If a retailer or serviceman with a place of business located within a redevelopment project area also has one or more other places of business within the municipality but outside the redevelopment project area, the retailer or serviceman shall, upon request of the Department of Revenue, certify to the Department of Revenue the amount of taxes paid pursuant to the Retailers' Occupation Tax Act, the Municipal Retailers' Occupation Tax Act, the Service Occupation Tax Act and the Municipal Service Occupation Tax Act at each place of business which is located within the redevelopment project area in the manner and for the periods of time requested by the Department of Revenue.

When the municipality determines that a portion of an increase in the aggregate amount of taxes paid by retailers and servicemen under the Retailers' Occupation Tax Act, Use Tax Act, Service Use Tax Act, or the Service Occupation Tax Act is the result of a retailer or serviceman initiating retail or service operations in the redevelopment project area by such retailer or serviceman with a resulting termination of retail or service operations by such retailer or serviceman at another location in Illinois in the standard metropolitan statistical area of such municipality, the Department of Revenue shall be notified that the retailers occupation tax liability, use tax liability, service occupation tax liability, or service use tax liability from such retailer's or serviceman's terminated operation shall be included in the base Initial Sales Tax Amounts from which the State Sales Tax Increment is calculated for purposes of State payments to the affected municipality; provided, however, for purposes of this paragraph "termination" shall mean a closing of a retail or service operation which is directly related to the opening of the same retail or service operation in a redevelopment project area which is included within a State Sales Tax Boundary, but it shall not include retail or service operations closed for reasons beyond the control of the retailer or serviceman, as determined by the Department.

If the municipality makes the determination referred to in the prior paragraph and notifies the Department and if the relocation is from a location within the municipality, the Department, at the request of the municipality, shall adjust the certified aggregate amount of taxes that

constitute the Municipal Sales Tax Increment paid by retailers and servicemen on transactions at places of business located within the State Sales Tax Boundary during the base year using the same procedures as are employed to make the adjustment referred to in the prior paragraph. The adjusted Municipal Sales Tax Increment calculated by the Department shall be sufficient to satisfy the requirements of subsection (1) of this Section.

When a municipality which has adopted tax increment allocation financing in 1986 determines that a portion of the aggregate amount of taxes paid by retailers and servicemen under the Retailers Occupation Tax Act, Use Tax Act, Service Use Tax Act, or Service Occupation Tax Act, the Municipal Retailers' Occupation Tax Act and the Municipal Service Occupation Tax Act, includes revenue of a retailer or serviceman which terminated retailer or service operations in 1986, prior to the adoption of tax increment allocation financing, the Department of Revenue shall be notified by such municipality that the retailers' occupation tax liability, use tax liability, service occupation tax liability or service use tax liability, from such retailer's or serviceman's terminated operations shall be excluded from the Initial Sales Tax Amounts for such taxes. The revenue from any such retailer or serviceman which is excluded from the base year under this paragraph, shall not be included in calculating incremental revenues if such retailer or serviceman reestablishes such business in the redevelopment project area.

For State fiscal year 1992, the Department of Revenue shall budget, and the Illinois General Assembly shall appropriate from the Illinois Tax Increment Fund in the State treasury, an amount not to exceed $18,000,000 to pay to each eligible municipality the Net State Sales Tax Increment to which such municipality is entitled.

Beginning on January 1, 1993, each municipality's proportional share of the Illinois Tax Increment Fund shall be determined by adding the annual Net State Sales Tax Increment and the annual Net Utility Tax Increment to determine the Annual Total Increment. The ratio of the Annual Total Increment of each municipality to the Annual Total Increment for all municipalities, as most recently calculated by the

Department, shall determine the proportional shares of the Illinois Tax Increment Fund to be distributed to each municipality.

Beginning in October, 1993, and each January, April, July and October thereafter, the Department of Revenue shall certify to the Treasurer and the Comptroller the amounts payable quarter annually during the fiscal year to each municipality under this Section. The Comptroller shall promptly then draw warrants, ordering the State Treasurer to pay such amounts from the Illinois Tax Increment Fund in the State treasury.

The Department of Revenue shall utilize the same periods established for determining State Sales Tax Increment to determine the Municipal Sales Tax Increment for the area within a State Sales Tax Boundary and certify such amounts to such municipal treasurer who shall transfer such amounts to the special tax allocation fund.

The provisions of this subsection (1) do not apply to additional municipal retailers' occupation or service occupation taxes imposed by municipalities using their home rule powers or imposed pursuant to Sections 8-11-1.3, 8-11-1.4 and 8-11-1.5 of this Act. A municipality shall not receive from the State any share of the Illinois Tax Increment Fund unless such municipality deposits all its Municipal Sales Tax Increment and the local incremental real property tax revenues, as provided herein, into the appropriate special tax allocation fund. If, however, a municipality has extended the estimated dates of completion of the redevelopment project and retirement of obligations to finance redevelopment project costs by municipal ordinance to December 31, 2013 under subsection (n) of Section 11-74.4-3, then that municipality shall continue to receive from the State a share of the Illinois Tax Increment Fund so long as the municipality deposits, from any funds available, excluding funds in the special tax allocation fund, an amount equal to the municipal share of the real property tax increment revenues into the special tax allocation fund during the extension period. The amount to be deposited by the municipality in each of the tax years affected by the extension to December 31, 2013 shall be equal to the municipal share of the property tax increment deposited into the special tax allocation fund by the

municipality for the most recent year that the property tax increment was
distributed. A municipality located within an economic development
project area created under the County Economic Development Project
Area Property Tax Allocation Act which has abated any portion of its
property taxes which otherwise would have been deposited in its special
tax allocation fund shall not receive from the State the Net Sales Tax
Increment.

(2) A municipality which has adopted tax increment allocation
financing with regard to an industrial park or industrial park conservation
area, prior to January 1, 1988, may by ordinance authorize the Department
of Revenue to annually certify and pay from the Illinois Tax Increment
Fund to such municipality for deposit in the municipality's special tax
allocation fund an amount equal to the Net State Utility Tax Increment.
Provided that for purposes of this Section no amendments adding
additional area to the redevelopment project area shall be taken into
account if such amendments are adopted by the municipality after January
1, 1988. Municipalities adopting an ordinance under this subsection (2) of
this Section for a redevelopment project area shall not be entitled to
payment of State taxes authorized under subsection (1) of this Section for
the same redevelopment project area which is within a State Sales Tax
Boundary. Nothing herein shall be construed to prevent a municipality
from receiving payment of State taxes authorized under subsection (1) of
this Section for a separate redevelopment project area within a State Sales
Tax Boundary that does not overlap in any way with the redevelopment
project area receiving payments of State taxes pursuant to subsection (2) of
this Section.

A certified copy of such ordinance shall be submitted to the
Department of Commerce and Economic Opportunity Community Affairs
and the Department of Revenue not later than 30 days after the effective
date of the ordinance.

When a municipality determines that a portion of an increase in the
aggregate amount of taxes paid by industrial or commercial facilities under
the Public Utilities Act, is the result of an industrial or commercial facility
initiating operations in the redevelopment project area with a resulting

New matter indicated by italics - deletions by strikeout
termination of such operations by such industrial or commercial facility at another location in Illinois, the Department of Revenue shall be notified by such municipality that such industrial or commercial facility's liability under the Public Utility Tax Act shall be included in the base from which tax increments are calculated for purposes of State payments to the affected municipality.

After receipt of the calculations by the public utility as required by subsection (4) of this Section, the Department of Revenue shall annually budget and the Illinois General Assembly shall annually appropriate from the General Revenue Fund through State Fiscal Year 1989, and thereafter from the Illinois Tax Increment Fund, an amount sufficient to pay to each eligible municipality the amount of incremental revenue attributable to State electric and gas taxes as reflected by the charges imposed on persons in the project area to which such municipality is entitled by comparing the preceding calendar year with the base year as determined by this Section. Beginning on January 1, 1993, each municipality's proportional share of the Illinois Tax Increment Fund shall be determined by adding the annual Net State Utility Tax Increment and the annual Net Utility Tax Increment to determine the Annual Total Increment. The ratio of the Annual Total Increment of each municipality to the Annual Total Increment for all municipalities, as most recently calculated by the Department, shall determine the proportional shares of the Illinois Tax Increment Fund to be distributed to each municipality.

A municipality shall not receive any share of the Illinois Tax Increment Fund from the State unless such municipality imposes the maximum municipal charges authorized pursuant to Section 9-221 of the Public Utilities Act and deposits all municipal utility tax incremental revenues as certified by the public utilities, and all local real estate tax increments into such municipality's special tax allocation fund.

(3) Within 30 days after the adoption of the ordinance required by either subsection (1) or subsection (2) of this Section, the municipality shall transmit to the Department of Commerce and Economic Opportunity Community Affairs and the Department of Revenue the following:

(b) if applicable, a certified copy of the ordinance required by subsection (2) accompanied by a complete list of street names and range of street numbers of each street located within the redevelopment project area, the utility customers in the project area, and the utilities serving the redevelopment project areas;

(c) certified copies of the ordinances approving the redevelopment plan and designating the redevelopment project area;

(d) a copy of the redevelopment plan as approved by the municipality;

(e) an opinion of legal counsel that the municipality had complied with the requirements of this Act; and

(f) a certification by the chief executive officer of the municipality that with regard to a redevelopment project area: (1) the municipality has committed all of the municipal tax increment created pursuant to this Act for deposit in the special tax allocation fund, (2) the redevelopment projects described in the redevelopment plan would not be completed without the use of State incremental revenues pursuant to this Act, (3) the

(4) The Department of Revenue upon receipt of the information set forth in paragraph (b) of subsection (3) shall immediately forward such information to each public utility furnishing natural gas or electricity to buildings within the redevelopment project area. Upon receipt of such information, each public utility shall promptly:

(a) provide to the Department of Revenue and the municipality separate lists of the names and addresses of persons within the redevelopment project area receiving natural gas or electricity from such public utility. Such list shall be updated as necessary by the public utility. Each month thereafter the public utility shall furnish the Department of Revenue and the municipality with an itemized listing of charges imposed pursuant to Sections 9-221 and 9-222 of the Public Utilities Act on persons within the redevelopment project area.

(b) determine the amount of charges imposed pursuant to Sections 9-221 and 9-222 of the Public Utilities Act on persons in the redevelopment project area during the base year, both as a result of State taxes on electricity and gas and as a result of State taxes on electricity and gas and certify such amounts both to the municipality and the Department of Revenue; and

(c) determine the amount of charges imposed pursuant to Sections 9-221 and 9-222 of the Public Utilities Act on persons in the redevelopment project area on a monthly basis during the base year, both as a result of State and municipal taxes on electricity and gas and certify such separate amounts both to the municipality and the Department of Revenue.
After the determinations are made in paragraphs (b) and (c), the public utility shall monthly during the existence of the redevelopment project area notify the Department of Revenue and the municipality of any increase in charges over the base year determinations made pursuant to paragraphs (b) and (c).

(5) The payments authorized under this Section shall be deposited by the municipal treasurer in the special tax allocation fund of the municipality, which for accounting purposes shall identify the sources of each payment as: municipal receipts from the State retailers occupation, service occupation, use and service use taxes; and municipal public utility taxes charged to customers under the Public Utilities Act and State public utility taxes charged to customers under the Public Utilities Act.

(6) Before the effective date of this amendatory Act of the 91st General Assembly, any municipality receiving payments authorized under this Section for any redevelopment project area or area within a State Sales Tax Boundary within the municipality shall submit to the Department of Revenue and to the taxing districts which are sent the notice required by Section 6 of this Act annually within 180 days after the close of each municipal fiscal year the following information for the immediately preceding fiscal year:

(a) Any amendments to the redevelopment plan, the redevelopment project area, or the State Sales Tax Boundary.

(b) Audited financial statements of the special tax allocation fund.

(c) Certification of the Chief Executive Officer of the municipality that the municipality has complied with all of the requirements of this Act during the preceding fiscal year.

(d) An opinion of legal counsel that the municipality is in compliance with this Act.

(e) An analysis of the special tax allocation fund which sets forth:

(1) the balance in the special tax allocation fund at the beginning of the fiscal year;
(2) all amounts deposited in the special tax allocation fund by source;

(3) all expenditures from the special tax allocation fund by category of permissible redevelopment project cost; and

(4) the balance in the special tax allocation fund at the end of the fiscal year including a breakdown of that balance by source. Such ending balance shall be designated as surplus if it is not required for anticipated redevelopment project costs or to pay debt service on bonds issued to finance redevelopment project costs, as set forth in Section 11-74.4-7 hereof.

(f) A description of all property purchased by the municipality within the redevelopment project area including:
   1. Street address
   2. Approximate size or description of property
   3. Purchase price
   4. Seller of property.

(g) A statement setting forth all activities undertaken in furtherance of the objectives of the redevelopment plan, including:
   1. Any project implemented in the preceding fiscal year
   2. A description of the redevelopment activities undertaken
   3. A description of any agreements entered into by the municipality with regard to the disposition or redevelopment of any property within the redevelopment project area or the area within the State Sales Tax Boundary.

(h) With regard to any obligations issued by the municipality:
   1. copies of bond ordinances or resolutions
   2. copies of any official statements

3. an analysis prepared by financial advisor or underwriter setting forth: (a) nature and term of obligation; and (b) projected debt service including required reserves and debt coverage.

(i) A certified audit report reviewing compliance with this statute performed by an independent public accountant certified and licensed by the authority of the State of Illinois. The financial portion of the audit must be conducted in accordance with Standards for Audits of Governmental Organizations, Programs, Activities, and Functions adopted by the Comptroller General of the United States (1981), as amended. The audit report shall contain a letter from the independent certified public accountant indicating compliance or noncompliance with the requirements of subsection (q) of Section 11-74.4-3. If the audit indicates that expenditures are not in compliance with the law, the Department of Revenue shall withhold State sales and utility tax increment payments to the municipality until compliance has been reached, and an amount equal to the ineligible expenditures has been returned to the Special Tax Allocation Fund.

(6.1) After July 29, 1988 and before the effective date of this amendatory Act of the 91st General Assembly, any funds which have not been designated for use in a specific development project in the annual report shall be designated as surplus. No funds may be held in the Special Tax Allocation Fund for more than 36 months from the date of receipt unless the money is required for payment of contractual obligations for specific development project costs. If held for more than 36 months in violation of the preceding sentence, such funds shall be designated as surplus. Any funds designated as surplus must first be used for early redemption of any bond obligations. Any funds designated as surplus which are not disposed of as otherwise provided in this paragraph, shall be distributed as surplus as provided in Section 11-74.4-7.

(7) Any appropriation made pursuant to this Section for the 1987 State fiscal year shall not exceed the amount of $7 million and for the 1988 State fiscal year the amount of $10 million. The amount which shall
be distributed to each municipality shall be the incremental revenue to
which each municipality is entitled as calculated by the Department of
Revenue, unless the requests of the municipality exceed the appropriation,
then the amount to which each municipality shall be entitled shall be
prorated among the municipalities in the same proportion as the increment
to which the municipality would be entitled bears to the total increment
which all municipalities would receive in the absence of this limitation,
provided that no municipality may receive an amount in excess of 15% of
the appropriation. For the 1987 Net State Sales Tax Increment payable in
Fiscal Year 1989, no municipality shall receive more than 7.5% of the
total appropriation; provided, however, that any of the appropriation
remaining after such distribution shall be prorated among municipalities
on the basis of their pro rata share of the total increment. Beginning on
January 1, 1993, each municipality's proportional share of the Illinois Tax
Increment Fund shall be determined by adding the annual Net State Sales
Tax Increment and the annual Net Utility Tax Increment to determine the
Annual Total Increment. The ratio of the Annual Total Increment of each
municipality to the Annual Total Increment for all municipalities, as most
recently calculated by the Department, shall determine the proportional
shares of the Illinois Tax Increment Fund to be distributed to each
municipality.

(7.1) No distribution of Net State Sales Tax Increment to a
municipality for an area within a State Sales Tax Boundary shall exceed in
any State Fiscal Year an amount equal to 3 times the sum of the Municipal
Sales Tax Increment, the real property tax increment and deposits of funds
from other sources, excluding state and federal funds, as certified by the
city treasurer to the Department of Revenue for an area within a State
Sales Tax Boundary. After July 29, 1988, for those municipalities which
issue bonds between June 1, 1988 and 3 years from July 29, 1988 to
finance redevelopment projects within the area in a State Sales Tax
Boundary, the distribution of Net State Sales Tax Increment during the
16th through 20th years from the date of issuance of the bonds shall not
exceed in any State Fiscal Year an amount equal to 2 times the sum of the
Municipal Sales Tax Increment, the real property tax increment and deposits of funds from other sources, excluding State and federal funds.

(8) Any person who knowingly files or causes to be filed false information for the purpose of increasing the amount of any State tax incremental revenue commits a Class A misdemeanor.

(9) The following procedures shall be followed to determine whether municipalities have complied with the Act for the purpose of receiving distributions after July 1, 1989 pursuant to subsection (1) of this Section 11-74.4-8a.

