(s) "State Sales Tax Increment" means an amount equal to the increase in the aggregate amount of taxes paid by retailers and servicemen, other than retailers and servicemen subject to the Public Utilities Act, on transactions at places of business located within a State Sales Tax Boundary pursuant to the Retailers’ Occupation Tax Act, the Use Tax Act, the Service Use Tax Act, and the Service Occupation Tax Act, except such portion of such increase that is paid into the State and Local Sales Tax Reform Fund, the Local Government Distributive Fund, the Local Government Tax Fund and the County and Mass Transit District Fund, for as long as State participation exists, over and above the Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts for such taxes as certified by the Department of Revenue and paid under those Acts by retailers and servicemen on transactions at

places of business located within the State Sales Tax Boundary during the base year which shall be the calendar year immediately prior to the year in which the municipality adopted tax increment allocation financing, less 3.0% of such amounts generated under the Retailers' Occupation Tax Act, Use Tax Act and Service Use Tax Act and the Service Occupation Tax Act, which sum shall be appropriated to the Department of Revenue to cover its costs of administering and enforcing this Section. For purposes of computing the aggregate amount of such taxes for base years occurring prior to 1985, the Department of Revenue shall compute the Initial Sales Tax Amount for such taxes and deduct therefrom an amount equal to 4% of the aggregate amount of taxes per year for each year the base year is prior to 1985, but not to exceed a total deduction of 12%. The amount so determined shall be known as the "Adjusted Initial Sales Tax Amount". For purposes of determining the State Sales Tax Increment the Department of Revenue shall for each period subtract from the tax amounts received from retailers and servicemen on transactions located in the State Sales Tax Boundary, the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or Revised Initial Sales Tax Amounts for the Retailers' Occupation Tax Act, the Use Tax Act, the Service Use Tax Act and the Service Occupation Tax Act. For the State Fiscal Year 1989 this calculation shall be made by utilizing the calendar year 1987 to determine the tax amounts received. For the State Fiscal Year 1990, this calculation shall be made by utilizing the period from January 1, 1988, until September 30, 1988, to determine the tax amounts received from retailers and servicemen, which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For the State Fiscal Year 1991, this calculation shall be made by utilizing the period from October 1, 1988, until June 30, 1989, to determine the tax amounts received from retailers and servicemen, which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For every State Fiscal Year thereafter, the applicable period shall be the 12 months beginning July 1 and ending on

June 30, to determine the tax amounts received which shall have deducted therefrom the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts. Municipalities intending to receive a distribution of State Sales Tax Increment must report a list of retailers to the Department of Revenue by October 31, 1988 and by July 31, of each year thereafter.

(t) "Taxing districts" means counties, townships, cities and incorporated towns and villages, school, road, park, sanitary, mosquito abatement, forest preserve, public health, fire protection, river conservancy, tuberculosis sanitarium and any other municipal corporations or districts with the power to levy taxes.

(u) "Taxing districts' capital costs" means those costs of taxing districts for capital improvements that are found by the municipal corporate authorities to be necessary and directly result from the redevelopment project.

(v) As used in subsection (a) of Section 11-74.4-3 of this Act, "vacant land" means any parcel or combination of parcels of real property without industrial, commercial, and residential buildings which has not been used for commercial agricultural purposes within 5 years prior to the designation of the redevelopment project area, unless the parcel is included in an industrial park conservation area or the parcel has been subdivided; provided that if the parcel was part of a larger tract that has been divided into 3 or more smaller tracts that were accepted for recording during the period from 1950 to 1990, then the parcel shall be deemed to have been subdivided, and all proceedings and actions of the municipality taken in that connection with respect to any previously approved or designated redevelopment project area or amended redevelopment project area are hereby validated and hereby declared to be legally sufficient for all purposes of this Act. For purposes of this Section and only for land subject to the subdivision requirements of the Plat Act, land is subdivided when the original plat of the proposed Redevelopment Project Area or relevant portion thereof has been properly certified, acknowledged, approved, and recorded or filed in accordance with the Plat Act and a preliminary plat, if any, for any subsequent phases of the proposed

Redevelopment Project Area or relevant portion thereof has been properly approved and filed in accordance with the applicable ordinance of the municipality.

(w) "Annual Total Increment" means the sum of each municipality's annual Net Sales Tax Increment and each municipality's annual Net Utility Tax Increment. The ratio of the Annual Total Increment of each municipality to the Annual Total Increment for all municipalities, as most recently calculated by the Department, shall determine the proportional shares of the Illinois Tax Increment Fund to be distributed to each municipality.

Sec. 11-74.4-7. Obligations secured by the special tax allocation fund set forth in Section 11-74.4-8 for the redevelopment project area may be issued to provide for redevelopment project costs. Such obligations, when so issued, shall be retired in the manner provided in the ordinance authorizing the issuance of such obligations by the receipts of taxes levied as specified in Section 11-74.4-9 against the taxable property included in the area, by revenues as specified by Section 11-74.4-8a and other revenue designated by the municipality. A municipality may in the ordinance pledge all or any part of the funds in and to be deposited in the special tax allocation fund created pursuant to Section 11-74.4-8 to the payment of the redevelopment project costs and obligations. Any pledge of funds in the special tax allocation fund shall provide for distribution to the taxing districts and to the Illinois Department of Revenue of moneys not required, pledged, earmarked, or otherwise designated for payment and securing of the obligations and anticipated redevelopment project costs and such
excess funds shall be calculated annually and deemed to be "surplus" funds. In the event a municipality only applies or pledges a portion of the funds in the special tax allocation fund for the payment or securing of anticipated redevelopment project costs or of obligations, any such funds remaining in the special tax allocation fund after complying with the requirements of the application or pledge, shall also be calculated annually and deemed "surplus" funds. All surplus funds in the special tax allocation fund shall be distributed annually within 180 days after the close of the municipality's fiscal year by being paid by the municipal treasurer to the County Collector, to the Department of Revenue and to the municipality in direct proportion to the tax incremental revenue received as a result of an increase in the equalized assessed value of property in the redevelopment project area, tax incremental revenue received from the State and tax incremental revenue received from the municipality, but not to exceed as to each such source the total incremental revenue received from that source. The County Collector shall thereafter make distribution to the respective taxing districts in the same manner and proportion as the most recent distribution by the county collector to the affected districts of real property taxes from real property in the redevelopment project area.

Without limiting the foregoing in this Section, the municipality may in addition to obligations secured by the special tax allocation fund pledge for a period not greater than the term of the obligations towards payment of such obligations any part or any combination of the following: (a) net revenues of all or part of any redevelopment project; (b) taxes levied and collected on any or all property in the municipality; (c) the full faith and credit of the municipality; (d) a mortgage on part or all of the redevelopment project; or (e) any other taxes or anticipated receipts that the municipality may lawfully pledge.

Such obligations may be issued in one or more series bearing interest at such rate or rates as the corporate authorities of the municipality shall determine by ordinance. Such obligations shall bear such date or dates, mature at such time or times not exceeding 20 years from their respective dates, be in such denomination, carry such registration privileges, be executed in such manner, be payable in such medium of
payment at such place or places, contain such covenants, terms and conditions, and be subject to redemption as such ordinance shall provide. Obligations issued pursuant to this Act may be sold at public or private sale at such price as shall be determined by the corporate authorities of the municipalities. No referendum approval of the electors shall be required as a condition to the issuance of obligations pursuant to this Division except as provided in this Section.

In the event the municipality authorizes issuance of obligations pursuant to the authority of this Division secured by the full faith and credit of the municipality, which obligations are other than obligations which may be issued under home rule powers provided by Article VII, Section 6 of the Illinois Constitution, or pledges taxes pursuant to (b) or (c) of the second paragraph of this section, the ordinance authorizing the issuance of such obligations or pledging such taxes shall be published within 10 days after such ordinance has been passed in one or more newspapers, with general circulation within such municipality. The publication of the ordinance shall be accompanied by a notice of (1) the specific number of voters required to sign a petition requesting the question of the issuance of such obligations or pledging taxes to be submitted to the electors; (2) the time in which such petition must be filed; and (3) the date of the prospective referendum. The municipal clerk shall provide a petition form to any individual requesting one.

If no petition is filed with the municipal clerk, as hereinafter provided in this Section, within 30 days after the publication of the ordinance, the ordinance shall be in effect. But, if within that 30 day period a petition is filed with the municipal clerk, signed by electors in the municipality numbering 10% or more of the number of registered voters in the municipality, asking that the question of issuing obligations using full faith and credit of the municipality as security for the cost of paying for redevelopment project costs, or of pledging taxes for the payment of such obligations, or both, be submitted to the electors of the municipality, the corporate authorities of the municipality shall call a special election in the manner provided by law to vote upon that question, or, if a general, State or municipal election is to be held within a period of not less than 30 or
more than 90 days from the date such petition is filed, shall submit the question at the next general, State or municipal election. If it appears upon the canvass of the election by the corporate authorities that a majority of electors voting upon the question voted in favor thereof, the ordinance shall be in effect, but if a majority of the electors voting upon the question are not in favor thereof, the ordinance shall not take effect.

The ordinance authorizing the obligations may provide that the obligations shall contain a recital that they are issued pursuant to this Division, which recital shall be conclusive evidence of their validity and of the regularity of their issuance.

In the event the municipality authorizes issuance of obligations pursuant to this Section secured by the full faith and credit of the municipality, the ordinance authorizing the obligations may provide for the levy and collection of a direct annual tax upon all taxable property within the municipality sufficient to pay the principal thereof and interest thereon as it matures, which levy may be in addition to and exclusive of the maximum of all other taxes authorized to be levied by the municipality, which levy, however, shall be abated to the extent that monies from other sources are available for payment of the obligations and the municipality certifies the amount of said monies available to the county clerk.

A certified copy of such ordinance shall be filed with the county clerk of each county in which any portion of the municipality is situated, and shall constitute the authority for the extension and collection of the taxes to be deposited in the special tax allocation fund.

A municipality may also issue its obligations to refund in whole or in part, obligations theretofore issued by such municipality under the authority of this Act, whether at or prior to maturity, provided however, that the last maturity of the refunding obligations shall not be expressed to mature later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the twenty-third calendar year after the year in which the ordinance approving the redevelopment project area is adopted if the ordinance was adopted on

In the event a municipality issues obligations under home rule powers or other legislative authority the proceeds of which are pledged to pay for redevelopment project costs, the municipality may, if it has followed the procedures in conformance with this division, retire said obligations from funds in the special tax allocation fund in amounts and in such manner as if such obligations had been issued pursuant to the provisions of this division.

All obligations heretofore or hereafter issued pursuant to this Act shall not be regarded as indebtedness of the municipality issuing such obligations or any other taxing district for the purpose of any limitation imposed by law.

Sec. 11-74.4-7. Obligations secured by the special tax allocation fund set forth in Section 11-74.4-8 for the redevelopment project area may be issued to provide for redevelopment project costs. as specified in Section 11-74.4-9 against the taxable property included in the area, by revenues as specified by Section 11-74.4-8a and other revenue
designated by the municipality. A municipality may in the ordinance pledge all or any part of the funds in and to be deposited in the special tax
allocation fund created pursuant to Section 11-74.4-8 to the payment of the redevelopment project costs and obligations. Any pledge of funds in the
special tax allocation fund shall provide for distribution to the taxing districts and to the Illinois Department of Revenue of moneys not required,
pledged, earmarked, or otherwise designated for payment and securing of the obligations and anticipated redevelopment project costs and such
excess funds shall be calculated annually and deemed to be "surplus" funds. In the event a municipality only applies or pledges a portion of the
funds in the special tax allocation fund for the payment or securing of anticipated redevelopment project costs or of obligations, any such funds
remaining in the special tax allocation fund after complying with the requirements of the application or pledge, shall also be calculated annually
and deemed "surplus" funds. All surplus funds in the special tax allocation fund shall be distributed annually within 180 days after the close of the
municipality's fiscal year by being paid by the municipal treasurer to the County Collector, to the Department of Revenue and to the municipality in
direct proportion to the tax incremental revenue received as a result of an increase in the equalized assessed value of property in the redevelopment
project area, tax incremental revenue received from the State and tax incremental revenue received from the municipality, but not to exceed as
to each such source the total incremental revenue received from that source. The County Collector shall thereafter make distribution to the
respective taxing districts in the same manner and proportion as the most recent distribution by the county collector to the affected districts of real
property taxes from real property in the redevelopment project area.

Without limiting the foregoing in this Section, the municipality may in addition to obligations secured by the special tax allocation fund
pledge for a period not greater than the term of the obligations towards payment of such obligations any part or any combination of the following:
(a) net revenues of all or part of any redevelopment project; (b) taxes
levied and collected on any or all property in the municipality; (c) the full faith and credit of the municipality; (d) a mortgage on part or all of the redevelopment project; or (e) any other taxes or anticipated receipts that the municipality may lawfully pledge.

Such obligations may be issued in one or more series bearing interest at such rate or rates as the corporate authorities of the municipality shall determine by ordinance. Such obligations shall bear such date or dates, mature at such time or times not exceeding 20 years from their respective dates, be in such denomination, carry such registration privileges, be executed in such manner, be payable in such medium of payment at such place or places, contain such covenants, terms and conditions, and be subject to redemption as such ordinance shall provide. Obligations issued pursuant to this Act may be sold at public or private sale at such price as shall be determined by the corporate authorities of the municipalities. No referendum approval of the electors shall be required as a condition to the issuance of obligations pursuant to this Division except as provided in this Section.

In the event the municipality authorizes issuance of obligations pursuant to the authority of this Division secured by the full faith and credit of the municipality, which obligations are other than obligations which may be issued under home rule powers provided by Article VII, Section 6 of the Illinois Constitution, or pledges taxes pursuant to (b) or (c) of the second paragraph of this section, the ordinance authorizing the issuance of such obligations or pledging such taxes shall be published within 10 days after such ordinance has been passed in one or more newspapers, with general circulation within such municipality. The publication of the ordinance shall be accompanied by a notice of (1) the specific number of voters required to sign a petition requesting the question of the issuance of such obligations or pledging taxes to be submitted to the electors; (2) the time in which such petition must be filed; and (3) the date of the prospective referendum. The municipal clerk shall provide a petition form to any individual requesting one.

If no petition is filed with the municipal clerk, as hereinafter provided in this Section, within 30 days after the publication of the

ordinance, the ordinance shall be in effect. But, if within that 30 day period a petition is filed with the municipal clerk, signed by electors in the municipality numbering 10% or more of the number of registered voters in the municipality, asking that the question of issuing obligations using full faith and credit of the municipality as security for the cost of paying for redevelopment project costs, or of pledging taxes for the payment of such obligations, or both, be submitted to the electors of the municipality, the corporate authorities of the municipality shall call a special election in the manner provided by law to vote upon that question, or, if a general, State or municipal election is to be held within a period of not less than 30 or more than 90 days from the date such petition is filed, shall submit the question at the next general, State or municipal election. If it appears upon the canvass of the election by the corporate authorities that a majority of electors voting upon the question voted in favor thereof, the ordinance shall be in effect, but if a majority of the electors voting upon the question are not in favor thereof, the ordinance shall not take effect.

The ordinance authorizing the obligations may provide that the obligations shall contain a recital that they are issued pursuant to this Division, which recital shall be conclusive evidence of their validity and of the regularity of their issuance.

In the event the municipality authorizes issuance of obligations pursuant to this Section secured by the full faith and credit of the municipality, the ordinance authorizing the obligations may provide for the levy and collection of a direct annual tax upon all taxable property within the municipality sufficient to pay the principal thereof and interest thereon as it matures, which levy may be in addition to and exclusive of the maximum of all other taxes authorized to be levied by the municipality, which levy, however, shall be abated to the extent that monies from other sources are available for payment of the obligations and the municipality certifies the amount of said monies available to the county clerk.

A certified copy of such ordinance shall be filed with the county clerk of each county in which any portion of the municipality is situated,

and shall constitute the authority for the extension and collection of the taxes to be deposited in the special tax allocation fund.

A municipality may also issue its obligations to refund in whole or in part, obligations theretofore issued by such municipality under the authority of this Act, whether at or prior to maturity, provided however, that the last maturity of the refunding obligations shall not be expressed to mature later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the twenty-third calendar year after the year in which the ordinance approving the redevelopment project area is adopted if the ordinance was adopted on or after January 15, 1981, not later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the thirty-third calendar year after the year in which the ordinance approving the redevelopment project area is adopted if the ordinance was adopted on May 20, 1985 by the Village of Wheeling, and not later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the thirty-fifth calendar year after the year in which the ordinance approving the redevelopment project area is adopted (A) if the ordinance was adopted before January 15, 1981, or (B) if the ordinance was adopted in December 1983, April 1984, July 1985, or December 1989, or (C) if the ordinance was adopted in December, 1987 and the redevelopment project is located within one mile of Midway Airport, or (D) if the ordinance was adopted before January 1, 1987 by a municipality in Mason County, or (E) if the municipality is subject to the Local Government Financial Planning and Supervision Act or the Financially Distressed City Law, or (F) if the ordinance was adopted in December 1984 by the Village of Rosemont, or (G) if the ordinance was adopted on December 31, 1986 by a municipality located in Clinton County for which at least $250,000 of tax increment bonds were authorized on June 17, 1997, or if the ordinance was adopted on December 31, 1986 by a municipality with a population in 1990 of less than 3,600

PUBLIC ACT 94-0904
(House Bill No. 4832)

AN ACT concerning education.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Community Service Education Act.

Section 5. Policy. Community service education programs educate students about the value of civic involvement through actual school-sponsored involvement in their communities. Students, citizens, civic groups, businesses, and community organizations benefit from community service education programs by developing strong partnerships that enhance the value of schools and quality of life in communities. Community

service education programs build stronger schools, stronger communities, and a positive environment.

In many communities, the school district is the economic engine that provides jobs, economic stability, and prosperity. Community service education programs enable more school districts and communities to prosper economically while promoting good citizenship. School districts that offer community service education programs enjoy a significant return on their investment. Hence, the policy of the State of Illinois is to support such programs by providing incentives to encourage school districts to offer community service education programs.

Section 10. Community Service Education Program. There is created the Community Service Education Program, administered by the State Board of Education, in cooperation with school districts. Participation in this program is voluntary. The following items may serve as best practices to be considered by school districts opting to implement the program under Section 25 of this Act:

1. The program contains provisions and standards conducive to the establishment of community, business, and education partnerships that give use to lasting relationships between school districts and partners that are mutually beneficial.

2. The program provides greater community access to school facilities and programs to promote increased achievement by children.

3. The program makes school facilities available for citizen use.

4. The program organizes local residents to assess local conditions, set priorities, identify program needs, and participate in program planning and development.

5. The program identifies and utilizes resources within the community or those that impact on the community.

6. The program assists in the initiation of new and improved programs in an effort to improve opportunities for all residents of the community.
(7) The program provides effective youth training programs and employment counseling in schools, as well as paid work experience linking the schools with the private sector.

(8) The program provides student involvement in community service learning activities, organizations, and intergenerational programs.

(9) The program provides volunteer programs to bring parents, business personnel, community agency representatives, retirees, and other students into the classroom as participants in the teaching of students.

(10) The program provides supplemental or additional programs for junior high school and high school age youth that may consist of enrichment, individual, and supplemental activities, as well as recreational, cultural, and vocational programs.

(11) The program provides programs to meet the individual needs of all people who reside in the school district being served.

Nothing set forth in items (7) through (11) shall be constituted as either requiring or permitting the Community Service Education Program to have any program or programs serving the same purpose or purposes as those elsewhere specifically provided for in the School Code.

The Community Service Education Program shall avoid duplication of existing programs operated by other entities in whole or in part within a school district. The Community Service Education Program shall provide for the involvement of the residents of a school district in ascertaining the identity of local problems and in ascertaining the community resources available for dealing with these problems.

Section 25. Establishment of community service education program by school district. A school district may establish and operate a community service education program that qualifies for a grant under Section 92 of this Act by complying with the provisions of this Act and any rules adopted by the State Board of Education under Section 500 of this Act.

Section 60. Local input. Each school board that establishes a community service education program under Section 25 of this Act shall

New matter indicated by italics - deletions by strikeout
establish a process to obtain input into the development and operation of its community service education program by members who represent various service organizations, churches, public schools, units of local government, businesses and professions, public and private agencies serving youth, families, or senior citizens, municipal governments, townships, libraries, park, recreation, or forest preserve districts located in whole or in part within the school district, and any other group or groups participating in the school district's community service education program.

Section 65. Director of Community Service Education. Each school district maintaining a community service education program established under Section 25 of this Act shall employ or appoint a Director of Community Service Education. The Director shall be responsible for all aspects of the school district's community service education program. An individual employed solely as a Director of Community Service Education need not hold a teaching or administrative certificate from the State of Illinois.

Section 75. Non-duplication of programs. A school district that establishes a community service education program under Section 25 of this Act must strive to ensure that its community service education program does not duplicate services offered by other entities or school programs.

Section 80. Community service education consortiums. Any school district that opts to conduct a community service education program pursuant to the provisions of this Act may enter into an agreement with other school districts to form a consortium for the purpose of offering a consolidated community service education program.

Section 85. Partnership agreements. A school district community service education program established under Section 25 of this Act shall have the power to enter into agreements with any other public or private entity or entities for the furnishing of any component of its community service education program. These agreements may provide for payments from the school district's community service education fund to other entities as contributions to the expenses of the program or programs covered by these agreements.

Section 90. Funding. A school district maintaining a community service education program established under Section 25 of this Act is authorized to receive money from the State, as grants that are subject to appropriation, and other public and private sources for the support of its program or any component thereof and to expend this money pursuant to the provisions of this Act, subject to the terms and conditions under which the money is received. A not-for-profit organization may be established in support of the program, in accordance with the General Not For Profit Corporation Act of 1986, and may seek tax exemption for the organization from the Internal Revenue Service and the Department of Revenue. Subject to guidelines approved by the school board, the school district is also authorized to charge and collect fees from persons voluntarily participating in a specific community service education program. The school board shall also have the authority to designate funds to be used for community service education purposes.

Section 92. Grants. Subject to the availability of funds for the specific purpose of making grants for community service education, the State Board of Education is authorized to make grants to school districts operating community service education programs that meet the standards set forth in this Act and any rules adopted by the State Board of Education.

Section 500. Rules. The State Board of Education may adopt any rules that are necessary to implement and administer this Act.

Section 999. Effective date. This Act takes effect upon becoming law.

Approved June 22, 2006.
Effective June 22, 2006.

Sec. 370c. Mental and emotional disorders.
(a) (1) On and after the effective date of this Section, every insurer which delivers, issues for delivery or renews or modifies group A&H policies providing coverage for hospital or medical treatment or services for illness on an expense-incurred basis shall offer to the applicant or group policyholder subject to the insurers standards of insurability, coverage for reasonable and necessary treatment and services for mental, emotional or nervous disorders or conditions, other than serious mental

illnesses as defined in item (2) of subsection (b), up to the limits provided in the policy for other disorders or conditions, except (i) the insured may be required to pay up to 50% of expenses incurred as a result of the treatment or services, and (ii) the annual benefit limit may be limited to the lesser of $10,000 or 25% of the lifetime policy limit.

(2) Each insured that is covered for mental, emotional or nervous disorders or conditions shall be free to select the physician licensed to practice medicine in all its branches, licensed clinical psychologist, licensed clinical social worker, or licensed clinical professional counselor of his choice to treat such disorders, and the insurer shall pay the covered charges of such physician licensed to practice medicine in all its branches, licensed clinical psychologist, licensed clinical social worker, or licensed clinical professional counselor up to the limits of coverage, provided (i) the disorder or condition treated is covered by the policy, and (ii) the physician, licensed psychologist, licensed clinical social worker, or licensed clinical professional counselor is authorized to provide said services under the statutes of this State and in accordance with accepted principles of his profession.

(3) Insofar as this Section applies solely to licensed clinical social workers and licensed clinical professional counselors, those persons who may provide services to individuals shall do so after the licensed clinical social worker or licensed clinical professional counselor has informed the patient of the desirability of the patient conferring with the patient's primary care physician and the licensed clinical social worker or licensed clinical professional counselor has provided written notification to the patient's primary care physician, if any, that services are being provided to the patient. That notification may, however, be waived by the patient on a written form. Those forms shall be retained by the licensed clinical social worker or licensed clinical professional counselor for a period of not less than 5 years.

(b) (1) An insurer that provides coverage for hospital or medical expenses under a group policy of accident and health insurance or health care plan amended, delivered, issued, or renewed after the effective date of this amendatory Act of the 92nd General Assembly shall provide coverage
under the policy for treatment of serious mental illness under the same
terms and conditions as coverage for hospital or medical expenses related
to other illnesses and diseases. The coverage required under this Section
must provide for same durational limits, amount limits, deductibles, and
coiinsurance requirements for serious mental illness as are provided for
other illnesses and diseases. This subsection does not apply to coverage
provided to employees by employers who have 50 or fewer employees.

(2) "Serious mental illness" means the following psychiatric
illnesses as defined in the most current edition of the Diagnostic and
Statistical Manual (DSM) published by the American Psychiatric
Association:

(A) schizophrenia;
(B) paranoid and other psychotic disorders;
(C) bipolar disorders (hypomanic, manic, depressive, and
mixed);

(H) depression in childhood and adolescence;
(I) panic disorder; and
(J) post-traumatic stress disorders (acute, chronic, or with
delayed onset).

(3) Upon request of the reimbursing insurer, a provider of
treatment of serious mental illness shall furnish medical records or other
necessary data that substantiate that initial or continued treatment is at all
times medically necessary. An insurer shall provide a mechanism for the
timely review by a provider holding the same license and practicing in the
same specialty as the patient's provider, who is unaffiliated with the
insurer, jointly selected by the patient (or the patient's next of kin or legal
representative if the patient is unable to act for himself or herself), the
patient's provider, and the insurer in the event of a dispute between the
insurer and patient's provider regarding the medical necessity of a

treatment proposed by a patient's provider. If the reviewing provider determines the treatment to be medically necessary, the insurer shall provide reimbursement for the treatment. Future contractual or employment actions by the insurer regarding the patient's provider may not be based on the provider's participation in this procedure. Nothing prevents the insured from agreeing in writing to continue treatment at his or her expense. When making a determination of the medical necessity for a treatment modality for serous mental illness, an insurer must make the determination in a manner that is consistent with the manner used to make that determination with respect to other diseases or illnesses covered under the policy, including an appeals process.

(4) A group health benefit plan:

(A) shall provide coverage based upon medical necessity for the following treatment of mental illness in each calendar year:

(i) 45 days of inpatient treatment; and

cover the outpatient visits under the same terms and conditions as it covers outpatient visits for the treatment of physical illness.

(6) An issuer of a group health benefit plan may provide or offer coverage required under this Section through a managed care plan.

(7) This Section shall not be interpreted to require a group health benefit plan to provide coverage for treatment of:

(A) an addiction to a controlled substance or cannabis that is used in violation of law; or

(B) mental illness resulting from the use of a controlled substance or cannabis in violation of law.

(8) (Blank).

Except as otherwise provided in subsections (a) and (f) of this Section, the maximum amount of grant which a claimant is entitled to claim is the amount by which the property taxes accrued which were paid or payable during the last preceding tax year or rent constituting property taxes accrued upon the claimant's residence for the last preceding taxable year exceeds 3 1/2% of the claimant's household income for that year but in no event is the grant to exceed (i) $700 less 4.5% of household income for that year for those with a household income of $14,000 or less or (ii) $70 if household income for that year is more than $14,000.

(c) Public aid recipients. If household income in one or more months during a year includes cash assistance in excess of $55 per month from the Department of Healthcare and Family Services Public Aid or the Department of Human Services (acting as successor to the Department of Public Aid under the Department of Human Services Act) which was determined under regulations of that Department on a measure of need that included an allowance for actual rent or property taxes paid by the recipient of that assistance, the amount of grant to which that household is entitled, except as otherwise provided in subsection (a), shall be the

product of (1) the maximum amount computed as specified in subsection (b) of this Section and (2) the ratio of the number of months in which household income did not include such cash assistance over $55 to the number twelve. If household income did not include such cash assistance over $55 for any months during the year, the amount of the grant to which the household is entitled shall be the maximum amount computed as specified in subsection (b) of this Section. For purposes of this paragraph (c), "cash assistance" does not include any amount received under the federal Supplemental Security Income (SSI) program.

(d) Joint ownership. If title to the residence is held jointly by the claimant with a person who is not a member of his or her household, the amount of property taxes accrued used in computing the amount of grant to which he or she is entitled shall be the same percentage of property taxes accrued as is the percentage of ownership held by the claimant in the residence.

(e) More than one residence. If a claimant has occupied more than one residence in the taxable year, he or she may claim only one residence for any part of a month. In the case of property taxes accrued, he or she shall prorate 1/12 of the total property taxes accrued on his or her residence to each month that he or she owned and occupied that residence; and, in the case of rent constituting property taxes accrued, shall prorate each month's rent payments to the residence actually occupied during that month.

(f) There is hereby established a program of pharmaceutical assistance to the aged and disabled which shall be administered by the Department in accordance with this Act, to consist of payments to authorized pharmacies, on behalf of beneficiaries of the program, for the reasonable costs of covered prescription drugs. Each beneficiary who pays $5 for an identification card shall pay no additional prescription costs. Each beneficiary who pays $25 for an identification card shall pay $3 per prescription. In addition, after a beneficiary receives $2,000 in benefits during a State fiscal year, that beneficiary shall also be charged 20% of the cost of each prescription for which payments are made by the program during the remainder of the fiscal year. To become a beneficiary under this

program a person must: (1) be (i) 65 years of age or older, or (ii) the surviving spouse of such a claimant, who at the time of death received or was entitled to receive benefits pursuant to this subsection, which surviving spouse will become 65 years of age within the 24 months immediately following the death of such claimant and which surviving spouse but for his or her age is otherwise qualified to receive benefits pursuant to this subsection, or (iii) disabled, and (2) be domiciled in this State at the time he or she files his or her claim, and (3) have a maximum household income of less than $14,000 for grant years before the 1998 grant year, less than $16,000 for the 1998 and 1999 grant years, and less than (i) $21,218 for a household containing one person, (ii) $28,480 for a household containing 2 persons, or (iii) $35,740 for a household containing 3 more persons for the 2000 grant year and thereafter. In addition, each eligible person must (1) obtain an identification card from the Department, (2) at the time the card is obtained, sign a statement assigning to the State of Illinois benefits which may be otherwise claimed under any private insurance plans, and (3) present the identification card to the dispensing pharmacist.

The Department may adopt rules specifying participation requirements for the pharmaceutical assistance program, including copayment amounts, identification card fees, expenditure limits, and the benefit threshold after which a 20% charge is imposed on the cost of each prescription, to be in effect on and after July 1, 2004. Notwithstanding any other provision of this paragraph, however, the Department may not increase the identification card fee above the amount in effect on May 1, 2003 without the express consent of the General Assembly. To the extent practicable, those requirements shall be commensurate with the requirements provided in rules adopted by the Department of Healthcare and Family Services to implement the pharmacy assistance program under Section 5-5.12a of the Illinois Public Aid Code.

Whenever a generic equivalent for a covered prescription drug is available, the Department shall reimburse only for the reasonable costs of the generic equivalent, less the co-pay established in this Section, unless (i) the covered prescription drug contains one or more ingredients defined

as a narrow therapeutic index drug at 21 CFR 320.33, (ii) the prescriber indicates on the face of the prescription "brand medically necessary", and (iii) the prescriber specifies that a substitution is not permitted. When issuing an oral prescription for covered prescription medication described in item (i) of this paragraph, the prescriber shall stipulate "brand medically necessary" and that a substitution is not permitted. If the covered prescription drug and its authorizing prescription do not meet the criteria listed above, the beneficiary may purchase the non-generic equivalent of the covered prescription drug by paying the difference between the generic cost and the non-generic cost plus the beneficiary co-pay.

Any person otherwise eligible for pharmaceutical assistance under this Act whose covered drugs are covered by any public program for assistance in purchasing any covered prescription drugs shall be ineligible for assistance under this Act to the extent such costs are covered by such other plan.

The fee to be charged by the Department for the identification card shall be equal to $5 per coverage year for persons below the official poverty line as defined by the United States Department of Health and Human Services and $25 per coverage year for all other persons.

In the event that 2 or more persons are eligible for any benefit under this Act, and are members of the same household, (1) each such person shall be entitled to participate in the pharmaceutical assistance program, provided that he or she meets all other requirements imposed by this subsection and (2) each participating household member contributes the fee required for that person by the preceding paragraph for the purpose of obtaining an identification card.

The provisions of this subsection (f), other than this paragraph, are inoperative after December 31, 2005. Beneficiaries who received benefits under the program established by this subsection (f) are not entitled, at the termination of the program, to any refund of the identification card fee paid under this subsection.

(g) Effective January 1, 2006, there is hereby established a program of pharmaceutical assistance to the aged and disabled, entitled the Illinois Seniors and Disabled Drug Coverage Program, which shall be

administered by the Department of Healthcare and Family Services and the Department on Aging in accordance with this subsection, to consist of coverage of specified prescription drugs on behalf of beneficiaries of the program as set forth in this subsection. The program under this subsection replaces and supersedes the program established under subsection (f), which shall end at midnight on December 31, 2005.

To become a beneficiary under the program established under this subsection, a person must:

1. be (i) 65 years of age or older or (ii) disabled; and
2. be domiciled in this State; and
3. enroll with a qualified Medicare Part D Prescription Drug Plan if eligible and apply for all available subsidies under Medicare Part D; and
4. have a maximum household income of (i) less than $21,218 for a household containing one person, (ii) less than $28,480 for a household containing 2 persons, or (iii) less than $35,740 for a household containing 3 or more persons. If any income eligibility limit set forth in items (i) through (iii) is less than 200% of the Federal Poverty Level for any year, the income eligibility limit for that year for households of that size shall be income equal to or less than 200% of the Federal Poverty Level.

All individuals enrolled as of December 31, 2005, in the pharmaceutical assistance program operated pursuant to subsection (f) of this Section and all individuals enrolled as of December 31, 2005, in the SeniorCare Medicaid waiver program operated pursuant to Section 5-5.12a of the Illinois Public Aid Code shall be automatically enrolled in the program established by this subsection for the first year of operation without the need for further application, except that they must apply for Medicare Part D and the Low Income Subsidy under Medicare Part D. A person enrolled in the pharmaceutical assistance program operated pursuant to subsection (f) of this Section as of December 31, 2005, shall not lose eligibility in future years due only to the fact that they have not reached the age of 65.

To the extent permitted by federal law, the Department may act as an authorized representative of a beneficiary in order to enroll the beneficiary in a Medicare Part D Prescription Drug Plan if the beneficiary has failed to choose a plan and, where possible, to enroll beneficiaries in the low-income subsidy program under Medicare Part D or assist them in enrolling in that program.

Beneficiaries under the program established under this subsection shall be divided into the following 4 eligibility groups:

(A) Eligibility Group 1 shall consist of beneficiaries who are not eligible for Medicare Part D coverage and who are:
   (i) disabled and under age 65; or
   (ii) age 65 or older, with incomes over 200% of the Federal Poverty Level; or
   (iii) age 65 or older, with incomes at or below 200% of the Federal Poverty Level and not eligible for federally funded means-tested benefits due to immigration status.

(B) Eligibility Group 2 shall consist of beneficiaries otherwise described in Eligibility Group 1 but who are eligible for Medicare Part D coverage.

(C) Eligibility Group 3 shall consist of beneficiaries age 65 or older, with incomes at or below 200% of the Federal Poverty Level, who are not barred from receiving federally funded means-tested benefits due to immigration status and are eligible for Medicare Part D coverage.

(D) Eligibility Group 4 shall consist of beneficiaries age 65 or older, with incomes at or below 200% of the Federal Poverty Level, who are not barred from receiving federally funded means-tested benefits due to immigration status and are not eligible for Medicare Part D coverage.

If the State applies and receives federal approval for a waiver under Title XIX of the Social Security Act, persons in Eligibility Group 4 shall continue to receive benefits through the approved waiver, and Eligibility Group 4 may be expanded to include disabled persons under age 65 with incomes under 200% of
the Federal Poverty Level who are not eligible for Medicare and who are not barred from receiving federally funded means-tested benefits due to immigration status.

(E) On and after January 1, 2007, Eligibility Group 5 shall consist of beneficiaries who are otherwise described in Eligibility Group 1 but are eligible for Medicare Part D and have a diagnosis of HIV or AIDS.

The program established under this subsection shall cover the cost of covered prescription drugs in excess of the beneficiary cost-sharing amounts set forth in this paragraph that are not covered by Medicare. In 2006, beneficiaries shall pay a co-payment of $2 for each prescription of a generic drug and $5 for each prescription of a brand-name drug. In future years, beneficiaries shall pay co-payments equal to the co-payments required under Medicare Part D for "other low-income subsidy eligible individuals" pursuant to 42 CFR 423.782(b). For individuals in Eligibility Groups 1, 2, 3, and 4, once the program established under this subsection and Medicare combined have paid $1,750 in a year for covered prescription drugs, the beneficiary shall pay 20% of the cost of each prescription in addition to the co-payments set forth in this paragraph. For individuals in Eligibility Group 5, once the program established under this subsection and Medicare combined have paid $1,750 in a year for covered prescription drugs, the beneficiary shall pay 20% of the cost of each prescription in addition to the co-payments set forth in this paragraph unless the drug is included in the formulary of the Illinois AIDS Drug Assistance Program operated by the Illinois Department of Public Health. If the drug is included in the formulary of the Illinois AIDS Drug Assistance Program, individuals in Eligibility Group 5 shall continue to pay the co-payments set forth in this paragraph after the program established under this subsection and Medicare combined have paid $1,750 in a year for covered prescription drugs.

For beneficiaries eligible for Medicare Part D coverage, the program established under this subsection shall pay 100% of the premiums charged by a qualified Medicare Part D Prescription Drug Plan for Medicare Part D basic prescription drug coverage, not including any late

enrollment penalties. Qualified Medicare Part D Prescription Drug Plans may be limited by the Department of Healthcare and Family Services to those plans that sign a coordination agreement with the Department.

Notwithstanding Section 3.15, for purposes of the program established under this subsection, the term "covered prescription drug" has the following meanings:

For Eligibility Group 1, "covered prescription drug" means:

(1) any cardiovascular agent or drug;
(2) any insulin or other prescription drug used in the treatment of diabetes, including syringe and needles used to administer the insulin;
(3) any prescription drug used in the treatment of arthritis;
(4) any prescription drug used in the treatment of cancer;
(5) any prescription drug used in the treatment of Alzheimer's disease;
(6) any prescription drug used in the treatment of Parkinson's disease;
(7) any prescription drug used in the treatment of glaucoma;
(8) any prescription drug used in the treatment of lung disease and smoking-related illnesses;
(9) any prescription drug used in the treatment of osteoporosis; and
(10) any prescription drug used in the treatment of multiple sclerosis. The Department may add additional therapeutic classes by rule. The Department may adopt a preferred drug list within any of the classes of drugs described in items (1) through (10) of this paragraph. The specific drugs or therapeutic classes of covered prescription drugs shall be indicated by rule.

For Eligibility Group 2, "covered prescription drug" means those drugs covered for Eligibility Group 1 that are also covered by the Medicare Part D Prescription Drug Plan in which the beneficiary is enrolled.

For Eligibility Group 3, "covered prescription drug" means those drugs covered by the Medicare Part D Prescription Drug Plan in which the beneficiary is enrolled.

For Eligibility Group 4, "covered prescription drug" means those drugs covered by the Medical Assistance Program under Article V of the Illinois Public Aid Code.

New matter indicated by italics - deletions by strikeout
For Eligibility Group 5, "covered prescription drug" means: (1) those drugs covered for Eligibility Group 1 that are also covered by the Medicare Part D Prescription Drug Plan in which the beneficiary is enrolled; and (2) those drugs included in the formulary of the Illinois AIDS Drug Assistance Program operated by the Illinois Department of Public Health that are also covered by the Medicare Part D Prescription Drug Plan in which the beneficiary is enrolled.

An individual in Eligibility Group 3 or 4 may opt to receive a $25 monthly payment in lieu of the direct coverage described in this subsection.

Any person otherwise eligible for pharmaceutical assistance under this subsection whose covered drugs are covered by any public program is ineligible for assistance under this subsection to the extent that the cost of those drugs is covered by the other program.

The Department of Healthcare and Family Services shall establish by rule the methods by which it will provide for the coverage called for in this subsection. Those methods may include direct reimbursement to pharmacies or the payment of a capitated amount to Medicare Part D Prescription Drug Plans.

For a pharmacy to be reimbursed under the program established under this subsection, it must comply with rules adopted by the Department of Healthcare and Family Services regarding coordination of benefits with Medicare Part D Prescription Drug Plans. A pharmacy may not charge a Medicare-enrolled beneficiary of the program established under this subsection more for a covered prescription drug than the appropriate Medicare cost-sharing less any payment from or on behalf of the Department of Healthcare and Family Services.

The Department of Healthcare and Family Services or the Department on Aging, as appropriate, may adopt rules regarding applications, counting of income, proof of Medicare status, mandatory generic policies, and pharmacy reimbursement rates and any other rules necessary for the cost-efficient operation of the program established under this subsection.

Sec. 10. HIV counseling and offer of HIV testing required.

New matter indicated by italics - deletions by strikeout
(a) Every health care professional who provides health care services to a pregnant woman shall provide the woman with HIV counseling and recommend offer HIV testing, unless she has already received an HIV test during pregnancy. HIV testing shall be provided with the woman's consent. A health care professional shall provide the counseling and recommend offer the testing as early in the woman's pregnancy as possible. For women at continued risk of exposure to HIV infection in the judgment of the health care professional, a repeat test should be recommended offered late in pregnancy or at the time of labor and delivery. The health care professional shall inform the pregnant woman that, should she refuse HIV testing during pregnancy, her newborn infant will be tested for HIV. The counseling and recommendation offer of testing shall be documented in the woman's medical record.

(b) Every health care professional or facility that cares for a pregnant woman during labor or delivery shall provide the woman with HIV counseling and recommend offer HIV testing. HIV testing shall be provided with the woman's consent. No counseling or offer of testing is required if already provided during the woman's pregnancy. The counseling and offer of testing shall be documented in the woman's medical record. The health care facility shall adopt a policy that provides that as soon as possible within medical standards after the infant's birth, the mother's HIV test result, if available, shall be noted in the newborn infant's medical record. It shall also be noted in the newborn infant's medical record if the mother's HIV test result is not available because she has not been tested or has declined testing. Any testing or test results shall be documented in accordance with the AIDS Confidentiality Act.

(c) Every health care professional or facility caring for a newborn infant shall, upon delivery or as soon as possible within medical standards 48 hours after the infant's birth, provide counseling to the parent or guardian of the infant and perform rapid HIV testing on the infant, when the HIV status of the infant's mother is unknown, if the parent or guardian does not refuse. (e) All counseling and testing must be performed in accordance with the standards set forth in the AIDS Confidentiality Act, including the written informed consent provisions of Sections 4, 7, and 8 of that Act, with the exception of the requirement of consent for testing of newborn infants. Consent for testing of a newborn infant shall be presumed when a health care professional or health care facility seeks to perform a test on a newborn infant whose mother's HIV status is not known, provided that the counseling required under subsection (d) has taken place and the newborn infant's parent or guardian has not indicated in writing that he or she refuses to allow the newborn infant to receive HIV testing.

(f) The Illinois Department of Public Health shall adopt necessary rules to implement this Act.

In adopting the rules, the Department shall consider the need for information, protections for the privacy and confidentiality of the infant and parents, the need to provide access to care and follow-up services to the infant, and procedures for destruction of records maintained by the Department if, through subsequent HIV testing, the woman or newborn infant is found to be HIV-negative.

(c) The confidentiality provisions of the AIDS Confidentiality Act shall apply to the reports of cases of perinatal HIV made pursuant to this Section.

(d) Health care facilities shall monthly report aggregate statistics to the Department that include the number of infected women who presented with known HIV status, the number of pregnant women rapidly tested for HIV in labor and delivery, the number of newborn infants rapidly tested for HIV-exposure, the number of preliminarily HIV-positive pregnant women and preliminarily HIV-exposed newborn infants identified, the number of families referred to case management, and other information the Department determines is necessary to measure progress under the provisions of this Act. The Department shall provide to health care professionals and health care facilities written information that may be used to satisfy their obligation under this Section.

(410 ILCS 335/30 new)

The Secretary of State may, as a condition to the issuance of a restricted driving permit, require the applicant to participate in a driver remedial or rehabilitative program; or

AN ACT concerning public aid.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Public Aid Code is amended by changing Section 3-1 as follows:

(305 ILCS 5/3-1) (from Ch. 23, par. 3-1)

Sec. 3-1. Eligibility Requirements. Financial aid in meeting basic maintenance requirements for a livelihood compatible with health and well-being shall be given under this Article to or in behalf of aged, blind, or disabled persons who meet the eligibility conditions of Sections 3-1.1 through 3-1.7. Financial aid under this Article shall be available only for persons who are receiving Supplemental Security Income (SSI) or who have been found ineligible for SSI (i) on the basis of income or (ii) due to expiration of the period of eligibility for refugees and asylees pursuant to 8 U.S.C. 1612(a)(2). Financial aid based on item (ii) of this paragraph shall be available until July 1, 2006.

"Aged person" means a person who has attained age 65, as demonstrated by such evidence of age as the Illinois Department may by rule prescribe.

"Blind person" means a person who has no vision or whose vision with corrective glasses is so defective as to prevent the performance of ordinary duties or tasks for which eyesight is essential. The Illinois Department shall define blindness in terms of ophthalmic measurements or ocular conditions. For purposes of this Act, an Illinois Disabled Person Identification Card issued pursuant to The Illinois Identification Card Act, indicating that the person thereon named has a Type 3 disability shall be evidence that such person is a blind person within the meaning of this Section; however, such a card shall not qualify such person for aid as a blind person under this Act, and eligibility for aid as a blind person shall be determined as provided in this Act.
"Disabled person" means a person age 18 or over who has a physical or mental impairment, disease, or loss which is of a permanent nature and which substantially impairs his ability to perform labor or services or to engage in useful occupations for which he is qualified, as determined by rule and regulation of the Illinois Department. For purposes of this Act, an Illinois Disabled Person Identification Card issued pursuant to The Illinois Identification Card Act, indicating that the person thereon named has a Type 1 or 2, Class 2 disability shall be evidence that such person is a disabled person under this Section; however, such a card shall not qualify such person for aid as a disabled person under this Act, and eligibility for aid as a disabled person shall be determined as provided in this Act. If federal law or regulation permit or require the inclusion of blind or disabled persons whose blindness or disability is not of the degree specified in the foregoing definitions, or permit or require the inclusion of disabled persons under age 18 or aged persons under age 65, the Illinois Department, upon written approval of the Governor, may provide by rule that all aged, blind or disabled persons toward whose aid federal funds are available be eligible for assistance under this Article as is given to those who meet the foregoing definitions of blind person and disabled person or aged person.

Section 5. The Wildlife Code is amended by changing Section 2.25 as follows:

(520 ILCS 5/2.25) (from Ch. 61, par. 2.25)

Sec. 2.25. It shall be unlawful for any person to take deer except (i) with a shotgun, handgun, or muzzleloading rifle or (ii) as provided by administrative rule, with a bow and arrow, or crossbow device for handicapped persons as defined in Section 2.33, during the open season of not more than 14 days which will be set annually by the Director between the dates of November 1st and December 31st, both inclusive. For the purposes of this Section, legal handguns include any centerfire handguns of .30 caliber or larger with a minimum barrel length of 4 inches. The only legal ammunition for a centerfire handgun is a cartridge of .30 caliber or larger with a capability of at least 500 foot pounds of energy at the muzzle. Full metal jacket bullets may not be used to harvest deer.

The Department shall make administrative rules concerning management restrictions applicable to the firearm and bow and arrow season.

It shall be unlawful for any person to take deer except with a bow and arrow, or crossbow device for handicapped persons (as defined in Section 2.33), during the open season for bow and arrow set annually by the Director between the dates of September 1st and January 31st, both inclusive.

It shall be unlawful for any person to take deer except with (i) a muzzleloading rifle, or (ii) bow and arrow, or crossbow device for handicapped persons as defined in Section 2.33, during the open season for muzzleloading rifles set annually by the Director.

The Director shall cause an administrative rule setting forth the prescribed rules and regulations, including bag and possession limits and those counties of the State where open seasons are established, to be published in accordance with Sections 1.3 and 1.13 of this Act.

The Department may establish separate harvest periods for the purpose of managing or eradicating disease that has been found in the deer herd. This season shall be restricted to gun or bow and arrow hunting only. The Department shall publicly announce, via statewide news release, the
season dates and shooting hours, the counties and sites open to hunting, permit requirements, application dates, hunting rules, legal weapons, and reporting requirements.

The Department is authorized to establish a separate harvest period at specific sites within the State for the purpose of harvesting surplus deer that cannot be taken during the regular season provided for the taking of deer. This season shall be restricted to gun or bow and arrow hunting only and shall be established during the period of September 1st to February 15th, both inclusive. The Department shall publish suitable prescribed rules and regulations established by administrative rule pertaining to management restrictions applicable to this special harvest program. The Department shall allow unused gun deer permits that are left over from a regular season for the taking of deer to be rolled over and used during any separate harvest period held within 6 months of the season for which those tags were issued at no additional cost to the permit holder subject to the management restrictions applicable to the special harvest program.

PUBLIC ACT 94-0920
(House Bill No. 5259)

AN ACT concerning organ donation.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Anatomical Gift Act is amended by changing Sections 5-20 and 5-45 as follows:
(755 ILCS 50/5-20) (was 755 ILCS 50/5)
Sec. 5-20. Manner of Executing Anatomical Gifts.

New matter indicated by italics - deletions by strikeout
(a) A gift of all or part of the body under Section 5-5 (a) may be made by will. The gift becomes effective upon the death of the testator without waiting for probate. If the will is not probated, or if it is declared invalid for testamentary purposes, the gift, to the extent that it has been acted upon in good faith, is nevertheless valid and effective.

(b) A gift of all or part of the body under Section 5-5 (a) may also be made by a written, signed document other than a will. The gift becomes effective upon the death of the donor. The document, which may be a card or a valid driver's license designed to be carried on the person, is effective without regard to the presence or signature of witnesses. Such a gift may also be made by properly executing the form provided by the Secretary of State on the reverse side of the donor's driver's license pursuant to subsection (b) of Section 6-110 of The Illinois Vehicle Code. Delivery of the document of gift during the donor's lifetime is not necessary to make the gift valid.

(b-1) A gift under Section 5-5 (a) may also be made by an individual consenting to have his or her name included in the First Person Consent organ and tissue donor registry maintained by the Secretary of State under Section 6-117 of the Illinois Vehicle Code. An individual's consent to have his or her name included in the First Person Consent organ and tissue donor registry constitutes full legal authority for the donation of any of his or her organs or tissue. Consenting to be included in the First Person Consent organ and tissue donor registry is effective without regard to the presence or signature of witnesses.

(c) The gift may be made to a specified donee or without specifying a donee. If the latter, the gift may be accepted by the attending physician as donee upon or following death. If the gift is made to a specified donee who is not available at the time and place of death, then if made for the purpose of transplantation, it shall be effectuated in accordance with Section 5-25, and if made for any other purpose the attending physician upon or following death, in the absence of any expressed indication that the donor desired otherwise, may accept the gift as donee.
(d) Notwithstanding Section 5-45 (b), the donor may designate in his will, card, or other document of gift the surgeon or physician to carry out the appropriate procedures. In the absence of a designation or if the designee is not available, the donee or other person authorized to accept the gift may employ or authorize any surgeon or physician for the purpose.

(e) Any gift by a person designated in Section 5-5 (b) shall be made by a document signed by him or made by his telegraphic, recorded telephonic, or other recorded message.

(f) When there is a suitable candidate for organ donation and a donation or consent to donate has not yet been given, procedures to preserve the decedent's body for possible organ and tissue donation may be implemented under the authorization of the applicable organ procurement agency, at its own expense, prior to making a donation request pursuant to Section 5-25. If the organ procurement agency does not locate a person authorized to consent to donation or consent to donation is denied, then procedures to preserve the decedent's body shall be ceased and no donation shall be made. The organ procurement agency shall respect the religious tenets of the decedent, if known, such as a pause after death, before initiating preservation services. Nothing in this Section shall be construed to authorize interference with the coroner in carrying out an investigation or autopsy.

(755 ILCS 50/5-45) (was 755 ILCS 50/8)
Sec. 5-45. Rights and Duties at Death.

(a) The donee may accept or reject the gift. If the donee accepts a gift of the entire body, he may, subject to the terms of the gift, authorize embalming and the use of the body in funeral services, unless a person named in subsection (b) of Section 5-5 has requested, prior to the final disposition by the donee, that the remains of said body be returned to his or her custody for the purpose of final disposition. Such request shall be honored by the donee if the terms of the gift are silent on how final disposition is to take place. If the gift is of a part of the body, the donee or technician designated by him upon the death of the donor and prior to embalming, shall cause the part to be removed without unnecessary
mutilation and without undue delay in the release of the body for the purposes of final disposition. After removal of the part, custody of the remainder of the body vests in the surviving spouse, next of kin, or other persons under obligation to dispose of the body, in the order or priority listed in subsection (b) of Section 5-5 of this Act.

(b) The time of death shall be determined by a physician who attends the donor at his death, or, if none, the physician who certifies the death. The physician shall not participate in the procedures for removing or transplanting a part.

(c) A person who acts in good faith in accord with the terms of this Act, the Illinois Vehicle Code, and the AIDS Confidentiality Act, or the anatomical gift laws of another state or a foreign country, is not liable for damages in any civil action or subject to prosecution in any criminal proceeding for his act. Any person that participates in good faith and according to the usual and customary standards of medical practice in the preservation, removal, or transplantation of any part of a decedent's body pursuant to an anatomical gift made by the decedent or made by an individual as authorized by subsection (b) of Section 5-5 of this Act shall have immunity from liability, civil, criminal, or otherwise, that might result by reason of such actions. For the purpose of any proceedings, civil or criminal, the validity of an anatomical gift executed pursuant to Section 5-20 of this Act shall be presumed and the good faith of any person participating in the removal or transplantation of any part of a decedent's body pursuant to an anatomical gift made by the decedent or by another individual authorized by the Act shall be presumed.

(d) This Act is subject to the provisions of "An Act to revise the law in relation to coroners", approved February 6, 1874, as now or hereafter amended, to the laws of this State prescribing powers and duties with respect to autopsies, and to the statutes, rules, and regulations of this State with respect to the transportation and disposition of deceased human bodies.

(e) If the donee is provided information, or determines through independent examination, that there is evidence that the gift was exposed

to the human immunodeficiency virus (HIV) or any other identified causative agent of acquired immunodeficiency syndrome (AIDS), the donee may reject the gift and shall treat the information and examination results as a confidential medical record; the donee may disclose only the results confirming HIV exposure, and only to the physician of the deceased donor. The donor’s physician shall determine whether the person who executed the gift should be notified of the confirmed positive test result.

AN ACT concerning insurance.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Insurance Code is amended by changing Section 370c as follows:

(215 ILCS 5/370c) (from Ch. 73, par. 982c)
Sec. 370c. Mental and emotional disorders.
(a) (1) On and after the effective date of this Section, every insurer which delivers, issues for delivery or renews or modifies group A&H policies providing coverage for hospital or medical treatment or services for illness on an expense-incurred basis shall offer to the applicant or group policyholder subject to the insurers standards of insurability, coverage for reasonable and necessary treatment and services for mental, emotional or nervous disorders or conditions, other than serious mental illnesses as defined in item (2) of subsection (b), up to the limits provided in the policy for other disorders or conditions, except (i) the insured may be required to pay up to 50% of expenses incurred as a result of the

treatment or services, and (ii) the annual benefit limit may be limited to the lesser of $10,000 or 25% of the lifetime policy limit.

(2) Each insured that is covered for mental, emotional or nervous disorders or conditions shall be free to select the physician licensed to practice medicine in all its branches, licensed clinical psychologist, licensed clinical social worker, or licensed clinical professional counselor of his choice to treat such disorders, and the insurer shall pay the covered charges of such physician licensed to practice medicine in all its branches, licensed clinical psychologist, licensed clinical social worker, or licensed clinical professional counselor up to the limits of coverage, provided (i) the disorder or condition treated is covered by the policy, and (ii) the physician, licensed psychologist, licensed clinical social worker, or licensed clinical professional counselor is authorized to provide said services under the statutes of this State and in accordance with accepted principles of his profession.

(3) Insofar as this Section applies solely to licensed clinical social workers and licensed clinical professional counselors, those persons who may provide services to individuals shall do so after the licensed clinical social worker or licensed clinical professional counselor has informed the patient of the desirability of the patient conferring with the patient's primary care physician and the licensed clinical social worker or licensed clinical professional counselor has provided written notification to the patient's primary care physician, if any, that services are being provided to the patient. That notification may, however, be waived by the patient on a written form. Those forms shall be retained by the licensed clinical social worker or licensed clinical professional counselor for a period of not less than 5 years.

(b) (1) An insurer that provides coverage for hospital or medical expenses under a group policy of accident and health insurance or health care plan amended, delivered, issued, or renewed after the effective date of this amendatory Act of the 92nd General Assembly shall provide coverage under the policy for treatment of serious mental illness under the same terms and conditions as coverage for hospital or medical expenses related to other illnesses and diseases. The coverage required under this Section

must provide for same durational limits, amount limits, deductibles, and co-insurance requirements for serious mental illness as are provided for other illnesses and diseases. This subsection does not apply to coverage provided to employees by employers who have 50 or fewer employees.

(2) "Serious mental illness" means the following psychiatric illnesses as defined in the most current edition of the Diagnostic and Statistical Manual (DSM) published by the American Psychiatric Association:

(A) schizophrenia;
(B) paranoid and other psychotic disorders;
(C) bipolar disorders (hypomanic, manic, depressive, and mixed);
(D) major depressive disorders (single episode or recurrent);
(E) schizoaffective disorders (bipolar or depressive);
(F) pervasive developmental disorders;
(G) obsessive-compulsive disorders;
(H) depression in childhood and adolescence;
(I) panic disorder; and
(J) post-traumatic stress disorders (acute, chronic, or with delayed onset).

(3) Upon request of the reimbursing insurer, a provider of treatment of serious mental illness shall furnish medical records or other necessary data that substantiate that initial or continued treatment is at all times medically necessary. An insurer shall provide a mechanism for the timely review by a provider holding the same license and practicing in the same specialty as the patient's provider, who is unaffiliated with the insurer, jointly selected by the patient (or the patient's next of kin or legal representative if the patient is unable to act for himself or herself), the patient's provider, and the insurer in the event of a dispute between the insurer and patient's provider regarding the medical necessity of a treatment proposed by a patient's provider. If the reviewing provider determines the treatment to be medically necessary, the insurer shall provide reimbursement for the treatment. Future contractual or

employment actions by the insurer regarding the patient's provider may not be based on the provider's participation in this procedure. Nothing prevents the insured from agreeing in writing to continue treatment at his or her expense. When making a determination of the medical necessity for a treatment modality for serous mental illness, an insurer must make the determination in a manner that is consistent with the manner used to make that determination with respect to other diseases or illnesses covered under the policy, including an appeals process.

(4) A group health benefit plan:

(A) shall provide coverage based upon medical necessity for the following treatment of mental illness in each calendar year;
   (i) 45 days of inpatient treatment; and
   (ii) beginning on the effective date of this amendatory Act of the 94th General Assembly, 60 visits for outpatient treatment including group and individual outpatient treatment;

(B) may not include a lifetime limit on the number of days of inpatient treatment or the number of outpatient visits covered under the plan; and

(C) shall include the same amount limits, deductibles, copayments, and coinsurance factors for serious mental illness as for physical illness.

(5) An issuer of a group health benefit plan may not count toward the number of outpatient visits required to be covered under this Section an outpatient visit for the purpose of medication management and shall cover the outpatient visits under the same terms and conditions as it covers outpatient visits for the treatment of physical illness.

(6) An issuer of a group health benefit plan may provide or offer coverage required under this Section through a managed care plan.

(7) This Section shall not be interpreted to require a group health benefit plan to provide coverage for treatment of:

(A) an addiction to a controlled substance or cannabis that is used in violation of law; or

PUBLIC ACT 94-0923
(House Bill No. 4383)

AN ACT concerning families.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Marriage and Dissolution of Marriage Act is amended by changing Section 505.2 as follows:

(750 ILCS 5/505.2) (from Ch. 40, par. 505.2)

Sec. 505.2. Health insurance.
(a) Definitions. As used in this Section:
(1) "Obligee" means the individual to whom the duty of support is owed or the individual's legal representative.
(2) "Obligor" means the individual who owes a duty of support pursuant to an order for support.
(3) "Public office" means any elected official or any State or local agency which is or may become responsible by law for enforcement of, or which is or may become authorized to enforce, an order for support, including, but not limited to: the Attorney General, the Illinois Department of Public Aid, the Illinois Department of Human Services, the Illinois Department of

New matter indicated by italics - deletions by strikeout
Children and Family Services, and the various State's Attorneys, Clerks of the Circuit Court and supervisors of general assistance.

(4) "Child" shall have the meaning ascribed to it in Section 505.

(b) Order.

