EFFECTIVE DATES OF PUBLIC ACTS

1970 CONSTITUTION, ARTICLE IV

"§ 10. Effective Date of Laws

The General Assembly shall provide by law for a uniform effective date for laws passed prior to July 1 of a calendar year. The General Assembly may provide for a different effective date in any law passed prior to July 1. A bill passed after June 30 shall not become effective prior to July 1 of the next calendar year unless the General Assembly by the vote of three-fifths of the members elected to each house provides for an earlier effective date."

5 ILLINOIS COMPILED STATUTES CHAPTER 75

75/1. Effective Date of Laws

"§1 (a) A bill passed after June 30 of a calendar year shall become effective on July 1 of the next calendar year unless the General Assembly by a vote of three-fifths of the members elected to each house provides for an earlier effective date in the terms of the bill or unless the General Assembly provides for a later effective date in the terms of the bill; provided that if the effective date provided in the terms of the bill is prior to the date the bill becomes a law then the date the bill becomes a law shall be the effective date." (a) A bill passed prior to July 1 of a calendar year that does not provide for an effective date in the terms of the bill shall become effective on January 1 of the following year, or upon its becoming a law, whichever is later.

(b) A bill passed prior to July 1 of a calendar year that does provide for an effective date in the terms of the bill shall become effective on that date if that date is the same as or subsequent to the date the bill becomes a law; provided that if the effective date provided in the terms of the bill is prior to the date the bill becomes a law then the date the bill becomes a law shall be the effective date."

75/2. Special Effective Dates

"§2 A bill passed after June 30 of a calendar year shall become effective on July 1 of the next calendar year unless the General Assembly by a vote of three-fifths of the members elected to each house provides for an earlier effective date in the terms of the bill or unless the General Assembly provides for a later effective date in the terms of the bill; provided that if the effective date provided in the terms of the bill is prior to the date the bill becomes a law then the date the bill becomes a law shall be the effective date."

(House Bill No. 1798)

AN ACT concerning civil law.
Be it enacted by the People of the State of Illinois, represented in
the General Assembly:

Section 5. The Wrongful Death Act is amended by changing
Section 2 as follows:

(740 ILCS 180/2) (from Ch. 70, par. 2)
Sec. 2. Every such action shall be brought by and in the names of
the personal representatives of such deceased person, and, except as
otherwise hereinafter provided, the amount recovered in every such
action shall be for the exclusive benefit of the surviving spouse and next of kin of
such deceased person. In and in every such action the jury may give such
damages as they shall deem a fair and just compensation with reference to
the pecuniary injuries resulting from such death, including damages for
grief, sorrow, and mental suffering, to the surviving spouse and next of
kin of such deceased person.

In every such action, the jury shall determine the amount of
damages to be recovered without regard to and with no special instruction
as to the dollar limits on recovery imposed by this Section. In no event
shall the judgment entered upon such verdict exceed $20,000 where such
death occurred prior to July 14, 1955, and not exceeding $25,000 where
such death occurred on or after July 14, 1955 and prior to July 8, 1957,
and not exceeding $30,000 where such death occurs on or after July 8,
1957 and prior to the effective date of this amendatory Act of 1967, and
without limitation where such death occurs on or after the effective date of
this amendatory Act of 1967.

New matter indicated by italics - deletions by strikeout
The amount recovered in any such action shall be distributed by the court in which the cause is heard or, in the case of an agreed settlement, by the circuit court, to each of the surviving spouse and next of kin of such deceased person in the proportion, as determined by the court, that the percentage of dependency of each such person upon the deceased person bears to the sum of the percentages of dependency of all such persons upon the deceased person.

Where the deceased person left no surviving spouse or next of kin entitled to recovery, the damages shall, subject to the following limitations inure, to the exclusive benefit of the following persons, or any one or more of them:

(a) to the person or persons furnishing hospitalization or hospital services in connection with the last illness or injury of the deceased person, not exceeding $450;

(b) to the person or persons furnishing medical or surgical services in connection with such last illness or injury, not exceeding $450;

(c) to the personal representatives, as such, for the costs and expenses of administering the estate and prosecuting or compromising the action, including a reasonable attorney's fee. In any such case the measure of damages to be recovered shall be the total of the reasonable value of such hospitalization or hospital service, medical and surgical services, funeral expenses, and such costs and expenses of administration, including attorney fees, not exceeding the foregoing limitations for each class of such expenses and not exceeding $900 plus a reasonable attorney's fee.

Every such action shall be commenced within 2 years after the death of such person but an action against a defendant arising from a crime committed by the defendant in whose name an escrow account was established under the "Criminal Victims' Escrow Account Act" shall be commenced within 2 years after the establishment of such account. For the purposes of this Section 2, next of kin includes an adopting parent and an adopted child, and they shall be treated as a natural parent and a natural child, respectively. However, if a person entitled to recover benefits under this Act, is, at the time the cause of action accrued, within the age of 18
years, he or she may cause such action to be brought within 2 years after attainment of the age of 18.

In any such action to recover damages, it shall not be a defense that the death was caused in whole or in part by the contributory negligence of one or more of the beneficiaries on behalf of whom the action is brought, but the amount of damages given shall be reduced in the following manner.

The trier of fact shall first determine the decedent's contributory fault in accordance with Sections 2-1116 and 2-1107.1 of the Code of Civil Procedure. Recovery of damages shall be barred or diminished accordingly. The trier of fact shall then determine the contributory fault, if any, of each beneficiary on behalf of whom the action was brought:

(1) Where the trier of fact finds that the contributory fault of a beneficiary on whose behalf the action is brought is not more than 50% of the proximate cause of the wrongful death of the decedent, then the damages allowed to that beneficiary shall be diminished in proportion to the contributory fault attributed to that beneficiary. The amount of the reduction shall not be payable by any defendant.

(2) Where the trier of fact finds that the contributory fault of a beneficiary on whose behalf the action is brought is more than 50% of the proximate cause of the wrongful death of the decedent, then the beneficiary shall be barred from recovering damages and the amount of damages which would have been payable to that beneficiary, but for the beneficiary's contributory fault, shall not inure to the benefit of the remaining beneficiaries and shall not be payable by any defendant.

The trial judge shall conduct a hearing to determine the degree of dependency of each beneficiary upon the decedent. The trial judge shall calculate the amount of damages to be awarded each beneficiary, taking into account any reduction arising from either the decedent's or the beneficiary's contributory fault.

This amendatory Act of the 91st General Assembly applies to all actions pending on or filed after the effective date of this amendatory Act.
This amendatory Act of the 95th General Assembly applies to causes of actions accruing on or after its effective date.

appoint its own school treasurer as provided in Section 8-1 of this Code. Upon the adoption and passage of the resolution and the election or appointment by the school board of its own school treasurer: (1) the trustees of schools in the township or townships shall no longer have or exercise any powers or duties with respect to the school district or with respect to the school business, operations, or assets of the school district; (2) all books and records of the trustees of schools and all moneys, securities, loanable funds, and other assets relating to the school business and affairs of the school district shall be transferred and delivered to the school board; and (3) all legal title to and all right, title, and interest formerly held by the trustees of schools in any common school lands, school buildings, or school sites used and occupied by the school board and all rights of property and causes of action pertaining to or constituting a part of the common school lands, buildings, or sites shall be deemed transferred by operation of law to and shall vest in the school board.

*Notwithstanding subsections (a) and (c), the respective school boards of Berwyn North School District 98, Berwyn South School District 100, Cicero School District 99, and J.S. Morton High School District 201 may, by proper resolution, withdraw from the jurisdiction and authority of the trustees of schools of Cicero Township and the township treasurer, provided that the school board shall, upon the adoption and passage of the resolution, elect or appoint its own school treasurer as provided in Section 8-1 of this Code. Upon the adoption and passage of the resolution and the election or appointment by the school board of its own school treasurer: (1) the trustees of schools in the township shall no longer have or exercise any powers or duties with respect to the school district or with respect to the school business, operations, or assets of the school district; (2) all books and records of the trustees of schools and all moneys, securities, loanable funds, and other assets relating to the school business and affairs of the school district shall be transferred and delivered to the school board; and (3) all legal title to and all right, title, and interest formerly held by the trustees of schools in any common school lands, school buildings, or school sites used and occupied by the school board and all rights of property and causes of action pertaining to or*

constituting a part of the common school lands, buildings, or sites shall be deemed transferred by operation of law to and shall vest in the school board.

(c) Notwithstanding the provisions of subsection (a), the offices of township treasurer and trustee of schools of any township located in a Class II county school unit shall be abolished as provided in this subsection if all of the following conditions are met:

(1) During the same 30 day period, each school board of each elementary and unit school district that is subject to the jurisdiction and authority of the township treasurer and trustees of schools of the township in which those offices are sought to be abolished gives written notice by certified mail, return receipt requested to the township treasurer and trustees of schools of that township of the date of a meeting of the school board, to be held not more than 90 nor less than 60 days after the date when the notice is given, at which meeting the school board is to consider and vote upon the question of whether there shall be submitted to the electors of the school district a proposition to abolish the offices of township treasurer and trustee of schools of that township. None of the notices given under this paragraph to the township treasurer and trustees of schools of a township shall be deemed sufficient or in compliance with the requirements of this paragraph unless all of those notices are given within the same 30 day period.

(2) Each school board of each elementary and unit school district that is subject to the jurisdiction and authority of the township treasurer and trustees of schools of the township in which those offices are sought to be abolished, by the affirmative vote of at least 5 members of the school board at a school board meeting of which notice is given as required by paragraph (1) of this subsection, adopts a resolution requiring the secretary of the school board to certify to the proper election authorities for submission to the electors of the school district at the next consolidated election in accordance with the general election law a proposition to abolish

the offices of township treasurer and trustee of schools of that
township. None of the resolutions adopted under this paragraph by
any elementary or unit school districts that are subject to the
jurisdiction and authority of the township treasurer and trustees of
schools of the township in which those offices are sought to be
abolished shall be deemed in compliance with the requirements of
this paragraph or sufficient to authorize submission of the
proposition to abolish those offices to a referendum of the electors
in any such school district unless all of the school boards of all of
the elementary and unit school districts that are subject to the
jurisdiction and authority of the township treasurer and trustees of
schools of that township adopt such a resolution in accordance
with the provisions of this paragraph.

(3) The school boards of all of the elementary and unit
school districts that are subject to the jurisdiction and authority of
the township treasurer and trustees of schools of the township in
which those offices are sought to be abolished submit a proposition
to abolish the offices of township treasurer and trustee of schools
of that township to the electors of their respective school districts
at the same consolidated election in accordance with the general
election law, the ballot in each such district to be in substantially
the following form:

        Shall the offices of township

(4) At the consolidated election at which the proposition to
abolish the offices of township treasurer and trustee of schools of a
township is submitted to the electors of each elementary and unit
school district that is subject to the jurisdiction and authority of the

township treasurer and trustee of schools of that township, a majority of the electors voting on the proposition in each such elementary and unit school district votes in favor of the proposition as submitted to them.

If in each elementary and unit school district that is subject to the jurisdiction and authority of the township treasurer and trustees of schools of the township in which those offices are sought to be abolished a majority of the electors in each such district voting at the consolidated election on the proposition to abolish the offices of township treasurer and trustee of schools of that township votes in favor of the proposition as submitted to them, the proposition shall be deemed to have passed; but if in any such elementary or unit school district a majority of the electors voting on that proposition in that district fails to vote in favor of the proposition as submitted to them, then notwithstanding the vote of the electors in any other such elementary or unit school district on that proposition the proposition shall not be deemed to have passed in any of those elementary or unit school districts, and the offices of township treasurer and trustee of schools of the township in which those offices were sought to be abolished shall not be abolished, unless in each of those elementary and unit school districts remaining subject to the jurisdiction and authority of the township treasurer and trustees of schools of that township proceedings are again initiated to abolish those offices and all of the proceedings and conditions prescribed in paragraphs (1) through (4) of this subsection are repeated and met in each of those elementary and unit school districts.

Notwithstanding the foregoing provisions of this Section or any other provision of the School Code, the offices of township treasurer and trustee of schools of a township that has a population of less than 200,000 and that contains a unit school district and is located in a Class II county school unit shall also be abolished as provided in this subsection if all of the conditions set forth in paragraphs (1), (2), and (3) of this subsection are met and if the following additional condition is met:

The electors in all of the school districts subject to the jurisdiction and authority of the township treasurer and trustees of

schools of the township in which those offices are sought to be abolished shall vote at the consolidated election on the proposition to abolish the offices of township treasurer and trustee of schools of that township. If a majority of the electors in all of the school districts combined voting on the proposition vote in favor of the proposition, then the proposition shall be deemed to have passed; but if a majority of the electors voting on the proposition in all of the school district fails to vote in favor of the proposition as submitted to them, then the proposition shall not be deemed to have passed and the offices of township treasurer and trustee of schools of the township in which those offices were sought to be abolished shall not be abolished, unless and until the proceedings detailed in paragraphs (1) through (3) of this subsection and the conditions set forth in this paragraph are met.

If the proposition to abolish the offices of township treasurer and trustee of schools of a township is deemed to have passed at the consolidated election as provided in this subsection, those offices shall be deemed abolished by operation of law effective on January 1 of the calendar year immediately following the calendar year in which that consolidated election is held, provided that if after the election, the trustees of schools by resolution elect to abolish the offices of township treasurer and trustee of schools effective on July 1 immediately following the election, then the offices shall be abolished on July 1 immediately following the election. On the date that the offices of township treasurer and trustee of schools of a township are deemed abolished by operation of law, the school board of each elementary and unit school district and the school board of each high school district that is subject to the jurisdiction and authority of the township treasurer and trustees of schools of that township at the time those offices are abolished: (i) shall appoint its own school treasurer as provided in Section 8-1; and (ii) unless the term of the contract of a township treasurer expires on the date that the office of township treasurer is abolished, shall pay to the former township treasurer its proportionate share of any aggregate compensation that, were the office of township treasurer not abolished at that time, would have been payable.
to the former township treasurer after that date over the remainder of the term of the contract of the former township treasurer that began prior to but ends after that date. In addition, on the date that the offices of township treasurer and trustee of schools of a township are deemed abolished as provided in this subsection, the school board of each elementary school, high school and unit school district that until that date is subject to the jurisdiction and authority of the township treasurer and trustees of schools of that township shall be deemed by operation of law to have agreed and assumed to pay and, when determined, shall pay to the Illinois Municipal Retirement Fund a proportionate share of the unfunded liability existing in that Fund at the time these offices are abolished in that calendar year for all annuities or other benefits then or thereafter to become payable from that Fund with respect to all periods of service performed prior to that date as a participating employee in that Fund by persons serving during those periods of service as a trustee of schools, township treasurer or regular employee in the office of the township treasurer of that township. That unfunded liability shall be actuarially determined by the board of trustees of the Illinois Municipal Retirement Fund, and the board of trustees shall thereupon notify each school board required to pay a proportionate share of that unfunded liability of the aggregate amount of the unfunded liability so determined. The amount so paid to the Illinois Municipal Retirement Fund by each of those school districts shall be credited to the account of the township in that Fund. For each elementary school, high school and unit school district under the jurisdiction and authority of a township treasurer and trustees of schools of a township in which those offices are abolished as provided in this subsection, each such district's proportionate share of the aggregate compensation payable to the former township treasurer as provided in this paragraph and each such district's proportionate share of the aggregate amount of the unfunded liability payable to the Illinois Municipal Retirement Fund as provided in this paragraph shall be computed in accordance with the ratio that the number of pupils in average daily attendance in each such district as reported in schedules prepared under Section 24-19 for the school year last ending prior to the date on which the offices of township treasurer and trustee of
schools of that township are abolished bears to the aggregate number of pupils in average daily attendance in all of those districts as so reported for that school year.

Upon abolition of the offices of township treasurer and trustee of schools of a township as provided in this subsection: (i) the regional board of school trustees, in its corporate capacity, shall be deemed the successor in interest to the former trustees of schools of that township with respect to the common school lands and township loanable funds of the township; (ii) all right, title and interest existing or vested in the former trustees of schools of that township in the common school lands and township loanable funds of the township, and all records, moneys, securities and other assets, rights of property and causes of action pertaining to or constituting a part of those common school lands or township loanable funds, shall be transferred to and deemed vested by operation of law in the regional board of school trustees, which shall hold legal title to, manage and operate all common school lands and township loanable funds of the township, receive the rents, issues and profits therefrom, and have and exercise with respect thereto the same powers and duties as are provided by this Code to be exercised by regional boards of school trustees when acting as township land commissioners in counties having at least 220,000 but fewer than 2,000,000 inhabitants; (iii) the regional board of school trustees shall select to serve as its treasurer with respect to the common school lands and township loanable funds of the township a person from time to time also serving as the appointed school treasurer of any school district that was subject to the jurisdiction and authority of the township treasurer and trustees of schools of that township at the time those offices were abolished, and the person selected to also serve as treasurer of the regional board of school trustees shall have his compensation for services in that capacity fixed by the regional board of school trustees, to be paid from the township loanable funds, and shall make to the regional board of school trustees the reports required to be made by treasurers of township land commissioners, give bond as required by treasurers of township land commissioners, and perform the duties and exercise the powers of treasurers of township land commissioners; (iv) the regional board of

school trustees shall designate in the manner provided by Section 8-7, insofar as applicable, a depositary for its treasurer, and the proceeds of all rents, issues and profits from the common school lands and township loanable funds of that township shall be deposited and held in the account maintained for those purposes with that depositary and shall be expended and distributed therefrom as provided in Section 15-24 and other applicable provisions of this Code; and (v) whenever there is vested in the trustees of schools of a township at the time that office is abolished under this subsection the legal title to any school buildings or school sites used or occupied for school purposes by any elementary school, high school or unit school district subject to the jurisdiction and authority of those trustees of school at the time that office is abolished, the legal title to those school buildings and school sites shall be deemed transferred by operation of law to and invested in the school board of that school district, in its corporate capacity Section 7-28, the same to be held, sold, exchanged, leased or otherwise transferred in accordance with applicable provisions of this Code.

Notwithstanding Section 2-3.25g of this Code, a waiver of a mandate established under this Section may not be requested.

PUBLIC ACT 95-0005
(Senate Bill No. 0244)

AN ACT concerning State government.
WHEREAS, The 94th General Assembly funded a study by the Lewin Group, "An Evaluation of Illinois' 'Certificate of Need' Program", which recommended that "... the Illinois legislature move forward to continue the 'Certificate-of-Need' program with an abundance of

New matter indicated by italics - deletions by strikeout
caution...". Given the potential for harm to specific critical elements of the health care system, non-traditional arguments for maintaining "Certificate-of-Need" laws deserve consideration, until the evidence on the impact that specialty providers and ambulatory surgery centers may have on safety-net providers and services can be better quantified. In response to the Lewin analysis and additional concerns regarding health planning in Illinois, the 95th General Assembly enacted Senate Bill 611 (Public Act 95-0001) that extended the "sunset" date of the Illinois Health Facilities Planning Act from April 1, 2007 to May 31, 2007 so that interested parties could agree on a strategy to further extend the "sunset" date, and develop a more comprehensive reform agenda; therefore

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Health Facilities Planning Act is amended by changing Section 19.6 and by adding Sections 12.5 and 15.5 as follows:

(20 ILCS 3960/12.5 new)

Sec. 12.5. Update existing bed inventory and associated bed need projections. While the Task Force on Health Planning Reform will make long-term recommendations related to the method and formula for calculating the bed inventory and associated bed need projections, there is a current need for the bed inventory to be updated prior to the issuance of the recommendations of the Task Force. Therefore, the State Agency shall immediately update the existing bed inventory and associated bed need projections required by Sections 12 and 12.3 of this Act, using the most recently published historical utilization data, 10-year population projections, and an appropriate migration factor for the medical-surgical and pediatric category of service which shall be no less than 50%. The State Agency shall provide written documentation providing the methodology and rationale used to determine the appropriate migration factor.

(20 ILCS 3960/15.5 new)

Sec. 15.5. Task Force on Health Planning Reform.

(a) The Task Force on Health Planning Reform is created.

New matter indicated by italics - deletions by strikeout
(b) The Task Force shall consist of 19 voting members, as follows: 6 persons, who are not currently employed by a State agency, appointed by the Director of Public Health, 3 of whom shall be persons with knowledge and experience in the delivery of health care services, including at least one person representing organized health service workers, 2 of whom shall be persons with professional experience in the administration or management of health care facilities, and one of whom shall be a person with experience in health planning; 2 members of the Illinois Senate appointed by the President of the Senate, one of whom shall be a co-chair to the Task Force; 2 members of the Illinois Senate appointed by the Senate Minority Leader; 2 members of the Illinois House of Representatives appointed by the Speaker of the House of Representatives, one of whom shall be a co-chair to the Task Force; 2 members of the Illinois House of Representatives appointed by the House Minority Leader; the Attorney General, or his or her designee; and 4 members of the general public, representing health care consumers, appointed by the Attorney General of Illinois.

The following persons, or their designees, shall serve, ex officio, as nonvoting members of the Task Force: the Director of Public Health, the Secretary of the Illinois Health Facilities Planning Board, the Director of Healthcare and Family Services, the Secretary of Human Services, and the Director of the Governor's Office of Management and Budget.

Members shall serve without compensation, but may be reimbursed for their expenses in relation to duties on the Task Force.

A vote of 12 members appointed to the Task Force is required with respect to the adoption of recommendations to the Governor and General Assembly and the final report required by this Section.

(c) The Task Force shall gather information and make recommendations relating to at least the following topics in relation to the Illinois Health Facilities Planning Act:

1. The impact of health planning on the provision of essential and accessible health care services; prevention of unnecessary duplication of facilities and services; improvement in the efficiency of the health care system; maintenance of an

New matter indicated by italics - deletions by strikeout
environment in the health care system that supports quality care; the most economic use of available resources; and the effect of repealing this Act.

(2) Reform of the Illinois Health Facilities Planning Board to enable it to undertake a more active role in health planning to provide guidance in the development of services to meet the health care needs of Illinois, including identifying and recommending initiatives to meet special needs.

(3) Reforms to ensure that health planning under the Illinois Health Facilities Planning Act is coordinated with other health planning laws and activities of the State.

(4) Reforms that will enable the Illinois Health Facilities Planning Board to focus most of its project review efforts on "Certificate-of-Need" applications involving new facilities, discontinuation of services, major expansions, and volume-sensitive services, and to expedite review of other projects to the maximum extent possible.

(5) Reforms that will enable the Illinois Health Facilities Planning Board to determine how criteria, standards, and procedures for evaluating project applications involving specialty providers, ambulatory surgical facilities, and other alternative health care models should be amended to give special attention to the impact of those projects on traditional community hospitals to assure the availability and access to essential quality medical care in those communities.

(6) Implementation of policies and procedures necessary for the Illinois Health Facilities Planning Board to give special consideration to the impact of the projects it reviews on access to "safety net" services.

(7) Changes in policies and procedures to make the Illinois health facilities planning process predictable, transparent, and as efficient as possible; requiring the State Agency (the Illinois Department of Public Health) and the Illinois Health Facilities Planning Board to provide timely and appropriate explanations of

New matter indicated by italics - deletions by strikeout
its decisions and establish more effective procedures to enable public review and comment on facts set forth in State Agency staff analyses of project applications prior to the issuance of final decisions on each project.

(8) Reforms to ensure that patient access to new and modernized services will not be delayed during a transition period under any proposed system reform; and that the transition should minimize disruption of the process for current applicants.

(9) Identification of the resources necessary to support the work of the Agency and the Board.

(d) The Task Force shall recommend reforms regarding the following:

(1) The size and membership of current Illinois Health Facilities Planning Board. Review and make recommendations on the reorganization of the structure and function of the Illinois Health Facilities Planning Board and the State Agency responsible for health planning (the Illinois Department of Public Health), giving consideration to various options for reassigning the primary responsibility for the review, approval, and denial of project applications between the Board and the State Agency, so that the "Certificate-of-Need" process is administered in the most effective, efficient, and consistent manner possible in accordance with the objectives referenced in subsection (c) of this Section.

(2) Changes in policies and procedures that will charge the Illinois Health Facilities Planning Board with developing a long-range health facilities plan (10 years) to be updated at least every 2 years, so that it is a rolling 10-year plan based upon data no older than 2 years. The plan should incorporate an inventory of the State's health facilities infrastructure including both facilities and services regulated under this Act, as well as facilities and services that are not currently regulated under this Act, as determined by the Board. The planning criteria and standards should be adjusted to take into consideration services that are regulated under the Act, but are also offered by non-regulated providers. The Illinois
Department of Public Health bed inventory should be updated each year using the most recent utilization data for both hospitals and long-term care facilities including 2003, 2004, 2005 and subsequent-year inpatient discharges and days. This revised bed supply should be used as the bed supply input for all Planning Area bed-need calculations. Ten-year population projection data should be incorporated into the plan. Plan updates may include redrawing planning area boundaries to reflect population changes. The Task Force shall consider whether the inventory formula should use migration factors for the medical/surgical, pediatrics, obstetrics, and other categories of service, and if so, what those migration factors should be. The Board should hold public hearings on the plan and its updates. There should be a mechanism for the public to request that the plan be updated more frequently to address emerging population and demographic trends. In developing the plan, the Board should consider health plans and other related publications that have been developed both in Illinois and nationally. In developing the plan, the need to ensure access to care, especially for "safety net" services, including rural and medically underserved communities, should be included.

(3) Changes in regulations that establish separate criteria, standards, and procedures when necessary to adjust for structural, functional, and operational differences between long-term care facilities and acute care facilities and that allow routine changes of ownership, facility sales, and closure requests to be processed on a timely basis. Consider rules to allow flexibility for facilities to modernize, expand, or convert to alternative uses that are in accord with health planning standards.

(4) Changes in policies and procedures so that the Illinois Health Facilities Planning Board updates the standards and criteria on a regular basis and proposes new standards to keep pace with the evolving health care delivery system. Proton Therapy and Treatment is an example of a new, cutting-edge procedure that may require the Board to immediately develop criteria, standards,

New matter indicated by italics - deletions by strikeout
and procedures for that type of facility. Temporary advisory committees may be appointed to assist in the development of revisions to the Board’s standards and criteria, including experts with professional competence in the subject matter of the proposed standards or criteria that are to be developed.

(5) Changes in policies and procedures to expedite project approval, particularly for less complex projects, including standards for determining whether a project is in “substantial compliance” with the Board’s review standards. The review standards must include a requirement for applicants to include a “Safety Net” Impact Statement. This Statement shall describe the project’s impact on safety net services in the community. The State Agency Report shall include an assessment of the Statement.

(6) Changes to enforcement processes and compliance standards to ensure they are fair and consistent with the severity of the violation.

(7) Revisions in policies and procedures to prevent conflicts of interest by members of the Illinois Health Facilities Planning Board and State Agency staff, including increasing the penalties for violations.

(8) Other changes determined necessary to improve the administration of this Act.

(e) The State Agency, at the direction of the Task Force, may hire any necessary staff or consultants, enter into contracts, and make any expenditures necessary for carrying out the duties of the Task Force, all out of moneys appropriated for that purpose. Staff support services shall be provided to the Task Force by the State Agency from such appropriations.

(f) The Task Force may establish any advisory committee to ensure maximum public participation in the Task Force’s planning, organization, and implementation review process. If established, advisory committees shall (i) advise and assist the Task Force in its duties and (ii) help the Task Force to identify issues of public concern.
(g) The Task Force shall submit findings and recommendations to the Governor and the General Assembly by March 1, 2008, including any necessary implementing legislation, and recommendations for changes to policies, rules, or procedures that are not incorporated in the implementing legislation.

(h) The Task Force is abolished on August 1, 2008.

Sec. 7-8. The State central committee shall be composed of one or two members from each congressional district in the State and shall be elected as follows:

State Central Committee

(a) Within 30 days after the effective date of this amendatory Act of 1983 the State central committee of each political party shall certify to the State Board of Elections which of the following alternatives it wishes to apply to the State central committee of that party.

Alternative A. At the primary held on the third Tuesday in March 1970; and at the general primary election held every 4 years thereafter, each primary elector may vote for one candidate of his party for member of the State central committee for the congressional district in which he resides. The candidate receiving the highest number of votes shall be declared elected State central committeeman from the district. A political party may, in lieu of the foregoing, by a majority vote of delegates at any State convention of such party, determine to thereafter elect the State central committeemen in the manner following:

At the county convention held by such political party State central committeemen shall be elected in the same manner as provided in this Article for the election of officers of the county central committee, and such election shall follow the election of officers of the county central committee. Each elected ward, township or precinct committeeman shall cast as his vote one vote for each ballot voted in his ward, township, part of a township or precinct in the last preceding primary election of his political party. In the case of a county lying partially within one congressional district and partially within another congressional district, each ward, township or precinct committeeman shall vote only with respect to the congressional district in which his ward, township, part of a township or precinct is located. township or precinct in the last preceding primary election of his political party for one candidate of his party for member of the State central committee for the congressional district in which he resides and the Chairman of the county central committee shall report the results of the election to the State Board of Elections. The State Board of Elections shall certify the candidate receiving the highest number of votes elected State central committeeman for that congressional district.

The State central committee shall adopt rules to provide for and govern the procedures to be followed in the election of members of the State central committee.

After the effective date of this amendatory Act of the 91st General Assembly, whenever a vacancy occurs in the office of Chairman of a State central committee, or at the end of the term of office of Chairman, the State central committee of each political party that has selected Alternative A shall elect a Chairman who shall not be required to be a member of the State Central Committee. The Chairman shall be a registered voter in this State and of the same political party as the State central committee.

Alternative B. Each congressional committee shall, within 30 days after the adoption of this alternative, appoint a person of the sex opposite that of the incumbent member for that congressional district to serve as an additional member of the State central committee until his or her successor is elected at the general primary election in 1986. Each congressional committee shall make this appointment by voting on the basis set forth in paragraph (e) of this Section. In each congressional district at the general primary election held in 1986 and every 4 years thereafter, the male candidate receiving the highest number of votes of the party's male candidates for State central committeeman, and the female candidate receiving the highest number of votes of the party's female candidates for State central committeewoman, shall be declared elected State central committeeman and State central committeewoman from the district. At the general primary election held in 1986 and every 4 years thereafter, if all a party's candidates for State central committeemen or State central committeewomen from a congressional district are of the same sex, the candidate receiving the highest number of votes shall be declared elected a
State central committeeman or State central committeewoman from the district, and, because of a failure to elect one male and one female to the committee, a vacancy shall be declared to exist in the office of the second member of the State central committee from the district. This vacancy shall be filled by appointment by the congressional committee of the political party, and the person appointed to fill the vacancy shall be a resident of the congressional district and of the sex opposite that of the committeeman or committeewoman elected at the general primary election. Each congressional committee shall make this appointment by voting on the basis set forth in paragraph (e) of this Section.

The Chairman of a State central committee composed as provided in this Alternative B must be selected from the committee's members.

Except as provided for in Alternative A with respect to the selection of the Chairman of the State central committee, under both of the foregoing alternatives, the State central committee of each political party shall be composed of members elected or appointed from the several congressional districts of the State, and of no other person or persons whomsoever. The members of the State central committee shall, within 41 days after each quadrennial election of the full committee, meet in the city of Springfield and organize by electing a chairman, and may at such time elect such officers from among their own number (or otherwise), as they may deem necessary or expedient. The outgoing chairman of the State central committee of the party shall, 10 days before the meeting, notify each member of the State central committee elected at the primary of the time and place of such meeting. In the organization and proceedings of the State central committee, each State central committeeman and State central committeewoman shall have one vote for each ballot voted in his or her congressional district by the primary electors of his or her party at the primary election immediately preceding the meeting of the State central committee. Whenever a vacancy occurs in the State central committee of any political party, the vacancy shall be filled by appointment of the chairmen of the county central committees of the political party of the counties located within the congressional district in which the vacancy occurs and, if applicable, the ward and township

If the congressional district in which the vacancy occurs lies wholly within a county of 2,000,000 or more inhabitants, the ward and township committeemen of the political party in that congressional district shall vote to fill the vacancy. In voting to fill the vacancy, each chairman of a county central committee and each ward and township committeeman in counties of 2,000,000 or more inhabitants shall have one vote for each ballot voted in each precinct of the congressional district in which the vacancy exists of his or her county, township, or ward cast by the primary electors of his or her party at the primary election immediately preceding the meeting to fill the vacancy in the State central committee. The person appointed to fill the vacancy shall be a resident of the congressional district in which the vacancy occurs, shall be a qualified voter, and, in a committee composed as provided in Alternative B, shall be of the same sex as his or her predecessor. A political party may, by a majority vote of the delegates of any State convention of such party, determine to return to the election of State central committeeman and State central committeewoman by the vote of primary electors. Any action taken by a political party at a State convention in accordance with this Section shall be reported to the State Board of Elections by the chairman and secretary of such convention within 10 days after such action.

(b-5) Notwithstanding the provisions of subsection (b) and Section 1.25 of the Statute on Statutes, any contribution of more than $500 received (i) with respect to elections other than the general primary election, in the interim between the last date of the period covered by the last report filed under subsection (b) prior to the election and the date of the election or (ii) with respect to general primary elections, in the period beginning January 1 of the year of the general primary election and prior to the date of the general primary election shall be filed with and must actually be received by the State Board of Elections within 2 business days after receipt of such contribution. In the final disposition of any matter by the Board on or after the effective date of this amendatory Act of the 93rd General Assembly, the Board may impose fines for violations of this subsection not to exceed 100% of the total amount of the contributions that were untimely reported, but in no case when a fine is imposed shall it be less than 10% of the total amount of the contributions that were untimely reported. When considering the amount of the fine to be imposed, the Board shall consider, but is not limited to, the following factors:

(1) whether in the Board's opinion the violation was committed inadvertently, negligently, knowingly, or intentionally;

(2) the number of days the contribution was reported late;

and

(3) past violations of Sections 9-3 and 9-10 of this Article by the committee.