(a) The Department of Revenue shall conduct a preliminary review of the redevelopment project areas and redevelopment plans pertaining to those municipalities receiving payments from the State pursuant to subsection (1) of Section 8a of this Act for the purpose of determining compliance with the following standards:

(1) For any municipality with a population of more than 12,000 as determined by the 1980 U.S. Census: (a) the redevelopment project area, or in the case of a municipality which has more than one redevelopment project area, each such area, must be contiguous and the total of all such areas shall not comprise more than 25% of the area within the municipal boundaries nor more than 20% of the equalized assessed value of the municipality; (b) the aggregate amount of 1985 taxes in the redevelopment project area, or in the case of a municipality which has more than one redevelopment project area, the total of all such areas, shall be not more than 25% of the total base year taxes paid by retailers and servicemen on transactions at places of business located within the municipality under the Retailers' Occupation Tax Act, the Use Tax Act, the Service Use Tax Act, and the Service Occupation Tax Act. Redevelopment project areas created prior to 1986 are not subject to the above standards if their boundaries were not amended in 1986.

(2) For any municipality with a population of 12,000 or less as determined by the 1980 U.S. Census: (a) the redevelopment project area, or in the case of a municipality which has more than one redevelopment project area, each such area, must be contiguous and the total of all such areas shall not comprise more than 35% of the area within the municipal boundaries nor more than 30% of the equalized assessed value of the municipality; (b) the aggregate amount of 1985 taxes in the redevelopment project area, or in the case of a municipality which has more than one redevelopment project area, the total of all such areas, shall not be more than 35% of the total base year taxes paid by retailers and servicemen on transactions at places of business located within the municipality under the Retailers' Occupation Tax Act, the Use Tax Act, the Service Use Tax Act, and the Service Occupation Tax Act. Redevelopment project areas created prior to 1986 are not subject to the above standards if their boundaries were not amended in 1986.

(3) Such preliminary review of the redevelopment project areas applying the above standards shall be completed by November 1, 1988, and on or before November 1, 1988, the Department shall notify each municipality by certified mail, return receipt requested that either (1) the Department requires additional time in which to complete its preliminary review; or (2) the Department is issuing either (a) a Certificate of Eligibility or (b) a Notice of Review. If the Department notifies a municipality that it requires additional time to complete its preliminary investigation, it shall complete its preliminary investigation no later than February 1, 1989, and by February 1, 1989 it shall issue to each municipality either (a) a Certificate of Eligibility or (b) a Notice of Review. A redevelopment
project area for which a Certificate of Eligibility has been issued shall be deemed a "State Sales Tax Boundary."

(4) The Department of Revenue shall also issue a Notice of Review if the Department has received a request by November 1, 1988 to conduct such a review from taxpayers in the municipality, local taxing districts located in the municipality or the State of Illinois, or if the redevelopment project area has more than 5 retailers and has had growth in State sales tax revenue of more than 15% from calendar year 1985 to 1986.

(b) For those municipalities receiving a Notice of Review, the Department will conduct a secondary review consisting of: (i) application of the above standards contained in subsection (9)(a)(1)(a) and (b) or (9)(a)(2)(a) and (b), and (ii) the definitions of blighted and conservation area provided for in Section 11-74.4-3. Such secondary review shall be completed by July 1, 1989.

Upon completion of the secondary review, the Department will issue (a) a Certificate of Eligibility or (b) a Preliminary Notice of Deficiency. Any municipality receiving a Preliminary Notice of Deficiency may amend its redevelopment project area to meet the standards and definitions set forth in this paragraph (b). This amended redevelopment project area shall become the "State Sales Tax Boundary" for purposes of determining the State Sales Tax Increment.

(c) If the municipality advises the Department of its intent to comply with the requirements of paragraph (b) of this subsection outlined in the Preliminary Notice of Deficiency, within 120 days of receiving such notice from the Department, the municipality shall submit documentation to the Department of the actions it has taken to cure any deficiencies. Thereafter, within 30 days of the receipt of the documentation, the Department shall either issue a Certificate of Eligibility or a Final Notice of Deficiency. If the municipality fails to advise the Department of its intent to comply or fails to submit adequate documentation of such cure of

New matter indicated by italics - deletions by strikeout
deficiencies the Department shall issue a Final Notice of Deficiency that provides that the municipality is ineligible for payment of the Net State Sales Tax Increment.

(d) If the Department issues a final determination of ineligibility, the municipality shall have 30 days from the receipt of determination to protest and request a hearing. Such hearing shall be conducted in accordance with Sections 10-25, 10-35, 10-40, and 10-50 of the Illinois Administrative Procedure Act. The decision following the hearing shall be subject to review under the Administrative Review Law.

(e) Any Certificate of Eligibility issued pursuant to this subsection 9 shall be binding only on the State for the purposes of establishing municipal eligibility to receive revenue pursuant to subsection (1) of this Section 11-74.4-8a.

(f) It is the intent of this subsection that the periods of time to cure deficiencies shall be in addition to all other periods of time permitted by this Section, regardless of the date by which plans were originally required to be adopted. To cure said deficiencies, however, the municipality shall be required to follow the procedures and requirements pertaining to amendments, as provided in Sections 11-74.4-5 and 11-74.4-6 of this Act.

(10) If a municipality adopts a State Sales Tax Boundary in accordance with the provisions of subsection (9) of this Section, such boundaries shall subsequently be utilized to determine Revised Initial Sales Tax Amounts and the Net State Sales Tax Increment; provided, however, that such revised State Sales Tax Boundary shall not have any effect upon the boundary of the redevelopment project area established for the purposes of determining the ad valorem taxes on real property pursuant to Sections 11-74.4-7 and 11-74.4-8 of this Act nor upon the municipality's authority to implement the redevelopment plan for that redevelopment project area. For any redevelopment project area with a smaller State Sales Tax Boundary within its area, the municipality may annually elect to deposit the Municipal Sales Tax Increment for the redevelopment project area in the special tax allocation fund and shall

New matter indicated by italics - deletions by strikeout
certify the amount to the Department prior to receipt of the Net State Sales Tax Increment. Any municipality required by subsection (9) to establish a State Sales Tax Boundary for one or more of its redevelopment project areas shall submit all necessary information required by the Department concerning such boundary and the retailers therein, by October 1, 1989, after complying with the procedures for amendment set forth in Sections 11-74.4-5 and 11-74.4-6 of this Act. Net State Sales Tax Increment produced within the State Sales Tax Boundary shall be spent only within that area. However expenditures of all municipal property tax increment and municipal sales tax increment in a redevelopment project area are not required to be spent within the smaller State Sales Tax Boundary within such redevelopment project area.

(11) The Department of Revenue shall have the authority to issue rules and regulations for purposes of this Section. and regulations for purposes of this Section.

(12) If, under Section 5.4.1 of the Illinois Enterprise Zone Act, a municipality determines that property that lies within a State Sales Tax Boundary has an improvement, rehabilitation, or renovation that is entitled to a property tax abatement, then that property along with any improvements, rehabilitation, or renovations shall be immediately removed from any State Sales Tax Boundary. The municipality that made the determination shall notify the Department of Revenue within 30 days after the determination. Once a property is removed from the State Sales Tax Boundary because of the existence of a property tax abatement resulting from an enterprise zone, then that property shall not be permitted to be amended into a State Sales Tax Boundary.

(5) in the case of an industrial park conservation area, that the municipality is a labor surplus municipality or a substantial labor surplus municipality and that the implementation of the redevelopment plan is reasonably expected to create a significant number of permanent full time new jobs and, by the provision of new facilities, significantly enhance the tax base of the taxing districts that extend into the redevelopment project area;

(6) in the case of an environmentally contaminated area, that the area is subject to a release or substantial threat of release of a hazardous substance, pesticide or petroleum which presents an imminent and substantial danger to public health or welfare or presents a significant threat to public health or environment, that such release or threat of release will have a significant impact on the cost of redeveloping the area, that the implementation of the redevelopment plan is reasonably expected to result in the area being redeveloped, the tax base of the affected taxing districts being significantly enhanced thereby, and the creation of a significant number of permanent full time jobs; and

(7) in the case of a vacant industrial buildings conservation area, that the area is located within the corporate limits of a municipality that has been zoned industrial for at least 5 years before its designation as a project redeveloped area, that it contains one or more industrial buildings, and whether the area has been designated under Standard One or Standard Two of subsection (f) and the basis for that designation.

(o) "Redevelopment project costs" means the sum total of all reasonable or necessary costs incurred or estimated to be incurred by the municipality, and any of those costs incidental to a redevelopment plan and a redevelopment project. These costs include, without limitation, the following:

(1) Costs of studies, surveys, development of plans, and specifications, implementation and administration of the redevelopment plan, staff and professional service costs for architectural, engineering, legal, marketing, financial, planning, or other services, but no charges for professional services may be based on a percentage of the tax increment collected; except that on and after the effective date of this amendatory Act of the 91st General Assembly, no contracts for professional services, excluding architectural and engineering services, may be entered into if the terms of the contract extend beyond a period of 3 years. In addition, "redevelopment project costs" shall not include lobbying expenses. After consultation with the municipality, each tax increment consultant or advisor to a municipality that plans to designate or has designated a redevelopment project area shall inform the municipality in writing of any contracts that the consultant or advisor has entered into with entities or individuals that have received, or are receiving, payments financed by tax increment revenues produced by the redevelopment project area with respect to which the consultant or advisor has performed, or will be performing, service for the municipality. (6) Costs of eliminating or removing contaminants and other impediments required by federal or State environmental laws, rules, regulations, and guidelines, orders or other requirements or those imposed by private lending institutions as a condition for approval of their financial support, debt or equity, for the redevelopment projects, provided, however, that in the event (i) other federal or State funds have been certified by an administrative agency as adequate to pay these costs during the 18 months after the adoption of the redevelopment plan, or (ii) the municipality has been reimbursed for such costs by persons legally responsible for them, such federal, State, or private funds shall, insofar as possible, be fully expended prior to the use of any revenues deposited in the special tax allocation fund of the municipality and any other such federal, State or private funds received shall be deposited in the fund. (B) such payments in any one year may not exceed 30% of the annual interest costs incurred by the redeveloper with regard to the redevelopment project during that year;

(C) except as provided in subparagraph (E), the aggregate amount of such costs paid or reimbursed by a municipality shall not exceed 30% of the total (i) costs paid or incurred by the redeveloper or other nongovernmental person in that year plus (ii) redevelopment project costs excluding any property assembly costs and any relocation costs incurred by a municipality pursuant to this Act;

(14) The costs of construction of new privately owned buildings shall not be an eligible redevelopment project cost.

The area shall not be designated as a redevelopment planning area for more than 5 years. At any time in the 5 years following that designation of the redevelopment planning area, the municipality may designate the redevelopment project area, or any portion of the redevelopment planning area, as a redevelopment project area without making additional findings or complying with additional procedures required for the creation of a redevelopment project area. An amendment of a redevelopment plan and project in accordance with the findings and procedures of this Act after the designation of a redevelopment planning area at any time within the 5 years after the designation of the redevelopment planning area shall not require new qualification of findings for the redevelopment project area to be designated within the redevelopment planning area.

The terms "redevelopment plan", "redevelopment project", and "redevelopment project area" have the definitions set out in subsections (l), (m), and (n), respectively.
(q) "Taxing districts" means counties, townships, municipalities, and school, road, park, sanitary, mosquito abatement, forest preserve, public health, fire protection, river conservancy, tuberculosis sanitarium and any other municipal corporations or districts with the power to levy taxes.

Such approval shall be based upon factors including, but not limited to, the necessity, in relation to the Authority's ability to complete the Project and open the facility to the public in a timely manner, of incurring the costs, and the appropriateness of using bond funds for such purpose. The Director of the Governor's Office of Management and Budget Bureau of the Budget may, in his discretion, consider other reasonable factors in determining whether to approve payment of costs of the Project. Bonds or notes of the Authority may be issued for any or all of the following purposes: to pay costs to the Authority or a Service Board of constructing or acquiring any public transportation facilities (including funds and rights relating thereto, as provided in Section 2.05 of this Act); to repay advances to the Authority or a Service Board made for such purposes; to pay other expenses of the Authority or a Service Board incident to or incurred in connection with such construction or acquisition; to provide funds for any transportation agency to pay principal of or interest or redemption premium on any bonds or notes, whether as such amounts become due or by earlier redemption, issued prior to the date of this amendatory Act by such transportation agency to construct or acquire public transportation facilities or to provide funds to purchase such bonds or notes; and to provide funds for any transportation agency to construct or acquire any public transportation facilities, to repay advances made for such purposes, and to pay other expenses incident to or incurred in connection with such construction or acquisition; and to provide funds for payment of obligations, including the funding of reserves, under any self-insurance plan or joint self-insurance pool or entity.

In addition to any other borrowing as may be authorized by this Section, the Authority may issue its notes, from time to time, in anticipation of tax receipts of the Authority or of other revenues or receipts of the Authority, in order to provide money for the Authority or the Service Boards to cover any cash flow deficit which the Authority or a Service Board anticipates incurring. In addition to any Working Cash Notes that the Board of the Authority may determine to issue, the Suburban Bus Board, the Commuter Rail Board or the Board of the Chicago Transit Authority may demand and direct that the Authority issue its Working Cash Notes in such amounts and having such maturities as the Service Board may determine.

Notwithstanding any other provision of this Act, any amounts necessary to pay principal of and interest on any Working Cash Notes issued at the demand and direction of a Service Board or any Working Cash Notes the proceeds of which were used for the direct benefit of a Service Board or any other Bonds or Notes of the Authority the proceeds of which were used for the direct benefit of a Service Board shall constitute a reduction of the amount of any other funds provided by the Authority to that Service Board. The Authority shall, after deducting any costs of issuance, tender the net proceeds of any Working Cash Notes issued at the demand and direction of a Service Board to such Service Board as soon as may be practicable after the proceeds are received. The Authority shall have the right to reject any or all bids. Notwithstanding any other provisions of this Section, Working Cash Notes or bonds or notes to provide funds for self-insurance or a joint self-insurance pool or entity may be sold either upon competitive bidding or by negotiated sale (without any requirement of publication of intention to negotiate the sale of such Notes), as the Board shall determine by ordinance adopted with the affirmative votes of at least 7 Directors. this Act, include in addition to any other security, a specific pledge or assignment of and lien on or security interest in any or all tax receipts of the Authority and on any or all other revenues or moneys of the Authority from whatever source, which may by law be utilized for debt service purposes and a specific pledge or assignment of and lien on or security interest in any funds or accounts established or provided for by the ordinance of the Authority authorizing the issuance of such bonds or notes. Any such pledge, assignment, lien or security interest for the benefit of holders of bonds or notes of the Authority shall be valid and binding from the time the bonds or notes are issued without any physical delivery or further act and shall be valid and binding as against and prior to the claims of all other parties having claims of any kind against the Authority or any other person irrespective of whether such other parties have notice of such pledge, assignment, lien or security interest. The obligations of the Authority incurred pursuant to this Section shall be superior to and have priority over any other obligations of the Authority.

The ordinance authorizing the issuance of any bonds or notes pursuant to this Section may contain provisions as part of the contract with the holders of the bonds or notes, for the creation of a separate fund to provide for the payment of principal and interest on such bonds or notes and for the deposit in such fund from any or all the tax receipts of the Authority and from any or all such other moneys or revenues of the Authority from whatever source which may by law be utilized for debt service purposes, all as provided in such ordinance, of amounts to meet the debt service requirements on such bonds or notes, including principal and interest, and any sinking fund or reserve fund account requirements as may be provided by such ordinance, and all expenses incident to or in connection with such fund and accounts or the payment of such bonds or notes. debt of the State of Illinois. Nothing in this Act shall be construed to enable the Authority to impose any ad valorem tax on property.

(d) The ordinance of the Authority authorizing the issuance of any bonds or notes may provide additional security for such bonds or notes by providing for appointment of a corporate trustee (which may be any trust company or bank having the powers of a trust company within the state) with respect to such bonds or notes. The ordinance may provide for the trustee to hold in trust, invest and use amounts in funds and accounts created as provided by the ordinance with respect to the bonds or notes. The ordinance may provide for the assignment and direct payment to the trustee of any or all amounts produced from the sources provided in Section 4.03 of this Act and provided in Section 6z-17 of "An Act in relation to State finance", approved June 10, 1919, as amended. The ordinance shall provide that amounts so paid to the trustee which are not required to be deposited, held or invested in funds and accounts created by the ordinance with respect to bonds or notes or used for paying bonds or notes to be paid by the trustee to the Authority.

(e) Any bonds or notes of the Authority issued pursuant to this Section shall constitute a contract between the Authority and the holders from time to time of such bonds or notes. In issuing any bond or note, the Authority may include in the ordinance authorizing such issue a covenant as part of the contract with the holders of the bonds or notes, that as long as such obligations are outstanding, it shall make such deposits, as provided in paragraph (c) of this Section. It may also so covenant that it shall impose and continue to impose taxes, as provided in Section 4.03 of
this Act and in addition thereto as subsequently authorized by law, sufficient to make such deposits and pay the principal and interest and to meet other debt service requirements of such bonds or notes as they become due. A certified copy of the ordinance authorizing the issuance of any such obligations shall be filed at or prior to the issuance of such obligations with the Comptroller of the State of Illinois and the Illinois Department of Revenue.

