(20 ILCS 415/8a) (from Ch. 127, par. 63b108a)

Sec. 8a. Jurisdiction A - Classification and pay. For positions in the State service subject to the jurisdiction of the Department of Central Management Services with respect to the classification and pay:

(1) For the preparation, maintenance, and revision by the Director, subject to approval by the Commission, of a position classification plan for all positions subject to this Act, based upon similarity of duties performed, responsibilities assigned, and conditions of employment so that the same schedule of pay may be equitably applied to all positions in the same class. However, the pay of an employee whose position is reduced in rank or grade by reallocation because of a loss of duties or responsibilities after his appointment to such position shall not be required to be lowered for a period of one year after the reallocation of his position. Conditions of employment shall not be used as a factor in the classification of any position heretofore paid under the provisions of Section 1.22 of "An Act to standardize position titles and salary
rates”, approved June 30, 1943, as amended. Unless the Commission disapproves such classification plan within 60 days, or any revision thereof within 30 days, the Director shall allocate every such position to one of the classes in the plan. Any employee affected by the allocation of a position to a class shall, after filing with the Director of Central Management Services a written request for reconsideration thereof in such manner and form as the Director may prescribe, be given a reasonable opportunity to be heard by the Director. If the employee does not accept the allocation of the position, he shall then have the right of appeal to the Civil Service Commission.

(2) For a pay plan to be prepared by the Director for all employees subject to this Act after consultation with operating agency heads and the Director of the Governor's Office of Management and Budget. Such pay plan may include provisions for uniformity of starting pay, an increment plan, area differentials, a delay not to exceed one year prior to the reduction of the pay of employees whose positions are reduced in rank or grade by reallocation because of a loss of duties or responsibilities after their appointments to such positions, prevailing rates of wages in those classifications in which employers are now paying or may hereafter pay such rates of wage and other provisions. Such pay plan shall become effective only after it has been approved by the Governor. Amendments to the pay plan shall be made in the same manner. Such pay plan shall provide that each employee shall be paid at one of the rates set forth in the pay plan for the class of position in which he is employed, subject to delay in the reduction of pay of employees whose positions are reduced in rank or grade by allocation as above set forth in this Section. Such pay plan shall provide for a fair and reasonable compensation for services rendered.

This Section is inapplicable to the position of Assistant Director of Healthcare and Family Services Public Aid in the Department of Healthcare and Family Services Public Aid. The salary for this position

The eligibility conditions specified for the position of Assistant Director of Healthcare and Family Services Public Aid in the Department of Healthcare and Family Services Public Aid in Section 5-230 of the Departments of State Government Law (20 ILCS 5/5-230) shall be applied to that position in addition to other standards, tests or criteria established by the Director. No person who is a non-resident of the State of Illinois may be appointed from those eligible lists, however, unless the requirement that applicants be residents of the State of Illinois is waived by the Director of Central Management Services and unless there are less than 3 Illinois residents available for appointment from the appropriate eligible list. The results of the examinations conducted by other merit systems may not be used unless they are comparable in difficulty and comprehensiveness to examinations conducted by the Department of Central Management Services for similar positions. Special linguistic options may also be established where deemed appropriate.

(7) The fees of subpoenaed witnesses under this Act for attendance and travel shall be the same as fees of witnesses before the circuit courts of the State, such fees to be paid when the witness is excused from further attendance. Whenever a subpoena is issued the Commission may require that the cost of service and the fee of the witness shall be borne by the party at whose insistence the witness is summoned. The Commission has the power, at its discretion, to require a deposit from such party to cover the cost of service and witness fees and the payment of the legal witness fee and mileage to the witness served with the subpoena. Additionally, beginning June 1, 1996, any license issued by the Department may be suspended or revoked if the Department, after the opportunity for a hearing under the appropriate licensing Act, finds that the licensee has failed to make satisfactory repayment to the Illinois Student Assistance Commission for a delinquent or defaulted loan. For the purposes of this Section, "satisfactory repayment record" shall be defined by rule. The Department shall refuse to issue or renew a license to, or shall suspend or revoke a license of, any person who, after receiving notice, fails to comply with a subpoena or warrant relating to a paternity or child support proceeding. Notwithstanding any provisions in this Code to the contrary, the Department of Professional Regulation shall not be liable under any federal or State law to any person for any disclosure of information to the Department of Healthcare and Family Services (formerly Illinois Department of Public Aid) under this paragraph (8) or for any other action taken in good faith to comply with the requirements of this paragraph (8).

(9) To perform other duties prescribed by law.

(b) The Department may, when a fee is payable to the Department for a wall certificate of registration provided by the Department of Central Management Services, require that portion of the payment for printing and distribution costs be made directly or through the Department to the

(c) For the purpose of securing and preparing evidence, and for the purchase of controlled substances, professional services, and equipment necessary for enforcement activities, recoupment of investigative costs, and other activities directed at suppressing the misuse and abuse of controlled substances, including those activities set forth in Sections 504 and 508 of the Illinois Controlled Substances Act, the Director and agents appointed and authorized by the Director may expend sums from the Professional Regulation Evidence Fund that the Director deems necessary from the amounts appropriated for that purpose. Those sums may be advanced to the agent when the Director deems that procedure to be in the public interest. Sums for the purchase of controlled substances, professional services, and equipment necessary for enforcement activities and other activities as set forth in this Section shall be advanced to the agent who is to make the purchase from the Professional Regulation Evidence Fund on vouchers signed by the Director. The Director and those agents are authorized to maintain one or more commercial checking accounts with any State banking corporation or corporations organized under or subject to the Illinois Banking Act for the deposit and withdrawal of moneys to be used for the purposes set forth in this Section; provided, that no check may be written nor any withdrawal made from any such account except upon the written signatures of 2 persons designated by the Director to write those checks and make those withdrawals. professions, trades, and occupations licensed under the Real Estate License
Act of 2000, nor does it apply to any permits, certificates, or other
authorizations to do business provided for in the Land Sales Registration
Act of 1989 or the Illinois Real Estate Time-Share Act.

(g) Notwithstanding anything that may appear in any individual
licensing statute or administrative rule, the Department shall deny any
license application or renewal authorized under any licensing Act
administered by the Department to any person who has failed to file a
return, or to pay the tax, penalty, or interest shown in a filed return, or to
pay any final assessment of tax, penalty, or interest, as required by any tax
Act administered by the Illinois Department of Revenue, until such time as
the requirement of any such tax Act are satisfied; however, the Department
may issue a license or renewal if the person has established a satisfactory
repayment record as determined by the Illinois Department of Revenue.
For the purpose of this Section, "satisfactory repayment record" shall be
defined by rule.

In addition, a complaint filed with the Department by the Illinois
Department of Revenue that includes a certification, signed by its Director
or designee, attesting to the amount of the unpaid tax liability or the years
for which a return was not filed, or both, is prima facie evidence of the
licensee's failure to comply with the tax laws administered by the Illinois
Department of Revenue. Upon receipt of that certification, the Department
shall, without a hearing, immediately suspend all licenses held by the
licensee. Enforcement of the Department's order shall be stayed for 60
days. The Department shall provide notice of the suspension to the
licensee by mailing a copy of the Department's order by certified and
regular mail to the licensee's last known address as registered with the
Department. The notice shall advise the licensee that the suspension shall
be effective 60 days after the issuance of the Department's order unless the Department receives, from the licensee, a request for a hearing before the Department to dispute the matters contained in the order.

Any suspension imposed under this subsection (g) shall be terminated by the Department upon notification from the Illinois Department of Revenue that the licensee is in compliance with all tax laws administered by the Illinois Department of Revenue.

The Department shall promulgate rules for the administration of this subsection (g).

(h) (g) The Department may grant the title "Retired", to be used immediately adjacent to the title of a profession regulated by the Department, to eligible retirees. The use of the title "Retired" shall not constitute representation of current licensure, registration, or certification. Any person without an active license, registration, or certificate in a profession that requires licensure, registration, or certification shall not be permitted to practice that profession.

(a) To co-operate with the federal government in the administration of the provisions of the federal Rehabilitation Act of 1973, as amended, of the Workforce Investment Act of 1998, and of the federal Social Security Act to the extent and in the manner provided in these Acts.

(b) To prescribe and supervise such courses of vocational training and provide such other services as may be necessary for the habilitation and rehabilitation of persons with one or more disabilities, including the administrative activities under subsection (e) of this Section, and to co-operate with State and local school authorities and other recognized agencies engaged in habilitation, rehabilitation and comprehensive rehabilitation services; and to cooperate with the Department of Children and Family Services regarding the care and education of children with one or more disabilities.

(c) (Blank).

(d) To report in writing, to the Governor, annually on or before the first day of December, and at such other times and in such manner and upon such subjects as the Governor may require. The annual report shall contain (1) a statement of the existing condition of comprehensive rehabilitation services, habilitation and rehabilitation in the State; (2) a statement of suggestions and recommendations with reference to the development of comprehensive rehabilitation services, habilitation and rehabilitation in the State; and (3) an itemized statement of the amounts of money received from federal, State and other sources, and of the objects and purposes to which the respective items of these several amounts have been devoted.

(e) (Blank).

(f) To establish a program of services to prevent unnecessary institutionalization of persons with Alzheimer's disease and related disorders or persons in need of long term care who are established as blind or disabled as defined by the Social Security Act, thereby enabling them to
remain in their own homes or other living arrangements. Such preventive services may include, but are not limited to, any or all of the following:

(1) home health services;
(2) home nursing services;
(3) homemaker services;
(4) chore and housekeeping services;
(5) day care services;
(6) home-delivered meals;
(7) education in self-care;
(8) personal care services;
(9) adult day health services;
(10) habilitation services;
(11) respite care; or
(12) other nonmedical social services that may enable the person to become self-supporting.

The Department shall establish eligibility standards for such services taking into consideration the unique economic and social needs of the population for whom they are to be provided. Such eligibility standards may be based on the recipient's ability to pay for services; provided, however, that any portion of a person's income that is equal to or less than the "protected income" level shall not be considered by the Department in determining eligibility. The "protected income" level shall be determined by the Department, shall never be less than the federal poverty standard, and shall be adjusted each year to reflect changes in the Consumer Price Index For All Urban Consumers as determined by the United States Department of Labor. The standards must provide that a person may have not more than $10,000 in assets to be eligible for the services, and the Department may increase the asset limitation by rule. Additionally, in determining the amount and nature of services for which a person may qualify, consideration shall not be given to the value of cash, property or other assets held in the name of the person's spouse pursuant to a written agreement dividing marital property into equal but separate shares or pursuant to a transfer of the person's interest in a home to his spouse.
provided that the spouse's share of the marital property is not made available to the person seeking such services.

The services shall be provided to eligible persons to prevent unnecessary or premature institutionalization, to the extent that the cost of the services, together with the other personal maintenance expenses of the persons, are reasonably related to the standards established for care in a group facility appropriate to their condition. These non-institutional services, pilot projects or experimental facilities may be provided as part of or in addition to those authorized by federal law or those funded and administered by the Illinois Department on Aging.

Personal care attendants shall be paid:

(i) A $5 per hour minimum rate beginning July 1, 1995.
(ii) A $5.30 per hour minimum rate beginning July 1, 1997.
(iii) A $5.40 per hour minimum rate beginning July 1, 1998.

Solely for the purposes of coverage under the Illinois Public Labor Relations Act (5 ILCS 315/), personal care attendants and personal assistants providing services under the Department's Home Services Program shall be considered to be public employees and the State of Illinois shall be considered to be their employer as of the effective date of this amendatory Act of the 93rd General Assembly, but not before. The State shall engage in collective bargaining with an exclusive representative of personal care attendants and personal assistants working under the Home Services Program concerning their terms and conditions of employment that are within the State's control. Nothing in this paragraph shall be understood to limit the right of the persons receiving services defined in this Section to hire and fire personal care attendants and personal assistants or supervise them within the limitations set by the Home Services Program. The State shall not be considered to be the employer of personal care attendants and personal assistants for any purposes not specifically provided in this amendatory Act of the 93rd General Assembly, including but not limited to, purposes of vicarious liability in tort and purposes of statutory retirement or health insurance benefits. Personal care attendants and personal assistants shall not be
covered by the State Employees Group Insurance Act of 1971 (5 ILCS 375/).

The Department shall execute, relative to the nursing home prescreening project, as authorized by Section 4.03 of the Illinois Act on the Aging, written inter-agency agreements with the Department on Aging and the Department of Public Aid (now Department of Healthcare and Family Services), to effect the following: (i) intake procedures and common eligibility criteria for those persons who are receiving non-institutional services; and (ii) the establishment and development of non-institutional services in areas of the State where they are not currently available or are undeveloped. On and after July 1, 1996, all nursing home prescreenings for individuals 18 through 59 years of age shall be conducted by the Department.

The Department is authorized to establish a system of recipient cost-sharing for services provided under this Section. The cost-sharing shall be based upon the recipient's ability to pay for services, but in no case shall the recipient's share exceed the actual cost of the services provided. Protected income shall not be considered by the Department in its determination of the recipient's ability to pay a share of the cost of services. The level of cost-sharing shall be adjusted each year to reflect changes in the "protected income" level. The Department shall deduct from the recipient's share of the cost of services any money expended by the recipient for disability-related expenses.

The Department, or the Department's authorized representative, shall recover the amount of moneys expended for services provided to or in behalf of a person under this Section by a claim against the person's estate or against the estate of the person's surviving spouse, but no recovery may be had until after the death of the surviving spouse, if any, and then only at such time when there is no surviving child who is under age 21, blind, or permanently and totally disabled. This paragraph, however, shall not bar recovery, at the death of the person, of moneys for services provided to the person or in behalf of the person under this Section to which the person was not entitled; provided that such recovery shall not be enforced against any real estate while it is occupied as a
homestead by the surviving spouse or other dependent, if no claims by other creditors have been filed against the estate, or, if such claims have been filed, they remain dormant for failure of prosecution or failure of the claimant to compel administration of the estate for the purpose of payment. This paragraph shall not bar recovery from the estate of a spouse, under Sections 1915 and 1924 of the Social Security Act and Section 5-4 of the Illinois Public Aid Code, who precedes a person receiving services under this Section in death. All moneys for services paid to or in behalf of the person under this Section shall be claimed for recovery from the deceased spouse's estate. "Homestead", as used in this paragraph, means the dwelling house and contiguous real estate occupied by a surviving spouse or relative, as defined by the rules and regulations of the Illinois Department of Healthcare and Family Services Public Aid, regardless of the value of the property.

The Department and the Department on Aging shall cooperate in the development and submission of an annual report on programs and services provided under this Section. Such joint report shall be filed with the Governor and the General Assembly on or before March 30 each year.

The requirement for reporting to the General Assembly shall be satisfied by filing copies of the report with the Speaker, the Minority Leader and the Clerk of the House of Representatives and the President, the Minority Leader and the Secretary of the Senate and the Legislative Research Unit, as required by Section 3.1 of the General Assembly Organization Act, and filing additional copies with the State Government Report Distribution Center for the General Assembly as required under paragraph (t) of Section 7 of the State Library Act.

(g) To establish such subdivisions of the Department as shall be desirable and assign to the various subdivisions the responsibilities and duties placed upon the Department by law.

(h) To cooperate and enter into any necessary agreements with the Department of Employment Security for the provision of job placement and job referral services to clients of the Department, including job service registration of such clients with Illinois Employment Security offices and

making job listings maintained by the Department of Employment Security available to such clients.

(i) To possess all powers reasonable and necessary for the exercise and administration of the powers, duties and responsibilities of the Department which are provided for by law.

(j) To establish a procedure whereby new providers of personal care attendant services shall submit vouchers to the State for payment two times during their first month of employment and one time per month thereafter. In no case shall the Department pay personal care attendants an hourly wage that is less than the federal minimum wage.

(k) To provide adequate notice to providers of chore and housekeeping services informing them that they are entitled to an interest payment on bills which are not promptly paid pursuant to Section 3 of the State Prompt Payment Act.

(l) To establish, operate and maintain a Statewide Housing Clearinghouse of information on available, government subsidized housing accessible to disabled persons and available privately owned housing accessible to disabled persons. The information shall include but not be limited to the location, rental requirements, access features and proximity to public transportation of available housing. The Clearinghouse shall consist of at least a computerized database for the storage and retrieval of information and a separate or shared toll free telephone number for use by those seeking information from the Clearinghouse. Department offices and personnel throughout the State shall also assist in the operation of the Statewide Housing Clearinghouse. Cooperation with local, State and federal housing managers shall be sought and extended in order to frequently and promptly update the Clearinghouse's information.

(m) To assure that the names and case records of persons who received or are receiving services from the Department, including persons receiving vocational rehabilitation, home services, or other services, and those attending one of the Department's schools or other supervised facility shall be confidential and not be open to the general public. Those case records and reports or the information contained in those records and reports shall be disclosed by the Director only to proper law enforcement
officials, individuals authorized by a court, the General Assembly or any committee or commission of the General Assembly, and other persons and for reasons as the Director designates by rule. Disclosure by the Director may be only in accordance with other applicable law.

(20 ILCS 3440/2) (from Ch. 127, par. 2662)

New matter indicated by italics - deletions by strikeout
Sec. 2. Legislative finding and intentions. The General Assembly finds that existing laws do not provide equal or adequate protection for all human graves. There is a real and growing threat to the safety and sanctity of unregistered and unmarked graves. Numerous incidents in Illinois have resulted in the desecration of human remains and vandalism to grave markers. Similar incidents have occurred in neighboring states and as a result those states have increased their criminal penalties for such conduct. There is a strong likelihood that persons engaged for personal or financial gain in the mining of prehistoric and historic Indian, pioneer, and Civil War veteran's graves will move their operations to Illinois to avoid the increased penalties being imposed in neighboring states. There is an immediate need for legislation to protect the graves of these earlier Illinoisans from such desecration. The General Assembly intends to assure with this Act that all human burials be accorded equal treatment and respect for human dignity without reference to ethnic origins, cultural backgrounds or religious affiliations.

The General Assembly also finds that those persons engaged in the scientific study or collecting of artifacts which have not been acquired in violation of law are engaged in legitimate and worthy scientific, educational and recreational activities. This Act is not intended to interfere with the continued legitimate collecting activities or studies of such persons; nor is it intended to interfere with the normal enjoyment of private property owners, farmers, or those engaged in the development, mining or improvement of real property.

Sec. 203. Base income defined.

(a) Individuals.

(1) In general. In the case of an individual, base income means an amount equal to the taxpayer's adjusted gross income for the taxable year as modified by paragraph (2).

(2) Modifications. The adjusted gross income referred to in paragraph (1) shall be modified by adding thereto the sum of the following amounts:

   (A) An amount equal to all amounts paid or accrued to the taxpayer as interest or dividends during the taxable year to the extent excluded from gross income in the computation of adjusted gross income, except stock dividends of qualified public utilities described in Section 305(e) of the Internal Revenue Code;

   (B) An amount equal to the amount of tax imposed by this Act to the extent deducted from gross income in the computation of adjusted gross income for the taxable year;

   (C) An amount equal to the amount received during the taxable year as a recovery or refund of real property taxes paid with respect to the taxpayer's principal residence under the Revenue Act of 1939 and for which a deduction was previously taken under subparagraph (L) of this paragraph (2) prior to July 1, 1991, the retrospective application date of Article 4 of Public Act 87-17. In the case of multi-unit or multi-use structures and farm dwellings, the taxes on the taxpayer's principal residence shall be that portion of the total taxes for the entire property which is attributable to such principal residence;

   (D) An amount equal to the amount of the capital gain deduction allowable under the Internal Revenue Code, to the extent deducted from gross income in the computation of adjusted gross income;

   (D-5) An amount, to the extent not included in adjusted gross income, equal to the amount of money
withdrawn by the taxpayer in the taxable year from a medical care savings account and the interest earned on the account in the taxable year of a withdrawal pursuant to subsection (b) of Section 20 of the Medical Care Savings Account Act or subsection (b) of Section 20 of the Medical Care Savings Account Act of 2000;

(D-10) For taxable years ending after December 31, 1997, an amount equal to any eligible remediation costs that the individual deducted in computing adjusted gross income and for which the individual claims a credit under subsection (l) of Section 201;

(D-15) For taxable years 2001 and thereafter, an amount equal to the bonus depreciation deduction taken on the taxpayer's federal income tax return for the taxable year under subsection (k) of Section 168 of the Internal Revenue Code;

(D-16) If the taxpayer sells, transfers, abandons, or otherwise disposes of property for which the taxpayer was required in any taxable year to make an addition modification under subparagraph (D-15), then an amount equal to the aggregate amount of the deductions taken in all taxable years under subparagraph (Z) with respect to that property.

If the taxpayer continues to own property through the last day of the last tax year for which the taxpayer may claim a depreciation deduction for federal income tax purposes and for which the taxpayer was allowed in any taxable year to make a subtraction modification under subparagraph (Z), then an amount equal to that subtraction modification.

(D-17) For taxable years ending on or after December 31, 2004, an amount equal to the amount otherwise allowed as a deduction in computing base income for interest paid, accrued, or incurred, directly or indirectly, to a foreign person who would be a member of the same unitary business group but for the fact that foreign person's business activity outside the United States is 80% or more of the foreign person's total business activity. The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income under Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the interest was paid, accrued, or incurred.

This paragraph shall not apply to the following:

(i) an item of interest paid, accrued, or incurred, directly or indirectly, to a foreign person who is subject in a foreign country or state, other than a state which requires mandatory unitary reporting, to a tax on or measured by net income with respect to such interest; or

(ii) an item of interest paid, accrued, or incurred, directly or indirectly, to a foreign person if the taxpayer can establish, based on a preponderance of the evidence, both of the following:

(a) the foreign person, during the same taxable year, paid, accrued, or incurred, the interest to a person that is not a related member, and

(b) the transaction giving rise to the interest expense between the taxpayer and the foreign person did not have as a principal purpose the avoidance of Illinois income tax, and is paid pursuant to a contract or agreement that reflects an arm's-length interest rate and terms; or

(iii) the taxpayer can establish, based on clear and convincing evidence, that the interest paid, accrued, or incurred relates to a contract or agreement entered into at arm's-length rates and terms and the principal purpose for the payment is not federal or Illinois tax avoidance; or

(iv) an item of interest paid, accrued, or incurred, directly or indirectly, to a foreign person if the taxpayer establishes by clear and convincing evidence that the adjustments are unreasonable; or if the taxpayer and the Director agree in writing to the application or use of an alternative method of apportionment under Section 304(f).

Nothing in this subsection shall preclude the Director from making any other adjustment otherwise allowed under Section 404 of this Act for any tax year beginning after the effective date of this amendment provided such adjustment is made pursuant to regulation adopted by the Department and such regulations provide methods and standards by which the Department will utilize its authority under Section 404 of this Act;

(D-18) For taxable years ending on or after December 31, 2004, an amount equal to the amount of intangible expenses and costs otherwise allowed as a deduction in computing base income, and that were paid, accrued, or incurred, directly or indirectly, to a foreign
person who would be a member of the same unitary business group but for the fact that the foreign person's business activity outside the United States is 80% or more of that person's total business activity. The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income under Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the intangible expenses and costs were directly or indirectly paid, incurred, or accrued. The preceding sentence does not apply to the extent that the same dividends caused a reduction to the addition modification required under Section 203(a)(2)(D-17) of this Act. As used in this subparagraph, the term "intangible expenses and costs" includes (1) expenses, losses, and costs for, or related to, the direct or indirect acquisition, use, maintenance or management, ownership, sale, exchange, or any other disposition of intangible property; (2) losses incurred, directly or indirectly, from factoring transactions or discounting transactions; (3) royalty, patent, technical, and copyright fees; (4) licensing fees; and (5) other similar expenses and costs. For purposes of this subparagraph, "intangible property" includes patents, patent applications, trade names, trademarks, service marks, copyrights, mask works, trade secrets, and similar types of intangible assets.

This paragraph shall not apply to the following:

(i) any item of intangible expenses or costs paid, accrued, or incurred, directly or indirectly, from a transaction with a foreign person who is

(a) the foreign person during the same taxable year paid, accrued, or incurred, the intangible expense or cost to a person that is not a related member, and

(b) the transaction giving rise to the intangible expense or cost between the taxpayer and the foreign person did not have as a principal purpose the avoidance of Illinois income tax, and is paid pursuant to a contract or agreement that reflects arm's-length terms; or

(iii) any item of intangible expense or cost paid, accrued, or incurred, directly or indirectly, from a transaction with a foreign person if the taxpayer establishes by clear and convincing evidence, that the adjustments are unreasonable; or if the taxpayer and the Director agree in writing to the application or use of an alternative method of apportionment under Section 304(f);

(i) the addition modification relating to the net operating loss carried back or forward to the taxable year from any taxable year ending prior to December 31, 1986 shall be reduced by the amount of addition modification under this subparagraph (E) which related to that net operating loss and which was taken into account in calculating the base income of an earlier taxable year, and

(2) Special rule. For purposes of paragraph (1) of this subsection, the taxable income properly reportable for federal income tax purposes shall mean:

(A) Certain life insurance companies. (E) Consolidated corporations. In the case of a corporation which is a member of an affiliated group of corporations filing a consolidated income tax return for the taxable year for federal income tax purposes, taxable income determined as if such corporation had filed a separate return for federal income tax purposes for the taxable year and each preceding taxable year for which it was a member of an affiliated group. For purposes of this subparagraph, the taxpayer's separate taxable income shall be determined as if the election provided by Section 243(b)(2) of the Internal Revenue Code had been in effect for all such years;

(F) Cooperatives. In the case of a cooperative corporation or association, the taxable income of such organization determined in accordance with the provisions of Section 1381 through 1388 of the Internal Revenue Code;

(G) Subchapter S corporations. In the case of: (i) a Subchapter S corporation for which there is in effect an election for the taxable year under Section 1362 of the Internal Revenue Code, the taxable income of such corporation determined in accordance with Section 1363(b) of the Internal Revenue Code, except that taxable income shall take into account those items which are required by Section 1363(b)(1) of the Internal Revenue Code to be separately stated; and (ii) a Subchapter S corporation for which there is in effect a federal election to opt out of the provisions of the Subchapter S Revision Act of 1982 and have applied instead the prior federal Subchapter S rules as in effect on July 1, 1982, the taxable income of such corporation determined in accordance with the federal Subchapter S rules as in effect on July 1, 1982; and

(H) Partnerships. In the case of a partnership, taxable income determined in accordance with Section 703
of the Internal Revenue Code, except that taxable income shall take into account those items which are required by Section 703(a)(1) to be separately stated but which would be taken into account by an individual in calculating his taxable income.

(3) Recapture of business expenses on disposition of asset or business. Notwithstanding any other law to the contrary, if in prior years income from an asset or business has been classified as business income and in a later year is demonstrated to be non-business income, then all expenses, without limitation, deducted in such later year and in the 2 immediately preceding taxable years related to that asset or business that generated the non-business income shall be added back and recaptured as business income in the year of the disposition of the asset or business. Such amount shall be apportioned to Illinois using the greater of the apportionment fraction computed for the business under Section 304 of this Act for the taxable year or the average of the apportionment fractions computed for the business under Section 304 of this Act for the taxable year and for the 2 immediately preceding taxable years.

(f) Valuation limitation amount.

(1) In general. The valuation limitation amount referred to in subsections (a) (2) (G), (c) (2) (I) and (d)(2) (E) is an amount equal to:

(A) The sum of the pre-August 1, 1969 appreciation amounts (to the extent consisting of gain reportable under the provisions of Section 1245 or 1250 of the Internal Revenue Code) for all property in respect of which such gain was reported for the taxable year; plus

(B) The lesser of (i) the sum of the pre-August 1, 1969 appreciation amounts (to the extent consisting of capital gain) for all property in respect of which such gain was reported for federal income tax purposes for the taxable year, or (ii) the net capital gain for the taxable year,
reduced in either case by any amount of such gain included in the amount determined under subsection (a) (2) (F) or (e) (2) (H).

(2) Pre-August 1, 1969 appreciation amount.

(A) If the fair market value of property referred to in paragraph (1) was readily ascertainable on August 1, 1969, the pre-August 1, 1969 appreciation amount for such property is the lesser of (i) the excess of such fair market value over the taxpayer's basis (for determining gain) for such property on that date (determined under the Internal Revenue Code as in effect on that date), or (ii) the total gain realized and reportable for federal income tax purposes in respect of the sale, exchange or other disposition of such property.

(B) If the fair market value of property referred to in paragraph (1) was not readily ascertainable on August 1, 1969, the pre-August 1, 1969 appreciation amount for such property is that amount which bears the same ratio to the total gain reported in respect of the property for federal income tax purposes for the taxable year, as the number of full calendar months in that part of the taxpayer's holding period for the property ending July 31, 1969 bears to the number of full calendar months in the taxpayer's entire holding period for the property.

(C) The Department shall prescribe such regulations as may be necessary to carry out the purposes of this paragraph.

(g) Double deductions. Unless specifically provided otherwise, nothing in this Section shall permit the same item to be deducted more than once.

Section 400. The Retailers' Occupation Tax Act is amended by changing Section 3 as follows:

(35 ILCS 120/3) (from Ch. 120, par. 442)

Sec. 3. Except as provided in this Section, on or before the twentieth day of each calendar month, every person engaged in the business of selling tangible personal property at retail in this State during the preceding calendar month shall file a return with the Department, stating:

1. The name of the seller;
2. His residence address and the address of his principal place of business and the address of the principal place of business (if that is a different address) from which he engages in the business of selling tangible personal property at retail in this State;
3. Total amount of receipts received by him during the preceding calendar month or quarter, as the case may be, from sales of tangible personal property, and from services furnished, by him during such preceding calendar month or quarter;

personal property, and from services furnished, by him prior to the month or quarter for which the return is filed;

5. Deductions allowed by law;

6. Gross receipts which were received by him during the preceding calendar month or quarter and upon the basis of which the tax is imposed;

7. The amount of credit provided in Section 2d of this Act;

8. The amount of tax due;

9. The signature of the taxpayer; and

10. Such other reasonable information as the Department may require.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Each return shall be accompanied by the statement of prepaid tax issued pursuant to Section 2e for which credit is claimed.

Prior to October 1, 2003, and on and after September 1, 2004 a retailer may accept a Manufacturer's Purchase Credit certification from a purchaser in satisfaction of Use Tax as provided in Section 3-85 of the Use Tax Act if the purchaser provides the appropriate documentation as required by Section 3-85 of the Use Tax Act. A Manufacturer's Purchase Credit certification, accepted by a retailer prior to October 1, 2003 and on and after September 1, 2004 as provided in Section 3-85 of the Use Tax Act, may be used by that retailer to satisfy Retailers' Occupation Tax liability in the amount claimed in the certification, not to exceed 6.25% of the receipts subject to tax from a qualifying purchase. A Manufacturer's Purchase Credit reported on any original or amended return filed under this Act after October 20, 2003 for reporting periods prior to September 1, 2004 shall be disallowed. Manufacturer's Purchaser Credit reported on annual returns due on or after January 1, 2005 will be disallowed for periods prior to September 1, 2004. No Manufacturer's Purchase Credit may be used after September 30, 2003 through August 31, 2004 to satisfy any tax liability imposed under this Act, including any audit liability.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;
2. The address of the principal place of business from which he engages in the business of selling tangible personal property at retail in this State;
3. The total amount of taxable receipts received by him during the preceding calendar month from sales of tangible personal property by him during such preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;
4. The amount of credit provided in Section 2d of this Act;
5. The amount of tax due; and
6. Such other reasonable information as the Department may require.

Beginning on October 1, 2003, any person who is not a licensed distributor, importing distributor, or manufacturer, as defined in the Liquor Control Act of 1934, but is engaged in the business of selling, at retail, alcoholic liquor shall file a statement with the Department of Revenue, in a format and at a time prescribed by the Department, showing the total amount paid for alcoholic liquor purchased during the preceding month and such other information as is reasonably required by the Department. The Department may adopt rules to require that this statement be filed in an electronic or telephonic format. Such rules may provide for exceptions from the filing requirements of this paragraph. For the purposes of this paragraph, the term "alcoholic liquor" shall have the meaning prescribed in the Liquor Control Act of 1934.

Beginning on October 1, 2003, every distributor, importing distributor, and manufacturer of alcoholic liquor as defined in the Liquor Control Act of 1934, shall file a statement with the Department of
Revenue, no later than the 10th day of the month for the preceding month during which transactions occurred, by electronic means, showing the total amount of gross receipts from the sale of alcoholic liquor sold or distributed during the preceding month to purchasers; identifying the purchaser to whom it was sold or distributed; the purchaser's tax registration number; and such other information reasonably required by the Department. A distributor, importing distributor, or manufacturer of alcoholic liquor must personally deliver, mail, or provide by electronic means to each retailer listed on the monthly statement a report containing a cumulative total of that distributor's, importing distributor's, or manufacturer's total sales of alcoholic liquor to that retailer no later than the 10th day of the month for the preceding month during which the transaction occurred. The distributor, importing distributor, or manufacturer shall notify the retailer as to the method by which the distributor, importing distributor, or manufacturer will provide the sales information. If the retailer is unable to receive the sales information by electronic means, the distributor, importing distributor, or manufacturer shall furnish the sales information by personal delivery or by mail. For purposes of this paragraph, the term "electronic means" includes, but is not limited to, the use of a secure Internet website, e-mail, or facsimile.

If a total amount of less than $1 is payable, refundable or creditable, such amount shall be disregarded if it is less than 50 cents and shall be increased to $1 if it is 50 cents or more.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of $150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of $100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of $50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of $200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability"
shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

Any amount which is required to be shown or reported on any return or other document under this Act shall, if such amount is not a whole-dollar amount, be increased to the nearest whole-dollar amount in any case where the fractional part of a dollar is 50 cents or more, and decreased to the nearest whole-dollar amount where the fractional part of a dollar is less than 50 cents.

If the retailer is otherwise required to file a monthly return and if the retailer's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a
quarter annual basis, with the return for January, February and March of a 
given year being due by April 20 of such year; with the return for April, 
May and June of a given year being due by July 20 of such year; with the 
return for July, August and September of a given year being due by 
October 20 of such year, and with the return for October, November and 
December of a given year being due by January 20 of the following year. 
If the retailer is otherwise required to file a monthly or quarterly 
return and if the retailer's average monthly tax liability with the 
Department does not exceed $50, the Department may authorize his 
returns to be filed on an annual basis, with the return for a given year being 
due by January 20 of the following year. 
Such quarter annual and annual returns, as to form and substance, 
shall be subject to the same requirements as monthly returns. 
Notwithstanding any other provision in this Act concerning the 
time within which a retailer may file his return, in the case of any retailer 
who ceases to engage in a kind of business which makes him responsible 
for filing returns under this Act, such retailer shall file a final return under 
this Act with the Department not more than one month after discontinuing 
such business. 
Where the same person has more than one business registered with 
the Department under separate registrations under this Act, such person 
may not file each return that is due as a single return covering all such 
registered businesses, but shall file separate returns for each such 
registered business. 
In addition, with respect to motor vehicles, watercraft, aircraft, and 
trailers that are required to be registered with an agency of this State, every 
retailer selling this kind of tangible personal property shall file, with the 
Department, upon a form to be prescribed and supplied by the Department, 
a separate return for each such item of tangible personal property which 
the retailer sells, except that if, in the same transaction, (i) a retailer of 
aircraft, watercraft, motor vehicles or trailers transfers more than one 
aircraft, watercraft, motor vehicle or trailer to another aircraft, watercraft, 
motor vehicle retailer or trailer retailer for the purpose of resale or (ii) a 
retailer of aircraft, watercraft, motor vehicles, or trailers transfers more

than one aircraft, watercraft, motor vehicle, or trailer to a purchaser for use
as a qualifying rolling stock as provided in Section 2-5 of this Act, then
that seller may report the transfer of all aircraft, watercraft, motor vehicles
or trailers involved in that transaction to the Department on the same
uniform invoice-transaction reporting return form. For purposes of this
Section, "watercraft" means a Class 2, Class 3, or Class 4 watercraft as
defined in Section 3-2 of the Boat Registration and Safety Act, a personal
watercraft, or any boat equipped with an inboard motor.

Any retailer who sells only motor vehicles, watercraft, aircraft, or
trailers that are required to be registered with an agency of this State, so
that all retailers' occupation tax liability is required to be reported, and is
reported, on such transaction reporting returns and who is not otherwise
required to file monthly or quarterly returns, need not file monthly or
quarterly returns. However, those retailers shall be required to file returns
on an annual basis.

The transaction reporting return, in the case of motor vehicles or
trailers that are required to be registered with an agency of this State, shall
be the same document as the Uniform Invoice referred to in Section 5-402
of The Illinois Vehicle Code and must show the name and address of the
seller; the name and address of the purchaser; the amount of the selling
price including the amount allowed by the retailer for traded-in property, if
any; the amount allowed by the retailer for the traded-in tangible personal
property, if any, to the extent to which Section 1 of this Act allows an
exemption for the value of traded-in property; the balance payable after
deducting such trade-in allowance from the total selling price; the amount
of tax due from the retailer with respect to such transaction; the amount of
tax collected from the purchaser by the retailer on such transaction (or
satisfactory evidence that such tax is not due in that particular instance, if
that is claimed to be the fact); the place and date of the sale; a sufficient
identification of the property sold; such other information as is required in
Section 5-402 of The Illinois Vehicle Code, and such other information as
the Department may reasonably require.

The transaction reporting return in the case of watercraft or aircraft
must show the name and address of the seller; the name and address of the

purchaser; the amount of the selling price including the amount allowed by
the retailer for traded-in property, if any; the amount allowed by the
retailer for the traded-in tangible personal property, if any, to the extent to
which Section 1 of this Act allows an exemption for the value of traded-in
property; the balance payable after deducting such trade-in allowance from
the total selling price; the amount of tax due from the retailer with respect
to such transaction; the amount of tax collected from the purchaser by the
retailer on such transaction (or satisfactory evidence that such tax is not
due in that particular instance, if that is claimed to be the fact); the place
and date of the sale, a sufficient identification of the property sold, and
such other information as the Department may reasonably require.

Such transaction reporting return shall be filed not later than 20
days after the day of delivery of the item that is being sold, but may be
filed by the retailer at any time sooner than that if he chooses to do so. The
transaction reporting return and tax remittance or proof of exemption from
the Illinois use tax may be transmitted to the Department by way of the
State agency with which, or State officer with whom the tangible personal
property must be titled or registered (if titling or registration is required) if
the Department and such agency or State officer determine that this
procedure will expedite the processing of applications for title or
registration.

With each such transaction reporting return, the retailer shall remit
the proper amount of tax due (or shall submit satisfactory evidence that the
sale is not taxable if that is the case), to the Department or its agents,
whereupon the Department shall issue, in the purchaser's name, a use tax
receipt (or a certificate of exemption if the Department is satisfied that the
particular sale is tax exempt) which such purchaser may submit to the
agency with which, or State officer with whom, he must title or register the
tangible personal property that is involved (if titling or registration is
required) in support of such purchaser's application for an Illinois
certificate or other evidence of title or registration to such tangible
personal property.

No retailer's failure or refusal to remit tax under this Act precludes
a user, who has paid the proper tax to the retailer, from obtaining his

certificate of title or other evidence of title or registration (if titling or registration is required) upon satisfying the Department that such user has paid the proper tax (if tax is due) to the retailer. The Department shall adopt appropriate rules to carry out the mandate of this paragraph.

If the user who would otherwise pay tax to the retailer wants the transaction reporting return filed and the payment of the tax or proof of exemption made to the Department before the retailer is willing to take these actions and such user has not paid the tax to the retailer, such user may certify to the fact of such delay by the retailer and may (upon the Department being satisfied of the truth of such certification) transmit the information required by the transaction reporting return and the remittance for tax or proof of exemption directly to the Department and obtain his tax receipt or exemption determination, in which event the transaction reporting return and tax remittance (if a tax payment was required) shall be credited by the Department to the proper retailer's account with the Department, but without the 2.1% or 1.75% discount provided for in this Section being allowed. When the user pays the tax directly to the Department, he shall pay the tax in the same amount and in the same form in which it would be remitted if the tax had been remitted to the Department by the retailer.

Refunds made by the seller during the preceding return period to purchasers, on account of tangible personal property returned to the seller, shall be allowed as a deduction under subdivision 5 of his monthly or quarterly return, as the case may be, in case the seller had theretofore included the receipts from the sale of such tangible personal property in a return filed by him and had paid the tax imposed by this Act with respect to such receipts.

Where the seller is a corporation, the return filed on behalf of such corporation shall be signed by the president, vice-president, secretary or treasurer or by the properly accredited agent of such corporation.

Where the seller is a limited liability company, the return filed on behalf of the limited liability company shall be signed by a manager, member, or properly accredited agent of the limited liability company.

Except as provided in this Section, the retailer filing the return under this Section shall, at the time of filing such return, pay to the Department the amount of tax imposed by this Act less a discount of 2.1% prior to January 1, 1990 and 1.75% on and after January 1, 1990, or $5 per calendar year, whichever is greater, which is allowed to reimburse the retailer for the expenses incurred in keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. Any prepayment made pursuant to Section 2d of this Act shall be included in the amount on which such 2.1% or 1.75% discount is computed. In the case of retailers who report and pay the tax on a transaction by transaction basis, as provided in this Section, such discount shall be taken with each such tax remittance instead of when such retailer files his periodic return.

Before October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act, excluding any liability for prepaid sales tax to be remitted in accordance with Section 2d of this Act, was $10,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. On and after October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act, excluding any liability for prepaid sales tax to be remitted in accordance with Section 2d of this Act, was $20,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payment to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to January 1, 1985, each payment shall be in an amount equal to 1/4 of the taxpayer's actual liability for the month or an amount set by the Department not to exceed 1/4 of the average monthly liability of the

taxpayer to the Department for the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability in such 4 quarter period). If the month during which such tax liability is incurred begins on or after January 1, 1985 and prior to January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1987 and prior to January 1, 1988, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1988, and prior to January 1, 1989, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1989, and prior to January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year or 100% of the taxpayer's actual liability for the quarter monthly reporting period. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month. Before October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department by taxpayers having an average monthly tax liability of $10,000 or more as determined in the manner provided above shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $9,000, or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $10,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate

New matter indicated by italics - deletions by strikeout
that his average monthly tax liability for the reasonably foreseeable future will fall below the $10,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. On and after October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department by taxpayers having an average monthly tax liability of $20,000 or more as determined in the manner provided above shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than $19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than $20,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the $20,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. The Department shall change such taxpayer's reporting status unless it finds that such change is seasonal in nature and not likely to be long term. If any such quarter monthly payment is not paid at the time or in the amount required by this Section, then the taxpayer shall be liable for penalties and interest on the difference between the minimum amount due as a payment and the amount of such quarter monthly payment actually and timely paid, except insofar as the taxpayer has previously made payments for that month to the Department in excess of the minimum payments previously due as provided in this Section. The Department shall make reasonable rules and regulations to govern the quarter monthly payment amount and quarter monthly payment dates for taxpayers who file on other than a calendar monthly basis.

The provisions of this paragraph apply before October 1, 2001. Without regard to whether a taxpayer is required to make quarter monthly payments as specified above, any taxpayer who is required by Section 2d of this Act to collect and remit prepaid taxes and has collected prepaid taxes which average in excess of $25,000 per month during the preceding

2 complete calendar quarters, shall file a return with the Department as required by Section 2f and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to the effective date of this amendatory Act of 1985, each payment shall be in an amount not less than 22.5% of the taxpayer's actual liability under Section 2d. If the month during which such tax liability is incurred begins on or after January 1, 1986, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding calendar year. If the month during which such tax liability is incurred begins on or after January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month filed under this Section or Section 2f, as the case may be. Once applicable, the requirement of the making of quarter monthly payments to the Department pursuant to this paragraph shall continue until such taxpayer's average monthly prepaid tax collections during the preceding 2 complete calendar quarters is $25,000 or less. If any such quarter monthly payment is not paid at the time or in the amount required, the taxpayer shall be liable for penalties and interest on such difference, except insofar as the taxpayer has previously made payments for that month in excess of the minimum payments previously due.

The provisions of this paragraph apply on and after October 1, 2001. Without regard to whether a taxpayer is required to make quarter monthly payments as specified above, any taxpayer who is required by Section 2d of this Act to collect and remit prepaid taxes and has collected prepaid taxes that average in excess of $20,000 per month during the preceding 4 complete calendar quarters shall file a return with the Department as required by Section 2f and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which the liability is incurred. Each payment shall be in an amount

New matter indicated by italics - deletions by strikeout
equal to 22.5% of the taxpayer's actual liability for the month or 25% of
the taxpayer's liability for the same calendar month of the preceding year.
The amount of the quarter monthly payments shall be credited against the
final tax liability of the taxpayer's return for that month filed under this
Section or Section 2f, as the case may be. Once applicable, the
requirement of the making of quarter monthly payments to the Department
pursuant to this paragraph shall continue until the taxpayer's average
monthly prepaid tax collections during the preceding 4 complete calendar
quarters (excluding the month of highest liability and the month of lowest
liability) is less than $19,000 or until such taxpayer's average monthly
liability to the Department as computed for each calendar quarter of the 4
preceding complete calendar quarters is less than $20,000. If any such
quarter monthly payment is not paid at the time or in the amount required,
the taxpayer shall be liable for penalties and interest on such difference,
except insofar as the taxpayer has previously made payments for that
month in excess of the minimum payments previously due.

If any payment provided for in this Section exceeds the taxpayer's
liabilities under this Act, the Use Tax Act, the Service Occupation Tax Act
and the Service Use Tax Act, as shown on an original monthly return, the
Department shall, if requested by the taxpayer, issue to the taxpayer a
credit memorandum no later than 30 days after the date of payment. The
credit evidenced by such credit memorandum may be assigned by the
taxpayer to a similar taxpayer under this Act, the Use Tax Act, the Service
Occupation Tax Act or the Service Use Tax Act, in accordance with
reasonable rules and regulations to be prescribed by the Department. If no
such request is made, the taxpayer may credit such excess payment against
tax liability subsequently to be remitted to the Department under this Act,
the Use Tax Act, the Service Occupation Tax Act or the Service Use Tax
Act, in accordance with reasonable rules and regulations prescribed by the
Department. If the Department subsequently determined that all or any part
of the credit taken was not actually due to the taxpayer, the taxpayer's
2.1% and 1.75% vendor's discount shall be reduced by 2.1% or 1.75% of
the difference between the credit taken and that actually due, and that
taxpayer shall be liable for penalties and interest on such difference.

If a retailer of motor fuel is entitled to a credit under Section 2d of this Act which exceeds the taxpayer's liability to the Department under this Act for the month which the taxpayer is filing a return, the Department shall issue the taxpayer a credit memorandum for the excess.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund, a special fund in the State treasury which is hereby created, the net revenue realized for the preceding month from the 1% tax on sales of food for human consumption which is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food which has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes and needles used by diabetics.

Beginning January 1, 1990, each month the Department shall pay into the County and Mass Transit District Fund, a special fund in the State treasury which is hereby created, 4% of the net revenue realized for the preceding month from the 6.25% general rate.

Beginning August 1, 2000, each month the Department shall pay into the County and Mass Transit District Fund 20% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund 16% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Beginning August 1, 2000, each month the Department shall pay into the Local Government Tax Fund 80% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol.

Of the remainder of the moneys received by the Department pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989, 3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as

continuing for a 25-year period, the Department shall each month pay into the Energy Infrastructure Fund 80% of the net revenue realized from the 6.25% general rate on the selling price of Illinois-mined coal that was sold to an eligible business. For purposes of this paragraph, the term "eligible business" means a new electric generating facility certified pursuant to Section 605-332 of the Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois.

Of the remainder of the moneys received by the Department pursuant to this Act, 75% thereof shall be paid into the State Treasury and 25% shall be reserved in a special account and used only for the transfer to the Common School Fund as part of the monthly transfer from the General Revenue Fund in accordance with Section 8a of the State Finance Act.

The Department may, upon separate written notice to a taxpayer, require the taxpayer to prepare and file with the Department on a form prescribed by the Department within not less than 60 days after receipt of the notice an annual information return for the tax year specified in the notice. Such annual return to the Department shall include a statement of gross receipts as shown by the retailer's last Federal income tax return. If the total receipts of the business as reported in the Federal income tax return do not agree with the gross receipts reported to the Department of Revenue for the same period, the retailer shall attach to his annual return a schedule showing a reconciliation of the 2 amounts and the reasons for the difference. The retailer's annual return to the Department shall also disclose the cost of goods sold by the retailer during the year covered by such return, opening and closing inventories of such goods for such year, costs of goods used from stock or taken from stock and given away by the retailer during such year, payroll information of the retailer's business during such year and any additional reasonable information which the Department deems would be helpful in determining the accuracy of the monthly, quarterly or annual returns filed by such retailer as provided for in this Section.

If the annual information return required by this Section is not filed when and as required, the taxpayer shall be liable as follows:

New matter indicated by italics - deletions by strikeout
(i) Until January 1, 1994, the taxpayer shall be liable for a penalty equal to 1/6 of 1% of the tax due from such taxpayer under this Act during the period to be covered by the annual return for each month or fraction of a month until such return is filed as required, the penalty to be assessed and collected in the same manner as any other penalty provided for in this Act.

(ii) On and after January 1, 1994, the taxpayer shall be liable for a penalty as described in Section 3-4 of the Uniform Penalty and Interest Act.

The chief executive officer, proprietor, owner or highest ranking manager shall sign the annual return to certify the accuracy of the information contained therein. Any person who willfully signs the annual return containing false or inaccurate information shall be guilty of perjury and punished accordingly. The annual return form prescribed by the Department shall include a warning that the person signing the return may be liable for perjury.

The provisions of this Section concerning the filing of an annual information return do not apply to a retailer who is not required to file an income tax return with the United States Government.

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Motor Fuel Tax Fund an amount equal to 1.7% of 80% of the net revenue realized under this Act for the second preceding month. Beginning April 1, 2000, this transfer is no longer required and shall not be made.

Net revenue realized for a month shall be the revenue collected by the State pursuant to this Act, less the amount paid out during that month as refunds to taxpayers for overpayment of liability.

For greater simplicity of administration, manufacturers, importers and wholesalers whose products are sold at retail in Illinois by numerous retailers, and who wish to do so, may assume the responsibility for accounting and paying to the Department all tax accruing under this Act.
with respect to such sales, if the retailers who are affected do not make written objection to the Department to this arrangement.

Any person who promotes, organizes, provides retail selling space for concessionaires or other types of sellers at the Illinois State Fair, DuQuoin State Fair, county fairs, local fairs, art shows, flea markets and similar exhibitions or events, including any transient merchant as defined by Section 2 of the Transient Merchant Act of 1987, is required to file a report with the Department providing the name of the merchant's business, the name of the person or persons engaged in merchant's business, the permanent address and Illinois Retailers Occupation Tax Registration Number of the merchant, the dates and location of the event and other reasonable information that the Department may require. The report must be filed not later than the 20th day of the month next following the month during which the event with retail sales was held. Any person who fails to file a report required by this Section commits a business offense and is subject to a fine not to exceed $250.

Any person engaged in the business of selling tangible personal property at retail as a concessionaire or other type of seller at the Illinois State Fair, county fairs, art shows, flea markets and similar exhibitions or events, or any transient merchants, as defined by Section 2 of the Transient Merchant Act of 1987, may be required to make a daily report of the amount of such sales to the Department and to make a daily payment of the full amount of tax due. The Department shall impose this requirement when it finds that there is a significant risk of loss of revenue to the State at such an exhibition or event. Such a finding shall be based on evidence that a substantial number of concessionaires or other sellers who are not residents of Illinois will be engaging in the business of selling tangible personal property at retail at the exhibition or event, or other evidence of a significant risk of loss of revenue to the State. The Department shall notify concessionaires and other sellers affected by the imposition of this requirement. In the absence of notification by the Department, the concessionaires and other sellers shall file their returns as otherwise required in this Section.
Section 405. The Hotel Operators' Occupation Tax Act is amended by changing Section 6 as follows:

(35 ILCS 145/6) (from Ch. 120, par. 481b.36)

Sec. 6. Except as provided hereinafter in this Section, on or before the last day of each calendar month, every person engaged in the business of renting, leasing or letting rooms in a hotel in this State during the preceding calendar month shall file a return with the Department, stating:

1. The name of the operator;
2. His residence address and the address of his principal place of business and the address of the principal place of business (if that is a different address) from which he engages in the business of renting, leasing or letting rooms in a hotel in this State;
3. Total amount of rental receipts received by him during the preceding calendar month from renting, leasing or letting rooms during such preceding calendar month;
4. Total amount of rental receipts received by him during the preceding calendar month from renting, leasing or letting rooms to permanent residents during such preceding calendar month;
5. Total amount of other exclusions from gross rental receipts allowed by this Act;
6. Gross rental receipts which were received by him during the preceding calendar month and upon the basis of which the tax is imposed;
7. The amount of tax due;
8. Such other reasonable information as the Department may require.

If the operator's average monthly tax liability to the Department does not exceed $200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February and March...
of a given year being due by April 30 of such year; with the return for April, May and June of a given year being due by July 31 of such year; with the return for July, August and September of a given year being due by October 31 of such year, and with the return for October, November and December of a given year being due by January 31 of the following year.

If the operator's average monthly tax liability to the Department does not exceed $50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 31 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which an operator may file his return, in the case of any operator who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such operator shall file a final return under this Act with the Department not more than 1 month after discontinuing such business.

Where the same person has more than 1 business registered with the Department under separate registrations under this Act, such person shall not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

In his return, the operator shall determine the value of any consideration other than money received by him in connection with the renting, leasing or letting of rooms in the course of his business and he shall include such value in his return. Such determination shall be subject to review and revision by the Department in the manner hereinafter provided for the correction of returns.

Where the operator is a corporation, the return filed on behalf of such corporation shall be signed by the president, vice-president, secretary or treasurer or by the properly accredited agent of such corporation.

The person filing the return herein provided for shall, at the time of filing such return, pay to the Department the amount of tax herein
imposed. The operator filing the return under this Section shall, at the time of filing such return, pay to the Department the amount of tax imposed by this Act less a discount of 2.1% or $25 per calendar year, whichever is greater, which is allowed to reimburse the operator for the expenses incurred in keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request.

There shall be deposited in the Build Illinois Fund in the State Treasury for each State fiscal year 40% of the amount of total net proceeds from the tax imposed by subsection (a) of Section 3. Of the remaining 60%, $5,000,000 shall be deposited in the Illinois Sports Facilities Fund and credited to the Subsidy Account each fiscal year by making monthly deposits in the amount of 1/8 of $5,000,000 plus cumulative deficiencies in such deposits for prior months, and an additional $8,000,000 shall be deposited in the Illinois Sports Facilities Fund and credited to the Advance Account each fiscal year by making monthly deposits in the amount of 1/8 of $8,000,000 plus any cumulative deficiencies in such deposits for prior months; provided, that for fiscal years ending after June 30, 2001, the amount to be so deposited into the Illinois Sports Facilities Fund and credited to the Advance Account each fiscal year shall be increased from $8,000,000 to the then applicable Advance Amount and the required monthly deposits beginning with July 2001 shall be in the amount of 1/8 of the then applicable Advance Amount plus any cumulative deficiencies in those deposits for prior months. (The deposits of the additional $8,000,000 or the then applicable Advance Amount, as applicable, during each fiscal year shall be treated as advances of funds to the Illinois Sports Facilities Authority for its corporate purposes to the extent paid to the Authority or its trustee and shall be repaid into the General Revenue Fund in the State Treasury by the State Treasurer on behalf of the Authority pursuant to Section 19 of the Illinois Sports Facilities Authority Act, as amended. If in any fiscal year the full amount of the then applicable Advance Amount is not repaid into the General Revenue Fund, then the deficiency shall be paid from the amount in the Local Government Distributive Fund that would otherwise be allocated to the City of Chicago under the State Revenue Sharing Act.)

For purposes of the foregoing paragraph, the term "Advance Amount" means, for fiscal year 2002, $22,179,000, and for subsequent fiscal years through fiscal year 2032, 105.615% of the Advance Amount for the immediately preceding fiscal year, rounded up to the nearest $1,000.

Of the remaining 60% of the amount of total net proceeds from the tax imposed by subsection (a) of Section 3 after all required deposits in the Illinois Sports Facilities Fund, the amount equal to 8% of the net revenue realized from the Hotel Operators' Occupation Tax Act plus an amount equal to 8% of the net revenue realized from any tax imposed under Section 4.05 of the Chicago World's Fair-1992 Authority Act during the preceding month shall be deposited in the Local Tourism Fund each month for purposes authorized by Section 605-705 of the Department of Commerce and Economic Opportunity Law (20 ILCS 605/605-705) in the Local Tourism Fund, and beginning August 1, 1999, the amount equal to 4.5% of the net revenue realized from the Hotel Operators' Occupation Tax Act during the preceding month shall be deposited into the International Tourism Fund for the purposes authorized in Section 605-705 of the Department of Commerce and Economic Opportunity Law. "Net revenue realized for a month" means the revenue collected by the State under that Act during the previous month less the amount paid out during that same month as refunds to taxpayers for overpayment of liability under that Act.

After making all these deposits, all other proceeds of the tax imposed under subsection (a) of Section 3 shall be deposited in the General Revenue Fund in the State Treasury. All moneys received by the Department from the additional tax imposed under subsection (b) of Section 3 shall be deposited into the Build Illinois Fund in the State Treasury.

The Department may, upon separate written notice to a taxpayer, require the taxpayer to prepare and file with the Department on a form prescribed by the Department within not less than 60 days after receipt of the notice an annual information return for the tax year specified in the notice. Such annual return to the Department shall include a statement of

gross receipts as shown by the operator's last State income tax return. If the total receipts of the business as reported in the State income tax return do not agree with the gross receipts reported to the Department for the same period, the operator shall attach to his annual information return a schedule showing a reconciliation of the 2 amounts and the reasons for the difference. The operator's annual information return to the Department shall also disclose pay roll information of the operator's business during the year covered by such return and any additional reasonable information which the Department deems would be helpful in determining the accuracy of the monthly, quarterly or annual tax returns by such operator as hereinbefore provided for in this Section.

If the annual information return required by this Section is not filed when and as required the taxpayer shall be liable for a penalty in an amount determined in accordance with Section 3-4 of the Uniform Penalty and Interest Act until such return is filed as required, the penalty to be assessed and collected in the same manner as any other penalty provided for in this Act.

The chief executive officer, proprietor, owner or highest ranking manager shall sign the annual return to certify the accuracy of the information contained therein. Any person who willfully signs the annual return containing false or inaccurate information shall be guilty of perjury and punished accordingly. The annual return form prescribed by the Department shall include a warning that the person signing the return may be liable for perjury.

The foregoing portion of this Section concerning the filing of an annual information return shall not apply to an operator who is not required to file an income tax return with the United States Government.

The leased property shall be assessed to the lessee and the taxes thereon extended and billed to the lessee, and collected in the same manner as for property which is not exempt. The lessee shall be liable for the taxes and no lien shall attach to the property of the State.

For the purposes of this Section, the word "leases" includes licenses, franchises, operating agreements and other arrangements under which private individuals, associations or corporations are granted the right to use property of the Illinois State Toll Highway Authority and includes all property of the Authority used by others without regard to the size of the leased parcel.

The Department of Transportation shall pay to the Will County Treasurer, from the Tax Recovery Fund, on or before July 1 of each year, the amount of leasehold taxes for each such exempt parcel as certified by the Will County Supervisor of Assessments. The tax compensation shall terminate on December 31, 2010. It is the duty of the Department of Transportation to file with the Office of the Will County Supervisor of Assessments an affidavit stating the termination date for rental of each such parcel due to airport construction. The affidavit shall include the property identification number for each such parcel. In no instance shall tax compensation for property owned by the State be deemed delinquent or bear interest. In no instance shall a lien attach to the property of the State. In no instance shall the State be required to pay leasehold tax compensation in excess of the Tax Recovery Fund's balance.

"Taxing district" has the same meaning provided in Section 1-150, except as otherwise provided in this Section. Code, to the extent of the amount certified under item (5) of Section 4-134 of the Illinois Pension Code.

"Debt service extension base" means an amount equal to that portion of the extension for a taxing district for the 1994 levy year, or for those taxing districts subject to this Law in accordance with Section 18-213, except for those subject to paragraph (2) of subsection (e) of Section 18-213, for the levy year in which the referendum making this Law applicable to the taxing district is held, or for those taxing districts subject to this Law in accordance with paragraph (2) of subsection (e) of Section 18-213 for the 1996 levy year, constituting an extension for payment of principal and interest on bonds issued by the taxing district without referendum, but not including excluded non-referendum bonds. For park districts (i) that were first subject to this Law in 1991 or 1995 and (ii) whose extension for the 1994 levy year for the payment of principal and interest on bonds issued by the park district without referendum (but not including excluded non-referendum bonds) was less than 51% of the amount for the 1991 levy year constituting an extension for payment of principal and interest on bonds issued by the park district without referendum (but not including excluded non-referendum bonds), "debt service extension base" means an amount equal to that portion of the extension for the 1991 levy year constituting an extension for payment of principal and interest on bonds issued by the park district without referendum (but not including excluded non-referendum bonds). The debt service extension base may be established or increased as provided under Section 18-212. "Excluded non-referendum bonds" means (i) bonds authorized by Public Act 88-503 and issued under Section 20a of the Chicago Park District Act for aquarium and museum projects; (ii) bonds issued under Section 15 of the Local Government Debt Reform Act; or (iii) refunding obligations issued to refund or to continue to refund obligations initially issued pursuant to referendum.

"Special purpose extensions" include, but are not limited to, extensions for levies made on an annual basis for unemployment and workers' compensation, self-insurance, contributions to pension plans, and extensions made pursuant to Section 6-601 of the Illinois Highway Code.
for a road district's permanent road fund whether levied annually or not. The extension for a special service area is not included in the aggregate extension.

"Aggregate extension base" means the taxing district's last preceding aggregate extension as adjusted under Sections 18-215 through 18-230.

"Levy year" has the same meaning as "year" under Section 1-155.

"New property" means (i) the assessed value, after final board of review or board of appeals action, of new improvements or additions to existing improvements on any parcel of real property that increase the assessed value of that real property during the levy year multiplied by the equalization factor issued by the Department under Section 17-30, (ii) the assessed value, after final board of review or board of appeals action, of real property not exempt from real estate taxation, which real property was exempt from real estate taxation for any portion of the immediately preceding levy year, multiplied by the equalization factor issued by the Department under Section 17-30, including the assessed value, upon final stabilization of occupancy after new construction is complete, of any real property located within the boundaries of an otherwise or previously exempt military reservation that is intended for residential use and owned by or leased to a private corporation or other entity, and (iii) in counties that classify in accordance with Section 4 of Article IX of the Illinois Constitution, an incentive property's additional assessed value resulting from a scheduled increase in the level of assessment as applied to the first year final board of review market value. In addition, the county clerk in a county containing a population of 3,000,000 or more shall include in the 1997 recovered tax increment value for any school district, any recovered tax increment value that was applicable to the 1995 tax year calculations.

"Qualified airport authority" means an airport authority organized under the Airport Authorities Act and located in a county bordering on the State of Wisconsin and having a population in excess of 200,000 and not greater than 500,000.

"Recovered tax increment value" means, except as otherwise provided in this paragraph, the amount of the current year's equalized
assessed value, in the first year after a municipality terminates the designation of an area as a redevelopment project area previously established under the Tax Increment Allocation Development Act in the Illinois Municipal Code, previously established under the Industrial Jobs Recovery Law in the Illinois Municipal Code, or previously established under the Economic Development Area Tax Increment Allocation Act, of each taxable lot, block, tract, or parcel of real property in the redevelopment project area over and above the initial equalized assessed value of each property in the redevelopment project area. For the taxes which are extended for the 1997 levy year, the recovered tax increment value for a non-home rule taxing district that first became subject to this Law for the 1995 levy year because a majority of its 1994 equalized assessed value was in an affected county or counties shall be increased if a municipality terminated the designation of an area in 1993 as a redevelopment project area previously established under the Tax Increment Allocation Development Act in the Illinois Municipal Code, previously established under the Industrial Jobs Recovery Law in the Illinois Municipal Code, or previously established under the Economic Development Area Tax Increment Allocation Act, by an amount equal to the 1994 equalized assessed value of each taxable lot, block, tract, or parcel of real property in the redevelopment project area over and above the initial equalized assessed value of each property in the redevelopment project area. In the first year after a municipality removes a taxable lot, block, tract, or parcel of real property from a redevelopment project area established under the Tax Increment Allocation Development Act in the Illinois Municipal Code, the Industrial Jobs Recovery Law in the Illinois Municipal Code, or the Economic Development Area Tax Increment Allocation Act, "recovered tax increment value" means the amount of the current year's equalized assessed value of each taxable lot, block, tract, or parcel of real property removed from the redevelopment project area over and above the initial equalized assessed value of that real property before removal from the redevelopment project area.