(1) Whenever the court establishes, modifies or enforces an order for child support or for child support and maintenance the court shall include in the order a provision for the health care coverage of the child which shall, upon request of the obligee or Public Office, require that any child covered by the order be named as a beneficiary of any health insurance plan that is available to the obligor through an employer or labor union or trade union. If the court finds that such a plan is not available to the obligor, or that the plan is not accessible to the obligee, the court may, upon request of the obligee or Public Office, order the obligor to name the child covered by the order as a beneficiary of any health insurance plan that is available to the obligor on a group basis, or as a beneficiary of an independent health insurance plan to be obtained by the obligor, after considering the following factors:

(A) the medical needs of the child;
(B) the availability of a plan to meet those needs;
and
(C) the cost of such a plan to the obligor.

(2) If the employer or labor union or trade union offers more than one plan, the order shall require the obligor to name the child as a beneficiary of the plan in which the obligor is enrolled.

(3) Nothing in this Section shall be construed to limit the authority of the court to establish or modify a support order to provide for payment of expenses, including deductibles, copayments and any other health expenses, which are in addition to expenses covered by an insurance plan of which a child is ordered to be named a beneficiary pursuant to this Section.

(c) Implementation and enforcement.

New matter indicated by italics - deletions by strikeout
(1) When the court order requires that a minor child be named as a beneficiary of a health insurance plan, other than a health insurance plan available through an employer or labor union or trade union, the obligor shall provide written proof to the obligee or Public Office that the required insurance has been obtained, or that application for insurability has been made, within 30 days of receiving notice of the court order. Unless the obligor was present in court when the order was issued, notice of the order shall be given pursuant to Illinois Supreme Court Rules. If an obligor fails to provide the required proof, he may be held in contempt of court.

(2) When the court requires that a child be named as a beneficiary of a health insurance plan available through an employer or labor union or trade union, the court's order shall be implemented in accordance with the Income Withholding for Support Act.

(2.5) The court shall order the obligor to reimburse the obligee for 50% of the premium for placing the child on his or her health insurance policy if:

(i) a health insurance plan is not available to the obligor through an employer or labor union or trade union and the court does not order the obligor to cover the child as a beneficiary of any health insurance plan that is available to the obligor on a group basis or as a beneficiary of an independent health insurance plan to be obtained by the obligor; or

(ii) the obligor does not obtain medical insurance for the child within 90 days of the date of the court order requiring the obligor to obtain insurance for the child.

The provisions of subparagraph (i) of paragraph 2.5 of subsection (c) shall be applied, unless the court makes a finding that to apply those provisions would be inappropriate after considering all of the factors listed in paragraph 2 of subsection (a) of Section 505.
The court may order the obligor to reimburse the obligee for 100% of the premium for placing the child on his or her health insurance policy.

(d) Failure to maintain insurance. The dollar amount of the premiums for court-ordered health insurance, or that portion of the premiums for which the obligor is responsible in the case of insurance provided under a group health insurance plan through an employer or labor union or trade union where the employer or labor union or trade union pays a portion of the premiums, shall be considered an additional child support obligation owed by the obligor. Whenever the obligor fails to provide or maintain health insurance pursuant to an order for support, the obligor shall be liable to the obligee for the dollar amount of the premiums which were not paid, and shall also be liable for all medical expenses incurred by the child which would have been paid or reimbursed by the health insurance which the obligor was ordered to provide or maintain. In addition, the obligee may petition the court to modify the order based solely on the obligor's failure to pay the premiums for court-ordered health insurance.

(e) Authorization for payment. The signature of the obligee is a valid authorization to the insurer to process a claim for payment under the insurance plan to the provider of the health care services or to the obligee.

(f) Disclosure of information. The obligor's employer or labor union or trade union shall disclose to the obligee or Public Office, upon request, information concerning any dependent coverage plans which would be made available to a new employee or labor union member or trade union member. The employer or labor union or trade union shall disclose such information whether or not a court order for medical support has been entered.

(g) Employer obligations. If a parent is required by an order for support to provide coverage for a child's health care expenses and if that coverage is available to the parent through an employer who does business in this State, the employer must do all of the following upon receipt of a copy of the order of support or order for withholding:
(1) The employer shall, upon the parent's request, permit the parent to include in that coverage a child who is otherwise eligible for that coverage, without regard to any enrollment season restrictions that might otherwise be applicable as to the time period within which the child may be added to that coverage.

(2) If the parent has health care coverage through the employer but fails to apply for coverage of the child, the employer shall include the child in the parent's coverage upon application by the child's other parent or the Illinois Department of Public Aid.

(3) The employer may not eliminate any child from the parent's health care coverage unless the employee is no longer employed by the employer and no longer covered under the employer's group health plan or unless the employer is provided with satisfactory written evidence of either of the following:

(A) The order for support is no longer in effect.
(B) The child is or will be included in a comparable health care plan obtained by the parent under such order that is currently in effect or will take effect no later than the date the prior coverage is terminated.

The employer may eliminate a child from a parent's health care plan obtained by the parent under such order if the employer has eliminated dependent health care coverage for all of its employees.

Section 10. The Illinois Parentage Act of 1984 is amended by changing Section 14 as follows:

(750 ILCS 45/14) (from Ch. 40, par. 2514)

(a) (1) The judgment shall contain or explicitly reserve provisions concerning any duty and amount of child support and may contain provisions concerning the custody and guardianship of the child, visitation privileges with the child, the furnishing of bond or other security for the payment of the judgment, which the court shall determine in accordance with the relevant factors set forth in the Illinois Marriage and Dissolution

of Marriage Act and any other applicable law of Illinois, to guide the court in a finding in the best interests of the child. In determining custody, joint custody, removal, or visitation, the court shall apply the relevant standards of the Illinois Marriage and Dissolution of Marriage Act, including Section 609. Specifically, in determining the amount of any child support award or child health insurance coverage, the court shall use the guidelines and standards set forth in subsection (a) of Section 505 and in Section 505.2 of the Illinois Marriage and Dissolution of Marriage Act. For purposes of Section 505 of the Illinois Marriage and Dissolution of Marriage Act, "net income" of the non-custodial parent shall include any benefits available to that person under the Illinois Public Aid Code or from other federal, State or local government-funded programs. The court shall, in any event and regardless of the amount of the non-custodial parent's net income, in its judgment order the non-custodial parent to pay child support to the custodial parent in a minimum amount of not less than $10 per month. In an action brought within 2 years after a child's birth, the judgment or order may direct either parent to pay the reasonable expenses incurred by either parent related to the mother's pregnancy and the delivery of the child. The judgment or order shall contain the father's social security number, which the father shall disclose to the court; however, failure to include the father's social security number on the judgment or order does not invalidate the judgment or order.

(2) If a judgment of parentage contains no explicit award of custody, the establishment of a support obligation or of visitation rights in one parent shall be considered a judgment granting custody to the other parent. If the parentage judgment contains no such provisions, custody shall be presumed to be with the mother; however, the presumption shall not apply if the father has had physical custody for at least 6 months prior to the date that the mother seeks to enforce custodial rights.

(b) The court shall order all child support payments, determined in accordance with such guidelines, to commence with the date summons is served. The level of current periodic support payments shall not be reduced because of payments set for the period prior to the date of entry of the support order. The Court may order any child support payments to be

New matter indicated by italics - deletions by strikeout
made for a period prior to the commencement of the action. In determining whether and the extent to which the payments shall be made for any prior period, the court shall consider all relevant facts, including the factors for determining the amount of support specified in the Illinois Marriage and Dissolution of Marriage Act and other equitable factors including but not limited to:

(1) The father's prior knowledge of the fact and circumstances of the child's birth.
(2) The father's prior willingness or refusal to help raise or support the child.
(3) The extent to which the mother or the public agency bringing the action previously informed the father of the child's needs or attempted to seek or require his help in raising or supporting the child.
(4) The reasons the mother or the public agency did not file the action earlier.
(5) The extent to which the father would be prejudiced by the delay in bringing the action.

For purposes of determining the amount of child support to be paid for any period before the date the order for current child support is entered, there is a rebuttable presumption that the father's net income for the prior period was the same as his net income at the time the order for current child support is entered.

If (i) the non-custodial parent was properly served with a request for discovery of financial information relating to the non-custodial parent's ability to provide child support, (ii) the non-custodial parent failed to comply with the request, despite having been ordered to do so by the court, and (iii) the non-custodial parent is not present at the hearing to determine support despite having received proper notice, then any relevant financial information concerning the non-custodial parent's ability to provide child support that was obtained pursuant to subpoena and proper notice shall be admitted into evidence without the need to establish any further foundation for its admission.

New matter indicated by italics - deletions by strikeout
(c) Any new or existing support order entered by the court under this Section shall be deemed to be a series of judgments against the person obligated to pay support thereunder, each judgment to be in the amount of each payment or installment of support and each such judgment to be deemed entered as of the date the corresponding payment or installment becomes due under the terms of the support order. Each judgment shall have the full force, effect and attributes of any other judgment of this State, including the ability to be enforced. A lien arises by operation of law against the real and personal property of the noncustodial parent for each installment of overdue support owed by the noncustodial parent.

(d) If the judgment or order of the court is at variance with the child's birth certificate, the court shall order that a new birth certificate be issued under the Vital Records Act.

(e) On request of the mother and the father, the court shall order a change in the child's name. After hearing evidence the court may stay payment of support during the period of the father's minority or period of disability.

(f) If, upon a showing of proper service, the father fails to appear in court, or otherwise appear as provided by law, the court may proceed to hear the cause upon testimony of the mother or other parties taken in open court and shall enter a judgment by default. The court may reserve any order as to the amount of child support until the father has received notice, by regular mail, of a hearing on the matter.

(g) A one-time charge of 20% is imposable upon the amount of past-due child support owed on July 1, 1988 which has accrued under a support order entered by the court. The charge shall be imposed in accordance with the provisions of Section 10-21 of the Illinois Public Aid Code and shall be enforced by the court upon petition.

(h) All orders for support, when entered or modified, shall include a provision requiring the non-custodial parent to notify the court and, in cases in which party is receiving child support enforcement services under Article X of the Illinois Public Aid Code, the Illinois Department of Public Aid, within 7 days, (i) of the name and address of any new employer of the non-custodial parent, (ii) whether the non-custodial parent has access to

New matter indicated by italics - deletions by strikeout
health insurance coverage through the employer or other group coverage and, if so, the policy name and number and the names of persons covered under the policy, and (iii) of any new residential or mailing address or telephone number of the non-custodial parent. In any subsequent action to enforce a support order, upon a sufficient showing that a diligent effort has been made to ascertain the location of the non-custodial parent, service of process or provision of notice necessary in the case may be made at the last known address of the non-custodial parent in any manner expressly provided by the Code of Civil Procedure or this Act, which service shall be sufficient for purposes of due process.

(i) An order for support shall include a date on which the current support obligation terminates. The termination date shall be no earlier than the date on which the child covered by the order will attain the age of 18. However, if the child will not graduate from high school until after attaining the age of 18, then the termination date shall be no earlier than the earlier of the date on which the child's high school graduation will occur or the date on which the child will attain the age of 19. The order for support shall state that the termination date does not apply to any arrearage that may remain unpaid on that date. Nothing in this subsection shall be construed to prevent the court from modifying the order or terminating the order in the event the child is otherwise emancipated.

(i-5) If there is an unpaid arrearage or delinquency (as those terms are defined in the Income Withholding for Support Act) equal to at least one month's support obligation on the termination date stated in the order for support or, if there is no termination date stated in the order, on the date the child attains the age of majority or is otherwise emancipated, the periodic amount required to be paid for current support of that child immediately prior to that date shall automatically continue to be an obligation, not as current support but as periodic payment toward satisfaction of the unpaid arrearage or delinquency. That periodic payment shall be in addition to any periodic payment previously required for satisfaction of the arrearage or delinquency. The total periodic amount to be paid toward satisfaction of the arrearage or delinquency may be enforced and collected by any method provided by law for enforcement.

and collection of child support, including but not limited to income withholding under the Income Withholding for Support Act. Each order for support entered or modified on or after the effective date of this amendatory Act of the 93rd General Assembly must contain a statement notifying the parties of the requirements of this subsection. Failure to include the statement in the order for support does not affect the validity of the order or the operation of the provisions of this subsection with regard to the order. This subsection shall not be construed to prevent or affect the establishment or modification of an order for support of a minor child or the establishment or modification of an order for support of a non-minor child or educational expenses under Section 513 of the Illinois Marriage and Dissolution of Marriage Act.

   (j) An order entered under this Section shall include a provision requiring the obligor to report to the obligee and to the clerk of court within 10 days each time the obligor obtains new employment, and each time the obligor's employment is terminated for any reason. The report shall be in writing and shall, in the case of new employment, include the name and address of the new employer. Failure to report new employment or the termination of current employment, if coupled with nonpayment of support for a period in excess of 60 days, is indirect criminal contempt. For any obligor arrested for failure to report new employment bond shall be set in the amount of the child support that should have been paid during the period of unreported employment. An order entered under this Section shall also include a provision requiring the obligor and obligee parents to advise each other of a change in residence within 5 days of the change except when the court finds that the physical, mental, or emotional health of a party or that of a minor child, or both, would be seriously endangered by disclosure of the party's address.

Section 5. The Counties Code is amended by changing Section 3-3013 as follows:

(55 ILCS 5/3-3013) (from Ch. 34, par. 3-3013)

Sec. 3-3013. Preliminary investigations; blood and urine analysis; summoning jury. Every coroner, whenever, as soon as he knows or is informed that the dead body of any person is found, or lying within his county, whose death is suspected of being:

(a) A sudden or violent death, whether apparently suicidal, homicidal or accidental, including but not limited to deaths apparently caused or contributed to by thermal, traumatic, chemical, electrical or radiational injury, or a complication of any of them, or by drowning or suffocation, or as a result of domestic violence as defined in the Illinois Domestic Violence Act of 1986;

(b) A maternal or fetal death due to abortion, or any death due to a sex crime or a crime against nature;

(c) A death where the circumstances are suspicious, obscure, mysterious or otherwise unexplained or where, in the written opinion of the attending physician, the cause of death is not determined;

(d) A death where addiction to alcohol or to any drug may have been a contributory cause; or

(e) A death where the decedent was not attended by a licensed physician;

shall go to the place where the dead body is, and take charge of the same and shall make a preliminary investigation into the circumstances of the death. In the case of death without attendance by a licensed physician the body may be moved with the coroner's consent from the place of death to a mortuary in the same county. Coroners in their discretion shall notify such
physician as is designated in accordance with Section 3-3014 to attempt to ascertain the cause of death, either by autopsy or otherwise.

In cases of accidental death involving a motor vehicle in which the decedent was (1) the operator or a suspected operator of a motor vehicle, or (2) a pedestrian 16 years of age or older, the coroner shall require that a blood specimen of at least 30 cc., and if medically possible a urine specimen of at least 30 cc. or as much as possible up to 30 cc., be withdrawn from the body of the decedent in a timely fashion after the accident causing his death, by such physician as has been designated in accordance with Section 3-3014, or by the coroner or deputy coroner or a qualified person designated by such physician, coroner, or deputy coroner. If the county does not maintain laboratory facilities for making such analysis, the blood and urine so drawn shall be sent to the Department of State Police or any other accredited or State-certified laboratory for analysis of the alcohol, carbon monoxide, and dangerous or narcotic drug content of such blood and urine specimens. Each specimen submitted shall be accompanied by pertinent information concerning the decedent upon a form prescribed by such laboratory. Any person drawing blood and urine and any person making any examination of the blood and urine under the terms of this Division shall be immune from all liability, civil or criminal, that might otherwise be incurred or imposed.

In all other cases coming within the jurisdiction of the coroner and referred to in subparagraphs (a) through (e) above, blood, and whenever possible, urine samples shall be analyzed for the presence of alcohol and other drugs. When the coroner suspects that drugs may have been involved in the death, either directly or indirectly, a toxicological examination shall be performed which may include analyses of blood, urine, bile, gastric contents and other tissues. When the coroner suspects a death is due to toxic substances, other than drugs, the coroner shall consult with the toxicologist prior to collection of samples. Information submitted to the toxicologist shall include information as to height, weight, age, sex and race of the decedent as well as medical history, medications used by and the manner of death of decedent.
In all counties except those that have a jury commission, in cases of apparent suicide, homicide, or accidental death or in other cases, within the discretion of the coroner, the coroner **may** summon 8 persons of lawful age from those persons drawn for petit jurors in the county. The summons shall command these persons to present themselves personally at such a place and time as the coroner shall determine, and may be in any form which the coroner shall determine and may incorporate any reasonable form of request for acknowledgement which the coroner deems practical and provides a reliable proof of service. The summons may be served by first class mail. From the 8 persons so summoned, the coroner shall select 6 to serve as the jury for the inquest. Inquests may be continued from time to time, as the coroner may deem necessary. The 6 jurors selected in a given case may view the body of the deceased. If at any continuation of an inquest one or more of the original jurors shall be unable to continue to serve, the coroner shall fill the vacancy or vacancies. A juror serving pursuant to this paragraph shall receive compensation from the county at the same rate as the rate of compensation that is paid to petit or grand jurors in the county. The coroner shall furnish to each juror without fee at the time of his discharge a certificate of the number of days in attendance at an inquest, and, upon being presented with such certificate, the county treasurer shall pay to the juror the sum provided for his services.

In counties which have a jury commission, in cases of apparent suicide or homicide or of accidental death, the coroner **shall**, and in other cases in his discretion **may**, conduct an inquest. The jury commission shall provide at least 8 jurors to the coroner, from whom the coroner shall select any 6 to serve as the jury for the inquest. Inquests may be continued from time to time as the coroner may deem necessary. The 6 jurors originally chosen in a given case may view the body of the deceased. If at any continuation of an inquest one or more of the 6 jurors originally chosen shall be unable to continue to serve, the coroner shall fill the vacancy or vacancies. At the coroner's discretion, additional jurors to fill such vacancies shall be supplied by the jury commission. the county at the same rate as the rate of compensation that is paid to petit or grand jurors in the county.

In addition, in every case in which domestic violence is determined to be a contributing factor in a death, the coroner shall report the death to the Department of State Police.

All deaths in State institutions and all deaths of wards of the State in private care facilities or in programs funded by the Department of Human Services under its powers relating to mental health and developmental disabilities or alcoholism and substance abuse or funded by the Department of Children and Family Services shall be reported to the coroner of the county in which the facility is located. If the coroner has reason to believe that an investigation is needed to determine whether the death was caused by maltreatment or negligent care of the ward of the State, the coroner may conduct a preliminary investigation of the circumstances of such death as in cases of death under circumstances set forth in paragraphs (a) through (e) of this Section.

Any vehicle of this type manufactured after the model year of 2014 or first registered in Illinois after December 31, 2014 may not exceed a combined weight of 32,000 pounds through the series of 2 axles and neither axle of the series may exceed 18,000 pounds;

(11) 4-axle vehicles or a 5 or more axle combination of vehicles: The weight transmitted upon the road surface through any series of 3 axles whose centers are more than 96 inches apart, measured between extreme axles in the series, may not exceed those allowed in the table contained in subsection (f) of this Section. No axle or tandem axle of the series may exceed the maximum weight permitted under this Section for a single or tandem axle.

No vehicle or combination of vehicles equipped with other than pneumatic tires may be operated, unladen or with load, upon the highways of this State when the gross weight on the road surface through any wheel exceeds 800 pounds per inch width of tire tread or when the gross weight on the road surface through any axle exceeds 16,000 pounds.

(b) On non-designated highways, the gross weight of vehicles and combination of vehicles including the weight of the vehicle or combination and its maximum load shall be subject to the foregoing limitations and further shall not exceed the following gross weights.

A 4-axle truck mixer registered as a Special Hauling Vehicle, used exclusively for mixing and transportation of concrete in the plastic state, manufactured before or in the model year of 2014, and first registered in Illinois before January 1, 2015, is allowed a maximum gross weight listed in the table of subsection (f) of this Section for 4 axles. This vehicle, while loaded with concrete in the plastic state, is not subject to the series of 3 axles requirement provided for in subdivision (a)(11) of this Section, but
no axle or tandem axle of the series may exceed the maximum weight permitted under subdivision (a)(10) of this Section.

(b-1) As used in this Section, a "recycling haul" or "recycling operation" means the hauling of segregated, non-hazardous, non-special, homogeneous non-putrescible materials, such as paper, glass, cans, or plastic, for subsequent use in the secondary materials market.

(c) Cities having a population of more than 50,000 may permit by ordinance axle loads on 2 axle motor vehicles 33 1/2% above those provided for herein, but the increase shall not become effective until the city has officially notified the Department of the passage of the ordinance and shall not apply to those vehicles when outside of the limits of the city, nor shall the gross weight of any 2 axle motor vehicle operating over any street of the city exceed 40,000 pounds.

(d) Weight limitations shall not apply to vehicles (including loads) operated by a public utility when transporting equipment required for emergency repair of public utility facilities or properties or water wells.

A combination of vehicles, including a tow truck and a disabled vehicle or disabled combination of vehicles, that exceeds the weight restriction imposed by this Code, may be operated on a public highway in this State provided that neither the disabled vehicle nor any vehicle being towed nor the tow truck itself shall exceed the weight limitations permitted under this Chapter. During the towing operation, neither the tow truck nor the vehicle combination shall exceed 24,000 pounds on a single rear axle and 44,000 pounds on a tandem rear axle, provided the towing vehicle:

(1) is specifically designed as a tow truck having a gross vehicle weight rating of at least 18,000 pounds and is equipped with air brakes, provided that air brakes are required only if the towing vehicle is towing a vehicle, semitrailer, or tractor-trailer combination that is equipped with air brakes;

(2) is equipped with flashing, rotating, or oscillating amber lights, visible for at least 500 feet in all directions;

(3) is capable of utilizing the lighting and braking systems of the disabled vehicle or combination of vehicles; and

New matter indicated by italics - deletions by strikeout
(4) does not engage in a tow exceeding 20 miles from the initial point of wreck or disablement. Any additional movement of the vehicles may occur only upon issuance of authorization for that movement under the provisions of Sections 15-301 through 15-319 of this Code. The towing vehicle, however, may tow any disabled vehicle from the initial point of wreck or disablement to a point where repairs are actually to occur. This movement shall be valid only on State routes. The tower must abide by posted bridge weight limits.

Gross weight limits shall not apply to the combination of the tow truck and vehicles being towed. The tow truck license plate must cover the operating empty weight of the tow truck only. The weight of each vehicle being towed shall be covered by a valid license plate issued to the owner or operator of the vehicle being towed and displayed on that vehicle. If no valid plate issued to the owner or operator of that vehicle is displayed on that vehicle, or the plate displayed on that vehicle does not cover the weight of the vehicle, the weight of the vehicle shall be covered by the third tow truck plate issued to the owner or operator of the tow truck and temporarily affixed to the vehicle being towed.

The Department may by rule or regulation prescribe additional requirements. However, nothing in this Code shall prohibit a tow truck under instructions of a police officer from legally clearing a disabled vehicle, that may be in violation of weight limitations of this Chapter, from the roadway to the berm or shoulder of the highway. If in the opinion of the police officer that location is unsafe, the officer is authorized to have the disabled vehicle towed to the nearest place of safety.

For the purpose of this subsection, gross vehicle weight rating, or GVWR, shall mean the value specified by the manufacturer as the loaded weight of the tow truck.

(e) No vehicle or combination of vehicles equipped with pneumatic tires shall be operated, unladen or with load, upon the highways of this State in violation of the provisions of any permit issued under the provisions of Sections 15-301 through 15-319 of this Chapter.
(f) On designated Class I, II, or III highways and the National System of Interstate and Defense Highways, no vehicle or combination of vehicles with pneumatic tires may be operated, unladen or with load, when the total weight on the road surface exceeds the following: 20,000 pounds on a single axle; 34,000 pounds on a tandem axle with no axle within the tandem exceeding 20,000 pounds; 80,000 pounds gross weight for vehicle combinations of 5 or more axles; or a total weight on a group of 2 or more consecutive axles in excess of that weight produced by the application of the following formula: \( W = 500 \times \left( \frac{LN}{N-1} \right) + 12N + 36 \), where "W" equals overall total weight on any group of 2 or more consecutive axles to the nearest 500 pounds, "L" equals the distance measured to the nearest foot between extremes of any group of 2 or more consecutive axles, and "N" equals the number of axles in the group under consideration.

The above formula when expressed in tabular form results in allowable loads as follows:

If the distance between 2 axles is 96 inches or less, the 2 axles are tandem axles and the maximum total weight may not exceed 34,000 pounds, notwithstanding the higher limit resulting from the application of the formula.

Vehicles not in a combination having more than 4 axles may not exceed the weight in the table in this subsection (f) for 4 axles measured between the extreme axles of the vehicle.

Vehicles in a combination having more than 6 axles may not exceed the weight in the table in this subsection (f) for 6 axles measured between the extreme axles of the combination.

Local authorities, with respect to streets and highways under their jurisdiction, without additional fees, may also by ordinance or resolution allow the weight limitations of this subsection, provided the maximum gross weight on any one axle shall not exceed 20,000 pounds and the maximum total weight on any tandem axle shall not exceed 34,000 pounds, on designated highways when appropriate regulatory signs giving notice are erected upon the street or highway or portion of any street or highway affected by the ordinance or resolution.

The following are exceptions to the above formula:

(1) Two consecutive sets of tandem axles may carry a total weight of 34,000 pounds each if the overall distance between the first and last axles of the consecutive sets of tandem axles is 36 feet or more.

(2) Vehicles for which a different limit is established and posted in accordance with Section 15-316 of this Code.

(3) Vehicles for which the Department of Transportation and local authorities issue overweight permits under authority of Section 15-301 of this Code. These vehicles are not subject to the bridge formula.

(4) Tow trucks subject to the conditions provided in subsection (d) may not exceed 24,000 pounds on a single rear axle or 44,000 pounds on a tandem rear axle.

(5) A tandem axle on a 3-axle truck registered as a Special Hauling Vehicle, manufactured prior to or in the model year of 2014, and registered in Illinois prior to January 1, 2015, with a distance between 2 axles in a series greater than 72 inches but not more than 96 inches may not exceed a total weight of 36,000 pounds and neither axle of the series may exceed 18,000 pounds.

(6) A truck not in combination, equipped with a self compactor or an industrial roll-off hoist and roll-off container, used exclusively for garbage, refuse, or recycling operations, may, when laden, transmit upon the road surface, except when on part of the National System of Interstate and Defense Highways, the following maximum weights: 22,000 pounds on a single axle; 40,000 pounds on a tandem axle; 36,000 pounds gross weight on a 2-axle vehicle; 54,000 pounds gross weight on a 3-axle vehicle. This vehicle is not subject to the bridge formula.

(7) Combinations of vehicles, registered as Special Hauling Vehicles that include a semitrailer manufactured prior to or in the model year of 2014, and registered in Illinois prior to January 1, 2015, having 5 axles with a distance of 42 feet or less between extreme axles, may not exceed the following maximum weights: 18,000 pounds on a single axle; 32,000 pounds on a tandem axle; and 72,000 pounds gross weight. This combination of vehicles is not subject to the bridge formula. For all those combinations of vehicles that include a semitrailer manufactured after the effective date of this amendatory Act of the 92nd General Assembly, the
overall distance between the first and last axles of the 2 sets of tandems must be 18 feet 6 inches or more. Any combination of vehicles that has had its cargo container replaced in its entirety after December 31, 2014 may not exceed the weights allowed by the bridge formula.

(8) A 4-axle truck mixer registered as a Special Hauling Vehicle, used exclusively for the mixing and transportation of concrete in the plastic state, manufactured before or in the model year of 2014, first registered in Illinois before January 1, 2015, and not operated on a highway that is part of the National System of Interstate Highways, is allowed the following maximum weights: 20,000 pounds on any single axle; 36,000 pounds on a series of axles greater than 72 inches but not more than 96 inches; and 34,000 pounds on any series of 2 axles greater than 40 inches but not more than 72 inches. The gross weight of this vehicle may not exceed the weights allowed by the bridge formula for 4 axles. The bridge formula does not apply to any series of 3 axles while the vehicle is transporting concrete in the plastic state, but no axle or tandem axle of the series may exceed the maximum weight permitted under this subsection (f).

No vehicle or combination of vehicles equipped with other than pneumatic tires may be operated, unladen or with load, upon the highways of this State when the gross weight on the road surface through any wheel exceeds 800 pounds per inch width of tire tread or when the gross weight on the road surface through any axle exceeds 16,000 pounds.

(f-1) A vehicle and load not exceeding 73,280 pounds is allowed access as follows:

(1) From any State designated highway onto any county, township, or municipal highway for a distance of 5 highway miles for the purpose of loading and unloading, provided:

(A) The vehicle and load does not exceed 8 feet 6 inches in width and 65 feet overall length.

(B) There is no sign prohibiting that access.

(C) The route is not being used as a thoroughfare between State designated highways.

(2) From any State designated highway onto any county or township highway for a distance of 5 highway miles, or any municipal highway for a distance of one highway mile for the purpose of food, fuel, repairs, and rest, provided:

(A) The vehicle and load does not exceed 8 feet 6 inches in width and 65 feet overall length.

(B) There is no sign prohibiting that access.

(C) The route is not being used as a thoroughfare between State designated highways.

(f-2) A vehicle and load greater than 73,280 pounds in weight but not exceeding 80,000 pounds is allowed access as follows:

(1) From a Class I highway onto any street or highway for a distance of one highway mile for the purpose of loading, unloading, food, fuel, repairs, and rest, provided there is no sign prohibiting that access.

(2) From a Class I, II, or III highway onto any State highway or any local designated highway for a distance of 5 highway miles for the purpose of loading, unloading, food, fuel, repairs, and rest.

Section 5-35 of the Illinois Administrative Procedure Act relating to procedures for rulemaking shall not apply to the designation of highways under this subsection.

(g) No person shall operate a vehicle or combination of vehicles over a bridge or other elevated structure constituting part of a highway with a gross weight that is greater than the maximum weight permitted by the Department, when the structure is sign posted as provided in this Section.

(h) The Department upon request from any local authority shall, or upon its own initiative may, conduct an investigation of any bridge or other elevated structure constituting a part of a highway, and if it finds that the structure cannot with safety to itself withstand the weight of vehicles otherwise permissible under this Code the Department shall determine and

declare the maximum weight of vehicles that the structures can withstand, and shall cause or permit suitable signs stating maximum weight to be erected and maintained before each end of the structure. No person shall operate a vehicle or combination of vehicles over any structure with a gross weight that is greater than the posted maximum weight.

(i) Upon the trial of any person charged with a violation of subsections (g) or (h) of this Section, proof of the determination of the maximum allowable weight by the Department and the existence of the signs, constitutes conclusive evidence of the maximum weight that can be maintained with safety to the bridge or structure.

AN ACT concerning education.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Section 18-17 as follows:

(105 ILCS 5/18-17) (from Ch. 122, par. 18-17)

Sec. 18-17. The State Board of Education shall provide the loan of secular textbooks listed for use by the State Board of Education free of charge to any student in this State who is enrolled in grades kindergarten through 12 at a public school or at a school other than a public school which is in compliance with the compulsory attendance laws of this State and Title VI of the Civil Rights Act of 1964. The foregoing service shall be provided directly to the students at their request or at the request of their parents or guardians. The State Board of Education shall adopt appropriate regulations to administer this Section and to facilitate the

equitable participation of all students eligible for benefits hereunder, including provisions authorizing the exchange, trade or transfer of loaned secular textbooks between schools or school districts for students enrolled in such schools or districts. The bonding requirements of Sections 28-1 and 28-2 of this Code do not apply to the loan of secular textbooks under this Section. After secular textbooks have been on loan under this Section for a period of 5 years or more, such textbooks may be disposed of by school districts in such manner as their respective school boards shall determine following written notification to the State Board of Education and expiration of a reasonable waiting period not to exceed 30 days. Loaned textbooks may not be disposed of out-of-State or sold without the prior approval of the State Board of Education.

As used in this Section, "textbook" means any book or book substitute which a pupil uses as a text or text substitute in a particular class or program. Section 5. The State Finance Act is amended by adding Section 5.663 as follows:

New matter indicated by italics - deletions by strikeout
Sec. 5.663. The Financial Literacy Fund.
Section 10. The School Code is amended by changing Section 27-12.1 as follows:

(105 ILCS 5/27-12.1) (from Ch. 122, par. 27-12.1)
Sec. 27-12.1. Consumer education.

(a) Subject to the provisions of subsection (b) of this Section, pupils in the public schools in grades 9 through 12 shall be taught and be required to study courses which include instruction in the area of consumer education, including but not necessarily limited to (i) understanding the basic concepts of financial literacy, including installment purchasing (including credit scoring, managing credit debt, and completing a loan application), budgeting, savings and investing, banking (including balancing a checkbook, opening a deposit account, and the use of interest rates), understanding simple contracts, State and federal income taxes, personal insurance policies, and the comparison of prices, and (ii) an understanding of the roles of consumers interacting with agriculture, business, labor unions and government in formulating and achieving the goals of the mixed free enterprise system. The State Board of Education shall devise or approve the consumer education curriculum for grades 9 through 12 and specify the minimum amount of instruction to be devoted thereto.

(b) Prior to the commencement of the 1986-1987 school year and prior to the commencement of each school year thereafter, the State Board of Education shall devise, develop and furnish to each school district within the State a uniform Annual Consumer Education Proficiency Test to be administered by each school district to those pupils of the district in grades 9 through 12 who elect to take the same, provided that no pupil shall be permitted to take the test more than once in any school year. Each year the State Board of Education shall by rule prescribe the date or dates during the school year on which school districts shall administer the test devised and developed for that school year, together with the uniform standards which all districts shall apply in scoring that test. The test shall be devised and developed by the State Board of Education each year in a
standardized manner to allow any pupil who takes the same and who achieves a score thereon which is not less than the minimum score established by the State Board of Education for the test so taken to thereby demonstrate sufficient proficiency in the area of consumer education as shall excuse such pupil from the necessity of receiving, as a prerequisite to graduation from high school and receipt of a high school diploma, the minimum amount of instruction in a consumer education curriculum otherwise required by subsection (a) and the rules or regulations promulgated thereunder. For purposes of this subsection, "proficiency" is defined to mean that a pupil is competent in and has a well advanced knowledge of consumer education so that study of the course of instruction required by this Section would not be substantially educationally beneficial as determined by the State Board of Education when developing the uniform standards and minimum score requirements of this Section.

(c) The Financial Literacy Fund is created as a special fund in the State treasury. State funds and private contributions for the promotion of financial literacy shall be deposited into the Financial Literacy Fund. All money in the Financial Literacy Fund shall be used, subject to appropriation, by the State Board of Education to award grants to school districts for the following:

(1) Defraying the costs of financial literacy training for teachers.

(2) Rewarding a school or teacher who wins or achieves results at a certain level of success in a financial literacy competition.

(3) Rewarding a student who wins or achieves results at a certain level of success in a financial literacy competition.

(4) Funding activities, including books, games, field trips, computers, and other activities, related to financial literacy education. In awarding grants, every effort must be made to ensure that all geographic areas of the State are represented.

The Secretary shall also inform each applicant or licensee of this format, describe the procedure for its execution, and may offer the necessary witnesses; provided that in so doing, the Secretary shall advise the applicant or licensee that he or she is under no compulsion to execute a document of gift. A brochure explaining this method of executing an anatomical gift document shall be given to each applicant or licensee. The brochure shall advise the applicant or licensee that he or she is under no compulsion to execute a document of gift, and that he or she may wish to consult with family, friends or clergy before doing so. All other driving privileges shall be suspended by the Secretary of State. Any driver prior to operating a vehicle for occupational purposes only must submit the affidavit on forms to be provided by the Secretary of State setting forth the facts of the person's occupation. The affidavit shall also state the number of offenses committed while operating a vehicle in connection with the driver's regular occupation. The affidavit shall be accompanied by the driver's license. Upon receipt of a properly completed affidavit, the Secretary of State shall issue the driver a permit to operate a vehicle in connection with the driver's regular occupation only. Unless the permit is issued by the Secretary of State prior to the date of suspension, the privilege to drive any motor vehicle shall be suspended as set forth in the notice that was mailed under this Section. If an affidavit is received subsequent to the effective date of this suspension, a permit may be issued for the remainder of the suspension period.
The provisions of this subparagraph shall not apply to any driver required to possess a CDL for the purpose of operating a commercial motor vehicle.

Any person who falsely states any fact in the affidavit required herein shall be guilty of perjury under Section 6-302 and upon conviction thereof shall have all driving privileges revoked without further rights.

3. If the Secretary of State does not rescind the order, the Secretary may upon application, to relieve undue hardship, issue a restricted driving permit granting the privilege of driving a motor vehicle between the petitioner's residence and petitioner's place of employment or within the scope of his employment related duties, or to allow transportation for the petitioner, or a household member of the petitioner's family, to receive necessary medical care and if the professional evaluation indicates, provide transportation for alcohol remedial or rehabilitative activity, or for the petitioner to attend classes, as a student, in an accredited educational institution; if the petitioner is able to demonstrate that no alternative means of transportation is reasonably available and the petitioner will not endanger the public safety or welfare.

conviction of violating Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense, and a statutory summary suspension under Section 11-501.1, or 2 or more statutory summary suspensions, or combination of 2 offenses, or of an offense and a statutory summary suspension, arising out of separate occurrences, that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1. The person must pay to the Secretary of State DUI Administration Fund an amount not to exceed $20 per month. The Secretary shall establish by rule the amount and the procedures, terms, and conditions relating to these fees. If the restricted driving permit was issued for employment purposes, then this provision does not apply to the operation of an occupational vehicle owned or leased by that person's employer. In each case the Secretary may issue a restricted driving permit for a period deemed appropriate, except that all permits shall expire within one year from the date of issuance. The Secretary may not, however, issue a restricted driving permit to any person whose current revocation is the result of a second or subsequent conviction for a violation of Section 11-501 of this Code or a similar provision of a local ordinance relating to the offense of operating or being in physical control of a motor vehicle while under the influence of alcohol, other drug or drugs, intoxicating compound or compounds, or any similar out-of-state offense, or any combination of those offenses, until the expiration of at least one year from the date of the revocation. A restricted driving permit issued under this Section shall be subject to cancellation, revocation, and suspension by the Secretary of State in like manner and for like cause as a driver's license issued under this Code may be cancelled, revoked, or suspended; except that a conviction upon one or more offenses against laws or ordinances regulating the movement of traffic shall be deemed sufficient cause for the revocation, suspension, or cancellation of a restricted driving permit. The Secretary of State may, as a condition to the

issuance of a restricted driving permit, require the applicant to participate in a designated driver remedial or rehabilitative program. The Secretary of State is authorized to cancel a restricted driving permit if the permit holder does not successfully complete the program.

(c-5) The Secretary of State may, as a condition of the reissuance of a driver's license or permit to an applicant whose driver's license or permit has been suspended before he or she reached the age of 18 years pursuant to any of the provisions of this Section, require the applicant to participate in a driver remedial education course and be retested under Section 6-109 of this Code.

(d) This Section is subject to the provisions of the Drivers License Compact.

(e) The Secretary of State shall not issue a restricted driving permit to a person under the age of 16 years whose driving privileges have been suspended or revoked under any provisions of this Code.

(f) In accordance with 49 C.F.R. 384, the Secretary of State may not issue a restricted driving permit for the operation of a commercial motor vehicle to a person holding a CDL whose driving privileges have been suspended or revoked under any provisions of this Code.

Sec. 6-206.1. Judicial Driving Permit. Declaration of Policy. It is hereby declared a policy of the State of Illinois that the driver who is impaired by alcohol, other drug or drugs, or intoxicating compound or compounds is a threat to the public safety and welfare. Therefore, to provide a deterrent to such practice and to remove problem drivers from the highway, a statutory summary driver's license suspension is appropriate. It is also recognized that driving is a privilege and therefore, that in some cases the granting of limited driving privileges, where consistent with public safety, is warranted during the period of suspension in the form of a judicial driving permit to drive for the purpose of

employment, receiving drug treatment or medical care, and educational pursuits, where no alternative means of transportation is available.

The following procedures shall apply whenever a first offender is arrested for any offense as defined in Section 11-501 or a similar provision of a local ordinance:

(a) Subsequent to a notification of a statutory summary suspension of driving privileges as provided in Section 11-501.1, the first offender as defined in Section 11-500 may petition the circuit court of venue for a Judicial Driving Permit, hereinafter referred as a JDP, to relieve undue hardship. The court may issue a court order, pursuant to the criteria contained in this Section, directing the Secretary of State to issue such a JDP to the petitioner. A JDP shall not become effective prior to the 31st day of the original statutory summary suspension and shall always be subject to the following criteria:

1. If ordered for the purposes of employment, the JDP shall be only for the purpose of providing the petitioner the privilege of driving a motor vehicle between the petitioner's residence and the petitioner's place of employment and return; or within the scope of the petitioner's employment related duties, shall be effective only during and limited to those specific times and routes actually required to commute or perform the petitioner's employment related duties.

2. The court, by a court order, may also direct the Secretary of State to issue a JDP to allow transportation for the petitioner, or a household member of the petitioner's family, to receive alcohol, drug, or intoxicating compound treatment or medical care, if the petitioner is able to demonstrate that no alternative means of transportation is reasonably available. Such JDP shall be effective only during the specific times actually required to commute.

3. The court, by a court order, may also direct the Secretary of State to issue a JDP to allow transportation by the petitioner for educational purposes upon demonstrating that there are no alternative means of transportation reasonably available to accomplish those educational purposes. Such JDP shall be only for
the purpose of providing transportation to and from the petitioner's residence and the petitioner's place of educational activity, and only during the specific times and routes actually required to commute or perform the petitioner's educational requirement.

4. The Court shall not issue an order granting a JDP to:

   (i) Any person unless and until the court, after considering the results of a current professional evaluation of the person's alcohol or other drug use by an agency pursuant to Section 15-10 of the Alcoholism and Other Drug Abuse and Dependency Act and other appropriate investigation of the person, is satisfied that granting the privilege of driving a motor vehicle on the highways will not endanger the public safety or welfare.

   (ii) Any person who has been convicted of reckless homicide within the previous 5 years.

   (iii) Any person whose privilege to operate a motor vehicle was invalid at the time of arrest for the current violation of Section 11-501, or a similar provision of a local ordinance, except in cases where the cause for a driver's license suspension has been removed at the time a JDP is effective. In any case, should the Secretary of State enter a suspension or revocation of driving privileges pursuant to the provisions of this Code while the JDP is in effect or pending, the Secretary shall take the prescribed action and provide a notice to the person and the court ordering the issuance of the JDP that all driving privileges, including those provided by the issuance of the JDP, have been withdrawn.

   (iv) Any person under the age of 18 years.

   (v) Any person for the operation of a commercial motor vehicle if the person's driving privileges have been suspended under any provision of this Code in accordance with 49 C.F.R. Part 384.

(b) Prior to ordering the issuance of a JDP the Court should consider at least, but not be limited to, the following issues:

1. Whether the person is employed and no other means of commuting to the place of employment is available or that the person must drive as a condition of employment. The employer shall certify the hours of employment and the need and parameters necessary for driving as a condition to employment.
2. Whether the person must drive to secure alcohol or other medical treatment for himself or a family member.
3. Whether the person must drive for educational purposes. The educational institution shall certify the person's enrollment in and academic schedule at the institution.
4. Whether the person has been repeatedly convicted of traffic violations or involved in motor vehicle accidents to a degree which indicates disrespect for public safety.
5. Whether the person has been convicted of a traffic violation in connection with a traffic accident resulting in the death of any person within the last 5 years.
6. Whether the person is likely to obey the limited provisions of the JDP.
7. Whether the person has any additional traffic violations pending in any court.

For purposes of this Section, programs conducting professional evaluations of a person's alcohol, other drug, or intoxicating compound use must report, to the court of venue, using a form prescribed by the Secretary of State. A copy of such evaluations shall be sent to the Secretary of State by the court. However, the evaluation information shall be privileged and only available to courts and to the Secretary of State, but shall not be admissible in the subsequent trial on the underlying charge.

(c) The scope of any court order issued for a JDP under this Section shall be limited to the operation of a motor vehicle as provided for in subsection (a) of this Section and shall specify the petitioner's residence, place of employment or location of educational institution, and the scope of job related duties, if relevant. The JDP shall also specify days of the

week and specific hours of the day when the petitioner is able to exercise the limited privilege of operating a motor vehicle.

(c-1) If the petitioner is issued a citation for a violation of Section 6-303 during the period of a statutory summary suspension entered under Section 11-501.1 of this Code, or if the petitioner is charged with a violation of Section 11-501 or a similar provision of a local ordinance or a similar out of state offense which occurs after the current violation of Section 11-501 or a similar provision of a local ordinance, the court may not grant the petitioner a JDP unless the petitioner is acquitted or the citation or complaint is otherwise dismissed.

If the petitioner is issued a citation for a violation of Section 6-303 or a violation of Section 11-501 or a similar provision of a local ordinance or a similar out of state offense during the term of the JDP, the officer issuing the citation, or the law enforcement agency employing that officer, shall confiscate the JDP and immediately send the JDP and notice of the citation to the court that ordered the issuance of the JDP. Within 10 days of receipt, the issuing court, upon notice to the petitioner, shall conduct a hearing to consider cancellation of the JDP. If the court enters an order of cancellation, the court shall forward the order to the Secretary of State, and the Secretary shall cancel the JDP and notify the petitioner of the cancellation. If, however, the petitioner is convicted of the offense before the JDP has been cancelled, the court of venue shall send notice of conviction to the court that ordered issuance of the JDP. The court receiving the notice shall immediately enter an order of cancellation and forward the order to the Secretary of State. The Secretary shall cancel the JDP and notify the petitioner of the cancellation.

If the petitioner is issued a citation for any other traffic related offense during the term of the JDP, the officer issuing the citation, or the law enforcement agency employing that officer, shall send notice of the citation to the court that ordered issuance of the JDP. Upon receipt and notice to the petitioner and an opportunity for a hearing, the court shall determine whether the violation constitutes grounds for cancellation of the JDP. If the court enters an order of cancellation, the court shall forward the
order to the Secretary of State, and the Secretary shall cancel the JDP and shall notify the petitioner of the cancellation.

(d) The Secretary of State shall, upon receiving a court order from the court of venue, issue a JDP to a successful Petitioner under this Section. Such court order form shall also contain a notification, which shall be sent to the Secretary of State, providing the name, driver's license number and legal address of the successful petitioner, and the full and detailed description of the limitations of the JDP. This information shall be available only to the courts, police officers, and the Secretary of State, except during the actual period the JDP is valid, during which time it shall be a public record. The Secretary of State shall design and furnish to the courts an official court order form to be used by the courts when directing the Secretary of State to issue a JDP.

Any submitted court order that contains insufficient data or fails to comply with this Code shall not be utilized for JDP issuance or entered to the driver record but shall be returned to the issuing court indicating why the JDP cannot be so entered. A notice of this action shall also be sent to the JDP petitioner by the Secretary of State.

(e) The circuit court of venue may conduct the judicial hearing, as provided in Section 2-118.1, and the JDP hearing provided in this Section, concurrently. Such concurrent hearing shall proceed in the court in the same manner as in other civil proceedings.

(f) The circuit court of venue may, as a condition of the issuance of a JDP, prohibit the person from operating a motor vehicle not equipped with an ignition interlock device.

(625 ILCS 5/11-208.3) (from Ch. 95 1/2, par. 11-208.3)
Sec. 11-208.3. Administrative adjudication of violations of traffic regulations concerning the standing, parking, or condition of vehicles.
(a) Any municipality may provide by ordinance for a system of administrative adjudication of vehicular standing and parking violations and vehicle compliance violations as defined in this subsection. The administrative system shall have as its purpose the fair and efficient enforcement of municipal regulations through the administrative adjudication of violations of municipal ordinances regulating the standing and parking of vehicles, the condition and use of vehicle equipment, and the display of municipal wheel tax licenses within the municipality's borders. The administrative system shall only have authority to adjudicate civil offenses carrying fines not in excess of $250 that occur after the effective date of the ordinance adopting such a system under this Section. For purposes of this Section, "compliance violation" means a violation of a municipal regulation governing the condition or use of equipment on a vehicle or governing the display of a municipal wheel tax license.
(b) Any ordinance establishing a system of administrative adjudication under this Section shall provide for:
(1) A traffic compliance administrator authorized to adopt, distribute and process parking and compliance violation notices and other notices required by this Section, collect money paid as fines and penalties for violation of parking and compliance ordinances, and operate an administrative adjudication system. The traffic compliance administrator also may make a certified report to the Secretary of State under Section 6-306.5.
(2) A parking, standing, or compliance violation notice that shall specify the date, time, and place of violation of a parking, standing, or compliance regulation; the particular regulation violated; the fine and any penalty that may be assessed for late payment.

payment, when so provided by ordinance; the vehicle make and state registration number; and the identification number of the person issuing the notice. With regard to municipalities with a population of 1 million or more, it shall be grounds for dismissal of a parking violation if the State registration number or vehicle make specified is incorrect. The violation notice shall state that the payment of the indicated fine, and of any applicable penalty for late payment, shall operate as a final disposition of the violation. The notice also shall contain information as to the availability of a hearing in which the violation may be contested on its merits. The violation notice shall specify the time and manner in which a hearing may be had.

(3) Service of the parking, standing, or compliance violation notice by affixing the original or a facsimile of the notice to an unlawfully parked vehicle or by handing the notice to the operator of a vehicle if he or she is present. A person authorized by ordinance to issue and serve parking, standing, and compliance violation notices shall certify as to the correctness of the facts entered on the violation notice by signing his or her name to the notice at the time of service or in the case of a notice produced by a computerized device, by signing a single certificate to be kept by the traffic compliance administrator attesting to the correctness of all notices produced by the device while it was under his or her control. The original or a facsimile of the violation notice or, in the case of a notice produced by a computerized device, a printed record generated by the device showing the facts entered on the notice, shall be retained by the traffic compliance administrator, and shall be a record kept in the ordinary course of business. A parking, standing, or compliance violation notice issued, signed and served in accordance with this Section, a copy of the notice, or the computer generated record shall be prima facie correct and shall be prima facie evidence of the correctness of the facts shown on the notice. The notice, copy, or computer generated record shall

be admissible in any subsequent administrative or legal proceedings.

(4) An opportunity for a hearing for the registered owner of the vehicle cited in the parking, standing, or compliance violation notice in which the owner may contest the merits of the alleged violation, and during which formal or technical rules of evidence shall not apply; provided, however, that under Section 11-1306 of this Code the lessee of a vehicle cited in the violation notice likewise shall be provided an opportunity for a hearing of the same kind afforded the registered owner. The hearings shall be recorded, and the person conducting the hearing on behalf of the traffic compliance administrator shall be empowered to administer oaths and to secure by subpoena both the attendance and testimony of witnesses and the production of relevant books and papers. Persons appearing at a hearing under this Section may be represented by counsel at their expense. The ordinance may also provide for internal administrative review following the decision of the hearing officer.

(5) Service of additional notices, sent by first class United States mail, postage prepaid, to the address of the registered owner of the cited vehicle as recorded with the Secretary of State or, if any notice to that address is returned as undeliverable, to the last known address recorded in a United States Post Office approved database, or, under Section 11-1306 of this Code, to the lessee of the cited vehicle at the last address known to the lessor of the cited vehicle at the time of lease or, if any notice to that address is returned as undeliverable, to the last known address recorded in a United States Post Office approved database. The service shall be deemed complete as of the date of deposit in the United States mail. The notices shall be in the following sequence and shall include but not be limited to the information specified herein:

(i) A second notice of violation. This notice shall specify the date and location of the violation cited in the parking, standing, or compliance violation notice, the

particular regulation violated, the vehicle make and state registration number, the fine and any penalty that may be assessed for late payment when so provided by ordinance, the availability of a hearing in which the violation may be contested on its merits, and the time and manner in which the hearing may be had. The notice of violation shall also state that failure either to pay the indicated fine and any applicable penalty, or to appear at a hearing on the merits in the time and manner specified, will result in a final determination of violation liability for the cited violation in the amount of the fine or penalty indicated, and that, upon the occurrence of a final determination of violation liability for the failure, and the exhaustion of, or failure to exhaust, available administrative or judicial procedures for review, any unpaid fine or penalty will constitute a debt due and owing the municipality.

(ii) A notice of final determination of parking, standing, or compliance violation liability. This notice shall be sent following a final determination of parking, standing, or compliance violation liability and the conclusion of judicial review procedures taken under this Section. The notice shall state that the unpaid fine or penalty is a debt due and owing the municipality. The notice shall contain warnings that failure to pay any fine or penalty due and owing the municipality within the time specified may result in the municipality's filing of a petition in the Circuit Court to have the unpaid fine or penalty rendered a judgment as provided by this Section, or may result in suspension of the person's drivers license for failure to pay fines or penalties for 10 or more parking violations under Section 6-306.5.

(6) A Notice of impending drivers license suspension. This notice shall be sent to the person liable for any fine or penalty that remains due and owing on 10 or more parking violations. The notice shall state that failure to pay the fine or penalty owing

within 45 days of the notice's date will result in the municipality notifying the Secretary of State that the person is eligible for initiation of suspension proceedings under Section 6-306.5 of this Code. The notice shall also state that the person may obtain a photostatic copy of an original ticket imposing a fine or penalty by sending a self addressed, stamped envelope to the municipality along with a request for the photostatic copy. The notice of impending drivers license suspension shall be sent by first class United States mail, postage prepaid, to the address recorded with the Secretary of State or, if any notice to that address is returned as undeliverable, to the last known address recorded in a United States Post Office approved database.

(7) Final determinations of violation liability. A final determination of violation liability shall occur following failure to pay the fine or penalty after a hearing officer's determination of violation liability and the exhaustion of or failure to exhaust any administrative review procedures provided by ordinance. Where a person fails to appear at a hearing to contest the alleged violation in the time and manner specified in a prior mailed notice, the hearing officer's determination of violation liability shall become final: (A) upon denial of a timely petition to set aside that determination, or (B) upon expiration of the period for filing the petition without a filing having been made.

(8) A petition to set aside a determination of parking, standing, or compliance violation liability that may be filed by a person owing an unpaid fine or penalty. The petition shall be filed with and ruled upon by the traffic compliance administrator in the manner and within the time specified by ordinance. The grounds for the petition may be limited to: (A) the person not having been the owner or lessee of the cited vehicle on the date the violation notice was issued, (B) the person having already paid the fine or penalty for the violation in question, and (C) excusable failure to appear at or request a new date for a hearing. With regard to municipalities with a population of 1 million or more, it shall be
grounds for dismissal of a parking violation if the State registration number or vehicle make specified is incorrect. After the determination of parking, standing, or compliance violation liability has been set aside upon a showing of just cause, the registered owner shall be provided with a hearing on the merits for that violation.

(9) Procedures for non-residents. Procedures by which persons who are not residents of the municipality may contest the merits of the alleged violation without attending a hearing.

(10) A schedule of civil fines for violations of vehicular standing, parking, and compliance regulations enacted by ordinance pursuant to this Section, and a schedule of penalties for late payment of the fines, provided, however, that the total amount of the fine and penalty for any one violation shall not exceed $250, except as provided in subsection (c) of Section 11-1301.3 of this Code.

(11) Other provisions as are necessary and proper to carry into effect the powers granted and purposes stated in this Section.

(c) Any municipality establishing vehicular standing, parking, and compliance regulations under this Section may also provide by ordinance for a program of vehicle immobilization for the purpose of facilitating enforcement of those regulations. The program of vehicle immobilization shall provide for immobilizing any eligible vehicle upon the public way by presence of a restraint in a manner to prevent operation of the vehicle. Any ordinance establishing a program of vehicle immobilization under this Section shall provide:

(1) Criteria for the designation of vehicles eligible for immobilization. A vehicle shall be eligible for immobilization when the registered owner of the vehicle has accumulated the number of unpaid final determinations of parking, standing, or compliance violation liability as determined by ordinance.

(2) A notice of impending vehicle immobilization and a right to a hearing to challenge the validity of the notice by
disproving liability for the unpaid final determinations of parking, standing, or compliance violation liability listed on the notice.

(3) The right to a prompt hearing after a vehicle has been immobilized or subsequently towed without payment of the outstanding fines and penalties on parking, standing, or compliance violations for which final determinations have been issued. An order issued after the hearing is a final administrative decision within the meaning of Section 3-101 of the Code of Civil Procedure.

(4) A post immobilization and post-towing notice advising the registered owner of the vehicle of the right to a hearing to challenge the validity of the impoundment.

(d) Judicial review of final determinations of parking, standing, and compliance violations and final administrative decisions issued after hearings regarding vehicle immobilization and impoundment made under this Section shall be subject to the provisions of the Administrative Review Law.

(e) Any fine, penalty, or part of any fine or any penalty remaining unpaid after the exhaustion of, or the failure to exhaust, administrative remedies created under this Section and the conclusion of any judicial review procedures shall be a debt due and owing the municipality and, as such, may be collected in accordance with applicable law. Payment in full of any fine or penalty resulting from a standing, parking, or compliance violation shall constitute a final disposition of that violation.

(f) After the expiration of the period within which judicial review may be sought for a final determination of parking, standing, or compliance violation, the municipality may commence a proceeding in the Circuit Court for purposes of obtaining a judgment on the final determination of violation. Nothing in this Section shall prevent a municipality from consolidating multiple final determinations of parking, standing, or compliance violation against a person in a proceeding. Upon commencement of the action, the municipality shall file a certified copy or record of the final determination of parking, standing, or compliance violation, which shall be accompanied by a certification that recites facts
sufficient to show that the final determination of violation was issued in accordance with this Section and the applicable municipal ordinance. Service of the summons and a copy of the petition may be by any method provided by Section 2-203 of the Code of Civil Procedure or by certified mail, return receipt requested, provided that the total amount of fines and penalties for final determinations of parking, standing, or compliance violations does not exceed $2500. If the court is satisfied that the final determination of parking, standing, or compliance violation was entered in accordance with the requirements of this Section and the applicable municipal ordinance, and that the registered owner or the lessee, as the case may be, had an opportunity for an administrative hearing and for judicial review as provided in this Section, the court shall render judgment in favor of the municipality and against the registered owner or the lessee for the amount indicated in the final determination of parking, standing, or compliance violation, plus costs. The judgment shall have the same effect and may be enforced in the same manner as other judgments for the recovery of money.

AN ACT concerning regulation

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Nursing and Advanced Practice Nursing Act is amended by changing Section 10-30 as follows:

(225 ILCS 65/10-30)
(Section scheduled to be repealed on January 1, 2008)
Sec. 10-30. Qualifications for licensure.
(a) Each applicant who successfully meets the requirements of this Section shall be entitled to licensure as a Registered Nurse or Licensed Practical Nurse, whichever is applicable.
(b) An applicant for licensure by examination to practice as a registered nurse or licensed practical nurse shall:
   (1) submit a completed written application, on forms provided by the Department and fees as established by the Department;
   (2) for registered nurse licensure, have graduated from a professional nursing education program approved by the Department;
   (2.5) for licensed practical nurse licensure, have graduated from a practical nursing education program approved by the Department;
   (3) have not violated the provisions of Section 10-45 of this Act. The Department may take into consideration any felony conviction of the applicant, but such a conviction shall not operate as an absolute bar to licensure;
   (4) meet all other requirements as established by rule;
   (5) pay, either to the Department or its designated testing service, a fee covering the cost of providing the examination. Failure to appear for the examination on the scheduled date at the time and place specified after the applicant's application for

examination has been received and acknowledged by the Department or the designated testing service shall result in the forfeiture of the examination fee.

If an applicant neglects, fails, or refuses to take an examination or fails to pass an examination for a license under this Act within 3 years after filing the application, the application shall be denied. However, the applicant may make a new application accompanied by the required fee and provide evidence of meeting the requirements in force at the time of the new application.

An applicant may take and successfully complete a Department-approved examination in another jurisdiction. However, an applicant who has never been licensed previously in any jurisdiction that utilizes a Department-approved examination and who has taken and failed to pass the examination within 3 years after filing the application must submit proof of successful completion of a Department-authorized nursing education program or recompletion of an approved registered nursing program or licensed practical nursing program, as appropriate, prior to re-application.

An applicant shall have one year from the date of notification of successful completion of the examination to apply to the Department for a license. If an applicant fails to apply within one year, the applicant shall be required to again take and pass the examination unless licensed in another jurisdiction of the United States within one year of passing the examination.

(c) An applicant for licensure by endorsement who is a registered professional nurse or a licensed practical nurse licensed by examination under the laws of another state or territory of the United States or a foreign country, jurisdiction, territory, or province shall:

1. submit a completed written application, on forms supplied by the Department, and fees as established by the Department;

(2.5) for licensed practical nurse licensure, have graduated from a practical nursing education program approved by the Department;

(3) submit verification of licensure status directly from the United States jurisdiction of licensure, if applicable, as defined by rule;

(4) have passed the examination authorized by the Department;

(5) meet all other requirements as established by rule.

(d) All applicants for registered nurse licensure pursuant to item (2) of subsection (b) and item (2) of subsection (c) of this Section who are graduates of nursing educational programs in a country other than the United States or its territories shall have their nursing education credentials evaluated by a Department-approved nursing credentialing evaluation service. No such applicant may be issued a license under this Act unless the applicant's program is deemed by the nursing credentialing evaluation service to be equivalent to a professional nursing education program approved by the Department. An applicant who has graduated from a nursing educational program outside of the United States or its territories and whose first language is not English shall submit certification of passage of the Test of English as a Foreign Language (TOEFL), as defined by rule. The Department may, upon recommendation from the nursing evaluation service, waive the requirement that the applicant pass the TOEFL examination if the applicant submits verification of the successful completion of a nursing education program conducted in English. The requirements of this subsection (d) may be satisfied by the showing of proof of a certificate from the Certificate Program or the VisaScreen Program of the Commission on Graduates of Foreign Nursing Schools.