(c) In addition to such reports the treasurer of every political committee shall file semi-annual reports of campaign contributions and expenditures no later than July 20th, covering the period from January 1st through June 30th immediately preceding, and no later than January 20th, covering the period from July 1st through December 31st of the preceding calendar year. (410 ILCS 305/2) (from Ch. 111 1/2, par. 7302)
Sec. 2. The General Assembly finds that:

(1) The use of tests designed to reveal a condition indicative of Human Immunodeficiency Virus (HIV) infection can be a valuable tool in protecting the public health.

(2) Despite existing laws, regulations and professional standards which require or promote the informed, voluntary and confidential use of tests designed to reveal HIV infection, many members of the public are deterred from seeking such testing because they misunderstand the nature of the test or fear that test results will be disclosed without their consent.

(3) The public health will be served by facilitating informed, voluntary and confidential use of tests designed to reveal HIV infection.

(4) The public health will also be served by expanding the availability of informed, voluntary, and confidential HIV testing and making HIV testing a routine part of general medical care, as recommended by the United States Centers for Disease Control and Prevention.

For purposes of this Section, Saturdays, Sundays, legal holidays and local bank holidays are not banking days. A quarter monthly period, for purposes of this subsection, ends on the 7th, 15th, 22nd and last day of each calendar month. Every such employer shall for each calendar quarter, on or before the last day of the first month following the close of such quarter, and for the calendar year, on or before January 31 of the succeeding calendar year, make a return with respect to such taxes in such form and manner as the Department may by regulations prescribe, and pay to the Department or to a depositary designated by the Department all withheld taxes not previously paid to the Department.

(d) Annual Payments: Returns. Where the amount of compensation paid by an employer is not sufficient to require the withholding of tax from
the compensation of any of its employees (or where the aggregate amount withheld is less than $500), the Department may by regulation permit such employer to file only an annual return and to pay the taxes required to be deducted and withheld at the time of filing such annual return.

(e) Annual Return. The Department may, as it deems appropriate, prescribe by regulation for the filing of annual returns in lieu of quarterly returns described in subsections (b) and (c).

The reduction of rates or charges shall be permitted upon the filing of the proposed rate, charge, classification, tariff, or bundled offering. The total price of a bundled offering shall not attribute any portion of the charge to services subject to the jurisdiction of the Commission and shall not be binding on the Commission in any proceeding under Article IX of this Act to set the revenue requirement or to set just and reasonable rates for services subject to the jurisdiction of the Commission. ARTICLE XXI. CABLE AND VIDEO COMPETITION
(220 ILCS 5/21-100 new)
Sec. 21-100. Short title. This Article may be cited as the Cable and Video Competition Law of 2007.

Sec. 21-101. Findings. With respect to cable and video competition, the General Assembly finds that:

(a) The economy in the State of Illinois will be enhanced by investment in new communications, cable services and video services infrastructure, including broadband facilities, fiber optic, and Internet protocol technologies.

(b) Cable services and video services bring important daily benefits to Illinois consumers by providing news, education, and entertainment.

(c) Competitive cable service and video service providers are capable of providing new video programming services and competition to Illinois consumers and of decreasing the prices for video programming services paid by Illinois consumers.

(d) Although there has been some competitive entry into the facilities-based video programming market since current franchising requirements in this State were enacted, further entry by facilities-based providers could benefit consumers, provided cable and video services are equitably available to all Illinois consumers at reasonable prices.

(e) The provision of competitive cable services and video services is a matter of statewide concern that extends beyond the boundaries of individual local units of government. Notwithstanding the foregoing, public rights-of-way are limited resources over which the municipality has a custodial duty to ensure that they are used, repaired and maintained in a manner that best serves the public interest.

(f) The State authorization process and uniform standards and procedures in this Article are intended to enable rapid and widespread entry by competitive providers which will bring to Illinois consumers the benefits of video competition including providing consumers with more choice, lower prices, higher speed and more advanced Internet access, more diverse and varied news, public information, education, and entertainment programming, and will bring to this State and its local units of government the benefits of new infrastructure investment, job growth, and innovation in broadband and Internet protocol technologies and deployment.

(g) Providing an incumbent cable or video service provider with the option to secure a State-issued authorization through the termination of existing cable franchises between incumbent cable and video service providers and any local franchising authority, is part of the new regulatory framework established by this Article. This Article is intended to best ensure equal treatment and parity among providers and technologies.

(220 ILCS 5/21-101.1 new)
Sec. 21-101.1. Applicability. The provisions of this amendatory Act of the 95th Illinois General Assembly shall apply only to a holder of a cable service or video service authorization issued by the Commission pursuant to this Article XXI of the Public Utilities Act, and shall not apply to any person or entity that provides cable television services under a cable television franchise issued by any municipality or county pursuant to Section 11-42-11 of the Illinois Municipal Code (65 ILCS 5/11-42-11) or Section 5-1095 of the Counties Code (55 ILCS 5/5-1095), unless specifically provided for herein. A local unit of government that has an existing agreement for the provision of video services with a company or entity that uses its telecommunications facilities to provide video service as of May 30, 2007 may continue to operate under that agreement or may, at its discretion, terminate the existing agreement and require the video provider to obtain a State-issued authorization under this Article.

(220 ILCS 5/21-201 new)

authorization pursuant to Section 5-1095 of the Counties Code (55 ILCS 5/5-1095).

(b) An incumbent cable operator shall be eligible to apply for a State-issued authorization as provided in subsection (c). Upon expiration of its current franchise agreement, an incumbent cable operator may obtain State authorization from the Commission pursuant to this Article or may pursue a franchise renewal with the appropriate local franchise authority under State and federal law. An incumbent cable operator and any successor-in-interest that receives a State-issued authorization shall be obligated to provide access to cable services or video services within any local unit of government at the same levels required by the local franchising authorities for the local unit of government on the effective date of this amendatory Act of the 95th General Assembly.

(c)(1) An incumbent cable operator may elect to terminate its agreement with the local franchising authority and obtain a State-issued authorization by providing written notice to the Commission and the affected local franchising authority and any entity authorized by that franchising authority to manage public, education, and government access at least 180 days prior to its filing an application for a State-issued authorization. If that incumbent cable operator has credit remaining from prepaid franchise fees, such amount of the remaining credit may be deducted from any future fees the incumbent cable operator must pay to the local franchising authority pursuant to Section 21-801(b) of this Article.

(3) An incumbent cable operator that elects to terminate an existing agreement with a local franchising authority under this Section
shall pay the affected local franchising authority and any entity designated by that franchising authority to manage public, education, and government access, at the time that they would have been due, all monetary payments for public, education, or government access that would have been due during the remaining term of the agreement had it not been terminated as provided in this paragraph. All payments made by an incumbent cable operator pursuant to the previous sentence of this paragraph may be credited against the fees that that operator owes under Section 21-801(d)(1) of this Article.

(d) For purposes of this Article, the Commission shall be the franchising authority for cable service or video service providers that apply for and obtain a State-issued authorization under this Article with regard to the footprint covered by such authorization. The Commission shall provide adequate protection for such information pursuant to Section 5/4-404 of the Public Utilities Act. If the Commission, a local unit of government, or any other party seeks public disclosure of information designated as confidential, the Commission shall consider the confidential designation in a proceeding under the Administrative Procedures Act, and the burden of proof to demonstrate that the designated information is confidential shall be upon the applicant. Designated information shall remain confidential pending the Commission's determination of whether the information is entitled to confidential treatment. Information designated as confidential shall be provided to local units of government for purposes of assessing compliance with this Article as permitted under a Protective Order issued by the Commission pursuant to the Commission's rules and to the Attorney
General pursuant to Section 6.5 of the Attorney General Act, 15 ILCS 205/6.5. Information designated as confidential under this Section or determined to be confidential upon Commission review shall only be disclosed pursuant to a valid and enforceable subpoena or court order or as required by the Freedom of Information Act. Nothing herein shall delay the application approval timeframes set forth in this Article.

(2) Information regarding the location of video services that have been or are being offered to the public and aggregate information included in the reports required by this Article shall not be designated or treated as confidential.

(d)(1) The Commission shall post all applications it receives under this Article on its web site within five (5) business days.

(2) The Commission shall notify an applicant for a cable service or video service authorization whether the applicant’s application and affidavit are complete on or before the 15th business day after the applicant submits the application. If the application and affidavit are not complete, the Commission shall state in its notice all of the reasons the application or affidavit are incomplete, and the applicant shall resubmit a complete application. The Commission shall have 30 days after submission by the applicant of a complete application and affidavit to issue the service authorization. (e) The authorization issued by the Commission will expire on the date listed in Section 21-1601 and shall contain or include all of the following:

(1) A grant of authority to provide cable service or video service in the service area footprint as requested in the application, subject to the laws of the State and the ordinances, rules and regulations of the local units of government.

(2) A grant of authority to use, occupy, and construct facilities in the public rights-of-way for the delivery of cable

service or video service in the service area footprint, subject to the laws, ordinances, rules or regulations of this State and local units of governments.

(3) A statement that the grant of authority is subject to lawful operation of the cable service or video service by the applicant, its affiliated entities or its successors-in-interest.

(4) The Commission shall notify a local unit of government within three (3) business days of the grant of any authorization within a service area footprint if that authorization includes any part of the local unit of government's jurisdictional boundaries.

(f) The authorization issued pursuant to Section 401 of this Article by the Commission may be transferred to any successor-in-interest to the applicant to which it is initially granted without further Commission action if the successor-in-interest (i) submits an application and the information required by Section 21-401(b) for the successor-in-interest and (ii) is not in violation of this Article or of any federal, State, or local law, ordinance, rule or regulation. A successor-in-interest shall file its application and notice of transfer with the Commission and the relevant local units of government no less than fifteen (15) business days prior to the completion of the transfer. The Commission is not required or authorized to act upon the notice of transfer; however, the transfer is not effective until the Commission approves the successor-in-interest's application. A local unit of government or the Attorney General may seek to bar a transfer of ownership by filing suit in a court of competent jurisdiction predicated on the existence of a material and continuing breach of this Article by the holder, a pattern of noncompliance with customer service standards by the potential successor-in-interest, or the insolvency of the potential successor-in-interest. If a transfer is made when there are violations of this Article or of any federal, State, or local law, ordinance, rule or regulation, the successor-in-interest shall be subject to three times the penalties provided for in this Article.

(g) The authorization issued pursuant to Section 21-401 of this Article by the Commission may be terminated, or its cable service or video service area footprint may be modified, by the cable service provider or

video service provider by submitting notice to the Commission and to the relevant local unit of government containing a description of the change on the same terms as the initial description pursuant to Section 21-401(b)(4). The Commission is not required or authorized to act upon that notice. It shall be a violation of this Article for a holder to discriminate against potential residential subscribers because of the race or income of the residents in the local area in which the group resides by terminating or modifying its cable service or video service area footprint. It shall be a violation of this Article for a holder to terminate or modify its cable service or video service area footprint if it leaves an area with no cable service or video service from any provider.

(h) The Commission’s authority to administer this Article is limited to the powers and duties explicitly provided under this Article. Its authority under this Article does not include or limit the powers and duties that the Commission has under the other Articles of the Public Utilities Act, the Illinois Administrative Procedure Act (5 ILCS 100/) or any other law or regulation to conduct proceedings other than as provided in subsection (c) above, or to promulgate rules or regulations. The Commission shall not have the authority to limit or expand the obligations and requirements provided in this Section, or to regulate or control a person or entity to the extent that person or entity is providing cable service or video service except as provided in this Article.

Sec. 21-601. Public, education, and government access. For the purposes of this Section, "programming" means content produced or provided by any person, group, governmental agency, or noncommercial public or private agency or organization.

(a) Not later than 90 days after a request by the local unit of government or its designee that has received notice under Section 21-801(a) of this Article, the holder shall (i) designate the same amount of capacity on its network to provide for public, education, and government access use, as the incumbent cable operator is required to designate under its franchise terms in effect with a local unit of government on January 1, 2007; and (ii) retransmit to its subscribers the same number of public,
education, and government access channels as the incumbent cable operator was retransmitting to subscribers on January 1, 2007.

(b) If the local unit of government produces or maintains the public education or government programming in a manner or form that is compatible with the holder’s network, it shall transmit such programming to the holder in that form provided that form will permit the holder to satisfy the requirements of Section 21-601(c). If the local unit of government does not produce or maintain such programming in that manner or form, then the holder shall be responsible for any changes in the form of the transmission necessary to make public, education, and government programming compatible with the technology or protocol used by the holder to deliver services. The holder shall receive programming from the local unit of government (or the local unit of government’s public, education, and government programming providers) and transmit that public, education, and government programming directly to the holder’s subscribers within the local unit of government’s jurisdiction at no cost to the local unit of government or the public, education, and government programming providers. If the holder is required to change the form of the transmission, the local unit of government or its designee shall provide reasonable access to the holder to allow the holder to transmit the public, education, and government programming in an economical manner subject to the requirements of Section 21-601(c).

(c) The holder shall provide to subscribers public, education and government access channel capacity at equivalent visual and audio quality and equivalent functionality, from the viewing perspective of the subscriber, to that of commercial channels carried on the holder's basic cable or video service offerings or tiers without the need for any equipment other than the equipment necessary to receive the holder's basic cable or video service offerings or tiers.

(d) The holder and an incumbent cable operator shall negotiate in good faith to interconnect their networks, if needed, for the purpose of providing public, education, and government programming. Interconnection may be accomplished by direct cable, microwave link,

satellite, or other reasonable method of connection. The holder and the incumbent cable operator shall provide interconnection of the public, education, and government channels on reasonable terms and conditions and may not withhold the interconnection. If a holder and an incumbent cable operator cannot reach a mutually acceptable interconnection agreement, the local unit of government may require the incumbent cable operator to allow the holder to interconnect its network with the incumbent cable operator's network at a technically feasible point on their networks. If no technically feasible point for interconnection is available, the holder and an incumbent cable operator shall each make an interconnection available to the public, education, and government channel originators at their local origination points and shall provide the facilities necessary for the interconnection. The cost of any interconnection shall be borne by the holder unless otherwise agreed to by the parties. The interconnection required by this subsection shall be completed within the 90-day deadline set forth in subsection (a).

(e) The public, education, and government channels shall be for the exclusive use of the local unit of government or its designee to provide public, education, and government programming. The public, education, and government channels shall be used only for noncommercial purposes. However, advertising, underwriting, or sponsorship recognition may be carried on the channels for the purpose of funding public, education, and government access related activities.

(f) Public, education and government channels shall all be carried on the holder's basic cable or video service offerings or tiers. To the extent feasible, the public, education and government channels shall not be separated numerically from other channels carried on the holder's basic cable or video service offerings or tiers, and the channel numbers for the public, education and government channels shall be the same channel numbers used by the incumbent cable operator unless prohibited by federal law. After the initial designation of public, education and government channel numbers, the channel numbers shall not be changed without the agreement of the local unit of government or the entity to which the local unit of government has assigned responsibility for

managing public, education and government access channels unless the change is required by federal law. Each channel shall be capable of carrying a National Television System Committee (NTSC) television signal.

(g) The holder shall provide a listing of public, education and government channels on channel cards and menus provided to subscribers in a manner equivalent to other channels if the holder uses such cards and menus. Further, the holder shall provide a listing of public, education, and government programming on its electronic program guide if such a guide is utilized by the holder. It is the public, education and government entity's responsibility to provide the holder or its designated agent, as determined by the holder, with program schedules and information in a timely manner.

(h) If less than three public, education, and government channels are provided within the local unit of government as of January 1, 2007, a local unit of government whose jurisdiction lies within the authorized service area of the holder may initially request the holder to designate sufficient capacity for up to three public, education, and government channels. A local unit of government or its designee that seeks to add additional capacity shall give the holder a written notification specifying the number of additional channels to be used, specifying the number of channels in actual use, and verifying that the additional channels requested will be put into actual use.

(i) The holder shall, within 90 days of a request by the local unit of government or its designated public, education, or government access entity, provide sufficient capacity for an additional channel for public, education, and government access when the programming on a given access channel exceeds 40 hours per week as measured on a quarterly basis. The additional channel shall not be used for any purpose other than for carrying additional public, education, or government access programming.

(j) The public, education, and government access programmer is solely responsible for the content that it provides over designated public, education, or government channels. A holder shall not exercise any

editorial control over any programming on any channel designed for public, education, or government use or on any other channel required by law or a binding agreement with the local unit of government.

(k) A holder shall not be subject to any civil or criminal liability for any program carried on any channel designated for public, education, or government use.

(l) A court of competent jurisdiction shall have exclusive jurisdiction to enforce any requirement under this Section or resolve any dispute regarding the requirements set forth in this Section, and no provider of cable service or video service may be barred from providing service or be required to terminate service as a result of that dispute or enforcement action.

Sec. 21-701. Emergency alert system. The holder shall comply with all applicable requirements of the Federal Communications Commission involving the distribution and notification of federal, State, and local emergency messages over the emergency alert system applicable to cable operators. The holder will provide a requesting local unit of government with sufficient information regarding how to submit, via telephone or web listing, a local emergency alert for distribution over its cable or video network. To the extent that a local unit of government requires incumbent cable operators to provide emergency alert system messages or services in excess of the requirements of this Section, the holder shall comply with any such additional requirements within the jurisdiction of the local franchising authority. The holder may provide a local emergency alert to an area larger than the boundaries of the local unit of government issuing the emergency alert.

least 10 days before the holder begins to offer cable service or video service within the boundaries of that local unit of government.

(b) In any local unit of government in which a holder offers cable service or video service on a commercial basis, the holder shall be liable for and pay the service provider fee to the local unit of government. The local unit of government shall adopt an ordinance imposing such a fee. The holder's liability for the fee shall commence on the first day of the calendar month that is at least 30 days after the holder receives such ordinance. The ordinance shall be sent by mail, postage prepaid, to the address listed on the holder's application provided to the local unit of government pursuant to Section 21-401(b)(6). The fee authorized by this Section shall be 5% of gross revenues or the same as the fee paid to the local unit of government by any incumbent cable operator providing cable service. The payment of the service provider fee shall be due on a quarterly basis, 45 days after the close of the calendar quarter. If mailed, the fee is considered paid on the date it is postmarked. Except as provided in this Article, the local unit of government may not demand any additional fees or charges from the holder and may not demand the use of any other calculation method other than allowed under this Article.

(c) For purposes of this Article, "gross revenues" means all consideration of any kind or nature, including, without limitation, cash, credits, property, and in-kind contributions received by the holder for the operation of a cable or video system to provide cable service or video service within the holder's cable service or video service area within the local unit of government's jurisdiction.

(1) Gross revenues shall include the following:

(i) Recurring charges for cable service or video service.

(ii) Event-based charges for cable service or video service, including, but not limited to, pay-per-view and video-on-demand charges.

(iii) Rental of set top boxes and other cable service or video service equipment.

(iv) Service charges related to the provision of cable service or video service, including but not limited to activation, installation, and repair charges.

(v) Administrative charges related to the provision of cable service or video service, including but not limited to service order and service termination charges.

(vi) Late payment fees or charges, insufficient funds check charges, and other charges assessed to recover the costs of collecting delinquent payments.

(vii) A pro rata portion of all revenue derived by the holder or its affiliates pursuant to compensation arrangements for advertising or for promotion or exhibition of any products or services derived from the operation of the holder's network to provide cable service or video service within the local unit of government's jurisdiction. The allocation shall be based on the number of subscribers in the local unit of government divided by the total number of subscribers in relation to the relevant regional or national compensation arrangement.

(viii) Compensation received by the holder that is derived from the operation of the holder's network to provide cable service or video service with respect to commissions that are received by the holder as compensation for promotion or exhibition of any products or services on the holder's network, such as a "home shopping" or similar channel, subject to subsection (b)(ix).

(ix) In the case of a cable service or video service that is bundled or integrated functionally with other services, capabilities, or applications, the portion of the holder's revenue attributable to the other services, capabilities, or applications shall be included in gross revenue unless the holder can reasonably identify the division or exclusion of the revenue from its books and records that are kept in the regular course of business.

(x) The service provider fee permitted by Section 21-801(b) of this Article.

(2) Gross revenues do not include any of the following:

(i) Revenues not actually received, even if billed, such as bad debt, subject to Section 21-801(c)(1)(vi).

(ii) Refunds, discounts, or other price adjustments that reduce the amount of gross revenues received by the holder of the State-issued authorization to the extent the refund, rebate, credit, or discount is attributable to cable service or video service.

(iii) Regardless of whether the services are bundled, packaged, or functionally integrated with cable service or video service, any revenues received from services not classified as cable service or video service, including, without limitation, revenue received from telecommunications services, information services, or the provision of directory or Internet advertising, including yellow pages, white pages, banner advertisement, and electronic publishing or any other revenues attributable by the holder to noncable service or nonvideo service in accordance with the holder's books and records and records kept in the regular course of business and any applicable laws, rules, regulations, standards, or orders.

(iv) The sale of cable services or video services for resale in which the purchaser is required to collect the service provider fee from the purchaser's subscribers to the extent the purchaser certifies in writing that it will resell the service within the local unit of government's jurisdiction and pay the fee permitted by Section 21-801(b) with respect to the service.

(v) Any tax or fee of general applicability imposed upon the subscribers or the transaction by a city, State, federal, or any other governmental entity and collected by the holder of the State-issued authorization and required to
be remitted to the taxing entity, including sales and use taxes.

(vi) Security deposits collected from subscribers.

(vii) Amounts paid by subscribers to "home shopping" or similar vendors for merchandise sold through any home shopping channel offered as part of the cable service or video service.

(3) Revenue of an affiliate of a holder shall be included in the calculation of gross revenues to the extent the treatment of the revenue as revenue of the affiliate rather than the holder has the effect of evading the payment of the fee permitted by Section 21-801(b) of this Article which would otherwise be paid by the cable service or video service.

(d)(1) The holder shall pay to the local unit of government or the entity designated by that local unit of government to manage public, education and government access, upon request as support for public, education, and government access, a fee equal to no less than (i) 1% of gross revenues; or (ii) if greater, the percentage of gross revenues that incumbent cable operators pay to the local unit of government or its designee for public, education, and government access support in the local unit of government's jurisdiction. For purposes of subparagraph (d)(1)(ii) above, the percentage of gross revenues that all incumbent cable operators pay shall be equal to the annual sum of the payments that incumbent cable operators in the service area are obligated to pay by franchises and agreements or by contracts with the local government designee for public, education and government access in effect on January 1, 2007, including the total of any lump sum payments required to be made over the term of each franchise or agreement divided by the number of years of the applicable term, divided by the annual sum of such incumbent cable operator(s)'s gross revenues during the immediately prior calendar year. The sum of payments includes any payments that an incumbent cable operator is required to pay pursuant to Section 21-301(c)(3) of this Article.

(2) A local unit of government may require all holders of a State-issued authorization and all cable operators franchised by that local unit of government on the effective date hereof in the franchise area to provide to the local unit of government, or to the entity designated by that local unit of government to manage public, education and government access, information sufficient to calculate the public, education and government access equivalent fee and any credits under subsection (d)(1).

(3) The fee shall be due on a quarterly basis and paid 45 days after the close of the calendar quarter. Each payment shall include a statement explaining the basis for the calculation of the fee. If mailed, the fee is considered paid on the date it is postmarked. The liability of the holder for payment of the fee under this subsection shall commence on the same date as the payment of the service provider fee pursuant to subsection (b) of this Section.

(e) The holder may identify and collect the amount of the service provider fee as a separate line item on the regular bill of each subscriber.

(f) The holder may identify and collect the amount of the public, education, and government programming support fee as a separate line item on the regular bill of each subscriber.

(g) All determinations and computations under this Section shall be made pursuant to the definition of gross revenues set forth in this Section, and shall be made pursuant to generally accepted accounting principles.

(h) Nothing contained in this Article shall be construed to exempt a holder from any tax that is or may later be imposed by the local unit of government, including any tax that is or may later be required to be paid by or through the holder with respect to cable service or video service. A State-issued authorization shall not affect any requirement of the holder with respect to payment of the local unit of government's simplified municipal telecommunications tax or any other tax as it applies to any telephone service provided by the holder. A State-issued authorization shall not affect any requirement of the holder with respect to payment of the local unit of government's 911 or E911 fees, taxes or charges.

Sec. 21-901. Audits.
(a) Upon receiving notice under Section 21-401(e)(4) that a holder has received State-issued authorization under this Article, a local unit of government shall notify the holder of the requirements it imposes on other cable service or video service providers in its jurisdiction to submit to an audit of its books and records. The holder shall comply with the same requirements the local unit of government imposes on other cable service or video service providers in its jurisdiction to audit the holder’s books and records and to recompute any amounts determined to be payable under the requirements of the local unit of government. If all local franchises between the local unit of government and a cable operator terminate, the audit requirements shall be those adopted by the local government pursuant to the Local Government Taxpayers' Bill of Rights, 50 ILCS 45. No acceptance of amounts remitted should be construed as an accord that the amounts are correct.
(b) Any additional amount due after an audit shall be paid within 30 days after the local unit of government’s submission of an invoice for the sum.

Sec. 21-1001. Local unit of government authority.
(a) The holder of a State-issued authorization shall comply with all the applicable construction and technical standards and right-of-way occupancy standards set forth in a local unit of government’s code of ordinances relating to the use of public rights-of-way, pole attachments, permit obligations, indemnification, performance bonds, penalties or liquidated damages. The applicable requirements for a holder that is using its existing telecommunications network or constructing a telecommunications network shall be the same requirements that the local unit of government imposes on telecommunications providers in its jurisdiction. The applicable requirements for a holder that is using or constructing a cable system shall be the same requirements the local unit of government imposes on other cable operators in its jurisdiction.
(b) A local unit of government shall allow the holder to install, construct, operate, maintain, and remove a cable service, video service, or
telecommunications network within a public right-of-way and shall provide the holder with open, comparable, nondiscriminatory, and competitively neutral access to the public right-of-way on the same terms applicable to other cable service or video service providers or cable operators in its jurisdiction. Notwithstanding any other provisions of law, if a local unit of government is permitted by law to require the holder of a State authorization to seek a permit to install, construct, operate, maintain or remove its cable service, video service, or telecommunications network within a public right-of-way, those permits shall be deemed granted within 45 days after being submitted, if not otherwise acted upon by the local unit of government, provided the holder complies with the requirements applicable to the holder in its jurisdiction.

(c) A local unit of government may impose reasonable terms, but it may not discriminate against the holder with respect to any of the following:

(1) The authorization or placement of a cable service, video service, or telecommunications network or equipment in public rights-of-way.

(2) Access to a building.

(3) A local unit of government utility pole attachment.

(d) If a local unit of government imposes a permit fee on incumbent cable operators, it may impose a permit fee on the holder only to the extent it imposes such a fee on incumbent cable operators. In all other cases, these fees may not exceed the actual, direct costs incurred by the local unit of government for issuing the relevant permit. In no event may a fee under this Section be levied if the holder already has paid a permit fee of any kind in connection with the same activity that would otherwise be covered by the permit fee under this Section provided no additional equipment, work, function or other burden is added to the existing activity for which the permit was issued.

(e) Nothing in this Article shall affect the rights that any holder has under Section 4 of the Telephone Line Right of Way Act (220 ILCS 65/4).

(f) In addition to the other requirements in this Section, if the holder installs, upgrades, constructs, operates, maintains, and removes

facilities or equipment within a public right-of-way to provide cable service or video service, it shall comply with the following:

(1) The holder must locate its equipment in the right-of-way as to cause only minimum interference with the use of streets, alleys and other public ways and places, and to cause only minimum impact upon, and interference with the rights and reasonable convenience of property owners who adjoin any of the said streets, alleys or other public ways. No fixtures shall be placed in any public ways in such a manner to interfere with the usual travel on such public ways. Nor shall such fixtures or equipment limit the visibility of vehicular and/or pedestrian traffic.

(2) The holder shall comply with a local unit of government's reasonable requests to place equipment on public property where possible, and promptly comply with local unit of government direction with respect to the location and screening of equipment and facilities. In constructing or upgrading its cable or video network in the right-of-way, the holder shall use the smallest suitable equipment enclosures and power pedestals and cabinets then in use by the holder for the application.

(3) The holder's construction practices shall be in accordance with all applicable sections of the Occupational Safety and Health Act of 1970, as amended, as well as all applicable State laws, including the Illinois Administrative Code, and local codes where applicable, as adopted by the local unit of government. All installation of electronic equipment shall be of a permanent nature, durable and, where applicable, installed in accordance with the provisions of the National Electrical Safety Code of the National Bureau of Standards and National Electrical Code of the National Board of Fire Underwriters.

(4) The holder shall not interfere with the local unit of government's performance of public works. Nothing in the State-issued authorization shall be in preference or hindrance to the right of the local unit of government to perform or carry on any public works or public improvements of any kind. The holder

expressly agrees that it shall, at its own expense, protect, support, temporarily disconnect, relocate in the same street or other public place, or remove from such street or other public place, any of the network, system, facilities or equipment when required to do so by the local unit of government, because of necessary public health, safety and welfare improvements. In the event a holder and other users, including incumbent cable operators or utilities, of a public right-of-way are required to relocate and compensation is paid to the users of such public right-of-way, such parties shall be treated equally with respect to such compensation.

(5) The holder shall comply with all local units of government inspection requirements. The making of post-construction, subsequent and/or periodic inspections or the failure to do so shall not operate to relieve the holder of any responsibility, obligation or liability.

(6) The holder shall maintain insurance or provide evidence of self insurance as required by an applicable ordinance of the local unit of government.

(7) The holder shall reimburse all reasonable make-ready expenses, including aerial and underground installation expenses requested by the holder to the local unit of government within thirty (30) days of billing to the holder provided that such charges shall be at the same rates as charges to others for the same or similar services.

(8) The holder shall indemnify and hold harmless the local unit of government and all boards, officers, employees and representatives thereof from all claims, demands, causes of action, liability, judgments, costs and expenses or losses for injury or death to persons or damage to property owned by, and Worker's Compensation claims against any parties indemnified herein, arising out of, caused by, or as a result of the holder's construction, lines, cable, erection, maintenance, use or presence of, or removal of any poles, wires, conduit, appurtenances thereto, or equipment or attachments thereto. The holder, however, shall
not indemnify the local unit of government for any liabilities, damages, cost and expense resulting from the willful misconduct or negligence of the local unit of government, its officers, employees and agents. The obligations imposed pursuant to this Section by a local unit of government shall be competitively neutral.

(9) The holder, upon request, shall provide the local unit of government with information describing the location of the cable service or video service facilities and equipment located in the unit of local government’s rights-of-way pursuant to its State-issued authorization. If designated by the holder as confidential, such information provided pursuant to this subsection shall be exempt from inspection and copying under the Illinois Freedom of Information Act, 5 ILCS 140/1 et seq., pursuant to the exemption provided for under 5 ILCS 140/7(1)(mm) and any other present or future exemptions applicable to such information and shall not be disclosed by the unit of local government to any third party without the written consent of the holder.

Sec. 21-1101. Requirements to provide video services.

(a) The holder of a State-issued authorization shall not deny access to cable service or video service to any potential residential subscribers because of the race or income of the residents in the local area in which the potential subscribers reside.

(b) If the holder is using telecommunications facilities to provide cable or video service and has 1,000,000 or less telecommunications access lines in this State, but more than 300,000 telecommunications access lines in this State, the holder shall:

(1) Provide access to its cable or video service to a number of households equal to at least 25% of its telecommunications access lines in this State within 3 years after the date a holder receives a State-issued authorization from the Commission and to a number not less than 35% of these households within 5 years after the date a holder receives a State-issued authorization from the Commission; provided, however, that the holder of a State-
issued authorization is not required to meet the 35% requirement in this subsection until 2 years after at least 15% of the households with access to the holder's video service subscribe to the service for 6 consecutive months. The holder's obligation to provide such access in the State shall be distributed, as the holder determines, within three different designated market areas.

(2) Within 3 years after the date a holder receives a State-issued authorization from the Commission at least 30% of the total households with access to the holder's cable or video service shall be low-income.

Within each designated market area identified in subsection (b)(1), the holder's obligation to offer service to low-income households shall be measured by each exchange, as that term is defined in Section 13-206 of the Public Utilities Act, in which the holder chooses to provide cable or video service. The holder is under no obligation to serve or provide access to an entire exchange; however, in addition to the statewide obligation to provide low-income access provided by this Section, in each exchange in which the holder chooses to provide cable or video service, the holder shall provide access to a percentage of low-income households that is at least equal to the percentage of the total low-income households within that exchange.

(3) The number of telecommunication access lines in this Section shall be based on the number of access lines that exist as of the effective date of this amendatory Act of the 95th General Assembly.

(c) If the holder of a State-issued authorization is using telecommunications facilities to provide cable or video service and has more than 1,000,000 telecommunications access lines in this State, the holder shall:

(1)(A) Provide access to its cable or video service to a number of households equal to at least 35% of the households in the holder's telecommunications service area in the State within 3 years after the date a holder receives a State-issued authorization from the Commission and to

a number not less than 50% of these households within 5 years after the date a holder receives a State-issued authorization from the Commission; provided, however, that the holder of a State-issued authorization is not required to meet the 50% requirement in this subsection until 2 years after at least 15% of the households with access to the holder's video service subscribe to the service for 6 consecutive months.

The holder's obligation to provide such access in the State shall be distributed, as the holder determines, within three designated market areas, one in each of the northeastern, central and southwestern portions of the holder's telecommunications service area in the State. The designated market area for the northeastern portion shall consist of two separate and distinct reporting areas: i) a city with more than 1,000,000 inhabitants, and ii) all other local units of government on a combined basis within such designated market area in which it offers video service.

(B) If any state, in which a holder subject to this subsection (c) or one of its affiliates provides or seeks to provide cable or video service, adopts a law permitting state-issued authorization or statewide franchises to provide cable or video service that requires a cable or video provider to offer service to more than 35% of the households in the cable or video provider's service area in that state within 3 years, holders subject to this subsection (c) shall provide service in this State to the same percentage of households within 3 years of adoption of such law in that state.