Except as otherwise provided in this Section, "limiting rate" means a fraction the numerator of which is the last preceding aggregate extension
base times an amount equal to one plus the extension limitation defined in this Section and the denominator of which is the current year's equalized assessed value of all real property in the territory under the jurisdiction of the taxing district during the prior levy year. For those taxing districts that reduced their aggregate extension for the last preceding levy year, the highest aggregate extension in any of the last 3 preceding levy years shall be used for the purpose of computing the limiting rate. The denominator shall not include new property or the recovered tax increment value. If a new rate, a rate decrease, or a limiting rate increase has been approved at an election held after March 21, 2006, then (i) the otherwise applicable limiting rate shall be increased by the amount of the new rate or shall be reduced by the amount of the rate decrease, as the case may be, or (ii) in the case of a limiting rate increase, the limiting rate shall be equal to the rate set forth in the proposition approved by the voters for each of the years specified in the proposition, after which the limiting rate of the taxing district shall be calculated as otherwise provided.

Sec. 21-310. Sales in error.
(a) When, upon application of the county collector, the owner of the certificate of purchase, or a municipality which owns or has owned the property ordered sold, it appears to the satisfaction of the court which ordered the property sold that any of the following subsections are applicable, the court shall declare the sale to be a sale in error:

(1) the property was not subject to taxation, or all or any part of the lien of taxes sold has become null and void pursuant to Section 21-95 or unenforceable pursuant to subsection (c) of Section 18-250 or subsection (b) of Section 22-40,
(2) the taxes or special assessments had been paid prior to the sale of the property,
(3) there is a double assessment,
(4) the description is void for uncertainty,
(5) the assessor, chief county assessment officer, board of review, board of appeals, or other county official has made an error (other than an error of judgment as to the value of any property),

(5.5) the owner of the homestead property had tendered timely and full payment to the county collector that the owner reasonably believed was due and owing on the homestead property, and the county collector did not apply the payment to the homestead property; provided that this provision applies only to homeowners, not their agents or third-party payors,

(6) prior to the tax sale a voluntary or involuntary petition has been filed by or against the legal or beneficial owner of the property requesting relief under the provisions of 11 U.S.C. Chapter 7, 11, 12, or 13,

(7) the property is owned by the United States, the State of Illinois, a municipality, or a taxing district, or

(8) the owner of the property is a reservist or guardsperson who is granted an extension of his or her due date under Sections 21-15, 21-20, and 21-25 of this Act.

(b) When, upon application of the owner of the certificate of purchase only, it appears to the satisfaction of the court which ordered the property sold that any of the following subsections are applicable, the court shall declare the sale to be a sale in error:

(1) A voluntary or involuntary petition under the provisions of 11 U.S.C. Chapter 7, 11, 12, or 13 has been filed subsequent to the tax sale and prior to the issuance of the tax deed.

(2) The improvements upon the property sold have been substantially destroyed or rendered uninhabitable or otherwise unfit for occupancy subsequent to the tax sale and prior to the issuance of the tax deed.

(3) There is an interest held by the United States in the property sold which could not be extinguished by the tax deed.

(4) The real property contains a hazardous substance, hazardous waste, or underground storage tank that would require cleanup or other removal under any federal, State, or local law,

ordinance, or regulation, only if the tax purchaser purchased the property without actual knowledge of the hazardous substance, hazardous waste, or underground storage tank. This paragraph (4) applies only if the owner of the certificate of purchase has made application for a sale in error at any time before the issuance of a tax deed.

(c) When the county collector discovers, prior to the expiration of the period of redemption, that a tax sale should not have occurred for one or more of the reasons set forth in subdivision (a)(1), (a)(2), (a)(6), or (a)(7) of this Section, the county collector shall notify the last known owner of the certificate of purchase by certified and regular mail, or other means reasonably calculated to provide actual notice, that the county collector intends to declare an administrative sale in error and of the reasons therefor, including documentation sufficient to establish the reason why the sale should not have occurred. The owner of the certificate of purchase may object in writing within 28 days after the date of the mailing by the county collector. If an objection is filed, the county collector shall not administratively declare a sale in error, but may apply to the circuit court for a sale in error as provided in subsection (a) of this Section. Thirty days following the receipt of notice by the last known owner of the certificate of purchase, or within a reasonable time thereafter, the county collector shall make a written declaration, based upon clear and convincing evidence, that the taxes were sold in error and shall deliver a copy thereof to the county clerk within 30 days after the date the declaration is made for entry in the tax judgment, sale, redemption, and forfeiture record pursuant to subsection (d) of this Section. The county collector shall promptly notify the last known owner of the certificate of purchase of the declaration by regular mail and shall promptly pay the amount of the tax sale, together with interest and costs as provided in Section 21-315, upon surrender of the original certificate of purchase.

(d) If a sale is declared to be a sale in error, the county clerk shall make entry in the tax judgment, sale, redemption and forfeiture record, that the property was erroneously sold, and the county collector shall, on demand of the owner of the certificate of purchase, refund the amount
paid, pay any interest and costs as may be ordered under Sections 21-315 through 21-335, and cancel the certificate so far as it relates to the property. The county collector shall deduct from the accounts of the appropriate taxing bodies their pro rata amounts paid.

The Department shall adopt rules necessary to effectuate a program of electronic funds transfer. Any retailer who has average monthly tax billings due to the Department under this Act and the Telecommunications Excise Tax Act that exceed $1,000 shall make all payments by electronic funds transfer as required by rules of the Department.

(c) If the retailer's average monthly tax billings due to the Department under this Act and the Telecommunications Excise Tax Act do not exceed $1,000, the Department may authorize such retailer's returns to be filed on a quarter-annual basis, with the return for January, February, and March of a given year being due by April 30th of that year; with the return for April, May, and June of a given year being due by July 31st of that year; with the return for July, August, and September of a given year being due by October 31st of that year; and with the return for October, November, and December of a given year being due by January 31st of the following year.

(d) If the retailer is otherwise required to file a monthly or quarterly return and if the retailer's average monthly tax billings due to the Department under this Act and the Telecommunications Excise Tax Act do not exceed $400, the Department may authorize such retailer's return to be filed on an annual basis, with the return for a given year being due by January 31st of the following year.

(e) Each retailer whose average monthly remittance to the Department under this Act and the Telecommunications Excise Tax Act was $25,000 or more during the preceding calendar year, excluding the month of highest remittance and the month of lowest remittance in such calendar year, and who is not operated by a unit of local government, shall make estimated payments to the Department on or before the 7th, 15th, 22nd, and last day of the month during which the tax remittance is owed to the Department in an amount not less than the lower of either 22.5% of the retailer's actual tax collections for the month or 25% of the retailer's actual
tax collections for the same calendar month of the preceding year. The amount of such quarter-monthly payments shall be credited against the final remittance of the retailer's return for that month. Any outstanding credit, approved by the Department, arising from the retailer's overpayment of its final remittance for any month may be applied to reduce the amount of any subsequent quarter-monthly payment or credited against the final remittance of the retailer's return for any subsequent month. If any quarter-monthly payment is not paid at the time or in the amount required by this Section, the retailer shall be liable for penalty and interest on the difference between the minimum amount due as a payment and the amount of such payment actually and timely paid, except insofar as the retailer has previously made payments for that month to the Department or received credits in excess of the minimum payments previously due.

(f) Notwithstanding any other provision of this Section containing the time within which a retailer may file his or her return, in the case of any retailer who ceases to engage in a kind of business that makes him or her responsible for filing returns under this Section, the retailer shall file a final return under this Section with the Department not more than one month after discontinuing such business.

(g) In making such return, the retailer shall determine the value of any consideration other than money received by it and such retailer shall include the value in its return. Such determination shall be subject to review and revision by the Department in the manner hereinafter provided for the correction of returns.

(h) Any retailer who has average monthly tax billings due to the Department under this Act and the Telecommunications Excise Tax Act that exceed $1,000 shall file the return required by this Section by electronic means as required by rules of the Department.

(i) The retailer filing the return herein provided for shall, at the time of filing the return, pay to the Department the amounts due pursuant to this Act. The Department shall immediately pay over to the State Treasurer, ex officio, as trustee, 99.5% of all taxes, penalties, and interest collected hereunder for deposit into the Municipal Telecommunications

Fund, which is hereby created. The remaining 0.5% received by the Department pursuant to this Act shall be deposited into the Tax Compliance and Administration Fund and shall be used by the Department, subject to appropriation, to cover the costs of the Department.

On or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to be paid to named municipalities from the Municipal Telecommunications Fund for amounts collected during the second preceding calendar month. The named municipalities shall be those municipalities identified by a retailer in such retailer's return as having imposed the tax authorized by the Act. The amount of money to be paid to each municipality shall be the amount (not including credit memoranda) collected hereunder during the second preceding calendar month by the Department, plus an amount the Department determines is necessary to offset any amounts that were erroneously paid to a different taxing body, and not including an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of such municipality, and not including any amount that the Department determines is necessary to offset any amount that were payable to a different taxing body but were erroneously paid to the municipality. Within 10 days after receipt by the Comptroller of the disbursement certification from the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions contained in the certification. When certifying to the Comptroller the amount of a monthly disbursement to a municipality under this Section, the Department shall increase or decrease the amount by an amount necessary to offset any misallocation of previous disbursements. The offset amount shall be the amount erroneously disbursed within the previous 6 months from the time a misallocation is discovered.

(j) For municipalities with populations of less than 500,000, whenever the Department determines that a refund shall be made under this Section to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to
be drawn for the amount specified and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the Municipal Telecommunications Fund.

Section 420. The Uniform Penalty and Interest Act is amended by changing Section 3-2 as follows:

(35 ILCS 735/3-2) (from Ch. 120, par. 2603-2)
Sec. 3-2. Interest.

(a) Interest paid by the Department to taxpayers and interest charged to taxpayers by the Department shall be paid at the annual rate determined by the Department. For periods prior to January 1, 2004, that rate shall be the underpayment rate established under Section 6621 of the Internal Revenue Code. For periods after December 31, 2003, that rate shall be:

(1) for the one-year period beginning with the date of underpayment or overpayment, the short-term federal rate established under Section 6621 of the Internal Revenue Code.

(2) for any period beginning the day after the one-year period described in paragraph (1) of this subsection (a), the underpayment rate established under Section 6621 of the Internal Revenue Code.

(b) The interest rate shall be adjusted on a semiannual basis, on January 1 and July 1, based upon the underpayment rate or short-term federal rate going into effect on that January 1 or July 1 under Section 6621 of the Internal Revenue Code.

(c) This subsection (c) is applicable to returns due on and before December 31, 2000. Interest shall be simple interest calculated on a daily basis. Interest shall accrue upon tax and penalty due. If notice and demand is made for the payment of any amount of tax due and if the amount due is paid within 30 days after the date of such notice and demand, interest under this Section on the amount so paid shall not be imposed for the period after the date of the notice and demand.

(c-5) This subsection (c-5) is applicable to returns due on and after January 1, 2001. Interest shall be simple interest calculated on a daily
basis. Interest shall accrue upon tax due. If notice and demand is made for the payment of any amount of tax due and if the amount due is paid within 30 days after the date of the notice and demand, interest under this Section on the amount so paid shall not be imposed for the period after the date of the notice and demand.

(d) No interest shall be paid upon any overpayment of tax if the overpayment is refunded or a credit approved within 90 days after the last date prescribed for filing the original return, or within 90 days of the receipt of the processable return, or within 90 days after the date of overpayment, whichever date is latest, as determined without regard to processing time by the Comptroller or without regard to the date on which the credit is applied to the taxpayer's account. In order for an original return to be processable for purposes of this Section, it must be in the form prescribed or approved by the Department, signed by the person authorized by law, and contain all information, schedules, and support documents necessary to determine the tax due and to make allocations of tax as prescribed by law. For the purposes of computing interest, a return shall be deemed to be processable unless the Department notifies the taxpayer that the return is not processable within 90 days after the receipt of the return; however, interest shall not accumulate for the period following this date of notice. Interest on amounts refunded or credited pursuant to the filing of an amended return or claim for refund shall be determined from the due date of the original return or the date of overpayment, whichever is later, to the date of payment by the Department without regard to processing time by the Comptroller or the date of credit by the Department or without regard to the date on which the credit is applied to the taxpayer's account. If a claim for refund relates to an overpayment attributable to a net loss carryback as provided by Section 207 of the Illinois Income Tax Act, the date of overpayment shall be the last day of the taxable year in which the loss was incurred.

(e) Interest on erroneous refunds. Any portion of the tax imposed by an Act to which this Act is applicable or any interest or penalty which has been erroneously refunded and which is recoverable by the Department shall bear interest from the date of payment of the refund.
However, no interest will be charged if the erroneous refund is for an amount less than $500 and is due to a mistake of the Department.

(f) If a taxpayer has a tax liability that is eligible for amnesty under the Tax Delinquency Amnesty Act and the taxpayer fails to satisfy the tax liability during the amnesty period provided for in that Act, then the interest charged by the Department under this Section shall be imposed at a rate that is 200% of the rate that would otherwise be imposed under this Section.

(40 ILCS 5/2-134) (from Ch. 108 1/2, par. 2-134)

Sec. 2-134. To certify required State contributions and submit vouchers.

(a) The Board shall certify to the Governor on or before December 15 of each year the amount of the required State contribution to the System for the next fiscal year. The certification shall include a copy of the actuarial recommendations upon which it is based.

On or before May 1, 2004, the Board shall recalculate and recertify to the Governor the amount of the required State contribution to the System for State fiscal year 2005, taking into account the amounts appropriated to and received by the System under subsection (d) of Section 7.2 of the General Obligation Bond Act.

On or before July 1, 2005, the Board shall recalculate and recertify to the Governor the amount of the required State contribution to the System for State fiscal year 2006, taking into account the changes in required State contributions made by this amendatory Act of the 94th General Assembly.

(b) Beginning in State fiscal year 1996, on or as soon as possible after the 15th day of each month the Board shall submit vouchers for payment of State contributions to the System, in a total monthly amount of one-twelfth of the required annual State contribution certified under
subsection (a). From the effective date of this amendatory Act of the 93rd General Assembly through June 30, 2004, the Board shall not submit vouchers for the remainder of fiscal year 2004 in excess of the fiscal year 2004 certified contribution amount determined under this Section after taking into consideration the transfer to the System under subsection (d) of Section 6z-61 of the State Finance Act. These vouchers shall be paid by the State Comptroller and Treasurer by warrants drawn on the funds appropriated to the System for that fiscal year. If in any month the amount remaining unexpended from all other appropriations to the System for the applicable fiscal year (including the appropriations to the System under Section 8.12 of the State Finance Act and Section 1 of the State Pension Funds Continuing Appropriation Act) is less than the amount lawfully vouchered under this Section, the difference shall be paid from the General Revenue Fund under the continuing appropriation authority provided in Section 1.1 of the State Pension Funds Continuing Appropriation Act.

(c) The full amount of any annual appropriation for the System for State fiscal year 1995 shall be transferred and made available to the System at the beginning of that fiscal year at the request of the Board. Any excess funds remaining at the end of any fiscal year from appropriations shall be retained by the System as a general reserve to meet the System's accrued liabilities.

annuity for life equal to 2.20% for each year of service if withdrawal is before January 1, 2002, 60 days after the effective date of this amendatory Act of the 92nd General Assembly; or 2.40% for each year of service if withdrawal is on or after January 1, 2002, 60 days after the effective date of this amendatory Act of the 92nd General Assembly or later; of the highest average annual salary for any 4 consecutive years within the last 10 years of service immediately preceding the date of withdrawal, to begin not earlier than upon attainment of age 55 (age 50 if the employee has at least 30 years of service), reduced 0.25% for each full month or remaining fractional part thereof that the employee's attained age when annuity is to begin is less than 60; except that an employee retiring at age 50 or over with at least 30 years of service or at age 55 or over with at least 25 years of service shall not be subject to the reduction in retirement annuity because of retirement below age 60.

The maximum annuity payable under this paragraph (a) of this Section shall not exceed 70% of highest average annual salary in the case of an employee who withdraws prior to July 1, 1971, 75% if withdrawal takes place on or after July 1, 1971 and prior to January 1, 2002, 60 days after the effective date of this amendatory Act of the 92nd General Assembly; or 80% if withdrawal is on or after January 1, 2002 60 days after the effective date of this amendatory Act of the 92nd General Assembly or later. For the purpose of the minimum annuity provided in said paragraphs $1,500 shall be considered the minimum annual salary for any year; and the maximum annual salary to be considered for the computation of such annuity shall be $4,800 for any year prior to 1953, $6,000 for the years 1953 to 1956, inclusive, and the actual annual salary, as salary is defined in this Article, for any year thereafter.

(b) For an employee receiving disability benefit, his salary for annuity purposes under this Section shall, for all periods of disability benefit subsequent to the year 1956, be the amount on which his disability benefit was based.

(d) The minimum annuity provisions as aforesaid shall not apply to any former employee receiving an annuity from the fund, and who re-enters service as an employee, unless he renders at least 3 years of additional service after the date of re-entry.

(e) An employee in service on July 1, 1947, or who became a contributor after July 1, 1947 and prior to July 1, 1950, or who shall become a contributor to the fund after July 1, 1950 prior to attainment of age 70, who withdraws after age 65 with less than 20 years of service, for whom the annuity has been fixed under the foregoing Sections of this Article shall, in lieu of the annuity so fixed, receive an annuity as follows:

Such amount as he could have received had the accumulated amounts for annuity been improved with interest at the effective rate to the date of his withdrawal, or to attainment of age 70, whichever is earlier, and had the city contributed to such earlier date for age and service annuity the amount that would have been contributed had he been under age 65, after the date his annuity was fixed in accordance with this Article, and assuming his annuity were computed from such accumulations as of his age on such earlier date. The annuity so computed shall not exceed the annuity which would be payable under the other provisions of this Section if the employee was credited with 20 years of service and would qualify for annuity thereunder.

(f) In lieu of the annuity provided in this or in any other Section of this Article, an employee having attained age 65 with at least 15 years of service who withdraws from service on or after July 1, 1971 and whose annuity computed under other provisions of this Article is less than the amount provided under this paragraph shall be entitled to receive a minimum annual annuity for life equal to 1% of the highest average annual salary for any 4 consecutive years within the last 10 years of service immediately preceding retirement for each year of his service plus the sum of $25 for each year of service. Such annual annuity shall not exceed the

maximum percentages stated under paragraph (a) of this Section of such highest average annual salary.

(f-1) Instead of any other retirement annuity provided in this Article, an employee who has at least 10 years of service and withdraws from service on or after January 1, 1999 may elect to receive a retirement annuity for life, beginning no earlier than upon attainment of age 60, equal to 2.2% if withdrawal is before January 1, 2002, 60 days after the effective date of this amendatory Act or 2.4% for each year of service if withdrawal is on or after January 1, 2002, 60 days after the effective date of this amendatory Act of the 92nd General Assembly or later, of final average salary for each year of service, subject to a maximum of 75% of final average salary if withdrawal is before January 1, 2002, 60 days after the effective date of this amendatory Act of the 92nd General Assembly; or 80% if withdrawal is on or after January 1, 2002 60 days after the effective date of this amendatory Act of the 92nd General Assembly or later. For the purpose of calculating this annuity, "final average salary" means the highest average annual salary for any 4 consecutive years in the last 10 years of service.

(g) Any annuity payable under the preceding subsections of this Section 11-134 shall be paid in equal monthly installments.

(h) The amendatory provisions of part (a) and (f) of this Section shall be effective July 1, 1971 and apply in the case of every qualifying employee withdrawing on or after July 1, 1971.

(h-1) The changes made to this Section by Public Act 92-609 this amendatory Act of the 92nd General Assembly (increasing the retirement formula to 2.4% per year of service and increasing the maximum to 80%) apply to persons who withdraw from service on or after January 1, 2002, regardless of whether that withdrawal takes place before the effective date of that amendatory Act. In the case of a person who withdraws from service on or after January 1, 2002 but begins to receive a retirement annuity before July 1, 2002 the effective date of this amendatory Act, the annuity shall be recalculated, with the increase resulting from Public this amendatory Act 92-609 accruing from the date the retirement annuity

(i) The amendatory provisions of this amendatory Act of 1985 relating to the discount of annuity because of retirement prior to attainment of age 60 and increasing the retirement formula for those born before January 1, 1936, shall apply only to qualifying employees withdrawing on or after August 16, 1985.

(j) Beginning on January 1, 1999, the minimum amount of employee's annuity shall be $850 per month for life for the following classes of employees, without regard to the fact that withdrawal occurred prior to the effective date of this amendatory Act of 1998:

(1) any employee annuitant alive and receiving a life annuity on the effective date of this amendatory Act of 1998, except a reciprocal annuity;
(2) any employee annuitant alive and receiving a term annuity on the effective date of this amendatory Act of 1998, except a reciprocal annuity;

Sec. 15-155. Employer contributions.

(a) The State of Illinois shall make contributions by appropriations of amounts which, together with the other employer contributions from trust, federal, and other funds, employee contributions, income from investments, and other income of this System, will be sufficient to meet the cost of maintaining and administering the System on a 90% funded basis in accordance with actuarial recommendations.

The Board shall determine the amount of State contributions required for each fiscal year on the basis of the actuarial tables and other assumptions adopted by the Board and the recommendations of the actuary, using the formula in subsection (a-1).

(a-1) For State fiscal years 2011 through 2045, the minimum contribution to the System to be made by the State for each fiscal year shall be an amount determined by the System to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the System by the end of State fiscal year 2045. In making these determinations, the required State contribution shall be calculated each year as a level percentage of payroll over the years remaining to and including fiscal year 2045 and shall be determined under the projected unit credit actuarial cost method.

For State fiscal years 1996 through 2005, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments so that by State fiscal year 2011, the State is contributing at the rate required under this Section.
Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2006 is $166,641,900.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2007 is $252,064,100.

For each of State fiscal years 2008 through 2010, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments from the required State contribution for State fiscal year 2007, so that by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

Beginning in State fiscal year 2046, the minimum State contribution for each fiscal year shall be the amount needed to maintain the total assets of the System at 90% of the total actuarial liabilities of the System.

Amounts received by the System pursuant to Section 25 of the Budget Stabilization Act in any fiscal year do not reduce and do not constitute payment of any portion of the minimum State contribution required under this Article in that fiscal year. Such amounts shall not reduce, and shall not be included in the calculation of, the required State contributions under this Article in any future year until the System has reached a funding ratio of at least 90%. A reference in this Article to the "required State contribution" or any substantially similar term does not include or apply to any amounts payable to the System under Section 25 of the Budget Stabilization Act.

Notwithstanding any other provision of this Section, the required State contribution for State fiscal year 2005 and for fiscal year 2008 and each fiscal year thereafter, as calculated under this Section and certified under Section 15-165, shall not exceed an amount equal to (i) the amount of the required State contribution that would have been calculated under this Section for that fiscal year if the System had not received any payments under subsection (d) of Section 7.2 of the General Obligation Bond Act, minus (ii) the portion of the State's total debt service payments for that fiscal year on the bonds issued for the purposes of that Section 7.2, as determined and certified by the Comptroller, that is the same as the

New matter indicated by italics - deletions by strikeout
System's portion of the total moneys distributed under subsection (d) of Section 7.2 of the General Obligation Bond Act. In determining this maximum for State fiscal years 2008 through 2010, however, the amount referred to in item (i) shall be increased, as a percentage of the applicable employee payroll, in equal increments calculated from the sum of the required State contribution for State fiscal year 2007 plus the applicable portion of the State's total debt service payments for fiscal year 2007 on the bonds issued for the purposes of Section 7.2 of the General Obligation Bond Act, so that, by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

(b) If an employee is paid from trust or federal funds, the employer shall pay to the Board contributions from those funds which are sufficient to cover the accruing normal costs on behalf of the employee. However, universities having employees who are compensated out of local auxiliary funds, income funds, or service enterprise funds are not required to pay such contributions on behalf of those employees. The local auxiliary funds, income funds, and service enterprise funds of universities shall not be considered trust funds for the purpose of this Article, but funds of alumni associations, foundations, and athletic associations which are affiliated with the universities included as employers under this Article and other employers which do not receive State appropriations are considered to be trust funds for the purpose of this Article.

(b-1) The City of Urbana and the City of Champaign shall each make employer contributions to this System for their respective firefighter employees who participate in this System pursuant to subsection (h) of Section 15-107. The rate of contributions to be made by those municipalities shall be determined annually by the Board on the basis of the actuarial assumptions adopted by the Board and the recommendations of the actuary, and shall be expressed as a percentage of salary for each such employee. The Board shall certify the rate to the affected municipalities as soon as may be practical. The employer contributions required under this subsection shall be remitted by the municipality to the System at the same time and in the same manner as employee contributions.

(c) Through State fiscal year 1995: The total employer contribution shall be apportioned among the various funds of the State and other employers, whether trust, federal, or other funds, in accordance with actuarial procedures approved by the Board. State of Illinois contributions for employers receiving State appropriations for personal services shall be payable from appropriations made to the employers or to the System. The contributions for Class I community colleges covering earnings other than those paid from trust and federal funds, shall be payable solely from appropriations to the Illinois Community College Board or the System for employer contributions.

(d) Beginning in State fiscal year 1996, the required State contributions to the System shall be appropriated directly to the System and shall be payable through vouchers issued in accordance with subsection (c) of Section 15-165, except as provided in subsection (g).

(e) The State Comptroller shall draw warrants payable to the System upon proper certification by the System or by the employer in accordance with the appropriation laws and this Code.

(f) Normal costs under this Section means liability for pensions and other benefits which accrues to the System because of the credits earned for service rendered by the participants during the fiscal year and expenses of administering the System, but shall not include the principal of or any redemption premium or interest on any bonds issued by the Board or any expenses incurred or deposits required in connection therewith.

(g) If the amount of a participant's earnings for any academic year used to determine the final rate of earnings, determined on a full-time equivalent basis, exceeds the amount of his or her earnings with the same employer for the previous academic year, determined on a full-time equivalent basis, by more than 6%, the participant's employer shall pay to the System, in addition to all other payments required under this Section and in accordance with guidelines established by the System, the present value of the increase in benefits resulting from the portion of the increase in earnings that is in excess of 6%. This present value shall be computed by the System on the basis of the actuarial assumptions and tables used in the most recent actuarial valuation of the System that is available at the

New matter indicated by italics - deletions by strikeout
time of the computation. The System may require the employer to provide any pertinent information or documentation.

Whenever it determines that a payment is or may be required under this subsection (g), the System shall calculate the amount of the payment and bill the employer for that amount. The bill shall specify the calculations used to determine the amount due. If the employer disputes the amount of the bill, it may, within 30 days after receipt of the bill, apply to the System in writing for a recalculation. The application must specify in detail the grounds of the dispute and, if the employer asserts that the calculation is subject to subsection (h) or (i) of this Section, must include an affidavit setting forth and attesting to all facts within the employer's knowledge that are pertinent to the applicability of subsection (h) or (i). Upon receiving a timely application for recalculation, the System shall review the application and, if appropriate, recalculate the amount due.

The employer contributions required under this subsection (f) may be paid in the form of a lump sum within 90 days after receipt of the bill. If the employer contributions are not paid within 90 days after receipt of the bill, then interest will be charged at a rate equal to the System's annual actuarially assumed rate of return on investment compounded annually from the 91st day after receipt of the bill. Payments must be concluded within 3 years after the employer's receipt of the bill.

(h) This subsection (h) applies only to payments made or salary increases given on or after June 1, 2005 but before July 1, 2011. The changes made by Public Act 94-1057 shall not require the System to refund any payments received before July 31, 2006 (the effective date of Public Act 94-1057).

When assessing payment for any amount due under subsection (g), the System shall exclude earnings increases paid to participants under contracts or collective bargaining agreements entered into, amended, or renewed before June 1, 2005.

When assessing payment for any amount due under subsection (g), the System shall exclude earnings increases paid to a participant at a time
when the participant is 10 or more years from retirement eligibility under Section 15-135.

When assessing payment for any amount due under subsection (g), the System shall exclude earnings increases resulting from overload work, including a contract for summer teaching, or overtime when the employer has certified to the System, and the System has approved the certification, that: (i) in the case of overloads (A) the overload work is for the sole purpose of academic instruction in excess of the standard number of instruction hours for a full-time employee occurring during the academic year that the overload is paid and (B) the earnings increases are equal to or less than the rate of pay for academic instruction computed using the participant's current salary rate and work schedule; and (ii) in the case of overtime, the overtime was necessary for the educational mission.

When assessing payment for any amount due under subsection (g), the System shall exclude any earnings increase resulting from (i) a promotion for which the employee moves from one classification to a higher classification under the State Universities Civil Service System, (ii) a promotion in academic rank for a tenured or tenure-track faculty position, or (iii) a promotion that the Illinois Community College Board has recommended in accordance with subsection (k) of this Section. These earnings increases shall be excluded only if the promotion is to a position that has existed and been filled by a member for no less than one complete academic year and the earnings increase as a result of the promotion is an increase that results in an amount no greater than the average salary paid for other similar positions.

(i) When assessing payment for any amount due under subsection (g), the System shall exclude any salary increase described in subsection (h) of this Section given on or after July 1, 2011 but before July 1, 2014 under a contract or collective bargaining agreement entered into, amended, or renewed on or after June 1, 2005 but before July 1, 2011. Notwithstanding any other provision of this Section, any payments made or salary increases given after June 30, 2014 shall be used in assessing payment for any amount due under subsection (g) of this Section.

(j) The System shall prepare a report and file copies of the report with the Governor and the General Assembly by January 1, 2007 that contains all of the following information:

1. The number of recalculation required by the changes made to this Section by Public Act 94-1057 this amendatory Act of the 94th General Assembly for each employer.

2. The dollar amount by which each employer's contribution to the System was changed due to recalculation required by Public Act 94-1057 this amendatory Act of the 94th General Assembly.

3. The total amount the System received from each employer as a result of the changes made to this Section by Public Act 94-4.

4. The increase in the required State contribution resulting from the changes made to this Section by Public Act 94-1057 this amendatory Act of the 94th General Assembly.

(k) The Illinois Community College Board shall adopt rules for recommending lists of promotional positions submitted to the Board by community colleges and for reviewing the promotional lists on an annual basis. When recommending promotional lists, the Board shall consider the similarity of the positions submitted to those positions recognized for State universities by the State Universities Civil Service System. The Illinois Community College Board shall file a copy of its findings with the System. The System shall consider the findings of the Illinois Community College Board when making determinations under this Section. The System shall not exclude any earnings increases resulting from a promotion when the promotion was not submitted by a community college. Nothing in this subsection (k) shall require any community college to submit any information to the Community College Board.

(a) This Section does not apply to an annuitant who returns to teaching under the program established in Section 16-150.1, for the duration of his or her participation in that program.

(b) If an annuitant under this System is again employed as a teacher for an aggregate period exceeding that permitted by Section 16-118, his or her retirement annuity shall be terminated and the annuitant shall thereupon be regarded as an active member.

Such annuitant is not entitled to a recomputation of his or her retirement annuity unless at least one full year of creditable service is rendered after the latest re-entry into service and the annuitant must have rendered at least 3 years of creditable service after last re-entry into service to qualify for a recomputation of the retirement annuity based on amendments enacted while in receipt of a retirement annuity, except when retirement was due to disability.

However, regardless of age, an annuitant in receipt of a retirement annuity may be given temporary employment by a school board not exceeding that permitted under Section 16-118 and continue to receive the retirement annuity.

(c) Unless retirement was necessitated by disability, a retirement shall be considered cancelled and the retirement allowance must be repaid in full if the annuitant is employed as a teacher within the school year during which service was terminated.

(d) An annuitant's retirement which does not include a period of at least one full and complete school year shall be considered cancelled and the retirement annuity must be repaid in full unless such retirement was necessitated by disability.

The Board shall determine the amount of State contributions required for each fiscal year on the basis of the actuarial tables and other assumptions adopted by the Board and the recommendations of the actuary, using the formula in subsection (b-3).

On or before May 1, 2004, the Board shall recalculate and recertify to the Governor the amount of the required State contribution to the System for State fiscal year 2005, taking into account the amounts appropriated to and received by the System under subsection (d) of Section 7.2 of the General Obligation Bond Act.

On or before July 1, 2005, the Board shall recalculate and recertify to the Governor the amount of the required State contribution to the System for State fiscal year 2006, taking into account the changes in required State contributions made by this amendatory Act of the 94th General Assembly.

From the effective date of this amendatory Act of the 93rd General Assembly through June 30, 2004, the Board shall not submit vouchers for the remainder of fiscal year 2004 in excess of the fiscal year 2004 certified contribution amount determined under this Section after taking into consideration the transfer to the System under subsection (a) of Section 6z-61 of the State Finance Act. These vouchers shall be paid by the State Comptroller and Treasurer by warrants drawn on the funds appropriated to the System for that fiscal year.

(b-2) Allocations from the Common School Fund apportioned to school districts not coming under this System shall not be diminished or affected by the provisions of this Article.

(b-3) For State fiscal years 2011 through 2045, the minimum contribution to the System to be made by the State for each fiscal year shall be an amount determined by the System to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the System by the end of State fiscal year 2045. In making these determinations, the required State contribution shall be calculated each year as a level percentage of payroll over the years remaining to and including fiscal year 2045 and shall be determined under the projected unit credit actuarial cost method.

For State fiscal years 1996 through 2005, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments so that by State fiscal year 2011, the State is contributing at the rate required under this Section; except that in the following specified State fiscal years, the State contribution to the System shall not be less than the following indicated percentages of the applicable employee payroll, even if the indicated percentage will produce a State contribution in excess of the amount otherwise required under this subsection and subsection (a), and notwithstanding any contrary certification made under subsection (a-1) before the effective date of this amendatory Act of 1998: 10.02% in FY 1999; 10.77% in FY 2000; 11.47% in FY 2001; 12.16% in FY 2002; 12.86% in FY 2003; and 13.56% in FY 2004.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2006 is $534,627,700.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2007 is $738,014,500.

For each of State fiscal years 2008 through 2010, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments from the required State contribution for State fiscal year 2007, so that by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

Beginning in State fiscal year 2046, the minimum State contribution for each fiscal year shall be the amount needed to maintain the total assets of the System at 90% of the total actuarial liabilities of the System.

Amounts received by the System pursuant to Section 25 of the Budget Stabilization Act in any fiscal year do not reduce and do not constitute payment of any portion of the minimum State contribution required under this Article in that fiscal year. Such amounts shall not reduce, and shall not be included in the calculation of, the required State contributions under this Article in any future year until the System has reached a funding ratio of at least 90%. A reference in this Article to the "required State contribution" or any substantially similar term does not include or apply to any amounts payable to the System under Section 25 of the Budget Stabilization Act.

Notwithstanding any other provision of this Section, the required State contribution for State fiscal year 2005 and for fiscal year 2008 and each fiscal year thereafter, as calculated under this Section and certified under subsection (a-1), shall not exceed an amount equal to (i) the amount of the required State contribution that would have been calculated under this Section for that fiscal year if the System had not received any payments under subsection (d) of Section 7.2 of the General Obligation Bond Act, minus (ii) the portion of the State's total debt service payments for that fiscal year on the bonds issued for the purposes of that Section 7.2, as determined and certified by the Comptroller, that is the same as the
System's portion of the total moneys distributed under subsection (d) of Section 7.2 of the General Obligation Bond Act. In determining this maximum for State fiscal years 2008 through 2010, however, the amount referred to in item (i) shall be increased, as a percentage of the applicable employee payroll, in equal increments calculated from the sum of the required State contribution for State fiscal year 2007 plus the applicable portion of the State's total debt service payments for fiscal year 2007 on the bonds issued for the purposes of Section 7.2 of the General Obligation Bond Act, so that, by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

(c) Payment of the required State contributions and of all pensions, retirement annuities, death benefits, refunds, and other benefits granted under or assumed by this System, and all expenses in connection with the administration and operation thereof, are obligations of the State.

If members are paid from special trust or federal funds which are administered by the employing unit, whether school district or other unit, the employing unit shall pay to the System from such funds the full accruing retirement costs based upon that service, as determined by the System. Employer contributions, based on salary paid to members from federal funds, may be forwarded by the distributing agency of the State of Illinois to the System prior to allocation, in an amount determined in accordance with guidelines established by such agency and the System.

(d) Effective July 1, 1986, any employer of a teacher as defined in paragraph (8) of Section 16-106 shall pay the employer's normal cost of benefits based upon the teacher's service, in addition to employee contributions, as determined by the System. Such employer contributions shall be forwarded monthly in accordance with guidelines established by the System.

However, with respect to benefits granted under Section 16-133.4 or 16-133.5 to a teacher as defined in paragraph (8) of Section 16-106, the employer's contribution shall be 12% (rather than 20%) of the member's highest annual salary rate for each year of creditable service granted, and the employer shall also pay the required employee contribution on behalf of the teacher. For the purposes of Sections 16-133.4 and 16-133.5, a
teacher as defined in paragraph (8) of Section 16-106 who is serving in that capacity while on leave of absence from another employer under this Article shall not be considered an employee of the employer from which the teacher is on leave.

(e) Beginning July 1, 1998, every employer of a teacher shall pay to the System an employer contribution computed as follows:

1. Beginning July 1, 1998 through June 30, 1999, the employer contribution shall be equal to 0.3% of each teacher's salary.

2. Beginning July 1, 1999 and thereafter, the employer contribution shall be equal to 0.58% of each teacher's salary.

The school district or other employing unit may pay these employer contributions out of any source of funding available for that purpose and shall forward the contributions to the System on the schedule established for the payment of member contributions.

These employer contributions are intended to offset a portion of the cost to the System of the increases in retirement benefits resulting from this amendatory Act of 1998.

Each employer of teachers is entitled to a credit against the contributions required under this subsection (e) with respect to salaries paid to teachers for the period January 1, 2002 through June 30, 2003, equal to the amount paid by that employer under subsection (a-5) of Section 6.6 of the State Employees Group Insurance Act of 1971 with respect to salaries paid to teachers for that period.

The additional 1% employee contribution required under Section 16-152 by this amendatory Act of 1998 is the responsibility of the teacher and not the teacher's employer, unless the employer agrees, through collective bargaining or otherwise, to make the contribution on behalf of the teacher.

If an employer is required by a contract in effect on May 1, 1998 between the employer and an employee organization to pay, on behalf of all its full-time employees covered by this Article, all mandatory employee contributions required under this Article, then the employer shall be excused from paying the employer contribution required under this...
subsection (e) for the balance of the term of that contract. The employer and the employee organization shall jointly certify to the System the existence of the contractual requirement, in such form as the System may prescribe. This exclusion shall cease upon the termination, extension, or renewal of the contract at any time after May 1, 1998.

(f) If the amount of a teacher's salary for any school year used to determine final average salary exceeds the member's annual full-time salary rate with the same employer for the previous school year by more than 6%, the teacher's employer shall pay to the System, in addition to all other payments required under this Section and in accordance with guidelines established by the System, the present value of the increase in benefits resulting from the portion of the increase in salary that is in excess of 6%. This present value shall be computed by the System on the basis of the actuarial assumptions and tables used in the most recent actuarial valuation of the System that is available at the time of the computation. For the purposes of this Section, change in employment under Section 10-21.12 of the School Code shall constitute a change in employer. The System may require the employer to provide any pertinent information or documentation.

Whenever it determines that a payment is or may be required under this subsection, the System shall calculate the amount of the payment and bill the employer for that amount. The bill shall specify the calculations used to determine the amount due. If the employer disputes the amount of the bill, it may, within 30 days after receipt of the bill, apply to the System in writing for a recalculation. The application must specify in detail the grounds of the dispute and, if the employer asserts that the calculation is subject to subsection (g) or (h) of this Section, must include an affidavit setting forth and attesting to all facts within the employer's knowledge that are pertinent to the applicability of that subsection. Upon receiving a timely application for recalculation, the System shall review the application and, if appropriate, recalculate the amount due.

The employer contributions required under this subsection (f) may be paid in the form of a lump sum within 90 days after receipt of the bill. If the employer contributions are not paid within 90 days after receipt of

the bill, then interest will be charged at a rate equal to the System's annual actuarially assumed rate of return on investment compounded annually from the 91st day after receipt of the bill. Payments must be concluded within 3 years after the employer's receipt of the bill.

(g) This subsection (g) applies only to payments made or salary increases given on or after June 1, 2005 but before July 1, 2011. The changes made by Public Act 94-1057 this amendatory Act of the 94th General Assembly shall not require the System to refund any payments received before July 31, 2006 (the effective date of Public Act 94-1057) this amendatory Act.

When assessing payment for any amount due under subsection (f), the System shall exclude salary increases paid to teachers under contracts or collective bargaining agreements entered into, amended, or renewed before June 1, 2005.

When assessing payment for any amount due under subsection (f), the System shall exclude salary increases paid to a teacher at a time when the teacher is 10 or more years from retirement eligibility under Section 16-132 or 16-133.2.

When assessing payment for any amount due under subsection (f), the System shall exclude salary increases resulting from overload work, including summer school, when the school district has certified to the System, and the System has approved the certification, that (i) the overload work is for the sole purpose of classroom instruction in excess of the standard number of classes for a full-time teacher in a school district during a school year and (ii) the salary increases are equal to or less than the rate of pay for classroom instruction computed on the teacher's current salary and work schedule.

When assessing payment for any amount due under subsection (f), the System shall exclude a salary increase resulting from a promotion (i) for which the employee is required to hold a certificate or supervisory endorsement issued by the State Teacher Certification Board that is a different certification or supervisory endorsement than is required for the teacher's previous position and (ii) to a position that has existed and been filled by a member for no less than one complete academic year and the

salary increase from the promotion is an increase that results in an amount no greater than the lesser of the average salary paid for other similar positions in the district requiring the same certification or the amount stipulated in the collective bargaining agreement for a similar position requiring the same certification.

When assessing payment for any amount due under subsection (f), the System shall exclude any payment to the teacher from the State of Illinois or the State Board of Education over which the employer does not have discretion, notwithstanding that the payment is included in the computation of final average salary.

(h) When assessing payment for any amount due under subsection (f), the System shall exclude any salary increase described in subsection (g) of this Section given on or after July 1, 2011 but before July 1, 2014 under a contract or collective bargaining agreement entered into, amended, or renewed on or after June 1, 2005 but before July 1, 2011. Notwithstanding any other provision of this Section, any payments made or salary increases given after June 30, 2014 shall be used in assessing payment for any amount due under subsection (f) of this Section.

(i) The System shall prepare a report and file copies of the report with the Governor and the General Assembly by January 1, 2007 that contains all of the following information:

(1) The number of recalculationS required by the changes made to this Section by Public Act 94-1057 this amendatory Act of the 94th General Assembly for each employer.

(2) The dollar amount by which each employer's contribution to the System was changed due to recalculationS required by Public Act 94-1057 this amendatory Act of the 94th General Assembly.

(3) The total amount the System received from each employer as a result of the changes made to this Section by Public Act 94-4.

(4) The increase in the required State contribution resulting from the changes made to this Section by Public Act 94-1057 this amendatory Act of the 94th General Assembly.

Sec. 16-165. Board; elected members; vacancies.

(a) In each odd-numbered year, there shall be elected 2 teachers who shall hold office for a term of 4 years beginning July 15 next following their election, in the manner provided under this Section. An elected teacher member of the board who ceases to be a teacher as defined in Section 16-106 may continue to serve on the board for the remainder of the term to which he or she was elected.

(b) One elected annuitant trustee shall first be elected in 1987, and in every fourth year thereafter, for a term of 4 years beginning July 15 next following his or her election.

(c) The elected annuitant position created by this amendatory Act of the 91st General Assembly shall be filled as soon as possible in the manner provided for vacancies, for an initial term ending July 15, 2001. One elected annuitant trustee shall be elected in 2001, and in every fourth year thereafter, for a term of 4 years beginning July 15 next following his or her election.

(d) Elections shall be held on May 1, unless May 1 falls on a Saturday or Sunday, in which event the election shall be conducted on the following Monday. Candidates shall be nominated by petitions in writing, signed by not less than 500 teachers or annuitants, as the case may be, with their addresses shown opposite their names. The petitions shall be filed with the board's Secretary not less than 90 nor more than 120 days prior to May 1. The Secretary shall determine their validity not less than 75 days before the election.

(e) If, for either teacher or annuitant members, the number of qualified nominees exceeds the number of available positions, the system shall prepare an appropriate ballot with the names of the candidates in alphabetical order and shall mail one copy thereof, at least 10 days prior to the election day, to each teacher or annuitant of this system as of the latest date practicable, at the latest known address, together with a return envelope addressed to the board and also a smaller envelope marked "For
Ballot Only“, and a slip for signature. Each voter, upon marking his ballot with a cross mark in the square before the name of the person voted for, shall place the ballot in the envelope marked "For Ballot Only", seal the envelope, write on the slip provided therefor his signature and address, enclose both the slip and sealed envelope containing the marked ballot in the return envelope addressed to the board, and mail it. Whether a person is eligible to vote for the teacher nominees or the annuitant nominees shall be determined from system payroll records as of March 1.

Upon receipt of the return envelopes, the system shall open them and set aside unopened the envelopes marked "For Ballot Only". On election day ballots shall be publicly opened and counted by the trustees or canvassers appointed therefor. Each vote cast for a candidate represents one vote only. No ballot arriving after 10 o'clock a.m. on election day shall be counted. The 2 teacher candidates and the annuitant candidate receiving the highest number of votes shall be elected. The board shall declare the results of the election, keep a record thereof, and notify the candidates of the results thereof within 30 days after the election.

If, for either class of members, there are only as many qualified nominees as there are positions available, the balloting as described in this Section shall not be conducted for those nominees, and the board shall declare them duly elected.

(f) A vacancy occurring in the elective membership of the board shall be filled for the unexpired term by a person qualified for the vacant position, selected by the remaining elected members of the board, if there are no more than 6 months remaining on the term. For a term with more than 6 months remaining, the Director of the Teachers' Retirement System of the State of Illinois shall institute an election in accordance with this Act to fill the unexpired term.

Section C. Corporate records of the Commission. The Commission shall maintain its corporate books and records in accordance with the by-laws.

Section D. Qualified immunity, defense, and indemnification.

(1) The members, officers, executive director, and employees of the Commission shall be immune from suit and liability, either personally or in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused or arising out of or relating to any actual or alleged act, error, or omission that occurred, or that such person had a reasonable basis for believing occurred within the scope of Commission employment, duties, or responsibilities; provided, that nothing in this paragraph shall be construed to protect any such person from suit or liability, or both, for any damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of any such person, or to protect the Commission acting as Receiver under Article IX of this Compact.

(2) The Commission shall defend any Commissioner of a compacting state, his or her representatives or employees, or the Commission's representatives or employees in any civil action seeking to impose liability against such person arising out of or relating to any actual or alleged act, error, or omission that occurred within the scope of Commission employment, duties, or responsibilities or that such person had a reasonable basis for believing occurred within the scope of Commission employment, duties, or responsibilities; provided, that the actual or alleged act, error, or omission did not result from gross negligence or intentional wrongdoing on the part of such person.

(3) The Commission shall indemnify and hold the Commissioner of a compacting state, his or her representatives or employees, or the Commission's representatives or employees harmless in the amount of any settlement or judgment obtained against such person arising out of or
relating to any actual or alleged act, error, or omission that occurred within the scope of Commission employment, duties, or responsibilities or that such person had a reasonable basis for believing occurred within the scope of Commission employment, duties, or responsibilities; provided, that the actual or alleged act, error, or omission did not result from gross negligence or intentional wrongdoing on the part of such person.

(4) The costs and expenses of defense and indemnification of the Commission acting as Receiver of an estate shall be paid as administrative expenses from the assets of that estate unless such costs and expenses are covered by insurance maintained by the Commission.

ARTICLE VI. MEETINGS AND ACTS OF THE COMMISSION

(1) The Commission shall meet and take such actions as are consistent with the provisions of this Compact.

(2) Except as otherwise provided in this Compact and unless a greater percentage is required by the by-laws, in order to constitute an act of the Commission, such act shall have been taken at a meeting of the Commission and shall have received an affirmative vote of a majority of the members.

(3) Each member of the Commission shall have the right and power to cast a vote to which that compacting state is entitled and to participate in the business and affairs of the Commission. A member shall vote in person and shall not delegate his or her vote to another member. The by-laws may provide for members' participation in meetings by telephone or other means of telecommunication.

(4) The Commission shall meet at least once during each calendar year. The chairperson of the Commission may call additional meetings at any time and, upon the request of a majority of the members, shall call additional meetings.

(5) The Commission's rules shall establish conditions and procedures under which the Commission shall make its information and official records available to the public for inspection or copying. The Commission may exempt from disclosure any information or official records to the extent disclosure would adversely affect personal privacy rights or proprietary interests. In promulgating such rules, the Commission
may consider any special circumstances pertaining to insurer insolvencies, but shall be guided by the principles embodied in state and federal freedom of information laws. The Commission may promulgate additional rules under which it may make available to law enforcement agencies records and information otherwise exempt from disclosure and may enter into agreements with law enforcement agencies to receive or exchange information or records subject to nondisclosure and confidentiality provisions.

(6) Public notice shall be given of all meetings, and all meetings shall be open to the public, except as set forth in the rules or as otherwise provided in this Compact. The Commission shall promulgate rules consistent with the principles contained in the federal Government in Sunshine Act, 5 U.S.C. Section 552b, as may be amended. The Commission and any of its committees may close a meeting to the public where it determines by two-thirds vote that an open meeting would be likely to:

(a) relate solely to the Commission's internal personnel practices and procedures;

(b) disclose matters specifically exempted from disclosure by statute;

(c) disclose trade secrets or commercial or financial information which is privileged or confidential;

(d) involve accusing any person of a crime or formally censuring any person;

(e) disclose information of a personal nature where disclosure would constitute a clearly unwarranted invasion of personal privacy;

(f) disclose investigatory records compiled for law enforcement purposes;

(g) disclose information contained in or related to examination, operating, or condition reports prepared by, on behalf of, or for the use of the Commission with respect to a regulated entity for the purpose of regulation or supervision of such entity;

(h) disclose information, the premature disclosure of which would significantly endanger the stability of a regulated entity;

(i) specifically relate to the Commission's issuance of a subpoena or its participation in a civil action or proceeding.

(7) For every meeting closed pursuant to paragraph (6), the Commission's chief legal officer shall publicly certify that, in his or her opinion, the meeting may be closed to the public and shall reference each relevant exemptive provision. The Commission shall keep minutes which shall fully and clearly describe all matters discussed in any meeting and shall provide a full and accurate summary of any actions taken and the reasons therefor, including a description of each of the views expressed on any item and the record of any roll call vote (reflected in the vote of each member on the question). All documents considered in connection with any action shall be identified in such minutes.

ARTICLE VII. RULEMAKING FUNCTIONS OF THE COMMISSION

(1) The Commission shall promulgate rules and operating procedures in order to effectively and efficiently achieve the purposes of this Compact; provided, that the Commission shall not promulgate any rules: (i) directly relating to Guaranty Associations including, but not limited to, rules governing coverage, funding, or assessment mechanisms, or (ii) (except pursuant to rules promulgated under Article VII(3) of this Compact) altering the statutory priorities for distributing assets out of an estate.

(2) Rulemaking shall occur pursuant to the criteria set forth in this Article and the rules and operating procedures promulgated pursuant thereto. Such rulemaking shall substantially conform to the principles of the federal Administrative Procedure Act, 5 U.S.C.S. Section 551 et seq. and the Federal Advisory Committee Act, 5 U.S.C.S. app. 2, Section 1 et seq., as may be amended.

(3) Other than the promulgation of such rules as are necessary for the orderly operation of the Commission, the first rule to be considered by the Commission shall be uniform provisions governing insurer receiverships including, but not limited to, provisions requiring compacting states to implement, execute, and administer in a fair, just,
effective, and efficient manner rules and operating procedures relating to receiverships. The Commission shall within 3 years of the adoption of this Compact by 2 or more states, promulgate such uniform provisions through the rulemaking process. Such uniform provisions shall become law in all of the compacting states upon legislative enactment in a majority of the compacting states.

(4) All rules and amendments shall become binding as of the date specified in each rule or amendment; provided, that if a compacting state expressly rejects such rule or amendment through legislative enactment as of the expiration of the second full calendar year after such rule is promulgated, such rule or amendment shall have no further force or effect in the rejecting compacting state. If a majority of compacting states reject a rule, then such rule shall have no further force or effect in any compacting state.

(5) When promulgating a rule or operating procedure, the Commission shall:

(a) effect publication of the proposed rulemaking, stating with particularity the text of the rule or operating procedure which is proposed and the reason for the proposed rule or operating procedure;

(b) allow persons to submit written data, facts, opinions and arguments, which information the Commission shall make publicly available;

(c) provide an opportunity for an informal hearing; and

(d) promulgate a final rule or operating procedure and its effective date, if appropriate, based on the rulemaking record.

(6) Not later than 60 days after a rule or operating procedure is promulgated, any interested person may file a petition in a court of competent jurisdiction where the Commission's principal office is located for judicial review of such rule or operating procedure. If the court finds that the Commission's action is not supported by substantial evidence in the rulemaking record, the court shall hold the rule unlawful and set it aside.

(2) To aid its monitoring, oversight, and coordination responsibilities, the Commission shall establish operating procedures requiring each member to submit written reports to the Commission as follows:

(a) An initial report to the Commission upon a finding or other official action by the compacting state that grounds exist for receivership of an insurer doing business in more than one state. Thereafter, reports shall be submitted periodically and as otherwise required pursuant to the Commission's operating procedures. The Commission shall be entitled to receive notice of, and shall have standing to appear in, compacting states' receiverships.

(b) An initial report of the status of an insurer within a reasonable time after the initiation of a receivership.

(3) The Commission shall promulgate operating procedures requiring Receivers to submit to the Commission periodic written reports and such additional information and documentation as the Commission may reasonably request. Each compacting state's Receivers shall establish the capability to obtain and provide all such records, data, and information required by the Commission in accordance with the Commission's operating procedures.

(4) Except as to privileged records, data, and information, the laws of any compacting state pertaining to confidentiality or nondisclosure shall not relieve any compacting state Commissioner of the responsibility to disclose any relevant records, data, or information to the Commission; provided, that disclosure to the Commission shall not be deemed to waive or otherwise affect any confidentiality requirement; and further provided, that the Commission shall be subject to the compacting state's laws

In any receivership or other judicial or administrative proceeding in a compacting state pertaining to the subject matter of this Compact which may affect the powers, responsibilities, or actions of the Commission, the Commission shall be entitled to receive all service of process in any such proceeding and shall have standing to intervene in the receivership or proceeding for all purposes.

(6) The Commission shall analyze and correlate records, data, information, and reports received from Receivers and Guaranty Associations and shall make recommendations for improving their performance to the compacting states. (a) The Commission as Receiver shall have all powers and duties pursuant to the receivership laws of the domiciliary state.

(b) The Commission shall maintain accounts of receipts and disbursements of the estates for which it is acting as Receiver, consistent with the accounting practices and procedures set forth in the by-laws.

(c) The Commission shall cause an annual audit of each estate for which it is acting as Receiver, to be conducted by an independent certified public accountant. The costs and expenses of such audit shall be paid as administrative expenses from the assets of the estate. The Commission shall not cause an audit to be conducted of any estate that lacks sufficient assets to conduct such audit.

(d) The Commission as Receiver is authorized to delegate its receivership duties and functions and to effectuate such delegation through contracts with others.

(2) The Commission shall act as Receiver of any insurer domiciled or doing business in a compacting state in the event that the member acting as Receiver in that compacting state fails to comply with duly promulgated Commission rules or operating procedures. The Commission shall notify such member in writing of noncompliance with Commission rules or operating procedures. If the member acting as Receiver fails to remedy such noncompliance within 10 days after receipt of such notification, the Commission may petition the supervising court before which such receivership is pending for an order substituting and appointing the Commission as Receiver of the estate.

(3) The Commission shall not act as Receiver of an estate which appears to lack sufficient assets to fund such receivership unless the compacting state makes provisions for the payment of the estate's administrative expenses satisfactory to the Commission.

(4) The Commission may act as Deputy Receiver for any insurer domiciled or doing business in a non-compacting state in accordance with such state's laws upon request of that non-compacting state's Commissioner and approval of the Commission.

(a) the Commission may act as Receiver of an insurer upon the request of that compacting state's member and approval of the Commission; and

(b) the Commission shall oversee, monitor, and coordinate the activities of all receiverships pending in that compacting state regardless whether the Commission is acting as Receiver of estates in such state.

ARTICLE X. FINANCE

(1) The Commission shall pay or provide for the payment of the reasonable expenses of its establishment and organization.

(2) Except as otherwise provided in this Compact or by act of the Commission, the costs and expenses of each compacting state shall be the sole and exclusive responsibility of the respective compacting state. The Commission may pay or provide for actual and necessary costs and expenses for attendance of its members at official meetings of the Commission or its designated committees.

(3) The Commission shall levy on and collect an annual assessment from each compacting state and each insurer authorized to do business in a compacting state, and writing direct insurance, to cover the cost of the internal operations and activities of the Commission and its staff in a total amount sufficient to cover the Commission's annual budget.

(a) The aggregate annual assessment amount shall be allocated 75% to insurers, hereinafter referred to as the "insurers' portion", and 25% to compacting states, hereinafter referred to as the "compacting states' portion". The insurer portion shall be allocated to each insurer by the percentage derived from a fraction, the numerator of which shall be the gross direct written premium received on that insurer's business in all compacting states and the denominator of which shall be the gross direct written premium received by all insurers on business in all compacting states. state by the percentage derived from a fraction, the numerator of which shall be the gross direct written premium received by all insurers on business in that compacting state and the denominator shall be the gross direct written premium received on all insurers on business in all compacting states. A compacting state's portion shall be funded as designated by that state's legislature. In no event shall an insurer's assessment be less than $50 or more than $25,000; provided, that affiliated insurers' combined assessments shall not exceed $50,000. Upon the request of an insurer, the Commission may exempt or defer the assessment of any insurer if such assessment would cause the insurer's financial impairment.

(b) These assessments shall not be used to pay any costs or expenses incurred by the Commission and its staff acting as Receiver of estates. Such costs and expenses shall be paid as administrative expenses from the assets of the estates as provided by law, except as otherwise provided in this Compact.

(c) An insurer authorized to do business in a compacting state shall timely pay assessments to the Commission. Failure to pay such assessments shall not be grounds for the revocation, suspension, or denial of an insurer's authority to do business, but shall subject the insurer to suit by the Commission for recovery of any assessment due, attorneys' fees, and costs, together with interest from the date the assessment is due at a rate of 10% per annum, and to civil forfeiture in an amount to be determined by the Commissioner of that compacting state in which the insurer received the greatest premium in the year next preceding the first year for which the insurer shall be delinquent in payment of assessments.

(4) The Commission shall be reimbursed in the following manner for the costs and expenses incurred by the Commission and its staff acting as Receiver of estates to the extent that an insurer's assets may be insufficient for the effective administration of its estate:

(5) To fund the cost of the initial operations of the Commission until its first annual budget is adopted and related assessments have been made, contributions from compacting states and others may be accepted and a one time assessment on insurers doing a direct insurance business in the compacting states may be made not to exceed $450 per insurer.

(6) The Commission's adopted budget for a fiscal year shall not be approved until it has been subject to notice and comment as set forth in Article VII of this Compact. The budget shall determine the amount of the annual assessment. The Commission may accumulate a net worth not to exceed 30% of its then annual cost of operation to provide for contingencies and events not contemplated. These accumulated funds shall be held separately and shall not be used for any other purpose. The Commission's budget may include a provision for a contribution to the Commission's net worth.

(7) The Commission shall be exempt from all taxation in and by the compacting states.

(8) The Commission shall not pledge the credit of any compacting state, except by and with the appropriate legal authority of that compacting state.

(9) The Commission shall keep complete and accurate accounts of all its internal receipts (including grants and donations) and disbursements of all funds, other than receivership assets, under its control. Commission shall be audited annually by an independent certified public accountant. Upon the determination of the Commission, but no less frequently than every 3 years, the review of such independent auditor shall include a management and performance audit of the Commission. The report of such independent audit shall be made available to the public and shall be included in and become part of the annual report of the Commission to the Governors and legislatures of the compacting states. (10) No compacting state shall have any claim to or ownership of any property held by or vested in the Commission or the Commission acting as Receiver or to any other Commission funds held pursuant to the provisions of this Compact.

ARTICLE XI. COMPACTING STATES, EFFECTIVE DATE, AND AMENDMENT

(1) Any state is eligible to become a compacting state.

(2) The Compact shall become effective and binding upon legislative enactment of the Compact into law by 2 compacting states. Thereafter, it shall become effective and binding as to any other compacting state upon enactment of the Compact into law by that state.

(3) Amendments to the Compact may be proposed by the Commission for enactment by the compacting states. No amendment shall become effective and binding upon the Commission and the compacting states unless and until it is enacted into law by unanimous consent of the compacting states.

ARTICLE XII. WITHDRAWAL, DEFAULT, AND TERMINATION

Section A. Withdrawal.

(1) Once effective, the Compact shall continue in force and remain binding upon each and every compacting state; provided, that a
compacting state may withdraw from the Compact ("withdrawing state") by enacting a statute specifically repealing the statute which enacted the Compact into law.

(2) The effective date of withdrawal is the effective date of the repeal; provided, that the repeal shall not apply to any receiverships, for which the Commission is acting as Receiver, pending on the date of the repeal except by mutual agreement of the Commission and the withdrawing state.

(3) The withdrawing state shall immediately notify the Chairperson of the Commission in writing upon the introduction of legislation repealing this Compact in the withdrawing state.

(4) The Commission shall notify the other compacting states of the withdrawing state's intent to withdraw within 60 days of its receipt thereof.

(5) The withdrawing state is responsible for all assessments, obligations, and liabilities incurred through the effective date of withdrawal, including any obligations, the performance of which extend beyond the effective date of withdrawal, except to the extent those obligations may have been released or relinquished by mutual agreement of the Commission and the withdrawing state. Notwithstanding the foregoing, the withdrawing state is responsible for the costs and expenses of its estates subject to this Compact pending on the date of repeal; the Commission and the other estates subject to this Compact shall not bear any costs and expenses related to the withdrawing state's estates unless otherwise mutually agreed upon between the Commission and the withdrawing state.

(6) Reinstatement following withdrawal of any compacting state shall occur upon the withdrawing state reenacting the Compact or upon such later date as determined by the Commission.

Section B. Default.

(1) If the Commission determines that any compacting state has at any time defaulted ("defaulting state") in the performance of any of its obligations or responsibilities under this Compact, the by-laws, or duly promulgated rules, all rights, privileges, and benefits conferred by this Compact and any agreements entered into pursuant to this Compact shall

be suspended from the effective date of default as fixed by the Commission. The grounds for default include, but are not limited to, failure of a compacting state to perform such obligations or responsibilities and any other grounds designated in Commission rules. The Commission shall immediately notify the defaulting state in writing of the defaulting state's suspension pending a cure of the default. The Commission shall stipulate the conditions and the time period within which the defaulting state must cure its default. If the defaulting state fails to cure the default within the time period specified by the Commission, the defaulting state shall be terminated from the Compact upon an affirmative vote of a majority of the compacting states and all rights, privileges, and benefits conferred by this Compact shall be terminated from the effective date of termination.

(2) Within 60 days of the effective date of termination of a defaulting state, the Commission shall notify the Governor and the Majority and Minority Leaders of the defaulting state's legislature of such termination.

(3) The termination of a defaulting state shall apply to all receiverships, for which the Commission is acting as Receiver, pending on the effective date of termination except by mutual agreement of the Commission and the defaulting state.

(4) The defaulting state is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination and is responsible for the costs and expenses relating to its estates subject to this Compact pending on the date of the termination. The Commission and the other estates subject to this Compact shall not bear any costs or expenses relating the defaulting state's estates unless otherwise mutually agreed upon between the Commission and the defaulting state.

(5) Reinstatement following termination of any compacting state requires both a reenactment of the Compact by the defaulting state and the approval of the Commission pursuant to the rules.

Section C. Dissolution of Compact.
(1) The Compact dissolves effective upon the date of the withdrawal or the termination by default of the compacting state which reduces membership in the Compact to one compacting state.

(2) Upon the dissolution of this Compact, the Compact becomes null and void and shall be of no further force or effect, and the business and affairs of the Commission shall be wound up and any surplus funds shall be distributed in accordance with the by-laws.

ARTICLE XIII. SEVERABILITY AND CONSTRUCTION

(1) The provisions of this Compact shall be severable, and if any phrase, clause, sentence, or provision is deemed unenforceable, the remaining provisions of the Compact shall be enforceable.

(2) The provisions of this Compact shall be liberally construed to effectuate its purposes.

ARTICLE XIV. BINDING EFFECT OF COMPACT AND OTHER LAWS

Section A. Other laws.

(1) Nothing herein prevents the enforcement of any other law of a compacting state that is not inconsistent with this Compact.

(2) All compacting states' laws conflicting with this Compact are superseded to the extent of the conflict.

Section 455. The Special Assessment Supplemental Bond and Procedures Act is amended by changing Section 55 as follows:

(50 ILCS 460/55)

Sec. 55. County clerk may collect. Pursuant to the Illinois constitutional and statutory provisions relating to intergovernmental cooperation, the county clerk of any county in which property subject to a special assessment is located may, but shall not be required to, agree to mail bills for a special assessment with the regular tax bills of the county, or otherwise as may be provided by a special assessment law. If the clerk agrees to mail such bills with the regular tax bills, then the annual amount due as of January 2 shall become due instead in even installments with each tax bill made during the year in which such January 2 date occurs, thus deferring to later date in the year the obligation to pay the assessments.

