the State Pensions Fund does not exceed the sum of the amounts certified in Sections 15-165, 18-140, and 2-134 by at least $5,000,000, the amount paid to each designated retirement system under this subsection shall be reduced in proportion to the amount certified by each of those designated retirement systems. For each State fiscal year beginning with State fiscal year 2006, the General Assembly shall appropriate a total amount equal to the balance in the State Pensions Fund at the close of business on June 30 of the preceding fiscal year, less $5,000,000, as part of the required State contributions to the designated retirement systems. The amount of the appropriation to designated retirement systems shall constitute a portion of the total appropriation under this subsection for that fiscal year which is the same as that retirement system's portion of the total actuarial reserve deficiency of the systems, as most recently determined by the Governor's Office of Management and Budget.

(c-5) For fiscal year 2006 and thereafter, the General Assembly shall appropriate from the State Pensions Fund to the State Universities Retirement System the amount estimated to be available during the fiscal
year in the State Pensions Fund; provided, however, that the amounts appropriated under this subsection (c-5) shall not reduce the amount in the State Pensions Fund below $5,000,000.

(d) The Governor's Office of Management and Budget shall determine the individual and total reserve deficiencies of the designated retirement systems. For this purpose, the Governor's Office of Management and Budget shall utilize the latest available audit and actuarial reports of each of the retirement systems and the relevant reports and statistics of the Public Employee Pension Fund Division of the Department of Insurance.

(d-1) As soon as practicable after the effective date of this amendatory Act of the 93rd General Assembly, the Comptroller shall direct and the Treasurer shall transfer from the State Pensions Fund to the General Revenue Fund, as funds become available, a sum equal to the amounts that would have been paid from the State Pensions Fund to the Teachers' Retirement System of the State of Illinois, the State Universities Retirement System, the Judges Retirement System of Illinois, the General Assembly Retirement System, and the State Employees' Retirement System of Illinois after the effective date of this amendatory Act during the remainder of fiscal year 2004 to the designated retirement systems from the appropriations provided for in this Section if the transfers provided in Section 6z-61 had not occurred. The transfers described in this subsection (d-1) are to partially repay the General Revenue Fund for the costs associated with the bonds used to fund the moneys transferred to the designated retirement systems under Section 6z-61.

(e) The changes to this Section made by this amendatory Act of 1994 shall first apply to distributions from the Fund for State fiscal year 1996.

After the effective date of this amendatory Act of 1985, each county must provide basic services in accordance with the annual plan and standards created by the division. No department may receive funds for new or expanded programs or individualized services and programs unless they are in compliance with standards as enumerated in paragraph (h) of subsection (1) of this Section, the annual plan, and standards for basic services.

(4) The Division shall reimburse the county or counties for probation services as follows:

(a) 100% of the salary of all chief managing officers designated as such by the Chief Judge and the division.

(b) 100% of the salary for all probation officer and supervisor positions approved for reimbursement by the division after April 1, 1984, to meet workload standards and to implement intensive sanction and probation supervision programs and other basic services as defined in this Act.

(c) 100% of the salary for all secure detention personnel and non-secure group home personnel approved for reimbursement after December 1, 1990. For all such positions approved for reimbursement before December 1, 1990, the counties shall be reimbursed $1,250 per month beginning July 1, 1995, and an additional $250 per month beginning each July 1st thereafter until the positions receive 100% salary reimbursement. Allocation of such positions will be based on comparative need considering capacity, staff/resident ratio, physical plant and program.

(d) $1,000 per month for salaries for the remaining probation officer positions engaged in basic services and new or expanded services. All such positions shall be approved by the division in accordance with this Act and division standards.

(e) 100% of the travel expenses in accordance with Division standards for all Probation positions approved under paragraph (b) of subsection 4 of this Section.

(f) If the amount of funds reimbursed to the county under paragraphs (a) through (e) of subsection 4 of this Section on an annual basis is less than the amount the county had received during the 12 month period immediately prior to the effective date of this amendatory Act of 1985, then the Division shall reimburse the amount of the difference to the county. The effect of paragraph (b) of subsection 7 of this Section shall be considered in implementing this supplemental reimbursement provision.

(5) The Division shall provide funds beginning on April 1, 1987 for the counties to provide Individualized Services and Programs as provided in Section 16 of this Act.

(6) A Probation and Court Services Department in order to be eligible for the reimbursement must submit to the Supreme Court an application containing such information and in such a form and by such dates as the Supreme Court may require. Departments to be eligible for funding must satisfy the following conditions:

(a) The Department shall have on file with the Supreme Court an annual Probation plan for continuing, improved, and new Probation and Court Services Programs approved by the Supreme Court or its designee. This plan shall indicate the manner in which Probation and Court Services will be delivered and improved, consistent with the minimum standards and regulations for Probation and Court Services, as established by the Supreme Court. In counties with more than one Probation and Court Services Department eligible to receive funds, all Departments within that county must submit plans which are approved by the Supreme Court.

(b) The annual probation plan shall seek to generally improve the quality of probation services and to reduce the commitment of adult and juvenile offenders to the Department of Corrections and shall require, when appropriate, coordination with the Department of Corrections and the Department of Children and Family Services in the development and use of community resources, information systems, case review and permanency planning systems to avoid the duplication of services.

(c) The Department shall be in compliance with standards developed by the Supreme Court for basic, new and expanded services, training, personnel hiring and promotion.
(d) The Department shall in its annual plan indicate the manner in which it will support the rights of crime victims and in which manner it will implement Article I, Section 8.1 of the Illinois Constitution and in what manner it will coordinate crime victims' support services with other criminal justice agencies within its jurisdiction, including but not limited to, the State's Attorney, the Sheriff and any municipal police department.

(7) No statement shall be verified by the Supreme Court or its designee or vouched by the Comptroller unless each of the following conditions have been met:

   (a) The probation officer is a full-time employee appointed by the Chief Judge to provide probation services.
   
   (b) The probation officer, in order to be eligible for State reimbursement, is receiving a salary of at least $17,000 per year.
   
   (c) The probation officer is appointed or was reappointed in accordance with minimum qualifications or criteria established by the Supreme Court; however, all probation officers appointed prior to January 1, 1978, shall be exempted from the minimum requirements established by the Supreme Court. Payments shall be made to counties employing these exempted probation officers as long as they are employed in the position held on the effective date of this amendatory Act of 1985. Promotions shall be governed by minimum qualifications established by the Supreme Court.
   
   (d) The Department has an established compensation schedule approved by the Supreme Court. The compensation schedule shall include salary ranges with necessary increments to compensate each employee. The increments shall, within the salary ranges, be based on such factors as bona fide occupational qualifications, performance, and length of service. Each position in the Department shall be placed on the compensation schedule according to job duties and responsibilities of such position. The policy and procedures of the compensation schedule shall be made available to each employee.

   (8) In order to obtain full reimbursement of all approved costs, each Department must continue to employ at least the same number of probation officers and probation managers as were authorized for employment for the fiscal year which includes January 1, 1985. This number shall be designated as the base amount of the Department. No positions approved by the Division under paragraph (b) of subsection 4
will be included in the base amount. In the event that the Department employs fewer Probation officers and Probation managers than the base amount for a period of 90 days, funding received by the Department under subsection 4 of this Section may be reduced on a monthly basis by the amount of the current salaries of any positions below the base amount.

(9) Before the 15th day of each month, the treasurer of any county which has a Probation and Court Services Department, or the treasurer of the most populous county, in the case of a Probation or Court Services Department funded by more than one county, shall submit an itemized statement of all approved costs incurred in the delivery of BasicProbation and Court Services under this Act to the Supreme Court. The treasurer may also submit an itemized statement of all approved costs incurred in the delivery of new and expanded Probation and Court Services as well as Individualized Services and Programs. The Supreme Court or its designee shall verify compliance with this Section and shall examine and audit the monthly statement and, upon finding them to be correct, shall forward them to the Comptroller for payment to the county treasurer. In the case of payment to a treasurer of a county which is the most populous of counties sharing the salary and expenses of a Probation and Court Services Department, the treasurer shall divide the money between the counties in a manner that reflects each county's share of the cost incurred by the Department.

(10) The county treasurer must certify that funds received under this Section shall be used solely to maintain and improve Probation and Court Services. The county or circuit shall remain in compliance with all standards, policies and regulations established by the Supreme Court. If at any time the Supreme Court determines that a county or circuit is not in compliance, the Supreme Court shall immediately notify the Chief Judge, county board chairman and the Director of Court Services Chief Probation Officer. If after 90 days of written notice the noncompliance still exists, the Supreme Court shall be required to reduce the amount of monthly reimbursement by 10%. An additional 10% reduction of monthly reimbursement shall occur for each consecutive month of noncompliance. Except as provided in subsection 5 of Section 15, funding to counties shall commence on April 1, 1986. Funds received under this Act shall be used to provide for Probation Department expenses including those required under Section 13 of this Act. For State fiscal years 2004, and 2005, and 2006 only, the Mandatory Arbitration Fund may be used to provide for

Probation Department expenses, including those required under Section 13 of this Act.

(11) The respective counties shall be responsible for capital and space costs, fringe benefits, clerical costs, equipment, telecommunications, postage, commodities and printing.

(12) For purposes of this Act only, probation officers shall be considered peace officers. In the exercise of their official duties, probation officers, sheriffs, and police officers may, anywhere within the State, arrest any probationer who is in violation of any of the conditions of his or her probation, conditional discharge, or supervision, and it shall be the duty of the officer making the arrest to take the probationer before the Court having jurisdiction over the probationer for further order.

(730 ILCS 110/15.1) (from Ch. 38, par. 204-7.1)
Sec. 15.1. Probation and Court Services Fund.
(a) The county treasurer in each county shall establish a probation and court services fund consisting of fees collected pursuant to subsection (i) of Section 5-6-3 and subsection (i) of Section 5-6-3.1 of the Unified Code of Corrections, subsection (10) of Section 5-615 and subsection (5) of Section 5-715 of the Juvenile Court Act of 1987, and paragraph 14.3 of subsection (b) of Section 110-10 of the Code of Criminal Procedure of 1963. The county treasurer shall disburse monies from the fund only at the direction of the chief judge of the circuit court in such circuit where the county is located. The county treasurer of each county shall, on or before January 10 of each year, submit an annual report to the Supreme Court.

(b) Monies in the probation and court services fund shall be appropriated by the county board to be used within the county or jurisdiction where collected in accordance with policies and guidelines approved by the Supreme Court for the costs of operating the probation and court services department or departments; however, except as provided in subparagraph (g), monies in the probation and court services fund shall not be used for the payment of salaries of probation and court services personnel.

(c) Monies expended from the probation and court services fund shall be used to supplement, not supplant, county appropriations for probation and court services.
(d) Interest earned on monies deposited in a probation and court services fund may be used by the county for its ordinary and contingent expenditures.

(e) The county board may appropriate moneys from the probation and court services fund, upon the direction of the chief judge, to support programs that are part of the continuum of juvenile delinquency intervention programs which are or may be developed within the county. The grants from the probation and court services fund shall be for no more than one year and may be used for any expenses attributable to the program including administration and oversight of the program by the probation department.

(f) The county board may appropriate moneys from the probation and court services fund, upon the direction of the chief judge, to support practices endorsed or required under the Sex Offender Management Board Act, including but not limited to sex offender evaluation, treatment, and monitoring programs that are or may be developed within the county.

(g) For the State Fiscal Years 2005 and 2006 only, the Administrative Office of the Illinois Courts may permit a county or circuit to use its probation and court services fund for the payment of salaries of probation officers and other court services personnel whose salaries are reimbursed under this Act if the State's FY2005 or FY2006 appropriation to the Supreme Court for reimbursement to counties for probation salaries and services is less than the amount appropriated to the Supreme Court for these purposes for State Fiscal Year 2004. The Administrative Office of the Illinois Courts shall take into account each county's or circuit's probation fee collections and expenditures any annual surplus or deficit that any county or circuit has in its probation and court services fund and any amounts already obligated from such fund when apportioning the total reimbursement for each county or circuit.

(735 ILCS 5/2-1009A) (from Ch. 110, par. 2-1009A)

Sec. 2-1009A. Filing Fees. In each county authorized by the Supreme Court to utilize mandatory arbitration, the clerk of the circuit court shall charge and collect, in addition to any other fees, an arbitration fee of $8, except in counties with 3,000,000 or more inhabitants the fee shall be $10, at the time of filing the first pleading, paper or other

Arbitration fees received by the clerk of the circuit court pursuant to this Section shall be remitted within one month after receipt to the State Treasurer for deposit into the Mandatory Arbitration Fund, a special fund in the State treasury for the purpose of funding mandatory arbitration programs and such other alternative dispute resolution programs as may be authorized by circuit court rule for operation in counties that have implemented mandatory arbitration, with a separate account being maintained for each county. Notwithstanding any other provision of this Section to the contrary, and for State fiscal years 2004, and 2005, and 2006 only, the Mandatory Arbitration Fund may be used for any other purpose authorized by the Supreme Court.

Section 85-5. The State Finance Act is amended by changing Section 8h as follows:
(30 ILCS 105/8h)
Sec. 8h. Transfers to General Revenue Fund.
(a) Except as provided in subsection (b), notwithstanding any other State law to the contrary, the Governor may, through June 30, 2007, from time to time direct the State Treasurer and Comptroller to transfer a specified sum from any fund held by the State Treasurer to the General Revenue Fund in order to help defray the State's operating costs for the fiscal year. The total transfer under this Section from any fund in any fiscal year shall not exceed the lesser of (i) 8% of the revenues to be deposited into the fund during that fiscal year or (ii) an amount that leaves a remaining fund balance of 25% of the July 1 fund balance of that fiscal year. In fiscal year 2005 only, prior to calculating the July 1, 2004 final balances, the Governor may calculate and direct the State Treasurer with the Comptroller to transfer additional amounts determined by applying the formula authorized in Public Act 93-839 to the funds balances on July 1, 2003. No transfer may be made from a fund under this Section that would have the effect of reducing the available balance in the fund to an amount less than the amount remaining unexpended and unreserved from the total appropriation from that fund estimated to be expended for that fiscal year. This Section does not apply to any funds that are restricted by federal law to a specific use, to any funds in the Motor Fuel Tax Fund, the Hospital Provider Fund, the Medicaid Provider Relief Fund, or the Reviewing Court Alternative Dispute Resolution Fund, the Foreign Language Interpreter Fund, the Lawyers' Assistance Program Fund, the Supreme Court Federal Projects Fund, the Supreme Court Special State Projects Fund, or the Low-Level Radioactive Waste Facility Development and Operation Fund, or to any funds to which subsection (f) of Section 20-40 of the Nursing and Advanced Practice Nursing Act applies. Notwithstanding any other provision of this Section, for fiscal year 2004, the total transfer under this Section from the Road Fund or the State Construction Account Fund shall not exceed the lesser of (i) 5% of the revenues to be deposited into the fund during that fiscal year or (ii) 25% of
the beginning balance in the fund. For fiscal year 2005 through fiscal year 2007, no amounts may be transferred under this Section from the Road Fund, the State Construction Account Fund, the Criminal Justice Information Systems Trust Fund, the Wireless Service Emergency Fund, or the Mandatory Arbitration Fund.

In determining the available balance in a fund, the Governor may include receipts, transfers into the fund, and other resources anticipated to be available in the fund in that fiscal year.

The State Treasurer and Comptroller shall transfer the amounts designated under this Section as soon as may be practicable after receiving the direction to transfer from the Governor.

(b) This Section does not apply to any fund established under the Community Senior Services and Resources Act.

Section 85-10. The Low-Level Radioactive Waste Management Act is amended by changing Section 13 as follows:

(420 ILCS 20/13) (from Ch. 111 1/2, par. 241-13)
Sec. 13. Waste fees.

(a) The Department shall collect a fee from each generator of low-level radioactive wastes in this State. Except as provided in subsections (b), (c), and (d), the amount of the fee shall be $50.00 or the following amount, whichever is greater:

(1) $1 per cubic foot of waste shipped for storage, treatment or disposal if storage of the waste for shipment occurred prior to September 7, 1984;

(2) $2 per cubic foot of waste stored for shipment if storage of the waste occurs on or after September 7, 1984, but prior to October 1, 1985;

(3) $3 per cubic foot of waste stored for shipment if storage of the waste occurs on or after October 1, 1985;

(4) $2 per cubic foot of waste shipped for storage, treatment or disposal if storage of the waste for shipment occurs on or after September 7, 1984 but prior to October 1, 1985, provided that no fee has been collected previously for storage of the waste;

(5) $3 per cubic foot of waste shipped for storage, treatment or disposal if storage of the waste for shipment occurs on or after
October 1, 1985, provided that no fees have been collected previously for storage of the waste.

Such fees shall be collected annually or as determined by the Department and shall be deposited in the low-level radioactive waste funds as provided in Section 14 of this Act. Notwithstanding any other provision of this Act, no fee under this Section shall be collected from a generator for waste generated incident to manufacturing before December 31, 1980, and shipped for disposal outside of this State before December 31, 1992, as part of a site reclamation leading to license termination.

(b) Each nuclear power reactor in this State for which an operating license has been issued by the Nuclear Regulatory Commission shall not be subject to the fee required by subsection (a) with respect to (1) waste stored for shipment if storage of the waste occurs on or after January 1, 1986; and (2) waste shipped for storage, treatment or disposal if storage of the waste for shipment occurs on or after January 1, 1986. In lieu of the fee, each reactor shall be required to pay an annual fee as provided in this subsection for the treatment, storage and disposal of low-level radioactive waste. Beginning with State fiscal year 1986 and through State fiscal year 1997, fees shall be due and payable on January 1st of each year. For State fiscal year 1998 and all subsequent State fiscal years, fees shall be due and payable on July 1 of each fiscal year. The fee due on July 1, 1997 shall be payable on that date, or within 10 days after the effective date of this amendatory Act of 1997, whichever is later.

The owner of any nuclear power reactor that has an operating license issued by the Nuclear Regulatory Commission for any portion of State fiscal year 1998 shall continue to pay an annual fee of $90,000 for the treatment, storage, and disposal of low-level radioactive waste through State fiscal year 2002. The fee shall be due and payable on July 1 of each fiscal year. The fee due on July 1, 1998 shall be payable on that date, or within 10 days after the effective date of this amendatory Act of 1998, whichever is later. If the balance in the Low-Level Radioactive Waste Facility Development and Operation Fund falls below $500,000, as of the end of any fiscal year after fiscal year 2002, the Department is authorized to assess by rule, after notice and a hearing, an additional annual fee to be paid by the owners of nuclear power reactors for which operating licenses have been issued by the Nuclear Regulatory Commission, except that no additional annual fee shall be assessed because of the fund balance at the end of fiscal year 2005 or the end of fiscal year 2006. The additional
annual fee shall be payable on the date or dates specified by rule and shall not exceed $30,000 per operating reactor per year.

(c) In each of State fiscal years 1988, 1989 and 1990, in addition to the fee imposed in subsections (b) and (d), the owner of each nuclear power reactor in this State for which an operating license has been issued by the Nuclear Regulatory Commission shall pay a fee of $408,000. If an operating license is issued during one of those 3 fiscal years, the owner shall pay a prorated amount of the fee equal to $1,117.80 multiplied by the number of days in the fiscal year during which the nuclear power reactor was licensed.

The fee shall be due and payable as follows: in fiscal year 1988, $204,000 shall be paid on October 1, 1987 and $102,000 shall be paid on each of January 1, 1988 and April 1, 1988; in fiscal year 1989, $102,000 shall be paid on each of July 1, 1988, October 1, 1988, January 1, 1989 and April 1, 1989; and in fiscal year 1990, $102,000 shall be paid on each of July 1, 1989, October 1, 1989, January 1, 1990 and April 1, 1990. If the operating license is issued during one of the 3 fiscal years, the owner shall be subject to those payment dates, and their corresponding amounts, on which the owner possesses an operating license and, on June 30 of the fiscal year of issuance of the license, whatever amount of the prorated fee remains outstanding.

All of the amounts collected by the Department under this subsection (c) shall be deposited into the Low-Level Radioactive Waste Facility Development and Operation Fund created under subsection (a) of Section 14 of this Act and expended, subject to appropriation, for the purposes provided in that subsection.

(d) In addition to the fees imposed in subsections (b) and (c), the owners of nuclear power reactors in this State for which operating licenses have been issued by the Nuclear Regulatory Commission shall pay the following fees for each such nuclear power reactor: for State fiscal year 1989, $325,000 payable on October 1, 1988, $162,500 payable on January 1, 1989, and $162,500 payable on April 1, 1989; for State fiscal year 1990, $162,500 payable on July 1, $300,000 payable on October 1, $300,000 payable on January 1 and $300,000 payable on April 1; for State fiscal year 1991, either (1) $150,000 payable on July 1, $650,000 payable on September 1, $675,000 payable on January 1, and $275,000 payable on April 1, or (2) $150,000 on July 1, $130,000 on the first day of each month from August through December, $225,000 on the first day of each month from January through March and $92,000 on the first day of each month
from April through June; for State fiscal year 1992, $260,000 payable on July 1, $900,000 payable on September 1, $300,000 payable on October 1, $150,000 payable on January 1, and $100,000 payable on April 1; for State fiscal year 1993, $100,000 payable on July 1, $230,000 payable on August 1 or within 10 days after July 31, 1992, whichever is later, and $355,000 payable on October 1; for State fiscal year 1994, $100,000 payable on July 1, $75,000 payable on October 1 and $75,000 payable on April 1; for State fiscal year 1995, $100,000 payable on July 1, $75,000 payable on October 1, and $75,000 payable on April 1, for State fiscal year 1996, $100,000 payable on July 1, $75,000 payable on October 1, and $75,000 payable on April 1. The owner of any nuclear power reactor that has an operating license issued by the Nuclear Regulatory Commission for any portion of State fiscal year 1998 shall pay an annual fee of $30,000 through State fiscal year 2003. For State fiscal year 2004 and subsequent fiscal years, the owner of any nuclear power reactor that has an operating license issued by the Nuclear Regulatory Commission shall pay an annual fee of $30,000 per reactor, provided that the fee shall not apply to a nuclear power reactor with regard to which the owner notified the Nuclear Regulatory Commission during State fiscal year 1998 that the nuclear power reactor permanently ceased operations. The fee shall be due and payable on July 1 of each fiscal year. The fee due on July 1, 1998 shall be payable on that date, or within 10 days after the effective date of this amendatory Act of 1998, whichever is later. The fee due on July 1, 1997 shall be payable on that date or within 10 days after the effective date of this amendatory Act of 1997, whichever is later. If the payments under this subsection for fiscal year 1993 due on January 1, 1993, or on April 1, 1993, or both, were due before the effective date of this amendatory Act of the 87th General Assembly, then those payments are waived and need not be made.

