1. the person has been convicted of a felony under the laws of this State, any other state, or the United States;
2. the person has been convicted of any violation of Article 28 of the Criminal Code of 1961, or substantially similar laws of any other jurisdiction;
3. the person has submitted an application for a license under this Act which contains false information;
4. the person is a member of the Board;
5. a person defined in (1), (2), (3) or (4) is an officer, director or managerial employee of the firm or corporation;
6. the firm or corporation employs a person defined in (1), (2), (3) or (4) who participates in the management or operation of gambling operations authorized under this Act;
7. (blank); or
8. a license of the person, firm or corporation issued under this Act, or a license to own or operate gambling facilities in any other jurisdiction, has been revoked.

(b) In determining whether to grant an owners license to an applicant, the Board shall consider:

1. the character, reputation, experience and financial integrity of the applicants and of any other or separate person that either:
   (A) controls, directly or indirectly, such applicant, or
   (B) is controlled, directly or indirectly, by such applicant or by a person which controls, directly or indirectly, such applicant;

2. the facilities or proposed facilities for the conduct of riverboat gambling;
3. the highest prospective total revenue to be derived by the State from the conduct of riverboat gambling;

(4) the extent to which the ownership of the applicant reflects the diversity of the State by including minority persons and females and the good faith affirmative action plan of each applicant to recruit, train and upgrade minority persons and females in all employment classifications;

(5) the financial ability of the applicant to purchase and maintain adequate liability and casualty insurance;

(6) whether the applicant has adequate capitalization to provide and maintain, for the duration of a license, a riverboat;

(7) the extent to which the applicant exceeds or meets other standards for the issuance of an owners license which the Board may adopt by rule; and

(8) The amount of the applicant's license bid.

(c) Each owners license shall specify the place where riverboats shall operate and dock.

(d) Each applicant shall submit with his application, on forms provided by the Board, 2 sets of his fingerprints.

(e) The Board may issue up to 10 licenses authorizing the holders of such licenses to own riverboats. In the application for an owners license, the applicant shall state the dock at which the riverboat is based and the water on which the riverboat will be located. The Board shall issue 5 licenses to become effective not earlier than January 1, 1991. Three of such licenses shall authorize riverboat gambling on the Mississippi River, or, with approval by the municipality in which the riverboat was docked on August 7, 2003 and with Board approval, be authorized to relocate to a new location, in a municipality that (1) borders on the Mississippi River or is within 5 miles of the city limits of a municipality that borders on the Mississippi River and (2), on August 7, 2003, had a riverboat conducting riverboat gambling operations pursuant to a license issued under this Act; one of which shall authorize riverboat gambling from a home dock in the city of East St. Louis. One other license shall authorize riverboat gambling on the Illinois River south of Marshall County. The Board shall issue one additional license to become effective not earlier than March 1, 1992, which shall authorize riverboat gambling on the Des Plaines River in Will

County. The Board may issue 4 additional licenses to become effective not earlier than March 1, 1992. In determining the water upon which riverboats will operate, the Board shall consider the economic benefit which riverboat gambling confers on the State, and shall seek to assure that all regions of the State share in the economic benefits of riverboat gambling.

In granting all licenses, the Board may give favorable consideration to economically depressed areas of the State, to applicants presenting plans which provide for significant economic development over a large geographic area, and to applicants who currently operate non-gambling riverboats in Illinois. The Board shall review all applications for owners licenses, and shall inform each applicant of the Board's decision. The Board may grant an owners license to an applicant that has not submitted the highest license bid, but if it does not select the highest bidder, the Board shall issue a written decision explaining why another applicant was selected and identifying the factors set forth in this Section that favored the winning bidder.

In addition to any other revocation powers granted to the Board under this Act, the Board may revoke the owners license of a licensee which fails to begin conducting gambling within 15 months of receipt of the Board's approval of the application if the Board determines that license revocation is in the best interests of the State.

(f) The first 10 owners licenses issued under this Act shall permit the holder to own up to 2 riverboats and equipment thereon for a period of 3 years after the effective date of the license. Holders of the first 10 owners licenses must pay the annual license fee for each of the 3 years during which they are authorized to own riverboats.

(g) Upon the termination, expiration, or revocation of each of the first 10 licenses, which shall be issued for a 3 year period, all licenses are renewable annually upon payment of the fee and a determination by the Board that the licensee continues to meet all of the requirements of this Act and the Board's rules. However, for licenses renewed on or after May 1, 1998, renewal shall be for a period of 4 years, unless the Board sets a shorter period.
(h) An owner's license shall entitle the licensee to own up to 2 riverboats. A licensee shall limit the number of gambling participants to 1,200 for any such owner's license. A licensee may operate both of its riverboats concurrently, provided that the total number of gambling participants on both riverboats does not exceed 1,200. Riverboats licensed to operate on the Mississippi River and the Illinois River south of Marshall County shall have an authorized capacity of at least 500 persons. Any other riverboat licensed under this Act shall have an authorized capacity of at least 400 persons.

(i) A licensed owner is authorized to apply to the Board for and, if approved therefor, to receive all licenses from the Board necessary for the operation of a riverboat, including a liquor license, a license to prepare and serve food for human consumption, and other necessary licenses. All use, occupation and excise taxes which apply to the sale of food and beverages in this State and all taxes imposed on the sale or use of tangible personal property apply to such sales aboard the riverboat.

(j) The Board may issue or re-issue a license authorizing a riverboat to dock in a municipality or approve a relocation under Section 11.2 only if, prior to the issuance or re-issuance of the license or approval, the governing body of the municipality in which the riverboat will dock has by a majority vote approved the docking of riverboats in the municipality. The Board may issue or re-issue a license authorizing a riverboat to dock in areas of a county outside any municipality or approve a relocation under Section 11.2 only if, prior to the issuance or re-issuance of the license or approval, the governing body of the county has by a majority vote approved of the docking of riverboats within such areas.

Sec. 13. Wagering tax; rate; distribution.
(a) Until January 1, 1998, a tax is imposed on the adjusted gross receipts received from gambling games authorized under this Act at the rate of 20%.
(a-1) From January 1, 1998 until July 1, 2002, a privilege tax is imposed on persons engaged in the business of conducting riverboat gambling operations, based on the adjusted gross receipts received by a licensed owner from gambling games authorized under this Act at the following rates:

15% of annual adjusted gross receipts up to and including $25,000,000;
20% of annual adjusted gross receipts in excess of $25,000,000 but not exceeding $50,000,000;
25% of annual adjusted gross receipts in excess of $50,000,000 but not exceeding $75,000,000;
30% of annual adjusted gross receipts in excess of $75,000,000 but not exceeding $100,000,000;
35% of annual adjusted gross receipts in excess of $100,000,000.

(a-2) From July 1, 2002 until July 1, 2003, a privilege tax is imposed on persons engaged in the business of conducting riverboat gambling operations, other than licensed managers conducting riverboat gambling operations on behalf of the State, based on the adjusted gross receipts received by a licensed owner from gambling games authorized under this Act at the following rates:

15% of annual adjusted gross receipts up to and including $25,000,000;
22.5% of annual adjusted gross receipts in excess of $25,000,000 but not exceeding $50,000,000;
27.5% of annual adjusted gross receipts in excess of $50,000,000 but not exceeding $75,000,000;
32.5% of annual adjusted gross receipts in excess of $75,000,000 but not exceeding $100,000,000;
37.5% of annual adjusted gross receipts in excess of $100,000,000 but not exceeding $150,000,000;
45% of annual adjusted gross receipts in excess of $150,000,000 but not exceeding $200,000,000;
50% of annual adjusted gross receipts in excess of $200,000,000.

(a-3) Beginning July 1, 2003, a privilege tax is imposed on persons engaged in the business of conducting riverboat gambling operations, other than licensed managers conducting riverboat gambling operations on behalf of the State, based on the adjusted gross receipts received by a licensed owner from gambling games authorized under this Act at the following rates:

15% of annual adjusted gross receipts up to and including $25,000,000;
27.5% of annual adjusted gross receipts in excess of $25,000,000 but not exceeding $37,500,000;
32.5% of annual adjusted gross receipts in excess of $37,500,000 but not exceeding $50,000,000;
37.5% of annual adjusted gross receipts in excess of $50,000,000 but not exceeding $75,000,000;
45% of annual adjusted gross receipts in excess of $75,000,000 but not exceeding $100,000,000;
50% of annual adjusted gross receipts in excess of $100,000,000 but not exceeding $250,000,000;
70% of annual adjusted gross receipts in excess of $250,000,000.

An amount equal to the amount of wagering taxes collected under this subsection (a-3) that are in addition to the amount of wagering taxes that would have been collected if the wagering tax rates under subsection (a-2) were in effect shall be paid into the Common School Fund.

The privilege tax imposed under this subsection (a-3) shall no longer be imposed beginning on the earlier of (i) July 1, 2005; (ii) the first date after June 20, 2003 that riverboat gambling operations are conducted pursuant to a dormant license; or (iii) the first day that riverboat gambling operations are conducted under the authority of an owners license that is in addition to the 10 owners licenses initially authorized under this Act. For the purposes of this subsection (a-3), the term "dormant license" means an

owners license that is authorized by this Act under which no riverboat gambling operations are being conducted on June 20, 2003.

(a-4) Beginning on the first day on which the tax imposed under subsection (a-3) is no longer imposed, a privilege tax is imposed on persons engaged in the business of conducting riverboat gambling operations, other than licensed managers conducting riverboat gambling operations on behalf of the State, based on the adjusted gross receipts received by a licensed owner from gambling games authorized under this Act at the following rates:

15% of annual adjusted gross receipts up to and including $25,000,000;
22.5% of annual adjusted gross receipts in excess of $25,000,000 but not exceeding $50,000,000;
27.5% of annual adjusted gross receipts in excess of $50,000,000 but not exceeding $75,000,000;
32.5% of annual adjusted gross receipts in excess of $75,000,000 but not exceeding $100,000,000;
37.5% of annual adjusted gross receipts in excess of $100,000,000 but not exceeding $150,000,000;
45% of annual adjusted gross receipts in excess of $150,000,000 but not exceeding $200,000,000;
50% of annual adjusted gross receipts in excess of $200,000,000.

(a-8) Riverboat gambling operations conducted by a licensed manager on behalf of the State are not subject to the tax imposed under this Section.

(a-10) The taxes imposed by this Section shall be paid by the licensed owner to the Board not later than 3:00 o'clock p.m. of the day after the day when the wagers were made.

(a-15) If the privilege tax imposed under subsection (a-3) is no longer imposed pursuant to item (i) of the last paragraph of subsection (a-3), then by June 15 of each year, each owners licensee, other than an owners licensee that admitted 1,000,000 persons or fewer in calendar year 2004, must, in addition to the payment of all amounts otherwise due under
this Section, pay to the Board the amount, if any, by which the base amount for the licensed owner exceeds the amount of tax paid under this Section by the licensed owner in the then current State fiscal year. The obligation imposed by this subsection (a-15) is binding on any person, firm, corporation, or other entity that acquires an ownership interest in any such owners license. The obligation imposed under this subsection (a-15) terminates on the earliest of: (i) July 1, 2007, (ii) the first day after the effective date of this amendatory Act of the 94th General Assembly that riverboat gambling operations are conducted pursuant to a dormant license, (iii) the first day that riverboat gambling operations are conducted under the authority of an owners license that is in addition to the 10 owners licenses initially authorized under this Act, or (iv) the first day that a licensee under the Illinois Horse Racing Act of 1975 conducts gaming operations with slot machines or other electronic gaming devices. The Board must reduce the obligation imposed under this subsection (a-15) by an amount the Board deems reasonable for any of the following reasons: (A) an act or acts of God, (B) an act of bioterrorism or terrorism or a bioterrorism or terrorism threat that was investigated by a law enforcement agency, or (C) a condition beyond the control of the owners licensee that does not result from any act or omission by the owners licensee or any of its agents and that poses a hazardous threat to the health and safety of patrons. If an owners licensee pays an amount in excess of its liability under this Section, the Board shall apply the overpayment to future payments required under this Section.

For purposes of this subsection (a-15):

"Act of God" means an incident caused by the operation of an extraordinary force that cannot be foreseen, that cannot be avoided by the exercise of due care, and for which no person can be held liable.

"Base amount" means the following:

For a riverboat in Alton, $31,000,000.
For a riverboat in East Peoria, $43,000,000.
For the Empress riverboat in Joliet, $86,000,000.
For a riverboat in Metropolis, $45,000,000.
For the Harrah's riverboat in Joliet, $114,000,000.

For a riverboat in Aurora, $86,000,000.
For a riverboat in East St. Louis, $48,500,000.
For a riverboat in Elgin, $198,000,000.

"Dormant license" has the meaning ascribed to it in subsection (a-3).

(b) Until January 1, 1998, 25% of the tax revenue deposited in the State Gaming Fund under this Section shall be paid, subject to appropriation by the General Assembly, to the unit of local government which is designated as the home dock of the riverboat. Beginning January 1, 1998, from the tax revenue deposited in the State Gaming Fund under this Section, an amount equal to 5% of adjusted gross receipts generated by a riverboat shall be paid monthly, subject to appropriation by the General Assembly, to the unit of local government that is designated as the home dock of the riverboat. From the tax revenue deposited in the State Gaming Fund pursuant to riverboat gambling operations conducted by a licensed manager on behalf of the State, an amount equal to 5% of adjusted gross receipts generated pursuant to those riverboat gambling operations shall be paid monthly, subject to appropriation by the General Assembly, to the unit of local government that is designated as the home dock of the riverboat upon which those riverboat gambling operations are conducted.

(c) Appropriations, as approved by the General Assembly, may be made from the State Gaming Fund to the Department of Revenue and the Department of State Police for the administration and enforcement of this Act, or to the Department of Human Services for the administration of programs to treat problem gambling.

(c-5) Before the effective date of this amendatory Act of the 94th General Assembly and beginning 2 years after the effective date of this amendatory Act of the 94th General Assembly, after the payments required under subsections (b) and (c) have been made, an amount equal to 15% of the adjusted gross receipts of (1) an owners licensee that relocates pursuant to Section 11.2, (2) an owners licensee conducting riverboat gambling operations pursuant to an owners license that is initially issued after June 25, 1999, or (3) the first riverboat gambling operations

conducted by a licensed manager on behalf of the State under Section 7.3, whichever comes first, shall be paid from the State Gaming Fund into the Horse Racing Equity Fund.

(c-10) Each year the General Assembly shall appropriate from the General Revenue Fund to the Education Assistance Fund an amount equal to the amount paid into the Horse Racing Equity Fund pursuant to subsection (c-5) in the prior calendar year.

(c-15) After the payments required under subsections (b), (c), and (c-5) have been made, an amount equal to 2% of the adjusted gross receipts of (1) an owners licensee that relocates pursuant to Section 11.2, (2) an owners licensee conducting riverboat gambling operations pursuant to an owners license that is initially issued after June 25, 1999, or (3) the first riverboat gambling operations conducted by a licensed manager on behalf of the State under Section 7.3, whichever comes first, shall be paid, subject to appropriation from the General Assembly, from the State Gaming Fund to each home rule county with a population of over 3,000,000 inhabitants for the purpose of enhancing the county's criminal justice system.

(c-20) Each year the General Assembly shall appropriate from the General Revenue Fund to the Education Assistance Fund an amount equal to the amount paid to each home rule county with a population of over 3,000,000 inhabitants pursuant to subsection (c-15) in the prior calendar year.

(c-25) After the payments required under subsections (b), (c), (c-5) and (c-15) have been made, an amount equal to 2% of the adjusted gross receipts of (1) an owners licensee that relocates pursuant to Section 11.2, (2) an owners licensee conducting riverboat gambling operations pursuant to an owners license that is initially issued after June 25, 1999, or (3) the first riverboat gambling operations conducted by a licensed manager on behalf of the State under Section 7.3, whichever comes first, shall be paid from the State Gaming Fund to Chicago State University.

(d) From time to time, the Board shall transfer the remainder of the funds generated by this Act into the Education Assistance Fund, created by Public Act 86-0018, of the State of Illinois.

PUBLIC ACT 94-0805
(House Bill No. 4377)

AN ACT concerning gaming.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Illinois Horse Racing Act of 1975 is amended by changing Section 27 as follows:
(230 ILCS 5/27) (from Ch. 8, par. 37-27)
Sec. 27. (a) In addition to the organization license fee provided by this Act, until January 1, 2000, a graduated privilege tax is hereby imposed for conducting the pari-mutuel system of wagering permitted under this Act. Until January 1, 2000, except as provided in subsection (g) of Section 27 of this Act, all of the breakage of each racing day held by any licensee in the State shall be paid to the State. Until January 1, 2000, such daily graduated privilege tax shall be paid by the licensee from the amount permitted to be retained under this Act. Until January 1, 2000, each day's graduated privilege tax, breakage, and Horse Racing Tax Allocation funds shall be remitted to the Department of Revenue within 48 hours after the close of the racing day upon which it is assessed or within such other time as the Board prescribes. The privilege tax hereby imposed, until January 1, 2000, shall be a flat tax at the rate of 2% of the daily pari-mutuel handle except as provided in Section 27.1.
In addition, every organization licensee, except as provided in Section 27.1 of this Act, which conducts multiple wagering shall pay, until January 1, 2000, as a privilege tax on multiple wagers an amount equal to 1.25% of all moneys wagered each day on such multiple wagers, plus an additional amount equal to 3.5% of the amount wagered each day on any other multiple wager which involves a single betting interest on 3 or more horses. The licensee shall remit the amount of such taxes to the Department of Revenue within 48 hours after the close of the racing day on which it is assessed or within such other time as the Board prescribes.

New matter indicated by italics - deletions by strikeout
This subsection (a) shall be inoperative and of no force and effect on and after January 1, 2000.

(a-5) Beginning on January 1, 2000, a flat pari-mutuel tax at the rate of 1.5% of the daily pari-mutuel handle is imposed at all pari-mutuel wagering facilities, except as otherwise provided for in this subsection (a-5). Beginning on the effective date of this amendatory Act of the 94th General Assembly and until moneys deposited pursuant to Section 54 are distributed and received, a pari-mutuel tax at the rate of 0.25% of the daily pari-mutuel handle is imposed at a pari-mutuel facility whose license is derived from a track located in a county that borders the Mississippi River and conducted live racing in the previous year. After moneys deposited pursuant to Section 54 are distributed and received, a pari-mutuel tax at the rate of 1.5% of the daily pari-mutuel handle is imposed at a pari-mutuel facility whose license is derived from a track located in a county that borders the Mississippi River and conducted live racing in the previous year. The pari-mutuel tax imposed by this subsection (a-5) shall be remitted to the Department of Revenue within 48 hours after the close of the racing day upon which it is assessed or within such other time as the Board prescribes.

(b) On or before December 31, 1999, in the event that any organization licensee conducts 2 separate programs of races on any day, each such program shall be considered a separate racing day for purposes of determining the daily handle and computing the privilege tax on such daily handle as provided in subsection (a) of this Section.

(c) Licensees shall at all times keep accurate books and records of all monies wagered on each day of a race meeting and of the taxes paid to the Department of Revenue under the provisions of this Section. The Board or its duly authorized representative or representatives shall at all reasonable times have access to such records for the purpose of examining and checking the same and ascertaining whether the proper amount of taxes is being paid as provided. The Board shall require verified reports and a statement of the total of all monies wagered daily at each wagering facility upon which the taxes are assessed and may prescribe forms upon which such reports and statement shall be made.

New matter indicated by italics - deletions by strikeout
(d) Any licensee failing or refusing to pay the amount of any tax due under this Section shall be guilty of a business offense and upon conviction shall be fined not more than $5,000 in addition to the amount found due as tax under this Section. Each day's violation shall constitute a separate offense. All fines paid into Court by a licensee hereunder shall be transmitted and paid over by the Clerk of the Court to the Board.

(e) No other license fee, privilege tax, excise tax, or racing fee, except as provided in this Act, shall be assessed or collected from any such licensee by the State.

(f) No other license fee, privilege tax, excise tax or racing fee shall be assessed or collected from any such licensee by units of local government except as provided in paragraph 10.1 of subsection (h) and subsection (f) of Section 26 of this Act. However, any municipality that has a Board licensed horse race meeting at a race track wholly within its corporate boundaries or a township that has a Board licensed horse race meeting at a race track wholly within the unincorporated area of the township may charge a local amusement tax not to exceed 10¢ per admission to such horse race meeting by the enactment of an ordinance. However, any municipality or county that has a Board licensed inter-track wagering location facility wholly within its corporate boundaries may each impose an admission fee not to exceed $1.00 per admission to such inter-track wagering location facility, so that a total of not more than $2.00 per admission may be imposed. Except as provided in subparagraph (g) of Section 27 of this Act, the inter-track wagering location licensee shall collect any and all such fees and within 48 hours remit the fees to the Board, which shall, pursuant to rule, cause the fees to be distributed to the county or municipality.

(g) Notwithstanding any provision in this Act to the contrary, if in any calendar year the total taxes and fees required to be collected from licensees and distributed under this Act to all State and local governmental authorities exceeds the amount of such taxes and fees distributed to each State and local governmental authority to which each State and local governmental authority was entitled under this Act for calendar year 1994, then the first $11 million of that excess amount shall be allocated at the
earliest possible date for distribution as purse money for the succeeding calendar year. Upon reaching the 1994 level, and until the excess amount of taxes and fees exceeds $11 million, the Board shall direct all licensees to cease paying the subject taxes and fees and the Board shall direct all licensees to allocate any such excess amount for purses as follows:

(i) the excess amount shall be initially divided between thoroughbred and standardbred purses based on the thoroughbred's and standardbred's respective percentages of total Illinois live wagering in calendar year 1994;

(ii) each thoroughbred and standardbred organization licensee issued an organization licensee in that succeeding allocation year shall be allocated an amount equal to the product of its percentage of total Illinois live thoroughbred or standardbred wagering in calendar year 1994 (the total to be determined based on the sum of 1994 on-track wagering for all organization licensees issued organization licenses in both the allocation year and the preceding year) multiplied by the total amount allocated for standardbred or thoroughbred purses, provided that the first $1,500,000 of the amount allocated to standardbred purses under item (i) shall be allocated to the Department of Agriculture to be expended with the assistance and advice of the Illinois Standardbred Breeders Funds Advisory Board for the purposes listed in subsection (g) of Section 31 of this Act, before the amount allocated to standardbred purses under item (i) is allocated to standardbred organization licensees in the succeeding allocation year.

To the extent the excess amount of taxes and fees to be collected and distributed to State and local governmental authorities exceeds $11 million, that excess amount shall be collected and distributed to State and local authorities as provided for under this Act.

Passed in the General Assembly March 27, 2006.
AN ACT concerning local government.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Fire Protection District Act is amended by changing Section 16 as follows:

(70 ILCS 705/16) (from Ch. 127 1/2, par. 37)
Sec. 16. Territory included within the limits of any fire protection district may be disconnected from the district and added to another district to which the territory is contiguous, in the manner hereinafter set forth; (1) if the territory would receive equal or greater benefits from the district to which it seeks to be transferred; (2) if the transfer will not cause the territory remaining in the district from which the transfer is to be made, to be noncontiguous; (3) if the transfer will not cause a serious injury to the district from which the transfer is to be made; and, (4) if the trustees of the district to which the transfer is sought to be made do not file a written refusal to accept the territory within the time hereinafter provided.

Territory disconnected pursuant to this Section shall remain liable for its proportionate share of the bonded indebtedness outstanding as of the date of disconnection, if any, of the district from which it was disconnected and shall assume a proportionate share of the bonded indebtedness, if any, of the district to which it is transferred.

One per cent or more of the legal voters residing within the limits of the territory proposed to be transferred may file a petition, in the court of the county where the district to which it seeks to be transferred is organized, setting forth: the description of the territory sought to be transferred; that the territory would receive equal or greater benefits by the transfer; that the transfer will not cause a serious injury to the district or districts from which the transfer is proposed to be made; and the amount

of any outstanding bonded indebtedness against the district or districts in which the territory is then situated which has been incurred pursuant to this Act; and praying that the question whether the transfer shall be made, and whether the voters of such territory shall remain liable for a proportionate share of the bonded indebtedness outstanding as of the date of disconnection, if any, of the district from which it was disconnected and also assume a proportionate share of the bonded indebtedness, if any, of the district to which the transfer is to be made, be submitted to the voters of the territory sought to be transferred.

Upon the filing of the petition, the court shall set a day for hearing, not less than 2 weeks nor more than 4 weeks from the filing thereof, and the court, or the circuit clerk or sheriff upon order of the court, (i) shall give 2 weeks notice of such hearing in one or more daily or weekly newspapers of general circulation in the county or in each county wherein the district or districts from which the territory sought to be transferred is organized and by posting at least 10 copies of the notice in conspicuous places in the district or in each of the districts from which the territory is sought to be transferred, (ii) shall cause a copy of the notice to be personally served upon each trustee of the district from which the transfer is sought to be made, and (iii) in addition shall cause a copy of the notice to be personally served upon each of the trustees of the district to which the transfer is sought to be made at least one week before the date set for the hearing, and in the notice, or in any accompanying notice to be served upon the Trustees at the same time, a recital shall be made stating that the Trustees may at any time prior to the date of the hearing, or within such additional time as may be granted by the court upon request in writing filed on or before such date, file a written refusal to accept the territory as a part of their district, provided, that such notification need not be given to the trustees if they file in the proceeding their written appearances or written consent to a transfer of the territory to their district. Both the fire protection district from which the territory seeks to be transferred and the fire protection district to which the territory seeks to be transferred are necessary parties in any action to disconnect under this Section.

New matter indicated by italics - deletions by strikeout
At any time prior to the date set for the hearing, or within such additional time as may be granted by the court, the trustees of the district to which the transfer is sought to be made may file a written refusal to accept the territory as a part of their district and in case of such refusal the court shall enter an order dismissing the petition for the transfer. The trustees may withdraw their refusal at any time prior to the entry of an order dismissing the petition. In case the trustees fail to file a written refusal within the time hereinbefore authorized, they shall be deemed to have consented to a transfer of the territory to their district, and consent once given may not be withdrawn without leave of court for good cause shown. In case of such consent, the court shall proceed with the matter as herein provided but if the court finds that any of the conditions herein required for the making of a transfer do not exist it shall enter an order dismissing the petition. In taking any action upon the petition the findings of the court shall be filed of record in the case.

All property owners in the district from which the transfer is sought and all persons interested therein, may file objections, and at the hearing may appear and contest the transfer and the matters averred in the petition, and both objectors and petitioners may offer any competent evidence in regard thereto. In addition, all persons residing in or interested in any of the property situated in the territory sought to be transferred shall have an opportunity to be heard touching the location and boundary of the territory to be voted upon for such transfer, and may make suggestions regarding the same.

If the court shall, upon hearing the petition, find that the territory described in the petition would receive equal or greater benefits by being so transferred and meet the conditions hereinbefore set forth, it shall certify to the proper election officials the question of whether the territory shall be transferred, and its order, and such officials shall submit that question at an election in such territory in accordance with the general election law. The proposition shall be in substantially the following form:

For making the transfer from the
..... Fire Protection District to the

New matter indicated by italics - deletions by strikeout
..... Fire Protection District, remaining liable for a proportionate share of the bonded indebtedness outstanding as of the date of disconnection, if any, of the district from which disconnection is proposed and also assuming a proportionate share of the bonded indebtedness, if any, of the district to which transfer is proposed.

Against making the transfer from the
..... Fire Protection District to the
..... Fire Protection District, remaining liable for a proportionate share of the bonded indebtedness outstanding as of the date of disconnection, if any, of the district from which disconnection is proposed and also assuming a proportionate share of the bonded indebtedness, if any, of the district to which transfer is proposed.

If a majority of the votes cast upon the question of making the transfer shall be in favor of the transfer, the territory shall thenceforth cease to be a part of the fire protection district or districts to which it has been attached and shall become an integral part of the fire protection district to which the transfer shall have been sought and shall be subject to all the enjoyments and responsibilities of the latter district. In each case in which a transfer is effected pursuant to the provisions hereof, the circuit clerk in whose court the transfer proceedings have been conducted, shall certify copies of all orders entered in effecting such transfer and file or send them to the proper county clerk or clerks for filing and to the Office of the State Fire Marshal.

(30 ILCS 805/8.30 new)

Sec. 8.30. Exempt mandate. Notwithstanding Sections 6 and 8 of this Act, no reimbursement by the State is required for the implementation of any mandate created by this amendatory Act of the 94th General Assembly.

Approved May 26, 2006.

PUBLIC ACT 94-0807
(House Bill No. 5220)

AN ACT concerning State government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Department of Transportation Law of the Civil Administrative Code of Illinois is amended by changing Sections 2705-435 and 2705-440 as follows:

(20 ILCS 2705/2705-435) (was 20 ILCS 2705/49.25g-1)
Sec. 2705-435. Loans, grants, or contracts to rehabilitate, improve, or construct rail facilities; State Rail Freight Loan Repayment Fund. In addition to the powers under Section 105-430, the Department shall have the power to enter into agreements to loan or grant State funds to any railroad, unit of local government, rail user, or owner or lessee of a railroad right of way to rehabilitate, improve, or construct rail facilities.

For each project proposed for funding under this Section the Department shall, to the extent possible, give preference to cost effective projects that facilitate continuation of existing rail freight service. In the exercise of its powers under this Section, the Department shall coordinate its program with the industrial retention and attraction programs of the Department of Commerce and Economic Opportunity Community Affairs.

No funds provided under this Section shall be expended for the acquisition of a right of way or rolling stock or for operating subsidies. The costs of a project funded under this Section shall be apportioned in accordance with

New matter indicated by italics - deletions by strikeout
the agreement of the parties for the project. Projects are eligible for a loan or grant under this Section only when the Department determines that the transportation, economic, and public benefits associated with a project are greater than the capital costs of that project incurred by all parties to the agreement and that the project would not have occurred without its participation. In addition, a project to be eligible for assistance under this Section must be included in a State plan for rail transportation and local rail service prepared by the Department. The Department may also expend State funds for professional engineering services to conduct feasibility studies of projects proposed for funding under this Section, to estimate the costs and material requirements for those projects, to provide for the design of those projects, including plans and specifications, and to conduct investigations to ensure compliance with the project agreements.

The Department, acting through the Department of Central Management Services, shall also have the power to let contracts for the purchase of railroad materials and supplies. The Department shall also have the power to let contracts for the rehabilitation, improvement, or construction of rail facilities. Any such contract shall be let, after due public advertisement, to the lowest responsible bidder or bidders, upon terms and conditions to be fixed by the Department. With regard to rehabilitation, improvement, or construction contracts, the Department shall also require the successful bidder or bidders to furnish good and sufficient bonds to ensure proper and prompt completion of the work in accordance with the provisions of the contracts.

In the case of an agreement under which State funds are loaned under this Section, the agreement shall provide the terms and conditions of repayment. The agreement shall provide for the security that the Department shall determine to protect the State's interest. The funds may be loaned with or without interest. Loaned funds that are repaid to the Department shall be deposited in a special fund in the State treasury to be known as the State Rail Freight Loan Repayment Fund. In the case of repaid funds deposited in the State Rail Freight Loan Repayment Fund, the Department shall, subject to appropriation, have the reuse of those funds and the interest accrued thereon, which shall also be deposited by the State

Treasurer in the Fund, as the State share in other eligible projects under this Section. However, no expenditures from the State Rail Freight Loan Repayment Fund for those projects shall at any time exceed the total sum of funds repaid and deposited in the State Rail Freight Loan Repayment Fund and interest earned by investment by the State Treasurer which the State Treasurer shall have deposited in that Fund.

For the purposes of promoting efficient rail freight service, the Department may also provide technical assistance to railroads, units of local government or rail users, or owners or lessees of railroad rights-of-way.

The Department shall take whatever actions are necessary or appropriate to protect the State's interest in the event of bankruptcy, default, foreclosure, or noncompliance with the terms and conditions of financial assistance or participation provided hereunder, including the power to sell, dispose, lease, or rent, upon terms and conditions determined by the Secretary to be appropriate, real or personal property that the Department may receive as a result thereof.

The Department is authorized to make reasonable rules and regulations consistent with law necessary to carry out the provisions of this Section.

(20 ILCS 2705/2705-440) (was 20 ILCS 2705/49.25h)
Sec. 2705-440. Intercity Rail Service.

(a) For the purposes of providing intercity railroad passenger service within this State (or as part of service to cities in adjacent states), the Department is authorized to enter into agreements with units of local government, the Commuter Rail Division of the Regional Transportation Authority (or a public corporation on behalf of that Division), architecture or engineering firms, the National Railroad Passenger Corporation, any carrier, any adjacent state (or political subdivision, corporation, or agency of an adjacent state), or any individual, corporation, partnership, or public or private entity. The cost related to such services shall be borne in such proportion as, by agreement or contract the parties may desire.
(b) In providing any intercity railroad passenger service as provided in this Section, the Department shall have the following additional powers:

   (1) to enter into trackage use agreements with rail carriers;
   (2) to enter into haulage agreements with rail carriers;
   (3) to lease or otherwise contract for use, maintenance, servicing, and repair of any needed locomotives, rolling stock, stations, or other facilities, the lease or contract having a term not to exceed 50 \( \frac{1}{2} \) years (but any multi-year contract shall recite that the contract is subject to termination and cancellation, without any penalty, acceleration payment, or other recoupment mechanism, in any fiscal year for which the General Assembly fails to make an adequate appropriation to cover the contract obligation);
   (4) to enter into management agreements;
   (5) to include in any contract indemnification of carriers or other parties for any liability with regard to intercity railroad passenger service;
   (6) to obtain insurance for any losses or claims with respect to the service;
   (7) to promote the use of the service;
   (8) to make grants to any body politic and corporate, any unit of local government, or the Commuter Rail Division of the Regional Transportation Authority to cover all or any part of any capital or operating costs of the service and to enter into agreements with respect to those grants;
   (9) to set any fares or make other regulations with respect to the service, consistent with any contracts for the service; and
   (10) to otherwise enter into any contracts necessary or convenient to provide the service.

(c) All service provided under this Section shall be exempt from all regulations by the Illinois Commerce Commission (other than for safety matters). To the extent the service is provided by the Commuter Rail Division of the Regional Transportation Authority (or a public corporation on behalf of that Division), it shall be exempt from safety regulations of

New matter indicated by italics - deletions by strikeout
the Illinois Commerce Commission to the extent the Commuter Rail Division adopts its own safety regulations.

(d) In connection with any powers exercised under this Section, the Department:

(1) shall not have the power of eminent domain; and
(2) shall not itself become the owner of railroad locomotives or other rolling stock, or directly operate any railroad service with its own employees.

(e) Any contract with the Commuter Rail Division of the Regional Transportation Authority (or a public corporation on behalf of the Division) under this Section shall provide that all costs in excess of revenue received by the Division generated from intercity rail service provided by the Division shall be fully borne by the Department, and no funds for operation of commuter rail service shall be used, directly or indirectly, or for any period of time, to subsidize the intercity rail operation. If at any time the Division does not have sufficient funds available to satisfy the requirements of this Section, the Division shall forthwith terminate the operation of intercity rail service. The payments made by the Department to the Division for the intercity rail passenger service shall not be made in excess of those costs or as a subsidy for costs of commuter rail operations. This shall not prevent the contract from providing for efficient coordination of service and facilities to promote cost effective operations of both intercity rail passenger service and commuter rail services with cost allocations as provided in this paragraph.

Section 99. Effective date. This Act takes effect upon becoming law.

Approved May 26, 2006.
Effective May 26, 2006
AN ACT concerning transportation.
WHEREAS, The Illinois General Assembly finds that laws protecting school-age children with legislation limiting speed limits near schools has successfully protected Illinois children for decades, and a considerable number of recreational facilities in Illinois often border or are in close proximity to educational facilities and do not have the same protections afforded to educational facilities; and
WHEREAS, The Illinois General Assembly finds that ensuring Safe Streets near educational and recreational facilities is a goal requiring the full attention of this General Assembly and the full cooperation of the federal, State, and local units of government and their respective executive departments and agencies; therefore

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Vehicle Code is amended by adding Section 11-605.3 as follows:

(625 ILCS 5/11-605.3 new)
Sec. 11-605.3. Special traffic protections while passing parks and recreation facilities and areas.
(a) As used in this Section:
   (1) "Park district" means the following entities:
      (A) any park district organized under the Park District Code;
      (B) any park district organized under the Chicago Park District Act; and
      (C) any municipality, county, forest district, school district, township, or other unit of local government that operates a public recreation department or public recreation facilities that has recreation facilities that are not on land owned by any park district listed in subparagraphs (A) and (B) of this subdivision (a)(1).

New matter indicated by italics - deletions by strikeout
(2) "Park zone" means the recreation facilities and areas on any land owned or operated by a park district that are used for recreational purposes, including but not limited to: parks; playgrounds; swimming pools; hiking trails; bicycle paths; picnic areas; roads and streets; and parking lots.

(3) "Park zone street" means that portion of any street or intersection under the control of a local unit of government, adjacent to a park zone, where the local unit of government has, by ordinance or resolution, designated and approved the street or intersection as a park zone street. If, before the effective date of this amendatory Act of the 94th General Assembly, a street already had a posted speed limit lower than 20 miles per hour, then the lower limit may be used for that park zone street.

(4) "Safety purposes" means the costs associated with: park zone safety education; the purchase, installation, and maintenance of signs, roadway painting, and caution lights mounted on park zone signs; and any other expense associated with park zones and park zone streets.

(b) On any day when children are present and within 50 feet of motorized traffic, a person may not drive a motor vehicle at a speed in excess of 20 miles per hour or any lower posted speed while traveling on a park zone street that has been designated for the posted reduced speed.

(c) On any day when children are present and within 50 feet of motorized traffic, any driver traveling on a park zone street who fails to come to a complete stop at a stop sign or red light, including a driver who fails to come to a complete stop at a red light before turning right onto a park zone street, is in violation of this Section.

(d) This Section does not apply unless appropriate signs are posted upon park zone streets maintained by the Department or by the unit of local government in which the park zone is located. With regard to the special speed limit on park zone streets, the signs must give proper due warning that a park zone is being approached and must indicate the maximum speed limit on the park zone street.

New matter indicated by italics - deletions by strikeout
(e) A first violation of this Section is a petty offense with a minimum fine of $250. A second or subsequent violation of this Section is a petty offense with a minimum fine of $500.

(f) When a fine for a violation of this Section is imposed, the person who violates this Section shall be charged an additional $50, to be paid to the park district for safety purposes.

(g) The Department shall, within 6 months of the effective date of this amendatory Act of the 94th General Assembly, design a set of standardized traffic signs for park zones and park zone streets, including but not limited to: "park zone", "park zone speed limit", and "warning: approaching a park zone". The design of these signs shall be made available to all units of local government or manufacturers at no charge, except for reproduction and postage.

PUBLIC ACT 94-0809
(Senate Bill No. 0827)

AN ACT concerning local government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Fire Department Promotion Act is amended by changing Section 10 as follows:

(50 ILCS 742/10)
Sec. 10. Applicability.

(a) This Act shall apply to all positions in an affected department, except those specifically excluded in items (i), (ii), (iii), (iv), and (v) of the definition of "promotion" in Section 5 unless such positions are covered by a collective bargaining agreement in force on the effective date of this Act.

New matter indicated by italics - deletions by strikeout
Existing promotion lists shall continue to be valid until their expiration dates, or up to a maximum of 3 years after the effective date of this Act.

(b) Notwithstanding any statute, ordinance, rule, or other laws to the contrary, all promotions in an affected department to which this Act applies shall be administered in the manner provided for in this Act. Provisions of the Illinois Municipal Code, the Fire Protection District Act, municipal ordinances, or rules adopted pursuant to such authority and other laws relating to promotions in affected departments shall continue to apply to the extent they are compatible with this Act, but in the event of conflict between this Act and any other law, this Act shall control.

(c) A home rule or non-home rule municipality may not administer its fire department promotion process in a manner that is inconsistent with this Act. This Section is a limitation under subsection (i) of Section 6 of Article VII of the Illinois Constitution on the concurrent exercise by home rule units of the powers and functions exercised by the State.

(d) This Act is intended to serve as a minimum standard and shall be construed to authorize and not to limit:

1. An appointing authority from establishing different or supplemental promotional criteria or components, provided that the criteria are job-related and applied uniformly.
2. The right of negotiation by an employer and an exclusive bargaining representative to require an employer to negotiate of clauses within a collective bargaining agreement relating to conditions, criteria, or procedures for the promotion of employees to ranks, as defined in Section 5, covered by this Act who are members of bargaining units.
3. The negotiation by an employer and an exclusive bargaining representative of provisions within a collective bargaining agreement to achieve affirmative action objectives, provided that such clauses are consistent with applicable law.
4. Local authorities and exclusive bargaining agents affected by this Act may agree to waive one or more of its provisions and bargain on the contents of those provisions, provided that any such waivers shall be considered permissive subjects of bargaining.
AN ACT concerning local government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Municipal Code is amended by changing Sections 11-74.4-3 and 11-74.4-7 as follows:

(65 ILCS 5/11-74.4-3) (from Ch. 24, par. 11-74.4-3)
(Text of Section before amendment by P.A. 94-702 and 94-711)
Sec. 11-74.4-3. Definitions. The following terms, wherever used or referred to in this Division 74.4 shall have the following respective meanings, unless in any case a different meaning clearly appears from the context.

(a) For any redevelopment project area that has been designated pursuant to this Section by an ordinance adopted prior to November 1, 1999 (the effective date of Public Act 91-478), "blighted area" shall have the meaning set forth in this Section prior to that date.

On and after November 1, 1999, "blighted area" means any improved or vacant area within the boundaries of a redevelopment project area located within the territorial limits of the municipality where:

(1) If improved, industrial, commercial, and residential buildings or improvements are detrimental to the public safety, health, or welfare because of a combination of 5 or more of the following factors, each of which is (i) present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of

New matter indicated by italics - deletions by strikeout
the Act and (ii) reasonably distributed throughout the improved part of the redevelopment project area:

(A) Dilapidation. An advanced state of disrepair or neglect of necessary repairs to the primary structural components of buildings or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed.

(B) Obsolescence. The condition or process of falling into disuse. Structures have become ill-suited for the original use.

(C) Deterioration. With respect to buildings, defects including, but not limited to, major defects in the secondary building components such as doors, windows, porches, gutters and downspouts, and fascia. With respect to surface improvements, that the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas evidence deterioration, including, but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces.

(D) Presence of structures below minimum code standards. All structures that do not meet the standards of zoning, subdivision, building, fire, and other governmental codes applicable to property, but not including housing and property maintenance codes.

(E) Illegal use of individual structures. The use of structures in violation of applicable federal, State, or local laws, exclusive of those applicable to the presence of structures below minimum code standards.

(F) Excessive vacancies. The presence of buildings that are unoccupied or under-utilized and that represent an

New matter indicated by italics - deletions by strikeout
adverse influence on the area because of the frequency, extent, or duration of the vacancies.

(G) Lack of ventilation, light, or sanitary facilities. The absence of adequate ventilation for light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke, or other noxious airborne materials. Inadequate natural light and ventilation means the absence of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building.

(H) Inadequate utilities. Underground and overhead utilities such as storm sewers and storm drainage, sanitary sewers, water lines, and gas, telephone, and electrical services that are shown to be inadequate. Inadequate utilities are those that are: (i) of insufficient capacity to serve the uses in the redevelopment project area, (ii) deteriorated, antiquated, obsolete, or in disrepair, or (iii) lacking within the redevelopment project area.

(I) Excessive land coverage and overcrowding of structures and community facilities. The over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Examples of problem conditions warranting the designation of an area as one exhibiting excessive land coverage are: (i) the presence of buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety and (ii) the presence of multiple buildings on a single parcel. For there to be a finding of excessive land coverage, these parcels
must exhibit one or more of the following conditions: insufficient provision for light and air within or around buildings, increased threat of spread of fire due to the close proximity of buildings, lack of adequate or proper access to a public right-of-way, lack of reasonably required off-street parking, or inadequate provision for loading and service.

(J) Deleterious land use or layout. The existence of incompatible land-use relationships, buildings occupied by inappropriate mixed-uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.

(K) Environmental clean-up. The proposed redevelopment project area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(L) Lack of community planning. The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This means that the development occurred prior to the adoption by the municipality of a comprehensive or other community plan or that the plan was not followed at the time of the area's development. This factor must be documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning.

New matter indicated by italics - deletions by strikeout
(M) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated.

(2) If vacant, the sound growth of the redevelopment project area is impaired by a combination of 2 or more of the following factors, each of which is (i) present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) reasonably distributed throughout the vacant part of the redevelopment project area to which it pertains:

(A) Obsolete platting of vacant land that results in parcels of limited or narrow size or configurations of parcels of irregular size or shape that would be difficult to develop on a planned basis and in a manner compatible with contemporary standards and requirements, or platting that failed to create rights-of-ways for streets or alleys or that created inadequate right-of-way widths for streets, alleys, or other public rights-of-way or that omitted easements for public utilities.

(B) Diversity of ownership of parcels of vacant land sufficient in number to retard or impede the ability to assemble the land for development.

(C) Tax and special assessment delinquencies exist or the property has been the subject of tax sales under the Property Tax Code within the last 5 years.
(D) Deterioration of structures or site improvements in neighboring areas adjacent to the vacant land.

(E) The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(F) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated.

(3) If vacant, the sound growth of the redevelopment project area is impaired by one of the following factors that (i) is present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) is reasonably distributed throughout the vacant part of the redevelopment project area to which it pertains:

(A) The area consists of one or more unused quarries, mines, or strip mine ponds.

New matter indicated by italics - deletions by strikeout
(B) The area consists of unused rail yards, rail tracks, or railroad rights-of-way.

(C) The area, prior to its designation, is subject to (i) chronic flooding that adversely impacts on real property in the area as certified by a registered professional engineer or appropriate regulatory agency or (ii) surface water that discharges from all or a part of the area and contributes to flooding within the same watershed, but only if the redevelopment project provides for facilities or improvements to contribute to the alleviation of all or part of the flooding.

(D) The area consists of an unused or illegal disposal site containing earth, stone, building debris, or similar materials that were removed from construction, demolition, excavation, or dredge sites.

(E) Prior to November 1, 1999, the area is not less than 50 nor more than 100 acres and 75% of which is vacant (notwithstanding that the area has been used for commercial agricultural purposes within 5 years prior to the designation of the redevelopment project area), and the area meets at least one of the factors itemized in paragraph (1) of this subsection, the area has been designated as a town or village center by ordinance or comprehensive plan adopted prior to January 1, 1982, and the area has not been developed for that designated purpose.

(F) The area qualified as a blighted improved area immediately prior to becoming vacant, unless there has been substantial private investment in the immediately surrounding area.

(b) For any redevelopment project area that has been designated pursuant to this Section by an ordinance adopted prior to November 1, 1999 (the effective date of Public Act 91-478), "conservation area" shall have the meaning set forth in this Section prior to that date.
On and after November 1, 1999, "conservation area" means any improved area within the boundaries of a redevelopment project area located within the territorial limits of the municipality in which 50% or more of the structures in the area have an age of 35 years or more. Such an area is not yet a blighted area but because of a combination of 3 or more of the following factors is detrimental to the public safety, health, morals or welfare and such an area may become a blighted area:

(1) Dilapidation. An advanced state of disrepair or neglect of necessary repairs to the primary structural components of buildings or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed.

(2) Obsolescence. The condition or process of falling into disuse. Structures have become ill-suited for the original use.

(3) Deterioration. With respect to buildings, defects including, but not limited to, major defects in the secondary building components such as doors, windows, porches, gutters and downspouts, and fascia. With respect to surface improvements, that the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas evidence deterioration, including, but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces.

(4) Presence of structures below minimum code standards. All structures that do not meet the standards of zoning, subdivision, building, fire, and other governmental codes applicable to property, but not including housing and property maintenance codes.

(5) Illegal use of individual structures. The use of structures in violation of applicable federal, State, or local laws, exclusive of those applicable to the presence of structures below minimum code standards.

(6) Excessive vacancies. The presence of buildings that are unoccupied or under-utilized and that represent an adverse influence on the area because of the frequency, extent, or duration of the vacancies.

(7) Lack of ventilation, light, or sanitary facilities. The absence of adequate ventilation for light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke, or other noxious airborne materials. Inadequate natural light and ventilation means the absence or inadequacy of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building.

(8) Inadequate utilities. Underground and overhead utilities such as storm sewers and storm drainage, sanitary sewers, water lines, and gas, telephone, and electrical services that are shown to be inadequate. Inadequate utilities are those that are: (i) of insufficient capacity to serve the uses in the redevelopment project area, (ii) deteriorated, antiquated, obsolete, or in disrepair, or (iii) lacking within the redevelopment project area.

(9) Excessive land coverage and overcrowding of structures and community facilities. The over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Examples of problem conditions warranting the designation of an area as one exhibiting excessive land coverage are: the presence of buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety and the presence of multiple buildings on a single parcel. For there to be a finding of excessive land coverage, these parcels must exhibit one or more of the following conditions: insufficient provision for light and air within or around buildings, increased threat of spread of fire due to

New matter indicated by italics - deletions by strikeout
the close proximity of buildings, lack of adequate or proper access to a public right-of-way, lack of reasonably required off-street parking, or inadequate provision for loading and service.

(10) Deleterious land use or layout. The existence of incompatible land-use relationships, buildings occupied by inappropriate mixed-uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.

(11) Lack of community planning. The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This means that the development occurred prior to the adoption by the municipality of a comprehensive or other community plan or that the plan was not followed at the time of the area's development. This factor must be documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning.

(12) The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(13) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States

Department of Labor or successor agency for 3 of the last 5 calendar years for which information is available.

(c) "Industrial park" means an area in a blighted or conservation area suitable for use by any manufacturing, industrial, research or transportation enterprise, of facilities to include but not be limited to factories, mills, processing plants, assembly plants, packing plants, fabricating plants, industrial distribution centers, warehouses, repair overhaul or service facilities, freight terminals, research facilities, test facilities or railroad facilities.

(d) "Industrial park conservation area" means an area within the boundaries of a redevelopment project area located within the territorial limits of a municipality that is a labor surplus municipality or within 1 1/2 miles of the territorial limits of a municipality that is a labor surplus municipality if the area is annexed to the municipality; which area is zoned as industrial no later than at the time the municipality by ordinance designates the redevelopment project area, and which area includes both vacant land suitable for use as an industrial park and a blighted area or conservation area contiguous to such vacant land.

(e) "Labor surplus municipality" means a municipality in which, at any time during the 6 months before the municipality by ordinance designates an industrial park conservation area, the unemployment rate was over 6% and was also 100% or more of the national average unemployment rate for that same time as published in the United States Department of Labor Bureau of Labor Statistics publication entitled "The Employment Situation" or its successor publication. For the purpose of this subsection, if unemployment rate statistics for the municipality are not available, the unemployment rate in the municipality shall be deemed to be the same as the unemployment rate in the principal county in which the municipality is located.

(f) "Municipality" shall mean a city, village, incorporated town, or a township that is located in the unincorporated portion of a county with 3 million or more inhabitants, if the county adopted an ordinance that approved the township's redevelopment plan.
(g) "Initial Sales Tax Amounts" means the amount of taxes paid under the Retailers' Occupation Tax Act, Use Tax Act, Service Use Tax Act, the Service Occupation Tax Act, the Municipal Retailers' Occupation Tax Act, and the Municipal Service Occupation Tax Act by retailers and servicemen on transactions at places located in a State Sales Tax Boundary during the calendar year 1985.

(g-1) "Revised Initial Sales Tax Amounts" means the amount of taxes paid under the Retailers' Occupation Tax Act, Use Tax Act, Service Use Tax Act, the Service Occupation Tax Act, the Municipal Retailers' Occupation Tax Act, and the Municipal Service Occupation Tax Act by retailers and servicemen on transactions at places located within the State Sales Tax Boundary revised pursuant to Section 11-74.4-8a(9) of this Act.

(h) "Municipal Sales Tax Increment" means an amount equal to the increase in the aggregate amount of taxes paid to a municipality from the Local Government Tax Fund arising from sales by retailers and servicemen within the redevelopment project area or State Sales Tax Boundary, as the case may be, for as long as the redevelopment project area or State Sales Tax Boundary, as the case may be, exist over and above the aggregate amount of taxes as certified by the Illinois Department of Revenue and paid under the Municipal Retailers' Occupation Tax Act and the Municipal Service Occupation Tax Act by retailers and servicemen, on transactions at places of business located in the redevelopment project area or State Sales Tax Boundary, as the case may be, during the base year which shall be the calendar year immediately prior to the year in which the municipality adopted tax increment allocation financing. For purposes of computing the aggregate amount of such taxes for base years occurring prior to 1985, the Department of Revenue shall determine the Initial Sales Tax Amounts for such taxes and deduct therefrom an amount equal to 4% of the aggregate amount of taxes per year for each year the base year is prior to 1985, but not to exceed a total deduction of 12%. The amount so determined shall be known as the "Adjusted Initial Sales Tax Amounts". For purposes of determining the Municipal Sales Tax Increment, the Department of Revenue shall for each period subtract from the amount paid to the municipality from the Local Government Tax Fund arising
from sales by retailers and servicemen on transactions located in the redevelopment project area or the State Sales Tax Boundary, as the case may be, the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts for the Municipal Retailers' Occupation Tax Act and the Municipal Service Occupation Tax Act. For the State Fiscal Year 1989, this calculation shall be made by utilizing the calendar year 1987 to determine the tax amounts received. For the State Fiscal Year 1990, this calculation shall be made by utilizing the period from January 1, 1988, until September 30, 1988, to determine the tax amounts received from retailers and servicemen pursuant to the Municipal Retailers' Occupation Tax and the Municipal Service Occupation Tax Act, which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For the State Fiscal Year 1991, this calculation shall be made by utilizing the period from October 1, 1988, to June 30, 1989, to determine the tax amounts received from retailers and servicemen pursuant to the Municipal Retailers' Occupation Tax and the Municipal Service Occupation Tax Act which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For every State Fiscal Year thereafter, the applicable period shall be the 12 months beginning July 1 and ending June 30 to determine the tax amounts received which shall have deducted therefrom the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts, as the case may be.

(i) "Net State Sales Tax Increment" means the sum of the following: (a) 80% of the first $100,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary; (b) 60% of the amount in excess of $100,000 but not exceeding $500,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary; and (c) 40% of all amounts in excess of $500,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary. If, however, a municipality established a tax increment financing district in a county with
a population in excess of 3,000,000 before January 1, 1986, and the municipality entered into a contract or issued bonds after January 1, 1986, but before December 31, 1986, to finance redevelopment project costs within a State Sales Tax Boundary, then the Net State Sales Tax Increment means, for the fiscal years beginning July 1, 1990, and July 1, 1991, 100% of the State Sales Tax Increment annually generated within a State Sales Tax Boundary; and notwithstanding any other provision of this Act, for those fiscal years the Department of Revenue shall distribute to those municipalities 100% of their Net State Sales Tax Increment before any distribution to any other municipality and regardless of whether or not those other municipalities will receive 100% of their Net State Sales Tax Increment. For Fiscal Year 1999, and every year thereafter until the year 2007, for any municipality that has not entered into a contract or has not issued bonds prior to June 1, 1988 to finance redevelopment project costs within a State Sales Tax Boundary, the Net State Sales Tax Increment shall be calculated as follows: By multiplying the Net State Sales Tax Increment by 90% in the State Fiscal Year 1999; 80% in the State Fiscal Year 2000; 70% in the State Fiscal Year 2001; 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for State Fiscal Year 2008 and thereafter.

Municipalities that issued bonds in connection with a redevelopment project in a redevelopment project area within the State Sales Tax Boundary prior to July 29, 1991, or that entered into contracts in connection with a redevelopment project in a redevelopment project area before June 1, 1988, shall continue to receive their proportional share of the Illinois Tax Increment Fund distribution until the date on which the redevelopment project is completed or terminated. If, however, a municipality that issued bonds in connection with a redevelopment project in a redevelopment project area within the State Sales Tax Boundary prior to July 29, 1991 retires the bonds prior to June 30, 2007 or a municipality that entered into contracts in connection with a redevelopment project in a redevelopment project area before June 1, 1988 completes the contracts

New matter indicated by italics - deletions by strikeout
prior to June 30, 2007, then so long as the redevelopment project is not completed or is not terminated, the Net State Sales Tax Increment shall be calculated, beginning on the date on which the bonds are retired or the contracts are completed, as follows: By multiplying the Net State Sales Tax Increment by 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for State Fiscal Year 2008 and thereafter. Refunding of any bonds issued prior to July 29, 1991, shall not alter the Net State Sales Tax Increment.

(j) "State Utility Tax Increment Amount" means an amount equal to the aggregate increase in State electric and gas tax charges imposed on owners and tenants, other than residential customers, of properties located within the redevelopment project area under Section 9-222 of the Public Utilities Act, over and above the aggregate of such charges as certified by the Department of Revenue and paid by owners and tenants, other than residential customers, of properties within the redevelopment project area during the base year, which shall be the calendar year immediately prior to the year of the adoption of the ordinance authorizing tax increment allocation financing.

(k) "Net State Utility Tax Increment" means the sum of the following: (a) 80% of the first $100,000 of State Utility Tax Increment annually generated by a redevelopment project area; (b) 60% of the amount in excess of $100,000 but not exceeding $500,000 of the State Utility Tax Increment annually generated by a redevelopment project area; and (c) 40% of all amounts in excess of $500,000 of State Utility Tax Increment annually generated by a redevelopment project area. For the State Fiscal Year 1999, and every year thereafter until the year 2007, for any municipality that has not entered into a contract or has not issued bonds prior to June 1, 1988 to finance redevelopment project costs within a redevelopment project area, the Net State Utility Tax Increment shall be calculated as follows: By multiplying the Net State Utility Tax Increment by 90% in the State Fiscal Year 1999; 80% in the State Fiscal Year 2000; 70% in the State Fiscal Year 2001; 60% in the State Fiscal Year 2002;
50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for the State Fiscal Year 2008 and thereafter.

Municipalities that issue bonds in connection with the redevelopment project during the period from June 1, 1988 until 3 years after the effective date of this Amendatory Act of 1988 shall receive the Net State Utility Tax Increment, subject to appropriation, for 15 State Fiscal Years after the issuance of such bonds. For the 16th through the 20th State Fiscal Years after issuance of the bonds, the Net State Utility Tax Increment shall be calculated as follows: By multiplying the Net State Utility Tax Increment by 90% in year 16; 80% in year 17; 70% in year 18; 60% in year 19; and 50% in year 20. Refunding of any bonds issued prior to June 1, 1988, shall not alter the revised Net State Utility Tax Increment payments set forth above.

(l) "Obligations" mean bonds, loans, debentures, notes, special certificates or other evidence of indebtedness issued by the municipality to carry out a redevelopment project or to refund outstanding obligations.

(m) "Payment in lieu of taxes" means those estimated tax revenues from real property in a redevelopment project area derived from real property that has been acquired by a municipality which according to the redevelopment project or plan is to be used for a private use which taxing districts would have received had a municipality not acquired the real property and adopted tax increment allocation financing and which would result from levies made after the time of the adoption of tax increment allocation financing to the time the current equalized value of real property in the redevelopment project area exceeds the total initial equalized value of real property in said area.

(n) "Redevelopment plan" means the comprehensive program of the municipality for development or redevelopment intended by the payment of redevelopment project costs to reduce or eliminate those conditions the existence of which qualified the redevelopment project area as a "blighted area" or "conservation area" or combination thereof or "industrial park conservation area," and thereby to enhance the tax bases of

the taxing districts which extend into the redevelopment project area. On and after November 1, 1999 (the effective date of Public Act 91-478), no redevelopment plan may be approved or amended that includes the development of vacant land (i) with a golf course and related clubhouse and other facilities or (ii) designated by federal, State, county, or municipal government as public land for outdoor recreational activities or for nature preserves and used for that purpose within 5 years prior to the adoption of the redevelopment plan. For the purpose of this subsection, "recreational activities" is limited to mean camping and hunting. Each redevelopment plan shall set forth in writing the program to be undertaken to accomplish the objectives and shall include but not be limited to:

(A) an itemized list of estimated redevelopment project costs;

(B) evidence indicating that the redevelopment project area on the whole has not been subject to growth and development through investment by private enterprise;

(C) an assessment of any financial impact of the redevelopment project area on or any increased demand for services from any taxing district affected by the plan and any program to address such financial impact or increased demand;

(D) the sources of funds to pay costs;

(E) the nature and term of the obligations to be issued;

(F) the most recent equalized assessed valuation of the redevelopment project area;

(G) an estimate as to the equalized assessed valuation after redevelopment and the general land uses to apply in the redevelopment project area;

(H) a commitment to fair employment practices and an affirmative action plan;

(I) if it concerns an industrial park conservation area, the plan shall also include a general description of any proposed developer, user and tenant of any property, a description of the type, structure and general character of the facilities to be developed, a description of the type, class and number of new

employees to be employed in the operation of the facilities to be developed; and

(J) if property is to be annexed to the municipality, the plan shall include the terms of the annexation agreement.

The provisions of items (B) and (C) of this subsection (n) shall not apply to a municipality that before March 14, 1994 (the effective date of Public Act 88-537) had fixed, either by its corporate authorities or by a commission designated under subsection (k) of Section 11-74.4-4, a time and place for a public hearing as required by subsection (a) of Section 11-74.4-5. No redevelopment plan shall be adopted unless a municipality complies with all of the following requirements:

(1) The municipality finds that the redevelopment project area on the whole has not been subject to growth and development through investment by private enterprise and would not reasonably be anticipated to be developed without the adoption of the redevelopment plan.

(2) The municipality finds that the redevelopment plan and project conform to the comprehensive plan for the development of the municipality as a whole, or, for municipalities with a population of 100,000 or more, regardless of when the redevelopment plan and project was adopted, the redevelopment plan and project either: (i) conforms to the strategic economic development or redevelopment plan issued by the designated planning authority of the municipality, or (ii) includes land uses that have been approved by the planning commission of the municipality.

(3) The redevelopment plan establishes the estimated dates of completion of the redevelopment project and retirement of obligations issued to finance redevelopment project costs. Those dates shall not be later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the twenty-third calendar year after the year in which the ordinance approving the redevelopment project area is

adopted if the ordinance was adopted on or after January 15, 1981; shall not be later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the thirty-third calendar year after the year in which the ordinance approving the redevelopment project area is adopted on May 20, 1985 by the Village of Wheeling; and shall not be later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the thirty-fifth calendar year after the year in which the ordinance approving the redevelopment project area is adopted:

(A) if the ordinance was adopted before January 15, 1981, or
(1) if the ordinance was adopted in December 1983, April 1984, July 1985, or December 1989, or
(2) if the ordinance was adopted in December 1987 and the redevelopment project is located within one mile of Midway Airport, or
(3) if the ordinance was adopted before January 1, 1987 by a municipality in Mason County, or
(4) if the municipality is subject to the Local Government Financial Planning and Supervision Act or the Financially Distressed City Law, or
(B) if the ordinance was adopted in December 1984 by the Village of Rosemont, or
(1) if the ordinance was adopted on December 31, 1986 by a municipality located in Clinton County for which at least $250,000 of tax increment bonds were authorized on June 17, 1997, or if the ordinance was adopted on December 31, 1986 by a municipality with a population in 1990 of less than 3,600 that is located in a county with a population in 1990 of less than 34,000 and for which at

However, for redevelopment project areas for which bonds were issued before July 29, 1991, or for which contracts were entered into before June 1, 1988, in connection with a redevelopment project in the area within the State Sales Tax Boundary, the estimated dates of completion of the redevelopment project and retirement of obligations to finance redevelopment project costs may be extended by municipal ordinance to December 31, 2013. The termination procedures of subsection (b) of Section 11-74.4-8 are not required for these redevelopment project areas in 2009 but are required in 2013. The extension allowed by this amendatory Act of 1993 shall not apply to real property tax increment allocation financing under Section 11-74.4-8.

A municipality may by municipal ordinance amend an existing redevelopment plan to conform to this paragraph (3) as amended by Public Act 91-478, which municipal ordinance may be adopted without further hearing or notice and without complying with the procedures provided in this Act pertaining to an

amendment to or the initial approval of a redevelopment plan and project and designation of a redevelopment project area.

Those dates, for purposes of real property tax increment allocation financing pursuant to Section 11-74.4-8 only, shall be not more than 35 years for redevelopment project areas that were adopted on or after December 16, 1986 and for which at least $8 million worth of municipal bonds were authorized on or after December 19, 1989 but before January 1, 1990; provided that the municipality elects to extend the life of the redevelopment project area to 35 years by the adoption of an ordinance after at least 14 but not more than 30 days' written notice to the taxing bodies, that would otherwise constitute the joint review board for the redevelopment project area, before the adoption of the ordinance.

Those dates, for purposes of real property tax increment allocation financing pursuant to Section 11-74.4-8 only, shall be not more than 35 years for redevelopment project areas that were established on or after December 1, 1981 but before January 1, 1982 and for which at least $1,500,000 worth of tax increment revenue bonds were authorized on or after September 30, 1990 but before July 1, 1991; provided that the municipality elects to extend the life of the redevelopment project area to 35 years by the adoption of an ordinance after at least 14 but not more than 30 days' written notice to the taxing bodies, that would otherwise constitute the joint review board for the redevelopment project area, before the adoption of the ordinance.

(3.5) The municipality finds, in the case of an industrial park conservation area, also that the municipality is a labor surplus municipality and that the implementation of the redevelopment plan will reduce unemployment, create new jobs and by the provision of new facilities enhance the tax base of the taxing districts that extend into the redevelopment project area.

(4) If any incremental revenues are being utilized under Section 8(a)(1) or 8(a)(2) of this Act in redevelopment project areas approved by ordinance after January 1, 1986, the

municipality finds: (a) that the redevelopment project area would not reasonably be developed without the use of such incremental revenues, and (b) that such incremental revenues will be exclusively utilized for the development of the redevelopment project area.

(5) If the redevelopment plan will not result in displacement of residents from 10 or more inhabited residential units, and the municipality certifies in the plan that such displacement will not result from the plan, a housing impact study need not be performed. If, however, the redevelopment plan would result in the displacement of residents from 10 or more inhabited residential units, or if the redevelopment project area contains 75 or more inhabited residential units and no certification is made, then the municipality shall prepare, as part of the separate feasibility report required by subsection (a) of Section 11-74.4-5, a housing impact study.

Part I of the housing impact study shall include (i) data as to whether the residential units are single family or multi-family units, (ii) the number and type of rooms within the units, if that information is available, (iii) whether the units are inhabited or uninhabited, as determined not less than 45 days before the date that the ordinance or resolution required by subsection (a) of Section 11-74.4-5 is passed, and (iv) data as to the racial and ethnic composition of the residents in the inhabited residential units. The data requirement as to the racial and ethnic composition of the residents in the inhabited residential units shall be deemed to be fully satisfied by data from the most recent federal census.

Part II of the housing impact study shall identify the inhabited residential units in the proposed redevelopment project area that are to be or may be removed. If inhabited residential units are to be removed, then the housing impact study shall identify (i) the number and location of those units that will or may be removed, (ii) the municipality's plans for relocation assistance for those residents in the proposed redevelopment project area whose

residences are to be removed, (iii) the availability of replacement housing for those residents whose residences are to be removed, and shall identify the type, location, and cost of the housing, and (iv) the type and extent of relocation assistance to be provided.

(6) On and after November 1, 1999, the housing impact study required by paragraph (5) shall be incorporated in the redevelopment plan for the redevelopment project area.

(7) On and after November 1, 1999, no redevelopment plan shall be adopted, nor an existing plan amended, nor shall residential housing that is occupied by households of low-income and very low-income persons in currently existing redevelopment project areas be removed after November 1, 1999 unless the redevelopment plan provides, with respect to inhabited housing units that are to be removed for households of low-income and very low-income persons, affordable housing and relocation assistance not less than that which would be provided under the federal Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 and the regulations under that Act, including the eligibility criteria. Affordable housing may be either existing or newly constructed housing. For purposes of this paragraph (7), "low-income households", "very low-income households", and "affordable housing" have the meanings set forth in the Illinois Affordable Housing Act. The municipality shall make a good faith effort to ensure that this affordable housing is located in or near the redevelopment project area within the municipality.

(8) On and after November 1, 1999, if, after the adoption of the redevelopment plan for the redevelopment project area, any municipality desires to amend its redevelopment plan to remove more inhabited residential units than specified in its original redevelopment plan, that change shall be made in accordance with the procedures in subsection (c) of Section 11-74.4-5.

(9) For redevelopment project areas designated prior to November 1, 1999, the redevelopment plan may be amended

without further joint review board meeting or hearing, provided that the municipality shall give notice of any such changes by mail to each affected taxing district and registrant on the interested party registry, to authorize the municipality to expend tax increment revenues for redevelopment project costs defined by paragraphs (5) and (7.5), subparagraphs (E) and (F) of paragraph (11), and paragraph (11.5) of subsection (q) of Section 11-74.4-3, so long as the changes do not increase the total estimated redevelopment project costs set out in the redevelopment plan by more than 5% after adjustment for inflation from the date the plan was adopted.

(o) "Redevelopment project" means any public and private development project in furtherance of the objectives of a redevelopment plan. On and after November 1, 1999 (the effective date of Public Act 91-478), no redevelopment plan may be approved or amended that includes the development of vacant land (i) with a golf course and related clubhouse and other facilities or (ii) designated by federal, State, county, or municipal government as public land for outdoor recreational activities or for nature preserves and used for that purpose within 5 years prior to the adoption of the redevelopment plan. For the purpose of this subsection, "recreational activities" is limited to mean camping and hunting.

(p) "Redevelopment project area" means an area designated by the municipality, which is not less in the aggregate than 1 1/2 acres and in respect to which the municipality has made a finding that there exist conditions which cause the area to be classified as an industrial park conservation area or a blighted area or a conservation area, or a combination of both blighted areas and conservation areas.

(q) "Redevelopment project costs" mean and include the sum total of all reasonable or necessary costs incurred or estimated to be incurred, and any such costs incidental to a redevelopment plan and a redevelopment project. Such costs include, without limitation, the following:

(1) Costs of studies, surveys, development of plans, and specifications, implementation and administration of the redevelopment plan including but not limited to staff and
professional service costs for architectural, engineering, legal, financial, planning or other services, provided however that no charges for professional services may be based on a percentage of the tax increment collected; except that on and after November 1, 1999 (the effective date of Public Act 91-478), no contracts for professional services, excluding architectural and engineering services, may be entered into if the terms of the contract extend beyond a period of 3 years. In addition, "redevelopment project costs" shall not include lobbying expenses. After consultation with the municipality, each tax increment consultant or advisor to a municipality that plans to designate or has designated a redevelopment project area shall inform the municipality in writing of any contracts that the consultant or advisor has entered into with entities or individuals that have received, or are receiving, payments financed by tax increment revenues produced by the redevelopment project area with respect to which the consultant or advisor has performed, or will be performing, service for the municipality. This requirement shall be satisfied by the consultant or advisor before the commencement of services for the municipality and thereafter whenever any other contracts with those individuals or entities are executed by the consultant or advisor;

(1.5) After July 1, 1999, annual administrative costs shall not include general overhead or administrative costs of the municipality that would still have been incurred by the municipality if the municipality had not designated a redevelopment project area or approved a redevelopment plan;

(1.6) The cost of marketing sites within the redevelopment project area to prospective businesses, developers, and investors;

(2) Property assembly costs, including but not limited to acquisition of land and other property, real or personal, or rights or interests therein, demolition of buildings, site preparation, site improvements that serve as an engineered barrier addressing ground level or below ground environmental contamination,
including, but not limited to parking lots and other concrete or asphalt barriers, and the clearing and grading of land;

(3) Costs of rehabilitation, reconstruction or repair or remodeling of existing public or private buildings, fixtures, and leasehold improvements; and the cost of replacing an existing public building if pursuant to the implementation of a redevelopment project the existing public building is to be demolished to use the site for private investment or devoted to a different use requiring private investment;

(4) Costs of the construction of public works or improvements, except that on and after November 1, 1999, redevelopment project costs shall not include the cost of constructing a new municipal public building principally used to provide offices, storage space, or conference facilities or vehicle storage, maintenance, or repair for administrative, public safety, or public works personnel and that is not intended to replace an existing public building as provided under paragraph (3) of subsection (q) of Section 11-74.4-3 unless either (i) the construction of the new municipal building implements a redevelopment project that was included in a redevelopment plan that was adopted by the municipality prior to November 1, 1999 or (ii) the municipality makes a reasonable determination in the redevelopment plan, supported by information that provides the basis for that determination, that the new municipal building is required to meet an increase in the need for public safety purposes anticipated to result from the implementation of the redevelopment plan;

(5) Costs of job training and retraining projects, including the cost of "welfare to work" programs implemented by businesses located within the redevelopment project area;

(6) Financing costs, including but not limited to all necessary and incidental expenses related to the issuance of obligations and which may include payment of interest on any obligations issued hereunder including interest accruing during the
estimated period of construction of any redevelopment project for which such obligations are issued and for not exceeding 36 months thereafter and including reasonable reserves related thereto;

(7) To the extent the municipality by written agreement accepts and approves the same, all or a portion of a taxing district's capital costs resulting from the redevelopment project necessarily incurred or to be incurred within a taxing district in furtherance of the objectives of the redevelopment plan and project.

(7.5) For redevelopment project areas designated (or redevelopment project areas amended to add or increase the number of tax-increment-financing assisted housing units) on or after November 1, 1999, an elementary, secondary, or unit school district's increased costs attributable to assisted housing units located within the redevelopment project area for which the developer or redeveloper receives financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the assisted housing sites necessary for the completion of that housing as authorized by this Act, and which costs shall be paid by the municipality from the Special Tax Allocation Fund when the tax increment revenue is received as a result of the assisted housing units and shall be calculated annually as follows:

(A) for foundation districts, excluding any school district in a municipality with a population in excess of 1,000,000, by multiplying the district's increase in attendance resulting from the net increase in new students enrolled in that school district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since

the designation of the redevelopment project area by the most recently available per capita tuition cost as defined in Section 10-20.12a of the School Code less any increase in general State aid as defined in Section 18-8.05 of the School Code attributable to these added new students subject to the following annual limitations:

(i) for unit school districts with a district average 1995-96 Per Capita Tuition Charge of less than $5,900, no more than 25% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act;

(ii) for elementary school districts with a district average 1995-96 Per Capita Tuition Charge of less than $5,900, no more than 17% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act; and

(iii) for secondary school districts with a district average 1995-96 Per Capita Tuition Charge of less than $5,900, no more than 8% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act.

(B) For alternate method districts, flat grant districts, and foundation districts with a district average 1995-96 Per Capita Tuition Charge equal to or more than $5,900, excluding any school district with a population in excess of 1,000,000, by multiplying the district's increase in attendance resulting from the net increase in new students enrolled in that school district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of

necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by the most recently available per capita tuition cost as defined in Section 10-20.12a of the School Code less any increase in general state aid as defined in Section 18-8.05 of the School Code attributable to these added new students subject to the following annual limitations:

(i) for unit school districts, no more than 40% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act;

(ii) for elementary school districts, no more than 27% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act; and

(iii) for secondary school districts, no more than 13% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act.

(C) For any school district in a municipality with a population in excess of 1,000,000, the following restrictions shall apply to the reimbursement of increased costs under this paragraph (7.5):

(i) no increased costs shall be reimbursed unless the school district certifies that each of the schools affected by the assisted housing project is at or over its student capacity;

(ii) the amount reimbursable shall be reduced by the value of any land donated to the
school district by the municipality or developer, and by the value of any physical improvements made to the schools by the municipality or developer; and

(iii) the amount reimbursed may not affect amounts otherwise obligated by the terms of any bonds, notes, or other funding instruments, or the terms of any redevelopment agreement.

Any school district seeking payment under this paragraph (7.5) shall, after July 1 and before September 30 of each year, provide the municipality with reasonable evidence to support its claim for reimbursement before the municipality shall be required to approve or make the payment to the school district. If the school district fails to provide the information during this period in any year, it shall forfeit any claim to reimbursement for that year. School districts may adopt a resolution waiving the right to all or a portion of the reimbursement otherwise required by this paragraph (7.5). By acceptance of this reimbursement the school district waives the right to directly or indirectly set aside, modify, or contest in any manner the establishment of the redevelopment project area or projects;

(7.7) For redevelopment project areas designated (or redevelopment project areas amended to add or increase the number of tax-increment-financing assisted housing units) on or after January 1, 2005 (the effective date of Public Act 93-961), a public library district's increased costs attributable to assisted housing units located within the redevelopment project area for which the developer or redeveloper receives financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the assisted housing sites necessary for the completion of that housing as authorized by this Act shall be paid to the library district by the municipality from the Special Tax Allocation Fund when the tax increment revenue is

New matter indicated by italics - deletions by strikeout
received as a result of the assisted housing units. This paragraph (7.7) applies only if (i) the library district is located in a county that is subject to the Property Tax Extension Limitation Law or (ii) the library district is not located in a county that is subject to the Property Tax Extension Limitation Law but the district is prohibited by any other law from increasing its tax levy rate without a prior voter referendum.

The amount paid to a library district under this paragraph (7.7) shall be calculated by multiplying (i) the net increase in the number of persons eligible to obtain a library card in that district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by (ii) the per-patron cost of providing library services so long as it does not exceed $120. The per-patron cost shall be the Total Operating Expenditures Per Capita as stated in the most recent Illinois Public Library Statistics produced by the Library Research Center at the University of Illinois. The municipality may deduct from the amount that it must pay to a library district under this paragraph any amount that it has voluntarily paid to the library district from the tax increment revenue. The amount paid to a library district under this paragraph (7.7) shall be no more than 2% of the amount produced by the assisted housing units and deposited into the Special Tax Allocation Fund.

A library district is not eligible for any payment under this paragraph (7.7) unless the library district has experienced an increase in the number of patrons from the municipality that created the tax-increment-financing district since the designation of the redevelopment project area.

Any library district seeking payment under this paragraph (7.7) shall, after July 1 and before September 30 of each year,
provide the municipality with convincing evidence to support its claim for reimbursement before the municipality shall be required to approve or make the payment to the library district. If the library district fails to provide the information during this period in any year, it shall forfeit any claim to reimbursement for that year. Library districts may adopt a resolution waiving the right to all or a portion of the reimbursement otherwise required by this paragraph (7.7). By acceptance of such reimbursement, the library district shall forfeit any right to directly or indirectly set aside, modify, or contest in any manner whatsoever the establishment of the redevelopment project area or projects;

(8) Relocation costs to the extent that a municipality determines that relocation costs shall be paid or is required to make payment of relocation costs by federal or State law or in order to satisfy subparagraph (7) of subsection (n);

(9) Payment in lieu of taxes;

(10) Costs of job training, retraining, advanced vocational education or career education, including but not limited to courses in occupational, semi-technical or technical fields leading directly to employment, incurred by one or more taxing districts, provided that such costs (i) are related to the establishment and maintenance of additional job training, advanced vocational education or career education programs for persons employed or to be employed by employers located in a redevelopment project area; and (ii) when incurred by a taxing district or taxing districts other than the municipality, are set forth in a written agreement by or among the municipality and the taxing district or taxing districts, which agreement describes the program to be undertaken, including but not limited to the number of employees to be trained, a description of the training and services to be provided, the number and type of positions available or to be available, itemized costs of the program and sources of funds to pay for the same, and the term of the agreement. Such costs include, specifically, the payment by community college districts of costs pursuant to Sections 3-37, 3-
38, 3-40 and 3-40.1 of the Public Community College Act and by school districts of costs pursuant to Sections 10-22.20a and 10-23.3a of The School Code;

(11) Interest cost incurred by a redeveloper related to the construction, renovation or rehabilitation of a redevelopment project provided that:

(A) such costs are to be paid directly from the special tax allocation fund established pursuant to this Act;

(B) such payments in any one year may not exceed 30% of the annual interest costs incurred by the redeveloper with regard to the redevelopment project during that year;

(C) if there are not sufficient funds available in the special tax allocation fund to make the payment pursuant to this paragraph (11) then the amounts so due shall accrue and be payable when sufficient funds are available in the special tax allocation fund;

(D) the total of such interest payments paid pursuant to this Act may not exceed 30% of the total (i) cost paid or incurred by the redeveloper for the redevelopment project plus (ii) redevelopment project costs excluding any property assembly costs and any relocation costs incurred by a municipality pursuant to this Act; and

(E) the cost limits set forth in subparagraphs (B) and (D) of paragraph (11) shall be modified for the financing of rehabilitated or new housing units for low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act. The percentage of 75% shall be substituted for 30% in subparagraphs (B) and (D) of paragraph (11).

(F) Instead of the eligible costs provided by subparagraphs (B) and (D) of paragraph (11), as modified by this subparagraph, and notwithstanding any other provisions of this Act to the contrary, the municipality may pay from tax increment revenues up to 50% of the cost of

New matter indicated by italics - deletions by strikeout
construction of new housing units to be occupied by low-income households and very low-income households as defined in Section 3 of the Illinois Affordable Housing Act. The cost of construction of those units may be derived from the proceeds of bonds issued by the municipality under this Act or other constitutional or statutory authority or from other sources of municipal revenue that may be reimbursed from tax increment revenues or the proceeds of bonds issued to finance the construction of that housing.

The eligible costs provided under this subparagraph (F) of paragraph (11) shall be an eligible cost for the construction, renovation, and rehabilitation of all low and very low-income housing units, as defined in Section 3 of the Illinois Affordable Housing Act, within the redevelopment project area. If the low and very low-income units are part of a residential redevelopment project that includes units not affordable to low and very low-income households, only the low and very low-income units shall be eligible for benefits under subparagraph (F) of paragraph (11). The standards for maintaining the occupancy by low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act, of those units constructed with eligible costs made available under the provisions of this subparagraph (F) of paragraph (11) shall be established by guidelines adopted by the municipality. The responsibility for annually documenting the initial occupancy of the units by low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act, shall be that of the then current owner of the property. For ownership units, the guidelines will provide, at a minimum, for a reasonable recapture of funds, or other appropriate methods designed to preserve the original affordability of the ownership units. For rental units, the guidelines will
provide, at a minimum, for the affordability of rent to low and very low-income households. As units become available, they shall be rented to income-eligible tenants. The municipality may modify these guidelines from time to time; the guidelines, however, shall be in effect for as long as tax increment revenue is being used to pay for costs associated with the units or for the retirement of bonds issued to finance the units or for the life of the redevelopment project area, whichever is later.

(11.5) If the redevelopment project area is located within a municipality with a population of more than 100,000, the cost of day care services for children of employees from low-income families working for businesses located within the redevelopment project area and all or a portion of the cost of operation of day care centers established by redevelopment project area businesses to serve employees from low-income families working in businesses located in the redevelopment project area. For the purposes of this paragraph, "low-income families" means families whose annual income does not exceed 80% of the municipal, county, or regional median income, adjusted for family size, as the annual income and municipal, county, or regional median income are determined from time to time by the United States Department of Housing and Urban Development.

(12) Unless explicitly stated herein the cost of construction of new privately-owned buildings shall not be an eligible redevelopment project cost.

(13) After November 1, 1999 (the effective date of Public Act 91-478), none of the redevelopment project costs enumerated in this subsection shall be eligible redevelopment project costs if those costs would provide direct financial support to a retail entity initiating operations in the redevelopment project area while terminating operations at another Illinois location within 10 miles of the redevelopment project area but outside the boundaries of the redevelopment project area municipality. For purposes of this

New matter indicated by italics - deletions by strikeout
paragraph, termination means a closing of a retail operation that is
directly related to the opening of the same operation or like retail
entity owned or operated by more than 50% of the original
ownership in a redevelopment project area, but it does not mean
closing an operation for reasons beyond the control of the retail
entity, as documented by the retail entity, subject to a reasonable
finding by the municipality that the current location contained
inadequate space, had become economically obsolete, or was no
longer a viable location for the retailer or serviceman.

If a special service area has been established pursuant to the
Special Service Area Tax Act or Special Service Area Tax Law, then any
tax increment revenues derived from the tax imposed pursuant to the
Special Service Area Tax Act or Special Service Area Tax Law may be
used within the redevelopment project area for the purposes permitted by
that Act or Law as well as the purposes permitted by this Act.

(r) "State Sales Tax Boundary" means the redevelopment project
area or the amended redevelopment project area boundaries which are
determined pursuant to subsection (9) of Section 11-74.4-8a of this Act.
The Department of Revenue shall certify pursuant to subsection (9) of
Section 11-74.4-8a the appropriate boundaries eligible for the
determination of State Sales Tax Increment.

(s) "State Sales Tax Increment" means an amount equal to the
increase in the aggregate amount of taxes paid by retailers and servicemen,
other than retailers and servicemen subject to the Public Utilities Act, on
transactions at places of business located within a State Sales Tax
Boundary pursuant to the Retailers' Occupation Tax Act, the Use Tax Act,
the Service Use Tax Act, and the Service Occupation Tax Act, except such
portion of such increase that is paid into the State and Local Sales Tax
Reform Fund, the Local Government Distributive Fund, the Local
Government Tax Fund and the County and Mass Transit District Fund, for
as long as State participation exists, over and above the Initial Sales Tax
Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales
Tax Amounts for such taxes as certified by the Department of Revenue
and paid under those Acts by retailers and servicemen on transactions at

New matter indicated by italics - deletions by strikeout
places of business located within the State Sales Tax Boundary during the base year which shall be the calendar year immediately prior to the year in which the municipality adopted tax increment allocation financing, less 3.0% of such amounts generated under the Retailers' Occupation Tax Act, Use Tax Act and Service Use Tax Act and the Service Occupation Tax Act, which sum shall be appropriated to the Department of Revenue to cover its costs of administering and enforcing this Section. For purposes of computing the aggregate amount of such taxes for base years occurring prior to 1985, the Department of Revenue shall compute the Initial Sales Tax Amount for such taxes and deduct therefrom an amount equal to 4% of the aggregate amount of taxes per year for each year the base year is prior to 1985, but not to exceed a total deduction of 12%. The amount so determined shall be known as the "Adjusted Initial Sales Tax Amount". For purposes of determining the State Sales Tax Increment the Department of Revenue shall for each period subtract from the tax amounts received from retailers and servicemen on transactions located in the State Sales Tax Boundary, the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or Revised Initial Sales Tax Amounts for the Retailers' Occupation Tax Act, the Use Tax Act, the Service Use Tax Act and the Service Occupation Tax Act. For the State Fiscal Year 1989 this calculation shall be made by utilizing the calendar year 1987 to determine the tax amounts received. For the State Fiscal Year 1990, this calculation shall be made by utilizing the period from January 1, 1988, until September 30, 1988, to determine the tax amounts received from retailers and servicemen, which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For the State Fiscal Year 1991, this calculation shall be made by utilizing the period from October 1, 1988, until June 30, 1989, to determine the tax amounts received from retailers and servicemen, which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For every State Fiscal Year thereafter, the applicable period shall be the 12 months beginning July 1 and ending on
June 30, to determine the tax amounts received which shall have deducted therefrom the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts. Municipalities intending to receive a distribution of State Sales Tax Increment must report a list of retailers to the Department of Revenue by October 31, 1988 and by July 31, of each year thereafter.

(t) "Taxing districts" means counties, townships, cities and incorporated towns and villages, school, road, park, sanitary, mosquito abatement, forest preserve, public health, fire protection, river conservancy, tuberculosis sanitarium and any other municipal corporations or districts with the power to levy taxes.

(u) "Taxing districts' capital costs" means those costs of taxing districts for capital improvements that are found by the municipal corporate authorities to be necessary and directly result from the redevelopment project.

(v) As used in subsection (a) of Section 11-74.4-3 of this Act, "vacant land" means any parcel or combination of parcels of real property without industrial, commercial, and residential buildings which has not been used for commercial agricultural purposes within 5 years prior to the designation of the redevelopment project area, unless the parcel is included in an industrial park conservation area or the parcel has been subdivided; provided that if the parcel was part of a larger tract that has been divided into 3 or more smaller tracts that were accepted for recording during the period from 1950 to 1990, then the parcel shall be deemed to have been subdivided, and all proceedings and actions of the municipality taken in that connection with respect to any previously approved or designated redevelopment project area or amended redevelopment project area are hereby validated and hereby declared to be legally sufficient for all purposes of this Act. For purposes of this Section and only for land subject to the subdivision requirements of the Plat Act, land is subdivided when the original plat of the proposed Redevelopment Project Area or relevant portion thereof has been properly certified, acknowledged, approved, and recorded or filed in accordance with the Plat Act and a preliminary plat, if any, for any subsequent phases of the proposed

Redevelopment Project Area or relevant portion thereof has been properly approved and filed in accordance with the applicable ordinance of the municipality.

(w) "Annual Total Increment" means the sum of each municipality's annual Net Sales Tax Increment and each municipality's annual Net Utility Tax Increment. The ratio of the Annual Total Increment of each municipality to the Annual Total Increment for all municipalities, as most recently calculated by the Department, shall determine the proportional shares of the Illinois Tax Increment Fund to be distributed to each municipality.

Sec. 11-74.4-3. Definitions. The following terms, wherever used or referred to in this Division 74.4 shall have the following respective meanings, unless in any case a different meaning clearly appears from the context.

(a) For any redevelopment project area that has been designated pursuant to this Section by an ordinance adopted prior to November 1, 1999 (the effective date of Public Act 91-478), "blighted area" shall have the meaning set forth in this Section prior to that date.

On and after November 1, 1999, "blighted area" means any improved or vacant area within the boundaries of a redevelopment project area located within the territorial limits of the municipality where:

(1) If improved, industrial, commercial, and residential buildings or improvements are detrimental to the public safety, health, or welfare because of a combination of 5 or more of the following factors, each of which is (i) present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of

New matter indicated by italics - deletions by strikeout
the Act and (ii) reasonably distributed throughout the improved part of the redevelopment project area:

(A) Dilapidation. An advanced state of disrepair or neglect of necessary repairs to the primary structural components of buildings or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed.

(B) Obsolescence. The condition or process of falling into disuse. Structures have become ill-suited for the original use.

(C) Deterioration. With respect to buildings, defects including, but not limited to, major defects in the secondary building components such as doors, windows, porches, gutters and downspouts, and fascia. With respect to surface improvements, that the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas evidence deterioration, including, but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces.

(D) Presence of structures below minimum code standards. All structures that do not meet the standards of zoning, subdivision, building, fire, and other governmental codes applicable to property, but not including housing and property maintenance codes.

(E) Illegal use of individual structures. The use of structures in violation of applicable federal, State, or local laws, exclusive of those applicable to the presence of structures below minimum code standards.

(F) Excessive vacancies. The presence of buildings that are unoccupied or under-utilized and that represent an
adverse influence on the area because of the frequency, extent, or duration of the vacancies.

(G) Lack of ventilation, light, or sanitary facilities. The absence of adequate ventilation for light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke, or other noxious airborne materials. Inadequate natural light and ventilation means the absence of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building.

(H) Inadequate utilities. Underground and overhead utilities such as storm sewers and storm drainage, sanitary sewers, water lines, and gas, telephone, and electrical services that are shown to be inadequate. Inadequate utilities are those that are: (i) of insufficient capacity to serve the uses in the redevelopment project area, (ii) deteriorated, antiquated, obsolete, or in disrepair, or (iii) lacking within the redevelopment project area.

(I) Excessive land coverage and overcrowding of structures and community facilities. The over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Examples of problem conditions warranting the designation of an area as one exhibiting excessive land coverage are: (i) the presence of buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety and (ii) the presence of multiple buildings on a single parcel. For there to be a finding of excessive land coverage, these parcels

must exhibit one or more of the following conditions: insufficient provision for light and air within or around buildings, increased threat of spread of fire due to the close proximity of buildings, lack of adequate or proper access to a public right-of-way, lack of reasonably required off-street parking, or inadequate provision for loading and service.

(J) Deleterious land use or layout. The existence of incompatible land-use relationships, buildings occupied by inappropriate mixed-uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.

(K) Environmental clean-up. The proposed redevelopment project area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(L) Lack of community planning. The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This means that the development occurred prior to the adoption by the municipality of a comprehensive or other community plan or that the plan was not followed at the time of the area's development. This factor must be documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning.

(M) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated.

(2) If vacant, the sound growth of the redevelopment project area is impaired by a combination of 2 or more of the following factors, each of which is (i) present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) reasonably distributed throughout the vacant part of the redevelopment project area to which it pertains:

(A) Obsolete platting of vacant land that results in parcels of limited or narrow size or configurations of parcels of irregular size or shape that would be difficult to develop on a planned basis and in a manner compatible with contemporary standards and requirements, or platting that failed to create rights-of-ways for streets or alleys or that created inadequate right-of-way widths for streets, alleys, or other public rights-of-way or that omitted easements for public utilities.

(B) Diversity of ownership of parcels of vacant land sufficient in number to retard or impede the ability to assemble the land for development.

(C) Tax and special assessment delinquencies exist or the property has been the subject of tax sales under the Property Tax Code within the last 5 years.
(D) Deterioration of structures or site improvements in neighboring areas adjacent to the vacant land.

(E) The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(F) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated.

(3) If vacant, the sound growth of the redevelopment project area is impaired by one of the following factors that (i) is present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) is reasonably distributed throughout the vacant part of the redevelopment project area to which it pertains:

(A) The area consists of one or more unused quarries, mines, or strip mine ponds.

New matter indicated by italics - deletions by strikeout
(B) The area consists of unused rail yards, rail tracks, or railroad rights-of-way.

(C) The area, prior to its designation, is subject to (i) chronic flooding that adversely impacts on real property in the area as certified by a registered professional engineer or appropriate regulatory agency or (ii) surface water that discharges from all or a part of the area and contributes to flooding within the same watershed, but only if the redevelopment project provides for facilities or improvements to contribute to the alleviation of all or part of the flooding.

(D) The area consists of an unused or illegal disposal site containing earth, stone, building debris, or similar materials that were removed from construction, demolition, excavation, or dredge sites.

(E) Prior to November 1, 1999, the area is not less than 50 nor more than 100 acres and 75% of which is vacant (notwithstanding that the area has been used for commercial agricultural purposes within 5 years prior to the designation of the redevelopment project area), and the area meets at least one of the factors itemized in paragraph (1) of this subsection, the area has been designated as a town or village center by ordinance or comprehensive plan adopted prior to January 1, 1982, and the area has not been developed for that designated purpose.

(F) The area qualified as a blighted improved area immediately prior to becoming vacant, unless there has been substantial private investment in the immediately surrounding area.

(b) For any redevelopment project area that has been designated pursuant to this Section by an ordinance adopted prior to November 1, 1999 (the effective date of Public Act 91-478), "conservation area" shall have the meaning set forth in this Section prior to that date.

New matter indicated by italics - deletions by strikeout
On and after November 1, 1999, "conservation area" means any improved area within the boundaries of a redevelopment project area located within the territorial limits of the municipality in which 50% or more of the structures in the area have an age of 35 years or more. Such an area is not yet a blighted area but because of a combination of 3 or more of the following factors is detrimental to the public safety, health, morals or welfare and such an area may become a blighted area:

(1) Dilapidation. An advanced state of disrepair or neglect of necessary repairs to the primary structural components of buildings or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed.

(2) Obsolescence. The condition or process of falling into disuse. Structures have become ill-suited for the original use.

(3) Deterioration. With respect to buildings, defects including, but not limited to, major defects in the secondary building components such as doors, windows, porches, gutters and downspouts, and fascia. With respect to surface improvements, that the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas evidence deterioration, including, but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces.

(4) Presence of structures below minimum code standards. All structures that do not meet the standards of zoning, subdivision, building, fire, and other governmental codes applicable to property, but not including housing and property maintenance codes.

(5) Illegal use of individual structures. The use of structures in violation of applicable federal, State, or local laws, exclusive of those applicable to the presence of structures below minimum code standards.

New matter indicated by italics - deletions by strikeout
(6) Excessive vacancies. The presence of buildings that are unoccupied or under-utilized and that represent an adverse influence on the area because of the frequency, extent, or duration of the vacancies.

(7) Lack of ventilation, light, or sanitary facilities. The absence of adequate ventilation for light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke, or other noxious airborne materials. Inadequate natural light and ventilation means the absence or inadequacy of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building.

(8) Inadequate utilities. Underground and overhead utilities such as storm sewers and storm drainage, sanitary sewers, water lines, and gas, telephone, and electrical services that are shown to be inadequate. Inadequate utilities are those that are: (i) of insufficient capacity to serve the uses in the redevelopment project area, (ii) deteriorated, antiquated, obsolete, or in disrepair, or (iii) lacking within the redevelopment project area.

(9) Excessive land coverage and overcrowding of structures and community facilities. The over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Examples of problem conditions warranting the designation of an area as one exhibiting excessive land coverage are: the presence of buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety and the presence of multiple buildings on a single parcel. For there to be a finding of excessive land coverage, these parcels must exhibit one or more of the following conditions: insufficient provision for light and air within or around buildings, increased threat of spread of fire due to

New matter indicated by italics - deletions by strikeout
the close proximity of buildings, lack of adequate or proper access to a public right-of-way, lack of reasonably required off-street parking, or inadequate provision for loading and service.

(10) Deleterious land use or layout. The existence of incompatible land-use relationships, buildings occupied by inappropriate mixed-uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.

(11) Lack of community planning. The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This means that the development occurred prior to the adoption by the municipality of a comprehensive or other community plan or that the plan was not followed at the time of the area's development. This factor must be documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning.

(12) The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(13) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States

Department of Labor or successor agency for 3 of the last 5 calendar years for which information is available.

(c) "Industrial park" means an area in a blighted or conservation area suitable for use by any manufacturing, industrial, research or transportation enterprise, of facilities to include but not be limited to factories, mills, processing plants, assembly plants, packing plants, fabricating plants, industrial distribution centers, warehouses, repair overhaul or service facilities, freight terminals, research facilities, test facilities or railroad facilities.

(d) "Industrial park conservation area" means an area within the boundaries of a redevelopment project area located within the territorial limits of a municipality that is a labor surplus municipality or within 1 1/2 miles of the territorial limits of a municipality that is a labor surplus municipality if the area is annexed to the municipality; which area is zoned as industrial no later than at the time the municipality by ordinance designates the redevelopment project area, and which area includes both vacant land suitable for use as an industrial park and a blighted area or conservation area contiguous to such vacant land.

(e) "Labor surplus municipality" means a municipality in which, at any time during the 6 months before the municipality by ordinance designates an industrial park conservation area, the unemployment rate was over 6% and was also 100% or more of the national average unemployment rate for that same time as published in the United States Department of Labor Bureau of Labor Statistics publication entitled "The Employment Situation" or its successor publication. For the purpose of this subsection, if unemployment rate statistics for the municipality are not available, the unemployment rate in the municipality shall be deemed to be the same as the unemployment rate in the principal county in which the municipality is located.

(f) "Municipality" shall mean a city, village, incorporated town, or a township that is located in the unincorporated portion of a county with 3 million or more inhabitants, if the county adopted an ordinance that approved the township's redevelopment plan.
(g) "Initial Sales Tax Amounts" means the amount of taxes paid under the Retailers' Occupation Tax Act, Use Tax Act, Service Use Tax Act, the Service Occupation Tax Act, the Municipal Retailers' Occupation Tax Act, and the Municipal Service Occupation Tax Act by retailers and servicemen on transactions at places located in a State Sales Tax Boundary during the calendar year 1985.

(g-1) "Revised Initial Sales Tax Amounts" means the amount of taxes paid under the Retailers' Occupation Tax Act, Use Tax Act, Service Use Tax Act, the Service Occupation Tax Act, the Municipal Retailers' Occupation Tax Act, and the Municipal Service Occupation Tax Act by retailers and servicemen on transactions at places located within the State Sales Tax Boundary revised pursuant to Section 11-74.4-8a(9) of this Act.

(h) "Municipal Sales Tax Increment" means an amount equal to the increase in the aggregate amount of taxes paid to a municipality from the Local Government Tax Fund arising from sales by retailers and servicemen within the redevelopment project area or State Sales Tax Boundary, as the case may be, for as long as the redevelopment project area or State Sales Tax Boundary, as the case may be, exist over and above the aggregate amount of taxes as certified by the Illinois Department of Revenue and paid under the Municipal Retailers' Occupation Tax Act and the Municipal Service Occupation Tax Act by retailers and servicemen, on transactions at places of business located in the redevelopment project area or State Sales Tax Boundary, as the case may be, during the base year which shall be the calendar year immediately prior to the year in which the municipality adopted tax increment allocation financing. For purposes of computing the aggregate amount of such taxes for base years occurring prior to 1985, the Department of Revenue shall determine the Initial Sales Tax Amounts for such taxes and deduct therefrom an amount equal to 4% of the aggregate amount of taxes per year for each year the base year is prior to 1985, but not to exceed a total deduction of 12%. The amount so determined shall be known as the "Adjusted Initial Sales Tax Amounts". For purposes of determining the Municipal Sales Tax Increment, the Department of Revenue shall for each period subtract from the amount paid to the municipality from the Local Government Tax Fund arising

from sales by retailers and servicemen on transactions located in the redevelopment project area or the State Sales Tax Boundary, as the case may be, the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts for the Municipal Retailers' Occupation Tax Act and the Municipal Service Occupation Tax Act. For the State Fiscal Year 1989, this calculation shall be made by utilizing the calendar year 1987 to determine the tax amounts received. For the State Fiscal Year 1990, this calculation shall be made by utilizing the period from January 1, 1988, until September 30, 1988, to determine the tax amounts received from retailers and servicemen pursuant to the Municipal Retailers' Occupation Tax and the Municipal Service Occupation Tax Act, which shall have deducted therefrom nine-twelveths of the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For the State Fiscal Year 1991, this calculation shall be made by utilizing the period from October 1, 1988, to June 30, 1989, to determine the tax amounts received from retailers and servicemen pursuant to the Municipal Retailers' Occupation Tax and the Municipal Service Occupation Tax Act, which shall have deducted therefrom nine-twelveths of the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For every State Fiscal Year thereafter, the applicable period shall be the 12 months beginning July 1 and ending June 30 to determine the tax amounts received which shall have deducted therefrom the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts, as the case may be.

(i) "Net State Sales Tax Increment" means the sum of the following: (a) 80% of the first $100,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary; (b) 60% of the amount in excess of $100,000 but not exceeding $500,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary; and (c) 40% of all amounts in excess of $500,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary. If, however, a municipality established a tax increment financing district in a county with

a population in excess of 3,000,000 before January 1, 1986, and the municipality entered into a contract or issued bonds after January 1, 1986, but before December 31, 1986, to finance redevelopment project costs within a State Sales Tax Boundary, then the Net State Sales Tax Increment means, for the fiscal years beginning July 1, 1990, and July 1, 1991, 100% of the State Sales Tax Increment annually generated within a State Sales Tax Boundary; and notwithstanding any other provision of this Act, for those fiscal years the Department of Revenue shall distribute to those municipalities 100% of their Net State Sales Tax Increment before any distribution to any other municipality and regardless of whether or not those other municipalities will receive 100% of their Net State Sales Tax Increment. For Fiscal Year 1999, and every year thereafter until the year 2007, for any municipality that has not entered into a contract or has not issued bonds prior to June 1, 1988 to finance redevelopment project costs within a State Sales Tax Boundary, the Net State Sales Tax Increment shall be calculated as follows: By multiplying the Net State Sales Tax Increment by 90% in the State Fiscal Year 1999; 80% in the State Fiscal Year 2000; 70% in the State Fiscal Year 2001; 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for State Fiscal Year 2008 and thereafter.

Municipalities that issued bonds in connection with a redevelopment project in a redevelopment project area within the State Sales Tax Boundary prior to July 29, 1991, or that entered into contracts in connection with a redevelopment project in a redevelopment project area before June 1, 1988, shall continue to receive their proportional share of the Illinois Tax Increment Fund distribution until the date on which the redevelopment project is completed or terminated. If, however, a municipality that issued bonds in connection with a redevelopment project in a redevelopment project area within the State Sales Tax Boundary prior to July 29, 1991 retires the bonds prior to June 30, 2007 or a municipality that entered into contracts in connection with a redevelopment project in a redevelopment project area before June 1, 1988 completes the contracts

prior to June 30, 2007, then so long as the redevelopment project is not completed or is not terminated, the Net State Sales Tax Increment shall be calculated, beginning on the date on which the bonds are retired or the contracts are completed, as follows: By multiplying the Net State Sales Tax Increment by 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for State Fiscal Year 2008 and thereafter. Refunding of any bonds issued prior to July 29, 1991, shall not alter the Net State Sales Tax Increment.

(j) "State Utility Tax Increment Amount" means an amount equal to the aggregate increase in State electric and gas tax charges imposed on owners and tenants, other than residential customers, of properties located within the redevelopment project area under Section 9-222 of the Public Utilities Act, over and above the aggregate of such charges as certified by the Department of Revenue and paid by owners and tenants, other than residential customers, of properties within the redevelopment project area during the base year, which shall be the calendar year immediately prior to the year of the adoption of the ordinance authorizing tax increment allocation financing.

(k) "Net State Utility Tax Increment" means the sum of the following: (a) 80% of the first $100,000 of State Utility Tax Increment annually generated by a redevelopment project area; (b) 60% of the amount in excess of $100,000 but not exceeding $500,000 of the State Utility Tax Increment annually generated by a redevelopment project area; and (c) 40% of all amounts in excess of $500,000 of State Utility Tax Increment annually generated by a redevelopment project area. For the State Fiscal Year 1999, and every year thereafter until the year 2007, for any municipality that has not entered into a contract or has not issued bonds prior to June 1, 1988 to finance redevelopment project costs within a redevelopment project area, the Net State Utility Tax Increment shall be calculated as follows: By multiplying the Net State Utility Tax Increment by 90% in the State Fiscal Year 1999; 80% in the State Fiscal Year 2000; 70% in the State Fiscal Year 2001; 60% in the State Fiscal Year 2002;

50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for the State Fiscal Year 2008 and thereafter.

Municipalities that issue bonds in connection with the redevelopment project during the period from June 1, 1988 until 3 years after the effective date of this Amendatory Act of 1988 shall receive the Net State Utility Tax Increment, subject to appropriation, for 15 State Fiscal Years after the issuance of such bonds. For the 16th through the 20th State Fiscal Years after issuance of the bonds, the Net State Utility Tax Increment shall be calculated as follows: By multiplying the Net State Utility Tax Increment by 90% in year 16; 80% in year 17; 70% in year 18; 60% in year 19; and 50% in year 20. Refunding of any bonds issued prior to June 1, 1988, shall not alter the revised Net State Utility Tax Increment payments set forth above.

(l) "Obligations" mean bonds, loans, debentures, notes, special certificates or other evidence of indebtedness issued by the municipality to carry out a redevelopment project or to refund outstanding obligations.

(m) "Payment in lieu of taxes" means those estimated tax revenues from real property in a redevelopment project area derived from real property that has been acquired by a municipality which according to the redevelopment project or plan is to be used for a private use which taxing districts would have received had a municipality not acquired the real property and adopted tax increment allocation financing and which would result from levies made after the time of the adoption of tax increment allocation financing to the time the current equalized value of real property in the redevelopment project area exceeds the total initial equalized value of real property in said area.

(n) "Redevelopment plan" means the comprehensive program of the municipality for development or redevelopment intended by the payment of redevelopment project costs to reduce or eliminate those conditions the existence of which qualified the redevelopment project area as a "blighted area" or "conservation area" or combination thereof or "industrial park conservation area," and thereby to enhance the tax bases of

New matter indicated by italics - deletions by strikeout
the taxing districts which extend into the redevelopment project area. On and after November 1, 1999 (the effective date of Public Act 91-478), no redevelopment plan may be approved or amended that includes the development of vacant land (i) with a golf course and related clubhouse and other facilities or (ii) designated by federal, State, county, or municipal government as public land for outdoor recreational activities or for nature preserves and used for that purpose within 5 years prior to the adoption of the redevelopment plan. For the purpose of this subsection, "recreational activities" is limited to mean camping and hunting. Each redevelopment plan shall set forth in writing the program to be undertaken to accomplish the objectives and shall include but not be limited to:

(A) an itemized list of estimated redevelopment project costs;

(B) evidence indicating that the redevelopment project area on the whole has not been subject to growth and development through investment by private enterprise;

(C) an assessment of any financial impact of the redevelopment project area on or any increased demand for services from any taxing district affected by the plan and any program to address such financial impact or increased demand;

(D) the sources of funds to pay costs;

(E) the nature and term of the obligations to be issued;

(F) the most recent equalized assessed valuation of the redevelopment project area;

(G) an estimate as to the equalized assessed valuation after redevelopment and the general land uses to apply in the redevelopment project area;

(H) a commitment to fair employment practices and an affirmative action plan;

(I) if it concerns an industrial park conservation area, the plan shall also include a general description of any proposed developer, user and tenant of any property, a description of the type, structure and general character of the facilities to be developed, a description of the type, class and number of new

employees to be employed in the operation of the facilities to be developed; and

(J) if property is to be annexed to the municipality, the plan shall include the terms of the annexation agreement.

The provisions of items (B) and (C) of this subsection (n) shall not apply to a municipality that before March 14, 1994 (the effective date of Public Act 88-537) had fixed, either by its corporate authorities or by a commission designated under subsection (k) of Section 11-74.4-4, a time and place for a public hearing as required by subsection (a) of Section 11-74.4-5. No redevelopment plan shall be adopted unless a municipality complies with all of the following requirements:

(1) The municipality finds that the redevelopment project area on the whole has not been subject to growth and development through investment by private enterprise and would not reasonably be anticipated to be developed without the adoption of the redevelopment plan.

(2) The municipality finds that the redevelopment plan and project conform to the comprehensive plan for the development of the municipality as a whole, or, for municipalities with a population of 100,000 or more, regardless of when the redevelopment plan and project was adopted, the redevelopment plan and project either: (i) conforms to the strategic economic development or redevelopment plan issued by the designated planning authority of the municipality, or (ii) includes land uses that have been approved by the planning commission of the municipality.

(3) The redevelopment plan establishes the estimated dates of completion of the redevelopment project and retirement of obligations issued to finance redevelopment project costs. Those dates: shall not be later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the twenty-third calendar year after the year in which the ordinance approving the redevelopment project area is

adopted if the ordinance was adopted on or after January 15, 1981; shall not be later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the thirty-third calendar year after the year in which the ordinance approving the redevelopment project area if the ordinance was adopted on May 20, 1985 by the Village of Wheeling; and shall not be later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the thirty-fifth calendar year after the year in which the ordinance approving the redevelopment project area is adopted:

(A) if the ordinance was adopted before January 15, 1981, or
(B) if the ordinance was adopted in December 1983, April 1984, July 1985, or December 1989, or
(C) if the ordinance was adopted in December 1987 and the redevelopment project is located within one mile of Midway Airport, or
(D) if the ordinance was adopted before January 1, 1987 by a municipality in Mason County, or
(E) if the municipality is subject to the Local Government Financial Planning and Supervision Act or the Financially Distressed City Law, or
(F) if the ordinance was adopted in December 1984 by the Village of Rosemont, or
(G) if the ordinance was adopted on December 31, 1986 by a municipality located in Clinton County for which at least $250,000 of tax increment bonds were authorized on June 17, 1997, or if the ordinance was adopted on December 31, 1986 by a municipality with a population in 1990 of less than 3,600 that is located in a county with a population in 1990 of less than 34,000 and for which at

However, for redevelopment project areas for which bonds were issued before July 29, 1991, or for which contracts were entered into before June 1, 1988, in connection with a redevelopment project in the area within the State Sales Tax Boundary, the estimated dates of completion of the redevelopment project and retirement of obligations to finance redevelopment project costs may be extended by municipal ordinance to December 31, 2013. The termination procedures of subsection (b) of Section 11-74.4-8 are not required for these redevelopment project areas in 2009 but are required in 2013. The extension allowed by this amendatory Act of 1993 shall not apply to real property tax increment allocation financing under Section 11-74.4-8.

A municipality may by municipal ordinance amend an existing redevelopment plan to conform to this paragraph (3) as amended by Public Act 91-478, which municipal ordinance may be adopted without further hearing or notice and without complying with the procedures provided in this Act pertaining to an amendment to or the initial approval of a redevelopment plan and project and designation of a redevelopment project area.

Those dates, for purposes of real property tax increment allocation financing pursuant to Section 11-74.4-8 only, shall be not more than 35 years for redevelopment project areas that were adopted on or after December 16, 1986 and for which at least $8 million worth of municipal bonds were authorized on or after December 19, 1989 but before January 1, 1990; provided that the municipality elects to extend the life of the redevelopment project area to 35 years by the adoption of an ordinance after at least 14 but not more than 30 days' written notice to the taxing bodies, that would otherwise constitute the joint review board for the redevelopment project area, before the adoption of the ordinance.

Those dates, for purposes of real property tax increment allocation financing pursuant to Section 11-74.4-8 only, shall be not more than 35 years for redevelopment project areas that were established on or after December 1, 1981 but before January 1, 1982 and for which at least $1,500,000 worth of tax increment revenue bonds were authorized on or after September 30, 1990 but before July 1, 1991; provided that the municipality elects to extend the life of the redevelopment project area to 35 years by the adoption of an ordinance after at least 14 but not more than 30 days' written notice to the taxing bodies, that would otherwise constitute the joint review board for the redevelopment project area, before the adoption of the ordinance.

(3.5) The municipality finds, in the case of an industrial park conservation area, also that the municipality is a labor surplus municipality and that the implementation of the redevelopment plan will reduce unemployment, create new jobs and by the
provision of new facilities enhance the tax base of the taxing districts that extend into the redevelopment project area.

(4) If any incremental revenues are being utilized under Section 8(a)(1) or 8(a)(2) of this Act in redevelopment project areas approved by ordinance after January 1, 1986, the municipality finds: (a) that the redevelopment project area would not reasonably be developed without the use of such incremental revenues, and (b) that such incremental revenues will be exclusively utilized for the development of the redevelopment project area.

(5) If the redevelopment plan will not result in displacement of residents from 10 or more inhabited residential units, and the municipality certifies in the plan that such displacement will not result from the plan, a housing impact study need not be performed. If, however, the redevelopment plan would result in the displacement of residents from 10 or more inhabited residential units, or if the redevelopment project area contains 75 or more inhabited residential units and no certification is made, then the municipality shall prepare, as part of the separate feasibility report required by subsection (a) of Section 11-74.4-5, a housing impact study.

Part I of the housing impact study shall include (i) data as to whether the residential units are single family or multi-family units, (ii) the number and type of rooms within the units, if that information is available, (iii) whether the units are inhabited or uninhabited, as determined not less than 45 days before the date that the ordinance or resolution required by subsection (a) of Section 11-74.4-5 is passed, and (iv) data as to the racial and ethnic composition of the residents in the inhabited residential units. The data requirement as to the racial and ethnic composition of the residents in the inhabited residential units shall be deemed to be fully satisfied by data from the most recent federal census.

Part II of the housing impact study shall identify the inhabited residential units in the proposed redevelopment project.
area that are to be or may be removed. If inhabited residential units are to be removed, then the housing impact study shall identify (i) the number and location of those units that will or may be removed, (ii) the municipality's plans for relocation assistance for those residents in the proposed redevelopment project area whose residences are to be removed, (iii) the availability of replacement housing for those residents whose residences are to be removed, and shall identify the type, location, and cost of the housing, and (iv) the type and extent of relocation assistance to be provided.

(6) On and after November 1, 1999, the housing impact study required by paragraph (5) shall be incorporated in the redevelopment plan for the redevelopment project area.

(7) On and after November 1, 1999, no redevelopment plan shall be adopted, nor an existing plan amended, nor shall residential housing that is occupied by households of low-income and very low-income persons in currently existing redevelopment project areas be removed after November 1, 1999 unless the redevelopment plan provides, with respect to inhabited housing units that are to be removed for households of low-income and very low-income persons, affordable housing and relocation assistance not less than that which would be provided under the federal Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 and the regulations under that Act, including the eligibility criteria. Affordable housing may be either existing or newly constructed housing. For purposes of this paragraph (7), "low-income households", "very low-income households", and "affordable housing" have the meanings set forth in the Illinois Affordable Housing Act. The municipality shall make a good faith effort to ensure that this affordable housing is located in or near the redevelopment project area within the municipality.

(8) On and after November 1, 1999, if, after the adoption of the redevelopment plan for the redevelopment project area, any municipality desires to amend its redevelopment plan to remove

more inhabited residential units than specified in its original redevelopment plan, that change shall be made in accordance with the procedures in subsection (c) of Section 11-74.4-5.

(9) For redevelopment project areas designated prior to November 1, 1999, the redevelopment plan may be amended without further joint review board meeting or hearing, provided that the municipality shall give notice of any such changes by mail to each affected taxing district and registrant on the interested party registry, to authorize the municipality to expend tax increment revenues for redevelopment project costs defined by paragraphs (5) and (7.5), subparagraphs (E) and (F) of paragraph (11), and paragraph (11.5) of subsection (q) of Section 11-74.4-3, so long as the changes do not increase the total estimated redevelopment project costs set out in the redevelopment plan by more than 5% after adjustment for inflation from the date the plan was adopted.

(o) "Redevelopment project" means any public and private development project in furtherance of the objectives of a redevelopment plan. On and after November 1, 1999 (the effective date of Public Act 91-478), no redevelopment plan may be approved or amended that includes the development of vacant land (i) with a golf course and related clubhouse and other facilities or (ii) designated by federal, State, county, or municipal government as public land for outdoor recreational activities or for nature preserves and used for that purpose within 5 years prior to the adoption of the redevelopment plan. For the purpose of this subsection, "recreational activities" is limited to mean camping and hunting.

(p) "Redevelopment project area" means an area designated by the municipality, which is not less in the aggregate than 1 1/2 acres and in respect to which the municipality has made a finding that there exist conditions which cause the area to be classified as an industrial park conservation area or a blighted area or a conservation area, or a combination of both blighted areas and conservation areas.

(q) "Redevelopment project costs" mean and include the sum total of all reasonable or necessary costs incurred or estimated to be incurred, and any such costs incidental to a redevelopment plan and a
redevelopment project. Such costs include, without limitation, the following:

(1) Costs of studies, surveys, development of plans, and specifications, implementation and administration of the redevelopment plan including but not limited to staff and professional service costs for architectural, engineering, legal, financial, planning or other services, provided however that no charges for professional services may be based on a percentage of the tax increment collected; except that on and after November 1, 1999 (the effective date of Public Act 91-478), no contracts for professional services, excluding architectural and engineering services, may be entered into if the terms of the contract extend beyond a period of 3 years. In addition, "redevelopment project costs" shall not include lobbying expenses. After consultation with the municipality, each tax increment consultant or advisor to a municipality that plans to designate or has designated a redevelopment project area shall inform the municipality in writing of any contracts that the consultant or advisor has entered into with entities or individuals that have received, or are receiving, payments financed by tax increment revenues produced by the redevelopment project area with respect to which the consultant or advisor has performed, or will be performing, service for the municipality. This requirement shall be satisfied by the consultant or advisor before the commencement of services for the municipality and thereafter whenever any other contracts with those individuals or entities are executed by the consultant or advisor;

(1.5) After July 1, 1999, annual administrative costs shall not include general overhead or administrative costs of the municipality that would still have been incurred by the municipality if the municipality had not designated a redevelopment project area or approved a redevelopment plan;

(1.6) The cost of marketing sites within the redevelopment project area to prospective businesses, developers, and investors;

(2) Property assembly costs, including but not limited to acquisition of land and other property, real or personal, or rights or interests therein, demolition of buildings, site preparation, site improvements that serve as an engineered barrier addressing ground level or below ground environmental contamination, including, but not limited to parking lots and other concrete or asphalt barriers, and the clearing and grading of land;

(3) Costs of rehabilitation, reconstruction or repair or remodeling of existing public or private buildings, fixtures, and leasehold improvements; and the cost of replacing an existing public building if pursuant to the implementation of a redevelopment project the existing public building is to be demolished to use the site for private investment or devoted to a different use requiring private investment;

(4) Costs of the construction of public works or improvements, except that on and after November 1, 1999, redevelopment project costs shall not include the cost of constructing a new municipal public building principally used to provide offices, storage space, or conference facilities or vehicle storage, maintenance, or repair for administrative, public safety, or public works personnel and that is not intended to replace an existing public building as provided under paragraph (3) of subsection (q) of Section 11-74.4-3 unless either (i) the construction of the new municipal building implements a redevelopment project that was included in a redevelopment plan that was adopted by the municipality prior to November 1, 1999 or (ii) the municipality makes a reasonable determination in the redevelopment plan, supported by information that provides the basis for that determination, that the new municipal building is required to meet an increase in the need for public safety purposes anticipated to result from the implementation of the redevelopment plan;

(5) Costs of job training and retraining projects, including the cost of "welfare to work" programs implemented by businesses located within the redevelopment project area;

(6) Financing costs, including but not limited to all necessary and incidental expenses related to the issuance of obligations and which may include payment of interest on any obligations issued hereunder including interest accruing during the estimated period of construction of any redevelopment project for which such obligations are issued and for not exceeding 36 months thereafter and including reasonable reserves related thereto;

(7) To the extent the municipality by written agreement accepts and approves the same, all or a portion of a taxing district's capital costs resulting from the redevelopment project necessarily incurred or to be incurred within a taxing district in furtherance of the objectives of the redevelopment plan and project.

(7.5) For redevelopment project areas designated (or redevelopment project areas amended to add or increase the number of tax-increment-financing assisted housing units) on or after November 1, 1999, an elementary, secondary, or unit school district's increased costs attributable to assisted housing units located within the redevelopment project area for which the developer or redeveloper receives financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the assisted housing sites necessary for the completion of that housing as authorized by this Act, and which costs shall be paid by the municipality from the Special Tax Allocation Fund when the tax increment revenue is received as a result of the assisted housing units and shall be calculated annually as follows:

enrolled in that school district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by the most recently available per capita tuition cost as defined in Section 10-20.12a of the School Code less any increase in general State aid as defined in Section 18-8.05 of the School Code attributable to these added new students subject to the following annual limitations:

(i) for unit school districts with a district average 1995-96 Per Capita Tuition Charge of less than $5,900, no more than 25% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act;

(ii) for elementary school districts with a district average 1995-96 Per Capita Tuition Charge of less than $5,900, no more than 17% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act; and

(iii) for secondary school districts with a district average 1995-96 Per Capita Tuition Charge of less than $5,900, no more than 8% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act.

(i) for unit school districts, no more than 40% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act;

(ii) for elementary school districts, no more than 27% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act; and

(iii) for secondary school districts, no more than 13% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act.

(C) For any school district in a municipality with a population in excess of 1,000,000, the following

restrictions shall apply to the reimbursement of increased costs under this paragraph (7.5):

(i) no increased costs shall be reimbursed unless the school district certifies that each of the schools affected by the assisted housing project is at or over its student capacity;

(ii) the amount reimbursable shall be reduced by the value of any land donated to the school district by the municipality or developer, and by the value of any physical improvements made to the schools by the municipality or developer; and

(iii) the amount reimbursed may not affect amounts otherwise obligated by the terms of any bonds, notes, or other funding instruments, or the terms of any redevelopment agreement.

Any school district seeking payment under this paragraph (7.5) shall, after July 1 and before September 30 of each year, provide the municipality with reasonable evidence to support its claim for reimbursement before the municipality shall be required to approve or make the payment to the school district. If the school district fails to provide the information during this period in any year, it shall forfeit any claim to reimbursement for that year. School districts may adopt a resolution waiving the right to all or a portion of the reimbursement otherwise required by this paragraph (7.5). By acceptance of this reimbursement the school district waives the right to directly or indirectly set aside, modify, or contest in any manner the establishment of the redevelopment project area or projects;

(7.7) For redevelopment project areas designated (or redevelopment project areas amended to add or increase the number of tax-increment-financing assisted housing units) on or after January 1, 2005 (the effective date of Public Act 93-961), a public library district's increased costs attributable to assisted

housing units located within the redevelopment project area for which the developer or redeveloper receives financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the assisted housing sites necessary for the completion of that housing as authorized by this Act shall be paid to the library district by the municipality from the Special Tax Allocation Fund when the tax increment revenue is received as a result of the assisted housing units. This paragraph (7.7) applies only if (i) the library district is located in a county that is subject to the Property Tax Extension Limitation Law or (ii) the library district is not located in a county that is subject to the Property Tax Extension Limitation Law but the district is prohibited by any other law from increasing its tax levy rate without a prior voter referendum.

The amount paid to a library district under this paragraph (7.7) shall be calculated by multiplying (i) the net increase in the number of persons eligible to obtain a library card in that district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by (ii) the per-patron cost of providing library services so long as it does not exceed $120. The per-patron cost shall be the Total Operating Expenditures Per Capita as stated in the most recent Illinois Public Library Statistics produced by the Library Research Center at the University of Illinois. The municipality may deduct from the amount that it must pay to a library district under this paragraph any amount that it has voluntarily paid to the library district from the tax increment revenue. The amount paid to a library district under this paragraph (7.7) shall be no more than 2%
of the amount produced by the assisted housing units and deposited into the Special Tax Allocation Fund.

A library district is not eligible for any payment under this paragraph (7.7) unless the library district has experienced an increase in the number of patrons from the municipality that created the tax-increment-financing district since the designation of the redevelopment project area.

Any library district seeking payment under this paragraph (7.7) shall, after July 1 and before September 30 of each year, provide the municipality with convincing evidence to support its claim for reimbursement before the municipality shall be required to approve or make the payment to the library district. If the library district fails to provide the information during this period in any year, it shall forfeit any claim to reimbursement for that year. Library districts may adopt a resolution waiving the right to all or a portion of the reimbursement otherwise required by this paragraph (7.7). By acceptance of such reimbursement, the library district shall forfeit any right to directly or indirectly set aside, modify, or contest in any manner whatsoever the establishment of the redevelopment project area or projects;

(8) Relocation costs to the extent that a municipality determines that relocation costs shall be paid or is required to make payment of relocation costs by federal or State law or in order to satisfy subparagraph (7) of subsection (n);

(9) Payment in lieu of taxes;

(10) Costs of job training, retraining, advanced vocational education or career education, including but not limited to courses in occupational, semi-technical or technical fields leading directly to employment, incurred by one or more taxing districts, provided that such costs (i) are related to the establishment and maintenance of additional job training, advanced vocational education or career education programs for persons employed or to be employed by employers located in a redevelopment project area; and (ii) when incurred by a taxing district or taxing districts other than the
municipality, are set forth in a written agreement by or among the
municipality and the taxing district or taxing districts, which
agreement describes the program to be undertaken, including but
not limited to the number of employees to be trained, a description
of the training and services to be provided, the number and type of
positions available or to be available, itemized costs of the program
and sources of funds to pay for the same, and the term of the
agreement. Such costs include, specifically, the payment by
community college districts of costs pursuant to Sections 3-37, 3-
38, 3-40 and 3-40.1 of the Public Community College Act and by
school districts of costs pursuant to Sections 10-22.20a and 10-
23.3a of The School Code;

(11) Interest cost incurred by a redeveloper related to the
construction, renovation or rehabilitation of a redevelopment
project provided that:

(A) such costs are to be paid directly from the
special tax allocation fund established pursuant to this Act;

(B) such payments in any one year may not exceed
30% of the annual interest costs incurred by the redeveloper
with regard to the redevelopment project during that year;

(C) if there are not sufficient funds available in the
special tax allocation fund to make the payment pursuant to
this paragraph (11) then the amounts so due shall accrue
and be payable when sufficient funds are available in the
special tax allocation fund;

(D) the total of such interest payments paid pursuant
to this Act may not exceed 30% of the total (i) cost paid or
incurred by the redeveloper for the redevelopment project
plus (ii) redevelopment project costs excluding any
property assembly costs and any relocation costs incurred
by a municipality pursuant to this Act; and

(E) the cost limits set forth in subparagraphs (B) and
(D) of paragraph (11) shall be modified for the financing of
rehabilitated or new housing units for low-income
households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act. The percentage of 75% shall be substituted for 30% in subparagraphs (B) and (D) of paragraph (11).

(F) Instead of the eligible costs provided by subparagraphs (B) and (D) of paragraph (11), as modified by this subparagraph, and notwithstanding any other provisions of this Act to the contrary, the municipality may pay from tax increment revenues up to 50% of the cost of construction of new housing units to be occupied by low-income households and very low-income households as defined in Section 3 of the Illinois Affordable Housing Act. The cost of construction of those units may be derived from the proceeds of bonds issued by the municipality under this Act or other constitutional or statutory authority or from other sources of municipal revenue that may be reimbursed from tax increment revenues or the proceeds of bonds issued to finance the construction of that housing.

The eligible costs provided under this subparagraph (F) of paragraph (11) shall be an eligible cost for the construction, renovation, and rehabilitation of all low and very low-income housing units, as defined in Section 3 of the Illinois Affordable Housing Act, within the redevelopment project area. If the low and very low-income units are part of a residential redevelopment project that includes units not affordable to low and very low-income households, only the low and very low-income units shall be eligible for benefits under subparagraph (F) of paragraph (11). The standards for maintaining the occupancy by low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act, of those units constructed with eligible costs made available under the provisions of this subparagraph (F) of paragraph (11) shall be established by guidelines adopted
by the municipality. The responsibility for annually documenting the initial occupancy of the units by low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act, shall be that of the then current owner of the property. For ownership units, the guidelines will provide, at a minimum, for a reasonable recapture of funds, or other appropriate methods designed to preserve the original affordability of the ownership units. For rental units, the guidelines will provide, at a minimum, for the affordability of rent to low and very low-income households. As units become available, they shall be rented to income-eligible tenants. The municipality may modify these guidelines from time to time; the guidelines, however, shall be in effect for as long as tax increment revenue is being used to pay for costs associated with the units or for the retirement of bonds issued to finance the units or for the life of the redevelopment project area, whichever is later.

(11.5) If the redevelopment project area is located within a municipality with a population of more than 100,000, the cost of day care services for children of employees from low-income families working for businesses located within the redevelopment project area and all or a portion of the cost of operation of day care centers established by redevelopment project area businesses to serve employees from low-income families working in businesses located in the redevelopment project area. For the purposes of this paragraph, "low-income families" means families whose annual income does not exceed 80% of the municipal, county, or regional median income, adjusted for family size, as the annual income and municipal, county, or regional median income are determined from time to time by the United States Department of Housing and Urban Development.
(12) Unless explicitly stated herein the cost of construction of new privately-owned buildings shall not be an eligible redevelopment project cost.

(13) After November 1, 1999 (the effective date of Public Act 91-478), none of the redevelopment project costs enumerated in this subsection shall be eligible redevelopment project costs if those costs would provide direct financial support to a retail entity initiating operations in the redevelopment project area while terminating operations at another Illinois location within 10 miles of the redevelopment project area but outside the boundaries of the redevelopment project area municipality. For purposes of this paragraph, termination means a closing of a retail operation that is directly related to the opening of the same operation or like retail entity owned or operated by more than 50% of the original ownership in a redevelopment project area, but it does not mean closing an operation for reasons beyond the control of the retail entity, as documented by the retail entity, subject to a reasonable finding by the municipality that the current location contained inadequate space, had become economically obsolete, or was no longer a viable location for the retailer or serviceman.

If a special service area has been established pursuant to the Special Service Area Tax Act or Special Service Area Tax Law, then any tax increment revenues derived from the tax imposed pursuant to the Special Service Area Tax Act or Special Service Area Tax Law may be used within the redevelopment project area for the purposes permitted by that Act or Law as well as the purposes permitted by this Act.

(r) "State Sales Tax Boundary" means the redevelopment project area or the amended redevelopment project area boundaries which are determined pursuant to subsection (9) of Section 11-74.4-8a of this Act. The Department of Revenue shall certify pursuant to subsection (9) of Section 11-74.4-8a the appropriate boundaries eligible for the determination of State Sales Tax Increment.

(s) "State Sales Tax Increment" means an amount equal to the increase in the aggregate amount of taxes paid by retailers and servicemen,
other than retailers and servicemen subject to the Public Utilities Act, on transactions at places of business located within a State Sales Tax Boundary pursuant to the Retailers' Occupation Tax Act, the Use Tax Act, the Service Use Tax Act, and the Service Occupation Tax Act, except such portion of such increase that is paid into the State and Local Sales Tax Reform Fund, the Local Government Distributive Fund, the Local Government Tax Fund and the County and Mass Transit District Fund, for as long as State participation exists, over and above the Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts for such taxes as certified by the Department of Revenue and paid under those Acts by retailers and servicemen on transactions at places of business located within the State Sales Tax Boundary during the base year which shall be the calendar year immediately prior to the year in which the municipality adopted tax increment allocation financing, less 3.0% of such amounts generated under the Retailers' Occupation Tax Act, Use Tax Act and Service Use Tax Act and the Service Occupation Tax Act, which sum shall be appropriated to the Department of Revenue to cover its costs of administering and enforcing this Section. For purposes of computing the aggregate amount of such taxes for base years occurring prior to 1985, the Department of Revenue shall compute the Initial Sales Tax Amount for such taxes and deduct therefrom an amount equal to 4% of the aggregate amount of taxes per year for each year the base year is prior to 1985, but not to exceed a total deduction of 12%. The amount so determined shall be known as the "Adjusted Initial Sales Tax Amount". For purposes of determining the State Sales Tax Increment the Department of Revenue shall for each period subtract from the tax amounts received from retailers and servicemen on transactions located in the State Sales Tax Boundary, the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or Revised Initial Sales Tax Amounts for the Retailers' Occupation Tax Act, the Use Tax Act, the Service Use Tax Act and the Service Occupation Tax Act. For the State Fiscal Year 1989 this calculation shall be made by utilizing the calendar year 1987 to determine the tax amounts received. For the State Fiscal Year 1990, this calculation shall be made by utilizing the period from January 1, 1988, until

September 30, 1988, to determine the tax amounts received from retailers and servicemen, which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For the State Fiscal Year 1991, this calculation shall be made by utilizing the period from October 1, 1988, until June 30, 1989, to determine the tax amounts received from retailers and servicemen, which shall have deducted therefrom nine-twelfths of the certified Initial State Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For every State Fiscal Year thereafter, the applicable period shall be the 12 months beginning July 1 and ending on June 30, to determine the tax amounts received which shall have deducted therefrom the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts. Municipalities intending to receive a distribution of State Sales Tax Increment must report a list of retailers to the Department of Revenue by October 31, 1988 and by July 31, of each year thereafter.

(t) "Taxing districts" means counties, townships, cities and incorporated towns and villages, school, road, park, sanitary, mosquito abatement, forest preserve, public health, fire protection, river conservancy, tuberculosis sanitarium and any other municipal corporations or districts with the power to levy taxes.

(u) "Taxing districts' capital costs" means those costs of taxing districts for capital improvements that are found by the municipal corporate authorities to be necessary and directly result from the redevelopment project.

(v) As used in subsection (a) of Section 11-74.4-3 of this Act, "vacant land" means any parcel or combination of parcels of real property without industrial, commercial, and residential buildings which has not been used for commercial agricultural purposes within 5 years prior to the designation of the redevelopment project area, unless the parcel is included in an industrial park conservation area or the parcel has been subdivided; provided that if the parcel was part of a larger tract that has been divided into 3 or more smaller tracts that were accepted for recording

during the period from 1950 to 1990, then the parcel shall be deemed to have been subdivided, and all proceedings and actions of the municipality taken in that connection with respect to any previously approved or designated redevelopment project area or amended redevelopment project area are hereby validated and hereby declared to be legally sufficient for all purposes of this Act. For purposes of this Section and only for land subject to the subdivision requirements of the Plat Act, land is subdivided when the original plat of the proposed Redevelopment Project Area or relevant portion thereof has been properly certified, acknowledged, approved, and recorded or filed in accordance with the Plat Act and a preliminary plat, if any, for any subsequent phases of the proposed Redevelopment Project Area or relevant portion thereof has been properly approved and filed in accordance with the applicable ordinance of the municipality.

(w) "Annual Total Increment" means the sum of each municipality's annual Net Sales Tax Increment and each municipality's annual Net Utility Tax Increment. The ratio of the Annual Total Increment of each municipality to the Annual Total Increment for all municipalities, as most recently calculated by the Department, shall determine the proportional shares of the Illinois Tax Increment Fund to be distributed to each municipality.

Sec. 11-74.4-7. Obligations secured by the special tax allocation fund set forth in Section 11-74.4-8 for the redevelopment project area may be issued to provide for redevelopment project costs. Such obligations, when so issued, shall be retired in the manner provided in the ordinance

authorizing the issuance of such obligations by the receipts of taxes levied as specified in Section 11-74.4-9 against the taxable property included in the area, by revenues as specified by Section 11-74.4-8a and other revenue designated by the municipality. A municipality may in the ordinance pledge all or any part of the funds in and to be deposited in the special tax allocation fund created pursuant to Section 11-74.4-8 to the payment of the redevelopment project costs and obligations. Any pledge of funds in the special tax allocation fund shall provide for distribution to the taxing districts and to the Illinois Department of Revenue of moneys not required, pledged, earmarked, or otherwise designated for payment and securing of the obligations and anticipated redevelopment project costs and such excess funds shall be calculated annually and deemed to be "surplus" funds. In the event a municipality only applies or pledges a portion of the funds in the special tax allocation fund for the payment or securing of anticipated redevelopment project costs or of obligations, any such funds remaining in the special tax allocation fund after complying with the requirements of the application or pledge, shall also be calculated annually and deemed "surplus" funds. All surplus funds in the special tax allocation fund shall be distributed annually within 180 days after the close of the municipality's fiscal year by being paid by the municipal treasurer to the County Collector, to the Department of Revenue and to the municipality in direct proportion to the tax incremental revenue received as a result of an increase in the equalized assessed value of property in the redevelopment project area, tax incremental revenue received from the State and tax incremental revenue received from the municipality, but not to exceed as to each such source the total incremental revenue received from that source. The County Collector shall thereafter make distribution to the respective taxing districts in the same manner and proportion as the most recent distribution by the county collector to the affected districts of real property taxes from real property in the redevelopment project area.

Without limiting the foregoing in this Section, the municipality may in addition to obligations secured by the special tax allocation fund pledge for a period not greater than the term of the obligations towards payment of such obligations any part or any combination of the following:

New matter indicated by italics - deletions by strikeout
(a) net revenues of all or part of any redevelopment project; (b) taxes levied and collected on any or all property in the municipality; (c) the full faith and credit of the municipality; (d) a mortgage on part or all of the redevelopment project; or (e) any other taxes or anticipated receipts that the municipality may lawfully pledge.