(f) The State of Illinois pledges to and agrees with the holders of the bonds and notes of the Authority issued pursuant to this Section that the State will not limit or alter the rights and powers vested in the Authority by this Act so as to impair the terms of any contract made by the Authority with such holders or in any way impair the rights and remedies of such holders until such bonds and notes, together with interest thereon, with interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceedings by or on behalf of such holders, are fully met and discharged. In addition, the State pledges to and agrees with the holders of the bonds and notes of the Authority issued pursuant to this Section that the State will not limit or alter the basis on which State funds are to be paid to the Authority as provided in this Act, or the use of such funds, so as to impair the terms of any such contract. The Authority is authorized to include these pledges and agreements of the State in any contract with the holders of bonds or notes issued pursuant to this Section.

If College Savings Bonds are sold at public sale, the public sale procedures shall be as set forth in Section 11 of the General Obligation Bond Act. College Savings Bonds may be sold at negotiated sale if the Director of the Governor's Office of Management and Budget Bureau of the Budget determines that a negotiated sale will result in either a more efficient and economic sale of such Bonds or greater access to such Bonds by investors who are residents of the State of Illinois. (110 ILCS 947/75)

Sec. 75. College savings programs.

New matter indicated by italics - deletions by strikeout
(a) Purpose. The General Assembly finds and hereby declares that for the benefit of the people of the State of Illinois, the conduct and increase of their commerce, the protection and enhancement of their welfare, the development of continued prosperity and the improvement of their health and living conditions, it is essential that all citizens with the intellectual ability and motivation be able to obtain a higher education. The General Assembly further finds that rising tuition costs, increasingly restrictive eligibility criteria for existing federal and State student aid programs and other trends in higher education finance have impeded access to a higher education for many middle-income families; and that to remedy these concerns, it is of utmost importance that families be provided with investment alternatives to enhance their financial access to institutions of higher education. It is the intent of this Section to establish College Savings Programs appropriate for families from various income groups, to encourage Illinois families to save and invest in anticipation of their children's education, and to encourage enrollment in institutions of higher education, all in execution of the public policy set forth above and elsewhere in this Act.

(b) The Commission is authorized to develop and provide a program of college savings instruments to Illinois citizens. The program shall be structured to encourage parents to plan ahead for the college education of their children and to permit the long-term accumulation of savings which can be used to finance the family's share of the cost of a higher education. Income, up to $2,000 annually per account, which is derived by individuals from investments made in accordance with College Savings Programs established under this Section shall be free from all taxation by the State and its political subdivisions, except for estate, transfer, and inheritance taxes.

(c) The Commission is authorized to contract with private financial institutions and other businesses, individuals, and other appropriate parties to establish and operate the College Savings Programs. The Commission may negotiate contracts with private financial and investment companies, establish College Savings Programs, and monitor the vendors administering the programs in whichever manner the Commission
determines is best suited to accomplish the purposes of this Section. The Auditor General shall periodically review the operation of the College Savings Programs and shall advise the Commission and the General Assembly of his findings.

(d) In determining the type of instruments to be offered, the Commission shall consult with, and receive the assistance of, the Illinois Board of Higher Education, the Governor's Office of Management and Budget Bureau of the Budget, the State Board of Investments, the Governor, and other appropriate State agencies and private parties.

(e) The Commission shall market and promote the College Savings Programs to the citizens of Illinois.

(f) The Commission shall assist the State Comptroller and State Treasurer in establishing a payroll deduction plan through which State employees may participate in the College Savings Programs. The Department of Labor, Department of Employment Security, Department of Revenue, and other appropriate agencies shall assist the Commission in educating Illinois employers about the College Savings Programs, and shall assist the Commission in securing employers' participation in a payroll deduction plan and other initiatives which maximize participation in the College Savings Programs.

(g) The Commission shall examine means by which the State, through a series of matching contributions or other incentives, may most effectively encourage Illinois families to participate in the College Savings Programs. The Commission shall report its conclusions and recommendations to the Governor and General Assembly no later than February 15, 1990.

(h) The College Savings Programs established pursuant to this Section shall not be subject to the provisions of the Illinois Administrative Procedure Act. The Commission shall provide that appropriate disclosures are provided to all citizens who participate in the College Savings Programs.

Members other than the Chairman may be removed from office by the
presiding officer for good cause shown. Such removal may be set aside by a two-thirds vote of the governing body.

(415 ILCS 5/22.16b) (from Ch. 111 1/2, par. 1022.16b)

Sec. 22.16b. (a) Beginning January 1, 1991, the Agency shall assess and collect a fee from the owner or operator of each new municipal waste incinerator. The fee shall be calculated by applying the rates established from time to time for the disposal of solid waste at sanitary landfills under subdivision (b)(1) of Section 22.15 to the total amount of municipal waste accepted for incineration at the new municipal waste incinerator. The exemptions provided by this Act to the fees imposed under subsection (b) of Section 22.15 shall not apply to the fee imposed by this Section.

The owner or operator of any new municipal waste incinerator permitted after January 1, 1990, but before July 1, 1990 by the Agency for the development or operation of a new municipal waste incinerator shall be exempt from this fee, but shall include the following conditions:

(1) The owner or operator shall provide information programs to those communities serviced by the owner or operator concerning recycling and separation of waste not suitable for incineration.

(2) The owner or operator shall provide information programs to those communities serviced by the owner or operator concerning the Agency's household hazardous waste collection program and participation in that program.

For the purposes of this Section, "new municipal waste incinerator" means a municipal waste incinerator initially permitted for development or construction on or after January 1, 1990.
Amounts collected under this subsection shall be deposited into the Municipal Waste Incinerator Tax Fund, which is hereby established as an interest-bearing special fund in the State Treasury. Monies in the Fund may be used, subject to appropriation:

(1) by the Department of Commerce and Economic Opportunity Community Affairs to fund its public information programs on recycling in those communities served by new municipal waste incinerators; and

(2) by the Agency to fund its household hazardous waste collection activities in those communities served by new municipal waste incinerators.

(b) Any permit issued by the Agency for the development or operation of a new municipal waste incinerator shall include the following conditions:

(1) The incinerator must be designed to provide continuous monitoring while in operation, with direct transmission of the resultant data to the Agency, until the Agency determines the best available control technology for monitoring the data. The Agency shall establish the test methods, procedures and averaging periods, as certified by the USEPA for solid waste incinerator units, and the form and frequency of reports containing results of the monitoring. Compliance and enforcement shall be based on such reports. Copies of the results of such monitoring shall be maintained on file at the facility concerned for one year, and copies shall be made available for inspection and copying by interested members of the public during business hours.

(2) The facility shall comply with the emission limits adopted by the Agency under subsection (c).

(3) The operator of the facility shall take reasonable measures to ensure that waste accepted for incineration complies with all legal requirements for incineration. The incinerator operator shall establish contractual requirements or other notification and inspection procedures sufficient to assure compliance with this subsection (b)(3) which may include, but not
be limited to, routine inspections of waste, lists of acceptable and unacceptable waste provided to haulers and notification to the Agency when the facility operator rejects and sends loads away. The notification shall contain at least the name of the hauler and the site from where the load was hauled.

(4) The operator may not accept for incineration any waste generated or collected in a municipality that has not implemented a recycling plan or is party to an implemented county plan, consistent with State goals and objectives. Such plans shall include provisions for collecting, recycling or diverting from landfills and municipal incinerators landscape waste, household hazardous waste and batteries. Such provisions may be performed at the site of the new municipal incinerator.

The Agency, after careful scrutiny of a permit application for the construction, development or operation of a new municipal waste incinerator, shall deny the permit if (i) the Agency finds in the permit application noncompliance with the laws and rules of the State or (ii) the application indicates that the mandated air emissions standards will not be reached within six months of the proposed municipal waste incinerator beginning operation.

(c) The Agency shall adopt specific limitations on the emission of mercury, chromium, cadmium and lead, and good combustion practices, including temperature controls from municipal waste incinerators pursuant to Section 9.4 of the Act.

(d) The Agency shall establish household hazardous waste collection centers in appropriate places in this State. The Agency may operate and maintain the centers itself or may contract with other parties for that purpose. The Agency shall ensure that the wastes collected are properly disposed of. The collection centers may charge fees for their services, not to exceed the costs incurred. Such collection centers shall not (i) be regulated as hazardous waste facilities under RCRA nor (ii) be subject to local siting approval under Section 39.2 if the local governing authority agrees to waive local siting approval procedures.
Sec. 22.23. Batteries.

(a) Beginning September 1, 1990, any person selling lead-acid batteries at retail or offering lead-acid batteries for retail sale in this State shall:

2. post in a conspicuous place a written notice at least 8.5 by 11 inches in size that includes the universal recycling symbol and the following statements: "DO NOT put motor vehicle batteries in the trash."; "Recycle your used batteries."; and "State law requires us to accept motor vehicle batteries for recycling, in exchange for new batteries purchased."

(b) Any person selling lead-acid batteries at retail in this State may either charge a recycling fee on each new lead-acid battery sold for which the customer does not return a used battery to the retailer, or provide a recycling credit to each customer who returns a used battery for recycling at the time of purchasing a new one.

(c) Beginning September 1, 1990, no lead-acid battery retailer may dispose of a used lead-acid battery except by delivering it (1) to a battery wholesaler or its agent, (2) to a battery manufacturer, (3) to a collection or recycling facility, or (4) to a secondary lead smelter permitted by either a state or federal environmental agency.

(d) Any person selling lead-acid batteries at wholesale or offering lead-acid batteries for sale at wholesale shall accept for recycling used lead-acid batteries from customers, at the point of transfer, in a quantity equal to the number of new batteries purchased. Such used batteries shall be disposed of as provided in subsection (c).

(e) A person who accepts used lead-acid batteries for recycling pursuant to subsection (a) or (d) shall not allow such batteries to accumulate for periods of more than 90 days.

New matter indicated by italics - deletions by strikeout
(f) Beginning September 1, 1990, no person may knowingly cause or allow:

(1) the placing of a lead-acid battery into any container intended for collection and disposal at a municipal waste sanitary landfill; or

(2) the disposal of any lead-acid battery in any municipal waste sanitary landfill or incinerator.

(g) The Department of Commerce and Economic Opportunity Community Affairs shall identify and assist in developing alternative processing and recycling options for used batteries.

"Motor vehicle" includes automobiles, vans, trucks, tractors, motorcycles and motorboats.

Sec. 27. Rulemaking.

(a) The Board may adopt substantive regulations as described in this Act. Any such regulations may make different provisions as required by circumstances for different contaminant sources and for different geographical areas; may apply to sources outside this State causing, contributing to, or threatening environmental damage in Illinois; may make special provision for alert and abatement standards and procedures respecting occurrences or emergencies of pollution or on other short-term conditions constituting an acute danger to health or to the environment; and may include regulations specific to individual persons or sites. In promulgating regulations under this Act, the Board shall take into account the existing physical conditions, the character of the area involved, including the character of surrounding land uses, zoning classifications,
the nature of the existing air quality, or receiving body of water, as the case may be, and the technical feasibility and economic reasonableness of measuring or reducing the particular type of pollution. The generality of this grant of authority shall only be limited by the specifications of particular classes of regulations elsewhere in this Act.

No charge shall be established or assessed by the Board or Agency against any person for emission of air contaminants from any source, for discharge of water contaminants from any source, or for the sale, offer or use of any article.

Any person filing with the Board a written proposal for the adoption, amendment, or repeal of regulations shall provide information supporting the requested change and shall at the same time file a copy of such proposal with the Agency and the Department of Natural Resources. To aid the Board and to assist the public in determining which facilities will be affected, the person filing a proposal shall describe, to the extent reasonably practicable, the universe of affected sources and facilities and the economic impact of the proposed rule.

(b) Except as provided below and in Section 28.2, before the adoption of any proposed rules not relating to administrative procedures within the Agency or the Board, or amendment to existing rules not relating to administrative procedures within the Agency or the Board, the Board shall:

1. request that the Department of Commerce and Economic Opportunity Community Affairs conduct a study of the economic impact of the proposed rules. The Department may within 30 to 45 days of such request produce a study of the economic impact of the proposed rules. At a minimum, the economic impact study shall address (A) economic, environmental, and public health benefits that may be achieved through compliance with the proposed rules, (B) the effects of the proposed rules on employment levels, commercial productivity, the economic growth of small businesses with 100 or less employees, and the State's overall economy, and (C) the cost per unit of pollution reduced and the variability in cost based on the size of the

facility and the percentage of company revenues expected to be used to implement the proposed rules; and

(2) conduct at least one public hearing on the economic impact of those new rules. At least 20 days before the hearing, the Board shall notify the public of the hearing and make the economic impact study, or the Department of Commerce and Economic Opportunity's Community Affairs' explanation for not producing an economic impact study, available to the public. Such public hearing may be held simultaneously or as a part of any Board hearing considering such new rules.

In adopting any such new rule, the Board shall, in its written opinion, make a determination, based upon the evidence in the public hearing record, including but not limited to the economic impact study, as to whether the proposed rule has any adverse economic impact on the people of the State of Illinois.

(c) On proclamation by the Governor, pursuant to Section 8 of the Illinois Emergency Services and Disaster Act of 1975, that a disaster emergency exists, or when the Board finds that a severe public health emergency exists, the Board may, in relation to any proposed regulation, order that such regulation shall take effect without delay and the Board shall proceed with the hearings and studies required by this Section while the regulation continues in effect.

When the Board finds that a situation exists which reasonably constitutes a threat to the public interest, safety or welfare, the Board may adopt regulations pursuant to and in accordance with Section 5-45 of the Illinois Administrative Procedure Act.

(d) To the extent consistent with any deadline for adoption of any regulations mandated by State or federal law, prior to initiating any hearing on a regulatory proposal, the Board may assign a qualified hearing officer who may schedule a prehearing conference between the proponents and any or all of the potentially affected persons. The notice requirements of Section 28 shall not apply to such prehearing conferences. The purposes of such conference shall be to maximize understanding of the intent and application of the proposal, to reach agreement on aspects of the proposal,

(415 ILCS 5/55) (from Ch. 111 1/2, par. 1055)
Sec. 55. Prohibited activities.
(a) No person shall:
    (1) Cause or allow the open dumping of any used or waste tire.
    (2) Cause or allow the open burning of any used or waste tire.
    (3) Except at a tire storage site which contains more than 50 used tires, cause or allow the storage of any used tire unless the tire is altered, reprocessed, converted, covered, or otherwise prevented from accumulating water.
    (4) Cause or allow the operation of a tire storage site except in compliance with Board regulations.
    (5) Abandon, dump or dispose of any used or waste tire on private or public property, except in a sanitary landfill approved by the Agency pursuant to regulations adopted by the Board.
    (6) Fail to submit required reports, tire removal agreements, or Board regulations.
(b) (Blank.)
(b-1) Beginning January 1, 1995, no person shall knowingly mix any used or waste tire, either whole or cut, with municipal waste, and no owner or operator of a sanitary landfill shall accept any used or waste tire for final disposal; except that used or waste tires, when separated from other waste, may be accepted if: (1) the sanitary landfill provides and maintains a means for shredding, slitting, or chopping whole tires and so
treats whole tires and, if approved by the Agency in a permit issued under this Act, uses the used or waste tires for alternative uses, which may include on-site practices such as lining of roadways with tire scraps, alternative daily cover, or use in a leachate collection system or (2) the sanitary landfill, by its notification to the Illinois Industrial Materials Exchange Service, makes available the used or waste tire to an appropriate facility for reuse, reprocessing, or converting, including use as an alternate energy fuel. If, within 30 days after notification to the Illinois Industrial Materials Exchange Service of the availability of waste tires, no specific request for the used or waste tires is received by the sanitary landfill, and the sanitary landfill determines it has no alternative use for those used or waste tires, the sanitary landfill may dispose of slit, chopped, or shredded used or waste tires in the sanitary landfill. In the event the physical condition of a used or waste tire makes shredding, slitting, chopping, reuse, reprocessing, or other alternative use of the used or waste tire impractical or infeasible, then the sanitary landfill, after authorization by the Agency, may accept the used or waste tire for disposal.

Sanitary landfills and facilities for reuse, reprocessing, or converting, including use as alternative fuel, shall (i) notify the Illinois Industrial Materials Exchange Service of the availability of and demand for used or waste tires and (ii) consult with the Department of Commerce and Economic Opportunity Community Affairs regarding the status of marketing of waste tires to facilities for reuse.

(c) Any person who sells new or used tires at retail or operates a tire storage site or a tire disposal site which contains more than 50 used or waste tires shall give notice of such activity to the Agency. Any person engaging in such activity for the first time after January 1, 1990, shall give notice to the Agency within 30 days after the date of commencement of the activity. The form of such notice shall be specified by the Agency and shall be limited to information regarding the following:

(1) the name and address of the owner and operator;
(2) the name, address and location of the operation;
(3) the type of operations involving used and waste tires (storage, disposal, conversion or processing); and

(4) the number of used and waste tires present at the location.

(d) Beginning January 1, 1992, no person shall cause or allow the operation of:

(1) a tire storage site which contains more than 50 used tires, unless the owner or operator, by January 1, 1992 (or the January 1 following commencement of operation, whichever is later) and January 1 of each year thereafter, (i) registers the site with the Agency, (ii) certifies to the Agency that the site complies with any applicable standards adopted by the Board pursuant to Section 55.2, (iii) reports to the Agency the number of tires accumulated, the status of vector controls, and the actions taken to handle and process the tires, and (iv) pays the fee required under subsection (b) of Section 55.6; or

(2) a tire disposal site, unless the owner or operator (i) has received approval from the Agency after filing a tire removal agreement pursuant to Section 55.4, or (ii) has entered into a written agreement to participate in a consensual removal action under Section 55.3.