In the event that the county clerk does not agree to mail the such bills, or if in the event that the municipality declines to request the county clerk to mail the said bills, the municipality still may bill the annual amount due, as of January 2nd, in 2 even installments to become due on or about the due dates for the real estate tax bills issued by the county clerk during the year in which the January 2nd date occurs, thus thereby deferring to later dates in said year the obligation to pay the assessment installment to later dates in that year.

If in the event that the county clerk agrees to mail the such bills on behalf of a municipality, the county may charge a fee for such services to be paid from the special assessment. The Such fee shall be considered as a cost of making, levying, and collecting the assessment provided for in Section 9-2-139 of the Illinois Municipal Code.

Section 460. The Emergency Telephone System Act is amended by changing Section 15.3 as follows:

New matter indicated by italics - deletions by strikeout
(50 ILCS 750/15.3) (from Ch. 134, par. 45.3)
Sec. 15.3. Surcharge.

(a) The corporate authorities of any municipality or any county may, subject to the limitations of subsections (c), (d), and (h), and in addition to any tax levied pursuant to the Simplified Municipal Telecommunications Tax Act, impose a monthly surcharge on billed subscribers of network connection provided by telecommunication carriers engaged in the business of transmitting messages by means of electricity originating within the corporate limits of the municipality or county imposing the surcharge at a rate per network connection determined in accordance with subsection (c). Provided, however, that where multiple voice grade communications channels are connected between the subscriber's premises and a public switched network through private branch exchange (PBX) or central exchange service, a municipality imposing a surcharge at a rate per network connection, as determined in accordance with this Act, shall impose 5 such surcharges per network connection, as determined in accordance with subsections (a) and (d) of Section 2.12 of this Act. For mobile telecommunications services, if a surcharge is imposed it shall be imposed based upon the municipality or county that encompasses the customer's place of primary use as defined in the Mobile Telecommunications Sourcing Conformity Act. A municipality may enter into an intergovernmental agreement with any county in which it is partially located, when the county has adopted an ordinance to impose a surcharge as provided in subsection (c), to include that portion of the municipality lying outside the county in that county's surcharge referendum. If the county's surcharge referendum is approved, the portion of the municipality identified in the intergovernmental agreement shall automatically be disconnected from the county in which it lies and connected to the county which approved the referendum for purposes of a surcharge on telecommunications carriers.

(b) For purposes of computing the surcharge imposed by subsection (a), the network connections to which the surcharge shall apply shall be those in-service network connections, other than those network connections assigned to the municipality or county, where the service

address for each such network connection or connections is located within the corporate limits of the municipality or county levying the surcharge. Except for mobile telecommunication services, the "service address" shall mean the location of the primary use of the network connection or connections. For mobile telecommunication services, "service address" means the customer's place of primary use as defined in the Mobile Telecommunications Sourcing Conformity Act. With respect to network connections provided for use with pay telephone services for which there is no billed subscriber, the telecommunications carrier providing the network connection shall be deemed to be its own billed subscriber for purposes of applying the surcharge.

(c) Upon the passage of an ordinance to impose a surcharge under this Section the clerk of the municipality or county shall certify the question of whether the surcharge may be imposed to the proper election authority who shall submit the public question to the electors of the municipality or county in accordance with the general election law; provided that such question shall not be submitted at a consolidated primary election. The public question shall be in substantially the following form:

---------------------------------------------

Shall the county (or city, village or incorporated town) of ..... impose a surcharge of up to ...¢ per month per network connection, which surcharge will be added to the monthly bill you receive for telephone or telecommunications charges, for the purpose of installing (or improving) a 9-1-1 Emergency Telephone System?  YES

---------------------------------------------

If a majority of the votes cast upon the public question are in favor thereof, the surcharge shall be imposed.

However, if a Joint Emergency Telephone System Board is to be created pursuant to an intergovernmental agreement under Section 15.4,
the ordinance to impose the surcharge shall be subject to the approval of a majority of the total number of votes cast upon the public question by the electors of all of the municipalities or counties, or combination thereof, that are parties to the intergovernmental agreement.

The referendum requirement of this subsection (c) shall not apply to any municipality with a population over 500,000 or to any county in which a proposition as to whether a sophisticated 9-1-1 Emergency Telephone System should be installed in the county, at a cost not to exceed a specified monthly amount per network connection, has previously been approved by a majority of the electors of the county voting on the proposition at an election conducted before the effective date of this amendatory Act of 1987.

(d) A county may not impose a surcharge, unless requested by a municipality, in any incorporated area which has previously approved a surcharge as provided in subsection (c) or in any incorporated area where the corporate authorities of the municipality have previously entered into a binding contract or letter of intent with a telecommunications carrier to provide sophisticated 9-1-1 service through municipal funds.

(e) A municipality or county may at any time by ordinance change the rate of the surcharge imposed under this Section if the new rate does not exceed the rate specified in the referendum held pursuant to subsection ©).

(f) The surcharge authorized by this Section shall be collected from the subscriber by the telecommunications carrier providing the subscriber the network connection as a separately stated item on the subscriber's bill.

(g) The amount of surcharge collected by the telecommunications carrier shall be paid to the particular municipality or county or Joint Emergency Telephone System Board not later than 30 days after the surcharge is collected, net of any network or other 9-1-1 or sophisticated 9-1-1 system charges then due the particular telecommunications carrier, as shown on an itemized bill. The telecommunications carrier collecting the surcharge shall also be entitled to deduct 3% of the gross amount of surcharge collected to reimburse the telecommunications carrier for the expense of accounting and collecting the surcharge.

(h) Except as expressly provided in subsection (a) of this Section, a municipality with a population over 500,000 may not impose a monthly surcharge in excess of $1.25 per network connection.

(i) Any municipality or county or joint emergency telephone system board that has imposed a surcharge pursuant to this Section prior to the effective date of this amendatory Act of 1990 shall hereafter impose the surcharge in accordance with subsection (b) of this Section.

(j) The corporate authorities of any municipality or county may issue, in accordance with Illinois law, bonds, notes or other obligations secured in whole or in part by the proceeds of the surcharge described in this Section. Notwithstanding any change in law subsequent to the issuance of any bonds, notes or other obligations secured by the surcharge, every municipality or county issuing such bonds, notes or other obligations shall be authorized to impose the surcharge as though the laws relating to the imposition of the surcharge in effect at the time of issuance of the bonds, notes or other obligations were in full force and effect until the bonds, notes or other obligations are paid in full. The State of Illinois pledges and agrees that it will not limit or alter the rights and powers vested in municipalities and counties by this Section to impose the surcharge so as to impair the terms of or affect the security for bonds, notes or other obligations secured in whole or in part with the proceeds of the surcharge described in this Section.

Sec. 35-50.2. Construction of senior citizens' housing; revenue bonds.  
(a) For the purpose of defraying the cost of the construction, purchase, improvement, extension, or equipping from time to time of senior citizens' housing, including feasibility, engineering, legal, and other expenses, together with interest on its revenue bonds, to the fullest extent permitted by the provisions of Section 9 of the Local Government Debt Reform Act, the township board, when authorized by a majority of the votes cast on the proposition submitted in accordance with the general election law under Section 35-50.3, may issue and sell revenue bonds of the township payable solely from the net income and revenue derived from the operation of the senior citizens' housing, after payment of the costs of operation and maintenance of the senior citizens' housing and provision for an adequate depreciation fund (if a depreciation fund is deemed necessary by the township board). The township board may also from time to time issue revenue bonds to refund any such revenue bonds, at the redemption price authorized, at maturity or at any time before maturity, all as authorized in the ordinance of the township board authorizing the refunded bonds. The bonds shall bear interest at a rate or rates not to exceed the maximum rate authorized by the Bond Authorization Act, as
amended at the time of the making of the contract for the sale of the bonds, the interest shall be payable semi-annually, and the bonds shall mature within the period of usefulness of the project involved, as determined in the sole discretion of the township board and in any event not more than 40 years from the dated date of the bonds.

(b) The bonds shall be sold in the manner determined by the township board and, whenever the bonds are sold at a price less than par, they shall be sold at a price and bear interest at a rate or rates such that either the true interest cost (yield) or the net interest rate, as selected by the township board, received on the sale of the bonds, does not exceed the maximum rate otherwise authorized by the Bond Authorization Act. If any officer whose signature appears on the bonds or coupons attached to the bonds ceases to be an officer before the delivery of the bonds to the purchaser, his or her signature shall nevertheless be valid and sufficient for all purposes to the same effect as if he or she had remained in office until the delivery of the bonds.

(c) Notwithstanding the form or tenor of the bonds, and in the absence of expressed recitals on the face of the bonds that the bonds are non-negotiable, all bonds issued under this Section shall have all the qualities of negotiable instruments under the law of this State.

(d) With respect to instruments for the payment of money issued under Sections 35-50.1 through 35-50.6, including, without limitation, revenue bonds of a township, it is the intention of the General Assembly (i) that the Omnibus Bond Acts are supplementary grants of power to issue those instruments in accordance with the Omnibus Bond Acts, regardless of any provision of Sections 35-50.1 through 35-50.6 that may appear to be more restrictive than those Acts, (ii) that the provisions of Sections 35-50.1 through 35-50.6 are not a limitation on the supplementary authority granted by the Omnibus Bond Acts, and (iii) that instruments issued under Sections 35-50.1 through 35-50.6 within the supplementary authority granted by the Omnibus Bond Acts are not invalid because of any provision of Sections 35-50.1 through 35-50.6 that may appear to be more restrictive than those Acts.

(e) Revenue bonds issued under Sections 35-50.1 through 35-50.6 shall be payable solely from the net revenue derived from the operation of the senior citizens' housing on account of which the revenue bonds are issued. The revenue bonds shall not in any event constitute an indebtedness of the township within the meaning of any constitutional or statutory limitation, and it shall be so stated on the face of each bond.

(f) Not less than 30 days before the making of a contract for the sale of bonds to be issued under Sections 35-50.1 through 35-50.6, the township board shall give written notice to the Executive Director of the Illinois Housing Development Authority. Within 30 days after receiving the notice the Executive Director of the Illinois Housing Development Authority shall give written notice to the township board stating whether it will finance the senior citizens' housing. If the Illinois Housing Development Authority notifies the township board that it will not finance the senior citizens' housing, the township may finance the senior citizens' housing or seek alternative financing from any other available source.

(60 ILCS 1/85-50)

Sec. 85-50. Demolition, repair, or enclosure of buildings.

(a) The township board of any township may formally request the county board to commence specified proceedings with respect to property located within the township but outside the territory of any municipality as provided in Section 5-1121 of the Counties Code. If the county board declines the request as provided in Section 5-1121 of the Counties Code, the township may exercise its powers under this Section.

(b) The township board of each township may demolish, repair, or enclose or cause the demolition, repair, or enclosure of dangerous and unsafe buildings or uncompleted and abandoned buildings within the territory of the township and may remove or cause the removal of garbage, debris, and other hazardous, noxious, or unhealthy substances or materials from those buildings.

The township board shall apply to the circuit court of the county in which the building is located (i) for an order authorizing action to be taken with respect to a building if the owner or owners of the building, including
the lien holders of record, after at least 15 days' written notice by mail to do so, have failed to commence proceedings to put the building in a safe condition or to demolish it or (ii) for an order requiring the owner or owners of record to demolish, repair, or enclose the building or to remove garbage, debris, and other hazardous, noxious, or unhealthy substances or materials from the building. It is not a defense to the cause of action that the building is boarded up or otherwise enclosed, although the court may order the defendant to have the building boarded up or otherwise enclosed. Where, upon diligent search, the identity or whereabouts of the owner or owners of the building, including the lien holders of record, is not ascertainable, notice mailed to the person or persons in whose name the real estate was last assessed and the posting of the notice upon the premises sought to be demolished or repaired is sufficient notice under this Section.

The hearing upon the application to the circuit court shall be expedited by the court and shall be given precedence over all other suits.

The cost of the demolition, repair, enclosure, or removal incurred by the township, by an intervenor, or by a lien holder of record, including court costs, attorney's fees, and other costs related to the enforcement of this Section, is recoverable from the owner or owners of the real estate or the previous owner or both if the property was transferred during the 15-day notice period and is a lien on the real estate if, within 180 days after the repair, demolition, enclosure, or removal, the township, the lien holder of record, or the intervenor who incurred the cost and expense shall file a notice of lien for the cost and expense incurred in the office of the recorder in the county in which the real estate is located or in the office of the registrar of titles of the county if the real estate affected is registered under the Registered Titles (Torrens) Act. The lien becomes effective at the time of filing.

The notice must consist of a sworn statement setting out (1) a description of the real estate sufficient for its identification, (2) the amount of money representing the cost and expense incurred, and (3) the date or dates when the cost and expense was incurred by the township, the lien holder of record, or the intervenor. Upon payment of the cost and expense

by the owner of or persons interested in the property after the notice of lien has been filed, the lien shall be released by the township, the person in whose name the lien has been filed, or the assignee of the lien, and the release may be filed of record as in the case of filing notice of lien. Unless the lien is enforced under subsection (c), the lien may be enforced by foreclosure proceedings as in the case of mortgage foreclosures under Article XV of the Code of Civil Procedure or mechanics' lien foreclosures. An action to foreclose this lien may be commenced at any time after the date of filing of the notice of lien. The costs of foreclosure incurred by the township, including court costs, reasonable attorney's fees, advances to preserve the property, and other costs related to the enforcement of this subsection, plus statutory interest, are a lien on the real estate and are recoverable by the township from the owner or owners of the real estate.

All liens arising under this subsection (b) shall be assignable. The assignee of the lien shall have the same power to enforce the lien as the assigning party, except that the lien may not be enforced under subsection (c).

(c) In any case where a township has obtained a lien under subsection (b), the township may enforce the lien under this subsection (c) in the same proceeding in which the lien is authorized.

A township desiring to enforce a lien under this subsection (c) shall petition the court to retain jurisdiction for foreclosure proceedings under this subsection. Notice of the petition shall be served, by certified or registered mail, on all persons who were served notice under subsection (b). The court shall conduct a hearing on the petition not less than 15 days after the notice is served. If the court determines that the requirements of this subsection (c) have been satisfied, it shall grant the petition and retain jurisdiction over the matter until the foreclosure proceeding is completed. The costs of foreclosure incurred by the township, including court costs, reasonable attorneys' fees, advances to preserve the property, and other costs related to the enforcement of this subsection, plus statutory interest, are a lien on the real estate and are recoverable by the township from the owner or owners of the real estate. If the court denies the petition, the

township may enforce the lien in a separate action as provided in subsection (b).

All persons designated in Section 15-1501 of the Code of Civil Procedure as necessary parties in a mortgage foreclosure action shall be joined as parties before issuance of an order of foreclosure. Persons designated in Section 15-1501 of the Code of Civil Procedure as permissible parties may also be joined as parties in the action.

The provisions of Article XV of the Code of Civil Procedure applicable to mortgage foreclosures shall apply to the foreclosure of a lien under this subsection (c), except to the extent that those provisions are inconsistent with this subsection. For purposes of foreclosures of liens under this subsection, however, the redemption period described in subsection (c) of Section 15-1603 of the Code of Civil Procedure shall end 60 days after the date of entry of the order of foreclosure.

(d) In addition to any other remedy provided by law, the township board of any township may petition the circuit court to have property declared abandoned under this subsection (d) if:

   (1) the property has been tax delinquent for 2 or more years or bills for water service for the property have been outstanding for 2 or more years;

   (2) the property is unoccupied by persons legally in possession; and

   (3) the property contains a dangerous or unsafe building.

All persons having an interest of record in the property, including tax purchasers and beneficial owners of any Illinois land trust having title to the property, shall be named as defendants in the petition and shall be served with process. In addition, service shall be had under Section 2-206 of the Code of Civil Procedure as in other cases affecting property.

The township, however, may proceed under this subsection in a proceeding brought under subsection (b). Notice of the petition shall be served by certified or registered mail on all persons who were served notice under subsection (b).

If the township proves that the conditions described in this subsection exist and the owner of record of the property does not enter an

New matter indicated by italics - deletions by strikeout
appearance in the action, or, if title to the property is held by an Illinois land trust, if neither the owner of record nor the owner of the beneficial interest of the trust enters an appearance, the court shall declare the property abandoned.

If that determination is made, notice shall be sent by certified or registered mail to all persons having an interest of record in the property, including tax purchasers and beneficial owners of any Illinois land trust having title to the property, stating that title to the property will be transferred to the township unless, within 30 days of the notice, the owner of record enters an appearance in the action, or unless any other person having an interest in the property files with the court a request to demolish the dangerous or unsafe building or to put the building in safe condition.

If the owner of record enters an appearance in the action within the 30-day period, the court shall vacate its order declaring the property abandoned. In that case, the township may amend its complaint in order to initiate proceedings under subsection (b).

If a request to demolish or repair the building is filed within the 30-day period, the court shall grant permission to the requesting party to demolish the building within 30 days or to restore the building to safe condition within 60 days after the request is granted. An extension of that period for up to 60 additional days may be given for good cause. If more than one person with an interest in the property files a timely request, preference shall be given to the person with the lien or other interest of the highest priority.

If the requesting party proves to the court that the building has been demolished or put in a safe condition within the period of time granted by the court, the court shall issue a quitclaim judicial deed for the property to the requesting party, conveying only the interest of the owner of record, upon proof of payment to the township of all costs incurred by the township in connection with the action, including but not limited to court costs, attorney's fees, administrative costs, the costs, if any, associated with building enclosure or removal, and receiver's certificates. The interest in the property so conveyed shall be subject to all liens and encumbrances on the property. In addition, if the interest is conveyed to a person holding a

New matter indicated by italics - deletions by strikeout
certificate of purchase for the property under the Property Tax Code, the conveyance shall be subject to the rights of redemption of all persons entitled to redeem under that Act, including the original owner of record.

If no person with an interest in the property files a timely request or if the requesting party fails to demolish the building or put the building in safe condition within the time specified by the court, the township may petition the court to issue a judicial deed for the property to the county. A conveyance by judicial deed shall operate to extinguish all existing ownership interests in, liens on, and other interest in the property, including tax liens.

Any annual fee charged for a license to operate a horse-drawn vehicle may not exceed $50. (a) The township board may raise money by taxation deemed necessary to be expended to provide general assistance in the township to persons needing that assistance as provided in the Illinois Public Aid Code, including persons eligible for assistance under the Military Veterans Assistance Act, where that duty is provided by law. needed in the township for general assistance. The board may decrease the maximum tax rate by ordinance.

(b) Except as otherwise provided in this subsection, if the board desires to increase the maximum tax rate, it shall order a referendum on that proposition to be held at an election in accordance with the general election law. The board shall certify the proposition to the proper election officials, who shall submit the proposition to the voters at an election in accordance with the general election law. If a majority of the votes cast on the proposition is in favor of the proposition, the board may annually levy the tax at a rate not exceeding the higher rate approved by the voters at the election. If, however, the board has decreased the maximum tax rate under subsection (a), then it may, at any time after the decrease, increase the maximum tax rate, by ordinance, to a rate less than or equal to the maximum tax rate immediately prior to the board's ordinance to decrease the rate.

(c) If a city, village, or incorporated town having a population of more than 500,000 is located within or partially within a township, then the entire amount of the tax levied by the township for the purpose of providing general assistance under this Section on property lying within that city, village, or incorporated town, less the amount allowed for collecting the tax, shall be paid over by the treasurer of the township to the treasurer of the city, village, or incorporated town to be appropriated and used by the city, village, or incorporated town for the relief and support of persons needing general assistance residing in that portion of the city, village, or incorporated town located within the township in accordance with the Illinois Public Aid Code.

(d) Any taxes levied for general assistance before or after this Section takes effect may also be used for the payment of warrants issued against and in anticipation of those taxes and accrued interest on those warrants and may also be used to pay the cost of administering that assistance.

(e) In any township with a population of less than 500,000 that receives no State funding for the general assistance program and that has not issued anticipation warrants or otherwise borrowed monies for the
administration of the general assistance program during the township's previous 3 fiscal years of operation, a one time transfer of monies from the township's general assistance fund may be made to the general township fund pursuant to action by the township board. This transfer may occur only to the extent that the amount of monies remaining in the general assistance fund after the transfer is equal to the greater of (i) the amount of the township's expenditures in the previous fiscal year for general assistance or (ii) an amount equal to either 0.10% of the last known total equalized value of all taxable property in the township, or 100% of the highest amount levied for general assistance purposes in any of the three previous fiscal years. The transfer shall be completed no later than one year after the effective date of this amendatory Act of the 92nd General Assembly. No township that has certified a new levy or an increase in the levy under this Section during calendar year 2002 may transfer monies under this subsection. No action on the transfer of monies under this subsection shall be taken by the township board except at a township board meeting. No monies transferred under this subsection shall be considered in determining whether the township qualifies for State funds to supplement local funds for public aid purposes under Section 12-21.13 of the Illinois Public Aid Code.

In any county having adopted by referendum or otherwise a county health department as provided by Division 5-25 of the Counties Code or its predecessor, the county board of that county may exercise those powers with regard to dangerous and unsafe buildings or uncompleted and abandoned buildings within the territory of any city, village, or incorporated town having less than 50,000 population.

The corporate authorities shall apply to the circuit court of the county in which the building is located (i) for an order authorizing action to be taken with respect to a building if the owner or owners of the building, including the lien holders of record, after at least 15 days' written notice by mail so to do, have failed to put the building in a safe condition or to demolish it or (ii) for an order requiring the owner or owners of record to demolish, repair, or enclose the building or to remove garbage, debris, and other hazardous, noxious, or unhealthy substances or materials from the building. It is not a defense to the cause of action that the building is boarded up or otherwise enclosed, although the court may order the defendant to have the building boarded up or otherwise enclosed. Where, upon diligent search, the identity or whereabouts of the owner or owners of the building, including the lien holders of record, is not ascertainable, notice mailed to the person or persons in whose name the real estate was last assessed is sufficient notice under this Section.

The hearing upon the application to the circuit court shall be expedited by the court and shall be given precedence over all other suits. Any person entitled to bring an action under subsection (b) shall have the right to intervene in an action brought under this Section.

The cost of the demolition, repair, enclosure, or removal incurred by the municipality, by an intervenor, or by a lien holder of record, including court costs, attorney's fees, and other costs related to the enforcement of this Section, is recoverable from the owner or owners of the real estate or the previous owner or both if the property was transferred during the 15 day notice period and is a lien on the real estate; the lien is superior to all prior existing liens and encumbrances, except taxes, if, within 180 days after the repair, demolition, enclosure, or removal, the municipality, the lien holder of record, or the intervenor who incurred the cost and expense shall file a notice of lien for the cost and expense incurred in the office of the recorder in the county in which the real estate is located or in the office of the registrar of titles of the county if the real estate affected is registered under the Registered Titles (Torrens) Act.

The notice must consist of a sworn statement setting out (1) a description of the real estate sufficient for its identification, (2) the amount

of money representing the cost and expense incurred, and (3) the date or
dates when the cost and expense was incurred by the municipality, the lien
holder of record, or the intervenor. Upon payment of the cost and expense
by the owner of or persons interested in the property after the notice of lien
has been filed, the lien shall be released by the municipality, the person in
whose name the lien has been filed, or the assignee of the lien, and the
release may be filed of record as in the case of filing notice of lien. Unless
the lien is enforced under subsection (c), the lien may be enforced by
foreclosure proceedings as in the case of mortgage foreclosures under
Article XV of the Code of Civil Procedure or mechanics' lien foreclosures.
An action to foreclose this lien may be commenced at any time after the
date of filing of the notice of lien. The costs of foreclosure incurred by the
municipality, including court costs, reasonable attorney's fees, advances to
preserve the property, and other costs related to the enforcement of this
subsection, plus statutory interest, are a lien on the real estate and are
recoverable by the municipality from the owner or owners of the real
estate.

All liens arising under this subsection (a) shall be assignable. The
assignee of the lien shall have the same power to enforce the lien as the
assigning party, except that the lien may not be enforced under subsection
(c).

If the appropriate official of any municipality determines that any

(b) Any owner or tenant of real property within 1200 feet in any

building in the manner prescribed in subsection (a) of this Section. If the municipality fails to institute an action in circuit court within 90 days after the filing of the request, the owner or tenant of real property within 1200 feet in any direction of the building may institute an action in circuit court seeking an order compelling the owner or owners of record to demolish, remove garbage, debris, and other noxious or unhealthy substances and materials from, repair or enclose or to cause to be demolished, have garbage, debris, and other noxious or unhealthy substances and materials removed from, repaired, or enclosed the building in question. A private owner or tenant who institutes an action under the preceding sentence shall not be required to pay any fee to the clerk of the circuit court. The cost of repair, removal, demolition, or enclosure shall be borne by the owner or owners of record of the building. In the event the owner or owners of record fail to demolish, remove garbage, debris, and other noxious or unhealthy substances and materials from, repair, or enclose the building within 90 days of the date the court entered its order, the owner or tenant who instituted the action may request that the court join the municipality as a party to the action. The court may order the municipality to demolish, remove materials from, repair, or enclose the building, or cause that action to be taken upon the request of any owner or tenant who instituted the action or upon the municipality's request. The municipality may file, and the court may approve, a plan for rehabilitating the building in question. A court order authorizing the municipality to demolish, remove materials from, repair, or enclose a building, or cause that action to be taken as a result of the failure to comply with the order to demolish, remove garbage, debris, and other noxious or unhealthy substances and materials from, repair, or enclose the building.

If a municipality or a person or persons other than the owner or owners of record pay the cost of demolition, removal of garbage, debris, and other noxious or unhealthy substances and materials, repair, or enclosure pursuant to a court order, the cost, including court costs, attorney's fees, and other costs related to the enforcement of this subsection, is recoverable from the owner or owners of the real estate and
is a lien on the real estate; the lien is superior to all prior existing liens and encumbrances, except taxes, if, within 180 days after the repair, removal, demolition, or enclosure, the municipality or the person or persons who paid the costs of demolition, removal, repair, or enclosure shall file a notice of lien of the cost and expense incurred in the office of the recorder in the county in which the real estate is located or in the office of the registrar of the county if the real estate affected is registered under the Registered Titles (Torrens) Act. The notice shall be in a form as is provided in subsection (a). An owner or tenant who institutes an action in circuit court seeking an order to compel the owner or owners of record to demolish, remove materials from, repair, or enclose any dangerous or unsafe building, or to cause that action to be taken under this subsection may recover court costs and reasonable attorney's fees for instituting the action from the owner or owners of record of the building. Upon payment of the costs and expenses by the owner of or a person interested in the property after the notice of lien has been filed, the lien shall be released by the municipality or the person in whose name the lien has been filed or his or her assignee, and the release may be filed of record as in the case of filing a notice of lien. Unless the lien is enforced under subsection (c), the lien may be enforced by foreclosure proceedings as in the case of mortgage foreclosures under Article XV of the Code of Civil Procedure or mechanics' lien foreclosures. An action to foreclose this lien may be commenced at any time after the date of filing of the notice of lien. The costs of foreclosure incurred by the municipality, including court costs, reasonable attorneys' fees, advances to preserve the property, and other costs related to the enforcement of this subsection, plus statutory interest, are a lien on the real estate and are recoverable by the municipality from the owner or owners of the real estate.

All liens arising under the terms of this subsection (b) shall be assignable. The assignee of the lien shall have the same power to enforce the lien as the assigning party, except that the lien may not be enforced under subsection (c).

(c) In any case where a municipality has obtained a lien under subsection (a), (b), or (f), the municipality may enforce the lien under this subsection (c) in the same proceeding in which the lien is authorized.

A municipality desiring to enforce a lien under this subsection (c) shall petition the court to retain jurisdiction for foreclosure proceedings under this subsection. Notice of the petition shall be served, by certified or registered mail, on all persons who were served notice under subsection (a), (b), or (f). The court shall conduct a hearing on the petition not less than 15 days after the notice is served. If the court determines that the requirements of this subsection (c) have been satisfied, it shall grant the petition and retain jurisdiction over the matter until the foreclosure proceeding is completed. The costs of foreclosure incurred by the municipality, including court costs, reasonable attorneys' fees, advances to preserve the property, and other costs related to the enforcement of this subsection, plus statutory interest, are a lien on the real estate and are recoverable by the municipality from the owner or owners of the real estate. If the court denies the petition, the municipality may enforce the lien in a separate action as provided in subsection (a), (b), or (f).

All persons designated in Section 15-1501 of the Code of Civil Procedure as necessary parties in a mortgage foreclosure action shall be joined as parties before issuance of an order of foreclosure. Persons designated in Section 15-1501 of the Code of Civil Procedure as permissible parties may also be joined as parties in the action.

The provisions of Article XV of the Code of Civil Procedure applicable to mortgage foreclosures shall apply to the foreclosure of a lien under this subsection (c), except to the extent that those provisions are inconsistent with this subsection. For purposes of foreclosures of liens under this subsection, however, the redemption period described in subsection (b) of Section 15-1603 of the Code of Civil Procedure shall end 60 days after the date of entry of the order of foreclosure.

(d) In addition to any other remedy provided by law, the corporate authorities of any municipality may petition the circuit court to have property declared abandoned under this subsection (d) if:

New matter indicated by italics - deletions by strikeout
(1) the property has been tax delinquent for 2 or more years or bills for water service for the property have been outstanding for 2 or more years;
(2) the property is unoccupied by persons legally in possession; and
(3) the property contains a dangerous or unsafe building.

All persons having an interest of record in the property, including tax purchasers and beneficial owners of any Illinois land trust having title to the property, shall be named as defendants in the petition and shall be served with process. In addition, service shall be had under Section 2-206 of the Code of Civil Procedure as in other cases affecting property.

The municipality, however, may proceed under this subsection in a proceeding brought under subsection (a) or (b). Notice of the petition shall be served by certified or registered mail on all persons who were served notice under subsection (a) or (b).

If the municipality proves that the conditions described in this subsection exist and the owner of record of the property does not enter an appearance in the action, or if title to the property is held by an Illinois land trust, if neither the owner of record nor the owner of the beneficial interest of the trust enters an appearance, the court shall declare the property abandoned.

If that determination is made, notice shall be sent by certified or registered mail to all persons having an interest of record in the property, including tax purchasers and beneficial owners of any Illinois land trust having title to the property, stating that title to the property will be transferred to the municipality unless, within 30 days of the notice, the owner of record enters an appearance in the action, or unless any other person having an interest in the property files with the court a request to demolish the dangerous or unsafe building or to put the building in safe condition.

If the owner of record enters an appearance in the action within the 30 day period, the court shall vacate its order declaring the property abandoned. In that case, the municipality may amend its complaint in order to initiate proceedings under subsection (a).

New matter indicated by italics - deletions by strikeout
If a request to demolish or repair the building is filed within the 30 day period, the court shall grant permission to the requesting party to demolish the building within 30 days or to restore the building to safe condition within 60 days after the request is granted. An extension of that period for up to 60 additional days may be given for good cause. If more than one person with an interest in the property files a timely request, preference shall be given to the person with the lien or other interest of the highest priority.

If the requesting party proves to the court that the building has been demolished or put in a safe condition within the period of time granted by the court, the court shall issue a quitclaim judicial deed for the property to the requesting party, conveying only the interest of the owner of record, upon proof of payment to the municipality of all costs incurred by the municipality in connection with the action, including but not limited to court costs, attorney's fees, administrative costs, the costs, if any, associated with building enclosure or removal, and receiver's certificates. The interest in the property so conveyed shall be subject to all liens and encumbrances on the property. In addition, if the interest is conveyed to a person holding a certificate of purchase for the property under the Property Tax Code, the conveyance shall be subject to the rights of redemption of all persons entitled to redeem under that Act, including the original owner of record.

If no person with an interest in the property files a timely request or if the requesting party fails to demolish the building or put the building in safe condition within the time specified by the court, the municipality may petition the court to issue a judicial deed for the property to the municipality. A conveyance by judicial deed shall operate to extinguish all existing ownership interests in, liens on, and other interest in the property, including tax liens, and shall extinguish the rights and interests of any and all holders of a bona fide certificate of purchase of the property for delinquent taxes. Any such bona fide certificate of purchase holder shall be entitled to a sale in error as prescribed under Section 21-310 of the Property Tax Code.
(e) Each municipality may use the provisions of this subsection to expedite the removal of certain buildings that are a continuing hazard to the community in which they are located.

If a residential or commercial building is 3 stories or less in height as defined by the municipality's building code, and the corporate official designated to be in charge of enforcing the municipality's building code determines that the building is open and vacant and an immediate and continuing hazard to the community in which the building is located, then the official shall be authorized to post a notice not less than 2 feet by 2 feet in size on the front of the building. The notice shall be dated as of the date of the posting and shall state that unless the building is demolished, repaired, or enclosed, and unless any garbage, debris, and other hazardous, noxious, or unhealthy substances or materials are removed so that an immediate and continuing hazard to the community no longer exists, then the building may be demolished, repaired, or enclosed, or any garbage, debris, and other hazardous, noxious, or unhealthy substances or materials may be removed, by the municipality.

Not later than 30 days following the posting of the notice, the municipality shall do all of the following:

1. Cause to be sent, by certified mail, return receipt requested, a Notice to Remediae to all owners of record of the property, the beneficial owners of any Illinois land trust having title to the property, and all lienholders of record in the property, stating the intent of the municipality to demolish, repair, or enclose the building or remove any garbage, debris, or other hazardous, noxious, or unhealthy substances or materials if that action is not taken by the owner or owners.

2. Cause to be published, in a newspaper published or circulated in the municipality where the building is located, a notice setting forth (i) the permanent tax index number and the address of the building, (ii) a statement that the property is open and vacant and constitutes an immediate and continuing hazard to the community, and (iii) a statement that the municipality intends to demolish, repair, or enclose the building or remove any garbage,

New matter indicated by italics - deletions by strikeout
debris, or other hazardous, noxious, or unhealthy substances or materials if the owner or owners or lienholders of record fail to do so. This notice shall be published for 3 consecutive days.

(3) Cause to be recorded the Notice to RemEDIATE mailed under paragraph (1) in the office of the recorder in the county in which the real estate is located or in the office of the registrar of titles of the county if the real estate is registered under the Registered Title (Torrens) Act.

Any person or persons with a current legal or equitable interest in the property objecting to the proposed actions of the corporate authorities may file his or her objection in an appropriate form in a court of competent jurisdiction.

If the building is not demolished, repaired, or enclosed, or the garbage, debris, or other hazardous, noxious, or unhealthy substances or materials are not removed, within 30 days of mailing the notice to the owners of record, the beneficial owners of any Illinois land trust having title to the property, and all lienholders of record in the property, or within 30 days of the last day of publication of the notice, whichever is later, the corporate authorities shall have the power to demolish, repair, or enclose the building or to remove any garbage, debris, or other hazardous, noxious, or unhealthy substances or materials.

The municipality may proceed to demolish, repair, or enclose a building or remove any garbage, debris, or other hazardous, noxious, or unhealthy substances or materials under this subsection within a 120-day period following the date of the mailing of the notice if the appropriate official determines that the demolition, repair, enclosure, or removal of any garbage, debris, or other hazardous, noxious, or unhealthy substances or materials is necessary to remedy the immediate and continuing hazard. If, however, before the municipality proceeds with any of the actions authorized by this subsection, any person with a legal or equitable interest in the property has sought a hearing under this subsection before a court and has served a copy of the complaint on the chief executive officer of the municipality, then the municipality shall not proceed with the demolition, repair, enclosure, or removal of garbage, debris, or other

New matter indicated by italics - deletions by strikeout
substances until the court determines that that action is necessary to remedy the hazard and issues an order authorizing the municipality to do so. If the court dismisses the action for want of prosecution, the municipality must send the objector a copy of the dismissal order and a letter stating that the demolition, repair, enclosure, or removal of garbage, debris, or other substances will proceed unless, within 30 days after the copy of the order and the letter are mailed, the objector moves to vacate the dismissal and serves a copy of the motion on the chief executive officer of the municipality. Notwithstanding any other law to the contrary, if the objector does not file a motion and give the required notice, if the motion is denied by the court, or if the action is again dismissed for want of prosecution, then the dismissal is with prejudice and the demolition, repair, enclosure, or removal may proceed forthwith.

Following the demolition, repair, or enclosure of a building, or the removal of garbage, debris, or other hazardous, noxious, or unhealthy substances or materials under this subsection, the municipality may file a notice of lien against the real estate for the cost of the demolition, repair, enclosure, or removal within 180 days after the repair, demolition, enclosure, or removal occurred, for the cost and expense incurred, in the office of the recorder in the county in which the real estate is located or in the office of the registrar of titles of the county if the real estate affected is registered under the Registered Titles (Torrens) Act; this lien has priority over the interests of those parties named in the Notice to RemEDIATE mailed under paragraph (1), but not over the interests of third party purchasers or encumbrancers for value who obtained their interests in the property before obtaining actual or constructive notice of the lien. The notice of lien shall consist of a sworn statement setting forth (i) a description of the real estate, such as the address or other description of the property, sufficient for its identification; (ii) the expenses incurred by the municipality in undertaking the remedial actions authorized under this subsection; (iii) the date or dates the expenses were incurred by the municipality; (iv) a statement by the corporate official responsible for enforcing the building code that the building was open and vacant and constituted an immediate and continuing hazard to the community; (v) a
statement by the corporate official that the required sign was posted on the building, that notice was sent by certified mail to the owners of record, and that notice was published in accordance with this subsection; and (vi) a statement as to when and where the notice was published. The lien authorized by this subsection may thereafter be released or enforced by the municipality as provided in subsection (a).

(f) The corporate authorities of each municipality may remove or cause the removal of, or otherwise environmentally remediate hazardous substances and petroleum products on, in, or under any abandoned and unsafe property within the territory of a municipality. In addition, where preliminary evidence indicates the presence or likely presence of a hazardous substance or a petroleum product or a release or a substantial threat of a release of a hazardous substance or a petroleum product on, in, or under the property, the corporate authorities of the municipality may inspect the property and test for the presence or release of hazardous substances and petroleum products. In any county having adopted by referendum or otherwise a county health department as provided by Division 5-25 of the Counties Code or its predecessor, the county board of that county may exercise the above-described powers with regard to property within the territory of any city, village, or incorporated town having less than 50,000 population.

For purposes of this subsection (f):

(1) "property" or "real estate" means all real property, whether or not improved by a structure;
(2) "abandoned" means;
   (A) the property has been tax delinquent for 2 or more years;
   (B) the property is unoccupied by persons legally in possession; and
(3) "unsafe" means property that presents an actual or imminent threat to public health and safety caused by the release of hazardous substances; and
(4) "hazardous substances" means the same as in Section 3.215 of the Environmental Protection Act.

The corporate authorities shall apply to the circuit court of the county in which the property is located (i) for an order allowing the municipality to enter the property and inspect and test substances on, in, or under the property; or (ii) for an order authorizing the corporate authorities to take action with respect to remediation of the property if conditions on the property, based on the inspection and testing authorized in paragraph (i), indicate the presence of hazardous substances or petroleum products. Remediation shall be deemed complete for purposes of paragraph (ii) above when the property satisfies Tier I, II, or III remediation objectives for the property's most recent usage, as established by the Environmental Protection Act, and the rules and regulations promulgated thereunder. Where, upon diligent search, the identity or whereabouts of the owner or owners of the property, including the lien holders of record, is not ascertainable, notice mailed to the person or persons in whose name the real estate was last assessed is sufficient notice under this Section.

The court shall grant an order authorizing testing under paragraph (i) above upon a showing of preliminary evidence indicating the presence or likely presence of a hazardous substance or a petroleum product or a release of or a substantial threat of a release of a hazardous substance or a petroleum product on, in, or under abandoned property. The preliminary evidence may include, but is not limited to, evidence of prior use, visual site inspection, or records of prior environmental investigations. The testing authorized by paragraph (i) above shall include any type of investigation which is necessary for an environmental professional to determine the environmental condition of the property, including but not limited to performance of soil borings and groundwater monitoring. The court shall grant a remediation order under paragraph (ii) above where testing of the property indicates that it fails to meet the applicable remediation objectives. The hearing upon the application to the circuit court shall be expedited by the court and shall be given precedence over all other suits.

The cost of the inspection, testing, or remediation incurred by the municipality or by a lien holder of record, including court costs, attorney’s fees, and other costs related to the enforcement of this Section, is a lien on
the real estate; except that in any instances where a municipality incurs costs of inspection and testing but finds no hazardous substances or petroleum products on the property that present an actual or imminent threat to public health and safety, such costs are not recoverable from the owners nor are such costs a lien on the real estate. The lien is superior to all prior existing liens and encumbrances, except taxes and any lien obtained under subsection (a) or (e), if, within 180 days after the completion of the inspection, testing, or remediation, the municipality or the lien holder of record who incurred the cost and expense shall file a notice of lien for the cost and expense incurred in the office of the recorder in the county in which the real estate is located or in the office of the registrar of titles of the county if the real estate affected is registered under the Registered Titles (Torrens) Act.

The notice must consist of a sworn statement setting out (i) a description of the real estate sufficient for its identification, (ii) the amount of money representing the cost and expense incurred, and (iii) the date or dates when the cost and expense was incurred by the municipality or the lien holder of record. Upon payment of the lien amount by the owner of or persons interested in the property after the notice of lien has been filed, a release of lien shall be issued by the municipality, the person in whose name the lien has been filed, or the assignee of the lien, and the release may be filed of record as in the case of filing notice of lien.

The lien may be enforced under subsection (c) or by foreclosure proceedings as in the case of mortgage foreclosures under Article XV of the Code of Civil Procedure or mechanics' lien foreclosures; provided that where the lien is enforced by foreclosure under subsection (c) or under either statute, the municipality may not proceed against the other assets of the owner or owners of the real estate for any costs that otherwise would be recoverable under this Section but that remain unsatisfied after foreclosure except where such additional recovery is authorized by separate environmental laws. An action to foreclose this lien may be commenced at any time after the date of filing of the notice of lien. The costs of foreclosure incurred by the municipality, including court costs, reasonable attorney's fees, advances to preserve the property, and other

costs related to the enforcement of this subsection, plus statutory interest, are a lien on the real estate.

All liens arising under this subsection (f) shall be assignable. The assignee of the lien shall have the same power to enforce the lien as the assigning party, except that the lien may not be enforced under subsection (c).

(g) In any case where a municipality has obtained a lien under subsection (a), the municipality may also bring an action for a money judgment against the owner or owners of the real estate in the amount of the lien in the same manner as provided for bringing causes of action in Article II of the Code of Civil Procedure and, upon obtaining a judgment, file a judgment lien against all of the real estate of the owner or owners and enforce that lien as provided for in Article XII of the Code of Civil Procedure.

Sec. 11-74.4-3. Definitions. The following terms, wherever used or referred to in this Division 74.4 shall have the following respective meanings, unless in any case a different meaning clearly appears from the context.

(a) For any redevelopment project area that has been designated pursuant to this Section by an ordinance adopted prior to November 1, 1999 (the effective date of Public Act 91-478), "blighted area" shall have the meaning set forth in this Section prior to that date.

On and after November 1, 1999, "blighted area" means any improved or vacant area within the boundaries of a redevelopment project area located within the territorial limits of the municipality where:

(1) If improved, industrial, commercial, and residential buildings or improvements are detrimental to the public safety, health, or welfare because of a combination of 5 or more of the following factors, each of which is (i) present, with that presence documented, to a meaningful extent so that a municipality may
reasonably find that the factor is clearly present within the intent of the Act and (ii) reasonably distributed throughout the improved part of the redevelopment project area:

(A) Dilapidation. An advanced state of disrepair or neglect of necessary repairs to the primary structural components of buildings or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed.

(B) Obsolescence. The condition or process of falling into disuse. Structures have become ill-suited for the original use.

(C) Deterioration. With respect to buildings, defects including, but not limited to, major defects in the secondary building components such as doors, windows, porches, gutters and downspouts, and fascia. With respect to surface improvements, that the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas evidence deterioration, including, but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces.

(D) Presence of structures below minimum code standards. All structures that do not meet the standards of zoning, subdivision, building, fire, and other governmental codes applicable to property, but not including housing and property maintenance codes.

(E) Illegal use of individual structures. The use of structures in violation of applicable federal, State, or local laws, exclusive of those applicable to the presence of structures below minimum code standards.

(F) Excessive vacancies. The presence of buildings that are unoccupied or under-utilized and that represent an
adverse influence on the area because of the frequency, extent, or duration of the vacancies.

(G) Lack of ventilation, light, or sanitary facilities. The absence of adequate ventilation for light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke, or other noxious airborne materials. Inadequate natural light and ventilation means the absence of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building.

(H) Inadequate utilities. Underground and overhead utilities such as storm sewers and storm drainage, sanitary sewers, water lines, and gas, telephone, and electrical services that are shown to be inadequate. Inadequate utilities are those that are: (i) of insufficient capacity to serve the uses in the redevelopment project area, (ii) deteriorated, antiquated, obsolete, or in disrepair, or (iii) lacking within the redevelopment project area.

(I) Excessive land coverage and overcrowding of structures and community facilities. The over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Examples of problem conditions warranting the designation of an area as one exhibiting excessive land coverage are: (i) the presence of buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety and (ii) the presence of multiple buildings on a single parcel. For there to be a finding of excessive land coverage, these parcels

New matter indicated by italics - deletions by strikeout
must exhibit one or more of the following conditions: insufficient provision for light and air within or around buildings, increased threat of spread of fire due to the close proximity of buildings, lack of adequate or proper access to a public right-of-way, lack of reasonably required off-street parking, or inadequate provision for loading and service.

(J) Deleterious land use or layout. The existence of incompatible land-use relationships, buildings occupied by inappropriate mixed-uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.

(K) Environmental clean-up. The proposed redevelopment project area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(L) Lack of community planning. The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This means that the development occurred prior to the adoption by the municipality of a comprehensive or other community plan or that the plan was not followed at the time of the area's development. This factor must be documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning.

New matter indicated by italics - deletions by strikeout
(M) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated.

(2) If vacant, the sound growth of the redevelopment project area is impaired by a combination of 2 or more of the following factors, each of which is (i) present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) reasonably distributed throughout the vacant part of the redevelopment project area to which it pertains:

(A) Obsolete platting of vacant land that results in parcels of limited or narrow size or configurations of parcels of irregular size or shape that would be difficult to develop on a planned basis and in a manner compatible with contemporary standards and requirements, or platting that failed to create rights-of-ways for streets or alleys or that created inadequate right-of-way widths for streets, alleys, or other public rights-of-way or that omitted easements for public utilities.

(B) Diversity of ownership of parcels of vacant land sufficient in number to retard or impede the ability to assemble the land for development.

(C) Tax and special assessment delinquencies exist or the property has been the subject of tax sales under the Property Tax Code within the last 5 years.

New matter indicated by italics - deletions by strikeout
(D) Deterioration of structures or site improvements in neighboring areas adjacent to the vacant land.

(E) The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(F) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated.

(3) If vacant, the sound growth of the redevelopment project area is impaired by one of the following factors that (i) is present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) is reasonably distributed throughout the vacant part of the redevelopment project area to which it pertains:

(A) The area consists of one or more unused quarries, mines, or strip mine ponds.
(B) The area consists of unused rail yards, rail tracks, or railroad rights-of-way.

(C) The area, prior to its designation, is subject to (i) chronic flooding that adversely impacts on real property in the area as certified by a registered professional engineer or appropriate regulatory agency or (ii) surface water that discharges from all or a part of the area and contributes to flooding within the same watershed, but only if the redevelopment project provides for facilities or improvements to contribute to the alleviation of all or part of the flooding.

(D) The area consists of an unused or illegal disposal site containing earth, stone, building debris, or similar materials that were removed from construction, demolition, excavation, or dredge sites.

(E) Prior to November 1, 1999, the area is not less than 50 nor more than 100 acres and 75% of which is vacant (notwithstanding that the area has been used for commercial agricultural purposes within 5 years prior to the designation of the redevelopment project area), and the area meets at least one of the factors itemized in paragraph (1) of this subsection, the area has been designated as a town or village center by ordinance or comprehensive plan adopted prior to January 1, 1982, and the area has not been developed for that designated purpose.

(F) The area qualified as a blighted improved area immediately prior to becoming vacant, unless there has been substantial private investment in the immediately surrounding area.

(b) For any redevelopment project area that has been designated pursuant to this Section by an ordinance adopted prior to November 1, 1999 (the effective date of Public Act 91-478), "conservation area" shall have the meaning set forth in this Section prior to that date.
On and after November 1, 1999, "conservation area" means any improved area within the boundaries of a redevelopment project area located within the territorial limits of the municipality in which 50% or more of the structures in the area have an age of 35 years or more. Such an area is not yet a blighted area but because of a combination of 3 or more of the following factors is detrimental to the public safety, health, morals or welfare and such an area may become a blighted area:

1. Dilapidation. An advanced state of disrepair or neglect of necessary repairs to the primary structural components of buildings or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed.

2. Obsolescence. The condition or process of falling into disuse. Structures have become ill-suited for the original use.

3. Deterioration. With respect to buildings, defects including, but not limited to, major defects in the secondary building components such as doors, windows, porches, gutters and downspouts, and fascia. With respect to surface improvements, that the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas evidence deterioration, including, but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces.

4. Presence of structures below minimum code standards. All structures that do not meet the standards of zoning, subdivision, building, fire, and other governmental codes applicable to property, but not including housing and property maintenance codes.

5. Illegal use of individual structures. The use of structures in violation of applicable federal, State, or local laws, exclusive of those applicable to the presence of structures below minimum code standards.

The absence of adequate ventilation for light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke, or other noxious airborne materials. Inadequate natural light and ventilation means the absence or inadequacy of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building.

(8) Inadequate utilities. Underground and overhead utilities such as storm sewers and storm drainage, sanitary sewers, water lines, and gas, telephone, and electrical services that are shown to be inadequate. (9) Excessive land coverage and overcrowding of structures and community facilities. The over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Examples of problem conditions warranting the designation of an area as one exhibiting excessive land coverage are: the presence of buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety and the presence of multiple buildings on a single parcel. For there to be a finding of excessive land coverage, these parcels must exhibit one or more of the following conditions: insufficient provision for light and air within or around buildings, increased threat of spread of fire due to

the close proximity of buildings, lack of adequate or proper access to a public right-of-way, lack of reasonably required off-street parking, or inadequate provision for loading and service.

(10) Deleterious land use or layout. The existence of incompatible land-use relationships, buildings occupied by inappropriate mixed-uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.

This means that the development occurred prior to the adoption by the municipality of a comprehensive or other community plan or that the plan was not followed at the time of the area's development. This factor must be documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning.

(12) The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(13) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States
Department of Labor or successor agency for 3 of the last 5 calendar years for which information is available.

(d) "Industrial park conservation area" means an area within the boundaries of a redevelopment project area located within the territorial limits of a municipality that is a labor surplus municipality or within 1 1/2 miles of the territorial limits of a municipality that is a labor surplus municipality if the area is annexed to the municipality; which area is zoned as industrial no later than at the time the municipality by ordinance designates the redevelopment project area, and which area includes both vacant land suitable for use as an industrial park and a blighted area or conservation area contiguous to such vacant land.

(e) "Labor surplus municipality" means a municipality in which, at any time during the 6 months before the municipality by ordinance designates an industrial park conservation area, the unemployment rate was over 6% and was also 100% or more of the national average unemployment rate for that same time as published in the United States Department of Labor Bureau of Labor Statistics publication entitled "The Employment Situation" or its successor publication. For the purpose of this subsection, if unemployment rate statistics for the municipality are not available, the unemployment rate in the municipality shall be deemed to be the same as the unemployment rate in the principal county in which the municipality is located.

(f) "Municipality" shall mean a city, village, incorporated town, or a township that is located in the unincorporated portion of a county with 3 million or more inhabitants, if the county adopted an ordinance that approved the township's redevelopment plan.

(g-1) "Revised Initial Sales Tax Amounts" means the amount of taxes paid under the Retailers' Occupation Tax Act, Use Tax Act, Service Use Tax Act, the Service Occupation Tax Act, the Municipal Retailers' Occupation Tax Act, and the Municipal Service Occupation Tax Act by retailers and servicemen on transactions at places located within the State Sales Tax Boundary revised pursuant to Section 11-74.4-8a(9) of this Act.

(h) "Municipal Sales Tax Increment" means an amount equal to the increase in the aggregate amount of taxes paid to a municipality from the Local Government Tax Fund arising from sales by retailers and servicemen within the redevelopment project area or State Sales Tax Boundary, as the case may be, for as long as the redevelopment project area or State Sales Tax Boundary, as the case may be, exist over and above the aggregate amount of taxes as certified by the Illinois Department of Revenue and paid under the Municipal Retailers' Occupation Tax Act and the Municipal Service Occupation Tax Act by retailers and servicemen, on transactions at places of business located in the redevelopment project area or State Sales Tax Boundary, as the case may be, during the base year which shall be the calendar year immediately prior to the year in which the municipality adopted tax increment allocation financing. For purposes of computing the aggregate amount of such taxes for base years occurring prior to 1985, the Department of Revenue shall determine the Initial Sales Tax Amounts for such taxes and deduct therefrom an amount equal to 4% of the aggregate amount of taxes per year for each year the base year is prior to 1985, but not to exceed a total deduction of 12%. The amount so determined shall be known as the "Adjusted Initial Sales Tax Amounts". For purposes of determining the Municipal Sales Tax Increment, the Department of Revenue shall for each period subtract from the amount paid to the municipality from the Local Government Tax Fund arising.
from sales by retailers and servicemen on transactions located in the redevelopment project area or the State Sales Tax Boundary, as the case may be, the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts for the Municipal Retailers' Occupation Tax Act and the Municipal Service Occupation Tax Act. For the State Fiscal Year 1989, this calculation shall be made by utilizing the calendar year 1987 to determine the tax amounts received. For the State Fiscal Year 1990, this calculation shall be made by utilizing the period from January 1, 1988, until September 30, 1988, to determine the tax amounts received from retailers and servicemen pursuant to the Municipal Retailers' Occupation Tax and the Municipal Service Occupation Tax Act, which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For the State Fiscal Year 1991, this calculation shall be made by utilizing the period from October 1, 1988, to June 30, 1989, to determine the tax amounts received from retailers and servicemen pursuant to the Municipal Retailers' Occupation Tax and the Municipal Service Occupation Tax Act which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For every State Fiscal Year thereafter, the applicable period shall be the 12 months beginning July 1 and ending June 30 to determine the tax amounts received which shall have deducted therefrom the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts, as the case may be.

a population in excess of 3,000,000 before January 1, 1986, and the municipality entered into a contract or issued bonds after January 1, 1986, but before December 31, 1986, to finance redevelopment project costs within a State Sales Tax Boundary, then the Net State Sales Tax Increment means, for the fiscal years beginning July 1, 1990, and July 1, 1991, 100% of the State Sales Tax Increment annually generated within a State Sales Tax Boundary; and notwithstanding any other provision of this Act, for those fiscal years the Department of Revenue shall distribute to those municipalities 100% of their Net State Sales Tax Increment before any distribution to any other municipality and regardless of whether or not those other municipalities will receive 100% of their Net State Sales Tax Increment. For Fiscal Year 1999, and every year thereafter until the year 2007, for any municipality that has not entered into a contract or has not issued bonds prior to June 1, 1988 to finance redevelopment project costs within a State Sales Tax Boundary, the Net State Sales Tax Increment shall be calculated as follows: By multiplying the Net State Sales Tax Increment by 90% in the State Fiscal Year 1999; 80% in the State Fiscal Year 2000; 70% in the State Fiscal Year 2001; 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for State Fiscal Year 2008 and thereafter.

Municipalities that issued bonds in connection with a redevelopment project in a redevelopment project area within the State Sales Tax Boundary prior to July 29, 1991, or that entered into contracts in connection with a redevelopment project in a redevelopment project area before June 1, 1988, shall continue to receive their proportional share of the Illinois Tax Increment Fund distribution until the date on which the redevelopment project is completed or terminated. If, however, a municipality that issued bonds in connection with a redevelopment project in a redevelopment project area within the State Sales Tax Boundary prior to July 29, 1991 retires the bonds prior to June 30, 2007 or a municipality that entered into contracts in connection with a redevelopment project in a redevelopment project area before June 1, 1988 completes the contracts

prior to June 30, 2007, then so long as the redevelopment project is not completed or is not terminated, the Net State Sales Tax Increment shall be calculated, beginning on the date on which the bonds are retired or the contracts are completed, as follows: By multiplying the Net State Sales Tax Increment by 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for State Fiscal Year 2008 and thereafter. Refunding of any bonds issued prior to July 29, 1991, shall not alter the Net State Sales Tax Increment.

(j) "State Utility Tax Increment Amount" means an amount equal to the aggregate increase in State electric and gas tax charges imposed on owners and tenants, other than residential customers, of properties located within the redevelopment project area under Section 9-222 of the Public Utilities Act, over and above the aggregate of such charges as certified by the Department of Revenue and paid by owners and tenants, other than residential customers, of properties within the redevelopment project area during the base year, which shall be the calendar year immediately prior to the year of the adoption of the ordinance authorizing tax increment allocation financing.

(k) "Net State Utility Tax Increment" means the sum of the following: (a) 80% of the first $100,000 of State Utility Tax Increment annually generated by a redevelopment project area; (b) 60% of the amount in excess of $100,000 but not exceeding $500,000 of the State Utility Tax Increment annually generated by a redevelopment project area; and (c) 40% of all amounts in excess of $500,000 of State Utility Tax Increment annually generated by a redevelopment project area. For the State Fiscal Year 1999, and every year thereafter until the year 2007, for any municipality that has not entered into a contract or has not issued bonds prior to June 1, 1988 to finance redevelopment project costs within a redevelopment project area, the Net State Utility Tax Increment shall be calculated as follows: By multiplying the Net State Utility Tax Increment by 90% in the State Fiscal Year 1999; 80% in the State Fiscal Year 2000; 70% in the State Fiscal Year 2001; 60% in the State Fiscal Year 2002;
50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for the State Fiscal Year 2008 and thereafter.

Municipalities that issue bonds in connection with the redevelopment project during the period from June 1, 1988 until 3 years after the effective date of this Amendatory Act of 1988 shall receive the Net State Utility Tax Increment, subject to appropriation, for 15 State Fiscal Years after the issuance of such bonds. For the 16th through the 20th State Fiscal Years after issuance of the bonds, the Net State Utility Tax Increment shall be calculated as follows: By multiplying the Net State Utility Tax Increment by 90% in year 16; 80% in year 17; 70% in year 18; 60% in year 19; and 50% in year 20. Refunding of any bonds issued prior to June 1, 1988, shall not alter the revised Net State Utility Tax Increment payments set forth above.

(l) "Obligations" mean bonds, loans, debentures, notes, special certificates or other evidence of indebtedness issued by the municipality to carry out a redevelopment project or to refund outstanding obligations.

(m) "Payment in lieu of taxes" means those estimated tax revenues from real property in a redevelopment project area derived from real property that has been acquired by a municipality which according to the redevelopment project or plan is to be used for a private use which taxing districts would have received had a municipality not acquired the real property and adopted tax increment allocation financing and which would result from levies made after the time of the adoption of tax increment allocation financing to the time the current equalized value of real property in the redevelopment project area exceeds the total initial equalized value of real property in said area.

(n) "Redevelopment plan" means the comprehensive program of the municipality for development or redevelopment intended by the payment of redevelopment project costs to reduce or eliminate those conditions the existence of which qualified the redevelopment project area as a "blighted area" or "conservation area" or combination thereof or "industrial park conservation area," and thereby to enhance the tax bases of
the taxing districts which extend into the redevelopment project area. On
and after November 1, 1999 (the effective date of Public Act 91-478), no
redevelopment plan may be approved or amended that includes the
development of vacant land (i) with a golf course and related clubhouse
and other facilities or (ii) designated by federal, State, county, or municipal

the redevelopment plan. For the purpose of this subsection, "recreational

the objectives and shall include but not be limited to:

(A) an itemized list of estimated redevelopment project
costs;

(B) evidence indicating that the redevelopment project area
on the whole has not been subject to growth and development
through investment by private enterprise;

(C) an assessment of any financial impact of the
redevelopment project area on or any increased demand for
services from any taxing district affected by the plan and any
program to address such financial impact or increased demand;

(D) the sources of funds to pay costs;

(E) the nature and term of the obligations to be issued;

(F) the most recent equalized assessed valuation of the
redevelopment project area;

(G) an estimate as to the equalized assessed valuation after
redevelopment and the general land uses to apply in the
redevelopment project area;

(H) a commitment to fair employment practices and an
affirmative action plan;

(I) if it concerns an industrial park conservation area, the
plan shall also include a general description of any proposed
developer, user and tenant of any property, a description of the
type, structure and general character of the facilities to be
developed, a description of the type, class and number of new

employees to be employed in the operation of the facilities to be
developed; and

(J) if property is to be annexed to the municipality, the plan
shall include the terms of the annexation agreement.

The provisions of items (B) and (C) of this subsection (n) shall not
apply to a municipality that before March 14, 1994 (the effective date of
Public Act 88-537) had fixed, either by its corporate authorities or by a
commission designated under subsection (k) of Section 11-74.4-4, a time
and place for a public hearing as required by subsection (a) of Section
11-74.4-5. No redevelopment plan shall be adopted unless a municipality
complies with all of the following requirements:

(1) The municipality finds that the redevelopment project
area on the whole has not been subject to growth and development
through investment by private enterprise and would not reasonably
be anticipated to be developed without the adoption of the
redevelopment plan.

(2) The municipality finds that the redevelopment plan and
project conform to the comprehensive plan for the development of
the municipality as a whole, or, for municipalities with a
population of 100,000 or more, regardless of when the
redevelopment plan and project was adopted, the redevelopment
plan and project either: (i) conforms to the strategic economic
development or redevelopment plan issued by the designated
planning authority of the municipality, or (ii) includes land uses
that have been approved by the planning commission of the
municipality.

(3) The redevelopment plan establishes the estimated dates
of completion of the redevelopment project and retirement of
obligations issued to finance redevelopment project costs. Those
dates: shall not be later than December 31 of the year in which the
payment to the municipal treasurer as provided in subsection (b) of
Section 11-74.4-8 of this Act is to be made with respect to ad
valorem taxes levied in the twenty-third calendar year after the year

project costs may be extended by municipal ordinance to December 31, 2013. The termination procedures of subsection (b) of Section 11-74.4-8 are not required for these redevelopment project areas in 2009 but are required in 2013. The extension allowed by this amendatory Act of 1993 shall not apply to real property tax increment allocation financing under Section 11-74.4-8.

A municipality may by municipal ordinance amend an existing redevelopment plan to conform to this paragraph (3) as amended by Public Act 91-478, which municipal ordinance may be adopted without further hearing or notice and without complying with the procedures provided in this Act pertaining to an amendment to or the initial approval of a redevelopment plan and project and designation of a redevelopment project area.

Those dates, for purposes of real property tax increment allocation financing pursuant to Section 11-74.4-8 only, shall be not more than 35 years for redevelopment project areas that were adopted on or after December 16, 1986 and for which at least $8 million worth of municipal bonds were authorized on or after December 19, 1989 but before January 1, 1990; provided that the municipality elects to extend the life of the redevelopment project area to 35 years by the adoption of an ordinance after at least 14 but not more than 30 days' written notice to the taxing bodies, that would otherwise constitute the joint review board for the redevelopment project area, before the adoption of the ordinance.

days' written notice to the taxing bodies, that would otherwise constitute the joint review board for the redevelopment project area, before the adoption of the ordinance.

(3.5) The municipality finds, in the case of an industrial park conservation area, also that the municipality is a labor surplus municipality and that the implementation of the redevelopment plan will reduce unemployment, create new jobs and by the provision of new facilities enhance the tax base of the taxing districts that extend into the redevelopment project area.

(4) If any incremental revenues are being utilized under Section 8(a)(1) or 8(a)(2) of this Act in redevelopment project areas approved by ordinance after January 1, 1986, the municipality finds: (a) that the redevelopment project area would not reasonably be developed without the use of such incremental revenues, and (b) that such incremental revenues will be exclusively utilized for the development of the redevelopment project area.

(5) If the redevelopment plan will not result in displacement of residents from 10 or more inhabited residential units, and the municipality certifies in the plan that such displacement will not result from the plan, a housing impact study need not be performed. If, however, the redevelopment plan would result in the displacement of residents from 10 or more inhabited residential units, or if the redevelopment project area contains 75 or more inhabited residential units and no certification is made, then the municipality shall prepare, as part of the separate feasibility report required by subsection (a) of Section 11-74.4-5, a housing impact study.

Part I of the housing impact study shall include (i) data as to whether the residential units are single family or multi-family units, (ii) the number and type of rooms within the units, if that information is available, (iii) whether the units are inhabited or uninhabited, as determined not less than 45 days before the date that the ordinance or resolution required by subsection (a) of

Section 11-74.4-5 is passed, and (iv) data as to the racial and ethnic composition of the residents in the inhabited residential units. The data requirement as to the racial and ethnic composition of the residents in the inhabited residential units shall be deemed to be fully satisfied by data from the most recent federal census.