Such obligations may be issued in one or more series bearing interest at such rate or rates as the corporate authorities of the municipality shall determine by ordinance. Such obligations shall bear such date or dates, mature at such time or times not exceeding 20 years from their respective dates, be in such denomination, carry such registration privileges, be executed in such manner, be payable in such medium of payment at such place or places, contain such covenants, terms and conditions, and be subject to redemption as such ordinance shall provide. Obligations issued pursuant to this Act may be sold at public or private sale at such price as shall be determined by the corporate authorities of the municipalities. No referendum approval of the electors shall be required as a condition to the issuance of obligations pursuant to this Division except as provided in this Section.

In the event the municipality authorizes issuance of obligations pursuant to the authority of this Division secured by the full faith and credit of the municipality, which obligations are other than obligations which may be issued under home rule powers provided by Article VII, Section 6 of the Illinois Constitution, or pledges taxes pursuant to (b) or (c) of the second paragraph of this section, the ordinance authorizing the issuance of such obligations or pledging such taxes shall be published within 10 days after such ordinance has been passed in one or more newspapers, with general circulation within such municipality. The publication of the ordinance shall be accompanied by a notice of (1) the specific number of voters required to sign a petition requesting the question of the issuance of such obligations or pledging taxes to be submitted to the electors; (2) the time in which such petition must be filed; and (3) the date of the prospective referendum. The municipal clerk shall provide a petition form to any individual requesting one.

If no petition is filed with the municipal clerk, as hereinafter provided in this Section, within 30 days after the publication of the ordinance, the ordinance shall be in effect. But, if within that 30 day period a petition is filed with the municipal clerk, signed by electors in the municipality numbering 10% or more of the number of registered voters in the municipality, asking that the question of issuing obligations using full faith and credit of the municipality as security for the cost of paying for redevelopment project costs, or of pledging taxes for the payment of such obligations, or both, be submitted to the electors of the municipality, the corporate authorities of the municipality shall call a special election in the manner provided by law to vote upon that question, or, if a general, State or municipal election is to be held within a period of not less than 30 or more than 90 days from the date such petition is filed, shall submit the question at the next general, State or municipal election. If it appears upon the canvass of the election by the corporate authorities that a majority of electors voting upon the question voted in favor thereof, the ordinance shall be in effect, but if a majority of the electors voting upon the question are not in favor thereof, the ordinance shall not take effect.

The ordinance authorizing the obligations may provide that the obligations shall contain a recital that they are issued pursuant to this Division, which recital shall be conclusive evidence of their validity and of the regularity of their issuance.

In the event the municipality authorizes issuance of obligations pursuant to this Section secured by the full faith and credit of the municipality, the ordinance authorizing the obligations may provide for the levy and collection of a direct annual tax upon all taxable property within the municipality sufficient to pay the principal thereof and interest thereon as it matures, which levy may be in addition to and exclusive of the maximum of all other taxes authorized to be levied by the municipality, which levy, however, shall be abated to the extent that monies from other sources are available for payment of the obligations and the municipality certifies the amount of said monies available to the county clerk.

A certified copy of such ordinance shall be filed with the county clerk of each county in which any portion of the municipality is situated, and shall constitute the authority for the extension and collection of the taxes to be deposited in the special tax allocation fund.

A municipality may also issue its obligations to refund in whole or in part, obligations theretofore issued by such municipality under the authority of this Act, whether at or prior to maturity, provided however, that the last maturity of the refunding obligations shall not be expressed to mature later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the twenty-third calendar year after the year in which the ordinance approving the redevelopment project area is adopted if the ordinance was adopted on or after January 15, 1981, not later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the thirty-third calendar year after the year in which the ordinance approving the redevelopment project area if the ordinance was adopted on May 20, 1985 by the Village of Wheeling, and not later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the thirty-fifth calendar year after the year in which the ordinance approving the redevelopment project area is adopted (A) if the ordinance was adopted before January 15, 1981, or (B) if the ordinance was adopted in December 1983, April 1984, July 1985, or December 1989, or (C) if the ordinance was adopted in December, 1987 and the redevelopment project is located within one mile of Midway Airport, or (D) if the ordinance was adopted before January 1, 1987 by a municipality in Mason County, or (E) if the municipality is subject to the Local Government Financial Planning and Supervision Act or the Financially Distressed City Law, or (F) if the ordinance was adopted in December 1984 by the Village of Rosemont, or (G) if the ordinance was adopted on December 31, 1986 by a municipality located in Clinton County for which at least $250,000 of tax increment bonds were

Sec. 11-74.4-7. Obligations secured by the special tax allocation fund set forth in Section 11-74.4-8 for the redevelopment project area may be issued to provide for redevelopment project costs. Such obligations, when so issued, shall be retired in the manner provided in the ordinance authorizing the issuance of such obligations by the receipts of taxes levied as specified in Section 11-74.4-9 against the taxable property included in the area, by revenues as specified by Section 11-74.4-8a and other revenue designated by the municipality. A municipality may in the ordinance pledge all or any part of the funds in and to be deposited in the special tax allocation fund created pursuant to Section 11-74.4-8 to the payment of the redevelopment project costs and obligations. Any pledge of funds in the special tax allocation fund shall provide for distribution to the taxing districts and to the Illinois Department of Revenue of moneys not required, pledged, earmarked, or otherwise designated for payment and securing of the obligations and anticipated redevelopment project costs and such excess funds shall be calculated annually and deemed to be "surplus" funds. In the event a municipality only applies or pledges a portion of the funds in the special tax allocation fund for the payment or securing of anticipated redevelopment project costs or of obligations, any such funds remaining in the special tax allocation fund after complying with the requirements of the application or pledge, shall also be calculated annually and deemed "surplus" funds. All surplus funds in the special tax allocation fund shall be distributed annually within 180 days after the close of the municipality's fiscal year by being paid by the municipal treasurer to the County Collector, to the Department of Revenue and to the municipality in
direct proportion to the tax incremental revenue received as a result of an increase in the equalized assessed value of property in the redevelopment project area, tax incremental revenue received from the State and tax incremental revenue received from the municipality, but not to exceed as to each such source the total incremental revenue received from that source. The County Collector shall thereafter make distribution to the respective taxing districts in the same manner and proportion as the most recent distribution by the county collector to the affected districts of real property taxes from real property in the redevelopment project area.

Without limiting the foregoing in this Section, the municipality may in addition to obligations secured by the special tax allocation fund pledge for a period not greater than the term of the obligations towards payment of such obligations any part or any combination of the following: (a) net revenues of all or part of any redevelopment project; (b) taxes levied and collected on any or all property in the municipality; (c) the full faith and credit of the municipality; (d) a mortgage on part or all of the redevelopment project; or (e) any other taxes or anticipated receipts that the municipality may lawfully pledge.

Such obligations may be issued in one or more series bearing interest at such rate or rates as the corporate authorities of the municipality shall determine by ordinance. Such obligations shall bear such date or dates, mature at such time or times not exceeding 20 years from their respective dates, be in such denomination, carry such registration privileges, be executed in such manner, be payable in such medium of payment at such place or places, contain such covenants, terms and conditions, and be subject to redemption as such ordinance shall provide. Obligations issued pursuant to this Act may be sold at public or private sale at such price as shall be determined by the corporate authorities of the municipalities. No referendum approval of the electors shall be required as a condition to the issuance of obligations pursuant to this Division except as provided in this Section.

which may be issued under home rule powers provided by Article VII, Section 6 of the Illinois Constitution, or pledges taxes pursuant to (b) or (c) of the second paragraph of this section, the ordinance authorizing the issuance of such obligations or pledging such taxes shall be published within 10 days after such ordinance has been passed in one or more newspapers, with general circulation within such municipality. The publication of the ordinance shall be accompanied by a notice of (1) the specific number of voters required to sign a petition requesting the question of the issuance of such obligations or pledging taxes to be submitted to the electors; (2) the time in which such petition must be filed; and (3) the date of the prospective referendum. The municipal clerk shall provide a petition form to any individual requesting one.

If no petition is filed with the municipal clerk, as hereinafter provided in this Section, within 30 days after the publication of the ordinance, the ordinance shall be in effect. But, if within that 30 day period a petition is filed with the municipal clerk, signed by electors in the municipality numbering 10% or more of the number of registered voters in the municipality, asking that the question of issuing obligations using full faith and credit of the municipality as security for the cost of paying for redevelopment project costs, or of pledging taxes for the payment of such obligations, or both, be submitted to the electors of the municipality, the corporate authorities of the municipality shall call a special election in the manner provided by law to vote upon that question, or, if a general, State or municipal election is to be held within a period of not less than 30 or more than 90 days from the date such petition is filed, shall submit the question at the next general, State or municipal election. If it appears upon the canvass of the election by the corporate authorities that a majority of electors voting upon the question voted in favor thereof, the ordinance shall be in effect, but if a majority of the electors voting upon the question are not in favor thereof, the ordinance shall not take effect.

The ordinance authorizing the obligations may provide that the obligations shall contain a recital that they are issued pursuant to this Division, which recital shall be conclusive evidence of their validity and of the regularity of their issuance.

subsection (n) of Section 11-74.4-3, the last maturity of the refunding obligations shall not be expressed to mature later than the date on which the redevelopment project area is terminated or December 31, 2013, whichever date occurs first.

In the event a municipality issues obligations under home rule powers or other legislative authority the proceeds of which are pledged to pay for redevelopment project costs, the municipality may, if it has followed the procedures in conformance with this division, retire said obligations from funds in the special tax allocation fund in amounts and in such manner as if such obligations had been issued pursuant to the provisions of this division.

All obligations heretofore or hereafter issued pursuant to this Act shall not be regarded as indebtedness of the municipality issuing such obligations or any other taxing district for the purpose of any limitation imposed by law.

Section 5. The Mental Health and Developmental Disabilities Administrative Act is amended by adding Section 15f as follows:  

(20 ILCS 1705/15f new)

New matter indicated by italics - deletions by strikeout
Sec. 15f. Individualized behavioral support plan.

(a) As used in this Section:

"Behavioral challenges" means episodes of significant property destruction, self-injurious behavior, assaultive behavior, or any other behavior that prevents a person from successful participation in a Home and Community Based Services Program for Persons with Developmental Disabilities, as determined by the community support team.

"Home and Community Based Services Program for Persons with Developmental Disabilities" means a program that is funded through a waiver authorized under Section 1915(c) of the federal Social Security Act and that is administered by the Department of Human Services' Division of Developmental Disabilities. Services under the Program include Community Integrated Living Arrangements, Community Living Facilities of 16 or fewer individuals, home-based support services, day programs, and therapies. The term also includes newly developed programs and settings that are funded through the Home and Community Based Services Program for Persons with Developmental Disabilities.

(b) Each individual participating in a Home and Community Based Services Program for Persons with Developmental Disabilities, regardless of whether the individual is eligible for federal financial participation for these services, who exhibits behavioral challenges shall have an individualized behavioral support plan. Each individualized support plan shall: (i) be designed to meet individual needs; (ii) be in the immediate and long-term best interests of the individual; (iii) be non-aversive; (iv) teach the individual new skills; (v) provide alternatives to behavioral challenges; (vi) offer opportunities for choice and social integration; and (vii) allow for environmental modifications. The plan must be based on a functional behavioral assessment conducted by a professional trained in its use. The plan shall be implemented by staff who have been trained in and are qualified to effectively apply positive non-aversive intervention. All behavioral supports required by the plan shall be applied in a humane and caring manner that respects the dignity of the individual and shall be implemented in a positive and socially supportive environment, including the home.
Interventions must not: (1) include electric shock; (2) withhold essential food and drink; (3) cause physical or psychological pain; (4) use drugs as restraints; or (5) produce humiliation or discomfort.

Nothing in this subsection shall preclude, for therapeutic purposes, variant scheduling of food or drink or the application of safe and appropriate time-out procedures.

(c) The Department of Human Services shall be responsible for developing and promulgating rules to implement the provisions of this Section and to carry out the intent of this Section.

(d) To the extent this Section conflicts with Article I of Chapter II of the Mental Health and Developmental Disabilities Code, that Article controls.

Board members, secretary, stewards, directors of mutuels, veterinarians, representatives, accountants, clerks, stenographers, inspectors and other employees of the Board, and all expenses of the Board incident to the administration of this Act, including, but not limited to, all expenses and salaries incident to the taking of saliva and urine samples in accordance with the rules and regulations of the Board.

(c) Beginning on January 1, 2000, the Board shall transfer the remainder of the funds generated pursuant to Sections 26 and 27 from the Horse Racing Fund into the General Revenue Fund.

(d) Beginning January 1, 2000, payments to all programs in existence on the effective date of this amendatory Act of 1999 that are identified in Sections 26(c), 26(f), 26(h)(11)(C), and 28, subsections (a), (b), (c), (d), (e), (f), (g), and (h) of Section 30, and subsections (a), (b), (c), (d), (e), (f), (g), and (h) of Section 31 shall be made from the General Revenue Fund at the funding levels determined by amounts paid under this Act in calendar year 1998. Beginning on the effective date of this amendatory Act of the 93rd General Assembly, payments to the Peoria Park District shall be made from the General Revenue Fund at the funding level determined by amounts paid to that park district for museum purposes under this Act in calendar year 1994. Beginning on the effective date of this amendatory Act of the 94th General Assembly, in lieu of payments to the Champaign Park District for museum purposes, payments to the Urbana Park District shall be made from the General Revenue Fund at the funding level determined by amounts paid to the Champaign Park District for museum purposes under this Act in calendar year 2005.

(e) Beginning July 1, 2006, the payment authorized under subsection (d) to museums and aquariums located in park districts of over 500,000 population shall be paid to museums, aquariums, and zoos in amounts determined by Museums in the Park, an association of museums, aquariums, and zoos located on Chicago Park District property.

AN ACT concerning vehicles.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Vehicle Code is amended by changing Section 11-605.1 and adding Section 11-612 as follows:

(625 ILCS 5/11-605.1)

Sec. 11-605.1. Special limit while traveling through a highway construction or maintenance speed zone.

(a) A person may not operate a motor vehicle in a construction or maintenance speed zone at a speed in excess of the posted speed limit.

(b) Nothing in this Chapter prohibits the use of electronic speed-detecting devices within 500 feet of signs within a construction or maintenance speed zone indicating the zone, as defined in this Section, nor shall evidence obtained by use of those devices be inadmissible in any prosecution for speeding, provided the use of the device shall apply only to the enforcement of the speed limit in the construction or maintenance speed zone.

(c) As used in this Section, a "construction or maintenance speed zone" is an area in which the Department, Toll Highway Authority, or local agency has determined that the preexisting established speed limit through a highway construction or maintenance project is greater than is reasonable or safe with respect to the conditions expected to exist in the construction or maintenance speed zone and has posted a lower speed limit with a highway construction or maintenance speed zone special speed limit sign.

Highway construction or maintenance speed zone special speed limit signs shall be of a design approved by the Department. The signs must give proper due warning that a construction or maintenance speed

zone is being approached and must indicate the maximum speed limit in effect. The signs also must state the amount of the minimum fine for a violation.

(d) A first violation of this Section is a petty offense with a minimum fine of $250. A second or subsequent violation of this Section is a petty offense with a minimum fine of $750.

(e) If a fine for a violation of this Section is $250 or greater, the person who violated this Section shall be charged an additional $125, which shall be deposited into the Transportation Safety Highway Hire-back Fund in the State treasury, unless (i) the violation occurred on a highway other than an interstate highway and (ii) a county police officer wrote the ticket for the violation, in which case the $125 shall be deposited into that county's Transportation Safety Highway Hire-back Fund. In the case of a second or subsequent violation of this Section, if the fine is $750 or greater, the person who violated this Section shall be charged an additional $250, which shall be deposited into the Transportation Safety Highway Hire-back Fund in the State treasury, unless (i) the violation occurred on a highway other than an interstate highway and (ii) a county police officer wrote the ticket for the violation, in which case the $250 shall be deposited into that county's Transportation Safety Highway Hire-back Fund.

(e-5) The Department of State Police and the local county police department have concurrent jurisdiction over any violation of this Section that occurs on an interstate highway.

(f) The Transportation Safety Highway Hire-back Fund, which was created by Public Act 92-619, shall continue to be a special fund in the State treasury. Subject to appropriation by the General Assembly and approval by the Secretary, the Secretary of Transportation shall use all moneys in the Transportation Safety Highway Hire-back Fund to hire off-duty Department of State Police officers to monitor construction or maintenance zones.

(f-5) Each county shall create a Transportation Safety Highway Hire-back Fund. The county shall use all moneys in its Transportation Safety Highway Hire-back Fund to hire off-duty county police officers to
monitor construction or maintenance zones in that county on highways other than interstate highways.

(g) For a second or subsequent violation of this Section within 2 years of the date of the previous violation, the Secretary of State shall suspend the driver's license of the violator for a period of 90 days.

Sec. 11-612. Certain systems to record vehicle speeds prohibited. Except as authorized in the Automated Traffic Control Systems in Highway Construction or Maintenance Zones Act, no photographic, video, or other imaging system may be used in this State to record vehicle speeds for the purpose of enforcing any law or ordinance regarding a maximum or minimum speed limit unless a law enforcement officer is present at the scene and witnesses the event. No State or local governmental entity, including a home rule county or municipality, may use such a system in a way that is prohibited by this Section. The regulation of the use of such systems is an exclusive power and function of the State. This Section is a denial and limitation of home rule powers and functions under subsection (h) of Section 6 of Article VII of the Illinois Constitution.

Section 10. The Automated Traffic Control Systems in Highway Construction or Maintenance Zones Act is amended by changing Sections 10 and 30 as follows:

(625 ILCS 7/10)

Sec. 10. Establishment of automated control systems. The Department of State Police may establish an automated traffic control system in any construction or maintenance zone established by the Department of Transportation or the Illinois State Toll Highway Authority. An automated traffic control system may operate only during those periods when workers are present in the construction or maintenance zone. In any prosecution based upon evidence obtained through an automated traffic control system established under this Act, the State must prove that one or more workers were present in the construction or maintenance zone when the violation occurred.

(625 ILCS 7/30)
Sec. 30. Requirements for issuance of a citation.
(a) The vehicle, vehicle operator, vehicle registration plate, speed, date, time, and location must be clearly visible on the photograph or other recorded image of the alleged violation.
(b) A Uniform Traffic Citation must be mailed or otherwise delivered to the registered owner of the vehicle. If mailed, the citation must be sent via certified mail within 14 business days of the alleged violation, return receipt requested.
(c) The Uniform Traffic Citation must include:
   (1) the name and address of the vehicle owner;
   (2) the registration number of the vehicle;
   (3) the offense charged;
   (4) the time, date, and location of the violation;
   (5) the first available court date; and
   (6) notice that the basis of the citation is the photograph or recorded image from the automated traffic control system.
(d) The Uniform Traffic Citation issued to the violator must be accompanied by a written document that lists the violator's rights and obligations and explains how the violator can elect to proceed by either paying the fine or challenging the issuance of the Uniform Traffic Citation.

Section 10. The Energy Efficient Commercial Building Act is amended by changing Section 10 as follows:

(20 ILCS 3125/10)
Sec. 10. Definitions.
"Board" means the Capital Development Board.
"Code" means the latest published edition of the International Code Council's International Energy Conservation Code, excluding published supplements but including 2000 International Energy Conservation Code, the ASHRAE 90.1-1999 Standard, which is included within that Code, the 2001 supplement to that Code, and the adaptations to the Code that are made by the Board.
"Commercial building" means any building except a building that is a residential building, as defined in this Section.
"Department" means the Department of Commerce and Economic Opportunity.
"Municipality" means any city, village, or incorporated town.
"Residential building" means (i) a detached one-family or 2-family dwelling or (ii) any building that is 3 stories or less in height above grade that contains multiple dwelling units, in which the occupants reside on a primarily permanent basis, such as a townhouse, a row house, an apartment house, a convent, a monastery, a rectory, a fraternity or sorority house, a dormitory, and a rooming house.

PUBLIC ACT 94-0816
(Senate Bill No. 0627)

AN ACT concerning State government.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 1. Short title. This Act may be cited as the Veterans' Health Insurance Program Act.
Section 3. Legislative intent. The General Assembly finds that those who have served their country honorably in military service and who are residing in this State deserve access to affordable, comprehensive health insurance. Many veterans are uninsured and unable to afford healthcare. This lack of healthcare, including preventative care, often exacerbates health conditions. The effects of lack of insurance negatively impact those residents of the State who are insured because the cost of paying for care to the uninsured is often shifted to those who have insurance in the form of higher health insurance premiums. It is, therefore, the intent of this legislation to provide access to affordable health insurance for veterans residing in Illinois who are unable to afford such coverage. However, the State has only a limited amount of resources, and the General Assembly therefore declares that while it intends to cover as many such veterans as possible, the State may not be able to cover every eligible person who qualifies for this Program as a matter of entitlement due to limited funding.
Section 5. Definitions. The following words have the following meanings:
"Department" means the Department of Healthcare and Family Services, or any successor agency.

New matter indicated by italics - deletions by strikeout
"Director" means the Director of Healthcare and Family Services, or any successor agency.

"Medical assistance" means health care benefits provided under Article V of the Illinois Public Aid Code.

"Program" means the Veterans' Health Insurance Program.

"Resident" means an individual who has an Illinois residence, as provided in Section 5-3 of the Illinois Public Aid Code.

"Veteran" means any person who has served in a branch of the United States military for greater than 180 consecutive days after initial training.

"Veterans' Affairs" or "VA" means the United States Department of Veterans' Affairs.

Section 10. Operation of the Program.

(a) The Veterans' Health Insurance Program is created. This Program is not an entitlement. Enrollment is based on the availability of funds, and enrollment may be capped based on funds appropriated for the Program. As soon as practical after the effective date of this Act, coverage for this Program shall begin. The Program shall be administered by the Department of Healthcare and Family Services in collaboration with the Department of Veterans' Affairs. The Department shall have the same powers and authority to administer the Program as are provided to the Department in connection with the Department's administration of the Illinois Public Aid Code. The Department shall coordinate the Program with other health programs operated by the Department and other State and federal agencies.

(b) The Department shall operate the Program in a manner so that the estimated cost of the Program during the fiscal year will not exceed the total appropriation for the Program. The Department may take any appropriate action to limit spending or enrollment into the Program, including, but not limited to, ceasing to accept or process applications, reviewing eligibility more frequently than annually, adjusting cost-sharing, or reducing the income threshold for eligibility as necessary to control expenditures for the Program.

Section 15. Eligibility.

New matter indicated by italics - deletions by strikeout
(a) To be eligible for the Program, a person must:
   (1) be a veteran who is not on active duty and who has not been dishonorably discharged from service;
   (2) be a resident of the State of Illinois;
   (3) be at least 19 years of age and no older than 64 years of age;
   (4) be uninsured, as defined by the Department by rule, for a period of time established by the Department by rule, which shall be no less than 6 months;
   (5) not be eligible for medical assistance under the Illinois Public Aid Code;
   (6) not be eligible for medical benefits through the Veterans Health Administration; and
   (7) have a household income no greater than the sum of (i) an amount equal to 25% of the federal poverty level plus (ii) an amount equal to the Veterans Administration means test income threshold at the initiation of the Program; depending on the availability of funds, this level may be increased to an amount equal to the sum of (iii) an amount equal to 50% of the federal poverty level plus (iv) an amount equal to the Veterans Administration means test income threshold after 6 months of operation. This means test income threshold is subject to alteration by the Department as set forth in subsection (b) of Section 10.

(b) A veteran who is determined eligible for the Program shall remain eligible for 12 months, provided the veteran remains a resident of the State and is not excluded under subsection (c) of this Section and provided the Department has not limited the enrollment period as set forth in subsection (b) of Section 10.

(c) A veteran is not eligible for coverage under the Program if:
   (1) the premium required under Section 35 of this Act has not been timely paid; if the required premiums are not paid, the liability of the Program shall be limited to benefits incurred under the Program for the time period for which premiums have been paid and for grace periods as established under subsection (d); if
the required monthly premium is not paid, the veteran is ineligible for re-enrollment for a minimum period of 3 months; or

(2) the veteran is a resident of a nursing facility or an inmate of a public institution, as defined by 42 CFR 435.1009.

(d) The Department shall adopt rules for the Program, including, but not limited to, rules relating to eligibility, re-enrollment, grace periods, notice requirements, hearing procedures, cost-sharing, covered services, and provider requirements.

Section 20. Notice of decisions to terminate eligibility. Whenever the Department decides to either deny or terminate eligibility under this Act, the veteran shall have a right to notice and a hearing, as provided by the Department by rule.

Section 25. Illinois Department of Veterans' Affairs. The Department shall coordinate with the Illinois Department of Veterans' Affairs and the Veterans Assistance Commissions to allow State Veterans' Affairs service officers and the Veterans Assistance Commissions to assist veterans to apply for the Program. All applicants must be reviewed for Veterans Health Administration eligibility or other existing health benefits prior to consideration for the Program.

Section 30. Health care benefits.

(a) For veterans eligible and enrolled, the Department shall purchase or provide health care benefits for eligible veterans that are identical to the benefits provided to adults under the State's approved plan under Title XIX of the Social Security Act, except for nursing facility services and non-emergency transportation.

(b) Providers shall be subject to approval by the Department to provide health care under the Illinois Public Aid Code and shall be reimbursed at the same rates as providers reimbursed under the State's approved plan under Title XIX of the Social Security Act.

(c) As an alternative to the benefits set forth in subsection (a) of this Section, and when cost-effective, the Department may offer veterans subsidies toward the cost of privately sponsored health insurance, including employer-sponsored health insurance.

New matter indicated by italics - deletions by strikeout
Section 35. Cost-sharing. The Department, by rule, shall set forth requirements concerning co-payments and monthly premiums for health care services. This cost-sharing shall be based on household income, as defined by the Department by rule, and is subject to alteration by the Department as set forth in subsection (b) of Section 10.

Section 40. Charge upon claims and causes of action; right of subrogation; recoveries. Sections 11-22, 11-22a, 11-22b, and 11-22c of the Illinois Public Aid Code apply to health benefits provided to veterans under this Act, as provided in those Sections.

Section 45. Reporting. The Department shall prepare a report for submission to the General Assembly on the first 6 months of operation of the Program. The report shall be due to the General Assembly by April 30, 2007. This report shall include information regarding implementation of the Program, including the number of veterans enrolled and any available information regarding other benefits derived from the Program, including screening for and acquisition of other veterans' benefits through the Veterans' Service Officers and the Veterans' Assistance Commissions. This report may also include recommendations regarding improvements that may be made to the Program and regarding the extension of the repeal date set forth in Section 85 of this Act.

Section 50. Emergency rulemaking. The Department may adopt rules necessary to establish and implement this Act through the use of emergency rulemaking in accordance with Section 5-45 of the Illinois Administrative Procedure Act. For the purposes of that Act, the General Assembly finds that the adoption of rules to implement this Act is deemed an emergency and necessary for the public interest, safety, and welfare.

Section 85. Repeal. This Act is repealed on January 1, 2008.

Section 90. The State Finance Act is amended by changing Section 8g as follows:

(30 ILCS 105/8g)
Sec. 8g. Fund transfers.

(a) In addition to any other transfers that may be provided for by law, as soon as may be practical after the effective date of this amendatory Act of the 91st General Assembly, the State Comptroller shall direct and
the State Treasurer shall transfer the sum of $10,000,000 from the General Revenue Fund to the Motor Vehicle License Plate Fund created by Senate Bill 1028 of the 91st General Assembly.

(b) In addition to any other transfers that may be provided for by law, as soon as may be practical after the effective date of this amendatory Act of the 91st General Assembly, the State Comptroller shall direct and the State Treasurer shall transfer the sum of $25,000,000 from the General Revenue Fund to the Fund for Illinois' Future created by Senate Bill 1066 of the 91st General Assembly.

(c) In addition to any other transfers that may be provided for by law, on August 30 of each fiscal year's license period, the Illinois Liquor Control Commission shall direct and the State Comptroller and State Treasurer shall transfer from the General Revenue Fund to the Youth Alcoholism and Substance Abuse Prevention Fund an amount equal to the number of retail liquor licenses issued for that fiscal year multiplied by $50.

(d) The payments to programs required under subsection (d) of Section 28.1 of the Horse Racing Act of 1975 shall be made, pursuant to appropriation, from the special funds referred to in the statutes cited in that subsection, rather than directly from the General Revenue Fund.

Beginning January 1, 2000, on the first day of each month, or as soon as may be practical thereafter, the State Comptroller shall direct and the State Treasurer shall transfer from the General Revenue Fund to each of the special funds from which payments are to be made under Section 28.1(d) of the Horse Racing Act of 1975 an amount equal to 1/12 of the annual amount required for those payments from that special fund, which annual amount shall not exceed the annual amount for those payments from that special fund for the calendar year 1998. The special funds to which transfers shall be made under this subsection (d) include, but are not necessarily limited to, the Agricultural Premium Fund; the Metropolitan Exposition Auditorium and Office Building Fund; the Fair and Exposition Fund; the Standardbred Breeders Fund; the Thoroughbred Breeders Fund; and the Illinois Veterans' Rehabilitation Fund.
(e) In addition to any other transfers that may be provided for by law, as soon as may be practical after the effective date of this amendatory Act of the 91st General Assembly, but in no event later than June 30, 2000, the State Comptroller shall direct and the State Treasurer shall transfer the sum of $15,000,000 from the General Revenue Fund to the Fund for Illinois’ Future.

(f) In addition to any other transfers that may be provided for by law, as soon as may be practical after the effective date of this amendatory Act of the 91st General Assembly, but in no event later than June 30, 2000, the State Comptroller shall direct and the State Treasurer shall transfer the sum of $70,000,000 from the General Revenue Fund to the Long-Term Care Provider Fund.

(f-1) In fiscal year 2002, in addition to any other transfers that may be provided for by law, at the direction of and upon notification from the Governor, the State Comptroller shall direct and the State Treasurer shall transfer amounts not exceeding a total of $160,000,000 from the General Revenue Fund to the Long-Term Care Provider Fund.

(g) In addition to any other transfers that may be provided for by law, on July 1, 2001, or as soon thereafter as may be practical, the State Comptroller shall direct and the State Treasurer shall transfer the sum of $1,200,000 from the General Revenue Fund to the Violence Prevention Fund.

(h) In each of fiscal years 2002 through 2004, but not thereafter, in addition to any other transfers that may be provided for by law, the State Comptroller shall direct and the State Treasurer shall transfer $5,000,000 from the General Revenue Fund to the Tourism Promotion Fund.

(i) On or after July 1, 2001 and until May 1, 2002, in addition to any other transfers that may be provided for by law, at the direction of and upon notification from the Governor, the State Comptroller shall direct and the State Treasurer shall transfer amounts not exceeding a total of $80,000,000 from the General Revenue Fund to the Tobacco Settlement Recovery Fund. Any amounts so transferred shall be re-transferred by the State Comptroller and the State Treasurer from the Tobacco Settlement Recovery Fund to the General Revenue Fund at the direction of and upon

Section 95. The Illinois Public Aid Code is amended by changing Sections 11-22, 11-22a, 11-22b, and 11-22c as follows:

(305 ILCS 5/11-22) (from Ch. 23, par. 11-22)
(Text of Section after amendment by P.A. 94-693)

Sec. 11-22. Charge upon claims and causes of action for injuries. The Illinois Department shall have a charge upon all claims, demands and causes of action for injuries to an applicant for or recipient of (i) financial aid under Articles III, IV, and V; or (ii) health care benefits provided under the Covering ALL KIDS Health Insurance Act, or (iii) health care benefits provided under the Veterans’ Health Insurance Program Act for the total amount of medical assistance provided the recipient from the time of

injury to the date of recovery upon such claim, demand or cause of action. In addition, if the applicant or recipient was employable, as defined by the Department, at the time of the injury, the Department shall also have a charge upon any such claims, demands and causes of action for the total amount of aid provided to the recipient and his dependents, including all cash assistance and medical assistance only to the extent includable in the claimant's action, from the time of injury to the date of recovery upon such claim, demand or cause of action. Any definition of "employable" adopted by the Department shall apply only to persons above the age of compulsory school attendance.

If the injured person was employable at the time of the injury and is provided aid under Articles III, IV, or V and any dependent or member of his family is provided aid under Article VI, or vice versa, both the Illinois Department and the local governmental unit shall have a charge upon such claims, demands and causes of action for the aid provided to the injured person and any dependent member of his family, including all cash assistance, medical assistance and food stamps, from the time of the injury to the date of recovery.

"Recipient", as used herein, means (i) in the case of financial aid provided under this Code, the grantee of record and any persons whose needs are included in the financial aid provided to the grantee of record or otherwise met by grants under the appropriate Article of this Code for which such person is eligible, and (ii) in the case of health care benefits provided under the Covering ALL KIDS Health Insurance Act, the child to whom those benefits are provided, and (iii) in the case of health care benefits provided under the Veterans' Health Insurance Program Act, the veteran to whom benefits are provided.

In each case, the notice shall be served by certified mail or registered mail, upon the party or parties against whom the applicant or recipient has a claim, demand or cause of action. The notice shall claim the charge and describe the interest the Illinois Department, the local governmental unit, or the county, has in the claim, demand, or cause of action. The charge shall attach to any verdict or judgment entered and to any money or property which may be recovered on account of such claim,
demand, cause of action or suit from and after the time of the service of the notice.

On petition filed by the Illinois Department, or by the local governmental unit or county if either is claiming a charge, or by the recipient, or by the defendant, the court, on written notice to all interested parties, may adjudicate the rights of the parties and enforce the charge. The court may approve the settlement of any claim, demand or cause of action either before or after a verdict, and nothing in this Section shall be construed as requiring the actual trial or final adjudication of any claim, demand or cause of action upon which the Illinois Department, the local governmental unit or county has charge. The court may determine what portion of the recovery shall be paid to the injured person and what portion shall be paid to the Illinois Department, the local governmental unit or county having a charge against the recovery. In making this determination, the court shall conduct an evidentiary hearing and shall consider competent evidence pertaining to the following matters:

(1) the amount of the charge sought to be enforced against the recovery when expressed as a percentage of the gross amount of the recovery; the amount of the charge sought to be enforced against the recovery when expressed as a percentage of the amount obtained by subtracting from the gross amount of the recovery the total attorney's fees and other costs incurred by the recipient incident to the recovery; and whether the Department, unit of local government or county seeking to enforce the charge against the recovery should as a matter of fairness and equity bear its proportionate share of the fees and costs incurred to generate the recovery from which the charge is sought to be satisfied;

(2) the amount, if any, of the attorney's fees and other costs incurred by the recipient incident to the recovery and paid by the recipient up to the time of recovery, and the amount of such fees and costs remaining unpaid at the time of recovery;

(3) the total hospital, doctor and other medical expenses incurred for care and treatment of the injury to the date of recovery therefor, the portion of such expenses theretofore paid by the

recipient, by insurance provided by the recipient, and by the Department, unit of local government and county seeking to enforce a charge against the recovery, and the amount of such previously incurred expenses which remain unpaid at the time of recovery and by whom such incurred, unpaid expenses are to be paid;

(4) whether the recovery represents less than substantially full recompense for the injury and the hospital, doctor and other medical expenses incurred to the date of recovery for the care and treatment of the injury, so that reduction of the charge sought to be enforced against the recovery would not likely result in a double recovery or unjust enrichment to the recipient;

(5) the age of the recipient and of persons dependent for support upon the recipient, the nature and permanency of the recipient's injuries as they affect not only the future employability and education of the recipient but also the reasonably necessary and foreseeable future material, maintenance, medical, rehabilitative and training needs of the recipient, the cost of such reasonably necessary and foreseeable future needs, and the resources available to meet such needs and pay such costs;

(6) the realistic ability of the recipient to repay in whole or in part the charge sought to be enforced against the recovery when judged in light of the factors enumerated above.

The burden of producing evidence sufficient to support the exercise by the court of its discretion to reduce the amount of a proven charge sought to be enforced against the recovery shall rest with the party seeking such reduction.

The court may reduce and apportion the Illinois Department's lien proportionate to the recovery of the claimant. The court may consider the nature and extent of the injury, economic and noneconomic loss, settlement offers, comparative negligence as it applies to the case at hand, hospital costs, physician costs, and all other appropriate costs. The Illinois Department shall pay its pro rata share of the attorney fees based on the Illinois Department's lien as it compares to the total settlement agreed

upon. This Section shall not affect the priority of an attorney's lien under the Attorneys Lien Act. The charges of the Illinois Department described in this Section, however, shall take priority over all other liens and charges existing under the laws of the State of Illinois with the exception of the attorney's lien under said statute.

Whenever the Department or any unit of local government has a statutory charge under this Section against a recovery for damages incurred by a recipient because of its advancement of any assistance, such charge shall not be satisfied out of any recovery until the attorney's claim for fees is satisfied, irrespective of whether or not an action based on recipient's claim has been filed in court.

This Section shall be inapplicable to any claim, demand or cause of action arising under (a) the Workers' Compensation Act or the predecessor Workers' Compensation Act of June 28, 1913, (b) the Workers' Occupational Diseases Act or the predecessor Workers' Occupational Diseases Act of March 16, 1936; and (c) the Wrongful Death Act.

Sec. 11-22a. Right of Subrogation. To the extent of the amount of (i) medical assistance provided by the Department to or on behalf of a recipient under Article V or VI, or (ii) health care benefits provided for a child under the Covering ALL KIDS Health Insurance Act, or (iii) health care benefits provided to a veteran under the Veterans' Health Insurance Program Act, the Department shall be subrogated to any right of recovery such recipient may have under the terms of any private or public health care coverage or casualty coverage, including coverage under the "Workers' Compensation Act", approved July 9, 1951, as amended, or the "Workers’ Occupational Diseases Act", approved July 9, 1951, as amended, without the necessity of assignment of claim or other authorization to secure the right of recovery to the Department. To enforce its subrogation right, the Department may (i) intervene or join in an action or proceeding brought by the recipient, his or her guardian, personal representative, estate, dependents, or survivors against any person or

Sec. 11-22b. Recoveries.

(a) As used in this Section:

(1) "Carrier" means any insurer, including any private company, corporation, mutual association, trust fund, reciprocal or interinsurance exchange authorized under the laws of this State to insure persons against liability or injuries caused to another and any insurer providing benefits under a policy of bodily injury liability insurance covering liability arising out of the ownership, maintenance or use of a motor vehicle which provides uninsured motorist endorsement or coverage.

(2) "Beneficiary" means any person or their dependents who has received benefits or will be provided benefits under this Code, or under the Covering ALL KIDS Health Insurance Act, or under the Veterans' Health Insurance Program Act because of an injury for which another person may be liable. It includes such beneficiary's guardian, conservator or other personal representative, his estate or survivors.

(b) (1) When benefits are provided or will be provided to a beneficiary under this Code, or under the Covering ALL KIDS Health Insurance Act, or under the Veterans' Health Insurance Program Act because of an injury for which another person is liable, or for which a carrier is liable in accordance with the provisions of any policy of insurance issued pursuant to the Illinois Insurance Code, the Illinois
Department shall have a right to recover from such person or carrier the reasonable value of benefits so provided. The Attorney General may, to enforce such right, institute and prosecute legal proceedings against the third person or carrier who may be liable for the injury in an appropriate court, either in the name of the Illinois Department or in the name of the injured person, his guardian, personal representative, estate, or survivors.

(2) The Department may:
   (A) compromise or settle and release any such claim for benefits provided under this Code, or
   (B) waive any such claims for benefits provided under this Code, in whole or in part, for the convenience of the Department or if the Department determines that collection would result in undue hardship upon the person who suffered the injury or, in a wrongful death action, upon the heirs of the deceased.

(3) No action taken on behalf of the Department pursuant to this Section or any judgment rendered in such action shall be a bar to any action upon the claim or cause of action of the beneficiary, his guardian, conservator, personal representative, estate, dependents or survivors against the third person who may be liable for the injury, or shall operate to deny to the beneficiary the recovery for that portion of any damages not covered hereunder.

(c) (1) When an action is brought by the Department pursuant to subsection (b), it shall be commenced within the period prescribed by Article XIII of the Code of Civil Procedure.

   However, the Department may not commence the action prior to 5 months before the end of the applicable period prescribed by Article XIII of the Code of Civil Procedure. Thirty days prior to commencing an action, the Department shall notify the beneficiary of the Department's intent to commence such an action.

   (2) The death of the beneficiary does not abate any right of action established by subsection (b).

   (3) When an action or claim is brought by persons entitled to bring such actions or assert such claims against a third person

who may be liable for causing the death of a beneficiary, any settlement, judgment or award obtained is subject to the Department's claim for reimbursement of the benefits provided to the beneficiary under this Code, or under the Covering ALL KIDS Health Insurance Act, or under the Veterans' Health Insurance Program Act.

(4) When the action or claim is brought by the beneficiary alone and the beneficiary incurs a personal liability to pay attorney's fees and costs of litigation, the Department's claim for reimbursement of the benefits provided to the beneficiary shall be the full amount of benefits paid on behalf of the beneficiary under this Code, or under the Covering ALL KIDS Health Insurance Act, or under the Veterans' Health Insurance Program Act less a pro rata share which represents the Department's reasonable share of attorney's fees paid by the beneficiary and that portion of the cost of litigation expenses determined by multiplying by the ratio of the full amount of the expenditures of the full amount of the judgment, award or settlement.

(d) (1) If either the beneficiary or the Department brings an action or claim against such third party or carrier, the beneficiary or the Department shall within 30 days of filing the action give to the other written notice by personal service or registered mail of the action or claim and of the name of the court in which the action or claim is brought. Proof of such notice shall be filed in such action or claim. If an action or claim is brought by either the Department or the beneficiary, the other may, at any time before trial on the facts, become a party to such action or claim or shall consolidate his action or claim with the other if brought independently.

(2) If an action or claim is brought by the Department pursuant to subsection (b)(1), written notice to the beneficiary, guardian, personal representative, estate or survivor given pursuant to this Section shall advise him of his right to intervene in the proceeding, his right to obtain a private attorney of his choice and

the Department's right to recover the reasonable value of the benefits provided.

(e) In the event of judgment or award in a suit or claim against such third person or carrier:

(1) If the action or claim is prosecuted by the beneficiary alone, the court shall first order paid from any judgment or award the reasonable litigation expenses incurred in preparation and prosecution of such action or claim, together with reasonable attorney's fees, when an attorney has been retained. After payment of such expenses and attorney's fees the court shall, on the application of the Department, allow as a first lien against the amount of such judgment or award the amount of the Department's expenditures for the benefit of the beneficiary under this Code, or under the Covering ALL KIDS Health Insurance Act, or under the Veterans' Health Insurance Program Act, as provided in subsection (c)(4).

(2) If the action or claim is prosecuted both by the beneficiary and the Department, the court shall first order paid from any judgment or award the reasonable litigation expenses incurred in preparation and prosecution of such action or claim, together with reasonable attorney's fees for plaintiffs attorneys based solely on the services rendered for the benefit of the beneficiary. After payment of such expenses and attorney's fees, the court shall apply out of the balance of such judgment or award an amount sufficient to reimburse the Department the full amount of benefits paid on behalf of the beneficiary under this Code, or under the Covering ALL KIDS Health Insurance Act, or under the Veterans' Health Insurance Program Act.

(f) The court shall, upon further application at any time before the judgment or award is satisfied, allow as a further lien the amount of any expenditures of the Department in payment of additional benefits arising out of the same cause of action or claim provided on behalf of the beneficiary under this Code, or under the Covering ALL KIDS Health Insurance Act, or under the Veterans' Health Insurance Program Act,
when such benefits were provided or became payable subsequent to the original order.

(g) No judgment, award, or settlement in any action or claim by a beneficiary to recover damages for injuries, when the Department has an interest, shall be satisfied without first giving the Department notice and a reasonable opportunity to perfect and satisfy its lien.

(h) When the Department has perfected a lien upon a judgment or award in favor of a beneficiary against any third party for an injury for which the beneficiary has received benefits under this Code, or under the Covering ALL KIDS Health Insurance Act, or under the Veterans' Health Insurance Program Act, the Department shall be entitled to a writ of execution as lien claimant to enforce payment of said lien against such third party with interest and other accruing costs as in the case of other executions. In the event the amount of such judgment or award so recovered has been paid to the beneficiary, the Department shall be entitled to a writ of execution against such beneficiary to the extent of the Department's lien, with interest and other accruing costs as in the case of other executions.

(i) Except as otherwise provided in this Section, notwithstanding any other provision of law, the entire amount of any settlement of the injured beneficiary's action or claim, with or without suit, is subject to the Department's claim for reimbursement of the benefits provided and any lien filed pursuant thereto to the same extent and subject to the same limitations as in Section 11-22 of this Code. Sec. 11-22c. (a) As used in this Section, "recipient" means any person receiving financial assistance under Article IV or Article VI of this Code, or receiving health care benefits under the Covering ALL KIDS Health Insurance Act, or receiving health care benefits under the Veterans' Health Insurance Program Act.

(b) If a recipient maintains any suit, charge or other court or administrative action against an employer seeking back pay for a period
during which the recipient received financial assistance under Article IV or Article VI of this Code, or health care benefits under the Covering ALL KIDS Health Insurance Act, or health care benefits under the Veterans' Health Insurance Program Act, the recipient shall report such fact to the Department. To the extent of the amount of assistance provided to or on behalf of the recipient under Article IV or Article VI, or health care benefits provided under the Covering ALL KIDS Health Insurance Act, or health care benefits provided under the Veterans' Health Insurance Program Act, the Department may by intervention or otherwise without the necessity of assignment of claim, attach a lien on the recovery of back wages equal to the amount of assistance provided by the Department to the recipient under Article IV or Article VI, or under the Covering ALL KIDS Health Insurance Act, or under the Veterans' Health Insurance Program Act.

PUBLIC ACT 94-0817
(Senate Bill No. 2030)

AN ACT concerning revenue.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Film Production Services Tax Credit Act is amended by changing Sections 10, 40, 45, and 90 as follows:

(35 ILCS 15/10)

(Section scheduled to be repealed on January 1, 2007) Sec. 10. Definitions. As used in this Act:

New matter indicated by italics - deletions by strikeout
"Accredited production" means: (i) for productions commencing before May 1, 2006, a film, video, or television production that has been certified by the Department in which the aggregate Illinois labor expenditures included in the cost of the production, in the period that ends 12 months after the time principal filming or taping of the production began, exceed $100,000 for productions of 30 minutes or longer, or $50,000 for productions of less than 30 minutes; and (ii) for productions commencing on or after May 1, 2006, a film, video, or television production that has been certified by the Department in which the Illinois production spending included in the cost of production in the period that ends 12 months after the time principal filming or taping of the production began exceeds $100,000 for productions of 30 minutes or longer or exceeds $50,000 for productions of less than 30 minutes. "Accredited production" but does not include a production that:

1. is news, current events, or public programming, or a program that includes weather or market reports;
2. is a talk show;
3. is a production in respect of a game, questionnaire, or contest;
4. is a sports event or activity;
5. is a gala presentation or awards show;
6. is a finished production that solicits funds;
7. is a production produced by a film production company if records, as required by 18 U.S.C. 2257, are to be maintained by that film production company with respect to any performer portrayed in that single media or multimedia program; or
8. is a production produced primarily for industrial, corporate, or institutional purposes.

"Accredited production certificate" means a certificate issued by the Department certifying that the production is an accredited production that meets the guidelines of this Act.

"Applicant" means a taxpayer that is a film production company that is operating or has operated an accredited production located within the State of Illinois and that (i) owns the copyright in the accredited

New matter indicated by italics - deletions by strikeout
production throughout the Illinois production period or (ii) has contracted
directly with the owner of the copyright in the accredited production or a
person acting on behalf of the owner to provide services for the
production, where the owner of the copyright is not an eligible production
corporation.

"Credit" means:

(1) for an accredited production approved by the
Department on or before January 1, 2005 and commencing before
May 1, 2006, the amount equal to 25% of the Illinois labor
expenditure approved by the Department. The applicant is deemed
to have paid, on its balance due day for the year, an amount equal
to 25% of its qualified Illinois labor expenditure for the tax year.
For Illinois labor expenditures generated by the employment of
residents of geographic areas of high poverty or high
unemployment, as determined by the Department, in an accredited
production commencing before May 1, 2006 and
approved by the
Department after January 1, 2005, the applicant shall receive an
enhanced credit of 10% in addition to the 25% credit; and

(2) for an accredited production commencing on or after
May 1, 2006, the amount equal to:
(i) 20% of the Illinois production spending for the
taxable year; plus
(ii) 15% of the Illinois labor expenditures generated
by the employment of residents of geographic areas of high
poverty or high unemployment, as determined by the
Department.

"Department" means the Department of Commerce and Economic
Opportunity.
"Director" means the Director of Commerce and Economic
Opportunity.
"Illinois labor expenditure" means salary or wages paid to
employees of the applicant for services on the accredited production;
To qualify as an Illinois labor expenditure, the expenditure must be:

New matter indicated by italics - deletions by strikeout
(1) Reasonable in the circumstances.
(2) Included in the federal income tax basis of the property.
(3) Incurred by the applicant for services on or after January 1, 2004.
(4) Incurred for the production stages of the accredited production, from the final script stage to the end of the post-production stage.
(5) Limited to the first $25,000 of wages paid or incurred to each employee of a production commencing before May 1, 2006 and the first $100,000 of wages paid or incurred to each employee of a production commencing on or after May 1, 2006.
(6) For a production commencing before May 1, 2006, exclusive of the salary or wages paid to or incurred for the 2 highest paid employees of the production.
(7) Directly attributable to the accredited production.
(8) Paid in the tax year for which the applicant is claiming the credit or no later than 60 days after the end of the tax year.
(9) Paid to persons resident in Illinois at the time the payments were made.
(10) Paid for services rendered in Illinois.

"Illinois production spending" means the expenses incurred by the applicant for an accredited production, including, without limitation, all of the following:

(1) expenses to purchase, from vendors within Illinois, tangible personal property that is used in the accredited production;
(2) expenses to acquire services, from vendors in Illinois, for film production, editing, or processing; and
(3) the compensation, not to exceed $100,000 for any one employee, for contractual or salaried employees who are Illinois residents performing services with respect to the accredited production.

"Qualified production facility" means stage facilities in the State in which television shows and films are or are intended to be regularly

(35 ILCS 15/45)

Sec. 45. Evaluation of tax credit program; reports to the General Assembly.

(a) The Department shall evaluate the tax credit program. The evaluation must include an assessment of the effectiveness of the program in creating and retaining new jobs in Illinois and of the revenue impact of the program, and may include a review of the practices and experiences of other states or nations with similar programs. Upon completion of this evaluation, the Department shall determine the overall success of the program, and may make a recommendation to extend, modify, or not extend the program based on this evaluation.

(b) At the end of each fiscal quarter, the Department must submit to the General Assembly a report that includes, without limitation, the following information:

(1) the economic impact of the tax credit program, including the number of jobs created and retained, including whether the job positions are entry level, management, talent-related, vendor-related, or production-related;

(2) the amount of film production spending brought to Illinois, including the amount of spending and type of Illinois vendors hired in connection with an accredited production; and

(3) an overall picture of whether the human infrastructure of the motion picture industry in Illinois reflects the geographical,
racial and ethnic, gender, and income-level diversity of the State of Illinois.

(c) At the end of each fiscal year, the Department must submit to the General Assembly a report that includes, without limitation, the following information:

(1) an identification of each vendor that provided goods or services that were included in an accredited production’s Illinois production spending;

(2) the amount paid to each identified vendor by the accredited production;

(3) for each identified vendor, a statement as to whether the vendor is a minority owned business or a female owned business, as defined under Section 2 of the Business Enterprise for Minorities, Females, and Persons with Disabilities Act; and

(4) a description of any steps taken by the Department to encourage accredited productions to use vendors who are a minority owned business or a female owned business.

Section 10. The Energy Assistance Act is amended by changing Section 13 and by adding Section 17 as follows:

(305 ILCS 20/13)
(a) The Supplemental Low-Income Energy Assistance Fund is hereby created as a special fund in the State Treasury. The Supplemental Low-Income Energy Assistance Fund is authorized to receive moneys from voluntary donations from individuals, foundations, corporations, and other sources, moneys received pursuant to Section 17, and, by statutory deposit, the moneys collected pursuant to this Section. Subject to appropriation, the Department shall use moneys from the Supplemental

New matter indicated by italics - deletions by strikeout
Low-Income Energy Assistance Fund for payments to electric or gas public utilities, municipal electric or gas utilities, and electric cooperatives on behalf of their customers who are participants in the program authorized by Section 4 of this Act, for the provision of weatherization services and for administration of the Supplemental Low-Income Energy Assistance Fund. The yearly expenditures for weatherization may not exceed 10% of the amount collected during the year pursuant to this Section. The yearly administrative expenses of the Supplemental Low-Income Energy Assistance Fund may not exceed 10% of the amount collected during that year pursuant to this Section.

(b) Notwithstanding the provisions of Section 16-111 of the Public Utilities Act but subject to subsection (k) of this Section, each public utility, electric cooperative, as defined in Section 3.4 of the Electric Supplier Act, and municipal utility, as referenced in Section 3-105 of the Public Utilities Act, that is engaged in the delivery of electricity or the distribution of natural gas within the State of Illinois shall, effective January 1, 1998, assess each of its customer accounts a monthly Energy Assistance Charge for the Supplemental Low-Income Energy Assistance Fund. The delivering public utility, municipal electric or gas utility, or electric or gas cooperative for a self-assessing purchaser remains subject to the collection of the fee imposed by this Section. The monthly charge shall be as follows:

(1) $0.40 per month on each account for residential electric service;
(2) $0.40 per month on each account for residential gas service;
(3) $4 per month on each account for non-residential electric service which had less than 10 megawatts of peak demand during the previous calendar year;
(4) $4 per month on each account for non-residential gas service which had distributed to it less than 4,000,000 therms of gas during the previous calendar year;

New matter indicated by italics - deletions by strikeout
(5) $300 per month on each account for non-residential electric service which had 10 megawatts or greater of peak demand during the previous calendar year; and
(6) $300 per month on each account for non-residential gas service which had 4,000,000 or more therms of gas distributed to it during the previous calendar year.
(c) For purposes of this Section:
(1) "residential electric service" means electric utility service for household purposes delivered to a dwelling of 2 or fewer units which is billed under a residential rate, or electric utility service for household purposes delivered to a dwelling unit or units which is billed under a residential rate and is registered by a separate meter for each dwelling unit;
(2) "residential gas service" means gas utility service for household purposes distributed to a dwelling of 2 or fewer units which is billed under a residential rate, or gas utility service for household purposes distributed to a dwelling unit or units which is billed under a residential rate and is registered by a separate meter for each dwelling unit;
(3) "non-residential electric service" means electric utility service which is not residential electric service; and
(4) "non-residential gas service" means gas utility service which is not residential gas service.
(d) At least 45 days prior to the date on which it must begin assessing Energy Assistance Charges, each public utility engaged in the delivery of electricity or the distribution of natural gas shall file with the Illinois Commerce Commission tariffs incorporating the Energy Assistance Charge in other charges stated in such tariffs.
(e) The Energy Assistance Charge assessed by electric and gas public utilities shall be considered a charge for public utility service.
(f) By the 20th day of the month following the month in which the charges imposed by the Section were collected, each public utility, municipal utility, and electric cooperative shall remit to the Department of Revenue all moneys received as payment of the Energy Assistance Charge.
on a return prescribed and furnished by the Department of Revenue
showing such information as the Department of Revenue may reasonably
require. If a customer makes a partial payment, a public utility, municipal
utility, or electric cooperative may elect either: (i) to apply such partial
payments first to amounts owed to the utility or cooperative for its services
and then to payment for the Energy Assistance Charge or (ii) to apply such
partial payments on a pro-rata basis between amounts owed to the utility
or cooperative for its services and to payment for the Energy Assistance
Charge.

(g) The Department of Revenue shall deposit into the
Supplemental Low-Income Energy Assistance Fund all moneys remitted to
it in accordance with subsection (f) of this Section.

(h) (Blank).

On or before December 31, 2002, the Department shall prepare a
report for the General Assembly on the expenditure of funds appropriated
from the Low-Income Energy Assistance Block Grant Fund for the
program authorized under Section 4 of this Act.

(i) The Department of Revenue may establish such rules as it
deems necessary to implement this Section.

(j) The Department of Commerce and Economic Opportunity
Community Affairs may establish such rules as it deems necessary to
implement this Section.

(k) The charges imposed by this Section shall only apply to
customers of municipal electric or gas utilities and electric or gas
cooperatives if the municipal electric or gas utility or electric or gas
cooperative makes an affirmative decision to impose the charge. If a
municipal electric or gas utility or an electric cooperative makes an
affirmative decision to impose the charge provided by this Section, the
municipal electric or gas utility or electric cooperative shall inform the
Department of Revenue in writing of such decision when it begins to
impose the charge. If a municipal electric or gas utility or electric or gas
cooperative does not assess this charge, the Department may not use funds
from the Supplemental Low-Income Energy Assistance Fund to provide

New matter indicated by italics - deletions by strikeout
benefits to its customers under the program authorized by Section 4 of this Act.

In its use of federal funds under this Act, the Department may not cause a disproportionate share of those federal funds to benefit customers of systems which do not assess the charge provided by this Section.

This Section is repealed effective December 31, 2007 unless renewed by action of the General Assembly. The General Assembly shall consider the results of the evaluations described in Section 8 in its deliberations.

Section 5. The Criminal Code of 1961 is amended by adding Section 12-36 as follows:

(720 ILCS 5/12-36 new)

Sec. 12-36. Possession of certain dogs by felons prohibited.

(a) For a period of 10 years commencing upon the release of a person from incarceration, it is unlawful for a person convicted of a forcible felony, a felony violation of the Humane Care for Animals Act, a felony violation of Article 24 of the Criminal Code of 1961, a felony violation of Class 3 or higher of the Illinois Controlled Substances Act, a felony violation of Class 3 or higher of the Cannabis Control Act, or a felony violation of Class 2 or higher of the Methamphetamine Control and Community Protection Act, to knowingly own, possess, have custody of, or reside in a residence with, either:

(1) an unspayed or unneutered dog or puppy older than 12 weeks of age; or

(2) irrespective of whether the dog has been spayed or neutered, any dog that has been determined to be a vicious dog under Section 15 of the Animal Control Act.

(b) Any dog owned, possessed by, or in the custody of a person convicted of a felony, as described in subsection (a), must be microchipped for permanent identification.

(c) Sentence. A person who violates this Section is guilty of a Class A misdemeanor.

(d) It is an affirmative defense to prosecution under this Section that the dog in question is neutered or spayed, or that the dog in question was neutered or spayed within 7 days of the defendant being charged with a violation of this Section. Medical records from, or the certificate of, a doctor of veterinary medicine licensed to practice in the State of Illinois who has personally examined or operated upon the dog, unambiguously indicating whether the dog in question has been spayed or neutered, shall be prima facie true and correct, and shall be sufficient evidence of whether the dog in question has been spayed or neutered. This subsection (d) is not applicable to any dog that has been determined to be a vicious dog under Section 15 of the Animal Control Act.

this Act, or counterfeiting or forging any certificate, permit, or tag, or making any misrepresentation in regard to any matter prescribed by this Act, or resisting, obstructing, or impeding the Administrator or any authorized officer in enforcing this Act, or refusing to produce for inoculation any dog in his possession, or who removes a tag from a dog for purposes of destroying or concealing its identity, is guilty of a Class C misdemeanor for a first offense and for a subsequent offense, is guilty of a Class B misdemeanor.

Each day a person fails to comply constitutes a separate offense. Each State's Attorney to whom the Administrator reports any violation of this Act shall cause appropriate proceedings to be instituted in the proper courts without delay and to be prosecuted in the manner provided by law.

(b) If the owner of a vicious dog subject to enclosure:
(1) fails to maintain or keep the dog in an enclosure or fails to spay or neuter the dog within the time period prescribed; and
(2) the dog inflicts serious physical injury upon any other person or causes the death of another person; and
(3) the attack is unprovoked in a place where such person is peaceably conducting himself or herself and where such person may lawfully be;
the owner shall be guilty of a Class 3 felony, unless the owner knowingly allowed the dog to run at large or failed to take steps to keep the dog in an enclosure then the owner shall be guilty of a Class 2 felony. The penalty provided in this paragraph shall be in addition to any other criminal or civil sanction provided by law.

(c) If the owner of a dangerous dog knowingly fails to comply with any order regarding the dog and the dog inflicts serious physical injury on a person or a companion animal, the owner shall be guilty of a Class 4 felony. If the owner of a dangerous dog knowingly fails to comply with any order regarding the dog and the dog kills a person the owner shall be guilty of a Class 3 felony.

New matter indicated by italics - deletions by strikeout
(730 ILCS 5/5-5-3.2) (from Ch. 38, par. 1005-5-3.2)
Sec. 5-5-3.2. Factors in Aggravation.
(a) The following factors shall be accorded weight in favor of imposing a term of imprisonment or may be considered by the court as reasons to impose a more severe sentence under Section 5-8-1:

(1) the defendant's conduct caused or threatened serious harm;
(2) the defendant received compensation for committing the offense;
(3) the defendant has a history of prior delinquency or criminal activity;
(4) the defendant, by the duties of his office or by his position, was obliged to prevent the particular offense committed or to bring the offenders committing it to justice;
(5) the defendant held public office at the time of the offense, and the offense related to the conduct of that office;
(6) the defendant utilized his professional reputation or position in the community to commit the offense, or to afford him an easier means of committing it;
(7) the sentence is necessary to deter others from committing the same crime;
(8) the defendant committed the offense against a person 60 years of age or older or such person's property;
(9) the defendant committed the offense against a person who is physically handicapped or such person's property;
(10) by reason of another individual's actual or perceived race, color, creed, religion, ancestry, gender, sexual orientation, physical or mental disability, or national origin, the defendant committed the offense against (i) the person or property of that individual; (ii) the person or property of a person who has an association with, is married to, or has a friendship with the other individual; or (iii) the person or property of a relative (by blood or marriage) of a person described in clause (i) or (ii). For the

New matter indicated by italics - deletions by strikeout
purposes of this Section, "sexual orientation" means heterosexual, homosexuality, or bisexuality;

(11) the offense took place in a place of worship or on the grounds of a place of worship, immediately prior to, during or immediately following worship services. For purposes of this subparagraph, "place of worship" shall mean any church, synagogue or other building, structure or place used primarily for religious worship;

(12) the defendant was convicted of a felony committed while he was released on bail or his own recognizance pending trial for a prior felony and was convicted of such prior felony, or the defendant was convicted of a felony committed while he was serving a period of probation, conditional discharge, or mandatory supervised release under subsection (d) of Section 5-8-1 for a prior felony;

(13) the defendant committed or attempted to commit a felony while he was wearing a bulletproof vest. For the purposes of this paragraph (13), a bulletproof vest is any device which is designed for the purpose of protecting the wearer from bullets, shot or other lethal projectiles;

(14) the defendant held a position of trust or supervision such as, but not limited to, family member as defined in Section 12-12 of the Criminal Code of 1961, teacher, scout leader, baby sitter, or day care worker, in relation to a victim under 18 years of age, and the defendant committed an offense in violation of Section 11-6, 11-11, 11-15.1, 11-19.1, 11-19.2, 11-20.1, 12-13, 12-14, 12-14.1, 12-15 or 12-16 of the Criminal Code of 1961 against that victim;

(15) the defendant committed an offense related to the activities of an organized gang. For the purposes of this factor, "organized gang" has the meaning ascribed to it in Section 10 of the Streetgang Terrorism Omnibus Prevention Act;

(16) the defendant committed an offense in violation of one of the following Sections while in a school, regardless of the time

of day or time of year; on any conveyance owned, leased, or contracted by a school to transport students to or from school or a school related activity; on the real property of a school; or on a public way within 1,000 feet of the real property comprising any school: Section 10-1, 10-2, 10-5, 11-15.1, 11-17.1, 11-18.1, 11-19.1, 11-19.2, 12-2, 12-4, 12-4.1, 12-4.2, 12-4.3, 12-6, 12-6.1, 12-13, 12-14, 12-14.1, 12-15, 12-16, 18-2, or 33A-2 of the Criminal Code of 1961;

(16.5) the defendant committed an offense in violation of one of the following Sections while in a day care center, regardless of the time of day or time of year; on the real property of a day care center, regardless of the time of day or time of year; or on a public way within 1,000 feet of the real property comprising any day care center, regardless of the time of day or time of year: Section 10-1, 10-2, 10-5, 11-15.1, 11-17.1, 11-18.1, 11-19.1, 11-19.2, 12-2, 12-4, 12-4.1, 12-4.2, 12-4.3, 12-6, 12-6.1, 12-13, 12-14, 12-14.1, 12-15, 12-16, 18-2, or 33A-2 of the Criminal Code of 1961;

(17) the defendant committed the offense by reason of any person's activity as a community policing volunteer or to prevent any person from engaging in activity as a community policing volunteer. For the purpose of this Section, "community policing volunteer" has the meaning ascribed to it in Section 2-3.5 of the Criminal Code of 1961;

(18) the defendant committed the offense in a nursing home or on the real property comprising a nursing home. For the purposes of this paragraph (18), "nursing home" means a skilled nursing or intermediate long term care facility that is subject to license by the Illinois Department of Public Health under the Nursing Home Care Act;

(19) the defendant was a federally licensed firearm dealer and was previously convicted of a violation of subsection (a) of Section 3 of the Firearm Owners Identification Card Act and has now committed either a felony violation of the Firearm Owners
Identification Card Act or an act of armed violence while armed with a firearm; or 

(20) the defendant (i) committed the offense of reckless homicide under Section 9-3 of the Criminal Code of 1961 or the offense of driving under the influence of alcohol, other drug or drugs, intoxicating compound or compounds or any combination thereof under Section 11-501 of the Illinois Vehicle Code or a similar provision of a local ordinance and (ii) was operating a motor vehicle in excess of 20 miles per hour over the posted speed limit as provided in Article VI of Chapter 11 of the Illinois Vehicle Code; or 

(21) the defendant (i) committed the offense of reckless driving or aggravated reckless driving under Section 11-503 of the Illinois Vehicle Code and (ii) was operating a motor vehicle in excess of 20 miles per hour over the posted speed limit as provided in Article VI of Chapter 11 of the Illinois Vehicle Code. For the purposes of this Section: "School" is defined as a public or private elementary or secondary school, community college, college, or university. "Day care center" means a public or private State certified and licensed day care center as defined in Section 2.09 of the Child Care Act of 1969 that displays a sign in plain view stating that the property is a day care center. 

(b) The following factors may be considered by the court as reasons to impose an extended term sentence under Section 5-8-2 upon any offender: 

(1) When a defendant is convicted of any felony, after having been previously convicted in Illinois or any other jurisdiction of the same or similar class felony or greater class felony, when such conviction has occurred within 10 years after the previous conviction, excluding time spent in custody, and such charges are separately brought and tried and arise out of different series of acts; or 

New matter indicated by italics - deletions by strikeout
(2) When a defendant is convicted of any felony and the court finds that the offense was accompanied by exceptionally brutal or heinous behavior indicative of wanton cruelty; or

(3) When a defendant is convicted of voluntary manslaughter, second degree murder, involuntary manslaughter or reckless homicide in which the defendant has been convicted of causing the death of more than one individual; or

(4) When a defendant is convicted of any felony committed against:

(i) a person under 12 years of age at the time of the offense or such person's property;
(ii) a person 60 years of age or older at the time of the offense or such person's property; or
(iii) a person physically handicapped at the time of the offense or such person's property; or

(5) In the case of a defendant convicted of aggravated criminal sexual assault or criminal sexual assault, when the court finds that aggravated criminal sexual assault or criminal sexual assault was also committed on the same victim by one or more other individuals, and the defendant voluntarily participated in the crime with the knowledge of the participation of the others in the crime, and the commission of the crime was part of a single course of conduct during which there was no substantial change in the nature of the criminal objective; or

(6) When a defendant is convicted of any felony and the offense involved any of the following types of specific misconduct committed as part of a ceremony, rite, initiation, observance, performance, practice or activity of any actual or ostensible religious, fraternal, or social group:

(i) the brutalizing or torturing of humans or animals;
(ii) the theft of human corpses;
(iii) the kidnapping of humans;

PUBLIC ACT 94-0820
(House Bill No. 4711)

AN ACT concerning criminal law.
Be it enacted by the People of the State of Illinois, represented in
the General Assembly:

Section 5. The Criminal Code of 1961 is amended by changing
Section 26-5 as follows:

(720 ILCS 5/26-5)

Sec. 26-5. Dog fighting. (For other provisions that may apply to
dog fighting, see the Humane Care for Animals Act. For provisions similar
to this Section that apply to animals other than dogs, see in particular
Section 4.01 of the Humane Care for Animals Act.)

(a) No person may own, capture, breed, train, or lease any dog
which he or she knows is intended for use in any show, exhibition,
program, or other activity featuring or otherwise involving a fight between
the dog and any other animal or human, or the intentional killing of any
dog for the purpose of sport, wagering, or entertainment.

(b) No person may promote, conduct, carry on, advertise, collect
money for or in any other manner assist or aid in the presentation for
purposes of sport, wagering, or entertainment of any show, exhibition,
program, or other activity involving a fight between 2 or more dogs or any
dog and human, or the intentional killing of any dog.

(c) No person may sell or offer for sale, ship, transport, or otherwise move, or deliver or receive any dog which he or she knows has been captured, bred, or trained, or will be used, to fight another dog or human or be intentionally killed for purposes of sport, wagering, or entertainment.

(c-5) No person may solicit a minor to violate this Section.

(d) No person may manufacture for sale, shipment, transportation, or delivery any device or equipment which he or she knows or should know is intended for use in any show, exhibition, program, or other activity featuring or otherwise involving a fight between 2 or more dogs, or any human and dog, or the intentional killing of any dog for purposes of sport, wagering, or entertainment.

(e) No person may own, possess, sell or offer for sale, ship, transport, or otherwise move any equipment or device which he or she knows or should know is intended for use in connection with any show, exhibition, program, or activity featuring or otherwise involving a fight between 2 or more dogs, or any dog and human, or the intentional killing of any dog for purposes of sport, wagering or entertainment.

(f) No person may knowingly make available any site, structure, or facility, whether enclosed or not, that he or she knows is intended to be used for the purpose of conducting any show, exhibition, program, or other activity involving a fight between 2 or more dogs, or any dog and human, or the intentional killing of any dog or knowingly manufacture, distribute, or deliver fittings to be used in a fight between 2 or more dogs or a dog and human.

(g) No person may attend or otherwise patronize any show, exhibition, program, or other activity featuring or otherwise involving a fight between 2 or more dogs, or any dog and human, or the intentional killing of any dog for purposes of sport, wagering, or entertainment.

(h) No person may tie or attach or fasten any live animal to any machine or device propelled by any power for the purpose of causing the animal to be pursued by a dog or dogs. This subsection (h) applies only when the dog is intended to be used in a dog fight.

(i) Penalties for violations of this Section shall be as follows:

New matter indicated by italics - deletions by strikeout
(1) Any person convicted of violating subsection (a), (b), or (c) of this Section is guilty of a Class 4 felony for a first violation and a Class 3 felony for a second or subsequent violation, and may be fined an amount not to exceed $50,000.

(1.5) A person who knowingly owns a dog for fighting purposes or for producing a fight between 2 or more dogs or a dog and human or who knowingly offers for sale or sells a dog bred for fighting is guilty of a Class 3 felony and may be fined an amount not to exceed $50,000, if the dog participates in a dogfight and any of the following factors is present:

(i) the dogfight is performed in the presence of a person under 18 years of age;

(ii) the dogfight is performed for the purpose of or in the presence of illegal wagering activity; or

(iii) the dogfight is performed in furtherance of streetgang related activity as defined in Section 10 of the Illinois Streetgang Terrorism Omnibus Prevention Act.

(1.7) A person convicted of violating subsection (c-5) of this Section is guilty of a Class 4 felony A misdemeanor.

(2) Any person convicted of violating subsection (d) or (e) of this Section is guilty of a Class A misdemeanor for a first violation. A second or subsequent violation of subsection (d) or (e) of this Section is a Class 3 felony.

(2.5) Any person convicted of violating subsection (f) of this Section is guilty of a Class 4 felony.

(3) Any person convicted of violating subsection (g) of this Section is guilty of a Class 4 felony. If a person under 13 years of age is present at any show, exhibition, program, or other activity prohibited in subsection (g), the parent, legal guardian, or other person who is 18 years of age or older who brings that person under 13 years of age to that show, exhibition, program, or other activity is guilty of

class 4 felony for a first violation and a Class 3 felony for a second or subsequent violation.

(j) Any dog or equipment involved in a violation of this Section shall be immediately seized and impounded under Section 12 of the Humane Care for Animals Act when located at any show, exhibition, program, or other activity featuring or otherwise involving a dog fight for the purposes of sport, wagering, or entertainment.

(k) Any vehicle or conveyance other than a common carrier that is used in violation of this Section shall be seized, held, and offered for sale at public auction by the sheriff's department of the proper jurisdiction, and the proceeds from the sale shall be remitted to the general fund of the county where the violation took place.

(l) Any veterinarian in this State who is presented with a dog for treatment of injuries or wounds resulting from fighting where there is a reasonable possibility that the dog was engaged in or utilized for a fighting event for the purposes of sport, wagering, or entertainment shall file a report with the Department of Agriculture and cooperate by furnishing the owners' names, dates, and descriptions of the dog or dogs involved. Any veterinarian who in good faith complies with the requirements of this subsection has immunity from any liability, civil, criminal, or otherwise, that may result from his or her actions. For the purposes of any proceedings, civil or criminal, the good faith of the veterinarian shall be rebuttably presumed.

(m) In addition to any other penalty provided by law, upon conviction for violating this Section, the court may order that the convicted person and persons dwelling in the same household as the convicted person who conspired, aided, or abetted in the unlawful act that was the basis of the conviction, or who knew or should have known of the unlawful act, may not own, harbor, or have custody or control of any dog or other animal for a period of time that the court deems reasonable.

(n) A violation of subsection (a) of this Section may be inferred from evidence that the accused possessed any device or equipment described in subsection (d), (e), or (h) of this Section, and also possessed any dog.

New matter indicated by italics - deletions by strikeout
(o) When no longer required for investigations or court proceedings relating to the events described or depicted therein, evidence relating to convictions for violations of this Section shall be retained and made available for use in training peace officers in detecting and identifying violations of this Section. Such evidence shall be made available upon request to other law enforcement agencies and to schools certified under the Illinois Police Training Act.

PUBLIC ACT 94-0821
(House Bill No. 4760)

AN ACT concerning property.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Conveyances Act is amended by changing Section 35c as follows:

(765 ILCS 5/35c) (from Ch. 30, par. 34c)
Sec. 35c. Whenever any deed or instrument of conveyance or other instrument to be made a matter of record is executed there shall be typed or printed to the side or below all signatures the names of the parties signing such instruments including the witnesses thereto, if any, and the names of the parties or officers taking the acknowledgments. The absence or neglect to print or type the names of the parties under the signatures shall not invalidate the instrument.

Whenever any deed or instrument of conveyance or other instrument to be made a matter of record is executed, the signatures of the parties making the conveyance shall be acknowledged by a notary public appointed and commissioned by the Secretary of State or by one of the courts or officers designated in Section 20 of this Act. Failure to comply with this provision shall not invalidate the instrument.

New matter indicated by italics - deletions by strikeout
Whenever any deed or instrument of conveyance is executed the name and address of the owner or owners to whom subsequent tax bills are to be sent shall be endorsed on the instrument. The absence or neglect of any one to comply with this provision shall not invalidate the instrument.

Whenever any deed or instrument of conveyance is executed and is to be made a matter of record wherein a metes and bounds description is incorporated, the metes and bounds description shall contain the section, township and range with an identifiable point of beginning. Subsequent courses shall contain approximate linear distance and direction values, direction being defined as any one or more of the following:

a. The angular relationship of the described course to a described course.

b. The bearing of the described course relative to the bearing of a described course.

c. The relationship of the described course to a known line, or a point thereon, such as a previously described course in the same description or a line of a section or fraction thereof or a line in a platted lot or block.

If references are made to existing monuments or points or lines of previously recorded conveyances, the instant description shall contain sufficient information so that it may be located without reference to matters outside the instant description.

The neglect to comply with the provisions of this Section shall not invalidate the instrument.

Be it enacted by the People of the State of Illinois, represented in
the General Assembly:

Section 1. Short title. This Act may be cited as the Mortgage
Rescue Fraud Act.

Section 5. Definitions. As used in this Act:
"Distressed property" means residential real property consisting of
one to 6 family dwelling units that is in foreclosure or at risk of loss due to
nonpayment of taxes, or whose owner is more than 90 days delinquent on
any loan that is secured by the property.

"Distressed property consultant" means any person who, directly or
indirectly, for compensation from the owner, makes any solicitation,
representation, or offer to perform or who, for compensation from the
owner, performs any service that the person represents will in any manner
do any of the following:

(1) stop or postpone the foreclosure sale or the loss of the
home due to nonpayment of taxes;
(2) obtain any forbearance from any beneficiary or
mortgagee, or relief with respect to a tax sale of the property;
(3) assist the owner to exercise any right of reinstatement or
right of redemption;
(4) obtain any extension of the period within which the
owner may reinstate the owner's rights with respect to the property;

Section 10. Distressed property consultant contract terms.

(a) A distressed property consultant contract must be in writing and must fully disclose the exact nature of the distressed property consultant's services and the total amount and terms of compensation.

(b) The following notice, printed in at least 12-point boldface type and completed with the name of the distressed property consultant, must be printed immediately above the statement required by subsection (c) of this Section:

"NOTICE REQUIRED BY ILLINOIS LAW

.................................................(Name) or anyone working for him or her CANNOT:

(1) Take any money from you or ask you for money until ........................................ (Name) has completely finished doing everything he or she said he or she would do; or

(2) Ask you to sign or have you sign any lien, mortgage, or deed."

(c) A distressed property consultant contract must be written in the same language as principally used by the distressed property consultant to describe his or her services or to negotiate the contract, must be dated and signed by the owner, and must contain in immediate proximity to the space reserved for the owner's signature a conspicuous statement in a size equal to at least 12-point boldface type, as follows:

"You, the owner, may cancel this transaction at any time until after the distressed property consultant has fully performed each and every service the distressed property consultant contracted to perform or represented he or she would perform. See the attached notice of cancellation form for an explanation of this right."

(d) A distressed property contract must contain on the first page, in a type size no smaller than that generally used in the body of the document, each of the following:

(1) the name and address of the distressed property consultant to which the notice of cancellation is to be mailed; and

(2) the date the owner signed the contract.
(e) A distressed property consultant contract must be accompanied by a completed form in duplicate, captioned "NOTICE OF CANCELLATION," which must be attached to the contract, must be easily detachable, and must contain, in at least 12-point boldface type, the following statement written in the same language as used in the contract:

"NOTICE OF CANCELLATION

(Enter date of transaction)

You may cancel this transaction, without any penalty or obligation, at any time until after the distressed property consultant has fully performed each and every service the distressed property consultant contracted to perform or represented he or she would perform.

To cancel this transaction, mail or deliver a signed and dated copy of this cancellation notice, or any other written notice to:

...............(Name of distressed property consultant) at
...............(Address of distressed property consultant's place of business)

I hereby cancel this transaction on ............(Date)

...............(Owner's signature)"

(f) The distressed property consultant shall provide the owner with a copy of a distressed property consultant contract and the attached notice of cancellation immediately upon execution of the contract.

Section 15. Rescission of distressed property consultant contract.

(a) In addition to any other legal right to rescind a contract, an owner has the right to cancel a distressed property consultant contract at any time until after the distressed property consultant has fully performed each service the distressed property consultant contracted to perform or represented he or she would perform.

(b) Cancellation occurs when the owner gives written notice of cancellation to the distressed property consultant at the address specified in the distressed property consultant contract.

(c) Notice of cancellation, if given by mail, is effective when deposited in the mail properly addressed with postage prepaid. Notice by certified mail, return receipt requested, addressed to the address specified

in the distressed property consultant contract, shall be conclusive proof of notice of service.

(d) Notice of cancellation given by the owner need not take the particular form as provided with the distressed property consultant contract and, however expressed, is effective if it indicates the intention of the owner not to be bound by the contract.

Section 20. Waiver of a distressed property consultant contract.

(a) Any waiver by an owner of the provisions of Section 10 or 15 is void and unenforceable as contrary to public policy.

(b) Any attempt by a distressed property consultant to induce an owner to waive the owner's rights is a violation of the Act.

Section 25. Distressed property conveyance contract. A distressed property purchaser shall enter into every distressed property conveyance in the form of a written contract. Every distressed property conveyance contract must be written in letters of a size equal to at least 12-point boldface type, in the same language principally used by the owner of the distressed property to negotiate the sale of the distressed property, must be fully completed, signed, and dated by the owner of the distressed property and the distressed property purchaser, and must be witnessed and acknowledged by a notary public, before the execution of any instrument of conveyance of the distressed property.

Section 30. Distressed property conveyance contract terms. Every contract required by Section 25 must contain the entire agreement of the parties, be fully assignable, and survive delivery of any instrument of conveyance of the distressed property. Every lease entered into pursuant to a contract required by Section 25 is terminable at will by the distressed property owner, without liability. Every contract required by Section 25 must include the following terms:

(1) the name, business address, and the telephone number of the distressed property purchaser;
(2) the address of the distressed property;
(3) the total consideration to be given by the distressed property purchaser or tax lien payor in connection with or incident to the sale;

New matter indicated by italics - deletions by strikeout
(4) a complete description of the terms of payment or other consideration including, but not limited to, any services of any nature that the distressed property purchaser represents he or she will perform for the owner of the distressed property before or after the sale;

(5) a complete description of the terms of any related agreement designed to allow the owner of the distressed property to remain in the home such as a rental agreement, repurchase agreement, contract for deed, or lease with option to buy;

(6) a notice of cancellation as provided in this Section;

(7) the following notice in at least 12-point boldface type, if the contract is printed, or in capital letters, if the contract is typed, and completed with the name of the distressed property purchaser, immediately above the statement required by this Section:

"NOTICE REQUIRED BY ILLINOIS LAW
Until your right to cancel this contract has ended, ..................(Name) or anyone working for ...................(Name) CANNOT ask you to sign or have you sign any deed or any other document. You are urged to have this contract reviewed by an attorney of your choice within 5 business days of signing it."; and

(8) if title to the distressed property will be transferred in the conveyance transaction, the following notice in at least 14-point boldface type if the contract is printed, or in capital letters if the contract is typed, and completed with the name of the distressed property purchaser, immediately above the statement required by this Section:

"NOTICE REQUIRED BY ILLINOIS LAW
As part of this transaction, you are giving up title to your home.".

Section 35. Cancellation of a distressed property conveyance contract.

(a) In addition to any other right of rescission, the owner of the distressed property has the right to cancel any contract with a distressed property purchaser until midnight of the fifth business day following the
day on which the owner of the distressed property signs a contract that complies with Sections 25 and 30 or until 8:00 a.m. on the last day of the period during which the owner of the distressed property has a right of redemption under the Illinois Mortgage Foreclosure Law or the Property Tax Code, whichever occurs first.

(b) Cancellation occurs when the owner of the distressed property delivers, by any means, written notice of cancellation to the address specified in the distressed property conveyance contract.

(c) A notice of cancellation given by the owner of the distressed property need not take the particular form as provided with the distressed property conveyance contract.

(d) Within 10 days following receipt of a notice of cancellation given in accordance with this Section, the distressed property purchaser shall return, without condition, any original contract and any other documents signed by the owner of the distressed property.

Section 40. Notice of cancellation of a distressed property conveyance contract.

(a) The contract must contain in immediate proximity to the space reserved for the owner of the distressed property's signature a conspicuous statement in a size equal to at least 12-point boldface type, if the contract is printed, or in capital letters, if the contract is typed, as follows:

"You may cancel this contract for the sale of your house, without any penalty or obligation, at any time before [Date and time of day]. See the attached notice of cancellation form for an explanation of this right."

The distressed property purchaser shall accurately enter the date and time of day on which the cancellation right ends.

(b) The contract must be accompanied by a completed form in duplicate, captioned "NOTICE OF CANCELLATION" in a size equal to a 12-point boldface type, if the contract is printed, or in capital letters, if the contract is typed, followed by a space in which the distressed property purchaser shall enter the date on which the owner of the distressed property executes any contract. This form must be attached to the contract, must be easily detachable, and must contain in at least 12-point type, if the
contract is printed, or in capital letters, if the contract is typed, the following statement written in the same language as used in the contract:

"NOTICE OF CANCELLATION

(Enter date contract signed)

You may cancel this contract for the sale of your home, without any penalty or obligation, at any time before .................. (enter date and time of day). To cancel this transaction, mail or deliver a signed and dated copy of this cancellation notice to ......................... (Name of purchaser) at ................................................................

(Street address of purchaser's place of business) NOT LATER THAN ......................... (Enter date and time of day).

I hereby cancel this transaction on ............... (Date)

............................................... (Seller's signature)".

(c) The distressed property purchaser shall provide the owner of the distressed property with a copy of the contract and the attached notice of cancellation immediately at the time the contract is executed by all parties.

(d) The distressed property purchaser shall record the contract with the recorder of deeds in the county where the distressed property is located within 10 days of its execution, provided the contract has not been canceled.

(e) The 5 business days during which the owner of the distressed property may cancel the contract shall not begin to run until all parties to the contract have executed the contract and the distressed property purchaser has complied with all the requirements of this Section.

Section 45. Waiver of a distressed property conveyance contract. Any waiver of the provisions of Sections 35 and 40 are void and unenforceable as contrary to public policy, except that a consumer may waive the 5-day right to cancel provided in Section 35 if the property is subject to a foreclosure sale within the 5 business days and the owner of the distressed property agrees to waive his or her right to cancel in a handwritten statement that is signed by all parties holding title to the distressed property.

Section 50. Violations.
(a) It is a violation for a distressed property consultant to:

(1) claim, demand, charge, collect, or receive any compensation until after the distressed property consultant has fully performed each service the distressed property consultant contracted to perform or represented he or she would perform;

(2) claim, demand, charge, collect, or receive any fee, interest, or any other compensation for any reason that exceeds 2 monthly mortgage payments of principal and interest or the most recent tax installment on the distressed property, whichever is less;

(3) take a wage assignment, a lien of any type on real or personal property, or other security to secure the payment of compensation. Any such security is void and unenforceable;

(4) receive any consideration from any third party in connection with services rendered to an owner unless the consideration is first fully disclosed to the owner;

(5) acquire any interest, directly or indirectly, or by means of a subsidiary or affiliate in a distressed property from an owner with whom the distressed property consultant has contracted;

(6) take any power of attorney from an owner for any purpose, except to inspect documents as provided by law; or

(7) induce or attempt to induce an owner to enter a contract that does not comply in all respects with Sections 10 and 15 of this Act.

(b) A distressed property purchaser, in the course of a distressed property conveyance, shall not:

(1) enter into, or attempt to enter into, a distressed property conveyance unless the distressed property purchaser verifies and can demonstrate that the owner of the distressed property has a reasonable ability to pay for the subsequent conveyance of an interest back to the owner of the distressed property and to make monthly or any other required payments due prior to that time;

(2) fail to make a payment to the owner of the distressed property at the time the title is conveyed so that the owner of the

distressed property has received consideration in an amount of at least 82% of the property's fair market value, or, in the alternative, fail to pay the owner of the distressed property no more than the costs necessary to extinguish all of the existing obligations on the distressed property, as set forth in subdivision (b)(10) of Section 45, provided that the owner's costs to repurchase the distressed property pursuant to the terms of the distressed property conveyance contract do not exceed 125% of the distressed property purchaser's costs to purchase the property. If an owner is unable to repurchase the property pursuant to the terms of the distressed property conveyance contract, the distressed property purchaser shall not fail to make a payment to the owner of the distressed property so that the owner of the distressed property has received consideration in an amount of at least 82% of the property's fair market value at the time of conveyance or at the expiration of the owner's option to repurchase.

(3) enter into repurchase or lease terms as part of the subsequent conveyance that are unfair or commercially unreasonable, or engage in any other unfair conduct;

(4) represent, directly or indirectly, that the distressed property purchaser is acting as an advisor or a consultant, or in any other manner represent that the distressed property purchaser is acting on behalf of the homeowner, or the distressed property purchaser is assisting the owner of the distressed property to "save the house", "buy time", or do anything couched in substantially similar language;

(5) misrepresent the distressed property purchaser's status as to licensure or certification;

(6) do any of the following until after the time during which the owner of a distressed property may cancel the transaction:

(A) accept from the owner of the distressed property an execution of any instrument of conveyance of any interest in the distressed property;

New matter indicated by italics - deletions by strikeout
(B) induce the owner of the distressed property to execute an instrument of conveyance of any interest in the distressed property; or

(C) record with the county recorder of deeds any document signed by the owner of the distressed property, including but not limited to any instrument of conveyance;

(7) fail to reconvey title to the distressed property when the terms of the conveyance contract have been fulfilled;

(8) induce the owner of the distressed property to execute a quit claim deed when entering into a distressed property conveyance;

(9) enter into a distressed property conveyance where any party to the transaction is represented by power of attorney;

(10) fail to extinguish all liens encumbering the distressed property, immediately following the conveyance of the distressed property, or fail to assume all liability with respect to the lien in foreclosure and prior liens that will not be extinguished by such foreclosure, which assumption shall be accomplished without violations of the terms and conditions of the lien being assumed. Nothing herein shall preclude a lender from enforcing any provision in a contract that is not otherwise prohibited by law;

(11) fail to complete a distressed property conveyance before a notary in the offices of a title company licensed by the Department of Financial and Professional Regulation, before an agent of such a title company, a notary in the office of a bank, or a licensed attorney where the notary is employed; or

(12) cause the property to be conveyed or encumbered without the knowledge or permission of the distressed property owner, or in any way frustrate the ability of the distressed property owner to complete the conveyance back to the distressed property owner.

(c) There is a rebuttable presumption that an appraisal by a person licensed or certified by an agency of this State or the federal government is an accurate determination of the fair market value of the property.
(d) "Consideration" in item (2) of subsection (b) means any payment or thing of value provided to the owner of the distressed property, including reasonable costs paid to independent third parties necessary to complete the distressed property conveyance or payment of money to satisfy a debt or legal obligation of the owner of the distressed property.

"Consideration" shall not include amounts imputed as a downpayment or fee to the distressed property purchaser, or a person acting in participation with the distressed property purchaser.

(e) An evaluation of "reasonable ability to pay" under subsection (b)(1) of this Section 50 shall include debt to income ratio, fair market value of the distressed property, and the distressed property owner's payment history. There is a rebuttable presumption that the distressed property purchaser has not verified reasonable payment ability if the distressed property purchaser has not obtained documents of assets, liabilities, and income, other than a statement by the owner of the distressed property.

Section 55. Civil remedies.
(a) A violation of any of the provisions of this Act constitutes an unlawful practice under the Consumer Fraud and Deceptive Business Practices Act. All remedies, penalties, and authority granted to the Attorney General or State's Attorney by the Consumer Fraud and Deceptive Business Practices Act shall be available to him or her for the enforcement of this Act.

(b) A consumer who suffers loss by reason of any violation of any provision of this Act may bring a civil action in accordance with the Consumer Fraud and Deceptive Business Practices Act to enforce that provision. All remedies and rights granted to a consumer by the Consumer Fraud and Deceptive Business Practices Act shall be available to the consumer bringing such an action. The remedies and rights provided for in this Act are not exclusive, but cumulative, and all other applicable claims, including, but not limited to, those brought under the doctrine of equitable mortgage, are specifically preserved.
Section 60. Criminal mortgage rescue fraud. A person commits the offense of criminal mortgage rescue fraud when he or she intentionally violates any provision enumerated in Section 50 of this Act.

Section 65. Criminal penalties. A person who commits the offense of criminal mortgage rescue fraud is guilty of a Class 2 felony.

Section 300. The Consumer Fraud and Deceptive Business Practices Act is amended by changing Section 2Z as follows:

(815 ILCS 505/2Z) (from Ch. 121 1/2, par. 262Z)

Sec. 2Z. Violations of other Acts. Any person who knowingly violates the Automotive Repair Act, the Automotive Collision Repair Act, the Home Repair and Remodeling Act, the Dance Studio Act, the Physical Fitness Services Act, the Hearing Instrument Consumer Protection Act, the Illinois Union Label Act, the Job Referral and Job Listing Services Consumer Protection Act, the Travel Promotion Consumer Protection Act, the Credit Services Organizations Act, the Automatic Telephone Dialers Act, the Pay-Per-Call Services Consumer Protection Act, the Telephone Solicitations Act, the Illinois Funeral or Burial Funds Act, the Cemetery Care Act, the Safe and Hygienic Bed Act, the Pre-Need Cemetery Sales Act, the High Risk Home Loan Act, the Payday Loan Reform Act, the Mortgage Rescue Fraud Act, subsection (a) or (b) of Section 3-10 of the Cigarette Tax Act, the Payday Loan Reform Act, subsection (a) or (b) of Section 3-10 of the Cigarette Use Tax Act, the Electronic Mail Act, paragraph (6) of subsection (k) of Section 6-305 of the Illinois Vehicle Code, Article 3 of the Residential Real Property Disclosure Act, the Automatic Contract Renewal Act, or the Personal Information Protection Act commits an unlawful practice within the meaning of this Act.

(d) Sentence.

(1) A person convicted of identity theft in violation of paragraph (1) of subsection (a) shall be sentenced as follows:

   (A) identity theft of credit, money, goods, services, or other property not exceeding $300 in value is a Class 4 felony. A person who has been previously convicted of identity theft of less than $300 who is convicted of a second or subsequent offense of identity theft of less than $300 is guilty of a Class 3 felony. A person who has been convicted of identity theft of less than $300 who has been previously convicted of any type of theft, robbery, armed robbery, burglary, residential burglary, possession of burglary tools, home invasion, home repair fraud, aggravated home repair fraud, or financial exploitation of an elderly or disabled person is guilty of a Class 3 felony. When a person has any such prior conviction, the information or indictment charging that person shall state the prior conviction so as to give notice of the State's intention to treat the charge as a Class 3 felony. The fact of the prior conviction is not an element of the offense and may not be disclosed to the jury during trial unless otherwise permitted by issues properly raised during the trial.

   (B) Identity theft of credit, money, goods, services, or other property exceeding $300 and not exceeding $2,000 in value is a Class 3 felony.

   (C) Identity theft of credit, money, goods, services, or other property exceeding $2,000 and not exceeding $10,000 in value is a Class 2 felony.

   (D) Identity theft of credit, money, goods, services, or other property exceeding $10,000 and not exceeding $100,000 in value is a Class 1 felony.
(E) Identity theft of credit, money, goods, services, or other property exceeding $100,000 in value is a Class X felony.

(2) A person convicted of any offense enumerated in paragraphs (2) through (5) of subsection (a) is guilty of a Class 3 felony.

(3) A person convicted of any offense enumerated in paragraphs (2) through (5) of subsection (a) a second or subsequent time is guilty of a Class 2 felony.

(4) A person who, within a 12 month period, is found in violation of any offense enumerated in paragraphs (2) through (5) of subsection (a) with respect to the identifiers of 3 or more separate individuals, at the same time or consecutively, is guilty of a Class 2 felony.

(5) A person convicted of identity theft in violation of paragraph (2) of subsection (a) who uses any personal identification information or personal identification document of another to purchase methamphetamine manufacturing material as defined in Section 10 of the Methamphetamine Control and Community Protection Act with the intent to unlawfully manufacture methamphetamine is guilty of a Class 2 felony for a first offense and a Class 1 felony for a second or subsequent offense.

(House Bill No. 5348)

AN ACT concerning burn injury reporting.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

New matter indicated by italics - deletions by strikeout
Section 1. Short title. This Act may be cited as the Burn Injury Reporting Act.

Section 5. Burn injury reporting.
(a) Every case of a burn injury treated in a hospital as described in this Act may be reported to the Office of the State Fire Marshal. The hospital's administrator, manager, superintendent, or his or her designee deciding to report under this Act shall make an oral report of every burn injury in a timely manner as soon as treatment permits, except as provided in subsection (c) of this Section, that meets one of the following criteria:

(1) a person receives a serious second-degree burn or a third degree burn, but not a radiation burn, to 10% or more of the person's body as a whole;
(2) a person sustains a burn to the upper respiratory tract or occurring laryngeal edema due to the inhalation of superheated air;
(3) a person sustains any burn injury likely to result in death; or
(4) a person sustains any other burn injury not excluded by subsection (c).

(b) The oral report shall consist of notification by telephone to the Office of the State Fire Marshal using a toll-free number established by the Office of the State Fire Marshal for this purpose.

(c) A hospital's administrator, manager, superintendent, or his or her designee deciding to report under this Act shall not report any of the following burn injuries:

(1) a burn injury of a first responder, as defined in Section 3.60 of the Emergency Medical Services (EMS) Systems Act, sustained in the line of duty;
(2) a burn injury caused by lighting;
(3) a burn injury caused by a motor vehicle accident; or
(4) a burn injury caused by an identifiable industrial accident or work-related accident.

Section 10. Report contents. The report shall consist of the following reported information to the extent available:

(1) Name, address, and date of birth of the victim.

New matter indicated by italics - deletions by strikeout
(2) Address where the burn injury occurred.
(3) Date and time of the burn occurrence.
(4) Degree of burn injury, percentage of the body affected by the burn injury, and the specific area of the body affected by the burn injury.
(5) The name and address of the facility treating the patient.

Section 15. Confidentiality. Information collected in these reports that could identify the hospital, any health care professional, any hospital staff, or the patient shall remain confidential and only be divulged as needed in the investigation or prosecution of a criminal offense. No information shall be included in the report naming or identifying any health care professional or hospital staff. The hospital medical records shall only be disclosed in accordance with Illinois law and the federal Health Insurance Portability and Accountability Act of 1996 and its rules.

Section 20. Good faith. With the exception of willful and wanton misconduct, any individual who in good faith acts in accordance with the terms of this Act or assisting in reporting shall not be subject to any civil or criminal liability or discipline for unprofessional conduct.

Section 25. Application. This Act applies only to hospitals that treat a patient initially for a burn injury. This Act does not apply to a hospital that receives a patient who has been transferred for a burn that was initially treated at another hospital. Nothing in this Act shall be construed to require a hospital to report burn injuries.

Section 30. Public information campaign. The Office of the State Fire Marshal shall conduct a public information campaign working in conjunction with hospitals, physicians, fire investigators, and law enforcement to inform hospitals of the opportunity to report burn injuries to the toll-free number maintained by the Office pursuant to this Act.

Section 300. The Regulatory Sunset Act is amended by adding Section 4.19a as follows:

(20 ILCS 3501/825-85 new)
Sec. 825-85. Ambulance revolving loan program.
(a) The Authority and the State Fire Marshal shall jointly
administer an ambulance revolving loan program. The program shall
provide zero-interest loans for the purchase of ambulances by a fire
department, a fire protection district, a township fire department, or a
non-profit ambulance service. The Authority shall make loans based on
need, as determined by the State Fire Marshal.
(b) The loan funds, subject to appropriation, shall be paid out of
the Ambulance Revolving Loan Fund, a special fund in the State treasury.
The Fund shall consist of any moneys transferred or appropriated into the
Fund, as well as all repayments of loans made under the program. The Fund
shall be used for loans to fire departments, fire protection districts,
and non-profit ambulance services to purchase ambulances and for no
other purpose. All interest earned on moneys in the Fund shall be
deposited into the Fund.
(c) A loan for the purchase of ambulances may not exceed
$100,000 to any fire department, fire protection district, or non-profit
ambulance service. The repayment period for the loan may not exceed 10
years. The fire department, fire protection district, or non-profit
ambulance service shall repay each year at least 5% of the principal
amount borrowed or the remaining balance of the loan, whichever is less.

controlled substances of the prescriber, if he is required by those laws to 
be registered. If the prescription is for an animal it shall state the species of 
animal for which it is ordered. The practitioner filling the prescription 
shall write the date of filling and his own signature on the face of the 
written prescription. The written prescription shall be retained on file by 
the practitioner who filled it or pharmacy in which the prescription was 
filled for a period of 2 years, so as to be readily accessible for inspection or 
removal by any officer or employee engaged in the enforcement of this 
Act. Whenever the practitioner's or pharmacy's copy of any prescription is 
removed by an officer or employee engaged in the enforcement of this Act, 
for the purpose of investigation or as evidence, such officer or employee 
shall give to the practitioner or pharmacy a receipt in lieu thereof. A 
prescription for a Schedule II controlled substance shall not be filled more 
than 7 days after the date of issuance. A written prescription for Schedule 
III, IV or V controlled substances shall not be filled or refilled more than 6 
months after the date thereof or refilled more than 5 times unless renewed, 
in writing, by the prescriber.

(b) In lieu of a written prescription required by this Section, a 
pharmacist, in good faith, may dispense Schedule III, IV, or V substances 
to any person either upon receiving a facsimile of a written, signed 
prescription transmitted by the prescriber or the prescriber's agent or upon

The facsimile copy of the prescription or oral prescription and the written memorandum thereof shall not be filled or refilled more than 6 months after the date thereof or be refilled more than 5 times, unless renewed, in writing, by the prescriber.

(c) Except for any non-prescription targeted methamphetamine precursor regulated by as defined in the Methamphetamine Precursor Control Act, a controlled substance included in Schedule V shall not be distributed or dispensed other than for a medical purpose and not for the purpose of evading this Act, and then:

1. only personally by a person registered to dispense a Schedule V controlled substance and then only to his patients, or
2. only personally by a pharmacist, and then only to a person over 21 years of age who has identified himself to the pharmacist by means of 2 positive documents of identification.
3. the dispenser shall record the name and address of the purchaser, the name and quantity of the product, the date and time of the sale, and the dispenser's signature.
4. no person shall purchase or be dispensed more than 120 milliliters or more than 120 grams of any Schedule V substance which contains codeine, dihydrocodeine, or any salts thereof, or ethylmorphine, or any salts thereof, in any 96 hour period. The purchaser shall sign a form, approved by the Department of Professional Regulation, attesting that he has not purchased any Schedule V controlled substances within the immediately preceding 96 hours.
5. a copy of the records of sale, including all information required by paragraph (3), shall be forwarded to the Department of Professional Regulation at its principal office by the 15th day of the following month.
6. all records of purchases and sales shall be maintained for not less than 2 years.
(7) no person shall obtain or attempt to obtain within any consecutive 96 hour period any Schedule V substances of more than 120 milliliters or more than 120 grams containing codeine, dihydrocodeine or any of its salts, or ethylmorphine or any of its salts. Any person obtaining any such preparations or combination of preparations in excess of this limitation shall be in unlawful possession of such controlled substance.

(8) a person qualified to dispense controlled substances under this Act and registered thereunder shall at no time maintain or keep in stock a quantity of Schedule V controlled substances defined and listed in Section 212 (b) (1), (2) or (3) in excess of 4.5 liters for each substance; a pharmacy shall at no time maintain or keep in stock a quantity of Schedule V controlled substances as defined in excess of 4.5 liters for each substance, plus the additional quantity of controlled substances necessary to fill the largest number of prescription orders filled by that pharmacy for such controlled substances in any one week in the previous year. These limitations shall not apply to Schedule V controlled substances which Federal law prohibits from being dispensed without a prescription.

(9) no person shall distribute or dispense butyl nitrite for inhalation or other introduction into the human body for euphoric or physical effect.

(d) Every practitioner shall keep a record of controlled substances received by him and a record of all such controlled substances administered, dispensed or professionally used by him otherwise than by prescription. It shall, however, be sufficient compliance with this paragraph if any practitioner utilizing controlled substances listed in Schedules III, IV and V shall keep a record of all those substances dispensed and distributed by him other than those controlled substances which are administered by the direct application of a controlled substance, whether by injection, inhalation, ingestion, or any other means to the body of a patient or research subject. A practitioner who dispenses, other than by administering, a controlled substance in Schedule II, which is a narcotic

drug listed in Section 206 of this Act, or which contains any quantity of amphetamine or methamphetamine, their salts, optical isomers or salts of optical isomers, pentazocine, or methaqualone shall do so only upon the issuance of a written prescription blank by a prescriber.

(e) Whenever a manufacturer distributes a controlled substance in a package prepared by him, and whenever a wholesale distributor distributes a controlled substance in a package prepared by him or the manufacturer, he shall securely affix to each package in which that substance is contained a label showing in legible English the name and address of the manufacturer, the distributor and the quantity, kind and form of controlled substance contained therein. No person except a pharmacist and only for the purposes of filling a prescription under this Act, shall alter, deface or remove any label so affixed.

(f) Whenever a practitioner dispenses any controlled substance except a non-prescription targeted methamphetamine precursor regulated by as defined in the Methamphetamine Precursor Control Act, he shall affix to the container in which such substance is sold or dispensed, a label indicating the date of initial filling, the practitioner's name and address, the name of the patient, the name of the prescriber, the directions for use and cautionary statements, if any, contained in any prescription or required by law, the proprietary name or names or the established name of the controlled substance, and the dosage and quantity, except as otherwise authorized by regulation by the Department of Professional Regulation. No person shall alter, deface or remove any label so affixed.

(g) A person to whom or for whose use any controlled substance has been prescribed or dispensed by a practitioner, or other persons authorized under this Act, and the owner of any animal for which such substance has been prescribed or dispensed by a veterinarian, may lawfully possess such substance only in the container in which it was delivered to him by the person dispensing such substance.

(h) The responsibility for the proper prescribing or dispensing of controlled substances is upon the prescriber and the responsibility for the proper filling of a prescription for controlled substance drugs rests with the pharmacist. An order purporting to be a prescription issued to any
individual, which is not in the regular course of professional treatment nor part of an authorized methadone maintenance program, nor in legitimate and authorized research instituted by any accredited hospital, educational institution, charitable foundation, or federal, state or local governmental agency, and which is intended to provide that individual with controlled substances sufficient to maintain that individual's or any other individual's physical or psychological addiction, habitual or customary use, dependence, or diversion of that controlled substance is not a prescription within the meaning and intent of this Act; and the person issuing it, shall be subject to the penalties provided for violations of the law relating to controlled substances.

(i) A prescriber shall not preprint or cause to be preprinted a prescription for any controlled substance; nor shall any practitioner issue, fill or cause to be issued or filled, a preprinted prescription for any controlled substance.

(j) No person shall manufacture, dispense, deliver, possess with intent to deliver, prescribe, or administer or cause to be administered under his direction any anabolic steroid, for any use in humans other than the treatment of disease in accordance with the order of a physician licensed to practice medicine in all its branches for a valid medical purpose in the course of professional practice. The use of anabolic steroids for the purpose of hormonal manipulation that is intended to increase muscle mass, strength or weight without a medical necessity to do so, or for the intended purpose of improving physical appearance or performance in any form of exercise, sport, or game, is not a valid medical purpose or in the course of professional practice.

Sec. 15. Participation in methamphetamine manufacturing.

(a) Participation in methamphetamine manufacturing.

New matter indicated by italics - deletions by strikeout
(1) It is unlawful to *knowingly* participate in the manufacture of methamphetamine with the intent that methamphetamine or a substance containing methamphetamine be produced.

(2) A person who violates paragraph (1) of this subsection (a) is subject to the following penalties:

   (A) A person who participates in the manufacture of less than 15 grams of methamphetamine or a substance containing methamphetamine is guilty of a Class 1 felony.

   (B) A person who participates in the manufacture of 15 or more grams but less than 100 grams of methamphetamine or a substance containing methamphetamine is guilty of a Class X felony, subject to a term of imprisonment of not less than 6 years and not more than 30 years, and subject to a fine not to exceed $100,000 or the street value of the methamphetamine manufactured, whichever is greater.

   (C) A person who participates in the manufacture of 100 or more grams but less than 400 grams of methamphetamine or a substance containing methamphetamine is guilty of a Class X felony, subject to a term of imprisonment of not less than 9 years and not more than 40 years, and subject to a fine not to exceed $200,000 or the street value of the methamphetamine manufactured, whichever is greater.

   (D) A person who participates in the manufacture of 400 or more grams but less than 900 grams of methamphetamine or a substance containing methamphetamine is guilty of a Class X felony, subject to a term of imprisonment of not less than 12 years and not more than 50 years, and subject to a fine not to exceed $300,000 or the street value of the methamphetamine manufactured, whichever is greater.
(E) A person who participates in the manufacture of 900 grams or more of methamphetamine or a substance containing methamphetamine is guilty of a Class X felony, subject to a term of imprisonment of not less than 15 years and not more than 60 years, and subject to a fine not to exceed $400,000 or the street value of the methamphetamine, whichever is greater.

(b) Aggravated participation in methamphetamine manufacturing.

(1) It is unlawful to engage in aggravated participation in the manufacture of methamphetamine. A person engages in aggravated participation in the manufacture of methamphetamine when the person violates paragraph (1) of subsection (a) and:

(A) the person knowingly does so in a multi-unit dwelling;

(B) the person knowingly does so in a structure or vehicle where a child under the age of 18, a person with a disability, or a person 60 years of age or older who is incapable of adequately providing for his or her own health and personal care resides, is present, or is endangered by the manufacture of methamphetamine;

(C) the person does so in a structure or vehicle where a woman the person knows to be pregnant (including but not limited to the person herself) resides, is present, or is endangered by the methamphetamine manufacture;

(D) the person knowingly does so in a structure or vehicle protected by one or more firearms, explosive devices, booby traps, alarm systems, surveillance systems, guard dogs, or dangerous animals;

(E) the methamphetamine manufacturing in which the person participates is a contributing cause of the death, serious bodily injury, disability, or disfigurement of another person, including but not limited to an emergency service provider;

(F) the methamphetamine manufacturing in which
the person participates is a contributing cause of a fire or
explosion that damages property belonging to another
person; or

(G) the person knowingly organizes, directs, or
finances the methamphetamine manufacturing or activities
carried out in support of the methamphetamine
manufacturing.

(2) A person who violates paragraph (1) of this subsection
(b) is subject to the following penalties:

(A) A person who participates in the manufacture of
less than 15 grams of methamphetamine or a substance
containing methamphetamine is guilty of a Class X felony,
subject to a term of imprisonment of not less than 6 years
and not more than 30 years, and subject to a fine not to
exceed $100,000 or the street value of the
methamphetamine, whichever is greater.

15 or more grams but less than 100 grams of
methamphetamine or a substance containing
methamphetamine is guilty of a Class X felony, subject to a
term of imprisonment of not less than 9 years and not more
than 40 years, and subject to a fine not to exceed $200,000
or the street value of the methamphetamine, whichever is
greater.

(C) A person who participates in the manufacture of
100 or more grams but less than 400 grams of
methamphetamine or a substance containing
methamphetamine is guilty of a Class X felony, subject to a
term of imprisonment of not less than 12 years and not
more than 50 years, and subject to a fine not to exceed
$300,000 or the street value of the methamphetamine,
whichever is greater.

Sec. 20. Methamphetamine precursor.
(a) Methamphetamine precursor or substance containing any methamphetamine precursor in standard dosage form.

(1) It is unlawful to knowingly possess, procure, transport, store, or deliver any methamphetamine precursor or substance containing any methamphetamine precursor in standard dosage form with the intent that it be used to manufacture methamphetamine or a substance containing methamphetamine.

(2) A person who violates paragraph (1) of this subsection (a) is subject to the following penalties:

(A) A person who possesses, procures, transports, stores, or delivers less than 15 grams of methamphetamine precursor or substance containing any methamphetamine precursor is guilty of a Class 2 felony.

(B) A person who possesses, procures, transports, stores, or delivers 15 or more grams but less than 30 grams of methamphetamine precursor or substance containing any methamphetamine precursor is guilty of a Class 1 felony.

(C) A person who possesses, procures, transports, stores, or delivers 30 or more grams but less than 150 grams of methamphetamine precursor or substance containing any methamphetamine precursor is guilty of a Class X felony, subject to a term of imprisonment of not less than 6 years and not more than 30 years, and subject to a fine not to exceed $100,000.

New matter indicated by italics - deletions by strikeout
(D) A person who possesses, procures, transports, stores, or delivers 150 or more grams but less than 500 grams of methamphetamine precursor or substance containing any methamphetamine precursor is guilty of a Class X felony, subject to a term of imprisonment of not less than 8 years and not more than 40 years, and subject to a fine not to exceed $200,000.

(E) A person who possesses, procures, transports, stores, or delivers 500 or more grams of methamphetamine precursor or substance containing any methamphetamine precursor is guilty of a Class X felony, subject to a term of imprisonment of not less than 10 years and not more than 50 years, and subject to a fine not to exceed $300,000.

(b) Methamphetamine precursor or substance containing any methamphetamine precursor in any form other than a standard dosage form.

(1) It is unlawful to knowingly possess, procure, transport, store, or deliver any methamphetamine precursor or substance containing any methamphetamine precursor in any form other than a standard dosage form with the intent that it be used to manufacture methamphetamine or a substance containing methamphetamine.

(2) A person who violates paragraph (1) of this subsection (b) is subject to the following penalties:

(A) A person who violates paragraph (1) of this subsection (b) with the intent that less than 10 grams of methamphetamine or a substance containing methamphetamine be manufactured is guilty of a Class 2 felony.

(B) A person who violates paragraph (1) of this subsection (b) with the intent that 10 or more grams but less than 20 grams of methamphetamine or a substance containing methamphetamine be manufactured is guilty of a Class 1 felony.
(C) A person who violates paragraph (1) of this subsection (b) with the intent that 20 or more grams but less than 100 grams of methamphetamine or a substance containing methamphetamine be manufactured is guilty of a Class X felony, subject to a term of imprisonment of not less than 6 years and not more than 30 years, and subject to a fine not to exceed $100,000.

(D) A person who violates paragraph (1) of this subsection (b) with the intent that 100 or more grams but less than 350 grams of methamphetamine or a substance containing methamphetamine be manufactured is guilty of a Class X felony, subject to a term of imprisonment of not less than 8 years and not more than 40 years, and subject to a fine not to exceed $200,000.

(E) A person who violates paragraph (1) of this subsection (b) with the intent that 350 or more grams of methamphetamine or a substance containing methamphetamine be manufactured is guilty of a Class X felony, subject to a term of imprisonment of not less than 10 years and not more than 50 years, and subject to a fine not to exceed $300,000.

(c) Rule of evidence. The presence of any methamphetamine precursor in a sealed, factory imprinted container, including, but not limited to, a bottle, box, package, or blister pack, at the time of seizure by law enforcement, is prima facie evidence that the methamphetamine precursor located within the container is in fact the material so described and in the amount listed on the container. The factory imprinted container is admissible for a violation of this Act for purposes of proving the contents of the container.

Sec. 20. Restrictions on purchase, receipt, or acquisition.

(a) Except as provided in subsection (e) of this Section, any person 18 years of age or older wishing to purchase, receive, or otherwise acquire a targeted methamphetamine precursor shall, prior to taking possession of the targeted methamphetamine precursor:

(1) provide a driver's license or other government-issued identification showing the person's name, date of birth, and photograph; and

(2) sign a log documenting the name and address of the person, date and time of the transaction, and brand and product name and total quantity distributed of ephedrine or pseudoephedrine, their salts, or optical isomers, or salts of optical isomers.

(b) Except as provided in subsection (e) of this Section, no person shall knowingly purchase, receive, or otherwise acquire, within any 30-day period products containing more than a total of 7,500 milligrams of ephedrine or pseudoephedrine, their salts or optical isomers, or salts of optical isomers.

(c) Except as provided in subsections (d) and (e) of this Section, no person shall knowingly purchase, receive, or otherwise acquire more than 2 targeted packages in a single retail transaction.

(d) Except as provided in subsection (e) of this Section, no person shall knowingly purchase, receive, or otherwise acquire more than one convenience package from a retail location other than a pharmacy counter in a 24-hour period.

(e) This Section shall not apply to any person who purchases, receives, or otherwise acquires a targeted methamphetamine precursor for

Sec. 25. Pharmacies.

(a) No targeted methamphetamine precursor may be knowingly distributed through a pharmacy, including a pharmacy located within, owned by, operated by, or associated with a retail distributor unless all terms of this Section are satisfied.

(b) Any targeted methamphetamine precursor other than a convenience package or a liquid, including but not limited to any targeted methamphetamine precursor in liquid-filled capsules, shall: (1) be packaged in blister packs, with each blister containing not more than 2 dosage units, or when the use of blister packs is technically infeasible, in unit dose packets. Each targeted package shall;

and (2) contain no more than 3,000 milligrams of ephedrine or pseudoephedrine, their salts or optical isomers, or salts of optical isomers.

(c) The targeted methamphetamine precursor shall be stored behind the pharmacy counter and distributed by a pharmacist or pharmacy technician licensed under the Pharmacy Practice Act of 1987.

(d) Any retail distributor operating a pharmacy, and any pharmacist or pharmacy technician involved in the transaction or transactions, shall ensure that any person purchasing, receiving, or otherwise acquiring the targeted methamphetamine precursor complies with subsection (a) of Section 20 of this Act.

(e) Any retail distributor operating a pharmacy, and any pharmacist or pharmacy technician involved in the transaction or transactions, shall verify that:

(1) The person purchasing, receiving, or otherwise acquiring the targeted methamphetamine precursor is 18 years of age or older and resembles the photograph of the person on the government-issued identification presented by the person; and
(2) The name entered into the log referred to in subsection 
(a) of Section 20 of this Act corresponds to the name on the 
government-issued identification presented by the person. 

(f) The logs referred to in subsection (a) of Section 20 of this Act 
shall be kept confidential, maintained for not less than 2 years, and made 
available for inspection and copying by any law enforcement officer upon 
request of that officer. These logs may be kept in an electronic format if 
they include all the information specified in subsection (a) of Section 20 of 
this Act in a manner that is readily retrievable and reproducible in hard-
copy format. 

(g) No retail distributor operating a pharmacy, and no pharmacist 
or pharmacy technician, shall knowingly distribute any targeted 
ephedrine or pseudoephedrine, their salts or optical isomers, or salts of optical isomers.

(j) A pharmacist or pharmacy technician may distribute a targeted 
ephedrine or pseudoephedrine, their salts or optical isomers.

(1) the person presents a driver's license issued without a 
photograph by the State of Illinois pursuant to the Illinois 
Administrative Code, Title 92, Section 1030.90(b)(1) or 
1030.90(b)(2); or

(720 ILCS 648/35)

Sec. 35. Retail distributors; training requirements.

(a) Every retail distributor of any targeted methamphetamine precursor shall train each sales employee on the topics listed on the certification form described in subsection (b) of this Section. This training may be conducted by a live trainer or by means of a computer-based training program. This training shall be completed within 30 days of the effective date of this Act or within 30 days of the date that each sales employee begins working for the retail distributor, whichever of these 2 dates comes later.

(b) Immediately after training each sales employee as required in subsection (a) of this Section, every retail distributor of any targeted methamphetamine precursor shall have each sales employee read, sign, and date a certification containing the following language:

(1) My name is (insert name of employee) and I am an employee of (insert name of business) at (insert street address).

(2) I understand that in Illinois there are laws governing the sale of certain over-the-counter medications that contain a chemical called ephedrine or a second chemical called

New matter indicated by italics - deletions by strikeout
pseudoephedrine. Medications that are subject to these laws are called "targeted methamphetamine precursors".

(3) I understand that "targeted methamphetamine precursors" can be used to manufacture the illegal and dangerous drug methamphetamine and that methamphetamine is causing great harm to individuals, families, communities, the economy, and the environment throughout Illinois.

(4) I understand that under Illinois law, unless they are at a pharmacy counter, customers can only purchase small "convenience packages" of "targeted methamphetamine precursors".

(5) I understand that under Illinois law, customers can only purchase these "convenience packages" if they are 18 years of age or older, show identification, and sign a log according to procedures that have been described to me.

(6) I understand that under Illinois law, I cannot sell more than one "convenience package" to a single customer in one 24-hour period.

(7) I understand that under Illinois law, I cannot sell "targeted methamphetamine precursors" to a person if I know that the person is going to use them to make methamphetamine.

(8) I understand that there are a number of ingredients that are used to make the illegal drug methamphetamine, including "targeted methamphetamine precursors" sold in "convenience packages". My employer has shown me a list of these various ingredients, and I have reviewed the list.

(9) I understand that there are certain procedures that I should follow if I suspect that a store customer is purchasing "targeted methamphetamine precursors" or other products for the purpose of manufacturing methamphetamine. These procedures have been described to me, and I understand them.

(c) A certification form of the type described in subsection (b) of this Section may be signed with a handwritten signature or an electronic signature that includes a unique identifier for each employee. The
certification shall be retained by the retail distributor for each sales employee for the duration of his or her employment and for at least 30 days following the end of his or her employment. Any such form shall be made available for inspection and copying by any law enforcement officer upon request of that officer. These records may be kept in electronic format if they include all the information specified in this Section in a manner that is readily retrievable and reproducible in hard-copy format.

(d) The Office of the Illinois Attorney General shall make available to retail distributors the list of methamphetamine ingredients referred to in subsection (b) of this Section.

(e) The training requirements set forth in this Section apply to the distribution of convenience packages away from pharmacy counters as set forth in Section 30 of this Act but do not apply to the distribution of targeted methamphetamine precursors through a pharmacy as set forth in Section 25 of this Act.

Sec. 60. Severability. The provisions of this Act are severable under Section 1.31 of the Statute on Statutes.

Section 97. Severability. The provisions of this Act are severable under Section 1.31 of the Statute on Statutes.

Section 99. Effective date. This Act takes effect upon becoming law.

Passed in the General Assembly April 6, 2006.
Approved June 5, 2006.
Effective June 5, 2006.
Section 1. Short title. This Act may be cited as the Methamphetamine Manufacturer Registry Act.

Section 5. Definition. As used in this Act, "methamphetamine manufacturer" means a person who has been convicted of any violation of Section 15 of the Methamphetamine Control and Community Protection Act.

Section 10. Methamphetamine Manufacturer Database.

(a) The Department of State Police shall establish and maintain a Methamphetamine Manufacturer Database for the purpose of identifying methamphetamine manufacturers and making that information available to law enforcement and the general public. For every person convicted of a violation of Section 15 of the Methamphetamine Control and Community Protection Act on or after the effective date of this Act, the methamphetamine manufacturer database shall contain information relating to each methamphetamine manufacturer. The information shall include the methamphetamine manufacturer's name, date of birth, offense or offenses requiring inclusion in the Methamphetamine Manufacturer Database, the conviction date and county of each such offense, and such other identifying information as the Department of State Police deems necessary to identify the methamphetamine manufacturer, but shall not include the social security number of the methamphetamine manufacturer.

(b) The Department of State Police must make the information contained in the Statewide Methamphetamine Manufacturer Database accessible on the Internet by means of a hyperlink labeled "Methamphetamine Manufacturer Information" on the Department's World Wide Web home page. The Department of State Police must update that information as it deems necessary.

(c) The Department of State Police must promulgate rules in accordance with the Illinois Administrative Procedure Act to implement this Section and those rules must include procedures to ensure that the information in the database is accurate, and that the information in the database reflects any changes based on the reversal of a conviction for an offense requiring inclusion in the Methamphetamine Manufacturer Database, or a court order requiring the sealing or expungement of records

relating to the offense. A certified copy of such an order shall be deemed prima facie true and correct and, shall be sufficient to require the immediate amendment or removal of any person's information from the Methamphetamine Manufacturer Database by the Department of State Police.

Section 15. Conviction Information.

(a) Within 60 days after the effective date of this Act, each circuit clerk shall forward monthly to the Department of State Police a copy of the judgment for each and all persons convicted of an offense within the definition of methamphetamine manufacturer, as defined in Section 5 of this Act, during the previous month.

(b) Within 120 days after the effective date of this Act, the Director of Corrections shall forward to the Department of State Police a list of all persons incarcerated or on mandatory supervised release, who have been convicted of an offense within the definition of methamphetamine manufacturer, as defined in Section 5 of this Act.

Section 99. Effective date. This Act takes effect upon becoming law.

Approved June 5, 2006

PUBLIC ACT 94-0832
(House Bill No. 5245)

AN ACT concerning health.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Department of Public Health Powers and Duties Law of the Civil Administrative Code of Illinois is amended by adding Section 2310-342 as follows:

(20 ILCS 2310/2310-342 new)
Sec. 2310-342. Umbilical cord blood donations.

New matter indicated by italics - deletions by strikeout
(a) Subject to appropriations for that purpose, the Department of Public Health shall, by January 1, 2007, prepare and distribute to health and maternal care providers written publications that include the following information:

(1) The medical processes involved in the collection of umbilical cord blood.

(2) The medical risks to a mother and her newborn child of umbilical cord blood collection.

(3) The current and potential future medical uses and benefits of umbilical cord blood collection to a mother, her newborn child, and her biological family.

(4) The current and potential future medical uses and benefits of umbilical cord blood collection to persons who are not biologically related to a mother or her newborn child.

(5) Any costs that may be incurred by a pregnant woman who chooses to make an umbilical cord blood donation.

(6) Options for ownership and future use of the donated material.

(7) The availability in Illinois of umbilical cord blood donations.

(b) In developing the publications required under subsection (a), the Department of Public Health shall consult with an organization of physicians licensed to practice medicine in all its branches and consumer groups. The Department shall update the publications every 2 years.

Section 10. The Hospital Licensing Act is amended by changing Section 6.21 as follows:

(210 ILCS 85/6.21)

Sec. 6.21. Umbilical cord blood donation.

(a) All licensed hospitals shall offer a pregnant patient the option to donate, to a publicly accessible certified cord blood bank, blood extracted from the umbilical cord following the delivery of a newborn child if the donation can be made at no expense to the patient or hospital for collection or storage.
(b) Nothing in this Section obligates a hospital to collect umbilical cord blood if, in the professional judgment of a physician licensed to practice medicine in all its branches or a nurse, the collection would threaten the health of the mother or child.

(c) Nothing in this Section imposes a requirement upon any hospital employee, physician, nurse, or hospital that is directly affiliated with a bona fide religious denomination that includes as an integral part of its beliefs and practices the tenet that blood transfer is contrary to the moral principles the denomination considers to be an essential part of its beliefs.

(d) Subject to appropriations for that purpose, the Department of Public Health shall make the maximization of umbilical cord blood donations a public health goal. All licensed hospitals and birthing centers shall cooperate with the Department of Public Health in implementing this goal of increasing donations of umbilical cord blood.

References in this Act to the Office of Banks and Real Estate or "the Office" mean the Department of Financial and Professional Regulation.

References in this Act to the Commissioner of Banks and Real Estate or "the Commissioner" mean the Secretary of Financial and Professional Regulation.

Sec. 1-5. Prohibitions.

(a) No person or group of persons, except an association duly incorporated under this Act or a prior Act or a Federal association or a foreign association duly authorized to do business in this State, shall transact business within the scope of this Act or do any business under any name or title or circulate or use any advertising or make any representation or give any information to any person which indicates or reasonably implies the operation of a business which is within the scope of this Act.

(b) A circuit court may issue an injunction to restrain any person from violating or continuing to violate subsection (a) any of the foregoing provisions of this Section.

(b-5) Except as otherwise expressly permitted by law or with the written consent of the association, no person or group of persons may use the name of or a name similar to the name of an existing association when marketing or soliciting business from customers or prospective customers if the name or similar name is used in a manner that would cause a reasonable person to believe that the marketing material or solicitation originated from or is endorsed by the existing association or that the existing association is in any other way responsible for the marketing material or solicitation.

(c) Any person or group of persons who violates subsection (a) of any provision of this Section commits a business offense and shall be fined not to exceed $5,000.

(d) In addition to any other available remedies, an existing association may report an alleged violation of any provision of this Section to the Secretary. If the Secretary of Financial and Professional Regulation finds that any person or group of persons is in violation of any

Sec. 18-8.05 Basis for apportionment of general State financial aid and supplemental general State aid to the common schools for the 1998-1999 and subsequent school years.

(A) General Provisions.

(1) The provisions of this Section apply to the 1998-1999 and subsequent school years. The system of general State financial aid provided for in this Section is designed to assure that, through a combination of State financial aid and required local resources, the financial support provided each pupil in Average Daily Attendance equals or exceeds a prescribed per pupil Foundation Level. This formula approach imputes a level of per pupil Available Local Resources and provides for the basis to calculate a per pupil level of general State financial aid that, when added to Available Local Resources, equals or exceeds the Foundation Level. The amount of per pupil general State financial aid for school districts, in general, varies in inverse relation to Available Local Resources. Per pupil amounts are based upon each school district's Average Daily Attendance as that term is defined in this Section.

(2) In addition to general State financial aid, school districts with specified levels or concentrations of pupils from low income households are eligible to receive supplemental general State financial aid grants as provided pursuant to subsection (H). The supplemental State aid grants provided for school districts under subsection (H) shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section.

(3) To receive financial assistance under this Section, school districts are required to file claims with the State Board of Education, subject to the following requirements:

New matter indicated by italics - deletions by strikeout
(a) Any school district which fails for any given school year to maintain school as required by law, or to maintain a recognized school is not eligible to file for such school year any claim upon the Common School Fund. In case of nonrecognition of one or more attendance centers in a school district otherwise operating recognized schools, the claim of the district shall be reduced in the proportion which the Average Daily Attendance in the attendance center or centers bear to the Average Daily Attendance in the school district. A "recognized school" means any public school which meets the standards as established for recognition by the State Board of Education. A school district or attendance center not having recognition status at the end of a school term is entitled to receive State aid payments due upon a legal claim which was filed while it was recognized.

(b) School district claims filed under this Section are subject to Sections 18-9, 18-10, and 18-12, except as otherwise provided in this Section.

(c) If a school district operates a full year school under Section 10-19.1, the general State aid to the school district shall be determined by the State Board of Education in accordance with this Section as near as may be applicable.

(d) (Blank).

(4) Except as provided in subsections (H) and (L), the board of any district receiving any of the grants provided for in this Section may apply those funds to any fund so received for which that board is authorized to make expenditures by law.

School districts are not required to exert a minimum Operating Tax Rate in order to qualify for assistance under this Section.

(5) As used in this Section the following terms, when capitalized, shall have the meaning ascribed herein:

(a) "Average Daily Attendance": A count of pupil attendance in school, averaged as provided for in subsection (C) and utilized in deriving per pupil financial support levels.

New matter indicated by italics - deletions by strikeout
(b) "Available Local Resources": A computation of local financial support, calculated on the basis of Average Daily Attendance and derived as provided pursuant to subsection (D).

(c) "Corporate Personal Property Replacement Taxes": Funds paid to local school districts pursuant to "An Act in relation to the abolition of ad valorem personal property tax and the replacement of revenues lost thereby, and amending and repealing certain Acts and parts of Acts in connection therewith", certified August 14, 1979, as amended (Public Act 81-1st S.S.-1).

(d) "Foundation Level": A prescribed level of per pupil financial support as provided for in subsection (B).

(e) "Operating Tax Rate": All school district property taxes extended for all purposes, except Bond and Interest, Summer School, Rent, Capital Improvement, and Vocational Education Building purposes.

**B. Foundation Level.**

1. The Foundation Level is a figure established by the State representing the minimum level of per pupil financial support that should be available to provide for the basic education of each pupil in Average Daily Attendance. As set forth in this Section, each school district is assumed to exert a sufficient local taxing effort such that, in combination with the aggregate of general State financial aid provided the district, an aggregate of State and local resources are available to meet the basic education needs of pupils in the district.

2. For the 1998-1999 school year, the Foundation Level of support is $4,225. For the 1999-2000 school year, the Foundation Level of support is $4,325. For the 2000-2001 school year, the Foundation Level of support is $4,425. For the 2001-2002 school year and 2002-2003 school year, the Foundation Level of support is $4,560. For the 2003-2004 school year, the Foundation Level of support is $4,810. For the 2004-2005 school year, the Foundation Level of support is $4,964. For the 2005-2006 school year, the Foundation Level of support is $5,164.

(3) For the 2006-2007 2005-2006 school year and each school year thereafter, the Foundation Level of support is $5,334 $5,164 or such greater amount as may be established by law by the General Assembly.

(C) Average Daily Attendance.

(1) For purposes of calculating general State aid pursuant to subsection (E), an Average Daily Attendance figure shall be utilized. The Average Daily Attendance figure for formula calculation purposes shall be the monthly average of the actual number of pupils in attendance of each school district, as further averaged for the best 3 months of pupil attendance for each school district. In compiling the figures for the number of pupils in attendance, school districts and the State Board of Education shall, for purposes of general State aid funding, conform attendance figures to the requirements of subsection (F).

(2) The Average Daily Attendance figures utilized in subsection (E) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated or the average of the attendance data for the 3 preceding school years, whichever is greater. The Average Daily Attendance figures utilized in subsection (H) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated.

(D) Available Local Resources.

(1) For purposes of calculating general State aid pursuant to subsection (E), a representation of Available Local Resources per pupil, as that term is defined and determined in this subsection, shall be utilized. Available Local Resources per pupil shall include a calculated dollar amount representing local school district revenues from local property taxes and from Corporate Personal Property Replacement Taxes, expressed on the basis of pupils in Average Daily Attendance. Calculation of Available Local Resources shall exclude any tax amnesty funds received as a result of Public Act 93-26.

(2) In determining a school district's revenue from local property taxes, the State Board of Education shall utilize the equalized assessed valuation of all taxable property of each school district as of September 30

of the previous year. The equalized assessed valuation utilized shall be obtained and determined as provided in subsection (G).

(3) For school districts maintaining grades kindergarten through 12, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 3.00%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades kindergarten through 8, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 2.30%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades 9 through 12, local property tax revenues per pupil shall be calculated as the applicable equalized assessed valuation of the district multiplied by 1.05%, and divided by the district's Average Daily Attendance figure.

(4) The Corporate Personal Property Replacement Taxes paid to each school district during the calendar year 2 years before the calendar year in which a school year begins, divided by the Average Daily Attendance figure for that district, shall be added to the local property tax revenues per pupil as derived by the application of the immediately preceding paragraph (3). The sum of these per pupil figures for each school district shall constitute Available Local Resources as that term is utilized in subsection (E) in the calculation of general State aid.

(E) Computation of General State Aid.

(1) For each school year, the amount of general State aid allotted to a school district shall be computed by the State Board of Education as provided in this subsection.

(2) For any school district for which Available Local Resources per pupil is less than the product of 0.93 times the Foundation Level, general State aid for that district shall be calculated as an amount equal to the Foundation Level minus Available Local Resources, multiplied by the Average Daily Attendance of the school district.

(3) For any school district for which Available Local Resources per pupil is equal to or greater than the product of 0.93 times the Foundation Level and less than the product of 1.75 times the Foundation Level, the

New matter indicated by italics - deletions by strikeout
general State aid per pupil shall be a decimal proportion of the Foundation Level derived using a linear algorithm. Under this linear algorithm, the calculated general State aid per pupil shall decline in direct linear fashion from 0.07 times the Foundation Level for a school district with Available Local Resources equal to the product of 0.93 times the Foundation Level, to 0.05 times the Foundation Level for a school district with Available Local Resources equal to the product of 1.75 times the Foundation Level. The allocation of general State aid for school districts subject to this paragraph 3 shall be the calculated general State aid per pupil figure multiplied by the Average Daily Attendance of the school district.

(4) For any school district for which Available Local Resources per pupil equals or exceeds the product of 1.75 times the Foundation Level, the general State aid for the school district shall be calculated as the product of $218 multiplied by the Average Daily Attendance of the school district.

(5) The amount of general State aid allocated to a school district for the 1999-2000 school year meeting the requirements set forth in paragraph (4) of subsection (G) shall be increased by an amount equal to the general State aid that would have been received by the district for the 1998-1999 school year by utilizing the Extension Limitation Equalized Assessed Valuation as calculated in paragraph (4) of subsection (G) less the general State aid allotted for the 1998-1999 school year. This amount shall be deemed a one time increase, and shall not affect any future general State aid allocations.

(F) Compilation of Average Daily Attendance.

(1) Each school district shall, by July 1 of each year, submit to the State Board of Education, on forms prescribed by the State Board of Education, attendance figures for the school year that began in the preceding calendar year. The attendance information so transmitted shall identify the average daily attendance figures for each month of the school year. Beginning with the general State aid claim form for the 2002-2003 school year, districts shall calculate Average Daily Attendance as provided in subdivisions (a), (b), and (c) of this paragraph (1).
(a) In districts that do not hold year-round classes, days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

(b) In districts in which all buildings hold year-round classes, days of attendance in July and August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

(c) In districts in which some buildings, but not all, hold year-round classes, for the non-year-round buildings, days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

The average daily attendance for the year-round buildings shall be computed as provided in subdivision (b) of this paragraph (1). To calculate the Average Daily Attendance for the district, the average daily attendance for the year-round buildings shall be multiplied by the days in session for the non-year-round buildings for each month and added to the monthly attendance of the non-year-round buildings.

Except as otherwise provided in this Section, days of attendance by pupils shall be counted only for sessions of not less than 5 clock hours of school work per day under direct supervision of: (i) teachers, or (ii) non-teaching personnel or volunteer personnel when engaging in non-teaching duties and supervising in those instances specified in subsection (a) of Section 10-22.34 and paragraph 10 of Section 34-18, with pupils of legal school age and in kindergarten and grades 1 through 12.

Days of attendance by tuition pupils shall be accredited only to the districts that pay the tuition to a recognized school.

(2) Days of attendance by pupils of less than 5 clock hours of school shall be subject to the following provisions in the compilation of Average Daily Attendance.

(a) Pupils regularly enrolled in a public school for only a part of the school day may be counted on the basis of 1/6 day for every class hour of instruction of 40 minutes or more attended pursuant to such enrollment, unless a pupil is enrolled in a block-
schedule format of 80 minutes or more of instruction, in which case the pupil may be counted on the basis of the proportion of minutes of school work completed each day to the minimum number of minutes that school work is required to be held that day.

(b) Days of attendance may be less than 5 clock hours on the opening and closing of the school term, and upon the first day of pupil attendance, if preceded by a day or days utilized as an institute or teachers' workshop.

(c) A session of 4 or more clock hours may be counted as a day of attendance upon certification by the regional superintendent, and approved by the State Superintendent of Education to the extent that the district has been forced to use daily multiple sessions.