The Agency shall provide written forms for the annual registration and certification required under this subsection (d).

(e) No person shall cause or allow the storage, disposal, treatment or processing of any used or waste tire in violation of any regulation or standard adopted by the Board.

(f) No person shall arrange for the transportation of used or waste tires away from the site of generation with a person known to openly dump such tires.

(g) No person shall engage in any operation as a used or waste tire transporter except in compliance with Board regulations.

(h) No person shall cause or allow the combustion of any used or waste tire in an enclosed device unless a permit has been issued by the Agency authorizing such combustion pursuant to regulations adopted by the Board for the control of air pollution and consistent with the provisions of Section 9.4 of this Act.

(i) No person shall cause or allow the use of pesticides to treat tires except as prescribed by Board regulations.

(j) No person shall fail to comply with the terms of a tire removal agreement approved by the Agency pursuant to Section 55.4.

(415 ILCS 5/55.3) (from Ch. 111 1/2, par. 1055.3)

Sec. 55.3. (a) Upon finding that an accumulation of used or waste tires creates an immediate danger to health, the Agency may take action pursuant to Section 34 of this Act.

(b) Upon making a finding that an accumulation of used or waste tires creates a hazard posing a threat to public health or the environment, the Agency may undertake preventive or corrective action in accordance with this subsection. Such preventive or corrective action may consist of any or all of the following:

1. Treating and handling used or waste tires and other infested materials within the area for control of mosquitoes and other disease vectors.

2. Relocation of ignition sources and any used or waste tires within the area for control and prevention of tire fires.

3. Removal of used and waste tire accumulations from the area.

4. Removal of soil and water contamination related to tire accumulations.

5. Installation of devices to monitor and control groundwater and surface water contamination related to tire accumulations.

6. Such other actions as may be authorized by Board regulations.

(c) The Agency may, subject to the availability of appropriated funds, undertake a consensual removal action for the removal of up to 1,000 used or waste tires at no cost to the owner according to the following requirements:

New matter indicated by italics - deletions by strikeout
(1) Actions under this subsection shall be taken pursuant to a written agreement between the Agency and the owner of the tire accumulation.

(2) The written agreement shall at a minimum specify:
   (i) that the owner relinquishes any claim of an ownership interest in any tires that are removed, or in any proceeds from their sale;
   (ii) that tires will no longer be allowed to be accumulated at the site;
   (iii) that the owner will hold harmless the Agency or any employee or contractor utilized by the Agency to effect the removal, for any damage to property incurred during the course of action under this subsection, except for gross negligence or intentional misconduct; and
   (iv) any conditions upon or assistance required from the owner to assure that the tires are so located or arranged as to facilitate their removal.

(3) The Agency may by rule establish conditions and priorities for removal of used and waste tires under this subsection.

(4) The Agency shall prescribe the form of written agreements under this subsection.

(d) The Agency shall have authority to provide notice to the owner or operator, or both, of a site where used or waste tires are located and to the owner or operator, or both, of the accumulation of tires at the site, whenever the Agency finds that the used or waste tires pose a threat to public health or the environment, or that there is no owner or operator proceeding in accordance with a tire removal agreement approved under Section 55.4.

The notice provided by the Agency shall include the identified preventive or corrective action, and shall provide an opportunity for the owner or operator, or both, to perform such action.

For sites with more than 250,000 passenger tire equivalents, following the notice provided for by this subsection (d), the Agency may enter into a written reimbursement agreement with the owner or operator

New matter indicated by italics - deletions by strikeout
of the site. The agreement shall provide a schedule for the owner or operator to reimburse the Agency for costs incurred for preventive or corrective action, which shall not exceed 5 years in length. An owner or operator making payments under a written reimbursement agreement pursuant to this subsection (d) shall not be liable for punitive damages under subsection (h) of this Section.

(e) In accordance with constitutional limitations, the Agency shall have authority to enter at all reasonable times upon any private or public property for the purpose of taking whatever preventive or corrective action is necessary and appropriate in accordance with the provisions of this Section, including but not limited to removal, processing or treatment of used or waste tires, whenever the Agency finds that used or waste tires pose a threat to public health or the environment.

(f) In undertaking preventive, corrective or consensual removal action under this Section the Agency may consider use of the following: rubber reuse alternatives, shredding or other conversion through use of mobile or fixed facilities, energy recovery through burning or incineration, and landfill disposal. To the extent practicable, the Agency shall consult with the Department of Commerce and Economic Opportunity Community Affairs regarding the availability of alternatives to landfilling used and waste tires, and shall make every reasonable effort to coordinate tire cleanup projects with applicable programs that relate to such alternative practices.

(g) Except as otherwise provided in this Section, the owner or operator of any site or accumulation of used or waste tires at which the Agency has undertaken corrective or preventive action under this Section shall be liable for all costs thereof incurred by the State of Illinois, including reasonable costs of collection. Any monies received by the Agency hereunder shall be deposited into the Used Tire Management Fund. The Agency may in its discretion store, dispose of or convey the tires that are removed from an area at which it has undertaken a corrective, preventive or consensual removal action, and may sell or store such tires and other items, including but not limited to rims, that are removed from the area. The net proceeds of any sale shall be credited against the liability
incurred by the owner or operator for the costs of any preventive or corrective action.

(h) Any person liable to the Agency for costs incurred under subsection (g) of this Section may be liable to the State of Illinois for punitive damages in an amount at least equal to, and not more than 2 times, the costs incurred by the State if such person failed without sufficient cause to take preventive or corrective action pursuant to notice issued under subsection (d) of this Section.

(i) There shall be no liability under subsection (g) of this Section for a person otherwise liable who can establish by a preponderance of the evidence that the hazard created by the tires was caused solely by:

1. an act of God;
2. an act of war; or
3. an act or omission of a third party other than an employee or agent, and other than a person whose act or omission occurs in connection with a contractual relationship with the person otherwise liable.

For the purposes of this subsection, "contractual relationship" includes, but is not limited to, land contracts, deeds and other instruments transferring title or possession, unless the real property upon which the accumulation is located was acquired by the defendant after the disposal or placement of used or waste tires on, in or at the property and one or more of the following circumstances is also established by a preponderance of the evidence:

(A) at the time the defendant acquired the property, the defendant did not know and had no reason to know that any used or waste tires had been disposed of or placed on, in or at the property, and the defendant undertook, at the time of acquisition, all appropriate inquiries into the previous ownership and uses of the property consistent with good commercial or customary practice in an effort to minimize liability;

(B) the defendant is a government entity which acquired the property by escheat or through any other

New matter indicated by italics - deletions by strikeout
involuntary transfer or acquisition, or through the exercise of eminent domain authority by purchase or condemnation; or

(C) the defendant acquired the property by inheritance or bequest.

(j) Nothing in this Section shall affect or modify the obligations or liability of any person under any other provision of this Act, federal law, or State law, including the common law, for injuries, damages or losses resulting from the circumstances leading to Agency action under this Section.

(k) The costs and damages provided for in this Section may be imposed by the Board in an action brought before the Board in accordance with Title VIII of this Act, except that subsection (c) of Section 33 of this Act shall not apply to any such action.

(l) The Agency shall, when feasible, consult with the Department of Public Health prior to taking any action to remove or treat an infested tire accumulation for control of mosquitoes or other disease vectors. The Agency may by contract or agreement secure the services of the Department of Public Health, any local public health department, or any other qualified person in treating any such infestation as part of an emergency or preventive action.

(m) Neither the State, the Agency, the Board, the Director, nor any State employee shall be liable for any damage or injury arising out of or resulting from any action taken under this Section.

Sec. 55.7. The Department of Commerce and Economic Opportunity Community Affairs may adopt regulations as necessary for the administration of the grant and loan programs funded from the Used Tire Management Fund, including but not limited to procedures and criteria for applying for, evaluating, awarding and terminating grants and loans. The Department of Commerce and Economic Opportunity Community Affairs may by rule specify criteria for providing grant assistance rather than loan assistance; such criteria shall promote the

expeditious development of alternatives to the disposal of used tires, and the efficient use of monies for assistance. Evaluation criteria may be established by rule, considering such factors as:

(1) the likelihood that a proposal will lead to the actual collection and processing of used tires and protection of the environment and public health in furtherance of the purposes of this Act;

(2) the feasibility of the proposal;

(3) the suitability of the location for the proposed activity;

(4) the potential of the proposal for encouraging recycling and reuse of resources; and

(5) the potential for development of new technologies consistent with the purposes of this Act.

Sec. 58.14. Environmental Remediation Tax Credit review.

(a) Prior to applying for the Environmental Remediation Tax Credit under Section 201 of the Illinois Income Tax Act, Remediation Applicants shall first submit to the Agency an application for review of remediation costs. The application and review process shall be conducted in accordance with the requirements of this Section and the rules adopted under subsection (g). A preliminary review of the estimated remediation costs for development and implementation of the Remedial Action Plan may be obtained in accordance with subsection (d).

(b) No application for review shall be submitted until a No Further Remediation Letter has been issued by the Agency and recorded in the chain of title for the site in accordance with Section 58.10. The Agency shall review the application to determine whether the costs submitted are remediation costs, and whether the costs incurred are reasonable. The application shall be on forms prescribed and provided by the Agency. At a minimum, the application shall include the following:

(1) information identifying the Remediation Applicant and the site for which the tax credit is being sought and the date of acceptance of the site into the Site Remediation Program;

New matter indicated by italics - deletions by strikeout
(2) a copy of the No Further Remediation Letter with official verification that the letter has been recorded in the chain of title for the site and a demonstration that the site for which the application is submitted is the same site as the one for which the No Further Remediation Letter is issued;

(3) a demonstration that the release of the regulated substances of concern for which the No Further Remediation Letter was issued were not caused or contributed to in any material respect by the Remediation Applicant. After the Pollution Control Board rules are adopted pursuant to the Illinois Administrative Procedure Act for the administration and enforcement of Section 58.9 of the Environmental Protection Act, determinations as to credit availability shall be made consistent with those rules;

(4) an itemization and documentation, including receipts, of the remediation costs incurred;

(5) a demonstration that the costs incurred are remediation costs as defined in this Act and its rules;

(6) a demonstration that the costs submitted for review were incurred by the Remediation Applicant who received the No Further Remediation Letter;

(7) an application fee in the amount set forth in subsection (e) for each site for which review of remediation costs is requested and, if applicable, certification from the Department of Commerce and Economic Opportunity Community Affairs that the site is located in an enterprise zone;

(8) any other information deemed appropriate by the Agency.

(c) Within 60 days after receipt by the Agency of an application meeting the requirements of subsection (b), the Agency shall issue a letter to the applicant approving, disapproving, or modifying the remediation costs submitted in the application. If the remediation costs are approved as submitted, the Agency's letter shall state the amount of the remediation costs to be applied toward the Environmental Remediation Tax Credit. If an application is disapproved or approved with modification of
remediation costs, the Agency's letter shall set forth the reasons for the disapproval or modification and state the amount of the remediation costs, if any, to be applied toward the Environmental Remediation Tax Credit.

If a preliminary review of a budget plan has been obtained under subsection (d), the Remediation Applicant may submit, with the application and supporting documentation under subsection (b), a copy of the Agency's final determination accompanied by a certification that the actual remediation costs incurred for the development and implementation of the Remedial Action Plan are equal to or less than the costs approved in the Agency's final determination on the budget plan. The certification shall be signed by the Remediation Applicant and notarized. Based on that submission, the Agency shall not be required to conduct further review of the costs incurred for development and implementation of the Remedial Action Plan and may approve costs as submitted.

Within 35 days after receipt of an Agency letter disapproving or modifying an application for approval of remediation costs, the Remediation Applicant may appeal the Agency's decision to the Board in the manner provided for the review of permits in Section 40 of this Act.

(d) (1) A Remediation Applicant may obtain a preliminary review of estimated remediation costs for the development and implementation of the Remedial Action Plan by submitting a budget plan along with the Remedial Action Plan. The budget plan shall be set forth on forms prescribed and provided by the Agency and shall include but shall not be limited to line item estimates of the costs associated with each line item (such as personnel, equipment, and materials) that the Remediation Applicant anticipates will be incurred for the development and implementation of the Remedial Action Plan. The Agency shall review the budget plan along with the Remedial Action Plan to determine whether the estimated costs submitted are remediation costs and whether the costs estimated for the activities are reasonable.

(2) If the Remedial Action Plan is amended by the Remediation Applicant or as a result of Agency action, the

New matter indicated by italics - deletions by strikeout
corresponding budget plan shall be revised accordingly and resubmitted for Agency review.

(3) The budget plan shall be accompanied by the applicable fee as set forth in subsection (e).

(4) Submittal of a budget plan shall be deemed an automatic 60-day waiver of the Remedial Action Plan review deadlines set forth in this Section and its rules.

(5) Within the applicable period of review, the Agency shall issue a letter to the Remediation Applicant approving, disapproving, or modifying the estimated remediation costs submitted in the budget plan. If a budget plan is disapproved or approved with modification of estimated remediation costs, the Agency's letter shall set forth the reasons for the disapproval or modification.

(6) Within 35 days after receipt of an Agency letter disapproving or modifying a budget plan, the Remediation Applicant may appeal the Agency's decision to the Board in the manner provided for the review of permits in Section 40 of this Act.

(e) The fees for reviews conducted under this Section are in addition to any other fees or payments for Agency services rendered pursuant to the Site Remediation Program and shall be as follows:

(1) The fee for an application for review of remediation costs shall be $1,000 for each site reviewed.

(2) The fee for the review of the budget plan submitted under subsection (d) shall be $500 for each site reviewed.

(3) In the case of a Remediation Applicant submitting for review total remediation costs of $100,000 or less for a site located within an enterprise zone (as set forth in paragraph (i) of subsection (l) of Section 201 of the Illinois Income Tax Act), the fee for an application for review of remediation costs shall be $250 for each site reviewed. For those sites, there shall be no fee for review of a budget plan under subsection (d).

New matter indicated by italics - deletions by strikeout
The application fee shall be made payable to the State of Illinois, for deposit into the Hazardous Waste Fund.

Pursuant to appropriation, the Agency shall use the fees collected under this subsection for development and administration of the review program.

(f) The Agency shall have the authority to enter into any contracts or agreements that may be necessary to carry out its duties and responsibilities under this Section.

(g) Within 6 months after July 21, 1997, the Agency shall propose rules prescribing procedures and standards for its administration of this Section. Within 6 months after receipt of the Agency's proposed rules, the Board shall adopt on second notice, pursuant to Sections 27 and 28 of this Act and the Illinois Administrative Procedure Act, rules that are consistent with this Section. Prior to the effective date of rules adopted under this Section, the Agency may conduct reviews of applications under this Section and the Agency is further authorized to distribute guidance documents on costs that are eligible or ineligible as remediation costs.

(3) The maximum loan amount under this subsection (A) for any one project is $1,000,000.

(A) the loan recipient shall secure the loan repayment obligation;

(B) completion of the loan repayment shall not exceed 15 years or as otherwise prescribed by Agency rule; and

(C) loan agreements shall provide for a confession of judgment by the loan recipient upon default.

(5) Loans shall not be used to cover expenses incurred prior to the approval of the loan application.

(6) If the loan recipient fails to make timely payments or otherwise fails to meet its obligations as provided in this subsection (A) or implementing regulations, the Agency is authorized to pursue the collection of the amounts past due, the outstanding loan balance, and the costs thereby incurred, either pursuant to the Illinois State Collection Act of 1986 or by any other means provided by law, including the taking of title, by foreclosure or otherwise, to any project or other property pledged, mortgaged, encumbered, or otherwise available as security or collateral.

(c) The Agency shall have the authority to enter into any contracts or agreements that may be necessary to carry out its duties or responsibilities under this subsection (A). The Agency shall have the authority to promulgate regulations setting forth procedures and criteria for administering the Brownfields Redevelopment Loan Program. The regulations promulgated by the Agency for loans under this subsection (A) shall include, but need not be limited to, the following elements:

(d) Moneys in the Brownfields Redevelopment Fund may be used as a source of revenue or security for the principal and interest on revenue or general obligation bonds issued by the State or any political subdivision.
or instrumentality thereof, if the proceeds of those bonds will be deposited into the Fund.

(B) Brownfields Site Restoration Program.

(a) (1) The Agency, with the assistance of the Department of Commerce and Economic Opportunity Community Affairs, must establish and administer a program for the payment of remediation costs to be known as the Brownfields Site Restoration Program. The Agency, through the Program, shall provide Remediation Applicants with financial assistance for the investigation and remediation of abandoned or underutilized properties. The investigation and remediation shall be performed in accordance with this Title XVII of this Act.

(2) For each State fiscal year in which funds are made available to the Agency for payment under this subsection (B), the Agency must, subject to the availability of funds, allocate 20% of the funds to be available to Remediation Applicants within counties with populations over 2,000,000. The remaining funds must be made available to all other Remediation Applicants in the State.