All of the amounts collected by the Department under this subsection (d) shall be deposited into the Low-Level Radioactive Waste Facility Development and Operation Fund created pursuant to subsection (a) of Section 14 of this Act and expended, subject to appropriation, for the purposes provided in that subsection.

All payments made by licensees under this subsection (d) for fiscal year 1992 that are not appropriated and obligated by the Department above $1,750,000 per reactor in fiscal year 1992, shall be credited to the licensees making the payments to reduce the per reactor fees required under this subsection (d) for fiscal year 1993.
(e) The Department shall promulgate rules and regulations establishing standards for the collection of the fees authorized by this Section. The regulations shall include, but need not be limited to:

1. the records necessary to identify the amounts of low-level radioactive wastes produced;
2. the form and submission of reports to accompany the payment of fees to the Department; and
3. the time and manner of payment of fees to the Department, which payments shall not be more frequent than quarterly.

(f) Any operating agreement entered into under subsection (b) of Section 5 of this Act between the Department and any disposal facility contractor shall, subject to the provisions of this Act, authorize the contractor to impose upon and collect from persons using the disposal facility fees designed and set at levels reasonably calculated to produce sufficient revenues (1) to pay all costs and expenses properly incurred or accrued in connection with, and properly allocated to, performance of the contractor's obligations under the operating agreement, and (2) to provide reasonable and appropriate compensation or profit to the contractor under the operating agreement. For purposes of this subsection (f), the term "costs and expenses" may include, without limitation, (i) direct and indirect costs and expenses for labor, services, equipment, materials, insurance and other risk management costs, interest and other financing charges, and taxes or fees in lieu of taxes; (ii) payments to or required by the United States, the State of Illinois or any agency or department thereof, the Central Midwest Interstate Low-Level Radioactive Waste Compact, and subject to the provisions of this Act, any unit of local government; (iii) amortization of capitalized costs with respect to the disposal facility and its development, including any capitalized reserves; and (iv) payments with respect to reserves, accounts, escrows or trust funds required by law or otherwise provided for under the operating agreement.

(g) (Blank).
(h) (Blank).
(i) (Blank).
j) (Blank).

(j-5) Prior to commencement of facility operations, the Department shall adopt rules providing for the establishment and collection of fees and charges with respect to the use of the disposal facility as provided in subsection (f) of this Section.

(k) The regional disposal facility shall be subject to ad valorem real estate taxes lawfully imposed by units of local government and school districts with jurisdiction over the facility. No other local government tax, surtax, fee or other charge on activities at the regional disposal facility shall be allowed except as authorized by the Department.

(l) The Department shall have the power, in the event that acceptance of waste for disposal at the regional disposal facility is suspended, delayed or interrupted, to impose emergency fees on the generators of low-level radioactive waste. Generators shall pay emergency fees within 30 days of receipt of notice of the emergency fees. The Department shall deposit all of the receipts of any fees collected under this subsection into the Low-Level Radioactive Waste Facility Development and Operation Fund created under subsection (b) of Section 14. Emergency fees may be used to mitigate the impacts of the suspension or interruption of acceptance of waste for disposal. The requirements for rulemaking in the Illinois Administrative Procedure Act shall not apply to the imposition of emergency fees under this subsection.

(m) The Department shall promulgate any other rules and regulations as may be necessary to implement this Section.

(i) general construction or demolition debris as defined in Section 3.160(a) of this Act; or
(ii) clean construction or demolition debris as defined in Section 3.160(b) of this Act.

The prohibitions specified in this subsection (p) shall be enforceable by the Agency either by administrative citation under Section 31.1 of this Act or as otherwise provided by this Act. The specific prohibitions in this subsection do not limit the power of the Board to establish regulations or standards applicable to open dumping.

(q) Conduct a landscape waste composting operation without an Agency permit, provided, however, that no permit shall be required for any person:

(1) conducting a landscape waste composting operation for landscape wastes generated by such person's own activities which are stored, treated or disposed of within the site where such wastes are generated; or
(2) applying landscape waste or composted landscape waste at agronomic rates; or
(3) operating a landscape waste composting facility on a farm, if the facility meets all of the following criteria:
    (A) the composting facility is operated by the farmer on property on which the composting material is utilized, and the composting facility constitutes no more than 2% of the property's total acreage, except that the Agency may allow a higher percentage for individual sites where the owner or operator has demonstrated to the Agency that the site's soil characteristics or crop needs require a higher rate;
    (B) the property on which the composting facility is located, and any associated property on which the compost is used, is principally and diligently devoted to the production of agricultural crops and is not owned, leased or otherwise controlled by any waste hauler or generator of nonagricultural compost materials, and the operator of the composting facility is not an employee, partner, shareholder, or in any way connected with or controlled by any such waste hauler or generator;
    (C) all compost generated by the composting facility is applied at agronomic rates and used as mulch, fertilizer or soil conditioner on land actually farmed by the person.
operating the composting facility, and the finished compost is not stored at the composting site for a period longer than 18 months prior to its application as mulch, fertilizer, or soil conditioner;

(D) the owner or operator, by January 1, 1990 (or the January 1 following commencement of operation, whichever is later) and January 1 of each year thereafter, (i) registers the site with the Agency, (ii) reports to the Agency on the volume of composting material received and used at the site, (iii) certifies to the Agency that the site complies with the requirements set forth in subparagraphs (A), (B) and (C) of this paragraph (q)(3), and (iv) certifies to the Agency that all composting material was placed more than 200 feet from the nearest potable water supply well, was placed outside the boundary of the 10-year floodplain or on a part of the site that is floodproofed, was placed at least 1/4 mile from the nearest residence (other than a residence located on the same property as the facility) and there are not more than 10 occupied non-farm residences within 1/2 mile of the boundaries of the site on the date of application, and was placed more than 5 feet above the water table.

For the purposes of this subsection (q), "agronomic rates" means the application of not more than 20 tons per acre per year, except that the Agency may allow a higher rate for individual sites where the owner or operator has demonstrated to the Agency that the site's soil characteristics or crop needs require a higher rate.

(r) Cause or allow the storage or disposal of coal combustion waste unless:

(1) such waste is stored or disposed of at a site or facility for which a permit has been obtained or is not otherwise required under subsection (d) of this Section; or

(2) such waste is stored or disposed of as a part of the design and reclamation of a site or facility which is an abandoned mine site in accordance with the Abandoned Mined Lands and Water Reclamation Act; or

(3) such waste is stored or disposed of at a site or facility which is operating under NPDES and Subtitle D permits issued by the Agency pursuant to regulations adopted by the Board for minerelated water pollution and permits issued pursuant to the Federal

Surface Mining Control and Reclamation Act of 1977 (P.L. 95-87) or the rules and regulations thereunder or any law or rule or regulation adopted by the State of Illinois pursuant thereto, and the owner or operator of the facility agrees to accept the waste; and either

(i) such waste is stored or disposed of in accordance with requirements applicable to refuse disposal under regulations adopted by the Board for mine-related water pollution and pursuant to NPDES and Subtitle D permits issued by the Agency under such regulations; or

(ii) the owner or operator of the facility demonstrates all of the following to the Agency, and the facility is operated in accordance with the demonstration as approved by the Agency: (1) the disposal area will be covered in a manner that will support continuous vegetation, (2) the facility will be adequately protected from wind and water erosion, (3) the pH will be maintained so as to prevent excessive leaching of metal ions, and (4) adequate containment or other measures will be provided to protect surface water and groundwater from contamination at levels prohibited by this Act, the Illinois Groundwater Protection Act, or regulations adopted pursuant thereto.

Notwithstanding any other provision of this Title, the disposal of coal combustion waste pursuant to item (2) or (3) of this subdivision (r) shall be exempt from the other provisions of this Title V, and notwithstanding the provisions of Title X of this Act, the Agency is authorized to grant experimental permits which include provision for the disposal of wastes from the combustion of coal and other materials pursuant to items (2) and (3) of this subdivision (r).

(s) After April 1, 1989, offer for transportation, transport, deliver, receive or accept special waste for which a manifest is required, unless the manifest indicates that the fee required under Section 22.8 of this Act has been paid.

(t) Cause or allow a lateral expansion of a municipal solid waste landfill unit on or after October 9, 1993, without a permit modification, granted by the Agency, that authorizes the lateral expansion.

(u) Conduct any vegetable by-product treatment, storage, disposal or transportation operation in violation of any regulation, standards or permit requirements adopted by the Board under this Act. However, no

In addition, vegetable by-products may be transported in this State without a special waste hauling permit, and without the preparation and carrying of a manifest.

(v) (Blank).

(w) Conduct any generation, transportation, or recycling of construction or demolition debris, clean or general, or uncontaminated soil generated during construction, remodeling, repair, and demolition of utilities, structures, and roads that is not commingled with any waste, without the maintenance of documentation identifying the hauler, generator, place of origin of the debris or soil, the weight or volume of the debris or soil, and the location, owner, and operator of the facility where the debris or soil was transferred, disposed, recycled, or treated. This documentation must be maintained by the generator, transporter, or recycler for 3 years. This subsection (w) shall not apply to (1) a permitted pollution control facility that transfers or accepts construction or demolition debris, clean or general, or uncontaminated soil for final disposal, recycling, or treatment, (2) a public utility (as that term is defined in the Public Utilities Act) or a municipal utility, (3) the Illinois Department of Transportation, or (4) a municipality or a county highway department, with the exception of any municipality or county highway department located within a county having a population of over 3,000,000 inhabitants or located in a county that is contiguous to a county having a population of over 3,000,000 inhabitants; but it shall apply to an entity that contracts with a public utility, a municipal utility, the Illinois Department of Transportation, or a municipality or a county highway department. Members electing coverage for eligible dependents shall have the coverage effective immediately, provided that the election is
properly filed in accordance with required filing dates and procedures specified by the Director.

(2) Members described above being transferred from previous coverage towards which the State has been contributing shall be transferred regardless of preexisting conditions, waiting periods, or other requirements that might jeopardize claim payments to which they would otherwise have been entitled.

(3) Eligible and covered members that are eligible for coverage as dependents except for the fact of being members shall be transferred to, and covered under, dependent status regardless of preexisting conditions, waiting periods, or other requirements that might jeopardize claim payments to which they would otherwise have been entitled upon cessation of member status and the election of dependent coverage by a member eligible to elect that coverage.

(c) As to the group health benefits program contracted to begin or continue after June 30, 1973, each retired employee shall become immediately eligible and covered for all benefits available under that program. Retired employees may elect coverage for eligible dependents and shall have the coverage effective immediately, provided that the
election is properly filed in accordance with required filing dates and procedures specified by the Director.

Except as otherwise provided in this Act, where husband and wife are both eligible members, each shall be enrolled as a member and coverage on their eligible dependent children, if any, may be under the enrollment and election of either.

Regardless of other provisions herein regarding late enrollment or other qualifications, as appropriate, the Director may periodically authorize open enrollment periods for each of the benefit programs at which time each member may elect enrollment or change of enrollment without regard to age, sex, health, or other qualification under the conditions as may be prescribed in rules and regulations supplementing this Act. Special open enrollment periods may be declared by the Director for certain members only when special circumstances occur that affect only those members.

(d) Beginning with fiscal year 2003 and for all subsequent years, eligible members may elect not to participate in the program of health benefits as defined in this Act. The election must be made during the annual benefit choice period, subject to the conditions in this subsection.

(1) Members must furnish proof of health benefit coverage, either comprehensive major medical coverage or comprehensive managed care plan, from a source other than the Department of Central Management Services in order to elect not to participate in the program.

(5 ILCS 315/2.5 new)

Sec. 2.5. Findings and declarations; court reporters. The General Assembly finds and declares:

(1) It is the public policy of the State of Illinois and the intent of the General Assembly that State employees, including the Illinois official certified court reporters, are granted collective bargaining rights as provided in this Act.

(2) The Illinois Supreme Court in the case of AOIC v. Teamsters 726 ruled that the Illinois Public Labor Relations Board could not assert jurisdiction over the Illinois official certified court reporters because the Supreme Court is their co-employer together with the Chief Judges of each judicial circuit.

(4) The General Assembly intends to create a statutory framework to allow Illinois official court reporters to enjoy the same collective bargaining and other labor rights granted to other public employees.

(5) Senate Resolution 431 and House Resolution 706, both of the 92nd General Assembly, were adopted, and in enacting this amendatory Act of the 94th General Assembly, the General Assembly is implementing the intent of those resolutions.

Employers, however, shall be required to bargain collectively with regard to policy matters directly affecting wages, hours and terms and conditions of employment as well as the impact thereon upon request by employee representatives.

such system; however, the appointment of a court reporter to be in charge of an audio or video recording system shall not be required where such system is the judge's personal property or has been supplied by a party or such party's attorney. To the extent that it does not substantially interfere with the court reporter's other official duties, the judge to whom, or a judge of the division to which, a reporter is assigned may assign a reporter to secretarial or clerical duties arising out of official court operations.

Unless and until otherwise provided in a Uniform Schedule of Charges which may hereafter be provided by rule or order of the employer representative Supreme Court, a court reporter may charge not to exceed 25¢ per 100 words for making transcripts of his notes. The fees for making transcripts shall be paid in the first instance by the party in whose behalf such transcript is ordered and shall be taxed in the suit.

The transcripts shall be filed and remain with the papers of the case. When the judge trying the case shall, of his own motion, order a transcript of the court reporter's notes, the judge may direct the payment of the charges therefor, and the taxation of the charges as costs in such manner as to him may seem just. Provided, that the charges for making but one transcript shall be taxed as costs and the party first ordering the transcript shall have preference unless it shall be otherwise ordered by the court.

PUBLIC ACT 94-0100
(House Bill No. 2572)

AN ACT concerning safety.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Brominated Fire Retardant Prevention Act.

Section 5. Legislative findings.

(a) Chemicals known as brominated flame retardants (BFR's) are widely used in the United States. To meet stringent fire standards, manufacturers add BFR's to a multitude of products, including plastic housing of electronics and computers, circuit boards, and the foam and textiles used in furniture.

(b) Polybrominated diphenyl ether (PBDE), which is a subcategory of BFR's, has increased forty-fold in human breast milk since the 1970s.

New matter indicated by italics - deletions by strikeout
(c) PBDE has the potential to disrupt thyroid hormone balance and contribute to a variety of developmental deficits, including low intelligence and learning disabilities. PBDE may also have the potential to cause cancer.

(d) Substantial efforts to eliminate BFR's from products have been made throughout the world, including private and public sectors. These efforts have made available numerous alternatives safe to human health while meeting stringent fire standards. To meet market demand, it is in the interest of State manufacturers to eliminate the use of BFR's.

(e) In order to protect the public health and the environment, the General Assembly believes it is necessary for the State to develop a precautionary approach regarding the production, use, storage, and disposal of products containing brominated fire retardants.

Section 10. Definitions. In this Act:
"DecaBDE" means decabromodiphenyl ether.
"OctaBDE" means octabromodiphenyl ether.
"PBDE" means polybrominated diphenyl ether.
"PentaBDE" means pentabromodiphenyl ether.

Section 15. Regulation of brominated flame retardant.
(a) Effective January 1, 2006, a person may not manufacture, process, or distribute in commerce a product or a flame-retarded part of a product containing more than one-tenth of 1% of pentaBDE or octaBDE.
(b) Subsection (a) of this Section does not apply to the following:
   (1) The sale by a business, charity, or private party of any used product containing PBDE.
   (2) The distribution in commerce of original equipment manufacturer replacement service parts manufactured prior to the effective date of this Act.
   (3) The processing of recycled material containing pentaBDE or octaBDE in compliance with applicable State and federal laws.

Section 20. Penalty. A person who violates Section 15 of this Act is guilty of a business offense and upon conviction shall be subject to a fine of not less than $10,000 and not more than $25,000 for each violation.

Section 25. DecaBDE Study. By January 2, 2006, the Illinois Environmental Protection Agency, shall submit to the General Assembly and the Governor a report that reviews the latest available scientific research to address the following issues:

New matter indicated by italics - deletions by strikeout
(1) whether decaBDE is bio-accumulating in humans and the environment, and if so, whether the levels of decaBDE are increasing, decreasing, or staying the same;
(2) how are humans exposed to decaBDE;
(3) what health effects could result from exposure to decaBDE, and are current levels of exposure at levels that could produce these effects;
(4) whether decaBDE breaks down into more harmful chemicals that could damage public health; and
(5) whether effective flame retardants are available for decaBDE uses, and whether the use of available alternatives reduce health risks while still maintaining an adequate level of flame retardant performance.

Section 30. Review of decaBDE study. By February 28, 2006, the Illinois Department of Public Health, shall submit to the General Assembly and the Governor a report that reviews the Illinois Environmental Protection Agency's decaBDE study. In addition to a review of any public health implications the Department of Public Health believes would result from exposure to decaBDE, it shall also comment on the following:

(1) the known exposure pathways for humans to decaBDE;
(2) what scientific evidence exists to demonstrate that decaBDE breaks down into other chemicals that could pose public health concerns; and
(3) what research and analysis exists on the potential human health effects of flame retardants that could be used as alternatives to decaBDE.

Section 35. Transportation of products containing PBDEs. Nothing in this Act restricts a manufacturer, importer, or distributor from transporting products containing PBDEs through this State or storing PBDEs in this State for further distribution.

Section 99. Effective date. This Act takes effect upon becoming law.

(b) The rules and regulations shall also provide that persons who have been accredited by the Agency Department, in accordance with the Radiation Protection Act, without passing an examination, will remain accredited as provided in Section 43 of this Act and that those persons may be accredited, without passing an examination, to use other equipment, procedures, or supervision within the original category of accreditation if the Agency Department receives written assurances from a person licensed under the Medical Practice Act of 1987, that the person accredited has the necessary skill and qualifications for such additional equipment procedures or supervision. The Agency Department shall, in accordance with subsection (c) of this Section, provide for the accreditation of nurses, technicians, or other assistants, unless exempted elsewhere in this Act, to perform a limited scope of diagnostic radiography procedures of the chest, the extremities, skull and sinuses, or the spine, while under the supervision of a person licensed under the Medical Practice Act of 1987.
(c) The rules or regulations promulgated by the Agency Department pursuant to subsection (a) shall establish standards and procedures for

accrediting persons to perform a limited scope of diagnostic radiography procedures. The rules or regulations shall require persons seeking limited scope accreditation to register with the Agency Department as a "student-in-training," and declare those procedures in which the student will be receiving training. The student-in-training registration shall be valid for a period of 16 months, during which the time the student may, under the supervision of a person licensed under the Medical Practice Act of 1987, perform the diagnostic radiography procedures listed on the student's registration. The student-in-training registration shall be nonrenewable.

Upon expiration of the 16 month training period, the student shall be prohibited from performing diagnostic radiography procedures unless accredited by the Agency Department to perform such procedures. In order to be accredited to perform a limited scope of diagnostic radiography procedures, an individual must pass an examination offered by the Agency Department. The examination shall be consistent with national standards in regard to protection of public health and safety. The examination shall consist of a standardized component covering general principles applicable to diagnostic radiography procedures and a clinical component specific to the types of procedures for which accreditation is being sought. The Agency Department may assess a reasonable fee for such examinations to cover the costs incurred by the Department in conjunction with offering the examinations.

(d) The Agency Department shall by rule or regulation exempt from accreditation physician assistants, advanced practice nurses, nurses, technicians, or other assistants who administer radiation to human beings under supervision of a person licensed to practice under the Medical Practice Act of 1987 when the services are performed on employees of a business at a medical facility owned and operated by the business. Such exemption shall only apply to the equipment, procedures and supervision specific to the medical facility owned and operated by the business.

Sec. 7a. Certification of Industrial Radiographers.

(a) Beginning January 1, 1993, no person may perform industrial radiography unless he or she is certified by the Department of Nuclear Safety or its successor, the Illinois Emergency Management Agency, to perform industrial radiography. The Agency Department shall promulgate regulations establishing standards and procedures for certification of industrial radiographers. The regulations may include, without limitation, provisions specifying a minimum course of study and requiring that individuals seeking certification pass an examination administered or approved by the Agency Department. Industrial radiography certification shall be valid for 5 years, except that certifications for industrial radiography trainees shall be valid for 2 years. The Agency Department shall establish by regulation standards and procedures for renewal of certification. The regulations shall provide that certification for industrial radiography trainees shall be nonrenewable.

(b) The Department's regulations of the Department of Nuclear Safety, as the predecessor agency of the Illinois Emergency Management Agency, shall also provide for provisional certification of persons who performed industrial radiography before January 1, 1993. In order to obtain provisional certification, the industrial radiographer must apply to the Department no later than January 1, 1993. Provisional certification shall be valid for 2 years, provided that a person who has obtained a provisional certification must take an examination that is administered or approved by the Department within 12 months of the date on which the provisional certification was issued. Upon passing the examination, the Department shall certify the individual as an industrial radiographer. Provisional certification shall be nonrenewable.
(c) The Agency Department may, by regulation, assess certification fees and fees to recover the cost of examining applicants for certification.

(d) The Agency Department may suspend or revoke the certification of an industrial radiographer, or take other action as provided in Sections 36 and 38 of this Act, if a certified industrial radiographer violates this Act or any rule or regulation promulgated under this Act, or otherwise endangers the safety of himself, his co-workers, or members of the general public. It shall be a violation of this Act for any person to allow an individual who is not a certified industrial radiographer to perform industrial radiography.

(3) The Agency Department is authorized to exempt certain sources of ionizing radiation or kinds of uses or users from the licensing requirements set forth in this section when the Agency Department makes a finding that the exemption of such sources of ionizing radiation or kinds of uses or users will not constitute a significant risk to health and safety of the public.

(4) The Agency Department is authorized to enforce rules pertaining to labeling, handling, packaging, transferring and transporting radiation sources.

(5) The Agency Department is authorized to require licensees, including those conducting activities involving by-product material as defined in subsection (a-5)(2) of Section 4 or possessing such material, to provide adequate financial assurances such as surety bonds, cash deposits, certificates of deposit, or deposits of government securities to protect the State against costs in the event of site abandonment or failure of a licensee to meet the Agency's Department's requirements, as well as the costs of site reclamation and long-term site monitoring and maintenance. In the event that custody of by-product material as defined in subsection (a-5)(2) of Section 4, and the site at which such material is disposed of, is transferred to the Federal Government, any financial assurances collected for reclamation and long-term monitoring and maintenance for that site shall be transferred to the Federal Government.

(9) This Section shall not be applicable to radiation sources or materials regulated by the U.S. Nuclear Regulatory Commission until an agreement or agreements have been entered into pursuant to Section 11 of this Act.

(10) In the licensing and the regulation of by-product material as defined in subsection (a-5)(2) of Section 4, or of any activity which results
in the production of such by-product material, the Agency Department shall provide by rule or regulation, and shall require compliance with, standards for the protection of the public health and safety and the environment which are equivalent to, to the extent practicable, or more stringent than, standards adopted and enforced by the U.S. Nuclear Regulatory Commission for the same purpose, including requirements and standards promulgated by the U.S. Environmental Protection Agency.

(11) Not later than 30 days after submission to the Agency Department of an application for a new license for a fixed location facility or a license amendment for a new location for a facility, the Agency Department shall provide written notice of the application to the municipality where the facility is to be located. (2) Any person who, on the effective date of an agreement under subsection (1) above, possesses a license issued by the Federal Government governing activities for which the Federal Government, pursuant to such agreement, is transferring its responsibilities to this State shall be deemed to possess the same pursuant to a license issued under this Act, which shall expire 90 days after receipt from the Department of Nuclear Safety (or its successor agency, the Illinois Emergency...
Management Agency) of a notice of expiration of such license, or on the date of expiration specified in the Federal license, whichever is earlier.

(3) At such time as Illinois enters into a Federal-State Agreement in accordance with the provisions of this Act, the Agency Department shall license and collect license fees from persons operating radiation installations, including installations involving the use or possession of by-product material as defined in subsection (a-5)(2) of Section 4 and installations having such devices or equipment utilizing or producing radioactive materials but licensure shall not apply to any x-ray machine, including those located in an office of a licensed physician or dentist. The Agency Department may also collect license fees from persons authorized by the Agency Department to engage in decommissioning and decontamination activities at radiation installations including installations licensed to use or possess by-product material as defined in subsection (a-5)(2) of Section 4. The license fees collected from persons authorized to use or possess by-product material as defined in subsection (a-5)(2) of Section 4 or to engage in decommissioning and decontamination activities at radiation installations where such by-product material is used or possessed may include fees sufficient to cover the expenses incurred by the Department in conjunction with monitoring unlicensed properties contaminated with by-product material as defined in subsection (a-5)(2) of Section 4 and overseeing the decontamination of such unlicensed properties.

The Agency Department may impose fees for termination of licenses including, but not limited to, licenses for refining uranium mill concentrates to uranium hexafluoride; licenses for possession and use of source material at ore buying stations, at ion exchange facilities and at facilities where ore is processed to extract metals other than uranium or thorium; and licenses authorizing the use or possession of by-product material as defined in subsection (a-5)(2) of Section 4. The Agency Department may also set license fees for licenses which authorize the distribution of devices, products, or sealed sources involved in the production, utilization, or containment of radiation. After a public hearing before the Agency Department, the fees and collection procedures shall be prescribed under rules and regulations for protection against radiation hazards promulgated under this Act.

(B) Terminate radioactive materials licenses that authorize any activity that results in the production of by-product material as defined in subsection (a-5)(2) of Section 4 or that authorize the possession of such material, only if, prior to termination of such licenses, the licensee has completed decontamination of all properties that have been identified as being contaminated with by-product material at the licensed site and the U.S. Nuclear Regulatory Commission has determined that all applicable standards and requirements pertaining to such material have been met.

(C) In the event title is transferred to the State in accordance with paragraph (B) of subsection (2) of this Section, maintain the by-product material as defined in subsection (a-5)(2) of Section 4 and the land used for disposal of such by-product material in such a manner as to protect the public health and safety and the environment.

(D) Undertake such monitoring, maintenance and emergency measures as are necessary, determined on its own initiative or by the U.S. Nuclear Regulatory Commission, to protect the public health and safety from those materials and property for which the State has assumed custody pursuant to this Act.

Sec. 24.7. Registration requirement; fees. Beginning January 1, 2000, the Department of Nuclear Safety or its successor agency, the Illinois Emergency Management Agency, is authorized to require every operator of a radiation installation to register the installation with the Department or the Agency before the installation is placed in operation. The Agency Department is authorized to exempt certain radiation sources from registration by rule when the Agency Department makes a determination that the exemption of such sources will not constitute a significant risk to health and safety of the public. Whenever there is a change in a radiation installation that affects the registration information provided to the Department or the Agency, including discontinuation of use or disposition of radiation sources, the operator of such installation shall, within 30 days, give written notice to the Department or the Agency detailing the change.

Beginning January 1, 2000, every radiation installation operator using radiation machines shall register annually in a manner and form prescribed by the Department of Nuclear Safety or its successor agency, the Illinois Emergency Management Agency, and shall pay the Department or the Agency an annual registration fee for each radiation machine. The Agency Department shall by rule establish the annual registration fee to register and inspect radiation installations based on the type of facility and equipment possessed by the registrant. The Agency Department shall bill the operator for the registration fee as soon as practical after January 1. The registration fee shall be due and payable within 60 days of the date of billing. If after 60 days the registration fee is not paid, the Agency Department may issue an order directing the operator of the installation to cease use of all radiation machines or take other appropriate enforcement action as provided in Section 36 of this Act. Fees collected under this Section are not refundable.

Registration of any radiation installation shall not imply approval of manufacture, storage, use, handling, operation, or disposal of radiation sources, but shall serve merely as notice to the Agency Department of
Nuclear Safety of the location and character of radiation sources in this State.

AN ACT regarding education.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Section 3-15.12 as follows:

(105 ILCS 5/3-15.12) (from Ch. 122, par. 3-15.12)

Sec. 3-15.12. High school equivalency testing program. The regional superintendent of schools shall make available for qualified individuals residing within the region a High School Equivalency Testing Program. For that purpose the regional superintendent alone or with other regional superintendents may establish and supervise a testing center or centers to administer the secure forms of the high school level Test of General Educational Development to qualified persons. Such centers shall be under the supervision of the regional superintendent in whose region such centers are located, subject to the approval of the President of the Illinois Community College Board State Superintendent of Education.

An individual is eligible to apply to the regional superintendent of schools for the region in which he resides if he is: (a) a person who is 18 years of age or older, has maintained residence in the State of Illinois and is not a high school graduate, but whose high school class has graduated; (b) a member of the armed forces of the United States on active duty who is 17 years of age or older and who is stationed in Illinois or is a legal resident of Illinois; (c) a ward of the Department of Corrections who is 17 years of age or older or an inmate confined in any branch of the Illinois State Penitentiary or in a county correctional facility who is 17 years of age or older; (d) a female who is 17 years of age or older who is unable to attend school because she is either pregnant or the mother of one or more

Such regional superintendent shall determine if the applicant meets statutory and regulatory state standards. If qualified the applicant shall at the time of such application pay a fee established by the Illinois Community College Board State Board of Education, which fee shall be paid into a special fund under the control and supervision of the regional superintendent. Any excess moneys shall be paid into the institute fund.

Any applicant who has achieved the minimum passing standards as established by the Illinois Community College Board State Board of Education shall be notified in writing by the regional superintendent and shall be issued a high school equivalency certificate on the forms provided by the Illinois Community College Board State Board of Education. The regional superintendent shall then certify to the Illinois Community College Board Office of the State Superintendent of Education the score of the applicant and such other and additional information that may be required by the Illinois Community College Board State Board of Education. The moneys received therefrom shall be used in the same manner as provided for in this Section.

Corrections who has attained the age of 17 years, any inmate confined in any branch of the Illinois State Penitentiary or in a county correctional facility who has attained the age of 17 years, or any member of the armed forces of the United States on active duty who has attained the age of 17 years and who is stationed in Illinois or is a legal resident of Illinois, or any female who has attained the age of 17 years and is either pregnant or the mother of one or more children, or any male who has attained the age of 17 years and is the father of one or more children, or any person who has successfully completed an alternative education program under Section 2-3.81, Article 13A, or Article 13B and meets the requirements prescribed by the State Board of Education, is eligible to apply for a high school equivalency certificate (if he or she meets the requirements prescribed by the Illinois Community College Board) upon showing evidence that he or she has completed, successfully, the high school level General Educational Development Tests, administered by the United States Armed Forces Institute, official GED Centers established in other states, or at Veterans' Administration Hospitals or the office of the State Superintendent of Education administered for the Illinois State Penitentiary System and the Department of Corrections. Such applicant shall apply to the regional superintendent of the region wherein he has maintained residence, and upon payment of a fee established by the Illinois Community College Board State Board of Education the regional superintendent shall issue a high school equivalency certificate, and immediately thereafter certify to the Illinois Community College Board State Superintendent of Education the score of the applicant and such other and additional information as may be required by the Illinois Community College Board State Superintendent of Education.

Notwithstanding the provisions of this Section, any applicant who has been out of school for at least one year may request the regional superintendent of schools to administer the restricted GED test upon written request of: The director of a program who certifies to the Chief Examiner of an official GED center that the applicant has completed a program of instruction provided by such agencies as the Job Corps, the Postal Service Academy or apprenticeship training program; an employer or program director for purposes of entry into apprenticeship programs; another State Department of Education in order to meet regulations established by that Department of Education, a post high school educational institution for purposes of admission, the Department of Professional Regulation for licensing purposes, or the Armed Forces for

Any test administered under this Section to an applicant who does not speak and understand English may at the discretion of the administering agency be given and answered in any language in which the test is printed. The regional superintendent of schools may waive any fees required by this Section in case of hardship.

In counties of over 3,000,000 population a GED certificate issued on or after July 1, 1994 shall contain the signatures of the President of the Illinois Community College Board, the superintendent, president or other chief executive officer of the institution where GED instruction occurred and any other signatures authorized by the Illinois Community College Board.

Section 5. The State Employees Group Insurance Act of 1971 is amended by changing Section 8 as follows:

(5 ILCS 375/8) (from Ch. 127, par. 528)

New matter indicated by italics - deletions by strikeout
Sec. 8. Eligibility.

(a) Each member eligible under the provisions of this Act and any rules and regulations promulgated and adopted hereunder by the Director shall become immediately eligible and covered for all benefits available under the programs. Members electing coverage for eligible dependents shall have the coverage effective immediately, provided that the election is properly filed in accordance with required filing dates and procedures specified by the Director.

(1) Every member originally eligible to elect dependent coverage, but not electing it during the original eligibility period, may subsequently obtain dependent coverage only in the event of a qualifying change in status, special enrollment, special circumstance as defined by the Director, or during the annual Benefit Choice Period.

(2) Members described above being transferred from previous coverage towards which the State has been contributing shall be transferred regardless of preexisting conditions, waiting periods, or other requirements that might jeopardize claim payments to which they would otherwise have been entitled.

(3) Eligible and covered members that are eligible for coverage as dependents except for the fact of being members shall be transferred to, and covered under, dependent status regardless of preexisting conditions, waiting periods, or other requirements that might jeopardize claim payments to which they would otherwise have been entitled upon cessation of member status and the election of dependent coverage by a member eligible to elect that coverage.

(b) New employees shall be immediately insured for the basic group life insurance and covered by the program of health benefits on the first day of active State service. Optional coverages or benefits, if elected during the relevant eligibility period, will become effective on the date of employment. Optional coverages or benefits applied for after the eligibility period will be effective, subject to satisfactory evidence of insurability when applicable, or other necessary qualifications, pursuant to the requirements of the applicable benefit program, unless there is a change in status that would confer new eligibility for change of enrollment under rules established supplementing this Act, in which event application must be made within the new eligibility period.
(c) As to the group health benefits program contracted to begin or continue after June 30, 1973, each retired employee shall become immediately eligible and covered for all benefits available under that program. Retired employees may elect coverage for eligible dependents and shall have the coverage effective immediately, provided that the election is properly filed in accordance with required filing dates and procedures specified by the Director.

Except as otherwise provided in this Act, where husband and wife are both eligible members, each shall be enrolled as a member and coverage on their eligible dependent children, if any, may be under the enrollment and election of either.

Regardless of other provisions herein regarding late enrollment or other qualifications, as appropriate, the Director may periodically authorize open enrollment periods for each of the benefit programs at which time each member may elect enrollment or change of enrollment without regard to age, sex, health, or other qualification under the conditions as may be prescribed in rules and regulations supplementing this Act. Special open enrollment periods may be declared by the Director for certain members only when special circumstances occur that affect only those members.

(d) Beginning with fiscal year 2003 and for all subsequent years, eligible members may elect not to participate in the program of health benefits as defined in this Act. The election must be made during the annual benefit choice period, subject to the conditions in this subsection.

(1) Members must furnish proof of health benefit coverage, either comprehensive major medical coverage or comprehensive managed care plan, from a source other than the Department of Central Management Services in order to elect not to participate in the program.

(2) Members may re-enroll in the Department of Central Management Services program of health benefits upon showing a qualifying change in status, as defined in the U.S. Internal Revenue Code, without evidence of insurability and with no limitations on coverage for pre-existing conditions, provided that there was not a break in coverage of more than 63 days.

(3) Members may also re-enroll in the program of health benefits during any annual benefit choice period, without evidence of insurability.
(4) Members who elect not to participate in the program of health benefits shall be furnished a written explanation of the requirements and limitations for the election not to participate in the program and for re-enrolling in the program. The explanation shall also be included in the annual benefit choice options booklets furnished to members.

(d-5) Beginning July 1, 2005, the Director may establish a program of financial incentives to encourage annuitants receiving a retirement annuity from the State Employees Retirement System, but who are not eligible for benefits under the federal Medicare health insurance program (Title XVIII of the Social Security Act, as added by Public Law 89-97) to elect not to participate in the program of health benefits provided under this Act. The election by an annuitant not to participate under this program must be made in accordance with the requirements set forth under subsection (d). The financial incentives provided to these annuitants under the program may not exceed $150 per month for each annuitant electing not to participate in the program of health benefits provided under this Act.

(e) Notwithstanding any other provision of this Act or the rules adopted under this Act, if a person participating in the program of health benefits as the dependent spouse of an eligible member becomes an annuitant, the person may elect, at the time of becoming an annuitant or during any subsequent annual benefit choice period, to continue participation as a dependent rather than as an eligible member for as long as the person continues to be an eligible dependent.

An eligible member who has elected to participate as a dependent may re-enroll in the program of health benefits as an eligible member (i) during any subsequent annual benefit choice period or (ii) upon showing a qualifying change in status, as defined in the U.S. Internal Revenue Code, without evidence of insurability and with no limitations on coverage for pre-existing conditions.

A person who elects to participate in the program of health benefits as a dependent rather than as an eligible member shall be furnished a written explanation of the consequences of electing to participate as a dependent and the conditions and procedures for re-enrolling as an eligible member. The explanation shall also be included in the annual benefit choice options booklet furnished to members.

Sec. 11-501.1. Suspension of drivers license; statutory summary
alcohol, other drug or drugs, or intoxicating compound or compounds
related suspension; implied consent.

(a) Any person who drives or is in actual physical control of a
motor vehicle upon the public highways of this State shall be deemed to
have given consent, subject to the provisions of Section 11-501.2, to a
chemical test or tests of blood, breath, or urine for the purpose of
determining the content of alcohol, other drug or drugs, or intoxicating
compound or compounds or any combination thereof in the person's blood

any offense as defined in Section 11-501 or a similar provision of a local
ordinance, or if arrested for violating Section 11-401. The test or tests
shall be administered at the direction of the arresting officer. The law
enforcement agency employing the officer shall designate which of the
aforesaid tests shall be administered. A urine test may be administered
even after a blood or breath test or both has been administered. For
purposes of this Section, an Illinois law enforcement officer of this State
who is investigating the person for any offense defined in Section 11-501
may travel into an adjoining state, where the person has been transported
for medical care, to complete an investigation and to request that the

shall issue the person a Uniform Traffic Ticket for an offense as defined in
Section 11-501 or a similar provision of a local ordinance prior to
requesting that the person submit to the test or tests. The issuance of the
Uniform Traffic Ticket shall not constitute an arrest, but shall be for the
purpose of notifying the person that he or she is subject to the provisions
of this Section and of the officer's belief of the existence of probable cause
to arrest. Upon returning to this State, the officer shall file the Uniform
Traffic Ticket with the Circuit Clerk of the county where the offense was
committed, and shall seek the issuance of an arrest warrant or a summons
for the person.

(c) A person requested to submit to a test as provided above shall be warned by the law enforcement officer requesting the test that a refusal to submit to the test will result in the statutory summary suspension of the person's privilege to operate a motor vehicle as provided in Section 6-208.1 of this Code. The person shall also be warned by the law enforcement officer that if the person submits to the test or tests provided in paragraph (a) of this Section and the alcohol concentration in the person's blood or breath is 0.08 or greater, or any amount of a drug, substance, or compound resulting from the unlawful use or consumption of cannabis as covered by the Cannabis Control Act, a controlled substance listed in the Illinois Controlled Substances Act, or an intoxicating compound listed in the Use of Intoxicating Compounds Act is detected in the person's blood or urine, a statutory summary suspension of the person's privilege to operate a motor vehicle, as provided in Sections 6-208.1 and 11-501.1 of this Code, will be imposed.

A person who is under the age of 21 at the time the person is requested to submit to a test as provided above shall, in addition to the warnings provided for in this Section, be further warned by the law enforcement officer requesting the test that if the person submits to the test or tests provided in paragraph (a) of this Section and the alcohol concentration in the person's blood or breath is greater than 0.00 and less than 0.08, a suspension of the person's privilege to operate a motor vehicle, as provided under Sections 6-208.2 and 11-501.8 of this Code, will be imposed. The results of this test shall be admissible in a civil or criminal action or proceeding arising from an arrest for an offense as defined in Section 11-501 of this Code or a similar provision of a local ordinance or pursuant to Section 11-501.4 in prosecutions for reckless homicide brought under the Criminal Code of 1961. These test results, however, shall be admissible only in actions or proceedings directly related to the incident upon which the test request was made.

(d) If the person refuses testing or submits to a test that discloses an alcohol concentration of 0.08 or more, or any amount of a drug, substance, or intoxicating compound in the person's breath, blood, or urine resulting from the unlawful use or consumption of cannabis listed in the

(e) Upon receipt of the sworn report of a law enforcement officer submitted under paragraph (d), the Secretary of State shall enter the statutory summary suspension for the periods specified in Section 6-208.1, and effective as provided in paragraph (g).

If the person is a first offender as defined in Section 11-500 of this Code, and is not convicted of a violation of Section 11-501 of this Code or a similar provision of a local ordinance, then reports received by the Secretary of State under this Section shall, except during the actual time the Statutory Summary Suspension is in effect, be privileged information and for use only by the courts, police officers, prosecuting authorities or the Secretary of State.

(f) The law enforcement officer submitting the sworn report under paragraph (d) shall serve immediate notice of the statutory summary suspension on the person and the suspension shall be effective as provided in paragraph (g). In cases where the blood alcohol concentration of 0.08 or greater or any amount of a drug, substance, or compound resulting from the unlawful use or consumption of cannabis as covered by the Cannabis Control Act, a controlled substance listed in the Illinois Controlled Substances Act, or an intoxicating compound listed in the Use of Intoxicating Compounds Act is established by a subsequent analysis of blood or urine collected at the time of arrest, the arresting officer or arresting agency shall give notice as provided in this Section or by deposit in the United States mail of the notice in an envelope with postage prepaid and addressed to the person at his address as shown on the Uniform Traffic Ticket and the statutory summary suspension shall begin as provided in paragraph (g). The officer shall confiscate any Illinois driver's license or permit on the person at the time of arrest. If the person has a valid driver's license or permit, the officer shall issue the person a receipt, in a form prescribed by the Secretary of State, that will allow that person to drive during the periods provided for in paragraph (g). The officer shall
immediately forward the driver's license or permit to the circuit court of venue along with the sworn report provided for in paragraph (d).

(g) The statutory summary suspension referred to in this Section shall take effect on the 46th day following the date the notice of the statutory summary suspension was given to the person.

(h) The following procedure shall apply whenever a person is arrested for any offense as defined in Section 11-501 or a similar provision of a local ordinance:

Upon receipt of the sworn report from the law enforcement officer, the Secretary of State shall confirm the statutory summary suspension by mailing a notice of the effective date of the suspension to the person and the court of venue. However, should the sworn report be defective by not containing sufficient information or be completed in error, the confirmation of the statutory summary suspension shall not be mailed to the person or entered to the record; instead, the sworn report shall be forwarded to the court of venue with a copy returned to the issuing agency identifying any defect.

PUBLIC ACT 94-0117
(Senate Bill No. 0072)

AN ACT concerning criminal law.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Juvenile Court Act of 1987 is amended by changing Section 5-401.5 as follows:
(705 ILCS 405/5-401.5)
(This Section may contain text from a Public Act with a delayed effective date)
Sec. 5-401.5. When statements by minor may be used.
(a) In this Section, "custodial interrogation" means any interrogation (i) during which a reasonable person in the subject's position would consider himself or herself to be in custody and (ii) during which a question is asked that is reasonably likely to elicit an incriminating response.

In this Section, "electronic recording" includes motion picture, audiotape, videotape, or digital recording.

In this Section, "place of detention" means a building or a police station that is a place of operation for a municipal police department or county sheriff department or other law enforcement agency at which persons are or may be held in detention in connection with criminal charges against those persons or allegations that those persons are delinquent minors.

(b) An oral, written, or sign language statement of a minor who, at the time of the commission of the offense was under the age of 17 years,
made as a result of a custodial interrogation conducted at a police station or other place of detention on or after the effective date of this amendatory Act of the 93rd General Assembly shall be presumed to be inadmissible as evidence against the minor in any criminal proceeding or juvenile court proceeding, for an act that if committed by an adult would be brought under Section 9-1, 9-1.2, 9-2, 9-2.1, 9-3, 9-3.2, or 9-3.3, of the Criminal Code of 1961 or under clause (d)(1)(F) of Section 11-501 of the Illinois Vehicle Code unless:

(1) an electronic recording is made of the custodial interrogation; and

(2) the recording is substantially accurate and not intentionally altered.

(c) Every electronic recording required under this Section must be preserved until such time as the minor's adjudication for any offense relating to the statement is final and all direct and habeas corpus appeals are exhausted, or the prosecution of such offenses is barred by law.

(d) If the court finds, by a preponderance of the evidence, that the minor was subjected to a custodial interrogation in violation of this Section, then any statements made by the minor during or following that non-recorded custodial interrogation, even if otherwise in compliance with this Section, are presumed to be inadmissible in any criminal proceeding or juvenile court proceeding against the minor except for the purposes of impeachment.

(e) Nothing in this Section precludes the admission (i) of a statement made by the minor in open court in any criminal proceeding or juvenile court proceeding, before a grand jury, or at a preliminary hearing, (ii) of a statement made during a custodial interrogation that was not recorded as required by this Section because electronic recording was not feasible, (iii) of a voluntary statement, whether or not the result of a custodial interrogation, that has a bearing on the credibility of the accused as a witness, (iv) of a spontaneous statement that is not made in response to a question, (v) of a statement made after questioning that is routinely asked during the processing of the arrest of the suspect, (vi) of a statement made during a custodial interrogation by a suspect who requests, prior to making the statement, to respond to the interrogator's questions only if an electronic recording is not made of the statement, provided that an electronic recording is made of the statement of agreeing to respond to the interrogator's question, only if a recording is not made of the statement, (vii) of a statement made during a custodial interrogation that is conducted
out-of-state, (viii) of a statement given at a time when the interrogators are unaware that a death has in fact occurred, or (ix) of any other statement that may be admissible under law. The State shall bear the burden of proving, by a preponderance of the evidence, that one of the exceptions described in this subsection (e) is applicable. Nothing in this Section precludes the admission of a statement, otherwise inadmissible under this Section, that is used only for impeachment and not as substantive evidence.

(f) The presumption of inadmissibility of a statement made by a suspect at a custodial interrogation at a police station or other place of detention may be overcome by a preponderance of the evidence that the statement was voluntarily given and is reliable, based on the totality of the circumstances.

(g) Any electronic recording of any statement made by a minor during a custodial interrogation that is compiled by any law enforcement agency as required by this Section for the purposes of fulfilling the requirements of this Section shall be confidential and exempt from public inspection and copying, as provided under Section 7 of the Freedom of Information Act, and the information shall not be transmitted to anyone except as needed to comply with this Section.

(This Section may contain text from a Public Act with a delayed effective date)

Sec. 103-2.1. When statements by accused may be used.

(a) In this Section, "custodial interrogation" means any interrogation during which (i) a reasonable person in the subject's position would consider himself or herself to be in custody and (ii) during which a question is asked that is reasonably likely to elicit an incriminating response.

In this Section, "place of detention" means a building or a police station that is a place of operation for a municipal police department or county sheriff department or other law enforcement agency, not a courthouse, that is owned or operated by a law enforcement agency at which persons are or may be held in detention in connection with criminal charges against those persons.

New matter indicated by italics - deletions by strikeout
In this Section, "electronic recording" includes motion picture, audiotape, or videotape, or digital recording.

(b) An oral, written, or sign language statement of an accused made as a result of a custodial interrogation at a police station or other place of detention shall be presumed to be inadmissible as evidence against the accused in any criminal proceeding brought under Section 9-1, 9-1.2, 9-2, 9-2.1, 9-3, 9-3.2, or 9-3.3 of the Criminal Code of 1961 or under clause (d)(1)(F) of Section 11-501 of the Illinois Vehicle Code unless:

(1) an electronic recording is made of the custodial interrogation; and

(2) the recording is substantially accurate and not intentionally altered.

(c) Every electronic recording required under this Section must be preserved until such time as the defendant's conviction for any offense relating to the statement is final and all direct and habeas corpus appeals are exhausted, or the prosecution of such offenses is barred by law.

(d) If the court finds, by a preponderance of the evidence, that the defendant was subjected to a custodial interrogation in violation of this Section, then any statements made by the defendant during or following that non-recorded custodial interrogation, even if otherwise in compliance with this Section, are presumed to be inadmissible in any criminal proceeding against the defendant except for the purposes of impeachment.

(e) Nothing in this Section precludes the admission (i) of a statement made by the accused in open court at his or her trial, before a grand jury, or at a preliminary hearing, (ii) of a statement made during a custodial interrogation that was not recorded as required by this Section, because electronic recording was not feasible, (iii) of a voluntary statement, whether or not the result of a custodial interrogation, that has a bearing on the credibility of the accused as a witness, (iv) of a spontaneous statement that is not made in response to a question, (v) of a statement made after questioning that is routinely asked during the processing of the arrest of the suspect, (vi) of a statement made during a custodial interrogation by a suspect who requests, prior to making the statement, to respond to the interrogator's questions only if an electronic recording is not made of the statement, provided that an electronic recording is made of the statement of agreeing to respond to the interrogator's question, only if a recording is not made of the statement, (vii) of a statement made during a custodial interrogation that is conducted out-of-state, (viii) of a statement given at a time when the interrogators are unaware that a death has in fact
occurred, or (ix) of any other statement that may be admissible under law. The State shall bear the burden of proving, by a preponderance of the evidence, that one of the exceptions described in this subsection (e) is applicable. Nothing in this Section precludes the admission of a statement, otherwise inadmissible under this Section, that is used only for impeachment and not as substantive evidence.

(f) The presumption of inadmissibility of a statement made by a suspect at a custodial interrogation at a police station or other place of detention may be overcome by a preponderance of the evidence that the statement was voluntarily given and is reliable, based on the totality of the circumstances.

(g) Any electronic recording of any statement made by an accused during a custodial interrogation that is compiled by any law enforcement agency as required by this Section for the purposes of fulfilling the requirements of this Section shall be confidential and exempt from public inspection and copying, as provided under Section 7 of the Freedom of Information Act, and the information shall not be transmitted to anyone except as needed to comply with this Section.

Section 99. Effective date. This Act takes effect upon becoming law.

Passed in the General Assembly May 4, 2005
Approved July 5, 2005.
Effective July 5, 2005.

PUBLIC ACT 94-0118
(Senate Bill No. 0075)

AN ACT concerning housing.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Rental Housing Support Program Act.

Section 5. Legislative findings and purpose. The General Assembly finds that in many parts of this State, large numbers of citizens are faced with the inability to secure affordable rental housing. Due to either insufficient wages or a shortage of affordable rental housing stock, or both, many families have difficulty securing decent housing, are subjected to overcrowding, pay too large a portion of their total monthly income for

housing and consequently suffer the lack of other basic needs, live in substandard or unhealthy housing, or experience chronic housing instability. Instability and inadequacy in housing limits the employability and productivity of many citizens, adversely affects family health and stress levels, impedes children's ability to learn, and produces corresponding drains on public resources. It is the purpose of this Act to create a State program to help localities address the need for decent, affordable, permanent rental housing.

Section 7. Definitions. In this Act:
"Authority" means the Illinois Housing Development Authority.
"Developer" means any entity that receives a grant under Section 20.
"Program" means the Rental Housing Support Program.
"Real estate-related document" means any recorded document that affects an interest in real property excluding documents which solely affect or relate to an easement for water, sewer, electricity, gas, telephone or other public service.
"Unit" means a rental apartment unit receiving a subsidy by means of a grant under this Act. "Unit" does not include housing units intended as transitional or temporary housing.

Section 10. Creation of Program and distribution of funds.
(a) The Rental Housing Support Program is created within the Illinois Housing Development Authority. The Authority shall administer the program and adopt rules for its implementation.
(b) The Authority shall distribute amounts appropriated for the Program from the Rental Housing Support Program Fund and any other appropriations provided for the Program as follows:
(1) A proportionate share of the annual appropriation, as determined under subsection (d) of Section 15 of this Act shall be distributed to municipalities with a population greater than 2,000,000. Those municipalities shall use at least 10% of those funds in accordance with Section 20 of this Act, and all provisions governing the Authority's actions under Section 20 shall govern the actions of the corporate authorities of a municipality under this Section. As to the balance of the annual distribution, the municipality shall designate a non-profit organization that meets the specific criteria set forth in Section 25 of this Act to serve as the "local administering agency" under Section 15 of this Act.
(2) Of the remaining appropriation after the distribution in paragraph (1) of this subsection, the Authority shall designate at least 10% for the purposes of Section 20 of this Act in areas of the State not covered under paragraph (1) of this subsection.

(3) The remaining appropriation after the distributions in paragraphs (1) and (2) of this subsection shall be distributed according to Section 15 of this Act in areas of the State not covered under paragraph (1) of this subsection.

Section 15. Grants to local administering agencies.

(a) Under the program, the Authority shall make grants to local administering agencies to provide subsidies to landlords to enable the landlords to charge rent affordable for low-income tenants. Grants shall also include an amount for the operating expenses of local administering agencies. Operating expenses for local administering agencies shall not exceed 10% for grants under $500,000 and shall not exceed 7% for grants over $500,000.

(b) The Authority shall develop a request-for-proposals process for soliciting proposals from local administering agencies and for awarding grants. The request-for-proposals process and the funded projects must be consistent with the criteria set forth in Section 25 and with additional criteria set forth by the Authority in rules implementing this Act.

(c) Local administering agencies may be local governmental bodies, local housing authorities, or not-for-profit organizations. The Authority shall set forth in rules the financial and capacity requirements necessary for an organization to qualify as a local administering agency and the parameters for administration of the grants by local administering agencies.

(d) The Authority shall distribute grants to local administering agencies according to a formula based on U.S. Census data. The formula shall determine percentages of the funds to be distributed to the following geographic areas: (i) Chicago; (ii) suburban areas: Cook County (excluding Chicago), DuPage County, Lake County, Kane County, Will County, and McHenry County; (iii) small metropolitan areas: Springfield, Rockford, Peoria, Decatur, Champaign-Urbana, Bloomington-Normal, Rock Island, DeKalb, Madison County, Moline, Pekin, Rantoul, and St. Clair County; and (iv) rural areas, defined as all areas of the State not specifically named in items (i), (ii), and (iii) of this subsection. A geographic area's percentage share shall be determined by the total number of households that have an annual income of less than 50% of State
median income for a household of 4, as determined by the U.S. Department of Housing and Urban Development, and that are paying more than 30% of their income for rent. The geographic distribution shall be re-determined by the Authority each time new U.S. Census data becomes available. The Authority shall phase in any changes to the geographic formula to prevent a large withdrawal of resources from one area that could negatively impact households receiving rental housing support. Up to 20% of the funds allocated for rural areas, as defined in this subsection, may be set aside and awarded to one administering agency to be distributed throughout the rural areas in the State to localities that desire a number of subsidized units of housing that is too small to justify the establishment of a full local program. In those localities, the administering agency may contract with local agencies to share the administrative tasks of the program, such as inspections of units.

(e) In order to ensure applications from all geographic areas of the State, the Authority shall create a plan to ensure that potential local administering agencies have ample time and support to consider making an application and to prepare an application. Such a plan must include, but is not limited to: an outreach and education plan regarding the program and the requirements for a local administering agency; ample time between the initial notice of funding ability and the deadline to submit an application, which shall not be less than 9 months; and access to assistance from the Authority or another agency in considering and preparing the application.

(f) In order to maintain consistency for households receiving rental housing support, the Authority shall, to the extent possible given funding resources available in the Rental Housing Support Program, continue to fund local administering agencies at the same level on an annual basis, unless the Authority determines that a local administering agency is not meeting the criteria set forth in Section 25 or is not adhering to other standards set forth by rule by the Authority.

Section 20. Grants for affordable housing developments.

(a) The Authority may award grants under the program directly for the development of affordable rental housing for long-term operating support to enable the rent on such units to be affordable. Developers of such new housing shall apply directly to the Authority for this type of grant under the program.

(b) The Authority shall prescribe by rule the application requirements and the qualifications necessary for a developer and a
development to qualify for a grant under the program. In any event, however, to qualify for a grant, the development must satisfy the criteria set forth in Section 25, unless waived by the Authority based on special circumstances and in furtherance of the purpose of the program to increase the supply of affordable rental housing. In awarding grants under this Section and in addition to any other requirements and qualifications specified in this Act and by rule, the Authority shall also consider the improvement of the geographic diversity of the developments under this Section among the decision criteria.

(c) The Authority must use at least 10% of the funds generated for the Program in any given year for grants under this Section. In any given year, the Authority is not required to spend the 10% of its funds that accrues in that year but may add all or part of that 10% to the 10% allocation for subsequent years for the purpose of funding grants under this Section.

Section 25. Criteria for awarding grants. The Authority shall adopt rules to govern the awarding of grants and the continuing eligibility for grants under Sections 15 and 20. Requests for proposals under Section 20 must specify that proposals must satisfy these rules. The rules must contain and be consistent with, but need not be limited to, the following criteria:

(1) Eligibility for tenancy in the units supported by grants to local administering agencies must be limited to households with gross income at or below 30% of the median family income for the area in which the grant will be made. Fifty percent of the units that are supported by any grant must be set aside for households whose income is at or below 15% of the area median family income for the area in which the grant will be made, provided that local administering agencies may negotiate flexibility in this set-aside with the Authority if they demonstrate that they have been unable to locate sufficient tenants in this lower income range. Income eligibility for units supported by grants to local administering agencies must be verified annually by landlords and submitted to local administering agencies. Tenants must have sufficient income to be able to afford the tenant's share of the rent. For grants awarded under Section 20, eligibility for tenancy in units supported by grants must be limited to households with a gross income at or below 30% of area median family income for the area in which the grant will be made. Fifty percent of the units that are supported by

any grant must be set aside for households whose income is at or below 15% of the median family income for the area in which the grant will be made, provided that developers may negotiate flexibility in this set-aside with the Authority or municipality as defined in subsection (b) of Section 10 if it demonstrates that it has been unable to locate sufficient tenants in this lower income range. The Authority shall determine what sources qualify as a tenant's income.

(2) Local administering agencies must include 2-bedroom, 3-bedroom, and 4-bedroom units among those intended to be supported by grants under the program. In grants under Section 15, the precise number of these units among all the units intended to be supported by a grant must be based on need in the community for larger units and other factors that the Authority specifies in rules. The local administering agency must specify the basis for the numbers of these units that are proposed for support under a grant. Local administering agencies must make a good faith effort to comply with this allocation of unit sizes. In grants awarded under Section 20, developers and the Authority or municipality, as defined in subsection (b) of Section 10, shall negotiate the numbers and sizes of units to be built in a project and supported by the grant.

(3) Under grants awarded under Section 15, local administering agencies must enter into a payment contract with the landlord that defines the method of payment and must pay subsidies to landlords on a quarterly basis and in advance of the quarter paid for.

(4) Local administering agencies and developers must specify how vacancies in units supported by a grant must be advertised and they must include provisions for outreach to local homeless shelters, organizations that work with people with disabilities, and others interested in affordable housing.

(5) The local administering agency or developer must establish a schedule for the tenant's rental obligation for units supported by a grant. The tenant's share of the rent must be a flat amount, calculated annually, based on the size of the unit and the household's income category. In establishing the schedule for the tenant's rental obligation, the local administering agency or
developer must use 30% of gross income within an income range as a guide, and it may charge an additional or lesser amount.

(6) The amount of the subsidy provided under a grant for a unit must be the difference between the amount of the tenant's obligation and the total amount of rent for the unit. The total amount of rent for the unit must be negotiated between the local administering authority and the landlord under Section 15, or between the Authority or municipality, as defined in subsection (b) of Section 10, and the developer under Section 20, using comparable rents for units of comparable size and condition in the surrounding community as a guideline.

(7) Local administering agencies and developers, pursuant to criteria the Authority develops in rules, must ensure that there are procedures in place to maintain the safety and habitability of units supported under grants. Local administering agencies must inspect units before supporting them under a grant awarded under Section 15.

(8) Local administering agencies must provide or ensure that tenants are provided with a "bill of rights" with their lease setting forth local landlord-tenant laws and procedures and contact information for the local administering agency.

(9) A local administering agency must create a plan detailing a process for helping to provide information, when necessary, on how to access education, training, and other supportive services to tenants living in units supported under the grant. The plan must be submitted as a part of the administering agency's proposal to the Authority required under Section 15.

(10) Local administering agencies and developers may not use funding under the grant to develop or support housing that requires that a tenant has a particular diagnosis or type or presence of disability as a condition of eligibility for occupancy unless the requirement is mandated by another funding source for the housing.

(11) In order to plan for periodic fluctuations in program revenue, the Authority shall establish by rule a mechanism for establishing a reserve fund and the level of funding that shall be held in reserve either by the Authority or by local administering agencies.

A special fund shall be set up by the treasurer of the county and such funds collected pursuant to Public Act 83-1321 shall be used (1) for a document storage system to provide the equipment, materials and necessary expenses incurred to help defray the costs of implementing and maintaining such a document records system and (2) for a system to provide electronic access to those records.

The county board of any county that provides and maintains a countywide map through a Geographic Information System (GIS) may provide for an additional charge of $3 for filing every instrument, paper, or notice for record (1) in order to defray the cost of implementing or maintaining the county's Geographic Information System and (2) in order to defray the cost of providing electronic access to the county's Geographic Information System records. Of that amount, $2 must be deposited into a special fund set up by the treasurer of the county, and any moneys collected pursuant to this amendatory Act of the 91st General Assembly and deposited into that fund must be used solely for the equipment, materials, and necessary expenses incurred in implementing and maintaining a Geographic Information System and in order to defray the cost of providing electronic access to the county's Geographic Information System records. Payment of the Rental Housing Support Program State surcharge shall be evidenced by a receipt that shall be marked upon or otherwise affixed to the real estate-related document by the recorder. The form of this receipt shall be prescribed by the Department of Revenue and the receipts shall be issued by the Department of Revenue to each county recorder.

The recorder shall not collect the Rental Housing Support Program State surcharge from any State agency, any unit of local government or any school district.

New matter indicated by italics - deletions by strikeout
One dollar of each surcharge shall be retained by the county in which it was collected. This dollar shall be deposited into the county's general revenue fund. Fifty cents of that amount shall be used for the costs of administering the Rental Housing Support Program State surcharge and any other lawful expenditures for the operation of the office of the recorder and may not be appropriated or expended for any other purpose. The amounts available to the recorder for expenditure from the surcharge shall not offset or reduce any other county appropriations or funding for the office of the recorder.

On the 15th day of each month, each county recorder shall report to the Department of Revenue, on a form prescribed by the Department, the number of real estate-related documents recorded for which the Rental Housing Support Program State surcharge was collected. Each recorder shall submit $9 of each surcharge collected in the preceding month to the Department of Revenue and the Department shall deposit these amounts in the Rental Housing Support Program Fund. Subject to appropriation, amounts in the Fund may be expended only for the purpose of funding and administering the Rental Housing Support Program.

For purposes of this Section, "real estate-related document" means that term as it is defined in Section 7 of the Rental Housing Support Program Act.

The foregoing fees allowed by this Section are the maximum fees that may be collected from any officer, agency, department or other instrumentality of the State. The county board may, however, by ordinance, increase the fees allowed by this Section and collect such increased fees from all persons and entities other than officers, agencies, departments and other instrumentalities of the State if the increase is justified by an acceptable cost study showing that the fees allowed by this Section are not sufficient to cover the cost of providing the service. Regardless of any other provision in this Section, the maximum fee that may be collected from the Department of Revenue for filing or indexing a lien, certificate of lien release or subordination, or any other type of notice or other documentation affecting or concerning a lien is $5. Regardless of any other provision in this Section, the maximum fee that may be collected from the Department of Revenue for indexing each additional name in excess of one for any lien, certificate of lien release or subordination, or any other type of notice or other documentation affecting or concerning a lien is $1.

Sec. 21.5. Ticket For The Cure.

(a) The Department shall offer a special instant scratch-off game with the title of "Ticket For The Cure". The game shall commence on January 1, 2006 or as soon thereafter, in the discretion of the Director, as is reasonably practical, and shall be discontinued on December 31, 2011. The operation of the game shall be governed by this Act and any rules adopted by the Department. The Department must consult with the Ticket For The Cure Board, which is established under Section 2310-347 of the Department of Public Health Powers and Duties Law of the Civil Administrative Code of Illinois, regarding the design and promotion of the game. If any provision of this Section is inconsistent with any other provision of this Act, then this Section governs.

(b) The Ticket For The Cure Fund is created as a special fund in the State treasury. The net revenue from the Ticket For The Cure special instant scratch-off game shall be deposited into the Fund for appropriation by the General Assembly solely to the Department of Public Health for the purpose of making grants to public or private entities in Illinois for the purpose of funding research concerning breast cancer and for funding services for breast cancer victims. The Department must, before grants are awarded, provide copies of all grant applications to the Ticket For The Cure Board, receive and review the Board's recommendations and comments, and consult with the Board regarding the grants. For purposes of this Section, the term "research" includes, without limitation, expenditures to develop and advance the understanding, techniques, and modalities effective in the detection, prevention, screening, and treatment of breast cancer and may include clinical trials. The grant funds may not be used for institutional, organizational, or community-based overhead costs, indirect costs, or levies.

Moneys received for the purposes of this Section, including, without limitation, net revenue from the special instant scratch-off game and gifts, grants, and awards from any public or private entity, must be deposited into the Fund. Any interest earned on moneys in the Fund must be deposited into the Fund.

For purposes of this subsection, "net revenue" means the total amount for which tickets have been sold less the sum of the amount paid out in prizes and the actual administrative expenses of the Department solely related to the Ticket For The Cure game.
(c) During the time that tickets are sold for the Ticket For The Cure game, the Department shall not unreasonably diminish the efforts devoted to marketing any other instant scratch-off lottery game.

(d) The Department may adopt any rules necessary to implement and administer the provisions of this Section.

If a vacancy occurs in the Board membership, the vacancy shall be filled in the same manner as the initial appointment.

(b) Board members shall serve without compensation but may be reimbursed for their reasonable travel expenses from funds available for that purpose. The Department shall provide staff and administrative support services to the Board.

(c) The Board must:

(i) consult with the Department of Revenue in designing and promoting the Ticket For The Cure special instant scratch-off lottery game; and

(ii) review grant applications, make recommendations and comments, and consult with the Department of Public Health in making grants, from amounts appropriated from the Ticket For The Cure Fund, to public or private entities in Illinois for the purpose of funding research concerning breast cancer and for funding services for breast cancer victims in accordance with Section 21.5 of the Illinois Lottery Law.

(30 ILCS 105/8h)

Sec. 8h. Transfers to General Revenue Fund.
(a) Except as provided in subsection (b), notwithstanding any other State law to the contrary, the Governor may, through June 30, 2007, from time to time direct the State Treasurer and Comptroller to transfer a specified sum from any fund held by the State Treasurer to the General Revenue Fund in order to help defray the State's operating costs for the fiscal year. The total transfer under this Section from any fund in any fiscal year shall not exceed the lesser of (i) 8% of the revenues to be deposited into the fund during that fiscal year or (ii) an amount that leaves a remaining fund balance of 25% of the July 1 fund balance of that fiscal year. In fiscal year 2005 only, prior to calculating the July 1, 2004 final balances, the Governor may calculate and direct the State Treasurer with the Comptroller to transfer additional amounts determined by applying the formula authorized in Public Act 93-839 to the funds balances on July 1, 2003. No transfer may be made from a fund under this Section that would have the effect of reducing the available balance in the fund to an amount less than the amount remaining unexpended and unreserved from the total appropriation from that fund estimated to be expended for that fiscal year. This Section does not apply to any funds that are restricted by federal law to a specific use, to any funds in the Motor Fuel Tax Fund, the Hospital Provider Fund, the Medicaid Provider Relief Fund, or the Reviewing Court Alternative Dispute Resolution Fund, or to any funds to which subsection (f) of Section 20-40 of the Nursing and Advanced Practice Nursing Act applies. Notwithstanding any other provision of this Section, for fiscal year 2004, the total transfer under this Section from the Road Fund or the State Construction Account Fund shall not exceed the lesser of (i) 5% of the revenues to be deposited into the fund during that fiscal year or (ii) 25% of the beginning balance in the fund. For fiscal year 2005 through fiscal year 2007, no amounts may be transferred under this Section from the Road Fund, the State Construction Account Fund, the Criminal Justice Information Systems Trust Fund, the Wireless Service Emergency Fund, or the Mandatory Arbitration Fund.

In determining the available balance in a fund, the Governor may include receipts, transfers into the fund, and other resources anticipated to be available in the fund in that fiscal year.
The State Treasurer and Comptroller shall transfer the amounts designated under this Section as soon as may be practicable after receiving the direction to transfer from the Governor.

(b) This Section does not apply to the Ticket For The Cure Fund or to any fund established under the Community Senior Services and Resources Act.

2. surgery and reconstruction of the other breast to produce a symmetrical appearance; and

enumerated in paragraph (a)(2.4) of this Section that is committed on or after July 15, 1999 (the effective date of Public Act 91-121) this amendatory Act of 1999, or first degree murder, a Class X felony, criminal sexual assault, felony criminal sexual abuse, aggravated criminal sexual abuse, aggravated battery with a firearm, or any predecessor or successor offenses with the same or substantially the same elements, or any inchoate offenses relating to the foregoing offenses. No inmate shall be eligible for the additional good conduct credit under this paragraph (4) who (i) has previously received increased good conduct credit under this paragraph (4) and has subsequently been convicted of a felony, or (ii) has previously served more than one prior sentence of imprisonment for a felony in an adult correctional facility.

Educational, vocational, substance abuse and correctional industry programs under which good conduct credit may be increased under this paragraph (4) and paragraph (4.1) of this subsection (a) shall be evaluated by the Department on the basis of documented standards. The Department shall report the results of these evaluations to the Governor and the General Assembly by September 30th of each year. The reports shall include data relating to the recidivism rate among program participants.

Availability of these programs shall be subject to the limits of fiscal resources appropriated by the General Assembly for these purposes. Eligible inmates who are denied immediate admission shall be placed on a waiting list under criteria established by the Department. The inability of any inmate to become engaged in any such programs by reason of insufficient program resources or for any other reason established under the rules and regulations of the Department shall not be deemed a cause of action under which the Department or any employee or agent of the Department shall be liable for damages to the inmate.

(4.1) The rules and regulations shall also provide that an additional 60 days of good conduct credit shall be awarded to any prisoner who passes the high school level Test of General Educational Development (GED) and receives a GED certificate while the prisoner is incarcerated. The good conduct credit awarded under this paragraph (4.1) shall be in addition to, and shall not affect, the award of good conduct under any other paragraph of this Section, but shall also be pursuant to the
guidelines and restrictions set forth in paragraph (4) of subsection (a) of this Section.

(4.5) The rules and regulations on early release shall also provide that a prisoner who is serving a sentence for a crime committed as a result of the use of, abuse of, or addiction to alcohol or a controlled substance and the crime was committed on or after September 1, 2003 (the effective date of Public Act 93-354) this amendatory Act of the 93rd General Assembly shall receive no good conduct credit until he or she participates in and completes a substance abuse treatment program. Good conduct credit awarded under clauses (2), (3), and (4) of this subsection (a) for crimes committed on or after September 1, 2003 the effective date of this amendatory Act of the 93rd General Assembly is subject to the provisions of this clause (4.5). If the prisoner completes a substance abuse treatment program, the Department may award good conduct credit for the time spent in treatment. Availability of substance abuse treatment shall be subject to the limits of fiscal resources appropriated by the General Assembly for these purposes. If treatment is not available, the prisoner shall be placed on a waiting list under criteria established by the Department. The Department may require a prisoner placed on a waiting list to attend a substance abuse education class or attend substance abuse self-help meetings. A prisoner may not lose good conduct credit as a result of being placed on a waiting list. A prisoner placed on a waiting list remains eligible for increased good conduct credit for participation in an educational, vocational, or correctional industry program under clause (4) of subsection (a) of this Section.

(5) Whenever the Department is to release any inmate earlier than it otherwise would because of a grant of good conduct credit for meritorious service given at any time during the term, the Department shall give reasonable advance notice of the impending release to the State's Attorney of the county where the prosecution of the inmate took place.

(b) Whenever a person is or has been committed under several convictions, with separate sentences, the sentences shall be construed under Section 5-8-4 in granting and forfeiting of good time.

(c) The Department shall prescribe rules and regulations for revoking good conduct credit, or suspending or reducing the rate of accumulation of good conduct credit for specific rule violations, during imprisonment. These rules and regulations shall provide that no inmate
may be penalized more than one year of good conduct credit for any one infraction.

When the Department seeks to revoke, suspend or reduce the rate of accumulation of any good conduct credits for an alleged infraction of its rules, it shall bring charges therefor against the prisoner sought to be so deprived of good conduct credits before the Prisoner Review Board as provided in subparagraph (a)(4) of Section 3-3-2 of this Code, if the amount of credit at issue exceeds 30 days or when during any 12 month period, the cumulative amount of credit revoked exceeds 30 days except where the infraction is committed or discovered within 60 days of scheduled release. In those cases, the Department of Corrections may revoke up to 30 days of good conduct credit. The Board may subsequently approve the revocation of additional good conduct credit, if the Department seeks to revoke good conduct credit in excess of 30 days. However, the Board shall not be empowered to review the Department's decision with respect to the loss of 30 days of good conduct credit within any calendar year for any prisoner or to increase any penalty beyond the length requested by the Department.

The Director of the Department of Corrections, in appropriate cases, may restore up to 30 days good conduct credits which have been revoked, suspended or reduced. Any restoration of good conduct credits in excess of 30 days shall be subject to review by the Prisoner Review Board. However, the Board may not restore good conduct credit in excess of the amount requested by the Director.

Nothing contained in this Section shall prohibit the Prisoner Review Board from ordering, pursuant to Section 3-3-9(a)(3)(i)(B), that a prisoner serve up to one year of the sentence imposed by the court that was not served due to the accumulation of good conduct credit.

(d) If a lawsuit is filed by a prisoner in an Illinois or federal court against the State, the Department of Corrections, or the Prisoner Review Board, or against any of their officers or employees, and the court makes a specific finding that a pleading, motion, or other paper filed by the prisoner is frivolous, the Department of Corrections shall conduct a hearing to revoke up to 180 days of good conduct credit by bringing charges against the prisoner sought to be deprived of the good conduct credits before the Prisoner Review Board as provided in subparagraph (a)(8) of Section 3-3-2 of this Code. If the prisoner has not accumulated 180 days of good conduct credit at the time of the finding, then the Prisoner Review Board may revoke all good conduct credit accumulated by the prisoner.

If the school district to which the school belongs has honorably dismissed, within the calendar year preceding the beginning of the school term for which it seeks to employ a retired teacher under the program established in this Section, any teachers who are legally qualified to hold positions in the subject shortage...
area and have not yet begun to receive their retirement annuities under this Article, the vacant positions must first be tendered to those teachers.

(House Bill No. 0930)

AN ACT concerning regulation.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Plumbing License Law is amended by changing Sections 18 and 37 as follows:

(225 ILCS 320/18) (from Ch. 111, par. 1117)
Sec. 18. Local regulation; Department standards.

(1) It is hereby declared to be the policy of this State that each city, town, village, township or county with a water supply system or sewage disposal system or both should so soon after the enactment of this Act as practicable, with the advice of the State Department of Public Health, provide by ordinance, bylaws or rules and regulations for the materials, construction, alteration, and inspection of all plumbing placed in or in connection with any building in any such city, town, village, township, or county and to provide for and appoint a competent Plumbing Inspector or more as required. The Department may by rule establish voluntary standards for the content and conduct of local plumbing regulation and inspection programs and may evaluate and certify local programs that are in compliance with the voluntary standards. The Department may by rule establish voluntary education, training, and experience standards for Plumbing Inspectors and may certify Plumbing Inspectors who are in compliance with the voluntary standards. Nothing contained in this Act shall prohibit any city, town, village, township or county from providing for a Plumbing Inspector or from requiring permits for the installation and repair of plumbing and collecting a fee therefor, but a city, town, village,
township, or county that requires a permit for installation and repair of plumbing may not issue that permit without verification that the applicant has a valid plumbing license or that the applicant is the owner occupant of a single family residence that is the subject of the permit. For the purpose of this Section, the term "occupant" has the same meaning as in subsection (2) of Section 3 of this Act. No person shall be appointed as a Plumbing Inspector who is not a licensed plumber under this Act, including persons employed as Plumbing Inspectors in home rule units.

(2) The Department of Public Health shall conduct inquiry in any city, town, village, township, or county or at any other place in the State when reasonably necessary in the judgment of the Director of the Department of Public Health to safeguard the health of any person or persons in this State, on account of piping or appurtenant appliances within any building, or outside, when such piping and appliances are for the use of plumbing as defined in this Act and for the use of carrying sewage or waste within or from any building.

The Department of Public Health may conduct such inquiries in any city, town, village, township or county in this State by directing the Plumbing Inspector thereof to aid in or conduct such inquiry or investigation in behalf of the Department of Public Health or the Department of Public Health may designate some other person or persons to conduct such investigation.

A letter of intent shall be included with all plumbing permit applications. The letter shall be written on the licensed plumber of record's business stationery and shall include the license holder's signature and, if the license holder is incorporated, the license holder's corporate seal. PUBLIC ACT 94-0133
(House Bill No. 1051)

AN ACT concerning education.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Higher Education Student Assistance Act is amended by changing Sections 50, 52, and 65.15 as follows:

(110 ILCS 947/50)
Sec. 50. Minority Teachers of Illinois scholarship program.
(a) As used in this Section:
"Eligible applicant" means a minority student who has graduated from high school or has received a General Educational Development Certification and has maintained a cumulative grade point average of no less than 2.5 on a 4.0 scale, and who by reason thereof is entitled to apply for scholarships to be awarded under this Section.

"Minority student" means a student who is either (i) Black (a person having origins in any of the black racial groups in Africa); (ii) Hispanic (a person of Spanish or Portuguese culture with origins in Mexico, South or Central America, or the Caribbean islands, regardless of race); (iii) Asian American (a person with origins in any of the original peoples of the Far East, Southeast Asia, the Indian subcontinent, including Pakistan, and the Pacific Islands, including, among others, Hawaii, Melanesia, Micronesia and Polynesia); or (iv) Native American (a person who is a member of a federally or state recognized Indian tribe, or whose parents or grandparents have such membership) and to include the native people of Alaska.

"Qualified student" means a person (i) who is a resident of this State and a citizen or permanent resident of the United States;

(ii) who is a minority student, as defined in this Section; (iii) who, as an eligible applicant, has made a timely application for a minority teaching scholarship under this Section; (iv) who is enrolled on at least a half-time basis at a qualified Illinois institution of higher learning; (v) who is enrolled in a course of study leading to teacher certification, including alternative teacher certification; (vi) who maintains a grade point average of no less than 2.5 on a 4.0 scale; and (vii) who continues to advance satisfactorily toward the attainment of a degree.

(b) In order to encourage academically talented Illinois minority students to pursue teaching careers at the preschool or elementary or secondary school level, each qualified student shall be awarded a minority teacher scholarship to any qualified Illinois institution of higher learning. However, preference may be given to qualified applicants enrolled at or above the junior level.

(c) Each minority teacher scholarship awarded under this Section shall be in an amount sufficient to pay the tuition and fees and room and board costs of the qualified Illinois institution of higher learning at which the recipient is enrolled, up to an annual maximum of $5,000; except that in the case of a recipient who does not reside on-campus at the institution at which he or she is enrolled, the amount of the scholarship shall be sufficient to pay tuition and fee expenses and a commuter allowance, up to an annual maximum of $5,000.

(d) The total amount of minority teacher scholarship assistance awarded by the Commission under this Section to an individual in any given fiscal year, when added to other financial assistance awarded to that individual for that year, shall not exceed the cost of attendance at the institution at which the student is enrolled. If the amount of minority teacher scholarship to be awarded to a qualified student as provided in subsection (c) of this Section exceeds the cost of attendance at the institution at which the student is enrolled, the minority teacher scholarship shall be reduced by an amount equal to the amount by which the combined financial assistance available to the student exceeds the cost of attendance.

(e) The maximum number of academic terms for which a qualified student can receive minority teacher scholarship assistance shall be 8 semesters or 12 quarters.

(f) In any academic year for which an eligible applicant under this Section accepts financial assistance through the Paul Douglas Teacher Scholarship Program, as authorized by Section 551 et seq. of the Higher

New matter indicated by italics - deletions by strikeout
Education Act of 1965, the applicant shall not be eligible for scholarship assistance awarded under this Section.

(g) All applications for minority teacher scholarships to be awarded under this Section shall be made to the Commission on forms which the Commission shall provide for eligible applicants. The form of applications and the information required to be set forth therein shall be determined by the Commission, and the Commission shall require eligible applicants to submit with their applications such supporting documents or recommendations as the Commission deems necessary.

(h) Subject to a separate appropriation for such purposes, payment of any minority teacher scholarship awarded under this Section shall be determined by the Commission. All scholarship funds distributed in accordance with this subsection shall be paid to the institution and used only for payment of the tuition and fee and room and board expenses incurred by the student in connection with his or her attendance as an undergraduate student at a qualified Illinois institution of higher learning. Any minority teacher scholarship awarded under this Section shall be applicable to 2 semesters or 3 quarters of enrollment. If a qualified student withdraws from enrollment prior to completion of the first semester or quarter for which the minority teacher scholarship is applicable, the school shall refund to the Commission the full amount of the minority teacher scholarship.

(i) The Commission shall administer the minority teacher scholarship aid program established by this Section and shall make all necessary and proper rules not inconsistent with this Section for its effective implementation.

(j) When an appropriation to the Commission for a given fiscal year is insufficient to provide scholarships to all qualified students, the Commission shall allocate the appropriation in accordance with this subsection. If funds are insufficient to provide all qualified students with a scholarship as authorized by this Section, the Commission shall allocate the available scholarship funds for that fiscal year on the basis of the date the Commission receives a complete application form.

(k) Notwithstanding the provisions of subsection (j) or any other provision of this Section, at least 30% of the funds appropriated for scholarships awarded under this Section in each fiscal year shall be reserved for qualified male minority applicants. If the Commission does not receive enough applications from qualified male minorities on or before January 1 of each fiscal year to award 30% of the funds appropriated for these scholarships to qualified male minority applicants,
then the Commission may award a portion of the reserved funds to qualified female minority applicants.

(l) Prior to receiving scholarship assistance for any academic year, each recipient of a minority teacher scholarship awarded under this Section shall be required by the Commission to sign an agreement under which the recipient pledges that, within the one-year period following the termination of the program for which the recipient was awarded a minority teacher scholarship, the recipient (i) shall begin teaching for a period of not less than one year for each year of scholarship assistance he or she was awarded under this Section; and (ii) shall fulfill this teaching obligation at a nonprofit Illinois public, private, or parochial preschool, elementary school, or secondary school at which no less than 30% of the enrolled students are minority students in the year during which the recipient begins teaching at the school; and (iii) shall, upon request by the Commission, provide the Commission with evidence that he or she is fulfilling or has fulfilled the terms of the teaching agreement provided for in this subsection.

(m) If a recipient of a minority teacher scholarship awarded under this Section fails to fulfill the teaching obligation set forth in subsection (l) of this Section, the Commission shall require the recipient to repay the amount of the scholarships received, prorated according to the fraction of the teaching obligation not completed, at a rate of interest equal to 5%, and, if applicable, reasonable collection fees. The Commission is authorized to establish rules relating to its collection activities for repayment of scholarships under this Section. All repayments collected under this Section shall be forwarded to the State Comptroller for deposit into the State's General Revenue Fund.

(n) A recipient of minority teacher scholarship shall not be considered in violation of the agreement entered into pursuant to subsection (l) if the recipient (i) enrolls on a full time basis as a graduate student in a course of study related to the field of teaching at a qualified Illinois institution of higher learning; (ii) is serving, not in excess of 3 years, as a member of the armed services of the United States; (iii) is temporarily totally disabled for a period of time not to exceed 3 years as established by sworn affidavit of a qualified physician; (iv) is seeking and unable to find full time employment as a teacher at an Illinois public, private, or parochial preschool or elementary or secondary school that satisfies the criteria set forth in subsection (l) of this Section and is able to provide evidence of that fact; or, (v) becomes permanently totally disabled as established by sworn affidavit of a qualified physician; (vi) is taking
additional courses, on at least a half-time basis, needed to obtain certification as a teacher in Illinois; or (vii) is fulfilling teaching requirements associated with other programs administered by the Commission and cannot concurrently fulfill them under this Section in a period of time equal to the length of the teaching obligation.

(o) Scholarship recipients under this Section who withdraw from a program of teacher education but remain enrolled in school to continue their postsecondary studies in another academic discipline shall not be required to commence repayment of their Minority Teachers of Illinois scholarship so long as they remain enrolled in school on a full-time basis or if they can document for the Commission special circumstances that warrant extension of repayment.

(a) In order to encourage academically talented Illinois students, especially minority students, to pursue teaching careers, especially in teacher shortage disciplines (which shall be defined to include early childhood education) or at hard-to-staff schools (as defined by the Commission in consultation with the State Board of Education), the Commission shall, each year, receive and consider applications for scholarship assistance under this Section. An applicant is eligible for a scholarship under this Section when the Commission finds that the applicant is:

(1) a United States citizen or eligible noncitizen;
(2) a resident of Illinois;
(3) a high school graduate or a person who has received a General Educational Development Certificate;
(4) enrolled or accepted for enrollment at or above the junior level, on at least a half-time basis, at an Illinois institution of higher learning; and
(5) pursuing a postsecondary course of study leading to initial certification or pursuing additional course work needed to gain State Board of Education approval to teach, including alternative teacher certification.