(d) A session of 3 or more clock hours may be counted as a day of attendance (1) when the remainder of the school day or at least 2 hours in the evening of that day is utilized for an in-service training program for teachers, up to a maximum of 5 days per school year of which a maximum of 4 days of such 5 days may be used for parent-teacher conferences, provided a district conducts an in-service training program for teachers which has been approved by the State Superintendent of Education; or, in lieu of 4 such days, 2 full days may be used, in which event each such day may be counted as a day of attendance; and (2) when days in addition to those provided in item (1) are scheduled by a school pursuant to its school improvement plan adopted under Article 34 or its revised or amended school improvement plan adopted under Article 2, provided that (i) such sessions of 3 or more clock hours are scheduled to occur at regular intervals, (ii) the remainder of the school days in which such sessions occur are utilized for in-service training programs or other staff development activities for teachers, and (iii) a sufficient number of minutes of school work under the direct supervision of teachers are added to the school days between such regularly scheduled sessions to accumulate not less than the number of minutes by which such sessions of 3 or more clock
hours fall short of 5 clock hours. Any full days used for the purposes of this paragraph shall not be considered for computing average daily attendance. Days scheduled for in-service training programs, staff development activities, or parent-teacher conferences may be scheduled separately for different grade levels and different attendance centers of the district.

(e) A session of not less than one clock hour of teaching hospitalized or homebound pupils on-site or by telephone to the classroom may be counted as 1/2 day of attendance, however these pupils must receive 4 or more clock hours of instruction to be counted for a full day of attendance.

(f) A session of at least 4 clock hours may be counted as a day of attendance for first grade pupils, and pupils in full day kindergartens, and a session of 2 or more hours may be counted as 1/2 day of attendance by pupils in kindergartens which provide only 1/2 day of attendance.

(g) For children with disabilities who are below the age of 6 years and who cannot attend 2 or more clock hours because of their disability or immaturity, a session of not less than one clock hour may be counted as 1/2 day of attendance; however for such children whose educational needs so require a session of 4 or more clock hours may be counted as a full day of attendance.

(h) A recognized kindergarten which provides for only 1/2 day of attendance by each pupil shall not have more than 1/2 day of attendance counted in any one day. However, kindergartens may count 2 1/2 days of attendance in any 5 consecutive school days. When a pupil attends such a kindergarten for 2 half days on any one school day, the pupil shall have the following day as a day absent from school, unless the school district obtains permission in writing from the State Superintendent of Education. Attendance at kindergartens which provide for a full day of attendance by each pupil shall be counted the same as attendance by first grade pupils. Only the first year of attendance in one kindergarten shall be counted, except in case of children who entered the kindergarten in

their fifth year whose educational development requires a second year of kindergarten as determined under the rules and regulations of the State Board of Education.

(i) On the days when the Prairie State Achievement Examination is administered under subsection (c) of Section 2-3.64 of this Code, the day of attendance for a pupil whose school day must be shortened to accommodate required testing procedures may be less than 5 clock hours and shall be counted towards the 176 days of actual pupil attendance required under Section 10-19 of this Code, provided that a sufficient number of minutes of school work in excess of 5 clock hours are first completed on other school days to compensate for the loss of school work on the examination days.

(G) Equalized Assessed Valuation Data.

(1) For purposes of the calculation of Available Local Resources required pursuant to subsection (D), the State Board of Education shall secure from the Department of Revenue the value as equalized or assessed by the Department of Revenue of all taxable property of every school district, together with (i) the applicable tax rate used in extending taxes for the funds of the district as of September 30 of the previous year and (ii) the limiting rate for all school districts subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law.

The Department of Revenue shall add to the equalized assessed value of all taxable property of each school district situated entirely or partially within a county that is or was subject to the alternative general homestead exemption provisions of Section 15-176 of the Property Tax Code (a) an amount equal to the total amount by which the homestead exemption allowed under Section 15-176 of the Property Tax Code for real property situated in that school district exceeds the total amount that would have been allowed in that school district if the maximum reduction under Section 15-176 was (i) $4,500 in Cook County or $3,500 in all other counties in tax year 2003 or (ii) $5,000 in all counties in tax year 2004 and thereafter and (b) an amount equal to the aggregate amount for the taxable year of all additional exemptions under Section 15-175 of the Property Tax

Code for owners with a household income of $30,000 or less. The county clerk of any county that is or was subject to the alternative general homestead exemption provisions of Section 15-176 of the Property Tax Code shall annually calculate and certify to the Department of Revenue for each school district all homestead exemption amounts under Section 15-176 of the Property Tax Code and all amounts of additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of $30,000 or less. It is the intent of this paragraph that if the general homestead exemption for a parcel of property is determined under Section 15-176 of the Property Tax Code rather than Section 15-175, then the calculation of Available Local Resources shall not be affected by the difference, if any, between the amount of the general homestead exemption allowed for that parcel of property under Section 15-176 of the Property Tax Code and the amount that would have been allowed had the general homestead exemption for that parcel of property been determined under Section 15-175 of the Property Tax Code. It is further the intent of this paragraph that if additional exemptions are allowed under Section 15-175 of the Property Tax Code for owners with a household income of less than $30,000, then the calculation of Available Local Resources shall not be affected by the difference, if any, because of those additional exemptions.

This equalized assessed valuation, as adjusted further by the requirements of this subsection, shall be utilized in the calculation of Available Local Resources.

(2) The equalized assessed valuation in paragraph (1) shall be adjusted, as applicable, in the following manner:

(a) For the purposes of calculating State aid under this Section, with respect to any part of a school district within a redevelopment project area in respect to which a municipality has adopted tax increment allocation financing pursuant to the Tax Increment Allocation Redevelopment Act, Sections 11-74.4-1 through 11-74.4-11 of the Illinois Municipal Code or the Industrial Jobs Recovery Law, Sections 11-74.6-1 through 11-74.6-50 of the Illinois Municipal Code, no part of the current equalized assessed

New matter indicated by italics - deletions by strikeout
valuation of real property located in any such project area which is attributable to an increase above the total initial equalized assessed valuation of such property shall be used as part of the equalized assessed valuation of the district, until such time as all redevelopment project costs have been paid, as provided in Section 11-74.4-8 of the Tax Increment Allocation Redevelopment Act or in Section 11-74.6-35 of the Industrial Jobs Recovery Law. For the purpose of the equalized assessed valuation of the district, the total initial equalized assessed valuation or the current equalized assessed valuation, whichever is lower, shall be used until such time as all redevelopment project costs have been paid.

(b) The real property equalized assessed valuation for a school district shall be adjusted by subtracting from the real property value as equalized or assessed by the Department of Revenue for the district an amount computed by dividing the amount of any abatement of taxes under Section 18-170 of the Property Tax Code by 3.00% for a district maintaining grades kindergarten through 12, by 2.30% for a district maintaining grades kindergarten through 8, or by 1.05% for a district maintaining grades 9 through 12 and adjusted by an amount computed by dividing the amount of any abatement of taxes under subsection (a) of Section 18-165 of the Property Tax Code by the same percentage rates for district type as specified in this subparagraph (b).

(3) For the 1999-2000 school year and each school year thereafter, if a school district meets all of the criteria of this subsection (G)(3), the school district's Available Local Resources shall be calculated under subsection (D) using the district's Extension Limitation Equalized Assessed Valuation as calculated under this subsection (G)(3).

For purposes of this subsection (G)(3) the following terms shall have the following meanings:

"Budget Year": The school year for which general State aid is calculated and awarded under subsection (E).
"Base Tax Year": The property tax levy year used to calculate the Budget Year allocation of general State aid.

"Preceding Tax Year": The property tax levy year immediately preceding the Base Tax Year.

"Base Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Base Tax Year multiplied by the limiting rate as calculated by the County Clerk and defined in the Property Tax Extension Limitation Law.

"Preceding Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Preceding Tax Year multiplied by the Operating Tax Rate as defined in subsection (A).

"Extension Limitation Ratio": A numerical ratio, certified by the County Clerk, in which the numerator is the Base Tax Year's Tax Extension and the denominator is the Preceding Tax Year's Tax Extension.

"Operating Tax Rate": The operating tax rate as defined in subsection (A).

If a school district is subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation of that district. For the 1999-2000 school year, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the district's 1996 Equalized Assessed Valuation and the district's Extension Limitation Ratio. For the 2000-2001 school year and each school year thereafter, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the Equalized Assessed Valuation last used in the calculation of general State aid and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of a school district as calculated under this subsection (G)(3) is less than the district's equalized assessed valuation as calculated pursuant

New matter indicated by italics - deletions by strikeout
to subsections (G)(1) and (G)(2), then for purposes of calculating the district's general State aid for the Budget Year pursuant to subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources under subsection (D).

(4) For the purposes of calculating general State aid for the 1999-2000 school year only, if a school district experienced a triennial reassessment on the equalized assessed valuation used in calculating its general State financial aid apportionment for the 1998-1999 school year, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation that would have been used to calculate the district's 1998-1999 general State aid. This amount shall equal the product of the equalized assessed valuation used to calculate general State aid for the 1997-1998 school year and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of the school district as calculated under this paragraph (4) is less than the district's equalized assessed valuation utilized in calculating the district's 1998-1999 general State aid allocation, then for purposes of calculating the district's general State aid pursuant to paragraph (5) of subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources.

(5) For school districts having a majority of their equalized assessed valuation in any county except Cook, DuPage, Kane, Lake, McHenry, or Will, if the amount of general State aid allocated to the school district for the 1999-2000 school year under the provisions of subsection (E), (H), and (J) of this Section is less than the amount of general State aid allocated to the district for the 1998-1999 school year under these subsections, then the general State aid of the district for the 1999-2000 school year only shall be increased by the difference between these amounts. The total payments made under this paragraph (5) shall not exceed $14,000,000. Claims shall be prorated if they exceed $14,000,000.

(H) Supplemental General State Aid.

(1) In addition to the general State aid a school district is allotted pursuant to subsection (E), qualifying school districts shall receive a grant, paid in conjunction with a district's payments of general State aid, for

New matter indicated by italics - deletions by strikeout
supplemental general State aid based upon the concentration level of children from low-income households within the school district. Supplemental State aid grants provided for school districts under this subsection shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section. If the appropriation in any fiscal year for general State aid and supplemental general State aid is insufficient to pay the amounts required under the general State aid and supplemental general State aid calculations, then the State Board of Education shall ensure that each school district receives the full amount due for general State aid and the remainder of the appropriation shall be used for supplemental general State aid, which the State Board of Education shall calculate and pay to eligible districts on a prorated basis.

(1.5) This paragraph (1.5) applies only to those school years preceding the 2003-2004 school year. For purposes of this subsection (H), the term "Low-Income Concentration Level" shall be the low-income eligible pupil count from the most recently available federal census divided by the Average Daily Attendance of the school district. If, however, (i) the percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count of a high school district with fewer than 400 students exceeds by 75% or more the percentage change in the total low-income eligible pupil count of contiguous elementary school districts, whose boundaries are coterminous with the high school district, or (ii) a high school district within 2 counties and serving 5 elementary school districts, whose boundaries are coterminous with the high school district, has a percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count and there is a percentage increase in the total low-income eligible pupil count of a majority of the elementary school districts in excess of 50% from the 2 most recent federal censuses, then the high school district's low-income eligible pupil count from the earlier federal census shall be the number used as the low-income eligible pupil count for the high school district, for purposes of this subsection (H). The changes made to this paragraph (1) by Public Act 92-28 shall apply to supplemental general State aid grants for
school years preceding the 2003-2004 school year that are paid in fiscal year 1999 or thereafter and to any State aid payments made in fiscal year 1994 through fiscal year 1998 pursuant to subsection 1(n) of Section 18-8 of this Code (which was repealed on July 1, 1998), and any high school district that is affected by Public Act 92-28 is entitled to a recomputation of its supplemental general State aid grant or State aid paid in any of those fiscal years. This recomputation shall not be affected by any other funding.

(1.10) This paragraph (1.10) applies to the 2003-2004 school year and each school year thereafter. For purposes of this subsection (H), the term "Low-Income Concentration Level" shall, for each fiscal year, be the low-income eligible pupil count as of July 1 of the immediately preceding fiscal year (as determined by the Department of Human Services based on the number of pupils who are eligible for at least one of the following low income programs: Medicaid, KidCare, TANF, or Food Stamps, excluding pupils who are eligible for services provided by the Department of Children and Family Services, averaged over the 2 immediately preceding fiscal years for fiscal year 2004 and over the 3 immediately preceding fiscal years for each fiscal year thereafter) divided by the Average Daily Attendance of the school district.

(2) Supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 1998-1999, 1999-2000, and 2000-2001 school years only:

(a) For any school district with a Low Income Concentration Level of at least 20% and less than 35%, the grant for any school year shall be $800 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level of at least 35% and less than 50%, the grant for the 1998-1999 school year shall be $1,100 multiplied by the low income eligible pupil count.

(c) For any school district with a Low Income Concentration Level of at least 50% and less than 60%, the grant for the 1998-99 school year shall be $1,500 multiplied by the low income eligible pupil count.

New matter indicated by italics - deletions by strikeout
(d) For any school district with a Low Income Concentration Level of 60% or more, the grant for the 1998-99 school year shall be $1,900 multiplied by the low income eligible pupil count.

(e) For the 1999-2000 school year, the per pupil amount specified in subparagraphs (b), (c), and (d) immediately above shall be increased to $1,243, $1,600, and $2,000, respectively.

(f) For the 2000-2001 school year, the per pupil amounts specified in subparagraphs (b), (c), and (d) immediately above shall be $1,273, $1,640, and $2,050, respectively.

(2.5) Supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 2002-2003 school year:

(a) For any school district with a Low Income Concentration Level of less than 10%, the grant for each school year shall be $355 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level of at least 10% and less than 20%, the grant for each school year shall be $675 multiplied by the low income eligible pupil count.

(c) For any school district with a Low Income Concentration Level of at least 20% and less than 35%, the grant for each school year shall be $1,330 multiplied by the low income eligible pupil count.

(d) For any school district with a Low Income Concentration Level of at least 35% and less than 50%, the grant for each school year shall be $1,362 multiplied by the low income eligible pupil count.

(e) For any school district with a Low Income Concentration Level of at least 50% and less than 60%, the grant for each school year shall be $1,680 multiplied by the low income eligible pupil count.
(f) For any school district with a Low Income Concentration Level of 60% or more, the grant for each school year shall be $2,080 multiplied by the low income eligible pupil count.

(2.10) Except as otherwise provided, supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 2003-2004 school year and each school year thereafter:

(a) For any school district with a Low Income Concentration Level of 15% or less, the grant for each school year shall be $355 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level greater than 15%, the grant for each school year shall be $294.25 added to the product of $2,700 and the square of the Low Income Concentration Level, all multiplied by the low income eligible pupil count.

For the 2003-2004 school year, 2004-2005 school year, and 2006-2007 school year only, the grant shall be no less than the grant for the 2002-2003 school year. For the 2007-2008 school year only, the grant shall be no less than the grant for the 2002-2003 school year multiplied by 0.66. For the 2008-2009 school year only, the grant shall be no less than the grant for the 2002-2003 school year multiplied by 0.33. Notwithstanding the provisions of this paragraph to the contrary, if for any school year supplemental general State aid grants are prorated as provided in paragraph (1) of this subsection (H), then the grants under this paragraph shall be prorated.

For the 2003-2004 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.25 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year. For the 2004-2005 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.50 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year. For the 2005-2006

school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.75 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year.

(3) School districts with an Average Daily Attendance of more than 1,000 and less than 50,000 that qualify for supplemental general State aid pursuant to this subsection shall submit a plan to the State Board of Education prior to October 30 of each year for the use of the funds resulting from this grant of supplemental general State aid for the improvement of instruction in which priority is given to meeting the education needs of disadvantaged children. Such plan shall be submitted in accordance with rules and regulations promulgated by the State Board of Education.

(4) School districts with an Average Daily Attendance of 50,000 or more that qualify for supplemental general State aid pursuant to this subsection shall be required to distribute from funds available pursuant to this Section, no less than $261,000,000 in accordance with the following requirements:

(a) The required amounts shall be distributed to the attendance centers within the district in proportion to the number of pupils enrolled at each attendance center who are eligible to receive free or reduced-price lunches or breakfasts under the federal Child Nutrition Act of 1966 and under the National School Lunch Act during the immediately preceding school year.

(b) The distribution of these portions of supplemental and general State aid among attendance centers according to these requirements shall not be compensated for or contravened by adjustments of the total of other funds appropriated to any attendance centers, and the Board of Education shall utilize funding from one or several sources in order to fully implement this provision annually prior to the opening of school.

(c) Each attendance center shall be provided by the school district a distribution of noncategorical funds and other categorical funds.
funds to which an attendance center is entitled under law in order that the general State aid and supplemental general State aid provided by application of this subsection supplements rather than supplants the noncategorical funds and other categorical funds provided by the school district to the attendance centers.

(d) Any funds made available under this subsection that by reason of the provisions of this subsection are not required to be allocated and provided to attendance centers may be used and appropriated by the board of the district for any lawful school purpose.

(e) Funds received by an attendance center pursuant to this subsection shall be used by the attendance center at the discretion of the principal and local school council for programs to improve educational opportunities at qualifying schools through the following programs and services: early childhood education, reduced class size or improved adult to student classroom ratio, enrichment programs, remedial assistance, attendance improvement, and other educationally beneficial expenditures which supplement the regular and basic programs as determined by the State Board of Education. Funds provided shall not be expended for any political or lobbying purposes as defined by board rule.

(f) Each district subject to the provisions of this subdivision (H)(4) shall submit an acceptable plan to meet the educational needs of disadvantaged children, in compliance with the requirements of this paragraph, to the State Board of Education prior to July 15 of each year. This plan shall be consistent with the decisions of local school councils concerning the school expenditure plans developed in accordance with part 4 of Section 34-2.3. The State Board shall approve or reject the plan within 60 days after its submission. If the plan is rejected, the district shall give written notice of intent to modify the plan within 15 days of the notification of rejection and then submit a modified plan within 30 days after the date of the written notice of intent to modify.

Districts may amend approved plans pursuant to rules promulgated by the State Board of Education.

Upon notification by the State Board of Education that the district has not submitted a plan prior to July 15 or a modified plan within the time period specified herein, the State aid funds affected by that plan or modified plan shall be withheld by the State Board of Education until a plan or modified plan is submitted.

If the district fails to distribute State aid to attendance centers in accordance with an approved plan, the plan for the following year shall allocate funds, in addition to the funds otherwise required by this subsection, to those attendance centers which were underfunded during the previous year in amounts equal to such underfunding.

For purposes of determining compliance with this subsection in relation to the requirements of attendance center funding, each district subject to the provisions of this subsection shall submit as a separate document by December 1 of each year a report of expenditure data for the prior year in addition to any modification of its current plan. If it is determined that there has been a failure to comply with the expenditure provisions of this subsection regarding contravention or supplanting, the State Superintendent of Education shall, within 60 days of receipt of the report, notify the district and any affected local school council. The district shall within 45 days of receipt of that notification inform the State Superintendent of Education of the remedial or corrective action to be taken, whether by amendment of the current plan, if feasible, or by adjustment in the plan for the following year. Failure to provide the expenditure report or the notification of remedial or corrective action in a timely manner shall result in a withholding of the affected funds.

The State Board of Education shall promulgate rules and regulations to implement the provisions of this subsection. No funds shall be released under this subdivision (H)(4) to any district

(I) General State Aid for Newly Configured School Districts.

(1) For a new school district formed by combining property included totally within 2 or more previously existing school districts, for its first year of existence the general State aid and supplemental general State aid calculated under this Section shall be computed for the new district and for the previously existing districts for which property is totally included within the new district. If the computation on the basis of the previously existing districts is greater, a supplementary payment equal to the difference shall be made for the first 4 years of existence of the new district.

(2) For a school district which annexes all of the territory of one or more entire other school districts, for the first year during which the change of boundaries attributable to such annexation becomes effective for all purposes as determined under Section 7-9 or 7A-8, the general State aid and supplemental general State aid calculated under this Section shall be computed for the annexing district as constituted after the annexation and for the annexing and each annexed district as constituted prior to the annexation; and if the computation on the basis of the annexing and annexed districts as constituted prior to the annexation is greater, a supplementary payment equal to the difference shall be made for the first 4 years of existence of the annexing school district as constituted upon such annexation.

(3) For 2 or more school districts which annex all of the territory of one or more entire other school districts, and for 2 or more community unit districts which result upon the division (pursuant to petition under Section 11A-2) of one or more other unit school districts into 2 or more parts and which together include all of the parts into which such other unit school district or districts are so divided, for the first year during which the change of boundaries attributable to such annexation or division becomes effective for all purposes as determined under Section 7-9 or 11A-10, as the case may be, the general State aid and supplemental general State aid calculated under this Section shall be computed for each annexing or
resulting district as constituted after the annexation or division and for each annexing and annexed district, or for each resulting and divided district, as constituted prior to the annexation or division; and if the aggregate of the general State aid and supplemental general State aid as so computed for the annexing or resulting districts as constituted after the annexation or division is less than the aggregate of the general State aid and supplemental general State aid as so computed for the annexing and annexed districts, or for the resulting and divided districts, as constituted prior to the annexation or division, then a supplementary payment equal to the difference shall be made and allocated between or among the annexing or resulting districts, as constituted upon such annexation or division, for the first 4 years of their existence. The total difference payment shall be allocated between or among the annexing or resulting districts in the same ratio as the pupil enrollment from that portion of the annexed or divided district or districts which is annexed to or included in each such annexing or resulting district bears to the total pupil enrollment from the entire annexed or divided district or districts, as such pupil enrollment is determined for the school year last ending prior to the date when the change of boundaries attributable to the annexation or division becomes effective for all purposes. The amount of the total difference payment and the amount thereof to be allocated to the annexing or resulting districts shall be computed by the State Board of Education on the basis of pupil enrollment and other data which shall be certified to the State Board of Education, on forms which it shall provide for that purpose, by the regional superintendent of schools for each educational service region in which the annexing and annexed districts, or resulting and divided districts are located.

(3.5) Claims for financial assistance under this subsection (I) shall not be recomputed except as expressly provided under this Section.

(4) Any supplementary payment made under this subsection (I) shall be treated as separate from all other payments made pursuant to this Section.

(J) Supplementary Grants in Aid.

New matter indicated by italics - deletions by strikeout
(1) Notwithstanding any other provisions of this Section, the amount of the aggregate general State aid in combination with supplemental general State aid under this Section for which each school district is eligible shall be no less than the amount of the aggregate general State aid entitlement that was received by the district under Section 18-8 (exclusive of amounts received under subsections 5(p) and 5(p-5) of that Section) for the 1997-98 school year, pursuant to the provisions of that Section as it was then in effect. If a school district qualifies to receive a supplementary payment made under this subsection (J), the amount of the aggregate general State aid in combination with supplemental general State aid under this Section which that district is eligible to receive for each school year shall be no less than the amount of the aggregate general State aid entitlement that was received by the district under Section 18-8 (exclusive of amounts received under subsections 5(p) and 5(p-5) of that Section) for the 1997-1998 school year, pursuant to the provisions of that Section as it was then in effect.

(2) If, as provided in paragraph (1) of this subsection (J), a school district is to receive aggregate general State aid in combination with supplemental general State aid under this Section for the 1998-99 school year and any subsequent school year that in any such school year is less than the amount of the aggregate general State aid entitlement that the district received for the 1997-98 school year, the school district shall also receive, from a separate appropriation made for purposes of this subsection (J), a supplementary payment that is equal to the amount of the difference in the aggregate State aid figures as described in paragraph (1).

(3) (Blank).

(K) Grants to Laboratory and Alternative Schools.

In calculating the amount to be paid to the governing board of a public university that operates a laboratory school under this Section or to any alternative school that is operated by a regional superintendent of schools, the State Board of Education shall require by rule such reporting requirements as it deems necessary.

As used in this Section, "laboratory school" means a public school which is created and operated by a public university and approved by the
State Board of Education. The governing board of a public university which receives funds from the State Board under this subsection (K) may not increase the number of students enrolled in its laboratory school from a single district, if that district is already sending 50 or more students, except under a mutual agreement between the school board of a student's district of residence and the university which operates the laboratory school. A laboratory school may not have more than 1,000 students, excluding students with disabilities in a special education program.

As used in this Section, "alternative school" means a public school which is created and operated by a Regional Superintendent of Schools and approved by the State Board of Education. Such alternative schools may offer courses of instruction for which credit is given in regular school programs, courses to prepare students for the high school equivalency testing program or vocational and occupational training. A regional superintendent of schools may contract with a school district or a public community college district to operate an alternative school. An alternative school serving more than one educational service region may be established by the regional superintendents of schools of the affected educational service regions. An alternative school serving more than one educational service region may be operated under such terms as the regional superintendents of schools of those educational service regions may agree.

Each laboratory and alternative school shall file, on forms provided by the State Superintendent of Education, an annual State aid claim which states the Average Daily Attendance of the school's students by month. The best 3 months' Average Daily Attendance shall be computed for each school. The general State aid entitlement shall be computed by multiplying the applicable Average Daily Attendance by the Foundation Level as determined under this Section.

(L) Payments, Additional Grants in Aid and Other Requirements.

(1) For a school district operating under the financial supervision of an Authority created under Article 34A, the general State aid otherwise payable to that district under this Section, but not the supplemental general State aid, shall be reduced by an amount equal to the budget for the

New matter indicated by italics - deletions by strikeout
operations of the Authority as certified by the Authority to the State Board of Education, and an amount equal to such reduction shall be paid to the Authority created for such district for its operating expenses in the manner provided in Section 18-11. The remainder of general State school aid for any such district shall be paid in accordance with Article 34A when that Article provides for a disposition other than that provided by this Article.

(2) (Blank).

(3) Summer school. Summer school payments shall be made as provided in Section 18-4.3.

(M) Education Funding Advisory Board.

The Education Funding Advisory Board, hereinafter in this subsection (M) referred to as the "Board", is hereby created. The Board shall consist of 5 members who are appointed by the Governor, by and with the advice and consent of the Senate. The members appointed shall include representatives of education, business, and the general public. One of the members so appointed shall be designated by the Governor at the time the appointment is made as the chairperson of the Board. The initial members of the Board may be appointed any time after the effective date of this amendatory Act of 1997. The regular term of each member of the Board shall be for 4 years from the third Monday of January of the year in which the term of the member's appointment is to commence, except that of the 5 initial members appointed to serve on the Board, the member who is appointed as the chairperson shall serve for a term that commences on the date of his or her appointment and expires on the third Monday of January, 2002, and the remaining 4 members, by lots drawn at the first meeting of the Board that is held after all 5 members are appointed, shall determine 2 of their number to serve for terms that commence on the date of their respective appointments and expire on the third Monday of January, 2001, and 2 of their number to serve for terms that commence on the date of their respective appointments and expire on the third Monday of January, 2000. All members appointed to serve on the Board shall serve until their respective successors are appointed and confirmed. Vacancies shall be filled in the same manner as original appointments. If a vacancy in membership occurs at a time when the Senate is not in session, the
Governor shall make a temporary appointment until the next meeting of the Senate, when he or she shall appoint, by and with the advice and consent of the Senate, a person to fill that membership for the unexpired term. If the Senate is not in session when the initial appointments are made, those appointments shall be made as in the case of vacancies.

The Education Funding Advisory Board shall be deemed established, and the initial members appointed by the Governor to serve as members of the Board shall take office, on the date that the Governor makes his or her appointment of the fifth initial member of the Board, whether those initial members are then serving pursuant to appointment and confirmation or pursuant to temporary appointments that are made by the Governor as in the case of vacancies.

The State Board of Education shall provide such staff assistance to the Education Funding Advisory Board as is reasonably required for the proper performance by the Board of its responsibilities.

For school years after the 2000-2001 school year, the Education Funding Advisory Board, in consultation with the State Board of Education, shall make recommendations as provided in this subsection (M) to the General Assembly for the foundation level under subdivision (B)(3) of this Section and for the supplemental general State aid grant level under subsection (H) of this Section for districts with high concentrations of children from poverty. The recommended foundation level shall be determined based on a methodology which incorporates the basic education expenditures of low-spending schools exhibiting high academic performance. The Education Funding Advisory Board shall make such recommendations to the General Assembly on January 1 of odd numbered years, beginning January 1, 2001.

(O) References.

(1) References in other laws to the various subdivisions of Section 18-8 as that Section existed before its repeal and replacement by this Section 18-8.05 shall be deemed to refer to the corresponding provisions of this Section 18-8.05, to the extent that those references remain applicable.

(2) References in other laws to State Chapter 1 funds shall be deemed to refer to the supplemental general State aid provided under subsection (H) of this Section.

(P) Public Act 93-838 and Public Act 93-808 make inconsistent changes to this Section. Under Section 6 of the Statute on Statutes there is an irreconcilable conflict between Public Act 93-808 and Public Act 93-838. Public Act 93-838, being the last acted upon, is controlling. The text of Public Act 93-838 is the law regardless of the text of Public Act 93-808.

Section 99-99. Effective date. This Act takes effect upon becoming law.

Approved June 6, 2006.
Effective June 6, 2006.

PUBLIC ACT 94-0836
(Senate Bill No. 0230)

AN ACT concerning revenue.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

ARTICLE 1. SHORT TITLE; PURPOSE

Section 1-1. Short title. This Act may be cited as the FY2007 Budget Implementation (Revenue) Act.

Section 1-3. Purpose. The purpose of this Act is to make changes in State programs that are necessary to implement the Governor's FY2007 budget recommendations concerning revenue.

ARTICLE 5. AMENDATORY PROVISIONS

Section 5-5. The Illinois Income Tax Act is amended by changing Sections 905 and 911 as follows:

(35 ILCS 5/905) (from Ch. 120, par. 9-905)

New matter indicated by italics - deletions by strikeout
Sec. 905. Limitations on Notices of Deficiency.
(a) In general. Except as otherwise provided in this Act:

(1) A notice of deficiency shall be issued not later than 3 years after the date the return was filed, and

(2) No deficiency shall be assessed or collected with respect to the year for which the return was filed unless such notice is issued within such period.

(b) Substantial omission of items.

(1) Omission of more than 25% of income. If the taxpayer omits from base income an amount properly includible therein which is in excess of 25% of the amount of base income stated in the return, a notice of deficiency may be issued not later than 6 years after the return was filed. For purposes of this paragraph, there shall not be taken into account any amount which is omitted in the return if such amount is disclosed in the return, or in a statement attached to the return, in a manner adequate to apprise the Department of the nature and the amount of such item.

(2) Reportable transactions. If a taxpayer fails to include on any return or statement for any taxable year any information with respect to a reportable transaction, as required under Section 501(b) of this Act, a notice of deficiency may be issued not later than 6 years after the return is filed with respect to the taxable year in which the taxpayer participated in the reportable transaction and said deficiency is limited to the non-disclosed item.

(c) No return or fraudulent return. If no return is filed or a false and fraudulent return is filed with intent to evade the tax imposed by this Act, a notice of deficiency may be issued at any time.

(d) Failure to report federal change. If a taxpayer fails to notify the Department in any case where notification is required by Section 304(c) or 506(b), or fails to report a change or correction which is treated in the same manner as if it were a deficiency for federal income tax purposes, a notice of deficiency may be issued (i) at any time or (ii) on or after August 13, 1999, at any time for the taxable year for which the notification is required or for any taxable year to which the taxpayer may carry an Article

New matter indicated by italics - deletions by strikeout
2 credit, or a Section 207 loss, earned, incurred, or used in the year for which the notification is required; provided, however, that the amount of any proposed assessment set forth in the notice shall be limited to the amount of any deficiency resulting under this Act from the recomputation of the taxpayer's net income, Article 2 credits, or Section 207 loss earned, incurred, or used in the taxable year for which the notification is required after giving effect to the item or items required to be reported.

(e) Report of federal change.

(1) Before August 13, 1999, in any case where notification of an alteration is given as required by Section 506(b), a notice of deficiency may be issued at any time within 2 years after the date such notification is given, provided, however, that the amount of any proposed assessment set forth in such notice shall be limited to the amount of any deficiency resulting under this Act from recomputation of the taxpayer's net income, net loss, or Article 2 credits for the taxable year after giving effect to the item or items reflected in the reported alteration.

(2) On and after August 13, 1999, in any case where notification of an alteration is given as required by Section 506(b), a notice of deficiency may be issued at any time within 2 years after the date such notification is given for the taxable year for which the notification is given or for any taxable year to which the taxpayer may carry an Article 2 credit, or a Section 207 loss, earned, incurred, or used in the year for which the notification is given, provided, however, that the amount of any proposed assessment set forth in such notice shall be limited to the amount of any deficiency resulting under this Act from recomputation of the taxpayer's net income, Article 2 credits, or Section 207 loss earned, incurred, or used in the taxable year for which the notification is given after giving effect to the item or items reflected in the reported alteration.

(f) Extension by agreement. Where, before the expiration of the time prescribed in this Section for the issuance of a notice of deficiency, both the Department and the taxpayer shall have consented in writing to its

New matter indicated by italics - deletions by strikeout
issuance after such time, such notice may be issued at any time prior to the expiration of the period agreed upon. In the case of a taxpayer who is a partnership, Subchapter S corporation, or trust and who enters into an agreement with the Department pursuant to this subsection on or after January 1, 2003, a notice of deficiency may be issued to the partners, shareholders, or beneficiaries of the taxpayer at any time prior to the expiration of the period agreed upon. Any proposed assessment set forth in the notice, however, shall be limited to the amount of any deficiency resulting under this Act from recomputation of items of income, deduction, credits, or other amounts of the taxpayer that are taken into account by the partner, shareholder, or beneficiary in computing its liability under this Act. The period so agreed upon may be extended by subsequent agreements in writing made before the expiration of the period previously agreed upon.

(g) Erroneous refunds. In any case in which there has been an erroneous refund of tax payable under this Act, a notice of deficiency may be issued at any time within 2 years from the making of such refund, or within 5 years from the making of such refund if it appears that any part of the refund was induced by fraud or the misrepresentation of a material fact, provided, however, that the amount of any proposed assessment set forth in such notice shall be limited to the amount of such erroneous refund.

Beginning July 1, 1993, in any case in which there has been a refund of tax payable under this Act attributable to a net loss carryback as provided for in Section 207, and that refund is subsequently determined to be an erroneous refund due to a reduction in the amount of the net loss which was originally carried back, a notice of deficiency for the erroneous refund amount may be issued at any time during the same time period in which a notice of deficiency can be issued on the loss year creating the carryback amount and subsequent erroneous refund. The amount of any proposed assessment set forth in the notice shall be limited to the amount of such erroneous refund.
(h) Time return deemed filed. For purposes of this Section a tax return filed before the last day prescribed by law (including any extension thereof) shall be deemed to have been filed on such last day.

(i) Request for prompt determination of liability. For purposes of subsection (a)(1), in the case of a tax return required under this Act in respect of a decedent, or by his estate during the period of administration, or by a corporation, the period referred to in such Subsection shall be 18 months after a written request for prompt determination of liability is filed with the Department (at such time and in such form and manner as the Department shall by regulations prescribe) by the executor, administrator, or other fiduciary representing the estate of such decedent, or by such corporation, but not more than 3 years after the date the return was filed. This subsection shall not apply in the case of a corporation unless:

1. (A) such written request notifies the Department that the corporation contemplates dissolution at or before the expiration of such 18-month period, (B) the dissolution is begun in good faith before the expiration of such 18-month period, and (C) the dissolution is completed;

2. (A) such written request notifies the Department that a dissolution has in good faith been begun, and (B) the dissolution is completed; or

3. a dissolution has been completed at the time such written request is made.

(j) Withholding tax. In the case of returns required under Article 7 of this Act (with respect to any amounts withheld as tax or any amounts required to have been withheld as tax) a notice of deficiency shall be issued not later than 3 years after the 15th day of the 4th month following the close of the calendar year in which such withholding was required.

(k) Penalties for failure to make information reports. A notice of deficiency for the penalties provided by Subsection 1405.1(c) of this Act may not be issued more than 3 years after the due date of the reports with respect to which the penalties are asserted.

(l) Penalty for failure to file withholding returns. A notice of deficiency for penalties provided by Section 1004 of this Act for taxpayer's

New matter indicated by italics - deletions by strikeout
failure to file withholding returns may not be issued more than three years after the 15th day of the 4th month following the close of the calendar year in which the withholding giving rise to taxpayer's obligation to file those returns occurred.

(m) Transferee liability. A notice of deficiency may be issued to a transferee relative to a liability asserted under Section 1405 during time periods defined as follows:

1) Initial Transferee. In the case of the liability of an initial transferee, up to 2 years after the expiration of the period of limitation for assessment against the transferor, except that if a court proceeding for review of the assessment against the transferor has begun, then up to 2 years after the return of the certified copy of the judgment in the court proceeding.

2) Transferee of Transferee. In the case of the liability of a transferee, up to 2 years after the expiration of the period of limitation for assessment against the preceding transferee, but not more than 3 years after the expiration of the period of limitation for assessment against the initial transferor; except that if, before the expiration of the period of limitation for the assessment of the liability of the transferee, a court proceeding for the collection of the tax or liability in respect thereof has been begun against the initial transferor or the last preceding transferee, as the case may be, then the period of limitation for assessment of the liability of the transferee shall expire 2 years after the return of the certified copy of the judgment in the court proceeding.

(n) Notice of decrease in net loss. On and after August 23, 2002 the effective date of this amendatory Act of the 92nd General Assembly, no notice of deficiency shall be issued as the result of a decrease determined by the Department in the net loss incurred by a taxpayer in any taxable year ending prior to December 31, 2002 under Section 207 of this Act unless the Department has notified the taxpayer of the proposed decrease within 3 years after the return reporting the loss was filed or within one year after an amended return reporting an increase in the loss was filed, provided that in the case of an amended return, a decrease proposed by the

New matter indicated by italics - deletions by strikeout
Department more than 3 years after the original return was filed may not exceed the increase claimed by the taxpayer on the original return.

(35 ILCS 5/911) (from Ch. 120, par. 9-911)
Sec. 911. Limitations on Claims for Refund.
(a) In general. Except as otherwise provided in this Act:
   (1) A claim for refund shall be filed not later than 3 years after the date the return was filed (in the case of returns required under Article 7 of this Act respecting any amounts withheld as tax, not later than 3 years after the 15th day of the 4th month following the close of the calendar year in which such withholding was made), or one year after the date the tax was paid, whichever is the later; and
   (2) No credit or refund shall be allowed or made with respect to the year for which the claim was filed unless such claim is filed within such period.
(b) Federal changes.
   (1) In general. In any case where notification of an alteration is required by Section 506(b), a claim for refund may be filed within 2 years after the date on which such notification was due (regardless of whether such notice was given), but the amount recoverable pursuant to a claim filed under this Section shall be limited to the amount of any overpayment resulting under this Act from recomputation of the taxpayer's net income, net loss, or Article 2 credits for the taxable year after giving effect to the item or items reflected in the alteration required to be reported.
   (2) Tentative carryback adjustments paid before January 1, 1974. If, as the result of the payment before January 1, 1974 of a federal tentative carryback adjustment, a notification of an alteration is required under Section 506(b), a claim for refund may be filed at any time before January 1, 1976, but the amount recoverable pursuant to a claim filed under this Section shall be limited to the amount of any overpayment resulting under this Act from recomputation of the taxpayer's base income for the taxable

year after giving effect to the federal alteration resulting from the tentative carryback adjustment irrespective of any limitation imposed in paragraph (l) of this subsection.

(c) Extension by agreement. Where, before the expiration of the time prescribed in this section for the filing of a claim for refund, both the Department and the claimant shall have consented in writing to its filing after such time, such claim may be filed at any time prior to the expiration of the period agreed upon. The period so agreed upon may be extended by subsequent agreements in writing made before the expiration of the period previously agreed upon. In the case of a taxpayer who is a partnership, Subchapter S corporation, or trust and who enters into an agreement with the Department pursuant to this subsection on or after January 1, 2003, a claim for refund may be issued to the partners, shareholders, or beneficiaries of the taxpayer at any time prior to the expiration of the period agreed upon. Any refund allowed pursuant to the claim, however, shall be limited to the amount of any overpayment of tax due under this Act that results from recomputation of items of income, deduction, credits, or other amounts of the taxpayer that are taken into account by the partner, shareholder, or beneficiary in computing its liability under this Act.

(d) Limit on amount of credit or refund.

(1) Limit where claim filed within 3-year period. If the claim was filed by the claimant during the 3-year period prescribed in subsection (a), the amount of the credit or refund shall not exceed the portion of the tax paid within the period, immediately preceding the filing of the claim, equal to 3 years plus the period of any extension of time for filing the return.

(2) Limit where claim not filed within 3-year period. If the claim was not filed within such 3-year period, the amount of the credit or refund shall not exceed the portion of the tax paid during the one year immediately preceding the filing of the claim.

(e) Time return deemed filed. For purposes of this section a tax return filed before the last day prescribed by law for the filing of such return (including any extensions thereof) shall be deemed to have been filed on such last day.

New matter indicated by italics - deletions by strikeout
(f) No claim for refund based on the taxpayer's taking a credit for estimated tax payments as provided by Section 601(b)(2) or for any amount paid by a taxpayer pursuant to Section 602(a) or for any amount of credit for tax withheld pursuant to Section 701 may be filed more than 3 years after the due date, as provided by Section 505, of the return which was required to be filed relative to the taxable year for which the payments were made or for which the tax was withheld. The changes in this subsection (f) made by this amendatory Act of 1987 shall apply to all taxable years ending on or after December 31, 1969.

(g) Special Period of Limitation with Respect to Net Loss Carrybacks. If the claim for refund relates to an overpayment attributable to a net loss carryback as provided by Section 207, in lieu of the 3 year period of limitation prescribed in subsection (a), the period shall be that period which ends 3 years after the time prescribed by law for filing the return (including extensions thereof) for the taxable year of the net loss which results in such carryback (or, on and after August 13, 1999, with respect to a change in the carryover of an Article 2 credit to a taxable year resulting from the carryback of a Section 207 loss incurred in a taxable year beginning on or after January 1, 2000, the period shall be that period that ends 3 years after the time prescribed by law for filing the return (including extensions of that time) for that subsequent taxable year), or the period prescribed in subsection (c) in respect of such taxable year, whichever expires later. In the case of such a claim, the amount of the refund may exceed the portion of the tax paid within the period provided in subsection (d) to the extent of the amount of the overpayment attributable to such carryback. On and after August 13, 1999, if the claim for refund relates to an overpayment attributable to the carryover of an Article 2 credit, or of a Section 207 loss, earned, incurred (in a taxable year beginning on or after January 1, 2000), or used in a year for which a notification of a change affecting federal taxable income must be filed under subsection (b) of Section 506, the claim may be filed within the period prescribed in paragraph (1) of subsection (b) in respect of the year for which the notification is required. In the case of such a claim, the amount of the refund may exceed the portion of the tax paid within the
period provided in subsection (d) to the extent of the amount of the overpayment attributable to the recomputation of the taxpayer's Article 2 credits, or Section 207 loss, earned, incurred, or used in the taxable year for which the notification is given.

(h) Claim for refund based on net loss. On and after August 23, 2002 the effective date of this amendatory Act of the 92nd General Assembly, no claim for refund shall be allowed to the extent the refund is the result of an amount of net loss incurred in any taxable year ending prior to December 31, 2002 under Section 207 of this Act that was not reported to the Department within 3 years of the due date (including extensions) of the return for the loss year on either the original return filed by the taxpayer or on amended return or to the extent that the refund is the result of an amount of net loss incurred in any taxable year under Section 207 for which no return was filed within 3 years of the due date (including extensions) of the return for the loss year.

Section 5-10. The Public Utilities Act is amended by changing Section 8-403.1 as follows:

(220 ILCS 5/8-403.1) (from Ch. 111 2/3, par. 8-403.1)
Sec. 8-403.1. Electricity purchased from qualified solid waste energy facility; tax credit; distributions for economic development.
(a) It is hereby declared to be the policy of this State to encourage the development of alternate energy production facilities in order to conserve our energy resources and to provide for their most efficient use.
(b) For the purpose of this Section and Section 9-215.1, "qualified solid waste energy facility" means a facility determined by the Illinois Commerce Commission to qualify as such under the Local Solid Waste Disposal Act, to use methane gas generated from landfills as its primary fuel, and to possess characteristics that would enable it to qualify as a cogeneration or small power production facility under federal law.
(c) In furtherance of the policy declared in this Section, the Illinois Commerce Commission shall require electric utilities to enter into long-term contracts to purchase electricity from qualified solid waste energy facilities located in the electric utility's service area, for a period beginning

New matter indicated by italics - deletions by strikeout
on the date that the facility begins generating electricity and having a duration of not less than 10 years in the case of facilities fueled by landfill-generated methane, or 20 years in the case of facilities fueled by methane generated from a landfill owned by a forest preserve district. The purchase rate contained in such contracts shall be equal to the average amount per kilowatt-hour paid from time to time by the unit or units of local government in which the electricity generating facilities are located, excluding amounts paid for street lighting and pumping service.

(d) Whenever a public utility is required to purchase electricity pursuant to subsection (c) above, it shall be entitled to credits in respect of its obligations to remit to the State taxes it has collected under the Electricity Excise Tax Law equal to the amounts, if any, by which payments for such electricity exceed (i) the then current rate at which the utility must purchase the output of qualified facilities pursuant to the federal Public Utility Regulatory Policies Act of 1978, less (ii) any costs, expenses, losses, damages or other amounts incurred by the utility, or for which it becomes liable, arising out of its failure to obtain such electricity from such other sources. The amount of any such credit shall, in the first instance, be determined by the utility, which shall make a monthly report of such credits to the Illinois Commerce Commission and, on its monthly tax return, to the Illinois Department of Revenue. Under no circumstances shall a utility be required to purchase electricity from a qualified solid waste energy facility at the rate prescribed in subsection (c) of this Section if such purchase would result in estimated tax credits that exceed, on a monthly basis, the utility's estimated obligation to remit to the State taxes it has collected under the Electricity Excise Tax Law. The owner or operator shall negotiate facility operating conditions with the purchasing utility in accordance with that utility's posted standard terms and conditions for small power producers. If the Department of Revenue disputes the amount of any such credit, such dispute shall be decided by the Illinois Commerce Commission. Whenever a qualified solid waste energy facility has paid or otherwise satisfied in full the capital costs or indebtedness incurred in developing and implementing the qualified solid waste energy facility, whenever the qualified solid waste energy facility

New matter indicated by italics - deletions by strikeout
ceases to operate and produce electricity from methane gas generated from landfills, or at the end of the contract entered into pursuant to subsection (c) of this Section, whichever occurs first, the qualified solid waste energy facility shall reimburse the Public Utility Fund and the General Revenue Fund in the State treasury for the actual reduction in payments to those Funds caused by this subsection (d) in a manner to be determined by the Illinois Commerce Commission and based on the manner in which revenues for those Funds were reduced. The payments shall be made to the Illinois Commerce Commission, which shall determine the appropriate disbursements to the Public Utility Fund and the General Revenue Fund based on this subsection (d).

(e) The Illinois Commerce Commission shall not require an electric utility to purchase electricity from any qualified solid waste energy facility which is owned or operated by an entity that is primarily engaged in the business of producing or selling electricity, gas, or useful thermal energy from a source other than one or more qualified solid waste energy facilities.

(e-5) A qualified solid waste energy facility may receive the purchase rate provided in subsection (c) of this Section only for kilowatt-hours generated by the use of methane gas generated from landfills. The purchase rate provided in subsection (c) of this Section does not apply to electricity generated by the use of a fuel that is not methane gas generated from landfills. If the Illinois Commerce Commission determines that a qualified solid waste energy facility has violated the requirement regarding the use of methane gas generated from a landfill as set forth in this subsection (e-5), then the Commission shall issue an order requiring that the qualified solid waste energy facility repay the State for all dollar amounts of electricity sales that are determined by the Commission to be the result of the violation. As part of that order, the Commission shall have the authority to revoke the facility’s approval to act as a qualified solid waste energy facility granted by the Commission under this Section. If the amount owed by the qualified solid waste energy facility is not received by the Commission within 90 days after the date of the Commission’s order that requires repayment, then the Commission shall

New matter indicated by italics - deletions by strikeout
issue an order that revokes the facility's approval to act as a qualified solid waste energy facility granted by the Commission under this Section. The Commission's action that vacates prior qualified solid waste energy facility approval does not excuse the repayment to the State treasury required by subsection (d) of this Section for utility tax credits accumulated up to the time of the Commission's action. A qualified solid waste energy facility must receive Commission approval before it may use any fuel in addition to methane gas generated from a landfill in order to generate electricity. If a qualified solid waste energy facility petitions the Commission to use any fuel in addition to methane gas generated from a landfill to generate electricity, then the Commission shall have the authority to do the following:

(1) establish the methodology for determining the amount of electricity that is generated by the use of methane gas generated from a landfill and the amount that is generated by the use of other fuel;

(2) determine all reporting requirements for the qualified solid waste energy facility that are necessary for the Commission to determine the amount of electricity that is generated by the use of methane gas from a landfill and the amount that is generated by the use of other fuel and the resulting payments to the qualified solid waste energy facility; and

(3) require that the qualified solid waste energy facility, at the qualified solid waste energy facility's expense, install metering equipment that the Commission determines is necessary to enforce compliance with this subsection (e-5).

A public utility that is required to enter into a long-term purchase contract with a qualified solid waste energy facility has no duty to determine whether the electricity being purchased was generated by the use of methane gas generated from a landfill or was generated by the use of some other fuel in violation of the requirements of this subsection (e-5).

(f) This Section does not require an electric utility to construct additional facilities unless those facilities are paid for by the owner or operator of the affected qualified solid waste energy facility.
(g) The Illinois Commerce Commission shall require that: (1) electric utilities use the electricity purchased from a qualified solid waste energy facility to displace electricity generated from nuclear power or coal mined and purchased outside the boundaries of the State of Illinois before displacing electricity generated from coal mined and purchased within the State of Illinois, to the extent possible, and (2) electric utilities report annually to the Commission on the extent of such displacements.

(h) Nothing in this Section is intended to cause an electric utility that is required to purchase power hereunder to incur any economic loss as a result of its purchase. All amounts paid for power which a utility is required to purchase pursuant to subparagraph (c) shall be deemed to be costs prudently incurred for purposes of computing charges under rates authorized by Section 9-220 of this Act. Tax credits provided for herein shall be reflected in charges made pursuant to rates so authorized to the extent such credits are based upon a cost which is also reflected in such charges.

(i) Beginning in February 1999 and through January 2009, each qualified solid waste energy facility that sells electricity to an electric utility at the purchase rate described in subsection (c) shall file with the Department of Revenue on or before the 15th of each month a form, prescribed by the Department of Revenue, that states the number of kilowatt hours of electricity for which payment was received at that purchase rate from electric utilities in Illinois during the immediately preceding month. This form shall be accompanied by a payment from the qualified solid waste energy facility in an amount equal to six-tenths of a mill ($0.0006) per kilowatt hour of electricity stated on the form. Beginning on the effective date of this amendatory Act of the 92nd General Assembly, a qualified solid waste energy facility must file the form required under this subsection (i) before the 15th of each month regardless of whether the facility received any payment in the previous month. Payments received by the Department of Revenue shall be deposited into the Municipal Economic Development Fund, a trust fund created outside the State treasury. The State Treasurer may invest the moneys in the Fund in any investment authorized by the Public Funds Act.
Investment Act, and investment income shall be deposited into and become part of the Fund. Moneys in the Fund shall be used by the State Treasurer as provided in subsection (j).

Beginning on July 1, 2006 through January 31, 2009, each month the State Treasurer shall certify the following to the State Comptroller:

(A) the amount received by the Department of Revenue under this subsection (i) during the immediately preceding month; and

(B) the amount received by the Department of Revenue under this subsection (i) in the corresponding month in calendar year 2002.

As soon as practicable after receiving the certification from the State Treasurer, the State Comptroller shall transfer from the General Revenue Fund to the Municipal Economic Development Fund in the State treasury an amount equal to the amount by which the amount calculated under item (B) of this paragraph exceeds the amount calculated under item (A) of this paragraph, if any.

The obligation of a qualified solid waste energy facility to make payments into the Municipal Economic Development Fund shall terminate upon either: (1) expiration or termination of a facility's contract to sell electricity to an electric utility at the purchase rate described in subsection (c); or (2) entry of an enforceable, final, and non-appealable order by a court of competent jurisdiction that Public Act 89-448 is invalid. Payments by a qualified solid waste energy facility into the Municipal Economic Development Fund do not relieve the qualified solid waste energy facility of its obligation to reimburse the Public Utility Fund and the General Revenue Fund for the actual reduction in payments to those Funds as a result of credits received by electric utilities under subsection (d).

A qualified solid waste energy facility that fails to timely file the requisite form and payment as required by this subsection (i) shall be subject to penalties and interest in conformance with the provisions of the Illinois Uniform Penalty and Interest Act.

Every qualified solid waste energy facility subject to the provisions of this subsection (i) shall keep and maintain records and books of its sales

New matter indicated by italics - deletions by strikeout
pursuant to subsection (c), including payments received from those sales and the corresponding tax payments made in accordance with this subsection (i), and for purposes of enforcement of this subsection (i) all such books and records shall be subject to inspection by the Department of Revenue or its duly authorized agents or employees.

When a qualified solid waste energy facility fails to file the form or make the payment required under this subsection (i), the Department of Revenue, to the extent that it is practical, may enforce the payment obligation in a manner consistent with Section 5 of the Retailers' Occupation Tax Act, and if necessary may impose and enforce a tax lien in a manner consistent with Sections 5a, 5b, 5c, 5d, 5e, 5f, 5g, and 5i of the Retailers' Occupation Tax Act. No tax lien may be imposed or enforced, however, unless a qualified solid waste energy facility fails to make the payment required under this subsection (i). Only to the extent necessary and for the purpose of enforcing this subsection (i), the Department of Revenue may secure necessary information from a qualified solid waste energy facility in a manner consistent with Section 10 of the Retailers' Occupation Tax Act.

All information received by the Department of Revenue in its administration and enforcement of this subsection (i) shall be confidential in a manner consistent with Section 11 of the Retailers' Occupation Tax Act. The Department of Revenue may adopt rules to implement the provisions of this subsection (i).

For purposes of implementing the maximum aggregate distribution provisions in subsections (j) and (k), when a qualified solid waste energy facility makes a late payment to the Department of Revenue for deposit into the Municipal Economic Development Fund, that payment and deposit shall be attributed to the month and corresponding quarter in which the payment should have been made, and the Treasurer shall make retroactive distributions or refunds, as the case may be, whenever such late payments so require.

(j) The State Treasurer, without appropriation, must make distributions immediately after January 15, April 15, July 15, and October 15 of each year, up to maximum aggregate distributions of $500,000 for
the distributions made in the 4 quarters beginning with the April distribution and ending with the January distribution, from the Municipal Economic Development Fund to each city, village, or incorporated town that has within its boundaries an incinerator that: (1) uses or, on the effective date of Public Act 90-813, used municipal waste as its primary fuel to generate electricity; (2) was determined by the Illinois Commerce Commission to qualify as a qualified solid waste energy facility prior to the effective date of Public Act 89-448; and (3) commenced operation prior to January 1, 1998. Total distributions in the aggregate to all qualified cities, villages, and incorporated towns in the 4 quarters beginning with the April distribution and ending with the January distribution shall not exceed $500,000. The amount of each distribution shall be determined pro rata based on the population of the city, village, or incorporated town compared to the total population of all cities, villages, and incorporated towns eligible to receive a distribution. Distributions received by a city, village, or incorporated town must be held in a separate account and may be used only to promote and enhance industrial, commercial, residential, service, transportation, and recreational activities and facilities within its boundaries, thereby enhancing the employment opportunities, public health and general welfare, and economic development within the community, including administrative expenditures exclusively to further these activities. These funds, however, shall not be used by the city, village, or incorporated town, directly or indirectly, to purchase, lease, operate, or in any way subsidize the operation of any incinerator, and these funds shall not be paid, directly or indirectly, by the city, village, or incorporated town to the owner, operator, lessee, shareholder, or bondholder of any incinerator. Moreover, these funds shall not be used to pay attorneys fees in any litigation relating to the validity of Public Act 89-448. Nothing in this Section prevents a city, village, or incorporated town from using other corporate funds for any legitimate purpose. For purposes of this subsection, the term "municipal waste" has the meaning ascribed to it in Section 3.290 of the Environmental Protection Act.

New matter indicated by italics - deletions by strikeout
(k) If maximum aggregate distributions of $500,000 under subsection (j) have been made after the January distribution from the Municipal Economic Development Fund, then the balance in the Fund shall be refunded to the qualified solid waste energy facilities that made payments that were deposited into the Fund during the previous 12-month period. The refunds shall be prorated based upon the facility's payments in relation to total payments for that 12-month period.

(l) Beginning January 1, 2000, and each January 1 thereafter, each city, village, or incorporated town that received distributions from the Municipal Economic Development Fund, continued to hold any of those distributions, or made expenditures from those distributions during the immediately preceding year shall submit to a financial and compliance and program audit of those distributions performed by the Auditor General at no cost to the city, village, or incorporated town that received the distributions. The audit should be completed by June 30 or as soon thereafter as possible. The audit shall be submitted to the State Treasurer and those officers enumerated in Section 3-14 of the Illinois State Auditing Act. If the Auditor General finds that distributions have been expended in violation of this Section, the Auditor General shall refer the matter to the Attorney General. The Attorney General may recover, in a civil action, 3 times the amount of any distributions illegally expended. For purposes of this subsection, the terms "financial audit," "compliance audit", and "program audit" have the meanings ascribed to them in Sections 1-13 and 1-15 of the Illinois State Auditing Act.

(m) On and after the effective date of this amendatory Act of the 94th General Assembly, beginning on the first date on which renewable energy certificates or other saleable representations are sold by a qualified solid waste energy facility, with or without the electricity generated by the facility, and utilized by an electric utility or another electric supplier to comply with a renewable energy portfolio standard mandated by Illinois law or mandated by order of the Illinois Commerce Commission, that qualified solid waste energy facility may not sell electricity pursuant to this Section and shall be exempt from the requirements of subsections (a) through (l) of this Section, except that it

shall remain obligated for any reimbursements required under subsection (d) of this Section. All of the provisions of this Section shall remain in full force and effect with respect to any qualified solid waste energy facility that sold electric energy pursuant to this Section at any time before July 1, 2006 and that does not sell renewable energy certificates or other saleable representations to meet the requirements of a renewable energy portfolio standard mandated by Illinois law or mandated by order of the Illinois Commerce Commission.

(n) Notwithstanding any other provision of law to the contrary, beginning on July 1, 2006, the Illinois Commerce Commission shall not issue any order determining that a facility is a qualified solid waste energy facility unless the qualified solid waste energy facility was determined by the Illinois Commerce Commission to be a qualified solid waste energy facility before July 1, 2006. As a guide to the intent, interpretation, and application of this amendatory Act of the 94th General Assembly, it is hereby declared to be the policy of this State to honor each qualified solid waste energy facility contract in existence on the effective date of this amendatory Act of the 94th General Assembly if the qualified solid waste energy facility continues to meet the requirements of this Section for the duration of its respective contract term.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Department of State Police Law of the Civil Administrative Code of Illinois is amended by changing Section 2605-327 as follows:

(20 ILCS 2605/2605-327)
Sec. 2605-327. Conviction and sex offender information for medical school. Upon the inquiry request of a medical school under the Medical School Matriculant Criminal History Records Check Act, to ascertain whether a matriculant of the medical school has been convicted of any violent felony or has been adjudicated a sex offender.

The Department shall make sex offender information available to the inquiring medical school through the Statewide Sex Offender Database. Medical schools in this State must conduct an inquiry into the Statewide Sex Offender Database on all matriculants as part of the admissions process. Furnish this information to the medical school that requested the information.

Pursuant to the Medical School Matriculant Criminal History Records Check Act, the Department shall conduct a fingerprint-based criminal history records check of the Statewide Sex Offender Database, the Illinois criminal history records database; and the Federal Bureau of Investigation criminal history records database upon the request of a public medical school. Pursuant to the Medical School Matriculant Criminal History Records Check Act, the Department shall conduct a fingerprint-based, Illinois Uniform Conviction Information Act check of the Illinois criminal history records database upon the request of a private medical school. The Department may charge the requesting public or private medical school a fee for conducting the fingerprint-based criminal history records check. The fee shall not exceed the cost of the inquiry and shall be deposited into the State Police Services Fund.

(110 ILCS 57/10)

Sec. 10. Criminal history records check for matriculants.

(a) A public medical school located in Illinois must conduct an inquiry into the Department of State Police's Statewide Sex Offender Database for each matriculant and must require that each matriculant submit to a fingerprint-based criminal history records check for violent felony convictions, and any adjudication of the matriculant as a sex offender conducted by the Department of State Police and the Federal Bureau of Investigation, as part of the medical school admissions process. The medical school shall forward the name, sex, race, date of birth, social security number, and fingerprints of each of its matriculants to the Department of State Police to be searched against the Statewide Sex Offender Database and the fingerprint records now and hereafter filed in the Department of State Police and Federal Bureau of Investigation criminal history records databases. The fingerprints of each matriculant must be submitted in the form and manner prescribed by the Department of State Police. The Department of State Police shall furnish, pursuant to positive identification, records of a matriculant's violent felony convictions and any record of a matriculant's adjudication as a sex offender to the medical school that requested the criminal history records check.

(b) A private medical school located in Illinois must conduct an inquiry into the Department of State Police's Statewide Sex Offender Database for each matriculant and must require that each matriculant submit to an Illinois Uniform Conviction Information Act fingerprint-based, criminal history records check for violent felony convictions, conducted by the Department of State Police, as part of the medical school admissions process. The medical school shall forward the name, sex, race, date of birth, social security number, and fingerprints of each of its matriculants to the Department of State Police to be searched against the fingerprint records now and hereafter filed in the Department of State Police criminal history records database. The fingerprints of each matriculant must be submitted in the form and manner prescribed by the Department of State Police. The Department of State Police shall furnish, pursuant to positive identification, records of a matriculant's violent

Section 99. Effective date. This Act takes effect upon becoming law.

Approved June 6, 2006.
Effective June 6, 2006.
(b) If any agency finds that an emergency exists that requires adoption of a rule upon fewer days than is required by Section 5-40 and states in writing its reasons for that finding, the agency may adopt an emergency rule without prior notice or hearing upon filing a notice of emergency rulemaking with the Secretary of State under Section 5-70. The notice shall include the text of the emergency rule and shall be published in the Illinois Register. Consent orders or other court orders adopting settlements negotiated by an agency may be adopted under this Section. Subject to applicable constitutional or statutory provisions, an emergency rule becomes effective immediately upon filing under Section 5-65 or at a stated date less than 10 days thereafter. The agency's finding and a statement of the specific reasons for the finding shall be filed with the rule. The agency shall take reasonable and appropriate measures to make emergency rules known to the persons who may be affected by them.

(c) An emergency rule may be effective for a period of not longer than 150 days, but the agency's authority to adopt an identical rule under Section 5-40 is not precluded. No emergency rule may be adopted more than once in any 24 month period, except that this limitation on the number of emergency rules that may be adopted in a 24 month period does not apply to (i) emergency rules that make additions to and deletions from the Drug Manual under Section 5-5.16 of the Illinois Public Aid Code or the generic drug formulary under Section 3.14 of the Illinois Food, Drug and Cosmetic Act, (ii) emergency rules adopted by the Pollution Control Board before July 1, 1997 to implement portions of the Livestock Management Facilities Act, or (iii) emergency rules adopted by the Illinois Department of Public Health under subsections (a) through (i) of Section 2 of the Department of Public Health Act when necessary to protect the public's health. Two or more emergency rules having substantially the same purpose and effect shall be deemed to be a single rule for purposes of this Section.

(d) In order to provide for the expeditious and timely implementation of the State's fiscal year 1999 budget, emergency rules to implement any provision of Public Act 90-587 or 90-588 or any other budget initiative for fiscal year 1999 may be adopted in accordance with

this Section by the agency charged with administering that provision or initiative, except that the 24-month limitation on the adoption of emergency rules and the provisions of Sections 5-115 and 5-125 do not apply to rules adopted under this subsection (d). The adoption of emergency rules authorized by this subsection (d) shall be deemed to be necessary for the public interest, safety, and welfare.

(e) In order to provide for the expeditious and timely implementation of the State's fiscal year 2000 budget, emergency rules to implement any provision of this amendatory Act of the 91st General Assembly or any other budget initiative for fiscal year 2000 may be adopted in accordance with this Section by the agency charged with administering that provision or initiative, except that the 24-month limitation on the adoption of emergency rules and the provisions of Sections 5-115 and 5-125 do not apply to rules adopted under this subsection (e). The adoption of emergency rules authorized by this subsection (e) shall be deemed to be necessary for the public interest, safety, and welfare.

(f) In order to provide for the expeditious and timely implementation of the State's fiscal year 2001 budget, emergency rules to implement any provision of this amendatory Act of the 91st General Assembly or any other budget initiative for fiscal year 2001 may be adopted in accordance with this Section by the agency charged with administering that provision or initiative, except that the 24-month limitation on the adoption of emergency rules and the provisions of Sections 5-115 and 5-125 do not apply to rules adopted under this subsection (f). The adoption of emergency rules authorized by this subsection (f) shall be deemed to be necessary for the public interest, safety, and welfare.

(g) In order to provide for the expeditious and timely implementation of the State's fiscal year 2002 budget, emergency rules to implement any provision of this amendatory Act of the 92nd General Assembly or any other budget initiative for fiscal year 2002 may be adopted in accordance with this Section by the agency charged with administering that provision or initiative, except that the 24-month

limitation on the adoption of emergency rules and the provisions of Sections 5-115 and 5-125 do not apply to rules adopted under this subsection (g). The adoption of emergency rules authorized by this subsection (g) shall be deemed to be necessary for the public interest, safety, and welfare.

(h) In order to provide for the expeditious and timely implementation of the State's fiscal year 2003 budget, emergency rules to implement any provision of this amendatory Act of the 92nd General Assembly or any other budget initiative for fiscal year 2003 may be adopted in accordance with this Section by the agency charged with administering that provision or initiative, except that the 24-month limitation on the adoption of emergency rules and the provisions of Sections 5-115 and 5-125 do not apply to rules adopted under this subsection (h). The adoption of emergency rules authorized by this subsection (h) shall be deemed to be necessary for the public interest, safety, and welfare.

(i) In order to provide for the expeditious and timely implementation of the State's fiscal year 2004 budget, emergency rules to implement any provision of this amendatory Act of the 93rd General Assembly or any other budget initiative for fiscal year 2004 may be adopted in accordance with this Section by the agency charged with administering that provision or initiative, except that the 24-month limitation on the adoption of emergency rules and the provisions of Sections 5-115 and 5-125 do not apply to rules adopted under this subsection (i). The adoption of emergency rules authorized by this subsection (i) shall be deemed to be necessary for the public interest, safety, and welfare.

(j) In order to provide for the expeditious and timely implementation of the provisions of the State's fiscal year 2005 budget as provided under the Fiscal Year 2005 Budget Implementation (Human Services) Act, emergency rules to implement any provision of the Fiscal Year 2005 Budget Implementation (Human Services) Act may be adopted in accordance with this Section by the agency charged with administering that provision, except that the 24-month limitation on the adoption of

emergency rules and the provisions of Sections 5-115 and 5-125 do not apply to rules adopted under this subsection (j). The Department of Public Aid may also adopt rules under this subsection (j) necessary to administer the Illinois Public Aid Code and the Children's Health Insurance Program Act. The adoption of emergency rules authorized by this subsection (j) shall be deemed to be necessary for the public interest, safety, and welfare.

(k) In order to provide for the expeditious and timely implementation of the provisions of the State's fiscal year 2006 budget, emergency rules to implement any provision of this amendatory Act of the 94th General Assembly or any other budget initiative for fiscal year 2006 may be adopted in accordance with this Section by the agency charged with administering that provision or initiative, except that the 24-month limitation on the adoption of emergency rules and the provisions of Sections 5-115 and 5-125 do not apply to rules adopted under this subsection (k). The Department of Healthcare and Family Services Public Aid may also adopt rules under this subsection (k) necessary to administer the Illinois Public Aid Code, the Senior Citizens and Disabled Persons Property Tax Relief and Pharmaceutical Assistance Act, the Senior Citizens and Disabled Persons Prescription Drug Discount Program Act, and the Children's Health Insurance Program Act. The adoption of emergency rules authorized by this subsection (k) shall be deemed to be necessary for the public interest, safety, and welfare.

(l) In order to provide for the expeditious and timely implementation of the provisions of the State's fiscal year 2007 budget, the Department of Healthcare and Family Services may adopt emergency rules during fiscal year 2007, including rules effective July 1, 2007, in accordance with this subsection to the extent necessary to administer the Department's responsibilities with respect to amendments to the State plans and Illinois waivers approved by the federal Centers for Medicare and Medicaid Services necessitated by the requirements of Title XIX and Title XXI of the federal Social Security Act. The adoption of emergency rules authorized by this subsection (l) shall be deemed to be necessary for the public interest, safety, and welfare.
Sec. 5-46.2. Implementation of changes to State Medicaid plan. In order to provide for the timely and expeditious implementation of the federally approved amendment to the Title XIX State Plan as authorized by subsection (r-5) of Section 5A-12.1 of the Illinois Public Aid Code, the Department of Healthcare and Family Services may adopt any rules necessary to implement changes resulting from that amendment to the hospital access improvement payments authorized by Public Act 94-242 and subsection (d) of Section 5A-2 of the Illinois Public Aid Code. The Department is authorized to adopt rules implementing those changes by emergency rulemaking. This emergency rulemaking authority is granted by, and may be exercised only during, the 94th General Assembly.

Section 15. The Illinois Public Aid Code is amended by changing Sections 5-5.4, 5A-2, and 5A-12.1 and adding Section 12-4.36 as follows:

(305 ILCS 5/5-5.4) (from Ch. 23, par. 5-5.4)

Sec. 5-5.4. Standards of Payment - Department of Healthcare and Family Services Public Aid. The Department of Healthcare and Family Services Public Aid shall develop standards of payment of skilled nursing and intermediate care services in facilities providing such services under this Article which:

(1) Provide for the determination of a facility's payment for skilled nursing and intermediate care services on a prospective basis. The amount of the payment rate for all nursing facilities certified by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities, Long Term Care for Under Age 22 facilities, Skilled Nursing facilities, or Intermediate Care facilities under the medical assistance program shall be prospectively established annually on the basis of historical, financial, and statistical data reflecting actual costs from prior years, which shall be applied to the current rate year and updated for inflation, except that the capital cost element for newly constructed facilities shall be based upon projected budgets. The annually established payment rate shall take effect on July 1 in 1984 and

New matter indicated by italics - deletions by strikeout
subsequent years. No rate increase and no update for inflation shall be provided on or after July 1, 1994 and before July 1, 2007, unless specifically provided for in this Section. The changes made by Public Act 93-841 extending the duration of the prohibition against a rate increase or update for inflation are effective retroactive to July 1, 2004.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on July 1, 1998 shall include an increase of 3%. For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Skilled Nursing facilities or Intermediate Care facilities, the rates taking effect on July 1, 1998 shall include an increase of 3% plus $1.10 per resident-day, as defined by the Department. For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care Facilities for the Developmentally Disabled or Long Term Care for Under Age 22 facilities, the rates taking effect on January 1, 2006 shall include an increase of 3%.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on July 1, 1999 shall include an increase of 1.6% plus $3.00 per resident-day, as defined by the Department. For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Skilled Nursing facilities or Intermediate Care facilities, the rates taking effect on July 1, 1999 shall include an increase of 1.6% and, for services provided on or after October 1, 1999, shall be increased by $4.00 per resident-day, as defined by the Department.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on July 1, 2000 shall include an increase of 2.5% per resident-day, as defined by the Department. For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Skilled
Nursing facilities or Intermediate Care facilities, the rates taking effect on July 1, 2000 shall include an increase of 2.5% per resident-day, as defined by the Department.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, a new payment methodology must be implemented for the nursing component of the rate effective July 1, 2003. The Department of Public Aid \(\textit{now Healthcare and Family Services}\) shall develop the new payment methodology using the Minimum Data Set (MDS) as the instrument to collect information concerning nursing home resident condition necessary to compute the rate. The Department of Public Aid shall develop the new payment methodology to meet the unique needs of Illinois nursing home residents while remaining subject to the appropriations provided by the General Assembly. A transition period from the payment methodology in effect on June 30, 2003 to the payment methodology in effect on July 1, 2003 shall be provided for a period not exceeding 3 years after implementation of the new payment methodology as follows:

(A) For a facility that would receive a lower nursing component rate per patient day under the new system than the facility received effective on the date immediately preceding the date that the Department implements the new payment methodology, the nursing component rate per patient day for the facility shall be held at the level in effect on the date immediately preceding the date that the Department implements the new payment methodology until a higher nursing component rate of reimbursement is achieved by that facility.

(B) For a facility that would receive a higher nursing component rate per patient day under the payment methodology in effect on July 1, 2003 than the facility received effective on the date immediately preceding the date that the Department implements the new payment methodology, the nursing component rate per patient day for the facility shall be adjusted.
(C) Notwithstanding paragraphs (A) and (B), the nursing component rate per patient day for the facility shall be adjusted subject to appropriations provided by the General Assembly.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on March 1, 2001 shall include a statewide increase of 7.85%, as defined by the Department.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on April 1, 2002 shall include a statewide increase of 2.0%, as defined by the Department. This increase terminates on July 1, 2002; beginning July 1, 2002 these rates are reduced to the level of the rates in effect on March 31, 2002, as defined by the Department.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the rates taking effect on July 1, 2001 shall be computed using the most recent cost reports on file with the Department of Public Aid no later than April 1, 2000, updated for inflation to January 1, 2001. For rates effective July 1, 2001 only, rates shall be the greater of the rate computed for July 1, 2001 or the rate effective on June 30, 2001.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the Illinois Department shall determine by rule the rates taking effect on July 1, 2002, which shall be 5.9% less than the rates in effect on June 30, 2002.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, if the payment methodologies required under Section 5A-12 and the waiver granted under 42 CFR 433.68 are approved by the United States Centers for Medicare and Medicaid Services, the rates taking effect on July 1, 2004 shall be 3.0% greater than the rates in effect on June 30, 2004. These

rates shall take effect only upon approval and implementation of the payment methodologies required under Section 5A-12.

Notwithstanding any other provisions of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the rates taking effect on January 1, 2005 shall be 3% more than the rates in effect on December 31, 2004.

Notwithstanding any other provisions of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as intermediate care facilities that are federally defined as Institutions for Mental Disease, a socio-development component rate equal to 6.6% of the facility's nursing component rate as of January 1, 2006 shall be established and paid effective July 1, 2006. The Illinois Department may by rule adjust these socio-development component rates, but in no case may such rates be diminished.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or as long-term care facilities for residents under 22 years of age, the rates taking effect on July 1, 2003 shall include a statewide increase of 4%, as defined by the Department.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, effective January 1, 2005, facility rates shall be increased by the difference between (i) a facility's per diem property, liability, and malpractice insurance costs as reported in the cost report filed with the Department of Public Aid and used to establish rates effective July 1, 2001 and (ii) those same costs as reported in the facility's 2002 cost report. These costs shall be passed through to the facility without caps or limitations, except for adjustments required under normal auditing procedures.

Rates established effective each July 1 shall govern payment for services rendered throughout that fiscal year, except that rates established on July 1, 1996 shall be increased by 6.8% for services provided on or after January 1, 1997. Such rates will be based upon the rates calculated
for the year beginning July 1, 1990, and for subsequent years thereafter until June 30, 2001 shall be based on the facility cost reports for the facility fiscal year ending at any point in time during the previous calendar year, updated to the midpoint of the rate year. The cost report shall be on file with the Department no later than April 1 of the current rate year. Should the cost report not be on file by April 1, the Department shall base the rate on the latest cost report filed by each skilled care facility and intermediate care facility, updated to the midpoint of the current rate year. In determining rates for services rendered on and after July 1, 1985, fixed time shall not be computed at less than zero. The Department shall not make any alterations of regulations which would reduce any component of the Medicaid rate to a level below what that component would have been utilizing in the rate effective on July 1, 1984.

(2) Shall take into account the actual costs incurred by facilities in providing services for recipients of skilled nursing and intermediate care services under the medical assistance program.

(3) Shall take into account the medical and psycho-social characteristics and needs of the patients.

(4) Shall take into account the actual costs incurred by facilities in meeting licensing and certification standards imposed and prescribed by the State of Illinois, any of its political subdivisions or municipalities and by the U.S. Department of Health and Human Services pursuant to Title XIX of the Social Security Act.

The Department of Healthcare and Family Services Public Aid shall develop precise standards for payments to reimburse nursing facilities for any utilization of appropriate rehabilitative personnel for the provision of rehabilitative services which is authorized by federal regulations, including reimbursement for services provided by qualified therapists or qualified assistants, and which is in accordance with accepted professional practices. Reimbursement also may be made for utilization of other supportive personnel under appropriate supervision.

Sec. 5A-2. Assessment; no local authorization to tax.

(a) Subject to Sections 5A-3 and 5A-10, an annual assessment on inpatient services is imposed on each hospital provider in an amount equal to the hospital's occupied bed days multiplied by $84.19 multiplied by the proration factor for State fiscal year 2004 and the hospital's occupied bed days multiplied by $84.19 for State fiscal year 2005.

The Department of Healthcare and Family Services shall use the number of occupied bed days as reported by each hospital on the Annual Survey of Hospitals conducted by the Department of Public Health to calculate the hospital's annual assessment. If the sum of a hospital's occupied bed days is not reported on the Annual Survey of Hospitals or if there are data errors in the reported sum of a hospital's occupied bed days as determined by the Department of Healthcare and Family Services, then the Department may obtain the sum of occupied bed days from any source available, including, but not limited to, records maintained by the hospital provider, which may be inspected at all times during business hours of the day by the Department of Healthcare and Family Services or its duly authorized agents and employees.

Subject to Sections 5A-3 and 5A-10, for the privilege of engaging in the occupation of hospital provider, beginning August 1, 2005, an annual assessment is imposed on each hospital provider for State fiscal years 2006, 2007, and 2008, in an amount equal to 2.5835% of the hospital provider's adjusted gross hospital revenue for inpatient services and 2.5835% of the hospital provider's adjusted gross hospital revenue for outpatient services. If the hospital provider's adjusted gross hospital revenue is not available, then the Illinois Department may obtain the hospital provider's adjusted gross hospital revenue from any source available, including, but not limited to, records maintained by the hospital provider, which may be inspected at all times during business hours of the day by the Department of Healthcare and Family Services or its duly authorized agents and employees.
day by the Illinois Department or its duly authorized agents and employees.

(b) Nothing in this Article shall be construed to authorize any home rule unit or other unit of local government to license for revenue or to impose a tax or assessment upon hospital providers or the occupation of hospital provider, or a tax or assessment measured by the income or earnings of a hospital provider.

(c) As provided in Section 5A-14, this Section is repealed on July 1, 2008.

(d) Notwithstanding any of the other provisions of this Section, the Department is authorized, during this 94th General Assembly, to adopt rules to reduce the rate of any annual assessment imposed under this Section, as authorized by Section 5-46.2 of the Illinois Administrative Procedure Act.

(Section scheduled to be repealed on July 1, 2008)

Sec. 5A-12.1. Hospital access improvement payments.

(a) To preserve and improve access to hospital services, for hospital services rendered on or after August 1, 2005, the Department of Public Aid shall make payments to hospitals as set forth in this Section, except for hospitals described in subsection (b) of Section 5A-3. These payments shall be paid on a quarterly basis. For State fiscal year 2006, once the approval of the payment methodology required under this Section and any waiver required under 42 CFR 433.68 by the Centers for Medicare and Medicaid Services of the U.S. Department of Health and Human Services is received, the Department shall pay the total amounts required for fiscal year 2006 under this Section within 100 days of the latest notification. In State fiscal years 2007 and 2008, the total amounts required under this Section shall be paid in 4 equal installments on or before the seventh State business day of September, December, March, and May, except that if the date of notification of the approval of the payment methodologies required under this Section and any waiver

New matter indicated by italics - deletions by strikeout
required under 42 CFR 433.68 is on or after July 1, 2006, the sum of amounts required under this Section prior to the date of notification shall be paid within 100 days of the date of the last notification. Payments under this Section are not due and payable, however, until (i) the methodologies described in this Section are approved by the federal government in an appropriate State Plan amendment, (ii) the assessment imposed under this Article is determined to be a permissible tax under Title XIX of the Social Security Act, and (iii) the assessment is in effect.

(b) Medicaid eligibility payment. In addition to amounts paid for inpatient hospital services, the Department shall pay each Illinois hospital (except for hospitals described in Section 5A-3) for each inpatient Medicaid admission in State fiscal year 2003, $430 multiplied by the percentage by which the number of Medicaid recipients in the county in which the hospital is located increased from State fiscal year 1998 to State fiscal year 2003.

(c) Medicaid high volume adjustment.

(1) In addition to rates paid for inpatient hospital services, the Department shall pay to each Illinois hospital (except for hospitals that qualify for Medicaid Percentage Adjustment payments under 89 Ill. Adm. Code 148.122 for the 12-month period beginning on October 1, 2004) that provided more than 10,000 Medicaid inpatient days of care (determined using the hospital's fiscal year 2002 Medicaid cost report on file with the Department on July 1, 2004) amounts as follows:

(i) for hospitals that provided more than 10,000 Medicaid inpatient days of care but less than or equal to 14,500 Medicaid inpatient days of care, $90 for each Medicaid inpatient day of care provided during that period; and

(ii) for hospitals that provided more than 14,500 Medicaid inpatient days of care but less than or equal to 18,500 Medicaid inpatient days of care, $135 for each Medicaid inpatient day of care provided during that period; and
(iii) for hospitals that provided more than 18,500 Medicaid inpatient days of care but less than or equal to 20,000 Medicaid inpatient days of care, $225 for each Medicaid inpatient day of care provided during that period; and

(iv) for hospitals that provided more than 20,000 Medicaid inpatient days of care, $900 for each Medicaid inpatient day of care provided during that period.

Provided, however, that no hospital shall receive more than $19,000,000 per year in such payments under subparagraphs (i), (ii), (iii), and (iv).

(2) In addition to rates paid for inpatient hospital services, the Department shall pay to each Illinois general acute care hospital that as of October 1, 2004, qualified for Medicaid percentage adjustment payments under 89 Ill. Adm. Code 148.122 and provided more than 21,000 Medicaid inpatient days of care (determined using the hospital's fiscal year 2002 Medicaid cost report on file with the Department on July 1, 2004) $35 for each Medicaid inpatient day of care provided during that period. Provided, however, that no hospital shall receive more than $1,200,000 per year in such payments.

(d) Intensive care adjustment. In addition to rates paid for inpatient services, the Department shall pay an adjustment payment to each Illinois general acute care hospital located in a large urban area that, based on the hospital's fiscal year 2002 Medicaid cost report, had a ratio of Medicaid intensive care unit days to total Medicaid days greater than 19%. If such ratio for the hospital is less than 30%, the hospital shall be paid an adjustment payment for each Medicaid inpatient day of care provided equal to $1,000 multiplied by the hospital's ratio of Medicaid intensive care days to total Medicaid days. If such ratio for the hospital is equal to or greater than 30%, the hospital shall be paid an adjustment payment for each Medicaid inpatient day of care provided equal to $2,800 multiplied by the hospital's ratio of Medicaid intensive care days to total Medicaid days.

(e) Trauma center adjustments.

(1) In addition to rates paid for inpatient hospital services, the Department shall pay to each Illinois general acute care hospital that as of January 1, 2005, was designated as a Level I trauma center and is either located in a large urban area or is located in another urban area and as of October 1, 2004 qualified for Medicaid percentage adjustment payments under 89 Ill. Adm. Code 148.122, a payment equal to $800 multiplied by the hospital's Medicaid intensive care unit days (excluding Medicare crossover days). This payment shall be calculated based on data from the hospital's 2002 cost report on file with the Department on July 1, 2004. For hospitals located in large urban areas outside of a city with a population in excess of 1,000,000 people, the payment required under this subsection shall be multiplied by 4.5. For hospitals located in other urban areas, the payment required under this subsection shall be multiplied by 8.5.

(2) In addition to rates paid for inpatient hospital services, the Department shall pay an additional payment to each Illinois general acute care hospital that as of January 1, 2005, was designated as a Level II trauma center and is located in a county with a population in excess of 3,000,000 people. The payment shall equal $4,000 per day for the first 500 Medicaid inpatient days, $2,000 per day for the Medicaid inpatient days between 501 and 1,500, and $100 per day for any Medicaid inpatient day in excess of 1,500. This payment shall be calculated based on data from the hospital's 2002 cost report on file with the Department on July 1, 2004.

(3) In addition to rates paid for inpatient hospital services, the Department shall pay an additional payment to each Illinois general acute care hospital that as of January 1, 2005, was designated as a Level II trauma center, is located in a large urban area outside of a county with a population in excess of 3,000,000 people, and as of January 1, 2005, was designated a Level III perinatal center or designated a Level II or II+ prenatal center that

has a ratio of Medicaid intensive care unit days to total Medicaid days greater than 5%. The payment shall equal $4,000 per day for the first 500 Medicaid inpatient days, $2,000 per day for the Medicaid inpatient days between 501 and 1,500, and $100 per day for any Medicaid inpatient day in excess of 1,500. This payment shall be calculated based on data from the hospital's 2002 cost report on file with the Department on July 1, 2004.

(4) In addition to rates paid for inpatient hospital services, the Department shall pay an additional payment to each Illinois children's hospital that as of January 1, 2005, was designated a Level I pediatric trauma center that had more than 30,000 Medicaid days in State fiscal year 2003 and to each Level I pediatric trauma center located outside of Illinois and that had more than 700 Illinois Medicaid cases in State fiscal year 2003. The amount of such payment shall equal $325 multiplied by the hospital's Medicaid intensive care unit days, and this payment shall be multiplied by 2.25 for hospitals located outside of Illinois. This payment shall be calculated based on data from the hospital's 2002 cost report on file with the Department on July 1, 2004.

(5) Notwithstanding any other provision of this subsection, a children's hospital, as defined in 89 Ill. Adm. Code 149.50(c)(3)(B), is not eligible for the payments described in paragraphs (1), (2), and (3) of this subsection.

(f) Psychiatric rate adjustment.

(1) In addition to rates paid for inpatient psychiatric services, the Department shall pay each Illinois psychiatric hospital and general acute care hospital with a distinct part psychiatric unit, for each Medicaid inpatient psychiatric day of care provided in State fiscal year 2003, an amount equal to $420 less the hospital's per diem rate for Medicaid inpatient psychiatric services as in effect on July 1, 2002. In no event, however, shall that amount be less than zero.

(2) For Illinois psychiatric hospitals and distinct part psychiatric units of Illinois general acute care hospitals whose New matter indicated by italics - deletions by strikeout
inpatient per diem rate as in effect on July 1, 2002 is greater than $420, the Department shall pay, in addition to any other amounts authorized under this Code, $40 for each Medicaid inpatient psychiatric day of care provided in State fiscal year 2003.

(3) In addition to rates paid for inpatient psychiatric services, for Illinois psychiatric hospitals located in a county with a population in excess of 3,000,000 people that did not qualify for Medicaid percentage adjustment payments under 89 Ill. Adm. Code 148.122 for the 12-month period beginning on October 1, 2004, the Illinois Department shall make an adjustment payment of $150 for each Medicaid inpatient psychiatric day of care provided by the hospital in State fiscal year 2003. In addition to rates paid for inpatient psychiatric services, for Illinois psychiatric hospitals located in a county with a population in excess of 3,000,000 people, but outside of a city with a population in excess of 1,000,000 people, that did qualify for Medicaid percentage adjustment payments under 89 Ill. Adm. Code 148.122 for the 12-month period beginning on October 1, 2004, the Illinois Department shall make an adjustment payment of $20 for each Medicaid inpatient psychiatric day of care provided by the hospital in State fiscal year 2003.

(g) Rehabilitation adjustment.

(1) In addition to rates paid for inpatient rehabilitation services, the Department shall pay each Illinois general acute care hospital with a distinct part rehabilitation unit that had at least 40 beds as reported on the hospital's 2003 Medicaid cost report on file with the Department as of March 31, 2005, for each Medicaid inpatient day of care provided during State fiscal year 2003, an amount equal to $230.

(2) In addition to rates paid for inpatient rehabilitation services, for Illinois rehabilitation hospitals that did not qualify for Medicaid percentage adjustment payments under 89 Ill. Adm. Code 148.122 for the 12-month period beginning on October 1, 2004, the Illinois Department shall make an adjustment payment of

New matter indicated by italics - deletions by strikeout
$200 for each Medicaid inpatient day of care provided during State fiscal year 2003.

(h) Supplemental tertiary care adjustment. In addition to rates paid for inpatient services, the Department shall pay to each Illinois hospital eligible for tertiary care adjustment payments under 89 Ill. Adm. Code 148.296, as in effect for State fiscal year 2005, a supplemental tertiary care adjustment payment equal to 2.5 multiplied by the tertiary care adjustment payment required under 89 Ill. Adm. Code 148.296, as in effect for State fiscal year 2005.

(i) Crossover percentage adjustment. In addition to rates paid for inpatient services, the Department shall pay each Illinois general acute care hospital, excluding any hospital defined as a cancer center hospital in rules by the Department, located in an urban area that provided over 500 days of inpatient care to Medicaid recipients, that had a ratio of crossover days to total Medicaid days, utilizing information used for the Medicaid percentage adjustment determination described in 84 Ill. Adm. Code 148.122, effective October 1, 2004, of greater than 40%, and that does not qualify for Medicaid percentage adjustment payments under 89 Ill. Adm. Code 148.122, on October 1, 2004, an amount as follows:

(1) for hospitals located in an other urban area, $140 per Medicaid inpatient day (including crossover days);

(2) for hospitals located in a large urban area whose ratio of crossover days to total Medicaid days is less than 55%, $350 per Medicaid inpatient day (including crossover days);

(3) for hospitals located in a large urban area whose ratio of crossover days to total Medicaid days is equal to or greater than 55%, $1,400 per Medicaid inpatient day (including crossover days).

The term "Medicaid days" in paragraphs (1), (2), and (3) of this subsection (i) means the Medicaid days utilized for the Medicaid percentage adjustment determination described in 89 Ill. Adm. Code 148.122 for the October 1, 2004 determination.

(j) Long term acute care hospital adjustment. In addition to rates paid for inpatient services, the Department shall pay each Illinois long
term acute care hospital that, as of October 1, 2004, qualified for a Medicaid percentage adjustment under 89 Ill. Adm. Code 148.122, $125 for each Medicaid inpatient day of care provided in State fiscal year 2003. In addition to rates paid for inpatient services, the Department shall pay each long term acute care hospital that, as of October 1, 2004, did not qualify for a Medicaid percentage adjustment under 89 Ill. Adm. Code 148.122, $1,250 for each Medicaid inpatient day of care provided in State fiscal year 2003. For purposes of this subsection, "long term acute care hospital" means a hospital that (i) is not a psychiatric hospital, rehabilitation hospital, or children's hospital and (ii) has an average length of inpatient stay greater than 25 days.

(k) Obstetrical care adjustments.

(1) In addition to rates paid for inpatient services, the Department shall pay each Illinois hospital an amount equal to $550 multiplied by each Medicaid obstetrical day of care provided by the hospital in State fiscal year 2003.

(2) In addition to rates paid for inpatient services, the Department shall pay each Illinois hospital that qualified as a Medicaid disproportionate share hospital under 89 Ill. Adm. Code 148.120 as of October 1, 2004, and that had a Medicaid obstetrical percentage greater than 10% and a Medicaid emergency care percentage greater than 40%, an amount equal to $650 multiplied by each Medicaid obstetrical day of care provided by the hospital in State fiscal year 2003.

(3) In addition to rates paid for inpatient services, the Department shall pay each Illinois hospital that is located in the St. Louis metropolitan statistical area and that provided more than 500 Medicaid obstetrical days of care in State fiscal year 2003, an amount equal to $1,800 multiplied by each Medicaid obstetrical day of care provided by the hospital in State fiscal year 2003.

(4) In addition to rates paid for inpatient services, the Department shall pay $600 for each Medicaid obstetrical day of care provided in State fiscal year 2003 by each Illinois hospital that (i) is located in a large urban area, (ii) is located in a county whose

number of Medicaid recipients increased from State fiscal year 1998 to State fiscal year 2003 by more than 60%, and (iii) that had a Medicaid obstetrical percentage used for the October 1, 2004, Medicaid percentage adjustment determination described in 89 Ill. Adm. Code 148.122 greater than 25%.

(5) In addition to rates paid for inpatient services, the Department shall pay $400 for each Medicaid obstetrical day of care provided in State fiscal year 2003 by each Illinois rural hospital that (i) was designated a Level II perinatal center as of January 1, 2005, (ii) had a Medicaid inpatient utilization rate greater than 34% in State fiscal year 2002, and (iii) had a Medicaid obstetrical percentage used for the October 1, 2004, Medicaid percentage adjustment determination described in 89 Ill. Adm. Code 148.122 greater than 15%.

(l) Outpatient access payments. In addition to the rates paid for outpatient hospital services, the Department shall pay each Illinois hospital (except for hospitals described in Section 5A-3), an amount equal to 2.38 multiplied by the hospital's outpatient ambulatory procedure listing payments for services provided during State fiscal year 2003 multiplied by the percentage by which the number of Medicaid recipients in the county in which the hospital is located increased from State fiscal year 1998 to State fiscal year 2003.

(m) Outpatient utilization payment.

(1) In addition to the rates paid for outpatient hospital services, the Department shall pay each Illinois rural hospital, an amount equal to 1.7 multiplied by the hospital's outpatient ambulatory procedure listing payments for services provided during State fiscal year 2003.

(2) In addition to the rates paid for outpatient hospital services, the Department shall pay each Illinois hospital located in an urban area, an amount equal to 0.45 multiplied by the hospital's outpatient ambulatory procedure listing payments received for services provided during State fiscal year 2003.
(n) Outpatient complexity of care adjustment. In addition to the rates paid for outpatient hospital services, the Department shall pay each Illinois hospital located in an urban area an amount equal to 2.55 multiplied by the hospital's emergency care percentage multiplied by the hospital's outpatient ambulatory procedure listing payments received for services provided during State fiscal year 2003. For children's hospitals with an inpatient utilization rate used for the October 1, 2004, Medicaid percentage adjustment determination described in 89 Ill. Adm. Code 148.122 greater than 90%, this adjustment shall be multiplied by 2. For cancer center hospitals, this adjustment shall be multiplied by 3.

(o) Rehabilitation hospital adjustment. In addition to the rates paid for outpatient hospital services, the Department shall pay each Illinois freestanding rehabilitation hospital that does not qualify for a Medicaid percentage adjustment under 89 Ill. Adm. Code 148.122 as of October 1, 2004, an amount equal to 3 multiplied by the hospital's outpatient ambulatory procedure listing payments for Group 6A services provided during State fiscal year 2003.

(p) Perinatal outpatient adjustment. In addition to the rates paid for outpatient hospital services, the Department shall pay an adjustment payment to each large urban general acute care hospital that is designated as a perinatal center as of January 1, 2005, has a Medicaid obstetrical percentage of at least 10% used for the October 1, 2004, Medicaid percentage adjustment determination described in 89 Ill. Adm. Code 148.122, has a Medicaid intensive care unit percentage of at least 3%, and has a ratio of ambulatory procedure listing Level 3 services to total ambulatory procedure listing services of at least 50%. The amount of the adjustment payment under this subsection shall be $550 multiplied by the hospital's outpatient ambulatory procedure listing Level 3A services provided in State fiscal year 2003. If the hospital, as of January 1, 2005, was designated a Level III or II+ perinatal center, the adjustment payments required by this subsection shall be multiplied by 4.

(q) Supplemental psychiatric adjustment payments. In addition to rates paid for inpatient services, the Department shall pay to each Illinois hospital that does not qualify for Medicaid percentage adjustments

(r) Outpatient community access adjustment. In addition to the rates paid for outpatient hospital services, the Department shall pay an adjustment payment to each general acute care hospital that is designated as a perinatal center as of January 1, 2005, that had a Medicaid obstetrical percentage used for the October 1, 2004, Medicaid percentage adjustment determination described in 89 Ill. Adm. Code 148.122 of at least 12.5%, that had a ratio of crossover days to total Medicaid days utilizing information used for the Medicaid percentage adjustment described in 89 Ill. Adm. Code 148.122 determination effective October 1, 2004, of greater than or equal to 25%, and that qualified for the Medicaid percentage adjustment payments under 89 Ill. Adm. Code 148.122 on October 1, 2004, an amount equal to $100 multiplied by the hospital's outpatient ambulatory procedure listing services provided during State fiscal year 2003.

(r-5) Notwithstanding any of the other provisions of this Section, the Department is authorized, during this 94th General Assembly, to adopt rules that change the hospital access improvement payments specified in this Section, but only to the extent necessary to conform to any federally approved amendment to the Title XIX State plan. Any such rules shall be adopted by the Department, as authorized by Section 5-46.2 of the Illinois Administrative Procedure Act. Notwithstanding any other provision of law, any changes implemented in relation to Public Act 94-242 shall be given retroactive effect so that they shall be deemed to have taken effect as of the effective date of that Public Act.

(s) Definitions. Unless the context requires otherwise or unless provided otherwise in this Section, the terms used in this Section for qualifying criteria and payment calculations shall have the same meanings as those terms have been given in the Illinois Department's administrative...
rules as in effect on May 1, 2005. Other terms shall be defined by the Illinois Department by rule.

As used in this Section, unless the context requires otherwise:

"Emergency care percentage" means a fraction, the numerator of which is the total Group 3 ambulatory procedure listing services provided by the hospital in State fiscal year 2003, and the denominator of which is the total ambulatory procedure listing services provided by the hospital in State fiscal year 2003.

"Large urban area" means an area located within a metropolitan statistical area, as defined by the U.S. Office of Management and Budget in OMB Bulletin 04-03, dated February 18, 2004, with a population in excess of 1,000,000.

"Medicaid intensive care unit days" means the number of hospital inpatient days during which Medicaid recipients received intensive care services from the hospital, as determined from the hospital's 2002 Medicaid cost report that was on file with the Department as of July 1, 2004.

"Other urban area" means an area located within a metropolitan statistical area, as defined by the U.S. Office of Management and Budget in OMB Bulletin 04-03, dated February 18, 2004, with a city with a population in excess of 50,000 or a total population in excess of 100,000.

(t) For purposes of this Section, a hospital that enrolled to provide Medicaid services during State fiscal year 2003 shall have its utilization and associated reimbursements annualized prior to the payment calculations being performed under this Section.

(u) For purposes of this Section, the terms "Medicaid days", "ambulatory procedure listing services", and "ambulatory procedure listing payments" do not include any days, charges, or services for which Medicare was liable for payment, except where explicitly stated otherwise in this Section.

(v) As provided in Section 5A-14, this Section is repealed on July 1, 2008.

Sec. 12-4.36. Pilot program for persons who are medically fragile and technology-dependent.

(a) Subject to appropriations for the first fiscal year of the pilot program beginning July 1, 2006, the Department of Human Services, in cooperation with the Department of Healthcare and Family Services, shall adopt rules to initiate a 3-year pilot program to (i) test a standardized assessment tool for persons who are medically fragile and technology-dependent who may be provided home and community-based services to meet their medical needs rather than be provided care in an institution not solely because of a severe mental or developmental impairment and (ii) provide appropriate home and community-based medical services for such persons as provided in subsection (c) of this Section. The Department of Human Services may administer the pilot program until June 30, 2009 if the General Assembly annually appropriates funds for this purpose.

(b) Notwithstanding any other provisions of this Code, the rules implementing the pilot program shall provide for criteria, standards, procedures, and reimbursement for services that are not otherwise being provided in scope, duration, or amount through any other program administered by any Department of Human Services or any other agency of the State for these medically fragile, technology-dependent persons. At a minimum, the rules shall include the following:

(1) A requirement that a pilot program participant be eligible for medical assistance under this Code, a citizen of the United States, or an individual who is lawfully residing permanently in the United States, and a resident of Illinois.

(2) A requirement that a standardized assessment for medically fragile, technology-dependent persons will establish the level of care and the service-cost maximums.

(3) A requirement for a determination by a physician licensed to practice medicine in all its branches (i) that, except for the provision of home and community-based care, these individuals would require the level of care provided in an institutional setting and (ii) that the necessary level of care can be provided safely in
the home and community through the provision of medical support services.

(4) A requirement that the services provided be medically necessary and appropriate for the level of functioning of the persons who are participating in the pilot program.

(5) Provisions for care coordination and family support services that will enable the person to receive services in the most integrated setting possible appropriate to his or her medical condition and level of functioning.

(6) The frequency of assessment and plan-of-care reviews.

(7) The family or guardian's active participation as care givers in meeting the individual's medical needs.

(8) The estimated cost to the State for in-home care, as compared to the institutional level of care appropriate to the individual's medical needs, may not exceed 100% of the institutional care as indicated by the standardized assessment tool.

(9) When determining the hours of medically necessary support services needed to maintain the individual at home, consideration shall be given to the availability of other services, including direct care provided by the individual's family or guardian that can reasonably be expected to meet the medical needs of the individual.

(c) During the pilot program, an individual who has received services pursuant to paragraph 7 of Section 5-2 of this Code, but who no longer receive such services because he or she has reached the age of 21, may be provided additional services pursuant to rule if the Department of Human Services, Division of Rehabilitation Services, determines from completion of the assessment tool for that individual that the exceptional care rate established by the Department of Healthcare and Family Services under Section 5-5.8a of this Code is not sufficient to cover the medical needs of the individual under the home and community-based services (HCBS) waivers for persons with disabilities.

(d) The Department of Human Services is authorized to lower the payment levels established under this Section or take such other actions,
including, without limitation, cessation of enrollment, reduction of available medical services, and changing standards for eligibility, that are deemed necessary by the Department during a State fiscal year to ensure that payments under this Section do not exceed available funds. These changes may be accomplished by emergency rulemaking under Section 5-45 of the Illinois Administrative Procedure Act, except that the limitation on the number of emergency rules that may be adopted in a 24-month period shall not apply.

(e) The Department of Human Services must make an annual report to the Governor and the General Assembly with respect to the persons eligible for medical assistance under this pilot program. The report must cover the State fiscal year ending on June 30 of the preceding year. The first report is due by January 1, 2008. The report must include the following information for the fiscal year covered by the report:

(1) The number of persons who were evaluated through the assessment tool under this pilot program.

(2) The number of persons who received services not available under the home and community-based services (HCBS) waivers for persons with disabilities under this pilot program.

(3) The number of persons whose services were reduced under this pilot program.

(4) The nature, scope, and cost of services provided under this pilot program.

(5) The comparative costs of providing those services in other institutions.

(6) The Department's progress in establishing an objective, standardized assessment tool for the HCBS waiver that assesses the medical needs of medically fragile, technology-dependent adults.

(7) Recommendations for the funding needed to expand this pilot program to all medically fragile, technology-dependent individuals in HCBS waivers.

Section 16. The Illinois Public Aid Code is amended by repealing Section 5-5.22.

Section 99. Effective date. This Act takes effect upon becoming law.

Approved June 6, 2006.
Effective June 6, 2006.

PUBLIC ACT 94-0839
(Senate Bill No. 1977)

AN ACT concerning finance.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

ARTICLE 1. SHORT TITLE; PURPOSE

Section 1-1. Short title. This Act may be cited as the FY2007 Budget Implementation (Finance) Act.

Section 1-3. Purpose. The purpose of this Act is to make changes in State programs that are necessary to implement the Governor's FY2007 budget recommendations concerning finance.

ARTICLE 5. AMENDATORY PROVISIONS

Section 5-5. The State Employees Group Insurance Act of 1971 is amended by changing Sections 6.10, 10, and 13.1 as follows:

(5 ILCS 375/6.10)
Sec. 6.10. Contributions to the Community College Health Insurance Security Fund.
(a) Beginning January 1, 1999, every active contributor of the State Universities Retirement System (established under Article 15 of the Illinois Pension Code) who (1) is a full-time employee of a community college district (other than a community college district subject to Article VII of the Public Community College Act) or an association of community college boards and (2) is not an employee as defined in Section 3 of this Act shall make contributions toward the cost of community college annuitant and survivor health benefits at the rate of 0.50% of salary.

New matter indicated by italics - deletions by strikeout
These contributions shall be deducted by the employer and paid to the State Universities Retirement System as service agent for the Department of Central Management Services. The System may use the same processes for collecting the contributions required by this subsection that it uses to collect the contributions received from those employees under Section 15-157 of the Illinois Pension Code. An employer may agree to pick up or pay the contributions required under this subsection on behalf of the employee; such contributions shall be deemed to have been paid by the employee.

The State Universities Retirement System shall promptly deposit all moneys collected under this subsection (a) into the Community College Health Insurance Security Fund created in Section 6.9 of this Act. The moneys collected under this Section shall be used only for the purposes authorized in Section 6.9 of this Act and shall not be considered to be assets of the State Universities Retirement System. Contributions made under this Section are not transferable to other pension funds or retirement systems and are not refundable upon termination of service.

(b) Beginning January 1, 1999, every community college district (other than a community college district subject to Article VII of the Public Community College Act) or association of community college boards that is an employer under the State Universities Retirement System shall contribute toward the cost of the community college health benefits provided under Section 6.9 of this Act an amount equal to 0.50% of the salary paid to its full-time employees who participate in the State Universities Retirement System and are not members as defined in Section 3 of this Act.

These contributions shall be paid by the employer to the State Universities Retirement System as service agent for the Department of Central Management Services. The System may use the same processes for collecting the contributions required by this subsection that it uses to collect the contributions received from those employers under Section 15-155 of the Illinois Pension Code.

The State Universities Retirement System shall promptly deposit all moneys collected under this subsection (b) into the Community College Health Insurance Security Fund.
Health Insurance Security Fund created in Section 6.9 of this Act. The moneys collected under this Section shall be used only for the purposes authorized in Section 6.9 of this Act and shall not be considered to be assets of the State Universities Retirement System. Contributions made under this Section are not transferable to other pension funds or retirement systems and are not refundable upon termination of service.

(c) On or before November 15 of each year, the Board of Trustees of the State Universities Retirement System shall certify to the Governor, the Director of Central Management Services, and the State Comptroller its estimate of the total amount of contributions to be paid under subsection (a) of this Section for the next fiscal year. Beginning in fiscal year 2008, the amount certified shall be decreased or increased each year by the amount that the actual active employee contributions either fell short of or exceeded the estimate used by the Board in making the certification for the previous fiscal year. The State Universities Retirement System shall calculate the amount of actual active employee contributions in fiscal years 1999 through 2005. Based upon this calculation, the fiscal year 2008 certification shall include an amount equal to the cumulative amount that the actual active employee contributions either fell short of or exceeded the estimate used by the Board in making the certification for those fiscal years. The certification shall include a detailed explanation of the methods and information that the Board relied upon in preparing its estimate. As soon as possible after the effective date of this Section, the Board shall submit its estimate for fiscal year 1999.

(d) Beginning in fiscal year 1999, on the first day of each month, or as soon thereafter as may be practical, the State Treasurer and the State Comptroller shall transfer from the General Revenue Fund to the Community College Health Insurance Security Fund 1/12 of the annual amount appropriated for that fiscal year to the State Comptroller for deposit into the Community College Health Insurance Security Fund under Section 1.4 of the State Pension Funds Continuing Appropriation Act.

(e) Except where otherwise specified in this Section, the definitions that apply to Article 15 of the Illinois Pension Code apply to this Section.

Sec. 10. Payments by State; premiums.

(a) The State shall pay the cost of basic non-contributory group life insurance and, subject to member paid contributions set by the Department or required by this Section, the basic program of group health benefits on each eligible member, except a member, not otherwise covered by this Act, who has retired as a participating member under Article 2 of the Illinois Pension Code but is ineligible for the retirement annuity under Section 2-119 of the Illinois Pension Code, and part of each eligible member's and retired member's premiums for health insurance coverage for enrolled dependents as provided by Section 9. The State shall pay the cost of the basic program of group health benefits only after benefits are reduced by the amount of benefits covered by Medicare for all members and dependents who are eligible for benefits under Social Security or the Railroad Retirement system or who had sufficient Medicare-covered government employment, except that such reduction in benefits shall apply only to those members and dependents who (1) first become eligible for such Medicare coverage on or after July 1, 1992; or (2) are Medicare-eligible members or dependents of a local government unit which began participation in the program on or after July 1, 1992; or (3) remain eligible for, but no longer receive Medicare coverage which they had been receiving on or after July 1, 1992. The Department may determine the aggregate level of the State's contribution on the basis of actual cost of medical services adjusted for age, sex or geographic or other demographic characteristics which affect the costs of such programs.

The cost of participation in the basic program of group health benefits for the dependent or survivor of a living or deceased retired employee who was formerly employed by the University of Illinois in the Cooperative Extension Service and would be an annuitant but for the fact that he or she was made ineligible to participate in the State Universities Retirement System by clause (4) of subsection (a) of Section 15-107 of the Illinois Pension Code shall not be greater than the cost of participation that would otherwise apply to that dependent or survivor if he or she were the

dependent or survivor of an annuitant under the State Universities Retirement System.

(a-1) Beginning January 1, 1998, for each person who becomes a new SERS annuitant and participates in the basic program of group health benefits, the State shall contribute toward the cost of the annuitant's coverage under the basic program of group health benefits an amount equal to 5% of that cost for each full year of creditable service upon which the annuitant's retirement annuity is based, up to a maximum of 100% for an annuitant with 20 or more years of creditable service. The remainder of the cost of a new SERS annuitant's coverage under the basic program of group health benefits shall be the responsibility of the annuitant. In the case of a new SERS annuitant who has elected to receive an alternative retirement cancellation payment under Section 14-108.5 of the Illinois Pension Code in lieu of an annuity, for the purposes of this subsection the annuitant shall be deemed to be receiving a retirement annuity based on the number of years of creditable service that the annuitant had established at the time of his or her termination of service under SERS.

(a-2) Beginning January 1, 1998, for each person who becomes a new SERS survivor and participates in the basic program of group health benefits, the State shall contribute toward the cost of the survivor's coverage under the basic program of group health benefits an amount equal to 5% of that cost for each full year of the deceased employee's or deceased annuitant's creditable service in the State Employees' Retirement System of Illinois on the date of death, up to a maximum of 100% for a survivor of an employee or annuitant with 20 or more years of creditable service. The remainder of the cost of the new SERS survivor's coverage under the basic program of group health benefits shall be the responsibility of the survivor. In the case of a new SERS survivor who was the dependent of an annuitant who elected to receive an alternative retirement cancellation payment under Section 14-108.5 of the Illinois Pension Code in lieu of an annuity, for the purposes of this subsection the deceased annuitant's creditable service shall be determined as of the date of termination of service rather than the date of death.
(a-3) Beginning January 1, 1998, for each person who becomes a new SURLS annuitant and participates in the basic program of group health benefits, the State shall contribute toward the cost of the annuitant's coverage under the basic program of group health benefits an amount equal to 5% of that cost for each full year of creditable service upon which the annuitant's retirement annuity is based, up to a maximum of 100% for an annuitant with 20 or more years of creditable service. The remainder of the cost of a new SURLS annuitant's coverage under the basic program of group health benefits shall be the responsibility of the annuitant.

(a-4) (Blank).

(a-5) Beginning January 1, 1998, for each person who becomes a new SURLS survivor and participates in the basic program of group health benefits, the State shall contribute toward the cost of the survivor's coverage under the basic program of group health benefits an amount equal to 5% of that cost for each full year of the deceased employee's or deceased annuitant's creditable service in the State Universities Retirement System on the date of death, up to a maximum of 100% for a survivor of an employee or annuitant with 20 or more years of creditable service. The remainder of the cost of the new SURLS survivor's coverage under the basic program of group health benefits shall be the responsibility of the survivor.

(a-6) Beginning July 1, 1998, for each person who becomes a new TRS State annuitant and participates in the basic program of group health benefits, the State shall contribute toward the cost of the annuitant's coverage under the basic program of group health benefits an amount equal to 5% of that cost for each full year of creditable service as a teacher as defined in paragraph (2), (3), or (5) of Section 16-106 of the Illinois Pension Code upon which the annuitant's retirement annuity is based, up to a maximum of 100%; except that the State contribution shall be 12.5% per year (rather than 5%) for each full year of creditable service as a regional superintendent or assistant regional superintendent of schools. The remainder of the cost of a new TRS State annuitant's coverage under the basic program of group health benefits shall be the responsibility of the annuitant.

(a-7) Beginning July 1, 1998, for each person who becomes a new TRS State survivor and participates in the basic program of group health benefits, the State shall contribute toward the cost of the survivor's coverage under the basic program of group health benefits an amount equal to 5% of that cost for each full year of the deceased employee's or deceased annuitant's creditable service as a teacher as defined in paragraph (2), (3), or (5) of Section 16-106 of the Illinois Pension Code on the date of death, up to a maximum of 100%; except that the State contribution shall be 12.5% per year (rather than 5%) for each full year of the deceased employee's or deceased annuitant's creditable service as a regional superintendent or assistant regional superintendent of schools. The remainder of the cost of the new TRS State survivor's coverage under the basic program of group health benefits shall be the responsibility of the survivor.

(a-8) A new SERS annuitant, new SERS survivor, new SERS annuitant, new SERS survivor, new TRS State annuitant, or new TRS State survivor may waive or terminate coverage in the program of group health benefits. Any such annuitant or survivor who has waived or terminated coverage may enroll or re-enroll in the program of group health benefits only during the annual benefit choice period, as determined by the Director; except that in the event of termination of coverage due to nonpayment of premiums, the annuitant or survivor may not re-enroll in the program.

(a-9) No later than May 1 of each calendar year, the Director of Central Management Services shall certify in writing to the Executive Secretary of the State Employees' Retirement System of Illinois the amounts of the Medicare supplement health care premiums and the amounts of the health care premiums for all other retirees who are not Medicare eligible.

A separate calculation of the premiums based upon the actual cost of each health care plan shall be so certified.

The Director of Central Management Services shall provide to the Executive Secretary of the State Employees' Retirement System of Illinois such information, statistics, and other data as he or she may require to
review the premium amounts certified by the Director of Central Management Services.

(b) State employees who become eligible for this program on or after January 1, 1980 in positions normally requiring actual performance of duty not less than 1/2 of a normal work period but not equal to that of a normal work period, shall be given the option of participating in the available program. If the employee elects coverage, the State shall contribute on behalf of such employee to the cost of the employee's benefit and any applicable dependent supplement, that sum which bears the same percentage as that percentage of time the employee regularly works when compared to normal work period.

(c) The basic non-contributory coverage from the basic program of group health benefits shall be continued for each employee not in pay status or on active service by reason of (1) leave of absence due to illness or injury, (2) authorized educational leave of absence or sabbatical leave, or (3) military leave with pay and benefits. This coverage shall continue until expiration of authorized leave and return to active service, but not to exceed 24 months for leaves under item (1) or (2). This 24-month limitation and the requirement of returning to active service shall not apply to persons receiving ordinary or accidental disability benefits or retirement benefits through the appropriate State retirement system or benefits under the Workers' Compensation or Occupational Disease Act.

(d) The basic group life insurance coverage shall continue, with full State contribution, where such person is (1) absent from active service by reason of disability arising from any cause other than self-inflicted, (2) on authorized educational leave of absence or sabbatical leave, or (3) on military leave with pay and benefits.

(e) Where the person is in non-pay status for a period in excess of 30 days or on leave of absence, other than by reason of disability, educational or sabbatical leave, or military leave with pay and benefits, such person may continue coverage only by making personal payment equal to the amount normally contributed by the State on such person's behalf. Such payments and coverage may be continued: (1) until such time as the person returns to a status eligible for coverage at State expense, but
not to exceed 24 months, (2) until such person's employment or annuitant status with the State is terminated, or (3) for a maximum period of 4 years for members on military leave with pay and benefits and military leave without pay and benefits (exclusive of any additional service imposed pursuant to law).

(f) The Department shall establish by rule the extent to which other employee benefits will continue for persons in non-pay status or who are not in active service.

(g) The State shall not pay the cost of the basic non-contributory group life insurance, program of health benefits and other employee benefits for members who are survivors as defined by paragraphs (1) and (2) of subsection (q) of Section 3 of this Act. The costs of benefits for these survivors shall be paid by the survivors or by the University of Illinois Cooperative Extension Service, or any combination thereof. However, the State shall pay the amount of the reduction in the cost of participation, if any, resulting from the amendment to subsection (a) made by this amendatory Act of the 91st General Assembly.

(h) Those persons occupying positions with any department as a result of emergency appointments pursuant to Section 8b.8 of the Personnel Code who are not considered employees under this Act shall be given the option of participating in the programs of group life insurance, health benefits and other employee benefits. Such persons electing coverage may participate only by making payment equal to the amount normally contributed by the State for similarly situated employees. Such amounts shall be determined by the Director. Such payments and coverage may be continued until such time as the person becomes an employee pursuant to this Act or such person's appointment is terminated.

(i) Any unit of local government within the State of Illinois may apply to the Director to have its employees, annuitants, and their dependents provided group health coverage under this Act on a non-insured basis. To participate, a unit of local government must agree to enroll all of its employees, who may select coverage under either the State group health benefits plan or a health maintenance organization that has contracted with the State to be available as a health care provider for

employees as defined in this Act. A unit of local government must remit the entire cost of providing coverage under the State group health benefits plan or, for coverage under a health maintenance organization, an amount determined by the Director based on an analysis of the sex, age, geographic location, or other relevant demographic variables for its employees, except that the unit of local government shall not be required to enroll those of its employees who are covered spouses or dependents under this plan or another group policy or plan providing health benefits as long as (1) an appropriate official from the unit of local government attests that each employee not enrolled is a covered spouse or dependent under this plan or another group policy or plan, and (2) at least 85% of the employees are enrolled and the unit of local government remits the entire cost of providing coverage to those employees, except that a participating school district must have enrolled at least 85% of its full-time employees who have not waived coverage under the district's group health plan by participating in a component of the district's cafeteria plan. A participating school district is not required to enroll a full-time employee who has waived coverage under the district's health plan, provided that an appropriate official from the participating school district attests that the full-time employee has waived coverage by participating in a component of the district's cafeteria plan. For the purposes of this subsection, "participating school district" includes a unit of local government whose primary purpose is education as defined by the Department's rules.

Employees of a participating unit of local government who are not enrolled due to coverage under another group health policy or plan may enroll in the event of a qualifying change in status, special enrollment, special circumstance as defined by the Director, or during the annual Benefit Choice Period. A participating unit of local government may also elect to cover its annuitants. Dependent coverage shall be offered on an optional basis, with the costs paid by the unit of local government, its employees, or some combination of the two as determined by the unit of local government. The unit of local government shall be responsible for timely collection and transmission of dependent premiums.

The Director shall annually determine monthly rates of payment, subject to the following constraints:

(1) In the first year of coverage, the rates shall be equal to the amount normally charged to State employees for elected optional coverages or for enrolled dependents coverages or other contributory coverages, or contributed by the State for basic insurance coverages on behalf of its employees, adjusted for differences between State employees and employees of the local government in age, sex, geographic location or other relevant demographic variables, plus an amount sufficient to pay for the additional administrative costs of providing coverage to employees of the unit of local government and their dependents.

(2) In subsequent years, a further adjustment shall be made to reflect the actual prior years' claims experience of the employees of the unit of local government.

In the case of coverage of local government employees under a health maintenance organization, the Director shall annually determine for each participating unit of local government the maximum monthly amount the unit may contribute toward that coverage, based on an analysis of (i) the age, sex, geographic location, and other relevant demographic variables of the unit's employees and (ii) the cost to cover those employees under the State group health benefits plan. The Director may similarly determine the maximum monthly amount each unit of local government may contribute toward coverage of its employees' dependents under a health maintenance organization.

Monthly payments by the unit of local government or its employees for group health benefits plan or health maintenance organization coverage shall be deposited in the Local Government Health Insurance Reserve Fund.

The Local Government Health Insurance Reserve Fund shall be a continuing fund not subject to fiscal year limitations. All revenues arising from the administration of the health benefits program established under this Section shall be deposited into the Local Government Health Insurance Reserve Fund. All expenditures from this Fund shall be used for

payments for health care benefits for local government and rehabilitation facility employees, annuitants, and dependents, and to reimburse the Department or its administrative service organization for all expenses incurred in the administration of benefits. No other State funds may be used for these purposes.

A local government employer's participation or desire to participate in a program created under this subsection shall not limit that employer's duty to bargain with the representative of any collective bargaining unit of its employees.

(j) Any rehabilitation facility within the State of Illinois may apply to the Director to have its employees, annuitants, and their eligible dependents provided group health coverage under this Act on a non-insured basis. To participate, a rehabilitation facility must agree to enroll all of its employees and remit the entire cost of providing such coverage for its employees, except that the rehabilitation facility shall not be required to enroll those of its employees who are covered spouses or dependents under this plan or another group policy or plan providing health benefits as long as (1) an appropriate official from the rehabilitation facility attests that each employee not enrolled is a covered spouse or dependent under this plan or another group policy or plan, and (2) at least 85% of the employees are enrolled and the rehabilitation facility remits the entire cost of providing coverage to those employees. Employees of a participating rehabilitation facility who are not enrolled due to coverage under another group health policy or plan may enroll in the event of a qualifying change in status, special enrollment, special circumstance as defined by the Director, or during the annual Benefit Choice Period. A participating rehabilitation facility may also elect to cover its annuitants. Dependent coverage shall be offered on an optional basis, with the costs paid by the rehabilitation facility, its employees, or some combination of the 2 as determined by the rehabilitation facility. The rehabilitation facility shall be responsible for timely collection and transmission of dependent premiums.

The Director shall annually determine quarterly rates of payment, subject to the following constraints:

New matter indicated by italics - deletions by strikeout
(1) In the first year of coverage, the rates shall be equal to the amount normally charged to State employees for elected optional coverages or for enrolled dependents coverages or other contributory coverages on behalf of its employees, adjusted for differences between State employees and employees of the rehabilitation facility in age, sex, geographic location or other relevant demographic variables, plus an amount sufficient to pay for the additional administrative costs of providing coverage to employees of the rehabilitation facility and their dependents.

(2) In subsequent years, a further adjustment shall be made to reflect the actual prior years' claims experience of the employees of the rehabilitation facility.

Monthly payments by the rehabilitation facility or its employees for group health benefits shall be deposited in the Local Government Health Insurance Reserve Fund.

(k) Any domestic violence shelter or service within the State of Illinois may apply to the Director to have its employees, annuitants, and their dependents provided group health coverage under this Act on a non-insured basis. To participate, a domestic violence shelter or service must agree to enroll all of its employees and pay the entire cost of providing such coverage for its employees. A participating domestic violence shelter may also elect to cover its annuitants. Dependent coverage shall be offered on an optional basis, with employees, or some combination of the 2 as determined by the domestic violence shelter or service. The domestic violence shelter or service shall be responsible for timely collection and transmission of dependent premiums.

The Director shall annually determine rates of payment, subject to the following constraints:

(1) In the first year of coverage, the rates shall be equal to the amount normally charged to State employees for elected optional coverages or for enrolled dependents coverages or other contributory coverages on behalf of its employees, adjusted for differences between State employees and employees of the domestic violence shelter or service in age, sex, geographic

location or other relevant demographic variables, plus an amount sufficient to pay for the additional administrative costs of providing coverage to employees of the domestic violence shelter or service and their dependents.

(2) In subsequent years, a further adjustment shall be made to reflect the actual prior years' claims experience of the employees of the domestic violence shelter or service.

Monthly payments by the domestic violence shelter or service or its employees for group health insurance shall be deposited in the Local Government Health Insurance Reserve Fund.

(l) A public community college or entity organized pursuant to the Public Community College Act may apply to the Director initially to have only annuitants not covered prior to July 1, 1992 by the district's health plan provided health coverage under this Act on a non-insured basis. The community college must execute a 2-year contract to participate in the Local Government Health Plan. Any annuitant may enroll in the event of a qualifying change in status, special enrollment, special circumstance as defined by the Director, or during the annual Benefit Choice Period.

The Director shall annually determine monthly rates of payment subject to the following constraints: for those community colleges with annuitants only enrolled, first year rates shall be equal to the average cost to cover claims for a State member adjusted for demographics, Medicare participation, and other factors; and in the second year, a further adjustment of rates shall be made to reflect the actual first year's claims experience of the covered annuitants.

(l-5) The provisions of subsection (l) become inoperative on July 1, 1999.

(m) The Director shall adopt any rules deemed necessary for implementation of this amendatory Act of 1989 (Public Act 86-978).

of any employee health benefits program, shall be deposited in a trust fund outside the State Treasury, with the State Treasurer as ex-officio custodian, to be known as the Health Insurance Reserve Fund.

(b) Upon the adoption of a self-insurance health plan, any monies attributable to the group health insurance program shall be deposited in or transferred to the Health Insurance Reserve Fund for use by the Department. As of the effective date of this amendatory Act of 1986, the Department shall certify to the Comptroller the amount of money in the Group Insurance Premium Fund attributable to the State group health insurance program and the Comptroller shall transfer such money from the Group Insurance Premium Fund to the Health Insurance Reserve Fund. Contributions by the State to the Health Insurance Reserve Fund to meet the requirements of this Act, as established by the Director, from the General Revenue Fund and the Road Fund to the Health Insurance Reserve Fund shall be by annual appropriations, and all other contributions to meet the requirements of the programs of health benefits or other employee benefits shall be deposited in the Health Insurance Reserve Fund. The Department shall draw the appropriation from the General Revenue Fund and the Road Fund from time to time as necessary to make expenditures authorized under this Act.

The Director may employ such assistance and services and may purchase such goods as may be necessary for the proper development and administration of any of the benefit programs authorized by this Act. The Director may promulgate rules and regulations in regard to the administration of these programs.

All monies received by the Department for deposit in or transfer to the Health Insurance Reserve Fund, through appropriation or otherwise, shall be used to provide for the making of payments to claimants and providers and to reimburse the Department for all expenses directly incurred relating to Department development and administration of the program of health benefits and other employee benefits.

Any administrative service organization administering any self-insurance health plan and paying claims and benefits under authority of this Act may receive, pursuant to written authorization and direction of the

Director, an initial transfer and periodic transfers of funds from the Health Insurance Reserve Fund in amounts determined by the Director who may consider the amount recommended by the administrative service organization. Notwithstanding any other statute, such transferred funds shall be retained by the administrative service organization in a separate account provided by any bank as defined by the Illinois Banking Act. The Department may promulgate regulations further defining the banks authorized to accept such funds and all methodology for transfer of such funds. Any interest earned by monies in such account shall inure to the Health Insurance Reserve Fund, shall remain in such account and shall be used exclusively to pay claims and benefits under this Act. Such transferred funds shall be used exclusively for administrative service organization payment of claims to claimants and providers under the self-insurance health plan by the drawing of checks against such account. The administrative service organization may not use such transferred funds, or interest accrued thereon, for any other purpose including, but not limited to, reimbursement of administrative expenses or payments of administration fees due the organization pursuant to its contract or contracts with the Department of Central Management Services.

The account of the administrative service organization established under this Section, any transfers from the Health Insurance Reserve Fund to such account and the use of such account and funds shall be subject to (1) audit by the Department or private contractor authorized by the Department to conduct audits, and (2) post audit pursuant to the Illinois State Auditing Act.

(c) The Director, with the advice and consent of the Commission, shall establish premiums for optional coverage for dependents of eligible members for the health plans. The eligible members shall be responsible for their portion of such optional premium. The State shall contribute an amount per month for each eligible member who has enrolled one or more dependents under the health plans. Such contribution shall be made directly to the Health Insurance Reserve Fund. Those employees described in subsection (b) of Section 9 of this Act shall be allowed to continue in

the health plan by making personal payments with the premiums to be deposited in the Health Insurance Reserve Fund.

(d) The Health Insurance Reserve Fund shall be a continuing fund not subject to fiscal year limitations. All expenditures from that fund shall be at the direction of the Director and shall be only for the purpose of:

(1) the payment of administrative expenses incurred by the Department for the program of health benefits or other employee benefit programs, including but not limited to the costs of audits or actuarial consultations, professional and contractual services, electronic data processing systems and services, and expenses in connection with the development and administration of such programs;

(2) the payment of administrative expenses incurred by the Administrative Service Organization;

(3) the payment of health benefits;

(4) refunds to employees for erroneous payments of their selected dependent coverage;

(5) payment of premium for stop-loss or re-insurance;

(6) payment of premium to health maintenance organizations pursuant to Section 6.1 of this Act;

(7) payment of adoption program benefits; and

(8) payment of other benefits offered to members and dependents under this Act.

(b) All successful grant applicants shall be required to partner with a joint labor and management-sponsored apprenticeship program or programs. All successful grant applicants must provide participating individuals with paid employment opportunities while participating in the program.

(c) The Department shall establish criteria for (i) prioritizing grant requests from eligible grant applicants and (ii) determining what project activities qualify for funding. Entities eligible to apply for grant funding shall include: community-based organizations and educational institutions. These eligible entities shall have the following capabilities: a demonstrated expertise in serving targeted populations; knowledge of the construction industry; demonstrated success in placing clients in employment; previous experience offering employment services for targeted populations; and expertise in preparing workers for employment in the building trades.

(d) The Department shall determine the targeted populations to be served by the program. The Department shall establish geographic boundaries of eligible grant areas.

(e) The Department shall require all successful grant applicants to report quarterly on implementation of planned activities and success in reaching key milestones. Successful grant applicants must also maintain and report individual-level information on types of services received and resulting outcomes, including placement into specific apprenticeship programs.

(f) The Department shall report to the Governor and the General Assembly on December 31, 2007 and on December 31 of each year thereafter as long as grant-funded activities are provided on the activities undertaken by all successful grant applicants. The report shall include an evaluation of those activities and their success in assisting participating individuals to enter and complete building trades apprenticeship programs and achieve journey-level status.

Sec. 25. I-FLY Program.

(a) The Department Commission shall establish the I-FLY Program, in cooperation with the Commission. The Program shall consist of the following components:

(1) air carrier recruitment and retention grants as described in subsection (c); and

(2) planning grants under subsection (d).

The Department Commission may make grants under this Act only to airports that are located completely outside of Cook County.

(b) During any one-year period, an airport may receive a grant for only one of the 2 components specified in subsection (a).

(c) Air carrier recruitment and retention program grants.

(1) An airport may receive an air carrier recruitment and retention program grant from the Department Commission only if:

(A) it is capable of supporting takeoffs and landings by aircraft that have at least 19 passenger seats or have made improvements or commitments to the Department Commission to provide this capability; and

(B) it has a commitment from an air carrier to start or continue air service to the community that the airport serves subject to financial support from the State and from the airport or unit of local government that the airport serves. The commitment must specify that the air carrier would not provide or continue to provide service to the community if financial assistance were not available.
(2) An application for an air carrier recruitment and retention program grant must contain commitments from the airport or the unit of local government in which the airport is located as to the amount of the total project cost, the contribution from the unit of local government or airport, the method in which the contribution from the airport or unit of local government will be generated, and the requested State contribution.

(3) The air carrier recruitment and retention program grant shall be used to guarantee the financial viability of air carriers providing reasonable air service at the airport. A grant under this subsection (c) to a particular airport may be in only one of the following 3 forms:

(A) A grant may be used to guarantee that an air carrier shall receive an agreed amount of revenue per flight.

(B) A grant may be used to guarantee a reduced or subsidized consumer ticket price.

(C) A grant may be used to guarantee a profit goal established by the air carrier and airport.

(4) During the first year of a grant under this subsection (c), the grant shall pay 80% of the total cost of the guarantee and the airport or unit of local government in which the airport is located shall pay 20% of the total cost of the guarantee. During the second year of a grant under this subsection (c), the grant shall pay 50% of the total cost of the guarantee and the airport or the unit of local government in which the airport is located shall pay 50% of the total cost of the guarantee.

(5) The total State funding for a grant under this subsection (c) to a particular airport may not exceed $1,000,000 in any year.

(6) An airport that has received a 2-year grant under this subsection (c) may apply for another grant for an additional 2-year period; however, the Department Commission shall, in determining whether to make a grant for an additional 2-year period, give priority to other airports that have not previously received a grant under this subsection (c). The Department

New matter indicated by italics - deletions by strikeout
Commission shall also give priority in making grants under this subsection (c) to airports at which the Department of Commerce and Economic Opportunity determines that a 2-year grant may result in the creation of stable and reliable commercial air service without an additional grant.

(d) Planning grants. An airport may apply for and receive a planning grant to conduct feasibility studies or business plans designed to study the recruitment, retention, or expansion of an air carrier at the airport. To be eligible for a grant under this subsection (d), the airport must have the potential for initial or expanded air service as the Department of Commerce and Economic Opportunity determines through its evaluation process. The grant shall pay 70% of the total cost of the feasibility studies or business plans and the airport or the unit of local government in which the airport is located shall pay 30% of the total cost of the feasibility studies or business plans. An airport may receive only one planning grant. (Source: P.A. 93-585, eff. 8-22-03.)

Section 5-37. The Compensation Review Act is amended by changing Section 2 as follows:

(25 ILCS 120/2) (from Ch. 63, par. 902)

Sec. 2. There is created the Compensation Review Board, hereinafter referred to as the Board, as an independent commission within the legislative branch of State government.

The Board shall consist of 12 members, appointed 3 each by the Speaker of the House of Representatives, the Minority Leader thereof, the President of the Senate, and the Minority Leader thereof. Members shall be adults and be residents of Illinois. Members may not be members or employees of the judicial, executive or legislative branches of State government; nor may members be persons registered under the Lobbyist Registration Act. Any member may be reappointed for a consecutive term. The respective appointing legislative leader may remove any such appointed member prior to the expiration of his term on the Board for official misconduct, incompetence or neglect of duty.

Members shall serve without compensation but shall receive an allowance for living expenses incurred in the performance of their official duties.

Sec. 6z-63. The Professional Services Fund.

(a) The Professional Services Fund is created as a revolving fund in the State treasury. The following moneys shall be deposited into the Fund:

1. amounts authorized for transfer to the Fund from the General Revenue Fund and other State funds (except for funds classified by the Comptroller as federal trust funds or State trust funds) pursuant to State law or Executive Order;
2. federal funds received by the Department of Central Management Services (the "Department") as a result of expenditures from the Fund;
3. interest earned on moneys in the Fund; and
4. receipts or inter-fund transfers resulting from billings issued by the Department to State agencies for the cost of professional services rendered by the Department that are not compensated through the specific fund transfers authorized by this Section.

(b) Moneys in the Fund may be used by the Department for reimbursement or payment for:

1. providing professional services to State agencies or other State entities;
2. rendering other services to State agencies at the Governor's direction or to other State entities upon agreement between the Director of Central Management Services and the appropriate official or governing body of the other State entity; or
3. providing for payment of administrative and other expenses incurred by the Department in providing professional services.

(c) State agencies or other State entities may direct the Comptroller to process inter-fund transfers or make payment through the voucher and warrant process to the Professional Services Fund in satisfaction of billings issued under subsection (a) of this Section.
(d) Reconciliation. For the fiscal year beginning on July 1, 2004 only, the Director of Central Management Services (the "Director") shall order that each State agency's payments and transfers made to the Fund be reconciled with actual Fund costs for professional services provided by the Department on no less than an annual basis. The Director may require reports from State agencies as deemed necessary to perform this reconciliation.

(e) The following amounts are authorized for transfer into the Professional Services Fund for the fiscal year beginning July 1, 2004:

Sec. 6z-64. The Workers' Compensation Revolving Fund.
(a) The Workers' Compensation Revolving Fund is created as a revolving fund in the State treasury. The following moneys shall be deposited into the Fund:

(1) amounts authorized for transfer to the Fund from the General Revenue Fund and other State funds (except for funds classified by the Comptroller as federal trust funds or State trust funds) pursuant to State law or Executive Order;
(2) federal funds received by the Department of Central Management Services (the "Department") as a result of expenditures from the Fund;
(3) interest earned on moneys in the Fund;
(4) receipts or inter-fund transfers resulting from billings issued by the Department to State agencies and universities for the cost of workers' compensation services rendered by the Department that are not compensated through the specific fund transfers authorized by this Section, if any;
(5) amounts received from a State agency or university for workers' compensation payments for temporary total disability, as provided in Section 405-105 of the Department of Central Management Services Law of the Civil Administrative Code of Illinois; and
(6) amounts recovered through subrogation in workers' compensation and workers' occupational disease cases.

(b) Moneys in the Fund may be used by the Department for reimbursement or payment for:

(1) providing workers' compensation services to State agencies and State universities; or

New matter indicated by italics - deletions by strikeout
(2) providing for payment of administrative and other expenses incurred by the Department in providing workers' compensation services.

(c) State agencies may direct the Comptroller to process inter-fund transfers or make payment through the voucher and warrant process to the Workers' Compensation Revolving Fund in satisfaction of billings issued under subsection (a) of this Section.

(d) Reconciliation. For the fiscal year beginning on July 1, 2004 only, the Director of Central Management Services (the "Director") shall order that each State agency's payments and transfers made to the Fund be reconciled with actual Fund costs for workers' compensation services provided by the Department and attributable to the State agency and relevant fund on no less than an annual basis. The Director may require reports from State agencies as deemed necessary to perform this reconciliation.