(3) The Agency must not approve payment in excess of $750,000 to a Remediation Applicant for remediation costs incurred at a remediation site. Eligibility must be determined based on a minimum capital investment in the redevelopment of the site, and payment amounts must not exceed the net economic benefit to the State of the remediation project. In addition to these limitations, the total payment to be made to an applicant must not exceed an amount equal to 20% of the capital investment at the site.

(4) Only those remediation projects for which a No Further Remediation Letter is issued by the Agency after December 31, 2001 are eligible to participate in the Brownfields Site Restoration Program. The program does not apply to any sites that have received a No Further Remediation Letter prior to December 31, 2001 or for costs incurred prior to the Department of Commerce and Economic Opportunity (formerly Department of Commerce

New matter indicated by italics - deletions by strikeout
and Community Affairs) approving a site eligible for the Brownfields Site Restoration Program.

(5) Brownfields Site Restoration Program funds shall be subject to availability of funding and distributed based on the order of receipt of applications satisfying all requirements as set forth in this Section.

(b) Prior to applying to the Agency for payment, a Remediation Applicant shall first submit to the Agency its proposed remediation costs. The Agency shall make a pre-application assessment, which is not to be binding upon the Department of Commerce and Economic Opportunity Community Affairs or upon future review of the project, relating only to whether the Agency has adequate funding to reimburse the applicant for the remediation costs if the applicant is found to be eligible for reimbursement of remediation costs. If the Agency determines that it is likely to have adequate funding to reimburse the applicant for remediation costs, the Remediation Applicant may then submit to the Department of Commerce and Economic Opportunity Community Affairs an application for review of eligibility. The Department must review the eligibility application to determine whether the Remediation Applicant is eligible for the payment. The application must be on forms prescribed and provided by the Department of Commerce and Economic Opportunity Community Affairs. At a minimum, the application must include the following:

(1) Information identifying the Remediation Applicant and the site for which the payment is being sought and the date of acceptance into the Site Remediation Program.

(2) Information demonstrating that the site for which the payment is being sought is abandoned or underutilized property. "Abandoned property" means real property previously used for, or that has the potential to be used for, commercial or industrial purposes that reverted to the ownership of the State, a county or municipal government, or an agency thereof, through donation, purchase, tax delinquency, foreclosure, default, or settlement, including conveyance by deed in lieu of foreclosure; or privately owned property that has been vacant for a period of not less than 3
years from the time an application is made to the Department of Commerce and Economic Opportunity Community Affairs. "Underutilized property" means real property of which less than 35% of the commercially usable space of the property and improvements thereon are used for their most commercially profitable and economically productive uses.

(3) Information demonstrating that remediation of the site for which the payment is being sought will result in a net economic benefit to the State of Illinois. The "net economic benefit" must be determined based on factors including, but not limited to, the capital investment, the number of jobs created, the number of jobs retained if it is demonstrated the jobs would otherwise be lost, capital improvements, the number of construction-related jobs, increased sales, material purchases, other increases in service and operational expenditures, and other factors established by the Department of Commerce and Economic Opportunity Community Affairs. Priority must be given to sites located in areas with high levels of poverty, where the unemployment rate exceeds the State average, where an enterprise zone exists, or where the area is otherwise economically depressed as determined by the Department of Commerce and Economic Opportunity Community Affairs.

(4) An application fee in the amount set forth in subdivision (B)(c) for each site for which review of an application is being sought.

(c) The fee for eligibility reviews conducted by the Department of Commerce and Economic Opportunity Community Affairs under this subsection (B) is $1,000 for each site reviewed. The application fee must be made payable to the Department of Commerce and Economic Opportunity Community Affairs for deposit into the Workforce, Technology, and Economic Development Fund. These application fees shall be used by the Department for administrative expenses incurred under this subsection (B).

New matter indicated by italics - deletions by strikeout
(d) Within 60 days after receipt by the Department of Commerce and Economic Opportunity Community Affairs of an application meeting the requirements of subdivision (B)(b), the Department of Commerce and Economic Opportunity Community Affairs must issue a letter to the applicant approving the application, approving the application with modifications, or disapproving the application. If the application is approved or approved with modifications, the Department of Commerce and Economic Opportunity's Community Affairs' letter must also include its determination of the "net economic benefit" of the remediation project and the maximum amount of the payment to be made available to the applicant for remediation costs. The payment by the Agency under this subsection (B) must not exceed the "net economic benefit" of the remediation project, as determined by the Department of Commerce and Economic Opportunity Community Affairs.

(e) An application for a review of remediation costs must not be submitted to the Agency unless the Department of Commerce and Economic Opportunity Community Affairs has determined the Remediation Applicant is eligible under subdivision (B)(d). If the Department of Commerce and Economic Opportunity Community Affairs has determined that a Remediation Applicant is eligible under subdivision (B)(d), the Remediation Applicant may submit an application for payment to the Agency under this subsection (B). Except as provided in subdivision (B)(f), an application for review of remediation costs must not be submitted until a No Further Remediation Letter has been issued by the Agency and recorded in the chain of title for the site in accordance with Section 58.10. The Agency must review the application to determine whether the costs submitted are remediation costs and whether the costs incurred are reasonable. The application must be on forms prescribed and provided by the Agency. At a minimum, the application must include the following:

(1) Information identifying the Remediation Applicant and the site for which the payment is being sought and the date of acceptance of the site into the Site Remediation Program.

In any meeting, investigation, negotiation, conference, or other proceeding between a State employee and an Equal Employment Opportunity officer, a State employee (1) who is not covered by a collective bargaining agreement and (2) who is the complaining party or the subject of such proceeding may be accompanied, advised and represented by (1) an attorney licensed to practice law in the State of Illinois or (2) a representative of an employee organization whose membership is composed of employees of the State and of which the employee is a member. A representative of an employee, other than an attorney, may observe but may not actively participate, or advise the State employee during the course of such meeting, investigation, negotiation, conference or other proceeding. Nothing in this Section shall be construed to permit any person who is not licensed to practice law in Illinois to deliver any legal services or otherwise engage in any activities that would constitute the unauthorized practice of law. Any representative of an employee who is present with the consent of the employee, shall not, during or after termination of the relationship permitted by this Section with the State employee, use or reveal any information obtained during the course of the meeting, investigation, negotiation, conference or other proceeding without the consent of the complaining party and any State employee who is the subject of the proceeding and pursuant to rules and regulations governing confidentiality of such information as promulgated by the appropriate State agency. Intentional or reckless disclosure of information in violation of these confidentiality requirements shall constitute a Class B misdemeanor.

(c) The State executive department, State agency, board, commission, or instrumentality in which the layoffs are to occur must conform to applicable collective bargaining agreements.

A minimum of 60 days to comply with the requirements shall be afforded to the public contractor or eligible bidder before the Department may issue formal notice of non-compliance.

Sec. 2103. Unemployment compensation administration and other workforce development costs. All moneys received by the State or by the Director from any source for the financing of the cost of administration of this Act, including all federal moneys allotted or apportioned to the State or to the Director for that purpose, including moneys received directly or indirectly from the federal government under the Job Training Partnership Act, and including moneys received from the Railroad Retirement Board as compensation for services or facilities supplied to said Board, or any moneys made available by this State or its political subdivisions and matched by moneys granted to this State pursuant to the provisions of the Wagner-Peyser Act, shall be received and held by the State Treasurer as ex-officio custodian thereof, separate and apart from all other State moneys, in the Title III Social Security and Employment Fund, and such funds shall be distributed or expended upon the direction of the Director and, except money received pursuant to the last paragraph of Section 2100B, shall be distributed or expended solely for the purposes and in the amounts found necessary by the Secretary of Labor of the United States of America, or other appropriate federal agency, for the proper and efficient administration of this Act. If any moneys received from the Secretary of Labor, or other appropriate federal agency, under Title III of the Social Security Act, or any moneys granted to this State pursuant to the provisions of the Wagner-Peyser Act, or any moneys made available by this State or its political subdivisions and matched by moneys granted to this State pursuant to the provisions of the Wagner-Peyser Act, are found by the Secretary of Labor, or other appropriate Federal agency, because of any action or contingency, to have been lost or expended for purposes other than, or in amounts in excess of, those found necessary, by the Secretary of Labor, or other appropriate Federal agency, for the proper administration of this Act, it is the policy of this State that such moneys shall be replaced by moneys appropriated for such purpose from the general funds of this State for expenditure as provided in the first paragraph of this Section. The Director shall report to the Governor’s Office of Management and Budget Bureau of the Budget, in the same manner as is provided generally for the submission by State Departments of financial requirements for the ensuing fiscal year, and the Governor shall include in his budget report to the next regular session of the General Assembly, the amount required for such replacement.

The State Treasurer shall be liable on his general official bond for the faithful performance of his duties as custodian of all moneys in the Title III Social Security and Employment Fund. Such liability on his official bond shall exist in addition to the liability upon any separate bond given by him. All sums recovered for losses sustained by the fund herein described shall be deposited therein.

Effective May 19, 2006.
PUBLIC ACT 94-0794
(House Bill No. 4789)

AN ACT concerning property tax.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Findings; purpose; validation.

(a) The General Assembly finds and declares that:

(1) Public Act 88-669, effective November 29, 1994, created Section 15-172 of the Property Tax Code, then known as the Senior Citizens Tax Freeze Homestead Exemption. Public Act 88-669 also contained other provisions.

(2) The Senior Citizens Tax Freeze Homestead Exemption has been renamed the Senior Citizens Assessment Freeze Homestead Exemption.

(b) Among the purposes of this Act is the re-enactment of the provisions of Section 15-172 of the Property Tax Code and to minimize or prevent any problems concerning those provisions that may arise from the unconstitutionality of Public Act 88-669. This re-enactment is intended to remove any question as to the validity and content of those provisions; it is not intended to supersede any other Public Act that amends the provisions re-enacted in this Act. The re-enacted material is shown in this Act as existing text (i.e., without underscoring) and includes changes made by subsequent amendments. We are also making substantive changes to the Section; these changes are shown with striking and underscoring.

(c) The re-enactment of the provisions of Section 15-172 of the Property Tax Code by this Act is not intended, and shall not be construed, to impair any legal argument concerning whether those provisions were substantially re-enacted by any other Public Act.

New matter indicated by italics - deletions by strikeout
(d) All otherwise lawful actions taken before the effective date of this Act in reliance on or pursuant to the provisions re-enacted by this Act, as those provisions were set forth in Public Act 88-669 or as subsequently amended, by any officer, employee, or agency of State government or by any other person or entity, are hereby validated, except to the extent prohibited under the Illinois or United States Constitution.

(e) This Act applies, without limitation, to actions pending on or after the effective date of this Act, except to the extent prohibited under the Illinois or United States Constitution.

Section 5. The Property Tax Code is amended by changing Section 15-170 and by re-enacting and changing Section 15-172 as follows:

(35 ILCS 200/15-170)

Sec. 15-170. Senior Citizens Homestead Exemption. An annual homestead exemption limited, except as described here with relation to cooperatives or life care facilities, to a maximum reduction set forth below from the property's value, as equalized or assessed by the Department, is granted for property that is occupied as a residence by a person 65 years of age or older who is liable for paying real estate taxes on the property and is an owner of record of the property or has a legal or equitable interest therein as evidenced by a written instrument, except for a leasehold interest, other than a leasehold interest of land on which a single family residence is located, which is occupied as a residence by a person 65 years or older who has an ownership interest therein, legal, equitable or as a lessee, and on which he or she is liable for the payment of property taxes. Before taxable year 2004, the maximum reduction shall be $2,500 in counties with 3,000,000 or more inhabitants and $2,000 in all other counties. For taxable years 2004 through 2005 and thereafter, the maximum reduction shall be $3,000 in all counties. For taxable years 2006 and thereafter, the maximum reduction shall be $3,500 in all counties.

For land improved with an apartment building owned and operated as a cooperative, the maximum reduction from the value of the property, as equalized by the Department, shall be multiplied by the number of apartments or units occupied by a person 65 years of age or older who is
liable, by contract with the owner or owners of record, for paying property taxes on the property and is an owner of record of a legal or equitable interest in the cooperative apartment building, other than a leasehold interest. For land improved with a life care facility, the maximum reduction from the value of the property, as equalized by the Department, shall be multiplied by the number of apartments or units occupied by persons 65 years of age or older, irrespective of any legal, equitable, or leasehold interest in the facility, who are liable, under a contract with the owner or owners of record of the facility, for paying property taxes on the property. In a cooperative or a life care facility where a homestead exemption has been granted, the cooperative association or the management firm of the cooperative or facility shall credit the savings resulting from that exemption only to the apportioned tax liability of the owner or resident who qualified for the exemption. Any person who willfully refuses to so credit the savings shall be guilty of a Class B misdemeanor. Under this Section and Sections 15-175 and 15-176, "life care facility" means a facility as defined in Section 2 of the Life Care Facilities Act, with which the applicant for the homestead exemption has a life care contract as defined in that Act.

When a homestead exemption has been granted under this Section and the person qualifying subsequently becomes a resident of a facility licensed under the Nursing Home Care Act, the exemption shall continue so long as the residence continues to be occupied by the qualifying person's spouse if the spouse is 65 years of age or older, or if the residence remains unoccupied but is still owned by the person qualified for the homestead exemption.

A person who will be 65 years of age during the current assessment year shall be eligible to apply for the homestead exemption during that assessment year. Application shall be made during the application period in effect for the county of his residence.

Beginning with assessment year 2003, for taxes payable in 2004, property that is first occupied as a residence after January 1 of any assessment year by a person who is eligible for the senior citizens homestead exemption under this Section must be granted a pro-rata

New matter indicated by italics - deletions by strikeout
exemption for the assessment year. The amount of the pro-rata exemption is the exemption allowed in the county under this Section divided by 365 and multiplied by the number of days during the assessment year the property is occupied as a residence by a person eligible for the exemption under this Section. The chief county assessment officer must adopt reasonable procedures to establish eligibility for this pro-rata exemption.

The assessor or chief county assessment officer may determine the eligibility of a life care facility to receive the benefits provided by this Section, by affidavit, application, visual inspection, questionnaire or other reasonable methods in order to insure that the tax savings resulting from the exemption are credited by the management firm to the apportioned tax liability of each qualifying resident. The assessor may request reasonable proof that the management firm has so credited the exemption.

The chief county assessment officer of each county with less than 3,000,000 inhabitants shall provide to each person allowed a homestead exemption under this Section a form to designate any other person to receive a duplicate of any notice of delinquency in the payment of taxes assessed and levied under this Code on the property of the person receiving the exemption. The duplicate notice shall be in addition to the notice required to be provided to the person receiving the exemption, and shall be given in the manner required by this Code. The person filing the request for the duplicate notice shall pay a fee of $5 to cover administrative costs to the supervisor of assessments, who shall then file the executed designation with the county collector. Notwithstanding any other provision of this Code to the contrary, the filing of such an executed designation requires the county collector to provide duplicate notices as indicated by the designation. A designation may be rescinded by the person who executed such designation at any time, in the manner and form required by the chief county assessment officer.

The assessor or chief county assessment officer may determine the eligibility of residential property to receive the homestead exemption provided by this Section by application, visual inspection, questionnaire or other reasonable methods. The determination shall be made in accordance with guidelines established by the Department.

New matter indicated by italics - deletions by strikeout
In counties with less than 3,000,000 inhabitants, the county board may by resolution provide that if a person has been granted a homestead exemption under this Section, the person qualifying need not reapply for the exemption.

In counties with less than 3,000,000 inhabitants, if the assessor or chief county assessment officer requires annual application for verification of eligibility for an exemption once granted under this Section, the application shall be mailed to the taxpayer.

The assessor or chief county assessment officer shall notify each person who qualifies for an exemption under this Section that the person may also qualify for deferral of real estate taxes under the Senior Citizens Real Estate Tax Deferral Act. The notice shall set forth the qualifications needed for deferral of real estate taxes, the address and telephone number of county collector, and a statement that applications for deferral of real estate taxes may be obtained from the county collector.

Notwithstanding Sections 6 and 8 of the State Mandates Act, no reimbursement by the State is required for the implementation of any mandate created by this Section.

that in the prior taxable year the property was improved with a permanent structure that was occupied as a residence by the applicant who was liable for paying real property taxes on the property and who was either (i) an owner of record of the property or had legal or equitable interest in the property as evidenced by a written instrument or (ii) had a legal or equitable interest as a lessee in the parcel of property that was single family residence. If in any subsequent taxable year for which the applicant applies and qualifies for the exemption the equalized assessed value of the residence is less than the equalized assessed value in the existing base year (provided that such equalized assessed value is not based on an assessed value that results from a temporary irregularity in the property that reduces the assessed value for one or more taxable years), then that subsequent taxable year shall become the base year until a new base year is established under the terms of this paragraph. For taxable year 1999 only, the Chief County Assessment Officer shall review (i) all taxable years for which the applicant applied and qualified for the exemption and (ii) the existing base year. The assessment officer shall select as the new base year the year with the lowest equalized assessed value. An equalized assessed value that is based on an assessed value that results from a temporary irregularity in the property that reduces the assessed value for one or more taxable years shall not be considered the lowest equalized assessed value. The selected year shall be the base year for taxable year 1999 and thereafter until a new base year is established under the terms of this paragraph.

"Chief County Assessment Officer" means the County Assessor or Supervisor of Assessments of the county in which the property is located.

"Equalized assessed value" means the assessed value as equalized by the Illinois Department of Revenue.

"Household" means the applicant, the spouse of the applicant, and all persons using the residence of the applicant as their principal place of residence.

"Household income" means the combined income of the members of a household for the calendar year preceding the taxable year.

"Income" has the same meaning as provided in Section 3.07 of the Senior Citizens and Disabled Persons Property Tax Relief and

New matter indicated by italics - deletions by strikeout
Pharmaceutical Assistance Act, except that, beginning in assessment year 2001, "income" does not include veteran's benefits.

"Internal Revenue Code of 1986" means the United States Internal Revenue Code of 1986 or any successor law or laws relating to federal income taxes in effect for the year preceding the taxable year.

"Life care facility that qualifies as a cooperative" means a facility as defined in Section 2 of the Life Care Facilities Act.

"Residence" means the principal dwelling place and appurtenant structures used for residential purposes in this State occupied on January 1 of the taxable year by a household and so much of the surrounding land, constituting the parcel upon which the dwelling place is situated, as is used for residential purposes. If the Chief County Assessment Officer has established a specific legal description for a portion of property constituting the residence, then that portion of property shall be deemed the residence for the purposes of this Section.

"Taxable year" means the calendar year during which ad valorem property taxes payable in the next succeeding year are levied.

(c) Beginning in taxable year 1994, a senior citizens assessment freeze homestead exemption is granted for real property that is improved with a permanent structure that is occupied as a residence by an applicant who (i) is 65 years of age or older during the taxable year, (ii) has a household income of $35,000 or less prior to taxable year 1999, $40,000 or less in taxable years 1999 through 2003, and $45,000 or less in taxable year 2004 and 2005, and $50,000 or less in taxable year 2006 and thereafter, (iii) is liable for paying real property taxes on the property, and (iv) is an owner of record of the property or has a legal or equitable interest in the property as evidenced by a written instrument. This homestead exemption shall also apply to a leasehold interest in a parcel of property improved with a permanent structure that is a single family residence that is occupied as a residence by a person who (i) is 65 years of age or older during the taxable year, (ii) has a household income of $35,000 or less prior to taxable year 1999, $40,000 or less in taxable years 1999 through 2003, and $45,000 or less in taxable year 2004 and 2005, and $50,000 or less in taxable year 2006 and thereafter, (iii) has a legal or
equitable ownership interest in the property as lessee, and (iv) is liable for the payment of real property taxes on that property.

Through taxable year 2005, the amount of this exemption shall be the equalized assessed value of the residence in the taxable year for which application is made minus the base amount. For taxable year 2006 and thereafter, the amount of the exemption is as follows:

1. For an applicant who has a household income of $45,000 or less, the amount of the exemption is the equalized assessed value of the residence in the taxable year for which application is made minus the base amount.

2. For an applicant who has a household income exceeding $45,000 but not exceeding $46,250, the amount of the exemption is (i) the equalized assessed value of the residence in the taxable year for which application is made minus the base amount (ii) multiplied by 0.8.

3. For an applicant who has a household income exceeding $46,250 but not exceeding $47,500, the amount of the exemption is (i) the equalized assessed value of the residence in the taxable year for which application is made minus the base amount (ii) multiplied by 0.6.

4. For an applicant who has a household income exceeding $47,500 but not exceeding $48,750, the amount of the exemption is (i) the equalized assessed value of the residence in the taxable year for which application is made minus the base amount (ii) multiplied by 0.4.

5. For an applicant who has a household income exceeding $48,750 but not exceeding $50,000, the amount of the exemption is (i) the equalized assessed value of the residence in the taxable year for which application is made minus the base amount (ii) multiplied by 0.2.

When the applicant is a surviving spouse of an applicant for a prior year for the same residence for which an exemption under this Section has been granted, the base year and base amount for that residence are the same as for the applicant for the prior year.

New matter indicated by italics - deletions by strikeout
Each year at the time the assessment books are certified to the County Clerk, the Board of Review or Board of Appeals shall give to the County Clerk a list of the assessed values of improvements on each parcel qualifying for this exemption that were added after the base year for this parcel and that increased the assessed value of the property.

In the case of land improved with an apartment building owned and operated as a cooperative or a building that is a life care facility that qualifies as a cooperative, the maximum reduction from the equalized assessed value of the property is limited to the sum of the reductions calculated for each unit occupied as a residence by a person or persons (i) 65 years of age or older, (ii) with a household income of $35,000 or less prior to taxable year 1999, $40,000 or less in taxable years 1999 through 2003, and $45,000 or less in taxable year 2004 and 2005, and $50,000 or less in taxable year 2006 and thereafter, (iii) who is liable, by contract with the owner or owners of record, for paying real property taxes on the property, and (iv) who is an owner of record of a legal or equitable interest in the cooperative apartment building, other than a leasehold interest. In the instance of a cooperative where a homestead exemption has been granted under this Section, the cooperative association or its management firm shall credit the savings resulting from that exemption only to the apportioned tax liability of the owner who qualified for the exemption. Any person who willfully refuses to credit that savings to an owner who qualifies for the exemption is guilty of a Class B misdemeanor.

When a homestead exemption has been granted under this Section and an applicant then becomes a resident of a facility licensed under the Nursing Home Care Act, the exemption shall be granted in subsequent years so long as the residence (i) continues to be occupied by the qualified applicant's spouse or (ii) if remaining unoccupied, is still owned by the qualified applicant for the homestead exemption.

Beginning January 1, 1997, when an individual dies who would have qualified for an exemption under this Section, and the surviving spouse does not independently qualify for this exemption because of age, the exemption under this Section shall be granted to the surviving spouse for the taxable year preceding and the taxable year of the death, provided

New matter indicated by italics - deletions by strikeout
that, except for age, the surviving spouse meets all other qualifications for
the granting of this exemption for those years.

When married persons maintain separate residences, the exemption
provided for in this Section may be claimed by only one of such persons
and for only one residence.

For taxable year 1994 only, in counties having less than 3,000,000
inhabitants, to receive the exemption, a person shall submit an application
by February 15, 1995 to the Chief County Assessment Officer of the
county in which the property is located. In counties having 3,000,000 or
more inhabitants, for taxable year 1994 and all subsequent taxable years,
to receive the exemption, a person may submit an application to the Chief
County Assessment Officer of the county in which the property is located
during such period as may be specified by the Chief County Assessment
Officer. The Chief County Assessment Officer in counties of 3,000,000 or
more inhabitants shall annually give notice of the application period by
mail or by publication. In counties having less than 3,000,000 inhabitants,
beginning with taxable year 1995 and thereafter, to receive the exemption,
a person shall submit an application by July 1 of each taxable year to the
Chief County Assessment Officer of the county in which the property is
located. A county may, by ordinance, establish a date for submission of
applications that is different than July 1. The applicant shall submit with
the application an affidavit of the applicant's total household income, age,
marital status (and if married the name and address of the applicant's
spouse, if known), and principal dwelling place of members of the
household on January 1 of the taxable year. The Department shall
establish, by rule, a method for verifying the accuracy of affidavits filed by
applicants under this Section. The applications shall be clearly marked as
applications for the Senior Citizens Assessment Freeze Homestead
Exemption.

Notwithstanding any other provision to the contrary, in counties
having fewer than 3,000,000 inhabitants, if an applicant fails to file the
application required by this Section in a timely manner and this failure to
file is due to a mental or physical condition sufficiently severe so as to
render the applicant incapable of filing the application in a timely manner,

New matter indicated by italics - deletions by strikeout
the Chief County Assessment Officer may extend the filing deadline for a period of 30 days after the applicant regains the capability to file the application, but in no case may the filing deadline be extended beyond 3 months of the original filing deadline. In order to receive the extension provided in this paragraph, the applicant shall provide the Chief County Assessment Officer with a signed statement from the applicant's physician stating the nature and extent of the condition, that, in the physician's opinion, the condition was so severe that it rendered the applicant incapable of filing the application in a timely manner, and the date on which the applicant regained the capability to file the application.

Beginning January 1, 1998, notwithstanding any other provision to the contrary, in counties having fewer than 3,000,000 inhabitants, if an applicant fails to file the application required by this Section in a timely manner and this failure to file is due to a mental or physical condition sufficiently severe so as to render the applicant incapable of filing the application in a timely manner, the Chief County Assessment Officer may extend the filing deadline for a period of 3 months. In order to receive the extension provided in this paragraph, the applicant shall provide the Chief County Assessment Officer with a signed statement from the applicant's physician stating the nature and extent of the condition, and that, in the physician's opinion, the condition was so severe that it rendered the applicant incapable of filing the application in a timely manner.

In counties having less than 3,000,000 inhabitants, if an applicant was denied an exemption in taxable year 1994 and the denial occurred due to an error on the part of an assessment official, or his or her agent or employee, then beginning in taxable year 1997 the applicant's base year, for purposes of determining the amount of the exemption, shall be 1993 rather than 1994. In addition, in taxable year 1997, the applicant's exemption shall also include an amount equal to (i) the amount of any exemption denied to the applicant in taxable year 1995 as a result of using 1994, rather than 1993, as the base year, (ii) the amount of any exemption denied to the applicant in taxable year 1996 as a result of using 1994, rather than 1993, as the base year, and (iii) the amount of the exemption erroneously denied for taxable year 1994.

For purposes of this Section, a person who will be 65 years of age during the current taxable year shall be eligible to apply for the homestead exemption during that taxable year. Application shall be made during the application period in effect for the county of his or her residence.

The Chief County Assessment Officer may determine the eligibility of a life care facility that qualifies as a cooperative to receive the benefits provided by this Section by use of an affidavit, application, visual inspection, questionnaire, or other reasonable method in order to insure that the tax savings resulting from the exemption are credited by the management firm to the apportioned tax liability of each qualifying resident. The Chief County Assessment Officer may request reasonable proof that the management firm has so credited that exemption.

Except as provided in this Section, all information received by the chief county assessment officer or the Department from applications filed under this Section, or from any investigation conducted under the provisions of this Section, shall be confidential, except for official purposes or pursuant to official procedures for collection of any State or local tax or enforcement of any civil or criminal penalty or sanction imposed by this Act or by any statute or ordinance imposing a State or local tax. Any person who divulges any such information in any manner, except in accordance with a proper judicial order, is guilty of a Class A misdemeanor.

Nothing contained in this Section shall prevent the Director or chief county assessment officer from publishing or making available reasonable statistics concerning the operation of the exemption contained in this Section in which the contents of claims are grouped into aggregates in such a way that information contained in any individual claim shall not be disclosed.

(d) Each Chief County Assessment Officer shall annually publish a notice of availability of the exemption provided under this Section. The notice shall be published at least 60 days but no more than 75 days prior to the date on which the application must be submitted to the Chief County Assessment Officer of the county in which the property is located. The notice shall appear in a newspaper of general circulation in the county.

(a) Upon receipt of a certified report, as prescribed by subsection (c) of this Section, from any municipality stating that the owner of a registered vehicle has: (1) failed to pay any fine or penalty due and owing as a result of 10 or more violations of a municipality's vehicular standing, parking, or compliance regulations established by ordinance pursuant to Section 11-208.3 of this Code, or (2) failed to pay any fine or penalty due and owing as a result of 5 offenses for automated traffic violations as defined in Section 11-208.6, the Secretary of State shall suspend the driving privileges of such person in accordance with the procedures set forth in this Section. The Secretary shall also suspend the driving privileges of an owner of a registered vehicle upon receipt of a certified report, as prescribed by subsection (f) of this Section, from any municipality stating that such person has failed to satisfy any fines or penalties imposed by final judgments for 5 or more automated traffic law violations or 10 or more violations of local standing, parking, or compliance regulations after exhaustion of judicial review procedures.

(b) Following receipt of the certified report of the municipality as specified in this Section, the Secretary of State shall notify the person whose name appears on the certified report that the person's driver's license will be suspended at the end of a specified period of time unless the Secretary of State is presented with a notice from the municipality certifying that the fine or penalty due and owing the municipality has been paid or that inclusion of that person's name on the certified report was in error. The Secretary's notice shall state in substance the information contained in the municipality's certified report to the Secretary, and shall be effective as specified by subsection (c) of Section 6-211 of this Code.

(c) The report of the appropriate municipal official notifying the Secretary of State of unpaid fines or penalties pursuant to this Section shall be certified and shall contain the following:

(1) The name, last known address as recorded with the Secretary of State, as provided by the lessor of the cited vehicle at the time of lease, or as recorded in a United States Post Office approved database if any notice sent under Section 11-208.3 of this Code is returned as undeliverable, and drivers license number of the person who failed to pay the fine or penalty and the registration number of any vehicle known to be registered to such person in this State.

In a municipality with a population of 1,000,000 or more, the report shall also include a statement that the alleged violator's State vehicle registration number and vehicle make, if specified on the automated traffic law violation notice, are correct as they appear on the citations.

(d) Any municipality making a certified report to the Secretary of State pursuant to this Section shall notify the Secretary of State, in a form prescribed by the Secretary, whenever a person named in the certified report has paid the previously reported fine or penalty or whenever the municipality determines that the original report was in error. A certified copy of such notification shall also be given upon request and at no additional charge to the person named therein. Upon receipt of the municipality's notification or presentation of a certified copy of such notification, the Secretary of State shall terminate the suspension.

New matter indicated by italics - deletions by strikeout
(e) Any municipality making a certified report to the Secretary of State pursuant to this Section shall also by ordinance establish procedures for persons to challenge the accuracy of the certified report. The ordinance shall also state the grounds for such a challenge, which may be limited to (1) the person not having been the owner or lessee of the vehicle or vehicles receiving 10 or more standing, parking, or compliance violation notices or 5 or more automated traffic law violations on the date or dates such notices were issued; and (2) the person having already paid the fine or penalty for the 10 or more standing, parking, or compliance violations or 5 or more automated traffic law violations indicated on the certified report.

(f) Any municipality, other than a municipality establishing vehicular standing, parking, and compliance regulations pursuant to Section 11-208.3 or automated traffic law regulations under Section 11-208.6, may also cause a suspension of a person's driver's license pursuant to this Section. Such municipality may invoke this sanction by making a certified report to the Secretary of State upon a person's failure to satisfy any fine or penalty imposed by final judgment for 10 or more violations of local standing, parking, or compliance regulations or 5 or more automated traffic law violations after exhaustion of judicial review procedures, but only if:

1. The municipality complies with the provisions of this Section in all respects except in regard to enacting an ordinance pursuant to Section 11-208.3;
2. The municipality has sent a notice of impending driver's license suspension as prescribed by an ordinance enacted pursuant to subsection (g) of this Section; and
3. In municipalities with a population of 1,000,000 or more, the municipality has verified that the alleged violator's State vehicle registration number and vehicle make are correct as they appear on the citations.

(g) Any municipality, other than a municipality establishing standing, parking, and compliance regulations pursuant to Section 11-208.3 or automated traffic law regulations under Section 11-208.6, may
provide by ordinance for the sending of a notice of impending drivers license suspension to the person who has failed to satisfy any fine or penalty imposed by final judgment for 10 or more violations of local standing, parking, or compliance regulations or 5 or more automated traffic law violations after exhaustion of judicial review procedures. An ordinance so providing shall specify that the notice sent to the person liable for any fine or penalty shall state that failure to pay the fine or penalty owing within 45 days of the notice's date will result in the municipality notifying the Secretary of State that the person's drivers license is eligible for suspension pursuant to this Section. The notice of impending drivers license suspension shall be sent by first class United States mail, postage prepaid, to the address recorded with the Secretary of State or at the last address known to the lessor of the cited vehicle at the time of lease or, if any notice sent under Section 11-208.3 of this Code is returned as undeliverable, to the last known address recorded in a United States Post Office approved database.

(h) An administrative hearing to contest an impending suspension or a suspension made pursuant to this Section may be had upon filing a written request with the Secretary of State. The filing fee for this hearing shall be $20, to be paid at the time the request is made. A municipality which files a certified report with the Secretary of State pursuant to this Section shall reimburse the Secretary for all reasonable costs incurred by the Secretary as a result of the filing of the report, including but not limited to the costs of providing the notice required pursuant to subsection (b) and the costs incurred by the Secretary in any hearing conducted with respect to the report pursuant to this subsection and any appeal from such a hearing.

(i) The provisions of this Section shall apply on and after January 1, 1988.

(j) For purposes of this Section, the term "compliance violation" is defined as in Section 11-208.3.

(625 ILCS 5/11-208.3) (from Ch. 95 1/2, par. 11-208.3)
Sec. 11-208.3. Administrative adjudication of violations of traffic regulations concerning the standing, parking, or condition of vehicles and automated traffic law violations.

(a) Any municipality may provide by ordinance for a system of administrative adjudication of vehicular standing and parking violations and vehicle compliance violations as defined in this subsection and automated traffic law violations as defined in Section 11-208.6. The administrative system shall have as its purpose the fair and efficient enforcement of municipal regulations through the administrative adjudication of automated traffic law violations and violations of municipal ordinances regulating the standing and parking of vehicles, the condition and use of vehicle equipment, and the display of municipal wheel tax licenses within the municipality's borders. The administrative system shall only have authority to adjudicate civil offenses carrying fines not in excess of $250 that occur after the effective date of the ordinance adopting such a system under this Section. For purposes of this Section, "compliance violation" means a violation of a municipal regulation governing the condition or use of equipment on a vehicle or governing the display of a municipal wheel tax license.