(d-5) An applicant licensed in another state or territory who is applying for licensure and has received her or his education in a country other than the United States or its territories shall have her or his nursing education credentials evaluated by a Department-approved nursing credentialing evaluation service. No such applicant may be issued a license

under this Act unless the applicant's program is deemed by the nursing credentialing evaluation service to be equivalent to a professional nursing education program approved by the Department. An applicant who has graduated from a nursing educational program outside of the United States or its territories and whose first language is not English shall submit certification of passage of the Test of English as a Foreign Language (TOEFL), as defined by rule. The Department may, upon recommendation from the nursing evaluation service, waive the requirement that the applicant pass the TOEFL examination if the applicant submits verification of the successful completion of a nursing education program conducted in English or the successful passage of an approved licensing examination given in English. The requirements of this subsection (d-5) may be satisfied by the showing of proof of a certificate from the Certificate Program or the VisaScreen Program of the Commission on Graduates of Foreign Nursing Schools.

(e) (Blank).

(f) Pending the issuance of a license under subsection (c) of this Section, the Department may grant an applicant a temporary license to practice nursing as a registered nurse or as a licensed practical nurse if the Department is satisfied that the applicant holds an active, unencumbered license in good standing in another jurisdiction. If the applicant holds more than one current active license, or one or more active temporary licenses from other jurisdictions, the Department shall not issue a temporary license until it is satisfied that each current active license held by the applicant is unencumbered. The temporary license, which shall be issued no later than 14 working days following receipt by the Department of an application for the temporary license, shall be granted upon the submission of the following to the Department:

(1) a signed and completed application for licensure under subsection (a) of this Section as a registered nurse or a licensed practical nurse;

(2) proof of a current, active license in at least one other jurisdiction and proof that each current active license or temporary
license held by the applicant within the last 5 years is unencumbered;

(3) a signed and completed application for a temporary license; and

(4) the required temporary license fee.

(g) The Department may refuse to issue an applicant a temporary license authorized pursuant to this Section if, within 14 working days following its receipt of an application for a temporary license, the Department determines that:

(1) the applicant has been convicted of a crime under the laws of a jurisdiction of the United States: (i) which is a felony; or (ii) which is a misdemeanor directly related to the practice of the profession, within the last 5 years;

(2) within the last 5 years the applicant has had a license or permit related to the practice of nursing revoked, suspended, or placed on probation by another jurisdiction, if at least one of the grounds for revoking, suspending, or placing on probation is the same or substantially equivalent to grounds in Illinois; or

(3) it intends to deny licensure by endorsement.

For purposes of this Section, an "unencumbered license" means a license against which no disciplinary action has been taken or is pending and for which all fees and charges are paid and current.

(h) The Department may revoke a temporary license issued pursuant to this Section if:

(1) it determines that the applicant has been convicted of a crime under the law of any jurisdiction of the United States that is (i) a felony or (ii) a misdemeanor directly related to the practice of the profession, within the last 5 years;

(2) it determines that within the last 5 years the applicant has had a license or permit related to the practice of nursing revoked, suspended, or placed on probation by another jurisdiction, if at least one of the grounds for revoking, suspending, or placing on probation is the same or substantially equivalent to grounds in Illinois; or

New matter indicated by italics - deletions by strikeout
(3) it determines that it intends to deny licensure by endorsement.

A temporary license shall expire 6 months from the date of issuance. Further renewal may be granted by the Department in hardship cases, as defined by rule and upon approval of the Director. However, a temporary license shall automatically expire upon issuance of the Illinois license or upon notification that the Department intends to deny licensure, whichever occurs first.

(i) Applicants have 3 years from the date of application to complete the application process. If the process has not been completed within 3 years from the date of application, the application shall be denied, the fee forfeited, and the applicant must reapply and meet the requirements in effect at the time of reapplication.

(a) The Governor shall appoint, and the Senate shall confirm, an Inspector General. The Inspector General shall be appointed for a term of 4 years and shall function within the Department of Human Services and report to the Secretary of Human Services and the Governor. The Inspector General shall function independently within the Department of Human Services with respect to the operations of the office, including the performance of investigations and issuance of findings and recommendations. The appropriation for the Office of Inspector General shall be separate from the overall appropriation for the Department of Human Services. The Inspector General shall investigate reports of

New matter indicated by italics - deletions by strikeout
suspected abuse or neglect (as those terms are defined in Section 3 of this Act) of patients or residents in any mental health or developmental disabilities facility operated by the Department of Human Services and shall have authority to investigate and take immediate action on reports of abuse or neglect of recipients, whether patients or residents, in any mental health or developmental disabilities facility or program that is licensed or certified by the Department of Human Services (as successor to the Department of Mental Health and Developmental Disabilities) or that is funded by the Department of Human Services (as successor to the Department of Mental Health and Developmental Disabilities) and is not licensed or certified by any agency of the State. At the specific, written request of an agency of the State other than the Department of Human Services (as successor to the Department of Mental Health and Developmental Disabilities), the Inspector General may cooperate in investigating reports of abuse and neglect of persons with mental illness or persons with developmental disabilities. The Inspector General shall have no supervision over or involvement in routine, programmatic, licensure, or certification operations of the Department of Human Services or any of its funded agencies.

The Inspector General shall promulgate rules establishing minimum requirements for reporting allegations of abuse and neglect and initiating, conducting, and completing investigations. The promulgated rules shall clearly set forth that in instances where 2 or more State agencies could investigate an allegation of abuse or neglect, the Inspector General shall not conduct an investigation that is redundant to an investigation conducted by another State agency. The rules shall establish criteria for determining, based upon the nature of the allegation, the appropriate method of investigation, which may include, but need not be limited to, site visits, telephone contacts, or requests for written responses from agencies. The rules shall also clarify how the Office of the Inspector General shall interact with the licensing unit of the Department of Human Services in investigations of allegations of abuse or neglect. Any allegations or investigations of reports made pursuant to this Act shall remain confidential until a final report is completed. The resident or

patient who allegedly was abused or neglected and his or her legal
guardian shall be informed by the facility or agency of the report of alleged
abuse or neglect. Final reports regarding unsubstantiated or unfounded
allegations shall remain confidential, except that final reports may be
disclosed pursuant to Section 6 of this Act.

When the Office of the Inspector General has substantiated a case
of abuse or neglect, the Inspector General shall include in the final report
any mitigating or aggravating circumstances that were identified during the
investigation. Upon determination that a report of neglect is substantiated,
the Inspector General shall then determine whether such neglect rises to
the level of egregious neglect.

(b) The Inspector General shall, within 24 hours after determining
that a reported allegation of suspected abuse or neglect indicates that any
possible criminal act has been committed or that special expertise is
required in the investigation, immediately notify the Department of State
Police or the appropriate law enforcement entity. The Department of State
Police shall investigate any report from a State-operated facility indicating
a possible murder, rape, or other felony. All investigations conducted by
the Inspector General shall be conducted in a manner designed to ensure
the preservation of evidence for possible use in a criminal prosecution.

(b-5) The Inspector General shall make a determination to accept
or reject a preliminary report of the investigation of alleged abuse or
neglect based on established investigative procedures. Notice of the
Inspector General's determination must be given to the person who claims
to be the victim of the abuse or neglect, to the person or persons alleged to
have been responsible for abuse or neglect, and to the facility or agency.
The facility or agency or the person or persons alleged to have been
responsible for the abuse or neglect and the person who claims to be the
victim of the abuse or neglect may request clarification or reconsideration
based on additional information. For cases where the allegation of abuse or
neglect is substantiated, the Inspector General shall require the facility or
agency to submit a written response. The written response from a facility
or agency shall address in a concise and reasoned manner the actions that
the agency or facility will take or has taken to protect the resident or

patient from abuse or neglect, prevent reoccurrences, and eliminate problems identified and shall include implementation and completion dates for all such action.

(c) The Inspector General shall, within 10 calendar days after the transmittal date of a completed investigation where abuse or neglect is substantiated or administrative action is recommended, provide a complete report on the case to the Secretary of Human Services and to the agency in which the abuse or neglect is alleged to have happened. The complete report shall include a written response from the agency or facility operated by the State to the Inspector General that addresses in a concise and reasoned manner the actions that the agency or facility will take or has taken to protect the resident or patient from abuse or neglect, prevent reoccurrences, and eliminate problems identified and shall include implementation and completion dates for all such action. The Secretary of Human Services shall accept or reject the response and establish how the Department will determine whether the facility or program followed the approved response. The Secretary may require Department personnel to visit the facility or agency for training, technical assistance, programmatic, licensure, or certification purposes. Administrative action, including sanctions, may be applied should the Secretary reject the response or should the facility or agency fail to follow the approved response. Within 30 days after the Secretary has approved a response, the facility or agency making the response shall provide an implementation report to the Inspector General on the status of the corrective action implemented. Within 60 days after the Secretary has approved the response, the facility or agency shall send notice of the completion of the corrective action or shall send an updated implementation report. The facility or agency shall continue sending updated implementation reports every 60 days until the facility or agency sends a notice of the completion of the corrective action. The Inspector General shall review any implementation plan that takes more than 120 days. The Inspector General shall monitor compliance through a random review of completed corrective actions. This monitoring may include, but need not be limited to, site visits, telephone contacts, or requests for written documentation from the facility or agency to

determine whether the facility or agency is in compliance with the approved response. The facility or agency shall inform the resident or patient and the legal guardian whether the reported allegation was substantiated, unsubstantiated, or unfounded. There shall be an appeals process for any person or agency that is subject to any action based on a recommendation or recommendations.

(d) The Inspector General may recommend to the Departments of Public Health and Human Services sanctions to be imposed against mental health and developmental disabilities facilities under the jurisdiction of the Department of Human Services for the protection of residents, including appointment of on-site monitors or receivers, transfer or relocation of residents, and closure of units. The Inspector General may seek the assistance of the Attorney General or any of the several State's attorneys in imposing such sanctions. Whenever the Inspector General issues any recommendations to the Secretary of Human Services, the Secretary shall provide a written response.

(e) The Inspector General shall establish and conduct periodic training programs for Department of Human Services employees concerning the prevention and reporting of neglect and abuse.

(f) The Inspector General shall at all times be granted access to any mental health or developmental disabilities facility operated by the Department of Human Services, shall establish and conduct unannounced site visits to those facilities at least once annually, and shall be granted access, for the purpose of investigating a report of abuse or neglect, to the records of the Department of Human Services and to any facility or program funded by the Department of Human Services that is subject under the provisions of this Section to investigation by the Inspector General for a report of abuse or neglect.

(g) Nothing in this Section shall limit investigations by the Department of Human Services that may otherwise be required by law or that may be necessary in that Department's capacity as the central administrative authority responsible for the operation of State mental health and developmental disability facilities.

New matter indicated by italics - deletions by strikeout
(g-5) After notice and an opportunity for a hearing that is separate and distinct from the Office of the Inspector General's appeals process as implemented under subsection (c) of this Section, the Inspector General shall report to the Department of Public Health's nurse aide registry under Section 3-206.01 of the Nursing Home Care Act the identity of individuals against whom there has been a substantiated finding of physical or sexual abuse or egregious neglect of a service recipient.

Nothing in this subsection shall diminish or impair the rights of a person who is a member of a collective bargaining unit pursuant to the Illinois Public Labor Relations Act or pursuant to any federal labor statute. An individual who is a member of a collective bargaining unit as described above shall not be reported to the Department of Public Health's nurse aide registry until the exhaustion of that individual's grievance and arbitration rights, or until 3 months after the initiation of the grievance process, whichever occurs first, provided that the Department of Human Services' hearing under this subsection regarding the reporting of an individual to the Department of Public Health's nurse aide registry subsection (c), that is separate and distinct from the Office of the Inspector General's appeals process, has concluded. Notwithstanding anything hereinafter or previously provided, if an action taken by an employer against an individual as a result of the circumstances that led to a finding of physical or sexual abuse or egregious neglect is later overturned under a grievance or arbitration procedure provided for in Section 8 of the Illinois Public Labor Relations Act or under a collective bargaining agreement, the report must be removed from the registry.

The Department of Human Services shall promulgate or amend rules as necessary or appropriate to establish procedures for reporting to the registry, including the definition of egregious neglect, procedures for notice to the individual and victim, appeal and hearing procedures, and petition for removal of the report from the registry. The portion of the rules pertaining to hearings shall provide that, at the hearing, both parties may present written and oral evidence. The Department shall be required to establish by a preponderance of the evidence that the Office of the Inspector General's finding of physical or sexual abuse or egregious

New matter indicated by italics - deletions by strikeout
neglect warrants reporting to the Department of Public Health's nurse aide registry under Section 3-206.01 of the Nursing Home Care Act.

Notice to the individual shall include a clear and concise statement of the grounds on which the report to the registry is based and notice of the opportunity for a hearing to contest the report. The Department of Human Services shall provide the notice by certified mail to the last known address of the individual. The notice shall give the individual an opportunity to contest the report in a hearing before the Department of Human Services or to submit a written response to the findings instead of requesting a hearing. If the individual does not request a hearing or if after notice and a hearing the Department of Human Services finds that the report is valid, the finding shall be included as part of the registry, as well as a brief statement from the reported individual if he or she chooses to make a statement. The Department of Public Health shall make available to the public information reported to the registry. In a case of inquiries concerning an individual listed in the registry, any information disclosed concerning a finding of abuse or neglect shall also include disclosure of the individual's brief statement in the registry relating to the reported finding or include a clear and accurate summary of the statement.

At any time after the report of the registry, an individual may petition the Department of Human Services for removal from the registry of the finding against him or her. Upon receipt of such a petition, the Department of Human Services shall conduct an investigation and hearing on the petition. Upon completion of the investigation and hearing, the Department of Human Services shall report the removal of the finding to the registry unless the Department of Human Services determines that removal is not in the public interest.

AN ACT concerning regulation.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Pharmacy Practice Act of 1987 is amended by changing Section 25 and by adding Section 26 as follows:

(225 ILCS 85/25) (from Ch. 111, par. 4145)
(Section scheduled to be repealed on January 1, 2008)
Sec. 25. No person shall compound, or sell or offer for sale, or cause to be compounded, sold or offered for sale any medicine or preparation under or by a name recognized in the United States Pharmacopoeia National Formulary, for internal or external use, which differs from the standard of strength, quality or purity as determined by the test laid down in the United States Pharmacopoeia National Formulary official at the time of such compounding, sale or offering for sale. Nor shall any person compound, sell or offer for sale, or cause to be compounded, sold, or offered for sale, any drug, medicine, poison, chemical or pharmaceutical preparation, the strength or purity of which shall fall below the professed standard of strength or purity under which it is sold. Except as set forth in Section 26 of this Act, if the physician or other authorized prescriber, when transmitting an oral or written prescription, does not prohibit drug product selection, a different brand name or nonbrand name drug product of the same generic name may be dispensed by the pharmacist, provided that the selected drug has a unit

price less than the drug product specified in the prescription. A generic drug determined to be therapeutically equivalent by the United States Food and Drug Administration (FDA) shall be available for substitution in Illinois in accordance with this Act and the Illinois Food, Drug and Cosmetic Act, provided that each manufacturer submits to the Director of the Department of Public Health a notification containing product technical bioequivalence information as a prerequisite to product substitution when they have completed all required testing to support FDA product approval and, in any event, the information shall be submitted no later than 60 days prior to product substitution in the State. On the prescription forms of prescribers, shall be placed a signature line and the words "may substitute" and "may not substitute". The prescriber, in his or her own handwriting, shall place a mark beside either the "may substitute" or "may not substitute" alternatives to guide the pharmacist in the dispensing of the prescription. A prescriber placing a mark beside the "may substitute" alternative or failing in his or her own handwriting to place a mark beside either alternative authorizes drug product selection in accordance with this Act. Preprinted or rubber stamped marks, or other deviations from the above prescription format shall not be permitted. The prescriber shall sign the form in his or her own handwriting to authorize the issuance of the prescription. When a person presents a prescription to be dispensed, the pharmacist to whom it is presented may inform the person if the pharmacy has available a different brand name or nonbrand name of the same generic drug prescribed and the price of the different brand name or nonbrand name of the drug product. If the person presenting the prescription is the one to whom the drug is to be administered, the pharmacist may dispense the prescription with the brand prescribed or a different brand name or nonbrand name product of the same generic name, if the drug is of lesser unit cost and the patient is informed and agrees to the selection and the pharmacist shall enter such information into the pharmacy record. If the person presenting the prescription is someone other than the one to whom the drug is to be administered the pharmacist shall not dispense the prescription with a brand other than the one specified in the prescription unless the pharmacist

New matter indicated by italics - deletions by strikeout
has the written or oral authorization to select brands from the person to whom the drug is to be administered or a parent, legal guardian or spouse of that person.

In every case in which a selection is made as permitted by the Illinois Food, Drug and Cosmetic Act, the pharmacist shall indicate on the pharmacy record of the filled prescription the name or other identification of the manufacturer of the drug which has been dispensed.

The selection of any drug product by a pharmacist shall not constitute evidence of negligence if the selected nonlegend drug product was of the same dosage form and each of its active ingredients did not vary by more than 1 percent from the active ingredients of the prescribed, brand name, nonlegend drug product. Failure of a prescribing physician to specify that drug product selection is prohibited does not constitute evidence of negligence unless that practitioner has reasonable cause to believe that the health condition of the patient for whom the physician is prescribing warrants the use of the brand name drug product and not another.

The Department is authorized to employ an analyst or chemist of recognized or approved standing whose duty it shall be to examine into any claimed adulteration, illegal substitution, improper selection, alteration, or other violation hereof, and report the result of his investigation, and if such report justify such action the Department shall cause the offender to be prosecuted.

(c) When the prescribing physician has indicated on the original prescription "dispense as written" or "may not substitute", a pharmacist may not interchange an anti-epileptic drug or formulation of an anti-epileptic drug for the treatment of epilepsy without notification and the documented consent of the prescribing physician and the patient or the patient's parent, legal guardian, or spouse.

Section 10. The Illinois Food, Drug and Cosmetic Act is amended by changing Section 3.14 as follows:

(410 ILCS 620/3.14) (from Ch. 56 1/2, par. 503.14)
Sec. 3.14. Dispensing or causing to be dispensed a different drug in place of the drug or brand of drug ordered or prescribed without the express permission of the person ordering or prescribing. Except as set forth in Section 26 of the Pharmacy Practice Act, however, this Section does not prohibit the interchange of different brands of the same generically equivalent drug product, when the drug products are not required to bear the legend "Caution: Federal law prohibits dispensing without prescription", provided that the same dosage form is dispensed and there is no greater than 1% variance in the stated amount of each active ingredient of the drug products. A generic drug determined to be therapeutically equivalent by the United States Food and Drug Administration (FDA) shall be available for substitution in Illinois in accordance with this Act and the Pharmacy Practice Act of 1987, provided that each manufacturer submits to the Director of the Department of Public Health a notification containing product technical bioequivalence information as a prerequisite to product substitution when they have completed all required testing to support FDA product approval and, in any event, the information shall be submitted no later than 60 days prior to product substitution in the State.

Sec. 27-23.7. Bullying prevention education.

(a) The General Assembly finds that bullying has a negative effect on the social environment of schools, creates a climate of fear among students, inhibits their ability to learn, and leads to other antisocial behavior. (b) In this Section, "bullying prevention" means and includes instruction in all of the following:

(4) Sexual violence.
(5) Strategies for student-centered problem solving regarding bullying.

(c) Each school district may make suitable provisions for instruction in bullying prevention in all grades and include such instruction in the courses of study regularly taught therein. Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Power of Attorney Act is amended by changing Sections 2-9 and 3-4 as follows:

(755 ILCS 45/2-9) (from Ch. 110 1/2, par. 802-9)
Sec. 2-9. Preservation of estate plan and trusts. In exercising powers granted under the agency, including powers of amendment or revocation and powers to expend or withdraw property passing by trust, contract or beneficiary designation at the principal's death (such as, without limitation, specifically bequeathed property, joint accounts, life insurance, trusts and retirement plans), the agent shall take the principal's estate plan into account insofar as it is known to the agent and shall attempt to preserve the plan, but the agent shall not be liable to any plan beneficiary under this Section unless the agent acts in bad faith. An agent may not revoke or amend a trust revocable or amendable by the principal or require the trustee of any trust for the benefit of the principal to pay income or principal to the agent without specific authority and specific reference to the trust in the agency. The agent shall have access to and the right to copy (but not to hold) the principal's will, trusts and other personal papers and records to the extent the agent deems relevant for purposes of this Section. This Section shall not apply to any Totten Trust, Payable on Death Account, or comparable trust account arrangement where the terms

of such trust are contained entirely on the financial institution's signature card insofar as an agent acting under a power of attorney executed in accordance with this Act shall be permitted to withdraw income or principal from such account if the power of attorney grants the agent authority to conduct financial institution transactions on the principal's behalf and the agent's authority to access such account is not expressly limited or withheld in the agency.

(755 ILCS 45/3-4) (from Ch. 110 1/2, par. 803-4)

Sec. 3-4. Explanation of powers granted in the statutory short form power of attorney for property. This Section defines each category of powers listed in the statutory short form power of attorney for property and the effect of granting powers to an agent. When the title of any of the following categories is retained (not struck out) in a statutory property power form, the effect will be to grant the agent all of the principal's rights, powers and discretions with respect to the types of property and transactions covered by the retained category, subject to any limitations on the granted powers that appear on the face of the form. The agent will have authority to exercise each granted power for and in the name of the principal with respect to all of the principal's interests in every type of property or transaction covered by the granted power at the time of exercise, whether the principal's interests are direct or indirect, whole or fractional, legal, equitable or contractual, as a joint tenant or tenant in common or held in any other form; but the agent will not have power under any of the statutory categories (a) through (o) to make gifts of the principal's property, to exercise powers to appoint to others or to change any beneficiary whom the principal has designated to take the principal's interests at death under any will, trust, joint tenancy, beneficiary form or contractual arrangement. The agent will be under no duty to exercise granted powers or to assume control of or responsibility for the principal's property or affairs; but when granted powers are exercised, the agent will be required to use due care to act for the benefit of the principal in accordance with the terms of the statutory property power and will be liable for negligent exercise. The agent may act in person or through others

This authorization shall also apply to any Totten Trust, Payable on Death Account, or comparable trust account arrangement where the terms of such trust are contained entirely on the financial institution’s signature card, insofar as an agent shall be permitted to withdraw income or principal from such account, unless this authorization is expressly limited or withheld under paragraph 2 of the form prescribed under Section 3-3. This authorization shall not apply to accounts titled in the name of any trust subject to the provisions of the Trusts and Trustees Act, for which specific reference to the trust and a specific grant of authority to the agent to withdraw income or principal

AN ACT concerning adoption.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

New matter indicated by italics - deletions by strikeout
Section 5. The Adoption Act is amended by changing Section 1 as follows:

(750 ILCS 50/1) (from Ch. 40, par. 1501)

Sec. 1. Definitions. When used in this Act, unless the context otherwise requires:

A child whose parent has executed a final irrevocable consent to adoption or a final irrevocable surrender for purposes of adoption, or whose parent has had his or her parental rights terminated, is not a related child to that person, unless the consent is determined to be void or is void pursuant to subsection O of Section 10.

C. "Agency" for the purpose of this Act means a public child welfare agency or a licensed child welfare agency.

D. "Unfit person" means any person whom the court shall find to be unfit to have a child, without regard to the likelihood that the child will be placed for adoption.    (a) Abandonment of the child.
   (a-1) Abandonment of a newborn infant in a hospital.
   (a-2) Abandonment of a newborn infant in any setting where the evidence suggests that the parent intended to relinquish his or her parental rights.

(d) Substantial neglect of the child if continuous or repeated.

(d-1) Substantial neglect, if continuous or repeated, of any child residing in the household which resulted in the death of that child.

(e) Extreme or repeated cruelty to the child.

(f) There is a rebuttable presumption, which can be overcome only by clear and convincing evidence, that a parent is unfit if:

1. Two or more findings of physical abuse have been entered regarding to any children under Section 4-8 of the Juvenile Court Act or Section 2-21 of the Juvenile Court Act of 1987, the most recent of which was determined by the juvenile court hearing the matter to be supported by clear and convincing evidence; or

2. The parent has been convicted or found not guilty by reason of insanity and the conviction or finding resulted from the death of any child by physical abuse; or a finding of not guilty by reason of insanity resulting from the death of any child by physical abuse; or

3. There is a finding of physical child abuse resulting from the death of any child under Section 4-8 of the Juvenile Court Act or Section 2-21 of the Juvenile Court Act of 1987.

No conviction or finding of delinquency pursuant to Article 5 of the Juvenile Court Act of 1987 shall be considered a criminal conviction for the purpose of applying any presumption under this item (f).

(g) Failure to protect the child from conditions within his environment injurious to the child's welfare.

(h) Other neglect of, or misconduct toward the child; provided that in making a finding of unfitness the court hearing the adoption proceeding shall not be bound by any previous finding,

(i) Depravity. Conviction of any one of the following crimes shall create a presumption that a parent is depraved which can be overcome only by clear and convincing evidence: (1) first degree murder in violation of paragraph 1 or 2 of subsection (a) of Section 9-1 of the Criminal Code of 1961 or conviction of second degree murder in violation of subsection (a) of Section 9-2 of the Criminal Code of 1961 of a parent of the child to be adopted; (2) first degree murder or second degree murder of any child in violation of the Criminal Code of 1961; (3) attempt or conspiracy to commit first degree murder or second degree murder of any child in violation of the Criminal Code of 1961; (4) solicitation to commit murder of any child, solicitation to commit murder of any child for hire, or solicitation to commit second degree murder of any child in violation of the Criminal Code of 1961; or (5) predatory aggravated criminal sexual assault of a child in violation of Section 12-14.1 or 12-14(b)(1) of the Criminal Code of 1961; (6) heinous battery of any child in violation of the Criminal Code of 1961; or (7) aggravated battery of any child in violation of the Criminal Code of 1961.

There is a rebuttable presumption that a parent is depraved if the parent has been criminally convicted of at least 3 felonies under the laws of this State or any other state, or under federal law, or the criminal laws of any United States territory; and at least one of these convictions took place within 5 years of the filing of the petition or motion seeking termination of parental rights.

There is a rebuttable presumption that a parent is depraved if that parent has been criminally convicted of either first or second degree murder of any person as defined in the Criminal Code of

1961 within 10 years of the filing date of the petition or motion to terminate parental rights.

(j) Open and notorious adultery or fornication.

(j-1) (Blank).

(k) Habitual drunkenness or addiction to drugs, other than those prescribed by a physician, for at least one year immediately prior to the commencement of the unfitness proceeding.

There is a rebuttable presumption that a parent is unfit under this subsection with respect to any child to which that parent gives birth where there is a confirmed test result that at birth the child's blood, urine, or meconium contained any amount of a controlled substance as defined in subsection (f) of Section 102 of the Illinois Controlled Substances Act or metabolites of such substances, the presence of which in the newborn infant was not the result of medical treatment administered to the mother or the newborn infant; and the biological mother of this child is the biological mother of at least one other child who was adjudicated a neglected minor under subsection (c) of Section 2-3 of the Juvenile Court Act of 1987.

(l) Failure to demonstrate a reasonable degree of interest, concern or responsibility as to the welfare of a newborn child during the first 30 days after its birth.

(m) Failure by a parent (i) to make reasonable efforts to correct the conditions that were the basis for the removal of the child from the parent, or (ii) to make reasonable progress toward the return of the child to the parent within 9 months after an adjudication of neglected or abused minor under Section 2-3 of the Juvenile Court Act of 1987 or dependent minor under Section 2-4 of that Act, or (iii) to make reasonable progress toward the return of the child to the parent during any 9-month period after the end

of the initial 9-month period following the adjudication of neglected or abused minor under Section 2-3 of the Juvenile Court Act of 1987 or dependent minor under Section 2-4 of that Act. If a service plan has been established as required under Section 8.2 of the Abused and Neglected Child Reporting Act to correct the conditions that were the basis for the removal of the child from the parent and if those services were available, then, for purposes of this Act, "failure to make reasonable progress toward the return of the child to the parent" includes (I) the parent's failure to substantially fulfill his or her obligations under the service plan and correct the conditions that brought the child into care within 9 months after the adjudication under Section 2-3 or 2-4 of the Juvenile Court Act of 1987 and (II) the parent's failure to substantially fulfill his or her obligations under the service plan and correct the conditions that brought the child into care during any 9-month period after the end of the initial 9-month period following the adjudication under Section 2-3 or 2-4 of the Juvenile Court Act of 1987. Notwithstanding any other provision, when a petition or motion seeks to terminate parental rights on the basis of item (iii) of this subsection (m), the petitioner shall file with the court and serve on the parties a pleading that specifies the 9-month period or periods relied on. The pleading shall be filed and served on the parties no later than 3 weeks before the date set by the court for closure of discovery, and the allegations in the pleading shall be treated as incorporated into the petition or motion. Failure of a respondent to file a written denial of the allegations in the pleading shall not be treated as an admission that the allegations are true.

(m-1) Pursuant to the Juvenile Court Act of 1987, a child has been in foster care for 15 months out of any 22 month period which begins on or after the effective date of this amendatory Act of 1998 unless the child's parent can prove by a preponderance of the evidence that it is more likely than not that it will be in the best interests of the child to be returned to the parent within 6 months of the date on which a petition for termination of parental rights is
filed under the Juvenile Court Act of 1987. The 15 month time limit is tolled during any period for which there is a court finding that the appointed custodian or guardian failed to make reasonable efforts to reunify the child with his or her family, provided that (i) the finding of no reasonable efforts is made within 60 days of the period when reasonable efforts were not made or (ii) the parent filed a motion requesting a finding of no reasonable efforts within 60 days of the period when reasonable efforts were not made. For purposes of this subdivision (m-1), the date of entering foster care is the earlier of: (i) the date of a judicial finding at an adjudicatory hearing that the child is an abused, neglected, or dependent minor; or (ii) 60 days after the date on which the child is removed from his or her parent, guardian, or legal custodian.

(n) Evidence of intent to forgo his or her parental rights, whether or not the child is a ward of the court, (1) as manifested by his or her failure for a period of 12 months: (i) to visit the child, (ii) to communicate with the child or agency, although able to do so and not prevented from doing so by an agency or by court order, or (iii) to maintain contact with or plan for the future of the child, although physically able to do so, or (2) as manifested by the father's failure, where he and the mother of the child were unmarried to each other at the time of the child's birth, (i) to commence legal proceedings to establish his paternity under the Illinois Parentage Act of 1984 or the law of the jurisdiction of the child's birth within 30 days of being informed, pursuant to Section 12a of this Act, that he is the father or the likely father of the child or, after being so informed where the child is not yet born, within 30 days of the child's birth, or (ii) to make a good faith effort to pay a reasonable amount of the expenses related to the birth of the child and to provide a reasonable amount for the financial support of the child, the court to consider in its determination all relevant circumstances, including the financial condition of both parents; provided that the ground for termination provided in this
subparagraph (n)(2)(i) shall only be available where the petition is brought by the mother or the husband of the mother.

Contact or communication by a parent with his or her child that does not demonstrate affection and concern does not constitute reasonable contact and planning under subdivision (n). In the absence of evidence to the contrary, the ability to visit, communicate, maintain contact, pay expenses and plan for the future shall be presumed. The subjective intent of the parent, whether expressed or otherwise, unsupported by evidence of the foregoing parental acts manifesting that intent, shall not preclude a determination that the parent has intended to forgo his or her parental rights. In making this determination, the court may consider but shall not require a showing of diligent efforts by an authorized agency to encourage the parent to perform the acts specified in subdivision (n).

It shall be an affirmative defense to any allegation under paragraph (2) of this subsection that the father's failure was due to circumstances beyond his control or to impediments created by the mother or any other person having legal custody. Proof of that fact need only be by a preponderance of the evidence.

(o) Repeated or continuous failure by the parents, although physically and financially able, to provide the child with adequate food, clothing, or shelter.

(p) Inability to discharge parental responsibilities supported by competent evidence from a psychiatrist, licensed clinical social worker, or clinical psychologist of mental impairment, mental illness or mental retardation as defined in Section 1-116 of the Mental Health and Developmental Disabilities Code, or developmental disability as defined in Section 1-106 of that Code, and there is sufficient justification to believe that the inability to discharge parental responsibilities shall extend beyond a reasonable time period. However, this subdivision (p) shall not be construed so as to permit a licensed clinical social worker to conduct any

medical diagnosis to determine mental illness or mental impairment.

(q) (Blank). The parent has been criminally convicted of aggravated battery, heinous battery, or attempted murder of any child.

(r) The child is in the temporary custody or guardianship of the Department of Children and Family Services, the parent is incarcerated as a result of criminal conviction at the time the petition or motion for termination of parental rights is filed, prior to incarceration the parent had little or no contact with the child or provided little or no support for the child, and the parent's incarceration will prevent the parent from discharging his or her parental responsibilities for the child for a period in excess of 2 years after the filing of the petition or motion for termination of parental rights.

(s) The child is in the temporary custody or guardianship of the Department of Children and Family Services, the parent is incarcerated at the time the petition or motion for termination of parental rights is filed, the parent has been repeatedly incarcerated as a result of criminal convictions, and the parent's repeated incarceration has prevented the parent from discharging his or her parental responsibilities for the child.

(t) A finding that at birth the child's blood, urine, or meconium contained any amount of a controlled substance as defined in subsection (f) of Section 102 of the Illinois Controlled Substances Act, or a metabolite of a controlled substance, with the exception of controlled substances or metabolites of such substances, the presence of which in the newborn infant was the result of medical treatment administered to the mother or the newborn infant, and that the biological mother of this child is the biological mother of at least one other child who was adjudicated a neglected minor under subsection (c) of Section 2-3 of the Juvenile Court Act of 1987, after which the biological mother had the

F. A person is available for adoption when the person is:
   (a) a child who has been surrendered for adoption to an agency and to whose adoption the agency has thereafter consented;
   (b) a child to whose adoption a person authorized by law, other than his parents, has consented, or to whose adoption no consent is required pursuant to Section 8 of this Act;

   (c-1) a child for whom a parent has signed a specific consent pursuant to subsection O of Section 10;
   (d) an adult who meets the conditions set forth in Section 3 of this Act; or
   (e) a child who has been relinquished as defined in Section 10 of the Abandoned Newborn Infant Protection Act.

A person who would otherwise be available for adoption shall not be deemed unavailable for adoption solely by reason of his or her death.

necessary for his or her well-being, including adequate food, clothing and

PUBLIC ACT 94-0940
(Senate Bill No. 2739)

AN ACT concerning civil liabilities.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Whistleblower Reward and Protection Act is amended by changing Section 6 as follows:

(740 ILCS 175/6) (from Ch. 127, par. 4106) Sec. 6. Subpoenas.
(a) In general.
   (1) Issuance and service. Whenever the Attorney General has reason to believe that any person may be in possession, custody, or control of any documentary material or information relevant to an investigation, the Attorney General may, before commencing a civil proceeding under this Act, issue in writing and cause to be served upon such person, a subpoena requiring such person:

      (A) to produce such documentary material for inspection and copying,

      (B) to answer, in writing, written interrogatories with respect to such documentary material or information,

New matter indicated by italics - deletions by strikeout
(C) to give oral testimony concerning such documentary material or information, or
(D) to furnish any combination of such material, answers, or testimony.

The Attorney General may delegate the authority to issue subpoenas under this subsection (a) to the Department of State Police subject to conditions as the Attorney General deems appropriate. Whenever a subpoena is an express demand for any product of discovery, the Attorney General or his or her delegate shall cause to be served, in any manner authorized by this Section, a copy of such demand upon the person from whom the discovery was obtained and shall notify the person to whom such demand is issued of the date on which such copy was served.

(1.5) Where a subpoena requires the production of documentary material, the respondent shall produce the original of the documentary material, provided, however, that the Attorney General may agree that copies may be substituted for the originals. All documentary material kept or stored in electronic form, including electronic mail, shall be produced in hard copy, unless the Attorney General agrees that electronic versions may be substituted for the hard copy. The production of documentary material shall be made at the respondent's expense.

(2) Contents and deadlines. Each subpoena issued under paragraph (1):

(A) Shall state the nature of the conduct constituting an alleged violation that is under investigation and the applicable provision of law alleged to be violated.
(B) Shall identify the individual causing the subpoena to be served and to whom communications regarding the subpoena should be directed.
(C) Shall state the date, place, and time at which the person is required to appear, produce written answers to interrogatories, produce documentary material or give oral testimony. The date shall not be less than 10 days from the

New matter indicated by italics - deletions by strikeout
date of service of the subpoena. Compliance with the subpoena shall be at the Office of the Attorney General in either the Springfield or Chicago location or at other location by agreement.

(D) If the subpoena is for documentary material or interrogatories, shall describe the documents or information requested with specificity

(E) Shall notify the person of the right to be assisted by counsel.

(F) Shall advise that the person has 20 days from the date of service or up until the return date specified in the demand, whichever date is earlier, to move, modify, or set aside the subpoena pursuant to subparagraph (j)(2)(A) of this Section.

(b) Protected material or information.

(1) In general. A subpoena issued under subsection (a) may not require the production of any documentary material, the submission of any answers to written interrogatories, or the giving of any oral testimony if such material, answers, or testimony would be protected from disclosure under:

(A) the standards applicable to subpoenas or subpoenas duces tecum issued by a court of this State to aid in a grand jury investigation; or

(B) the standards applicable to discovery requests under the Code of Civil Procedure, to the extent that the application of such standards to any such subpoena is appropriate and consistent with the provisions and purposes of this Section.

(2) Effect on other orders, rules, and laws. Any such subpoena which is an express demand for any product of discovery supersedes any inconsistent order, rule, or provision of law (other than this Section) preventing or restraining disclosure of such product of discovery to any person. Disclosure of any product of discovery pursuant to any such subpoena does not constitute a
waiver of any right or privilege which the person making such disclosure may be entitled to invoke to resist discovery of trial preparation materials.

(c) Service in general. Any subpoena issued under subsection (a) may be served by any person so authorized by the Attorney General or by any person authorized to serve process on individuals within Illinois, through any method prescribed in the Code of Civil Procedure or as otherwise set forth in this Act.

(d) Service upon legal entities and natural persons.

(1) Legal entities. Service of any subpoena issued under subsection (a) or of any petition filed under subsection (j) may be made upon a partnership, corporation, association, or other legal entity by:

   (A) delivering an executed copy of such subpoena or petition to any partner, executive officer, managing agent, general agent, or registered agent of the partnership, corporation, association or entity;

   (B) delivering an executed copy of such subpoena or petition to the principal office or place of business of the partnership, corporation, association, or entity; or

   (C) depositing an executed copy of such subpoena or petition in the United States mails by registered or certified mail, with a return receipt requested, addressed to such partnership, corporation, association, or entity as its principal office or place of business.

(2) Natural person. Service of any such subpoena or petition may be made upon any natural person by:

   (A) delivering an executed copy of such subpoena or petition to the person; or

   (B) depositing an executed copy of such subpoena or petition in the United States mails by registered or certified mail, with a return receipt requested, addressed to the person at the person's residence or principal office or place of business.

New matter indicated by italics - deletions by strikeout
(e) Proof of service. A verified return by the individual serving any subpoena issued under subsection (a) or any petition filed under subsection (j) setting forth the manner of such service shall be proof of such service. In the case of service by registered or certified mail, such return shall be accompanied by the return post office receipt of delivery of such subpoena.

(f) Documentary material.

(1) Sworn certificates. The production of documentary material in response to a subpoena served under this Section shall be made under a sworn certificate, in such form as the subpoena designates, by:

(A) in the case of a natural person, the person to whom the subpoena is directed, or

(B) in the case of a person other than a natural person, a person having knowledge of the facts and circumstances relating to such production and authorized to act on behalf of such person.

The certificate shall state that all of the documentary material required by the demand and in the possession, custody, or control of the person to whom the subpoena is directed has been produced and made available to the Attorney General.

(2) Production of materials. Any person upon whom any subpoena for the production of documentary material has been served under this Section shall make such material available for inspection and copying to the Attorney General at the place designated in the subpoena, or at such other place as the Attorney General and the person thereafter may agree and prescribe in writing, or as the court may direct under subsection (j)(1). Such material shall be made so available on the return date specified in such subpoena, or on such later date as the Attorney General may prescribe in writing. Such person may, upon written agreement between the person and the Attorney General, substitute copies for originals of all or any part of such material.

New matter indicated by italics - deletions by strikeout
(g) Interrogatories. Each interrogatory in a subpoena served under this Section shall be answered separately and fully in writing under oath and shall be submitted under a sworn certificate, in such form as the subpoena designates by:

(1) in the case of a natural person, the person to whom the subpoena is directed, or
(2) in the case of a person other than a natural person, the person or persons responsible for answering each interrogatory.

If any interrogatory is objected to, the reasons for the objection shall be stated in the certificate instead of an answer. The certificate shall state that all information required by the subpoena and in the possession, custody, control, or knowledge of the person to whom the demand is directed has been submitted. To the extent that any information is not furnished, the information shall be identified and reasons set forth with particularity regarding the reasons why the information was not furnished.

(h) Oral examinations.

(1) Procedures. The examination of any person pursuant to a subpoena for oral testimony served under this Section shall be taken before an officer authorized to administer oaths and affirmations by the laws of this State or of the place where the examination is held. The officer before whom the testimony is to be taken shall put the witness on oath or affirmation and shall, personally or by someone acting under the direction of the officer and in the officer's presence, record the testimony of the witness. The testimony shall be taken stenographically and shall be transcribed. When the testimony is fully transcribed, the officer before whom the testimony is taken shall promptly transmit a certified copy of the transcript of the testimony in accordance with the instructions of the Attorney General. This subsection shall not preclude the taking of testimony by any means authorized by, and in a manner consistent with, the Code of Civil Procedure.

(2) Persons present. The investigator conducting the examination shall exclude from the place where the examination is held all persons except the person giving the testimony, the
attorney for and any other representative of the person giving the testimony, the attorney for the State, any person who may be agreed upon by the attorney for the State and the person giving the testimony, the officer before whom the testimony is to be taken, and any stenographer taking such testimony.

(3) Where testimony taken. The oral testimony of any person taken pursuant to a subpoena served under this Section shall be taken in the county within which such person resides, is found, or transacts business, or in such other place as may be agreed upon by the Attorney General and such person.

(4) Transcript of testimony. When the testimony is fully transcribed, the Attorney General or the officer before whom the testimony is taken shall afford the witness, who may be accompanied by counsel, a reasonable opportunity to review and correct the transcript, in accordance with the rules applicable to deposition witnesses in civil cases. Upon payment of reasonable charges, the Attorney General shall furnish a copy of the transcript to the witness, except that the Attorney General may, for good cause, limit the witness to inspection of the official transcript of the witness' testimony.

(5) Conduct of oral testimony.

(A) Any person compelled to appear for oral testimony under a subpoena issued under subsection (a) may be accompanied, represented, and advised by counsel, who may raise objections based on matters of privilege in accordance with the rules applicable to depositions in civil cases. If such person refuses to answer any question, a petition may be filed in circuit court under subsection (j)(1) for an order compelling such person to answer such question.

(B) If such person refuses any question on the grounds of the privilege against self-incrimination, the testimony of such person may be compelled in accordance

New matter indicated by italics - deletions by strikeout

(6) Witness fees and allowances. Any person appearing for oral testimony under a subpoena issued under subsection (a) shall be entitled to the same fees and allowances which are paid to witnesses in the circuit court.

(i) Custodians of documents, answers, and transcripts.

(1) Designation. The Attorney General or his or her delegate shall serve as custodian of documentary material, answers to interrogatories, and transcripts of oral testimony received under this Section.

(2) Except as otherwise provided in this Section, no documentary material, answers to interrogatories, or transcripts of oral testimony, or copies thereof, while in the possession of the custodian, shall be available for examination by any individual, except as determined necessary by the Attorney General and subject to the conditions imposed by him or her for effective enforcement of the laws of this State, or as otherwise provided by court order.

(3) Conditions for return of material. If any documentary material has been produced by any person in the course of any investigation pursuant to a subpoena under this Section and:

(A) any case or proceeding before the court or grand jury arising out of such investigation, or any proceeding before any State agency involving such material, has been completed, or

(B) no case or proceeding in which such material may be used has been commenced within a reasonable time after completion of the examination and analysis of all documentary material and other information assembled in the course of such investigation,

the custodian shall, upon written request of the person who produced such material, return to such person any such material which has not passed into the control of any court, grand jury, or
agency through introduction into the record of such case or proceeding.

(j) Judicial proceedings.

(1) Petition for enforcement. Whenever any person fails to comply with any subpoena issued under subsection (a), or whenever satisfactory copying or reproduction of any material requested in such demand cannot be done and such person refuses to surrender such material, the Attorney General may file, in the circuit court of any county in which such person resides, is found, or transacts business, or the circuit court of the county in which an action filed pursuant to Section 4 of this Act is pending if the action relates to the subject matter of the subpoena and serve upon such person a petition for an order of such court for the enforcement of the subpoena.

(2) Petition to modify or set aside subpoena.

(A) Any person who has received a subpoena issued under subsection (a) may file, in the circuit court of any county within which such person resides, is found, or transacts business, and serve upon the Attorney General a petition for an order of the court to modify or set aside such subpoena. In the case of a petition addressed to an express demand for any product of discovery, a petition to modify or set aside such demand may be brought only in the circuit court of the county in which the proceeding in which such discovery was obtained is or was last pending. Any petition under this subparagraph (A) must be filed:

(i) within 20 days after the date of service of the subpoena, or at any time before the return date specified in the subpoena, whichever date is earlier, or

(ii) within such longer period as may be prescribed in writing by the Attorney General.

(B) The petition shall specify each ground upon which the petitioner relies in seeking relief under

New matter indicated by italics - deletions by strikeout
subparagraph (A), and may be based upon any failure of the subpoena to comply with the provisions of this Section or upon any constitutional or other legal right or privilege of such person. During the pendency of the petition in the court, the court may stay, as it deems proper, the running of the time allowed for compliance with the subpoena, in whole or in part, except that the person filing the petition shall comply with any portion of the subpoena not sought to be modified or set aside.

(3) Petition to modify or set aside demand for product of discovery. In the case of any subpoena issued under subsection (a) which is an express demand for any product of discovery, the person from whom such discovery was obtained may file, in the circuit court of the county in which the proceeding in which such discovery was obtained is or was last pending, a petition for an order of such court to modify or set aside those portions of the subpoena requiring production of any such product of discovery, subject to the same terms, conditions, and limitations set forth in subparagraph (j)(2) of this Section.

(4) Jurisdiction. Whenever any petition is filed in any circuit court under this subsection (j), such court shall have jurisdiction to hear and determine the matter so presented, and to enter such orders as may be required to carry out the provisions of this Section. Any final order so entered shall be subject to appeal in the same manner as appeals of other final orders in civil matters. Any disobedience of any final order entered under this Section by any court shall be punished as a contempt of the court.

(k) Disclosure exemption. Any documentary material, answers to written interrogatories, or oral testimony provided under any subpoena issued under subsection (a) shall be exempt from disclosure under the Illinois Administrative Procedure Act.

AN ACT concerning children.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Abandoned Newborn Infant Protection Act is amended by changing Sections 10 and 60 as follows:

(325 ILCS 2/10)

Sec. 10. Definitions. In this Act:
"Abandon" has the same meaning as in the Abused and Neglected Child Reporting Act.
"Abused child" has the same meaning as in the Abused and Neglected Child Reporting Act.
"Child-placing agency" means a licensed public or private agency that receives a child for the purpose of placing or arranging for the placement of the child in a foster family home or other facility for child care, apart from the custody of the child's parents.
"Department" or "DCFS" means the Illinois Department of Children and Family Services.
"Emergency medical facility" means a freestanding emergency center or trauma center, as defined in the Emergency Medical Services (EMS) Systems Act.
"Emergency medical professional" includes licensed physicians, and any emergency medical technician-basic, emergency medical technician-intermediate, emergency medical technician-paramedic, trauma nurse specialist, and pre-hospital RN, as defined in the Emergency Medical Services (EMS) Systems Act.
"Fire station" means a fire station within the State that is staffed with at least one full-time emergency medical professional.
"Hospital" has the same meaning as in the Hospital Licensing Act.

New matter indicated by italics - deletions by strikeout
"Legal custody" means the relationship created by a court order in the best interest of a newborn infant that imposes on the infant's custodian the responsibility of physical possession of the infant, the duty to protect, train, and discipline the infant, and the duty to provide the infant with food, shelter, education, and medical care, except as these are limited by parental rights and responsibilities.

"Neglected child" has the same meaning as in the Abused and Neglected Child Reporting Act.

"Newborn infant" means a child who a licensed physician reasonably believes is 7 days 72 hours old or less at the time the child is initially relinquished to a hospital, police station, fire station, or emergency medical facility, and who is not an abused or a neglected child.

"Police station" means a municipal police station or a county sheriff's office.

"Relinquish" means to bring a newborn infant, who a licensed physician reasonably believes is 7 days 72 hours old or less, to a hospital, police station, fire station, or emergency medical facility and to leave the infant with personnel of the facility, if the person leaving the infant does not express an intent to return for the infant or states that he or she will not return for the infant. In the case of a mother who gives birth to an infant in a hospital, the mother's act of leaving that newborn infant at the hospital (i) without expressing an intent to return for the infant or (ii) stating that she will not return for the infant is not a "relinquishment" under this Act.

"Temporary protective custody" means the temporary placement of a newborn infant within a hospital or other medical facility out of the custody of the infant's parent.

Sec. 25. Wholesale drug distributor licensing requirements. All wholesale distributors and pharmacy distributors, wherever located, who engage in wholesale distribution into, out of, or within the State shall be subject to the following requirements:

(a) No person or distribution outlet shall act as a wholesale drug distributor without first obtaining a license to do so from the Department and paying any reasonable fee required by the Department.

(b) The Department may grant a temporary license when a wholesale drug distributor first applies for a license to operate within this State. A temporary license shall only be granted after the applicant meets the inspection requirements for regular licensure and shall remain valid until the Department finds that the applicant meets or fails to meet the requirements for regular licensure. Nevertheless, no temporary license shall be valid for more than 90 days from the date of issuance. Any temporary license issued under this subsection shall be renewable for a similar period of time not to exceed 90 days under policies and procedures prescribed by the Department.

(c) No license shall be issued or renewed for a wholesale drug distributor to operate unless the wholesale drug distributor shall operate in a manner prescribed by law and according to the rules and regulations promulgated by the Department.

(d) The Department may require a separate license for each facility directly or indirectly owned or operated by the same business entity within this State, or for a parent entity with divisions, subsidiaries, and affiliate companies within this State when operations are conducted at more than one location and there exists joint ownership and control among all the entities.

(e) As a condition for receiving and renewing any wholesale drug distributor license issued under this Act, each applicant shall satisfy the Department that it has and will continuously maintain:

1. acceptable storage and handling conditions plus facilities standards;
2. minimum liability and other insurance as may be required under any applicable federal or State law;

(4) an electronic, manual, or any other reasonable system of records, describing all wholesale distributor activities governed by this Act for the 2 year period following disposition of each product and reasonably accessible during regular business hours as defined by the Department's rules in any inspection authorized by the Department;

(5) officers, directors, managers, and other persons in charge of wholesale drug distribution, storage, and handling who must at all times demonstrate and maintain their capability of conducting business according to sound financial practices as well as State and federal law;

(6) complete, updated information, to be provided the Department as a condition for obtaining and renewing a license, about each wholesale distributor to be licensed under this Act, including all pertinent licensee ownership and other key personnel and facilities information deemed necessary for enforcement of this Act. Any changes in this information shall be submitted at the time of license renewal or within 45 days from the date of the change;

(7) written policies and procedures that assure reasonable wholesale distributor preparation for, protection against and handling of any facility security or operation problems, including, but not limited to, those caused by natural disaster or government emergency; inventory inaccuracies or product shipping and receiving; outdated product or other unauthorized product control; appropriate disposition of returned goods; and product recalls;

(8) sufficient inspection procedures for all incoming and outgoing product shipments; and

(9) operations in compliance with all federal legal requirements applicable to wholesale drug distribution.

Sec. 5c. Direct child welfare service employee license.

(a) By January 1, 2000, the Department, in consultation with private child welfare agencies, shall develop and implement a direct child welfare service employee license. By January 1, 2001 all child protective investigators and supervisors and child welfare specialists and supervisors employed by the Department or its contractors shall be required to demonstrate sufficient knowledge and skills to obtain and maintain the license. The Direct Child Welfare Service Employee License Board of the Department shall have the authority to revoke or suspend the license of anyone who after a hearing is found to be guilty of misfeasance. The Department shall promulgate such rules as necessary to implement this Section.

(b) If a direct child welfare service employee licensee is expected to transport a child or children with a motor vehicle in the course of

The Department must make that verification as to each such licensee every 2 years. Upon the Department’s request, the Secretary of State shall provide the Department with the information necessary to enable the Department to make the verifications required under this subsection. If the Department discovers that a direct child welfare service employee licensee has engaged in transporting a child or children with a motor vehicle without having a valid driver’s license, the Department shall immediately revoke the individual’s direct child welfare service employee license.

(a-5) As a means of ensuring compliance with the requirements set forth in subsection (a), the Department shall implement appropriate measures to verify that every individual who is employed at a group home or child care institution meets those requirements.

If it appears to the court that the conditions hereinafter mentioned have been complied with and that there is no reason why the prayer should not be granted, the court, by an order to be entered of record, may direct and provide that the name of that person be changed in accordance with the prayer in the petition. The filing of a petition in accordance with this Section shall be the sole and exclusive means by which any person committed under the laws of this State to a penal institution may change his or her name and assume another name. However, any person convicted of a felony, misdemeanor criminal sexual abuse when the victim of the offense at the time of its commission is under 18 years of age, misdemeanor sexual exploitation of a child, misdemeanor indecent solicitation of a child, or misdemeanor indecent solicitation of an adult in this State or any other state who has not been pardoned may not file a petition for a name change until 10 years have passed since completion and discharge from his or her sentence. Whenever any minor has resided in the family of any person for the space of 3 years and has been recognized and known as an
adopted child in the family of that person, the application herein provided for may be made by the person having that minor in his or her family.

An order shall be entered as to a minor only if the court finds by clear and convincing evidence that the change is necessary to serve the best interest of the child. In determining the best interest of a minor child under this Section, the court shall consider all relevant factors, including:

(1) The wishes of the child's parents and any person acting as a parent who has physical custody of the child.

(2) The wishes of the child and the reasons for those wishes. The court may interview the child in chambers to ascertain the child's wishes with respect to the change of name. Counsel shall be present at the interview unless otherwise agreed upon by the parties. The court shall cause a court reporter to be present who shall make a complete record of the interview instantaneously to be part of the record in the case.

(3) The interaction and interrelationship of the child with his or her parents or persons acting as parents who have physical custody of the child, step-parents, siblings, step-siblings, or any other person who may significantly affect the child's best interest.

(c) Provide a uniform reporting format for the entry of pertinent information regarding reports of missing children into LEADS.

(d) Develop and implement a policy whereby a statewide or regional alert would be used in situations relating to the disappearances of children, based on criteria and in a format established by the Department. Such a format shall include, but not be limited to, the age and physical description of the missing child and the suspected circumstances of the disappearance.

(e) Notify all law enforcement agencies that reports of missing persons shall be entered as soon as the minimum level of data specified by the Department is available to the reporting agency and that no waiting period for entry of such data exists.

Such files shall be updated to reflect and include information relating to the disposition of the case.

The bulletin shall indicate the name, age, physical description, suspected circumstances of disappearance if that information is available, a photograph if one is available, the name of the law enforcement agency investigating the case, and such other information as the Director considers appropriate concerning each missing child who the Department determines may be present in this State. The Department shall send a copy of each periodic information bulletin to the State Board of Education for its use in accordance with Section 2-3.48 of the School Code. The Department shall provide a copy of the bulletin, upon request, to law enforcement agencies of this or any other state or of the federal government, and may provide a copy of the bulletin, upon request, to other persons or entities, if deemed appropriate by the Director, and may establish limitations on its use and a reasonable fee for so providing the same, except that no fee shall be charged for providing the periodic information bulletin to the State Board of Education, appropriate units of local government, State agencies, or law enforcement agencies of this or any other state or of the federal government.

(k) Provide for the entry into LEADS of the names and addresses of sex offenders as defined in the Sex Offender Registration Act who are required to register under that Act. The information shall be immediately accessible to law enforcement agencies and peace officers of this State or any other state or of the federal government. Similar information may be requested from any other state or of the federal government for purposes of this Act.

that adequate clearance is available for the movement. It is prima facie evidence that the driver of a vehicle transporting an implement of husbandry has failed to check the roadway prior to making a movement if the vehicle is involved in a collision with a bridge, overpass, fixed structure, or properly placed traffic control device or if the vehicle blocks traffic due to its inability to proceed because of a bridge, overpass, fixed structure, or properly placed traffic control device.

(B) Flags shall be displayed so as to wave freely at the extremities of overwidth objects and at the extreme ends of all protrusions, projections, and overhangs. All flags shall be clean, bright red flags with no advertising, wording, emblem, or insignia inscribed upon them and at least 18 inches square.

(5) When only one escort vehicle is required and it is operating on a two-lane highway, the escort vehicle shall travel approximately 300 feet ahead of the load. The rotating, oscillating, or flashing lights or flashing amber strobe lights and an "OVERSIZE LOAD" sign shall be displayed on the escort vehicle and shall be visible from the front. When only one escort vehicle is required and it is operating on a multilane divided highway, the escort vehicle shall travel approximately 300 feet behind the load and the sign and lights shall be visible from the rear.

(6) When 2 escort vehicles are required, one escort shall travel approximately 300 feet ahead of the load and the second escort shall travel approximately 300 feet behind the load. The rotating, oscillating, or flashing lights or flashing amber strobe lights and an "OVERSIZE LOAD" sign shall be displayed on the escort vehicles and shall be visible from the front on the lead escort and from the rear on the trailing escort.

(7) When traveling within the corporate limits of a municipality, the escort vehicle shall maintain a reasonable and proper distance from the
oversize load, consistent with existing traffic conditions.

(8) A separate escort shall be provided for each load hauled.

(9) The driver of an escort vehicle shall obey all traffic laws.

(10) The escort vehicle must be in safe operational condition.

If the load on the transport vehicle blocks the visibility of the amber lighting from the rear of the vehicle, the vehicle must also be equipped with an illuminated rotating, oscillating, or flashing amber light or lights or a flashing amber strobe light or lights mounted on the rear of the load that are of sufficient intensity to be visible at 500 feet in normal sunlight.

(G) When a flashing amber light is required on the transport vehicle under load and it is operating on a two-lane highway, the transport vehicle shall display to the rear at least one rotating, oscillating, or flashing light or a flashing amber strobe light and an "OVERSIZE LOAD" sign. When a flashing amber light is required on the transport vehicle under load and it is operating on a multilane divided highway, the sign and light shall be visible from the rear.

(3) When a county engineer or superintendent of highways, after giving due consideration to the mass transportation needs of the area and to the width and condition of the road, has determined that the operation of buses wider than 8 feet 6 inches in width will not pose an undue safety hazard on a particular county or township road segment, he or she may authorize buses not to exceed 8 feet 6 inches in width
on any highway under that engineer's or superintendent's jurisdiction.

(d-1) A recreational vehicle, as defined in Section 1-169, may exceed 8 feet 6 inches in width if:

The information shall specifically address the rights of a customer of a water or sewer utility in the following situations:

(1) The customer's water meter is replaced.

(2) The customer's bill increases by more than 50% within one billing period.

(3) The customer's water service is terminated.

New matter indicated by italics - deletions by strikeout
(4) The customer wishes to complain after receiving a termination of service notice.

(5) The customer is unable to make payment on a billing statement.

(6) A rate is filed, including without limitation a surcharge or annual reconciliation filing, that will increase the amount billed to the customer.

(7) The customer is billed for services provided prior to the date covered by the billing statement.

(8) The customer is due to receive a credit.

Each billing statement issued by a water or sewer utility shall include an Internet web site address where the customer can view the information required under this subsection (a) and a telephone number that the customer may call to request a copy of the information.

(b) A water or sewer utility may discontinue service only after it has mailed or delivered by other means a written notice of discontinuance substantially in the form of Appendix A of 83 Ill. Adm. Code 280. The notice must include the Internet web site address where the customer can view the information required under subsection (a) and a telephone number that the customer may call to request a copy of the information. Any notice required to be delivered or mailed to a customer prior to discontinuance of service shall be delivered or mailed separately from any bill. Service shall not be discontinued until at least 5 days after delivery or 8 days after the mailing of this notice. Service shall not be discontinued and shall be restored if discontinued for the reason which is the subject of a dispute or complaint during the pendency of informal or formal complaint procedures of the Illinois Commerce Commission under 83 Ill. Adm. Code 280.160 or 280.170, where the customer has complied with those rules. Service shall not be discontinued and shall be restored if discontinued where a customer has established a deferred payment agreement pursuant to 83 Ill. Adm. Residential customers who are indebted to a utility for past due utility service shall have the opportunity to make arrangements with the utility to retire the debt by periodic payments, referred to as a

deferred payment agreement, unless this customer has failed to make payment under such a plan during the past 12 months. The terms and conditions of a reasonable deferred payment agreement shall be determined by the utility after consideration of the following factors, based upon information available from current utility records or provided by the customer or applicant:

1. size of the past due account;
2. customer or applicant's ability to pay;
3. customer or applicant's payment history;
4. reason for the outstanding indebtedness; and
5. any other relevant factors relating to the circumstances of the customer or applicant's service.