Furthermore, if any state, in which a holder subject to this subsection (c) or one of its affiliates provides or seeks to provide cable or video service, adopts a law requiring a holder of a state-issued authorization or statewide franchises to offer cable or video service to more than 35% of its households if less than 15% of the households with access to the holder's video service subscribe to the service for 6 consecutive months, then as a precondition to further build-out, holders subject to this subsection (c) shall be subject to the same percentage of service subscription in meeting its obligation to provide service to 50% of the households in this State.
(2) Within 3 years after the date a holder receives a State-issued authorization from the Commission at least 30% of the total households with access to the holder's cable or video service shall be low-income.

Within each designated market area listed in subsection (c)(1), the holder's obligation to offer service to low-income households shall be measured by each exchange, as that term is defined in Section 13-206 of the Public Utilities Act in which the holder chooses to provide cable or video service. The holder is under no obligation to serve or provide access to an entire exchange; however, in addition to the statewide obligation to provide low-income access provided by this Section, in each exchange in which the holder chooses to provide cable or video service, the holder shall provide access to a percentage of low-income households that is at least equal to the percentage of the total low-income households within that exchange.

(d)(1) All other holders shall only provide access to one or more exchanges, as that term is defined in Section 13-206 of the Public Utilities Act, or to local units of government and shall provide access to their cable or video service to a number of households equal to 35% of the households in the exchange or local unit of government within 3 years after the date a holder receives a State-issued authorization from the Commission and to a number not less than 50% of these households within 5 years after the date a holder receives a State-issued authorization from the Commission, provided, however, that if the holder is an incumbent cable operator or any successor-in-interest company, it shall be obligated to provide access to cable or video services within the jurisdiction of a local unit of government at the same levels required by the local franchising authorities for that local unit of government on the effective date of this amendatory Act of the 95th General Assembly.

(2) Within 3 years after the date a holder receives a State-issued authorization from the Commission, at least 30% of the total households with access to the holder's cable or video service shall be low-income.

Within each designated exchange, as that term is defined in Section 13-206 of the Public Utilities Act, or local unit of government listed in subsection (d)(1), the holder's obligation to offer service to low-income households shall be measured by each exchange, as that term is defined in Section 13-206 of the Public Utilities Act in which the holder chooses to provide cable or video service. The holder is under no obligation to serve or provide access to an entire exchange; however, in addition to the statewide obligation to provide low-income access provided by this Section, in each exchange in which the holder chooses to provide cable or video service, the holder shall provide access to a percentage of low-income households that is at least equal to the percentage of the total low-income households within that exchange.
households shall be measured by each exchange or local unit of government in which the holder chooses to provide cable or video service. Except as provided in subsection (d)(1), the holder is under no obligation to serve or provide access to an entire exchange or local unit of government; however, in addition to the statewide obligation to provide low-income access provided by this Section, in each exchange or local unit of government in which the holder chooses to provide cable or video service, the holder shall provide access to a percentage of low-income households that is at least equal to the percentage of the total low-income households within that exchange or local unit of government.

(e) A holder subject to Section 21-1101(c) shall provide wireline broadband service, defined as wireline service capable of supporting, in at least one direction, a speed in excess of 200 kilobits per second (kbps), to the network demarcation point at the subscriber's premises, to a number of households equal to 90% of the households in the holder's telecommunications service area by December 31, 2008, or shall pay within 30 days of December 31, 2008 a sum of $15,000,000 to the Digital Divide Elimination Infrastructure Fund established pursuant to Section 13-301.3 of Article XIII of this Act, or any successor fund established by the General Assembly. In that event the holder is required to make a payment pursuant to this subsection, the holder shall have no further accounting for this payment, which shall be used in any part of the State for the purposes established in the Digital Divide Elimination Infrastructure Fund or for broadband deployment.

(f) The holder of a State-issued authorization may satisfy the requirements of subsections (b), (c) and (d) of this Section through the use of any technology, which shall not include direct-to-home satellite service, that offers service, functionality, and content, which is demonstrably similar to that provided through the holder's video service system.

(g) In any investigation into or complaint alleging that the holder of a State-issued authorization has failed to meet the requirements of this Section, the following factors may be considered in justification or mitigation or as justification for an extension of time to meet the requirements of subsections (b), (c) and (d) of this Section:

(2) Barriers to competition arising from existing exclusive service arrangements in developments or buildings.

(3) The inability to access developments or buildings using reasonable technical solutions under commercially reasonable terms and conditions.

(4) Natural disasters.

(5) Other factors beyond the control of the holder.

(h) If the holder relies on the factors identified in subsection (g) in response to an investigation or complaint, the holder shall demonstrate:

(1) what substantial effort the holder of a State-issued authorization has taken to meet the requirements of subsections (a), (b) or (c) of this Section;

(2) which portions of subsection (g) of this Section apply; and

(3) the number of days it has been delayed or the requirements it cannot perform as a consequence of subsection (g) of this Section.

(i) The factors in subsection (g) may be considered by the Attorney General or by a court of competent jurisdiction in determining whether the holder is in violation of this Article.

(j) Every holder of a State-issued authorization, no later than April 1, 2009, and annually no later than April 1 thereafter, shall report to the Commission for each of the service areas as described in subsections (b), (c) and (d) of this Section in which it provides access to its video service in the State, the following information:

(b) Neither the owner of any multiple-unit residential dwelling nor an agent or representative shall ask, demand or receive any additional payment, service or gratuity in any form from any tenant or lawful resident thereof as a condition for permitting or cooperating with the installation of a cable service or video service to the dwelling unit occupied by a tenant or resident requesting such service.

(a) The General Assembly finds that the health, welfare, and prosperity of all Illinois citizens, and the public's interest in adequate, safe,

(b) As used in this Section: "Electric services" means services sold by an electric service provider. "Electric service provider" shall mean anyone who sells, contracts to sell, or markets electric power, generation, distribution, transmission, or services (including metering and billing) in connection therewith. Section 15-15. The Counties Code is amended by changing Section 5-1095 and by adding Section 5-1096.5 as follows:

Sec. 5-1095. Community antenna television systems; satellite transmitted television programming.

(a) The County Board may license, tax or franchise the business of operating a community antenna television system or systems within the County and outside of a municipality, as defined in Section 1-1-2 of the Illinois Municipal Code.

When an area is annexed to a municipality, the annexing municipality shall thereby become the franchising authority with respect to that portion of any community antenna television system that, immediately before annexation, had provided cable television services within the annexed area under a franchise granted by the county, and the owner of that community antenna television system shall thereby be authorized to provide cable television services within the annexed area under the terms and provisions of the existing franchise. In that instance, the franchise shall remain in effect until, by its terms, it expires, except that any franchise fees payable under the franchise shall be payable only to the county for a period of 5 years or until, by its terms, the franchise expires, whichever occurs first. After the 5 year period, any franchise fees payable under the franchise shall be paid to the annexing municipality. In any instance in which a duly franchised community antenna television system is providing cable television services within the annexing municipality at the time of annexation, the annexing municipality may permit that franchisee to extend its community antenna television system to the annexed area under terms and conditions that are no more burdensome nor less favorable to that franchisee than those imposed under any community antenna television franchise applicable to the annexed area at the time of annexation. The authorization to extend cable television service to the annexed area and any community antenna television system authorized to provide cable television

services within the annexed area at the time of annexation shall not be subject to the provisions of subsection (e) of this Section.

(b) "Community antenna television system" as used in this Section, means any facility which is constructed in whole or in part in, on, under or over any highway or other public place and which is operated to perform for hire the service of receiving and amplifying the signals broadcast by one or more television stations and redistributing such signals by wire, cable or other means to members of the public who subscribe to such service except that such term does not include (i) any system which serves fewer than 50 subscribers or (ii) any system which serves only the residents of one or more apartment dwellings under common ownership, control or management, and commercial establishments located on the premises of such dwellings.

(c) The authority hereby granted does not include the authority to license or franchise telephone companies subject to the jurisdiction of the Illinois Commerce Commission or the Federal Communications Commission in connection with furnishing circuits, wires, cables or other facilities to the operator of a community antenna television system.

(c-1) Each franchise entered into by a county and a community antenna television system shall include the customer service and privacy standards and protections contained in the Cable and Video Customers Protection Law. A franchise may not contain different penalties, consumer service and privacy standards and protections. Each franchise entered into by a county and a community antenna television system before the effective date of this amendatory Act of the 95th General Assembly shall be amended by this Section to incorporate the penalty provisions, customer service and privacy standards and protections contained in the Cable and Video Customers Protection Law.

The County Board may, in the course of franchising such community antenna television system, grant to such franchisee the authority and the right and permission to use all public streets, rights of way, alleys, ways for public service facilities, parks, playgrounds, school grounds, or other public grounds, in which such county may have an interest, for the

construction, installation, operation, maintenance, alteration, addition, extension or improvement of a community antenna television system.

Any charge imposed by a community antenna television system franchised pursuant to this Section for the raising or removal of cables or lines to permit passage on, to or from a street shall not exceed the reasonable costs of work reasonably necessary to safely permit such passage. Pursuant to subsections (h) and (i) of Section 6 of Article VII of the Constitution of the State of Illinois, the General Assembly declares the regulation of charges which may be imposed by community antenna television systems for the raising or removal of cables or lines to permit passage on, to or from streets is a power or function to be exercised exclusively by the State and not to be exercised or performed concurrently with the State by any unit of local government, including any home rule unit.

The County Board may, upon written request by the franchisee of a community antenna television system, exercise its right of eminent domain solely for the purpose of granting an easement right no greater than 8 feet in width, extending no greater than 8 feet from any lot line for the purpose of extending cable across any parcel of property in the manner provided for by the law of eminent domain, provided, however, such franchisee deposits with the county sufficient security to pay all costs incurred by the county in the exercise of its right of eminent domain.

Except as specifically provided otherwise in this Section, this Section is not a limitation on any home rule county.

(d) The General Assembly finds and declares that satellite-transmitted television programming should be available to those who desire to subscribe to such programming and that decoding devices should be obtainable at reasonable prices by those who are unable to obtain satellite-transmitted television programming through duly franchised community antenna television systems.

In any instance in which a person is unable to obtain satellite-transmitted television programming through a duly franchised community antenna television system either because the municipality and county in which such person resides has not granted a franchise to operate and

maintain a community antenna television system, or because the duly franchised community antenna television system operator does not make cable television services available to such person, any programming company that delivers satellite-transmitted television programming in scrambled or encrypted form shall ensure that devices for decryption of such programming are made available to such person, through the local community antenna television operator or directly, for purchase or lease at prices reasonably related to the cost of manufacture and distribution of such devices.

(e) The General Assembly finds and declares that, in order to ensure that community antenna television services are provided in an orderly, competitive and economically sound manner, the best interests of the public will be served by the establishment of certain minimum standards and procedures for the granting of additional cable television franchises.

Subject to the provisions of this subsection, the authority granted under subsection (a) hereof shall include the authority to license, franchise and tax more than one cable operator to provide community antenna television services within the territorial limits of a single franchising authority. For purposes of this subsection (e), the term:

(i) "Existing cable television franchise" means a community antenna television franchise granted by a county which is in use at the time such county receives an application or request by another cable operator for a franchise to provide cable antenna television services within all or any portion of the territorial area which is or may be served under the existing cable television franchise.

(ii) "Additional cable television franchise" means a franchise pursuant to which community antenna television services may be provided within the territorial areas, or any portion thereof, which may be served under an existing cable television franchise.

(iii) "Franchising Authority" is defined as that term is defined under Section 602(9) of the Cable Communications Policy Act of 1984, Public Law 98-549.
(iv) "Cable operator" is defined as that term is defined under Section 602(4) of the Cable Communications Policy Act of 1984, Public Law 98-549.

Before granting an additional cable television franchise, the franchising authority shall:

(1) Give written notice to the owner or operator of any other community antenna television system franchised to serve all or any portion of the territorial area to be served by such additional cable television franchise, identifying the applicant for such additional franchise and specifying the date, time and place at which the franchising authority shall conduct public hearings to consider and determine whether such additional cable television franchise should be granted.

(2) Conduct a public hearing to determine the public need for such additional cable television franchise, the capacity of public rights-of-way to accommodate such additional community antenna television services, the potential disruption to existing users of public rights-of-way to be used by such additional franchise applicant to complete construction and to provide cable television services within the proposed franchise area, the long term economic impact of such additional cable television system within the community, and such other factors as the franchising authority shall deem appropriate.

(3) Determine, based upon the foregoing factors, whether it is in the best interest of the county to grant such additional cable television franchise.

(4) If the franchising authority shall determine that it is in the best interest of the county to do so, it may grant the additional cable television franchise. Except as provided in paragraph (5) of this subsection (e), no such additional cable television franchise shall be granted under terms or conditions more favorable or less burdensome to the applicant than those required under the existing cable television franchise, including but not limited to terms and conditions pertaining to the territorial extent of the franchise,
system design, technical performance standards, construction schedules, performance bonds, standards for construction and installation of cable television facilities, service to subscribers, public educational and governmental access channels and programming, production assistance, liability and indemnification, and franchise fees.

(5) Unless the existing cable television franchise provides that any additional cable television franchise shall be subject to the same terms or substantially equivalent terms and conditions as those of the existing cable television franchise, the franchising authority may grant an additional cable television franchise under different terms and conditions than those of the existing franchise, in which event the franchising authority shall enter into good faith negotiations with the existing franchisee and shall, within 120 days after the effective date of the additional cable television franchise, modify the existing cable television franchise in a manner and to the extent necessary to ensure that neither the existing cable television franchise nor the additional cable television franchise, each considered in its entirety, provides a competitive advantage over the other, provided that prior to modifying the existing cable television franchise, the franchising authority shall have conducted a public hearing to consider the proposed modification. No modification in the terms and conditions of the existing cable television franchise shall oblige the existing cable television franchisee (1) to make any additional payment to the franchising authority, including the payment of any additional franchise fee, (2) to engage in any additional construction of the existing cable television system or, (3) to modify the specifications or design of the existing cable television system; and the inclusion of the factors identified in items (2) and (3) shall not be considered in determining whether either franchise considered in its entirety, has a competitive advantage over the other except to the extent that the additional franchisee provides additional video or data services or the equipment or facilities necessary to generate and or carry such service. No

New matter indicated by italics - deletions by strikeout
modification in the terms and conditions of the existing cable television franchise shall be made if the existing cable television franchisee elects to continue to operate under all terms and conditions of the existing franchise.

If within the 120 day period the franchising authority and the existing cable television franchisee are unable to reach agreement on modifications to the existing cable television franchise, then the franchising authority shall modify the existing cable television franchise, effective 45 days thereafter, in a manner, and only to the extent, that the terms and conditions of the existing cable television franchise shall no longer impose any duty or obligation on the existing franchisee which is not also imposed under the additional cable television franchise; however, if by the modification the existing cable television franchisee is relieved of duties or obligations not imposed under the additional cable television franchise, then within the same 45 days and following a public hearing concerning modification of the additional cable television franchise within that 45 day period, the franchising authority shall modify the additional cable television franchise to the extent necessary to insure that neither the existing cable television franchise nor the additional cable television franchise, each considered in its entirety, shall have a competitive advantage over the other.

No county shall be subject to suit for damages based upon the county's determination to grant or its refusal to grant an additional cable television franchise, provided that a public hearing as herein provided has been held and the franchising authority has determined that it is in the best interest of the county to grant or refuse to grant such additional franchise, as the case may be.

It is declared to be the law of this State, pursuant to paragraphs (h) and (i) of Section 6 of Article VII of the Illinois Constitution, that the establishment of minimum standards and procedures for the granting of additional cable television franchises as provided in this subsection (e) is an

(b) A person or entity seeking to provide cable service or video service in this State after the effective date of this amendatory Act of the 95th General Assembly shall not use the public rights-of-way for the installation or construction of facilities for the provision of cable service or video service or offer cable service or video service until it has (i) obtained a State-issued authorization to offer or provide cable or video service under Section 401 of the Cable and Video Competition Law of 2007; (ii) obtained authorization under Section 11-42-11 of the Illinois Municipal Code; (iii) or obtained authorization under Section 5-1095 of the Counties Code. No unit of local government shall be liable for denial or delay of a permit prior to the issuance of a State-issued authorization.

(c) For the purposes of Section 5-1095(e), a State-issued authorization under Article XXI of the Public Utilities Act shall be considered substantially equivalent in terms and conditions as an existing cable provider.

(d) Nothing in Article XXI of the Public Utilities Act shall constitute a basis for modification of an existing cable franchise or an injunction.

Section 15-20. The Illinois Municipal Code is amended by changing Section 11-42-11 and by adding Section 11-42-11.2 as follows:

(65 ILCS 5/11-42-11) (from Ch. 24, par. 11-42-11)

Sec. 11-42-11. Community antenna television systems; satellite transmitted television programming.

(a) The corporate authorities of each municipality may license, franchise and tax the business of operating a community antenna television system as hereinafter defined. In municipalities with less than 2,000,000 inhabitants, the corporate authorities may, under the limited circumstances set forth in this Section, own (or lease as lessee) and operate a community antenna television system; provided that a municipality may not acquire, construct, own, or operate a community antenna television system for the use or benefit of private consumers or users, and may not charge a fee for that consumption or use, unless the proposition to acquire, construct, own, or operate a cable antenna television system has been submitted to and approved by the electors of the municipality in accordance with subsection (f). Before acquiring, constructing, or commencing operation of a community antenna television system, the municipality shall comply with the following:

(1) Give written notice to the owner or operator of any other community antenna television system franchised to serve all or any portion of the territorial area to be served by the municipality's community antenna television system, specifying the date, time, and place at which the municipality shall conduct public hearings to consider and determine whether the municipality should acquire, construct, or commence operation of a community antenna television system. The public hearings shall be conducted at least 14 days after this notice is given.

(2) Publish a notice of the hearing in 2 or more newspapers published in the county, city, village, incorporated town, or town, as the case may be. If there is no such newspaper, then notice shall be

published in any 2 or more newspapers published in the county and having a general circulation throughout the community. The public hearings shall be conducted at least 14 days after this notice is given.

(3) Conduct a public hearing to determine the means by which construction, maintenance, and operation of the system will be financed, including whether the use of tax revenues or other fees will be required.

(b) The words "community antenna television system" shall mean any facility which is constructed in whole or in part in, on, under or over any highway or other public place and which is operated to perform for hire the service of receiving and amplifying the signals broadcast by one or more television stations and redistributing such signals by wire, cable or other means to members of the public who subscribe to such service; except that such definition shall not include (i) any system which serves fewer than fifty subscribers, or (ii) any system which serves only the residents of one or more apartment dwellings under common ownership, control or management, and commercial establishments located on the premises of such dwellings.

(c) The authority hereby granted does not include authority to license, franchise or tax telephone companies subject to jurisdiction of the Illinois Commerce Commission or the Federal Communications Commission in connection with the furnishing of circuits, wires, cables, and other facilities to the operator of a community antenna television system.

(c-1) Each franchise entered into by a municipality and a community antenna television system shall include the customer service and privacy standards and protections contained in the Cable and Video Customers Protection Law. A franchise may not contain different penalties, consumer service and privacy standards and protections. Each franchise entered into by a municipality and a community antenna television system before the effective date of this amendatory Act of the 95th General Assembly shall be amended by this Section to incorporate the penalty provisions, customer service and privacy standards and protections contained in the Cable and Video Customers Protection Law.
The corporate authorities of each municipality may, in the course of franchising such community antenna television system, grant to such franchisee the authority and the right and permission to use all public streets, rights of way, alleys, ways for public service facilities, parks, playgrounds, school grounds, or other public grounds, in which such municipality may have an interest, for the construction, installation, operation, maintenance, alteration, addition, extension or improvement of a community antenna television system.

Any charge imposed by a community antenna television system franchised pursuant to this Section for the raising or removal of cables or lines to permit passage on, to or from a street shall not exceed the reasonable costs of work reasonably necessary to safely permit such passage. Pursuant to subsections (h) and (i) of Section 6 of Article VII of the Constitution of the State of Illinois, the General Assembly declares the regulation of charges which may be imposed by community antenna television systems for the raising or removal of cables or lines to permit passage on, to or from streets is a power or function to be exercised exclusively by the State and not to be exercised or performed concurrently with the State by any unit of local government, including any home rule unit.

The municipality may, upon written request by the franchisee of a community antenna television system, exercise its right of eminent domain solely for the purpose of granting an easement right no greater than 8 feet in width, extending no greater than 8 feet from any lot line for the purpose of extending cable across any parcel of property in the manner provided by the law of eminent domain, provided, however, such franchisee deposits with the municipality sufficient security to pay all costs incurred by the municipality in the exercise of its right of eminent domain.

(d) The General Assembly finds and declares that satellite-transmitted television programming should be available to those who desire to subscribe to such programming and that decoding devices should be obtainable at reasonable prices by those who are unable to obtain satellite-transmitted television programming through duly franchised community antenna television systems.

New matter indicated by italics - deletions by strikeout
In any instance in which a person is unable to obtain satellite-transmitted television programming through a duly franchised community antenna television system either because the municipality and county in which such person resides has not granted a franchise to operate and maintain a community antenna television system, or because the duly franchised community antenna television system operator does not make cable television services available to such person, any programming company that delivers satellite-transmitted television programming in scrambled or encrypted form shall ensure that devices for description of such programming are made available to such person, through the local community antenna television operator or directly, for purchase or lease at prices reasonably related to the cost of manufacture and distribution of such devices.

(e) The General Assembly finds and declares that, in order to ensure that community antenna television services are provided in an orderly, competitive and economically sound manner, the best interests of the public will be served by the establishment of certain minimum standards and procedures for the granting of additional cable television franchises.

Subject to the provisions of this subsection, the authority granted under subsection (a) hereof shall include the authority to license, franchise and tax more than one cable operator to provide community antenna television services within the corporate limits of a single franchising authority. For purposes of this subsection (e), the term:

(i) "Existing cable television franchise" means a community antenna television franchise granted by a municipality which is in use at the time such municipality receives an application or request by another cable operator for a franchise to provide cable antenna television services within all or any portion of the territorial area which is or may be served under the existing cable television franchise.

(ii) "Additional cable television franchise" means a franchise pursuant to which community antenna television services may be provided within the territorial areas, or any portion thereof, which may be served under an existing cable television franchise.

New matter indicated by italics - deletions by strikeout
(iii) "Franchising Authority" is defined as that term is defined under Section 602(9) of the Cable Communications Policy Act of 1984, Public Law 98-549, but does not include any municipality with a population of 1,000,000 or more.

(iv) "Cable operator" is defined as that term is defined under Section 602(4) of the Cable Communications Policy Act of 1984, Public Law 98-549.

Before granting an additional cable television franchise, the franchising authority shall:

(1) Give written notice to the owner or operator of any other community antenna television system franchised to serve all or any portion of the territorial area to be served by such additional cable television franchise, identifying the applicant for such additional franchise and specifying the date, time and place at which the franchising authority shall conduct public hearings to consider and determine whether such additional cable television franchise should be granted.

(2) Conduct a public hearing to determine the public need for such additional cable television franchise, the capacity of public rights-of-way to accommodate such additional community antenna television services, the potential disruption to existing users of public rights-of-way to be used by such additional franchise applicant to complete construction and to provide cable television services within the proposed franchise area, the long term economic impact of such additional cable television system within the community, and such other factors as the franchising authority shall deem appropriate.

(3) Determine, based upon the foregoing factors, whether it is in the best interest of the municipality to grant such additional cable television franchise.

(4) If the franchising authority shall determine that it is in the best interest of the municipality to do so, it may grant the additional cable television franchise. Except as provided in paragraph (5) of this subsection (e), no such additional cable television franchise shall be granted.

television franchise shall be granted under terms or conditions more favorable or less burdensome to the applicant than those required under the existing cable television franchise, including but not limited to terms and conditions pertaining to the territorial extent of the franchise, system design, technical performance standards, construction schedules, performance bonds, standards for construction and installation of cable television facilities, service to subscribers, public educational and governmental access channels and programming, production assistance, liability and indemnification, and franchise fees.

(5) Unless the existing cable television franchise provides that any additional cable television franchise shall be subject to the same terms or substantially equivalent terms and conditions as those of the existing cable television franchise, the franchising authority may grant an additional cable television franchise under different terms and conditions than those of the existing franchise, in which event the franchising authority shall enter into good faith negotiations with the existing franchisee and shall, within 120 days after the effective date of the additional cable television franchise, modify the existing cable television franchise in a manner and to the extent necessary to ensure that neither the existing cable television franchise nor the additional cable television franchise, each considered in its entirety, provides a competitive advantage over the other, provided that prior to modifying the existing cable television franchise, the franchising authority shall have conducted a public hearing to consider the proposed modification. No modification in the terms and conditions of the existing cable television franchise shall oblige the existing cable television franchisee (1) to make any additional payment to the franchising authority, including the payment of any additional franchise fee, (2) to engage in any additional construction of the existing cable television system or, (3) to modify the specifications or design of the existing cable television system; and the inclusion of the factors identified in items (2) and (3) shall not be considered in determining whether either
franchise considered in its entirety, has a competitive advantage over the other except to the extent that the additional franchisee provides additional video or data services or the equipment or facilities necessary to generate and or carry such service. No modification in the terms and conditions of the existing cable television franchise shall be made if the existing cable television franchisee elects to continue to operate under all terms and conditions of the existing franchise.

If within the 120 day period the franchising authority and the existing cable television franchisee are unable to reach agreement on modifications to the existing cable television franchise, then the franchising authority shall modify the existing cable television franchise, effective 45 days thereafter, in a manner, and only to the extent, that the terms and conditions of the existing cable television franchise shall no longer impose any duty or obligation on the existing franchisee which is not also imposed under the additional cable television franchise; however, if by the modification the existing cable television franchisee is relieved of duties or obligations not imposed under the additional cable television franchise, then within the same 45 days and following a public hearing concerning modification of the additional cable television franchise within that 45 day period, the franchising authority shall modify the additional cable television franchise to the extent necessary to insure that neither the existing cable television franchise nor the additional cable television franchise, each considered in its entirety, shall have a competitive advantage over the other.

No municipality shall be subject to suit for damages based upon the municipality's determination to grant or its refusal to grant an additional cable television franchise, provided that a public hearing as herein provided has been held and the franchising authority has determined that it is in the best interest of the municipality to grant or refuse to grant such additional franchise, as the case may be.

It is declared to be the law of this State, pursuant to paragraphs (h) and (i) of Section 6 of Article VII of the Illinois Constitution, that the establishment of minimum standards and procedures for the granting of additional cable television franchises by municipalities with a population less than 1,000,000 as provided in this subsection (e) is an exclusive State power and function that may not be exercised concurrently by a home rule unit.

(f) No municipality may acquire, construct, own, or operate a community antenna television system unless the corporate authorities adopt an ordinance. The ordinance must set forth the action proposed; describe the plant, equipment, and property to be acquired or constructed; and specifically describe the manner in which the construction, acquisition, and operation of the system will be financed.

The ordinance may not take effect until the question of acquiring, construction, owning, or operating a community antenna television system has been submitted to the electors of the municipality at a regular election and approved by a majority of the electors voting on the question. The corporate authorities must certify the question to the proper election authority, which must submit the question at an election in accordance with the Election Code.

The question must be submitted in substantially the following form

Shall the ordinance authorizing the municipality to (insert action authorized by ordinance) take effect?

The votes must be recorded as "Yes" or "No".

If a majority of electors voting on the question vote in the affirmative, the ordinance shall take effect.

Not more than 30 or less than 15 days before the date of the referendum, the municipal clerk must publish the ordinance at least once in one or more newspapers published in the municipality or, if no newspaper is published in the municipality, in one or more newspapers of general circulation within the municipality.

No customer may be charged a fee for termination or disconnection of service, irrespective of whether the customer initiated termination or disconnection or the cable or video provider initiated termination or disconnection.

(6) Service may only be terminated on days when the customer is able to reach a service representative of the cable or video providers, either in person or by telephone.

(7) Any service terminated by a cable or video provider without good cause shall be restored without any reconnection fee, charge or penalty; good cause for termination includes, but is not limited to, failure to pay a bill by the date specified in the notice of impending termination, payment by check for which there are insufficient funds, theft of service, abuse of equipment or personnel or other similar subscriber actions.

(10) Cable and video providers shall guarantee customer satisfaction for new or upgraded service and the customer shall receive a pro-rata credit in an amount equal to the pro-rata charge for the remaining days of service being disconnected or replaced upon the customer's request if the customer is dissatisfied with the service and requests to discontinue the service within the first 60 days after subscribing to the upgraded service.

(d) Response to customer inquiries:

(1) Cable or video providers will maintain a toll-free telephone access line that will be available to customers 24 hours a day, seven days a week, to accept calls regarding installation, termination, service, and complaints. Trained, knowledgeable, qualified service representatives of the cable or video providers will be available to respond to customer telephone inquiries during normal business hours. Customer service representatives shall be able to provide credit, waive fees, schedule appointments and change billing cycles. Any difficulties that cannot be resolved by the customer service representatives shall be referred to a supervisor who shall make best efforts to resolve the issue.
immediately. If the supervisor does not resolve the issue to the customer's satisfaction, the customer shall be informed of the cable or video provider's complaint procedures and procedures for billing dispute resolution and given a description of the rights and remedies available to customers to enforce the terms of this Article, including the customer's rights to have the complaint reviewed by the local unit of government, to request mediation, and to review in a court of competent jurisdiction.

(2) After normal business hours, the access line may be answered by a service or an automated response system, including an answering machine. Inquiries received by telephone or e-mail after normal business hours shall be responded to by a trained service representative on the next business day. The cable or video provider shall respond to a written billing inquiry within 10 days of receipt of the inquiry.

(3) Cable or video providers shall provide customers seeking non-standard installations with a total installation cost estimate and an estimated date of completion. The actual charge to the customer shall not exceed 10% of the estimated cost without the written consent of the customer.

(4) If the cable or video provider receives notice that an unsafe condition exists with respect to its equipment, it shall investigate such condition immediately, and shall take such measures as are necessary to remove or eliminate the unsafe condition. The cable or video provider shall inform the local unit of government promptly, but no later than 2 hours after it receives notification of an unsafe condition that it has not remedied.

(5) Under normal operating conditions, telephone answer time by the cable or video provider's customer representative, including wait time, shall not exceed 30 seconds when the connection is made. If the call needs to be
transferred, transfer time shall not exceed 30 seconds. These standards shall be met no less than 90% of the time under normal operating conditions, measured on a quarterly basis.

(6) Under normal operating conditions, the cable or video provider’s customers will receive a busy signal less than 3% of the time.

(e) Installations, Outages and Service Calls. Under normal operating conditions, each of the following standards related to installations, outages and service calls will be met no less than 95% of the time measured on a quarterly basis:

(1) Standard installations will be performed within 7 business days after an order has been placed. "Standard" installations are those that are located up to 125 feet from the existing distribution system;

(2) Excluding conditions beyond the control of the cable or video providers, the cable or video providers will begin working on "service interruptions" promptly and in no event later than 24 hours after the interruption is reported by the customer or otherwise becomes known to the cable or video providers. Cable or video providers must begin actions to correct other service problems the next business day after notification of the service problem and correct the problem within 48 hours after the interruption is reported by the customer 95% of the time, measured on a quarterly basis;

(3) The "appointment window" alternatives for installations, service calls, and other installation activities will be either a specific time or, at a maximum, a four hour time block during evening, weekend and normal business hours. The cable or video provider may schedule service calls and other installation activities outside of these hours for the express convenience of the customer; and

(4) Cable or video providers may not cancel an appointment with a customer after 5:00 p.m. on the business

New matter indicated by italics - deletions by strikeout
day prior to the scheduled appointment. If the cable or video provider's representative is running late for an appointment with a customer and will not be able to keep the appointment as scheduled, the customer will be contacted. The appointment will be rescheduled, as necessary, at a time which is convenient for the customer, even if the rescheduled appointment is not within normal business hours.

(f) Public benefit obligation:

(1) All cable or video providers offering service pursuant to the Cable and Video Competition Law of 2007, the Illinois Municipal Code, or the Counties Code, shall provide a free service line drop and free basic service to all current and future public buildings within their footprint, including, but not limited to, all local unit of government buildings, public libraries, and public primary and secondary schools, whether owned or leased by that local unit of government ("eligible buildings"). Such service shall be used in a manner consistent with the government purpose for the eligible building and shall not be resold.

(2) This obligation only applies to those cable or video service providers whose cable service or video service systems pass eligible buildings and its cable or video service is generally available to residential subscribers in the same local unit of government in which the eligible building is located. The burden of providing such service at each eligible building shall be shared by all cable and video providers whose systems pass the eligible buildings in an equitable and competitively neutral manner, and nothing herein shall require duplicative installations by more than one cable or video provider at each eligible building. Cable or video providers operating in a local unit of government shall meet as necessary and determine who will provide service to eligible buildings under this subsection. If the cable or video providers are unable to reach agreement,
they shall meet with the local unit of government which shall
determine which cable or video providers will serve each
eligible building. The local unit of government shall bear
the costs of any inside wiring or video equipment costs not
ordinarily provided as part of the cable or video provider's
basic offering.

(g) After the cable or video providers have offered service
for one (1) year, the cable or video providers shall make an annual
report to the Commission, the local unit of government and to the
Attorney General that it is meeting the standards specified in this
Article, identifying the number of complaints it received over the
prior year in the State, and specifying the number of complaints
related to each of the following: (1) billing, charges, refunds,
credits; (2) installation or termination of service; (3) quality of
service and repair; (4) programming; and (5) miscellaneous
complaints that do not fall within these categories. Thereafter, the
cable or video providers shall also provide, upon request by the
local unit of government where service is offered and to the
Attorney General, an annual public report that includes
performance data described in subsections (d)(5), (d)(6), (e)(1) and
(e)(2) of this Section for cable services or video services. The
performance data shall be disaggregated for each requesting local
unit of government or local exchange, as that term is defined in
Section 13-206 of the Public Utilities Act, in which the cable or
video providers have customers.