(b) Any ordinance establishing a system of administrative adjudication under this Section shall provide for:

(1) A traffic compliance administrator authorized to adopt, distribute and process parking, and compliance, and automated

New matter indicated by italics - deletions by strikeout
traffic law violation notices and other notices required by this Section, collect money paid as fines and penalties for violation of parking and compliance ordinances and automated traffic law violations, and operate an administrative adjudication system. The traffic compliance administrator also may make a certified report to the Secretary of State under Section 6-306.5.

(2) A parking, standing, or compliance, or automated traffic law violation notice that shall specify the date, time, and place of violation of a parking, standing, or compliance, or automated traffic law regulation; the particular regulation violated; the fine and any penalty that may be assessed for late payment, when so provided by ordinance; the vehicle make and state registration number; and the identification number of the person issuing the notice. With regard to automated traffic law violations, vehicle make shall be specified on the automated traffic law violation notice if the make is available and readily discernible. With regard to municipalities with a population of 1 million or more, it shall be grounds for dismissal of a parking violation if the State registration number or vehicle make specified is incorrect. The violation notice shall state that the payment of the indicated fine, and of any applicable penalty for late payment, shall operate as a final disposition of the violation. The notice also shall contain information as to the availability of a hearing in which the violation may be contested on its merits. The violation notice shall specify the time and manner in which a hearing may be had.

(3) Service of the parking, standing, or compliance violation notice by affixing the original or a facsimile of the notice to an unlawfully parked vehicle or by handing the notice to the operator of a vehicle if he or she is present and service of an automated traffic law violation notice by mail to the address of the registered owner of the cited vehicle as recorded with the Secretary of State within 30 days after the Secretary of State notifies the municipality or county of the identity of the owner of the vehicle, but in no event later than 90 days after the violation. A
person authorized by ordinance to issue and serve parking, standing, and compliance violation notices shall certify as to the correctness of the facts entered on the violation notice by signing his or her name to the notice at the time of service or in the case of a notice produced by a computerized device, by signing a single certificate to be kept by the traffic compliance administrator attesting to the correctness of all notices produced by the device while it was under his or her control. In the case of an automated traffic law violation, the ordinance shall require a determination by a technician employed or contracted by the municipality or county that, based on inspection of recorded images, the motor vehicle was being operated in violation of Section 11-208.6 or a local ordinance. If the technician determines that the vehicle entered the intersection as part of a funeral procession or in order to yield the right-of-way to an emergency vehicle, a citation shall not be issued. The original or a facsimile of the violation notice or, in the case of a notice produced by a computerized device, a printed record generated by the device showing the facts entered on the notice, shall be retained by the traffic compliance administrator, and shall be a record kept in the ordinary course of business. A parking, standing, or compliance, or automated traffic law violation notice issued, signed and served in accordance with this Section, a copy of the notice, or the computer generated record shall be prima facie correct and shall be prima facie evidence of the correctness of the facts shown on the notice. The notice, copy, or computer generated record shall be admissible in any subsequent administrative or legal proceedings.

(4) An opportunity for a hearing for the registered owner of the vehicle cited in the parking, standing, or compliance, or automated traffic law violation notice in which the owner may contest the merits of the alleged violation, and during which formal or technical rules of evidence shall not apply; provided, however, that under Section 11-1306 of this Code the lessee of a vehicle cited in the violation notice likewise shall be provided an

opportunity for a hearing of the same kind afforded the registered owner. The hearings shall be recorded, and the person conducting the hearing on behalf of the traffic compliance administrator shall be empowered to administer oaths and to secure by subpoena both the attendance and testimony of witnesses and the production of relevant books and papers. Persons appearing at a hearing under this Section may be represented by counsel at their expense. The ordinance may also provide for internal administrative review following the decision of the hearing officer.

(5) Service of additional notices, sent by first class United States mail, postage prepaid, to the address of the registered owner of the cited vehicle as recorded with the Secretary of State or, if any notice to that address is returned as undeliverable, to the last known address recorded in a United States Post Office approved database, or, under Section 11-1306 of this Code, to the lessee of the cited vehicle at the last address known to the lessor of the cited vehicle at the time of lease or, if any notice to that address is returned as undeliverable, to the last known address recorded in a United States Post Office approved database. The service shall be deemed complete as of the date of deposit in the United States mail. The notices shall be in the following sequence and shall include but not be limited to the information specified herein:

(i) A second notice of parking, standing, or compliance violation. This notice shall specify the date and location of the violation cited in the parking, standing, or compliance violation notice, the particular regulation violated, the vehicle make and state registration number, the fine and any penalty that may be assessed for late payment when so provided by ordinance, the availability of a hearing in which the violation may be contested on its merits, and the time and manner in which the hearing may be had. The notice of violation shall also state that failure either to pay the indicated fine and any applicable penalty, or to appear at a hearing on the merits in the time and

New matter indicated by italics - deletions by strikeout
manner specified, will result in a final determination of violation liability for the cited violation in the amount of the fine or penalty indicated, and that, upon the occurrence of a final determination of violation liability for the failure, and the exhaustion of, or failure to exhaust, available administrative or judicial procedures for review, any unpaid fine or penalty will constitute a debt due and owing the municipality.

(ii) A notice of final determination of parking, standing, or compliance, or automated traffic law violation liability. This notice shall be sent following a final determination of parking, standing, or compliance, or automated traffic law violation liability and the conclusion of judicial review procedures taken under this Section. The notice shall state that the unpaid fine or penalty is a debt due and owing the municipality. The notice shall contain warnings that failure to pay any fine or penalty due and owing the municipality within the time specified may result in the municipality's filing of a petition in the Circuit Court to have the unpaid fine or penalty rendered a judgment as provided by this Section, or may result in suspension of the person's drivers license for failure to pay fines or penalties for 10 or more parking violations under Section 6-306.5 or 5 or more automated traffic law violations under Section 11-208.6.

(6) A Notice of impending drivers license suspension. This notice shall be sent to the person liable for any fine or penalty that remains due and owing on 10 or more parking violations or 5 or more unpaid automated traffic law violations. The notice shall state that failure to pay the fine or penalty owing within 45 days of the notice's date will result in the municipality notifying the Secretary of State that the person is eligible for initiation of suspension proceedings under Section 6-306.5 of this Code. The notice shall also state that the person may obtain a photostatic copy

New matter indicated by italics - deletions by strikeout
of an original ticket imposing a fine or penalty by sending a self addressed, stamped envelope to the municipality along with a request for the photostatic copy. The notice of impending drivers license suspension shall be sent by first class United States mail, postage prepaid, to the address recorded with the Secretary of State or, if any notice to that address is returned as undeliverable, to the last known address recorded in a United States Post Office approved database.

(7) Final determinations of violation liability. A final determination of violation liability shall occur following failure to pay the fine or penalty after a hearing officer's determination of violation liability and the exhaustion of or failure to exhaust any administrative review procedures provided by ordinance. Where a person fails to appear at a hearing to contest the alleged violation in the time and manner specified in a prior mailed notice, the hearing officer's determination of violation liability shall become final: (A) upon denial of a timely petition to set aside that determination, or (B) upon expiration of the period for filing the petition without a filing having been made.

(8) A petition to set aside a determination of parking, standing, or compliance, or automated traffic law violation liability that may be filed by a person owing an unpaid fine or penalty. The petition shall be filed with and ruled upon by the traffic compliance administrator in the manner and within the time specified by ordinance. The grounds for the petition may be limited to: (A) the person not having been the owner or lessee of the cited vehicle on the date the violation notice was issued, (B) the person having already paid the fine or penalty for the violation in question, and (C) excusable failure to appear at or request a new date for a hearing. With regard to municipalities with a population of 1 million or more, it shall be grounds for dismissal of a parking violation if the State registration number, or vehicle make if specified, is incorrect. After the determination of parking, standing, or compliance, or automated traffic law violation liability has been
set aside upon a showing of just cause, the registered owner shall be provided with a hearing on the merits for that violation.

(9) Procedures for non-residents. Procedures by which persons who are not residents of the municipality may contest the merits of the alleged violation without attending a hearing.

(10) A schedule of civil fines for violations of vehicular standing, parking, and compliance, or automated traffic law regulations enacted by ordinance pursuant to this Section, and a schedule of penalties for late payment of the fines, provided, however, that the total amount of the fine and penalty for any one violation shall not exceed $250.

(11) Other provisions as are necessary and proper to carry into effect the powers granted and purposes stated in this Section.

(c) Any municipality establishing vehicular standing, parking, and compliance, or automated traffic law regulations under this Section may also provide by ordinance for a program of vehicle immobilization for the purpose of facilitating enforcement of those regulations. The program of vehicle immobilization shall provide for immobilizing any eligible vehicle upon the public way by presence of a restraint in a manner to prevent operation of the vehicle. Any ordinance establishing a program of vehicle immobilization under this Section shall provide:

(1) Criteria for the designation of vehicles eligible for immobilization. A vehicle shall be eligible for immobilization when the registered owner of the vehicle has accumulated the number of unpaid final determinations of parking, standing, or compliance, or automated traffic law violation liability as determined by ordinance.

(2) A notice of impending vehicle immobilization and a right to a hearing to challenge the validity of the notice by disproving liability for the unpaid final determinations of parking, standing, or compliance, or automated traffic law violation liability listed on the notice.

(3) The right to a prompt hearing after a vehicle has been immobilized or subsequently towed without payment of the

outstanding fines and penalties on parking, standing, or compliance, or automated traffic law violations for which final determinations have been issued. An order issued after the hearing is a final administrative decision within the meaning of Section 3-101 of the Code of Civil Procedure.

(4) A post immobilization and post-towing notice advising the registered owner of the vehicle of the right to a hearing to challenge the validity of the impoundment.

(d) Judicial review of final determinations of parking, standing, and compliance, or automated traffic law violations and final administrative decisions issued after hearings regarding vehicle immobilization and impoundment made under this Section shall be subject to the provisions of the Administrative Review Law.

(e) Any fine, penalty, or part of any fine or any penalty remaining unpaid after the exhaustion of, or the failure to exhaust, administrative remedies created under this Section and the conclusion of any judicial review procedures shall be a debt due and owing the municipality and, as such, may be collected in accordance with applicable law. Payment in full of any fine or penalty resulting from a standing, parking, or compliance, or automated traffic law violation shall constitute a final disposition of that violation.

(f) After the expiration of the period within which judicial review may be sought for a final determination of parking, standing, or compliance, or automated traffic law violation, the municipality may commence a proceeding in the Circuit Court for purposes of obtaining a judgment on the final determination of violation. Nothing in this Section shall prevent a municipality from consolidating multiple final determinations of parking, standing, or compliance, or automated traffic law violations against a person in a proceeding. Upon commencement of the action, the municipality shall file a certified copy or record of the final determination of parking, standing, or compliance, or automated traffic law violation, which shall be accompanied by a certification that recites facts sufficient to show that the final determination of violation was issued in accordance with this Section and

not exceed $2500. If the court is satisfied that the final determination of
parking, standing, or compliance, or automated traffic law violation was
entered in accordance with the requirements of this Section and the
applicable municipal ordinance, and that the registered owner or the
lessee, as the case may be, had an opportunity for an administrative
hearing and for judicial review as provided in this Section, the court shall
render judgment in favor of the municipality and against the registered
owner or the lessee for the amount indicated in the final determination of
parking, standing, or compliance, or automated traffic law violation, plus
costs. The judgment shall have the same effect and may be enforced in the
same manner as other judgments for the recovery of money.

(625 ILCS 5/11-208.6 new)
Sec. 11-208.6. Automated traffic law enforcement system.
(a) As used in this Section, "automated traffic law enforcement
system" means a device with one or more motor vehicle sensors working
in conjunction with a red light signal to produce recorded images of motor
vehicles entering an intersection against a red signal indication in
violation of Section 11-306 of this Code or a similar provision of a local
ordinance.

An automated traffic law enforcement system is a system, in a
municipality or county operated by a governmental agency, that produces
a recorded image of a motor vehicle’s violation of a provision of this Code
or a local ordinance and is designed to obtain a clear recorded image of
the vehicle and the vehicle’s license plate. The recorded image must also
display the time, date, and location of the violation.

(b) As used in this Section, "recorded images" means images
recorded by an automated traffic law enforcement system on:
(1) 2 or more photographs;

New matter indicated by italics - deletions by strikeout
(2) 2 or more microphotographs;
(3) 2 or more electronic images; or
(4) a video recording showing the motor vehicle and, on at least one image or portion of the recording, clearly identifying the registration plate number of the motor vehicle.

(c) A county or municipality, including a home rule county or municipality, may not use an automated traffic law enforcement system to provide recorded images of a motor vehicle for the purpose of recording its speed. The regulation of the use of automated traffic law enforcement systems to record vehicle speeds is an exclusive power and function of the State. This subsection (c) is a denial and limitation of home rule powers and functions under subsection (h) of Section 6 of Article VII of the Illinois Constitution.

(d) For each violation of a provision of this Code or a local ordinance recorded by an automatic traffic law enforcement system, the county or municipality having jurisdiction shall issue a written notice of the violation to the registered owner of the vehicle as the alleged violator. The notice shall be delivered to the registered owner of the vehicle, by mail, within 30 days after the Secretary of State notifies the municipality or county of the identity of the owner of the vehicle, but in no event later than 90 days after the violation.

The notice shall include:

(1) the name and address of the registered owner of the vehicle;
(2) the registration number of the motor vehicle involved in the violation;
(3) the violation charged;
(4) the location where the violation occurred;
(5) the date and time of the violation;
(6) a copy of the recorded images;
(7) the amount of the civil penalty imposed and the date by which the civil penalty should be paid;
(8) a statement that recorded images are evidence of a violation of a red light signal;

New matter indicated by italics - deletions by strikeout
(9) a warning that failure to pay the civil penalty or to contest liability in a timely manner is an admission of liability and may result in a suspension of the driving privileges of the registered owner of the vehicle; and

(10) a statement that the person may elect to proceed by:
   (A) paying the fine; or
   (B) challenging the charge in court, by mail, or by administrative hearing.

(e) If a person charged with a traffic violation, as a result of an automated traffic law enforcement system, does not pay or successfully contest the civil penalty resulting from that violation, the Secretary of State shall suspend the driving privileges of the registered owner of the vehicle under Section 6-306.5 of this Code for failing to pay any fine or penalty due and owing as a result of 5 violations of the automated traffic law enforcement system.

(f) Based on inspection of recorded images produced by an automated traffic law enforcement system, a notice alleging that the violation occurred shall be evidence of the facts contained in the notice and admissible in any proceeding alleging a violation under this Section.

(g) Recorded images made by an automatic traffic law enforcement system are confidential and shall be made available only to the alleged violator and governmental and law enforcement agencies for purposes of adjudicating a violation of this Section, for statistical purposes, or for other governmental purposes. Any recorded image evidence a violation of this Section, however, may be admissible in any proceeding resulting from the issuance of the citation.

(h) The court or hearing officer may consider in defense of a violation:
   (1) that the motor vehicle or registration plates of the motor vehicle were stolen before the violation occurred and not under the control of or in the possession of the owner at the time of the violation;
   (2) that the driver of the vehicle passed through the intersection when the light was red either (i) in order to yield the

New matter indicated by italics - deletions by strikeout
right-of-way to an emergency vehicle or (ii) as part of a funeral procession; and
(3) any other evidence or issues provided by municipal or county ordinance.

(i) To demonstrate that the motor vehicle or the registration plates were stolen before the violation occurred and were not under the control or possession of the owner at the time of the violation, the owner must submit proof that a report concerning the stolen motor vehicle or registration plates was filed with a law enforcement agency in a timely manner.

(j) Unless the driver of the motor vehicle received a Uniform Traffic Citation from a police officer at the time of the violation, the motor vehicle owner is subject to a civil penalty not exceeding $100, plus an additional penalty of not more than $100 for failure to pay the original penalty in a timely manner, if the motor vehicle is recorded by an automated traffic law enforcement system. A violation for which a civil penalty is imposed under this Section is not a violation of a traffic regulation governing the movement of vehicles and may not be recorded on the driving record of the owner of the vehicle.

(k) An intersection equipped with an automated traffic law enforcement system must be posted with a sign visible to approaching traffic indicating that the intersection is being monitored by an automated traffic law enforcement system.

(l) The compensation paid for an automated traffic law enforcement system must be based on the value of the equipment or the services provided and may not be based on the number of traffic citations issued or the revenue generated by the system.

(m) This Section applies only to the counties of Cook, DuPage, Kane, Lake, Madison, McHenry, St. Clair, and Will and to municipalities located within those counties.

Sec. 11-306. Traffic-control signal legend. Whenever traffic is controlled by traffic-control signals exhibiting different colored lights or color lighted arrows, successively one at a time or in combination, only the

New matter indicated by italics - deletions by strikeout
colors green, red and yellow shall be used, except for special pedestrian signals carrying a word legend, and the lights shall indicate and apply to drivers of vehicles and pedestrians as follows:

(a) Green indication.

1. Vehicular traffic facing a circular green signal may proceed straight through or turn right or left unless a sign at such place prohibits either such turn. Vehicular traffic, including vehicles turning right or left, shall yield the right of way to other vehicles and to pedestrians lawfully within the intersection or an adjacent crosswalk at the time such signal is exhibited.