Part II of the housing impact study shall identify the inhabited residential units in the proposed redevelopment project area that are to be or may be removed. If inhabited residential units are to be removed, then the housing impact study shall identify (i) the number and location of those units that will or may be removed, (ii) the municipality's plans for relocation assistance for those residents in the proposed redevelopment project area whose residences are to be removed, (iii) the availability of replacement housing for those residents whose residences are to be removed, and shall identify the type, location, and cost of the housing, and (iv) the type and extent of relocation assistance to be provided.

(6) On and after November 1, 1999, the housing impact study required by paragraph (5) shall be incorporated in the redevelopment plan for the redevelopment project area.

(7) On and after November 1, 1999, no redevelopment plan shall be adopted, nor an existing plan amended, nor shall residential housing that is occupied by households of low-income and very low-income persons in currently existing redevelopment project areas be removed after November 1, 1999 unless the redevelopment plan provides, with respect to inhabited housing units that are to be removed for households of low-income and very low-income persons, affordable housing and relocation assistance not less than that which would be provided under the federal Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 and the regulations under that Act, including the eligibility criteria. Affordable housing may be either existing or newly constructed housing. For purposes of this paragraph (7), "low-income households", "very low-income households", and "affordable housing" have the meanings set forth

in the Illinois Affordable Housing Act. The municipality shall make a good faith effort to ensure that this affordable housing is located in or near the redevelopment project area within the municipality.

(8) On and after November 1, 1999, if, after the adoption of the redevelopment plan for the redevelopment project area, any municipality desires to amend its redevelopment plan to remove more inhabited residential units than specified in its original redevelopment plan, that change shall be made in accordance with the procedures in subsection (c) of Section 11-74.4-5.

(9) For redevelopment project areas designated prior to November 1, 1999, the redevelopment plan may be amended without further joint review board meeting or hearing, provided that the municipality shall give notice of any such changes by mail to each affected taxing district and registrant on the interested party registry, to authorize the municipality to expend tax increment revenues for redevelopment project costs defined by paragraphs (5) and (7.5), subparagraphs (E) and (F) of paragraph (11), and paragraph (11.5) of subsection (q) of Section 11-74.4-3, so long as the changes do not increase the total estimated redevelopment project costs set out in the redevelopment plan by more than 5% after adjustment for inflation from the date the plan was adopted.

(o) "Redevelopment project" means any public and private development project in furtherance of the objectives of a redevelopment plan. On and after November 1, 1999 (the effective date of Public Act 91-478), no redevelopment plan may be approved or amended that includes the development of vacant land (i) with a golf course and related clubhouse and other facilities or (ii) designated by federal, State, county, or municipal government as public land for outdoor recreational activities or for nature preserves and used for that purpose within 5 years prior to the adoption of the redevelopment plan. For the purpose of this subsection, "recreational activities" is limited to mean camping and hunting.

(p) "Redevelopment project area" means an area designated by the municipality, which is not less in the aggregate than 1 1/2 acres and in
respect to which the municipality has made a finding that there exist conditions which cause the area to be classified as an industrial park conservation area or a blighted area or a conservation area, or a combination of both blighted areas and conservation areas.

(q) "Redevelopment project costs" mean and include the sum total of all reasonable or necessary costs incurred or estimated to be incurred, and any such costs incidental to a redevelopment plan and a redevelopment project. Such costs include, without limitation, the following:

(1) Costs of studies, surveys, development of plans, and specifications, implementation and administration of the redevelopment plan including but not limited to staff and professional service costs for architectural, engineering, legal, financial, planning or other services, provided however that no charges for professional services may be based on a percentage of the tax increment collected; except that on and after November 1, 1999 (the effective date of Public Act 91-478), no contracts for professional services, excluding architectural and engineering services, may be entered into if the terms of the contract extend beyond a period of 3 years. In addition, "redevelopment project costs" shall not include lobbying expenses. After consultation with the municipality, each tax increment consultant or advisor to a municipality that plans to designate or has designated a redevelopment project area shall inform the municipality in writing of any contracts that the consultant or advisor has entered into with entities or individuals that have received, or are receiving, payments financed by tax increment revenues produced by the redevelopment project area with respect to which the consultant or advisor has performed, or will be performing, service for the municipality. This requirement shall be satisfied by the consultant or advisor before the commencement of services for the municipality and thereafter whenever any other contracts with those individuals or entities are executed by the consultant or advisor;

(1.5) After July 1, 1999, annual administrative costs shall not include general overhead or administrative costs of the municipality that would still have been incurred by the municipality if the municipality had not designated a redevelopment project area or approved a redevelopment plan;

(1.6) The cost of marketing sites within the redevelopment project area to prospective businesses, developers, and investors;

(2) Property assembly costs, including but not limited to acquisition of land and other property, real or personal, or rights or interests therein, demolition of buildings, site preparation, site improvements that serve as an engineered barrier addressing ground level or below ground environmental contamination, including, but not limited to parking lots and other concrete or asphalt barriers, and the clearing and grading of land;

(3) Costs of rehabilitation, reconstruction or repair or remodeling of existing public or private buildings, fixtures, and leasehold improvements; and the cost of replacing an existing public building if pursuant to the implementation of a redevelopment project the existing public building is to be demolished to use the site for private investment or devoted to a different use requiring private investment;

(4) Costs of the construction of public works or improvements, except that on and after November 1, 1999, redevelopment project costs shall not include the cost of constructing a new municipal public building principally used to provide offices, storage space, or conference facilities or vehicle storage, maintenance, or repair for administrative, public safety, or public works personnel and that is not intended to replace an existing public building as provided under paragraph (3) of subsection (q) of Section 11-74.4-3 unless either (i) the construction of the new municipal building implements a redevelopment project that was included in a redevelopment plan that was adopted by the municipality prior to November 1, 1999 or (ii) the municipality makes a reasonable determination in the
redevelopment plan, supported by information that provides the basis for that determination, that the new municipal building is required to meet an increase in the need for public safety purposes anticipated to result from the implementation of the redevelopment plan;

(5) Costs of job training and retraining projects, including the cost of "welfare to work" programs implemented by businesses located within the redevelopment project area;

(6) Financing costs, including but not limited to all necessary and incidental expenses related to the issuance of obligations and which may include payment of interest on any obligations issued hereunder including interest accruing during the estimated period of construction of any redevelopment project for which such obligations are issued and for not exceeding 36 months thereafter and including reasonable reserves related thereto;

(7) To the extent the municipality by written agreement accepts and approves the same, all or a portion of a taxing district's capital costs resulting from the redevelopment project necessarily incurred or to be incurred within a taxing district in furtherance of the objectives of the redevelopment plan and project.

(7.5) For redevelopment project areas designated (or redevelopment project areas amended to add or increase the number of tax-increment-financing assisted housing units) on or after November 1, 1999, an elementary, secondary, or unit school district's increased costs attributable to assisted housing units located within the redevelopment project area for which the developer or redeveloper receives financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the assisted housing sites necessary for the completion of that housing as authorized by this Act, and which costs shall be paid by the municipality from the Special Tax Allocation Fund when the tax increment revenue is received as a
result of the assisted housing units and shall be calculated annually as follows:

(A) for foundation districts, excluding any school district in a municipality with a population in excess of 1,000,000, by multiplying the district's increase in attendance resulting from the net increase in new students enrolled in that school district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by the most recently available per capita tuition cost as defined in Section 10-20.12a of the School Code less any increase in general State aid as defined in Section 18-8.05 of the School Code attributable to these added new students subject to the following annual limitations:

(i) for unit school districts with a district average 1995-96 Per Capita Tuition Charge of less than $5,900, no more than 25% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act;

(ii) for elementary school districts with a district average 1995-96 Per Capita Tuition Charge of less than $5,900, no more than 17% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act; and

(iii) for secondary school districts with a district average 1995-96 Per Capita Tuition Charge of less than $5,900, no more than 8% of the total

amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act.

(B) For alternate method districts, flat grant districts, and foundation districts with a district average 1995-96 Per Capita Tuition Charge equal to or more than $5,900, excluding any school district with a population in excess of 1,000,000, by multiplying the district's increase in attendance resulting from the net increase in new students enrolled in that school district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by the most recently available per capita tuition cost as defined in Section 10-20.12a of the School Code less any increase in general state aid as defined in Section 18-8.05 of the School Code attributable to these added new students subject to the following annual limitations:

(i) for unit school districts, no more than 40% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act;

(ii) for elementary school districts, no more than 27% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act; and

(iii) for secondary school districts, no more than 13% of the total amount of property tax
increment revenue produced by those housing units that have received tax increment finance assistance under this Act.

(C) For any school district in a municipality with a population in excess of 1,000,000, the following restrictions shall apply to the reimbursement of increased costs under this paragraph (7.5):

   (i) no increased costs shall be reimbursed unless the school district certifies that each of the schools affected by the assisted housing project is at or over its student capacity;

   (ii) the amount reimbursable shall be reduced by the value of any land donated to the school district by the municipality or developer, and by the value of any physical improvements made to the schools by the municipality or developer; and

   (iii) the amount reimbursed may not affect amounts otherwise obligated by the terms of any bonds, notes, or other funding instruments, or the terms of any redevelopment agreement.

Any school district seeking payment under this paragraph (7.5) shall, after July 1 and before September 30 of each year, provide the municipality with reasonable evidence to support its claim for reimbursement before the municipality shall be required to approve or make the payment to the school district. If the school district fails to provide the information during this period in any year, it shall forfeit any claim to reimbursement for that year. School districts may adopt a resolution waiving the right to all or a portion of the reimbursement otherwise required by this paragraph (7.5). By acceptance of this reimbursement the school district waives the right to directly or indirectly set aside, modify, or contest in any manner the establishment of the redevelopment project area or projects;

(7.7) For redevelopment project areas designated (or redevelopment project areas amended to add or increase the number of tax-increment-financing assisted housing units) on or after January 1, 2005 (the effective date of Public Act 93-961), a public library district's increased costs attributable to assisted housing units located within the redevelopment project area for which the developer or redeveloper receives financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the assisted housing sites necessary for the completion of that housing as authorized by this Act shall be paid to the library district by the municipality from the Special Tax Allocation Fund when the tax increment revenue is received as a result of the assisted housing units. This paragraph (7.7) applies only if (i) the library district is located in a county that is subject to the Property Tax Extension Limitation Law or (ii) the library district is not located in a county that is subject to the Property Tax Extension Limitation Law but the district is prohibited by any other law from increasing its tax levy rate without a prior voter referendum.

The amount paid to a library district under this paragraph (7.7) shall be calculated by multiplying (i) the net increase in the number of persons eligible to obtain a library card in that district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by (ii) the per-patron cost of providing library services so long as it does not exceed $120. The per-patron cost shall be the Total Operating Expenditures Per Capita as stated in the most recent Illinois Public Library Statistics produced by the Library Research Center at the University of Illinois. The municipality may

deduct from the amount that it must pay to a library district under this paragraph any amount that it has voluntarily paid to the library district from the tax increment revenue. The amount paid to a library district under this paragraph (7.7) shall be no more than 2% of the amount produced by the assisted housing units and deposited into the Special Tax Allocation Fund.

A library district is not eligible for any payment under this paragraph (7.7) unless the library district has experienced an increase in the number of patrons from the municipality that created the tax-increment-financing district since the designation of the redevelopment project area.

Any library district seeking payment under this paragraph (7.7) shall, after July 1 and before September 30 of each year, provide the municipality with convincing evidence to support its claim for reimbursement before the municipality shall be required to approve or make the payment to the library district. If the library district fails to provide the information during this period in any year, it shall forfeit any claim to reimbursement for that year. Library districts may adopt a resolution waiving the right to all or a portion of the reimbursement otherwise required by this paragraph (7.7). By acceptance of such reimbursement, the library district shall forfeit any right to directly or indirectly set aside, modify, or contest in any manner whatsoever the establishment of the redevelopment project area or projects;

(8) Relocation costs to the extent that a municipality determines that relocation costs shall be paid or is required to make payment of relocation costs by federal or State law or in order to satisfy subparagraph (7) of subsection (n);

(9) Payment in lieu of taxes;

(10) Costs of job training, retraining, advanced vocational education or career education, including but not limited to courses in occupational, semi-technical or technical fields leading directly to employment, incurred by one or more taxing districts, provided that such costs (i) are related to the establishment and maintenance
of additional job training, advanced vocational education or career
education programs for persons employed or to be employed by
employers located in a redevelopment project area; and (ii) when
incurred by a taxing district or taxing districts other than the
municipality, are set forth in a written agreement by or among the
municipality and the taxing district or taxing districts, which
agreement describes the program to be undertaken, including but
not limited to the number of employees to be trained, a description
of the training and services to be provided, the number and type of
positions available or to be available, itemized costs of the program
and sources of funds to pay for the same, and the term of the
agreement. Such costs include, specifically, the payment by
community college districts of costs pursuant to Sections 3-37,
3-38, 3-40 and 3-40.1 of the Public Community College Act and by
school districts of costs pursuant to Sections 10-22.20a and
10-23.3a of The School Code;

(11) Interest cost incurred by a redeveloper related to the
construction, renovation or rehabilitation of a redevelopment
project provided that:

(A) such costs are to be paid directly from the
special tax allocation fund established pursuant to this Act;

(B) such payments in any one year may not exceed
30% of the annual interest costs incurred by the redeveloper
with regard to the redevelopment project during that year;

(C) if there are not sufficient funds available in the
special tax allocation fund to make the payment pursuant to
this paragraph (11) then the amounts so due shall accrue
and be payable when sufficient funds are available in the
special tax allocation fund;

(D) the total of such interest payments paid pursuant
to this Act may not exceed 30% of the total (i) cost paid or
incurred by the redeveloper for the redevelopment project
plus (ii) redevelopment project costs excluding any

property assembly costs and any relocation costs incurred by a municipality pursuant to this Act; and

(E) the cost limits set forth in subparagraphs (B) and (D) of paragraph (11) shall be modified for the financing of rehabilitated or new housing units for low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act. The percentage of 75% shall be substituted for 30% in subparagraphs (B) and (D) of paragraph (11).

(F) Instead of the eligible costs provided by subparagraphs (B) and (D) of paragraph (11), as modified by this subparagraph, and notwithstanding any other provisions of this Act to the contrary, the municipality may pay from tax increment revenues up to 50% of the cost of construction of new housing units to be occupied by low-income households and very low-income households as defined in Section 3 of the Illinois Affordable Housing Act. The cost of construction of those units may be derived from the proceeds of bonds issued by the municipality under this Act or other constitutional or statutory authority or from other sources of municipal revenue that may be reimbursed from tax increment revenues or the proceeds of bonds issued to finance the construction of that housing.

The eligible costs provided under this subparagraph (F) of paragraph (11) shall be an eligible cost for the construction, renovation, and rehabilitation of all low and very low-income housing units, as defined in Section 3 of the Illinois Affordable Housing Act, within the redevelopment project area. If the low and very low-income units are part of a residential redevelopment project that includes units not affordable to low and very low-income households, only the low and very low-income units shall be eligible for benefits under subparagraph (F) of paragraph (11). The standards for maintaining the occupancy by

low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act, of those units constructed with eligible costs made available under the provisions of this subparagraph (F) of paragraph (11) shall be established by guidelines adopted by the municipality. The responsibility for annually documenting the initial occupancy of the units by low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act, shall be that of the then current owner of the property. For ownership units, the guidelines will provide, at a minimum, for a reasonable recapture of funds, or other appropriate methods designed to preserve the original affordability of the ownership units. For rental units, the guidelines will provide, at a minimum, for the affordability of rent to low and very low-income households. As units become available, they shall be rented to income-eligible tenants. The municipality may modify these guidelines from time to time; the guidelines, however, shall be in effect for as long as tax increment revenue is being used to pay for costs associated with the units or for the retirement of bonds issued to finance the units or for the life of the redevelopment project area, whichever is later.

(11.5) If the redevelopment project area is located within a municipality with a population of more than 100,000, the cost of day care services for children of employees from low-income families working for businesses located within the redevelopment project area and all or a portion of the cost of operation of day care centers established by redevelopment project area businesses to serve employees from low-income families working in businesses located in the redevelopment project area. For the purposes of this paragraph, "low-income families" means families whose annual income does not exceed 80% of the municipal, county, or regional median income, adjusted for family size, as the annual income and

municipal, county, or regional median income are determined from time to time by the United States Department of Housing and Urban Development.

(12) Unless explicitly stated herein the cost of construction of new privately-owned buildings shall not be an eligible redevelopment project cost.

(13) After November 1, 1999 (the effective date of Public Act 91-478), none of the redevelopment project costs enumerated in this subsection shall be eligible redevelopment project costs if those costs would provide direct financial support to a retail entity initiating operations in the redevelopment project area while terminating operations at another Illinois location within 10 miles of the redevelopment project area but outside the boundaries of the redevelopment project area municipality. For purposes of this paragraph, termination means a closing of a retail operation that is directly related to the opening of the same operation or like retail entity owned or operated by more than 50% of the original ownership in a redevelopment project area, but it does not mean closing an operation for reasons beyond the control of the retail entity, as documented by the retail entity, subject to a reasonable finding by the municipality that the current location contained inadequate space, had become economically obsolete, or was no longer a viable location for the retailer or serviceman.

If a special service area has been established pursuant to the Special Service Area Tax Act or Special Service Area Tax Law, then any tax increment revenues derived from the tax imposed pursuant to the Special Service Area Tax Act or Special Service Area Tax Law may be used within the redevelopment project area for the purposes permitted by that Act or Law as well as the purposes permitted by this Act.

(r) "State Sales Tax Boundary" means the redevelopment project area or the amended redevelopment project area boundaries which are determined pursuant to subsection (9) of Section 11-74.4-8a of this Act. The Department of Revenue shall certify pursuant to subsection (9) of
Section 11-74.4-8a the appropriate boundaries eligible for the
determination of State Sales Tax Increment.

(s) "State Sales Tax Increment" means an amount equal to the
increase in the aggregate amount of taxes paid by retailers and servicemen,
other than retailers and servicemen subject to the Public Utilities Act, on
transactions at places of business located within a State Sales Tax
Boundary pursuant to the Retailers' Occupation Tax Act, the Use Tax Act,
the Service Use Tax Act, and the Service Occupation Tax Act, except such
portion of such increase that is paid into the State and Local Sales Tax
Reform Fund, the Local Government Distributive Fund, the Local
Government Tax Fund and the County and Mass Transit District Fund, for
as long as State participation exists, over and above the Initial Sales Tax
Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales
Tax Amounts for such taxes as certified by the Department of Revenue
and paid under those Acts by retailers and servicemen on transactions at
places of business located within the State Sales Tax Boundary during the
base year which shall be the calendar year immediately prior to the year in
which the municipality adopted tax increment allocation financing, less
3.0% of such amounts generated under the Retailers' Occupation Tax Act,
Use Tax Act and Service Use Tax Act and the Service Occupation Tax
Act, which sum shall be appropriated to the Department of Revenue to
cover its costs of administering and enforcing this Section. For purposes of
computing the aggregate amount of such taxes for base years occurring
prior to 1985, the Department of Revenue shall compute the Initial Sales
Tax Amount for such taxes and deduct therefrom an amount equal to 4%
of the aggregate amount of taxes per year for each year the base year is
prior to 1985, but not to exceed a total deduction of 12%. The amount so
determined shall be known as the "Adjusted Initial Sales Tax Amount".
For purposes of determining the State Sales Tax Increment the Department
of Revenue shall for each period subtract from the tax amounts received
from retailers and servicemen on transactions located in the State Sales Tax
Boundary, the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or Revised Initial Sales Tax Amounts for the Retailers'
Occupation Tax Act, the Use Tax Act, the Service Use Tax Act and the

New matter indicated by italics - deletions by strikeout
Service Occupation Tax Act. For the State Fiscal Year 1989 this calculation shall be made by utilizing the calendar year 1987 to determine the tax amounts received. For the State Fiscal Year 1990, this calculation shall be made by utilizing the period from January 1, 1988, until September 30, 1988, to determine the tax amounts received from retailers and servicemen, which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For the State Fiscal Year 1991, this calculation shall be made by utilizing the period from October 1, 1988, until June 30, 1989, to determine the tax amounts received from retailers and servicemen, which shall have deducted therefrom nine-twelfths of the certified Initial State Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For every State Fiscal Year thereafter, the applicable period shall be the 12 months beginning July 1 and ending on June 30, to determine the tax amounts received which shall have deducted therefrom the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts. Municipalities intending to receive a distribution of State Sales Tax Increment must report a list of retailers to the Department of Revenue by October 31, 1988 and by July 31, of each year thereafter.

(t) "Taxing districts" means counties, townships, cities and incorporated towns and villages, school, road, park, sanitary, mosquito abatement, forest preserve, public health, fire protection, river conservancy, tuberculosis sanitarium and any other municipal corporations or districts with the power to levy taxes.

(u) "Taxing districts' capital costs" means those costs of taxing districts for capital improvements that are found by the municipal corporate authorities to be necessary and directly result from the redevelopment project.

(v) As used in subsection (a) of Section 11-74.4-3 of this Act, "vacant land" means any parcel or combination of parcels of real property without industrial, commercial, and residential buildings which has not been used for commercial agricultural purposes within 5 years prior to the
designation of the redevelopment project area, unless the parcel is included in an industrial park conservation area or the parcel has been subdivided; provided that if the parcel was part of a larger tract that has been divided into 3 or more smaller tracts that were accepted for recording during the period from 1950 to 1990, then the parcel shall be deemed to have been subdivided, and all proceedings and actions of the municipality taken in that connection with respect to any previously approved or designated redevelopment project area or amended redevelopment project area are hereby validated and hereby declared to be legally sufficient for all purposes of this Act. For purposes of this Section and only for land subject to the subdivision requirements of the Plat Act, land is subdivided when the original plat of the proposed Redevelopment Project Area or relevant portion thereof has been properly certified, acknowledged, approved, and recorded or filed in accordance with the Plat Act and a preliminary plat, if any, for any subsequent phases of the proposed Redevelopment Project Area or relevant portion thereof has been properly approved and filed in accordance with the applicable ordinance of the municipality.

(w) "Annual Total Increment" means the sum of each municipality's annual Net Sales Tax Increment and each municipality's annual Net Utility Tax Increment. The ratio of the Annual Total Increment of each municipality to the Annual Total Increment for all municipalities, as most recently calculated by the Department, shall determine the proportional shares of the Illinois Tax Increment Fund to be distributed to each municipality.

Sec. 11-74.4-6. (a) Except as provided herein, notice of the public hearing shall be given by publication and mailing. Notice by publication shall be given by publication at least twice, the first publication to be not more than 30 nor less than 10 days prior to the hearing in a newspaper of general circulation within the taxing districts having property in the proposed redevelopment project area. Notice by mailing shall be given by depositing such notice in the United States mails by certified mail addressed to the person or persons in whose name the general taxes for the last preceding year were paid on each lot, block, tract, or parcel of land lying within the project redevelopment area. Said notice shall be mailed not less than 10 days prior to the date set for the public hearing. In the event taxes for the last preceding year were not paid, the notice shall also be sent to the persons last listed on the tax rolls within the preceding 3 years as the owners of such property. For redevelopment project areas with redevelopment plans or proposed redevelopment plans that would require removal of 10 or more inhabited residential units or that contain 75 or more inhabited residential units, the municipality shall make a good faith effort to notify by mail all residents of the redevelopment project area. At a minimum, the municipality shall mail a notice to each residential address located within the redevelopment project area. The municipality shall endeavor to ensure that all such notices are effectively communicated and shall include (in addition to notice in English) notice in the predominant language other than English when appropriate.

(b) The notices issued pursuant to this Section shall include the following:

   (1) The time and place of public hearing ;
   (2) The boundaries of the proposed redevelopment project area by legal description and by street location where possible ;
   (3) A notification that all interested persons will be given an opportunity to be heard at the public hearing ;
   (4) A description of the redevelopment plan or redevelopment project for the proposed redevelopment project area if a plan or project is the subject matter of the hearing.

(5) Such other matters as the municipality may deem appropriate.

(c) Not less than 45 days prior to the date set for hearing, the municipality shall give notice by mail as provided in subsection (a) to all taxing districts of which taxable property is included in the redevelopment project area, project or plan and to the Department of Commerce and Economic Opportunity, and in addition to the other requirements under subsection (b) the notice shall include an invitation to the Department of Commerce and Economic Opportunity and each taxing district to submit comments to the municipality concerning the subject matter of the hearing prior to the date of hearing.

(d) In the event that any municipality has by ordinance adopted tax increment financing prior to 1987, and has complied with the notice requirements of this Section, except that the notice has not included the requirements of subsection (b), paragraphs (2), (3) and (4), and within 90 days of the effective date of this amendatory Act of 1991, that municipality passes an ordinance which contains findings that: (1) all taxing districts prior to the time of the hearing required by Section 11-74.4-5 were furnished with copies of a map incorporated into the redevelopment plan and project substantially showing the legal boundaries of the redevelopment project area; (2) the redevelopment plan and project, or a draft thereof, contained a map substantially showing the legal boundaries of the redevelopment project area and was available to the public at the time of the hearing; and (3) since the adoption of any form of tax increment financing authorized by this Act, and prior to June 1, 1991, no objection or challenge has been made in writing to the municipality in respect to the notices required by this Section, then the municipality shall be deemed to have met the notice requirements of this Act and all actions of the municipality taken in connection with such notices as were given are hereby validated and hereby declared to be legally sufficient for all purposes of this Act.

(e) If a municipality desires to propose a redevelopment plan for a redevelopment project area that would result in the displacement of residents from 10 or more inhabited residential units or for a
redevelopment project area that contains 75 or more inhabited residential units, the municipality shall hold a public meeting before the mailing of the notices of public hearing as provided in subsection (c) of this Section. The meeting shall be for the purpose of enabling the municipality to advise the public, taxing districts having real property in the redevelopment project area, taxpayers who own property in the proposed redevelopment project area, and residents in the area as to the municipality's possible intent to prepare a redevelopment plan and designate a redevelopment project area and to receive public comment. The time and place for the meeting shall be set by the head of the municipality's Department of Planning or other department official designated by the mayor or city or village manager without the necessity of a resolution or ordinance of the municipality and may be held by a member of the staff of the Department of Planning of the municipality or by any other person, body, or commission designated by the corporate authorities. The meeting shall be held at least 14 business days before the mailing of the notice of public hearing provided for in subsection (c) of this Section.

Notice of the public meeting shall be given by mail. Notice by mail shall be not less than 15 days before the date of the meeting and shall be sent by certified mail to all taxing districts having real property in the proposed redevelopment project area and to all entities requesting that information that have registered with a person and department designated by the municipality in accordance with registration guidelines established by the municipality pursuant to Section 11-74.4-4.2. The municipality shall make a good faith effort to notify all residents and the last known persons who paid property taxes on real estate in a redevelopment project area. This requirement shall be deemed to be satisfied if the municipality mails, by regular mail, a notice to each residential address and the person or persons in whose name property taxes were paid on real property for the last preceding year located within the redevelopment project area. Notice shall be in languages other than English when appropriate. The notices issued under this subsection shall include the following:

(1) The time and place of the meeting.

(6) Notification that all interested persons will be given an opportunity to be heard at the public meeting.

(7) Such other matters as the municipality deems appropriate.

At the public meeting, any interested person or representative of an affected taxing district may be heard orally and may file, with the person conducting the meeting, statements that pertain to the subject matter of the meeting.

(65 ILCS 5/11-74.4-7) (from Ch. 24, par. 11-74.4-7)

Sec. 11-74.4-7. Obligations secured by the special tax allocation fund set forth in Section 11-74.4-8 for the redevelopment project area may be issued to provide for redevelopment project costs. Such obligations, when so issued, shall be retired in the manner provided in the ordinance authorizing the issuance of such obligations by the receipts of taxes levied as specified in Section 11-74.4-9 against the taxable property included in the area, by revenues as specified by Section 11-74.4-8a and other revenue designated by the municipality. A municipality may in the ordinance pledge all or any part of the funds in and to be deposited in the special tax allocation fund created pursuant to Section 11-74.4-8 to the payment of the redevelopment project costs and obligations. Any pledge of funds in the special tax allocation fund shall provide for distribution to the taxing districts and to the Illinois Department of Revenue of moneys not required, pledged, earmarked, or otherwise designated for payment and securing of

New matter indicated by italics - deletions by strikeout
the obligations and anticipated redevelopment project costs and such excess funds shall be calculated annually and deemed to be "surplus" funds. In the event a municipality only applies or pledges a portion of the funds in the special tax allocation fund for the payment or securing of anticipated redevelopment project costs or of obligations, any such funds remaining in the special tax allocation fund after complying with the requirements of the application or pledge, shall also be calculated annually and deemed "surplus" funds. All surplus funds in the special tax allocation fund shall be distributed annually within 180 days after the close of the municipality's fiscal year by being paid by the municipal treasurer to the County Collector, to the Department of Revenue and to the municipality in direct proportion to the tax incremental revenue received as a result of an increase in the equalized assessed value of property in the redevelopment project area, tax incremental revenue received from the State and tax incremental revenue received from the municipality, but not to exceed as to each such source the total incremental revenue received from that source. The County Collector shall thereafter make distribution to the respective taxing districts in the same manner and proportion as the most recent distribution by the county collector to the affected districts of real property taxes from real property in the redevelopment project area.

Without limiting the foregoing in this Section, the municipality may in addition to obligations secured by the special tax allocation fund pledge for a period not greater than the term of the obligations towards payment of such obligations any part or any combination of the following: (a) net revenues of all or part of any redevelopment project; (b) taxes levied and collected on any or all property in the municipality; (c) the full faith and credit of the municipality; (d) a mortgage on part or all of the redevelopment project; or (e) any other taxes or anticipated receipts that the municipality may lawfully pledge.

Such obligations may be issued in one or more series bearing interest at such rate or rates as the corporate authorities of the municipality shall determine by ordinance. Such obligations shall bear such date or dates, mature at such time or times not exceeding 20 years from their respective dates, be in such denomination, carry such registration
privileges, be executed in such manner, be payable in such medium of payment at such place or places, contain such covenants, terms and conditions, and be subject to redemption as such ordinance shall provide. Obligations issued pursuant to this Act may be sold at public or private sale at such price as shall be determined by the corporate authorities of the municipalities. No referendum approval of the electors shall be required as a condition to the issuance of obligations pursuant to this Division except as provided in this Section.

In the event the municipality authorizes issuance of obligations pursuant to the authority of this Division secured by the full faith and credit of the municipality, which obligations are other than obligations which may be issued under home rule powers provided by Article VII, Section 6 of the Illinois Constitution, or pledges taxes pursuant to (b) or (c) of the second paragraph of this section, the ordinance authorizing the issuance of such obligations or pledging such taxes shall be published within 10 days after such ordinance has been passed in one or more newspapers, with general circulation within such municipality. The publication of the ordinance shall be accompanied by a notice of (1) the specific number of voters required to sign a petition requesting the question of the issuance of such obligations or pledging taxes to be submitted to the electors; (2) the time in which such petition must be filed; and (3) the date of the prospective referendum. The municipal clerk shall provide a petition form to any individual requesting one.

If no petition is filed with the municipal clerk, as hereinafter provided in this Section, within 30 days after the publication of the ordinance, the ordinance shall be in effect. But, if within that 30 day period a petition is filed with the municipal clerk, signed by electors in the municipality numbering 10% or more of the number of registered voters in the municipality, asking that the question of issuing obligations using full faith and credit of the municipality as security for the cost of paying for redevelopment project costs, or of pledging taxes for the payment of such obligations, or both, be submitted to the electors of the municipality, the corporate authorities of the municipality shall call a special election in the manner provided by law to vote upon that question, or, if a general, State

or municipal election is to be held within a period of not less than 30 or
more than 90 days from the date such petition is filed, shall submit the
question at the next general, State or municipal election. If it appears upon
the canvass of the election by the corporate authorities that a majority of
electors voting upon the question voted in favor thereof, the ordinance
shall be in effect, but if a majority of the electors voting upon the question
are not in favor thereof, the ordinance shall not take effect.

The ordinance authorizing the obligations may provide that the
obligations shall contain a recital that they are issued pursuant to this
Division, which recital shall be conclusive evidence of their validity and of
the regularity of their issuance.

In the event the municipality authorizes issuance of obligations
pursuant to this Section secured by the full faith and credit of the
municipality, the ordinance authorizing the obligations may provide for
the levy and collection of a direct annual tax upon all taxable property
within the municipality sufficient to pay the principal thereof and interest
thereon as it matures, which levy may be in addition to and exclusive of
the maximum of all other taxes authorized to be levied by the
municipality, which levy, however, shall be abated to the extent that
monies from other sources are available for payment of the obligations and
the municipality certifies the amount of said monies available to the
county clerk.

A certified copy of such ordinance shall be filed with the county
clerk of each county in which any portion of the municipality is situated,
and shall constitute the authority for the extension and collection of the
taxes to be deposited in the special tax allocation fund.

A municipality may also issue its obligations to refund in whole or
in part, obligations theretofore issued by such municipality under the
authority of this Act, whether at or prior to maturity, provided however,
that the last maturity of the refunding obligations shall not be expressed to
mature later than December 31 of the year in which the payment to the
municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of
this Act is to be made with respect to ad valorem taxes levied in the
twenty-third calendar year after the year in which the ordinance approving

Sec. 11-124-1. Contracts for supply of water.

(a) The corporate authorities of each municipality may contract with any person, corporation, municipal corporation, political subdivision, public water district or any other agency for a supply of water. Any such contract entered into by a municipality shall provide that payments to be made thereunder shall be solely from the revenues to be derived from the operation of the waterworks system of the municipality, and the contract shall be a continuing valid and binding obligation of the municipality payable from the revenues derived from the operation of the waterworks system of the municipality for the period of years, not to exceed 40, as may be provided in such contract. Any such contract shall not be a debt within the meaning of any constitutional or statutory limitation. No prior appropriation shall be required before entering into such a contract and no appropriation shall be required to authorize payments to be made under the terms of any such contract notwithstanding any provision in this Code to the contrary.

(b)Payments to be made under any such contract shall be an operation and maintenance expense of the waterworks system of the municipality. Any such contract made by a municipality for a supply of water may contain provisions whereby the municipality is obligated to pay for such supply of water without setoff or counterclaim and irrespective of whether such supply of water is ever furnished, made available or delivered to the municipality or whether any project for the supply of water contemplated by any such contract is completed, operable or operating and notwithstanding any suspension, interruption, interference, reduction or curtailment of the supply of water from such project. Any such contract may provide that if one or more of the other purchasers of water defaults in the payment of its obligations under such contract or a similar contract made with the supplier of the water, one or more of the
remaining purchasers party to such contract or such similar contract shall be required to pay for all or a portion of the obligations of the defaulting purchasers.

(c) Payments to be made under any such contract with a municipal joint action water agency under the Intergovernmental Cooperation Act shall be an operation and maintenance expense of the waterworks system of the municipality. Any such contract made by a municipality for a supply of water with a municipal joint action water agency under the provisions of the Intergovernmental Cooperation Act may contain provisions whereby the municipality is obligated to pay for such supply of water without setoff or counterclaim and irrespective of whether such supply of water is ever furnished, made available or delivered to the municipality or whether any project for the supply of water contemplated by any such contract is completed, operable or operating and notwithstanding any suspension, interruption, interference, reduction or curtailment of the supply of water from such project. Any such contract with a municipal joint action water agency may provide that if one or more of the other purchasers of water defaults in the payment of its obligations under such contract or a similar contract made with the supplier of the water, one or more of the remaining purchasers party to such contract or such similar contract shall be required to pay for all or a portion of the obligations of the defaulting purchasers.

The changes in this Section made by these amendatory Acts of 1984 are intended to be declarative of existing law.

(d) A municipality with a water supply contract with a county water commission organized pursuant to the Water Commission Act of 1985 shall provide water to unincorporated areas of that home county in accordance with the terms of this subsection. The provision of water by the municipality shall be in accordance with a mandate of the home county as provided in Section 0.01 of the Water Commission Act of 1985. A home rule unit may not provide water in a manner that is inconsistent with the provisions of this amendatory Act of the 93rd General Assembly. This subsection is a limitation under subsection (i) of Section 6 of Article VII.
of the Illinois Constitution on the concurrent exercise by home rule units of powers and functions exercised by the State.

Section 485. The Eastern Illinois Economic Development Authority Act is amended by changing Section 40 as follows:
(70 ILCS 506/40)
Sec. 40. Bonds and notes; exemption from taxation. The creation of the Authority is in all respects for the benefit of the people of Illinois and for the improvement of their health, safety, welfare, comfort, and security, and its purposes are public purposes. In consideration thereof, the notes and bonds of the Authority issued pursuant to this Act and the income from these notes and bonds may be free from all taxation by the State or its political subdivisions, except for estate, transfer, and inheritance taxes. The exemption from taxation provided by the preceding sentence shall apply to the income on any notes or bonds of the Authority only if the Authority in its sole judgment determines that the exemption enhances the marketability of the bonds or notes or reduces the interest rates that would otherwise be borne by the bonds or notes. For purposes of Section 250 of the Illinois Income Tax Act, the exemption of the Authority shall terminate after all of the bonds have been paid. The amount of such income that shall be added and then subtracted on the Illinois income tax return of a taxpayer, subject to Section 203 of the Illinois Income Tax Act, from federal adjusted gross income or federal taxable income in computing Illinois base income shall be the interest net of any bond premium amortization.

(70 ILCS 518/40)

Sec. 40. Bonds and notes; exemption from taxation. The creation of the Authority is in all respects for the benefit of the people of Illinois and for the improvement of their health, safety, welfare, comfort, and security, and its purposes are public purposes. In consideration thereof, the notes and bonds of the Authority issued pursuant to this Act and the income from these notes and bonds may be free from all taxation by the State or its political subdivisions, except exempt for estate, transfer, and inheritance taxes. The exemption from taxation provided by the preceding sentence shall apply to the income on any notes or bonds of the Authority only if the Authority in its sole judgment determines that the exemption enhances the marketability of the bonds or notes or reduces the interest rates that would otherwise be borne by the bonds or notes. The notice shall be given on a form prescribed by the State Board of Elections and in accordance with the requirements of the general election law.

The secretary shall, within 7 days of filing or on the last day for filing, whichever is earlier, acknowledge to the petitioner in writing his acceptance of the petition.

(70 ILCS 1205/5-1) (from Ch. 105, par. 5-1)

Sec. 5-1. Each Park District has the power to levy and collect taxes on all the taxable property in the district for all corporate purposes. The commissioners may accumulate funds for the purposes of building repairs and improvements and may annually levy taxes for such purposes in excess of current requirements for its other purposes but subject to the tax rate limitation as herein provided.

All general taxes proposed by the board to be levied upon the taxable property within the district shall be levied by ordinance. A certified copy of such levy ordinance shall be filed with the county clerk of the county in which the same is to be collected not later than the last Tuesday in December in each year. The county clerk shall extend such tax; provided, the aggregate amount of taxes levied for any one year, exclusive of the amount levied for the payment of the principal and interest on bonded indebtedness of the district and taxes authorized by special referendum, shall not exceed, except as otherwise provided in this Section, the rate of .10%, or the rate limitation in effect on July 1, 1967, whichever is greater, of the value, as equalized or assessed by the Department of Revenue.

Notwithstanding any other provision of this Section, a park district board of a park district lying wholly within one county is authorized to increase property taxes under this Section for corporate purposes for any one year so long as the increase is offset by a like property tax levy reduction in one or more of the park district's funds. At the time that such park district files its levy with the county clerk, it shall also certify to the county clerk that the park district has complied with and is authorized to act under this Section 5-1 of the Park District Code. In no instance shall the increase either exceed or result in a reduction to the extension

Any funds on hand at the end of the fiscal year that are not pledged for or allocated to a particular purpose may, by action of the board of commissioners, be transferred to a capital improvement fund and accumulated therein, but the total amount accumulated in the fund may not exceed 1.5% of the aggregate assessed valuation of all taxable property in the park district.

The foregoing limitations upon tax rates may be decreased under the referendum provisions of the General Revenue Law of the State of Illinois.

(70 ILCS 3610/5.01) (from Ch. 111 2/3, par. 355.01)

Sec. 5.01. Metro East Mass Transit District; use and occupation taxes.

(a) The Board of Trustees of any Metro East Mass Transit District may, by ordinance adopted with the concurrence of two-thirds of the then trustees, impose throughout the District any or all of the taxes and fees provided in this Section. All taxes and fees imposed under this Section shall be used only for public mass transportation systems, and the amount used to provide mass transit service to unserved areas of the District shall be in the same proportion to the total proceeds as the number of persons residing in the unserved areas is to the total population of the District. Except as otherwise provided in this Act, taxes imposed under this Section and civil penalties imposed incident thereto shall be collected and enforced by the State Department of Revenue. The Department shall have the power to administer and enforce the taxes and to determine all rights for refunds for erroneous payments of the taxes.

(b) The Board may impose a Metro East Mass Transit District Retailers' Occupation Tax upon all persons engaged in the business of selling tangible personal property at retail in the district at a rate of 1/4 of 1%, or as authorized under subsection (d-5) of this Section, of the gross receipts from the sales made in the course of such business within the district. The tax imposed under this Section and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The Department shall have full power to
administer and enforce this Section; to collect all taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with, this Section, the Department and persons who are subject to this Section shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions and definitions of terms and employ the same modes of procedure, as are prescribed in Sections 1, 1a, 1a-1, 1c, 1d, 1e, 1f, 1i, 1j, 2 through 2-65 (in respect to all provisions therein other than the State rate of tax), 2c, 3 (except as to the disposition of taxes and penalties collected), 4, 5, 5a, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 7, 8, 9, 10, 11, 12, 13, and 14 of the Retailers' Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the Section may reimburse themselves for their seller's tax liability hereunder by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State taxes that sellers are required to collect under the Use Tax Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of the Metro East Mass Transit District tax fund established under paragraph (g) of this Section.

If a tax is imposed under this subsection (b), a tax shall also be imposed under subsections (c) and (d) of this Section.

For the purpose of determining whether a tax authorized under this Section is applicable, a retail sale, by a producer of coal or other mineral mined in Illinois, is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does

not apply to coal or other mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the Federal Constitution as a sale in interstate or foreign commerce.

No tax shall be imposed or collected under this subsection on the sale of a motor vehicle in this State to a resident of another state if that motor vehicle will not be titled in this State.

Nothing in this Section shall be construed to authorize the Metro East Mass Transit District to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by this State.

(c) If a tax has been imposed under subsection (b), a Metro East Mass Transit District Service Occupation Tax shall also be imposed upon all persons engaged, in the district, in the business of making sales of service, who, as an incident to making those sales of service, transfer tangible personal property within the District, either in the form of tangible personal property or in the form of real estate as an incident to a sale of service. The tax rate shall be 1/4%, or as authorized under subsection (d-5) of this Section, of the selling price of tangible personal property so transferred within the district. The tax imposed under this paragraph and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The Department shall have full power to administer and enforce this paragraph; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with this paragraph, the Department and persons who are subject to this paragraph shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions and definitions of terms and employ the same modes of procedure as are prescribed in Sections 1a-1, 2 (except that the reference to State in the definition of supplier maintaining a place of business in this State shall mean the Authority), 2a, 3 through 3-50 (in respect to all provisions therein other than the State rate of tax), 4
Persons subject to any tax imposed under the authority granted in this paragraph may reimburse themselves for their serviceman's tax liability hereunder by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax that servicemen are authorized to collect under the Service Use Tax Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this paragraph to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of the Metro East Mass Transit District tax fund established under paragraph (g) of this Section.

Nothing in this paragraph shall be construed to authorize the District to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by the State.

(d) If a tax has been imposed under subsection (b), a Metro East Mass Transit District Use Tax shall also be imposed upon the privilege of using, in the district, any item of tangible personal property that is purchased outside the district at retail from a retailer, and that is titled or registered with an agency of this State's government, at a rate of 1/4%, or as authorized under subsection (d-5) of this Section, of the selling price of

the tangible personal property within the District, as "selling price" is defined in the Use Tax Act. The tax shall be collected from persons whose Illinois address for titling or registration purposes is given as being in the District. The tax shall be collected by the Department of Revenue for the Metro East Mass Transit District. The tax must be paid to the State, or an exemption determination must be obtained from the Department of Revenue, before the title or certificate of registration for the property may be issued. The tax or proof of exemption may be transmitted to the Department by way of the State agency with which, or the State officer with whom, the tangible personal property must be titled or registered if the Department and the State agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

The Department shall have full power to administer and enforce this paragraph; to collect all taxes, penalties and interest due hereunder; to dispose of taxes, penalties and interest so collected in the manner hereinafter provided; and to determine all rights to credit memoranda or refunds arising on account of the erroneous payment of tax, penalty or interest hereunder. In the administration of, and compliance with, this paragraph, the Department and persons who are subject to this paragraph shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions and definitions of terms and employ the same modes of procedure, as are prescribed in Sections 2 (except the definition of "retailer maintaining a place of business in this State"), 3 through 3-80 (except provisions pertaining to the State rate of tax, and except provisions concerning collection or refunding of the tax by retailers), 4, 11, 12, 12a, 14, 15, 19 (except the portions pertaining to claims by retailers and except the last paragraph concerning refunds), 20, 21 and 22 of the Use Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, that are not inconsistent with this paragraph, as fully as if those provisions were set forth herein.

memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of the Metro East Mass Transit District tax fund established under paragraph (g) of this Section.

(d-5) (A) The county board of any county participating in the Metro East Mass Transit District may authorize, by ordinance, a referendum on the question of whether the tax rates for the Metro East Mass Transit District Retailers' Occupation Tax, the Metro East Mass Transit District Service Occupation Tax, and the Metro East Mass Transit District Use Tax for the District should be increased from 0.25% to 0.75%. Upon adopting the ordinance, the county board shall certify the proposition to the proper election officials who shall submit the proposition to the voters of the District at the next election, in accordance with the general election law.

The proposition shall be in substantially the following form:

Upon submission of such petition the court shall set a date not less than 10 nor more than 30 days thereafter for a hearing on the sufficiency thereof. Notice of the filing of such petition and of such date shall be given in writing to the District and the County Clerk at least 7 days before the date of such hearing.
If such petition is found sufficient, the court shall enter an order to submit that proposition at the next election, in accordance with general election law.

The form of the petition shall be in substantially the following form: To the Circuit Court of the County of (name of county):

(C) The votes shall be recorded as "YES" or "NO". If a majority of all votes cast on the proposition are for the increase in the tax rates, the Metro East Mass Transit District shall begin imposing the increased rates in the District, and the Department of Revenue shall begin collecting the increased amounts, as provided under this Section. An ordinance imposing or discontinuing a tax hereunder or effecting a change in the rate thereof shall be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon the Department shall proceed to administer and enforce this Section as of the first day of January next following the adoption and filing, or on or before the first day of April, whereupon the Department shall proceed to administer and enforce this Section as of the first day of July next following the adoption and filing.

The ordinance

At any time after adopting an ordinance excluding from the rate increase tangible personal property that is titled or registered with an agency of this State's government, the Metro East Mass Transit District Board of Trustees may adopt an ordinance applying the rate increase to that tangible personal property. The ordinance shall be adopted, and a certified copy of that ordinance shall be filed with the Department, on or before October 1, whereupon the Department shall proceed to administer and enforce the rate increase against tangible personal property titled or registered with an agency of this State's government as of the following January 1. After December 31, 1995, any reimposed rate increase in effect under this subsection shall no longer apply to tangible personal property titled or registered with an agency of this State's government. The Board of Trustees of any Metro East Mass Transit District may never reimpose a previously excluded tax rate increase on tangible personal property titled or registered with an agency of this State's government.

(d-6) If the Board of Trustees of any Metro East Mass Transit District has imposed a rate increase under subsection (d-5) and filed an
ordinance with the Department of Revenue excluding titled property from the higher rate, then that Board may, by ordinance adopted with the concurrence of two-thirds of the then trustees, impose throughout the District a fee. The fee on the excluded property shall not exceed $20 per retail transaction or an amount equal to the amount of tax excluded, whichever is less, on tangible personal property that is titled or registered with an agency of this State's government. Beginning July 1, 2004, the fee shall apply only to titled property that is subject to either the Metro East Mass Transit District Retailers' Occupation Tax or the Metro East Mass Transit District Service Occupation Tax. No fee shall be imposed or collected under this subsection on the sale of a motor vehicle in this State to a resident of another state if that motor vehicle will not be titled in this State.

(d-7) Until June 30, 2004, if a fee has been imposed under subsection (d-6), a fee shall also be imposed upon the privilege of using, in the district, any item of tangible personal property that is titled or registered with any agency of this State's government, in an amount equal to the amount of the fee imposed under subsection (d-6).

No retailers' discount shall apply to any fee imposed under subsection (d-6).

(c) No school board shall knowingly employ a person who has been convicted for committing attempted first degree murder or for committing or attempting to commit first degree murder or a Class X felony or any one or more of the following offenses: (i) those defined in Sections 11-6, 11-9, 11-14, 11-15, 11-15.1, 11-16, 11-17, 11-18, 11-19, 11-19.1, 11-19.2, 11-20, 11-20.1, 11-21, 12-13, 12-14, 12-14.1, 12-15 and 12-16 of the Criminal Code of 1961; (ii) those defined in the Cannabis Control Act except those defined in Sections 4(a), 4(b) and 5(a) of that Act; (iii) those defined in the Illinois Controlled Substances Act; (iv) those defined in the Methamphetamine Control and Community Protection Act; and (v) any offense committed or attempted in any other state or against the laws of the United States, which if committed or attempted in this State, would have been punishable as one or more of the foregoing offenses. Further, no school board shall knowingly employ a person who
has been found to be the perpetrator of sexual or physical abuse of any minor under 18 years of age pursuant to proceedings under Article II of the Juvenile Court Act of 1987.

(d) No school board shall knowingly employ a person for whom a criminal history records check and a Statewide Sex Offender Database check has not been initiated.

(e) Upon receipt of the record of a conviction of or a finding of child abuse by a holder of any certificate issued pursuant to Article 21 or Section 34-8.1 or 34-83 of the School Code, the appropriate regional superintendent of schools or the State Superintendent of Education shall initiate the certificate suspension and revocation proceedings authorized by law.

(f) After January 1, 1990 the provisions of this Section shall apply to all employees of persons or firms holding contracts with any school district including, but not limited to, food service workers, school bus drivers and other transportation employees, who have direct, daily contact with the pupils of any school in such district. For purposes of criminal history records checks and checks of the Statewide Sex Offender Database on employees of persons or firms holding contracts with more than one school district and assigned to more than one school district, the regional superintendent of the educational service region in which the contracting school districts are located may, at the request of any such school district, be responsible for receiving the authorization for a criminal history records check prepared by each such employee and submitting the same to the Department of State Police and for conducting a check of the Statewide Sex Offender Database for each employee. Any information concerning the record of conviction and identification as a sex offender of any such employee obtained by the regional superintendent shall be promptly reported to the president of the appropriate school board or school boards.

The board shall pay the necessary expenses of such classes out of school funds of the district, including costs of student transportation and such facilities or provision for child-care as may be necessary in the judgment of the board to permit maximum utilization of the courses by students with children, and other special needs of the students directly related to such instruction. The expenses thus incurred shall be subject to State reimbursement, as provided in this Section. The board may make a tuition charge for persons taking instruction who are not subject to State reimbursement, such tuition charge not to exceed the per capita cost of such classes.

The cost of such instruction, including the additional expenses herein authorized, incurred for recipients of financial aid under the Illinois Public Aid Code, or for persons for whom education and training aid has been authorized under Section 9-8 of that Code, shall be assumed in its entirety from funds appropriated by the State to the Illinois Community College Board.

The Illinois Community College Board shall also provide for:

(1) the development of an index of need for program planning and for area funding allocations, as defined by the Illinois Community College Board;

(2) the method for calculating hours of instruction, as defined by the Illinois Community College Board, claimable for reimbursement and a method to phase in the calculation and for adjusting the calculations in cases where the services of a program are interrupted due to circumstances beyond the control of the program provider;

(3) a plan for the reallocation of funds to increase the amount allocated for grants based upon program performance as set forth in subsection (d) below; and

(4) the development of standards for determining grants based upon performance as set forth in subsection (d) below and a plan for the phased-in implementation of those standards.

For instruction provided by school districts and community college districts beginning July 1, 1996 and thereafter, reimbursement provided by the Illinois Community College Board for classes authorized by this Section shall be provided from funds appropriated for the reimbursement criteria set forth in subsection (c) below.

(c) Upon the annual approval of the Illinois Community College Board, reimbursement shall be first provided for transportation, child care services, and other special needs of the students directly related to instruction and then from the funds remaining an amount equal to the product of the total credit hours or units of instruction approved by the Illinois Community College Board, multiplied by the following:

New matter indicated by italics - deletions by strikeout
(1) For adult basic education, the maximum reimbursement per credit hour or per unit of instruction shall be equal to the general state aid per pupil foundation level established in subsection (B) of Section 18-8.05, divided by 60;

(2) The maximum reimbursement per credit hour or per unit of instruction in subparagraph (1) above shall be weighted for students enrolled in classes defined as vocational skills and approved by the Illinois Community College Board by 1.25;

(3) The maximum reimbursement per credit hour or per unit of instruction in subparagraph (1) above shall be multiplied by .90 for students enrolled in classes defined as adult secondary education programs and approved by the Illinois Community College Board;

(d) Upon its annual approval, the Illinois Community College Board shall provide grants to eligible programs for supplemental activities to improve or expand services under the Adult Education Act. Eligible programs shall be determined based upon performance outcomes of students in the programs as set by the Illinois Community College Board.

(e) Reimbursement under this Section shall not exceed the actual costs of the approved program.

If the amount appropriated to the Illinois Community College Board for reimbursement under this Section is less than the amount required under this Act, the apportionment shall be proportionately reduced.

School districts and community college districts may assess students up to $3.00 per credit hour, for classes other than Adult Basic Education level programs, if needed to meet program costs.

(f) An education plan shall be established for each adult or youth whose schooling has been interrupted and who is participating in the instructional programs provided under this Section.
Each school board and community college shall keep an accurate and detailed account of the students assigned to and receiving instruction under this Section who are subject to State reimbursement and shall submit reports of services provided commencing with fiscal year 1997 as required by the Illinois Community College Board.

For classes authorized under this Section, a credit hour or unit of instruction is equal to 15 hours of direct instruction for students enrolled in approved adult education programs at midterm and making satisfactory progress, in accordance with standards established by the Illinois Community College Board.

(g) Upon proof submitted to the Illinois Department of Human Services of the payment of all claims submitted under this Section, that Department shall apply for federal funds made available therefor and any federal funds so received shall be paid into the General Revenue Fund in the State Treasury.

If a school district or community college district fails to provide, or is providing unsatisfactory or insufficient classes under this Section, the Illinois Community College Board may enter into agreements with public or private educational or other agencies other than the public schools for the establishment of such classes.

(h) If a school district or community college district establishes child-care facilities for the children of participants in classes established under this Section, it may extend the use of these facilities to students who have obtained employment and to other persons in the community whose children require care and supervision while the parent or other person in

charge of the children is employed or otherwise absent from the home
during all or part of the day. It may make the facilities available before and
after as well as during regular school hours to school age and preschool
age children who may benefit thereby, including children who require care
and supervision pending the return of their parent or other person in charge
of their care from employment or other activity requiring absence from the
home.

The Illinois Community College Board shall pay to the board the
cost of care in the facilities for any child who is a recipient of financial aid
under the Illinois Public Aid Code.

The board may charge for care of children for whom it cannot
make claim under the provisions of this Section. The charge shall not
exceed per capita cost, and to the extent feasible, shall be fixed at a level
which will permit utilization by employed parents of low or moderate
income. It may also permit any other State or local governmental agency
or private agency providing care for children to purchase care.

After July 1, 1970 when the provisions of Section 10-20.20
become operative in the district, children in a child-care facility shall be
transferred to the kindergarten established under that Section for such
portion of the day as may be required for the kindergarten program, and
only the prorated costs of care and training provided in the Center for the
remaining period shall be charged to the Illinois Department of Human

having a population exceeding 500,000.

(j) In addition to claiming reimbursement under this Section, a
school district may claim general State aid under Section 18-8.05 for any
student under age 21 who is enrolled in courses accepted for graduation
from elementary or high school and who otherwise meets the requirements
of Section 18-8.05.

Sec. 11E-110. Teachers in contractual continued service.

(a) When a school district conversion or multi-unit conversion becomes effective for purposes of administration and attendance, as determined pursuant to Section 11E-70 of this Code, the provisions of Section 24-12 of this Code relative to the contractual continued service status of teachers having contractual continued service whose positions are transferred from one school board to the control of a new or different school board shall apply, and the positions held by teachers, as that term is defined in Section 24-11 of this Code, having contractual continued service with the unit district at the time of its dissolution shall be transferred on the following basis:

(1) positions of teachers in contractual continued service that, during the 5 school years immediately preceding the effective
date of the change, as determined under Section 11E-70 of this Code, were full-time positions in which all of the time required of the position was spent in one or more of grades 9 through 12 shall be transferred to the control of the school board of the new high school district or combined high school - unit district, as the case may be;

(2) positions of teachers in contractual continued service that, during the 5 school years immediately preceding the effective date of the change, as determined under Section 11E-70 of this Code, were full-time positions in which all of the time required of the position was spent in one or more of grades kindergarten through 8 shall be transferred to the control of the school board of the newly created successor elementary district; and

(3) positions of teachers in contractual continued service that were full-time positions not required to be transferred to the control of the school board of the new high school district or combined high school - unit district, as the case may be, or the school board of the newly created successor elementary district under the provisions of subdivision (1) or (2) of this subsection (a) shall be transferred to the control of whichever of the boards the teacher shall request.

(4) With respect to each position to be transferred under the provisions of this subsection (a), the amount of time required of each position to be spent in one or more of grades kindergarten through 8 and 9 through 12 shall be determined with reference to the applicable records of the unit district being dissolved pursuant to stipulation of the school board of the unit district prior to the effective date of its dissolution or thereafter of the school board of the newly created districts and with the approval in either case of the regional superintendent of schools of the educational service region in which the territory described in the petition filed under this Article or the greater percentage of equalized assessed valuation of the territory is situated; however, if no such stipulation can be agreed upon, the regional superintendent of schools, after hearing any additional

relevant and material evidence that any school board desires to submit, shall make the determination.

(b) When the creation of a unit district or a combined school district becomes effective for purposes of administration and attendance, as determined pursuant to Section 11E-70 of this Code, the positions of teachers in contractual continued service in the districts involved in the creation of the new district are transferred to the newly created district pursuant to the provisions of Section 24-12 of this Code relative to teachers having contractual continued service status whose positions are transferred from one board to the control of a different board, and those provisions of Section 24-12 shall apply to these transferred teachers. The contractual continued service status of any teacher thereby transferred to the newly created district is not lost and the new school board is subject to this Code with respect to the transferred teacher in the same manner as if the teacher was that district's employee and had been its employee during the time the teacher was actually employed by the school board of the district from which the position was transferred.

Sec. 11E-135. Incentives. For districts reorganizing under this Article and for a district or districts that annex all of the territory of one or more entire other school districts in accordance with Article 7 of this Code, the following payments shall be made from appropriations made for these purposes:

(a) For a combined school district, as defined in Section 11E-20 of this Code, or for a unit district, as defined in Section 11E-25 of this Code, for its first year of existence, the general State aid and supplemental general State aid calculated under Section 18-8.05 of this Code shall be computed for the new district and for the previously existing districts for which property is totally included within the new district. If the computation on the basis of the previously existing districts is greater, a supplementary payment equal to the difference shall be made for the first 4 years of existence of the new district.

New matter indicated by italics - deletions by strikeout
(2) For a school district that annexes all of the territory of one or more entire other school districts as defined in Article 7 of this Code, for the first year during which the change of boundaries attributable to the annexation becomes effective for all purposes, as determined under Section 7-9 of this Code, the general State aid and supplemental general State aid calculated under Section 18-8.05 of this Code shall be computed for the annexing district as constituted after the annexation and for the annexing and each annexed district as constituted prior to the annexation; and if the computation on the basis of the annexing and annexed districts as constituted prior to the annexation is greater, then a supplementary payment equal to the difference shall be made for the first 4 years of existence of the annexing school district as constituted upon the annexation.

(3) For 2 or more school districts that annex all of the territory of one or more entire other school districts, as defined in Article 7 of this Code, for the first year during which the change of boundaries attributable to the annexation becomes effective for all purposes, as determined under Section 7-9 of this Code, the general State aid and supplemental general State aid calculated under Section 18-8.05 of this Code shall be computed for each annexing district as constituted after the annexation and for each annexing and annexed district as constituted prior to the annexation; and if the aggregate of the general State aid and supplemental general State aid as so computed for the annexing districts as constituted after the annexation is less than the aggregate of the general State aid and supplemental general State aid as so computed for the annexing and annexed districts, as constituted prior to the annexation, then a supplementary payment equal to the difference shall be made and allocated between or among the annexing districts, as constituted upon the annexation, for the first 4 years of their existence. The total difference payment shall be allocated between or among the annexing districts in the same ratio as the pupil enrollment from that portion of the annexed district or districts that is annexed to each annexing district bears to the total pupil enrollment from the entire annexed district or districts, as such pupil enrollment is determined for the school year last ending prior to the date when the change of boundaries
attributable to the annexation becomes effective for all purposes. The amount of the total difference payment and the amount thereof to be allocated to the annexing districts shall be computed by the State Board of Education on the basis of pupil enrollment and other data that shall be certified to the State Board of Education, on forms that it shall provide for that purpose, by the regional superintendent of schools for each educational service region in which the annexing and annexed districts are located.

(4) For a school district conversion, as defined in Section 11E-15 of this Code, or a multi-unit conversion, as defined in subsection (b) of Section 11E-30 of this Code, if in their first year of existence the newly created elementary districts and the newly created high school district, from a school district conversion, or the newly created elementary district or districts and newly created combined high school - unit district, from a multi-unit conversion, qualify for less general State aid under Section 18-8.05 of this Code than would have been payable under Section 18-8.05 for that same year to the previously existing districts, then a supplementary payment equal to that difference shall be made for the first 4 years of existence of the newly created districts. The aggregate amount of each supplementary payment shall be allocated among the newly created districts in the proportion that the deemed pupil enrollment in each district during its first year of existence bears to the actual aggregate pupil enrollment in all of the districts during their first year of existence. For purposes of each allocation:

(A) the deemed pupil enrollment of the newly created high school district from a school district conversion shall be an amount equal to its actual pupil enrollment for its first year of existence multiplied by 1.25;

(B) the deemed pupil enrollment of each newly created elementary district from a school district conversion shall be an amount equal to its actual pupil enrollment for its first year of existence reduced by an amount equal to the product obtained when the amount by which the newly created high school district's deemed pupil enrollment exceeds its actual pupil enrollment for its
first year of existence is multiplied by a fraction, the numerator of which is the actual pupil enrollment of the newly created elementary district for its first year of existence and the denominator of which is the actual aggregate pupil enrollment of all of the newly created elementary districts for their first year of existence;

(C) the deemed high school pupil enrollment of the newly created combined high school - unit district from a multi-unit conversion shall be an amount equal to its actual grades 9 through 12 pupil enrollment for its first year of existence multiplied by 1.25; and

(D) the deemed elementary pupil enrollment of each newly created district from a multi-unit conversion shall be an amount equal to each district's actual grade K through 8 pupil enrollment for its first year of existence, reduced by an amount equal to the product obtained when the amount by which the newly created combined high school - unit district's deemed high school pupil enrollment exceeds its actual grade 9 through 12 pupil enrollment for its first year of existence is multiplied by a fraction, the numerator of which is the actual grade K through 8 pupil enrollment of each newly created district for its first year of existence and the denominator of which is the actual aggregate grade K through 8 pupil enrollment of all such newly created districts for their first year of existence.

The aggregate amount of each supplementary payment under this subdivision (4) and the amount thereof to be allocated to the newly created districts shall be computed by the State Board of Education on the basis of pupil enrollment and other data, which shall be certified to the State Board of Education, on forms that it shall provide for that purpose, by the regional superintendent of schools for each educational service region in which the newly created districts are located.

(5) For a partial elementary unit district, as defined in subsection (a) or (c) of Section 11E-30 of this Code, if, in the first year of existence, the newly created partial elementary unit district qualifies for less general
State aid and supplemental general State aid under Section 18-8.05 of this Code than would have been payable under that Section for that same year to the previously existing districts that formed the partial elementary unit district, then a supplementary payment equal to that difference shall be made to the partial elementary unit district for the first 4 years of existence of that newly created district.

(6) For an elementary opt-in, as described in subsection (d) of Section 11E-30 of this Code, the general State aid difference shall be computed in accordance with paragraph (5) of this subsection (a) as if the elementary opt-in was included in an optional elementary unit district at the optional elementary unit district's original effective date. If the calculation in this paragraph (6) is less than that calculated in paragraph (5) of this subsection (a) at the optional elementary unit district's original effective date, then no adjustments may be made. If the calculation in this paragraph (6) is more than that calculated in paragraph (5) of this subsection (a) at the optional elementary unit district's original effective date, then the excess must be paid as follows:

(A) If the effective date for the elementary opt-in is one year after the effective date for the optional elementary unit district, 100% of the calculated excess shall be paid to the optional elementary unit district in each of the first 4 years after the effective date of the elementary opt-in.