(h) To the extent consistent with federal law, cable or video
providers shall offer the lowest-cost basic cable or video service as
a stand-alone service to residential customers at reasonable rates.
Cable or video providers shall not require the subscription to any
service other than the lowest-cost basic service or to any
telecommunications or information service, as a condition of access
to cable or video service, including programming offered on a per
channel or per program basis. Cable or video providers shall not
discriminate between subscribers to the lowest-cost basic service,
subscribers to other cable services or video services, and other subscribers with regard to the rates charged for cable or video programming offered on a per channel or per program basis.

(i) To the extent consistent with federal law, cable or video providers shall ensure that charges for changes in the subscriber's selection of services or equipment shall be based on the cost of such change and shall not exceed nominal amounts when the system's configuration permits changes in service tier selection to be effected solely by coded entry on a computer terminal or by other similarly simple method.

(j) To the extent consistent with federal law, cable or video providers shall have a rate structure for the provision of cable or video service that is uniform throughout the area within the boundaries of the local unit of government. This subsection is not intended to prohibit bulk discounts to multiple dwelling units or to prohibit reasonable discounts to senior citizens or other economically disadvantaged groups.

(k) To the extent consistent with federal law, cable or video providers shall not charge a subscriber for any service or equipment that the subscriber has not affirmatively requested by name. For purposes of this subsection, a subscriber's failure to refuse a cable or video provider's proposal to provide service or equipment shall not be deemed to be an affirmative request for such service or equipment.

(l) No contract or service offering cable services or video services or any bundle including such services shall be for a term longer than one year. Any contract or service offering with a term of service that contains an early termination fee shall limit the early termination fee to not more than the amount of the discount reflected in the price for cable services or video services for the period during which the consumer benefited from the discount.

(m) Cable or video providers shall not discriminate in the provision of services for the hearing and visually impaired, and shall comply with the accessibility requirements of 47 U.S.C. 613.

Cable or video providers shall provide free use of a converter or remote control unit to mobility impaired customers.

(n)(1) To the extent consistent with federal law, cable or video providers shall comply with the provisions of 47 U.S.C. 532(h) and (j). The cable or video providers shall not exercise any editorial control over any video programming provided pursuant to this Section, or in any other way consider the content of such programming, except that a cable or video provider may refuse to transmit any leased access program or portion of a leased access program which contains obscenity, indecency, or nudity and may consider such content to the minimum extent necessary to establish a reasonable price for the commercial use of designated channel capacity by an unaffiliated person. This subsection shall permit cable or video providers to enforce prospectively a written and published policy of prohibiting programming that the cable or video provider reasonably believes describes or depicts sexual or excretory activities or organs in a patently offensive manner as measured by contemporary community standards.

(2) Upon customer request, the cable or video provider shall, without charge, fully scramble or otherwise fully block the audio and video programming of each channel carrying such programming so that a person who is not a subscriber does not receive the channel or programming.

(3) In providing sexually explicit adult programming or other programming that is indecent on any channel of its service primarily dedicated to sexually oriented programming, the cable or video provider shall fully scramble or otherwise fully block the video and audio portion of such channel so that one not a subscriber to such channel or programming does not receive it.

(4) Scramble means to rearrange the content of the signal of the programming so that the programming cannot be viewed or heard in an understandable manner.

(o) Cable or video providers will maintain a listing, specific to the level of street address, of the areas where its cable or video services are available. Customers who inquire about purchasing cable or video service shall be informed about whether the cable or video provider's cable or video services are currently available to them at their specific location.

(p) Privacy protections. Cable or video providers shall not disclose the name, address, telephone number or other personally identifying information of a cable service or video service customer to be used in mailing lists or to be used for other commercial purposes not reasonably related to the conduct of its business unless the cable or video provider has provided to the customer a notice, separately or included in any other customer service notice, that clearly and conspicuously describes the customer's ability to prohibit the disclosure. Cable or video providers shall provide an address and telephone number for a customer to use without toll charge to prevent disclosure of the customer's name and address in mailing lists or for other commercial purposes not reasonably related to the conduct of its business to other businesses or affiliates of the cable or video provider. Cable or video providers shall comply with the consumer privacy requirements of the Communications Consumer Privacy Act, the Restricted Call Registry Act, and 47 U.S.C. 551 that are in effect as of the effective date of this amendatory Act of the 95th General Assembly, and as amended thereafter.

(q) Cable or video providers shall implement an informal process for handling inquiries from local units of government and customers concerning billing issues, service issues, privacy concerns and other consumer complaints. In the event an issue is not resolved through this informal process, a local unit of government or the customer may request nonbinding mediation with
the cable or video provider, with each party to bear its own costs of such mediation. Selection of the mediator will be by mutual agreement, and preference will be given to mediation services that do not charge the consumer for their services. In the event the informal process does not produce a satisfactory result to the customer or the local unit of government, enforcement may be pursued as provided in subsection (r)(4).

(r) The Attorney General and the local unit of government may enforce all of the customer service and privacy protection standards of this Section with respect to complaints received from residents within the local unit of government’s jurisdiction, but it may not adopt or seek to enforce any additional or different customer service or performance standards under any other authority or provision of law.

(1) The local unit of government may, by ordinance, provide a schedule of penalties for any material breach of this Section by cable or video providers in addition to the penalties provided herein. No monetary penalties shall be assessed for a material breach if it is out of the reasonable control of the cable or video providers or its affiliate. Monetary penalties adopted in an ordinance pursuant to this Section shall apply on a competitively neutral basis to all providers of cable service or video service within the local unit of government’s jurisdiction and in no event shall the penalties imposed under this subsection exceed $750 for each day of the material breach, and shall not exceed $25,000 for each occurrence of a material breach per customer.

(2) For purposes of this Section, "material breach" means any substantial failure of a cable or video service provider to comply with service quality and other standards specified in any provision of this Act. The Attorney General or the local unit of government shall give the cable or video provider written notice of any alleged material breaches of

New matter indicated by italics - deletions by strikeout
this Act and allow such provider at least 30 days from receipt of the notice to remedy the specified material breach.

(3) A material breach, for the purposes of assessing penalties, shall be deemed to have occurred for each day that a material breach has not been remedied by the cable service or video service provider after the expiration of the period specified in subsection (r)(2) in each local unit of government’s jurisdiction, irrespective of the number of customers affected.

(4) Any customer, the Attorney General, or local unit of government may pursue alleged violations of this Act by the cable or video provider in a court of competent jurisdiction. A cable or video provider may seek judicial review of a decision of a local unit of government imposing penalties in a court of competent jurisdiction. No local unit of government shall be subject to suit for damages or other relief based upon its action in connection with its enforcement or review of any of the terms, conditions, and rights contained in this Act except a court may require the return of any penalty it finds was not properly assessed or imposed.

(s) Cable or video providers shall credit customers for violations in the amounts stated herein. The credits shall be applied on the statement issued to the customer for the next monthly billing cycle following the violation or following the discovery of the violation. Cable or video providers are responsible for providing the credits described herein and the customer is under no obligation to request the credit. If the customer is no longer taking service from the cable or video provider, the credit amount will be refunded to the customer by check within 30 days of the termination of service. A local unit of government may, by ordinance, adopt a schedule of credits payable directly to customers for breach of the customer service standards and obligations contained in this Article, provided the schedule of customer credits applies on a
competitively neutral basis to all providers of cable service or video service in the local unit of government's jurisdiction and the credits are not greater than the credits provided in this Section.

(1) Failure to provide notice of customer service standards upon initiation of service: $25.00.

(2) Failure to install service within 7 days: Waiver of 50% of the installation fee or the monthly fee for the lowest-cost basic service, whichever is greater. Failure to install service within 14 days: Waiver of 100% of the installation fee or the monthly fee for the lowest-cost basic service, whichever is greater.

(3) Failure to remedy service interruptions or poor video or audio service quality within 48 hours: Pro-rata credit of total regular monthly charges equal to the number of days of the service interruption.

(4) Failure to keep an appointment or to notify the customer prior to the close of business on the business day prior to the scheduled appointment: $25.00.

(5) Violation of privacy protections: $150.00.

(7) Violation of customer service and billing standards in subsections (c) and (d): $25.00 per occurrence.

(8) Violation of the bundling rules in Section (h): $25.00 per month.

(t) The enforcement powers granted to the Attorney General in Article XXI of the Public Utilities Act shall apply to this Act, except that the Attorney General may not seek penalties for violation of this Act other than in the amounts specified herein. Nothing in this Section shall limit or affect the powers of the Attorney General to enforce the provisions of Article 21 of the Public Utilities Act or the Consumer Fraud and Deceptive Business Practices Act.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 2. The Children and Family Services Act is amended by changing Section 5 as follows:

 Sec. 5. Direct child welfare services; Department of Children and Family Services. To provide direct child welfare services when not available through other public or private child care or program facilities.

(a) For purposes of this Section:

(1) "Children" means persons found within the State who are under the age of 18 years. The term also includes persons under age 19 who:

(A) were committed to the Department pursuant to the Juvenile Court Act or the Juvenile Court Act of 1987, as amended, prior to the age of 18 and who continue under the jurisdiction of the court; or

(B) were accepted for care, service and training by the Department prior to the age of 18 and whose best interest in the discretion of the Department would be served by continuing that care, service and training because of severe emotional disturbances, physical disability, social adjustment or any combination thereof, or because of the need to complete an educational or vocational training program.

(2) "Homeless youth" means persons found within the State who are under the age of 19, are not in a safe and stable living situation and cannot be reunited with their families.

(3) "Child welfare services" means public social services which are directed toward the accomplishment of the following purposes:

(A) protecting and promoting the health, safety and welfare of children, including homeless, dependent or neglected children;

New matter indicated by italics - deletions by strikeout
(B) remedying, or assisting in the solution of problems which may result in, the neglect, abuse, exploitation or delinquency of children;

(C) preventing the unnecessary separation of children from their families by identifying family problems, assisting families in resolving their problems, and preventing the breakup of the family where the prevention of child removal is desirable and possible when the child can be cared for at home without endangering the child's health and safety;

(D) restoring to their families children who have been removed, by the provision of services to the child and the families when the child can be cared for at home without endangering the child's health and safety;

(E) placing children in suitable adoptive homes, in cases where restoration to the biological family is not safe, possible or appropriate;

(F) assuring safe and adequate care of children away from their homes, in cases where the child cannot be returned home or cannot be placed for adoption. At the time of placement, the Department shall consider concurrent planning, as described in subsection (l-1) of this Section so that permanency may occur at the earliest opportunity. Consideration should be given so that if reunification fails or is delayed, the placement made is the best available placement to provide permanency for the child;

(G) (blank);

(H) (blank); and

(I) placing and maintaining children in facilities that provide separate living quarters for children under the age of 18 and for children 18 years of age and older, unless a child 18 years of age is in the last year of high school education or vocational training, in an approved individual or group treatment program, in a licensed shelter facility, or
secure child care facility. The Department is not required to place or maintain children:
   (i) who are in a foster home, or
   (ii) who are persons with a developmental disability, as defined in the Mental Health and Developmental Disabilities Code, or
   (iii) who are female children who are pregnant, pregnant and parenting or parenting, or
   (iv) who are siblings, in facilities that provide separate living quarters for children 18 years of age and older and for children under 18 years of age.

(b) Nothing in this Section shall be construed to authorize the expenditure of public funds for the purpose of performing abortions.

(c) The Department shall establish and maintain tax-supported child welfare services and extend and seek to improve voluntary services throughout the State, to the end that services and care shall be available on an equal basis throughout the State to children requiring such services.

(d) The Director may authorize advance disbursements for any new program initiative to any agency contracting with the Department. As a prerequisite for an advance disbursement, the contractor must post a surety bond in the amount of the advance disbursement and have a purchase of service contract approved by the Department. The Department may pay up to 2 months operational expenses in advance. The amount of the advance disbursement shall be prorated over the life of the contract or the remaining months of the fiscal year, whichever is less, and the installment amount shall then be deducted from future bills. Advance disbursement authorizations for new initiatives shall not be made to any agency after that agency has operated during 2 consecutive fiscal years. The requirements of this Section concerning advance disbursements shall not apply with respect to the following: payments to local public agencies for child day care services as authorized by Section 5a of this Act; and youth service programs receiving grant funds under Section 17a-4.

(e) (Blank).

(f) (Blank).

(g) The Department shall establish rules and regulations concerning its operation of programs designed to meet the goals of child safety and protection, family preservation, family reunification, and adoption, including but not limited to:

(1) adoption;
(2) foster care;
(3) family counseling;
(4) protective services;
(5) (blank);
(6) homemaker service;
(7) return of runaway children;
(8) (blank);
(9) placement under Section 5-7 of the Juvenile Court Act or Section 2-27, 3-28, 4-25 or 5-740 of the Juvenile Court Act of 1987 in accordance with the federal Adoption Assistance and Child Welfare Act of 1980; and
(10) interstate services.

Rules and regulations established by the Department shall include provisions for training Department staff and the staff of Department grantees, through contracts with other agencies or resources, in alcohol and drug abuse screening techniques approved by the Department of Human Services, as a successor to the Department of Alcoholism and Substance Abuse, for the purpose of identifying children and adults who should be referred to an alcohol and drug abuse treatment program for professional evaluation.

(h) If the Department finds that there is no appropriate program or facility within or available to the Department for a ward and that no licensed private facility has an adequate and appropriate program or none agrees to accept the ward, the Department shall create an appropriate individualized, program-oriented plan for such ward. The plan may be developed within the Department or through purchase of services by the Department to the extent that it is within its statutory authority to do.
(i) Service programs shall be available throughout the State and shall include but not be limited to the following services:

1. case management;
2. homemakers;
3. counseling;
4. parent education;
5. day care; and
6. emergency assistance and advocacy.

In addition, the following services may be made available to assess and meet the needs of children and families:

1. comprehensive family-based services;
2. assessments;
3. respite care; and
4. in-home health services.

The Department shall provide transportation for any of the services it makes available to children or families or for which it refers children or families.

(j) The Department may provide categories of financial assistance and education assistance grants, and shall establish rules and regulations concerning the assistance and grants, to persons who adopt physically or mentally handicapped, older and other hard-to-place children who (i) immediately prior to their adoption were legal wards of the Department or (ii) were determined eligible for financial assistance with respect to a prior adoption and who become available for adoption because the prior adoption has been dissolved and the parental rights of the adoptive parents have been terminated or because the child's adoptive parents have died. The Department may, subject to federal financial participation in the cost, continue to provide financial assistance and education assistance grants for a child who was determined eligible for financial assistance under this subsection (j) in the interim period beginning when the child's adoptive parents died and ending with the finalization of the new adoption of the child by another adoptive parent or parents. The Department may also provide categories of financial assistance and education assistance grants, and shall establish rules and regulations for the assistance and grants, to

persons appointed guardian of the person under Section 5-7 of the Juvenile Court Act or Section 2-27, 3-28, 4-25 or 5-740 of the Juvenile Court Act of 1987 for children who were wards of the Department for 12 months immediately prior to the appointment of the guardian.

The amount of assistance may vary, depending upon the needs of the child and the adoptive parents, as set forth in the annual assistance agreement. Special purpose grants are allowed where the child requires special service but such costs may not exceed the amounts which similar services would cost the Department if it were to provide or secure them as guardian of the child.

Any financial assistance provided under this subsection is inalienable by assignment, sale, execution, attachment, garnishment, or any other remedy for recovery or collection of a judgment or debt.

(j-5) The Department shall not deny or delay the placement of a child for adoption if an approved family is available either outside of the Department region handling the case, or outside of the State of Illinois.

(k) The Department shall accept for care and training any child who has been adjudicated neglected or abused, or dependent committed to it pursuant to the Juvenile Court Act or the Juvenile Court Act of 1987.

(I) Before July 1, 2000, the Department may provide, and beginning July 1, 2000, the Department shall offer family preservation services, as defined in Section 8.2 of the Abused and Neglected Child Reporting Act, to help families, including adoptive and extended families. Family preservation services shall be offered (i) to prevent the placement of children in substitute care when the children can be cared for at home or in the custody of the person responsible for the children's welfare, (ii) to reunite children with their families, or (iii) to maintain an adoptive placement. Family preservation services shall only be offered when doing so will not endanger the children's health or safety. With respect to children who are in substitute care pursuant to the Juvenile Court Act of 1987, family preservation services shall not be offered if a goal other than those of subdivisions (A), (B), or (B-1) of subsection (2) of Section 2-28 of that Act has been set. Nothing in this paragraph shall be construed to

create a private right of action or claim on the part of any individual or child welfare agency.

The Department shall notify the child and his family of the Department's responsibility to offer and provide family preservation services as identified in the service plan. The child and his family shall be eligible for services as soon as the report is determined to be "indicated". The Department may offer services to any child or family with respect to whom a report of suspected child abuse or neglect has been filed, prior to concluding its investigation under Section 7.12 of the Abused and Neglected Child Reporting Act. However, the child's or family's willingness to accept services shall not be considered in the investigation. The Department may also provide services to any child or family who is the subject of any report of suspected child abuse or neglect or may refer such child or family to services available from other agencies in the community, even if the report is determined to be unfounded, if the conditions in the child's or family's home are reasonably likely to subject the child or family to future reports of suspected child abuse or neglect. Acceptance of such services shall be voluntary.

The Department may, at its discretion except for those children also adjudicated neglected or dependent, accept for care and training any child who has been adjudicated addicted, as a truant minor in need of supervision or as a minor requiring authoritative intervention, under the Juvenile Court Act or the Juvenile Court Act of 1987, but no such child shall be committed to the Department by any court without the approval of the Department. A minor charged with a criminal offense under the Criminal Code of 1961 or adjudicated delinquent shall not be placed in the custody of or committed to the Department by any court, except a minor less than 13 years of age committed to the Department under Section 5-710 of the Juvenile Court Act of 1987.

(l-1) The legislature recognizes that the best interests of the child require that the child be placed in the most permanent living arrangement as soon as is practically possible. To achieve this goal, the legislature directs the Department of Children and Family Services to conduct concurrent planning so that permanency may occur at the earliest
opportunity. Permanent living arrangements may include prevention of placement of a child outside the home of the family when the child can be cared for at home without endangering the child's health or safety; reunification with the family, when safe and appropriate, if temporary placement is necessary; or movement of the child toward the most permanent living arrangement and permanent legal status.

When determining reasonable efforts to be made with respect to a child, as described in this subsection, and in making such reasonable efforts, the child's health and safety shall be the paramount concern.

When a child is placed in foster care, the Department shall ensure and document that reasonable efforts were made to prevent or eliminate the need to remove the child from the child's home. The Department must make reasonable efforts to reunify the family when temporary placement of the child occurs unless otherwise required, pursuant to the Juvenile Court Act of 1987. At any time after the dispositional hearing where the Department believes that further reunification services would be ineffective, it may request a finding from the court that reasonable efforts are no longer appropriate. The Department is not required to provide further reunification services after such a finding.

A decision to place a child in substitute care shall be made with considerations of the child's health, safety, and best interests. At the time of placement, consideration should also be given so that if reunification fails or is delayed, the placement made is the best available placement to provide permanency for the child.

The Department shall adopt rules addressing concurrent planning for reunification and permanency. The Department shall consider the following factors when determining appropriateness of concurrent planning:

1. the likelihood of prompt reunification;
2. the past history of the family;
3. the barriers to reunification being addressed by the family;
4. the level of cooperation of the family;

New matter indicated by italics - deletions by strikeout
(5) the foster parents' willingness to work with the family to reunite;

(6) the willingness and ability of the foster family to provide an adoptive home or long-term placement;

(7) the age of the child;

(8) placement of siblings.

(m) The Department may assume temporary custody of any child if:

(1) it has received a written consent to such temporary custody signed by the parents of the child or by the parent having custody of the child if the parents are not living together or by the guardian or custodian of the child if the child is not in the custody of either parent, or

(2) the child is found in the State and neither a parent, guardian nor custodian of the child can be located. If the child is found in his or her residence without a parent, guardian, custodian or responsible caretaker, the Department may, instead of removing the child and assuming temporary custody, place an authorized representative of the Department in that residence until such time as a parent, guardian or custodian enters the home and expresses a willingness and apparent ability to ensure the child's health and safety and resume permanent charge of the child, or until a relative enters the home and is willing and able to ensure the child's health and safety and assume charge of the child until a parent, guardian or custodian enters the home and expresses such willingness and ability to ensure the child's safety and resume permanent charge. After a caretaker has remained in the home for a period not to exceed 12 hours, the Department must follow those procedures outlined in Section 2-9, 3-11, 4-8, or 5-415 of the Juvenile Court Act of 1987.

The Department shall have the authority, responsibilities and duties that a legal custodian of the child would have pursuant to subsection (9) of Section 1-3 of the Juvenile Court Act of 1987. Whenever a child is taken into temporary custody pursuant to an investigation under the Abused and

New matter indicated by italics - deletions by strikeout
Neglected Child Reporting Act, or pursuant to a referral and acceptance under the Juvenile Court Act of 1987 of a minor in limited custody, the Department, during the period of temporary custody and before the child is brought before a judicial officer as required by Section 2-9, 3-11, 4-8, or 5-415 of the Juvenile Court Act of 1987, shall have the authority, responsibilities and duties that a legal custodian of the child would have under subsection (9) of Section 1-3 of the Juvenile Court Act of 1987.

The Department shall ensure that any child taken into custody is scheduled for an appointment for a medical examination.

A parent, guardian or custodian of a child in the temporary custody of the Department who would have custody of the child if he were not in the temporary custody of the Department may deliver to the Department a signed request that the Department surrender the temporary custody of the child. The Department may retain temporary custody of the child for 10 days after the receipt of the request, during which period the Department may cause to be filed a petition pursuant to the Juvenile Court Act of 1987. If a petition is so filed, the Department shall retain temporary custody of the child until the court orders otherwise. If a petition is not filed within the 10 day period, the child shall be surrendered to the custody of the requesting parent, guardian or custodian not later than the expiration of the 10 day period, at which time the authority and duties of the Department with respect to the temporary custody of the child shall terminate.

(m-1) The Department may place children under 18 years of age in a secure child care facility licensed by the Department that cares for children who are in need of secure living arrangements for their health, safety, and well-being after a determination is made by the facility director and the Director or the Director's designate prior to admission to the facility subject to Section 2-27.1 of the Juvenile Court Act of 1987. This subsection (m-1) does not apply to a child who is subject to placement in a correctional facility operated pursuant to Section 3-15-2 of the Unified Code of Corrections, unless the child is a ward who was placed under the care of the Department before being subject to placement in a correctional facility.
facility and a court of competent jurisdiction has ordered placement of the child in a secure care facility.

(n) The Department may place children under 18 years of age in licensed child care facilities when in the opinion of the Department, appropriate services aimed at family preservation have been unsuccessful and cannot ensure the child's health and safety or are unavailable and such placement would be for their best interest. Payment for board, clothing, care, training and supervision of any child placed in a licensed child care facility may be made by the Department, by the parents or guardians of the estates of those children, or by both the Department and the parents or guardians, except that no payments shall be made by the Department for any child placed in a licensed child care facility for board, clothing, care, training and supervision of such a child that exceed the average per capita cost of maintaining and of caring for a child in institutions for dependent or neglected children operated by the Department. However, such restriction on payments does not apply in cases where children require specialized care and treatment for problems of severe emotional disturbance, physical disability, social adjustment, or any combination thereof and suitable facilities for the placement of such children are not available at payment rates within the limitations set forth in this Section. All reimbursements for services delivered shall be absolutely inalienable by assignment, sale, attachment, garnishment or otherwise.

(o) The Department shall establish an administrative review and appeal process for children and families who request or receive child welfare services from the Department. Children who are wards of the Department and are placed by private child welfare agencies, and foster families with whom those children are placed, shall be afforded the same procedural and appeal rights as children and families in the case of placement by the Department, including the right to an initial review of a private agency decision by that agency. The Department shall insure that any private child welfare agency, which accepts wards of the Department for placement, affords those rights to children and foster families. The Department shall accept for administrative review and an appeal hearing a complaint made by (i) a child or foster family concerning a decision
following an initial review by a private child welfare agency or (ii) a prospective adoptive parent who alleges a violation of subsection (j-5) of this Section. An appeal of a decision concerning a change in the placement of a child shall be conducted in an expedited manner.

(p) There is hereby created the Department of Children and Family Services Emergency Assistance Fund from which the Department may provide special financial assistance to families which are in economic crisis when such assistance is not available through other public or private sources and the assistance is deemed necessary to prevent dissolution of the family unit or to reunite families which have been separated due to child abuse and neglect. The Department shall establish administrative rules specifying the criteria for determining eligibility for and the amount and nature of assistance to be provided. The Department may also enter into written agreements with private and public social service agencies to provide emergency financial services to families referred by the Department. Special financial assistance payments shall be available to a family no more than once during each fiscal year and the total payments to a family may not exceed $500 during a fiscal year.

(q) The Department may receive and use, in their entirety, for the benefit of children any gift, donation or bequest of money or other property which is received on behalf of such children, or any financial benefits to which such children are or may become entitled while under the jurisdiction or care of the Department.

The Department shall set up and administer no-cost, interest-bearing accounts in appropriate financial institutions for children for whom the Department is legally responsible and who have been determined eligible for Veterans' Benefits, Social Security benefits, assistance allotments from the armed forces, court ordered payments, parental voluntary payments, Supplemental Security Income, Railroad Retirement payments, Black Lung benefits, or other miscellaneous payments. Interest earned by each account shall be credited to the account, unless disbursed in accordance with this subsection.

In disbursing funds from children's accounts, the Department shall:

(1) Establish standards in accordance with State and federal laws for disbursing money from children's accounts. In all circumstances, the Department's "Guardianship Administrator" or his or her designee must approve disbursements from children's accounts. The Department shall be responsible for keeping complete records of all disbursements for each account for any purpose.

(2) Calculate on a monthly basis the amounts paid from State funds for the child's board and care, medical care not covered under Medicaid, and social services; and utilize funds from the child's account, as covered by regulation, to reimburse those costs. Monthly, disbursements from all children's accounts, up to 1/12 of $13,000,000, shall be deposited by the Department into the General Revenue Fund and the balance over 1/12 of $13,000,000 into the DCFS Children's Services Fund.

(3) Maintain any balance remaining after reimbursing for the child's costs of care, as specified in item (2). The balance shall accumulate in accordance with relevant State and federal laws and shall be disbursed to the child or his or her guardian, or to the issuing agency.

(r) The Department shall promulgate regulations encouraging all adoption agencies to voluntarily forward to the Department or its agent names and addresses of all persons who have applied for and have been approved for adoption of a hard-to-place or handicapped child and the names of such children who have not been placed for adoption. A list of such names and addresses shall be maintained by the Department or its agent, and coded lists which maintain the confidentiality of the person seeking to adopt the child and of the child shall be made available, without charge, to every adoption agency in the State to assist the agencies in placing such children for adoption. The Department may delegate to an agent its duty to maintain and make available such lists. The Department shall ensure that such agent maintains the confidentiality of the person seeking to adopt the child and of the child.

(s) The Department of Children and Family Services may establish and implement a program to reimburse Department and private child welfare agency foster parents licensed by the Department of Children and Family Services for damages sustained by the foster parents as a result of the malicious or negligent acts of foster children, as well as providing third party coverage for such foster parents with regard to actions of foster children to other individuals. Such coverage will be secondary to the foster parent liability insurance policy, if applicable. The program shall be funded through appropriations from the General Revenue Fund, specifically designated for such purposes.

(t) The Department shall perform home studies and investigations and shall exercise supervision over visitation as ordered by a court pursuant to the Illinois Marriage and Dissolution of Marriage Act or the Adoption Act only if:

1. an order entered by an Illinois court specifically directs the Department to perform such services; and
2. the court has ordered one or both of the parties to the proceeding to reimburse the Department for its reasonable costs for providing such services in accordance with Department rules, or has determined that neither party is financially able to pay.

The Department shall provide written notification to the court of the specific arrangements for supervised visitation and projected monthly costs within 60 days of the court order. The Department shall send to the court information related to the costs incurred except in cases where the court has determined the parties are financially unable to pay. The court may order additional periodic reports as appropriate.

(u) In addition to other information that must be provided, whenever the Department places a child with a prospective adoptive parent or parents or in a licensed foster home, group home, child care institution, or in a relative home, the Department shall provide to the prospective adoptive parent or parents or other caretaker:

1. available detailed information concerning the child's educational and health history, copies of immunization records (including insurance and medical card information), a history of

the child's previous placements, if any, and reasons for placement
changes excluding any information that identifies or reveals the
location of any previous caretaker;

(2) a copy of the child's portion of the client service plan,
including any visitation arrangement, and all amendments or
revisions to it as related to the child; and

(3) information containing details of the child's
individualized educational plan when the child is receiving special
education services.

The caretaker shall be informed of any known social or behavioral
information (including, but not limited to, criminal background, fire
setting, perpetuation of sexual abuse, destructive behavior, and substance
abuse) necessary to care for and safeguard the children to be placed or
currently in the home. The Department may prepare a written summary of
the information required by this paragraph, which may be provided to the
foster or prospective adoptive parent in advance of a placement. The foster
or prospective adoptive parent may review the supporting documents in
the child's file in the presence of casework staff. In the case of an
emergency placement, casework staff shall at least provide known
information verbally, if necessary, and must subsequently provide the
information in writing as required by this subsection.

The information described in this subsection shall be provided in
writing. In the case of emergency placements when time does not allow
prior review, preparation, and collection of written information, the
Department shall provide such information as it becomes available. Within
10 business days after placement, the Department shall obtain from the
prospective adoptive parent or parents or other caretaker a signed
verification of receipt of the information provided. Within 10 business
days after placement, the Department shall provide to the child's guardian
ad litem a copy of the information provided to the prospective adoptive
parent or parents or other caretaker. The information provided to the
prospective adoptive parent or parents or other caretaker shall be reviewed
and approved regarding accuracy at the supervisory level.

(u-5) Effective July 1, 1995, only foster care placements licensed as foster family homes pursuant to the Child Care Act of 1969 shall be eligible to receive foster care payments from the Department. Relative caregivers who, as of July 1, 1995, were approved pursuant to approved relative placement rules previously promulgated by the Department at 89 Ill. Adm. Code 335 and had submitted an application for licensure as a foster family home may continue to receive foster care payments only until the Department determines that they may be licensed as a foster family home or that their application for licensure is denied or until September 30, 1995, whichever occurs first.

(v) The Department shall access criminal history record information as defined in the Illinois Uniform Conviction Information Act and information maintained in the adjudicatory and dispositional record system as defined in Section 2605-355 of the Department of State Police Law (20 ILCS 2605/2605-355) if the Department determines the information is necessary to perform its duties under the Abused and Neglected Child Reporting Act, the Child Care Act of 1969, and the Children and Family Services Act. The Department shall provide for interactive computerized communication and processing equipment that permits direct on-line communication with the Department of State Police's central criminal history data repository. The Department shall comply with all certification requirements and provide certified operators who have been trained by personnel from the Department of State Police. In addition, one Office of the Inspector General investigator shall have training in the use of the criminal history information access system and have access to the terminal. The Department of Children and Family Services and its employees shall abide by rules and regulations established by the Department of State Police relating to the access and dissemination of this information.

(v-1) Prior to final approval for placement of a child, the Department shall conduct a criminal records background check of the prospective foster or adoptive parent, including fingerprint-based checks of national crime information databases. Final approval for placement shall not be granted if the record check reveals a felony conviction for

child abuse or neglect, for spousal abuse, for a crime against children, or for a crime involving violence, including rape, sexual assault, or homicide, but not including other physical assault or battery, or if there is a felony conviction for physical assault, battery, or a drug-related offense committed within the past 5 years.

(v-2) Prior to final approval for placement of a child, the Department shall check its child abuse and neglect registry for information concerning prospective foster and adoptive parents, and any adult living in the home. If any prospective foster or adoptive parent or other adult living in the home has resided in another state in the preceding 5 years, the Department shall request a check of that other state's child abuse and neglect registry.

(w) Within 120 days of August 20, 1995 (the effective date of Public Act 89-392), the Department shall prepare and submit to the Governor and the General Assembly, a written plan for the development of in-state licensed secure child care facilities that care for children who are in need of secure living arrangements for their health, safety, and well-being. For purposes of this subsection, secure care facility shall mean a facility that is designed and operated to ensure that all entrances and exits from the facility, a building or a distinct part of the building, are under the exclusive control of the staff of the facility, whether or not the child has the freedom of movement within the perimeter of the facility, building, or distinct part of the building. The plan shall include descriptions of the types of facilities that are needed in Illinois; the cost of developing these secure care facilities; the estimated number of placements; the potential cost savings resulting from the movement of children currently out-of-state who are projected to be returned to Illinois; the necessary geographic distribution of these facilities in Illinois; and a proposed timetable for development of such facilities.

Any member of the clergy having reasonable cause to believe that a child known to that member of the clergy in his or her professional capacity may be an abused child as defined in item (c) of the definition of "abused child" in Section 3 of this Act shall immediately report or cause a report to be made to the Department.

If an allegation is raised to a school board member during the course of an open or closed school board meeting that a child who is
enrolled in the school district of which he or she is a board member is an abused child as defined in Section 3 of this Act, the member shall direct or cause the school board to direct the superintendent of the school district or other equivalent school administrator to comply with the requirements of this Act concerning the reporting of child abuse. For purposes of this paragraph, a school board member is granted the authority in his or her individual capacity to direct the superintendent of the school district or other equivalent school administrator to comply with the requirements of this Act concerning the reporting of child abuse.

Whenever such person is required to report under this Act in his capacity as a member of the staff of a medical or other public or private institution, school, facility or agency, or as a member of the clergy, he shall make report immediately to the Department in accordance with the provisions of this Act and may also notify the person in charge of such institution, school, facility or agency, or church, synagogue, temple, mosque, or other religious institution, or his designated agent that such report has been made. Under no circumstances shall any person in charge of such institution, school, facility or agency, or church, synagogue, temple, mosque, or other religious institution, or his designated agent to whom such notification has been made, exercise any control, restraint, modification or other change in the report or the forwarding of such report to the Department.

The privileged quality of communication between any professional person required to report and his patient or client shall not apply to situations involving abused or neglected children and shall not constitute grounds for failure to report as required by this Act.