(d-5) Notwithstanding any other provision of State law to the contrary, on or after July 1, 2005 and until June 30, 2006, in addition to any other transfers that may be provided for by law, at the direction of and upon notification of the Director of Central Management Services, the State Comptroller shall direct and the State Treasurer shall transfer amounts into the Workers' Compensation Revolving Fund from the designated funds not exceeding the following totals:

(30 ILCS 105/8.3) (from Ch. 127, par. 144.3)
Sec. 8.3. Money in the Road Fund shall, if and when the State of Illinois incurs any bonded indebtedness for the construction of permanent highways, be set aside and used for the purpose of paying and discharging annually the principal and interest on that bonded indebtedness then due and payable, and for no other purpose. The surplus, if any, in the Road Fund after the payment of principal and interest on that bonded indebtedness then annually due shall be used as follows:

first -- to pay the cost of administration of Chapters 2 through 10 of the Illinois Vehicle Code, except the cost of administration of Articles I and II of Chapter 3 of that Code; and
secondly -- for expenses of the Department of Transportation for construction, reconstruction, improvement, repair, maintenance, operation, and administration of highways in accordance with the provisions of laws relating thereto, or for any purpose related or incident to and connected therewith, including the separation of grades of those highways with railroads and with highways and including the payment of awards made by the Illinois
Workers' Compensation Commission under the terms of the Workers' Compensation Act or Workers' Occupational Diseases Act for injury or death of an employee of the Division of Highways in the Department of Transportation; or for the acquisition of land and the erection of buildings for highway purposes, including the acquisition of highway right-of-way or for investigations to determine the reasonably anticipated future highway needs; or for making of surveys, plans, specifications and estimates for and in the construction and maintenance of flight strips and of highways necessary to provide access to military and naval reservations, to defense industries and defense-industry sites, and to the sources of raw materials and for replacing existing highways and highway connections shut off from general public use at military and naval reservations and defense-industry sites, or for the purchase of right-of-way, except that the State shall be reimbursed in full for any expense incurred in building the flight strips; or for the operating and maintaining of highway garages; or for patrolling and policing the public highways and conserving the peace; or for the operating expenses of the Department relating to the administration of public transportation programs; or for any of those purposes or any other purpose that may be provided by law.

Appropriations for any of those purposes are payable from the Road Fund. Appropriations may also be made from the Road Fund for the administrative expenses of any State agency that are related to motor vehicles or arise from the use of motor vehicles.

Beginning with fiscal year 1980 and thereafter, no Road Fund monies shall be appropriated to the following Departments or agencies of State government for administration, grants, or operations; but this limitation is not a restriction upon appropriating for those purposes any Road Fund monies that are eligible for federal reimbursement;

1. Department of Public Health;
2. Department of Transportation, only with respect to subsidies for one-half fare Student Transportation and Reduced Fare for Elderly;

3. Department of Central Management Services, except for expenditures incurred for group insurance premiums of appropriate personnel;

Beginning with fiscal year 1981 and thereafter, no Road Fund monies shall be appropriated to the following Departments or agencies of State government for administration, grants, or operations; but this limitation is not a restriction upon appropriating for those purposes any Road Fund monies that are eligible for federal reimbursement:

1. Department of State Police, except for expenditures with respect to the Division of Operations;

2. Department of Transportation, only with respect to Intercity Rail Subsidies and Rail Freight Services.

Beginning with fiscal year 1982 and thereafter, no Road Fund monies shall be appropriated to the following Departments or agencies of State government for administration, grants, or operations; but this limitation is not a restriction upon appropriating for those purposes any Road Fund monies that are eligible for federal reimbursement:

Department of Central Management Services, except for awards made by the Illinois Workers' Compensation Commission under the terms of the Workers' Compensation Act or Workers' Occupational Diseases Act for injury or death of an employee of the Division of Highways in the Department of Transportation.

Beginning with fiscal year 1984 and thereafter, no Road Fund monies shall be appropriated to the following Departments or agencies of State government for administration, grants, or operations; but this limitation is not a restriction upon appropriating for those purposes any Road Fund monies that are eligible for federal reimbursement:

1. Department of State Police, except not more than 40% of the funds appropriated for the Division of Operations;

2. State Officers.

Beginning with fiscal year 1984 and thereafter, no Road Fund monies shall be appropriated to any Department or agency of State government for administration, grants, or operations except as provided
hereafter; but this limitation is not a restriction upon appropriating for those purposes any Road Fund monies that are eligible for federal reimbursement. It shall not be lawful to circumvent the above appropriation limitations by governmental reorganization or other methods. Appropriations shall be made from the Road Fund only in accordance with the provisions of this Section.

Money in the Road Fund shall, if and when the State of Illinois incurs any bonded indebtedness for the construction of permanent highways, be set aside and used for the purpose of paying and discharging during each fiscal year the principal and interest on that bonded indebtedness as it becomes due and payable as provided in the Transportation Bond Act, and for no other purpose. The surplus, if any, in the Road Fund after the payment of principal and interest on that bonded indebtedness then annually due shall be used as follows:

first -- to pay the cost of administration of Chapters 2 through 10 of the Illinois Vehicle Code; and

secondly -- no Road Fund monies derived from fees, excises, or license taxes relating to registration, operation and use of vehicles on public highways or to fuels used for the propulsion of those vehicles, shall be appropriated or expended other than for costs of administering the laws imposing those fees, excises, and license taxes, statutory refunds and adjustments allowed thereunder, administrative costs of the Department of Transportation, including, but not limited to, the operating expenses of the Department relating to the administration of public transportation programs, payment of debts and liabilities incurred in construction and reconstruction of public highways and bridges, acquisition of rights-of-way for and the cost of construction, reconstruction, maintenance, repair, and operation of public highways and bridges under the direction and supervision of the State, political subdivision, or municipality collecting those monies, and the costs for patrolling and policing the public highways (by State, political subdivision, or municipality collecting that money) for enforcement of traffic laws. The

separation of grades of such highways with railroads and costs associated with protection of at-grade highway and railroad crossing shall also be permissible.

Appropriations for any of such purposes are payable from the Road Fund or the Grade Crossing Protection Fund as provided in Section 8 of the Motor Fuel Tax Law.

Except as provided in this paragraph, beginning with fiscal year 1991 and thereafter, no Road Fund monies shall be appropriated to the Department of State Police for the purposes of this Section in excess of its total fiscal year 1990 Road Fund appropriations for those purposes unless otherwise provided in Section 5g of this Act. For fiscal years 2003, 2004, 2005, and 2006, and 2007 only, no Road Fund monies shall be appropriated to the Department of State Police for the purposes of this Section in excess of $97,310,000. It shall not be lawful to circumvent this limitation on appropriations by governmental reorganization or other methods unless otherwise provided in Section 5g of this Act.

In fiscal year 1994, no Road Fund monies shall be appropriated to the Secretary of State for the purposes of this Section in excess of the total fiscal year 1991 Road Fund appropriations to the Secretary of State for those purposes, plus $9,800,000. It shall not be lawful to circumvent this limitation on appropriations by governmental reorganization or other method.

Beginning with fiscal year 1995 and thereafter, no Road Fund monies shall be appropriated to the Secretary of State for the purposes of this Section in excess of the total fiscal year 1994 Road Fund appropriations to the Secretary of State for those purposes. It shall not be lawful to circumvent this limitation on appropriations by governmental reorganization or other methods.

Beginning with fiscal year 2000, total Road Fund appropriations to the Secretary of State for the purposes of this Section shall not exceed the amounts specified for the following fiscal years:

Fiscal Year 2007 $130,500,000;
Fiscal Year 2008 2007 and each year thereafter $30,500,000.

It shall not be lawful to circumvent this limitation on appropriations by governmental reorganization or other methods.

No new program may be initiated in fiscal year 1991 and thereafter that is not consistent with the limitations imposed by this Section for fiscal year 1984 and thereafter, insofar as appropriation of Road Fund monies is concerned.

Nothing in this Section prohibits transfers from the Road Fund to the State Construction Account Fund under Section 5e of this Act; nor to the General Revenue Fund, as authorized by this amendatory Act of the 93rd General Assembly.

The additional amounts authorized for expenditure in this Section by Public Acts 92-0600, 93-0025, and 93-0839, and 94-91 shall be repaid to the Road Fund from the General Revenue Fund in the next succeeding fiscal year that the General Revenue Fund has a positive budgetary balance, as determined by generally accepted accounting principles applicable to government.

The additional amounts authorized for expenditure by the Secretary of State and the Department of State Police in this Section by this amendatory Act of the 94th General Assembly and the 93rd General Assembly shall be repaid to the Road Fund from the General Revenue Fund in the next succeeding fiscal year that the General Revenue Fund has a positive budgetary balance, as determined by generally accepted accounting principles applicable to government.

All of these transfers shall be made in equal quarterly installments with the first made on July 1, 2006, or as soon thereafter as practical, and with the remaining transfers to be made on October 1, January 1, and April 1, or as soon thereafter as practical. These transfers shall be made notwithstanding any other provision of State law to the contrary.

(b) On and after the effective date of this amendatory Act of the 94th General Assembly through June 30, 2007, when any of the funds listed in subsection (a) have insufficient cash from which the State Comptroller may make expenditures properly supported by appropriations from the fund, then the State Treasurer and State Comptroller shall transfer from the General Revenue Fund to the fund only such amount as
is immediately necessary to satisfy outstanding expenditure obligations on a timely basis, subject to the provisions of the State Prompt Payment Act. All or a portion of the amounts transferred from the General Revenue Fund to a fund pursuant to this subsection (b) from time to time may be re-transferred by the State Comptroller and the State Treasurer from the receiving fund into the General Revenue Fund as soon as and to the extent that deposits are made into or receipts are collected by the receiving fund.

Sec. 8h. Transfers to General Revenue Fund.
(a) Except as provided in subsection (b), (c), (d), or (e), notwithstanding any other State law to the contrary, the Governor may, through June 30, 2007, from time to time direct the State Treasurer and Comptroller to transfer a specified sum from any fund held by the State Treasurer to the General Revenue Fund in order to help defray the State's operating costs for the fiscal year. The total transfer under this Section from any fund in any fiscal year shall not exceed the lesser of (i) 8% of the

New matter indicated by italics - deletions by strikeout
revenues to be deposited into the fund during that fiscal year or (ii) an amount that leaves a remaining fund balance of 25% of the July 1 fund balance of that fiscal year. In fiscal year 2005 only, prior to calculating the July 1, 2004 final balances, the Governor may calculate and direct the State Treasurer with the Comptroller to transfer additional amounts determined by applying the formula authorized in Public Act 93-839 to the funds balances on July 1, 2003. No transfer may be made from a fund under this Section that would have the effect of reducing the available balance in the fund to an amount less than the amount remaining unexpended and unreserved from the total appropriation from that fund estimated to be expended for that fiscal year. This Section does not apply to any funds that are restricted by federal law to a specific use, to any funds in the Motor Fuel Tax Fund, the Intercity Passenger Rail Fund, the Hospital Provider Fund, the Medicaid Provider Relief Fund, the Teacher Health Insurance Security Fund, the Reviewing Court Alternative Dispute Resolution Fund, or the Voters' Guide Fund, the Foreign Language Interpreter Fund, the Lawyers' Assistance Program Fund, the Supreme Court Federal Projects Fund, the Supreme Court Special State Projects Fund, or the Low-Level Radioactive Waste Facility Development and Operation Fund, or the Hospital Basic Services Preservation Fund, or to any funds to which subsection (f) of Section 20-40 of the Nursing and Advanced Practice Nursing Act applies. No transfers may be made under this Section from the Pet Population Control Fund. Notwithstanding any other provision of this Section, for fiscal year 2004, the total transfer under this Section from the Road Fund or the State Construction Account Fund shall not exceed the lesser of (i) 5% of the revenues to be deposited into the fund during that fiscal year or (ii) 25% of the beginning balance in the fund. For fiscal year 2005 through fiscal year 2007, no amounts may be transferred under this Section from the Road Fund, the State Construction Account Fund, the Criminal Justice Information Systems Trust Fund, the Wireless Service Emergency Fund, or the Mandatory Arbitration Fund.

In determining the available balance in a fund, the Governor may include receipts, transfers into the fund, and other resources anticipated to be available in the fund in that fiscal year.

Sec. 13.2. Transfers among line item appropriations.

(a) Transfers among line item appropriations from the same treasury fund for the objects specified in this Section may be made in the manner provided in this Section when the balance remaining in one or more such line item appropriations is insufficient for the purpose for which the appropriation was made.

(a-1) No transfers may be made from one agency to another agency, nor may transfers be made from one institution of higher education to another institution of higher education.

(a-2) Except as otherwise provided in this Section, transfers may be made only among the objects of expenditure enumerated in this

Section, except that no funds may be transferred from any appropriation for personal services, from any appropriation for State contributions to the State Employees' Retirement System, from any separate appropriation for employee retirement contributions paid by the employer, nor from any appropriation for State contribution for employee group insurance. During State fiscal year 2005, an agency may transfer amounts among its appropriations within the same treasury fund for personal services, employee retirement contributions paid by employer, and State Contributions to retirement systems; notwithstanding and in addition to the transfers authorized in subsection (c) of this Section, the fiscal year 2005 transfers authorized in this sentence may be made in an amount not to exceed 2% of the aggregate amount appropriated to an agency within the same treasury fund. During State fiscal year 2007, the Departments of Children and Family Services, Corrections, Human Services, and Juvenile Justice may transfer amounts among their respective appropriations within the same treasury fund for personal services, employee retirement contributions paid by employer, and State contributions to retirement systems. Notwithstanding, and in addition to, the transfers authorized in subsection (c) of this Section, these transfers may be made in an amount not to exceed 2% of the aggregate amount appropriated to an agency within the same treasury fund.

(a-3) Further, if an agency receives a separate appropriation for employee retirement contributions paid by the employer, any transfer by that agency into an appropriation for personal services must be accompanied by a corresponding transfer into the appropriation for employee retirement contributions paid by the employer, in an amount sufficient to meet the employer share of the employee contributions required to be remitted to the retirement system.

(b) In addition to the general transfer authority provided under subsection (c), the following agencies have the specific transfer authority granted in this subsection:

The Illinois Department of Healthcare and Family Services Public Aid is authorized to make transfers representing savings attributable to not increasing grants due to the births of additional children from line items

for payments of cash grants to line items for payments for employment and social services for the purposes outlined in subsection (f) of Section 4-2 of the Illinois Public Aid Code.

The Department of Children and Family Services is authorized to make transfers not exceeding 2% of the aggregate amount appropriated to it within the same treasury fund for the following line items among these same line items: Foster Home and Specialized Foster Care and Prevention, Institutions and Group Homes and Prevention, and Purchase of Adoption and Guardianship Services.

The Department on Aging is authorized to make transfers not exceeding 2% of the aggregate amount appropriated to it within the same treasury fund for the following Community Care Program line items among these same line items: Homemaker and Senior Companion Services, Alternative Senior Services, Case Coordination Units, and Adult Day Care Services.

The State Treasurer is authorized to make transfers among line item appropriations from the Capital Litigation Trust Fund, with respect to costs incurred in fiscal years 2002 and 2003 only, when the balance remaining in one or more such line item appropriations is insufficient for the purpose for which the appropriation was made, provided that no such transfer may be made unless the amount transferred is no longer required for the purpose for which that appropriation was made.

(c) The sum of such transfers for an agency in a fiscal year shall not exceed 2% of the aggregate amount appropriated to it within the same treasury fund for the following objects: Personal Services; Extra Help; Student and Inmate Compensation; State Contributions to Retirement Systems; State Contributions to Social Security; State Contribution for Employee Group Insurance; Contractual Services; Travel; Commodities; Printing; Equipment; Electronic Data Processing; Operation of Automotive Equipment; Telecommunications Services; Travel and Allowance for Committed, Paroled and Discharged Prisoners; Library Books; Federal Matching Grants for Student Loans; Refunds; Workers' Compensation, Occupational Disease, and Tort Claims; and, in appropriations to institutions of higher education, Awards and Grants.

New matter indicated by italics - deletions by strikeout
Notwithstanding the above, any amounts appropriated for payment of workers' compensation claims to an agency to which the authority to evaluate, administer and pay such claims has been delegated by the Department of Central Management Services may be transferred to any other expenditure object where such amounts exceed the amount necessary for the payment of such claims.

(c-1) Special provisions for State fiscal year 2003. Notwithstanding any other provision of this Section to the contrary, for State fiscal year 2003 only, transfers among line item appropriations to an agency from the same treasury fund may be made provided that the sum of such transfers for an agency in State fiscal year 2003 shall not exceed 3% of the aggregate amount appropriated to that State agency for State fiscal year 2003 for the following objects: personal services, except that no transfer may be approved which reduces the aggregate appropriations for personal services within an agency; extra help; student and inmate compensation; State contributions to retirement systems; State contributions to social security; State contributions for employee group insurance; contractual services; travel; commodities; printing; equipment; electronic data processing; operation of automotive equipment; telecommunications services; travel and allowance for committed, paroled, and discharged prisoners; library books; federal matching grants for student loans; refunds; workers' compensation, occupational disease, and tort claims; and, in appropriations to institutions of higher education, awards and grants.

(c-2) Special provisions for State fiscal year 2005. Notwithstanding subsections (a), (a-2), and (c), for State fiscal year 2005 only, transfers may be made among any line item appropriations from the same or any other treasury fund for any objects or purposes, without limitation, when the balance remaining in one or more such line item appropriations is insufficient for the purpose for which the appropriation was made, provided that the sum of those transfers by a State agency shall not exceed 4% of the aggregate amount appropriated to that State agency for fiscal year 2005.
(d) Transfers among appropriations made to agencies of the Legislative and Judicial departments and to the constitutionally elected officers in the Executive branch require the approval of the officer authorized in Section 10 of this Act to approve and certify vouchers. Transfers among appropriations made to the University of Illinois, Southern Illinois University, Chicago State University, Eastern Illinois University, Governors State University, Illinois State University, Northeastern Illinois University, Northern Illinois University, Western Illinois University, the Illinois Mathematics and Science Academy and the Board of Higher Education require the approval of the Board of Higher Education and the Governor. Transfers among appropriations to all other agencies require the approval of the Governor.

The officer responsible for approval shall certify that the transfer is necessary to carry out the programs and purposes for which the appropriations were made by the General Assembly and shall transmit to the State Comptroller a certified copy of the approval which shall set forth the specific amounts transferred so that the Comptroller may change his records accordingly. The Comptroller shall furnish the Governor with information copies of all transfers approved for agencies of the Legislative and Judicial departments and transfers approved by the constitutionally elected officials of the Executive branch other than the Governor, showing the amounts transferred and indicating the dates such changes were entered on the Comptroller's records.

and transfers or diversions as required by law from general funds shall not exceed 99% 99.5% of the estimated general funds revenues for the fiscal year when revenue estimates of the State's general funds revenues exceed the prior fiscal year's estimated general funds revenues by more than 4%.

(b) The General Assembly's appropriations and transfers or diversions as required by law from general funds shall not exceed 98% 99% of the estimated general funds revenues for the fiscal year when revenue estimates of the State's general funds revenues exceed the prior fiscal year's estimated general funds revenues by more than 4% for 2 or more consecutive fiscal years.

(c) For the purpose of this Act, "estimated general funds revenues" include, for each budget year, all taxes, fees, and other revenues expected to be deposited into the State's general funds, including recurring transfers from other State funds into the general funds.

Year-over-year comparisons used to determine the percentage growth factor of estimated general funds revenues shall exclude the sum of the following: (i) expected revenues resulting from new taxes or fees or from tax or fee increases during the first year of the change, (ii) expected revenues resulting from one-time receipts or non-recurring transfers in, (iii) expected proceeds resulting from borrowing, and (iv) increases in federal grants that must be completely appropriated based on the terms of the grants.

Sec. 15. Transfers to Budget Stabilization Fund. In furtherance of the State's objective for the Budget Stabilization Fund to have resources representing 5% of the State's annual general funds revenues:

(a) For each fiscal year when the General Assembly's appropriations and transfers or diversions as required by law from general funds do not exceed 99% 99.5% of the estimated general funds revenues pursuant to subsection (a) of Section 10, the Comptroller shall transfer from the General Revenue Fund as provided by this Section a total amount equal to 0.5% .5% of the estimated general funds revenues to the Budget Stabilization Fund.

New matter indicated by italics - deletions by strikeout
(b) For each fiscal year when the General Assembly's appropriations and transfers or diversions as required by law from general funds do not exceed 98% 99% of the estimated general funds revenues pursuant to subsection (b) of Section 10, the Comptroller shall transfer from the General Revenue Fund as provided by this Section a total amount equal to 1% of the estimated general funds revenues to the Budget Stabilization Fund.

(c) The Comptroller shall transfer 1/12 of the total amount to be transferred each fiscal year under this Section into the Budget Stabilization Fund on the first day of each month of that fiscal year or as soon thereafter as possible. The balance of the Budget Stabilization Fund shall not exceed 5% of the total of general funds revenues estimated for that fiscal year except as provided by subsection (d) of this Section.

(d) If the balance of the Budget Stabilization Fund exceeds 5% of the total general funds revenues estimated for that fiscal year, the additional transfers are not required unless there are outstanding liabilities under Section 25 of the State Finance Act from prior fiscal years. If there are such outstanding Section 25 liabilities, then the Comptroller shall continue to transfer 1/12 of the total amount identified for transfer to the Budget Stabilization Fund on the first day of each month of that fiscal year or as soon thereafter as possible to be reserved for those Section 25 liabilities. Nothing in this Act prohibits the General Assembly from appropriating additional moneys into the Budget Stabilization Fund.

(e) On or before August 31 of each fiscal year, the amount determined to be transferred to the Budget Stabilization Fund shall be reconciled to actual general funds revenues for that fiscal year. The final transfer for each fiscal year shall be adjusted so that the total amount transferred under this Section is equal to the percentage specified in subsection (a) or (b) of this Section 10 of this Act, as applicable, based on actual general funds revenues calculated consistently with subsection (c) of Section 10 of this Act for each fiscal year.

(f) For the fiscal year beginning July 1, 2006 and for each fiscal year thereafter, the budget proposal to the General Assembly shall identify liabilities incurred in a prior fiscal year under Section 25 of the State
Finance Act and the budget proposal shall provide funding as allowable pursuant to subsection (d) of this Section, if applicable.

Sec. 20. Pension Stabilization Fund.

(a) The Pension Stabilization Fund is hereby created as a special fund in the State treasury. Moneys in the fund shall be used for the sole purpose of making payments to the designated retirement systems as provided in Section 25.

(b) For each fiscal year when the General Assembly's appropriations and transfers or diversions as required by law from general funds do not exceed 99% of the estimated general funds revenues pursuant to subsection (a) of Section 10, the Comptroller shall transfer from the General Revenue Fund as provided by this Section a total amount equal to 0.5% of the estimated general funds revenues to the Pension Stabilization Fund.

(c) For each fiscal year when the General Assembly's appropriations and transfers or diversions as required by law from general funds do not exceed 98% of the estimated general funds revenues pursuant to subsection (b) of Section 10, the Comptroller shall transfer from the General Revenue Fund as provided by this Section a total amount equal to 1.0% of the estimated general funds revenues to the Pension Stabilization Fund.

(d) The Comptroller shall transfer 1/12 of the total amount to be transferred each fiscal year under this Section into the Pension Stabilization Fund on the first day of each month of that fiscal year or as soon thereafter as possible; except that the final transfer of the fiscal year shall be made as soon as practical after the August 31 following the end of the fiscal year.

Before the final transfer for a fiscal year is made, the Comptroller shall reconcile the estimated general funds revenues used in calculating the other transfers under this Section for that fiscal year with the actual general funds revenues for that fiscal year. The final transfer for the fiscal year shall be adjusted so that the total amount transferred under this
Section for that fiscal year is equal to the percentage specified in subsection (b) or (c) of this Section, whichever is applicable, of the actual general funds revenues for that fiscal year. The actual general funds revenues for the fiscal year shall be calculated in a manner consistent with subsection (c) of Section 10 of this Act.

(30 ILCS 122/25 new)
Sec. 25. Transfers from the Pension Stabilization Fund.
(a) As used in this Section, "designated retirement systems" means:
   (1) the State Employees' Retirement System of Illinois;
   (2) the Teachers' Retirement System of the State of Illinois;
   (3) the State Universities Retirement System;
   (4) the Judges Retirement System of Illinois; and
   (5) the General Assembly Retirement System.

(b) As soon as may be practical after any money is deposited into the Pension Stabilization Fund, the State Comptroller shall apportion the deposited amount among the designated retirement systems and the State Comptroller and State Treasurer shall pay the apportioned amounts to the designated retirement systems. The amount deposited shall be apportioned among the designated retirement systems in the same proportion as their respective portions of the total actuarial reserve deficiency of the designated retirement systems, as most recently determined by the Governor's Office of Management and Budget. Amounts received by a designated retirement system under this Section shall be used for funding the unfunded liabilities of the retirement system. Payments under this Section are authorized by the continuing appropriation under Section 1.7 of the State Pension Funds Continuing Appropriation Act.

(c) At the request of the State Comptroller, the Governor's Office of Management and Budget shall determine the individual and total actuarial reserve deficiencies of the designated retirement systems. For this purpose, the Governor's Office of Management and Budget shall consider the latest available audit and actuarial reports of each of the retirement systems and the relevant reports and statistics of the Public Pension Division of the Department of Financial and Professional Regulation.
(d) Payments to the designated retirement systems under this Section shall be in addition to, and not in lieu of, any State contributions required under Section 2-124, 14-131, 15-155, 16-158, or 18-131 of the Illinois Pension Code.

Section 5-55. The Illinois Income Tax Act is amended by changing Section 901 as follows:

(35 ILCS 5/901) (from Ch. 120, par. 9-901)
Sec. 901. Collection Authority.
(a) In general.

The Department shall collect the taxes imposed by this Act. The Department shall collect certified past due child support amounts under Section 2505-650 of the Department of Revenue Law (20 ILCS 2505/2505-650). Except as provided in subsections (c) and (e) of this Section, money collected pursuant to subsections (a) and (b) of Section 201 of this Act shall be paid into the General Revenue Fund in the State treasury; money collected pursuant to subsections (c) and (d) of Section 201 of this Act shall be paid into the Personal Property Tax Replacement Fund, a special fund in the State Treasury; and money collected under Section 2505-650 of the Department of Revenue Law (20 ILCS 2505/2505-650) shall be paid into the Child Support Enforcement Trust Fund, a special fund outside the State Treasury, or to the State Disbursement Unit established under Section 10-26 of the Illinois Public Aid Code, as directed by the Department of Healthcare and Family Services Public Aid.

(b) Local Governmental Distributive Fund.

Beginning August 1, 1969, and continuing through June 30, 1994, the Treasurer shall transfer each month from the General Revenue Fund to a special fund in the State treasury, to be known as the "Local Government Distributive Fund", an amount equal to 1/12 of the net revenue realized from the tax imposed by subsections (a) and (b) of Section 201 of this Act during the preceding month. Beginning July 1, 1994, and continuing through June 30, 1995, the Treasurer shall transfer each month from the General Revenue Fund to the Local Government Distributive Fund an amount equal to 1/11 of the net revenue realized from the tax imposed by
subsections (a) and (b) of Section 201 of this Act during the preceding month. Beginning July 1, 1995, the Treasurer shall transfer each month from the General Revenue Fund to the Local Government Distributive Fund an amount equal to the net of (i) $6,666,666, and beginning July 1, 2004, zero. Net revenue realized for a month shall be defined as the revenue from the tax imposed by subsections (a) and (b) of Section 201 of this Act which is deposited in the General Revenue Fund, the Educational Assistance Fund and the Income Tax Surcharge Local Government Distributive Fund during the month minus the amount paid out of the General Revenue Fund in State warrants during that same month as refunds to taxpayers for overpayment of liability under the tax imposed by subsections (a) and (b) of Section 201 of this Act.

(c) Deposits Into Income Tax Refund Fund.

(1) Beginning on January 1, 1989 and thereafter, the Department shall deposit a percentage of the amounts collected pursuant to subsections (a) and (b)(1), (2), and (3), of Section 201 of this Act into a fund in the State treasury known as the Income Tax Refund Fund. The Department shall deposit 6% of such amounts during the period beginning January 1, 1989 and ending on June 30, 1989. Beginning with State fiscal year 1990 and for each fiscal year thereafter, the percentage deposited into the Income Tax Refund Fund during a fiscal year shall be the Annual Percentage. For fiscal years 1999 through 2001, the Annual Percentage shall be 7.1%. For fiscal year 2003, the Annual Percentage shall be 8%. For fiscal year 2004, the Annual Percentage shall be 11.7%. Upon the effective date of this amendatory Act of the 93rd General Assembly, the Annual Percentage shall be 10% for fiscal year 2005. For fiscal year 2006, the Annual Percentage shall be 9.75%. For fiscal year 2007, the Annual Percentage shall be 9.75%. For all other fiscal years, the Annual Percentage shall be calculated as a fraction, the numerator...
of which shall be the amount of refunds approved for payment by the Department during the preceding fiscal year as a result of overpayment of tax liability under subsections (a) and (b)(1), (2), and (3) of Section 201 of this Act plus the amount of such refunds remaining approved but unpaid at the end of the preceding fiscal year, minus the amounts transferred into the Income Tax Refund Fund from the Tobacco Settlement Recovery Fund, and the denominator of which shall be the amounts which will be collected pursuant to subsections (a) and (b)(1), (2), and (3) of Section 201 of this Act during the preceding fiscal year; except that in State fiscal year 2002, the Annual Percentage shall in no event exceed 7.6%. The Director of Revenue shall certify the Annual Percentage to the Comptroller on the last business day of the fiscal year immediately preceding the fiscal year for which it is to be effective.

(2) Beginning on January 1, 1989 and thereafter, the Department shall deposit a percentage of the amounts collected pursuant to subsections (a) and (b)(6), (7), and (8), (c) and (d) of Section 201 of this Act into a fund in the State treasury known as the Income Tax Refund Fund. The Department shall deposit 18% of such amounts during the period beginning January 1, 1989 and ending on June 30, 1989. Beginning with State fiscal year 1990 and for each fiscal year thereafter, the percentage deposited into the Income Tax Refund Fund during a fiscal year shall be the Annual Percentage. For fiscal years 1999, 2000, and 2001, the Annual Percentage shall be 19%. For fiscal year 2003, the Annual Percentage shall be 27%. For fiscal year 2004, the Annual Percentage shall be 32%. Upon the effective date of this amendatory Act of the 93rd General Assembly, the Annual Percentage shall be 24% for fiscal year 2005. For fiscal year 2006, the Annual Percentage shall be 20%. For fiscal year 2007, the Annual Percentage shall be 17.5%. For all other fiscal years, the Annual Percentage shall be calculated as a fraction, the numerator of which shall be the amount of refunds approved for payment by the Department during the preceding fiscal year as a result of

overpayment of tax liability under subsections (a) and (b)(6), (7), and (8), (c) and (d) of Section 201 of this Act plus the amount of such refunds remaining approved but unpaid at the end of the preceding fiscal year, and the denominator of which shall be the amounts which will be collected pursuant to subsections (a) and (b)(6), (7), and (8), (c) and (d) of Section 201 of this Act during the preceding fiscal year; except that in State fiscal year 2002, the Annual Percentage shall in no event exceed 23%. The Director of Revenue shall certify the Annual Percentage to the Comptroller on the last business day of the fiscal year immediately preceding the fiscal year for which it is to be effective.

(d) Expenditures from Income Tax Refund Fund.

(1) Beginning January 1, 1989, money in the Income Tax Refund Fund shall be expended exclusively for the purpose of paying refunds resulting from overpayment of tax liability under Section 201 of this Act, for paying rebates under Section 208.1 in the event that the amounts in the Homeowners' Tax Relief Fund are insufficient for that purpose, and for making transfers pursuant to this subsection (d).

(2) The Director shall order payment of refunds resulting from overpayment of tax liability under Section 201 of this Act from the Income Tax Refund Fund only to the extent that amounts collected pursuant to Section 201 of this Act and transfers pursuant to this subsection (d) and item (3) of subsection (c) have been deposited and retained in the Fund.

(3) As soon as possible after the end of each fiscal year, the Director shall order transferred and the State Treasurer and State Comptroller shall transfer from the Income Tax Refund Fund to the Personal Property Tax Replacement Fund an amount, certified by

the Director to the Comptroller, equal to the excess of the amount collected pursuant to subsections (c) and (d) of Section 201 of this Act deposited into the Income Tax Refund Fund during the fiscal year over the amount of refunds resulting from overpayment of tax liability under subsections (c) and (d) of Section 201 of this Act paid from the Income Tax Refund Fund during the fiscal year.

(4) As soon as possible after the end of each fiscal year, the Director shall order transferred and the State Treasurer and State Comptroller shall transfer from the Personal Property Tax Replacement Fund to the Income Tax Refund Fund an amount, certified by the Director to the Comptroller, equal to the excess of the amount of refunds resulting from overpayment of tax liability under subsections (c) and (d) of Section 201 of this Act paid from the Income Tax Refund Fund during the fiscal year over the amount collected pursuant to subsections (c) and (d) of Section 201 of this Act deposited into the Income Tax Refund Fund during the fiscal year.

(4.5) As soon as possible after the end of fiscal year 1999 and of each fiscal year thereafter, the Director shall order transferred and the State Treasurer and State Comptroller shall transfer from the Income Tax Refund Fund to the General Revenue Fund any surplus remaining in the Income Tax Refund Fund as of the end of such fiscal year; excluding for fiscal years 2000, 2001, and 2002 amounts attributable to transfers under item (3) of subsection (c) less refunds resulting from the earned income tax credit.

(5) This Act shall constitute an irrevocable and continuing appropriation from the Income Tax Refund Fund for the purpose of paying refunds upon the order of the Director in accordance with the provisions of this Section.

(e) Deposits into the Education Assistance Fund and the Income Tax Surcharge Local Government Distributive Fund.

On July 1, 1991, and thereafter, of the amounts collected pursuant to subsections (a) and (b) of Section 201 of this Act, minus deposits into

the Income Tax Refund Fund, the Department shall deposit 7.3% into the Education Assistance Fund in the State Treasury. Beginning July 1, 1991, and continuing through January 31, 1993, of the amounts collected pursuant to subsections (a) and (b) of Section 201 of the Illinois Income Tax Act, minus deposits into the Income Tax Refund Fund, the Department shall deposit 3.0% into the Income Tax Surcharge Local Government Distributive Fund in the State Treasury. Beginning February 1, 1993 and continuing through June 30, 1993, of the amounts collected pursuant to subsections (a) and (b) of Section 201 of the Illinois Income Tax Act, minus deposits into the Income Tax Refund Fund, the Department shall deposit 4.4% into the Income Tax Surcharge Local Government Distributive Fund in the State Treasury. Beginning July 1, 1993, and continuing through June 30, 1994, of the amounts collected under subsections (a) and (b) of Section 201 of this Act, minus deposits into the Income Tax Refund Fund, the Department shall deposit 1.475% into the Income Tax Surcharge Local Government Distributive Fund in the State Treasury.

Section 5-60. The Cigarette Tax Act is amended by changing Section 2 as follows:

(35 ILCS 130/2) (from Ch. 120, par. 453.2)

Sec. 2. Tax imposed; rate; collection, payment, and distribution; discount.

(a) A tax is imposed upon any person engaged in business as a retailer of cigarettes in this State at the rate of 5 1/2 mills per cigarette sold, or otherwise disposed of in the course of such business in this State. In addition to any other tax imposed by this Act, a tax is imposed upon any person engaged in business as a retailer of cigarettes in this State at a rate of 1/2 mill per cigarette sold or otherwise disposed of in the course of such business in this State on and after January 1, 1947, and shall be paid into the Metropolitan Fair and Exposition Authority Reconstruction Fund or as otherwise provided in Section 29. On and after December 1, 1985, in addition to any other tax imposed by this Act, a tax is imposed upon any

person engaged in business as a retailer of cigarettes in this State at a rate of 4 mills per cigarette sold or otherwise disposed of in the course of such business in this State. Of the additional tax imposed by this amendatory Act of 1985, $9,000,000 of the moneys received by the Department of Revenue pursuant to this Act shall be paid each month into the Common School Fund. On and after the effective date of this amendatory Act of 1989, in addition to any other tax imposed by this Act, a tax is imposed upon any person engaged in business as a retailer of cigarettes at the rate of 5 mills per cigarette sold or otherwise disposed of in the course of such business in this State. On and after the effective date of this amendatory Act of 1993, in addition to any other tax imposed by this Act, a tax is imposed upon any person engaged in business as a retailer of cigarettes at the rate of 7 mills per cigarette sold or otherwise disposed of in the course of such business in this State. On and after December 15, 1997, in addition to any other tax imposed by this Act, a tax is imposed upon any person engaged in business as a retailer of cigarettes at the rate of 7 mills per cigarette sold or otherwise disposed of in the course of such business of this State. All of the moneys received by the Department of Revenue pursuant to this Act and the Cigarette Use Tax Act from the additional taxes imposed by this amendatory Act of 1997, shall be paid each month into the Common School Fund. On and after July 1, 2002, in addition to any other tax imposed by this Act, a tax is imposed upon any person engaged in business as a retailer of cigarettes at the rate of 20.0 mills per cigarette sold or otherwise disposed of in the course of such business in this State. The payment of such taxes shall be evidenced by a stamp affixed to each original package of cigarettes, or an authorized substitute for such stamp imprinted on each original package of such cigarettes underneath the sealed transparent outside wrapper of such original package, as hereinafter provided. However, such taxes are not imposed upon any activity in such business in interstate commerce or otherwise, which activity may not under the Constitution and statutes of the United States be made the subject of taxation by this State.

Beginning on the effective date of this amendatory Act of the 92nd General Assembly and through June 30, 2006, all of the moneys received
by the Department of Revenue pursuant to this Act and the Cigarette Use Tax Act, other than the moneys that are dedicated to the Common School Fund, shall be distributed each month as follows: first, there shall be paid into the General Revenue Fund an amount which, when added to the amount paid into the Common School Fund for that month, equals $33,300,000, except that in the month of August of 2004, this amount shall equal $83,300,000; then, from the moneys remaining, if any amounts required to be paid into the General Revenue Fund in previous months remain unpaid, those amounts shall be paid into the General Revenue Fund; then, beginning on April 1, 2003, from the moneys remaining, $5,000,000 per month shall be paid into the School Infrastructure Fund; then, if any amounts required to be paid into the School Infrastructure Fund in previous months remain unpaid, those amounts shall be paid into the School Infrastructure Fund; then the moneys remaining, if any, shall be paid into the Long-Term Care Provider Fund. To the extent that more than $25,000,000 has been paid into the General Revenue Fund and Common School Fund per month for the period of July 1, 1993 through the effective date of this amendatory Act of 1994 from combined receipts of the Cigarette Tax Act and the Cigarette Use Tax Act, notwithstanding the distribution provided in this Section, the Department of Revenue is hereby directed to adjust the distribution provided in this Section to increase the next monthly payments to the Long Term Care Provider Fund by the amount paid to the General Revenue Fund and Common School Fund in excess of $25,000,000 per month and to decrease the next monthly payments to the General Revenue Fund and Common School Fund by that same excess amount.

Beginning on July 1, 2006, all of the moneys received by the Department of Revenue pursuant to this Act and the Cigarette Use Tax Act, other than the moneys that are dedicated to the Common School Fund, shall be distributed each month as follows: first, there shall be paid into the General Revenue Fund an amount that, when added to the amount paid into the Common School Fund for that month, equals $29,200,000; then, from the moneys remaining, if any amounts required to be paid into the General Revenue Fund in previous months remain unpaid, those

amounts shall be paid into the General Revenue Fund; then from the moneys remaining, $5,000,000 per month shall be paid into the School Infrastructure Fund; then, if any amounts required to be paid into the School Infrastructure Fund in previous months remain unpaid, those amounts shall be paid into the School Infrastructure Fund; then the moneys remaining, if any, shall be paid into the Long-Term Care Provider Fund.

When any tax imposed herein terminates or has terminated, distributors who have bought stamps while such tax was in effect and who therefore paid such tax, but who can show, to the Department's satisfaction, that they sold the cigarettes to which they affixed such stamps after such tax had terminated and did not recover the tax or its equivalent from purchasers, shall be allowed by the Department to take credit for such absorbed tax against subsequent tax stamp purchases from the Department by such distributor.

The impact of the tax levied by this Act is imposed upon the retailer and shall be prepaid or pre-collected by the distributor for the purpose of convenience and facility only, and the amount of the tax shall be added to the price of the cigarettes sold by such distributor. Collection of the tax shall be evidenced by a stamp or stamps affixed to each original package of cigarettes, as hereinafter provided.

Each distributor shall collect the tax from the retailer at or before the time of the sale, shall affix the stamps as hereinafter required, and shall remit the tax collected from retailers to the Department, as hereinafter provided. Any distributor who fails to properly collect and pay the tax imposed by this Act shall be liable for the tax. Any distributor having cigarettes to which stamps have been affixed in his possession for sale on the effective date of this amendatory Act of 1989 shall not be required to pay the additional tax imposed by this amendatory Act of 1989 on such stamped cigarettes. Any distributor having cigarettes to which stamps have been affixed in his or her possession for sale at 12:01 a.m. on the effective date of this amendatory Act of 1993, is required to pay the additional tax imposed by this amendatory Act of 1993 on such stamped cigarettes. This payment, less the discount provided in subsection (b), shall be due when
the distributor first makes a purchase of cigarette tax stamps after the
effective date of this amendatory Act of 1993, or on the first due date of a
return under this Act after the effective date of this amendatory Act of
1993, whichever occurs first. Any distributor having cigarettes to which
stamps have been affixed in his possession for sale on December 15, 1997
shall not be required to pay the additional tax imposed by this amendatory
Act of 1997 on such stamped cigarettes.

Any distributor having cigarettes to which stamps have been
affixed in his or her possession for sale on July 1, 2002 shall not be
required to pay the additional tax imposed by this amendatory Act of the
92nd General Assembly on those stamped cigarettes.

The amount of the Cigarette Tax imposed by this Act shall be
separately stated, apart from the price of the goods, by both distributors
and retailers, in all advertisements, bills and sales invoices.

(b) The distributor shall be required to collect the taxes provided
under paragraph (a) hereof, and, to cover the costs of such collection, shall
be allowed a discount during any year commencing July 1st and ending the
following June 30th in accordance with the schedule set out hereinbelow,
which discount shall be allowed at the time of purchase of the stamps
when purchase is required by this Act, or at the time when the tax is
remitted to the Department without the purchase of stamps from the
Department when that method of paying the tax is required or authorized
by this Act. Prior to December 1, 1985, a discount equal to 1 2/3% of the
amount of the tax up to and including the first $700,000 paid hereunder by
such distributor to the Department during any such year; 1 1/3% of the
next $700,000 of tax or any part thereof, paid hereunder by such
distributor to the Department during any such year; 1% of the
next $700,000 of tax, or any part thereof, paid hereunder by such distributor to
the Department during any such year, and 2/3 of 1% of the amount of any
additional tax paid hereunder by such distributor to the Department during
any such year shall apply. On and after December 1, 1985, a discount
equal to 1.75% of the amount of the tax payable under this Act up to and
including the first $3,000,000 paid hereunder by such distributor to the
Department during any such year and 1.5% of the amount of any

additional tax paid hereunder by such distributor to the Department during any such year shall apply.

Two or more distributors that use a common means of affixing revenue tax stamps or that are owned or controlled by the same interests shall be treated as a single distributor for the purpose of computing the discount.

(c) The taxes herein imposed are in addition to all other occupation or privilege taxes imposed by the State of Illinois, or by any political subdivision thereof, or by any municipal corporation.

Section 5-65. The Motor Fuel Tax Law is amended by changing Section 8 as follows:

(35 ILCS 505/8) (from Ch. 120, par. 424)

Sec. 8. Except as provided in Section 8a, subdivision (b)(1) of Section 12a, Section 13a.6, and items 13, 14, 15, and 16 of Section 15, all money received by the Department under this Act, including payments made to the Department by member jurisdictions participating in the International Fuel Tax Agreement, shall be deposited in a special fund in the State treasury, to be known as the "Motor Fuel Tax Fund", and shall be used as follows:

(a) 2 1/2 cents per gallon of the tax collected on special fuel under paragraph (b) of Section 2 and Section 13a of this Act shall be transferred to the State Construction Account Fund in the State Treasury;

(b) $420,000 shall be transferred each month to the State Boating Act Fund to be used by the Department of Natural Resources for the purposes specified in Article X of the Boat Registration and Safety Act;

(c) $2,250,000 shall be transferred each month to the Grade Crossing Protection Fund to be used as follows: not less than $6,000,000 each fiscal year shall be used for the construction or reconstruction of rail highway grade separation structures; $2,250,000 in fiscal year 2004 and each fiscal year thereafter shall be transferred to the Transportation Regulatory Fund and shall be accounted for as part of the rail carrier portion of such funds and shall be used to pay the cost of administration of the Illinois Commerce Commission's railroad safety program in

connection with its duties under subsection (3) of Section 18c-7401 of the Illinois Vehicle Code, with the remainder to be used by the Department of Transportation upon order of the Illinois Commerce Commission, to pay that part of the cost apportioned by such Commission to the State to cover the interest of the public in the use of highways, roads, streets, or pedestrian walkways in the county highway system, township and district road system, or municipal street system as defined in the Illinois Highway Code, as the same may from time to time be amended, for separation of grades, for installation, construction or reconstruction of crossing protection or reconstruction, alteration, relocation including construction or improvement of any existing highway necessary for access to property or improvement of any grade crossing including the necessary highway approaches thereto of any railroad across the highway or public road, or for the installation, construction, reconstruction, or maintenance of a pedestrian walkway over or under a railroad right-of-way, as provided for in and in accordance with Section 18c-7401 of the Illinois Vehicle Code. The Commission shall not order more than $2,000,000 per year in Grade Crossing Protection Fund moneys for pedestrian walkways. In entering orders for projects for which payments from the Grade Crossing Protection Fund will be made, the Commission shall account for expenditures authorized by the orders on a cash rather than an accrual basis. For purposes of this requirement an "accrual basis" assumes that the total cost of the project is expended in the fiscal year in which the order is entered, while a "cash basis" allocates the cost of the project among fiscal years as expenditures are actually made. To meet the requirements of this subsection, the Illinois Commerce Commission shall develop annual and 5-year project plans of rail crossing capital improvements that will be paid for with moneys from the Grade Crossing Protection Fund. The annual project plan shall identify projects for the succeeding fiscal year and the 5-year project plan shall identify projects for the 5 directly succeeding fiscal years. The Commission shall submit the annual and 5-year project plans for this Fund to the Governor, the President of the Senate, the Senate Minority Leader, the Speaker of the House of Representatives, and the

Minority Leader of the House of Representatives on the first Wednesday in April of each year;
   (d) of the amount remaining after allocations provided for in subsections (a), (b) and (c), a sufficient amount shall be reserved to pay all of the following:
      (1) the costs of the Department of Revenue in administering this Act;
      (2) the costs of the Department of Transportation in performing its duties imposed by the Illinois Highway Code for supervising the use of motor fuel tax funds apportioned to municipalities, counties and road districts;
      (3) refunds provided for in Section 13 of this Act and under the terms of the International Fuel Tax Agreement referenced in Section 14a;
      (4) from October 1, 1985 until June 30, 1994, the administration of the Vehicle Emissions Inspection Law, which amount shall be certified monthly by the Environmental Protection Agency to the State Comptroller and shall promptly be transferred by the State Comptroller and Treasurer from the Motor Fuel Tax Fund to the Vehicle Inspection Fund, and for the period July 1, 1994 through June 30, 2000, one-twelfth of $25,000,000 each month, for the period July 1, 2000 through June 30, 2003, one-twelfth of $30,000,000 each month, and $15,000,000 on July 1, 2003, and $15,000,000 on January 1, 2004, and $15,000,000 on each July 1 and October 1, or as soon thereafter as may be practical, during the period July 1, 2004 through June 30, 2008, for the administration of the Vehicle Emissions Inspection Law of 1995, to be transferred by the State Comptroller and Treasurer from the Motor Fuel Tax Fund into the Vehicle Inspection Fund;
      (5) amounts ordered paid by the Court of Claims; and
      (6) payment of motor fuel use taxes due to member jurisdictions under the terms of the International Fuel Tax Agreement. The Department shall certify these amounts to the
Comptroller by the 15th day of each month; the Comptroller shall cause orders to be drawn for such amounts, and the Treasurer shall administer those amounts on or before the last day of each month; (e) after allocations for the purposes set forth in subsections (a), (b), (c) and (d), the remaining amount shall be apportioned as follows:

(1) Until January 1, 2000, 58.4%, and beginning January 1, 2000, 45.6% shall be deposited as follows:
   (A) 37% into the State Construction Account Fund, and
   (B) 63% into the Road Fund, $1,250,000 of which shall be reserved each month for the Department of Transportation to be used in accordance with the provisions of Sections 6-901 through 6-906 of the Illinois Highway Code;

(2) Until January 1, 2000, 41.6%, and beginning January 1, 2000, 54.4% shall be transferred to the Department of Transportation to be distributed as follows:
   (A) 49.10% to the municipalities of the State,
   (B) 16.74% to the counties of the State having 1,000,000 or more inhabitants,
   (C) 18.27% to the counties of the State having less than 1,000,000 inhabitants,
   (D) 15.89% to the road districts of the State.

As soon as may be after the first day of each month the Department of Transportation shall allot to each municipality its share of the amount apportioned to the several municipalities which shall be in proportion to the population of such municipalities as determined by the last preceding municipal census if conducted by the Federal Government or Federal census. If territory is annexed to any municipality subsequent to the time of the last preceding census the corporate authorities of such municipality may cause a census to be taken of such annexed territory and the population so ascertained for such territory shall be added to the population of the municipality as determined by the last preceding census for the purpose of determining the allotment for that municipality. If the
population of any municipality was not determined by the last Federal census preceding any apportionment, the apportionment to such municipality shall be in accordance with any census taken by such municipality. Any municipal census used in accordance with this Section shall be certified to the Department of Transportation by the clerk of such municipality, and the accuracy thereof shall be subject to approval of the Department which may make such corrections as it ascertains to be necessary.

As soon as may be after the first day of each month the Department of Transportation shall allot to each county its share of the amount apportioned to the several counties of the State as herein provided. Each allotment to the several counties having less than 1,000,000 inhabitants shall be in proportion to the amount of motor vehicle license fees received from the residents of such counties, respectively, during the preceding calendar year. The Secretary of State shall, on or before April 15 of each year, transmit to the Department of Transportation a full and complete report showing the amount of motor vehicle license fees received from the residents of each county, respectively, during the preceding calendar year. The Department of Transportation shall, each month, use for allotment purposes the last such report received from the Secretary of State.

As soon as may be after the first day of each month, the Department of Transportation shall allot to the several counties their share of the amount apportioned for the use of road districts. The allotment shall be apportioned among the several counties in the State in the proportion which the total mileage of township or district roads in the respective counties bears to the total mileage of all township and district roads in the State. Funds allotted to the respective counties for the use of road districts therein shall be allocated to the several road districts in the county in the proportion which the total mileage of such township or district roads in the respective road districts bears to the total mileage of all such township or district roads in the county. After July 1 of any year, no allocation shall be made for any road district unless it levied a tax for road and bridge purposes in an amount which will require the extension of such tax against the taxable property in any such road district at a rate of not less than

either .08% of the value thereof, based upon the assessment for the year immediately prior to the year in which such tax was levied and as equalized by the Department of Revenue or, in DuPage County, an amount equal to or greater than $12,000 per mile of road under the jurisdiction of the road district, whichever is less. If any road district has levied a special tax for road purposes pursuant to Sections 6-601, 6-602 and 6-603 of the Illinois Highway Code, and such tax was levied in an amount which would require extension at a rate of not less than .08% of the value of the taxable property thereof, as equalized or assessed by the Department of Revenue, or, in DuPage County, an amount equal to or greater than $12,000 per mile of road under the jurisdiction of the road district, whichever is less, such levy shall, however, be deemed a proper compliance with this Section and shall qualify such road district for an allotment under this Section. If a township has transferred to the road and bridge fund money which, when added to the amount of any tax levy of the road district would be the equivalent of a tax levy requiring extension at a rate of at least .08%, or, in DuPage County, an amount equal to or greater than $12,000 per mile of road under the jurisdiction of the road district, whichever is less, such transfer, together with any such tax levy, shall be deemed a proper compliance with this Section and shall qualify the road district for an allotment under this Section.

In counties in which a property tax extension limitation is imposed under the Property Tax Extension Limitation Law, road districts may retain their entitlement to a motor fuel tax allotment if, at the time the property tax extension limitation was imposed, the road district was levying a road and bridge tax at a rate sufficient to entitle it to a motor fuel tax allotment and continues to levy the maximum allowable amount after the imposition of the property tax extension limitation. Any road district may in all circumstances retain its entitlement to a motor fuel tax allotment if it levied a road and bridge tax in an amount that will require the extension of the tax against the taxable property in the road district at a rate of not less than 0.08% of the assessed value of the property, based upon the assessment for the year immediately preceding the year in which the tax was levied and as equalized by the Department of Revenue or, in

DuPage County, an amount equal to or greater than $12,000 per mile of road under the jurisdiction of the road district, whichever is less.

As used in this Section the term "road district" means any road district, including a county unit road district, provided for by the Illinois Highway Code; and the term "township or district road" means any road in the township and district road system as defined in the Illinois Highway Code. For the purposes of this Section, "road district" also includes park districts, forest preserve districts and conservation districts organized under Illinois law and "township or district road" also includes such roads as are maintained by park districts, forest preserve districts and conservation districts. The Department of Transportation shall determine the mileage of all township and district roads for the purposes of making allotments and allocations of motor fuel tax funds for use in road districts.

Payment of motor fuel tax moneys to municipalities and counties shall be made as soon as possible after the allotment is made. The treasurer of the municipality or county may invest these funds until their use is required and the interest earned by these investments shall be limited to the same uses as the principal funds.

Section 5-70. The Illinois Pension Code is amended by changing Sections 2-124, 14-108.6, 14-131, 15-155, 16-158, and 18-131 as follows:

(40 ILCS 5/2-124) (from Ch. 108 1/2, par. 2-124)
Sec. 2-124. Contributions by State.
(a) The State shall make contributions to the System by appropriations of amounts which, together with the contributions of participants, interest earned on investments, and other income will meet the cost of maintaining and administering the System on a 90% funded basis in accordance with actuarial recommendations.

(b) The Board shall determine the amount of State contributions required for each fiscal year on the basis of the actuarial tables and other assumptions adopted by the Board and the prescribed rate of interest, using the formula in subsection (c).
(c) For State fiscal years 2011 through 2045, the minimum contribution to the System to be made by the State for each fiscal year shall be an amount determined by the System to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the System by the end of State fiscal year 2045. In making these determinations, the required State contribution shall be calculated each year as a level percentage of payroll over the years remaining to and including fiscal year 2045 and shall be determined under the projected unit credit actuarial cost method.

For State fiscal years 1996 through 2005, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments so that by State fiscal year 2011, the State is contributing at the rate required under this Section.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2006 is $4,157,000.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2007 is $5,220,300.

For each of State fiscal years 2008 through 2010, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments from the required State contribution for State fiscal year 2007, so that by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

Beginning in State fiscal year 2046, the minimum State contribution for each fiscal year shall be the amount needed to maintain the total assets of the System at 90% of the total actuarial liabilities of the System.

Amounts received by the System pursuant to Section 25 of the Budget Stabilization Act in any fiscal year do not reduce and do not constitute payment of any portion of the minimum State contribution required under this Article in that fiscal year. Such amounts shall not reduce, and shall not be included in the calculation of, the required State contributions under this Article in any future year until the System has reached a funding ratio of at least 90%. A reference in this Article to the

"required State contribution" or any substantially similar term does not include or apply to any amounts payable to the System under Section 25 of the Budget Stabilization Act.

Notwithstanding any other provision of this Section, the required State contribution for State fiscal year 2005 and for fiscal year 2008 and each fiscal year thereafter, as calculated under this Section and certified under Section 2-134, shall not exceed an amount equal to (i) the amount of the required State contribution that would have been calculated under this Section for that fiscal year if the System had not received any payments under subsection (d) of Section 7.2 of the General Obligation Bond Act, minus (ii) the portion of the State's total debt service payments for that fiscal year on the bonds issued for the purposes of that Section 7.2, as determined and certified by the Comptroller, that is the same as the System's portion of the total moneys distributed under subsection (d) of Section 7.2 of the General Obligation Bond Act. In determining this maximum for State fiscal years 2008 through 2010, however, the amount referred to in item (i) shall be increased, as a percentage of the applicable employee payroll, in equal increments calculated from the sum of the required State contribution for State fiscal year 2007 plus the applicable portion of the State's total debt service payments for fiscal year 2007 on the bonds issued for the purposes of Section 7.2 of the General Obligation Bond Act, so that, by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

(2) In addition, any position titles with the Speaker of the House of Representatives, the Minority Leader of the House of Representatives, the President of the Senate, the Minority Leader of the Senate, the Attorney General, the Secretary of State, the Comptroller, the Treasurer, the Auditor General, the Supreme Court, the Court of Claims, and each legislative agency are eligible for the alternative retirement cancellation payment provided in this Section.

(c) In lieu of any retirement annuity or other benefit provided under this Article, a person who qualifies for and elects to receive the alternative retirement cancellation payment under this Section shall be entitled to receive a one-time lump sum retirement cancellation payment equal to the amount of his or her contributions to the System (including any employee contributions for optional service credit and including any employee contributions paid by the employer or credited to the employee during disability) as of the date of termination, with regular interest, multiplied by 2.

(d) Notwithstanding any other provision of this Article, a person who receives an alternative retirement cancellation payment under this Section thereby forfeits the right to any other retirement or disability benefit or refund under this Article, and no widow's, survivor's, or death benefit deriving from that person shall be payable under this Article. Upon accepting an alternative retirement cancellation payment under this Section, the person's creditable service and all other rights in the System are terminated for all purposes, except for the purpose of determining State

group life and health benefits for the person and his or her survivors as provided under the State Employees Group Insurance Act of 1971.

(e) To the extent permitted by federal law, a person who receives an alternative retirement cancellation payment under this Section may direct the System to pay all or a portion of that payment as a rollover into another retirement plan or account qualified under the Internal Revenue Code of 1986, as amended.

(f) Notwithstanding Section 14-111, a person who has received an alternative retirement cancellation payment under this Section and who reenters service under this Article other than as a temporary employee must repay to the System the amount by which that alternative retirement cancellation payment exceeded the amount of his or her refundable employee contributions within 60 days of resuming employment under this System. For the purposes of re-establishing creditable service that was terminated upon election of the alternative retirement cancellation payment, the portion of the alternative retirement cancellation payment representing refundable employee contributions shall be deemed a refund repayable in accordance with Section 14-130.

(g) The Commission on Government Forecasting and Accountability shall determine and report to the Governor and the General Assembly, on or before January 1, 2008, its estimate of (1) the annual amount of payroll savings likely to be realized by the State as a result of the early termination of persons receiving the alternative retirement cancellation payment under this Section and (2) the net annual savings or cost to the State from the program of alternative retirement cancellation payments under this Section.

The System, the Department of Central Management Services, the Governor's Office of Management and Budget, and all other departments shall provide to the Commission any assistance that the Commission may request with respect to its report under this Section. The Commission may require departments to provide it with any information that it deems necessary or useful with respect to its reports under this Section, including without limitation information about (1) the final earnings of former department employees who elected to receive alternative retirement
cancellation payments under this Section, (2) the earnings of current
department employees holding the positions vacated by persons who
elected to receive alternative retirement cancellation payments under this
Section, and (3) positions vacated by persons who elected to receive
alternative retirement cancellation payments under this Section that have
not yet been refilled.

(40 ILCS 5/14-131) (from Ch. 108 1/2, par. 14-131)
Sec. 14-131. Contributions by State.
(a) The State shall make contributions to the System by
appropriations of amounts which, together with other employer
contributions from trust, federal, and other funds, employee contributions,
investment income, and other income, will be sufficient to meet the cost of
maintaining and administering the System on a 90% funded basis in
accordance with actuarial recommendations.
For the purposes of this Section and Section 14-135.08, references
to State contributions refer only to employer contributions and do not
include employee contributions that are picked up or otherwise paid by the
State or a department on behalf of the employee.
(b) The Board shall determine the total amount of State
contributions required for each fiscal year on the basis of the actuarial
tables and other assumptions adopted by the Board, using the formula in
subsection (e).

The Board shall also determine a State contribution rate for each
fiscal year, expressed as a percentage of payroll, based on the total
required State contribution for that fiscal year (less the amount received by
the System from appropriations under Section 8.12 of the State Finance
Act and Section 1 of the State Pension Funds Continuing Appropriation
Act, if any, for the fiscal year ending on the June 30 immediately
preceding the applicable November 15 certification deadline), the
estimated payroll (including all forms of compensation) for personal
services rendered by eligible employees, and the recommendations of the
actuary.
For the purposes of this Section and Section 14.1 of the State Finance Act, the term "eligible employees" includes employees who participate in the System, persons who may elect to participate in the System but have not so elected, persons who are serving a qualifying period that is required for participation, and annuitants employed by a department as described in subdivision (a)(1) or (a)(2) of Section 14-111.

(c) Contributions shall be made by the several departments for each pay period by warrants drawn by the State Comptroller against their respective funds or appropriations based upon vouchers stating the amount to be so contributed. These amounts shall be based on the full rate certified by the Board under Section 14-135.08 for that fiscal year. From the effective date of this amendatory Act of the 93rd General Assembly through the payment of the final payroll from fiscal year 2004 appropriations, the several departments shall not make contributions for the remainder of fiscal year 2004 but shall instead make payments as required under subsection (a-1) of Section 14.1 of the State Finance Act. The several departments shall resume those contributions at the commencement of fiscal year 2005.

(d) If an employee is paid from trust funds or federal funds, the department or other employer shall pay employer contributions from those funds to the System at the certified rate, unless the terms of the trust or the federal-State agreement preclude the use of the funds for that purpose, in which case the required employer contributions shall be paid by the State. From the effective date of this amendatory Act of the 93rd General Assembly through the payment of the final payroll from fiscal year 2004 appropriations, the department or other employer shall not pay contributions for the remainder of fiscal year 2004 but shall instead make payments as required under subsection (a-1) of Section 14.1 of the State Finance Act. The department or other employer shall resume payment of contributions at the commencement of fiscal year 2005.

(e) For State fiscal years 2011 through 2045, the minimum contribution to the System to be made by the State for each fiscal year shall be an amount determined by the System to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the

System by the end of State fiscal year 2045. In making these determinations, the required State contribution shall be calculated each year as a level percentage of payroll over the years remaining to and including fiscal year 2045 and shall be determined under the projected unit credit actuarial cost method.

For State fiscal years 1996 through 2005, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments so that by State fiscal year 2011, the State is contributing at the rate required under this Section; except that (i) for State fiscal year 1998, for all purposes of this Code and any other law of this State, the certified percentage of the applicable employee payroll shall be 5.052% for employees earning eligible creditable service under Section 14-110 and 6.500% for all other employees, notwithstanding any contrary certification made under Section 14-135.08 before the effective date of this amendatory Act of 1997, and (ii) in the following specified State fiscal years, the State contribution to the System shall not be less than the following indicated percentages of the applicable employee payroll, even if the indicated percentage will produce a State contribution in excess of the amount otherwise required under this subsection and subsection (a): 9.8% in FY 1999; 10.0% in FY 2000; 10.2% in FY 2001; 10.4% in FY 2002; 10.6% in FY 2003; and 10.8% in FY 2004.

Notwithstanding any other provision of this Article, the total required State contribution to the System for State fiscal year 2006 is $203,783,900.

Notwithstanding any other provision of this Article, the total required State contribution to the System for State fiscal year 2007 is $344,164,400.

For each of State fiscal years 2008 through 2010, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments from the required State contribution for State fiscal year 2007, so that by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.
Beginning in State fiscal year 2046, the minimum State contribution for each fiscal year shall be the amount needed to maintain the total assets of the System at 90% of the total actuarial liabilities of the System.

Amounts received by the System pursuant to Section 25 of the Budget Stabilization Act in any fiscal year do not reduce and do not constitute payment of any portion of the minimum State contribution required under this Article in that fiscal year. Such amounts shall not reduce, and shall not be included in the calculation of, the required State contributions under this Article in any future year until the System has reached a funding ratio of at least 90%. A reference in this Article to the "required State contribution" or any substantially similar term does not include or apply to any amounts payable to the System under Section 25 of the Budget Stabilization Act.

Notwithstanding any other provision of this Section, the required State contribution for State fiscal year 2005 and for fiscal year 2008 and each fiscal year thereafter, as calculated under this Section and certified under Section 14-135.08, shall not exceed an amount equal to (i) the amount of the required State contribution that would have been calculated under this Section for that fiscal year if the System had not received any payments under subsection (d) of Section 7.2 of the General Obligation Bond Act, minus (ii) the portion of the State's total debt service payments for that fiscal year on the bonds issued for the purposes of that Section 7.2, as determined and certified by the Comptroller, that is the same as the System's portion of the total moneys distributed under subsection (d) of Section 7.2 of the General Obligation Bond Act. In determining this maximum for State fiscal years 2008 through 2010, however, the amount referred to in item (i) shall be increased, as a percentage of the applicable employee payroll, in equal increments calculated from the sum of the required State contribution for State fiscal year 2007 plus the applicable portion of the State's total debt service payments for fiscal year 2007 on the bonds issued for the purposes of Section 7.2 of the General Obligation Bond Act, so that, by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.
(f) After the submission of all payments for eligible employees from personal services line items in fiscal year 2004 have been made, the Comptroller shall provide to the System a certification of the sum of all fiscal year 2004 expenditures for personal services that would have been covered by payments to the System under this Section if the provisions of this amendatory Act of the 93rd General Assembly had not been enacted. Upon receipt of the certification, the System shall determine the amount due to the System based on the full rate certified by the Board under Section 14-135.08 for fiscal year 2004 in order to meet the State's obligation under this Section. The System shall compare this amount due to the amount received by the System in fiscal year 2004 through payments under this Section and under Section 62-61 of the State Finance Act. If the amount due is more than the amount received, the difference shall be termed the "Fiscal Year 2004 Shortfall" for purposes of this Section, and the Fiscal Year 2004 Shortfall shall be satisfied under Section 1.2 of the State Pension Funds Continuing Appropriation Act. If the amount due is less than the amount received, the difference shall be termed the "Fiscal Year 2004 Overpayment" for purposes of this Section, and the Fiscal Year 2004 Overpayment shall be repaid by the System to the Pension Contribution Fund as soon as practicable after the certification.

Sec. 15-155. Employer contributions.

(a) The State of Illinois shall make contributions by appropriations of amounts which, together with the other employer contributions from trust, federal, and other funds, employee contributions, income from investments, and other income of this System, will be sufficient to meet the cost of maintaining and administering the System on a 90% funded basis in accordance with actuarial recommendations.

The Board shall determine the amount of State contributions required for each fiscal year on the basis of the actuarial tables and other assumptions adopted by the Board and the recommendations of the actuary, using the formula in subsection (a-1).
(a-1) For State fiscal years 2011 through 2045, the minimum contribution to the System to be made by the State for each fiscal year shall be an amount determined by the System to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the System by the end of State fiscal year 2045. In making these determinations, the required State contribution shall be calculated each year as a level percentage of payroll over the years remaining to and including fiscal year 2045 and shall be determined under the projected unit credit actuarial cost method.

For State fiscal years 1996 through 2005, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments so that by State fiscal year 2011, the State is contributing at the rate required under this Section. Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2006 is $166,641,900.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2007 is $252,064,100.

For each of State fiscal years 2008 through 2010, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments from the required State contribution for State fiscal year 2007, so that by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

Beginning in State fiscal year 2046, the minimum State contribution for each fiscal year shall be the amount needed to maintain the total assets of the System at 90% of the total actuarial liabilities of the System.

Amounts received by the System pursuant to Section 25 of the Budget Stabilization Act in any fiscal year do not reduce and do not constitute payment of any portion of the minimum State contribution required under this Article in that fiscal year. "required State contribution" or any substantially similar term does not include or apply to any amounts payable to the System under Section 25 of the Budget Stabilization Act.

Notwithstanding any other provision of this Section, the required State contribution for State fiscal year 2005 and for fiscal year 2008 and each fiscal year thereafter, as calculated under this Section and certified under Section 15-165, shall not exceed an amount equal to (i) the amount of the required State contribution that would have been calculated under this Section for that fiscal year if the System had not received any payments under subsection (d) of Section 7.2 of the General Obligation Bond Act, minus (ii) the portion of the State's total debt service payments for that fiscal year on the bonds issued for the purposes of that Section 7.2, as determined and certified by the Comptroller, that is the same as the System's portion of the total moneys distributed under subsection (d) of Section 7.2 of the General Obligation Bond Act. (b) If an employee is paid from trust or federal funds, the employer shall pay to the Board contributions from those funds which are sufficient to cover the accruing normal costs on behalf of the employee. However, universities having employees who are compensated out of local auxiliary funds, income funds, or service enterprise funds are not required to pay such contributions on behalf of those employees. The local auxiliary funds, income funds, and service enterprise funds of universities shall not be considered trust funds for the purpose of this Article, but funds of alumni associations, foundations, and athletic associations which are affiliated with the universities included as employers under this Article

and other employers which do not receive State appropriations are considered to be trust funds for the purpose of this Article.

(b-1) The City of Urbana and the City of Champaign shall each make employer contributions to this System for their respective firefighter employees who participate in this System pursuant to subsection (h) of Section 15-107. The rate of contributions to be made by those municipalities shall be determined annually by the Board on the basis of the actuarial assumptions adopted by the Board and the recommendations of the actuary, and shall be expressed as a percentage of salary for each such employee. The Board shall certify the rate to the affected municipalities as soon as may be practical. The employer contributions required under this subsection shall be remitted by the municipality to the System at the same time and in the same manner as employee contributions.

(c) Through State fiscal year 1995: The total employer contribution shall be apportioned among the various funds of the State and other employers, whether trust, federal, or other funds, in accordance with actuarial procedures approved by the Board. State of Illinois contributions for employers receiving State appropriations for personal services shall be payable from appropriations made to the employers or to the System. The contributions for Class I community colleges covering earnings other than those paid from trust and federal funds, shall be payable solely from appropriations to the Illinois Community College Board or the System for employer contributions.

(d) Beginning in State fiscal year 1996, the required State contributions to the System shall be appropriated directly to the System and shall be payable through vouchers issued in accordance with subsection (c) of Section 15-165, except as provided in subsection (g).

(e) The State Comptroller shall draw warrants payable to the System upon proper certification by the System or by the employer in accordance with the appropriation laws and this Code.

(f) Normal costs under this Section means liability for pensions and other benefits which accrues to the System because of the credits earned for service rendered by the participants during the fiscal year and expenses

of administering the System, but shall not include the principal of or any redemption premium or interest on any bonds issued by the Board or any expenses incurred or deposits required in connection therewith.

(g) If the amount of a participant's earnings for any academic year used to determine the final rate of earnings exceeds the amount of his or her earnings with the same employer for the previous academic year by more than 6%, the participant's employer shall pay to the System, in addition to all other payments required under this Section and in accordance with guidelines established by the System, the present value of the increase in benefits resulting from the portion of the increase in earnings that is in excess of 6%. This present value shall be computed by the System on the basis of the actuarial assumptions and tables used in the most recent actuarial valuation of the System that is available at the time of the computation. The employer contributions required under this subsection (g) shall be paid in the form of a lump sum within 30 days after receipt of the bill after the participant begins receiving benefits under this Article.

The provisions of this subsection (g) do not apply to earnings increases paid to participants under contracts or collective bargaining agreements entered into, amended, or renewed before the effective date of this amendatory Act of the 94th General Assembly.

Sec. 16-158. Contributions by State and other employing units.

(a) The State shall make contributions to the System by means of appropriations from the Common School Fund and other State funds of amounts which, together with other employer contributions, employee contributions, investment income, and other income, will be sufficient to meet the cost of maintaining and administering the System on a 90% funded basis in accordance with actuarial recommendations.

The Board shall determine the amount of State contributions required for each fiscal year on the basis of the actuarial tables and other assumptions adopted by the Board and the recommendations of the actuary, using the formula in subsection (b-3).
(a-1) Annually, on or before November 15, the Board shall certify to the Governor the amount of the required State contribution for the coming fiscal year. The certification shall include a copy of the actuarial recommendations upon which it is based.

On or before May 1, 2004, the Board shall recalculate and recertify to the Governor the amount of the required State contribution to the System for State fiscal year 2005, taking into account the amounts appropriated to and received by the System under subsection (d) of Section 7.2 of the General Obligation Bond Act.

On or before July 1, 2005, the Board shall recalculate and recertify to the Governor the amount of the required State contribution to the System for State fiscal year 2006, taking into account the changes in required State contributions made by this amendatory Act of the 94th General Assembly.

(b) Through State fiscal year 1995, the State contributions shall be paid to the System in accordance with Section 18-7 of the School Code.

(b-1) Beginning in State fiscal year 1996, on the 15th day of each month, or as soon thereafter as may be practicable, the Board shall submit vouchers for payment of State contributions to the System, in a total monthly amount of one-twelfth of the required annual State contribution certified under subsection (a-1). From the effective date of this amendatory Act of the 93rd General Assembly through June 30, 2004, the Board shall not submit vouchers for the remainder of fiscal year 2004 in excess of the fiscal year 2004 certified contribution amount determined under this Section after taking into consideration the transfer to the System under subsection (a) of Section 6z-61 of the State Finance Act. These vouchers shall be paid by the State Comptroller and Treasurer by warrants drawn on the funds appropriated to the System for that fiscal year.

If in any month the amount remaining unexpended from all other appropriations to the System for the applicable fiscal year (including the appropriations to the System under Section 8.12 of the State Finance Act and Section 1 of the State Pension Funds Continuing Appropriation Act) is less than the amount lawfully vouched under this subsection, the difference shall be paid from the Common School Fund under the

Notwithstanding any other provision of this Section, the required State contribution for State fiscal year 2005 and for fiscal year 2008 and each fiscal year thereafter, as calculated under this Section and certified under subsection (a-1), shall not exceed an amount equal to (i) the amount of the required State contribution that would have been calculated under this Section for that fiscal year if the System had not received any payments under subsection (d) of Section 7.2 of the General Obligation Bond Act, minus (ii) the portion of the State's total debt service payments for that fiscal year on the bonds issued for the purposes of that Section 7.2, as determined and certified by the Comptroller, that is the same as the System's portion of the total moneys distributed under subsection (d) of Section 7.2 of the General Obligation Bond Act. In determining this maximum for State fiscal years 2008 through 2010, however, the amount referred to in item (i) shall be increased, as a percentage of the applicable employee payroll, in equal increments calculated from the sum of the required State contribution for State fiscal year 2007 plus the applicable portion of the State's total debt service payments for fiscal year 2007 on
the bonds issued for the purposes of Section 7.2 of the General Obligation Bond Act, so that, by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

(c) Payment of the required State contributions and of all pensions, retirement annuities, death benefits, refunds, and other benefits granted under or assumed by this System, and all expenses in connection with the administration and operation thereof, are obligations of the State.

If members are paid from special trust or federal funds which are administered by the employing unit, whether school district or other unit, the employing unit shall pay to the System from such funds the full accruing retirement costs based upon that service, as determined by the System. Employer contributions, based on salary paid to members from federal funds, may be forwarded by the distributing agency of the State of Illinois to the System prior to allocation, in an amount determined in accordance with guidelines established by such agency and the System.

(d) Effective July 1, 1986, any employer of a teacher as defined in paragraph (8) of Section 16-106 shall pay the employer's normal cost of benefits based upon the teacher's service, in addition to employee contributions, as determined by the System. Such employer contributions shall be forwarded monthly in accordance with guidelines established by the System.

However, with respect to benefits granted under Section 16-133.4 or 16-133.5 to a teacher as defined in paragraph (8) of Section 16-106, the employer's contribution shall be 12% (rather than 20%) of the member's highest annual salary rate for each year of creditable service granted, and the employer shall also pay the required employee contribution on behalf of the teacher. For the purposes of Sections 16-133.4 and 16-133.5, a teacher as defined in paragraph (8) of Section 16-106 who is serving in that capacity while on leave of absence from another employer under this Article shall not be considered an employee of the employer from which the teacher is on leave.

(e) Beginning July 1, 1998, every employer of a teacher shall pay to the System an employer contribution computed as follows:

New matter indicated by italics - deletions by strikeout
(1) Beginning July 1, 1998 through June 30, 1999, the employer contribution shall be equal to 0.3% of each teacher's salary.

(2) Beginning July 1, 1999 and thereafter, the employer contribution shall be equal to 0.58% of each teacher's salary.

The school district or other employing unit may pay these employer contributions out of any source of funding available for that purpose and shall forward the contributions to the System on the schedule established for the payment of member contributions.

These employer contributions are intended to offset a portion of the cost to the System of the increases in retirement benefits resulting from this amendatory Act of 1998.

Each employer of teachers is entitled to a credit against the contributions required under this subsection (e) with respect to salaries paid to teachers for the period January 1, 2002 through June 30, 2003, equal to the amount paid by that employer under subsection (a-5) of Section 6.6 of the State Employees Group Insurance Act of 1971 with respect to salaries paid to teachers for that period.

The additional 1% employee contribution required under Section 16-152 by this amendatory Act of 1998 is the responsibility of the teacher and not the teacher's employer, unless the employer agrees, through collective bargaining or otherwise, to make the contribution on behalf of the teacher.

If an employer is required by a contract in effect on May 1, 1998 between the employer and an employee organization to pay, on behalf of all its full-time employees covered by this Article, all mandatory employee contributions required under this Article, then the employer shall be excused from paying the employer contribution required under this subsection (e) for the balance of the term of that contract. The employer and the employee organization shall jointly certify to the System the existence of the contractual requirement, in such form as the System may prescribe. This exclusion shall cease upon the termination, extension, or renewal of the contract at any time after May 1, 1998.

(f) If the amount of a teacher's salary for any school year used to determine final average salary exceeds the amount of his or her salary with the same employer for the previous school year by more than 6%, the teacher's employer shall pay to the System, in addition to all other payments required under this Section and in accordance with guidelines established by the System, the present value of the increase in benefits resulting from the portion of the increase in salary that is in excess of 6%. This present value shall be computed by the System on the basis of the actuarial assumptions and tables used in the most recent actuarial valuation of the System that is available at the time of the computation. The employer contributions required under this subsection (f) shall be paid in the form of a lump sum within 30 days after receipt of the bill after the teacher begins receiving benefits under this Article.

The provisions of this subsection (f) do not apply to salary increases paid to teachers under contracts or collective bargaining agreements entered into, amended, or renewed before the effective date of this amendatory Act of the 94th General Assembly.

(40 ILCS 5/18-131) (from Ch. 108 1/2, par. 18-131)
Sec. 18-131. Financing; employer contributions.

(a) The State of Illinois shall make contributions to this System by appropriations of the amounts which, together with the contributions of participants, net earnings on investments, and other income, will meet the costs of maintaining and administering this System on a 90% funded basis in accordance with actuarial recommendations.

(b) The Board shall determine the amount of State contributions required for each fiscal year on the basis of the actuarial tables and other assumptions adopted by the Board and the prescribed rate of interest, using the formula in subsection (c).

(c) For State fiscal years 2011 through 2045, the minimum contribution to the System to be made by the State for each fiscal year shall be an amount determined by the System to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the System by the end of State fiscal year 2045. In making these
determinations, the required State contribution shall be calculated each year as a level percentage of payroll over the years remaining to and including fiscal year 2045 and shall be determined under the projected unit credit actuarial cost method.

For State fiscal years 1996 through 2005, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments so that by State fiscal year 2011, the State is contributing at the rate required under this Section.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2006 is $29,189,400.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2007 is $35,236,800.

For each of State fiscal years 2008 through 2010, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments from the required State contribution for State fiscal year 2007, so that by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

Beginning in State fiscal year 2046, the minimum State contribution for each fiscal year shall be the amount needed to maintain the total assets of the System at 90% of the total actuarial liabilities of the System.

Amounts received by the System pursuant to Section 25 of the Budget Stabilization Act in any fiscal year do not reduce and do not constitute payment of any portion of the minimum State contribution required under this Article in that fiscal year. Such amounts shall not reduce, and shall not be included in the calculation of, the required State contributions under this Article in any future year until the System has reached a funding ratio of at least 90%. A reference in this Article to the "required State contribution" or any substantially similar term does not include or apply to any amounts payable to the System under Section 25 of the Budget Stabilization Act.

Notwithstanding any other provision of this Section, the required State contribution for State fiscal year 2005 and for fiscal year 2008 and...
each fiscal year thereafter, as calculated under this Section and certified under Section 18-140, shall not exceed an amount equal to (i) the amount of the required State contribution that would have been calculated under this Section for that fiscal year if the System had not received any payments under subsection (d) of Section 7.2 of the General Obligation Bond Act, minus (ii) the portion of the State's total debt service payments for that fiscal year on the bonds issued for the purposes of that Section 7.2, as determined and certified by the Comptroller, that is the same as the System's portion of the total moneys distributed under subsection (d) of Section 7.2 of the General Obligation Bond Act. In determining this maximum for State fiscal years 2008 through 2010, however, the amount referred to in item (i) shall be increased, as a percentage of the applicable employee payroll, in equal increments calculated from the sum of the required State contribution for State fiscal year 2007 plus the applicable portion of the State's total debt service payments for fiscal year 2007 on the bonds issued for the purposes of Section 7.2 of the General Obligation Bond Act, so that, by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

Section 5-71. The State Pension Funds Continuing Appropriation Act is amended by adding Section 1.7 as follows:

(40 ILCS 15/1.7 new)

Sec. 1.7. Appropriations from the Pension Stabilization Fund.
(a) All of the moneys deposited from time to time into the Pension Stabilization Fund are hereby appropriated, on a continuing basis, to the State Comptroller for the purpose of making distributions to the designated retirement systems as provided in Section 25 of the Budget Stabilization Act.

(b) The appropriations made under this Section are in addition to, and do not affect, the amounts subject to appropriation under any other Section of this Act.

Section 5-72. The Regional Transportation Authority Act is amended by changing Section 4.13 as follows:

New matter indicated by italics - deletions by strikeout
Sec. 4.13. Annual Capital Improvement Plan.
(a) With respect to each calendar year, the Authority shall prepare as part of its Five Year Program an Annual Capital Improvement Plan (the "Plan") which shall describe its intended development and implementation of the Strategic Capital Improvement Program. The Plan shall include the following information:

(i) a list of projects for which approval is sought from the Governor, with a description of each project stating at a minimum the project cost, its category, its location and the entity responsible for its implementation;

(ii) a certification by the Authority that the Authority and the Service Boards have applied for all grants, loans and other moneys made available by the federal government or the State of Illinois during the preceding federal and State fiscal years for financing its capital development activities;

(iii) a certification that, as of September 30 of the preceding calendar year or any later date, the balance of all federal capital grant funds and all other funds to be used as matching funds therefor which were committed to or possessed by the Authority or a Service Board but which had not been obligated was less than $350,000,000, or a greater amount as authorized in writing by the Governor (for purposes of this subsection (a), "obligated" means committed to be paid by the Authority or a Service Board under a contract with a nongovernmental entity in connection with the performance of a project or committed under a force account plan approved by the federal government);

(iv) a certification that the Authority has adopted a balanced budget with respect to such calendar year under Section 4.01 of this Act;

(v) a schedule of all bonds or notes previously issued for Strategic Capital Improvement Projects and all debt service payments to be made with respect to all such bonds and the estimated additional debt service payments through June 30 of the

following calendar year expected to result from bonds to be sold prior thereto;

(vi) a long-range summary of the Strategic Capital Improvement Program describing the projects to be funded through the Program with respect to project cost, category, location, and implementing entity, and presenting a financial plan including an estimated time schedule for obligating funds for the performance of approved projects, issuing bonds, expending bond proceeds and paying debt service throughout the duration of the Program; and

(vii) the source of funding for each project in the Plan. For any project for which full funding has not yet been secured and which is not subject to a federal full funding contract, the Authority must identify alternative, dedicated funding sources available to complete the project. The Governor may waive this requirement on a project by project basis.

(b) The Authority shall submit the Plan with respect to any calendar year to the Governor on or before January 15 of that year, or as soon as possible thereafter; provided, however, that the Plan shall be adopted on the affirmative votes of 9 of the then Directors. The Plan may be revised or amended at any time, but any revision in the projects approved shall require the Governor's approval.

(c) The Authority shall seek approval from the Governor only through the Plan or an amendment thereto. The Authority shall not request approval of the Plan from the Governor in any calendar year in which it is unable to make the certifications required under items (ii), (iii) and (iv) of subsection (a). In no event shall the Authority seek approval of the Plan from the Governor for projects in an aggregate amount exceeding the proceeds of authorization for bonds or notes for Strategic Capital Improvement Projects issued under Section 4.04 of this Act.

(d) The Governor may approve the Plan for which approval is requested. The Governor's approval is limited to the amount of the project cost stated in the Plan. The Governor shall not approve the Plan in a calendar year if the Authority is unable to make the certifications required under items (ii), (iii) and (iv) of subsection (a). In no event shall the
Governor approve the Plan for projects in an aggregate amount exceeding the proceeds of authorization for bonds or notes for Strategic Capital Improvement Projects issued under Section 4.04 of this Act.

(e) With respect to capital improvements, only those capital improvements which are in a Plan approved by the Governor shall be financed with the proceeds of bonds or notes issued for Strategic Capital Improvement Projects.

(f) Before the Authority or a Service Board obligates any funds for a project for which the Authority or Service Board intends to use the proceeds of bonds or notes for Strategic Capital Improvement Projects, but which project is not included in an approved Plan, the Authority must notify the Governor of the intended obligation. No project costs incurred prior to approval of the Plan including that project may be paid from the proceeds of bonds or notes for Strategic Capital Improvement Projects issued under Section 4.04 of this Act.

(105 ILCS 5/3-12) (from Ch. 122, par. 3-12)
Sec. 3-12. Institute fund.

(a) All certificate registration fees and a portion of renewal and duplicate fees shall be kept by the regional superintendent as described in Section 21-16 of this Code, together with a record of the names of the persons paying them. Such fees shall be deposited into the institute fund and shall be used by the regional superintendent to defray expenses associated with the work of the regional professional development review committees established pursuant to paragraph (2) of subsection (g) of Section 21-14 of this Code to advise the regional superintendent, upon his or her request, and to hear appeals relating to the renewal of teaching certificates, in accordance with Section 21-14 of this Code; to defray expenses connected with improving the technology necessary for the efficient processing of certificates; to defray expenses incidental to teachers' institutes, workshops or meetings of a professional nature that are designed to promote the professional growth of teachers or for the purpose

An amount equal to the amount of wagering taxes collected under this subsection (a-3) that are in addition to the amount of wagering taxes that would have been collected if the wagering tax rates under subsection (a-2) were in effect shall be paid into the Common School Fund.

The privilege tax imposed under this subsection (a-3) shall no longer be imposed beginning on the earlier of (i) July 1, 2005; (ii) the first date after June 20, 2003 that riverboat gambling operations are conducted pursuant to a dormant license; or (iii) the first day that riverboat gambling operations are conducted under the authority of an owners license that is in addition to the 10 owners licenses initially authorized under this Act. For the purposes of this subsection (a-3), the term "dormant license" means an owners license that is authorized by this Act under which no riverboat gambling operations are being conducted on June 20, 2003.

(a-4) Beginning on the first day on which the tax imposed under subsection (a-3) is no longer imposed, a privilege tax is imposed on persons engaged in the business of conducting riverboat gambling operations, other than licensed managers conducting riverboat gambling operations on behalf of the State, based on the adjusted gross receipts received by a licensed owner from gambling games authorized under this Act at the following rates:

(a-8) Riverboat gambling operations conducted by a licensed manager on behalf of the State are not subject to the tax imposed under this Section.

(a-10) The taxes imposed by this Section shall be paid by the licensed owner to the Board not later than 3:00 o'clock p.m. of the day after the day when the wagers were made.

(a-15) If the privilege tax imposed under subsection (a-3) is no longer imposed pursuant to item (i) of the last paragraph of subsection (a-3), then by June 15 of each year, each owners licensee, other than an owners licensee that admitted 1,000,000 persons or fewer in calendar year 2004, must, in addition to the payment of all amounts otherwise due under this Section, pay to the Board a reconciliation payment in the amount, if any, by which the licensed owner's base amount for the licensed owner exceeds the amount of net privilege tax paid under this Section by the licensed owner to the Board in the then current State fiscal year. A licensed owner's net privilege tax obligation due for the balance of the State fiscal year shall be reduced up to the total of the amount paid by the licensed owner in its June 15 reconciliation payment. The obligation imposed by this subsection (a-15) is binding on any person, firm, corporation, or other entity that acquires an ownership interest in any such owners license. The obligation imposed under this subsection (a-15) terminates on the earliest of: (i) July 1, 2007, (ii) the first day after the

effective date of this amendatory Act of the 94th General Assembly that riverboat gambling operations are conducted pursuant to a dormant license, (iii) the first day that riverboat gambling operations are conducted under the authority of an owners license that is in addition to the 10 owners licenses initially authorized under this Act, or (iv) the first day that a licensee under the Illinois Horse Racing Act of 1975 conducts gaming operations with slot machines or other electronic gaming devices. The Board must reduce the obligation imposed under this subsection (a-15) by an amount the Board deems reasonable for any of the following reasons: (A) an act or acts of God, (B) an act of bioterrorism or terrorism or a bioterrorism or terrorism threat that was investigated by a law enforcement agency, or (C) a condition beyond the control of the owners licensee that does not result from any act or omission by the owners licensee or any of its agents and that poses a hazardous threat to the health and safety of patrons. If an owners licensee pays an amount in excess of its liability under this Section, the Board shall apply the overpayment to future payments required under this Section.

For purposes of this subsection (a-15):

"Act of God" means an incident caused by the operation of an extraordinary force that cannot be foreseen, that cannot be avoided by the exercise of due care, and for which no person can be held liable.

"Base amount" means the following:

For a riverboat in Alton, $31,000,000.
For a riverboat in East Peoria, $43,000,000.
For the Empress riverboat in Joliet, $86,000,000.
For a riverboat in Metropolis, $45,000,000.
For the Harrah's riverboat in Joliet, $114,000,000.
For a riverboat in Aurora, $86,000,000.
For a riverboat in East St. Louis, $48,500,000.
For a riverboat in Elgin, $198,000,000.

"Dormant license" has the meaning ascribed to it in subsection (a-3).
"Net privilege tax" means all privilege taxes paid by a licensed owner to the Board under this Section, less all payments made from the State Gaming Fund pursuant to subsection (b) of this Section.

The changes made to this subsection (a-15) by this amendatory Act of the 94th General Assembly are intended to restate and clarify the intent of Public Act 94-673 with respect to the amount of the payments required to be made under this subsection by an owners licensee to the Board.

(b) Until January 1, 1998, 25% of the tax revenue deposited in the State Gaming Fund under this Section shall be paid, subject to appropriation by the General Assembly, to the unit of local government which is designated as the home dock of the riverboat. Beginning January 1, 1998, from the tax revenue deposited in the State Gaming Fund under this Section, an amount equal to 5% of adjusted gross receipts generated by a riverboat shall be paid monthly, subject to appropriation by the General Assembly, to the unit of local government that is designated as the home dock of the riverboat. From the tax revenue deposited in the State Gaming Fund pursuant to riverboat gambling operations conducted by a licensed manager on behalf of the State, an amount equal to 5% of adjusted gross receipts generated pursuant to those riverboat gambling operations shall be paid monthly, subject to appropriation by the General Assembly, to the unit of local government that is designated as the home dock of the riverboat upon which those riverboat gambling operations are conducted.

(c) Appropriations, as approved by the General Assembly, may be made from the State Gaming Fund to the Department of Revenue and the Department of State Police for the administration and enforcement of this Act, or to the Department of Human Services for the administration of programs to treat problem gambling.

(c-5) After the payments required under subsections (b) and (c) have been made, an amount equal to 15% of the adjusted gross receipts of (1) an owners licensee that relocates pursuant to Section 11.2, (2) an owners licensee conducting riverboat gambling operations pursuant to an owners license that is initially issued after June 25, 1999, or (3) the first riverboat gambling operations conducted by a licensed manager on behalf
of the State under Section 7.3, whichever comes first, shall be paid from the State Gaming Fund into the Horse Racing Equity Fund.

(c-10) Each year the General Assembly shall appropriate from the General Revenue Fund to the Education Assistance Fund an amount equal to the amount paid into the Horse Racing Equity Fund pursuant to subsection (c-5) in the prior calendar year.

(c-15) After the payments required under subsections (b), (c), and (c-5) have been made, an amount equal to 2% of the adjusted gross receipts of (1) an owners licensee that relocates pursuant to Section 11.2, (2) an owners licensee conducting riverboat gambling operations pursuant to an owners license that is initially issued after June 25, 1999, or (3) the first riverboat gambling operations conducted by a licensed manager on behalf of the State under Section 7.3, whichever comes first, shall be paid, subject to appropriation from the General Assembly, from the State Gaming Fund to each home rule county with a population of over 3,000,000 inhabitants for the purpose of enhancing the county's criminal justice system.

(c-20) Each year the General Assembly shall appropriate from the General Revenue Fund to the Education Assistance Fund an amount equal to the amount paid to each home rule county with a population of over 3,000,000 inhabitants pursuant to subsection (c-15) in the prior calendar year.

(c-25) After the payments required under subsections (b), (c), (c-5) and (c-15) have been made, an amount equal to 2% of the adjusted gross receipts of (1) an owners licensee that relocates pursuant to Section 11.2, (2) an owners licensee conducting riverboat gambling operations pursuant to an owners license that is initially issued after June 25, 1999, or (3) the first riverboat gambling operations conducted by a licensed manager on behalf of the State under Section 7.3, whichever comes first, shall be paid from the State Gaming Fund to Chicago State University.

(d) From time to time, the Board shall transfer the remainder of the funds generated by this Act into the Education Assistance Fund, created by Public Act 86-0018, of the State of Illinois.

New matter indicated by italics - deletions by strikeout
(e) Nothing in this Act shall prohibit the unit of local government designated as the home dock of the riverboat from entering into agreements with other units of local government in this State or in other states to share its portion of the tax revenue.

Section 5-78. The Illinois Affordable Housing Act is amended by changing Section 8 as follows:

(310 ILCS 65/8) (from Ch. 67 1/2, par. 1258)
Sec. 8. Uses of Trust Fund.

(a) Subject to annual appropriation to the Funding Agent and subject to the prior dedication, allocation, transfer and use of Trust Fund Moneys as provided in Sections 8(b), 8(c) and 9 of this Act, the Trust Fund may be used to make grants, mortgages, or other loans to acquire, construct, rehabilitate, develop, operate, insure, and retain affordable single-family and multi-family housing in this State for low-income and
very low-income households. The majority of monies appropriated to the Trust Fund in any given year are to be used for affordable housing for very low-income households. For the fiscal year beginning July 1, 2006 only, the Department of Human Services is authorized to receive appropriations and spend moneys from the Illinois Affordable Housing Trust Fund for the purpose of developing and coordinating public and private resources targeted to meet the affordable housing needs of low-income, very low-income, and special needs households in the State of Illinois.

(b) For each fiscal year commencing with fiscal year 1994, the Program Administrator shall certify from time to time to the Funding Agent, the Comptroller and the State Treasurer amounts, up to an aggregate in any fiscal year of $10,000,000, of Trust Fund Moneys expected to be used or pledged by the Program Administrator during the fiscal year for the purposes and uses specified in Sections 8(c) and 9 of this Act. Subject to annual appropriation, upon receipt of such certification, the Funding Agent and the Comptroller shall dedicate and the State Treasurer shall transfer not less often than monthly to the Program Administrator or its designated payee, without requisition or further request therefor, all amounts accumulated in the Trust Fund within the State Treasury and not already transferred to the Loan Commitment Account prior to the Funding Agent's receipt of such certification, until the Program Administrator has received the aggregate amount certified by the Program Administrator, to be used solely for the purposes and uses authorized and provided in Sections 8(c) and 9 of this Act. Neither the Comptroller nor the Treasurer shall transfer, dedicate or allocate any of the Trust Fund Moneys transferred or certified for transfer by the Program Administrator as provided above to any other fund, nor shall the Governor authorize any such transfer, dedication or allocation, nor shall any of the Trust Fund Moneys so dedicated, allocated or transferred be used, temporarily or otherwise, for interfund borrowing, or be otherwise used or appropriated, except as expressly authorized and provided in Sections 8(c) and 9 of this Act for the purposes and subject to the priorities, limitations and conditions provided for therein until such obligations, uses and dedications as therein provided, have been satisfied.

(c) Notwithstanding Section 5(b) of this Act, any Trust Fund Moneys transferred to the Program Administrator pursuant to Section 8(b) of this Act, or otherwise obtained, paid to or held by or for the Program Administrator, or pledged pursuant to resolution of the Program Administrator, for Affordable Housing Program Trust Fund Bonds or Notes under the Illinois Housing Development Act, and all proceeds, payments and receipts from investments or use of such moneys, including any residual or additional funds or moneys generated or obtained in connection with any of the foregoing, may be held, pledged, applied or dedicated by the Program Administrator as follows:

(1) as required by the terms of any pledge of or resolution of the Program Administrator authorized under Section 9 of this Act in connection with Affordable Housing Program Trust Fund Bonds or Notes issued pursuant to the Illinois Housing Development Act;

(2) to or for costs of issuance and administration and the payments of any principal, interest, premium or other amounts or expenses incurred or accrued in connection with Affordable Housing Program Trust Fund Bonds or Notes, including rate protection contracts and credit support arrangements pertaining thereto, and, provided such expenses, fees and charges are obligations, whether recourse or nonrecourse, and whether financed with or paid from the proceeds of Affordable Housing Program Trust Fund Bonds or Notes, of the developers, mortgagors or other users, the Program Administrator's expenses and servicing, administration and origination fees and charges in connection with any loans, mortgages, or developments funded or financed or expected to be funded or financed, in whole or in part, from the issuance of Affordable Housing Program Trust Fund Bonds or Notes;

(3) to or for costs of issuance and administration and the payments of principal, interest, premium, loan fees, and other amounts or other obligations of the Program Administrator, including rate protection contracts and credit support arrangements.
pertaining thereto, for loans, commercial paper or other notes or bonds issued by the Program Administrator pursuant to the Illinois Housing Development Act, provided that the proceeds of such loans, commercial paper or other notes or bonds are paid or expended in connection with, or refund or repay, loans, commercial paper or other notes or bonds issued or made in connection with bridge loans or loans for the construction, renovation, redevelopment, restructuring, reorganization of Affordable Housing and related expenses, including development costs, technical assistance, or other amounts to construct, preserve, improve, renovate, rehabilitate, refinance, or assist Affordable Housing, including financially troubled Affordable Housing, including financially troubled Affordable Housing, permanent or other financing for which has been funded or financed or is expected to be funded or financed in whole or in part by the Program Administrator through the issuance of or use of proceeds from Affordable Housing Program Trust Fund Bonds or Notes;

(4) to or for direct expenditures or reimbursement for development costs, technical assistance, or other amounts to construct, preserve, improve, renovate, rehabilitate, refinance, or assist Affordable Housing, including financially troubled Affordable Housing, permanent or other financing for which has been funded or financed or is expected to be funded or financed in whole or in part by the Program Administrator through the issuance of or use of proceeds from Affordable Housing Program Trust Fund Bonds or Notes; and

(5) for deposit into any residual, sinking, reserve or revolving fund or pool established by the Program Administrator, whether or not pledged to secure Affordable Housing Program Trust Fund Bonds or Notes, to support or be utilized for the issuance, redemption, or payment of the principal, interest, premium or other amounts payable on or with respect to any existing, additional or future Affordable Housing Program Trust

Fund Bonds or Notes, or to or for any other expenditure authorized by this Section 8(c).

(d) All or a portion of the Trust Fund Moneys on deposit or to be deposited in the Trust Fund not already certified for transfer or transferred to the Program Administrator pursuant to Section 8(b) of this Act may be used to secure the repayment of Affordable Housing Program Trust Fund Bonds or Notes, or otherwise to supplement or support Affordable Housing funded or financed or intended to be funded or financed, in whole or in part, by Affordable Housing Program Trust Fund Bonds or Notes.

(e) Assisted housing may include housing for special needs populations such as the homeless, single-parent families, the elderly, or the physically and mentally disabled. The Trust Fund shall be used to implement a demonstration congregate housing project for any such special needs population.

(f) Grants from the Trust Fund may include, but are not limited to, rental assistance and security deposit subsidies for low and very low-income households.

(g) The Trust Fund may be used to pay actual and reasonable costs for Commission members to attend Commission meetings, and any litigation costs and expenses, including legal fees, incurred by the Program Administrator in any litigation related to this Act or its action as Program Administrator.

(h) The Trust Fund may be used to make grants for (1) the provision of technical assistance, (2) outreach, and (3) building an organization's capacity to develop affordable housing projects.

(i) Amounts on deposit in the Trust Fund may be used to reimburse the Program Administrator and the Funding Agent for costs incurred in the performance of their duties under this Act, excluding costs and fees of the Program Administrator associated with the Program Escrow to the extent withheld pursuant to paragraph (8) of subsection (b) of Section 5.

Section 5-95. The Probation and Probation Officers Act is amended by changing Sections 15 and 15.1 as follows:

(730 ILCS 110/15) (from Ch. 38, par. 204-7)
(Text of Section before amendment by P.A. 94-696)

Sec. 15. (1) The Supreme Court of Illinois may establish a Division of Probation Services whose purpose shall be the development, establishment, promulgation, and enforcement of uniform standards for probation services in this State, and to otherwise carry out the intent of this Act. The Division may:

(a) establish qualifications for chief probation officers and other probation and court services personnel as to hiring, promotion, and training.

(b) make available, on a timely basis, lists of those applicants whose qualifications meet the regulations referred to herein, including on said lists all candidates found qualified.

(c) establish a means of verifying the conditions for reimbursement under this Act and develop criteria for approved costs for reimbursement.

(d) develop standards and approve employee compensation schedules for probation and court services departments.

(e) employ sufficient personnel in the Division to carry out the functions of the Division.

(f) establish a system of training and establish standards for personnel orientation and training.

(g) develop standards for a system of record keeping for cases and programs, gather statistics, establish a system of uniform forms, and develop research for planning of Probation Services.

(h) develop standards to assure adequate support personnel, office space, equipment and supplies, travel expenses, and other

New matter indicated by italics - deletions by strikeout
essential items necessary for Probation and Court Services Departments to carry out their duties.

(i) review and approve annual plans submitted by Probation and Court Services Departments.

(j) monitor and evaluate all programs operated by Probation and Court Services Departments, and may include in the program evaluation criteria such factors as the percentage of Probation sentences for felons convicted of Probationable offenses.

(k) seek the cooperation of local and State government and private agencies to improve the quality of probation and court services.

(l) where appropriate, establish programs and corresponding standards designed to generally improve the quality of probation and court services and reduce the rate of adult or juvenile offenders committed to the Department of Corrections.

(m) establish such other standards and regulations and do all acts necessary to carry out the intent and purposes of this Act.

The Division shall establish a model list of structured intermediate sanctions that may be imposed by a probation agency for violations of terms and conditions of a sentence of probation, conditional discharge, or supervision.

The State of Illinois shall provide for the costs of personnel, travel, equipment, telecommunications, postage, commodities, printing, space, contractual services and other related costs necessary to carry out the intent of this Act.

(2) (a) The chief judge of each circuit shall provide full-time probation services for all counties within the circuit, in a manner consistent with the annual probation plan, the standards, policies, and regulations established by the Supreme Court. A probation district of two or more counties within a circuit may be created for the purposes of providing full-time probation services. Every county or group of counties within a circuit shall maintain a probation department which shall be under the authority of the Chief Judge of the circuit or some other judge designated by the Chief Judge. The Chief Judge, through the Probation and

New matter indicated by italics - deletions by strikeout
Court Services Department shall submit annual plans to the Division for probation and related services.

(b) The Chief Judge of each circuit shall appoint the Chief Probation Officer and all other probation officers for his or her circuit from lists of qualified applicants supplied by the Supreme Court. Candidates for chief managing officer and other probation officer positions must apply with both the Chief Judge of the circuit and the Supreme Court.

(3) A Probation and Court Service Department shall apply to the Supreme Court for funds for basic services, and may apply for funds for new and expanded programs or Individualized Services and Programs. Costs shall be reimbursed monthly based on a plan and budget approved by the Supreme Court. No Department may be reimbursed for costs which exceed or are not provided for in the approved annual plan and budget. After the effective date of this amendatory Act of 1985, each county must provide basic services in accordance with the annual plan and standards created by the division. No department may receive funds for new or expanded programs or individualized services and programs unless they are in compliance with standards as enumerated in paragraph (h) of subsection (1) of this Section, the annual plan, and standards for basic services.

(4) The Division shall reimburse the county or counties for probation services as follows:

(a) 100% of the salary of all chief managing officers designated as such by the Chief Judge and the division.

(b) 100% of the salary for all probation officer and supervisor positions approved for reimbursement by the division after April 1, 1984, to meet workload standards and to implement intensive sanction and probation supervision programs and other basic services as defined in this Act.

(c) 100% of the salary for all secure detention personnel and non-secure group home personnel approved for reimbursement after December 1, 1990. For all such positions approved for reimbursement before December 1, 1990, the counties shall be
reimbursed $1,250 per month beginning July 1, 1995, and an additional $250 per month beginning each July 1st thereafter until the positions receive 100% salary reimbursement. Allocation of such positions will be based on comparative need considering capacity, staff/resident ratio, physical plant and program.

(d) $1,000 per month for salaries for the remaining probation officer positions engaged in basic services and new or expanded services. All such positions shall be approved by the division in accordance with this Act and division standards.

(e) 100% of the travel expenses in accordance with Division standards for all Probation positions approved under paragraph (b) of subsection 4 of this Section.

(f) If the amount of funds reimbursed to the county under paragraphs (a) through (e) of subsection 4 of this Section on an annual basis is less than the amount the county had received during the 12 month period immediately prior to the effective date of this amendatory Act of 1985, then the Division shall reimburse the amount of the difference to the county. The effect of paragraph (b) of subsection 7 of this Section shall be considered in implementing this supplemental reimbursement provision.

(5) The Division shall provide funds beginning on April 1, 1987 for the counties to provide Individualized Services and Programs as provided in Section 16 of this Act.

(6) A Probation and Court Services Department in order to be eligible for the reimbursement must submit to the Supreme Court an application containing such information and in such a form and by such dates as the Supreme Court may require. Departments to be eligible for funding must satisfy the following conditions:

(a) The Department shall have on file with the Supreme Court an annual Probation plan for continuing, improved, and new Probation and Court Services Programs approved by the Supreme Court or its designee. This plan shall indicate the manner in which Probation and Court Services will be delivered and improved, consistent with the minimum standards and regulations for
Probation and Court Services, as established by the Supreme Court. In counties with more than one Probation and Court Services Department eligible to receive funds, all Departments within that county must submit plans which are approved by the Supreme Court.

(b) The annual probation plan shall seek to generally improve the quality of probation services and to reduce the commitment of adult and juvenile offenders to the Department of Corrections and shall require, when appropriate, coordination with the Department of Corrections and the Department of Children and Family Services in the development and use of community resources, information systems, case review and permanency planning systems to avoid the duplication of services.

(c) The Department shall be in compliance with standards developed by the Supreme Court for basic, new and expanded services, training, personnel hiring and promotion.

(d) The Department shall in its annual plan indicate the manner in which it will support the rights of crime victims and in which manner it will implement Article I, Section 8.1 of the Illinois Constitution and in what manner it will coordinate crime victims' support services with other criminal justice agencies within its jurisdiction, including but not limited to, the State's Attorney, the Sheriff and any municipal police department.

(7) No statement shall be verified by the Supreme Court or its designee or vouchered by the Comptroller unless each of the following conditions have been met:

(a) The probation officer is a full-time employee appointed by the Chief Judge to provide probation services.

(b) The probation officer, in order to be eligible for State reimbursement, is receiving a salary of at least $17,000 per year.

(c) The probation officer is appointed or was reappointed in accordance with minimum qualifications or criteria established by the Supreme Court; however, all probation officers appointed prior to January 1, 1978, shall be exempted from the minimum
requirements established by the Supreme Court. Payments shall be made to counties employing these exempted probation officers as long as they are employed in the position held on the effective date of this amendatory Act of 1985. Promotions shall be governed by minimum qualifications established by the Supreme Court.

(d) The Department has an established compensation schedule approved by the Supreme Court. The compensation schedule shall include salary ranges with necessary increments to compensate each employee. The increments shall, within the salary ranges, be based on such factors as bona fide occupational qualifications, performance, and length of service. Each position in the Department shall be placed on the compensation schedule according to job duties and responsibilities of such position. The policy and procedures of the compensation schedule shall be made available to each employee.

(8) In order to obtain full reimbursement of all approved costs, each Department must continue to employ at least the same number of probation officers and probation managers as were authorized for employment for the fiscal year which includes January 1, 1985. This number shall be designated as the base amount of the Department. No positions approved by the Division under paragraph (b) of subsection 4 will be included in the base amount. In the event that the Department employs fewer Probation officers and Probation managers than the base amount for a period of 90 days, funding received by the Department under subsection 4 of this Section may be reduced on a monthly basis by the amount of the current salaries of any positions below the base amount.

(9) Before the 15th day of each month, the treasurer of any county which has a Probation and Court Services Department, or the treasurer of the most populous county, in the case of a Probation or Court Services Department funded by more than one county, shall submit an itemized statement of all approved costs incurred in the delivery of Basic Probation and Court Services under this Act to the Supreme Court. The treasurer may also submit an itemized statement of all approved costs incurred in the delivery of new and expanded Probation and Court Services as well as
Individualized Services and Programs. The Supreme Court or its designee shall verify compliance with this Section and shall examine and audit the monthly statement and, upon finding them to be correct, shall forward them to the Comptroller for payment to the county treasurer. In the case of payment to a treasurer of a county which is the most populous of counties sharing the salary and expenses of a Probation and Court Services Department, the treasurer shall divide the money between the counties in a manner that reflects each county's share of the cost incurred by the Department.

(10) The county treasurer must certify that funds received under this Section shall be used solely to maintain and improve Probation and Court Services. The county or circuit shall remain in compliance with all standards, policies and regulations established by the Supreme Court. If at any time the Supreme Court determines that a county or circuit is not in compliance, the Supreme Court shall immediately notify the Chief Judge, county board chairman and the Director of Court Services Chief Probation Officer. If after 90 days of written notice the noncompliance still exists, the Supreme Court shall be required to reduce the amount of monthly reimbursement by 10%. An additional 10% reduction of monthly reimbursement shall occur for each consecutive month of noncompliance. Except as provided in subsection 5 of Section 15, funding to counties shall commence on April 1, 1986. Funds received under this Act shall be used to provide for Probation Department expenses including those required under Section 13 of this Act. For State fiscal years 2004, 2005, and 2006, and 2007 only, the Mandatory Arbitration Fund may be used to provide for Probation Department expenses, including those required under Section 13 of this Act.

(11) The respective counties shall be responsible for capital and space costs, fringe benefits, clerical costs, equipment, telecommunications, postage, commodities and printing.

(12) For purposes of this Act only, probation officers shall be considered peace officers. In the exercise of their official duties, probation officers, sheriffs, and police officers may, anywhere within the State, arrest any probationer who is in violation of any of the conditions of his or her
probation, conditional discharge, or supervision, and it shall be the duty of
the officer making the arrest to take the probationer before the Court
having jurisdiction over the probationer for further order.

(Text of Section after amendment by P.A. 94-696)
Sec. 15. (1) The Supreme Court of Illinois may establish a Division
of Probation Services whose purpose shall be the development,
establishment, promulgation, and enforcement of uniform standards for
probation services in this State, and to otherwise carry out the intent of this
Act. The Division may:

(a) establish qualifications for chief probation officers and
other probation and court services personnel as to hiring,
promotion, and training.

(b) make available, on a timely basis, lists of those
applicants whose qualifications meet the regulations referred to
herein, including on said lists all candidates found qualified.

(c) establish a means of verifying the conditions for
reimbursement under this Act and develop criteria for approved
costs for reimbursement.

(d) develop standards and approve employee compensation
schedules for probation and court services departments.

(e) employ sufficient personnel in the Division to carry out
the functions of the Division.

(f) establish a system of training and establish standards for
personnel orientation and training.

(g) develop standards for a system of record keeping for
cases and programs, gather statistics, establish a system of uniform
forms, and develop research for planning of Probation Services.

(h) develop standards to assure adequate support personnel,
office space, equipment and supplies, travel expenses, and other
essential items necessary for Probation and Court Services
Departments to carry out their duties.

(i) review and approve annual plans submitted by Probation and Court Services Departments.

(j) monitor and evaluate all programs operated by Probation and Court Services Departments, and may include in the program evaluation criteria such factors as the percentage of Probation sentences for felons convicted of Probationable offenses.

(k) seek the cooperation of local and State government and private agencies to improve the quality of probation and court services.

(l) where appropriate, establish programs and corresponding standards designed to generally improve the quality of probation and court services and reduce the rate of adult or juvenile offenders committed to the Department of Corrections.

(m) establish such other standards and regulations and do all acts necessary to carry out the intent and purposes of this Act.

The Division shall establish a model list of structured intermediate sanctions that may be imposed by a probation agency for violations of terms and conditions of a sentence of probation, conditional discharge, or supervision.

The State of Illinois shall provide for the costs of personnel, travel, equipment, telecommunications, postage, commodities, printing, space, contractual services and other related costs necessary to carry out the intent of this Act.

(2) (a) The chief judge of each circuit shall provide full-time probation services for all counties within the circuit, in a manner consistent with the annual probation plan, the standards, policies, and regulations established by the Supreme Court. A probation district of two or more counties within a circuit may be created for the purposes of providing full-time probation services. Every county or group of counties within a circuit shall maintain a probation department which shall be under the authority of the Chief Judge of the circuit or some other judge designated by the Chief Judge. The Chief Judge, through the Probation and Court Services Department shall submit annual plans to the Division for probation and related services.

New matter indicated by italics - deletions by strikeout
(b) The Chief Judge of each circuit shall appoint the Chief Probation Officer and all other probation officers for his or her circuit from lists of qualified applicants supplied by the Supreme Court. Candidates for chief managing officer and other probation officer positions must apply with both the Chief Judge of the circuit and the Supreme Court.

(3) A Probation and Court Service Department shall apply to the Supreme Court for funds for basic services, and may apply for funds for new and expanded programs or Individualized Services and Programs. Costs shall be reimbursed monthly based on a plan and budget approved by the Supreme Court. No Department may be reimbursed for costs which exceed or are not provided for in the approved annual plan and budget. After the effective date of this amendatory Act of 1985, each county must provide basic services in accordance with the annual plan and standards created by the division. No department may receive funds for new or expanded programs or individualized services and programs unless they are in compliance with standards as enumerated in paragraph (h) of subsection (1) of this Section, the annual plan, and standards for basic services.

(4) The Division shall reimburse the county or counties for probation services as follows:

   (a) 100% of the salary of all chief managing officers designated as such by the Chief Judge and the division.

   (b) 100% of the salary for all probation officer and supervisor positions approved for reimbursement by the division after April 1, 1984, to meet workload standards and to implement intensive sanction and probation supervision programs and other basic services as defined in this Act.

   (c) 100% of the salary for all secure detention personnel and non-secure group home personnel approved for reimbursement after December 1, 1990. For all such positions approved for reimbursement before December 1, 1990, the counties shall be reimbursed $1,250 per month beginning July 1, 1995, and an additional $250 per month beginning each July 1st thereafter until

   New matter indicated by italics - deletions by strikeout
the positions receive 100% salary reimbursement. Allocation of such positions will be based on comparative need considering capacity, staff/resident ratio, physical plant and program.

(d) $1,000 per month for salaries for the remaining probation officer positions engaged in basic services and new or expanded services. All such positions shall be approved by the division in accordance with this Act and division standards.

(e) 100% of the travel expenses in accordance with Division standards for all Probation positions approved under paragraph (b) of subsection 4 of this Section.

(f) If the amount of funds reimbursed to the county under paragraphs (a) through (e) of subsection 4 of this Section on an annual basis is less than the amount the county had received during the 12 month period immediately prior to the effective date of this amendatory Act of 1985, then the Division shall reimburse the amount of the difference to the county. The effect of paragraph (b) of subsection 7 of this Section shall be considered in implementing this supplemental reimbursement provision.

(5) The Division shall provide funds beginning on April 1, 1987 for the counties to provide Individualized Services and Programs as provided in Section 16 of this Act.

(6) A Probation and Court Services Department in order to be eligible for the reimbursement must submit to the Supreme Court an application containing such information and in such a form and by such dates as the Supreme Court may require. Departments to be eligible for funding must satisfy the following conditions:

(a) The Department shall have on file with the Supreme Court an annual Probation plan for continuing, improved, and new Probation and Court Services Programs approved by the Supreme Court or its designee. This plan shall indicate the manner in which Probation and Court Services will be delivered and improved, consistent with the minimum standards and regulations for Probation and Court Services, as established by the Supreme Court. In counties with more than one Probation and Court
Services Department eligible to receive funds, all Departments within that county must submit plans which are approved by the Supreme Court.

(b) The annual probation plan shall seek to generally improve the quality of probation services and to reduce the commitment of adult offenders to the Department of Corrections and to reduce the commitment of juvenile offenders to the Department of Juvenile Justice and shall require, when appropriate, coordination with the Department of Corrections, the Department of Juvenile Justice, and the Department of Children and Family Services in the development and use of community resources, information systems, case review and permanency planning systems to avoid the duplication of services.

(c) The Department shall be in compliance with standards developed by the Supreme Court for basic, new and expanded services, training, personnel hiring and promotion.

(d) The Department shall in its annual plan indicate the manner in which it will support the rights of crime victims and in which manner it will implement Article I, Section 8.1 of the Illinois Constitution and in what manner it will coordinate crime victims' support services with other criminal justice agencies within its jurisdiction, including but not limited to, the State's Attorney, the Sheriff and any municipal police department.

(7) No statement shall be verified by the Supreme Court or its designee or vouchered by the Comptroller unless each of the following conditions have been met:

(a) The probation officer is a full-time employee appointed by the Chief Judge to provide probation services.

(b) The probation officer, in order to be eligible for State reimbursement, is receiving a salary of at least $17,000 per year.

(c) The probation officer is appointed or was reappointed in accordance with minimum qualifications or criteria established by the Supreme Court; however, all probation officers appointed prior to January 1, 1978, shall be exempted from the minimum
requirements established by the Supreme Court. Payments shall be made to counties employing these exempted probation officers as long as they are employed in the position held on the effective date of this amendatory Act of 1985. Promotions shall be governed by minimum qualifications established by the Supreme Court.

(d) The Department has an established compensation schedule approved by the Supreme Court. The compensation schedule shall include salary ranges with necessary increments to compensate each employee. The increments shall, within the salary ranges, be based on such factors as bona fide occupational qualifications, performance, and length of service. Each position in the Department shall be placed on the compensation schedule according to job duties and responsibilities of such position. The policy and procedures of the compensation schedule shall be made available to each employee.

(8) In order to obtain full reimbursement of all approved costs, each Department must continue to employ at least the same number of probation officers and probation managers as were authorized for employment for the fiscal year which includes January 1, 1985. This number shall be designated as the base amount of the Department. No positions approved by the Division under paragraph (b) of subsection 4 will be included in the base amount. In the event that the Department employs fewer Probation officers and Probation managers than the base amount for a period of 90 days, funding received by the Department under subsection 4 of this Section may be reduced on a monthly basis by the amount of the current salaries of any positions below the base amount.

(9) Before the 15th day of each month, the treasurer of any county which has a Probation and Court Services Department, or the treasurer of the most populous county, in the case of a Probation or Court Services Department funded by more than one county, shall submit an itemized statement of all approved costs incurred in the delivery of Basic Probation and Court Services under this Act to the Supreme Court. The treasurer may also submit an itemized statement of all approved costs incurred in the delivery of new and expanded Probation and Court Services as well as

Individualized Services and Programs. The Supreme Court or its designee shall verify compliance with this Section and shall examine and audit the monthly statement and, upon finding them to be correct, shall forward them to the Comptroller for payment to the county treasurer. In the case of payment to a treasurer of a county which is the most populous of counties sharing the salary and expenses of a Probation and Court Services Department, the treasurer shall divide the money between the counties in a manner that reflects each county's share of the cost incurred by the Department.

(10) The county treasurer must certify that funds received under this Section shall be used solely to maintain and improve Probation and Court Services. The county or circuit shall remain in compliance with all standards, policies and regulations established by the Supreme Court. If at any time the Supreme Court determines that a county or circuit is not in compliance, the Supreme Court shall immediately notify the Chief Judge, county board chairman and the Director of Court Services Chief Probation Officer. If after 90 days of written notice the noncompliance still exists, the Supreme Court shall be required to reduce the amount of monthly reimbursement by 10%. An additional 10% reduction of monthly reimbursement shall occur for each consecutive month of noncompliance. Except as provided in subsection 5 of Section 15, funding to counties shall commence on April 1, 1986. Funds received under this Act shall be used to provide for Probation Department expenses including those required under Section 13 of this Act. For State fiscal years 2004, 2005, and 2006, and 2007 only, the Mandatory Arbitration Fund may be used to provide for Probation Department expenses, including those required under Section 13 of this Act.

(11) The respective counties shall be responsible for capital and space costs, fringe benefits, clerical costs, equipment, telecommunications, postage, commodities and printing.

(12) For purposes of this Act only, probation officers shall be considered peace officers. In the exercise of their official duties, probation officers, sheriffs, and police officers may, anywhere within the State, arrest any probationer who is in violation of any of the conditions of his or her

Sec. 15.1. Probation and Court Services Fund.
(a) The county treasurer in each county shall establish a probation
and court services fund consisting of fees collected pursuant to subsection
(i) of Section 5-6-3 and subsection (i) of Section 5-6-3.1 of the Unified
Code of Corrections, subsection (10) of Section 5-615 and subsection (5)
of Section 5-715 of the Juvenile Court Act of 1987, and paragraph 14.3 of
subsection (b) of Section 110-10 of the Code of Criminal Procedure of
1963. The county treasurer shall disburse monies from the fund only at the
direction of the chief judge of the circuit court in such circuit where the
county is located. The county treasurer of each county shall, on or before
January 10 of each year, submit an annual report to the Supreme Court.
(b) Monies in the probation and court services fund shall be
appropriated by the county board to be used within the county or
jurisdiction where collected in accordance with policies and guidelines
approved by the Supreme Court for the costs of operating the probation
and court services department or departments; however, except as
provided in subparagraph (g), monies in the probation and court services
fund shall not be used for the payment of salaries of probation and court
services personnel.
(c) Monies expended from the probation and court services fund
shall be used to supplement, not supplant, county appropriations for
probation and court services.
(d) Interest earned on monies deposited in a probation and court
services fund may be used by the county for its ordinary and contingent
expenditures.
(e) The county board may appropriate moneys from the probation
and court services fund, upon the direction of the chief judge, to support
programs that are part of the continuum of juvenile delinquency

intervention programs which are or may be developed within the county. The grants from the probation and court services fund shall be for no more than one year and may be used for any expenses attributable to the program including administration and oversight of the program by the probation department.

(f) The county board may appropriate moneys from the probation and court services fund, upon the direction of the chief judge, to support practices endorsed or required under the Sex Offender Management Board Act, including but not limited to sex offender evaluation, treatment, and monitoring programs that are or may be developed within the county.

(g) For the State Fiscal Years 2005, and 2006, and 2007 only, the Administrative Office of the Illinois Courts may permit a county or circuit to use its probation and court services fund for the payment of salaries of probation officers and other court services personnel whose salaries are reimbursed under this Act if the State's FY2005, or FY2006, or FY2007 appropriation to the Supreme Court for reimbursement to counties for probation salaries and services is less than the amount appropriated to the Supreme Court for these purposes for State Fiscal Year 2004. The Administrative Office of the Illinois Courts shall take into account each county's or circuit's probation fee collections and expenditures when apportioning the total reimbursement for each county or circuit.

Section 5-100. The Code of Civil Procedure is amended by changing Section 2-1009A as follows:

(735 ILCS 5/2-1009A) (from Ch. 110, par. 2-1009A)

Sec. 2-1009A. Filing Fees. In each county authorized by the Supreme Court to utilize mandatory arbitration, the clerk of the circuit court shall charge and collect, in addition to any other fees, an arbitration fee of $8, except in counties with 3,000,000 or more inhabitants the fee shall be $10, at the time of filing the first pleading, paper or other appearance filed by each party in all civil cases, but no additional fee shall be required if more than one party is represented in a single pleading, paper or other appearance. Arbitration fees received by the clerk of the
circuit court pursuant to this Section shall be remitted within one month after receipt to the State Treasurer for deposit into the Mandatory Arbitration Fund, a special fund in the State treasury for the purpose of funding mandatory arbitration programs and such other alternative dispute resolution programs as may be authorized by circuit court rule for operation in counties that have implemented mandatory arbitration, with a separate account being maintained for each county. Notwithstanding any other provision of this Section to the contrary, and for State fiscal years 2004, 2005, and 2006, and 2007 only, the Mandatory Arbitration Fund may be used for any other purpose authorized by the Supreme Court.

Section 5-110. The Workers' Compensation Act is amended by changing Section 4 as follows:

(820 ILCS 305/4) (from Ch. 48, par. 138.4)

Sec. 4. (a) Any employer, including but not limited to general contractors and their subcontractors, who shall come within the provisions of Section 3 of this Act, and any other employer who shall elect to provide and pay the compensation provided for in this Act shall:

(1) File with the Commission annually an application for approval as a self-insurer which shall include a current financial statement, and annually, thereafter, an application for renewal of self-insurance, which shall include a current financial statement. Said application and financial statement shall be signed and sworn to by the president or vice president and secretary or assistant secretary of the employer if it be a corporation, or by all of the partners, if it be a copartnership, or by the owner if it be neither a copartnership nor a corporation. All initial applications and all applications for renewal of self-insurance must be submitted at least 60 days prior to the requested effective date of self-insurance. An employer may elect to provide and pay compensation as provided for in this Act as a member of a group workers' compensation pool under Article V 3/4 of the Illinois Insurance Code. If an employer becomes a member of a group workers' compensation pool, it shall file an application for approval as a group worker's compensation pool with the Commission annually or at such other frequency as the Commission may require. All initial applications and all applications for renewal of membership as a group worker's compensation pool must be submitted at least 60 days prior to the requested effective date of membership as a group worker's compensation pool.

compensation pool, the employer shall not be relieved of any obligations imposed by this Act.

If the sworn application and financial statement of any such employer does not satisfy the Commission of the financial ability of the employer who has filed it, the Commission shall require such employer to,

(2) Furnish security, indemnity or a bond guaranteeing the payment by the employer of the compensation provided for in this Act, provided that any such employer whose application and financial statement shall not have satisfied the commission of his or her financial ability and who shall have secured his liability in part by excess liability insurance shall be required to furnish to the Commission security, indemnity or bond guaranteeing his or her payment up to the effective limits of the excess coverage, or

(3) Insure his entire liability to pay such compensation in some insurance carrier authorized, licensed, or permitted to do such insurance business in this State. Every policy of an insurance carrier, insuring the payment of compensation under this Act shall cover all the employees and the entire compensation liability of the insured: Provided, however, that any employer may insure his or her compensation liability with 2 or more insurance carriers or may insure a part and qualify under subsection 1, 2, or 4 for the remainder of his or her liability to pay such compensation, subject to the following two provisions:

Firstly, the entire compensation liability of the employer to employees working at or from one location shall be insured in one such insurance carrier or shall be self-insured, and

Secondly, the employer shall submit evidence satisfactorily to the Commission that his or her entire liability for the compensation provided for in this Act will be secured. Any provisions in any policy, or in any endorsement attached thereto, attempting to limit or modify in any way, the liability of the insurance carriers issuing the

same except as otherwise provided herein shall be wholly void.

Nothing herein contained shall apply to policies of excess liability carriage secured by employers who have been approved by the Commission as self-insurers, or

(4) Make some other provision, satisfactory to the Commission, for the securing of the payment of compensation provided for in this Act, and

(5) Upon becoming subject to this Act and thereafter as often as the Commission may in writing demand, file with the Commission in form prescribed by it evidence of his or her compliance with the provision of this Section.

(a-1) Regardless of its state of domicile or its principal place of business, an employer shall make payments to its insurance carrier or group self-insurance fund, where applicable, based upon the premium rates of the situs where the work or project is located in Illinois if:

(A) the employer is engaged primarily in the building and construction industry; and

(B) subdivision (a)(3) of this Section applies to the employer or the employer is a member of a group self-insurance plan as defined in subsection (1) of Section 4a.

The Illinois Workers' Compensation Commission shall impose a penalty upon an employer for violation of this subsection (a-1) if:

(i) the employer is given an opportunity at a hearing to present evidence of its compliance with this subsection (a-1); and

(ii) after the hearing, the Commission finds that the employer failed to make payments upon the premium rates of the situs where the work or project is located in Illinois.

The penalty shall not exceed $1,000 for each day of work for which the employer failed to make payments upon the premium rates of the situs where the work or project is located in Illinois, but the total penalty shall not exceed $50,000 for each project or each contract under which the work was performed.
Any penalty under this subsection (a-1) must be imposed not later than one year after the expiration of the applicable limitation period specified in subsection (d) of Section 6 of this Act. Penalties imposed under this subsection (a-1) shall be deposited into the Illinois Workers' Compensation Commission Operations Fund, a special fund that is created in the State treasury. Subject to appropriation, moneys in the Fund shall be used solely for the operations of the Illinois Workers' Compensation Commission and by the Department of Financial and Professional Regulation for the purposes authorized in subsection (c) of Section 25.5 of this Act.

(b) The sworn application and financial statement, or security, indemnity or bond, or amount of insurance, or other provisions, filed, furnished, carried, or made by the employer, as the case may be, shall be subject to the approval of the Commission.

Deposits under escrow agreements shall be cash, negotiable United States government bonds or negotiable general obligation bonds of the State of Illinois. Such cash or bonds shall be deposited in escrow with any State or National Bank or Trust Company having trust authority in the State of Illinois.

Upon the approval of the sworn application and financial statement, security, indemnity or bond or amount of insurance, filed, furnished or carried, as the case may be, the Commission shall send to the employer written notice of its approval thereof. The certificate of compliance by the employer with the provisions of subparagraphs (2) and (3) of paragraph (a) of this Section shall be delivered by the insurance carrier to the Illinois Workers' Compensation Commission within five days after the effective date of the policy so certified. The insurance so certified shall cover all compensation liability occurring during the time that the insurance is in effect and no further certificate need be filed in case such insurance is renewed, extended or otherwise continued by such carrier. The insurance so certified shall not be cancelled or in the event that such insurance is not renewed, extended or otherwise continued, such insurance shall not be terminated until at least 10 days after receipt by the Illinois Workers' Compensation Commission of notice of the cancellation.

or termination of said insurance; provided, however, that if the employer has secured insurance from another insurance carrier, or has otherwise secured the payment of compensation in accordance with this Section, and such insurance or other security becomes effective prior to the expiration of the 10 days, cancellation or termination may, at the option of the insurance carrier indicated in such notice, be effective as of the effective date of such other insurance or security.

(c) Whenever the Commission shall find that any corporation, company, association, aggregation of individuals, reciprocal or interinsurers exchange, or other insurer effecting workers' compensation insurance in this State shall be insolvent, financially unsound, or unable to fully meet all payments and liabilities assumed or to be assumed for compensation insurance in this State, or shall practice a policy of delay or unfairness toward employees in the adjustment, settlement, or payment of benefits due such employees, the Commission may after reasonable notice and hearing order and direct that such corporation, company, association, aggregation of individuals, reciprocal or interinsurers exchange, or insurer, shall from and after a date fixed in such order discontinue the writing of any such workers' compensation insurance in this State. Subject to such modification of the order as the Commission may later make on review of the order, as herein provided, it shall thereupon be unlawful for any such corporation, company, association, aggregation of individuals, reciprocal or interinsurers exchange, or insurer to effect any workers' compensation insurance in this State. A copy of the order shall be served upon the Director of Insurance by registered mail. Whenever the Commission finds that any service or adjustment company used or employed by a self-insured employer or by an insurance carrier to process, adjust, investigate, compromise or otherwise handle claims under this Act, has practiced or is practicing a policy of delay or unfairness toward employees in the adjustment, settlement or payment of benefits due such employees, the Commission may after reasonable notice and hearing order and direct that such service or adjustment company shall from and after a date fixed in such order be prohibited from processing, adjusting, investigating, compromising or otherwise handling claims under this Act.

Whenever the Commission finds that any self-insured employer has practiced or is practicing delay or unfairness toward employees in the adjustment, settlement or payment of benefits due such employees, the Commission may, after reasonable notice and hearing, order and direct that after a date fixed in the order such self-insured employer shall be disqualified to operate as a self-insurer and shall be required to insure his entire liability to pay compensation in some insurance carrier authorized, licensed and permitted to do such insurance business in this State, as provided in subparagraph 3 of paragraph (a) of this Section.

All orders made by the Commission under this Section shall be subject to review by the courts, said review to be taken in the same manner and within the same time as provided by Section 19 of this Act for review of awards and decisions of the Commission, upon the party seeking the review filing with the clerk of the court to which said review is taken a bond in an amount to be fixed and approved by the court to which the review is taken, conditioned upon the payment of all compensation awarded against the person taking said review pending a decision thereof and further conditioned upon such other obligations as the court may impose. Upon the review the Circuit Court shall have power to review all questions of fact as well as of law. The penalty hereinafter provided for in this paragraph shall not attach and shall not begin to run until the final determination of the order of the Commission.

(d) Whenever a panel of 3 Commissioners comprised of one member of the employing class, one member of the employee class, and one member not identified with either the employing or employee class, with due process and after a hearing, determines an employer has knowingly failed to provide coverage as required by paragraph (a) of this Section, the failure shall be deemed an immediate serious danger to public health, safety, and welfare sufficient to justify service by the Commission of a work-stop order on such employer, requiring the cessation of all business operations of such employer at the place of employment or job site. Any law enforcement agency in the State shall, at the request of the Commission, render any assistance necessary to carry out the provisions of this Section, including, but not limited to, preventing any employee of

such employer from remaining at a place of employment or job site after a work-stop order has taken effect. Any work-stop order shall be lifted upon proof of insurance as required by this Act. Any orders under this Section are appealable under Section 19(f) to the Circuit Court.

Any individual employer, corporate officer or director of a corporate employer, partner of an employer partnership, or member of an employer limited liability company who knowingly fails to provide coverage as required by paragraph (a) of this Section is guilty of a Class 4 felony. This provision shall not apply to any corporate officer or director of any publicly-owned corporation. Each day's violation constitutes a separate offense. The State's Attorney of the county in which the violation occurred, or the Attorney General, shall bring such actions in the name of the People of the State of Illinois, or may, in addition to other remedies provided in this Section, bring an action for an injunction to restrain the violation or to enjoin the operation of any such employer.

Any individual employer, corporate officer or director of a corporate employer, partner of an employer partnership, or member of an employer limited liability company who negligently fails to provide coverage as required by paragraph (a) of this Section is guilty of a Class A misdemeanor. This provision shall not apply to any corporate officer or director of any publicly-owned corporation. Each day's violation constitutes a separate offense. The State's Attorney of the county in which the violation occurred, or the Attorney General, shall bring such actions in the name of the People of the State of Illinois.

The criminal penalties in this subsection (d) shall not apply where there exists a good faith dispute as to the existence of an employment relationship. Evidence of good faith shall include, but not be limited to, compliance with the definition of employee as used by the Internal Revenue Service.

Employers who are subject to and who knowingly fail to comply with this Section shall not be entitled to the benefits of this Act during the period of noncompliance, but shall be liable in an action under any other applicable law of this State. In the action, such employer shall not avail himself or herself of the defenses of assumption of risk or negligence or

that the injury was due to a co-employee. In the action, proof of the injury
shall constitute prima facie evidence of negligence on the part of such
employer and the burden shall be on such employer to show freedom of
negligence resulting in the injury. The employer shall not join any other
defendant in any such civil action. Nothing in this amendatory Act of the
94th General Assembly shall affect the employee's rights under
subdivision (a)3 of Section 1 of this Act. Any employer or carrier who
makes payments under subdivision (a)3 of Section 1 of this Act shall have
a right of reimbursement from the proceeds of any recovery under this
Section.

An employee of an uninsured employer, or the employee's
dependents in case death ensued, may, instead of proceeding against the
employer in a civil action in court, file an application for adjustment of
claim with the Commission in accordance with the provisions of this Act
and the Commission shall hear and determine the application for
adjustment of claim in the manner in which other claims are heard and
determined before the Commission.

All proceedings under this subsection (d) shall be reported on an
annual basis to the Workers' Compensation Advisory Board.

Upon a finding by the Commission, after reasonable notice and
hearing, of the knowing and wilful failure or refusal of an employer to
comply with any of the provisions of paragraph (a) of this Section or the
failure or refusal of an employer, service or adjustment company, or an
insurance carrier to comply with any order of the Illinois Workers'
Compensation Commission pursuant to paragraph (c) of this Section
disqualifying him or her to operate as a self insurer and requiring him or
her to insure his or her liability, the Commission may assess a civil penalty
of up to $500 per day for each day of such failure or refusal after the
effective date of this amendatory Act of 1989. The minimum penalty under
this Section shall be the sum of $10,000. Each day of such failure or
refusal shall constitute a separate offense. The Commission may assess the
civil penalty personally and individually against the corporate officers and
directors of a corporate employer, the partners of an employer partnership,
and the members of an employer limited liability company, after a finding

New matter indicated by italics - deletions by strikeout
of a knowing and willful refusal or failure of each such named corporate officer, director, partner, or member to comply with this Section. The liability for the assessed penalty shall be against the named employer first, and if the named employer fails or refuses to pay the penalty to the Commission within 30 days after the final order of the Commission, then the named corporate officers, directors, partners, or members who have been found to have knowingly and willfully refused or failed to comply with this Section shall be liable for the unpaid penalty or any unpaid portion of the penalty. Upon investigation by the insurance non-compliance unit of the Commission, the Attorney General shall have the authority to prosecute all proceedings to enforce the civil and administrative provisions of this Section before the Commission. The Commission shall promulgate procedural rules for enforcing this Section.

Upon the failure or refusal of any employer, service or adjustment company or insurance carrier to comply with the provisions of this Section and with the orders of the Commission under this Section, or the order of the court on review after final adjudication, the Commission may bring a civil action to recover the amount of the penalty in Cook County or in Sangamon County in which litigation the Commission shall be represented by the Attorney General. The Commission shall send notice of its finding of non-compliance and assessment of the civil penalty to the Attorney General. It shall be the duty of the Attorney General within 30 days after receipt of the notice, to institute prosecutions and promptly prosecute all reported violations of this Section.