A residential customer shall pay a maximum of one-fourth of the amount past due and owing at the time of entering into the deferred payment agreement, and the water or sewer utility shall allow a minimum of 2 months from the date of the agreement and a maximum of 12 months for payment to be made under a deferred payment agreement. Late payment charges may be assessed against the amount owing that is the subject of a deferred payment agreement.

(c) A water or sewer utility shall provide notice as required by subsection (a) of Section 9-201 after the filing of each information sheet under a purchased water surcharge, purchased sewage treatment surcharge, or qualifying infrastructure plant surcharge. The utility also shall post notice of the filing in accordance with the requirements of 83 Ill. Adm. Code 255. Unless filed as part of a general rate increase, notice of the filing of a purchased water surcharge rider, purchased sewage treatment surcharge rider, or qualifying infrastructure plant surcharge rider also shall be given in the manner required by this subsection (c) for the filing of information sheets.

(d) Commission rules pertaining to formal and informal complaints against public utilities shall apply with full and equal force to water and sewer utilities and their customers, including provisions of 83 Ill. Adm. Code 280.170, and the Commission shall respond to each complaint by providing the consumer with a copy of the utility’s response.

(e) Any refund shown on the billing statement of a customer of a water or sewer utility must be itemized and must state if the refund is an adjustment or credit.

(f) Water service for building construction purposes. At the request of any municipality or township within the service area of a public utility that provides water service to customers within the municipality or township, a public utility must (1) require all water service used for building construction purposes to be measured by meter and subject to approved rates and charges for metered water service and (2) prohibit the unauthorized use of water taken from hydrants or service lines installed at construction sites.

(g) Water meters.

(1) Periodic testing. Unless otherwise approved by the Commission, each service water meter shall be periodically inspected and tested in accordance with the schedule specified in 83 Ill. Adm. Code 600.340, or more frequently as the results may warrant, to insure that the meter accuracy is maintained within the limits set out in 83 Ill. Adm. Code 600.310.

(2) Meter tests requested by customer.

(A) Each utility furnishing metered water service shall, without charge, test the accuracy of any meter upon request by the customer served by such meter, provided that the meter in question has not been tested by the utility or by the Commission within 2 years previous to such request. The customer or his or her representatives shall have the privilege of witnessing the test at the option of the customer. A written report, giving the results of the test, shall be made to the customer.

(B) When a meter that has been in service less than 2 years since its last test is found to be accurate within the limits specified in 83 Ill. Adm. Code 600.310, the customer

shall pay a fee to the utility not to exceed the amounts specified in 83 Ill. Adm. Code 600.350(b). Fees for testing meters not included in this Section or so located that the cost will be out of proportion to the fee specified will be determined by the Commission upon receipt of a complete description of the case.

(3) Commission referee tests. Upon written application to the Commission by any customer, a test will be made of the customer’s meter by a representative of the Commission. For such a test, a fee as provided for in subsection (g)(2) shall accompany the application. If the meter is found to be registering more than 1.5% fast on the average when tested as prescribed in 83 Ill. Adm. Code 600.310, the utility shall refund to the customer the amount of the fee. The utility shall in no way disturb the meter after a customer has made an application for a referee test until authority to do so is given by the Commission or the customer in writing.

(h) Water and sewer utilities; low usage. Each public utility that provides water and sewer service must establish a unit sewer rate, subject to review by the Commission, that applies only to those customers who use less than 1,000 gallons of water in any billing period.

(i) Water and sewer utilities; separate meters. Each public utility that provides water and sewer service must offer separate rates for water and sewer service to any commercial or residential customer who uses separate meters to measure each of those services. In order for the separate rate to apply, a combination of meters must be used to measure the amount of water that reaches the sewer system and the amount of water that does not reach the sewer system.

(j) Each water or sewer public utility must disclose on each billing statement any amount billed that is for service provided prior to the date covered by the billing statement. The disclosure must include the dates for which the prior service is being billed. Each billing statement that includes an amount billed for service provided prior to the date covered by the billing statement must disclose the dates for which that amount is billed and must include a copy of the document created under subsection...
(a) and a statement of current Commission rules concerning unbilled or misbilled service.

(k) When the customer is due a refund resulting from payment of an overcharge, the utility shall credit the customer in the amount of overpayment with interest from the date of overpayment by the customer. The rate for interest shall be at the appropriate rate determined by the Commission under 83 Ill. Adm. Code 280.70.

(l) Water and sewer public utilities; subcontractors. The Commission shall adopt rules for water and sewer public utilities to provide notice to the customers of the proper kind of identification that a subcontractor must present to the customer, to prohibit a subcontractor from soliciting or receiving payment of any kind for any service provided by the water or sewer public utility or the subcontractor, and to establish sanctions for violations.

(m) Water and sewer public utilities; unaccounted-for water. By December 31, 2006, each water public utility shall file tariffs with the Commission to establish the maximum percentage of unaccounted-for water that would be considered in the determination of any rates or surcharges. The rates or surcharges approved for a water public utility shall not include charges for unaccounted-for water in excess of this maximum percentage without well-documented support and justification for the Commission to consider in any request to recover charges in excess of the tariffed maximum percentage.

(n) Rate increases; public forums. When any public utility providing water or sewer service proposes a general rate increase, in addition to other notice requirements, the water or sewer public utility must notify its customers of their right to request a public forum. A customer or group of customers must make written request to the Commission for a public forum and must also provide written notification of the request to the customer's municipal or, for unincorporated areas, township government. The Commission, at its discretion, may schedule the public forum. If it is determined that public forums are required for multiple municipalities or townships, the Commission shall schedule these public forums, in locations within approximately 45 minutes drive time of
the municipalities or townships for which the public forums have been scheduled. The public utility must provide advance notice of 30 days for each public forum to the governing bodies of those units of local government affected by the increase. The day of each public forum shall be selected so as to encourage the greatest public participation. Each public forum will begin at 7:00 p.m. Reports and comments made during or as a result of each public forum must be made available to the hearing officials and reviewed when drafting a recommended or tentative decision, finding or order pursuant to Section 10-111 of this Act.

(220 ILCS 5/9-223) (from Ch. 111-2/3, par. 9-223)
Sec. 9-223. Fire protection charge.

(a) The Commission may authorize any public utility engaged in the production, storage, transmission, sale, delivery or furnishing of water to impose a fire protection charge, in addition to any rate authorized by this Act, sufficient to cover a reasonable portion of the cost of providing the capacity, facilities and the water necessary to meet the fire protection needs of any municipality or public fire protection district. Such fire protection charge shall be in the form of a fixed amount per bill and shall be shown separately on the utility bill of each customer of the municipality or fire protection district. Any filing by a public utility to impose such a fire protection charge or to modify a charge shall be made pursuant to Section 9-201 of this Act. Any fire protection charge imposed shall reflect the costs associated with providing fire protection service for each municipality or fire protection district. No such charge shall be imposed directly on any municipality or fire protection district for a reasonable level of fire protection services unless provided for in a separate agreement between the municipality or the fire protection district and the utility.

(b) By December 31, 2007, the Commission shall conduct at least 3 public forums to evaluate the purpose and use of each fire protection charge imposed under this Section. At least one forum must be held in northern Illinois, at least one forum must be held in central Illinois, and at least one forum must be held in southern Illinois. The Commission must invite a representative from each municipality and fire protection district affected by a fire protection charge under this Section to attend a public

including existing indebtedness, in the aggregate exceeding 6.9% on the value of the taxable property therein to be ascertained by the last assessment for State and county taxes or, until January 1, 1983, if greater, the sum that is produced by multiplying the school district's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979, previous to the incurring of such indebtedness.

No school districts maintaining grades K through 12 shall become indebted in any manner or for any purpose to an amount, including existing indebtedness, in the aggregate exceeding 13.8% on the value of the taxable property therein to be ascertained by the last assessment for State and county taxes or, until January 1, 1983, if greater, the sum that is produced by multiplying the school district's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979, previous to the incurring of such indebtedness.

Notwithstanding the provisions of any other law to the contrary, in any case in which the voters of a school district have approved a proposition for the issuance of bonds of such school district at an election held prior to January 1, 1979, and all of the bonds approved at such election have not been issued, the debt limitation applicable to such school district during the calendar year 1979 shall be computed by multiplying the value of taxable property therein, including personal property, as ascertained by the last assessment for State and county taxes, previous to the incurring of such indebtedness, by the percentage limitation applicable to such school district under the provisions of this subsection (a).

(b) Notwithstanding the debt limitation prescribed in subsection (a) of this Section, additional indebtedness may be incurred in an amount not to exceed the estimated cost of acquiring or improving school sites or constructing and equipping additional building facilities under the following conditions:

Notice of such an election shall state that the amount of indebtedness proposed to be incurred would exceed the debt limitation otherwise applicable to the school district. The ballot for such proposition shall state what percentage of the equalized assessed valuation will be outstanding in bonds if the proposed issuance of bonds is approved by the voters; or

The indebtedness provided for by this subsection (b) shall be in addition to and in excess of any other debt limitation.

(c) Notwithstanding the debt limitation prescribed in subsection (a) of this Section, in any case in which a public question for the issuance of bonds of a proposed school district maintaining grades kindergarten through 12 received at least 60% of the valid ballots cast on the question at an election held on or prior to November 8, 1994, and in which the bonds approved at such election have not been issued, the school district pursuant to the requirements of Section 11A-10 may issue the total amount of bonds approved at such election for the purpose stated in the question.

(d) Notwithstanding the debt limitation prescribed in subsection (a) of this Section, a school district that meets all the criteria set forth in paragraphs (1) and (2) of this subsection (d) may incur an additional indebtedness in an amount not to exceed $4,500,000, even though the amount of the additional indebtedness authorized by this subsection (d), when incurred and added to the aggregate amount of indebtedness of the district existing immediately prior to the district incurring the additional indebtedness authorized by this subsection (d), causes the aggregate indebtedness of the district to exceed the debt limitation otherwise applicable to that district under subsection (a):

(1) The additional indebtedness authorized by this subsection (d) is incurred by the school district through the issuance of bonds under and in accordance with Section 17-2.11a for the purpose of replacing a school building which, because of

(2) The bonds issued by the school district as provided in paragraph (1) above are issued for the purposes of construction by the school district of a new school building pursuant to Section 17-2.11, to replace an existing school building that, because of mine subsidence damage, is closed as of the end of the 1992-93 school year pursuant to action of the regional superintendent of schools of the educational service region in which the district is located under Section 3-14.22 or are issued for the purpose of increasing the size of, or providing for additional functions in, the new school building being constructed to replace a school building closed as the result of mine subsidence damage, or both such purposes.

(1) The State Board of Education certifies the school district under Section 19-1.5 as a financially distressed district.

Nothing in this paragraph, however, shall be deemed to impair or to require impairment of the contractual obligations, including collective bargaining agreements, of the district or to impair or require the impairment of the vested rights of any employee of the district under the terms of any contract or agreement in effect on the effective date of this amendatory Act of 1994.

(5) Bonds issued by the financially distressed district under this subsection shall bear interest at a rate not to exceed the maximum rate authorized by law at the time of the making of the contract, shall mature within 40 years from their date of issue, and shall be signed by the president of the school board and treasurer of the school district. In order to issue bonds under this subsection, the school board shall adopt a resolution fixing the amount of the bonds, the date of the bonds, the maturities of the bonds, the rates of interest of the bonds, and their place of payment and denomination, and shall provide for the levy and collection of a direct annual tax upon all the taxable property in the district.

Upon the filing in the office of the county clerk of the county in which the financially distressed district is located of a certified copy of the resolution, it is the duty of the county clerk to extend the tax therefor in addition to and in excess of all other taxes at any time authorized to be levied by the district. If bond proceeds from the sale of bonds include a premium or if the proceeds of the bonds are invested as authorized by law, the school board shall determine by resolution whether the interest earned on the investment of bond proceeds or the premium realized on the sale of the bonds is to be used for any of the lawful school purposes for which the bonds were issued or for the payment of the principal indebtedness and interest on the bonds. The proceeds of the bond sale shall be deposited in the educational purposes fund of the district and shall be used to pay operational expenses of the district. This subsection is cumulative and constitutes complete authority for the issuance of bonds as provided in this subsection, notwithstanding any other law to the contrary.

(m) clearinghouse for information provided by senior citizen home owners who want to rent rooms to or share living space with other senior citizens.

The Department shall establish eligibility standards for such services taking into consideration the unique economic and social needs of the target population for whom they are to be provided. Such eligibility standards shall be based on the recipient's ability to pay for services; provided, however, that in determining the amount and nature of services for which a person may qualify, consideration shall not be given to the value of cash, property or other assets held in the name of the person's spouse pursuant to a written agreement dividing marital property into equal but separate shares or pursuant to a transfer of the person's interest in a home to his spouse, provided that the spouse's share of the marital property is not made available to the person seeking such services.

Beginning July 1, 2002, the Department shall require as a condition of eligibility that all financially eligible applicants and recipients apply for medical assistance under Article V of the Illinois Public Aid Code in accordance with rules promulgated by the Department.

The Department shall, in conjunction with the Department of Public Aid (now Department of Healthcare and Family Services), seek appropriate amendments under Sections 1915 and 1924 of the Social Security Act. The purpose of the amendments shall be to extend eligibility for home and community based services under Sections 1915 and 1924 of the Social Security Act to persons who transfer to or for the benefit of a spouse those amounts of income and resources allowed under Section 1924 of the Social Security Act. Subject to the approval of such

amendments, the Department shall extend the provisions of Section 5-4 of the Illinois Public Aid Code to persons who, but for the provision of home or community-based services, would require the level of care provided in an institution, as is provided for in federal law. Those persons no longer found to be eligible for receiving noninstitutional services due to changes in the eligibility criteria shall be given 60 days notice prior to actual termination. Those persons receiving notice of termination may contact the Department and request the determination be appealed at any time during the 60 day notice period. With the exception of the lengthened notice and time frame for the appeal request, the appeal process shall follow the normal procedure. In addition, each person affected regardless of the circumstances for discontinued eligibility shall be given notice and the opportunity to purchase the necessary services through the Community Care Program. If the individual does not elect to purchase services, the Department shall advise the individual of alternative services. The target population identified for the purposes of this Section are persons age 60 and older with an identified service need. Priority shall be given to those who are at imminent risk of institutionalization. The services shall be provided to eligible persons age 60 and older to the extent that the cost of the services together with the other personal maintenance expenses of the persons are reasonably related to the standards established for care in a group facility appropriate to the person's condition. These non-institutional services, pilot projects or experimental facilities may be provided as part of or in addition to those authorized by federal law or those funded and administered by the Department of Human Services. The Departments of Human Services, Healthcare and Family Services Public Aid, Public Health, Veterans’ Affairs, and Commerce and Economic Opportunity and other appropriate agencies of State, federal and local governments shall cooperate with the Department on Aging in the establishment and development of the non-institutional services. The Department shall require an annual audit from all chore/housekeeping and homemaker vendors contracting with the Department under this Section. The annual audit shall assure that each audited vendor's procedures are in compliance with Department's financial reporting guidelines requiring an

administrative and employee wage and benefits cost split as defined in administrative rules. The audit is a public record under the Freedom of Information Act. The Department shall execute, relative to the nursing home prescreening project, written inter-agency agreements with the Department of Human Services and the Department of Healthcare and Family Services Public Aid, to effect the following: (1) intake procedures and common eligibility criteria for those persons who are receiving non-institutional services; and (2) the establishment and development of non-institutional services in areas of the State where they are not currently available or are undeveloped. On and after July 1, 1996, all nursing home prescreenings for individuals 60 years of age or older shall be conducted by the Department.

As part of the Department on Aging's routine training of case managers and case manager supervisors, the Department may include information on family futures planning for persons who are age 60 or older and who are caregivers of their adult children with developmental disabilities. The content of the training shall be at the Department's discretion.

The Department is authorized to establish a system of recipient copayment for services provided under this Section, such copayment to be based upon the recipient's ability to pay but in no case to exceed the actual cost of the services provided. Additionally, any portion of a person's income which is equal to or less than the federal poverty standard shall not be considered by the Department in determining the copayment. The level of such copayment shall be adjusted whenever necessary to reflect any change in the officially designated federal poverty standard.

The Department, or the Department's authorized representative, shall recover the amount of moneys expended for services provided to or in behalf of a person under this Section by a claim against the person's estate or against the estate of the person's surviving spouse, but no recovery may be had until after the death of the surviving spouse, if any, and then only at such time when there is no surviving child who is under age 21, blind, or permanently and totally disabled. This paragraph, however, shall not bar recovery, at the death of the person, of moneys for

services provided to the person or in behalf of the person under this Section to which the person was not entitled; provided that such recovery shall not be enforced against any real estate while it is occupied as a homestead by the surviving spouse or other dependent, if no claims by other creditors have been filed against the estate, or, if such claims have been filed, they remain dormant for failure of prosecution or failure of the claimant to compel administration of the estate for the purpose of payment. This paragraph shall not bar recovery from the estate of a spouse, under Sections 1915 and 1924 of the Social Security Act and Section 5-4 of the Illinois Public Aid Code, who precedes a person receiving services under this Section in death. All moneys for services paid to or in behalf of the person under this Section shall be claimed for recovery from the deceased spouse's estate. "Homestead", as used in this paragraph, means the dwelling house and contiguous real estate occupied by a surviving spouse or relative, as defined by the rules and regulations of the Illinois Department of Public Aid, regardless of the value of the property.

The Department shall develop procedures to enhance availability of services on evenings, weekends, and on an emergency basis to meet the respite needs of caregivers. Procedures shall be developed to permit the utilization of services in successive blocks of 24 hours up to the monthly maximum established by the Department. Workers providing these services shall be appropriately trained.

Beginning on the effective date of this Amendatory Act of 1991, no person may perform chore/housekeeping and homemaker services under a program authorized by this Section unless that person has been issued a certificate of pre-service to do so by his or her employing agency. Information gathered to effect such certification shall include (i) the person's name, (ii) the date the person was hired by his or her current employer, and (iii) the training, including dates and levels. Persons engaged in the program authorized by this Section before the effective date of this amendatory Act of 1991 shall be issued a certificate of all pre- and in-service training from his or her employer upon submitting the necessary information. The employing agency shall be required to retain records of
all staff pre- and in-service training, and shall provide such records to the Department upon request and upon termination of the employer's contract with the Department. In addition, the employing agency is responsible for the issuance of certifications of in-service training completed to their employees.

The Department is required to develop a system to ensure that persons working as homemakers and chore housekeepers receive increases in their wages when the federal minimum wage is increased by requiring vendors to certify that they are meeting the federal minimum wage statute for homemakers and chore housekeepers. An employer that cannot ensure that the minimum wage increase is being given to homemakers and chore housekeepers shall be denied any increase in reimbursement costs.

The Community Care Program Advisory Committee is created in the Department on Aging. The Director shall appoint individuals to serve in the Committee, who shall serve at their own expense. Members of the Committee must abide by all applicable ethics laws. The Committee shall advise the Department on issues related to the Department's program of services to prevent unnecessary institutionalization. The Committee shall meet on a bi-monthly basis and shall serve to identify and advise the Department on present and potential issues affecting the service delivery network, the program's clients, and the Department and to recommend solution strategies. Persons appointed to the Committee shall be appointed on, but not limited to, their own and their agency's experience with the program, geographic representation, and willingness to serve. The Committee shall include, but not be limited to, representatives from the following agencies and organizations:

(a) at least 4 adult day service representatives;
(b) at least 4 case coordination unit representatives;
(c) at least 4 representatives from in-home direct care service agencies;
(d) at least 2 representatives of statewide trade or labor unions that represent in-home direct care service staff;
(e) at least 2 representatives of Area Agencies on Aging;

(f) at least 2 non-provider representatives from a policy, advocacy, research, or other service organization;
(g) at least 2 representatives from a statewide membership organization for senior citizens; and
(h) at least 2 citizen members 60 years of age or older.

Nominations may be presented from any agency or State association with interest in the program. The Director, or his or her designee, shall serve as the permanent co-chair of the advisory committee. One other co-chair shall be nominated and approved by the members of the committee on an annual basis. Committee members' terms of appointment shall be for 4 years with one-quarter of the appointees' terms expiring each year. At no time may a member serve more than one consecutive term in any capacity on the committee. The Department shall fill vacancies that have a remaining term of over one year, and this replacement shall occur through the annual replacement of expiring terms. The Director shall designate Department staff to provide technical assistance and staff support to the committee. Department representation shall not constitute membership of the committee. All Committee papers, issues, recommendations, reports, and meeting memoranda are advisory only. The Director, or his or her designee, shall make a written report, as requested by the Committee, regarding issues before the Committee.

The Department on Aging and the Department of Human Services shall cooperate in the development and submission of an annual report on programs and services provided under this Section. Such joint report shall be filed with the Governor and the General Assembly on or before September 30 each year.

The requirement for reporting to the General Assembly shall be satisfied by filing copies of the report with the Speaker, the Minority Leader and the Clerk of the House of Representatives and the President, the Minority Leader and the Secretary of the Senate and the Legislative Research Unit, as required by Section 3.1 of the General Assembly Organization Act and filing such additional copies with the State Government Report Distribution Center for the General Assembly as is required under paragraph (t) of Section 7 of the State Library Act.

Those persons previously not required to cost-share and who were required to cost-share effective March 1, 1992, shall continue to meet cost-share requirements on and after July 1, 1992. Section 99. Effective date. This Act takes effect upon becoming law.

Passed in the General Assembly April 4, 2006.
Approved June 27, 2006.
Effective June 27, 2006.

PUBLIC ACT 94-0955
(Senate Bill No. 2613)

AN ACT concerning criminal law.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Purpose.

(a) This Act is not intended to make any substantive change in the law. It reconciles conflicts that have arisen from multiple amendments and enactments made to Section 29B-1 of the Criminal Code of 1961 by Public Acts 94-364 and 94-556. It also makes a technical correction in subdivision (l)(3) of that Section.

(b) In this Act, the reference at the end of Section 29B-1 of the Criminal Code of 1961 indicates the sources in the Session Laws of Illinois that were used in the preparation of the text of that Section. The text of Section 29B-1 included in this Act is intended to include the different versions of that Section found in the Public Acts included in the list of sources, but may not include other versions of the Section to be found in Public Acts not included in the list of sources. The list of sources is not a part of the text of the Section. Except for the one technical correction made in subdivision (l)(3), the text of Section 29B-1 contains no striking or underscoring because no other changes are being made in the material that is being combined.

Section 5. The Criminal Code of 1961 is amended by changing Section 29B-1 as follows:

(e) Duty to enforce this Article.

(1) It is the duty of the Department of State Police, and its agents, officers, and investigators, to enforce all provisions of this Article, except those specifically delegated, and to cooperate with all agencies charged with the enforcement of the laws of the United States, or of any state, relating to money laundering. Only an agent, officer, or investigator designated by the Director may be authorized in accordance with this Section to serve seizure notices, warrants, subpoenas, and summonses under the authority of this State.

(2) Any agent, officer, investigator, or peace officer designated by the Director may: (A) make seizure of property pursuant to the provisions of this Article; and (B) perform such other law enforcement duties as the Director designates. (f) Protective orders.

(1) Upon application of the State, the court may enter a restraining order or injunction, require the execution of a satisfactory performance bond, or take any other action to preserve the availability of property described in subsection (h) for forfeiture under this Article:

(A) upon the filing of an indictment, information, or complaint charging a violation of this Article for which forfeiture may be ordered under this Article and alleging
that the property with respect to which the order is sought would be subject to forfeiture under this Article; or

(B) prior to the filing of such an indictment, information, or complaint, if, after notice to persons appearing to have an interest in the property and opportunity for a hearing, the court determines that:

(i) there is probable cause to believe that the State will prevail on the issue of forfeiture and that failure to enter the order will result in the property being destroyed, removed from the jurisdiction of the court, or otherwise made unavailable for forfeiture; and

(ii) the need to preserve the availability of the property through the entry of the requested order outweighs the hardship on any party against whom the order is to be entered.

Provided, however, that an order entered pursuant to subparagraph (B) shall be effective for not more than 90 days, unless extended by the court for good cause shown or unless an indictment, information, complaint, or administrative notice has been filed.

(2) A temporary restraining order under this subsection may be entered upon application of the State without notice or opportunity for a hearing when an indictment, information, complaint, or administrative notice has not yet been filed with respect to the property, if the State demonstrates that there is probable cause to believe that the property with respect to which the order is sought would be subject to forfeiture under this Section and that provision of notice will jeopardize the availability of the property for forfeiture. Such a temporary order shall expire not more than 30 days after the date on which it is entered, unless extended for good cause shown or unless the party against whom it is entered consents to an extension for a longer period. A hearing requested concerning an order entered under this paragraph shall be

held at the earliest possible time and prior to the expiration of the temporary order.

(3) The court may receive and consider, at a hearing held pursuant to this subsection (f), evidence and information that would be inadmissible under the Illinois rules of evidence.

(4) Order to repatriate and deposit.

(A) In general. Pursuant to its authority to enter a pretrial restraining order under this Section, the court may order a defendant to repatriate any property that may be seized and forfeited and to deposit that property pending trial with the Illinois State Police or another law enforcement agency designated by the Illinois State Police.

(B) Failure to comply. Failure to comply with an order under this subsection (f) is punishable as a civil or criminal contempt of court.

(g) Warrant of seizure. The State may request the issuance of a warrant authorizing the seizure of property described in subsection (h) in the same manner as provided for a search warrant. If the court determines that there is probable cause to believe that the property to be seized would be subject to forfeiture, the court shall issue a warrant authorizing the seizure of such property.

(h) Forfeiture.

(1) The following are subject to forfeiture:

(A) any property, real or personal, constituting, derived from, or traceable to any proceeds the person obtained directly or indirectly, as a result of a violation of this Article;

(B) any of the person's property used, or intended to be used, in any manner or part, to commit, or to facilitate the commission of, a violation of this Article;

(C) all conveyances, including aircraft, vehicles or vessels, which are used, or intended for use, to transport, or in any manner to facilitate the transportation, sale, receipt,
possession, or concealment of property described in subparagraphs (A) and (B), but:

(ii) no conveyance is subject to forfeiture under this Section by reason of any act or omission which the owner proves to have been committed or omitted without his or her knowledge or consent;

(iii) a forfeiture of a conveyance encumbered by a bona fide security interest is subject to the interest of the secured party if he or she neither had knowledge of nor consented to the act or omission;

(2) Property subject to forfeiture under this Article may be seized by the Director or any peace officer upon process or seizure warrant issued by any court having jurisdiction over the property. Seizure by the Director or any peace officer without process may be made:

(A) if the seizure is incident to a seizure warrant;

(B) if the property subject to seizure has been the subject of a prior judgment in favor of the State in a
criminal proceeding, or in an injunction or forfeiture proceeding based upon this Article;

(C) if there is probable cause to believe that the property is directly or indirectly dangerous to health or safety;

(D) if there is probable cause to believe that the property is subject to forfeiture under this Article and the property is seized under circumstances in which a warrantless seizure or arrest would be reasonable; or

(E) in accordance with the Code of Criminal Procedure of 1963.

(3) In the event of seizure pursuant to paragraph (2), forfeiture proceedings shall be instituted in accordance with subsections (i) through (r).

(4) Property taken or detained under this Section shall not be subject to replevin, but is deemed to be in the custody of the Director subject only to the order and judgments of the circuit court having jurisdiction over the forfeiture proceedings and the decisions of the State's Attorney under this Article. When property is seized under this Article, the seizing agency shall promptly conduct an inventory of the seized property and estimate the property's value and shall forward a copy of the inventory of seized property and the estimate of the property's value to the Director. (F) provide for another agency or custodian, including an owner, secured party, or lienholder, to take custody of the property upon the terms and conditions set by the Director.

(5) When property is forfeited under this Article, the Director shall sell all such property unless such property is required by law to be destroyed or is harmful to the public, and shall distribute the proceeds of the sale, together with any moneys forfeited or seized, in accordance with paragraph (6). However, upon the application of the seizing agency or prosecutor who was responsible for the investigation, arrest or arrests and prosecution which lead to the forfeiture, the Director may return any item of forfeited property to the seizing agency or prosecutor for official use in the enforcement of laws, if the agency or prosecutor can demonstrate that the item requested would be useful to the agency or prosecutor in its enforcement efforts. When any real property returned to the seizing agency is sold by the agency or its unit of government, the proceeds of the sale shall be delivered to the Director and distributed in accordance with paragraph (6).

(6) All monies and the sale proceeds of all other property forfeited and seized under this Article shall be distributed as follows:

(A) 65% shall be distributed to the metropolitan enforcement group, local, municipal, county, or State law enforcement agency or agencies which conducted or participated in the investigation resulting in the forfeiture. (ii) 12.5% shall be distributed to the Office of the State's Attorneys Appellate Prosecutor and deposited in the Narcotics Profit Forfeiture Fund of that office to be used for additional expenses incurred in the investigation, prosecution and appeal of cases arising under laws. For purposes of notice under this Section, if a person has been arrested for the conduct giving rise to the forfeiture, then the address provided to the arresting agency at the time of arrest shall be deemed to be that person's known address. Provided, however, if an owner or interest holder's address changes prior to the effective date of the notice of pending forfeiture, the owner or interest holder shall promptly notify the seizing agency of the change in address or, if the owner or interest holder's address changes subsequent to the effective date of the notice of pending forfeiture, the owner or interest holder shall promptly notify the State's Attorney of the change in address; or

(B) If the property seized is a conveyance, to the address reflected in the office of the agency or official in which title or interest to the conveyance is required by law to be recorded, then by mailing a copy of the notice by certified mail, return receipt requested, to that address; or

(C) If the owner's or interest holder's address is not known, and is not on record as provided in paragraph (B), then by publication for 3 successive weeks in a newspaper of general circulation in the county in which the seizure occurred.

(2) Notice served under this Article is effective upon personal service, the last date of publication, or the mailing of written notice, whichever is earlier.

(j) Notice to State's Attorney. The law enforcement agency seizing property for forfeiture under this Article shall, within 90 days after seizure, notify the State's Attorney for the county, either where an act or omission giving rise to the forfeiture occurred or where the property was seized, of the seizure of the property and the facts and circumstances giving rise to the seizure and shall provide the State's Attorney with the inventory of the property and its estimated value. When the property seized for forfeiture is
a vehicle, the law enforcement agency seizing the property shall immediately notify the Secretary of State that forfeiture proceedings are pending regarding such vehicle.

(k) Non-judicial forfeiture. If non-real property that exceeds $20,000 in value excluding the value of any conveyance, or if real property is seized under the provisions of this Article, the State's Attorney shall institute judicial in rem forfeiture proceedings as described in subsection (l) of this Section within 45 days from receipt of notice of seizure from the seizing agency under subsection (j) of this Section. However, if non-real property that does not exceed $20,000 in value excluding the value of any conveyance is seized, the following procedure shall be used:

(1) If, after review of the facts surrounding the seizure, the State's Attorney is of the opinion that the seized property is subject to forfeiture, then within 45 days after the receipt of notice of seizure from the seizing agency, the State's Attorney shall cause notice of pending forfeiture to be given to the owner of the property and all known interest holders of the property in accordance with subsection (i) of this Section.

(2) The notice of pending forfeiture must include a description of the property, the estimated value of the property, the date and place of seizure, the conduct giving rise to forfeiture or the violation of law alleged, and a summary of procedures and procedural rights applicable to the forfeiture action.

(3)(A) Any person claiming an interest in property which is the subject of notice under paragraph (1) of this subsection (k), must, in order to preserve any rights or claims to the property, within 45 days after the effective date of notice as described in subsection (i) of this Section, file a verified claim with the State's Attorney expressing his or her interest in the property. The claim must set forth:

(i) the caption of the proceedings as set forth on the notice of pending forfeiture and the name of the claimant;
(ii) the address at which the claimant will accept mail;

New matter indicated by italics - deletions by strikeout
(iii) the nature and extent of the claimant's interest in the property;
(iv) the date, identity of the transferor, and circumstances of the claimant's acquisition of the interest in the property;
(v) the name and address of all other persons known to have an interest in the property;
(vi) the specific provision of law relied on in asserting the property is not subject to forfeiture;
(vii) all essential facts supporting each assertion; and
(viii) the relief sought.

(B) If a claimant files the claim and deposits with the State's Attorney a cost bond, in the form of a cashier's check payable to the clerk of the court, in the sum of 10% of the reasonable value of the property as alleged by the State's Attorney or the sum of $100, whichever is greater, upon condition that, in the case of forfeiture, the claimant must pay all costs and expenses of forfeiture proceedings, then the State's Attorney shall institute judicial in rem forfeiture proceedings and deposit the cost bond with the clerk of the court as described in subsection (l) of this Section within 45 days after receipt of the claim and cost bond. In lieu of a cost bond, a person claiming interest in the seized property may file, under penalty of perjury, an indigency affidavit which has been approved by a circuit court judge.

(C) If none of the seized property is forfeited in the judicial in rem proceeding, the clerk of the court shall return to the claimant, unless the court orders otherwise, 90% of the sum which has been deposited and shall retain as costs 10% of the money deposited. If any of the seized property is forfeited under the judicial forfeiture proceeding, the clerk of the court shall transfer 90% of the
sum which has been deposited to the State's Attorney prosecuting the civil forfeiture to be applied to the costs of prosecution and the clerk shall retain as costs 10% of the sum deposited.

(4) If no claim is filed or bond given within the 45 day period as described in paragraph (3) of this subsection (k), the State's Attorney shall declare the property forfeited and shall promptly notify the owner and all known interest holders of the property and the Director of State Police of the declaration of forfeiture and the Director shall dispose of the property in accordance with law.

(l) Judicial in rem procedures. If property seized under the provisions of this Article is non-real property that exceeds $20,000 in value excluding the value of any conveyance, or is real property, or a claimant has filed a claim and a cost bond under paragraph (3) of subsection (k) of this Section, the following judicial in rem procedures shall apply:

(1) If, after a review of the facts surrounding the seizure, the State's Attorney is of the opinion that the seized property is subject to forfeiture, then within 45 days of the receipt of notice of seizure by the seizing agency or the filing of the claim and cost bond, whichever is later, the State's Attorney shall institute judicial forfeiture proceedings by filing a verified complaint for forfeiture and, if the claimant has filed a claim and cost bond, by depositing the cost bond with the clerk of the court. When authorized by law, a forfeiture must be ordered by a court on an action in rem brought by a State's Attorney under a verified complaint for forfeiture.

(2) During the probable cause portion of the judicial in rem proceeding wherein the State presents its case-in-chief, the court must receive and consider, among other things, all relevant hearsay evidence and information. The laws of evidence relating to civil actions apply to all other portions of the judicial in rem proceeding.

(3) Only an owner of or interest holder in the property may file an answer asserting a claim against the property in the action in

rem. For purposes of this Section, the owner or interest holder shall be referred to as claimant. Upon motion of the State, the court shall first hold a hearing, wherein any claimant must establish by a preponderance of the evidence, that he or she has a lawful, legitimate ownership interest in the property and that it was obtained through a lawful source.

(4) The answer must be signed by the owner or interest holder under penalty of perjury and must set forth:
   (A) the caption of the proceedings as set forth on the notice of pending forfeiture and the name of the claimant;
   (B) the address at which the claimant will accept mail;
   (C) the nature and extent of the claimant's interest in the property;
   (D) the date, identity of transferor, and circumstances of the claimant's acquisition of the interest in the property;
   (E) the name and address of all other persons known to have an interest in the property;
   (F) all essential facts supporting each assertion; and
   (G) the precise relief sought.

(5) The answer must be filed with the court within 45 days after service of the civil in rem complaint.

(6) The hearing must be held within 60 days after filing of the answer unless continued for good cause.

(7) The State shall show the existence of probable cause for forfeiture of the property. If the State shows probable cause, the claimant has the burden of showing by a preponderance of the evidence that the claimant's interest in the property is not subject to forfeiture.

(8) If the State does not show existence of probable cause, the court shall order the interest in the property returned or conveyed to the claimant and shall order all other property forfeited.
to the State. If the State does show existence of probable cause, the
court shall order all property forfeited to the State.

(9) A defendant convicted in any criminal proceeding is
precluded from later denying the essential allegations of the
criminal offense of which the defendant was convicted in any
proceeding under this Article regardless of the pendency of an
appeal from that conviction. However, evidence of the pendency of
an appeal is admissible.

(10) An acquittal or dismissal in a criminal proceeding does
not preclude civil proceedings under this Article; however, for
good cause shown, on a motion by the State's Attorney, the court
may stay civil forfeiture proceedings during the criminal trial for a
related criminal indictment or information alleging a money
laundering violation. Such a stay shall not be available pending an
appeal. Property subject to forfeiture under this Article shall not be
subject to return or release by a court exercising jurisdiction over a
criminal case involving the seizure of such property unless such
return or release is consented to by the State's Attorney.

(11) All property declared forfeited under this Article vests
in this State on the commission of the conduct giving rise to
forfeiture together with the proceeds of the property after that time.
Any such property or proceeds subsequently transferred to any
person remain subject to forfeiture and thereafter shall be ordered
forfeited.

(12) A civil action under this Article must be commenced
within 5 years after the last conduct giving rise to forfeiture
became known or should have become known or 5 years after the
forfeitable property is discovered, whichever is later, excluding any
time during which either the property or claimant is out of the State
or in confinement or during which criminal proceedings relating to
the same conduct are in progress.

(m) Stay of time periods. If property is seized for evidence and for
forfeiture, the time periods for instituting judicial and non-judicial

New matter indicated by italics - deletions by strikeout
forfeiture proceedings shall not begin until the property is no longer necessary for evidence.

(n) Settlement of claims. Notwithstanding other provisions of this Article, the State's Attorney and a claimant of seized property may enter into an agreed-upon settlement concerning the seized property in such an amount and upon such terms as are set out in writing in a settlement agreement.

(o) Property constituting attorney fees. Nothing in this Article applies to property which constitutes reasonable bona fide attorney's fees paid to an attorney for services rendered or to be rendered in the forfeiture proceeding or criminal proceeding relating directly thereto where such property was paid before its seizure, before the issuance of any seizure warrant or court order prohibiting transfer of the property and where the attorney, at the time he or she received the property did not know that it was property subject to forfeiture under this Article.

(p) Construction. It is the intent of the General Assembly that the forfeiture provisions of this Article be liberally construed so as to effect their remedial purpose. The forfeiture of property and other remedies hereunder shall be considered to be in addition to, and not exclusive of, any sentence or other remedy provided by law.

(q) Judicial review. If property has been declared forfeited under subsection (k) of this Section, any person who has an interest in the property declared forfeited may, within 30 days after the effective date of the notice of the declaration of forfeiture, file a claim and cost bond as described in paragraph (3) of subsection (k) of this Section. If a claim and cost bond is filed under this Section, then the procedures described in subsection (l) of this Section apply.

(r) Burden of proof of exemption or exception. It is not necessary for the State to negate any exemption or exception in this Article in any complaint, information, indictment or other pleading or in any trial, hearing, or other proceeding under this Article. The burden of proof of any exemption or exception is upon the person claiming it.

(s) Review of administrative decisions. All administrative findings, rulings, final determinations, findings, and conclusions of the State's
Attorney's Office under this Article are final and conclusive decisions of the matters involved. Any person aggrieved by the decision may obtain review of the decision pursuant to the provisions of the Administrative Review Law and the rules adopted pursuant to that Law. Pending final decision on such review, the administrative acts, orders, and rulings of the State's Attorney's Office remain in full force and effect unless modified or suspended by order of court pending final judicial decision. Pending final decision on such review, the acts, orders, and rulings of the State's Attorney's Office remain in full force and effect, unless stayed by order of court. However, no stay of any decision of the administrative agency shall issue unless the person aggrieved by the decision establishes by a preponderance of the evidence that good cause exists for the stay. In determining good cause, the court shall find that the aggrieved party has established a substantial likelihood of prevailing on the merits and that granting the stay will not have an injurious effect on the general public.

Notwithstanding any provision of the law to the contrary, the General Assembly hereby authorizes the use of such funds for the purposes set forth in this Section.

These provisions do not apply to funds classified by the Comptroller as federal trust funds or State trust funds. The Audit Expense Fund may receive transfers from those trust funds only as directed herein, except where prohibited by the terms of the trust fund agreement. The Auditor General shall notify the trustees of those funds of the estimated cost of the audit to be incurred under the Illinois State Auditing Act for the fund. The trustees of those funds shall direct the State Comptroller and Treasurer to transfer the estimated amount to the Audit Expense Fund.

The Auditor General may bill entities that are not subject to the above transfer provisions, including private entities, related organizations and entities whose funds are locally-held, for the cost of audits, studies, and investigations incurred on their behalf. Any revenues received under this provision shall be deposited into the Audit Expense Fund.

In the event that moneys on deposit in any fund are unavailable, by reason of deficiency or any other reason preventing their lawful transfer, the State Comptroller shall order transferred and the State Treasurer shall transfer the amount deficient or otherwise unavailable from the General Revenue Fund for deposit into the Audit Expense Fund.

On or before December 1, 1992, and each December 1 thereafter, the Auditor General shall notify the Governor's Office of Management and Budget (formerly Bureau of the Budget) of the amount estimated to be necessary to pay for audits, studies, and investigations in accordance with the Illinois State Auditing Act during the next succeeding fiscal year for each State fund for which a transfer or reimbursement is anticipated.

Beginning with fiscal year 1994 and during each fiscal year thereafter, the Auditor General may direct the State Comptroller and Treasurer to transfer moneys from funds authorized by the General Assembly for that fund. In the event funds, including federal and State trust funds but excluding the General Revenue Fund, are transferred, during fiscal year 1994 and during each fiscal year thereafter, in excess of the amount to pay actual costs attributable to audits, studies, and investigations as permitted or required by the Illinois State Auditing Act or specific action of the General Assembly, the Auditor General shall, on September 30, or as soon thereafter as is practicable, direct the State Comptroller and Treasurer to transfer the excess amount back to the fund from which it was originally transferred.

Section 99. Effective date. This Act takes effect upon becoming law.

Approved June 27, 2006.
Effective June 27, 2006.
Sec. 17. Bedding, clothing, fuel, and medical aid; reimbursement for medical or hospital expenses. The Warden of the jail shall furnish necessary bedding, clothing, fuel and medical aid for all prisoners under his charge, and keep an accurate account of the same. When medical or hospital services are required by any person held in custody, the county, private hospital, physician or any public agency which provides such services shall be entitled to obtain reimbursement from the county or from the Arrestee's Medical Costs Fund to the extent that moneys in the Fund are available for the cost of such services. The county board of a county may adopt an ordinance or resolution providing for reimbursement for the cost of those services at the Department of Healthcare and Family Services’ Public Aid’s rates for medical assistance. To the extent that such person is reasonably able to pay for such care, including reimbursement from any insurance program or from other medical benefit programs available to such person, he or she shall reimburse the county or arresting authority. If such person has already been determined eligible for medical assistance under the Illinois Public Aid Code at the time the person is initially detained pending trial, the cost of such services, to the extent such cost exceeds $500, shall be reimbursed by the Department of Healthcare and Family Services Public Aid under that Code. A reimbursement under any public or private program authorized by this Section shall be paid to the county or arresting authority to the same extent as would have been obtained had the services been rendered in a non-custodial environment.

An arresting authority shall be responsible for any incurred medical expenses relating to the arrestee until such time as the arrestee is placed in the custody of the sheriff. However, the arresting authority shall not be so responsible if the arrest was made pursuant to a request by the sheriff. When medical or hospital services are required by any person held in custody, the county or arresting authority shall be entitled to obtain reimbursement from the Arrestee's Medical Costs Fund to the extent moneys are available from the Fund. To the extent that the person is reasonably able to pay for that care, including reimbursement from any insurance program or from other medical benefit programs available to the person, he or she shall reimburse the county.

New matter indicated by italics - deletions by strikeout
The county shall be entitled to a $10 fee for each conviction or order of supervision for a criminal violation, other than a petty offense or business offense. The fee shall be taxed as costs to be collected from the defendant, if possible, upon conviction or entry of an order of supervision. The fee shall not be considered a part of the fine for purposes of any reduction in the fine.

All such fees collected shall be deposited by the county in a fund to be established and known as the Arrestee's Medical Costs Fund. Moneys in the Fund shall be used solely for reimbursement of costs for medical expenses relating to the arrestee while he or she is in the custody of the sheriff and administration of the Fund.

For the purposes of this Section, "arresting authority" means a unit of local government, other than a county, which employs peace officers and whose peace officers have made the arrest of a person. For the purposes of this Section, "medical expenses relating to the arrestee" means only those expenses incurred for medical care or treatment provided to an arrestee on account of an injury suffered by the arrestee during the course of his or her arrest unless such injury is self-inflicted; the term does not include any expenses incurred for medical care or treatment provided to an arrestee on account of a health condition of the arrestee which existed prior to the time of his or her arrest.

(C) Notwithstanding paragraphs (A) and (B), the nursing component rate per patient day for the facility shall be adjusted subject to appropriations provided by the General Assembly.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on March 1, 2001 shall include a statewide increase of 7.85%, as defined by the Department.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on April 1, 2002 shall include a statewide increase of 2.0%, as defined by the Department. This increase terminates on July 1, 2002; beginning July 1, 2002 these rates are reduced to the level of the rates in effect on March 31, 2002, as defined by the Department.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the rates taking effect on July 1, 2001 shall be computed using the most recent cost reports on file with the Department of Public Aid no later than April 1, 2000, updated for inflation to January 1, 2001. For rates effective July 1, 2001 only, rates shall be the greater of the rate computed for July 1, 2001 or the rate effective on June 30, 2001.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the Illinois Department shall determine by rule the rates taking effect on July 1, 2002, which shall be 5.9% less than the rates in effect on June 30, 2002.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, if the payment methodologies required under Section 5A-12 and the waiver granted under 42 CFR 433.68 are approved by the United States Centers for Medicare and Medicaid Services, the rates taking effect on July 1, 2004 shall be 3.0% greater than the rates in effect on June 30, 2004. These

New matter indicated by italics - deletions by strikeout
rates shall take effect only upon approval and implementation of the payment methodologies required under Section 5A-12.

Notwithstanding any other provisions of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the rates taking effect on January 1, 2005 shall be 3% more than the rates in effect on December 31, 2004.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or as long-term care facilities for residents under 22 years of age, the rates taking effect on July 1, 2003 shall include a statewide increase of 4%, as defined by the Department.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, effective January 1, 2005, facility rates shall be increased by the difference between (i) a facility's per diem property, liability, and malpractice insurance costs as reported in the cost report filed with the Department of Public Aid and used to establish rates effective July 1, 2001 and (ii) those same costs as reported in the facility's 2002 cost report. These costs shall be passed through to the facility without caps or limitations, except for adjustments required under normal auditing procedures.

Rates established effective each July 1 shall govern payment for services rendered throughout that fiscal year, except that rates established on July 1, 1996 shall be increased by 6.8% for services provided on or after January 1, 1997. Such rates will be based upon the rates calculated for the year beginning July 1, 1990, and for subsequent years thereafter until June 30, 2001 shall be based on the facility cost reports for the facility fiscal year ending at any point in time during the previous calendar year, updated to the midpoint of the rate year. The cost report shall be on file with the Department no later than April 1 of the current rate year. Should the cost report not be on file by April 1, the Department shall base the rate on the latest cost report filed by each skilled care facility and intermediate care facility, updated to the midpoint of the current rate year.
In determining rates for services rendered on and after July 1, 1985, fixed time shall not be computed at less than zero. The Department shall not make any alterations of regulations which would reduce any component of the Medicaid rate to a level below what that component would have been utilizing in the rate effective on July 1, 1984.

(2) Shall take into account the actual costs incurred by facilities in providing services for recipients of skilled nursing and intermediate care services under the medical assistance program.

(3) Shall take into account the medical and psycho-social characteristics and needs of the patients.

(4) Shall take into account the actual costs incurred by facilities in meeting licensing and certification standards imposed and prescribed by the State of Illinois, any of its political subdivisions or municipalities and by the U.S. Department of Health and Human Services pursuant to Title XIX of the Social Security Act.

The Department of Healthcare and Family Services Public Aid shall develop precise standards for payments to reimburse nursing facilities for any utilization of appropriate rehabilitative personnel for the provision of rehabilitative services which is authorized by federal regulations, including reimbursement for services provided by qualified therapists or qualified assistants, and which is in accordance with accepted professional practices. Reimbursement also may be made for utilization of other supportive personnel under appropriate supervision.

Comprehensive Housing Plan. The State Housing Task Force shall provide advice and guidance to the Interagency Subcommittee in developing the Plan. The Interagency Subcommittee shall deliver the Annual Comprehensive Housing Plan to the Governor and the General Assembly by January 1 of each year or the first business day thereafter. The Authority, on behalf of the Interagency Subcommittee, shall prepare an interim report by September 30 and a final report by April 1 of the following year to the Governor and the General Assembly on the progress made toward achieving the projected goals of the Annual Comprehensive Housing Plan during the previous calendar year. These reports shall include estimates of revenues, expenditures, obligations, bond allocations, and fund balances for all programs or funds addressed in the Annual Comprehensive Housing Plan.

Section 30. Notice of Funding Availability. The Authority, in consultation with other participating members of the Interagency Subcommittee, shall annually issue a joint Notice of Funding Availability ("NOFA") to notify potential applicants of funding for specific programs expected to be available through State agencies to meet housing and supportive service needs identified in the Annual Comprehensive Housing Plan. Prior to issuance of this NOFA, and before October 1 of each year, each Interagency Subcommittee member shall provide the Chairman of the Interagency Subcommittee with a report of funding earmarked for the NOFA, contingent on funding availability through annual appropriation. Sec. 10-17.12. Compromise of assigned child support arrearages. The Department of Healthcare and Family Services may provide by rule for compromise of debt owed to the State in the form of child support arrearages and interest accrued on child support arrearages assigned to the State under Section 10-1. The rule shall establish the circumstances under which such obligations may be compromised, with due regard for the payment ability of low-income obligors and the importance of encouraging payment of current child support obligations. The rule shall provide that assigned obligations shall be compromised only in exchange for regular payment of support owed to the family and shall require that obligors considered for debt compromise demonstrate inability to pay during the time the assigned obligation accumulated. The rule shall provide for nullification of any compromise agreement and the prohibition of any future compromise agreement if the obligor fails to adhere to the compromise agreement. In addition, the rule shall establish debt compromise criteria calculated to maximize positive effects on families and the level of federal incentive payments payable to the State under Title IV, Part D of the Social Security Act and regulations promulgated thereunder.

PUBLIC ACT 94-0972
(House Bill No. 5260)

AN ACT concerning finance.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The State Prompt Payment Act is amended by changing Sections 3-2 and 7 as follows:

New matter indicated by italics - deletions by strikeout
Sec. 3-2. Beginning July 1, 1993, in any instance where a State official or agency is late in payment of a vendor's bill or invoice for goods or services furnished to the State, as defined in Section 1, properly approved in accordance with rules promulgated under Section 3-3, the State official or agency shall pay interest to the vendor in accordance with the following:

(1) Any bill approved for payment under this Section must be paid or the payment issued to the payee within 60 days of receipt of a proper bill or invoice. If payment is not issued to the payee within this 60 day period, an interest penalty of 1.0% of any amount approved and unpaid shall be added for each month or fraction thereof after the end of this 60 day period, until final payment is made.

(1.1) A State agency shall review in a timely manner each bill or invoice after its receipt. If the State agency determines that the bill or invoice contains a defect making it unable to process the payment request, the agency shall notify the vendor requesting payment as soon as possible after discovering the defect pursuant to rules promulgated under Section 3-3; provided, however, that the notice for construction related bills or invoices must be given not later than 30 days after the bill or invoice was first submitted. The notice shall identify the defect and any additional information necessary to correct the defect. If one or more items on a construction related bill or invoice are disapproved, but not the entire bill or invoice, then the portion that is not disapproved shall be paid.

(2) Where a State official or agency is late in payment of a vendor's bill or invoice properly approved in accordance with this Act, and different late payment terms are not reduced to writing as a contractual agreement, the State official or agency shall automatically pay interest penalties required by this Section amounting to $50 or more to the appropriate vendor. Each agency shall be responsible for determining whether an interest penalty is
owed and for paying the interest to the vendor. For interest of at least $5 but less than $50, the vendor must initiate a written request for the interest penalty when such interest is due and payable. The Department of Central Management Services and the State Comptroller shall jointly promulgate rules establishing the conditions under which interest of less than $5 may be claimed and paid. In the event an individual has paid a vendor for services in advance, the provisions of this Section shall apply until payment is made to that individual.

Sec. 7. Payments to subcontractors and material suppliers.
(a) When a State official or agency responsible for administering a contract submits a voucher to the Comptroller for payment to a contractor, that State official or agency shall promptly make available electronically the voucher number, the date of the voucher, and the amount of the voucher. The State official or agency responsible for administering the contract shall provide subcontractors and material suppliers, known to the State official or agency, with instructions on how to access the electronic information. When a contractor receives any payment, the contractor shall pay each subcontractor and material supplier in proportion to the work completed by each subcontractor and material supplier their application, plus interest received under this Act, less any retention. If the contractor receives less than the full payment due under the public construction contract, the contractor shall be obligated to disburse on a pro rata basis those funds received, plus interest received under this Act, with the contractor, subcontractors and material suppliers each receiving a prorated portion based on the amount of payment. When, however, the public owner does not release the full payment due under the contract because there are specific areas of work or materials the contractor is rejecting or because the contractor has otherwise determined such areas are not suitable for payment, then those specific subcontractors or suppliers involved shall not be paid for that portion of work rejected or deemed not

suitable for payment and all other subcontractors and suppliers shall be paid in full, *plus interest received under this Act*.

(b) If the contractor, without reasonable cause, fails to make full payment of amounts due under subsection (a) to his subcontractors and material suppliers within 15 days after receipt of payment under the public construction contract, the contractor shall pay to his subcontractors and material suppliers, in addition to the payment due them, interest in the amount of 2% per month, calculated from the expiration of the 15-day period until fully paid. This subsection shall also apply to any payments made by subcontractors and material suppliers to their subcontractors and material suppliers and to all payments made to lower tier subcontractors and material suppliers throughout the contracting chain.

(1) If a contractor, without reasonable cause, fails to make payment in full as provided in subsection (a) within 15 days after receipt of payment under the public construction contract, any subcontractor or material supplier to whom payments are owed may file a written notice with the State official or agency setting forth the amount owed by the contractor and the contractor's failure to timely pay the amount owed.

(2) The State official or agency, within 15 days after receipt of a subcontractor's or material supplier's written notice of the failure to receive payment from the contractor, shall hold a hearing convened by an administrative law judge to determine whether the contractor withheld payment, without reasonable cause, from the subcontractors and material suppliers and what amount, if any, is due to the subcontractors and material suppliers. The State official or agency shall provide appropriate notice to the parties of the date, time, and location of the hearing. Each contractor, subcontractor, and material supplier has the right to be represented by counsel at the hearing and to cross-examine witnesses and challenge documents.

(3) If there is a finding by the administrative law judge that the contractor failed to make payment in full, without reasonable cause, as provided in subsection (a), then the administrative law
judge shall, in writing, direct the contractor to pay the amount owed to the subcontractors and material suppliers plus interest within 15 days after the finding.

(4) If a contractor fails to make full payment within 15 days after the administrative law judge's finding, then the contractor shall be barred from entering into a State public construction contract for a period of one year beginning on the date of the administrative law judge's finding.

The extension for a special service area is not included in the aggregate extension.

"Aggregate extension base" means the taxing district's last preceding aggregate extension as adjusted under Sections 18-215 through 18-230.

"Levy year" has the same meaning as "year" under Section 1-155.

"New property" means (i) the assessed value, after final board of review or board of appeals action, of new improvements or additions to existing improvements on any parcel of real property that increase the assessed value of that real property during the levy year multiplied by the equalization factor issued by the Department under Section 17-30, (ii) the assessed value, after final board of review or board of appeals action, of real property not exempt from real estate taxation, which real property was exempt from real estate taxation for any portion of the immediately preceding levy year, multiplied by the equalization factor issued by the Department under Section 17-30, including the assessed value, upon final stabilization of occupancy after new construction is complete, of any real property located within the boundaries of an otherwise or previously exempt military reservation that is intended for residential use and owned by or leased to a private corporation or other entity, and (iii) in counties that classify in accordance with Section 4 of Article IX of the Illinois Constitution, an incentive property's additional assessed value resulting from a scheduled increase in the level of assessment as applied to the first year final board of review market value. In addition, the county clerk in a county containing a population of 3,000,000 or more shall include in the 1997 recovered tax increment value for any school district, any recovered tax increment value that was applicable to the 1995 tax year calculations.

"Qualified airport authority" means an airport authority organized under the Airport Authorities Act and located in a county bordering on the...
State of Wisconsin and having a population in excess of 200,000 and not greater than 500,000.

For the taxes which are extended for the 1997 levy year, the recovered tax increment value for a non-home rule taxing district that first became subject to this Law for the 1995 levy year because a majority of its 1994 equalized assessed value was in an affected county or counties shall be increased if a municipality terminated the designation of an area in 1993 as a redevelopment project area previously established under the Tax Increment Allocation Development Act in the Illinois Municipal Code, previously established under the Industrial Jobs Recovery Law in the Illinois Municipal Code, or previously established under the Economic Development Area Tax Increment Allocation Act, by an amount equal to the 1994 equalized assessed value of each taxable lot, block, tract, or parcel of real property in the redevelopment project area over and above the initial equalized assessed value of each property in the redevelopment project area. In the first year after a municipality removes a taxable lot, block, tract, or parcel of real property from a redevelopment project area established under the Tax Increment Allocation Development Act in the Illinois Municipal Code, the Industrial Jobs Recovery Law in the Illinois Municipal Code, or the Economic Development Area Tax Increment Allocation Act, "recovered tax increment value" means the amount of the current year's equalized assessed value of each taxable lot, block, tract, or parcel of real property removed from the redevelopment project area over

Except as otherwise provided in this Section, "limiting rate" means a fraction the numerator of which is the last preceding aggregate extension base times an amount equal to one plus the extension limitation defined in this Section and the denominator of which is the current year's equalized assessed value of all real property in the territory under the jurisdiction of the taxing district during the prior levy year. For those taxing districts that reduced their aggregate extension for the last preceding levy year, the highest aggregate extension in any of the last 3 preceding levy years shall be used for the purpose of computing the limiting rate. The denominator shall not include new property. The denominator shall not include the recovered tax increment value.

(A-5) The Illinois Department may deny, suspend, or terminate the eligibility of any person, firm, corporation, association, agency, institution, or other legal entity to participate as a vendor of goods or services to recipients under the medical assistance program under Article V if, after reasonable notice and opportunity for a hearing, the Illinois Department finds that the vendor; a person with management responsibility for a vendor; an officer or person owning, either directly or indirectly, 5% or more of the shares of stock or other evidences of ownership in a corporate vendor; an owner of a sole proprietorship that is a vendor; or a partner in a partnership that is a vendor has been convicted of a felony offense based on fraud or willful misrepresentation related to any of the following:

or other legal entity to participate as a vendor of goods or services to recipients under the medical assistance program under Article V:

(1) if such vendor is not properly licensed;

(2) within 30 days of the date when such vendor's professional license, certification or other authorization has been refused renewal or has been revoked, suspended or otherwise terminated; or

(3) if such vendor has been convicted of a violation of this Code, as provided in Article VIIIA.

(C) Upon termination of a vendor of goods or services from participation in the medical assistance program authorized by this Article, a person with management responsibility for such vendor during the time of any conduct which served as the basis for that vendor's termination is barred from participation in the medical assistance program.

Upon termination of a corporate vendor, the officers and persons owning, directly or indirectly, 5% or more of the shares of stock or other evidences of ownership in the vendor during the time of any conduct which served as the basis for that vendor's termination are barred from participation in the medical assistance program. A person who owns, directly or indirectly, 5% or more of the shares of stock or other evidences of ownership in a terminated corporate vendor may not transfer his or her ownership interest in that vendor to his or her spouse, child, brother, sister, parent, grandparent, grandchild, uncle, aunt, niece, nephew, cousin, or relative by marriage.

Upon termination of a sole proprietorship or partnership, the owner or partners during the time of any conduct which served as the basis for that vendor's termination are barred from participation in the medical assistance program. The owner of a terminated vendor that is a sole proprietorship, and a partner in a terminated vendor that is a partnership, may not transfer his or her ownership or partnership interest in that vendor to his or her spouse, child, brother, sister, parent, grandparent, grandchild, uncle, aunt, niece, nephew, cousin, or relative by marriage.

Rules adopted by the Illinois Department to implement these provisions shall specifically include a definition of the term "management
responsibility" as used in this Section. Such definition shall include, but not be limited to, typical job titles, and duties and descriptions which will be considered as within the definition of individuals with management responsibility for a provider.

(D) If a vendor has been suspended from the medical assistance program under Article V of the Code, the Director may require that such vendor correct any deficiencies which served as the basis for the suspension. The Director shall specify in the suspension order a specific period of time, which shall not exceed one year from the date of the order, during which a suspended vendor shall not be eligible to participate. At the conclusion of the period of suspension the Director shall reinstate such vendor, unless he finds that such vendor has not corrected deficiencies upon which the suspension was based.