(b) Recipients shall be selected from among applicants qualified pursuant to subsection (a) based on a combination of the following criteria as set forth by the Commission: (1) academic excellence; (2) status as a minority student as defined in Section 50; and (3) financial need. Preference may be given to previous recipients of assistance under this
Section, provided they continue to maintain eligibility and maintain satisfactory academic progress as determined by the institution of higher learning at which they enroll.

(c) Each scholarship awarded under this Section shall be in an amount sufficient to pay the tuition and fees and room and board costs of the Illinois institution of higher learning at which the recipient is enrolled, up to an annual maximum of $5,000; except that in the case of a recipient who does not reside on-campus at the institution of higher learning at which he or she is enrolled, the amount of the scholarship shall be sufficient to pay tuition and fee expenses and a commuter allowance, up to an annual maximum of $5,000. For recipients who agree to teach in a teacher shortage discipline or at a hard-to-staff school under subsection (i) of this Section, the Commission may, by rule and subject to appropriation, increase the annual maximum amount to $10,000. If a recipient agrees to teach in both a teacher shortage discipline and at a hard-to-staff school under subsection (i) of this Section, the Commission may increase the amount of the scholarship awarded by up to an additional $5,000.

(d) The total amount of scholarship assistance awarded by the Commission under this Section to an individual in any given fiscal year, when added to other financial assistance awarded to that individual for that year, shall not exceed the cost of attendance at the institution of higher learning at which the student is enrolled.

(e) A recipient may receive up to 4 semesters or 6 quarters of scholarship assistance under this Section.

(f) All applications for scholarship assistance to be awarded under this Section shall be made to the Commission in a form as set forth by the Commission. The form of application and the information required to be set forth therein shall be determined by the Commission, and the Commission shall require eligible applicants to submit with their applications such supporting documents as the Commission deems necessary.

(g) Subject to a separate appropriation made for such purposes, payment of any scholarship awarded under this Section shall be determined by the Commission. There shall be a separate appropriation made for scholarships awarded to recipients who agree to teach in a teacher shortage discipline or at a hard-to-staff school under subsection (i) of this Section. The Commission may use for scholarship assistance under this Section (i) all funds appropriated for scholarships under this Section that were formerly known as ITEACH Teacher Shortage Scholarships and (ii) all funds appropriated for scholarships under Section 65.65 of this Act.
In accordance with this Section shall be paid to the institution on behalf of the recipients. Scholarship funds are applicable toward 2 semesters or 3 quarters of enrollment within an academic year.

(h) The Commission shall administer the scholarship program established by this Section and shall make all necessary and proper rules not inconsistent with this Section for its effective implementation.

(i) Prior to receiving scholarship assistance for any academic year, each recipient of a scholarship awarded under this Section shall be required by the Commission to sign an agreement under which the recipient pledges that, within the one-year period following the termination of the academic program for which the recipient was awarded a scholarship, the recipient: (i) shall begin teaching for a period of not less than 5 years, (ii) shall fulfill this teaching obligation at a nonprofit Illinois public, private, or parochial preschool or an Illinois public elementary or secondary school, and (iii) shall, upon request of the Commission, provide the Commission with evidence that he or she is fulfilling or has fulfilled the terms of the teaching agreement provided for in this subsection.

(j) If a recipient of a scholarship awarded under this Section fails to fulfill the teaching obligation set forth in subsection (i) of this Section, the Commission shall require the recipient to repay the amount of the scholarships received, prorated according to the fraction of the teaching obligation not completed, plus interest at a rate of 5% and if applicable, reasonable collection fees. The Commission is authorized to establish rules relating to its collection activities for repayment of scholarships under this Section. Payments received by the Commission under this subsection (j) shall be remitted to the State Comptroller for deposit into the General Revenue Fund, except that that portion of a recipient's payment that equals the amount in expenses that the Commission has reasonably incurred in attempting collection from that recipient shall be remitted to the State Comptroller for deposit into the Commission's Accounts Receivable Fund.

(k) A recipient of a scholarship awarded by the Commission under this Section shall not be in violation of the agreement entered into pursuant to subsection (i) if the recipient (i) enrolls on a full-time basis as a graduate student in a course of study related to the field of teaching at an institution of higher learning; (ii) is serving as a member of the armed services of the United States; (iii) is temporarily totally disabled, as
established by sworn affidavit of a qualified physician; or (iv) is seeking and unable to find full-time employment as a teacher at a school that satisfies the criteria set forth in subsection (i) and is able to provide evidence of that fact; (v) is taking additional courses, on at least a half-time basis, needed to obtain certification as a teacher in Illinois; or (vi) is fulfilling teaching requirements associated with other programs administered by the Commission and cannot concurrently fulfill them under this Section in a period of time equal to the length of the teaching obligation. Any such extension of the period during which the teaching requirement must be fulfilled shall be subject to limitations of duration as established by the Commission.

Scholarships issued to holders of a valid certificate issued under the laws relating to the certification of teachers as provided in paragraph (2) of this subsection may also entitle the holder thereof to a program of teacher education that will prepare the student for the teaching of children described in Section 14-1 of the School Code at the graduate level.

Any such person who fails to fulfill this teaching requirement shall pay to the Commission the amount of tuition waived by virtue of his or her acceptance of the scholarship, together with interest at 5% per year on that amount. However, this obligation to repay the amount of tuition waived plus interest does not apply when the failure to fulfill the teaching requirement results from the death or adjudication as a person under legal disability of the person holding the scholarship, and no claim for repayment may be filed against the estate of such a decedent or person under legal disability. Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Municipal Code is amended by changing Sections 10-1-7 and 10-2.1-4 as follows:

(65 ILCS 5/10-1-7) (from Ch. 24, par. 10-1-7)
Sec. 10-1-7. Examination of applicants; disqualifications.
(a) All applicants for offices or places in the classified service, except those mentioned in Section 10-1-17, are subject to examination. The examination shall be public, competitive, and open to all citizens of the United States, with specified limitations as to residence, age, health, habits and moral character.

(b) Residency requirements in effect at the time an individual enters the fire or police service of a municipality (other than a municipality that has more than 1,000,000 inhabitants) cannot be made more restrictive for that individual during his or her period of service for that municipality, or be made a condition of promotion, except for the rank or position of Fire or Police Chief.

(c) No person with a record of misdemeanor convictions except those under Sections 11-6, 11-7, 11-9, 11-14, 11-15, 11-17, 11-18, 11-19, 12-2, 12-6, 12-15, 14-4, 16-1, 21.1-3, 24-3.1, 24-5, 25-1, 28-3, 31-1, 31-4, 31-6, 31-7, 32-1, 32-2, 32-3, 32-4, 32-8, and subsections (1), (6) and (8) of Section 24-1 of the Criminal Code of 1961 or arrested for any cause but not convicted on that cause shall be disqualified from taking the examination on grounds of habits or moral character, unless the person is attempting to qualify for a position on the police department, in which case the conviction or arrest may be considered as a factor in determining the person's habits or moral character.

(d) Persons entitled to military preference under Section 10-1-16 shall not be subject to limitations specifying age unless they are applicants for a position as a fireman or a policeman having no previous employment status as a fireman or policeman in the regularly constituted fire or police department of the municipality, in which case they must not have attained
their 35th birthday, except any person who has served as an auxiliary policeman under Section 3.1-30-20 for at least 5 years and is under 40 years of age.

(e) All employees of a municipality of less than 500,000 population (except those who would be excluded from the classified service as provided in this Division 1) who are holding that employment as of the date a municipality adopts this Division 1, or as of July 17, 1959, whichever date is the later, and who have held that employment for at least 2 years immediately before that later date, and all firemen and policemen regardless of length of service who were either appointed to their respective positions by the board of fire and police commissioners under the provisions of Division 2 of this Article or who are serving in a position (except as a temporary employee) in the fire or police department in the municipality on the date a municipality adopts this Division 1, or as of July 17, 1959, whichever date is the later, shall become members of the classified civil service of the municipality without examination.

(f) The examinations shall be practical in their character, and shall relate to those matters that will fairly test the relative capacity of the persons examined to discharge the duties of the positions to which they seek to be appointed. The examinations shall include tests of physical qualifications, health, and (when appropriate) manual skill. If an applicant is unable to pass the physical examination solely as the result of an injury received by the applicant as the result of the performance of an act of duty while working as a temporary employee in the position for which he or she is being examined, however, the physical examination shall be waived and the applicant shall be considered to have passed the examination. No questions in any examination shall relate to political or religious opinions or affiliations. Results of examinations and the eligible registers prepared from the results shall be published by the commission within 60 days after any examinations are held.

(g) The commission shall control all examinations, and may, whenever an examination is to take place, designate a suitable number of persons, either in or not in the official service of the municipality, to be examiners. The examiners shall conduct the examinations as directed by the commission and shall make a return or report of the examinations to the commission. If the appointed examiners are in the official service of the municipality, the examiners shall not receive extra compensation for conducting the examinations. The commission may at any time substitute any other person, whether or not in the service of the municipality, in the place of any one selected as an examiner. The commission members may
themselves at any time act as examiners without appointing examiners. The examiners at any examination shall not all be members of the same political party.

(h) In municipalities of 500,000 or more population, no person who has attained his or her 35th birthday shall be eligible to take an examination for a position as a fireman or a policeman unless the person has had previous employment status as a policeman or fireman in the regularly constituted police or fire department of the municipality, except as provided in this Section.

(i) In municipalities of more than 5,000 but not more than 200,000 inhabitants, no person who has attained his or her 35th birthday shall be eligible to take an examination for a position as a fireman or a policeman unless the person has had previous employment status as a policeman or fireman in the regularly constituted police or fire department of the municipality, except as provided in this Section.

(j) In all municipalities, applicants who are 20 years of age and who have successfully completed 2 years of law enforcement studies at an accredited college or university may be considered for appointment to active duty with the police department. An applicant described in this subsection (j) who is appointed to active duty shall not have power of arrest, nor shall the applicant be permitted to carry firearms, until he or she reaches 21 years of age.

(k) In municipalities of more than 500,000 population, applications for examination for and appointment to positions as firefighters or police shall be made available at various branches of the public library of the municipality.

(l) No municipality having a population less than 1,000,000 shall require that any fireman appointed to the lowest rank serve a probationary employment period of longer than one year. The limitation on periods of probationary employment provided in this amendatory Act of 1989 is an exclusive power and function of the State. Pursuant to subsection (h) of Section 6 of Article VII of the Illinois Constitution, a home rule municipality having a population less than 1,000,000 must comply with this limitation on periods of probationary employment, which is a denial and limitation of home rule powers. Notwithstanding anything to the contrary in this Section, the probationary employment period limitation may be extended for a firefighter who is required, as a condition of employment, to be a certified paramedic, during which time the sole reason that a firefighter may be discharged without a hearing is for failing
to meet the requirements for paramedic certification shall not apply to a fireman whose position also includes paramedic responsibilities. (Source: P.A. 86-990; 87-1119.)

(65 ILCS 5/10-2.1-4) (from Ch. 24, par. 10-2.1-4)
Sec. 10-2.1-4. Fire and police departments; Appointment of members; Certificates of appointments.

The board of fire and police commissioners shall appoint all officers and members of the fire and police departments of the municipality, including the chief of police and the chief of the fire department, unless the council or board of trustees shall by ordinance as to them otherwise provide; except as otherwise provided in this Section, and except that in any municipality which adopts or has adopted this Division 2.1 and also adopts or has adopted Article 5 of this Code, the chief of police and the chief of the fire department shall be appointed by the municipal manager, if it is provided by ordinance in such municipality that such chiefs, or either of them, shall not be appointed by the board of fire and police commissioners.

If the chief of the fire department or the chief of the police department or both of them are appointed in the manner provided by ordinance, they may be removed or discharged by the appointing authority. In such case the appointing authority shall file with the corporate authorities the reasons for such removal or discharge, which removal or discharge shall not become effective unless confirmed by a majority vote of the corporate authorities.

If a member of the department is appointed chief of police or chief of the fire department prior to being eligible to retire on pension, he shall be considered as on furlough from the rank he held immediately prior to his appointment as chief. If he resigns as chief or is discharged as chief prior to attaining eligibility to retire on pension, he shall revert to and be established in whatever rank he currently holds, except for previously appointed positions, and thereafter be entitled to all the benefits and emoluments of that rank, without regard as to whether a vacancy then exists in that rank.

All appointments to each department other than that of the lowest rank, however, shall be from the rank next below that to which the appointment is made except as otherwise provided in this Section, and except that the chief of police and the chief of the fire department may be appointed from among members of the police and fire departments, respectively, regardless of rank, unless the council or board of trustees shall have by ordinance as to them otherwise provided. A chief of police

or the chief of the fire department, having been appointed from among members of the police or fire department, respectively, shall be permitted, regardless of rank, to take promotional exams and be promoted to a higher classified rank than he currently holds, without having to resign as chief of police or chief of the fire department.

The sole authority to issue certificates of appointment shall be vested in the Board of Fire and Police Commissioners and all certificates of appointments issued to any officer or member of the fire or police department of a municipality shall be signed by the chairman and secretary respectively of the board of fire and police commissioners of such municipality, upon appointment of such officer or member of the fire and police department of such municipality by action of the board of fire and police commissioners.

The term "policemen" as used in this Division does not include auxiliary policemen except as provided for in Section 10-2.1-6.

Any full time member of a regular fire or police department of any municipality which comes under the provisions of this Division or adopts this Division 2.1 or which has adopted any of the prior Acts pertaining to fire and police commissioners, is a city officer.

Notwithstanding any other provision of this Section, the Chief of Police of a department in a non-homerule municipality of more than 130,000 inhabitants may, without the advice or consent of the Board of Fire and Police Commissioners, appoint up to 6 officers who shall be known as deputy chiefs or assistant deputy chiefs, and whose rank shall be immediately below that of Chief. The deputy or assistant deputy chiefs may be appointed from any rank of sworn officers of that municipality, but no person who is not such a sworn officer may be so appointed. Such deputy chief or assistant deputy chief shall have the authority to direct and issue orders to all employees of the Department holding the rank of captain or any lower rank. A deputy chief of police or assistant deputy chief of police, having been appointed from any rank of sworn officers of that municipality, shall be permitted, regardless of rank, to take promotional exams and be promoted to a higher classified rank than he currently holds, without having to resign as deputy chief of police or assistant deputy chief of police.

Notwithstanding any other provision of this Section, a non-homerule municipality of 130,000 or fewer inhabitants, through its council or board of trustees, may, by ordinance, provide for a position of deputy chief to be appointed by the chief of the police department. The ordinance shall provide for no more than one deputy chief position if the police

department has fewer than 25 full-time police officers and for no more than 2 deputy chief positions if the police department has 25 or more full-time police officers. The deputy chief position shall be an exempt rank immediately below that of Chief. The deputy chief may be appointed from any rank of sworn, full-time officers of the municipality's police department, but must have at least 5 years of full-time service as a police officer in that department. A deputy chief shall serve at the discretion of the Chief and, if removed from the position, shall revert to the rank currently held, without regard as to whether a vacancy exists in that rank. A deputy chief of police, having been appointed from any rank of sworn full-time officers of that municipality's police department, shall be permitted, regardless of rank, to take promotional exams and be promoted to a higher classified rank than he currently holds, without having to resign as deputy chief of police.

No municipality having a population less than 1,000,000 shall require that any firefighter fireman appointed to the lowest rank serve a probationary employment period of longer than one year. The limitation on periods of probationary employment provided in this amendatory Act of 1989 is an exclusive power and function of the State. Pursuant to subsection (h) of Section 6 of Article VII of the Illinois Constitution, a home rule municipality having a population less than 1,000,000 must comply with this limitation on periods of probationary employment, which is a denial and limitation of home rule powers. Notwithstanding anything to the contrary in this Section, the probationary employment period limitation may be extended for a firefighter who is required, as a condition of employment, to be a certified paramedic, during which time the sole reason that a firefighter may be discharged without a hearing is for failing to meet the requirements for paramedic certification shall not apply to a fireman whose position also includes paramedic responsibilities.

Section 10. The Fire Protection District Act is amended by changing Section 16.13b as follows:

(70 ILCS 705/16.13b) (from Ch. 127 1/2, par. 37.13b)

Sec. 16.13b. Unless the employer and a labor organization have agreed to a contract provision providing for final and binding arbitration of disputes concerning the existence of just cause for disciplinary action, no officer or member of the fire department of any protection district who has held that position for one year shall be removed or discharged except for just cause, upon written charges specifying the complainant and the basis for the charges, and after a hearing on those charges before the board of

fire commissioners, affording the officer or member an opportunity to be heard in his own defense. In such case the appointing authority shall file with the board of trustees the reasons for such removal or discharge, which removal or discharge shall not become effective unless confirmed by a majority vote of the board of trustees. If written charges are brought against an officer or member, the board of fire commissioners shall conduct a fair and impartial hearing of the charges, to be commenced within 30 days of the filing thereof, which hearing may be continued from time to time. The Chief of the department shall bear the burden of proving the guilt of the officer or member by a preponderance of the evidence. In case an officer or member is found guilty, the board may discharge him, or may suspend him not exceeding 30 calendar days without pay. The board may suspend any officer or member pending the hearing with or without pay, but in no event shall the suspension pending hearing and the ultimate suspension imposed on the officer or member, if any, exceed 30 calendar days without pay in the aggregate. If the board of fire commissioners determines that the charges are not sustained, the officer or member shall be reimbursed for all wages withheld or lost, if any. In the conduct of this hearing, each member of the board shall have power to secure by its subpoena both the attendance and testimony of witnesses and the production of books and papers relevant to the hearing.

Notwithstanding any other provision of this Section, a probationary employment period may be extended beyond one year for a firefighter who is required as a condition of employment to be a certified paramedic, during which time the sole reason that a firefighter may be discharged without a hearing is for failing to meet the requirements for paramedic certification.

The age for mandatory retirement of firemen in the service of any department of such district is 65 years, unless the board of trustees shall by ordinance provide for an earlier mandatory retirement age of not less than 60 years.

The provisions of the Administrative Review Law, and all amendments and modifications thereof, and the rules adopted pursuant thereto, shall apply to and govern all proceedings for the judicial review of final administrative decisions of the board of fire commissioners hereunder. The term "administrative decision" is defined as in Section 3-101 of the Code of Civil Procedure.

Nothing in this Section shall be construed to prevent the Chief of the fire department from suspending without pay a member of his department for a period of not more than 5 consecutive calendar days, but
he shall notify the board in writing of such suspension. Any fireman so suspended may appeal to the board of fire commissioners for a review of the suspension within 5 calendar days after such suspension. Upon such appeal, the Chief of the department shall bear the burden of proof in establishing the guilt of the officer or member by a preponderance of the evidence. The board may sustain the action of the Chief of the department, may reduce the suspension to a lesser penalty, or may reverse it with instructions that the officer or member receive his pay and other benefits withheld for the period involved, or may suspend the officer for an additional period of not more than 30 days, or discharge him, depending upon the facts presented.

Copies of the tapes, discs, or other electronic data shall be furnished by the county clerk to local political committees and governmental entities at their request and at a reasonable cost. Reasonable cost of the tapes, discs, et cetera for this purpose would be the cost of duplication plus 15% for administration. The individual representing a political committee requesting copies of such tapes shall make a sworn affidavit that the information shall be used only for bona fide political purposes, including by or for candidates for office or incumbent office holders. Such tapes, discs or other electronic data shall not be used under any circumstances by any political committee or individuals for purposes of commercial solicitation or other business purposes. If such tapes contain information on county residents related to the operations of county government in addition to registration information, that information shall not be used under any circumstances for commercial solicitation or other business purposes. The prohibition in this Section against using the computer tapes or computer discs or other electronic data processing information containing voter registration information for purposes of commercial solicitation or other business purposes shall be prospective only from the effective date of this amended Act of 1979. Any person who violates this provision shall be guilty of a Class 4 felony.

The State Board of Elections shall promulgate, by October 1, 1987, such regulations as may be necessary to ensure uniformity throughout the State in electronic data processing of voter registration information. The regulations shall include, but need not be limited to, specifications for uniform medium, communications protocol and file structure to be employed by the election authorities of this State in the electronic data processing of voter registration information. Each election authority utilizing electronic data processing of voter registration information shall comply with such regulations on and after May 15, 1988.

Space shall be provided upon the face of each registration record card for the notation of the voting record of the person registered thereon.

Each registration record card shall be numbered according to towns and precincts, wards, cities and villages, as the case may be, and may be serially or otherwise marked for identification in such manner as the county clerk may determine.

The registration cards shall be deemed public records and shall be open to inspection during regular business hours, except during the 27 days immediately preceding any election. On written request of any candidate or objector or any person intending to object to a petition, the election authority shall extend its hours for inspection of registration cards and other records of the election authority during the period beginning with the filing of petitions under Sections 7-10, 8-8, 10-6 or 28-3 and continuing through the termination of electoral board hearings on any objections to petitions containing signatures of registered voters in the jurisdiction of the election authority. The extension shall be for a period of hours sufficient to allow adequate opportunity for examination of the records but the election authority is not required to extend its hours beyond the period beginning at its normal opening for business and ending at midnight. If the business hours are so extended, the election authority shall post a public notice of such extended hours. Registration record cards may also be inspected, upon approval of the officer in charge of the cards, during the 27 days immediately preceding any election. Registration record cards shall also be open to inspection by certified judges and poll watchers and challengers at the polling place on election day, but only to the extent necessary to determine the question of the right of a person to vote or to serve as a judge of election. At no time shall poll watchers or challengers be allowed to physically handle the registration record cards.