Any individual employer, corporate officer or director of a corporate employer, partner of an employer partnership, or member of an employer limited liability company who, with the intent to avoid payment of compensation under this Act to an injured employee or the employee's dependents, knowingly transfers, sells, encumbers, assigns, or in any manner disposes of, conceals, secretes, or destroys any property belonging to the employer, officer, director, partner, or member is guilty of a Class 4 felony.

Penalties and fines collected pursuant to this paragraph (d) shall be deposited upon receipt into a special fund which shall be designated the
Injured Workers' Benefit Fund, of which the State Treasurer is ex-officio custodian, such special fund to be held and disbursed in accordance with this paragraph (d) for the purposes hereinafter stated in this paragraph (d), upon the final order of the Commission. The Injured Workers' Benefit Fund shall be deposited the same as are State funds and any interest accruing thereon shall be added thereto every 6 months. The Injured Workers' Benefit Fund is subject to audit the same as State funds and accounts and is protected by the general bond given by the State Treasurer. The Injured Workers' Benefit Fund is considered always appropriated for the purposes of disbursements as provided in this paragraph, and shall be paid out and disbursed as herein provided and shall not at any time be appropriated or diverted to any other use or purpose. Moneys in the Injured Workers' Benefit Fund shall be used only for payment of workers' compensation benefits for injured employees when the employer has failed to provide coverage as determined under this paragraph (d) and has failed to pay the benefits due to the injured employee. The Commission shall have the right to obtain reimbursement from the employer for compensation obligations paid by the Injured Workers' Benefit Fund. Any such amounts obtained shall be deposited by the Commission into the Injured Workers' Benefit Fund. If an injured employee or his or her personal representative receives payment from the Injured Workers' Benefit Fund, the State of Illinois has the same rights under paragraph (b) of Section 5 that the employer who failed to pay the benefits due to the injured employee would have had if the employer had paid those benefits, and any moneys recovered by the State as a result of the State's exercise of its rights under paragraph (b) of Section 5 shall be deposited into the Injured Workers' Benefit Fund. The custodian of the Injured Workers' Benefit Fund shall be joined with the employer as a party respondent in the application for adjustment of claim. After July 1, 2006, the Commission shall make disbursements from the Fund once each year to each eligible claimant. An eligible claimant is an injured worker who has within the previous fiscal year obtained a final award for benefits from the Commission against the employer and the Injured Workers' Benefit Fund and has notified the Commission within 90 days of receipt of such award.
Within a reasonable time after the end of each fiscal year, the Commission shall make a disbursement to each eligible claimant. At the time of disbursement, if there are insufficient moneys in the Fund to pay all claims, each eligible claimant shall receive a pro-rata share, as determined by the Commission, of the available moneys in the Fund for that year. Payment from the Injured Workers' Benefit Fund to an eligible claimant pursuant to this provision shall discharge the obligations of the Injured Workers' Benefit Fund regarding the award entered by the Commission.

(e) This Act shall not affect or disturb the continuance of any existing insurance, mutual aid, benefit, or relief association or department, whether maintained in whole or in part by the employer or whether maintained by the employees, the payment of benefits of such association or department being guaranteed by the employer or by some person, firm or corporation for him or her: Provided, the employer contributes to such association or department an amount not less than the full compensation herein provided, exclusive of the cost of the maintenance of such association or department and without any expense to the employee. This Act shall not prevent the organization and maintaining under the insurance laws of this State of any benefit or insurance company for the purpose of insuring against the compensation provided for in this Act, the expense of which is maintained by the employer. This Act shall not prevent the organization or maintaining under the insurance laws of this State of any voluntary mutual aid, benefit or relief association among employees for the payment of additional accident or sick benefits.

(f) No existing insurance, mutual aid, benefit or relief association or department shall, by reason of anything herein contained, be authorized to discontinue its operation without first discharging its obligations to any and all persons carrying insurance in the same or entitled to relief or benefits therein.

(g) Any contract, oral, written or implied, of employment providing for relief benefit, or insurance or any other device whereby the employee is required to pay any premium or premiums for insurance against the compensation provided for in this Act shall be null and void. Any employer withholding from the wages of any employee any amount for the

purpose of paying any such premium shall be guilty of a Class B misdemeanor.

In the event the employer does not pay the compensation for which he or she is liable, then an insurance company, association or insurer which may have insured such employer against such liability shall become primarily liable to pay to the employee, his or her personal representative or beneficiary the compensation required by the provisions of this Act to be paid by such employer. The insurance carrier may be made a party to the proceedings in which the employer is a party and an award may be entered jointly against the employer and the insurance carrier.

(h) It shall be unlawful for any employer, insurance company or service or adjustment company to interfere with, restrain or coerce an employee in any manner whatsoever in the exercise of the rights or remedies granted to him or her by this Act or to discriminate, attempt to discriminate, or threaten to discriminate against an employee in any way because of his or her exercise of the rights or remedies granted to him or her by this Act.

It shall be unlawful for any employer, individually or through any insurance company or service or adjustment company, to discharge or to threaten to discharge, or to refuse to rehire or recall to active service in a suitable capacity an employee because of the exercise of his or her rights or remedies granted to him or her by this Act.

(i) If an employer elects to obtain a life insurance policy on his employees, he may also elect to apply such benefits in satisfaction of all or a portion of the death benefits payable under this Act, in which case, the employer's compensation premium shall be reduced accordingly.

(j) Within 45 days of receipt of an initial application or application to renew self-insurance privileges the Self-Insurers Advisory Board shall review and submit for approval by the Chairman of the Commission recommendations of disposition of all initial applications to self-insure and all applications to renew self-insurance privileges filed by private self-insurers pursuant to the provisions of this Section and Section 4a-9 of this Act. Each private self-insurer shall submit with its initial and renewal applications the application fee required by Section 4a-4 of this Act.

New matter indicated by italics - deletions by strikeout
The Chairman of the Commission shall promptly act upon all initial applications and applications for renewal in full accordance with the recommendations of the Board or, should the Chairman disagree with any recommendation of disposition of the Self-Insurer's Advisory Board, he shall within 30 days of receipt of such recommendation provide to the Board in writing the reasons supporting his decision. The Chairman shall also promptly notify the employer of his decision within 15 days of receipt of the recommendation of the Board.

If an employer is denied a renewal of self-insurance privileges pursuant to application it shall retain said privilege for 120 days after receipt of a notice of cancellation of the privilege from the Chairman of the Commission.

All orders made by the Chairman under this Section shall be subject to review by the courts, such review to be taken in the same manner and within the same time as provided by subsection (f) of Section 19 of this Act for review of awards and decisions of the Commission, upon the party seeking the review filing with the clerk of the court to which such review is taken a bond in an amount to be fixed and approved by the court to which the review is taken, conditioned upon the payment of all compensation awarded against the person taking such review pending a decision thereof and further conditioned upon such other obligations as the court may impose. Upon the review the Circuit Court shall have power to review all questions of fact as well as of law.

Sec. 7b. Maintenance and operation of State Police vehicles. All proceeds received by the Department of Central Management Services under this Act from the sale of vehicles operated by the Department of State Police, except for a $500 handling fee to be retained by the Department of Central Management Services for each vehicle sold, shall be deposited into the State Police Vehicle Maintenance Fund. However, in lieu of the $500 handling fee as provided by this paragraph, the Department of Central Management Services shall retain all proceeds from the sale of any vehicle for which $500 or a lesser amount is collected.

The State Police Vehicle Maintenance Fund is created as a special fund in the State treasury. All moneys in the State Police Vehicle Maintenance Fund, subject to appropriation, shall be used by the Department of State Police for the maintenance and operation of vehicles for that Department.

Sec. 7c. Acquisition of State Police vehicles. The State Police Vehicle Fund is created as a special fund in the State treasury. The Fund shall consist of fees received pursuant to Section 16-104c of the Illinois Vehicle Code. All moneys in the Fund, subject to appropriation, shall be used by the Department of State Police:

(1) for the acquisition of vehicles for that Department; or
(2) for debt service on bonds issued to finance the acquisition of vehicles for that Department.

ARTICLE 15. TRANSIT AUTHORITY PENSION FUNDING

Section 15-5. The Illinois Pension Code is amended by changing Section 22-101 and adding Section 22-103 as follows:

(40 ILCS 5/22-101) (from Ch. 108 1/2, par. 22-101)

Sec. 22-101. Metropolitan Transit Authority (CTA) Pension Fund.

(a) There shall be established and maintained by the Authority created by the "Metropolitan Transit Authority Act", approved April 12, 1945, as amended, a financially sound pension and retirement system adequate to provide for all payments when due under such established
system or as modified from time to time by ordinance of the Chicago Transit Board. For this purpose, both the Board must make contributions to the established system as required under this Section and may make any additional contributions provided for by Board ordinance or collective bargaining agreement. The participating employees shall make such periodic payments to the established system as may be determined by Board ordinance or collective bargaining agreement. The Board, in lieu of social security payments required to be paid by private corporations engaged in similar activity, shall make payments into such established system at least equal in amount to the amount so required to be paid by such private corporations.

Provisions shall be made by the Board for all Board members, officers and employees of the Authority appointed pursuant to the "Metropolitan Transit Authority Act" to become, subject to reasonable rules and regulations, members or beneficiaries of the pension or retirement system with uniform rights, privileges, obligations and status as to the class in which such officers and employees belong. The terms, conditions and provisions of any pension or retirement system or of any amendment or modification thereof affecting employees who are members of any labor organization may be established, amended or modified by agreement with such labor organization, but must be consistent with the requirements of this Section.

(b) Beginning January 1, 2009, the Authority shall make contributions to the retirement system in an amount which, together with the contributions of participants, interest earned on investments, and other income, will meet the cost of maintaining and administering the retirement plan in accordance with applicable actuarial recommendations and assumptions and the requirements of this Section. These contributions may be paid on a payroll or other periodic basis, but shall in any case be paid at least monthly.

For retirement system fiscal years 2009 through 2058, the minimum contribution to the retirement system to be made by the Authority for each fiscal year shall be an amount determined jointly by the Authority and the trustee of the retirement system to be sufficient to bring

New matter indicated by italics - deletions by strikeout
the total assets of the retirement system up to 90% of its total actuarial liabilities by the end of fiscal year 2058. In making these determinations, the required Authority contribution shall be calculated each year as a level percentage of payroll over the years remaining to and including fiscal year 2058 and shall be determined under the projected unit credit actuarial cost method. Beginning in retirement system fiscal year 2059, the minimum Authority contribution for each fiscal year shall be the amount needed to maintain the total assets of the retirement system at 90% of the total actuarial liabilities of the system.

For purposes of determining employer contributions and actuarial liabilities under this subsection, contributions and liabilities relating to health care benefits shall not be included. As used in this Section, "retirement system fiscal year" means the calendar year, or such other plan year as may be defined from time to time in the agreement known as the Retirement Plan for Chicago Transit Authority Employees, or its successor agreement.

(c) The Authority and the trustee shall jointly certify to the Governor, the General Assembly, and the Board of the Regional Transportation Authority on or before November 15 of 2008 and of each year thereafter the amount of the required Authority contributions to the retirement system for the next retirement system fiscal year under subsection (b). The certification shall include a copy of the actuarial recommendations upon which it is based. In addition, copies of the certification shall be sent to the Commission on Government Forecasting and Accountability, the Mayor of Chicago, the Chicago City Council, and the Cook County Board.

(d) The Authority shall take all actions lawfully available to it to separate the funding of health care benefits for retirees and their dependents and survivors from the funding for its retirement system. The Authority shall endeavor to achieve this separation as soon as possible, and in any event no later than January 1, 2009.

(e) This amendatory Act of the 94th General Assembly does not affect or impair the right of either the Authority or its employees to

collectively bargain the amount or level of employee contributions to the retirement system.
(Source: Laws 1963, p. 161.)

(40 ILCS 5/22-103 new)
Sec. 22-103. Regional Transportation Authority and related pension plans.
(a) As used in this Section:
"Affected pension plan" means a defined-benefit pension plan supported in whole or in part by employer contributions and maintained by the Regional Transportation Authority, the Suburban Bus Division, or the Commuter Rail Division, or any combination thereof, under the general authority of the Regional Transportation Authority Act, including but not limited to any such plan that has been established under or is subject to a collective bargaining agreement or is limited to employees covered by a collective bargaining agreement. "Affected pension plan" does not include any pension fund or retirement system subject to Section 22-101 of this Section.
"Authority" means the Regional Transportation Authority created under the Regional Transportation Authority Act.
"Contributing employer" means an employer that is required to make contributions to an affected pension plan under the terms of that plan.
"Funding ratio" means the ratio of an affected pension plan's assets to the present value of its actuarial liabilities, as determined at its latest actuarial valuation in accordance with applicable actuarial assumptions and recommendations.
"Under-funded pension plan" or "under-funded" means an affected pension plan that, at the time of its last actuarial valuation, has a funding ratio of less than 90%.

(b) The contributing employers of each affected pension plan have a general duty to make the required employer contributions to the affected pension plan in a timely manner in accordance with the terms of the plan. A contributing employer must make contributions to the affected pension plan as required under this subsection and, if applicable, subsection (c); a

New matter indicated by italics - deletions by strikeout
contributing employer may make any additional contributions provided for by the board of the employer or collective bargaining agreement.

(c) In the case of an affected pension plan that is under-funded on January 1, 2009 or becomes under-funded at any time after that date, the contributing employers shall contribute to the affected pension plan, in addition to all amounts otherwise required, amounts sufficient to bring the funding ratio of the affected pension plan up to 90% in accordance with an amortization schedule adopted jointly by the contributing employers and the trustee of the affected pension plan. The amortization schedule may extend for any period up to a maximum of 50 years and shall provide for additional employer contributions in substantially equal annual amounts over the selected period. If the contributing employers and the trustee of the affected pension plan do not agree on an appropriate period for the amortization schedule within 6 months of the date of determination that the plan is under-funded, then the amortization schedule shall be based on a period of 50 years.

In the case of an affected pension plan that has more than one contributing employer, each contributing employer's share of the total additional employer contributions required under this subsection shall be determined: (i) in proportion to the amounts, if any, by which the respective contributing employers have failed to meet their contribution obligations under the terms of the affected pension plan; or (ii) if all of the contributing employers have met their contribution obligations under the terms of the affected pension plan, then in the same proportion as they are required to contribute under the terms of that plan. In the case of an affected pension plan that has only one contributing employer, that contributing employer is responsible for all of the additional employer contributions required under this subsection.

If an under-funded pension plan is determined to have achieved a funding ratio of at least 90% during the period when an amortization schedule is in force under this Section, the contributing employers and the trustee of the affected pension plan, acting jointly, may cancel the amortization schedule and the contributing employers may cease making

New matter indicated by italics - deletions by strikeout
additional contributions under this subsection for as long as the affected pension plan retains a funding ratio of at least 90%.

(d) Beginning January 1, 2009, if the Authority fails to pay to an affected pension fund within 30 days after it is due (i) any employer contribution that it is required to make as a contributing employer, (ii) any additional employer contribution that it is required to pay under subsection (c), or (iii) any payment that it is required to make under Section 4.02a or 4.02b of the Regional Transportation Authority Act, the trustee of the affected pension fund shall promptly so notify the Commission on Government Forecasting and Accountability, the Mayor of Chicago, the Governor, and the General Assembly.

(e) For purposes of determining employer contributions, assets, and actuarial liabilities under this subsection, contributions, assets, and liabilities relating to health care benefits shall not be included.

(f) This amendatory Act of the 94th General Assembly does not affect or impair the right of any contributing employer or its employees to collectively bargain the amount or level of employee contributions to an affected pension plan, to the extent that the plan includes employees subject to collective bargaining.

Section 15-10. The Regional Transportation Authority Act is amended by changing Section 4.02 and by adding Sections 4.02a and 4.02b as follows:

(70 ILCS 3615/4.02) (from Ch. 111 2/3, par. 704.02)
Sec. 4.02. Federal, State and Other Funds.
(a) The Authority shall have the power to apply for, receive and expend grants, loans or other funds from the State of Illinois or any department or agency thereof, from any unit of local government, from the federal government or any department or agency thereof, for use in connection with any of the powers or purposes of the Authority as set forth in this Act. The Authority shall have power to make such studies as may be necessary and to enter into contracts or agreements with the State of Illinois or any department or agency thereof, with any unit of local government, or with the federal government or any department or agency thereof, concerning such grants, loans or other funds, or any conditions

New matter indicated by italics - deletions by strikeout
relating thereto, including obligations to repay such funds. The Authority may make such covenants concerning such grants, loans and funds as it deems proper and necessary in carrying out its responsibilities, purposes and powers as provided in this Act.

(b) The Authority shall be the primary public body in the metropolitan region with authority to apply for and receive any grants, loans or other funds relating to public transportation programs from the State of Illinois or any department or agency thereof, or from the federal government or any department or agency thereof. Any unit of local government, Service Board or transportation agency may apply for and receive any such federal or state capital grants, loans or other funds, provided, however that a Service Board may not apply for or receive any grant or loan which is not identified in the Five-Year Program. Any Service Board, unit of local government or transportation agency shall notify the Authority prior to making any such application and shall file a copy thereof with the Authority. Nothing in this Section shall be construed to impose any limitation on the ability of the State of Illinois or any department or agency thereof, any unit of local government or Service Board or transportation agency to make any grants or to enter into any agreement or contract with the National Rail Passenger Corporation. Nor shall anything in this Section impose any limitation on the ability of any school district to apply for or receive any grant, loan or other funds for transportation of school children.

(c) The Authority shall provide to the Service Board any monies received relating to public transportation services under the jurisdiction of the Service Boards as follows:

(1) As soon as may be practicable after the Authority receives payment, under Section 4.03(m) or Section 4.03.1(d), of the proceeds of those taxes levied by the Authority, the Authority shall transfer to each Service Board the amount to which it is entitled under Section 4.01(d);

(2) The Authority by ordinance adopted by 9 of its then Directors shall establish a formula apportioning any federal funds for operating assistance purposes the Authority receives to each
Service Board. In establishing the formula, the Board shall consider, among other factors: ridership levels, the efficiency with which the service is provided, the degree of transit dependence of the area served and the cost of service. That portion of any federal funds for operating assistance received by the Authority shall be paid to each Service Board as soon as may be practicable upon their receipt provided the Authority has adopted a balanced budget as required by Section 4.01 and further provided that the Service Boards are in compliance with the requirements in Section 4.11.

(3) The Authority by ordinance adopted by 9 of its then Directors shall apportion to the Service Boards funds provided by the State of Illinois under Section 4.09 and shall make payment of said funds to each Service Board as soon as may be practicable upon their receipt provided the Authority has adopted a balanced budget as required by Section 4.01 and further provided the Service Board is in compliance with the requirements in Section 4.11.

(4) Beginning January 1, 2009, before making any payments, transfers, or expenditures under this subsection to a Service Board, the Authority must first comply with Section 4.02a or 4.02b of this Act, whichever may be applicable.

Sec. 4.02a. Chicago Transit Authority contributions to pension funds.

(a) The Authority shall continually review the Chicago Transit Authority's payment of the required contributions to its retirement system under Section 22-101 of the Illinois Pension Code.

(b) Beginning January 1, 2009, if at any time the Authority determines that the Chicago Transit Authority's payment of any portion of the required contributions to its retirement system under Section 22-101 of the Illinois Pension Code is more than one month overdue, it shall as soon as possible pay the amount of those overdue contributions to the trustee of the retirement system on behalf of the Chicago Transit Authority out of moneys otherwise payable to the Chicago Transit Authority under

Sec. 4.02b. Other contributions to pension funds.

(a) The Authority shall continually review the payment of the required employer contributions to affected pension plans under Section 22-103 of the Illinois Pension Code.

(b) Beginning January 1, 2009, if at any time the Authority determines that the Commuter Rail Board's or Suburban Bus Board's payment of any portion of the required contributions to an affected pension plan under Section 22-103 of the Illinois Pension Code is more than one month overdue, it shall as soon as possible pay the amount of those overdue contributions to the trustee of the affected pension plan on behalf of that Service Board out of moneys otherwise payable to that Service Board under subsection (c) of Section 4.02 of this Act. The Authority shall thereafter have no liability to the Service Board for amounts paid to the trustee of the affected pension plan under this Section.

(c) Whenever the Authority acts or determines that it is required to act under subsection (b), it shall so notify the affected Service Board, the Mayor of Chicago, the Governor, and the General Assembly.

(d) Beginning January 1, 2009, if the Authority fails to pay to an affected pension fund within 30 days after it is due any employer contribution that it is required to make as a contributing employer under Section 22-103 of the Illinois Pension Code, it shall promptly so notify the Commission on Government Forecasting and Accountability, the Mayor of Chicago, the Governor, and the General Assembly, and it shall promptly pay the overdue amount out of the first money available to the Authority for its administrative expenses, as that term is defined in Section 4.01(c).

AN ACT concerning local government.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Chicago Park District Working Cash Fund Act is amended by adding Section 4.1 as follows:

(70 ILCS 1510/4.1 new)

Sec. 4.1. Abolishment of working cash fund.
(a) The commissioners of the Chicago Park District may abolish its working cash fund by resolution and may transfer any balance remaining in the fund, including any interest that may have accrued, to the general corporate fund of the Chicago Park District at the end of the then current fiscal year. Any outstanding loans to other District funds shall be paid or become payable to the general corporate fund of the Chicago Park District at the close of the then current fiscal year.
(b) Any obligation incurred by the Chicago Park District pursuant to Section 2 shall be discharged as therein provided.

AN ACT concerning local government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Township Code is amended by changing Section 85-50 as follows:

(60 ILCS 1/85-50)
Sec. 85-50. Demolition, repair, or enclosure of buildings.
(a) The township board of any township may formally request the county board to commence specified proceedings with respect to property located within the township but outside the territory of any municipality as provided in Section 5-1121 of the Counties Code. If the county board declines the request as provided in Section 5-1121 of the Counties Code, the township may exercise its powers under this Section.

(b) The township board of each township may demolish, repair, or enclose or cause the demolition, repair, or enclosure of dangerous and unsafe buildings or uncompleted and abandoned buildings within the territory of the township and may remove or cause the removal of garbage, debris, and other hazardous, noxious, or unhealthy substances or materials from those buildings.

The township board shall apply to the circuit court of the county in which the building is located (i) for an order authorizing action to be taken with respect to a building if the owner or owners of the building, including the lien holders of record, after at least 15 days' written notice by mail to do so, have failed to commence proceedings to put the building in a safe condition or to demolish it or (ii) for an order requiring the owner or owners of record to demolish, repair, or enclose the building or to remove garbage, debris, and other hazardous, noxious, or unhealthy substances or materials from the building. It is not a defense to the cause of action that

New matter indicated by italics - deletions by strikeout
the building is boarded up or otherwise enclosed, although the court may order the defendant to have the building boarded up or otherwise enclosed. Where, upon diligent search, the identity or whereabouts of the owner or owners of the building, including the lien holders of record, is not ascertainable, notice mailed to the person or persons in whose name the real estate was last assessed and the posting of the notice upon the premises sought to be demolished or repaired is sufficient notice under this Section.

The hearing upon the application to the circuit court shall be expedited by the court and shall be given precedence over all other suits.

The cost of the demolition, repair, enclosure, or removal incurred by the township, by an intervenor, or by a lien holder of record, including court costs, attorney's fees, and other costs related to the enforcement of this Section, is recoverable from the owner or owners of the real estate or the previous owner or both if the property was transferred during the 15-day notice period and is a lien on the real estate if, within 180 days after the repair, demolition, enclosure, or removal, the township, the lien holder of record, or the intervenor who incurred the cost and expense shall file a notice of lien for the cost and expense incurred in the office of the recorder in the county in which the real estate is located or in the office of the registrar of titles of the county if the real estate affected is registered under the Registered Titles (Torrens) Act. The lien becomes effective at the time of filing.

The notice must consist of a sworn statement setting out (1) a description of the real estate sufficient for its identification, (2) the amount of money representing the cost and expense incurred, and (3) the date or dates when the cost and expense was incurred by the township, the lien holder of record, or the intervenor. Upon payment of the cost and expense by the owner of or persons interested in the property after the notice of lien has been filed, the lien shall be released by the township, the person in whose name the lien has been filed, or the assignee of the lien, and the release may be filed of record as in the case of filing notice of lien. Unless the lien is enforced under subsection (c), the lien may be enforced by foreclosure proceedings as in the case of mortgage foreclosures under

Article XV of the Code of Civil Procedure or mechanics' lien foreclosures. An action to foreclose this lien may be commenced at any time after the date of filing of the notice of lien. The costs of foreclosure incurred by the township, including court costs, reasonable attorney's fees, advances to preserve the property, and other costs related to the enforcement of this subsection, plus statutory interest, are a lien on the real estate and arerecoverable by the township from the owner or owners of the real estate.

All liens arising under this subsection (b) shall be assignable. The assignee of the lien shall have the same power to enforce the lien as the assigning party, except that the lien may not be enforced under subsection (c).

(c) In any case where a township has obtained a lien under subsection (b), the township may enforce the lien under this subsection (c) in the same proceeding in which the lien is authorized.

A township desiring to enforce a lien under this subsection (c) shall petition the court to retain jurisdiction for foreclosure proceedings under this subsection. Notice of the petition shall be served, by certified or registered mail, on all persons who were served notice under subsection (b). The court shall conduct a hearing on the petition not less than 15 days after the notice is served. If the court determines that the requirements of this subsection (c) have been satisfied, it shall grant the petition and retain jurisdiction over the matter until the foreclosure proceeding is completed. The costs of foreclosure incurred by the township, including court costs, reasonable attorneys' fees, advances to preserve the property, and other costs related to the enforcement of this subsection, plus statutory interest, are a lien on the real estate and are recoverable by the township from the owner or owners of the real estate. If the court denies the petition, the township may enforce the lien in a separate action as provided in subsection (b).

All persons designated in Section 15-1501 of the Code of Civil Procedure as necessary parties in a mortgage foreclosure action shall be joined as parties before issuance of an order of foreclosure. Persons designated in Section 15-1501 of the Code of Civil Procedure as permissible parties may also be joined as parties in the action.
The provisions of Article XV of the Code of Civil Procedure applicable to mortgage foreclosures shall apply to the foreclosure of a lien under this subsection (c), except to the extent that those provisions are inconsistent with this subsection. For purposes of foreclosures of liens under this subsection, however, the redemption period described in subsection (c) of Section 15-1603 of the Code of Civil Procedure shall end 60 days after the date of entry of the order of foreclosure.

(d) In addition to any other remedy provided by law, the township board of any township may petition the circuit court to have property declared abandoned under this subsection (d) if:

(1) the property has been tax delinquent for 2 or more years or bills for water service for the property have been outstanding for 2 or more years;
(2) the property is unoccupied by persons legally in possession; and
(3) the property contains a dangerous or unsafe building.

All persons having an interest of record in the property, including tax purchasers and beneficial owners of any Illinois land trust having title to the property, shall be named as defendants in the petition and shall be served with process. In addition, service shall be had under Section 2-206 of the Code of Civil Procedure as in other cases affecting property.

The township, however, may proceed under this subsection in a proceeding brought under subsection (b). Notice of the petition shall be served by certified or registered mail on all persons who were served notice under subsection (b).

If the township proves that the conditions described in this subsection exist and the owner of record of the property does not enter an appearance in the action, or, if title to the property is held by an Illinois land trust, if neither the owner of record nor the owner of the beneficial interest of the trust enters an appearance, the court shall declare the property abandoned.

If that determination is made, notice shall be sent by certified or registered mail to all persons having an interest of record in the property, including tax purchasers and beneficial owners of any Illinois land trust

having title to the property, stating that title to the property will be transferred to the township unless, within 30 days of the notice, the owner of record enters an appearance in the action, or unless any other person having an interest in the property files with the court a request to demolish the dangerous or unsafe building or to put the building in safe condition.

If the owner of record enters an appearance in the action within the 30-day period, the court shall vacate its order declaring the property abandoned. In that case, the township may amend its complaint in order to initiate proceedings under subsection (b).

If a request to demolish or repair the building is filed within the 30-day period, the court shall grant permission to the requesting party to demolish the building within 30 days or to restore the building to safe condition within 60 days after the request is granted. An extension of that period for up to 60 additional days may be given for good cause. If more than one person with an interest in the property files a timely request, preference shall be given to the person with the lien or other interest of the highest priority.

If the requesting party proves to the court that the building has been demolished or put in a safe condition within the period of time granted by the court, the court shall issue a quitclaim judicial deed for the property to the requesting party, conveying only the interest of the owner of record, upon proof of payment to the township of all costs incurred by the township in connection with the action, including but not limited to court costs, attorney's fees, administrative costs, the costs, if any, associated with building enclosure or removal, and receiver's certificates. The interest in the property so conveyed shall be subject to all liens and encumbrances on the property. In addition, if the interest is conveyed to a person holding a certificate of purchase for the property under the Property Tax Code, the conveyance shall be subject to the rights of redemption of all persons entitled to redeem under that Act, including the original owner of record.

If no person with an interest in the property files a timely request or if the requesting party fails to demolish the building or put the building in safe condition within the time specified by the court, the township may petition the court to issue a judicial deed for the property to the county. A
conveyance by judicial deed shall operate to extinguish all existing ownership interests in, liens on, and other interest in the property, including tax liens.

(e) This Section applies only to requests made by townships under subsection (a) before January 1, 2006 and proceedings to implement or enforce this Section with respect to matters related to or arising from those requests.

AN ACT concerning certain individuals killed in the line of duty.
Be it enacted by the People of the State of Illinois, represented in
the General Assembly:

Section 5. The Line of Duty Compensation Act is amended by
changing Section 3 as follows:

(820 ILCS 315/3) (from Ch. 48, par. 283)

Sec. 3. Duty death benefit.

(a) If a claim therefor is made within one year of the date of death
of a law enforcement officer, civil defense worker, civil air patrol member,
paramedic, fireman, chaplain, State employee, or Armed Forces member
killed in the line of duty, compensation shall be paid to the person
designated by the law enforcement officer, civil defense worker, civil air
patrol member, paramedic, fireman, chaplain, State employee, or Armed
Forces member. However, if the Armed Forces member was killed in the
line of duty before October 18, 2004, the claim must be made within one

(b) The amount of compensation, except for an Armed Forces
member, shall be $10,000 if the death in the line of duty occurred prior to
January 1, 1974; $20,000 if such death occurred after December 31, 1973
and before July 1, 1983; $50,000 if such death occurred on or after July 1,
1983 and before January 1, 1996; $100,000 if the death occurred on or
after January 1, 1996 and before May 18, 2001; $118,000 if the death
occurred on or after May 18, 2001 and before July 1, 2002; and $259,038
if the death occurred on or after July 1, 2002 and before January 1, 2003.

New matter indicated by italics - deletions by strikeout
For an Armed Forces member killed in the line of duty (i) at any time before January 1, 2005, the compensation is $259,038 plus amounts equal to the increases for 2003 and 2004 determined under subsection (c) and (ii) on or after January 1, 2005, the compensation is the amount determined under item (i) plus the applicable increases for 2005 and thereafter determined under subsection (c).

(c) Except as provided in subsection (b), for deaths occurring on or after January 1, 2003, the death compensation rate for death in the line of duty occurring in a particular calendar year shall be the death compensation rate for death occurring in the previous calendar year (or in the case of deaths occurring in 2003, the rate in effect on December 31, 2002) increased by a percentage thereof equal to the percentage increase, if any, in the index known as the Consumer Price Index for All Urban Consumers: U.S. city average, unadjusted, for all items, as published by the United States Department of Labor, Bureau of Labor Statistics, for the 12 months ending with the month of June of that previous calendar year.

(d) If no beneficiary is designated or surviving at the death of the law enforcement officer, civil defense worker, civil air patrol member, paramedic, fireman, chaplain, State employee, or Armed Forces member killed in the line of duty, the compensation shall be paid as follows:

(1) when there is a surviving spouse, the entire sum shall be paid to the spouse;
(2) when there is no surviving spouse, but a surviving descendant of the decedent, the entire sum shall be paid to the decedent's descendants per stirpes;
(3) when there is neither a surviving spouse nor a surviving descendant, the entire sum shall be paid to the parents of the decedent in equal parts, allowing to the surviving parent, if one is dead, the entire sum; and
(4) when there is no surviving spouse, descendant or parent of the decedent, but there are surviving brothers or sisters, or descendants of a brother or sister, who were receiving their principal support from the decedent at his death, the entire sum shall be paid, in equal parts, to the dependent brothers or sisters or
dependent descendant of a brother or sister. Dependency shall be
determined by the Court of Claims based upon the investigation
and report of the Attorney General.

(d-1) For purposes of subsection (d), in the case of a person killed
in the line of duty who was born out of wedlock and was not an adoptive
child at the time of the person's death, a person shall be deemed to be a
parent of the person killed in the line of duty only if that person would be
an eligible parent, as defined in Section 2-2 of the Probate Act of 1975, of
the person killed in the line of duty. This subsection (d-1) applies to any
pending claim if compensation was not paid to the claimant of the pending
claim before the effective date of this amendatory Act of the 94th General
Assembly.

(e) When there is no beneficiary designated or surviving at the
death of the law enforcement officer, civil defense worker, civil air patrol
member, paramedic, fireman, chaplain, State employee, or Armed Forces
member killed in the line of duty and no surviving spouse, descendant,
parent, dependent brother or sister, or dependent descendant of a brother or
sister, no compensation shall be payable under this Act.

(f) No part of such compensation may be paid to any other person
for any efforts in securing such compensation.

(g) This amendatory Act of the 93rd General Assembly applies to
claims made on or after October 18, 2004 with respect to an Armed Forces
member killed in the line of duty.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Vehicle Code is amended by adding Section 11-1429 as follows:

New matter indicated by italics - deletions by strikeout
Sec. 11-1429. Excessive idling.

(a) The purpose of this law is to protect public health and the environment by reducing emissions while conserving fuel and maintaining adequate rest and safety of all drivers of diesel vehicles.

(b) As used in this Section, "affected areas" means the counties of Cook, DuPage, Lake, Kane, McHenry, Will, Madison, St. Clair, and Monroe and the townships of Aux Sable and Goose Lake in Grundy County and the township of Oswego in Kendall County.

(c) A person that operates a motor vehicle operating on diesel fuel in an affected area may not cause or allow the motor vehicle, when it is not in motion, to idle for more than a total of 10 minutes within any 60 minute period, except under the following circumstances:

1. the motor vehicle has a Gross Vehicle Weight Rating of less than 8,000 pounds;
2. the motor vehicle idles while forced to remain motionless because of on-highway traffic, an official traffic control device or signal, or at the direction of a law enforcement official;
3. the motor vehicle idles when operating defrosters, heaters, air conditioners, or other equipment solely to prevent a safety or health emergency;
4. a police, fire, ambulance, public safety, other emergency or law enforcement motor vehicle, or any motor vehicle used in an emergency capacity, idles while in an emergency or training mode and not for the convenience of the vehicle operator;
5. the primary propulsion engine idles for maintenance, servicing, repairing, or diagnostic purposes if idling is necessary for such activity;
6. a motor vehicle idles as part of a government inspection to verify that all equipment is in good working order, provided idling is required as part of the inspection;
7. when idling of the motor vehicle is required to operate auxiliary equipment to accomplish the intended use of the vehicle (such as loading, unloading, mixing, or processing cargo);

controlling cargo temperature; construction operations; lumbering operations; oil or gas well servicing; or farming operations), provided that this exemption does not apply when the vehicle is idling solely for cabin comfort or to operate non-essential equipment such as air conditioning, heating, microwave ovens, or televisions;

(8) an armored motor vehicle idles when a person remains inside the vehicle to guard the contents, or while the vehicle is being loaded or unloaded;

(9) a bus idles a maximum of 15 minutes in any 60 minute period to maintain passenger comfort while non-driver passengers are on board;

(10) if the motor vehicle has a sleeping berth, when the operator is occupying the vehicle during a rest or sleep period and idling of the vehicle is required to operate air conditioning or heating;

(11) when the motor vehicle idles due to mechanical difficulties over which the operator has no control;

(12) the motor vehicle is used as airport ground support equipment, including, but not limited to, motor vehicles operated on the air side of the airport terminal to service or supply aircraft;

(13) the motor vehicle is (i) a bus owned by a public transit authority and (ii) being operated on a designated bus route or on a street or highway between designated bus routes for the provision of public transportation;

(14) the motor vehicle is an implement of husbandry exempt from registration under subdivision A(2) of Section 3-402 of this Code;

(15) the motor vehicle is owned by an electric utility and is operated for electricity generation or hydraulic pressure to power equipment necessary in the restoration, repair, modification or installation of electric utility service; or

(16) the outdoor temperature is less than 32 degrees Fahrenheit or greater than 80 degrees Fahrenheit.

New matter indicated by italics - deletions by strikeout
(d) When the outdoor temperature is 32 degrees Fahrenheit or higher and 80 degrees Fahrenheit or lower, a person who operates a motor vehicle operating on diesel fuel in an affected area may not cause or allow the motor vehicle to idle for a period greater than 30 minutes in any 60 minute period while waiting to weigh, load, or unload cargo or freight, unless the vehicle is in a line of vehicles that regularly and periodically moves forward.

(e) This Section does not prohibit the operation of an auxiliary power unit or generator set as an alternative to idling the main engine of a motor vehicle operating on diesel fuel.

(f) This Section does not apply to the owner of a motor vehicle rented or leased to another entity or person operating the vehicle.

(g) Any person convicted of any violation of this Section is guilty of a petty offense and shall be fined $50 for the first conviction and $150 for a second or subsequent conviction within any 12 month period.

Section 5. The Illinois Police Training Act is amended by changing Section 2 as follows:

(50 ILCS 705/2) (from Ch. 85, par. 502)
Sec. 2. Definitions. As used in this Act, unless the context otherwise requires:
"Board" means the Illinois Law Enforcement Training Standards Board.

New matter indicated by italics - deletions by strikeout
"Local governmental agency" means any local governmental unit or municipal corporation in this State. It does not include the State of Illinois or any office, officer, department, division, bureau, board, commission, or agency of the State, except that it does include a State-controlled university, college or public community college.

"Police training school" means any school located within the State of Illinois whether privately or publicly owned which offers a course in police or county corrections training and has been approved by the Board.

"Probationary police officer" means a recruit law enforcement officer required to successfully complete initial minimum basic training requirements at a police training school to be eligible for permanent full-time employment as a local law enforcement officer.

"Probationary part-time police officer" means a recruit part-time law enforcement officer required to successfully complete initial minimum part-time training requirements to be eligible for employment on a part-time basis as a local law enforcement officer.

"Permanent police officer" means a law enforcement officer who has completed his or her probationary period and is permanently employed on a full-time basis as a local law enforcement officer by a participating local governmental unit or as a security officer or campus policeman permanently employed by a participating State-controlled university, college, or public community college.

"Part-time police officer" means a law enforcement officer who has completed his or her probationary period and is employed on a part-time basis as a law enforcement officer by a participating unit of local government or as a campus policeman by a participating State-controlled university, college, or public community college.

"Law enforcement officer" means (i) any police officer of a local governmental agency who is primarily responsible for prevention or detection of crime and the enforcement of the criminal code, traffic, or highway laws of this State or any political subdivision of this State or (ii) any member of a police force appointed and maintained as provided in Section 2 of the Railroad Police Act.

may find necessary and practicable to aid and supplement the police forces of any municipality in the protection of its property and the protection of the persons and property of its passengers and employees, or otherwise in furtherance of the purposes for which such railroad was organized. While engaged in the conduct of their employment, the members of such railroad police force have and may exercise like police powers as those conferred upon any peace officer employed by a law enforcement agency of this State or the police of cities.

Any registered rail carrier that appoints and maintains a police force shall comply with the following requirements:

(1) Establish an internal policy that includes procedures to ensure objective oversight in addressing allegations of abuse of authority or other misconduct on the part of its police officers.

(2) Adopt appropriate policies and guidelines for employee investigations by police officers. These policies and guidelines shall provide for initiating employee investigations only under the following conditions:

(A) There is reason to believe criminal misconduct has occurred.

(B) In response to an employee accident.

(C) There is reason to believe that the interview of an employee could result in workplace violence.

(D) There is a legitimate concern for the personal safety of one or more employees.

These policies and guidelines shall provide for the right of an employee to request a representative to be present during any interview concerning a non-criminal matter.

(3) File copies of the policies and guidelines adopted under paragraphs (1) and (2) with the Illinois Law Enforcement Training Standards Board, which shall make them available for public inspection.

Sec. 2-13. "Peace officer". "Peace officer" means (i) any person who by virtue of his office or public employment is vested by law with a duty to maintain public order or to make arrests for offenses, whether that duty extends to all offenses or is limited to specific offenses, or (ii) any person who, by statute, is granted and authorized to exercise powers similar to those conferred upon any peace officer employed by a law enforcement agency of this State.

For purposes of Sections concerning unlawful use of weapons, for the purposes of assisting an Illinois peace officer in an arrest, or when the commission of a felony under Illinois law is directly observed by the person, then officers, agents or employees of the federal government commissioned by federal statute to make arrests for violations of federal criminal laws shall be considered "peace officers" under this Code, including, but not limited to all criminal investigators of:

(1) The United States Department of Justice, The Federal Bureau of Investigation, The Drug Enforcement Agency and The Department of Immigration and Naturalization;

(3) The United States Internal Revenue Service;

(4) The United States General Services Administration;

(5) The United States Postal Service; and

(6) all United States Marshals Marshalls or Deputy United States Marshals Marshalls whose duties involve the enforcement of federal criminal laws.

Section 20. The Code of Criminal Procedure of 1963 is amended by changing Section 107-4 as follows:

Sec. 107-4. Arrest by peace officer from other jurisdiction.

(a) As used in this Section:

New matter indicated by italics - deletions by strikeout
(1) "State" means any State of the United States and the District of Columbia.

(2) "Peace Officer" means any peace officer or member of any duly organized State, County, or Municipal peace unit, any police force of another State, or any police force whose members, by statute, are granted and authorized to exercise powers similar to those conferred upon any peace officer employed by a law enforcement agency of this State.

(3) "Fresh pursuit" means the immediate pursuit of a person who is endeavoring to avoid arrest.

(4) "Law enforcement agency" means a municipal police department or county sheriff's office of this State.

(a-3) Any peace officer employed by a law enforcement agency of this State may conduct temporary questioning pursuant to Section 107-14 of this Code and may make arrests in any jurisdiction within this State if:
(1) the officer is engaged in the investigation of an offense that occurred in the officer's primary jurisdiction and the temporary questioning is conducted or the arrest is made pursuant to that investigation; or (2) the officer, while on duty as a peace officer, becomes personally aware of the immediate commission of a felony or misdemeanor violation of the laws of this State; or (3) the officer, while on duty as a peace officer, is requested by an appropriate State or local law enforcement official to render aid or assistance to the requesting law enforcement agency that is outside the officer's primary jurisdiction. While acting pursuant to this subsection, an officer has the same authority as within his or her own jurisdiction.

(a-7) The law enforcement agency of the county or municipality in which any arrest is made under this Section shall be immediately notified of the arrest.

(b) Any peace officer of another State who enters this State in fresh pursuit and continues within this State in fresh pursuit of a person in order to arrest him on the ground that he has committed an offense in the other State has the same authority to arrest and hold the person in custody as.
peace officers of this State have to arrest and hold a person in custody on
the ground that he has committed an offense in this State.

(c) If an arrest is made in this State by a peace officer of another
State in accordance with the provisions of this Section he shall without
unnecessary delay take the person arrested before the circuit court of the
county in which the arrest was made. Such court shall conduct a hearing
for the purpose of determining the lawfulness of the arrest. If the court
determines that the arrest was lawful it shall commit the person arrested, to
await for a reasonable time the issuance of an extradition warrant by the
Governor of this State, or admit him to bail for such purpose. If the court
determines that the arrest was unlawful it shall discharge the person
arrested.

PUBLIC ACT 94-0848
(Senate Bill No. 2878)

AN ACT concerning transportation.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Illinois Vehicle Code is amended by changing Sections 13C-15, 13C-50, 13C-55, and 13C-60 as follows:
(625 ILCS 5/13C-15)
Sec. 13C-15. Inspections.
(a) Computer-Matched Inspections and Notification.
   (1) The provisions of this subsection (a) are operative until the implementation of the registration denial inspection and notification mechanisms required by subsection (b). Beginning with the implementation of the program required by this Chapter, every motor vehicle that is owned by a resident of an affected county, other than a vehicle that is exempt under paragraph (a)(6) or (a)(7) subsection (f) or (g), is subject to inspection under the program.

   The Agency shall send notice of the assigned inspection month, at least 15 days before the beginning of the assigned inspection month, to the owner of each vehicle subject to the program. An initial emission inspection sticker or initial inspection certificate, as the case may be, expires on the last day of the third month following the month assigned by the Agency for the first inspection of the vehicle. A renewal inspection sticker or certificate expires on the last day of the third month following the month assigned for

New matter indicated by italics - deletions by strikeout
inspection in the year in which the vehicle's next inspection is required.

The Agency or its agent may issue an interim emission inspection sticker or certificate for any vehicle subject to inspection that does not have a currently valid emission inspection sticker or certificate at the time the Agency is notified by the Secretary of State of its registration by a new owner, and for which an initial emission inspection sticker or certificate has already been issued. An interim emission inspection sticker or certificate expires no later than the last day of the sixth complete calendar month after the date the Agency issued the interim emission inspection sticker or certificate.

The owner of each vehicle subject to inspection shall obtain an emission inspection sticker or certificate for the vehicle in accordance with this paragraph (1) subsection. Before the expiration of the emission inspection sticker or certificate, the owner shall have the vehicle inspected and, upon demonstration of compliance, obtain a renewal emission inspection sticker or certificate. A renewal emission inspection sticker or certificate shall not be issued more than 5 months before the expiration date of the previous inspection sticker or certificate.

(2) (b) Except as provided in paragraph (a)(3) subsection (c), vehicles shall be inspected every 2 years on a schedule that begins either in the second, fourth, or later calendar year after the vehicle model year. The beginning test schedule shall be set by the Agency and shall be consistent with the State's requirements for emission reductions as determined by the applicable United States Environmental Protection Agency vehicle emissions estimation model and applicable guidance and rules.

(3) (c) A vehicle may be inspected at a time outside of its normal 2-year inspection schedule, if (i) the vehicle was acquired by a new owner and (ii) the vehicle was required to be in compliance with this Act at the time the vehicle was acquired by the new owner, but it was not then in compliance.
(4) (d) The owner of a vehicle subject to inspection shall have the vehicle inspected and shall obtain and display on the vehicle or carry within the vehicle, in a manner specified by the Agency, a valid unexpired emission inspection sticker or certificate in the manner specified by the Agency. A person who violates this paragraph (4) subsection (d) is guilty of a petty offense, except that a third or subsequent violation within one year of the first violation is a Class C misdemeanor. The fine imposed for a violation of this paragraph (4) subsection shall be not less than $50 if the violation occurred within 60 days following the date by which a new or renewal emission inspection sticker or certificate was required to be obtained for the vehicle, and not less than $300 if the violation occurred more than 60 days after that date.

(5) (e) For a $20 fee, to be paid into the Vehicle Inspection Fund, the Agency may inspect:

(A) (1) A vehicle registered in and subject to the emission inspections requirements of another state.

(B) (2) A vehicle presented for inspection on a voluntary basis.

Any fees collected under this paragraph (5) subsection shall not offset Motor Fuel Tax Funds normally appropriated for the program.

(6) (f) The following vehicles are not subject to inspection:

(A) (1) Vehicles not subject to registration under Article IV of Chapter 3 of this Code, other than vehicles owned by the federal government.

(B) (2) Motorcycles, motor driven cycles, and motorized pedalcycles.

(C) (3) Farm vehicles and implements of husbandry.

(D) (4) Implements of warfare owned by the State or federal government.

(E) (5) Antique vehicles, custom vehicles, street rods, and vehicles of model year 1967 or before.

New matter indicated by italics - deletions by strikeout
(F) (6) Vehicles operated exclusively for parade or ceremonial purposes by any veterans, fraternal, or civic organization, organized on a not-for-profit basis.

(G) (7) Vehicles for which the Secretary of State, under Section 3-117 of this Code, has issued a Junking Certificate.

(H) (8) Diesel powered vehicles and vehicles that are powered exclusively by electricity.

(I) (9) Vehicles operated exclusively in organized amateur or professional sporting activities, as defined in Section 3.310 of the Environmental Protection Act.

(J) (10) Vehicles registered in, subject to, and in compliance with the emission inspection requirements of another state.

(K) (11) Vehicles participating in an OBD continuous monitoring program operated in accordance with procedures adopted by the Agency.

(L) (12) Vehicles of model year 1995 or earlier that do not have an expired emissions test sticker or certificate on February 1, 2007.

The Agency may issue temporary or permanent exemption stickers or certificates for vehicles temporarily or permanently exempt from inspection under this paragraph (6) subsection (f). An exemption sticker or certificate does not need to be displayed.

(7) (g) According to criteria that the Agency may adopt, a motor vehicle may be exempted from the inspection requirements of this Section by the Agency on the basis of an Agency determination that the vehicle is located and primarily used outside of the affected counties or in other jurisdictions where vehicle emission inspections are not required. The Agency may issue an annual exemption sticker or certificate without inspection for any vehicle exempted from inspection under this paragraph (7) subsection.
(8) (h) Any owner or lessee of a fleet of 15 or more motor vehicles that are subject to inspection under this Section may apply to the Agency for a permit to establish and operate a private official inspection station in accordance with rules adopted by the Agency.

(9) (i) Pursuant to Title 40, Section 51.371 of the Code of Federal Regulations, the Agency may establish a program of on-road testing of in-use vehicles through the use of remote sensing devices. In any such program, the Agency shall evaluate the emission performance of 0.5% of the subject fleet or 20,000 vehicles, whichever is less. Under no circumstances shall on-road testing include any sort of roadblock or roadside pullover or cause any type of traffic delay. If, during the course of an on-road inspection, a vehicle is found to exceed the on-road emissions standards established for the model year and type of vehicle, the Agency shall send a notice to the vehicle owner. The notice shall document the occurrence and the results of the on-road exceedance. The notice of a second on-road exceedance shall indicate that the vehicle has been reassigned and is subject to an out-of-cycle follow-up inspection at an official inspection station. In no case shall the Agency send a notice of an on-road exceedance to the owner of a vehicle that was found to exceed the on-road emission standards established for the model year and type of vehicle, if the vehicle is registered outside of the affected counties.

(b) Registration Denial Inspection and Notification.

(1) No later than January 1, 2008, every motor vehicle that is owned by a resident of an affected county, other than a vehicle that is exempt under paragraph (b)(8) or (b)(9), is subject to inspection under the program.

The owner of a vehicle subject to inspection shall have the vehicle inspected and obtain proof of compliance from the Agency in order to obtain or renew a vehicle registration for a subject vehicle.
The Secretary of State shall notify the owner of a vehicle subject to inspection of the requirement to have the vehicle tested at least 30 days prior to the beginning of the month in which the vehicle's registration is due to expire. Notwithstanding the preceding, vehicles with permanent registration plates shall be notified at least 30 days prior to the month corresponding to the date the vehicle was originally registered. This notification shall clearly state the vehicle's test status, based upon the vehicle type, model year and registration address.

The owner of each vehicle subject to inspection shall have the vehicle inspected and, upon demonstration of compliance, obtain an emissions compliance certificate for the vehicle.

(2) Except as provided in paragraphs (b)(3), (b)(4), and (b)(5), vehicles shall be inspected every 2 years on a schedule that begins in the fourth calendar year after the vehicle model year. Even model year vehicles shall be inspected and comply in order to renew registrations expiring in even calendar years and odd model year vehicles shall be inspected and comply in order to renew registrations expiring in odd calendar years.

(3) A vehicle shall be inspected and comply at a time outside of its normal 2-year inspection schedule if (i) the vehicle was acquired by a new owner and (ii) the vehicle had not been issued a Compliance Certificate within one year of the date of application for the title or registration, or both, for the vehicle.

(4) Vehicles with 2-year registrations shall be inspected every 2 years at the time of registration issuance or renewal on a schedule that begins in the fourth year after the vehicle model year.

(5) Vehicles with permanent vehicle registration plates shall be inspected every 2 years on a schedule that begins in the fourth calendar year after the vehicle model year in the month corresponding to the date the vehicle was originally registered. Even model year vehicles shall be inspected and comply in even
calendar years, and odd model year vehicles shall be inspected and comply in odd calendar years.

(6) The Agency and the Secretary of State shall endeavor to ensure a smooth transition from test scheduling from the provisions of subsection (a) to subsection (b). Passing tests and waivers issued prior to the implementation of this subsection (b) may be utilized to establish compliance for a period of one year from the date of the emissions or waiver inspection.

(7) For a $20 fee, to be paid into the Vehicle Inspection Fund, the Agency may inspect:

(A) A vehicle registered in and subject to the emissions inspections requirements of another state.

(B) A vehicle presented for inspection on a voluntary basis.

Any fees collected under this paragraph (7) shall not offset Motor Fuel Tax Funds normally appropriated for the program.

(8) The following vehicles are not subject to inspection:

(A) Vehicles not subject to registration under Article IV of Chapter 3 of this Code, other than vehicles owned by the federal government.

(B) Motorcycles, motor driven cycles, and motorized pedalcycles.

(C) Farm vehicles and implements of husbandry.

(D) Implements of warfare owned by the State or federal government.

(E) Antique vehicles, custom vehicles, street rods, and vehicles of model year 1967 or before.

(F) Vehicles operated exclusively for parade or ceremonial purposes by any veterans, fraternal, or civic organization, organized on a not-for-profit basis.

(G) Vehicles for which the Secretary of State, under Section 3-117 of this Code, has issued a Junking Certificate.

(K) Vehicles participating in an OBD continuous monitoring program operated in accordance with procedures adopted by the Agency.

(L) Vehicles of model year 1995 or earlier that do not have an expired emissions test sticker or certificate on February 1, 2007.

The Agency may issue temporary or permanent exemption certificates for vehicles temporarily or permanently exempt from inspection under this paragraph (8). An exemption sticker or certificate does not need to be displayed.

(9) According to criteria that the Agency may adopt, a motor vehicle may be exempted from the inspection requirements of this Section by the Agency on the basis of an Agency determination that the vehicle is located and primarily used outside of the affected counties or in other jurisdictions where vehicle emissions inspections are not required. The Agency may issue an annual exemption certificate without inspection for any vehicle exempted from inspection under this paragraph (9).

(10) Any owner or lessee of a fleet of 15 or more motor vehicles that are subject to inspection under this Section may apply to the Agency for a permit to establish and operate a private official inspection station in accordance with rules adopted by the Agency.

Sec. 13C-50. Costs.

(a) Except as otherwise provided in paragraph (a)(5) or (b)(7) subsection (e) of Section 13C-15, no fee shall be charged to motor vehicle owners for obtaining inspections required under this Chapter. The Vehicle Inspection Fund, which is a fund created in the State treasury for the purpose of receiving moneys from the Motor Fuel Tax Fund and other sources, shall be used, subject to appropriation, for the payment of the costs of the program, including reimbursement of those agencies of the State that incur expenses in the administration or enforcement of the program. The Vehicle Inspection Fund shall continue in existence notwithstanding the repeal of Chapter 13B. Any money in the Vehicle Inspection Fund on February 1, 2007, shall be used for the purposes set forth in this Chapter.

Sec. 13C-55. Enforcement.
(a) Computer-Matched Enforcement.

(1) The provisions of this subsection (a) are operative until the implementation of the registration denial enforcement mechanism required by subsection (b). The Agency shall cooperate in the enforcement of this Chapter by (i) identifying probable violations through computer matching of vehicle registration records and inspection records; (ii) sending one notice to each suspected violator identified through such matching, stating that registration and inspection records indicate that the vehicle owner has not complied with this Chapter; (iii) directing the vehicle owner to notify the Agency or the Secretary of State if he or she has ceased to own the vehicle or has changed residence; and (iv) advising the vehicle owner of the consequences of violating this Chapter.

The Agency shall cooperate with the Secretary of State in the administration of this Chapter and the related provisions of Chapter 3, and shall provide the Secretary of State with such information as the Secretary of State may deem necessary for these purposes, including regular and timely access to vehicle inspection records.

The Secretary of State shall cooperate with the Agency in the administration of this Chapter and shall provide the Agency with such information as the Agency may deem necessary for the purposes of this Chapter, including regular and timely access to vehicle registration records. Section 2-123 of this Code does not apply to the provision of this information.

(2) (b) The Secretary of State shall suspend either the driving privileges or the vehicle registration, or both, of any vehicle owner who has not complied with this Chapter, if (i) the vehicle owner has failed to satisfactorily respond to the one notice sent by the Agency under paragraph (a)(1) subsection (a), and (ii) the Secretary of State has mailed the vehicle owner a notice that the suspension will be imposed if the owner does not comply within a stated period, and the Secretary of State has not received satisfactory evidence of compliance within that period. The Secretary of State shall send this notice only after receiving a statement from the Agency that the vehicle owner has failed to comply with this Section. Notice shall be effective as specified in subsection (c) of Section 6-211 of this Code.

A suspension under this paragraph (a)(2) subsection shall not be terminated until satisfactory proof of compliance has been submitted to the Secretary of State. No driver's license or permit, or renewal of a license or permit, may be issued to a person whose driving privileges have been suspended under this Section until the suspension has been terminated. No vehicle registration or registration plate that has been suspended under this Section may be reinstated or renewed, or transferred by the owner to any other vehicle, until the suspension has been terminated.

(b) Registration Denial Enforcement.

(1) No later than January 1, 2008, and consistent with Title 40, Part 51, Section 51.361 of the Code of Federal Regulations, the Agency and the Secretary of State shall design, implement, maintain, and operate a registration denial enforcement mechanism to ensure compliance with the provisions of this Chapter, and cooperate with other State and local governmental entities to effectuate its provisions. Specifically, this enforcement mechanism shall contain, at a minimum, the following elements:

(A) An external, readily visible means of determining vehicle compliance with the registration requirement to facilitate enforcement of the program;

New matter indicated by italics - deletions by strikeout
(B) A biennial schedule of testing that clearly determines when a vehicle shall comply prior to registration;

(C) A testing certification mechanism (either paper-based or electronic) that shall be used for registration purposes and clearly states whether the certification is valid for purposes of registration, including:
   (i) Expiration date of the certificate;
   (ii) Unambiguous vehicle identification information; and
   (iii) Whether the vehicle passed or received a waiver;

(D) A commitment to routinely issue citations to motorists with expired or missing license plates, with either no registration or an expired registration, and with no license plate decals or expired decals, and provide for enforcement officials other than police to issue citations (e.g., parking meter attendants) to parked vehicles in noncompliance;

(E) A commitment to structure the penalty system to deter noncompliance with the registration requirement through the use of mandatory minimum fines (meaning civil, monetary penalties) constituting a meaningful deterrent and through a requirement that compliance be demonstrated before a case can be closed;

(F) Ensurance that evidence of testing is available and checked for validity at the time of a new registration of a used vehicle or registration renewal;

(G) Prevention of owners or lessors from avoiding testing through manipulation of the title or registration system; title transfers may re-start the clock on the inspection cycle only if proof of current compliance is required at title transfer;
(H) Prevention of the fraudulent initial classification or reclassification of a vehicle from subject to non-subject or exempt by requiring proof of address changes prior to registration record modification, and documentation from the testing program (or delegate) certifying based on a physical inspection that the vehicle is exempt;

(I) Limiting and tracking of the use of time extensions of the registration requirement to prevent repeated extensions;

(J) Providing for meaningful penalties for cases of registration fraud;

(K) Limiting and tracking exemptions to prevent abuse of the exemption policy for vehicles claimed to be out-of-state; and

(L) Encouraging enforcement of vehicle registration transfer requirements when vehicle owners move into the affected counties by coordinating with local and State enforcement agencies and structuring other activities (e.g., driver's license issuance) to effect registration transfers.

(2) The Agency shall cooperate in the enforcement of this Chapter by providing the owner or owners of complying vehicles with a Compliance Certificate stating that the vehicle meets all applicable requirements of this Chapter.

The Agency shall cooperate with the Secretary of State in the administration of this Chapter and the related provisions of Chapter 3, and shall provide the Secretary of State with such information as the Secretary of State may deem necessary for these purposes, including regular and timely access to vehicle inspection records.

vehicle registration records. Section 2-123 of this Code does not apply to the provision of this information.

(3) Consistent with the requirements of Section 13C-15, the Secretary of State shall not renew any vehicle registration for a subject vehicle that has not complied with this Chapter. Additionally, the Secretary of State shall not allow the issuance of a new registration nor allow the transfer of a registration to a subject vehicle that has not complied with this Chapter.

(4) The Secretary of State shall suspend the registration of any vehicle which has permanent vehicle registration plates that has not complied with the requirements of this Chapter. A suspension under this paragraph (4) shall not be terminated until satisfactory proof of compliance has been submitted to the Secretary of State. No permanent vehicle registration plate that has been suspended under this Section may be reinstated or renewed, or transferred by the owner to any other vehicle, until the suspension has been terminated.

Sec. 13C-60. Other offenses.

(a) Any person who knowingly displays an emission inspection or exemption certificate for sticker or exemption sticker on any vehicle other than the one for which the certificate sticker was lawfully issued in accordance with the provisions of this Chapter, or duplicates, alters, uses, possesses, issues, or distributes any emission inspection or exemption sticker, exemption sticker, inspection certificate, or facsimile thereof, except in accordance with the provisions of this Chapter and the rules and regulations adopted hereunder, is guilty of a Class C misdemeanor.

(b) A vehicle owner shall pay a monetary fine equivalent to the test fee plus the applicable waiver repair expenditure for the continued operation of a non-complying vehicle beyond 4 months past the expiration of the vehicle emission inspection certificate. Any fines collected under this Section shall be divided equally between the local jurisdiction issuing the citation and the Vehicle Inspection Fund.

AN ACT concerning safety.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Environmental Protection Act is amended by adding Section 13.6 as follows:

(415 ILCS 5/13.6 new)

Sec. 13.6. Release of radionuclides at nuclear power plants.

(a) The purpose of this Section is to require the detection and reporting of unpermitted releases of any radionuclides into groundwater, surface water, or soil at nuclear power plants, to the extent that federal law or regulation does not preempt such requirements.

(b) No owner or operator of a nuclear power plant shall violate any rule adopted under this Section.

(c) Within 24 hours after an unpermitted release of a radionuclide from a nuclear power plant, the owner or operator of the nuclear power plant where the release occurred shall report the release to the Agency and the Illinois Emergency Management Agency. For purposes of this Section, "unpermitted release of a radionuclide" means any spilling, leaking, emitting, discharging, escaping, leaching, or disposing of a radionuclide into groundwater, surface water, or soil that is not permitted under State or federal law or regulation.

(d) The Agency and the Illinois Emergency Management Agency shall inspect each nuclear power plant for compliance with the requirements of this Section and rules adopted pursuant to this Section no
less than once each calendar quarter. Nothing in this Section shall limit the Agency's authority to make inspections under Section 4 or any other provision of this Act.

(e) No later than one year after the effective date of this amendatory Act of the 94th General Assembly, the Agency, in consultation with the Illinois Emergency Management Agency, shall propose rules to the Board prescribing standards for detecting and reporting unpermitted releases of radionuclides. No later than one year after receipt of the Agency's proposal, the Board shall adopt rules prescribing standards for detecting and reporting unpermitted releases of radionuclides. Rules adopted under this subsection may also include standards for self-inspection by the owner or operator of the nuclear power plant in lieu of the inspections required under subsection (d) of this Section.

Section 99. Effective date. This Act takes effect upon becoming law.

Passed in the General Assembly April 4, 2006.
Approved June 12, 2006.
Effective June 12, 2006.

PUBLIC ACT 94-0850
(Senate Bill No. 2601)

AN ACT concerning civil law.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Power of Attorney Act is amended by changing Section 2-7.5 as follows:
(755 ILCS 45/2-7.5)
Sec. 2-7.5. Incapacitated principal.
(a) This Section shall apply only to an agent acting for a principal who is incapacitated. A principal shall be considered incapacitated if that individual is under a legal disability as defined in Section 11a-2 of the Probate Act of 1975. A principal shall also be considered incapacitated if:
(i) a physician licensed to practice medicine in all its branches has

examined the principal and has determined that the principal lacks decision making capacity; and (ii) that physician has made a written record of this determination and has signed the written record within 90 days after the examination; and (iii) the written record has been delivered to the agent. The agent may rely conclusively on that written record.

(b) An agent shall provide a record of all receipts, disbursements, and significant actions taken under the authority of the agency when requested to do so: (i) by a representative of a provider agency, as defined in Section 2 of the Elder Abuse and Neglect Act, acting in the course of an assessment of a complaint of elder abuse or neglect under that Act; (ii) by a representative of the Office of the State Long Term Care Ombudsman acting in the course of an investigation of a complaint of financial exploitation of a nursing home resident under Section 4.04 of the Illinois Act on the Aging; or (iii) by a representative of the Office of Inspector General for the Department of Human Services acting in the course of an assessment of a complaint of financial exploitation of an adult with disabilities pursuant to Section 35 of the Abuse of Adults with Disabilities Intervention Act.

(c) If the agent fails to provide his or her record of all receipts, disbursements, and significant actions within 21 days after a request under paragraph (b), the elder abuse provider agency or the State Long Term Care Ombudsman may petition the court for an order requiring the agent to produce his or her record of receipts, disbursements, and significant actions. If the court finds that the agent's failure to provide his or her record in a timely manner to the elder abuse provider agency or the State Long Term Care Ombudsman was without good cause, the court may assess reasonable costs and attorney's fees against the agent, and order such other relief as is appropriate.

Section 99. Effective date. This Act takes effect upon becoming law.

AN ACT concerning confidentiality.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Abuse of Adults with Disabilities Intervention Act is amended by adding Section 59 as follows:

(20 ILCS 2435/59 new)

Sec. 59. Subpoena; document production. The Office of Inspector General has the power to subpoena witnesses and compel the production of books, papers, and documents, including financial records and medical records, pertinent to an assessment authorized by this Act. Mental health records of victims shall be confidential as provided under the Mental Health and Developmental Disabilities Confidentiality Act. Financial records obtained during the course of an assessment are confidential and may be released only with the consent of the victim or the victim's guardian or in response to a court order, a grand jury subpoena, or a subpoena from a law enforcement authority.

Section 10. The Illinois Banking Act is amended by changing Section 48.1 as follows:

(205 ILCS 5/48.1) (from Ch. 17, par. 360)

Sec. 48.1. Customer financial records; confidentiality.

(a) For the purpose of this Section, the term "financial records" means any original, any copy, or any summary of:

(1) a document granting signature authority over a deposit or account;

(2) a statement, ledger card or other record on any deposit or account, which shows each transaction in or with respect to that account;

(3) a check, draft or money order drawn on a bank or issued and payable by a bank; or

(4) any other item containing information pertaining to any relationship established in the ordinary course of a bank's business

New matter indicated by italics - deletions by strikeout
between a bank and its customer, including financial statements or other financial information provided by the customer.

(b) This Section does not prohibit:

(1) The preparation, examination, handling or maintenance of any financial records by any officer, employee or agent of a bank having custody of the records, or the examination of the records by a certified public accountant engaged by the bank to perform an independent audit.

(2) The examination of any financial records by, or the furnishing of financial records by a bank to, any officer, employee or agent of (i) the Commissioner of Banks and Real Estate, (ii) after May 31, 1997, a state regulatory authority authorized to examine a branch of a State bank located in another state, (iii) the Comptroller of the Currency, (iv) the Federal Reserve Board, or (v) the Federal Deposit Insurance Corporation for use solely in the exercise of his duties as an officer, employee, or agent.

(3) The publication of data furnished from financial records relating to customers where the data cannot be identified to any particular customer or account.

(4) The making of reports or returns required under Chapter 61 of the Internal Revenue Code of 1986.

(5) Furnishing information concerning the dishonor of any negotiable instrument permitted to be disclosed under the Uniform Commercial Code.

(6) The exchange in the regular course of business of (i) credit information between a bank and other banks or financial institutions or commercial enterprises, directly or through a consumer reporting agency or (ii) financial records or information derived from financial records between a bank and other banks or financial institutions or commercial enterprises for the purpose of conducting due diligence pursuant to a purchase or sale involving the bank or assets or liabilities of the bank.

(7) The furnishing of information to the appropriate law enforcement authorities where the bank reasonably believes it has been the victim of a crime.

(8) The furnishing of information under the Uniform Disposition of Unclaimed Property Act.

(10) The furnishing of information under the federal Currency and Foreign Transactions Reporting Act Title 31, United States Code, Section 1051 et seq.

(11) The furnishing of information under any other statute that by its terms or by regulations promulgated thereunder requires the disclosure of financial records other than by subpoena, summons, warrant, or court order.

(12) The furnishing of information about the existence of an account of a person to a judgment creditor of that person who has made a written request for that information.

(13) The exchange in the regular course of business of information between commonly owned banks in connection with a transaction authorized under paragraph (23) of Section 5 and conducted at an affiliate facility.

(14) The furnishing of information in accordance with the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996. Any bank governed by this Act shall enter into an agreement for data exchanges with a State agency provided the State agency pays to the bank a reasonable fee not to exceed its actual cost incurred. A bank providing information in accordance with this item shall not be liable to any account holder or other person for any disclosure of information to a State agency, for encumbering or surrendering any assets held by the bank in response to a lien or order to withhold and deliver issued by a State agency, or for any other action taken pursuant to this item, including individual or mechanical errors, provided the action does

not constitute gross negligence or willful misconduct. A bank shall have no obligation to hold, encumber, or surrender assets until it has been served with a subpoena, summons, warrant, court or administrative order, lien, or levy.

(15) The exchange in the regular course of business of information between a bank and any commonly owned affiliate of the bank, subject to the provisions of the Financial Institutions Insurance Sales Law.

(16) The furnishing of information to law enforcement authorities, the Illinois Department on Aging and its regional administrative and provider agencies, the Department of Human Services Office of Inspector General, or public guardians: (i) upon subpoena ; if there is suspicion by the investigatory entity or ; the guardian, or (ii) if there is suspicion by the bank that a customer who is an elderly or disabled person has been or may become the victim of financial exploitation. For the purposes of this item (16), the term: (i) "elderly person" means a person who is 60 or more years of age, (ii) "disabled person" means a person who has or reasonably appears to the bank to have a physical or mental disability that impairs his or her ability to seek or obtain protection from or prevent financial exploitation, and (iii) "financial exploitation" means tortious or illegal use of the assets or resources of an elderly or disabled person, and includes, without limitation, misappropriation of the elderly or disabled person's assets or resources by undue influence, breach of fiduciary relationship, intimidation, fraud, deception, extortion, or the use of assets or resources in any manner contrary to law. A bank or person furnishing information pursuant to this item (16) shall be entitled to the same rights and protections as a person furnishing information under the Elder Abuse and Neglect Act, the Illinois Domestic Violence Act of 1986, and the Abuse of Adults with Disabilities Intervention Act.
(17) The disclosure of financial records or information as necessary to effect, administer, or enforce a transaction requested or authorized by the customer, or in connection with:

(A) servicing or processing a financial product or service requested or authorized by the customer;

(B) maintaining or servicing a customer's account with the bank; or

(C) a proposed or actual securitization or secondary market sale (including sales of servicing rights) related to a transaction of a customer.

Nothing in this item (17), however, authorizes the sale of the financial records or information of a customer without the consent of the customer.

(18) The disclosure of financial records or information as necessary to protect against actual or potential fraud, unauthorized transactions, claims, or other liability.

(19) (a) The disclosure of financial records or information related to a private label credit program between a financial institution and a private label party in connection with that private label credit program. Such information is limited to outstanding balance, available credit, payment and performance and account history, product references, purchase information, and information related to the identity of the customer.

(b) (1) For purposes of this paragraph (19) of subsection (b) of Section 48.1, a "private label credit program" means a credit program involving a financial institution and a private label party that is used by a customer of the financial institution and the private label party primarily for payment for goods or services sold, manufactured, or distributed by a private label party.

(2) For purposes of this paragraph (19) of subsection (b) of Section 48.1, a "private label party" means, with respect to a private label credit program, any of the following: a retailer, a merchant, a manufacturer, a trade group, or any such person’s affiliate, subsidiary, member, agent, or service provider.
(c) Except as otherwise provided by this Act, a bank may not disclose to any person, except to the customer or his duly authorized agent, any financial records or financial information obtained from financial records relating to that customer of that bank unless:

(1) the customer has authorized disclosure to the person;

(2) the financial records are disclosed in response to a lawful subpoena, summons, warrant or court order which meets the requirements of subsection (d) of this Section; or

(3) the bank is attempting to collect an obligation owed to the bank and the bank complies with the provisions of Section 2I of the Consumer Fraud and Deceptive Business Practices Act.

(d) A bank shall disclose financial records under paragraph (2) of subsection (c) of this Section under a lawful subpoena, summons, warrant, or court order only after the bank mails a copy of the subpoena, summons, warrant, or court order to the person establishing the relationship with the bank, if living, and, otherwise his personal representative, if known, at his last known address by first class mail, postage prepaid, unless the bank is specifically prohibited from notifying the person by order of court or by applicable State or federal law. A bank shall not mail a copy of a subpoena to any person pursuant to this subsection if the subpoena was issued by a grand jury under the Statewide Grand Jury Act.

(e) Any officer or employee of a bank who knowingly and willfully furnishes financial records in violation of this Section is guilty of a business offense and, upon conviction, shall be fined not more than $1,000.

(f) Any person who knowingly and willfully induces or attempts to induce any officer or employee of a bank to disclose financial records in violation of this Section is guilty of a business offense and, upon conviction, shall be fined not more than $1,000.

(g) A bank shall be reimbursed for costs that are reasonably necessary and that have been directly incurred in searching for, reproducing, or transporting books, papers, records, or other data of a customer required or requested to be produced pursuant to a lawful

Section 15. The Illinois Savings and Loan Act of 1985 is amended by changing Section 3-8 as follows:

(205 ILCS 105/3-8) (from Ch. 17, par. 3303-8)
Sec. 3-8. Access to books and records; communication with members.

(a) Every member or holder of capital shall have the right to inspect the books and records of the association that pertain to his account. Otherwise, the right of inspection and examination of the books and records shall be limited as provided in this Act, and no other person shall have access to the books and records or shall be entitled to a list of the members.

(b) For the purpose of this Section, the term "financial records" means any original, any copy, or any summary of (i) a document granting signature authority over a deposit or account; (ii) a statement, ledger card, or other record on any deposit or account that shows each transaction in or with respect to that account; (iii) a check, draft, or money order drawn on an association or issued and payable by an association; or (iv) any other item containing information pertaining to any relationship established in the ordinary course of an association's business between an association and its customer, including financial statements or other financial information provided by the member or holder of capital.

(c) This Section does not prohibit:

(1) The preparation, examination, handling, or maintenance of any financial records by any officer, employee, or agent of an association having custody of those records or the examination of those records by a certified public accountant engaged by the association to perform an independent audit.

(2) The examination of any financial records by, or the furnishing of financial records by an association to, any officer, employee, or agent of the Commissioner of Banks and Real Estate
or federal depository institution regulator for use solely in the exercise of his duties as an officer, employee, or agent.

(3) The publication of data furnished from financial records relating to members or holders of capital where the data cannot be identified to any particular member, holder of capital, or account.

(4) The making of reports or returns required under Chapter 61 of the Internal Revenue Code of 1986.

(5) Furnishing information concerning the dishonor of any negotiable instrument permitted to be disclosed under the Uniform Commercial Code.

(6) The exchange in the regular course of business of (i) credit information between an association and other associations or financial institutions or commercial enterprises, directly or through a consumer reporting agency or (ii) financial records or information derived from financial records between an association and other associations or financial institutions or commercial enterprises for the purpose of conducting due diligence pursuant to a purchase or sale involving the association or assets or liabilities of the association.

(7) The furnishing of information to the appropriate law enforcement authorities where the association reasonably believes it has been the victim of a crime.

(8) The furnishing of information pursuant to the Uniform Disposition of Unclaimed Property Act.

(10) The furnishing of information pursuant to the federal "Currency and Foreign Transactions Reporting Act", (Title 31, United States Code, Section 1051 et seq.).

(11) The furnishing of information pursuant to any other statute that by its terms or by regulations promulgated thereunder requires the disclosure of financial records other than by subpoena, summons, warrant, or court order.

New matter indicated by italics - deletions by strikeout
(12) The exchange of information between an association and an affiliate of the association; as used in this item, "affiliate" includes any company, partnership, or organization that controls, is controlled by, or is under common control with an association.

(13) The furnishing of information in accordance with the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996. Any association governed by this Act shall enter into an agreement for data exchanges with a State agency provided the State agency pays to the association a reasonable fee not to exceed its actual cost incurred. An association providing information in accordance with this item shall not be liable to any account holder or other person for any disclosure of information to a State agency, for encumbering or surrendering any assets held by the association in response to a lien or order to withhold and deliver issued by a State agency, or for any other action taken pursuant to this item, including individual or mechanical errors, provided the action does not constitute gross negligence or willful misconduct. An association shall have no obligation to hold, encumber, or surrender assets until it has been served with a subpoena, summons, warrant, court or administrative order, lien, or levy.

(14) The furnishing of information to law enforcement authorities, the Illinois Department on Aging and its regional administrative and provider agencies, the Department of Human Services Office of Inspector General, or public guardians: (i) upon subpoena, if there is suspicion by the investigatory entity or; the guardian, or (ii) if there is suspicion by the association that a customer who is an elderly or disabled person has been or may become the victim of financial exploitation. For the purposes of this item (14), the term: (i) "elderly person" means a person who is 60 or more years of age, (ii) "disabled person" means a person who has or reasonably appears to the association to have a physical or mental disability that impairs his or her ability to seek or obtain protection from or prevent financial exploitation, and (iii)

New matter indicated by italics - deletions by strikeout
"financial exploitation" means tortious or illegal use of the assets or resources of an elderly or disabled person, and includes, without limitation, misappropriation of the elderly or disabled person's assets or resources by undue influence, breach of fiduciary relationship, intimidation, fraud, deception, extortion, or the use of assets or resources in any manner contrary to law. An association or person furnishing information pursuant to this item (14) shall be entitled to the same rights and protections as a person furnishing information under the Elder Abuse and Neglect Act, the Illinois Domestic Violence Act of 1986, and the Abuse of Adults with Disabilities Intervention Act.

(15) The disclosure of financial records or information as necessary to effect, administer, or enforce a transaction requested or authorized by the member or holder of capital, or in connection with:

(A) servicing or processing a financial product or service requested or authorized by the member or holder of capital;
(B) maintaining or servicing an account of a member or holder of capital with the association; or
(C) a proposed or actual securitization or secondary market sale (including sales of servicing rights) related to a transaction of a member or holder of capital.

Nothing in this item (15), however, authorizes the sale of the financial records or information of a member or holder of capital without the consent of the member or holder of capital.

(16) The disclosure of financial records or information as necessary to protect against or prevent actual or potential fraud, unauthorized transactions, claims, or other liability.

(17) (a) The disclosure of financial records or information related to a private label credit program between a financial institution and a private label party in connection with that private label credit program. Such information is limited to outstanding balance, available credit, payment and performance and account

history, product references, purchase information, and information related to the identity of the customer.

(b) (1) For purposes of this paragraph (17) of subsection (c) of Section 3-8, a "private label credit program" means a credit program involving a financial institution and a private label party that is used by a customer of the financial institution and the private label party primarily for payment for goods or services sold, manufactured, or distributed by a private label party.

(2) For purposes of this paragraph (17) of subsection (c) of Section 3-8, a "private label party" means, with respect to a private label credit program, any of the following: a retailer, a merchant, a manufacturer, a trade group, or any such person's affiliate, subsidiary, member, agent, or service provider.

(d) An association may not disclose to any person, except to the member or holder of capital or his duly authorized agent, any financial records relating to that member or holder of capital of that association unless:

(1) The member or holder of capital has authorized disclosure to the person; or

(2) The financial records are disclosed in response to a lawful subpoena, summons, warrant, or court order that meets the requirements of subsection (e) of this Section.

(e) An association shall disclose financial records under subsection (d) of this Section pursuant to a lawful subpoena, summons, warrant, or court order only after the association mails a copy of the subpoena, summons, warrant, or court order to the person establishing the relationship with the association, if living, and, otherwise, his personal representative, if known, at his last known address by first class mail, postage prepaid, unless the association is specifically prohibited from notifying that person by order of court.

(f) (1) Any officer or employee of an association who knowingly and willfully furnishes financial records in violation of this Section is guilty of a business offense and, upon conviction, shall be fined not more than $1,000.
(2) Any person who knowingly and willfully induces or attempts to induce any officer or employee of an association to disclose financial records in violation of this Section is guilty of a business offense and, upon conviction, shall be fined not more than $1,000.

(g) However, if any member desires to communicate with the other members of the association with reference to any question pending or to be presented at a meeting of the members, the association shall give him upon request a statement of the approximate number of members entitled to vote at the meeting and an estimate of the cost of preparing and mailing the communication. The requesting member then shall submit the communication to the Commissioner who, if he finds it to be appropriate and truthful, shall direct that it be prepared and mailed to the members upon the requesting member's payment or adequate provision for payment of the expenses of preparation and mailing.

(h) An association shall be reimbursed for costs that are necessary and that have been directly incurred in searching for, reproducing, or transporting books, papers, records, or other data of a customer required to be reproduced pursuant to a lawful subpoena, warrant, or court order.

Section 20. The Savings Bank Act is amended by changing Section 4013 as follows:

(205 ILCS 205/4013) (from Ch. 17, par. 7304-13)
Sec. 4013. Access to books and records; communication with members and shareholders.

(a) Every member or shareholder shall have the right to inspect books and records of the savings bank that pertain to his accounts. Otherwise, the right of inspection and examination of the books and records shall be limited as provided in this Act, and no other person shall have access to the books and records nor shall be entitled to a list of the members or shareholders.

(b) For the purpose of this Section, the term "financial records" means any original, any copy, or any summary of (1) a document granting signature authority over a deposit or account; (2) a statement, ledger card, or other record on any deposit or account that shows each transaction in or
with respect to that account; (3) a check, draft, or money order drawn on a savings bank or issued and payable by a savings bank; or (4) any other item containing information pertaining to any relationship established in the ordinary course of a savings bank's business between a savings bank and its customer, including financial statements or other financial information provided by the member or shareholder.

(c) This Section does not prohibit:

(1) The preparation examination, handling, or maintenance of any financial records by any officer, employee, or agent of a savings bank having custody of records or examination of records by a certified public accountant engaged by the savings bank to perform an independent audit.

(2) The examination of any financial records by, or the furnishing of financial records by a savings bank to, any officer, employee, or agent of the Commissioner of Banks and Real Estate or the federal depository institution regulator for use solely in the exercise of his duties as an officer, employee, or agent.

(3) The publication of data furnished from financial records relating to members or holders of capital where the data cannot be identified to any particular member, shareholder, or account.

(4) The making of reports or returns required under Chapter 61 of the Internal Revenue Code of 1986.

(5) Furnishing information concerning the dishonor of any negotiable instrument permitted to be disclosed under the Uniform Commercial Code.

(6) The exchange in the regular course of business of (i) credit information between a savings bank and other savings banks or financial institutions or commercial enterprises, directly or through a consumer reporting agency or (ii) financial records or information derived from financial records between a savings bank and other savings banks or financial institutions or commercial enterprises for the purpose of conducting due diligence pursuant to a purchase or sale involving the savings bank or assets or liabilities of the savings bank.

(205 ILCS 305/10) (from Ch. 17, par. 4411)
Sec. 10. Credit union records; member financial records.

(1) A credit union shall establish and maintain books, records, accounting systems and procedures which accurately reflect its operations and which enable the Department to readily ascertain the true financial condition of the credit union and whether it is complying with this Act.

(2) A photostatic or photographic reproduction of any credit union records shall be admissible as evidence of transactions with the credit union.

(3)(a) For the purpose of this Section, the term "financial records" means any original, any copy, or any summary of (1) a document granting signature authority over an account, (2) a statement, ledger card or other record on any account which shows each transaction in or with respect to that account, (3) a check, draft or money order drawn on a financial institution or other entity or issued and payable by or through a financial institution or other entity, or (4) any other item containing information pertaining to any relationship established in the ordinary course of business between a credit union and its member, including financial statements or other financial information provided by the member.

(b) This Section does not prohibit:

(1) The preparation, examination, handling or maintenance of any financial records by any officer, employee or agent of a credit union having custody of such records, or the examination of
such records by a certified public accountant engaged by the credit union to perform an independent audit.

(2) The examination of any financial records by or the furnishing of financial records by a credit union to any officer, employee or agent of the Department, the National Credit Union Administration, Federal Reserve board or any insurer of share accounts for use solely in the exercise of his duties as an officer, employee or agent.

(3) The publication of data furnished from financial records relating to members where the data cannot be identified to any particular customer of account.

(4) The making of reports or returns required under Chapter 61 of the Internal Revenue Code of 1954.

(5) Furnishing information concerning the dishonor of any negotiable instrument permitted to be disclosed under the Uniform Commercial Code.

(6) The exchange in the regular course of business of (i) credit information between a credit union and other credit unions or financial institutions or commercial enterprises, directly or through a consumer reporting agency or (ii) financial records or information derived from financial records between a credit union and other credit unions or financial institutions or commercial enterprises for the purpose of conducting due diligence pursuant to a merger or a purchase or sale of assets or liabilities of the credit union.

(7) The furnishing of information to the appropriate law enforcement authorities where the credit union reasonably believes it has been the victim of a crime.

(8) The furnishing of information pursuant to the Uniform Disposition of Unclaimed Property Act.

(10) The furnishing of information pursuant to the federal "Currency and Foreign Transactions Reporting Act", Title 31, United States Code, Section 1051 et sequentia.

(11) The furnishing of information pursuant to any other statute which by its terms or by regulations promulgated thereunder requires the disclosure of financial records other than by subpoena, summons, warrant or court order.

(12) The furnishing of information in accordance with the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996. Any credit union governed by this Act shall enter into an agreement for data exchanges with a State agency provided the State agency pays to the credit union a reasonable fee not to exceed its actual cost incurred. A credit union providing information in accordance with this item shall not be liable to any account holder or other person for any disclosure of information to a State agency, for encumbering or surrendering any assets held by the credit union in response to a lien or order to withhold and deliver issued by a State agency, or for any other action taken pursuant to this item, including individual or mechanical errors, provided the action does not constitute gross negligence or willful misconduct. A credit union shall have no obligation to hold, encumber, or surrender assets until it has been served with a subpoena, summons, warrant, court or administrative order, lien, or levy.

(13) The furnishing of information to law enforcement authorities, the Illinois Department on Aging and its regional administrative and provider agencies, the Department of Human Services Office of Inspector General, or public guardians: (i) upon subpoena; if there is suspicion by the investigatory entity or; the guardian, or (ii) if there is suspicion by the credit union that a member who is an elderly or disabled person has been or may become the victim of financial exploitation. For the purposes of this item (13), the term: (i) "elderly person" means a person who is 60 or more years of age, (ii) "disabled person" means a person who

New matter indicated by italics - deletions by strikeout
has or reasonably appears to the credit union to have a physical or mental disability that impairs his or her ability to seek or obtain protection from or prevent financial exploitation, and (iii) "financial exploitation" means tortious or illegal use of the assets or resources of an elderly or disabled person, and includes, without limitation, misappropriation of the elderly or disabled person's assets or resources by undue influence, breach of fiduciary relationship, intimidation, fraud, deception, extortion, or the use of assets or resources in any manner contrary to law. A credit union or person furnishing information pursuant to this item (13) shall be entitled to the same rights and protections as a person furnishing information under the Elder Abuse and Neglect Act, the Illinois Domestic Violence Act of 1986, and the Abuse of Adults with Disabilities Intervention Act.

(14) The disclosure of financial records or information as necessary to effect, administer, or enforce a transaction requested or authorized by the member, or in connection with:

(A) servicing or processing a financial product or service requested or authorized by the member;

(B) maintaining or servicing a member's account with the credit union; or

(C) a proposed or actual securitization or secondary market sale (including sales of servicing rights) related to a transaction of a member.

Nothing in this item (14), however, authorizes the sale of the financial records or information of a member without the consent of the member.

(15) The disclosure of financial records or information as necessary to protect against or prevent actual or potential fraud, unauthorized transactions, claims, or other liability.

(16)(a) The disclosure of financial records or information related to a private label credit program between a financial institution and a private label party in connection with that private label credit program. Such information is limited to outstanding

balance, available credit, payment and performance and account history, product references, purchase information, and information related to the identity of the customer.

(b)(1) For purposes of this paragraph (16) of subsection (b) of Section 10, a "private label credit program" means a credit program involving a financial institution and a private label party that is used by a customer of the financial institution and the private label party primarily for payment for goods or services sold, manufactured, or distributed by a private label party.

(2) For purposes of this paragraph (16) of subsection (b) of Section 10, a "private label party" means, with respect to a private label credit program, any of the following: a retailer, a merchant, a manufacturer, a trade group, or any such person's affiliate, subsidiary, member, agent, or service provider.

(c) Except as otherwise provided by this Act, a credit union may not disclose to any person, except to the member or his duly authorized agent, any financial records relating to that member of the credit union unless:

(1) the member has authorized disclosure to the person;

(2) the financial records are disclosed in response to a lawful subpoena, summons, warrant or court order that meets the requirements of subparagraph (d) of this Section; or

(3) the credit union is attempting to collect an obligation owed to the credit union and the credit union complies with the provisions of Section 21 of the Consumer Fraud and Deceptive Business Practices Act.

(d) A credit union shall disclose financial records under subparagraph (c)(2) of this Section pursuant to a lawful subpoena, summons, warrant or court order only after the credit union mails a copy of the subpoena, summons, warrant or court order to the person establishing the relationship with the credit union, if living, and otherwise his personal representative, if known, at his last known address by first class mail, postage prepaid unless the credit union is specifically prohibited from notifying the person by order of court or by applicable

State or federal law. In the case of a grand jury subpoena, a credit union shall not mail a copy of a subpoena to any person pursuant to this subsection if the subpoena was issued by a grand jury under the Statewide Grand Jury Act or notifying the person would constitute a violation of the federal Right to Financial Privacy Act of 1978.

(e)(1) Any officer or employee of a credit union who knowingly and willfully furnishes financial records in violation of this Section is guilty of a business offense and upon conviction thereof shall be fined not more than $1,000.

(2) Any person who knowingly and willfully induces or attempts to induce any officer or employee of a credit union to disclose financial records in violation of this Section is guilty of a business offense and upon conviction thereof shall be fined not more than $1,000.

(f) A credit union shall be reimbursed for costs which are reasonably necessary and which have been directly incurred in searching for, reproducing or transporting books, papers, records or other data of a member required or requested to be produced pursuant to a lawful subpoena, summons, warrant or court order. The Director may determine, by rule, the rates and conditions under which payment shall be made. Delivery of requested documents may be delayed until final reimbursement of all costs is received.

Section 99. Effective date. This Act takes effect upon becoming law.

Section 2. The Abuse of Adults with Disabilities Intervention Act is amended by changing Section 55 as follows:

(20 ILCS 2435/55) (from Ch. 23, par. 3395-55)

Sec. 55. Access to records. All records concerning reports of abuse, neglect, or exploitation of an adult with disabilities and all records generated as a result of the reports shall be confidential and shall not be disclosed except as specifically authorized by this Act or other applicable law. A person making a report of alleged abuse, neglect, or exploitation functioning in his or her capacity as a licensed professional may be entitled to the finding of the investigative assessment and subsequent referrals as authorized by the Inspector General. Office of Inspector General (OIG) investigators shall inform the alleged victim or guardian that information regarding the finding and referrals may be released to the person who made the report if that person is a professional, and the alleged victim or guardian shall be afforded the opportunity to refuse to consent to the release of that information. Access to the records, but not access to the identity of the person or persons making a report of alleged abuse, neglect, or exploitation as contained in the records, shall be allowed to the following persons and for the following purposes:

(a) Adults with Disabilities Abuse Project staff in the furtherance of their responsibilities under this Act;

(b) A law enforcement agency investigating alleged or suspected abuse, neglect, or exploitation of an adult with disabilities;

(c) An adult with disabilities reported to be abused, neglected, or exploited, or the guardian of an adult with disabilities unless the guardian is the alleged perpetrator of the abuse, neglect, or exploitation;

(d) A court, upon its finding that access to the records may be necessary for the determination of an issue before the court. However, the access shall be limited to an in camera inspection of the records, unless the court determines that disclosure of the information contained therein is necessary for the resolution of an issue then pending before it;

(e) A grand jury, upon its determination that access to the records is necessary to the conduct of its official business;

(f) Any person authorized by the Secretary, in writing, for audit or bona fide research purposes;

(g) A coroner or medical examiner who has reason to believe that abuse or neglect contributed to or resulted in the death of an adult with disabilities;

(h) The agency designated pursuant to the Protection and Advocacy for Developmentally Disabled Persons Act and the Protection and Advocacy for Mentally Ill Persons Act.

Section 5. The Abused and Neglected Long Term Care Facility Residents Reporting Act is amended by changing Section 6 as follows:

(210 ILCS 30/6) (from Ch. 111 1/2, par. 4166)

Sec. 6. All reports of suspected abuse or neglect made under this Act shall be made immediately by telephone to the Department's central register established under Section 14 on the single, State-wide, toll-free telephone number established under Section 13, or in person or by telephone through the nearest Department office. No long term care facility administrator, agent or employee, or any other person, shall screen reports or otherwise withhold any reports from the Department, and no long term care facility, department of State government, or other agency shall establish any rules, criteria, standards or guidelines to the contrary. Every long term care facility, department of State government and other agency whose employees are required to make or cause to be made reports under Section 4 shall notify its employees of the provisions of that Section and of this Section, and provide to the Department documentation that such notification has been given. The Department of Human Services shall train all of its mental health and developmental disabilities employees in the detection and reporting of suspected abuse and neglect of residents. Reports made to the central register through the State-wide, toll-free telephone number shall be transmitted to appropriate Department offices and municipal health departments that have responsibility for licensing long term care facilities under the Nursing Home Care Act. All reports received through offices of the Department shall be forwarded to the central register, in a manner and form described by the Department. The

New matter indicated by italics - deletions by strikeout
Department shall be capable of receiving reports of suspected abuse and neglect 24 hours a day, 7 days a week. Reports shall also be made in writing deposited in the U.S. mail, postage prepaid, within 24 hours after having reasonable cause to believe that the condition of the resident resulted from abuse or neglect. Such reports may in addition be made to the local law enforcement agency in the same manner. However, in the event a report is made to the local law enforcement agency, the reporter also shall immediately so inform the Department. The Department shall initiate an investigation of each report of resident abuse and neglect under this Act, whether oral or written, as provided for in Section 3-702 of the Nursing Home Care Act, except that reports of abuse which indicate that a resident's life or safety is in imminent danger shall be investigated within 24 hours of such report. The Department may delegate to law enforcement officials or other public agencies the duty to perform such investigation.

With respect to investigations of reports of suspected abuse or neglect of residents of mental health and developmental disabilities institutions under the jurisdiction of the Department of Human Services, the Department shall transmit copies of such reports to the Department of State Police, the Department of Human Services, and the Inspector General appointed under Section 6.2. If the Department receives a report of suspected abuse or neglect of a recipient of services as defined in Section 1-123 of the Mental Health and Developmental Disabilities Code, the Department shall transmit copies of such report to the Inspector General and the Directors of the Guardianship and Advocacy Commission and the agency designated by the Governor pursuant to the Protection and Advocacy for Developmentally Disabled Persons Act. When requested by the Director of the Guardianship and Advocacy Commission, or the agency designated by the Governor pursuant to the Protection and Advocacy for Developmentally Disabled Persons Act, or the Department of Financial and Professional Regulation, the Department, the Department of Human Services and the Department of State Police shall make available a copy of the final investigative report regarding investigations conducted by their respective agencies on incidents of suspected abuse or neglect of residents of mental health and developmental disabilities.
institutions or individuals receiving services at community agencies under the jurisdiction of the Department of Human Services. Such final investigative report shall not contain witness statements, investigation notes, draft summaries, results of lie detector tests, investigative files or other raw data which was used to compile the final investigative report. Specifically, the final investigative report of the Department of State Police shall mean the Director's final transmittal letter. The Department of Human Services shall also make available a copy of the results of disciplinary proceedings of employees involved in incidents of abuse or neglect to the Directors. All identifiable information in reports provided shall not be further disclosed except as provided by the Mental Health and Developmental Disabilities Confidentiality Act. Nothing in this Section is intended to limit or construe the power or authority granted to the agency designated by the Governor pursuant to the Protection and Advocacy for Developmentally Disabled Persons Act, pursuant to any other State or federal statute.

With respect to investigations of reported resident abuse or neglect, the Department shall effect with appropriate law enforcement agencies formal agreements concerning methods and procedures for the conduct of investigations into the criminal histories of any administrator, staff assistant or employee of the nursing home or other person responsible for the residents care, as well as for other residents in the nursing home who may be in a position to abuse, neglect or exploit the patient. Pursuant to the formal agreements entered into with appropriate law enforcement agencies, the Department may request information with respect to whether the person or persons set forth in this paragraph have ever been charged with a crime and if so, the disposition of those charges. Unless the criminal histories of the subjects involved crimes of violence or resident abuse or neglect, the Department shall be entitled only to information limited in scope to charges and their dispositions. In cases where prior crimes of violence or resident abuse or neglect are involved, a more detailed report can be made available to authorized representatives of the Department, pursuant to the agreements entered into with appropriate law enforcement agencies. Any criminal charges and their disposition

information obtained by the Department shall be confidential and may not be transmitted outside the Department, except as required herein, to authorized representatives or delegates of the Department, and may not be transmitted to anyone within the Department who is not duly authorized to handle resident abuse or neglect investigations.

The Department shall effect formal agreements with appropriate law enforcement agencies in the various counties and communities to encourage cooperation and coordination in the handling of resident abuse or neglect cases pursuant to this Act. The Department shall adopt and implement methods and procedures to promote statewide uniformity in the handling of reports of abuse and neglect under this Act, and those methods and procedures shall be adhered to by personnel of the Department involved in such investigations and reporting. The Department shall also make information required by this Act available to authorized personnel within the Department, as well as its authorized representatives.

The Department shall keep a continuing record of all reports made pursuant to this Act, including indications of the final determination of any investigation and the final disposition of all reports.

The Department shall report annually to the General Assembly on the incidence of abuse and neglect of long term care facility residents, with special attention to residents who are mentally disabled. The report shall include but not be limited to data on the number and source of reports of suspected abuse or neglect filed under this Act, the nature of any injuries to residents, the final determination of investigations, the type and number of cases where abuse or neglect is determined to exist, and the final disposition of cases.

AN ACT concerning regulation.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Abused and Neglected Long Term Care Facility Residents Reporting Act is amended by changing Sections 4 and 6.2 as follows:

(210 ILCS 30/4) (from Ch. 111 1/2, par. 4164)

Sec. 4. Any long term care facility administrator, agent or employee or any physician, hospital, surgeon, dentist, osteopath, chiropractor, podiatrist, accredited religious practitioner who provides treatment by spiritual means alone through prayer in accordance with the tenets and practices of the accrediting church, Christian Science practitioner, coroner, social worker, social services administrator, registered nurse, law enforcement officer, field personnel of the Illinois Department of Healthcare and Family Services Public Aid, field personnel of the Illinois Department of Public Health and County or Municipal Health Departments, personnel of the Department of Human Services (acting as the successor to the Department of Mental Health and Developmental Disabilities or the Department of Public Aid), personnel of the Guardianship and Advocacy Commission, personnel of the State Fire Marshal, local fire department inspectors or other personnel, or personnel of the Illinois Department on Aging, or its subsidiary Agencies on Aging, or employee of a facility licensed under the Assisted Living and Shared Housing Act, having reasonable cause to believe any resident with whom they have direct contact has been subjected to abuse or neglect shall immediately report or cause a report to be made to the Department. Persons required to make reports or cause reports to be made under this
Section include all employees of the State of Illinois who are involved in providing services to residents, including professionals providing medical or rehabilitation services and all other persons having direct contact with residents; and further include all employees of community service agencies who provide services to a resident of a public or private long term care facility outside of that facility. Any long term care surveyor of the Illinois Department of Public Health who has reasonable cause to believe in the course of a survey that a resident has been abused or neglected and initiates an investigation while on site at the facility shall be exempt from making a report under this Section but the results of any such investigation shall be forwarded to the central register in a manner and form described by the Department.

The requirement of this Act shall not relieve any long term care facility administrator, agent or employee of responsibility to report the abuse or neglect of a resident under Section 3-610 of the Nursing Home Care Act.

In addition to the above persons required to report suspected resident abuse and neglect, any other person may make a report to the Department, or to any law enforcement officer, if such person has reasonable cause to suspect a resident has been abused or neglected.

This Section also applies to residents whose death occurs from suspected abuse or neglect before being found or brought to a hospital.

A person required to make reports or cause reports to be made under this Section who fails to comply with the requirements of this Section is guilty of a Class A misdemeanor.

Sec. 6.2. Inspector General.

(a) The Governor shall appoint, and the Senate shall confirm, an Inspector General. The Inspector General shall be appointed for a term of 4 years and shall function within the Department of Human Services and report to the Secretary of Human Services and the Governor. The Inspector General shall function independently within the Department of Human Services with respect to the operations of the office, including the

performance of investigations and issuance of findings and recommendations. The appropriation for the Office of Inspector General shall be separate from the overall appropriation for the Department of Human Services. The Inspector General shall investigate reports of suspected abuse or neglect (as those terms are defined in Section 3 of this Act) of patients or residents in any mental health or developmental disabilities facility operated by the Department of Human Services and shall have authority to investigate and take immediate action on reports of abuse or neglect of recipients, whether patients or residents, in any mental health or developmental disabilities facility or program that is licensed or certified by the Department of Human Services (as successor to the Department of Mental Health and Developmental Disabilities) or that is funded by the Department of Human Services (as successor to the Department of Mental Health and Developmental Disabilities) and is not licensed or certified by any agency of the State. At the specific, written request of an agency of the State other than the Department of Human Services (as successor to the Department of Mental Health and Developmental Disabilities), the Inspector General may cooperate in investigating reports of abuse and neglect of persons with mental illness or persons with developmental disabilities. The Inspector General shall have no supervision over or involvement in routine, programmatic, licensure, or certification operations of the Department of Human Services or any of its funded agencies.

The Inspector General shall promulgate rules establishing minimum requirements for reporting allegations of abuse and neglect and initiating, conducting, and completing investigations. The promulgated rules shall clearly set forth that in instances where 2 or more State agencies could investigate an allegation of abuse or neglect, the Inspector General shall not conduct an investigation that is redundant to an investigation conducted by another State agency. The rules shall establish criteria for determining, based upon the nature of the allegation, the appropriate method of investigation, which may include, but need not be limited to, site visits, telephone contacts, or requests for written responses from agencies. The rules shall also clarify how the Office of the Inspector

General shall interact with the licensing unit of the Department of Human Services in investigations of allegations of abuse or neglect. Any allegations or investigations of reports made pursuant to this Act shall remain confidential until a final report is completed. The resident or patient who allegedly was abused or neglected and his or her legal guardian shall be informed by the facility or agency of the report of alleged abuse or neglect. Final reports regarding unsubstantiated or unfounded allegations shall remain confidential, except that final reports may be disclosed pursuant to Section 6 of this Act.

For purposes of this Section, "required reporter" means a person who suspects, witnesses, or is informed of an allegation of abuse or neglect at a State-operated facility or a community agency and who is either: (i) a person employed at a State-operated facility or a community agency on or off site who is providing or monitoring services to an individual or individuals or is providing services to the State-operated facility or the community agency; or (ii) any person or contractual agent of the Department of Human Services involved in providing, monitoring, or administering mental health or developmental disability services, including, but not limited to, payroll personnel, contractors, subcontractors, and volunteers. A required reporter shall report the allegation of abuse or neglect, or cause a report to be made, to the Office of the Inspector General (OIG) Hotline no later than 4 hours after the initial discovery of the incident of alleged abuse or neglect. A required reporter as defined in this paragraph who willfully fails to comply with the reporting requirement is guilty of a Class A misdemeanor.

For purposes of this Section, "State-operated facility" means a mental health facility or a developmental disability facility as defined in Sections 1-114 and 1-107 of the Mental Health and Developmental Disabilities Code.

For purposes of this Section, "community agency" or "agency" means any community entity or program providing mental health or developmental disabilities services that is licensed, certified, or funded by the Department of Human Services and is not licensed or certified by any other human services agency of the State (for example, the Department of

When the Office of the Inspector General has substantiated a case of abuse or neglect, the Inspector General shall include in the final report any mitigating or aggravating circumstances that were identified during the investigation. Upon determination that a report of neglect is substantiated, the Inspector General shall then determine whether such neglect rises to the level of egregious neglect.

(b) The Inspector General shall, within 24 hours after determining that a reported allegation of suspected abuse or neglect indicates that any possible criminal act has been committed or that special expertise is required in the investigation, immediately notify the Department of State Police or the appropriate law enforcement entity. The Department of State Police shall investigate any report from a State-operated facility indicating a possible murder, rape, or other felony. All investigations conducted by the Inspector General shall be conducted in a manner designed to ensure the preservation of evidence for possible use in a criminal prosecution.

(b-5) The Inspector General shall make a determination to accept or reject a preliminary report of the investigation of alleged abuse or neglect based on established investigative procedures. Notice of the Inspector General's determination must be given to the person who claims to be the victim of the abuse or neglect, to the person or persons alleged to have been responsible for abuse or neglect, and to the facility or agency. The facility or agency or the person or persons alleged to have been responsible for the abuse or neglect and the person who claims to be the victim of the abuse or neglect may request clarification or reconsideration based on additional information. For cases where the allegation of abuse or neglect is substantiated, the Inspector General shall require the facility or agency to submit a written response. The written response from a facility or agency shall address in a concise and reasoned manner the actions that the agency or facility will take or has taken to protect the resident or patient from abuse or neglect, prevent reoccurrences, and eliminate problems identified and shall include implementation and completion dates for all such action.
(c) The Inspector General shall, within 10 calendar days after the transmittal date of a completed investigation where abuse or neglect is substantiated or administrative action is recommended, provide a complete report on the case to the Secretary of Human Services and to the agency in which the abuse or neglect is alleged to have happened. The complete report shall include a written response from the agency or facility operated by the State to the Inspector General that addresses in a concise and reasoned manner the actions that the agency or facility will take or has taken to protect the resident or patient from abuse or neglect, prevent reoccurrences, and eliminate problems identified and shall include implementation and completion dates for all such action. The Secretary of Human Services shall accept or reject the response and establish how the Department will determine whether the facility or program followed the approved response. The Secretary may require Department personnel to visit the facility or agency for training, technical assistance, programmatic, licensure, or certification purposes. Administrative action, including sanctions, may be applied should the Secretary reject the response or should the facility or agency fail to follow the approved response. Within 30 days after the Secretary has approved a response, the facility or agency making the response shall provide an implementation report to the Inspector General on the status of the corrective action implemented. Within 60 days after the Secretary has approved the response, the facility or agency shall send notice of the completion of the corrective action or shall send an updated implementation report. The facility or agency shall continue sending updated implementation reports every 60 days until the facility or agency sends a notice of the completion of the corrective action. The Inspector General shall review any implementation plan that takes more than 120 days. The Inspector General shall monitor compliance through a random review of completed corrective actions. This monitoring may include, but need not be limited to, site visits, telephone contacts, or requests for written documentation from the facility or agency to determine whether the facility or agency is in compliance with the approved response. The facility or agency shall inform the resident or patient and the legal guardian whether the reported allegation was

substantiated, unsubstantiated, or unfounded. There shall be an appeals process for any person or agency that is subject to any action based on a recommendation or recommendations.

(d) The Inspector General may recommend to the Departments of Public Health and Human Services sanctions to be imposed against mental health and developmental disabilities facilities under the jurisdiction of the Department of Human Services for the protection of residents, including appointment of on-site monitors or receivers, transfer or relocation of residents, and closure of units. The Inspector General may seek the assistance of the Attorney General or any of the several State's attorneys in imposing such sanctions. Whenever the Inspector General issues any recommendations to the Secretary of Human Services, the Secretary shall provide a written response.

(e) The Inspector General shall establish and conduct periodic training programs for Department of Human Services employees concerning the prevention and reporting of neglect and abuse.

(f) The Inspector General shall at all times be granted access to any mental health or developmental disabilities facility operated by the Department of Human Services, shall establish and conduct unannounced site visits to those facilities at least once annually, and shall be granted access, for the purpose of investigating a report of abuse or neglect, to the records of the Department of Human Services and to any facility or program funded by the Department of Human Services that is subject under the provisions of this Section to investigation by the Inspector General for a report of abuse or neglect.

(g) Nothing in this Section shall limit investigations by the Department of Human Services that may otherwise be required by law or that may be necessary in that Department's capacity as the central administrative authority responsible for the operation of State mental health and developmental disability facilities.

(g-5) After notice and an opportunity for a hearing that is separate and distinct from the Office of the Inspector General's appeals process as implemented under subsection (c) of this Section, the Inspector General shall report to the Department of Public Health's nurse aide registry under

Section 3-206.01 of the Nursing Home Care Act the identity of individuals against whom there has been a substantiated finding of physical or sexual abuse or egregious neglect of a service recipient.

Nothing in this subsection shall diminish or impair the rights of a person who is a member of a collective bargaining unit pursuant to the Illinois Public Labor Relations Act or pursuant to any federal labor statute. An individual who is a member of a collective bargaining unit as described above shall not be reported to the Department of Public Health's nurse aide registry until the exhaustion of that individual's grievance and arbitration rights, or until 3 months after the initiation of the grievance process, whichever occurs first, provided that the Department of Human Services' hearing under subsection (c), that is separate and distinct from the Office of the Inspector General's appeals process, has concluded. Notwithstanding anything hereinafter or previously provided, if an action taken by an employer against an individual as a result of the circumstances that led to a finding of physical or sexual abuse or egregious neglect is later overturned under a grievance or arbitration procedure provided for in Section 8 of the Illinois Public Labor Relations Act or under a collective bargaining agreement, the report must be removed from the registry.

The Department of Human Services shall promulgate or amend rules as necessary or appropriate to establish procedures for reporting to the registry, including the definition of egregious neglect, procedures for notice to the individual and victim, appeal and hearing procedures, and petition for removal of the report from the registry. The portion of the rules pertaining to hearings shall provide that, at the hearing, both parties may present written and oral evidence. The Department shall be required to establish by a preponderance of the evidence that the Office of the Inspector General's finding of physical or sexual abuse or egregious neglect warrants reporting to the Department of Public Health's nurse aide registry under Section 3-206.01 of the Nursing Home Care Act.

Notice to the individual shall include a clear and concise statement of the grounds on which the report to the registry is based and notice of the opportunity for a hearing to contest the report. The Department of Human Services shall provide the notice by certified mail to the last known

address of the individual. The notice shall give the individual an opportunity to contest the report in a hearing before the Department of Human Services or to submit a written response to the findings instead of requesting a hearing. If the individual does not request a hearing or if after notice and a hearing the Department of Human Services finds that the report is valid, the finding shall be included as part of the registry, as well as a brief statement from the reported individual if he or she chooses to make a statement. The Department of Public Health shall make available to the public information reported to the registry. In a case of inquiries concerning an individual listed in the registry, any information disclosed concerning a finding of abuse or neglect shall also include disclosure of the individual's brief statement in the registry relating to the reported finding or include a clear and accurate summary of the statement.

At any time after the report of the registry, an individual may petition the Department of Human Services for removal from the registry of the finding against him or her. Upon receipt of such a petition, the Department of Human Services shall conduct an investigation and hearing on the petition. Upon completion of the investigation and hearing, the Department of Human Services shall report the removal of the finding to the registry unless the Department of Human Services determines that removal is not in the public interest.

Section 5. The Consumer Fraud and Deceptive Business Practices Act is amended by adding Section 2XX as follows:

(815 ILCS 505/2XX new)

Sec. 2XX. Performing groups.

(a) As used in this Section:

"Performing group" means a vocal or instrumental group seeking to use the name of another group that has previously released a commercial sound recording under that name.

"Recording group" means a vocal or instrumental group at least one of whose members has previously released a commercial sound recording under that group's name and in which the member or members have a legal right by virtue of use or operation under the group name without having abandoned the name or affiliation with the group.

"Sound recording" means a work that results from the fixation on a material object of a series of musical, spoken, or other sounds regardless of the nature of the material object, such as a disc, tape, or other phonorecord, in which the sounds are embodied.

(b) It is an unlawful practice for a person to advertise or conduct a live musical performance or production in this State through the use of a false, deceptive, or misleading affiliation, connection, or association between the performing group and the recording group. This Section does not apply if:

(1) the performing group is the authorized registrant and owner of a Federal service mark for that group registered in the United States Patent and Trademark Office;

(2) at least one member of the performing group was a member of the recording group and has a legal right by virtue of use or operation under the group name without having abandoned the name or affiliation with the group;

(3) the live musical performance or production is identified in all advertising and promotion as a salute or tribute;

(4) the advertising does not relate to a live musical performance or production taking place in this State; or

PUBLIC ACT 94-0855
(House Bill No. 4986)

AN ACT concerning education.
Be it enacted by the People of the State of Illinois, represented in
the General Assembly:
Section 5. The School Code is amended by changing Section 2-
3.80 as follows:
(105 ILCS 5/2-3.80) (from Ch. 122, par. 2-3.80)
Sec. 2-3.80. (a) The General Assembly recognizes that agriculture
is the most basic and singularly important industry in the State, that
agriculture is of central importance to the welfare and economic stability
of the State, and that the maintenance of this vital industry requires a
continued source of trained and qualified individuals for employment in
agriculture and agribusiness. The General Assembly hereby declares that it
is in the best interests of the people of the State of Illinois that a
comprehensive education program in agriculture be created and
maintained by the State's public school system in order to ensure an
adequate supply of trained and skilled individuals and to ensure
appropriate representation of racial and ethnic groups in all phases of the
industry. It is the intent of the General Assembly that a State program for
agricultural education shall be a part of the curriculum of the public school
system K through adult, and made readily available to all school districts
which may, at their option, include programs in education in agriculture as
a part of the curriculum of that district.

(b) The State Board of Education shall adopt such rules and
regulations as are necessary to implement the provisions of this Section.
The rules and regulations shall not create any new State mandates on

New matter indicated by italics - deletions by strikeout
school districts as a condition of receiving federal, State, and local funds by those entities. It is in the intent of the General Assembly that, although this Section does not create any new mandates, school districts are strongly advised to follow the guidelines set forth in this Section.

(c) The State Superintendent of Education shall assume responsibility for the administration of the State program adopted under this Section throughout the public school system as well as the articulation of the State program to the requirements and mandates of federally assisted education. There is currently within the State Board of Education an agricultural education unit to assist school districts in the establishment and maintenance of educational programs pursuant to the provisions of this Section. The staffing of the unit shall at all times be comprised of an appropriate number of full-time employees who shall serve as program consultants in agricultural education and shall be available to provide assistance to school districts. At least one consultant shall be responsible for the coordination of the State program, as Head Consultant. At least one consultant shall be responsible for the coordination of the activities of student and agricultural organizations and associations.

(d) A committee of 13 agriculturalists representative of the various and diverse areas of the agricultural industry in Illinois shall be established to at least develop a curriculum and overview the implementation of the Build Illinois through Quality Agricultural Education plans of the Illinois Leadership Council for Agricultural Education and to advise the State Board of Education on vocational agricultural education. The Committee shall be composed of the following: (6) agriculturalists representing the Illinois Leadership Council for Agricultural Education; (2) Secondary Agriculture Teachers; (1) "Ag In The Classroom" Teacher; (1) Community College Agriculture Teacher; (1) Adult Agriculture Education Teacher; (1) University Agriculture Teacher Educator; and (1) FFA Representative. All members of the Committee shall be appointed by the Governor by and with the advice and consent of the Senate. The terms of all members so appointed shall be for 3 years, except that of the members initially appointed, 5 shall be appointed to serve for terms of 1 year, 4 shall be appointed to serve for terms of 2 years and 4 shall be appointed to serve...
for terms of 3 years. All members of the Committee shall serve until their successors are appointed and qualified. Vacancies in terms shall be filled by appointment of the Governor with the advice and consent of the Senate for the extent of the unexpired term. The State Board of Education shall implement a Build Illinois through Quality Agricultural Education plan following receipt of these recommendations which shall be made available on or before March 31, 1987. Recommendations shall include, but not be limited to, the development of a curriculum and a strategy for the purpose of establishing a source of trained and qualified individuals in agriculture, a strategy for articulating the State program in agricultural education throughout the public school system, and a consumer education outreach strategy regarding the importance of agriculture in Illinois. The committee of agriculturalists shall serve without compensation.

(e) A school district that offers a secondary agricultural education program that is approved for State and federal funding must ensure that, at a minimum, all of the following are available to its secondary agricultural education students:

(1) An instructional sequence of courses approved by the State Board of Education.

(2) A State and nationally affiliated FFA (Future Farmers of America) chapter that is integral to instruction and is not treated solely as an extracurricular activity.

(3) A mechanism for ensuring the involvement of all secondary agricultural education students in formal, supervised, agricultural-experience activities and programs.

(f) Nothing in this Section may prevent those secondary agricultural education programs that are in operation before the effective date of this amendatory Act of the 94th General Assembly and that do not have an active State and nationally affiliated FFA chapter from continuing to operate or from continuing to receive funding from the State Board of Education.

PUBLIC ACT 94-0856
(House Bill No. 4317)

AN ACT concerning public employee benefits.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Pension Code is amended by changing Section 4-108 and by adding Section 4-108.5 as follows:

(40 ILCS 5/4-108) (from Ch. 108 1/2, par. 4-108)
Sec. 4-108. Creditable service.

(a) Creditable service is the time served as a firefighter of a municipality. In computing creditable service, furloughs and leaves of absence without pay exceeding 30 days in any one year shall not be counted, but leaves of absence for illness or accident regardless of length, and periods of disability for which a firefighter received no disability pension payments under this Article, shall be counted.

(b) Furloughs and leaves of absence of 30 days or less in any one year may be counted as creditable service, if the firefighter makes the contribution to the fund that would have been required had he or she not been on furlough or leave of absence. To qualify for this creditable service, the firefighter must pay the required contributions to the fund not more than 90 days subsequent to the termination of the furlough or leave of absence, to the extent that the municipality has not made such contribution on his or her behalf.

(c) Creditable service includes:

(1) Service in the military, naval or air forces of the United States entered upon when the person was an active firefighter, provided that, upon applying for a permanent pension, and in accordance with the rules of the board the firefighter pays into the fund the amount that would have been contributed had he or she been a regular contributor during such period of service, if and to the extent that the municipality which the firefighter served made

New matter indicated by italics - deletions by strikeout
no such contributions in his or her behalf. The total amount of such creditable service shall not exceed 5 years, except that any firefighter who on July 1, 1973 had more than 5 years of such creditable service shall receive the total amount thereof as of that date.

(2) Service prior to July 1, 1976 by a firefighter initially excluded from participation by reason of age who elected to participate and paid the required contributions for such service.

(3) Up to 8 years of service by a firefighter as an officer in a statewide firefighters' association when he is on a leave of absence from a municipality's payroll, provided that (i) the firefighter has at least 10 years of creditable service as an active firefighter, (ii) the firefighter contributes to the fund the amount that he would have contributed had he remained an active member of the fund, and (iii) the employee or statewide firefighter association contributes to the fund an amount equal to the employer's required contribution as determined by the board.

(4) Time spent as an on-call fireman for a municipality, calculated at the rate of one year of creditable service for each 5 years of time spent as an on-call fireman, provided that (i) the firefighter has at least 18 years of creditable service as an active firefighter, (ii) the firefighter spent at least 14 years as an on-call firefighter for the municipality, (iii) the firefighter applies for such creditable service within 30 days after the effective date of this amendatory Act of 1989, (iv) the firefighter contributes to the Fund an amount representing employee contributions for the number of years of creditable service granted under this subdivision (4), based on the salary and contribution rate in effect for the firefighter at the date of entry into the Fund, to be determined by the board, and (v) not more than 3 years of creditable service may be granted under this subdivision (4).

Except as provided in Section 4-108.5, creditable service shall not under any other circumstances include time spent as a volunteer firefighter, whether or not any

New matter indicated by italics - deletions by strikeout
compensation was received therefor. The change made in this Section by Public Act 83-0463 is intended to be a restatement and clarification of existing law, and does not imply that creditable service was previously allowed under this Article for time spent as a volunteer firefighter.

(5) Time served between July 1, 1976 and July 1, 1988 in the position of protective inspection officer or administrative assistant for fire services, for a municipality with a population under 10,000 that is located in a county with a population over 3,000,000 and that maintains a firefighters' pension fund under this Article, if the position included firefighting duties, notwithstanding that the person may not have held an appointment as a firefighter, provided that application is made to the pension fund within 30 days after the effective date of this amendatory Act of 1991, and the corresponding contributions are paid for the number of years of service granted, based upon the salary and contribution rate in effect for the firefighter at the date of entry into the pension fund, as determined by the Board.

(6) Service before becoming a participant by a firefighter initially excluded from participation by reason of age who becomes a participant under the amendment to Section 4-107 made by this amendatory Act of 1993 and pays the required contributions for such service.

(7) Up to 3 years of time during which the firefighter receives a disability pension under Section 4-110, 4-110.1, or 4-111, provided that (i) the firefighter returns to active service after the disability for a period at least equal to the period for which credit is to be established and (ii) the firefighter makes contributions to the fund based on the rates specified in Section 4-118.1 and the salary upon which the disability pension is based. These contributions may be paid at any time prior to the commencement of a retirement pension. The firefighter may, but need not, elect to have the contributions deducted from the disability pension or to pay them in installments on a schedule

approved by the board. If not deducted from the disability pension, the contributions shall include interest at the rate of 6% per year, compounded annually, from the date for which service credit is being established to the date of payment. If contributions are paid under this subdivision (c)(7) in excess of those needed to establish the credit, the excess shall be refunded. This subdivision (c)(7) applies to persons receiving a disability pension under Section 4-110, 4-110.1, or 4-111 on the effective date of this amendatory Act of the 91st General Assembly, as well as persons who begin to receive such a disability pension after that date.

(40 ILCS 5/4-108.5 new)

Sec. 4-108.5. Service for providing certain fire protection services.

(a) A firefighter for a participating municipality who was employed as an active firefighter providing fire protection for a village or incorporated town with a population of greater than 10,000 but less than 11,000 located in a county with a population of greater than 600,000 and less than 700,000, as estimated by the United States Census on July 1, 2004, may elect to establish creditable service for periods of that employment in which the firefighter provided fire protection services for the participating municipality if, by May 1, 2007, the firefighter (i) makes written application to the Board and (ii) pays into the pension fund the amount that the person would have contributed had deductions from salary been made for this purpose at the time the service was rendered, plus interest thereon at 6% per annum compounded annually from the time the service was rendered until the date of payment.

(b) Time spent providing fire protection on a part-time basis for a village or incorporated town with a population of greater than 10,000 but less than 11,000 located in a county with a population of greater than 600,000 and less than 700,000, as estimated by the United States Census on July 1, 2004, shall be calculated at the rate of one year of creditable service for each 5 years of time spent providing such fire protection, if the firefighter (i) has at least 5 years of creditable service as an active firefighter, (ii) has at least 5 years of such service with a qualifying village

or incorporated town, (iii) applies for the creditable service within 30
days after the effective date of this amendatory Act of the 94th General
Assembly, and (iv) contributes to the Fund an amount representing
employee contributions for the number of years of creditable service
granted under this subsection (b) based on the salary and contribution
rate in effect for the firefighter at the date of entry into the fund, as
determined by the Board. The amount of creditable service granted under
this subsection (b) may not exceed 3 years.

Section 90. The State Mandates Act is amended by adding Section
8.30 as follows:

(30 ILCS 805/8.30 new)
Sec. 8.30. Exempt mandate. Notwithstanding Sections 6 and 8 of
this Act, no reimbursement by the State is required for the implementation
of any mandate created by this amendatory Act of the 94th General
Assembly.

AN ACT concerning human rights.
Be it enacted by the People of the State of Illinois, represented in
the General Assembly:
Section 5. The Illinois Human Rights Act is amended by changing
Sections 7A-102 and 7B-102 as follows:

(775 ILCS 5/7A-102) (from Ch. 68, par. 7A-102)
Sec. 7A-102. Procedures.
(A) Charge.
(1) Within 180 days after the date that a civil rights
violation allegedly has been committed, a charge in writing under

New matter indicated by italics - deletions by strikeout
oath or affirmation may be filed with the Department by an aggrieved party or issued by the Department itself under the signature of the Director.

(2) The charge shall be in such detail as to substantially apprise any party properly concerned as to the time, place, and facts surrounding the alleged civil rights violation.

(A-1) Equal Employment Opportunity Commission Charges. A charge filed with the Equal Employment Opportunity Commission within 180 days after the date of the alleged civil rights violation shall be deemed filed with the Department on the date filed with the Equal Employment Opportunity Commission. Upon receipt of a charge filed with the Equal Employment Opportunity Commission, the Department shall notify the complainant that he or she may proceed with the Department. The complainant must notify the Department of his or her decision in writing within 35 days of receipt of the Department's notice to the complainant and the Department shall close the case if the complainant does not do so. If the complainant proceeds with the Department, the Department shall take no action until the Equal Employment Opportunity Commission makes a determination on the charge. Upon receipt of the Equal Employment Opportunity Commission's determination, the Department shall cause the charge to be filed under oath or affirmation and to be in such detail as provided for under subparagraph (2) of paragraph (A). At the Department's discretion, the Department shall either adopt the Equal Employment Opportunity Commission's determination or process the charge pursuant to this Act. Adoption of the Equal Employment Opportunity Commission's determination shall be deemed a determination by the Department for all purposes under this Act.

(B) Notice, and Response, and Review of Charge. The Department shall, within 10 days of the date on which the charge was filed, serve a copy of the charge on the respondent. This period shall not be construed to be jurisdictional. The charging party and the respondent may each file a position statement and other materials with the Department regarding the charge of alleged discrimination within 60 days of receipt of the notice of the charge. The position statements and other materials filed shall remain
confidential unless otherwise agreed to by the party providing the information and shall not be served on or made available to the other party during pendency of a charge with the Department. The Department shall require the respondent to file a verified response to the allegations contained in the charge within 60 days of receipt of the notice of the charge. The respondent shall serve a copy of its response on the complainant or his representative. All allegations contained in the charge not timely denied by the respondent shall be deemed admitted, unless the respondent states that it is without sufficient information to form a belief with respect to such allegation. The Department may issue a notice of default directed to any respondent who fails to file a verified response to a charge within 60 days of receipt of the notice of the charge, unless the respondent can demonstrate good cause as to why such notice should not issue. The term "good cause" shall be defined by rule promulgated by the Department. Within 30 days of receipt of the respondent's response, the complainant may file a reply to said response and shall serve a copy of said reply on the respondent or his representative. A party shall have the right to supplement his response or reply at any time that the investigation of the charge is pending. The Department shall, within 10 days of the date on which the charge was filed, and again no later than 335 days thereafter, send by certified or registered mail written notice to the complainant and to the respondent informing the complainant of the right to file a complaint with the Human Rights Commission under subparagraph (2) of paragraph (G), including in such notice the dates within which the complainant may exercise this right. In the notice the Department shall notify the complainant that the charge of civil rights violation will be dismissed with prejudice and with no right to further proceed if a written complaint is not timely filed with the Commission by the complainant pursuant to subparagraph (2) of paragraph (G) or by the Department pursuant to subparagraph (1) of paragraph (G).

(B-1) Mediation. The complainant and respondent may agree to voluntarily submit the charge to mediation without waiving any rights that are otherwise available to either party pursuant to this Act and without incurring any obligation to accept the result of the mediation process.

New matter indicated by italics - deletions by strikeout
Nothing occurring in mediation shall be disclosed by the Department or admissible in evidence in any subsequent proceeding unless the complainant and the respondent agree in writing that such disclosure be made.

(C) Investigation.

(1) After the respondent has been notified, the Department shall conduct a full investigation of the allegations set forth in the charge.

(2) The Director or his or her designated representatives shall have authority to request any member of the Commission to issue subpoenas to compel the attendance of a witness or the production for examination of any books, records or documents whatsoever.

(3) If any witness whose testimony is required for any investigation resides outside the State, or through illness or any other good cause as determined by the Director is unable to be interviewed by the investigator or appear at a fact finding conference, his or her testimony or deposition may be taken, within or without the State, in the same manner as is provided for in the taking of depositions in civil cases in circuit courts.

(4) Upon reasonable notice to the complainant and the respondent, the Department shall conduct a fact finding conference prior to 365 days after the date on which the charge was filed, unless the Director has determined whether there is substantial evidence that the alleged civil rights violation has been committed or the charge has been dismissed for lack of jurisdiction. If the parties agree in writing, the fact finding conference may be held at a time after the 365 day limit. Any party's failure to attend the conference without good cause shall result in dismissal or default. The term "good cause" shall be defined by rule promulgated by the Department. A notice of dismissal or default shall be issued by the Director and shall notify the relevant party that a request for review may be filed in writing with the Chief Legal Counsel of the department. New matter indicated by italics - deletions by strikeout
Department within 30 days of receipt of notice of dismissal or default.
(D) Report.

(1) Each charge shall be the subject of a report to the Director. The report shall be a confidential document subject to review by the Director, authorized Department employees, the parties, and, where indicated by this Act, members of the Commission or their designated hearing officers.

(2) Upon review of the report, the Director shall determine whether there is substantial evidence that the alleged civil rights violation has been committed. The determination of substantial evidence is limited to determining the need for further consideration of the charge pursuant to this Act and includes, but is not limited to, findings of fact and conclusions, as well as the reasons for the determinations on all material issues. Substantial evidence is evidence which a reasonable mind accepts as sufficient to support a particular conclusion and which consists of more than a mere scintilla but may be somewhat less than a preponderance.

(a) If the Director determines that there is no substantial evidence, the charge shall be dismissed by order of the Director and the complainant notified that he or she may seek review of the dismissal order before the Chief Legal Counsel of the Department. The complainant shall have 30 days from receipt of notice to file a request for review by the Chief Legal Counsel of the Department.

(b) If the Director determines that there is substantial evidence, he or she shall designate a Department employee who is an attorney licensed to practice in Illinois to endeavor to eliminate the effect of the alleged civil rights violation and to prevent its repetition by means of conference and conciliation.

(E) Conciliation.

(1) When the Department determines that a formal conciliation conference is necessary, the complainant and the

New matter indicated by italics - deletions by strikeout
respondent shall be notified of the time and place of the conference by registered or certified mail at least 10 days prior thereto and either or both parties shall appear at the conference in person or by attorney.

(2) The place fixed for the conference shall be within 35 miles of the place where the civil rights violation is alleged to have been committed.

(3) Nothing occurring at the conference shall be disclosed by the Department unless the complainant and respondent agree in writing that such disclosure be made.

(F) Complaint.

(1) When there is a failure to settle or adjust any charge through conciliation, the Department shall prepare a written complaint, under oath or affirmation, stating the nature of the civil rights violation substantially as alleged in the charge previously filed and the relief sought on behalf of the aggrieved party.

(2) The complaint shall be filed with the Commission.

(G) Time Limit.

(1) When a charge of a civil rights violation has been properly filed, the Department, within 365 days thereof or within any extension of that period agreed to in writing by all parties, shall either issue and file a complaint in the manner and form set forth in this Section or shall order that no complaint be issued and dismiss the charge with prejudice without any further right to proceed except in cases in which the order was procured by fraud or duress. Any such order shall be duly served upon both the complainant and the respondent.

(2) Between 365 and 395 days after the charge is filed, or such longer period agreed to in writing by all parties, the aggrieved party may file a complaint with the Commission, if the Director has not sooner issued a report and determination pursuant to paragraphs (D)(1) and (D)(2) of this Section. The form of the complaint shall be in accordance with the provisions of paragraph (F). The aggrieved party shall notify the Department that a

New matter indicated by italics - deletions by strikeout
complaint has been filed and shall serve a copy of the complaint on the Department on the same date that the complaint is filed with the Commission.

(3) If an aggrieved party files a complaint with the Human Rights Commission pursuant to paragraph (2) of this subsection, or if the time period for filing a complaint has expired, the Department shall immediately cease its investigation and dismiss the charge of civil rights violation. Any final order entered by the Chief Legal Counsel under this Section is appealable in accordance with paragraph (A)(1) of Section 8-111. Failure to immediately cease an investigation and dismiss the charge of civil rights violation as provided in this paragraph (3) constitutes grounds for entry of an order by the circuit court permanently enjoining the investigation. The Department may also be liable for any costs and other damages incurred by the respondent as a result of the action of the Department.

(4) The Department shall stay any administrative proceedings under this Section after the filing of a civil action by or on behalf of the aggrieved party under any federal or State law seeking relief with respect to the alleged civil rights violation.

(H) This amendatory Act of 1995 applies to causes of action filed on or after January 1, 1996.

(I) This amendatory Act of 1996 applies to causes of action filed on or after January 1, 1996.

(2) The charge shall be in such detail as to substantially apprise any party properly concerned as to the time, place, and facts surrounding the alleged civil rights violation.

(B) Notice and Response to Charge.

(1) The Department shall serve notice upon the aggrieved party acknowledging such charge and advising the aggrieved party of the time limits and choice of forums provided under this Act. The Department shall, within 10 days of the date on which the charge was filed or the identification of an additional respondent under paragraph (2) of this subsection, serve on the respondent a copy of the charge along with a notice identifying the alleged civil rights violation and advising the respondent of the procedural rights and obligations of respondents under this Act and shall require the respondent to file a verified response to the allegations contained in the charge within 30 days. The respondent shall serve a copy of its response on the complainant or his representative. All allegations contained in the charge not timely denied by the respondent shall be deemed admitted, unless the respondent states that it is without sufficient information to form a belief with respect to such allegation. The Department may issue a notice of default directed to any respondent who fails to file a verified response to a charge within 30 days of the date on which the charge was filed, unless the respondent can demonstrate good cause as to why such notice should not issue. The term "good cause" shall be defined by rule promulgated by the Department. Within 10 days of the date he receives the respondent's response, the complainant may file his reply to said response. If he chooses to file a reply, the complainant shall serve a copy of said reply on the respondent or his representative. A party shall have the right to supplement his response or reply at any time that the investigation of the charge is pending.

(2) A person who is not named as a respondent in a charge, but who is identified as a respondent in the course of investigation, may be joined as an additional or substitute respondent upon
written notice, under subsection (B), to such person, from the Department. Such notice, in addition to meeting the requirements of subsections (A) and (B), shall explain the basis for the Department's belief that a person to whom the notice is addressed is properly joined as a respondent.

(C) Investigation.

(1) The Department shall conduct a full investigation of the allegations set forth in the charge and complete such investigation within 100 days after the filing of the charge, unless it is impracticable to do so. The Department's failure to complete the investigation within 100 days after the proper filing of the charge does not deprive the Department of jurisdiction over the charge.

(2) If the Department is unable to complete the investigation within 100 days after the charge is filed, the Department shall notify the complainant and respondent in writing of the reasons for not doing so.

(3) The Director or his or her designated representative shall have authority to request any member of the Commission to issue subpoenas to compel the attendance of a witness or the production for examination of any books, records or documents whatsoever.

(4) If any witness whose testimony is required for any investigation resides outside the State, or through illness or any other good cause as determined by the Director is unable to be interviewed by the investigator or appear at a fact finding conference, his or her testimony or deposition may be taken, within or without the State, in the same manner as provided for in the taking of depositions in civil cases in circuit courts.

(5) Upon reasonable notice to the complainant and the respondent, the Department shall conduct a fact finding conference, unless prior to 100 days from the date on which the charge was filed, the Director has determined whether there is substantial evidence that the alleged civil rights violation has been committed. A party's failure to attend the conference without good

New matter indicated by italics - deletions by strikeout
cause may result in dismissal or default. A notice of dismissal or default shall be issued by the Director and shall notify the relevant party that a request for review may be filed in writing with the Chief Legal Counsel of the Department within 30 days of receipt of notice of dismissal or default.

(D) Report.

(1) Each investigated charge shall be the subject of a report to the Director. The report shall be a confidential document subject to review by the Director, authorized Department employees, the parties, and, where indicated by this Act, members of the Commission or their designated hearing officers.

The report shall contain:
(a) the names and dates of contacts with witnesses;
(b) a summary and the date of correspondence and other contacts with the aggrieved party and the respondent;
(c) a summary description of other pertinent records;
(d) a summary of witness statements; and
(e) answers to questionnaires.

A final report under this paragraph may be amended if additional evidence is later discovered.

(2) Upon review of the report and within 100 days of the filing of the charge, unless it is impracticable to do so, the Director shall determine whether there is substantial evidence that the alleged civil rights violation has been committed or is about to be committed. If the Director is unable to make the determination within 100 days after the filing of the charge, the Director shall notify the complainant and respondent in writing of the reasons for not doing so. The Director's failure to make the determination within 100 days after the proper filing of the charge does not deprive the Department of jurisdiction over the charge.

(a) If the Director determines that there is no substantial evidence, the charge shall be dismissed and the aggrieved party notified that he or she may seek review of
the dismissal order before the Commission. The aggrieved party shall have 30 days from receipt of notice to file a request for review by the Chief Legal Counsel of the Department. The Director shall make public disclosure of each such dismissal.

(b) If the Director determines that there is substantial evidence, he or she shall immediately issue a complaint on behalf of the aggrieved party pursuant to subsection (F).

(E) Conciliation.

(1) During the period beginning with the filing of charge and ending with the filing of a complaint or a dismissal by the Department, the Department shall, to the extent feasible, engage in conciliation with respect to such charge.

When the Department determines that a formal conciliation conference is feasible, the aggrieved party and respondent shall be notified of the time and place of the conference by registered or certified mail at least 7 days prior thereto and either or both parties shall appear at the conference in person or by attorney.

(2) The place fixed for the conference shall be within 35 miles of the place where the civil rights violation is alleged to have been committed.

(3) Nothing occurring at the conference shall be made public or used as evidence in a subsequent proceeding for the purpose of proving a violation under this Act unless the complainant and respondent agree in writing that such disclosure be made.