If a vendor has been terminated from the medical assistance program under Article V, such vendor shall be barred from participation for at least one year, except that if a vendor has been terminated based on a conviction of a violation of Article VIIA or a conviction of a felony based on fraud or a willful misrepresentation related to (i) the medical assistance program under Article V, (ii) a medical assistance program in another state that is of the kind provided under Article V, (iii) the Medicare program under Title XVIII of the Social Security Act, or (iv) the provision of health care services, then the vendor shall be barred from participation for 5 years or for the length of the vendor's sentence for that conviction, whichever is longer. At the end of one year a vendor who has been terminated may apply for reinstatement to the program. Upon proper application to be reinstated such vendor may be deemed eligible by the Director providing that such vendor meets the requirements for eligibility under this Code. If such vendor is deemed not eligible for reinstatement, he shall be barred from again applying for reinstatement for one year from the date his application for reinstatement is denied.

A vendor whose termination from participation in the Illinois medical assistance program under Article V was based solely on an action by a governmental entity other than the Illinois Department may, upon reinstatement by that governmental entity or upon reversal of the
termination, apply for rescission of the termination from participation in the Illinois medical assistance program. Upon proper application for rescission, the vendor may be deemed eligible by the Director if the vendor meets the requirements for eligibility under this Code.

If a vendor has been terminated and reinstated to the medical assistance program under Article V and the vendor is terminated a second or subsequent time from the medical assistance program, the vendor shall be barred from participation for at least 2 years, except that if a vendor has been terminated a second time based on a conviction of a violation of Article VII A or a conviction of a felony based on fraud or a willful misrepresentation related to (i) the medical assistance program under Article V, (ii) a medical assistance program in another state that is of the kind provided under Article V, (iii) the Medicare program under Title XVIII of the Social Security Act, or (iv) the provision of health care services, then the vendor shall be barred from participation for life. At the end of 2 years, a vendor who has been terminated may apply for reinstatement to the program. Upon application to be reinstated, the vendor may be deemed eligible if the vendor meets the requirements for eligibility under this Code. If the vendor is deemed not eligible for reinstatement, the vendor shall be barred from again applying for reinstatement for 2 years from the date the vendor's application for reinstatement is denied.

(E) The Illinois Department may recover money improperly or erroneously paid, or overpayments, either by setoff, crediting against future billings or by requiring direct repayment to the Illinois Department.

If the Illinois Department establishes through an administrative hearing that the overpayments resulted from the vendor or alternate payee willfully making, or causing to be made, a false statement or misrepresentation of a material fact in connection with billings and payments under the medical assistance program under Article V, the Department may recover interest on the amount of the overpayments at the rate of 5% per annum. For purposes of this paragraph, "willfully" means that a person makes a statement or representation with actual knowledge that it was false, or makes a statement or representation with knowledge of

facts or information that would cause one to be aware that the statement or representation was false when made.

(F) The Illinois Department may withhold payments to any vendor or alternate payee during the pendency of any proceeding under this Section. The Illinois Department shall state by rule with as much specificity as practicable the conditions under which payments will not be withheld during the pendency of any proceeding under this Section. Payments may be denied for bills submitted with service dates occurring during the pendency of a proceeding where the final administrative decision is to terminate eligibility to participate in the medical assistance program. The Illinois Department shall state by rule with as much specificity as practicable the conditions under which payments will not be denied for such bills. The Illinois Department of Public Aid shall state by rule a process and criteria by which a vendor or alternate payee may request full or partial release of payments withheld under this subsection. The Department must complete a proceeding under this Section in a timely manner.

(F-5) The Illinois Department may temporarily withhold payments to a vendor or alternate payee if any of the following individuals have been indicted or otherwise charged under a law of the United States or this or any other state with a felony offense that is based on alleged fraud or willful misrepresentation on the part of the individual related to (i) the medical assistance program under Article V of this Code, (ii) a medical assistance program provided in another state which is of the kind provided under Article V of this Code, (iii) the Medicare program under Title XVIII of the Social Security Act, or (iv) the provision of health care services:

If the indictment or charge results in the individual's conviction, the Illinois Department shall retain all withheld payments, which shall be considered forfeited to the Department. If the indictment or charge does not result in the individual's conviction, the Illinois Department shall release to the vendor or alternate payee all withheld payments.

Based on a finding of noncompliance on the part of a nursing home with any requirement for certification under Title XVIII or XIX of the Social Security Act (42 U.S.C. Sec. 1395 et seq. or 42 U.S.C. Sec. 1396 et seq.), the Illinois Department may impose one or more of the following remedies after notice to the facility:

1. Termination of the provider agreement.
2. Temporary management.
3. Denial of payment for new admissions.
4. Civil money penalties.
5. Closure of the facility in emergency situations or transfer of residents, or both.
7. Denial of all payments when the Health Care Finance Administration has imposed this sanction.

The Illinois Department shall by rule establish criteria governing continued payments to a nursing facility subsequent to termination of the facility's provider agreement if, in the sole discretion of the Illinois Department, circumstances affecting the health, safety, and welfare of the facility's residents require those continued payments. The Illinois Department may condition those continued payments on the appointment of temporary management, sale of the facility to new owners or operators, or other arrangements that the Illinois Department determines best serve the needs of the facility's residents.

Except in the case of a facility that has a right to a hearing on the finding of noncompliance before an agency of the federal government, a facility may request a hearing before a State agency on any finding of noncompliance within 60 days after the notice of the intent to impose a remedy. Except in the case of civil money penalties, a request for a hearing shall not delay imposition of the penalty. The choice of remedies is not appealable at a hearing. The level of noncompliance may be challenged only in the case of a civil money penalty. The Illinois Department shall provide by rule for the State agency that will conduct the evidentiary hearings.

   (a) Such alternate payee or alternate payees shall be required to register as an alternate payee in the Medical Assistance Program with the Illinois Department.

Section 99. Effective date. This Act takes effect upon becoming law.

Passed in the General Assembly April 6, 2006.
Approved June 30, 2006.
Effective June 30, 2006.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Property Tax Code is amended by changing Sections 18-125, 18-185, 18-190, 18-205, and 18-230 as follows:

(35 ILCS 200/18-125)
Sec. 18-125. Rate limit referenda. Referenda initiated under Section 18-120 shall be subject to the provisions and limitations of the general election law.

The question of adopting a maximum tax rate other than that applicable shall be in substantially the following form for all elections held after March 21, 2006:

Shall the maximum tax rate for . . . purposes of . . . (insert legal name, number, if any, and county or counties of taxing district), Illinois, be established at . . . % of the equalized assessed value of the taxable property therein instead of . . . %, the maximum rate otherwise applicable to the next taxes to be extended?

The votes must be recorded as "Yes" or "No".

-------------------------------------------------------------
Shall the maximum tax rate for the . . . fund of . . . . . (identify taxing district) be "YES" established at . . . percent on the equalized assessed value instead of . . . percent, the maximum rate otherwise "NO" applicable to the next taxes to be extended?

The ballot shall have printed thereon, but not as a part of the proposition submitted, (i) a statement of the purpose or reason for the proposed change in the tax rate, (ii) an estimate of the approximate amount extendable under the proposed rate and of the approximate amount extendable under the current rate applicable to the next taxes extended,

New matter indicated by italics - deletions by strikeout
such amounts being computed upon the last known equalized assessed value, and (iii) the approximate amount of the tax extendable against property containing a single family residence and having a fair market value of $100,000 at the current maximum rate and at the proposed rate. The approximate amount of the tax extendable against property containing a single family residence shall be calculated (i) without regard to any property tax exemptions and (ii) based upon the percentage level of assessment prescribed for such property by statute or by ordinance of the county board in counties which classify property for purposes of taxation in accordance with Section 4 of Article IX of the Constitution. Any error, miscalculation or inaccuracy in computing such amounts that is not deliberate shall not invalidate or affect the validity of any maximum tax rate so adopted.

If a majority of all ballots cast on the proposition are in favor of the proposition, the maximum tax rate so established shall become effective with the levy next following the referendum. It is the duty of the county clerk to reduce, if necessary, the amount of any taxes levied thereafter. Nothing in this Section shall be construed as precluding the extension of taxes at rates less than that authorized by the referendum.

"Aggregate extension base" means the taxing district's last preceding aggregate extension as adjusted under Sections 18-215 through 18-230.

"Levy year" has the same meaning as "year" under Section 1-155.

"New property" means (i) the assessed value, after final board of review or board of appeals action, of new improvements or additions to existing improvements on any parcel of real property that increase the assessed value of that real property during the levy year multiplied by the equalization factor issued by the Department under Section 17-30, (ii) the assessed value, after final board of review or board of appeals action, of real property not exempt from real estate taxation, which real property was exempt from real estate taxation for any portion of the immediately preceding levy year, multiplied by the equalization factor issued by the Department under Section 17-30, and (iii) in counties that classify in accordance with Section 4 of Article IX of the Illinois Constitution, an incentive property's additional assessed value resulting from a scheduled increase in the level of assessment as applied to the first year final board of review market value. In addition, the county clerk in a county containing a population of 3,000,000 or more shall include in the 1997 recovered tax increment value for any school district, any recovered tax increment value that was applicable to the 1995 tax year calculations.

"Qualified airport authority" means an airport authority organized under the Airport Authorities Act and located in a county bordering on the State of Wisconsin and having a population in excess of 200,000 and not greater than 500,000.

"Recovered tax increment value" means, except as otherwise provided in this paragraph, the amount of the current year's equalized assessed value, in the first year after a municipality terminates the designation of an area as a redevelopment project area previously established under the Tax Increment Allocation Development Act in the Illinois Municipal Code, previously established under the Industrial Jobs Recovery Law in the Illinois Municipal Code, or previously established

under the Economic Development Area Tax Increment Allocation Act, of each taxable lot, block, tract, or parcel of real property in the redevelopment project area over and above the initial equalized assessed value of each property in the redevelopment project area. For the taxes which are extended for the 1997 levy year, the recovered tax increment value for a non-home rule taxing district that first became subject to this Law for the 1995 levy year because a majority of its 1994 equalized assessed value was in an affected county or counties shall be increased if a municipality terminated the designation of an area in 1993 as a redevelopment project area previously established under the Tax Increment Allocation Development Act in the Illinois Municipal Code, previously established under the Industrial Jobs Recovery Law in the Illinois Municipal Code, or previously established under the Economic Development Area Tax Increment Allocation Act, by an amount equal to the 1994 equalized assessed value of each taxable lot, block, tract, or parcel of real property in the redevelopment project area over and above the initial equalized assessed value of each property in the redevelopment project area. In the first year after a municipality removes a taxable lot, block, tract, or parcel of real property from a redevelopment project area established under the Tax Increment Allocation Development Act in the Illinois Municipal Code, the Industrial Jobs Recovery Law in the Illinois Municipal Code, or the Economic Development Area Tax Increment Allocation Act, "recovered tax increment value" means the amount of the current year's equalized assessed value of each taxable lot, block, tract, or parcel of real property removed from the redevelopment project area over and above the initial equalized assessed value of that real property before removal from the redevelopment project area.

Except as otherwise provided in this Section, "limiting rate" means a fraction the numerator of which is the last preceding aggregate extension base times an amount equal to one plus the extension limitation defined in this Section and the denominator of which is the current year's equalized assessed value of all real property in the territory under the jurisdiction of the taxing district during the prior levy year. For those taxing districts that reduced their aggregate extension for the last preceding levy year, the

highest aggregate extension in any of the last 3 preceding levy years shall be used for the purpose of computing the limiting rate. The denominator shall not include new property or - The denominator shall not include the recovered tax increment value. If a new rate, a rate decrease, or a limiting rate increase has been approved at an election held after March 21, 2006, then (i) the otherwise applicable limiting rate shall be increased by the amount of the new rate or shall be reduced by the amount of the rate decrease, as the case may be, or (ii) in the case of a limiting rate increase, the limiting rate shall be equal to the rate set forth in the proposition approved by the voters for each of the years specified in the proposition, after which the limiting rate of the taxing district shall be calculated as otherwise provided.

Sec. 18-190. Direct referendum; new rate or increased limiting rate.

(a) If a new rate or a rate increase is authorized by statute to be imposed without referendum or is subject to a backdoor referendum, as defined in Section 28-2 of the Election Code, the governing body of the affected taxing district before levying the new rate or rate increase shall submit the new rate or rate increase to direct referendum under the provisions of this Section and of Article 28 of the Election Code. Notwithstanding the provisions, requirements, or limitations of any other law, any tax levied for the 2005 levy year and all subsequent levy years by any taxing district subject to this Law may be extended at a rate exceeding the rate established for that tax by referendum or statute, provided that the rate does not exceed the statutory ceiling above which the tax is not authorized to be further increased either by referendum or in any other manner. Notwithstanding the provisions, requirements, or limitations of any other law, all taxing districts subject to this Law shall follow the provisions of this Section whenever seeking referenda approval after March 21, 2006 to (i) levy a new tax rate authorized by statute or (ii) increase the limiting rate applicable to the taxing district. All taxing
districts subject to this Law are authorized to seek referendum approval of each proposition described and set forth in this Section.

The proposition seeking to obtain referendum approval to levy a new tax rate as authorized in clause (i) shall be in substantially the following form:

Shall ... (insert legal name, number, if any, and county or counties of taxing district and geographic or other common name by which a school or community college district is known and referred to), Illinois, be authorized to levy a new tax for ... purposes and have an additional tax of ...% of the equalized assessed value of the taxable property therein extended for such purposes?

The votes must be recorded as "Yes" or "No".

The proposition seeking to obtain referendum approval to increase the limiting rate as authorized in clause (ii) shall be in substantially the following form:

Shall the limiting rate under the Property Tax Extension Limitation Law for ... (insert legal name, number, if any, and county or counties of taxing district and geographic or other common name by which a school or community college district is known and referred to), Illinois, be increased by an additional amount equal to ...% above the limiting rate for levy year ... (insert the most recent levy year for which the limiting rate of the taxing district is known at the time the submission of the proposition is initiated by the taxing district) and be equal to ...% of the equalized assessed value of the taxable property therein for levy year(s) (insert each levy year for which the increase will be applicable, which years must be consecutive and may not exceed 4)?

The votes must be recorded as "Yes" or "No".

The ballot for any proposition submitted pursuant to this Section shall have printed thereon, but not as a part of the proposition submitted, only the following supplemental information (which shall be supplied to
the election authority by the taxing district) in substantially the following form:

(1) The approximate amount of taxes extendable at the most recently extended limiting rate is $..., and the approximate amount of taxes extendable if the proposition is approved is $....

(2) For the ... (insert the first levy year for which the new rate or increased limiting rate will be applicable) levy year the approximate amount of the additional tax extendable against property containing a single family residence and having a fair market value at the time of the referendum of $100,000 is estimated to be $....

(3) Based upon an average annual percentage increase (or decrease) in the market value of such property of %... (insert percentage equal to the average annual percentage increase or decrease for the prior 3 levy years, at the time the submission of the proposition is initiated by the taxing district, in the amount of (A) the equalized assessed value of the taxable property in the taxing district less (B) the new property included in the equalized assessed value), the approximate amount of the additional tax extendable against such property for the ... levy year is estimated to be $... and for the ... levy year is estimated to be $ ....

(4) If the proposition is approved, the aggregate extension for ... (insert each levy year for which the increase will apply) will be determined by the limiting rate set forth in the proposition, rather than the otherwise applicable limiting rate calculated under the provisions of the Property Tax Extension Limitation Law (commonly known as the Property Tax Cap Law).

The approximate amount of taxes extendable shown in paragraph (1) shall be computed upon the last known equalized assessed value of taxable property in the taxing district (at the time the submission of the proposition is initiated by the taxing district). Paragraph (3) shall be included only if the increased limiting rate will be applicable for more than one levy year and shall list each levy year for which the increased limiting rate will be applicable. The additional tax shown for each levy

year shall be the approximate dollar amount of the increase over the amount of the most recently completed extension at the time the submission of the proposition is initiated by the taxing district. The approximate amount of the additional taxes extendable shall be calculated (i) without regard to any property tax exemptions and (ii) based upon the percentage level of assessment prescribed for such property by statute or by ordinance of the county board in counties which classify property for purposes of taxation in accordance with Section 4 of Article IX of the Constitution. Paragraph (4) shall be included if the proposition concerns a limiting rate increase but shall not be included if the proposition concerns a new rate. Any notice required to be published in connection with the submission of the proposition shall also contain this supplemental information and shall not contain any other supplemental information regarding the proposition. Any error, miscalculation, or inaccuracy in computing any amount set forth on the ballot and in the notice that is not deliberate shall not invalidate or affect the validity of any proposition approved. Notice of the referendum shall be published and posted as otherwise required by law, and the submission of the proposition shall be initiated as provided by law.

If a majority of all ballots cast on the proposition are in favor of the proposition, the following provisions shall be applicable to the extension of taxes for the taxing district:

(A) a new tax rate shall be first effective for the levy year in which the new rate is approved;

(B) if the proposition provides for a new tax rate, the taxing district is authorized to levy a tax after the canvass of the results of the referendum by the election authority for the purposes for which the tax is authorized;

(C) a limiting rate increase shall be first effective for the levy year in which the limiting rate increase is approved, provided that the taxing district may elect to have a limiting rate increase be effective for the levy year prior to the levy year in which the limiting rate increase is approved unless the extension of taxes for the prior levy year occurs 30 days or less after the canvass of the

New matter indicated by italics - deletions by strikeout
results of the referendum by the election authority in any county in which the taxing district is located;

(D) in order for the limiting rate increase to be first effective for the levy year prior to the levy year of the referendum, the taxing district must certify its election to have the limiting rate increase be effective for the prior levy year to the clerk of each county in which the taxing district is located not more than 2 days after the date the results of the referendum are canvassed by the election authority; and

(E) if the proposition provides for a limiting rate increase, the increase may be effective regardless of whether the proposition is approved before or after the taxing district adopts or files its levy for any levy year. Rates required to extend taxes on levies subject to a backdoor referendum in each year there is a levy are not new rates or rate increases under this Section if a levy has been made for the fund in one or more of the preceding 3 levy years. Changes made by this amendatory Act of 1997 to this Section in reference to rates required to extend taxes on levies subject to a backdoor referendum in each year there is a levy are declarative of existing law and not a new enactment.

(b) Whenever other applicable law authorizes a taxing district subject to the limitation with respect to its aggregate extension provided for in this Law to issue bonds or other obligations either without referendum or subject to backdoor referendum, the taxing district may elect for each separate bond issuance to submit the question of the issuance of the bonds or obligations directly to the voters of the taxing district, and if the referendum passes the taxing district is not required to comply with any backdoor referendum procedures or requirements set forth in the other applicable law. The direct referendum shall be initiated by ordinance or resolution of the governing body of the taxing district, and the question shall be certified to the proper election authorities in accordance with the provisions of the Election Code.

Sec. 18-205. Referendum to increase the extension limitation. A taxing district is limited to an extension limitation increase of 5% or the percentage increase in the Consumer Price Index during the 12-month calendar year preceding the levy year, whichever is less. A taxing district may increase its extension limitation for one or more levy years at current levy year if that taxing district holds a referendum before the levy date for the first levy year at which a majority of voters voting on the issue approves adoption of a higher extension limitation. Referenda shall be conducted at a regularly scheduled election in accordance with the Election Code provided that notice of the referendum, if held before July 1, 1999, has been given in accordance with the provisions of Section 12-5 of the Election Code in effect at the time of the bond referendum, at least 10 and not more than 45 days before the date of the election; notwithstanding the time for publication otherwise imposed by Section 12-5. Notices required in connection with the submission of public questions on or after July 1, 1999 shall be as set forth in Section 12-5 of the Election Code. The question shall be presented in substantially the following manner for all elections held after March 21, 2006:

Shall the extension limitation under the Property Tax Extension Limitation Law for (insert the legal name, number, if any, and county or counties of the taxing district and geographic or other common name by which a school or community college district is known and referred to), Illinois, be increased from the lesser of 5% or the percentage increase in the Consumer Price Index over the prior levy year to (insert the percentage of the proposed increase)% per year for (insert each levy year for which the increased extension limitation will apply)?

The votes must be recorded as "Yes" or "No".

If a majority of voters voting on the issue approves the adoption of the increase, the increase shall be applicable for each the levy year specified.

The ballot for any question submitted pursuant to this Section shall have printed thereon, but not as a part of the question submitted, only the following supplemental information (which shall be supplied to the election authority by the taxing district) in substantially the following form:

(1) For the (insert the first levy year for which the increased extension limitation will be applicable) levy year the approximate amount of the additional tax extendable against property containing a single family residence and having a fair market value at the time of the referendum of $100,000 is estimated to be $....

completed extension at the time the submission of the question is initiated by the taxing district. The approximate amount of the additional tax extendable shall be calculated by using (A) the lesser of 5% or the percentage increase in the Consumer Price Index for the prior levy year (or an estimate of the percentage increase for the prior levy year if the increase is unavailable at the time the submission of the question is initiated by the taxing district), (B) the percentage increase proposed in the question, and (C) the last known equalized assessed value and aggregate extension base of the taxing district at the time the submission of the question is initiated by the taxing district. The approximate amount of the tax extendable shall be calculated (i) without regard to any property tax exemptions and (ii) based upon the percentage level of assessment prescribed for such property by statute or by ordinance of the county board in counties which classify property for purposes of taxation in accordance with Section 4 of Article IX of the Constitution. Any notice required to be published in connection with the submission of the question shall also contain this supplemental information and shall not contain any other supplemental information. Any error, miscalculation, or inaccuracy in computing any amount set forth on the ballot or in the notice that is not deliberate shall not invalidate or affect the validity of any proposition approved. Sec. 18-230. Rate increase or decrease factor. Only when a new rate or a rate increase or decrease first effective for the current levy year has been approved by referendum held prior to March 22, 2006, the aggregate extension base, as adjusted in Section Sections 18-215 and 18-220, shall be multiplied by a rate increase (or decrease) factor. The numerator of the rate increase (or decrease) factor is the total combined rate for the funds that made up the aggregate extension for the taxing district for the prior year plus the rate increase approved or minus the rate decrease approved. is the total combined rate for the funds that made up the aggregate extension for the prior year. For those taxing districts for which a new rate or a rate increase has been approved by referendum held after December 31, 1988 and prior to March 22, 2006, and that did not increase their rate to the new maximum rate for that fund, the rate increase factor shall be adjusted for 4 levy years after the year of the referendum (unless the governing body of a taxing district to which this Law applied before the 1995 levy year that approved a tax rate increase at a general election held after 2002 directs the county clerk or clerks by resolution to make such adjustment for a lesser number of years) by a factor the numerator of which is the portion of the new or increased rate for which taxes were not extended plus the aggregate rate in effect for the levy year prior to the levy year in which the referendum was passed and the denominator of which is the aggregate rate in effect for the levy year prior to the levy year in which the referendum was passed.

Section 99. Effective date. This Act takes effect upon becoming law.

Approved June 30, 2006.
Effective June 30, 2006.

PUBLIC ACT 94-0977
(Senate Bill No. 1705)

AN ACT concerning regulation.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Public Utilities Act is amended by changing Sections 16-101A, 16-102, and 16-107 as follows:

(220 ILCS 5/16-101A)
Sec. 16-101A. Legislative findings.
(a) The citizens and businesses of the State of Illinois have been well-served by a comprehensive electrical utility system which has

New matter indicated by italics - deletions by strikeout
provided safe, reliable, and affordable service. The electrical utility system in the State of Illinois has historically been subject to State and federal regulation, aimed at assuring the citizens and businesses of the State of safe, reliable, and affordable service, while at the same time assuring the utility system of a return on its investment.

(b) Competitive forces are affecting the market for electricity as a result of recent federal regulatory and statutory changes and the activities of other states. Competition in the electric services market may create opportunities for new products and services for customers and lower costs for users of electricity. Long-standing regulatory relationships need to be altered to accommodate the competition that could fundamentally alter the structure of the electric services market.

c) With the advent of increasing competition in this industry, the State has a continued interest in assuring that the safety, reliability, and affordability of electrical power is not sacrificed to competitive pressures, and to that end, intends to implement safeguards to assure that the industry continues to operate the electrical system in a manner that will serve the public's interest. Under the existing regulatory framework, the industry has been encouraged to undertake certain investments in its physical plant and personnel to enhance its efficient operation, the cost of which it has been permitted to pass on to consumers. The State has an interest in providing the existing utilities a reasonable opportunity to obtain a return on certain investments on which they depended in undertaking those commitments in the first instance while, at the same time, not permitting new entrants into the industry to take unreasonable advantage of the investments made by the formerly regulated industry.

d) A competitive wholesale and retail market must benefit all Illinois citizens. The Illinois Commerce Commission should act to promote the development of an effectively competitive electricity market that operates efficiently and is equitable to all consumers. Consumer protections must be in place to ensure that all customers continue to receive safe, reliable, affordable, and environmentally safe electric service.

e) All consumers must benefit in an equitable and timely fashion from the lower costs for electricity that result from retail and wholesale

New matter indicated by italics - deletions by strikeout
competition and receive sufficient information to make informed choices among suppliers and services. The use of renewable resources and energy efficiency resources should be encouraged in competitive markets.

(f) The efficiency of electric markets depends both upon the competitiveness of supply and upon the price-responsiveness of the demand for service. Therefore, to ensure the lowest total cost of service and to enhance the reliability of service, all classes of the electricity customers of electric utilities should have access to and be able to voluntarily use real-time pricing and other price-response and demand-response mechanisms.

"Base rates" means the rates for those tariffed services that the electric utility is required to offer pursuant to subsection (a) of Section 16-103 and that were identified in a rate order for collection of the electric utility's base rate revenue requirement, excluding (i) separate automatic rate adjustment riders then in effect, (ii) special or negotiated contract rates, (iii) delivery services tariffs filed pursuant to Section 16-108, (iv) real-time pricing, or (v) tariffs that were in effect prior to October 1, 1996 and that based charges for services on an index or average of other utilities' charges, but including (vi) any subsequent redesign of such rates for tariffed services that is authorized by the Commission after notice and hearing.

pursuant to Section 16-113; and also means (2) the provision of electric
power and energy by an electric utility to retail customers outside the
electric utility's service area pursuant to Section 16-116. Provided,
however, contract service does not include electric utility services
provided pursuant to (i) contracts that retail customers are required to
execute as a condition of receiving tariffed services, or (ii) special or
negotiated rate contracts for electric utility services that were entered into
between an electric utility and a retail customer prior to the effective date
of this amendatory Act of 1997 and filed with the Commission.

"Delivery services" means those services provided by the electric
utility that are necessary in order for the transmission and distribution
systems to function so that retail customers located in the electric utility's
service area can receive electric power and energy from suppliers other
than the electric utility, and shall include, without limitation, standard
metering and billing services.

"Electric utility" means a public utility, as defined in Section 3-105
of this Act, that has a franchise, license, permit or right to furnish or sell
electricity to retail customers within a service area.

"Service area" means (i) the geographic area within which an electric utility was lawfully entitled to provide electric power and energy to retail customers as of the effective date of this amendatory Act of 1997, and includes (ii) the location of any retail customer to which the electric utility was lawfully providing electric utility services on such effective date.

"Small commercial retail customer" means those nonresidential retail customers of an electric utility consuming 15,000 kilowatt-hours or less of electricity annually in its service area.

(2) less the amount of revenue, other than revenue from transition charges and decommissioning rates, that the electric utility would receive from such retail customers for delivery services provided by the electric utility, assuming such customers were taking delivery services for all of their usage, based on the delivery services tariffs in effect during the year for which the transition charge is being calculated and on the usage identified in paragraph (1);

(3) less the market value for the electric power and energy that the electric utility would have used to supply all of such customers' electric power and energy requirements, as a tariffed power and energy requirements.

school districts and schools granted an exemption from a regional superintendent of schools.

In 2007, 2009, and 2011 the report required by this Section shall also include information that documents the results of surveys designed to identify parental interest in school breakfast programs and documents barriers to establishing school breakfast programs. To develop the surveys for school administrators and for parents, the State Board of Education shall work with in coordination with the State Board of Education's Child Nutrition Advisory Council and local committees that involve parents, teachers, principals, superintendents, business, and anti-hunger advocates, organized by the State Board of Education to foster community involvement. Section 10. The Childhood Hunger Relief Act is amended by changing Section 15 as follows:

(a) Within 90 days after the effective date of this amendatory Act of the 93rd General Assembly and then each school year thereafter, the board of education of each school district in this State shall implement and operate a school breakfast program, if a breakfast program does not currently exist, in accordance with federal guidelines in each school building within its district in which at least 40% or more of the students are eligible for free or reduced-price lunches based upon the count on October 31 of the previous year (for those schools that participate in the National School Lunch Program) or in which at least 40% or more of the students are classified as low-income according to the Fall Housing Data from the previous year (for those schools that do not participate in the National School Lunch Program).

Using the data from the previous school year, the board of education of each school district in the State shall determine which schools within their districts will be required to implement and operate a school breakfast program.

New matter indicated by italics - deletions by strikeout
(b) School districts may charge students who do not meet federal criteria for free school meals for the breakfasts served to these students within the allowable limits set by federal regulations.

(c) School breakfast programs established under this Section shall be supported entirely by federal funds and commodities, charges to students and other participants, and other available State and local resources, including under the School Breakfast and Lunch Program Act. Allowable costs for reimbursement to school districts, in accordance with the United States Department of Agriculture, include compensation of employees for the time devoted and identified specifically to implement the school breakfast program; the cost of materials acquired, consumed, or expended specifically to implement the school breakfast program; equipment and other approved capital expenditures necessary to implement the school breakfast program; and transportation expenses incurred specifically to implement and operate the school breakfast program.

(d) A school district shall be allowed to opt out of the school breakfast program requirement of this Section if it is determined that, due to circumstances specific to that school district, the expense reimbursement would not fully cover the costs of implementing and operating a school breakfast program. The school district shall petition its regional superintendent of schools by November 15 of each year to request to be exempt from the school breakfast program requirement. The petition shall include all legitimate costs associated with implementing and operating a school breakfast program, the estimated reimbursement from State and federal sources, and any unique circumstances the school district can verify that exist that would cause the implementation and operation of such a program to be cost prohibitive.

The regional superintendent of schools shall review the petition. In accordance with the Open Meetings Act, he or she shall convene a public hearing to hear testimony from the school district and interested community members. The regional superintendent shall, by December 15, inform the school district of his or her decision, along with the reasons why the exemption was granted or denied, in writing. If the regional
superintendent grants an exemption to the school district, then the school district is relieved from the requirement to establish and implement a school breakfast program for that school year.

If the regional superintendent of schools does not grant an exemption to the school district, then the school district shall implement and operate a school breakfast program in accordance with this Section by September 1 of the subsequent school year. However, the school district or a resident of the school district may appeal the decision of the regional superintendent to the State Superintendent of Education. No later than February 15 of each year, the State Superintendent shall hear appeals on the decisions of regional superintendents of schools. The State Superintendent shall make a final decision at the conclusion of the hearing on the school district's request for an exemption from the school breakfast program requirement. If the State Superintendent grants an exemption to the school district, then the school district is relieved from the requirement to implement and operate a school breakfast program for that school year. If the State Superintendent does not grant an exemption to the school district, then the school district shall implement and operate a school breakfast program in accordance with this Section by September 1 of the subsequent school year.

A school district may not attempt to opt out of the school breakfast program requirement of this Section by requesting a waiver under Section 2-3.25g of the School Code.

Section 99. Effective date. This Act takes effect upon becoming law.

Passed in the General Assembly April 7, 2006.
Approved June 30, 2006.
Effective June 30, 2006.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 10. The Illinois Pension Code is amended by changing Section 15-125 as follows:

(40 ILCS 5/15-125) (from Ch. 108 1/2, par. 15-125)

Sec. 15-125. "Prescribed Rate of Interest; Effective Rate of Interest":

(1) "Prescribed rate of interest": The rate of interest to be used in actuarial valuations and in development of actuarial tables as determined by the board on the basis of the probable average effective rate of interest on a long term basis.

(2) "Effective rate of interest": The interest rate for all or any part of a fiscal year that is determined by the board based on factors including the system's past and expected investment experience; historical and expected fluctuations in the market value of investments; the desirability of minimizing volatility in the effective rate of interest from year to year; and the provision of reserves for anticipated losses upon sales, redemptions, or other disposition of investments and for variations in interest experience; except that for the purpose of determining the accumulated normal contributions used in calculating retirement annuities under Rule 2 of Section 15-136, the effective rate of interest shall be determined by the State Comptroller rather than the board. The State Comptroller shall determine the effective rate of interest to be used for this purpose using the factors listed above, and shall certify to the board and the Commission on Government Forecasting and Accountability the rate to be used for this purpose for fiscal year 2006 as soon as possible after the effective date of this amendatory Act of the 94th General Assembly, and for each fiscal year thereafter no later than the January 31 immediately preceding the start of that fiscal year.

Section 15. The Liquor Control Act of 1934 is amended by changing Section 6-21 as follows:

New matter indicated by italics - deletions by strikeout
(235 ILCS 5/6-21) (from Ch. 43, par. 135)
Sec. 6-21. (a) Every person who is injured within this State, in person or property, by any intoxicated person has a right of action in his or her own name, severally or jointly, against any person, licensed under the laws of this State or of any other state to sell alcoholic liquor, who, by selling or giving alcoholic liquor, within or without the territorial limits of this State, causes the intoxication of such person. Any person at least 21 years of age who pays for a hotel or motel room or facility knowing that the room or facility is to be used by any person under 21 years of age for the unlawful consumption of alcoholic liquors and such consumption causes the intoxication of the person under 21 years of age, shall be liable to any person who is injured in person or property by the intoxicated person under 21 years of age. Any person owning, renting, leasing or permitting the occupation of any building or premises with knowledge that alcoholic liquors are to be sold therein, or who having leased the same for other purposes, shall knowingly permit therein the sale of any alcoholic liquors that have caused the intoxication of any person, shall be liable, severally or jointly, with the person selling or giving the liquors. However, if such building or premises belong to a minor or other person under guardianship the guardian of such person shall be held liable instead of the ward. A married woman has the same right to bring the action and to control it and the amount recovered as an unmarried woman. All damages recovered by a minor under this Act shall be paid either to the minor, or to his or her parent, guardian or next friend as the court shall direct. The unlawful sale or gift of alcoholic liquor works a forfeiture of all rights of the lessee or tenant under any lease or contract of rent upon the premises where the unlawful sale or gift takes place. All actions for damages under this Act may be by any appropriate action in the circuit court. An action shall lie for injuries to either means of support or loss of society, but not both, caused by an intoxicated person or in consequence of the intoxication of any person resulting as hereinabove set out. "Loss of society" means the mutual benefits that each family member receives from the other's continued existence, including love, affection, care, attention, companionship, comfort, guidance, and protection. "Family" includes

spouse, children, parents, brothers, and sisters. The action, if the person from whom support or society was furnished is living, shall be brought by any person injured in means of support or society in his or her name for his or her benefit and the benefit of all other persons injured in means of support or society. However, any person claiming to be injured in means of support or society and not included in any action brought hereunder may join by motion made within the times herein provided for bringing such action or the personal representative of the deceased person from whom such support or society was furnished may so join. In every such action the jury shall determine the amount of damages to be recovered without regard to and with no special instructions as to the dollar limits on recovery imposed by this Section. The amount recovered in every such action is for the exclusive benefit of the person injured in loss of support or society and shall be distributed to such persons in the proportions determined by the verdict rendered or judgment entered in the action. If the right of action is settled by agreement with the personal representative of a deceased person from whom support or society was furnished, the court having jurisdiction of the estate of the deceased person shall distribute the amount of the settlement to the person injured in loss of support or society in the proportion, as determined by the court, that the percentage of dependency of each such person upon the deceased person bears to the sum of the percentages of dependency of all such persons upon the deceased person. For all causes of action involving persons injured, killed, or incurring property damage before September 12, 1985, in no event shall the judgment or recovery under this Act for injury to the person or to the property of any person as hereinabove set out exceed $15,000, and recovery under this Act for loss of means of support resulting from the death or injury of any person, as hereinabove set out, shall not exceed $20,000. For all causes of action involving persons injured, killed, or incurring property damage after September 12, 1985 but before July 1, 1998, in no event shall the judgment or recovery for injury to the person or property of any person exceed $30,000 for each person incurring damages, and recovery under this Act for loss of means of support resulting from the death or injury of any person shall not exceed $40,000. For all causes of

action involving persons injured, killed, or incurring property damage on or after July 1, 1998, in no event shall the judgment or recovery for injury to the person or property of any person exceed $45,000 for each person incurring damages, and recovery under this Act for either loss of means of support or loss of society resulting from the death or injury of any person shall not exceed $55,000. Beginning in 1999, every January 20, these liability limits shall automatically be increased or decreased, as applicable, by a percentage equal to the percentage change in the consumer price index-u during the preceding 12-month calendar year. "Consumer price index-u" means the index published by the Bureau of Labor Statistics of the United States Department of Labor that measures the average change in prices of goods and services purchased by all urban consumers, United States city average, all items, 1982-84 = 100. The new amount resulting from each annual adjustment shall be determined by the Comptroller and made available via the Comptroller's official website by January 31 of every year and to the chief judge of each judicial circuit. The liability limits at the time at which damages subject to such limits are awarded by final judgment or settlement shall be utilized by the courts. Nothing in this Section bars any person from making separate claims which, in the aggregate, exceed any one limit where such person incurs more than one type of compensable damage, including personal injury, property damage, and loss to means of support or society. However, all persons claiming loss to means of support or society shall be limited to an aggregate recovery not to exceed the single limitation set forth herein for the death or injury of each person from whom support or society is claimed.

Nothing in this Act shall be construed to confer a cause of action for injuries to the person or property of the intoxicated person himself, nor shall anything in this Act be construed to confer a cause of action for loss of means of support or society on the intoxicated person himself or on any person claiming to be supported by such intoxicated person or claiming the society of such person. In conformance with the rule of statutory construction enunciated in the general Illinois saving provision in Section 4 of "An Act to revise the law in relation to the construction of the statutes", approved March 5, 1874, as amended, no amendment of this
Section purporting to abolish or having the effect of abolishing a cause of action shall be applied to invalidate a cause of action accruing before its effective date, irrespective of whether the amendment was passed before or after the effective date of this amendatory Act of 1986.

Each action hereunder shall be barred unless commenced within one year next after the cause of action accrued.

However, a licensed distributor or brewer whose only connection with the furnishing of alcoholic liquor which is alleged to have caused intoxication was the furnishing or maintaining of any apparatus for the dispensing or cooling of beer is not liable under this Section, and if such licensee is named as a defendant, a proper motion to dismiss shall be granted.

(b) Any person licensed under any state or local law to sell alcoholic liquor, whether or not a citizen or resident of this State, who in person or through an agent causes the intoxication, by the sale or gift of alcoholic liquor, of any person who, while intoxicated, causes injury to any person or property in the State of Illinois thereby submits such licensed person, and, if an individual, his or her personal representative, to the jurisdiction of the courts of this State for a cause of action arising under subsection (a) above.

Service of process upon any person who is subject to the jurisdiction of the courts of this State, as provided in this subsection, may be made by personally serving the summons upon the defendant outside this State, as provided in the Code of Civil Procedure, as now or hereafter amended, with the same force and effect as though summons had been personally served within this State.

Only causes of action arising under subsection (a) above may be asserted against a defendant in an action in which jurisdiction over him or her is based upon this subsection.

Nothing herein contained limits or affects the right to serve any process in any other manner now or hereafter provided by law.

Beginning in 2003, every January 20, the copying fee limits established in Sections 8-2001, 8-2003, 8-2004, and 8-2005 shall automatically be increased or decreased, as applicable, by a percentage equal to the percentage change in the consumer price index-u during the preceding 12-month calendar year. "Consumer price index-u" means the index published by the Bureau of Labor Statistics of the United States Department of Labor that measures the average change in prices of goods and services purchased by all urban consumers, United States city average, all items, 1982-84 = 100. (2) Adopt procedures for public notice and hearing on all proposed rules, regulations, standards, criteria, and plans required to carry out the provisions of this Act.

(3) Prescribe criteria for recognition for areawide health planning organizations, including, but not limited to, standards for evaluating the scientific bases for judgments on need and procedure for making these determinations.

(4) Develop criteria and standards for health care facilities planning, conduct statewide inventories of health care facilities, maintain an updated inventory on the Department's web site reflecting the most recent bed and service changes and updated need determinations when new census data become available or new need formulae are adopted, and develop health care facility plans which shall be utilized in the review of applications for permit under this Act. Such health facility plans shall be coordinated by the Agency with the health care facility plans areawide health planning organizations and with other pertinent State Plans.

The health care facility plans which are developed and adopted in accordance with this Section shall form the basis for the plan of the State to deal most effectively with statewide health needs in regard to health care facilities.

(5) Coordinate with other state agencies having responsibilities affecting health care facilities, including those of licensure and cost reporting.

(6) Solicit, accept, hold and administer on behalf of the State any grants or bequests of money, securities or property for use by the State Board or recognized areawide health planning organizations in the administration of this Act; and enter into contracts consistent with the appropriations for purposes enumerated in this Act.

The State Board shall consider recommendations of the areawide health planning organization and the Agency in making its determinations.

(8) Prescribe, in consultation with the recognized areawide health planning organizations, rules, regulations, standards, and criteria for the conduct of an expeditious review of applications for permits for projects of construction or modification of a health care facility, which projects are non-substantive in nature. Such rules shall not abridge the right of
areawide health planning organizations to make recommendations on the classification and approval of projects, nor shall such rules prevent the conduct of a public hearing upon the timely request of an interested party. Such reviews shall not exceed 60 days from the date the application is declared to be complete by the Agency.

(Section scheduled to be repealed on July 1, 2006)
Sec. 13. Investigation of applications for permits and certificates of recognition. The Agency or the State Board shall make or cause to be made such investigations as it or the State Board deems necessary in connection with an application for a permit or an application for a certificate of recognition, or in connection with a determination of whether or not construction or modification which has been commenced is in accord with the permit issued by the State Board or whether construction or modification has been commenced without a permit having been obtained. The State Board may issue subpoenas duces tecum requiring the production of records and may administer oaths to such witnesses.

Any circuit court of this State, upon the application of the State Board or upon the application of any party to such proceedings, may, in its discretion, compel the attendance of witnesses, the production of books, papers, records, or memoranda and the giving of testimony before the

The State Board shall require all health facilities operating in this State to provide such reasonable reports at such times and containing such information as is needed by it to carry out the purposes and provisions of this Act. Prior to collecting information from health facilities, the State Board shall make reasonable efforts through a public process to consult with health facilities and associations that represent them to determine whether data and information requests will result in useful information for health planning, whether sufficient information is available from other sources, and whether data requested is routinely collected by health facilities and is available without retrospective record review. Data and information requests shall not impose undue paperwork burdens on health care facilities and personnel. Health facilities not complying with this requirement shall be reported to licensing, accrediting, certifying, or payment agencies as being in violation of State law. Health care facilities and other parties at interest shall have reasonable access, under rules established by the State Board, to all planning information submitted in accord with this Act pertaining to their area.

Among the reports to be required by the State Board are facility questionnaires for health care facilities licensed under the Ambulatory Surgical Treatment Center Act, the Hospital Licensing Act, the Nursing Home Care Act, or the End Stage Renal Disease Facility Act. These questionnaires shall be conducted on an annual basis and compiled by the Agency. For health care facilities licensed under the Nursing Home Care Act, these reports shall include, but not be limited to, the identification of specialty services provided by the facility to patients, residents, and the community at large. For health care facilities that contain long term care beds, the reports shall also include the number of staffed long term care beds, physical capacity for long term care beds at the facility, and long term care beds available for immediate occupancy. For purposes of this paragraph, "long term care beds" means beds (i) licensed under the Nursing Home Care Act or (ii) licensed under the Hospital Licensing Act
and certified as skilled nursing or nursing facility beds under Medicaid or Medicare.

Section 10. The Counties Code is amended by changing Section 3-6013 as follows:

(55 ILCS 5/3-6013) (from Ch. 34, par. 3-6013)

Sec. 3-6013. Duties, training and compensation of auxiliary deputies. Auxiliary deputies shall not supplement members of the regular county police department or regular deputies in the performance of their assigned and normal duties, except as provided herein. Auxiliary deputies
may be assigned and directed by the sheriff to perform the following duties in the county:

To aid or direct traffic within the county, to aid in control of natural or human made disasters, to aid in case of civil disorder as assigned and directed by the sheriff, provided, that in emergency cases which render it impractical for members of the regular county police department or regular deputies to perform their assigned and normal duties, the sheriff is hereby authorized to assign and direct auxiliary deputies to perform such regular and normal duties. Identification symbols worn by such auxiliary deputies shall be different and distinct from those used by members of the regular county police department or regular deputies. Such auxiliary deputies shall at all times during the performance of their duties be subject to the direction and control of the sheriff of the county. Such auxiliary deputies shall not carry firearms, except with the permission of the sheriff, and only while in uniform and in the performance of their assigned duties.

Auxiliary deputies, prior to entering upon any of their duties, shall receive a course of training in the use of weapons and other police procedures as shall be appropriate in the exercise of the powers conferred upon them under this Division, which training and course of study shall be determined and provided by the sheriff of each county utilizing auxiliary deputies, provided that, before being permitted to carry a firearm an auxiliary deputy must have the same course of training as required of peace officers in Section 2 of the Peace Officer Firearm Training Act. The county authorities shall require that all auxiliary deputies be residents of the county served by them. Prior to the appointment of any auxiliary deputy his or her fingerprints shall be taken and no person shall be appointed as such auxiliary deputy if he or she has been convicted of a felony or other crime involving moral turpitude.

Auxiliary deputies may not be paid a salary, except as provided in Section 3-6036, but may be reimbursed for actual expenses incurred in performing their assigned duty. The County Board must approve such actual expenses and arrange for payment.
Nothing in this Division shall preclude an auxiliary deputy from holding a simultaneous appointment as an auxiliary *police officer* pursuant to Section 3-6-5 of the Illinois Municipal Code.

Section 15. The Township Code is amended by changing Section 100-10 as follows:

(60 ILCS 1/100-10)
Sec. 100-10. Township enforcement officer.
(a) The township board may appoint a township enforcement officer to serve for a term of one year and may remove the officer for cause. Every person appointed to the office of township enforcement officer, before entering on the duties of the office and within 10 days after being notified of the appointment, shall cause to be filed in the office of the township clerk a notice signifying his or her acceptance of the office. A neglect to cause the notice to be filed shall be deemed a refusal to serve.

(b) The sheriff of the county in which the township is situated may disapprove the appointment within 30 days after the notice is filed. The disapproval precludes that person from serving as the township enforcement officer, and the township board may appoint another person to that position subject to approval by the sheriff.

(c) Every person appointed to the office of township enforcement officer, before entering upon the duties of the office, shall execute, with sufficient sureties to be approved by the supervisor or clerk of the township, an instrument in writing by which the township enforcement officer and his or her sureties shall jointly and severally agree to pay to each and every person who may be entitled thereto all sums of money as the township enforcement officer may become liable to pay on account of any neglect or default of the township enforcement officer or on account of any misfeasance of the township enforcement officer in the discharge of, or failure to faithfully perform, any of the duties of the office.

(d) The township enforcement officer shall have the same power and authority within the township as a deputy sheriff but only for the purpose of enforcing township ordinances. The township enforcement officer shall not carry firearms and will not be required to comply with the
Peace Officer Firearm Training Act. The officer shall attend law enforcement training classes conducted by the Illinois Law Enforcement Training Standards Board. The township board shall appropriate all necessary monies for the training.

(d-5) (1) Except as provided in paragraph (2) of this subsection, in all actions for the violation of any township ordinance, the township enforcement officer shall be authorized to issue and to serve upon any person who the township enforcement officer has reasonable grounds to believe is guilty of a violation of a township ordinance a notice of violation that shall constitute a summons and complaint. A copy of such notice of violation shall be forwarded to the circuit court having jurisdiction over the township where the violation is alleged to have been committed. Every person who has been issued a summons shall appear for trial, and the action shall be prosecuted in the corporate name of the township.

(2) In all actions for violation of any township ordinance when the fine would not be in excess of $500 and no jail term could be imposed, service of summons may be made by the township clerk by certified mail, return receipt requested, whether service is to be within or without the State.

(e) The township enforcement officer shall carry an identification document provided by the township board identifying him or her as the township enforcement officer. The officer shall notify the township clerk of any violations of township ordinances.

(f) Nothing in this Code precludes a county auxiliary deputy or deputy sheriff, or a municipal policeman or auxiliary police officer policeman from serving as a township enforcement officer during off-duty hours.

(g) The township board may provide compensation for the township enforcement officer on either a per diem or a salary basis.

Section 20. The Illinois Municipal Code is amended by changing Sections 3.1-30-5, 3.1-30-20, 10-1-7, 10-2.1-4, 10-2.1-6, and 10-3-1 as follows:

(65 ILCS 5/3.1-30-5) (from Ch. 24, par. 3.1-30-5)
Sec. 3.1-30-5. Appointed officers in all municipalities.

(a) The mayor or president, as the case may be, by and with the advice and consent of the city council or the board of trustees, may appoint (1) a treasurer (if the treasurer is not an elected position in the municipality), (2) a collector, (3) a comptroller, (4) a marshal, (5) an attorney or a corporation counsel, (6) one or more purchasing agents and deputies, (7) the number of auxiliary police officers policemen determined necessary by the corporate authorities, (8) police matrons, (9) a commissioner of public works, (10) a budget director or a budget officer, and (11) other officers necessary to carry into effect the powers conferred upon municipalities.

(b) By ordinance or resolution to take effect at the end of the current fiscal year, the corporate authorities, by a two-thirds vote, may discontinue any appointed office and devolve the duties of that office on any other municipal officer. After discontinuance, no officer filling the office before its discontinuance shall have any claim against the municipality for salary alleged to accrue after the date of discontinuance.

(c) Vacancies in all appointed municipal offices may be filled in the same manner as appointments are made under subsection (a). The city council or board of trustees of a municipality, by ordinance not inconsistent with this Code, may prescribe the duties, define the powers, and fix the term of office of all appointed officers of the municipality; but the term of office, except as otherwise expressly provided in this Code, shall not exceed that of the mayor or president of the municipality.

(d) An appointed officer of a municipality may resign from his or her office. If an appointed officer resigns, he or she shall continue in office until a successor has been chosen and has qualified. If there is a failure to appoint a municipal officer, or the person appointed fails to qualify, the person filling the office shall continue in office until a successor has been chosen and has qualified. If an appointed municipal officer ceases to

(65 ILCS 5/3.1-30-20) (from Ch. 24, par. 3.1-30-20)

Sec. 3.1-30-20. Auxiliary police officers policemen.

(a) Auxiliary police officers policemen shall not be members of the regular police department of the municipality. Auxiliary police officers policemen shall not supplement members of the regular police department of any municipality in the performance of their assigned and normal duties, except as otherwise provided in this Code. Auxiliary police officers policemen shall only be assigned to perform the following duties in a municipality: (i) to aid or direct traffic within the municipality, (ii) to aid in control of natural or man made disasters, and (iii) to aid in case of civil disorder as directed by the chief of police. When it is impractical for members of the regular police department to perform those normal and regular police duties, however, the chief of police of the regular police department may assign auxiliary police officers policemen to perform those normal and regular police duties. Identification symbols worn by auxiliary police officers policemen shall be different and distinct from those used by members of the regular police department. Auxiliary police officers policemen shall at all times during the performance of their duties be subject to the direction and control of the chief of police of the municipality. Auxiliary police officers policemen shall not carry firearms, except with the permission of the chief of police and while in uniform and in the performance of their duties. Auxiliary police officers policemen, when on duty, shall also be conservators of the peace and shall have the powers specified in Section 3.1-15-25.

(b) Auxiliary police officers policemen, before entering upon any of their duties, shall receive a course of training in the use of weapons and other police procedures appropriate for the exercise of the powers conferred upon them under this Code. The training and course of study shall be determined and provided by the corporate authorities of each
municipality employing auxiliary police officers policemen. Before being permitted to carry a firearm, however, an auxiliary police officer must have the same course of training as required of peace officers under Section 2 of the Peace Officer Firearm Training Act. The municipal authorities may require that all auxiliary police officers policemen be residents of the municipality served by them. Before the appointment of an auxiliary police officer policeman, the person's fingerprints shall be taken, and no person shall be appointed as an auxiliary police officer policeman if that person has been convicted of a felony or other crime involving moral turpitude.

(c) The Line of Duty Law Enforcement Officers, Civil Defense Workers, Civil Air Patrol Members, Paramedics and Firemen Compensation Acts shall be applicable to auxiliary police officers policemen upon their death in the line of duty described in this Code.

(65 ILCS 5/10-1-7) (from Ch. 24, par. 10-1-7)

Sec. 10-1-7. Examination of applicants; disqualifications.

(a) All applicants for offices or places in the classified service, except those mentioned in Section 10-1-17, are subject to examination. The examination shall be public, competitive, and open to all citizens of the United States, with specified limitations as to residence, age, health, habits and moral character.

(b) Residency requirements in effect at the time an individual enters the fire or police service of a municipality (other than a municipality that has more than 1,000,000 inhabitants) cannot be made more restrictive for that individual during his or her period of service for that municipality, or be made a condition of promotion, except for the rank or position of Fire or Police Chief.

(c) No person with a record of misdemeanor convictions except those under Sections 11-6, 11-7, 11-9, 11-14, 11-15, 11-17, 11-18, 11-19, 12-2, 12-6, 12-15, 14-4, 16-1, 21.1-3, 24-3.1, 24-5, 25-1, 28-3, 31-1, 31-4, 31-6, 31-7, 32-1, 32-2, 32-3, 32-4, 32-8, and subsections (1), (6) and (8) of Section 24-1 of the Criminal Code of 1961 or arrested for any cause but not convicted on that cause shall be disqualified from taking the
examination on grounds of habits or moral character, unless the person is attempting to qualify for a position on the police department, in which case the conviction or arrest may be considered as a factor in determining the person's habits or moral character.

(d) Persons entitled to military preference under Section 10-1-16 shall not be subject to limitations specifying age unless they are applicants for a position as a fireman or a policeman having no previous employment status as a fireman or policeman in the regularly constituted fire or police department of the municipality, in which case they must not have attained their 35th birthday, except any person who has served as an auxiliary police officer policeman under Section 3.1-30-20 for at least 5 years and is under 40 years of age.

(e) All employees of a municipality of less than 500,000 population (except those who would be excluded from the classified service as provided in this Division 1) who are holding that employment as of the date a municipality adopts this Division 1, or as of July 17, 1959, whichever date is the later, and who have held that employment for at least 2 years immediately before that later date, and all firemen and policemen regardless of length of service who were either appointed to their respective positions by the board of fire and police commissioners under the provisions of Division 2 of this Article or who are serving in a position (except as a temporary employee) in the fire or police department in the municipality on the date a municipality adopts this Division 1, or as of July 17, 1959, whichever date is the later, shall become members of the classified civil service of the municipality without examination.

(f) The examinations shall be practical in their character, and shall relate to those matters that will fairly test the relative capacity of the persons examined to discharge the duties of the positions to which they seek to be appointed. The examinations shall include tests of physical qualifications, health, and (when appropriate) manual skill. If an applicant is unable to pass the physical examination solely as the result of an injury received by the applicant as the result of the performance of an act of duty while working as a temporary employee in the position for which he or she is being examined, however, the physical examination shall be waived and
the applicant shall be considered to have passed the examination. No questions in any examination shall relate to political or religious opinions or affiliations. Results of examinations and the eligible registers prepared from the results shall be published by the commission within 60 days after any examinations are held.

(g) The commission shall control all examinations, and may, whenever an examination is to take place, designate a suitable number of persons, either in or not in the official service of the municipality, to be examiners. The examiners shall conduct the examinations as directed by the commission and shall make a return or report of the examinations to the commission. If the appointed examiners are in the official service of the municipality, the examiners shall not receive extra compensation for conducting the examinations. The commission may at any time substitute any other person, whether or not in the service of the municipality, in the place of any one selected as an examiner. The commission members may themselves at any time act as examiners without appointing examiners. The examiners at any examination shall not all be members of the same political party.

(h) In municipalities of 500,000 or more population, no person who has attained his or her 35th birthday shall be eligible to take an examination for a position as a fireman or a policeman unless the person has had previous employment status as a policeman or fireman in the regularly constituted police or fire department of the municipality, except as provided in this Section.

(i) In municipalities of more than 5,000 but not more than 200,000 inhabitants, no person who has attained his or her 35th birthday shall be eligible to take an examination for a position as a fireman or a policeman unless the person has had previous employment status as a policeman or fireman in the regularly constituted police or fire department of the municipality, except as provided in this Section.

(j) In all municipalities, applicants who are 20 years of age and who have successfully completed 2 years of law enforcement studies at an accredited college or university may be considered for appointment to active duty with the police department. An applicant described in this

New matter indicated by italics - deletions by strikeout
subsection (j) who is appointed to active duty shall not have power of arrest, nor shall the applicant be permitted to carry firearms, until he or she reaches 21 years of age.

(k) In municipalities of more than 500,000 population, applications for examination for and appointment to positions as firefighters or police shall be made available at various branches of the public library of the municipality.

(l) No municipality having a population less than 1,000,000 shall require that any fireman appointed to the lowest rank serve a probationary employment period of longer than one year. The limitation on periods of probationary employment provided in this amendatory Act of 1989 is an exclusive power and function of the State. Pursuant to subsection (h) of Section 6 of Article VII of the Illinois Constitution, a home rule municipality having a population less than 1,000,000 must comply with this limitation on periods of probationary employment, which is a denial and limitation of home rule powers. Notwithstanding anything to the contrary in this Section, the probationary employment period limitation may be extended for a firefighter who is required, as a condition of employment, to be a certified paramedic, during which time the sole reason that a firefighter may be discharged without a hearing is for failing to meet the requirements for paramedic certification.

Sec. 10-2.1-4. Fire and police departments; Appointment of members; Certificates of appointments.

The board of fire and police commissioners shall appoint all officers and members of the fire and police departments of the municipality, including the chief of police and the chief of the fire department, unless the council or board of trustees shall by ordinance as to them otherwise provide; except as otherwise provided in this Section, and except that in any municipality which adopts or has adopted this Division 2.1 and also adopts or has adopted Article 5 of this Code, the chief of police and the chief of the fire department shall be appointed by the municipal manager, if it is provided by ordinance in such municipality that

such chiefs, or either of them, shall not be appointed by the board of fire and police commissioners.

If the chief of the fire department or the chief of the police department or both of them are appointed in the manner provided by ordinance, they may be removed or discharged by the appointing authority. In such case the appointing authority shall file with the corporate authorities the reasons for such removal or discharge, which removal or discharge shall not become effective unless confirmed by a majority vote of the corporate authorities.

If a member of the department is appointed chief of police or chief of the fire department prior to being eligible to retire on pension, he shall be considered as on furlough from the rank he held immediately prior to his appointment as chief. If he resigns as chief or is discharged as chief prior to attaining eligibility to retire on pension, he shall revert to and be established in whatever rank he currently holds, except for previously appointed positions, and thereafter be entitled to all the benefits and emoluments of that rank, without regard as to whether a vacancy then exists in that rank.

All appointments to each department other than that of the lowest rank, however, shall be from the rank next below that to which the appointment is made except as otherwise provided in this Section, and except that the chief of police and the chief of the fire department may be appointed from among members of the police and fire departments, respectively, regardless of rank, unless the council or board of trustees shall have by ordinance as to them otherwise provided. A chief of police or the chief of the fire department, having been appointed from among members of the police or fire department, respectively, shall be permitted, regardless of rank, to take promotional exams and be promoted to a higher classified rank than he currently holds, without having to resign as chief of police or chief of the fire department.

The sole authority to issue certificates of appointment shall be vested in the Board of Fire and Police Commissioners and all certificates of appointments issued to any officer or member of the fire or police department of a municipality shall be signed by the chairman and secretary.

respectively of the board of fire and police commissioners of such municipality, upon appointment of such officer or member of the fire and police department of such municipality by action of the board of fire and police commissioners.

The term "policemen" as used in this Division does not include auxiliary police officers except as provided for in Section 10-2.1-6.

Any full time member of a regular fire or police department of any municipality which comes under the provisions of this Division or adopts this Division 2.1 or which has adopted any of the prior Acts pertaining to fire and police commissioners, is a city officer.

Notwithstanding any other provision of this Section, the Chief of Police of a department in a non-homerule municipality of more than 130,000 inhabitants may, without the advice or consent of the Board of Fire and Police Commissioners, appoint up to 6 officers who shall be known as deputy chiefs or assistant deputy chiefs, and whose rank shall be immediately below that of Chief. The deputy or assistant deputy chiefs may be appointed from any rank of sworn officers of that municipality, but no person who is not such a sworn officer may be so appointed. Such deputy chief or assistant deputy chief shall have the authority to direct and issue orders to all employees of the Department holding the rank of captain or any lower rank. A deputy chief of police or assistant deputy chief of police, having been appointed from any rank of sworn officers of that municipality, shall be permitted, regardless of rank, to take promotional exams and be promoted to a higher classified rank than he currently holds, without having to resign as deputy chief of police or assistant deputy chief of police.