Updated copies of computer tapes or computer discs or other electronic data processing information containing voter registration information shall be furnished by the county clerk within 10 days after December 15 and May 15 each year and within 10 days after each registration period is closed to the State Board of Elections in a form prescribed by the Board. In the event of noncompliance, the State Board of Elections is directed to obtain compliance forthwith with this nondiscretionary duty of the election authority by instituting legal proceedings in the circuit court of the county in which the election authority maintains the registration information. The costs of furnishing updated copies of tapes or discs shall be paid at a rate of $.00034 per name of registered voters in the election jurisdiction, but not less than $50 per tape or disc and shall be paid from appropriations made to the State Board of Elections for reimbursement to the election authority for such purpose. The State Board shall furnish copies of such tapes, discs, other electronic data or compilations thereof to state political committees registered pursuant to the Illinois Campaign Finance Act or the Federal Election Campaign Act and to governmental entities, at their request and at a reasonable cost. Copies of the tapes, discs, or other electronic data shall be furnished by the county clerk to local political committees and governmental entities at their request and at a reasonable cost. Reasonable cost of the tapes, discs, et cetera for this purpose would be the cost of duplication plus 15% for administration. The individual representing a political committee requesting copies of such tapes shall make a sworn affidavit that the information shall be used only for bona fide political purposes, including by or for candidates for office or incumbent office holders. Such tapes, discs or other electronic data shall not be used under any circumstances by any political committee or individuals for purposes

Section 5. The Intergovernmental Cooperation Act is amended by changing Section 3.6 as follows:

(5 ILCS 220/3.6) (from Ch. 127, par. 743.6)

Sec. 3.6. (a) Any special district the boundaries of which are exactly coterminous with, or entirely within, the boundaries of a township in a county having less than 1,000,000 inhabitants may merge into and transfer all of its rights, powers, duties, liabilities and functions to the

New matter indicated by italics - deletions by strikeout
township as provided in this Section notwithstanding any other provision of the law.

(b) "Special district" means any political subdivision other than a county, municipality, township, school district or community college district.

(c) By resolution or ordinance the special district may petition the township for merger. Within 30 days after the adoption of such resolution or ordinance, the special district shall file a copy of the petition with the town clerk of the township and with the county clerk.

(d) Within 60 days of the filing of the petition with the town clerk the board of town trustees shall by ordinance either agree or refuse to agree to the merger. Failure of the board of town trustees to adopt such an ordinance within the 60 days shall constitute a refusal to agree to the merger.

(e) After an ordinance is passed by the board of town trustees agreeing to a merger, it shall be published once within 30 days after its passage in one or more newspapers published in the township or, if no newspaper is published therein, it shall be published in a newspaper published in the county in which such township is located and having general circulation within such township. If no newspaper is published in the county having general circulation in the township, publication may be made instead by posting copies of such ordinance in 10 public places within the township. The publication or posting of the ordinance shall include a notice of (1) the specific number of voters required to sign a petition requesting that the question of the merger be submitted to the voters of the township; (2) the time within which the petition must be filed; and (3) the date of the prospective referendum. The township clerk shall provide a petition form to any individual requesting one. The ordinance shall not become effective until 30 days after its publication or the date of such posting of such copies.

Whenever a petition signed by the electors of the township equal in number to 10% or more of the registered voters in the township is filed with the board of town trustees thereof which has adopted an ordinance agreeing to merger and such petition has been filed with the board of town trustees within 30 days after the publication or the date of the posting of the copies which petition seeks the submission of such merger to an election, the board of town trustees shall certify the question to the proper election officials who shall submit the question at an election in accordance with the general election law.

The proposition shall be substantially in the following form:

New matter indicated by italics - deletions by strikeout
Shall (name of special district) be merged into Township?

---

If the boundaries of the township and special district are coterminous and a majority of the voters voting on the question shall favor merger, the special district shall merge into the township. If a majority of the voters voting on the question shall not favor merger, the special district shall not merge into the township. If the boundaries of the township and special district are not coterminous, then a majority of the voters voting upon the question in the special district and a majority of the voters voting in that portion of the township that is not included within the special district must both favor the merger. If a majority of the voters residing in the special district or a majority of the voters voting in that portion of the townships that is not included within the special district do not favor the merger, the special district shall not merge into the township.

(f) The effective date of the merger shall be the first day of January of the year immediately following the effective date of the ordinance or the approval by the referendum as the case may be.

(g) If the board of town trustees refuses to agree to the merger or if a majority of the voters voting on the question shall not favor merger, then the special district shall not file a petition for merger with the town clerk within 3 years after such refusal to agree or referendum.

(h) Upon the effective date of the merger the township shall assume and succeed to all of the rights, powers, duties, liabilities and functions of the special district, including assuming any indebtedness of the special district, and the special district shall be dissolved and cease to exist as a separate and distinct political subdivision. In connection with such rights, powers, duties, liabilities and functions the township shall be subject to, governed by and have the benefit of the statutes, as then or thereafter amended, and laws affecting such a special district, including without limitation the right to levy taxes in such amounts as allowed to such a special district, but the right to levy taxes shall exist only within the area formerly comprising such merged special district. Upon the effective date of the merger all books, records, equipment, property and personnel held by, in the custody of or employed by the special district shall be transferred to the township. The transfer shall not affect the status or employment benefits of transferred personnel.

(1) Within 180 days after the date that a civil rights violation allegedly has been committed, a charge in writing under oath or affirmation may be filed with the Department by an aggrieved party or issued by the Department itself under the signature of the Director.

(2) The charge shall be in such detail as to substantially apprise any party properly concerned as to the time, place, and facts surrounding the alleged civil rights violation.

(B) Notice, and Response, and Review of Charge. The Department shall, within 10 days of the date on which the charge was filed, serve a copy of the charge on the respondent. This period shall not be construed to be jurisdictional. The charging party and the respondent may each file a position statement and other materials with the Department regarding the charge of alleged discrimination within 60 days of receipt of the notice of
the charge. The position statements and other materials filed shall remain confidential unless otherwise agreed to by the party providing the information and shall not be served on or made available to the other party during pendency of a charge with the Department. The Department shall require the respondent to file a verified response to the allegations contained in the charge within 60 days of receipt of the notice of the charge. The respondent shall serve a copy of its response on the complainant or his representative. All allegations contained in the charge not timely denied by the respondent shall be deemed admitted, unless the respondent states that it is without sufficient information to form a belief with respect to such allegation. The Department shall issue a notice of default directed to any respondent who fails to file a verified response to a charge within 60 days of receipt of the notice of the charge, unless the respondent can demonstrate good cause as to why such notice should not issue. Within 30 days of receipt of the respondent's response, the complainant may file a reply to said response and shall serve a copy of said reply on the respondent or his representative. A party shall have the right to supplement his response or reply at any time that the investigation of the charge is pending. (B-1) Mediation. The complainant and respondent may agree to voluntarily submit the charge to mediation without waiving any rights that are otherwise available to either party pursuant to this Act and without incurring any obligation to accept the result of the mediation process. Nothing occurring in mediation shall be disclosed by the Department or admissible in evidence in any subsequent proceeding unless the complainant and the respondent agree in writing that such disclosure be made.

(C) Investigation.

New matter indicated by italics - deletions by strikeout
(1) After the respondent has been notified, the Department shall conduct a full investigation of the allegations set forth in the charge.

(2) The Director or his or her designated representatives shall have authority to request any member of the Commission to issue subpoenas to compel the attendance of a witness or the production for examination of any books, records or documents whatsoever.

(3) If any witness whose testimony is required for any investigation resides outside the State, or through illness or any other good cause as determined by the Director is unable to be interviewed by the investigator or appear at a fact finding conference, his or her testimony or deposition may be taken, within or without the State, in the same manner as is provided for in the taking of depositions in civil cases in circuit courts.

(4) Upon reasonable notice to the complainant and the respondent, the Department shall conduct a fact finding conference prior to 365 days after the date on which the charge was filed, unless the Director has determined whether there is substantial evidence that the alleged civil rights violation has been committed or the charge has been dismissed for lack of jurisdiction. If the parties agree in writing, the fact finding conference may be held at a time after the 365 day limit. Any party's failure to attend the conference without good cause shall result in dismissal or default. The term "good cause" shall be defined by rule promulgated by the Department. A notice of dismissal or default shall be issued by the Director and shall notify the relevant party that a request for review may be filed in writing with the Chief Legal Counsel of the Department within 30 days of receipt of notice of dismissal or default.

(a) If the Director determines that there is no substantial evidence, the charge shall be dismissed by order of the Director and the complainant notified that he or she may seek review of the dismissal order before the Chief Legal Counsel of the Department. The complainant shall have 30 days from receipt of notice to file a request for review by the Chief Legal Counsel of the Department.

(b) If the Director determines that there is substantial evidence, he or she shall designate a Department employee who is an attorney licensed to practice in Illinois to endeavor to eliminate the effect of the alleged civil rights violation and to prevent its repetition by means of conference and conciliation.

(E) Conciliation.

(1) When the Department determines that a formal conciliation conference is necessary, the complainant and respondent shall be notified of the time and place of the conference by registered or certified mail at least 10 days prior thereto and either or both parties shall appear at the conference in person or by attorney.

(2) The place fixed for the conference shall be within 35 miles of the place where the civil rights violation is alleged to have been committed.

(3) Nothing occurring at the conference shall be disclosed by the Department unless the complainant and respondent agree in writing that such disclosure be made. (F) Complaint.

(1) When there is a failure to settle or adjust any charge through conciliation, the Department shall prepare a written complaint, under oath or affirmation, stating the nature of the civil rights violation substantially as alleged in the charge previously filed and the relief sought on behalf of the aggrieved party.

(2) The complaint shall be filed with the Commission. (G) Time Limit.

New matter indicated by italics - deletions by strikeout
(1) When a charge of a civil rights violation has been properly filed, the Department, within 365 days thereof or within any extension of that period agreed to in writing by all parties, shall either issue and file a complaint in the manner and form set forth in this Section or shall order that no complaint be issued and dismiss the charge with prejudice without any further right to proceed except in cases in which the order was procured by fraud or duress. Any such order shall be duly served upon both the complainant and the respondent.

(2) Between 365 and 395 days after the charge is filed, or such longer period agreed to in writing by all parties, the aggrieved party may file a complaint with the Commission, if the Director has not sooner issued a report and determination pursuant to paragraphs (D)(1) and (D)(2) of this Section. The form of the complaint shall be in accordance with the provisions of paragraph (F). The aggrieved party shall notify the Department that a complaint has been filed and shall serve a copy of the complaint on the Department on the same date that the complaint is filed with the Commission.

(3) If an aggrieved party files a complaint with the Human Rights Commission pursuant to paragraph (2) of this subsection, or if the time period for filing a complaint has expired, the Department shall immediately cease its investigation and dismiss the charge of civil rights violation. Any final order entered by the Chief Legal Counsel under this Section is appealable in accordance with paragraph (A)(1) of Section 8-111. Failure to immediately cease an investigation and dismiss the charge of civil rights violation as provided in this paragraph (3) constitutes grounds for entry of an order by the circuit court permanently enjoining the investigation. The Department may also be liable for any costs and other damages incurred by the respondent as a result of the action of the Department.

(4) The Department shall stay any administrative proceedings under this Section after the filing of a civil action by or on behalf of the aggrieved party under any federal or State law seeking relief with respect to the alleged civil rights violation.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Criminal Code of 1961 is amended by changing Section 12-3.2 as follows:

In addition to any other sentencing alternatives, a defendant who commits, in the presence of a child, a felony domestic battery (enhanced under subsection (b)), aggravated domestic battery (Section 12-3.3), aggravated battery (Section 12-4), unlawful restraint (Section 10-3), or aggravated unlawful restraint (Section 10-3.1) against a family or household member, as defined in Section 112A-3 of the Code of Criminal Procedure of 1963, shall be required to serve a mandatory minimum imprisonment of 10 days or perform 300 hours of community service, or both. Section 10. The Unified Code of Corrections is amended by changing Section 5-5-6 as follows:

(730 ILCS 5/5-5-6) (from Ch. 38, par. 1005-5-6)

New matter indicated by italics - deletions by strikeout
Sec. 5-5-6. In all convictions for offenses in violation of the Criminal Code of 1961 in which the person received any injury to their person or damage to their real or personal property as a result of the criminal act of the defendant, the court shall order restitution as provided in this Section. In all other cases, except cases in which restitution is required under this Section, the court must at the sentence hearing determine whether restitution is an appropriate sentence to be imposed on each defendant convicted of an offense. If the court determines that an order directing the offender to make restitution is appropriate, the offender may be sentenced to make restitution. If the offender is sentenced to make restitution the Court shall determine the restitution as hereinafter set forth:

(a) At the sentence hearing, the court shall determine whether the property may be restored in kind to the possession of the owner or the person entitled to possession thereof; or whether the defendant is possessed of sufficient skill to repair and restore property damaged; or whether the defendant should be required to make restitution in cash, for out-of-pocket expenses, damages, losses, or injuries found to have been proximately caused by the conduct of the defendant or another for whom the defendant is legally accountable under the provisions of Article V of the Criminal Code of 1961.

(b) In fixing the amount of restitution to be paid in cash, the court shall allow credit for property returned in kind, for property damages ordered to be repaired by the defendant, and for property ordered to be restored by the defendant; and after granting the credit, the court shall assess the actual out-of-pocket expenses, losses, damages, and injuries suffered by the victim named in the charge and any other victims who may also have suffered out-of-pocket expenses, losses, damages, and injuries proximately caused by the same criminal conduct of the defendant, and insurance carriers who have indemnified the named victim or other victims for the out-of-pocket expenses, losses, damages, or injuries, provided that in no event shall restitution be ordered to be paid on account of pain and suffering. If a defendant is placed on supervision for, or convicted of, domestic battery, the defendant shall be required to pay restitution to any domestic violence shelter in which the victim and any other family or household members lived because of the domestic battery. The amount of the restitution shall equal the actual expenses of the domestic violence shelter in providing housing and any other services for the victim and any

other family or household members living at the shelter. If a defendant fails to pay restitution in the manner or within the time period specified by the court, the court may enter an order directing the sheriff to seize any real or personal property of a defendant to the extent necessary to satisfy the order of restitution and dispose of the property by public sale. All proceeds from such sale in excess of the amount of restitution plus court costs and the costs of the sheriff in conducting the sale shall be paid to the defendant. The defendant convicted of domestic battery, if a person under 18 years of age who is the child of the offender or of the victim was present and witnessed the domestic battery of the victim, is liable to pay restitution for the cost of any counseling required for the child at the discretion of the court.

(c) In cases where more than one defendant is accountable for the same criminal conduct that results in out-of-pocket expenses, losses, damages, or injuries, each defendant shall be ordered to pay restitution in the amount of the total actual out-of-pocket expenses, losses, damages, or injuries to the victim proximately caused by the conduct of all of the defendants who are legally accountable for the offense.

(1) In no event shall the victim be entitled to recover restitution in excess of the actual out-of-pocket expenses, losses, damages, or injuries, proximately caused by the conduct of all of the defendants.

(2) As between the defendants, the court may apportion the restitution that is payable in proportion to each co-defendant's culpability in the commission of the offense.

(3) In the absence of a specific order apportioning the restitution, each defendant shall bear his pro rata share of the restitution.

(4) As between the defendants, each defendant shall be entitled to a pro rata reduction in the total restitution required to be paid to the victim for amounts of restitution actually paid by co-defendants, and defendants who shall have paid more than their pro rata share shall be entitled to refunds to be computed by the court as additional amounts are paid by co-defendants.

(d) In instances where a defendant has more than one criminal charge pending against him in a single case, or more than

New matter indicated by italics - deletions by strikeout
one case, and the defendant stands convicted of one or more charges, a plea agreement negotiated by the State's Attorney and the defendants may require the defendant to make restitution to victims of charges that have been dismissed or which it is contemplated will be dismissed under the terms of the plea agreement, and under the agreement, the court may impose a sentence of restitution on the charge or charges of which the defendant has been convicted that would require the defendant to make restitution to victims of other offenses as provided in the plea agreement.

(e) The court may require the defendant to apply the balance of the cash bond, after payment of court costs, and any fine that may be imposed to the payment of restitution.

(f) Taking into consideration the ability of the defendant to pay, the court shall determine whether restitution shall be paid in a single payment or in installments, and shall fix a period of time not in excess of 5 years, not including periods of incarceration, within which payment of restitution is to be paid in full. Complete restitution shall be paid in as short a time period as possible. However, if the court deems it necessary and in the best interest of the victim, the court may extend beyond 5 years the period of time within which the payment of restitution is to be paid. If the defendant is ordered to pay restitution and the court orders that restitution is to be paid over a period greater than 6 months, the court shall order that the defendant make monthly payments; the court may waive this requirement of monthly payments only if there is a specific finding of good cause for waiver.

(g) The court shall, after determining that the defendant has the ability to pay, require the defendant to pay for the victim's counseling services if:

(1) the defendant was convicted of an offense under Sections 11-19.2, 11-20.1, 12-13, 12-14, 12-14.1, 12-15 or 12-16 of the Criminal Code of 1961, or was charged with such an offense and the charge was reduced to another charge as a result of a plea agreement under subsection (d) of this Section, and

(2) the victim was under 18 years of age at the time the offense was committed and requires counseling as a result of the offense.
The payments shall be made by the defendant to the clerk of the circuit court and transmitted by the clerk to the appropriate person or agency as directed by the court. The order may require such payments to be made for a period not to exceed 5 years after sentencing, not including periods of incarceration.

(h) The judge may enter an order of withholding to collect the amount of restitution owed in accordance with Part 8 of Article XII of the Code of Civil Procedure.

(i) A sentence of restitution may be modified or revoked by the court if the offender commits another offense, or the offender fails to make restitution as ordered by the court, but no sentence to make restitution shall be revoked unless the court shall find that the offender has had the financial ability to make restitution, and he has wilfully refused to do so. When the offender's ability to pay restitution was established at the time an order of restitution was entered or modified, or when the offender's ability to pay was based on the offender's willingness to make restitution as part of a plea agreement made at the time the order of restitution was entered or modified, there is a rebuttable presumption that the facts and circumstances considered by the court at the hearing at which the order of restitution was entered or modified regarding the offender's ability or willingness to pay restitution have not materially changed. If the court shall find that the defendant has failed to make restitution and that the failure is not wilful, the court may impose an additional period of time within which to make restitution. The length of the additional period shall not be more than 2 years. The court shall retain all of the incidents of the original sentence, including the authority to modify or enlarge the conditions, and to revoke or further modify the sentence if the conditions of payment are violated during the additional period.

(j) The procedure upon the filing of a Petition to Revoke a sentence to make restitution shall be the same as the procedures set forth in Section 5-6-4 of this Code governing violation, modification, or revocation of Probation, of Conditional Discharge, or of Supervision.

(k) Nothing contained in this Section shall preclude the right of any party to proceed in a civil action to recover for any damages incurred due to the criminal misconduct of the defendant.

New matter indicated by italics - deletions by strikeout
(l) Restitution ordered under this Section shall not be subject to disbursement by the circuit clerk under Section 27.5 of the Clerks of Courts Act.

(m) A restitution order under this Section is a judgment lien in favor of the victim that:

(1) Attaches to the property of the person subject to the order;
(2) May be perfected in the same manner as provided in Part 3 of Article 9 of the Uniform Commercial Code;
(3) May be enforced to satisfy any payment that is delinquent under the restitution order by the person in whose favor the order is issued or the person's assignee; and
(4) Expires in the same manner as a judgment lien created in a civil proceeding.

When a restitution order is issued under this Section, the issuing court shall send a certified copy of the order to the clerk of the circuit court in the county where the charge was filed. Upon receiving the order, the clerk shall enter and index the order in the circuit court judgment docket.

(n) An order of restitution under this Section does not bar a civil action for:

(1) Damages that the court did not require the person to pay to the victim under the restitution order but arise from an injury or property damages that is the basis of restitution ordered by the court; and
(2) Other damages suffered by the victim.

The restitution order is not discharged by the completion of the sentence imposed for the offense.

A restitution order under this Section is not discharged by the liquidation of a person's estate by a receiver. A restitution order under this Section may be enforced in the same manner as judgment liens are enforced under Article XII of the Code of Civil Procedure.

The provisions of Section 2-1303 of the Code of Civil Procedure, providing for interest on judgments, apply to judgments for restitution entered under this Section.

(F) of paragraph (1) of subsection (d) of Section 11-501 of the Illinois Vehicle Code, or if convicted of an offense enumerated in paragraph (a)(2.4) of this Section that is committed on or after July 15, 1999 (the effective date of Public Act 91-121) this amendatory Act of 1999, or first degree murder, a Class X felony, criminal sexual assault, felony criminal sexual abuse, aggravated criminal sexual abuse, aggravated battery with a firearm, or any predecessor or successor offenses with the same or substantially the same elements, or any inchoate offenses relating to the foregoing offenses. No inmate shall be eligible for the additional good conduct credit under this paragraph (4) who (i) has previously received increased good conduct credit under this paragraph (4) and has subsequently been convicted of a felony, or (ii) has previously served more than one prior sentence of imprisonment for a felony in an adult correctional facility.

Educational, vocational, substance abuse and correctional industry programs under which good conduct credit may be increased under this paragraph (4) shall be evaluated by the Department on the basis of documented standards. The Department shall report the results of these evaluations to the Governor and the General Assembly by September 30th of each year. The reports shall include data relating to the recidivism rate among program participants.

Availability of these programs shall be subject to the limits of fiscal resources appropriated by the General Assembly for these purposes. Eligible inmates who are denied immediate admission shall be placed on a waiting list under criteria established by the Department. The inability of any inmate to become engaged in any such programs by reason of insufficient program resources or for any other reason established under the rules and regulations of the Department shall not be deemed a cause of action under which the Department or any employee or agent of the Department shall be liable for damages to the inmate.

(4.5) The rules and regulations on early release shall also provide that when the court's sentencing order recommends a prisoner for substance abuse treatment a prisoner who is serving a sentence for a crime committed as a result of the use of, abuse of, or addiction to alcohol or a controlled substance and the crime was committed on or after September 1, 2003 (the effective date of Public Act 93-354), the prisoner shall receive no good conduct

credit awarded under clause (3) of this subsection (a) unless this Amendatory Act of the 93rd General Assembly shall receive no good conduct credit until he or she participates in and completes a substance abuse treatment program. The Director may waive the requirement to participate in or complete a substance abuse treatment program and award the good conduct credit in specific instances if the prisoner is not a good candidate for a substance abuse treatment program for medical, programming or operational reasons. Good conduct credit awarded under clauses (2), (3), and (4) of this subsection (a) for crimes committed on or after the effective date of this amendatory Act of the 93rd General Assembly is subject to the provisions of this clause (4.5). If the prisoner completes a substance abuse treatment program, the Department may award good conduct credit for the time spent in treatment. Availability of substance abuse treatment shall be subject to the limits of fiscal resources appropriated by the General Assembly for these purposes. If treatment is not available and the requirement to participate and complete the treatment has not been waived by the Director, the prisoner shall be placed on a waiting list under criteria established by the Department. The Director Department may allow require a prisoner placed on a waiting list to participate in and complete attend a substance abuse education class or attend substance abuse self-help meetings in lieu of a substance abuse treatment program. A prisoner on a waiting list who is not placed in a substance abuse program prior to release may be eligible for a waiver and receive good conduct credit under clause (3) of this subsection (a) at the discretion of the Director. A prisoner may not lose good conduct credit as a result of being placed on a waiting list. A prisoner placed on a waiting list remains eligible for increased good conduct credit for participation in an educational, vocational, or correctional industry program under clause (4) of subsection (a) of this Section.

(5) Whenever the Department is to release any inmate earlier than it otherwise would because of a grant of good conduct credit for meritorious service given at any time during the term, the Department shall give reasonable advance notice of the impending release to the State's Attorney of the county where the prosecution of the inmate took place.
(b) Whenever a person is or has been committed under several convictions, with separate sentences, the sentences shall be construed under Section 5-8-4 in granting and forfeiting of good time.

(c) The Department shall prescribe rules and regulations for revoking good conduct credit, or suspending or reducing the rate of accumulation of good conduct credit for specific rule violations, during imprisonment. These rules and regulations shall provide that no inmate may be penalized more than one year of good conduct credit for any one infraction.

When the Department seeks to revoke, suspend or reduce the rate of accumulation of any good conduct credits for an alleged infraction of its rules, it shall bring charges therefor against the prisoner sought to be so deprived of good conduct credits before the Prisoner Review Board as provided in subparagraph (a)(4) of Section 3-3-2 of this Code, if the amount of credit at issue exceeds 30 days or when during any 12 month period, the cumulative amount of credit revoked exceeds 30 days except where the infraction is committed or discovered within 60 days of scheduled release. In those cases, the Department of Corrections may revoke up to 30 days of good conduct credit. The Board may subsequently approve the revocation of additional good conduct credit, if the Department seeks to revoke good conduct credit in excess of 30 days. However, the Board shall not be empowered to review the Department's decision with respect to the loss of 30 days of good conduct credit within any calendar year for any prisoner or to increase any penalty beyond the length requested by the Department.

The Director of the Department of Corrections, in appropriate cases, may restore up to 30 days good conduct credits which have been revoked, suspended or reduced. Any restoration of good conduct credits in excess of 30 days shall be subject to review by the Prisoner Review Board. However, the Board may not restore good conduct credit in excess of the amount requested by the Director.

Nothing contained in this Section shall prohibit the Prisoner Review Board from ordering, pursuant to Section 3-3-9(a)(3)(i)(B), that a prisoner serve up to one year of the sentence imposed by the court that was not served due to the accumulation of good conduct credit.

(d) If a lawsuit is filed by a prisoner in an Illinois or federal court against the State, the Department of Corrections, or the Prisoner Review Board, or against any of their officers or employees, and the court makes a specific finding that a pleading, motion, or other paper filed by the prisoner is frivolous, the Department of Corrections shall conduct a
hearing to revoke up to 180 days of good conduct credit by bringing charges against the prisoner sought to be deprived of the good conduct credits before the Prisoner Review Board as provided in subparagraph (a)(8) of Section 3-3-2 of this Code. If the prisoner has not accumulated 180 days of good conduct credit at the time of the finding, then the Prisoner Review Board may revoke all good conduct credit accumulated by the prisoner.

For purposes of this subsection (d):

(1) "Frivolous" means that a pleading, motion, or other filing which purports to be a legal document filed by a prisoner in his or her lawsuit meets any or all of the following criteria:

(A) it lacks an arguable basis either in law or in fact;
(B) it is being presented for any improper purpose, such as to harass or to cause unnecessary delay or needless increase in the cost of litigation;
(C) the claims, defenses, and other legal contentions therein are not warranted by existing law or by a nonfrivolous argument for the extension, modification, or reversal of existing law or the establishment of new law;
(D) the allegations and other factual contentions do not have evidentiary support or, if specifically so identified, are not likely to have evidentiary support after a reasonable opportunity for further investigation or discovery; or
(E) the denials of factual contentions are not warranted on the evidence, or if specifically so identified, are not reasonably based on a lack of information or belief.

(2) "Lawsuit" means a petition for post-conviction relief under Article 122 of the Code of Criminal Procedure of 1963, a motion pursuant to Section 116-3 of the Code of Criminal Procedure of 1963, a habeas corpus action under Article X of the Code of Civil Procedure or under federal law (28 U.S.C. 2254), a petition for claim under the Court of Claims Act or an action under the federal Civil Rights Act (42 U.S.C. 1983).

(e) Nothing in Public Act 90-592 or 90-593 this amendatory Act of 1998 affects the validity of Public Act 89-404.

Sec. 5-4-1. Sentencing Hearing.
(a) Except when the death penalty is sought under hearing procedures otherwise specified, after a determination of guilt, a hearing shall be held to impose the sentence. However, prior to the imposition of sentence on an individual being sentenced for an offense based upon a charge for a violation of Section 11-501 of the Illinois Vehicle Code or a similar provision of a local ordinance, the individual must undergo a professional evaluation to determine if an alcohol or other drug abuse problem exists and the extent of such a problem. Programs conducting these evaluations shall be licensed by the Department of Human Services. However, if the individual is not a resident of Illinois, the court may, in its discretion, accept an evaluation from a program in the state of such individual’s residence. The court may in its sentencing order approve an eligible defendant for placement in a Department of Corrections impact incarceration program as provided in Section 5-8-1.1 or 5-8-1.3. The court may in its sentencing order recommend a defendant for placement in a Department of Corrections substance abuse treatment program as provided in paragraph (a) of subsection (1) of Section 3-2-2 conditioned upon the defendant being accepted in a program by the Department of Corrections. At the hearing the court shall:

(1) consider the evidence, if any, received upon the trial;
(2) consider any presentence reports;
(3) consider the financial impact of incarceration based on the financial impact statement filed with the clerk of the court by the Department of Corrections;
(4) consider evidence and information offered by the parties in aggravation and mitigation;
(4.5) consider substance abuse treatment, eligibility screening, and an assessment, if any, of the defendant by an agent designated by the State of Illinois to provide assessment services for the Illinois courts;
(5) hear arguments as to sentencing alternatives;
(6) afford the defendant the opportunity to make a statement in his own behalf;
(7) afford the victim of a violent crime or a violation of Section 11-501 of the Illinois Vehicle Code, or a similar provision of a local ordinance, or a qualified individual affected by: (i) a violation of Section 405, 405.1, 405.2, or 407 of the Illinois Controlled Substances Act, or (ii) a Class 4 felony violation of Section 11-14, 11-15, 11-17, 11-18, 11-18.1, or 11-19 of the Criminal Code of 1961, committed by the defendant the

opportunity to make a statement concerning the impact on the victim and to offer evidence in aggravation or mitigation; provided that the statement and evidence offered in aggravation or mitigation must first be prepared in writing in conjunction with the State's Attorney before it may be presented orally at the hearing. Any sworn testimony offered by the victim is subject to the defendant's right to cross-examine. All statements and evidence offered under this paragraph (7) shall become part of the record of the court. For the purpose of this paragraph (7), "qualified individual" means any person who (i) lived or worked within the territorial jurisdiction where the offense took place when the offense took place; and (ii) is familiar with various public places within the territorial jurisdiction where the offense took place when the offense took place. For the purposes of this paragraph (7), "qualified individual" includes any peace officer, or any member of any duly organized State, county, or municipal peace unit assigned to the territorial jurisdiction where the offense took place when the offense took place;

(8) in cases of reckless homicide afford the victim's spouse, guardians, parents or other immediate family members an opportunity to make oral statements; and

(9) in cases involving a felony sex offense as defined under the Sex Offender Management Board Act, consider the results of the sex offender evaluation conducted pursuant to Section 5-3-2 of this Act.

(b) All sentences shall be imposed by the judge based upon his independent assessment of the elements specified above and any agreement as to sentence reached by the parties. The judge who presided at the trial or the judge who accepted the plea of guilty shall impose the sentence unless he is no longer sitting as a judge in that court. Where the judge does not impose sentence at the same time on all defendants who are convicted as a result of being involved in the same offense, the defendant or the State's Attorney may advise the sentencing court of the disposition of any other defendants who have been sentenced.

(c) In imposing a sentence for a violent crime or for an offense of operating or being in physical control of a vehicle while under the influence of alcohol, any other drug or any combination thereof, or a similar provision of a local ordinance, when such offense resulted in the personal injury to someone other than the defendant, the trial judge shall specify on the record the particular evidence, information, factors in

mitigation and aggravation or other reasons that led to his sentencing determination. The full verbatim record of the sentencing hearing shall be filed with the clerk of the court and shall be a public record.

(c-1) In imposing a sentence for the offense of aggravated kidnapping for ransom, home invasion, armed robbery, aggravated vehicular hijacking, aggravated discharge of a firearm, or armed violence with a category I weapon or category II weapon, the trial judge shall make a finding as to whether the conduct leading to conviction for the offense resulted in great bodily harm to a victim, and shall enter that finding and the basis for that finding in the record.

(c-2) If the defendant is sentenced to prison, other than when a sentence of natural life imprisonment or a sentence of death is imposed, at the time the sentence is imposed the judge shall state on the record in open court the approximate period of time the defendant will serve in custody according to the then current statutory rules and regulations for early release found in Section 3-6-3 and other related provisions of this Code. This statement is intended solely to inform the public, has no legal effect on the defendant's actual release, and may not be relied on by the defendant on appeal.

The judge's statement, to be given after pronouncing the sentence, other than when the sentence is imposed for one of the offenses enumerated in paragraph (a)(3) of Section 3-6-3, shall include the following:

"The purpose of this statement is to inform the public of the actual period of time this defendant is likely to spend in prison as a result of this sentence. The actual period of prison time served is determined by the statutes of Illinois as applied to this sentence by the Illinois Department of Corrections and the Illinois Prisoner Review Board. In this case, assuming the defendant receives all of his or her good conduct credit, the period of estimated actual custody is ... years and ... months, less up to 180 days additional good conduct credit for meritorious service. If the defendant, because of his or her own misconduct or failure to comply with the institutional regulations, does not receive those credits, the actual time served in prison will be longer. The defendant may also receive an additional one-half day good conduct credit for each day of participation in vocational, industry, substance abuse, and educational programs as provided for by Illinois statute."

When the sentence is imposed for one of the offenses enumerated in paragraph (a)(2) of Section 3-6-3, other than first degree murder, and the offense was committed on or after June 19, 1998, and when the sentence is imposed for reckless homicide as defined in subsection (e) of Section 9-3 of the Criminal Code of 1961 if the offense was committed on or after January 1, 1999, and when the sentence is imposed for aggravated driving under the influence of alcohol, other drug or drugs, or intoxicating compound or compounds, or any combination thereof as defined in subparagraph (F) of paragraph (1) of subsection (d) of Section 11-501 of the Illinois Vehicle Code, and when the sentence is imposed for aggravated arson if the offense was committed on or after July 27, 2001 (the effective date of Public Act 92-176) this amendatory Act of the 92nd 93rd General Assembly, the judge's statement, to be given after pronouncing the sentence, shall include the following:

Corrections and the Illinois Prisoner Review Board. In this case, the defendant is entitled to no more than 4 1/2 days of good conduct credit for each month of his or her sentence of imprisonment. Therefore, this defendant will serve at least 85% of his or her sentence. Assuming the defendant receives 4 1/2 days credit for each month of his or her sentence, the period of estimated actual custody is ... years and ... months. If the defendant, because of his or her own misconduct or failure to comply with the institutional regulations receives lesser credit, the actual time served in prison will be longer."

When a sentence of imprisonment is imposed for first degree murder and the offense was committed on or after June 19, 1998, the judge's statement, to be given after pronouncing the sentence, shall include the following:

The actual period of prison time served is determined by the statutes of Illinois as applied to this sentence by the Illinois Department of Corrections and the Illinois Prisoner Review Board. When the sentencing order recommends placement in a substance abuse program sentence is imposed for any offense that results in incarceration in a Department of Corrections facility committed as a result of the use of, abuse of, or addiction to alcohol or a controlled substance and the crime was committed on or after September 1, 2003 (the effective date of Public Act 93-354) this amendatory Act of the 93rd General Assembly, the judge's statement, in addition to any other judge's statement required under this Section, to be given after pronouncing the sentence, shall include the following:

The actual period of prison time served is determined by the statutes of Illinois as applied to this sentence by the Illinois Department of Corrections and the Illinois Prisoner Review Board. In this case, the defendant shall receive no good conduct credit under clause (3) of subsection (a) of Section 3-6-3 until he or she participates in and completes a substance abuse treatment program or receives a waiver from the Director of Corrections pursuant to clause (4.5) of subsection (a) of Section 3-6-3."

county treasurer for deposit in the probation and court services fund under Section 15.1 of the Probation and Probation Officers Act.

A circuit court may not impose a probation fee under this subsection (i) in excess of $25 per month unless: (1) the circuit court has adopted, by administrative order issued by the chief judge, a standard probation fee guide determining an offender's ability to pay, under guidelines developed by the Administrative Office of the Illinois Courts; and (2) the circuit court has authorized, by administrative order issued by the chief judge, the creation of a Crime Victim's Services Fund, to be administered by the Chief Judge or his or her designee, for services to crime victims and their families. This amendatory Act of the 93rd General Assembly deletes the $10 increase in the fee under this subsection that was imposed by Public Act 93-616. This deletion is intended to control over any other Act of the 93rd General Assembly that retains or incorporates that fee increase.

(i-5) In addition to the fees imposed under subsection (i) of this Section, in the case of an offender convicted of a felony sex offense (as defined in the Sex Offender Management Board Act) or an offense that the court or probation department has determined to be sexually motivated (as defined in the Sex Offender Management Board Act), the court or the probation department shall assess additional fees to pay for all costs of treatment, assessment, evaluation for risk and treatment, and monitoring the offender, based on that offender's ability to pay those costs either as they occur or under a payment plan.

(j) All fines and costs imposed under this Section for any violation of Chapters 3, 4, 6, and 11 of the Illinois Vehicle Code, or a similar provision of a local ordinance, and any violation of the Child Passenger Protection Act, or a similar provision of a local ordinance, shall be collected and disbursed by the circuit clerk as provided under Section 27.5 of the Clerks of Courts Act.

(k) Any offender who is sentenced to probation or conditional discharge for a felony sex offense as defined in the Sex Offender Management Board Act or any offense that the court or probation department has determined to be sexually motivated as defined in the Sex Offender Management Board Act shall be required to refrain from any contact, directly or indirectly, with any persons specified by the court and shall be available for all evaluations and treatment programs required by the court or the probation department.
Sec. 5-6-3.1. Incidents and Conditions of Supervision.

(a) When a defendant is placed on supervision, the court shall enter an order for supervision specifying the period of such supervision, and shall defer further proceedings in the case until the conclusion of the period.

(b) The period of supervision shall be reasonable under all of the circumstances of the case, but may not be longer than 2 years, unless the defendant has failed to pay the assessment required by Section 10.3 of the Cannabis Control Act or Section 411.2 of the Illinois Controlled Substances Act, in which case the court may extend supervision beyond 2 years. Additionally, the court shall order the defendant to perform no less than 30 hours of community service and not more than 120 hours of community service, if community service is available in the jurisdiction and is funded and approved by the county board where the offense was committed, when the offense (1) was related to or in furtherance of the criminal activities of an organized gang or was motivated by the defendant's membership in or allegiance to an organized gang; or (2) is a violation of any Section of Article 24 of the Criminal Code of 1961 where a disposition of supervision is not prohibited by Section 5-6-1 of this Code. The community service shall include, but not be limited to, the cleanup and repair of any damage caused by violation of Section 21-1.3 of the Criminal Code of 1961 and similar damages to property located within the municipality or county in which the violation occurred. Where possible and reasonable, the community service should be performed in the offender's neighborhood.

For the purposes of this Section, "organized gang" has the meaning ascribed to it in Section 10 of the Illinois Streetgang Terrorism Omnibus Prevention Act.

(c) The court may in addition to other reasonable conditions relating to the nature of the offense or the rehabilitation of the defendant as determined for each defendant in the proper discretion of the court require that the person:

(1) make a report to and appear in person before or participate with the court or such courts, person, or social service agency as directed by the court in the order of supervision;

(a) Except in cases where conditional discharge or supervision was imposed for a petty offense as defined in Section 5-1-17, when a petition is filed charging a violation of a condition, the court may:

(1) in the case of probation violations, order the issuance of a notice to the offender to be present by the County Probation Department or such other agency designated by the court to handle probation matters; and in the case of conditional discharge or supervision violations, such notice to the offender shall be issued by the Circuit Court Clerk; and in the case of a violation of a sentence of county impact incarceration, such notice shall be issued by the Sheriff;

(b) The court shall conduct a hearing of the alleged violation. The court shall admit the offender to bail pending the hearing unless the alleged violation is itself a criminal offense in which case the offender shall be admitted to bail on such terms as are provided in the Code of Criminal Procedure of 1963, as amended. In any case where an offender remains incarcerated only as a result of his alleged violation of the court's earlier order of probation, supervision, conditional discharge, or county impact incarceration such hearing shall be held within 14 days of the onset of said incarceration, unless the alleged violation is the commission of another offense by the offender during the period of probation, supervision.
or conditional discharge in which case such hearing shall be held within
the time limits described in Section 103-5 of the Code of Criminal
Procedure of 1963, as amended.

evidence shall be presented in open court with the right of confrontation,
cross-examination, and representation by counsel.

(d) Probation, conditional discharge, periodic imprisonment and
supervision shall not be revoked for failure to comply with conditions of a
sentence or supervision, which imposes financial obligations upon the
offender unless such failure is due to his willful refusal to pay.

(e) If the court finds that the offender has violated a condition at
any time prior to the expiration or termination of the period, it may
continue him on the existing sentence, with or without modifying or
enlarging the conditions, or may impose any other sentence that was
available under Section 5-5-3 of this Code or Section 11-501 of the Illinois
Vehicle Code at the time of initial sentencing. If the court finds that the
person has failed to successfully complete his or her sentence to a county
impact incarceration program, the court may impose any other sentence
that was available under Section 5-5-3 of this Code or Section 11-501 of
the Illinois Vehicle Code at the time of initial sentencing, except for a
sentence of probation or conditional discharge. If the court finds that
the offender has violated paragraph (8.6) of subsection (a) of Section 5-6-3,
the court shall revoke the probation of the offender. If the court finds that
the offender has violated subsection (o) of Section 5-6-3.1, the court shall
revoke the supervision of the offender.

supervision, or of a sentence of county impact incarceration may be
modified by the court on motion of the supervising agency or on its own

discharge, supervision, or a sentence of county impact incarceration shall
be under Article 4. Time served on probation, conditional discharge or
supervision shall not be credited by the court against a sentence of
imprisonment or periodic imprisonment unless the court orders otherwise.

(i) Instead of filing a violation of probation, conditional discharge,
supervision, or a sentence of county impact incarceration, an agent or
employee of the supervising agency with the concurrence of his or her supervisor may serve on the defendant a Notice of Intermediate Sanctions. The Notice shall contain the technical violation or violations involved, the date or dates of the violation or violations, and the intermediate sanctions to be imposed. Upon receipt of the Notice, the defendant shall immediately accept or reject the intermediate sanctions. If the sanctions are accepted, they shall be imposed immediately. If the intermediate sanctions are rejected or the defendant does not respond to the Notice, a violation of probation, conditional discharge, supervision, or a sentence of county impact incarceration shall be immediately filed with the court. The State's Attorney and the sentencing court shall be notified of the Notice of Sanctions. Upon successful completion of the intermediate sanctions, a court may not revoke probation, conditional discharge, supervision, or a sentence of county impact incarceration or impose additional sanctions for the same violation. A notice of intermediate sanctions may not be issued for any violation of probation, conditional discharge, supervision, or a sentence of county impact incarceration which could warrant an additional, separate felony charge. The intermediate sanctions shall include a term of home detention as provided in Article 8A of Chapter V of this Code for multiple or repeat violations of the terms and conditions of a sentence of probation, conditional discharge, or supervision.

(j) When an offender is re-sentenced after revocation of probation that was imposed in combination with a sentence of imprisonment for the same offense, the aggregate of the sentences may not exceed the maximum term authorized under Article 8 of this Chapter.