2. Vehicular traffic facing a green arrow signal, shown alone or in combination with another indication, may cautiously enter the intersection only to make the movement indicated by such arrow, or such other movement as is permitted by other indications shown at the same time. Such vehicular traffic shall yield the right of way to pedestrians lawfully within an adjacent crosswalk and to other traffic lawfully using the intersection.

3. Unless otherwise directed by a pedestrian-control signal, as provided in Section 11-307, pedestrians facing any green signal, except when the sole green signal is a turn arrow, may proceed across the roadway within any marked or unmarked crosswalk.

(b) Steady yellow indication.

1. Vehicular traffic facing a steady circular yellow or yellow arrow signal is thereby warned that the related green movement is being terminated or that a red indication will be exhibited immediately thereafter.

2. Pedestrians facing a steady circular yellow or yellow arrow signal, unless otherwise directed by a pedestrian-control signal as provided in Section 11-307, are thereby advised that there is insufficient time to cross the roadway before a red indication is shown and no pedestrian shall then start to cross the roadway.

(c) Steady red indication.

1. Except as provided in paragraph 3 of this subsection (c), vehicular traffic facing a steady circular red signal alone shall stop
at a clearly marked stop line, but if there is no such stop line, before entering the crosswalk on the near side of the intersection, or if there is no such crosswalk, then before entering the intersection, and shall remain standing until an indication to proceed is shown.

2. Except as provided in paragraph 3 of this subsection (c), vehicular traffic facing a steady red arrow signal shall not enter the intersection to make the movement indicated by the arrow and, unless entering the intersection to make a movement permitted by another signal, shall stop at a clearly marked stop line, but if there is no such stop line, before entering the crosswalk on the near side of the intersection, or if there is no such crosswalk, then before entering the intersection, and shall remain standing until an indication permitting the movement indicated by such red arrow is shown.

3. Except when a sign is in place prohibiting a turn and local authorities by ordinance or State authorities by rule or regulation prohibit any such turn, vehicular traffic facing any steady red signal may cautiously enter the intersection to turn right, or to turn left from a one-way street into a one-way street, after stopping as required by paragraph 1 or paragraph 2 of this subsection. After stopping, the driver shall yield the right of way to any vehicle in the intersection or approaching on another roadway so closely as to constitute an immediate hazard during the time such driver is moving across or within the intersection or junction or roadways. Such driver shall yield the right of way to pedestrians within the intersection or an adjacent crosswalk.

4. Unless otherwise directed by a pedestrian-control signal as provided in Section 11-307, pedestrians facing a steady circular red or red arrow signal alone shall not enter the roadway.

5. A municipality with a population of 1,000,000 or more may enact an ordinance that provides for the use of an automated red light enforcement system to enforce violations of this subsection (c) that result in or involve a motor vehicle accident,
leaving the scene of a motor vehicle accident, or reckless driving that results in bodily injury.

This paragraph 5 is subject to prosecutorial discretion that is consistent with applicable law.

(d) In the event an official traffic control signal is erected and maintained at a place other than an intersection, the provisions of this Section shall be applicable except as to provisions which by their nature can have no application. Any stop required shall be at a traffic sign or a marking on the pavement indicating where the stop shall be made or, in the absence of such sign or marking, the stop shall be made at the signal.

(e) The motorman of any streetcar shall obey the above signals as applicable to vehicles.

Sec. 11-612. Certain systems to record vehicle speeds prohibited. Except as authorized in the Automated Traffic Control Systems in Highway Construction or Maintenance Zones Act, no photographic, video, or other imaging system may be used in this State to record vehicle speeds for the purpose of enforcing any law or ordinance regarding a maximum or minimum speed limit unless a law enforcement officer is present at the scene and witnesses the event. No State or local governmental entity, including a home rule county or municipality, may use such a system in a way that is prohibited by this Section. Section 5. The Consumer Fraud and Deceptive Business Practices Act is amended by changing Section 2MM as follows:

(815 ILCS 505/2MM)

Sec. 2MM. Verification of accuracy of consumer credit reporting information used to extend consumers credit and security freeze on credit reports for identity theft victims.

(a) A credit card issuer who mails an offer or solicitation to apply for a credit card and who receives a completed application in response to the offer or solicitation which lists an address that is not substantially the same as the address on the offer or solicitation may not issue a credit card based on that application until reasonable steps have been taken to verify the applicant's change of address.

(b) Any person who uses a consumer credit report in connection with the approval of credit based on the application for an extension of credit, and who has received notification of a police report filed with a consumer reporting agency that the applicant has been a victim of financial identity theft, as defined in Section 16G-15 of the Criminal Code of 1961, may not lend money or extend credit without taking reasonable steps to

verify the consumer's identity and confirm that the application for an extension of credit is not the result of financial identity theft.

(c) A consumer may request that a security freeze be placed on his or her credit report by sending a request in writing by certified mail to a consumer reporting agency at an address designated by the consumer reporting agency to receive such requests. This subsection (c) does not prevent a consumer reporting agency from advising a third party that a security freeze is in effect with respect to the consumer's credit report. A consumer who has been the victim of identity theft may place a security freeze on his or her credit report by making a request in writing by certified mail to a consumer credit reporting agency with a valid copy of a police report, investigative report, or complaint that the consumer has filed with a law enforcement agency about unlawful use of his or her personal information by another person. A credit reporting agency shall not charge a fee for placing, removing, or removing for a specific party or period of time a security freeze on a credit report. A security freeze shall prohibit, subject to the exceptions under subsection (i) of this Section, the credit reporting agency from releasing the consumer's credit report or any information from it without the express authorization of the consumer. When a security freeze is in place, information from a consumer's credit report shall not be released to a third party without prior express authorization from the consumer. This subsection does not prevent a credit reporting agency from advising a third party that a security freeze is in effect with respect to the consumer's credit report.

(d) A consumer credit reporting agency shall place a security freeze on a consumer's credit report no later than 5 business days after receiving a written request from the consumer:

1. a written request described in subsection (c);
2. proper identification; and
3. payment of a fee, if applicable.

(e) Upon placing the security freeze on the consumer's credit report, the consumer credit reporting agency shall send to the consumer within 10 business days a written confirmation of the placement of the security freeze and to the consumer within 10 business days and

shall provide the consumer with a unique personal identification number or password or similar device, other than the consumer's Social Security number, to be used by the consumer when providing authorization for the release of his or her credit report for a specific party or period of time.

(f) If the consumer wishes to allow his or her credit report to be accessed for a specific party or period of time while a freeze is in place, he or she shall contact the consumer credit reporting agency using a point of contact designated by the consumer reporting agency, request that the freeze be temporarily lifted, and provide the following:

1. Proper identification;
2. The unique personal identification number or password or similar device provided by the consumer credit reporting agency; and
3. The proper information regarding the third party or time period for which the report shall be available to users of the credit report; and
4. A fee, if applicable.

(g) A consumer credit reporting agency shall may develop a contact method procedures involving the use of telephone, fax, the Internet, or other electronic media to receive and process a request from a consumer to temporarily lift a freeze on a credit report pursuant to subsection (f) in an expedited manner.

A contact method under this subsection shall include: (i) a postal address; and (ii) an electronic contact method chosen by the consumer reporting agency, which may include the use of telephone, fax, Internet, or other electronic means.

(h) A consumer credit reporting agency that receives a request from a consumer to temporarily lift a freeze on a credit report pursuant to subsection (f), shall comply with the request no later than 3 business days after receiving the request.

(i) A consumer credit reporting agency shall remove or temporarily lift a freeze placed on a consumer's credit report only in the following cases:

New matter indicated by italics - deletions by strikeout
(1) upon consumer request, pursuant to subsection (f) or subsection (l) of this Section; or

If a consumer credit reporting agency intends to remove a freeze upon a consumer's credit report pursuant to this subsection, the consumer credit reporting agency shall notify the consumer in writing prior to removing the freeze on the consumer's credit report.

(j) If a third party requests access to a credit report on which a security freeze is in effect, and this request is in connection with an application for credit or any other use, and the consumer does not allow his or her credit report to be accessed for that specific party or period of time, the third party may treat the application as incomplete.

(k) If a consumer requests a security freeze, the credit reporting agency shall disclose to the consumer the process of placing and temporarily lifting a security freeze, and the process for allowing access to information from the consumer's credit report for a specific party or period of time while the freeze is in place.

(l) A security freeze shall remain in place until the consumer requests, using a point of contact designated by the consumer reporting agency, that the security freeze be removed. A credit reporting agency shall remove a security freeze within 3 business days of receiving a request for removal from the consumer, who provides both of the following:

(1) Proper identification; and

(2) The unique personal identification number or password or similar device provided by the consumer credit reporting agency; and:

(3) A fee, if applicable.

(m) A consumer credit reporting agency shall require proper identification of the person making a request to place or remove a security freeze.

(n) The provisions of subsections (c) through (m) of this Section do not apply to the use of a consumer credit report by any of the following:

that person or entity, or an assignee of a financial obligation owing by
the consumer to that person or entity, or a prospective assignee of a
financial obligation owing by the consumer to that person or entity in
conjunction with the proposed purchase of the financial obligation,
with which the consumer has or had prior to assignment an account
or contract, including a demand deposit account, or to whom the
consumer issued a negotiable instrument, for the purposes of
reviewing the account or collecting the financial obligation owing for
the account, contract, or negotiable instrument. For purposes of this
subsection, "reviewing the account" includes activities related to
account maintenance, monitoring, credit line increases, and account
upgrades and enhancements.

(2) A subsidiary, affiliate, agent, assignee, or prospective
assignee of a person to whom access has been granted under
subsection (f) of this Section for purposes of facilitating the extension
of credit or other permissible use.

(3) Any state or local agency, law enforcement agency, trial
court, or private collection agency acting pursuant to a court order,
warrant, or subpoena.

(4) A child support agency acting pursuant to Title IV-D of
the Social Security Act.

(5) The State Medicaid or its agents or assigns
acting to investigate Medicaid fraud.

(6) The Department of Revenue or its agents or assigns acting
to investigate or collect delinquent taxes or unpaid court orders or to
fulfill any of its other statutory responsibilities.

(7) The use of credit information for the purposes of
prescreening as provided for by the federal Fair Credit Reporting Act.

(8) Any person or entity administering a credit file monitoring
subscription or similar service to which the consumer has subscribed.

(9) Any person or entity for the purpose of providing a
consumer with a copy of his or her credit report or score upon the
consumer's request.

(10) Any person using the information in connection with the
underwriting of insurance.

(n-5) This Section does not prevent a consumer reporting agency from charging a fee of no more than $10 to a consumer for each freeze, removal, or temporary lift of the freeze, regarding access to a consumer credit report, except that a consumer reporting agency may not charge a fee to (i) a consumer 65 years of age or over for placement and removal of a freeze, or (ii) a victim of identity theft who has submitted to the consumer reporting agency a valid copy of a police report, investigative report, or complaint that the consumer has filed with a law enforcement agency about unlawful use of his or her personal information by another person.

(o) If a security freeze is in place, a consumer credit reporting agency shall not change any of the following official information in a credit report without sending a written confirmation of the change to the consumer within 30 days of the change being posted to the consumer's file: (i) name, (ii) date of birth, (iii) Social Security number, and (iv) address. Written confirmation is not required for technical modifications of a consumer's official information, including name and street abbreviations, complete spellings, or transposition of numbers or letters. In the case of an address change, the written confirmation shall be sent to both the new address and to the former address.

(p) The following entities are not required to place a security freeze in a consumer credit report, however, pursuant to paragraph (3) of this subsection, a consumer reporting agency acting as a reseller shall honor any security freeze placed on a consumer credit report by another consumer reporting agency: provided, however, that any person that is not required to place a security freeze on a credit report under paragraph (3) of this subsection, shall be subject to any security freeze placed on a credit report by another credit reporting agency from which it obtains information:

(3) A consumer credit reporting agency that:

(A) acts only to resell credit information by assembling and merging information contained in a database of one or more consumer credit reporting agencies; and

(B) does not maintain a permanent database of credit information from which new credit reports are produced.

(q) For purposes of this Section:

"Credit report" has the same meaning as "consumer report", as ascribed to it in 15 U.S.C. Sec. 1681a(d).

"Consumer reporting agency" has the meaning ascribed to it in 15 U.S.C. Sec. 1681a(f).

"Security freeze" means a notice placed in a consumer's credit report, at the request of the consumer and subject to certain exceptions, that prohibits the consumer reporting agency from releasing the consumer's credit report or score relating to an extension of credit, without the express authorization of the consumer.

"Extension of credit" does not include an increase in an existing open-end credit plan, as defined in Regulation Z of the Federal Reserve System (12 C.F.R. 226.2), or any change to or review of an existing credit account.

"Proper identification" means information generally deemed sufficient to identify a person. Only if the consumer is unable to reasonably identify himself or herself with the information described above, may a consumer credit reporting agency require additional information concerning the consumer's employment and personal or family history in order to verify his or her identity.

Section 99. Effective date. This Act takes effect upon becoming law.

Passed in the General Assembly March 27, 2006.
Approved May 26, 2006.
Effective May 26, 2006.

PUBLIC ACT 94-0804
(House Bill No. 1918)

AN ACT concerning gaming.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Findings. The legislature makes all of the following findings:

(1) That riverboat gaming has had a negative impact on horse racing. From 1992, the first full year of riverboat operations, through 2005, Illinois on-track wagering has decreased by 42% from $835 million to $482 million.

(2) That this decrease in wagering has negatively impacted purses for Illinois racing, which has hurt the State's breeding industry. Between 1991 and 2004 the number of foals registered with the Department of Agriculture has decreased by more then 46% from 3,529 to 1,891.

(3) That the decline of the Illinois horseracing and breeding program, a $2.5 billion industry, would be reversed if this amendatory Act of the 94th General Assembly was enacted. By requiring that riverboats agree to pay 3% of their gross revenue into the Horse Racing Equity Trust Fund, total purses in the State may increase by 50%, helping Illinois tracks to better compete with those in other states. Illinois currently ranks thirteenth nationally in terms of its purse size; the change would propel the State to second or third.

(4) That Illinois agriculture and other businesses that support and supply the horse racing industry, already a sector that employs over 37,000 Illinoisans, also stand to substantially benefit and would be much more likely to create additional jobs should Illinois horse racing once again become competitive with other states.

(5) That the 3% of gross revenues this amendatory Act of the 94th General Assembly will contribute to the horse racing industry will benefit that important industry for Illinois farmers, breeders, and fans of horseracing and will begin to address the negative impact riverboat gaming has had on Illinois horseracing.

Section 5. The State Finance Act is amended by changing Section 8h as follows:

(30 ILCS 105/8h)
Sec. 8h. Transfers to General Revenue Fund.
(a) Except as provided in subsection (b), notwithstanding any other State law to the contrary, the Governor may, through June 30, 2007, from time to time direct the State Treasurer and Comptroller to transfer a specified sum from any fund held by the State Treasurer to the General Revenue Fund in order to help defray the State's operating costs for the fiscal year. The total transfer under this Section from any fund in any fiscal year shall not exceed the lesser of (i) 8% of the revenues to be deposited into the fund during that fiscal year or (ii) an amount that leaves a remaining fund balance of 25% of the July 1 fund balance of that fiscal year. In fiscal year 2005 only, prior to calculating the July 1, 2004 final

balances, the Governor may calculate and direct the State Treasurer with the Comptroller to transfer additional amounts determined by applying the formula authorized in Public Act 93-839 to the funds balances on July 1, 2003. No transfer may be made from a fund under this Section that would have the effect of reducing the available balance in the fund to an amount less than the amount remaining unexpended and unreserved from the total appropriation from that fund estimated to be expended for that fiscal year. This Section does not apply to any funds that are restricted by federal law to a specific use, to any funds in the Motor Fuel Tax Fund, the Intercity Passenger Rail Fund, the Hospital Provider Fund, the Medicaid Provider Relief Fund, the Teacher Health Insurance Security Fund, the Reviewing Court Alternative Dispute Resolution Fund, or the Voters' Guide Fund, the Foreign Language Interpreter Fund, the Lawyers' Assistance Program Fund, the Supreme Court Federal Projects Fund, the Supreme Court Special State Projects Fund, or the Low-Level Radioactive Waste Facility Development and Operation Fund, the Horse Racing Equity Trust Fund, or the Hospital Basic Services Preservation Fund, or to any funds to which subsection (f) of Section 20-40 of the Nursing and Advanced Practice Nursing Act applies. No transfers may be made under this Section from the Pet Population Control Fund. Notwithstanding any other provision of this Section, for fiscal year 2004, the total transfer under this Section from the Road Fund or the State Construction Account Fund shall not exceed the lesser of (i) 5% of the revenues to be deposited into the fund during that fiscal year or (ii) 25% of the beginning balance in the fund. For fiscal year 2005 through fiscal year 2007, no amounts may be transferred under this Section from the Road Fund, the State Construction Account Fund, the Criminal Justice Information Systems Trust Fund, the Wireless Service Emergency Fund, or the Mandatory Arbitration Fund.

In determining the available balance in a fund, the Governor may include receipts, transfers into the fund, and other resources anticipated to be available in the fund in that fiscal year.

The State Treasurer and Comptroller shall transfer the amounts designated under this Section as soon as may be practicable after receiving the direction to transfer from the Governor.