Notwithstanding any other provision of this Section, a non-homerule municipality of 130,000 or fewer inhabitants, through its council or board of trustees, may, by ordinance, provide for a position of deputy chief to be appointed by the chief of the police department. The ordinance shall provide for no more than one deputy chief position if the police department has fewer than 25 full-time police officers and for no more than 2 deputy chief positions if the police department has 25 or more full-
time police officers. The deputy chief position shall be an exempt rank immediately below that of Chief. The deputy chief may be appointed from any rank of sworn, full-time officers of the municipality's police department, but must have at least 5 years of full-time service as a police officer in that department. A deputy chief shall serve at the discretion of the Chief and, if removed from the position, shall revert to the rank currently held, without regard as to whether a vacancy exists in that rank. A deputy chief of police, having been appointed from any rank of sworn full-time officers of that municipality's police department, shall be permitted, regardless of rank, to take promotional exams and be promoted to a higher classified rank than he currently holds, without having to resign as deputy chief of police.

No municipality having a population less than 1,000,000 shall require that any firefighter appointed to the lowest rank serve a probationary employment period of longer than one year. The limitation on periods of probationary employment provided in this amendatory Act of 1989 is an exclusive power and function of the State. Pursuant to subsection (h) of Section 6 of Article VII of the Illinois Constitution, a home rule municipality having a population less than 1,000,000 must comply with this limitation on periods of probationary employment, which is a denial and limitation of home rule powers. Notwithstanding anything to the contrary in this Section, the probationary employment period limitation may be extended for a firefighter who is required, as a condition of employment, to be a certified paramedic, during which time the sole reason that a firefighter may be discharged without a hearing is for failing to meet the requirements for paramedic certification.

(h) The examinations shall be practical in character and relate to those matters that will fairly test the capacity of the persons examined to discharge the duties of the positions to which they seek appointment. No person shall be appointed to the police or fire department if he or she does not possess a high school diploma or an equivalent high school education. Section 10. The Unified Code of Corrections is amended by changing Section 5-8-4 as follows:

(730 ILCS 5/5-8-4) (from Ch. 38, par. 1005-8-4)

Sec. 5-8-4. Concurrent and Consecutive Terms of Imprisonment.

(a) When multiple sentences of imprisonment are imposed on a defendant at the same time, or when a term of imprisonment is imposed on a defendant who is already subject to sentence in this State or in another state, or for a sentence imposed by any district court of the United States, the sentences shall run concurrently or consecutively as determined by the court. When one of the offenses for which a defendant was convicted was a violation of Section 32-5.2 of the Criminal Code of 1961 and the offense was committed in attempting or committing a forcible felony, the court may impose consecutive sentences. When a term of imprisonment is imposed on a defendant by an Illinois circuit court and the defendant is subsequently sentenced to a term of imprisonment by another state or by a district court of the United States, the Illinois circuit court which imposed the sentence may order that the Illinois sentence be made concurrent with the sentence imposed by the other state or district court of the United States. The defendant must apply to the circuit court within 30 days after
the defendant's sentence imposed by the other state or district of the United States is finalized. The court shall impose consecutive sentences if:

(i) one of the offenses for which defendant was convicted was first degree murder or a Class X or Class 1 felony and the defendant inflicted severe bodily injury, or

(ii) the defendant was convicted of a violation of Section 12-13, 12-14, or 12-14.1 of the Criminal Code of 1961, or

(iii) the defendant was convicted of armed violence based upon the predicate offense of solicitation of murder, solicitation of murder for hire, heinous battery, aggravated battery of a senior citizen, criminal sexual assault, a violation of subsection (g) of Section 5 of the Cannabis Control Act, cannabis trafficking, a violation of subsection (a) of Section 401 of the Illinois Controlled Substances Act, controlled substance trafficking involving a Class X felony amount of controlled substance under Section 401 of the Illinois Controlled Substances Act, a violation of the Methamphetamine Control and Community Protection Act, calculated criminal drug conspiracy, or streetgang criminal drug conspiracy, or

(iv) the defendant was convicted of the offense of leaving the scene of a motor vehicle accident involving death or personal injuries under Section 11-401 and either: (A) aggravated driving under the influence of alcohol, other drug or drugs, or intoxicating compound or compounds, or any combination thereof under Section 11-501 of the Illinois Vehicle Code, or (B) reckless homicide under Section 9-3 of the Criminal Code of 1961, or both an offense described in subdivision (A) and an offense described in subdivision (B), or

(v) the defendant was convicted of a violation of Section 9-3.1 (concealment of homicidal death) or Section 12-20.5 (dismembering a human body) of the Criminal Code of 1961, in which event the court shall enter sentences to run consecutively. Sentences shall run concurrently unless otherwise specified by the court.

New matter indicated by italics - deletions by strikeout
(b) Except in cases where consecutive sentences are mandated, the court shall impose concurrent sentences unless, having regard to the nature and circumstances of the offense and the history and character of the defendant, it is of the opinion that consecutive sentences are required to protect the public from further criminal conduct by the defendant, the basis for which the court shall set forth in the record.

(c) (1) For sentences imposed under law in effect prior to February 1, 1978 the aggregate maximum of consecutive sentences shall not exceed the maximum term authorized under Section 5-8-1 for the 2 most serious felonies involved. The aggregate minimum period of consecutive sentences shall not exceed the highest minimum term authorized under Section 5-8-1 for the 2 most serious felonies involved. When sentenced only for misdemeanors, a defendant shall not be consecutively sentenced to more than the maximum for one Class A misdemeanor.

(2) For sentences imposed under the law in effect on or after February 1, 1978, the aggregate of consecutive sentences for offenses that were committed as part of a single course of conduct during which there was no substantial change in the nature of the criminal objective shall not exceed the sum of the maximum terms authorized under Section 5-8-2 for the 2 most serious felonies involved, but no such limitation shall apply for offenses that were not committed as part of a single course of conduct during which there was no substantial change in the nature of the criminal objective. When sentenced only for misdemeanors, a defendant shall not be consecutively sentenced to more than the maximum for one Class A misdemeanor.

(d) An offender serving a sentence for a misdemeanor who is convicted of a felony and sentenced to imprisonment shall be transferred to the Department of Corrections, and the misdemeanor sentence shall be merged in and run concurrently with the felony sentence.

(e) In determining the manner in which consecutive sentences of imprisonment, one or more of which is for a felony, will be served, the

New matter indicated by italics - deletions by strikeout
Department of Corrections shall treat the offender as though he had been committed for a single term with the following incidents:

(1) the maximum period of a term of imprisonment shall consist of the aggregate of the maximums of the imposed indeterminate terms, if any, plus the aggregate of the imposed determinate sentences for felonies plus the aggregate of the imposed determinate sentences for misdemeanors subject to paragraph (c) of this Section;

(2) the parole or mandatory supervised release term shall be as provided in paragraph (e) of Section 5-8-1 of this Code for the most serious of the offenses involved;

(3) the minimum period of imprisonment shall be the aggregate of the minimum and determinate periods of imprisonment imposed by the court, subject to paragraph (c) of this Section; and

(4) the offender shall be awarded credit against the aggregate maximum term and the aggregate minimum term of imprisonment for all time served in an institution since the commission of the offense or offenses and as a consequence thereof at the rate specified in Section 3-6-3 of this Code.

(f) A sentence of an offender committed to the Department of Corrections at the time of the commission of the offense shall be served consecutive to the sentence under which he is held by the Department of Corrections. However, in case such offender shall be sentenced to punishment by death, the sentence shall be executed at such time as the court may fix without regard to the sentence under which such offender may be held by the Department.

(g) A sentence under Section 3-6-4 for escape or attempted escape shall be served consecutive to the terms under which the offender is held by the Department of Corrections.

(h) If a person charged with a felony commits a separate felony while on pre-trial release or in pretrial detention in a county jail facility or county detention facility, the sentences imposed upon conviction of these

New matter indicated by italics - deletions by strikeout
felonies shall be served consecutively regardless of the order in which the judgments of conviction are entered.

(i) If a person admitted to bail following conviction of a felony commits a separate felony while free on bond or if a person detained in a county jail facility or county detention facility following conviction of a felony commits a separate felony while in detention, any sentence following conviction of the separate felony shall be consecutive to that of the original sentence for which the defendant was on bond or detained.

The regional superintendent or State Superintendent of Education shall, upon receipt of evidence that the certificate holder has been named a perpetrator in any indicated report, serve written notice to the individual and afford the individual opportunity for a hearing prior to suspension. Acting in accordance with the best interests of the public, the judge shall have the discretion to determine to whom, if anyone, the results of the testing may be revealed. The court shall notify the defendant of a positive test showing an infection with the human immunodeficiency virus (HIV). The court shall provide information on the availability of HIV testing and counseling at Department of Public Health facilities to all parties to whom the results of the testing are revealed and shall direct the State's Attorney to provide the information to the victim when possible. The Prisoner Review Board shall revoke the mandatory supervised release of a defendant who wilfully fails to comply with this subsection (j-5) upon his or her release from confinement in a penal institution while serving a mandatory supervised release term; however, the inability of the defendant after making a good faith effort to obtain financial aid or pay for the educational

AN ACT in relation to economic development.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Central Illinois Economic Development Authority Act.

Section 5. Findings. The General Assembly determines and declares the following:

(1) that labor surplus areas currently exist in central Illinois;

(2) that the economic burdens resulting from involuntary unemployment fall, in part, upon the State in the form of increased need for public assistance and reduced tax revenues and, in the event that the unemployed worker and his or her family migrate elsewhere to find work, the burden may also fall upon the municipalities and other taxing districts within the areas of unemployment in the form of reduced tax revenues, thereby endangering their financial ability to support necessary governmental services for their remaining inhabitants;

(3) that the State has a responsibility to help create a favorable climate for new and improved job opportunities for its citizens by encouraging the development of commercial and service businesses and industrial and manufacturing plants within central Illinois;

(4) that a lack of decent housing contributes to urban blight, crime, anti-social behavior, disease, a higher need for public assistance, reduced tax revenues, and the migration of workers and their families away from areas which fail to offer adequate, decent, and affordable housing, leading to the disconnection of younger generations from their elderly relations;

that decent, affordable housing is a necessary ingredient of life
affording each citizen basic human dignity, a sense of self-worth,
confidence, and a firm foundation upon which to build a family, educate
children, and live out their elderly years in dignity;

(6) that in order to foster civic and neighborhood pride, citizens
require access to educational institutions, recreation, parks and open
spaces, entertainment, sports, a reliable transportation network, cultural
facilities, and theaters; and

(7) that the main purpose of this Act is to promote industrial,
commercial, residential, service, transportation, and recreational activities
and facilities, thereby reducing the evils attendant upon unemployment and
enhancing the public health, safety, morals, happiness, and general welfare
of the State.

this Code to the contrary, each election authority shall establish procedures
for the registration of voters and for change of address during the period from the close of registration for a primary or election and until the 14th day before the primary or election. During this grace period, an unregistered qualified elector may register to vote, and a registered voter may submit a change of address form, in person in the office of the election authority or at a voter registration location specifically designated for this purpose by the election authority. The election authority shall register that individual, or change a registered voter's address, in the same manner as otherwise provided by this Article for registration and change of address.

If a voter who registers or changes address during this grace period wishes to vote at the first election or primary occurring after the grace period, he or she must do so by grace period voting, either in person in the office of the election authority or at a location specifically designated for this purpose by the election authority, or by mail, at the discretion of the election authority. Grace period voting shall be in a manner substantially similar to voting under Article 19.

Within one day after a voter casts a grace period ballot, the election authority shall transmit the voter's name, street address, and precinct, ward, township, and district numbers, as the case may be, to the State Board of Elections, which shall maintain those names and that information in an electronic format on its website, arranged by county and accessible to State and local political committees. The name of each person issued a grace period ballot shall also be placed on the appropriate precinct list of persons to whom absentee and early ballots have been issued, for use as provided in Sections 17-9 and 18-5.

A person who casts a grace period ballot shall not be permitted to revoke that ballot and vote another ballot with respect to that primary or election. Ballots cast by persons who register or change address during the grace period must be transmitted to and counted at the election authority's central ballot counting location and shall not be transmitted to and counted at precinct polling places. The grace period ballots determined to be valid shall be added to the vote totals for the precincts for which they were cast in the order in which the ballots were opened.

Sec. 7-60. Not less than 67 days before the date of the general election, the State Board of Elections shall certify to the county clerks the names of each of the candidates who have been nominated as shown by the proclamation of the State Board of Elections as a canvassing board or who have been nominated to fill a vacancy in nomination and direct the election authority to place upon the official ballot for the general election the names of such candidates in the same manner and in the same order as shown upon the certification, except as otherwise provided in this Section.

Not less than 61 days before the date of the general election, each county clerk shall certify the names of each of the candidates for county offices who have been nominated as shown by the proclamation of the county election authority or who have been nominated to fill a vacancy in nomination and declare that the names of such candidates for the respective offices shall be placed upon the official ballot for the general election in the same manner and in the same order as shown upon the certification, except as otherwise provided by this Section. Each county clerk shall place a copy of the certification on file in his or her office and at the same time issue to the State Board of Elections a copy of such certification. In addition, each county clerk in whose county there is a board of election commissioners shall, not less than 61 days before the date of the general election, issue to such board a copy of the certification that has been filed in the county clerk's office, together with a copy of the certification that has been issued to the clerk by the State Board of Elections, with directions to the board of election commissioners to place upon the official ballot for the general election in that election jurisdiction the names of all candidates that are listed on such certifications, in the same manner and in the same order as shown upon such certifications, except as otherwise provided in this Section.

the primary, shall be certified first under the name of such offices, and the names of the remaining candidates of such party for such offices shall follow in the order of the number of votes received by them respectively at the primary election as shown by the official election results.

No person who is shown by the final election authority's proclamation to have been nominated or elected at the primary as a write-in candidate shall have his or her name certified unless such person shall have filed with the certifying office or board within 10 days after the election authority's proclamation a statement of candidacy pursuant to Section 7-10, a statement pursuant to Section 7-10.1, and a receipt for the filing of a statement of economic interests in relation to the unit of government to which he or she has been elected or nominated.

Each county clerk and board of election commissioners shall determine by a fair and impartial method of random selection the order of placement of established political party candidates for the general election ballot. Such determination shall be made within 30 days following the canvass and proclamation of the results of the general primary in the office of the county clerk or board of election commissioners and shall be open to the public. Seven days written notice of the time and place of conducting such random selection shall be given, by each such election authority, to the County Chairman of each established political party, and to each organization of citizens within the election jurisdiction which was entitled, under this Article, at the next preceding election, to have pollwatchers present on the day of election. Each election authority shall post in a conspicuous, open and public place, at the entrance of the election authority office, notice of the time and place of such lottery. However, a board of election commissioners may elect to place established political party candidates on the general election ballot in the same order determined by the county clerk of the county in which the city under the jurisdiction of such board is located.

Each certification shall indicate, where applicable, the following:

The State Board of Elections or the county clerk, as the case may be, shall issue an amended certification whenever it is discovered that the original certification is in error.

(10 ILCS 5/13-1) (from Ch. 46, par. 13-1)

Sec. 13-1. In counties not under township organization, the county board of commissioners shall at its meeting in July in each even-numbered year appoint in each election precinct 5 capable and discreet persons meeting the qualifications of Section 13-4 to be judges of election. Where neither voting machines nor electronic, mechanical or electric voting systems are used, the county board may, for any precinct with respect to which the board considers such action necessary or desirable in view of the number of voters, and shall for general elections for any precinct containing more than 600 registered voters, appoint in addition to the 5 judges of election a team of 5 tally judges. In such precincts the judges of election shall preside over the election during the hours the polls are open, and the tally judges, with the assistance of the holdover judges designated pursuant to Section 13-6.2, shall count the vote after the
closing of the polls. However, the County Board of Commissioners may appoint 3 judges of election to serve in lieu of the 5 judges of election otherwise required by this Section to serve in any emergency referendum, or in any odd-year regular election or in any special primary or special election called for the purpose of filling a vacancy in the office of representative in the United States Congress or to nominate candidates for such purpose. The tally judges shall possess the same qualifications and shall be appointed in the same manner and with the same division between political parties as is provided for judges of election.

In addition to such precinct judges, the county board of commissioners shall appoint special panels of 3 judges each, who shall possess the same qualifications and shall be appointed in the same manner and with the same division between political parties as is provided for other judges of election. The number of such panels of judges required shall be determined by regulations of the State Board of Elections which shall base the required numbers of special panels on the number of registered voters in the jurisdiction or the number of absentee ballots voted at recent elections, or any combination of such factors.

Such appointment shall be confirmed by the court as provided in Section 13-3 of this Article. No more than 3 persons of the same political party shall be appointed judges of the same election precinct or election judge panel. The appointment shall be made in the following manner: The county board of commissioners shall select and approve 3 persons as judges of election in each election precinct from a certified list, furnished by the chairman of the County Central Committee of the first leading political party in such precinct; and the county board of commissioners shall also select and approve 2 persons as judges of election in each election precinct from a certified list, furnished by the chairman of the County Central Committee of the second leading political party. However, if only 3 judges of election serve in each election precinct, no more than 2 persons of the same political party shall be judges of election in the same election precinct; and which political party is entitled to 2 judges of election and which political party is entitled to one judge of election shall be determined in the same manner as set forth in the next two preceding

sentences with regard to 5 election judges in each precinct. Such certified list shall be filed with the county clerk not less than 10 days before the annual meeting of the county board of commissioners. Such list shall be arranged according to precincts. The chairman of each county central committee shall, insofar as possible, list persons who reside within the precinct in which they are to serve as judges. However, he may, in his sole discretion, submit the names of persons who reside outside the precinct but within the county embracing the precinct in which they are to serve. He must, however, submit the names of at least 2 residents of the precinct for each precinct in which his party is to have 3 judges and must submit the name of at least one resident of the precinct for each precinct in which his party is to have 2 judges. The county board of commissioners shall acknowledge in writing to each county chairman the names of all persons submitted on such certified list and the total number of persons listed thereon. If no such list is filed or such list is incomplete (that is, no names or an insufficient number of names are furnished for certain election precincts), the county board of commissioners shall make or complete such list from the names contained in the supplemental list provided for in Section 13-1.1. The election judges shall hold their office for 2 years from their appointment, and until their successors are duly appointed in the manner provided in this Act. The county board of commissioners shall fill all vacancies in the office of judge of election at any time in the manner provided in this Act.

shall count the vote after the closing of the polls. The tally judges shall
possess the same qualifications and shall be appointed in the same manner

to serve in any emergency referendum, or in any odd-year regular election
or in any special primary or special election called for the purpose of
filling a vacancy in the office of representative in the United States
Congress or to nominate candidates for such purpose.

In addition to such precinct judges, the county board shall appoint
special panels of 3 judges each, who shall possess the same qualifications
and shall be appointed in the same manner and with the same division
between political parties as is provided for other judges of election. The
number of such panels of judges required shall be determined by

any combination of such factors.

No more than 3 persons of the same political party shall be
appointed judges in the same election district or undivided precinct. The
election of the judges of election in the various election precincts shall be
made in the following manner: The county board shall select and approve
3 of the election judges in each precinct from a certified list furnished by

However, if only 3 judges of election serve in each election precinct, no more than 2 persons of the same political party shall be judges of election in the same election precinct; and which political party is entitled to 2 judges of election and which political party is entitled to one judge of election shall be determined in the same manner as set forth in the next two preceding sentences with regard to 5 election judges in each precinct. The respective County Central Committee chairman shall notify the county board by June 1 of each odd-numbered year immediately preceding the annual meeting of the county board whether or not such certified list will be filed by such chairman. Such list shall be arranged according to precincts. The chairman of each county central committee shall, insofar as possible, list persons who reside within the precinct in which they are to serve as judges. However, he may, in his sole discretion, submit the names of persons who reside outside the precinct but within the county embracing the precinct in which they are to serve. He must, however, submit the names of at least 2 residents of the precinct for each precinct in which his party is to have 3 judges and must submit the name of at least one resident of the precinct for each precinct in which his party is to have 2 judges. Such certified list, if filed, shall be filed with the county clerk not less than 20 days before the annual meeting of the county board. The county board shall acknowledge in writing to each county chairman the names of all persons submitted on such certified list and the total number of persons listed thereon. If no such list is filed or the list is incomplete (that is, no names or an insufficient number of names are furnished for certain election precincts), the county board shall make or complete such list from the names contained in the supplemental list provided for in Section 13-1.1. Provided, further, that in any case where a township has been or shall be redistricted, in whole or in part, subsequent to one general election for Governor, and prior to the next, the judges of election to be selected for all new or altered precincts shall be selected in that one of the methods above detailed, which shall be applicable according to the facts and circumstances of the particular case, but the majority of such judges for each such precinct shall be selected from the first leading political party, and the minority judges from the second
leading political party. Provided, further, that in counties having a population of 1,000,000 inhabitants or over the selection of judges of election shall be made in the same manner in all respects as in other counties, except that the provisions relating to tally judges are inapplicable to such counties and except that the county board shall meet during the month of January for the purpose of making such selection and the chairman of each county central committee shall notify the county board by the preceding October 1 whether or not the certified list will be filed. Such judges of election shall hold their office for 2 years from their appointment and until their successors are duly appointed in the manner provided in this Act. The county board shall fill all vacancies in the office of judges of elections at any time in the manner herein provided.

Such selections under this Section shall be confirmed by the circuit court as provided in Section 13-3 of this Article.

Section 14-4. However, a Board of Election Commissioners may appoint three judges of election to serve in lieu of the 5 judges of election otherwise required by this Section to serve in any emergency referendum, or in any odd-year regular election or in any special primary or special election called for the purpose of filling a vacancy in the office of representative in the United States Congress or to nominate candidates for such purpose.

If only 3 judges of election serve in each election precinct, no more than 2 persons of the same political party shall be judges of election in the same election precinct, and which political party is entitled to 2 judges of election and which political party is entitled to one judge of election shall be determined as set forth in this Section for a county board of election commissioners' selection of 5 election judges in each precinct or in Section 14-4 for a municipal board of election commissioners' selection of election judges in each precinct, whichever is appropriate. In addition to such precinct judges, the board of election commissioners shall appoint special panels of 3 judges each, who shall possess the same qualifications and shall be appointed in the same manner and with the same division between political parties as is provided for other judges of election. The number of such panels of judges required shall be determined by regulation of the State Board of Elections, which shall base the required number of special panels on the number of registered voters in the jurisdiction or the number of absentee ballots voted at recent elections or any combination of such factors. A municipal board of election commissioners shall make the selections of persons qualified under Section 14-1 from certified lists furnished by the chairman of the respective county central committees of the 2 leading political parties. Lists furnished by chairmen of county central committees under this Section shall be arranged according to precincts. The chairman of each county central committee shall, insofar as possible, list persons who reside within the precinct in which they are to serve as judges. However, he may, in his sole discretion, submit the names of persons who reside outside the precinct but within the county embracing the precinct in which they are to serve. He must, however, submit the names of at least 2 residents of the precinct for each precinct in which his
party is to have 3 judges and must submit the name of at least one resident of the precinct for each precinct in which his party is to have 2 judges. The board of election commissioners shall no later than March 1 of each even-numbered year notify the chairmen of the respective county central committees of their responsibility to furnish such lists, and each such chairman shall furnish the board of election commissioners with the list for his party on or before May 1 of each even-numbered year. The board of election commissioners shall acknowledge in writing to each county chairman the names of all persons submitted on such certified list and the total number of persons listed thereon. If no such list is furnished or if no names or an insufficient number of names are furnished for certain precincts, the board of election commissioners shall make or complete such list from the names contained in the supplemental list provided for in Section 14-3.2. Judges of election shall hold their office for 2 years from their appointment and until their successors are duly appointed in the manner herein provided. The board of election commissioners shall, subject to the provisions of Section 14-3.2, fill all vacancies in the office of judges of election at any time in the manner herein provided. Such selections under this Section shall be confirmed by the court as provided in Section 14-5.

Sec. 18-5. Any person desiring to vote and whose name is found upon the register of voters by the person having charge thereof, shall then be questioned by one of the judges as to his nativity, his term of residence at present address, precinct, State and United States, his age, whether naturalized and if so the date of naturalization papers and court from which secured, and he shall be asked to state his residence when last previously registered and the date of the election for which he then registered. The judges of elections shall check each application for ballot against the list of voters registered in that precinct to whom grace period,
absentee, and early ballots have been issued for that election, which shall be provided by the election authority and which list shall be available for inspection by poll watchers. A voter applying to vote in the precinct on election day whose name appears on the list as having been issued a grace period, an absentee, or early ballot shall not be permitted to vote in the precinct, except that a voter to whom an absentee ballot was issued may vote in the precinct if the voter submits to the election judges that absentee ballot for cancellation. If the voter is unable to submit the absentee ballot, it shall be sufficient for the voter to submit to the election judges (i) a portion of the absentee ballot if the absentee ballot was torn or mutilated or (ii) an affidavit executed before the election judges specifying that (A) the voter never received an absentee ballot or (B) the voter completed and returned an absentee ballot and was informed that the election authority did not receive that absentee ballot. If such person so registered shall be challenged as disqualified, the party challenging shall assign his reasons therefor, and thereupon one of the judges shall administer to him an oath to answer questions, and if he shall take the oath he shall then be questioned by the judge or judges touching such cause of challenge, and touching any other cause of disqualification. And he may also be questioned by the person challenging him in regard to his qualifications and identity. But if a majority of the judges are of the opinion that he is the person so registered and a qualified voter, his vote shall then be received accordingly. In addition to such an affidavit, the person so challenged shall provide to the judges of election proof of residence by producing 2 forms of identification showing the person's current residence address, provided that such identification to the person at his current residence address and postmarked not earlier than 30 days prior to the date of the election, or the person shall procure a witness personally known to the judges of election, and resident in the precinct (or district), or

The oath in each case may be administered by one of the judges of election, or by any officer, resident in the precinct or district, authorized by law to administer oaths. Also supported by an affidavit by a registered voter residing in such precinct, stating his own residence, and that he knows such person; and that he does reside at the place mentioned and has resided in such precinct and state for the length of time as stated by such person, which shall be subscribed and sworn to in the same way. Whereupon the vote of such person shall be received, and entered as other votes. But such judges, having charge of such registers, shall state in their respective books the facts in such case, and the affidavits, so delivered to the judges, shall be preserved and returned to the office of the commissioners of election. Blank affidavits of the character aforesaid shall be sent out to the judges of all the precincts, and the judges of election shall furnish the same on demand and administer the oaths without criticism. Such oaths, if administered by any other officer than such judge of election, shall not be received. Whenever a proposal for a constitutional amendment or for the calling of a constitutional convention is to be voted upon at the election, the separate blue ballot or ballots pertaining thereto shall be placed on top of the other ballots to be voted at the election in such manner that the legend appearing on the back thereof, as prescribed in Section 16-6 of this Act, shall be plainly visible to the voter, and in this fashion the ballots shall be handed to the voter by the judge.

The voter shall, upon quitting the voting booth, deliver to one of the judges of election all of the ballots, properly folded, which he received. The judge of election to whom the voter delivers his ballots shall not
accept the same unless all of the ballots given to the voter are returned by him. If a voter delivers less than all of the ballots given to him, the judge to whom the same are offered shall advise him in a voice clearly audible to the other judges of election that the voter must return the remainder of the ballots. The statement of the judge to the voter shall clearly express the fact that the voter is not required to vote such remaining ballots but that whether or not he votes them he must fold and deliver them to the judge. In making such statement the judge of election shall not indicate by word, gesture or intonation of voice that the unreturned ballots shall be voted in any particular manner. No new voter shall be permitted to enter the voting booth of a voter who has failed to deliver the total number of ballots received by him until such voter has returned to the voting booth pursuant to the judge's request and again quit the booth with all of the ballots required to be returned by him. Upon receipt of all such ballots the judges of election shall enter the name of the voter, and his number, as above provided in this Section, and the judge to whom the ballots are delivered shall immediately put the ballots into the ballot box. If any voter who has failed to deliver all the ballots received by him refuses to return to the voting booth after being advised by the judge of election as herein provided, the judge shall inform the other judges of such refusal, and thereupon the ballot or ballots returned to the judge shall be deposited in the ballot box, the voter shall be permitted to depart from the polling place, and a new voter shall be permitted to enter the voting booth.

The judge of election who receives the ballot or ballots from the voter shall announce the residence and name of such voter in a loud voice. The judge shall put the ballot or ballots received from the voter into the ballot box in the presence of the voter and the judges of election, and in plain view of the public. The judges having charge of such registers shall then, in a column prepared thereon, in the same line of, the name of the voter, mark "Voted" or the letter "V".

No judge of election shall accept from any voter less than the full number of ballots received by such voter without first advising the voter in the manner above provided of the necessity of returning all of the ballots, nor shall any such judge advise such voter in a manner contrary to that
which is herein permitted, or in any other manner violate the provisions of this Section; provided, that the acceptance by a judge of election of less than the full number of ballots delivered to a voter who refuses to return to the voting booth after being properly advised by such judge shall not be a violation of this Section.

Sec. 18A-15. Validating and counting provisional ballots.

(a) The county clerk or board of election commissioners shall complete the validation and counting of provisional ballots within 14 calendar days of the day of the election. The county clerk or board of election commissioners shall have 7 calendar days from the completion of the validation and counting of provisional ballots to conduct its final canvass. The State Board of Elections shall complete within 31 calendar days of the election or sooner if all the returns are received, its final canvass of the vote for all public offices.

(b) If a county clerk or board of election commissioners determines that all of the following apply, then a provisional ballot is valid and shall be counted as a vote:

(1) The provisional voter cast the provisional ballot in the correct precinct based on the address provided by the provisional voter. The provisional voter's affidavit shall serve as a change of address request by that voter for registration purposes for the next ensuing election if it bears an address different from that in the records of the election authority;

(2) The affidavit executed by the provisional voter pursuant to subsection (b)(2) of Section 18A-5 contains, at a minimum, the provisional voter's first and last name, house number and street name, and signature or mark; and

(3) the provisional voter is a registered voter based on information available to the county clerk or board of election commissioners provided by or obtained from any of the following:

   i. the provisional voter;
   ii. an election judge;

New matter indicated by italics - deletions by strikeout
iii. the statewide voter registration database maintained by the State Board of Elections;
iv. the records of the county clerk or board of election commissioners' database; or
v. the records of the Secretary of State.

(c) With respect to subsection (b)(3) of this Section, the county clerk or board of election commissioners shall investigate and record whether or not the specified information is available from each of the 5 identified sources. If the information is available from one or more of the identified sources, then the county clerk or board of election commissioners shall seek to obtain the information from each of those sources until satisfied, with information from at least one of those sources, that the provisional voter is registered and entitled to vote. The county clerk or board of election commissioners shall use any information it obtains as the basis for determining the voter registration status of the provisional voter. If a conflict exists among the information available to the county clerk or board of election commissioners as to the registration status of the provisional voter, then the county clerk or board of election commissioners shall make a determination based on the totality of the circumstances. In a case where the above information equally supports or opposes the registration status of the voter, the county clerk or board of election commissioners shall decide in favor of the provisional voter as being duly registered to vote. If the statewide voter registration database maintained by the State Board of Elections indicates that the provisional voter is registered to vote, but the county clerk's or board of election commissioners' voter registration database indicates that the provisional voter is not registered to vote, then the information found in the statewide voter registration database shall control the matter and the provisional voter shall be deemed to be registered to vote. If the records of the county clerk or board of election commissioners indicates that the provisional voter is registered to vote, but the statewide voter registration database maintained by the State Board of Elections indicates that the provisional voter is not registered to vote, then the information found in the records of the county clerk or board of election commissioners shall control the
matter and the provisional voter shall be deemed to be registered to vote. If the provisional voter's signature on his or her provisional ballot request varies from the signature on an otherwise valid registration application solely because of the substitution of initials for the first or middle name, the election authority may not reject the provisional ballot.

(d) In validating the registration status of a person casting a provisional ballot, the county clerk or board of election commissioners shall not require a provisional voter to complete any form other than the affidavit executed by the provisional voter under subsection (b)(2) of Section 18A-5. In addition, the county clerk or board of election commissioners shall not require all provisional voters or any particular class or group of provisional voters to appear personally before the county clerk or board of election commissioners or as a matter of policy require provisional voters to submit additional information to verify or otherwise support the information already submitted by the provisional voter. The provisional voter may, within 2 calendar days after the election, submit additional information to the county clerk or board of election commissioners. This information must be received by the county clerk or board of election commissioners within the 2-calendar-day period.

(e) If the county clerk or board of election commissioners determines that subsection (b)(1), (b)(2), or (b)(3) does not apply, then the provisional ballot is not valid and may not be counted. The provisional ballot envelope containing the ballot cast by the provisional voter may not be opened. The county clerk or board of election commissioners shall write on the provisional ballot envelope the following: "Provisional ballot determined invalid."

(f) If the county clerk or board of election commissioners determines that a provisional ballot is valid under this Section, then the provisional ballot envelope shall be opened. The outside of each provisional ballot envelope shall also be marked to identify the precinct and the date of the election.

(g) Provisional ballots determined to be valid shall be counted at the election authority's central ballot counting location and shall not be counted in precincts. The provisional ballots determined to be valid shall

be added to the vote totals for the precincts from which they were cast in the order in which the ballots were opened. The county clerk or board of election commissioners may, in the alternative, create a separate provisional-voter precinct for the purpose of counting and recording provisional ballots and adding the recorded votes to its official canvas. The validation and counting of provisional ballots shall be subject to the provisions of this Code that apply to pollwatchers. If the provisional ballots are a ballot of a punch card voting system, then the provisional ballot shall be counted in a manner consistent with Article 24A. If the provisional ballots are a ballot of optical scan or other type of approved electronic voting system, then the provisional ballots shall be counted in a manner consistent with Article 24B.

(h) As soon as the ballots have been counted, the election judges or election officials shall, in the presence of the county clerk or board of election commissioners, place each of the following items in a separate envelope or bag: (1) all provisional ballots, voted or spoiled; (2) all provisional ballot envelopes of provisional ballots voted or spoiled; and (3) all executed affidavits of the provisional ballots voted or spoiled. All provisional ballot envelopes for provisional voters who have been determined not to be registered to vote shall remain sealed. The county clerk or board of election commissioners shall treat the provisional ballot envelope containing the written affidavit as a voter registration application for that person for the next election and process that application. The election judges or election officials shall then securely seal each envelope or bag, initial the envelope or bag, and plainly mark on the outside of the envelope or bag in ink the precinct in which the provisional ballots were cast. The election judges or election officials shall then place each sealed envelope or bag into a box, secure and seal it in the same manner as described in item (6) of subsection (b) of Section 18A-5. Each election judge or election official shall take and subscribe an oath before the county clerk or board of election commissioners that the election judge or election official securely kept the ballots and papers in the box, did not permit any person to open the box or otherwise touch or tamper with the ballots and papers in the box, and has no knowledge of any other person opening the

box. For purposes of this Section, the term "election official" means the county clerk, a member of the board of election commissioners, as the case may be, and their respective employees.

(10 ILCS 5/19-2.1) (from Ch. 46, par. 19-2.1)

Sec. 19-2.1. At the consolidated primary, general primary, consolidated, and general elections, electors entitled to vote by absentee ballot under the provisions of Section 19-1 may vote in person at the office of the municipal clerk, if the elector is a resident of a municipality not having a board of election commissioners, or at the office of the township clerk or, in counties not under township organization, at the office of the road district clerk if the elector is not a resident of a municipality; provided, in each case that the municipal, township or road district clerk, as the case may be, is authorized to conduct in-person absentee voting pursuant to this Section. Absentee voting in such municipal and township clerk's offices under this Section shall be conducted from the 22nd day through the day before the election.

Municipal and township clerks (or road district clerks) who have regularly scheduled working hours at regularly designated offices other than a place of residence and whose offices are open for business during the same hours as the office of the election authority shall conduct in-person absentee voting for said elections. Municipal and township clerks (or road district clerks) who have no regularly scheduled working hours but who have regularly designated offices other than a place of residence shall conduct in-person absentee voting for said elections during the hours of 8:30 a.m. to 4:30 p.m. or 9:00 a.m. to 5:00 p.m., weekdays, and 9:00 a.m. to 12:00 noon on Saturdays, but not during such hours as the office of the election authority is closed, unless the clerk files a written waiver with the election authority not later than July 1 of each year stating that he or she is unable to conduct such voting and the reasons therefor. Such clerks who conduct in-person absentee voting may extend their hours for that purpose to include any hours in which the election authority's office is open. Municipal and township clerks (or road district clerks) who have no regularly scheduled office hours and no regularly designated offices other

than a place of residence may not conduct in-person absentee voting for said elections. The election authority may devise alternative methods for in-person absentee voting before said elections for those precincts located within the territorial area of a municipality or township (or road district) wherein the clerk of such municipality or township (or road district) has waived or is not entitled to conduct such voting. In addition, electors may vote by absentee ballot under the provisions of Section 19-1 at the office of the election authority having jurisdiction over their residence. Unless specifically authorized by the election authority, municipal, township, and road district clerks shall not conduct in-person absentee voting. No less than 45 days before the date of an election, the election authority shall notify the municipal, township, and road district clerks within its jurisdiction if they are to conduct in-person absentee voting. Election authorities, however, may conduct in-person absentee voting in one or more designated appropriate public buildings from the fourth day before the election through the day before the election.

In conducting in-person absentee voting under this Section, the respective clerks shall not be required to verify the signature of the absentee voter by comparison with the signature on the official registration record card. The clerk also shall reasonably ascertain the identity of such applicant, shall verify that each such applicant is a registered voter, and shall verify the precinct in which he or she is registered and the proper ballots of the political subdivisions in which the applicant resides and is entitled to vote, prior to providing any absentee ballot to such applicant. The clerk shall verify the applicant's registration and from the most recent poll list provided by the county clerk, and if the applicant is not listed on that poll list then by telephoning the office of the county clerk.

Absentee voting procedures in the office of the municipal, township and road district clerks shall be subject to all of the applicable provisions of this Article 19. Pollwatchers may be appointed to observe in-person absentee voting procedures and view all reasonably requested records relating to the conduct of the election, provided the secrecy of the ballot is not impinged, at the office of the municipal, township or road

district clerks' offices where such absentee voting is conducted. Such pollwatchers shall qualify and be appointed in the same manner as provided in Sections 7-34 and 17-23, except each candidate, political party or organization of citizens may appoint only one pollwatcher for each location where in-person absentee voting is conducted. Pollwatchers must be registered to vote in Illinois and possess valid pollwatcher credentials. All requirements in this Article applicable to election authorities shall apply to the respective local clerks, except where inconsistent with this Section.

The sealed absentee ballots in their carrier envelope shall be delivered by the respective clerks, or by the election authority on behalf of a clerk if the clerk and the election authority agree, to the election authority's central ballot counting location before the close of the polls on the day of the general primary, consolidated primary, consolidated, or general election.

Not more than 23 days before the nonpartisan, general and consolidated elections, the county clerk shall make available to those municipal, township and road district clerks conducting in-person absentee voting within such county, a sufficient number of applications, absentee ballots, envelopes, and printed voting instruction slips for use by absentee voters in the offices of such clerks. The respective clerks shall receipt for all ballots received, shall return all unused or spoiled ballots to the county clerk on the day of the election and shall strictly account for all ballots received.

The ballots delivered to the respective clerks shall include absentee ballots for each precinct in the municipality, township or road district, or shall include such separate ballots for each political subdivision conducting an election of officers or a referendum on that election day as will permit any resident of the municipality, township or road district to vote absentee in the office of the proper clerk.

The clerks of all municipalities, townships and road districts may distribute applications for absentee ballot for the use of voters who wish to mail such applications to the appropriate election authority. Such applications for absentee ballots shall be made on forms provided by the

election authority. Duplication of such forms by the municipal, township or road district clerk is prohibited.

Sec. 19-4. Mailing or delivery of ballots - Time.) Immediately upon the receipt of such application either by mail, not more than 40 days nor less than 5 days prior to such election, or by personal delivery not more than 40 days nor less than one day prior to such election, at the office of such election authority, it shall be the duty of such election authority to examine the records to ascertain whether or not such applicant is lawfully entitled to vote as requested, including a verification of the applicant's signature by comparison with the signature on the official registration record card, and if found so to be entitled to vote, to post within one business day thereafter the name, street address, ward and precinct number or township and district number, as the case may be, of such applicant given on a list, the pages of which are to be numbered consecutively to be kept by such election authority for such purpose in a conspicuous, open and public place accessible to the public at the entrance of the office of such election authority, and in such a manner that such list may be viewed without necessity of requesting permission therefor. Within one business day after posting the name and other information of an applicant for an absentee ballot, the election authority shall transmit that name and other posted information to the State Board of Elections, which shall maintain those names and other information in an electronic format on its website, arranged by county and accessible to State and local political committees. Within 2 business days after posting a name and other information on the list within its office, the election authority shall mail, postage prepaid, or deliver in person in such office an official ballot or ballots if more than one are to be voted at said election. Mail delivery of Temporarily Absent Student ballot applications pursuant to Section 19-12.3 shall be by nonforwardable mail. However, for the consolidated election, absentee ballots for certain precincts may be delivered to applicants not less than 25 days before the election if so much time is required to have prepared and printed the ballots containing the names of persons nominated for offices.
at the consolidated primary. The election authority shall enclose with each absentee ballot or application written instructions on how voting assistance shall be provided pursuant to Section 17-14 and a document, written and approved by the State Board of Elections, enumerating the circumstances under which a person is authorized to vote by absentee ballot pursuant to this Article; such document shall also include a statement informing the applicant that if he or she falsifies or is solicited by another to falsify his or her eligibility to cast an absentee ballot, such applicant or other is subject to penalties pursuant to Section 29-10 and Section 29-20 of the Election Code. Each election authority shall maintain a list of the name, street address, ward and precinct, or township and district number, as the case may be, of all applicants who have returned absentee ballots to such authority, and the name of such absent voter shall be added to such list within one business day from receipt of such ballot. If the absentee ballot envelope indicates that the voter was assisted in casting the ballot, the name of the person so assisting shall be included on the list. The list, the pages of which are to be numbered consecutively, shall be kept by each election authority in a conspicuous, open, and public place accessible to the public at the entrance of the office of the election authority and in a manner that the list may be viewed without necessity of requesting permission for viewing.

Each election authority shall maintain a list for each election of the voters to whom it has issued absentee ballots. The list shall be maintained for each precinct within the jurisdiction of the election authority. Prior to the opening of the polls on election day, the election authority shall deliver to the judges of election in each precinct the list of registered voters in that precinct to whom absentee ballots have been issued by mail.

Each election authority shall maintain a list for each election of voters to whom it has issued temporarily absent student ballots. The list shall be maintained for each election jurisdiction within which such voters temporarily abide. Immediately after the close of the period during which application may be made by mail for absentee ballots, each election authority shall mail to each other election authority within the State a

certified list of all such voters temporarily abiding within the jurisdiction of the other election authority.

In the event that the return address of an application for ballot by a physically incapacitated elector is that of a facility licensed or certified under the Nursing Home Care Act, within the jurisdiction of the election authority, and the applicant is a registered voter in the precinct in which such facility is located, the ballots shall be prepared and transmitted to a responsible judge of election no later than 9 a.m. on the Saturday, Sunday or Monday immediately preceding the election as designated by the election authority under Section 19-12.2. Such judge shall deliver in person on the designated day the ballot to the applicant on the premises of the facility from which application was made. The election authority shall by mail notify the applicant in such facility that the ballot will be delivered by a judge of election on the designated day.

All applications for absentee ballots shall be available at the office of the election authority for public inspection upon request from the time of receipt thereof by the election authority until 30 days after the election, except during the time such applications are kept in the office of the election authority pursuant to Section 19-7, and except during the time such applications are in the possession of the judges of election.

Sec. 19-8. Time and place of counting ballots.

(a) (Blank.) Each absentee voter's ballot returned to an election authority, by any means authorized by this Article, and received by that election authority in time to be delivered to the polling place of the precinct where the elector resides and to be counted by the judges of election at that polling place shall be handled in accordance with this subsection. If an absentee voter's ballot is received prior to the delivery of the official ballots to the judges of election of the precinct where the elector resides, then the absentee voter's ballot envelope and application, sealed in the carrier envelope, shall be enclosed in the same package with the official ballots and delivered to the judges of that precinct. If the official ballots for that precinct have already been delivered to the judges

of election when the election authority receives the absent voter's ballot, then the authority shall immediately enclose the envelope containing the absent voter's ballot, together with the voter's application, in a larger or carrier envelope which shall be securely sealed and addressed on the face to the judges of election, giving the name or number of precinct, street and number of polling place, city or town in which the absent voter is a qualified elector, and the words "This envelope contains an absent voter's ballot and must be opened only on election day at the polls immediately after the polls are closed". The election authority shall mail the ballot, postage prepaid, to the judges of election, or if more convenient, the election authority may deliver the absent voter's ballot to the judges of election in person or by duly deputized agent, the authority to secure a receipt for delivery of the ballot or ballots. An absent voter's ballot delivered in error to the wrong precinct polling place shall be returned to the election authority and counted as provided in subsection (b).

(b) Each absent voter's ballot returned to an election authority, by any means authorized by this Article, and received by that election authority before the closing of the polls on election day but too late to be delivered to and counted at the proper precinct polling place shall be endorsed by the receiving election authority with the day and hour of receipt and shall be counted in the central ballot counting location office of the election authority on the day of the election after 7:00 p.m., except as provided in subsections (g) and (g-5).

(c) Each absent voter's ballot that is mailed to an election authority and postmarked by the midnight preceding the opening of the polls on election day, but that is received by the election authority after the polls close on election day and before the close of the period for counting provisional ballots cast at that election, shall be endorsed by the receiving authority with the day and hour of receipt and shall be counted at the central ballot counting location office of the election authority during the period for counting provisional ballots.

(d) Special write-in absentee voter's blank ballots returned to an election authority, by any means authorized by this Article, and received by the election authority at any time before the closing of the polls on
election day shall be endorsed by the receiving election authority with the day and hour of receipt and shall be counted at the central ballot counting location office of the election authority during the same period provided for counting absent voters' ballots under subsections subsection (b), (g), and (g-5). Special write-in absentee voter's blank ballots that are mailed to an election authority and postmarked by the midnight preceding the opening of the polls on election day, but that are received by the election authority after the polls close on election day and before the closing of the period for counting provisional ballots cast at that election, shall be endorsed by the receiving authority with the day and hour of receipt and shall be counted at the central ballot counting location office of the election authority during the same periods provided for counting absent voters' ballots under subsection (c).

(e) Except as otherwise provided in this Section, absent voters' ballots and special write-in absentee voter's blank ballots received by the election authority after the closing of the polls on an election day shall be endorsed by the election authority receiving them with the day and hour of receipt and shall be safely kept unopened by the election authority for the period of time required for the preservation of ballots used at the election, and shall then, without being opened, be destroyed in like manner as the used ballots of that election.

(f) Counting required under this Section to begin on election day after the closing of the polls shall commence no later than 8:00 p.m. and shall be conducted by a panel or panels of election judges appointed in the manner provided by law. The counting shall continue until all absent voters' ballots and special write-in absentee voter's blank ballots required to be counted on election day have been counted.

(g) The procedures set forth in Section 19.9 of this Act and Articles 17 and 18 of this Code shall apply to all ballots counted under this Section. In addition, within 2 days after an absentee ballot, other than an in-person absentee ballot, is received, but in all cases before the close of the period for counting provisional ballots, the election judge or official shall compare the voter's signature on the certification envelope of that absentee ballot with the signature of the voter on file in the office of the

New matter indicated by italics - deletions by strikeout
election authority. If the election judge or official determines that the 2 signatures match, and that the absentee voter is otherwise qualified to cast an absentee ballot, the election authority shall cast and count the ballot on election day or the day the ballot is determined to be valid, whichever is later, adding the results to the precinct in which the voter is registered. If the election judge or official determines that the signatures do not match, or that the absentee voter is not qualified to cast an absentee ballot, then without opening the certification envelope, the judge or official shall mark across the face of the certification envelope the word "Rejected" and shall not cast or count the ballot.

In addition to the voter’s signatures not matching, an absentee ballot may be rejected by the election judge or official:

(1) if the ballot envelope is open or has been opened and resealed;
(2) if the voter has already cast an early or grace period ballot;
(3) if the voter voted in person on election day or the voter is not a duly registered voter in the precinct; or
(4) on any other basis set forth in this Code.

If the election judge or official determines that any of these reasons apply, the judge or official shall mark across the face of the certification envelope the word "Rejected" and shall not cast or count the ballot. Including comparing the signature on the ballot envelope with the signature of the voter on the permanent voter registration record card taken from the master file; except that votes shall be recorded without regard to precinct designation, except for precinct offices.

(g-5) If an absentee ballot, other than an in-person absentee ballot, is rejected by the election judge or official for any reason, the election authority shall, within 2 days after the rejection but in all cases before the close of the period for counting provisional ballots, notify the absentee voter that his or her ballot was rejected. The notice shall inform the voter of the reason or reasons the ballot was rejected and shall state that the voter may appear before the election authority, on or before the 14th day after the election, to show cause as to why the ballot should not be
rejected. The voter may present evidence to the election authority supporting his or her contention that the ballot should be counted. The election authority shall appoint a panel of 3 election judges to review the contested ballot, application, and certification envelope, as well as any evidence submitted by the absentee voter. No more than 2 election judges on the reviewing panel shall be of the same political party. The reviewing panel of election judges shall make a final determination as to the validity of the contested absentee ballot. The judges' determination shall not be reviewable either administratively or judicially.

An absentee ballot subject to this subsection that is determined to be valid shall be counted before the close of the period for counting provisional ballots.

(g-10) All absentee ballots determined to be valid shall be added to the vote totals for the precincts for which they were cast in the order in which the ballots were opened.

(h) Each Where ballots are counted in the office of the election authority as provided in this Section, each political party, candidate, and qualified civic organization shall be entitled to have present one pollwatcher for each panel of election judges therein assigned.

Such voting shall be conducted during any continuous period sufficient to allow all applicants to cast their ballots between the hours of 9 a.m. and 7 p.m. either on the Friday, Saturday, Sunday or Monday immediately preceding the regular election. This absentee voting on one of said days designated by the election authority shall be supervised by two election judges who must be selected by the election authority in the following order of priority: (1) from the panel of judges appointed for the precinct in which such facility is located, or from

a panel of judges appointed for any other precinct within the jurisdiction of the election authority in the same ward or township, as the case may be, in which the facility is located or, only in the case where a judge or judges from the precinct, township or ward are unavailable to serve, (3) from a panel of judges appointed for any other precinct within the jurisdiction of the election authority. The two judges shall be from different political parties. Not less than 30 days before each regular election, the election authority shall have arranged with the chief administrative officer of each facility in his or its election jurisdiction a mutually convenient time period on the Friday, Saturday, Sunday or Monday immediately preceding the election for such voting on the premises of the facility and shall post in a prominent place in his or its office a notice of the agreed day and time period for conducting such voting at each facility; provided that the election authority shall not later than noon on the Thursday before the election also post the names and addresses of those facilities from which no applications were received and in which no supervised absentee voting will be conducted. All provisions of this Code applicable to pollwatchers shall be applicable herein. To the maximum extent feasible, voting booths or screens shall be provided to insure the privacy of the voter. Voting procedures shall be as described in Article 17 of this Code, except that ballots shall be treated as absentee ballots and shall not be counted until the close of the polls on the following day. After the last voter has concluded voting, the judges shall seal the ballots in an envelope and affix their signatures across the flap of the envelope. Immediately thereafter, the judges shall bring the sealed envelope to the office of the election authority who shall deliver such ballots to the election authority's central ballot counting location prior to the closing of the polls on the day of election. Provided, that the election authority may arrange for the judges who conduct such voting on the Monday before the election to deliver the sealed envelope directly to the proper precinct polling place on the day of election and shall announce such procedure in the 30 day notice heretofore prescribed. The judges of election shall also report to the election authority the name of any applicant in the facility who, due to unforeseen circumstance or condition or because of a religious

The election authority in all jurisdictions when voting machines are used shall, except as otherwise provided in this Code, provide a voting machine or voting machines for any or all of the election precincts or election districts, as the case may be, for which the election authority is by law charged with the duty of conducting an election or elections. A voting machine or machines sufficient in number to provide a machine for each 400 voters or fraction thereof shall be supplied for use at all elections. However, no such voting machine shall be used, purchased, or adopted, and no person or entity may have a written contract, including a contract contingent upon certification of the voting machines, to sell, lease, or loan voting machines to an election authority, until the board of voting machine commissioners hereinafter provided for, or a majority thereof, shall have made and filed a report certifying that they have examined such machine; that it affords each elector an opportunity to vote in absolute secrecy; that it enables each elector to vote a ticket selected in part from the nominees of one party, and in part from the nominees of any or all other parties, and in part from independent nominees printed in the columns of candidates for public office, and in part of persons not in nomination by any party or upon any independent ticket; that it enables each elector to vote a written or printed ballot of his own selection, for any

person for any office for whom he may desire to vote; that it enables each elector to vote for all candidates for whom he is entitled to vote, and prevents him from voting for any candidate for any office more than once, unless he is lawfully entitled to cast more than one vote for one candidate, and in that event permits him to cast only as many votes for that candidate as he is by law entitled, and no more; that it prevents the elector from voting for more than one person for the same office, unless he is lawfully entitled to vote for more than one person therefor, and in that event permits him to vote for as many persons for that office as he is by law entitled, and no more; and that such machine will register correctly by means of exact counters every vote cast for the regular tickets thereon; and has the capacity to contain the tickets of at least 5 political parties with the names of all the candidates thereon, together with all propositions in the form provided by law, where such form is prescribed, and where no such provision is made for the form thereof, then in brief form, not to exceed 75 words; that all votes cast on the machine on a regular ballot or ballots shall be registered; that voters may, by means of irregular ballots or otherwise vote for any person for any office, although such person may not have been nominated by any party and his name may not appear on such machine; that when a vote is cast for any person for any such office, when his name does not appear on the machine, the elector cannot vote for any other name on the machine for the same office; that each elector can, understandingly and within the period of 4 minutes cast his vote for all candidates of his choice; that the machine is so constructed that the candidates for presidential electors of any party can be voted for only by voting for the ballot label containing a bracket within which are the names of the candidates for President and Vice-President of the party or group; that the machine is provided with a lock or locks by the use of which any movement of the voting or registering mechanism is absolutely prevented so that it cannot be tampered with or manipulated for any purpose; that the machine is susceptible of being closed during the progress of the voting so that no person can see or know the number of votes registered for any candidate; that each elector is permitted to vote for or against any question, proposition or amendment upon which he is entitled to vote, and is

prevented from voting for or against any question, proposition or amendment upon which he is not entitled to vote; that the machine is capable of adjustment by the election authority, so as to permit the elector, at a party primary election, to vote only for the candidates seeking nomination by the political party in which primary he is entitled to vote: Provided, also that no such machine or machines shall be purchased, unless the party or parties making the sale shall guarantee in writing to keep the machine or machines in good working order for 5 years without additional cost and shall give a sufficient bond conditioned to that effect.

Sec. 24A-9. Prior to the public test, the election authority shall conduct an errorless pre-test of the automatic tabulating equipment and program to ascertain that they will correctly count the votes cast for all offices and all measures. On any day not less than 5 days prior to the election day, the election authority shall publicly test the automatic tabulating equipment and program to ascertain that they will correctly count the votes cast for all offices and on all measures. Public notice of the time and place of the test shall be given at least 48 hours prior thereto by publication once in one or more newspapers published within the election jurisdiction of the election authority if a newspaper is published therein, otherwise in a newspaper of general circulation therein. Timely written notice stating the date, time and location of the public test shall also be provided to the State Board of Elections. The test shall be open to representatives of the political parties, the press, representatives of the State Board of Elections, and the public. The test shall be conducted by processing a preaudited group of ballots so punched or marked as to record a predetermined number of valid votes for each candidate and on each measure, and shall include for each office one or more ballots which have votes in excess of the number allowed by law in order to test the ability of the automatic tabulating equipment to reject such votes. Such test shall also include the use of precinct header cards and may include the production of an edit listing. In those election jurisdictions where in-precinct counting equipment is utilized, a public test of both such
equipment and program shall be conducted as nearly as possible in the manner prescribed above. The State Board of Elections may select as many election jurisdictions as the Board deems advisable in the interests of the election process of this State in which to order a special test of the automatic tabulating equipment and program prior to any regular election. The Board may order a special test in any election jurisdiction where, during the preceding twelve months, computer programming errors or other errors in the use of electronic voting systems resulted in vote tabulation errors. Not less than 30 days prior to any election, the State Board of Elections shall provide written notice to those selected jurisdictions of their intent to conduct a test. Within 5 days of receipt of the State Board of Elections' written notice of intent to conduct a test, the selected jurisdictions shall forward to the principal office of the State Board of Elections a copy of all specimen ballots. The State Board of Elections' tests shall be conducted and completed not less than 2 days prior to the public test utilizing testing materials supplied by the Board and under the supervision of the Board. The vendor, person, or other private entity shall be solely responsible for the production and cost of: all ballots; additional temporary workers; and other equipment or facilities needed and used in the testing of the vendor's, person's, or other private entity's respective equipment and software. and the Board shall reimburse the election authority for the reasonable cost of computer time required to conduct the special test. After an errorless test, materials used in the public test, including the program, if appropriate, shall be sealed and remain so until the test is run again on election day. If any error is detected, the cause therefor shall be ascertained and corrected and an errorless public test shall be made before the automatic tabulating equipment is approved. Each election authority shall file a sealed copy of each tested program to be used within its jurisdiction at an election with the State Board of Elections prior to the election. The Board shall secure the program or programs of each election jurisdiction so filed in its office until the next election of the same type (general primary, general election, consolidated primary, or consolidated election) for which the program or programs were filed for the 60 days following the canvass and proclamation of election results.

New matter indicated by italics - deletions by strikeout
Upon the expiration of that time, if no election contest or appeal therefrom is pending in an election jurisdiction, the Board shall destroy return the sealed program or programs to the election authority of the jurisdiction. Except where in-precinct counting equipment is utilized, the test shall be repeated immediately before the start of the official count of the ballots, in the same manner as set forth above. After the completion of the count, the test shall be re-run using the same program. An election jurisdiction that was employing, as of January 1, 1983, an electronic voting system that, because of its design, is not technically capable of compliance with such a post-tabulation testing requirement shall satisfy the post-tabulation testing requirement by conducting the post-tabulation test on a duplicate program until such electronic voting system is replaced or until November 1, 1992, whichever is earlier. Immediately thereafter the ballots, all material employed in testing the program and the program shall be sealed and retained under the custody of the election authority for a period of 60 days. At the expiration of that time the election authority shall destroy the voted ballot cards, together with all unused ballots returned from the precincts. Provided, if any contest of election is pending at such time in which such ballots may be required as evidence and such election authority has notice thereof, the same shall not be destroyed until after such contest is finally determined. If the use of back-up equipment becomes necessary, the same testing required for the original equipment shall be conducted.

(10 ILCS 5/24A-10) (from Ch. 46, par. 24A-10)

Sec. 24A-10. (1) In an election jurisdiction which has adopted an electronic voting system, the election official in charge of the election shall select one of the 3 following procedures for receiving, counting, tallying, and return of the ballots:

(a) Two ballot boxes shall be provided for each polling place. The first ballot box is for the depositing of votes cast on the electronic voting system; and the second ballot box is for all votes cast on paper ballots, including absentee paper and early paper ballots and any other paper ballots required to be voted other than on the electronic voting system. Ballots, except absentee and early ballots for candidates and propositions

New matter indicated by italics - deletions by strikeout
which are listed on the electronic voting system, deposited in the second ballot box shall be counted, tallied, and returned as is elsewhere provided in "The Election Code," as amended, for the counting and handling of paper ballots. Immediately after the closing of the polls the absentee and early ballots delivered to the precinct judges of election by the election official in charge of the election shall be examined to determine that such ballots comply with Sections 19-9, 19A-55, and 20-9 of "The Election Code," as amended, and are entitled to be deposited in the ballot box provided therefor; those entitled to be deposited in this ballot box shall be initialed by the precinct judges of election and deposited therein. Those not entitled to be deposited in this ballot box shall be marked "Rejected" and disposed of as provided in Sections 19-9, 19A-55, and 20-9. The precinct judges of election shall then open the second ballot box and examine all paper absentee and early ballots which are in the ballot box to determine whether the absentee and early ballots bear the initials of a precinct judge of election. If any absentee or early ballot is not so initialed, it shall be marked on the back "Defective," initialed as to such label by all judges immediately under such word "Defective," and not counted, but placed in the envelope provided for that purpose labeled "Defective Ballots Envelope." The judges of election, consisting in each case of at least one judge of election of each of the two major political parties, shall examine the paper absentee and early ballots which were in such ballot box and properly initialed so as to determine whether the same contain write-in votes. Write-in votes, not causing an overvote for an office otherwise voted for on the paper absentee or early ballot, and otherwise properly voted, shall be counted, tallied and recorded on the tally sheet provided for such record. A write-in vote causing an overvote for an office shall not be counted for that office, but the precinct judges shall mark such paper or early absentee ballot "Objected To" on the back thereof and write on its back the manner in which such ballot is counted and initial the same. An overvote for one office shall invalidate only the vote or count of that particular office. After counting, tallying and recording the write-in votes on absentee and early ballots, the judges of election, consisting in each case of at least one judge of election of each of the two major political
parties, shall make a true duplicate ballot of the remaining valid votes on each paper absentee or early ballot which was in the ballot box and properly initialed, by using the electronic voting system used in the precinct and one of the marking devices of the precinct so as to transfer the remaining valid votes of the voter on the paper absentee ballot to an official ballot or a ballot card of that kind used in the precinct at that election. The original paper absentee or early ballot shall be clearly labeled “Absentee Ballot” or “Early Ballot”, as the case may be, and the ballot card so produced “Duplicate Absentee Ballot” or “Duplicate Early Ballot”, as the case may be, and each shall bear the same serial number which shall be placed thereon by the judges of election, commencing with number 1 and continuing consecutively for the ballots of that kind in that precinct. The judges of election shall initial the “Duplicate Absentee Ballot” and “Duplicate Early Ballot” ballots or ballot cards and shall place them in the first ballot box provided for return of the ballots to be counted at the central counting location in lieu of the paper absentee and early ballots. The paper absentee and early ballots shall be placed in an envelope provided for that purpose labeled “Duplicate Ballots.”