(4) A conciliation agreement arising out of such conciliation shall be an agreement between the respondent and the complainant, and shall be subject to approval by the Department and Commission.

(5) A conciliation agreement may provide for binding arbitration of the dispute arising from the charge. Any such

New matter indicated by italics - deletions by strikeout
arbitration that results from a conciliation agreement may award appropriate relief, including monetary relief.

(6) Each conciliation agreement shall be made public unless the complainant and respondent otherwise agree and the Department determines that disclosure is not required to further the purpose of this Act.

(F) Complaint.

(1) When there is a failure to settle or adjust any charge through a conciliation conference and the charge is not dismissed, the Department shall prepare a written complaint, under oath or affirmation, stating the nature of the civil rights violation and the relief sought on behalf of the aggrieved party. Such complaint shall be based on the final investigation report and need not be limited to the facts or grounds alleged in the charge filed under subsection (A).

(2) The complaint shall be filed with the Commission.

(3) The Department may not issue a complaint under this Section regarding an alleged civil rights violation after the beginning of the trial of a civil action commenced by the aggrieved party under any State or federal law, seeking relief with respect to that alleged civil rights violation.

(G) Time Limit.

(1) When a charge of a civil rights violation has been properly filed, the Department, within 100 days thereof, unless it is impracticable to do so, shall either issue and file a complaint in the manner and form set forth in this Section or shall order that no complaint be issued. Any such order shall be duly served upon both the aggrieved party and the respondent. The Department's failure to either issue and file a complaint or order that no complaint be issued within 100 days after the proper filing of the charge does not deprive the Department of jurisdiction over the charge.

(2) The Director shall make available to the aggrieved party and the respondent, at any time, upon request following completion

of the Department's investigation, information derived from an investigation and any final investigative report relating to that investigation.

(H) This amendatory Act of 1995 applies to causes of action filed on or after January 1, 1996.

Section 99. Effective date. This Act takes effect upon becoming law.

Approved June 15, 2006.

AN ACT concerning insurance.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Insurance Code is amended by changing Section 367f as follows:

(215 ILCS 5/367f) (from Ch. 73, par. 979f)
Sec. 367f. Firemen's continuance privilege. As used in this Section:
1. The terms "municipality", "deferred pensioner" and "creditable service" shall have the meaning ascribed to such terms by Sections 4-103, 4-105a and 4-108, respectively, of the Illinois Pension Code, as now or hereafter amended.
2. The terms "fireman" and "firemen" shall have the meaning ascribed to the term "firefighter" by Section 4-106 of the Illinois Pension Code, and include those persons under the coverage of Article 4 of that Code, as heretofore or hereafter amended.
3. The "retirement or disability period" of a fireman means the period:
   a. which begins on the day the fireman is removed from a municipality's fire department payroll because of the occurrence of

   New matter indicated by italics - deletions by strikeout
any of the following events, to wit: (i) the fireman retires as a deferred pensioner under Section 4-105a of the Illinois Pension Code, (ii) the fireman retires from active service as a fireman with an attained age and accumulated creditable service which together qualify the fireman for immediate receipt of retirement pension benefits under Section 4-109 of the Illinois Pension Code, or (iii) the fireman's disability is established under Section 4-112 of the Illinois Pension Code; and

b. which ends on the first to occur of any of the following events, to wit: (i) the fireman's reinstatement or reentry into active service on the municipality's fire department as provided for under Article 4 of the Illinois Pension Code, (ii) the fireman's exercise of any refund option available under Section 4-116 of the Illinois Pension Code, (iii) the fireman's loss pursuant to Section 4-138 of the Illinois Pension Code of any benefits provided for in Article 4 of that Code, or (iv) the fireman's death or -- if at the time of the fireman's death the fireman is survived by a spouse who, in that capacity, is entitled to receive a surviving spouse's monthly pension pursuant to Article 4 of the Illinois Pension Code -- then the death or remarriage of that spouse.

No policy of group accident and health insurance under which firemen employed by a municipality are insured for their individual benefit shall be issued or delivered in this State to any municipality unless such group policy provides for the election of continued group insurance coverage for the retirement or disability period of each fireman who is insured under the provisions of the group policy on the day immediately preceding the day on which the retirement or disability period of such fireman begins. So long as any required premiums for continued group insurance coverage are paid in accordance with the provisions of the group policy, an election made pursuant to this Section shall provide continued group insurance coverage for a fireman throughout the retirement or disability period of the fireman and, unless the fireman otherwise elects and subject to any other provisions of the group policy which relate either to the provision or to the termination of dependents' coverage and which

New matter indicated by italics - deletions by strikeout
are not inconsistent with this Section, for any dependents of the fireman who are insured under the group policy on the day immediately preceding the day on which the retirement or disability period of the fireman begins; provided, however, that when such continued group insurance coverage is in effect with respect to a fireman on the date of the fireman's death but the retirement or disability period of the fireman does not end with such fireman's death, then the deceased fireman's surviving spouse upon whose death or remarriage such retirement or disability period will end shall be entitled, without further election and upon payment of any required premiums in accordance with the provisions of the group policy, to maintain such continued group insurance coverage in effect until the end of such retirement or disability period. Continued group insurance coverage shall be provided in accordance with this Section at the same premium rate from time to time charged for equivalent coverage provided under the group policy with respect to covered firemen whose retirement or disability period has not begun, and no distinction or discrimination in the amount or rate of premiums or in any waiver of premium or other benefit provision shall be made between continued group insurance coverage elected pursuant to this Section and equivalent coverage provided to firemen under the group policy other than pursuant to the provisions of this Section; provided that no municipality shall be required by reason of any provision of this Section to pay any group insurance premium other than one that may be negotiated in a collective bargaining agreement. If a person electing continued coverage under this Section becomes eligible for medicare coverage, benefits under the group policy may continue as a supplement to the medicare coverage upon payment of any required premiums to maintain the benefits of the group policy as supplemental coverage.

Within 15 days of the beginning of the retirement or disability period of any fireman entitled to elect continued group insurance coverage under any group policy affected by this Section, the municipality last employing such fireman shall give written notice of such beginning by certified mail, return receipt requested to the insurance company issuing such policy. The notice shall include the fireman's name and last known

New matter indicated by italics - deletions by strikeout
place of residence and the beginning date of the fireman's retirement or disability period.

Within 15 days of the date of receipt of such notice from the municipality, the insurance company by certified mail, return receipt requested, shall give written notice to the fireman at the fireman's last known place of residence that coverage under the group policy may be continued for the retirement or disability period of the fireman as provided in this Section. Such notice shall set forth: (i) a statement of election to be filed by the fireman if the fireman wishes to continue such group insurance coverage, (ii) the amount of monthly premium, including a statement of the portion of such monthly premium attributable to any dependents' coverage which the fireman may elect, and (iii) instructions as to the return of the election form to the insurance company issuing such policy. Election shall be made, if at all, by returning the statement of election to the insurance company by certified mail, return receipt requested within 15 days after having received it.

If the fireman elects to continue coverage, it shall be the obligation of the fireman to pay the monthly premium directly to the municipality which shall forward it to the insurance company issuing the group insurance policy, or as otherwise directed by the insurance company; provided, however, that the fireman shall be entitled to designate on the statement of election required to be filed with the insurance company that the total monthly premium, or such portion thereof as is not contributed by a municipality, be deducted by a Firefighter's Pension Fund from any monthly pension payment otherwise payable to or on behalf of the fireman pursuant to Article 4 of the Illinois Pension Code, and be remitted by such Pension Fund to the insurance company. The portion, if any, of the monthly premium contributed by a municipality for such continued group insurance coverage shall be paid by the municipality directly to the insurance company issuing the group insurance policy, or as otherwise directed by the insurance company. Such continued group insurance coverage shall relate back to the beginning of the fireman's retirement or disability period.

The amendment, renewal or extension of any group insurance policy affected by this Section shall be deemed to be the issuance of a new policy of insurance for purposes of this Section.

In the event that a municipality makes a program of accident, health, hospital or medical benefits available to its firemen through self-insurance, or by participation in a pool or reciprocal insurer, or by contract in a form other than a policy of group insurance with one or more medical service plans, health care service corporations, health maintenance organizations, or any other professional corporations or plans under which health care or reimbursement for the costs thereof is provided, whether the cost of such benefits is borne by the municipality or the firemen or both, such firemen and their surviving spouses shall have the same right to elect continued coverage under such program of benefits as they would have if such benefits were provided by a policy of group accident and health insurance. In such cases, the notice of right to elect continued coverage shall be sent by the municipality; the statement of election shall be sent to the municipality; and references to the required premium shall refer to that portion of the cost of such benefits which is not borne by the municipality, either voluntarily or pursuant to the provisions of a collective bargaining agreement. In the case of a municipality providing such benefits through self-insurance or participation in a pool or reciprocal insurer, the right to elect continued coverage which is provided by this paragraph shall be implemented and made available to the firemen of the municipality and qualifying surviving spouses not later than July 1, 1985.

The amendment, renewal or extension of any such contract in a form other than a policy of group insurance policy shall be deemed the formation of a new contract for the purposes of this Section.

This Section shall not limit the exercise of any conversion privileges available under Section 367e.

Pursuant to paragraphs (h) and (i) of Section 6 of Article VII of the Illinois Constitution, this Section specifically denies and limits the exercise by a home rule unit of any power which is inconsistent with this Section and all existing laws and ordinances which are inconsistent with

this Section are hereby superseded. This Section does not preempt the concurrent exercise by home rule units of powers consistent herewith.

The Division of Insurance of the Department of Financial and Professional Regulation shall enforce the provisions of this Section, including provisions relating to municipality self-insured benefit plans.

Approved June 15, 2006.

PUBLIC ACT 94-0859
(Senate Bill No. 2740)

AN ACT concerning public employee benefits.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Pension Code is amended by changing Section 4-118 as follows:

(40 ILCS 5/4-118) (from Ch. 108 1/2, par. 4-118)
Sec. 4-118. Financing.
(a) The city council or the board of trustees of the municipality shall annually levy a tax upon all the taxable property of the municipality at the rate on the dollar which will produce an amount which, when added to the deductions from the salaries or wages of firefighters and revenues available from other sources, will equal a sum sufficient to meet the annual actuarial requirements of the pension fund, as determined by an enrolled actuary employed by the Illinois Department of Insurance or by an enrolled actuary retained by the pension fund or municipality. For the purposes of this Section, the annual actuarial requirements of the pension fund are equal to (1) the normal cost of the pension fund, or 17.5% of the salaries and wages to be paid to firefighters for the year involved, whichever is greater, plus (2) the annual amount necessary to amortize the

New matter indicated by italics - deletions by strikeout
fund's unfunded accrued liabilities over a period of 40 years from July 1, 1993, as annually updated and determined by an enrolled actuary employed by the Illinois Department of Insurance or by an enrolled actuary retained by the pension fund or the municipality. The amount to be applied towards the amortization of the unfunded accrued liability in any year shall not be less than the annual amount required to amortize the unfunded accrued liability, including interest, as a level percentage of payroll over the number of years remaining in the 40 year amortization period.

(b) The tax shall be levied and collected in the same manner as the general taxes of the municipality, and shall be in addition to all other taxes now or hereafter authorized to be levied upon all property within the municipality, and in addition to the amount authorized to be levied for general purposes, under Section 8-3-1 of the Illinois Municipal Code or under Section 14 of the Fire Protection District Act. The tax shall be forwarded directly to the treasurer of the board within 30 business days of receipt by the county municipality (or, in the case of amounts added to the tax levy under subsection (f), used by the municipality to pay the employer contributions required under subsection (b-1) of Section 15-155 of this Code).

(c) The board shall make available to the membership and the general public for inspection and copying at reasonable times the most recent Actuarial Valuation Balance Sheet and Tax Levy Requirement issued to the fund by the Department of Insurance.

(d) The firefighters' pension fund shall consist of the following moneys which shall be set apart by the treasurer of the municipality: (1) all moneys derived from the taxes levied hereunder; (2) contributions by firefighters as provided under Section 4-118.1; (3) all rewards in money, fees, gifts, and emoluments that may be paid or given for or on account of extraordinary service by the fire department or any member thereof, except when allowed to be retained by competitive awards; and (4) any money, real estate or personal property received by the board.

(e) For the purposes of this Section, "enrolled actuary" means an actuary: (1) who is a member of the Society of Actuaries or the American Academy of Actuaries; and (2) who is enrolled under Subtitle C of Title III

(5 ILCS 375/3) (from Ch. 127, par. 523)
Sec. 3. Definitions. Unless the context otherwise requires, the following words and phrases as used in this Act shall have the following meanings. The Department may define these and other words and phrases separately for the purpose of implementing specific programs providing benefits under this Act.

(a) "Administrative service organization" means any person, firm or corporation experienced in the handling of claims which is fully qualified, financially sound and capable of meeting the service requirements of a contract of administration executed with the Department.

(b) "Annuitant" means (1) an employee who retires, or has retired, on or after January 1, 1966 on an immediate annuity under the provisions of Articles 2, 14 (including an employee who has elected to receive an alternative retirement cancellation payment under Section 14-108.5 of the Illinois Pension Code in lieu of an annuity), 15 (including an employee who has retired under the optional retirement program established under Section 15-158.2), paragraphs (2), (3), or (5) of Section 16-106, or Article 18 of the Illinois Pension Code; (2) any person who was receiving group insurance coverage under this Act as of March 31, 1978 by reason of his status as an annuitant, even though the annuity in relation to which such coverage was provided is a proportional annuity based on less than the minimum period of service required for a retirement annuity in the system involved; (3) any person not otherwise covered by this Act who has retired as a participating member under Article 2 of the Illinois Pension Code but is ineligible for the retirement annuity under Section 2-119 of the Illinois Pension Code; (4) the spouse of any person who is receiving a retirement annuity under Article 18 of the Illinois Pension Code and who is covered under a group health insurance program sponsored by a governmental employer other than the State of Illinois and who has irrevocably elected to waive his or her coverage under this Act and to have his or her spouse

New matter indicated by italics - deletions by strikeout
considered as the "annuitant" under this Act and not as a "dependent"; or
(5) an employee who retires, or has retired, from a qualified position, as
determined according to rules promulgated by the Director, under a
qualified local government, or a qualified rehabilitation facility, or a
qualified domestic violence shelter or service, or a qualified child
advocacy center. (For definition of "retired employee", see (p) post).

(b-5) "New SERS annuitant" means a person who, on or after
January 1, 1998, becomes an annuitant, as defined in subsection (b), by
virtue of beginning to receive a retirement annuity under Article 14 of the
Illinois Pension Code (including an employee who has elected to receive an
alternative retirement cancellation payment under Section 14-108.5 of
that Code in lieu of an annuity), and is eligible to participate in the basic
program of group health benefits provided for annuitants under this Act.

(b-6) "New SURS annuitant" means a person who (1) on or after
January 1, 1998, becomes an annuitant, as defined in subsection (b), by
virtue of beginning to receive a retirement annuity under Article 15 of the
Illinois Pension Code, (2) has not made the election authorized under
Section 15-135.1 of the Illinois Pension Code, and (3) is eligible to
participate in the basic program of group health benefits provided for
annuitants under this Act.

(b-7) "New TRS State annuitant" means a person who, on or after
July 1, 1998, becomes an annuitant, as defined in subsection (b), by virtue
of beginning to receive a retirement annuity under Article 16 of the Illinois
Pension Code based on service as a teacher as defined in paragraph (2),
(3), or (5) of Section 16-106 of that Code, and is eligible to participate in
the basic program of group health benefits provided for annuitants under
this Act.

(c) "Carrier" means (1) an insurance company, a corporation
organized under the Limited Health Service Organization Act or the
Voluntary Health Services Plan Act, a partnership, or other
nongovernmental organization, which is authorized to do group life or
group health insurance business in Illinois, or (2) the State of Illinois as a
self-insurer.
(d) "Compensation" means salary or wages payable on a regular payroll by the State Treasurer on a warrant of the State Comptroller out of any State, trust or federal fund, or by the Governor of the State through a disbursing officer of the State out of a trust or out of federal funds, or by any Department out of State, trust, federal or other funds held by the State Treasurer or the Department, to any person for personal services currently performed, and ordinary or accidental disability benefits under Articles 2, 14, 15 (including ordinary or accidental disability benefits under the optional retirement program established under Section 15-158.2), paragraphs (2), (3), or (5) of Section 16-106, or Article 18 of the Illinois Pension Code, for disability incurred after January 1, 1966, or benefits payable under the Workers' Compensation or Occupational Diseases Act or benefits payable under a sick pay plan established in accordance with Section 36 of the State Finance Act. "Compensation" also means salary or wages paid to an employee of any qualified local government, or qualified rehabilitation facility, or a qualified domestic violence shelter or service, or qualified child advocacy center.

(e) "Commission" means the State Employees Group Insurance Advisory Commission authorized by this Act. Commencing July 1, 1984, "Commission" as used in this Act means the Commission on Government Forecasting and Accountability as established by the Legislative Commission Reorganization Act of 1984.

(f) "Contributory", when referred to as contributory coverage, shall mean optional coverages or benefits elected by the member toward the cost of which such member makes contribution, or which are funded in whole or in part through the acceptance of a reduction in earnings or the foregoing of an increase in earnings by an employee, as distinguished from noncontributory coverage or benefits which are paid entirely by the State of Illinois without reduction of the member's salary.

(g) "Department" means any department, institution, board, commission, officer, court or any agency of the State government receiving appropriations and having power to certify payrolls to the Comptroller authorizing payments of salary and wages against such appropriations as are made by the General Assembly from any State fund,
or against trust funds held by the State Treasurer and includes boards of
trustees of the retirement systems created by Articles 2, 14, 15, 16 and 18
of the Illinois Pension Code. "Department" also includes the Illinois
Comprehensive Health Insurance Board, the Board of Examiners
established under the Illinois Public Accounting Act, and the Illinois
Finance Authority.

(h) "Dependent", when the term is used in the context of the health
and life plan, means a member's spouse and any unmarried child (1) from
birth to age 19 including an adopted child, a child who lives with the
member from the time of the filing of a petition for adoption until entry of
an order of adoption, a stepchild or recognized child who lives with the
member in a parent-child relationship, or a child who lives with the
member if such member is a court appointed guardian of the child, or (2)
age 19 to 23 enrolled as a full-time student in any accredited school,
financially dependent upon the member, and eligible to be claimed as a
dependent for income tax purposes, or (3) age 19 or over who is mentally
or physically handicapped. For the health plan only, the term "dependent"
also includes any person enrolled prior to the effective date of this Section
who is dependent upon the member to the extent that the member may
claim such person as a dependent for income tax deduction purposes; no
other such person may be enrolled. For the health plan only, the term
"dependent" also includes any person who has received after June 30, 2000
an organ transplant and who is financially dependent upon the member and
eligible to be claimed as a dependent for income tax purposes.

(i) "Director" means the Director of the Illinois Department of
Central Management Services.

(j) "Eligibility period" means the period of time a member has to
elect enrollment in programs or to select benefits without regard to age,
sex or health.

(k) "Employee" means and includes each officer or employee in the
service of a department who (1) receives his compensation for service
rendered to the department on a warrant issued pursuant to a payroll
certified by a department or on a warrant or check issued and drawn by a
department upon a trust, federal or other fund or on a warrant issued

New matter indicated by italics - deletions by strikeout
pursuant to a payroll certified by an elected or duly appointed officer of the State or who receives payment of the performance of personal services on a warrant issued pursuant to a payroll certified by a Department and drawn by the Comptroller upon the State Treasurer against appropriations made by the General Assembly from any fund or against trust funds held by the State Treasurer, and (2) is employed full-time or part-time in a position normally requiring actual performance of duty during not less than 1/2 of a normal work period, as established by the Director in cooperation with each department, except that persons elected by popular vote will be considered employees during the entire term for which they are elected regardless of hours devoted to the service of the State, and (3) except that "employee" does not include any person who is not eligible by reason of such person's employment to participate in one of the State retirement systems under Articles 2, 14, 15 (either the regular Article 15 system or the optional retirement program established under Section 15-158.2) or 18, or under paragraph (2), (3), or (5) of Section 16-106, of the Illinois Pension Code, but such term does include persons who are employed during the 6 month qualifying period under Article 14 of the Illinois Pension Code. Such term also includes any person who (1) after January 1, 1966, is receiving ordinary or accidental disability benefits under Articles 2, 14, 15 (including ordinary or accidental disability benefits under the optional retirement program established under Section 15-158.2), paragraphs (2), (3), or (5) of Section 16-106, or Article 18 of the Illinois Pension Code, for disability incurred after January 1, 1966, (2) receives total permanent or total temporary disability under the Workers' Compensation Act or Occupational Disease Act as a result of injuries sustained or illness contracted in the course of employment with the State of Illinois, or (3) is not otherwise covered under this Act and has retired as a participating member under Article 2 of the Illinois Pension Code but is ineligible for the retirement annuity under Section 2-119 of the Illinois Pension Code. However, a person who satisfies the criteria of the foregoing definition of "employee" except that such person is made ineligible to participate in the State Universities Retirement System by clause (4) of subsection (a) of Section 15-107 of the Illinois Pension Code

New matter indicated by italics - deletions by strikeout
is also an "employee" for the purposes of this Act. "Employee" also includes any person receiving or eligible for benefits under a sick pay plan established in accordance with Section 36 of the State Finance Act. "Employee" also includes (i) each officer or employee in the service of a qualified local government, including persons appointed as trustees of sanitary districts regardless of hours devoted to the service of the sanitary district, (ii) each employee in the service of a qualified rehabilitation facility, (iii) each full-time employee in the service of a qualified domestic violence shelter or service, and (iv) each full-time employee in the service of a qualified child advocacy center, as determined according to rules promulgated by the Director.

(l) "Member" means an employee, annuitant, retired employee or survivor.

(m) "Optional coverages or benefits" means those coverages or benefits available to the member on his or her voluntary election, and at his or her own expense.

(n) "Program" means the group life insurance, health benefits and other employee benefits designed and contracted for by the Director under this Act.

(o) "Health plan" means a health benefits program offered by the State of Illinois for persons eligible for the plan.

(p) "Retired employee" means any person who would be an annuitant as that term is defined herein but for the fact that such person retired prior to January 1, 1966. Such term also includes any person formerly employed by the University of Illinois in the Cooperative Extension Service who would be an annuitant but for the fact that such person was made ineligible to participate in the State Universities Retirement System by clause (4) of subsection (a) of Section 15-107 of the Illinois Pension Code.

(q) "Survivor" means a person receiving an annuity as a survivor of an employee or of an annuitant. "Survivor" also includes: (1) the surviving dependent of a person who satisfies the definition of "employee" except that such person is made ineligible to participate in the State Universities Retirement System by clause (4) of subsection (a) of Section 15-107 of the
Illinois Pension Code; (2) the surviving dependent of any person formerly employed by the University of Illinois in the Cooperative Extension Service who would be an annuitant except for the fact that such person was made ineligible to participate in the State Universities Retirement System by clause (4) of subsection (a) of Section 15-107 of the Illinois Pension Code; and (3) the surviving dependent of a person who was an annuitant under this Act by virtue of receiving an alternative retirement cancellation payment under Section 14-108.5 of the Illinois Pension Code.

(q-2) "SERS" means the State Employees' Retirement System of Illinois, created under Article 14 of the Illinois Pension Code.

Sec. 10. Payments by State; premiums.
(a) The State shall pay the cost of basic non-contributory group life insurance and, subject to member paid contributions set by the Department or required by this Section, the basic program of group health benefits on each eligible member, except a member, not otherwise covered by this Act, who has retired as a participating member under Article 2 of the Illinois Pension Code but is ineligible for the retirement annuity under Section 2-119 of the Illinois Pension Code, and part of each eligible member's and retired member's premiums for health insurance coverage for enrolled dependents as provided by Section 9. The State shall pay the cost of the basic program of group health benefits only after benefits are reduced by the amount of benefits covered by Medicare for all members and dependents who are eligible for benefits under Social Security or the Railroad Retirement system or who had sufficient Medicare-covered government employment, except that such reduction in benefits shall apply only to those members and dependents who (1) first become eligible for such Medicare coverage on or after July 1, 1992; or (2) are Medicare-eligible members or dependents of a local government unit which began participation in the program on or after July 1, 1992; or (3) remain eligible for, but no longer receive Medicare coverage which they had been receiving on or after July 1, 1992. The Department may determine the aggregate level of the State's contribution on the basis of actual cost of medical services adjusted for age, sex or geographic or other demographic characteristics which affect the costs of such programs.

The cost of participation in the basic program of group health benefits for the dependent or survivor of a living or deceased retired employee who was formerly employed by the University of Illinois in the Cooperative Extension Service and would be an annuitant but for the fact that he or she was made ineligible to participate in the State Universities Retirement System by clause (4) of subsection (a) of Section 15-107 of the

Illinois Pension Code shall not be greater than the cost of participation that would otherwise apply to that dependent or survivor if he or she were the dependent or survivor of an annuitant under the State Universities Retirement System.

(a-1) Beginning January 1, 1998, for each person who becomes a new SERS annuitant and participates in the basic program of group health benefits, the State shall contribute toward the cost of the annuitant's coverage under the basic program of group health benefits an amount equal to 5% of that cost for each full year of creditable service upon which the annuitant's retirement annuity is based, up to a maximum of 100% for an annuitant with 20 or more years of creditable service. The remainder of the cost of a new SERS annuitant's coverage under the basic program of group health benefits shall be the responsibility of the annuitant. In the case of a new SERS annuitant who has elected to receive an alternative retirement cancellation payment under Section 14-108.5 of the Illinois Pension Code in lieu of an annuity, for the purposes of this subsection the annuitant shall be deemed to be receiving a retirement annuity based on the number of years of creditable service that the annuitant had established at the time of his or her termination of service under SERS.

(a-2) Beginning January 1, 1998, for each person who becomes a new SERS survivor and participates in the basic program of group health benefits, the State shall contribute toward the cost of the survivor's coverage under the basic program of group health benefits an amount equal to 5% of that cost for each full year of the deceased employee's or deceased annuitant's creditable service in the State Employees' Retirement System of Illinois on the date of death, up to a maximum of 100% for a survivor of an employee or annuitant with 20 or more years of creditable service. The remainder of the cost of the new SERS survivor's coverage under the basic program of group health benefits shall be the responsibility of the survivor. In the case of a new SERS survivor who was the dependent of an annuitant who elected to receive an alternative retirement cancellation payment under Section 14-108.5 of the Illinois Pension Code in lieu of an annuity, for the purposes of this subsection the deceased

annuitant's creditable service shall be determined as of the date of termination of service rather than the date of death.

(a-3) Beginning January 1, 1998, for each person who becomes a new SERS annuitant and participates in the basic program of group health benefits, the State shall contribute toward the cost of the annuitant's coverage under the basic program of group health benefits an amount equal to 5% of that cost for each full year of creditable service upon which the annuitant's retirement annuity is based, up to a maximum of 100% for an annuitant with 20 or more years of creditable service. The remainder of the cost of a new SERS annuitant's coverage under the basic program of group health benefits shall be the responsibility of the annuitant.

(a-4) (Blank).

(a-5) Beginning January 1, 1998, for each person who becomes a new SERS survivor and participates in the basic program of group health benefits, the State shall contribute toward the cost of the survivor's coverage under the basic program of group health benefits an amount equal to 5% of that cost for each full year of the deceased employee's or deceased annuitant's creditable service in the State Universities Retirement System on the date of death, up to a maximum of 100% for a survivor of an employee or annuitant with 20 or more years of creditable service. The remainder of the cost of the new SERS survivor's coverage under the basic program of group health benefits shall be the responsibility of the survivor.

(a-6) Beginning July 1, 1998, for each person who becomes a new TRS State annuitant and participates in the basic program of group health benefits, the State shall contribute toward the cost of the annuitant's coverage under the basic program of group health benefits an amount equal to 5% of that cost for each full year of creditable service as a teacher as defined in paragraph (2), (3), or (5) of Section 16-106 of the Illinois Pension Code upon which the annuitant's retirement annuity is based, up to a maximum of 100%; except that the State contribution shall be 12.5% per year (rather than 5%) for each full year of creditable service as a regional superintendent or assistant regional superintendent of schools. The remainder of the cost of a new TRS State annuitant's coverage under
the basic program of group health benefits shall be the responsibility of the annuitant.

(a-7) Beginning July 1, 1998, for each person who becomes a new TRS State survivor and participates in the basic program of group health benefits, the State shall contribute toward the cost of the survivor's coverage under the basic program of group health benefits an amount equal to 5% of that cost for each full year of the deceased employee's or deceased annuitant's creditable service as a teacher as defined in paragraph (2), (3), or (5) of Section 16-106 of the Illinois Pension Code on the date of death, up to a maximum of 100%; except that the State contribution shall be 12.5% per year (rather than 5%) for each full year of the deceased employee's or deceased annuitant's creditable service as a regional superintendent or assistant regional superintendent of schools. The remainder of the cost of the new TRS State survivor's coverage under the basic program of group health benefits shall be the responsibility of the survivor.

(a-8) A new SERS annuitant, new SERS survivor, new SURS annuitant, new SURS survivor, new TRS State annuitant, or new TRS State survivor may waive or terminate coverage in the program of group health benefits. Any such annuitant or survivor who has waived or terminated coverage may enroll or re-enroll in the program of group health benefits only during the annual benefit choice period, as determined by the Director; except that in the event of termination of coverage due to nonpayment of premiums, the annuitant or survivor may not re-enroll in the program.

(a-9) No later than May 1 of each calendar year, the Director of Central Management Services shall certify in writing to the Executive Secretary of the State Employees' Retirement System of Illinois the amounts of the Medicare supplement health care premiums and the amounts of the health care premiums for all other retirees who are not Medicare eligible.

A separate calculation of the premiums based upon the actual cost of each health care plan shall be so certified.

The Director of Central Management Services shall provide to the Executive Secretary of the State Employees' Retirement System of Illinois such information, statistics, and other data as he or she may require to review the premium amounts certified by the Director of Central Management Services.

(b) State employees who become eligible for this program on or after January 1, 1980 in positions normally requiring actual performance of duty not less than 1/2 of a normal work period but not equal to that of a normal work period, shall be given the option of participating in the available program. If the employee elects coverage, the State shall contribute on behalf of such employee to the cost of the employee's benefit and any applicable dependent supplement, that sum which bears the same percentage as that percentage of time the employee regularly works when compared to normal work period.

(c) The basic non-contributory coverage from the basic program of group health benefits shall be continued for each employee not in pay status or on active service by reason of (1) leave of absence due to illness or injury, (2) authorized educational leave of absence or sabbatical leave, or (3) military leave with pay and benefits. This coverage shall continue until expiration of authorized leave and return to active service, but not to exceed 24 months for leaves under item (1) or (2). This 24-month limitation and the requirement of returning to active service shall not apply to persons receiving ordinary or accidental disability benefits or retirement benefits through the appropriate State retirement system or benefits under the Workers' Compensation or Occupational Disease Act.

(d) The basic group life insurance coverage shall continue, with full State contribution, where such person is (1) absent from active service by reason of disability arising from any cause other than self-inflicted, (2) on authorized educational leave of absence or sabbatical leave, or (3) on military leave with pay and benefits.

(e) Where the person is in non-pay status for a period in excess of 30 days or on leave of absence, other than by reason of disability, educational or sabbatical leave, or military leave with pay and benefits, such person may continue coverage only by making personal payment
equal to the amount normally contributed by the State on such person's behalf. Such payments and coverage may be continued: (1) until such time as the person returns to a status eligible for coverage at State expense, but not to exceed 24 months, (2) until such person's employment or annuitant status with the State is terminated, or (3) for a maximum period of 4 years for members on military leave with pay and benefits and military leave without pay and benefits (exclusive of any additional service imposed pursuant to law).

(f) The Department shall establish by rule the extent to which other employee benefits will continue for persons in non-pay status or who are not in active service.

(g) The State shall not pay the cost of the basic non-contributory group life insurance, program of health benefits and other employee benefits for members who are survivors as defined by paragraphs (1) and (2) of subsection (q) of Section 3 of this Act. The costs of benefits for these survivors shall be paid by the survivors or by the University of Illinois Cooperative Extension Service, or any combination thereof. However, the State shall pay the amount of the reduction in the cost of participation, if any, resulting from the amendment to subsection (a) made by this amendatory Act of the 91st General Assembly.

(h) Those persons occupying positions with any department as a result of emergency appointments pursuant to Section 8b.8 of the Personnel Code who are not considered employees under this Act shall be given the option of participating in the programs of group life insurance, health benefits and other employee benefits. Such persons electing coverage may participate only by making payment equal to the amount normally contributed by the State for similarly situated employees. Such amounts shall be determined by the Director. Such payments and coverage may be continued until such time as the person becomes an employee pursuant to this Act or such person's appointment is terminated.

(i) Any unit of local government within the State of Illinois may apply to the Director to have its employees, annuitants, and their dependents provided group health coverage under this Act on a non-insured basis. To participate, a unit of local government must agree to
enroll all of its employees, who may select coverage under either the State
group health benefits plan or a health maintenance organization that has
contracted with the State to be available as a health care provider for
employees as defined in this Act. A unit of local government must remit
the entire cost of providing coverage under the State group health benefits
plan or, for coverage under a health maintenance organization, an amount
determined by the Director based on an analysis of the sex, age,
geographic location, or other relevant demographic variables for its
employees, except that the unit of local government shall not be required
to enroll those of its employees who are covered spouses or dependents
under this plan or another group policy or plan providing health benefits as
long as (1) an appropriate official from the unit of local government attests
that each employee not enrolled is a covered spouse or dependent under
this plan or another group policy or plan, and (2) at least 85% of the
employees are enrolled and the unit of local government remits the entire
cost of providing coverage to those employees, except that a participating
school district must have enrolled at least 85% of its full-time employees
who have not waived coverage under the district's group health plan by
participating in a component of the district's cafeteria plan. A participating
school district is not required to enroll a full-time employee who has
waived coverage under the district's health plan, provided that an
appropriate official from the participating school district attests that the
full-time employee has waived coverage by participating in a component
of the district's cafeteria plan. For the purposes of this subsection,
"participating school district" includes a unit of local government whose
primary purpose is education as defined by the Department's rules.

Employees of a participating unit of local government who are not
enrolled due to coverage under another group health policy or plan may
enroll in the event of a qualifying change in status, special enrollment,
special circumstance as defined by the Director, or during the annual
Benefit Choice Period. A participating unit of local government may also
elect to cover its annuitants. Dependent coverage shall be offered on an
optional basis, with the costs paid by the unit of local government, its
employees, or some combination of the two as determined by the unit of

local government. The unit of local government shall be responsible for timely collection and transmission of dependent premiums.

The Director shall annually determine monthly rates of payment, subject to the following constraints:

(1) In the first year of coverage, the rates shall be equal to the amount normally charged to State employees for elected optional coverages or for enrolled dependents coverages or other contributory coverages, or contributed by the State for basic insurance coverages on behalf of its employees, adjusted for differences between State employees and employees of the local government in age, sex, geographic location or other relevant demographic variables, plus an amount sufficient to pay for the additional administrative costs of providing coverage to employees of the unit of local government and their dependents.

(2) In subsequent years, a further adjustment shall be made to reflect the actual prior years' claims experience of the employees of the unit of local government.

In the case of coverage of local government employees under a health maintenance organization, the Director shall annually determine for each participating unit of local government the maximum monthly amount the unit may contribute toward that coverage, based on an analysis of (i) the age, sex, geographic location, and other relevant demographic variables of the unit's employees and (ii) the cost to cover those employees under the State group health benefits plan. The Director may similarly determine the maximum monthly amount each unit of local government may contribute toward coverage of its employees' dependents under a health maintenance organization.

Monthly payments by the unit of local government or its employees for group health benefits plan or health maintenance organization coverage shall be deposited in the Local Government Health Insurance Reserve Fund.

The Local Government Health Insurance Reserve Fund shall be a continuing fund not subject to fiscal year limitations. All expenditures from this Fund shall be used for payments for health care benefits for local

government and rehabilitation facility employees, annuitants, and dependents, and to reimburse the Department or its administrative service organization for all expenses incurred in the administration of benefits. No other State funds may be used for these purposes.

A local government employer's participation or desire to participate in a program created under this subsection shall not limit that employer's duty to bargain with the representative of any collective bargaining unit of its employees.

(j) Any rehabilitation facility within the State of Illinois may apply to the Director to have its employees, annuitants, and their eligible dependents provided group health coverage under this Act on a non-insured basis. To participate, a rehabilitation facility must agree to enroll all of its employees and remit the entire cost of providing such coverage for its employees, except that the rehabilitation facility shall not be required to enroll those of its employees who are covered spouses or dependents under this plan or another group policy or plan providing health benefits as long as (1) an appropriate official from the rehabilitation facility attests that each employee not enrolled is a covered spouse or dependent under this plan or another group policy or plan, and (2) at least 85% of the employees are enrolled and the rehabilitation facility remits the entire cost of providing coverage to those employees. Employees of a participating rehabilitation facility who are not enrolled due to coverage under another group health policy or plan may enroll in the event of a qualifying change in status, special enrollment, special circumstance as defined by the Director, or during the annual Benefit Choice Period. A participating rehabilitation facility may also elect to cover its annuitants. Dependent coverage shall be offered on an optional basis, with the costs paid by the rehabilitation facility, its employees, or some combination of the 2 as determined by the rehabilitation facility. The rehabilitation facility shall be responsible for timely collection and transmission of dependent premiums.

The Director shall annually determine quarterly rates of payment, subject to the following constraints:

New matter indicated by italics - deletions by strikeout
(1) In the first year of coverage, the rates shall be equal to the amount normally charged to State employees for elected optional coverages or for enrolled dependents coverages or other contributory coverages on behalf of its employees, adjusted for differences between State employees and employees of the rehabilitation facility in age, sex, geographic location or other relevant demographic variables, plus an amount sufficient to pay for the additional administrative costs of providing coverage to employees of the rehabilitation facility and their dependents.

(2) In subsequent years, a further adjustment shall be made to reflect the actual prior years' claims experience of the employees of the rehabilitation facility.

Monthly payments by the rehabilitation facility or its employees for group health benefits shall be deposited in the Local Government Health Insurance Reserve Fund.

(k) Any domestic violence shelter or service within the State of Illinois may apply to the Director to have its employees, annuitants, and their dependents provided group health coverage under this Act on a non-insured basis. To participate, a domestic violence shelter or service must agree to enroll all of its employees and pay the entire cost of providing such coverage for its employees. A participating domestic violence shelter may also elect to cover its annuitants. Dependent coverage shall be offered on an optional basis, with employees, or some combination of the 2 as determined by the domestic violence shelter or service. The domestic violence shelter or service shall be responsible for timely collection and transmission of dependent premiums.

The Director shall annually determine rates of payment, subject to the following constraints:

(1) In the first year of coverage, the rates shall be equal to the amount normally charged to State employees for elected optional coverages or for enrolled dependents coverages or other contributory coverages on behalf of its employees, adjusted for differences between State employees and employees of the domestic violence shelter or service in age, sex, geographic variables.

location or other relevant demographic variables, plus an amount sufficient to pay for the additional administrative costs of providing coverage to employees of the domestic violence shelter or service and their dependents.

(2) In subsequent years, a further adjustment shall be made to reflect the actual prior years' claims experience of the employees of the domestic violence shelter or service.

Monthly payments by the domestic violence shelter or service or its employees for group health insurance shall be deposited in the Local Government Health Insurance Reserve Fund.

(l) A public community college or entity organized pursuant to the Public Community College Act may apply to the Director initially to have only annuitants not covered prior to July 1, 1992 by the district's health plan provided health coverage under this Act on a non-insured basis. The community college must execute a 2-year contract to participate in the Local Government Health Plan. Any annuitant may enroll in the event of a qualifying change in status, special enrollment, special circumstance as defined by the Director, or during the annual Benefit Choice Period.

The Director shall annually determine monthly rates of payment subject to the following constraints: for those community colleges with annuitants only enrolled, first year rates shall be equal to the average cost to cover claims for a State member adjusted for demographics, Medicare participation, and other factors; and in the second year, a further adjustment of rates shall be made to reflect the actual first year's claims experience of the covered annuitants.

(l-5) The provisions of subsection (l) become inoperative on July 1, 1999.

(m) The Director shall adopt any rules deemed necessary for implementation of this amendatory Act of 1989 (Public Act 86-978).

(n) Any child advocacy center within the State of Illinois may apply to the Director to have its employees, annuitants, and their dependants provided group health coverage under this Act on a non-insured basis. To participate, a child advocacy center must agree to enroll all of its employees and pay the entire cost of providing coverage for its employees.

A participating child advocacy center may also elect to cover its annuitants. Dependent coverage shall be offered on an optional basis, with the costs paid by the child advocacy center, its employees, or some combination of the 2 as determined by the child advocacy center. The child advocacy center shall be responsible for timely collection and transmission of dependent premiums.

The Director shall annually determine rates of payment, subject to the following constraints:

(1) In the first year of coverage, the rates shall be equal to the amount normally charged to State employees for elected optional coverages or for enrolled dependents coverages or other contributory coverages on behalf of its employees, adjusted for differences between State employees and employees of the child advocacy center in age, sex, geographic location, or other relevant demographic variables, plus an amount sufficient to pay for the additional administrative costs of providing coverage to employees of the child advocacy center and their dependents.

(2) In subsequent years, a further adjustment shall be made to reflect the actual prior years' claims experience of the employees of the child advocacy center.

Monthly payments by the child advocacy center or its employees for group health insurance shall be deposited into the Local Government Health Insurance Reserve Fund.

licenses by practitioners in all categories licensed under the Medical Practice Act of 1987 and shall provide that all eligible persons be fully informed of this specification.

(d) These rules shall establish eligibility requirements for members and dependents as may be necessary to supplement or clarify requirements contained in this Act.

(e) Each affected department of the State, the State Universities Retirement System, the Teachers' Retirement System, and each qualified local government, rehabilitation facility, or domestic violence shelter or service, or child advocacy center, shall keep such records, make such certifications, and furnish the Director such information as may be necessary for the administration of this Act, including information concerning number and total amounts of payroll of employees of the department who are paid from trust funds or federal funds.

(f) Each member, each community college benefit recipient to whom this Act applies, and each TRS benefit recipient to whom this Act applies shall furnish the Director, in such form as may be required, any information that may be necessary to enroll such member or benefit recipient and, if applicable, his or her dependents or dependent beneficiaries under the programs or plan, including such data as may be required to allow the Director to accumulate statistics on data normally considered in actuarial studies of employee groups. Information about community college benefit recipients and community college dependent beneficiaries shall be furnished through the State Universities Retirement System. Information about TRS benefit recipients and TRS dependent beneficiaries shall be furnished through the Teachers' Retirement System.

(g) There shall be audits and reports on the programs authorized and established by this Act prepared by the Director with the assistance of a qualified, independent accounting firm. The reports shall provide information on the experience, and administrative effectiveness and adequacy of the program including, when applicable, recommendations on up-grading of benefits and improvement of the program.

(h) Any final order, decision or other determination made, issued or executed by the Director under the provisions of this Act whereby any
contractor or person is aggrieved shall be subject to review in accordance with the provisions of the Administrative Review Law and all amendments and modifications thereof, and the rules adopted pursuant thereto, shall apply to and govern all proceedings for the judicial review of final administrative decisions of the Director.

AN ACT concerning regulation.  
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Ambulatory Surgical Treatment Center Act is amended by adding Section 6.7 as follows:

(210 ILCS 5/6.7 new)  
Sec. 6.7. Registered nurse administration of limited levels of sedation or analgesia.  
(a) Nothing in this Act precludes a registered nurse from administering medications for the delivery of local or minimal sedation ordered by a physician licensed to practice medicine in all its branches, podiatrist, or dentist.

(b) If the ASTC policy allows the registered nurse to deliver moderate sedation ordered by a physician licensed to practice medicine in all its branches, podiatrist, or dentist, the following are required:

1. The registered nurse must be under the supervision of a physician licensed to practice medicine in all its branches, podiatrist, or dentist during the delivery or monitoring of moderate sedation and have no other responsibilities during the procedure.

New matter indicated by italics - deletions by strikeout
(2) The registered nurse must maintain current Advanced Cardiac Life Support certification or Pediatric Advanced Life Support certification as appropriate to the age of the patient.

(3) The supervising physician licensed to practice medicine in all its branches, podiatrist, or dentist must have training and experience in delivering and monitoring moderate sedation and possess clinical privileges at the ASTC to administer moderate sedation or analgesia.

(4) The supervising physician licensed to practice medicine in all its branches, podiatrist, or dentist must remain physically present and available on the premises during the delivery of moderate sedation for diagnosis, consultation, and treatment of emergency medical conditions.

(5) The supervising physician licensed to practice medicine in all its branches, podiatrist, or dentist must maintain current Advanced Cardiac Life Support certification or Pediatric Advanced Life Support certification as appropriate to the age of the patient.

(c) Local, minimal, and moderate sedation shall be defined by the Division of Professional Regulation of the Department of Financial and Professional Regulation. Registered nurses shall be limited to administering medications for moderate sedation at doses rapidly reversible pharmacologically as determined by rule by the Division of Professional Regulation of the Department of Financial and Professional Regulation.

Section 10. The Medical Practice Act of 1987 is amended by adding Section 54.6 as follows:

(225 ILCS 60/54.6 new)

Sec. 54.6. Registered nurse administration of limited levels of anesthesia. Nothing in this Act precludes a registered nurse from administering local anesthesia or minimal sedation or moderate sedation, as defined by rule, ordered by a physician licensed to practice medicine in all its branches. The Department shall define the levels of anesthesia by rule. The Department shall list the medications for moderate sedation that
are permitted under subsection (c) of Section 6.7 of the Ambulatory Surgical Treatment Act as rapidly reversible pharmacologically.

Section 5. The Counties Code is amended by changing Section 5-1101 as follows:

(55 ILCS 5/5-1101) (from Ch. 34, par. 5-1101)

Sec. 5-1101. Additional fees to finance court system. A county board may enact by ordinance or resolution the following fees:

(a) A $5 fee to be paid by the defendant on a judgment of guilty or a grant of supervision for violation of the Illinois Vehicle Code other than Section 11-501 or violations of similar provisions contained in county or municipal ordinances committed in the county, and up to a $30 fee to be paid by the defendant on a judgment of guilty or a grant of supervision for violation of Section 11-501 of the Illinois Vehicle Code or a violation of a similar provision contained in county or municipal ordinances committed in the county.

(b) In the case of a county having a population of 1,000,000 or less, a $5 fee to be collected in all civil cases by the clerk of the circuit court.

(c) A fee to be paid by the defendant on a judgment of guilty or a grant of supervision under Section 5-9-1 of the Unified Code of Corrections, as follows:

(1) for a felony, $50;
(2) for a class A misdemeanor, $25;

New matter indicated by italics - deletions by strikeout
(3) for a class B or class C misdemeanor, $15;
(4) for a petty offense, $10;
(5) for a business offense, $10.

(d) A $100 fee for the second and subsequent violations of Section 11-501 of the Illinois Vehicle Code or violations of similar provisions contained in county or municipal ordinances committed in the county. The proceeds of this fee shall be placed in the county general fund and used to finance education programs related to driving under the influence of alcohol or drugs.

(d-5) A $10 fee to be paid by the defendant on a judgment of guilty or a grant of supervision under Section 5-9-1 of the Unified Code of Corrections to be placed in the county general fund and used to finance the county mental health court, the county drug court, or both.

(e) In each county in which a teen court, peer court, peer jury, youth court, or other youth diversion program has been created, a county may adopt a mandatory fee of up to $5 to be assessed as provided in this subsection. Assessments collected by the clerk of the circuit court pursuant to this subsection must be deposited into an account specifically for the operation and administration of a teen court, peer court, peer jury, youth court, or other youth diversion program. The clerk of the circuit court shall collect the fees established in this subsection and must remit the fees to the teen court, peer court, peer jury, youth court, or other youth diversion program monthly, less 5%, which is to be retained as fee income to the office of the clerk of the circuit court. The fees are to be paid as follows:

(1) a fee of up to $5 paid by the defendant on a judgment of guilty or grant of supervision for violation of the Illinois Vehicle Code or violations of similar provisions contained in county or municipal ordinances committed in the county;

(2) a fee of up to $5 paid by the defendant on a judgment of guilty or grant of supervision under Section 5-9-1 of the Unified Code of Corrections for a felony; for a Class A, Class B, or Class C misdemeanor; for a petty offense; and for a business offense.

(f) The proceeds of all fees enacted under this Section must, except as provided in subsections (d), (d-5), and (e), be placed in the county
general fund and used to finance the court system in the county, unless the fee is subject to disbursement by the circuit clerk as provided under Section 27.5 of the Clerks of Courts Act.

PUBLIC ACT 94-0863
(House Bill No. 4688)

AN ACT concerning criminal law.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Criminal Code of 1961 is amended by changing Section 17-29 as follows:

(720 ILCS 5/17-29)

Sec. 17-29. Businesses owned by minorities, females, and persons with disabilities; fraudulent contracts with governmental units.

(a) In this Section:

"Minority person" means a person who is: (1) African American (a person having origins in any of the black racial groups in Africa); (2) Hispanic (a person of Spanish or Portuguese culture with origins in Mexico, South or Central America, or the Caribbean Islands, regardless of race); (3) Asian American (a person having origins in any of the original peoples of the Far East, Southeast Asia, the Indian Subcontinent or the Pacific Islands); or (4) Native American or Alaskan Native (a person having origins in any of the original peoples of North America).

"Female" means a person who is of the female gender.

"Person with a disability" means a person who is a person qualifying as being disabled.

New matter indicated by italics - deletions by strikeout
"Disabled" means a severe physical or mental disability that: (1) results from: amputation, arthritis, autism, blindness, burn injury, cancer, cerebral palsy, cystic fibrosis, deafness, head injury, heart disease, hemiplegia, hemophilia, respiratory or pulmonary dysfunction, mental retardation, mental illness, multiple sclerosis, muscular dystrophy, musculoskeletal disorders, neurological disorders, including stroke and epilepsy, paraplegia, quadriplegia and other spinal cord conditions, sickle cell anemia, specific learning disabilities, or end stage renal failure disease; and (2) substantially limits one or more of the person's major life activities.

"Minority owned business" means a business concern that is at least 51% owned by one or more minority persons, or in the case of a corporation, at least 51% of the stock in which is owned by one or more minority persons; and the management and daily business operations of which are controlled by one or more of the minority individuals who own it.

"Female owned business" means a business concern that is at least 51% owned by one or more females, or, in the case of a corporation, at least 51% of the stock in which is owned by one or more females; and the management and daily business operations of which are controlled by one or more of the females who own it.

"Business owned by a person with a disability" means a business concern that is at least 51% owned by one or more persons with a disability and the management and daily business operations of which are controlled by one or more of the persons with disabilities who own it. A not-for-profit agency for persons with disabilities that is exempt from taxation under Section 501 of the Internal Revenue Code of 1986 is also considered a "business owned by a person with a disability".

"Governmental unit" means the State, a unit of local government, or school district.

(b) In addition to any other penalties imposed by law or by an ordinance or resolution of a unit of local government or school district, any individual or entity that knowingly obtains, or knowingly assists another to

under this Act shall be made to the extent of the availability and level of appropriations made for this purpose by the General Assembly.

(b) A center must meet the following criteria to be eligible to receive a grant under this Section:

1. It must be a non-profit agency or a unit of local government.
2. It must be housed in a building or portion of a building that includes space for group activities offered to the community at large.
3. It must be open 5 or more days each week, 7 or more hours per day.
4. It must employ paid staff.
5. It must offer 5 or more home or community-based services to the community at large on a daily basis.
6. A majority of the participants in the center's programs must be seniors or family members of seniors.

(c) A center must apply for a grant in the manner prescribed by the Department. At a minimum, the application must do the following:

1. Describe the services offered by the center.
2. Identify the special needs of the center and how the grant will be used to alleviate identified funding problems.
3. Demonstrate that the center addresses the service needs of seniors in the community served by the center.
4. Describe other potential funding sources.
5. Describe additional funding opportunities, if any, to be leveraged with grant funds.
6. Provide proof of the center's involvement in the community's greater service delivery system.
7. Provide documentation that funds were requested from other sources, including, but not limited to, units of local government, local donors, local Area Agencies on Aging, or private or religious foundations.
8. Include letters of support for the awarding of the grant, from sources such as local government officials, community
leaders, other human service providers, the local Area Agency on Aging, private or religious foundations, or local membership-based organizations.

(d) The Department may award grants for the purposes of modifying the physical structure of a center or experimenting with innovative programming, which includes but is not limited to after-hours programming, to permit a center to appeal to a broader array of seniors. (20 ILCS 2310/2310-600)
Sec. 2310-600. Advance directive information.
(a) The Department of Public Health shall prepare and publish the summary of advance directives law in Illinois that is required by the federal Patient Self-Determination Act. Publication may be limited to the World Wide Web.

(b) The Department of Public Health shall adopt, by rule, and publish Spanish language versions of the following:

(1) The statutory Living Will Declaration form.
(2) The Illinois Statutory Short Form Power of Attorney for Health Care.

New matter indicated by italics - deletions by strikeout
(3) The statutory Declaration of Mental Health Treatment Form.

(4) The summary of advance directives law in Illinois.

(5) Any statewide uniform Do Not Resuscitate forms. Publication may be limited to the World Wide Web.

(b-5) In consultation with a statewide professional organization representing physicians licensed to practice medicine in all its branches, statewide organizations representing nursing homes, and a statewide organization representing hospitals, the Department of Public Health shall develop and publish a uniform form for physician do-not-resuscitate orders that may be utilized in all settings. The form may be referred to as the Department of Public Health Uniform DNR Advance Directive Order form. This advance directive does not replace a physician's do-not-resuscitate (DNR) order.

(c) The Department of Public Health may contract with statewide professional organizations representing physicians licensed to practice medicine in all its branches to prepare and publish materials required by this Section. The Department of Public Health may consult with a statewide organization representing registered professional nurses on preparing materials required by this Section.

Section 25. The Health Care Surrogate Act is amended by changing Section 65 as follows:

(755 ILCS 40/65)

Sec. 65. Do-not-resuscitate advance directive forms orders.

(a) An individual of sound mind and having reached the age of majority or having obtained the status of an emancipated person pursuant to the Emancipation of Mature Minors Act may execute a document (consistent with the Department of Public Health Uniform DNR *Advance Directive Order Form*) directing that resuscitating efforts shall not be implemented. Such a document may also be executed by an attending physician. Notwithstanding the existence of a DNR order, appropriate organ donation treatment may be applied or continued...
temporarily in the event of the patient's death, in accordance with subsection (g) of Section 20 of this Act, if the patient is an organ donor.

(b) Consent to a DNR Advance Directive order may be obtained from the individual, or from another person at the individual's direction, or from the individual's legal guardian, agent under a power of attorney for health care, or surrogate decision maker, and witnessed by 2 individuals 18 years of age or older.

(c) The DNR Advance Directive order may, but need not, be in the form adopted by the Department of Public Health pursuant to Section 2310-600 of the Department of Public Health Powers and Duties Law (20 ILCS 2310/2310-600).

(d) A health care professional or health care provider may presume, in the absence of knowledge to the contrary, that a completed Department of Public Health Uniform DNR Advance Directive Order form or a copy of that Advance Directive form is a valid DNR Advance Directive order. A health care professional or health care provider, or an employee of a health care professional or health care provider, who in good faith complies with a do-not-resuscitate order made in accordance with this Act is not, as a result of that compliance, subject to any criminal or civil liability, except for willful and wanton misconduct, and may not be found to have committed an act of unprofessional conduct.

(e) Nothing in this Section or this Amendatory Act of the 94th General Assembly shall be construed to affect the ability of a physician to make a DNR order.

Sec. 30. Prohibitions.

(a) No health care plan or its subcontractors may prohibit or discourage health care providers by contract or policy from discussing any health care services and health care providers, utilization review and quality assurance policies, terms and conditions of plans and plan policy with enrollees, prospective enrollees, providers, or the public.

(b) No health care plan by contract, written policy, or procedure may permit or allow an individual or entity to dispense a different drug in place of the drug or brand of drug ordered or prescribed without the express permission of the person ordering or prescribing the drug, except as provided under Section 3.14 of the Illinois Food, Drug and Cosmetic Act.

(c) No health care plan or its subcontractors may by contract, written policy, procedure, or otherwise mandate or require an enrollee to substitute his or her participating primary care physician under the plan during inpatient hospitalization, such as with a hospitalist physician licensed to practice medicine in all its branches, without the agreement of that enrollee's participating primary care physician. "Participating primary care physician" for health care plans and subcontractors that do not require coordination of care by a primary care physician means the participating physician treating the patient. All health care plans shall inform enrollees of any policies, recommendations, or guidelines concerning the substitution of the enrollee's primary care physician when hospitalization is necessary in the manner set forth in subsections (d) and (e) of Section 15.

(55 ILCS 5/5-1062.1) (from Ch. 34, par. 5-1062.1)

Sec. 5-1062.1. Stormwater management planning councils in Cook County.

(a) Stormwater management in Cook County shall be conducted as provided in Section 7h of the Metropolitan Water Reclamation District Act. As used in this Section, "District" means the Metropolitan Water Reclamation District of Greater Chicago.

The purpose of this Section is to create planning councils, organized by watershed, to contribute to the stormwater management process by advising the Metropolitan Water Reclamation District of Greater Chicago and representing the needs and interests of the members of the public and the local governments included within their respective watersheds.

(b) Stormwater management planning councils shall be formed for each of the following established watersheds of the Chicago Metropolitan Area: North Branch Chicago River, Lower Des Plaines Tributaries, Cal-Sag Channel, Little Calumet River, Poplar Creek, and Upper Salt Creek. In

New matter indicated by italics - deletions by strikeout
addition a stormwater management planning council shall be established for the combined sewer areas of Cook County. Additional stormwater management planning councils may be formed by the District for other watersheds within Cook County. Membership on the watershed councils shall consist of the chief elected official, or his or her designee, from each municipality and township within the watershed and the Cook County Board President, or his or her designee, if unincorporated area is included in the watershed. A municipality or township shall be a member of more than one watershed council if the corporate boundaries of that municipality or township extend into more than one watershed, or if the municipality or township is served in part by separate sewers and combined sewers. Subcommittees of the stormwater management planning councils may be established to assist the stormwater management planning councils in performing their duties. The councils may adopt bylaws to govern the functioning of the stormwater management councils and subcommittees.

(c) The principal duties of the watershed planning councils shall be to advise the District on the development and implementation of the countywide stormwater management plan with respect to matters relating to their respective watersheds and to advise and represent the concerns of the units of local government in the watershed area. The councils shall meet at least quarterly and shall hold at least one public hearing during the preparation of the plan.

(d) The District shall give careful consideration to the recommendations and concerns of the watershed planning councils throughout the planning process and shall coordinate the 6 watershed plans as developed and to coordinate the planning process with the adjoining counties to ensure that recommended stormwater projects will have no significant adverse impact on the levels or flows of stormwater in the inter-county watershed or on the capacity of existing and planned stormwater retention facilities. The District shall include cost benefit analysis in its deliberations and in evaluating priorities for projects from watershed to watershed. The District shall identify in an annual published report steps taken by the District to accommodate the concerns and recommendations of the watershed planning councils.

New matter indicated by italics - deletions by strikeout
(e) The stormwater management planning councils may recommend rules and regulations to the District governing the location, width, course, and release rates of all stormwater runoff channels, streams, and basins in their respective watersheds.

(f) The Northwest Municipal Conference, the South Suburban Mayors and Managers Association, the Southwest Conference of Mayors, and the West Central Municipal Conference shall be responsible for the coordination of the planning councils created under this Section.

(a) A person is qualified to be licensed as a speech-language
pathology assistant if that person has applied in writing on forms
prescribed by the Department, has paid the required fees, and meets both
of the following criteria:

(1) Is of good moral character. In determining moral
class character, the Department may take into consideration any felony
conviction of the applicant, but such a conviction shall not operate
automatically as a complete bar to licensure.

(2) Has received an associate degree from a speech-
language pathology assistant program that has been approved by
the Department and that meets the minimum requirements set forth
in Section 8.6 or has received, prior to June 1, 2003, an associate
degree from a speech-language pathology assistant program

The practice of clinical psychology includes psychoeducational evaluation, therapy, remediation and consultation, the use of psychological and neuropsychological testing, assessment, psychotherapy, psychoanalysis, hypnosis, biofeedback, and behavioral modification when any of these are used for the purpose of preventing or eliminating psychopathology, or for the amelioration of psychological disorders of individuals or groups. "Clinical psychology" does not include the use of hypnosis by unlicensed persons pursuant to Section 3.

(6) A person represents himself to be a "clinical psychologist" within the meaning of this Act when he or she holds himself out to the public by any title or description of services incorporating the words "psychological", "psychologic", "psychologist", "psychology", or "clinical psychologist" or under such title or description offers to render or renders clinical psychological services as defined in paragraph (7) of this Section to individuals, corporations, or the public for remuneration.

(7) "Clinical psychological services" refers to any services under paragraph (5) of this Section if the words "psychological", "psychologic", "psychologist", "psychology" or "clinical psychologist" are used to describe such services by the person or organization offering to render or rendering them.

This Act shall not apply to persons lawfully carrying on their particular profession or business under any valid existing regulatory Act of the State.

Sec. 3. Necessity of license; corporations, partnerships, and associations; display of license.

(a) No individual, partnership, association or corporation shall, without a valid license as a clinical psychologist issued by the Department, in any manner hold himself or herself out to the public as a psychologist or clinical psychologist under the provisions of this Act or render or offer to render clinical psychological services as defined in paragraph 7 of Section 2 of this Act; or attach the title "clinical psychologist", "psychologist" or any other name or designation which would in any way imply that he or she is able to practice as a clinical psychologist; or offer to render or render, to individuals, corporations or the public, clinical psychological services as defined in paragraph 7 of Section 2 of this Act.

No person may engage in the practice of clinical psychology, as defined in paragraph (5) of Section 2 of this Act, without a license granted under this Act, except as otherwise provided in this Act.

(b) No association or partnership shall be granted a license unless every member, partner, and employee of the association or partnership who renders clinical psychological services holds a currently valid license issued under this Act. No license shall be issued by the Department to a corporation that (i) has a stated purpose that includes clinical psychology, or (ii) practices or holds itself out as available to practice clinical psychology, unless it is organized under the Professional Service Corporation Act.

(c) Individuals, corporations, partnerships and associations may employ practicum students, interns or postdoctoral candidates seeking to fulfill educational requirements or the professional experience requirements needed to qualify for a license as a clinical psychologist to assist in the rendering of services, provided that such employees function under the direct supervision, order, control and full professional responsibility of a licensed clinical psychologist in the corporation, partnership or association. Nothing in this paragraph shall prohibit a
corporation, partnership or association from contracting with a licensed health care professional to provide services.

(d) Nothing in this Act shall prevent the employment, by a clinical psychologist, individual, association, partnership or a corporation furnishing clinical psychological services for remuneration, of persons not licensed as clinical psychologists under the provisions of this Act to perform services in various capacities as needed, provided that such persons are not in any manner held out to the public as rendering clinical psychological services as defined in paragraph 7 of Section 2 of this Act. Nothing contained in this Act shall require any hospital, clinic, home health agency, hospice, or other entity that provides health care services to employ or to contract with a clinical psychologist licensed under this Act to perform any of the activities under paragraph (5) of Section 2 of this Act.

(e) Nothing in this Act shall be construed to limit the services and use of official title on the part of a person, not licensed under the provisions of this Act, in the employ of a State, county or municipal agency or other political subdivision insofar that such services are a part of the duties in his or her salaried position, and insofar that such services are performed solely on behalf of his or her employer.

Nothing contained in this Section shall be construed as permitting such person to offer their services as psychologists to any other persons and to accept remuneration for such psychological services other than as specifically excepted herein, unless they have been licensed under the provisions of this Act.

(f) Duly recognized members of any bonafide religious denomination shall not be restricted from functioning in their ministerial capacity provided they do not represent themselves as being clinical psychologists or providing clinical psychological services.

(g) Nothing in this Act shall prohibit individuals not licensed under the provisions of this Act who work in self-help groups or programs or not-for-profit organizations from providing services in those groups, programs, or organizations, provided that such persons are not in any
manner held out to the public as rendering clinical psychological services as defined in paragraph 7 of Section 2 of this Act.

(h) Nothing in this Act shall be construed to prevent a person from practicing hypnosis without a license issued under this Act provided that the person (1) does not otherwise engage in the practice of clinical psychology including, but not limited to, the independent evaluation, classification, and treatment of mental, emotional, behavioral, or nervous disorders or conditions, developmental disabilities, alcoholism and substance abuse, disorders of habit or conduct, the psychological aspects of physical illness, (2) does not otherwise engage in the practice of medicine including, but not limited to, the diagnosis or treatment of physical or mental ailments or conditions, and (3) does not hold himself or herself out to the public by a title or description stating or implying that the individual is a clinical psychologist or is licensed to practice clinical psychology.

(i) Every licensee under this Act shall prominently display the license at the licensee's principal office, place of business, or place of employment and, whenever requested by any representative of the Department, must exhibit the license.

Sec. 7. Board. The Secretary Director shall appoint a Board that shall serve in an advisory capacity to the Secretary Director.

The Board shall consist of 7 persons, 4 of whom are licensed clinical psychologists, and actively engaged in the practice of clinical psychology, 2 of whom are licensed clinical psychologists and are full time faculty members of accredited colleges or universities who are engaged in training clinical psychologists, and one of whom is a public member who is not a licensed health care provider. In appointing members of the Board, the Secretary Director shall give due consideration to the adequate representation of the various fields of health care psychology such as clinical psychology, school psychology and counseling psychology. In appointing members of the Board, the Secretary Director

shall give due consideration to recommendations by members of the profession of clinical psychology and by the State-wide organizations representing the interests of clinical psychologists and organizations representing the interests of academic programs as well as recommendations by approved doctoral level psychology programs in the State of Illinois. The members shall be appointed for a term of 4 years. No member shall be eligible to serve for more than 2 full terms. Any appointment to fill a vacancy shall be for the unexpired portion of the term. A member appointed to fill a vacancy for an unexpired term for a duration of 2 years or more may be reappointed for a maximum of one term and a member appointed to fill a vacancy for an unexpired term for a duration of less than 2 years may be reappointed for a maximum of 2 terms. The Secretary Director may remove any member for cause at any time prior to the expiration of his or her term.

The Board shall annually elect one of its members as chairperson and vice chairperson.

The members of the Board shall be reimbursed for all authorized legitimate and necessary expenses incurred in attending the meetings of the Board.

The Secretary Director shall give due consideration to all recommendations of the Board. In the event the Secretary Director disagrees with or takes action contrary to the recommendation of the Board, he or she shall provide the Board with a written and specific explanation of his or her actions.

A majority of the Board members currently appointed shall constitute a quorum. A vacancy in the membership of the Board shall not impair the right of a quorum to perform all of the duties of the Board.

Members of the Board shall have no liability in any action based upon any disciplinary proceeding or other activity performed in good faith as a member of the Board.

The Secretary Director may terminate the appointment of any member for cause which in the opinion of the Secretary Director reasonably justifies such termination.

Sec. 13. License renewal; restoration. The expiration date and renewal period for each license issued under this Act shall be set by rule. Every holder of a license under this Act may renew such license during the 90-day period immediately preceding the expiration date thereof upon payment of the required renewal fees.

A clinical psychologist who has permitted his or her license to expire or who has had his or her license on inactive status may have his or her license restored by making application to the Department and filing proof acceptable to the Department of his or her fitness to have his or her license restored, including evidence certifying to active practice in another jurisdiction satisfactory to the Department and by paying the required restoration fee.

If the clinical psychologist has not maintained an active practice in another jurisdiction satisfactory to the Department, the Board shall determine, by an evaluation program established by rule, his or her fitness to resume active status and may require the clinical psychologist to complete a period of supervised professional experience and may require successful completion of an examination.

However, any clinical psychologist whose license expired while he or she was (1) in Federal Service on active duty with the Armed Forces of the United States, or the State Militia called into service or training, or (2) in training or education under the supervision of the United States preliminary to induction into the military service, may have his or her license renewed or restored without paying any lapsed renewal fees if within 2 years after honorable termination of such service, training or education he or she furnishes the Department with satisfactory evidence to the effect that he or she has been so engaged and that his or her service, training or education has been so terminated.

Sec. 15. Disciplinary action; grounds. The Department may refuse to issue, refuse to renew, suspend, or revoke any license, or may place on probation, censure, reprimand, or take other disciplinary action deemed appropriate by the Department, including the imposition of fines not to exceed $10,000 for each violation, with regard to any license issued under the provisions of this Act for any one or a combination of the following reasons:

1. Conviction of, or entry of a plea of guilty or nolo contendere to, any crime that is a felony under the laws of the United States or any state or territory thereof or that is a misdemeanor of which an essential element is dishonesty, or any crime that is directly related to the practice of the profession.

2. Gross negligence in the rendering of clinical psychological services.

3. Using fraud or making any misrepresentation in applying for a license or in passing the examination provided for in this Act.

4. Aiding or abetting or conspiring to aid or abet a person, not a clinical psychologist licensed under this Act, in representing himself or herself as so licensed or in applying for a license under this Act.

5. Violation of any provision of this Act or the rules promulgated thereunder.

6. Professional connection or association with any person, firm, association, partnership or corporation holding himself, herself, themselves, or itself out in any manner contrary to this Act.

7. Unethical, unauthorized or unprofessional conduct as defined by rule. In establishing those rules, the Department shall consider, though is not bound by, the ethical standards for psychologists promulgated by recognized national psychology associations.

8. Aiding or assisting another person in violating any provisions of this Act or the rules promulgated thereunder.

9. Failing to provide, within 60 days, information in response to a written request made by the Department.

10. Habitual or excessive use or addiction to alcohol, narcotics, stimulants, or any other chemical agent or drug that results in a clinical
psychologist's inability to practice with reasonable judgment, skill or safety.

(11) Discipline by another state, territory, the District of Columbia or foreign country, if at least one of the grounds for the discipline is the same or substantially equivalent to those set forth herein.

(12) Directly or indirectly giving or receiving from any person, firm, corporation, association or partnership any fee, commission, rebate or other form of compensation for any professional service not actually or personally rendered.

(13) A finding by the Board that the licensee, after having his or her license placed on probationary status has violated the terms of probation.

(14) Willfully making or filing false records or reports, including but not limited to, false records or reports filed with State agencies or departments.

(15) Physical illness, including but not limited to, deterioration through the aging process, mental illness or disability that results in the inability to practice the profession with reasonable judgment, skill and safety.

(16) Willfully failing to report an instance of suspected child abuse or neglect as required by the Abused and Neglected Child Reporting Act.

(17) Being named as a perpetrator in an indicated report by the Department of Children and Family Services pursuant to the Abused and Neglected Child Reporting Act, and upon proof by clear and convincing evidence that the licensee has caused a child to be an abused child or neglected child as defined in the Abused and Neglected Child Reporting Act.

(18) Violation of the Health Care Worker Self-Referral Act.

(19) Making a material misstatement in furnishing information to the Department, any other State or federal agency, or any other entity.

(20) Failing to report to the Department any adverse judgment, settlement, or award arising from a liability claim related to an act or conduct similar to an act or conduct that would constitute grounds for action as set forth in this Section.

(21) Failing to report to the Department any adverse final action taken against a licensee or applicant by another licensing jurisdiction, including any other state or territory of the United States or any foreign state or country, or any peer review body, health care institution, professional society or association related to the profession, governmental agency, law enforcement agency, or court for an act or conduct similar to an act or conduct that would constitute grounds for disciplinary action as set forth in this Section.

The entry of an order by any circuit court establishing that any person holding a license under this Act is subject to involuntary admission or judicial admission as provided for in the Mental Health and Developmental Disabilities Code, operates as an automatic suspension of that license. That person may have his or her license restored only upon the determination by a circuit court that the patient is no longer subject to involuntary admission or judicial admission and the issuance of an order so finding and discharging the patient and upon the Board's recommendation to the Department that the license be restored. Where the circumstances so indicate, the Board may recommend to the Department that it require an examination prior to restoring any license so automatically suspended.

The Department may refuse to issue or may suspend the license of any person who fails to file a return, or to pay the tax, penalty or interest shown in a filed return, or to pay any final assessment of the tax penalty or interest, as required by any tax Act administered by the Illinois Department of Revenue, until such time as the requirements of any such tax Act are satisfied.

In enforcing this Section, the Board upon a showing of a possible violation may compel any person licensed to practice under this Act, or who has applied for licensure or certification pursuant to this Act, to submit to a mental or physical examination, or both, as required by and at the expense of the Department. The examining physicians or clinical psychologists shall be those specifically designated by the Board. The Board or the Department may order the examining physician or clinical psychologist to present testimony concerning this mental or physical

examination of the licensee or applicant. No information shall be excluded by reason of any common law or statutory privilege relating to communications between the licensee or applicant and the examining physician or clinical psychologist. The person to be examined may have, at his or her own expense, another physician or clinical psychologist of his or her choice present during all aspects of the examination. Failure of any person to submit to a mental or physical examination, when directed, shall be grounds for suspension of a license until the person submits to the examination if the Board finds, after notice and hearing, that the refusal to submit to the examination was without reasonable cause.

If the Board finds a person unable to practice because of the reasons set forth in this Section, the Board may require that person to submit to care, counseling or treatment by physicians or clinical psychologists approved or designated by the Board, as a condition, term, or restriction for continued, reinstated, or renewed licensure to practice; or, in lieu of care, counseling or treatment, the Board may recommend to the Department to file a complaint to immediately suspend, revoke or otherwise discipline the license of the person. Any person whose license was granted, continued, reinstated, renewed, disciplined or supervised subject to such terms, conditions or restrictions, and who fails to comply with such terms, conditions or restrictions, shall be referred to the Secretary Director for a determination as to whether the person shall have his or her license suspended immediately, pending a hearing by the Board.

In instances in which the Secretary Director immediately suspends a person's license under this Section, a hearing on that person's license must be convened by the Board within 15 days after the suspension and completed without appreciable delay. The Board shall have the authority to review the subject person's record of treatment and counseling regarding the impairment, to the extent permitted by applicable federal statutes and regulations safeguarding the confidentiality of medical records.

A person licensed under this Act and affected under this Section shall be afforded an opportunity to demonstrate to the Board that he or she can resume practice in compliance with acceptable and prevailing standards under the provisions of his or her license.

Sec. 15.4. Rehearing. Whenever the Secretary Director is satisfied that substantial justice has not been done in a hearing for revocation, suspension, refusal to issue or renewal of a license or to place on probation, censure or reprimand a person licensed under the provisions of this Act, he or she may order a rehearing by the same or another hearing officer or Board.

Sec. 16. Investigations; notice; hearing. Licenses may be refused, revoked, or suspended in the manner provided by this Act and not otherwise. The Department may upon its own motion and shall upon the verified complaint in writing of any person setting forth facts that if proven would constitute grounds for refusal to issue, suspend or revoke under this Act investigate the actions of any person applying for, holding or claiming to hold a license. The Department shall, before refusing to issue, renew, suspend or revoke any license or take other disciplinary action pursuant to Section 15 of this Act, and at least 30 days prior to the date set for the hearing, notify in writing the applicant for or the holder of such license of any charges made, shall afford such accused person an opportunity to be heard in person or by counsel in reference thereto, and direct the applicant or licensee to file a written answer to the Board under oath within 20 days after the service of the notice and inform the applicant or licensee that failure to file an answer will result in default being taken against the applicant or licensee and that the license or certificate may be suspended, revoked, placed on probationary status, or other disciplinary action may be taken, including limiting the scope, nature or extent of practice, as the Secretary Director may deem proper. Written notice may be served by delivery of the same personally to the accused person, or by mailing the same by certified mail to his or her last known place of residence or to the place of business last theretofore specified by the

accused person in his or her last notification to the Department. In case the
person fails to file an answer after receiving notice, his or her license or
certificate may, in the discretion of the Department, be suspended,
revoked, or placed on probationary status, or the Department may take
whatever disciplinary action deemed proper, including limiting the scope,
nature, or extent of the person's practice or the imposition of a fine,
without a hearing, if the act or acts charged constitute sufficient grounds
for such action under this Act. At the time and place fixed in the notice,
the Board shall proceed to hearing of the charges and both the accused
person and the complainant shall be accorded ample opportunity to
present, in person or by counsel, any statements, testimony, evidence and
arguments as may be pertinent to the charges or to their defense. The
Board may continue such hearing from time to time. If the Board shall not
be sitting at the time and place fixed in the notice or at the time and place
to which the hearing shall have been continued, the Department shall
continue such hearing for a period not to exceed 30 days.

(a) Any person who practices, offers to practice, attempts to practice, or holds oneself out to practice clinical psychology without being licensed under this Act shall, in addition to any other penalty provided by law, pay a civil penalty to the Department in an amount not to exceed $10,000 $5,000 for each offense as determined by the Department. The civil penalty shall be assessed by the Department after a hearing is held in accordance with the provisions set forth in this Act regarding the provision of a hearing for the discipline of a licensee.

(b) The Department has the authority and power to investigate any and all unlicensed activity.

(c) The civil penalty shall be paid within 60 days after the effective date of the order imposing the civil penalty. The order shall constitute a judgment and may be filed and execution had thereon in the same manner as any judgment from any court of record.

Sec. 20. Report; motion for rehearing. The Board shall present to the Secretary Director its written report of its findings and recommendations. A copy of such report shall be served upon the applicant or licensee, either personally or by certified mail. Within 20 days after such service, the applicant or licensee may present to the Department a motion in writing for a rehearing, that shall specify the particular grounds for the rehearing. If no motion for a rehearing is filed, then upon the expiration of the time specified for filing such a motion, or if a motion for rehearing is denied, then upon such denial, the Secretary Director may enter an order in accordance with recommendations of the Board, except as provided in Section 16.1 of this Act. If the applicant or licensee requests and pays for a transcript of the record within the time for filing a motion for rehearing, the 20 day period within which a motion may be filed shall commence upon the delivery of the transcript.

Sec. 21.4. Order or certified copy; prima facie proof. An order or certified copy thereof, over the seal of the Department and purporting to be signed by the Secretary Director, is prima facie proof that:

1. the signature is the genuine signature of the Secretary Director;
2. the Secretary Director is duly appointed and qualified; and
3. the Board and the members thereof are qualified to act.

(Section scheduled to be repealed on January 1, 2007)

Sec. 21.6. Summary suspension of license. The Secretary Director may summarily suspend the license of a clinical psychologist without a hearing, simultaneously with the institution of proceedings for a hearing provided for in Section 16 of this Act, if the Secretary Director finds that evidence in the possession of the Secretary Director indicates that the
continuation of practice by the clinical psychologist would constitute an imminent danger to the public. In the event that the Secretary Director summarily suspends the license of an individual without a hearing, a hearing must be held within 30 days after the suspension has occurred.

Any person who delivers a check or other payment to the Department that is returned to the Department unpaid by the financial institution upon which it is drawn shall pay to the Department, in addition to the amount already owed to the Department, a fine of $50. The fines imposed by this Section are in addition to any other discipline provided under this Act for unlicensed practice or practice on a nonrenewed license. The Department shall notify the person that payment of fees and fines shall be paid to the Department by certified check or money order within 30 calendar days of the notification. If, after the expiration of 30 days from the date of the notification, the person has failed to submit the necessary remittance, the Department shall automatically terminate the license or certificate or deny the application, without hearing. If, after termination or denial, the person seeks a license or certificate, he or she shall apply to the Department for restoration or issuance of the license or certificate and pay all fees and fines due to the Department. The Department may establish a fee for the processing of an application for restoration of a license or certificate to pay all expenses of processing this application. The Secretary Director may waive the fines due under this Section in individual cases where the Secretary Director finds that the fines would be unreasonable or unnecessarily burdensome.

(225 ILCS 410/2-4) (from Ch. 111, par. 1702-4)

(Sec. 2-4. Licensure as a barber teacher; qualifications.

(1) A person is qualified to receive a license as a barber teacher if that person files an application on forms provided by the Department, pays the required fee, and:

a. Is at least 18 years of age;

b. Has graduated from high school or its equivalent;

c. Has a current license as a barber;

d. Has graduated from a barber school approved by the Department having either:

   (1) completed a total of 500 hours in barber teacher training extending over a period of not less than 3 months nor more than 2 years and has had 3 years of practical experience as a licensed barber; or

   (2) completed a total of 1,000 hours of barber teacher training extending over a period of not less than 6 months nor more than 2 years; and

   e. Has passed an examination authorized by the Department to determine fitness to receive a license as a barber teacher; and

   f. Has met any other requirements set forth in this Act.

An applicant who is issued a license as a Barber Teacher is not required to maintain a barber license in order to practice barbering as defined in this Act.

(2) A person is qualified to receive a license as a barber clinic teacher if he or she has applied in writing on forms provided by the Department, has paid the required fees, and:

(A) is at least 18 years of age;

(B) has graduated from high school or its equivalent;

(Senate Bill No. 2617)

AN ACT concerning criminal law.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

New matter indicated by italics - deletions by strikeout
Section 5. The Criminal Code of 1961 is amended by changing Sections 16H-10 and 17-1 as follows:

(720 ILCS 5/16H-10)

Sec. 16H-10. Definitions. In this Article unless the context otherwise requires:
(a) "Financial crime" means an offense described in this Article.
(b) "Financial institution" means any bank, savings bank, savings and loan association, credit union, trust company, currency exchange, or a depository of money, or medium of savings and collective investment.
(Source: P.A. 93-440, eff. 8-5-03.)

(720 ILCS 5/17-1) (from Ch. 38, par. 17-1)

Sec. 17-1. Deceptive practices.
(A) Definitions.

As used in this Section:
(i) A "Financial institution" means any bank, savings and loan association, credit union, or other depository of money, or medium of savings and collective investment.
(ii) An "account holder" is any person; having a checking account or savings account in a financial institution.
(iii) To act with the "intent to defraud" means to act wilfully, and with the specific intent to deceive or cheat, for the purpose of causing financial loss to another, or to bring some financial gain to oneself. It is not necessary to establish that any person was actually defrauded or deceived.

(B) General Deception.

A person commits a deceptive practice when, with intent to defraud, the person does any of the following:
(a) He or she causes another, by deception or threat, to execute a document disposing of property or a document by which a pecuniary obligation is incurred.
(b) Being an officer, manager or other person participating in the direction of a financial institution, he or she knowingly

New matter indicated by italics - deletions by strikeout
receives or permits the receipt of a deposit or other investment, knowing that the institution is insolvent. 

(c) He or she knowingly makes or directs another to make a false or deceptive statement addressed to the public for the purpose of promoting the sale of property or services. 

(d) With intent to obtain control over property or to pay for property, labor or services of another, or in satisfaction of an obligation for payment of tax under the Retailers' Occupation Tax Act or any other tax due to the State of Illinois, he or she issues or delivers a check or other order upon a real or fictitious depository for the payment of money, knowing that it will not be paid by the depository. Failure to have sufficient funds or credit with the depository when the check or other order is issued or delivered, or when such check or other order is presented for payment and dishonored on each of 2 occasions at least 7 days apart, is prima facie evidence that the offender knows that it will not be paid by the depository, and that he or she has the intent to defraud. In this paragraph (d), "property" includes rental property (real or personal).

(e) He or she issues or delivers a check or other order upon a real or fictitious depository in an amount exceeding $150 in payment of an amount owed on any credit transaction for property, labor or services, or in payment of the entire amount owed on any credit transaction for property, labor or services, knowing that it will not be paid by the depository, and thereafter fails to provide funds or credit with the depository in the face amount of the check or order within 7 seven days of receiving actual notice from the depository or payee of the dishonor of the check or order.

Sentence. A person convicted of a deceptive practice under paragraph paragraphs (a), (b), (c), (d), or through (e) of this subsection (B), except as otherwise provided by this Section, is guilty of a Class A misdemeanor.
A person convicted of a deceptive practice in violation of paragraph (d) a second or subsequent time shall be guilty of a Class 4 felony.

A person convicted of deceptive practices in violation of paragraph (d), when the value of the property so obtained, in a single transaction, or in separate transactions within a 90 day period, exceeds $150, shall be guilty of a Class 4 felony. In the case of a prosecution for separate transactions totaling more than $150 within a 90 day period, such separate transactions shall be alleged in a single charge and provided in a single prosecution.

(C) Deception on a Bank or Other Financial Institution.

(1) False Statements.

†) Any person who, with the intent to defraud, makes or causes to be made; any false statement in writing in order to obtain an account with a bank or other financial institution, or to obtain credit from a bank or other financial institution, or to obtain services from a currency exchange, knowing such writing to be false, and with the intent that it be relied upon, is guilty of a Class A misdemeanor.

For purposes of this subsection (C), a false statement shall mean any false statement representing identity, address, or employment, or the identity, address or employment of any person, firm or corporation.

(2) Possession of Stolen or Fraudulently Obtained Checks.

‡) Any person who possesses, with the intent to obtain access to funds of another person held in a real or fictitious deposit account at a financial institution, makes a false statement or a misrepresentation to the financial institution, or possesses, transfers, negotiates, or presents for payment a check, draft, or other item purported to direct the financial institution to withdraw or pay funds out of the account holder's deposit account with knowledge that such possession, transfer, negotiation, or presentment is not authorized by the account holder or the issuing financial institution is guilty of a Class A misdemeanor. A person shall be deemed to have been authorized to possess, transfer, negotiate, or present for payment such item if the person was otherwise entitled by law to withdraw or recover funds from the account in question and followed the

New matter indicated by italics - deletions by strikeout
requisite procedures under the law. In the event that the account holder, upon discovery of the withdrawal or payment, claims that the withdrawal or payment was not authorized, the financial institution may require the account holder to submit an affidavit to that effect on a form satisfactory to the financial institution before the financial institution may be required to credit the account in an amount equal to the amount or amounts that were withdrawn or paid without authorization.

Any person who, within any 12 month period, violates this Section with respect to 3 or more checks or orders for the payment of money at the same time or consecutively, each the property of a different account holder or financial institution, is guilty of a Class 4 felony.

(3) Possession of Implements of Check Fraud.

Any person who possesses, with the intent to defraud; and without the authority of the account holder or financial institution, any check imprinter, signature imprinter, or "certified" stamp is guilty of a Class A misdemeanor.

A person who within any 12 month period violates this subsection (C) as to possession of 3 or more such devices at the same time or consecutively, is guilty of a Class 4 felony.

(4) Possession of Identification Card.

Any person who, with the intent to defraud, possesses any check guarantee card or key card or identification card for cash dispensing machines without the authority of the account holder or financial institution; is guilty of a Class A misdemeanor.

A person who, within any 12 month period, violates this Section at the same time or consecutively with respect to 3 or more cards, each the property of different account holders, is guilty of a Class 4 felony.

A person convicted under this Section, when the value of property so obtained, in a single transaction, or in separate transactions within any 90 day period, exceeds $150 shall be guilty of a Class 4 felony.

Section 99. Effective date. This Act takes effect upon becoming law.

AN ACT concerning business.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Motor Fuel and Petroleum Standards Act is amended by changing Section 4 as follows:

(a) All motor fuel and petroleum sold or offered for sale in the State of Illinois shall conform to the standards of this Act. The standards set forth in the Annual Book of ASTM American Society for Testing and Materials Section 5, Volumes 05.01, 05.02, 05.03, 05.04 and 05.05 and supplements thereto, and revisions thereof are adopted unless modified or rejected by a regulation adopted by the Department. In addition, any advertised or labeled declarations regarding the quality of a motor fuel which are more stringent than ASTM standards shall be met.

(a-5) The quality of gasoline-oxygenate blends sold or offered for sale in this State shall meet the standards set forth in Section 2.1.1.1 or Section 2.1.1.2 of the Uniform Engine Fuels, Petroleum Products, and Automotive Lubricants Regulation as provided under the National Institute of Standards and Technology Handbook 130, and any of its subsequent supplements or revisions, except as specifically modified, amended, or rejected by regulation issued by the Director.

(b) Minimum Automotive Gasoline Octane Requirements.

All leaded and unleaded gasoline sold in this State shall meet or exceed the following minimum octane numbers:

Regular Grade 87
Premium or Super Grade 90

New matter indicated by italics - deletions by strikeout
An octane number is determined by adding the research octane number to the motor octane number and dividing by 2. \((\text{RON} + \text{MON})/2\). In addition, the motor octane number shall not be less than 82.0. All gasoline products sold at retail shall have an octane number displayed.

(c) Each seller of a motor fuel shall notify the purchaser of the type and quantity of motor fuel purchased. For gasoline, the type shall indicate the octane number. This information shall appear on the bill of lading, manifest, or delivery ticket for the fuel. This subsection does not apply to sales at retail.

(d) All gasoline products shall meet the most recently adopted ASTM standards for spark-ignition motor fuel, and those standards adopted under the provisions of the federal Clean Air Act by the U. S. Environmental Protection Agency shall be the standards of this State in those areas in which the federal Clean Air Act fuel standards apply.

PUBLIC ACT 94-0875
(Senate Bill No. 2829)

AN ACT concerning education.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Sections 2-3.12, 2-3.25d, 2-3.25f, 2-3.25g, 2-3.59, 2-3.63, 2-3.64, 10-17, 10-21.9, 27-1, 29-5, and 34-18.5 as follows:

(105 ILCS 5/2-3.12) (from Ch. 122, par. 2-3.12)

Sec. 2-3.12. School building code.

(a) To prepare for school boards with the advice of the Department of Public Health, the Capital Development Board, and the State Fire Marshal a school building code that will conserve the health and safety and general welfare of the pupils and school personnel and others who use public school facilities.

The document known as "Efficient and Adequate Standards for the Construction of Schools" applies only to temporary school facilities, new school buildings, and additions to existing schools whose construction contracts are awarded after July 1, 1965. On or before July 1, 1967, each school board shall have its school district buildings that were constructed prior to January 1, 1955, surveyed by an architect or engineer licensed in the State of Illinois as to minimum standards necessary to conserve the

New matter indicated by italics - deletions by strikeout
health and safety of the pupils enrolled in the school buildings of the district. Buildings constructed between January 1, 1955 and July 1, 1965, not owned by the State of Illinois, shall be surveyed by an architect or engineer licensed in the State of Illinois beginning 10 years after acceptance of the completed building by the school board. Buildings constructed between January 1, 1955 and July 1, 1955 and previously exempt under the provisions of Section 35-27 shall be surveyed prior to July 1, 1977 by an architect or engineer licensed in the State of Illinois. The architect or engineer, using the document known as "Building Specifications for Health and Safety in Public Schools" as a guide, shall make a report of the findings of the survey to the school board, giving priority in that report to fire safety problems and recommendations thereon if any such problems exist. The school board of each district so surveyed and receiving a report of needed recommendations to be made to improve standards of safety and health of the pupils enrolled has until July 1, 1970, or in case of buildings not owned by the State of Illinois and completed between January 1, 1955 and July 1, 1965 or in the case of buildings previously exempt under the provisions of Section 35-27 has a period of 3 years after the survey is commenced, to effectuate those recommendations, giving first attention to the recommendations in the survey report having priority status, and is authorized to levy the tax provided for in Section 17-2.11, according to the provisions of that Section, to make such improvements. School boards unable to effectuate those recommendations prior to July 1, 1970, on July 1, 1980 in the case of buildings previously exempt under the provisions of Section 35-27, may petition the State Superintendent of Education upon the recommendation of the Regional Superintendent for an extension of time. The extension of time may be granted by the State Superintendent of Education for a period of one year, but may be extended from year to year provided substantial progress, in the opinion of the State Superintendent of Education, is being made toward compliance. For routine inspections, the State Fire Marshal or a qualified fire official to whom the State Fire Marshal has delegated his or her authority shall notify the Regional Superintendent, the district superintendent, and the principal of the school in advance to schedule a
mutually agreed upon time for the fire safety check. However, no more than 2 routine inspections may be made in a calendar year.

(b) Within 2 years after September 23, the effective date of this amendatory Act of 1983, and every 10 years thereafter, or at such other times as the State Board of Education deems necessary or the regional superintendent so orders, each school board subject to the provisions of this Section shall again survey its school buildings and effectuate any recommendations in accordance with the procedures set forth herein.

(1) An architect or engineer licensed in the State of Illinois is required to conduct the surveys under the provisions of this Section and shall make a report of the findings of the survey titled "safety survey report" to the school board.

(2) The school board shall approve the safety survey report, including any recommendations to effectuate compliance with the code, and submit it to the Regional Superintendent.

(3) The Regional Superintendent shall render a decision regarding approval or denial and submit the safety survey report to the State Superintendent of Education.

(4) The State Superintendent of Education shall approve or deny the report including recommendations to effectuate compliance with the code and, if approved, issue a certificate of approval.

(5) Upon receipt of the certificate of approval, the Regional Superintendent shall issue an order to effect any approved recommendations included in the report. The report shall meet all of the following requirements:

(A) Items in the report shall be prioritized.

(B) Urgent items shall be considered as those items related to life safety problems that present an immediate hazard to the safety of students.

(C) Required items shall be considered as those items that are necessary for a safe environment but present less of an immediate hazard to the safety of students.

New matter indicated by italics - deletions by strikeout
(D) Urgent and required items shall reference a specific rule in the code authorized by this Section that is currently being violated or will be violated within the next 12 months if the violation is not remedied.

(6) The school board of each district so surveyed and receiving a report of needed recommendations to be made to maintain standards of safety and health of the pupils enrolled shall effectuate the correction of urgent items as soon as achievable to ensure the safety of the students, but in no case more than one year after the date of the State Superintendent of Education's approval of the recommendation.

(7) Required items shall be corrected in a timely manner, but in no case more than 5 years from the date of the State Superintendent of Education's approval of the recommendation.

(8) Once each year the school board shall submit a report of progress on completion of any recommendations to effectuate compliance with the code. For each year that the school board does not effectuate any or all approved recommendations, it shall petition the Regional Superintendent and the State Superintendent of Education detailing what work was completed in the previous year and a work plan for completion of the remaining work. If in the judgement of the Regional Superintendent and the State Superintendent of Education substantial progress has been made and just cause has been shown by the school board, the petition for a one year extension of time may be approved.

(c) As soon as practicable, but not later than 2 years after January 1, 1993 the effective date of this amendatory Act of 1992, the State Board of Education shall combine the document known as "Efficient and Adequate Standards for the Construction of Schools" with the document known as "Building Specifications for Health and Safety in Public Schools" together with any modifications or additions that may be deemed necessary. The combined document shall be known as the "Health/Life Safety Code for Public Schools" and shall be the governing code for all facilities that house public school students or are otherwise used for public

school purposes, whether such facilities are permanent or temporary and whether they are owned, leased, rented, or otherwise used by the district. Facilities owned by a school district but that are not used to house public school students or are not used for public school purposes shall be governed by separate provisions within the code authorized by this Section.

(d) The 10 year survey cycle specified in this Section shall continue to apply based upon the standards contained in the "Health/Life Safety Code for Public Schools", which shall specify building standards for buildings that are constructed prior to January 1, 1993 and for buildings that are constructed after that date.

(e) The "Health/Life Safety Code for Public Schools" shall be the governing code for public schools; however, the provisions of this Section shall not preclude inspection of school premises and buildings pursuant to Section 9 of the Fire Investigation Act, provided that the provisions of the "Health/Life Safety Code for Public Schools", or such predecessor document authorized by this Section as may be applicable are used, and provided that those inspections are coordinated with the Regional Superintendent having jurisdiction over the public school facility.

(f) Nothing in this Section shall be construed to prohibit the State Fire Marshal or a qualified fire official to whom the State Fire Marshal has delegated his or her authority from conducting a fire safety check in a public school.

(g) The Regional Superintendent shall address any violations that are not corrected in a timely manner pursuant to subsection (b) of Section 3-14.21 of this Code.

(h) Any agency having jurisdiction beyond the scope of the applicable document authorized by this Section may issue a lawful order to a school board to effectuate recommendations, and the school board receiving the order shall certify to the Regional Superintendent and the State Superintendent of Education when it has complied with the order.
(i) The State Board of Education is authorized to adopt any rules that are necessary relating to the administration and enforcement of the provisions of this Section.

(j) The code authorized by this Section shall apply only to those school districts having a population of less than 500,000 inhabitants.

(k) In this Section, a "qualified fire official" means an individual that meets the requirements of rules adopted by the State Fire Marshal in cooperation with the State Board of Education to administer this Section. These rules shall be based on recommendations made by the task force established under Section 2-3.137 of this Code.

warning or academic watch status and for improving student performance in the district.

All District Improvement Plans for a district that is initially placed on academic early warning status must be approved by the school board.

The revised District Improvement Plan for a district that remains on academic early warning status after a third annual calculation must be approved by the school board.

The revised District Improvement Plan for a district that remains on academic early warning status after a fourth annual calculation must be approved by the school board and the State Superintendent of Education.

The revised District Improvement Plan for a district that remains on academic watch status after a fifth annual calculation must be approved by the school board and the State Superintendent of Education. In addition, the district must develop a district restructuring plan that must be approved by the school board and the State Superintendent of Education.

A district on academic watch status that does not meet adequate yearly progress criteria for a sixth annual calculation shall implement its approved district restructuring plan beginning with the next school year, subject to the State interventions specified in Section 2-3.25f of this Code.

(c) All revised School and District Improvement Plans shall be developed in collaboration with parents, staff in the affected school or school district, and outside experts. All revised School and District Improvement Plans shall be developed, submitted, and monitored approved pursuant to rules adopted by the State Board of Education. The revised Improvement Plan shall address measurable outcomes for improving student performance so that such performance meets adequate yearly progress criteria as specified by the State Board of Education. All school districts required to revise a School Improvement Plan in accordance with this Section shall establish a peer review process for the evaluation of School Improvement Plans.

(e) The State Board of Education, from any moneys it may have available for this purpose, must implement and administer a grant program that provides 2-year grants to school districts on the academic watch list and other school districts that have the lowest achieving students, as determined by the State Board of Education, to be used to improve student achievement. In order to receive a grant under this program, a school district must establish an accountability program. The accountability program must involve the use of statewide testing standards and local evaluation measures. A grant shall be automatically renewed when achievement goals are met. The Board may adopt any rules necessary to implement and administer this grant program.

Sec. 2-3.25f. State interventions.

(a) A school or school district must submit the required revised Improvement Plan pursuant to rules adopted by the State Board of Education. The State Board of Education shall provide technical assistance to assist with the development and implementation of School and District Improvement Plans the improvement plan.

Schools or school districts that fail to make reasonable efforts to implement an approved Improvement Plan may suffer loss of State funds by school district, attendance center, or program as the State Board of Education deems appropriate.

(b) In addition, if after 3 years following its placement on academic watch status a school district or school remains on academic watch status, the State Board of Education shall take one of the following actions for the district or school:

(1) The State Board of Education may authorize the State Superintendent of Education to direct the regional superintendent of schools to remove school board members pursuant to Section 3-14.28 of this Code. Prior to such direction the State Board of Education shall permit members of the local board of education to present written and oral comments to the State Board of Education.

The State Board of Education may direct the State Superintendent of Education to appoint an Independent Authority that shall exercise such powers and duties as may be necessary to operate a school or school district for purposes of improving pupil performance and school improvement. The State Superintendent of Education shall designate one member of the Independent Authority to serve as chairman. The Independent Authority shall serve for a period of time specified by the State Board of Education upon the recommendation of the State Superintendent of Education.

(2) The State Board of Education may (A) change the recognition status of the school district or school to nonrecognized, or (B) authorize the State Superintendent of Education to direct the reassignment of pupils or direct the reassignment or replacement of school district personnel who are relevant to the failure to meet adequate yearly progress criteria. If a school district is nonrecognized in its entirety, it shall automatically be dissolved on July 1 following that nonrecognition and its territory realigned with another school district or districts by the regional board of school trustees in accordance with the procedures set forth in Section 7-11 of the School Code. The effective date of the nonrecognition of a school shall be July 1 following the nonrecognition.

Sec. 2-3.25g. Waiver or modification of mandates within the School Code and administrative rules and regulations.

(a) In this Section:
"Board" means a school board or the governing board or administrative district, as the case may be, for a joint agreement.

"Eligible applicant" means a school district, joint agreement made up of school districts, or regional superintendent of schools

on behalf of schools and programs operated by the regional office of education.

"State Board" means the State Board of Education.

(b) Notwithstanding any other provisions of this School Code or any other law of this State to the contrary, eligible applicants may petition the State Board of Education for the waiver or modification of the mandates of this School Code or of the administrative rules and regulations promulgated by the State Board of Education. Waivers or modifications of administrative rules and regulations and modifications of mandates of this School Code may be requested when an eligible applicant demonstrates that it can address the intent of the rule or mandate in a more effective, efficient, or economical manner or when necessary to stimulate innovation or improve student performance. Waivers of mandates of the School Code may be requested when the waivers are necessary to stimulate innovation or improve student performance. Waivers may not be requested from laws, rules, and regulations pertaining to special education, teacher certification, teacher tenure and seniority, or Section 5-2.1 of this Code or from compliance with the No Child Left Behind Act of 2001 (Public Law 107-110).

(c) Eligible applicants, as a matter of inherent managerial policy, and any Independent Authority established under Section 2-3.25f may submit an application for a waiver or modification authorized under this Section. Each application must include a written request by the eligible applicant or Independent Authority and must demonstrate that the intent of the mandate can be addressed in a more effective, efficient, or economical manner or be based upon a specific plan for improved student performance and school improvement. Any eligible applicant requesting a waiver or modification for the reason that intent of the mandate can be addressed in a more economical manner shall include in the application a fiscal analysis showing current expenditures on the mandate and projected savings resulting from the waiver or modification. Applications and plans developed by eligible applicants must be approved by the board or regional superintendent of schools applying on behalf of schools or programs operated by the regional office of education following a public
hearing on the application and plan and the opportunity for the board or regional superintendent to hear testimony from staff educators directly involved in its implementation, parents, and students. The time period for such testimony shall be separate from the time period established by the eligible applicant for public comment on other matters. If the applicant is a school district or joint agreement requesting a waiver or modification of Section 27-6 of this Code, the public hearing shall be held on a day other than the day on which a regular meeting of the board is held. If the applicant is a school district or joint agreement, the public hearing shall be held on a day other than the day on which a regular meeting of the board is held. If the applicant is a school district, the public hearing must be preceded by at least one published notice occurring at least 7 days prior to the hearing in a newspaper of general circulation within the school district that sets forth the time, date, place, and general subject matter of the hearing. If the applicant is a joint agreement or regional superintendent, the public hearing must be preceded by at least one published notice (setting forth the time, date, place, and general subject matter of the hearing) occurring at least 7 days prior to the hearing in a newspaper of general circulation in each school district that is a member of the joint agreement or that is served by the educational service region, provided that a notice appearing in a newspaper generally circulated in more than one school district shall be deemed to fulfill this requirement with respect to all of the affected districts. The eligible applicant must notify in writing the affected exclusive collective bargaining agent and those State legislators representing the eligible applicant's territory of its intent to seek approval of a waiver or modification and of the hearing to be held to take testimony from staff educators. The affected exclusive collective bargaining agents shall be notified of such public hearing at least 7 days prior to the date of the hearing and shall be allowed to attend such public hearing. The eligible applicant shall attest to compliance with all of the notification and procedural requirements set forth in this Section.

(d) A request for a waiver or modification of administrative rules and regulations or for a modification of mandates contained in this School Code shall be submitted to the State Board of Education within 15 days

after approval by the board or regional superintendent of schools. The application as submitted to the State Board of Education shall include a description of the public hearing. Following receipt of the request, the State Board shall have 45 days to review the application and request. If the State Board fails to disapprove the application within that 45 day period, the waiver or modification shall be deemed granted. The State Board may disapprove any request if it is not based upon sound educational practices, endangers the health or safety of students or staff, compromises equal opportunities for learning, or fails to demonstrate that the intent of the rule or mandate can be addressed in a more effective, efficient, or economical manner or have improved student performance as a primary goal. Any request disapproved by the State Board may be appealed to the General Assembly by the eligible applicant as outlined in this Section.

A request for a waiver from mandates contained in this School Code shall be submitted to the State Board within 15 days after approval by the board or regional superintendent of schools. The application as submitted to the State Board of Education shall include a description of the public hearing. The description shall include, but need not be limited to, the means of notice, the number of people in attendance, the number of people who spoke as proponents or opponents of the waiver, a brief description of their comments, and whether there were any written statements submitted. The State Board shall review the applications and requests for completeness and shall compile the requests in reports to be filed with the General Assembly. The State Board shall file reports outlining the waivers requested by eligible applicants and appeals by eligible applicants of requests disapproved by the State Board with the Senate and the House of Representatives before each March 1 and October 1. The General Assembly may disapprove the report of the State Board in whole or in part within 60 calendar days after each house of the General Assembly next convenes after the report is filed by adoption of a resolution by a record vote of the majority of members elected in each house. If the General Assembly fails to disapprove any waiver request or appealed request within such 60 day period, the waiver or modification shall be deemed granted. Any resolution adopted by the General Assembly

disapproving a report of the State Board in whole or in part shall be binding on the State Board.

(e) An approved waiver or modification may remain in effect for a period not to exceed 5 school years and may be renewed upon application by the eligible applicant. However, such waiver or modification may be changed within that 5-year period by a board or regional superintendent of schools applying on behalf of schools or programs operated by the regional office of education following the procedure as set forth in this Section for the initial waiver or modification request. If neither the State Board of Education nor the General Assembly disapproves, the change is deemed granted.

(f) On or before February 1, 1998, and each year thereafter, the State Board of Education shall submit a cumulative report summarizing all types of waivers of mandates and modifications of mandates granted by the State Board or the General Assembly. The report shall identify the topic of the waiver along with the number and percentage of eligible applicants for which the waiver has been granted. The report shall also include any recommendations from the State Board regarding the repeal or modification of waived mandates.

Sec. 2-3.63. Local learning objectives and assessment. Each The State Board of Education shall require each school district may to set student learning objectives which meet or exceed goals established by the State and to also establish local goals for excellence in education. If established, such objectives and goals shall be disseminated to the public along with information on the degree to which they are being achieved, and if not, what appropriate actions are being taken. As part of its local assessment system each district shall identify the grade levels used to document progress to parents, the community, and the State in all the fundamental learning areas described in Section 27-1. There shall be at least 2 grade levels in each fundamental learning area before high school and at least one grade level during high school. The grades identified for each learning area shall be defined in the district's school improvement plan by June 30, 1993, and may be changed only upon approval by the State Superintendent of Education. The State Board of Education shall establish a process for approving local objectives mentioned in this Section; for approving local plans for improvement; for approving public reporting procedures; and for recognition and commendation of top-achieving districts. To the extent that a local plan for improvement or school improvement plan required by the State Board of Education includes developing either individual school plans for improvement or individual school improvement plans, a school in a district operating under Article 34 of the School Code may submit the school improvement plan required under Section 34-2.4 and this plan shall address and meet improvement plan requirements set forth both by the State Board of Education and by Section 32-2.4.

Sec. 2-3.64. State goals and assessment.
(a) Beginning in the 1998-1999 school year, the State Board of Education shall establish standards and periodically, in collaboration with local school districts, conduct studies of student performance in the learning areas of fine arts and physical development/health.

Beginning with the 1998-1999 school year until the 2004-2005 school year, the State Board of Education shall annually test: (i) all pupils enrolled in the 3rd, 5th, and 8th grades in English language arts (reading, writing, and English grammar) and mathematics; and (ii) all pupils enrolled in the 4th and 7th grades in the biological and physical sciences and the social sciences (history, geography, civics, economics, and government). Unless the testing required to be implemented no later than the 2005-2006 school year under this subsection (a) is implemented for the 2004-2005 school year, for the 2004-2005 school year, the State Board of Education shall test: (i) all pupils enrolled in the 3rd, 5th, and 8th grades in English language arts (reading and English grammar) and mathematics and (ii) all pupils enrolled in the 4th and 7th grades in the biological and physical sciences. The maximum time allowed for all actual testing required under this paragraph shall not exceed 25 hours, as allocated among the required tests by the State Board of Education, across all grades tested.

Beginning no later than the 2005-2006 school year, the State Board of Education shall annually test: (i) all pupils enrolled in the 3rd, 4th, 5th, 6th, 7th, and 8th grades in reading and mathematics and (ii) all pupils enrolled in the 4th and 7th grades in the biological and physical sciences. In addition, the State Board of Education shall test (1) all pupils enrolled in the 5th and 8th grades in writing during the 2006-2007 school year; (2) all pupils enrolled in the 5th, 6th, and 8th grades in writing during the 2007-2008 school year; and (3) all pupils enrolled in the 3rd, 5th, 6th, and 8th grades in writing during the 2008-2009 school year and each school year thereafter. After the addition of grades and change in subjects as delineated in this paragraph and including whatever other tests that may be approved from time to time no later than the 2005-2006 school year, the maximum time allowed for all State testing in grades 3 through 8 shall not exceed 38 hours across those grades.

Beginning with the 2004-2005 school year, the State Board of Education shall not test pupils under this subsection (a) in physical development and health, fine arts, and the social sciences (history, geography, civics, economics, and government). The State Board of Education shall not test pupils under this subsection (a) in writing during the 2005-2006 school year.

The State Board of Education shall establish the academic standards that are to be applicable to pupils who are subject to State tests under this Section beginning with the 1998-1999 school year. However, the State Board of Education shall not establish any such standards in final form without first providing opportunities for public participation and local input in the development of the final academic standards. Those opportunities shall include a well-publicized period of public comment, public hearings throughout the State, and opportunities to file written comments. Beginning with the 1998-99 school year and thereafter, the State tests will identify pupils in the 3rd grade or 5th grade who do not meet the State standards.

If, by performance on the State tests or local assessments or by teacher judgment, a student's performance is determined to be 2 or more grades below current placement, the student shall be provided a remediation program developed by the district in consultation with a parent or guardian. Such remediation programs may include, but shall not be limited to, increased or concentrated instructional time, a remedial summer school program of not less than 90 hours, improved instructional approaches, tutorial sessions, retention in grade, and modifications to instructional materials. Each pupil for whom a remediation program is developed under this subsection shall be required to enroll in and attend whatever program the district determines is appropriate for the pupil. Districts may combine students in remediation programs where appropriate and may cooperate with other districts in the design and delivery of those programs. The parent or guardian of a student required to attend a remediation program under this Section shall be given written notice of that requirement by the school district a reasonable time prior to commencement of the remediation program that the student is to attend.

New matter indicated by italics - deletions by strikeout
The State shall be responsible for providing school districts with the new and additional funding, under Section 2-3.51.5 or by other or additional means, that is required to enable the districts to operate remediation programs for the pupils who are required to enroll in and attend those programs under this Section. Every individualized educational program as described in Article 14 shall identify if the State test or components thereof are appropriate for that student. The State Board of Education shall develop rules and regulations governing the administration of alternative tests prescribed within each student's individualized educational program which are appropriate to the disability of each student.

All pupils who are in a State approved transitional bilingual education program or transitional program of instruction shall participate in the State tests. The time allotted to take the State tests, however, may be extended as determined by the State Board of Education by rule. Any student who has been enrolled in a State approved bilingual education program less than 3 cumulative academic years may take an accommodated Limited English Proficient student academic content assessment, as determined by the State Board of Education, if the student's lack of English as determined by an English language proficiency test would keep the student from understanding the regular State test. If the school district determines, on a case-by-case individual basis, that a Limited English Proficient student academic content assessment would likely yield more accurate and reliable information on what the student knows and can do, the school district may make a determination to assess the student using a Limited English Proficient student academic content assessment for a period that does not exceed 2 additional consecutive years, provided that the student has not yet reached a level of English language proficiency sufficient to yield valid and reliable information on what the student knows and can do on the regular State test.

Reasonable accommodations as prescribed by the State Board of Education shall be provided for individual students in the testing procedure. All test procedures prescribed by the State Board of Education shall require: (i) that each test used for State and local student testing under this Section identify by name the pupil taking the test; (ii) that the

New matter indicated by italics - deletions by strikeout
name of the pupil taking the test be placed on the test at the time the test is taken; (iii) that the results or scores of each test taken under this Section by a pupil of the school district be reported to that district and identify by name the pupil who received the reported results or scores; and (iv) that the results or scores of each test taken under this Section be made available to the parents of the pupil. In addition, in each school year the highest scores attained by a student on the Prairie State Achievement Examination administered under subsection (c) of this Section and any Prairie State Achievement Awards received by the student shall become part of the student's permanent record and shall be entered on the student's transcript pursuant to regulations that the State Board of Education shall promulgate for that purpose in accordance with Section 3 and subsection (e) of Section 2 of the Illinois School Student Records Act. Beginning with the 1998-1999 school year and in every school year thereafter, scores received by students on the State assessment tests administered in grades 3 through 8 shall be placed into students' temporary records.

The State Board of Education shall establish a period of time, to be referred to as the State test window, in each school year for which State testing shall occur to meet the objectives of this Section. However, if the schools of a district are closed and classes are not scheduled during any week that is established by the State Board of Education as the State test window, the school district may (at the discretion of the State Board of Education) move its State test window one week earlier or one week later than the established State test window, so long as the school district gives the State Board of Education written notice of its intention to deviate from the established schedule by December 1 of the school year in which falls the State test window established by the State Board of Education for the testing.

(a-5) All tests administered pursuant to this Section shall be academically based. For the purposes of this Section "academically based tests" shall mean tests consisting of questions and answers that are measurable and quantifiable to measure the knowledge, skill, and ability of students in the subject matters covered by tests. The scoring of academically based tests shall be reliable, valid, unbiased and shall meet
the guidelines for test development and use prescribed by the American Psychological Association, the National Council of Measurement and Evaluation, and the American Educational Research Association. Academically based tests shall not include assessments or evaluations of attitudes, values, or beliefs, or testing of personality, self-esteem, or self-concept. Nothing in this amendatory Act is intended, nor shall it be construed, to nullify, supersede, or contradict the legislative intent on academic testing expressed during the passage of HB 1005/P.A. 90-296. Nothing in this Section is intended, nor shall it be construed, to nullify, supersede, or contradict the legislative intent on academic testing expressed in the preamble of this amendatory Act of the 93rd General Assembly.

The State Board of Education shall monitor the use of short answer questions in the math and reading assessments or in other assessments in order to demonstrate that the use of short answer questions results in a statistically significant improvement in student achievement as measured on the State assessments for math and reading or on other State assessments and is justifiable in terms of cost and student performance.

(b) It shall be the policy of the State to encourage school districts to continuously test pupil proficiency in the fundamental learning areas in order to: (i) provide timely information on individual students' performance relative to State standards that is adequate to guide instructional strategies; (ii) improve future instruction; and (iii) complement the information provided by the State testing system described in this Section. Each district's school improvement plan must address specific activities the district intends to implement to assist pupils who by teacher judgment and test results as prescribed in subsection (a) of this Section demonstrate that they are not meeting State standards or local objectives. Such activities may include, but shall not be limited to, summer school, extended school day, special homework, tutorial sessions, modified instructional materials, other modifications in the instructional program, reduced class size or retention in grade. To assist school districts in testing pupil proficiency in reading in the primary grades, the State Board shall make optional reading inventories for diagnostic purposes.
available to each school district that requests such assistance. Districts that administer the reading inventories may develop remediation programs for students who perform in the bottom half of the student population. Those remediation programs may be funded by moneys provided under the School Safety and Educational Improvement Block Grant Program established under Section 2-3.51.5. Nothing in this Section shall prevent school districts from implementing testing and remediation policies for grades not required under this Section.

(c) Beginning with the 2000-2001 school year, each school district that operates a high school program for students in grades 9 through 12 shall annually administer the Prairie State Achievement Examination established under this subsection to its students as set forth below. The Prairie State Achievement Examination shall be developed by the State Board of Education to measure student performance in the academic areas of reading, writing, mathematics, science, and social sciences. Beginning with the 2004-2005 school year, however, the State Board of Education shall not test a student in the social sciences (history, geography, civics, economics, and government) as part of the Prairie State Achievement Examination unless the student is retaking the Prairie State Achievement Examination in the fall of 2004. In addition, the State Board of Education shall not test a student in writing as part of the Prairie State Achievement Examination during the 2005-2006 school year. The State Board of Education shall establish the academic standards that are to apply in measuring student performance on the Prairie State Achievement Examination including the minimum examination score in each area that will qualify a student to receive a Prairie State Achievement Award from the State in recognition of the student's excellent performance. Each school district that is subject to the requirements of this subsection (c) shall afford all students 2 opportunities to take the Prairie State Achievement Examination beginning as late as practical during the second semester of grade 11, but in no event before March 1. The State Board of Education shall annually notify districts of the weeks during which these test administrations shall be required to occur. Every individualized educational program as described in Article 14 shall identify if the Prairie
State Achievement Examination or components thereof are appropriate for that student. Each student, exclusive of a student whose individualized educational program developed under Article 14 identifies the Prairie State Achievement Examination as inappropriate for the student, shall be required to take the examination in grade 11. For each academic area the State Board of Education shall establish the score that qualifies for the Prairie State Achievement Award on that portion of the examination. Any student who fails to earn a qualifying score for a Prairie State Achievement Award in any one or more of the academic areas on the initial test administration or who wishes to improve his or her score on any portion of the examination shall be permitted to retake such portion or portions of the examination during grade 12. Districts shall inform their students of the timelines and procedures applicable to their participation in every yearly administration of the Prairie State Achievement Examination. Students receiving special education services whose individualized educational programs identify the Prairie State Achievement Examination as inappropriate for them nevertheless shall have the option of taking the examination, which shall be administered to those students in accordance with standards adopted by the State Board of Education to accommodate the respective disabilities of those students. A student who successfully completes all other applicable high school graduation requirements but fails to receive a score on the Prairie State Achievement Examination that qualifies the student for receipt of a Prairie State Achievement Award shall nevertheless qualify for the receipt of a regular high school diploma. In no case, however, shall a student receive a regular high school diploma without taking the Prairie State Achievement Examination, unless the student is exempted from taking the Prairie State Achievement Examination under this subsection (c) because (i) the student's individualized educational program developed under Article 14 of this Code identifies the Prairie State Achievement Examination as inappropriate for the student, (ii) the student is exempt due to the student's lack of English language proficiency under subsection (a) of this Section, or (iii) the student is enrolled in a program of Adult and Continuing Education as defined in the Adult Education Act.

(d) Beginning with the 2002-2003 school year, all schools in this State that are part of the sample drawn by the National Center for Education Statistics, in collaboration with their school districts and the State Board of Education, shall administer the biennial State academic assessments of 4th and 8th grade reading and mathematics under the National Assessment of Educational Progress carried out under Section m11(b)(2) of the National Education Statistics Act of 1994 (20 U.S.C. 9010) if the Secretary of Education pays the costs of administering the assessments.

(e) Beginning no later than the 2005-2006 school year, subject to available federal funds to this State for the purpose of student assessment, the State Board of Education shall provide additional tests and assessment resources that may be used by school districts for local diagnostic purposes. These tests and resources shall include without limitation additional high school writing, physical development and health, and fine arts assessments. The State Board of Education shall annually distribute a listing of these additional tests and resources, using funds available from appropriations made for student assessment purposes.

(f) For the assessment and accountability purposes of this Section, "all pupils" includes those pupils enrolled in a public or State-operated elementary school, secondary school, or cooperative or joint agreement with a governing body or board of control, a charter school operating in compliance with the Charter Schools Law, a school operated by a regional office of education under Section 13A-3 of this Code, or a public school administered by a local public agency or the Department of Human Services.

School Boards using either a cash basis or accrual system of accounting shall maintain records showing the assets, liabilities and fund balances in such minimum forms as may be prescribed by the State Board of Education. Such boards shall make available to the public a statement of the affairs of the district prior to December 1 annually by submitting the statement of affairs in such form as may be prescribed by the State Board of Education for posting on the State Board of Education's Internet website, by having copies of the statement of affairs available in the main administrative office of the district, and by publishing in a newspaper of general circulation published in the school district an annual statement of affairs summary containing at a minimum all of the following information:

(1) A summary statement of operations for all funds of the district, as excerpted from the statement of affairs filed with the State Board of Education. The summary statement must include a listing of all moneys received by the district, indicating the total amounts, in the aggregate, each fund of the district received, with a general statement concerning the source of receipts.

(2) Except as provided in subdivision (3) of this subsection (a), a listing of all moneys paid out by the district where the total amount paid during the fiscal year exceeds $2,500 in the aggregate per person, giving the name of each person to whom moneys were paid and the total paid to each person.

(3) A listing of all personnel, by name, with an annual fiscal year gross payment in the categories set forth in subdivisions 1 and 2 of subsection (c) of this Section.

In this Section, "newspaper of general circulation" means a newspaper of general circulation published in the school district, or, if no newspaper is published in the school district, a newspaper published in the county where the school district is located or, if no newspaper is published in the county, a newspaper published in the educational service region where the regional superintendent of schools has supervision and control of the school district. The submission to the State Board of Education shall include an assurance that the statement of affairs has been made available.

in the main administrative office of the school district and that the required notice has been published in accordance with this Section.

After December 15 annually, upon 10 days prior written notice to the school district, the State Board of Education may discontinue the processing of payments to the State Comptroller's office on behalf of any school district that is not in compliance with the requirements imposed by this Section. The State Board of Education shall resume the processing of payments to the State Comptroller's Office on behalf of the school district once the district is in compliance with the requirements imposed by this Section.

The State Board of Education must post, on or before January 15, all statements of affairs timely received from school districts, in a newspaper of general circulation published in the respective school districts and if no newspaper is published in the district then in a newspaper published in the county in which the school district is located and if no newspaper is published in the county then in a newspaper published in the educational service region in which the regional superintendent has supervision and control of such school district in such form as may be prescribed by the State Board of Education. Not later than December 15 annually the clerk shall file with the regional superintendent a certified statement that the publication has been made together with a copy of the newspaper containing it. After December 15 annually the regional superintendent of schools shall withhold from each treasurer any public moneys due to be distributed to the treasurer until the duties required under this Section have been complied with.

(b) When any school district is the administrative district for several school districts operating under a joint agreement as authorized by this Code Act, no receipts or disbursements accruing, received or paid out by that school district as such an administrative district shall be included in the statement of affairs of the district required by this Section. However, that district shall have prepared and made available to the public, in accordance with subsection (a) of this Section published, in the same manner and subject to the same requirements as are provided in this Section for the statement of affairs of that district, a statement showing the

Sec. 10-21.9. Criminal history records checks and checks of the
Statewide Sex Offender Database.

(a) Certified and noncertified applicants for employment with a
school district, except school bus driver applicants, are required as a
condition of employment to authorize a fingerprint-based criminal history
records check to determine if such applicants have been convicted of any
of the enumerated criminal or drug offenses in subsection (c) of this
Section or have been convicted, within 7 years of the application for
employment with the school district, of any other felony under the laws of
this State or of any offense committed or attempted in any other state or
against the laws of the United States that, if committed or attempted in this
State, would have been punishable as a felony under the laws of this State.

Authorization for the check shall be furnished by the applicant to the school district, except that if the applicant is a substitute teacher seeking employment in more than one school district, a teacher seeking concurrent part-time employment positions with more than one school district (as a reading specialist, special education teacher or otherwise), or an educational support personnel employee seeking employment positions with more than one district, any such district may require the applicant to furnish authorization for the check to the regional superintendent of the educational service region in which are located the school districts in which the applicant is seeking employment as a substitute or concurrent part-time teacher or concurrent educational support personnel employee. Upon receipt of this authorization, the school district or the appropriate regional superintendent, as the case may be, shall submit the applicant's name, sex, race, date of birth, social security number, fingerprint images, and other identifiers, as prescribed by the Department of State Police, to the Department. The regional superintendent submitting the requisite information to the Department of State Police shall promptly notify the school districts in which the applicant is seeking employment as a substitute or concurrent part-time teacher or concurrent educational support personnel employee that the check of the applicant has been requested. The Department of State Police and the Federal Bureau of Investigation shall furnish, pursuant to a fingerprint-based criminal history records check, records of convictions, until expunged, to the president of the school board for the school district that requested the check, or to the regional superintendent who requested the check. The Department shall charge the school district or the appropriate regional superintendent a fee for conducting such check, which fee shall be deposited in the State Police Services Fund and shall not exceed the cost of the inquiry; and the applicant shall not be charged a fee for such check by the school district or by the regional superintendent. Subject to appropriations for these purposes, the State Superintendent of Education shall reimburse school districts and regional superintendents for fees paid to obtain criminal history records checks under this Section.
(a-5) The school district or regional superintendent shall further perform a check of the Statewide Sex Offender Database, as authorized by the Sex Offender and Child Murderer Community Notification Law, for each applicant.

(b) Any information concerning the record of convictions obtained by the president of the school board or the regional superintendent shall be confidential and may only be transmitted to the superintendent of the school district or his designee, the appropriate regional superintendent if the check was requested by the school district, the presidents of the appropriate school boards if the check was requested from the Department of State Police by the regional superintendent, the State Superintendent of Education, the State Teacher Certification Board or any other person necessary to the decision of hiring the applicant for employment. A copy of the record of convictions obtained from the Department of State Police shall be provided to the applicant for employment. Upon the check of the Statewide Sex Offender Database, the school district or regional superintendent shall notify an applicant as to whether or not the applicant has been identified in the Database as a sex offender. If a check of an applicant for employment as a substitute or concurrent part-time teacher or concurrent educational support personnel employee in more than one school district was requested by the regional superintendent, and the Department of State Police upon a check ascertains that the applicant has not been convicted of any of the enumerated criminal or drug offenses in subsection (c) or has not been convicted, within 7 years of the application for employment with the school district, of any other felony under the laws of this State or of any offense committed or attempted in any other state or against the laws of the United States that, if committed or attempted in this State, would have been punishable as a felony under the laws of this State and so notifies the regional superintendent and if the regional superintendent upon a check ascertains that the applicant has not been identified in the Sex Offender Database as a sex offender, then the regional superintendent shall issue to the applicant a certificate evidencing that as of the date specified by the Department of State Police the applicant has not been convicted of any of the enumerated criminal or drug offenses.
in subsection (c) or has not been convicted, within 7 years of the application for employment with the school district, of any other felony under the laws of this State or of any offense committed or attempted in any other state or against the laws of the United States that, if committed or attempted in this State, would have been punishable as a felony under the laws of this State and evidencing that as of the date that the regional superintendent conducted a check of the Statewide Sex Offender Database, the applicant has not been identified in the Database as a sex offender. The school board of any school district located in the educational service region served by the regional superintendent who issues such a certificate to an applicant for employment as a substitute teacher in more than one such district may rely on the certificate issued by any the regional superintendent to that substitute teacher, concurrent part-time teacher, or concurrent educational support personnel employee applicant; or may initiate its own criminal history records check of the applicant through the Department of State Police and its own check of the Statewide Sex Offender Database as provided in subsection (a). Any person who releases any confidential information concerning any criminal convictions of an applicant for employment shall be guilty of a Class A misdemeanor, unless the release of such information is authorized by this Section.

(c) No school board shall knowingly employ a person who has been convicted for committing attempted first degree murder or for committing or attempting to commit first degree murder or a Class X felony or any one or more of the following offenses: (i) those defined in Sections 11-6, 11-9, 11-14, 11-15, 11-15.1, 11-16, 11-17, 11-18, 11-19, 11-19.1, 11-19.2, 11-20, 11-20.1, 11-21, 12-13, 12-14, 12-14.1, 12-15 and 12-16 of the Criminal Code of 1961; (ii) those defined in the Cannabis Control Act except those defined in Sections 4(a), 4(b) and 5(a) of that Act; (iii) those defined in the Illinois Controlled Substances Act; (iv) those defined in the Methamphetamine Control and Community Protection Act; and (v) any offense committed or attempted in any other state or against the laws of the United States, which if committed or attempted in this State, would have been punishable as one or more of the foregoing offenses. Further, no school board shall knowingly employ a person who

has been found to be the perpetrator of sexual or physical abuse of any minor under 18 years of age pursuant to proceedings under Article II of the Juvenile Court Act of 1987.

(d) No school board shall knowingly employ a person for whom a criminal history records check and a Statewide Sex Offender Database check has not been initiated.

(e) Upon receipt of the record of a conviction of or a finding of child abuse by a holder of any certificate issued pursuant to Article 21 or Section 34-8.1 or 34-83 of the School Code, the appropriate regional superintendent of schools or the State Superintendent of Education shall initiate the certificate suspension and revocation proceedings authorized by law.

(f) After January 1, 1990 the provisions of this Section shall apply to all employees of persons or firms holding contracts with any school district including, but not limited to, food service workers, school bus drivers and other transportation employees, who have direct, daily contact with the pupils of any school in such district. For purposes of criminal history records checks and checks of the Statewide Sex Offender Database on employees of persons or firms holding contracts with more than one school district and assigned to more than one school district, the regional superintendent of the educational service region in which the contracting school districts are located may, at the request of any such school district, be responsible for receiving the authorization for a criminal history records check prepared by each such employee and submitting the same to the Department of State Police and for conducting a check of the Statewide Sex Offender Database for each employee. Any information concerning the record of conviction and identification as a sex offender of any such employee obtained by the regional superintendent shall be promptly reported to the president of the appropriate school board or school boards.

requirements for elementary and secondary education, establishes that the primary purpose of schooling is the transmission of knowledge and culture through which children learn in areas necessary to their continuing development and entry into the world of work. Such areas include the language arts, mathematics, the biological, physical and social sciences, the fine arts and physical development and health.

Each school district shall give priority in the allocation of resources, including funds, time allocation, personnel, and facilities, to fulfilling the primary purpose of schooling.

The State Board of Education shall establish goals and learning standards consistent with the above purposes and define the knowledge and skills which the State expects students to master and apply as a consequence of their education.

Each school district shall establish learning objectives consistent with the State Board of Education's goals and learning standards for the areas referred to in this Section primary purpose of schooling, shall develop appropriate testing and assessment systems for determining the degree to which students are achieving the objectives, and shall develop reporting systems to apprise the community and State of the assessment results.

Each school district shall submit upon request its objectives and assessment results, plans for improvement, and reporting systems to the State Board of Education, which shall promulgate rules and regulations for the approval of the objectives and systems. Each school district shall make available to all students academic and vocational courses for the attainment of learning objectives.

No student shall be refused admission into or be excluded from any course of instruction offered in the common schools by reason of that person's sex. No student shall, solely by reason of that person's sex, be denied equal access to physical education and interscholastic athletic programs or comparable programs supported from school district funds. tournaments for both boys and girls, which tournaments are identically structured. Conducting identically structured tournaments includes having the same number of girls' teams as boys' teams playing, in their respective tournaments, at any common location chosen for the final series of games in a tournament; provided, that nothing in this paragraph shall be deemed to prohibit the selection for the final series of games in the girls' tournaments of a common location that is different than the common location selected for the final series of games in the boys' tournaments. Except as specifically stated in this Section, equal access to programs supported by school district funds and comparable programs will be defined in rules promulgated by the State Board of Education in consultation with the Illinois High School Association.

(105 ILCS 5/29-5) (from Ch. 122, par. 29-5)

Sec. 29-5. Reimbursement by State for transportation. Any school district, maintaining a school, transporting resident pupils to another school district's vocational program, offered through a joint agreement approved by the State Board of Education, as provided in Section 10-22.22 or transporting its resident pupils to a school which meets the standards for recognition as established by the State Board of Education which provides transportation meeting the standards of safety, comfort, convenience, efficiency and operation prescribed by the State Board of Education for resident pupils in kindergarten or any of grades 1 through 12 who: (a) reside at least 1 1/2 miles as measured by the customary route of travel, from the school attended; or (b) reside in areas where conditions are such that walking constitutes a hazard to the safety of the child when determined under Section 29-3; and (c) are transported to the school attended from pick-up points at the beginning of the school day and back again at the close of the school day or transported to and from their assigned attendance centers during the school day, shall be reimbursed by the State as hereinafter provided in this Section.

The State will pay the cost of transporting eligible pupils less the assessed valuation in a dual school district maintaining secondary grades 9 to 12 inclusive times a qualifying rate of .05%; in elementary school

districts maintaining grades K to 8 times a qualifying rate of .06%; in unit districts maintaining grades K to 12 times a qualifying rate of .07%. To be eligible to receive reimbursement in excess of 4/5 of the cost to transport eligible pupils, a school district shall have a Transportation Fund tax rate of at least .12%. If a school district does not have a .12% Transportation Fund tax rate, the amount of its claim in excess of 4/5 of the cost of transporting pupils shall be reduced by the sum arrived at by subtracting the Transportation Fund tax rate from .12% and multiplying that amount by the districts equalized or assessed valuation, provided, that in no case shall said reduction result in reimbursement of less than 4/5 of the cost to transport eligible pupils.

The minimum amount to be received by a district is $16 times the number of eligible pupils transported.

Any such district transporting resident pupils during the school day to an area vocational school or another school district's vocational program more than 1 1/2 miles from the school attended, as provided in Sections 10-22.20a and 10-22.22, shall be reimbursed by the State for 4/5 of the cost of transporting eligible pupils.

School day means that period of time which the pupil is required to be in attendance for instructional purposes.

If a pupil is at a location within the school district other than his residence for child care purposes at the time for transportation to school, that location may be considered for purposes of determining the 1 1/2 miles from the school attended.

Claims for reimbursement that include children who attend any school other than a public school shall show the number of such children transported.

Claims for reimbursement under this Section shall not be paid for the transportation of pupils for whom transportation costs are claimed for payment under other Sections of this Act.

The allowable direct cost of transporting pupils for regular, vocational, and special education pupil transportation shall be limited to the sum of the cost of physical examinations required for employment as a school bus driver; the salaries of full or part-time drivers and school bus

maintenance personnel; employee benefits excluding Illinois municipal retirement payments, social security payments, unemployment insurance payments and workers' compensation insurance premiums; expenditures to independent carriers who operate school buses; payments to other school districts for pupil transportation services; pre-approved contractual expenditures for computerized bus scheduling; the cost of gasoline, oil, tires, and other supplies necessary for the operation of school buses; the cost of converting buses' gasoline engines to more fuel efficient engines or to engines which use alternative energy sources; the cost of travel to meetings and workshops conducted by the regional superintendent or the State Superintendent of Education pursuant to the standards established by the Secretary of State under Section 6-106 of the Illinois Vehicle Code to improve the driving skills of school bus drivers; the cost of maintenance of school buses including parts and materials used; expenditures for leasing transportation vehicles, except interest and service charges; the cost of insurance and licenses for transportation vehicles; expenditures for the rental of transportation equipment; plus a depreciation allowance of 20% for 5 years for school buses and vehicles approved for transporting pupils to and from school and a depreciation allowance of 10% for 10 years for other transportation equipment so used. Each school year, if a school district has made expenditures to the Regional Transportation Authority or any of its service boards, a mass transit district, or an urban transportation district under an intergovernmental agreement with the district to provide for the transportation of pupils and if the public transit carrier received direct payment for services or passes from a school district within its service area during the 2000-2001 school year, then the allowable direct cost of transporting pupils for regular, vocational, and special education pupil transportation shall also include the expenditures that the district has made to the public transit carrier. In addition to the above allowable costs school districts shall also claim all transportation supervisory salary costs, including Illinois municipal retirement payments, and all transportation related building and building maintenance costs without limitation.

Special education allowable costs shall also include expenditures for the salaries of attendants or aides for that portion of the time they assist
special education pupils while in transit and expenditures for parents and public carriers for transporting special education pupils when pre-approved by the State Superintendent of Education.

Indirect costs shall be included in the reimbursement claim for districts which own and operate their own school buses. Such indirect costs shall include administrative costs, or any costs attributable to transporting pupils from their attendance centers to another school building for instructional purposes. No school district which owns and operates its own school buses may claim reimbursement for indirect costs which exceed 5% of the total allowable direct costs for pupil transportation.

The State Board of Education shall prescribe uniform regulations for determining the above standards and shall prescribe forms of cost accounting and standards of determining reasonable depreciation. Such depreciation shall include the cost of equipping school buses with the safety features required by law or by the rules, regulations and standards promulgated by the State Board of Education, and the Department of Transportation for the safety and construction of school buses provided, however, any equipment cost reimbursed by the Department of Transportation for equipping school buses with such safety equipment shall be deducted from the allowable cost in the computation of reimbursement under this Section in the same percentage as the cost of the equipment is depreciated.

On or before August 15 July 10, annually, the chief school administrator for the district shall certify to the regional superintendent of schools upon forms prescribed by the State Superintendent of Education the district's claim for reimbursement for the school year ending on June 30 next preceding. The regional superintendent of schools shall check all transportation claims to ascertain compliance with the prescribed standards and upon his approval shall certify not later than July 25 to the State Superintendent of Education the regional report of claims for reimbursements. The State Superintendent of Education shall check and approve the claims and prepare the vouchers showing the amounts due for district reimbursement claims. Each Beginning with the 1977 fiscal year,
the State Superintendent of Education shall prepare and transmit the first 3 vouchers to the Comptroller on the 30th day of September, December and March, respectively, and the final voucher, no later than June 20.

If the amount appropriated for transportation reimbursement is insufficient to fund total claims for any fiscal year, the State Board of Education shall reduce each school district's allowable costs and flat grant amount proportionately to make total adjusted claims equal the total amount appropriated.

For purposes of calculating claims for reimbursement under this Section for any school year beginning July 1, 1998, or thereafter, the equalized assessed valuation for a school district used to compute reimbursement shall be computed in the same manner as it is computed under paragraph (2) of subsection (G) of Section 18-8.05.

All reimbursements received from the State shall be deposited into the district's transportation fund or into the fund from which the allowable expenditures were made.

Notwithstanding any other provision of law, any school district receiving a payment under this Section or under Section 14-7.02, 14-7.02b, or 14-13.01 of this Code may classify all or a portion of the funds that it receives in a particular fiscal year or from general State aid pursuant to Section 18-8.05 of this Code as funds received in connection with any funding program for which it is entitled to receive funds from the State in that fiscal year (including, without limitation, any funding program referenced in this Section), regardless of the source or timing of the receipt. The district may not classify more funds as funds received in connection with the funding program than the district is entitled to receive in that fiscal year for that program. Any classification by a district must be made by a resolution of its board of education. The resolution must identify the amount of any payments or general State aid to be classified under this paragraph and must specify the funding program to which the funds are to be treated as received in connection therewith. This resolution is controlling as to the classification of funds referenced therein. A certified copy of the resolution must be sent to the State Superintendent of Education. The resolution shall still take effect even though a copy of the

resolution has not been sent to the State Superintendent of Education in a timely manner. No classification under this paragraph by a district shall affect the total amount or timing of money the district is entitled to receive under this Code. No classification under this paragraph by a district shall in any way relieve the district from or affect any requirements that otherwise would apply with respect to that funding program, including any accounting of funds by source, reporting expenditures by original source and purpose, reporting requirements, or requirements of providing services.

Any school district with a population of not more than 500,000 must deposit all funds received under this Article into the transportation fund and use those funds for the provision of transportation services.

Sec. 34-18.5. Criminal history records checks and checks of the Statewide Sex Offender Database.

(a) Certified and noncertified applicants for employment with the school district are required as a condition of employment to authorize a fingerprint-based criminal history records check to determine if such applicants have been convicted of any of the enumerated criminal or drug offenses in subsection (c) of this Section or have been convicted, within 7 years of the application for employment with the school district, of any other felony under the laws of this State or of any offense committed or attempted in any other state or against the laws of the United States that, if committed or attempted in this State, would have been punishable as a felony under the laws of this State. Authorization for the check shall be furnished by the applicant to the school district, except that if the applicant is a substitute teacher seeking employment in more than one school district, or a teacher seeking concurrent part-time employment positions with more than one school district (as a reading specialist, special education teacher or otherwise), or an educational support personnel employee seeking employment positions with more than one district, any such district may require the applicant to furnish authorization for the
check to the regional superintendent of the educational service region in which are located the school districts in which the applicant is seeking employment as a substitute or concurrent part-time teacher or concurrent educational support personnel employee. Upon receipt of this authorization, the school district or the appropriate regional superintendent, as the case may be, shall submit the applicant's name, sex, race, date of birth, social security number, fingerprint images, and other identifiers, as prescribed by the Department of State Police, to the Department. The regional superintendent submitting the requisite information to the Department of State Police shall promptly notify the school districts in which the applicant is seeking employment as a substitute or concurrent part-time teacher or concurrent educational support personnel employee that the check of the applicant has been requested. The Department of State Police and the Federal Bureau of Investigation shall furnish, pursuant to a fingerprint-based criminal history records check, records of convictions, until expunged, to the president of the school board for the school district that requested the check, or to the regional superintendent who requested the check. The Department shall charge the school district or the appropriate regional superintendent a fee for conducting such check, which fee shall be deposited in the State Police Services Fund and shall not exceed the cost of the inquiry; and the applicant shall not be charged a fee for such check by the school district or by the regional superintendent. Subject to appropriations for these purposes, the State Superintendent of Education shall reimburse the school district and regional superintendent for fees paid to obtain criminal history records checks under this Section.

(a-5) The school district or regional superintendent shall further perform a check of the Statewide Sex Offender Database, as authorized by the Sex Offender and Child Murderer Community Notification Law, for each applicant.

(b) Any information concerning the record of convictions obtained by the president of the board of education or the regional superintendent shall be confidential and may only be transmitted to the general superintendent of the school district or his designee, the appropriate
regional superintendent if the check was requested by the board of education for the school district, the presidents of the appropriate board of education or school boards if the check was requested from the Department of State Police by the regional superintendent, the State Superintendent of Education, the State Teacher Certification Board or any other person necessary to the decision of hiring the applicant for employment. A copy of the record of convictions obtained from the Department of State Police shall be provided to the applicant for employment. Upon the check of the Statewide Sex Offender Database, the school district or regional superintendent shall notify an applicant as to whether or not the applicant has been identified in the Database as a sex offender. If a check of an applicant for employment as a substitute or concurrent part-time teacher or concurrent educational support personnel employee in more than one school district was requested by the regional superintendent, and the Department of State Police upon a check ascertains that the applicant has not been convicted of any of the enumerated criminal or drug offenses in subsection (c) or has not been convicted, within 7 years of the application for employment with the school district, of any other felony under the laws of this State or of any offense committed or attempted in any other state or against the laws of the United States that, if committed or attempted in this State, would have been punishable as a felony under the laws of this State and so notifies the regional superintendent and if the regional superintendent upon a check ascertains that the applicant has not been identified in the Sex Offender Database as a sex offender, then the regional superintendent shall issue to the applicant a certificate evidencing that as of the date specified by the Department of State Police the applicant has not been convicted of any of the enumerated criminal or drug offenses in subsection (c) or has not been convicted, within 7 years of the application for employment with the school district, of any other felony under the laws of this State or of any offense committed or attempted in any other state or against the laws of the United States that, if committed or attempted in this State, would have been punishable as a felony under the laws of this State and evidencing that as of the date that the regional superintendent conducted a check of

the Statewide Sex Offender Database, the applicant has not been identified in the Database as a sex offender. The school board of any school district located in the educational service region served by the regional superintendent who issues such a certificate to an applicant for employment as a substitute or concurrent part-time teacher or concurrent educational support personnel employee in more than one such district may rely on the certificate issued by any the regional superintendent to that substitute teacher, concurrent part-time teacher, or concurrent educational support personnel employee applicant, or may initiate its own criminal history records check of the applicant through the Department of State Police and its own check of the Statewide Sex Offender Database as provided in subsection (a). Any person who releases any confidential information concerning any criminal convictions of an applicant for employment shall be guilty of a Class A misdemeanor, unless the release of such information is authorized by this Section.

(c) The board of education shall not knowingly employ a person who has been convicted for committing attempted first degree murder or for committing or attempting to commit first degree murder or a Class X felony or any one or more of the following offenses: (i) those defined in Sections 11-6, 11-9, 11-14, 11-15, 11-15.1, 11-16, 11-17, 11-18, 11-19, 11-19.1, 11-19.2, 11-20, 11-20.1, 11-21, 12-13, 12-14, 12-14.1, 12-15 and 12-16 of the Criminal Code of 1961; (ii) those defined in the Cannabis Control Act, except those defined in Sections 4(a), 4(b) and 5(a) of that Act; (iii) those defined in the Illinois Controlled Substances Act; (iv) those defined in the Methamphetamine Control and Community Protection Act; and (v) any offense committed or attempted in any other state or against the laws of the United States, which if committed or attempted in this State, would have been punishable as one or more of the foregoing offenses. Further, the board of education shall not knowingly employ a person who has been found to be the perpetrator of sexual or physical abuse of any minor under 18 years of age pursuant to proceedings under Article II of the Juvenile Court Act of 1987.
(d) The board of education shall not knowingly employ a person for whom a criminal history records check and a Statewide Sex Offender Database check has not been initiated.

(e) Upon receipt of the record of a conviction of or a finding of child abuse by a holder of any certificate issued pursuant to Article 21 or Section 34-8.1 or 34-83 of the School Code, the board of education or the State Superintendent of Education shall initiate the certificate suspension and revocation proceedings authorized by law.

(f) After March 19, 1990, the provisions of this Section shall apply to all employees of persons or firms holding contracts with any school district including, but not limited to, food service workers, school bus drivers and other transportation employees, who have direct, daily contact with the pupils of any school in such district. For purposes of criminal history records checks and checks of the Statewide Sex Offender Database on employees of persons or firms holding contracts with more than one school district and assigned to more than one school district, the regional superintendent of the educational service region in which the contracting school districts are located may, at the request of any such school district, be responsible for receiving the authorization for a criminal history records check prepared by each such employee and submitting the same to the Department of State Police and for conducting a check of the Statewide Sex Offender Database for each employee. Any information concerning the record of conviction and identification as a sex offender of any such employee obtained by the regional superintendent shall be promptly reported to the president of the appropriate school board or school boards.

AN ACT concerning State government.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Illinois Income Tax Act is amended by changing Sections 509 and 510 and by adding Section 507EE as follows:
(35 ILCS 5/507EE new)
Sec. 507EE. The Heartsaver AED Fund checkoff. For taxable years ending on or after December 31, 2005, the Department must print on its standard individual income tax form a provision indicating that if the taxpayer wishes to contribute to the Heartsaver AED Fund, as authorized by this amendatory Act of the 94th General Assembly, he or she may do so by stating the amount of the contribution (not less than $1) on the return and that the contribution will reduce the taxpayer's refund or increase the amount of payment to accompany the return. Failure to remit any amount of increased payment shall reduce the contribution accordingly. This Section does not apply to any amended return.
(35 ILCS 5/509) (from Ch. 120, par. 5-509)
Sec. 509. Tax checkoff explanations. All individual income tax return forms shall contain appropriate explanations and spaces to enable the taxpayers to designate contributions to the following funds: the Child Abuse Prevention Fund, the Illinois Wildlife Preservation Fund (as required by the Illinois Non-Game Wildlife Protection Act),

New matter indicated by italics - deletions by strikeout
Alzheimer's Disease Research Fund (as required by the Alzheimer's Disease Research Act), the Assistance to the Homeless Fund (as required by this Act), the Penny Severns Breast and Cervical Cancer Research Fund, the National World War II Memorial Fund, the Prostate Cancer Research Fund, the Lou Gehrig's Disease (ALS) Research Fund, the Multiple Sclerosis Assistance Fund, the Leukemia Treatment and Education Fund, the World War II Illinois Veterans Memorial Fund, the Korean War Veterans National Museum and Library Fund, the Illinois Military Family Relief Fund, the Illinois Veterans' Homes Fund, the Heart saver AED Fund, and the Asthma and Lung Research Fund.

Each form shall contain a statement that the contributions will reduce the taxpayer's refund or increase the amount of payment to accompany the return. Failure to remit any amount of increased payment shall reduce the contribution accordingly.

If, on October 1 of any year, the total contributions to any one of the funds made under this Section do not equal $100,000 or more, the explanations and spaces for designating contributions to the fund shall be removed from the individual income tax return forms for the following and all subsequent years and all subsequent contributions to the fund shall be refunded to the taxpayer.

**PUBLIC ACT 94-0877**
(House Bill No. 4134)

AN ACT concerning civil liabilities.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Crime Victims Compensation Act is amended by changing Section 2 as follows:

(740 ILCS 45/2) (from Ch. 70, par. 72)

Sec. 2. Definitions. As used in this Act, unless the context otherwise requires:

(a) "Applicant" means any person who applies for compensation under this Act or any person the Court of Claims finds is entitled to compensation, including the guardian of a minor or of a person under legal disability. It includes any person who was a dependent of a deceased victim of a crime of violence for his or her support at the time of the death of that victim.

(b) "Court of Claims" means the Court of Claims created by the Court of Claims Act.

New matter indicated by italics - deletions by strikeout
(c) "Crime of violence" means and includes any offense defined in Sections 9-1, 9-2, 9-3, 10-1, 10-2, 11-1, 11-19.2, 11-20.1, 12-1, 12-2, 12-3, 12-3.2, 12-3.3, 12-4, 12-4.1, 12-4.2, 12-4.3, 12-5, 12-7.1, 12-7.3, 12-7.4, 12-13, 12-14, 12-14.1, 12-15, 12-16, 12-30, 20-1 or 20-1.1 of the Criminal Code of 1961, and driving under the influence of intoxicating liquor or narcotic drugs as defined in Section 11-501 of the Illinois Vehicle Code, if none of the said offenses occurred during a civil riot, insurrection or rebellion. "Crime of violence" does not include any other offense or accident involving a motor vehicle except those vehicle offenses specifically provided for in this paragraph. "Crime of violence" does include all of the offenses specifically provided for in this paragraph that occur within this State but are subject to federal jurisdiction and crimes involving terrorism as defined in 18 U.S.C. 2331.

(d) "Victim" means (1) a person killed or injured in this State as a result of a crime of violence perpetrated or attempted against him or her, (2) the parent of a person child killed or injured in this State as a result of a crime of violence perpetrated or attempted against the person child, (3) a person killed or injured in this State while attempting to assist a person against whom a crime of violence is being perpetrated or attempted, if that attempt of assistance would be expected of a reasonable man under the circumstances, (4) a person killed or injured in this State while assisting a law enforcement official apprehend a person who has perpetrated a crime of violence or prevent the perpetration of any such crime if that assistance was in response to the express request of the law enforcement official, (5) a person who personally witnessed a violent crime, (5.1) solely for the purpose of compensating for pecuniary loss incurred for psychological treatment of a mental or emotional condition caused or aggravated by the crime, any other person under the age of 18 who is the brother, sister, half brother, half sister, child, or stepchild of a person killed or injured in this State as a result of a crime of violence, or (6) an Illinois resident who is a victim of a "crime of violence" as defined in this Act except, if the crime occurred outside this State, the resident has the same rights under this Act as if the crime had occurred in this State upon a showing that the state, territory, country, or political subdivision of a country in which the crime

New matter indicated by italics - deletions by strikeout
occurred does not have a compensation of victims of crimes law for which that Illinois resident is eligible.

(e) "Dependent" means a relative of a deceased victim who was wholly or partially dependent upon the victim's income at the time of his or her death and shall include the child of a victim born after his or her death.

(f) "Relative" means a spouse, parent, grandparent, stepfather, stepmother, child, grandchild, brother, brother-in-law, sister, sister-in-law, half brother, half sister, spouse's parent, nephew, niece, uncle or aunt.

(g) "Child" means an unmarried son or daughter who is under 18 years of age and includes a stepchild, an adopted child or a child born out of wedlock.

(h) "Pecuniary loss" means, in the case of injury, appropriate medical expenses and hospital expenses including expenses of medical examinations, rehabilitation, medically required nursing care expenses, appropriate psychiatric care or psychiatric counseling expenses, expenses for care or counseling by a licensed clinical psychologist, licensed clinical social worker, or licensed clinical professional counselor and expenses for treatment by Christian Science practitioners and nursing care appropriate thereto; transportation expenses to and from medical and treatment facilities; prosthetic appliances, eyeglasses, and hearing aids necessary or damaged as a result of the crime; replacement costs for clothing and bedding used as evidence; costs associated with temporary lodging or relocation necessary as a result of the crime, including, but not limited to, the first month's rent and security deposit of the dwelling that the claimant relocated to and other reasonable relocation expenses incurred as a result of the violent crime; locks or windows necessary or damaged as a result of the crime; the purchase, lease, or rental of equipment necessary to create usability of and accessibility to the victim's real and personal property, or the real and personal property which is used by the victim, necessary as a result of the crime; the costs of appropriate crime scene clean-up; replacement services loss, to a maximum of $1000 per month; dependents replacement services loss, to a maximum of $1000 per month; loss of tuition paid to attend grammar school or high school when the victim had

New matter indicated by italics - deletions by strikeout
been enrolled as a full-time student prior to the injury, or college or graduate school when the victim had been enrolled as a full-time day or night student prior to the injury when the victim becomes unable to continue attendance at school as a result of the crime of violence perpetrated against him or her; loss of earnings, loss of future earnings because of disability resulting from the injury, and, in addition, in the case of death, expenses for funeral, burial, and travel and transport for survivors of homicide victims to secure bodies of deceased victims and to transport bodies for burial all of which may not exceed a maximum of $5,000 and loss of support of the dependents of the victim. Loss of future earnings shall be reduced by any income from substitute work actually performed by the victim or by income he or she would have earned in available appropriate substitute work he or she was capable of performing but unreasonably failed to undertake. Loss of earnings, loss of future earnings and loss of support shall be determined on the basis of the victim's average net monthly earnings for the 6 months immediately preceding the date of the injury or on $1000 per month, whichever is less. If a divorced or legally separated applicant is claiming loss of support for a minor child of the deceased, the amount of support for each child shall be based either on the amount of support pursuant to the judgment prior to the date of the deceased victim's injury or death, or, if the subject of pending litigation filed by or on behalf of the divorced or legally separated applicant prior to the injury or death, on the result of that litigation. Real and personal property includes, but is not limited to, vehicles, houses, apartments, town houses, or condominiums. Pecuniary loss does not include pain and suffering or property loss or damage.

(i) "Replacement services loss" means expenses reasonably incurred in obtaining ordinary and necessary services in lieu of those the permanently injured person would have performed, not for income, but for the benefit of himself or herself or his or her family, if he or she had not been permanently injured.

(j) "Dependents replacement services loss" means loss reasonably incurred by dependents or private legal guardians of minor dependents after a victim's death in obtaining ordinary and necessary services in lieu
of those the victim would have performed, not for income, but for their benefit, if he or she had not been fatally injured.

(k) "Survivor" means immediate family including a parent, step-father, step-mother, child, brother, sister, or spouse.

(House Bill No. 4649)

AN ACT concerning criminal law.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Code of Criminal Procedure of 1963 is amended by adding Section 110-5.1 as follows:

(725 ILCS 5/110-5.1 new)

Sec. 110-5.1. Bail; certain persons charged with violent crimes against family or household members.

(a) Subject to subsection (c), a person who is charged with a violent crime shall appear before the court for the setting of bail if the alleged victim was a family or household member at the time of the alleged offense, and if any of the following applies:

(1) the person charged, at the time of the alleged offense, was subject to the terms of an order of protection issued under Section 112A-14 of this Code or Section 214 of the Illinois Domestic Violence Act of 1986 or previously was convicted of a violation of an order of protection under Section 12-30 of the Criminal Code of 1961 or a violent crime if the victim was a family or household member at the time of the offense or a violation of a substantially similar municipal ordinance or law of this or any

other state or the United States if the victim was a family or household member at the time of the offense;

(2) the arresting officer indicates in a police report or other document accompanying the complaint any of the following:

   (A) that the arresting officer observed on the alleged victim objective manifestations of physical harm that the arresting officer reasonably believes are a result of the alleged offense;
   
   (B) that the arresting officer reasonably believes that the person had on the person's person at the time of the alleged offense a deadly weapon;
   
   (C) that the arresting officer reasonably believes that the person presents a credible threat of serious physical harm to the alleged victim or to any other person if released on bail before trial.

(b) To the extent that information about any of the following is available to the court, the court shall consider all of the following, in addition to any other circumstances considered by the court, before setting bail for a person who appears before the court pursuant to subsection (a):

   (1) whether the person has a history of domestic violence or a history of other violent acts;
   
   (2) the mental health of the person;
   
   (3) whether the person has a history of violating the orders of any court or governmental entity;
   
   (4) whether the person is potentially a threat to any other person;
   
   (5) whether the person has access to deadly weapons or a history of using deadly weapons;
   
   (6) whether the person has a history of abusing alcohol or any controlled substance;
   
   (7) the severity of the alleged violence that is the basis of the alleged offense, including, but not limited to, the duration of the alleged violent incident, and whether the alleged violent incident involved serious physical injury, sexual assault,

New matter indicated by italics - deletions by strikeout
strangulation, abuse during the alleged victim's pregnancy, abuse of pets, or forcible entry to gain access to the alleged victim;
(8) whether a separation of the person from the alleged victim or a termination of the relationship between the person and the alleged victim has recently occurred or is pending;
(9) whether the person has exhibited obsessive or controlling behaviors toward the alleged victim, including, but not limited to, stalking, surveillance, or isolation of the alleged victim;
(10) whether the person has expressed suicidal or homicidal ideations;
(11) any information contained in the complaint and any police reports, affidavits, or other documents accompanying the complaint.
(c) Upon the court's own motion or the motion of a party and upon any terms that the court may direct, a court may permit a person who is required to appear before it by subsection (a) to appear by video conferencing equipment. If, in the opinion of the court, the appearance in person or by video conferencing equipment of a person who is charged with a misdemeanor and who is required to appear before the court by subsection (a) is not practicable, the court may waive the appearance and release the person on bail on one or both of the following types of bail in an amount set by the court:
(1) a bail bond secured by a deposit of 10% of the amount of the bond in cash;
(2) a surety bond, a bond secured by real estate or securities as allowed by law, or the deposit of cash, at the option of the person.
Subsection (a) does not create a right in a person to appear before the court for the setting of bail or prohibit a court from requiring any person charged with a violent crime who is not described in subsection (a) from appearing before the court for the setting of bail.
(d) As used in this Section:
(1) "Violent crime" has the meaning ascribed to it in Section 3 of the Rights of Crime Victims and Witnesses Act.
(2) "Family or household member" has the meaning ascribed to it in Section 112A-3 of this Code.

PUBLIC ACT 94-0879
(House Bill No. 4853)

AN ACT concerning health.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Procurement Code is amended by adding Section 50-14.5 as follows:
(30 ILCS 500/50-14.5 new)
Sec. 50-14.5. Lead Poisoning Prevention Act violations. Owners of residential buildings who have committed a willful or knowing violation of the Lead Poisoning Prevention Act are prohibited from doing business with the State of Illinois or any State agency until the violation is mitigated.

Section 10. The Lead Poisoning Prevention Act is amended by changing Sections 2, 3, 4, 5, 6, 7.1, 8, and 12 and by adding Sections 6.01, 6.3, 9.2, 9.3, 9.4, and 12.1 as follows:
(410 ILCS 45/2) (from Ch. 111 1/2, par. 1302)
Sec. 2. Definitions. As used in this Act:
"Abatement" means the removal or encapsulation of all leadbearing substances in a residential building or dwelling unit.
"Child care facility" means any structure used by a child care provider licensed by the Department of Children and Family Services or public school structure frequented by children through 6 years of age.
"Delegate agency" means a unit of local government or health department approved by the Department to carry out the provisions of this Act.

New matter indicated by italics - deletions by strikeout
"Department" means the Department of Public Health of the State of Illinois.

"Dwelling" means any structure all or part of which is designed or used for human habitation.

"High risk area" means an area in the State determined by the Department to be high risk for lead exposure for children through 6 years of age. The Department shall consider, but not be limited to, the following factors to determine a high risk area: age and condition (using Department of Housing and Urban Development definitions of "slum" and "blighted") of housing, proximity to highway traffic or heavy local traffic or both, percentage of housing determined as rental or vacant, proximity to industry using lead, established incidence of elevated blood lead levels in children, percentage of population living below 200% of federal poverty guidelines, and number of children residing in the area who are 6 years of age or younger.

"Exposed surface" means any interior or exterior surface of a dwelling or residential building.

"Lead abatement contractor" means any person or entity licensed by the Department to perform lead abatement and mitigation.

"Lead abatement worker" means any person employed by a lead abatement contractor and licensed by the Department to perform lead abatement and mitigation.

"Lead bearing substance" means any item containing or coated with lead such that the lead content is more than six-hundredths of one percent (0.06%) lead by total weight; or any dust on surfaces or in furniture or other nonpermanent elements of the dwelling; or any paint or other surface coating material containing more than five-tenths of one percent (0.5%) lead by total weight (calculated as lead metal) in the total non-volatile content of liquid paint; or lead bearing substances containing greater than one milligram per square centimeter or any lower standard for lead content in residential paint as may be established by federal law or regulation; or more than 1 milligram per square centimeter in the dried film of paint or previously applied substance; or item or dust on item object containing lead in excess of the amount specified in the rules and

New matter indicated by italics - deletions by strikeout
regulations authorized by this Act or a lower standard for lead content as may be established by federal law or regulation. "Lead bearing substance" does not include firearm ammunition or components as defined by the Firearm Owners Identification Card Act.

"Lead hazard" means a lead bearing substance that poses an immediate health hazard to humans.

"Lead poisoning" means the condition of having blood lead levels in excess of those considered safe under State and federal rules and regulations.

"Low risk area" means an area in the State determined by the Department to be low risk for lead exposure for children through 6 years of age. The Department shall consider the factors named in "high risk area" to determine low risk areas.

"Mitigation" means the remediation, in a manner described in Section 9, of a lead hazard so that the lead bearing substance does not pose an immediate health hazard to humans.

"Owner" means any person, who alone, jointly, or severally with others:

(a) Has legal title to any dwelling or residential building, with or without accompanying actual possession of the dwelling or residential building, or

(b) Has charge, care or control of the dwelling or residential building as owner or agent of the owner, or as executor, administrator, trustee, or guardian of the estate of the owner.

"Person" means any one or more natural persons, legal entities, governmental bodies, or any combination.

"Residential building" means any room, group of rooms, or other interior areas of a structure designed or used for human habitation; common areas accessible by inhabitants; and the surrounding property or structures.

"Risk assessment" means a questionnaire to be developed by the Department for use by physicians and other health care providers to determine risk factors for children through 6 years of age residing in areas designated as low risk for lead exposure.

New matter indicated by italics - deletions by strikeout
Sec. 3. Lead bearing substance use. No person shall use or apply lead bearing substances:
   (a) In or upon any exposed surface of a dwelling or dwelling unit;
   (b) In or around the exposed surfaces of a child care facility or other structure frequented by children;
   (c) In or upon any fixtures or other objects used, installed, or located in or upon any exposed surface of a dwelling or residential building, or child care facility, or intended to be so used, installed, or located and that, in the ordinary course of use, are accessible to or and chewable by children;
   (d) In or upon any items, including, but not limited to, clothing, accessories, jewelry, decorative objects, edible items, candy, food, dietary supplements, toys, furniture, or other articles used by or intended to be and chewable by children;
   (e) Within or upon a residential building or dwelling, child care facility, school, playground, park, or recreational area, or other areas regularly frequented by children.

Sec. 4. Sale of items containing lead bearing substance. No person shall sell, have, offer for sale, or transfer toys, or furniture, clothing, accessories, jewelry, decorative objects, edible items, candy, food, dietary supplements, or other articles used by or intended to be chewable by children that contains a lead bearing substance.

Sec. 5. Sale of objects containing lead bearing substance. No person shall sell or transfer or offer for sale or transfer any fixtures or other objects intended to be used, installed, or located in or upon any surface of a dwelling or residential building, or child care facility, that contains a lead bearing substance and that, in the ordinary course of use, are accessible to or and chewable by children.
Sec. 6. Warning statement. No person, firm, or corporation shall have, offer for sale, sell, or give away any lead bearing substance that may be used by the general public unless it bears the warning statement as prescribed by federal regulation. If no regulation is prescribed the warning statement shall be as follows when the lead bearing substance is a lead-based paint or surface coating: "WARNING--CONTAINS LEAD. DRIED FILM OF THIS SUBSTANCE MAY BE HARMFUL IF EATEN OR CHEWED. See Other Cautions on (Side or Back) Panel. Do not apply on toys, or other children's articles, furniture, or interior, or exterior exposed surfaces of any residential building or facility that may be occupied or used by children. KEEP OUT OF THE REACH OF CHILDREN.". If no regulation is prescribed the warning statement shall be as follows when the lead bearing substance contains lead-based paint or a form of lead other than lead-based paint: "WARNING CONTAINS LEAD. MAY BE HARMFUL IF EATEN OR CHEWED. MAY GENERATE DUST CONTAINING LEAD. KEEP OUT OF THE REACH OF CHILDREN.".

(a) The generic term of a product, such as "paint" may be substituted for the word "substance" in the above labeling.

(b) The placement, conspicuousness, and contrast of the above labeling shall be in accordance with 16 C.F.R. 1500.121 Section 191.101 of the regulations promulgated under the provisions of the Federal Hazardous Substances Act.

Sec. 6.01. Warning statement where supplies sold.

(a) Any retailer, store, or commercial establishment that offers paint or other supplies intended for the removal of paint shall display, in a prominent and easily visible location, a poster containing, at a minimum, the following:

1) a statement that dry sanding and dry scraping of paint in dwellings built before 1978 is dangerous;

New matter indicated by italics - deletions by strikeout
(2) a statement that the improper removal of old paint is a significant source of lead dust and the primary cause of lead poisoning; and

(3) contact information where consumers can obtain more information.

(b) The Department shall provide sample posters and brochures that commercial establishments may use. The Department shall make these posters and brochures available in hard copy and via download from the Department’s Internet website.

(c) A commercial establishment shall be deemed to be in compliance with this Section if the commercial establishment displays lead poisoning prevention posters or provides brochures to its customers that meet the minimum requirements of this Section but come from a source other than the Department.

(410 ILCS 45/6.3 new)

Sec. 6.3. Information provided by the Department of Healthcare and Family Services.

(a) The Director of Healthcare and Family Services shall provide, upon request of the Director of Public Health, an electronic record of all children less than 7 years of age who receive Medicaid, Kidcare, or other health care benefits from the Department of Healthcare and Family Services. The records shall include a history of claims filed for each child and the health care provider who rendered the services. On at least an annual basis, the Director of Public Health shall match the records provided by the Department of Healthcare and Family Services with the records of children receiving lead tests, as reported to the Department under Section 7 of this Act.

(b) The Director shall prepare a report documenting the frequency of lead testing and elevated blood and lead levels among children receiving benefits from the Department of Healthcare and Family Services. On at least an annual basis, the Director shall prepare and deliver a report to each health care provider who has rendered services to children receiving benefits from the Department of Healthcare and Family Services. The report shall contain the aggregate number of children

New matter indicated by italics - deletions by strikeout
receiving benefits from the Department of Healthcare and Family Services to whom the provider has provided services, the number and percentage of children tested for lead poisoning, and the number and percentage of children having an elevated lead level. The Department of Public Health may exclude health care providers who provide specialized or emergency medical care and who are unlikely to be the primary medical care provider for a child. Upon the request of a provider, the Department of Public Health may generate a list of individual patients treated by that provider according to the claims records and the patients’ lead test results.

(410 ILCS 45/7.1) (from Ch. 111 1/2, par. 1307.1)

Sec. 7.1. Child care facilities must require lead blood level screening for admission. By January 1, 1993, each day care center, day care home, preschool, nursery school, kindergarten, or other child care facility, licensed or approved by the State, including such programs operated by a public school district, shall include a requirement that each parent or legal guardian of a child between the ages of 6 months through 6 years provide a statement from a physician or health care provider that the child has been risk assessed, as provided in Section 6.2, if the child resides in an area defined as low risk by the Department, or screened for lead poisoning as provided for in Section 6.2, if the child resides in an area defined as high risk. This statement shall be provided prior to admission and subsequently in conjunction with required physical examinations.

Nothing in this Section shall be construed to require any child to undergo a lead blood level screening or test whose parent or guardian objects on the grounds that the screening or test conflicts with his or her religious beliefs.

Child care facilities that participate in the Illinois Child Care Assistance Program (CCAP) shall annually send or deliver to the parents or guardians of children enrolled in the facility's care an informational pamphlet regarding awareness of lead paint poisoning. Sec. 8. Inspection of buildings occupied by a person screening positive. A representative of the Department, or delegate agency, may, after notification that an occupant of the dwelling unit in question is found to have a blood lead value of the value set forth in Section 7, upon presentation of the appropriate credentials to the owner, occupant, or his representative, inspect dwelling or dwelling units, at reasonable times, for the purposes of ascertaining that all surfaces accessible to children are intact and in good repair, and for purposes of ascertaining the existence of lead bearing substances. Such representative of the Department, or delegate agency, may remove samples or objects necessary for laboratory analysis, in the determination of the presence of lead-bearing substances in the designated dwelling or dwelling unit.

If a building is occupied by a child of less than 3 years of age screening positive, the Department, in addition to all other requirements of this Section, must inspect the dwelling unit and common place area of the child screening positive.

Following the inspection, the Department or its delegate agency shall:

(1) Prepare an inspection report which shall:
(A) State the address of the dwelling unit.
(B) Describe the scope of the inspection, the inspection procedures used, and the method of ascertaining the existence of a lead bearing substance in the dwelling unit.
(C) State whether any lead bearing substances were found in the dwelling unit.
(D) Describe the nature, extent, and location of any lead bearing substance that is found.
(E) State either that a lead hazard does exist or that a lead hazard does not exist. If a lead hazard does exist, the report shall describe the source, nature and location of the lead hazard. The
existence of intact lead paint does not alone constitute a lead hazard for the purposes of this Section.

(F) Give the name of the person who conducted the inspection and the person to contact for further information regarding the inspection and the requirements of this Act.

(2) Mail or otherwise provide a copy of the inspection report to the property owner and to the occupants of the dwelling unit. If a lead bearing substance is found, at the time of providing a copy of the inspection report, the Department or its delegate agency shall attach an informational brochure.

Sec. 9.2. Multiple mitigation notices. When mitigation notices are issued for 2 or more dwelling units in a building within a 5-year time period, the Department may inspect common areas in the building and shall inspect units where (i) children under the age of 6 reside, at the request of a parent or guardian of the child or (ii) a pregnant woman resides, at the pregnant woman's request. All lead hazards must be mitigated in a reasonable time frame, as determined by rules adopted by the Department. In determining the time frame for completion of mitigation of hazards identified under this Section, the Department shall consider, in addition to the considerations in subsection (6) of Section 9 of this Act, the owner's financial ability to complete the mitigation.

(410 ILCS 45/9.3 new)

Sec. 9.3. Financial assistance for mitigation. Whenever a mitigation notice is issued pursuant to Section 9 or Section 9.2 of this Act, the Department shall make the owner aware of any financial assistance programs that may be available for lead mitigation through the federal, State, or local government or a not-for-profit organization.

(410 ILCS 45/9.4 new)

Sec. 9.4. Owner's obligation to post notice. The owner of a dwelling unit or residential building who has received a mitigation notice under Section 9 of this Act shall post notices in common areas of the building specifying the identified lead hazards. The posted notices, drafted

by the Department and sent to the property owner with the notification of lead hazards, shall indicate the following:

1. that a unit or units in the building have been found to have lead hazards;
2. that other units in the building may have lead hazards;
3. that the Department recommends that children 6 years of age or younger receive a blood lead screening;
4. where to seek further information; and
5. whether mitigation notices have been issued for 2 or more dwelling units within a 5-year period of time.

Once the owner has complied with a mitigation notice or mitigation order issued by the Department, the owner may remove the notices posted pursuant to this Section.

(a) Violation of any Section of this Act other than Section 6.01 or Section 7 shall be punishable as a Class A misdemeanor. A violation of Section 6.01 shall cause the Department to issue a written warning for a first offense and shall be a petty offense for a second or subsequent offense if the violation occurs at the same location within 12 months after the first offense.

(b) In cases where a person is found to have mislabeled, possessed, offered for sale or transfer, sold or transferred, or given away lead-bearing substances, a representative of the Department shall confiscate the lead-bearing substances and retain the substances until they are shown to be in compliance with this Act.

(c) In addition to any other penalty provided under this Act, the court in an action brought under subsection (e) may impose upon any person who violates or does not comply with a notice of deficiency and a mitigation order issued under subsection (7) of Section 9 of this Act or who fails to comply with subsection (3) or subsection (5) of Section 9 of this Act a civil penalty not exceeding $2,500 for each violation, plus $250 for each day that the violation continues.

Any civil penalties collected in a court proceeding shall be deposited into a delegated county lead poisoning screening, prevention, and abatement fund or, if no delegated county or lead poisoning screening, prevention, and abatement fund exists, into the Lead Poisoning Screening, Prevention, and Abatement Fund established under Section 7.2.

(d) Whenever the Department finds that an emergency exists that requires immediate action to protect the health of children under this Act, it may, without administrative procedure or notice, cause an action to be brought by the Attorney General or the State's Attorney of the county in which a violation has occurred for a temporary restraining order or a preliminary injunction to require such action as is required to meet the emergency and protect the health of children.

(e) The State's Attorney of the county in which a violation occurs or the Attorney General may bring an action for the enforcement of this Act and the rules adopted and orders issued under this Act, in the name of the People of the State of Illinois, and may, in addition to other remedies provided in this Act, bring an action for a temporary restraining order or preliminary injunction as described in subsection (d) or an injunction to restrain any actual or threatened violation or to impose or collect a civil penalty for any violation.

Approved June 20, 2006.
Effective June 20, 2006.
AN ACT concerning State government.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Children and Family Services Act is amended by changing Section 7 as follows:

(20 ILCS 505/7) (from Ch. 23, par. 5007)
Sec. 7. Placement of children; considerations.
(a) In placing any child under this Act, the Department shall place such child, as far as possible, in the care and custody of some individual holding the same religious belief as the parents of the child, or with some child care facility which is operated by persons of like religious faith as the parents of such child.

(b) In placing a child under this Act, the Department may place a child with a relative if the Department determines has reason to believe that the relative will be able to adequately provide for the child's safety and welfare based on the factors set forth in the Department's Rules governing relative placements, and that the placement is consistent with the child's best interests, taking into consideration the factors set out in subsection (4.05) of Section 1-3 of the Juvenile Court Act of 1987.

When the Department first assumes custody of a child, in placing that child under this Act, the Department shall make reasonable efforts to identify and locate a relative who is ready, willing, and able to care for the child. At a minimum, these efforts shall be renewed each time the child requires a placement change and it is appropriate for the child to be cared for in a home environment. The Department must document its efforts to identify and locate such a relative placement and maintain the documentation in the child's case file.

If the Department determines that a placement with any identified relative is not in the child's best interests or that the relative does not meet the requirements to be a relative caregiver, as set forth in Department

New matter indicated by italics - deletions by strikeout
Rules or by statute, the Department must document the basis for that decision and maintain the documentation in the child’s case file.

If, pursuant to the Department's Rules, any person files an administrative appeal of the Department's decision not to place a child with a relative, it is the Department's burden to prove that the decision is consistent with the child's best interests.

When the Department determines that the child requires placement in an environment, other than a home environment, the Department shall continue to make reasonable efforts to identify and locate relatives to serve as visitation resources for the child and potential future placement resources, except when the Department determines that those efforts would be futile or inconsistent with the child's best interests.

If the Department determines that efforts to identify and locate relatives would be futile or inconsistent with the child's best interests, the Department shall document the basis of its determination and maintain the documentation in the child's case file.

If the Department determines that an individual or a group of relatives are inappropriate to serve as visitation resources or possible placement resources, the Department shall document the basis of its determination and maintain the documentation in the child's case file.

When the Department determines that an individual or a group of relatives are appropriate to serve as visitation resources or possible future placement resources, the Department shall document the basis of its determination, maintain the documentation in the child's case file, create a visitation or transition plan, or both, and incorporate the visitation or transition plan, or both, into the child's case plan. For the purpose of this subsection, any determination as to the child's best interests shall include consideration of the factors set out in subsection (4.05) of Section 1-3 of the Juvenile Court Act of 1987.

The Department may not place a child with a relative, with the exception of certain circumstances which may be waived as defined by the Department in rules, if the results of a check of the Law Enforcement Agencies Agency Data System (LEADS) identifies a prior criminal
conviction of the relative or any adult member of the relative's household for any of the following offenses under the Criminal Code of 1961:

(1) murder;
(1.1) solicitation of murder;
(1.2) solicitation of murder for hire;
(1.3) intentional homicide of an unborn child;
(1.4) voluntary manslaughter of an unborn child;
(1.5) involuntary manslaughter;
(1.6) reckless homicide;
(1.7) concealment of a homicidal death;
(1.8) involuntary manslaughter of an unborn child;
(1.9) reckless homicide of an unborn child;
(1.10) drug-induced homicide;
(2) a sex offense under Article 11, except offenses described in Sections 11-7, 11-8, 11-12, and 11-13;
(3) kidnapping;
(3.1) aggravated unlawful restraint;
(3.2) forcible detention;
(3.3) aiding and abetting child abduction;
(4) aggravated kidnapping;
(5) child abduction;
(6) aggravated battery of a child;
(7) criminal sexual assault;
(8) aggravated criminal sexual assault;
(8.1) predatory criminal sexual assault of a child;
(9) criminal sexual abuse;
(10) aggravated sexual abuse;
(11) heinous battery;
(12) aggravated battery with a firearm;
(13) tampering with food, drugs, or cosmetics;
(14) drug-induced infliction of great bodily harm;
(15) aggravated stalking;
(16) home invasion;
(17) vehicular invasion;

(18) criminal transmission of HIV;
(19) criminal abuse or neglect of an elderly or disabled person;
(20) child abandonment;
(21) endangering the life or health of a child;
(22) ritual mutilation;
(23) ritualized abuse of a child;
(24) an offense in any other state the elements of which are similar and bear a substantial relationship to any of the foregoing offenses.

For the purpose of this subsection, "relative" shall include any person, 21 years of age or over, other than the parent, who (i) is currently related to the child in any of the following ways by blood or adoption: grandparent, sibling, great-grandparent, uncle, aunt, nephew, niece, first cousin, second cousin, godparent, great-uncle, or great-aunt; or (ii) is the spouse of such a relative; or (iii) is the child's step-father, step-mother, or adult step-brother or step-sister; "relative" also includes a person related in any of the foregoing ways to a sibling of a child, even though the person is not related to the child, when the child and its sibling are placed together with that person. For children who have been in the guardianship of the Department, have been adopted, and are subsequently returned to the temporary custody or guardianship of the Department, a "relative" may also include any person who would have qualified as a relative under this paragraph prior to the adoption, but only if the Department determines, and documents, that it would be in the child's best interests to consider this person a relative, based upon the factors for determining best interests set forth in subsection (4.05) of Section 1-3 of the Juvenile Court Act of 1987. A relative with whom a child is placed pursuant to this subsection may, but is not required to, apply for licensure as a foster family home pursuant to the Child Care Act of 1969; provided, however, that as of July 1, 1995, foster care payments shall be made only to licensed foster family homes pursuant to the terms of Section 5 of this Act.

(c) In placing a child under this Act, the Department shall ensure that the child's health, safety, and best interests are met in making a family
foster care placement. In rejecting placement of a child with an identified relative, the Department shall ensure that the child's health, safety, and best interests are met. In evaluating the best interests of the child, the Department shall take into consideration the factors set forth in subsection (4.05) of Section 1-3 of the Juvenile Court Act of 1987.

The Department shall consider the individual needs of the child and the capacity of the prospective foster or adoptive parents to meet the needs of the child. When a child must be placed outside his or her home and cannot be immediately returned to his or her parents or guardian, a comprehensive, individualized assessment shall be performed of that child at which time the needs of the child shall be determined. Only if race, color, or national origin is identified as a legitimate factor in advancing the child's best interests shall it be considered. Race, color, or national origin shall not be routinely considered in making a placement decision. The Department shall make special efforts for the diligent recruitment of potential foster and adoptive families that reflect the ethnic and racial diversity of the children for whom foster and adoptive homes are needed. "Special efforts" shall include contacting and working with community organizations and religious organizations and may include contracting with those organizations, utilizing local media and other local resources, and conducting outreach activities.

(c-1) At the time of placement, the Department shall consider concurrent planning, as described in subsection (l-1) of Section 5, so that permanency may occur at the earliest opportunity. Consideration should be given so that if reunification fails or is delayed, the placement made is the best available placement to provide permanency for the child.

(d) The Department may accept gifts, grants, offers of services, and other contributions to use in making special recruitment efforts.

(e) The Department in placing children in adoptive or foster care homes may not, in any policy or practice relating to the placement of children for adoption or foster care, discriminate against any child or prospective adoptive or foster parent on the basis of race.

(House Bill No. 4425)

AN ACT concerning business.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Motor Vehicle Franchise Act is amended by changing Section 6 as follows:

(815 ILCS 710/6) (from Ch. 121 1/2, par. 756)

Sec. 6. Warranty agreements; claims; approval; payment; written disapproval.

New matter indicated by italics - deletions by strikeout
(a) Every manufacturer, distributor, wholesaler, distributor branch or division, factory branch or division, or wholesale branch or division shall properly fulfill any warranty agreement and adequately and fairly compensate each of its motor vehicle dealers for labor and parts.

(b) In no event shall such compensation fail to include reasonable compensation for diagnostic work, as well as repair service, labor, and parts. Time allowances for the diagnosis and performance of warranty work and service shall be reasonable and adequate for the work to be performed. In the determination of what constitutes reasonable compensation under this Section, the principal factor to be given consideration shall be the prevailing wage rates being paid by the dealer in the relevant market area in which the motor vehicle dealer is doing business, and in no event shall such compensation of a motor vehicle dealer for warranty service be less than the rates charged by such dealer for like service to retail customers for nonwarranty service and repairs. The franchiser shall reimburse the franchisee for any parts provided in satisfaction of a warranty at the prevailing retail price charged by that dealer for the same parts when not provided in satisfaction of a warranty; provided that such motor vehicle franchisee's prevailing retail price is not unreasonable when compared with that of the holders of motor vehicle franchises from the same motor vehicle franchiser for identical merchandise in the geographic area in which the motor vehicle franchisee is engaged in business. All claims, either original or resubmitted, made by motor vehicle dealers hereunder and under Section 5 for such labor and parts shall be either approved or disapproved within 30 days following their submission. All approved claims shall be paid within 30 days following their approval. The motor vehicle dealer who submits a claim which is disapproved shall be notified in writing of the disapproval within the same period, and each such notice shall state the specific grounds upon which the disapproval is based. The motor vehicle dealer shall be permitted to correct and resubmit such disapproved claims within 30 days of receipt of disapproval. Any claims not specifically disapproved in writing within 30 days from their submission shall be deemed approved and payment shall follow within 30 days. The manufacturer or franchiser

New matter indicated by italics - deletions by strikeout
shall have the right to require reasonable documentation for claims and to audit such claims within a one year period from the date the claim was paid or credit issued by the manufacturer or franchiser, and to charge back any false or unsubstantiated claims. The audit and charge back provisions of this Section also apply to all other incentive and reimbursement programs for a period of 18 months after the date of the transactions that are subject to audit by the franchiser. However, the manufacturer retains the right to charge back any fraudulent claim if the manufacturer establishes in a court of competent jurisdiction in this State that the claim is fraudulent.

(c) The motor vehicle franchiser shall not, by agreement, by restrictions upon reimbursement, or otherwise, restrict the nature and extent of services to be rendered or parts to be provided so that such restriction prevents the motor vehicle franchisee from satisfying the warranty by rendering services in a good and workmanlike manner and providing parts which are required in accordance with generally accepted standards. Any such restriction shall constitute a prohibited practice.

(d) For the purposes of this Section, the "prevailing retail price charged by that dealer for the same parts" means the price paid by the motor vehicle franchisee for parts, including all shipping and other charges, multiplied by the sum of 1.0 and the franchisee's average percentage markup over the price paid by the motor vehicle franchisee for parts purchased by the motor vehicle franchisee from the motor vehicle franchiser and sold at retail. The motor vehicle franchisee may establish average percentage markup under this Section by submitting to the motor vehicle franchiser 100 sequential customer paid service repair orders or 90 days of customer paid service repair orders, whichever is less, covering repairs made no more than 180 days before the submission, and declaring what the average percentage markup is. The average percentage markup so declared shall go into effect 30 days following the declaration, subject to audit of the submitted repair orders by the motor vehicle franchiser and adjustment of the average percentage markup based on that audit. Any audit must be conducted within 30 days following the declaration. Only retail sales not involving warranty repairs, parts covered by subsection (e)
of this Section, or parts supplied for routine vehicle maintenance, shall be considered in calculating average percentage markup. No motor vehicle franchiser shall require a motor vehicle franchisee to establish average percentage markup by a methodology, or by requiring information, that is unduly burdensome or time consuming to provide, including, but not limited to, part by part or transaction by transaction calculations. A motor vehicle franchisee shall not request a change in the average percentage markup more than twice in one calendar year.

(e) If a motor vehicle franchiser supplies a part or parts for use in a repair rendered under a warranty other than by sale of that part or parts to the motor vehicle franchisee, the motor vehicle franchisee shall be entitled to compensation equivalent to the motor vehicle franchiser's average percentage markup on the part or parts, as if the part or parts had been sold to the motor vehicle franchisee by the motor vehicle franchiser. The requirements of this subsection (e) shall not apply to entire engine assemblies and entire transmission assemblies. In the case of those assemblies, the motor vehicle franchiser shall reimburse the motor vehicle franchisee in the amount of 30% of what the motor vehicle franchisee would have paid the motor vehicle franchiser for the assembly if the assembly had not been supplied by the franchiser other than by the sale of that assembly to the motor vehicle franchisee.

(f) The obligations imposed on motor vehicle franchisers by this Section shall apply to any parent, subsidiary, affiliate, or agent of the motor vehicle franchiser, any person under common ownership or control, any employee of the motor vehicle franchiser, and any person holding 1% or more of the shares of any class of securities or other ownership interest in the motor vehicle franchiser, if a warranty or service or repair plan is issued by that person instead of or in addition to one issued by the motor vehicle franchiser.

(g) (1) Any motor vehicle franchiser and at least a majority of its Illinois franchisees of the same line make may agree in an express written contract citing this Section upon a uniform warranty reimbursement policy used by contracting franchisees to perform warranty repairs. The policy shall only involve either reimbursement for parts used in warranty repairs

New matter indicated by italics - deletions by strikeout
or the use of a Uniform Time Standards Manual, or both. Reimbursement for parts under the agreement shall be used instead of the franchisees' "prevailing retail price charged by that dealer for the same parts" as defined in this Section to calculate compensation due from the franchiser for parts used in warranty repairs. This Section does not authorize a franchiser and its Illinois franchisees to establish a uniform hourly labor reimbursement.

Each franchiser shall only have one such agreement with each line make. Any such agreement shall:

(A) Establish a uniform parts reimbursement rate. The uniform parts reimbursement rate shall be greater than the franchiser's nationally established parts reimbursement rate in effect at the time the first such agreement becomes effective; however, any subsequent agreement shall result in a uniform reimbursement rate that is greater or equal to the rate set forth in the immediately prior agreement.

(B) Apply to all warranty repair orders written during the period that the agreement is effective.

(C) Be available, during the period it is effective, to any motor vehicle franchisee of the same line make at any time and on the same terms.

(D) Be for a term not to exceed 3 years so long as any party to the agreement may terminate the agreement upon the annual anniversary of the agreement and with 30 days' prior written notice; however, the agreement shall remain in effect for the term of the agreement regardless of the number of dealers of the same line make that may terminate the agreement.

(2) A franchiser that enters into an agreement with its franchisees pursuant to paragraph (1) of this subsection (g) may seek to recover its costs from only those franchisees that are receiving their "prevailing retail price charged by that dealer" under subsections (a) through (f) of this Section, subject to the following requirements:

(A) "costs" means the difference between the uniform reimbursement rate set forth in an agreement entered into pursuant
to paragraph (1) of this subsection (g) and the "prevailing retail price charged by that dealer" received by those franchisees of the same line make. "Costs" do not include the following: legal fees or expenses; administrative expenses; a profit mark-up; or any other item;

(B) the costs shall be recovered only by increasing the invoice price on new vehicles received by those franchisees; and

(C) price increases imposed for the purpose of recovering costs imposed by this Section may vary from time to time and from model to model, but shall apply uniformly to all franchisees of the same line make in the State of Illinois that have requested reimbursement for warranty repairs at their "prevailing retail price charged by that dealer", except that a franchiser may make an exception for vehicles that are titled in the name of a consumer in another state.

(3) If a franchiser contracts with its Illinois dealers pursuant to paragraph (1) of this subsection (g), the franchiser shall certify under oath to the Motor Vehicle Review Board that a majority of the franchisees of that line make did agree to such an agreement and file a sample copy of the agreement. On an annual basis, each franchiser shall certify under oath to the Motor Vehicle Review Board that the reimbursement costs it recovers under paragraph (2) of this subsection (g) do not exceed the amounts authorized by paragraph (2) of this subsection (g). The franchiser shall maintain for a period of 3 years a file that contains the information upon which its certification is based.

(3.1) A franchiser subject to subdivision (g)(2) of this Section, upon request of a dealer subject to that subdivision, shall disclose to the dealer, in writing or in person if requested by the dealer, the method by which the franchiser calculated the amount of the costs to be reimbursed by the dealer. The franchiser shall also provide aggregate data showing (i) the total costs the franchiser incurred and (ii) the total number of new vehicles invoiced to each dealer that received the "prevailing retail price charged by that dealer" during the relevant period of time. In responding to a dealer's request under this subdivision (g)(3.1), a franchiser may not...
disclose any confidential or competitive information regarding any other dealer. Any dealer who receives information from a franchiser under this subdivision (g)(3.1) may not disclose that information to any third party unless the disclosure occurs in the course of a lawful proceeding before, or upon the order of, the Motor Vehicle Review Board or a court of competent jurisdiction.

(4) If a franchiser and its franchisees do not enter into an agreement pursuant to paragraph (1) of this subsection (g), and for any matter that is not the subject of an agreement, this subsection (g) shall have no effect whatsoever.

(5) For purposes of this subsection (g), a Uniform Time Standard Manual is a document created by a franchiser that establishes the time allowances for the diagnosis and performance of warranty work and service. The allowances shall be reasonable and adequate for the work and service to be performed. Each franchiser shall have a reasonable and fair process that allows a franchisee to request a modification or adjustment of a standard or standards included in such a manual.

(6) A franchiser may not take any adverse action against a franchisee for not having executed an agreement contemplated by this subsection (g) or for receiving the "prevailing retail price charged by that dealer". Nothing in this subsection shall be construed to prevent a franchiser from making a determination of a franchisee's "prevailing retail price charged by that dealer", as provided by this Section.

(765 ILCS 910/15)
Sec. 15. Notice of tax payments.
(a) When any mortgage lender pays the property tax from an escrow account, the mortgage lender must give the borrower written notice of the following, within 45 business days after the tax payment:
   (1) the date the taxes were paid;
   (2) the amount of taxes paid; and
   (3) the permanent index number, mortgage account number, address of the property, or other property description that is used for assessment and taxation purposes under the Property Tax Code.

(b) The notice required in subsection (a) may be included on or with other documents, notices, or statements provided to the borrower. If more than one borrower is obligated on the loan, only one borrower who is primarily liable on the loan need be given notice. Notice may be delivered, mailed, or transmitted by any usual means of communication.

(c) Notwithstanding the requirements in subsection (a), a mortgage lender that provides notice at least annually to a borrower in the manner provided in subsection (b) of a means of communication for the borrower to access the information set forth in subsection (a) by telephone, facsimile, e-mail, Internet access, or other means of communication, is deemed to be in compliance with subsection (a).

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Highway Code is amended by changing Section 6-130 as follows:

(605 ILCS 5/6-130) (from Ch. 121, par. 6-130)

Sec. 6-130. Notwithstanding any other provision of this Act to the contrary, no township road district may continue in existence if the roads forming a part of the district do not exceed a total of 4 miles in length. For purposes of this Section, the roads forming a part of a township road district include those roads maintained by the district, regardless of whether or not those roads are owned by the township. On the first Tuesday in April of 1975, or of any subsequent year next succeeding the reduction of a township road system to a total mileage of 4 miles or less, each such township road district shall, by operation of law, be abolished. The roads comprising that district at that time shall thereafter be administered by the township board of trustees by contracting with the county, a municipality or a private contractor. The township board of trustees shall assume all taxing authority of a township road district abolished under this Section.

AN ACT concerning collection practices.

New matter indicated by italics - deletions by strikeout
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Fair Patient Billing Act.

Section 5. Purpose; findings.
(a) The purpose of this Act is to advance the prompt and accurate payment of health care services through fair and reasonable billing and collection practices of hospitals.
(b) The General Assembly finds that:
   (1) Medical debts are the cause of an increasing number of bankruptcies in Illinois and are typically associated with severe financial hardship incurred by bankrupt persons and their families.
   (2) Patients, hospitals, and government bodies alike will benefit from clearly articulated standards regarding fair billing and collection practices for all Illinois hospitals.
   (3) Hospitals should employ responsible standards when collecting debt from their patients.
   (4) Patients should be provided sufficient billing information from hospitals to determine the accuracy of the bills for which they may be financially responsible.
   (5) Patients should be given a fair and reasonable opportunity to discuss and assess the accuracy of their bill.
   (6) Patients should be provided information regarding the hospital's policies regarding financial assistance options the hospital may offer to qualified patients.
   (7) Hospitals should offer patients the opportunity to enter into a reasonable payment plan for their hospital care.
   (8) Patients have an obligation to pay for the hospital services they receive.

Section 10. Definitions. As used in this Act:
"Collection action" means any referral of a bill to a collection agency or law firm to collect payment for services from a patient or a patient's guarantor for hospital services.

New matter indicated by italics - deletions by strikeout
"Health care plan" means a health insurance company, health maintenance organization, preferred provider arrangement, or third party administrator authorized in this State to issue policies or subscriber contracts or administer those policies and contracts that reimburse for inpatient and outpatient services provided in a hospital. Health care plan, however, does not include any government-funded program such as Medicare or Medicaid, workers' compensation, and accident liability insurers.

"Insured patient" means a patient who is insured by a health care plan.

"Patient" means the individual receiving services from the hospital and any individual who is the guarantor of the payment for such services.

"Reasonable payment plan" means a plan to pay a hospital bill that is offered to the patient or the patient's legal representative and takes into account the patient's available income and assets, the amount owed, and any prior payments.

"Uninsured patient" means a patient who is not insured by a health care plan and is not a beneficiary under a government-funded program, workers' compensation, or accident liability insurance.

Section 15. Patient notification.

(a) Each hospital shall post a sign with the following notice:

"You may be eligible for financial assistance under the terms and conditions the hospital offers to qualified patients. For more information contact [hospital financial assistance representative]."

(b) The sign under subsection (a) shall be posted conspicuously in the admission and registration areas of the hospital.

(c) The sign shall be in English, and in any other language that is the primary language of at least 5% of the patients served by the hospital annually.

(d) Each hospital that has a website must post a notice in a prominent place on its website that financial assistance is available at the hospital, a description of the financial assistance application process, and a copy of the financial assistance application.

New matter indicated by italics - deletions by strikeout
(e) Each hospital must make available information regarding financial assistance from the hospital in the form of either a brochure, an application for financial assistance, or other written material in the hospital admission or registration area.

Section 20. Bill information. If a hospital bills a patient for health care services, the hospital shall provide with its bill the following information:

(1) the date or dates that health care services were provided to the patient;
(2) a brief description of the hospital services;
(3) the amount owed for hospital services;
(4) hospital contact information for addressing billing inquiries;
(5) a statement regarding how an uninsured patient may apply for consideration under the hospital's financial assistance policy on or with each hospital bill sent to an uninsured patient; and
(6) notice that the patient may obtain an itemized bill upon request.

If a hospital bills a patient, then the hospital must provide an itemized statement of charges for the inpatient and outpatient services rendered by the hospital upon receiving a request from the patient.

Section 25. Bill inquiries.

(a) A hospital must implement a process for patients to inquire about or dispute a bill. Such process must include a telephone number for billing inquiries and disputes and may include any of the following options:

(1) a toll-free telephone number that the patient may call;
(2) an address to which he or she may write;
(3) a department or identified individual within the hospital he or she may call or write, with appropriate contact information; or
(4) a website or e-mail address.
(b) All hospital bills and collection notices must provide a telephone number allowing the patient to inquire about or dispute a bill.

(c) The hospital must return calls made by patients as promptly as possible, but no later than 2 business days after the call is made. If the hospital's billing inquiry process involves correspondence from the patient, the hospital must respond within 10 business days of receipt of the patient correspondence. For purposes of this Section, "business day" means a day on which the hospital's billing office is open for regular business.

Section 30. Pursuing collection action.

(a) Hospitals and their agents may pursue collection action against an uninsured patient only if the following conditions are met:

(1) The hospital has given the uninsured patient the opportunity to:
   (A) assess the accuracy of the bill;
   (B) apply for financial assistance under the hospital's financial assistance policy; and
   (C) avail themselves of a reasonable payment plan.

(2) If the uninsured patient has indicated an inability to pay the full amount of the debt in one payment, the hospital has offered the patient a reasonable payment plan. The hospital may require the uninsured patient to provide reasonable verification of his or her inability to pay the full amount of the debt in one payment.

(3) To the extent the hospital provides financial assistance and the circumstances of the uninsured patient suggest the potential for eligibility for charity care, the uninsured patient has been given at least 60 days following the date of discharge or receipt of outpatient care to submit an application for financial assistance.

(4) If the uninsured patient has agreed to a reasonable payment plan with the hospital, and the patient has failed to make payments in accordance with that reasonable payment plan.

(5) If the uninsured patient informs the hospital that he or she has applied for health care coverage under Medicaid, Kidcare, or other government-sponsored health care program (and there is a
reasonable basis to believe that the patient will qualify for such program) but the patient's application is denied.

(b) A hospital may not refer a bill, or portion thereof, to a collection agency or attorney for collection action against the insured patient, without first offering the patient the opportunity to request a reasonable payment plan for the amount personally owed by the patient. Such an opportunity shall be made available for the 30 days following the date of the initial bill. If the insured patient requests a reasonable payment plan, but fails to agree to a plan within 30 days of the request, the hospital may proceed with collection action against the patient.

(c) No collection agency, law firm, or individual may initiate legal action for non-payment of a hospital bill against a patient without the written approval of an authorized hospital employee who reasonably believes that the conditions for pursuing collection action under this Section have been met.

(d) Nothing in this Section prohibits a hospital from engaging an outside third party agency, firm, or individual to manage the process of implementing the hospital's financial assistance and reasonable payment plan programs and policies so long as such agency, firm, or individual is contractually bound to comply with the terms of this Act.

Section 35. Collection limitations. The hospital shall not pursue legal action for non-payment of a hospital bill against uninsured patients who have clearly demonstrated that they have neither sufficient income nor assets to meet their financial obligations provided the patient has complied with Section 45 of this Act.

Section 40. Hospital agents. The hospital must ensure that any external collection agency, law firm, or individual engaged by the hospital to obtain payment of outstanding bills for hospital services agrees in writing to comply with the collections provisions of this Act.

Section 45. Patient responsibilities.

(a) To receive the protection and benefits of this Act, a patient responsible for paying a hospital bill must act reasonably and cooperate in good faith with the hospital by providing the hospital with all of the reasonably requested financial and other relevant information and

New matter indicated by italics - deletions by strikeout
documentation needed to determine the patient's eligibility under the hospital's financial assistance policy and reasonable payment plan options to qualified patients within 30 days of a request for such information.

(b) To receive the protection and benefits of this Act, a patient responsible for paying a hospital bill shall communicate to the hospital any material change in the patient's financial situation that may affect the patient's ability to abide by the provisions of an agreed upon reasonable payment plan or qualification for financial assistance within 30 days of the change.

Section 50. Notification concerning out-of-network providers. During the admission or as soon as practicable thereafter, the hospital must provide an insured patient with written notice that:

(1) the patient may receive separate bills for services provided by health care professionals affiliated with the hospital;

(2) if applicable, some hospital staff members may not be participating providers in the same insurance plans and networks as the hospital;

(3) if applicable, the patient may have a greater financial responsibility for services provided by health care professionals at the hospital who are not under contract with the patient's health care plan; and

(4) questions about coverage or benefit levels should be directed to the patient's health care plan and the patient's certificate of coverage.

Section 55. Enforcement.

(a) The Attorney General is responsible for administering and ensuring compliance with this Act, including the development of any rules necessary for the implementation and enforcement of this Act.

(b) The Attorney General shall develop and implement a process for receiving and handling complaints from individuals or hospitals regarding possible violations of this Act.

(c) The Attorney General may conduct any investigation deemed necessary regarding possible violations of this Act by any hospital including, without limitation, the issuance of subpoenas to: (i) require the
hospital to file a statement or report or answer interrogatories in writing as to all information relevant to the alleged violations; (ii) examine under oath any person who possesses knowledge or information directly related to the alleged violations; and (iii) examine any record, book, document, account, or paper necessary to investigate the alleged violation.

(d) If the Attorney General determines that there is a reason to believe that any hospital has violated the Act, the Attorney General may bring an action in the name of the People of the State against the hospital to obtain temporary, preliminary, or permanent injunctive relief for any act, policy, or practice by the hospital that violates this Act. Before bringing such an action, the Attorney General may permit the hospital to submit a Correction Plan for the Attorney General's approval.

(e) This Section applies if:

(i) a court orders a party to make payments to the Attorney General and the payments are to be used for the operations of the Office of the Attorney General; or

(ii) a party agrees in a Correction Plan under this Act, to make payments to the Attorney General for the operations of the Office of the Attorney General.

(f) Moneys paid under any of the conditions described in (e) shall be deposited into the Attorney General court ordered and Voluntary Compliance Payment Projects Fund. Moneys in the Fund shall be used, subject to appropriation, for the performance of any function pertaining to the exercise of the duties to the Attorney General including, but not limited to, enforcement of any law of this State and conducting public education programs; however, any moneys in the Fund that are required by the court to be used for a particular purpose shall be used for that purpose.

(g) The Attorney General may seek the assessment of one or more of the following civil monetary penalties in any action filed under this Act where the hospital knowingly violates the Act:

(1) For violations, involving a pattern or practice, of not providing the information to patients under Sections 15, 20, 25, and 50, the civil monetary penalty shall not exceed $500 per violation.

New matter indicated by italics - deletions by strikeout
(2) For violations involving the failure to engage in or refrain from certain activities under Sections 30, 35 and 40, the civil monetary penalty shall not exceed $1000 per violation.

(h) In the event a court grants a final order of relief against any hospital for a violation of this Act, the Attorney General may, after all appeal rights have been exhausted, refer the hospital to the Illinois Department of Public Health for possible adverse licensure action under the Hospital Licensing Act.

Section 60. Limitations. Nothing in this Act shall be used by any private or public payer as a basis for reducing the third-party payer's rates, policies, or usual and customary charges for any health care service. Nothing in this Act shall be construed as imposing an obligation on a hospital to provide any particular service or treatment to an uninsured patient. Nothing in this Act shall be construed as imposing an obligation on a hospital to file a lawsuit to collect payment on a patient's bill. This Act establishes new and additional legal obligations for all hospitals in the State of Illinois. Nothing in this Act shall be construed as relieving or reducing any hospital of any other obligation under the Illinois Constitution or under any other statute or the common law including, without limitation, obligations of hospitals to furnish financial assistance or community benefits. No provision of this Act shall derogate from the common law or statutory authority of the Attorney General, nor shall any provision be construed as a limitation on the common law or statutory authority of the Attorney General to investigate hospitals or initiate enforcement actions against them including, without limitation, the authority to investigate at any time charitable trusts for the purpose of determining and ascertaining whether they are being administered in accordance with Illinois law and with the terms purposes thereof.

Section 70. Application.

(a) This Act applies to all hospitals licensed under the Hospital Licensing Act or the University of Illinois Hospital Act. This Act does not apply to a hospital that does not charge for its services.
(b) The obligations of hospitals under this Act shall take effect for services provided on or after the first day of the month that begins 180 days after the effective date of this Act.

Section 75. Home rule. A home rule unit may not regulate hospitals in a manner inconsistent with the provisions of this Act. This Section is a limitation under subsection (i) of Section 6 of the Article VII of the Illinois Constitution on the concurrent exercise by home rule units of powers and functions exercised by the State.

Section 80. Administrative Procedure Act. The Illinois Administrative Procedure Act applies to all rules promulgated by the Attorney General under the Act.

Section 999. Effective date. This Act takes effect January 1, 2007.
Passed in the General Assembly March 27, 2006.
Approved June 20, 2006.

PUBLIC ACT 94-0886
(House Bill No. 5267)

AN ACT concerning civil law.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Condominium Property Act is amended by changing Section 27 as follows:

(765 ILCS 605/27) (from Ch. 30, par. 327)
Sec. 27. (a) If there is any unit owner other than the developer, the condominium instruments shall be amended only as follows:
(i) upon the affirmative vote of 2/3 of those voting or upon the majority specified by the condominium instruments, provided that in no event shall the condominium instruments require more than a three-quarters vote of unit owners; and
(ii) together with the approval of any mortgagees required under the provisions of the condominium instruments.

New matter indicated by italics - deletions by strikeout
Except in cases where this Act provides different methods of amendment or with respect to property whose declaration is recorded on or after July 1, 1984, no condominium instrument shall require more than a three-quarters vote of unit owners to amend the bylaws. Except to the extent authorized by other provisions of this Act, no amendment to the condominium instrument shall change the boundaries of any unit or the undivided interest in the common elements, the number of votes in the unit owners' association, or the liability for common expenses appertaining to a unit.

(b) (1) If there is an omission or error in the declaration, bylaws or other condominium instrument, the association may correct the error or omission by an amendment to the declaration, bylaws, or other condominium instrument in such respects as may be required to conform to this Act, and any other applicable statute or to the declaration by vote of two-thirds of the members of the Board of Managers or by a majority vote of the unit owners at a meeting called for this purpose, unless the Act or the condominium instruments specifically provide for greater percentages or different procedures.

(2) If through a scrivener's error, a unit has not been designated as owning an appropriate undivided share of the common elements or does not bear an appropriate share of the common expenses or that all the common expenses or all of the common elements in the condominium have not been distributed in the declaration, so that the sum total of the shares of common elements which have been distributed or the sum total of the shares of the common expenses fail to equal 100%, or if it appears that more than 100% of the common elements or common expenses have been distributed, the error may be corrected by operation of law by filing an amendment to the declaration approved by vote of two-thirds of the members of the Board of Managers or a majority vote of the unit owners at a meeting called for this purpose which proportionately adjusts all percentage interests so that the total is equal to 100% unless the condominium instruments specifically provide for a different procedure or different percentage vote by the owners of the units and the owners of mortgages thereon affected by modification being made in the undivided

interest in the common elements, the number of votes in the unit owners association or the liability for common expenses appertaining to the unit.

(3) If an omission or error or a scrivener's error in the declaration, bylaws or other condominium instrument is corrected by vote of two-thirds of the members of the Board of Managers pursuant to the authority established in subsections (b)(1) or (b)(2) of Section 27 of this Act, the Board upon written petition by unit owners with 20 percent of the votes of the association filed within 30 days of the Board action shall call a meeting of the unit owners within 30 days of the filing of the petition to consider the Board action. Unless a majority of the votes of the unit owners of the association are cast at the meeting to reject the action, it is ratified whether or not a quorum is present.

(4) The procedures for amendments set forth in this subsection (b) cannot be used if such an amendment would materially or adversely affect property rights of the unit owners unless the affected unit owners consent in writing. This Section does not restrict the powers of the association to otherwise amend the declaration, bylaws, or other condominium instruments, but authorizes a simple process of amendment requiring a lesser vote for the purpose of correcting defects, errors, or omissions when the property rights of the unit owners are not materially or adversely affected.

(5) If there is an omission or error in the declaration, bylaws, or other condominium instruments, which may not be corrected by an amendment procedure set forth in paragraphs (1) and (2) of subsection (b) of Section 27 in the declaration then the Circuit Court in the County in which the condominium is located shall have jurisdiction to hear a petition of one or more of the unit owners thereon or of the association, to correct the error or omission, and the action may be a class action. The court may require that one or more methods of correcting the error or omission be submitted to the unit owners to determine the most acceptable correction. All unit owners in the association must be joined as parties to the action. Service of process on owners may be by publication, but the plaintiff shall furnish all unit owners not personally served with process with copies of

the petition and final judgment of the court by certified mail return receipt requested, at their last known address.

(6) Nothing contained in this Section shall be construed to invalidate any provision of a condominium instrument authorizing the developer to amend a condominium instrument prior to the latest date on which the initial membership meeting of the unit owners must be held, whether or not it has actually been held, to bring the instrument into compliance with the legal requirements of the Federal National Mortgage Association, the Federal Home Loan Mortgage Corporation, the Federal Housing Administration, the United States Veterans Administration or their respective successors and assigns.

AN ACT concerning State government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Disabled Persons Rehabilitation Act is amended by changing Section 13 as follows:

Sec. 13. The Department shall have all powers reasonable and necessary for the administration of institutions for persons with one or more disabilities under subsection (f) of Section 3 of this Act, including, but not limited to, the authority to do the following:

(a) Appoint and remove the superintendents of the institutions operated by the Department, obtain all other employees subject to the

New matter indicated by italics - deletions by strikeout
provisions of the Personnel Code, and conduct staff training programs for the development and improvement of services.

(b) Provide supervision, housing accommodations, board or the payment of boarding costs, tuition, and treatment free of charge, except as otherwise specified in this Act, for residents of this State who are cared for in any institution, or for persons receiving services under any program under the jurisdiction of the Department. Residents of other states may be admitted upon payment of the costs of board, tuition, and treatment as determined by the Department; provided, that no resident of another state shall be received or retained to the exclusion of any resident of this State. The Department shall accept any donation for the board, tuition, and treatment of any person receiving service or care.

(c) Cooperate with the State Board of Education and the Department of Children and Family Services in a program to provide for the placement, supervision, and foster care of children with handicaps who must leave their home community in order to attend schools offering programs in special education.

(d) Assess and collect (i) student activity fees and (ii) charges to school districts for transportation of students required under the School Code and provided by the Department. The Department shall direct the expenditure of all money that has been or may be received by any officer of the several State institutions under the direction and supervision of the Department as profit on sales from commissary stores, student activity fees, or charges for student transportation. The money shall be deposited into a locally held fund and expended under the direction of the Department for the special comfort, pleasure, and amusement of residents and employees and the transportation of residents, provided that amounts expended for comfort, pleasure, and amusement of employees shall not exceed the amount of profits derived from sales made to employees by the commissaries, as determined by the Department.

Funds deposited with State institutions under the direction and supervision of the Department by or for residents of those State institutions shall be deposited into interest-bearing accounts, and money received as interest and income on those funds shall be deposited into a...
"needy student fund" to be held and administered by the institution. Money in the "needy student fund" shall be expended for the special comfort, pleasure, and amusement of the residents of the particular institution where the money is paid or received.

Any money belonging to residents separated by death, discharge, or unauthorized absence from institutions described under this Section, in custody of officers of the institutions, may, if unclaimed by the resident or the legal representatives of the resident for a period of 2 years, be expended at the direction of the Department for the purposes and in the manner specified in this subsection (d). Articles of personal property, with the exception of clothing left in the custody of those officers, shall, if unclaimed for the period of 2 years, be sold and the money disposed of in the same manner.

Clothing left at the institution by residents at the time of separation may be used as determined by the institution if unclaimed by the resident or legal representatives of the resident within 30 days after notification.

(e) Keep, for each institution under the jurisdiction of the Department, a register of the number of officers, employees, and residents present each day in the year, in a form that will permit a calculation of the average number present each month.

(f) (Blank).

(g) (Blank).

(h) (Blank).

(i) Accept and hold in behalf of the State, if for the public interest, a grant, gift, or legacy of money or property to the State of Illinois, to the Department, or to any institution or program of the Department made in trust for the maintenance or support of a resident of an institution of the Department, or for any other legitimate purpose connected with any such institution or program. The Department shall cause each gift, grant, or legacy to be kept as a distinct fund, and shall invest the gift, grant, or legacy in the manner provided by the laws of this State as those laws now exist or shall hereafter be enacted relating to securities in which the deposits in savings banks may be invested. The Department may, however, in its discretion, deposit in a proper trust company or savings bank, during
the continuance of the trust, any fund so left in trust for the life of a person and shall adopt rules and regulations governing the deposit, transfer, or withdrawal of the fund. The Department shall, on the expiration of any trust as provided in any instrument creating the trust, dispose of the fund thereby created in the manner provided in the instrument. The Department shall include in its required reports a statement showing what funds are so held by it and the condition of the funds. Monies found on residents at the time of their admission, or accruing to them during their period of institutional care, and monies deposited with the superintendents by relatives, guardians, or friends of residents for the special comfort and pleasure of a resident, shall remain in the possession of the superintendents, who shall act as trustees for disbursement to, in behalf of, or for the benefit of the resident. All types of retirement and pension benefits from private and public sources may be paid directly to the superintendent of the institution where the person is a resident, for deposit to the resident's trust fund account.

(j) Appoint, subject to the Personnel Code, persons to be members of a police and security force. Members of the police and security force shall be peace officers and as such have all powers possessed by policemen in cities and sheriffs, including the power to make arrests on view or warrants of violations of State statutes or city or county ordinances. These powers may, however, be exercised only in counties of more than 500,000 population when required for the protection of Department properties, interests, and personnel, or specifically requested by appropriate State or local law enforcement officials. Members of the police and security force may not serve and execute civil processes.

(k) Maintain, and deposit receipts from the sale of tickets to athletic, musical, and other events, fees for participation in school sponsored tournaments and events, and revenue from student activities relating to charges for art and woodworking projects, charges for automobile repairs, and other revenue generated from student projects into, locally held accounts not to exceed $20,000 $10,000 per account facility for the purposes of (i) providing immediate payment to officials, judges, and athletic referees for their services rendered and for other

related expenses at school sponsored contests, tournaments, or events, and
(ii) providing payment for expenses related to student revenue producing
activities such as art and woodworking projects, automotive repair work,
and other student activities or projects that generate revenue and incur
expenses, and (iii) providing students who are enrolled in an independent
living program with cash so that they may fulfill course objectives by
purchasing commodities and other required supplies.

(l) Advance money from its appropriations to be maintained in
locally held accounts at the schools to establish (i) a "Student
Compensation Account" to pay students for work performed under the
student work program, and (ii) a "Student Activity Travel Account" to pay
transportation, meals, and lodging costs of students, coaches, and activity
sponsors while traveling off campus for sporting events, lessons, and other
activities directly associated with the representation of the school. Funds
in the "Student Compensation Account" shall not exceed $20,000, and
funds in the "Student Activity Travel Account" shall not exceed $200,000.

(m) Promulgate rules of conduct applicable to the residents of
institutions for persons with one or more disabilities. The rules shall
include specific standards to be used by the Department to determine (i)
whether financial restitution shall be required in the event of losses or
damages resulting from a resident's action and (ii) the ability of the
resident and the resident's parents to pay restitution.

Section 5. The Abused and Neglected Child Reporting Act is amended by changing Section 4 as follows:

(325 ILCS 5/4) (from Ch. 23, par. 2054)

Sec. 4. Persons required to report; privileged communications; transmitting false report. Any physician, resident, intern, hospital, hospital administrator and personnel engaged in examination, care and treatment of persons, surgeon, dentist, dentist hygienist, osteopath, chiropractor, podiatrist, physician assistant, substance abuse treatment personnel, funeral home director or employee, coroner, medical examiner, emergency medical technician, acupuncturist, crisis line or hotline personnel, school personnel (including administrators and both certified and non-certified school employees), educational advocate assigned to a child pursuant to the School Code, truant officers, social worker, social services administrator, domestic violence program personnel, registered nurse, licensed practical nurse, genetic counselor, respiratory care practitioner, advanced practice nurse, home health aide, director or staff assistant of a nursery school or a child day care center, recreational program or facility personnel, law enforcement officer, licensed professional counselor, licensed clinical professional counselor, registered psychologist and assistants working under the direct supervision of a psychologist, psychiatrist, or field personnel of the Illinois Department of Healthcare and Family Services (Public Aid, Public Health, Human Services (acting as successor to the Department of Mental Health and Developmental Disabilities, Rehabilitation Services, or Public Aid), Corrections, Human Rights, or Children and Family Services, supervisor and administrator of general assistance under the Illinois Public Aid Code, probation officer, or any other foster parent, homemaker or child care worker having reasonable cause to believe a child known to them in their professional or official capacity may be an abused child or a neglected child shall immediately report or cause a report to be made to the Department.

Any member of the clergy having reasonable cause to believe that a child known to that member of the clergy in his or her professional

capacity may be an abused child as defined in item (c) of the definition of "abused child" in Section 3 of this Act shall immediately report or cause a report to be made to the Department.

If an allegation is raised to a school board member during the course of an open or closed school board meeting that a child who is enrolled in the school district of which he or she is a board member is an abused child as defined in Section 3 of this Act, the member shall direct or cause the school board to direct the superintendent of the school district or other equivalent school administrator to comply with the requirements of this Act concerning the reporting of child abuse. For purposes of this paragraph, a school board member is granted the authority in his or her individual capacity to direct the superintendent of the school district or other equivalent school administrator to comply with the requirements of this Act concerning the reporting of child abuse.

Whenever such person is required to report under this Act in his capacity as a member of the staff of a medical or other public or private institution, school, facility or agency, or as a member of the clergy, he shall make report immediately to the Department in accordance with the provisions of this Act and may also notify the person in charge of such institution, school, facility or agency, or church, synagogue, temple, mosque, or other religious institution, or his designated agent that such report has been made. Under no circumstances shall any person in charge of such institution, school, facility or agency, or church, synagogue, temple, mosque, or other religious institution, or his designated agent to whom such notification has been made, exercise any control, restraint, modification or other change in the report or the forwarding of such report to the Department.

The privileged quality of communication between any professional person required to report and his patient or client shall not apply to situations involving abused or neglected children and shall not constitute grounds for failure to report as required by this Act.

A member of the clergy may claim the privilege under Section 8-803 of the Code of Civil Procedure.

New matter indicated by italics - deletions by strikeout
In addition to the above persons required to report suspected cases of abused or neglected children, any other person may make a report if such person has reasonable cause to believe a child may be an abused child or a neglected child.

Any person who enters into employment on and after July 1, 1986 and is mandated by virtue of that employment to report under this Act, shall sign a statement on a form prescribed by the Department, to the effect that the employee has knowledge and understanding of the reporting requirements of this Act. The statement shall be signed prior to commencement of the employment. The signed statement shall be retained by the employer. The cost of printing, distribution, and filing of the statement shall be borne by the employer.

The Department shall provide copies of this Act, upon request, to all employers employing persons who shall be required under the provisions of this Section to report under this Act.

Any person who knowingly transmits a false report to the Department commits the offense of disorderly conduct under subsection (a)(7) of Section 26-1 of the "Criminal Code of 1961". Any person who violates this provision a second or subsequent time shall be guilty of a Class 3 felony.

Any person who knowingly and willfully violates any provision of this Section other than a second or subsequent violation of transmitting a false report as described in the preceding paragraph, is guilty of a Class A misdemeanor for a first violation and a Class 4 felony for a second or subsequent violation; except that if the person acted as part of a plan or scheme having as its object the prevention of discovery of an abused or neglected child by lawful authorities for the purpose of protecting or insulating any person or entity from arrest or prosecution, the person is guilty of a Class 4 felony for a first offense and a Class 3 felony for a second or subsequent offense (regardless of whether the second or subsequent offense involves any of the same facts or persons as the first or other prior offense).

A child whose parent, guardian or custodian in good faith selects and depends upon spiritual means through prayer alone for the treatment
or cure of disease or remedial care may be considered neglected or abused, but not for the sole reason that his parent, guardian or custodian accepts and practices such beliefs.

A child shall not be considered neglected or abused solely because the child is not attending school in accordance with the requirements of Article 26 of the School Code, as amended.

PUBLIC ACT 94-0889
(House Bill No. 5376)

AN ACT concerning business.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Business Corporation Act of 1983 is amended by changing Sections 6.15, 8.75, 11.70, and 12.56 as follows:

(805 ILCS 5/6.15) (from Ch. 32, par. 6.15)
Sec. 6.15. Issuance of fractional shares or scrip. A corporation may, but shall not be obliged to, issue a certificate for a fractional share, and, by action of its board of directors, may in lieu thereof, pay cash equal to the fair value of said fractional share, or issue scrip in registered or bearer form which shall entitle the holder to receive a certificate for a full share upon the surrender of such scrip aggregating a full share. A certificate for a fractional share shall, but scrip shall not unless otherwise provided therein, entitle the holder to exercise fractional voting rights, to receive dividends thereon and to participate in any of the assets of the corporation in the event of liquidation. The board of directors may cause

such scrip to be issued subject to the condition that it shall become void if not exchanged for certificates representing full shares before a specified date, or subject to the condition that the shares for which such scrip is exchangeable may be sold by the corporation or by an agent on behalf of the holder thereof and the proceeds thereof distributed to the holders of such scrip or subject to any other conditions which the board of directors may deem advisable.

For purposes of this Section, "fair value", with respect to the cashout of a fractional share, means the proportionate interest of the fractional share in the corporation, without any discount for minority status or, absent extraordinary circumstance, lack of marketability.

(805 ILCS 5/8.75) (from Ch. 32, par. 8.75)

Sec. 8.75. Indemnification of officers, directors, employees and agents; insurance.

(a) A corporation may indemnify any person who was or is a party, or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of the corporation) by reason of the fact that he or she is or was a director, officer, employee or agent of the corporation, or who is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by such person in connection with such action, suit or proceeding, if such person acted in good faith and in a manner he or she reasonably believed to be in, or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his or her conduct was unlawful. The termination of any action, suit or proceeding by judgment, order, settlement, conviction, or upon a plea of nolo contendere or its equivalent, shall not, of itself, create a presumption that the person did not act in good faith and in a manner which he or she reasonably believed to be in or not opposed to the best interests of the
corporation or, with respect to any criminal action or proceeding, that the person had reasonable cause to believe that his or her conduct was unlawful.

(b) A corporation may indemnify any person who was or is a party, or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the corporation to procure a judgment in its favor by reason of the fact that such person is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorneys' fees) actually and reasonably incurred by such person in connection with the defense or settlement of such action or suit, if such person acted in good faith and in a manner he or she reasonably believed to be in, or not opposed to, the best interests of the corporation, provided that no indemnification shall be made with respect to any claim, issue, or matter as to which such person has been adjudged to have been liable to the corporation, unless, and only to the extent that the court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability, but in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses as the court shall deem proper.

(c) To the extent that a present or former director, officer or employee of a corporation has been successful, on the merits or otherwise, in the defense of any action, suit or proceeding referred to in subsections (a) and (b), or in defense of any claim, issue or matter therein, such person shall be indemnified against expenses (including attorneys' fees) actually and reasonably incurred by such person in connection therewith, if the person acted in good faith and in a manner he or she reasonably believed to be in, or not opposed to, the best interests of the corporation.

(d) Any indemnification under subsections (a) and (b) (unless ordered by a court) shall be made by the corporation only as authorized in the specific case, upon a determination that indemnification of the present or former director, officer, employee or agent is proper in the

New matter indicated by italics - deletions by strikeout
circumstances because he or she has met the applicable standard of conduct set forth in subsections (a) or (b). Such determination shall be made with respect to a person who is a director or officer at the time of the determination: (1) by the majority vote of the directors who are not parties to such action, suit or proceeding, even though less than a quorum, (2) by a committee of the directors who are not parties to such action, suit, or proceeding, even though less than a quorum, designated by a majority vote of the directors, even though less than a quorum, (3) if there are no such directors, or if the directors so direct, by independent legal counsel in a written opinion, or (4) by the shareholders.

(e) Expenses (including attorney's fees) incurred by an officer or director in defending a civil or criminal action, suit or proceeding may be paid by the corporation in advance of the final disposition of such action, suit or proceeding upon receipt of an undertaking by or on behalf of the director or officer to repay such amount if it shall ultimately be determined that such person is not entitled to be indemnified by the corporation as authorized in this Section. Such expenses (including attorney's fees) incurred by former directors and officers or other employees and agents may be so paid on such terms and conditions, if any, as the corporation deems appropriate.

(f) The indemnification and advancement of expenses provided by or granted under the other subsections of this Section shall not be deemed exclusive of any other rights to which those seeking indemnification or advancement of expenses may be entitled under any by-law, agreement, vote of shareholders or disinterested directors, or otherwise, both as to action in his or her official capacity and as to action in another capacity while holding such office.

(g) A corporation may purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of the corporation, or who is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against any liability asserted against such person and incurred by such person in any such capacity, or arising out of his or her status as such, whether or not the corporation would have

the power to indemnify such person against such liability under the provisions of this Section.

(h) If a corporation indemnifies or advances expenses to a director or officer under subsection (b) of this Section, the corporation shall report the indemnification or advance in writing to the shareholders with or before the notice of the next shareholders meeting.

(i) For purposes of this Section, references to "the corporation" shall include, in addition to the surviving corporation, any merging corporation (including any corporation having merged with a merging corporation) absorbed in a merger which, if its separate existence had continued, would have had the power and authority to indemnify its directors, officers, and employees or agents, so that any person who was a director, officer, employee or agent of such merging corporation, or was serving at the request of such merging corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, shall stand in the same position under the provisions of this Section with respect to the surviving corporation as such person would have with respect to such merging corporation if its separate existence had continued.

(j) For purposes of this Section, references to "other enterprises" shall include employee benefit plans; references to "fines" shall include any excise taxes assessed on a person with respect to an employee benefit plan; and references to "serving at the request of the corporation" shall include any service as a director, officer, employee or agent of the corporation which imposes duties on, or involves services by such director, officer, employee, or agent with respect to an employee benefit plan, its participants, or beneficiaries. A person who acted in good faith and in a manner he or she reasonably believed to be in the best interests of the participants and beneficiaries of an employee benefit plan shall be deemed to have acted in a manner "not opposed to the best interest of the corporation" as referred to in this Section.

(k) The indemnification and advancement of expenses provided by or granted under this Section shall, unless otherwise provided when authorized or ratified, continue as to a person who has ceased to be a

director, officer, employee, or agent and shall inure to the benefit of the heirs, executors, and administrators of that person.

(1) The changes to this Section made by this amendatory Act of the 92nd General Assembly apply only to actions commenced on or after the effective date of this amendatory Act of the 92nd General Assembly.

(805 ILCS 5/11.70) (from Ch. 32, par. 11.70)

Sec. 11.70. Procedure to Dissent.

(a) If the corporate action giving rise to the right to dissent is to be approved at a meeting of shareholders, the notice of meeting shall inform the shareholders of their right to dissent and the procedure to dissent. If, prior to the meeting, the corporation furnishes to the shareholders material information with respect to the transaction that will objectively enable a shareholder to vote on the transaction and to determine whether or not to exercise dissenters' rights, a shareholder may assert dissenters' rights only if the shareholder delivers to the corporation before the vote is taken a written demand for payment for his or her shares if the proposed action is consummated, and the shareholder does not vote in favor of the proposed action.

(b) If the corporate action giving rise to the right to dissent is not to be approved at a meeting of shareholders, the notice to shareholders describing the action taken under Section 11.30 or Section 7.10 shall inform the shareholders of their right to dissent and the procedure to dissent. If, prior to or concurrently with the notice, the corporation furnishes to the shareholders material information with respect to the transaction that will objectively enable a shareholder to determine whether or not to exercise dissenters' rights, a shareholder may assert dissenters' rights only if he or she delivers to the corporation within 30 days from the date of mailing the notice a written demand for payment for his or her shares.

(c) Within 10 days after the date on which the corporate action giving rise to the right to dissent is effective or 30 days after the shareholder delivers to the corporation the written demand for payment, whichever is later, the corporation shall send each shareholder who has
delivered a written demand for payment a statement setting forth the opinion of the corporation as to the estimated fair value of the shares, the corporation's latest balance sheet as of the end of a fiscal year ending not earlier than 16 months before the delivery of the statement, together with the statement of income for that year and the latest available interim financial statements, and either a commitment to pay for the shares of the dissenting shareholder at the estimated fair value thereof upon transmittal to the corporation of the certificate or certificates, or other evidence of ownership, with respect to the shares, or instructions to the dissenting shareholder to sell his or her shares within 10 days after delivery of the corporation's statement to the shareholder. The corporation may instruct the shareholder to sell only if there is a public market for the shares at which the shares may be readily sold. If the shareholder does not sell within that 10 day period after being so instructed by the corporation, for purposes of this Section the shareholder shall be deemed to have sold his or her shares at the average closing price of the shares, if listed on a national exchange, or the average of the bid and asked price with respect to the shares quoted by a principal market maker, if not listed on a national exchange, during that 10 day period.

(d) A shareholder who makes written demand for payment under this Section retains all other rights of a shareholder until those rights are cancelled or modified by the consummation of the proposed corporate action. Upon consummation of that action, the corporation shall pay to each dissenter who transmits to the corporation the certificate or other evidence of ownership of the shares the amount the corporation estimates to be the fair value of the shares, plus accrued interest, accompanied by a written explanation of how the interest was calculated.

(e) If the shareholder does not agree with the opinion of the corporation as to the estimated fair value of the shares or the amount of interest due, the shareholder, within 30 days from the delivery of the corporation's statement of value, shall notify the corporation in writing of the shareholder's estimated fair value and amount of interest due and demand payment for the difference between the shareholder's estimate of fair value and interest due and the amount of the payment by the

New matter indicated by italics - deletions by strikeout
corporation or the proceeds of sale by the shareholder, whichever is applicable because of the procedure for which the corporation opted pursuant to subsection (c).

(f) If, within 60 days from delivery to the corporation of the shareholder notification of estimate of fair value of the shares and interest due, the corporation and the dissenting shareholder have not agreed in writing upon the fair value of the shares and interest due, the corporation shall either pay the difference in value demanded by the shareholder, with interest, or file a petition in the circuit court of the county in which either the registered office or the principal office of the corporation is located, requesting the court to determine the fair value of the shares and interest due. The corporation shall make all dissenters, whether or not residents of this State, whose demands remain unsettled parties to the proceeding as an action against their shares and all parties shall be served with a copy of the petition. Nonresidents may be served by registered or certified mail or by publication as provided by law. Failure of the corporation to commence an action pursuant to this Section shall not limit or affect the right of the dissenting shareholders to otherwise commence an action as permitted by law.

(g) The jurisdiction of the court in which the proceeding is commenced under subsection (f) by a corporation is plenary and exclusive. The court may appoint one or more persons as appraisers to receive evidence and recommend decision on the question of fair value. The appraisers have the power described in the order appointing them, or in any amendment to it.

(h) Each dissenter made a party to the proceeding is entitled to judgment for the amount, if any, by which the court finds that the fair value of his or her shares, plus interest, exceeds the amount paid by the corporation or the proceeds of sale by the shareholder, whichever amount is applicable.

(i) The court, in a proceeding commenced under subsection (f), shall determine all costs of the proceeding, including the reasonable compensation and expenses of the appraisers, if any, appointed by the court under subsection (g), but shall exclude the fees and expenses of
counsel and experts for the respective parties. If the fair value of the shares as determined by the court materially exceeds the amount which the corporation estimated to be the fair value of the shares or if no estimate was made in accordance with subsection (c), then all or any part of the costs may be assessed against the corporation. If the amount which any dissenter estimated to be the fair value of the shares materially exceeds the fair value of the shares as determined by the court, then all or any part of the costs may be assessed against that dissenter. The court may also assess the fees and expenses of counsel and experts for the respective parties, in amounts the court finds equitable, as follows:

(1) Against the corporation and in favor of any or all dissenters if the court finds that the corporation did not substantially comply with the requirements of subsections (a), (b), (c), (d), or (f).

(2) Against either the corporation or a dissenter and in favor of any other party if the court finds that the party against whom the fees and expenses are assessed acted arbitrarily, vexatiously, or not in good faith with respect to the rights provided by this Section.

If the court finds that the services of counsel for any dissenter were of substantial benefit to other dissenters similarly situated and that the fees for those services should not be assessed against the corporation, the court may award to that counsel reasonable fees to be paid out of the amounts awarded to the dissenters who are benefited. Except as otherwise provided in this Section, the practice, procedure, judgment and costs shall be governed by the Code of Civil Procedure.

(j) As used in this Section:

(1) "Fair value", with respect to a dissenter's shares, means the proportionate interest of the shareholder in the corporation, without discount for minority status or, absent extraordinary circumstance, lack of marketability, value of the shares immediately before the consummation of the corporate action to which the dissenter objects excluding any appreciation or depreciation in anticipation of the corporate action, unless exclusion would be inequitable.

New matter indicated by italics - deletions by strikeout
(2) "Interest" means interest from the effective date of the corporate action until the date of payment, at the average rate currently paid by the corporation on its principal bank loans or, if none, at a rate that is fair and equitable under all the circumstances. (Source: P.A. 86-1156.)

(805 ILCS 5/12.56)
Sec. 12.56. Shareholder remedies: non-public corporations.
(a) In an action by a shareholder in a corporation that has no shares listed on a national securities exchange or regularly traded in a market maintained by one or more members of a national or affiliated securities association, the Circuit Court may order one or more of the remedies listed in subsection (b) if it is established that:

(1) The directors are deadlocked, whether because of even division in the number of directors or because of greater than majority voting requirements in the articles of incorporation or the by-laws or otherwise, in the management of the corporate affairs; the shareholders are unable to break the deadlock; and either irreparable injury to the corporation is thereby caused or threatened or the business of the corporation can no longer be conducted to the general advantage of the shareholders; or

(2) The shareholders are deadlocked in voting power and have failed, for a period that includes at least 2 consecutive annual meeting dates, to elect successors to directors whose terms have expired and either irreparable injury to the corporation is thereby caused or threatened or the business of the corporation can no longer be conducted to the general advantage of the shareholders; or

(3) The directors or those in control of the corporation have acted, are acting, or will act in a manner that is illegal, oppressive, or fraudulent with respect to the petitioning shareholder whether in his or her capacity as a shareholder, director, or officer; or

(4) The corporation assets are being misapplied or wasted.

(b) The relief which the court may order in an action under subsection (a) includes but is not limited to the following:

New matter indicated by italics - deletions by strikeout
(1) The performance, prohibition, alteration, or setting aside of any action of the corporation or of its shareholders, directors, or officers of or any other party to the proceedings;
(2) The cancellation or alteration of any provision in the corporation's articles of incorporation or by-laws;
(3) The removal from office of any director or officer;
(4) The appointment of any individual as a director or officer;
(5) An accounting with respect to any matter in dispute;
(6) The appointment of a custodian to manage the business and affairs of the corporation to serve for the term and under the conditions prescribed by the court;
(7) The appointment of a provisional director to serve for the term and under the conditions prescribed by the court;
(8) The submission of the dispute to mediation or other forms of non-binding alternative dispute resolution;
(9) The payment of dividends;
(10) The award of damages to any aggrieved party;
(11) The purchase by the corporation or one or more other shareholders of all, but not less than all, of the shares of the petitioning shareholder for their fair value and on the terms determined under subsection (e); or
(12) The dissolution of the corporation if the court determines that no remedy specified in subdivisions (1) through (11) or other alternative remedy is sufficient to resolve the matters in dispute. In determining whether to dissolve the corporation, the court shall consider among other relevant evidence the financial condition of the corporation but may not refuse to dissolve the corporation solely because it has accumulated earnings or current operating profits.

(c) The remedies set forth in subsection (b) shall not be exclusive of other legal and equitable remedies which the court may impose.

(d) In determining the appropriate relief to order pursuant to this Section, the court may take into consideration the reasonable expectations

New matter indicated by italics - deletions by strikeout
of the corporation's shareholders as they existed at the time the corporation was formed and developed during the course of the shareholders' relationship with the corporation and with each other.

(e) If the court orders a share purchase, it shall:

(i) Determine the fair value of the shares, with or without the assistance of appraisers, taking into account any impact on the value of the shares resulting from the actions giving rise to a petition under this Section;

(ii) Consider any financial or legal constraints on the ability of the corporation or the purchasing shareholder to purchase the shares;

(iii) Specify the terms of the purchase, including, if appropriate, terms for installment payments, interest at the rate and from the date determined by the court to be equitable, subordination of the purchase obligation to the rights of the corporation's other creditors, security for a deferred purchase price, and a covenant not to compete or other restriction on the seller;

(iv) Require the seller to deliver all of his or her shares to the purchaser upon receipt of the purchase price or the first installment of the purchase price; and

(v) Retain jurisdiction to enforce the purchase order by, among other remedies, ordering the corporation to be dissolved if the purchase is not completed in accordance with the terms of the purchase order.

For purposes of this subsection (e), "fair value", with respect to a petitioning shareholder's shares, means the proportionate interest of the shareholder in the corporation, without any discount for minority status or, absent extraordinary circumstances, lack of marketability.

The purchase ordered pursuant to this subsection (e) shall be consummated within 20 days after the date the order becomes final unless before that time the corporation files with the court a notice of its intention to dissolve and articles of dissolution are properly filed with the Secretary of State within 50 days after filing the notice with the court.

New matter indicated by italics - deletions by strikeout
After the purchase order is entered and before the purchase price is fully paid, any party may petition the court to modify the terms of the purchase and the court may do so if it finds that such changes are equitable.

Unless the purchase order is modified by the court, the selling shareholder shall have no further rights as a shareholder from the date the seller delivers all of his or her shares to the purchaser or such other date specified by the court.

If the court orders shares to be purchased by one or more other shareholders, in allocating the shares to be purchased by the other shareholders, unless equity requires otherwise, the court shall attempt to preserve the existing distribution of voting rights and other designations, preferences, qualifications, limitations, restrictions and special or relative rights among the holders of the class or classes and may direct that holders of a specific class or classes shall not participate in the purchase.

(f) When the relief requested by the petition includes the purchase of the petitioner's shares, then at any time within 90 days after the filing of the petition under this Section, or at such time determined by the court to be equitable, the corporation or one or more shareholders may elect to purchase all, but not less than all, of the shares owned by the petitioning shareholder for their fair value. An election pursuant to this Section shall state in writing the amount which the electing party will pay for the shares.

(1) The election shall be irrevocable unless the court determines that it is equitable to set aside or modify the election.

(2) If the election to purchase is filed by one or more shareholders, the corporation shall, within 10 days thereafter, give written notice to all shareholders. The notice must state: (i) the name and number of shares owned by the petitioner; (ii) the name and number of shares owned by each electing shareholder; and (iii) the amount which each electing party will pay for the shares and must advise the recipients of their right to join in the election to purchase shares. Shareholders who wish to participate must file notice of their intention to join in a purchase no later than 30 days after the date of the notice to them or at such time as the court in its
discretion may allow. All shareholders who have filed an election or notice of their intention to participate in the election to purchase thereby become parties to the proceeding and shall participate in the purchase in proportion to their ownership of shares as of the date the first election was filed, unless they otherwise agree or the court otherwise directs.

(3) The court in its discretion may allow the corporation and all non-petitioning shareholders to file an election to purchase the petitioning shareholder's shares at a higher price. If the court does so, it shall allow other shareholders an opportunity to join in the purchase at the higher price in accordance with their proportionate ownership interest.

(4) After an election has been filed by the corporation or one or more shareholders, the proceeding filed under this Section may not be discontinued or settled, nor may the petitioning shareholder sell or otherwise dispose of his or her shares, unless the court determines that it would be equitable to the corporation and the shareholders, other than the petitioner, to permit the continuance, settlement, sale, or other disposition. In considering whether equity exists to approve any settlement, the court may take into consideration the reasonable expectations of the shareholders as set forth in subsection (d), including any existing agreement among the shareholders.

(5) If, within 30 days of the filing of the latest election allowed by the court, the parties reach agreement as to the fair value and terms of purchase of the petitioner's shares, the court shall enter an order directing the purchase of petitioner's shares upon the terms and conditions agreed to by the parties.

(6) If the parties are unable to reach an agreement as provided for in paragraph (5) of this subsection (f), the court, upon application of any party, shall stay the proceeding under subsection (a) and shall determine the fair value of the petitioner's shares pursuant to subsection (e) as of the day before the date on which

New matter indicated by italics - deletions by strikeout
the petition under subsection (a) was filed or as of such other date as the court deems appropriate under the circumstances.

(g) In any proceeding under this Section, the court shall allow reasonable compensation to the custodian, provisional director, appraiser, or other such person appointed by the court for services rendered and reimbursement or direct payment of reasonable costs and expenses, which amounts shall be paid by the corporation.

PUBLIC ACT 94-0890
(House Bill No. 5429)

AN ACT concerning education.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Public Community College Act is amended by adding Section 2-23 as follows:
(110 ILCS 805/2-23 new)
Sec. 2-23. Mobile response workforce training pilot program.
(a) From appropriations made for the purposes of this Section, the State Board shall implement and administer a mobile response workforce training pilot program at 3 community colleges to address the fact that businesses are struggling to recruit a qualified workforce because of the frequent emergence of new technologies in the workplace and subsequent skill set requirements. The program shall meet all of the following requirements:

(1) The program must be a collaborative model that integrates mobile workforce training with job creation and economic development.

(2) The program must provide participating businesses with on-site training activities and resources across all functions,

New matter indicated by italics - deletions by strikeout
including without limitation recruiting, assessing and training potential employees, developing and producing training materials, providing training facilities, and delivering customized services, with the long-term objective of maintaining business and industry in this State and attracting new businesses and industries to this State.

(3) The program must be operated for a period of 3 years. The program is encouraged to use the highly successful Alabama Industrial Development Training program as a model for guidance and direction.

(b) The State Board is authorized to administer the mobile response workforce training pilot program in conjunction with current programs and grants and in cooperation with other State agencies.

(c) The State Board shall by rule establish the criteria to be used in selecting the community colleges that are to participate in the mobile response workforce training pilot program, standards for implementation of the program, and goals to be accomplished during the 3 years of the program.

(d) On or before January 1, 2009, the State Board shall file with the Governor and the General Assembly a report on the progress of the mobile response workforce training pilot program.

PUBLIC ACT 94-0892
(Senate Bill No. 2283)

AN ACT concerning identification.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 3. The Illinois Identification Card Act is amended by adding Section 14D as follows:

(15 ILCS 335/14D new)

Sec. 14D. Limitations on use of identification card information.
(a) When information is obtained from an identification card issued by the Secretary of State to identify or prove the age of the holder of the card, or in the course of a commercial transaction, that information may be used only for purposes of identification of the individual or for completing the commercial transaction in which the information was obtained, including all subsequent payment, processing, collection, and other related actions. Information obtained from an identification card issued by the Secretary of State may not be used for purposes unrelated to the transaction in which it was obtained, including, but not limited to, commercial solicitations. Information obtained from an identification card issued by the Secretary of State to identify or prove the age of the holder of the card, or in the course of a commercial transaction, may not be sold, leased or otherwise provided to any third party.

(b) As used in this Section, "information" on an identification card issued by the Secretary of State includes readable text on the face of the card and information encoded or encrypted into a bar code, magnetic strip, or other electronically readable device on or in the card.

(c) Any individual whose identification card information has been used in violation of this Section has a cause of action against the person who violated this Section. Upon a finding that a violation did occur, the individual whose information was used in violation of this Section is entitled to recover actual damages, but not less than liquidated damages in the amount of $250 for each violation, plus attorney's fees and the costs of bringing the action.

(d) Use of information contained on an identification card issued by the Secretary of State is not a violation of this Section if the individual whose information has been used gave express permission for that use, or if the information relating to the individual was obtained from a source other than the individual's identification card issued by the Secretary of State.

(e) This Section does not apply to any agency of the United States or to the State of Illinois or any of its political subdivisions.

(f) This Section does not apply to the transfer of information to a third party if (i) a federal or State law, rule, or regulation requires that the information be transferred to a third party after being recorded in specified transactions or (ii) the information is transferred to a third party for purposes of the detection or possible prosecution of criminal offenses or fraud. If information is transferred to a third party under this subsection (f), it may be used only for the purposes authorized by this subsection (f).

(g) This Section does not apply to the use of information obtained from an identification card which has been provided by the holder of the card in the course of a potential or completed employment, commercial, business or professional transaction for the purpose of completing written documents including, but not limited to, contracts, agreements, purchase orders, retail installment contracts, buyer's orders, purchase contracts, repair orders, applications, disclosure forms or waiver forms.

(625 ILCS 5/6-117.1 new)

Sec. 6-117.1. Prohibited use of driver's license information.

(a) When information is obtained from a driver's license to identify or prove the age of the holder of the license, or in the course of a commercial transaction, that information may be used only for purposes of identification of the individual or for completing the commercial transaction in which the information was obtained, including all subsequent payment, processing, collection, and other related actions. Information obtained from a driver's license may not be used for purposes unrelated to the transaction in which it was obtained, including, but not limited to, commercial solicitations. Information obtained from a driver's license to identify the holder of the license, or in the course of a commercial transaction, may not be sold, leased, or otherwise provided to any third party.

(b) Any individual whose driver's license information has been used in violation of this Section has a cause of action against the person who violated this Section. Upon a finding that a violation did occur, the individual whose information was used in violation of this Section is entitled to recover actual damages, but not less than liquidated damages in the amount of $250 for each violation, plus attorney's fees and the costs of bringing the action.

(c) Use of information contained on a driver's license is not a violation of this Section if (i) the individual whose information has been used gave express permission for that use or (ii) the information relating to the individual was obtained from a source other than the individual's driver's license.

(d) This Section does not apply to any agency of the United States, the State of Illinois, or any other state or political subdivision thereof.

(e) This Section does not apply to the transfer of information to a third party if (i) a federal or State law, rule, or regulation requires that the information be transferred to a third party after being recorded in specified transactions or (ii) the information is transferred to a third party

(215 ILCS 155/3) (from Ch. 73, par. 1403)
Sec. 3. As used in this Act, the words and phrases following shall have the following meanings unless the context requires otherwise:

(1) "Title insurance business" or "business of title insurance" means:

(A) Issuing as insurer or offering to issue as insurer title insurance; and

(B) Transacting or proposing to transact one or more of the following activities when conducted or performed in contemplation of or in conjunction with the issuance of title insurance:

   (i) soliciting or negotiating the issuance of title insurance;

   (ii) guaranteeing, warranting, or otherwise insuring the correctness of title searches for all instruments affecting titles to real property, any interest in real property, cooperative units and proprietary leases, and for all liens or charges affecting the same;

   (iii) handling of escrows, settlements, or closings;

   (iv) executing title insurance policies;

   (v) effecting contracts of reinsurance;

   (vi) abstracting, searching, or examining titles; or

   (vii) issuing insured closing letters or closing protection letters;

(C) Guaranteeing, warranting, or insuring searches or examinations of title to real property or any interest in real property, with the exception of preparing an attorney's opinion of title; or

(D) Guaranteeing or warranting the status of title as to ownership of or liens on real property and personal property by any person other than the principals to the transaction; or

(E) Doing or proposing to do any business substantially equivalent to any of the activities listed in this subsection, provided that the preparation of an attorney's opinion of title pursuant to

New matter indicated by italics - deletions by strikeout
paragraph (1)(C) is not intended to be within the definition of "title insurance business" or "business of title insurance".

(1.5) "Title insurance" means insuring, guaranteeing, warranting, or indemnifying owners of real or personal property or the holders of liens or encumbrances thereon or others interested therein against loss or damage suffered by reason of liens, encumbrances upon, defects in, or the unmarketability of the title to the property; the invalidity or unenforceability of any liens or encumbrances thereon; or doing any business in substance equivalent to any of the foregoing. "Warranting" for purpose of this provision shall not include any warranty contained in instruments of encumbrance or conveyance. **Title insurance is a single line form of insurance, also known as monoline.** An attorney's opinion of title pursuant to paragraph (1)(C) is not intended to be within the definition of "title insurance".

(2) "Title insurance company" means any domestic company organized under the laws of this State for the purpose of conducting the business of **title insurance guaranteeing or insuring titles to real estate** and any title insurance company organized under the laws of another State, the District of Columbia or foreign government and authorized to transact the business of **title insurance guaranteeing or insuring titles to real estate** in this State.

(3) "Title insurance agent" means a person, firm, partnership, association, corporation or other legal entity registered by a title insurance company and authorized by such company to determine insurability of title in accordance with generally acceptable underwriting rules and standards in reliance on either the public records or a search package prepared from a title plant, or both, and authorized in addition to do any of the following: act as an escrow agent, solicit title insurance, collect premiums, issue title reports, binders or commitments to insure and policies in its behalf, provided, however, the term "title insurance agent" shall not include officers and salaried employees of any title insurance company.

(4) "Producer of title business" is any person, firm, partnership, association, corporation or other legal entity engaged in this State in the trade, business, occupation or profession of (i) buying or selling interests

New matter indicated by italics - deletions by strikeout
in real property, (ii) making loans secured by interests in real property, or (iii) acting as broker, agent, attorney, or representative of natural persons or other legal entities that buy or sell interests in real property or that lend money with such interests as security.

(5) "Associate" is any firm, association, partnership, corporation or other legal entity organized for profit in which a producer of title business is a director, officer, or partner thereof, or owner of a financial interest, as defined herein, in such entity; any legal entity that controls, is controlled by, or is under common control with a producer of title business; and any natural person or legal entity with whom a producer of title business has any agreement, arrangement, or understanding or pursues any course of conduct the purpose of which is to evade the provisions of this Act.

(6) "Financial interest" is any ownership interest, legal or beneficial, except ownership of publicly traded stock.

(7) "Refer" means to place or cause to be placed, or to exercise any power or influence over the placing of title business, whether or not the consent or approval of any other person is sought or obtained with respect to the referral.

(8) "Escrow Agent" means any title insurance company or any title insurance agent, including independent contractors of either, acting on behalf of a title insurance company which receives deposits, in trust, of funds or documents, or both, for the purpose of effecting the sale, transfer, encumbrance or lease of real property to be held by such escrow agent until title to the real property that is the subject of the escrow is in a prescribed condition. An escrow agent conducting closings shall be subject to the provisions of paragraphs (1) through (4) of subsection (e) of Section 16 of this Act.

(9) "Independent Escrowee" means any firm, person, partnership, association, corporation or other legal entity, other than a title insurance company or a title insurance agent, which receives deposits, in trust, of funds or documents, or both, for the purpose of effecting the sale, transfer, encumbrance or lease of real property to be held by such escrowee until title to the real property that is the subject of the escrow is in a prescribed condition. associations, credit unions, mortgage bankers, banks or trust companies authorized to do business under the Illinois Corporate Fiduciary Act, licensees under the Consumer Installment Loan Act, real estate brokers licensed pursuant to the Real Estate License Act of 2000, as such Acts are now or hereafter amended, and licensed attorneys when engaged in the attorney-client relationship are exempt from the escrow provisions of this Act. "Independent Escrowee" does not include employees or independent contractors of a title insurance company or title insurance agent authorized by a title insurance company to perform closing, escrow, or settlement services.

(10) "Single risk" means the insured amount of any title insurance policy, except that where 2 or more title insurance policies are issued simultaneously covering different estates in the same real property, "single risk" means the sum of the insured amounts of all such title insurance policies. Any title insurance policy insuring a mortgage interest, a claim payment under which reduces the insured amount of a fee or leasehold title insurance policy, shall be excluded in computing the amount of a single risk to the extent that the insured amount of the mortgage title insurance policy does not exceed the insured amount of the fee or leasehold title insurance policy.

(11) "Department" means the Department of Financial and Professional Regulation Institutions.

(12) "Secretary" "Director" means the Secretary Director of Financial and Professional Regulation Institutions.

(13) "Insured closing letter" or "closing protection letter" means an indemnification or undertaking to a party to a real estate transaction, from a principal such as a title insurance company or similar entity, setting forth in writing the extent of the principal's responsibility for intentional misconduct or errors in closing the real estate transaction on the part of a settlement agent, such as a title insurance agent or other settlement service provider.

Sec. 4. Deposits.

(a) Before doing business in the State of Illinois, a Every title insurance company must file with and have approved by the Secretary cash or licensed or qualified to do business in this State shall, within 30 days after the effective date of this Act or within 30 days after incorporated or licensed to do business, whichever is later, deposit with the Department, for the benefit of the creditors of the company by reason of any policy issued by it, bonds of the United States, this State or any body politic of this State in amounts as specified in subsection (b). The deposit is not to be otherwise pledged or subject to distribution among creditors or stockholders until all claims of escrow depositors, claims of policyholders, and claims under reinsurance contracts have been paid in full or discharged, reinsured, or otherwise assumed by a title insurance company authorized to do business under this Act. The cash, bonds, and securities so deposited may be exchanged for other such securities. No such cash, bond, or security shall be sold or transferred by the Secretary Director except on order of the circuit court or as provided in subsection (d). As long as the company depositing such securities remains solvent, the company shall be permitted to receive from the Secretary Director the interest on such deposit.

(b) The deposit required under subsection (a) must have a then current value of $1,000,000. All deposits shall be held for the benefit of any insured under a policy the title insurance company issued or named party to a written escrow it accepted. The deposit is not to be otherwise pledged or subject to distribution among creditors or stockholders. Every title insurance company shall deposit bonds or securities in the sum of $50,000 plus $5,000 for each county, more than one, in which the real estate, upon which such policies are issued, is located, to maximum deposit of $500,000. Every title insurance company guaranteeing or insuring titles to real estate in counties having 500,000 or more inhabitants shall deposit securities with the Department in the sum of $500,000. Any title insurance company having deposited $500,000 in securities with the Department shall be entitled to guarantee or insure titles in any or all counties of the State:

New matter indicated by italics - deletions by strikeout
(c) The Secretary Director may provide for custody of the deposits such securities by any trust company or bank located in this State and qualified to do business under the Corporate Fiduciary Act, as now or hereafter amended. The compensation, if any, of such custodian shall be paid by the depositing company. When the required deposits deposit have been made by a title insurance company, the Secretary Director shall certify that the company has complied with the provisions of this Section and is authorized to transact the business of insuring and guaranteeing titles to real estate.

(d) If, at any time, a title insurance company causes shall at any time cause all of its unexpired policies, escrow deposits, and reinsurance obligations in Illinois to be paid in full, cancelled, discharged, or reinsured, or otherwise assumed by another title insurance company and all of its liabilities under such policies thereby to be extinguished, or to be assumed by some surety or other responsible company authorized to do business under this Act in this State, the Secretary Director shall, upon on application of the such company, verified by the oath of its president or secretary and on being satisfied by an examination of its books and its officers under oath that all of its policies are so paid in full, cancelled, discharged, extinguished or reinsured, or otherwise assumed, authorize the release of any bond or deposit posted under this Section. deliver up to it such securities.

(e) The Secretary may revoke the certificate of authority of a company that fails to maintain the deposit required by this Section. The Secretary shall give notice of that revocation to the company as provided by this Act, and during the time of the revocation, the company may not conduct a title insurance business. A company may complete contractual obligations, such as issuing a policy where the obligations have already been assumed. However, it may not solicit new business, complete new searches or examinations, or close transactions. A revocation shall not be set aside until a good and sufficient deposit has been filed with the Secretary and the company is otherwise in compliance with this Act.

(215 ILCS 155/4.1 new)
Sec. 4.1. Minimum capital and surplus. Before doing business in the State of Illinois, a title insurance company must satisfy the Secretary that it has a minimum capital and surplus of $2,000,000. The Secretary may provide the forms and standards for this purpose by rule.

(215 ILCS 155/5) (from Ch. 73, par. 1405)

Sec. 5. Certificate of authority required. It is unlawful shall not be lawful for any company to engage or to continue in the business of title insurance guaranteeing or insuring titles to real estate, without first procuring from the Secretary Director a certificate of authority stating that the such a company has complied with the requirements of Section 4 of this Act. An insurer that transacts any class of insurance other than title insurance anywhere in the United States is not eligible for the issuance of a certificate of authority to transact title insurance in this State nor for a renewal of a certificate of authority. If any company shall fail to maintain a deposit as required by this Act, the Director may revoke the certificate of authority granted on behalf of such company. The Director shall mail a copy of that revocation to the company and during the time of such revocation the company shall not conduct such business. A revocation shall not be set aside until a good and sufficient deposit shall have been made with the Department, fulfilling all the requirements of this Act.

Sec. 6. Reinsurance.

(a) A title insurance company may obtain reinsurance for all or any part of its liability under one or more of its title insurance policies or reinsurance agreements and may also reinsure title insurance policies issued by other title insurance companies on risks located in this State or elsewhere.

(b) A title insurance company licensed to do business in this State shall retain at least $100,000 of primary liability for policies it issues, unless a lesser sum is authorized by the Secretary. A lesser sum may be retained at the request of an insured for a particular policy. This subsection (b) applies only to policies issued on or after the effective date of this amendatory Act of the 94th General Assembly.

Sec. 7. Investments.

(a) Subject to the specific provisions of this Section, the Secretary Director may, after a notice and hearing, order a domestic title insurance company to limit or withdraw from certain investments, or discontinue certain investment practices, to the extent the Secretary Director finds that such investments or investment practices endanger the solvency of the company. The Secretary Director may consider the general investment provisions of the Illinois Insurance Code, as now or hereafter amended, in exercising the authority granted under this subsection (a).

(b) A domestic title insurance company may invest in title plants. For determination of the financial condition of such title insurance company, a title plant shall be treated as an asset valued at actual cost except that the combined value of all title plants owned shall be limited for asset valuation purposes to 50% of the surplus as regards policyholders as shown on the most recent annual statement of the title insurance company.

(c) Any investment of a domestic title insurance company acquired before the effective date of this Act and which, under this Section, would be considered ineligible as an investment on that date shall be disposed of within 2 years of the effective date of this Act. The Secretary Director, upon application and proof that forced sale of any such investment would be contrary to the best interests of the title insurer or its policyholders, may extend the period for disposal of the investment for a reasonable time.

Sec. 8. Retained liability.

(a) The net retained liability of a title insurance company for a single risk on property located in this State, whether assumed directly or as reinsurance, may not exceed 50% of the total surplus to policyholders as shown in the most recent annual statement of the title insurance company on file with the Department.
(b) The Secretary Director may waive the limitation of this Section for a particular risk upon application of the title insurance company and for good cause shown.
(Source: P.A. 86-239.)

Sec. 9. Impairment of capital; discontinuance of issuance of new policies; penalty.

(a) Whenever the capital of any title insurance company authorized to do business under this Act is determined by the circuit court, upon the application of the Secretary Director, to have become impaired to the extent of 25% of its capital, or to have otherwise become unsafe, it shall be the duty of the Secretary Director to cancel the authority of the company to do business.

(b) The Secretary Director shall give notice as provided by this Act to the company to discontinue doing business issuing new policies until its capital has been made good. The title insurance company may continue to issue policies and perform other actions that are required to complete contractual obligations undertaken prior to the notice.

(c) Any officer or management employee who continues to take orders for title insurance or close transactions issues a new policy of title insurance on behalf of a company after the notice to discontinue doing business, and before its capital has been made good, may, for each offense, be fined as provided by this Act for a sum not exceeding $1,000.

(215 ILCS 155/11) (from Ch. 73, par. 1411)

Sec. 11. Statutory premium reserve.

(a) A domestic title insurance company shall establish and maintain a statutory premium reserve computed in accordance with this Section. The reserve shall be reported as a liability of the title insurance company in its financial statements. The statutory premium reserve shall be maintained by the title insurance company for the protection of holders of title insurance policies. Except as provided in this Section, assets equal in value to the statutory premium reserve are not subject to distribution among creditors or stockholders of the title insurance company until all claims of policyholders or claims under reinsurance contracts have been paid in full, and all liability on the policies or reinsurance contracts has been paid in full and discharged, or lawfully reinsured, or otherwise assumed by another title insurance company authorized to do business under this Act.

(b) A foreign or alien title insurance company authorized to do business under this Act shall maintain at least the same reserves on title insurance policies issued on properties located in this State as are required of domestic title insurance companies.

(c) The statutory premium reserve shall consist of:

(1) the amount of the statutory premium reserve on January 1, 1990; and

(2) a sum equal to 12 1/2 cents for each $1,000 of net retained liability under each title insurance policy on a single risk written on properties located in this State after January 1, 1990.

(d) Amounts placed in the statutory premium reserve in any year in accordance with this Section shall be deducted in determining the net profit of the title insurance company for that year.

New matter indicated by italics - deletions by strikeout
(e) A title insurance company shall release from the statutory premium reserve a sum equal to 10% of the amount added to the reserve during a calendar year on July 1 of each of the 5 years following the year in which the sum was added, and shall release from the statutory premium reserve a sum equal to 3 1/3% of the amount added to the reserve during that year on each succeeding July 1 until the entire amount for that year has been released. The amount of the statutory premium reserve or similar premium reserve maintained before January 1, 1990, shall be released in accordance with the law in effect before January 1, 1990.

(f) This reserve is independent of the deposit requirements of Section 4 of this Act.

Sec. 12. Examinations; compliance.
(a) The Secretary Director or his authorized representative shall have the power and authority, and it shall be his duty, to cause to be visited and examined annually any title insurance company doing business under this Act, and to verify and compel a compliance with the provisions of law governing it as he may by law exercise in relation to trust companies.

(b) The Secretary Director or his authorized agent shall have power and authority to compel compliance with the provisions of this Act and shall, only upon the showing of good cause, require any title insurance company to take all legal means to obtain the appropriate records of its registered agents and make them available for examination at a time and place designated by the Secretary Director. Expenses incurred in the course of such examinations will be the responsibility of the title insurance company. In the event that a present or former registered agent or its successor refuses or is unable to cooperate with a title insurance company in furnishing the records requested by the Secretary or his or her authorized agent, then the Secretary or his or her authorized agent shall have the power and authority to obtain those records directly from the registered agent.

Sec. 14. Fees.

(a) Every title insurance company and every independent escrowee subject to this Act shall pay the following fees:

(1) for filing the original application for a certificate of authority and receiving the deposit required under this Act, $500;

(2) for the certificate of authority, $10;

(3) for every copy of a paper filed in the Department under this Act, $1 per folio;

(4) for affixing the seal of the Department and certifying a copy, $2; and

(5) for filing the annual statement, $50.

(b) Each title insurance company shall pay, for all of its title insurance agents subject to this Act for filing an annual registration of its agents, an amount equal to $3 for each policy issued by all of its agents in the immediately preceding calendar year.

Sec. 15. Retaliatory provisions; fees. Whenever the existing or future laws of any State or country shall require of title insurance companies incorporated or organized under the laws of this State, as a condition precedent to their transacting in such other State or country the business of title insurance guaranteeing or insuring titles to real estate, compliance with laws, rules, regulations or prohibitions more onerous or burdensome than those imposed under this Act by this State on foreign title insurance companies transacting such business in this State, or shall require any deposit of securities or other obligations in such State or country for the protection of policyholders, or otherwise, in excess of the amounts required of foreign title insurance companies by this Act, or shall require of Illinois title insurance companies doing such business in such State or country, the payment of penalties, fees, charges or taxes greater than the aggregate for like purposes imposed by the laws of this State upon such foreign title insurance companies, then such laws, rules, regulations, and prohibitions of said other State or country shall apply to title insurance companies incorporated or organized under the laws of such State or country doing business in this State, and all such companies, doing business in this State, shall be required to make deposits with the Department, and to pay to the Department penalties, fees, charges, and taxes at least in amounts equal to those required in the aggregate for like purpose of Illinois companies doing such business in such State or country.

Sec. 16. Title insurance agents.

(a) No person, firm, partnership, association, corporation or other legal entity shall act as or hold itself out to be a title insurance agent unless duly registered by a title insurance company with the Secretary Director.

(b) Each application for registration shall be made on a form specified by the Secretary Director and prepared in duplicate by each title insurance company which the agent represents. The title insurance

company shall retain the copy of the application and forward the original to the Secretary Director with the appropriate fee.

(c) Every applicant for registration, except a firm, partnership, association or corporation, must be 18 years or more of age.

(d) Registration shall be made annually by a filing with the Secretary Director; supplemental registrations for new title insurance agents to be added between annual filings shall be made from time to time in the manner provided by the Secretary Director; registrations shall remain in effect unless revoked or suspended by the Secretary Director or are voluntarily withdrawn by the registrant or the title insurance company.

(e) Funds deposited in connection with any escrows, settlements, or closings shall be deposited in a separate fiduciary trust account or accounts in a bank or other financial institution insured by an agency of the federal government unless the instructions provide otherwise. The funds shall be the property of the person or persons entitled thereto under the provisions of the escrow, settlement, or closing and shall be segregated by escrow, settlement, or closing in the records of the escrow agent. The funds shall not be subject to any debts of the escrowee and shall be used only in accordance with the terms of the individual escrow, settlement, or closing under which the funds were accepted.

Interest received on funds deposited with the escrow agent in connection with any escrow, settlement, or closing shall be paid to the depositing party unless the instructions provide otherwise.

The escrow agent shall maintain separate records of all receipts and disbursements of escrow, settlement, or closing funds.

The escrow agent shall comply with any rules adopted by the Secretary pertaining to escrow, settlement, or closing transactions.

(b) No person, firm, corporation or other legal entity shall hold itself out to be an independent escrowee unless it has been issued a certificate of authority by the Secretary Director.

(c) Every applicant for a certificate of authority, except a firm, partnership, association or corporation, must be 18 years of age.

(d) Every certificate of authority shall remain in effect one year unless revoked or suspended by the Secretary Director or voluntarily surrendered by the holder.

(e) An independent escrowee may engage in the escrow, settlement, or closing business, or any combination of such business, and operate as an escrow, settlement, or closing agent, provided that:

(1) Funds deposited in connection with any escrow, settlement, or closing shall be deposited in a separate fiduciary trust account or accounts in a bank or other financial institution insured by an agency of the federal government unless the instructions provide otherwise. Such funds shall be the property of the person or persons entitled thereto under the provisions of the escrow, settlement, or closing and shall be segregated by escrow, settlement or closing in the records of the independent escrowee. Such funds shall not be subject to any debts of the escrowee and shall be used only in accordance with the terms of the individual escrow, settlement or closing under which the funds were accepted.

(2) Interest received on funds deposited with the independent escrowee in connection with any escrow, settlement or closing shall be paid to the depositing party unless the instructions provide otherwise.

(3) The independent escrowee shall maintain separate records of all receipt and disbursement of escrow, settlement or closing funds.

(4) The independent escrowee shall comply with any rules or regulations promulgated by the Secretary Director pertaining to escrow, settlement or closing transactions.

(f) The Secretary Director or his authorized representative shall have the power and authority to visit and examine at any time any

independent escrowee certified under this Act and to verify and compel compliance with the provisions of this Act.

(g) A title insurance company or title insurance agent, not qualified as an independent escrowee, may act in the capacity of an escrow agent when it is supplying an abstract of title, grantor-grantee search, tract search, lien search, tax assessment search, or other limited purpose search to the parties to the transaction even if it is not issuing a title insurance commitment or title insurance policy. A title insurance agent may act as an escrow agent only when specifically authorized in writing on forms prescribed by the Secretary Director by a title insurance company that has duly registered the agent with the Secretary Director and only when notice of the authorization is provided to and receipt thereof is acknowledged by the Secretary Director. The authority granted to a title insurance agent may be limited or revoked at any time by the title insurance company.

Sec. 18. No referral payments; kickbacks.

(a) Application of this Section is limited to residential properties of 4 or fewer units, at least one of which units is occupied or to be occupied by an owner, legal or beneficial.

(b) No title insurance company, independent escrowee, or title insurance agent may issue a title insurance policy to, or provide services to an applicant if it knows or has reason to believe that the applicant was referred to it by any producer of title business or by any associate of such producer, where the producer, the associate, or both, have a financial interest in the title insurance company, independent escrowee, or title insurance agent to which business is referred unless the producer has disclosed to any party paying for the products or services, or his representative, the financial interest of the producer of title business or associate referring the title business and a disclosure of an estimate of those charges to be paid as described in Section 19. Such disclosure must be made in writing on forms prescribed by the Secretary Director prior to the time that the commitment for title insurance is issued. The title

Sec. 21. Regulatory action.

(a) The Secretary Director may refuse to grant, and may suspend or revoke, any certificate of authority, registration, or license issued pursuant to this Act or may impose a fine for a violation of this Act if he determines that the holder of or applicant for such certificate, registration or license:

(1) has intentionally made a material misstatement or fraudulent misrepresentation in relation to a matter covered by this Act;

(2) has misappropriated or tortiously converted to its own use, or illegally withheld, monies held in a fiduciary capacity;

(3) has demonstrated untrustworthiness or incompetency in transacting the business of guaranteeing titles to real estate in such a manner as to endanger the public;

(4) has materially misrepresented the terms or conditions of contracts or agreements to which it is a party;

(5) has paid any commissions, discounts or any part of its premiums, fees or other charges to any person in violation of any State or federal law or regulations or opinion letters issued under the federal Real Estate Settlement Procedures Act of 1974; or

(6) has failed to comply with the deposit and reserve requirements of this Act or any other requirements of this Act.

(b) In every case where a registration or certificate is suspended or revoked, or an application for a registration or certificate or renewal thereof is refused, the Secretary Director shall serve notice of his action,

including a statement of the reasons for his action, as provided by this Act. When a notice of suspension or revocation of a certificate of authority is given to a title insurance company, the Secretary shall also notify all the registered agents of that title insurance company of the Secretary's action, either personally or by registered or certified mail. Service by mail shall be deemed completed if such notice is deposited in the post office, postage paid, addressed to the last known address specified in the application for the certificate or registration of such holder or registrant.

(c) In the case of a refusal to issue or renew a certificate or accept a registration, the applicant or registrant may request in writing, within 30 days after the date of service, a hearing. In the case of a refusal to renew, the expiring registration or certificate shall be deemed to continue in force until 30 days after the service of the notice of refusal to renew, or if a hearing is requested during that period, until a final order is entered pursuant to such hearing.

(d) The suspension or revocation of a registration or certificate shall take effect upon service of notice thereof. The holder of any such suspended registration or certificate may request in writing, within 30 days of such service, a hearing.

(e) In cases of suspension or revocation of registration pursuant to subsection (a), the Secretary Director may, in the public interest, issue an order of suspension or revocation which shall take effect upon service of notification thereof. Such order shall become final 60 days from the date of service unless the registrant requests in writing, within such 60 days, a formal hearing thereon. In the event a hearing is requested, the order shall remain temporary until a final order is entered pursuant to such hearing.

(f) Hearing shall be held at such time and place as may be designated by the Secretary Director either in the City of Springfield, the City of Chicago, or in the county in which the principal business office of the affected registrant or certificate holder is located.

(g) The suspension or revocation of a registration or certificate or the refusal to issue or renew a registration or certificate shall not in any way limit or terminate the responsibilities of any registrant or certificate holder arising under any policy or contract of title insurance to which it is
a party. No new contract or policy of title insurance may be issued, nor may any existing policy or contract to title insurance be renewed by any registrant or certificate holder during any period of suspension or revocation of a registration or certificate.

(h) The Secretary Director may issue a cease and desist order to a title insurance company, agent, or other entity doing business without the required license or registration, when in the opinion of the Secretary Director, the company, agent, or other entity is violating or is about to violate any provision of this Act or any law or of any rule or condition imposed in writing by the Department.

The Secretary Director may issue the cease and desist order without notice and before a hearing.

The Secretary Director shall have the authority to prescribe rules for the administration of this Section.

If it is determined that the Secretary Director had the authority to issue the cease and desist order, he may issue such orders as may be reasonably necessary to correct, eliminate or remedy such conduct.

Any person or company subject to an order pursuant to this Section is entitled to judicial review of the order in accordance with the provisions of the Administrative Review Law.

The powers vested in the Secretary Director by this Section are additional to any and all other powers and remedies vested in the Secretary Director by law, and nothing in this Section shall be construed as requiring that the Secretary Director shall employ the powers conferred in this Section instead of or as a condition precedent to the exercise of any other power or remedy vested in the Secretary Director.

Sec. 21.1. Receiver and involuntary liquidation.

(a) The Secretary's proceedings under this Section shall be the exclusive remedy and the only proceedings commenced in any court for the dissolution of, the winding up of the affairs of, or the appointment of a receiver for a title insurance company.

New matter indicated by italics - deletions by strikeout
(b) If the Secretary, with respect to a title insurance company, finds that (i) its capital is impaired or it is otherwise in an unsound condition, (ii) its business is being conducted in an unlawful, fraudulent, or unsafe manner, (iii) it is unable to continue operations, or (iv) its examination has been obstructed or impeded, the Secretary may give notice to the board of directors of the title insurance company of his or her finding or findings. If the Secretary's findings are not corrected to his or her satisfaction within 60 days after the company receives the notice, the Secretary shall take possession and control of the title insurance company, its assets, and assets held by it for any person for the purpose of examination, reorganization, or liquidation through receivership.

If, in addition to making a finding as provided in this subsection (b), the Secretary is of the opinion and finds that an emergency that may result in serious losses to any person exists, the Secretary may, in his or her discretion, without having given the notice provided for in this subsection, and whether or not proceedings under subsection (a) of this Section have been instituted or are then pending, take possession and control of the title insurance company and its assets for the purpose of examination, reorganization, or liquidation through receivership.

(c) The Secretary may take possession and control of a title insurance company, its assets, and assets held by it for any person by posting upon the premises of each office located in the State of Illinois at which it transacts its business as a title insurance company a notice reciting that the Secretary is assuming possession pursuant to this Act and the time when the possession shall be deemed to commence.

(d) Promptly after taking possession and control of a title insurance company the Secretary, represented by the Attorney General, shall file a copy of the notice posted upon the premises in the Circuit Court of either Cook County or Sangamon County, which cause shall be entered as a court action upon the dockets of the court under the name and style of "In the matter of the possession and control by the Secretary of the Department of Financial and Professional Regulation of (insert the name of the title insurance company)". If the Secretary determines (which determination may be made at the time of, or at any time subsequent to,
taking possession and control of a title insurance company) that no practical possibility exists to reorganize the title insurance company after reasonable efforts have been made, the Secretary, represented by the Attorney General, shall also file a complaint, if it has not already been done, for the appointment of a receiver or other proceeding as is appropriate under the circumstances. The court where the cause is docketed shall be vested with the exclusive jurisdiction to hear and determine all issues and matters pertaining to or connected with the Secretary's possession and control of the title insurance company as provided in this Act, and any further issues and matters pertaining to or connected with the Secretary's possession and control as may be submitted to the court for its adjudication.

The Secretary, upon taking possession and control of a title insurance company, may, and if not previously done shall, immediately upon filing a complaint for dissolution make an examination of the affairs of the title insurance company or appoint a suitable person to make the examination as the Secretary's agent. The examination shall be conducted in accordance with and pursuant to the authority granted under Section 12 of this Act. The person conducting the examination shall have and may exercise on behalf of the Secretary all of the powers and authority granted to the Secretary under Section 12. A copy of the report shall be filed in any dissolution proceeding filed by the Secretary. The reasonable fees and necessary expenses of the examining person, as approved by the Secretary or as recommended by the Secretary and approved by the court if a dissolution proceeding has been filed, shall be borne by the subject title insurance company and shall have the same priority for payment as the reasonable and necessary expenses of the Secretary in conducting an examination. The person appointed to make the examination shall make a proper accounting, in the manner and scope as determined by the Secretary to be practical and advisable under the circumstances, on behalf of the title insurance company and no guardian ad litem need be appointed to review the accounting.
(e) The Secretary, upon taking possession and control of a title insurance company and its assets, shall be vested with the full powers of management and control including, but not limited to, the following:

1. the power to continue or to discontinue the business;
2. the power to stop or to limit the payment of its obligations;
3. the power to collect and to use its assets and to give valid receipts and acquittances therefor;
4. the power to transfer title and liquidate any bond or deposit made under Section 4 of this Act;
5. the power to employ and to pay any necessary assistants;
6. the power to execute any instrument in the name of the title insurance company;
7. the power to commence, defend, and conduct in the title insurance company's name any action or proceeding in which it may be a party;
8. the power, upon the order of the court, to sell and convey the title insurance company's assets, in whole or in part, and to sell or compound bad or doubtful debts upon such terms and conditions as may be fixed in that order;
9. the power, upon the order of the court, to make and to carry out agreements with other title insurance companies, financial institutions, or with the United States or any agency of the United States for the payment or assumption of the title insurance company's liabilities, in whole or in part, and to transfer assets and to make guaranties, in whole or in part, in connection therewith;
10. the power, upon the order of the court, to borrow money in the name of the title insurance company and to pledge its assets as security for the loan;
11. the power to terminate his or her possession and control by restoring the title insurance company to its board of directors;

New matter indicated by italics - deletions by strikeout
(12) the power to appoint a receiver which may be the Secretary of the Department of Financial and Professional Regulation, another title insurance company, or another suitable person and to order liquidation of the title insurance company as provided in this Act; and

(13) the power, upon the order of the court and without the appointment of a receiver, to determine that the title insurance company has been closed for the purpose of liquidation without adequate provision being made for payment of its obligations, and thereupon the title insurance company shall be deemed to have been closed on account of inability to meet its obligations to its insureds or escrow depositors.

(f) Upon taking possession, the Secretary shall make an examination of the condition of the title insurance company, an inventory of the assets and, unless the time shall be extended by order of the court or unless the Secretary shall have otherwise settled the affairs of the title insurance company pursuant to the provisions of this Act, within 90 days after the time of taking possession and control of the title insurance company, the Secretary shall either terminate his or her possession and control by restoring the title insurance company to its board of directors or appoint a receiver, which may be the Secretary of the Department of Financial and Professional Regulation, another title insurance company, or another suitable person and order the liquidation of the title insurance company as provided in this Act. All necessary and reasonable expenses of the Secretary's possession and control shall be a priority claim and shall be borne by the title insurance company and may be paid by the Secretary from the title insurance company's own assets as distinguished from assets held for any other person.

(g) If the Secretary takes possession and control of a title insurance company and its assets, any period of limitation fixed by a statute or agreement that would otherwise expire on a claim or right of action of the title insurance company, on its own behalf or on behalf of its insureds or escrow depositors, or upon which an appeal must be taken or a pleading or other document filed by the title insurance company in any

pending action or proceeding, shall be tolled until 6 months after the
commencement of the possession, and no judgment, lien, levy, attachment,
or other similar legal process may be enforced upon or satisfied, in whole
or in part, from any asset of the title insurance company or from any asset
of an insured or escrow depositor while it is in the possession of the
Secretary.

(h) If the Secretary appoints a receiver to take possession and
control of the assets of insureds or escrow depositors for the purpose of
holding those assets as fiduciary for the benefit of the insureds or escrow
depositors pending the winding up of the affairs of the title insurance
company being liquidated and the appointment of a successor escrowee
for those assets, any period of limitation fixed by statute, rule of court, or
agreement that would otherwise expire on a claim or right of action in
favor of or against the insureds or escrow depositors of those assets or
upon which an appeal must be taken or a pleading or other document filed
by a title insurance company on behalf of an insured or escrow depositor
in any pending action or proceeding shall be tolled for a period of 6
months after the appointment of a receiver, and no judgment, lien, levy,
attachment, or other similar legal process shall be enforced upon or
satisfied, in whole or in part, from any asset of the insured or escrow
depositor while it is in the possession of the receiver.

(i) If the Secretary determines at any time that no reasonable
possibility exists for the title insurance company to be operated by its
board of directors in accordance with the provisions of this Act after
reasonable efforts have been made and that it should be liquidated
through receivership, he or she shall appoint a receiver. The Secretary
may require of the receiver such bond and security as the Secretary deems
proper. The Secretary, represented by the Attorney General, shall file a
complaint for the dissolution or winding up of the affairs of the title
insurance company in a court of the county in which the principal office of
the title insurance company is located and shall cause notice to be given in
a newspaper of general circulation once each week for 4 consecutive
weeks so that persons who may have claims against the title insurance
company may present them to the receiver and make legal proof thereof

New matter indicated by italics - deletions by strikeout
and notifying those persons and all to whom it may concern of the filing of a complaint for the dissolution or winding up of the affairs of the title insurance company and stating the name and location of the court. All persons who may have claims against the assets of the title insurance company, as distinguished from the assets of insureds and escrow depositors held by the title insurance company, and the receiver to whom those persons have presented their claims may present the claims to the clerk of the court, and the allowance or disallowance of the claims by the court in connection with the proceedings shall be deemed an adjudication in a court of competent jurisdiction. Within a reasonable time after completion of publication, the receiver shall file with the court a correct list of all creditors of the title insurance company as shown by its books, who have not presented their claims and the amount of their respective claims after allowing adjusted credit, deductions, and set-offs as shown by the books of the title insurance company. The claims so filed shall be deemed proven unless objections are filed thereto by a party or parties interested therein within the time fixed by the court.

(j) The receiver for a title insurance company has the power and authority and is charged with the duties and responsibilities as follows:

1. To take possession of and, for the purpose of the receivership, title to the books, records, and assets of every description of the title insurance company.

2. To proceed to collect all debts, dues, and claims belonging to the title insurance company.

3. To sell and compound all bad and doubtful debts on such terms as the court shall direct.

4. To sell the real and personal property of the title insurance company, as distinguished from the real and personal property of the insureds or escrow depositors, on such terms as the court shall direct.

5. To file with the Secretary a copy of each report that he or she makes to the court, together with such other reports and records as the Secretary may require.
(6) To sue and defend in his or her own name and with respect to the affairs, assets, claims, debts, and choses in action of the title insurance company.

(7) To surrender to the insureds and escrow depositors of the title insurance company, when requested in writing directed to the receiver by them, the escrowed funds (on a pro rata basis), and escrowed documents in the receiver's possession upon satisfactory proof of ownership and determination by the receiver of available escrow funds.

(8) To redeem or take down collateral hypothecated by the title insurance company to secure its notes and other evidence of indebtedness whenever the court deems it to be in the best interest of the creditors of the title insurance company and directs the receiver so to do.

(k) Whenever the receiver finds it necessary in his or her opinion to use and employ money of the title insurance company in order to protect fully and benefit the title insurance company by the purchase or redemption of property, real or personal, in which the title insurance company may have any rights by reason of any bond, mortgage, assignment, or other claim thereto, the receiver may certify the facts together with the receiver's opinions as to the value of the property involved and the value of the equity the title insurance company may have in the property to the court, together with a request for the right and authority to use and employ so much of the money of the title insurance company as may be necessary to purchase the property, or to redeem the property from a sale if there was a sale, and if the request is granted, the receiver may use so much of the money of the title insurance company as the court may have authorized to purchase the property at the sale.

The receiver shall deposit daily all moneys collected by him or her in any State or national bank approved by the court. The deposits shall be made in the name of the Secretary, in trust for the receiver, and be subject to withdrawal upon the receiver's order or upon the order of those persons the Secretary may designate. The moneys may be deposited without interest, unless otherwise agreed. The receiver shall do the things and take

the steps from time to time under the direction and approval of the court that may reasonably appear to be necessary to conserve the title insurance company's assets and secure the best interests of the creditors, insureds, and escrow depositors of the title insurance company. The receiver shall record any judgment of dissolution entered in a dissolution proceeding and thereupon turn over to the Secretary a certified copy of the judgment.

The receiver may cause all assets of the insureds and escrow depositors of the title insurance company to be registered in the name of the receiver or in the name of the receiver's nominee.

For its services in administering the escrows held by the title insurance company during the period of winding up the affairs of the title insurance company, the receiver is entitled to be reimbursed for all costs and expenses incurred by the receiver and shall also be entitled to receive out of the assets of the individual escrows being administered by the receiver during the period of winding up the affairs of the title insurance company and prior to the appointment of a successor escrowee the usual and customary fees charged by an escrowee for escrows or reasonable fees approved by the court.

The receiver, during its administration of the escrows of the title insurance company during the winding up of the affairs of the title insurance company, shall have all of the powers that are vested in trustees under the terms and provisions of the Trusts and Trustees Act.

Upon the appointment of a successor escrowee, the receiver shall deliver to the successor escrowee all of the assets belonging to each individual escrow to which the successor escrowee succeeds, and the receiver shall thereupon be relieved of any further duties or obligations with respect thereto.

(1) The receiver shall, upon approval by the court, pay all claims against the assets of the title insurance company allowed by the court pursuant to subsection (i) of this Section, as well as claims against the assets of insureds and escrow depositors of the title insurance company in accordance with the following priority:

New matter indicated by italics - deletions by strikeout
(1) All necessary and reasonable expenses of the Secretary's possession and control and of its receivership shall be paid from the assets of the title insurance company.

(2) All usual and customary fees charged for services in administering escrows shall be paid from the assets of the individual escrows being administered. If the assets of the individual escrows being administered are insufficient, the fees shall be paid from the assets of the title insurance company.

(3) Secured claims, including claims for taxes and debts due the federal or any state or local government, that are secured by liens perfected prior to the date of filing of the complaint for dissolution, shall be paid from the assets of the title insurance company.

(4) Claims by policyholders, beneficiaries, insureds, and escrow depositors of the title insurance company shall be paid from the assets of the insureds and escrow depositors. If there are insufficient assets of the insureds and escrow depositors, claims shall be paid from the assets of the title insurance company.

(5) Any other claims due the federal government shall be paid from the assets of the title insurance company.

(6) Claims for wages or salaries, excluding vacation, severance, and sick leave pay earned by employees for services rendered within 90 days prior to the date of filing of the complaint for dissolution, shall be paid from the assets of the title insurance company.

(7) All other claims of general creditors not falling within any priority under this subsection (l) including claims for taxes and debts due any state or local government which are not secured claims and claims for attorney's fees incurred by the title insurance company in contesting the dissolution shall be paid from the assets of the title insurance company.

(8) Proprietary claims asserted by an owner, member, or stockholder of the title insurance company in receivership shall be paid from the assets of the title insurance company.

New matter indicated by italics - deletions by strikeout
The receiver shall pay all claims of equal priority according to the schedule set out in this subsection, and shall not pay claims of lower priority until all higher priority claims are satisfied. If insufficient assets are available to meet all claims of equal priority, those assets shall be distributed pro rata among those claims. All unclaimed assets of the title insurance company shall be deposited with the receiver to be paid out by him or her when such claims are submitted and allowed by the court.

(m) At the termination of the receiver's administration, the receiver shall petition the court for the entry of a judgment of dissolution. After a hearing upon the notice as the court may prescribe, the court may enter a judgment of dissolution whereupon the title insurance company's corporate existence shall be terminated and the receivership concluded.

(n) The receiver shall serve at the pleasure of the Secretary and upon the death, inability to act, resignation, or removal by the Secretary of a receiver, the Secretary may appoint a successor, and upon the appointment, all rights and duties of the predecessor shall at once devolve upon the appointee.

(o) Whenever the Secretary shall have taken possession and control of a title insurance company or a title insurance agent and its assets for the purpose of examination, reorganization or liquidation through receivership, or whenever the Secretary shall have appointed a receiver for a title insurance company or title insurance agent and filed a complaint for the dissolution or winding up of its affairs, and the title insurance company or title insurance agent denies the grounds for such actions, it may at any time within 10 days apply to the Circuit Court of Cook or Sangamon County to enjoin further proceedings in the premises; and the Court shall cite the Secretary to show cause why further proceedings should not be enjoined, and if the Court shall find that grounds do not exist, the Court shall make an order enjoining the Secretary or any receiver acting under his direction from all further proceedings on account of the alleged grounds.

Sec. 21.2. Notice.

New matter indicated by italics - deletions by strikeout
(a) Notice of any action by the Secretary under this Act or regulations or orders promulgated under it shall be made either personally or by registered or certified mail, return receipt requested, and by sending a copy of the notice by telephone facsimile or electronic mail, if known and operating, and if unknown or not operating, then by regular mail. Service by mail shall be deemed completed if the notice is deposited as registered or certified mail in the post office, postage paid, addressed to the last known address specified in the application for the certificate of authority to do business or certificate of registration of the holder or registrant.

(b) The Secretary shall notify all registered agents of a title insurance company when that title insurance company's certificate of authority is suspended or revoked.

(215 ILCS 155/21.3 new)

Sec. 21.3. Record retention. Evidence of the examination of title, if any, and determination of insurability for business written by a title insurance company or its title insurance agent and records relating to escrow, closings, and security deposits shall be preserved and retained by the title insurance company or its title insurance agent for as long as appropriate to the circumstances, but in no event less than 7 years after the title insurance policy has been issued or the escrow, closing, or security deposit account has been closed or as provided by applicable federal law. This Section shall not apply to a title insurance company acting as a coinsurer if one of the other coinsurers has complied with this Section.

(215 ILCS 155/22) (from Ch. 73, par. 1422)

Sec. 22. Tax indemnity; notice. A corporation authorized to do business under this Act shall notify the Director of Revenue of the State of Illinois, by notice directed to his office in the City of Chicago, of each trust account or similar account established which relates to title exceptions due to a judgment lien or any other lien arising under any tax Act administered by the Illinois Department of Revenue, when notice of such lien has been filed with the registrar of titles or recorder, as the case may be, in the manner prescribed by law. Such notice shall contain the name, address,
and tax identification number of the debtor, the permanent real estate index numbers, if any, and the address and legal description of the property, the type of lien claimed by the Department and identification of any trust fund or similar account held by such corporation or any agent thereof relating to such lien. Any trust fund or similar account established by such corporation or agent relating to any such lien shall include provisions requiring such corporation or agent to apply such fund in satisfaction or release of such lien upon written demand therefor by the Department of Revenue.

(Senate Bill No. 2882)

AN ACT concerning education.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Section 2-3.136 as follows:

(105 ILCS 5/2-3.136)
Sec. 2-3.136. Class K-3—class size reduction grant programs program.

(a) A K-3 class size reduction grant program is created. The program shall be implemented and administered by the State Board of Education. From appropriations made for purposes of this Section, the State Board shall award grants to schools that meet the criteria established by this subsection (a) Section for the award of those grants.

Grants shall be awarded pursuant to application. The form and manner of applications and the criteria for the award of grants shall be prescribed by the State Board of Education. The grant criteria as so prescribed, however, shall provide that only those schools that are on the

State Board of Education Early Academic Warning List or the academic watch list under Section 2-3.25d that maintain grades kindergarten through 3 are grant eligible.

Grants awarded to eligible schools under this subsection (a) shall be used and applied by the schools to defray the costs and expenses of operating and maintaining classes in grades kindergarten through 3 with an average class size within a specific grade of no more than 20 pupils. If a school's facilities are inadequate to allow for this specified class size, then a school may use the grant funds for teacher aides instead.

(b) A K-3 pilot class size reduction grant program is created. The program shall be implemented and administered by the State Board of Education. From appropriations made for purposes of this subsection (b), the State Board shall award grants to schools that meet the criteria established by this Section for the award of those grants.

Grants shall be awarded pursuant to application. The form and manner of application and the criteria for the award of grants shall be prescribed by the State Board of Education.

Grants awarded to eligible schools under this subsection (b) shall be used and applied by the schools to defray the costs and expenses of operating and maintaining classes in grades kindergarten through 3 of no more than 15 pupils per teacher per class. A teacher aide may not be used to meet this requirement.

(c) If a school board determines that a school is using funds awarded under this Section for purposes not authorized by this Section, then the school board, rather than the school, shall determine how the funds are used.

(d) The State Board of Education shall adopt any rules, consistent with the requirements of this Section, that are necessary to implement and administer the K-3 class size reduction grant program.

Sec. 18a-404. Operator's and dispatcher's employment permits - Revocation.

(1) The Commission shall suspend or revoke the permit of an operator if it finds that:

(a) The operator or dispatcher made a false statement on the application for an operator's or dispatcher's employment permit;

(b) The operator's or dispatcher's driver's license issued by the Secretary of State has been suspended or revoked; or

(c) The operator or dispatcher has been convicted, during the preceding 5 years, of any criminal offense of the State of Illinois or any other jurisdiction involving any of the following, and the holder does not make a compelling showing that he is nevertheless fit to hold an operator's license:

(i) Bodily injury or attempt to inflict bodily injury to another;

(ii) Theft of property or attempted theft of property; or

PUBLIC ACT 94-0896

(Senate Bill No. 2137)

AN ACT concerning State government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Illinois Public Safety Agency Network Act.

Section 5. Definitions. As used in this Act, unless the context requires otherwise:

"ALECS" means the Automated Law Enforcement Communications System.

New matter indicated by italics - deletions by strikeout
"ALERTS" means the Area-wide Law Enforcement Radio Terminal System.

"Authority" means the Illinois Criminal Justice Information Authority.

"Board" means the Board of Directors of Illinois Public Safety Agency Network, Inc.

"IPSAN" or "Partnership" means Illinois Public Safety Agency Network, Inc., the not-for-profit entity incorporated as provided in this Act.

"PIMS" means the Police Information Management System.

"Trust Fund" means the Criminal Justice Information Systems Trust Fund.

Section 10. Findings; purpose. The General Assembly finds that it is important to promote intergovernmental cooperation between units of local government. Therefore, the purpose of IPSAN is to continue the ALERTS, PIMS, and ALECS systems, which have been developed by the Authority, through the intergovernmental cooperation of local public safety agencies, including sheriffs' offices, municipal police departments, and firefighting agencies, which have been funded by local taxpayers through user's fees since 1986. The General Assembly also finds that development and future enhancements to public safety communications and management systems and the promotion of interoperability between all public safety disciplines are in the best of interest of the people of the State of Illinois.

Section 15. Partnership established. A not-for-profit corporation to be known as "Illinois Public Safety Agency Network" shall be created. IPSAN shall be incorporated under the General Not for Profit Corporation Act of 1986 and shall be registered, incorporated, organized, and operated in compliance with the laws of this State. IPSAN shall not be a State agency. The General Assembly determines, however, that public policy dictates that IPSAN operate in the most open and accessible manner consistent with its public purpose. To this end, the General Assembly specifically declares that IPSAN and its Board and Advisory Committee shall adopt and adhere to the provisions of the Open Meetings Act, the

New matter indicated by italics - deletions by strikeout
State Records Act, and the Freedom of Information Act. IPSAN shall establish one or more corporate offices as determined by the Board.

Section 20. Board of directors. IPSAN shall be governed by a board of directors. The IPSAN Board shall consist of 14 members. Nine of the members shall be voting members, 3 of whom shall be appointed by the Illinois Sheriffs' Association, 3 of whom shall be appointed by the Illinois Association of Chiefs of Police, and 3 of whom shall be appointed by the Illinois Fire Chiefs Association, all of those Associations consisting of representatives of criminal justice agencies that are the users of criminal justice information systems developed and operated for them by the Authority before the effective date of this Act or by the IPSAN on or after the effective date of this Act. Voting members shall be appointed in such a fashion as to guarantee the representation of all 3 systems (ALERTS, ALECS, and PIMS). The Director of Corrections, the Director of the Illinois Emergency Management Agency, the Director of the Illinois State Police, the Sheriff of Cook County, and the Superintendent of the Chicago Police Department, or the designee of each, shall be non-voting ex officio members.

Of the initial members appointed, 6 members shall serve 4-year terms and 3 members shall serve 2-year terms, as designated by the respective Associations. Thereafter, members appointed shall serve 4-year terms. A vacancy among members appointed shall be filled by appointment for the remainder of the vacated term.

Members of the Board shall receive no compensation but shall be reimbursed for reasonable expenses incurred in the performance of their duties.

The Board shall designate a temporary chair of the Board from among the members, who shall serve until a permanent chair is elected by the Board of Directors. The Board shall meet at the call of the chair.

Not less than 90 days after a majority of the members of the Board of Directors of the IPSAN are appointed, the Board shall develop a policy adopted by resolution of the Board stating the Board's plan for the use of services provided by businesses owned by minorities, females, and persons with disabilities, as defined under the Business Enterprise for Minorities,
Females, and Persons with Disabilities Act. The Board shall provide a copy of this resolution to the Governor and the General Assembly upon its adoption.

On December 31 of each year, the Board shall report to the General Assembly and the Governor regarding the use of services provided by businesses owned by minorities, females, and persons with disabilities, as defined under the Business Enterprise for Minorities, Females, and Persons with Disabilities Act.

Section 30. Powers of the Board of Directors. The Board of Directors shall have the power to:

(1) Secure funding for programs and activities of IPSAN from federal, State, local, and private sources and from fees charged for services and published materials; solicit, receive, hold, invest, and administer any grant, payment, or gift of funds or property; and make expenditures consistent with the powers granted to it.

(2) Make and enter into contracts, agreements, and other instruments necessary or convenient for the exercise of its powers and to facilitate the use by the members of IPSAN of other criminal justice information systems and networks.

(3) Sue and be sued, and appear and defend in all actions and proceedings, in its corporate name to the same extent as a natural person.

(4) Adopt, use, and alter a common corporate seal for IPSAN.

(5) Elect, employ, or appoint officers and agents as its affairs require and allow them reasonable compensation.

(6) Adopt, amend, and repeal bylaws and policies, not inconsistent with the powers granted to it or the articles of incorporation, for the administration of the affairs of IPSAN and the exercise of its corporate powers.

(7) Acquire, enjoy, use, and dispose of patents, copyrights, and trademarks and any licenses, radio frequencies, royalties, and other rights or interests thereunder or therein.

(8) Do all acts and things necessary or convenient to carry out the powers granted to it.
(9) Appoint an Executive Director who shall serve as the Chief Operations Officer of IPSAN and who shall direct and supervise the administrative affairs and activities of the Board and of IPSAN, in accordance with the Board's bylaws, rules, and policies.

Section 35. Finances; audits; annual report.
(a) The current balance of the Criminal Justice Information Systems Trust Fund upon the effective date of this Act and all future moneys deposited into that Fund shall be promptly transferred to the IPSAN operating fund by the State Treasurer notwithstanding current obligations as determined by the IPSAN Board in cooperation with the Authority.
(b) IPSAN may accept funds, grants, gifts, and services from the government of the United States or its agencies, from this State or its departments, agencies, or instrumentalities, from any other governmental unit, and from private and civic sources for the purpose of funding any projects authorized by this Act.
(c) Services of personnel, use of equipment and office space, and other necessary services may be accepted from members of the Board as part of IPSAN's financial support.
(d) The Board shall arrange for the annual financial audit of IPSAN by one or more independent certified public accountants in accordance with generally accepted accounting principles. The annual audit results shall be included in the annual report required under subsection (e) of this Section.
(e) IPSAN shall report annually on its activities and finances to the Governor and the members of the General Assembly.

Section 40. Advisory Committee. An Advisory Committee is established for the benefit of IPSAN and its Board of Directors in the performance of their powers, duties, and functions under this Act. The Board shall provide for the number, qualifications, and appointment of members of the Advisory Committee.

Section 45. Employees. The Illinois Criminal Justice Information Authority may establish a lease agreement program under which IPSAN may hire any individual who, as of January 1, 2006, is employed by the

Illinois Criminal Justice Information Authority or who, as of January 1, 2006, is employed by the Office of the Governor and has responsibilities specifically in support of a criminal justice information program. Under the agreement, the employee shall retain his or her status as a State employee but shall work under the direct supervision of IPSAN. Retention of State employee status shall include the right to participate in the State Employees Retirement System. The Department of Central Management Services and the Board shall establish the terms and conditions of the lease agreements.

Section 50. Other State programs. State executive branch agencies shall consult with IPSAN in order to ensure the interoperability of existing and future public safety communication systems and criminal justice database programs or networks authorized by law as of or after the effective date of this Act.

Section 90. The Illinois Criminal Justice Information Act is amended by changing Sections 7 and 9 as follows:

(20 ILCS 3930/7) (from Ch. 38, par. 210-7)
Sec. 7. Powers and Duties. The Authority shall have the following powers, duties and responsibilities:

(a) To develop and operate comprehensive information systems for the improvement and coordination of all aspects of law enforcement, prosecution and corrections;

(b) To define, develop, evaluate and correlate State and local programs and projects associated with the improvement of law enforcement and the administration of criminal justice;

(c) To act as a central repository and clearing house for federal, state and local research studies, plans, projects, proposals and other information relating to all aspects of criminal justice system improvement and to encourage educational programs for citizen support of State and local efforts to make such improvements;

(d) To undertake research studies to aid in accomplishing its purposes;

(e) To monitor the operation of existing criminal justice information systems in order to protect the constitutional rights and privacy of individuals about whom criminal history record information has been collected;

(f) To provide an effective administrative forum for the protection of the rights of individuals concerning criminal history record information;

(g) To issue regulations, guidelines and procedures which ensure the privacy and security of criminal history record information consistent with State and federal laws;

(h) To act as the sole administrative appeal body in the State of Illinois to conduct hearings and make final determinations concerning individual challenges to the completeness and accuracy of criminal history record information;

(i) To act as the sole, official, criminal justice body in the State of Illinois to conduct annual and periodic audits of the procedures, policies, and practices of the State central repositories for criminal history record information to verify compliance with federal and state laws and regulations governing such information;

(j) To advise the Authority's Statistical Analysis Center;

(k) To apply for, receive, establish priorities for, allocate, disburse and spend grants of funds that are made available by and received on or after January 1, 1983 from private sources or from the United States pursuant to the federal Crime Control Act of 1973, as amended, and similar federal legislation, and to enter into agreements with the United States government to further the purposes of this Act, or as may be required as a condition of obtaining federal funds;

(l) To receive, expend and account for such funds of the State of Illinois as may be made available to further the purposes of this Act;

(m) To enter into contracts and to cooperate with units of general local government or combinations of such units, State agencies, and criminal justice system agencies of other states for

the purpose of carrying out the duties of the Authority imposed by this Act or by the federal Crime Control Act of 1973, as amended;

(n) To enter into contracts and cooperate with units of general local government outside of Illinois, other states’ agencies, and private organizations outside of Illinois to provide computer software or design that has been developed for the Illinois criminal justice system, or to participate in the cooperative development or design of new software or systems to be used by the Illinois criminal justice system. Revenues received as a result of such arrangements shall be deposited in the Criminal Justice Information Systems Trust Fund.

(o) To establish general policies concerning criminal justice information systems and to promulgate such rules, regulations and procedures as are necessary to the operation of the Authority and to the uniform consideration of appeals and audits;

(p) To advise and to make recommendations to the Governor and the General Assembly on policies relating to criminal justice information systems;

(q) To direct all other agencies under the jurisdiction of the Governor to provide whatever assistance and information the Authority may lawfully require to carry out its functions;

(r) To exercise any other powers that are reasonable and necessary to fulfill the responsibilities of the Authority under this Act and to comply with the requirements of applicable federal law or regulation;

(s) To exercise the rights, powers and duties which have been vested in the Authority by the "Illinois Uniform Conviction Information Act", enacted by the 85th General Assembly, as hereafter amended; and

(t) To exercise the rights, powers and duties which have been vested in the Authority by the Illinois Motor Vehicle Theft Prevention Act; and:

(u) To exercise the rights, powers, and duties vested in the Authority by the Illinois Public Safety Agency Network Act.

Sec. 9. Criminal Justice Information Systems Trust Fund. The special fund in the State Treasury known as the Criminal Justice Information Systems Trust Fund shall be funded in part from users' fees collected from criminal justice agencies that are the users of information systems developed and operated for them by the Authority. The users' fees shall be based on pro rated shares according to the share of operating cost that is attributed to each agency, as determined by the Authority. Prior to the effective date of the Illinois Public Safety Agency Network Act, the General Assembly shall make an appropriation from the Criminal Justice Information Systems Trust Fund for the operating expenses of the Authority incident to providing the services described in this Section. On and after the effective date of the Illinois Public Safety Agency Network Act, distributions from the Fund shall be made as provided in that Act. (Source: P.A. 86-1227.)

Section 93. Severability. The provisions of this Act are severable under Section 1.31 of the Statute on Statutes.

Section 95. The State Property Control Act is amended by adding Section 7.6 as follows:

(30 ILCS 605/7.6 new)

PUBLIC ACT 94-0897
(House Bill No. 4768)

AN ACT concerning transportation.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Vehicle Code is amended by changing Section 6-107 as follows:

(625 ILCS 5/6-107) (from Ch. 95 1/2, par. 6-107)
Sec. 6-107. Graduated license.
(a) The purpose of the Graduated Licensing Program is to develop safe and mature driving habits in young, inexperienced drivers and reduce or prevent motor vehicle accidents, fatalities, and injuries by:

(1) providing for an increase in the time of practice period before granting permission to obtain a driver's license;

(2) strengthening driver licensing and testing standards for persons under the age of 21 years;

(3) sanctioning driving privileges of drivers under age 21 who have committed serious traffic violations or other specified offenses; and

New matter indicated by italics - deletions by strikeout
(4) setting stricter standards to promote the public's health and safety.

(b) The application of any person under the age of 18 years, and not legally emancipated by marriage, for a drivers license or permit to operate a motor vehicle issued under the laws of this State, shall be accompanied by the written consent of either parent of the applicant; otherwise by the guardian having custody of the applicant, or in the event there is no parent or guardian, then by another responsible adult. The written consent must accompany any application for a driver's license under this subsection (b), regardless of whether or not the required written consent also accompanied the person's previous application for an instruction permit.

No graduated driver's license shall be issued to any applicant under 18 years of age, unless the applicant is at least 16 years of age and has:

(1) Held a valid instruction permit for a minimum of 3 months.

(2) Passed an approved driver education course and submits proof of having passed the course as may be required.

(3) Certification by the parent, legal guardian, or responsible adult that the applicant has had a minimum of 50 hours of behind-the-wheel practice time, at least 10 hours of which have been at night, and is sufficiently prepared and able to safely operate a motor vehicle.

(c) No graduated driver's license or permit shall be issued to any applicant under 18 years of age who has committed the offense of operating a motor vehicle without a valid license or permit in violation of Section 6-101 of this Code and no graduated driver's license or permit shall be issued to any applicant under 18 years of age who has committed an offense that would otherwise result in a mandatory revocation of a license or permit as provided in Section 6-205 of this Code or who has been either convicted of or adjudicated a delinquent based upon a violation of the Cannabis Control Act, the Illinois Controlled Substances Act, or the Methamphetamine Control and Community Protection Act while that individual was in actual physical control of a motor vehicle. For purposes
of this Section, any person placed on probation under Section 10 of the Cannabis Control Act, Section 410 of the Illinois Controlled Substances Act, or Section 70 of the Methamphetamine Control and Community Protection Act shall not be considered convicted. Any person found guilty of this offense, while in actual physical control of a motor vehicle, shall have an entry made in the court record by the judge that this offense did occur while the person was in actual physical control of a motor vehicle and order the clerk of the court to report the violation to the Secretary of State as such.

(d) No graduated driver's license shall be issued for 6 months to any applicant under the age of 18 years who has been convicted of any offense defined as a serious traffic violation in this Code or a similar provision of a local ordinance.

(e) No graduated driver's license holder under the age of 18 years shall operate any motor vehicle, except a motor driven cycle or motorcycle, with more than one passenger in the front seat of the motor vehicle and no more passengers in the back seats than the number of available seat safety belts as set forth in Section 12-603 of this Code.

(f) No graduated driver's license holder under the age of 18 shall operate a motor vehicle unless each driver and passenger under the age of 19 is wearing a properly adjusted and fastened seat safety belt and each child under the age of 8 is protected as required under the Child Passenger Protection Act.

(g) If a graduated driver's license holder is under the age of 18 when he or she receives the license, for the first 6 months he or she holds the license or until he or she reaches the age of 18, whichever occurs sooner, the graduated license holder may not operate a motor vehicle with more than one passenger in the vehicle who is under the age of 20, unless any additional passenger or passengers are siblings, step-siblings, children, or stepchildren of the driver.

PUBLIC ACT 94-0899
(House Bill No. 4217)

AN ACT concerning libraries.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Public Library District Act of 1991 is amended by changing Sections 15-5 and 15-15 as follows:

(75 ILCS 16/15-5)

Sec. 15-5. Annexation of contiguous territory. Territory outside of any district but contiguous to the district may be annexed as provided in Sections 15-10 through 15-45, and each of these Sections constitutes an independent authorization for the annexation of contiguous territory.

(75 ILCS 16/15-15)

Sec. 15-15. Territory included within municipality or school district.

(a) A district may, by ordinance, annex territory if that territory is:

(1) located within the boundaries of a municipality or school district that is included, entirely or partially, within the district;

(2) contiguous to the district; and

(3) without local, tax-supported public library service.

An ordinance under this subsection must describe the territory to be annexed.

New matter indicated by italics - deletions by strikeout
Whenever a municipality or school district included entirely or partially within a district has annexed or otherwise includes within its boundaries territory contiguous to the district and without local tax-supported public library service, the district may annex that territory by the passage of an ordinance to that effect, describing the territory annexed and reciting the prior annexation or other inclusion of the territory by the municipality or school district.

(b) Within 15 days of the passage of the annexation ordinance, the library district shall send notice of the adoption of the ordinance, a copy of the map showing the boundaries of the territory to be annexed, and a copy of the text of the publication notice required in this Section to the president of the board of trustees of each public library with territory within one mile of the territory to be annexed. Within 15 days after the adoption of the ordinance it shall be published as provided in Section 1-30. The board may vacate an annexation ordinance before its publication.

(c) The publication or posting of the ordinance shall include a notice of (i) the specific number of voters required to sign a petition requesting that the question of the adoption of the ordinance be submitted to the voters of the district or the territory to be annexed or both, (ii) the time in which the petition must be filed, and (iii) the date of the prospective referendum. The district secretary shall provide a petition form to any individual requesting one.

(d) If no petition is filed with the library district within 30 days after publication or posting of the ordinance, the annexation shall take effect. If, however, within the 30 day period, a petition is filed with the Board of Trustees of the library district, signed by voters of the district or the territory to be annexed, or both, equal in number to 10% or more of the total number of registered voters in the district, the territory to be annexed or both, asking that the question of the annexation of the territory be submitted to the voters of the territory, the board of trustees may vacate the annexation ordinance or certify the question to the proper election authority, who shall submit the question at the next regular election. Notice of this election shall be given and the election shall be conducted in
accordance with the Election Code. The proposition shall be submitted to the voters in substantially the following form:

Shall (description of territory) be annexed to (name of public library district), (location), Illinois?

(e) If a majority of votes cast upon the proposition in the district, and also a majority of votes cast upon the proposition in the territory to be annexed, are in favor of the proposition, the Board of Trustees of the library district may conclude the annexation of the territory.

(f) If, before the effective date of this amendatory Act of the 94th General Assembly, a district has annexed territory under this Section and that annexation complies with the requirements set forth in this Section, as changed by this amendatory Act of the 94th General Assembly, then, for all purposes, that annexation is hereby validated, ratified, and declared to be in full force and effect from: (i) 30 days after publication or posting of the ordinance if no petition was filed with the library district under subsection (d); or (ii) if a petition was filed, on the date that the district concluded the annexation of the territory under subsection (e).

Section 99. Effective date. This Act takes effect upon becoming law.

Approved June 22, 2006.
Effective June 22, 2006.
Sec. 3c. Elected board of commissioners in certain counties. If the boundaries of a district are co-extensive with the boundaries of a county having a population of more than 800,000 but less than 3,000,000, all commissioners of the forest preserve district shall be elected from the same districts as members of the county board beginning with the general election held in 2002 and each succeeding general election. One commissioner shall be elected from each district. At their first meeting after their election in 2002 and following each subsequent decennial reapportionment of the county under Division 2-3 of the Counties Code, the elected commissioners shall publicly by lot divide themselves into 2 groups, as equal in size as possible. Commissioners from the first group shall serve for terms of 2, 4, and 4 years; and commissioners from the second group shall serve terms of 4, 4, and 2 years. Beginning with the general election in 2002, the president of the board of commissioners of the forest preserve district shall be elected by the voters of the county, rather than by the commissioners. The president shall be a resident of the county and shall be elected throughout the county for a 4-year term without having been first elected as commissioner of the forest preserve district. Each commissioner shall be a resident of the county board district from which he or she was elected not later than the date of the commencement of the term of office. The term of office for the president and commissioners elected under this Section shall commence on the first Monday of the month following the month of election. Neither a commissioner nor the president of the board of commissioners of that forest preserve district shall serve simultaneously as member or chairman of the county board. No person shall seek election to both the forest preserve commission and the county board at the same election. The compensation for the president shall be an amount equal to 85% of the annual salary of the county board chairman. The president, with the advice and consent of the board of commissioners shall appoint a secretary, treasurer, and such other officers as deemed necessary by the board of commissioners, which officers need not be members of the board of commissioners. The president shall have the powers and duties as specified in Section 12 of this Act.
Candidates for president and commissioner shall be candidates of established political parties.

If a vacancy in the office of president or commissioner occurs, other than by expiration of the president's or commissioner's term, the forest preserve district board of commissioners shall declare that a vacancy exists and notification of the vacancy shall be given to the county central committee of each established political party within 3 business days after the occurrence of the vacancy. If the vacancy occurs in the office of forest preserve district commissioner, the president of the board of commissioners shall, within 60 days after the date of the vacancy, with the advice and consent of other commissioners then serving, appoint a person to serve for the remainder of the unexpired term. The appointee shall be affiliated with the same political party as the commissioner in whose office the vacancy occurred and be a resident of such district. If a vacancy in the office of president occurs, other than by expiration of the president's term, the remaining members of the board of commissioners shall, within 60 days after the vacancy, appoint one of the commissioners to serve as president for the remainder of the unexpired term. In that case, the office of the commissioner who is appointed to serve as president shall be deemed vacant and shall be filled within 60 days by appointment of the president with the advice and consent of the other forest preserve district commissioners. The commissioner who is appointed to fill a vacancy in the office of president shall be affiliated with the same political party as the person who occupied the office of president prior to the vacancy. A person appointed to fill a vacancy in the office of president or commissioner shall establish his or her party affiliation by his or her record of voting in primary elections or by holding or having held an office in an established political party organization before the appointment. If the appointee has not voted in a party primary election or is not holding or has not held an office in an established political party organization before the appointment, the appointee shall establish his or her political party affiliation by his or her record of participating in an established political party's nomination or election caucus. If, however, more than 28 months remain in the unexpired term of a commissioner or the president, the

appointment shall be until the next general election, at which time the vacated office of commissioner or president shall be filled by election for the remainder of the term. Notwithstanding any law to the contrary, if a vacancy occurs after the last day provided in Section 7-12 of the Election Code for filing nomination papers for the office of president of a forest preserve district where that office is elected as provided for in this Section, or as set forth in Section 7-61 of the Election Code, a vacancy in nomination shall be filled by the passage of a resolution by the nominating committee of the affected political party within the time periods specified in the Election Code. The nominating committee shall consist of the chairman of the county central committee and the township chairmen of the affected political party. All other vacancies in nomination shall be filled in accordance with the provisions of the Election Code.

The president and commissioners elected under this Section may be reimbursed for their reasonable expenses actually incurred in performing their official duties under this Act in accordance with the provisions of Section 3a. The reimbursement paid under this Section shall be paid by the forest preserve district.

Compensation for the president and the forest preserve commissioners elected under this Section shall be established by the board of commissioners of the forest preserve district the same as that of county board members of the county with which the forest preserve district's boundaries are co-extensive.

This Section does not apply to a forest preserve district created under Section 18.5 of the Conservation District Act.

AN ACT concerning education.
Be it enacted by the People of the State of Illinois, represented in
the General Assembly:

Section 5. The School Code is amended by changing Section 21-27
as follows:

(105 ILCS 5/21-27)

Sec. 21-27. The Illinois Teaching Excellence Program. The Illinois
Teaching Excellence Program is hereby established to provide categorical
funding for monetary incentives and bonuses for teachers and school
counselors who are employed by school districts and who hold a Master
Certificate. The State Board of Education shall allocate and distribute to
each school district an amount as annually appropriated by the General
Assembly from federal funds for the Illinois Teaching Excellence
Program. The State Board of Education's annual budget must set out by
separate line item the appropriation for the program. Unless otherwise
provided by appropriation, each school district's annual allocation shall be
the sum of the amounts earned for the following incentives and bonuses:

(1) An annual payment of $3,000 to be paid to (A) each
teacher who successfully completes the program leading to and
who receives a Master Certificate and is employed as a teacher by a
school district and (B) each school counselor who successfully
completes the program leading to and who receives a Master
Certificate and is employed as a school counselor by a school
district. The school district shall distribute this payment to each
eligible teacher or school counselor as a single payment or in not
more than 3 payments.

(2) An annual incentive equal to $1,000 shall be paid to
each teacher who holds a Master Certificate, who is employed as a
teacher by a school district, and who agrees, in writing, to provide
60 hours of mentoring during that year to classroom teachers. This
mentoring may include, either singly or in combination, (i)

providing high quality professional development for new and experienced teachers, and (ii) assisting National Board for Professional Teaching Standards (NBPTS) candidates through the NBPTS certification process. The school district shall distribute 50% of each annual incentive payment upon completion of 30 hours of the required mentoring and the remaining 50% of the incentive upon completion of the required 60 hours of mentoring. Credit may not be granted by a school district for mentoring or related services provided during a regular school day or during the total number of days of required service for the school year.

(3) An annual incentive equal to $3,000 shall be paid to each teacher who holds a Master Certificate, who is employed as a teacher by a school district, and who agrees, in writing, to provide 60 hours of mentoring during that year to classroom teachers in schools on academic early warning status or in schools in which 50% or more of the students receive free or reduced price lunches, or both. The school district shall distribute 50% of each annual incentive payment upon completion of 30 hours of the required mentoring and the remaining 50% of the incentive upon completion of the required 60 hours of mentoring. Credit may not be granted by a school district for mentoring or related services provided during a regular school day or during the total number of days of required service for the school year.

Each regional superintendent of schools shall provide information about the Master Certificate Program of the National Board for Professional Teaching Standards (NBPTS) and this amending Act of the 91st General Assembly to each individual seeking to register or renew a certificate under Section 21-14 of this Code.

AN ACT concerning education.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Sections 18-8.2 and 18-8.5 as follows:

(105 ILCS 5/18-8.2) (from Ch. 122, par. 18-8.2)

Sec. 18-8.2. Supplementary State aid for new and for certain annexing districts and for cooperative high schools.

(a) After the formation of a new district, a computation shall be made to determine the difference between the salaries effective in each of the previously existing districts on June 30, prior to the creation of the new district. For the first 4 years after the formation of the new district or if the new district was formed after October 31, 1982 and prior to the effective date of this amendatory Act of 1985, for the 3 years immediately following such effective date, a supplementary State aid reimbursement shall be paid to the new district equal to the difference between the sum of the salaries earned by each of the certificated members of the new district while employed in one of the previously existing districts during the year immediately preceding the formation of the new district and the sum of the salaries those certificated members would have been paid during the year immediately prior to the formation of the new district if placed on the salary schedule of the previously existing district with the highest salary schedule.

(b) After the territory of one or more school districts is annexed by one or more other school districts, or after the division (pursuant to petition under Section 11A-2) of a unit school district or districts into 2 or more parts which all are included in 2 or more other community unit districts resulting upon that division, a computation shall be made to determine the difference between the salaries effective in each such annexed or divided district and in the annexing or resulting district or districts as they each were constituted on June 30 preceding the date when

New matter indicated by italics - deletions by strikeout
the change of boundaries attributable to such annexation or division became effective for all purposes as determined under Section 7-9, 7A-8 or 11A-10. For the first 4 years after any such annexation or division, a supplementary State aid reimbursement shall be paid to each annexing or resulting district as constituted after the annexation or division equal to the difference between the sum of the salaries earned by each of the certificated members of such annexing or resulting district as constituted after the annexation or division while employed in an annexed or annexing district, or in a divided or resulting district, during the year immediately preceding the annexation or division, and the sum of the salaries those certificated members would have been paid during such immediately preceding year if placed on the salary schedule of whichever of such annexing or annexed districts, or resulting or divided districts, had the highest salary schedule during such immediately preceding year.

(b-5) After the formation of a cooperative high school by 2 or more school districts under Section 10-22.22c of this Code, a computation shall be made to determine the difference between the salaries effective in each of the previously existing high schools on June 30 prior to the formation of the cooperative high school. For the first 4 years after the formation of the cooperative high school, a supplementary State aid reimbursement shall be paid to the cooperative high school equal to the difference between the sum of the salaries earned by each of the certificated members of the cooperative high school while employed in one of the previously existing high schools during the year immediately preceding the formation of the cooperative high school and the sum of the salaries those certificated members would have been paid during the year immediately prior to the formation of the cooperative high school if placed on the salary schedule of the previously existing high school with the highest salary schedule.

(c) Such supplementary State aid reimbursement shall be treated as separate from all other payments made pursuant to Section 18-8 or 18-8.05. In the case of the formation of a new district or cooperative high school, reimbursement shall begin during the first year of operation of the new district or cooperative high school; and in the case of an annexation of the territory of one or more school districts by one or more other school
districts, or the division (pursuant to petition under Section 11A-2) of a unit school district or districts into 2 or more parts which all are included in 2 or more other community unit districts resulting upon that division, reimbursement shall begin during the first year when the change in boundaries attributable to such annexation or division becomes effective for all purposes as determined pursuant to Section 7-9, 7A-8 or 11A-10. Each year any such new, annexing or resulting district or cooperative high school, as the case may be, is entitled to receive reimbursement, the number of eligible certified members who are employed on October 1 in any such district or cooperative high school shall be certified to the State Board of Education on prescribed forms by October 15 and payment shall be made on or before November 15 of that year.

(d) If a unit school district annexes all the territory of another unit school district effective for all purposes pursuant to Section 7-9 on July 1, 1988, and if part of the annexed territory is detached within 90 days after July 1, 1988, then the detachment shall be disregarded in computing the supplementary State aid reimbursements under this Section for the entire 3 year period and the supplementary State aid reimbursements shall not be diminished because of the detachment.

(e) The changes made by this amendatory Act of 1989 are intended to be retroactive and applicable to any annexation taking effect after August 1, 1987.

The State Board of Education shall make a one-time calculation of a
reorganized district's quintile ranks. The average daily attendance used in
this calculation shall be the best 3 months' average daily attendance for the
district's first year. The equalized assessed value per pupil shall be the
district's real property equalized assessed value used in calculating the
district's first-year general State aid claim divided by the best 3 months' 
average daily attendance.

No annexing or resulting school district shall be entitled to
supplementary State aid under this Section unless such district acquires at
least 30% of the average daily attendance of the district from which the
territory is being detached or divided.

If a district results from multiple reorganizations that would
otherwise qualify the district for multiple payments under this Section in
any year, the district shall receive a single payment only for that year based
solely on the most recent reorganization.

(a-5) Following the formation of a cooperative high school by 2 or
more school districts under Section 10-22.22c of this Code, a
supplementary State aid reimbursement shall be paid for 3 school years to the cooperative high school equal to the sum of $4,000 for each certified employee who is employed by the cooperative high school on a full-time basis for the regular term of any such school year. If a cooperative high school results from multiple agreements that would otherwise qualify the cooperative high school for multiple payments under this Section in any year, the cooperative high school shall receive a single payment for that year based solely on the most recent agreement.

(b) The supplementary State aid reimbursement payable under this Section shall be separate from and in addition to all other payments made to the district pursuant to any other Section of this Article.

(c) During May of each school year for which a supplementary State aid reimbursement is to be paid to a new, annexing or resulting school district or cooperative high school pursuant to this Section, the school board or governing board shall certify to the State Board of Education, on forms furnished to the school board or governing board by the State Board of Education for purposes of this Section, the number of certified employees for which the district or cooperative high school is entitled to reimbursement under this Section, together with the names, certificate numbers and positions held by such certified employees.

(d) Upon certification by the State Board of Education to the State Comptroller of the amount of the supplementary State aid reimbursement to which a school district or cooperative high school is entitled by this Section, the State Comptroller shall draw his warrant upon the State Treasurer for the payment thereof to the school district or cooperative high school and shall promptly transmit the payment to the school district or cooperative high school through the appropriate school treasurer.

(e) The changes to this Section made by P.A. 88-555 shall apply to all reorganizations for which the petitions are filed with the regional board of school trustees or the regional superintendent, as the case may be, on or after January 1, 1995.

Section 5. The Illinois Municipal Code is amended by changing Sections 11-74.4-3 and 11-74.4-7 as follows:

(65 ILCS 5/11-74.4-3) (from Ch. 24, par. 11-74.4-3)
(Text of Section before amendment by P.A. 94-702 and 94-711)
Sec. 11-74.4-3. Definitions. The following terms, wherever used or referred to in this Division 74.4 shall have the following respective meanings, unless in any case a different meaning clearly appears from the context.

(a) For any redevelopment project area that has been designated pursuant to this Section by an ordinance adopted prior to November 1, 1999 (the effective date of Public Act 91-478), "blighted area" shall have the meaning set forth in this Section prior to that date.

On and after November 1, 1999, "blighted area" means any improved or vacant area within the boundaries of a redevelopment project area located within the territorial limits of the municipality where:

(1) If improved, industrial, commercial, and residential buildings or improvements are detrimental to the public safety, health, or welfare because of a combination of 5 or more of the following factors, each of which is (i) present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) reasonably distributed throughout the improved part of the redevelopment project area:

New matter indicated by italics - deletions by strikeout
(A) Dilapidation. An advanced state of disrepair or neglect of necessary repairs to the primary structural components of buildings or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed.

(B) Obsolescence. The condition or process of falling into disuse. Structures have become ill-suited for the original use.

(C) Deterioration. With respect to buildings, defects including, but not limited to, major defects in the secondary building components such as doors, windows, porches, gutters and downspouts, and fascia. With respect to surface improvements, that the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas evidence deterioration, including, but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces.

(D) Presence of structures below minimum code standards. All structures that do not meet the standards of zoning, subdivision, building, fire, and other governmental codes applicable to property, but not including housing and property maintenance codes.

(E) Illegal use of individual structures. The use of structures in violation of applicable federal, State, or local laws, exclusive of those applicable to the presence of structures below minimum code standards.

(F) Excessive vacancies. The presence of buildings that are unoccupied or under-utilized and that represent an adverse influence on the area because of the frequency, extent, or duration of the vacancies.
(G) Lack of ventilation, light, or sanitary facilities. The absence of adequate ventilation for light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke, or other noxious airborne materials. Inadequate natural light and ventilation means the absence of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building.

(H) Inadequate utilities. Underground and overhead utilities such as storm sewers and storm drainage, sanitary sewers, water lines, and gas, telephone, and electrical services that are shown to be inadequate. Inadequate utilities are those that are: (i) of insufficient capacity to serve the uses in the redevelopment project area, (ii) deteriorated, antiquated, obsolete, or in disrepair, or (iii) lacking within the redevelopment project area.

(I) Excessive land coverage and overcrowding of structures and community facilities. The over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Examples of problem conditions warranting the designation of an area as one exhibiting excessive land coverage are: (i) the presence of buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety and (ii) the presence of multiple buildings on a single parcel. For there to be a finding of excessive land coverage, these parcels must exhibit one or more of the following conditions: insufficient provision for light and air within or around
buildings, increased threat of spread of fire due to the close proximity of buildings, lack of adequate or proper access to a public right-of-way, lack of reasonably required off-street parking, or inadequate provision for loading and service.

(J) Deleterious land use or layout. The existence of incompatible land-use relationships, buildings occupied by inappropriate mixed-uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.

(K) Environmental clean-up. The proposed redevelopment project area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(L) Lack of community planning. The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This means that the development occurred prior to the adoption by the municipality of a comprehensive or other community plan or that the plan was not followed at the time of the area's development. This factor must be documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning.

(M) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of
the last 5 calendar years prior to the year in which the
redevelopment project area is designated or is increasing at
an annual rate that is less than the balance of the
municipality for 3 of the last 5 calendar years for which
information is available or is increasing at an annual rate
that is less than the Consumer Price Index for All Urban
Consumers published by the United States Department of
Labor or successor agency for 3 of the last 5 calendar years
prior to the year in which the redevelopment project area is
designated.

(2) If vacant, the sound growth of the redevelopment
project area is impaired by a combination of 2 or more of the
following factors, each of which is (i) present, with that presence
documented, to a meaningful extent so that a municipality may
reasonably find that the factor is clearly present within the intent of
the Act and (ii) reasonably distributed throughout the vacant part of
the redevelopment project area to which it pertains:

(A) Obsolete platting of vacant land that results in
parcels of limited or narrow size or configurations of
parcels of irregular size or shape that would be difficult to
develop on a planned basis and in a manner compatible
with contemporary standards and requirements, or platting
that failed to create rights-of-ways for streets or alley
s or that created inadequate right-of-way widths for streets,
alleys, or other public rights-of-way or that omitted
easements for public utilities.

(B) Diversity of ownership of parcels of vacant land
sufficient in number to retard or impede the ability to
assemble the land for development.

(C) Tax and special assessment delinquencies exist
or the property has been the subject of tax sales under the
Property Tax Code within the last 5 years.

(D) Deterioration of structures or site improvements
in neighboring areas adjacent to the vacant land.

(E) The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(F) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated.

(3) If vacant, the sound growth of the redevelopment project area is impaired by one of the following factors that (i) is present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) is reasonably distributed throughout the vacant part of the redevelopment project area to which it pertains:

   (A) The area consists of one or more unused quarries, mines, or strip mine ponds.

   (B) The area consists of unused rail yards, rail tracks, or railroad rights-of-way.

New matter indicated by italics - deletions by strikeout
(C) The area, prior to its designation, is subject to (i) chronic flooding that adversely impacts on real property in the area as certified by a registered professional engineer or appropriate regulatory agency or (ii) surface water that discharges from all or a part of the area and contributes to flooding within the same watershed, but only if the redevelopment project provides for facilities or improvements to contribute to the alleviation of all or part of the flooding.

(D) The area consists of an unused or illegal disposal site containing earth, stone, building debris, or similar materials that were removed from construction, demolition, excavation, or dredge sites.

(E) Prior to November 1, 1999, the area is not less than 50 nor more than 100 acres and 75% of which is vacant (notwithstanding that the area has been used for commercial agricultural purposes within 5 years prior to the designation of the redevelopment project area), and the area meets at least one of the factors itemized in paragraph (1) of this subsection, the area has been designated as a town or village center by ordinance or comprehensive plan adopted prior to January 1, 1982, and the area has not been developed for that designated purpose.

(F) The area qualified as a blighted improved area immediately prior to becoming vacant, unless there has been substantial private investment in the immediately surrounding area.

(b) For any redevelopment project area that has been designated pursuant to this Section by an ordinance adopted prior to November 1, 1999 (the effective date of Public Act 91-478), "conservation area" shall have the meaning set forth in this Section prior to that date.

On and after November 1, 1999, "conservation area" means any improved area within the boundaries of a redevelopment project area located within the territorial limits of the municipality in which 50% or
more of the structures in the area have an age of 35 years or more. Such an area is not yet a blighted area but because of a combination of 3 or more of the following factors is detrimental to the public safety, health, morals or welfare and such an area may become a blighted area:

(1) Dilapidation. An advanced state of disrepair or neglect of necessary repairs to the primary structural components of buildings or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed.

(2) Obsolescence. The condition or process of falling into disuse. Structures have become ill-suited for the original use.

(3) Deterioration. With respect to buildings, defects including, but not limited to, major defects in the secondary building components such as doors, windows, porches, gutters and downspouts, and fascia. With respect to surface improvements, that the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas evidence deterioration, including, but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces.

(4) Presence of structures below minimum code standards. All structures that do not meet the standards of zoning, subdivision, building, fire, and other governmental codes applicable to property, but not including housing and property maintenance codes.

(5) Illegal use of individual structures. The use of structures in violation of applicable federal, State, or local laws, exclusive of those applicable to the presence of structures below minimum code standards.

(6) Excessive vacancies. The presence of buildings that are unoccupied or under-utilized and that represent an adverse influence on the area because of the frequency, extent, or duration of the vacancies.

(7) Lack of ventilation, light, or sanitary facilities. The absence of adequate ventilation for light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke, or other noxious airborne materials. Inadequate natural light and ventilation means the absence or inadequacy of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building.

(8) Inadequate utilities. Underground and overhead utilities such as storm sewers and storm drainage, sanitary sewers, water lines, and gas, telephone, and electrical services that are shown to be inadequate. Inadequate utilities are those that are: (i) of insufficient capacity to serve the uses in the redevelopment project area, (ii) deteriorated, antiquated, obsolete, or in disrepair, or (iii) lacking within the redevelopment project area.

(9) Excessive land coverage and overcrowding of structures and community facilities. The over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Examples of problem conditions warranting the designation of an area as one exhibiting excessive land coverage are: the presence of buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety and the presence of multiple buildings on a single parcel. For there to be a finding of excessive land coverage, these parcels must exhibit one or more of the following conditions: insufficient provision for light and air within or around buildings, increased threat of spread of fire due to the close proximity of buildings, lack of adequate or proper access to a public right-of-way, lack of reasonably required off-street parking, or inadequate provision for loading and service.

(10) Deleterious land use or layout. The existence of incompatible land-use relationships, buildings occupied by inappropriate mixed-uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.

(11) Lack of community planning. The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This means that the development occurred prior to the adoption by the municipality of a comprehensive or other community plan or that the plan was not followed at the time of the area's development. This factor must be documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning.

(12) The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(13) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years for which information is available.
(c) "Industrial park" means an area in a blighted or conservation area suitable for use by any manufacturing, industrial, research or transportation enterprise, of facilities to include but not be limited to factories, mills, processing plants, assembly plants, packing plants, fabricating plants, industrial distribution centers, warehouses, repair overhaul or service facilities, freight terminals, research facilities, test facilities or railroad facilities.

(d) "Industrial park conservation area" means an area within the boundaries of a redevelopment project area located within the territorial limits of a municipality that is a labor surplus municipality or within 1 1/2 miles of the territorial limits of a municipality that is a labor surplus municipality if the area is annexed to the municipality; which area is zoned as industrial no later than at the time the municipality by ordinance designates the redevelopment project area, and which area includes both vacant land suitable for use as an industrial park and a blighted area or conservation area contiguous to such vacant land.

(e) "Labor surplus municipality" means a municipality in which, at any time during the 6 months before the municipality by ordinance designates an industrial park conservation area, the unemployment rate was over 6% and was also 100% or more of the national average unemployment rate for that same time as published in the United States Department of Labor Bureau of Labor Statistics publication entitled "The Employment Situation" or its successor publication. For the purpose of this subsection, if unemployment rate statistics for the municipality are not available, the unemployment rate in the municipality shall be deemed to be the same as the unemployment rate in the principal county in which the municipality is located.

(f) "Municipality" shall mean a city, village, incorporated town, or a township that is located in the unincorporated portion of a county with 3 million or more inhabitants, if the county adopted an ordinance that approved the township's redevelopment plan.

(g) "Initial Sales Tax Amounts" means the amount of taxes paid under the Retailers' Occupation Tax Act, Use Tax Act, Service Use Tax Act, the Service Occupation Tax Act, the Municipal Retailers' Occupation

Tax Act, and the Municipal Service Occupation Tax Act by retailers and servicemen on transactions at places located in a State Sales Tax Boundary during the calendar year 1985.

(g-1) "Revised Initial Sales Tax Amounts" means the amount of taxes paid under the Retailers' Occupation Tax Act, Use Tax Act, Service Use Tax Act, the Service Occupation Tax Act, the Municipal Retailers' Occupation Tax Act, and the Municipal Service Occupation Tax Act by retailers and servicemen on transactions at places located within the State Sales Tax Boundary revised pursuant to Section 11-74.4-8a(9) of this Act.

(h) "Municipal Sales Tax Increment" means an amount equal to the increase in the aggregate amount of taxes paid to a municipality from the Local Government Tax Fund arising from sales by retailers and servicemen within the redevelopment project area or State Sales Tax Boundary, as the case may be, for as long as the redevelopment project area or State Sales Tax Boundary, as the case may be, exist over and above the aggregate amount of taxes as certified by the Illinois Department of Revenue and paid under the Municipal Retailers' Occupation Tax Act and the Municipal Service Occupation Tax Act by retailers and servicemen, on transactions at places of business located in the redevelopment project area or State Sales Tax Boundary, as the case may be, during the base year which shall be the calendar year immediately prior to the year in which the municipality adopted tax increment allocation financing. For purposes of computing the aggregate amount of such taxes for base years occurring prior to 1985, the Department of Revenue shall determine the Initial Sales Tax Amounts for such taxes and deduct therefrom an amount equal to 4% of the aggregate amount of taxes per year for each year the base year is prior to 1985, but not to exceed a total deduction of 12%. The amount so determined shall be known as the "Adjusted Initial Sales Tax Amounts". For purposes of determining the Municipal Sales Tax Increment, the Department of Revenue shall for each period subtract from the amount paid to the municipality from the Local Government Tax Fund arising from sales by retailers and servicemen on transactions located in the redevelopment project area or the State Sales Tax Boundary, as the case may be, the certified Initial Sales Tax Amounts, the Adjusted Initial Sales

Tax Amounts or the Revised Initial Sales Tax Amounts for the Municipal Retailers' Occupation Tax Act and the Municipal Service Occupation Tax Act. For the State Fiscal Year 1989, this calculation shall be made by utilizing the calendar year 1987 to determine the tax amounts received. For the State Fiscal Year 1990, this calculation shall be made by utilizing the period from January 1, 1988, until September 30, 1988, to determine the tax amounts received from retailers and servicemen pursuant to the Municipal Retailers' Occupation Tax and the Municipal Service Occupation Tax Act, which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For the State Fiscal Year 1991, this calculation shall be made by utilizing the period from October 1, 1988, to June 30, 1989, to determine the tax amounts received from retailers and servicemen pursuant to the Municipal Retailers' Occupation Tax and the Municipal Service Occupation Tax Act which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For every State Fiscal Year thereafter, the applicable period shall be the 12 months beginning July 1 and ending June 30 to determine the tax amounts received which shall have deducted therefrom the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts, as the case may be.

(i) "Net State Sales Tax Increment" means the sum of the following: (a) 80% of the first $100,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary; (b) 60% of the amount in excess of $100,000 but not exceeding $500,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary; and (c) 40% of all amounts in excess of $500,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary. If, however, a municipality established a tax increment financing district in a county with a population in excess of 3,000,000 before January 1, 1986, and the municipality entered into a contract or issued bonds after January 1, 1986, but before December 31, 1986, to finance redevelopment project costs
within a State Sales Tax Boundary, then the Net State Sales Tax Increment means, for the fiscal years beginning July 1, 1990, and July 1, 1991, 100% of the State Sales Tax Increment annually generated within a State Sales Tax Boundary; and notwithstanding any other provision of this Act, for those fiscal years the Department of Revenue shall distribute to those municipalities 100% of their Net State Sales Tax Increment before any distribution to any other municipality and regardless of whether or not those other municipalities will receive 100% of their Net State Sales Tax Increment. For Fiscal Year 1999, and every year thereafter until the year 2007, for any municipality that has not entered into a contract or has not issued bonds prior to June 1, 1988 to finance redevelopment project costs within a State Sales Tax Boundary, the Net State Sales Tax Increment shall be calculated as follows: By multiplying the Net State Sales Tax Increment by 90% in the State Fiscal Year 1999; 80% in the State Fiscal Year 2000; 70% in the State Fiscal Year 2001; 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for State Fiscal Year 2008 and thereafter.

Municipalities that issued bonds in connection with a redevelopment project in a redevelopment project area within the State Sales Tax Boundary prior to July 29, 1991, or that entered into contracts in connection with a redevelopment project in a redevelopment project area before June 1, 1988, shall continue to receive their proportional share of the Illinois Tax Increment Fund distribution until the date on which the redevelopment project is completed or terminated. If, however, a municipality that issued bonds in connection with a redevelopment project in a redevelopment project area within the State Sales Tax Boundary prior to July 29, 1991 retires the bonds prior to June 30, 2007 or a municipality that entered into contracts in connection with a redevelopment project in a redevelopment project area before June 1, 1988 completes the contracts prior to June 30, 2007, then so long as the redevelopment project is not completed or is not terminated, the Net State Sales Tax Increment shall be calculated, beginning on the date on which the bonds are retired or the

contracts are completed, as follows: By multiplying the Net State Sales Tax Increment by 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for State Fiscal Year 2008 and thereafter. Refunding of any bonds issued prior to July 29, 1991, shall not alter the Net State Sales Tax Increment.

(j) "State Utility Tax Increment Amount" means an amount equal to the aggregate increase in State electric and gas tax charges imposed on owners and tenants, other than residential customers, of properties located within the redevelopment project area under Section 9-222 of the Public Utilities Act, over and above the aggregate of such charges as certified by the Department of Revenue and paid by owners and tenants, other than residential customers, of properties within the redevelopment project area during the base year, which shall be the calendar year immediately prior to the year of the adoption of the ordinance authorizing tax increment allocation financing.

(k) "Net State Utility Tax Increment" means the sum of the following: (a) 80% of the first $100,000 of State Utility Tax Increment annually generated by a redevelopment project area; (b) 60% of the amount in excess of $100,000 but not exceeding $500,000 of the State Utility Tax Increment annually generated by a redevelopment project area; and (c) 40% of all amounts in excess of $500,000 of State Utility Tax Increment annually generated by a redevelopment project area. For the State Fiscal Year 1999, and every year thereafter until the year 2007, for any municipality that has not entered into a contract or has not issued bonds prior to June 1, 1988 to finance redevelopment project costs within a redevelopment project area, the Net State Utility Tax Increment shall be calculated as follows: By multiplying the Net State Utility Tax Increment by 90% in the State Fiscal Year 1999; 80% in the State Fiscal Year 2000; 70% in the State Fiscal Year 2001; 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and
10% in the State Fiscal Year 2007. No payment shall be made for the State Fiscal Year 2008 and thereafter.

Municipalities that issue bonds in connection with the redevelopment project during the period from June 1, 1988 until 3 years after the effective date of this Amendatory Act of 1988 shall receive the Net State Utility Tax Increment, subject to appropriation, for 15 State Fiscal Years after the issuance of such bonds. For the 16th through the 20th State Fiscal Years after issuance of the bonds, the Net State Utility Tax Increment shall be calculated as follows: By multiplying the Net State Utility Tax Increment by 90% in year 16; 80% in year 17; 70% in year 18; 60% in year 19; and 50% in year 20. Refunding of any bonds issued prior to June 1, 1988, shall not alter the revised Net State Utility Tax Increment payments set forth above.

(l) "Obligations" mean bonds, loans, debentures, notes, special certificates or other evidence of indebtedness issued by the municipality to carry out a redevelopment project or to refund outstanding obligations.

(m) "Payment in lieu of taxes" means those estimated tax revenues from real property in a redevelopment project area derived from real property that has been acquired by a municipality which according to the redevelopment project or plan is to be used for a private use which taxing districts would have received had a municipality not acquired the real property and adopted tax increment allocation financing and which would result from levies made after the time of the adoption of tax increment allocation financing to the time the current equalized value of real property in the redevelopment project area exceeds the total initial equalized value of real property in said area.

(n) "Redevelopment plan" means the comprehensive program of the municipality for development or redevelopment intended by the payment of redevelopment project costs to reduce or eliminate those conditions the existence of which qualified the redevelopment project area as a "blighted area" or "conservation area" or combination thereof or "industrial park conservation area," and thereby to enhance the tax bases of the taxing districts which extend into the redevelopment project area. On and after November 1, 1999 (the effective date of Public Act 91-478), no

redevelopment plan may be approved or amended that includes the
development of vacant land (i) with a golf course and related clubhouse
and other facilities or (ii) designated by federal, State, county, or municipal
government as public land for outdoor recreational activities or for nature
preserves and used for that purpose within 5 years prior to the adoption of
the redevelopment plan. For the purpose of this subsection, "recreational
activities" is limited to mean camping and hunting. Each redevelopment
plan shall set forth in writing the program to be undertaken to accomplish
the objectives and shall include but not be limited to:

(A) an itemized list of estimated redevelopment project
costs;

(B) evidence indicating that the redevelopment project area
on the whole has not been subject to growth and development
through investment by private enterprise;

(C) an assessment of any financial impact of the
redevelopment project area on or any increased demand for
services from any taxing district affected by the plan and any
program to address such financial impact or increased demand;

(D) the sources of funds to pay costs;

(E) the nature and term of the obligations to be issued;

(F) the most recent equalized assessed valuation of the
redevelopment project area;

(G) an estimate as to the equalized assessed valuation after
redevelopment and the general land uses to apply in the
redevelopment project area;

(H) a commitment to fair employment practices and an
affirmative action plan;

(I) if it concerns an industrial park conservation area, the
plan shall also include a general description of any proposed
developer, user and tenant of any property, a description of the
type, structure and general character of the facilities to be
developed, a description of the type, class and number of new
employees to be employed in the operation of the facilities to be
developed; and

(J) if property is to be annexed to the municipality, the plan shall include the terms of the annexation agreement.

The provisions of items (B) and (C) of this subsection (n) shall not apply to a municipality that before March 14, 1994 (the effective date of Public Act 88-537) had fixed, either by its corporate authorities or by a commission designated under subsection (k) of Section 11-74.4-4, a time and place for a public hearing as required by subsection (a) of Section 11-74.4-5. No redevelopment plan shall be adopted unless a municipality complies with all of the following requirements:

(1) The municipality finds that the redevelopment project area on the whole has not been subject to growth and development through investment by private enterprise and would not reasonably be anticipated to be developed without the adoption of the redevelopment plan.

(2) The municipality finds that the redevelopment plan and project conform to the comprehensive plan for the development of the municipality as a whole, or, for municipalities with a population of 100,000 or more, regardless of when the redevelopment plan and project was adopted, the redevelopment plan and project either: (i) conforms to the strategic economic development or redevelopment plan issued by the designated planning authority of the municipality, or (ii) includes land uses that have been approved by the planning commission of the municipality.

(3) The redevelopment plan establishes the estimated dates of completion of the redevelopment project and retirement of obligations issued to finance redevelopment project costs. Those dates: shall not be later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the twenty-third calendar year after the year in which the ordinance approving the redevelopment project area is adopted if the ordinance was adopted on or after January 15, 1981; shall not be later than December 31 of the year in which the

payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the thirty-third calendar year after the year in which the ordinance approving the redevelopment project area if the ordinance was adopted on May 20, 1985 by the Village of Wheeling; and shall not be later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the thirty-fifth calendar year after the year in which the ordinance approving the redevelopment project area is adopted:

However, for redevelopment project areas for which bonds were issued before July 29, 1991, or for which contracts were entered into before June 1, 1988, in connection with a redevelopment project in the area within the State Sales Tax Boundary, the estimated dates of completion of the redevelopment project and retirement of obligations to finance redevelopment project costs may be extended by municipal ordinance to December 31, 2013. The termination procedures of subsection (b) of Section 11-74.4-8 are not required for these redevelopment project areas in 2009 but are required in 2013. The extension allowed by this amendatory Act of 1993 shall not apply to real property tax increment allocation financing under Section 11-74.4-8.

A municipality may by municipal ordinance amend an existing redevelopment plan to conform to this paragraph (3) as amended by Public Act 91-478, which municipal ordinance may be adopted without further hearing or notice and without complying with the procedures provided in this Act pertaining to an amendment to or the initial approval of a redevelopment plan and project and designation of a redevelopment project area.

Those dates, for purposes of real property tax increment allocation financing pursuant to Section 11-74.4-8 only, shall be

not more than 35 years for redevelopment project areas that were adopted on or after December 16, 1986 and for which at least $8 million worth of municipal bonds were authorized on or after December 19, 1989 but before January 1, 1990; provided that the municipality elects to extend the life of the redevelopment project area to 35 years by the adoption of an ordinance after at least 14 but not more than 30 days' written notice to the taxing bodies, that would otherwise constitute the joint review board for the redevelopment project area, before the adoption of the ordinance.

Those dates, for purposes of real property tax increment allocation financing pursuant to Section 11-74.4-8 only, shall be not more than 35 years for redevelopment project areas that were established on or after December 1, 1981 but before January 1, 1982 and for which at least $1,500,000 worth of tax increment revenue bonds were authorized on or after September 30, 1990 but before July 1, 1991; provided that the municipality elects to extend the life of the redevelopment project area to 35 years by the adoption of an ordinance after at least 14 but not more than 30 days' written notice to the taxing bodies, that would otherwise constitute the joint review board for the redevelopment project area, before the adoption of the ordinance.

(3.5) The municipality finds, in the case of an industrial park conservation area, also that the municipality is a labor surplus municipality and that the implementation of the redevelopment plan will reduce unemployment, create new jobs and by the provision of new facilities enhance the tax base of the taxing districts that extend into the redevelopment project area.

(4) If any incremental revenues are being utilized under Section 8(a)(1) or 8(a)(2) of this Act in redevelopment project areas approved by ordinance after January 1, 1986, the municipality finds: (a) that the redevelopment project area would not reasonably be developed without the use of such incremental revenues, and (b) that such incremental revenues will be
exclusively utilized for the development of the redevelopment project area.

(5) If the redevelopment plan will not result in displacement of residents from 10 or more inhabited residential units, and the municipality certifies in the plan that such displacement will not result from the plan, a housing impact study need not be performed. If, however, the redevelopment plan would result in the displacement of residents from 10 or more inhabited residential units, or if the redevelopment project area contains 75 or more inhabited residential units and no certification is made, then the municipality shall prepare, as part of the separate feasibility report required by subsection (a) of Section 11-74.4-5, a housing impact study.

Part I of the housing impact study shall include (i) data as to whether the residential units are single family or multi-family units, (ii) the number and type of rooms within the units, if that information is available, (iii) whether the units are inhabited or uninhabited, as determined not less than 45 days before the date that the ordinance or resolution required by subsection (a) of Section 11-74.4-5 is passed, and (iv) data as to the racial and ethnic composition of the residents in the inhabited residential units. The data requirement as to the racial and ethnic composition of the residents in the inhabited residential units shall be deemed to be fully satisfied by data from the most recent federal census.

Part II of the housing impact study shall identify the inhabited residential units in the proposed redevelopment project area that are to be or may be removed. If inhabited residential units are to be removed, then the housing impact study shall identify (i) the number and location of those units that will or may be removed, (ii) the municipality's plans for relocation assistance for those residents in the proposed redevelopment project area whose residences are to be removed, (iii) the availability of replacement housing for those residents whose residences are to be removed,
and shall identify the type, location, and cost of the housing, and (iv) the type and extent of relocation assistance to be provided.

(6) On and after November 1, 1999, the housing impact study required by paragraph (5) shall be incorporated in the redevelopment plan for the redevelopment project area.

(7) On and after November 1, 1999, no redevelopment plan shall be adopted, nor an existing plan amended, nor shall residential housing that is occupied by households of low-income and very low-income persons in currently existing redevelopment project areas be removed after November 1, 1999 unless the redevelopment plan provides, with respect to inhabited housing units that are to be removed for households of low-income and very low-income persons, affordable housing and relocation assistance not less than that which would be provided under the federal Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 and the regulations under that Act, including the eligibility criteria. Affordable housing may be either existing or newly constructed housing. For purposes of this paragraph (7), "low-income households", "very low-income households", and "affordable housing" have the meanings set forth in the Illinois Affordable Housing Act. The municipality shall make a good faith effort to ensure that this affordable housing is located in or near the redevelopment project area within the municipality.

(8) On and after November 1, 1999, if, after the adoption of the redevelopment plan for the redevelopment project area, any municipality desires to amend its redevelopment plan to remove more inhabited residential units than specified in its original redevelopment plan, that change shall be made in accordance with the procedures in subsection (c) of Section 11-74.4-5.

(9) For redevelopment project areas designated prior to November 1, 1999, the redevelopment plan may be amended without further joint review board meeting or hearing, provided that the municipality shall give notice of any such changes by mail

to each affected taxing district and registrant on the interested party registry, to authorize the municipality to expend tax increment revenues for redevelopment project costs defined by paragraphs (5) and (7.5), subparagraphs (E) and (F) of paragraph (11), and paragraph (11.5) of subsection (q) of Section 11-74.4-3, so long as the changes do not increase the total estimated redevelopment project costs set out in the redevelopment plan by more than 5% after adjustment for inflation from the date the plan was adopted.

(o) "Redevelopment project" means any public and private development project in furtherance of the objectives of a redevelopment plan. On and after November 1, 1999 (the effective date of Public Act 91-478), no redevelopment plan may be approved or amended that includes the development of vacant land (i) with a golf course and related clubhouse and other facilities or (ii) designated by federal, State, county, or municipal government as public land for outdoor recreational activities or for nature preserves and used for that purpose within 5 years prior to the adoption of the redevelopment plan. For the purpose of this subsection, "recreational activities" is limited to mean camping and hunting.

(p) "Redevelopment project area" means an area designated by the municipality, which is not less in the aggregate than 1 1/2 acres and in respect to which the municipality has made a finding that there exist conditions which cause the area to be classified as an industrial park conservation area or a blighted area or a conservation area, or a combination of both blighted areas and conservation areas.

(q) "Redevelopment project costs" mean and include the sum total of all reasonable or necessary costs incurred or estimated to be incurred, and any such costs incidental to a redevelopment plan and a redevelopment project. Such costs include, without limitation, the following:

(1) Costs of studies, surveys, development of plans, and specifications, implementation and administration of the redevelopment plan including but not limited to staff and professional service costs for architectural, engineering, legal, financial, planning or other services, provided however that no

charges for professional services may be based on a percentage of the tax increment collected; except that on and after November 1, 1999 (the effective date of Public Act 91-478), no contracts for professional services, excluding architectural and engineering services, may be entered into if the terms of the contract extend beyond a period of 3 years. In addition, "redevelopment project costs" shall not include lobbying expenses. After consultation with the municipality, each tax increment consultant or advisor to a municipality that plans to designate or has designated a redevelopment project area shall inform the municipality in writing of any contracts that the consultant or advisor has entered into with entities or individuals that have received, or are receiving, payments financed by tax increment revenues produced by the redevelopment project area with respect to which the consultant or advisor has performed, or will be performing, service for the municipality. This requirement shall be satisfied by the consultant or advisor before the commencement of service for the municipality and thereafter whenever any other contracts with those individuals or entities are executed by the consultant or advisor;

(1.5) After July 1, 1999, annual administrative costs shall not include general overhead or administrative costs of the municipality that would still have been incurred by the municipality if the municipality had not designated a redevelopment project area or approved a redevelopment plan;
(1.6) The cost of marketing sites within the redevelopment project area to prospective businesses, developers, and investors;
(2) Property assembly costs, including but not limited to acquisition of land and other property, real or personal, or rights or interests therein, demolition of buildings, site preparation, site improvements that serve as an engineered barrier addressing ground level or below ground environmental contamination, including, but not limited to parking lots and other concrete or asphalt barriers, and the clearing and grading of land;

(3) Costs of rehabilitation, reconstruction or repair or remodeling of existing public or private buildings, fixtures, and leasehold improvements; and the cost of replacing an existing public building if pursuant to the implementation of a redevelopment project the existing public building is to be demolished to use the site for private investment or devoted to a different use requiring private investment;

(4) Costs of the construction of public works or improvements, except that on and after November 1, 1999, redevelopment project costs shall not include the cost of constructing a new municipal public building principally used to provide offices, storage space, or conference facilities or vehicle storage, maintenance, or repair for administrative, public safety, or public works personnel and that is not intended to replace an existing public building as provided under paragraph (3) of subsection (q) of Section 11-74.4-3 unless either (i) the construction of the new municipal building implements a redevelopment project that was included in a redevelopment plan that was adopted by the municipality prior to November 1, 1999 or (ii) the municipality makes a reasonable determination in the redevelopment plan, supported by information that provides the basis for that determination, that the new municipal building is required to meet an increase in the need for public safety purposes anticipated to result from the implementation of the redevelopment plan;

(5) Costs of job training and retraining projects, including the cost of "welfare to work" programs implemented by businesses located within the redevelopment project area;

(6) Financing costs, including but not limited to all necessary and incidental expenses related to the issuance of obligations and which may include payment of interest on any obligations issued hereunder including interest accruing during the estimated period of construction of any redevelopment project for
which such obligations are issued and for not exceeding 36 months thereafter and including reasonable reserves related thereto;

(7) To the extent the municipality by written agreement accepts and approves the same, all or a portion of a taxing district's capital costs resulting from the redevelopment project necessarily incurred or to be incurred within a taxing district in furtherance of the objectives of the redevelopment plan and project.

(7.5) For redevelopment project areas designated (or redevelopment project areas amended to add or increase the number of tax-increment-financing assisted housing units) on or after November 1, 1999, an elementary, secondary, or unit school district's increased costs attributable to assisted housing units located within the redevelopment project area for which the developer or redeveloper receives financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the assisted housing sites necessary for the completion of that housing as authorized by this Act, and which costs shall be paid by the municipality from the Special Tax Allocation Fund when the tax increment revenue is received as a result of the assisted housing units and shall be calculated annually as follows:

(A) for foundation districts, excluding any school district in a municipality with a population in excess of 1,000,000, by multiplying the district's increase in attendance resulting from the net increase in new students enrolled in that school district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by the

most recently available per capita tuition cost as defined in Section 10-20.12a of the School Code less any increase in general State aid as defined in Section 18-8.05 of the School Code attributable to these added new students subject to the following annual limitations:

(i) for unit school districts with a district average 1995-96 Per Capita Tuition Charge of less than $5,900, no more than 25% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act;

(ii) for elementary school districts with a district average 1995-96 Per Capita Tuition Charge of less than $5,900, no more than 17% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act; and

(iii) for secondary school districts with a district average 1995-96 Per Capita Tuition Charge of less than $5,900, no more than 8% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act.

(B) For alternate method districts, flat grant districts, and foundation districts with a district average 1995-96 Per Capita Tuition Charge equal to or more than $5,900, excluding any school district with a population in excess of 1,000,000, by multiplying the district's increase in attendance resulting from the net increase in new students enrolled in that school district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the

boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by the most recently available per capita tuition cost as defined in Section 10-20.12a of the School Code less any increase in general state aid as defined in Section 18-8.05 of the School Code attributable to these added new students subject to the following annual limitations:

(i) for unit school districts, no more than 40% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act;

(ii) for elementary school districts, no more than 27% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act; and

(iii) for secondary school districts, no more than 13% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act.

(C) For any school district in a municipality with a population in excess of 1,000,000, the following restrictions shall apply to the reimbursement of increased costs under this paragraph (7.5):

(i) no increased costs shall be reimbursed unless the school district certifies that each of the schools affected by the assisted housing project is at or over its student capacity;

(ii) the amount reimbursable shall be reduced by the value of any land donated to the school district by the municipality or developer, and
by the value of any physical improvements made to the schools by the municipality or developer; and

(iii) the amount reimbursed may not affect amounts otherwise obligated by the terms of any bonds, notes, or other funding instruments, or the terms of any redevelopment agreement.

Any school district seeking payment under this paragraph (7.5) shall, after July 1 and before September 30 of each year, provide the municipality with reasonable evidence to support its claim for reimbursement before the municipality shall be required to approve or make the payment to the school district. If the school district fails to provide the information during this period in any year, it shall forfeit any claim to reimbursement for that year. School districts may adopt a resolution waiving the right to all or a portion of the reimbursement otherwise required by this paragraph (7.5). By acceptance of this reimbursement the school district waives the right to directly or indirectly set aside, modify, or contest in any manner the establishment of the redevelopment project area or projects;

(7.7) For redevelopment project areas designated (or redevelopment project areas amended to add or increase the number of tax-increment-financing assisted housing units) on or after January 1, 2005 (the effective date of Public Act 93-961), a public library district's increased costs attributable to assisted housing units located within the redevelopment project area for which the developer or redeveloper receives financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the assisted housing sites necessary for the completion of that housing as authorized by this Act shall be paid to the library district by the municipality from the Special Tax Allocation Fund

when the tax increment revenue is received as a result of the assisted housing units. This paragraph (7.7) applies only if (i) the library district is located in a county that is subject to the Property Tax Extension Limitation Law or (ii) the library district is not located in a county that is subject to the Property Tax Extension Limitation Law but the district is prohibited by any other law from increasing its tax levy rate without a prior voter referendum.

The amount paid to a library district under this paragraph (7.7) shall be calculated by multiplying (i) the net increase in the number of persons eligible to obtain a library card in that district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by (ii) the per-patron cost of providing library services so long as it does not exceed $120. The per-patron cost shall be the Total Operating Expenditures Per Capita as stated in the most recent Illinois Public Library Statistics produced by the Library Research Center at the University of Illinois. The municipality may deduct from the amount that it must pay to a library district under this paragraph any amount that it has voluntarily paid to the library district from the tax increment revenue. The amount paid to a library district under this paragraph (7.7) shall be no more than 2% of the amount produced by the assisted housing units and deposited into the Special Tax Allocation Fund.

A library district is not eligible for any payment under this paragraph (7.7) unless the library district has experienced an increase in the number of patrons from the

municipality that created the tax-increment-financing district since the designation of the redevelopment project area.

Any library district seeking payment under this paragraph (7.7) shall, after July 1 and before September 30 of each year, provide the municipality with convincing evidence to support its claim for reimbursement before the municipality shall be required to approve or make the payment to the library district. If the library district fails to provide the information during this period in any year, it shall forfeit any claim to reimbursement for that year. Library districts may adopt a resolution waiving the right to all or a portion of the reimbursement otherwise required by this paragraph (7.7). By acceptance of such reimbursement, the library district shall forfeit any right to directly or indirectly set aside, modify, or contest in any manner whatsoever the establishment of the redevelopment project area or projects;

(8) Relocation costs to the extent that a municipality determines that relocation costs shall be paid or is required to make payment of relocation costs by federal or State law or in order to satisfy subparagraph (7) of subsection (n);

(9) Payment in lieu of taxes;

(10) Costs of job training, retraining, advanced vocational education or career education, including but not limited to courses in occupational, semi-technical or technical fields leading directly to employment, incurred by one or more taxing districts, provided that such costs (i) are related to the establishment and maintenance of additional job training, advanced vocational education or career education programs for persons employed or to be employed by employers located in a redevelopment project area; and (ii) when incurred by a taxing district or taxing districts other than the municipality, are set forth in a
written agreement by or among the municipality and the taxing district or taxing districts, which agreement describes the program to be undertaken, including but not limited to the number of employees to be trained, a description of the training and services to be provided, the number and type of positions available or to be available, itemized costs of the program and sources of funds to pay for the same, and the term of the agreement. Such costs include, specifically, the payment by community college districts of costs pursuant to Sections 3-37, 3-38, 3-40 and 3-40.1 of the Public Community College Act and by school districts of costs pursuant to Sections 10-22.20a and 10-23.3a of The School Code;

(11) Interest cost incurred by a redeveloper related to the construction, renovation or rehabilitation of a redevelopment project provided that:

(A) such costs are to be paid directly from the special tax allocation fund established pursuant to this Act;

(B) such payments in any one year may not exceed 30% of the annual interest costs incurred by the redeveloper with regard to the redevelopment project during that year;

(C) if there are not sufficient funds available in the special tax allocation fund to make the payment pursuant to this paragraph (11) then the amounts so due shall accrue and be payable when sufficient funds are available in the special tax allocation fund;

(D) the total of such interest payments paid pursuant to this Act may not exceed 30% of the total (i) cost paid or incurred by the redeveloper for the redevelopment project plus (ii) redevelopment project costs excluding any property assembly costs

and any relocation costs incurred by a municipality pursuant to this Act; and

(E) the cost limits set forth in subparagraphs (B) and (D) of paragraph (11) shall be modified for the financing of rehabilitated or new housing units for low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act. The percentage of 75% shall be substituted for 30% in subparagraphs (B) and (D) of paragraph (11).

(F) Instead of the eligible costs provided by subparagraphs (B) and (D) of paragraph (11), as modified by this subparagraph, and notwithstanding any other provisions of this Act to the contrary, the municipality may pay from tax increment revenues up to 50% of the cost of construction of new housing units to be occupied by low-income households and very low-income households as defined in Section 3 of the Illinois Affordable Housing Act. The cost of construction of those units may be derived from the proceeds of bonds issued by the municipality under this Act or other constitutional or statutory authority or from other sources of municipal revenue that may be reimbursed from tax increment revenues or the proceeds of bonds issued to finance the construction of that housing.

The eligible costs provided under this subparagraph (F) of paragraph (11) shall be an eligible cost for the construction, renovation, and rehabilitation of all low and very low-income housing units, as defined in Section 3 of the Illinois Affordable Housing Act, within the redevelopment project area. If the low and very low-income units

are part of a residential redevelopment project that includes units not affordable to low and very low-income households, only the low and very low-income units shall be eligible for benefits under subparagraph (F) of paragraph (11). The standards for maintaining the occupancy by low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act, of those units constructed with eligible costs made available under the provisions of this subparagraph (F) of paragraph (11) shall be established by guidelines adopted by the municipality. The responsibility for annually documenting the initial occupancy of the units by low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act, shall be that of the then current owner of the property. For ownership units, the guidelines will provide, at a minimum, for a reasonable recapture of funds, or other appropriate methods designed to preserve the original affordability of the ownership units. For rental units, the guidelines will provide, at a minimum, for the affordability of rent to low and very low-income households. As units become available, they shall be rented to income-eligible tenants. The municipality may modify these guidelines from time to time; the guidelines, however, shall be in effect for as long as tax increment revenue is being used to pay for costs associated with the units or for the retirement of bonds issued to finance the units or for the life of the redevelopment project area, whichever is later.

(11.5) If the redevelopment project area is located within a municipality with a population of more than 100,000, the cost of day care services for children of employees from low-income families working for businesses located within the redevelopment project area and all or a portion of the cost of operation of day care centers established by redevelopment project area businesses to serve employees from low-income families working in businesses located in the redevelopment project area. For the purposes of this paragraph, "low-income families" means families whose annual income does not exceed 80% of the municipal, county, or regional median income, adjusted for family size, as the annual income and municipal, county, or regional median income are determined from time to time by the United States Department of Housing and Urban Development.

(12) Unless explicitly stated herein the cost of construction of new privately-owned buildings shall not be an eligible redevelopment project cost.

(13) After November 1, 1999 (the effective date of Public Act 91-478), none of the redevelopment project costs enumerated in this subsection shall be eligible redevelopment project costs if those costs would provide direct financial support to a retail entity initiating operations in the redevelopment project area while terminating operations at another Illinois location within 10 miles of the redevelopment project area but outside the boundaries of the redevelopment project area municipality. For purposes of this paragraph, termination means a closing of a retail operation that is directly related to the opening of the same operation or like retail entity owned or operated by more than 50% of the original ownership in a redevelopment project area, but it does not mean closing an operation for reasons beyond the control of the retail entity,
as documented by the retail entity, subject to a reasonable finding by the municipality that the current location contained inadequate space, had become economically obsolete, or was no longer a viable location for the retailer or serviceman.

If a special service area has been established pursuant to the Special Service Area Tax Act or Special Service Area Tax Law, then any tax increment revenues derived from the tax imposed pursuant to the Special Service Area Tax Act or Special Service Area Tax Law may be used within the redevelopment project area for the purposes permitted by that Act or Law as well as the purposes permitted by this Act.

(r) "State Sales Tax Boundary" means the redevelopment project area or the amended redevelopment project area boundaries which are determined pursuant to subsection (9) of Section 11-74.4-8a of this Act. The Department of Revenue shall certify pursuant to subsection (9) of Section 11-74.4-8a the appropriate boundaries eligible for the determination of State Sales Tax Increment.

(s) "State Sales Tax Increment" means an amount equal to the increase in the aggregate amount of taxes paid by retailers and servicemen, other than retailers and servicemen subject to the Public Utilities Act, on transactions at places of business located within a State Sales Tax Boundary pursuant to the Retailers' Occupation Tax Act, the Use Tax Act, the Service Use Tax Act, and the Service Occupation Tax Act, except such portion of such increase that is paid into the State and Local Sales Tax Reform Fund, the Local Government Distributive Fund, the Local Government Tax Fund and the County and Mass Transit District Fund, for as long as State participation exists, over and above the Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts for such taxes as certified by the Department of Revenue and paid under those Acts by retailers and servicemen on transactions at places of business located within the State Sales Tax Boundary during the base year which shall be the calendar year immediately prior to the year in which the municipality adopted tax increment allocation financing, less 3.0% of such amounts generated under the Retailers' Occupation Tax Act,

Use Tax Act and Service Use Tax Act and the Service Occupation Tax Act, which sum shall be appropriated to the Department of Revenue to cover its costs of administering and enforcing this Section. For purposes of computing the aggregate amount of such taxes for base years occurring prior to 1985, the Department of Revenue shall compute the Initial Sales Tax Amount for such taxes and deduct therefrom an amount equal to 4% of the aggregate amount of taxes per year for each year the base year is prior to 1985, but not to exceed a total deduction of 12%. The amount so determined shall be known as the "Adjusted Initial Sales Tax Amount". For purposes of determining the State Sales Tax Increment the Department of Revenue shall for each period subtract from the tax amounts received from retailers and servicemen on transactions located in the State Sales Tax Boundary, the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or Revised Initial Sales Tax Amounts for the Retailers' Occupation Tax Act, the Use Tax Act, the Service Use Tax Act and the Service Occupation Tax Act. For the State Fiscal Year 1989 this calculation shall be made by utilizing the calendar year 1987 to determine the tax amounts received. For the State Fiscal Year 1990, this calculation shall be made by utilizing the period from January 1, 1988, until September 30, 1988, to determine the tax amounts received from retailers and servicemen, which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For the State Fiscal Year 1991, this calculation shall be made by utilizing the period from October 1, 1988, until June 30, 1989, to determine the tax amounts received from retailers and servicemen, which shall have deducted therefrom nine-twelfths of the certified Initial State Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For every State Fiscal Year thereafter, the applicable period shall be the 12 months beginning July 1 and ending on June 30, to determine the tax amounts received which shall have deducted therefrom the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts. Municipalities intending to receive a distribution of State Sales Tax Increment must

report a list of retailers to the Department of Revenue by October 31, 1988 and by July 31, of each year thereafter.

(t) "Taxing districts" means counties, townships, cities and incorporated towns and villages, school, road, park, sanitary, mosquito abatement, forest preserve, public health, fire protection, river conservancy, tuberculosis sanitarium and any other municipal corporations or districts with the power to levy taxes.

(u) "Taxing districts' capital costs" means those costs of taxing districts for capital improvements that are found by the municipal corporate authorities to be necessary and directly result from the redevelopment project.

(v) As used in subsection (a) of Section 11-74.4-3 of this Act, "vacant land" means any parcel or combination of parcels of real property without industrial, commercial, and residential buildings which has not been used for commercial agricultural purposes within 5 years prior to the designation of the redevelopment project area, unless the parcel is included in an industrial park conservation area or the parcel has been subdivided; provided that if the parcel was part of a larger tract that has been divided into 3 or more smaller tracts that were accepted for recording during the period from 1950 to 1990, then the parcel shall be deemed to have been subdivided, and all proceedings and actions of the municipality taken in that connection with respect to any previously approved or designated redevelopment project area or amended redevelopment project area are hereby validated and hereby declared to be legally sufficient for all purposes of this Act. For purposes of this Section and only for land subject to the subdivision requirements of the Plat Act, land is subdivided when the original plat of the proposed Redevelopment Project Area or relevant portion thereof has been properly certified, acknowledged, approved, and recorded or filed in accordance with the Plat Act and a preliminary plat, if any, for any subsequent phases of the proposed Redevelopment Project Area or relevant portion thereof has been properly approved and filed in accordance with the applicable ordinance of the municipality.

(w) "Annual Total Increment" means the sum of each municipality's annual Net Sales Tax Increment and each municipality's annual Net Utility Tax Increment. The ratio of the Annual Total Increment of each municipality to the Annual Total Increment for all municipalities, as most recently calculated by the Department, shall determine the proportional shares of the Illinois Tax Increment Fund to be distributed to each municipality.

Sec. 11-74.4-3. Definitions. The following terms, wherever used or referred to in this Division 74.4 shall have the following respective meanings, unless in any case a different meaning clearly appears from the context.

(a) For any redevelopment project area that has been designated pursuant to this Section by an ordinance adopted prior to November 1, 1999 (the effective date of Public Act 91-478), "blighted area" shall have the meaning set forth in this Section prior to that date.

On and after November 1, 1999, "blighted area" means any improved or vacant area within the boundaries of a redevelopment project area located within the territorial limits of the municipality where:

(1) If improved, industrial, commercial, and residential buildings or improvements are detrimental to the public safety, health, or welfare because of a combination of 5 or more of the following factors, each of which is (i) present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) reasonably distributed throughout the improved part of the redevelopment project area:

(A) Dilapidation. An advanced state of disrepair or neglect of necessary repairs to the primary structural components of buildings or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed.

(B) Obsolescence. The condition or process of falling into disuse. Structures have become ill-suited for the original use.

(C) Deterioration. With respect to buildings, defects including, but not limited to, major defects in the secondary building components such as doors, windows, porches, gutters and downspouts, and fascia. With respect to surface improvements, that the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas evidence deterioration, including, but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces.

(D) Presence of structures below minimum code standards. All structures that do not meet the standards of zoning, subdivision, building, fire, and other governmental codes applicable to property, but not including housing and property maintenance codes.

(E) Illegal use of individual structures. The use of structures in violation of applicable federal, State, or local laws, exclusive of those applicable to the presence of structures below minimum code standards.

(F) Excessive vacancies. The presence of buildings that are unoccupied or under-utilized and that represent an adverse influence on the area because of the frequency, extent, or duration of the vacancies.
(G) Lack of ventilation, light, or sanitary facilities. The absence of adequate ventilation for light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke, or other noxious airborne materials. Inadequate natural light and ventilation means the absence of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building.

(H) Inadequate utilities. Underground and overhead utilities such as storm sewers and storm drainage, sanitary sewers, water lines, and gas, telephone, and electrical services that are shown to be inadequate. Inadequate utilities are those that are: (i) of insufficient capacity to serve the uses in the redevelopment project area, (ii) deteriorated, antiquated, obsolete, or in disrepair, or (iii) lacking within the redevelopment project area.

(I) Excessive land coverage and overcrowding of structures and community facilities. The over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Examples of problem conditions warranting the designation of an area as one exhibiting excessive land coverage are: (i) the presence of buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety and (ii) the presence of multiple buildings on a single parcel. For there to be a finding of excessive land coverage, these parcels must exhibit one or more of the following conditions: insufficient provision for light and air within or around

New matter indicated by italics - deletions by strikeout
buildings, increased threat of spread of fire due to the close proximity of buildings, lack of adequate or proper access to a public right-of-way, lack of reasonably required off-street parking, or inadequate provision for loading and service.

(J) Deleterious land use or layout. The existence of incompatible land-use relationships, buildings occupied by inappropriate mixed-uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.

(K) Environmental clean-up. The proposed redevelopment project area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(L) Lack of community planning. The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This means that the development occurred prior to the adoption by the municipality of a comprehensive or other community plan or that the plan was not followed at the time of the area's development. This factor must be documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning.

(M) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of
the last 5 calendar years prior to the year in which the redevelopment project area is designated or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated.

(2) If vacant, the sound growth of the redevelopment project area is impaired by a combination of 2 or more of the following factors, each of which is (i) present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) reasonably distributed throughout the vacant part of the redevelopment project area to which it pertains:

   (A) Obsolete platting of vacant land that results in parcels of limited or narrow size or configurations of parcels of irregular size or shape that would be difficult to develop on a planned basis and in a manner compatible with contemporary standards and requirements, or platting that failed to create rights-of-ways for streets or alleys or that created inadequate right-of-way widths for streets, alleys, or other public rights-of-way or that omitted easements for public utilities.

   (B) Diversity of ownership of parcels of vacant land sufficient in number to retard or impede the ability to assemble the land for development.

   (C) Tax and special assessment delinquencies exist or the property has been the subject of tax sales under the Property Tax Code within the last 5 years.

   (D) Deterioration of structures or site improvements in neighboring areas adjacent to the vacant land.

(E) The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(F) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated.

(3) If vacant, the sound growth of the redevelopment project area is impaired by one of the following factors that (i) is present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) is reasonably distributed throughout the vacant part of the redevelopment project area to which it pertains:

(A) The area consists of one or more unused quarries, mines, or strip mine ponds.

(B) The area consists of unused rail yards, rail tracks, or railroad rights-of-way.

New matter indicated by italics - deletions by strikeout
(C) The area, prior to its designation, is subject to (i) chronic flooding that adversely impacts on real property in the area as certified by a registered professional engineer or appropriate regulatory agency or (ii) surface water that discharges from all or a part of the area and contributes to flooding within the same watershed, but only if the redevelopment project provides for facilities or improvements to contribute to the alleviation of all or part of the flooding.

(D) The area consists of an unused or illegal disposal site containing earth, stone, building debris, or similar materials that were removed from construction, demolition, excavation, or dredge sites.

(E) Prior to November 1, 1999, the area is not less than 50 nor more than 100 acres and 75% of which is vacant (notwithstanding that the area has been used for commercial agricultural purposes within 5 years prior to the designation of the redevelopment project area), and the area meets at least one of the factors itemized in paragraph (1) of this subsection, the area has been designated as a town or village center by ordinance or comprehensive plan adopted prior to January 1, 1982, and the area has not been developed for that designated purpose.

(F) The area qualified as a blighted improved area immediately prior to becoming vacant, unless there has been substantial private investment in the immediately surrounding area.

(b) For any redevelopment project area that has been designated pursuant to this Section by an ordinance adopted prior to November 1, 1999 (the effective date of Public Act 91-478), "conservation area" shall have the meaning set forth in this Section prior to that date.

On and after November 1, 1999, "conservation area" means any improved area within the boundaries of a redevelopment project area located within the territorial limits of the municipality in which 50% or
more of the structures in the area have an age of 35 years or more. Such an area is not yet a blighted area but because of a combination of 3 or more of the following factors is detrimental to the public safety, health, morals or welfare and such an area may become a blighted area:

(1) Dilapidation. An advanced state of disrepair or neglect of necessary repairs to the primary structural components of buildings or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed.

(2) Obsolescence. The condition or process of falling into disuse. Structures have become ill-suited for the original use.

(3) Deterioration. With respect to buildings, defects including, but not limited to, major defects in the secondary building components such as doors, windows, porches, gutters and downspouts, and fascia. With respect to surface improvements, that the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas evidence deterioration, including, but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces.

(4) Presence of structures below minimum code standards. All structures that do not meet the standards of zoning, subdivision, building, fire, and other governmental codes applicable to property, but not including housing and property maintenance codes.

(5) Illegal use of individual structures. The use of structures in violation of applicable federal, State, or local laws, exclusive of those applicable to the presence of structures below minimum code standards.

(6) Excessive vacancies. The presence of buildings that are unoccupied or under-utilized and that represent an adverse influence on the area because of the frequency, extent, or duration of the vacancies.

(7) Lack of ventilation, light, or sanitary facilities. The absence of adequate ventilation for light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke, or other noxious airborne materials. Inadequate natural light and ventilation means the absence or inadequacy of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building.

(8) Inadequate utilities. Underground and overhead utilities such as storm sewers and storm drainage, sanitary sewers, water lines, and gas, telephone, and electrical services that are shown to be inadequate. Inadequate utilities are those that are: (i) of insufficient capacity to serve the uses in the redevelopment project area, (ii) deteriorated, antiquated, obsolete, or in disrepair, or (iii) lacking within the redevelopment project area.

(9) Excessive land coverage and overcrowding of structures and community facilities. The over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Examples of problem conditions warranting the designation of an area as one exhibiting excessive land coverage are: the presence of buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety and the presence of multiple buildings on a single parcel. For there to be a finding of excessive land coverage, these parcels must exhibit one or more of the following conditions: insufficient provision for light and air within or around buildings, increased threat of spread of fire due to the close proximity of buildings, lack of adequate or proper access to a public right-of-way, lack of reasonably required off-street parking, or inadequate provision for loading and service.
(10) Deleterious land use or layout. The existence of incompatible land-use relationships, buildings occupied by inappropriate mixed-uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.

(11) Lack of community planning. The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This means that the development occurred prior to the adoption by the municipality of a comprehensive or other community plan or that the plan was not followed at the time of the area's development. This factor must be documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning.

(12) The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(13) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years for which information is available.

(c) "Industrial park" means an area in a blighted or conservation area suitable for use by any manufacturing, industrial, research or transportation enterprise, of facilities to include but not be limited to factories, mills, processing plants, assembly plants, packing plants, fabricating plants, industrial distribution centers, warehouses, repair overhaul or service facilities, freight terminals, research facilities, test facilities or railroad facilities.

(d) "Industrial park conservation area" means an area within the boundaries of a redevelopment project area located within the territorial limits of a municipality that is a labor surplus municipality or within 1 1/2 miles of the territorial limits of a municipality that is a labor surplus municipality if the area is annexed to the municipality; which area is zoned as industrial no later than at the time the municipality by ordinance designates the redevelopment project area, and which area includes both vacant land suitable for use as an industrial park and a blighted area or conservation area contiguous to such vacant land.

(e) "Labor surplus municipality" means a municipality in which, at any time during the 6 months before the municipality by ordinance designates an industrial park conservation area, the unemployment rate was over 6% and was also 100% or more of the national average unemployment rate for that same time as published in the United States Department of Labor Bureau of Labor Statistics publication entitled "The Employment Situation" or its successor publication. For the purpose of this subsection, if unemployment rate statistics for the municipality are not available, the unemployment rate in the municipality shall be deemed to be the same as the unemployment rate in the principal county in which the municipality is located.

(f) "Municipality" shall mean a city, village, incorporated town, or a township that is located in the unincorporated portion of a county with 3 million or more inhabitants, if the county adopted an ordinance that approved the township's redevelopment plan.

(g) "Initial Sales Tax Amounts" means the amount of taxes paid under the Retailers' Occupation Tax Act, Use Tax Act, Service Use Tax Act, the Service Occupation Tax Act, the Municipal Retailers' Occupation

New matter indicated by italics - deletions by strikeout
Tax Act, and the Municipal Service Occupation Tax Act by retailers and servicemen on transactions at places located in a State Sales Tax Boundary during the calendar year 1985.

(g-1) "Revised Initial Sales Tax Amounts" means the amount of taxes paid under the Retailers' Occupation Tax Act, Use Tax Act, Service Use Tax Act, the Service Occupation Tax Act, the Municipal Retailers' Occupation Tax Act, and the Municipal Service Occupation Tax Act by retailers and servicemen on transactions at places located within the State Sales Tax Boundary revised pursuant to Section 11-74.4-8a(9) of this Act.

(h) "Municipal Sales Tax Increment" means an amount equal to the increase in the aggregate amount of taxes paid to a municipality from the Local Government Tax Fund arising from sales by retailers and servicemen within the redevelopment project area or State Sales Tax Boundary, as the case may be, for as long as the redevelopment project area or State Sales Tax Boundary, as the case may be, exist over and above the aggregate amount of taxes as certified by the Illinois Department of Revenue and paid under the Municipal Retailers' Occupation Tax Act and the Municipal Service Occupation Tax Act by retailers and servicemen, on transactions at places of business located in the redevelopment project area or State Sales Tax Boundary, as the case may be, during the base year which shall be the calendar year immediately prior to the year in which the municipality adopted tax increment allocation financing. For purposes of computing the aggregate amount of such taxes for base years occurring prior to 1985, the Department of Revenue shall determine the Initial Sales Tax Amounts for such taxes and deduct therefrom an amount equal to 4% of the aggregate amount of taxes per year for each year the base year is prior to 1985, but not to exceed a total deduction of 12%. The amount so determined shall be known as the "Adjusted Initial Sales Tax Amounts". For purposes of determining the Municipal Sales Tax Increment, the Department of Revenue shall for each period subtract from the amount paid to the municipality from the Local Government Tax Fund arising from sales by retailers and servicemen on transactions located in the redevelopment project area or the State Sales Tax Boundary, as the case may be, the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts.

Tax Amounts or the Revised Initial Sales Tax Amounts for the Municipal Retailers' Occupation Tax Act and the Municipal Service Occupation Tax Act. For the State Fiscal Year 1989, this calculation shall be made by utilizing the calendar year 1987 to determine the tax amounts received. For the State Fiscal Year 1990, this calculation shall be made by utilizing the period from January 1, 1988, until September 30, 1988, to determine the tax amounts received from retailers and servicemen pursuant to the Municipal Retailers' Occupation Tax Act and the Municipal Service Occupation Tax Act, which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For the State Fiscal Year 1991, this calculation shall be made by utilizing the period from October 1, 1988, to June 30, 1989, to determine the tax amounts received from retailers and servicemen pursuant to the Municipal Retailers' Occupation Tax Act and the Municipal Service Occupation Tax Act which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For every State Fiscal Year thereafter, the applicable period shall be the 12 months beginning July 1 and ending June 30 to determine the tax amounts received which shall have deducted therefrom the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts, as the case may be.

(i) "Net State Sales Tax Increment" means the sum of the following: (a) 80% of the first $100,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary; (b) 60% of the amount in excess of $100,000 but not exceeding $500,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary; and (c) 40% of all amounts in excess of $500,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary. If, however, a municipality established a tax increment financing district in a county with a population in excess of 3,000,000 before January 1, 1986, and the municipality entered into a contract or issued bonds after January 1, 1986, but before December 31, 1986, to finance redevelopment project costs

within a State Sales Tax Boundary, then the Net State Sales Tax Increment means, for the fiscal years beginning July 1, 1990, and July 1, 1991, 100% of the State Sales Tax Increment annually generated within a State Sales Tax Boundary; and notwithstanding any other provision of this Act, for those fiscal years the Department of Revenue shall distribute to those municipalities 100% of their Net State Sales Tax Increment before any distribution to any other municipality and regardless of whether or not those other municipalities will receive 100% of their Net State Sales Tax Increment. For Fiscal Year 1999, and every year thereafter until the year 2007, for any municipality that has not entered into a contract or has not issued bonds prior to June 1, 1988 to finance redevelopment project costs within a State Sales Tax Boundary, the Net State Sales Tax Increment shall be calculated as follows: By multiplying the Net State Sales Tax Increment by 90% in the State Fiscal Year 1999; 80% in the State Fiscal Year 2000; 70% in the State Fiscal Year 2001; 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for State Fiscal Year 2008 and thereafter.

Municipalities that issued bonds in connection with a redevelopment project in a redevelopment project area within the State Sales Tax Boundary prior to July 29, 1991, or that entered into contracts in connection with a redevelopment project in a redevelopment project area before June 1, 1988, shall continue to receive their proportional share of the Illinois Tax Increment Fund distribution until the date on which the redevelopment project is completed or terminated. If, however, a municipality that issued bonds in connection with a redevelopment project in a redevelopment project area within the State Sales Tax Boundary prior to July 29, 1991 retires the bonds prior to June 30, 2007 or a municipality that entered into contracts in connection with a redevelopment project in a redevelopment project area before June 1, 1988 completes the contracts prior to June 30, 2007, then so long as the redevelopment project is not completed or is not terminated, the Net State Sales Tax Increment shall be calculated, beginning on the date on which the bonds are retired or the

contracts are completed, as follows: By multiplying the Net State Sales Tax Increment by 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for State Fiscal Year 2008 and thereafter. Refunding of any bonds issued prior to July 29, 1991, shall not alter the Net State Sales Tax Increment.

(j) "State Utility Tax Increment Amount" means an amount equal to the aggregate increase in State electric and gas tax charges imposed on owners and tenants, other than residential customers, of properties located within the redevelopment project area under Section 9-222 of the Public Utilities Act, over and above the aggregate of such charges as certified by the Department of Revenue and paid by owners and tenants, other than residential customers, of properties within the redevelopment project area during the base year, which shall be the calendar year immediately prior to the year of the adoption of the ordinance authorizing tax increment allocation financing.

(k) "Net State Utility Tax Increment" means the sum of the following: (a) 80% of the first $100,000 of State Utility Tax Increment annually generated by a redevelopment project area; (b) 60% of the amount in excess of $100,000 but not exceeding $500,000 of the State Utility Tax Increment annually generated by a redevelopment project area; and (c) 40% of all amounts in excess of $500,000 of State Utility Tax Increment annually generated by a redevelopment project area. For the State Fiscal Year 1999, and every year thereafter until the year 2007, for any municipality that has not entered into a contract or has not issued bonds prior to June 1, 1988 to finance redevelopment project costs within a redevelopment project area, the Net State Utility Tax Increment shall be calculated as follows: By multiplying the Net State Utility Tax Increment by 90% in the State Fiscal Year 1999; 80% in the State Fiscal Year 2000; 70% in the State Fiscal Year 2001; 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and
10% in the State Fiscal Year 2007. No payment shall be made for the State Fiscal Year 2008 and thereafter.

Municipalities that issue bonds in connection with the redevelopment project during the period from June 1, 1988 until 3 years after the effective date of this Amendatory Act of 1988 shall receive the Net State Utility Tax Increment, subject to appropriation, for 15 State Fiscal Years after the issuance of such bonds. For the 16th through the 20th State Fiscal Years after issuance of the bonds, the Net State Utility Tax Increment shall be calculated as follows: By multiplying the Net State Utility Tax Increment by 90% in year 16; 80% in year 17; 70% in year 18; 60% in year 19; and 50% in year 20. Refunding of any bonds issued prior to June 1, 1988, shall not alter the revised Net State Utility Tax Increment payments set forth above.

(l) "Obligations" mean bonds, loans, debentures, notes, special certificates or other evidence of indebtedness issued by the municipality to carry out a redevelopment project or to refund outstanding obligations.

(m) "Payment in lieu of taxes" means those estimated tax revenues from real property in a redevelopment project area derived from real property that has been acquired by a municipality which according to the redevelopment project or plan is to be used for a private use which taxing districts would have received had a municipality not acquired the real property and adopted tax increment allocation financing and which would result from levies made after the time of the adoption of tax increment allocation financing to the time the current equalized value of real property in the redevelopment project area exceeds the total initial equalized value of real property in said area.

(n) "Redevelopment plan" means the comprehensive program of the municipality for development or redevelopment intended by the payment of redevelopment project costs to reduce or eliminate those conditions the existence of which qualified the redevelopment project area as a "blighted area" or "conservation area" or combination thereof or "industrial park conservation area," and thereby to enhance the tax bases of the taxing districts which extend into the redevelopment project area. On and after November 1, 1999 (the effective date of Public Act 91-478), no
redevelopment plan may be approved or amended that includes the development of vacant land (i) with a golf course and related clubhouse and other facilities or (ii) designated by federal, State, county, or municipal government as public land for outdoor recreational activities or for nature preserves and used for that purpose within 5 years prior to the adoption of the redevelopment plan. For the purpose of this subsection, "recreational activities" is limited to mean camping and hunting. Each redevelopment plan shall set forth in writing the program to be undertaken to accomplish the objectives and shall include but not be limited to:

(A) an itemized list of estimated redevelopment project costs;
(B) evidence indicating that the redevelopment project area on the whole has not been subject to growth and development through investment by private enterprise;
(C) an assessment of any financial impact of the redevelopment project area on or any increased demand for services from any taxing district affected by the plan and any program to address such financial impact or increased demand;
(D) the sources of funds to pay costs;
(E) the nature and term of the obligations to be issued;
(F) the most recent equalized assessed valuation of the redevelopment project area;
(G) an estimate as to the equalized assessed valuation after redevelopment and the general land uses to apply in the redevelopment project area;
(H) a commitment to fair employment practices and an affirmative action plan;
(I) if it concerns an industrial park conservation area, the plan shall also include a general description of any proposed developer, user and tenant of any property, a description of the type, structure and general character of the facilities to be developed, a description of the type, class and number of new employees to be employed in the operation of the facilities to be developed; and

(J) if property is to be annexed to the municipality, the plan shall include the terms of the annexation agreement.

The provisions of items (B) and (C) of this subsection (n) shall not apply to a municipality that before March 14, 1994 (the effective date of Public Act 88-537) had fixed, either by its corporate authorities or by a commission designated under subsection (k) of Section 11-74.4-4, a time and place for a public hearing as required by subsection (a) of Section 11-74.4-5. No redevelopment plan shall be adopted unless a municipality complies with all of the following requirements:

(1) The municipality finds that the redevelopment project area on the whole has not been subject to growth and development through investment by private enterprise and would not reasonably be anticipated to be developed without the adoption of the redevelopment plan.

(2) The municipality finds that the redevelopment plan and project conform to the comprehensive plan for the development of the municipality as a whole, or, for municipalities with a population of 100,000 or more, regardless of when the redevelopment plan and project was adopted, the redevelopment plan and project either: (i) conforms to the strategic economic development or redevelopment plan issued by the designated planning authority of the municipality, or (ii) includes land uses that have been approved by the planning commission of the municipality.

(3) The redevelopment plan establishes the estimated dates of completion of the redevelopment project and retirement of obligations issued to finance redevelopment project costs. Those dates: shall not be later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the twenty-third calendar year after the year in which the ordinance approving the redevelopment project area is adopted if the ordinance was adopted on or after January 15, 1981; shall not be later than December 31 of the year in which the

payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the thirty-third calendar year after the year in which the ordinance approving the redevelopment project area if the ordinance was adopted on May 20, 1985 by the Village of Wheeling; and shall not be later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the thirty-fifth calendar year after the year in which the ordinance approving the redevelopment project area is adopted:

(A) if the ordinance was adopted before January 15, 1981, or
(B) if the ordinance was adopted in December 1983, April 1984, July 1985, or December 1989, or
(C) if the ordinance was adopted in December 1987 and the redevelopment project is located within one mile of Midway Airport, or
(D) if the ordinance was adopted before January 1, 1987 by a municipality in Mason County, or
(E) if the municipality is subject to the Local Government Financial Planning and Supervision Act or the Financially Distressed City Law, or
(F) if the ordinance was adopted in December 1984 by the Village of Rosemont, or

(G) if the ordinance was adopted on December 31, 1986 by a municipality located in Clinton County for which at least $250,000 of tax increment bonds were authorized on June 17, 1997, or if the ordinance was adopted on December 31, 1986 by a municipality with a population in 1990 of less than 3,600 that is located in a county with a population in 1990 of less than 34,000 and for which at least $250,000 of tax increment bonds were authorized on June 17, 1997, or

However, for redevelopment project areas for which bonds were issued before July 29, 1991, or for which contracts were entered into before June 1, 1988, in connection with a redevelopment project in the area within the State Sales Tax Boundary, the estimated dates of completion of the redevelopment project and retirement of obligations to finance redevelopment project costs may be extended by municipal ordinance to December 31, 2013. The termination procedures of subsection (b) of Section 11-74.4-8 are not required for these redevelopment project areas in 2009 but are required in 2013. The extension allowed by this amendatory Act of 1993 shall not apply to real property tax increment allocation financing under Section 11-74.4-8.

A municipality may by municipal ordinance amend an existing redevelopment plan to conform to this paragraph (3) as amended by Public Act 91-478, which municipal ordinance may be adopted without further hearing or notice and without complying with the procedures provided in this Act pertaining to an

amendment to or the initial approval of a redevelopment plan and project and designation of a redevelopment project area.

Those dates, for purposes of real property tax increment allocation financing pursuant to Section 11-74.4-8 only, shall be not more than 35 years for redevelopment project areas that were adopted on or after December 16, 1986 and for which at least $8 million worth of municipal bonds were authorized on or after December 19, 1989 but before January 1, 1990; provided that the municipality elects to extend the life of the redevelopment project area to 35 years by the adoption of an ordinance after at least 14 but not more than 30 days' written notice to the taxing bodies, that would otherwise constitute the joint review board for the redevelopment project area, before the adoption of the ordinance.

Those dates, for purposes of real property tax increment allocation financing pursuant to Section 11-74.4-8 only, shall be not more than 35 years for redevelopment project areas that were established on or after December 1, 1981 but before January 1, 1982 and for which at least $1,500,000 worth of tax increment revenue bonds were authorized on or after September 30, 1990 but before July 1, 1991; provided that the municipality elects to extend the life of the redevelopment project area to 35 years by the adoption of an ordinance after at least 14 but not more than 30 days' written notice to the taxing bodies, that would otherwise constitute the joint review board for the redevelopment project area, before the adoption of the ordinance.

(3.5) The municipality finds, in the case of an industrial park conservation area, also that the municipality is a labor surplus municipality and that the implementation of the redevelopment plan will reduce unemployment, create new jobs and by the provision of new facilities enhance the tax base of the taxing districts that extend into the redevelopment project area.

(4) If any incremental revenues are being utilized under Section 8(a)(1) or 8(a)(2) of this Act in redevelopment project areas approved by ordinance after January 1, 1986, the
municipality finds: (a) that the redevelopment project area would not reasonably be developed without the use of such incremental revenues, and (b) that such incremental revenues will be exclusively utilized for the development of the redevelopment project area.

(5) If the redevelopment plan will not result in displacement of residents from 10 or more inhabited residential units, and the municipality certifies in the plan that such displacement will not result from the plan, a housing impact study need not be performed. If, however, the redevelopment plan would result in the displacement of residents from 10 or more inhabited residential units, or if the redevelopment project area contains 75 or more inhabited residential units and no certification is made, then the municipality shall prepare, as part of the separate feasibility report required by subsection (a) of Section 11-74.4-5, a housing impact study.

Part I of the housing impact study shall include (i) data as to whether the residential units are single family or multi-family units, (ii) the number and type of rooms within the units, if that information is available, (iii) whether the units are inhabited or uninhabited, as determined not less than 45 days before the date that the ordinance or resolution required by subsection (a) of Section 11-74.4-5 is passed, and (iv) data as to the racial and ethnic composition of the residents in the inhabited residential units. The data requirement as to the racial and ethnic composition of the residents in the inhabited residential units shall be deemed to be fully satisfied by data from the most recent federal census.

Part II of the housing impact study shall identify the inhabited residential units in the proposed redevelopment project area that are to be or may be removed. If inhabited residential units are to be removed, then the housing impact study shall identify (i) the number and location of those units that will or may be removed, (ii) the municipality's plans for relocation assistance for those residents in the proposed redevelopment project area whose

residences are to be removed, (iii) the availability of replacement housing for those residents whose residences are to be removed, and shall identify the type, location, and cost of the housing, and (iv) the type and extent of relocation assistance to be provided.  

(6) On and after November 1, 1999, the housing impact study required by paragraph (5) shall be incorporated in the redevelopment plan for the redevelopment project area.  

(7) On and after November 1, 1999, no redevelopment plan shall be adopted, nor an existing plan amended, nor shall residential housing that is occupied by households of low-income and very low-income persons in currently existing redevelopment project areas be removed after November 1, 1999 unless the redevelopment plan provides, with respect to inhabited housing units that are to be removed for households of low-income and very low-income persons, affordable housing and relocation assistance not less than that which would be provided under the federal Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 and the regulations under that Act, including the eligibility criteria. Affordable housing may be either existing or newly constructed housing. For purposes of this paragraph (7), "low-income households", "very low-income households", and "affordable housing" have the meanings set forth in the Illinois Affordable Housing Act. The municipality shall make a good faith effort to ensure that this affordable housing is located in or near the redevelopment project area within the municipality.  

(8) On and after November 1, 1999, if, after the adoption of the redevelopment plan for the redevelopment project area, any municipality desires to amend its redevelopment plan to remove more inhabited residential units than specified in its original redevelopment plan, that change shall be made in accordance with the procedures in subsection (c) of Section 11-74.4-5.  

(9) For redevelopment project areas designated prior to November 1, 1999, the redevelopment plan may be amended

without further joint review board meeting or hearing, provided that the municipality shall give notice of any such changes by mail to each affected taxing district and registrant on the interested party registry, to authorize the municipality to expend tax increment revenues for redevelopment project costs defined by paragraphs (5) and (7.5), subparagraphs (E) and (F) of paragraph (11), and paragraph (11.5) of subsection (q) of Section 11-74.4-3, so long as the changes do not increase the total estimated redevelopment project costs set out in the redevelopment plan by more than 5% after adjustment for inflation from the date the plan was adopted.

(o) "Redevelopment project" means any public and private development project in furtherance of the objectives of a redevelopment plan. On and after November 1, 1999 (the effective date of Public Act 91-478), no redevelopment plan may be approved or amended that includes the development of vacant land (i) with a golf course and related clubhouse and other facilities or (ii) designated by federal, State, county, or municipal government as public land for outdoor recreational activities or for nature preserves and used for that purpose within 5 years prior to the adoption of the redevelopment plan. For the purpose of this subsection, "recreational activities" is limited to mean camping and hunting.

(p) "Redevelopment project area" means an area designated by the municipality, which is not less in the aggregate than 1 1/2 acres and in respect to which the municipality has made a finding that there exist conditions which cause the area to be classified as an industrial park conservation area or a blighted area or a conservation area, or a combination of both blighted areas and conservation areas.

(q) "Redevelopment project costs" mean and include the sum total of all reasonable or necessary costs incurred or estimated to be incurred, and any such costs incidental to a redevelopment plan and a redevelopment project. Such costs include, without limitation, the following:

(1) Costs of studies, surveys, development of plans, and specifications, implementation and administration of the redevelopment plan including but not limited to staff and
professional service costs for architectural, engineering, legal, financial, planning or other services, provided however that no charges for professional services may be based on a percentage of the tax increment collected; except that on and after November 1, 1999 (the effective date of Public Act 91-478), no contracts for professional services, excluding architectural and engineering services, may be entered into if the terms of the contract extend beyond a period of 3 years. In addition, "redevelopment project costs" shall not include lobbying expenses. After consultation with the municipality, each tax increment consultant or advisor to a municipality that plans to designate or has designated a redevelopment project area shall inform the municipality in writing of any contracts that the consultant or advisor has entered into with entities or individuals that have received, or are receiving, payments financed by tax increment revenues produced by the redevelopment project area with respect to which the consultant or advisor has performed, or will be performing, service for the municipality. This requirement shall be satisfied by the consultant or advisor before the commencement of services for the municipality and thereafter whenever any other contracts with those individuals or entities are executed by the consultant or advisor;

(1.5) After July 1, 1999, annual administrative costs shall not include general overhead or administrative costs of the municipality that would still have been incurred by the municipality if the municipality had not designated a redevelopment project area or approved a redevelopment plan;

(1.6) The cost of marketing sites within the redevelopment project area to prospective businesses, developers, and investors;

(2) Property assembly costs, including but not limited to acquisition of land and other property, real or personal, or rights or interests therein, demolition of buildings, site preparation, site improvements that serve as an engineered barrier addressing ground level or below ground environmental contamination,

New matter indicated by italics - deletions by strikeout
including, but not limited to parking lots and other concrete or asphalt barriers, and the clearing and grading of land;

(3) Costs of rehabilitation, reconstruction or repair or remodeling of existing public or private buildings, fixtures, and leasehold improvements; and the cost of replacing an existing public building if pursuant to the implementation of a redevelopment project the existing public building is to be demolished to use the site for private investment or devoted to a different use requiring private investment;

(4) Costs of the construction of public works or improvements, except that on and after November 1, 1999, redevelopment project costs shall not include the cost of constructing a new municipal public building principally used to provide offices, storage space, or conference facilities or vehicle storage, maintenance, or repair for administrative, public safety, or public works personnel and that is not intended to replace an existing public building as provided under paragraph (3) of subsection (q) of Section 11-74.4-3 unless either (i) the construction of the new municipal building implements a redevelopment project that was adopted by the municipality prior to November 1, 1999 or (ii) the municipality makes a reasonable determination in the redevelopment plan, supported by information that provides the basis for that determination, that the new municipal building is required to meet an increase in the need for public safety purposes anticipated to result from the implementation of the redevelopment plan;

(5) Costs of job training and retraining projects, including the cost of "welfare to work" programs implemented by businesses located within the redevelopment project area;

(6) Financing costs, including but not limited to all necessary and incidental expenses related to the issuance of obligations and which may include payment of interest on any obligations issued hereunder including interest accruing during the
estimated period of construction of any redevelopment project for which such obligations are issued and for not exceeding 36 months thereafter and including reasonable reserves related thereto;

(7) To the extent the municipality by written agreement accepts and approves the same, all or a portion of a taxing district's capital costs resulting from the redevelopment project necessarily incurred or to be incurred within a taxing district in furtherance of the objectives of the redevelopment plan and project.

(7.5) For redevelopment project areas designated (or redevelopment project areas amended to add or increase the number of tax-increment-financing assisted housing units) on or after November 1, 1999, an elementary, secondary, or unit school district's increased costs attributable to assisted housing units located within the redevelopment project area for which the developer or redeveloper receives financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the assisted housing sites necessary for the completion of that housing as authorized by this Act, and which costs shall be paid by the municipality from the Special Tax Allocation Fund when the tax increment revenue is received as a result of the assisted housing units and shall be calculated annually as follows:

(A) for foundation districts, excluding any school district in a municipality with a population in excess of 1,000,000, by multiplying the district's increase in attendance resulting from the net increase in new students enrolled in that school district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since

the designation of the redevelopment project area by the most recently available per capita tuition cost as defined in Section 10-20.12a of the School Code less any increase in general State aid as defined in Section 18-8.05 of the School Code attributable to these added new students subject to the following annual limitations:

(i) for unit school districts with a district average 1995-96 Per Capita Tuition Charge of less than $5,900, no more than 25% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act;

(ii) for elementary school districts with a district average 1995-96 Per Capita Tuition Charge of less than $5,900, no more than 17% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act; and

(iii) for secondary school districts with a district average 1995-96 Per Capita Tuition Charge of less than $5,900, no more than 8% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act.

(B) For alternate method districts, flat grant districts, and foundation districts with a district average 1995-96 Per Capita Tuition Charge equal to or more than $5,900, excluding any school district with a population in excess of 1,000,000, by multiplying the district's increase in attendance resulting from the net increase in new students enrolled in that school district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of

necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by the most recently available per capita tuition cost as defined in Section 10-20.12a of the School Code less any increase in general state aid as defined in Section 18-8.05 of the School Code attributable to these added new students subject to the following annual limitations:

(i) for unit school districts, no more than 40% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act;

(ii) for elementary school districts, no more than 27% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act; and

(iii) for secondary school districts, no more than 13% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act.

(C) For any school district in a municipality with a population in excess of 1,000,000, the following restrictions shall apply to the reimbursement of increased costs under this paragraph (7.5):

(i) no increased costs shall be reimbursed unless the school district certifies that each of the schools affected by the assisted housing project is at or over its student capacity;

(ii) the amount reimbursable shall be reduced by the value of any land donated to the
school district by the municipality or developer, and
by the value of any physical improvements made to
the schools by the municipality or developer; and
(iii) the amount reimbursed may not affect
amounts otherwise obligated by the terms of any
bonds, notes, or other funding instruments, or the
terms of any redevelopment agreement.

Any school district seeking payment under this paragraph
(7.5) shall, after July 1 and before September 30 of each
year, provide the municipality with reasonable evidence to
support its claim for reimbursement before the municipality
shall be required to approve or make the payment to the
school district. If the school district fails to provide the
information during this period in any year, it shall forfeit
any claim to reimbursement for that year. School districts
may adopt a resolution waiving the right to all or a portion
of the reimbursement otherwise required by this paragraph
(7.5). By acceptance of this reimbursement the school
district waives the right to directly or indirectly set aside,
modify, or contest in any manner the establishment of the
redevelopment project area or projects;

(7.7) For redevelopment project areas designated (or
redevelopment project areas amended to add or increase the
number of tax-increment-financing assisted housing units) on or
after January 1, 2005 (the effective date of Public Act 93-961), a
public library district's increased costs attributable to assisted
housing units located within the redevelopment project area for
which the developer or redeveloper receives financial assistance
through an agreement with the municipality or because the
municipality incurs the cost of necessary infrastructure
improvements within the boundaries of the assisted housing sites
necessary for the completion of that housing as authorized by this
Act shall be paid to the library district by the municipality from the
Special Tax Allocation Fund when the tax increment revenue is

received as a result of the assisted housing units. This paragraph (7.7) applies only if (i) the library district is located in a county that is subject to the Property Tax Extension Limitation Law or (ii) the library district is not located in a county that is subject to the Property Tax Extension Limitation Law but the district is prohibited by any other law from increasing its tax levy rate without a prior voter referendum.

The amount paid to a library district under this paragraph (7.7) shall be calculated by multiplying (i) the net increase in the number of persons eligible to obtain a library card in that district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by (ii) the per-patron cost of providing library services so long as it does not exceed $120. The per-patron cost shall be the Total Operating Expenditures Per Capita as stated in the most recent Illinois Public Library Statistics produced by the Library Research Center at the University of Illinois. The municipality may deduct from the amount that it must pay to a library district under this paragraph any amount that it has voluntarily paid to the library district from the tax increment revenue. The amount paid to a library district under this paragraph (7.7) shall be no more than 2% of the amount produced by the assisted housing units and deposited into the Special Tax Allocation Fund.

A library district is not eligible for any payment under this paragraph (7.7) unless the library district has experienced an increase in the number of patrons from the municipality that created the tax-increment-financing district since the designation of the redevelopment project area.

Any library district seeking payment under this paragraph (7.7) shall, after July 1 and before September 30 of each year,
provide the municipality with convincing evidence to support its claim for reimbursement before the municipality shall be required to approve or make the payment to the library district. If the library district fails to provide the information during this period in any year, it shall forfeit any claim to reimbursement for that year. Library districts may adopt a resolution waiving the right to all or a portion of the reimbursement otherwise required by this paragraph (7.7). By acceptance of such reimbursement, the library district shall forfeit any right to directly or indirectly set aside, modify, or contest in any manner whatsoever the establishment of the redevelopment project area or projects;

(8) Relocation costs to the extent that a municipality determines that relocation costs shall be paid or is required to make payment of relocation costs by federal or State law or in order to satisfy subparagraph (7) of subsection (n);

(9) Payment in lieu of taxes;

(10) Costs of job training, retraining, advanced vocational education or career education, including but not limited to courses in occupational, semi-technical or technical fields leading directly to employment, incurred by one or more taxing districts, provided that such costs (i) are related to the establishment and maintenance of additional job training, advanced vocational education or career education programs for persons employed or to be employed by employers located in a redevelopment project area; and (ii) when incurred by a taxing district or taxing districts other than the municipality, are set forth in a written agreement by or among the municipality and the taxing district or taxing districts, which agreement describes the program to be undertaken, including but not limited to the number of employees to be trained, a description of the training and services to be provided, the number and type of positions available or to be available, itemized costs of the program and sources of funds to pay for the same, and the term of the agreement. Such costs include, specifically, the payment by community college districts of costs pursuant to Sections 3-37, 3-
38, 3-40 and 3-40.1 of the Public Community College Act and by school districts of costs pursuant to Sections 10-22.20a and 10-23.3a of The School Code;

(11) Interest cost incurred by a redeveloper related to the construction, renovation or rehabilitation of a redevelopment project provided that:

(A) such costs are to be paid directly from the special tax allocation fund established pursuant to this Act;

(B) such payments in any one year may not exceed 30% of the annual interest costs incurred by the redeveloper with regard to the redevelopment project during that year;

(C) if there are not sufficient funds available in the special tax allocation fund to make the payment pursuant to this paragraph (11) then the amounts so due shall accrue and be payable when sufficient funds are available in the special tax allocation fund;

(D) the total of such interest payments paid pursuant to this Act may not exceed 30% of the total (i) cost paid or incurred by the redeveloper for the redevelopment project plus (ii) redevelopment project costs excluding any property assembly costs and any relocation costs incurred by a municipality pursuant to this Act; and

(E) the cost limits set forth in subparagraphs (B) and (D) of paragraph (11) shall be modified for the financing of rehabilitated or new housing units for low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act. The percentage of 75% shall be substituted for 30% in subparagraphs (B) and (D) of paragraph (11).

(F) Instead of the eligible costs provided by subparagraphs (B) and (D) of paragraph (11), as modified by this subparagraph, and notwithstanding any other provisions of this Act to the contrary, the municipality may pay from tax increment revenues up to 50% of the cost of

construction of new housing units to be occupied by low-income households and very low-income households as defined in Section 3 of the Illinois Affordable Housing Act. The cost of construction of those units may be derived from the proceeds of bonds issued by the municipality under this Act or other constitutional or statutory authority or from other sources of municipal revenue that may be reimbursed from tax increment revenues or the proceeds of bonds issued to finance the construction of that housing.

The eligible costs provided under this subparagraph (F) of paragraph (11) shall be an eligible cost for the construction, renovation, and rehabilitation of all low and very low-income housing units, as defined in Section 3 of the Illinois Affordable Housing Act, within the redevelopment project area. If the low and very low-income units are part of a residential redevelopment project that includes units not affordable to low and very low-income households, only the low and very low-income units shall be eligible for benefits under subparagraph (F) of paragraph (11). The standards for maintaining the occupancy by low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act, of those units constructed with eligible costs made available under the provisions of this subparagraph (F) of paragraph (11) shall be established by guidelines adopted by the municipality. The responsibility for annually documenting the initial occupancy of the units by low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act, shall be that of the then current owner of the property. For ownership units, the guidelines will provide, at a minimum, for a reasonable recapture of funds, or other appropriate methods designed to preserve the original affordability of the ownership units. For rental units, the guidelines will
provide, at a minimum, for the affordability of rent to low and very low-income households. As units become available, they shall be rented to income-eligible tenants. The municipality may modify these guidelines from time to time; the guidelines, however, shall be in effect for as long as tax increment revenue is being used to pay for costs associated with the units or for the retirement of bonds issued to finance the units or for the life of the redevelopment project area, whichever is later.

(11.5) If the redevelopment project area is located within a municipality with a population of more than 100,000, the cost of day care services for children of employees from low-income families working for businesses located within the redevelopment project area and all or a portion of the cost of operation of day care centers established by redevelopment project area businesses to serve employees from low-income families working in businesses located in the redevelopment project area. For the purposes of this paragraph, "low-income families" means families whose annual income does not exceed 80% of the municipal, county, or regional median income, adjusted for family size, as the annual income and municipal, county, or regional median income are determined from time to time by the United States Department of Housing and Urban Development.

(12) Unless explicitly stated herein the cost of construction of new privately-owned buildings shall not be an eligible redevelopment project cost.

(13) After November 1, 1999 (the effective date of Public Act 91-478), none of the redevelopment project costs enumerated in this subsection shall be eligible redevelopment project costs if those costs would provide direct financial support to a retail entity initiating operations in the redevelopment project area while terminating operations at another Illinois location within 10 miles of the redevelopment project area but outside the boundaries of the redevelopment project area municipality. For purposes of this

paragraph, termination means a closing of a retail operation that is directly related to the opening of the same operation or like retail entity owned or operated by more than 50% of the original ownership in a redevelopment project area, but it does not mean closing an operation for reasons beyond the control of the retail entity, as documented by the retail entity, subject to a reasonable finding by the municipality that the current location contained inadequate space, had become economically obsolete, or was no longer a viable location for the retailer or serviceman.

If a special service area has been established pursuant to the Special Service Area Tax Act or Special Service Area Tax Law, then any tax increment revenues derived from the tax imposed pursuant to the Special Service Area Tax Act or Special Service Area Tax Law may be used within the redevelopment project area for the purposes permitted by that Act or Law as well as the purposes permitted by this Act.

(r) "State Sales Tax Boundary" means the redevelopment project area or the amended redevelopment project area boundaries which are determined pursuant to subsection (9) of Section 11-74.4-8a of this Act. The Department of Revenue shall certify pursuant to subsection (9) of Section 11-74.4-8a the appropriate boundaries eligible for the determination of State Sales Tax Increment.