A member of the clergy may claim the privilege under Section 8-803 of the Code of Civil Procedure.

In addition to the above persons required to report suspected cases of abused or neglected children, any other person may make a report if such person has reasonable cause to believe a child may be an abused child or a neglected child.

Any person who enters into employment on and after July 1, 1986 and is mandated by virtue of that employment to report under this Act,

effect that the employee has knowledge and understanding of the reporting
requirements of this Act. The statement shall be signed prior to
commencement of the employment. The signed statement shall be retained
by the employer. The cost of printing, distribution, and filing of the
statement shall be borne by the employer.

The Department shall provide copies of this Act, upon request, to
all employers employing persons who shall be required under the
provisions of this Section to report under this Act.

Any person who knowingly transmits a false report to the
Department commits the offense of disorderly conduct under subsection
(a)(7) of Section 26-1 of the "Criminal Code of 1961". Any person who
violates this provision a second or subsequent time shall be guilty of a
Class 3 felony.

Any person who knowingly and willfully violates any provision of
this Section other than a second or subsequent violation of transmitting a
false report as described in the preceding paragraph, is guilty of a Class A
misdemeanor for a first violation and a Class 4 felony for a second or
subsequent violation; except that if the person acted as part of a plan or
scheme having as its object the prevention of discovery of an abused or
neglected child by lawful authorities for the purpose of protecting or
insulating any person or entity from arrest or prosecution, the person is
guilty of a Class 4 felony for a first offense and a Class 3 felony for a
second or subsequent offense (regardless of whether the second or
subsequent offense involves any of the same facts or persons as the first or
other prior offense).

A child whose parent, guardian or custodian in good faith selects
and depends upon spiritual means through prayer alone for the treatment
or cure of disease or remedial care may be considered neglected or abused,
but not for the sole reason that his parent, guardian or custodian accepts
and practices such beliefs.

A child shall not be considered neglected or abused solely because
the child is not attending school in accordance with the requirements of
Article 26 of the School Code, as amended.

Section 10. The Juvenile Court Act of 1987 is amended by changing Section 2-28 as follows:

Sec. 2-28. Court review.

(1) The court may require any legal custodian or guardian of the person appointed under this Act to report periodically to the court or may cite him into court and require him or his agency, to make a full and accurate report of his or its doings in behalf of the minor. The custodian or guardian, within 10 days after such citation, shall make the report, either in writing verified by affidavit or orally under oath in open court, or otherwise as the court directs. Upon the hearing of the report the court may remove the custodian or guardian and appoint another in his stead or restore the minor to the custody of his parents or former guardian or custodian. However, custody of the minor shall not be restored to any parent, guardian or legal custodian in any case in which the minor is found to be neglected or abused under Section 2-3 or dependent under Section 2-4 of this Act, unless the minor can be cared for at home without endangering the minor's health or safety and it is in the best interests of the minor, and if such neglect, abuse, or dependency is found by the court under paragraph (1) of Section 2-21 of this Act to have come about due to the acts or omissions of both of such parent, guardian or legal custodian, until such time as an investigation is made as provided in paragraph (5) and a hearing is held on the issue of the fitness of such parent, guardian or legal custodian to care for the minor and the court enters an order that such parent, guardian or legal custodian is fit to care for the minor.

(2) The first permanency hearing shall be conducted by the judge. Subsequent permanency hearings may be heard by a judge or by hearing officers appointed or approved by the court in the manner set forth in Section 2-28.1 of this Act. The initial hearing shall be held (a) within 12 months from the date temporary custody was taken, (b) if the parental rights of both parents have been terminated in accordance with the procedure described in subsection (5) of Section 2-21, within 30 days of
the order for termination of parental rights and appointment of a guardian with power to consent to adoption, or (c) in accordance with subsection (2) of Section 2-13.1. Subsequent permanency hearings shall be held every 6 months or more frequently if necessary in the court's determination following the initial permanency hearing, in accordance with the standards set forth in this Section, until the court determines that the plan and goal have been achieved. Once the plan and goal have been achieved, if the minor remains in substitute care, the case shall be reviewed at least every 6 months thereafter, subject to the provisions of this Section, unless the minor is placed in the guardianship of a suitable relative or other person and the court determines that further monitoring by the court does not further the health, safety or best interest of the child and that this is a stable permanent placement. The permanency hearings must occur within the time frames set forth in this subsection and may not be delayed in anticipation of a report from any source or due to the agency's failure to timely file its written report (this written report means the one required under the next paragraph and does not mean the service plan also referred to in that paragraph).

The public agency that is the custodian or guardian of the minor, or another agency responsible for the minor's care, shall ensure that all parties to the permanency hearings are provided a copy of the most recent service plan prepared within the prior 6 months at least 14 days in advance of the hearing. If not contained in the plan, the agency shall also include a report setting forth (i) any special physical, psychological, educational, medical, emotional, or other needs of the minor or his or her family that are relevant to a permanency or placement determination and (ii) for any minor age 16 or over, a written description of the programs and services that will enable the minor to prepare for independent living. The agency's written report must detail what progress or lack of progress the parent has made in correcting the conditions requiring the child to be in care; whether the child can be returned home without jeopardizing the child's health, safety, and welfare, and if not, what permanency goal is recommended to be in the best interests of the child, and why the other permanency goals are not appropriate. The caseworker must appear and testify at the permanency

hearing. If a permanency hearing has not previously been scheduled by the court, the moving party shall move for the setting of a permanency hearing and the entry of an order within the time frames set forth in this subsection.

At the permanency hearing, the court shall determine the future status of the child. The court shall set one of the following permanency goals:

(A) The minor will be returned home by a specific date within 5 months.

(B) The minor will be in short-term care with a continued goal to return home within a period not to exceed one year, where the progress of the parent or parents is substantial giving particular consideration to the age and individual needs of the minor.

(B-1) The minor will be in short-term care with a continued goal to return home pending a status hearing. When the court finds that a parent has not made reasonable efforts or reasonable progress to date, the court shall identify what actions the parent and the Department must take in order to justify a finding of reasonable efforts or reasonable progress and shall set a status hearing to be held not earlier than 9 months from the date of adjudication nor later than 11 months from the date of adjudication during which the parent's progress will again be reviewed.

(C) The minor will be in substitute care pending court determination on termination of parental rights.

(D) Adoption, provided that parental rights have been terminated or relinquished.

(E) The guardianship of the minor will be transferred to an individual or couple on a permanent basis provided that goals (A) through (D) have been ruled out.

(F) The minor over age 15 will be in substitute care pending independence.

(G) The minor will be in substitute care because he or she cannot be provided for in a home environment due to developmental disabilities or mental illness or because he or she is
a danger to self or others, provided that goals (A) through (D) have been ruled out.

In selecting any permanency goal, the court shall indicate in writing the reasons the goal was selected and why the preceding goals were ruled out. Where the court has selected a permanency goal other than (A), (B), or (B-1), the Department of Children and Family Services shall not provide further reunification services, but shall provide services consistent with the goal selected.

The court shall set a permanency goal that is in the best interest of the child. *In determining that goal, the court shall consult with the minor in an age-appropriate manner regarding the proposed permanency or transition plan for the minor. The court's determination shall include the following factors:*

(1) Age of the child.

(2) Options available for permanence, *including both out-of-State and in-State placement options.*

(3) Current placement of the child and the intent of the family regarding adoption.

(4) Emotional, physical, and mental status or condition of the child.

(5) Types of services previously offered and whether or not the services were successful and, if not successful, the reasons the services failed.

(6) Availability of services currently needed and whether the services exist.

(7) Status of siblings of the minor.

The court shall consider (i) the permanency goal contained in the service plan, (ii) the appropriateness of the services contained in the plan and whether those services have been provided, (iii) whether reasonable efforts have been made by all the parties to the service plan to achieve the goal, and (iv) whether the plan and goal have been achieved. All evidence relevant to determining these questions, including oral and written reports, may be admitted and may be relied on to the extent of their probative value.

New matter indicated by italics - deletions by strikeout
If the goal has been achieved, the court shall enter orders that are
necessary to conform the minor's legal custody and status to those
findings.

If, after receiving evidence, the court determines that the services
contained in the plan are not reasonably calculated to facilitate
achievement of the permanency goal, the court shall put in writing the
factual basis supporting the determination and enter specific findings
based on the evidence. The court also shall enter an order for the
Department to develop and implement a new service plan or to implement
changes to the current service plan consistent with the court's findings. The
new service plan shall be filed with the court and served on all parties
within 45 days of the date of the order. The court shall continue the matter
until the new service plan is filed. Unless otherwise specifically authorized
by law, the court is not empowered under this subsection (2) or under
subsection (3) to order specific placements, specific services, or specific
service providers to be included in the plan.

A guardian or custodian appointed by the court pursuant to this Act
shall file updated case plans with the court every 6 months.

Rights of wards of the court under this Act are enforceable against
any public agency by complaints for relief by mandamus filed in any
proceedings brought under this Act.

(3) Following the permanency hearing, the court shall enter a
written order that includes the determinations required under subsection
(2) of this Section and sets forth the following:

(a) The future status of the minor, including the
permanency goal, and any order necessary to conform the minor's
legal custody and status to such determination; or

(b) If the permanency goal of the minor cannot be achieved
immediately, the specific reasons for continuing the minor in the
care of the Department of Children and Family Services or other
agency for short term placement, and the following determinations:

   (i) (Blank).
   (ii) Whether the services required by the court and
       by any service plan prepared within the prior 6 months have

been provided and (A) if so, whether the services were reasonably calculated to facilitate the achievement of the permanency goal or (B) if not provided, why the services were not provided.

(iii) Whether the minor's placement is necessary, and appropriate to the plan and goal, recognizing the right of minors to the least restrictive (most family-like) setting available and in close proximity to the parents' home consistent with the health, safety, best interest and special needs of the minor and, if the minor is placed out-of-State, whether the out-of-State placement continues to be appropriate and consistent with the health, safety, and best interest of the minor.

(iv) (Blank).

(v) (Blank).

Any order entered pursuant to this subsection (3) shall be immediately appealable as a matter of right under Supreme Court Rule 304(b)(1).

(4) The minor or any person interested in the minor may apply to the court for a change in custody of the minor and the appointment of a new custodian or guardian of the person or for the restoration of the minor to the custody of his parents or former guardian or custodian.

When return home is not selected as the permanency goal:

(a) The Department, the minor, or the current foster parent or relative caregiver seeking private guardianship may file a motion for private guardianship of the minor. Appointment of a guardian under this Section requires approval of the court.

(b) The State's Attorney may file a motion to terminate parental rights of any parent who has failed to make reasonable efforts to correct the conditions which led to the removal of the child or reasonable progress toward the return of the child, as defined in subdivision (D)(m) of Section 1 of the Adoption Act or for whom any other unfitness ground for terminating parental

rights as defined in subdivision (D) of Section 1 of the Adoption Act exists.

Custody of the minor shall not be restored to any parent, guardian or legal custodian in any case in which the minor is found to be neglected or abused under Section 2-3 or dependent under Section 2-4 of this Act, unless the minor can be cared for at home without endangering his or her health or safety and it is in the best interest of the minor, and if such neglect, abuse, or dependency is found by the court under paragraph (1) of Section 2-21 of this Act to have come about due to the acts or omissions or both of such parent, guardian or legal custodian, until such time as an investigation is made as provided in paragraph (5) and a hearing is held on the issue of the health, safety and best interest of the minor and the fitness of such parent, guardian or legal custodian to care for the minor and the court enters an order that such parent, guardian or legal custodian is fit to care for the minor. In the event that the minor has attained 18 years of age and the guardian or custodian petitions the court for an order terminating his guardianship or custody, guardianship or custody shall terminate automatically 30 days after the receipt of the petition unless the court orders otherwise. No legal custodian or guardian of the person may be removed without his consent until given notice and an opportunity to be heard by the court.

When the court orders a child restored to the custody of the parent or parents, the court shall order the parent or parents to cooperate with the Department of Children and Family Services and comply with the terms of an after-care plan, or risk the loss of custody of the child and possible termination of their parental rights. The court may also enter an order of protective supervision in accordance with Section 2-24.

(5) Whenever a parent, guardian, or legal custodian files a motion for restoration of custody of the minor, and the minor was adjudicated neglected, abused, or dependent as a result of physical abuse, the court shall cause to be made an investigation as to whether the movant has ever been charged with or convicted of any criminal offense which would indicate the likelihood of any further physical abuse to the minor. Evidence of such criminal convictions shall be taken into account in

determining whether the minor can be cared for at home without endangering his or her health or safety and fitness of the parent, guardian, or legal custodian.

(a) Any agency of this State or any subdivision thereof shall co-operate with the agent of the court in providing any information sought in the investigation.

(b) The information derived from the investigation and any conclusions or recommendations derived from the information shall be provided to the parent, guardian, or legal custodian seeking restoration of custody prior to the hearing on fitness and the movant shall have an opportunity at the hearing to refute the information or contest its significance.

(c) All information obtained from any investigation shall be confidential as provided in Section 5-150 of this Act.

The annually established payment rate shall take effect on July 1 in 1984 and subsequent years. No rate increase and no update for inflation shall be provided on or after July 1, 1994 and before July 1, 2007, unless specifically provided for in this Section. Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the Illinois Department shall determine by rule the rates taking effect on July 1, 2002, which shall be 5.9% less than the rates in effect on June 30, 2002.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, if the payment methodologies required under Section 5A-12 and the waiver granted under 42 CFR 433.68 are approved by the United States Centers for Medicare and Medicaid Services, the rates taking effect on July 1, 2004 shall be 3.0% greater than the rates in effect on June 30, 2004. Rates established effective each July 1 shall govern payment for services rendered throughout that fiscal year, except that rates established on July 1, 1996 shall be increased by 6.8% for services provided on or after January 1, 1997. Such rates will be based upon the rates calculated for the year beginning July 1, 1990, and for subsequent years thereafter until June 30, 2001 shall be based on the facility cost reports for the facility fiscal year ending at any point in time during the previous calendar year, updated to the midpoint of the rate year. Sec. 1.5. Findings. The General Assembly finds all of the following:

(1) Inherited hemophilia and other bleeding disorders are devastating health conditions that can cause serious financial, social, and emotional hardships for patients and their families. Hemophilia, which occurs predominantly in males, is a rare but well-known type of inherited bleeding disorder in which one of several proteins normally found in blood are either deficient or inactive, and causing pain, swelling, and permanent damage to

New matter indicated by italics - deletions by strikeout
joints and muscles. The disorder affects Americans of all racial and ethnic backgrounds. In about one-third of all cases, there is no known family history of the disorder. In these cases, the disease developed after a new or spontaneous gene mutation.

(2) Hemophilia is one of a spectrum of devastating chronic bleeding disorders impacting Americans. Von Willebrand Disease, another type of bleeding disorder, is caused by a deficiency on the von Willebrand protein. Persons with the disorder often bruise easily, have frequent nosebleeds, or bleed after tooth extraction, tonsillectomy, or other surgery. In some instances, women will have prolonged menstrual bleeding. The disorder occurs in about 1% to 2% of the U.S. population.

(3) Appropriate care and treatment are necessities for maintaining optimum health for persons afflicted with hemophilia and other bleeding disorders.

(4) While hemophilia and other bleeding disorders are incurable, advancements in drug therapies are allowing individuals greater latitude in managing their conditions, fostering independence, and minimizing chronic complications such as damage to the joints and muscles, blood-transmitted infectious diseases, and chronic liver diseases. At the same time, treatment for clotting disorders is saving more and more lives. The rarity of these disorders coupled with the delicate processes for producing factors, however, makes treating these disorders extremely costly. As a result, insurance coverage is a major concern for patients and their families.

(5) It is thus the intent of the General Assembly through implementation of this Act to establish an advisory board to provide expert advice to the State on health and insurance policies, plans, and public health programs that impact individuals with hemophilia and other bleeding disorders.

Sec. 2.5. Hemophilia Advisory Review Board.

New matter indicated by italics - deletions by strikeout
(a) The Director of Public Health in collaboration and in consultation with the Director of Insurance, shall establish an independent advisory board known as the Hemophilia Advisory Review Board. The Board shall review, may comment upon, and make recommendations to the Directors with regard to, but not limited to the following:

1. Proposed legislative or administrative changes to policies and programs that are integral to the health and wellness of individuals with hemophilia and other bleeding disorders.

2. Standards of care and treatment for persons living with hemophilia and other bleeding disorders. In examining standards of care, the Board shall protect open access to any and all treatments for hemophilia and other bleeding disorders, in accordance with federal guidelines and standards of care guidelines developed by the Medical and Scientific Advisory Council (MASAC) of National Hemophilia Foundation (NHF), an internationally recognized body whose guidelines set the standards of care for hemophilia and other bleeding disorders around the world.

3. The development of community-based initiatives to increase awareness of care and treatment for persons living with hemophilia and other bleeding disorders. The Department of Health may provide such services through cooperative agreements with Hemophilia Treatment Centers, medical facilities, schools, nonprofit organizations servicing the bleeding disorder community, or other appropriate means.

4. Facilitating linkages for persons with hemophilia and other bleeding disorders.

5. Protecting the rights of people living with hemophilia and other bleeding disorders to appropriate health insurance coverage be it under a private or State-sponsored health insurance provider.

(b) The Board shall consist of the Director of Healthcare and Family Services and the Director of Insurance or their designee, who shall serve as non-voting members, and 7 voting members appointed by the
Governor in consultation and in collaboration with the Directors. The voting members shall be selected from among the following member groups:

(1) one board-certified physician licensed, practicing and currently treating individuals with hemophilia or other bleeding disorders;
(2) one nurse licensed, practicing and currently treating individuals with hemophilia or other bleeding disorders;
(3) one social worker licensed, practicing and currently treating individuals with hemophilia or other bleeding disorders;
(4) one representative of a federally funded Hemophilia Treatment Center;
(5) one representative of an organization established under the Illinois Insurance Code for the purpose of providing health insurance;
(6) one representative of a voluntary health organization that currently services the hemophilia and other bleeding disorders community; and
(7) one patient or caregiver of a patient with hemophilia or other bleeding disorder.

The Board may also have up to 5 additional nonvoting members as determined appropriate by the Directors. Nonvoting members may be persons with or caregivers of a patient with hemophilia or a bleeding disorder other than hemophilia or persons experienced in the diagnosis, treatment, care, and support of individuals with hemophilia or other bleeding disorders.

No more than a majority of the voting members may be of the same political party. Members of the Board shall elect one of its members to act as chair for a term of 3 years. The chair shall retain all voting rights. If there is a vacancy on the Board, such position may be filled in the same manner as the original appointment. Members of the Board shall receive no compensation, but may be reimbursed for actual expenses incurred in the carrying out of their duties. The Board shall meet no less than 4 times
per year and follow all policies and procedures of the State of Illinois Open Meetings Law.

(c) No later than 6 months after the date of enactment of this amendatory Act, the Board shall submit to the Governor and the General Assembly a report with recommendations for maintaining access to care and obtaining appropriate health insurance coverage for individuals with hemophilia and other bleeding disorders. The report shall be subject to public review and comment prior to adoption. No later than 6 months after adoption by the Governor and Legislature and annually thereafter, the Director of Healthcare and Family Services shall issue a report, which shall be made available to the public, on the status of implementing the recommendations as proposed by the Board and on any state and national activities with regard to hemophilia and other bleeding disorders.

Section 99. Effective date. This Act takes effect upon becoming law.

Section 5. The Illinois Municipal Code is amended by changing Sections 11-74.4-3 and 11-74.4-7 as follows:

(65 ILCS 5/11-74.4-3) (from Ch. 24, par. 11-74.4-3)

Sec. 11-74.4-3. Definitions. The following terms, wherever used or referred to in this Division 74.4 shall have the following respective meanings, unless in any case a different meaning clearly appears from the context.

(a) For any redevelopment project area that has been designated pursuant to this Section by an ordinance adopted prior to November 1, 1999 (the effective date of Public Act 91-478), "blighted area" shall have the meaning set forth in this Section prior to that date.

On and after November 1, 1999, "blighted area" means any improved or vacant area within the boundaries of a redevelopment project area located within the territorial limits of the municipality where:

(1) If improved, industrial, commercial, and residential buildings or improvements are detrimental to the public safety, health, or welfare because of a combination of 5 or more of the following factors, each of which is (i) present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) reasonably distributed throughout the improved part of the redevelopment project area:

(A) Dilapidation. An advanced state of disrepair or neglect of necessary repairs to the primary structural components of buildings or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed.

(B) Obsolescence. The condition or process of falling into disuse. Structures have become ill-suited for the original use.

(C) Deterioration. With respect to buildings, defects including, but not limited to, major defects in the secondary

building components such as doors, windows, porches, gutters and downspouts, and fascia. With respect to surface improvements, that the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas evidence deterioration, including, but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces.

(D) Presence of structures below minimum code standards. All structures that do not meet the standards of zoning, subdivision, building, fire, and other governmental codes applicable to property, but not including housing and property maintenance codes.

(E) Illegal use of individual structures. The use of structures in violation of applicable federal, State, or local laws, exclusive of those applicable to the presence of structures below minimum code standards.

(F) Excessive vacancies. The presence of buildings that are unoccupied or under-utilized and that represent an adverse influence on the area because of the frequency, extent, or duration of the vacancies.

(G) Lack of ventilation, light, or sanitary facilities. The absence of adequate ventilation for light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke, or other noxious airborne materials. Inadequate natural light and ventilation means the absence of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building.

New matter indicated by italics - deletions by strikeout
(H) Inadequate utilities. Underground and overhead utilities such as storm sewers and storm drainage, sanitary sewers, water lines, and gas, telephone, and electrical services that are shown to be inadequate. Inadequate utilities are those that are: (i) of insufficient capacity to serve the uses in the redevelopment project area, (ii) deteriorated, antiquated, obsolete, or in disrepair, or (iii) lacking within the redevelopment project area.

(I) Excessive land coverage and overcrowding of structures and community facilities. The over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Examples of problem conditions warranting the designation of an area as one exhibiting excessive land coverage are: (i) the presence of buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety and (ii) the presence of multiple buildings on a single parcel. For there to be a finding of excessive land coverage, these parcels must exhibit one or more of the following conditions: insufficient provision for light and air within or around buildings, increased threat of spread of fire due to the close proximity of buildings, lack of adequate or proper access to a public right-of-way, lack of reasonably required off-street parking, or inadequate provision for loading and service.

(J) Deleterious land use or layout. The existence of incompatible land-use relationships, buildings occupied by inappropriate mixed-uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.

(K) Environmental clean-up. The proposed redevelopment project area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized
as having expertise in environmental remediation has
determined a need for, the clean-up of hazardous waste,
hazardous substances, or underground storage tanks
required by State or federal law, provided that the
remediation costs constitute a material impediment to the
development or redevelopment of the redevelopment
project area.

(L) Lack of community planning. The proposed
redevelopment project area was developed prior to or
without the benefit or guidance of a community plan. This
means that the development occurred prior to the adoption
by the municipality of a comprehensive or other community
plan or that the plan was not followed at the time of the
area’s development. This factor must be documented by
evidence of adverse or incompatible land-use relationships,
inadequate street layout, improper subdivision, parcels of
inadequate shape and size to meet contemporary
development standards, or other evidence demonstrating an
absence of effective community planning.

(M) The total equalized assessed value of the
proposed redevelopment project area has declined for 3 of
the last 5 calendar years prior to the year in which the
redevelopment project area is designated or is increasing at
an annual rate that is less than the balance of the
municipality for 3 of the last 5 calendar years for which
information is available or is increasing at an annual rate
that is less than the Consumer Price Index for All Urban
Consumers published by the United States Department of
Labor or successor agency for 3 of the last 5 calendar years
prior to the year in which the redevelopment project area is
designated.

(2) If vacant, the sound growth of the redevelopment
project area is impaired by a combination of 2 or more of the
following factors, each of which is (i) present, with that presence

documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) reasonably distributed throughout the vacant part of the redevelopment project area to which it pertains:

(A) Obsolete platting of vacant land that results in parcels of limited or narrow size or configurations of parcels of irregular size or shape that would be difficult to develop on a planned basis and in a manner compatible with contemporary standards and requirements, or platting that failed to create rights-of-ways for streets or alleys or that created inadequate right-of-way widths for streets, alleys, or other public rights-of-way or that omitted easements for public utilities.

(B) Diversity of ownership of parcels of vacant land sufficient in number to retard or impede the ability to assemble the land for development.

(C) Tax and special assessment delinquencies exist or the property has been the subject of tax sales under the Property Tax Code within the last 5 years.

(D) Deterioration of structures or site improvements in neighboring areas adjacent to the vacant land.

(E) The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(F) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of
the last 5 calendar years prior to the year in which the redevelopment project area is designated or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated.

(3) If vacant, the sound growth of the redevelopment project area is impaired by one of the following factors that (i) is present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) is reasonably distributed throughout the vacant part of the redevelopment project area to which it pertains:

(A) The area consists of one or more unused quarries, mines, or strip mine ponds.

(B) The area consists of unused rail yards, rail tracks, or railroad rights-of-way.

(C) The area, prior to its designation, is subject to (i) chronic flooding that adversely impacts on real property in the area as certified by a registered professional engineer or appropriate regulatory agency or (ii) surface water that discharges from all or a part of the area and contributes to flooding within the same watershed, but only if the redevelopment project provides for facilities or improvements to contribute to the alleviation of all or part of the flooding.

(D) The area consists of an unused or illegal disposal site containing earth, stone, building debris, or similar materials that were removed from construction, demolition, excavation, or dredge sites.

New matter indicated by italics - deletions by strikeout
(E) Prior to November 1, 1999, the area is not less than 50 nor more than 100 acres and 75% of which is vacant (notwithstanding that the area has been used for commercial agricultural purposes within 5 years prior to the designation of the redevelopment project area), and the area meets at least one of the factors itemized in paragraph (1) of this subsection, the area has been designated as a town or village center by ordinance or comprehensive plan adopted prior to January 1, 1982, and the area has not been developed for that designated purpose.

(F) The area qualified as a blighted improved area immediately prior to becoming vacant, unless there has been substantial private investment in the immediately surrounding area.

(b) For any redevelopment project area that has been designated pursuant to this Section by an ordinance adopted prior to November 1, 1999 (the effective date of Public Act 91-478), "conservation area" shall have the meaning set forth in this Section prior to that date.

On and after November 1, 1999, "conservation area" means any improved area within the boundaries of a redevelopment project area located within the territorial limits of the municipality in which 50% or more of the structures in the area have an age of 35 years or more. Such an area is not yet a blighted area but because of a combination of 3 or more of the following factors is detrimental to the public safety, health, morals or welfare and such an area may become a blighted area:

1. Dilapidation. An advanced state of disrepair or neglect of necessary repairs to the primary structural components of buildings or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed.

2. Obsolescence. The condition or process of falling into disuse. Structures have become ill-suited for the original use.

(3) Deterioration. With respect to buildings, defects including, but not limited to, major defects in the secondary building components such as doors, windows, porches, gutters and downspouts, and fascia. With respect to surface improvements, that the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas evidence deterioration, including, but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces.

(4) Presence of structures below minimum code standards. All structures that do not meet the standards of zoning, subdivision, building, fire, and other governmental codes applicable to property, but not including housing and property maintenance codes.

(5) Illegal use of individual structures. The use of structures in violation of applicable federal, State, or local laws, exclusive of those applicable to the presence of structures below minimum code standards.

(6) Excessive vacancies. The presence of buildings that are unoccupied or under-utilized and that represent an adverse influence on the area because of the frequency, extent, or duration of the vacancies.

(7) Lack of ventilation, light, or sanitary facilities. The absence of adequate ventilation for light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke, or other noxious airborne materials. Inadequate natural light and ventilation means the absence or inadequacy of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building.

(8) Inadequate utilities. Underground and overhead utilities such as storm sewers and storm drainage, sanitary sewers, water lines, and gas, telephone, and electrical services that are shown to be inadequate. Inadequate utilities are those that are: (i) of insufficient capacity to serve the uses in the redevelopment project area, (ii) deteriorated, antiquated, obsolete, or in disrepair, or (iii) lacking within the redevelopment project area.

(9) Excessive land coverage and overcrowding of structures and community facilities. The over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Examples of problem conditions warranting the designation of an area as one exhibiting excessive land coverage are: the presence of buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety and the presence of multiple buildings on a single parcel. For there to be a finding of excessive land coverage, these parcels must exhibit one or more of the following conditions: insufficient provision for light and air within or around buildings, increased threat of spread of fire due to the close proximity of buildings, lack of adequate or proper access to a public right-of-way, lack of reasonably required off-street parking, or inadequate provision for loading and service.

(10) Deleterious land use or layout. The existence of incompatible land-use relationships, buildings occupied by inappropriate mixed-uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.

(11) Lack of community planning. The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This means that the development occurred prior to the adoption by the municipality of a comprehensive or other community plan or that the plan was not followed at the time of the area's development. This factor must be documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision,

parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning.

(12) The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(13) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years for which information is available.

(c) "Industrial park" means an area in a blighted or conservation area suitable for use by any manufacturing, industrial, research or transportation enterprise, of facilities to include but not be limited to factories, mills, processing plants, assembly plants, packing plants, fabricating plants, industrial distribution centers, warehouses, repair overhaul or service facilities, freight terminals, research facilities, test facilities or railroad facilities.

(d) "Industrial park conservation area" means an area within the boundaries of a redevelopment project area located within the territorial limits of a municipality that is a labor surplus municipality or within 1 1/2 miles of the territorial limits of a municipality that is a labor surplus municipality if the area is annexed to the municipality; which area is zoned as industrial no later than at the time the municipality by ordinance

designates the redevelopment project area, and which area includes both
vacant land suitable for use as an industrial park and a blighted area or
conservation area contiguous to such vacant land.

(e) "Labor surplus municipality" means a municipality in which, at
any time during the 6 months before the municipality by ordinance
designates an industrial park conservation area, the unemployment rate
was over 6% and was also 100% or more of the national average
unemployment rate for that same time as published in the United States
Department of Labor Bureau of Labor Statistics publication entitled "The
Employment Situation" or its successor publication. For the purpose of
this subsection, if unemployment rate statistics for the municipality are not
available, the unemployment rate in the municipality shall be deemed to be
the same as the unemployment rate in the principal county in which the
municipality is located.

(f) "Municipality" shall mean a city, village, incorporated town, or
a township that is located in the unincorporated portion of a county with 3
million or more inhabitants, if the county adopted an ordinance that
approved the township's redevelopment plan.

(g) "Initial Sales Tax Amounts" means the amount of taxes paid
under the Retailers' Occupation Tax Act, Use Tax Act, Service Use Tax
Act, the Service Occupation Tax Act, the Municipal Retailers' Occupation
Tax Act, and the Municipal Service Occupation Tax Act by retailers and
servicemen on transactions at places located in a State Sales Tax Boundary
during the calendar year 1985.

(g-1) "Revised Initial Sales Tax Amounts" means the amount of
taxes paid under the Retailers' Occupation Tax Act, Use Tax Act, Service
Use Tax Act, the Service Occupation Tax Act, the Municipal Retailers'
Occupation Tax Act, and the Municipal Service Occupation Tax Act by
retailers and servicemen on transactions at places located within the State
Sales Tax Boundary revised pursuant to Section 11-74.4-8a(9) of this Act.

(h) "Municipal Sales Tax Increment" means an amount equal to the
increase in the aggregate amount of taxes paid to a municipality from the
Local Government Tax Fund arising from sales by retailers and
servicemen within the redevelopment project area or State Sales Tax
Boundary, as the case may be, for as long as the redevelopment project area or State Sales Tax Boundary, as the case may be, exist over and above the aggregate amount of taxes as certified by the Illinois Department of Revenue and paid under the Municipal Retailers' Occupation Tax Act and the Municipal Service Occupation Tax Act by retailers and servicemen, on transactions at places of business located in the redevelopment project area or State Sales Tax Boundary, as the case may be, during the base year which shall be the calendar year immediately prior to the year in which the municipality adopted tax increment allocation financing. For purposes of computing the aggregate amount of such taxes for base years occurring prior to 1985, the Department of Revenue shall determine the Initial Sales Tax Amounts for such taxes and deduct therefrom an amount equal to 4% of the aggregate amount of taxes per year for each year the base year is prior to 1985, but not to exceed a total deduction of 12%. The amount so determined shall be known as the "Adjusted Initial Sales Tax Amounts". For purposes of determining the Municipal Sales Tax Increment, the Department of Revenue shall for each period subtract from the amount paid to the municipality from the Local Government Tax Fund arising from sales by retailers and servicemen on transactions located in the redevelopment project area or the State Sales Tax Boundary, as the case may be, the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts for the Municipal Retailers' Occupation Tax Act and the Municipal Service Occupation Tax Act. For the State Fiscal Year 1989, this calculation shall be made by utilizing the calendar year 1987 to determine the tax amounts received. For the State Fiscal Year 1990, this calculation shall be made by utilizing the period from January 1, 1988, until September 30, 1988, to determine the tax amounts received from retailers and servicemen pursuant to the Municipal Retailers' Occupation Tax and the Municipal Service Occupation Tax Act, which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For the State Fiscal Year 1991, this calculation shall be made by utilizing the period from October 1, 1988, to June 30, 1989, to determine the tax
amounts received from retailers and servicemen pursuant to the Municipal Retailers' Occupation Tax and the Municipal Service Occupation Tax Act which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For every State Fiscal Year thereafter, the applicable period shall be the 12 months beginning July 1 and ending June 30 to determine the tax amounts received which shall have deducted therefrom the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts, as the case may be.

(i) "Net State Sales Tax Increment" means the sum of the following: (a) 80% of the first $100,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary; (b) 60% of the amount in excess of $100,000 but not exceeding $500,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary; and (c) 40% of all amounts in excess of $500,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary. If, however, a municipality established a tax increment financing district in a county with a population in excess of 3,000,000 before January 1, 1986, and the municipality entered into a contract or issued bonds after January 1, 1986, but before December 31, 1986, to finance redevelopment project costs within a State Sales Tax Boundary, then the Net State Sales Tax Increment means, for the fiscal years beginning July 1, 1990, and July 1, 1991, 100% of the State Sales Tax Increment annually generated within a State Sales Tax Boundary; and notwithstanding any other provision of this Act, for those fiscal years the Department of Revenue shall distribute to those municipalities 100% of their Net State Sales Tax Increment before any distribution to any other municipality and regardless of whether or not those other municipalities will receive 100% of their Net State Sales Tax Increment. For Fiscal Year 1999, and every year thereafter until the year 2007, for any municipality that has not entered into a contract or has not issued bonds prior to June 1, 1988 to finance redevelopment project costs within a State Sales Tax Boundary, the Net State Sales Tax Increment shall be calculated as follows: By multiplying the Net State Sales Tax...
Increment by 90% in the State Fiscal Year 1999; 80% in the State Fiscal Year 2000; 70% in the State Fiscal Year 2001; 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for State Fiscal Year 2008 and thereafter.

Municipalities that issued bonds in connection with a redevelopment project in a redevelopment project area within the State Sales Tax Boundary prior to July 29, 1991, or that entered into contracts in connection with a redevelopment project in a redevelopment project area before June 1, 1988, shall continue to receive their proportional share of the Illinois Tax Increment Fund distribution until the date on which the redevelopment project is completed or terminated. If, however, a municipality that issued bonds in connection with a redevelopment project in a redevelopment project area within the State Sales Tax Boundary prior to July 29, 1991 retires the bonds prior to June 30, 2007 or a municipality that entered into contracts in connection with a redevelopment project in a redevelopment project area before June 1, 1988 completes the contracts prior to June 30, 2007, then so long as the redevelopment project is not completed or is not terminated, the Net State Sales Tax Increment shall be calculated, beginning on the date on which the bonds are retired or the contracts are completed, as follows: By multiplying the Net State Sales Tax Increment by 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for State Fiscal Year 2008 and thereafter. Refunding of any bonds issued prior to July 29, 1991, shall not alter the Net State Sales Tax Increment.

(j) "State Utility Tax Increment Amount" means an amount equal to the aggregate increase in State electric and gas tax charges imposed on owners and tenants, other than residential customers, of properties located within the redevelopment project area under Section 9-222 of the Public Utilities Act, over and above the aggregate of such charges as certified by the Department of Revenue and paid by owners and tenants, other than
residential customers, of properties within the redevelopment project area during the base year, which shall be the calendar year immediately prior to the year of the adoption of the ordinance authorizing tax increment allocation financing.

(k) "Net State Utility Tax Increment" means the sum of the following: (a) 80% of the first $100,000 of State Utility Tax Increment annually generated by a redevelopment project area; (b) 60% of the amount in excess of $100,000 but not exceeding $500,000 of the State Utility Tax Increment annually generated by a redevelopment project area; and (c) 40% of all amounts in excess of $500,000 of State Utility Tax Increment annually generated by a redevelopment project area. For the State Fiscal Year 1999, and every year thereafter until the year 2007, for any municipality that has not entered into a contract or has not issued bonds prior to June 1, 1988 to finance redevelopment project costs within a redevelopment project area, the Net State Utility Tax Increment shall be calculated as follows: By multiplying the Net State Utility Tax Increment by 90% in the State Fiscal Year 1999; 80% in the State Fiscal Year 2000; 70% in the State Fiscal Year 2001; 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for the State Fiscal Year 2008 and thereafter.

Municipalities that issue bonds in connection with the redevelopment project during the period from June 1, 1988 until 3 years after the effective date of this Amendatory Act of 1988 shall receive the Net State Utility Tax Increment, subject to appropriation, for 15 State Fiscal Years after the issuance of such bonds. For the 16th through the 20th State Fiscal Years after issuance of the bonds, the Net State Utility Tax Increment shall be calculated as follows: By multiplying the Net State Utility Tax Increment by 90% in year 16; 80% in year 17; 70% in year 18; 60% in year 19; and 50% in year 20. Refunding of any bonds issued prior to June 1, 1988, shall not alter the revised Net State Utility Tax Increment payments set forth above.

(l) "Obligations" mean bonds, loans, debentures, notes, special certificates or other evidence of indebtedness issued by the municipality to carry out a redevelopment project or to refund outstanding obligations.

(m) "Payment in lieu of taxes" means those estimated tax revenues from real property in a redevelopment project area derived from real property that has been acquired by a municipality which according to the redevelopment project or plan is to be used for a private use which taxing districts would have received had a municipality not acquired the real property and adopted tax increment allocation financing and which would result from levies made after the time of the adoption of tax increment allocation financing to the time the current equalized value of real property in the redevelopment project area exceeds the total initial equalized value of real property in said area.

(n) "Redevelopment plan" means the comprehensive program of the municipality for development or redevelopment intended by the payment of redevelopment project costs to reduce or eliminate those conditions the existence of which qualified the redevelopment project area as a "blighted area" or "conservation area" or combination thereof or "industrial park conservation area," and thereby to enhance the tax bases of the taxing districts which extend into the redevelopment project area. On and after November 1, 1999 (the effective date of Public Act 91-478), no redevelopment plan may be approved or amended that includes the development of vacant land (i) with a golf course and related clubhouse and other facilities or (ii) designated by federal, State, county, or municipal government as public land for outdoor recreational activities or for nature preserves and used for that purpose within 5 years prior to the adoption of the redevelopment plan. For the purpose of this subsection, "recreational activities" is limited to mean camping and hunting. Each redevelopment plan shall set forth in writing the program to be undertaken to accomplish the objectives and shall include but not be limited to:

(A) an itemized list of estimated redevelopment project costs;

New matter indicated by italics - deletions by strikeout
(B) evidence indicating that the redevelopment project area on the whole has not been subject to growth and development through investment by private enterprise;

(C) an assessment of any financial impact of the redevelopment project area on or any increased demand for services from any taxing district affected by the plan and any program to address such financial impact or increased demand;

(D) the sources of funds to pay costs;

(E) the nature and term of the obligations to be issued;

(F) the most recent equalized assessed valuation of the redevelopment project area;

(G) an estimate as to the equalized assessed valuation after redevelopment and the general land uses to apply in the redevelopment project area;

(H) a commitment to fair employment practices and an affirmative action plan;

However, for redevelopment project areas for which bonds were issued before July 29, 1991, or for which contracts were entered into before June 1, 1988, in connection with a redevelopment project in the area within the State Sales Tax Boundary, the estimated dates of completion of the redevelopment project and retirement of obligations to finance redevelopment project costs may be extended by municipal ordinance to December 31, 2013. The termination procedures of subsection (b) of Section 11-74.4-8 are not required for these redevelopment project areas in 2009 but are required in 2013. The extension allowed by this amendatory Act of 1993 shall not apply to real property tax increment allocation financing under Section 11-74.4-8.

A municipality may by municipal ordinance amend an existing redevelopment plan to conform to this paragraph (3) as amended by Public Act 91-478, which municipal ordinance may be
adopted without further hearing or notice and without complying with the procedures provided in this Act pertaining to an amendment to or the initial approval of a redevelopment plan and project and designation of a redevelopment project area.

Those dates, for purposes of real property tax increment allocation financing pursuant to Section 11-74.4-8 only, shall be not more than 35 years for redevelopment project areas that were adopted on or after December 16, 1986 and for which at least $8 million worth of municipal bonds were authorized on or after December 19, 1989 but before January 1, 1990; provided that the municipality elects to extend the life of the redevelopment project area to 35 years by the adoption of an ordinance after at least 14 but not more than 30 days' written notice to the taxing bodies, that would otherwise constitute the joint review board for the redevelopment project area, before the adoption of the ordinance.

Those dates, for purposes of real property tax increment allocation financing pursuant to Section 11-74.4-8 only, shall be not more than 35 years for redevelopment project areas that were established on or after December 1, 1981 but before January 1, 1982 and for which at least $1,500,000 worth of tax increment revenue bonds were authorized on or after September 30, 1990 but before July 1, 1991; provided that the municipality elects to extend the life of the redevelopment project area to 35 years by the adoption of an ordinance after at least 14 but not more than 30 days' written notice to the taxing bodies, that would otherwise constitute the joint review board for the redevelopment project area, before the adoption of the ordinance.

(3.5) The municipality finds, in the case of an industrial park conservation area, also that the municipality is a labor surplus municipality and that the implementation of the redevelopment plan will reduce unemployment, create new jobs and by the provision of new facilities enhance the tax base of the taxing districts that extend into the redevelopment project area.

(4) If any incremental revenues are being utilized under Section 8(a)(1) or 8(a)(2) of this Act in redevelopment project areas approved by ordinance after January 1, 1986, the municipality finds: (a) that the redevelopment project area would not reasonably be developed without the use of such incremental revenues, and (b) that such incremental revenues will be exclusively utilized for the development of the redevelopment project area.

(5) If the redevelopment plan will not result in displacement of residents from 10 or more inhabited residential units, and the municipality certifies in the plan that such displacement will not result from the plan, a housing impact study need not be performed. If, however, the redevelopment plan would result in the displacement of residents from 10 or more inhabited residential units, or if the redevelopment project area contains 75 or more inhabited residential units and no certification is made, then the municipality shall prepare, as part of the separate feasibility report required by subsection (a) of Section 11-74.4-5, a housing impact study.

Part I of the housing impact study shall include (i) data as to whether the residential units are single family or multi-family units, (ii) the number and type of rooms within the units, if that information is available, (iii) whether the units are inhabited or uninhabited, as determined not less than 45 days before the date that the ordinance or resolution required by subsection (a) of Section 11-74.4-5 is passed, and (iv) data as to the racial and ethnic composition of the residents in the inhabited residential units. The data requirement as to the racial and ethnic composition of the residents in the inhabited residential units shall be deemed to be fully satisfied by data from the most recent federal census.

Part II of the housing impact study shall identify the inhabited residential units in the proposed redevelopment project area that are to be or may be removed. If inhabited residential units are to be removed, then the housing impact study shall identify (i)
the number and location of those units that will or may be removed, (ii) the municipality's plans for relocation assistance for those residents in the proposed redevelopment project area whose residences are to be removed, (iii) the availability of replacement housing for those residents whose residences are to be removed, and shall identify the type, location, and cost of the housing, and (iv) the type and extent of relocation assistance to be provided.

(6) On and after November 1, 1999, the housing impact study required by paragraph (5) shall be incorporated in the redevelopment plan for the redevelopment project area.

(7) On and after November 1, 1999, no redevelopment plan shall be adopted, nor an existing plan amended, nor shall residential housing that is occupied by households of low-income and very low-income persons in currently existing redevelopment project areas be removed after November 1, 1999 unless the redevelopment plan provides, with respect to inhabited housing units that are to be removed for households of low-income and very low-income persons, affordable housing and relocation assistance not less than that which would be provided under the federal Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 and the regulations under that Act, including the eligibility criteria. Affordable housing may be either existing or newly constructed housing. For purposes of this paragraph (7), "low-income households", "very low-income households", and "affordable housing" have the meanings set forth in the Illinois Affordable Housing Act. The municipality shall make a good faith effort to ensure that this affordable housing is located in or near the redevelopment project area within the municipality.

(8) On and after November 1, 1999, if, after the adoption of the redevelopment plan for the redevelopment project area, any municipality desires to amend its redevelopment plan to remove more inhabited residential units than specified in its original

(9) For redevelopment project areas designated prior to November 1, 1999, the redevelopment plan may be amended without further joint review board meeting or hearing, provided that the municipality shall give notice of any such changes by mail to each affected taxing district and registrant on the interested party registry, to authorize the municipality to expend tax increment revenues for redevelopment project costs defined by paragraphs (5) and (7.5), subparagraphs (E) and (F) of paragraph (11), and paragraph (11.5) of subsection (q) of Section 11-74.4-3, so long as the changes do not increase the total estimated redevelopment project costs set out in the redevelopment plan by more than 5% after adjustment for inflation from the date the plan was adopted.

(o) "Redevelopment project" means any public and private development project in furtherance of the objectives of a redevelopment plan. On and after November 1, 1999 (the effective date of Public Act 91-478), no redevelopment plan may be approved or amended that includes the development of vacant land (i) with a golf course and related clubhouse and other facilities or (ii) designated by federal, State, county, or municipal government as public land for outdoor recreational activities or for nature preserves and used for that purpose within 5 years prior to the adoption of the redevelopment plan. For the purpose of this subsection, "recreational activities" is limited to mean camping and hunting.

(p) "Redevelopment project area" means an area designated by the municipality, which is not less in the aggregate than 1 1/2 acres and in respect to which the municipality has made a finding that there exist conditions which cause the area to be classified as an industrial park conservation area or a blighted area or a conservation area, or a combination of both blighted areas and conservation areas.

(q) "Redevelopment project costs" mean and include the sum total of all reasonable or necessary costs incurred or estimated to be incurred, and any such costs incidental to a redevelopment plan and a
redevelopment project. Such costs include, without limitation, the following:

(1) Costs of studies, surveys, development of plans, and specifications, implementation and administration of the redevelopment plan including but not limited to staff and professional service costs for architectural, engineering, legal, financial, planning or other services, provided however that no charges for professional services may be based on a percentage of the tax increment collected; except that on and after November 1, 1999 (the effective date of Public Act 91-478), no contracts for professional services, excluding architectural and engineering services, may be entered into if the terms of the contract extend beyond a period of 3 years. In addition, "redevelopment project costs" shall not include lobbying expenses. After consultation with the municipality, each tax increment consultant or advisor to a municipality that plans to designate or has designated a redevelopment project area shall inform the municipality in writing of any contracts that the consultant or advisor has entered into with entities or individuals that have received, or are receiving, payments financed by tax increment revenues produced by the redevelopment project area with respect to which the consultant or advisor has performed, or will be performing, service for the municipality. This requirement shall be satisfied by the consultant or advisor before the commencement of services for the municipality and thereafter whenever any other contracts with those individuals or entities are executed by the consultant or advisor;

(1.5) After July 1, 1999, annual administrative costs shall not include general overhead or administrative costs of the municipality that would still have been incurred by the municipality if the municipality had not designated a redevelopment project area or approved a redevelopment plan;

(1.6) The cost of marketing sites within the redevelopment project area to prospective businesses, developers, and investors;

(3) Costs of rehabilitation, reconstruction or repair or remodeling of existing public or private buildings, fixtures, and leasehold improvements; and the cost of replacing an existing public building if pursuant to the implementation of a redevelopment project the existing public building is to be demolished to use the site for private investment or devoted to a different use requiring private investment;

(4) Costs of the construction of public works or improvements, except that on and after November 1, 1999, redevelopment project costs shall not include the cost of constructing a new municipal public building principally used to provide offices, storage space, or conference facilities or vehicle storage, maintenance, or repair for administrative, public safety, or public works personnel and that is not intended to replace an existing public building as provided under paragraph (3) of subsection (q) of Section 11-74.4-3 unless either (i) the construction of the new municipal building implements a redevelopment project that was included in a redevelopment plan that was adopted by the municipality prior to November 1, 1999 or (ii) the municipality makes a reasonable determination in the redevelopment plan, supported by information that provides the basis for that determination, that the new municipal building is required to meet an increase in the need for public safety purposes anticipated to result from the implementation of the redevelopment plan;

(5) Costs of job training and retraining projects, including the cost of "welfare to work" programs implemented by businesses located within the redevelopment project area;

(6) Financing costs, including but not limited to all necessary and incidental expenses related to the issuance of obligations and which may include payment of interest on any obligations issued hereunder including interest accruing during the estimated period of construction of any redevelopment project for which such obligations are issued and for not exceeding 36 months thereafter and including reasonable reserves related thereto;

(7) To the extent the municipality by written agreement accepts and approves the same, all or a portion of a taxing district's capital costs resulting from the redevelopment project necessarily incurred or to be incurred within a taxing district in furtherance of the objectives of the redevelopment plan and project.

(7.5) For redevelopment project areas designated (or redevelopment project areas amended to add or increase the number of tax-increment-financing assisted housing units) on or after November 1, 1999, an elementary, secondary, or unit school district's increased costs attributable to assisted housing units located within the redevelopment project area for which the developer or redeveloper receives financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the assisted housing sites necessary for the completion of that housing as authorized by this Act, and which costs shall be paid by the municipality from the Special Tax Allocation Fund when the tax increment revenue is received as a result of the assisted housing units and shall be calculated annually as follows:

(A) for foundation districts, excluding any school district in a municipality with a population in excess of 1,000,000, by multiplying the district's increase in attendance resulting from the net increase in new students
enrolled in that school district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by the most recently available per capita tuition cost as defined in Section 10-20.12a of the School Code less any increase in general State aid as defined in Section 18-8.05 of the School Code attributable to these added new students subject to the following annual limitations:

(i) for unit school districts with a district average 1995-96 Per Capita Tuition Charge of less than $5,900, no more than 25% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act;

(ii) for elementary school districts with a district average 1995-96 Per Capita Tuition Charge of less than $5,900, no more than 17% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act; and

(iii) for secondary school districts with a district average 1995-96 Per Capita Tuition Charge of less than $5,900, no more than 8% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act.

(B) For alternate method districts, flat grant districts, and foundation districts with a district average 1995-96 Per Capita Tuition Charge equal to or more than
$5,900, excluding any school district with a population in excess of 1,000,000, by multiplying the district's increase in attendance resulting from the net increase in new students enrolled in that school district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by the most recently available per capita tuition cost as defined in Section 10-20.12a of the School Code less any increase in general state aid as defined in Section 18-8.05 of the School Code attributable to these added new students subject to the following annual limitations:

(i) for unit school districts, no more than 40% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act;

(ii) for elementary school districts, no more than 27% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act; and

(iii) for secondary school districts, no more than 13% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act.

(C) For any school district in a municipality with a population in excess of 1,000,000, the following
restrictions shall apply to the reimbursement of increased costs under this paragraph (7.5):

(i) no increased costs shall be reimbursed unless the school district certifies that each of the schools affected by the assisted housing project is at or over its student capacity;

(ii) the amount reimbursable shall be reduced by the value of any land donated to the school district by the municipality or developer, and by the value of any physical improvements made to the schools by the municipality or developer; and

(iii) the amount reimbursed may not affect amounts otherwise obligated by the terms of any bonds, notes, or other funding instruments, or the terms of any redevelopment agreement.

Any school district seeking payment under this paragraph (7.5) shall, after July 1 and before September 30 of each year, provide the municipality with reasonable evidence to support its claim for reimbursement before the municipality shall be required to approve or make the payment to the school district. If the school district fails to provide the information during this period in any year, it shall forfeit any claim to reimbursement for that year. School districts may adopt a resolution waiving the right to all or a portion of the reimbursement otherwise required by this paragraph (7.5). By acceptance of this reimbursement the school district waives the right to directly or indirectly set aside, modify, or contest in any manner the establishment of the redevelopment project area or projects;

(7.7) For redevelopment project areas designated (or redevelopment project areas amended to add or increase the number of tax-increment-financing assisted housing units) on or after January 1, 2005 (the effective date of Public Act 93-961), a public library district's increased costs attributable to assisted

housing units located within the redevelopment project area for
which the developer or redeveloper receives financial assistance
through an agreement with the municipality or because the
municipality incurs the cost of necessary infrastructure
improvements within the boundaries of the assisted housing sites
necessary for the completion of that housing as authorized by this
Act shall be paid to the library district by the municipality from the
Special Tax Allocation Fund when the tax increment revenue is
received as a result of the assisted housing units. This paragraph
(7.7) applies only if (i) the library district is located in a county that
is subject to the Property Tax Extension Limitation Law or (ii) the
library district is not located in a county that is subject to the
Property Tax Extension Limitation Law but the district is
prohibited by any other law from increasing its tax levy rate
without a prior voter referendum.

The amount paid to a library district under this paragraph
(7.7) shall be calculated by multiplying (i) the net increase in the
number of persons eligible to obtain a library card in that district
who reside in housing units within the redevelopment project area
that have received financial assistance through an agreement with
the municipality or because the municipality incurs the cost of
necessary infrastructure improvements within the boundaries of the
housing sites necessary for the completion of that housing as
authorized by this Act since the designation of the redevelopment
project area by (ii) the per-patron cost of providing library services
so long as it does not exceed $120. The per-patron cost shall be the
Total Operating Expenditures Per Capita as stated in the most
recent Illinois Public Library Statistics produced by the Library
Research Center at the University of Illinois. The municipality may
deduct from the amount that it must pay to a library district under
this paragraph any amount that it has voluntarily paid to the library
district from the tax increment revenue. The amount paid to a
library district under this paragraph (7.7) shall be no more than 2%

of the amount produced by the assisted housing units and deposited into the Special Tax Allocation Fund.

A library district is not eligible for any payment under this paragraph (7.7) unless the library district has experienced an increase in the number of patrons from the municipality that created the tax-increment-financing district since the designation of the redevelopment project area.

Any library district seeking payment under this paragraph (7.7) shall, after July 1 and before September 30 of each year, provide the municipality with convincing evidence to support its claim for reimbursement before the municipality shall be required to approve or make the payment to the library district. If the library district fails to provide the information during this period in any year, it shall forfeit any claim to reimbursement for that year. Library districts may adopt a resolution waiving the right to all or a portion of the reimbursement otherwise required by this paragraph (7.7). By acceptance of such reimbursement, the library district shall forfeit any right to directly or indirectly set aside, modify, or contest in any manner whatsoever the establishment of the redevelopment project area or projects;

(8) Relocation costs to the extent that a municipality determines that relocation costs shall be paid or is required to make payment of relocation costs by federal or State law or in order to satisfy subparagraph (7) of subsection (n);

(9) Payment in lieu of taxes;

(10) Costs of job training, retraining, advanced vocational education or career education, including but not limited to courses in occupational, semi-technical or technical fields leading directly to employment, incurred by one or more taxing districts, provided that such costs (i) are related to the establishment and maintenance of additional job training, advanced vocational education or career education programs for persons employed or to be employed by employers located in a redevelopment project area; and (ii) when incurred by a taxing district or taxing districts other than the
municipality, are set forth in a written agreement by or among the municipality and the taxing district or taxing districts, which agreement describes the program to be undertaken, including but not limited to the number of employees to be trained, a description of the training and services to be provided, the number and type of positions available or to be available, itemized costs of the program and sources of funds to pay for the same, and the term of the agreement. Such costs include, specifically, the payment by community college districts of costs pursuant to Sections 3-37, 3-38, 3-40 and 3-40.1 of the Public Community College Act and by school districts of costs pursuant to Sections 10-22.20a and 10-23.3a of The School Code;

(11) Interest cost incurred by a redeveloper related to the construction, renovation or rehabilitation of a redevelopment project provided that:

(A) such costs are to be paid directly from the special tax allocation fund established pursuant to this Act;
(B) such payments in any one year may not exceed 30% of the annual interest costs incurred by the redeveloper with regard to the redevelopment project during that year;
(C) if there are not sufficient funds available in the special tax allocation fund to make the payment pursuant to this paragraph (11) then the amounts so due shall accrue and be payable when sufficient funds are available in the special tax allocation fund;
(D) the total of such interest payments paid pursuant to this Act may not exceed 30% of the total (i) cost paid or incurred by the redeveloper for the redevelopment project plus (ii) redevelopment project costs excluding any property assembly costs and any relocation costs incurred by a municipality pursuant to this Act; and
(E) the cost limits set forth in subparagraphs (B) and (D) of paragraph (11) shall be modified for the financing of rehabilitated or new housing units for low-income

households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act. The percentage of 75% shall be substituted for 30% in subparagraphs (B) and (D) of paragraph (11).

(F) Instead of the eligible costs provided by subparagraphs (B) and (D) of paragraph (11), as modified by this subparagraph, and notwithstanding any other provisions of this Act to the contrary, the municipality may pay from tax increment revenues up to 50% of the cost of construction of new housing units to be occupied by low-income households and very low-income households as defined in Section 3 of the Illinois Affordable Housing Act. The cost of construction of those units may be derived from the proceeds of bonds issued by the municipality under this Act or other constitutional or statutory authority or from other sources of municipal revenue that may be reimbursed from tax increment revenues or the proceeds of bonds issued to finance the construction of that housing.

The eligible costs provided under this subparagraph (F) of paragraph (11) shall be an eligible cost for the construction, renovation, and rehabilitation of all low and very low-income housing units, as defined in Section 3 of the Illinois Affordable Housing Act, within the redevelopment project area. If the low and very low-income units are part of a residential redevelopment project that includes units not affordable to low and very low-income households, only the low and very low-income units shall be eligible for benefits under subparagraph (F) of paragraph (11). The standards for maintaining the occupancy by low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act, of those units constructed with eligible costs made available under the provisions of this subparagraph (F) of paragraph (11) shall be established by guidelines adopted

by the municipality. The responsibility for annually documenting the initial occupancy of the units by low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act, shall be that of the then current owner of the property. For ownership units, the guidelines will provide, at a minimum, for a reasonable recapture of funds, or other appropriate methods designed to preserve the original affordability of the ownership units. For rental units, the guidelines will provide, at a minimum, for the affordability of rent to low and very low-income households. As units become available, they shall be rented to income-eligible tenants. The municipality may modify these guidelines from time to time; the guidelines, however, shall be in effect for as long as tax increment revenue is being used to pay for costs associated with the units or for the retirement of bonds issued to finance the units or for the life of the redevelopment project area, whichever is later.

(11.5) If the redevelopment project area is located within a municipality with a population of more than 100,000, the cost of day care services for children of employees from low-income families working for businesses located within the redevelopment project area and all or a portion of the cost of operation of day care centers established by redevelopment project area businesses to serve employees from low-income families working in businesses located in the redevelopment project area. For the purposes of this paragraph, "low-income families" means families whose annual income does not exceed 80% of the municipal, county, or regional median income, adjusted for family size, as the annual income and municipal, county, or regional median income are determined from time to time by the United States Department of Housing and Urban Development.

(12) Unless explicitly stated herein the cost of construction of new privately-owned buildings shall not be an eligible redevelopment project cost.

(13) After November 1, 1999 (the effective date of Public Act 91-478), none of the redevelopment project costs enumerated in this subsection shall be eligible redevelopment project costs if those costs would provide direct financial support to a retail entity initiating operations in the redevelopment project area while terminating operations at another Illinois location within 10 miles of the redevelopment project area but outside the boundaries of the redevelopment project area municipality. For purposes of this paragraph, termination means a closing of a retail operation that is directly related to the opening of the same operation or like retail entity owned or operated by more than 50% of the original ownership in a redevelopment project area, but it does not mean closing an operation for reasons beyond the control of the retail entity, as documented by the retail entity, subject to a reasonable finding by the municipality that the current location contained inadequate space, had become economically obsolete, or was no longer a viable location for the retailer or serviceman.

If a special service area has been established pursuant to the Special Service Area Tax Act or Special Service Area Tax Law, then any tax increment revenues derived from the tax imposed pursuant to the Special Service Area Tax Act or Special Service Area Tax Law may be used within the redevelopment project area for the purposes permitted by that Act or Law as well as the purposes permitted by this Act.

(r) "State Sales Tax Boundary" means the redevelopment project area or the amended redevelopment project area boundaries which are determined pursuant to subsection (9) of Section 11-74.4-8a of this Act. The Department of Revenue shall certify pursuant to subsection (9) of Section 11-74.4-8a the appropriate boundaries eligible for the determination of State Sales Tax Increment.

(s) "State Sales Tax Increment" means an amount equal to the increase in the aggregate amount of taxes paid by retailers and servicemen,

other than retailers and servicemen subject to the Public Utilities Act, on transactions at places of business located within a State Sales Tax Boundary pursuant to the Retailers' Occupation Tax Act, the Use Tax Act, the Service Use Tax Act, and the Service Occupation Tax Act, except such portion of such increase that is paid into the State and Local Sales Tax Reform Fund, the Local Government Distributive Fund, the Local Government Tax Fund and the County and Mass Transit District Fund, for as long as State participation exists, over and above the Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts for such taxes as certified by the Department of Revenue and paid under those Acts by retailers and servicemen on transactions at places of business located within the State Sales Tax Boundary during the base year which shall be the calendar year immediately prior to the year in which the municipality adopted tax increment allocation financing, less 3.0% of such amounts generated under the Retailers' Occupation Tax Act, Use Tax Act and Service Use Tax Act and the Service Occupation Tax Act, which sum shall be appropriated to the Department of Revenue to cover its costs of administering and enforcing this Section. For purposes of computing the aggregate amount of such taxes for base years occurring prior to 1985, the Department of Revenue shall compute the Initial Sales Tax Amount for such taxes and deduct therefrom an amount equal to 4% of the aggregate amount of taxes per year for each year the base year is prior to 1985, but not to exceed a total deduction of 12%. The amount so determined shall be known as the "Adjusted Initial Sales Tax Amount". For purposes of determining the State Sales Tax Increment the Department of Revenue shall for each period subtract from the tax amounts received from retailers and servicemen on transactions located in the State Sales Tax Boundary, the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or Revised Initial Sales Tax Amounts for the Retailers' Occupation Tax Act, the Use Tax Act, the Service Use Tax Act and the Service Occupation Tax Act. For the State Fiscal Year 1989 this calculation shall be made by utilizing the calendar year 1987 to determine the tax amounts received. For the State Fiscal Year 1990, this calculation shall be made by utilizing the period from January 1, 1988, until

September 30, 1988, to determine the tax amounts received from retailers and servicemen, which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For the State Fiscal Year 1991, this calculation shall be made by utilizing the period from October 1, 1988, until June 30, 1989, to determine the tax amounts received from retailers and servicemen, which shall have deducted therefrom nine-twelfths of the certified Initial State Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For every State Fiscal Year thereafter, the applicable period shall be the 12 months beginning July 1 and ending on June 30, to determine the tax amounts received which shall have deducted therefrom the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts. Municipalities intending to receive a distribution of State Sales Tax Increment must report a list of retailers to the Department of Revenue by October 31, 1988 and by July 31, of each year thereafter.

(t) "Taxing districts" means counties, townships, cities and incorporated towns and villages, school, road, park, sanitary, mosquito abatement, forest preserve, public health, fire protection, river conservancy, tuberculosis sanitarium and any other municipal corporations or districts with the power to levy taxes.

(u) "Taxing districts' capital costs" means those costs of taxing districts for capital improvements that are found by the municipal corporate authorities to be necessary and directly result from the redevelopment project.

(v) As used in subsection (a) of Section 11-74.4-3 of this Act, "vacant land" means any parcel or combination of parcels of real property without industrial, commercial, and residential buildings which has not been used for commercial agricultural purposes within 5 years prior to the designation of the redevelopment project area, unless the parcel is included in an industrial park conservation area or the parcel has been subdivided; provided that if the parcel was part of a larger tract that has been divided into 3 or more smaller tracts that were accepted for recording
during the period from 1950 to 1990, then the parcel shall be deemed to have been subdivided, and all proceedings and actions of the municipality taken in that connection with respect to any previously approved or designated redevelopment project area or amended redevelopment project area are hereby validated and hereby declared to be legally sufficient for all purposes of this Act. For purposes of this Section and only for land subject to the subdivision requirements of the Plat Act, land is subdivided when the original plat of the proposed Redevelopment Project Area or relevant portion thereof has been properly certified, acknowledged, approved, and recorded or filed in accordance with the Plat Act and a preliminary plat, if any, for any subsequent phases of the proposed Redevelopment Project Area or relevant portion thereof has been properly approved and filed in accordance with the applicable ordinance of the municipality.

(w) "Annual Total Increment" means the sum of each municipality's annual Net Sales Tax Increment and each municipality's annual Net Utility Tax Increment. The ratio of the Annual Total Increment of each municipality to the Annual Total Increment for all municipalities, as most recently calculated by the Department, shall determine the proportional shares of the Illinois Tax Increment Fund to be distributed to each municipality.

(65 ILCS 5/11-74.4-7) (from Ch. 24, par. 11-74.4-7)

Sec. 11-74.4-7. Obligations secured by the special tax allocation fund set forth in Section 11-74.4-8 for the redevelopment project area may be issued to provide for redevelopment project costs. Such obligations,

New matter indicated by italics - deletions by strikeout
when so issued, shall be retired in the manner provided in the ordinance
authorizing the issuance of such obligations by the receipts of taxes levied
as specified in Section 11-74.4-9 against the taxable property included in
the area, by revenues as specified by Section 11-74.4-8a and other revenue
designated by the municipality. A municipality may in the ordinance
pledge all or any part of the funds in and to be deposited in the special tax
allocation fund created pursuant to Section 11-74.4-8 to the payment of the
redevelopment project costs and obligations. Any pledge of funds in the
special tax allocation fund shall provide for distribution to the taxing
districts and to the Illinois Department of Revenue of moneys not required,
pledged, earmarked, or otherwise designated for payment and securing of
the obligations and anticipated redevelopment project costs and such
excess funds shall be calculated annually and deemed to be "surplus"
funds. In the event a municipality only applies or pledges a portion of the
funds in the special tax allocation fund for the payment or securing of
anticipated redevelopment project costs or of obligations, any such funds
remaining in the special tax allocation fund after complying with the
requirements of the application or pledge, shall also be calculated annually
and deemed "surplus" funds. All surplus funds in the special tax allocation
fund shall be distributed annually within 180 days after the close of the
municipality's fiscal year by being paid by the municipal treasurer to the
County Collector, to the Department of Revenue and to the municipality in
direct proportion to the tax incremental revenue received as a result of an
increase in the equalized assessed value of property in the redevelopment
project area, tax incremental revenue received from the State and tax
incremental revenue received from the municipality, but not to exceed as
to each such source the total incremental revenue received from that
source. The County Collector shall thereafter make distribution to the
respective taxing districts in the same manner and proportion as the most
recent distribution by the county collector to the affected districts of real
property taxes from real property in the redevelopment project area.

Without limiting the foregoing in this Section, the municipality
may in addition to obligations secured by the special tax allocation fund
pledge for a period not greater than the term of the obligations towards

New matter indicated by italics - deletions by strikeout
payment of such obligations any part or any combination of the following: (a) net revenues of all or part of any redevelopment project; (b) taxes levied and collected on any or all property in the municipality; (c) the full faith and credit of the municipality; (d) a mortgage on part or all of the redevelopment project; or (e) any other taxes or anticipated receipts that the municipality may lawfully pledge.