As soon as the absentee and early ballots have been deposited in the first ballot box, the judges of election shall make out a slip indicating the number of persons who voted in the precinct at the election. Such slip shall be signed by all the judges of election and shall be inserted by them in the first ballot box. The judges of election shall thereupon immediately lock each the first ballot box; provided, that if such box is not of a type which may be securely locked, such box shall be sealed with filament tape provided for such purpose which shall be wrapped around the box lengthwise and crosswise, at least twice each way, and in such manner that the seal completely covers the slot in the ballot box, and each of the judges shall sign such seal. Thereupon two of the judges of election, of different political parties, shall forthwith and by the most direct route transport both ballot boxes to the counting location designated by the county clerk or board of election commissioners.

Before the ballots of a precinct are fed to the electronic tabulating equipment, the first ballot box shall be opened at the central counting

station by the two precinct transport judges. Upon opening a ballot box, such team shall first count the number of ballots in the box. If 2 or more are folded together so as to appear to have been cast by the same person, all of the ballots so folded together shall be marked and returned with the other ballots in the same condition, as near as may be, in which they were found when first opened, but shall not be counted. If the remaining ballots are found to exceed the number of persons voting in the precinct as shown by the slip signed by the judges of election, the ballots shall be replaced in the box, and the box closed and well shaken and again opened and one of the precinct transport judges shall publicly draw out so many ballots unopened as are equal to such excess.

Such excess ballots shall be marked "Excess-Not Counted" and signed by the two precinct transport judges and shall be placed in the "After 7:00 p.m. Defective Ballots Envelope". The number of excess ballots shall be noted in the remarks section of the Certificate of Results. "Excess" ballots shall not be counted in the total of "defective" ballots.

The precinct transport judges shall then examine the remaining ballots for write-in votes and shall count and tabulate the write-in vote; or

(b) A single ballot box, for the deposit of all votes cast, shall be used. All ballots which are not to be tabulated on the electronic voting system shall be counted, tallied, and returned as elsewhere provided in "The Election Code," as amended, for the counting and handling of paper ballots.

All ballots to be processed and tabulated with the electronic voting system shall be processed as follows:

Immediately after the closing of the polls, the absentee and early ballots delivered to the precinct judges of election by the election official in charge of the election shall be examined to determine that such ballots comply with Sections 19-9, 19A-55, and 20-9 of "The Election Code," as amended, and are entitled to be deposited in the ballot box; those entitled to be deposited in the ballot box shall be initialed by the precinct judges of election and deposited in the ballot box. Those not entitled to be deposited in the ballot box shall be marked "Rejected" and disposed of as provided in said Sections 19-9, 19A-55, and 20-9. The precinct judges of election

then shall open the ballot box and canvass the votes polled to determine that the number of ballots therein agree with the number of voters voting as shown by the applications for ballot or if the same do not agree the judges of election shall make such ballots agree with the applications for ballot in the manner provided by Section 17-18 of "The Election Code." The judges of election shall then examine all paper absentee and early ballots, ballot cards and ballot card envelopes which are in the ballot box to determine whether the paper ballots, ballot cards and ballot card envelopes bear the initials of a precinct judge of election. If any paper ballot, ballot card or ballot card envelope is not initialed, it shall be marked on the back "Defective," initialed as to such label by all judges immediately under such word "Defective," and not counted, but placed in the envelope provided for that purpose labeled "Defective Ballots Envelope." The judges of election, consisting in each case of at least one judge of election of each of the two major political parties, shall examine the paper absentee and early ballots which were in the ballot box and properly initialed so as to determine whether the same contain write-in votes. Write-in votes, not causing an overvote for an office otherwise voted for on the paper absentee or early ballot, and otherwise properly voted, shall be counted, tallied and recorded on the tally sheet provided for such record. A write-in vote causing an overvote for an office shall not be counted for that office, but the precinct judges shall mark such paper absentee or early ballot "Objected To" on the back thereof and write on its back the manner in which such ballot is counted and initial the same. An overvote for one office shall invalidate only the vote or count of that particular office. After counting, tallying and recording the write-in votes on absentee and early ballots, the judges of election, consisting in each case of at least one judge of election of each of the two major political parties, shall make a true duplicate ballot of the remaining valid votes on each paper absentee and early ballot which was in the ballot box and properly initialed, by using the electronic voting system used in the precinct and one of the marking devices of the precinct so as to transfer the remaining valid votes of the voter on the paper absentee or early ballot to an official ballot or a ballot card of that kind used in the precinct at that
election. The original paper absentee ballot shall be clearly labeled "Absentee Ballot" or "Early Ballot", as the case may be, and the ballot card so produced "Duplicate Absentee Ballot" or "Duplicate Early Ballot", as the case may be, and each shall bear the same serial number which shall be placed thereon by the judges of election, commencing with number 1 and continuing consecutively for the ballots of that kind in that precinct. The judges of election shall initial the "Duplicate Absentee Ballot" and "Duplicate Early Ballot" ballots or ballot cards, and shall place them in the box for return of the ballots with all other ballots or ballot cards to be counted at the central counting location in lieu of the paper absentee and early ballots. The paper absentee and early ballots shall be placed in an envelope provided for that purpose labeled "Duplicate Ballots."

When an electronic voting system is used which utilizes a ballot card, before separating the remaining ballot cards from their respective covering envelopes, the judges of election shall examine the ballot card envelopes for write-in votes. When the voter has voted a write-in vote, the judges of election shall compare the write-in vote with the votes on the ballot card to determine whether such write-in results in an overvote for any office. In case of an overvote for any office, the judges of election, consisting in each case of at least one judge of election of each of the two major political parties, shall make a true duplicate ballot of all votes on such ballot card except for the office which is overvoted, by using the ballot label booklet of the precinct and one of the marking devices of the precinct so as to transfer all votes of the voter except for the office overvoted, to an official ballot card of that kind used in the precinct at that election. The original ballot card and envelope upon which there is an overvote shall be clearly labeled "Overvoted Ballot", and each shall bear the same serial number which shall be placed thereon by the judges of election, commencing with number 1 and continuing consecutively for the ballots of that kind in that precinct. The judges of election shall initial the "Duplicate Overvoted Ballot" ballot cards and shall place them in the box for return of the ballots. The "Overvoted Ballot" ballots and their envelopes shall be placed in the "Duplicate Ballots" envelope. Envelopes bearing write-in votes marked in the place designated therefor and bearing
the initials of a precinct judge of election and not resulting in an overvote and otherwise complying with the election laws as to marking shall be counted, tallied, and their votes recorded on a tally sheet provided by the election official in charge of the election. The ballot cards and ballot card envelopes shall be separated and all except any defective or overvoted shall be placed separately in the box for return of the ballots. along with all "Duplicate Absentee Ballots", "Duplicate Early Ballots", and "Duplicate Overvoted Ballots." The judges of election shall examine the ballots and ballot cards to determine if any is damaged or defective so that it cannot be counted by the automatic tabulating equipment. If any ballot or ballot card is damaged or defective so that it cannot properly be counted by the automatic tabulating equipment, the judges of election, consisting in each case of at least one judge of election of each of the two major political parties, shall make a true duplicate ballot of all votes on such ballot card by using the ballot label booklet of the precinct and one of the marking devices of the precinct. The original ballot or ballot card and envelope shall be clearly labeled "Damaged Ballot" and the ballot or ballot card so produced "Duplicate Damaged Ballot," and each shall bear the same number which shall be placed thereon by the judges of election, commencing with number 1 and continuing consecutively for the ballots of that kind in the precinct. The judges of election shall initial the "Duplicate Damaged Ballot" ballot or ballot cards, and shall place them in the box for return of the ballots. The "Damaged Ballot" ballots or ballot cards and their envelopes shall be placed in the "Duplicated Ballots" envelope. A slip indicating the number of voters voting in person, number of absentee votes deposited in the ballot box, and the total number of voters of the precinct who voted at the election shall be made out, signed by all judges of election, and inserted in the box for return of the ballots. The tally sheets recording the write-in votes shall be placed in this box. The judges of election thereupon immediately shall securely lock the ballot box or other suitable box furnished for return of the ballots by the election official in charge of the election; provided that if such box is not of a type which may be securely locked, such box shall be sealed with filament tape provided for such purpose which shall be wrapped around the box.

lengthwise and crosswise, at least twice each way. A separate adhesive seal label signed by each of the judges of election of the precinct shall be affixed to the box so as to cover any slot therein and to identify the box of the precinct; and if such box is sealed with filament tape as provided herein rather than locked, such tape shall be wrapped around the box as provided herein, but in such manner that the separate adhesive seal label affixed to the box and signed by the judges may not be removed without breaking the filament tape and disturbing the signature of the judges. Thereupon, 2 of the judges of election, of different major political parties, forthwith shall by the most direct route transport the box for return of the ballots and enclosed ballots and returns to the central counting location designated by the election official in charge of the election. If, however, because of the lack of adequate parking facilities at the central counting location or for any other reason, it is impossible or impracticable for the boxes from all the polling places to be delivered directly to the central counting location, the election official in charge of the election may designate some other location to which the boxes shall be delivered by the 2 precinct judges. While at such other location the boxes shall be in the care and custody of one or more teams, each consisting of 4 persons, 2 from each of the two major political parties, designated for such purpose by the election official in charge of elections from recommendations by the appropriate political party organizations. As soon as possible, the boxes shall be transported from such other location to the central counting location by one or more teams, each consisting of 4 persons, 2 from each of the 2 major political parties, designated for such purpose by the election official in charge of elections from recommendations by the appropriate political party organizations.

The "Defective Ballots" envelope, and "Duplicated Ballots" envelope each shall be securely sealed and the flap or end thereof of each signed by the precinct judges of election and returned to the central counting location with the box for return of the ballots, enclosed ballots and returns.

At the central counting location, a team of tally judges designated by the election official in charge of the election shall check the box

returned containing the ballots to determine that all seals are intact, and thereupon shall open the box, check the voters' slip and compare the number of ballots so delivered against the total number of voters of the precinct who voted, remove the ballots or ballot cards and deliver them to the technicians operating the automatic tabulating equipment. Any discrepancies between the number of ballots and total number of voters shall be noted on a sheet furnished for that purpose and signed by the tally judges; or

(c) A single ballot box, for the deposit of all votes cast, shall be used. Immediately after the closing of the polls the judges of election shall examine the absentee and early ballots received by the precinct judges of election from the election authority of voters in that precinct to determine that they comply with the provisions of Sections 19-9, 19A-55, 20-8, and 20-9 of the Election Code, as amended, and are entitled to be deposited in the ballot box; those entitled to be deposited in the ballot box shall be initialed by the precinct judges and deposited in the ballot box. Those not entitled to be deposited in the ballot box, in accordance with Sections 19-9, 19A-55, 20-8, and 20-9 of the Election Code, as amended, shall be marked "Rejected" and preserved in the manner provided in The Election Code for the retention and preservation of official ballots rejected at such election. Immediately upon the completion of the absentee and early balloting, the precinct judges of election shall securely lock the ballot box; provided that if such box is not of a type which may be securely locked, such box shall be sealed with filament tape provided for such purpose which shall be wrapped around the box lengthwise and crosswise, at least twice each way. A separate adhesive seal label signed by each of the judges of election of the precinct shall be affixed to the box so as to cover any slot therein and to identify the box of the precinct; and if such box is sealed with filament tape as provided herein rather than locked, such tape shall be wrapped around the box as provided herein, but in such manner that the separate adhesive seal label affixed to the box and signed by the judges may not be removed without breaking the filament tape and disturbing the signature of the judges. Thereupon, 2 of the judges of election, of different major political parties, shall forthwith by the most
direct route transport the box for return of the ballots and enclosed absentee and early ballots and returns to the central counting location designated by the election official in charge of the election. If however, because of the lack of adequate parking facilities at the central counting location or for some other reason, it is impossible or impracticable for the boxes from all the polling places to be delivered directly to the central counting location, the election official in charge of the election may designate some other location to which the boxes shall be delivered by the 2 precinct judges. While at such other location the boxes shall be in the care and custody of one or more teams, each consisting of 4 persons, 2 from each of the two major political parties, designated for such purpose by the election official in charge of elections from recommendations by the appropriate political party organizations. As soon as possible, the boxes shall be transported from such other location to the central counting location by one or more teams, each consisting of 4 persons, 2 from each of the 2 major political parties, designated for such purpose by the election official in charge of the election from recommendations by the appropriate political party organizations.

At the central counting location there shall be one or more teams of tally judges who possess the same qualifications as tally judges in election jurisdictions using paper ballots. The number of such teams shall be determined by the election authority. Each team shall consist of 5 tally judges, 3 selected and approved by the county board from a certified list furnished by the chairman of the county central committee of the party with the majority of members on the county board and 2 selected and approved by the county board from a certified list furnished by the chairman of the county central committee of the party with the second largest number of members on the county board. At the central counting location a team of tally judges shall open the ballot box and canvass the votes polled to determine that the number of ballot sheets therein agree with the number of voters voting as shown by the applications for ballot and for absentee and early ballot; and, if the same do not agree, the tally judges shall make such ballots agree with the number of applications for ballot in the manner provided by Section 17-18 of the Election Code. The

tally judges shall then examine all ballot sheets which are in the ballot box to determine whether they bear the initials of the precinct judge of election. If any ballot is not initialed, it shall be marked on the back "Defective", initialed as to such label by all tally judges immediately under such word "Defective", and not counted, but placed in the envelope provided for that purpose labeled "Defective Ballots Envelope". Write-in votes, not causing an overvote for an office otherwise voted for on the absentee and early ballot sheet, and otherwise properly voted, shall be counted, tallied and recorded by the central counting location judges on the tally sheet provided for such record. A write-in vote causing an overvote for an office shall not be counted for that office, but the tally judges shall mark such absentee ballot sheet "Objected To" on the back thereof and write on its back the manner in which such ballot is counted and initial the same: An overvote for one office shall invalidate only the vote or count of that particular office.

At the central counting location, a team of tally judges designated by the election official in charge of the election shall deliver the ballot sheets to the technicians operating the automatic tabulating equipment. Any discrepancies between the number of ballots and total number of voters shall be noted on a sheet furnished for that purpose and signed by the tally judges.

(2) Regardless of which procedure described in subsection (1) of this Section is used, the judges of election designated to transport the ballots, properly signed and sealed as provided herein, shall ensure that the ballots are delivered to the central counting station no later than 12 hours after the polls close. At the central counting station a team of tally judges designated by the election official in charge of the election shall examine the ballots so transported and shall not accept ballots for tabulating which are not signed and sealed as provided in subsection (1) of this Section until the judges transporting the same make and sign the necessary corrections. Upon acceptance of the ballots by a team of tally judges at the central counting station, the election judges transporting the same shall take a receipt signed by the election official in charge of the election and stamped with the date and time of acceptance. The election judges whose duty it is

to transport any ballots shall, in the event such ballots cannot be found when needed, on proper request, produce the receipt which they are to take as above provided.

(10 ILCS 5/24A-10.1) (from Ch. 46, par. 24A-10.1)

Sec. 24A-10.1. In an election jurisdiction where in-precinct counting equipment is utilized, the following procedures for counting and tallying the ballots shall apply:

Immediately after the closing of the polls, the absentee and early ballots delivered to the precinct judges of election by the election authority shall be examined to determine that such ballots comply with Sections 19-9 and 20-9 of this Act and are entitled to be deposited in the ballot box; those entitled to be deposited in the ballot box shall be initialed by the precinct judges of election and deposited in the ballot box. Those not entitled to be deposited in the ballot box shall be marked "Rejected" and disposed of as provided in said Sections 19-9, 19A-55, and 20-9.

The precinct judges of election shall open the ballot box and count the number of ballots therein to determine if such number agrees with the number of voters voting as shown by the applications for ballot or, if the same do not agree, the judges of election shall make such ballots agree with the applications for ballot in the manner provided by Section 17-18 of this Act. The judges of election shall then examine all ballot cards and ballot card envelopes which are in the ballot box to determine whether the ballot cards and ballot card envelopes contain the initials of a precinct judge of election. If any ballot card or ballot card envelope is not initialed, it shall be marked on the back "Defective", initialed as to such label by all judges immediately under the word "Defective" and not counted. The judges of election shall place an initialed blank official ballot card in the place of the defective ballot card, so that the count of the ballot cards to be counted on the automatic tabulating equipment will be the same, and each "Defective Ballot" card and "Replacement" card shall contain the same serial number which shall be placed thereon by the judges of election, commencing with number 1 and continuing consecutively for the ballots

of that kind in that precinct. The original "Defective" card shall be placed in the "Defective Ballot Envelope" provided for that purpose.

When an electronic voting system is used which utilizes a ballot card, before separating the remaining ballot cards from their respective covering envelopes, the judges of election shall examine the ballot card envelopes for write-in votes. When the voter has cast a write-in vote, the judges of election shall compare the write-in vote with the votes on the ballot card to determine whether such write-in results in an overvote for any office. In case of an overvote for any office, the judges of election, consisting in each case of at least one judge of election of each of the 2 major political parties, shall make a true duplicate ballot of all votes on such ballot card except for the office which is overvoted, by using the ballot label booklet of the precinct and one of the marking devices of the precinct so as to transfer all votes of the voter, except for the office overvoted, to a duplicate card. The original ballot card and envelope upon which there is an overvote shall be clearly labeled "Overvoted Ballot", and each such "Overvoted Ballot" as well as its "Replacement" shall contain the same serial number which shall be placed thereon by the judges of election, commencing with number 1 and continuing consecutively for the ballots of that kind in that precinct. The "Overvoted Ballot" card and ballot envelope shall be placed in an envelope provided for that purpose labeled "Duplicate Ballot" envelope, and the judges of election shall initial the "Replacement" ballot cards and shall place them with the other ballot cards to be counted on the automatic tabulating equipment. Envelopes containing write-in votes marked in the place designated therefor and containing the initials of a precinct judge of election and not resulting in an overvote and otherwise complying with the election laws as to marking shall be counted and tallied and their votes recorded on a tally sheet provided by the election authority.

The ballot cards and ballot card envelopes shall be separated in preparation for counting by the automatic tabulating equipment provided for that purpose by the election authority.

Before the ballots are entered into the automatic tabulating equipment, a precinct identification card provided by the election authority

shall be entered into the device to ensure that the totals are all zeroes in the count column on the printing unit. A precinct judge of election shall then count the ballots by entering each ballot card into the automatic tabulating equipment, and if any ballot or ballot card is damaged or defective so that it cannot properly be counted by the automatic tabulating equipment, the judges of election, consisting in each case of at least one judge of election of each of the 2 major political parties, shall make a true duplicate ballot of all votes on such ballot card by using the ballot label booklet of the precinct and one of the marking devices of the precinct. The original ballot or ballot card and envelope shall be clearly labeled "Damaged Ballot" and the ballot or ballot card so produced shall be clearly labeled "Duplicate Damaged Ballot", and each shall contain the same serial number which shall be placed thereon by the judges of election, commencing with number 1 and continuing consecutively for the ballots of that kind in the precinct. The judges of election shall initial the "Duplicate Damaged Ballot" ballot or ballot cards and shall enter the duplicate damaged cards into the automatic tabulating equipment. The "Damaged Ballot" cards shall be placed in the "Duplicated Ballots" envelope; after all ballot cards have been successfully read, the judges of election shall check to make certain that the last number printed by the printing unit is the same as the number of voters making application for ballot in that precinct. The number shall be listed on the "Statement of Ballots" form provided by the election authority.

The totals for all candidates and propositions shall be tabulated; 4 sets shall be attached to the 4 sets of "Certificate of Results" provided by the election authority; one set shall be posted in a conspicuous place inside the polling place; and every effort shall be made by the judges of election to provide a set for each authorized pollwatcher or other official authorized to be present in the polling place to observe the counting of ballots; but in no case shall the number of sets to be made available to pollwatchers be fewer than 4, chosen by lot by the judges of election. In addition, sufficient time shall be provided by the judges of election to the pollwatchers to allow them to copy information from the set which has been posted.

The judges of election shall count all unused ballot cards and enter the number on the "Statement of Ballots". All "Spoiled", "Defective" and "Duplicated" ballot cards shall be counted and the number entered on the "Statement of Ballots".

The precinct judges of election shall select a bi-partisan team of 2 judges, who shall immediately return the ballots in a sealed container, along with all other election materials as instructed by the election authority; provided, however, that such container must first be sealed by the election judges with filament tape provided for such purpose which shall be wrapped around the container lengthwise and crosswise, at least twice each way, in such manner that the ballots cannot be removed from such container without breaking the seal and filament tape and disturbing any signatures affixed by the election judges to the container. The election authority shall keep the office of the election authority, or any receiving stations designated by such authority, open for at least 12 consecutive hours after the polls close or until the ballots from all precincts with in-precinct counting equipment within the jurisdiction of the election authority have been returned to the election authority. Ballots returned to the office of the election authority which are not signed and sealed as required by law shall not be accepted by the election authority until the judges returning the same make and sign the necessary corrections. Upon acceptance of the ballots by the election authority, the judges returning the same shall take a receipt signed by the election authority and stamped with the time and date of such return. The election judges whose duty it is to return any ballots as herein provided shall, in the event such ballots cannot be found when needed, on proper request, produce the receipt which they are to take as above provided.

Sec. 24A-15. The precinct return printed by the automatic tabulating equipment shall include the number of ballots cast and votes cast for each candidate and proposition and shall constitute the official return of each precinct. In addition to the precinct return, the election authority shall provide the number of applications for ballots in each

precinct, the write-in votes, the total number of ballots counted in each precinct for each political subdivision and district and the number of registered voters in each precinct. However, the election authority shall check the totals shown by the precinct return and, if there is an obvious discrepancy with respect to the total number of votes cast in any precinct, shall have the ballots for such precinct retabulated to correct the return. The procedures for retabulation shall apply prior to and after the proclamation is completed; however, after the proclamation of results, the election authority must obtain a court order to unseal voted ballots except for election contests and discovery recounts. In those election jurisdictions that utilize in-precinct counting equipment, the certificate of results, which has been prepared by the judges of election in the polling place after the ballots have been tabulated, shall be the document used for the canvass of votes for such precinct. Whenever a discrepancy exists during the canvass of votes between the unofficial results and the certificate of results, or whenever a discrepancy exists during the canvass of votes between the certificate of results and the set of totals which has been affixed to such certificate of results, the ballots for such precinct shall be retabulated to correct the return. As an additional part of this check prior to the proclamation, in those jurisdictions where in-precinct counting equipment is utilized, the election authority shall retabulate the total number of votes cast in 5% of the precincts within the election jurisdiction. The precincts to be retabulated shall be selected after election day on a random basis by the election authority, so that every precinct in the election jurisdiction has an equal mathematical chance of being selected. The State Board of Elections shall design a standard and scientific random method of selecting the precincts which are to be retabulated, and the election authority shall be required to utilize such method. The State central committee, State Board of Elections, the State's Attorney and other appropriate law enforcement agencies, the county chairman of each established political party and qualified civic organizations shall be given prior written notice of the time and place of such random selection procedure and may be represented at such procedure. Such retabulation shall consist of counting the ballot cards which were originally counted
and shall not involve any determination as to which ballot cards were, in fact, properly counted. The ballots from the precincts selected for such retabulation shall remain at all times under the custody and control of the election authority and shall be transported and retabulated by the designated staff of the election authority.

As part of such retabulation, the election authority shall test the computer program in the selected precincts. Such test shall be conducted by processing a preaudited group of ballots so punched so as to record a predetermined number of valid votes for each candidate and on each public question, and shall include for each office one or more ballots which have votes in excess of the number allowed by law in order to test the ability of the equipment to reject such votes. If any error is detected, the cause therefor shall be ascertained and corrected and an errorless count shall be made prior to the official canvass and proclamation of election results.

The State Board of Elections, the State's Attorney and other appropriate law enforcement agencies, the county chairman of each established political party and qualified civic organizations shall be given prior written notice of the time and place of such retabulation and may be represented at such retabulation.

The results of this retabulation shall be treated in the same manner and have the same effect as the results of the discovery procedures set forth in Section 22-9.1 of this Act. Upon completion of the retabulation, the election authority shall print a comparison of the results of the retabulation with the original precinct return printed by the automatic tabulating equipment. Such comparison shall be done for each precinct and for each office voted upon within that precinct, and the comparisons shall be open to the public.

(3) It enables a voter to vote a ticket selected in part from the nominees of one party, and in part from the nominees of any or all parties, and in part from independent candidates and in part of candidates whose names are written in by the voter;
(4) It enables a voter to vote a written or printed ticket of his own selection for any person for any office for whom he may desire to vote;
(5) It will reject all votes for an office or upon a proposition when the voter has cast more votes for such office or upon such proposition than he is entitled to cast;
(6) It will accommodate all propositions to be submitted to the voters in the form provided by law or, where no such form is provided, then in brief form, not to exceed 75 words.

The State Board of Elections shall not approve any voting equipment or system that includes an external Infrared Data Association (IrDA) communications port.

The State Board of Elections is authorized to withdraw its approval of a voting system if the system fails to fulfill the above requirements.

Sec. 24B-9. Testing of Precinct Tabulation Optical Scan Technology Equipment and Program; Custody of Programs, Test Materials
and Ballots. Prior to the public test, the election authority shall conduct an errorless pre-test of the automatic Precinct Tabulation Optical Scan Technology tabulating equipment and program and marking device to determine that they will correctly detect Voting Defects and count the votes cast for all offices and all measures. On any day not less than 5 days prior to the election day, the election authority shall publicly test the automatic Precinct Tabulation Optical Scan Technology tabulating equipment and program to determine that they will correctly detect Voting Defects and count the votes cast for all offices and on all measures. Public notice of the time and place of the test shall be given at least 48 hours before the test by publishing the notice in one or more newspapers within the election jurisdiction of the election authority, if a newspaper is published in that jurisdiction. If a newspaper is not published in that jurisdiction, notice shall be published in a newspaper of general circulation in that jurisdiction. Timely written notice stating the date, time, and location of the public test shall also be provided to the State Board of Elections. The test shall be open to representatives of the political parties, the press, representatives of the State Board of Elections, and the public. The test shall be conducted by processing a preaudited group of ballots marked to record a predetermined number of valid votes for each candidate and on each measure, and shall include for each office one or more ballots having votes exceeding the number allowed by law to test the ability of the automatic tabulating equipment or marking device to reject the votes. The test shall also include producing an edit listing. In those election jurisdictions where in-precinct counting equipment is used, a public test of both the equipment and program shall be conducted as nearly as possible in the manner prescribed above. The State Board of Elections may select as many election jurisdictions as the Board deems advisable in the interests of the election process of this State, to order a special test of the automatic tabulating equipment and program before any regular election. The Board may order a special test in any election jurisdiction where, during the preceding 12 months, computer programming errors or other errors in the use of electronic voting systems resulted in vote tabulation errors. Not less than 30 days before any election, the State

Board of Elections shall provide written notice to those selected jurisdictions of their intent to conduct a test. Within 5 days of receipt of the State Board of Elections' written notice of intent to conduct a test, the selected jurisdictions shall forward to the principal office of the State Board of Elections a copy of all specimen ballots. The State Board of Elections' tests shall be conducted and completed not less than 2 days before the public test utilizing testing materials supplied by the Board and under the supervision of the Board. The vendor, person, or other private entity shall be solely responsible for the production and cost of: all ballots; additional temporary workers; and other equipment or facilities needed and used in the testing of the vendor's, person's, or other private entity's respective equipment and software. The Board shall reimburse the election authority for the reasonable cost of computer time required to conduct the special test. After an errorless test, materials used in the public test, including the program, if appropriate, shall be sealed and remain sealed until the test is run again on election day. If any error is detected, the cause of the error shall be determined and corrected, and an errorless public test shall be made before the automatic tabulating equipment is approved. Each election authority shall file a sealed copy of each tested program to be used within its jurisdiction at an election with the State Board of Elections before the election. The Board shall secure the program or programs of each election jurisdiction so filed in its office until the next election of the same type (general primary, general election, consolidated primary, or consolidated election) for which the program or programs were filed for the 60 days following the canvass and proclamation of election results. At the expiration of that time, if no election contest or appeal is pending in an election jurisdiction, the Board shall destroy return the sealed program or programs to the election authority of the jurisdiction. Except where in-precinct counting equipment is used, the test shall be repeated immediately before the start of the official counting of the ballots, in the same manner as set forth above. After the completion of the count, the test shall be re-run using the same program. Immediately after the re-run, all material used in testing the program and the programs shall be sealed and retained under the custody of the election authority for
a period of 60 days. At the expiration of that time the election authority shall destroy the voted ballots, together with all unused ballots returned from the precincts. Provided, if any contest of election is pending at the time in which the ballots may be required as evidence and the election authority has notice of the contest, the same shall not be destroyed until after the contest is finally determined. If the use of back-up equipment becomes necessary, the same testing required for the original equipment shall be conducted.

Sec. 24B-10. Receiving, Counting, Tallying, and Return of Ballots; Acceptance of Ballots by Election Authority.

(a) In an election jurisdiction which has adopted an electronic Precinct Tabulation Optical Scan Technology voting system, the election official in charge of the election shall select one of the 3 following procedures for receiving, counting, tallying, and return of the ballots:

(1) Two ballot boxes shall be provided for each polling place. The first ballot box is for the depositing of votes cast on the electronic voting system; and the second ballot box is for all votes cast on other ballots, including absentee paper and early paper ballots and any other paper ballots required to be voted other than on the Precinct Tabulation Optical Scan Technology electronic voting system. Ballots, except absentee and early ballots for candidates and propositions which are listed on the Precinct Tabulation Optical Scan Technology electronic voting system, deposited in the second ballot box shall be counted, tallied, and returned as is elsewhere provided in this Code for the counting and handling of paper ballots. Immediately after the closing of the polls, the absentee and early ballots delivered to the precinct judges of election by the election official in charge of the election shall be examined to determine that the ballots comply with Sections 19-9, 19A-55, and 20-9 of this Code and are entitled to be inserted into the counting equipment and deposited into the ballot box provided; those entitled to be deposited in this ballot box shall be initialed by

the precinct judges of election and deposited. Those not entitled to be deposited in this ballot box shall be marked "Rejected" and disposed of as provided in Sections 19-9, 19A-55, and 20-9. The precinct judges of election shall then open the second ballot box and examine all paper absentee and early ballots which are in the ballot box to determine whether the absentee or early ballots bear the initials of a precinct judge of election. If any absentee or early ballot is not so initialed, it shall be marked on the back "Defective", initialed as to the label by all judges immediately under the word "Defective", and not counted, but placed in the envelope provided for that purpose labeled "Defective Ballots Envelope". The judges of election, consisting in each case of at least one judge of election of each of the 2 major political parties, shall examine the paper absentee and early ballots which were in such ballot box and properly initialed to determine whether the same contain write-in votes. Write-in votes, not causing an overvote for an office otherwise voted for on the paper absentee or early ballot, and otherwise properly voted, shall be counted, tallied and recorded on the tally sheet provided for the record. A write-in vote causing an overvote for an office shall not be counted for that office, but the precinct judges shall mark such paper absentee or early ballot "Objected To" on the back and write on its back the manner in which the ballot is counted and initialed the same. An overvote for one office shall invalidate only the vote or count of that particular office. After counting, tallying and recording the write-in votes on absentee and early ballots, the judges of election, consisting in each case of at least one judge of election of each of the 2 major political parties, shall make a true duplicate ballot of the remaining valid votes on each paper absentee and early ballot which was in the ballot box and properly initialed, by using the electronic Precinct Tabulation Optical Scan Technology voting system used in the precinct and one of the marking devices, or equivalent marking device or equivalent ballot, of the precinct to transfer the remaining valid votes of the voter on the paper

absentee or early ballot to an official ballot or a ballot card of that kind used in the precinct at that election. The original paper absentee ballot shall be clearly labeled "Absentee Ballot" or "Early Ballot", as the case may be, and the ballot card so produced "Duplicate Absentee Ballot" or "Duplicate Early Ballot", as the case may be, and each shall bear the same serial number which shall be placed thereon by the judges of election, beginning with number 1 and continuing consecutively for the ballots of that kind in that precinct. The judges of election shall initial the "Duplicate Absentee Ballot" and "Duplicate Early Ballot" ballots and shall place them in the first ballot box provided for return of the ballots to be counted at the central counting location in lieu of the paper absentee and early ballots. The paper absentee and early ballots shall be placed in an envelope provided for that purpose labeled "Duplicate Ballots".

As soon as the absentee and early ballots have been deposited in the first ballot box, the judges of election shall make out a slip indicating the number of persons who voted in the precinct at the election. The slip shall be signed by all the judges of election and shall be inserted by them in the first ballot box. The judges of election shall thereupon immediately lock each the first ballot box; provided, that if the box is not of a type which may be securely locked, the box shall be sealed with filament tape provided for the purpose that shall be wrapped around the box lengthwise and crosswise, at least twice each way, and in a manner that the seal completely covers the slot in the ballot box, and each of the judges shall sign the seal. Two of the judges of election, of different political parties, shall by the most direct route transport both ballot boxes to the counting location designated by the county clerk or board of election commissioners.

Before the ballots of a precinct are fed to the electronic Precinct Tabulation Optical Scan Technology tabulating equipment, the first ballot box shall be opened at the central counting station by the 2 precinct transport judges. Upon opening a

New matter indicated by italics - deletions by strikeout
ballot box, the team shall first count the number of ballots in the box. If 2 or more are folded together to appear to have been cast by the same person, all of the ballots folded together shall be marked and returned with the other ballots in the same condition, as near as may be, in which they were found when first opened, but shall not be counted. If the remaining ballots are found to exceed the number of persons voting in the precinct as shown by the slip signed by the judges of election, the ballots shall be replaced in the box, and the box closed and well shaken and again opened and one of the precinct transport judges shall publicly draw out so many ballots unopened as are equal to the excess.

The excess ballots shall be marked "Excess-Not Counted" and signed by the 2 precinct transport judges and shall be placed in the "After 7:00 p.m. Defective Ballots Envelope". The number of excess ballots shall be noted in the remarks section of the Certificate of Results. "Excess" ballots shall not be counted in the total of "defective" ballots.

The precinct transport judges shall then examine the remaining ballots for write-in votes and shall count and tabulate the write-in vote.

(2) A single ballot box, for the deposit of all votes cast, shall be used. All ballots which are not to be tabulated on the electronic voting system shall be counted, tallied, and returned as elsewhere provided in this Code for the counting and handling of paper ballots.

All ballots to be processed and tabulated with the electronic Precinct Tabulation Optical Scan Technology voting system shall be processed as follows:

Immediately after the closing of the polls, the absentee and early ballots delivered to the precinct judges of election by the election official in charge of the election shall be examined to determine that such ballots comply with Sections 19-9, 19A-55, and 20-9 of this Code and are entitled to be deposited in the ballot box; those entitled to be deposited in the ballot box shall be

initialed by the precinct judges of election and deposited in the ballot box. Those not entitled to be deposited in the ballot box shall be marked "Rejected" and disposed of as provided in Sections 19-9, 19A-55, and 20-9. The precinct judges of election then shall open the ballot box and canvass the votes polled to determine that the number of ballots agree with the number of voters voting as shown by the applications for ballot, or if the same do not agree the judges of election shall make such ballots agree with the applications for ballot in the manner provided by Section 17-18 of this Code. The judges of election shall then examine all paper absentee and early ballots and ballot envelopes which are in the ballot box to determine whether the ballots and ballot envelopes bear the initials of a precinct judge of election. If any ballot or ballot envelope is not initialed, it shall be marked on the back "Defective", initialed as to the label by all judges immediately under the word "Defective", and not counted, but placed in the envelope provided for that purpose labeled "Defective Ballots Envelope". The judges of election, consisting in each case of at least one judge of election of each of the 2 major political parties, shall examine the paper absentee and early ballots which were in the ballot box and properly initialed to determine whether the same contain write-in votes. Write-in votes, not causing an overvote for an office otherwise voted for on the paper absentee or early ballot, and otherwise properly voted, shall be counted, tallied and recorded on the tally sheet provided for the record. A write-in vote causing an overvote for an office shall not be counted for that office, but the precinct judges shall mark the paper absentee or early ballot "Objected To" on the back and write on its back the manner the ballot is counted and initial the same. An overvote for one office shall invalidate only the vote or count of that particular office. After counting, tallying and recording the write-in votes on absentee and early ballots, the judges of election, consisting in each case of at least one judge of election of each of the 2 major political parties, shall make a true duplicate ballot of the remaining

valid votes on each paper absentee and early ballot which was in the ballot box and properly initialed, by using the electronic voting system used in the precinct and one of the marking devices of the precinct to transfer the remaining valid votes of the voter on the paper absentee or early ballot to an official ballot of that kind used in the precinct at that election. The original paper absentee or early ballot shall be clearly labeled "Absentee Ballot" or "Early Ballot", as the case may be, and the ballot so produced "Duplicate Absentee Ballot" or "Duplicate Early Ballot", as the case may be, and each shall bear the same serial number which shall be placed thereon by the judges of election, commencing with number 1 and continuing consecutively for the ballots of that kind in that precinct. The judges of election shall initial the "Duplicate Absentee Ballot" and "Duplicate Early Ballot" ballots and shall place them in the box for return of the ballots with all other ballots to be counted at the central counting location in lieu of the paper absentee and early ballots. The paper absentee ballots shall be placed in an envelope provided for that purpose labeled "Duplicate Ballots".

In case of an overvote for any office, the judges of election, consisting in each case of at least one judge of election of each of the 2 major political parties, shall make a true duplicate ballot of all votes on the ballot except for the office which is overvoted, by using the ballot of the precinct and one of the marking devices, or equivalent ballot, of the precinct to transfer all votes of the voter except for the office overvoted, to an official ballot of that kind used in the precinct at that election. The original ballot upon which there is an overvote shall be clearly labeled "Overvoted Ballot", and each shall bear the same serial number which shall be placed thereon by the judges of election, beginning with number 1 and continuing consecutively for the ballots of that kind in that precinct. The judges of election shall initial the "Duplicate Overvoted Ballot" ballots and shall place them in the box for return of the ballots. The "Overvoted Ballot" ballots shall be placed in the "Duplicate Ballots" envelope. The ballots except any defective or

overvoted ballot shall be placed separately in the box for return of the ballots, along with all "Duplicate Absentee Ballots", "Duplicate Early Ballots", and "Duplicate Overvoted Ballots". The judges of election shall examine the ballots to determine if any is damaged or defective so that it cannot be counted by the automatic tabulating equipment. If any ballot is damaged or defective so that it cannot properly be counted by the automatic tabulating equipment, the judges of election, consisting in each case of at least one judge of election of each of the 2 major political parties, shall make a true duplicate ballot of all votes on such ballot by using the ballot of the precinct and one of the marking devices, or equivalent ballot, of the precinct. The original ballot and ballot envelope shall be clearly labeled "Damaged Ballot" and the ballot so produced "Duplicate Damaged Ballot", and each shall bear the same number which shall be placed thereon by the judges of election, commencing with number 1 and continuing consecutively for the ballots of that kind in the precinct. The judges of election shall initial the "Duplicate Damaged Ballot" ballot and shall place them in the box for return of the ballots. The "Damaged Ballot" ballots shall be placed in the "Duplicated Ballots" envelope. A slip indicating the number of voters voting in person, number of absentee and early votes deposited in the ballot box, and the total number of voters of the precinct who voted at the election shall be made out, signed by all judges of election, and inserted in the box for return of the ballots. The tally sheets recording the write-in votes shall be placed in this box. The judges of election immediately shall securely lock the ballot box or other suitable box furnished for return of the ballots by the election official in charge of the election; provided that if the box is not of a type which may be securely locked, the box shall be sealed with filament tape provided for the purpose which shall be wrapped around the box lengthwise and crosswise, at least twice each way. A separate adhesive seal label signed by each of the judges of election of the precinct shall be affixed to the box to cover any slot therein and to identify the box of the precinct; and if

the box is sealed with filament tape as provided rather than locked, such tape shall be wrapped around the box as provided, but in such manner that the separate adhesive seal label affixed to the box and signed by the judges may not be removed without breaking the filament tape and disturbing the signature of the judges. Two of the judges of election, of different major political parties, shall by the most direct route transport the box for return of the ballots and enclosed ballots and returns to the central counting location designated by the election official in charge of the election. If, however, because of the lack of adequate parking facilities at the central counting location or for any other reason, it is impossible or impracticable for the boxes from all the polling places to be delivered directly to the central counting location, the election official in charge of the election may designate some other location to which the boxes shall be delivered by the 2 precinct judges. While at the other location the boxes shall be in the care and custody of one or more teams, each consisting of 4 persons, 2 from each of the 2 major political parties, designated for such purpose by the election official in charge of elections from recommendations by the appropriate political party organizations. As soon as possible, the boxes shall be transported from the other location to the central counting location by one or more teams, each consisting of 4 persons, 2 from each of the 2 major political parties, designated for the purpose by the election official in charge of elections from recommendations by the appropriate political party organizations.

The "Defective Ballots" envelope, and "Duplicated Ballots" envelope each shall be securely sealed and the flap or end of each envelope signed by the precinct judges of election and returned to the central counting location with the box for return of the ballots, enclosed ballots and returns.

At the central counting location, a team of tally judges designated by the election official in charge of the election shall check the box returned containing the ballots to determine that all
seals are intact, and shall open the box, check the voters' slip and compare the number of ballots so delivered against the total number of voters of the precinct who voted, remove the ballots and deliver them to the technicians operating the automatic tabulating equipment. Any discrepancies between the number of ballots and total number of voters shall be noted on a sheet furnished for that purpose and signed by the tally judges.

(3) A single ballot box, for the deposit of all votes cast, shall be used. Immediately after the closing of the polls, the judges of election shall examine the absentee and early ballots received by the precinct judges of election from the election authority of voters in that precinct to determine that they comply with the provisions of Sections 19-9, 19A-55, 20-8, and 20-9 of this Code and are entitled to be deposited in the ballot box; those entitled to be deposited in the ballot box shall be initialed by the precinct judges and deposited in the ballot box. Those not entitled to be deposited in the ballot box, in accordance with Sections 19-9, 19A-55, 20-8, and 20-9 of this Code shall be marked "Rejected" and preserved in the manner provided in this Code for the retention and preservation of official ballots rejected at such election. Immediately upon the completion of the absentee and early balloting, the precinct judges of election shall securely lock the ballot box; provided that if such box is not of a type which may be securely locked, the box shall be sealed with filament tape provided for the purpose which shall be wrapped around the box lengthwise and crosswise, at least twice each way. A separate adhesive seal label signed by each of the judges of election of the precinct shall be affixed to the box to cover any slot therein and to identify the box of the precinct; and if the box is sealed with filament tape as provided rather than locked, such tape shall be wrapped around the box as provided, but in a manner that the separate adhesive seal label affixed to the box and signed by the judges may not be removed without breaking the filament tape and disturbing the signature of the judges. most direct route transport the box for return of the ballots and enclosed absentee and early ballots and returns to the central counting location designated by the election official in charge of the election. If however, because of the lack of adequate parking facilities at the central counting location or for some other reason, it is impossible or impracticable for the boxes from all the polling places to be delivered directly to the central counting location, the election official in charge of the election may designate some other location to which the boxes shall be delivered by the 2 precinct judges. While at the other location the boxes shall be in the care and custody of one or more teams, each consisting of 4 persons, 2 from each of the 2 major political parties, designated for the purpose by the election official in charge of elections from recommendations by the appropriate political party organizations. As soon as possible, the boxes shall be transported from the other location to the central counting location by one or more teams, each consisting of 4 persons, 2 from each of the 2 major political parties, designated for the purpose by the election official in charge of the election from recommendations by the appropriate political party organizations.

At the central counting location there shall be one or more teams of tally judges who possess the same qualifications as tally judges in election jurisdictions using paper ballots. The number of the teams shall be determined by the election authority. Each team shall consist of 5 tally judges, 3 selected and approved by the county board from a certified list furnished by the chairman of the county central committee of the party with the majority of members on the county board and 2 selected and approved by the county board from a certified list furnished by the chairman of the county central committee of the party with the second largest number of members on the county board. At the central counting location a team of tally judges shall open the ballot box and canvass the votes polled to determine that the number of ballot sheets therein agree with the number of voters voting as shown by

the applications for ballot and for absentee and early ballot; and, if
the same do not agree, the tally judges shall make such ballots
agree with the number of applications for ballot in the manner
provided by Section 17-18 of this Code. The tally judges shall then
examine all ballot sheets that are in the ballot box to determine
whether they bear the initials of the precinct judge of election. If
any ballot is not initialed, it shall be marked on the back
"Defective", initialed as to that label by all tally judges
immediately under the word "Defective", and not counted, but
placed in the envelope provided for that purpose labeled "Defective
Ballots Envelope". Write-in votes, not causing an overvote for an
office otherwise voted for on the absentee or early ballot sheet; and
otherwise properly voted, shall be counted, tallied, and recorded by
the central counting location judges on the tally sheet provided for
the record. A write-in vote causing an overvote for an office shall
not be counted for that office, but the tally judges shall mark the
absentee or early ballot sheet "Objected To" and write the manner
in which the ballot is counted on its back and initial the
sheet. An overvote for one office shall invalidate only the vote or count for
that particular office.

At the central counting location, a team of tally judges
designated by the election official in charge of the election shall
deliver the ballot sheets to the technicians operating the automatic
Precinct Tabulation Optical Scan Technology tabulating
equipment. Any discrepancies between the number of ballots and
total number of voters shall be noted on a sheet furnished for that
purpose and signed by the tally judges.

(b) Regardless of which procedure described in subsection (a) of
this Section is used, the judges of election designated to transport the
ballots properly signed and sealed, shall ensure that the ballots are
delivered to the central counting station no later than 12 hours after the
polls close. At the central counting station, a team of tally judges
designated by the election official in charge of the election shall examine
the ballots so transported and shall not accept ballots for tabulating which

are not signed and sealed as provided in subsection (a) of this Section until the judges transporting the ballots make and sign the necessary corrections. Upon acceptance of the ballots by a team of tally judges at the central counting station, the election judges transporting the ballots shall take a receipt signed by the election official in charge of the election and stamped with the date and time of acceptance. The election judges whose duty it is to transport any ballots shall, in the event the ballots cannot be found when needed, on proper request, produce the receipt which they are to take as above provided.

Sec. 24B-10.1. In-Precinct Counting Equipment; Procedures for Counting and Tallying Ballots. In an election jurisdiction where Precinct Tabulation Optical Scan Technology counting equipment is used, the following procedures for counting and tallying the ballots shall apply:

  Before the opening of the polls, and before the ballots are entered into the automatic tabulating equipment, the judges of election shall be sure that the totals are all zeros in the counting column. Ballots may then be counted by entering or scanning each ballot into the automatic tabulating equipment. Throughout the election day and before the closing of the polls, no person may check any vote totals for any candidate or proposition on the automatic tabulating equipment. Such automatic tabulating equipment shall be programmed so that no person may reset the equipment for refeeding of ballots unless provided a code from an authorized representative of the election authority. At the option of the election authority, the ballots may be fed into the Precinct Tabulation Optical Scan Technology equipment by the voters under the direct supervision of the judges of elections.

  Immediately after the closing of the polls, the absentee or early ballots delivered to the precinct judges of election by the election authority shall be examined to determine that the ballots comply with Sections 19-9, 19A-55, and 20-9 of this Code and are entitled to be scanned by the Precinct Tabulation Optical Scan Technology equipment and then deposited in the ballot box; those entitled to be scanned and deposited in
the ballot box shall be initialed by the precinct judges of election and then sealed and deposited in the ballot box. Those not entitled to be deposited in the ballot box shall be marked "Rejected" and disposed of as provided in said Sections 19-9, 19A-55, and 20-9:

The precinct judges of election shall open the ballot box and count the number of ballots to determine if the number agrees with the number of voters voting as shown on the Precinct Tabulation Optical Scan Technology equipment and by the applications for ballot or, if the same do not agree, the judges of election shall make the ballots agree with the applications for ballot in the manner provided by Section 17-18 of this Code. The judges of election shall then examine all ballots which are in the ballot box to determine whether the ballots contain the initials of a precinct judge of election. If any ballot is not initialed, it shall be marked on the back "Defective", initialed as to such label by all judges immediately under the word "Defective" and not counted. The judges of election shall place an initialed blank official ballot in the place of the defective ballot, so that the count of the ballots to be counted on the automatic tabulating equipment will be the same, and each "Defective Ballot" and "Replacement" ballot shall contain the same serial number which shall be placed thereon by the judges of election, beginning with number 1 and continuing consecutively for the ballots of that kind in that precinct. The original "Defective" ballot shall be placed in the "Defective Ballot Envelope" provided for that purpose.

If the judges of election have removed a ballot pursuant to Section 17-18, have labeled "Defective" a ballot which is not initialed, or have otherwise determined under this Code to not count a ballot originally deposited into a ballot box, the judges of election shall be sure that the totals on the automatic tabulating equipment are reset to all zeros in the counting column. Thereafter the judges of election shall enter or otherwise scan each ballot to be counted in the automatic tabulating equipment. Resetting the automatic tabulating equipment to all zeros and re-entering of ballots to be counted may occur at the precinct polling place, the office of the election authority, or any receiving station designated by the
election authority. The election authority shall designate the place for resetting and re-entering or re-scanning.

When a Precinct Tabulation Optical Scan Technology electronic voting system is used which uses a paper ballot, the judges of election shall examine the ballot for write-in votes. When the voter has cast a write-in vote, the judges of election shall compare the write-in vote with the votes on the ballot to determine whether the write-in results in an overvote for any office, unless the Precinct Tabulation Optical Scan Technology equipment has already done so. In case of an overvote for any office, the judges of election, consisting in each case of at least one judge of election of each of the 2 major political parties, shall make a true duplicate ballot of all votes on such ballot except for the office which is overvoted, by using the ballot of the precinct and one of the marking devices, or equivalent ballot, of the precinct so as to transfer all votes of the voter, except for the office overvoted, to a duplicate ballot. The original ballot upon which there is an overvote shall be clearly labeled "Overvoted Ballot", and each such "Overvoted Ballot" as well as its "Replacement" shall contain the same serial number which shall be placed thereon by the judges of election, beginning with number 1 and continuing consecutively for the ballots of that kind in that precinct. The "Overvoted Ballot" shall be placed in an envelope provided for that purpose labeled "Duplicate Ballot" envelope, and the judges of election shall initial the "Replacement" ballots and shall place them with the other ballots to be counted on the automatic tabulating equipment.

If any ballot is damaged or defective, or if any ballot contains a Voting Defect, so that it cannot properly be counted by the automatic tabulating equipment, the voter or the judges of election, consisting in each case of at least one judge of election of each of the 2 major political parties, shall make a true duplicate ballot of all votes on such ballot by using the ballot of the precinct and one of the marking devices of the precinct, or equivalent. If a damaged ballot, the original ballot shall be clearly labeled "Damaged Ballot" and the ballot so produced shall be clearly labeled "Damaged Ballot" and the ballot so produced shall be clearly labeled "Duplicate Damaged Ballot", and each shall contain the
same serial number which shall be placed by the judges of election, beginning with number 1 and continuing consecutively for the ballots of that kind in the precinct. The judges of election shall initial the "Duplicate Damaged Ballot" ballot and shall enter or otherwise scan the duplicate damaged ballot into the automatic tabulating equipment. The "Damaged Ballots" shall be placed in the "Duplicated Ballots" envelope; after all ballots have been successfully read, the judges of election shall check to make certain that the Precinct Tabulation Optical Scan Technology equipment readout agrees with the number of voters making application for ballot in that precinct. The number shall be listed on the "Statement of Ballots" form provided by the election authority.

The totals for all candidates and propositions shall be tabulated; and 4 copies of a "Certificate of Results" shall be generated by the automatic tabulating equipment; one copy shall be posted in a conspicuous place inside the polling place; and every effort shall be made by the judges of election to provide a copy for each authorized pollwatcher or other official authorized to be present in the polling place to observe the counting of ballots; but in no case shall the number of copies to be made available to pollwatchers be fewer than 4, chosen by lot by the judges of election. In addition, sufficient time shall be provided by the judges of election to the pollwatchers to allow them to copy information from the copy which has been posted.

The judges of election shall count all unused ballots and enter the number on the "Statement of Ballots". All "Spoiled", "Defective" and "Duplicated" ballots shall be counted and the number entered on the "Statement of Ballots".

The precinct judges of election shall select a bi-partisan team of 2 judges, who shall immediately return the ballots in a sealed container, along with all other election materials as instructed by the election authority; provided, however, that such container must first be sealed by the election judges with filament tape or other approved sealing devices provided for the purpose which shall be wrapped around the container lengthwise and crosswise, at least twice each way, in a manner that the ballots cannot be removed from the container without breaking the seal.

New matter indicated by italics - deletions by strikeout
and filament tape and disturbing any signatures affixed by the election judges to the container, or which other approved sealing devices are affixed in a manner approved by the election authority. The election authority shall keep the office of the election authority or any receiving stations designated by the authority, open for at least 12 consecutive hours after the polls close or until the ballots from all precincts with in-precinct counting equipment within the jurisdiction of the election authority have been returned to the election authority. Ballots returned to the office of the election authority which are not signed and sealed as required by law shall not be accepted by the election authority until the judges returning the ballots make and sign the necessary corrections. Upon acceptance of the ballots by the election authority, the judges returning the ballots shall take a receipt signed by the election authority and stamped with the time and date of the return. The election judges whose duty it is to return any ballots as provided shall, in the event the ballots cannot be found when needed, on proper request, produce the receipt which they are to take as above provided. The precinct judges of election shall also deliver the Precinct Tabulation Optical Scan Technology equipment to the election authority.

(10 ILCS 5/24B-15)

Sec. 24B-15. Official Return of Precinct; Check of Totals; Retabulation. The precinct return printed by the automatic Precinct Tabulation Optical Scan Technology tabulating equipment shall include the number of ballots cast and votes cast for each candidate and proposition and shall constitute the official return of each precinct. In addition to the precinct return, the election authority shall provide the number of applications for ballots in each precinct, the write-in votes, the total number of ballots counted in each precinct for each political subdivision and district and the number of registered voters in each precinct. However, the election authority shall check the totals shown by the precinct return and, if there is an obvious discrepancy regarding the total number of votes cast in any precinct, shall have the ballots for that precinct retabulated to correct the return. The procedures for retabulation shall apply prior to and after the proclamation is completed; however, after
the proclamation of results, the election authority must obtain a court order to unseal voted ballots except for election contests and discovery recounts. In those election jurisdictions that use in-precinct counting equipment, the certificate of results, which has been prepared by the judges of election in the polling place after the ballots have been tabulated, shall be the document used for the canvass of votes for such precinct. Whenever a discrepancy exists during the canvass of votes between the unofficial results and the certificate of results, or whenever a discrepancy exists during the canvass of votes between the certificate of results and the set of totals which has been affixed to the certificate of results, the ballots for that precinct shall be retabulated to correct the return. As an additional part of this check prior to the proclamation, in those jurisdictions where in-precinct counting equipment is used, the election authority shall retabulate the total number of votes cast in 5% of the precincts within the election jurisdiction. The precincts to be retabulated shall be selected after election day on a random basis by the State Board of Elections election authority, so that every precinct in the election jurisdiction has an equal mathematical chance of being selected. The State Board of Elections shall design a standard and scientific random method of selecting the precincts which are to be retabulated, and the election authority shall be required to use that method. The State central committee State Board of Elections, the State's Attorney and other appropriate law enforcement agencies, the county chairman of each established political party and qualified civic organization shall be given prior written notice of the time and place of the random selection procedure and may be represented at the procedure. The retabulation shall consist of counting the ballots which were originally counted and shall not involve any determination of which ballots were, in fact, properly counted. The ballots from the precincts selected for the retabulation shall remain at all times under the custody and control of the election authority and shall be transported and retabulated by the designated staff of the election authority.

As part of the retabulation, the election authority shall test the computer program in the selected precincts. The test shall be conducted by processing a preaudited group of ballots marked to record a predetermined

New matter indicated by italics - deletions by strikeout
number of valid votes for each candidate and on each public question, and shall include for each office one or more ballots which have votes in excess of the number allowed by law to test the ability of the equipment and the marking device to reject such votes. If any error is detected, the cause shall be determined and corrected, and an errorless count shall be made prior to the official canvass and proclamation of election results.

The State Board of Elections, the State's Attorney and other appropriate law enforcement agencies, the county chairman of each established political party and qualified civic organizations shall be given prior written notice of the time and place of the retabulation and may be represented at the retabulation.

The results of this retabulation shall be treated in the same manner and have the same effect as the results of the discovery procedures set forth in Section 22-9.1 of this Code. Upon completion of the retabulation, the election authority shall print a comparison of the results of the retabulation with the original precinct return printed by the automatic tabulating equipment. The comparison shall be done for each precinct and for each office voted upon within that precinct, and the comparisons shall be open to the public. Upon completion of the retabulation, the returns shall be open to the public.

Sec. 24B-16. Approval of Precinct Tabulation Optical Scan Technology Voting Systems; Requisites. The State Board of Elections shall approve all Precinct Tabulation Optical Scan Technology voting systems provided by this Article.

No Precinct Tabulation Optical Scan Technology voting system shall be approved unless it fulfills the following requirements:

(a) It enables a voter to vote in absolute secrecy;
(b) (Blank);
(c) It enables a voter to vote a ticket selected in part from the nominees of one party, and in part from the nominees of any or all parties, and in part from independent candidates, and in part of candidates whose names are written in by the voter;

New matter indicated by italics - deletions by strikeout
(d) It enables a voter to vote a written or printed ticket of his or her own selection for any person for any office for whom he or she may desire to vote;

(e) It will reject all votes for an office or upon a proposition when the voter has cast more votes for the office or upon the proposition than he or she is entitled to cast; and

(f) It will accommodate all propositions to be submitted to the voters in the form provided by law or, where no form is provided, then in brief form, not to exceed 75 words.

The State Board of Elections shall not approve any voting equipment or system that includes an external Infrared Data Association (IrDA) communications port.

The State Board of Elections is authorized to withdraw its approval of a Precinct Tabulation Optical Scan Technology voting system if the system fails to fulfill the above requirements.

The vendor, person, or other private entity shall be solely responsible for the production and cost of: all ballots; additional temporary workers; and other equipment or facilities needed and used in the testing of the vendor's, person's, or other private entity's respective equipment and software.

No vendor, person, or other entity may sell, lease, or loan, or have a written contract, including a contract contingent upon State Board approval of the voting system or voting system component, to sell, lease, or loan, a voting system or Precinct Tabulation Optical Scan Technology voting system component to any election jurisdiction unless the voting system or voting system component is first approved by the State Board of Elections pursuant to this Section.

Sec. 24C-9. Testing of Direct Recording Electronic Voting System Equipment and Programs; Custody of Programs, Test Materials and Ballots. Prior to the public test, the election authority shall conduct an errorless pre-test of the Direct Recording Electronic Voting System equipment and programs to determine that they will correctly detect voting

defects and count the votes cast for all offices and all public questions. On any day not less than 5 days prior to the election day, the election authority shall publicly test the Direct Recording Electronic Voting System equipment and programs to determine that they will correctly detect voting errors and accurately count the votes legally cast for all offices and on all public questions. Public notice of the time and place of the test shall be given at least 48 hours before the test by publishing the notice in one or more newspapers within the election jurisdiction of the election authority, if a newspaper is published in that jurisdiction. If a newspaper is not published in that jurisdiction, notice shall be published in a newspaper of general circulation in that jurisdiction. Timely written notice stating the date, time, and location of the public test shall also be provided to the State Board of Elections. The test shall be open to representatives of the political parties, the press, representatives of the State Board of Elections, and the public. The test shall be conducted by entering a pre-audited group of votes designed to record a predetermined number of valid votes for each candidate and on each public question, and shall include for each office one or more ballots having votes exceeding the number allowed by law to test the ability of the automatic tabulating equipment to reject the votes. The test shall also include producing an edit listing. In those election jurisdictions where in-precinct counting equipment is used, a public test of both the equipment and program shall be conducted as nearly as possible in the manner prescribed above. The State Board of Elections may select as many election jurisdictions as the Board deems advisable in the interests of the election process of this State, to order a special test of the automatic tabulating equipment and program before any regular election. The Board may order a special test in any election jurisdiction where, during the preceding 12 months, computer programming errors or other errors in the use of System resulted in vote tabulation errors. Not less than 30 days before any election, the State Board of Elections shall provide written notice to those selected jurisdictions of their intent to conduct a test. Within 5 days of receipt of the State Board of Elections' written notice of intent to conduct a test, the selected jurisdictions shall forward to the principal office of the State Board of Elections a copy of all

specimen ballots. The State Board of Elections' tests shall be conducted and completed not less than 2 days before the public test utilizing testing materials supplied by the Board and under the supervision of the Board. The vendor, person, or other private entity shall be solely responsible for the production and cost of: all ballots; additional temporary workers; and other equipment or facilities needed and used in the testing of the vendor's, person's, or other private entity's respective equipment and software. and the Board shall reimburse the election authority for the reasonable cost of computer time required to conduct the special test. After an errorless test, materials used in the public test, including the program, if appropriate, shall be sealed and remain sealed until the test is run again on election day. If any error is detected, the cause of the error shall be determined and corrected, and an errorless public test shall be made before the automatic tabulating equipment is approved. Each election authority shall file a sealed copy of each tested program to be used within its jurisdiction at an election with the State Board of Elections before the election. The Board shall secure the program or programs of each election jurisdiction so filed in its office until the next election of the same type (general primary, general election, consolidated primary, or consolidated election) for which the program or programs were filed for the 60 days following the canvass and proclamation of election results. At the expiration of that time, if no election contest or appeal is pending in an election jurisdiction, the Board shall destroy return the sealed program or programs to the election authority of the jurisdiction. Except where precinct counting equipment is used, the test shall be repeated immediately before the start of the official counting of the ballots, in the same manner as set forth above. After the completion of the count, the test shall be re-run using the same program. Immediately after the re-run, all material used in testing the program and the programs shall be sealed and retained under the custody of the election authority for a period of 60 days. At the expiration of that time the election authority shall destroy the voted ballots, together with all unused ballots returned from the precincts. Provided, if any contest of election is pending at the time in which the ballots may be required as evidence and the election authority has notice of

New matter indicated by italics - deletions by strikeout
the contest, the same shall not be destroyed until after the contest is finally determined. If the use of back-up equipment becomes necessary, the same testing required for the original equipment shall be conducted.