(B) If the effective date for the elementary opt-in is 2 years after the effective date for the optional elementary unit district, 75% of the calculated excess shall be paid to the optional elementary unit district in each of the first 4 years after the effective date of the elementary opt-in.

(C) If the effective date for the elementary opt-in is 3 years after the effective date for the optional elementary unit district, 50% of the calculated excess shall be paid to the optional elementary unit district in each of the first 4 years after the effective date of the elementary opt-in.

(D) If the effective date for the elementary opt-in is 4 years after the effective date for the optional elementary unit district,
25% of the calculated excess shall be paid to the optional elementary unit district in each of the first 4 years after the effective date of the elementary opt-in.

(E) If the effective date for the elementary opt-in is 5 years after the effective date for the optional elementary unit district, the optional elementary unit district is not eligible for any additional incentives due to the elementary opt-in.

(7) Claims for financial assistance under this subsection (a) may not be recomputed except as expressly provided under Section 18-8.05 of this Code.

(8) Any supplementary payment made under this subsection (a) must be treated as separate from all other payments made pursuant to Section 18-8.05 of this Code.

(b)(1) After the formation of a combined school district, as defined in Section 11E-20 of this Code, or a unit district, as defined in Section 11E-25 of this Code, a computation shall be made to determine the difference between the salaries effective in each of the previously existing districts on June 30, prior to the creation of the new district. For the first 4 years after the formation of the new district, a supplementary State aid reimbursement shall be paid to the new district equal to the difference between the sum of the salaries earned by each of the certificated members of the new district, while employed in one of the previously existing districts during the year immediately preceding the formation of the new district, and the sum of the salaries those certificated members would have been paid during the year immediately prior to the formation of the new district if placed on the salary schedule of the previously existing district with the highest salary schedule.

(2) After the territory of one or more school districts is annexed by one or more other school districts as defined in Article 7 of this Code, a computation shall be made to determine the difference between the salaries effective in each annexed district and in the annexing district or districts as they were each constituted on June 30 preceding the date when the change of boundaries attributable to the annexation became effective for all purposes, as determined under Section 7-9 of this Code. For the first
4 years after the annexation, a supplementary State aid reimbursement shall be paid to each annexing district as constituted after the annexation equal to the difference between the sum of the salaries earned by each of the certificated members of the annexing district as constituted after the annexation, while employed in an annexed or annexing district during the year immediately preceding the annexation, and the sum of the salaries those certificated members would have been paid during the immediately preceding year if placed on the salary schedule of whichever of the annexing or annexed districts had the highest salary schedule during the immediately preceding year.

(3) For each new high school district formed under a school district conversion, as defined in Section 11E-15 of this Code, the State shall make a supplementary payment for 4 years equal to the difference between the sum of the salaries earned by each certified member of the new high school district, while employed in one of the previously existing districts, and the sum of the salaries those certified members would have been paid if placed on the salary schedule of the previously existing district with the highest salary schedule.

(4) For each newly created partial elementary unit district, the State shall make a supplementary payment for 4 years equal to the difference between the sum of the salaries earned by each certified member of the newly created partial elementary unit district, while employed in one of the previously existing districts that formed the partial elementary unit district, and the sum of the salaries those certified members would have been paid if placed on the salary schedule of the previously existing district with the highest salary schedule. The salary schedules used in the calculation shall be those in effect in the previously existing districts for the school year prior to the creation of the new partial elementary unit district.

(5) For an elementary district opt-in, as described in subsection (d) of Section 11E-30 of this Code, the salary difference incentive shall be computed in accordance with paragraph (4) of this subsection (b) as if the opted-in elementary district was included in the optional elementary unit district at the optional elementary unit district's original effective date. If the calculation in this paragraph (5) is less than that calculated in

paragraph (4) of this subsection (b) at the optional elementary unit district's original effective date, then no adjustments may be made. If the calculation in this paragraph (5) is more than that calculated in paragraph (4) of this subsection (b) at the optional elementary unit district’s original effective date, then the excess must be paid as follows:

(A) If the effective date for the elementary opt-in is one year after the effective date for the optional elementary unit district, 100% of the calculated excess shall be paid to the optional elementary unit district in each of the first 4 years after the effective date of the elementary opt-in.

(B) If the effective date for the elementary opt-in is 2 years after the effective date for the optional elementary unit district, 75% of the calculated excess shall be paid to the optional elementary unit district in each of the first 4 years after the effective date of the elementary opt-in.

(C) If the effective date for the elementary opt-in is 3 years after the effective date for the optional elementary unit district, 50% of the calculated excess shall be paid to the optional elementary unit district in each of the first 4 years after the effective date of the elementary opt-in.

(D) If the effective date for the elementary opt-in is 4 years after the effective date for the partial elementary unit district, 25% of the calculated excess shall be paid to the optional elementary unit district in each of the first 4 years after the effective date of the elementary opt-in.

(E) If the effective date for the elementary opt-in is 5 years after the effective date for the optional elementary unit district, the optional elementary unit district is not eligible for any additional incentives due to the elementary opt-in.

(5.5) After the formation of a cooperative high school by 2 or more school districts under Section 10-22.22c of this Code, a computation shall be made to determine the difference between the salaries effective in each of the previously existing high schools on June 30 prior to the formation of the cooperative high school. For the first 4 years after the formation of the cooperative high school, the

formation of the cooperative high school, a supplementary State aid reimbursement shall be paid to the cooperative high school equal to the difference between the sum of the salaries earned by each of the certificated members of the cooperative high school while employed in one of the previously existing high schools during the year immediately preceding the formation of the cooperative high school and the sum of the salaries those certificated members would have been paid during the year immediately prior to the formation of the cooperative high school if placed on the salary schedule of the previously existing high school with the highest salary schedule.

(6) The supplementary State aid reimbursement under this subsection (b) shall be treated as separate from all other payments made pursuant to Section 18-8.05 of this Code. In the case of the formation of a new district or cooperative high school, reimbursement shall begin during the first year of operation of the new district or cooperative high school, and in the case of an annexation of the territory of one or more school districts by one or more other school districts, reimbursement shall begin during the first year when the change in boundaries attributable to the annexation or division becomes effective for all purposes as determined pursuant to Section 7-9 of this Code. Each year that the new, annexing, or resulting district or cooperative high school, as the case may be, is entitled to receive reimbursement, the number of eligible certified members who are employed on October 1 in the district or cooperative high school shall be certified to the State Board of Education on prescribed forms by October 15 and payment shall be made on or before November 15 of that year.

(c)(1) For the first year after the formation of a combined school district, as defined in Section 11E-20 of this Code or a unit district, as defined in Section 11E-25 of this Code, a computation shall be made totaling each previously existing district's audited fund balances in the educational fund, working cash fund, operations and maintenance fund, and transportation fund for the year ending June 30 prior to the referendum for the creation of the new district. The new district shall be paid supplementary State aid equal to the sum of the differences between the

deficit of the previously existing district with the smallest deficit and the
deficits of each of the other previously existing districts.

(2) For the first year after the annexation of all of the territory of
one or more entire school districts by another school district, as defined in
Article 7 of this Code, computations shall be made, for the year ending
June 30 prior to the date that the change of boundaries attributable to the
annexation is allowed by the affirmative decision issued by the regional
board of school trustees under Section 7-6 of this Code, notwithstanding
any effort to seek administrative review of the decision, totaling the
annexing district's and totaling each annexed district's audited fund
balances in their respective educational, working cash, operations and
maintenance, and transportation funds. The annexing district as constituted
after the annexation shall be paid supplementary State aid equal to the sum
of the differences between the deficit of whichever of the annexing or
annexed districts as constituted prior to the annexation had the smallest
deficit and the deficits of each of the other districts as constituted prior to
the annexation.

(3) For the first year after the annexation of all of the territory of
one or more entire school districts by 2 or more other school districts, as
defined by Article 7 of this Code, computations shall be made, for the year
ending June 30 prior to the date that the change of boundaries attributable
to the annexation is allowed by the affirmative decision of the regional
board of school trustees under Section 7-6 of this Code, notwithstanding
any action for administrative review of the decision, totaling each
annexing and annexed district's audited fund balances in their respective
educational, working cash, operations and maintenance, and transportation
funds. The annexing districts as constituted after the annexation shall be
paid supplementary State aid, allocated as provided in this paragraph (3),
in an aggregate amount equal to the sum of the differences between the
deficit of whichever of the annexing or annexed districts as constituted
prior to the annexation had the smallest deficit and the deficits of each of
the other districts as constituted prior to the annexation. The aggregate
amount of the supplementary State aid payable under this paragraph (3)
shall be allocated between or among the annexing districts as follows:

(A) the regional superintendent of schools for each educational service region in which an annexed district is located prior to the annexation shall certify to the State Board of Education, on forms that it shall provide for that purpose, the value of all taxable property in each annexed district, as last equalized or assessed by the Department of Revenue prior to the annexation, and the equalized assessed value of each part of the annexed district that was annexed to or included as a part of an annexing district;

(B) using equalized assessed values as certified by the regional superintendent of schools under clause (A) of this paragraph (3), the combined audited fund balance deficit of each annexed district as determined under this Section shall be apportioned between or among the annexing districts in the same ratio as the equalized assessed value of that part of the annexed district that was annexed to or included as a part of an annexing district bears to the total equalized assessed value of the annexed district; and

(C) the aggregate supplementary State aid payment under this paragraph (3) shall be allocated between or among, and shall be paid to, the annexing districts in the same ratio as the sum of the combined audited fund balance deficit of each annexing district as constituted prior to the annexation, plus all combined audited fund balance deficit amounts apportioned to that annexing district under clause (B) of this subsection, bears to the aggregate of the combined audited fund balance deficits of all of the annexing and annexed districts as constituted prior to the annexation.

(4) For the new elementary districts and new high school district formed through a school district conversion, as defined in subsection (b) of Section 11E-15 of this Code or the new elementary district or districts and new combined high school - unit district formed through a multi-unit conversion, as defined in subsection (b) of Section 11E-30 of this Code, a computation shall be made totaling each previously existing district's audited fund balances in the educational fund, working cash fund,

operations and maintenance fund, and transportation fund for the year ending June 30 prior to the referendum establishing the new districts. In the first year of the new districts, the State shall make a one-time supplementary payment equal to the sum of the differences between the deficit of the previously existing district with the smallest deficit and the deficits of each of the other previously existing districts. A district with a combined balance among the 4 funds that is positive shall be considered to have a deficit of zero. The supplementary payment shall be allocated among the newly formed high school and elementary districts in the manner provided by the petition for the formation of the districts, in the form in which the petition is approved by the regional superintendent of schools or State Superintendent of Education under Section 11E-50 of this Code.

(5) For each newly created partial elementary unit district, as defined in subsection (a) or (c) of Section 11E-30 of this Code, a computation shall be made totaling the audited fund balances of each previously existing district that formed the new partial elementary unit district in the educational fund, working cash fund, operations and maintenance fund, and transportation fund for the year ending June 30 prior to the referendum for the formation of the partial elementary unit district. In the first year of the new partial elementary unit district, the State shall make a one-time supplementary payment to the new district equal to the sum of the differences between the deficit of the previously existing district with the smallest deficit and the deficits of each of the other previously existing districts. A district with a combined balance among the 4 funds that is positive shall be considered to have a deficit of zero.

(6) For an elementary opt-in as defined in subsection (d) of Section 11E-30 of this Code, the deficit fund balance incentive shall be computed in accordance with paragraph (5) of this subsection (c) as if the opted-in elementary was included in the optional elementary unit district at the optional elementary unit district's original effective date. If the calculation in this paragraph (6) is less than that calculated in paragraph (5) of this subsection (c) at the optional elementary unit district's original effective date, the

date, then no adjustments may be made. If the calculation in this paragraph (6) is more than that calculated in paragraph (5) of this subsection (c) at the optional elementary unit district's original effective date, then the excess must be paid as follows:

(A) If the effective date for the elementary opt-in is one year after the effective date for the optional elementary unit district, 100% of the calculated excess shall be paid to the optional elementary unit district in the first year after the effective date of the elementary opt-in.

(B) If the effective date for the elementary opt-in is 2 years after the effective date for the optional elementary unit district, 75% of the calculated excess shall be paid to the optional elementary unit district in the first year after the effective date of the elementary opt-in.

(C) If the effective date for the elementary opt-in is 3 years after the effective date for the optional elementary unit district, 50% of the calculated excess shall be paid to the optional elementary unit district in the first year after the effective date of the elementary opt-in.

(D) If the effective date for the elementary opt-in is 4 years after the effective date for the optional elementary unit district, 25% of the calculated excess shall be paid to the optional elementary unit district in the first year after the effective date of the elementary opt-in.

(E) If the effective date for the elementary opt-in is 5 years after the effective date for the optional elementary unit district, the optional elementary unit district is not eligible for any additional incentives due to the elementary opt-in.

(7) For purposes of any calculation required under paragraph (1), (2), (3), (4), (5), or (6) of this subsection (c), a district with a combined fund balance that is positive shall be considered to have a deficit of zero. For purposes of determining each district's audited fund balances in its educational fund, working cash fund, operations and maintenance fund, and transportation fund for the specified year ending June 30, as provided
in paragraphs (1), (2), (3), (4), (5), and (6) of this subsection (c), the balance of each fund shall be deemed decreased by an amount equal to the amount of the annual property tax theretofore levied in the fund by the district for collection and payment to the district during the calendar year in which the June 30 fell, but only to the extent that the tax so levied in the fund actually was received by the district on or before or comprised a part of the fund on such June 30. For purposes of determining each district's audited fund balances, a calculation shall be made for each fund to determine the average for the 3 years prior to the specified year ending June 30, as provided in paragraphs (1), (2), (3), (4), (5), and (6) of this subsection (c), of the district's expenditures in the categories "purchased services", "supplies and materials", and "capital outlay", as those categories are defined in rules of the State Board of Education. If this 3-year average is less than the district's expenditures in these categories for the specified year ending June 30, as provided in paragraphs (1), (2), (3), (4), (5), and (6) of this subsection (c), then the 3-year average shall be used in calculating the amounts payable under this Section in place of the amounts shown in these categories for the specified year ending June 30, as provided in paragraphs (1), (2), (3), (4), (5), and (6) of this subsection (c). Any deficit because of State aid not yet received may not be considered in determining the June 30 deficits. The same basis of accounting shall be used by all previously existing districts and by all annexing or annexed districts, as constituted prior to the annexation, in making any computation required under paragraphs (1), (2), (3), (4), (5), and (6) of this subsection (c).

(8) The supplementary State aid payments under this subsection (c) shall be treated as separate from all other payments made pursuant to Section 18-8.05 of this Code.

(d)(1) Following the formation of a combined school district, as defined in Section 11E-20 of this Code, a new elementary district or districts and a new high school district formed through a school district conversion, as defined in subsection (b) of Section 11E-15 of this Code, a new partial elementary unit district, as defined in Section 11E-30 of this Code, or a new elementary district or districts formed through a multi-unit

conversion, as defined in subsection (b) of Section 11E-30 of this Code, or the annexation of all of the territory of one or more entire school districts by one or more other school districts, as defined in Article 7 of this Code, a supplementary State aid reimbursement shall be paid for the number of school years determined under the following table to each new or annexing district equal to the sum of $4,000 for each certified employee who is employed by the district on a full-time basis for the regular term of the school year:

The State Board of Education shall make a one-time calculation of a reorganized district's quintile ranks. The average daily attendance used in this calculation shall be the best 3 months' average daily attendance for the district's first year. The equalized assessed value per pupil shall be the district's real property equalized assessed value used in calculating the district's first-year general State aid claim, under Section 18-8.05 of this Code, divided by the best 3 months' average daily attendance.

No annexing or resulting school district shall be entitled to supplementary State aid under this subsection (d) unless the district acquires at least 30% of the average daily attendance of the district from which the territory is being detached or divided.

If a district results from multiple reorganizations that would otherwise qualify the district for multiple payments under this subsection (d) in any year, then the district shall receive a single payment only for that year based solely on the most recent reorganization.

(2) For an elementary opt-in, as defined in subsection (d) of Section 11E-30 of this Code, the full-time certified staff incentive shall be computed in accordance with paragraph (1) of this subsection (d), equal to the sum of $4,000 for each certified employee of the elementary district that opts-in who is employed by the optional elementary unit district on a full-time basis for the regular term of the school year. The calculation from this paragraph (2) must be paid as follows:

(A) If the effective date for the elementary opt-in is one year after the effective date for the optional elementary unit district, 100% of the amount calculated in this paragraph (2) shall be paid to the optional elementary unit district for the number of years calculated in paragraph (1) of this subsection (d) at the optional elementary unit district's original effective date, starting in the second year after the effective date of the elementary opt-in.

(B) If the effective date for the elementary opt-in is 2 years after the effective date for the optional elementary unit district, 75% of the amount calculated in this paragraph (2) shall be paid to the optional elementary unit district for the number of years calculated in paragraph (1) of this subsection (d) at the optional elementary unit district's original effective date, starting in the second year after the effective date of the elementary opt-in.

(C) If the effective date for the elementary opt-in is 3 years after the effective date for the optional elementary unit district, 50% of the amount calculated in this paragraph (2) shall be paid to the optional elementary unit district for the number of years calculated in paragraph (1) of this subsection (d) at the optional elementary unit district's original effective date, starting in the second year after the effective date of the elementary opt-in.

(D) If the effective date for the elementary opt-in is 4 years after the effective date for the optional elementary unit district,
25% of the amount calculated in this paragraph (2) shall be paid to the optional elementary unit district for the number of years calculated in paragraph (1) of this subsection (d) at the optional elementary unit district's original effective date, starting in the second year after the effective date of the elementary opt-in.

(E) If the effective date for the elementary opt-in is 5 years after the effective date for the optional elementary unit district, the optional elementary unit district is not eligible for any additional incentives due to the elementary opt-in.

(2.5) Following the formation of a cooperative high school by 2 or more school districts under Section 10-22.22c of this Code, a supplementary State aid reimbursement shall be paid for 3 school years to the cooperative high school equal to the sum of $4,000 for each certified employee who is employed by the cooperative high school on a full-time basis for the regular term of any such school year. If a cooperative high school results from multiple agreements that would otherwise qualify the cooperative high school for multiple payments under this Section in any year, the cooperative high school shall receive a single payment for that year based solely on the most recent agreement.

(3) The supplementary State aid reimbursement payable under this subsection (d) shall be separate from and in addition to all other payments made to the district pursuant to any other Section of this Article.

(4) During May of each school year for which a supplementary State aid reimbursement is to be paid to a new or annexing school district or cooperative high school pursuant to this subsection (d), the school board or governing board shall certify to the State Board of Education, on forms furnished to the school board or governing board by the State Board of Education for purposes of this subsection (d), the number of certified employees for which the district or cooperative high school is entitled to reimbursement under this Section, together with the names, certificate numbers, and positions held by the certified employees.

(5) Upon certification by the State Board of Education to the State Comptroller of the amount of the supplementary State aid reimbursement to which a school district or cooperative high school is entitled under this

Sec. 14A-55. Rulemaking. The State Board of Education shall have the authority to adopt all rules necessary to implement and regulate the provisions of this Article.

Sec. 18-8.05. Basis for apportionment of general State financial aid and supplemental general State aid to the common schools for the 1998-1999 and subsequent school years.

(A) General Provisions.

(1) The provisions of this Section apply to the 1998-1999 and subsequent school years. The system of general State financial aid provided for in this Section is designed to assure that, through a combination of State financial aid and required local resources, the financial support provided each pupil in Average Daily Attendance equals or exceeds a prescribed per pupil Foundation Level. This formula approach imputes a level of per pupil Available Local Resources and provides for the basis to calculate a per pupil level of general State financial aid that, when added to Available Local Resources, equals or exceeds the Foundation Level. The amount of per pupil general State financial aid for school districts, in general, varies in inverse relation to Available Local Resources. Per pupil amounts are based upon each school district's Average Daily Attendance as that term is defined in this Section.

(2) In addition to general State financial aid, school districts with specified levels or concentrations of pupils from low income households are eligible to receive supplemental general State financial aid grants as provided pursuant to subsection (H). The supplemental State aid grants provided for school districts under subsection (H) shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section.
(3) To receive financial assistance under this Section, school districts are required to file claims with the State Board of Education, subject to the following requirements:

(a) Any school district which fails for any given school year to maintain school as required by law, or to maintain a recognized school is not eligible to file for such school year any claim upon the Common School Fund. In case of nonrecognition of one or more attendance centers in a school district otherwise operating recognized schools, the claim of the district shall be reduced in the proportion which the Average Daily Attendance in the attendance center or centers bear to the Average Daily Attendance in the school district. A "recognized school" means any public school which meets the standards as established for recognition by the State Board of Education. A school district or attendance center not having recognition status at the end of a school term is entitled to receive State aid payments due upon a legal claim which was filed while it was recognized.

(b) School district claims filed under this Section are subject to Sections 18-9, 18-10, and 18-12, except as otherwise provided in this Section.

(c) If a school district operates a full year school under Section 10-19.1, the general State aid to the school district shall be determined by the State Board of Education in accordance with this Section as near as may be applicable.

(d) (Blank).

(4) Except as provided in subsections (H) and (L), the board of any district receiving any of the grants provided for in this Section may apply those funds to any fund so received for which that board is authorized to make expenditures by law.

School districts are not required to exert a minimum Operating Tax Rate in order to qualify for assistance under this Section.

(5) As used in this Section the following terms, when capitalized, shall have the meaning ascribed herein:

New matter indicated by italics - deletions by strikeout

(d) "Foundation Level": A prescribed level of per pupil financial support as provided for in subsection (B).

(e) "Operating Tax Rate": All school district property taxes extended for all purposes, except Bond and Interest, Summer School, Rent, Capital Improvement, and Vocational Education Building purposes.

(B) Foundation Level.

(1) The Foundation Level is a figure established by the State representing the minimum level of per pupil financial support that should be available to provide for the basic education of each pupil in Average Daily Attendance. As set forth in this Section, each school district is assumed to exert a sufficient local taxing effort such that, in combination with the aggregate of general State financial aid provided the district, an aggregate of State and local resources are available to meet the basic education needs of pupils in the district.

(2) For the 1998-1999 school year, the Foundation Level of support is $4,225. For the 1999-2000 school year, the Foundation Level of support is $4,325. For the 2000-2001 school year, the Foundation Level of support is $4,425. For the 2001-2002 school year and 2002-2003 school year, the Foundation Level of support is $4,560. For the 2003-2004 school year, the Foundation Level of support is $4,810. For the 2004-2005 school year, the
Foundation Level of support is $4,964. For the 2005-2006 school year, the Foundation Level of support is $5,164.

(3) For the 2006-2007 school year and each school year thereafter, the Foundation Level of support is $5,334 or such greater amount as may be established by law by the General Assembly.

(C) Average Daily Attendance.

(1) For purposes of calculating general State aid pursuant to subsection (E), an Average Daily Attendance figure shall be utilized. The Average Daily Attendance figure for formula calculation purposes shall be the monthly average of the actual number of pupils in attendance of each school district, as further averaged for the best 3 months of pupil attendance for each school district. In compiling the figures for the number of pupils in attendance, school districts and the State Board of Education shall, for purposes of general State aid funding, conform attendance figures to the requirements of subsection (F).

(2) The Average Daily Attendance figures utilized in subsection (E) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated or the average of the attendance data for the 3 preceding school years, whichever is greater. The Average Daily Attendance figures utilized in subsection (H) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated.

(D) Available Local Resources.

(1) For purposes of calculating general State aid pursuant to subsection (E), a representation of Available Local Resources per pupil, as that term is defined and determined in this subsection, shall be utilized. Available Local Resources per pupil shall include a calculated dollar amount representing local school district revenues from local property taxes and from Corporate Personal Property Replacement Taxes, expressed on the basis of pupils in Average Daily Attendance. Calculation of Available Local Resources shall exclude any tax amnesty funds received as a result of Public Act 93-26.

(2) In determining a school district's revenue from local property taxes, the State Board of Education shall utilize the equalized assessed valuation of all taxable property of each school district as of September 30 of the previous year. The equalized assessed valuation utilized shall be obtained and determined as provided in subsection (G).

(3) For school districts maintaining grades kindergarten through 12, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 3.00%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades kindergarten through 8, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 2.30%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades 9 through 12, local property tax revenues per pupil shall be the applicable equalized assessed valuation of the district multiplied by 1.05%, and divided by the district's Average Daily Attendance figure.

For partial elementary unit districts created pursuant to Article 11E of this Code, local property tax revenues per pupil shall be calculated as the product of the equalized assessed valuation for property within the elementary and high school classification of the partial elementary unit district multiplied by 2.06% and divided by the Average Daily Attendance figure for grades kindergarten through 8, plus the product of the equalized assessed valuation for property within the high school only classification of the partial elementary unit district multiplied by 0.94% and divided by the Average Daily Attendance figure for grades 9 through 12.

(4) The Corporate Personal Property Replacement Taxes paid to each school district during the calendar year 2 years before the calendar year in which a school year begins, divided by the Average Daily Attendance figure for that district, shall be added to the local property tax revenues per pupil as derived by the application of the immediately preceding paragraph (3). The sum of these per pupil figures for each school district shall constitute Available Local Resources as that term is utilized in subsection (E) in the calculation of general State aid.

(E) Computation of General State Aid.

(1) For each school year, the amount of general State aid allotted to a school district shall be computed by the State Board of Education as provided in this subsection.

(2) For any school district for which Available Local Resources per pupil is less than the product of 0.93 times the Foundation Level, general State aid for that district shall be calculated as an amount equal to the Foundation Level minus Available Local Resources, multiplied by the Average Daily Attendance of the school district.

(3) For any school district for which Available Local Resources per pupil is equal to or greater than the product of 0.93 times the Foundation Level and less than the product of 1.75 times the Foundation Level, the general State aid per pupil shall be a decimal proportion of the Foundation Level derived using a linear algorithm. Under this linear algorithm, the calculated general State aid per pupil shall decline in direct linear fashion from 0.07 times the Foundation Level for a school district with Available Local Resources equal to the product of 0.93 times the Foundation Level, to 0.05 times the Foundation Level for a school district with Available Local Resources equal to the product of 1.75 times the Foundation Level. The allocation of general State aid for school districts subject to this paragraph 3 shall be the calculated general State aid per pupil figure multiplied by the Average Daily Attendance of the school district.

(4) For any school district for which Available Local Resources per pupil equals or exceeds the product of 1.75 times the Foundation Level, the general State aid for the school district shall be calculated as the product of $218 multiplied by the Average Daily Attendance of the school district.

(5) The amount of general State aid allocated to a school district for the 1999-2000 school year meeting the requirements set forth in paragraph (4) of subsection (G) shall be increased by an amount equal to the general State aid that would have been received by the district for the 1998-1999 school year by utilizing the Extension Limitation Equalized Assessed Valuation as calculated in paragraph (4) of subsection (G) less the general State aid allotted for the 1998-1999 school year. This amount

shall be deemed a one time increase, and shall not affect any future general State aid allocations.

(F) Compilation of Average Daily Attendance.

(1) Each school district shall, by July 1 of each year, submit to the State Board of Education, on forms prescribed by the State Board of Education, attendance figures for the school year that began in the preceding calendar year. The attendance information so transmitted shall identify the average daily attendance figures for each month of the school year. Beginning with the general State aid claim form for the 2002-2003 school year, districts shall calculate Average Daily Attendance as provided in subdivisions (a), (b), and (c) of this paragraph (1).

(a) In districts that do not hold year-round classes, days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

(b) In districts in which all buildings hold year-round classes, days of attendance in July and August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

(c) In districts in which some buildings, but not all, hold year-round classes, for the non-year-round buildings, days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May. The average daily attendance for the year-round buildings shall be computed as provided in subdivision (b) of this paragraph (1). To calculate the Average Daily Attendance for the district, the average daily attendance for the year-round buildings shall be multiplied by the days in session for the non-year-round buildings for each month and added to the monthly attendance of the non-year-round buildings.

Except as otherwise provided in this Section, days of attendance by pupils shall be counted only for sessions of not less than 5 clock hours of school work per day under direct supervision of: (i) teachers, or (ii) non-teaching personnel or volunteer personnel when engaging in non-teaching duties and supervising in those instances specified in

New matter indicated by italics - deletions by strikeout
subsection (a) of Section 10-22.34 and paragraph 10 of Section 34-18, with pupils of legal school age and in kindergarten and grades 1 through 12.

Days of attendance by tuition pupils shall be accredited only to the districts that pay the tuition to a recognized school.

(2) Days of attendance by pupils of less than 5 clock hours of school shall be subject to the following provisions in the compilation of Average Daily Attendance.

(a) Pupils regularly enrolled in a public school for only a part of the school day may be counted on the basis of 1/6 day for every class hour of instruction of 40 minutes or more attended pursuant to such enrollment, unless a pupil is enrolled in a block-schedule format of 80 minutes or more of instruction, in which case the pupil may be counted on the basis of the proportion of minutes of school work completed each day to the minimum number of minutes that school work is required to be held that day.

(b) Days of attendance may be less than 5 clock hours on the opening and closing of the school term, and upon the first day of pupil attendance, if preceded by a day or days utilized as an institute or teachers' workshop.

(c) A session of 4 or more clock hours may be counted as a day of attendance upon certification by the regional superintendent, and approved by the State Superintendent of Education to the extent that the district has been forced to use daily multiple sessions.

(d) A session of 3 or more clock hours may be counted as a day of attendance (1) when the remainder of the school day or at least 2 hours in the evening of that day is utilized for an in-service training program for teachers, up to a maximum of 5 days per school year of which a maximum of 4 days of such 5 days may be used for parent-teacher conferences, provided a district conducts an in-service training program for teachers which has been approved by the State Superintendent of Education; or, in lieu of 4 such days, 2 full days may be used, in which event each such day may be

counted as a day of attendance; and (2) when days in addition to those provided in item (1) are scheduled by a school pursuant to its school improvement plan adopted under Article 34 or its revised or amended school improvement plan adopted under Article 2, provided that (i) such sessions of 3 or more clock hours are scheduled to occur at regular intervals, (ii) the remainder of the school days in which such sessions occur are utilized for in-service training programs or other staff development activities for teachers, and (iii) a sufficient number of minutes of school work under the direct supervision of teachers are added to the school days between such regularly scheduled sessions to accumulate not less than the number of minutes by which such sessions of 3 or more clock hours fall short of 5 clock hours. Any full days used for the purposes of this paragraph shall not be considered for computing average daily attendance. Days scheduled for in-service training programs, staff development activities, or parent-teacher conferences may be scheduled separately for different grade levels and different attendance centers of the district.

(e) A session of not less than one clock hour of teaching hospitalized or homebound pupils on-site or by telephone to the classroom may be counted as 1/2 day of attendance, however these pupils must receive 4 or more clock hours of instruction to be counted for a full day of attendance.

(f) A session of at least 4 clock hours may be counted as a day of attendance for first grade pupils, and pupils in full day kindergartens, and a session of 2 or more hours may be counted as 1/2 day of attendance by pupils in kindergartens which provide only 1/2 day of attendance.

(g) For children with disabilities who are below the age of 6 years and who cannot attend 2 or more clock hours because of their disability or immaturity, a session of not less than one clock hour may be counted as 1/2 day of attendance; however for such children whose educational needs so require a session of 4 or more clock hours may be counted as a full day of attendance.

New matter indicated by italics - deletions by strikeout
(h) A recognized kindergarten which provides for only 1/2 day of attendance by each pupil shall not have more than 1/2 day of attendance counted in any one day. However, kindergartens may count 2 1/2 days of attendance in any 5 consecutive school days. When a pupil attends such a kindergarten for 2 half days on any one school day, the pupil shall have the following day as a day absent from school, unless the school district obtains permission in writing from the State Superintendent of Education. Attendance at kindergartens which provide for a full day of attendance by each pupil shall be counted the same as attendance by first grade pupils. Only the first year of attendance in one kindergarten shall be counted, except in case of children who entered the kindergarten in their fifth year whose educational development requires a second year of kindergarten as determined under the rules and regulations of the State Board of Education.

(i) On the days when the Prairie State Achievement Examination is administered under subsection (c) of Section 2-3.64 of this Code, the day of attendance for a pupil whose school day must be shortened to accommodate required testing procedures may be less than 5 clock hours and shall be counted towards the 176 days of actual pupil attendance required under Section 10-19 of this Code, provided that a sufficient number of minutes of school work in excess of 5 clock hours are first completed on other school days to compensate for the loss of school work on the examination days.

(G) Equalized Assessed Valuation Data.

(1) For purposes of the calculation of Available Local Resources required pursuant to subsection (D), the State Board of Education shall secure from the Department of Revenue the value as equalized or assessed by the Department of Revenue of all taxable property of every school district, together with (i) the applicable tax rate used in extending taxes for the funds of the district as of September 30 of the previous year and (ii) the limiting rate for all school districts subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law.
The Department of Revenue shall add to the equalized assessed value of all taxable property of each school district situated entirely or partially within a county that is or was subject to the alternative general homestead exemption provisions of Section 15-176 of the Property Tax Code (a) an amount equal to the total amount by which the homestead exemption allowed under Section 15-176 of the Property Tax Code for real property situated in that school district exceeds the total amount that would have been allowed in that school district if the maximum reduction under Section 15-176 was (i) $4,500 in Cook County or $3,500 in all other counties in tax year 2003 or (ii) $5,000 in all counties in tax year 2004 and thereafter and (b) an amount equal to the aggregate amount for the taxable year of all additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of $30,000 or less. The county clerk of any county that is or was subject to the alternative general homestead exemption provisions of Section 15-176 of the Property Tax Code shall annually calculate and certify to the Department of Revenue for each school district all homestead exemption amounts under Section 15-176 of the Property Tax Code and all amounts of additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of $30,000 or less. It is the intent of this paragraph that if the general homestead exemption for a parcel of property is determined under Section 15-176 of the Property Tax Code rather than Section 15-175, then the calculation of Available Local Resources shall not be affected by the difference, if any, between the amount of the general homestead exemption allowed for that parcel of property under Section 15-176 of the Property Tax Code and the amount that would have been allowed had the general homestead exemption for that parcel of property been determined under Section 15-175 of the Property Tax Code. It is further the intent of this paragraph that if additional exemptions are allowed under Section 15-175 of the Property Tax Code for owners with a household income of less than $30,000, then the calculation of Available Local Resources shall not be affected by the difference, if any, because of those additional exemptions.

This equalized assessed valuation, as adjusted further by the requirements of this subsection, shall be utilized in the calculation of Available Local Resources.

(2) The equalized assessed valuation in paragraph (1) shall be adjusted, as applicable, in the following manner:

(a) For the purposes of calculating State aid under this Section, with respect to any part of a school district within a redevelopment project area in respect to which a municipality has adopted tax increment allocation financing pursuant to the Tax Increment Allocation Redevelopment Act, Sections 11-74.4-1 through 11-74.4-11 of the Illinois Municipal Code or the Industrial Jobs Recovery Law, Sections 11-74.6-1 through 11-74.6-50 of the Illinois Municipal Code, no part of the current equalized assessed valuation of real property located in any such project area which is attributable to an increase above the total initial equalized assessed valuation of such property shall be used as part of the equalized assessed valuation of the district, until such time as all redevelopment project costs have been paid, as provided in Section 11-74.4-8 of the Tax Increment Allocation Redevelopment Act or in Section 11-74.6-35 of the Industrial Jobs Recovery Law. For the purpose of the equalized assessed valuation of the district, the total initial equalized assessed valuation or the current equalized assessed valuation, whichever is lower, shall be used until such time as all redevelopment project costs have been paid.

(b) The real property equalized assessed valuation for a school district shall be adjusted by subtracting from the real property value as equalized or assessed by the Department of Revenue for the district an amount computed by dividing the amount of any abatement of taxes under Section 18-170 of the Property Tax Code by 3.00% for a district maintaining grades kindergarten through 12, by 2.30% for a district maintaining grades kindergarten through 8, or by 1.05% for a district maintaining grades 9 through 12 and adjusted by an amount computed by dividing the amount of any abatement of taxes under subsection (a)
of Section 18-165 of the Property Tax Code by the same percentage rates for district type as specified in this subparagraph (b).

(3) For the 1999-2000 school year and each school year thereafter, if a school district meets all of the criteria of this subsection (G)(3), the school district's Available Local Resources shall be calculated under subsection (D) using the district's Extension Limitation Equalized Assessed Valuation as calculated under this subsection (G)(3).

For purposes of this subsection (G)(3) the following terms shall have the following meanings:

"Budget Year": The school year for which general State aid is calculated and awarded under subsection (E).

"Base Tax Year": The property tax levy year used to calculate the Budget Year allocation of general State aid.

"Preceding Tax Year": The property tax levy year immediately preceding the Base Tax Year.

"Base Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Base Tax Year multiplied by the limiting rate as calculated by the County Clerk and defined in the Property Tax Extension Limitation Law.

"Preceding Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Preceding Tax Year multiplied by the Operating Tax Rate as defined in subsection (A).

"Extension Limitation Ratio": A numerical ratio, certified by the County Clerk, in which the numerator is the Base Tax Year's Tax Extension and the denominator is the Preceding Tax Year's Tax Extension.

"Operating Tax Rate": The operating tax rate as defined in subsection (A).

If a school district is subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law, the State Board of Education shall calculate the Extension Limitation Equalized...
Assessed Valuation of that district. For the 1999-2000 school year, the
Extension Limitation Equalized Assessed Valuation of a school district as
calculated by the State Board of Education shall be equal to the product of
the district's 1996 Equalized Assessed Valuation and the district's
Extension Limitation Ratio. For the 2000-2001 school year and each
school year thereafter, the Extension Limitation Equalized Assessed
Valuation of a school district as calculated by the State Board of Education
shall be equal to the product of the Equalized Assessed Valuation last used
in the calculation of general State aid and the district's Extension
Limitation Ratio. If the Extension Limitation Equalized Assessed
Valuation of a school district as calculated under this subsection (G)(3) is
less than the district's equalized assessed valuation as calculated pursuant
to subsections (G)(1) and (G)(2), then for purposes of calculating the
district's general State aid for the Budget Year pursuant to subsection (E),
that Extension Limitation Equalized Assessed Valuation shall be utilized
to calculate the district's Available Local Resources under subsection (D).

Partial elementary unit districts created in accordance with Article
11E of this Code shall not be eligible for the adjustment in this subsection
(G)(3) until the fifth year following the effective date of the
reorganization.

(4) For the purposes of calculating general State aid for the
1999-2000 school year only, if a school district experienced a triennial
reassessment on the equalized assessed valuation used in calculating its
general State financial aid apportionment for the 1998-1999 school year,
the State Board of Education shall calculate the Extension Limitation
Equalized Assessed Valuation that would have been used to calculate the
district's 1998-1999 general State aid. This amount shall equal the product
of the equalized assessed valuation used to calculate general State aid for
the 1997-1998 school year and the district's Extension Limitation Ratio. If
the Extension Limitation Equalized Assessed Valuation of the school
district as calculated under this paragraph (4) is less than the district's
equalized assessed valuation utilized in calculating the district's 1998-1999
general State aid allocation, then for purposes of calculating the district's
general State aid pursuant to paragraph (5) of subsection (E), that

New matter indicated by italics - deletions by strikeout
Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources.

(5) For school districts having a majority of their equalized assessed valuation in any county except Cook, DuPage, Kane, Lake, McHenry, or Will, if the amount of general State aid allocated to the school district for the 1999-2000 school year under the provisions of subsection (E), (H), and (J) of this Section is less than the amount of general State aid allocated to the district for the 1998-1999 school year under these subsections, then the general State aid of the district for the 1999-2000 school year only shall be increased by the difference between these amounts. The total payments made under this paragraph (5) shall not exceed $14,000,000. Claims shall be prorated if they exceed $14,000,000.

(H) Supplemental General State Aid.

(1) In addition to the general State aid a school district is allotted pursuant to subsection (E), qualifying school districts shall receive a grant, paid in conjunction with a district's payments of general State aid, for supplemental general State aid based upon the concentration level of children from low-income households within the school district. Supplemental State aid grants provided for school districts under this subsection shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section. If the appropriation in any fiscal year for general State aid and supplemental general State aid is insufficient to pay the amounts required under the general State aid and supplemental general State aid calculations, then the State Board of Education shall ensure that each school district receives the full amount due for general State aid and the remainder of the appropriation shall be used for supplemental general State aid, which the State Board of Education shall calculate and pay to eligible districts on a prorated basis.

(1.5) This paragraph (1.5) applies only to those school years preceding the 2003-2004 school year. For purposes of this subsection (H), the term "Low-Income Concentration Level" shall be the low-income eligible pupil count from the most recently available federal census divided by the Average Daily Attendance of the school district. If,
however, (i) the percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count of a high school district with fewer than 400 students exceeds by 75% or more the percentage change in the total low-income eligible pupil count of contiguous elementary school districts, whose boundaries are coterminous with the high school district, or (ii) a high school district within 2 counties and serving 5 elementary school districts, whose boundaries are coterminous with the high school district, has a percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count and there is a percentage increase in the total low-income eligible pupil count of a majority of the elementary school districts in excess of 50% from the 2 most recent federal censuses, then the high school district's low-income eligible pupil count from the earlier federal census shall be the number used as the low-income eligible pupil count for the high school district, for purposes of this subsection (H). The changes made to this paragraph (1) by Public Act 92-28 shall apply to supplemental general State aid grants for school years preceding the 2003-2004 school year that are paid in fiscal year 1999 or thereafter and to any State aid payments made in fiscal year 1994 through fiscal year 1998 pursuant to subsection 1(n) of Section 18-8 of this Code (which was repealed on July 1, 1998), and any high school district that is affected by Public Act 92-28 is entitled to a recomputation of its supplemental general State aid grant or State aid paid in any of those fiscal years. This recomputation shall not be affected by any other funding.

(1.10) This paragraph (1.10) applies to the 2003-2004 school year and each school year thereafter. For purposes of this subsection (H), the term "Low-Income Concentration Level" shall, for each fiscal year, be the low-income eligible pupil count as of July 1 of the immediately preceding fiscal year (as determined by the Department of Human Services based on the number of pupils who are eligible for at least one of the following low income programs: Medicaid, KidCare, TANF, or Food Stamps, excluding pupils who are eligible for services provided by the Department of Children and Family Services, averaged over the 2 immediately preceding fiscal years for fiscal year 2004 and over the 3 immediately preceding

New matter indicated by italics - deletions by strikeout
fiscal years for each fiscal year thereafter) divided by the Average Daily Attendance of the school district.

(2) Supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 1998-1999, 1999-2000, and 2000-2001 school years only:

(a) For any school district with a Low Income Concentration Level of at least 20% and less than 35%, the grant for any school year shall be $800 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level of at least 35% and less than 50%, the grant for the 1998-1999 school year shall be $1,100 multiplied by the low income eligible pupil count.

(c) For any school district with a Low Income Concentration Level of at least 50% and less than 60%, the grant for the 1998-99 school year shall be $1,500 multiplied by the low income eligible pupil count.

(d) For any school district with a Low Income Concentration Level of 60% or more, the grant for the 1998-99 school year shall be $1,900 multiplied by the low income eligible pupil count.

(e) For the 1999-2000 school year, the per pupil amount specified in subparagraphs (b), (c), and (d) immediately above shall be increased to $1,243, $1,600, and $2,000, respectively.

(f) For the 2000-2001 school year, the per pupil amounts specified in subparagraphs (b), (c), and (d) immediately above shall be $1,273, $1,640, and $2,050, respectively.

(2.5) Supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 2002-2003 school year:

(a) For any school district with a Low Income Concentration Level of less than 10%, the grant for each school year shall be $355 multiplied by the low income eligible pupil count.
(b) For any school district with a Low Income Concentration Level of at least 10% and less than 20%, the grant for each school year shall be $675 multiplied by the low income eligible pupil count.

(c) For any school district with a Low Income Concentration Level of at least 20% and less than 35%, the grant for each school year shall be $1,330 multiplied by the low income eligible pupil count.

(d) For any school district with a Low Income Concentration Level of at least 35% and less than 50%, the grant for each school year shall be $1,362 multiplied by the low income eligible pupil count.

(e) For any school district with a Low Income Concentration Level of at least 50% and less than 60%, the grant for each school year shall be $1,680 multiplied by the low income eligible pupil count.

(f) For any school district with a Low Income Concentration Level of 60% or more, the grant for each school year shall be $2,080 multiplied by the low income eligible pupil count.

(2.10) Except as otherwise provided, supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 2003-2004 school year and each school year thereafter:

(a) For any school district with a Low Income Concentration Level of 15% or less, the grant for each school year shall be $355 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level greater than 15%, the grant for each school year shall be $294.25 added to the product of $2,700 and the square of the Low Income Concentration Level, all multiplied by the low income eligible pupil count.

For the 2003-2004 school year, 2004-2005 school year, 2005-2006 school year, and 2006-2007 school year only, the grant shall be no less than the grant for the 2002-2003 school year. For the 2007-2008 school year only, the grant shall be no less than the grant for the 2002-2003 school year.
school year multiplied by 0.66. For the 2008-2009 school year only, the grant shall be no less than the grant for the 2002-2003 school year multiplied by 0.33. Notwithstanding the provisions of this paragraph to the contrary, if for any school year supplemental general State aid grants are prorated as provided in paragraph (1) of this subsection (H), then the grants under this paragraph shall be prorated.

For the 2003-2004 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.25 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year. For the 2004-2005 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.50 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year. For the 2005-2006 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.75 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year.

(3) School districts with an Average Daily Attendance of more than 1,000 and less than 50,000 that qualify for supplemental general State aid pursuant to this subsection shall submit a plan to the State Board of Education prior to October 30 of each year for the use of the funds resulting from this grant of supplemental general State aid for the improvement of instruction in which priority is given to meeting the education needs of disadvantaged children. Such plan shall be submitted in accordance with rules and regulations promulgated by the State Board of Education.

(4) School districts with an Average Daily Attendance of 50,000 or more that qualify for supplemental general State aid pursuant to this subsection shall be required to distribute from funds available pursuant to
this Section, no less than $261,000,000 in accordance with the following requirements:

(a) The required amounts shall be distributed to the attendance centers within the district in proportion to the number of pupils enrolled at each attendance center who are eligible to receive free or reduced-price lunches or breakfasts under the federal Child Nutrition Act of 1966 and under the National School Lunch Act during the immediately preceding school year.

(b) The distribution of these portions of supplemental and general State aid among attendance centers according to these requirements shall not be compensated for or contravened by adjustments of the total of other funds appropriated to any attendance centers, and the Board of Education shall utilize funding from one or several sources in order to fully implement this provision annually prior to the opening of school.

(c) Each attendance center shall be provided by the school district a distribution of noncategorical funds and other categorical funds to which an attendance center is entitled under law in order that the general State aid and supplemental general State aid provided by application of this subsection supplements rather than supplants the noncategorical funds and other categorical funds provided by the school district to the attendance centers.

(d) Any funds made available under this subsection that by reason of the provisions of this subsection are not required to be allocated and provided to attendance centers may be used and appropriated by the board of the district for any lawful school purpose.

(e) Funds received by an attendance center pursuant to this subsection shall be used by the attendance center at the discretion of the principal and local school council for programs to improve educational opportunities at qualifying schools through the following programs and services: early childhood education, reduced class size or improved adult to student classroom ratio, enrichment programs, remedial assistance, attendance
improvement, and other educationally beneficial expenditures which supplement the regular and basic programs as determined by the State Board of Education. Funds provided shall not be expended for any political or lobbying purposes as defined by board rule.

(f) Each district subject to the provisions of this subdivision (H)(4) shall submit an acceptable plan to meet the educational needs of disadvantaged children, in compliance with the requirements of this paragraph, to the State Board of Education prior to July 15 of each year. This plan shall be consistent with the decisions of local school councils concerning the school expenditure plans developed in accordance with part 4 of Section 34-2.3. The State Board shall approve or reject the plan within 60 days after its submission. If the plan is rejected, the district shall give written notice of intent to modify the plan within 15 days of the notification of rejection and then submit a modified plan within 30 days after the date of the written notice of intent to modify. Districts may amend approved plans pursuant to rules promulgated by the State Board of Education.

Upon notification by the State Board of Education that the district has not submitted a plan prior to July 15 or a modified plan within the time period specified herein, the State aid funds affected by that plan or modified plan shall be withheld by the State Board of Education until a plan or modified plan is submitted.

If the district fails to distribute State aid to attendance centers in accordance with an approved plan, the plan for the following year shall allocate funds, in addition to the funds otherwise required by this subsection, to those attendance centers which were underfunded during the previous year in amounts equal to such underfunding.

For purposes of determining compliance with this subsection in relation to the requirements of attendance center funding, each district subject to the provisions of this subsection shall submit as a separate document by December 1 of each year a
report of expenditure data for the prior year in addition to any modification of its current plan. If it is determined that there has been a failure to comply with the expenditure provisions of this subsection regarding contravention or supplanting, the State Superintendent of Education shall, within 60 days of receipt of the report, notify the district and any affected local school council. The district shall within 45 days of receipt of that notification inform the State Superintendent of Education of the remedial or corrective action to be taken, whether by amendment of the current plan, if feasible, or by adjustment in the plan for the following year. Failure to provide the expenditure report or the notification of remedial or corrective action in a timely manner shall result in a withholding of the affected funds.

The State Board of Education shall promulgate rules and regulations to implement the provisions of this subsection. No funds shall be released under this subdivision (H)(4) to any district that has not submitted a plan that has been approved by the State Board of Education.

(J) Supplementary Grants in Aid.

(1) Notwithstanding any other provisions of this Section, the amount of the aggregate general State aid in combination with supplemental general State aid under this Section for which each school district is eligible shall be no less than the amount of the aggregate general State aid entitlement that was received by the district under Section 18-8 (exclusive of amounts received under subsections 5(p) and 5(p-5) of that Section) for the 1997-98 school year, pursuant to the provisions of that Section as it was then in effect. If a school district qualifies to receive a supplementary payment made under this subsection (J), the amount of the aggregate general State aid in combination with supplemental general State aid under this Section which that district is eligible to receive for each school year shall be no less than the amount of the aggregate general State aid entitlement that was received by the district under Section 18-8 (exclusive of amounts received under subsections 5(p) and 5(p-5) of that

Section) for the 1997-1998 school year, pursuant to the provisions of that Section as it was then in effect.

(2) If, as provided in paragraph (1) of this subsection (J), a school district is to receive aggregate general State aid in combination with supplemental general State aid under this Section for the 1998-99 school year and any subsequent school year that in any such school year is less than the amount of the aggregate general State aid entitlement that the district received for the 1997-98 school year, the school district shall also receive, from a separate appropriation made for purposes of this subsection (J), a supplementary payment that is equal to the amount of the difference in the aggregate State aid figures as described in paragraph (1).

(3) (Blank).

(K) Grants to Laboratory and Alternative Schools.

In calculating the amount to be paid to the governing board of a public university that operates a laboratory school under this Section or to any alternative school that is operated by a regional superintendent of schools, the State Board of Education shall require by rule such reporting requirements as it deems necessary.

As used in this Section, "laboratory school" means a public school which is created and operated by a public university and approved by the State Board of Education. The governing board of a public university which receives funds from the State Board under this subsection (K) may not increase the number of students enrolled in its laboratory school from a single district, if that district is already sending 50 or more students, except under a mutual agreement between the school board of a student's district of residence and the university which operates the laboratory school. A laboratory school may not have more than 1,000 students, excluding students with disabilities in a special education program.

As used in this Section, "alternative school" means a public school which is created and operated by a Regional Superintendent of Schools and approved by the State Board of Education. Such alternative schools may offer courses of instruction for which credit is given in regular school programs, courses to prepare students for the high school equivalency testing program or vocational and occupational training. A regional
superintendent of schools may contract with a school district or a public community college district to operate an alternative school. An alternative school serving more than one educational service region may be established by the regional superintendents of schools of the affected educational service regions. An alternative school serving more than one educational service region may be operated under such terms as the regional superintendents of schools of those educational service regions may agree.

Each laboratory and alternative school shall file, on forms provided by the State Superintendent of Education, an annual State aid claim which states the Average Daily Attendance of the school's students by month. The best 3 months' Average Daily Attendance shall be computed for each school. The general State aid entitlement shall be computed by multiplying the applicable Average Daily Attendance by the Foundation Level as determined under this Section.

(L) Payments, Additional Grants in Aid and Other Requirements.

(1) For a school district operating under the financial supervision of an Authority created under Article 34A, the general State aid otherwise payable to that district under this Section, but not the supplemental general State aid, shall be reduced by an amount equal to the budget for the operations of the Authority as certified by the Authority to the State Board of Education, and an amount equal to such reduction shall be paid to the Authority created for such district for its operating expenses in the manner provided in Section 18-11. The remainder of general State school aid for any such district shall be paid in accordance with Article 34A when that Article provides for a disposition other than that provided by this Article.

(2) (Blank).

(3) Summer school. Summer school payments shall be made as provided in Section 18-4.3.

(M) Education Funding Advisory Board.

The Education Funding Advisory Board, hereinafter in this subsection (M) referred to as the "Board", is hereby created. The Board shall consist of 5 members who are appointed by the Governor, by and with the advice and consent of the Senate. The members appointed shall

include representatives of education, business, and the general public. One of the members so appointed shall be designated by the Governor at the time the appointment is made as the chairperson of the Board. The initial members of the Board may be appointed any time after the effective date of this amendatory Act of 1997. The regular term of each member of the Board shall be for 4 years from the third Monday of January of the year in which the term of the member's appointment is to commence, except that of the 5 initial members appointed to serve on the Board, the member who is appointed as the chairperson shall serve for a term that commences on the date of his or her appointment and expires on the third Monday of January, 2002, and the remaining 4 members, by lots drawn at the first meeting of the Board that is held after all 5 members are appointed, shall determine 2 of their number to serve for terms that commence on the date of their respective appointments and expire on the third Monday of January, 2001, and 2 of their number to serve for terms that commence on the date of their respective appointments and expire on the third Monday of January, 2000. All members appointed to serve on the Board shall serve until their respective successors are appointed and confirmed. Vacancies shall be filled in the same manner as original appointments. If a vacancy in membership occurs at a time when the Senate is not in session, the Governor shall make a temporary appointment until the next meeting of the Senate, when he or she shall appoint, by and with the advice and consent of the Senate, a person to fill that membership for the unexpired term. If the Senate is not in session when the initial appointments are made, those appointments shall be made as in the case of vacancies.

The Education Funding Advisory Board shall be deemed established, and the initial members appointed by the Governor to serve as members of the Board shall take office, on the date that the Governor makes his or her appointment of the fifth initial member of the Board, whether those initial members are then serving pursuant to appointment and confirmation or pursuant to temporary appointments that are made by the Governor as in the case of vacancies.

The State Board of Education shall provide such staff assistance to the Education Funding Advisory Board as is reasonably required for the proper performance by the Board of its responsibilities.

For school years after the 2000-2001 school year, the Education Funding Advisory Board, in consultation with the State Board of Education, shall make recommendations as provided in this subsection (M) to the General Assembly for the foundation level under subdivision (B)(3) of this Section and for the supplemental general State aid grant level under subsection (H) of this Section for districts with high concentrations of children from poverty. The recommended foundation level shall be determined based on a methodology which incorporates the basic education expenditures of low-spending schools exhibiting high academic performance. The Education Funding Advisory Board shall make such recommendations to the General Assembly on January 1 of odd numbered years, beginning January 1, 2001.

(O) References.

(1) References in other laws to the various subdivisions of Section 18-8 as that Section existed before its repeal and replacement by this Section 18-8.05 shall be deemed to refer to the corresponding provisions of this Section 18-8.05, to the extent that those references remain applicable.

(2) References in other laws to State Chapter 1 funds shall be deemed to refer to the supplemental general State aid provided under subsection (H) of this Section.

(P) Public Act 93-838 and Public Act 93-808 make inconsistent changes to this Section. Under Section 6 of the Statute on Statutes there is an irreconcilable conflict between Public Act 93-808 and Public Act 93-838. Public Act 93-838, being the last acted upon, is controlling. The text of Public Act 93-838 is the law regardless of the text of Public Act 93-808.

Sec. 19-1. Debt limitations of school districts.

(a) School districts shall not be subject to the provisions limiting their indebtedness prescribed in "An Act to limit the indebtedness of counties having a population of less than 500,000 and townships, school districts and other municipal corporations having a population of less than 300,000", approved February 15, 1928, as amended.

No school districts maintaining grades K through 8 or 9 through 12 shall become indebted in any manner or for any purpose to an amount, including existing indebtedness, in the aggregate exceeding 6.9% on the value of the taxable property therein to be ascertained by the last assessment for State and county taxes or, until January 1, 1983, if greater, the sum that is produced by multiplying the school district's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979, previous to the incurring of such indebtedness.

No school districts maintaining grades K through 12 shall become indebted in any manner or for any purpose in an amount, including existing indebtedness, in the aggregate exceeding 13.8% on the value of the taxable property of the entire district, to be ascertained by the last assessment for State and county taxes, plus an amount, including existing indebtedness, in the aggregate exceeding 6.9% of the value of the taxable property of that portion of the district included in the elementary and high school classification, to be ascertained by the last assessment for State and county taxes. Moreover, no partial elementary unit district, as defined in Article 11E of this Code, shall become indebted on account of bonds issued by the district for high school purposes in the

aggregate exceeding 6.9% of the value of the taxable property of the entire district, to be ascertained by the last assessment for State and county taxes, nor shall the district become indebted on account of bonds issued by the district for elementary purposes in the aggregate exceeding 6.9% of the value of the taxable property for that portion of the district included in the elementary and high school classification, to be ascertained by the last assessment for State and county taxes.

Notwithstanding the provisions of any other law to the contrary, in any case in which the voters of a school district have approved a proposition for the issuance of bonds of such school district at an election held prior to January 1, 1979, and all of the bonds approved at such election have not been issued, the debt limitation applicable to such school district during the calendar year 1979 shall be computed by multiplying the value of taxable property therein, including personal property, as ascertained by the last assessment for State and county taxes, previous to the incurring of such indebtedness, by the percentage limitation applicable to such school district under the provisions of this subsection (a).

(b) Notwithstanding the debt limitation prescribed in subsection (a) of this Section, additional indebtedness may be incurred in an amount not to exceed the estimated cost of acquiring or improving school sites or constructing and equipping additional building facilities under the following conditions:

1. Whenever the enrollment of students for the next school year is estimated by the board of education to increase over the actual present enrollment by not less than 35% or by not less than 200 students or the actual present enrollment of students has increased over the previous school year by not less than 35% or by not less than 200 students and the board of education determines that additional school sites or building facilities are required as a result of such increase in enrollment; and

2. When the Regional Superintendent of Schools having jurisdiction over the school district and the State Superintendent of Education concur in such enrollment projection or increase and
approve the need for such additional school sites or building facilities and the estimated cost thereof; and

(3) When the voters in the school district approve a proposition for the issuance of bonds for the purpose of acquiring or improving such needed school sites or constructing and equipping such needed additional building facilities at an election called and held for that purpose. Notice of such an election shall state that the amount of indebtedness proposed to be incurred would exceed the debt limitation otherwise applicable to the school district. The ballot for such proposition shall state what percentage of the equalized assessed valuation will be outstanding in bonds if the proposed issuance of bonds is approved by the voters; or

(4) Notwithstanding the provisions of paragraphs (1) through (3) of this subsection (b), if the school board determines that additional facilities are needed to provide a quality educational program and not less than 2/3 of those voting in an election called by the school board on the question approve the issuance of bonds for the construction of such facilities, the school district may issue bonds for this purpose; or

(5) Notwithstanding the provisions of paragraphs (1) through (3) of this subsection (b), if (i) the school district has previously availed itself of the provisions of paragraph (4) of this subsection (b) to enable it to issue bonds, (ii) the voters of the school district have not defeated a proposition for the issuance of bonds since the referendum described in paragraph (4) of this subsection (b) was held, (iii) the school board determines that additional facilities are needed to provide a quality educational program, and (iv) a majority of those voting in an election called by the school board on the question approve the issuance of bonds for the construction of such facilities, the school district may issue bonds for this purpose.

In no event shall the indebtedness incurred pursuant to this subsection (b) and the existing indebtedness of the school district exceed 15% of the value of the taxable property therein to be ascertained by the
last assessment for State and county taxes, previous to the incurring of such indebtedness or, until January 1, 1983, if greater, the sum that is produced by multiplying the school district's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979.

The indebtedness provided for by this subsection (b) shall be in addition to and in excess of any other debt limitation.

(c) Notwithstanding the debt limitation prescribed in subsection (a) of this Section, in any case in which a public question for the issuance of bonds of a proposed school district maintaining grades kindergarten through 12 received at least 60% of the valid ballots cast on the question at an election held on or prior to November 8, 1994, and in which the bonds approved at such election have not been issued, the school district pursuant to the requirements of Section 11A-10 (now repealed) may issue the total amount of bonds approved at such election for the purpose stated in the question.

(d) Notwithstanding the debt limitation prescribed in subsection (a) of this Section, a school district that meets all the criteria set forth in paragraphs (1) and (2) of this subsection (d) may incur an additional indebtedness in an amount not to exceed $4,500,000, even though the amount of the additional indebtedness authorized by this subsection (d), when incurred and added to the aggregate amount of indebtedness of the district existing immediately prior to the district incurring the additional indebtedness authorized by this subsection (d), causes the aggregate indebtedness of the district to exceed the debt limitation otherwise applicable to that district under subsection (a):

(1) The additional indebtedness authorized by this subsection (d) is incurred by the school district through the issuance of bonds under and in accordance with Section 17-2.11a for the purpose of replacing a school building which, because of mine subsidence damage, has been closed as provided in paragraph (2) of this subsection (d) or through the issuance of bonds under and in accordance with Section 19-3 for the purpose of increasing the size of, or providing for additional functions in, such replacement school buildings, or both such purposes.

(2) The bonds issued by the school district as provided in paragraph (1) above are issued for the purposes of construction by the school district of a new school building pursuant to Section 17-2.11, to replace an existing school building that, because of mine subsidence damage, is closed as of the end of the 1992-93 school year pursuant to action of the regional superintendent of schools of the educational service region in which the district is located under Section 3-14.22 or are issued for the purpose of increasing the size of, or providing for additional functions in, the new school building being constructed to replace a school building closed as the result of mine subsidence damage, or both such purposes.

(f) Notwithstanding the provisions of subsection (a) of this Section or of any other law, bonds in not to exceed the aggregate amount of $5,500,000 and issued by a school district meeting the following criteria shall not be considered indebtedness for purposes of any statutory limitation and may be issued in an amount or amounts, including existing indebtedness, in excess of any heretofore or hereafter imposed statutory limitation as to indebtedness:

(1) At the time of the sale of such bonds, the board of education of the district shall have determined by resolution that the enrollment of students in the district is projected to increase by not less than 7% during each of the next succeeding 2 school years.

(2) The board of education shall also determine by resolution that the improvements to be financed with the proceeds of the bonds are needed because of the projected enrollment increases.

(3) The board of education shall also determine by resolution that the projected increases in enrollment are the result of improvements made or expected to be made to passenger rail facilities located in the school district.

(a) A limited four-year certificate or a certificate issued after July 1, 1955, shall be renewable at its expiration or within 60 days thereafter by the county superintendent of schools having supervision and control over the school where the teacher is teaching upon certified evidence of meeting the requirements for renewal as required by this Act and prescribed by the State Board of Education in consultation with the State Teacher Certification Board. An elementary supervisory certificate shall not be renewed at the end of the first four-year period covered by the certificate unless the holder thereof has filed certified evidence with the State Teacher Certification Board that he has a master's degree or that he has earned 8 semester hours of credit in the field of educational administration and supervision in a recognized institution of higher learning. The holder shall continue to earn 8 semester hours of credit each four-year period until such time as he has earned a master's degree.

All certificates not renewed or registered as herein provided shall lapse after a period of 5 years from the expiration of the last year of

registration. Such certificates may be reinstated for a one year period upon payment of all accumulated registration fees. Such reinstated certificates shall only be renewed: (1) by earning 5 semester hours of credit in a recognized institution of higher learning in the field of professional education or in courses related to the holder's contractual teaching duties; or (2) by presenting evidence of holding a valid regular certificate of some other type. Any certificate may be voluntarily surrendered by the certificate holder. A voluntarily surrendered certificate shall be treated as a revoked certificate.

(b) When those teaching certificates issued before February 15, 2000 are renewed for the first time after February 15, 2000, all such teaching certificates shall be exchanged for Standard Teaching Certificates as provided in subsection (c) of Section 21-2. All Initial and Standard Teaching Certificates, including those issued to persons who previously held teaching certificates issued before February 15, 2000, shall be renewable under the conditions set forth in this subsection (b).

Initial Teaching Certificates are valid for 4 years of teaching, as provided in subsection (b) of Section 21-2 of this Code, and are renewable every 4 years until the person completes 4 years of teaching. If the holder of an Initial Certificate has completed 4 years of teaching but has not completed the requirements set forth in paragraph (2) of subsection (c) of Section 21-2 of this Code, then the Initial Certificate may be reinstated for one year, during which the requirements must be met. A holder of an Initial Certificate who has not completed 4 years of teaching may continuously register the certificate for additional 4-year periods without penalty. Initial Certificates that are not registered shall lapse consistent with subsection (a) of this Section and may be reinstated only in accordance with subsection (a). Standard Teaching Certificates are renewable every 5 years as provided in subsection (c) of Section 21-2 and subsection (c) of this Section. For purposes of this Section, "teaching" is defined as employment and performance of services in an Illinois public or State-operated elementary school, secondary school, or cooperative or joint agreement with a governing body or board of control, in a certificated
teaching position, or a charter school operating in compliance with the Charter Schools Law.

(c) In compliance with subsection (c) of Section 21-2 of this Code, which provides that a Standard Teaching Certificate may be renewed by the State Teacher Certification Board based upon proof of continuing professional development, the State Board of Education and the State Teacher Certification Board shall jointly:

(1) establish a procedure for renewing Standard Teaching Certificates, which shall include but not be limited to annual timelines for the renewal process and the components set forth in subsections (d) through (k) of this Section;

(2) establish the standards for certificate renewal;

(3) approve or disapprove the providers of continuing professional development activities;

(4) determine the maximum credit for each category of continuing professional development activities, based upon recommendations submitted by a continuing professional development activity task force, which shall consist of 6 staff members from the State Board of Education, appointed by the State Superintendent of Education, and 6 teacher representatives, 3 of whom are selected by the Illinois Education Association and 3 of whom are selected by the Illinois Federation of Teachers;

(5) designate the type and amount of documentation required to show that continuing professional development activities have been completed; and

(6) provide, on a timely basis to all Illinois teachers, certificate holders, regional superintendents of schools, school districts, and others with an interest in continuing professional development, information about the standards and requirements established pursuant to this subsection (c).

(d) Any Standard Teaching Certificate held by an individual employed and performing services in an Illinois public or State-operated elementary school, secondary school, or cooperative or joint agreement with a governing body or board of control in a certificated teaching
position or a charter school in compliance with the Charter Schools Law must be maintained Valid and Active through certificate renewal activities specified in the certificate renewal procedure established pursuant to subsection (c) of this Section, provided that a holder of a Valid and Active certificate who is only employed on either a part-time basis or day-to-day basis as a substitute teacher shall pay only the required registration fee to renew his or her certificate and maintain it as Valid and Active. All other Standard Teaching Certificates held may be maintained as Valid and Exempt through the registration process provided for in the certificate renewal procedure established pursuant to subsection (c) of this Section. A Valid and Exempt certificate must be immediately activated, through procedures developed jointly by the State Board of Education and the State Teacher Certification Board, upon the certificate holder becoming employed and performing services in an Illinois public or State-operated elementary school, secondary school, or cooperative or joint agreement with a governing body or board of control in a certificated teaching position or a charter school operating in compliance with the Charter Schools Law. A holder of a Valid and Exempt certificate may activate his or her certificate through procedures provided for in the certificate renewal procedure established pursuant to subsection (c) of this Section.

(e)(1) A Standard Teaching Certificate that has been maintained as Valid and Active for the 5 years of the certificate's validity shall be renewed as Valid and Active upon the certificate holder: (i) completing an advanced degree from an approved institution in an education-related field; (ii) completing at least 8 semester hours of coursework as described in subdivision (B) of paragraph (3) of this subsection (e); (iii) earning at least 24 continuing education units as described in subdivision (C) of paragraph (3) of this subsection (e); (iv) completing the National Board for Professional Teaching Standards process as described in subdivision (D) of paragraph (3) of this subsection (e); or (v) earning 120 continuing professional development units ("CPDU") as described in subdivision (E) of paragraph (3) of this subsection (e). The maximum continuing professional development units for each continuing professional development activity identified in subdivisions (F) through (J) of
paragraph (3) of this subsection (e) shall be jointly determined by the State Board of Education and the State Teacher Certification Board. If, however, the certificate holder has maintained the certificate as Valid and Exempt for a portion of the 5-year period of validity, the number of continuing professional development units needed to renew the certificate as Valid and Active shall be proportionately reduced by the amount of time the certificate was Valid and Exempt. Furthermore, if a certificate holder is employed and performs teaching services on a part-time basis for all or a portion of the certificate's 5-year period of validity, the number of continuing professional development units needed to renew the certificate as Valid and Active shall be reduced by 50% for the amount of time the certificate holder has been employed and performed teaching services on a part-time basis. Part-time shall be defined as less than 50% of the school day or school term.

Notwithstanding any other requirements to the contrary, if a Standard Teaching Certificate has been maintained as Valid and Active for the 5 years of the certificate's validity and the certificate holder has completed his or her certificate renewal plan before July 1, 2002, the certificate shall be renewed as Valid and Active.

(2) Beginning July 1, 2004, in order to satisfy the requirements for continuing professional development provided for in subsection (c) of Section 21-2 of this Code, each Valid and Active Standard Teaching Certificate holder shall complete professional development activities that address the certificate or those certificates that are required of his or her certificated teaching position, if the certificate holder is employed and performing services in an Illinois public or State-operated elementary school, secondary school, or cooperative or joint agreement with a governing body or board of control, or that certificate or those certificates most closely related to his or her teaching position, if the certificate holder is employed in a charter school. Teachers holding other certificates must devote at least 20% of their activities to this purpose.

(1.5) In compliance with rules adopted by the Department of Public Health and except as otherwise provided in this Section, all children in kindergarten and the second and sixth grades of any public, private, or parochial school shall have a dental examination. Each of these children shall present proof of having been examined by a dentist in accordance with this Section and rules adopted under this Section before May 15th of the school year. If a child in the second or sixth grade fails to present proof by May 15th, the school may hold the child's report card until one of the following occurs: (i) the child presents proof of a completed dental examination or (ii) the child presents proof that a dental examination will take place within 60 days after May 15th. The Department of Public Health shall establish, by rule, a waiver for children who show an undue burden or a lack of access to a dentist. Each public, private, and parochial school must give notice of this dental examination requirement to the parents and guardians of students at least 60 days before May 15th of each school year.

(2) The Department of Public Health shall promulgate rules and regulations specifying the examinations and procedures that constitute a health examination, which shall include the collection of data relating to obesity; (including at a minimum, date of birth, gender, height, weight, blood pressure, and date of exam), and a dental examination and may recommend by rule that certain additional examinations be performed. Your child is not required to undergo this vision screening if an optometrist or ophthalmologist has completed and signed a report form indicating that an examination has been administered within the previous 12 months."

(3) Every child shall, at or about the same time as he or she receives a health examination required by subsection (1) of this Section, present to the local school proof of having received such immunizations against preventable communicable diseases as the Department of Public Health shall require by rules and regulations promulgated pursuant to this Section and the Communicable Disease Prevention Act.

(4) The individuals conducting the health examination or dental examination shall record the fact of having conducted the examination, and such additional information as required, including for a health examination data relating to obesity; (including at a minimum, date of birth, gender, height, weight, blood pressure, and date of exam), on uniform forms which the Department of Public Health and the State Board of Education shall prescribe for statewide use. The examiner shall summarize on the report form any condition that he or she suspects indicates a need for special services, including for a health examination factors relating to obesity. The individuals confirming the administration of required immunizations shall record as indicated on the form that the immunizations were administered.

(5) If a child does not submit proof of having had either the health examination or the immunization as required, then the child shall be examined or receive the immunization, as the case may be, and present proof by October 15 of the current school year, or by an earlier date of the current school year established by a school district. To establish a date before October 15 of the current school year for the health examination or immunization as required, a school district must give notice of the requirements of this Section 60 days prior to the earlier established date. If for medical reasons one or more of the required immunizations must be given after October 15 of the current school year, or after an earlier established date of the current school year, then the child shall present, by October 15, or by the earlier established date, a schedule for the administration of the immunizations and a statement of the medical reasons causing the delay, both the schedule and the statement being issued by the physician, advanced practice nurse, physician assistant, registered nurse, or local health department that will be responsible for administration of the remaining required immunizations. If a child does not comply by October 15, or by the earlier established date of the current school year, with the requirements of this subsection, then the local school authority shall exclude that child from school until such time as the child presents proof of having had the health examination as required and presents proof of having received those required immunizations which are

medically possible to receive immediately. During a child's exclusion from school for noncompliance with this subsection, the child's parents or legal guardian shall be considered in violation of Section 26-1 and subject to any penalty imposed by Section 26-10. This subsection (5) does not apply to dental examinations.

(6) Every school shall report to the State Board of Education by November 15, in the manner which that agency shall require, the number of children who have received the necessary immunizations and the health examination (other than a dental examination) as required, indicating, of those who have not received the immunizations and examination as required, the number of children who are exempt from health examination and immunization requirements on religious or medical grounds as provided in subsection (8). Every school shall report to the State Board of Education by June 30, in the manner that the State Board requires, the number of children who have received the required dental examination, indicating, of those who have not received the required dental examination, the number of children who are exempt from the dental examination on religious grounds as provided in subsection (8) of this Section and the number of children who have received a waiver under subsection (1.5) of this Section. This reported information shall be provided to the Department of Public Health by the State Board of Education.

(7) Upon determining that the number of pupils who are required to be in compliance with subsection (5) of this Section is below 90% of the number of pupils enrolled in the school district, 10% of each State aid payment made pursuant to Section 18-8.05 to the school district for such year shall be withheld by the regional superintendent until the number of students in compliance with subsection (5) is the applicable specified percentage or higher.

(8) Parents or legal guardians who object to health or dental examinations or any part thereof, or to immunizations, on religious grounds shall not be required to submit their children or wards to the examinations or immunizations to which they so object if such parents or legal guardians present to the appropriate local school authority a signed

statement of objection, detailing the grounds for the objection. If the physical condition of the child is such that any one or more of the immunizing agents should not be administered, the examining physician, advanced practice nurse, or physician assistant responsible for the performance of the health examination shall endorse that fact upon the health examination form. Exempting a child from the health or dental examination does not exempt the child from participation in the program of physical education training provided in Sections 27-5 through 27-7 of this Code.

The State Superintendent of Education may prepare and make available to all school boards instructional materials that may be used as guidelines for development of a unit of instruction under this Section; provided, however, that each school board shall itself determine the minimum amount of instruction time that shall qualify as a unit of instruction satisfying the requirements of this Section.

Sec. 27-24.4. Reimbursement amount. Each school district shall be entitled to reimbursement, for each pupil, excluding each resident of the district over age 55, who finishes either the classroom instruction part or the practice driving part of a driver education course that meets the minimum requirements of this Act. However, if a school district has adopted a policy to permit proficiency examinations for the practice driving part of the driver education course as provided under Section 27-24.3, then the school district is entitled to only one-half of the reimbursement amount for the practice driving part for each pupil who has passed the proficiency examination, and the State Board of Education shall adjust the reimbursement formula accordingly. Reimbursement under this Act is payable from the Drivers Education Fund in the State treasury.

Each year all funds appropriated from the Drivers Education Fund to the State Board of Education, with the exception of those funds necessary for administrative purposes of the State Board of Education, shall be distributed in the manner provided in this paragraph to
school districts by the State Board of Education for reimbursement of claims from the previous school year. As soon as may be after each quarter of the year, if moneys are available in the Drivers Education Fund in the State treasury for payments under this Section, the State Comptroller shall draw his or her warrants upon the State Treasurer as directed by the State Board of Education. The warrant for each quarter shall be in an amount equal to one-fourth of the total amount to be distributed to school districts for the year. Payments shall be made to school districts as soon as may be after receipt of the warrants.

The base reimbursement amount shall be calculated by the State Board by dividing the total amount appropriated for distribution by the total of: (a) the number of students, excluding residents of the district over age 55, who have completed the classroom instruction part for whom valid claims have been made times 0.2; plus (b) the number of students, excluding residents of the district over age 55, who have completed the practice driving instruction part for whom valid claims have been made times 0.8.

The amount of reimbursement to be distributed on each claim shall be 0.2 times the base reimbursement amount for each validly claimed student, excluding residents of the district over age 55, who has completed the classroom instruction part, plus 0.8 times the base reimbursement amount for each validly claimed student, excluding residents of the district over age 55, who has completed the practice driving instruction part. The school district which is the residence of a pupil who attends a nonpublic school in another district that has furnished the driver education course shall reimburse the district offering the course, the difference between the actual per capita cost of giving the course the previous school year and the amount reimbursed by the State.

By April 1 the nonpublic school shall notify the district offering the course of the names and district numbers of the nonresident students desiring to take such course the next school year. The district offering such course shall notify the district of residence of those students affected by April 15. The school district furnishing the course may claim the

The board shall establish procedures for conducting the evaluation and reporting the results to the engineer in charge.

Under the direction of, and subject to the authority of, the principal, the Food Service Manager is responsible at all times for the proper operation and maintenance of the lunch room to which he is assigned and shall also be responsible for the orientation, training, and supervising the work of cooks, bakers, porters, and lunchroom attendants under his or her direction.

The board shall establish rules for conducting the evaluation and reporting the results to the food service manager.

Nothing in this Section shall be interpreted to require the employment or assignment of an Engineer-In-Charge or a Food Service Manager for each attendance center.
Principals shall be employed to supervise the educational operation of each attendance center. If a principal is absent due to extended illness or leave or absence, an assistant principal may be assigned as acting principal for a period not to exceed 100 school days. Each principal shall assume administrative responsibility and instructional leadership, in accordance with reasonable rules and regulations of the board, for the planning, operation and evaluation of the educational program of the attendance center to which he is assigned. Notwithstanding any other provision of this Article, each principal may approve contracts, binding on the board, in the amount of no more than $10,000, if the contract is endorsed by the Local School Council.

Unless otherwise prohibited by law or by rule of the board, the principal shall provide to local school council members copies of all internal audits and any other pertinent information generated by any audits or reviews of the programs and operation of the attendance center.

Each principal shall hold a valid administrative certificate issued or exchanged in accordance with Article 21 and endorsed as required by that Article for the position of principal. The board may establish or impose academic, educational, examination, and experience requirements and criteria that are in addition to those established and required by Article 21 for issuance of a valid certificate endorsed for the position of principal as a condition of the nomination, selection, appointment, employment, or continued employment of a person as principal of any attendance center, or as a condition of the renewal of any principal's performance contract.

principal, with the assistance of the professional personnel leadership committee, shall develop the specific methods and contents of the school's curriculum within the board's system-wide curriculum standards and objectives and the requirements of the school improvement plan. The board shall ensure that all principals are evaluated on their instructional leadership ability and their ability to maintain a positive education and learning climate. It shall also be the responsibility of the principal to utilize resources of proper law enforcement agencies when the safety and welfare of students and teachers are threatened by illegal use of drugs and alcohol, by illegal use or possession of weapons, or by illegal gang activity.

On or before October 1, 1989, the Board of Education, in consultation with any professional organization representing principals in the district, shall promulgate rules and implement a lottery for the purpose of determining whether a principal's existing performance contract (including the performance contract applicable to any principal's position in which a vacancy then exists) expires on June 30, 1990 or on June 30, 1991, and whether the ensuing 4 year performance contract begins on July 1, 1990 or July 1, 1991. The Board of Education shall establish and conduct the lottery in such manner that of all the performance contracts of principals (including the performance contracts applicable to all principal positions in which a vacancy then exists), 50% of such contracts shall expire on June 30, 1990, and 50% shall expire on June 30, 1991. All performance contracts of principals expiring after July 1, 1990, or July 1, 1991, shall commence on the date specified in the contract, and the renewal of their performance contracts and the appointment of principals when their performance contracts are not renewed shall be governed by Sections 34-2.2 and 34-2.3. Whenever a vacancy in the office of a principal occurs for any reason, the vacancy shall be filled by the selection of a new principal to serve under a 4 year performance contract in the manner provided by Section 34-2.3.

The board of education shall develop and prepare, in consultation with the organization representing principals, a performance contract for use at all attendance centers, and shall furnish the same to each local school council. (a) Certified and noncertified applicants for employment with the school district are required as a condition of employment to authorize a fingerprint-based criminal history records check to determine if such applicants have been convicted of any of the enumerated criminal or drug offenses in subsection (c) of this Section or have been convicted, within 7 years of the application for employment with the school district, of any other felony under the laws of this State or of any offense committed or attempted in any other state or against the laws of the United States that, if committed or attempted in this State, would have been punishable as a felony under the laws of this State. Authorization for the check shall be furnished by the applicant to the school district, except that if the applicant is a substitute teacher seeking employment in more than one school district, or a teacher seeking concurrent part-time employment positions with more than one school district (as a reading specialist, special education teacher or otherwise), or an educational support personnel employee seeking employment positions with more than one district, any such district may require the applicant to furnish authorization for the check to the regional superintendent of the educational service region in which are located the school districts in which the applicant is seeking employment.

Upon receipt of this authorization, the school district or the appropriate regional superintendent, as the case may be, shall submit the applicant's name, sex, race, date of birth, social security number, fingerprint images, and other identifiers, as prescribed by the Department of State Police, to the Department. The regional superintendent submitting the requisite information to the Department of State Police shall promptly notify the school districts in which the applicant is seeking employment as a substitute or concurrent part-time teacher or concurrent educational support personnel employee that the check of the applicant has been requested. The Department of State Police and the Federal Bureau of Investigation shall furnish, pursuant to a fingerprint-based criminal history records check, records of convictions, until expunged, to the president of the school board for the school district that requested the check, or to the regional superintendent who requested the check. The Department shall charge the school district or the appropriate regional superintendent a fee for conducting such check, which fee shall be deposited in the State Police Services Fund and shall not exceed the cost of the inquiry; and the applicant shall not be charged a fee for such check by the school district or by the regional superintendent. Subject to appropriations for these purposes, the State Superintendent of Education shall reimburse the school district and regional superintendent for fees paid to obtain criminal history records checks under this Section.

A copy of the record of convictions obtained from the Department of State Police shall be provided to the applicant for employment. Upon the check of the Statewide Sex Offender Database, the school district or regional superintendent shall notify an applicant as to whether or not the applicant has been identified in the Database as a sex offender. If a check of an applicant for employment as a substitute or concurrent part-time teacher or concurrent educational support personnel employee in more than one school district was requested by the regional superintendent, and the Department of State Police upon a check ascertains that the applicant has not been convicted of any of the enumerated criminal or drug offenses in subsection (c) or has not been convicted, within 7 years of the application for employment with the school district, of any other felony under the laws of this State or of any offense committed or attempted in any other state or against the laws of the United States that, if committed or attempted in this State, would have been punishable as a felony under the laws of this State and so notifies the regional superintendent and if the regional superintendent upon a check ascertains that the applicant has not been identified in the Sex Offender Database as a sex offender, then the regional superintendent shall issue to the applicant a certificate evidencing that as of the date specified by the Department of State Police the applicant has not been convicted of any of the enumerated criminal or drug offenses in subsection (c) or has not been convicted, within 7 years of the application for employment with the school district, of any other felony under the laws of this State or of any offense committed or attempted in any other state or against the laws of the United States that, if committed or attempted in this State, would have been punishable as a felony under the laws of this State and evidencing

(f) After March 19, 1990, the provisions of this Section shall apply to all employees of persons or firms holding contracts with any school district including, but not limited to, food service workers, school bus drivers and other transportation employees, who have direct, daily contact with the pupils of any school in such district. For purposes of criminal history records checks and checks of the Statewide Sex Offender Database on employees of persons or firms holding contracts with more than one school district and assigned to more than one school district, the regional superintendent of the educational service region in which the contracting school districts are located may, at the request of any such school district, be responsible for receiving the authorization for a criminal history records check prepared by each such employee and submitting the same to the Department of State Police and for conducting a check of the Statewide Sex Offender Database for each employee. (115 ILCS 5/7) (from Ch. 48, par. 1707)

Sec. 7. Recognition of exclusive bargaining representatives - unit determination. The Board is empowered to administer the recognition of bargaining representatives of employees of public school districts, including employees of districts which have entered into joint agreements, or employees of public community college districts, or any State college or university, and any State agency whose major function is providing educational services, making certain that each bargaining unit contains employees with an identifiable community of interest and that no unit includes both professional employees and nonprofessional employees unless a majority of employees in each group vote for inclusion in the unit.

(a) In determining the appropriateness of a unit, the Board shall decide in each case, in order to ensure employees the fullest freedom in exercising the rights guaranteed by this Act, the unit appropriate for the purpose of collective bargaining, based upon but not limited to such factors as historical pattern of recognition, community of interest, including employee skills and functions, degree of functional integration, interchangeability and contact among employees, common supervision, wages, hours and other working conditions of the employees involved, and

New matter indicated by italics - deletions by strikeout
the desires of the employees. Nothing in this Act, except as herein provided, shall interfere with or negate the current representation rights or patterns and practices of employee organizations which have historically represented employees for the purposes of collective bargaining, including but not limited to the negotiations of wages, hours and working conditions, resolutions of employees' grievances, or resolution of jurisdictional disputes, or the establishment and maintenance of prevailing wage rates, unless a majority of the employees so represented expresses a contrary desire under the procedures set forth in this Act. This Section, however, does not prohibit multi-unit bargaining. Notwithstanding the above factors, where the majority of public employees of a craft so decide, the Board shall designate such craft as a unit appropriate for the purposes of collective bargaining.

The sole appropriate bargaining unit for tenured and tenure-track academic faculty at each campus of the University of Illinois shall be a unit that is comprised of non-supervisory academic faculty employed more than half-time and that includes all tenured and tenure-track faculty of that University campus employed by the board of trustees in all of the campus's undergraduate, graduate, and professional schools and degree and non-degree programs (with the exception of the college of medicine, the college of pharmacy, the college of dentistry, the college of law, and the college of veterinary medicine, each of which shall have its own separate unit), regardless of current or historical representation rights or patterns or the application of any other factors. Any decision, rule, or regulation promulgated by the Board to the contrary shall be null and void.

(b) An educational employer shall voluntarily recognize a labor organization for collective bargaining purposes if that organization appears to represent a majority of employees in the unit. The employer shall post notice of its intent to so recognize for a period of at least 20 school days on bulletin boards or other places used or reserved for employee notices. Thereafter, the employer, if satisfied as to the majority status of the employee organization, shall send written notification of such recognition to the Board for certification. Any dispute regarding the majority status of
a labor organization shall be resolved by the Board which shall make the determination of majority status.

Within the 20 day notice period, however, any other interested employee organization may petition the Board to seek recognition as the exclusive representative of the unit in the manner specified by rules and regulations prescribed by the Board, if such interested employee organization has been designated by at least 15% of the employees in an appropriate bargaining unit which includes all or some of the employees in the unit intended to be recognized by the employer. In such event, the Board shall proceed with the petition in the same manner as provided in paragraph (c) of this Section.

(c) A labor organization may also gain recognition as the exclusive representative by an election of the employees in the unit. Petitions requesting an election may be filed with the Board:

(1) by an employee or group of employees or any labor organizations acting on their behalf alleging and presenting evidence that 30% or more of the employees in a bargaining unit wish to be represented for collective bargaining or that the labor organization which has been acting as the exclusive bargaining representative is no longer representative of a majority of the employees in the unit; or

(2) by an employer alleging that one or more labor organizations have presented a claim to be recognized as an exclusive bargaining representative of a majority of the employees in an appropriate unit and that it doubts the majority status of any of the organizations or that it doubts the majority status of an exclusive bargaining representative.

The Board shall investigate the petition and if it has reasonable cause to suspect that a question of representation exists, it shall give notice and conduct a hearing. If it finds upon the record of the hearing that a question of representation exists, it shall direct an election, which shall be held no later than 90 days after the date the petition was filed. Nothing prohibits the waiving of hearings by the parties and the conduct of consent elections.

(c-5) The Board shall designate an exclusive representative for purposes of collective bargaining when the representative demonstrates a showing of majority interest by employees in the unit. If the parties to a dispute are without agreement on the means to ascertain the choice, if any, of employee organization as their representative, the Board shall ascertain the employees' choice of employee organization, on the basis of dues deduction authorization and other evidence, or, if necessary, by conducting an election. If either party provides to the Board, before the designation of a representative, clear and convincing evidence that the dues deduction authorizations, and other evidence upon which the Board would otherwise rely to ascertain the employees' choice of representative, are fraudulent or were obtained through coercion, the Board shall promptly thereafter conduct an election. The Board shall also investigate and consider a party's allegations that the dues deduction authorizations and other evidence submitted in support of a designation of representative without an election were subsequently changed, altered, withdrawn, or withheld as a result of employer fraud, coercion, or any other unfair labor practice by the employer. If the Board determines that a labor organization would have had a majority interest but for an employer's fraud, coercion, or unfair labor practice, it shall designate the labor organization as an exclusive representative without conducting an election.

(d) An order of the Board dismissing a representation petition, determining and certifying that a labor organization has been fairly and freely chosen by a majority of employees in an appropriate bargaining unit, determining and certifying that a labor organization has not been fairly and freely chosen by a majority of employees in the bargaining unit or certifying a labor organization as the exclusive representative of employees in an appropriate bargaining unit because of a determination by the Board that the labor organization is the historical bargaining representative of employees in the bargaining unit, is a final order. Any person aggrieved by any such order issued on or after the effective date of this amendatory Act of 1987 may apply for and obtain judicial review in accordance with provisions of the Administrative Review Law, as now or hereafter amended, except that such review shall be afforded directly in the

New matter indicated by italics - deletions by strikeout
Appellate Court of a judicial district in which the Board maintains an office. Any direct appeal to the Appellate Court shall be filed within 35 days from the date that a copy of the decision sought to be reviewed was served upon the party affected by the decision.

No election may be conducted in any bargaining unit during the term of a collective bargaining agreement covering such unit or subdivision thereof, except the Board may direct an election after the filing of a petition between January 15 and March 1 of the final year of a collective bargaining agreement. Nothing in this Section prohibits the negotiation of a collective bargaining agreement covering a period not exceeding 3 years. A collective bargaining agreement of less than 3 years may be extended up to 3 years by the parties if the extension is agreed to in writing before the filing of a petition under this Section. In such case, the final year of the extension is the final year of the collective bargaining agreement. No election may be conducted in a bargaining unit, or subdivision thereof, in which a valid election has been held within the preceding 12 month period.

New matter indicated by italics - deletions by strikeout
Sec. 15. License required. No health care facility or program that meets the definition and scope of an alternative health care model shall operate as such unless it is a participant in a demonstration program under this Act and licensed by the Department as an alternative health care model. The provisions of this Section as they relate to subacute care hospitals shall not apply to hospitals licensed under the Illinois Hospital Licensing Act or skilled nursing facilities licensed under the Illinois Nursing Home Care Act; provided, however, that the facilities shall not hold themselves out to the public as subacute care hospitals. The provisions of this Act concerning children's respite care centers shall not apply to any facility licensed under the Hospital Licensing Act, the Nursing Home Care Act, or the University of Illinois Hospital Act that provides respite care services to children.

(Source: P.A. 88-490; 89-393, eff. 8-20-95; revised 9-15-06.)

Sec. 30. Demonstration program requirements. The requirements set forth in this Section shall apply to demonstration programs.

(a) There shall be no more than:

(i) 3 subacute care hospital alternative health care models in the City of Chicago (one of which shall be located on a designated site and shall have been licensed as a hospital under the Illinois Hospital Licensing Act within the 10 years immediately before the application for a license);

(ii) 2 subacute care hospital alternative health care models in the demonstration program for each of the following areas:

(1) Cook County outside the City of Chicago.

(2) DuPage, Kane, Lake, McHenry, and Will Counties.

(3) Municipalities with a population greater than 50,000 not located in the areas described in item (i) of subsection (a) and paragraphs (1) and (2) of item (ii) of subsection (a); and
(iii) 4 subacute care hospital alternative health care models in the demonstration program for rural areas.

In selecting among applicants for these licenses in rural areas, the Health Facilities Planning Board and the Department shall give preference to hospitals that may be unable for economic reasons to provide continued service to the community in which they are located unless the hospital were to receive an alternative health care model license.

(a-5) There shall be no more than a total of 12 postsurgical recovery care center alternative health care models in the demonstration program, located as follows:

(1) Two in the City of Chicago.
(2) Two in Cook County outside the City of Chicago. At least one of these shall be owned or operated by a hospital devoted exclusively to caring for children.
(3) Two in Kane, Lake, and McHenry Counties.
(4) Four in municipalities with a population of 50,000 or more not located in the areas described in paragraphs (1), (2), and (3), 3 of which shall be owned or operated by hospitals, at least 2 of which shall be located in counties with a population of less than 175,000, according to the most recent decennial census for which data are available, and one of which shall be owned or operated by an ambulatory surgical treatment center.
(5) Two in rural areas, both of which shall be owned or operated by hospitals.

There shall be no postsurgical recovery care center alternative health care models located in counties with populations greater than 600,000 but less than 1,000,000. A proposed postsurgical recovery care center must be owned or operated by a hospital if it is to be located within, or will primarily serve the residents of, a health service area in which more than 60% of the gross patient revenue of the hospitals within that health service area are derived from Medicaid and Medicare, according to the most recently available calendar year data from the Illinois Health Care Cost Containment Council. Nothing in this paragraph shall preclude a hospital and an ambulatory surgical treatment center from forming a joint

New matter indicated by italics - deletions by strikeout
venture or developing a collaborative agreement to own or operate a postsurgical recovery care center.

(a-10) There shall be no more than a total of 8 children's respite care center alternative health care models in the demonstration program, which shall be located as follows:

1. One in the City of Chicago.
2. One in Cook County outside the City of Chicago.
3. A total of 2 in the area comprised of DuPage, Kane, Lake, McHenry, and Will counties.
4. A total of 2 in municipalities with a population of 50,000 or more and not located in the areas described in paragraphs (1), (2), or (3).
5. A total of 2 in rural areas, as defined by the Health Facilities Planning Board.

No more than one children's respite care model owned and operated by a licensed skilled pediatric facility shall be located in each of the areas designated in this subsection (a-10).

(a-15) There shall be an authorized community-based residential rehabilitation center alternative health care model in the demonstration program. The community-based residential rehabilitation center shall be located in the area of Illinois south of Interstate Highway 70.

(a-20) There shall be an authorized Alzheimer's disease management center alternative health care model in the demonstration program. The Alzheimer's disease management center shall be located in Will County, owned by a not-for-profit entity, and endorsed by a resolution approved by the county board before the effective date of this amendatory Act of the 91st General Assembly.

(b) Alternative health care models, other than a model authorized under subsection (a-20), shall obtain a certificate of need from the Illinois Health Facilities Planning Board under the Illinois Health Facilities Planning Act before receiving a license by the Department. If, after obtaining its initial certificate of need, an alternative health care delivery model that is a community based residential rehabilitation center seeks to increase the bed capacity of that center, it must obtain a certificate of need.
from the Illinois Health Facilities Planning Board before increasing the bed capacity. Alternative health care models in medically underserved areas shall receive priority in obtaining a certificate of need.

(c) An alternative health care model license shall be issued for a period of one year and shall be annually renewed if the facility or program is in substantial compliance with the Department's rules adopted under this Act. A licensed alternative health care model that continues to be in substantial compliance after the conclusion of the demonstration program shall be eligible for annual renewals unless and until a different licensure program for that type of health care model is established by legislation. The Department may issue a provisional license to any alternative health care model that does not substantially comply with the provisions of this Act and the rules adopted under this Act if (i) the Department finds that the alternative health care model has undertaken changes and corrections which upon completion will render the alternative health care model in substantial compliance with this Act and rules and (ii) the health and safety of the patients of the alternative health care model will be protected during the period for which the provisional license is issued. The Department shall advise the licensee of the conditions under which the provisional license is issued, including the manner in which the alternative health care model fails to comply with the provisions of this Act and rules, and the time within which the changes and corrections necessary for the alternative health care model to substantially comply with this Act and rules shall be completed.

(d) Alternative health care models shall seek certification under Titles XVIII and XIX of the federal Social Security Act. In addition, alternative health care models shall provide charitable care consistent with that provided by comparable health care providers in the geographic area.

(d-5) The Department of Healthcare and Family Services (formerly Illinois Department of Public Aid), in cooperation with the Illinois Department of Public Health, shall develop and implement a reimbursement methodology for all facilities participating in the demonstration program. The Illinois Department of Public Aid shall keep a record of services...
provided under the demonstration program to recipients of medical
assistance under the Illinois Public Aid Code and shall submit an annual
report of that information to the Illinois Department of Public Health.

(e) Alternative health care models shall, to the extent possible, link
and integrate their services with nearby health care facilities.

(f) Each alternative health care model shall implement a quality
assurance program with measurable benefits and at reasonable cost.

(210 ILCS 3/35)

Sec. 35. Alternative health care models authorized. Notwithstanding any other law to the contrary, alternative health care
models described in this Section may be established on a demonstration
basis.

(1) Alternative health care model; subacute care hospital. A
subacute care hospital is a designated site which provides medical
specialty care for patients who need a greater intensity or
complexity of care than generally provided in a skilled nursing
facility but who no longer require acute hospital care. The average
length of stay for patients treated in subacute care hospitals shall
not be less than 20 days, and for individual patients, the expected
length of stay at the time of admission shall not be less than 10
days. Variations from minimum lengths of stay shall be reported to
the Department. There shall be no more than 13 subacute care
hospitals authorized to operate by the Department. Subacute care
includes physician supervision, registered nursing, and
physiological monitoring on a continual basis. A subacute care
hospital is either a freestanding building or a distinct physical and
operational entity within a hospital or nursing home building. A
subacute care hospital shall only consist of beds currently existing
in licensed hospitals or skilled nursing facilities, except, in the City
of Chicago, on a designated site that was licensed as a hospital
under the Illinois Hospital Licens ing Act within the 10 years
immediately before the application for an alternative health care
model license. During the period of operation of the demonstration

project, the existing licensed beds shall remain licensed as hospital or skilled nursing facility beds as well as being licensed under this Act. In order to handle cases of complications, emergencies, or exigent circumstances, a subacute care hospital shall maintain a contractual relationship, including a transfer agreement, with a general acute care hospital. If a subacute care model is located in a general acute care hospital, it shall utilize all or a portion of the bed capacity of that existing hospital. In no event shall a subacute care hospital use the word "hospital" in its advertising or marketing activities or represent or hold itself out to the public as a general acute care hospital.

(2) Alternative health care delivery model; postsurgical recovery care center. A postsurgical recovery care center is a designated site which provides postsurgical recovery care for generally healthy patients undergoing surgical procedures that require overnight nursing care, pain control, or observation that would otherwise be provided in an inpatient setting. A postsurgical recovery care center is either freestanding or a defined unit of an ambulatory surgical treatment center or hospital. No facility, or portion of a facility, may participate in a demonstration program as a postsurgical recovery care center unless the facility has been licensed as an ambulatory surgical treatment center or hospital for at least 2 years before August 20, 1993 (the effective date of Public Act 88-441). The maximum length of stay for patients in a postsurgical recovery care center is not to exceed 48 hours unless the treating physician requests an extension of time from the recovery center's medical director on the basis of medical or clinical documentation that an additional care period is required for the recovery of a patient and the medical director approves the extension of time. In no case, however, shall a patient's length of stay in a postsurgical recovery care center be longer than 72 hours. If a patient requires an additional care period after the expiration of the 72-hour limit, the patient shall be transferred to an appropriate facility. Reports on variances from the 48-hour limit shall be sent

New matter indicated by italics - deletions by strikeout
to the Department for its evaluation. The reports shall, before submission to the Department, have removed from them all patient and physician identifiers. In order to handle cases of complications, emergencies, or exigent circumstances, every postsurgical recovery care center as defined in this paragraph shall maintain a contractual relationship, including a transfer agreement, with a general acute care hospital. A postsurgical recovery care center shall be no larger than 20 beds. A postsurgical recovery care center shall be located within 15 minutes travel time from the general acute care hospital with which the center maintains a contractual relationship, including a transfer agreement, as required under this paragraph.

No postsurgical recovery care center shall discriminate against any patient requiring treatment because of the source of payment for services, including Medicare and Medicaid recipients.

The Department shall adopt rules to implement the provisions of Public Act 88-441 concerning postsurgical recovery care centers within 9 months after August 20, 1993.

(3) Alternative health care delivery model; children's community-based health care center. A children's community-based health care center model is a designated site that provides nursing care, clinical support services, and therapies for a period of one to 14 days for short-term stays and 120 days to facilitate transitions to home or other appropriate settings for medically fragile children, technology dependent children, and children with special health care needs who are deemed clinically stable by a physician and are younger than 22 years of age. This care is to be provided in a home-like environment that serves no more than 12 children at a time. Children's community-based health care center services must be available through the model to all families, including those whose care is paid for through the Department of Healthcare and Family Services Public Aid, the Department of Children and Family Services, the Department of Human Services, and insurance companies who cover home health care services or private duty nursing care in the home.

New matter indicated by italics - deletions by strikeout
Each children's community-based health care center model location shall be physically separate and apart from any other facility licensed by the Department of Public Health under this or any other Act and shall provide the following services: respite care, registered nursing or licensed practical nursing care, transitional care to facilitate home placement or other appropriate settings and reunite families, medical day care, weekend camps, and diagnostic studies typically done in the home setting.

Coverage for the services provided by the Illinois Department of Healthcare and Family Services Public Aid under this paragraph (3) is contingent upon federal waiver approval and is provided only to Medicaid eligible clients participating in the home and community based services waiver designated in Section 1915(c) of the Social Security Act for medically frail and technologically dependent children or children in Department of Children and Family Services foster care who receive home health benefits.

(4) Alternative health care delivery model; community based residential rehabilitation center. A community-based residential rehabilitation center model is a designated site that provides rehabilitation or support, or both, for persons who have experienced severe brain injury, who are medically stable, and who no longer require acute rehabilitative care or intense medical or nursing services. The average length of stay in a community-based residential rehabilitation center shall not exceed 4 months. As an integral part of the services provided, individuals are housed in a supervised living setting while having immediate access to the community. The residential rehabilitation center authorized by the Department may have more than one residence included under the license. A residence may be no larger than 12 beds and shall be located as an integral part of the community. Day treatment or individualized outpatient services shall be provided for persons who reside in their own home. Functional outcome goals shall be established for each individual. Services shall include, but are not

limited to, case management, training and assistance with activities of daily living, nursing consultation, traditional therapies (physical, occupational, speech), functional interventions in the residence and community (job placement, shopping, banking, recreation), counseling, self-management strategies, productive activities, and multiple opportunities for skill acquisition and practice throughout the day. The design of individualized program plans shall be consistent with the outcome goals that are established for each resident. The programs provided in this setting shall be accredited by the Commission on Accreditation of Rehabilitation Facilities (CARF). The program shall have been accredited by CARF as a Brain Injury Community-Integrative Program for at least 3 years.

(5) Alternative health care delivery model; Alzheimer's disease management center. An Alzheimer's disease management center model is a designated site that provides a safe and secure setting for care of persons diagnosed with Alzheimer's disease. An Alzheimer's disease management center model shall be a facility separate from any other facility licensed by the Department of Public Health under this or any other Act. An Alzheimer's disease management center shall conduct and document an assessment of each resident every 6 months. The assessment shall include an evaluation of daily functioning, cognitive status, other medical conditions, and behavioral problems. An Alzheimer's disease management center shall develop and implement an ongoing treatment plan for each resident. The treatment plan shall have defined goals. The Alzheimer's disease management center shall treat behavioral problems and mood disorders using nonpharmacologic approaches such as environmental modification, task simplification, and other appropriate activities. All staff must have necessary training to care for all stages of Alzheimer's Disease. An Alzheimer's disease management center shall provide education and support for residents and caregivers. The education and support shall include referrals to support organizations for educational materials on community resources, support groups,

legal and financial issues, respite care, and future care needs and options. The education and support shall also include a discussion of the resident's need to make advance directives and to identify surrogates for medical and legal decision-making. The provisions of this paragraph establish the minimum level of services that must be provided by an Alzheimer's disease management center. An Alzheimer's disease management center model shall have no more than 100 residents. Nothing in this paragraph (5) shall be construed as prohibiting a person or facility from providing services and care to persons with Alzheimer's disease as otherwise authorized under State law.

Section 625. The Abused and Neglected Long Term Care Facility Residents Reporting Act is amended by changing Section 6.2 as follows:

(210 ILCS 30/6.2) (from Ch. 111 1/2, par. 4166.2)

Sec. 6.2. Inspector General.

(a) The Governor shall appoint, and the Senate shall confirm, an Inspector General. The Inspector General shall be appointed for a term of 4 years and shall function within the Department of Human Services and report to the Secretary of Human Services and the Governor. The Inspector General shall function independently within the Department of Human Services with respect to the operations of the office, including the performance of investigations and issuance of findings and recommendations. The appropriation for the Office of Inspector General shall be separate from the overall appropriation for the Department of Human Services. The Inspector General shall investigate reports of suspected abuse or neglect (as those terms are defined in Section 3 of this Act) of patients or residents in any mental health or developmental disabilities facility operated by the Department of Human Services and shall have authority to investigate and take immediate action on reports of abuse or neglect of recipients, whether patients or residents, in any mental health or developmental disabilities facility or program that is licensed or certified by the Department of Human Services (as successor to the Department of Mental Health and Developmental Disabilities) or that is funded by the Department of Human Services (as successor to the Department of Mental Health and Developmental Disabilities) and is not

New matter indicated by italics - deletions by strikeout
licensed or certified by any agency of the State. At the specific, written request of an agency of the State other than the Department of Human Services (as successor to the Department of Mental Health and Developmental Disabilities), the Inspector General may cooperate in investigating reports of abuse and neglect of persons with mental illness or persons with developmental disabilities. The Inspector General shall have no supervision over or involvement in routine, programmatic, licensure, or certification operations of the Department of Human Services or any of its funded agencies.

The Inspector General shall promulgate rules establishing minimum requirements for reporting allegations of abuse and neglect and initiating, conducting, and completing investigations. The promulgated rules shall clearly set forth that in instances where 2 or more State agencies could investigate an allegation of abuse or neglect, the Inspector General shall not conduct an investigation that is redundant to an investigation conducted by another State agency. The rules shall establish criteria for determining, based upon the nature of the allegation, the appropriate method of investigation, which may include, but need not be limited to, site visits, telephone contacts, or requests for written responses from agencies. The rules shall also clarify how the Office of the Inspector General shall interact with the licensing unit of the Department of Human Services in investigations of allegations of abuse or neglect. Any allegations or investigations of reports made pursuant to this Act shall remain confidential until a final report is completed. The resident or patient who allegedly was abused or neglected and his or her legal guardian shall be informed by the facility or agency of the report of alleged abuse or neglect. Final reports regarding unsubstantiated or unfounded allegations shall remain confidential, except that final reports may be disclosed pursuant to Section 6 of this Act.

For purposes of this Section, "required reporter" means a person who suspects, witnesses, or is informed of an allegation of abuse or neglect at a State-operated facility or a community agency and who is either: (i) a person employed at a State-operated facility or a community agency on or off site who is providing or monitoring services to an

New matter indicated by italics - deletions by strikeout
individual or individuals or is providing services to the State-operated facility or the community agency; or (ii) any person or contractual agent of the Department of Human Services involved in providing, monitoring, or administering mental health or developmental disability services, including, but not limited to, payroll personnel, contractors, subcontractors, and volunteers. A required reporter shall report the allegation of abuse or neglect, or cause a report to be made, to the Office of the Inspector General (OIG) Hotline no later than 4 hours after the initial discovery of the incident of alleged abuse or neglect. A required reporter as defined in this paragraph who willfully fails to comply with the reporting requirement is guilty of a Class A misdemeanor.

For purposes of this Section, "State-operated facility" means a mental health facility or a developmental disability facility as defined in Sections 1-114 and 1-107 of the Mental Health and Developmental Disabilities Code.

For purposes of this Section, "community agency" or "agency" means any community entity or program providing mental health or developmental disabilities services that is licensed, certified, or funded by the Department of Human Services and is not licensed or certified by any other human services agency of the State (for example, the Department of Public Health, the Department of Children and Family Services, or the Department of Healthcare and Family Services).

When the Office of the Inspector General has substantiated a case of abuse or neglect, the Inspector General shall include in the final report any mitigating or aggravating circumstances that were identified during the investigation. Upon determination that a report of neglect is substantiated, the Inspector General shall then determine whether such neglect rises to the level of egregious neglect.

(b) The Inspector General shall, within 24 hours after determining that a reported allegation of suspected abuse or neglect indicates that any possible criminal act has been committed or that special expertise is required in the investigation, immediately notify the Department of State Police or the appropriate law enforcement entity. The Department of State Police shall investigate any report from a State-operated facility indicating

New matter indicated by italics - deletions by strikeout
a possible murder, rape, or other felony. All investigations conducted by the Inspector General shall be conducted in a manner designed to ensure the preservation of evidence for possible use in a criminal prosecution.

(b-5) The Inspector General shall make a determination to accept or reject a preliminary report of the investigation of alleged abuse or neglect based on established investigative procedures. Notice of the Inspector General's determination must be given to the person who claims to be the victim of the abuse or neglect, to the person or persons alleged to have been responsible for abuse or neglect, and to the facility or agency. The facility or agency or the person or persons alleged to have been responsible for the abuse or neglect and the person who claims to be the victim of the abuse or neglect may request clarification or reconsideration based on additional information. For cases where the allegation of abuse or neglect is substantiated, the Inspector General shall require the facility or agency to submit a written response. The written response from a facility or agency shall address in a concise and reasoned manner the actions that the agency or facility will take or has taken to protect the resident or patient from abuse or neglect, prevent reoccurrences, and eliminate problems identified and shall include implementation and completion dates for all such action.

(c) The Inspector General shall, within 10 calendar days after the transmittal date of a completed investigation where abuse or neglect is substantiated or administrative action is recommended, provide a complete report on the case to the Secretary of Human Services and to the agency in which the abuse or neglect is alleged to have happened. The complete report shall include a written response from the agency or facility operated by the State to the Inspector General that addresses in a concise and reasoned manner the actions that the agency or facility will take or has taken to protect the resident or patient from abuse or neglect, prevent reoccurrences, and eliminate problems identified and shall include implementation and completion dates for all such action. The Secretary of Human Services shall accept or reject the response and establish how the Department will determine whether the facility or program followed the approved response. The Secretary may require Department personnel to

New matter indicated by italics - deletions by strikeout
visit the facility or agency for training, technical assistance, programmatic, licensure, or certification purposes. Administrative action, including sanctions, may be applied should the Secretary reject the response or should the facility or agency fail to follow the approved response. Within 30 days after the Secretary has approved a response, the facility or agency making the response shall provide an implementation report to the Inspector General on the status of the corrective action implemented. Within 60 days after the Secretary has approved the response, the facility or agency shall send notice of the completion of the corrective action or shall send an updated implementation report. The facility or agency shall continue sending updated implementation reports every 60 days until the facility or agency sends a notice of the completion of the corrective action. The Inspector General shall review any implementation plan that takes more than 120 days. The Inspector General shall monitor compliance through a random review of completed corrective actions. This monitoring may include, but need not be limited to, site visits, telephone contacts, or requests for written documentation from the facility or agency to determine whether the facility or agency is in compliance with the approved response. The facility or agency shall inform the resident or patient and the legal guardian whether the reported allegation was substantiated, unsubstantiated, or unfounded. There shall be an appeals process for any person or agency that is subject to any action based on a recommendation or recommendations.

(d) The Inspector General may recommend to the Departments of Public Health and Human Services sanctions to be imposed against mental health and developmental disabilities facilities under the jurisdiction of the Department of Human Services for the protection of residents, including appointment of on-site monitors or receivers, transfer or relocation of residents, and closure of units. The Inspector General may seek the assistance of the Attorney General or any of the several State's attorneys in imposing such sanctions. Whenever the Inspector General issues any recommendations to the Secretary of Human Services, the Secretary shall provide a written response.
(e) The Inspector General shall establish and conduct periodic training programs for Department of Human Services employees concerning the prevention and reporting of neglect and abuse.

(f) The Inspector General shall at all times be granted access to any mental health or developmental disabilities facility operated by the Department of Human Services, shall establish and conduct unannounced site visits to those facilities at least once annually, and shall be granted access, for the purpose of investigating a report of abuse or neglect, to the records of the Department of Human Services and to any facility or program funded by the Department of Human Services that is subject under the provisions of this Section to investigation by the Inspector General for a report of abuse or neglect.

(g) Nothing in this Section shall limit investigations by the Department of Human Services that may otherwise be required by law or that may be necessary in that Department's capacity as the central administrative authority responsible for the operation of State mental health and developmental disability facilities.

(g-5) After notice and an opportunity for a hearing that is separate and distinct from the Office of the Inspector General's appeals process as implemented under subsection (c) of this Section, the Inspector General shall report to the Department of Public Health's nurse aide registry under Section 3-206.01 of the Nursing Home Care Act the identity of individuals against whom there has been a substantiated finding of physical or sexual abuse or egregious neglect of a service recipient.

Nothing in this subsection shall diminish or impair the rights of a person who is a member of a collective bargaining unit pursuant to the Illinois Public Labor Relations Act or pursuant to any federal labor statute. An individual who is a member of a collective bargaining unit as described above shall not be reported to the Department of Public Health's nurse aide registry until the exhaustion of that individual's grievance and arbitration rights, or until 3 months after the initiation of the grievance process, whichever occurs first, provided that the Department of Human Services' hearing under this subsection regarding the reporting of an individual to the Department of Public Health's nurse aide registry has concluded.

New matter indicated by italics - deletions by strikeout
Notwithstanding anything hereinafter or previously provided, if an action taken by an employer against an individual as a result of the circumstances that led to a finding of physical or sexual abuse or egregious neglect is later overturned under a grievance or arbitration procedure provided for in Section 8 of the Illinois Public Labor Relations Act or under a collective bargaining agreement, the report must be removed from the registry.

The Department of Human Services shall promulgate or amend rules as necessary or appropriate to establish procedures for reporting to the registry, including the definition of egregious neglect, procedures for notice to the individual and victim, appeal and hearing procedures, and petition for removal of the report from the registry. The portion of the rules pertaining to hearings shall provide that, at the hearing, both parties may present written and oral evidence. The Department shall be required to establish by a preponderance of the evidence that the Office of the Inspector General's finding of physical or sexual abuse or egregious neglect warrants reporting to the Department of Public Health's nurse aide registry under Section 3-206.01 of the Nursing Home Care Act.

Notice to the individual shall include a clear and concise statement of the grounds on which the report to the registry is based and notice of the opportunity for a hearing to contest the report. The Department of Human Services shall provide the notice by certified mail to the last known address of the individual. The notice shall give the individual an opportunity to contest the report in a hearing before the Department of Human Services or to submit a written response to the findings instead of requesting a hearing. If the individual does not request a hearing or if after notice and a hearing the Department of Human Services finds that the report is valid, the finding shall be included as part of the registry, as well as a brief statement from the reported individual if he or she chooses to make a statement. The Department of Public Health shall make available to the public information reported to the registry. In a case of inquiries concerning an individual listed in the registry, any information disclosed concerning a finding of abuse or neglect shall also include disclosure of the individual's brief statement in the registry relating to the reported finding or include a clear and accurate summary of the statement.
At any time after the report of the registry, an individual may petition the Department of Human Services for removal from the registry of the finding against him or her. Upon receipt of such a petition, the Department of Human Services shall conduct an investigation and hearing on the petition. Upon completion of the investigation and hearing, the Department of Human Services shall report the removal of the finding to the registry unless the Department of Human Services determines that removal is not in the public interest.

Sec. 2-106. (a) For purposes of this Act, (i) a physical restraint is any manual method or physical or mechanical device, material, or equipment attached or adjacent to a resident's body that the resident cannot remove easily and restricts freedom of movement or normal access to one's body. Devices used for positioning, including but not limited to bed rails, gait belts, and cushions, shall not be considered to be restraints for

New matter indicated by italics - deletions by strikeout
purposes of this Section; (ii) a chemical restraint is any drug used for
discipline or convenience and not required to treat medical symptoms. The
Department shall by rule, designate certain devices as restraints, including
at least all those devices which have been determined to be restraints by
the United States Department of Health and Human Services in
interpretive guidelines issued for the purposes of administering Titles

\textit{XVIII} and \textit{XIX} \textit{And 18 and 19} of the Social Security \textit{Act} \textit{Acts}.

(b) Neither restraints nor confinements shall be employed for the
purpose of punishment or for the convenience of any facility personnel. No
restraints or confinements shall be employed except as ordered by a
physician who documents the need for such restraints or confinements in
the resident's clinical record. Each facility licensed under this Act must
have a written policy to address the use of restraints and seclusion. The
Department shall establish by rule the provisions that the policy must
include, which, to the extent practicable, should be consistent with the
requirements for participation in the federal Medicare program. Each
policy shall include periodic review of the use of restraints.

(c) A restraint may be used only with the informed consent of the
resident, the resident's guardian, or other authorized representative. A
restraint may be used only for specific periods, if it is the least restrictive
means necessary to attain and maintain the resident's highest practicable
physical, mental or psychosocial well-being, including brief periods of
time to provide necessary life-saving treatment. A restraint may be used
only after consultation with appropriate health professionals, such as
occupational or physical therapists, and a trial of less restrictive measures
has led to the determination that the use of less restrictive measures would
not attain or maintain the resident's highest practicable physical, mental or
psychosocial well-being. However, if the resident needs emergency care,
restraints may be used for brief periods to permit medical treatment to
proceed unless the facility has notice that the resident has previously made
a valid refusal of the treatment in question.

(d) A restraint may be applied only by a person trained in the
application of the particular type of restraint.

\textit{New matter indicated by italics - deletions by strikeout}
(e) Whenever a period of use of a restraint is initiated, the resident shall be advised of his or her right to have a person or organization of his or her choosing, including the Guardianship and Advocacy Commission, notified of the use of the restraint. A recipient who is under guardianship may request that a person or organization of his or her choosing be notified of the restraint, whether or not the guardian approves the notice. If the resident so chooses, the facility shall make the notification within 24 hours, including any information about the period of time that the restraint is to be used. Whenever the Guardianship and Advocacy Commission is notified that a resident has been restrained, it shall contact the resident to determine the circumstances of the restraint and whether further action is warranted.

(f) Whenever a restraint is used on a resident whose primary mode of communication is sign language, the resident shall be permitted to have his or her hands free from restraint for brief periods each hour, except when this freedom may result in physical harm to the resident or others.

(g) The requirements of this Section are intended to control in any conflict with the requirements of Sections 1-126 and 2-108 of the Mental Health and Developmental Disabilities Code.

Sec. 2-106.1. Drug treatment.

(a) A resident shall not be given unnecessary drugs. An unnecessary drug is any drug used in an excessive dose, including in duplicative therapy; for excessive duration; without adequate monitoring; without adequate indications for its use; or in the presence of adverse consequences that indicate the drugs should be reduced or discontinued. The Department shall adopt, by rule, the standards for unnecessary drugs contained in interpretive guidelines issued by the United States Department of Health and Human Services for the purposes of administering Titles XVIII and XIX of the Social Security Act.

(b) Psychotropic medication shall not be prescribed without the informed consent of the resident, the resident's guardian, or other
authorized representative. "Psychotropic medication" means medication that is used for or listed as used for antipsychotic, antidepressant, antimanic, or antianxiety behavior modification or behavior management purposes in the latest editions of the AMA Drug Evaluations or the Physician's Desk Reference.

(c) The requirements of this Section are intended to control in a conflict with the requirements of Sections 2-102 and 2-107.2 of the Mental Health and Developmental Disabilities Code with respect to the administration of psychotropic medication.

(210 ILCS 45/2-202) (from Ch. 111 1/2, par. 4152-202)

Sec. 2-202. (a) Before a person is admitted to a facility, or at the expiration of the period of previous contract, or when the source of payment for the resident's care changes from private to public funds or from public to private funds, a written contract shall be executed between a licensee and the following in order of priority:

(1) the person, or if the person is a minor, his parent or guardian; or

(2) the person's guardian, if any, or agent, if any, as defined in Section 2-3 of the Illinois Power of Attorney Act; or

(3) a member of the person's immediate family.

An adult person shall be presumed to have the capacity to contract for admission to a long term care facility unless he has been adjudicated a "disabled person" within the meaning of Section 11a-2 of the Probate Act of 1975, or unless a petition for such an adjudication is pending in a circuit court of Illinois.

If there is no guardian, agent or member of the person's immediate family available, able or willing to execute the contract required by this Section and a physician determines that a person is so disabled as to be unable to consent to placement in a facility, or if a person has already been found to be a "disabled person", but no order has been entered allowing residential placement of the person, that person may be admitted to a facility before the execution of a contract required by this Section; provided that a petition for guardianship or for modification of

New matter indicated by italics - deletions by strikeout
guardianship is filed within 15 days of the person's admission to a facility, and provided further that such a contract is executed within 10 days of the disposition of the petition.

No adult shall be admitted to a facility if he objects, orally or in writing, to such admission, except as otherwise provided in Chapters III and IV of the Mental Health and Developmental Disabilities Code or Section 11a-14.1 of the Probate Act of 1975.

If a person has not executed a contract as required by this Section, then such a contract shall be executed on or before July 1, 1981, or within 10 days after the disposition of a petition for guardianship or modification of guardianship that was filed prior to July 1, 1981, whichever is later.

Before a licensee enters a contract under this Section, it shall provide the prospective resident and his guardian, if any, with written notice of the licensee's policy regarding discharge of a resident whose private funds for payment of care are exhausted.

(b) A resident shall not be discharged or transferred at the expiration of the term of a contract, except as provided in Sections 3-401 through 3-423.

(c) At the time of the resident's admission to the facility, a copy of the contract shall be given to the resident, his guardian, if any, and any other person who executed the contract.

(d) A copy of the contract for a resident who is supported by nonpublic funds other than the resident's own funds shall be made available to the person providing the funds for the resident's support.

(e) The original or a copy of the contract shall be maintained in the facility and be made available upon request to representatives of the Department and the Department of Healthcare and Family Services Public Aid.

(f) The contract shall be written in clear and unambiguous language and shall be printed in not less than 12-point type. The general form of the contract shall be prescribed by the Department.

(g) The contract shall specify:

(1) the term of the contract;
(2) the services to be provided under the contract and the charges for the services;

(3) the services that may be provided to supplement the contract and the charges for the services;

(4) the sources liable for payments due under the contract;

(5) the amount of deposit paid; and

(6) the rights, duties and obligations of the resident, except that the specification of a resident's rights may be furnished on a separate document which complies with the requirements of Section 2-211.

(h) The contract shall designate the name of the resident's representative, if any. The resident shall provide the facility with a copy of the written agreement between the resident and the resident's representative which authorizes the resident's representative to inspect and copy the resident's records and authorizes the resident's representative to execute the contract on behalf of the resident required by this Section.

(i) The contract shall provide that if the resident is compelled by a change in physical or mental health to leave the facility, the contract and all obligations under it shall terminate on 7 days notice. No prior notice of termination of the contract shall be required, however, in the case of a resident's death. The contract shall also provide that in all other situations, a resident may terminate the contract and all obligations under it with 30 days notice. All charges shall be prorated as of the date on which the contract terminates, and, if any payments have been made in advance, the excess shall be refunded to the resident. This provision shall not apply to life-care contracts through which a facility agrees to provide maintenance and care for a resident throughout the remainder of his life nor to continuing-care contracts through which a facility agrees to supplement all available forms of financial support in providing maintenance and care for a resident throughout the remainder of his life.

(j) In addition to all other contract specifications contained in this Section admission contracts shall also specify:

(1) whether the facility accepts Medicaid clients;

New matter indicated by italics - deletions by strikeout
(2) whether the facility requires a deposit of the resident or his family prior to the establishment of Medicaid eligibility;
(3) in the event that a deposit is required, a clear and concise statement of the procedure to be followed for the return of such deposit to the resident or the appropriate family member or guardian of the person;
(4) that all deposits made to a facility by a resident, or on behalf of a resident, shall be returned by the facility within 30 days of the establishment of Medicaid eligibility, unless such deposits must be drawn upon or encumbered in accordance with Medicaid eligibility requirements established by the Illinois Department of Healthcare and Family Services Public Aid.

(k) It shall be a business offense for a facility to knowingly and intentionally both retain a resident's deposit and accept Medicaid payments on behalf of that resident.

Sec. 3-805. (a) The Department shall conduct a pilot project to examine, study and contrast the Joint Commission on the Accreditation of Health Care Organizations ("Commission") accreditation review process with the current regulations and licensure surveys process conducted by the Department for long-term care facilities. This pilot project will enable qualified facilities to apply for participation in the project, in which surveys completed by the Commission are accepted by the Department in lieu of inspections required by this Act, as provided in subsection (b) of this Section. It is intended that this pilot project shall commence on January 1, 1990, and shall conclude on December 31, 2000, with a final report to be submitted to the Governor and the General Assembly by June 30, 2001.

(b) (1) In lieu of conducting an inspection for license renewal under this Act, the Department may accept from a facility that is accredited by the Commission under the Commission's long-term care standards the facility's most recent annual accreditation review by the Commission. In addition to such review, the facility shall submit any fee or other license renewal report or information required by law. The Department may accept such review for so long as the Commission maintains an annual inspection or review program. If the Commission does not conduct an on-site annual inspection or review, the Department shall conduct an inspection as otherwise required by this Act. If the Department determines that an annual on-site inspection or review

conducted by the Commission does not meet minimum standards set by the Department, the Department shall not accept the Commission's accreditation review and shall conduct an inspection as otherwise required by this Act.

The Department shall establish procedures applicable to the pilot project conducted pursuant to this Section. The procedures shall provide for a review of the Commission's survey findings that may be Type "A" or Type "B" violations under this Act requiring immediate correction, the taking of necessary and appropriate action to determine whether such violations exist, and steps to effect corrective action in cooperation with the Commission, or otherwise under this Act, as may be necessary. The Department shall also establish procedures to require the Commission to immediately report to the Department any survey finding that constitutes a condition or occurrence relating to the operation and maintenance of a facility which presents a substantial probability that death or serious mental or physical harm to a resident will result therefrom, so as to enable the Department to take necessary and appropriate action under this Act.

(2) This subsection (b) does not limit the Department in performing any inspections or other duties authorized by this Act, or under any contract relating to the medical assistance program administered by the Illinois Department of Healthcare and Family Services Public Aid, or under Title XVIII or Title XIX of the Social Security Act.

(3) No facility shall be required to obtain accreditation from the Commission.

(c) Participation in the pilot project shall be limited to facilities selected at random by the Director, provided that:

(1) facilities shall apply to the Director for selection to participate;
(2) facilities which are currently accredited by the Commission may apply to participate;
(3) any facility not accredited by the Commission at the time of application to participate in the pilot project shall apply for such accreditation;

(4) the number of facilities so selected shall be no greater than 15% of the total number of long-term care facilities licensed under this Act;

(5) the number of facilities so selected shall be divided equally between facilities having fewer than 100 beds and facilities having 100 or more beds;

(6) facilities so selected shall have been licensed for more than 2 years and shall not have been issued a conditional license within 2 years before applying for participation in the pilot project; and

(7) no facilities so selected shall have been issued a notice of a Type "A" violation within one year before applying for participation in the pilot project.

(d) Inspections and surveys conducted by the Commission under the pilot project for initial or continued accreditation shall not be announced in advance to the facility being inspected or surveyed, and shall provide for participation in the inspection or survey process by residents of the facility and the public.

(e) With respect to any facility accredited by the Commission, the Commission shall submit to the Department copies of:

(1) the accreditation award letter;

(2) the accreditation report, including recommendations and comments by the Commission; and

(3) any correspondence directly related to the accreditation.

(f) No facility which is denied initial or continued accreditation by the Commission shall participate in the pilot project.

(g) The Director shall meet at least once every 6 months with the director of the Commission's long-term care facility accreditation program to review, coordinate and modify as necessary the services performed by the Commission under the pilot project. On or before June 30, 1993, the Director shall submit to the Governor and to the General Assembly a report evaluating the pilot project and making any recommendations deemed necessary.

Sec. 3A-101. Cooperative arrangements. Not later than June 30, 1996, the Department shall enter into one or more cooperative arrangements with the Illinois Department of Public Aid, the Department on Aging, the Office of the State Fire Marshal, and any other appropriate entity for the purpose of developing a single survey for nursing facilities, including but not limited to facilities funded under Title XVIII or Title XIX of the federal Social Security Act, or both, which shall be administered and conducted solely by the Department. The Departments shall test the single survey process on a pilot basis, with both the Departments of Public Aid and Public Health represented on the consolidated survey team. The pilot will sunset June 30, 1997. After June 30, 1997, unless otherwise determined by the Governor, a single survey shall be implemented by the Department of Public Health which would not preclude staff from the Department of Healthcare and Family Services (formerly Department of Public Aid) from going on-site to nursing facilities to perform necessary audits and reviews which shall not replicate the single State agency survey required by this Act. (i) Nothing in this subparagraph (C) limits a hospital's or medical staff's right to summarily suspend, without a prior hearing, a person's medical staff membership or clinical privileges if the continuation of practice of a medical staff member constitutes an immediate danger to the public, including patients, visitors, and hospital employees and staff. A fair hearing shall be commenced within
15 days after the suspension and completed without delay.

(ii) Nothing in this subparagraph (C) limits a medical staff's right to permit, in the medical staff bylaws, summary suspension of membership or clinical privileges in designated administrative circumstances as specifically approved by the medical staff. (D) A statement of the member's right to inspect all pertinent information in the hospital's possession with respect to the decision.

(E) A statement of the member's right to present witnesses and other evidence at the hearing on the decision.

(F) A written notice and written explanation of the decision resulting from the hearing.

(F-5) A written notice of a final adverse decision by a hospital governing board.

This notice shall be given after the medical staff member exhausts all applicable procedures under this Section, including item (iii) of subparagraph (C) of this paragraph (2), and under the medical staff bylaws in order to allow sufficient time for the orderly provision of patient care.

(H) Nothing in this paragraph (2) of this subsection (b) limits a medical staff member's right to waive, in writing, the rights provided in subparagraphs (A) through (G) of this paragraph (2) of this subsection (b) upon being granted the written exclusive right to provide particular services at a hospital, either individually or as a member of a group. If an exclusive contract is signed by a representative of a group of physicians, a waiver contained in the contract shall apply to all members of the group unless stated otherwise in the contract.

Sec. 356b. (a) This Section applies to the hospital and medical expense provisions of an accident or health insurance policy.
(b) If a policy provides that coverage of a dependent person terminates upon attainment of the limiting age for dependent persons specified in the policy, the attainment of such limiting age does not operate to terminate the hospital and medical coverage of a person who, because of a handicapped condition that occurred before attainment of the limiting age, is incapable of self-sustaining employment and is dependent on his or her parents or other care providers for lifetime care and supervision.

(c) For purposes of subsection (b), "dependent on other care providers" is defined as requiring a Community Integrated Living Arrangement, group home, supervised apartment, or other residential services licensed or certified by the Department of Human Services (as successor to the Department of Mental Health and Developmental Disabilities), the Department of Public Health, or the Department of Healthcare and Family Services (formerly Department of Public Aid).

(d) The insurer may inquire of the policyholder 2 months prior to attainment by a dependent of the limiting age set forth in the policy, or at any reasonable time thereafter, whether such dependent is in fact a disabled and dependent person and, in the absence of proof submitted within 60 days of such inquiry that such dependent is a disabled and dependent person may terminate coverage of such person at or after attainment of the limiting age. In the absence of such inquiry, coverage of any disabled and dependent person shall continue through the term of such policy or any extension or renewal thereof.

participating woman's principal health care provider, and the insurer or
managed care plan shall provide the following written notice to all female
insureds or enrollees no later than 120 days after the effective date of this
amendatory Act of 1998; to all new enrollees at the time of enrollment;
and thereafter to all existing enrollees at least annually, as a part of a
regular publication or informational mailing:

"NOTICE TO ALL FEMALE PLAN MEMBERS:
YOUR RIGHT TO SELECT A WOMAN'S PRINCIPAL
HEALTH CARE PROVIDER.

Illinois law allows you to select "a woman's principal health
care provider" in addition to your selection of a primary care
physician. A woman's principal health care provider is a physician
licensed to practice medicine in all its branches specializing in
obstetrics or gynecology or specializing in family practice. A
woman's principal health care provider may be seen for care
without referrals from your primary care physician. If you have not
already selected a woman's principal health care provider, you may
do so now or at any other time. You are not required to have or to
select a woman's principal health care provider.

Your woman's principal health care provider must be a part
of your plan. You may get the list of participating obstetricians,
gynecologists, and family practice specialists from your employer's
employee benefits coordinator, or for your own copy of the current
list, you may call [insert plan's toll free number]. The list will be
sent to you within 10 days after your call. To designate a woman's
principal health care provider from the list, call [insert plan's toll
free number] and tell our staff the name of the physician you have
selected."

If the insurer or managed care plan exercises the option set forth in
subsection (a-5), the notice shall also state:

"Your plan requires that your primary care physician and
your woman's principal health care provider have a referral
arrangement with one another. If the woman's principal health care
provider that you select does not have a referral arrangement with

your primary care physician, you will have to select a new primary care physician who has a referral arrangement with your woman's principal health care provider or you may select a woman's principal health care provider who has a referral arrangement with your primary care physician. The list of woman's principal health care providers will also have the names of the primary care physicians and their referral arrangements."

No later than 120 days after the effective date of this amendatory Act of 1998, the insurer or managed care plan shall provide each employer who has a policy of insurance or a managed care plan with the insurer or managed care plan with a list of physicians licensed to practice medicine in all its branches specializing in obstetrics or gynecology or specializing in family practice who have contracted with the plan. At the time of enrollment and thereafter within 10 days after a request by an insured or enrollee, the insurer or managed care plan also shall provide this list directly to the insured or enrollee. The list shall include each physician's address, telephone number, and specialty. No insurer or plan formal or informal policy may restrict a female insured's or enrollee's right to designate a woman's principal health care provider, except as set forth in subsection (a-5). If the female enrollee is an enrollee of a managed care plan under contract with the Department of Healthcare and Family Services Public Aid, the physician chosen by the enrollee as her woman's principal health care provider must be a Medicaid-enrolled provider. This requirement does not require a female insured or enrollee to make a selection of a woman's principal health care provider. The female insured or enrollee may designate a physician licensed to practice medicine in all its branches specializing in family practice as her woman's principal health care provider.

(a-5) The insured or enrollee may be required by the insurer or managed care plan to select a woman's principal health care provider who has a referral arrangement with the insured's or enrollee's individual who coordinates care or controls access to health care services if such referral arrangement exists or to select a new individual to coordinate care or to control access to health care services who has a referral arrangement with

the woman's principal health care provider chosen by the insured or enrollee, if such referral arrangement exists. If an insurer or a managed care plan requires an insured or enrollee to select a new physician under this subsection (a-5), the insurer or managed care plan must provide the insured or enrollee with both options to select a new physician provided in this subsection (a-5).

Notwithstanding a plan's restrictions of the frequency or timing of making designations of primary care providers, a female enrollee or insured who is subject to the selection requirements of this subsection, may, at any time, effect a change in primary care physicians in order to make a selection of a woman's principal health care provider.

(a-6) If an insurer or managed care plan exercises the option in subsection (a-5), the list to be provided under subsection (a) shall identify the referral arrangements that exist between the individual who coordinates care or controls access to health care services and the woman's principal health care provider in order to assist the female insured or enrollee to make a selection within the insurer's or managed care plan's requirement.

(b) If a female insured or enrollee has designated a woman's principal health care provider, then the insured or enrollee must be given direct access to the woman's principal health care provider for services covered by the policy or plan without the need for a referral or prior approval. Nothing shall prohibit the insurer or managed care plan from requiring prior authorization or approval from either a primary care provider or the woman's principal health care provider for referrals for additional care or services.

(c) For the purposes of this Section the following terms are defined:

(1) "Woman's principal health care provider" means a physician licensed to practice medicine in all of its branches specializing in obstetrics or gynecology or specializing in family practice.

(2) "Managed care entity" means any entity including a licensed insurance company, hospital or medical service plan,
health maintenance organization, limited health service organization, preferred provider organization, third party administrator, an employer or employee organization, or any person or entity that establishes, operates, or maintains a network of participating providers.

(3) "Managed care plan" means a plan operated by a managed care entity that provides for the financing of health care services to persons enrolled in the plan through:

(A) organizational arrangements for ongoing quality assurance, utilization review programs, or dispute resolution; or

(B) financial incentives for persons enrolled in the plan to use the participating providers and procedures covered by the plan.

(4) "Participating provider" means a physician who has contracted with an insurer or managed care plan to provide services to insureds or enrollees as defined by the contract.

1. It is attributable to a mental or physical impairment or combination of mental and physical impairments.
2. It is likely to continue.
3. It results in substantial functional limitations in one or more of the following areas of major life activity:
   A. self-care;
   B. receptive and expressive language;
   C. learning;
   D. mobility;
   E. capacity for independent living; or
   F. economic self-sufficiency.

(c) The coverage required under this Section may be subject to any limitations, exclusions, or cost-sharing provisions that apply generally under the insurance policy.

(d) This Section does not apply to a policy that covers only dental care.

(e) Nothing in this Section requires that the dental services be covered.

(f) The provisions of this Section do not apply to short-term travel, accident-only, limited, or specified disease policies, nor to policies or contracts designed for issuance to persons eligible for coverage under Title XVIII of the Social Security Act, known as Medicare, or any other similar coverage under State or federal governmental plans.

basis of your benefit payment will be determined according to your
policy's fee schedule, usual and customary charge (which is determined by
comparing charges for similar services adjusted to the geographical area
where the services are performed), or other method as defined by the
policy. YOU CAN EXPECT TO PAY MORE THAN THE
COINSURANCE AMOUNT DEFINED IN THE POLICY AFTER THE

the plan has paid its portion of the bill. Participating providers have agreed

Sec. 356z.7 370r. Prescription drugs; cancer treatment. No group policy of accident or health insurance that provides coverage for prescribed drugs approved by the federal Food and Drug Administration for the treatment of certain types of cancer shall exclude coverage of any drug on the basis that the drug has been prescribed for the treatment of a type of cancer for which the drug has not been approved by the federal
Food and Drug Administration. The drug, however, must be approved by the federal Food and Drug Administration and must be recognized for the treatment of the specific type of cancer for which the drug has been prescribed in any one of the following established reference compendia:

(a) the American Medical Association Drug Evaluations;
(b) the American Hospital Formulary Service Drug Information; or
(c) the United States Pharmacopeia Drug Information;

Any coverage required by this Section shall also include those medically necessary services associated with the administration of a drug.

Despite the provisions of this Section, coverage shall not be required for any experimental or investigational drugs or any drug that the federal Food and Drug Administration has determined to be contraindicated for treatment of the specific type of cancer for which the drug has been prescribed. This Section shall apply only to cancer drugs. Nothing in this Section shall be construed, expressly or by implication, to create, impair, alter, limit, notify, enlarge, abrogate or prohibit reimbursement for drugs used in the treatment of any other disease or condition.

(215 ILCS 5/367b) (from Ch. 73, par. 979b)

Sec. 367b. (a) This Section applies to the hospital and medical expense provisions of a group accident or health insurance policy.

(b) If a policy provides that coverage of a dependent of an employee or other member of the covered group terminates upon attainment of the limiting age for dependent persons specified in the policy, the attainment of such limiting age does not operate to terminate the hospital and medical coverage of a person who, because of a handicapped condition that occurred before attainment of the limiting age,
is incapable of self-sustaining employment and is dependent on his or her parents or other care providers for lifetime care and supervision.

(c) For purposes of subsection (b), "dependent on other care providers" is defined as requiring a Community Integrated Living Arrangement, group home, supervised apartment, or other residential services licensed or certified by the Department of Human Services (as successor to the Department of Mental Health and Developmental Disabilities), the Department of Public Health, or the Department of Healthcare and Family Services (formerly Department of Public Aid).

(d) The insurer may inquire of the person insured 2 months prior to attainment by a dependent of the limiting age set forth in the policy, or at any reasonable time thereafter, whether such dependent is in fact a disabled and dependent person and, in the absence of proof submitted within 31 days of such inquiry that such dependent is a disabled and dependent person may terminate coverage of such person at or after attainment of the limiting age. In the absence of such inquiry, coverage of any disabled and dependent person shall continue through the term of such policy or any extension or renewal.

Sec. 370c. Mental and emotional disorders.

(a) (1) On and after the effective date of this Section, every insurer which delivers, issues for delivery or renews or modifies group A&H policies providing coverage for hospital or medical treatment or services for illness on an expense-incurred basis shall offer to the applicant or group policyholder subject to the insurers standards of insurability, coverage for reasonable and necessary treatment and services for mental, emotional or nervous disorders or conditions, other than serious mental illnesses as defined in item (2) of subsection (b), up to the limits provided in the policy for other disorders or conditions, except (i) the insured may be required to pay up to 50% of expenses incurred as a result of the

treatment or services, and (ii) the annual benefit limit may be limited to the lesser of $10,000 or 25% of the lifetime policy limit.

(2) Each insured that is covered for mental, emotional or nervous disorders or conditions shall be free to select the physician licensed to practice medicine in all its branches, licensed clinical psychologist, licensed clinical social worker, or licensed clinical professional counselor of his choice to treat such disorders, and the insurer shall pay the covered charges of such physician licensed to practice medicine in all its branches, licensed clinical psychologist, licensed clinical social worker, or licensed clinical professional counselor up to the limits of coverage, provided (i) the disorder or condition treated is covered by the policy, and (ii) the physician, licensed psychologist, licensed clinical social worker, or licensed clinical professional counselor is authorized to provide said services under the statutes of this State and in accordance with accepted principles of his profession.

(3) Insofar as this Section applies solely to licensed clinical social workers and licensed clinical professional counselors, those persons who may provide services to individuals shall do so after the licensed clinical social worker or licensed clinical professional counselor has informed the patient of the desirability of the patient conferring with the patient's primary care physician and the licensed clinical social worker or licensed clinical professional counselor has provided written notification to the patient's primary care physician, if any, that services are being provided to the patient. That notification may, however, be waived by the patient on a written form. Those forms shall be retained by the licensed clinical social worker or licensed clinical professional counselor for a period of not less than 5 years.

(b) (1) An insurer that provides coverage for hospital or medical expenses under a group policy of accident and health insurance or health care plan amended, delivered, issued, or renewed after the effective date of this amendatory Act of the 92nd General Assembly shall provide coverage under the policy for treatment of serious mental illness under the same terms and conditions as coverage for hospital or medical expenses related to other illnesses and diseases. The coverage required under this Section
must provide for same durational limits, amount limits, deductibles, and co-insurance requirements for serious mental illness as are provided for other illnesses and diseases. This subsection does not apply to coverage provided to employees by employers who have 50 or fewer employees.

(2) "Serious mental illness" means the following psychiatric illnesses as defined in the most current edition of the Diagnostic and Statistical Manual (DSM) published by the American Psychiatric Association:

(A) schizophrenia;
(B) paranoid and other psychotic disorders;
(C) bipolar disorders (hypomanic, manic, depressive, and mixed);
(D) major depressive disorders (single episode or recurrent);
(E) schizoaffective disorders (bipolar or depressive);
(F) pervasive developmental disorders;
(G) obsessive-compulsive disorders;
(H) depression in childhood and adolescence;
(I) panic disorder; and
(J) post-traumatic stress disorders (acute, chronic, or with delayed onset).

(3) Upon request of the reimbursing insurer, a provider of treatment of serious mental illness shall furnish medical records or other necessary data that substantiate that initial or continued treatment is at all times medically necessary. An insurer shall provide a mechanism for the timely review by a provider holding the same license and practicing in the same specialty as the patient's provider, who is unaffiliated with the insurer, jointly selected by the patient (or the patient's next of kin or legal representative if the patient is unable to act for himself or herself), the patient's provider, and the insurer in the event of a dispute between the insurer and patient's provider regarding the medical necessity of a treatment proposed by a patient's provider. If the reviewing provider determines the treatment to be medically necessary, the insurer shall provide reimbursement for the treatment. Future contractual or

employment actions by the insurer regarding the patient's provider may not be based on the provider's participation in this procedure. Nothing prevents the insured from agreeing in writing to continue treatment at his or her expense. When making a determination of the medical necessity for a treatment modality for serous mental illness, an insurer must make the determination in a manner that is consistent with the manner used to make that determination with respect to other diseases or illnesses covered under the policy, including an appeals process.

(4) A group health benefit plan:

(A) shall provide coverage based upon medical necessity for the following treatment of mental illness in each calendar year:

(i) 45 days of inpatient treatment; and

(ii) beginning on June 26, 2006 (the effective date of Public Act 94-921) this amendatory Act of the 94th General Assembly, 60 visits for outpatient treatment including group and individual outpatient treatment; and

(iii) for plans or policies delivered, issued for delivery, renewed, or modified after January 1, 2007 (the effective date of Public Act 94-906) this amendatory Act of the 94th General Assembly, 20 additional outpatient visits for speech therapy for treatment of pervasive developmental disorders that will be in addition to speech therapy provided pursuant to item (ii) of this subparagraph (A);

(B) may not include a lifetime limit on the number of days of inpatient treatment or the number of outpatient visits covered under the plan; and

(C) shall include the same amount limits, deductibles, copayments, and coinsurance factors for serious mental illness as for physical illness.

(5) An issuer of a group health benefit plan may not count toward the number of outpatient visits required to be covered under this Section an outpatient visit for the purpose of medication management and shall
cover the outpatient visits under the same terms and conditions as it covers outpatient visits for the treatment of physical illness.

(6) An issuer of a group health benefit plan may provide or offer coverage required under this Section through a managed care plan.

(7) This Section shall not be interpreted to require a group health benefit plan to provide coverage for treatment of:
   
   (A) an addiction to a controlled substance or cannabis that is used in violation of law; or
   
   (B) mental illness resulting from the use of a controlled substance or cannabis in violation of law.

(215 ILCS 5/416)

   (a) As of July 30, 2004 (the effective date of Public Act 93-840) this amendatory Act of 2004, every company licensed or authorized by the Illinois Department of Insurance and insuring employers' liabilities arising under the Workers' Compensation Act or the Workers' Occupational Diseases Act shall remit to the Director a surcharge based upon the annual direct written premium, as reported under Section 136 of this Act, of the company in the manner provided in this Section. Such proceeds shall be deposited into the Illinois Workers' Compensation Commission Operations Fund as established in the Workers' Compensation Act. If a company survives or was formed by a merger, consolidation, reorganization, or reincorporation, the direct written premiums of all companies party to the merger, consolidation, reorganization, or reincorporation shall, for purposes of determining the amount of the fee imposed by this Section, be regarded as those of the surviving or new company.

   (b)(1) Except as provided in subsection (b)(2) of this Section, beginning on July 30, 2004 (the effective date of Public Act 93-840) this amendatory Act of 2004 and on July 1 of each year thereafter, the Director
shall charge an annual Illinois Workers' Compensation Commission Operations Fund Surcharge from every company subject to subsection (a) of this Section equal to 1.01% of its direct written premium for insuring employers' liabilities arising under the Workers' Compensation Act or Workers' Occupational Diseases Act as reported in each company's annual statement filed for the previous year as required by Section 136. The Illinois Workers' Compensation Commission Operations Fund Surcharge shall be collected by companies subject to subsection (a) of this Section as a separately stated surcharge on insured employers at the rate of 1.01% of direct written premium. The *Illinois Workers’ Compensation Industrial Commission* Operations Fund Surcharge shall not be collected by companies subject to subsection (a) of this Section from any employer that self-insures its liabilities arising under the Workers' Compensation Act or Workers' Occupational Diseases Act, provided that the employer has paid the *Illinois Workers’ Compensation Industrial Commission* Operations Fund Fee pursuant to Section 4d of the Workers' Compensation Act. All sums collected by the Department of Insurance under the provisions of this Section shall be paid promptly after the receipt of the same, accompanied by a detailed statement thereof, into the Illinois Workers' Compensation Commission Operations Fund in the State treasury.

(b)(2) The surcharge due pursuant to *Public Act 93-840 this amendatory Act of 2004* shall be collected instead of the surcharge due on July 1, 2004 under Public Act 93-32. Payment of the surcharge due under *Public Act 93-840 this amendatory Act of 2004* shall discharge the employer's obligations due on July 1, 2004.

(c) In addition to the authority specifically granted under Article XXV of this Code, the Director shall have such authority to adopt rules or establish forms as may be reasonably necessary for purposes of enforcing this Section. The Director shall also have authority to defer, waive, or abate the surcharge or any penalties imposed by this Section if in the Director's opinion the company's solvency and ability to meet its insured obligations would be immediately threatened by payment of the surcharge due.

(d) When a company fails to pay the full amount of any annual Illinois Workers' Compensation Commission Operations Fund Surcharge of $100 or more due under this Section, there shall be added to the amount due as a penalty the greater of $1,000 or an amount equal to 5% of the deficiency for each month or part of a month that the deficiency remains unpaid.

(e) The Department of Insurance may enforce the collection of any delinquent payment, penalty, or portion thereof by legal action or in any other manner by which the collection of debts due the State of Illinois may be enforced under the laws of this State.

(f) Whenever it appears to the satisfaction of the Director that a company has paid pursuant to this Act an Illinois Workers' Compensation Commission Operations Fund Surcharge in an amount in excess of the amount legally collectable from the company, the Director shall issue a credit memorandum for an amount equal to the amount of such overpayment. A credit memorandum may be applied for the 2-year period from the date of issuance, against the payment of any amount due during that period under the surcharge imposed by this Section or, subject to reasonable rule of the Department of Insurance including requirement of notification, may be assigned to any other company subject to regulation under this Act. Any application of credit memoranda after the period provided for in this Section is void.

(g) Annually, the Governor may direct a transfer of up to 2% of all moneys collected under this Section to the Insurance Financial Regulation Fund.

(2) If a domestic, foreign, or alien organization is an insolvent organization, the Association shall, subject to the approval of the Director:

(a) guarantee, assume, indemnify or reinsure or cause to be guaranteed, assumed, indemnified or reinsured the covered health care plan benefits of covered persons of the insolvent organization; however, in the event that the Director of Healthcare and Family Services (formerly Director of the Department of Public Aid) assigns individuals that are recipients of public aid from an insolvent organization to another organization, the Director of Healthcare and Family Services (formerly Director of the Department of Public Aid) shall, before fixing the rates to be paid by the Department of Public Aid to the transferee organization on account of such individuals, consult with the Director of the Department of Insurance as to the reasonableness of such rates in light of the health care needs of such individuals and the costs of providing health care services to such individuals;

(b) assure payment of the contractual obligations of the insolvent organization to covered persons;

(c) make payments to providers of health care, or indemnity payments to covered persons, so as to assure the continued payment of benefits substantially similar to those provided for under covered health care plan certificate issued by the insolvent organization to covered persons; and

(d) provide such monies, pledges, notes, guaranties, or other means as are reasonably necessary to discharge such duties.

This subsection (2) shall not apply when the Director has determined that the foreign or alien organization's domiciliary jurisdiction or state of entry provides, by statute, protection substantially similar to that

The Association may require an assignment to it of such rights by any payee, enrollee or beneficiary as a condition precedent to the receipt of any rights or benefits conferred by this Article upon such person. (ii) if and to the extent such a provider has agreed by contract not to seek payment from the enrollee for services provided to such enrollee or if, and to the extent, as a matter of law such provider may not seek payment from the enrollee for services provided to such enrollee.

(c) In no event shall the Association be required to pay any provider participating in the insolvent organization any amount for in-plan services rendered by such provider prior to the insolvency of the organization in excess of (1) the amount provided by a capitation contract between a physician provider and the insolvent organization for such services; or (2) the amounts provided by contract between a hospital provider and the Department of Healthcare and Family Services (formerly Department of Public Aid) for similar services to recipients of public aid; or (3) in the event neither (1) nor (2) above is applicable, then the amounts paid under the Medicare area prevailing rate for the area where the services were provided, or if no such rate exists with respect to such services, then 80% of the usual and customary rates established by the Health Insurance Association of America. (b) Sue or be sued, including taking any legal actions necessary or proper for recovery of any unpaid assessments under Section 6-9. The Association shall not be liable for punitive or exemplary damages.

As a condition to making this election, the Association must pay premiums for coverage relating to periods after the date of the order of liquidation or rehabilitation.

(11) The Association shall be entitled to collect premiums due under or with respect to covered health care certificates for a period from the date on which the domestic, foreign, or alien organization became an insolvent organization until the Association no longer has obligations under subsection (2) of this Section with respect to such certificates. The Association's obligations under subsection (2) of this Section with respect to any covered health care plan certificates shall terminate in the event that all such premiums due under or with respect to such covered health care plan certificates are not paid to the Association (i) within 30 days of the Association's demand therefor, or (ii) in the event that such certificates provide for a longer grace period for payment of premiums after notice of non-payment or demand therefor, within the lesser of (A) the period provided for in such certificates or (B) 60 days.

the State, other than a commercial mobile radio service provider, shall
each year furnish to the Commission, in such form as the Commission
shall require, annual reports as to all the items mentioned in the preceding
Sections of this Article, and in addition such other items, whether of a
nature similar to those therein enumerated or otherwise, as the

reports concerning any matter about which the Commission is authorized
by law to keep itself informed. All reports shall be under oath.

When any report is erroneous or defective or appears to the

Sec. 8-206. Winter termination for nonpayment.
(a) Notwithstanding any other provision of this Act, no electric or gas public utility shall disconnect service to any residential customer or mastermetered apartment building for nonpayment of a bill or deposit where gas or electricity is used as the primary source of space heating or is used to control or operate the primary source of space heating equipment at the premises during the period of time from December 1 through and including March 31 of the immediately succeeding calendar year, unless:
(1) The utility (i) has offered the customer a deferred payment arrangement allowing for payment of past due amounts over a period of not less than 4 months not to extend beyond the following November and

the option to enter into a levelized payment plan for the payment of future bills. The maximum down payment requirements shall not exceed 10% of the amount past due and owing at the time of entering into the agreement; and (ii) has provided the customer with the names, addresses and telephone numbers of governmental and private agencies which may provide assistance to customers of public utilities in paying their utility bills; the utility shall obtain the approval of an agency before placing the name of that agency on any list which will be used to provide such information to customers;

(2) The customer has refused or failed to enter into a deferred payment arrangement as described in paragraph (1) of this subsection (a); and

(3) All notice requirements as provided by law and rules or regulations of the Commission have been met.

(b) Prior to termination of service for any residential customer or mastermetered apartment building during the period from December 1 through and including March 31 of the immediately succeeding calendar year, all electric and gas public utilities shall, in addition to all other notices:

(1) Notify the customer or an adult residing at the customer's premises by telephone, a personal visit to the customer's premises or by first class mail, informing the customer that:

   (i) the customer's account is in arrears and the customer's service is subject to termination for nonpayment of a bill;

   (ii) the customer can avoid disconnection of service by entering into a deferred payment agreement to pay past due amounts over a period not to extend beyond the following November and the customer has the option to enter into a levelized payment plan for the payment of future bills;

   (iii) the customer may apply for any available assistance to aid in the payment of utility bills from any governmental or private agencies from the list of such agencies provided to the customer by the utility.

Provided, however, that a public utility shall be required to make only one such contact with the customer during any such period from

December 1 through and including March 31 of the immediately succeeding calendar year.

(2) Each public utility shall maintain records which shall include, but not necessarily be limited to, the manner by which the customer was notified and the time, date and manner by which any prior but unsuccessful attempts to contact were made. These records shall also describe the terms of the deferred payment arrangements offered to the customer and those entered into by the utility and customers. These records shall indicate the total amount past due, the down payment, the amount remaining to be paid and the number of months allowed to pay the outstanding balance. No public utility shall be required to retain records pertaining to unsuccessful attempts to contact or deferred payment arrangements rejected by the customer after such customer has entered into a deferred payment arrangement with such utility.

(c) No public utility shall disconnect service for nonpayment of a bill until the lapse of 6 business days after making the notification required by paragraph (1) of subsection (b) so as to allow the customer an opportunity to:

(1) Enter into a deferred payment arrangement and the option to enter into a levelized payment plan for the payment of future bills.

(2) Contact a governmental or private agency that may provide assistance to customers for the payment of public utility bills.

(d) Any residential customer who enters into a deferred payment arrangement pursuant to this Act, and subsequently during that period of time set forth in subsection (a) becomes subject to termination, shall be given notice as required by law and any rule or regulation of the Commission prior to termination of service.

(e) During that time period set forth in subsection (a), a utility shall not require a down payment for a deposit from a residential customer in excess of 20% of the total deposit requested. An additional 4 months shall be allowed to pay the remainder of the deposit. This provision shall not apply to mastermetered apartment buildings or other nonresidential customers.
(f) During that period of time set forth in subsection (a), no utility may refuse to offer a deferred payment agreement to a residential customer who has defaulted on such an agreement within the past 12 months. However, no utility shall be required to enter into more than one deferred payment arrangement under this Section with any residential customer or mastermetered apartment building during the period from December 1 through and including March 31 of the immediately succeeding calendar year.

(g) In order to enable customers to take advantage of energy assistance programs, customers who can demonstrate that their applications for a local, state or federal energy assistance program have been approved may request that the amount they will be entitled to receive as a regular energy assistance payment be deducted and set aside from the amount past due on which they make deferred payment arrangements. Payment on the set-aside amount shall be credited when the energy assistance voucher or check is received, according to the utility's common business practice.

(h) In no event shall any utility send a final notice to any customer who has entered into a current deferred payment agreement and has not defaulted on that deferred payment agreement, unless the final notice pertains to a deposit request.

(i) Each utility shall include with each disconnection notice sent during the period for December 1 through and including March 31 of the immediately succeeding calendar year to a residential customer an insert explaining the above provisions and providing a telephone number of the utility company which the consumer may call to receive further information.

(j) Each utility shall file with the Commission prior to December 1 of each year a plan detailing the implementation of this Section. This plan shall contain, but not be limited to:

1. A description of the methods to be used to notify residential customers as required in this Section, including the forms of written and oral notices which shall be required to include all the information contained in subsection (b) of this Section.

New matter indicated by italics - deletions by strikeout
(2) a listing of the names, addresses and telephone numbers of governmental and private agencies which may provide assistance to residential customers in paying their utility bills;

(3) the program of employee education and information which shall be used by the company in the implementation of this Section.

(4) a description of methods to be utilized to inform residential customers of those governmental and private agencies and current and planned methods of cooperation with those agencies to identify the customers who qualify for assistance in paying their utility bills.

A utility which has a plan on file with the Commission need not resubmit a new plan each year. However, any alteration of the plan on file must be submitted and approved prior to December 1 of any year.

All plans are subject to review and approval by the Commission. The Commission may direct a utility to alter its plan to comply with the requirements of this Section.

(k) Notwithstanding any other provision of this Act, no electric or gas public utility shall disconnect service to any residential customer who is a participant under Section 6 of the Energy Assistance Act of 1989 for nonpayment of a bill or deposit where gas or electricity is used as the primary source of space heating or is used to control or operate the primary source of space heating equipment at the premises during the period of time from December 1 through and including March 31 of the immediately succeeding calendar year.

(Section scheduled to be repealed on July 1, 2007)

Sec. 13-301.1. Universal Telephone Service Assistance Program.

(a) The Commission shall by rule or regulation establish a Universal Telephone Service Assistance Program for low income residential customers. The program shall provide for a reduction of access line charges, a reduction of connection charges, or any other alternative to increase accessibility to telephone service that the Commission deems advisable subject to the availability of funds for the program as provided
in subsection (d). The Commission shall establish eligibility requirements for benefits under the program.

(b) The Commission shall adopt rules providing for enhanced enrollment for eligible consumers to receive lifeline service. Enhanced enrollment may include, but is not limited to, joint marketing, joint application, or joint processing with the Low-Income Home Energy Assistance Program, the Medicaid Program, and the Food Stamp Program. The Department of Human Services, the Department of Healthcare and Family Services Public Aid, and the Department of Commerce and Economic Opportunity, upon request of the Commission, shall assist in the adoption and implementation of those rules. The Commission and the Department of Human Services, the Department of Healthcare and Family Services Public Aid, and the Department of Commerce and Economic Opportunity may enter into memoranda of understanding establishing the respective duties of the Commission and the Departments in relation to enhanced enrollment.

(c) In this Section, "lifeline service" means a retail local service offering described by 47 C.F.R. Section 54.401(a), as amended.

(d) The Commission shall require by rule or regulation that each telecommunications carrier providing local exchange telecommunications services notify its customers that if the customer wishes to participate in the funding of the Universal Telephone Service Assistance Program he may do so by electing to contribute, on a monthly basis, a fixed amount that will be included in the customer's monthly bill. The customer may cease contributing at any time upon providing notice to the telecommunications carrier providing local exchange telecommunications services. The notice shall state that any contribution made will not reduce the customer's bill for telecommunications services. Failure to remit the amount of increased payment will reduce the contribution accordingly. The Commission shall specify the monthly fixed amount or amounts that customers wishing to contribute to the funding of the Universal Telephone Service Assistance Program may choose from in making their contributions. Every telecommunications carrier providing local exchange telecommunications services shall remit the amounts contributed in
accordance with the terms of the Universal Telephone Service Assistance Program.

Sec. 16-111. Rates and restructuring transactions during mandatory transition period.

(a) During the mandatory transition period, notwithstanding any provision of Article IX of this Act, and except as provided in subsections (b), (d), (e), and (f) of this Section, the Commission shall not (i) initiate, authorize or order any change by way of increase (other than in connection with a request for rate increase which was filed after September 1, 1997 but prior to October 15, 1997, by an electric utility serving less than 12,500 customers in this State), (ii) initiate or, unless requested by the electric utility, authorize or order any change by way of decrease, restructuring or unbundling (except as provided in Section 16-109A), in the rates of any electric utility that were in effect on October 1, 1996, or (iii) in any order approving any application for a merger pursuant to Section 7-204 that was pending as of May 16, 1997, impose any condition requiring any filing for an increase, decrease, or change in, or other review of, an electric utility's rates or enforce any such condition of any such order; provided, however, that this subsection shall not prohibit the Commission from:

(1) approving the application of an electric utility to implement an alternative to rate of return regulation or a regulatory mechanism that rewards or penalizes the electric utility through adjustment of rates based on utility performance, pursuant to Section 9-244;

(2) authorizing an electric utility to eliminate its fuel adjustment clause and adjust its base rate tariffs in accordance with subsection (b), (d), or (f) of Section 9-220 of this Act, to fix its fuel adjustment factor in accordance with subsection (c) of Section 9-220 of this Act, or to eliminate its fuel adjustment clause in accordance with subsection (e) of Section 9-220 of this Act;

(3) ordering into effect tariffs for delivery services and transition charges in accordance with Sections 16-104 and 16-108, for real-time pricing in accordance with Section 16-107, or the options required by Section 16-110 and subsection (n) of 16-112, allowing a billing experiment in accordance with Section 16-106, or modifying delivery services tariffs in accordance with Section 16-109; or

(4) ordering or allowing into effect any tariff to recover charges pursuant to Sections 9-201.5, 9-220.1, 9-221, 9-222 (except as provided in Section 9-222.1), 16-108, and 16-114 of this Act, Section 5-5 of the Electricity Infrastructure Maintenance Fee Law, Section 6-5 of the Renewable Energy, Energy Efficiency, and Coal Resources Development Law of 1997, and Section 13 of the Energy Assistance Act.

After December 31, 2004, the provisions of this subsection (a) shall not apply to an electric utility whose average residential retail rate was less than or equal to 90% of the average residential retail rate for the "Midwest Utilities", as that term is defined in subsection (b) of this Section, based on data reported on Form 1 to the Federal Energy Regulatory Commission for calendar year 1995, and which served between 150,000 and 250,000 retail customers in this State on January 1, 1995 unless the electric utility or its holding company has been acquired by or merged with an affiliate of another electric utility subsequent to January 1, 2002. This exemption shall be limited to this subsection (a) and shall not extend to any other provisions of this Act.

(b) Notwithstanding the provisions of subsection (a), each Illinois electric utility serving more than 12,500 customers in Illinois shall file tariffs (i) reducing, effective August 1, 1998, each component of its base rates to residential retail customers by 15% from the base rates in effect immediately prior to January 1, 1998 and (ii) if the public utility provides electric service to (A) more than 500,000 customers but less than 1,000,000 customers in this State on January 1, 1999, reducing, effective May 1, 2002, each component of its base rates to residential retail customers by an additional 5% from the base rates in effect immediately

prior to January 1, 1998, or (B) at least 1,000,000 customers in this State on January 1, 1999, reducing, effective October 1, 2001, each component of its base rates to residential retail customers by an additional 5% from the base rates in effect immediately prior to January 1, 1998. Provided, however, that (A) if an electric utility's average residential retail rate is less than or equal to the average residential retail rate for a group of Midwest Utilities (consisting of all investor-owned electric utilities with annual system peaks in excess of 1000 megawatts in the States of Illinois, Indiana, Iowa, Kentucky, Michigan, Missouri, Ohio, and Wisconsin), based on data reported on Form 1 to the Federal Energy Regulatory Commission for calendar year 1995, then it shall only be required to file tariffs (i) reducing, effective August 1, 1998, each component of its base rates to residential retail customers by 5% from the base rates in effect immediately prior to January 1, 1998, (ii) reducing, effective October 1, 2000, each component of its base rates to residential retail customers by the lesser of 5% of the base rates in effect immediately prior to January 1, 1998 or the percentage by which the electric utility's average residential retail rate exceeds the average residential retail rate of the Midwest Utilities, based on data reported on Form 1 to the Federal Energy Regulatory Commission for calendar year 1995, and (iii) reducing, effective October 1, 2002, each component of its base rates to residential retail customers by an additional amount equal to the lesser of 5% of the base rates in effect immediately prior to January 1, 1998 or the percentage by which the electric utility's average residential retail rate exceeds the average residential retail rate of the Midwest Utilities, based on data reported on Form 1 to the Federal Energy Regulatory Commission for calendar year 2001; and (B) if the average residential retail rate of an electric utility serving between 150,000 and 250,000 retail customers in this State on January 1, 1995 is less than or equal to 90% of the average residential retail rate for the Midwest Utilities, based on data reported on Form 1 to the Federal Energy Regulatory Commission for calendar year 1995, then it shall only be required to file tariffs (i) reducing, effective August 1, 1998, each component of its base rates to residential retail customers by 2% from the base rates in effect immediately prior to January
1, 1998; (ii) reducing, effective October 1, 2000, each component of its base rates to residential retail customers by 2% from the base rate in effect immediately prior to January 1, 1998; and (iii) reducing, effective October 1, 2002, each component of its base rates to residential retail customers by 1% from the base rates in effect immediately prior to January 1, 1998.

Provided, further, that any electric utility for which a decrease in base rates has been or is placed into effect between October 1, 1996 and the dates specified in the preceding sentences of this subsection, other than pursuant to the requirements of this subsection, shall be entitled to reduce the amount of any reduction or reductions in its base rates required by this subsection by the amount of such other decrease. The tariffs required under this subsection shall be filed 45 days in advance of the effective date. Notwithstanding anything to the contrary in Section 9-220 of this Act, no restatement of base rates in conjunction with the elimination of a fuel adjustment clause under that Section shall result in a lesser decrease in base rates than customers would otherwise receive under this subsection had the electric utility's fuel adjustment clause not been eliminated.

(c) Any utility reducing its base rates by 15% on August 1, 1998 pursuant to subsection (b) shall include the following statement on its bills for residential customers from August 1 through December 31, 1998: "Effective August 1, 1998, your rates have been reduced by 15% by the Electric Service Customer Choice and Rate Relief Law of 1997 passed by the Illinois General Assembly.". Any utility reducing its base rates by 5% on August 1, 1998, pursuant to subsection (b) shall include the following statement on its bills for residential customers from August 1 through December 31, 1998: "Effective August 1, 1998, your rates have been reduced by 5% by the Electric Service Customer Choice and Rate Relief Law of 1997 passed by the Illinois General Assembly.".

Any utility reducing its base rates by 2% on August 1, 1998 pursuant to subsection (b) shall include the following statement on its bills for residential customers from August 1 through December 31, 1998: "Effective August 1, 1998, your rates have been reduced by 2% by the Electric Service Customer Choice and Rate Relief Law of 1997 passed by the Illinois General Assembly.".

(d) During the mandatory transition period, but not before January 1, 2000, and notwithstanding the provisions of subsection (a), an electric utility may request an increase in its base rates if the electric utility demonstrates that the 2-year average of its earned rate of return on common equity, calculated as its net income applicable to common stock divided by the average of its beginning and ending balances of common equity using data reported in the electric utility's Form 1 report to the Federal Energy Regulatory Commission but adjusted to remove the effects of accelerated depreciation or amortization or other transition or mitigation measures implemented by the electric utility pursuant to subsection (g) of this Section and the effect of any refund paid pursuant to subsection (e) of this Section, is below the 2-year average for the same 2 years of the monthly average yields of 30-year U.S. Treasury bonds published by the Board of Governors of the Federal Reserve System in its weekly H.15 Statistical Release or successor publication. The Commission shall review the electric utility's request, and may review the justness and reasonableness of all rates for tariffed services, in accordance with the provisions of Article IX of this Act, provided that the Commission shall consider any special or negotiated adjustments to the revenue requirement agreed to between the electric utility and the other parties to the proceeding. In setting rates under this Section, the Commission shall exclude the costs and revenues that are associated with competitive services and any billing or pricing experiments conducted under Section 16-106.

(e) For the purposes of this subsection (e) all calculations and comparisons shall be performed for the Illinois operations of multijurisdictional utilities. During the mandatory transition period, notwithstanding the provisions of subsection (a), if the 2-year average of an electric utility's earned rate of return on common equity, calculated as its net income applicable to common stock divided by the average of its beginning and ending balances of common equity using data reported in the electric utility's Form 1 report to the Federal Energy Regulatory Commission but adjusted to remove the effect of any refund paid under this subsection (e), and further adjusted to include the annual amortization

For purposes of this subsection (e), the "Index" shall be the sum of (A) the average for the 12 months ended September 30 of the monthly average yields of 30-year U.S. Treasury bonds published by the Board of Governors of the Federal Reserve System in its weekly H.15 Statistical Release or successor publication for each year 1998 through 2006, and (B) (i) 4.00 percentage points for each of the 12-month periods ending September 30, 1998 through September 30, 1999 or 8.00 percentage points if the electric utility's average residential retail rate is less than or equal to 90% of the average residential retail rate for the "Midwest Utilities", as that term is defined in subsection (b) of this Section, based on data reported on Form 1 to the Federal Energy Regulatory Commission for calendar year 1995, and the electric utility served between 150,000 and 250,000 retail customers on January 1, 1995, (ii) 7.00 percentage points for each of the 12-month periods ending September 30, 2000 through September 30, 2006 if the electric utility was providing service to at least 1,000,000 customers in this State on January 1, 1999, or 9.00 percentage points if the electric utility's average residential retail rate is less than or equal to 90% of the average residential retail rate for the "Midwest Utilities", as that term is defined in subsection (b) of this Section, based on data reported on Form 1 to the Federal Energy Regulatory Commission for calendar year 1995 and the electric utility served between 150,000 and 250,000 retail customers in this State on January 1, 1995, (iii) 11.00 percentage points for each of the 12-month periods ending September 30, 2000 through September 30, 2006, but only

if the electric utility's average residential retail rate is less than or equal to 90% of the average residential retail rate for the "Midwest Utilities", as that term is defined in subsection (b) of this Section, based on data reported on Form 1 to the Federal Energy Regulatory Commission for calendar year 1995, the electric utility served between 150,000 and 250,000 retail customers in this State on January 1, 1995, and the electric utility offers delivery services on or before June 1, 2000 to retail customers whose annual electric energy use comprises 33% of the kilowatt hour sales to that group of retail customers that are classified under Division D, Groups 20 through 39 of the Standard Industrial Classifications set forth in the Standard Industrial Classification Manual published by the United States Office of Management and Budget, excluding the kilowatt hour sales to those customers that are eligible for delivery services pursuant to Section 16-104(a)(1)(i), and offers delivery services to its remaining retail customers classified under Division D, Groups 20 through 39 on or before October 1, 2000, and, provided further, that the electric utility commits not to petition pursuant to Section 16-108(f) for entry of an order by the Commission authorizing the electric utility to implement transition charges for an additional period after December 31, 2006, or (iv) 5.00 percentage points for each of the 12-month periods ending September 30, 2000 through September 30, 2006 for all other electric utilities or 7.00 percentage points for each of the 12-month periods ending September 30, 2000 through September 30, 2006 for any such utility that commits not to petition pursuant to Section 16-108(f) for entry of an order by the Commission authorizing the electric utility to implement transition charges for an additional period after December 31, 2006 or 11.00 percentage points for each of the 12-month periods ending September 30, 2005 and September 30, 2006 for each electric utility providing service to fewer than 6,500, or between 75,000 and 150,000, electric retail customers in this State on January 1, 1995 if such utility commits not to petition pursuant to Section 16-108(f) for entry of an order by the Commission authorizing the electric utility to implement transition charges for an additional period after December 31, 2006.
(1) For purposes of this subsection (e), "excess earnings" means the difference between (A) the 2-year average of the electric utility's earned rate of return on common equity, less (B) the 2-year average of the sum of (i) the Index applicable to each of the 2 years and (ii) 1.5 percentage points; provided, that "excess earnings" shall never be less than zero.

(2) On or before March 31 of each year 2000 through 2007 each electric utility shall file a report with the Commission showing its earned rate of return on common equity, calculated in accordance with this subsection, for the preceding calendar year and the average for the preceding 2 calendar years.

(3) If an electric utility has excess earnings, determined in accordance with paragraphs (1) and (2) of this subsection, the refunds which the electric utility shall pay to its customers beginning the first billing day of April in the following year shall be calculated and applied as follows:

(i) The electric utility's excess earnings shall be multiplied by the average of the beginning and ending balances of the electric utility's common equity for the 2-year period in which excess earnings occurred.

(ii) The result of the calculation in (i) shall be multiplied by 0.50 and then divided by a number equal to 1 minus the electric utility's composite federal and State income tax rate.

(iii) The result of the calculation in (ii) shall be divided by the sum of the electric utility's projected total kilowatt-hour sales to retail customers plus projected kilowatt-hours to be delivered to delivery services customers over a one year period beginning with the first billing date in April in the succeeding year to determine a cents per kilowatt-hour refund factor.

(iv) The cents per kilowatt-hour refund factor calculated in (iii) shall be credited to the electric utility's customers by applying the factor on the customer's monthly
bills to each kilowatt-hour sold or delivered until the total amount calculated in (ii) has been paid to customers.

(f) During the mandatory transition period, an electric utility may file revised tariffs reducing the price of any tariffed service offered by the electric utility for all customers taking that tariffed service, which shall be effective 7 days after filing.

(g) During the mandatory transition period, an electric utility may, without obtaining any approval of the Commission other than that provided for in this subsection and notwithstanding any other provision of this Act or any rule or regulation of the Commission that would require such approval:

(1) implement a reorganization, other than a merger of 2 or more public utilities as defined in Section 3-105 or their holding companies;

(2) retire generating plants from service;

(3) sell, assign, lease or otherwise transfer assets to an affiliated or unaffiliated entity and as part of such transaction enter into service agreements, power purchase agreements, or other agreements with the transferee; provided, however, that the prices, terms and conditions of any power purchase agreement must be approved or allowed into effect by the Federal Energy Regulatory Commission; or

(4) use any accelerated cost recovery method including accelerated depreciation, accelerated amortization or other capital recovery methods, or record reductions to the original cost of its assets.

In order to implement a reorganization, retire generating plants from service, or sell, assign, lease or otherwise transfer assets pursuant to this Section, the electric utility shall comply with subsections (c) and (d) of Section 16-128, if applicable, and subsection (k) of this Section, if applicable, and provide the Commission with at least 30 days notice of the proposed reorganization or transaction, which notice shall include the following information:

New matter indicated by italics - deletions by strikeout
(i) a complete statement of the entries that the electric utility will make on its books and records of account to implement the proposed reorganization or transaction together with a certification from an independent certified public accountant that such entries are in accord with generally accepted accounting principles and, if the Commission has previously approved guidelines for cost allocations between the utility and its affiliates, a certification from the chief accounting officer of the utility that such entries are in accord with those cost allocation guidelines;

(ii) a description of how the electric utility will use proceeds of any sale, assignment, lease or transfer to retire debt or otherwise reduce or recover the costs of services provided by such electric utility;

(iii) a list of all federal approvals or approvals required from departments and agencies of this State, other than the Commission, that the electric utility has or will obtain before implementing the reorganization or transaction;

(iv) an irrevocable commitment by the electric utility that it will not, as a result of the transaction, impose any stranded cost charges that it might otherwise be allowed to charge retail customers under federal law or increase the transition charges that it is otherwise entitled to collect under this Article XVI; and

(v) if the electric utility proposes to sell, assign, lease or otherwise transfer a generating plant that brings the amount of net dependable generating capacity transferred pursuant to this subsection to an amount equal to or greater than 15% of the electric utility’s net dependable capacity as of the effective date of this amendatory Act of 1997, and enters into a power purchase agreement with the entity to which such generating plant is sold, assigned, leased, or
otherwise transferred, the electric utility also agrees, if its fuel adjustment clause has not already been eliminated, to eliminate its fuel adjustment clause in accordance with subsection (b) of Section 9-220 for a period of time equal to the length of any such power purchase agreement or successor agreement, or until January 1, 2005, whichever is longer; if the capacity of the generating plant so transferred and related power purchase agreement does not result in the elimination of the fuel adjustment clause under this subsection, and the fuel adjustment clause has not already been eliminated, the electric utility shall agree that the costs associated with the transferred plant that are included in the calculation of the rate per kilowatt-hour to be applied pursuant to the electric utility's fuel adjustment clause during such period shall not exceed the per kilowatt-hour cost associated with such generating plant included in the electric utility's fuel adjustment clause during the full calendar year preceding the transfer, with such limit to be adjusted each year thereafter by the Gross Domestic Product Implicit Price Deflator.

(vi) In addition, if the electric utility proposes to sell, assign, or lease, (A) either (1) an amount of generating plant that brings the amount of net dependable generating capacity transferred pursuant to this subsection to an amount equal to or greater than 15% of its net dependable capacity on the effective date of this amendatory Act of 1997, or (2) one or more generating plants with a total net dependable capacity of 1100 megawatts, or (B) transmission and distribution facilities that either (1) bring the amount of transmission and distribution facilities transferred pursuant to this subsection to an amount equal to or greater than 15% of the electric utility's total depreciated original cost investment in such facilities, or (2) represent an investment of $25,000,000 in terms of total

depreciated original cost, the electric utility shall provide, in addition to the information listed in subparagraphs (i) through (v), the following information: (A) a description of how the electric utility will meet its service obligations under this Act in a safe and reliable manner and (B) the electric utility's projected earned rate of return on common equity, calculated in accordance with subsection (d) of this Section, for each year from the date of the notice through December 31, 2006 both with and without the proposed transaction. If the Commission has not issued an order initiating a hearing on the proposed transaction within 30 days after the date the electric utility's notice is filed, the transaction shall be deemed approved. The Commission may, after notice and hearing, prohibit the proposed transaction if it makes either or both of the following findings: (1) that the proposed transaction will render the electric utility unable to provide its tariffed services in a safe and reliable manner, or (2) that there is a strong likelihood that consummation of the proposed transaction will result in the electric utility being entitled to request an increase in its base rates during the mandatory transition period pursuant to subsection (d) of this Section. Any hearing initiated by the Commission into the proposed transaction shall be completed, and the Commission's final order approving or prohibiting the proposed transaction shall be entered, within 90 days after the date the electric utility's notice was filed. Provided, however, that a sale, assignment, or lease of transmission facilities to an independent system operator that meets the requirements of Section 16-126 shall not be subject to Commission approval under this Section.

In any proceeding conducted by the Commission pursuant to this subparagraph (vi), intervention shall be limited to parties with a direct interest in the transaction

which is the subject of the hearing and any statutory consumer protection agency as defined in subsection (d) of Section 9-102.1. Notwithstanding the provisions of Section 10-113 of this Act, any application seeking rehearing of an order issued under this subparagraph (vi), whether filed by the electric utility or by an intervening party, shall be filed within 10 days after service of the order.

The Commission shall not in any subsequent proceeding or otherwise, review such a reorganization or other transaction authorized by this Section, but shall retain the authority to allocate costs as stated in Section 16-111(i). An entity to which an electric utility sells, assigns, leases or transfers assets pursuant to this subsection (g) shall not, as a result of the transactions specified in this subsection (g), be deemed a public utility as defined in Section 3-105. Nothing in this subsection (g) shall change any requirement under the jurisdiction of the Illinois Department of Nuclear Safety including, but not limited to, the payment of fees. Nothing in this subsection (g) shall exempt a utility from obtaining a certificate pursuant to Section 8-406 of this Act for the construction of a new electric generating facility. Nothing in this subsection (g) is intended to exempt the transactions hereunder from the operation of the federal or State antitrust laws. Nothing in this subsection (g) shall require an electric utility to use the procedures specified in this subsection for any of the transactions specified herein. Any other procedure available under this Act may, at the electric utility's election, be used for any such transaction.

(h) During the mandatory transition period, the Commission shall not establish or use any rates of depreciation, which for purposes of this subsection shall include amortization, for any electric utility other than those established pursuant to subsection (c) of Section 5-104 of this Act or utilized pursuant to subsection (g) of this Section. Provided, however, that in any proceeding to review an electric utility's rates for tarifed services pursuant to Section 9-201, 9-202, 9-250 or 16-111(d) of this Act, the Commission may establish new rates of depreciation for the electric utility in the same manner provided in subsection (d) of Section 5-104 of this Act. An electric utility implementing an accelerated cost recovery method

including accelerated depreciation, accelerated amortization or other capital recovery methods, or recording reductions to the original cost of its assets, pursuant to subsection (g) of this Section, shall file a statement with the Commission describing the accelerated cost recovery method to be implemented or the reduction in the original cost of its assets to be recorded. Upon the filing of such statement, the accelerated cost recovery method or the reduction in the original cost of assets shall be deemed to be approved by the Commission as though an order had been entered by the Commission.

(i) Subsequent to the mandatory transition period, the Commission, in any proceeding to establish rates and charges for tariffed services offered by an electric utility, shall consider only (1) the then current or projected revenues, costs, investments and cost of capital directly or indirectly associated with the provision of such tariffed services; (2) collection of transition charges in accordance with Sections 16-102 and 16-108 of this Act; (3) recovery of any employee transition costs as described in Section 16-128 which the electric utility is continuing to incur, including recovery of any unamortized portion of such costs previously incurred or committed, with such costs to be equitably allocated among bundled services, delivery services, and contracts with alternative retail electric suppliers; and (4) recovery of the costs associated with the electric utility's compliance with decommissioning funding requirements; and shall not consider any other revenues, costs, investments or cost of capital of either the electric utility or of any affiliate of the electric utility that are not associated with the provision of tariffed services. In setting rates for tariffed services, the Commission shall equitably allocate joint and common costs and investments between the electric utility's competitive and tariffed services. In determining the justness and reasonableness of the electric power and energy component of an electric utility's rates for tariffed services subsequent to the mandatory transition period and prior to the time that the provision of such electric power and energy is declared competitive, the Commission shall consider the extent to which the electric utility's tariffed rates for such component for each customer class exceed the market value determined pursuant to Section

16-112, and, if the electric power and energy component of such tariffed rate exceeds the market value by more than 10% for any customer class, may establish such electric power and energy component at a rate equal to the market value plus 10%. In any such case, the Commission may also elect to extend the provisions of Section 16-111(e) for any period in which the electric utility is collecting transition charges, using information applicable to such period.

(j) During the mandatory transition period, an electric utility may elect to transfer to a non-operating income account under the Commission's Uniform System of Accounts either or both of (i) an amount of unamortized investment tax credit that is in addition to the ratable amount which is credited to the electric utility's operating income account for the year in accordance with Section 46(f)(2) of the federal Internal Revenue Code of 1986, as in effect prior to P.L. 101-508, or (ii) "excess tax reserves", as that term is defined in Section 203(e)(2)(A) of the federal Tax Reform Act of 1986, provided that (A) the amount transferred may not exceed the amount of the electric utility's assets that were created pursuant to Statement of Financial Accounting Standards No. 71 which the electric utility has written off during the mandatory transition period, and (B) the transfer shall not be effective until approved by the Internal Revenue Service. An electric utility electing to make such a transfer shall file a statement with the Commission stating the amount and timing of the transfer for which it intends to request approval of the Internal Revenue Service, along with a copy of its proposed request to the Internal Revenue Service for a ruling. The Commission shall issue an order within 14 days after the electric utility's filing approving, subject to receipt of approval from the Internal Revenue Service, the proposed transfer.

(k) If an electric utility is selling or transferring to a single buyer 5 or more generating plants located in this State with a total net dependable capacity of 5000 megawatts or more pursuant to subsection (g) of this Section and has obtained a sale price or consideration that exceeds 200% of the book value of such plants, the electric utility must provide to the Governor, the President of the Illinois Senate, the Minority Leader of the Illinois Senate, the Speaker of the Illinois House of Representatives, and

the Minority Leader of the Illinois House of Representatives no later than 15 days after filing its notice under subsection (g) of this Section or 5 days after the date on which this subsection (k) becomes law, whichever is later, a written commitment in which such electric utility agrees to expend $2 billion outside the corporate limits of any municipality with 1,000,000 or more inhabitants within such electric utility's service area, over a 6-year period beginning with the calendar year in which the notice is filed, on projects, programs, and improvements within its service area relating to transmission and distribution including, without limitation, infrastructure expansion, repair and replacement, capital investments, operations and maintenance, and vegetation management.

(225 ILCS 25/23a) (from Ch. 111, par. 2323a)

(Section scheduled to be repealed on January 1, 2016)

Sec. 23a. The Director of the Department may, upon receipt of a written communication from the Secretary of Human Services or the Director of the Department of Healthcare and Family Services (formerly Department of Public Aid) or Department of Public Health, that continuation of practice of a person licensed under this Act constitutes an immediate danger to the public, immediately suspend the license of such person without a hearing. In instances in which the Director immediately suspends a license under this Section, a hearing upon such person's license must be convened by the Board within 15 days after such suspension and completed without appreciable delay, such hearing held to determine whether to recommend to the Director that the person's license be revoked, suspended, placed on probationary status or reinstated, or such person be subject to other disciplinary action. In such hearing, the written communication and any other evidence submitted therewith may be introduced as evidence against such person; provided however, the person, or his counsel, shall have the opportunity to discredit or impeach such evidence and submit evidence rebutting same.

Section 690. The Illinois Funeral or Burial Funds Act is amended by changing Section 4 as follows:

(225 ILCS 45/4) (from Ch. 111 1/2, par. 73.104)
Sec. 4. Withdrawal of funds; revocability of contract.
(a) The amount or amounts so deposited into trust, with interest thereon, if any, shall not be withdrawn until the death of the person or persons for whose funeral or burial such funds were paid, unless sooner withdrawn and repaid to the person who originally paid the money under or in connection with the pre-need contract or to his or her legal representative. The life insurance policies or tax-deferred annuities shall not be surrendered until the death of the person or persons for whose funeral or burial the policies or annuities were purchased, unless sooner surrendered and repaid to the owner of the policy purchased under or in connection with the pre-need contract or to his or her legal representative. If, however, the agreement or series of agreements provides for forfeiture and retention of any or all payments as and for liquidated damages as provided in Section 6, then the trustee may withdraw the deposits. In addition, nothing in this Section (i) prohibits the change of depositary by the trustee and the transfer of trust funds from one depositary to another or (ii) prohibits a contract purchaser who is or may become eligible for public assistance under any applicable federal or State law or local ordinance including, but not limited to, eligibility under 24 C.F.R., Part 913 relating to family insurance under federal Housing and Urban Development Policy from irrevocably waiving, in writing, and renouncing the right to cancel a pre-need contract for funeral services in an amount prescribed by rule of the Illinois Department of Healthcare and Family Services Public Aid. No guaranteed price pre-need funeral contract may prohibit a purchaser from making a contract irrevocable to the extent that federal law or regulations require that such a contract be irrevocable for purposes of the purchaser's eligibility for Supplemental Security Income benefits, Medicaid, or another public assistance program, as permitted under federal law.
(b) If for any reason a seller or provider who has engaged in pre-need sales has refused, cannot, or does not comply with the terms of

the pre-need contract within a reasonable time after he or she is required to
do so, the purchaser or his or her heirs or assigns or duly authorized
representative shall have the right to a refund of an amount equal to the
sales price paid for undelivered merchandise or services plus otherwise
earned undistributed interest amounts held in trust attributable to the
contract, within 30 days of the filing of a sworn affidavit with the trustee
setting forth the existence of the contract and the fact of breach. A copy of
this affidavit shall be filed with the Comptroller and the seller. In the event
a seller is prevented from performing by strike, shortage of materials, civil
disorder, natural disaster, or any like occurrence beyond the control of the
seller or provider, the seller or provider's time for performance shall be
extended by the length of the delay. Nothing in this Section shall relieve
the seller or provider from any liability for non-performance of his or her
obligations under the pre-need contract.

(c) After final payment on a pre-need contract, any purchaser may,
upon written demand to a seller, demand that the pre-need contract with
the seller be terminated. The seller shall, within 30 days, initiate a refund
to the purchaser of the entire amount held in trust attributable to
undelivered merchandise and unperformed services, including otherwise
earned undistributed interest earned thereon or the cash surrender value of
a life insurance policy or tax-deferred annuity.

(c-5) If no funeral merchandise or services are provided or if the
funeral is conducted by another person, the seller may keep no more than
10% of the payments made under the pre-need contract or $300, whichever
sum is less. The remainder of the trust funds or insurance or annuity
proceeds shall be forwarded to the legal heirs of the deceased or as
determined by probate action.

(d) The placement and retention of all or a portion of a casket,
combination casket-vault, urn, or outer burial container comprised of
materials which are designed to withstand prolonged storage in the manner
set forth in this paragraph without adversely affecting the structural
integrity or aesthetic characteristics of such merchandise in a specific
burial space in which the person or persons for whose funeral or burial the
merchandise was intended has a right of interment, or the placement of the

merchandise in a specific mausoleum crypt or lawn crypt in which such person has a right of entombment, or the placement of the merchandise in a specific niche in which such person has a right of inurnment, or delivery to such person and retention by such person until the time of need shall constitute actual delivery to the person who originally paid the money under or in connection with said agreement or series of agreements. Actual delivery shall eliminate, from and after the date of actual delivery, any requirement under this Act to place or retain in trust any funds received for the sale of such merchandise. The delivery, prior to the time of need, of any funeral or burial merchandise in any manner other than authorized by this Section shall not constitute actual delivery and shall not eliminate any requirement under this Act to place or retain in trust any funds received for the sale of such merchandise.

requirements of any such tax Act are satisfied as determined by the Illinois Department of Revenue.

(c) what constitutes immoral conduct in the commission of any act, including, but not limited to, commission of an act of sexual misconduct related to the licensee's practice; and

However, no such rule shall be admissible into evidence in any civil action except for review of a licensing or other disciplinary action under this Act.

In enforcing this Section, the Medical Disciplinary Board, upon a showing of a possible violation, may compel any individual licensed to practice under this Act, or who has applied for licensure or a permit pursuant to this Act, to submit to a mental or physical examination, or both, as required by and at the expense of the Department. the examination if the Disciplinary Board finds, after notice and hearing, that the refusal to submit to the examination was without reasonable cause. If the Disciplinary Board finds a physician unable to practice because of the reasons set forth in this Section, the Disciplinary Board shall require such physician to submit to care, counseling, or treatment by physicians approved or designated by the Disciplinary Board, as a condition for continued, reinstated, or renewed licensure to practice. Any physician, whose license was granted pursuant to Sections 9, 17, or 19 of this Act, or, continued, reinstated, renewed, disciplined or supervised, subject to such terms, conditions or restrictions who shall fail to comply with such terms, conditions or restrictions, or to complete a required program of care, counseling, or treatment, as determined by the Chief Medical Coordinator or Deputy Medical Coordinators, shall be referred to the Secretary for a determination as to whether the licensee shall have their license suspended immediately, pending a hearing by the Disciplinary Board. In instances in which the Secretary immediately suspends a license under this Section, a hearing upon such person's license must be convened by the Disciplinary Board within 15 days after such suspension and completed without appreciable delay. The Disciplinary Board shall have the authority to review the subject physician's record of treatment and counseling regarding the impairment, to the extent permitted by applicable federal statutes and regulations safeguarding the confidentiality of medical records.

An individual licensed under this Act, affected under this Section, shall be afforded an opportunity to demonstrate to the Disciplinary Board that they can resume practice in compliance with acceptable and prevailing standards under the provisions of their license.

The Department may promulgate rules for the imposition of fines in disciplinary cases, not to exceed $10,000 for each violation of this Act. Fines may be imposed in conjunction with other forms of disciplinary action, but shall not be the exclusive disposition of any disciplinary action arising out of conduct resulting in death or injury to a patient. Any funds collected from such fines shall be deposited in the Medical Disciplinary Fund.

A person whose license or visiting permit is revoked under this subsection B of Section 22 of this Act shall be prohibited from practicing medicine or treating human ailments without the use of drugs and without operative surgery.

Upon the Board's recommendation, the Department shall impose, for the first violation, a civil penalty of $1,000 and for a second or subsequent violation, a civil penalty of $5,000.

(2) (B) The business or occupation engaged in for the 5 years immediately before the date of the execution of the statement, the place where the business or occupation was engaged in, and the names of employers, if any.

The Department of State Police shall furnish, pursuant to
positive identification, records of Illinois convictions to the Department. The Department may require applicants to pay a separate fingerprinting fee, either to the Department or directly to the vendor. The Department, in its discretion, may allow an applicant who does not have reasonable access to a designated vendor to provide his or her fingerprints in an alternative manner. (d) The Department shall issue a permanent employee registration card, in a form the Department prescribes, to all qualified applicants. The holder of a permanent employee registration card shall carry the card at all times while actually engaged in the performance of the duties of his or her employment. The record shall be maintained on forms provided by the Department, a copy of which must be filed with the Department within 15 days of an instance. The record shall include the date and time of the occurrence, the circumstances involved in the occurrence, and any other information as the Department may require. Failure to provide this information to the Department or failure to maintain the record as a part of each armed employee's permanent file is grounds for disciplinary action. The Department, upon receipt of a report, shall have the authority to make any investigation it considers appropriate into any occurrence in which an employee's weapon was discharged and to take disciplinary action as may be appropriate.

(5) The Department may, by rule, prescribe further record requirements.

(f) Every employer shall furnish an employee identification card to each of his or her employees. This employee identification card shall contain a recent photograph of the employee, the employee's name, the name and agency license number of the employer, the employee's personal description, the signature of the employer, the signature of that employee, the date of issuance, and an employee identification card number.

(g) No employer may issue an employee identification card to any person who is not employed by the employer in accordance with this Section or falsely state or represent that a person is or has been in his or her employ. It is unlawful for an applicant for registered employment to
file with the Department the fingerprints of a person other than himself or herself.

(h) Every employer shall obtain the identification card of every employee who terminates employment with him or her.

(i) Every employer shall maintain a separate roster of the names of all employees currently working in an armed capacity and submit the roster to the Department on request.

(j) No agency may employ any person to perform a licensed activity under this Act unless the person possesses a valid permanent employee registration card or a valid license under this Act, or is exempt pursuant to subsection (n).

The agency shall maintain the verification of the results of the Department of State Police criminal history check as part of the employee record as required under subsection (e) of this Section.
3. The agency exercises due diligence to ensure that the person is qualified under the requirements of the Act to be issued a permanent employee registration card.
4. The agency maintains a separate roster of the names of all employees whose applications are currently pending with the Department and submits the roster to the Department on a monthly basis. Rosters are to be maintained by the agency for a period of at least 24 months.

An agency may employ only a permanent employee applicant for which it either submitted a permanent employee application and all required forms and fees or it confirms with the Department that a
permanent employee application and all required forms and fees have been submitted by another agency, licensee or the permanent employee and all other requirements of this Section are met.

The Department shall have the authority to revoke, without a hearing, the temporary authority of an individual to work upon receipt of Federal Bureau of Investigation fingerprint data or a report of another official authority indicating a criminal conviction. If the Department has not received a temporary employee's Federal Bureau of Investigation fingerprint data within 120 days of the date the Department received the Department of State Police fingerprint data, the Department may, at its discretion, revoke the employee's temporary authority to work with 15 days written notice to the individual and the employing agency.

An agency may not employ a person in a temporary capacity if it knows or reasonably should have known that the person has been convicted of a crime under the laws of this State, has been convicted in another state of any crime that is a crime under the laws of this State, has been convicted of any crime in a federal court, or has been posted as an unapproved applicant by the Department. Notice by the Department to the agency, via certified mail, personal delivery, electronic mail, or posting on the Department's Internet site accessible to the agency that the person has been convicted of a crime shall be deemed constructive knowledge of the conviction on the part of the agency. The Department may adopt rules to implement this subsection (k).

(l) No person may be employed under this Section in any capacity if:

(1) the person, while so employed, is being paid by the United States or any political subdivision for the time so employed in addition to any payments he or she may receive from the employer; or

(2) the person wears any portion of his or her official uniform, emblem of authority, or equipment while so employed.

(m) If information is discovered affecting the registration of a person whose fingerprints were submitted under this Section, the

New matter indicated by italics - deletions by strikeout
Department shall so notify the agency that submitted the fingerprints on behalf of that person.

(n) Peace officers shall be exempt from the requirements of this Section relating to permanent employee registration cards. The agency shall remain responsible for any peace officer employed under this exemption, regardless of whether the peace officer is compensated as an employee or as an independent contractor and as further defined by rule.

(o) Persons who have no access to confidential or security information and who otherwise do not provide traditional security services are exempt from employee registration. Examples of exempt employees include, but are not limited to, employees working in the capacity of ushers, directors, ticket takers, cashiers, drivers, and reception personnel. If a parent has a judicial remedy against the other parent to compel child support, or if, as the result of an action initiated by or in behalf of one parent against the other, a child support order has been entered in respect to which there is noncompliance or delinquency, or where the order so entered may be changed upon petition to the court to provide additional support, the parent or other person having custody of the child or the Illinois Department of Healthcare and Family Services Public Aid may request the appropriate law enforcement officer to seek enforcement of the remedy, or of the support order, or a change therein to provide additional support. If the law enforcement officer is not authorized by law to so act in these instances, the parent, or if so authorized by law the other person having custody of the child, or the Illinois Department of Healthcare and Family Services Public Aid may initiate an action to enforce these remedies.

A parent or other person having custody of the child must comply with the requirements of Title IV of the federal Social Security Act, and the regulations duly promulgated thereunder, and any rules promulgated by the Illinois Department regarding enforcement of the child support obligation. The Illinois Department of Healthcare and Family Services Public Aid and the Department of Human Services may provide by rule for the grant or continuation of aid to the person for a temporary period if he or she accepts counseling or other services designed to increase his or her motivation to seek enforcement of the child support obligation.

In addition to any other definition of failure or refusal to comply with the requirements of Title IV of the federal Social Security Act, or Illinois Department rule, in the case of failure to attend court hearings, the parent or other person can show cooperation by attending a court hearing or, if a court hearing cannot be scheduled within 14 days following the court hearing that was missed, by signing a statement that the parent or other person is now willing to cooperate in the child support enforcement process and will appear at any later scheduled court date. The parent or other person can show cooperation by signing such a statement only once. If failure to attend the court hearing or other failure to cooperate results in the case being dismissed, such a statement may be signed after 2 months.

No denial or termination of medical assistance pursuant to this Section shall commence during pregnancy of the parent or other person having custody of the child or for 30 days after the termination of such pregnancy. The termination of medical assistance may commence thereafter if the Illinois Department of Healthcare and Family Services Public Aid determines that the failure or refusal to comply with this Section persists. Sec. 5-5.3. Conditions of Payment - Prospective Rates - Accounting Principles. This amendatory Act establishes certain conditions for the Department of Public Aid (now Healthcare and Family Services) in instituting rates for the care of recipients of medical assistance in skilled nursing facilities and intermediate care facilities. Such conditions shall assure a method under which the payment for skilled nursing and intermediate care services, provided to recipients under the Medical Assistance Program shall be on a reasonable cost related basis, which is prospectively determined annually by the Department of Public Aid (now Healthcare and Family Services). The annually established payment rate shall take effect on July 1 in 1984 and subsequent years. There shall be no rate increase during calendar year 1983 and the first six months of calendar year 1984.

The determination of the payment shall be made on the basis of generally accepted accounting principles that shall take into account the actual costs to the facility of providing skilled nursing and intermediate care services to recipients under the medical assistance program.

Sec. 5-5.4. Standards of Payment - Department of Healthcare and Family Services. The Department of Healthcare and Family Services shall develop standards of payment of skilled nursing and intermediate care services in facilities providing such services under this Article which:

1. Provide for the determination of a facility's payment for skilled nursing and intermediate care services on a prospective basis. The amount of the payment rate for all nursing facilities certified by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities, Long Term Care for Under Age 22 facilities, Skilled Nursing facilities, or Intermediate Care facilities under the medical assistance program shall be prospectively established annually on the basis of historical, financial, and statistical data reflecting actual costs from prior years, which shall be applied to the current rate year and updated for inflation, except that the capital cost element for newly constructed facilities shall be based upon projected budgets. The annually established payment rate shall take effect on July 1 in 1984 and subsequent years. No rate increase and no update for inflation shall be provided on or after July 1, 1994 and before July 1, 2007, unless specifically provided for in this Section. The changes made by Public Act 93-841 extending the duration of the prohibition against a rate increase or update for inflation are effective retroactive to July 1, 2004.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on July 1, 1998 shall include an increase of 3%. For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Skilled Nursing facilities or Intermediate Care facilities,
the rates taking effect on July 1, 1998 shall include an increase of 3% plus $1.10 per resident-day, as defined by the Department. For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care Facilities for the Developmentally Disabled or Long Term Care for Under Age 22 facilities, the rates taking effect on January 1, 2006 shall include an increase of 3%.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on July 1, 1999 shall include an increase of 1.6% plus $3.00 per resident-day, as defined by the Department. For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Skilled Nursing facilities or Intermediate Care facilities, the rates taking effect on July 1, 1999 shall include an increase of 1.6% and, for services provided on or after October 1, 1999, shall be increased by $4.00 per resident-day, as defined by the Department.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on July 1, 2000 shall include an increase of 2.5% per resident-day, as defined by the Department. For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Skilled Nursing facilities or Intermediate Care facilities, the rates taking effect on July 1, 2000 shall include an increase of 2.5% per resident-day, as defined by the Department.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, a new payment methodology must be implemented for the nursing component of the rate effective July 1, 2003. The Department of Public Aid (now Healthcare and Family Services) shall develop the new payment methodology using the Minimum Data Set (MDS) as the instrument to collect information concerning nursing home resident condition necessary to compute the rate. The Department shall develop the new payment methodology to meet the unique needs of Illinois nursing

home residents while remaining subject to the appropriations provided by the General Assembly. A transition period from the payment methodology in effect on June 30, 2003 to the payment methodology in effect on July 1, 2003 shall be provided for a period not exceeding 3 years and 184 days after implementation of the new payment methodology as follows:

(A) For a facility that would receive a lower nursing component rate per patient day under the new system than the facility received effective on the date immediately preceding the date that the Department implements the new payment methodology, the nursing component rate per patient day for the facility shall be held at the level in effect on the date immediately preceding the date that the Department implements the new payment methodology until a higher nursing component rate of reimbursement is achieved by that facility.

(B) For a facility that would receive a higher nursing component rate per patient day under the payment methodology in effect on July 1, 2003 than the facility received effective on the date immediately preceding the date that the Department implements the new payment methodology, the nursing component rate per patient day for the facility shall be adjusted.

(C) Notwithstanding paragraphs (A) and (B), the nursing component rate per patient day for the facility shall be adjusted subject to appropriations provided by the General Assembly.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on March 1, 2001 shall include a statewide increase of 7.85%, as defined by the Department.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on April 1, 2002 shall include a statewide increase of 2.0%, as defined by the Department. This increase terminates on July 1,
2002; beginning July 1, 2002 these rates are reduced to the level of the rates in effect on March 31, 2002, as defined by the Department.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the rates taking effect on July 1, 2001 shall be computed using the most recent cost reports on file with the Department of Public Aid no later than April 1, 2000, updated for inflation to January 1, 2001. For rates effective July 1, 2001 only, rates shall be the greater of the rate computed for July 1, 2001 or the rate effective on June 30, 2001.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the Illinois Department shall determine by rule the rates taking effect on July 1, 2002, which shall be 5.9% less than the rates in effect on June 30, 2002.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, if the payment methodologies required under Section 5A-12 and the waiver granted under 42 CFR 433.68 are approved by the United States Centers for Medicare and Medicaid Services, the rates taking effect on July 1, 2004 shall be 3.0% greater than the rates in effect on June 30, 2004. These rates shall take effect only upon approval and implementation of the payment methodologies required under Section 5A-12.

Notwithstanding any other provisions of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as intermediate care facilities that are federally defined as Institutions for Mental Disease, a socio-development component rate equal to 6.6% of the facility's nursing component rate as of January 1, 2006 shall be established and paid effective July 1, 2006. The Illinois Department may
by rule adjust these socio-development component rates, but in no case may such rates be diminished.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or as long-term care facilities for residents under 22 years of age, the rates taking effect on July 1, 2003 shall include a statewide increase of 4%, as defined by the Department.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, effective January 1, 2005, facility rates shall be increased by the difference between (i) a facility's per diem property, liability, and malpractice insurance costs as reported in the cost report filed with the Department of Public Aid and used to establish rates effective July 1, 2001 and (ii) those same costs as reported in the facility's 2002 cost report. These costs shall be passed through to the facility without caps or limitations, except for adjustments required under normal auditing procedures.

Rates established effective each July 1 shall govern payment for services rendered throughout that fiscal year, except that rates established on July 1, 1996 shall be increased by 6.8% for services provided on or after January 1, 1997. Such rates will be based upon the rates calculated for the year beginning July 1, 1990, and for subsequent years thereafter until June 30, 2001 shall be based on the facility cost reports for the facility fiscal year ending at any point in time during the previous calendar year, updated to the midpoint of the rate year. The cost report shall be on file with the Department no later than April 1 of the current rate year. Should the cost report not be on file by April 1, the Department shall base the rate on the latest cost report filed by each skilled care facility and intermediate care facility, updated to the midpoint of the current rate year. In determining rates for services rendered on and after July 1, 1985, fixed time shall not be computed at less than zero. The Department shall not make any alterations of regulations which would reduce any component of the Medicaid rate to a level below what that component would have been utilizing in the rate effective on July 1, 1984.

Sec. 5-5.5. Elements of Payment Rate.

(a) The Department of Healthcare and Family Services shall develop a prospective method for determining payment rates for
skilled nursing and intermediate care services in nursing facilities composed of the following cost elements:

(1) Standard Services, with the cost of this component being determined by taking into account the actual costs to the facilities of these services subject to cost ceilings to be defined in the Department's rules.

(2) Resident Services, with the cost of this component being determined by taking into account the actual costs, needs and utilization of these services, as derived from an assessment of the resident needs in the nursing facilities. The Department shall adopt rules governing reimbursement for resident services as listed in Section 5-1.1. Surveys or assessments of resident needs under this Section shall include a review by the facility of the results of such assessments and a discussion of issues in dispute with authorized survey staff, unless the facility elects not to participate in such a review process. Surveys or assessments of resident needs under this Section may be conducted semi-annually and payment rates relating to resident services may be changed on a semi-annual basis. The Illinois Department shall initiate a project, either on a pilot basis or Statewide, to reimburse the cost of resident services based on a methodology which utilizes an assessment of resident needs to determine the level of reimbursement. This methodology shall be different from the payment criteria for resident services utilized by the Illinois Department on July 1, 1981. On March 1, 1982, and each year thereafter, until such time when the Illinois Department adopts the methodology used in such project for use statewide, the Illinois Department shall report to the General Assembly on the implementation and progress of such project. The report shall include:

(A) A statement of the Illinois Department's goals and objectives for such project;

(B) A description of such project, including the number and type of nursing facilities involved in the project;

New matter indicated by italics - deletions by strikeout
(C) A description of the methodology used in such project;

(D) A description of the Illinois Department's application of the methodology;

(E) A statement on the methodology's effect on the quality of care given to residents in the sample nursing facilities; and

(F) A statement on the cost of the methodology used in such project and a comparison of this cost with the cost of the current payment criteria.

(3) Ancillary Services, with the payment rate being developed for each individual type of service. Payment shall be made only when authorized under procedures developed by the Department of Healthcare and Family Services Public Aid.

(4) Nurse's Aide Training, with the cost of this component being determined by taking into account the actual cost to the facilities of such training.

(5) Real Estate Taxes, with the cost of this component being determined by taking into account the figures contained in the most currently available cost reports (with no imposition of maximums) updated to the midpoint of the current rate year for long term care services rendered between July 1, 1984 and June 30, 1985, and with the cost of this component being determined by taking into account the actual 1983 taxes for which the nursing homes were assessed (with no imposition of maximums) updated to the midpoint of the current rate year for long term care services rendered between July 1, 1985 and June 30, 1986.

(b) In developing a prospective method for determining payment rates for skilled nursing and intermediate care services in nursing facilities, the Department of Healthcare and Family Services Public Aid shall consider the following cost elements:

(1) Reasonable capital cost determined by utilizing incurred interest rate and the current value of the investment, including land, utilizing composite rates, or by utilizing such other reasonable cost
related methods determined by the Department. However, beginning with the rate reimbursement period effective July 1, 1987, the Department shall be prohibited from establishing, including, and implementing any depreciation factor in calculating the capital cost element.

(2) Profit, with the actual amount being produced and accruing to the providers in the form of a return on their total investment, on the basis of their ability to economically and efficiently deliver a type of service. The method of payment may assure the opportunity for a profit, but shall not guarantee or establish a specific amount as a cost.

(c) The Illinois Department may implement the amendatory changes to this Section made by this amendatory Act of 1991 through the use of emergency rules in accordance with the provisions of Section 5.02 of the Illinois Administrative Procedure Act. For purposes of the Illinois Administrative Procedure Act, the adoption of rules to implement the amendatory changes to this Section made by this amendatory Act of 1991 shall be deemed an emergency and necessary for the public interest, safety and welfare.

(d) No later than January 1, 2001, the Department of Public Aid shall file with the Joint Committee on Administrative Rules, pursuant to the Illinois Administrative Procedure Act, a proposed rule, or a proposed amendment to an existing rule, regarding payment for appropriate services, including assessment, care planning, discharge planning, and treatment provided by nursing facilities to residents who have a serious mental illness.

(a fully kosher facility). Beginning in the fiscal year after the fiscal year when this amendatory Act of 1990 becomes effective, the rate structure may provide for an additional payment to such facility not to exceed 50 cents per resident per day if 60% or more of the residents in the facility request kosher foods or food products prepared in accordance with Jewish religious dietary requirements for religious purposes in a fully kosher facility. Based upon food cost reports of the Illinois Department of Agriculture regarding kosher and non-kosher food available in the various regions of the State, this rate structure may be periodically adjusted by the Department but may not exceed the maximum authorized under this subsection (a).

(b) The Department shall by rule determine how a facility with a fully kosher kitchen and food service may be determined to be eligible and apply for the rate accommodation specified in subsection (a).

Sec. 5-5.7. Cost Reports - Audits. The Department of Healthcare and Family Services Public Aid shall work with the Department of Public Health to use cost report information currently being collected under provisions of the "Nursing Home Care Act", approved August 23, 1979, as amended. The Department of Healthcare and Family Services Public Aid may, in conjunction with the Department of Public Health, develop in accordance with generally accepted accounting principles a uniform chart of accounts which each facility providing services under the medical assistance program shall adopt, after a reasonable period.

Nursing homes licensed under the Nursing Home Care Act and providers of adult developmental training services certified by the Department of Human Services pursuant to Section 15.2 of the Mental Health and Developmental Disabilities Administrative Act which provide services to clients eligible for medical assistance under this Article are responsible for submitting the required annual cost report to the Department of Healthcare and Family Services Public Aid.

The Department of Healthcare and Family Services Public Aid shall audit the financial and statistical records of each provider
participating in the medical assistance program as a skilled nursing or intermediate care facility over a 3 year period, beginning with the close of the first cost reporting year. Following the end of this 3-year term, audits of the financial and statistical records will be performed each year in at least 20% of the facilities participating in the medical assistance program with at least 10% being selected on a random sample basis, and the remainder selected on the basis of exceptional profiles. All audits shall be conducted in accordance with generally accepted auditing standards.

The Department of Healthcare and Family Services Public Aid shall establish prospective payment rates for categories of service needed within the skilled nursing and intermediate care levels of services, in order to more appropriately recognize the individual needs of patients in nursing facilities.

The Department of Healthcare and Family Services Public Aid shall provide, during the process of establishing the payment rate for skilled nursing and intermediate care services, or when a substantial change in rates is proposed, an opportunity for public review and comment on the proposed rates prior to their becoming effective.

Sec. 5-5.8a. Payment for exceptional care.

(a) For the provision of exceptional medical care, the Illinois Department of Healthcare and Family Services Public Aid may make payments only to skilled nursing facilities that substantially meet the licensure and certification requirements prescribed by the Department of Public Health. Only the Department of Public Health shall be responsible for determining whether licensure and certification requirements for skilled nursing care facilities have been substantially met. The rate of payment shall be negotiated with the facilities offering to provide the exceptional medical care. A facility's costs of providing exceptional care shall not be considered in determining the rate of payment to skilled nursing facilities under Sections 5-5.3 through 5-5.5. Payment for exceptional medical care shall not exceed the rate that the Illinois
Department would be required to pay under the Medical Assistance Program for the same care in a hospital.

(b) The Illinois Department shall adopt rules and regulations under the Illinois Administrative Procedure Act to implement this Section. Those rules and regulations shall set forth the procedures to be followed by facilities when submitting an initial exceptional medical care certification request and exceptional medical care payment requests. The rules and regulations shall also include the procedures and criteria used by the Illinois Department in determining whether to approve a skilled nursing facility's initial exceptional medical care certification request and exceptional medical care payment requests. The rules shall provide that the Illinois Department, upon receipt of a facility's request for payment for exceptional medical care and all necessary documentation, shall, after negotiations between the Illinois Department and the facility are completed, determine and notify the facility whether the request has been approved or denied.

Sec. 5-5.8b. Payment to Campus Facilities. There is hereby established a separate payment category for campus facilities. A "campus facility" is defined as an entity which consists of a long term care facility (or group of facilities if the facilities are on the same contiguous parcel of real estate) which meets all of the following criteria as of May 1, 1987: the entity provides care for both children and adults; residents of the entity reside in three or more separate buildings with congregate and small group living arrangements on a single campus; the entity provides three or more separate licensed levels of care; the entity (or a part of the entity) is enrolled with the Department of Public Aid (now Department of Healthcare and Family Services) as a provider of long term care services and receives payments from that Department of Public Aid; the entity (or a part of the entity) receives funding from the Department of Mental Health and Developmental Disabilities (now the Department of Human Services); and the entity (or a part of the entity) holds a current license as a
child care institution issued by the Department of Children and Family Services.

The Department of *Healthcare and Family Services Public Aid*, the Department of Human Services, and the Department of Children and Family Services shall develop jointly a rate methodology or methodologies for campus facilities. Such methodology or methodologies may establish a single rate to be paid by all the agencies, or a separate rate to be paid by each agency, or separate components to be paid to different parts of the campus facility. All campus facilities shall receive the same rate of payment for similar services. Any methodology developed pursuant to this section shall take into account the actual costs to the facility of providing services to residents, and shall be adequate to reimburse the allowable costs of a campus facility which is economically and efficiently operated. Any methodology shall be established on the basis of historical, financial, and statistical data submitted by campus facilities, and shall take into account the actual costs incurred by campus facilities in providing services, and in meeting licensing and certification standards imposed and prescribed by the State of Illinois, any of its political subdivisions or municipalities and by the United States Department of Health and Human Services. Rates may be established on a prospective or retrospective basis. Any methodology shall provide reimbursement for appropriate payment elements, including the following: standard services, patient services, real estate taxes, and capital costs.

(a) The Illinois Department may enter into co-operative arrangements with State agencies responsible for administering or supervising the administration of health services and vocational rehabilitation services to the end that there may be maximum utilization of such services in the provision of medical assistance.

The Illinois Department shall, not later than June 30, 1993, enter into one or more co-operative arrangements with the Department of Mental Health and Developmental Disabilities providing that the Department of Mental Health and Developmental Disabilities will be responsible for administering or supervising all programs for services to persons in community care facilities for persons with developmental disabilities, including but not limited to intermediate care facilities, that are supported by State funds or by funding under Title XIX of the federal Social Security Act. The responsibilities of the Department of Mental Health and Developmental Disabilities under these agreements are transferred to the Department of Human Services as provided in the Department of Human Services Act.

The Department may also contract with such State health and rehabilitation agencies and other public or private health care and rehabilitation organizations to act for it in supplying designated medical services to persons eligible therefor under this Article. Any contracts with health services or health maintenance organizations shall be restricted to organizations which have been certified as being in compliance with standards promulgated pursuant to the laws of this State governing the establishment and operation of health services or health maintenance organizations. The Department shall renegotiate the contracts with health maintenance organizations and managed care community networks that took effect August 1, 2003, so as to produce $70,000,000 savings to the Department net of resulting increases to the fee-for-service program for State fiscal year 2006. The Department may also contract with insurance companies or other corporate entities serving as fiscal intermediaries in

this State for the Federal Government in respect to Medicare payments under Title XVIII of the Federal Social Security Act to act for the Department in paying medical care suppliers. The provisions of Section 9 of "An Act in relation to State finance", approved June 10, 1919, as amended, notwithstanding, such contracts with State agencies, other health care and rehabilitation organizations, or fiscal intermediaries may provide for advance payments.

(b) For purposes of this subsection (b), "managed care community network" means an entity, other than a health maintenance organization, that is owned, operated, or governed by providers of health care services within this State and that provides or arranges primary, secondary, and tertiary managed health care services under contract with the Illinois Department exclusively to persons participating in programs administered by the Illinois Department.

The Illinois Department may certify managed care community networks, including managed care community networks owned, operated, managed, or governed by State-funded medical schools, as risk-bearing entities eligible to contract with the Illinois Department as Medicaid managed care organizations. The Illinois Department may contract with those managed care community networks to furnish health care services to or arrange those services for individuals participating in programs administered by the Illinois Department. The rates for those provider-sponsored organizations may be determined on a prepaid, capitated basis. A managed care community network may choose to contract with the Illinois Department to provide only pediatric health care services. The Illinois Department shall by rule adopt the criteria, standards, and procedures by which a managed care community network may be permitted to contract with the Illinois Department and shall consult with the Department of Insurance in adopting these rules.

A county provider as defined in Section 15-1 of this Code may contract with the Illinois Department to provide primary, secondary, or tertiary managed health care services as a managed care community network without the need to establish a separate entity and shall be deemed a managed care community network for purposes of this Code.

only to the extent it provides services to participating individuals. A county provider is entitled to contract with the Illinois Department with respect to any contracting region located in whole or in part within the county. A county provider is not required to accept enrollees who do not reside within the county.

In order to (i) accelerate and facilitate the development of integrated health care in contracting areas outside counties with populations in excess of 3,000,000 and counties adjacent to those counties and (ii) maintain and sustain the high quality of education and residency programs coordinated and associated with local area hospitals, the Illinois Department may develop and implement a demonstration program from managed care community networks owned, operated, managed, or governed by State-funded medical schools. The Illinois Department shall prescribe by rule the criteria, standards, and procedures for effecting this demonstration program.

A managed care community network that contracts with the Illinois Department to furnish health care services to or arrange those services for enrollees participating in programs administered by the Illinois Department shall do all of the following:

(1) Provide that any provider affiliated with the managed care community network may also provide services on a fee-for-service basis to Illinois Department clients not enrolled in such managed care entities.

(2) Provide client education services as determined and approved by the Illinois Department, including but not limited to (i) education regarding appropriate utilization of health care services in a managed care system, (ii) written disclosure of treatment policies and restrictions or limitations on health services, including, but not limited to, physical services, clinical laboratory tests, hospital and surgical procedures, prescription drugs and biologics, and radiological examinations, and (iii) written notice that the enrollee may receive from another provider those covered services that are not provided by the managed care community network.

(3) Provide that enrollees within the system may choose the site for provision of services and the panel of health care providers.

(4) Not discriminate in enrollment or disenrollment practices among recipients of medical services or enrollees based on health status.

(5) Provide a quality assurance and utilization review program that meets the requirements established by the Illinois Department in rules that incorporate those standards set forth in the Health Maintenance Organization Act.

(6) Issue a managed care community network identification card to each enrollee upon enrollment. The card must contain all of the following:

(A) The enrollee's health plan.

(B) The name and telephone number of the enrollee's primary care physician or the site for receiving primary care services.

(C) A telephone number to be used to confirm eligibility for benefits and authorization for services that is available 24 hours per day, 7 days per week.

(7) Ensure that every primary care physician and pharmacy in the managed care community network meets the standards established by the Illinois Department for accessibility and quality of care. The Illinois Department shall arrange for and oversee an evaluation of the standards established under this paragraph (7) and may recommend any necessary changes to these standards.

(8) Provide a procedure for handling complaints that meets the requirements established by the Illinois Department in rules that incorporate those standards set forth in the Health Maintenance Organization Act.

(9) Maintain, retain, and make available to the Illinois Department records, data, and information, in a uniform manner determined by the Illinois Department, sufficient for the Illinois Department to monitor utilization, accessibility, and quality of care.

(10) Provide that the pharmacy formulary used by the managed care community network and its contract providers be no more restrictive than the Illinois Department's pharmaceutical program on the effective date of this amendatory Act of 1998 and as amended after that date.

The Illinois Department shall contract with an entity or entities to provide external peer-based quality assurance review for the managed health care programs administered by the Illinois Department. The entity shall be representative of Illinois physicians licensed to practice medicine in all its branches and have statewide geographic representation in all specialties of medical care that are provided in managed health care programs administered by the Illinois Department. The entity may not be a third party payer and shall maintain offices in locations around the State in order to provide service and continuing medical education to physician participants within those managed health care programs administered by the Illinois Department. The review process shall be developed and conducted by Illinois physicians licensed to practice medicine in all its branches. In consultation with the entity, the Illinois Department may contract with other entities for professional peer-based quality assurance review of individual categories of services other than services provided, supervised, or coordinated by physicians licensed to practice medicine in all its branches. The Illinois Department shall establish, by rule, criteria to avoid conflicts of interest in the conduct of quality assurance activities consistent with professional peer-review standards. All quality assurance activities shall be coordinated by the Illinois Department.

Each managed care community network must demonstrate its ability to bear the financial risk of serving individuals under this program. The Illinois Department shall by rule adopt standards for assessing the solvency and financial soundness of each managed care community network. Any solvency and financial standards adopted for managed care community networks shall be no more restrictive than the solvency and financial standards adopted under Section 1856(a) of the Social Security Act for provider-sponsored organizations under Part C of Title XVIII of the Social Security Act.

The Illinois Department may implement the amendatory changes to this Code made by this amendatory Act of 1998 through the use of emergency rules in accordance with Section 5-45 of the Illinois Administrative Procedure Act. For purposes of that Act, the adoption of rules to implement these changes is deemed an emergency and necessary for the public interest, safety, and welfare.

(c) Not later than June 30, 1996, the Illinois Department shall enter into one or more cooperative arrangements with the Department of Public Health for the purpose of developing a single survey for nursing facilities, including but not limited to facilities funded under Title XVIII or Title XIX of the federal Social Security Act or both, which shall be administered and conducted solely by the Department of Public Health. The Departments shall test the single survey process on a pilot basis, with both the Departments of Public Aid and Public Health represented on the consolidated survey team. The pilot will sunset June 30, 1997. After June 30, 1997, unless otherwise determined by the Governor, a single survey shall be implemented by the Department of Public Health which would not preclude staff from the Department of Healthcare and Family Services (formerly Department of Public Aid) from going on-site to nursing facilities to perform necessary audits and reviews which shall not replicate the single State agency survey required by this Act. This Section shall not apply to community or intermediate care facilities for persons with developmental disabilities.

(d) Nothing in this Code in any way limits or otherwise impairs the authority or power of the Illinois Department to enter into a negotiated contract pursuant to this Section with a managed care community network or a health maintenance organization, as defined in the Health Maintenance Organization Act, that provides for termination or nonrenewal of the contract without cause, upon notice as provided in the contract, and without a hearing.

responsible for administering or supervising the administration of health services and vocational rehabilitation services to maximize utilization of these services in the provision of medical assistance.

The Illinois Department shall, not later than June 30, 1994, enter into one or more cooperative arrangements with the Department of Mental Health and Developmental Disabilities providing that the Department of Mental Health and Developmental Disabilities will be responsible for administering or supervising all programs for services to persons in community care facilities for persons with mental illness, including but not limited to intermediate care facilities, that are supported by State funds or by funding under Title XIX of the federal Social Security Act. The responsibilities of the Department of Mental Health and Developmental Disabilities under these agreements are transferred to the Department of Human Services as provided in the Department of Human Services Act.

The Department may also contract with State health and rehabilitation agencies and other public or private health care and rehabilitation organizations to act for it in supplying designated medical services to persons eligible under this Section. Any contracts with health services or health maintenance organizations shall be restricted to organizations which have been certified as being in compliance with standards promulgated under the laws of this State governing the establishment and operation of health services or health maintenance organizations. The Department may also contract with insurance companies or other corporate entities serving as fiscal intermediaries in this State for the federal government in respect to Medicare payments under Title XVIII of the federal Social Security Act to act for the Department in paying medical care suppliers. Nothing in this Section shall be construed to abrogate any existing doctor/patient relationships with Illinois Department of Healthcare and Family Services Public Aid recipients or the free choice of clients or their guardians to select a physician to provide medical care. The provisions of Section 9 of the State Finance Act notwithstanding, such contracts with State agencies, other health care and rehabilitation organizations, or fiscal intermediaries may provide for advance payments.

(b) Providers participating in the program shall be paid an amount per patient per month, to be set by the Illinois Department, for the case management services provided.

(c) Providers eligible to participate in the program shall be nurses or social workers, licensed to practice in Illinois, who comply with the rules and regulations established by the Illinois Department and the Inter-Agency Agreement between the Department of Healthcare and Family Services (formerly Department of Public Aid) and the Department of Public Health. The Illinois Department may terminate a provider's participation in

the program if the provider is determined to have failed to comply with any applicable program standard or procedure established by the Illinois Department.

(d) Each eligible participant in an area where the Case Management Services Program is being conducted may voluntarily designate a case manager, of her own choosing to assume responsibility for her care.

(e) A participant may change her designated case manager provided that she informs the Illinois Department by the 20th day of the month in order for the change to be effective in the following month.

(f) The Illinois Department shall, by rule, establish procedures for providing case management services when the designated source becomes unavailable or wishes to withdraw from any obligation as case management services provider.

Sec. 5A-4. Payment of assessment; penalty.

(a) The annual assessment imposed by Section 5A-2 for State fiscal year 2004 shall be due and payable on June 18 of the year. The assessment imposed by Section 5A-2 for State fiscal year 2005 shall be due and payable in quarterly installments, each equalling one-fourth of the assessment for the year, on July 19, October 19, January 18, and April 19 of the year. No installment payment of an assessment imposed by Section 5A-2 shall be due and payable, however, until after: (i) the hospital provider receives written notice from the Department of Healthcare and Family Services (formerly Department of Public Aid) that the payment methodologies to hospitals required under Section 5A-12 or Section 5A-12.1, whichever is applicable for that fiscal year, have been approved by the Centers for Medicare and Medicaid Services of the U.S. Department of Health and Human Services and the waiver under 42 CFR 433.68 for the assessment imposed by Section 5A-2, if necessary, has been granted by the Centers for Medicare and Medicaid Services of the U.S. Department of Health and Human Services; and (ii) the hospital has received the payments required under Section 5A-12 or Section 5A-12.1, whichever is applicable for that fiscal year. Upon notification to the Department of approval of the payment methodologies required under

(c) If a hospital provider fails to pay the full amount of an installment when due (including any extensions granted under subsection (b)), there shall, unless waived by the Illinois Department for reasonable cause, be added to the assessment imposed by Section 5A-2 a penalty assessment equal to the lesser of (i) 5% of the amount of the installment not paid on or before the due date plus 5% of the portion thereof remaining unpaid on the last day of each 30-day period thereafter or (ii) 100% of the installment amount not paid on or before the due date. For purposes of this subsection, payments will be credited first to unpaid installment amounts (rather than to penalty or interest), beginning with the most delinquent installments.

Sec. 5A-5. Notice; penalty; maintenance of records.

(a) The Department of Healthcare and Family Services Public Aid shall send a notice of assessment to every hospital provider subject to assessment under this Article. The notice of assessment shall notify the hospital of its assessment and shall be sent after receipt by the Department of notification from the Centers for Medicare and Medicaid Services of the U.S. Department of Health and Human Services that the payment methodologies required under Section 5A-12 or Section 5A-12.1, whichever is applicable for that fiscal year, and, if necessary, the waiver
granted under 42 CFR 433.68 have been approved. The notice shall be on a form prepared by the Illinois Department and shall state the following:

(1) The name of the hospital provider.

(2) The address of the hospital provider’s principal place of business from which the provider engages in the occupation of hospital provider in this State, and the name and address of each hospital operated, conducted, or maintained by the provider in this State.

(3) The occupied bed days or adjusted gross hospital revenue of the hospital provider (whichever is applicable), the amount of assessment imposed under Section 5A-2 for the State fiscal year for which the notice is sent, and the amount of each quarterly installment to be paid during the State fiscal year.

(4) (Blank).

(5) Other reasonable information as determined by the Illinois Department.

(b) If a hospital provider conducts, operates, or maintains more than one hospital licensed by the Illinois Department of Public Health, the provider shall pay the assessment for each hospital separately.

(c) Notwithstanding any other provision in this Article, in the case of a person who ceases to conduct, operate, or maintain a hospital in respect of which the person is subject to assessment under this Article as a hospital provider, the assessment for the State fiscal year in which the cessation occurs shall be adjusted by multiplying the assessment computed under Section 5A-2 by a fraction, the numerator of which is the number of days in the year during which the provider conducts, operates, or maintains the hospital and the denominator of which is 365. Immediately upon ceasing to conduct, operate, or maintain a hospital, the person shall pay the assessment for the year as so adjusted (to the extent not previously paid).

(d) Notwithstanding any other provision in this Article, a provider who commences conducting, operating, or maintaining a hospital, upon notice by the Illinois Department, shall pay the assessment computed under Section 5A-2 and subsection (e) in installments on the due dates

stated in the notice and on the regular installment due dates for the State fiscal year occurring after the due dates of the initial notice.

(e) Notwithstanding any other provision in this Article, for State fiscal years 2004 and 2005, in the case of a hospital provider that did not conduct, operate, or maintain a hospital throughout calendar year 2001, the assessment for that State fiscal year shall be computed on the basis of hypothetical occupied bed days for the full calendar year as determined by the Illinois Department. Notwithstanding any other provision in this Article, for State fiscal years after 2005, in the case of a hospital provider that did not conduct, operate, or maintain a hospital in 2003, the assessment for that State fiscal year shall be computed on the basis of hypothetical adjusted gross hospital revenue for the hospital's first full fiscal year as determined by the Illinois Department (which may be based on annualization of the provider's actual revenues for a portion of the year, or revenues of a comparable hospital for the year, including revenues realized by a prior provider of the same hospital during the year).

(f) Every hospital provider subject to assessment under this Article shall keep sufficient records to permit the determination of adjusted gross hospital revenue for the hospital's fiscal year. All such records shall be kept in the English language and shall, at all times during regular business hours of the day, be subject to inspection by the Illinois Department or its duly authorized agents and employees.

(g) The Illinois Department may, by rule, provide a hospital provider a reasonable opportunity to request a clarification or correction of any clerical or computational errors contained in the calculation of its assessment, but such corrections shall not extend to updating the cost report information used to calculate the assessment.

(2) the Department of Healthcare and Family Services (formerly Department of Public Aid) makes changes in its rules that reduce the hospital inpatient or outpatient payment rates, including adjustment payment rates, in effect on October 1, 2004, except for hospitals described in subsection (b) of Section 5A-3 and except for changes in the methodology for calculating outlier payments to hospitals for exceptionally costly stays, so long as those changes do not reduce aggregate expenditures below the amount expended in State fiscal year 2005 for such services; or

(3) the payments to hospitals required under Section 5A-12 are changed or are not eligible for federal matching funds under Title XIX or XXI of the Social Security Act.

(A) Individuals who have applied for Supplemental Security Income (SSI) and are awaiting a decision on eligibility for SSI who are determined disabled by the Illinois Department using the SSI standard shall be considered chronically needy, except that individuals whose disability is based solely on substance addictions
(drug abuse and alcoholism) and whose disability would cease were their addictions to end shall be eligible only for medical assistance and shall not be eligible for cash assistance under the State Transitional Assistance program.

(B) If an individual has been denied SSI due to a finding of "not disabled" (either at the Administrative Law Judge level or above, or at a lower level if that determination was not appealed), the Illinois Department shall adopt that finding and the individual shall not be eligible for State Transitional Assistance or any related medical benefits. Such an individual may not be determined disabled by the Illinois Department for a period of 12 months, unless the individual shows that there has been a substantial change in his or her medical condition or that there has been a substantial change in other factors, such as age or work experience, that might change the determination of disability.

(C) The Illinois Department, by rule, may specify other categories of individuals as chronically needy; nothing in this Section, however, shall be deemed to require the inclusion of any specific category other than as specified in paragraphs (A) and (B).

(3) For individuals in State Transitional Assistance, medical assistance shall be provided in an amount and nature determined by the Illinois Department of Healthcare and Family Services Public Aid by rule. The amount and nature of medical assistance provided need not be the same as that provided under paragraph (4) of subsection (d) of this Section, and nothing in this paragraph (3) shall be construed to require the coverage of any particular medical service. In addition, the amount and nature of medical assistance provided may be different for different categories of individuals determined chronically needy.

(4) The Illinois Department shall determine, by rule, those assistance recipients under Article VI who shall be subject to employment, training, or education programs including Earnfare, the content of those programs, and the penalties for failure to cooperate in those programs.
(5) The Illinois Department shall, by rule, establish further eligibility requirements, including but not limited to residence, need, and the level of payments.

(d) (1) To be eligible for State Family and Children Assistance, a family unit must be ineligible for assistance under any other Article of this Code and must contain a child who is:

(A) under age 18 or
(B) age 18 and a full-time student in a secondary school or the equivalent level of vocational or technical training, and who may reasonably be expected to complete the program before reaching age 19.

Those children shall be eligible for State Family and Children Assistance.

(2) The natural or adoptive parents of the child living in the same household may be eligible for State Family and Children Assistance.

(3) A pregnant woman whose pregnancy has been verified shall be eligible for income maintenance assistance under the State Family and Children Assistance program.

(4) The amount and nature of medical assistance provided under the State Family and Children Assistance program shall be determined by the Illinois Department of Healthcare and Family Services by rule. The amount and nature of medical assistance provided need not be the same as that provided under paragraph (3) of subsection (c) of this Section, and nothing in this paragraph (4) shall be construed to require the coverage of any particular medical service.

(5) The Illinois Department shall, by rule, establish further eligibility requirements, including but not limited to residence, need, and the level of payments.

(e) A local governmental unit that chooses to participate in a General Assistance program under this Section shall provide funding in accordance with Section 12-21.13 of this Act. Local governmental funds used to qualify for State funding may only be expended for clients eligible for assistance under this Section 6-11 and related administrative expenses.
(f) In order to qualify for State funding under this Section, a local governmental unit shall be subject to the supervision and the rules and regulations of the Illinois Department.

(g) Notwithstanding any other provision in this Code, the Illinois Department is authorized to reduce payment levels used to determine cash grants provided to recipients of State Transitional Assistance at any time within a Fiscal Year in order to ensure that cash benefits for State Transitional Assistance do not exceed the amounts appropriated for those cash benefits. Changes in payment levels may be accomplished by emergency rule under Section 5-45 of the Illinois Administrative Procedure Act, except that the limitation on the number of emergency rules that may be adopted in a 24-month period shall not apply and the provisions of Sections 5-115 and 5-125 of the Illinois Administrative Procedure Act shall not apply. This provision shall also be applicable to any reduction in payment levels made upon implementation of this amendatory Act of 1995.

(2) A participant may request reconciliation and receive notice in writing of a meeting. At least one face-to-face meeting may be scheduled to resolve misunderstandings or disagreements related to program participation and situations which may lead to a potential sanction. The meeting will address the underlying reason for the dispute and plan a resolution to enable the individual to participate in TANF employment and work activity requirements.

(2.5) If the individual fails to appear at the reconciliation meeting without good cause, the reconciliation is unsuccessful and a sanction shall be imposed.

(3) The reconciliation process shall continue after it is determined that the individual did not have good cause for non-cooperation. Any necessary demonstration of cooperation on the part of the participant will be part of the reconciliation process. Failure to demonstrate cooperation will result in immediate sanction.

(4) For the first instance of non-cooperation, if the client reaches agreement to cooperate, the client shall be allowed 30 days to demonstrate cooperation before any sanction activity may be imposed. In any subsequent instances of non-cooperation, the client shall be provided the opportunity to show good cause or remedy the situation by immediately complying with the requirement.

(5) The Department shall document in the case record the proceedings of the reconciliation and provide the client in writing with a reconciliation agreement.

(6) If reconciliation resolves the dispute, no sanction shall be imposed. If the client fails to comply with the reconciliation agreement, the Department shall then immediately impose the original sanction. If the dispute cannot be resolved during reconciliation, a sanction shall not be imposed until the reconciliation process is complete.

Sec. 9A-15. College education assistance; pilot program.

(a) Subject to appropriation, the Department of Human Services shall establish a pilot program to provide recipients of assistance under Article IV with additional assistance in obtaining a post-secondary education degree to the extent permitted by the federal law governing the Temporary Assistance for Needy Families Program. This assistance may include, but is not limited to, moneys for the payment of tuition, but the Department may not use any moneys appropriated for the Temporary Assistance for Needy Families Program (TANF) under Article IV to pay for tuition under the pilot program. In addition to criteria, standards, and procedures related to post-secondary education required by rules applicable to the TANF program, the Department shall provide that the time that a pilot program participant spends in post-secondary classes shall apply toward the time that the recipient is required to spend in education, placement, and training activities under this Article.

Sec. 10-1. Declaration of Public Policy - Persons Eligible for Child Support Enforcement Services - Fees for Non-Applicants and Non-Recipients.) It is the intent of this Code that the financial aid and social welfare services herein provided supplement rather than supplant the primary and continuing obligation of the family unit for self-support to the fullest extent permitted by the resources available to it. This primary and continuing obligation applies whether the family unit of parents and children or of husband and wife remains intact and resides in a common household or whether the unit has been broken by absence of one or more members of the unit. The obligation of the family unit is particularly applicable when a member is in necessitous circumstances and lacks the means of a livelihood compatible with health and well-being.

It is the purpose of this Article to provide for locating an absent parent or spouse, for determining his financial circumstances, and for enforcing his legal obligation of support, if he is able to furnish support, in whole or in part. The Illinois Department of Healthcare and Family Services Public Aid shall give priority to establishing, enforcing and collecting the current support obligation, and then to past due support owed to the family unit, except with respect to collections effected through the intercept programs provided for in this Article.

The child support enforcement services provided hereunder shall be furnished dependents of an absent parent or spouse who are applicants for or recipients of financial aid under this Code. It is not, however, a condition of eligibility for financial aid that there be no responsible relatives who are reasonably able to provide support. Nor, except as provided in Sections 4-1.7 and 10-8, shall the existence of such relatives or their payment of support contributions disqualify a needy person for financial aid.

By accepting financial aid under this Code, a spouse or a parent or other person having custody of a child shall be deemed to have made assignment to the Illinois Department for aid under Articles III, IV, V and VII or to a local governmental unit for aid under Article VI of any and all rights, title, and interest in any support obligation, including statutory interest thereon, up to the amount of financial aid provided. The rights to support assigned to the Department of Healthcare and Family Services (formerly Illinois Department of Public Aid) or local governmental unit shall constitute an obligation owed the State or local governmental unit by the person who is responsible for providing the support, and shall be collectible under all applicable processes.

The Illinois Department of Healthcare and Family Services Public Aid shall also furnish the child support enforcement services established under this Article in behalf of persons who are not applicants for or recipients of financial aid under this Code in accordance with the requirements of Title IV, Part D of the Social Security Act. The Department may establish a schedule of reasonable fees, to be paid for the services provided and may deduct a collection fee, not to exceed 10% of
the amount collected, from such collection. The Illinois Department of Healthcare and Family Services (Public Aid shall cause to be published and distributed publications reasonably calculated to inform the public that individuals who are not recipients of or applicants for public aid under this Code are eligible for the child support enforcement services under this Article X. Such publications shall set forth an explanation, in plain language, that the child support enforcement services program is independent of any public aid program under the Code and that the receiving of child support enforcement services in no way implies that the person receiving such services is receiving public aid.

Sec. 10-10. Court enforcement; applicability also to persons who are not applicants or recipients. Except where the Illinois Department, by agreement, acts for the local governmental unit, as provided in Section 10-3.1, local governmental units shall refer to the State's Attorney or to the proper legal representative of the governmental unit, for judicial enforcement as herein provided, instances of non-support or insufficient support when the dependents are applicants or recipients under Article VI. The Child and Spouse Support Unit established by Section 10-3.1 may institute in behalf of the Illinois Department any actions under this Section for judicial enforcement of the support liability when the dependents are (a) applicants or recipients under Articles III, IV, V or VII; (b) applicants or recipients in a local governmental unit when the Illinois Department, by agreement, acts for the unit; or (c) non-applicants or non-recipients who are receiving child support enforcement services under this Article X, as provided in Section 10-1. Where the Child and Spouse Support Unit has exercised its option and discretion not to apply the provisions of Sections 10-3 through 10-8, the failure by the Unit to apply such provisions shall not be a bar to bringing an action under this Section.

Action shall be brought in the circuit court to obtain support, or for the recovery of aid granted during the period such support was not provided, or both for the obtainment of support and the recovery of the aid provided. Actions for the recovery of aid may be taken separately or they

may be consolidated with actions to obtain support. Such actions may be brought in the name of the person or persons requiring support, or may be brought in the name of the Illinois Department or the local governmental unit, as the case requires, in behalf of such persons.

The court may enter such orders for the payment of moneys for the support of the person as may be just and equitable and may direct payment thereof for such period or periods of time as the circumstances require, including support for a period before the date the order for support is entered. The order may be entered against any or all of the defendant responsible relatives and may be based upon the proportionate ability of each to contribute to the person's support.

The Court shall determine the amount of child support (including child support for a period before the date the order for child support is entered) by using the guidelines and standards set forth in subsection (a) of Section 505 and in Section 505.2 of the Illinois Marriage and Dissolution of Marriage Act. For purposes of determining the amount of child support to be paid for a period before the date the order for child support is entered, there is a rebuttable presumption that the responsible relative's net income for that period was the same as his or her net income at the time the order is entered.

If (i) the responsible relative was properly served with a request for discovery of financial information relating to the responsible relative's ability to provide child support, (ii) the responsible relative failed to comply with the request, despite having been ordered to do so by the court, and (iii) the responsible relative is not present at the hearing to determine support despite having received proper notice, then any relevant financial information concerning the responsible relative's ability to provide child support that was obtained pursuant to subpoena and proper notice shall be admitted into evidence without the need to establish any further foundation for its admission.

An order entered under this Section shall include a provision requiring the obligor to report to the obligee and to the clerk of court within 10 days each time the obligor obtains new employment, and each time the obligor's employment is terminated for any reason. The report

New matter indicated by italics - deletions by strikeout
shall be in writing and shall, in the case of new employment, include the name and address of the new employer. Failure to report new employment or the termination of current employment, if coupled with nonpayment of support for a period in excess of 60 days, is indirect criminal contempt. For any obligor arrested for failure to report new employment bond shall be set in the amount of the child support that should have been paid during the period of unreported employment. An order entered under this Section shall also include a provision requiring the obligor and obligee parents to advise each other of a change in residence within 5 days of the change except when the court finds that the physical, mental, or emotional health of a party or that of a minor child, or both, would be seriously endangered by disclosure of the party's address.

The Court shall determine the amount of maintenance using the standards set forth in Section 504 of the Illinois Marriage and Dissolution of Marriage Act.

Any new or existing support order entered by the court under this Section shall be deemed to be a series of judgments against the person obligated to pay support thereunder, each such judgment to be in the amount of each payment or installment of support and each such judgment to be deemed entered as of the date the corresponding payment or installment becomes due under the terms of the support order. Each such judgment shall have the full force, effect and attributes of any other judgment of this State, including the ability to be enforced. Any such judgment is subject to modification or termination only in accordance with Section 510 of the Illinois Marriage and Dissolution of Marriage Act. A lien arises by operation of law against the real and personal property of the noncustodial parent for each installment of overdue support owed by the noncustodial parent.

When an order is entered for the support of a minor, the court may provide therein for reasonable visitation of the minor by the person or persons who provided support pursuant to the order. Whoever willfully refuses to comply with such visitation order or willfully interferes with its enforcement may be declared in contempt of court and punished therefor.

Except where the local governmental unit has entered into an agreement with the Illinois Department for the Child and Spouse Support Unit to act for it, as provided in Section 10-3.1, support orders entered by the court in cases involving applicants or recipients under Article VI shall provide that payments thereunder be made directly to the local governmental unit. Orders for the support of all other applicants or recipients shall provide that payments thereunder be made directly to the Illinois Department. In accordance with federal law and regulations, the Illinois Department may continue to collect current maintenance payments or child support payments, or both, after those persons cease to receive public assistance and until termination of services under Article X. The Illinois Department shall pay the net amount collected to those persons after deducting any costs incurred in making the collection or any collection fee from the amount of any recovery made. In both cases the order shall permit the local governmental unit or the Illinois Department, as the case may be, to direct the responsible relative or relatives to make support payments directly to the needy person, or to some person or agency in his behalf, upon removal of the person from the public aid rolls or upon termination of services under Article X.

If the notice of support due issued pursuant to Section 10-7 directs that support payments be made directly to the needy person, or to some person or agency in his behalf, and the recipient is removed from the public aid rolls, court action may be taken against the responsible relative hereunder if he fails to furnish support in accordance with the terms of such notice.

Actions may also be brought under this Section in behalf of any person who is in need of support from responsible relatives, as defined in Section 2-11 of Article II who is not an applicant for or recipient of financial aid under this Code. In such instances, the State's Attorney of the county in which such person resides shall bring action against the responsible relatives hereunder. If the Illinois Department, as authorized by Section 10-1, extends the child support enforcement services provided by this Article to spouses and dependent children who are not applicants or recipients under this Code, the Child and Spouse Support Unit established

New matter indicated by italics - deletions by strikeout
by Section 10-3.1 shall bring action against the responsible relatives hereunder and any support orders entered by the court in such cases shall provide that payments thereunder be made directly to the Illinois Department.

Whenever it is determined in a proceeding to establish or enforce a child support or maintenance obligation that the person owing a duty of support is unemployed, the court may order the person to seek employment and report periodically to the court with a diary, listing or other memorandum of his or her efforts in accordance with such order. Additionally, the court may order the unemployed person to report to the Department of Employment Security for job search services or to make application with the local Job Training Partnership Act provider for participation in job search, training or work programs and where the duty of support is owed to a child receiving child support enforcement services under this Article X, the court may order the unemployed person to report to the Illinois Department for participation in job search, training or work programs established under Section 9-6 and Article IXA of this Code.

Whenever it is determined that a person owes past-due support for a child receiving assistance under this Code, the court shall order at the request of the Illinois Department:

(1) that the person pay the past-due support in accordance with a plan approved by the court; or

(2) if the person owing past-due support is unemployed, is subject to such a plan, and is not incapacitated, that the person participate in such job search, training, or work programs established under Section 9-6 and Article IXA of this Code as the court deems appropriate.

A determination under this Section shall not be administratively reviewable by the procedures specified in Sections 10-12, and 10-13 to 10-13.10. Any determination under these Sections, if made the basis of court action under this Section, shall not affect the de novo judicial determination required under this Section.

A one-time charge of 20% is imposable upon the amount of past-due child support owed on July 1, 1988 which has accrued under a

support order entered by the court. The charge shall be imposed in accordance with the provisions of Section 10-21 of this Code and shall be enforced by the court upon petition.

All orders for support, when entered or modified, shall include a provision requiring the non-custodial parent to notify the court and, in cases in which a party is receiving child support enforcement services under this Article X, the Illinois Department, within 7 days, (i) of the name, address, and telephone number of any new employer of the non-custodial parent, (ii) whether the non-custodial parent has access to health insurance coverage through the employer or other group coverage and, if so, the policy name and number and the names of persons covered under the policy, and (iii) of any new residential or mailing address or telephone number of the non-custodial parent. In any subsequent action to enforce a support order, upon a sufficient showing that a diligent effort has been made to ascertain the location of the non-custodial parent, service of process or provision of notice necessary in the case may be made at the last known address of the non-custodial parent in any manner expressly provided by the Code of Civil Procedure or this Code, which service shall be sufficient for purposes of due process.

An order for support shall include a date on which the current support obligation terminates. The termination date shall be no earlier than the date on which the child covered by the order will attain the age of 18. However, if the child will not graduate from high school until after attaining the age of 18, then the termination date shall be no earlier than the earlier of the date on which the child's high school graduation will occur or the date on which the child will attain the age of 19. The order for support shall state that the termination date does not apply to any arrearage that may remain unpaid on that date. Nothing in this paragraph shall be construed to prevent the court from modifying the order or terminating the order in the event the child is otherwise emancipated.

If there is an unpaid arrearage or delinquency (as those terms are defined in the Income Withholding for Support Act) equal to at least one month's support obligation on the termination date stated in the order for support or, if there is no termination date stated in the order, on the date

New matter indicated by italics - deletions by strikeout
the child attains the age of majority or is otherwise emancipated, then the periodic amount required to be paid for current support of that child immediately prior to that date shall automatically continue to be an obligation, not as current support but as periodic payment toward satisfaction of the unpaid arrearage or delinquency. That periodic payment shall be in addition to any periodic payment previously required for satisfaction of the arrearage or delinquency. The total periodic amount to be paid toward satisfaction of the arrearage or delinquency may be enforced and collected by any method provided by law for the enforcement and collection of child support, including but not limited to income withholding under the Income Withholding for Support Act. Each order for support entered or modified on or after the effective date of this amendatory Act of the 93rd General Assembly must contain a statement notifying the parties of the requirements of this paragraph. Failure to include the statement in the order for support does not affect the validity of the order or the operation of the provisions of this paragraph with regard to the order. This paragraph shall not be construed to prevent or affect the establishment or modification of an order for the support of a minor child or the establishment or modification of an order for the support of a non-minor child or educational expenses under Section 513 of the Illinois Marriage and Dissolution of Marriage Act.

Payments under this Section to the Illinois Department pursuant to the Child Support Enforcement Program established by Title IV-D of the Social Security Act shall be paid into the Child Support Enforcement Trust Fund. All payments under this Section to the Illinois Department of Human Services shall be deposited in the DHS Recoveries Trust Fund. Disbursements from these funds shall be as provided in Sections 12-9.1 and 12-10.2 of this Code. Payments received by a local governmental unit shall be deposited in that unit's General Assistance Fund.

To the extent the provisions of this Section are inconsistent with the requirements pertaining to the State Disbursement Unit under Sections 10-10.4 and 10-26 of this Code, the requirements pertaining to the State Disbursement Unit shall apply.

Sec. 10-10.4. Payment of Support to State Disbursement Unit.

(a) As used in this Section:
"Order for support", "obligor", "obligee", and "payor" mean those terms as defined in the Income Withholding for Support Act, except that "order for support" shall not mean orders providing for spousal maintenance under which there is no child support obligation.

(b) Notwithstanding any other provision of this Code to the contrary, each court or administrative order for support entered or modified on or after October 1, 1999 shall require that support payments be made to the State Disbursement Unit established under Section 10-26 if:

(1) a party to the order is receiving child support enforcement services under this Article X; or
(2) no party to the order is receiving child support enforcement services, but the support payments are made through income withholding.

(c) Support payments shall be made to the State Disbursement Unit if:

(1) the order for support was entered before October 1, 1999, and a party to the order is receiving child support enforcement services under this Article X; or
(2) no party to the order is receiving child support enforcement services, and the support payments are being made through income withholding.

(c-5) If no party to the order is receiving child support enforcement services under this Article X, and the support payments are not being made through income withholding, then support payments shall be made as directed in the order for support.

Sec. 10-15. Enforcement of administrative order; costs and fees. If a responsible relative refuses, neglects, or fails to comply with a final administrative support or reimbursement order of the Illinois Department entered by the Child and Spouse Support Unit pursuant to Sections 10-11 or 10-11.1 or registered pursuant to Section 10-17.1, the Child and Spouse Support Unit may file suit against the responsible relative or relatives to secure compliance with the administrative order.

Suits shall be instituted in the name of the People of the State of Illinois on the relation of the Department of Healthcare and Family Services Public Aid of the State of Illinois and the spouse or dependent children for whom the support order has been issued.

The court shall order the payment of the support obligation, or orders for reimbursement of moneys for support provided, directly to the Illinois Department but the order shall permit the Illinois Department to direct the responsible relative or relatives to make payments of support directly to the spouse or dependent children, or to some person or agency in his or their behalf, as provided in Section 10-8 or 10-10, as applicable.

Whenever it is determined in a proceeding to enforce an administrative order that the responsible relative is unemployed, and support is sought on behalf of applicants for or recipients of financial aid under Article IV of this Code or other persons who are given access to the child support enforcement services of this Article as provided in Section 10-1, the court may order the responsible relative to seek employment and report periodically to the court with a diary, listing or other memorandum of his or her efforts in accordance with such order. In addition, the court may order the unemployed responsible relative to report to the Illinois Department for participation in job search, training or work programs established under Section 9-6 of this Code or to the Illinois Department of Employment Security for job search services or to make application with the local Job Training Partnership Act provider for participation in job search, training or work programs.

Charges imposed in accordance with the provisions of Section 10-21 shall be enforced by the Court in a suit filed under this Section.
To the extent the provisions of this Section are inconsistent with the requirements pertaining to the State Disbursement Unit under Sections 10-10.4 and 10-26 of this Code, the requirements pertaining to the State Disbursement Unit shall apply.

Sec. 10-16.7. Child support enforcement debit authorization.
(a) For purposes of this Section:
"Financial institution" and "account" are defined as set forth in Section 10-24.
"Payor" is defined as set forth in Section 15 of the Income Withholding for Support Act.
"Order for support" means any order for periodic payment of funds to the State Disbursement Unit for the support of a child or, where applicable, for support of a child and a parent with whom the child resides, that is entered or modified under this Code or under the Illinois Marriage and Dissolution of Marriage Act, the Non-Support of Spouse and Children Act, the Non-Support Punishment Act, or the Illinois Parentage Act of 1984, or that is entered or registered for modification or enforcement under the Uniform Interstate Family Support Act.
"Obligor" means an individual who owes a duty to make payments under an order for support in a case in which child support enforcement services are being provided under this Article X.

(b) The Department of Public Aid (now Healthcare and Family Services) shall adopt a child support enforcement debit authorization form that, upon being signed by an obligor, authorizes a financial institution holding an account on the obligor's behalf to debit the obligor's account periodically in an amount equal to the amount of child support that the obligor is required to pay periodically and transfer that amount to the State Disbursement Unit. The form shall include instructions to the financial institution concerning the debiting of accounts held on behalf of obligors and the transfer of the debited amounts to the State Disbursement Unit. In adopting the form, the Department may consult with the Office of Banks

and Real Estate and the Department of Financial Institutions. The Department must adopt the form within 6 months after the effective date of this amendatory Act of the 93rd General Assembly. Promptly after adopting the form, the Department must notify each financial institution conducting business in this State that the form has been adopted and is ready for use.

(c) An obligor who does not have a payor may sign a child support debit authorization form adopted by the Department under this Section. The obligor may sign a form in relation to any or all of the financial institutions holding an account on the obligor's behalf. Promptly after an obligor signs a child support debit authorization form, the Department shall send the original signed form to the appropriate financial institution. Subject to subsection (e), upon receiving the form, the financial institution shall debit the account and transfer the debited amounts to the State Disbursement Unit according to the instructions in the form. A financial institution that complies with a child support debit authorization form signed by an obligor and issued under this Section shall not be subject to civil liability with respect to any individual or any agency.

(d) The signing and issuance of a child support debit authorization form under this Section does not relieve the obligor from responsibility for compliance with any requirement under the order for support.

(e) A financial institution is obligated to debit the account of an obligor pursuant to this Section only if or to the extent:

1. the financial institution reasonably believes the debit authorization form is a true and authentic original document;
2. there are finally collected funds in the account; and
3. the account is not subject to offsetting claims of the financial institution, whether due at the time of receipt of the debit authorization form or thereafter to become due and whether liquidated or unliquidated.

To the extent the account of the obligor is pledged or held by the financial institution as security for a loan or other obligation, or that the financial institution has any other claim or lien against the account, the financial institution is entitled to retain the account.

Sec. 10-17.9. Past due support information to State Department of Revenue.

(a) The Illinois Department may provide by rule for certification to the Illinois Department of Revenue of past due support owed by responsible relatives under a support order entered by a court or administrative body of this or any other State on behalf of resident or non-resident persons. The rule shall provide for notice to and an opportunity to be heard by each responsible relative affected. Any final administrative decision rendered by the Department shall be reviewed only under and in accordance with the Administrative Review Law. A responsible relative may avoid certification to the Illinois Department of Revenue by establishing a satisfactory repayment record as determined by the Illinois Department of Healthcare and Family Services Public Aid.

(b) A certified past due support amount shall be final. The certified amount shall be payable to the Illinois Department of Revenue upon written notification of the certification to the responsible relative by the Illinois Department of Revenue.

(c) In the event a responsible relative overpays pursuant to collection under this Section and the applicable Sections of the Illinois Income Tax Act, the overpayment shall be a credit against future support obligations. If the current support obligation of the responsible relative has terminated under operation of law or court order, any moneys overpaid but still in the possession of the Department shall be promptly returned to the responsible relative.

(d) Except as otherwise provided in this Article, any child support delinquency certified to the Illinois Department of Revenue shall be treated as a child support delinquency for all other purposes, and any collection action by the State's Attorney or the Illinois Department of Revenue with respect to any delinquency certified under this Article shall have the same priority against attachment, execution, assignment, or other collection action as is provided by any other provision of State law.

Each Authority may utilize a trustee or agent to accept, accomplish, effectuate or realize upon any such assignment, reassignment, sale, pledge or grant on that Authority's behalf. Any alienation in contravention of this statute does not diminish and does not affect the validity, legality or enforceability of any underlying obligations for which such alienation may have been made as collateral between the parties to the alienation.