Such obligations may be issued in one or more series bearing interest at such rate or rates as the corporate authorities of the municipality shall determine by ordinance. Such obligations shall bear such date or dates, mature at such time or times not exceeding 20 years from their respective dates, be in such denomination, carry such registration privileges, be executed in such manner, be payable in such medium of payment at such place or places, contain such covenants, terms and conditions, and be subject to redemption as such ordinance shall provide. Obligations issued pursuant to this Act may be sold at public or private sale at such price as shall be determined by the corporate authorities of the municipalities. No referendum approval of the electors shall be required as a condition to the issuance of obligations pursuant to this Division except as provided in this Section.

In the event the municipality authorizes issuance of obligations pursuant to the authority of this Division secured by the full faith and credit of the municipality, which obligations are other than obligations which may be issued under home rule powers provided by Article VII, Section 6 of the Illinois Constitution, or pledges taxes pursuant to (b) or (c) of the second paragraph of this section, the ordinance authorizing the issuance of such obligations or pledging such taxes shall be published within 10 days after such ordinance has been passed in one or more newspapers, with general circulation within such municipality. The publication of the ordinance shall be accompanied by a notice of (1) the specific number of voters required to sign a petition requesting the question of the issuance of such obligations or pledging taxes to be submitted to the electors; (2) the time in which such petition must be filed; and (3) the date of the prospective referendum. The municipal clerk shall provide a petition form to any individual requesting one.

New matter indicated by italics - deletions by strikeout
If no petition is filed with the municipal clerk, as hereinafter provided in this Section, within 30 days after the publication of the ordinance, the ordinance shall be in effect. But, if within that 30 day period a petition is filed with the municipal clerk, signed by electors in the municipality numbering 10% or more of the number of registered voters in the municipality, asking that the question of issuing obligations using full faith and credit of the municipality as security for the cost of paying for redevelopment project costs, or of pledging taxes for the payment of such obligations, or both, be submitted to the electors of the municipality, the corporate authorities of the municipality shall call a special election in the manner provided by law to vote upon that question, or, if a general, State or municipal election is to be held within a period of not less than 30 or more than 90 days from the date such petition is filed, shall submit the question at the next general, State or municipal election. If it appears upon the canvass of the election by the corporate authorities that a majority of electors voting upon the question voted in favor thereof, the ordinance shall be in effect, but if a majority of the electors voting upon the question are not in favor thereof, the ordinance shall not take effect.

The ordinance authorizing the obligations may provide that the obligations shall contain a recital that they are issued pursuant to this Division, which recital shall be conclusive evidence of their validity and of the regularity of their issuance.

In the event the municipality authorizes issuance of obligations pursuant to this Section secured by the full faith and credit of the municipality, the ordinance authorizing the obligations may provide for the levy and collection of a direct annual tax upon all taxable property within the municipality sufficient to pay the principal thereof and interest thereon as it matures, which levy may be in addition to and exclusive of the maximum of all other taxes authorized to be levied by the municipality, which levy, however, shall be abated to the extent that monies from other sources are available for payment of the obligations and the municipality certifies the amount of said monies available to the county clerk.
A certified copy of such ordinance shall be filed with the county clerk of each county in which any portion of the municipality is situated, and shall constitute the authority for the extension and collection of the taxes to be deposited in the special tax allocation fund.

A municipality may also issue its obligations to refund in whole or in part, obligations theretofore issued by such municipality under the authority of this Act, whether at or prior to maturity, provided however, that the last maturity of the refunding obligations shall not be expressed to mature later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the twenty-third calendar year after the year in which the ordinance approving the redevelopment project area is adopted if the ordinance was adopted on or after January 15, 1981, not later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the thirty-third calendar year after the year in which the ordinance approving the redevelopment project area if the ordinance was adopted on May 20, 1985 by the Village of Wheeling, and not later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the thirty-fifth calendar year after the year in which the ordinance approving the redevelopment project area is adopted (A) if the ordinance was adopted before January 15, 1981, or (B) if the ordinance was adopted in December 1983, April 1984, July 1985, or December 1989, or (C) if the ordinance was adopted in December, 1987 and the redevelopment project is located within one mile of Midway Airport, or (D) if the ordinance was adopted before January 1, 1987 by a municipality in Mason County, or (E) if the municipality is subject to the Local Government Financial Planning and Supervision Act or the Financially Distressed City Law, or (F) if the ordinance was adopted in December 1984 by the Village of Rosemont, or (G) if the ordinance was adopted on December 31, 1986 by a municipality located in Clinton County for which at least $250,000 of tax increment bonds were

than the date on which the redevelopment project area is terminated or
December 31, 2013, whichever date occurs first.

In the event a municipality issues obligations under home rule
powers or other legislative authority the proceeds of which are pledged to
pay for redevelopment project costs, the municipality may, if it has
followed the procedures in conformance with this division, retire said
obligations from funds in the special tax allocation fund in amounts and in
such manner as if such obligations had been issued pursuant to the
provisions of this division.

All obligations heretofore or hereafter issued pursuant to this Act
shall not be regarded as indebtedness of the municipality issuing such
obligations or any other taxing district for the purpose of any limitation
imposed by law.

Section 5. The Illinois Public Aid Code is amended by adding Section 5-5.25 as follows:

(305 ILCS 5/5-5.25 new)

Sec. 5-5.25. Access to psychiatric mental health services. The General Assembly finds that providing access to psychiatric mental health services in a timely manner will improve the quality of life for persons suffering from mental illness and will contain health care costs by avoiding the need for more costly inpatient hospitalization. The Department of Healthcare and Family Services shall reimburse psychiatrists and federally qualified health centers as defined in Section 1905 (l)(2)(B) of the federal Social Security Act for mental health services provided by psychiatrists, as authorized by Illinois law, to recipients via telepsychiatry. The Department, by rule, shall establish (i) criteria for such services to be reimbursed, including appropriate facilities and equipment to be used at both sites and requirements for a physician or other licensed health care professional to be present at the site where the patient is located, and (ii) a method to reimburse providers for mental health services provided by telepsychiatry.

PUBLIC ACT 95-0017
(Senate Bill No. 0500)

AN ACT concerning public health.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Smoke Free Illinois Act.

Section 5. Findings. The General Assembly finds that tobacco smoke is a harmful and dangerous carcinogen to human beings and a
hazard to public health. Secondhand tobacco smoke causes at least 65,000 deaths each year from heart disease and lung cancer according to the National Cancer Institute. Secondhand tobacco smoke causes heart disease, stroke, cancer, sudden infant death syndrome, low-birth-weight in infants, asthma and exacerbation of asthma, bronchitis and pneumonia in children and adults. Secondhand tobacco smoke is the third leading cause of preventable death in the United States. Illinois workers exposed to secondhand tobacco smoke are at increased risk of premature death. An estimated 2,900 Illinois citizens die each year from exposure to secondhand tobacco smoke.

The General Assembly also finds that the United States Surgeon General's 2006 report has determined that there is no risk-free level of exposure to secondhand smoke; the scientific evidence that secondhand smoke causes serious diseases, including lung cancer, heart disease, and respiratory illnesses such as bronchitis and asthma, is massive and conclusive; separating smokers from nonsmokers, cleaning the air, and ventilating buildings cannot eliminate secondhand smoke exposure; smoke-free workplace policies are effective in reducing secondhand smoke exposure; and smoke-free workplace policies do not have an adverse economic impact on the hospitality industry.

The General Assembly also finds that the Environmental Protection Agency has determined that secondhand smoke cannot be reduced to safe levels in businesses by high rates of ventilation. Air cleaners, which are capable only of filtering the particulate matter and odors in smoke, do not eliminate the known toxins in secondhand smoke. The American Society of Heating, Refrigerating and Air-Conditioning Engineers (ASHRAE) bases its ventilation standards on totally smoke-free environments because it cannot determine a safe level of exposure to secondhand smoke, which contains cancer-causing chemicals, and ASHRAE acknowledges that technology does not exist that can remove chemicals that cause cancer from the air. A June 30, 2005 ASHRAE position document on secondhand smoke concludes that, at present, the only means of eliminating health risks associated with indoor exposure is to eliminate all smoking activity indoors.

PUBLIC ACT 95-0018
(Senate Bill No. 1704)

AN ACT concerning alternative energy.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Clean Coal FutureGen for Illinois Act.

Section 5. Purpose. Recognizing that the FutureGen Project is a first-of-a-kind research project to permanently sequester underground carbon-dioxide emissions from a coal-fueled power plant, and that such a project would have benefits to the economy and environment of Illinois, the purpose of this Act is to provide the FutureGen Alliance with adequate liability protection and permitting certainty to facilitate the siting of the FutureGen Project in the State of Illinois.

Section 10. Legislative findings. The General Assembly finds and determines that:

(1) human-induced greenhouse gas emissions have been identified as contributing to global warming, the effects of which pose a threat to public health and safety and the economy of the State of Illinois;

(2) in order to meet the energy needs of the State of Illinois, keep its economy strong and protect the environment while reducing its contribution to human-induced greenhouse gas emissions, the State of Illinois must be a leader in developing new low-carbon technologies;

(3) carbon capture and storage is a low-carbon technology that involves capturing the carbon dioxide from fossil fuel energy and hydrogen generating units and injecting it into secure geologic strata for permanent storage;

(4) the FutureGen Project is a public-private partnership between the Federal Department of Energy and the FutureGen Alliance that proposes to use this new technology as part of a plan to build and operate a near zero emission coal fueled power plant;

(5) the FutureGen Project will help ensure the long-term viability of Illinois Basin coal as a major energy source in the State of Illinois and throughout the nation and represents a significant step in the State of Illinois' efforts to become a self-sufficient, clean energy producer;

(6) the FutureGen Project provides an opportunity for the State of Illinois to partner with the Federal Department of Energy and the FutureGen Alliance in the development of these innovative clean-coal technologies;

(7) the FutureGen Project will make the State of Illinois a center for developing and refining clean coal technology, hydrogen production and carbon capture and storage, and will result in the development of new technologies designed to improve the efficiency of the energy industry that will be replicated world wide;

(8) the FutureGen Project is an important coal development and conversion project that will create jobs in the State of Illinois during the construction and operational phases, contribute to the overall economy of the State of Illinois and help reinvigorate the Illinois Basin coal industry; and

New matter indicated by italics - deletions by strikeout
(9) the FutureGen Project and the property necessary for the FutureGen Project serve a substantial public purpose as its coal gasification, electricity generation, hydrogen production, advanced emissions control and carbon capture and storage technologies will benefit the citizens of the State of Illinois.

Section 15. Definitions. For the purposes of this Act:

"Agency" means the Illinois Environmental Protection Agency.

"Carbon capture and storage" means the process of capturing CO₂ and other chemical constituents from coal combustion by-products for the purpose of injecting and storing the gas for permanent storage.

"Carbon dioxide" or "CO₂" means a colorless, odorless gas in the form of one carbon and 2 oxygen atoms that is the principal greenhouse gas.

"Department" means the Department of Commerce and Economic Opportunity.

"Director" means the Director of Commerce and Economic Opportunity.

"Federal Department" means the federal Department of Energy.

"FutureGen Alliance" is a 501(c)(3) non-profit consortium of coal and energy producers that, as of the effective date of this Act, includes American Electric Power, Anglo American plc, BHP Billiton, E.ON US, China Huaneng Group, CONSOL Energy, Foundation Coal, Kennecott Energy, Peabody Energy, PPL Corporation, Rio Tinto Energy American, Southern Company, and Xstrata Coal.

"FutureGen Project" means the public-private partnership between the Federal Department and the FutureGen Alliance that will construct and operate a coal-fueled power plant utilizing state-of-the-art clean-coal technology and carbon capture and storage. Two locations in Illinois, Tuscola and Mattoon, are under consideration for the FutureGen Project. These are the only locations eligible for benefits under this Act.

"Mount Simon Formation" means the deep sandstone reservoir into which the sequestered gas is to be injected at depths generally ranging between 5,500 and 8,500 feet below ground surface and that is bounded by the granitic basement below and the Eau Claire Shale above.

New matter indicated by italics - deletions by strikeout
"Operator" means the FutureGen Alliance and its member companies, including their parent companies, subsidiaries, affiliates, directors, officers, employees, and agents.

"Post-injection" means after the captured gas has been successfully injected into the wellhead at the point at which the gas is transferred into the wellbore for carbon sequestration and storage into the Mount Simon Formation.

"Pre-injection" means all activities and occurrences prior to successful delivery into the wellhead at the point at which the gas is transferred into the wellbore for carbon sequestration and storage into the Mount Simon Formation, including but not limited to, the operation of the FutureGen Project.

"Public liability" means any civil legal liability arising out of or resulting from the storage, escape, release, or migration of the post-injection sequestered gas that was injected during the operation of the FutureGen Project by the FutureGen Alliance. The term "public liability", however, does not include any legal liability arising out of or resulting from the construction, operation, or other pre-injection activity of the Operator.

"Public liability action" or "action" means a written demand, lawsuit, or claim from any third party received by the Operator seeking a remedy or alleging liability on behalf of Operator resulting from any public liability.

"Sequestered gas" means the CO2 and other chemical constituents from the FutureGen Project operations that are injected into the Mount Simon Formation.

Section 20. Title to sequestered gas. If the FutureGen Project locates at either the Tuscola or Mattoon site in the State of Illinois, then the FutureGen Alliance agrees that the Operator shall transfer and convey and the State of Illinois shall accept and receive, with no payment due from the State of Illinois, all rights, title, and interest in and to any liabilities associated with the sequestered gas, including any current or future environmental benefits, marketing claims, tradable credits, emissions allocations or offsets (voluntary or compliance based)

associated therewith, upon such gas reaching the status of post-injection, which shall be verified by the Agency or other designated State of Illinois agency. The Operator shall retain all rights, title, and interest in and to and any liabilities associated with the pre-injection sequestered gas. The Illinois State Geological Survey of the Illinois Department of Natural Resources shall monitor, measure, and verify the permanent status of sequestered carbon dioxide and co-sequestered gases in which the State has acquired the right, title, and interest under this Section.

Section 23. Sequestered gas. The State of Illinois may not intentionally remove sequestered gas unless the removal is for the purpose of research and development.

Section 25. Insurance against qualified losses.

(a) The Department shall procure an insurance policy from a private insurance carrier or carriers, if and to the extent that such a policy is available, that insures the Operator against any qualified loss stemming from a public liability action. The policy must be procured in accordance with the provisions of the Procurement Code.

(b) Pursuant to Section 30 of this Act, the State shall indemnify the Operator against any qualified loss stemming from a public liability action to the extent that the qualified loss is not covered under an insurance policy under subsection (a) of this Section.

(c) The Department shall pay any insurance premium, deductible, or liability under subsections (a) or (b) from appropriations by the General Assembly for that purpose. It is the intent of this Act that, to the extent practical, any unexpended balance of the proceeds from the sale of emission reduction rights or tradable credits to which the State has title under Section 20 should be used for the purposes of this subsection (c).

(d) If the FutureGen Alliance locates the FutureGen Project at either the Mattoon or Tuscola site in the State of Illinois, then the Department shall be authorized to contract with the FutureGen Alliance, under terms not inconsistent with this Act, in order to define the rights and obligations of the FutureGen Alliance and the Department, including but not limited to, the insurance and indemnification obligations under Sections 25 and 30 of this Act.

New matter indicated by italics - deletions by strikeout
(e) If federal indemnification covers all or a portion of the obligations assumed by the State under Section 25 of this Act, such State obligations shall be reduced in proportion to the federal indemnification and be considered subordinated to any federal indemnification.

(g) For the purpose of this Section, "qualified loss" means a loss by the Operator stemming from a public liability action other than those losses arising out of or relating to:

1. the intentional or willful misconduct of the Operator in its operation of the FutureGen Project;
2. the failure of the Operator to comply with any applicable law, rule, regulation, or other requirement established by the Federal Department, Agency, or State of Illinois for the carbon capture and storage of the sequestered gas, including any limitations on the chemical composition of any sequestered gas; or
3. the pre-injection operation of the FutureGen Project.

be subordinated to any federal indemnification that covers all or a portion of the State's obligations.

Section 35. Representation. In furtherance of the State of Illinois' obligations set forth in subsection (b) of Section 25 and in Section 30 of this Act, the Attorney General has the following duties:

(a) In the event that any public liability action covered under Section 30 of this Act is commenced against the Operator, the Attorney General shall, upon timely and appropriate notice to the Attorney General by the Operator, appear on behalf of the Operator and defend the action. Any such notice must be in writing, must be mailed within 15 days after the date of receipt by the Operator of service of process, and must authorize the Attorney General to represent and defend the Operator in the action. The delivery of this notice to the Attorney General constitutes an agreement by the Operator to cooperate with the Attorney General in defense of the action and a consent that the Attorney General shall conduct the defense as the Attorney General deems advisable and in the best interests of the Operator and the State of Illinois, including settlement in the Attorney General's discretion. The Operator may appear in such action through private counsel to respond or object only to any aspect of a proposed settlement or proposed court order which would directly affect the day-to-day operations of the FutureGen Project. In any such action, the State of Illinois shall pay the court costs and litigation expenses of defending such action, to the extent approved by the Attorney General as reasonable, as they are incurred.

(b) In the event that the Attorney General determines either (i) that so appearing and defending the Operator involves an actual or potential conflict of interest or (ii) that the act or omission which gave rise to the claim was not within the scope of the indemnity as provided in Section 30 of this Act, the Attorney General shall decline in writing to appear or defend or shall promptly take appropriate action to withdraw as attorney for the Operator. Upon receipt of such declination or withdrawal by the Attorney General on the basis of an actual or potential conflict of interest, the Operator may employ its own attorney to appear and defend, in which event the State of Illinois shall pay the Operator's court costs, litigation

expenses, and attorneys' fees, to the extent approved by the Attorney General as reasonable, as they are incurred.

(c) In any action asserted by the Operator or the State of Illinois to enforce the indemnification obligations of the State of Illinois as provided in Section 30 of the Act, the non-prevailing party is responsible for any reasonable court costs, litigation expenses, and attorneys fees incurred by the prevailing party.

(d) Court costs and litigation expenses and other costs of providing a defense, including attorneys' fees, paid or obligated under this Section, and the costs of indemnification, including the payment of any final judgment or final settlement under this Section, must be paid by warrant from appropriations to the Department pursuant to vouchers certified by the Attorney General.

(e) Nothing contained or implied in this Section shall operate, or be construed or applied, to deprive the State of Illinois, or the Operator, of any defense otherwise available.

(f) Any judgment subject to State of Illinois indemnification under this Section is not enforceable against the Operator, but shall be paid by the State of Illinois in the following manner: Upon receipt of a certified copy of the judgment, the Attorney General shall review it to determine if the judgment is (i) final, unreversed, and no longer subject to appeal and (ii) subject to indemnification under Section 30 of this Act. If the Attorney General determines that it is, then the Attorney General shall submit a voucher for the amount of the judgment and any interest thereon to the State of Illinois Comptroller and the amount must be paid by warrant from appropriation to the Department to the judgment creditor solely out of available appropriations.

Section 40. Permitting. The State of Illinois shall issue to the Operator all necessary and appropriate permits consistent with State and federal law and corresponding regulations. The State of Illinois must allow the Operator to combine applications when appropriate, and the State of Illinois must otherwise streamline the application process for timely permit issuance.
Section 43. Tax exemption. An operator is exempt from any tax imposed by the State of Illinois that is based upon the nameplate capacity of generating units.

Section 45. Incentives. The State of Illinois has offered certain incentives to the FutureGen Alliance to make the State of Illinois the most attractive location for the FutureGen Project.

Section 50. Jurisdiction. The Court of Claims has jurisdiction concerning any public liability action arising under this Act or arising from the operation of the FutureGen Project, except that a public liability action may be brought in the circuit court if the cause of action is one of personal injury or wrongful death and the injury or death was proximately caused by the storage, escape, release, or migration of the post-injection sequestered gas that was injected during the operation of the FutureGen Project by the FutureGen Alliance, and the circuit court is hereby granted jurisdiction over these matters. The jurisdiction over civil, administrative, or other legal processes is not, otherwise, affected by this Act.

Section 900. The Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois is amended by changing Section 605-332 as follows:

(20 ILCS 605/605-332)
Sec. 605-332. Financial assistance to energy generation facilities.
(a) As used in this Section:
"New electric generating facility" means a newly-constructed electric generation plant or a newly constructed generation capacity expansion at an existing facility, including the transmission lines and associated equipment that transfers electricity from points of supply to points of delivery, and for which foundation construction commenced not sooner than July 1, 2001, which is designed to provide baseload electric generation operating on a continuous basis throughout the year and:

   (1) has an aggregate rated generating capacity of at least 400 megawatts for all new units at one site, uses coal or gases derived from coal as its primary fuel source, and supports the creation of at least 150 new Illinois coal mining jobs; or

New matter indicated by italics - deletions by strikeout
(2) is funded through a federal Department of Energy grant before December 31, 2010 and supports the creation of Illinois coal-mining jobs; or

(3) uses coal gasification or integrated gasification-combined cycle units that generate electricity or chemicals, or both, and supports the creation of Illinois coal-mining jobs.

"New gasification facility" means a newly constructed coal gasification facility that generates chemical feedstocks or transportation fuels derived from coal (which may include, but are not limited to, methane, methanol, and nitrogen fertilizer), that supports the creation or retention of Illinois coal-mining jobs, and that qualifies for financial assistance from the Department before December 31, 2010. A new gasification facility does not include a pilot project located within Jefferson County or within a county adjacent to Jefferson County for synthetic natural gas from coal.

"New facility" means a new electric generating facility or a new gasification facility. A new facility does not include a pilot project located within Jefferson County or within a county adjacent to Jefferson County for synthetic natural gas from coal.

"Eligible business" means an entity that proposes to construct a new facility and that has applied to the Department to receive financial assistance pursuant to this Section. With respect to use and occupation taxes, wherever there is a reference to taxes, that reference means only those taxes paid on Illinois-mined coal used in a new facility.

"Department" means the Illinois Department of Commerce and Economic Opportunity.

(b) The Department is authorized to provide financial assistance to eligible businesses for new facilities from funds appropriated by the General Assembly as further provided in this Section.

An eligible business seeking qualification for financial assistance for a new facility, for purposes of this Section only, shall apply to the Department in the manner specified by the Department. Any projections provided by an eligible business as part of the application shall be
independently verified in a manner as set forth by the Department. An application shall include, but not be limited to:

(1) the projected or actual completion date of the new facility for which financial assistance is sought;

(2) copies of documentation deemed acceptable by the Department establishing either (i) the total State occupation and use taxes paid on Illinois-mined coal used at the new facility for a minimum of 4 preceding calendar quarters or (ii) the projected amount of State occupation and use taxes paid on Illinois-mined coal used at the new facility in 4 calendar year quarters after completion of the new facility. Bond proceeds subject to this Section shall not be allocated to an eligible business until the eligible business has demonstrated the revenue stream sufficient to service the debt on the bonds; and

(3) the actual or projected amount of capital investment by the eligible business in the new facility.

The Department shall determine the maximum amount of financial assistance for eligible businesses in accordance with this paragraph. The Department shall not provide financial assistance from general obligation bond funds to any eligible business unless it receives a written certification from the Director of the Bureau of the Budget (now Governor's Office of Management and Budget) that 80% of the State occupation and use tax receipts for a minimum of the preceding 4 calendar quarters for all eligible businesses or as included in projections on approved applications by eligible businesses equal or exceed 110% of the maximum annual debt service required with respect to general obligation bonds issued for that purpose. The Department may provide financial assistance not to exceed the amount of State general obligation debt calculated as above, the amount of actual or projected capital investment in the facility, or $100,000,000, whichever is less. Financial assistance received pursuant to this Section may be used for capital facilities consisting of buildings, structures, durable equipment, and land at the new facility. Subject to the provisions of the agreement covering the financial assistance, a portion of
the financial assistance may be required to be repaid to the State if certain conditions for the governmental purpose of the assistance were not met.

An eligible business shall file a monthly report with the Illinois Department of Revenue stating the amount of Illinois-mined coal purchased during the previous month for use in the new facility, the purchase price of that coal, the amount of State occupation and use taxes paid on that purchase to the seller of the Illinois-mined coal, and such other information as that Department may reasonably require. In sales of Illinois-mined coal between related parties, the purchase price of the coal must have been determined in an arms-length transaction. The report shall be filed with the Illinois Department of Revenue on or before the 20th day of each month on a form provided by that Department. However, no report need be filed by an eligible business in a month when it made no reportable purchases of coal in the previous month. The Illinois Department of Revenue shall provide a summary of such reports to the Governor's Office of Management and Budget.

Upon granting financial assistance to an eligible business, the Department shall certify the name of the eligible business to the Illinois Department of Revenue. Beginning with the receipt of the first report of State occupation and use taxes paid by an eligible business and continuing for a 25-year period, the Illinois Department of Revenue shall each month pay into the Energy Infrastructure Fund 80% of the net revenue realized from the 6.25% general rate on the selling price of Illinois-mined coal that was sold to an eligible business. The business must certify in writing that the investments necessary to establish a new, expanded, or reopened coal mine would not be placed in service and the job creation would not occur without the tax credits and exemptions set forth in subsection (b-5) of this Section. Businesses designated as High Impact Businesses under this Section shall also qualify for the exemption described in Section 51 of the Retailers' Occupation Tax Act. The credit provided in subsection (h) of Section 201 of the Illinois Income Tax Act shall be applicable to investments in qualified property as set forth in subdivision (a)(3)(A) of this Section.

(d) Existing Illinois businesses which apply for designation as a High Impact Business must provide the Department with the prospective plan for which 1,500 full-time jobs would be eliminated in the event that the business is not designated.

(e) New proposed facilities which apply for designation as High Impact Business must provide the Department with proof of alternative non-Illinois sites which would receive the proposed investment and job creation in the event that the business is not designated as a High Impact Business.

(f) In the event that a business is designated a High Impact Business and it is later determined after reasonable notice and an opportunity for a hearing as provided under the Illinois Administrative Procedure Act, that the business would have placed in service in qualified property the investments and created or retained the requisite number of jobs without the benefits of the High Impact Business designation, the Department shall be required to immediately revoke the designation and notify the Director of the Department of Revenue who shall begin proceedings to recover all wrongfully exempted State taxes with interest. The business shall also be ineligible for all State funded Department programs for a period of 10 years.

(g) The Department shall revoke a High Impact Business designation if the participating business fails to comply with the terms and conditions of the designation.

AN ACT concerning State government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The State Treasurer Act is amended by changing Section 16.5 as follows:

(15 ILCS 505/16.5)

Sec. 16.5. College Savings Pool. The State Treasurer may establish and administer a College Savings Pool to supplement and enhance the investment opportunities otherwise available to persons seeking to finance the costs of higher education. The State Treasurer, in administering the College Savings Pool, may receive moneys paid into the pool by a participant and may serve as the fiscal agent of that participant for the purpose of holding and investing those moneys.

"Participant", as used in this Section, means any person who makes investments in the pool. "Designated beneficiary", as used in this Section, means any person on whose behalf an account is established in the College Savings Pool by a participant. Both in-state and out-of-state persons may be participants and designated beneficiaries in the College Savings Pool.
New accounts in the College Savings Pool may be processed through participating financial institutions. "Participating financial institution", as used in this Section, means any financial institution insured by the Federal Deposit Insurance Corporation and lawfully doing business in the State of Illinois and any credit union approved by the State Treasurer and lawfully doing business in the State of Illinois that agrees to process new accounts in the College Savings Pool. Participating financial institutions may charge a processing fee to participants to open an account in the pool that shall not exceed $30 until the year 2001. Beginning in 2001 and every year thereafter, the maximum fee limit shall be adjusted by the Treasurer based on the Consumer Price Index for the North Central Region as published by the United States Department of Labor, Bureau of Labor Statistics for the immediately preceding calendar year. Every contribution received by a financial institution for investment in the College Savings Pool shall be transferred from the financial institution to a location selected by the State Treasurer within one business day following the day that the funds must be made available in accordance with federal law. All communications from the State Treasurer to participants shall reference the participating financial institution at which the account was processed.

The Treasurer may invest the moneys in the College Savings Pool in the same manner, in the same types of investments, and subject to the same limitations provided for the investment of moneys by the Illinois State Board of Investment. To enhance the safety and liquidity of the College Savings Pool, to ensure the diversification of the investment portfolio of the pool, and in an effort to keep investment dollars in the State of Illinois, the State Treasurer may make a percentage of each account available for investment in participating financial institutions doing business in the State. The State Treasurer shall deposit with the participating financial institution at which the account was processed the following percentage of each account at a prevailing rate offered by the institution, provided that the deposit is federally insured or fully collateralized and the institution accepts the deposit: 10% of the total amount of each account for which the current age of the beneficiary is less

New matter indicated by italics - deletions by strikeout
than 7 years of age, 20% of the total amount of each account for which the
beneficiary is at least 7 years of age and less than 12 years of age, and 50%
of the total amount of each account for which the current age of the
beneficiary is at least 12 years of age. The State Treasurer shall adjust each
account at least annually to ensure compliance with this Section. The
Treasurer shall develop, publish, and implement an investment policy
covering the investment of the moneys in the College Savings Pool. The
policy shall be published (i) at least once each year in at least one
newspaper of general circulation in both Springfield and Chicago and (ii)
each year as part of the audit of the College Savings Pool by the Auditor
General, which shall be distributed to all participants. The Treasurer shall
notify all participants in writing, and the Treasurer shall publish in a
newspaper of general circulation in both Chicago and Springfield, any
changes to the previously published investment policy at least 30 calendar
days before implementing the policy. Any investment policy adopted by
the Treasurer shall be reviewed and updated if necessary within 90 days
following the date that the State Treasurer takes office.

Participants shall be required to use moneys distributed from the
College Savings Pool for qualified expenses at eligible educational
institutions. "Qualified expenses", as used in this Section, means the
following: (i) tuition, fees, and the costs of books, supplies, and equipment
required for enrollment or attendance at an eligible educational institution
and (ii) certain room and board expenses incurred while attending an
eligible educational institution at least half-time. "Eligible educational
institutions", as used in this Section, means public and private colleges,
junior colleges, graduate schools, and certain vocational institutions that
are described in Section 481 of the Higher Education Act of 1965 (20
U.S.C. 1088) and that are eligible to participate in Department of
Education student aid programs. A student shall be considered to be
enrolled at least half-time if the student is enrolled for at least half the full-
time academic work load for the course of study the student is pursuing as
determined under the standards of the institution at which the student is
enrolled. Distributions made from the pool for qualified expenses shall be
made directly to the eligible educational institution, directly to a vendor, or

New matter indicated by italics - deletions by strikeout
in the form of a check payable to both the beneficiary and the institution or vendor. Any moneys that are distributed in any other manner or that are used for expenses other than qualified expenses at an eligible educational institution shall be subject to a penalty of 10% of the earnings unless the beneficiary dies, becomes disabled, or receives a scholarship that equals or exceeds the distribution. Penalties shall be withheld at the time the distribution is made.

The Treasurer shall limit the contributions that may be made on behalf of a designated beneficiary based on the limitations established by the Internal Revenue Service. An actuarial estimate of what is required to pay tuition, fees, and room and board for 5 undergraduate years at the highest cost eligible educational institution. The contributions made on behalf of a beneficiary who is also a beneficiary under the Illinois Prepaid Tuition Program shall be further restricted to ensure that the contributions in both programs combined do not exceed the limit established for the College Savings Pool. The Treasurer shall provide the Illinois Student Assistance Commission each year at a time designated by the Commission, an electronic report of all participant accounts in the Treasurer's College Savings Pool, listing total contributions and disbursements from each individual account during the previous calendar year. As soon thereafter as is possible following receipt of the Treasurer's report, the Illinois Student Assistance Commission shall, in turn, provide the Treasurer with an electronic report listing those College Savings Pool participants who also participate in the State's prepaid tuition program, administered by the Commission. The Commission shall be responsible for filing any combined tax reports regarding State qualified savings programs required by the United States Internal Revenue Service. The Treasurer shall work with the Illinois Student Assistance Commission to coordinate the marketing of the College Savings Pool and the Illinois Prepaid Tuition Program when considered beneficial by the Treasurer and the Director of the Illinois Student Assistance Commission. The Treasurer's office shall not publicize or otherwise market the College Savings Pool or accept any moneys into the College Savings Pool prior to March 1, 2000. The Treasurer shall provide a separate accounting for each
designated beneficiary to each participant, the Illinois Student Assistance Commission, and the participating financial institution at which the account was processed. No interest in the program may be pledged as security for a loan.

The assets of the College Savings Pool and its income and operation shall be exempt from all taxation by the State of Illinois and any of its subdivisions. The accrued earnings on investments in the Pool once disbursed on behalf of a designated beneficiary shall be similarly exempt from all taxation by the State of Illinois and its subdivisions, so long as they are used for qualified expenses. Contributions to a College Savings Pool account during the taxable year may be deducted from adjusted gross income as provided in Section 203 of the Illinois Income Tax Act. The provisions of this paragraph are exempt from Section 250 of the Illinois Income Tax Act.

The Treasurer shall adopt rules he or she considers necessary for the efficient administration of the College Savings Pool. The rules shall provide whatever additional parameters and restrictions are necessary to ensure that the College Savings Pool meets all of the requirements for a qualified state tuition program under Section 529 of the Internal Revenue Code (26 U.S.C. 529). The rules shall provide for the administration expenses of the pool to be paid from its earnings and for the investment earnings in excess of the expenses and all moneys collected as penalties to be credited or paid monthly to the several participants in the pool in a manner which equitably reflects the differing amounts of their respective investments in the pool and the differing periods of time for which those amounts were in the custody of the pool. Also, the rules shall require the maintenance of records that enable the Treasurer's office to produce a report for each account in the pool at least annually that documents the account balance and investment earnings. Notice of any proposed amendments to the rules and regulations shall be provided to all participants prior to adoption. Amendments to rules and regulations shall apply only to contributions made after the adoption of the amendment.

Upon creating the College Savings Pool, the State Treasurer shall give bond with 2 or more sufficient sureties, payable to and for the benefit

(D-17) For taxable years ending on or after December 31, 2004, an amount equal to the amount otherwise allowed as a deduction in computing base income for interest paid, accrued, or incurred, directly or indirectly, to a foreign person who would be a member of the same unitary business group but for the fact that foreign person's business activity outside the United States is 80% or more of the foreign person's total business activity. The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income under Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the interest was paid, accrued, or incurred.

(b) the transaction giving rise to the interest expense between the taxpayer and the foreign person did not have as a principal purpose the avoidance of Illinois income tax, and is paid pursuant to a contract or agreement that reflects an arm's-length interest rate and terms; or

(iii) the taxpayer can establish, based on clear and convincing evidence, that the interest paid, accrued, or incurred relates to a contract or agreement entered into at arm's-length rates and terms and the principal purpose for the payment is not federal or Illinois tax avoidance; or

(iv) an item of interest paid, accrued, or incurred, directly or indirectly, to a foreign person if the taxpayer establishes by clear and convincing evidence that the adjustments are unreasonable; or if the taxpayer and the Director agree in writing to the application or use of an alternative method of apportionment under Section 304(f).

(D-18) For taxable years ending on or after December 31, 2004, an amount equal to the amount of intangible expenses and costs otherwise allowed as a deduction in computing base income, and that were paid, accrued, or incurred, directly or indirectly, to a foreign person who would be a member of the same unitary business group but for the fact that the foreign person's business activity outside the United States is 80% or more of that person's total business activity. The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income under Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the intangible expenses and costs were directly or indirectly paid, incurred, or accrued. The preceding sentence does not apply to the extent that the same dividends caused a reduction to the addition modification required under Section 203(a)(2)(D-17) of this Act. As used in this subparagraph, the term "intangible expenses and costs" includes (1) expenses, losses, and costs for, or related to, the direct or indirect acquisition, use, maintenance or management, ownership, sale, exchange, or any other disposition of intangible property; (2) losses incurred, directly or indirectly, from factoring transactions or discounting transactions; (3) royalty, patent, technical, and copyright fees; (4) licensing fees; and (5) other similar expenses and costs. For purposes of this subparagraph, "intangible

This paragraph shall not apply to the following:

(i) any item of intangible expenses or costs paid, accrued, or incurred, directly or indirectly, from a transaction with a foreign person who is subject in a foreign country or state, other than a state which requires mandatory unitary reporting, to a tax on or measured by net income with respect to such item; or

(ii) any item of intangible expense or cost paid, accrued, or incurred, directly or indirectly, if the taxpayer can establish, based on a preponderance of the evidence, both of the following:

   (a) the foreign person during the same taxable year paid, accrued, or incurred, the intangible expense or cost to a person that is not a related member, and

   (b) the transaction giving rise to the intangible expense or cost between the taxpayer and the foreign person did not have as a principal purpose the avoidance of Illinois income tax, and is paid pursuant to a contract or agreement that reflects arm's-length terms; or

(iii) any item of intangible expense or cost paid, accrued, or incurred, directly or indirectly, from a transaction with a foreign person if the taxpayer establishes by clear and convincing evidence, that the adjustments are unreasonable; or if the taxpayer and the Director agree in writing to
the application or use of an alternative method of apportionment under Section 304(f);

Nothing in this subsection shall preclude the Director from making any other adjustment otherwise allowed under Section 404 of this Act for any tax year beginning after the effective date of this amendment provided such adjustment is made pursuant to regulation adopted by the Department and such regulations provide methods and standards by which the Department will utilize its authority under Section 404 of this Act;

This subparagraph (S) is exempt from the provisions of Section 250;

(T) The amount of (i) any interest income (net of the deductions allocable thereto) taken into account for the taxable year with respect to a transaction with a taxpayer that is required to make an addition modification with respect to such transaction under Section 203(a)(2)(D-17), 203(b)(2)(E-12), 203(c)(2)(G-12), or 203(d)(2)(D-7), but not to exceed the amount of such addition modification and (ii) any income from intangible property (net of the deductions allocable thereto) taken into account for the taxable year with respect to a transaction with a taxpayer that is required to make an addition modification with respect to such transaction under Section 203(a)(2)(D-18), 203(b)(2)(E-13), 203(c)(2)(G-13), or 203(d)(2)(D-8), but not to exceed the amount of such addition modification;

(U) An amount equal to the interest income taken into account for the taxable year (net of the deductions allocable thereto) with respect to transactions with a foreign person who would be a member of the taxpayer's unitary business group but for the fact the foreign person's business activity outside the United States is 80% or more of that person's total business activity, but not to exceed the addition modification required to be made for the same taxable year under Section 203(c)(2)(G-12) for interest paid, accrued, or incurred, directly or indirectly, to the same foreign person; and

(V) An amount equal to the income from intangible property taken into account for the taxable year (net of the deductions allocable thereto) with respect to transactions with a foreign person who would be a member of the taxpayer's unitary business group but for the fact that the foreign person's business activity outside the United States is 80% or more of that person's total business activity, but

(b) the transaction giving rise to the interest expense between the taxpayer and the foreign person did not have as a principal purpose the avoidance of Illinois income tax, and is paid pursuant to a contract or agreement that reflects an arm's-length interest rate and terms; or

(iii) the taxpayer can establish, based on clear and convincing evidence, that the interest paid, accrued, or incurred relates to a contract or agreement entered into at arm's-length rates and terms and the principal purpose for the payment is not federal or Illinois tax avoidance; or

(D-8) For taxable years ending on or after December 31, 2004, an amount equal to the amount of intangible expenses and costs otherwise allowed as a deduction in computing base income, and that were paid, accrued, or incurred, directly or indirectly, to a foreign person who would be a member of the same unitary business group but for the fact that the foreign person's business activity outside the United States is 80% or more of that person's total business activity. (iii) any item of intangible expense or cost paid, accrued, or incurred, directly or indirectly, from a transaction with a foreign person if the taxpayer establishes by clear and convincing evidence, that the adjustments are unreasonable; or

if the taxpayer and the Director agree in writing to the application or use of an alternative method of apportionment under Section 304(f);

Nothing in this subsection shall preclude the Director from making any other adjustment otherwise allowed under Section 404 of this Act for any tax year beginning after the effective date of this amendment provided such adjustment is made pursuant to regulation adopted by the Department and such regulations provide methods and standards by which the Department will utilize its authority under Section 404 of this Act;

(e) Gross income; adjusted gross income; taxable income.

(1) In general. Subject to the provisions of paragraph (2) and subsection (b) (3), for purposes of this Section and Section 803(e), a taxpayer's gross income, adjusted gross income, or taxable income for the taxable year shall mean the amount of gross income, adjusted gross income or taxable income properly reportable for federal income tax purposes for the taxable year under the provisions of the Internal Revenue Code. Taxable income may be less than zero. However, for taxable years ending on or after December 31, 1986, net operating loss carryforwards from taxable years ending prior to December 31, 1986, may not exceed the sum of federal taxable income for the taxable year before net operating loss deduction, plus the excess of addition modifications over subtraction modifications for the taxable year. For taxable years ending prior to December 31, 1986, taxable income may never be an amount in excess of the net operating loss for the taxable year as defined in subsections (c) and (d) of Section 172 of the Internal Revenue Code, provided that when taxable income of a corporation (other than a Subchapter S corporation), trust, or estate is less than zero and addition modifications, other than those provided by subparagraph (E) of paragraph (2) of subsection (b) for corporations or subparagraph (E) of paragraph (2) of subsection (c) for trusts and estates, exceed subtraction modifications, an addition modification must be made under those subparagraphs for any other taxable year to which the taxable income less than zero (net operating loss) is applied under Section 172 of the Internal Revenue Code or under subparagraph (E) of
paragraph (2) of this subsection (e) applied in conjunction with Section 172 of the Internal Revenue Code.

(2) Special rule. For purposes of paragraph (1) of this subsection, the taxable income properly reportable for federal income tax purposes shall mean:

(A) Certain life insurance companies. In the case of a life insurance company subject to the tax imposed by Section 801 of the Internal Revenue Code, life insurance company taxable income, plus the amount of distribution from pre-1984 policyholder surplus accounts as calculated under Section 815a of the Internal Revenue Code;

(B) Certain other insurance companies. In the case of mutual insurance companies subject to the tax imposed by Section 831 of the Internal Revenue Code, insurance company taxable income;

(C) Regulated investment companies. In the case of a regulated investment company subject to the tax imposed by Section 852 of the Internal Revenue Code, investment company taxable income;

(D) Real estate investment trusts. In the case of a real estate investment trust subject to the tax imposed by Section 857 of the Internal Revenue Code, real estate investment trust taxable income;

(E) Consolidated corporations. In the case of a corporation which is a member of an affiliated group of corporations filing a consolidated income tax return for the taxable year for federal income tax purposes, taxable income determined as if such corporation had filed a separate return for federal income tax purposes for the taxable year and each preceding taxable year for which it was a member of an affiliated group. For purposes of this subparagraph, the taxpayer's separate taxable income shall be determined as if the election provided by Section 243(b)
(2) of the Internal Revenue Code had been in effect for all such years;

(F) Cooperatives. In the case of a cooperative corporation or association, the taxable income of such organization determined in accordance with the provisions of Section 1381 through 1388 of the Internal Revenue Code;

(G) Subchapter S corporations. In the case of: (i) a Subchapter S corporation for which there is in effect an election for the taxable year under Section 1362 of the Internal Revenue Code, the taxable income of such corporation determined in accordance with Section 1363(b) of the Internal Revenue Code, except that taxable income shall take into account those items which are required by Section 1363(b)(1) of the Internal Revenue Code to be separately stated; and (ii) a Subchapter S corporation for which there is in effect a federal election to opt out of the provisions of the Subchapter S Revision Act of 1982 and have applied instead the prior federal Subchapter S rules as in effect on July 1, 1982, the taxable income of such corporation determined in accordance with the federal Subchapter S rules as in effect on July 1, 1982; and

(H) Partnerships. In the case of a partnership, taxable income determined in accordance with Section 703 of the Internal Revenue Code, except that taxable income shall take into account those items which are required by Section 703(a)(1) to be separately stated but which would be taken into account by an individual in calculating his taxable income.

(3) Recapture of business expenses on disposition of asset or business. Notwithstanding any other law to the contrary, if in prior years income from an asset or business has been classified as business income and in a later year is demonstrated to be non-business income, then all expenses, without limitation, deducted in
such later year and in the 2 immediately preceding taxable years related to that asset or business that generated the non-business income shall be added back and recaptured as business income in the year of the disposition of the asset or business. Such amount shall be apportioned to Illinois using the greater of the apportionment fraction computed for the business under Section 304 of this Act for the taxable year or the average of the apportionment fractions computed for the business under Section 304 of this Act for the taxable year and for the 2 immediately preceding taxable years.

(f) Valuation limitation amount.

(1) In general. The valuation limitation amount referred to in subsections (a) (2) (G), (c) (2) (I) and (d)(2) (E) is an amount equal to:

(A) The sum of the pre-August 1, 1969 appreciation amounts (to the extent consisting of gain reportable under the provisions of Section 1245 or 1250 of the Internal Revenue Code) for all property in respect of which such gain was reported for the taxable year; plus

(B) The lesser of (i) the sum of the pre-August 1, 1969 appreciation amounts (to the extent consisting of capital gain) for all property in respect of which such gain was reported for federal income tax purposes for the taxable year, or (ii) the net capital gain for the taxable year, reduced in either case by any amount of such gain included in the amount determined under subsection (a) (2) (F) or (c) (2) (H).

(2) Pre-August 1, 1969 appreciation amount.

(A) If the fair market value of property referred to in paragraph (1) was readily ascertainable on August 1, 1969, the pre-August 1, 1969 appreciation amount for such property is the lesser of (i) the excess of such fair market value over the taxpayer's basis (for determining gain) for such property on that date (determined under the Internal
Revenue Code as in effect on that date), or (ii) the total gain realized and reportable for federal income tax purposes in respect of the sale, exchange or other disposition of such property.

(B) If the fair market value of property referred to in paragraph (1) was not readily ascertainable on August 1, 1969, the pre-August 1, 1969 appreciation amount for such property is that amount which bears the same ratio to the total gain reported in respect of the property for federal income tax purposes for the taxable year, as the number of full calendar months in that part of the taxpayer's holding period for the property ending July 31, 1969 bears to the number of full calendar months in the taxpayer's entire holding period for the property.

(C) The Department shall prescribe such regulations as may be necessary to carry out the purposes of this paragraph.

(g) Double deductions. Unless specifically provided otherwise, nothing in this Section shall permit the same item to be deducted more than once.

(h) Legislative intention. Except as expressly provided by this Section there shall be no modifications or limitations on the amounts of income, gain, loss or deduction taken into account in determining gross income, adjusted gross income or taxable income for federal income tax purposes for the taxable year, or in the amount of such items entering into the computation of base income and net income under this Act for such taxable year, whether in respect of property values as of August 1, 1969 or otherwise.

AN ACT concerning human rights.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Human Rights Act is amended by changing Section 2-102 as follows:

(775 ILCS 5/2-102) (from Ch. 68, par. 2-102)

Sec. 2-102. Civil Rights Violations - Employment. It is a civil rights violation:

(A) Employers. For any employer to refuse to hire, to segregate, or to act with respect to recruitment, hiring, promotion, renewal of employment, selection for training or apprenticeship, discharge, discipline, tenure or terms, privileges or conditions of employment on the basis of unlawful discrimination or citizenship status.

(A-5) Language. For an employer to impose a restriction that has the effect of prohibiting a language from being spoken by an employee in communications that are unrelated to the employee's duties.

New matter indicated by italics - deletions by strikeout
For the purposes of this subdivision (A-5), "language" means a person's native tongue, such as Polish, Spanish, or Chinese. "Language" does not include such things as slang, jargon, profanity, or vulgarity.

(B) Employment Agency. For any employment agency to fail or refuse to classify properly, accept applications and register for employment referral, or apprentice referral, refer for employment, or refer for apprenticeship on the basis of unlawful discrimination or citizenship status or to accept from any person any job order, requisition or request for referral of applicants for employment or apprenticeship which makes or has the effect of making unlawful discrimination or discrimination on the basis of citizenship status a condition of referral.

(C) Labor Organization. For any labor organization to limit, segregate or classify its membership, or to limit employment opportunities, selection and training for apprenticeship in any trade or craft, or otherwise to take, or fail to take, any action which affects adversely any person's status as an employee or as an applicant for employment or as an apprentice, or as an applicant for apprenticeships, or wages, tenure, hours of employment or apprenticeship conditions on the basis of unlawful discrimination or citizenship status.

(D) Sexual Harassment. For any employer, employee, agent of any employer, employment agency or labor organization to engage in sexual harassment; provided, that an employer shall be responsible for sexual harassment of the employer's employees by nonemployees or nonmanagerial and nonsupervisory employees only if the employer becomes aware of the conduct and fails to take reasonable corrective measures.

(E) Public Employers. For any public employer to refuse to permit a public employee under its jurisdiction who takes time off from work in order to practice his or her religious beliefs to engage in work, during hours other than such employee's regular working hours, consistent with the operational needs of the employer and in order to compensate for work time lost for such religious reasons. Any employee who elects such deferred work shall be compensated at the wage rate which he or she would have earned during the originally scheduled work period. The
employer may require that an employee who plans to take time off from work in order to practice his or her religious beliefs provide the employer with a notice of his or her intention to be absent from work not exceeding 5 days prior to the date of absence.

(F) Training and Apprenticeship Programs. For any employer, employment agency or labor organization to discriminate against a person on the basis of age in the selection, referral for or conduct of apprenticeship or training programs.

(G) Immigration-Related Practices. For an employer to request for purposes of satisfying the requirements of Section 1324a(b) of Title 8 of the United States Code, as now or hereafter amended, more or different documents than are required under such Section or to refuse to honor documents tendered that on their face reasonably appear to be genuine.

(H) Pregnancy; peace officers and fire fighters. For a public employer to refuse to temporarily transfer a pregnant female peace officer or pregnant female fire fighter to a less strenuous or hazardous position for the duration of her pregnancy if she so requests, with the advice of her physician, where that transfer can be reasonably accommodated. PUBLIC ACT 95-0038
(House Bill No. 0215)

AN ACT concerning animals.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Livestock Management Facilities Act is amended by changing Section 13 as follows:

(510 ILCS 77/13)

Sec. 13. Livestock waste handling facilities other than earthen livestock waste lagoons; construction standards; certification; inspection; removal-from-service requirements.

(a) After the effective date of this amendatory Act of 1999, livestock waste handling facilities other than earthen livestock waste lagoons used for the storage of livestock waste shall be constructed in accordance with this Section.
(1) Livestock waste handling facilities constructed of concrete shall meet the strength and load factors set forth in the Midwest Plan Service's Concrete Manure Storage Handbook (MWPS-36) and future updates. In addition, those structures shall meet the following requirements:

   (A) Waterstops shall be incorporated into the design of the storage structure when consistent with the requirements of paragraph (1) of this subsection;

   (B) Storage structures that handle waste in a liquid form shall be designed to contain a volume of not less than the amount of waste generated during 150 days of facility operation at design capacity; the owner or operator of a livestock waste handling facility constructed with concrete with a design capacity of less than 300 animal units may demonstrate to the Department that a reduced storage volume, not less than 60 days, is feasible due to (i) the availability of land application areas that can receive manure at agronomic rates or (ii) another manure disposal method is proposed that will allow for the reduced manure storage design capacity; the Department shall evaluate the proposal and determine whether a reduced manure storage design capacity is appropriate for the site; and

   (C) Storage structures not covered or otherwise protected from precipitation shall, in addition to the waste storage volume requirements of subparagraph (B) of paragraph (1) of this subsection, include a 2-foot freeboard.

(2) A livestock waste handling facility in a prefabricated form shall meet the strength, load, and compatibility factors for its intended use. Those factors shall be verified by the manufacturer's specifications.

(3) Livestock waste handling facilities holding semi-solid livestock waste, including but not limited to picket dam structures, shall be constructed according to the requirements set forth in the Midwest Plan Service's Livestock Waste Facilities Handbook.
(MWPS-18) and future updates or similar standards used by the Natural Resources Conservation Service of the United States Department of Agriculture.

(4) Livestock waste handling facilities holding solid livestock waste shall be constructed according to the requirements set forth in the Midwest Plan Service's Livestock Waste Facilities Handbook (MWPS-18) and future updates or similar standards used by the Natural Resources Conservation Service of the United States Department of Agriculture. In addition, solid livestock waste stacking structures shall be sized to store not less than the amount of waste generated during 6 months of facility operation at design capacity. The owner or operator of a livestock waste handling facility holding solid livestock waste with a design capacity of less than 300 animal units may demonstrate to the Department that a reduced storage volume, not less than 2 months, is feasible due to (i) the availability of land application areas that can receive manure at agronomic rates or (ii) another manure disposal method is proposed that will allow for the reduced storage design capacity. The Department shall evaluate the proposal and determine whether a reduced manure storage design capacity is appropriate for the site.

(5) Holding ponds used for the temporary storage of livestock feedlot run-off shall be constructed according to the requirements set forth in the Midwest Plan Service's Livestock Waste Facilities Handbook (MWPS-18) and future updates or similar standards used by the Natural Resources Conservation Service of the United States Department of Agriculture.

(b) New livestock management facilities and livestock waste handling facilities constructed after the effective date of this amendatory Act of 1999 shall be subject to the additional construction requirements and siting prohibitions provided in this subsection (b).

(1) No new non-lagoon livestock management facility or livestock waste handling facility may be constructed within the floodway of a 100-year floodplain. A new livestock management
facility or livestock waste handling facility may be constructed within the portion of a 100-year floodplain that is within the flood fringe and outside the floodway provided that the facility is designed and constructed to be protected from flooding and meets the requirements set forth in the Rivers, Lakes, and Streams Act, Section 5-40001 of the Counties Code, and Executive Order Number 4 (1979). The delineation of floodplains, floodways, and flood fringes shall be in compliance with the National Flood Insurance Program. Protection from flooding shall be consistent with the National Flood Insurance Program and shall be designed so that stored livestock waste is not readily removed.

(2) A new non-lagoon livestock waste handling facility constructed in a karst area shall be designed to prevent seepage of the stored material into groundwater in accordance with ASAE 393.2 or future updates. Owners or operators of proposed facilities should consult with the local soil and water conservation district, the University of Illinois Cooperative Extension Service, or other local, county, or State resources relative to determining the possible presence or absence of such areas. Notwithstanding the other provisions of this paragraph (2), after the effective date of this amendatory Act of 1999, no non-lagoon livestock waste handling facility may be constructed within 400 feet of any natural depression in a karst area formed as a result of subsurface removal of soil or rock materials that has caused the formation of a collapse feature that exhibits internal drainage. For the purposes of this paragraph (2), the existence of such a natural depression in a karst area shall be indicated by the uppermost closed depression contour lines on a USGS 7 1/2 minute quadrangle topographic map or as determined by Department field investigation in a karst area.

(3) A new non-lagoon livestock waste handling facility constructed in an area where aquifer material is present within 5 feet of the bottom of the facility shall be designed to ensure the structural integrity of the containment structure and to prevent seepage of the stored material to groundwater. Footings and
underlying structure support shall be incorporated into the design standards of the storage structure in accordance with the requirements of Section 4.1 of the American Society of Agricultural Engineers (ASAE) EP 393.2 or future updates.

(c) A livestock waste handling facility owner may rely on guidance from the local soil and water conservation district, the Natural Resources Conservation Service of the United States Department of Agriculture, or the University of Illinois Cooperative Extension Service for soil type and associated information.

(d) The standards in subsections (a) and (b) shall serve as interim construction standards until such time as permanent rules promulgated pursuant to Section 55 of this Act become effective. In addition, the Department and the Board shall utilize the interim standards in subsections (a) and (b) as a basis for the development of such permanent rules.

(e) The owner or operator of a livestock management facility or livestock waste handling facility may, with the approval of the Department, elect to exceed the strength and load requirements as set forth in this Section.

(f) The owner or operator of a livestock management facility or livestock waste handling facility shall send, by certified mail or in person, to the Department a certification of compliance together with copies of verification documents upon completion of construction. In the case of structures constructed with the design standards used by the Natural Resources Conservation Service of the United States Department of Agriculture, copies of the design standards and a statement of verification signed by a representative of the United States Department of Agriculture shall accompany the owner's or operator's certification of compliance. The certification shall state that the structure meets or exceeds the requirements in subsection (a) of this Section. A $250 filing fee shall accompany the statement.

(g) The Department shall inspect the construction site prior to construction, during construction, and within 10 business days following receipt of the certification of compliance to determine compliance with the construction standards.
(h) The Department shall require modification when necessary to bring the construction into compliance with the standards set forth in this Section. The person making the inspection shall discuss with the owner, operator, or certified livestock manager an evaluation of the livestock waste handling facility construction and shall (i) provide on-site written recommendations to the owner, operator, or certified livestock manager of what modifications are necessary or (ii) inform the owner, operator, or certified livestock manager that the facility meets the standards set forth in this Section. On the day of the inspection, the person making the inspection shall give the owner, operator, or certified livestock manager a written report of findings based on the inspection together with an explanation of remedial measures necessary to enable the livestock waste handling facility to meet the standards set forth in this Section. The Department shall, within 5 business days of the date of inspection, send an official written notice to the owner or operator of the livestock waste handling facility by certified mail, return receipt requested, indicating that the facility meets the standards set forth in this Section or identifying the remedial measures necessary to enable the livestock waste handling facility to meet the standards set forth in this Section. The owner or operator shall, within 10 business days of receipt of an official written notice of deficiencies, contact the Department to develop the principles of an agreement of compliance. The owner or operator and the Department shall enter into an agreement of compliance setting forth the specific changes to be made to bring the construction into compliance with the standards required under this Section. If an agreement of compliance cannot be achieved, the Department shall issue a compliance order to the owner or operator outlining the specific changes to be made to bring the construction into compliance with the standards required under this Section. The owner or operator can request an administrative hearing to contest the provisions of the Department's compliance order.

(j) If any owner or operator operates in violation of an agreement of compliance, the Department shall seek an injunction in circuit court to prohibit the operation of the facility until construction and certification of

the livestock waste handling facility are in compliance with the provisions of this Section.

(k) When any livestock management facility not using an earthen livestock waste lagoon is removed from service, the accumulated livestock waste remaining within the facility shall be removed and applied to land at rates consistent with a waste management plan for the facility. Removal of the waste shall occur within 12 months after the date livestock production at the facility ceases. In addition, the owner or operator shall make provisions to prevent the accumulation of precipitation within the livestock waste handling facility. Upon completion of the removal of manure, the owner or operator of the facility shall notify the Department that the facility is being removed from service and the remaining manure has been removed. The Department shall conduct an inspection of the livestock waste handling facility and inform the owner or operator in writing that the requirements imposed under this subsection (k) have been met or that additional actions are necessary. Commencement of operations at a facility that has livestock shelters left intact and that has completed the requirements imposed under this subsection (k) and that has been operated as a livestock management facility or livestock waste handling facility for 4 consecutive months at any time within the previous 10 years shall not be considered a new or expanded livestock management or waste handling facility. A new facility constructed after May 21, 1996 that has been removed from service for a period of 2 or more years shall not be placed back into service prior to an inspection of the livestock waste handling facility and receipt of written approval by the Department.

AN ACT concerning criminal law.

Be it enacted by the People of the State of Illinois, represented in
the General Assembly:

Section 5. The Criminal Code of 1961 is amended by changing
Section 17-1b as follows:

(720 ILCS 5/17-1b)
Sec. 17-1b. State's Attorney's bad check diversion program.
(a) In this Section:
"Offender" means a person charged with, or for whom probable
cause exists to charge the person with, deceptive practices.
"Pretrial diversion" means the decision of a prosecutor to refer an
offender to a diversion program on condition that the criminal charges
against the offender will be dismissed after a specified period of time, or
the case will not be charged, if the offender successfully completes the
program.
"Restitution" means all amounts payable to a victim of deceptive
practices under the bad check diversion program created under this
Section, including the amount of the check and any transaction fees
payable to a victim as set forth in subsection (g) but does not include
amounts recoverable under Section 3-806 of the Uniform Commercial
Code and Section 17-1a of this Code.

(b) A State's Attorney may create within his or her office a bad
check diversion program for offenders who agree to voluntarily participate
in the program instead of undergoing prosecution. The program may be
conducted by the State's Attorney or by a private entity under contract with
the State's Attorney. If the State's Attorney contracts with a private entity
to perform any services in operating the program, the entity shall operate
under the supervision, direction, and control of the State's Attorney. Any
private entity providing services under this Section is not a "collection
agency" as that term is defined under the Collection Agency Act.

New matter indicated by italics - deletions by strikeout
(c) If an offender is referred to the State's Attorney, the State's Attorney may determine whether the offender is appropriate for acceptance in the program. The State's Attorney may consider, but shall not be limited to consideration of, the following factors:
   (1) the amount of the check that was drawn or passed;
   (2) prior referrals of the offender to the program;
   (3) whether other charges of deceptive practices are pending against the offender;
   (4) the evidence presented to the State's Attorney regarding the facts and circumstances of the incident;
   (5) the offender's criminal history; and
   (6) the reason the check was dishonored by the financial institution.

(d) The bad check diversion program may require an offender to do one or more of the following:
   (i) pay for, at his or her own expense, and successfully complete an educational class held by the State's Attorney or a private entity under contract with the State's Attorney;
   (ii) make full restitution for the offense;
   (iii) pay a per-check administrative fee as set forth in this Section.

(e) If an offender is diverted to the program, the State's Attorney shall agree in writing not to prosecute the offender upon the offender's successful completion of the program conditions. The State's Attorney's agreement to divert the offender shall specify the offenses that will not be prosecuted by identifying the checks involved in the transactions.

(f) The State's Attorney, or private entity under contract with the State's Attorney, may collect a fee from an offender diverted to the State's Attorney's bad check diversion program. This fee may be deposited in a bank account maintained by the State's Attorney for the purpose of depositing fees and paying the expenses of the program or for use in the enforcement and prosecution of criminal laws. The State's Attorney may require that the fee be paid directly to a private entity that administers the program under a contract with the State's Attorney. The amount of the

New matter indicated by italics - deletions by strikeout
administrative fees collected by the State's Attorney under the program may not exceed $35 per check. The county board may, however, by ordinance, increase the fees allowed by this Section if the increase is justified by an acceptable cost study showing that the fees allowed by this Section are not sufficient to cover the cost of providing the service.

(g) (1) The private entity shall be required to maintain adequate general liability insurance of $1,000,000 per occurrence as well as adequate coverage for potential loss resulting from employee dishonesty. The State's Attorney may require a surety bond payable to the State's Attorney if in the State's Attorney's opinion it is determined that the private entity is not adequately insured or funded.

(2) (A) Each private entity that has a contract with the State's Attorney to conduct a bad check diversion program shall at all times maintain a separate bank account in which all moneys received from the offenders participating in the program shall be deposited, referred to as a "Trust Account", except that negotiable instruments received may be forwarded directly to a victim of the deceptive practice committed by the offender if that procedure is provided for by a writing executed by the victim. Moneys received shall be so deposited within 5 business days after posting to the private entity's books of account. There shall be sufficient funds in the trust account at all times to pay the victims the amount due them.

(B) The trust account shall be established in a bank, savings and loan association, or other recognized depository which is federally or State insured or otherwise secured as defined by rule. If the account is interest bearing, the private entity shall pay to the victim interest earned on funds on deposit after the 60th day.

(C) Each private entity shall keep on file the name of the bank, savings and loan association, or other recognized depository in which each trust account is

maintained, the name of each trust account, and the names of the persons authorized to withdraw funds from each account. The private entity, within 30 days of the time of a change of depository or person authorized to make withdrawal, shall update its files to reflect that change. An examination and audit of a private entity's trust accounts may be made by the State's Attorney as the State's Attorney deems appropriate. A trust account financial report shall be submitted annually on forms acceptable to the State's Attorney.

(3) The State's Attorney may cancel a contract entered into with a private entity under this Section for any one or any combination of the following causes:

(A) Conviction of the private entity or the principals of the private entity of any crime under the laws of any U.S. jurisdiction which is a felony, a misdemeanor an essential element of which is dishonesty, or of any crime which directly relates to the practice of the profession.

(B) A determination that the private entity has engaged in conduct prohibited in item (4).

(4) The State's Attorney may determine whether the private entity has engaged in the following prohibited conduct:

(A) Using or threatening to use force or violence to cause physical harm to an offender, his or her family, or his or her property.

(B) Threatening the seizure, attachment, or sale of an offender's property where such action can only be taken pursuant to court order without disclosing that prior court proceedings are required.

(C) Disclosing or threatening to disclose information adversely affecting an offender's reputation for creditworthiness with knowledge the information is false.

(D) Initiating or threatening to initiate communication with an offender's employer unless there
has been a default of the payment of the obligation for at least 30 days and at least 5 days prior written notice, to the last known address of the offender, of the intention to communicate with the employer has been given to the employee, except as expressly permitted by law or court order.

(E) Communicating with the offender or any member of the offender's family at such a time of day or night and with such frequency as to constitute harassment of the offender or any member of the offender's family. For purposes of this clause (E) the following conduct shall constitute harassment:

   (i) Communicating with the offender or any member of his or her family at any unusual time or place or a time or place known or which should be known to be inconvenient to the offender. In the absence of knowledge of circumstances to the contrary, a private entity shall assume that the convenient time for communicating with a consumer is after 8 o'clock a.m. and before 9 o'clock p.m. local time at the offender's residence.

   (ii) The threat of publication or publication of a list of offenders who allegedly refuse to pay restitution, except by the State's Attorney.

   (iii) The threat of advertisement or advertisement for sale of any restitution to coerce payment of the restitution.

   (iv) Causing a telephone to ring or engaging any person in telephone conversation repeatedly or continuously with intent to annoy, abuse, or harass any person at the called number.

   (v) Using profane, obscene or abusive language in communicating with an offender, his or her family, or others.

(vi) Disclosing or threatening to disclose information relating to an offender's case to any other person except the victim and appropriate law enforcement personnel.

(vii) Disclosing or threatening to disclose information concerning the alleged criminal act which the private entity knows to be reasonably disputed by the offender without disclosing the fact that the offender disputes the accusation.

(viii) Engaging in any conduct which the State's Attorney finds was intended to cause and did cause mental or physical illness to the offender or his or her family.

(ix) Attempting or threatening to enforce a right or remedy with knowledge or reason to know that the right or remedy does not exist.

(x) Except as authorized by the State's Attorney, using any form of communication which simulates legal or judicial process or which gives the appearance of being authorized, issued or approved by a governmental agency or official or by an attorney at law when it is not.

(xi) Using any badge, uniform, or other indicia of any governmental agency or official, except as authorized by law or by the State's Attorney.

(xii) Except as authorized by the State's Attorney, conducting business under any name or in any manner which suggests or implies that the private entity is bonded if such private entity is or is a branch of or is affiliated with any governmental agency or court if such private entity is not.

(xiii) Misrepresenting the amount of the restitution alleged to be owed.

New matter indicated by italics - deletions by strikeout
(xiv) Except as authorized by the State's Attorney, representing that an existing restitution amount may be increased by the addition of attorney's fees, investigation fees, or any other fees or charges when those fees or charges may not legally be added to the existing restitution.

(xv) Except as authorized by the State's Attorney, representing that the private entity is an attorney at law or an agent for an attorney if the entity is not.

(xvi) Collecting or attempting to collect any interest or other charge or fee in excess of the actual restitution or claim unless the interest or other charge or fee is expressly authorized by the State's Attorney, who shall determine what constitutes a reasonable collection fee.

(xvii) Communicating or threatening to communicate with an offender when the private entity is informed in writing by an attorney that the attorney represents the offender concerning the claim, unless authorized by the attorney. If the attorney fails to respond within a reasonable period of time, the private entity may communicate with the offender.