Sec. 24C-13. Absentee ballots; Early voting ballots; Proceedings at Location for Central Counting; Employees; Approval of List.

(a) All jurisdictions using Direct Recording Electronic Voting Systems shall use paper ballots or paper ballot sheets approved for use under Articles 16, 24A or 24B of this Code when conducting absentee voting except that Direct Recording Electronic Voting Systems may be used for in-person absentee voting conducted pursuant to Section 19-2.1 of this Code. All absentee ballots shall be counted at the central ballot counting location office of the election authority. The provisions of Section 24A-9, 24B-9 and 24C-9 of this Code shall apply to the testing and notice requirements for central count tabulation equipment, including comparing the signature on the ballot envelope with the signature of the voter on the permanent voter registration record card taken from the master file. Absentee ballots other than absentee ballots voted in person pursuant to Section 19-2.1 of this Code shall be examined and processed pursuant to Sections 19-9 and 20-9 of this Code. Vote results shall be recorded by precinct and shall be added to the vote results for the precinct in which the absent voter was eligible to vote prior to completion of the official canvass.

(a-5) Early voting ballots cast in accordance with Article 19A shall be counted in precincts as provided in that Article. Early votes cast through the use of Direct Recording Electronic Voting System devices shall be counted using the procedures of this Article. Early votes cast by a method other than the use of Direct Recording Electronic Voting System devices shall be counted using the procedures of this Code for that method.

(b) All proceedings at the location for central counting shall be under the direction of the county clerk or board of election commissioners. Except for any specially trained technicians required for the operation of
the Direct Recording Electronic Voting System, the employees at the counting station shall be equally divided between members of the 2 leading political parties and all duties performed by the employees shall be by teams consisting of an equal number of members of each political party. Thirty days before an election the county clerk or board of election commissioners shall submit to the chairman of each political party, for his or her approval or disapproval, a list of persons of his or her party proposed to be employed. If a chairman fails to notify the election authority of his or her disapproval of any proposed employee within a period of 10 days thereafter the list shall be deemed approved.

Sec. 24C-15. Official Return of Precinct; Check of Totals; Audit.

The precinct return printed by the Direct Recording Electronic Voting System tabulating equipment shall include the number of ballots cast and votes cast for each candidate and public question and shall constitute the official return of each precinct. In addition to the precinct return, the election authority shall provide the number of applications for ballots in each precinct, the total number of ballots and absentee ballots counted in each precinct for each political subdivision and district and the number of registered voters in each precinct. However, the election authority shall check the totals shown by the precinct return and, if there is an obvious discrepancy regarding the total number of votes cast in any precinct, shall have the ballots for that precinct audited to correct the return. The procedures for this audit shall apply prior to and after the proclamation is completed; however, after the proclamation of results, the election authority must obtain a court order to unseal voted ballots or voting devices except for election contests and discovery recounts. The certificate of results, which has been prepared and signed by the judges of election in the polling place after the ballots have been tabulated, shall be the document used for the canvass of votes for such precinct. Whenever a discrepancy exists during the canvass of votes between the unofficial results and the certificate of results, or whenever a discrepancy exists during the canvass of votes between the certificate of results and the set of

New matter indicated by italics - deletions by strikeout
totals reflected on the certificate of results, the ballots for that precinct shall be audited to correct the return.

Prior to the proclamation, the election authority shall test the voting devices and equipment in 5% of the precincts within the election jurisdiction. The precincts to be tested shall be selected after election day on a random basis by the State Board of Elections election authority, so that every precinct in the election jurisdiction has an equal mathematical chance of being selected. The State Board of Elections shall design a standard and scientific random method of selecting the precincts that are to be tested; and the election authority shall be required to use that method. The State central committee State Board of Elections, the State's Attorney and other appropriate law enforcement agencies, the county chairman of each established political party and qualified civic organizations shall be given prior written notice of the time and place of the random selection procedure and may be represented at the procedure.

The test shall be conducted by counting the votes marked on the permanent paper record of each ballot cast in the tested precinct printed by the voting system at the time that each ballot was cast and comparing the results of this count with the results shown by the certificate of results prepared by the Direct Recording Electronic Voting System in the test precinct. The election authority shall test count these votes either by hand or by using an automatic tabulating device other than a Direct Recording Electronic voting device that has been approved by the State Board of Elections for that purpose and tested before use to ensure accuracy. The election authority shall print the results of each test count. If any error is detected, the cause shall be determined and corrected, and an errorless count shall be made prior to the official canvass and proclamation of election results. If an errorless count cannot be conducted and there continues to be difference in vote results between the certificate of results produced by the Direct Recording Electronic Voting System and the count of the permanent paper records or if an error was detected and corrected, the election authority shall immediately prepare and forward to the appropriate canvassing board a written report explaining the results of the

test and any errors encountered and the report shall be made available for public inspection.

The State Board of Elections, the State's Attorney and other appropriate law enforcement agencies, the county chairman of each established political party and qualified civic organizations shall be given prior written notice of the time and place of the test and may be represented at the test.

The results of this post-election test shall be treated in the same manner and have the same effect as the results of the discovery procedures set forth in Section 22-9.1 of this Code.

Sec. 24C-16. Approval of Direct Recording Electronic Voting Systems; Requisites. The State Board of Elections shall approve all Direct Recording Electronic Voting Systems that fulfill the functional requirements provided by Section 24C-11 of this Code, the mandatory requirements of the federal voting system standards pertaining to Direct Recording Electronic Voting Systems promulgated by the Federal Election Commission or the Election Assistance Commission, the testing requirements of an approved independent testing authority and the rules of the State Board of Elections.

The State Board of Elections shall not approve any Direct Recording Electronic Voting System that includes an external Infrared Data Association (IrDA) communications port.

The State Board of Elections is authorized to withdraw its approval of a Direct Recording Electronic Voting System if the System, once approved, fails to fulfill the above requirements.

The vendor, person, or other private entity shall be solely responsible for the production and cost of: all ballots; additional temporary workers; and other equipment or facilities needed and used in the testing of the vendor's, person's, or other private entity's respective equipment and software.

(b) The use, in this State, of tangible personal property by an interstate carrier for hire as rolling stock moving in interstate commerce or by lessors under a lease of one year or longer executed or in effect at the time of purchase of tangible personal property by interstate carriers for hire for use as rolling stock moving in interstate commerce as long as so used by the interstate carriers for-hire, and equipment operated by a telecommunications provider, licensed as a common carrier by the Federal Communications Commission, which is permanently installed in or affixed to aircraft moving in interstate commerce.

(c) The use, in this State, by owners, lessors, or shippers of tangible personal property that is utilized by interstate carriers for hire for use as rolling stock moving in interstate commerce as long as so used by the interstate carriers for hire, and equipment operated by a telecommunications provider, licensed as a common carrier by the Federal Communications Commission, which is permanently installed in or affixed to aircraft moving in interstate commerce.

(e) The temporary storage, in this State, of tangible personal property that is acquired outside this State and that, after being brought into this State and stored here temporarily, is used solely outside this State or is physically attached to or incorporated into other tangible personal

property that is used solely outside this State, or is altered by converting, fabricating, manufacturing, printing, processing, or shaping, and, as altered, is used solely outside this State.

(f) The temporary storage in this State of building materials and fixtures that are acquired either in this State or outside this State by an Illinois registered combination retailer and construction contractor, and that the purchaser thereafter uses outside this State by incorporating that property into real estate located outside this State.

(g) The use or purchase of tangible personal property by a common carrier by rail or motor that receives the physical possession of the property in Illinois, and that transports the property, or shares with another common carrier in the transportation of the property, out of Illinois on a standard uniform bill of lading showing the seller of the property as the shipper or consignor of the property to a destination outside Illinois, for use outside Illinois.

(h) Except as provided in subsection (h-1), the use, in this State, of a motor vehicle that was sold in this State to a nonresident, even though the motor vehicle is delivered to the nonresident in this State, if the motor vehicle is not to be titled in this State, and if a drive-away permit is issued to the motor vehicle as provided in Section 3-603 of the Illinois Vehicle Code or if the nonresident purchaser has vehicle registration plates to transfer to the motor vehicle upon returning to his or her home state. In addition, the retailer must retain a signed copy of the statement in his or her records. Nothing in this subsection shall be construed to require the removal of the vehicle from this state following the filing of an intent to title the vehicle in the purchaser's state of residence if the purchaser titles the vehicle in his or her state of residence within 30 days after the date of sale. The tax collected under this Act in accordance with this subsection (h-1) shall be proportionately distributed as if the tax were collected at the 6.25% general rate imposed under this Act.

(i) Beginning July 1, 1999, the use, in this State, of fuel acquired outside this State and brought into this State in the fuel supply tanks of locomotives engaged in freight hauling and passenger service for interstate commerce. This subsection is exempt from the provisions of Section 3-90.

seized under this Act, the seizing agency shall promptly conduct an inventory of the seized property, estimate the property's value, and shall forward a copy of the inventory of seized property and the estimate of the property's value to the Director. Upon receiving notice of seizure, the Director may:

2. remove the property to a place designated by him;
3. keep the property in the possession of the seizing agency;
4. remove the property to a storage area for safekeeping or, if the property is a negotiable instrument or money and is not needed for evidentiary purposes, deposit it in an interest bearing account;
5. place the property under constructive seizure by posting notice of pending forfeiture on it, by giving notice of pending forfeiture to its owners and interest holders, or by filing notice of pending forfeiture in any appropriate public record relating to the property; or

immediately in the enforcement of the criminal laws of this State. Upon

drug enforcement purposes. When any real property returned to the seizing
agency is sold by the agency or its unit of government, the proceeds of the

enforcement of laws governing cannabis and controlled substances
or for security cameras used for the prevention or detection of
violence, except that amounts distributed to the Secretary of State
shall be deposited into the Secretary of State Evidence Fund to be
used as provided in Section 2-115 of the Illinois Vehicle Code.

(2)(i) 12.5% shall be distributed to the Office of the State's

If the prosecution is undertaken solely by the Attorney General, the portion provided hereunder shall be distributed to the Attorney General for use in the enforcement of laws governing cannabis and controlled substances.

(ii) 12.5% shall be distributed to the Office of the State's Attorneys Appellate Prosecutor and deposited in the Narcotics Profit Forfeiture Fund of that Office to be used for additional expenses incurred in the investigation, prosecution and appeal of cases arising under laws governing cannabis and controlled substances. The Office of the State's Attorneys Appellate Prosecutor shall not receive distribution from cases brought in counties with over 3,000,000 population.

Sec. 3.1. Municipal Joint Action Water Agency.

(a) Any municipality or municipalities of this State, any county or counties of this State, any township in a county with a population under 700,000 of this State, any public water district or districts of this State, State university, or any combination thereof may, by intergovernmental agreement, establish a Municipal Joint Action Water Agency to provide adequate supplies of water on an economical and efficient basis for member municipalities, public water districts and other incorporated and unincorporated areas within such counties. For purposes of this Act, the water supply may only be derived from Lake Michigan, the Mississippi River, the Missouri River, or the Sangamon River Valley Alluvium. The agreement shall set forth the corporate name of the Municipal Joint Action Water Agency and its duration. Promptly upon any agreement establishing a Municipal Joint Action Water Agency being entered into, or upon the amending of any such agreement, a copy of such agreement or amendment shall be filed in the office of the Secretary of State of Illinois. Promptly upon the addition or withdrawal of any municipality, public water district, township in a county with a population under 700,000, or county, or upon the dissolution of a Municipal Joint Action Water Agency, that fact shall be certified by an officer of the Agency to the Secretary of State of Illinois.

Such agreement may further specify those powers and actions of the Municipal Joint Action Water Agency which shall be authorized only upon votes of greater than a majority of all Directors or only upon consents of the corporate authorities of a certain number of member municipalities, public water districts, townships, State universities, or counties.

The agreement may provide for the establishment of an Executive Committee to consist of the municipal manager or other elected or appointed official of each member municipality, public water district, township, State university, or county, as designated by ordinance or other official action, from time to time by the corporate authorities of the member municipality, public water district, township, State university, or county, and may prescribe powers and duties of the Executive Committee for the efficient administration of the Agency.

(d) A Municipal Joint Action Water Agency established pursuant to this Section 3.1 shall have the power to buy water and to enter into contracts with any person, corporation or public agency (including any member municipality, public water district, township, or county) for that purpose. Any such contract made by an Agency for a supply of water may contain provisions whereby the Agency is obligated to pay for the supply of water without setoff or counterclaim and irrespective of whether the supply of water is ever furnished, made available or delivered to the Agency or whether any project for the supply of water contemplated by any such contract is completed, operable or operating and notwithstanding any suspension, interruption, interference, reduction or curtailment of the supply of water from such project. Any such contract may provide that if one or more of the other purchasers defaults in the payment of its obligations under such contract or a similar contract made with the supplier of the water one or more of the remaining purchasers party to such contract or such similar contract shall be required to pay for all or a portion of the obligations of the defaulting purchasers. No such contract may have a term in excess of 50 years.

A Municipal Joint Action Water Agency shall have the power to sell water and to enter into contracts with any person, corporation or public agency (including any member municipality, any public water district, any township, any State university, or any county on behalf of a county service area as set forth in this Section) for that purpose. No such contract may have a term in excess of 50 years. Any such contract entered into to sell water to a public agency may provide that the payments to be made thereunder by such public agency shall be made solely from revenues to be derived by such public agency from the operation of its waterworks system or its combined waterworks and sewerage system. Any public agency so contracting to purchase water shall establish from time to time such fees and charges for its water service or combined water and sewer service as will produce revenues sufficient at all times to pay its obligations to the Agency under the purchase contract. Any such contract so providing shall not constitute indebtedness of such public agency so contracting to buy water within the meaning of any statutory or constitutional limitation. Any
such contract of a public agency to buy water shall be a continuing, valid
and binding obligation of such public agency payable from such revenues.

A Municipal Joint Action Water Agency shall establish fees and
charges for the purchase of water from it or for the use of its facilities. No
prior appropriation shall be required by either the Municipal Joint Action
Water Agency or any public agency before entering into any contract
authorized by this paragraph (d).

The changes in this Section made by this amendatory Act of 1984
are intended to be declarative of existing law.

(e) 1. A Municipal Joint Action Water Agency established pursuant
to this Section 3.1 may, from time to time, borrow money and, in evidence
of its obligation to repay the borrowing, issue its negotiable water revenue
bonds or notes pursuant to this paragraph (e) for any of the following
purposes: for paying costs of constructing, acquiring, improving or
extending a joint waterworks or water supply system; for paying other
expenses incident to or incurred in connection with such construction,
acquisition, improvement or extension; for repaying advances made to or
by the Agency for such purposes; for paying interest on the bonds or notes
until the estimated date of completion of any such construction,
acquisition, improvement or extension and for such period after the
estimated completion date as the Board of Directors of the Agency shall
determine; for paying financial, legal, administrative and other expenses of
the authorization, issuance, sale or delivery of bonds or notes; for paying
costs of insuring payment of the bonds or notes; for providing or
increasing a debt service reserve fund with respect to any or all of the
Agency's bonds or notes; and for paying, refunding or redeeming any of
the Agency's bonds or notes before, after or at their maturity, including
paying redemption premiums or interest accruing or to accrue on such
bonds or notes being paid or redeemed or for paying any other costs in
connection with any such payment or redemption.

2. Any bonds or notes issued pursuant to this paragraph (e) by a
Municipal Joint Action Water Agency shall be authorized by a resolution
of the Board of Directors of the Agency adopted by the affirmative vote of
Directors from a majority of the member municipalities, public water
districts, townships, State universities, and counties, and any additional requirements as may be set forth in the agreement establishing the Agency. The authorizing resolution may be effective immediately upon its adoption. The authorizing resolution shall describe in a general way any project contemplated to be financed by the bonds or notes, shall set forth the estimated cost of the project and shall determine its period of usefulness. The authorizing resolution shall determine the maturity or maturities of the bonds or notes, the rate or rates at which the bonds or notes are to bear interest and all the other terms and details of the bonds or notes. All such bonds or notes shall mature within the period of estimated usefulness of the project with respect to which such bonds or notes are issued, as determined by the Board of Directors, but in any event not more than 50 years from their date of issue. The bonds and notes may bear interest, payable at such times, at a rate or rates not exceeding the maximum rate established in the Bond Authorization Act, as from time to time in effect. Bonds or notes of a Municipal Joint Action Water Agency shall be sold in such manner as the Board of Directors of the Agency shall determine, either at par or at a premium or discount, but such that the effective interest cost (excluding any redemption premium) to the Agency of the bonds or notes shall not exceed a rate equal to the rate of interest specified in the Act referred to in the preceding sentence.

The resolution authorizing the issuance of any bonds or notes pursuant to this paragraph (e) shall constitute a contract with the holders of the bonds and notes. The resolution may contain such covenants and restrictions with respect to the purchase or sale of water by the Agency and the contracts for such purchases or sales, the operation of the joint waterworks system or water supply system, the issuance of additional bonds or notes by the Agency, the security for the bonds and notes, and any other matters, as may be deemed necessary or advisable by the Board of Directors to assure the payment of the bonds or notes of the Agency.

3. The resolution authorizing the issuance of bonds or notes by a Municipal Joint Action Water Agency shall pledge and provide for the application of revenues derived from the operation of the Agency's joint waterworks or water supply system (including from contracts for the sale of water)
of water by the Agency) and investment earnings thereon to the payment of the cost of operation and maintenance of the system (including costs of purchasing water), to provision of adequate depreciation, reserve or replacement funds with respect to the system or the bonds or notes, and to the payment of principal, premium, if any, and interest on the bonds or notes of the Agency (including amounts for the purchase of such bonds or notes). The resolution shall provide that revenues of the Municipal Joint Action Water Agency so derived from the operation of the system, sufficient (together with other receipts of the Agency which may be applied to such purposes) to provide for such purposes, shall be set aside as collected in a separate fund or funds and used for such purposes. The resolution may provide that revenues not required for such purposes may be used for any proper purpose of the Agency or may be returned to member municipalities.

Any notes of a Municipal Joint Action Water Agency issued in anticipation of the issuance of bonds by it may, in addition, be secured by a pledge of proceeds of bonds to be issued by the Agency, as specified in the resolution authorizing the issuance of such notes.

4. (i) Except as provided in clauses (ii) and (iii) of this subparagraph 4 of this paragraph (e), all bonds and notes of the Municipal Joint Action Water Agency issued pursuant to this paragraph (e) shall be revenue bonds or notes. Such revenue bonds or notes shall have no claim for payment other than from revenues of the Agency derived from the operation of its joint waterworks or water supply system (including from contracts for the sale of water by the Agency) and investment earnings thereon, from bond or note proceeds and investment earnings thereon, or from such other receipts of the Agency as the agreement establishing the Agency may authorize to be pledged to the payment of revenue bonds or notes, all as and to the extent as provided in the resolution of the Board of Directors authorizing the issuance of the revenue bonds or notes. Revenue bonds or notes issued by a Municipal Joint Action Water Agency pursuant to this paragraph (e) shall not constitute an indebtedness of the Agency or of any member municipality, public water district, township, or county within the meaning of any constitutional or statutory limitation. It shall be

plainly stated on each revenue bond and note that it does not constitute an indebtedness of the Municipal Joint Action Water Agency or of any member municipality, public water district, township, or county within the meaning of any constitutional or statutory limitation.

(ii) If the Agreement so provides and subject to the referendum provided for in clause (iii) of this subparagraph 4 of this paragraph (e), the Municipal Joint Action Water Agency may borrow money for corporate purposes on the credit of the Municipal Joint Action Water Agency, and issue general obligation bonds therefor, in such amounts and form and on such conditions as it shall prescribe, but shall not become indebted in any manner or for any purpose in an amount including existing indebtedness in the aggregate which exceeds 5.75% of the aggregate value of the taxable property within the boundaries of the participating municipalities, public water districts, townships, and county service areas within a member county determined by the governing body of the county by resolution to be served by the Municipal Joint Action Water Agency (including any territory added to the Agency after the issuance of such general obligation bonds), collectively defined as the "Service Area", as equalized and assessed by the Department of Revenue and as most recently available at the time of the issue of said bonds. Before or at the time of incurring any such general obligation indebtedness, the Municipal Joint Action Water Agency shall provide for the collection of a direct annual tax, which shall be unlimited as to rate or amount, sufficient to pay the interest on such debt as it falls due and also to pay and discharge the principal thereof at maturity, which shall be within 40 years after the date of issue thereof. Such tax shall be levied upon and collected from all of the taxable property within the territorial boundaries of such Service Area at the time of the referendum provided for in clause (iii) and shall be levied upon and collected from all taxable property within the boundaries of any territory subsequently added to the Service Area. Dissolution of the Municipal Joint Action Water Agency for any reason shall not relieve the taxable property within such Service Area from liability for such tax. Liability for such tax for property transferred to or released from such Service Area shall be determined in the same manner as for general obligation bonds of such
county, if in an unincorporated area, and of such municipality, if within the boundaries thereof. The clerk or other officer of the Municipal Joint Action Water Agency shall file a certified copy of the resolution or ordinance by which such bonds are authorized to be issued and such tax is levied with the County Clerk or Clerks of the county or counties containing the Service Area, and such filing shall constitute, without the doing of any other act, full and complete authority for such County Clerk or Clerks to extend such tax for collection upon all the taxable property within the Service Area subject to such tax in each and every year, as required, in amounts sufficient to pay the principal of and interest on such bonds, as aforesaid, without limit as to rate or amount. Such tax shall be in addition to and in excess of all other taxes authorized to be levied by the Municipal Joint Action Water Agency or by such county, municipality, township, or public water district. The issuance of such general obligation bonds shall be subject to the other provisions of this paragraph (e), except for the provisions of clause (i) of this subparagraph 4.

(iii) No issue of general obligation bonds of the Municipal Joint Action Water Agency (except bonds to refund an existing bonded indebtedness) shall be authorized unless the Municipal Joint Action Water Agency certifies the proposition of issuing such bonds to the proper election authorities, who shall submit the proposition to the voters in the Service Area at an election in accordance with the general election law, and the proposition has been approved by a majority of those voting on the proposition.

The proposition shall be substantially in the following form:

Shall general obligation bonds for the purpose of (state purpose), in the sum not to exceed $....(insert amount), be issued by the ............... (insert corporate name of the Municipal Joint Action Water Agency)?

Yes

No

5. As long as any bonds or notes of a Municipal Joint Action Water Agency created pursuant to this Section 3.1 are outstanding and unpaid, the Agency shall not terminate or dissolve and, except as permitted by the resolution or resolutions authorizing outstanding bonds or notes, no member municipality, public water district, township, or county may withdraw from the Agency. While any such bonds or notes are outstanding, all contracts for the sale of water by the Agency to member municipalities, public water districts, townships, or counties shall be irrevocable except as permitted by the resolution or resolutions authorizing such bonds or notes. The Agency shall establish fees and charges for its operations sufficient to provide adequate revenues to meet all of the requirements under its various resolutions authorizing bonds or notes.

6. A holder of any bond or note issued pursuant to this paragraph (e) may, in any civil action, mandamus or other proceeding, enforce and compel performance of all duties required to be performed by the Agency or such counties, as provided in the authorizing resolution, or by any of the public agencies contracting with the Agency to purchase water, including the imposition of fees and charges, the collection of sufficient revenues and the proper application of revenues as provided in this paragraph (e) and the levying, extension and collection of such taxes.

7. In addition, the resolution authorizing any bonds or notes issued pursuant to this paragraph (e) may provide for a pledge, assignment, lien or security interest, for the benefit of the holders of any or all bonds or notes of the Agency, (i) on any or all revenues derived from the operation of the joint waterworks or water supply system (including from contracts for the sale of water) and investment earnings thereon or (ii) on funds or accounts securing the payment of the bonds or notes as provided in the authorizing resolution. In addition, such a pledge, assignment, lien or security interest may be made with respect to any receipts of the Agency which the agreement establishing the Agency authorizes it to apply to payment of bonds or notes. Any such pledge, assignment, lien or security interest for the benefit of holders of bonds or notes shall be valid and binding from the time the bonds or notes are issued, without any physical

delivery or further act, and shall be valid and binding as against or prior to any claims of any other party having any claims of any kind against the Agency irrespective of whether such other parties have notice of such pledge, assignment, lien or security interest.

A resolution of a Municipal Joint Water Agency authorizing the issuance of bonds or notes pursuant to this paragraph (e) may provide for the appointment of a corporate trustee with respect to any or all of such bonds or notes (which trustee may be any trust company or state or national bank having the power of a trust company within Illinois). In that event, the resolution shall prescribe the rights, duties and powers of the trustee to be exercised for the benefit of the Agency and the protection of the holders of such bonds or notes. The resolution may provide for the trustee to hold in trust, invest and use amounts in funds and accounts created as provided in the resolution. The resolution authorizing the bonds or notes may provide for the assignment and direct payment to the trustee of amounts owed by public agencies to the Municipal Joint Action Water Agency under water sales contracts for application by the trustee to the purposes for which such revenues are to be used as provided in this paragraph (e) and as provided in the authorizing resolution. Upon receipt of notice of such assignment, the public agency shall thereafter make the assigned payments directly to such trustee.

Nothing in this Section authorizes a Joint Action Water Agency to provide water service directly to residents within a municipality or in territory within one mile or less of the corporate limits of a municipality that operates a public water supply unless the municipality has consented in writing to such service being provided.

Section 10. The Illinois Municipal Code is amended by adding Section 11-124-5 as follows:

(65 ILCS 5/11-124-5 new)

Sec. 11-124-5. Acquisition of water systems by eminent domain.

(a) In addition to other provisions providing for the acquisition of water systems or water works, whenever a public utility subject to the
Public Utilities Act utilizes public property (including, but not limited to, right-of-way) of a municipality for the installation or maintenance of all or part of its water distribution system, the municipality has the right to exercise eminent domain to acquire all or part of the water system, in accordance with this Section. Unless it complies with the provisions set forth in this Section, a municipality is not permitted to acquire by eminent domain that portion of a system located in another incorporated municipality without agreement of that municipality, but this provision shall not prevent the acquisition of that portion of the water system existing within the acquiring municipality.

(b) Where a water system that is owned by a public utility (as defined in the Public 16 Utilities Act) provides water to customers located in 2 or more municipalities, the system may be acquired by either or all of the municipalities by eminent domain if there is in existence an intergovernmental agreement between the municipalities served providing for acquisition.

(c) If a water system that is owned by a public utility provides water to customers located in one or more municipalities and also to customers in an unincorporated area and if at least 70% of the customers of the system or portion thereof are located within the municipality or municipalities, then the system, or portion thereof as determined by the corporate authorities, may be acquired, using eminent domain or otherwise, by either a municipality under subsection (a) or an entity created by agreement between municipalities where at least 70% of the customers reside. For the purposes of determining "customers of the system", only retail customers directly billed by the company shall be included in the computation. The number of customers of the system most recently reported to the Illinois Commerce Commission for any calendar year preceding the year a resolution is passed by a municipality or municipalities expressing preliminary intent to purchase the water system or portion thereof shall be presumed to be the total number of customers within the system. The public utility shall provide information relative to the number of customers within each municipality and within the system within 60 days after any such request by a municipality.

(d) In the case of acquisition by a municipality or municipalities or a public entity created by law to own or operate a water system under this Section, service and water supply must be provided to persons who are customers of the system on the effective date of this amendatory Act of the 94th General Assembly without discrimination based on whether the customer is located within or outside of the boundaries of the acquiring municipality or municipalities or entity, and a supply contract existing on the effective date of this amendatory Act of the 94th General Assembly must be honored by an acquiring municipality, municipalities, or entity according to the terms so long as the agreement does not conflict with any other existing agreement.

(e) For the purposes of this Section, "system" includes all assets reasonably necessary to provide water service to a contiguous or compact geographical service area or to an area served by a common pipeline and include, but are not limited to, interests in real estate, all wells, pipes, treatment plants, pumps and other physical apparatus, data and records of facilities and customers, fire hydrants, equipment, or vehicles and also includes service agreements and obligations derived from use of the assets, whether or not the assets are contiguous to the municipality, municipalities, or entity created for the purpose of owning or operating a water system.

(f) Before making a good faith offer, a municipality may pass a resolution of intent to study the feasibility of purchasing or exercising its power of eminent domain to acquire any water system or water works, sewer system or sewer works, or combined water and sewer system or works, or part thereof. Upon the passage of such a resolution, the municipality shall have the right to review and inspect all financial and other records, and both corporeal and incorporeal assets of such utility related to the condition and the operation of the system or works, or part thereof, as part of the study and determination of feasibility of the proposed acquisition by purchase or exercise of the power of eminent domain, and the utility shall make knowledgeable persons who have access to all relevant facts and information regarding the subject system...
or works available to answer inquiries related to the study and determination.

The right to review and inspect shall be upon reasonable notice to the utility, with reasonable inspection and review time limitations and reasonable response times for production, copying, and answer. In addition, the utility may utilize a reasonable security protocol for personnel on the municipality's physical inspection team.

In the absence of other agreement, the utility must respond to any notice by the municipality concerning its review and inspection within 21 days after receiving the notice. The review and inspection of the assets of the company shall be over such period of time and carried out in such manner as is reasonable under the circumstances.

Information requested that is not privileged or protected from discovery under the Illinois Code of Civil Procedure but is reasonably claimed to be proprietary, including, without limitation, information that constitutes trade secrets or information that involves system security concerns, shall be provided, but shall not be considered a public record and shall be kept confidential by the municipality.

In addition, the municipality must, upon request, reimburse the utility for the actual, reasonable costs and expenses, excluding attorneys' fees, incurred by the utility as a result of the municipality's inspection and requests for information. Upon written request, the utility shall issue a statement itemizing, with reasonable detail, the costs and expenses for which reimbursement is sought by the utility. Where such written request for a statement has been made, no payment shall be required until 30 days after receipt of the statement. Such reimbursement by the municipality shall be considered income for purposes of any rate proceeding or other financial request before the Illinois Commerce Commission by the utility.

The municipality and the utility shall cooperate to resolve any dispute arising under this subsection. In the event the dispute under this subsection cannot be resolved, either party may request relief from the circuit court in any county in which the water system is located, with the prevailing party to be awarded such relief as the court deems appropriate.
under the discovery abuse sanctions currently set forth in the Illinois Code of Civil Procedure.

The municipality's right to inspect physical assets and records in connection with the purpose of this Section shall not be exercised with respect to any system more than one time during a 5-year period, unless a substantial change in the size of the system or condition of the operating assets of the system has occurred since the previous inspection. Rights under franchise agreements and other agreements or statutory or regulatory provisions are not limited by this Section and are preserved.

The passage of time between an inspection of the utilities and physical assets and the making of a good faith offer or initiation of an eminent domain action because of the limit placed on inspections by this subsection shall not be used as a basis for challenging the good faith of any offer or be used as the basis for attacking any appraisal, expert, argument, or position before a court related to an acquisition by purchase or eminent domain.

(g) Notwithstanding any other provision of law, the Illinois Commerce Commission has no approval authority of any eminent domain action brought by any governmental entity or combination of such entities to acquire water systems or water works.

(h) The provisions of this Section are severable under Section 1.31 of the Statute on Statutes.

(i) This Section does not apply to any public utility company that, on January 1, 2006, supplied a total of 70,000 or fewer meter connections in the State unless and until (i) that public utility company receives approval from the Illinois Commerce Commission under Section 7-204 of the Public Utilities Act for the reorganization of the public utility company or (ii) the majority control of the company changes through a stock sale, a sale of assets, a merger (other than an internal reorganization) or otherwise. For the purpose of this Section, "public utility company" means the public utility providing water service and includes any of its corporate parents, subsidiaries, or affiliates possessing a franchised water service in the State.
Section 13. The Public Utilities Act is amended by adding Section 7-213 as follows:

(220 ILCS 5/7-213 new)

Sec. 7-213. Limitations on the transfer of water systems.

(a) In the event of a sale, purchase, or any other transfer of ownership, including, without limitation, the acquisition by eminent domain, of a water system, as defined under Section 11-124-10 of the Illinois Municipal Code, operated by a privately held public water utility, the water utility’s contract or agreements with the acquiring entity (or, in the case of an eminent domain action, the court order) must require that the acquiring entity hire a sufficient number of non-supervisory employees to operate and maintain the water system by initially making offers of employment to the non-supervisory workforce of the water system at no less than the wage rates, and substantially equivalent fringe benefits and terms and conditions of employment that are in effect at the time of transfer of ownership of the water system. The wage rates and substantially equivalent fringe benefits and terms and conditions of employment must continue for at least 30 months after the time of the transfer of ownership unless the parties mutually agree to different terms and conditions of employment within that 30-month period.

(b) The privately held public water utility shall offer a transition plan to those employees who are not offered jobs by the acquiring entity because that entity has a need for fewer workers. The transition plan shall mitigate employee job losses to the extent practical through such means as offers of voluntary severance, retraining, early retirement, out placement, or related benefits. Before any reduction in the workforce during a water system transaction, the privately held public water utility shall present to the employees, or their representatives, a transition plan outlining the means by which the utility intends to mitigate the impact of the workforce reduction of its employees.

Section 15. The Code of Civil Procedure is amended by changing Section 7-102 as follows:

(735 ILCS 5/7-102) (from Ch. 110, par. 7-102)
Sec. 7-102. Parties. Where the right to take private property for public use, without the owner's consent or the right to construct or maintain any public road, railroad, plankroad, turnpike road, canal or other public work or improvement, or which may damage property not actually taken has been heretofore or shall hereafter be conferred by general law or special charter upon any corporate or municipal authority, public body, officer or agent, person, commissioner or corporation and the compensation to be paid for or in respect of the property sought to be appropriated or damaged for the purposes mentioned cannot be agreed upon by the parties interested, or in case the owner of the property is incapable of consenting, or the owner's name or residence is unknown, or the owner is a nonresident of the state, the party authorized to take or damage the property so required, or to construct, operate and maintain any public road, railroad, plankroad, turnpike road, canal or other public work or improvement, may apply to the circuit court of the county where the property or any part thereof is situated, by filing with the clerk a complaint, setting forth, by reference, his, her or their authority in the premises, the purpose for which the property is sought to be taken or damaged, a description of the property, the names of all persons interested therein as owners or otherwise as appearing of record, if known, or if not known stating that fact and praying such court to cause the compensation to be paid to the owner to be assessed. If it appears that any person not in being, upon coming into being, is, or may become or may claim to be, entitled to any interest in the property sought to be appropriated or damaged the court shall appoint some competent and disinterested person as guardian ad litem, to appear for and represent such interest in the proceeding and to defend the proceeding on behalf of the person not in being, and any judgment entered in the proceeding shall be as effectual for all purposes as though the person was in being and was a party to the proceeding. If the proceeding seeks to affect the property of persons under guardianship, the guardians shall be made parties defendant. Persons interested, whose names are unknown, may be made parties defendant by the same descriptions and in the same manner as provided in other civil cases. Where the property to be taken or damaged is a common element of

property subject to a declaration of condominium ownership pursuant to the Condominium Property Act or of a common interest community, the complaint shall name the unit owners' association in lieu of naming the individual unit owners and lienholders on individual units. Unit owners, mortgagees and other lienholders may intervene as parties defendant. For the purposes of this Section "common interest community" shall have the same meaning as set forth in subsection (c) of Section 9-102 of the Code of Civil Procedure. "Unit owners' association" or "association" shall refer to both the definition contained in Section 2 of the Condominium Property Act and subsection (c) of Section 9-102 of the Code of Civil Procedure. Where the property is sought to be taken or damaged by the state for the purposes of establishing, operating or maintaining any state house or state charitable or other institutions or improvements, the complaint shall be signed by the governor or such other person as he or she shall direct, or as is provided by law. No property, except property described in either Section 3 of the Sports Stadium Act, property to be acquired in furtherance of actions under or Article 11, Divisions 124, 126, 128, 130, 135, 136, and Division 139, of the Illinois Municipal Code, property to be acquired in furtherance of actions under Section 3.1 of the Intergovernmental Cooperation Act, property to be acquired that is a water system or waterworks pursuant to the home rule powers of a unit of local government, and property described as Site B in Section 2 of the Metropolitan Pier and Exposition Authority Act, belonging to a railroad or other public utility subject to the jurisdiction of the Illinois Commerce Commission may be taken or damaged, pursuant to the provisions of Article VII of this Act, without the prior approval of the Illinois Commerce Commission. This amendatory Act of 1991 (Public Act 87-760) is declaratory of existing law and is intended to remove possible ambiguities, thereby confirming the existing meaning of the Code of Civil Procedure and of the Illinois Municipal Code in effect before January 1, 1992 (the effective date of Public Act 87-760).

(730 ILCS 5/5-6-1) (from Ch. 38, par. 1005-6-1)

Sec. 5-6-1. Sentences of Probation and of Conditional Discharge and Disposition of Supervision. The General Assembly finds that in order to protect the public, the criminal justice system must compel compliance with the conditions of probation by responding to violations with swift, certain and fair punishments and intermediate sanctions. The Chief Judge of each circuit shall adopt a system of structured, intermediate sanctions for violations of the terms and conditions of a sentence of probation, conditional discharge or disposition of supervision.

(a) Except where specifically prohibited by other provisions of this Code, the court shall impose a sentence of probation or conditional discharge upon an offender unless, having regard to the nature and circumstance of the offense, and to the history, character and condition of the offender, the court is of the opinion that:

(1) his imprisonment or periodic imprisonment is necessary for the protection of the public; or

(2) probation or conditional discharge would deprecate the seriousness of the offender's conduct and would be inconsistent with the ends of justice; or

(3) a combination of imprisonment with concurrent or consecutive probation when an offender has been admitted into a drug court program under Section 20 of the Drug Court Treatment Act is necessary for the protection of the public and for the rehabilitation of the offender.

The court shall impose as a condition of a sentence of probation, conditional discharge, or supervision, that the probation agency may invoke any sanction from the list of intermediate sanctions adopted by the chief judge of the circuit court for violations of the terms and conditions of the sentence of probation, conditional discharge, or supervision, subject to the provisions of Section 5-6-4 of this Act.

(b) The court may impose a sentence of conditional discharge for an offense if the court is of the opinion that neither a sentence of imprisonment nor of periodic imprisonment nor of probation supervision is appropriate.

(b-1) Subsections (a) and (b) of this Section do not apply to a defendant charged with a misdemeanor or felony under the Illinois Vehicle Code or reckless homicide under Section 9-3 of the Criminal Code of 1961 if the defendant within the past 12 months has been convicted of or pleaded guilty to a misdemeanor or felony under the Illinois Vehicle Code or reckless homicide under Section 9-3 of the Criminal Code of 1961.

(c) The court may, upon a plea of guilty or a stipulation by the defendant of the facts supporting the charge or a finding of guilt, defer further proceedings and the imposition of a sentence, and enter an order for supervision of the defendant, if the defendant is not charged with: (i) a Class A misdemeanor, as defined by the following provisions of the Criminal Code of 1961: Sections 11-9.1; 12-3.2; 12-15; 26-5; 31-1; 31-6; 31-7; subsections (b) and (c) of Section 21-1; paragraph (1) through (5), (8), (10), and (11) of subsection (a) of Section 24-1; (ii) a Class A misdemeanor violation of Section 3.01, 3.03-1, or 4.01 of the Humane Care for Animals Act; or (iii) felony. If the defendant is not barred from receiving an order for supervision as provided in this subsection, the court may enter an order for supervision after considering the circumstances of the offense, and the history, character and condition of the offender, if the court is of the opinion that:

(1) the offender is not likely to commit further crimes;
(2) the defendant and the public would be best served if the defendant were not to receive a criminal record; and
(3) in the best interests of justice an order of supervision is more appropriate than a sentence otherwise permitted under this Code.

(d) The provisions of paragraph (c) shall not apply to a defendant charged with violating Section 11-501 of the Illinois Vehicle Code or a similar provision of a local ordinance when the defendant has previously been:

(1) convicted for a violation of Section 11-501 of the Illinois Vehicle Code or a similar provision of a local ordinance or any similar law or ordinance of another state; or

Section 5. The Children and Family Services Act is amended by changing Sections 5, 25, and 35.1 and by adding Sections 5.30 and 7.5 as follows:

(20 ILCS 505/5) (from Ch. 23, par. 5005)
Sec. 5. Direct child welfare services; Department of Children and Family Services. To provide direct child welfare services when not available through other public or private child care or program facilities.
(a) For purposes of this Section:
(1) "Children" means persons found within the State who are under the age of 18 years. The term also includes persons under age 19 who:
   (A) were committed to the Department pursuant to the Juvenile Court Act or the Juvenile Court Act of 1987, as amended, prior to the age of 18 and who continue under the jurisdiction of the court; or
   (B) were accepted for care, service and training by the Department prior to the age of 18 and whose best interest in the discretion of the Department would be served by continuing that care, service and training because of severe emotional disturbances, physical disability, social adjustment or any combination thereof, or because of the need to complete an educational or vocational training program.
(2) "Homeless youth" means persons found within the State who are under the age of 19, are not in a safe and stable living situation and cannot be reunited with their families.
(3) "Child welfare services" means public social services which are directed toward the accomplishment of the following purposes:
   (A) protecting and promoting the health, safety and welfare of children, including homeless, dependent or neglected children;

New matter indicated by italics - deletions by strikeout
(B) remedying, or assisting in the solution of problems which may result in, the neglect, abuse, exploitation or delinquency of children;

(C) preventing the unnecessary separation of children from their families by identifying family problems, assisting families in resolving their problems, and preventing the breakup of the family where the prevention of child removal is desirable and possible when the child can be cared for at home without endangering the child's health and safety;

(D) restoring to their families children who have been removed, by the provision of services to the child and the families when the child can be cared for at home without endangering the child's health and safety;

(E) placing children in suitable adoptive homes, in cases where restoration to the biological family is not safe, possible or appropriate;

(F) assuring safe and adequate care of children away from their homes, in cases where the child cannot be returned home or cannot be placed for adoption. At the time of placement, the Department shall consider concurrent planning, as described in subsection (l-1) of this Section so that permanency may occur at the earliest opportunity. Consideration should be given so that if reunification fails or is delayed, the placement made is the best available placement to provide permanency for the child;

(G) (blank);

(H) (blank); and

(I) placing and maintaining children in facilities that provide separate living quarters for children under the age of 18 and for children 18 years of age and older, unless a child 18 years of age is in the last year of high school education or vocational training, in an approved individual or group treatment program, in a licensed shelter facility, or
secure child care facility. The Department is not required to place or maintain children:

(i) who are in a foster home, or
(ii) who are persons with a developmental disability, as defined in the Mental Health and Developmental Disabilities Code, or
(iii) who are female children who are pregnant, pregnant and parenting or parenting, or
(iv) who are siblings, in facilities that provide separate living quarters for children 18 years of age and older and for children under 18 years of age.

(b) Nothing in this Section shall be construed to authorize the expenditure of public funds for the purpose of performing abortions.

(c) The Department shall establish and maintain tax-supported child welfare services and extend and seek to improve voluntary services throughout the State, to the end that services and care shall be available on an equal basis throughout the State to children requiring such services.

(d) The Director may authorize advance disbursements for any new program initiative to any agency contracting with the Department. As a prerequisite for an advance disbursement, the contractor must post a surety bond in the amount of the advance disbursement and have a purchase of service contract approved by the Department. The Department may pay up to 2 months operational expenses in advance. The amount of the advance disbursement shall be prorated over the life of the contract or the remaining months of the fiscal year, whichever is less, and the installment amount shall then be deducted from future bills. Advance disbursement authorizations for new initiatives shall not be made to any agency after that agency has operated during 2 consecutive fiscal years. The requirements of this Section concerning advance disbursements shall not apply with respect to the following: payments to local public agencies for child day care services as authorized by Section 5a of this Act; and youth service programs receiving grant funds under Section 17a-4.

(e) (Blank).

(f) (Blank).

(g) The Department shall establish rules and regulations concerning its operation of programs designed to meet the goals of child safety and protection, family preservation, family reunification, and adoption, including but not limited to:

(1) adoption;
(2) foster care;
(3) family counseling;
(4) protective services;
(5) (blank);
(6) homemaker service;
(7) return of runaway children;
(8) (blank);
(9) placement under Section 5-7 of the Juvenile Court Act or Section 2-27, 3-28, 4-25 or 5-740 of the Juvenile Court Act of 1987 in accordance with the federal Adoption Assistance and Child Welfare Act of 1980; and
(10) interstate services.

Rules and regulations established by the Department shall include provisions for training Department staff and the staff of Department grantees, through contracts with other agencies or resources, in alcohol and drug abuse screening techniques approved by the Department of Human Services, as a successor to the Department of Alcoholism and Substance Abuse, for the purpose of identifying children and adults who should be referred to an alcohol and drug abuse treatment program for professional evaluation.

(h) If the Department finds that there is no appropriate program or facility within or available to the Department for a ward and that no licensed private facility has an adequate and appropriate program or none agrees to accept the ward, the Department shall create an appropriate individualized, program-oriented plan for such ward. The plan may be developed within the Department or through purchase of services by the Department to the extent that it is within its statutory authority to do.
(i) Service programs shall be available throughout the State and shall include but not be limited to the following services:

(1) case management;
(2) homemakers;
(3) counseling;
(4) parent education;
(5) day care; and
(6) emergency assistance and advocacy.

In addition, the following services may be made available to assess and meet the needs of children and families:

(1) comprehensive family-based services;
(2) assessments;
(3) respite care; and
(4) in-home health services.

The Department shall provide transportation for any of the services it makes available to children or families or for which it refers children or families.

(j) The Department may provide categories of financial assistance and education assistance grants, and shall establish rules and regulations concerning the assistance and grants, to persons who adopt physically or mentally handicapped, older and other hard-to-place children who (i) immediately prior to their adoption were legal wards of the Department or (ii) were determined eligible for financial assistance with respect to a prior adoption and who become available for adoption because the prior adoption has been dissolved and the parental rights of the adoptive parents have been terminated or because the child's adoptive parents have died. The Department may, subject to federal financial participation in the cost, continue to provide financial assistance and education assistance grants for a child who was determined eligible for financial assistance under this subsection (j) in the interim period beginning when the child's adoptive parents died and ending with the finalization of the new adoption of the child by another adoptive parent or parents. The Department may also provide categories of financial assistance and education assistance grants, and shall establish rules and regulations for the assistance and grants, to

persons appointed guardian of the person under Section 5-7 of the Juvenile Court Act or Section 2-27, 3-28, 4-25 or 5-740 of the Juvenile Court Act of 1987 for children who were wards of the Department for 12 months immediately prior to the appointment of the guardian.

The amount of assistance may vary, depending upon the needs of the child and the adoptive parents, as set forth in the annual assistance agreement. Special purpose grants are allowed where the child requires special service but such costs may not exceed the amounts which similar services would cost the Department if it were to provide or secure them as guardian of the child.

Any financial assistance provided under this subsection is inalienable by assignment, sale, execution, attachment, garnishment, or any other remedy for recovery or collection of a judgment or debt.

(j-5) The Department shall not deny or delay the placement of a child for adoption if an approved family is available either outside of the Department region handling the case, or outside of the State of Illinois.

(k) The Department shall accept for care and training any child who has been adjudicated neglected or abused, or dependent committed to it pursuant to the Juvenile Court Act or the Juvenile Court Act of 1987.

(l) Before July 1, 2000, the Department may provide, and beginning July 1, 2000, the Department shall offer family preservation services, as defined in Section 8.2 of the Abused and Neglected Child Reporting Act, to help families, including adoptive and extended families. Family preservation services shall be offered (i) to prevent the placement of children in substitute care when the children can be cared for at home or in the custody of the person responsible for the children's welfare, (ii) to reunite children with their families, or (iii) to maintain an adoptive placement. Family preservation services shall only be offered when doing so will not endanger the children's health or safety. With respect to children who are in substitute care pursuant to the Juvenile Court Act of 1987, family preservation services shall not be offered if a goal other than those of subdivisions (A), (B), or (B-1) of subsection (2) of Section 2-28 of that Act has been set. Nothing in this paragraph shall be construed to

create a private right of action or claim on the part of any individual or child welfare agency.

The Department shall notify the child and his family of the Department's responsibility to offer and provide family preservation services as identified in the service plan. The child and his family shall be eligible for services as soon as the report is determined to be "indicated". The Department may offer services to any child or family with respect to whom a report of suspected child abuse or neglect has been filed, prior to concluding its investigation under Section 7.12 of the Abused and Neglected Child Reporting Act. However, the child's or family's willingness to accept services shall not be considered in the investigation. The Department may also provide services to any child or family who is the subject of any report of suspected child abuse or neglect or may refer such child or family to services available from other agencies in the community, even if the report is determined to be unfounded, if the conditions in the child's or family's home are reasonably likely to subject the child or family to future reports of suspected child abuse or neglect. Acceptance of such services shall be voluntary.

The Department may, at its discretion except for those children also adjudicated neglected or dependent, accept for care and training any child who has been adjudicated addicted, as a truant minor in need of supervision or as a minor requiring authoritative intervention, under the Juvenile Court Act or the Juvenile Court Act of 1987, but no such child shall be committed to the Department by any court without the approval of the Department. A minor charged with a criminal offense under the Criminal Code of 1961 or adjudicated delinquent shall not be placed in the custody of or committed to the Department by any court, except a minor less than 13 years of age committed to the Department under Section 5-710 of the Juvenile Court Act of 1987.

(l-1) The legislature recognizes that the best interests of the child require that the child be placed in the most permanent living arrangement as soon as is practically possible. To achieve this goal, the legislature directs the Department of Children and Family Services to conduct concurrent planning so that permanency may occur at the earliest
opportunity. Permanent living arrangements may include prevention of placement of a child outside the home of the family when the child can be cared for at home without endangering the child's health or safety; reunification with the family, when safe and appropriate, if temporary placement is necessary; or movement of the child toward the most permanent living arrangement and permanent legal status.

When determining reasonable efforts to be made with respect to a child, as described in this subsection, and in making such reasonable efforts, the child's health and safety shall be the paramount concern.

When a child is placed in foster care, the Department shall ensure and document that reasonable efforts were made to prevent or eliminate the need to remove the child from the child's home. The Department must make reasonable efforts to reunify the family when temporary placement of the child occurs unless otherwise required, pursuant to the Juvenile Court Act of 1987. At any time after the dispositional hearing where the Department believes that further reunification services would be ineffective, it may request a finding from the court that reasonable efforts are no longer appropriate. The Department is not required to provide further reunification services after such a finding.

A decision to place a child in substitute care shall be made with considerations of the child's health, safety, and best interests. At the time of placement, consideration should also be given so that if reunification fails or is delayed, the placement made is the best available placement to provide permanency for the child.

The Department shall adopt rules addressing concurrent planning for reunification and permanency. The Department shall consider the following factors when determining appropriateness of concurrent planning:

1. the likelihood of prompt reunification;
2. the past history of the family;
3. the barriers to reunification being addressed by the family;
4. the level of cooperation of the family;

New matter indicated by italics - deletions by strikeout
(5) the foster parents' willingness to work with the family to reunite;
(6) the willingness and ability of the foster family to provide an adoptive home or long-term placement;
(7) the age of the child;
(8) placement of siblings.
(m) The Department may assume temporary custody of any child if:

(1) it has received a written consent to such temporary custody signed by the parents of the child or by the parent having custody of the child if the parents are not living together or by the guardian or custodian of the child if the child is not in the custody of either parent, or

(2) the child is found in the State and neither a parent, guardian nor custodian of the child can be located.

If the child is found in his or her residence without a parent, guardian, custodian or responsible caretaker, the Department may, instead of removing the child and assuming temporary custody, place an authorized representative of the Department in that residence until such time as a parent, guardian or custodian enters the home and expresses a willingness and apparent ability to ensure the child's health and safety and resume permanent charge of the child, or until a relative enters the home and is willing and able to ensure the child's health and safety and assume charge of the child until a parent, guardian or custodian enters the home and expresses such willingness and ability to ensure the child's safety and resume permanent charge. After a caretaker has remained in the home for a period not to exceed 12 hours, the Department must follow those procedures outlined in Section 2-9, 3-11, 4-8, or 5-415 of the Juvenile Court Act of 1987.

The Department shall have the authority, responsibilities and duties that a legal custodian of the child would have pursuant to subsection (9) of Section 1-3 of the Juvenile Court Act of 1987. Whenever a child is taken into temporary custody pursuant to an investigation under the Abused and Neglected Child Reporting Act, or pursuant to a referral and acceptance

New matter indicated by italics - deletions by strikeout
under the Juvenile Court Act of 1987 of a minor in limited custody, the Department, during the period of temporary custody and before the child is brought before a judicial officer as required by Section 2-9, 3-11, 4-8, or 5-415 of the Juvenile Court Act of 1987, shall have the authority, responsibilities and duties that a legal custodian of the child would have under subsection (9) of Section 1-3 of the Juvenile Court Act of 1987.

The Department shall ensure that any child taken into custody is scheduled for an appointment for a medical examination.

A parent, guardian or custodian of a child in the temporary custody of the Department who would have custody of the child if he were not in the temporary custody of the Department may deliver to the Department a signed request that the Department surrender the temporary custody of the child. The Department may retain temporary custody of the child for 10 days after the receipt of the request, during which period the Department may cause to be filed a petition pursuant to the Juvenile Court Act of 1987. If a petition is so filed, the Department shall retain temporary custody of the child until the court orders otherwise. If a petition is not filed within the 10 day period, the child shall be surrendered to the custody of the requesting parent, guardian or custodian not later than the expiration of the 10 day period, at which time the authority and duties of the Department with respect to the temporary custody of the child shall terminate.

(m-1) The Department may place children under 18 years of age in a secure child care facility licensed by the Department that cares for children who are in need of secure living arrangements for their health, safety, and well-being after a determination is made by the facility director and the Director or the Director's designate prior to admission to the facility subject to Section 2-27.1 of the Juvenile Court Act of 1987. This subsection (m-1) does not apply to a child who is subject to placement in a correctional facility operated pursuant to Section 3-15-2 of the Unified Code of Corrections, unless the child is a ward who was placed under the care of the Department before being subject to placement in a correctional facility and a court of competent jurisdiction has ordered placement of the child in a secure care facility.

New matter indicated by italics - deletions by strikeout
(n) The Department may place children under 18 years of age in licensed child care facilities when in the opinion of the Department, appropriate services aimed at family preservation have been unsuccessful and cannot ensure the child's health and safety or are unavailable and such placement would be for their best interest. Payment for board, clothing, care, training and supervision of any child placed in a licensed child care facility may be made by the Department, by the parents or guardians of the estates of those children, or by both the Department and the parents or guardians, except that no payments shall be made by the Department for any child placed in a licensed child care facility for board, clothing, care, training and supervision of such a child that exceed the average per capita cost of maintaining and of caring for a child in institutions for dependent or neglected children operated by the Department. However, such restriction on payments does not apply in cases where children require specialized care and treatment for problems of severe emotional disturbance, physical disability, social adjustment, or any combination thereof and suitable facilities for the placement of such children are not available at payment rates within the limitations set forth in this Section. All reimbursements for services delivered shall be absolutely inalienable by assignment, sale, attachment, garnishment or otherwise.

(o) The Department shall establish an administrative review and appeal process for children and families who request or receive child welfare services from the Department. Children who are wards of the Department and are placed by private child welfare agencies, and foster families with whom those children are placed, shall be afforded the same procedural and appeal rights as children and families in the case of placement by the Department, including the right to an initial review of a private agency decision by that agency. The Department shall insure that any private child welfare agency, which accepts wards of the Department for placement, affords those rights to children and foster families. The Department shall accept for administrative review and an appeal hearing a complaint made by (i) a child or foster family concerning a decision following an initial review by a private child welfare agency or (ii) a prospective adoptive parent who alleges a violation of subsection (j-5) of
this Section. An appeal of a decision concerning a change in the placement of a child shall be conducted in an expedited manner.

(p) There is hereby created the Department of Children and Family Services Emergency Assistance Fund from which the Department may provide special financial assistance to families which are in economic crisis when such assistance is not available through other public or private sources and the assistance is deemed necessary to prevent dissolution of the family unit or to reunite families which have been separated due to child abuse and neglect. The Department shall establish administrative rules specifying the criteria for determining eligibility for and the amount and nature of assistance to be provided. The Department may also enter into written agreements with private and public social service agencies to provide emergency financial services to families referred by the Department. Special financial assistance payments shall be available to a family no more than once during each fiscal year and the total payments to a family may not exceed $500 during a fiscal year.

(q) The Department may receive and use, in their entirety, for the benefit of children any gift, donation or bequest of money or other property which is received on behalf of such children, or any financial benefits to which such children are or may become entitled while under the jurisdiction or care of the Department.

The Department shall set up and administer no-cost, interest-bearing accounts in appropriate financial institutions for children for whom the Department is legally responsible and who have been determined eligible for Veterans' Benefits, Social Security benefits, assistance allotments from the armed forces, court ordered payments, parental voluntary payments, Supplemental Security Income, Railroad Retirement payments, Black Lung benefits, or other miscellaneous payments. Interest earned by each account shall be credited to the account, unless disbursed in accordance with this subsection.

In disbursing funds from children's accounts, the Department shall:

1. Establish standards in accordance with State and federal laws for disbursing money from children's accounts. In all circumstances, the Department's "Guardianship Administrator" or

New matter indicated by italics - deletions by strikeout
his or her designee must approve disbursements from children's accounts. The Department shall be responsible for keeping complete records of all disbursements for each account for any purpose.

(2) Calculate on a monthly basis the amounts paid from State funds for the child's board and care, medical care not covered under Medicaid, and social services; and utilize funds from the child's account, as covered by regulation, to reimburse those costs. Monthly, disbursements from all children's accounts, up to 1/12 of $13,000,000, shall be deposited by the Department into the General Revenue Fund and the balance over 1/12 of $13,000,000 into the DCFS Children's Services Fund.

(3) Maintain any balance remaining after reimbursing for the child's costs of care, as specified in item (2). The balance shall accumulate in accordance with relevant State and federal laws and shall be disbursed to the child or his or her guardian, or to the issuing agency.

(r) The Department shall promulgate regulations encouraging all adoption agencies to voluntarily forward to the Department or its agent names and addresses of all persons who have applied for and have been approved for adoption of a hard-to-place or handicapped child and the names of such children who have not been placed for adoption. A list of such names and addresses shall be maintained by the Department or its agent, and coded lists which maintain the confidentiality of the person seeking to adopt the child and of the child shall be made available, without charge, to every adoption agency in the State to assist the agencies in placing such children for adoption. The Department may delegate to an agent its duty to maintain and make available such lists. The Department shall ensure that such agent maintains the confidentiality of the person seeking to adopt the child and of the child.

(s) The Department of Children and Family Services may establish and implement a program to reimburse Department and private child welfare agency foster parents licensed by the Department of Children and Family Services for damages sustained by the foster parents as a result of
the malicious or negligent acts of foster children, as well as providing third party coverage for such foster parents with regard to actions of foster children to other individuals. Such coverage will be secondary to the foster parent liability insurance policy, if applicable. The program shall be funded through appropriations from the General Revenue Fund, specifically designated for such purposes.

(t) The Department shall perform home studies and investigations and shall exercise supervision over visitation as ordered by a court pursuant to the Illinois Marriage and Dissolution of Marriage Act or the Adoption Act only if:

(1) an order entered by an Illinois court specifically directs the Department to perform such services; and

(2) the court has ordered one or both of the parties to the proceeding to reimburse the Department for its reasonable costs for providing such services in accordance with Department rules, or has determined that neither party is financially able to pay.

The Department shall provide written notification to the court of the specific arrangements for supervised visitation and projected monthly costs within 60 days of the court order. The Department shall send to the court information related to the costs incurred except in cases where the court has determined the parties are financially unable to pay. The court may order additional periodic reports as appropriate.

(u) In addition to other information that must be provided, whenever the Department places a child with a prospective adoptive parent or parents or in a licensed foster home, group home, child care institution, or in a relative home, the Department shall provide to the prospective adoptive parent or parents or other caretaker:
