If it is determined that the petition on its face does not state grounds upon which the relief may be based, the petition for a CDL hearing shall be denied and the disqualification shall become effective as if no petition had been filed and the out-of-service order shall be sustained. If such petition is so denied, the person may submit another petition.

(c) The scope of a CDL hearing, for any disqualification imposed pursuant to paragraphs (1) and (2) of subsection (a) of Section 6-514, resulting from the operation of a commercial motor vehicle, shall be limited to the following issues:

1. Whether the person was operating a commercial motor vehicle;
2. Whether, after making the initial stop, the police officer had probable cause to issue a Sworn Report;
3. Whether the person was verbally warned of the ensuing consequences prior to submitting to any type of chemical test or tests to determine such person's blood concentration of alcohol, other drug, or both;
4. Whether the person did refuse to submit to or failed to complete the chemical testing or did submit to such test or tests and such test or tests disclosed an alcohol concentration of at least 0.04 or any amount of a drug, substance, or compound resulting from the unlawful use or consumption of cannabis listed in the Cannabis Control Act or a controlled substance listed in the Illinois Controlled Substances Act or methamphetamine as listed in the Methamphetamine Control and Community Protection Act in the person's system;
5. Whether the person was warned that if the test or tests disclosed an alcohol concentration of 0.08 or more or any amount of a drug, substance, or compound resulting from the unlawful use or consumption of cannabis listed in the Cannabis Control Act or a controlled substance listed in the Illinois Controlled Substances Act or methamphetamine as listed in the Methamphetamine Control and Community Protection Act, such results could be
admissible in a subsequent prosecution under Section 11-501 of this Code or similar provision of local ordinances; and

6. Whether such results could not be used to impose any driver's license sanctions pursuant to Section 11-501.1.

Upon the conclusion of the above CDL hearing, the CDL disqualification imposed shall either be sustained or rescinded.

(d) The scope of a CDL hearing for any out-of-service sanction, imposed pursuant to Section 6-515, shall be limited to the following issues:

1. Whether the person was driving a commercial motor vehicle;

2. Whether, while driving such commercial motor vehicle, the person had alcohol or any amount of a drug, substance, or compound resulting from the unlawful use or consumption of cannabis listed in the Cannabis Control Act or a controlled substance listed in the Illinois Controlled Substances Act or methamphetamine as listed in the Methamphetamine Control and Community Protection Act in such person's system;

3. Whether the person was verbally warned of the ensuing consequences prior to being asked to submit to any type of chemical test or tests to determine such person's alcohol, other drug, or both, concentration; and

4. Whether, after being so warned, the person did refuse to submit to or failed to complete such chemical test or tests or did submit to such test or tests and such test or tests disclosed an alcohol concentration greater than 0.00 or any amount of a drug, substance, or compound resulting from the unlawful use or consumption of cannabis listed in the Cannabis Control Act or a controlled substance listed in the Illinois Controlled Substances Act or methamphetamine as listed in the Methamphetamine Control and Community Protection Act.

Upon the conclusion of the above CDL hearing, the out-of-service sanction shall either be sustained or removed from the person's driving record.
(e) If any person petitions for a hearing relating to any CDL disqualification based upon a conviction, as defined in this UCDLA, said hearing shall not be conducted as a CDL hearing, but shall be conducted as any other driver's license hearing, whether formal or informal, as promulgated in the rules and regulations of the Secretary.

(f) Any evidence of alcohol or other drug consumption, for the purposes of this UCDLA, shall be sufficient probable cause for requesting the driver to submit to a chemical test or tests to determine the presence of alcohol, other drug, or both in the person's system and the subsequent issuance of an out-of-service order or a Sworn Report by a police officer.

(g) For the purposes of this UCDLA, a CDL "hearing" shall mean a hearing before the Office of the Secretary of State in accordance with Section 2-118 of this Code, for the purpose of resolving differences or disputes specifically related to the scope of the issues identified in this Section relating to the operation of a commercial motor vehicle. These proceedings will be a matter of record and a final appealable order issued. The petition for a CDL hearing shall not stay or delay the effective date of the impending disqualification.

(h) The CDL hearing may be conducted upon a review of the police officer's own official reports; provided however, that the petitioner may subpoena the officer. Failure of the officer to answer the subpoena shall be grounds for a continuance.

(i) Any CDL disqualification based upon a statutory summary suspension resulting from an arrest of a CDL holder while operating a non-commercial motor vehicle, may only be contested by filing a petition to contest the statutory summary suspension in the appropriate circuit court as provided for in Section 2-118.1 of this Code.

Sec. 6-521. Rulemaking Authority.

(a) The Secretary of State, using the authority to license motor vehicle operators under this Code, may adopt such rules and regulations as may be necessary to establish standards, policies and procedures for the licensing and sanctioning of commercial motor vehicle drivers in order to
meet the requirements of the Commercial Motor Vehicle Act of 1986 (CMVSA); subsequent federal rulemaking under 49 C.F.R. Part 383 or Part 1572; and administrative and policy decisions of the U.S. Secretary of Transportation and the Federal Motor Carrier Safety Administration. The Secretary may, as provided in the CMVSA, establish stricter requirements for the licensing of commercial motor vehicle drivers than those established by the federal government.

(b) By January 1, 1994, the Secretary of State shall establish rules and regulations for the issuance of a restricted commercial driver's license for farm-related service industries consistent with federal guidelines. The restricted license shall be available for a seasonal period or periods not to exceed a total of 180 days in any 12 month period.

(c) By July 1, 1995, the Secretary of State shall establish rules and regulations, to be consistent with federal guidelines, for the issuance and cancellation or withdrawal of a restricted commercial driver's license that is limited to the operation of a school bus. A driver whose restricted commercial driver's license has been cancelled or withdrawn may contest the sanction by requesting a hearing pursuant to Section 2-118 of this Code. The cancellation or withdrawal of the restricted commercial driver's license shall remain in effect pending the outcome of that hearing.

(d) By July 1, 1995, the Secretary of State shall establish rules and regulations for the issuance and cancellation of a School Bus Driver's Permit. The permit shall be required for the operation of a school bus as provided in subsection (c), a non-restricted CDL with passenger endorsement, or a properly classified driver's license. The permit will establish that the school bus driver has met all the requirements of the application and screening process established by Section 6-106.1 of this Code.

Sec. 11-501.1. Suspension of drivers license; statutory summary alcohol, other drug or drugs, or intoxicating compound or compounds related suspension; implied consent.

(a) Any person who drives or is in actual physical control of a motor vehicle upon the public highways of this State shall be deemed to have given consent, subject to the provisions of Section 11-501.2, to a chemical test or tests of blood, breath, or urine for the purpose of determining the content of alcohol, other drug or drugs, or intoxicating compound or compounds or any combination thereof in the person's blood if arrested, as evidenced by the issuance of a Uniform Traffic Ticket, for any offense as defined in Section 11-501 or a similar provision of a local ordinance, or if arrested for violating Section 11-401. The test or tests shall be administered at the direction of the arresting officer. The law enforcement agency employing the officer shall designate which of the aforesaid tests shall be administered. A urine test may be administered even after a blood or breath test or both has been administered. For purposes of this Section, an Illinois law enforcement officer of this State who is investigating the person for any offense defined in Section 11-501 may travel into an adjoining state, where the person has been transported for medical care, to complete an investigation and to request that the person submit to the test or tests set forth in this Section. The requirements
of this Section that the person be arrested are inapplicable, but the officer shall issue the person a Uniform Traffic Ticket for an offense as defined in Section 11-501 or a similar provision of a local ordinance prior to requesting that the person submit to the test or tests. The issuance of the Uniform Traffic Ticket shall not constitute an arrest, but shall be for the purpose of notifying the person that he or she is subject to the provisions of this Section and of the officer's belief of the existence of probable cause to arrest. Upon returning to this State, the officer shall file the Uniform Traffic Ticket with the Circuit Clerk of the county where the offense was committed, and shall seek the issuance of an arrest warrant or a summons for the person.

(b) Any person who is dead, unconscious, or who is otherwise in a condition rendering the person incapable of refusal, shall be deemed not to have withdrawn the consent provided by paragraph (a) of this Section and the test or tests may be administered, subject to the provisions of Section 11-501.2.

(c) A person requested to submit to a test as provided above shall be warned by the law enforcement officer requesting the test that a refusal to submit to the test will result in the statutory summary suspension of the person's privilege to operate a motor vehicle, as provided in Section 6-208.1 of this Code, and will also result in the disqualification of the person's privilege to operate a commercial motor vehicle, as provided in Section 6-514 of this Code, if the person is a CDL holder. The person shall also be warned by the law enforcement officer that if the person submits to the test or tests provided in paragraph (a) of this Section and the alcohol concentration in the person's blood or breath is 0.08 or greater, or any amount of a drug, substance, or compound resulting from the unlawful use or consumption of cannabis as covered by the Cannabis Control Act, a controlled substance listed in the Illinois Controlled Substances Act, or an intoxicating compound listed in the Use of Intoxicating Compounds Act, or methamphetamine as listed in the Methamphetamine Control and Community Protection Act is detected in the person's blood or urine, a statutory summary suspension of the person's privilege to operate a motor vehicle, as provided in Sections 6-208.1 and 11-501.1 of this Code, and a

disqualification of the person's privilege to operate a commercial motor vehicle, as provided in Section 6-514 of this Code, if the person is a CDL holder, will be imposed.

A person who is under the age of 21 at the time the person is requested to submit to a test as provided above shall, in addition to the warnings provided for in this Section, be further warned by the law enforcement officer requesting the test that if the person submits to the test or tests provided in paragraph (a) of this Section and the alcohol concentration in the person's blood or breath is greater than 0.00 and less than 0.08, a suspension of the person's privilege to operate a motor vehicle, as provided under Sections 6-208.2 and 11-501.8 of this Code, will be imposed. The results of this test shall be admissible in a civil or criminal action or proceeding arising from an arrest for an offense as defined in Section 11-501 of this Code or a similar provision of a local ordinance or pursuant to Section 11-501.4 in prosecutions for reckless homicide brought under the Criminal Code of 1961. These test results, however, shall be admissible only in actions or proceedings directly related to the incident upon which the test request was made.

(d) If the person refuses testing or submits to a test that discloses an alcohol concentration of 0.08 or more, or any amount of a drug, substance, or intoxicating compound in the person's breath, blood, or urine resulting from the unlawful use or consumption of cannabis listed in the Cannabis Control Act, a controlled substance listed in the Illinois Controlled Substances Act, or an intoxicating compound listed in the Use of Intoxicating Compounds Act, or methamphetamine as listed in the Methamphetamine Control and Community Protection Act, the law enforcement officer shall immediately submit a sworn report to the circuit court of venue and the Secretary of State, certifying that the test or tests was or were requested under paragraph (a) and the person refused to submit to a test, or tests, or submitted to testing that disclosed an alcohol concentration of 0.08 or more.

(e) Upon receipt of the sworn report of a law enforcement officer submitted under paragraph (d), the Secretary of State shall enter the statutory summary suspension and disqualification for the periods
specified in Sections Section 6-208.1 and 6-514, respectively, and effective as provided in paragraph (g).

If the person is a first offender as defined in Section 11-500 of this Code, and is not convicted of a violation of Section 11-501 of this Code or a similar provision of a local ordinance, then reports received by the Secretary of State under this Section shall, except during the actual time the Statutory Summary Suspension is in effect, be privileged information and for use only by the courts, police officers, prosecuting authorities or the Secretary of State. However, beginning January 1, 2008, if the person is a CDL holder, the statutory summary suspension shall also be made available to the driver licensing administrator of any other state, the U.S. Department of Transportation, and the affected driver or motor carrier or prospective motor carrier upon request.

(f) The law enforcement officer submitting the sworn report under paragraph (d) shall serve immediate notice of the statutory summary suspension on the person and the suspension and disqualification shall be effective as provided in paragraph (g). In cases where the blood alcohol concentration of 0.08 or greater or any amount of a drug, substance, or compound resulting from the unlawful use or consumption of cannabis as covered by the Cannabis Control Act, a controlled substance listed in the Illinois Controlled Substances Act, or an intoxicating compound listed in the Use of Intoxicating Compounds Act, or methamphetamine as listed in the Methamphetamine Control and Community Protection Act is established by a subsequent analysis of blood or urine collected at the time of arrest, the arresting officer or arresting agency shall give notice as provided in this Section or by deposit in the United States mail of the notice in an envelope with postage prepaid and addressed to the person at his address as shown on the Uniform Traffic Ticket and the statutory summary suspension and disqualification shall begin as provided in paragraph (g). The officer shall confiscate any Illinois driver's license or permit on the person at the time of arrest. If the person has a valid driver's license or permit, the officer shall issue the person a receipt, in a form prescribed by the Secretary of State, that will allow that person to drive during the periods provided for in paragraph (g). The officer shall
immediately forward the driver's license or permit to the circuit court of venue along with the sworn report provided for in paragraph (d).

(g) The statutory summary suspension and disqualification referred to in this Section shall take effect on the 46th day following the date the notice of the statutory summary suspension was given to the person.

(h) The following procedure shall apply whenever a person is arrested for any offense as defined in Section 11-501 or a similar provision of a local ordinance:

   Upon receipt of the sworn report from the law enforcement officer, the Secretary of State shall confirm the statutory summary suspension by mailing a notice of the effective date of the suspension to the person and the court of venue. The Secretary of State shall also mail notice of the effective date of the disqualification to the person. However, should the sworn report be defective by not containing sufficient information or be completed in error, the confirmation of the statutory summary suspension shall not be mailed to the person or entered to the record; instead, the sworn report shall be forwarded to the court of venue with a copy returned to the issuing agency identifying any defect.

   (a) Any person who drives or is in actual control of a motor vehicle upon the public highways of this State and who has been involved in a personal injury or fatal motor vehicle accident, shall be deemed to have given consent to a breath test using a portable device as approved by the Department of State Police or to a chemical test or tests of blood, breath, or urine for the purpose of determining the content of alcohol, other drug or drugs, or intoxicating compound or compounds of such person's blood if arrested as evidenced by the issuance of a Uniform Traffic Ticket for any violation of the Illinois Vehicle Code or a similar provision of a local ordinance, with the exception of equipment violations contained in Chapter 12 of this Code, or similar provisions of local ordinances. The test or tests shall be administered at the direction of the arresting officer. The

law enforcement agency employing the officer shall designate which of the aforesaid tests shall be administered. A urine test may be administered even after a blood or breath test or both has been administered. Compliance with this Section does not relieve such person from the requirements of Section 11-501.1 of this Code.

(b) Any person who is dead, unconscious or who is otherwise in a condition rendering such person incapable of refusal shall be deemed not to have withdrawn the consent provided by subsection (a) of this Section. In addition, if a driver of a vehicle is receiving medical treatment as a result of a motor vehicle accident, any physician licensed to practice medicine, registered nurse or a phlebotomist acting under the direction of a licensed physician shall withdraw blood for testing purposes to ascertain the presence of alcohol, other drug or drugs, or intoxicating compound or compounds, upon the specific request of a law enforcement officer. However, no such testing shall be performed until, in the opinion of the medical personnel on scene, the withdrawal can be made without interfering with or endangering the well-being of the patient.

(c) A person requested to submit to a test as provided above shall be warned by the law enforcement officer requesting the test that a refusal to submit to the test, or submission to the test resulting in an alcohol concentration of 0.08 or more, or any amount of a drug, substance, or intoxicating compound resulting from the unlawful use or consumption of cannabis, as covered by the Cannabis Control Act, a controlled substance listed in the Illinois Controlled Substances Act, or an intoxicating compound listed in the Use of Intoxicating Compounds Act, or methamphetamine as listed in the Methamphetamine Control and Community Protection Act as detected in such person's blood or urine, may result in the suspension of such person's privilege to operate a motor vehicle and may result in the disqualification of the person's privilege to operate a commercial motor vehicle, as provided in Section 6-514 of this Code, if the person is a CDL holder. The length of the suspension shall be the same as outlined in Section 6-208.1 of this Code regarding statutory summary suspensions.
(d) If the person refuses testing or submits to a test which discloses an alcohol concentration of 0.08 or more, or any amount of a drug, substance, or intoxicating compound in such person's blood or urine resulting from the unlawful use or consumption of cannabis listed in the Cannabis Control Act, a controlled substance listed in the Illinois Controlled Substances Act, or an intoxicating compound listed in the Use of Intoxicating Compounds Act, or methamphetamine as listed in the Methamphetamine Control and Community Protection Act, the law enforcement officer shall immediately submit a sworn report to the Secretary of State on a form prescribed by the Secretary, certifying that the test or tests were requested pursuant to subsection (a) and the person refused to submit to a test or tests or submitted to testing which disclosed an alcohol concentration of 0.08 or more, or any amount of a drug, substance, or intoxicating compound in such person's blood or urine, resulting from the unlawful use or consumption of cannabis listed in the Cannabis Control Act, a controlled substance listed in the Illinois Controlled Substances Act, or an intoxicating compound listed in the Use of Intoxicating Compounds Act, or methamphetamine as listed in the Methamphetamine Control and Community Protection Act.

Upon receipt of the sworn report of a law enforcement officer, the Secretary shall enter the suspension and disqualification to the individual's driving record and the suspension and disqualification shall be effective on the 46th day following the date notice of the suspension was given to the person.

The law enforcement officer submitting the sworn report shall serve immediate notice of this suspension and disqualification to the person and such suspension and disqualification shall be effective on the 46th day following the date notice was given.

In cases where the blood alcohol concentration of 0.08 or more, or any amount of a drug, substance, or intoxicating compound resulting from the unlawful use or consumption of cannabis as listed in the Cannabis Control Act, a controlled substance listed in the Illinois Controlled Substances Act, or an intoxicating compound listed in the Use of Intoxicating Compounds Act, or methamphetamine as listed in the
Methamphetamine Control and Community Protection Act, is established by a subsequent analysis of blood or urine collected at the time of arrest, the arresting officer shall give notice as provided in this Section or by deposit in the United States mail of such notice in an envelope with postage prepaid and addressed to such person at his address as shown on the Uniform Traffic Ticket and the suspension and disqualification shall be effective on the 46th day following the date notice was given.

Upon receipt of the sworn report of a law enforcement officer, the Secretary shall also give notice of the suspension and disqualification to the driver by mailing a notice of the effective date of the suspension and disqualification to the individual. However, should the sworn report be defective by not containing sufficient information or be completed in error, the notice of the suspension and disqualification shall not be mailed to the person or entered to the driving record, but rather the sworn report shall be returned to the issuing law enforcement agency.

(e) A driver may contest this suspension of his or her driving privileges and disqualification of his or her CDL privileges by requesting an administrative hearing with the Secretary in accordance with Section 2-118 of this Code. At the conclusion of a hearing held under Section 2-118 of this Code, the Secretary may rescind, continue, or modify the orders of suspension and disqualification. If the Secretary does not rescind the orders of suspension and disqualification, a restricted driving permit may be granted by the Secretary upon application being made and good cause shown. A restricted driving permit may be granted to relieve undue hardship to allow driving for employment, educational, and medical purposes as outlined in Section 6-206 of this Code. The provisions of Section 6-206 of this Code shall apply. In accordance with 49 C.F.R. 384, the Secretary of State may not issue a restricted driving permit for the operation of a commercial motor vehicle to a person holding a CDL whose driving privileges have been suspended, revoked, cancelled, or disqualified.

(f) (Blank).

(g) For the purposes of this Section, a personal injury shall include any type A injury as indicated on the traffic accident report completed by a
law enforcement officer that requires immediate professional attention in either a doctor's office or a medical facility. A type A injury shall include severely bleeding wounds, distorted extremities, and injuries that require the injured party to be carried from the scene.

Sec. 11-501.8. Suspension of driver's license; persons under age 21.

(a) A person who is less than 21 years of age and who drives or is in actual physical control of a motor vehicle upon the public highways of this State shall be deemed to have given consent to a chemical test or tests of blood, breath, or urine for the purpose of determining the alcohol content of the person's blood if arrested, as evidenced by the issuance of a Uniform Traffic Ticket for any violation of the Illinois Vehicle Code or a similar provision of a local ordinance, if a police officer has probable cause to believe that the driver has consumed any amount of an alcoholic beverage based upon evidence of the driver's physical condition or other first hand knowledge of the police officer. The test or tests shall be administered at the direction of the arresting officer. The law enforcement agency employing the officer shall designate which of the aforesaid tests shall be administered. A urine test may be administered even after a blood or breath test or both has been administered.

(b) A person who is dead, unconscious, or who is otherwise in a condition rendering that person incapable of refusal, shall be deemed not to have withdrawn the consent provided by paragraph (a) of this Section and the test or tests may be administered subject to the following provisions:

(i) Chemical analysis of the person's blood, urine, breath, or other bodily substance, to be considered valid under the provisions of this Section, shall have been performed according to standards promulgated by the Department of State Police by an individual possessing a valid permit issued by that Department for this purpose. The Director of State Police is authorized to approve
satisfactory techniques or methods, to ascertain the qualifications and competence of individuals to conduct analyses, to issue permits that shall be subject to termination or revocation at the direction of that Department, and to certify the accuracy of breath testing equipment. The Department of State Police shall prescribe regulations as necessary.

(ii) When a person submits to a blood test at the request of a law enforcement officer under the provisions of this Section, only a physician authorized to practice medicine, a registered nurse, or other qualified person trained in venipuncture and acting under the direction of a licensed physician may withdraw blood for the purpose of determining the alcohol content therein. This limitation does not apply to the taking of breath or urine specimens.

(iii) The person tested may have a physician, qualified technician, chemist, registered nurse, or other qualified person of his or her own choosing administer a chemical test or tests in addition to any test or tests administered at the direction of a law enforcement officer. The failure or inability to obtain an additional test by a person shall not preclude the consideration of the previously performed chemical test.

(iv) Upon a request of the person who submits to a chemical test or tests at the request of a law enforcement officer, full information concerning the test or tests shall be made available to the person or that person's attorney.

(v) Alcohol concentration means either grams of alcohol per 100 milliliters of blood or grams of alcohol per 210 liters of breath.

(vi) If a driver is receiving medical treatment as a result of a motor vehicle accident, a physician licensed to practice medicine, registered nurse, or other qualified person trained in venipuncture and acting under the direction of a licensed physician shall withdraw blood for testing purposes to ascertain the presence of alcohol upon the specific request of a law enforcement officer. However, that testing shall not be performed until, in the opinion

of the medical personnel on scene, the withdrawal can be made without interfering with or endangering the well-being of the patient.

(c) A person requested to submit to a test as provided above shall be warned by the law enforcement officer requesting the test that a refusal to submit to the test, or submission to the test resulting in an alcohol concentration of more than 0.00, may result in the loss of that person's privilege to operate a motor vehicle and may result in the disqualification of the person's privilege to operate a commercial motor vehicle, as provided in Section 6-514 of this Code, if the person is a CDL holder. The loss of driving privileges shall be imposed in accordance with Section 6-208.2 of this Code.

(d) If the person refuses testing or submits to a test that discloses an alcohol concentration of more than 0.00, the law enforcement officer shall immediately submit a sworn report to the Secretary of State on a form prescribed by the Secretary of State, certifying that the test or tests were requested under subsection (a) and the person refused to submit to a test or tests or submitted to testing which disclosed an alcohol concentration of more than 0.00. The law enforcement officer shall submit the same sworn report when a person under the age of 21 submits to testing under Section 11-501.1 of this Code and the testing discloses an alcohol concentration of more than 0.00 and less than 0.08.

Upon receipt of the sworn report of a law enforcement officer, the Secretary of State shall enter the suspension and disqualification driver's license sanction on the individual's driving record and the suspension and disqualification sanctions shall be effective on the 46th day following the date notice of the suspension sanction was given to the person. If this suspension sanction is the individual's first driver's license suspension under this Section, reports received by the Secretary of State under this Section shall, except during the time the suspension is in effect, be privileged information and for use only by the courts, police officers, prosecuting authorities, the Secretary of State, or the individual personally. The law enforcement officer submitting the sworn report shall serve immediate notice of this suspension driver's license sanction on the person and the suspension and disqualification sanction shall be effective on the 46th day following the date notice was given.

In cases where the blood alcohol concentration of more than 0.00 is established by a subsequent analysis of blood or urine, the police officer or arresting agency shall give notice as provided in this Section or by deposit in the United States mail of that notice in an envelope with postage prepaid and addressed to that person at his last known address and the loss of driving privileges shall be effective on the 46th day following the date notice was given.

Upon receipt of the sworn report of a law enforcement officer, the Secretary of State shall also give notice of the suspension and disqualification driver's license sanction to the driver by mailing a notice of the effective date of the suspension and disqualification sanction to the individual. However, should the sworn report be defective by not containing sufficient information or be completed in error, the notice of the suspension and disqualification shall not be mailed to the person or entered to the driving record, but rather the sworn report shall be returned to the issuing law enforcement agency.

(e) A driver may contest this suspension and disqualification driver's license sanction by requesting an administrative hearing with the Secretary of State in accordance with Section 2-118 of this Code. An individual whose blood alcohol concentration is shown to be more than 0.00 is not subject to this Section if he or she consumed alcohol in the performance of a religious service or ceremony. An individual whose blood alcohol concentration is shown to be more than 0.00 shall not be subject to this Section if the individual's blood alcohol concentration resulted only from ingestion of the prescribed or recommended dosage of medicine that contained alcohol. (2) whether the person was issued a Uniform Traffic Ticket for any violation of the Illinois Vehicle Code or a similar provision of a local ordinance; and

(3) whether the police officer had probable cause to believe that the driver had consumed any amount of an alcoholic beverage based upon the driver's physical actions or other first-hand knowledge of the police officer; and

(4) whether the person, after being advised by the officer that the privilege to operate a motor vehicle would be suspended if the person refused to submit to and complete the test or tests, did refuse to submit to or complete the test or tests to determine the person's alcohol concentration; and

(5) whether the person, after being advised by the officer that the privileges to operate a motor vehicle would be suspended if the person submits to a chemical test or tests and the test or tests disclose an alcohol concentration of more than 0.00, did submit to and complete the test or tests that determined an alcohol concentration of more than 0.00; and

(6) whether the test result of an alcohol concentration of more than 0.00 was based upon the person's consumption of alcohol in the performance of a religious service or ceremony; and

Provided that the petitioner may subpoena the officer, the hearing may be conducted upon a review of the law enforcement officer's own official reports. Failure of the officer to answer the subpoena shall be grounds for a continuance if, in the hearing officer's discretion, the continuance is appropriate. At the conclusion of the hearing held under Section 2-118 of this Code, the Secretary of State may rescind, continue, or modify the suspension and disqualification driver's license sanction. If the Secretary of State does not rescind the suspension and disqualification sanction, a restricted driving permit may be granted by the Secretary of State upon application being made and good cause shown. A restricted driving permit may be granted to relieve undue hardship by allowing driving for employment, educational, and medical purposes as outlined in item (3) of part (c) of Section 6-206 of this Code. The provisions of item (3) of part (c) of Section 6-206 of this Code and of subsection (f) of that Section shall apply. The Secretary of State shall promulgate rules providing for participation in an alcohol education and awareness program or activity, a drug education and awareness program or activity, or both as a condition to the issuance of a restricted driving permit for suspensions imposed under this Section.

(f) The results of any chemical testing performed in accordance with subsection (a) of this Section are not admissible in any civil or criminal proceeding, except that the results of the testing may be considered at a hearing held under Section 2-118 of this Code. However, the results of the testing may not be used to impose driver's license sanctions under Section 11-501.1 of this Code. A law enforcement officer may, however, pursue a statutory summary suspension of driving privileges under Section 11-501.1 of this Code if other physical evidence or first hand knowledge forms the basis of that suspension.

(g) This Section applies only to drivers who are under age 21 at the time of the issuance of a Uniform Traffic Ticket for a violation of the Illinois Vehicle Code or a similar provision of a local ordinance, and a chemical test request is made under this Section.

(h) The action of the Secretary of State in suspending, revoking, cancelling, or disqualifying denying any license or permit, registration, or
certificate of title shall be subject to judicial review in the Circuit Court of Sangamon County or in the Circuit Court of Cook County, and the provisions of the Administrative Review Law and its rules are hereby adopted and shall apply to and govern every action for the judicial review of final acts or decisions of the Secretary of State under this Section.

Sec. 6. Obligation of Park Owner to Offer Written Lease. *Except as provided in this Act, no person shall offer a mobile home or lot for rent or sale in a mobile home park without having first exhibited to the prospective tenant or purchaser a copy of the lease applicable to the respective mobile home park, unless the prospective tenant waives this right in writing.*

(a) The park owner shall be required, *on a date before the date on which the lease is signed*, to offer to each present and future tenant a written lease for a term of not less than 24 months, unless the prospective tenant waives that right and the parties agree to a different term subject to existing leases which shall be continued pursuant to their terms.

(b) Tenants in possession on the effective date of this Act shall have 30 days after receipt of the offer for a written lease within which to accept or reject such offer; during which period, the rent may not be increased or any other terms and conditions changed, except as permitted under this Act; providing that if the tenant has not so elected he shall vacate within the 30 day period.

(c) The park owner shall notify his tenants in writing not later than 30 days after the effective date of this Act, that a written lease shall be available to the tenant and that such lease is being offered in compliance with and will conform to the requirements of this Act.

(e) *The park owner may provide for a specified rent increase between the first and second years of the lease.*

(f) *The park owner may offer a month-to-month tenancy agreement option to a tenant not wishing to make a long-term commitment if the tenant signs a written statement acknowledging that the park owner*
offered the tenant a longer term lease but the tenant chose instead to agree to only a month-to-month tenancy agreement. If the tenant declines to sign either a lease or a statement acknowledging that a lease was offered, the park owner shall sign and deliver to the tenant a statement to that effect. Any month-to-month tenancy agreement must provide a minimum of 90 days' notice to the tenant before any rent increase is effective.

(g) A prospective tenant who executes a lease pursuant to this Section may cancel the lease by notifying the park owner in writing within 3 business days after the prospective tenant's execution of the lease, unless the prospective tenant waives in writing this right to cancel the lease or waives this right by taking possession of the mobile home or the lot. The park owner shall return any security deposit or rent paid by the prospective tenant within 10 days after receiving the written cancellation.

(h) The maximum amount that a park owner may recover as damages for a tenant's early termination of a lease is the amount due under the lease, less any offset or mitigation through a re-lease.

(i) A tenant in possession of a mobile home or lot who is not subject to a current lease on the effective date of this amendatory Act of the 95th General Assembly shall be offered a lease by the park owner within 90 days after the effective date of this amendatory Act of the 95th General Assembly. The tenant or co-tenants must remain current on all rent payments at the rental amount due before the notice of the rent increase. The tenant or co-tenants shall be required to pay, upon sale of the home, the deferred rent portion which represents the difference between the actual monthly rental amount paid starting from the effective date of the rent increase and the monthly amount due per the rent increase notice without any additional interest or penalty charges.

Section 10. Definitions. As used in this Act:
"Department" means the Department of Transportation.
"DUI memorial marker" means a marker on a highway in this State commemorating one or more persons who died as a proximate result of a crash caused by a driver under the influence of alcohol, other drug or drugs, intoxicating compound or compounds, or any combination thereof.
"Qualified relative" means: an immediate relative of the deceased, by marriage, blood, or adoption, such as his or her spouse, son, daughter, mother, father, sister, or brother; a stepmother, stepfather, stepbrother, or stepsister of the deceased; or a person with whom the deceased was in a domestic partnership or civil union as recognized by a State or local law or ordinance.

Section 15. Participation in the Roadside Memorial program.
(a) A qualified relative of a victim may make a request for the installation of a memorial marker in a supporting jurisdiction using an application developed by the supporting jurisdiction. The supporting jurisdiction shall have sole responsibility for determining whether a request for a DUI memorial marker is rejected or accepted.
(b) An application for a DUI memorial marker may be submitted by a qualified relative with regard to any crash that occurred on or after January 1, 2003.
(c) If there is any opposition to the placement of a DUI memorial marker by any qualified relative of any decedent involved in the crash, the supporting jurisdiction shall deny the request.
(d) The supporting jurisdiction shall deny the request or, if a DUI memorial marker has already been installed, may remove the marker, if the qualified relative has provided false or misleading information in the application.

(b) A DUI memorial marker may memorialize more than one victim who died as a result of the same DUI-related crash. If one or more additional DUI crash deaths subsequently occur in close proximity to an existing DUI memorial marker, the supporting jurisdiction may use the same marker to memorialize the subsequent death or deaths, by adding the names of the additional persons.

(c) A DUI memorial marker shall be maintained for at least 2 years from the date the last person was memorialized on the marker.

Sec. 45. Advertising. The purpose of this Section is to authorize and regulate the advertisement by dentists of information which is intended to provide the public with a sufficient basis upon which to make an informed selection of dentists while protecting the public from false or misleading advertisements which would detract from the fair and rational selection process.

Any dentist may advertise the availability of dental services in the public media or on the premises where such dental services are rendered. Such advertising shall be limited to the following information:

reasonable person might regard as relevant in determining whether to seek the dentist's services. However, any advertisement which announces the availability of endodontics, pediatric dentistry, periodontics, prosthodontics, orthodontics and dentofacial orthopedics, oral and maxillofacial surgery, or oral and maxillofacial radiology by a general dentist or by a licensed specialist who is not licensed in that specialty shall include a disclaimer stating that the dentist does not hold a license in that specialty.

It is unlawful for any dentist licensed under this Act to do any of the following:

1. Use testimonials or claims of superior quality of care to entice the public.

3. Pay a fee to any dental referral service or other third party who advertises a dental referral service, unless all advertising of the dental referral service makes it clear that dentists are paying a fee for that referral service.
4. Advertise or offer gifts as an inducement to secure dental patronage. Dentists may advertise or offer free examinations or free dental services; it shall be unlawful, however, for any dentist to charge a fee to any new patient for any dental service provided at the time that such free examination or free dental services are provided.
5. Use the term "sedation dentistry" or similar terms in advertising unless the advertising dentist holds a valid and current permit issued by the Department to administer either general anesthesia, deep sedation, or conscious sedation as required under Section 8.1 of this Act.

This Act does not authorize the advertising of dental services when the offeror of such services is not a dentist. Nor shall the dentist use statements which contain false, fraudulent, deceptive or misleading material or guarantees of success, statements which play upon the vanity
or fears of the public, or statements which promote or produce unfair competition.

A dentist shall be required to keep a copy of all advertisements for a period of 3 years. All advertisements in the dentist's possession shall indicate the accurate date and place of publication.

In each case the Secretary may issue a restricted driving permit for a period deemed appropriate, except that all permits shall expire within one year from the date of issuance. The Secretary may not, however, issue a restricted driving permit to any person whose current revocation is the result of a second or subsequent conviction for a violation of Section 11-501 of this Code or a similar provision of a local ordinance relating to the offense of operating or being in physical control of a motor vehicle while under the influence of alcohol, other drug or drugs, intoxicating compound or compounds, or any similar out-of-state offense, or any combination of those offenses, until the expiration of at least one year from the date of the revocation. A restricted driving permit issued under this Section shall be subject to cancellation, revocation, and suspension by the Secretary of State in like manner and for like cause as a driver's license issued under this Code may be cancelled, revoked, or suspended; except that a conviction upon one or more offenses against laws or ordinances regulating the movement of traffic shall be deemed sufficient cause for the revocation, suspension, or cancellation of a restricted driving permit. The Secretary of State may, as a condition to the issuance of a restricted driving permit, require the applicant to participate in a designated driver remedial or rehabilitative program. The Secretary of State is authorized to cancel a restricted driving permit if the permit holder does not successfully complete the program.

(c-5) The Secretary of State may, as a condition of the reissuance of a driver's license or permit to an applicant whose driver's license or permit has been suspended before he or she reached the age of 18 years pursuant to any of the provisions of this Section, require the applicant to participate in a driver remedial education course and be retested under Section 6-109 of this Code.

(d) This Section is subject to the provisions of the Drivers License Compact.

Sec. 6-206.1. Monitoring Device Driving Judicial Driving Permit.

Declaration of Policy. It is hereby declared a policy of the State of Illinois that the driver who is impaired by alcohol, other drug or drugs, or intoxicating compound or compounds is a threat to the public safety and welfare. Therefore, to provide a deterrent to such practice and to remove problem drivers from the highway, a statutory summary driver's license suspension is appropriate. It is also recognized that driving is a privilege and therefore, that in some cases the granting of limited driving privileges, in a manner consistent with public safety, is warranted during the period of suspension in the form of a monitoring device driving permit. A person who drives and fails to comply with the requirements of the monitoring device driving permit commits a violation of Section 6-303 of this Code and is eligible for a judicial driving permit to drive for the purpose of employment, receiving drug treatment or medical care, and educational pursuits, where no alternative means of transportation is available.

The following procedures shall apply whenever a first offender is arrested for any offense as defined in Section 11-501 or a similar provision of a local ordinance:

(a) Subsequent to a notification of a statutory summary suspension of driving privileges as provided in Section 11-501.1, the court, after informing the first offender, as defined in Section 11-500, of his or her right to a monitoring device driving permit, hereinafter referred to as a MDDP, and of the obligations of the MDDP, shall enter an order

directing the Secretary of State to issue a MDDP to the offender, unless
the offender has opted, in writing, not to have a MDDP issued. However,
the court shall not enter the order directing the Secretary of State to issue
the MDDP, if the court finds:
(1) The offender's driver's license is otherwise valid;
(2) No death or great bodily harm resulted from the arrest
for Section 11-501;
(3) That the offender has not been previously convicted of
reckless homicide; and
(4) That the offender is not less than 18 years of age.
Any court order for a MDDP shall order the person to pay the Secretary
of State a MDDP Administration Fee an amount not to exceed $30 per
month. The Secretary shall establish by rule the amount and the
procedures, terms, and conditions relating to these fees. The order shall
further specify that the offender must have an ignition interlock device
installed within 14 days of the date the Secretary issues the MDDP, and
shall specify the vehicle in which the device is to be installed. The ignition
interlock device provider must notify the Secretary, in a manner and form
prescribed by the Secretary, of the installation. If the Secretary does not
receive notice of installation, the Secretary shall cancel the MDDP. the
first offender as defined in Section 11-500 may petition the circuit court of
venue for a Judicial Driving Permit, hereinafter referred as a JDP, to
relieve undue hardship. The court may issue a court order, pursuant to the
criteria contained in this Section, directing the Secretary of State to issue
such a JDP to the petitioner. A MDDP JDP shall not become effective
prior to the 31st day of the original statutory summary suspension. and
shall always be subject to the following criteria:
(a-1) A person issued a MDDP may drive for any purpose and at
any time, subject to the rules adopted by the Secretary of State under
subsection (g). The person must, at his or her own expense, drive only
vehicles equipped with an ignition interlock device as defined in Section 1-
129.1, but in no event shall such person drive a commercial motor vehicle.
(a-2) Persons who are issued a MDDP and must drive employer-
owned vehicles in the course of their employment duties may seek

permission from the court to drive an employer-owned vehicle that does not have an ignition interlock device. The employee shall provide to the court a form, prescribed by the Secretary of State, completed by the employer verifying that the employee must drive an employer-owned vehicle in the course of employment. If approved by the court, the form must be file stamped and must be in the driver's possession while operating an employer-owned vehicle not equipped with an ignition interlock device. No person may use this exemption to drive a school bus, school vehicle, or a vehicle designed to transport more than 15 passengers. No person may use this exemption to drive an employer-owned motor vehicle that is owned by an entity that is wholly or partially owned by the person holding the MDDP, or by a family member of the person holding the MDDP. No person may use this exemption to drive an employer-owned vehicle that is made available to the employee for personal use. No person may drive the exempted vehicle more than 12 hours per day, 6 days per week.

1. If ordered for the purposes of employment, the JDP shall be only for the purpose of providing the petitioner the privilege of driving a motor vehicle between the petitioner's residence and the petitioner's place of employment and return, or within the scope of the petitioner's employment related duties, shall be effective only during and limited to those specific times and routes actually required to commute or perform the petitioner's employment related duties.

2. The court, by a court order, may also direct the Secretary of State to issue a JDP to allow transportation for the petitioner, or a household member of the petitioner's family, to receive alcohol, drug, or intoxicating compound treatment or medical care, if the petitioner is able to demonstrate that no alternative means of transportation is reasonably available. Such JDP shall be effective only during the specific times actually required to commute.

3. The court, by a court order, may also direct the Secretary of State to issue a JDP to allow transportation by the petitioner for educational purposes upon demonstrating that there are no

alternative means of transportation reasonably available to accomplish those educational purposes. Such JDP shall be only for the purpose of providing transportation to and from the petitioner's residence and the petitioner's place of educational activity, and only during the specific times and routes actually required to commute or perform the petitioner's educational requirement.

4. The Court shall not issue an order granting a JDP to:
   (i) Any person unless and until the court, after considering the results of a current professional evaluation of the person's alcohol or other drug use by an agency pursuant to Section 15-10 of the Alcoholism and Other Drug Abuse and Dependency Act and other appropriate investigation of the person, is satisfied that granting the privilege of driving a motor vehicle on the highways will not endanger the public safety or welfare.
   (ii) Any person who has been convicted of reckless homicide within the previous 5 years.
   (iii) Any person whose privilege to operate a motor vehicle was invalid at the time of arrest for the current violation of Section 11-501, or a similar provision of a local ordinance, except in cases where the cause for a driver's license suspension has been removed at the time a JDP is effective. In any case, should the Secretary of State enter a suspension or revocation of driving privileges pursuant to the provisions of this Code while the JDP is in effect or pending, the Secretary shall take the prescribed action and provide a notice to the person and the court ordering the issuance of the JDP that all driving privileges, including those provided by the issuance of the JDP, have been withdrawn.

(b) **(Blank).** Prior to ordering the issuance of a JDP, the Court should consider at least, but not be limited to, the following issues:

1. Whether the person is employed and no other means of commuting to the place of employment is available or that the person must drive as a condition of employment. The employer shall certify the hours of employment and the need and parameters necessary for driving as a condition to employment.

2. Whether the person must drive to secure alcohol or other medical treatment for himself or a family member.

3. Whether the person must drive for educational purposes. The educational institution shall certify the person's enrollment in and academic schedule at the institution.

4. Whether the person has been repeatedly convicted of traffic violations or involved in motor vehicle accidents to a degree which indicates disrespect for public safety.

5. Whether the person has been convicted of a traffic violation in connection with a traffic accident resulting in the death of any person within the last 5 years.

6. Whether the person has any additional traffic violations pending in any court.

For purposes of this Section, programs conducting professional evaluations of a person's alcohol, other drug, or intoxicating compound use must report, to the court of venue, using a form prescribed by the Secretary of State. A copy of such evaluations shall be sent to the Secretary of State by the court. However, the evaluation information shall be privileged and only available to courts and to the Secretary of State, but shall not be admissible in the subsequent trial on the underlying charge.

(c) **(Blank).** The scope of any court order issued for a JDP under this Section shall be limited to the operation of a motor vehicle as provided for in subsection (a) of this Section and shall specify the...
petitioner's residence, place of employment or location of educational institution, and the scope of job related duties, if relevant. The JDP shall also specify days of the week and specific hours of the day when the petitioner is able to exercise the limited privilege of operating a motor vehicle:

(c-1) If the petitioner is issued a citation for a violation of Section 6-303 during the period of a statutory summary suspension entered under Section 11-501.1 of this Code, or if the petitioner is charged with a violation of Section 11-501 or a similar provision of a local ordinance or a similar out of state offense which occurs after the current violation of Section 11-501 or a similar provision of a local ordinance, the court may not grant the petitioner a JDP unless the petitioner is acquitted or the citation or complaint is otherwise dismissed.

If the person petitioner is issued a citation for a violation of Section 6-303 or a violation of Section 11-501 or a similar provision of a local ordinance or a similar out of state offense during the term of the MDDP JDP, the officer issuing the citation, or the law enforcement agency employing that officer, shall confiscate the MDDP JDP and immediately send the MDDP JDP and notice of the citation to the court that ordered the issuance of the MDDP JDP. Within 10 days of receipt, the issuing court, upon notice to the person petitioner, shall conduct a hearing to consider cancellation of the MDDP JDP. If the court enters an order of cancellation, the court shall forward the order to the Secretary of State, and the Secretary shall cancel the MDDP JDP and notify the person petitioner of the cancellation. If, however, the person petitioner is convicted of the offense before the MDDP JDP has been cancelled, the court of venue shall send notice of conviction to the court that ordered issuance of the MDDP JDP. The court receiving the notice shall immediately enter an order of cancellation and forward the order to the Secretary of State. The Secretary shall cancel the JDP and notify the person petitioner of the cancellation.

If the person petitioner is issued a citation for any other traffic related offense during the term of the MDDP JDP, the officer issuing the citation, or the law enforcement agency employing that officer, shall send notice of the citation to the court that ordered issuance of the MDDP JDP.

Upon receipt and notice to the *person petitioner* and an opportunity for a hearing, the court shall determine whether the violation constitutes grounds for cancellation of the *MDDP JDP*. If the court enters an order of cancellation, the court shall forward the order to the Secretary of State, and the Secretary shall cancel the *MDDP JDP* and shall notify the *person petitioner* of the cancellation.

(c-5) If the court determines that the person seeking the *MDDP* is indigent, the court shall provide the person with a written document, in a form prescribed by the Secretary of State, as evidence of that determination, and the person shall provide that written document to an ignition interlock device provider. The provider shall install an ignition interlock device on that person's vehicle without charge to the person, and seek reimbursement from the Indigent BAIID Fund.

(d) The Secretary of State shall, upon receiving a court order from the court of venue, issue a *MDDP JDP* to a *person who applies successful Petitioner* under this Section. Such court order form shall also contain a notification, which shall be sent to the Secretary of State, providing the name, driver's license number and legal address of the *applicant successful petitioner*, and the full and detailed description of the limitations of the *JDP*. This information shall be available only to the courts, police officers, and the Secretary of State, except during the actual period the *MDDP JDP* is valid, during which time it shall be a public record. The Secretary of State shall design and furnish to the courts an official court order form to be used by the courts when directing the Secretary of State to issue a *MDDP JDP*.

Any submitted court order that contains insufficient data or fails to comply with this Code shall not be utilized for *MDDP JDP* issuance or entered to the driver record but shall be returned to the issuing court indicating why the *MDDP JDP* cannot be so entered. A notice of this action shall also be sent to the *MDDP applicant JDP petitioner* by the Secretary of State.

this Section, concurrently. Such concurrent hearing shall proceed in the court in the same manner as in other civil proceedings.

(f) (Blank). The circuit court of venue may, as a condition of the issuance of a JDP, prohibit the person from operating a motor vehicle not equipped with an ignition interlock device.

(g) The Secretary of State shall adopt rules for implementing this Section. The rules adopted shall address issues including, but not limited to: compliance with the requirements of the MDDP; methods for determining compliance with those requirements; the consequences of noncompliance with those requirements; what constitutes a violation of the MDDP; and the duties of a person or entity that supplies the ignition interlock device.

(h) The rules adopted under subsection (g) shall provide, at a minimum, that the person is not in compliance with the requirements of the MDDP if he or she:

(1) tampers or attempts to tamper with or circumvent the proper operation of the ignition interlock device;
(2) provides valid breath samples that register blood alcohol levels in excess of the number of times allowed under the rules;
(3) fails to provide evidence sufficient to satisfy the Secretary that the ignition interlock device has been installed in the designated vehicle or vehicles; or
(4) fails to follow any other applicable rules adopted by the Secretary.

(i) Any person or entity that supplies an ignition interlock device as provided under this Section shall, in addition to supplying only those devices which fully comply with all the rules adopted under subsection (g), provide the Secretary, within 7 days of inspection, all monitoring reports of each person who has had an ignition interlock device installed. These reports shall be furnished in a manner or form as prescribed by the Secretary.

(j) Upon making a determination that a violation of the requirements of the MDDP has occurred, the Secretary shall extend the
summary suspension period for an additional 3 months beyond the originally imposed summary suspension period, during which time the person shall only be allowed to drive vehicles equipped with an ignition interlock device; provided further there are no limitations on the number of times the summary suspension may be extended. Any person whose summary suspension is extended pursuant to this Section shall have the right to contest the extension through an administrative hearing with the Secretary. If the summary suspension has already terminated prior to the Secretary receiving the monitoring report that shows a violation, the Secretary shall be authorized to suspend the person's driving privileges for 3 months. The only permit the person shall be eligible for during this new suspension period is a MDDP.

(k) A person who has had his or her summary suspension extended for the third time shall have his or her vehicle impounded for a period of 30 days, at the person's own expense. A person who has his or her summary suspension extended for the fourth time shall have his or her vehicle subject to seizure and forfeiture. The Secretary shall notify the prosecuting authority of any third or fourth extensions. Upon receipt of the notification, the prosecuting authority shall impound or forfeit the vehicle.

(l) A person whose driving privileges have been suspended under Section 11-501.1 of this Code and who had a MDDP that was cancelled pursuant to subsection (c-1) of this Section, shall not be eligible for reinstatement when the summary suspension is scheduled to terminate, but instead shall be eligible only to apply for a restricted driving permit. If a restricted driving permit is granted, the offender may only operate vehicles equipped with an ignition interlock device, for a period of not less than twice the original summary suspension period.

(m) Any person or entity that supplies an ignition interlock device under this Section shall, for each ignition interlock device installed, pay 5% of the total gross revenue received for the device into the Indigent BAIID Fund. This 5% shall be clearly indicated as a separate surcharge on each invoice that is issued. The Secretary shall conduct an annual review of the fund to determine whether the surcharge is sufficient to
provide for indigent users. The Secretary may increase or decrease this surcharge requirement as needed.

(n) Any person or entity that supplies an ignition interlock device under this Section that is requested to provide an ignition interlock device to a person who presents written documentation of indigency from the court, as provided in subsection (c-5) of this Section, shall install the device on the person's vehicle without charge to the person and shall seek reimbursement from the Indigent BAIID Fund.

(o) The Indigent BAIID Fund is created as a special fund in the State treasury. The Secretary of State shall, subject to appropriation by the General Assembly, use all money in the Indigent BAIID Fund to reimburse ignition interlock device providers who have installed devices in vehicles of indigent persons pursuant to court orders issued under this Section. The Secretary shall make payments to such providers every 3 months. If the amount of money in the fund at the time payments are made is not sufficient to pay all requests for reimbursement submitted during that 3 month period, the Secretary shall make payments on a pro-rata basis, and those payments shall be considered payment in full for the requests submitted.

(p) The Monitoring Device Driving Permit Administration Fee Fund is created as a special fund in the State treasury. The Secretary of State shall, subject to appropriation by the General Assembly, use the money paid into this fund to offset its administrative costs for administering MDDPs.

Section 15. The Unified Code of Corrections is amended by changing Section 5-6-1 as follows:

(730 ILCS 5/5-6-1) (from Ch. 38, par. 1005-6-1)

New matter indicated by italics - deletions by strikeout
Sec. 5-6-1. Sentences of Probation and of Conditional Discharge and Disposition of Supervision. The General Assembly finds that in order to protect the public, the criminal justice system must compel compliance with the conditions of probation by responding to violations with swift, certain and fair punishments and intermediate sanctions. The Chief Judge of each circuit shall adopt a system of structured, intermediate sanctions for violations of the terms and conditions of a sentence of probation, conditional discharge or disposition of supervision.

(a) Except where specifically prohibited by other provisions of this Code, the court shall impose a sentence of probation or conditional discharge upon an offender unless, having regard to the nature and circumstance of the offense, and to the history, character and condition of the offender, the court is of the opinion that:

(1) his imprisonment or periodic imprisonment is necessary for the protection of the public; or

(2) probation or conditional discharge would deprecate the seriousness of the offender's conduct and would be inconsistent with the ends of justice; or

(3) a combination of imprisonment with concurrent or consecutive probation when an offender has been admitted into a drug court program under Section 20 of the Drug Court Treatment Act is necessary for the protection of the public and for the rehabilitation of the offender.

The court shall impose as a condition of a sentence of probation, conditional discharge, or supervision, that the probation agency may invoke any sanction from the list of intermediate sanctions adopted by the chief judge of the circuit court for violations of the terms and conditions of the sentence of probation, conditional discharge, or supervision, subject to the provisions of Section 5-6-4 of this Act.

(b) The court may impose a sentence of conditional discharge for an offense if the court is of the opinion that neither a sentence of imprisonment nor of periodic imprisonment nor of probation supervision is appropriate.
(b-1) Subsections (a) and (b) of this Section do not apply to a defendant charged with a misdemeanor or felony under the Illinois Vehicle Code or reckless homicide under Section 9-3 of the Criminal Code of 1961 if the defendant within the past 12 months has been convicted of or pleaded guilty to a misdemeanor or felony under the Illinois Vehicle Code or reckless homicide under Section 9-3 of the Criminal Code of 1961.

(c) The court may, upon a plea of guilty or a stipulation by the defendant of the facts supporting the charge or a finding of guilt, defer further proceedings and the imposition of a sentence, and enter an order for supervision of the defendant, if the defendant is not charged with: (i) a Class A misdemeanor, as defined by the following provisions of the Criminal Code of 1961: Sections 11-9.1; 12-3.2; 12-15; 26-5; 31-1; 31-6; 31-7; subsections (b) and (c) of Section 21-1; paragraph (1) through (5), (8), (10), and (11) of subsection (a) of Section 24-1; (ii) a Class A misdemeanor violation of Section 3.01, 3.03-1, or 4.01 of the Humane Care for Animals Act; or (iii) felony. If the defendant is not barred from receiving an order for supervision as provided in this subsection, the court may enter an order for supervision after considering the circumstances of the offense, and the history, character and condition of the offender, if the court is of the opinion that:

(1) the offender is not likely to commit further crimes;
(2) the defendant and the public would be best served if the defendant were not to receive a criminal record; and
(3) in the best interests of justice an order of supervision is more appropriate than a sentence otherwise permitted under this Code.

(d) The provisions of paragraph (c) shall not apply to a defendant charged with violating Section 11-501 of the Illinois Vehicle Code or a similar provision of a local ordinance when the defendant has previously been:

(1) convicted for a violation of Section 11-501 of the Illinois Vehicle Code or a similar provision of a local ordinance or any similar law or ordinance of another state; or

The court shall consider the statement of the prosecuting authority with regard to the standards set forth in this Section.

(1) convicted for a violation of Section 16A-3 of the Criminal Code of 1961; or

(2) assigned supervision for a violation of Section 16A-3 of the Criminal Code of 1961.

The court shall consider the statement of the prosecuting authority with regard to the standards set forth in this Section.

The accused shall be responsible for payment of any traffic safety program fees. If the accused fails to file a certificate of successful completion on or before the termination date of the supervision order, the supervision shall be summarily revoked and conviction entered. The provisions of Supreme Court Rule 402 relating to pleas of guilty do not apply in cases when a defendant enters a guilty plea under this provision; or

In addition to the $20 fee, the person shall also pay a fee of $5, which, if not waived by the court, shall be collected as provided in Sections 27.5 and 27.6 of the Clerks of Courts Act. Sec. 18-135. Taxing district in 2 or more counties.

Any adjustments necessitated by the estimation procedure authorized by this Section shall be made by increasing or decreasing the tax extension by fund for each taxing district where the estimation procedures were used.

(d) For taxing districts subject to the Property Tax Extension Limitation Law, the adjustment for paragraph (c) shall be made after the limiting rate has been calculated using the aggregate extension base, as defined in Section 18-185, adjusted for the over or under extension due to
the use of an estimated valuation by the county on the last preceding aggregate extension.

"Aggregate extension" for all taxing districts to which this Law applies in accordance with Section 18-213, except for those taxing districts subject to paragraph (2) of subsection (e) of Section 18-213, means the annual corporate extension for the taxing district and those special purpose extensions that are made annually for the taxing district, excluding special purpose extensions: (a) made for the taxing district to pay interest or principal on general obligation bonds that were approved by referendum;
(b) made for any taxing district to pay interest or principal on general obligation bonds issued before the date on which the referendum making this Law applicable to the taxing district is held; (c) made for any taxing district to pay interest or principal on bonds issued to refund or continue to refund those bonds issued before the date on which the referendum making this Law applicable to the taxing district is held; (d) made for any taxing district to pay interest or principal on bonds issued to refund or continue to refund bonds issued after the date on which the referendum making this Law applicable to the taxing district is held if the bonds were approved by referendum after the date on which the referendum making this Law applicable to the taxing district is held; (e) made for any taxing district to pay interest or principal on revenue bonds issued before the date on which the referendum making this Law applicable to the taxing district is held for payment of which a property tax levy or the full faith and credit of the unit of local government is pledged; however, a tax for the payment of interest or principal on those bonds shall be made only after the governing body of the unit of local government finds that all other sources for payment are insufficient to make those payments; (f) made for payments under a building commission lease when the lease payments are for the retirement of bonds issued by the commission before the date on which the referendum making this Law applicable to the taxing district is held to pay for the building project; (g) made for payments due under installment contracts entered into before the date on which the referendum making this Law applicable to the taxing district is held; (h) made for payments of principal and interest on limited bonds, as defined in Section 3 of the Local Government Debt Reform Act, in an amount not to exceed the debt service extension base less the amount in items (b), (c), and (e) of this definition for non-referendum obligations, except obligations initially issued pursuant to referendum; (i) made for payments of principal and interest on bonds issued under Section 15 of the Local Government Debt Reform Act; (j) made for a qualified airport authority to pay interest or principal on general obligation bonds issued for the purpose of paying obligations due under, or financing airport facilities required to be acquired, constructed, installed or equipped pursuant to, contracts entered

into before March 1, 1996 (but not including any amendments to such a contract taking effect on or after that date); (k) made to fund expenses of providing joint recreational programs for the handicapped under Section 5-8 of the Park District Code or Section 11-95-14 of the Illinois Municipal Code; and (l) made for contributions to a firefighter's pension fund created under Article 4 of the Illinois Pension Code, to the extent of the amount certified under item (5) of Section 4-134 of the Illinois Pension Code.

"Aggregate extension" for all taxing districts to which this Law applies in accordance with paragraph (2) of subsection (e) of Section 18-213 means the annual corporate extension for the taxing district and those special purpose extensions that are made annually for the taxing district, excluding special purpose extensions: (a) made for the taxing district to pay interest or principal on general obligation bonds that were approved by referendum; (b) made for any taxing district to pay interest or principal on general obligation bonds issued before the effective date of this amendatory Act of 1997; (c) made for any taxing district to pay interest or principal on bonds issued to refund or continue to refund those bonds issued before the effective date of this amendatory Act of 1997; (d) made for any taxing district to pay interest or principal on bonds issued to refund or continue to refund those bonds issued after the effective date of this amendatory Act of 1997 if the bonds were approved by referendum after the effective date of this amendatory Act of 1997; (e) made for any taxing district to pay interest or principal on revenue bonds issued before the effective date of this amendatory Act of 1997 for payment of which a property tax levy or the full faith and credit of the unit of local government is pledged; however, a tax for the payment of interest or principal on those bonds shall be made only after the governing body of the unit of local government finds that all other sources for payment are insufficient to make those payments; (f) made for payments under a building commission lease when the lease payments are for the retirement of bonds issued by the commission before the effective date of this amendatory Act of 1997 to pay for the building project; (g) made for payments due under installment contracts entered into before the effective date of this amendatory Act of 1997; (h) made for payments of principal and interest on limited bonds, as

defined in Section 3 of the Local Government Debt Reform Act, in an amount not to exceed the debt service extension base less the amount in items (b), (c), and (e) of this definition for non-referendum obligations, except obligations initially issued pursuant to referendum; (i) made for payments of principal and interest on bonds issued under Section 15 of the Local Government Debt Reform Act; (j) made for a qualified airport authority to pay interest or principal on general obligation bonds issued for the purpose of paying obligations due under, or financing airport facilities required to be acquired, constructed, installed or equipped pursuant to contracts entered into before March 1, 1996 (but not including any amendments to such a contract taking effect on or after that date); (k) made to fund expenses of providing joint recreational programs for the handicapped under Section 5-8 of the Park District Code or Section 11-95-14 of the Illinois Municipal Code; and (l) made for contributions to a firefighter's pension fund created under Article 4 of the Illinois Pension Code, to the extent of the amount certified under item (5) of Section 4-134 of the Illinois Pension Code.

"Debt service extension base" means an amount equal to that portion of the extension for a taxing district for the 1994 levy year, or for those taxing districts subject to this Law in accordance with Section 18-213, except for those subject to paragraph (2) of subsection (e) of Section 18-213, for the levy year in which the referendum making this Law applicable to the taxing district is held, or for those taxing districts subject to this Law in accordance with paragraph (2) of subsection (e) of Section 18-213 for the 1996 levy year, constituting an extension for payment of principal and interest on bonds issued by the taxing district without referendum, but not including excluded non-referendum bonds. For park districts (i) that were first subject to this Law in 1991 or 1995 and (ii) whose extension for the 1994 levy year for the payment of principal and interest on bonds issued by the park district without referendum (but not including excluded non-referendum bonds) was less than 51% of the amount for the 1991 levy year constituting an extension for payment of principal and interest on bonds issued by the park district without referendum (but not including excluded non-referendum bonds), "debt
service extension base" means an amount equal to that portion of the extension for the 1991 levy year constituting an extension for payment of principal and interest on bonds issued by the park district without referendum (but not including excluded non-referendum bonds). The debt service extension base may be established or increased as provided under Section 18-212. "Excluded non-referendum bonds" means (i) bonds authorized by Public Act 88-503 and issued under Section 20a of the Chicago Park District Act for aquarium and museum projects; (ii) bonds issued under Section 15 of the Local Government Debt Reform Act; or (iii) refunding obligations issued to refund or to continue to refund obligations initially issued pursuant to referendum.

"Special purpose extensions" include, but are not limited to, extensions for levies made on an annual basis for unemployment and workers' compensation, self-insurance, contributions to pension plans, and extensions made pursuant to Section 6-601 of the Illinois Highway Code for a road district's permanent road fund whether levied annually or not. The extension for a special service area is not included in the aggregate extension.

"Aggregate extension base" means the taxing district's last preceding aggregate extension as adjusted under Sections 18-135, 18-215, and through 18-230. An adjustment under Section 18-135 shall be made for the 2007 levy year and all subsequent levy years whenever one or more counties within which a taxing district is located (i) used estimated valuations or rates when extending taxes in the taxing district for the last preceding levy year that resulted in the over or under extension of taxes, or (ii) increased or decreased the tax extension for the last preceding levy year as required by Section 18-135(c). Whenever an adjustment is required under Section 18-135, the aggregate extension base of the taxing district shall be equal to the amount that the aggregate extension of the taxing district would have been for the last preceding levy year if either or both (i) actual, rather than estimated, valuations or rates had been used to calculate the extension of taxes for the last levy year, or (ii) the tax extension for the last preceding levy year had not been adjusted as required by subsection (c) of Section 18-135.

"Levy year" has the same meaning as "year" under Section 1-155. "New property" means (i) the assessed value, after final board of review or board of appeals action, of new improvements or additions to existing improvements on any parcel of real property that increase the assessed value of that real property during the levy year multiplied by the equalization factor issued by the Department under Section 17-30, (ii) the assessed value, after final board of review or board of appeals action, of real property not exempt from real estate taxation, which real property was exempt from real estate taxation for any portion of the immediately preceding levy year, multiplied by the equalization factor issued by the Department under Section 17-30, including the assessed value, upon final stabilization of occupancy after new construction is complete, of any real property located within the boundaries of an otherwise or previously exempt military reservation that is intended for residential use and owned by or leased to a private corporation or other entity, and (iii) in counties that classify in accordance with Section 4 of Article IX of the Illinois Constitution, an incentive property's additional assessed value resulting from a scheduled increase in the level of assessment as applied to the first year final board of review market value. In addition, the county clerk in a county containing a population of 3,000,000 or more shall include in the 1997 recovered tax increment value for any school district, any recovered tax increment value that was applicable to the 1995 tax year calculations.

"Qualified airport authority" means an airport authority organized under the Airport Authorities Act and located in a county bordering on the State of Wisconsin and having a population in excess of 200,000 and not greater than 500,000.

"Recovered tax increment value" means, except as otherwise provided in this paragraph, the amount of the current year's equalized assessed value, in the first year after a municipality terminates the designation of an area as a redevelopment project area previously established under the Tax Increment Allocation Development Act in the Illinois Municipal Code, previously established under the Industrial Jobs Recovery Law in the Illinois Municipal Code, or previously established under the Economic Development Area Tax Increment Allocation Act, of

New matter indicated by italics - deletions by strikeout
each taxable lot, block, tract, or parcel of real property in the redevelopment project area over and above the initial equalized assessed value of each property in the redevelopment project area. For the taxes which are extended for the 1997 levy year, the recovered tax increment value for a non-home rule taxing district that first became subject to this Law for the 1995 levy year because a majority of its 1994 equalized assessed value was in an affected county or counties shall be increased if a municipality terminated the designation of an area in 1993 as a redevelopment project area previously established under the Tax Increment Allocation Development Act in the Illinois Municipal Code, previously established under the Industrial Jobs Recovery Law in the Illinois Municipal Code, or previously established under the Economic Development Area Tax Increment Allocation Act, by an amount equal to the 1994 equalized assessed value of each taxable lot, block, tract, or parcel of real property in the redevelopment project area over and above the initial equalized assessed value of each property in the redevelopment project area. In the first year after a municipality removes a taxable lot, block, tract, or parcel of real property from a redevelopment project area established under the Tax Increment Allocation Development Act in the Illinois Municipal Code, the Industrial Jobs Recovery Law in the Illinois Municipal Code, or the Economic Development Area Tax Increment Allocation Act, "recovered tax increment value" means the amount of the current year's equalized assessed value of each taxable lot, block, tract, or parcel of real property removed from the redevelopment project area over and above the initial equalized assessed value of that real property before removal from the redevelopment project area.

Except as otherwise provided in this Section, "limiting rate" means a fraction the numerator of which is the last preceding aggregate extension base times an amount equal to one plus the extension limitation defined in this Section and the denominator of which is the current year's equalized assessed value of all real property in the territory under the jurisdiction of the taxing district during the prior levy year. For those taxing districts that reduced their aggregate extension for the last preceding levy year, the highest aggregate extension in any of the last 3 preceding levy years shall

be used for the purpose of computing the limiting rate. The denominator shall not include new property or the recovered tax increment value. If a new rate, a rate decrease, or a limiting rate increase has been approved at an election held after March 21, 2006, then (i) the otherwise applicable limiting rate shall be increased by the amount of the new rate or shall be reduced by the amount of the rate decrease, as the case may be, or (ii) in the case of a limiting rate increase, the limiting rate shall be equal to the rate set forth in the proposition approved by the voters for each of the years specified in the proposition, after which the limiting rate of the taxing district shall be calculated as otherwise provided.

Section 5. The Abused and Neglected Child Reporting Act is amended by changing Section 4.2 as follows:

(325 ILCS 5/4.2)

Sec. 4.2. Departmental report on death or serious life-threatening injury of child.

(a) In the case of the death or serious life-threatening injury of a child whose care and custody or custody and guardianship has been transferred to the Department, or in the case of a child abuse or neglect report made to the central register involving the death of a child, the Department shall (i) investigate or provide for an investigation of the cause of and circumstances surrounding the death or serious life-threatening injury, (ii) review the investigation, and (iii) prepare and issue a report on the death or serious life-threatening injury.

(b) The report shall include (i) the cause of death or serious life-threatening injury, whether from natural or other causes, (ii) identification of child protective or other services provided or actions taken regarding the child and his or her family, (iii) any extraordinary or pertinent information concerning the circumstances of the child's death or serious life-threatening injury, (iii) identification of child protective or other social services provided or actions taken regarding the child or his or her family at the time of the death or serious life-threatening injury or within the preceding 5 years, (iv) whether the child or the child's family had received assistance, care, or services from the social services district prior to the child's death, (v) any action or further investigation undertaken by the Department since the death or serious life-threatening injury of the child, (v) and—(vi) as appropriate, recommendations for State administrative or policy changes, and (vi) whether the alleged perpetrator of the abuse or neglect has been charged with committing a crime related to the report and allegation of abuse or neglect. In any case involving the
death or near death of a child, when a person responsible for the child has been charged with committing a crime that results in the child's death or near death, there shall be a presumption that the best interest of the public will be served by public disclosure of certain information concerning the circumstances of the investigations of the death or near death of the child and any other investigations concerning that child or other children living in the same household.

If the Department receives from the public a request for information relating to a case of child abuse or neglect involving the death or serious life-threatening injury of a child, the Director shall consult with the State's Attorney in the county of venue and release the report related to the case, except for the following, which may be redacted from the information disclosed to the public: any mental health or psychological information that is confidential as otherwise provided in State law; privileged communications of an attorney; the identity of the individual or individuals, if known, who made the report; information that may cause mental or physical harm to a sibling or another child living in the household; information that may undermine an ongoing criminal investigation; and any information prohibited from disclosure by federal law or regulation. Any information provided by an adult subject of a report that is released about the case in a public forum shall be subject to disclosure upon a public information request. Information about the case shall also be subject to disclosure upon consent of an adult subject. Information about the case shall also be subject to disclosure if it has been publicly disclosed in a report by a law enforcement agency or official, a State's Attorney, a judge, or any other State or local investigative agency or official. The report shall contain no information that would identify the name of the deceased child, his or her siblings, the parent or other person legally responsible for the child, or any other members of the child's household, but shall refer instead to the case, which may be denoted in any fashion determined appropriate by the Department. In making a fatality report available to the public pursuant to subsection (c) of this Section, the Department may respond to a child specific request for a report if the Department determines that the disclosure is not contrary to the best
interests of the deceased child's siblings or other children in the household. Except as it may apply directly to the cause of the death or serious life-threatening injury of the child, nothing in this Section shall be deemed to authorize the release or disclosure to the public of the substance or content of any psychological, psychiatric, therapeutic, clinical, or medical reports, evaluation, or like materials or information pertaining to the child or the child's family.

(c) No later than 6 months after the date of the death or serious life-threatening injury of the child, the Department shall complete its report. The Department shall notify the President of the Senate, the Minority Leader of the Senate, the Speaker of the House of Representatives, the Minority Leader of the House of Representatives, and the members of the Senate and the House of Representatives in whose district the child's death or serious life-threatening injury occurred upon the completion of each report and shall submit an annual cumulative report to the Governor and the General Assembly incorporating cumulative the data about in the above reports and including appropriate findings and recommendations. The reports required by this subsection (c) concerning the death of a child and the cumulative reports shall be made available to the public after completion or submittal.

(d) To enable the Department to prepare the report, the Department may request and shall timely receive from departments, boards, bureaus, or other agencies of the State, or any of its political subdivisions, or any duly authorized agency, or any other agency which provided assistance, care, or services to the deceased or injured child any information they are authorized to provide.

Section 10. The Juvenile Court Act of 1987 is amended by changing Sections 2-10, 2-13, and 2-25 as follows:

(705 ILCS 405/2-10) (from Ch. 37, par. 802-10)

Sec. 2-10. Temporary custody hearing. At the appearance of the minor before the court at the temporary custody hearing, all witnesses present shall be examined before the court in relation to any matter connected with the allegations made in the petition.

New matter indicated by italics - deletions by strikeout
(1) If the court finds that there is not probable cause to believe that the minor is abused, neglected or dependent it shall release the minor and dismiss the petition.

(2) If the court finds that there is probable cause to believe that the minor is abused, neglected or dependent, the court shall state in writing the factual basis supporting its finding and the minor, his or her parent, guardian, custodian and other persons able to give relevant testimony shall be examined before the court. The Department of Children and Family Services shall give testimony concerning indicated reports of abuse and neglect, of which they are aware of through the central registry, involving the minor’s parent, guardian or custodian. After such testimony, the court may, consistent with the health, safety and best interests of the minor, enter an order that the minor shall be released upon the request of parent, guardian or custodian if the parent, guardian or custodian appears to take custody. If it is determined that a parent’s, guardian’s, or custodian’s compliance with critical services mitigates the necessity for removal of the minor from his or her home, the court may enter an Order of Protection setting forth reasonable conditions of behavior that a parent, guardian, or custodian must observe for a specified period of time, not to exceed 12 months, without a violation; provided, however, that the 12-month period shall begin anew after any violation. Custodian shall include any agency of the State which has been given custody or wardship of the child. If it is consistent with the health, safety and best interests of the minor, the court may also prescribe shelter care and order that the minor be kept in a suitable place designated by the court or in a shelter care facility designated by the Department of Children and Family Services or a licensed child welfare agency; however, a minor charged with a criminal offense under the Criminal Code of 1961 or adjudicated delinquent shall not be placed in the custody of or committed to the Department of Children and Family Services by any court, except a minor less than 13 years of age and committed to the Department of Children and Family Services under Section 5-710 of this Act or a minor for whom an independent basis of abuse, neglect, or dependency exists, which must be defined by departmental rule. In placing the minor, the Department or

other agency shall, to the extent compatible with the court's order, comply with Section 7 of the Children and Family Services Act. In determining the health, safety and best interests of the minor to prescribe shelter care, the court must find that it is a matter of immediate and urgent necessity for the safety and protection of the minor or of the person or property of another that the minor be placed in a shelter care facility or that he or she is likely to flee the jurisdiction of the court, and must further find that reasonable efforts have been made or that, consistent with the health, safety and best interests of the minor, no efforts reasonably can be made to prevent or eliminate the necessity of removal of the minor from his or her home. The court shall require documentation from the Department of Children and Family Services as to the reasonable efforts that were made to prevent or eliminate the necessity of removal of the minor from his or her home or the reasons why no efforts reasonably could be made to prevent or eliminate the necessity of removal. When a minor is placed in the home of a relative, the Department of Children and Family Services shall complete a preliminary background review of the members of the minor's custodian's household in accordance with Section 4.3 of the Child Care Act of 1969 within 90 days of that placement. If the minor is ordered placed in a shelter care facility of the Department of Children and Family Services or a licensed child welfare agency, the court shall, upon request of the appropriate Department or other agency, appoint the Department of Children and Family Services Guardianship Administrator or other appropriate agency executive temporary custodian of the minor and the court may enter such other orders related to the temporary custody as it deems fit and proper, including the provision of services to the minor or his family to ameliorate the causes contributing to the finding of probable cause or to the finding of the existence of immediate and urgent necessity.

Where the Department of Children and Family Services Guardianship Administrator is appointed as the executive temporary custodian, the Department of Children and Family Services shall file with the court and serve on the parties a parent-child visiting plan, within 10 days, excluding weekends and holidays, after the appointment. The parent-child visiting plan shall set out the time and place of visits, the frequency
of visits, the length of visits, who shall be present at the visits, and where appropriate, the minor's opportunities to have telephone and mail communication with the parents. For good cause, the court may waive the requirement to file the parent-child visiting plan or extend the time for filing the parent-child visiting plan. Any party may, by motion, request the court to review the parent-child visiting plan to determine whether it is reasonably calculated to expeditiously facilitate the achievement of the permanency goal and is consistent with the minor's best interest. The frequency, duration, and locations of visitation shall be measured by the needs of the child and family, and not by the convenience of Department personnel. Child development principles shall be considered by the court in its analysis of how frequent visitation should be, how long it should last, where it should take place, and who should be present. If upon motion of the party to review the plan and after receiving evidence, the court determines that the parent-child visiting plan is not reasonably calculated to expeditiously facilitate the achievement of the permanency goal or that the restrictions placed on parent-child contact are contrary to the child's best interests, the court shall put in writing the factual basis supporting the determination and enter specific findings based on the evidence. The court shall enter an order for the Department to implement changes to the parent-child visiting plan, consistent with the court's findings. At any stage of proceeding, any party may by motion request the court to enter any orders necessary to implement the parent-child visiting plan. Nothing under this subsection (2) shall restrict the court from granting discretionary authority to the Department to increase opportunities for additional parent-child contacts, without further court orders. Nothing in this subsection (2) shall restrict the Department from immediately restricting or terminating parent-child contact, without either amending the parent-child visiting plan or obtaining a court order, where the Department or its assigns reasonably believe that continuation of parent-child contact, as set out in the parent-child visiting plan, would be contrary to the child's health, safety, and welfare. The Department shall file with the court and serve on the parties any amendments to the visitation plan within 10 days, excluding weekends and holidays, of the change of the visitation. Any party may, by motion,
request the court to review the parent-child visiting plan to determine whether the parent-child visiting plan is reasonably calculated to expeditiously facilitate the achievement of the permanency goal, and is consistent with the minor's health, safety, and best interest.

Acceptance of services shall not be considered an admission of any allegation in a petition made pursuant to this Act, nor may a referral of services be considered as evidence in any proceeding pursuant to this Act, except where the issue is whether the Department has made reasonable efforts to reunite the family. In making its findings that it is consistent with the health, safety and best interests of the minor to prescribe shelter care, the court shall state in writing (i) the factual basis supporting its findings concerning the immediate and urgent necessity for the protection of the minor or of the person or property of another and (ii) the factual basis supporting its findings that reasonable efforts were made to prevent or eliminate the removal of the minor from his or her home or that no efforts reasonably could be made to prevent or eliminate the removal of the minor from his or her home. The parents, guardian, custodian, temporary custodian and minor shall each be furnished a copy of such written findings. The temporary custodian shall maintain a copy of the court order and written findings in the case record for the child. The order together with the court's findings of fact in support thereof shall be entered of record in the court.

Once the court finds that it is a matter of immediate and urgent necessity for the protection of the minor that the minor be placed in a shelter care facility, the minor shall not be returned to the parent, custodian or guardian until the court finds that such placement is no longer necessary for the protection of the minor.

If the child is placed in the temporary custody of the Department of Children and Family Services for his or her protection, the court shall admonish the parents, guardian, custodian or responsible relative that the parents must cooperate with the Department of Children and Family Services, comply with the terms of the service plans, and correct the conditions which require the child to be in care, or risk termination of their parental rights.
(3) If prior to the shelter care hearing for a minor described in Sections 2-3, 2-4, 3-3 and 4-3 the moving party is unable to serve notice on the party respondent, the shelter care hearing may proceed ex-parte. A shelter care order from an ex-parte hearing shall be endorsed with the date and hour of issuance and shall be filed with the clerk's office and entered of record. The order shall expire after 10 days from the time it is issued unless before its expiration it is renewed, at a hearing upon appearance of the party respondent, or upon an affidavit of the moving party as to all diligent efforts to notify the party respondent by notice as herein prescribed. The notice prescribed shall be in writing and shall be personally delivered to the minor or the minor's attorney and to the last known address of the other person or persons entitled to notice. The notice shall also state the nature of the allegations, the nature of the order sought by the State, including whether temporary custody is sought, and the consequences of failure to appear and shall contain a notice that the parties will not be entitled to further written notices or publication notices of proceedings in this case, including the filing of an amended petition or a motion to terminate parental rights, except as required by Supreme Court Rule 11; and shall explain the right of the parties and the procedures to vacate or modify a shelter care order as provided in this Section. The notice for a shelter care hearing shall be substantially as follows:

4. Signature must be notarized.

New matter indicated by italics - deletions by strikeout
The rehearing should be scheduled within 48 hours of your filing this affidavit.

At the rehearing, your rights are the same as at the initial shelter care hearing. The enclosed notice explains those rights.

At the Shelter Care Hearing, children have the following rights:

1. To have a guardian ad litem appointed.
2. To be declared competent as a witness and to present testimony concerning:
   a. Whether they are abused, neglected or dependent.
   b. Whether there is "immediate and urgent necessity" to be removed from home.
   c. Their best interests.
3. To cross examine witnesses for other parties.
4. To obtain an explanation of any proceedings and orders of the court.

(4) If the parent, guardian, legal custodian, responsible relative, minor age 8 or over, or counsel of the minor did not have actual notice of or was not present at the shelter care hearing, he or she may file an affidavit setting forth these facts, and the clerk shall set the matter for rehearing not later than 48 hours, excluding Sundays and legal holidays, after the filing of the affidavit. At the rehearing, the court shall proceed in the same manner as upon the original hearing.

(5) Only when there is reasonable cause to believe that the minor taken into custody is a person described in subsection (3) of Section 5-105 may the minor be kept or detained in a detention home or county or municipal jail. This Section shall in no way be construed to limit subsection (6).

(6) No minor under 16 years of age may be confined in a jail or place ordinarily used for the confinement of prisoners in a police station. Minors under 17 years of age must be kept separate from confined adults and may not at any time be kept in the same cell, room, or yard with adults confined pursuant to the criminal law.
(7) If the minor is not brought before a judicial officer within the time period as specified in Section 2-9, the minor must immediately be released from custody.

(8) If neither the parent, guardian or custodian appears within 24 hours to take custody of a minor released upon request pursuant to subsection (2) of this Section, then the clerk of the court shall set the matter for rehearing not later than 7 days after the original order and shall issue a summons directed to the parent, guardian or custodian to appear. At the same time the probation department shall prepare a report on the minor. If a parent, guardian or custodian does not appear at such rehearing, the judge may enter an order prescribing that the minor be kept in a suitable place designated by the Department of Children and Family Services or a licensed child welfare agency.

(9) Notwithstanding any other provision of this Section any interested party, including the State, the temporary custodian, an agency providing services to the minor or family under a service plan pursuant to Section 8.2 of the Abused and Neglected Child Reporting Act, foster parent, or any of their representatives, on notice to all parties entitled to notice, may file a motion that it is in the best interests of the minor to modify or vacate a temporary custody order on any of the following grounds:

(a) It is no longer a matter of immediate and urgent necessity that the minor remain in shelter care; or
(b) There is a material change in the circumstances of the natural family from which the minor was removed and the child can be cared for at home without endangering the child's health or safety; or
(c) A person not a party to the alleged abuse, neglect or dependency, including a parent, relative or legal guardian, is capable of assuming temporary custody of the minor; or
(d) Services provided by the Department of Children and Family Services or a child welfare agency or other service provider have been successful in eliminating the need for temporary custody.
and the child can be cared for at home without endangering the child's health or safety.

In ruling on the motion, the court shall determine whether it is consistent with the health, safety and best interests of the minor to modify or vacate a temporary custody order.

The clerk shall set the matter for hearing not later than 14 days after such motion is filed. In the event that the court modifies or vacates a temporary custody order but does not vacate its finding of probable cause, the court may order that appropriate services be continued or initiated in behalf of the minor and his or her family.

(10) When the court finds or has found that there is probable cause to believe a minor is an abused minor as described in subsection (2) of Section 2-3 and that there is an immediate and urgent necessity for the abused minor to be placed in shelter care, immediate and urgent necessity shall be presumed for any other minor residing in the same household as the abused minor provided:

(a) Such other minor is the subject of an abuse or neglect petition pending before the court; and

(b) A party to the petition is seeking shelter care for such other minor.

Once the presumption of immediate and urgent necessity has been raised, the burden of demonstrating the lack of immediate and urgent necessity shall be on any party that is opposing shelter care for the other minor.

Sec. 2-13. Petition.

(1) Any adult person, any agency or association by its representative may file, or the court on its own motion, consistent with the health, safety and best interests of the minor may direct the filing through the State's Attorney of a petition in respect of a minor under this Act. The petition and all subsequent court documents shall be entitled "In the interest of ...., a minor".

New matter indicated by italics - deletions by strikeout
(2) The petition shall be verified but the statements may be made upon information and belief. It shall allege that the minor is abused, neglected, or dependent, with citations to the appropriate provisions of this Act, and set forth (a) facts sufficient to bring the minor under Section 2-3 or 2-4 and to inform respondents of the cause of action, including, but not limited to, a plain and concise statement of the factual allegations that form the basis for the filing of the petition; (b) the name, age and residence of the minor; (c) the names and residences of his parents; (d) the name and residence of his legal guardian or the person or persons having custody or control of the minor, or of the nearest known relative if no parent or guardian can be found; and (e) if the minor upon whose behalf the petition is brought is sheltered in custody, the date on which such temporary custody was ordered by the court or the date set for a temporary custody hearing. If any of the facts herein required are not known by the petitioner, the petition shall so state.

(3) The petition must allege that it is in the best interests of the minor and of the public that he be adjudged a ward of the court and may pray generally for relief available under this Act. The petition need not specify any proposed disposition following adjudication of wardship. The petition may request that the minor remain in the custody of the parent, guardian, or custodian under an Order of Protection.

(4) If termination of parental rights and appointment of a guardian of the person with power to consent to adoption of the minor under Section 2-29 is sought, the petition shall so state. If the petition includes this request, the prayer for relief shall clearly and obviously state that the parents could permanently lose their rights as a parent at this hearing.

In addition to the foregoing, the petitioner, by motion, may request the termination of parental rights and appointment of a guardian of the person with power to consent to adoption of the minor under Section 2-29 at any time after the entry of a dispositional order under Section 2-22.

(4.5) (a) With respect to any minors committed to its care pursuant to this Act, the Department of Children and Family Services shall request the State’s Attorney to file a petition or motion for termination of parental...
rights and appointment of guardian of the person with power to consent to adoption of the minor under Section 2-29 if:

(i) a minor has been in foster care, as described in subsection (b), for 15 months of the most recent 22 months; or

(ii) a minor under the age of 2 years has been previously determined to be abandoned at an adjudicatory hearing; or

(iii) the parent is criminally convicted of (A) first degree murder or second degree murder of any child, (B) attempt or conspiracy to commit first degree murder or second degree murder of any child, (C) solicitation to commit murder of any child, solicitation to commit murder for hire of any child, or solicitation to commit second degree murder of any child, (D) aggravated battery, aggravated battery of a child, or felony domestic battery, any of which has resulted in serious injury to the minor or a sibling of the minor, (E) aggravated criminal sexual assault in violation of subdivision (b)(1) of Section 12-14 of the Criminal Code of 1961, or (F) an offense in any other state the elements of which are similar and bear a substantial relationship to any of the foregoing offenses unless:

(i) the child is being cared for by a relative,

(ii) the Department has documented in the case plan a compelling reason for determining that filing such petition would not be in the best interests of the child,

(iii) the court has found within the preceding 12 months that the Department has failed to make reasonable efforts to reunify the child and family, or

(iv) paragraph (c) of this subsection (4.5) provides otherwise.

(b) For purposes of this subsection, the date of entering foster care is defined as the earlier of:

(1) The date of a judicial finding at an adjudicatory hearing that the child is an abused, neglected, or dependent minor; or

(2) 60 days after the date on which the child is removed from his or her parent, guardian, or legal custodian.
(c) With respect to paragraph (a)(i), the following transition rules shall apply:

(1) If the child entered foster care after November 19, 1997 and this amendatory Act of 1998 takes effect before the child has been in foster care for 15 months of the preceding 22 months, then the Department shall comply with the requirements of paragraph (a) of this subsection (4.5) for that child as soon as the child has been in foster care for 15 of the preceding 22 months.

(2) If the child entered foster care after November 19, 1997 and this amendatory Act of 1998 takes effect after the child has been in foster care for 15 of the preceding 22 months, then the Department shall comply with the requirements of paragraph (a) of this subsection (4.5) for that child within 3 months after the end of the next regular session of the General Assembly.

(3) If the child entered foster care prior to November 19, 1997, then the Department shall comply with the requirements of paragraph (a) of this subsection (4.5) for that child in accordance with Department policy or rule.

(d) If the State's Attorney determines that the Department's request for filing of a petition or motion conforms to the requirements set forth in subdivisions (a), (b), and (c) of this subsection (4.5), then the State's Attorney shall file the petition or motion as requested.

(5) The court shall liberally allow the petitioner to amend the petition to set forth a cause of action or to add, amend, or supplement factual allegations that form the basis for a cause of action up until 14 days before the adjudicatory hearing. The petitioner may amend the petition after that date and prior to the adjudicatory hearing if the court grants leave to amend upon a showing of good cause. The court may allow amendment of the petition to conform with the evidence at any time prior to ruling. In all cases in which the court has granted leave to amend based on new evidence or new allegations, the court shall permit the respondent an adequate opportunity to prepare a defense to the amended petition.

(6) At any time before dismissal of the petition or before final closing and discharge under Section 2-31, one or more motions in the best
interests of the minor may be filed. The motion shall specify sufficient
facts in support of the relief requested.

Sec. 2-25. Order of protection.
(1) The court may make an order of protection in assistance of or
as a condition of any other order authorized by this Act. The order of
protection shall be based on the health, safety and best interests of the
minor and may set forth reasonable conditions of behavior to be observed
for a specified period. Such an order may require a person:
(a) to stay away from the home or the minor;
(b) to permit a parent to visit the minor at stated periods;
(c) to abstain from offensive conduct against the minor, his
parent or any person to whom custody of the minor is awarded;
(d) to give proper attention to the care of the home;
(e) to cooperate in good faith with an agency to which
custody of a minor is entrusted by the court or with an agency or
association to which the minor is referred by the court;
(f) to prohibit and prevent any contact whatsoever with the
respondent minor by a specified individual or individuals who are
alleged in either a criminal or juvenile proceeding to have caused
injury to a respondent minor or a sibling of a respondent minor;
(g) to refrain from acts of commission or omission that tend
to make the home not a proper place for the minor;
(h) to refrain from contacting the minor and the foster
parents in any manner that is not specified in writing in the case
plan.
(2) The court shall enter an order of protection to prohibit and
prevent any contact between a respondent minor or a sibling of a
respondent minor and any person named in a petition seeking an order of
protection who has been convicted of heinous battery under Section 12-
4.1, aggravated battery of a child under Section 12-4.3, criminal sexual
assault under Section 12-13, aggravated criminal sexual assault under
Section 12-14, predatory criminal sexual assault of a child under Section 12-14.1, criminal sexual abuse under Section 12-15, or aggravated criminal sexual abuse under Section 12-16 of the Criminal Code of 1961, or has been convicted of an offense that resulted in the death of a child, or has violated a previous order of protection under this Section.

(3) When the court issues an order of protection against any person as provided by this Section, the court shall direct a copy of such order to the Sheriff of that county. The Sheriff shall furnish a copy of the order of protection to the Department of State Police within 24 hours of receipt, in the form and manner required by the Department. The Department of State Police shall maintain a complete record and index of such orders of protection and make this data available to all local law enforcement agencies.

(4) After notice and opportunity for hearing afforded to a person subject to an order of protection, the order may be modified or extended for a further specified period or both or may be terminated if the court finds that the health, safety, and best interests of the minor and the public will be served thereby.

(5) An order of protection may be sought at any time during the course of any proceeding conducted pursuant to this Act if such an order is consistent with the health, safety, and best interests of the minor. Any person against whom an order of protection is sought may retain counsel to represent him at a hearing, and has rights to be present at the hearing, to be informed prior to the hearing in writing of the contents of the petition seeking a protective order and of the date, place and time of such hearing, and to cross examine witnesses called by the petitioner and to present witnesses and argument in opposition to the relief sought in the petition.

(6) Diligent efforts shall be made by the petitioner to serve any person or persons against whom any order of protection is sought with written notice of the contents of the petition seeking a protective order and of the date, place and time at which the hearing on the petition is to be held. When a protective order is being sought in conjunction with a temporary custody hearing, if the court finds that the person against whom the protective order is being sought has been notified of the hearing or that

diligent efforts have been made to notify such person, the court may conduct a hearing. If a protective order is sought at any time other than in conjunction with a temporary custody hearing, the court may not conduct a hearing on the petition in the absence of the person against whom the order is sought unless the petitioner has notified such person by personal service at least 3 days before the hearing or has sent written notice by first class mail to such person's last known address at least 5 days before the hearing.

(7) A person against whom an order of protection is being sought who is neither a parent, guardian, legal custodian or responsible relative as described in Section 1-5 is not a party or respondent as defined in that Section and shall not be entitled to the rights provided therein. Such person does not have a right to appointed counsel or to be present at any hearing other than the hearing in which the order of protection is being sought or a hearing directly pertaining to that order. Unless the court orders otherwise, such person does not have a right to inspect the court file.

(8) All protective orders entered under this Section shall be in writing. Unless the person against whom the order was obtained was present in court when the order was issued, the sheriff, other law enforcement official or special process server shall promptly serve that order upon that person and file proof of such service, in the manner provided for service of process in civil proceedings. The person against whom the protective order was obtained may seek a modification of the order by filing a written motion to modify the order within 7 days after actual receipt by the person of a copy of the order. Any modification of the order granted by the court must be determined to be consistent with the best interests of the minor.

(9) If a petition is filed charging a violation of a condition contained in the protective order and if the court determines that this violation is of a critical service necessary to the safety and welfare of the minor, the court may proceed to findings and an order for temporary custody.

(a) As used in this Section, "neighborhood electric vehicle" means a self-propelled, electronically powered four-wheeled motor vehicle (or a self-propelled, gasoline-powered four-wheeled motor vehicle with an engine displacement under 1,200 cubic centimeters) which is capable of attaining in one mile a speed of more than 20 miles per hour, but not more than 25 miles per hour, and which conforms to federal regulations under Title 49 C.F.R. Part 571.500.

(b) Except as otherwise provided in this Section, it is unlawful for any person to drive or operate a neighborhood electric vehicle upon any street, highway, or roadway in this State. If the operation of a neighborhood electric vehicle is authorized under subsection (d), the neighborhood electric vehicle may be operated only on streets where the posted speed limit is 35 miles per hour or less. This subsection (b) does not prohibit a neighborhood electric vehicle from crossing a road or street at an intersection where the road or street has a posted speed limit of more than 35 miles per hour.

(b-5) A person may not operate a neighborhood electric vehicle upon any street, highway, or roadway in this State unless he or she has a valid Illinois driver's license issued in his or her name by the Secretary of State.

Before permitting the operation of neighborhood electric vehicles on its roadways, a municipality, township, county, other unit of local government, or the Department must consider the volume, speed, and character of traffic on the roadway and determine whether neighborhood electric vehicles may safely travel on or cross the roadway. Upon determining that neighborhood electric vehicles may safely operate on a roadway and the adoption of an ordinance or resolution by a municipality, township, county, or other unit of local government, or authorization by the Department, appropriate signs shall be posted.

Section 5. The Department of Public Health Powers and Duties Law of the Civil Administrative Code of Illinois is amended by adding Section 2310-367 as follows:

(20 ILCS 2310/2310-367 new)

Sec. 2310-367. Health Data Task Force; purpose; implementation plan.

(a) In accordance with the recommendations of the 2007 State Health Improvement Plan, it is the policy of the State that, to the extent possible and consistent with privacy and other laws, State public health data and health-related administrative data are to be used to understand and report on the scope of health problems, plan prevention programs, and evaluate program effectiveness at the State and community level. It is a priority to use data to address racial, ethnic, and other health disparities. This system is intended to support State and community level public health planning, and is not intended to supplant or replace data-use agreements between State agencies and academic researchers for more specific research needs.

(b) Within 30 days after the effective date of this amendatory Act of the 95th General Assembly, a Health Data Task Force shall be convened to create a system for public access to integrated health data. The Task Force shall consist of the following: the Director of Public Health or his or her designee; the Director of Healthcare and Family Services or his or her designee; the Secretary of Human Services or his or her designee; the Director of the Department on Aging or his or her designee; the Director of Children and Family Services or his or her designee; the State Superintendent of Education or his or her designee; and other State officials as deemed appropriate by the Governor.

The Task Force shall be advised by a public advisory group consisting of community health data users, minority health advocates, local public health departments, and private data suppliers such as hospitals and other health care providers. Each member of the Task Force shall appoint 3 members of the public advisory group. The public advisory
group shall assist the Task Force in setting goals, articulating user needs, and setting priorities for action.

The Department of Public Health is primarily responsible for providing staff and administrative support to the Task Force. The other State agencies represented on the Task Force shall work cooperatively with the Department of Public Health to provide administrative support to the Task Force. The Department of Public Health shall have ongoing responsibility for monitoring the implementation of the plan and shall have ongoing responsibility to identify new or emerging data or technology needs.

The State agencies represented on the Task Force shall review their health data, data collection, and dissemination policies for opportunities to coordinate and integrate data and make data available within and outside State government in support of this State policy. To the extent possible, existing data infrastructure shall be used to create this system of public access to data. The Illinois Department of Health Care and Family Services data warehouse and the Illinois Department of Public Health IPLAN Data System may be the foundation of this system.

(c) The Task Force shall produce a plan with a phased and prioritized implementation timetable focusing on assuring access to improving the quality of data necessary to understand health disparities. The Task Force shall submit an initial report to the General Assembly no later that July 1, 2008, and shall make annual reports to the General Assembly on or before July 1 of each year through 2011 of the progress toward implementing the plan.

AN ACT concerning regulation.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Public Utilities Act is amended by adding Section 16-107.5 as follows:

(220 ILCS 5/16-107.5 new)

Sec. 16-107.5. Net electricity metering.

(a) The Legislature finds and declares that a program to provide net electricity metering, as defined in this Section, for eligible customers can encourage private investment in renewable energy resources, stimulate economic growth, enhance the continued diversification of Illinois' energy resource mix, and protect the Illinois environment.

(b) As used in this Section, (i) "eligible customer" means a retail customer that owns or operates a solar, wind, or other eligible renewable electrical generating facility with a rated capacity of not more than 2,000 kilowatts that is located on the customer's premises and is intended primarily to offset the customer's own electrical requirements; (ii) "electricity provider" means an electric utility or alternative retail electric supplier; (iii) "eligible renewable electrical generating facility" means a generator powered by solar electric energy, wind, dedicated crops grown for electricity generation, anaerobic digestion of livestock or food processing waste, fuel cells or microturbines powered by renewable fuels, or hydroelectric energy; and (iv) "net electricity metering" (or "net metering") means the measurement, during the billing period applicable to an eligible customer, of the net amount of electricity supplied by an electricity provider to the customer's premises or provided to the electricity provider by the customer.

(c) A net metering facility shall be equipped with metering equipment that can measure the flow of electricity in both directions at the same rate. For eligible residential customers, this shall typically be accomplished through use of a single, bi-directional meter. If the eligible

New matter indicated by italics - deletions by strikeout
customer's existing electric revenue meter does not meet this requirement, the electricity provider shall arrange for the local electric utility or a meter service provider to install and maintain a new revenue meter at the electricity provider's expense. For non-residential customers, the electricity provider may arrange for the local electric utility or a meter service provider to install and maintain metering equipment capable of measuring the flow of electricity both into and out of the customer's facility at the same rate and ratio, typically through the use of a dual channel meter. For generators with a nameplate rating of 40 kilowatts and below, the costs of installing such equipment shall be paid for by the electricity provider. For generators with a nameplate rating over 40 kilowatts and up to 2,000 kilowatts capacity, the costs of installing such equipment shall be paid for by the customer. Any subsequent revenue meter change necessitated by any eligible customer shall be paid for by the customer.

(d) An electricity provider shall measure and charge or credit for the net electricity supplied to eligible customers or provided by eligible customers in the following manner:

(1) If the amount of electricity used by the customer during the billing period exceeds the amount of electricity produced by the customer, the electricity provider shall charge the customer for the net electricity supplied to and used by the customer as provided in subsection (e) of this Section.

(2) If the amount of electricity produced by a customer during the billing period exceeds the amount of electricity used by the customer during that billing period, the electricity provider supplying that customer shall apply a 1:1 kilowatt-hour credit to a subsequent bill for service to the customer for the net electricity supplied to the electricity provider. The electricity provider shall continue to carry over any excess kilowatt-hour credits earned and apply those credits to subsequent billing periods to offset any customer-generator consumption in those billing periods until all credits are used or until the end of the annualized period.

New matter indicated by italics - deletions by strikeout
(3) At the end of the year or annualized over the period that service is supplied by means of net metering, or in the event that the retail customer terminates service with the electricity provider prior to the end of the year or the annualized period, any remaining credits in the customer’s account shall expire.

(e) An electricity provider shall provide to net metering customers electric service at non-discriminatory rates that are identical, with respect to rate structure, retail rate components, and any monthly charges, to the rates that the customer would be charged if not a net metering customer. An electricity provider shall not charge net metering customers any fee or charge or require additional equipment, insurance, or any other requirements not specifically authorized by interconnection standards authorized by the Commission, unless the fee, charge, or other requirement would apply to other similarly situated customers who are not net metering customers. The customer will remain responsible for all taxes, fees, and utility delivery charges that would otherwise be applicable to the net amount of electricity used by the customer. Subsections (c) through (e) of this Section shall not be construed to prevent an arms-length agreement between an electricity provider and an eligible customer that sets forth different prices, terms, and conditions for the provision of net metering service, including, but not limited to, the provision of the appropriate metering equipment for non-residential customers.

(f) Notwithstanding the requirements of subsections (c) through (e) of this Section, an electricity provider must require dual-channel metering for non-residential customers operating eligible renewable electrical generating facilities with a nameplate rating over 40 kilowatts and up to 2,000 kilowatts. In such cases, electricity charges and credits shall be determined as follows:

(1) The electricity provider shall assess and the customer remains responsible for all taxes, fees, and utility delivery charges that would otherwise be applicable to the gross amount of kilowatt-hours supplied to the eligible customer by the electricity provider.

New matter indicated by italics - deletions by strikeout
(2) Each month that service is supplied by means of dual-channel metering, the electricity provider shall compensate the eligible customer for any excess kilowatt-hour credits at the electricity provider's avoided cost of electricity supply over the monthly period or as otherwise specified by the terms of a power-purchase agreement negotiated between the customer and electricity provider.

(3) For all eligible net metering customers taking service from an electricity provider under contracts or tariffs employing time of use rates, any monthly consumption of electricity shall be calculated according to the terms of the contract or tariff to which the same customer would be assigned to or be eligible for if the customer was not a net metering customer. When those same customer-generators are net generators during any discrete time of use period, the net kilowatt-hours produced shall be valued at the same price per kilowatt-hour as the electric service provider would charge for retail kilowatt-hour sales during that same time of use period.

(g) For purposes of federal and State laws providing renewable energy credits or greenhouse gas credits, the eligible customer shall be treated as owning and having title to the renewable energy attributes, renewable energy credits, and greenhouse gas emission credits related to any electricity produced by the qualified generating unit. The electricity provider may not condition participation in a net metering program on the signing over of a customer's renewable energy credits; provided, however, this subsection (g) shall not be construed to prevent an arms-length agreement between an electricity provider and an eligible customer that sets forth the ownership or title of the credits.

(h) Within 120 days after the effective date of this amendatory Act of the 95th General Assembly, the Commission shall establish standards for net metering and, if the Commission has not already acted on its own initiative, standards for the interconnection of eligible renewable generating equipment to the utility system. The interconnection standards shall address any procedural barriers, delays, and administrative costs.
associated with the interconnection of customer-generation while ensuring the safety and reliability of the units and the electric utility system. The Commission shall consider the Institute of Electrical and Electronics Engineers (IEEE) Standard 1547 and the issues of (i) reasonable and fair fees and costs, (ii) clear timelines for major milestones in the interconnection process, (iii) nondiscriminatory terms of agreement, and (iv) any best practices for interconnection of distributed generation.

(i) All electricity providers shall begin to offer net metering no later than April 1, 2008.

(j) An electricity provider shall provide net metering to eligible customers until the load of its net metering customers equals 1% of the total peak demand supplied by that electricity provider during the previous year. Electricity providers are authorized to offer net metering beyond the 1% level if they so choose. The number of new eligible customers with generators that have a nameplate rating of 40 kilowatts and below will be limited to 200 total new billing accounts for the utilities (Ameren Companies, ComEd, and MidAmerican) for the period of April 1, 2008 through March 31, 2009.

(k) Each electricity provider shall maintain records and report annually to the Commission the total number of net metering customers served by the provider, as well as the type, capacity, and energy sources of the generating systems used by the net metering customers. Nothing in this Section shall limit the ability of an electricity provider to request the redaction of information deemed by the Commission to be confidential business information. Each electricity provider shall notify the Commission when the total generating capacity of its net metering customers is equal to or in excess of the 1% cap specified in subsection (j) of this Section.

(l) Notwithstanding the definition of "eligible customer" in item (i) of subsection (b) of this Section, each electricity provider shall consider whether to allow meter aggregation for the purposes of net metering on:

(1) properties owned or leased by multiple customers that contribute to the operation of an eligible renewable electrical generating facility, such as a community-owned wind project or a

New matter indicated by italics - deletions by strikeout
(2) individual units, apartments, or properties owned or leased by multiple customers and collectively served by a common eligible renewable electrical generating facility, such as an apartment building served by photovoltaic panels on the roof.

For the purposes of this subsection (l), "meter aggregation" means the combination of reading and billing on a pro rata basis for the types of eligible customers described in this Section.

(m) Nothing in this Section shall affect the right of an electricity provider to continue to provide, or the right of a retail customer to continue to receive service pursuant to a contract for electric service between the electricity provider and the retail customer in accordance with the prices, terms, and conditions provided for in that contract. Either the electricity provider or the customer may require compliance with the prices, terms, and conditions of the contract.

(a) If a prisoner confined in an Illinois Department of Corrections facility files a pleading, motion, or other filing which purports to be a legal document in a case seeking post-conviction relief under Article 122 of the Code of Criminal Procedure of 1963, pursuant to Section 116-3 of the Code of Criminal Procedure of 1963, in a habeas corpus action under Article X of this Code, in a claim under the Court of Claims Act, or a second or subsequent petition for relief from judgment under Section 2-1401 of this Code or in another action against the State, the Illinois Department of Corrections, or the Prisoner Review Board, or against any of their officers or employees and the Court makes a specific finding that the pleading, motion, or other filing which purports to be a legal document filed by the prisoner is frivolous, the prisoner is responsible for the full payment of filing fees and actual court costs.

On filing the action or proceeding the court shall assess and, when funds exist, collect as a partial payment of any court costs required by law a first time payment of 50% of the average monthly balance of the prisoner's trust fund account for the past 6 months. Thereafter 50% of all deposits into the prisoner's individual account under Sections 3-4-3 and 3-
12-5 of the Unified Code of Corrections administered by the Illinois Department of Corrections shall be withheld until the actual court costs are collected in full. The Department of Corrections shall forward any moneys withheld to the court of jurisdiction. If a prisoner is released before the full costs are collected, the Department of Corrections shall forward the amount of costs collected through the date of release. The court of jurisdiction is responsible for sending the Department of Corrections a copy of the order mandating the amount of court fees to be paid. Nothing in this Section prohibits an applicant from filing an action or proceeding if the applicant is unable to pay the court costs.

(b) In this Section, "frivolous" means that a pleading, motion, or other filing which purports to be a legal document filed by a prisoner in his or her lawsuit meets any or all of the following criteria:

(1) it lacks an arguable basis either in law or in fact;

(2) it is being presented for any improper purpose, such as to harass or to cause unnecessary delay or needless increase in the cost of litigation;

(3) the claims, defenses, and other legal contentions therein are not warranted by existing law or by a nonfrivolous argument for the extension, modification, or reversal of existing law or the establishment of new law;

(4) the allegations and other factual contentions do not have evidentiary support or, if specifically so identified, are not likely to have evidentiary support after a reasonable opportunity for further investigation or discovery; or

(5) the denials of factual contentions are not warranted on the evidence, or if specifically so identified, are not reasonably based on a lack of information or belief.

Section 15. The Unified Code of Corrections is amended by changing Section 5-6-1 as follows:

New matter indicated by italics - deletions by strikeout
Sec. 5-6-1. Sentences of Probation and of Conditional Discharge and Disposition of Supervision. The General Assembly finds that in order to protect the public, the criminal justice system must compel compliance with the conditions of probation by responding to violations with swift, certain and fair punishments and intermediate sanctions. The Chief Judge of each circuit shall adopt a system of structured, intermediate sanctions for violations of the terms and conditions of a sentence of probation, conditional discharge or disposition of supervision.

(a) Except where specifically prohibited by other provisions of this Code, the court shall impose a sentence of probation or conditional discharge upon an offender unless, having regard to the nature and circumstance of the offense, and to the history, character and condition of the offender, the court is of the opinion that:

(1) his imprisonment or periodic imprisonment is necessary for the protection of the public; or

(2) probation or conditional discharge would deprecate the seriousness of the offender's conduct and would be inconsistent with the ends of justice; or

(3) a combination of imprisonment with concurrent or consecutive probation when an offender has been admitted into a drug court program under Section 20 of the Drug Court Treatment Act is necessary for the protection of the public and for the rehabilitation of the offender.

The court shall impose as a condition of a sentence of probation, conditional discharge, or supervision, that the probation agency may invoke any sanction from the list of intermediate sanctions adopted by the chief judge of the circuit court for violations of the terms and conditions of the sentence of probation, conditional discharge, or supervision, subject to the provisions of Section 5-6-4 of this Act.

(b) The court may impose a sentence of conditional discharge for an offense if the court is of the opinion that neither a sentence of imprisonment nor of periodic imprisonment nor of probation supervision is appropriate.
(b-1) Subsections (a) and (b) of this Section do not apply to a defendant charged with a misdemeanor or felony under the Illinois Vehicle Code or reckless homicide under Section 9-3 of the Criminal Code of 1961 if the defendant within the past 12 months has been convicted of or pleaded guilty to a misdemeanor or felony under the Illinois Vehicle Code or reckless homicide under Section 9-3 of the Criminal Code of 1961.

(c) The court may, upon a plea of guilty or a stipulation by the defendant of the facts supporting the charge or a finding of guilt, defer further proceedings and the imposition of a sentence, and enter an order for supervision of the defendant, if the defendant is not charged with: (i) a Class A misdemeanor, as defined by the following provisions of the Criminal Code of 1961: Sections 11-9.1; 12-3.2; 12-15; 26-5; 31-1; 31-6; 31-7; subsections (b) and (c) of Section 21-1; paragraph (1) through (5), (8), (10), and (11) of subsection (a) of Section 24-1; (ii) a Class A misdemeanor violation of Section 3.01, 3.03-1, or 4.01 of the Humane Care for Animals Act; or (iii) felony. If the defendant is not barred from receiving an order for supervision as provided in this subsection, the court may enter an order for supervision after considering the circumstances of the offense, and the history, character and condition of the offender, if the court is of the opinion that:

(1) the offender is not likely to commit further crimes;
(2) the defendant and the public would be best served if the defendant were not to receive a criminal record; and
(3) in the best interests of justice an order of supervision is more appropriate than a sentence otherwise permitted under this Code.

(d) The provisions of paragraph (c) shall not apply to a defendant charged with violating Section 11-501 of the Illinois Vehicle Code or a similar provision of a local ordinance when the defendant has previously been:

(1) convicted for a violation of Section 11-501 of the Illinois Vehicle Code or a similar provision of a local ordinance or any similar law or ordinance of another state; or

(2) assigned supervision for a violation of Section 11-501 of the Illinois Vehicle Code or a similar provision of a local ordinance or any similar law or ordinance of another state; or

(3) pleaded guilty to or stipulated to the facts supporting a charge or a finding of guilty to a violation of Section 11-503 of the Illinois Vehicle Code or a similar provision of a local ordinance or any similar law or ordinance of another state, and the plea or stipulation was the result of a plea agreement.

The court shall consider the statement of the prosecuting authority with regard to the standards set forth in this Section.

(e) The provisions of paragraph (e) shall not apply to a defendant charged with violating Section 16A-3 of the Criminal Code of 1961 if said defendant has within the last 5 years been:

(1) convicted for a violation of Section 16A-3 of the Criminal Code of 1961; or

(2) assigned supervision for a violation of Section 16A-3 of the Criminal Code of 1961.

The court shall consider the statement of the prosecuting authority with regard to the standards set forth in this Section.

(f) The provisions of paragraph (c) shall not apply to a defendant charged with violating Sections 15-111, 15-112, 15-301, paragraph (b) of Section 6-104, Section 11-605, or Section 11-1414 of the Illinois Vehicle Code or a similar provision of a local ordinance.

(a) It shall be prohibited to park any motor vehicle which is not properly displaying registration plates or decals issued to a person with disabilities, as defined by Section 1-159.1, pursuant to Sections 3-616, 11-1301.1 or 11-1301.2, or to a disabled veteran pursuant to Section 3-609 of this Act, as evidence that the vehicle is operated by or for a person with disabilities or disabled veteran, in any parking place, including any private or public offstreet parking facility, specifically reserved, by the posting of an official sign as designated under Section 11-301, for motor vehicles displaying such registration plates. It shall be prohibited to park any motor vehicle in a designated access aisle adjacent to any parking place specifically reserved for persons with disabilities, by the posting of an official sign as designated under Section 11-301, for motor vehicles displaying such registration plates. When using the parking privileges for persons with disabilities, the parking decal or device must be displayed properly in the vehicle where it is clearly visible to law enforcement personnel, either hanging from the rearview mirror or placed on the

dashboard of the vehicle in clear view. Disability license plates and parking decals and devices are not transferable from person to person. Proper usage of the disability license plate or parking decal or device requires the authorized holder to be present and enter or exit the vehicle at the time the parking privileges are being used. It is a violation of this Section to park in a space reserved for a person with disabilities if the authorized holder of the disability license plate or parking decal or device does not enter or exit the vehicle at the time the parking privileges are being used. Any motor vehicle properly displaying a disability license plate or a parking decal or device containing the International symbol of access issued to persons with disabilities by any local authority, state, district, territory or foreign country shall be recognized by State and local authorities as a valid license plate or device and receive the same parking privileges as residents of this State.

connected with the removal or storage of any motor vehicle authorized under this Section; but municipalities by ordinance may impose a fine up to $350 and shall display signs indicating the fine imposed. If the amount of the fine is subsequently changed, the municipality shall change the sign to indicate the current amount of the fine. It shall not be a defense to a charge under this Section that either the sign posted pursuant to this Section or the intended accessible parking place does not comply with the technical requirements of Section 11-301, Department regulations, or local ordinance if a reasonable person would be made aware by the sign or notice on or near the parking place that the place is reserved for a person with disabilities.

(c-1) Any person found guilty of violating the provisions of subsection (a-1) a first time shall be fined $500. Any person found guilty of violating subsection (a-1) a second time shall be fined $750, and the Secretary of State may revoke the person's driving privileges or suspend those privileges for a period of time to be determined by the Secretary. Any person found guilty of violating subsection (a-1) a third or subsequent time shall be fined $1,000, and the Secretary of State may revoke the person's driving privileges or suspend those privileges for a period of time to be determined by the Secretary. The Secretary of State may also revoke the disability license plates or parking decal or device of a person violating subsection (a-1) a third or subsequent time or may suspend the person's disability license plates or parking decal or device for a period of time to be determined by the Secretary of State. The circuit clerk shall distribute 50% $250 of the $500 fine imposed on any person who is found guilty of or pleads guilty to violating this Section, including any person placed on court supervision for violating this Section, to the law enforcement agency that issued the citation or made the arrest. If more than one law enforcement agency is responsible for issuing the citation or making the arrest, the 50% of the fine imposed $250 shall be shared equally. If an officer of the Secretary of State Department of Police arrested a person for a violation of this Section, 50% of the fine imposed shall be deposited into the Secretary of State Police Services Fund.
(d) Local authorities shall impose fines as established in subsections (c) and (c-1) for violations of this Section.

(e) As used in this Section, "authorized holder" means an individual issued a disability license plate under Section 3-616 of this Code, an individual issued a parking decal or device under Section 11-1301.2 of this Code, or an individual issued a disabled veteran's license plate under Section 3-609 of this Code.

(f) Any person who commits a violation of subsection (a-1) may have his or her driving privileges suspended or revoked by the Secretary of State for a period of time determined by the Secretary of State. The Secretary of State may also suspend or revoke the disability license plates or parking decal or device for a period of time determined by the Secretary of State.

The coverage shall be as follows:

New matter indicated by italics - deletions by strikeout

(2) An annual mammogram for women 40 years of age or older.
(3) A mammogram at the age and intervals considered medically necessary by the woman's health care provider for women under 40 years of age and having a family history of breast cancer, prior personal history of breast cancer, positive genetic testing, or other risk factors.
(4) A comprehensive ultrasound screening of an entire breast or breasts if a mammogram demonstrates heterogeneous or dense breast tissue, when medically necessary as determined by a physician licensed to practice medicine in all of its branches.

These benefits shall be at least as favorable as for other radiological examinations and subject to the same dollar limits, deductibles, and co-insurance factors. For purposes of this Section, "low-dose mammography" means the x-ray examination of the breast using equipment dedicated specifically for mammography, including the x-ray tube, filter, compression device, and image receptor, with radiation exposure delivery of less than 1 rad per breast for 2 views of an average size breast.

(b) No policy of accident or health insurance that provides for the surgical procedure known as a mastectomy shall be issued, amended, delivered, or renewed in this State unless that coverage also provides for prosthetic devices or reconstructive surgery incident to the mastectomy. Coverage for breast reconstruction in connection with a mastectomy shall include:

(1) reconstruction of the breast upon which the mastectomy has been performed;
(2) surgery and reconstruction of the other breast to produce a symmetrical appearance; and
(3) prostheses and treatment for physical complications at all stages of mastectomy, including lymphedemas.

New matter indicated by italics - deletions by strikeout
Care shall be determined in consultation with the attending physician and the patient. The offered coverage for prosthetic devices and reconstructive surgery shall be subject to the deductible and coinsurance conditions applied to the mastectomy, and all other terms and conditions applicable to other benefits. When a mastectomy is performed and there is no evidence of malignancy then the offered coverage may be limited to the provision of prosthetic devices and reconstructive surgery to within 2 years after the date of the mastectomy. As used in this Section, "mastectomy" means the removal of all or part of the breast for medically necessary reasons, as determined by a licensed physician.

Written notice of the availability of coverage under this Section shall be delivered to the insured upon enrollment and annually thereafter. An insurer may not deny to an insured eligibility, or continued eligibility, to enroll or to renew coverage under the terms of the plan solely for the purpose of avoiding the requirements of this Section. An insurer may not penalize or reduce or limit the reimbursement of an attending provider or provide incentives (monetary or otherwise) to an attending provider to induce the provider to provide care to an insured in a manner inconsistent with this Section.

As used in this Section, "mastectomy" means the removal of all or part of the breast for medically necessary reasons, as determined by a licensed physician.

Written notice of the availability of coverage under this Section shall be delivered to the enrollee upon enrollment and annually thereafter. The provisions of this Section are not intended to prohibit or apply to policies or health care benefit plans, including group conversion policies, provided to Medicare eligible persons, which policies or plans are not marketed or purported or held to be Medicare supplement policies or benefit plans.

(2) For the purposes of this Section and Section 363a, the following terms have the following meanings:

(20 ILCS 2407/Art. 2 heading new)

ARTICLE 2. DISABILITIES SERVICES ACT of 2003

ARTICLE 3. MONEY FOLLOWS THE PERSON IMPLEMENTATION ACT

(20 ILCS 2407/51 new)

Sec. 51. Legislative intent. It is the intent of the General Assembly to promote the civil rights of persons with disabilities by providing community-based service for persons with disabilities when such services are determined appropriate and desired, as required by Title II of the Americans with Disabilities Act under the United States Supreme Court’s decision in Olmstead v. L.C., 527 U.S. 581 (1999). In accordance with Section 6071 of the Deficit Reduction Act of 2005 (P.L. 109-171), the purpose of this Act is (i) to identify and reduce barriers or mechanisms, whether in State law, the State Medicaid Plan, the State budget, or otherwise, that prevent or restrict the flexible use of public funds to enable individuals with disabilities to receive support for appropriate and necessary long-term care services in settings of their choice; (ii) to increase the use of home and community-based long-term care services, rather than institutions or long-term care facilities; (iii) to increase the ability of the State Medicaid program to assure continued provision of home and community-based long-term care services to eligible individuals who choose to transition from an institution to a community setting; and (iv) to ensure that procedures are in place that are at least comparable to those required under the qualified home and community-based program to provide quality assurance for eligible individuals receiving Medicaid home and community-based long-term care services and to provide for continuous quality improvement in such services. Utilizing the framework created by the "Money Follows the Person" demonstration project, approval received by the State on May 14, 2007, the purpose of this Act is to codify and reinforce the State’s commitment to promote individual choice and control and increase utilization of home and community-based services through:

(a) Increased ability of the State Medicaid program to ensure continued provision of home and community-based long-term care services to eligible individuals who choose to transition from an institution to a community setting.

New matter indicated by italics - deletions by strikeout
(b) Assessment and removal of barriers to community reintegration, including development of a comprehensive housing strategy.

(c) Expand availability of consumer self-directed service options.

(d) Increased use of home and community-based long-term care services, rather than institutions or long-term care facilities, such that the percentage of the State long-term care budget expended for community-based services increases from its current 28.5% to at least 37% in the next 5 years.

(e) Creation and implementation of interagency agreements or budgetary mechanisms to allow for the flexible movement of allocated dollars from institutional budget appropriations to appropriations supporting home and community-based services or Medicaid State Plan options.

(f) Creation of an equitable, clinically sound and cost-effective system for identification and review of community transition candidates across all long-term care systems; including improvement of prescreening, assessment for rapid reintegration and targeted review of longer stay residents, training and outreach education for providers and consumers on community alternatives across all long-term care systems.

(g) Development and implementation of data and information systems to track individuals across service systems and funding streams; support responsive eligibility determination; facilitate placement and care decisions; identify individuals with potential for transition; and drive planning for the development of community-based alternatives.

(h) Establishment of procedures that are at least comparable to those required under the qualified home and community-based program to provide quality assurance for eligible individuals receiving Medicaid home and community-based long-term care services and to provide for continuous quality improvement in such services.

New matter indicated by italics - deletions by strikeout
Nothing in this amendatory Act of the 95th General Assembly shall diminish or restrict the choice of an individual to reside in an institution or the quality of care they receive.

Sec. 52. Applicability; definitions. In accordance with Section 6071 of the Deficit Reduction Act of 2005 (P.L. 109-171), as used in this Article:

"Money Follows the Person" Demonstration. Enacted by the Deficit Reduction Act of 2005, the Money Follows the Person (MFP) Rebalancing Demonstration is part of a comprehensive, coordinated strategy to assist states, in collaboration with stakeholders, to make widespread changes to their long-term care support systems. This initiative will assist states in their efforts to reduce their reliance on institutional care while developing community-based long-term care
opportunities, enabling the elderly and people with disabilities to fully participate in their communities.

"Public funds" mean any funds appropriated by the General Assembly to the Departments of Human Services, on Aging, of Healthcare and Family Services and of Public Health for settings and services as defined in this Article.

"Qualified residence". The term "qualified residence" means, with respect to an eligible individual: (i) a home owned or leased by the individual or the individual's authorized representative (as defined by P.L. 109-171); (ii) an apartment with an individual lease, with lockable access and egress, and which includes living, sleeping, bathing, and cooking areas over which the individual or the individual's family has domain and control; or (iii) a residence, in a community-based residential setting, in which no more than 4 unrelated individuals reside. Where qualified residences are not sufficient to meet the demand of eligible individuals, time-limited exceptions to this definition may be developed through administrative rule.

"Self-directed services". The term "self-directed services" means, with respect to home and community-based long-term services for an eligible individual, those services for the individual that are planned and purchased under the direction and control of the individual or the individual's authorized representative, including the amount, duration, scope, provider, and location of such services, under the State Medicaid program consistent with the following requirements:

(b) Individual service care or treatment plan: based on the assessment, there is development jointly with such individual or individual's authorized representative, a plan for such services for the individual that (i) specifies those services, if any, that the individual or the individual's authorized representative would be responsible for directing; (ii) identifies the methods by which the individual or the individual's authorized representative or an
agency designated by an individual or representative will select, manage, and dismiss providers of such services.
(20 ILCS 2407/53 new)
Sec. 53. Rebalancing benchmarks.
(a) Illinois' long-term care system is in a state of transformation, as evidenced by the creation and subsequent work products of the Disability Services Advisory Committee, Older Adult Services Advisory Committee, Housing Task Force and other executive and legislative branch initiatives.
(b) Illinois' Money Follows the Person demonstration approval capitalizes on this progress and commits the State to transition approximately 3,357 older persons and persons with developmental, physical or psychiatric disabilities from institutional to home and community-based settings, resulting in an increased percentage of long-term care community spending over the next 5 years.
(c) The State will endeavor to increase the percentage of community-based long-term care spending over the next 5 years according to the following timeline:

(e) The allocation of public funds for home and community-based long-term care services shall not have the effect of: (i) diminishing or reducing the quality of services available to residents of long-term care facilities; (ii) forcing any residents of long-term care facilities to involuntarily accept home and community-based long-term care services,

appropriate services and shall, if requested, assist in establishing contact between the family and other associations or agencies providing such services. If the agency or association is unable by all reasonable efforts to contact a parent, guardian or custodian, or if the person contacted lives an unreasonable distance away, or if the minor refuses to be taken to his or her home or other appropriate residence, or if the agency or association is otherwise unable despite all reasonable efforts to make arrangements for the safe return of the minor, the minor may be taken to a temporary living arrangement which is in compliance with the Child Care Act of 1969 or which is with persons agreed to by the parents and the agency or association.

(b) An agency or association is authorized to permit a minor to be sheltered in a temporary living arrangement provided the agency seeks to effect the minor's return home or alternative living arrangements agreeable to the minor and the parent, guardian or custodian as soon as practicable.

No minor shall be sheltered in a temporary living arrangement for more than 48 hours, excluding Saturdays, Sundays, and court-designated holidays, when the agency has reported the minor as neglected or abused because the parent, guardian, or custodian refuses to permit the child to return home, provided that in all other instances the minor may be sheltered when the agency obtains the consent of the parent, guardian, or custodian or documents its unsuccessful efforts to obtain the consent or authority of the parent, guardian, or custodian, including recording the date and the staff involved in all telephone calls, telegrams, letters, and personal contacts to obtain the consent or authority, in which instances the minor may be so sheltered for not more than 21 days. If the parent, guardian or custodian refuses to permit the minor to return home, and no other living arrangement agreeable to the minor and the parent, guardian, or custodian can be made, and the parent, guardian, or custodian has not made any other appropriate living arrangement for the child, the agency may deem the minor to be neglected and report the neglect to the Department of Children and Family Services as provided in the Abused and Neglected Child Reporting Act. The Child Protective Service Unit of the Department of Children and Family Services shall begin an
investigation of the report within 24 hours after receiving the report and shall determine whether to file a petition alleging that the minor is neglected or abused as described in Section 2-3 of this Act. Subject to appropriation, the Department may take the minor into temporary protective custody at any time after receiving the report, provided that the Department shall take temporary protective custody within 48 hours of receiving the report if its investigation is not completed. If the Department of Children and Family Services determines that the minor is not a neglected minor because the minor is an immediate physical danger to himself, herself, or others living in the home, then the Department shall take immediate steps to either secure the minor's immediate admission to a mental health facility, arrange for law enforcement authorities to take temporary custody of the minor as a delinquent minor, or take other appropriate action to assume protective custody in order to safeguard the minor or others living in the home from immediate physical danger. No minor shall be sheltered in a temporary living arrangement for more than 48 hours, excluding Saturdays, Sundays and court-designated holidays, without parental consent unless the agency documents its unsuccessful efforts to contact a parent or guardian, including recording the date and time and staff involved in all telephone calls, telegrams, letters, and personal contacts to obtain the consent or authority, in which case the minor may be so sheltered for not more than 21 days.

(c) Any agency or association or employee thereof acting reasonably and in good faith in the care of a minor being provided interim crisis intervention services and shelter care shall be immune from any civil or criminal liability resulting from such care.

New matter indicated by italics - deletions by strikeout
(i) 3 subacute care hospital alternative health care models in the City of Chicago (one of which shall be located on a designated site and shall have been licensed as a hospital under the Illinois Hospital Licensing Act within the 10 years immediately before the application for a license);

(ii) 2 subacute care hospital alternative health care models in the demonstration program for each of the following areas:

(1) Cook County outside the City of Chicago.

(2) DuPage, Kane, Lake, McHenry, and Will Counties.

(iii) 4 subacute care hospital alternative health care models in the demonstration program for rural areas.

In selecting among applicants for these licenses in rural areas, the Health Facilities Planning Board and the Department shall give preference to hospitals that may be unable for economic reasons to provide continued service to the community in which they are located unless the hospital were to receive an alternative health care model license.

(a-5) There shall be no more than a total of 12 postsurgical recovery care center alternative health care models in the demonstration program, located as follows:

(1) Two in the City of Chicago.

(2) Two in Cook County outside the City of Chicago. At least one of these shall be owned or operated by a hospital devoted exclusively to caring for children.

data are available, and one of which shall be owned or operated by an ambulatory surgical treatment center.

(5) Two in rural areas, both of which shall be owned or operated by hospitals.

There shall be no postsurgical recovery care center alternative health care models located in counties with populations greater than 600,000 but less than 1,000,000. A proposed postsurgical recovery care center must be owned or operated by a hospital if it is to be located within, or will primarily serve the residents of, a health service area in which more than 60% of the gross patient revenue of the hospitals within that health service area are derived from Medicaid and Medicare, according to the most recently available calendar year data from the Illinois Health Care Cost Containment Council. Nothing in this paragraph shall preclude a hospital and an ambulatory surgical treatment center from forming a joint venture or developing a collaborative agreement to own or operate a postsurgical recovery care center.

(a-10) There shall be no more than a total of 8 children's respite care center alternative health care models in the demonstration program, which shall be located as follows:

(1) One in the City of Chicago.
(2) One in Cook County outside the City of Chicago.
(3) A total of 2 in the area comprised of DuPage, Kane, Lake, McHenry, and Will counties.
(4) A total of 2 in municipalities with a population of 50,000 or more and not located in the areas described in paragraphs (1), (2), or (3).
(5) A total of 2 in rural areas, as defined by the Health Facilities Planning Board.

No more than one children's respite care model owned and operated by a licensed skilled pediatric facility shall be located in each of the areas designated in this subsection (a-10).

(a-25) There shall be no more than 10 birth center alternative health care models in the demonstration program, located as follows:

1. Four in the area comprising Cook, DuPage, Kane, Lake, McHenry, and Will counties, one of which shall be owned or operated by a hospital and one of which shall be owned or operated by a federally qualified health center.

2. Three in municipalities with a population of 50,000 or more not located in the area described in paragraph (1) of this subsection, one of which shall be owned or operated by a hospital and one of which shall be owned or operated by a federally qualified health center.

3. Three in rural areas, one of which shall be owned or operated by a hospital and one of which shall be owned or operated by a federally qualified health center.

The first 3 birth centers authorized to operate by the Department shall be located in or predominantly serve the residents of a health professional shortage area as determined by the United States Department of Health and Human Services. There shall be no more than 2 birth centers authorized to operate in any single health planning area for obstetric services as determined under the Illinois Health Facilities Planning Act. If a birth center is located outside of a health professional shortage area, (i) the birth center shall be located in a health planning area with a demonstrated need for obstetrical service beds, as determined by the Illinois Health Facilities Planning Board or (ii) there must be a reduction in the existing number of obstetrical service beds in the planning area so that the establishment of the birth center does not result

in an increase in the total number of obstetrical service beds in the health planning area.

(b) Alternative health care models, other than a model authorized under subsection (a-20), shall obtain a certificate of need from the Illinois Health Facilities Planning Board under the Illinois Health Facilities Planning Act before receiving a license by the Department. If, after obtaining its initial certificate of need, an alternative health care delivery model that is a community based residential rehabilitation center seeks to increase the bed capacity of that center, it must obtain a certificate of need from the Illinois Health Facilities Planning Board before increasing the bed capacity. Alternative health care models in medically underserved areas shall receive priority in obtaining a certificate of need.

(c) An alternative health care model license shall be issued for a period of one year and shall be annually renewed if the facility or program is in substantial compliance with the Department's rules adopted under this Act. A licensed alternative health care model that continues to be in substantial compliance after the conclusion of the demonstration program shall be eligible for annual renewals unless and until a different licensure program for that type of health care model is established by legislation. The Department may issue a provisional license to any alternative health care model that does not substantially comply with the provisions of this Act and the rules adopted under this Act if (i) the Department finds that the alternative health care model has undertaken changes and corrections which upon completion will render the alternative health care model in substantial compliance with this Act and rules and (ii) the health and safety of the patients of the alternative health care model will be protected during the period for which the provisional license is issued. The Department shall advise the licensee of the conditions under which the provisional license is issued, including the manner in which the alternative health care model fails to comply with the provisions of this Act and rules, and the time within which the changes and corrections necessary for the alternative health care model to substantially comply with this Act and rules shall be completed.
(d) Alternative health care models shall seek certification under Titles XVIII and XIX of the federal Social Security Act. In addition, alternative health care models shall provide charitable care consistent with that provided by comparable health care providers in the geographic area.

(e) Alternative health care models shall, to the extent possible, link and integrate their services with nearby health care facilities.

(f) Each alternative health care model shall implement a quality assurance program with measurable benefits and at reasonable cost.

The average length of stay for patients treated in subacute care hospitals shall not be less than 20 days, and for individual patients, the expected length of stay at the time of admission shall not be less than 10 days. Variations from minimum lengths of stay shall be reported to the Department. There shall be no more than 13 subacute care hospitals authorized to operate by the Department. In order to handle cases of complications, emergencies, or exigent circumstances, a subacute care hospital shall maintain a contractual relationship, including a transfer agreement, with a general acute care hospital. If a subacute care model is located in a general acute care hospital, it shall utilize all or a portion of the bed capacity of that existing hospital. The maximum length of stay for patients in a

New matter indicated by italics - deletions by strikeout
postsurgical recovery care center is not to exceed 48 hours unless the treating physician requests an extension of time from the recovery center's medical director on the basis of medical or clinical documentation that an additional care period is required for the recovery of a patient and the medical director approves the extension of time. In no case, however, shall a patient's length of stay in a postsurgical recovery care center be longer than 72 hours. If a patient requires an additional care period after the expiration of the 72-hour limit, the patient shall be transferred to an appropriate facility. Reports on variances from the 48-hour limit shall be sent to the Department for its evaluation. The reports shall, before submission to the Department, have removed from them all patient and physician identifiers. A postsurgical recovery care center shall be no larger than 20 beds. A postsurgical recovery care center shall be located within 15 minutes travel time from the general acute care hospital with which the center maintains a contractual relationship, including a transfer agreement, as required under this paragraph.

This care is to be provided in a home-like environment that serves no more than 12 children at a time. Children's community-based health care center services must be available through the model to all families, including those whose care is paid for through the Department of

The education and support shall also include a discussion of the resident's need to make advance directives and to identify surrogates for medical and legal decision-making. The provisions of this paragraph establish the minimum level of services that must be provided by an Alzheimer's disease management center. An Alzheimer's disease management center model shall have no more than 100 residents. Nothing in this paragraph (5) shall be construed as prohibiting a person or facility from providing services and care to persons with Alzheimer's disease as otherwise authorized under State law.

(6) Alternative health care delivery model; birth center. A birth center shall be exclusively dedicated to serving the childbirth-related needs of women and their newborns and shall have no more than 10 beds. AN ACT concerning teachers.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Teacher Homebuyer Assistance Act.

Section 5. Legislative findings and declarations. The General Assembly finds and declares all of the following:

(1) Attracting and retaining fully qualified teachers is of paramount importance in ensuring that pupils have fair access to a quality education and a fair chance to succeed academically. This is especially critical for schools that have the greatest number and percentage of pupils with the most acute educational needs, who predictably may score lowest on academic achievement examinations.

(2) A high priority should be placed on attracting and retaining quality teaching professionals who have demonstrated exemplary teaching ability, who serve in hard-to-staff schools, and who live in high-cost areas.

(3) Teachers face housing problems that exacerbate school districts' efforts to attract and retain qualified teachers. Many cannot afford to live in the communities in which they teach, making it difficult for them to become active members of their school's community. Providing opportunities for teachers to participate in after-school activities, from tutoring to coaching, benefits the children and community in which the teacher is employed.

Section 10. Definitions. In this Act: "Authority" means the Illinois Housing Development Authority.

"Hard-to-staff position" means a teaching category (such as special education, mathematics, or science) in which statewide data compiled by the State Board of Education indicates a multi-year pattern of substantial

New matter indicated by italics - deletions by strikeout
teacher shortage or that has been identified as a critical need by the school board.

"Hard-to-staff school" means an elementary or secondary school that ranks in the upper third of schools in this State in the number of teachers who leave their positions. The State Board of Education shall rank schools for this purpose based on mobility and teacher attrition over a 5-year average.

"Teacher" means a person who is currently employed as a full-time teacher in a hard-to-staff school or a hard-to-staff position and who is certified in this State in the subject field or grade level for which the teacher is employed.

"Termination of employment" means that for whatever reason, the borrower is no longer a teacher at any time during the first 5 years immediately following the date of recordation of the subordinate mortgage loan deed of trust. However, it shall not be considered termination of employment if the borrower is still employed at the same school at the time of recordation of the subordinate mortgage loan, but the school is no longer considered a hard-to-staff school or the position in which the teacher is employed is no longer considered a hard-to-staff position or if the borrower accepts a teaching position at another public school and his or her departure from the hard-to-staff school was involuntary. The Authority may establish guidelines for consideration of hardship cases in which it may waive this 5-year continuous employment requirement.

Section 15. Teacher homebuyer assistance program.

(a) Subject to appropriation, the Authority shall establish and administer a teacher homebuyer assistance program and allocate funds in accordance with this Act. The purpose of this program is to provide down payment assistance to teachers for purchasing residences within the jurisdiction in which they are employed.

(b) The maximum down payment assistance to a teacher under this Act shall be determined by the median home price in the school district where the teacher is employed, as follows:

New matter indicated by italics - deletions by strikeout
(1) Any teacher employed in a school district with a median home price over $300,000 is eligible for maximum down payment assistance of $20,000.

(2) Any teacher employed in a school district with a median home price from $150,000 to $300,000, inclusive, is eligible for maximum down payment assistance of $15,000.

(3) Any teacher employed in a school district with a median home price below $150,000 is eligible for maximum down payment assistance of $10,000.

(c) Assistance under this Act shall be in the form of a deferred payment, low-interest subordinate mortgage loan with a term not longer than the term of the first mortgage loan. Interest on this subordinate mortgage loan shall accrue at a rate of up to 5% per annum.

(d) The borrower's obligation to repay the loan shall be evidenced by a lien consisting of a deed of trust, subordinate in priority to the borrower's first mortgage loan financing required to purchase the property. If the borrower has continuously been a teacher for the 5-year period immediately following the date of recordation of the subordinate mortgage loan deed of trust and there has been no termination of employment, then repayment of the subordinate mortgage loan shall be forgiven and considered a grant so long as the borrower produces employment records, to the Authority's satisfaction, that the borrower has continuously been a teacher during that 5-year period.

(e) Repayment of the principal and accrued interest is due and payable at the earlier of the following events:

   (1) sale of the residence;

   (2) the borrower's failure to continuously occupy the residence in accordance with paragraph (3) of Section 20 of this Act; or

   (3) satisfaction of the first mortgage loan.

In no event shall this loan be assumable.

(f) In the event of termination of employment by the borrower within the first 5 years following recordation of the subordinate mortgage loan deed of trust, the borrower shall be obligated to repay to the
Authority, in addition to other amounts due on the loan, the pro rata amount of principal and accrued interest on the loan that directly relates to the period of time within that 5-year period in which the borrower was not a teacher. In order to qualify for any pro rata forgiveness of repayment of the loan, the borrower shall produce employment records to the Authority's satisfaction that the borrower was a teacher for the period in which the pro rata forgiveness of loan is sought. If the borrower produces evidence acceptable to the Authority that the borrower has satisfied all of the requirements specified in this Section to qualify for forgiveness of the loan in total, the Authority must execute any documents that may be necessary so that the borrower may clear title.

Section 20. Qualifying for loan. In order to qualify for a loan under this Act, all of the following criteria must be met:

1. The borrower must qualify as a teacher.
2. The borrower's gross household income must not exceed 125% of the area median income, as defined by the U.S. Department of Housing and Urban Development.
3. The residence financed under this Act must be continuously occupied by the borrower as his or her principal residence for at least 5 years following the recordation of the deed of trust securing the subordinate mortgage loan. If the borrower fails to meet this condition, the principal and accrued interest of the loan is immediately due and payable.
4. The residence being financed must be a single-family residence, condominium, or manufactured home located within the boundaries of the school district that employs the borrower.

Section 25. Rules. The State Board of Education and the Authority may adopt any rules necessary to carry out their responsibilities under this Act.

Sec. 20.1. Guest instructors of acupuncture; professional education. The provisions of this Act do not prohibit an acupuncturist from another state or country, who is not licensed under this Act and who is an invited guest of a professional acupuncture association or scientific acupuncture foundation or an acupuncture training program or continuing education provider that is approved by the Department under this Act, from engaging in professional education through lectures, clinics, or demonstrations, provided that the acupuncturist is currently licensed in another state or country, his or her license is active and has not been disciplined, and he or she is currently certified in good standing as an acupuncturist by the National Certification Commission for Acupuncture and Oriental Medicine.

Licensees under this Act may engage in professional education through lectures, clinics, or demonstrations as an invited guest of a professional acupuncture association or scientific acupuncture foundation or an acupuncture training program or continuing education provider approved by the Department under this Act. The Department may, but is
not required to, establish rules concerning this Section. (21) Violation of the Health Care Worker Self-Referral Act.

The entry of an order by a circuit court establishing that any person holding a license under this Act is subject to involuntary admission or judicial admission as provided for in the Mental Health and Developmental Disabilities Code operates as an automatic suspension of that license. That person may have his or her license restored only upon the determination by a circuit court that the patient is no longer subject to involuntary admission or judicial admission and the issuance of an order so finding and discharging the patient and upon the Board's recommendation to the Department that the license be restored. Where the circumstances so indicate, the Board may recommend to the Department that it require an examination prior to restoring a suspended license.

The Department may refuse to issue or renew the license of any person who fails to (i) file a return or to pay the tax, penalty or interest shown in a filed return or (ii) pay any final assessment of the tax, penalty, or interest as required by any tax Act administered by the Illinois Department of Revenue, until the time that the requirements of that tax Act are satisfied.

The examining physicians shall be specifically designated by the Board or Department. The individual to be examined may have, at his or her own expense, another physician of his or her choice present during all aspects of this examination. Failure of an individual to submit to a mental or physical examination, when directed, shall be grounds for
suspension of his or her license until the individual submits to the examination if the Department finds, after notice and hearing, that the refusal to submit to the examination was without reasonable cause.

If the Department or Board finds an individual unable to practice because of the reasons set forth in this Section, the Department or Board may require that individual to submit to care, counseling, or treatment by physicians approved or designated by the Department or Board, as a condition, term, or restriction for continued, reinstated, or renewed licensure to practice; or, in lieu of care, counseling, or treatment, the Department may file, or the Board may recommend to the Department to file, a complaint to immediately suspend, revoke, or otherwise discipline the license of the individual. An individual whose license was granted, continued, reinstated, renewed, disciplined or supervised subject to such terms, conditions, or restrictions, and who fails to comply with such terms, conditions, or restrictions, shall be referred to the Secretary Director for a determination as to whether the individual shall have his or her license suspended immediately, pending a hearing by the Department.

In instances in which the Secretary Director immediately suspends a person's license under this Section, a hearing on that person's license must be convened by the Department within 30 days after the suspension and completed without appreciable delay. The Department and Board shall have the authority to review the subject individual's record of treatment and counseling regarding the impairment to the extent permitted by applicable federal statutes and regulations safeguarding the confidentiality of medical records.

If the check or other order was issued or delivered in payment of a renewal or issuance fee and the person whose registration has lapsed continues to practice acupuncture without paying the renewal or issuance fee and the required $50 fee under this Section, an additional fee of $100 shall be imposed. The fees imposed by this Section are in addition to any other disciplinary provision under this Act prohibiting practice on an expired or non-renewed registration. The Department shall mail a registration renewal form to each registrant 60 days before the expiration of the registrant's current registration. Upon the filing of a verified petition in court, the court may issue a temporary restraining order, without notice or condition, and may preliminarily and permanently enjoin the violation. If it is established that the person has violated or is violating the injunction, the Court may punish the offender for contempt of court. Proceedings under this Section shall be in addition to, and not in lieu of, all other remedies and penalties provided by this Act.

(b) Whenever in the opinion of the Department a person violates a provision of this Act, the Department may issue a rule to show cause why an order to cease and desist should not be entered against that person. The rule shall clearly set forth the grounds relied upon by the Department and shall allow at least 7 days from the date of the rule to file an answer to the satisfaction of the Department. Failure to answer to the satisfaction of the Department shall cause an order to cease and desist to be issued immediately.

(c) Other than as provided in Section 20 of this Act, if any person practices as an acupuncturist or holds himself or herself out as a licensed acupuncturist under this Act without being issued a valid existing license by the Department, then any licensed acupuncturist, any interested party, or any person injured thereby may, in addition to the Secretary Director, petition for relief as provided in subsection (a) of this Section.

Sec. 140. Investigation; notice; hearing. Licenses may be refused, revoked, suspended, or otherwise disciplined in the manner provided by this Act and not otherwise. The Department may upon its own motion or and shall upon the verified complaint in writing of any person setting forth facts that if proven would constitute grounds for refusal to issue or renew or for suspension, or revocation, or other disciplinary action under this Act, investigate the actions of a person applying for, holding, or claiming to hold a license. license or taking other discipline pursuant to Section 110 of this Act, and at least 30 days prior to the date set for the hearing, notify in writing the applicant or licensee of any charges made, shall afford the applicant or licensee an opportunity to be heard in person or by counsel in reference to the charges, and direct the applicant or licensee to file a written answer to the Department under oath within 20 days after the service of the notice and inform the applicant or licensee that failure to file an answer will result in default being taken against the applicant or licensee and that the license may be suspended, revoked, placed on probationary status, or other disciplinary action may be taken, including limiting the scope, nature, or extent of practice, as the Secretary Director may deem proper. Written notice may be served by personal delivery to the applicant or licensee or by mailing the notice by certified mail to his or her last known place of residence or to the place of business last specified by the applicant or licensee in his or her last notification to the Department. If the person fails to file an answer after receiving notice, his or her license may, in the discretion of the Department, be suspended, revoked, or placed on probationary status or the Department may take whatever disciplinary action deemed proper, including limiting the scope, nature, or extent of the person's practice or the imposition of a fine, without a hearing, if the act or acts charged constitute sufficient grounds for such action under this Act. At the time and place fixed in the notice, the Department shall proceed to hearing of the charges and both the applicant or licensee and the complainant shall be afforded ample opportunity to present, in person or by counsel, any statements, testimony, evidence, and arguments that may be pertinent to the charges or to their defense. The Department may continue a hearing from time to time. If the Board is not sitting at the time and place fixed in the notice or at the time and place to which the hearing shall have been continued, the Department may continue the hearing for a period not to exceed 30 days.

An applicant for a temporary permit under this subsection (a) must apply to the Department on forms and in the manner prescribed by the Department. The application shall require that the applicant submit to the Department (i) satisfactory proof that the applicant is licensed in good standing to practice psychology independently and at the doctoral level in another state, province, or territory, including the sworn statement of the applicant that his or her license is not encumbered in any manner by any licensing authority, (ii) the name of the state, province, or territory in which the applicant is licensed, and (iii) the applicant’s license number or other appropriate identifier issued by the licensing authority to the applicant.

(b) The Secretary may temporarily authorize an individual to practice clinical psychology who (i) holds an active, unencumbered license in good standing in another jurisdiction and (ii) has applied for a license under this Act due to a natural disaster or catastrophic event in the jurisdiction in which he or she is licensed. The temporary authorization granted under this subsection (b) expires upon the issuance of a license under this Act or upon the notification that licensure has been denied by the Department.

Section 5. The Environmental Protection Act is amended by changing Section 22.23b as follows:

(415 ILCS 5/22.23b)

Sec. 22.23b. Mercury and mercury-added products.

(a) Beginning July 1, 2005, no person shall purchase or accept, for use in a primary or secondary school classroom, bulk elemental mercury, chemicals containing mercury compounds, or instructional equipment or materials containing mercury added during their manufacture. This subsection (a) does not apply to: (i) other products containing mercury added during their manufacture that are used in schools and (ii) measuring devices used as teaching aids, including, but not limited to, barometers, manometers, and thermometers, if no adequate mercury-free substitute exists.

(b) Beginning July 1, 2007, no person shall sell, offer to sell, distribute, or offer to distribute a mercury switch or mercury relay individually or as a product component. For a product that contains one or more mercury switches or mercury relays as a component, this subsection (b) is applicable to each component part or parts and not the entire product. This subsection (b) does not apply to the following:

(1) Mercury switches and mercury relays used in medical diagnostic equipment regulated under the federal Food, Drug, and Cosmetic Act.

(2) Mercury switches and mercury relays used at electric generating facilities.

(3) Mercury switches in thermostats used to sense and control room temperature.

(4) Mercury switches and mercury relays required to be used under federal law or federal contract specifications.

(5) A mercury switch or mercury relay used to replace a mercury switch or mercury relay that is a component in a larger product in use prior to July 1, 2007, and one of the following applies:

(A) The larger product is used in manufacturing; or
(B) The mercury switch or mercury relay is integrated and not physically separate from other components of the larger product.

(c) The manufacturer of a mercury switch or mercury relay, or a scientific instrument or piece of instructional equipment containing mercury added during its manufacture, may apply to the Agency for an exemption from the provisions of subsection (a) or (b) of this Section for one or more specific uses of the switch, relay, instrument, or piece of equipment by filing a written petition with the Agency. The Agency may grant an exemption, with or without conditions, if the manufacturer demonstrates the following:

1. A convenient and widely available system exists for the proper collection, transportation, and processing of the switch, relay, instrument, or piece of equipment at the end of its useful life; and

2. The specific use or uses of the switch, relay, instrument, or piece of equipment provides a net benefit to the environment, public health, or public safety when compared to available nonmercury alternatives.

Before approving any exemption under this subsection (c) the Agency must consult with other states to promote consistency in the regulation of products containing mercury added during their manufacture. Exemptions shall be granted for a period of 5 years. The manufacturer may request renewals of the exemption for additional 5-year periods by filing additional written petitions with the Agency. The Agency may renew an exemption if the manufacturer demonstrates that the criteria set forth in paragraphs (1) and (2) of this subsection (c) continue to be satisfied. All petitions for an exemption or exemption renewal shall be submitted on forms prescribed by the Agency.

The Agency must adopt rules for processing petitions submitted pursuant to this subsection (c). The rules shall include, but shall not be limited to, provisions allowing for the submission of written public comments on the petitions.

(d) No later than January 1, 2005, the Agency must submit to the Governor and the General Assembly a report that includes the following:

1. An evaluation of programs to reduce and recycle mercury from mercury thermostats and mercury vehicle components; and

2. Recommendations for altering the programs to make them more effective.

In preparing the report the Agency may seek information from and consult with, businesses, trade associations, environmental organizations, and other government agencies.

(e) Mercury switches and mercury relays, and scientific instruments and instructional equipment containing mercury added during their manufacture, are hereby designated as categories of universal waste subject to the streamlined hazardous waste rules set forth in Title 35 of the Illinois Administrative Code, Subtitle G, Chapter I, Subchapter c, Part 733 ("Part 733"). Within 60 days of the effective date of this amendatory Act of the 93rd General Assembly, the Agency shall propose, and within 180 days of receipt of the Agency's proposal the Board shall adopt, rules that reflect this designation and that prescribe procedures and standards for the management of such items as universal waste.

If the United States Environmental Protection Agency adopts streamlined hazardous waste regulations pertaining to the management of mercury switches or mercury relays, or scientific instruments or instructional equipment containing mercury added during their manufacture, or otherwise exempts such items from regulation as hazardous waste, the Board shall adopt equivalent rules in accordance with Section 7.2 of this Act within 180 days of adoption of the federal regulations. The equivalent Board rules may serve as an alternative to the rules adopted under subsection (1) of this subsection (e).

(f) Beginning July 1, 2008, no person shall install, sell, offer to sell, distribute, or offer to distribute a mercury thermostat in this State. For purposes of this subsection (f), "mercury thermostat" means a product or device that uses a mercury switch to sense and control room temperature through communication with heating, ventilating, or air

(d-1) Rate reduction for certain foreign insurers. In the case of a foreign insurer, as defined by Section 35A-5 of the Illinois Insurance Code, whose state or country of domicile imposes on insurers domiciled in Illinois a retaliatory tax (excluding any insurer whose premiums from reinsurance assumed are 50% or more of its total insurance premiums as determined under paragraph (2) of subsection (b) of Section 304, except that for purposes of this determination premiums from reinsurance do not include premiums from inter-affiliate reinsurance arrangements), beginning with taxable years ending on or after December 31, 1999, the sum of the rates of tax imposed by subsections (b) and (d) shall be reduced (but not increased) to the rate at which the total amount of tax imposed under this Act, net of all credits allowed under this Act, shall equal (i) the total amount of tax that would be imposed on the foreign insurer's net income allocable to Illinois for the taxable year by such foreign insurer's state or country of domicile if that net income were subject to all income taxes and taxes measured by net income imposed by such foreign insurer's state or country of domicile, net of all credits allowed or (ii) a rate of zero if no such tax is imposed on such income by the foreign insurer's state of domicile. For the purposes of this subsection (d-1), an inter-affiliate includes a mutual insurer under common management.

(1) For the purposes of subsection (d-1), in no event shall the sum of the rates of tax imposed by subsections (b) and (d) be reduced below the rate at which the sum of:

(A) the total amount of tax imposed on such foreign insurer under this Act for a taxable year, net of all credits allowed under this Act, plus

(B) the privilege tax imposed by Section 409 of the Illinois Insurance Code, the fire insurance company tax imposed by Section 12 of the Fire Investigation Act, and the fire department taxes imposed under Section 11-10-1 of the Illinois Municipal Code, equals 1.25% for taxable years ending prior to December 31, 2003, or 1.75% for taxable years ending on or after December 31, 2003, of the net taxable premiums written for the taxable year, as described

New matter indicated by italics - deletions by strikeout
by subsection (1) of Section 409 of the Illinois Insurance Code. This paragraph will in no event increase the rates imposed under subsections (b) and (d).

(2) Any reduction in the rates of tax imposed by this subsection shall be applied first against the rates imposed by subsection (b) and only after the tax imposed by subsection (a) net of all credits allowed under this Section other than the credit allowed under subsection (i) has been reduced to zero, against the rates imposed by subsection (d).

This subsection (d-1) is exempt from the provisions of Section 250.

(e) Investment credit. A taxpayer shall be allowed a credit against the Personal Property Tax Replacement Income Tax for investment in qualified property.

(1) A taxpayer shall be allowed a credit equal to .5% of the basis of qualified property placed in service during the taxable year, provided such property is placed in service on or after July 1, 1984. There shall be allowed an additional credit equal to .5% of the basis of qualified property placed in service during the taxable year, provided such property is placed in service on or after July 1, 1986, and the taxpayer's base employment within Illinois has increased by 1% or more over the preceding year as determined by the taxpayer's employment records filed with the Illinois Department of Employment Security. Taxpayers who are new to Illinois shall be deemed to have met the 1% growth in base employment for the first year in which they file employment records with the Illinois Department of Employment Security. The provisions added to this Section by Public Act 85-1200 (and restored by Public Act 87-895) shall be construed as declaratory of existing law and not as a new enactment. If, in any year, the increase in base employment within Illinois over the preceding year is less than 1%, the additional credit shall be limited to that percentage times a fraction, the numerator of which is .5% and the denominator of which is 1%, but shall not exceed .5%. The
investment credit shall not be allowed to the extent that it would reduce a taxpayer's liability in any tax year below zero, nor may any credit for qualified property be allowed for any year other than the year in which the property was placed in service in Illinois. For tax years ending on or after December 31, 1987, and on or before December 31, 1988, the credit shall be allowed for the tax year in which the property is placed in service, or, if the amount of the credit exceeds the tax liability for that year, whether it exceeds the original liability or the liability as later amended, such excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit years if the taxpayer (i) makes investments which cause the creation of a minimum of 2,000 full-time equivalent jobs in Illinois, (ii) is located in an enterprise zone established pursuant to the Illinois Enterprise Zone Act and (iii) is certified by the Department of Commerce and Community Affairs (now Department of Commerce and Economic Opportunity) as complying with the requirements specified in clause (i) and (ii) by July 1, 1986. The Department of Commerce and Community Affairs (now Department of Commerce and Economic Opportunity) shall notify the Department of Revenue of all such certifications immediately. For tax years ending after December 31, 1988, the credit shall be allowed for the tax year in which the property is placed in service, or, if the amount of the credit exceeds the tax liability for that year, whether it exceeds the original liability or the liability as later amended, such excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit years. The credit shall be applied to the earliest year for which there is a liability. If there is credit from more than one tax year that is available to offset a liability, earlier credit shall be applied first.

(2) The term "qualified property" means property which:

(A) is tangible, whether new or used, including buildings and structural components of buildings and signs that are real property, but not including land or
improvements to real property that are not a structural component of a building such as landscaping, sewer lines, local access roads, fencing, parking lots, and other appurtenances;

(B) is depreciable pursuant to Section 167 of the Internal Revenue Code, except that "3-year property" as defined in Section 168(c)(2)(A) of that Code is not eligible for the credit provided by this subsection (e);

(C) is acquired by purchase as defined in Section 179(d) of the Internal Revenue Code;

(D) is used in Illinois by a taxpayer who is primarily engaged in manufacturing, or in mining coal or fluorite, or in retailing, or was placed in service on or after July 1, 2006 in a River Edge Redevelopment Zone established pursuant to the River Edge Redevelopment Zone Act; and

(E) has not previously been used in Illinois in such a manner and by such a person as would qualify for the credit provided by this subsection (e) or subsection (f).

(3) For purposes of this subsection (e), "manufacturing" means the material staging and production of tangible personal property by procedures commonly regarded as manufacturing, processing, fabrication, or assembling which changes some existing material into new shapes, new qualities, or new combinations. For purposes of this subsection (e) the term "mining" shall have the same meaning as the term "mining" in Section 613(c) of the Internal Revenue Code. For purposes of this subsection (e), the term "retailing" means the sale of tangible personal property or services rendered in conjunction with the sale of tangible consumer goods or commodities.

(4) The basis of qualified property shall be the basis used to compute the depreciation deduction for federal income tax purposes.

(5) If the basis of the property for federal income tax depreciation purposes is increased after it has been placed in
service in Illinois by the taxpayer, the amount of such increase shall be deemed property placed in service on the date of such increase in basis.

(6) The term "placed in service" shall have the same meaning as under Section 46 of the Internal Revenue Code.

(7) If during any taxable year, any property ceases to be qualified property in the hands of the taxpayer within 48 months after being placed in service, or the situs of any qualified property is moved outside Illinois within 48 months after being placed in service, the Personal Property Tax Replacement Income Tax for such taxable year shall be increased. Such increase shall be determined by (i) recomputing the investment credit which would have been allowed for the year in which credit for such property was originally allowed by eliminating such property from such computation and, (ii) subtracting such recomputed credit from the amount of credit previously allowed. For the purposes of this paragraph (7), a reduction of the basis of qualified property resulting from a redetermination of the purchase price shall be deemed a disposition of qualified property to the extent of such reduction.

(8) Unless the investment credit is extended by law, the basis of qualified property shall not include costs incurred after December 31, 2008, except for costs incurred pursuant to a binding contract entered into on or before December 31, 2008.

(9) Each taxable year ending before December 31, 2000, a partnership may elect to pass through to its partners the credits to which the partnership is entitled under this subsection (e) for the taxable year. A partner may use the credit allocated to him or her under this paragraph only against the tax imposed in subsections (c) and (d) of this Section. If the partnership makes that election, those credits shall be allocated among the partners in the partnership in accordance with the rules set forth in Section 704(b) of the Internal Revenue Code, and the rules promulgated under that Section, and the allocated amount of the credits shall be allowed to
the partners for that taxable year. The partnership shall make this election on its Personal Property Tax Replacement Income Tax return for that taxable year. The election to pass through the credits shall be irrevocable.

For taxable years ending on or after December 31, 2000, a partner that qualifies its partnership for a subtraction under subparagraph (I) of paragraph (2) of subsection (d) of Section 203 or a shareholder that qualifies a Subchapter S corporation for a subtraction under subparagraph (S) of paragraph (2) of subsection (b) of Section 203 shall be allowed a credit under this subsection (e) equal to its share of the credit earned under this subsection (e) during the taxable year by the partnership or Subchapter S corporation, determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and Subchapter S of the Internal Revenue Code. This paragraph is exempt from the provisions of Section 250.

(f) Investment credit; Enterprise Zone; River Edge Redevelopment Zone.

(1) A taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for investment in qualified property which is placed in service in an Enterprise Zone created pursuant to the Illinois Enterprise Zone Act or, for property placed in service on or after July 1, 2006, a River Edge Redevelopment Zone established pursuant to the River Edge Redevelopment Zone Act. For partners, shareholders of Subchapter S corporations, and owners of limited liability companies, if the liability company is treated as a partnership for purposes of federal and State income taxation, there shall be allowed a credit under this subsection (f) to be determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and Subchapter S of the Internal Revenue Code. The credit shall be .5% of the basis for such property. The credit shall be available only in the taxable year in which the property is placed in service in the Enterprise Zone or River Edge
Redevelopment Zone and shall not be allowed to the extent that it would reduce a taxpayer's liability for the tax imposed by subsections (a) and (b) of this Section to below zero. For tax years ending on or after December 31, 1985, the credit shall be allowed for the tax year in which the property is placed in service, or, if the amount of the credit exceeds the tax liability for that year, whether it exceeds the original liability or the liability as later amended, such excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit year. The credit shall be applied to the earliest year for which there is a liability. If there is credit from more than one tax year that is available to offset a liability, the credit accruing first in time shall be applied first.

(2) The term qualified property means property which:

(A) is tangible, whether new or used, including buildings and structural components of buildings;

(B) is depreciable pursuant to Section 167 of the Internal Revenue Code, except that "3-year property" as defined in Section 168(c)(2)(A) of that Code is not eligible for the credit provided by this subsection (f);

(C) is acquired by purchase as defined in Section 179(d) of the Internal Revenue Code;

(D) is used in the Enterprise Zone or River Edge Redevelopment Zone by the taxpayer; and

(E) has not been previously used in Illinois in such a manner and by such a person as would qualify for the credit provided by this subsection (f) or subsection (e).

(3) The basis of qualified property shall be the basis used to compute the depreciation deduction for federal income tax purposes.

(4) If the basis of the property for federal income tax depreciation purposes is increased after it has been placed in service in the Enterprise Zone or River Edge Redevelopment Zone

(5) The term "placed in service" shall have the same meaning as under Section 46 of the Internal Revenue Code.

(6) If during any taxable year, any property ceases to be qualified property in the hands of the taxpayer within 48 months after being placed in service, or the situs of any qualified property is moved outside the Enterprise Zone or River Edge Redevelopment Zone within 48 months after being placed in service, the tax imposed under subsections (a) and (b) of this Section for such taxable year shall be increased. Such increase shall be determined by (i) recomputing the investment credit which would have been allowed for the year in which credit for such property was originally allowed by eliminating such property from such computation, and (ii) subtracting such recomputed credit from the amount of credit previously allowed. For the purposes of this paragraph (6), a reduction of the basis of qualified property resulting from a redetermination of the purchase price shall be deemed a disposition of qualified property to the extent of such reduction.

(7) There shall be allowed an additional credit equal to 0.5% of the basis of qualified property placed in service during the taxable year in a River Edge Redevelopment Zone, provided such property is placed in service on or after July 1, 2006, and the taxpayer's base employment within Illinois has increased by 1% or more over the preceding year as determined by the taxpayer's employment records filed with the Illinois Department of Employment Security. Taxpayers who are new to Illinois shall be deemed to have met the 1% growth in base employment for the first year in which they file employment records with the Illinois Department of Employment Security. If, in any year, the increase in base employment within Illinois over the preceding year is less than 1%, the additional credit shall be limited to that percentage.

(g) Jobs Tax Credit; Enterprise Zone, River Edge Redevelopment Zone, and Foreign Trade Zone or Sub-Zone.

(1) A taxpayer conducting a trade or business in an enterprise zone or a High Impact Business designated by the Department of Commerce and Economic Opportunity or for taxable years ending on or after December 31, 2006, in a River Edge Redevelopment Zone conducting a trade or business in a federally designated Foreign Trade Zone or Sub-Zone shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section in the amount of $500 per eligible employee hired to work in the zone during the taxable year.

(2) To qualify for the credit:

(A) the taxpayer must hire 5 or more eligible employees to work in an enterprise zone, River Edge Redevelopment Zone, or federally designated Foreign Trade Zone or Sub-Zone during the taxable year;

(B) the taxpayer's total employment within the enterprise zone, River Edge Redevelopment Zone, or federally designated Foreign Trade Zone or Sub-Zone must increase by 5 or more full-time employees beyond the total employed in that zone at the end of the previous tax year for which a jobs tax credit under this Section was taken, or beyond the total employed by the taxpayer as of December 31, 1985, whichever is later; and

(C) the eligible employees must be employed 180 consecutive days in order to be deemed hired for purposes of this subsection.

(3) An "eligible employee" means an employee who is:

(B) Hired after the enterprise zone, River Edge Redevelopment Zone, or federally designated Foreign Trade Zone or Sub-Zone was designated or the trade or business was located in that zone, whichever is later.

(C) Employed in the enterprise zone, River Edge Redevelopment Zone, or Foreign Trade Zone or Sub-Zone. An employee is employed in an enterprise zone or federally designated Foreign Trade Zone or Sub-Zone if his services are rendered there or it is the base of operations for the services performed.

(D) A full-time employee working 30 or more hours per week.

(4) For tax years ending on or after December 31, 1985 and prior to December 31, 1988, the credit shall be allowed for the tax year in which the eligible employees are hired. For tax years ending on or after December 31, 1988, the credit shall be allowed for the tax year immediately following the tax year in which the eligible employees are hired. If the amount of the credit exceeds the tax liability for that year, whether it exceeds the original liability or the liability as later amended, such excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit year. The credit shall be applied to the earliest year for which there is a liability. If there is credit from more than one tax year that is available to offset a liability, earlier credit shall be applied first.

(5) The Department of Revenue shall promulgate such rules and regulations as may be deemed necessary to carry out the purposes of this subsection (g).

(6) The credit shall be available for eligible employees hired on or after January 1, 1986.

The credit applicable to such investments shall be taken in the taxable year in which such investments have been completed. The credit for additional investments beyond the minimum investment by a designated high impact business authorized under subdivision (a)(3)(A) of Section 5.5 of the Illinois Enterprise Zone Act shall be available only in the taxable year in which the property is placed in service and shall not be allowed to the extent that it would reduce a taxpayer's liability for the tax imposed by subsections (a) and (b) of this Section to below zero. For tax years ending on or after December 31, 1987, the credit shall be allowed for the tax year in which the property is placed in service, or, if the amount of the credit exceeds the tax liability for that year, whether it exceeds the original liability or the liability as later amended, such excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit year. The credit shall be applied to the earliest year for which there is a liability. (3) The basis of qualified property shall be the basis used to compute the depreciation deduction for federal income tax purposes.

(5) The term "placed in service" shall have the same meaning as under Section 46 of the Internal Revenue Code.

(6) If during any taxable year ending on or before December 31, 1996, any property ceases to be qualified property in the hands of the taxpayer within 48 months after being placed in service, or the situs of any qualified property is moved outside Illinois within 48 months after being placed in service, the tax imposed under subsections (a) and (b) of this Section for such taxable year shall be increased. Such increase shall be determined by (i) recomputing the investment credit which would have been
allowed for the year in which credit for such property was originally allowed by eliminating such property from such computation, and (ii) subtracting such recomputed credit from the amount of credit previously allowed. For the purposes of this paragraph (6), a reduction of the basis of qualified property resulting from a redetermination of the purchase price shall be deemed a disposition of qualified property to the extent of such reduction.

(7) Beginning with tax years ending after December 31, 1996, if a taxpayer qualifies for the credit under this subsection (h) and thereby is granted a tax abatement and the taxpayer relocates its entire facility in violation of the explicit terms and length of the contract under Section 18-183 of the Property Tax Code, the tax imposed under subsections (a) and (b) of this Section shall be increased for the taxable year in which the taxpayer relocated its facility by an amount equal to the amount of credit received by the taxpayer under this subsection (h).

(i) Credit for Personal Property Tax Replacement Income Tax. For tax years ending prior to December 31, 2003, a credit shall be allowed against the tax imposed by subsections (a) and (b) of this Section for the tax imposed by subsections (c) and (d) of this Section. This credit shall be computed by multiplying the tax imposed by subsections (c) and (d) of this Section by a fraction, the numerator of which is base income allocable to Illinois and the denominator of which is Illinois base income, and further multiplying the product by the tax rate imposed by subsections (a) and (b) of this Section.

Any credit earned on or after December 31, 1986 under this subsection which is unused in the year the credit is computed because it exceeds the tax liability imposed by subsections (a) and (b) for that year (whether it exceeds the original liability or the liability as later amended) may be carried forward and applied to the tax liability imposed by subsections (a) and (b) of the 5 taxable years following the excess credit year, provided that no credit may be carried forward to any year ending on or after December 31, 2003. This credit shall be applied first to the earliest
If there is a credit under this subsection from more than one tax year that is available to offset a liability the earliest credit arising under this subsection shall be applied first.

If, during any taxable year ending on or after December 31, 1986, the tax imposed by subsections (c) and (d) of this Section for which a taxpayer has claimed a credit under this subsection (i) is reduced, the amount of credit for such tax shall also be reduced. Such reduction shall be determined by recomputing the credit to take into account the reduced tax imposed by subsections (c) and (d). If any portion of the reduced amount of credit has been carried to a different taxable year, an amended return shall be filed for such taxable year to reduce the amount of credit claimed.

(j) Training expense credit. Beginning with tax years ending on or after December 31, 1986 and prior to December 31, 2003, a taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) under this Section for all amounts paid or accrued, on behalf of all persons employed by the taxpayer in Illinois or Illinois residents employed outside of Illinois by a taxpayer, for educational or vocational training in semi-technical or technical fields or semi-skilled or skilled fields, which were deducted from gross income in the computation of taxable income. The credit against the tax imposed by subsections (a) and (b) shall be 1.6% of such training expenses. For partners, shareholders of subchapter S corporations, and owners of limited liability companies, if the liability company is treated as a partnership for purposes of federal and State income taxation, there shall be allowed a credit under this subsection (j) to be determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and subchapter S of the Internal Revenue Code.

Any credit allowed under this subsection which is unused in the year the credit is earned may be carried forward to each of the 5 taxable years following the year for which the credit is first computed until it is used. This credit shall be applied first to the earliest year for which there is a liability. If there is a credit under this subsection from more than one tax year that is available to offset a liability the earliest credit arising under
this subsection shall be applied first. No carryforward credit may be claimed in any tax year ending on or after December 31, 2003.

(k) Research and development credit.

For tax years ending after July 1, 1990 and prior to December 31, 2003, and beginning again for tax years ending on or after December 31, 2004, a taxpayer shall be allowed a credit against the tax imposed by subsections (a) and (b) of this Section for increasing research activities in this State. The credit allowed against the tax imposed by subsections (a) and (b) shall be equal to 6 1/2% of the qualifying expenditures for increasing research activities in this State. For partners, shareholders of subchapter S corporations, and owners of limited liability companies, if the liability company is treated as a partnership for purposes of federal and State income taxation, there shall be allowed a credit under this subsection to be determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and subchapter S of the Internal Revenue Code.

Any credit in excess of the tax liability for the taxable year may be carried forward. A taxpayer may elect to have the unused credit shown on its final completed return carried over as a credit against the tax liability for the following 5 taxable years or until it has been fully used, whichever occurs first; provided that no credit earned in a tax year ending prior to December 31, 2003 may be carried forward to any year ending on or after December 31, 2003.
If an unused credit is carried forward to a given year from 2 or more earlier years, that credit arising in the earliest year will be applied first against the tax liability for the given year. If a tax liability for the given year still remains, the credit from the next earliest year will then be applied, and so on, until all credits have been used or no tax liability for the given year remains. Any remaining unused credit or credits then will be carried forward to the next following year in which a tax liability is incurred, except that no credit can be carried forward to a year which is more than 5 years after the year in which the expense for which the credit is given was incurred.

No inference shall be drawn from this amendatory Act of the 91st General Assembly in construing this Section for taxable years beginning before January 1, 1999.

The credit is not available to any taxpayer if the taxpayer or any related party caused or contributed to, in any material respect, a release of regulated substances on, in, or under the site that was identified and addressed by the remedial action pursuant to the Site Remediation Program of the Environmental Protection Act. After the Pollution Control Board rules are adopted pursuant to the Illinois Administrative Procedure Act for the administration and

enforcement of Section 58.9 of the Environmental Protection Act, determinations as to credit availability for purposes of this Section shall be made consistent with those rules. For purposes of this Section, "taxpayer" includes a person whose tax attributes the taxpayer has succeeded to under Section 381 of the Internal Revenue Code and "related party" includes the persons disallowed a deduction for losses by paragraphs (b), (c), and (f)(1) of Section 267 of the Internal Revenue Code by virtue of being a related taxpayer, as well as any of its partners. The credit allowed against the tax imposed by subsections (a) and (b) shall be equal to 25% of the unreimbursed eligible remediation costs in excess of $100,000 per site, except that the $100,000 threshold shall not apply to any site contained in an enterprise zone as determined by the Department of Commerce and Community Affairs (now Department of Commerce and Economic Opportunity). The total credit allowed shall not exceed $40,000 per year with a maximum total of $150,000 per site. For partners and shareholders of subchapter S corporations, there shall be allowed a credit under this subsection to be determined in accordance with the determination of income and distributive share of income under Sections 702 and 704 and subchapter S of the Internal Revenue Code.

(ii) A credit allowed under this subsection that is unused in the year the credit is earned may be carried forward to each of the 5 taxable years following the year for which the credit is first earned until it is used. The term "unused credit" does not include any amounts of unreimbursed eligible remediation costs in excess of the maximum credit per site authorized under paragraph (i). This credit shall be applied first to the earliest year for which there is a liability. If there is a credit under this subsection from more than one tax year that is available to offset a liability, the earliest credit arising under this subsection shall be applied first. A credit allowed under this subsection may be sold to a buyer as part of a sale of all or part of the remediation site for which the credit was granted.
The purchaser of a remediation site and the tax credit shall succeed to the unused credit and remaining carry-forward period of the seller. To perfect the transfer, the assignor shall record the transfer in the chain of title for the site and provide written notice to the Director of the Illinois Department of Revenue of the assignor's intent to sell the remediation site and the amount of the tax credit to be transferred as a portion of the sale. In no event may a credit be transferred to any taxpayer if the taxpayer or a related party would not be eligible under the provisions of subsection (i).

(iii) For purposes of this Section, the term "site" shall have the same meaning as under Section 58.2 of the Environmental Protection Act.

The credit must be claimed for the taxable year in which Agency approval of the eligible remediation costs is granted. The credit is not available to any taxpayer if the taxpayer or any related party caused or contributed to, in any material respect, a release of regulated substances on, in, or under the site that was identified and addressed by the remedial action pursuant to the Site Remediation Program of the Environmental Protection Act. Determinations as to credit availability for purposes of this Section shall be made consistent with rules adopted by the Pollution Control Board pursuant to the Illinois Administrative Procedure Act for the administration and enforcement of Section 58.9 of the Environmental Protection Act. It is the purpose of this Act that temporary or short-term employees employed by the State of Illinois and its political subdivisions or other public employers shall have continuity of health and welfare insurance, pension, and other fringe benefits for work performed for the State of Illinois, its political subdivisions, and other public employers, and that the State of Illinois and its political subdivisions and other public employers shall have the contractual authority to execute written agreements with employee benefit plans and labor organizations to ensure that temporary and short-term employees have continuity of health and welfare insurance, pension, and other fringe benefits for work performed for the State of Illinois and its political subdivisions or other public employers.

the General Assembly:
Section 1. Short title. This Act may be cited as the Mold
Remediation Registration Act.
Section 5. Findings. The General Assembly finds that:
(1) Excessive indoor dampness in buildings is a widespread
problem that warrants action at the local, State, and national levels.
(2) Because of the public's concern about the possible
public health effects of exposure to mold in buildings, as well as
the effects on workers performing remediation work, and the costs
of remediation for the property owner, there is a need to identify

(3) Because there is a need to reduce moisture that fosters
mold formation in buildings, the State should review current State
building codes to ensure that they do not foster mold.
(4) Parties providing mold remediation services in
residential, public, and commercial buildings in Illinois should be
required to register with the State and provide proof of financial
responsibility.
(5) Laboratories performing tests to confirm mold
contamination in buildings should be certified by the American

accreditation standards set under the Environmental Microbiology
Laboratory Accreditation Program.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Municipal Code is amended by changing Sections 11-74.4-3 and 11-74.4-7 as follows:

Sec. 11-74.4-3. Definitions. The following terms, wherever used or referred to in this Division 74.4 shall have the following respective meanings, unless in any case a different meaning clearly appears from the context.

(a) For any redevelopment project area that has been designated pursuant to this Section by an ordinance adopted prior to November 1, 1999 (the effective date of Public Act 91-478), "blighted area" shall have the meaning set forth in this Section prior to that date.

On and after November 1, 1999, "blighted area" means any improved or vacant area within the boundaries of a redevelopment project area located within the territorial limits of the municipality where:

1. If improved, industrial, commercial, and residential buildings or improvements are detrimental to the public safety, health, or welfare because of a combination of 5 or more of the following factors, each of which is (i) present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) reasonably distributed throughout the improved part of the redevelopment project area:

   (A) Dilapidation. An advanced state of disrepair or neglect of necessary repairs to the primary structural components of buildings or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so
serious and so extensive that the buildings must be removed.

(B) Obsolescence. The condition or process of falling into disuse. Structures have become ill-suited for the original use.

(C) Deterioration. With respect to buildings, defects including, but not limited to, major defects in the secondary building components such as doors, windows, porches, gutters and downspouts, and fascia. With respect to surface improvements, that the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas evidence deterioration, including, but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces.

(D) Presence of structures below minimum code standards. All structures that do not meet the standards of zoning, subdivision, building, fire, and other governmental codes applicable to property, but not including housing and property maintenance codes.

(E) Illegal use of individual structures. The use of structures in violation of applicable federal, State, or local laws, exclusive of those applicable to the presence of structures below minimum code standards.

(F) Excessive vacancies. The presence of buildings that are unoccupied or under-utilized and that represent an adverse influence on the area because of the frequency, extent, or duration of the vacancies.

(G) Lack of ventilation, light, or sanitary facilities. The absence of adequate ventilation for light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke, or other noxious airborne materials. Inadequate natural light and ventilation means the absence of skylights or windows for

interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building.

(H) Inadequate utilities. Underground and overhead utilities such as storm sewers and storm drainage, sanitary sewers, water lines, and gas, telephone, and electrical services that are shown to be inadequate. Inadequate utilities are those that are: (i) of insufficient capacity to serve the uses in the redevelopment project area, (ii) deteriorated, antiquated, obsolete, or in disrepair, or (iii) lacking within the redevelopment project area.

(I) Excessive land coverage and overcrowding of structures and community facilities. The over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Examples of problem conditions warranting the designation of an area as one exhibiting excessive land coverage are: (i) the presence of buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety and (ii) the presence of multiple buildings on a single parcel. For there to be a finding of excessive land coverage, these parcels must exhibit one or more of the following conditions: insufficient provision for light and air within or around buildings, increased threat of spread of fire due to the close proximity of buildings, lack of adequate or proper access to a public right-of-way, lack of reasonably required off-street parking, or inadequate provision for loading and service.

(J) Deleterious land use or layout. The existence of incompatible land-use relationships, buildings occupied by

inappropriate mixed-uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.

(K) Environmental clean-up. The proposed redevelopment project area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(L) Lack of community planning. The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This means that the development occurred prior to the adoption by the municipality of a comprehensive or other community plan or that the plan was not followed at the time of the area's development. This factor must be documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning.

(M) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban

Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated.

(2) If vacant, the sound growth of the redevelopment project area is impaired by a combination of 2 or more of the following factors, each of which is (i) present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) reasonably distributed throughout the vacant part of the redevelopment project area to which it pertains:

(A) Obsolete platting of vacant land that results in parcels of limited or narrow size or configurations of parcels of irregular size or shape that would be difficult to develop on a planned basis and in a manner compatible with contemporary standards and requirements, or platting that failed to create rights-of-ways for streets or alleys or that created inadequate right-of-way widths for streets, alleys, or other public rights-of-way or that omitted easements for public utilities.

(B) Diversity of ownership of parcels of vacant land sufficient in number to retard or impede the ability to assemble the land for development.

(C) Tax and special assessment delinquencies exist or the property has been the subject of tax sales under the Property Tax Code within the last 5 years.

(D) Deterioration of structures or site improvements in neighboring areas adjacent to the vacant land.

(E) The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste,

hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(F) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated.

(3) If vacant, the sound growth of the redevelopment project area is impaired by one of the following factors that (i) is present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) is reasonably distributed throughout the vacant part of the redevelopment project area to which it pertains:

(A) The area consists of one or more unused quarries, mines, or strip mine ponds.

(B) The area consists of unused rail yards, rail tracks, or railroad rights-of-way.

(C) The area, prior to its designation, is subject to (i) chronic flooding that adversely impacts on real property in the area as certified by a registered professional engineer or appropriate regulatory agency or (ii) surface water that discharges from all or a part of the area and contributes to flooding within the same watershed, but only if the

redevelopment project provides for facilities or improvements to contribute to the alleviation of all or part of the flooding.

(D) The area consists of an unused or illegal disposal site containing earth, stone, building debris, or similar materials that were removed from construction, demolition, excavation, or dredge sites.

(E) Prior to November 1, 1999, the area is not less than 50 nor more than 100 acres and 75% of which is vacant (notwithstanding that the area has been used for commercial agricultural purposes within 5 years prior to the designation of the redevelopment project area), and the area meets at least one of the factors itemized in paragraph (1) of this subsection, the area has been designated as a town or village center by ordinance or comprehensive plan adopted prior to January 1, 1982, and the area has not been developed for that designated purpose.

(F) The area qualified as a blighted improved area immediately prior to becoming vacant, unless there has been substantial private investment in the immediately surrounding area.

(b) For any redevelopment project area that has been designated pursuant to this Section by an ordinance adopted prior to November 1, 1999 (the effective date of Public Act 91-478), "conservation area" shall have the meaning set forth in this Section prior to that date.

On and after November 1, 1999, "conservation area" means any improved area within the boundaries of a redevelopment project area located within the territorial limits of the municipality in which 50% or more of the structures in the area have an age of 35 years or more. Such an area is not yet a blighted area but because of a combination of 3 or more of the following factors is detrimental to the public safety, health, morals or welfare and such an area may become a blighted area:

(1) Dilapidation. An advanced state of disrepair or neglect of necessary repairs to the primary structural components of

buildings or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed.

(2) Obsolescence. The condition or process of falling into disuse. Structures have become ill-suited for the original use.

(3) Deterioration. With respect to buildings, defects including, but not limited to, major defects in the secondary building components such as doors, windows, porches, gutters and downspouts, and fascia. With respect to surface improvements, that the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas evidence deterioration, including, but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces.

(4) Presence of structures below minimum code standards. All structures that do not meet the standards of zoning, subdivision, building, fire, and other governmental codes applicable to property, but not including housing and property maintenance codes.

(5) Illegal use of individual structures. The use of structures in violation of applicable federal, State, or local laws, exclusive of those applicable to the presence of structures below minimum code standards.

(6) Excessive vacancies. The presence of buildings that are unoccupied or under-utilized and that represent an adverse influence on the area because of the frequency, extent, or duration of the vacancies.

(7) Lack of ventilation, light, or sanitary facilities. The absence of adequate ventilation for light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke, or other noxious airborne materials. window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building.

(8) Inadequate utilities. Underground and overhead utilities such as storm sewers and storm drainage, sanitary sewers, water lines, and gas, telephone, and electrical services that are shown to be inadequate. Inadequate utilities are those that are: (i) of insufficient capacity to serve the uses in the redevelopment project area, (ii) deteriorated, antiquated, obsolete, or in disrepair, or (iii) lacking within the redevelopment project area.

(9) Excessive land coverage and overcrowding of structures and community facilities. The over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Examples of problem conditions warranting the designation of an area as one exhibiting excessive land coverage are: the presence of buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety and the presence of multiple buildings on a single parcel. For there to be a finding of excessive land coverage, these parcels must exhibit one or more of the following conditions: insufficient provision for light and air within or around buildings, increased threat of spread of fire due to the close proximity of buildings, lack of adequate or proper access to a public right-of-way, lack of reasonably required off-street parking, or inadequate provision for loading and service.

(10) Deleterious land use or layout. The existence of incompatible land-use relationships, buildings occupied by inappropriate mixed-uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.

(11) Lack of community planning. The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This means that the

development occurred prior to the adoption by the municipality of a comprehensive or other community plan or that the plan was not followed at the time of the area's development. This factor must be documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning.

(12) The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(13) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years for which information is available.

(c) "Industrial park" means an area in a blighted or conservation area suitable for use by any manufacturing, industrial, research or transportation enterprise, of facilities to include but not be limited to factories, mills, processing plants, assembly plants, packing plants, fabricating plants, industrial distribution centers, warehouses, repair overhaul or service facilities, freight terminals, research facilities, test facilities or railroad facilities.

(d) "Industrial park conservation area" means an area within the boundaries of a redevelopment project area located within the territorial limits of a municipality that is a labor surplus municipality or within 1 1/2 miles of the territorial limits of a municipality that is a labor surplus municipality if the area is annexed to the municipality; which area is zoned as industrial no later than at the time the municipality by ordinance designates the redevelopment project area, and which area includes both vacant land suitable for use as an industrial park and a blighted area or conservation area contiguous to such vacant land.

(e) "Labor surplus municipality" means a municipality in which, at any time during the 6 months before the municipality by ordinance designates an industrial park conservation area, the unemployment rate was over 6% and was also 100% or more of the national average unemployment rate for that same time as published in the United States Department of Labor Bureau of Labor Statistics publication entitled "The Employment Situation" or its successor publication. For the purpose of this subsection, if unemployment rate statistics for the municipality are not available, the unemployment rate in the municipality shall be deemed to be the same as the unemployment rate in the principal county in which the municipality is located.

(f) "Municipality" shall mean a city, village, incorporated town, or a township that is located in the unincorporated portion of a county with 3 million or more inhabitants, if the county adopted an ordinance that approved the township's redevelopment plan.

(g) "Initial Sales Tax Amounts" means the amount of taxes paid under the Retailers' Occupation Tax Act, Use Tax Act, Service Use Tax Act, the Service Occupation Tax Act, the Municipal Retailers' Occupation Tax Act, and the Municipal Service Occupation Tax Act by retailers and servicemen on transactions at places located in a State Sales Tax Boundary during the calendar year 1985.

(g-1) "Revised Initial Sales Tax Amounts" means the amount of taxes paid under the Retailers' Occupation Tax Act, Use Tax Act, Service Use Tax Act, the Service Occupation Tax Act, the Municipal Retailers' Occupation Tax Act, and the Municipal Service Occupation Tax Act by

(h) "Municipal Sales Tax Increment" means an amount equal to the increase in the aggregate amount of taxes paid to a municipality from the Local Government Tax Fund arising from sales by retailers and servicemen within the redevelopment project area or State Sales Tax Boundary, as the case may be, for as long as the redevelopment project area or State Sales Tax Boundary, as the case may be, exist over and above the aggregate amount of taxes as certified by the Illinois Department of Revenue and paid under the Municipal Retailers' Occupation Tax Act and the Municipal Service Occupation Tax Act by retailers and servicemen, on transactions at places of business located in the redevelopment project area or State Sales Tax Boundary, as the case may be, during the base year which shall be the calendar year immediately prior to the year in which the municipality adopted tax increment allocation financing. For purposes of computing the aggregate amount of such taxes for base years occurring prior to 1985, the Department of Revenue shall determine the Initial Sales Tax Amounts for such taxes and deduct therefrom an amount equal to 4% of the aggregate amount of taxes per year for each year the base year is prior to 1985, but not to exceed a total deduction of 12%. The amount so determined shall be known as the "Adjusted Initial Sales Tax Amounts". For purposes of determining the Municipal Sales Tax Increment, the Department of Revenue shall for each period subtract from the amount paid to the municipality from the Local Government Tax Fund arising from sales by retailers and servicemen on transactions located in the redevelopment project area or the State Sales Tax Boundary, as the case may be, the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts for the Municipal Retailers' Occupation Tax Act and the Municipal Service Occupation Tax Act. For the State Fiscal Year 1989, this calculation shall be made by utilizing the calendar year 1987 to determine the tax amounts received. For the State Fiscal Year 1990, this calculation shall be made by utilizing the period from January 1, 1988, until September 30, 1988, to determine the tax amounts received from retailers and servicemen pursuant to the

Municipal Retailers' Occupation Tax and the Municipal Service Occupation Tax Act, which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For the State Fiscal Year 1991, this calculation shall be made by utilizing the period from October 1, 1988, to June 30, 1989, to determine the tax amounts received from retailers and servicemen pursuant to the Municipal Retailers' Occupation Tax and the Municipal Service Occupation Tax Act which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For every State Fiscal Year thereafter, the applicable period shall be the 12 months beginning July 1 and ending June 30 to determine the tax amounts received which shall have deducted therefrom the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts, as the case may be.

(i) "Net State Sales Tax Increment" means the sum of the following: (a) 80% of the first $100,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary; (b) 60% of the amount in excess of $100,000 but not exceeding $500,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary; and (c) 40% of all amounts in excess of $500,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary. If, however, a municipality established a tax increment financing district in a county with a population in excess of 3,000,000 before January 1, 1986, and the municipality entered into a contract or issued bonds after January 1, 1986, but before December 31, 1986, to finance redevelopment project costs within a State Sales Tax Boundary, then the Net State Sales Tax Increment means, for the fiscal years beginning July 1, 1990, and July 1, 1991, 100% of the State Sales Tax Increment annually generated within a State Sales Tax Boundary; and notwithstanding any other provision of this Act, for those fiscal years the Department of Revenue shall distribute to those municipalities 100% of their Net State Sales Tax Increment before any distribution to any other municipality and regardless of whether or not
those other municipalities will receive 100% of their Net State Sales Tax Increment. For Fiscal Year 1999, and every year thereafter until the year 2007, for any municipality that has not entered into a contract or has not issued bonds prior to June 1, 1988 to finance redevelopment project costs within a State Sales Tax Boundary, the Net State Sales Tax Increment shall be calculated as follows: By multiplying the Net State Sales Tax Increment by 90% in the State Fiscal Year 1999; 80% in the State Fiscal Year 2000; 70% in the State Fiscal Year 2001; 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for State Fiscal Year 2008 and thereafter.

Municipalities that issued bonds in connection with a redevelopment project in a redevelopment project area within the State Sales Tax Boundary prior to July 29, 1991, or that entered into contracts in connection with a redevelopment project in a redevelopment project area before June 1, 1988, shall continue to receive their proportional share of the Illinois Tax Increment Fund distribution until the date on which the redevelopment project is completed or terminated. If, however, a municipality that issued bonds in connection with a redevelopment project in a redevelopment project area within the State Sales Tax Boundary prior to July 29, 1991 retires the bonds prior to June 30, 2007 or a municipality that entered into contracts in connection with a redevelopment project in a redevelopment project area before June 1, 1988 completes the contracts prior to June 30, 2007, then so long as the redevelopment project is not completed or is not terminated, the Net State Sales Tax Increment shall be calculated, beginning on the date on which the bonds are retired or the contracts are completed, as follows: By multiplying the Net State Sales Tax Increment by 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for State Fiscal Year 2008 and thereafter. Refunding of any bonds issued prior to July 29, 1991, shall not alter the Net State Sales Tax Increment.
(j) "State Utility Tax Increment Amount" means an amount equal to the aggregate increase in State electric and gas tax charges imposed on owners and tenants, other than residential customers, of properties located within the redevelopment project area under Section 9-222 of the Public Utilities Act, over and above the aggregate of such charges as certified by the Department of Revenue and paid by owners and tenants, other than residential customers, of properties within the redevelopment project area during the base year, which shall be the calendar year immediately prior to the year of the adoption of the ordinance authorizing tax increment allocation financing.

(k) "Net State Utility Tax Increment" means the sum of the following: (a) 80% of the first $100,000 of State Utility Tax Increment annually generated by a redevelopment project area; (b) 60% of the amount in excess of $100,000 but not exceeding $500,000 of the State Utility Tax Increment annually generated by a redevelopment project area; and (c) 40% of all amounts in excess of $500,000 of State Utility Tax Increment annually generated by a redevelopment project area. For the State Fiscal Year 1999, and every year thereafter until the year 2007, for any municipality that has not entered into a contract or has not issued bonds prior to June 1, 1988 to finance redevelopment project costs within a redevelopment project area, the Net State Utility Tax Increment shall be calculated as follows: By multiplying the Net State Utility Tax Increment by 90% in the State Fiscal Year 1999; 80% in the State Fiscal Year 2000; 70% in the State Fiscal Year 2001; 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for the State Fiscal Year 2008 and thereafter.

Municipalities that issue bonds in connection with the redevelopment project during the period from June 1, 1988 until 3 years after the effective date of this Amendatory Act of 1988 shall receive the Net State Utility Tax Increment, subject to appropriation, for 15 State Fiscal Years after the issuance of such bonds. For the 16th through the 20th State Fiscal Years after issuance of the bonds, the Net State Utility Tax Increment shall be calculated as follows: By multiplying the Net State Utility Tax Increment by 90% in the State Fiscal Year 1999; 80% in the State Fiscal Year 2000; 70% in the State Fiscal Year 2001; 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for the State Fiscal Year 2008 and thereafter.
Tax Increment shall be calculated as follows: By multiplying the Net State Utility Tax Increment by 90% in year 16; 80% in year 17; 70% in year 18; 60% in year 19; and 50% in year 20. Refunding of any bonds issued prior to June 1, 1988, shall not alter the revised Net State Utility Tax Increment payments set forth above.

(l) "Obligations" mean bonds, loans, debentures, notes, special certificates or other evidence of indebtedness issued by the municipality to carry out a redevelopment project or to refund outstanding obligations.

(m) "Payment in lieu of taxes" means those estimated tax revenues from real property in a redevelopment project area derived from real property that has been acquired by a municipality which according to the redevelopment project or plan is to be used for a private use which taxing districts would have received had a municipality not acquired the real property and adopted tax increment allocation financing and which would result from levies made after the time of the adoption of tax increment allocation financing to the time the current equalized value of real property in the redevelopment project area exceeds the total initial equalized value of real property in said area.

(n) "Redevelopment plan" means the comprehensive program of the municipality for development or redevelopment intended by the payment of redevelopment project costs to reduce or eliminate those conditions the existence of which qualified the redevelopment project area as a "blighted area" or "conservation area" or combination thereof or "industrial park conservation area," and thereby to enhance the tax bases of the taxing districts which extend into the redevelopment project area. On and after November 1, 1999 (the effective date of Public Act 91-478), no redevelopment plan may be approved or amended that includes the development of vacant land (i) with a golf course and related clubhouse and other facilities or (ii) designated by federal, State, county, or municipal government as public land for outdoor recreational activities or for nature preserves and used for that purpose within 5 years prior to the adoption of the redevelopment plan. For the purpose of this subsection, "recreational activities" is limited to mean camping and hunting. Each redevelopment
plan shall set forth in writing the program to be undertaken to accomplish the objectives and shall include but not be limited to:

(A) an itemized list of estimated redevelopment project costs;

(B) evidence indicating that the redevelopment project area on the whole has not been subject to growth and development through investment by private enterprise;

(C) an assessment of any financial impact of the redevelopment project area on or any increased demand for services from any taxing district affected by the plan and any program to address such financial impact or increased demand;

(D) the sources of funds to pay costs;

(E) the nature and term of the obligations to be issued;

(F) the most recent equalized assessed valuation of the redevelopment project area;

(G) an estimate as to the equalized assessed valuation after redevelopment and the general land uses to apply in the redevelopment project area;

(H) a commitment to fair employment practices and an affirmative action plan;

(I) if it concerns an industrial park conservation area, the plan shall also include a general description of any proposed developer, user and tenant of any property, a description of the type, structure and general character of the facilities to be developed, a description of the type, class and number of new employees to be employed in the operation of the facilities to be developed; and

(J) if property is to be annexed to the municipality, the plan shall include the terms of the annexation agreement.

The provisions of items (B) and (C) of this subsection (n) shall not apply to a municipality that before March 14, 1994 (the effective date of Public Act 88-537) had fixed, either by its corporate authorities or by a commission designated under subsection (k) of Section 11-74.4-4, a time and place for a public hearing as required by subsection (a) of Section 11-
74.4-5. No redevelopment plan shall be adopted unless a municipality complies with all of the following requirements:

   (1) The municipality finds that the redevelopment project area on the whole has not been subject to growth and development through investment by private enterprise and would not reasonably be anticipated to be developed without the adoption of the redevelopment plan.

   (2) The municipality finds that the redevelopment plan and project conform to the comprehensive plan for the development of the municipality as a whole, or, for municipalities with a population of 100,000 or more, regardless of when the redevelopment plan and project was adopted, the redevelopment plan and project either: (i) conforms to the strategic economic development or redevelopment plan issued by the designated planning authority of the municipality, or (ii) includes land uses that have been approved by the planning commission of the municipality.

   (3) The redevelopment plan establishes the estimated dates of completion of the redevelopment project and retirement of obligations issued to finance redevelopment project costs. Those dates: shall not be later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the twenty-third calendar year after the year in which the ordinance approving the redevelopment project area is adopted if the ordinance was adopted on or after January 15, 1981; shall not be later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the thirty-third calendar year after the year in which the ordinance approving the redevelopment project area is adopted if the ordinance was adopted on May 20, 1985 by the Village of Wheeling; and shall not be later than December 31 of the year in which the payment to the municipal treasurer as provided in

subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the thirty-fifth calendar year after the year in which the ordinance approving the redevelopment project area is adopted:

However, for redevelopment project areas for which bonds were issued before July 29, 1991, or for which contracts were entered into before June 1, 1988, in connection with a redevelopment project in the area within the State Sales Tax Boundary, the estimated dates of completion of the redevelopment project and retirement of obligations to finance redevelopment project costs may be extended by municipal ordinance to December 31, 2013. The termination procedures of subsection (b) of Section 11-74.4-8 are not required for these redevelopment project areas in 2009 but are required in 2013. The extension

allowed by this amendatory Act of 1993 shall not apply to real property tax increment allocation financing under Section 11-74.4-8.

A municipality may by municipal ordinance amend an existing redevelopment plan to conform to this paragraph (3) as amended by Public Act 91-478, which municipal ordinance may be adopted without further hearing or notice and without complying with the procedures provided in this Act pertaining to an amendment to or the initial approval of a redevelopment plan and project and designation of a redevelopment project area.

Those dates, for purposes of real property tax increment allocation financing pursuant to Section 11-74.4-8 only, shall be not more than 35 years for redevelopment project areas that were adopted on or after December 16, 1986 and for which at least $8 million worth of municipal bonds were authorized on or after December 19, 1989 but before January 1, 1990; provided that the municipality elects to extend the life of the redevelopment project area to 35 years by the adoption of an ordinance after at least 14 but not more than 30 days' written notice to the taxing bodies, that would otherwise constitute the joint review board for the redevelopment project area, before the adoption of the ordinance.

Those dates, for purposes of real property tax increment allocation financing pursuant to Section 11-74.4-8 only, shall be not more than 35 years for redevelopment project areas that were established on or after December 1, 1981 but before January 1, 1982 and for which at least $1,500,000 worth of tax increment revenue bonds were authorized on or after September 30, 1990 but before July 1, 1991; provided that the municipality elects to extend the life of the redevelopment project area to 35 years by the adoption of an ordinance after at least 14 but not more than 30 days' written notice to the taxing bodies, that would otherwise constitute the joint review board for the redevelopment project area, before the adoption of the ordinance.

(3.5) The municipality finds, in the case of an industrial park conservation area, also that the municipality is a labor surplus municipality and that the implementation of the redevelopment plan will reduce unemployment, create new jobs and by the provision of new facilities enhance the tax base of the taxing districts that extend into the redevelopment project area.

(4) If any incremental revenues are being utilized under Section 8(a)(1) or 8(a)(2) of this Act in redevelopment project areas approved by ordinance after January 1, 1986, the municipality finds: (a) that the redevelopment project area would not reasonably be developed without the use of such incremental revenues, and (b) that such incremental revenues will be exclusively utilized for the development of the redevelopment project area.

(5) If the redevelopment plan will not result in displacement of residents from 10 or more inhabited residential units, and the municipality certifies in the plan that such displacement will not result from the plan, a housing impact study need not be performed. If, however, the redevelopment plan would result in the displacement of residents from 10 or more inhabited residential units, or if the redevelopment project area contains 75 or more inhabited residential units and no certification is made, then the municipality shall prepare, as part of the separate feasibility report required by subsection (a) of Section 11-74.4-5, a housing impact study.

Part I of the housing impact study shall include (i) data as to whether the residential units are single family or multi-family units, (ii) the number and type of rooms within the units, if that information is available, (iii) whether the units are inhabited or uninhabited, as determined not less than 45 days before the date that the ordinance or resolution required by subsection (a) of Section 11-74.4-5 is passed, and (iv) data as to the racial and ethnic composition of the residents in the inhabited residential units. The data requirement as to the racial and ethnic composition of the

residents in the inhabited residential units shall be deemed to be fully satisfied by data from the most recent federal census.

Part II of the housing impact study shall identify the inhabited residential units in the proposed redevelopment project area that are to be or may be removed. If inhabited residential units are to be removed, then the housing impact study shall identify (i) the number and location of those units that will or may be removed, (ii) the municipality's plans for relocation assistance for those residents in the proposed redevelopment project area whose residences are to be removed, (iii) the availability of replacement housing for those residents whose residences are to be removed, and shall identify the type, location, and cost of the housing, and (iv) the type and extent of relocation assistance to be provided.

(6) On and after November 1, 1999, the housing impact study required by paragraph (5) shall be incorporated in the redevelopment plan for the redevelopment project area.

(7) On and after November 1, 1999, no redevelopment plan shall be adopted, nor an existing plan amended, nor shall residential housing that is occupied by households of low-income and very low-income persons in currently existing redevelopment project areas be removed after November 1, 1999 unless the redevelopment plan provides, with respect to inhabited housing units that are to be removed for households of low-income and very low-income persons, affordable housing and relocation assistance not less than that which would be provided under the federal Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 and the regulations under that Act, including the eligibility criteria. Affordable housing may be either existing or newly constructed housing. For purposes of this paragraph (7), "low-income households", "very low-income households", and "affordable housing" have the meanings set forth in the Illinois Affordable Housing Act. The municipality shall make a good faith effort to ensure that this affordable housing is

located in or near the redevelopment project area within the municipality.

(8) On and after November 1, 1999, if, after the adoption of the redevelopment plan for the redevelopment project area, any municipality desires to amend its redevelopment plan to remove more inhabited residential units than specified in its original redevelopment plan, that change shall be made in accordance with the procedures in subsection (c) of Section 11-74.4-5.

(9) For redevelopment project areas designated prior to November 1, 1999, the redevelopment plan may be amended without further joint review board meeting or hearing, provided that the municipality shall give notice of any such changes by mail to each affected taxing district and registrant on the interested party registry, to authorize the municipality to expend tax increment revenues for redevelopment project costs defined by paragraphs (5) and (7.5), subparagraphs (E) and (F) of paragraph (11), and paragraph (11.5) of subsection (q) of Section 11-74.4-3, so long as the changes do not increase the total estimated redevelopment project costs set out in the redevelopment plan by more than 5% after adjustment for inflation from the date the plan was adopted.

(o) "Redevelopment project" means any public and private development project in furtherance of the objectives of a redevelopment plan. On and after November 1, 1999 (the effective date of Public Act 91-478), no redevelopment plan may be approved or amended that includes the development of vacant land (i) with a golf course and related clubhouse and other facilities or (ii) designated by federal, State, county, or municipal government as public land for outdoor recreational activities or for nature preserves and used for that purpose within 5 years prior to the adoption of the redevelopment plan. For the purpose of this subsection, "recreational activities" is limited to mean camping and hunting.

(p) "Redevelopment project area" means an area designated by the municipality, which is not less in the aggregate than 1 1/2 acres and in respect to which the municipality has made a finding that there exist conditions which cause the area to be classified as an industrial park.

conservation area or a blighted area or a conservation area, or a combination of both blighted areas and conservation areas.

(q) "Redevelopment project costs" mean and include the sum total of all reasonable or necessary costs incurred or estimated to be incurred, and any such costs incidental to a redevelopment plan and a redevelopment project. Such costs include, without limitation, the following:

(1) Costs of studies, surveys, development of plans, and specifications, implementation and administration of the redevelopment plan including but not limited to staff and professional service costs for architectural, engineering, legal, financial, planning or other services, provided however that no charges for professional services may be based on a percentage of the tax increment collected; except that on and after November 1, 1999 (the effective date of Public Act 91-478), no contracts for professional services, excluding architectural and engineering services, may be entered into if the terms of the contract extend beyond a period of 3 years. In addition, "redevelopment project costs" shall not include lobbying expenses. After consultation with the municipality, each tax increment consultant or advisor to a municipality that plans to designate or has designated a redevelopment project area shall inform the municipality in writing of any contracts that the consultant or advisor has entered into with entities or individuals that have received, or are receiving, payments financed by tax increment revenues produced by the redevelopment project area with respect to which the consultant or advisor has performed, or will be performing, service for the municipality. This requirement shall be satisfied by the consultant or advisor before the commencement of services for the municipality and thereafter whenever any other contracts with those individuals or entities are executed by the consultant or advisor;

(1.5) After July 1, 1999, annual administrative costs shall not include general overhead or administrative costs of the
municipality that would still have been incurred by the municipality if the municipality had not designated a redevelopment project area or approved a redevelopment plan;

(1.6) The cost of marketing sites within the redevelopment project area to prospective businesses, developers, and investors;

(2) Property assembly costs, including but not limited to acquisition of land and other property, real or personal, or rights or interests therein, demolition of buildings, site preparation, site improvements that serve as an engineered barrier addressing ground level or below ground environmental contamination, including, but not limited to parking lots and other concrete or asphalt barriers, and the clearing and grading of land;

(3) Costs of rehabilitation, reconstruction or repair or remodeling of existing public or private buildings, fixtures, and leasehold improvements; and the cost of replacing an existing public building if pursuant to the implementation of a redevelopment project the existing public building is to be demolished to use the site for private investment or devoted to a different use requiring private investment;

(4) Costs of the construction of public works or improvements, except that on and after November 1, 1999, redevelopment project costs shall not include the cost of constructing a new municipal public building principally used to provide offices, storage space, or conference facilities or vehicle storage, maintenance, or repair for administrative, public safety, or public works personnel and that is not intended to replace an existing public building as provided under paragraph (3) of subsection (q) of Section 11-74.4-3 unless either (i) the construction of the new municipal building implements a redevelopment project that was included in a redevelopment plan that was adopted by the municipality prior to November 1, 1999 or (ii) the municipality makes a reasonable determination in the redevelopment plan, supported by information that provides the basis for that determination, that the new municipal building is

required to meet an increase in the need for public safety purposes anticipated to result from the implementation of the redevelopment plan;

(5) Costs of job training and retraining projects, including the cost of "welfare to work" programs implemented by businesses located within the redevelopment project area;

(6) Financing costs, including but not limited to all necessary and incidental expenses related to the issuance of obligations and which may include payment of interest on any obligations issued hereunder including interest accruing during the estimated period of construction of any redevelopment project for which such obligations are issued and for not exceeding 36 months thereafter and including reasonable reserves related thereto;

(7) To the extent the municipality by written agreement accepts and approves the same, all or a portion of a taxing district's capital costs resulting from the redevelopment project necessarily incurred or to be incurred within a taxing district in furtherance of the objectives of the redevelopment plan and project.

(7.5) For redevelopment project areas designated (or redevelopment project areas amended to add or increase the number of tax-increment-financing assisted housing units) on or after November 1, 1999, an elementary, secondary, or unit school district's increased costs attributable to assisted housing units located within the redevelopment project area for which the developer or redeveloper receives financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the assisted housing sites necessary for the completion of that housing as authorized by this Act, and which costs shall be paid by the municipality from the Special Tax Allocation Fund when the tax increment revenue is received as a result of the assisted housing units and shall be calculated annually as follows:

(i) for unit school districts with a district average 1995-96 Per Capita Tuition Charge of less than $5,900, no more than 25% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act;

that have received tax increment finance assistance under this Act.

(C) For any school district in a municipality with a population in excess of 1,000,000, the following restrictions shall apply to the reimbursement of increased costs under this paragraph (7.5):

(i) no increased costs shall be reimbursed unless the school district certifies that each of the schools affected by the assisted housing project is at or over its student capacity;

(ii) the amount reimbursable shall be reduced by the value of any land donated to the school district by the municipality or developer, and by the value of any physical improvements made to the schools by the municipality or developer; and

(iii) the amount reimbursed may not affect amounts otherwise obligated by the terms of any bonds, notes, or other funding instruments, or the terms of any redevelopment agreement.

Any school district seeking payment under this paragraph (7.5) shall, after July 1 and before September 30 of each year, provide the municipality with reasonable evidence to support its claim for reimbursement before the municipality shall be required to approve or make the payment to the school district. If the school district fails to provide the information during this period in any year, it shall forfeit any claim to reimbursement for that year. School districts may adopt a resolution waiving the right to all or a portion of the reimbursement otherwise required by this paragraph (7.5). By acceptance of this reimbursement the school district waives the right to directly or indirectly set aside, modify, or contest in any manner the establishment of the redevelopment project area or projects;

(7.7) For redevelopment project areas designated (or redevelopment project areas amended to add or increase the number of tax-increment-financing assisted housing units) on or after January 1, 2005 (the effective date of Public Act 93-961), a public library district's increased costs attributable to assisted housing units located within the redevelopment project area for which the developer or redeveloper receives financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the assisted housing sites necessary for the completion of that housing as authorized by this Act shall be paid to the library district by the municipality from the Special Tax Allocation Fund when the tax increment revenue is received as a result of the assisted housing units. This paragraph (7.7) applies only if (i) the library district is located in a county that is subject to the Property Tax Extension Limitation Law or (ii) the library district is not located in a county that is subject to the Property Tax Extension Limitation Law but the district is prohibited by any other law from increasing its tax levy rate without a prior voter referendum.

The amount paid to a library district under this paragraph (7.7) shall be calculated by multiplying (i) the net increase in the number of persons eligible to obtain a library card in that district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by (ii) the per-patron cost of providing library services so long as it does not exceed $120. The per-patron cost shall be the Total Operating Expenditures Per Capita as stated in the most recent Illinois Public Library Statistics produced by the Library Research Center at the University of Illinois. The municipality may

deduct from the amount that it must pay to a library district under this paragraph any amount that it has voluntarily paid to the library district from the tax increment revenue. The amount paid to a library district under this paragraph (7.7) shall be no more than 2% of the amount produced by the assisted housing units and deposited into the Special Tax Allocation Fund.

A library district is not eligible for any payment under this paragraph (7.7) unless the library district has experienced an increase in the number of patrons from the municipality that created the tax-increment-financing district since the designation of the redevelopment project area.

Any library district seeking payment under this paragraph (7.7) shall, after July 1 and before September 30 of each year, provide the municipality with convincing evidence to support its claim for reimbursement before the municipality shall be required to approve or make the payment to the library district. If the library district fails to provide the information during this period in any year, it shall forfeit any claim to reimbursement for that year. Library districts may adopt a resolution waiving the right to all or a portion of the reimbursement otherwise required by this paragraph (7.7). By acceptance of such reimbursement, the library district shall forfeit any right to directly or indirectly set aside, modify, or contest in any manner whatsoever the establishment of the redevelopment project area or projects;

(8) Relocation costs to the extent that a municipality determines that relocation costs shall be paid or is required to make payment of relocation costs by federal or State law or in order to satisfy subparagraph (7) of subsection (n);

(9) Payment in lieu of taxes;

(10) Costs of job training, retraining, advanced vocational education or career education, including but not limited to courses in occupational, semi-technical or technical fields leading directly to employment, incurred by one or more taxing districts, provided that such costs (i) are related to the establishment and maintenance

of additional job training, advanced vocational education or career education programs for persons employed or to be employed by employers located in a redevelopment project area; and (ii) when incurred by a taxing district or taxing districts other than the municipality, are set forth in a written agreement by or among the municipality and the taxing district or taxing districts, which agreement describes the program to be undertaken, including but not limited to the number of employees to be trained, a description of the training and services to be provided, the number and type of positions available or to be available, itemized costs of the program and sources of funds to pay for the same, and the term of the agreement. Such costs include, specifically, the payment by community college districts of costs pursuant to Sections 3-37, 3-38, 3-40 and 3-40.1 of the Public Community College Act and by school districts of costs pursuant to Sections 10-22.20a and 10-23.3a of The School Code;

(11) Interest cost incurred by a redeveloper related to the construction, renovation or rehabilitation of a redevelopment project provided that:

(A) such costs are to be paid directly from the special tax allocation fund established pursuant to this Act;
(B) such payments in any one year may not exceed 30% of the annual interest costs incurred by the redeveloper with regard to the redevelopment project during that year;
(C) if there are not sufficient funds available in the special tax allocation fund to make the payment pursuant to this paragraph (11) then the amounts so due shall accrue and be payable when sufficient funds are available in the special tax allocation fund;
(D) the total of such interest payments paid pursuant to this Act may not exceed 30% of the total (i) cost paid or incurred by the redeveloper for the redevelopment project plus (ii) redevelopment project costs excluding any

property assembly costs and any relocation costs incurred by a municipality pursuant to this Act; and

(E) the cost limits set forth in subparagraphs (B) and (D) of paragraph (11) shall be modified for the financing of rehabilitated or new housing units for low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act. The percentage of 75% shall be substituted for 30% in subparagraphs (B) and (D) of paragraph (11).

(F) Instead of the eligible costs provided by subparagraphs (B) and (D) of paragraph (11), as modified by this subparagraph, and notwithstanding any other provisions of this Act to the contrary, the municipality may pay from tax increment revenues up to 50% of the cost of construction of new housing units to be occupied by low-income households and very low-income households as defined in Section 3 of the Illinois Affordable Housing Act. The cost of construction of those units may be derived from the proceeds of bonds issued by the municipality under this Act or other constitutional or statutory authority or from other sources of municipal revenue that may be reimbursed from tax increment revenues or the proceeds of bonds issued to finance the construction of that housing.

The eligible costs provided under this subparagraph (F) of paragraph (11) shall be an eligible cost for the construction, renovation, and rehabilitation of all low and very low-income housing units, as defined in Section 3 of the Illinois Affordable Housing Act, within the redevelopment project area. If the low and very low-income units are part of a residential redevelopment project that includes units not affordable to low and very low-income households, only the low and very low-income units shall be eligible for benefits under subparagraph (F) of paragraph (11). The standards for maintaining the occupancy by low-
income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act, of those units constructed with eligible costs made available under the provisions of this subparagraph (F) of paragraph (11) shall be established by guidelines adopted by the municipality. The responsibility for annually documenting the initial occupancy of the units by low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act, shall be that of the then current owner of the property. For ownership units, the guidelines will provide, at a minimum, for a reasonable recapture of funds, or other appropriate methods designed to preserve the original affordability of the ownership units. For rental units, the guidelines will provide, at a minimum, for the affordability of rent to low and very low-income households. As units become available, they shall be rented to income-eligible tenants. The municipality may modify these guidelines from time to time; the guidelines, however, shall be in effect for as long as tax increment revenue is being used to pay for costs associated with the units or for the retirement of bonds issued to finance the units or for the life of the redevelopment project area, whichever is later.

(11.5) If the redevelopment project area is located within a municipality with a population of more than 100,000, the cost of day care services for children of employees from low-income families working for businesses located within the redevelopment project area and all or a portion of the cost of operation of day care centers established by redevelopment project area businesses to serve employees from low-income families working in businesses located in the redevelopment project area. For the purposes of this paragraph, "low-income families" means families whose annual income does not exceed 80% of the municipal, county, or regional median income, adjusted for family size, as the annual income and

(12) Unless explicitly stated herein the cost of construction of new privately-owned buildings shall not be an eligible redevelopment project cost.

(13) After November 1, 1999 (the effective date of Public Act 91-478), none of the redevelopment project costs enumerated in this subsection shall be eligible redevelopment project costs if those costs would provide direct financial support to a retail entity initiating operations in the redevelopment project area while terminating operations at another Illinois location within 10 miles of the redevelopment project area but outside the boundaries of the redevelopment project area municipality. For purposes of this paragraph, termination means a closing of a retail operation that is directly related to the opening of the same operation or like retail entity owned or operated by more than 50% of the original ownership in a redevelopment project area, but it does not mean closing an operation for reasons beyond the control of the retail entity, as documented by the retail entity, subject to a reasonable finding by the municipality that the current location contained inadequate space, had become economically obsolete, or was no longer a viable location for the retailer or serviceman.

If a special service area has been established pursuant to the Special Service Area Tax Act or Special Service Area Tax Law, then any tax increment revenues derived from the tax imposed pursuant to the Special Service Area Tax Act or Special Service Area Tax Law may be used within the redevelopment project area for the purposes permitted by that Act or Law as well as the purposes permitted by this Act.

(r) "State Sales Tax Boundary" means the redevelopment project area or the amended redevelopment project area boundaries which are determined pursuant to subsection (9) of Section 11-74.4-8a of this Act. The Department of Revenue shall certify pursuant to subsection (9) of
Section 11-74.4-8a the appropriate boundaries eligible for the
determination of State Sales Tax Increment.

(s) "State Sales Tax Increment" means an amount equal to the
increase in the aggregate amount of taxes paid by retailers and servicemen,
other than retailers and servicemen subject to the Public Utilities Act, on
transactions at places of business located within a State Sales Tax
Boundary pursuant to the Retailers' Occupation Tax Act, the Use Tax Act,
the Service Use Tax Act, and the Service Occupation Tax Act, except such
portion of such increase that is paid into the State and Local Sales Tax
Reform Fund, the Local Government Distributive Fund, the Local
Government Tax Fund and the County and Mass Transit District Fund, for
as long as State participation exists, over and above the Initial Sales Tax
Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales
Tax Amounts for such taxes as certified by the Department of Revenue
and paid under those Acts by retailers and servicemen on transactions at
places of business located within the State Sales Tax Boundary during the
base year which shall be the calendar year immediately prior to the year in
which the municipality adopted tax increment allocation financing, less
3.0% of such amounts generated under the Retailers' Occupation Tax Act,
Use Tax Act and Service Use Tax Act and the Service Occupation Tax
Act, which sum shall be appropriated to the Department of Revenue to
cover its costs of administering and enforcing this Section. For purposes of
computing the aggregate amount of such taxes for base years occurring
prior to 1985, the Department of Revenue shall compute the Initial Sales
Tax Amount for such taxes and deduct therefrom an amount equal to 4%
of the aggregate amount of taxes per year for each year the base year is
prior to 1985, but not to exceed a total deduction of 12%. The amount so
determined shall be known as the "Adjusted Initial Sales Tax Amount".
For purposes of determining the State Sales Tax Increment the Department
of Revenue shall for each period subtract from the tax amounts received
from retailers and servicemen on transactions located in the State Sales
Tax Boundary, the certified Initial Sales Tax Amounts, Adjusted Initial
Sales Tax Amounts or Revised Initial Sales Tax Amounts for the Retailers'
Occupation Tax Act, the Use Tax Act, the Service Use Tax Act and the

Service Occupation Tax Act. For the State Fiscal Year 1989 this calculation shall be made by utilizing the calendar year 1987 to determine the tax amounts received. For the State Fiscal Year 1990, this calculation shall be made by utilizing the period from January 1, 1988, until September 30, 1988, to determine the tax amounts received from retailers and servicemen, which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For the State Fiscal Year 1991, this calculation shall be made by utilizing the period from October 1, 1988, until June 30, 1989, to determine the tax amounts received from retailers and servicemen, which shall have deducted therefrom nine-twelfths of the certified Initial State Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For every State Fiscal Year thereafter, the applicable period shall be the 12 months beginning July 1 and ending on June 30, to determine the tax amounts received which shall have deducted therefrom the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts. Municipalities intending to receive a distribution of State Sales Tax Increment must report a list of retailers to the Department of Revenue by October 31, 1988 and by July 31, of each year thereafter.

(t) "Taxing districts" means counties, townships, cities and incorporated towns and villages, school, road, park, sanitary, mosquito abatement, forest preserve, public health, fire protection, river conservancy, tuberculosis sanitarium and any other municipal corporations or districts with the power to levy taxes.

(u) "Taxing districts' capital costs" means those costs of taxing districts for capital improvements that are found by the municipal corporate authorities to be necessary and directly result from the redevelopment project.

(v) As used in subsection (a) of Section 11-74.4-3 of this Act, "vacant land" means any parcel or combination of parcels of real property without industrial, commercial, and residential buildings which has not been used for commercial agricultural purposes within 5 years prior to the
designation of the redevelopment project area, unless the parcel is included in an industrial park conservation area or the parcel has been subdivided; provided that if the parcel was part of a larger tract that has been divided into 3 or more smaller tracts that were accepted for recording during the period from 1950 to 1990, then the parcel shall be deemed to have been subdivided, and all proceedings and actions of the municipality taken in that connection with respect to any previously approved or designated redevelopment project area or amended redevelopment project area are hereby validated and hereby declared to be legally sufficient for all purposes of this Act. For purposes of this Section and only for land subject to the subdivision requirements of the Plat Act, land is subdivided when the original plat of the proposed Redevelopment Project Area or relevant portion thereof has been properly certified, acknowledged, approved, and recorded or filed in accordance with the Plat Act and a preliminary plat, if any, for any subsequent phases of the proposed Redevelopment Project Area or relevant portion thereof has been properly approved and filed in accordance with the applicable ordinance of the municipality.

(w) "Annual Total Increment" means the sum of each municipality's annual Net Sales Tax Increment and each municipality's annual Net Utility Tax Increment. The ratio of the Annual Total Increment of each municipality to the Annual Total Increment for all municipalities, as most recently calculated by the Department, shall determine the proportional shares of the Illinois Tax Increment Fund to be distributed to each municipality.

Sec. 11-74.4-7. Obligations secured by the special tax allocation fund set forth in Section 11-74.4-8 for the redevelopment project area may be issued to provide for redevelopment project costs. Such obligations, when so issued, shall be retired in the manner provided in the ordinance authorizing the issuance of such obligations by the receipts of taxes levied as specified in Section 11-74.4-9 against the taxable property included in the area, by revenues as specified by Section 11-74.4-8a and other revenue designated by the municipality. A municipality may in the ordinance pledge all or any part of the funds in and to be deposited in the special tax allocation fund created pursuant to Section 11-74.4-8 to the payment of the redevelopment project costs and obligations. Any pledge of funds in the special tax allocation fund shall provide for distribution to the taxing districts and to the Illinois Department of Revenue of moneys not required, pledged, earmarked, or otherwise designated for payment and securing of the obligations and anticipated redevelopment project costs and such excess funds shall be calculated annually and deemed to be "surplus" funds. In the event a municipality only applies or pledges a portion of the funds in the special tax allocation fund for the payment or securing of anticipated redevelopment project costs or of obligations, any such funds remaining in the special tax allocation fund after complying with the requirements of the application or pledge, shall also be calculated annually and deemed "surplus" funds. All surplus funds in the special tax allocation fund shall be distributed annually within 180 days after the close of the municipality's fiscal year by being paid by the municipal treasurer to the County Collector, to the Department of Revenue and to the municipality in direct proportion to the tax incremental revenue received as a result of an increase in the equalized assessed value of property in the redevelopment project area, tax incremental revenue received from the State and tax incremental revenue received from the municipality, but not to exceed as to each such source the total incremental revenue received from that source. The County Collector shall thereafter make distribution to the respective taxing districts in the same manner and proportion as the most
recent distribution by the county collector to the affected districts of real property taxes from real property in the redevelopment project area.

Without limiting the foregoing in this Section, the municipality may in addition to obligations secured by the special tax allocation fund pledge for a period not greater than the term of the obligations towards payment of such obligations any part or any combination of the following: (a) net revenues of all or part of any redevelopment project; (b) taxes levied and collected on any or all property in the municipality; (c) the full faith and credit of the municipality; (d) a mortgage on part or all of the redevelopment project; or (e) any other taxes or anticipated receipts that the municipality may lawfully pledge.

Such obligations may be issued in one or more series bearing interest at such rate or rates as the corporate authorities of the municipality shall determine by ordinance. Such obligations shall bear such date or dates, mature at such time or times not exceeding 20 years from their respective dates, be in such denomination, carry such registration privileges, be executed in such manner, be payable in such medium of payment at such place or places, contain such covenants, terms and conditions, and be subject to redemption as such ordinance shall provide. Obligations issued pursuant to this Act may be sold at public or private sale at such price as shall be determined by the corporate authorities of the municipalities. No referendum approval of the electors shall be required as a condition to the issuance of obligations pursuant to this Division except as provided in this Section.

In the event the municipality authorizes issuance of obligations pursuant to the authority of this Division secured by the full faith and credit of the municipality, which obligations are other than obligations which may be issued under home rule powers provided by Article VII, Section 6 of the Illinois Constitution, or pledges taxes pursuant to (b) or (c) of the second paragraph of this section, the ordinance authorizing the issuance of such obligations or pledging such taxes shall be published within 10 days after such ordinance has been passed in one or more newspapers, with general circulation within such municipality. The publication of the ordinance shall be accompanied by a notice of (1) the

specific number of voters required to sign a petition requesting the question of the issuance of such obligations or pledging taxes to be submitted to the electors; (2) the time in which such petition must be filed; and (3) the date of the prospective referendum. The municipal clerk shall provide a petition form to any individual requesting one.

If no petition is filed with the municipal clerk, as hereinafter provided in this Section, within 30 days after the publication of the ordinance, the ordinance shall be in effect. But, if within that 30 day period a petition is filed with the municipal clerk, signed by electors in the municipality numbering 10% or more of the number of registered voters in the municipality, asking that the question of issuing obligations using full faith and credit of the municipality as security for the cost of paying for redevelopment project costs, or of pledging taxes for the payment of such obligations, or both, be submitted to the electors of the municipality, the corporate authorities of the municipality shall call a special election in the manner provided by law to vote upon that question, or, if a general, State or municipal election is to be held within a period of not less than 30 or more than 90 days from the date such petition is filed, shall submit the question at the next general, State or municipal election. If it appears upon the canvass of the election by the corporate authorities that a majority of electors voting upon the question voted in favor thereof, the ordinance shall be in effect, but if a majority of the electors voting upon the question are not in favor thereof, the ordinance shall not take effect.

The ordinance authorizing the obligations may provide that the obligations shall contain a recital that they are issued pursuant to this Division, which recital shall be conclusive evidence of their validity and of the regularity of their issuance.

In the event the municipality authorizes issuance of obligations pursuant to this Section secured by the full faith and credit of the municipality, the ordinance authorizing the obligations may provide for the levy and collection of a direct annual tax upon all taxable property within the municipality sufficient to pay the principal thereof and interest thereon as it matures, which levy may be in addition to and exclusive of the maximum of all other taxes authorized to be levied by the

municipality, which levy, however, shall be abated to the extent that monies from other sources are available for payment of the obligations and the municipality certifies the amount of said monies available to the county clerk.

A certified copy of such ordinance shall be filed with the county clerk of each county in which any portion of the municipality is situated, and shall constitute the authority for the extension and collection of the taxes to be deposited in the special tax allocation fund.

A municipality may also issue its obligations to refund in whole or in part, obligations theretofore issued by such municipality under the authority of this Act, whether at or prior to maturity, provided however, that the last maturity of the refunding obligations shall not be expressed to mature later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the twenty-third calendar year after the year in which the ordinance approving the redevelopment project area is adopted if the ordinance was adopted on or after January 15, 1981, not later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the thirty-third calendar year after the year in which the ordinance approving the redevelopment project area is adopted if the ordinance was adopted on May 20, 1985 by the Village of Wheeling, and not later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the thirty-fifth calendar year after the year in which the ordinance approving the redevelopment project area is adopted (A) if the ordinance was adopted before January 15, 1981, or (B) if the ordinance was adopted in December 1983, April 1984, July 1985, or December 1989, or (C) if the ordinance was adopted in December, 1987 and the redevelopment project is located within one mile of Midway Airport, or (D) if the ordinance was adopted before January 1, 1987 by a municipality in Mason County, or (E) if the municipality is subject to the Local Government Financial Planning and Supervision Act

area within the State Sales Tax Boundary and which were extended by municipal ordinance under subsection (n) of Section 11-74.4-3, the last maturity of the refunding obligations shall not be expressed to mature later than the date on which the redevelopment project area is terminated or December 31, 2013, whichever date occurs first.

In the event a municipality issues obligations under home rule powers or other legislative authority the proceeds of which are pledged to pay for redevelopment project costs, the municipality may, if it has followed the procedures in conformance with this division, retire said obligations from funds in the special tax allocation fund in amounts and in such manner as if such obligations had been issued pursuant to the provisions of this division.

All obligations heretofore or hereafter issued pursuant to this Act shall not be regarded as indebtedness of the municipality issuing such obligations or any other taxing district for the purpose of any limitation imposed by law.

AN ACT concerning safety.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Environmental Protection Act is amended by changing Section 10 as follows:

(415 ILCS 5/10) (from Ch. 111 1/2, par. 1010)
Sec. 10. Regulations.

(A) The Board, pursuant to procedures prescribed in Title VII of this Act, may adopt regulations to promote the purposes of this Title. Without limiting the generality of this authority, such regulations may among other things prescribe:

(a) Ambient air quality standards specifying the maximum permissible short-term and long-term concentrations of various contaminants in the atmosphere;

(b) Emission standards specifying the maximum amounts or concentrations of various contaminants that may be discharged into the atmosphere;

(c) Standards for the issuance of permits for construction, installation, or operation of any equipment, facility, vehicle, vessel, or aircraft capable of causing or contributing to air pollution or designed to prevent air pollution;

(d) Standards and conditions regarding the sale, offer, or use of any fuel, vehicle, or other article determined by the Board to constitute an air-pollution hazard;

(e) Alert and abatement standards relative to air-pollution episodes or emergencies constituting an acute danger to health or to the environment;

(f) Requirements and procedures for the inspection of any equipment, facility, vehicle, vessel, or aircraft that may cause or contribute to air pollution;

(g) Requirements and standards for equipment and procedures for monitoring contaminant discharges at their sources, the collection of samples and the collection, reporting and retention of data resulting from such monitoring.

New matter indicated by italics - deletions by strikeout
(B) The Board may adopt regulations and emission standards that are applicable or that may become applicable to stationary emission sources located in all areas of the State in accordance with any of the following:

The Board shall adopt sulfur dioxide regulations and emission standards for existing fuel combustion stationary emission sources located in all areas of the State of Illinois, except the Chicago, St. Louis (Illinois) and Peoria major metropolitan areas, in accordance with the following requirements:

1. that are required by federal law: Such regulations shall not be more restrictive than necessary to attain and maintain the "Primary National Ambient Air Quality Standards for Sulfur Dioxide" and within a reasonable time attain and maintain the "Secondary National Ambient Air Quality Standards for Sulfur Dioxide."

2. that are otherwise part of the State's attainment plan and are necessary to attain the national ambient air quality standards; or Such regulations shall be based upon ambient air quality monitoring data insofar as possible, consistent with regulations of the United States Environmental Protection Agency. To the extent that air quality modeling techniques are used for setting standards, such techniques shall be fully described and documented in the record of the Board's rulemaking proceeding.

3. that are necessary to comply with the requirements of the federal Clean Air Act. Such regulations shall provide a mechanism for the establishment of emission standards applicable to a specific site as an alternative to a more restrictive general emission standard. The Board shall delegate authority to the Agency to determine such specific site emission standards, pursuant to regulations adopted by the Board.

4. Such regulations and standards shall allow all available alternative air quality control methods consistent with federal law and regulations.

(C) The Board may not adopt any regulation banning the burning of landscape waste throughout the State generally. The Board may, by
regulation, restrict or prohibit the burning of landscape waste within any geographical area of the State if it determines based on medical and biological evidence generally accepted by the scientific community that such burning will produce in the atmosphere of that geographical area contaminants in sufficient quantities and of such characteristics and duration as to be injurious to humans, plant, or animal life, or health.

(D) The Board shall adopt regulations requiring the owner or operator of a gasoline dispensing system that dispenses more than 10,000 gallons of gasoline per month to install and operate a system for the recovery of gasoline vapor emissions arising from the fueling of motor vehicles that meets the requirements of Section 182 of the federal Clean Air Act (42 USC 7511a). These regulations shall apply only in areas of the State that are classified as moderate, serious, severe or extreme nonattainment areas for ozone pursuant to Section 181 of the federal Clean Air Act (42 USC 7511), but shall not apply in such areas classified as moderate nonattainment areas for ozone if the Administrator of the U.S. Environmental Protection Agency promulgates standards for vehicle-based (onboard) systems for the control of vehicle refueling emissions pursuant to Section 202(a)(6) of the federal Clean Air Act (42 USC 7521(a)(6)) by November 15, 1992.

(E) The Board shall not adopt or enforce any regulation requiring the use of a tarpaulin or other covering on a truck, trailer, or other vehicle that is stricter than the requirements of Section 15-109.1 of the Illinois Vehicle Code. To the extent that it is in conflict with this subsection, the Board's rule codified as 35 Ill. Admin. Code, Section 212.315 is hereby superseded.

(F) Any person who prior to June 8, 1988, has filed a timely Notice of Intent to Petition for an Adjusted RACT Emissions Limitation and who subsequently timely files a completed petition for an adjusted RACT emissions limitation pursuant to 35 Ill. Adm. Code, Part 215, Subpart I, shall be subject to the procedures contained in Subpart I but shall be excluded by operation of law from 35 Ill. Adm. Code, Part 215, Subparts PP, QQ and RR, including the applicable definitions in 35 Ill. Adm. Code, Part 211. Such persons shall instead be subject to a separate regulation
which the Board is hereby authorized to adopt pursuant to the adjusted RACT emissions limitation procedure in 35 Ill. Adm. Code, Part 215, Subpart I. In its final action on the petition, the Board shall create a separate rule which establishes Reasonably Available Control Technology (RACT) for such person. The purpose of this procedure is to create separate and independent regulations for purposes of SIP submittal, review, and approval by USEPA.

(G) Subpart FF of Subtitle B, Title 35 Ill. Adm. Code, Sections 218.720 through 218.730 and Sections 219.720 through 219.730, are hereby repealed by operation of law and are rendered null and void and of no force and effect.

Where the circumstances so indicate, the Board may recommend to the Department that it require an examination prior to restoring any license automatically suspended under this subsection.

(4) The Department may refuse to issue or may suspend the license of any person who fails to file a return, or to pay the tax, penalty, or interest shown in a filed return, or to pay any final assessment of the tax penalty or interest, as required by any tax Act administered by the Department of Revenue, until such time as the requirements of any such tax Act are satisfied.

(5) In enforcing this Section, the Board upon a showing of a possible violation may compel an individual licensed to practice under this Act, or who has applied for licensure pursuant to this Act, to submit to a mental or physical examination, or both, as required by and at the expense of the Department. The examining physicians or clinical psychologists shall be those specifically designated by the Board. The individual to be examined may have, at his or her own expense, another physician or

clinical psychologist of his or her choice present during all aspects of this examination. Failure of any individual to submit to a mental or physical examination, when directed, shall be grounds for suspension of his or her license until the individual submits to the examination if the Board finds, after notice and hearing, that the refusal to submit to the examination was without reasonable cause.

If the Board finds an individual unable to practice because of the reasons set forth in this Section, the Board may require that individual to submit to care, counseling, or treatment by physicians or clinical psychologists approved or designated by the Board, as a condition, term, or restriction for continued, reinstated, or renewed licensure to practice; or, in lieu of care, counseling, or treatment, the Board may recommend to the Department to file a complaint to immediately suspend, revoke, or otherwise discipline the license of the individual. Any individual whose license was granted, continued, reinstated, renewed, disciplined or supervised subject to such terms, conditions, or restrictions, and who fails to comply with such terms, conditions, or restrictions, shall be referred to the Secretary Director for a determination as to whether the individual shall have his or her license suspended immediately, pending a hearing by the Board.

In instances in which the Secretary Director immediately suspends a person's license under this Section, a hearing on that person's license must be convened by the Board within 15 days after the suspension and completed without appreciable delay. The Board shall have the authority to review the subject individual's record of treatment and counseling regarding the impairment to the extent permitted by applicable federal statutes and regulations safeguarding the confidentiality of medical records.

An individual licensed under this Act and affected under this Section shall be afforded an opportunity to demonstrate to the Board that he or she can resume practice in compliance with acceptable and prevailing standards under the provisions of his or her license.

Sec. 17. Investigations; notice; hearings of hearing. Licenses may be refused, revoked, or suspended in the manner provided by this Act and not otherwise. The Department may upon its own motion and shall upon the verified complaint in writing of any person setting forth facts that if proven would constitute grounds for refusal to issue, suspend, or revoke under this Act, investigate the actions of any person applying for, holding, or claiming to hold a license.

The Department shall, before refusing to issue or renew or suspending or revoking any license or taking other disciplinary action pursuant to Section 16 of this Act, and at least 30 days prior to the date set for the hearing, notify, in writing, the applicant for or the holder of such license of any charges made, afford the accused person an opportunity to be heard in person or by counsel in reference thereto, and direct the applicant or licensee to file a written answer to the Board under oath within 20 days after the service of the notice and inform the applicant or licensee that failure to file an answer will result in default being taken against the applicant or licensee and that the license or certificate may be suspended, revoked, placed on probationary status, or other disciplinary action may be taken, including limiting the scope, nature, or extent of practice, as the Secretary may deem proper. Written notice may be served by delivery of the same personally to the accused person or by mailing the same by certified mail to his or her last known place of residence or to the place of business last specified by the accused person in his or her last notification to the Department. In case the person fails to file an answer after receiving notice, his or her license or certificate may, in the discretion of the Department, be suspended, revoked, or placed on probationary status or the Department may take whatever disciplinary action deemed proper, including limiting the scope, nature, or extent of the person’s practice or the imposition of a fine, without a hearing, if the act or acts charged constitute sufficient grounds for such action under this Act.

At the time and place fixed in the notice, the Board shall proceed to hearing of the charges and both the accused person and the
complainant shall be accorded ample opportunity to present, in person or by counsel, any statements, testimony, evidence, and arguments as may be pertinent to the charges or to their defense. The Board may continue such hearing from time to time. If the Board is not sitting at the time and place fixed in the notice or at the time and place to which the hearing shall have been continued, the Department shall continue such hearing for a period not to exceed 30 days. Upon the motion of either the Department or the Board or upon the verified complaint in writing of any person setting forth facts that if proven would constitute grounds for refusal to issue, suspension, or revocation of a license or for taking any other disciplinary action with regard to a license under this Act, the Department shall investigate the actions of any person, hereinafter called the “licensee”, who holds or represents that he or she holds a license. All such motions or complaints shall be brought to the Board:

The Director shall, before refusing to issue, suspending, revoking, placing on probationary status, or taking any other disciplinary action as the Director may deem proper with regard to any license, at least 30 days prior to the date set for the hearing, notify the licensee in writing of any charges made and the time and place for a hearing of the charges before the Board. The Board shall also direct him to file his or her written answer thereto with the Board under oath within 20 days after the service on him of such notice, and inform him that if he or she fails to file such answer, his or her license may be suspended, revoked, placed on probationary status or other disciplinary action may be taken with regard thereto, including limiting the scope, nature or extent of his or her practice as the Director may deem proper.

Such written notice and any notice in such proceeding thereafter may be served by delivery personally to the licensee, or by registered or certified mail to the address specified by the licensee in his or her last notification to the Director.

(b) The Secretary Director may temporarily suspend the license of a speech-language pathologist, speech-language pathology assistant, or audiologist without a hearing, simultaneous to the institution of proceedings for a hearing under this Act, if the Secretary Director finds that evidence in his or her possession indicates that a speech-language pathologist's, speech-language pathology assistant's, or an audiologist's continuation in practice would constitute an immediate danger to the public. In the event that the Secretary Director temporarily suspends the license of a speech-language pathologist, speech-language pathology assistant, or audiologist without a hearing, a hearing by the Board must be held within 15 days after such suspension has occurred and concluded without appreciable delay.

The report shall contain a finding of whether or not the accused person violated this Act or its rules or failed to comply with the conditions required in this Act or its rules. The Board shall specify the nature of any violations or failure to comply and shall make its recommendations to the Secretary.

In making recommendations for any disciplinary actions, the Board may take into consideration all facts and circumstances bearing upon the reasonableness of the conduct of the accused and the potential for future harm to the public, including, but not limited to, previous discipline of the accused by the Department, intent, degree of harm to the public, likelihood of harm in the future, any restitution made by the accused, and whether the incident or incidents contained in the complaint appear to be isolated or represent a continuing pattern of conduct. In making its recommendations for discipline, the Board shall endeavor to ensure that the severity of the discipline recommended is reasonably related to the severity of the violation.

The report of findings of fact, conclusions of law, and recommendations of the Board shall be the basis for the Department's order refusing to issue, restore, or renew a license, or otherwise disciplining a licensee. If the Secretary disagrees with the recommendations of the Board, the Secretary may issue an order in contravention of the Board recommendations. Board findings are not admissible as evidence against the person in a criminal prosecution brought for a violation of this Act; however, the hearing and findings shall not serve as a bar to criminal prosecution brought for a violation of this Act. The Board may advise the Director that probation be granted or that other disciplinary action, including the limitation of the scope, nature or extent of a person's practice, be taken, as it deems proper. If disciplinary action other than suspension or revocation is taken, the Board may advise the Director to impose reasonable limitations and requirements upon the licensee to insure compliance with the terms of the probation or other disciplinary action, including, but not limited to, regular reporting by the licensee to the Director of his or her actions, or the licensee placing himself under the care of a qualified physician for treatment or limiting his or her practice in such manner as the Director may require.

The Board shall present to the Director a written report of its findings and recommendations. A copy of such report shall be served upon the licensee, either personally or by registered or certified mail. Within 20 days after such service, the licensee may present to the Department his or

At the expiration of the time allowed for filing a motion for rehearing, the Director may take the action recommended by the Board. Upon suspension, revocation, placement on probationary status, or the taking of any other disciplinary action, including the limiting of the scope, nature, or extent of one's practice, deemed proper by the Director, with regard to the license, the licensee shall surrender his or her license to the Department if ordered to do so by the Department and upon his or her failure or refusal to do so, the Department may seize such license.

In all instances under this Act in which the Board has rendered a recommendation to the Director with respect to a particular person, the Director shall notify the Board if he or she disagrees with or takes action contrary to the recommendation of the Board.

PUBLIC ACT 95-0469
(Senate Bill No. 0015)

AN ACT concerning public health.

New matter indicated by italics - deletions by strikeout
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Perinatal Mental Health Disorders Prevention and Treatment Act.

Section 5. Findings and purposes.
(a) The General Assembly finds all of the following:
   (1) Perinatal mental health disorders, commonly referred to as "postpartum depression", include a wide range of emotional, psychological, and physiological reactions to childbirth, including feelings of hopelessness, excessive guilt, sustained sadness, inability to feel pleasure, low energy, sleep and appetite disturbances, difficulty concentrating, and thoughts of death or suicide, which challenge the stamina of a woman during pregnancy or after childbirth, and impair her ability to function and care for her child.
   (2) Every year, more than 500,000 women experience the anxiety, hopelessness, desolation, and fatigue of perinatal mental health disorders during pregnancy, in the early postpartum months, and into their child's first year of life.
   (3) Women at highest risk for perinatal mental health disorders can be those with previous mental health disorders, such as depression, anxiety or panic disorder, and those with a family member with a history of such mental health disorders. However, perinatal mental health disorders frequently strike without warning in women without any past mental health disorders and with or without any complications in pregnancy.
   (4) Many women suffering from perinatal mental health disorders require counseling and treatment, yet many do not realize that they need help or are unable to find and secure appropriate resources.
   (5) In addition to the mother, the effects of perinatal mental health disorders can also significantly impact the infant, as well as the father, other children, and extended family members. Perinatal mental health disorders can affect the mother's ability to respond
sensitively to her infant's needs and can strain the family relationships.
(b) The purpose of this Act is:
   (1) to provide information to women and their families about perinatal mental health disorders in order to lower the likelihood that new mothers will continue to suffer from this illness in silence;
   (2) to develop procedures for assessing women for perinatal mental health disorders during prenatal and postnatal visits to licensed health care professionals; and
   (3) to promote early detection of perinatal mental health disorders to promote early care and treatment and, when medically appropriate, to avoid medication.
Section 10. Definitions. In this Act:
"Hospital" has the meaning given to that term in the Hospital Licensing Act.
"Licensed health care professional" means a physician licensed to practice medicine in all its branches, an advanced practice nurse who has a collaborative agreement with a collaborating physician that authorizes care, or a physician's assistant who has been delegated authority to provide care.
"Postnatal care" means an office visit to a licensed health care professional occurring after birth, with reference to the infant or mother.
"Prenatal care" means an office visit to a licensed health care professional for pregnancy-related care occurring before birth.
"Questionnaire" means an assessment tool administered by a licensed health care professional to detect perinatal mental health disorders, such as the Edinburgh Postnatal Depression Scale, the Postpartum Depression Screening Scale, the Beck Depression Inventory, the Patient Health Questionnaire, or other validated assessment methods.
Section 15. Perinatal mental health disorders prevention and treatment. The Department of Human Services, in conjunction with the Department of Healthcare and Family Services, the Department of Public Health, and the Department of Financial and Professional Regulation and

the Medical Licensing Board, shall work with hospitals and licensed health care professionals in this State to develop policies, procedures, information, and educational materials to meet each of the following requirements concerning perinatal mental health disorders:

(1) Licensed health care professionals providing prenatal care to women shall provide education to women and, if possible and with permission, to their families about perinatal mental health disorders in accordance with the formal opinions and recommendations of the American College of Obstetricians and Gynecologists.

(2) All hospitals that provide labor and delivery services in the State shall provide new mothers, prior to discharge following childbirth, and, if possible, shall provide fathers and other family members with complete information about perinatal mental health disorders, including its symptoms, methods of coping with the illness, and treatment resources. The Department of Human Services shall provide written information that hospitals may use to satisfy this subsection (2).

(3) Licensed health care professionals providing prenatal care at a prenatal visit shall invite each pregnant patient to complete a questionnaire and shall review the completed questionnaire in accordance with the formal opinions and recommendations of the American College of Obstetricians and Gynecologists. Assessment for perinatal mental health disorders must be repeated when, in the professional judgment of the licensed health care professional, a reasonable possibility exists that the woman suffers from perinatal mental health disorders.

(4) Licensed health care professionals providing postnatal care to women shall invite each patient to complete a questionnaire and shall review the completed questionnaire in accordance with the formal opinions and recommendations of the American College of Obstetricians and Gynecologists.

(5) Licensed health care professionals providing pediatric care to an infant shall invite the infant's mother to complete a
questionnaire at any well-baby check-up at which the mother is present prior to the infant's first birthday, and shall review the completed questionnaire in accordance with the formal opinions and recommendations of the American College of Obstetricians and Gynecologists, in order to ensure that the health and well-being of the infant are not compromised by an undiagnosed perinatal mental health disorder in the mother. In order to share results from an assessment with the mother's primary licensed health care professional, consent should be obtained from the mother in accordance with the Illinois Health Insurance Portability and Accountability Act. If the mother is determined to present an acute danger to herself or someone else, consent is not required.

Effective January 1, 2008.

(20 ILCS 3501/801-40)

Sec. 801-40. In addition to the powers otherwise authorized by law and in addition to the foregoing general corporate powers, the Authority shall also have the following additional specific powers to be exercised in furtherance of the purposes of this Act.

(a) The Authority shall have power (i) to accept grants, loans or appropriations from the federal government or the State, or any agency or instrumentality thereof, to be used for the operating expenses of the Authority, or for any purposes of the Authority, including the making of
direct loans of such funds with respect to projects, and (ii) to enter into any agreement with the federal government or the State, or any agency or instrumentality thereof, in relationship to such grants, loans or appropriations.

(b) The Authority shall have power to procure and enter into contracts for any type of insurance and indemnity agreements covering loss or damage to property from any cause, including loss of use and occupancy, or covering any other insurable risk.

(c) The Authority shall have the continuing power to issue bonds for its corporate purposes. The bonds may bear interest payable at any time or times and at any rate or rates, notwithstanding any other provision of law to the contrary, and such rate or rates may be established by an index or formula which may be implemented or established by persons appointed or retained therefor by the Authority, or may bear no interest or may bear interest payable at maturity or upon redemption prior to maturity, may bear such date or dates, may be payable at such time or times and at such place or places, may mature at any time or times not later than 40 years from the date of issuance, may be sold at public or private sale at such time or times and at such price or prices, may be secured by such pledges, reserves, guarantees, letters of credit, insurance contracts or other similar credit support or liquidity instruments, may be executed in such manner, may be subject to redemption prior to maturity, may provide for the registration of the bonds, and may be subject to such other terms and conditions all as may be provided by the resolution or indenture authorizing the issuance of such bonds. and observance by any person or by the Authority or any of its agents or employees of any contract or covenant made with the holders of such bonds and to compel such person or the Authority and any of its agents or employees to perform any duties required to be performed for the benefit of the holders of any such bonds by the provision of the resolution authorizing their issuance, and to enjoin such person or the Authority and any of its agents or employees from taking any action in conflict with any such contract or covenant. Notwithstanding the form and tenor of any such bonds and in the absence of any express recital on the face thereof that it is non-negotiable, all such bonds shall be negotiable instruments. Pending the preparation and execution of any such bonds, temporary bonds may be issued as provided by the resolution. The bonds shall be sold by the Authority in such manner as it shall determine. The bonds may be secured as provided in the authorizing resolution by the receipts, revenues, income and other available funds of the Authority and by any amounts derived by the Authority from the loan agreement or lease agreement with respect to the project or projects; and bonds may be issued as general obligations of the Authority payable from such revenues, funds and obligations of the Authority as the bond resolution shall provide, or may be issued as limited obligations with a claim for payment solely from such revenues, funds and obligations as the bond resolution shall provide. The Authority may grant a specific pledge or assignment of and lien on or security interest in such rights, revenues, income, or amounts and may grant a specific pledge or assignment of and lien on or security interest in any reserves, funds or accounts established in the resolution authorizing the issuance of bonds. Any such pledge, assignment, lien or security interest for the benefit of the holders of the Authority's bonds shall be valid and binding from the time the bonds are issued without any physical delivery or further act, and shall be valid and binding as against and prior to the claims of all other parties having claims against the Authority or any other person irrespective of whether the other parties have notice of the pledge, assignment, lien or security interest. As evidence of such pledge, assignment, lien and security interest, the Authority may execute and deliver a mortgage, trust agreement, indenture or security agreement or an assignment thereof. A

remedy for any breach or default of the terms of any such agreement by the Authority may be by mandamus proceedings in any court of competent jurisdiction to compel the performance and compliance therewith, but the agreement may prescribe by whom or on whose behalf such action may be instituted. It is expressly understood that the Authority may, but need not, acquire title to any project with respect to which it exercises its authority.

(d) With respect to the powers granted by this Act, the Authority may adopt rules and regulations prescribing the procedures by which persons may apply for assistance under this Act. Nothing herein shall be deemed to preclude the Authority, prior to the filing of any formal application, from conducting preliminary discussions and investigations with respect to the subject matter of any prospective application.

(e) The Authority shall have power to acquire by purchase, lease, gift or otherwise any property or rights therein from any person useful for its purposes, whether improved for the purposes of any prospective project, or unimproved. The Authority may also accept any donation of funds for its purposes from any such source. The Authority shall have no independent power of condemnation but may acquire any property or rights therein obtained upon condemnation by any other authority, governmental entity or unit of local government with such power.

(f) The Authority shall have power to develop, construct and improve either under its own direction, or through collaboration with any approved applicant, or to acquire through purchase or otherwise, any project, using for such purpose the proceeds derived from the sale of its bonds or from governmental loans or grants, and to hold title in the name of the Authority to such projects.

(g) The Authority shall have power to lease pursuant to a lease agreement any project so developed and constructed or acquired to the approved tenant on such terms and conditions as may be appropriate to further the purposes of this Act and to maintain the credit of the Authority. Any such lease may provide for either the Authority or the approved tenant to assume initially, in whole or in part, the costs of maintenance, repair and improvements during the leasehold period. In no case, however, shall the total rentals from any project during any initial leasehold period or the

total loan repayments to be made pursuant to any loan agreement, be less than an amount necessary to return over such lease or loan period (1) all costs incurred in connection with the development, construction, acquisition or improvement of the project and for repair, maintenance and improvements thereto during the period of the lease or loan; provided, however, that the rentals or loan repayments need not include costs met through the use of funds other than those obtained by the Authority through the issuance of its bonds or governmental loans; (2) a reasonable percentage additive to be agreed upon by the Authority and the borrower or tenant to cover a properly allocable portion of the Authority's general expenses, including, but not limited to, administrative expenses, salaries and general insurance, and (3) an amount sufficient to pay when due all principal of, interest and premium, if any on, any bonds issued by the Authority with respect to the project. The portion of total rentals payable under clause (3) of this subsection (g) shall be deposited in such special accounts, including all sinking funds, acquisition or construction funds, debt service and other funds as provided by any resolution, mortgage or trust agreement of the Authority pursuant to which any bond is issued.

(h) The Authority has the power, upon the termination of any leasehold period of any project, to sell or lease for a further term or terms such project on such terms and conditions as the Authority shall deem reasonable and consistent with the purposes of the Act. The net proceeds from all such sales and the revenues or income from such leases shall be used to satisfy any indebtedness of the Authority with respect to such project and any balance may be used to pay any expenses of the Authority or be used for the further development, construction, acquisition or improvement of projects. In the event any project is vacated by a tenant prior to the termination of the initial leasehold period, the Authority shall sell or lease the facilities of the project on the most advantageous terms available. The net proceeds of any such disposition shall be treated in the same manner as the proceeds from sales or the revenues or income from leases subsequent to the termination of any initial leasehold period. (i) The Authority shall have the power to make loans to persons to finance a project, to enter into loan agreements with respect thereto, and to accept
guarantees from persons of its loans or the resultant evidences of obligations of the Authority.

(j) The Authority may fix, determine, charge and collect any premiums, fees, charges, costs and expenses, including, without limitation, any application fees, commitment fees, program fees, financing charges or publication fees from any person in connection with its activities under this Act.

(k) In addition to the funds established as provided herein, the Authority shall have the power to create and establish such reserve funds and accounts as may be necessary or desirable to accomplish its purposes under this Act and to deposit its available monies into the funds and accounts.

(l) At the request of the governing body of any unit of local government, the Authority is authorized to market such local government's revenue bond offerings by preparing bond issues for sale, advertising for sealed bids, receiving bids at its offices, making the award to the bidder that offers the most favorable terms or arranging for negotiated placements or underwritings of such securities. The Authority may, at its discretion, offer for concurrent sale the revenue bonds of several local governments. Sales by the Authority of revenue bonds under this Section shall in no way imply State guarantee of such debt issue. The Authority may require such financial information from participating local governments as it deems necessary in order to carry out the purposes of this subsection (1).

(m) The Authority may make grants to any county to which Division 5-37 of the Counties Code is applicable to assist in the financing of capital development, construction and renovation of new or existing facilities for hospitals and health care facilities under that Act. Such grants may only be made from funds appropriated for such purposes from the Build Illinois Bond Fund.

(n) The Authority may establish an urban development action grant program for the purpose of assisting municipalities in Illinois which are experiencing severe economic distress to help stimulate economic development activities needed to aid in economic recovery. The Authority shall determine the types of activities and projects for which the urban

development action grants may be used, provided that such projects and activities are broadly defined to include all reasonable projects and activities the primary objectives of which are the development of viable urban communities, including decent housing and a suitable living environment, and expansion of economic opportunity, principally for persons of low and moderate incomes. The Authority shall enter into grant agreements from monies appropriated for such purposes from the Build Illinois Bond Fund. The Authority shall monitor the use of the grants, and shall provide for audits of the funds as well as recovery by the Authority of any funds determined to have been spent in violation of this subsection (n) or any rule or regulation promulgated hereunder. The Authority shall provide technical assistance with regard to the effective use of the urban development action grants. The Authority shall file an annual report to the General Assembly concerning the progress of the grant program.

(o) The Authority may establish a Housing Partnership Program whereby the Authority provides zero-interest loans to municipalities for the purpose of assisting in the financing of projects for the rehabilitation of affordable multi-family housing for low and moderate income residents. The Authority may provide such loans only upon a municipality's providing evidence that it has obtained private funding for the rehabilitation project. The Authority shall provide 3 State dollars for every 7 dollars obtained by the municipality from sources other than the State of Illinois. The loans shall be made from monies appropriated for such purpose from the Build Illinois Bond Fund. The total amount of loans available under the Housing Partnership Program shall not exceed $30,000,000. State loan monies under this subsection shall be used only for the acquisition and rehabilitation of existing buildings containing 4 or more dwelling units. The terms of any loan made by the municipality under this subsection shall require repayment of the loan to the municipality upon any sale or other transfer of the project.

(p) The Authority may award grants to universities and research institutions, research consortia and other not-for-profit entities for the purposes of: remodeling or otherwise physically altering existing laboratory or research facilities, expansion or physical additions to existing laboratory or research facilities.
laboratory or research facilities, construction of new laboratory or research facilities or acquisition of modern equipment to support laboratory or research operations provided that such grants (i) be used solely in support of project and equipment acquisitions which enhance technology transfer, and (ii) not constitute more than 60 percent of the total project or acquisition cost.

(q) Grants may be awarded by the Authority to units of local government for the purpose of developing the appropriate infrastructure or defraying other costs to the local government in support of laboratory or research facilities provided that such grants may not exceed 40% of the cost to the unit of local government.

(r) The Authority may establish a Direct Loan Program to make loans to individuals, partnerships or corporations for the purpose of an industrial project, as defined in Section 801-10 of this Act. For the purposes of such program and not by way of limitation on any other program of the Authority, the Authority shall have the power to issue bonds, notes, or other evidences of indebtedness including commercial paper for purposes of providing a fund of capital from which it may make such loans. The Authority shall have the power to use any appropriations from the State made especially for the Authority's Direct Loan Program for additional capital to make such loans or for the purposes of reserve funds or pledged funds which secure the Authority's obligations of repayment of any bond, note or other form of indebtedness established for the purpose of providing capital for which it intends to make such loans under the Direct Loan Program. For the purpose of obtaining such capital, the Authority may also enter into agreements with financial institutions and other persons for the purpose of selling loans and developing a secondary market for such loans. Loans made under the Direct Loan Program may be in an amount not to exceed $300,000 and shall be made for a portion of an industrial project which does not exceed 50% of the total project. No loan may be made by the Authority unless approved by the affirmative vote of at least 8 members of the board. The Authority shall establish procedures and publish rules which shall provide for the submission, review, and analysis of each direct loan application and which shall preserve the ability
of each board member to reach an individual business judgment regarding the propriety of making each direct loan. The collective discretion of the board to approve or disapprove each loan shall be unencumbered. The Authority may establish and collect such fees and charges, determine and enforce such terms and conditions, and charge such interest rates as it determines to be necessary and appropriate to the successful administration of the Direct Loan Program. The Authority may require such interests in collateral and such guarantees as it determines are necessary to project the Authority's interest in the repayment of the principal and interest of each loan made under the Direct Loan Program.

(s) The Authority may guarantee private loans to third parties up to a specified dollar amount in order to promote economic development in this State.

(i) The Authority may adopt rules and regulations as may be necessary or advisable to implement the powers conferred by this Act.

(u) The Authority shall have the power to issue bonds, notes or other evidences of indebtedness, which may be used to make loans to units of local government which are authorized to enter into loan agreements and other documents and to issue bonds, notes and other evidences of indebtedness for the purpose of financing the protection of storm sewer outfalls, the construction of adequate storm sewer outfalls, and the provision for flood protection of sanitary sewage treatment plans, in counties that have established a stormwater management planning committee in accordance with Section 5-1062 of the Counties Code. Any such loan shall be made by the Authority pursuant to the provisions of Section 820-5 to 820-60 of this Act. The unit of local government shall pay back to the Authority the principal amount of the loan, plus annual interest as determined by the Authority. The Authority shall have the power, subject to appropriations by the General Assembly, to subsidize or buy down a portion of the interest on such loans, up to 4% per annum.

(v) The Authority may accept security interests as provided in Sections 11-3 and 11-3.3 of the Illinois Public Aid Code.

(w) Moral Obligation. In the event that the Authority determines that monies of the Authority will not be sufficient for the payment of the
principal of and interest on its bonds during the next State fiscal year, the
Chairperson, as soon as practicable, shall certify to the Governor the
amount required by the Authority to enable it to pay such principal of and
interest on the bonds. The Governor shall submit the amount so certified to
the General Assembly as soon as practicable, but no later than the end of
the current State fiscal year. This subsection shall apply only to any bonds
or notes as to which the Authority shall have determined, in the resolution
authorizing the issuance of the bonds or notes, that this subsection shall
apply. Whenever the Authority makes such a determination, that fact shall
be plainly stated on the face of the bonds or notes and that fact shall also
be reported to the Governor. In the event of a withdrawal of moneys from
a reserve fund established with respect to any issue or issues of bonds of
the Authority to pay principal or interest on those bonds, the Chairperson
of the Authority, as soon as practicable, shall certify to the Governor the
amount required to restore the reserve fund to the level required in the
resolution or indenture securing those bonds. The Governor shall submit
the amount so certified to the General Assembly as soon as practicable, but
no later than the end of the current State fiscal year. The Authority shall
obtain written approval from the Governor for any bonds and notes to be
issued under this Section. In addition to any other bonds authorized to be
issued under Sections 825-60, 825-65(e), 830-25 and 845-5, the principal
amount of Authority bonds outstanding issued under this Section 801-
40(w) or under 20 ILCS 3850/1-80 or 30 ILCS 360/2-6(c), which have
been assumed by the Authority, shall not exceed $150,000,000.

(x) The Authority may enter into agreements or contracts with any
person necessary or appropriate to place the payment obligations of the
Authority under any of its bonds in whole or in part on any interest rate
basis, cash flow basis, or other basis desired by the Authority, including
without limitation agreements or contracts commonly known as "interest
rate swap agreements", "forward payment conversion agreements", and
"futures", or agreements or contracts to exchange cash flows or a series of
payments, or agreements or contracts, including without limitation
agreements or contracts commonly known as "options", "puts", or "calls",
to hedge payment, rate spread, or similar exposure; provided that any

such agreement or contract shall not constitute an obligation for borrowed money and shall not be taken into account under Section 845-5 of this Act or any other debt limit of the Authority or the State of Illinois.

Sec. 801-50. Pledge of revenues by the Authority; non-impairment. Any pledge of revenues or other moneys made by the Authority shall be binding from the time the pledge is made. Revenues and other moneys so pledged shall be held outside of the State treasury and in the custody of either the Treasurer of the Authority or a trustee or a depository appointed by the Authority. Revenues or other moneys so pledged and thereafter received by the Authority or trustee or depository shall immediately be subject to the lien of the pledge without any physical delivery thereof or further act, and the lien of any pledge shall be binding against all parties having claims of any kind in tort, contract, or otherwise against the Authority, irrespective of whether the parties have notice thereof. Neither the resolution nor any other instrument by which a pledge is created need be filed or recorded except in the records of the Authority. The State pledges and agrees with the holders of bonds or other obligations of the Authority that the State will not limit or restrict the rights hereby vested in the Authority to purchase, acquire, hold, sell, or dispose of investments or to establish and collect such fees or other charges as may be convenient or necessary to produce sufficient revenues to meet the expenses of operation to the Authority, and to fulfill the terms of any agreement made with the holders of the bonds or other obligations of the Authority or in any way impair the rights or remedies of the holders of those bonds or other obligations of the Authority until such bonds or other obligations are fully paid and discharged or provision for their payment has been made.

There may be one or more accounts in these reserve funds in which there may be deposited:

PUBLIC ACT 95-0473
(Senate Bill No. 0340)

AN ACT concerning aging.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Act on the Aging is amended by changing Section 4.02 as follows:

(20 ILCS 105/4.02) (from Ch. 23, par. 6104.02)

Sec. 4.02. The Department shall establish a program of services to prevent unnecessary institutionalization of persons age 60 and older in need of long term care or who are established as persons who suffer from Alzheimer's disease or a related disorder under the Alzheimer's Disease Assistance Act, thereby enabling them to remain in their own homes or in other living arrangements. Such preventive services, which may be coordinated with other programs for the aged and monitored by area agencies on aging in cooperation with the Department, may include, but are not limited to, any or all of the following:

(a) home health services;
(b) home nursing services;
(c) homemaker services;
(d) chore and housekeeping services;
(e) adult day services;
(f) home-delivered meals;
(g) education in self-care;
(h) personal care services;

New matter indicated by italics - deletions by strikeout
(i) adult day health services;
(j) habilitation services;
(k) respite care;
(k-5) community reintegration services;
(l) other nonmedical social services that may enable the person to become self-supporting; or
(m) clearinghouse for information provided by senior citizen home owners who want to rent rooms to or share living space with other senior citizens.

The Department shall establish eligibility standards for such services taking into consideration the unique economic and social needs of the target population for whom they are to be provided. Such eligibility standards shall be based on the recipient's ability to pay for services; provided, however, that in determining the amount and nature of services for which a person may qualify, consideration shall not be given to the value of cash, property or other assets held in the name of the person's spouse pursuant to a written agreement dividing marital property into equal but separate shares or pursuant to a transfer of the person's interest in a home to his spouse, provided that the spouse's share of the marital property is not made available to the person seeking such services.

Beginning July 1, 2002, the Department shall require as a condition of eligibility that all financially eligible applicants and recipients apply for medical assistance under Article V of the Illinois Public Aid Code in accordance with rules promulgated by the Department.

The Department shall, in conjunction with the Department of Public Aid (now Department of Healthcare and Family Services), seek appropriate amendments under Sections 1915 and 1924 of the Social Security Act. The purpose of the amendments shall be to extend eligibility for home and community based services under Sections 1915 and 1924 of the Social Security Act to persons who transfer to or for the benefit of a spouse those amounts of income and resources allowed under Section 1924 of the Social Security Act. Subject to the approval of such amendments, the Department shall extend the provisions of Section 5-4 of the Illinois Public Aid Code to persons who, but for the provision of home

or community-based services, would require the level of care provided in
an institution, as is provided for in federal law. Those persons no longer
found to be eligible for receiving noninstitutional services due to changes
in the eligibility criteria shall be given 60 days notice prior to actual
termination. Those persons receiving notice of termination may contact the
Department and request the determination be appealed at any time during
the 60 day notice period. With the exception of the lengthened notice and
time frame for the appeal request, the appeal process shall follow the
normal procedure. In addition, each person affected regardless of the
circumstances for discontinued eligibility shall be given notice and the
opportunity to purchase the necessary services through the Community
Care Program. If the individual does not elect to purchase services, the
Department shall advise the individual of alternative services. The target
population identified for the purposes of this Section are persons age 60
and older with an identified service need. Priority shall be given to those
who are at imminent risk of institutionalization. The services shall be
provided to eligible persons age 60 and older to the extent that the cost of
the services together with the other personal maintenance expenses of the
persons are reasonably related to the standards established for care in a
group facility appropriate to the person's condition. These non-institutional
services, pilot projects or experimental facilities may be provided as part
of or in addition to those authorized by federal law or those funded and
administered by the Department of Human Services. The Departments of
Human Services, Healthcare and Family Services, Public Health, Veterans'
Affairs, and Commerce and Economic Opportunity and other appropriate
agencies of State, federal and local governments shall cooperate with the
Department on Aging in the establishment and development of the non-
institutional services. The Department shall require an annual audit from
all chore/housekeeping and homemaker vendors contracting with the
Department under this Section. The annual audit shall assure that each
audited vendor's procedures are in compliance with Department's financial
reporting guidelines requiring an administrative and employee wage and
benefits cost split as defined in administrative rules. The audit is a public
record under the Freedom of Information Act. The Department shall

New matter indicated by italics - deletions by strikeout
execute, relative to the nursing home prescreening project, written inter-
agency agreements with the Department of Human Services and the
Department of Healthcare and Family Services, to effect the following: (1)
intake procedures and common eligibility criteria for those persons who
are receiving non-institutional services; and (2) the establishment and
development of non-institutional services in areas of the State where they
are not currently available or are undeveloped. On and after July 1, 1996,
all nursing home prescreenings for individuals 60 years of age or older
shall be conducted by the Department.

As part of the Department on Aging's routine training of case
managers and case manager supervisors, the Department may include
information on family futures planning for persons who are age 60 or older
and who are caregivers of their adult children with developmental
disabilities. The content of the training shall be at the Department's
discretion.

The Department is authorized to establish a system of recipient
copayment for services provided under this Section, such copayment to be
based upon the recipient's ability to pay but in no case to exceed the actual
cost of the services provided. Additionally, any portion of a person's
income which is equal to or less than the federal poverty standard shall not
be considered by the Department in determining the copayment. The level
of such copayment shall be adjusted whenever necessary to reflect any
change in the officially designated federal poverty standard.

The Department, or the Department's authorized representative,
shall recover the amount of moneys expended for services provided to or
in behalf of a person under this Section by a claim against the person's
estate or against the estate of the person's surviving spouse, but no
recovery may be had until after the death of the surviving spouse, if any,
and then only at such time when there is no surviving child who is under
age 21, blind, or permanently and totally disabled. This paragraph,
however, shall not bar recovery, at the death of the person, of moneys for
services provided to the person or in behalf of the person under this
Section to which the person was not entitled; provided that such recovery
shall not be enforced against any real estate while it is occupied as a

New matter indicated by italics - deletions by strikeout
homestead by the surviving spouse or other dependent, if no claims by other creditors have been filed against the estate, or, if such claims have been filed, they remain dormant for failure of prosecution or failure of the claimant to compel administration of the estate for the purpose of payment. This paragraph shall not bar recovery from the estate of a spouse, under Sections 1915 and 1924 of the Social Security Act and Section 5-4 of the Illinois Public Aid Code, who precedes a person receiving services under this Section in death. All moneys for services paid to or in behalf of the person under this Section shall be claimed for recovery from the deceased spouse's estate. "Homestead", as used in this paragraph, means the dwelling house and contiguous real estate occupied by a surviving spouse or relative, as defined by the rules and regulations of the Department of Healthcare and Family Services, regardless of the value of the property.

The Department shall develop procedures to enhance availability of services on evenings, weekends, and on an emergency basis to meet the respite needs of caregivers. Procedures shall be developed to permit the utilization of services in successive blocks of 24 hours up to the monthly maximum established by the Department. Workers providing these services shall be appropriately trained.

Beginning on the effective date of this Amendatory Act of 1991, no person may perform chore/housekeeping and homemaker services under a program authorized by this Section unless that person has been issued a certificate of pre-service to do so by his or her employing agency. Information gathered to effect such certification shall include (i) the person's name, (ii) the date the person was hired by his or her current employer, and (iii) the training, including dates and levels. Persons engaged in the program authorized by this Section before the effective date of this amendatory Act of 1991 shall be issued a certificate of all pre- and in-service training from his or her employer upon submitting the necessary information. The employing agency shall be required to retain records of all staff pre- and in-service training, and shall provide such records to the Department upon request and upon termination of the employer's contract with the Department. In addition, the employing agency is responsible for

the issuance of certifications of in-service training completed to their employees.

The Department is required to develop a system to ensure that persons working as homemakers and chore housekeepers receive increases in their wages when the federal minimum wage is increased by requiring vendors to certify that they are meeting the federal minimum wage statute for homemakers and chore housekeepers. An employer that cannot ensure that the minimum wage increase is being given to homemakers and chore housekeepers shall be denied any increase in reimbursement costs.

The Community Care Program Advisory Committee is created in the Department on Aging. The Director shall appoint individuals to serve in the Committee, who shall serve at their own expense. Members of the Committee must abide by all applicable ethics laws. The Committee shall advise the Department on issues related to the Department's program of services to prevent unnecessary institutionalization. The Committee shall meet on a bi-monthly basis and shall serve to identify and advise the Department on present and potential issues affecting the service delivery network, the program's clients, and the Department and to recommend solution strategies. Persons appointed to the Committee shall be appointed on, but not limited to, their own and their agency's experience with the program, geographic representation, and willingness to serve. The Director shall appoint members to the Committee to represent provider, advocacy, policy research, and other constituencies committed to the delivery of high quality home and community-based services to older adults. Representatives shall be appointed to ensure representation from community care providers including, but not limited to, adult day service providers, homemaker providers, case coordination and case management units, emergency home response providers, statewide trade or labor unions that represent homecare aides and direct care staff, area agencies on aging, adults over age 60, membership organizations representing older adults, and other organizational entities, providers of care, or individuals with demonstrated interest and expertise in the field of home and community care as determined by the Director. The Committee shall

include, but not be limited to, representatives from the following agencies and organizations:

(a) at least 4 adult day service representatives;
(b) at least 4 case coordination unit representatives;
(c) at least 4 representatives from in-home direct care service agencies;
(d) at least 2 representatives of statewide trade or labor unions that represent in-home direct care service staff;
(e) at least 2 representatives of Area Agencies on Aging;
(f) at least 2 non-provider representatives from a policy, advocacy, research, or other service organization;
(g) at least 2 representatives from a statewide membership organization for senior citizens; and
(h) at least 2 citizen members 60 years of age or older.

Nominations may be presented from any agency or State association with interest in the program. The Director, or his or her designee, shall serve as the permanent co-chair of the advisory committee. One other co-chair shall be nominated and approved by the members of the committee on an annual basis. Committee members' terms of appointment shall be for 4 years with one-quarter of the appointees' terms expiring each year. A member shall continue to serve until his or her replacement is named. At no time may a member serve more than one consecutive term in any capacity on the committee. The Department shall fill vacancies that have a remaining term of over one year, and this replacement shall occur through the annual replacement of expiring terms. The Director shall designate Department staff to provide technical assistance and staff support to the committee. Department representation shall not constitute membership of the committee. All Committee papers, issues, recommendations, reports, and meeting memoranda are advisory only. The Director, or his or her designee, shall make a written report, as requested by the Committee, regarding issues before the Committee.

The Department on Aging and the Department of Human Services shall cooperate in the development and submission of an annual report on programs and services provided under this Section. Such joint report shall
be filed with the Governor and the General Assembly on or before September 30 each year.

The requirement for reporting to the General Assembly shall be satisfied by filing copies of the report with the Speaker, the Minority Leader and the Clerk of the House of Representatives and the President, the Minority Leader and the Secretary of the Senate and the Legislative Research Unit, as required by Section 3.1 of the General Assembly Organization Act and filing such additional copies with the State Government Report Distribution Center for the General Assembly as is required under paragraph (t) of Section 7 of the State Library Act.

Those persons previously found eligible for receiving non-institutional services whose services were discontinued under the Emergency Budget Act of Fiscal Year 1992, and who do not meet the eligibility standards in effect on or after July 1, 1992, shall remain ineligible on and after July 1, 1992. Those persons previously not required to cost-share and who were required to cost-share effective March 1, 1992, shall continue to meet cost-share requirements on and after July 1, 1992. Beginning July 1, 1992, all clients will be required to meet eligibility, cost-share, and other requirements and will have services discontinued or altered when they fail to meet these requirements.

Section 5. The Counties Code is amended by changing Section 5-1006.5 as follows:

(55 ILCS 5/5-1006.5)

Sec. 5-1006.5. Special County Retailers' Occupation Tax For Public Safety or Transportation.

(a) The county board of any county may impose a tax upon all persons engaged in the business of selling tangible personal property, other than personal property titled or registered with an agency of this State's government, at retail in the county on the gross receipts from the sales made in the course of business to provide revenue to be used exclusively for public safety or transportation purposes in that county, if a proposition for the tax has been submitted to the electors of that county and approved by a majority of those voting on the question. If imposed, this tax shall be imposed only in one-quarter percent increments. By resolution, the county board may order the proposition to be submitted at any election. If the tax is imposed for transportation purposes for expenditures for public highways or as authorized under the Illinois Highway Code, the county board must publish notice of the existence of its long-range highway transportation plan as required or described in Section 5-301 of the Illinois Highway Code and must make the plan publicly available prior to approval of the ordinance or resolution imposing the tax. If the tax is imposed for transportation purposes for expenditures for passenger rail transportation, the county board must publish notice of the existence of its long-range passenger rail transportation plan and must make the plan publicly available prior to approval of the ordinance or resolution imposing the tax. The county clerk shall certify the question to the proper election authority, who shall submit the proposition at an election in accordance with the general election law.

(1) The proposition for public safety purposes shall be in substantially the following form:

"To pay for public safety purposes, shall (name of county) be authorized to impose an increase on its share of local sales taxes by (insert rate)?"

New matter indicated by italics - deletions by strikeout
As additional information on the ballot below the question shall appear the following:

"This would mean that a consumer would pay an additional (insert amount) in sales tax for every $100 of tangible personal property bought at retail."

The county board may also opt to establish a sunset provision at which time the additional sales tax would cease being collected, if not terminated earlier by a vote of the county board. If the county board votes to include a sunset provision, the proposition for public safety purposes shall be in substantially the following form:

"To pay for public safety purposes, shall (name of county) be authorized to impose an increase on its share of local sales taxes by (insert rate) for a period not to exceed (insert number of years)?"

As additional information on the ballot below the question shall appear the following:

"This would mean that a consumer would pay an additional (insert amount) in sales tax for every $100 of tangible personal property bought at retail. If imposed, the additional tax would cease being collected at the end of (insert number of years), if not terminated earlier by a vote of the county board."

"Shall (name of county) be authorized to impose a public safety tax at the rate of .... upon all persons engaged in the business of selling tangible personal property at retail in the county on gross receipts from the sales made in the course of their business?"

For the purposes of the paragraph, "public safety purposes" means crime prevention, detention, fire fighting, police, medical, ambulance, or other emergency services.

Votes shall be recorded as "Yes" or "No".

(2) The proposition for transportation purposes shall be in substantially the following form:

"To pay for improvements to roads and other transportation purposes, shall (name of county) be authorized to
impose an increase on its share of local sales taxes by (insert rate)?"

As additional information on the ballot below the question shall appear the following:

"This would mean that a consumer would pay an additional (insert amount) in sales tax for every $100 of tangible personal property bought at retail."

The county board may also opt to establish a sunset provision at which time the additional sales tax would cease being collected, if not terminated earlier by a vote of the county board. If the county board votes to include a sunset provision, the proposition for transportation purposes shall be in substantially the following form:

"To pay for road improvements and other transportation purposes, shall (name of county) be authorized to impose an increase on its share of local sales taxes by (insert rate) for a period not to exceed (insert number of years)?"

As additional information on the ballot below the question shall appear the following:

"This would mean that a consumer would pay an additional (insert amount) in sales tax for every $100 of tangible personal property bought at retail. If imposed, the additional tax would cease being collected at the end of (insert number of years), if not terminated earlier by a vote of the county board."

"Shall (name of county) be authorized to impose a tax at the rate of (insert rate) upon all persons engaged in the business of selling tangible personal property at retail in the county on gross receipts from the sales made in the course of their business to be used for transportation purposes?"

For the purposes of this paragraph, transportation purposes means construction, maintenance, operation, and improvement of public highways, any other purpose for which a county may expend funds under the Illinois Highway Code, and passenger rail transportation.

The votes shall be recorded as "Yes" or "No". If a majority of the electors voting on the proposition vote in favor of it, the county may impose the tax. A county may not submit more than one proposition authorized by this Section to the electors at any one time. This additional tax may not be imposed on the sales of food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food which has been prepared for immediate consumption) and prescription and non-prescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes, and needles used by diabetics. The tax imposed by a county under this Section and all civil penalties that may be assessed as an incident of the tax shall be collected and enforced by the Illinois Department of Revenue and deposited into a special fund created for that purpose. The certificate of registration that is issued by the Department to a retailer under the Retailers' Occupation Tax Act shall permit the retailer to engage in a business that is taxable without registering separately with the Department under an ordinance or resolution under this Section. The Department has full power to administer and enforce this Section, to collect all taxes and penalties due under this Section, to dispose of taxes and penalties so collected in the manner provided in this Section, and to determine all rights to credit memoranda arising on account of the erroneous payment of a tax or penalty under this Section. In the administration of and compliance with this Section, the Department and persons who are subject to this Section shall (i) have the same rights, remedies, privileges, immunities, powers, and duties, (ii) be subject to the same conditions, restrictions, limitations, penalties, and definitions of terms, and (iii) employ the same modes of procedure as are prescribed in Sections 1, 1a, 1a-1, 1d, 1e, 1f, 1i, 1j, 1k, 1m, 1n, 2 through 2-70 (in respect to all provisions contained in those Sections other than the State rate of tax), 2a, 2b, 2c, 3 (except provisions relating to transaction returns and quarter monthly payments), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 7, 8, 9, 10, 11, 11a, 12, and 13 of the Retailers' Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act as if those provisions were set forth in this Section.

Persons subject to any tax imposed under the authority granted in this Section may reimburse themselves for their sellers' tax liability by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax which sellers are required to collect under the Use Tax Act, pursuant to such bracketed schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the County Public Safety or Transportation Retailers' Occupation Tax Fund.

(b) If a tax has been imposed under subsection (a), a service occupation tax shall also be imposed at the same rate upon all persons engaged, in the county, in the business of making sales of service, who, as an incident to making those sales of service, transfer tangible personal property within the county as an incident to a sale of service. This tax may not be imposed on sales of food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food prepared for immediate consumption) and prescription and non-prescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes, and needles used by diabetics. The tax imposed under this subsection and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the Department of Revenue. The Department has full power to administer and enforce this subsection; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with this subsection, the Department and persons who are subject to this paragraph shall (i) have the same rights, remedies, privileges, immunities, powers, and duties, (ii) be subject to the same conditions, restrictions, limitations, penalties,
exclusions, exemptions, and definitions of terms, and (iii) employ the same modes of procedure as are prescribed in Sections 2 (except that the reference to State in the definition of supplier maintaining a place of business in this State shall mean the county), 2a, 2b, 2c, 3 through 3-50 (in respect to all provisions therein other than the State rate of tax), 4 (except that the reference to the State shall be to the county), 5, 7, 8 (except that the jurisdiction to which the tax shall be a debt to the extent indicated in that Section 8 shall be the county), 9 (except as to the disposition of taxes and penalties collected), 10, 11, 12 (except the reference therein to Section 2b of the Retailers' Occupation Tax Act), 13 (except that any reference to the State shall mean the county), Section 15, 16, 17, 18, 19 and 20 of the Service Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the authority granted in this subsection may reimburse themselves for their serviceman's tax liability by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax that servicemen are authorized to collect under the Service Use Tax Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this subsection to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of the County Public Safety or Transportation Retailers' Occupation Fund.

Nothing in this subsection shall be construed to authorize the county to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by the State.

(c) The Department shall immediately pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected under this Section to be deposited into the County Public Safety or Transportation Retailers' Occupation Tax Fund, which shall be an unappropriated trust

fund held outside of the State treasury. On or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to the counties from which retailers have paid taxes or penalties to the Department during the second preceding calendar month. The amount to be paid to each county, and deposited by the county into its special fund created for the purposes of this Section, shall be the amount (not including credit memoranda) collected under this Section during the second preceding calendar month by the Department plus an amount the Department determines is necessary to offset any amounts that were erroneously paid to a different taxing body, and not including (i) an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of the county and (ii) any amount that the Department determines is necessary to offset any amounts that were payable to a different taxing body but were erroneously paid to the county. Within 10 days after receipt by the Comptroller of the disbursement certification to the counties provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with directions contained in the certification.

In addition to the disbursement required by the preceding paragraph, an allocation shall be made in March of each year to each county that received more than $500,000 in disbursements under the preceding paragraph in the preceding calendar year. The allocation shall be in an amount equal to the average monthly distribution made to each such county under the preceding paragraph during the preceding calendar year (excluding the 2 months of highest receipts). The distribution made in March of each year subsequent to the year in which an allocation was made pursuant to this paragraph and the preceding paragraph shall be reduced by the amount allocated and disbursed under this paragraph in the preceding calendar year. The Department shall prepare and certify to the Comptroller for disbursement the allocations made in accordance with this paragraph.

(d) For the purpose of determining the local governmental unit whose tax is applicable, a retail sale by a producer of coal or another mineral mined in Illinois is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or another mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the United States Constitution as a sale in interstate or foreign commerce.

(e) Nothing in this Section shall be construed to authorize a county to impose a tax upon the privilege of engaging in any business that under the Constitution of the United States may not be made the subject of taxation by this State.

(e-5) If a county imposes a tax under this Section, the county board may, by ordinance, discontinue or lower the rate of the tax. If the county board lowers the tax rate or discontinues the tax, a referendum must be held in accordance with subsection (a) of this Section in order to increase the rate of the tax or to reimpose the discontinued tax.

(f) Beginning April 1, 1998, the results of any election authorizing a proposition to impose a tax under this Section or effecting a change in the rate of tax, or any ordinance lowering the rate or discontinuing the tax, shall be certified by the county clerk and filed with the Illinois Department of Revenue either (i) on or before the first day of April, whereupon the Department shall proceed to administer and enforce the tax as of the first day of July next following the filing; or (ii) on or before the first day of October, whereupon the Department shall proceed to administer and enforce the tax as of the first day of January next following the filing.

(g) When certifying the amount of a monthly disbursement to a county under this Section, the Department shall increase or decrease the amounts by an amount necessary to offset any miscalculation of previous disbursements. The offset amount shall be the amount erroneously disbursed within the previous 6 months from the time a miscalculation is discovered.

PUBLIC ACT 95-0475
(Senate Bill No. 0382)

AN ACT concerning local government.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Illinois Municipal Code is amended by changing Section 11-13-1 as follows:
(65 ILCS 5/11-13-1) (from Ch. 24, par. 11-13-1)
Sec. 11-13-1. To the end that adequate light, pure air, and safety from fire and other dangers may be secured, that the taxable value of land and buildings throughout the municipality may be conserved, that congestion in the public streets may be lessened or avoided, that the hazards to persons and damage to property resulting from the accumulation or runoff of storm or flood waters may be lessened or avoided, and that the public health, safety, comfort, morals, and welfare may otherwise be promoted, and to insure and facilitate the preservation of sites, areas, and structures of historical, architectural and aesthetic importance; the corporate authorities in each municipality have the following powers:
(1) To regulate and limit the height and bulk of buildings hereafter to be erected; (2) to establish, regulate and limit, subject

to the provisions of Division 14 of this Article 11, the building or set-back lines on or along any street, traffic-way, drive, parkway or storm or floodwater runoff channel or basin; (3) to regulate and limit the intensity of the use of lot areas, and to regulate and determine the area of open spaces, within and surrounding such buildings; (4) to classify, regulate and restrict the location of trades and industries and the location of buildings designed for specified industrial, business, residential, and other uses; (5) to divide the entire municipality into districts of such number, shape, area, and of such different classes (according to use of land and buildings, height and bulk of buildings, intensity of the use of lot area, area of open spaces, or other classification) as may be deemed best suited to carry out the purposes of this Division 13; (6) to fix standards to which buildings or structures therein shall conform; (7) to prohibit uses, buildings, or structures incompatible with the character of such districts; (8) to prevent additions to and alteration or remodeling of existing buildings or structures in such a way as to avoid the restrictions and limitations lawfully imposed under this Division 13; (9) to classify, to regulate and restrict the use of property on the basis of family relationship, which family relationship may be defined as one or more persons each related to the other by blood, marriage or adoption and maintaining a common household; (10) to regulate or forbid any structure or activity which may hinder access to solar energy necessary for the proper functioning of a solar energy system, as defined in Section 1.2 of The Comprehensive Solar Energy Act of 1977; and (11) to require the creation and preservation of affordable housing, including the power to provide increased density or other zoning incentives to developers who are creating, establishing, or preserving affordable housing; and (12) to establish local standards solely for the review of the exterior design of buildings and structures, excluding utility facilities and outdoor off-premises advertising signs, and designate a board or commission to implement the review process.

New matter indicated by italics - deletions by strikeout
The powers enumerated may be exercised within the corporate limits or within contiguous territory not more than one and one-half miles beyond the corporate limits and not included within any municipality. However, if any municipality adopts a plan pursuant to Division 12 of Article 11 which plan includes in its provisions a provision that the plan applies to such contiguous territory not more than one and one-half miles beyond the corporate limits and not included in any municipality, then no other municipality shall adopt a plan that shall apply to any territory included within the territory provided in the plan first so adopted by another municipality. No municipality shall exercise any power set forth in this Division 13 outside the corporate limits thereof, if the county in which such municipality is situated has adopted "An Act in relation to county zoning", approved June 12, 1935, as amended. Nothing in this Section prevents a municipality of more than 112,000 population located in a county of less than 185,000 population that has adopted a zoning ordinance and the county that adopted the zoning ordinance from entering into an intergovernmental agreement that allows the municipality to exercise its zoning powers beyond its territorial limits; provided, however, that the intergovernmental agreement must be limited to the territory within the municipality's planning jurisdiction as defined by law or any existing boundary agreement. The county and the municipality must amend their individual zoning maps in the same manner as other zoning changes are incorporated into revised zoning maps. No such intergovernmental agreement may authorize a municipality to exercise its zoning powers, other than powers that a county may exercise under Section 5-12001 of the Counties Code, with respect to land used for agricultural purposes. This amendatory Act of the 92nd General Assembly is declarative of existing law. No municipality may exercise any power set forth in this Division 13 outside the corporate limits of the municipality with respect to a facility of a telecommunications carrier defined in Section 5-12001.1 of the Counties Code.

Notwithstanding any other provision of law to the contrary, at least 30 days prior to commencing construction of a new telecommunications facility within 1.5 miles of a municipality, the telecommunications carrier

constructing the facility shall provide written notice of its intent to construct the facility. The notice shall include, but not be limited to, the following information: (i) the name, address, and telephone number of the company responsible for the construction of the facility and (ii) the address and telephone number of the governmental entity that issued the building permit for the telecommunications facility. The notice shall be provided in person, by overnight private courier, or by certified mail to all owners of property within 250 feet of the parcel in which the telecommunications carrier has a leasehold or ownership interest. For the purposes of this notice requirement, "owners" means those persons or entities identified from the authentic tax records of the county in which the telecommunications facility is to be located. If, after a bona fide effort by the telecommunications carrier to determine the owner and his or her address, the owner of the property on whom the notice must be served cannot be found at the owner's last known address, or if the mailed notice is returned because the owner cannot be found at the last known address, the notice requirement of this paragraph is deemed satisfied. For the purposes of this paragraph, "facility" means that term as it is defined in Section 5-12001.1 of the Counties Code.

If a municipality adopts a zoning plan covering an area outside its corporate limits, the plan adopted shall be reasonable with respect to the area outside the corporate limits so that future development will not be hindered or impaired; it is reasonable for a municipality to regulate or prohibit the extraction of sand, gravel, or limestone even when those activities are related to an agricultural purpose. If all or any part of the area outside the corporate limits of a municipality which has been zoned in accordance with the provisions of this Division 13 is annexed to another municipality or municipalities, the annexing unit shall thereafter exercise all zoning powers and regulations over the annexed area.

In all ordinances passed under the authority of this Division 13, due allowance shall be made for existing conditions, the conservation of property values, the direction of building development to the best advantage of the entire municipality and the uses to which the property is devoted at the time of the enactment of such an ordinance. The powers
New matter indicated by italics - deletions by strikeout

conferred by this Division 13 shall not be exercised so as to deprive the owner of any existing property of its use or maintenance for the purpose to which it is then lawfully devoted, but provisions may be made for the gradual elimination of uses, buildings and structures which are incompatible with the character of the districts in which they are made or located, including, without being limited thereto, provisions (a) for the elimination of such uses of unimproved lands or lot areas when the existing rights of the persons in possession thereof are terminated or when the uses to which they are devoted are discontinued; (b) for the elimination of uses to which such buildings and structures are devoted, if they are adaptable for permitted uses; and (c) for the elimination of such buildings and structures when they are destroyed or damaged in major part, or when they have reached the age fixed by the corporate authorities of the municipality as the normal useful life of such buildings or structures.

This amendatory Act of 1971 does not apply to any municipality which is a home rule unit.

(110 ILCS 48/5)

Sec. 5. Purpose. The Grow Your Own Teacher preparation programs established under this Act shall comprise a major new statewide initiative, known as the Grow Your Own Teacher Education Initiative, to prepare highly skilled, committed teachers who will teach in hard-to-staff

In awarding grants, the State Board shall select programs that successfully address Initiative criteria and that reflect a diversity of strategies in terms of serving urban areas, serving rural areas, the nature of the participating institutions of higher education, and the nature of hard-to-staff schools and hard-to-staff teaching positions on which a program is focused.

The State Board shall select consortia that meet the following requirements:

1. A consortium shall be composed of at least one 4-year institution of higher education with an accredited teacher preparation program, at least one school district or group of schools, and one or more community organizations. At the beginning of the Initiative, programs that are already operating and existing cohorts of candidates under this model shall be eligible for funding.

(7) The institutions of higher education participating in the consortium shall document and agree to expend the same amount of funds in implementing the program that these institutions spend per student on similar educational programs. Grants received by the consortium shall supplement and not supplant these amounts.

(8) The State Board shall establish additional criteria for review of proposals, including criteria that address the following issues:

   (A) Previous experience of the institutions of higher education in preparing candidates for hard-to-staff schools and positions and in working with students with non-traditional backgrounds.

PUBLIC ACT 95-0477
(Senate Bill No. 0461)

AN ACT concerning revenue.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Property Tax Code is amended by changing Sections 21-260, 22-10, 22-15, 22-20, 22-25, 22-30, 22-40, and 22-45 as follows:

(35 ILCS 200/21-260)

Sec. 21-260. Collector's scavenger sale. Upon the county collector's application under Section 21-145, to be known as the Scavenger Sale Application, the Court shall enter judgment for the general taxes, special taxes, special assessments, interest, penalties and costs as are included in the advertisement and appear to be due thereon after allowing an opportunity to object and a hearing upon the objections as provided in Section 21-175, and order those properties sold by the County Collector at public sale to the highest bidder for cash, notwithstanding the bid may be less than the full amount of taxes, special taxes, special assessments, interest, penalties and costs for which judgment has been entered.

(a) Conducting the sale - Bidding. All properties shall be offered for sale in consecutive order as they appear in the delinquent list. The minimum bid for any property shall be $250 or one-half of the tax if the total liability is less than $500. The successful bidder shall immediately pay the amount of minimum bid to the County Collector in cash, by

certified or cashier's check, by money order, or, if the successful bidder is a governmental unit, by a check issued by that governmental unit. If the bid exceeds the minimum bid, the successful bidder shall pay the balance of the bid to the county collector in cash, by certified or cashier's check, by money order, or, if the successful bidder is a governmental unit, by a check issued by that governmental unit by the close of the next business day. If the minimum bid is not paid at the time of sale or if the balance is not paid by the close of the next business day, then the sale is void and the minimum bid, if paid, is forfeited to the county general fund. In that event, the property shall be reoffered for sale within 30 days of the last offering of property in regular order. The collector shall make available to the public a list of all properties to be included in any reoffering due to the voiding of the original sale. The collector is not required to serve or publish any other notice of the reoffering of those properties. In the event that any of the properties are not sold upon reoffering, or are sold for less than the amount of the original voided sale, the original bidder who failed to pay the bid amount shall remain liable for the unpaid balance of the bid in an action under Section 21-240. Liability shall not be reduced where the bidder upon reoffering also fails to pay the bid amount, and in that event both bidders shall remain liable for the unpaid balance of their respective bids. A sale of properties under this Section shall not be final until confirmed by the court.

(b) Confirmation of sales. The county collector shall file his or her report of sale in the court within 30 days of the date of sale of each property. No notice of the county collector's application to confirm the sales shall be required except as prescribed by rule of the court. Upon confirmation, except in cases where the sale becomes void under Section 22-85, or in cases where the order of confirmation is vacated by the court, a sale under this Section shall extinguish the in rem lien of the general taxes, special taxes and special assessments for which judgment has been entered and a redemption shall not revive the lien. Confirmation of the sale shall in no event affect the owner's personal liability to pay the taxes, interest and penalties as provided in this Code or prevent institution of a
proceeding under Section 21-440 to collect any amount that may remain
due after the sale.

(c) Issuance of tax sale certificates. Upon confirmation of the sale
the County Clerk and the County Collector shall issue to the purchaser a
certificate of purchase in the form prescribed by Section 21-250 as near as
may be. A certificate of purchase shall not be issued to any person who is
ineligible to bid at the sale or to receive a certificate of purchase under
Section 21-265.

(d) Scavenger Tax Judgment, Sale and Redemption Record - Sale
of parcels not sold. The county collector shall prepare a Scavenger Tax
Judgment, Sale and Redemption Record. The county clerk shall write or
stamp on the scavenger tax judgment, sale, forfeiture and redemption
record opposite the description of any property offered for sale and not
sold, or not confirmed for any reason, the words "offered but not sold".
The properties which are offered for sale under this Section and not sold or
not confirmed shall be offered for sale annually thereafter in the manner
provided in this Section until sold, except in the case of mineral rights,
which after 10 consecutive years of being offered for sale under this
Section and not sold or confirmed shall no longer be required to be offered
for sale. At any time between annual sales the County Collector may
advertise for sale any properties subject to sale under judgments for sale
previously entered under this Section and not executed for any reason. The
advertisement and sale shall be regulated by the provisions of this Code as
far as applicable.

(e) Proceeding to tax deed. The owner of the certificate of purchase
shall give notice as required by Sections 22-5 through 22-30, and may
extend the period of redemption as provided by Section 21-385. At any
time within 6 ½ months prior to expiration of the period of redemption
from a sale under this Code, the owner of a certificate of purchase may file
a petition and may obtain a tax deed under Sections 22-30 through 22-55.
All proceedings for the issuance of a tax deed and all tax deeds for
properties sold under this Section shall be subject to Sections 22-30
through 22-55. Deeds issued under this Section are subject to Section 22-
70. This Section shall be liberally construed so that the deeds provided for in this Section convey merchantable title.

(f) Redemptions from scavenger sales. Redemptions may be made from sales under this Section in the same manner and upon the same terms and conditions as redemptions from sales made under the County Collector's annual application for judgment and order of sale, except that in lieu of penalty the person redeeming shall pay interest as follows if the sale occurs before September 9, 1993:

(1) If redeemed within the first 2 months from the date of the sale, 3% per month or portion thereof upon the amount for which the property was sold;

(2) If redeemed between 2 and 6 months from the date of the sale, 12% of the amount for which the property was sold;

(3) If redeemed between 6 and 12 months from the date of the sale, 24% of the amount for which the property was sold;

(4) If redeemed between 12 and 18 months from the date of the sale, 36% of the amount for which the property was sold;

(5) If redeemed between 18 and 24 months from the date of the sale, 48% of the amount for which the property was sold;

(6) If redeemed after 24 months from the date of sale, the 48% herein provided together with interest at 6% per year thereafter.

If the sale occurs on or after September 9, 1993, the person redeeming shall pay interest on that part of the amount for which the property was sold equal to or less than the full amount of delinquent taxes, special assessments, penalties, interest, and costs, included in the judgment and order of sale as follows:

(1) If redeemed within the first 2 months from the date of the sale, 3% per month upon the amount of taxes, special assessments, penalties, interest, and costs due for each of the first 2 months, or fraction thereof.

(2) If redeemed at any time between 2 and 6 months from the date of the sale, 12% of the amount of taxes, special assessments, penalties, interest, and costs due.

(3) If redeemed at any time between 6 and 12 months from the date of the sale, 24% of the amount of taxes, special assessments, penalties, interest, and costs due.

(4) If redeemed at any time between 12 and 18 months from the date of the sale, 36% of the amount of taxes, special assessments, penalties, interest, and costs due.

(5) If redeemed at any time between 18 and 24 months from the date of the sale, 48% of the amount of taxes, special assessments, penalties, interest, and costs due.

(6) If redeemed after 24 months from the date of sale, the 48% provided for the 24 months together with interest at 6% per annum thereafter on the amount of taxes, special assessments, penalties, interest, and costs due.

The person redeeming shall not be required to pay any interest on any part of the amount for which the property was sold that exceeds the full amount of delinquent taxes, special assessments, penalties, interest, and costs included in the judgment and order of sale.

Notwithstanding any other provision of this Section, except for owner-occupied single family residential units which are condominium units, cooperative units or dwellings, the amount required to be paid for redemption shall also include an amount equal to all delinquent taxes on the property which taxes were delinquent at the time of sale. The delinquent taxes shall be apportioned by the county collector among the taxing districts in which the property is situated in accordance with law. In the event that all moneys received from any sale held under this Section exceed an amount equal to all delinquent taxes on the property sold, which taxes were delinquent at the time of sale, together with all publication and other costs associated with the sale, then, upon redemption, the County Collector and the County Clerk shall apply the excess amount to the cost of redemption.

(g) Bidding by county or other taxing districts. Any taxing district may bid at a scavenger sale. The county board of the county in which properties offered for sale under this Section are located may bid as trustee for all taxing districts having an interest in the taxes for the nonpayment of taxes.
which the parcels are offered. The County shall apply on the bid the unpaid taxes due upon the property and no cash need be paid. The County or other taxing district acquiring a tax sale certificate shall take all steps necessary to acquire title to the property and may manage and operate the property so acquired.

When a county, or other taxing district within the county, is a petitioner for a tax deed, no filing fee shall be required on the petition. The county as a tax creditor and as trustee for other tax creditors, or other taxing district within the county shall not be required to allege and prove that all taxes and special assessments which become due and payable after the sale to the county have been paid. The county shall not be required to pay the subsequently accruing taxes or special assessments at any time. Upon the written request of the county board or its designee, the county collector shall not offer the property for sale at any tax sale subsequent to the sale of the property to the county under this Section. The lien of taxes and special assessments which become due and payable after a sale to a county shall merge in the fee title of the county, or other taxing district, on the issuance of a deed. The County may sell the properties so acquired, or the certificate of purchase thereto, and the proceeds of the sale shall be distributed to the taxing districts in proportion to their respective interests therein. The presiding officer of the county board, with the advice and consent of the County Board, may appoint some officer or person to attend scavenger sales and bid on its behalf.

(h) Miscellaneous provisions. In the event that the tract of land or lot sold at any such sale is not redeemed within the time permitted by law and a tax deed is issued, all moneys that may be received from the sale of properties in excess of the delinquent taxes, together with all publication and other costs associated with the sale, shall, upon petition of any interested party to the court that issued the tax deed, be distributed by the County Collector pursuant to order of the court among the persons having legal or equitable interests in the property according to the fair value of their interests in the tract or lot. Section 21-415 does not apply to properties sold under this Section. Appeals may be taken from the orders and judgments entered under this Section as in other civil cases. The

remedy herein provided is in addition to other remedies for the collection of delinquent taxes.

(i) The changes to this Section made by this amendatory Act of the 95th General Assembly apply only to matters in which a petition for tax deed is filed on or after the effective date of this amendatory Act of the 95th General Assembly.

Sec. 22-15. Service of notice. The purchaser or his or her assignee shall give the notice required by Section 22-10 by causing it to be published in a newspaper as set forth in Section 22-20. In addition, the notice shall be served by a sheriff (or if he or she is disqualified, by a coroner) of the county in which the property, or any part thereof, is located upon owners who reside on any part of the property sold by leaving a copy of the notice with those owners personally.

In counties of 3,000,000 or more inhabitants where a taxing district is a petitioner for tax deed pursuant to Section 21-90, in lieu of service by the sheriff or coroner the notice may be served by a special process server appointed by the circuit court as provided in this Section. The taxing district may move prior to filing one or more petitions for tax deed for appointment of such a special process server. The court, upon being satisfied that the person named in the motion is at least 18 years of age and is capable of serving notice as required under this Code, shall enter an order appointing such person as a special process server for a period of one year. The appointment may be renewed for successive periods of one year each by motion and order, and a copy of the original and any subsequent order shall be filed in each tax deed case in which a notice is served by the appointed person. Delivery of the notice to and service of the notice by the special process server shall have the same force and effect as its delivery to and service by the sheriff or coroner.

The same form of notice shall also be served, in the manner set forth under Sections 2-203, 2-204, 2-205, 2-205.1, and 2-211 of the Code of Civil Procedure, upon all other owners and parties interested in the property, if upon diligent inquiry they can be found in the county, and upon the occupants of the property. in the following manner:

(a) as to individuals, by (1) leaving a copy of the notice with the person personally or (2) by leaving a copy at his or her usual place of residence with a person of the family, of the age of 13 years or more, and informing that person of its contents. The person making the service shall cause a copy of the notice to be sent by registered or certified mail, return receipt requested, to that party at his or her usual place of residence;

(b) as to public and private corporations, municipal, governmental and quasi-municipal corporations, partnerships, receivers and trustees of corporations, by leaving a copy of the notice with the person designated by the Civil Practice Law.

If the property sold has more than 4 dwellings or other rental units, and has a managing agent or party who collects rents, that person shall be deemed the occupant and shall be served with notice instead of the occupants of the individual units. If the property has no dwellings or rental units, but economic or recreational activities are carried on therein, the person directing such activities shall be deemed the occupant. Holders of rights of entry and possibilities of reverter shall not be deemed parties interested in the property.

When a party interested in the property is a trustee, notice served upon the trustee shall be deemed to have been served upon any beneficiary or note holder thereunder unless the holder of the note is disclosed of record.

When a judgment is a lien upon the property sold, the holder of the lien shall be served with notice if the name of the judgment debtor as shown in the transcript, certified copy or memorandum of judgment filed of record is identical, as to given name and surname, with the name of the party interested as it appears of record.

If any owner or party interested, upon diligent inquiry and effort, cannot be found or served with notice in the county as provided in this Section, and the person in actual occupancy and possession is tenant to, or in possession under the owners or the parties interested in the property, then service of notice upon the tenant, occupant or person in possession shall be deemed service upon the owners or parties interested.

A special process server appointed under Section 22-15 shall make his or her return by affidavit and shall file it with the Clerk of the Circuit Court, where it shall be a part of the court record. If a sheriff, special process server, or coroner to whom any notice is delivered for service, neglects or refuses to make the return, the purchaser or his or her assignee may petition the court to enter a rule requiring the sheriff, special process server, or coroner to make return of the notice on a day to be fixed by the court, or to show cause on that day why he or she should not be attached for contempt of the court. The purchaser or assignee shall cause a written notice of the rule to be served upon the sheriff, special process server, or coroner. If good and sufficient cause to excuse the sheriff, special process server, or coroner is not shown, the court shall adjudge him or her guilty of a contempt, and shall proceed to punish him as in other cases of contempt.

Any notice by publication given under this Section shall be given 3 times at any time after filing a petition for tax deed, but not less than 3 months nor more than 6 ½ months prior to the expiration of the period of redemption. Sec. 22-40. Issuance of deed; possession.

(a) If the redemption period expires and the property has not been redeemed and all taxes and special assessments which became due and payable subsequent to the sale have been paid and all forfeitures and sales which occur subsequent to the sale have been redeemed and the notices required by law have been given and all advancements of public funds under the police power made by a city, village or town under Section 22-35 have been paid and the petitioner has complied with all the provisions of law entitling him or her to a deed, the court shall so find and shall enter an order directing the county clerk on the production of the certificate of purchase and a certified copy of the order, to issue to the purchaser or his or her assignee a tax deed. The court shall insist on strict compliance with Section 22-10 through 22-25. Prior to the entry of an order directing the issuance of a tax deed, the petitioner shall furnish the court with a report of proceedings of the evidence received on the application for tax deed and the report of proceedings shall be filed and made a part of the court record.

(b) If taxes for years prior to the year or years sold are or become delinquent subsequent to the date of sale, the court shall find that the lien of those delinquent taxes has been or will be merged into the tax deed grantee's title if the court determines that the tax deed grantee or any prior holder of the certificate of purchase, or any person or entity under common ownership or control with any such grantee or prior holder of the certificate of purchase, was at no time the holder of any certificate of purchase for the years sought to be merged. If delinquent taxes are merged into the tax deed pursuant to this subsection, the court shall enter an order declaring which specific taxes have been or will be merged into the tax deed title and directing the county treasurer and county clerk to reflect that declaration in the warrant and judgment records; provided, that no such order shall be effective until a tax deed has been issued and timely
recorded. Nothing contained in this Section shall relieve any owner liable for delinquent property taxes under this Code from the payment of the taxes that have been merged into the title upon issuance of the tax deed.

(c) The county clerk is entitled to a fee of $10 in counties of 3,000,000 or more inhabitants and $5 in counties with less than 3,000,000 inhabitants for the issuance of the tax deed. The clerk may not include in a tax deed more than one property as listed, assessed and sold in one description, except in cases where several properties are owned by one person.

Upon application the court shall, enter an order to place the tax deed grantee or the grantee's successor in interest in possession of the property and may enter orders and grant relief as may be necessary or desirable to maintain the grantee or the grantee's successor in interest in possession.

(d) The court shall retain jurisdiction to enter orders pursuant to subsections (b) and (c) of this Section. This amendatory Act of the 92nd General Assembly and this amendatory Act of the 95th General Assembly shall be construed as being declarative of existing law and not as a new enactment.

Sec. 22-45. Tax deed incontestable unless order appealed or relief petitioned. Tax deeds issued under Section 22-40 are incontestable except by appeal from the order of the court directing the county clerk to issue the tax deed. However, relief from such order may be had under Sections 2-1203 or Section 2-1401 of the Code of Civil Procedure in the same manner and to the same extent as may be had under those Sections that Section with respect to final orders and judgments in other proceedings. The grounds for relief under Section 2-1401 shall be limited to:

(1) proof that the taxes were paid prior to sale;
(2) proof that the property was exempt from taxation;
(3) proof by clear and convincing evidence that the tax deed had been procured by fraud or deception by the tax purchaser or his or her assignee; or

New matter indicated by italics - deletions by strikeout
(4) proof by a person or party holding a recorded ownership or other recorded interest in the property that he or she was not named as a party in the publication notice as set forth in Section 22-20, and that the tax purchaser or his or her assignee did not make a diligent inquiry and effort to serve that person or party with the notices required by Sections 22-10 through 22-30.

In cases of the sale of homestead property in counties with 3,000,000 or more inhabitants, a tax deed may also be voided by the court upon petition, filed not more than 3 months after an order for tax deed was entered, if the court finds that the property was owner occupied on the expiration date of the period of redemption and that the order for deed was effectuated pursuant to a negligent or willful error made by an employee of the county clerk or county collector during the period of redemption from the sale that was reasonably relied upon to the detriment of any person having a redeemable interest. In such a case, the tax purchaser shall be entitled to the original amount required to redeem the property plus interest from the sale as of the last date of redemption together with costs actually expended subsequent to the expiration of the period of redemption and reasonable attorney's fees, all of which shall be dispensed from the fund created by Section 21-295. In those cases of error where the court vacates the tax deed, it may award the petitioner reasonable attorney's fees and court costs actually expended, payable from that fund. The court hearing a petition filed under this Section or Section 2-1401 of the Code of Civil Procedure may concurrently hear a petition filed under Section 21-295 and may grant relief under any either Section.

This amendatory Act of the 95th General Assembly shall be construed as being declarative of existing law and not as a new enactment.

(Senate Bill No. 1592)

AN ACT concerning regulation.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

ARTICLE 1

New matter indicated by italics - deletions by strikeout
Section 1-1. Short title. This Article may be cited as the Illinois Power Agency Act. References in this Article to "this Act" mean this Article.

Section 1-5. Legislative declarations and findings. The General Assembly finds and declares:

(1) The health, welfare, and prosperity of all Illinois citizens require the provision of adequate, reliable, affordable, efficient, and environmentally sustainable electric service at the lowest total cost over time, taking into account any benefits of price stability.

(2) The transition to retail competition is not complete. Some customers, especially residential and small commercial customers, have failed to benefit from lower electricity costs from retail and wholesale competition.

(3) Escalating prices for electricity in Illinois pose a serious threat to the economic well-being, health, and safety of the residents of and the commerce and industry of the State.

(4) To protect against this threat to economic well-being, health, and safety it is necessary to improve the process of procuring electricity to serve Illinois residents, to promote investment in energy efficiency and demand-response measures, and to support development of clean coal technologies and renewable resources.

(5) Procuring a diverse electricity supply portfolio will ensure the lowest total cost over time for adequate, reliable, efficient, and environmentally sustainable electric service.

(6) Including cost-effective renewable resources in that portfolio will reduce long-term direct and indirect costs to consumers by decreasing environmental impacts and by avoiding or delaying the need for new generation, transmission, and distribution infrastructure.

(7) Energy efficiency, demand-response measures, and renewable energy are resources currently underused in Illinois.

New matter indicated by italics - deletions by strikeout
The General Assembly therefore finds that it is necessary to create the Illinois Power Agency and that the goals and objectives of that Agency are to accomplish each of the following:

(A) Develop electricity procurement plans to ensure adequate, reliable, affordable, efficient, and environmentally sustainable electric service at the lowest total cost over time, taking into account any benefits of price stability, for electric utilities that on December 31, 2005 provided electric service to at least 100,000 customers in Illinois. The procurement plan shall be updated on an annual basis and shall include renewable energy resources sufficient to achieve the standards specified in this Act.

(B) Conduct competitive procurement processes to procure the supply resources identified in the procurement plan.

(C) Develop electric generation and co-generation facilities that use indigenous coal or renewable resources, or both, financed with bonds issued by the Illinois Finance Authority.

(D) Supply electricity from the Agency's facilities at cost to one or more of the following: municipal electric systems, governmental aggregators, or rural electric cooperatives in Illinois.

Section 1-10. Definitions.
"Agency" means the Illinois Power Agency.
"Agency loan agreement" means any agreement pursuant to which the Illinois Finance Authority agrees to loan the proceeds of revenue bonds issued with respect to a project to the Agency upon terms providing for loan repayment installments at least sufficient to pay when due all principal of, interest and premium, if any, on those revenue bonds, and providing for maintenance, insurance, and other matters in respect of the project.

"Authority" means the Illinois Finance Authority.
"Commission" means the Illinois Commerce Commission.
"Costs incurred in connection with the development and construction of a facility" means:

(1) the cost of acquisition of all real property and improvements in connection therewith and equipment and other

New matter indicated by italics - deletions by strikeout
property, rights, and easements acquired that are deemed necessary for the operation and maintenance of the facility;

(2) financing costs with respect to bonds, notes, and other evidences of indebtedness of the Agency;

(3) all origination, commitment, utilization, facility, placement, underwriting, syndication, credit enhancement, and rating agency fees;

(4) engineering, design, procurement, consulting, legal, accounting, title insurance, survey, appraisal, escrow, trustee, collateral agency, interest rate hedging, interest rate swap, capitalized interest and other financing costs, and other expenses for professional services; and

(5) the costs of plans, specifications, site study and investigation, installation, surveys, other Agency costs and estimates of costs, and other expenses necessary or incidental to determining the feasibility of any project, together with such other expenses as may be necessary or incidental to the financing, insuring, acquisition, and construction of a specific project and placing that project in operation.

"Department" means the Department of Commerce and Economic Opportunity.

"Director" means the Director of the Illinois Power Agency.

"Demand-response" means measures that decrease peak electricity demand or shift demand from peak to off-peak periods.

"Energy efficiency" means measures that reduce the amount of electricity required to achieve a given end use.

"Electric utility" has the same definition as found in Section 16-102 of the Public Utilities Act.

"Facility" means an electric generating unit or a co-generating unit that produces electricity along with related equipment necessary to connect the facility to an electric transmission or distribution system.

"Governmental aggregator" means one or more units of local government that individually or collectively procure electricity to serve residential retail electrical loads located within its or their jurisdiction.

New matter indicated by italics - deletions by strikeout
"Local government" means a unit of local government as defined in Article VII of Section 1 of the Illinois Constitution.

"Municipality" means a city, village, or incorporated town.

"Person" means any natural person, firm, partnership, corporation, either domestic or foreign, company, association, limited liability company, joint stock company, or association and includes any trustee, receiver, assignee, or personal representative thereof.

"Project" means the planning, bidding, and construction of a facility.

"Public utility" has the same definition as found in Section 3-105 of the Public Utilities Act.

"Real property" means any interest in land together with all structures, fixtures, and improvements thereon, including lands under water and riparian rights, any easements, covenants, licenses, leases, rights-of-way, uses, and other interests, together with any liens, judgments, mortgages, or other claims or security interests related to real property.

"Renewable energy credit" means a tradable credit that represents the environmental attributes of a certain amount of energy produced from a renewable energy resource.

"Renewable energy resources" includes energy and its associated renewable energy credit or renewable energy credits from wind, solar thermal energy, photovoltaic cells and panels, biodiesel, crops and untreated and unadulterated organic waste biomass, trees and tree trimmings, hydropower that does not involve new construction or significant expansion of hydropower dams, and other alternative sources of environmentally preferable energy. For purposes of this Act, landfill gas produced in the State is considered a renewable energy resource. "Renewable energy resources" does not include the incineration, burning, or heating of tires, garbage, general household, institutional, and commercial waste, industrial lunchroom or office waste, landscape waste other than trees and tree trimmings, railroad crossties, utility poles, and construction or demolition debris, other than untreated and unadulterated waste wood.
"Revenue bond" means any bond, note, or other evidence of indebtedness issued by the Authority, the principal and interest of which is payable solely from revenues or income derived from any project or activity of the Agency.

"Total resource cost test" or "TRC test" means a standard that is met if, for an investment in energy efficiency or demand-response measures, the benefit-cost ratio is greater than one. The benefit-cost ratio is the ratio of the net present value of the total benefits of the program to the net present value of the total costs as calculated over the lifetime of the measures. A total resource cost test compares the sum of avoided electric utility costs, representing the benefits that accrue to the system and the participant in the delivery of those efficiency measures, to the sum of all incremental costs of end-use measures that are implemented due to the program (including both utility and participant contributions), plus costs to administer, deliver, and evaluate each demand-side program, to quantify the net savings obtained by substituting the demand-side program for supply resources. In calculating avoided costs of power and energy that an electric utility would otherwise have had to acquire, reasonable estimates shall be included of financial costs likely to be imposed by future regulations and legislation on emissions of greenhouse gases.

Section 1-15. Illinois Power Agency.

(a) For the purpose of effectuating the policy declared in Section 1-5 of this Act, a State agency known as the Illinois Power Agency is created. The Agency shall exercise governmental and public powers, be perpetual in duration, and have the powers and duties enumerated in this Act, together with such others conferred upon it by law.

(b) The Agency is not created or organized, and its operations shall not be conducted, for the purpose of making a profit. No part of the revenues or assets of the Agency shall inure to the benefit of or be distributable to any of its employees or any other private persons, except as provided in this Act for actual services rendered.

Section 1-20. General powers of the Agency.

(a) The Agency is authorized to do each of the following:

of those revenue bonds shall not exceed 40 years from their respective issuance dates, (2) to accept prepayments from purchasers of electric energy from a project and to apply the same to costs incurred in connection with the development and construction of a facility, subject to any obligation to refund the same under the circumstances specified in the purchasers' contract for the purchase and sale of electric energy from that project, (3) to enter into leases or similar arrangements to finance the property constituting a part of a project and associated costs incurred in connection with the development and construction of a facility, provided that the term of any such lease or similar arrangement shall not exceed 40 years from its inception, and (4) to enter into agreements for the sale of revenue bonds that bear interest at a rate or rates not exceeding the maximum rate permitted by the Bond Authorization Act. Service Fund, or (9) any combination thereof. Any such pledge shall be authorized in a writing, signed by the Director of the Agency, and then signed by the Governor of Illinois. At no time shall the funds contained in the Illinois Power Agency Trust Fund be pledged or used in any way to pay for the indebtedness of the Agency. The Director shall not authorize the issuance or grant of any pledge until he or she has certified that any associated project is in full compliance with Sections 1-85 and 1-86 of this Act. The certification shall be duly attached or referenced in the agreements reflecting the pledge. Any such pledge made by the Agency shall be valid and binding from the time the pledge is made. The revenues, property, or funds that are pledged and thereafter received by the Agency shall immediately be subject to the lien of the pledge without any physical delivery thereof or further act; and, subject only to the provisions of prior liens, the lien of the pledge shall be valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the Agency irrespective of whether the parties have notice thereof. All bonds issued on behalf of the Agency must be issued by the Authority and must be revenue bonds. These revenue bonds may be taxable or tax-exempt.

(d) All indebtedness issued by or on behalf of the Agency, including, without limitation, any revenue bonds issued by the Authority on behalf of the Agency, shall not be a debt of the State, the Authority, any political subdivision thereof (other than the Agency to the extent provided in agreements governing the indebtedness), any local government, any governmental aggregator as defined in the this Act, or any local government, and none of the State, the Authority, any political subdivision thereof (other than the Agency to the extent provided in agreements governing the indebtedness), any local government, or any governmental aggregator shall be liable thereon. Neither the Authority nor the Agency shall have the power to pledge the credit, the revenues, or the taxing power of the State, any political subdivision thereof (other than the Agency), any governmental aggregator, or of any local government, and neither the credit, the revenues, nor the taxing power of the State, any political subdivision thereof (other than the Agency), any governmental aggregator, or any local government shall be, or shall be deemed to be, pledged to the

payment of any revenue bonds, notes, or other obligations of the Agency. In addition, the agreements governing any issue of indebtedness shall provide that all holders of that indebtedness, by virtue of their acquisition thereof, have agreed to waive and release all claims and causes of action against the State of Illinois in respect of the indebtedness or any project associated therewith based on any theory of law. However, the waiver shall not prohibit the holders of indebtedness issued on behalf of the Agency from filing any cause of action against or recovering damages from the Agency, recovering from any property or funds pledged to secure the indebtedness, or recovering from any property or funds to which the Agency holds title, provided the property or funds are directly associated with the project for which the indebtedness was specifically issued. Each evidence of indebtedness of the Agency, including the revenue bonds issued by the Authority on behalf of the Agency, shall contain a clear and explicit statement of the provisions of this Section.

(e) The Agency may from time to time enter into an agreement or agreements to defease indebtedness issued on its behalf or to refund, at maturity, at a redemption date or in advance of either, any indebtedness issued on its behalf or pursuant to redemption provisions or at any time before maturity. All such refunding indebtedness shall be subject to the requirements set forth in subsections (a), (c), and (d) of this Section. No revenue bonds issued to refund or advance refund revenue bonds issued under this Section may mature later than the longest maturity date of the series of bonds being refunded. After the aggregate original principal amount of revenue bonds authorized in this Section has been issued, the payment of any principal amount of those revenue bonds does not authorize the issuance of additional revenue bonds (except refunding revenue bonds).

(f) If the Agency fails to pay the principal of, interest, or premium, if any, on any indebtedness as the same becomes due, a civil action to compel payment may be instituted in the appropriate circuit court by the holder or holders of the indebtedness on which the default of payment exists or by any administrative agent, collateral agent, or indenture trustee acting on behalf of those holders. Delivery of a summons and a copy of the
complaint to the Director of the Agency shall constitute sufficient service
to give the circuit court jurisdiction over the subject matter of the suit and
jurisdiction over the Agency and its officers named as defendants for the
purpose of compelling that payment. Any case, controversy, or cause of
action concerning the validity of this Act shall relate to the revenue of the
Agency. Any such claims and related proceedings are subject in all
respects to the provisions of subsection (d) of this Section. The State of
Illinois shall not be liable or in any other way financially responsible for
any indebtedness issued by or on behalf of the Agency or the performance
or non-performance of any covenants associated with any such
indebtedness. The foregoing statement shall not prohibit the holders of any
indebtedness issued on behalf of the Agency from filing any cause of
action against or recovering damages from the Agency recovering from
any property pledged to secure that indebtedness or recovering from any
property or funds to which the Agency holds title provided such property
or funds are directly associated with the project for which the indebtedness
is specifically issued.

(g) Upon each delivery of the revenue bonds authorized to be
issued by the Authority under this Act, the Agency shall compute and
certify to the State Comptroller the total amount of principal of and
interest on the Agency loan agreement supporting the revenue bonds
issued that will be payable in order to retire those revenue bonds and the
amount of principal of and interest on the Agency loan agreement that will
be payable on each payment date during the then current and each
succeeding fiscal year. As soon as possible after the first day of each
month, beginning on the date set forth in the Agency loan agreement
where that date specifies when the Agency shall begin setting aside
revenues and other moneys for repayment of the revenue bonds per the
agreed to schedule, the Agency shall certify to the Comptroller and the
Comptroller shall order transferred and the Treasurer shall transfer from
the Illinois Power Agency Facilities Fund to the Illinois Power Agency
Debt Service Fund for each month remaining in the State fiscal year a sum
of money, appropriated for that purpose, equal to the result of the amount
of principal of and interest on those revenue bonds payable on the next

payment date divided by the number of full calendar months between the date of those revenue bonds, and the first such payment date, and thereafter divided by the number of months between each succeeding payment date after the first. The Comptroller is authorized and directed to draw warrants on the State Treasurer from the Illinois Power Agency Facilities Fund and the Illinois Power Agency Debt Service Fund for the amount of all payments of principal and interest on the Agency loan agreement relating to the Authority revenue bonds issued under this Act. The State Treasurer or the State Comptroller shall deposit or cause to be deposited any amount of grants or other revenues expected to be received by the Agency that the Agency has pledged to the payment of revenue bonds directly into the Illinois Power Agency Debt Service Fund.

Section 1-60. Moneys made available by private or public entities.
(a) The Agency may apply for, receive, expend, allocate, or disburse funds and moneys made available by public or private entities, including, but not limited to, contracts, private or public financial gifts, bequests, grants, or donations from individuals, corporations, foundations, or public or private institutions of higher learning. All funds received by the Agency from these sources shall be deposited:

(1) into the Illinois Power Agency Operations Fund, if for general Agency operations, to be held by the State Treasurer as ex officio custodian, and subject to the Comptroller-Treasurer, voucher-warrant system; or

(2) into the Illinois Power Agency Facilities Fund, if for costs incurred in connection with the development and construction of a facility by the Agency, to be held by the State Treasurer as ex officio custodian, and subject to the Comptroller-Treasurer, voucher-warrant system.

Any funds received, expended, allocated, or disbursed shall be expended by the Agency for the purposes as indicated by the grantor, donor, or, in the case of funds or moneys given or donated for no specific purposes, for any purpose deemed appropriate by the Director in administering the responsibilities of the Agency as set forth in this Act.

These appropriated funds shall constitute an advance that the Agency shall repay without interest to the State in Fiscal Year 2010 and in Fiscal Year 2011. Beginning with Fiscal Year 2010, the operation of the Agency shall be funded solely from moneys in the Illinois Power Agency Operations Fund with no liability or obligation imposed on the State by those operations.

marketer, or alternative retail electric supplier regulated by the Commission or the Federal Energy Regulatory Commission.

(g) The Director and Bureau Chiefs are prohibited from: (i) owning, directly or indirectly, 5% or more of the voting capital stock of an electric utility, independent power producer, power marketer, or alternative retail electric supplier; (ii) being in any chain of successive ownership of 5% or more of the voting capital stock of any electric utility, independent power producer, power marketer, or alternative retail electric supplier; (iii) receiving any form of compensation, fee, payment, or other consideration from an electric utility, independent power producer, power marketer, or alternative retail electric supplier, including legal fees, consulting fees, bonuses, or other sums. These limitations do not apply to any compensation received pursuant to a defined benefit plan or other form of deferred compensation, provided that the individual has otherwise severed all ties to the utility, power producer, power marketer, or alternative retail electric supplier.

Section 1-75. Planning and Procurement Bureau. The Planning and Procurement Bureau has the following duties and responsibilities:

(a) The Planning and Procurement Bureau shall each year, beginning in 2008, develop procurement plans and conduct competitive procurement processes in accordance with the requirements of Section 16-111.5 of the Public Utilities Act for the eligible retail customers of electric utilities that on December 31, 2005 provided electric service to at least 100,000 customers in Illinois. Energy Regulatory Commission and regional transmission organizations;

(E) expertise in credit and contract protocols;

(F) adequate resources to perform and fulfill the required functions and responsibilities; and

(G) the absence of a conflict of interest and inappropriate bias for or against potential bidders or the affected electric utilities.

(3) The Agency shall provide affected utilities and other interested parties with the lists of qualified experts or expert consulting firms identified through the request for qualifications processes that are under consideration to develop the procurement plans and to serve as the procurement administrator. The Agency shall also provide each qualified expert's or expert consulting firm's response to the request for qualifications. All information provided under this subparagraph shall also be provided to the Commission. The Agency may provide by rule for fees associated with supplying the information to utilities and other interested parties. These parties shall, within 5 business days, notify the Agency in writing if they object to any experts or expert consulting firms on the lists. Objections shall be based on:

(A) failure to satisfy qualification criteria;

(B) identification of a conflict of interest; or

(C) evidence of inappropriate bias for or against potential bidders or the affected utilities.

The Agency shall remove experts or expert consulting firms from the lists within 10 days if there is a reasonable basis for an objection and provide the updated lists to the affected utilities and other interested parties. Commission within 5 days thereafter by filing a petition, and the Commission shall render a ruling on the petition within 10 days. There is no right of appeal of the Commission's ruling.

(4) The Agency shall issue requests for proposals to the qualified experts or expert consulting firms to develop a procurement plan for the affected utilities and to serve as procurement administrator.

(5) The Agency shall select an expert or expert consulting firm to develop procurement plans based on the proposals submitted and shall award one-year contracts to those selected with an option for the Agency for a one-year renewal.

(6) The Agency shall select an expert or expert consulting firm, with approval of the Commission, to serve as procurement administrator based on the proposals submitted. If the Commission rejects, within 5 days, the Agency's selection, the Agency shall submit another recommendation within 3 days based on the proposals submitted. The Agency shall award a one-year contract to the expert or expert consulting firm so selected with Commission approval with an option for the Agency for a one-year renewal.

(b) The experts or expert consulting firms retained by the Agency shall, as appropriate, prepare procurement plans, and conduct a competitive procurement process as prescribed in Section 16-111.5 of the Public Utilities Act, to ensure adequate, reliable, affordable, efficient, and environmentally sustainable electric service at the lowest total cost over time, taking into account any benefits of price stability, for eligible retail customers of electric utilities that on December 31, 2005 provided electric service to at least 100,000 customers in the State of Illinois.

(c) Renewable portfolio standard.

New matter indicated by italics - deletions by strikeout
(1) The procurement plans shall include cost-effective renewable energy resources. A minimum percentage of each utility's total supply to serve the load of eligible retail customers, as defined in Section 16-111.5(a) of the Public Utilities Act, procured for each of the following years shall be generated from cost-effective renewable energy resources: at least 2% by June 1, 2008; at least 4% by June 1, 2009; at least 5% by June 1, 2010; at least 6% by June 1, 2011; at least 7% by June 1, 2012; at least 8% by June 1, 2013; at least 9% by June 1, 2014; at least 10% by June 1, 2015; and increasing by at least 1.5% each year thereafter to at least 25% by June 1, 2025. To the extent that it is available, at least 75% of the renewable energy resources used to meet these standards shall come from wind generation. For purposes of this Section, "cost-effective" means that the costs of procuring renewable energy resources do not cause the limit stated in paragraph (2) of this subsection (c) to be exceeded.

(2) For purposes of this subsection (c), the required procurement of cost-effective renewable energy resources for a particular year shall be measured as a percentage of the actual amount of electricity (megawatt-hours) supplied by the electric utility to eligible retail customers in the planning year ending immediately prior to the procurement. For purposes of this subsection (c), the amount per kilowatthour means the total amount paid for electric service expressed on a per kilowatthour basis. For purposes of this subsection (c), the total amount paid for electric service includes without limitation amounts paid for supply, transmission, distribution, surcharges, and add-on taxes.

Notwithstanding the requirements of this subsection (c), the total of renewable energy resources procured pursuant to the procurement plan for any single year shall
be reduced by an amount necessary to limit the annual estimated average net increase due to the costs of these resources included in the amounts paid by eligible retail customers in connection with electric service to:

(A) in 2008, no more than 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007;

(B) in 2009, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2008 or 1% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007;

(C) in 2010, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2009 or 1.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007;

(D) in 2011, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2010 or 2% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007; and

(E) thereafter, the amount of renewable energy resources procured pursuant to the procurement plan for any single year shall be reduced by an amount necessary to limit the estimated average net increase due to the cost of these resources included in the amounts paid by eligible retail customers in connection with electric service to no more than the greater of 2.015% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007 or the

Preference shall be given to technologies that enable carbon capture and sites in locations where the geology is suitable for carbon sequestration.

(i) The Agency may enter into contractual arrangements with private and public entities, including but not limited to municipal electric systems, governmental aggregators, and rural electric cooperatives, to plan, site, construct, improve, rehabilitate, and operate those electric generation and co-generation facilities. Authority as the bond resolution shall provide, or may be issued as limited obligations with a claim for payment solely from such revenues, funds and obligations as the bond resolution shall provide. The Authority may grant a specific pledge or assignment of and lien on or security interest in such rights, revenues, income, or amounts and may grant a specific pledge or assignment of and lien on or security interest in any reserves, funds or accounts established in the resolution authorizing the issuance of bonds. Any such pledge, assignment, lien or security interest for the benefit of the holders of the Authority's bonds shall be valid and binding from the time the bonds are issued without any physical delivery or further act, and shall be valid and binding as against and prior to the claims of all other parties having claims against the Authority or any other person irrespective of whether the other parties have notice of the pledge, assignment, lien or security interest. As evidence of such pledge, assignment, lien and security interest, the Authority may execute and deliver a mortgage, trust agreement, indenture or security agreement or an assignment thereof. A remedy for any breach or default of the terms of any such agreement by the Authority may be by mandamus proceedings in any court of competent jurisdiction to compel the performance and compliance therewith, but the agreement may prescribe by whom or on whose behalf such action may be instituted. It is expressly understood that the Authority may, but need not, acquire title to any project with respect to which it exercises its authority.

(d) With respect to the powers granted by this Act, the Authority may adopt rules and regulations prescribing the procedures by which persons may apply for assistance under this Act. Nothing herein shall be deemed to preclude the Authority, prior to the filing of any formal application, from conducting preliminary discussions and investigations with respect to the subject matter of any prospective application.

(e) The Authority shall have power to acquire by purchase, lease, gift or otherwise any property or rights therein from any person useful for its purposes, whether improved for the purposes of any prospective project, or unimproved. The Authority may also accept any donation of funds for its purposes from any such source. The Authority shall have no independent power of condemnation but may acquire any property or

rights therein obtained upon condemnation by any other authority, governmental entity or unit of local government with such power.

(f) The Authority shall have power to develop, construct and improve either under its own direction, or through collaboration with any approved applicant, or to acquire through purchase or otherwise, any project, using for such purpose the proceeds derived from the sale of its bonds or from governmental loans or grants, and to hold title in the name of the Authority to such projects.

(g) The Authority shall have power to lease pursuant to a lease agreement any project so developed and constructed or acquired to the approved tenant on such terms and conditions as may be appropriate to further the purposes of this Act and to maintain the credit of the Authority. Any such lease may provide for either the Authority or the approved tenant to assume initially, in whole or in part, the costs of maintenance, repair and improvements during the leasehold period. In no case, however, shall the total rentals from any project during any initial leasehold period or the total loan repayments to be made pursuant to any loan agreement, be less than an amount necessary to return over such lease or loan period (1) all costs incurred in connection with the development, construction, acquisition or improvement of the project and for repair, maintenance and improvements thereto during the period of the lease or loan; provided, however, that the rentals or loan repayments need not include costs met through the use of funds other than those obtained by the Authority through the issuance of its bonds or governmental loans; (2) a reasonable percentage additive to be agreed upon by the Authority and the borrower or tenant to cover a properly allocable portion of the Authority's general expenses, including, but not limited to, administrative expenses, salaries and general insurance, and (3) an amount sufficient to pay when due all principal of, interest and premium, if any on, any bonds issued by the Authority with respect to the project. (h) The Authority has the power, upon the termination of any leasehold period of any project, to sell or lease for a further term or terms such project on such terms and conditions as the Authority shall deem reasonable and consistent with the purposes of the Act. The net proceeds from all such sales and the revenues or income from such leases shall be used to satisfy any indebtedness of the Authority with respect to such project and any balance may be used to pay any expenses of the Authority or be used for the further development, construction, acquisition or improvement of projects. In the event any project is vacated by a tenant prior to the termination of the initial leasehold period, the Authority shall sell or lease the facilities of the project on the most advantageous terms available. The net proceeds of any such disposition shall be treated in the same manner as the proceeds from sales or the revenues or income from leases subsequent to the termination of any initial leasehold period.

(i) The Authority shall have the power to make loans to persons to finance a project, to enter into loan agreements with respect thereto, and to accept guarantees from persons of its loans or the resultant evidences of obligations of the Authority.

(j) The Authority may fix, determine, charge and collect any premiums, fees, charges, costs and expenses, including, without limitation, any application fees, commitment fees, program fees, financing charges or publication fees from any person in connection with its activities under this Act.

(k) In addition to the funds established as provided herein, the Authority shall have the power to create and establish such reserve funds and accounts as may be necessary or desirable to accomplish its purposes under this Act and to deposit its available monies into the funds and accounts.

(l) At the request of the governing body of any unit of local government, the Authority is authorized to market such local government's revenue bond offerings by preparing bond issues for sale, advertising for sealed bids, receiving bids at its offices, making the award to the bidder that offers the most favorable terms or arranging for negotiated placements or underwritings of such securities. The Authority may, at its discretion,
offer for concurrent sale the revenue bonds of several local governments. Sales by the Authority of revenue bonds under this Section shall in no way imply State guarantee of such debt issue. The Authority may require such financial information from participating local governments as it deems necessary in order to carry out the purposes of this subsection (1).

(m) The Authority may make grants to any county to which Division 5-37 of the Counties Code is applicable to assist in the financing of capital development, construction and renovation of new or existing facilities for hospitals and health care facilities under that Act. Such grants may only be made from funds appropriated for such purposes from the Build Illinois Bond Fund.

(n) The Authority may establish an urban development action grant program for the purpose of assisting municipalities in Illinois which are experiencing severe economic distress to help stimulate economic development activities needed to aid in economic recovery. The Authority shall determine the types of activities and projects for which the urban development action grants may be used, provided that such projects and activities are broadly defined to include all reasonable projects and activities the primary objectives of which are the development of viable urban communities, including decent housing and a suitable living environment, and expansion of economic opportunity, principally for persons of low and moderate incomes. The Authority shall enter into grant agreements from monies appropriated for such purposes from the Build Illinois Bond Fund. The Authority shall monitor the use of the grants, and shall provide for audits of the funds as well as recovery by the Authority of any funds determined to have been spent in violation of this subsection (n) or any rule or regulation promulgated hereunder. The Authority shall provide technical assistance with regard to the effective use of the urban development action grants. The Authority shall file an annual report to the General Assembly concerning the progress of the grant program.

(o) The Authority may establish a Housing Partnership Program whereby the Authority provides zero-interest loans to municipalities for the purpose of assisting in the financing of projects for the rehabilitation of affordable multi-family housing for low and moderate income residents.
The Authority may provide such loans only upon a municipality's providing evidence that it has obtained private funding for the rehabilitation project. The Authority shall provide 3 State dollars for every 7 dollars obtained by the municipality from sources other than the State of Illinois. The loans shall be made from monies appropriated for such purpose from the Build Illinois Bond Fund. The total amount of loans available under the Housing Partnership Program shall not exceed $30,000,000. State loan monies under this subsection shall be used only for the acquisition and rehabilitation of existing buildings containing 4 or more dwelling units. The terms of any loan made by the municipality under this subsection shall require repayment of the loan to the municipality upon any sale or other transfer of the project.

(p) The Authority may award grants to universities and research institutions, research consortiums and other not-for-profit entities for the purposes of: remodeling or otherwise physically altering existing laboratory or research facilities, expansion or physical additions to existing laboratory or research facilities, construction of new laboratory or research facilities or acquisition of modern equipment to support laboratory or research operations provided that such grants (i) be used solely in support of project and equipment acquisitions which enhance technology transfer, and (ii) not constitute more than 60 percent of the total project or acquisition cost.

(q) Grants may be awarded by the Authority to units of local government for the purpose of developing the appropriate infrastructure or defraying other costs to the local government in support of laboratory or research facilities provided that such grants may not exceed 40% of the cost to the unit of local government.

(r) The Authority may establish a Direct Loan Program to make loans to individuals, partnerships or corporations for the purpose of an industrial project, as defined in Section 801-10 of this Act. For the purposes of such program and not by way of limitation on any other program of the Authority, the Authority shall have the power to issue bonds, notes, or other evidences of indebtedness including commercial paper for purposes of providing a fund of capital from which it may make

such loans. The Authority shall have the power to use any appropriations from the State made especially for the Authority's Direct Loan Program for additional capital to make such loans or for the purposes of reserve funds or pledged funds which secure the Authority's obligations of repayment of any bond, note or other form of indebtedness established for the purpose of providing capital for which it intends to make such loans under the Direct Loan Program. For the purpose of obtaining such capital, the Authority may also enter into agreements with financial institutions and other persons for the purpose of selling loans and developing a secondary market for such loans. Loans made under the Direct Loan Program may be in an amount not to exceed $300,000 and shall be made for a portion of an industrial project which does not exceed 50% of the total project. No loan may be made by the Authority unless approved by the affirmative vote of at least 8 members of the board. The Authority shall establish procedures and publish rules which shall provide for the submission, review, and analysis of each direct loan application and which shall preserve the ability of each board member to reach an individual business judgment regarding the propriety of making each direct loan. The collective discretion of the board to approve or disapprove each loan shall be unencumbered. The Authority may establish and collect such fees and charges, determine and enforce such terms and conditions, and charge such interest rates as it determines to be necessary and appropriate to the successful administration of the Direct Loan Program. The Authority may require such interests in collateral and such guarantees as it determines are necessary to project the Authority's interest in the repayment of the principal and interest of each loan made under the Direct Loan Program.

(s) The Authority may guarantee private loans to third parties up to a specified dollar amount in order to promote economic development in this State.

(t) The Authority may adopt rules and regulations as may be necessary or advisable to implement the powers conferred by this Act.

Any such loan shall be made by the Authority pursuant to the provisions of Section 820-5 to 820-60 of this Act. The unit of local government shall pay back to the Authority the principal amount of the loan, plus annual interest as determined by the Authority. The Authority shall have the power, subject to appropriations by the General Assembly, to subsidize or buy down a portion of the interest on such loans, up to 4% per annum.

(v) The Authority may accept security interests as provided in Sections 11-3 and 11-3.3 of the Illinois Public Aid Code.

(w) Moral Obligation. In the event that the Authority determines that monies of the Authority will not be sufficient for the payment of the principal of and interest on its bonds during the next State fiscal year, the Chairperson, as soon as practicable, shall certify to the Governor the amount required by the Authority to enable it to pay such principal and interest on the bonds. The Governor shall submit the amount so certified to the General Assembly as soon as practicable, but no later than the end of the current State fiscal year. This subsection shall apply only to any bonds or notes as to which the Authority shall have determined, in the resolution authorizing the issuance of the bonds or notes, that this subsection shall apply. Whenever the Authority makes such a determination, that fact shall be plainly stated on the face of the bonds or notes and that fact shall also be reported to the Governor. In the event of a withdrawal of moneys from a reserve fund established with respect to any issue or issues of bonds of the Authority to pay principal or interest on those bonds, the Chairperson of the Authority, as soon as practicable, shall certify to the Governor the amount required to restore the reserve fund to the level required in the resolution or indenture securing those bonds. The Governor shall submit the amount so certified to the General Assembly as soon as practicable, but no later than the end of the current State fiscal year. The Authority shall

For fiscal year 2005 through fiscal year 2007, no amounts may be transferred under this Section from the Road Fund, the State Construction Account Fund, the Criminal Justice Information Systems Trust Fund, the Wireless Service Emergency Fund, or the Mandatory Arbitration Fund.
In determining the available balance in a fund, the Governor may include receipts, transfers into the fund, and other resources anticipated to be available in the fund in that fiscal year.

The State Treasurer and Comptroller shall transfer the amounts designated under this Section as soon as may be practicable after receiving the direction to transfer from the Governor.

For entities qualifying as residential natural gas cooperatives and recognized by the Illinois Commerce Commission as such, the State shall guarantee legally binding contracts entered into by residential natural gas cooperatives for the express purpose of acquiring natural gas supplies for their members. The Illinois Commerce Commission shall establish rules and regulations providing for such guarantees. The total liability of the State in providing all such guarantees shall not at any time exceed $1,000,000, nor shall the State provide such a guarantee to a residential natural gas cooperative for more than 3 consecutive years; and

(B) natural gas cooperatives that are not-for-profit corporations operated for the purpose of administering, on a cooperative basis, the furnishing of natural gas for the benefit of their members and that, prior to 90 days after the effective date of this amendatory Act of the 94th General Assembly, either had acquired or had entered into an asset purchase agreement to acquire all or substantially all of the

operating assets of a public utility or natural gas cooperative with the intention of operating those assets as a natural gas cooperative;

(5) sewage disposal companies which provide sewage disposal services on a mutual basis without establishing rates or charges for services, but paying the operating expenses by assessment upon the members of the company and no others;

(6) (Blank);

(7) cogeneration facilities, small power production facilities, and other qualifying facilities, as defined in the Public Utility Regulatory Policies Act and regulations promulgated thereunder, except to the extent State regulatory jurisdiction and action is required or authorized by federal law, regulations, regulatory decisions or the decisions of federal or State courts of competent jurisdiction;

(8) the ownership or operation of a facility that sells compressed natural gas at retail to the public for use only as a motor vehicle fuel and the selling of compressed natural gas at retail to the public for use only as a motor vehicle fuel; and

Sec. 4-502. Small public utility or telecommunications carrier; acquisition by capable utility; Commission determination; procedure.

New matter indicated by italics - deletions by strikeout
(a) The Commission may provide for the acquisition of a small public utility or telecommunications carrier by a capable public utility or telecommunications carrier, if the Commission, after notice and an opportunity to be heard, determines one or more of the following:

(1) the small public utility or telecommunications carrier is failing to provide safe, adequate, or reliable service;

(2) the small public utility or telecommunications carrier no longer possesses sufficient technical, financial, or managerial resources and abilities to provide the service or services for which its certificate was originally granted;

(3) the small public utility or telecommunications carrier has been actually or effectively abandoned by its owners or operators;

(4) the small public utility or telecommunications carrier has defaulted on a bond, note, or loan issued or guaranteed by a department, office, commission, board, authority, or other unit of State government;

(5) the small public utility or telecommunications carrier has wilfully failed to comply with any provision of this Act, any other provision of State or federal law, or any rule, regulation, order, or decision of the Commission; or

(6) the small public utility or telecommunications carrier has wilfully allowed property owned or controlled by it to be used in violation of this Act, any other provision of State or federal law, or any rule, regulation, order, or decision of the Commission.

(b) As used in this Section, "small public utility or telecommunications carrier" means a public utility or telecommunications carrier that regularly provides service to fewer than 7,500 customers.

(c) In making a determination under subsection (a), the Commission shall consider all of the following:

(1) The financial, managerial, and technical ability of the small public utility or telecommunications carrier.

New matter indicated by italics - deletions by strikeout
(2) The financial, managerial, and technical ability of all proximate public utilities or telecommunications carriers providing the same type of service.

(3) The expenditures that may be necessary to make improvements to the small public utility or telecommunications carrier to assure compliance with applicable statutory and regulatory standards concerning the adequacy, efficiency, safety, or reasonableness of utility service.

(4) The expansion of the service territory of the acquiring capable public utility or telecommunications carrier to include the service area of the small public utility or telecommunications carrier to be acquired.

(5) Whether the rates charged by the acquiring capable public utility or telecommunications carrier to its acquisition customers will increase unreasonably because of the acquisition.

(6) Any other matter that may be relevant.

(d) For the purposes of this Section, a "capable public utility or telecommunications carrier" means a public utility, as defined under Section 3-105 of this Act, including those entities listed in items (1) through (5) of subsection (b) subsections 1 through 5 of Section 3-105, or a telecommunications carrier, as defined under Section 13-202 of this Act, including those entities listed in subsections (a) and (b) of Section 13-202, that:

(1) regularly provides the same type of service as the small public utility or telecommunications carrier, to 7,500 or more customers, and provides safe, adequate, and reliable service to those customers; however, public utility or telecommunications carrier that would otherwise be a capable public utility except for the fact that it has fewer than 7,500 customers may elect to be a capable public utility or telecommunications carrier for the purposes of this Section regardless of the number of its customers and regardless of whether or not it is proximate to the small public utility or telecommunications carrier to be acquired;
(2) is not an affiliated interest of the small public utility or telecommunications carrier;
(3) agrees to acquire the small public utility or telecommunications carrier that is the subject of the proceeding, under the terms and conditions contained in the Commission order approving the acquisition; and
(4) is financially, managerially, and technically capable of acquiring and operating the small public utility or telecommunications carrier in compliance with applicable statutory and regulatory standards.

(e) The Commission may, on its own motion or upon petition, initiate a proceeding in order to determine whether an order of acquisition should be entered. Upon the establishment of a prima facie case that the acquisition of the small public utility or telecommunications carrier would be in the public interest and in compliance with the provisions of this Section all of the following apply:

(1) The small public utility or telecommunications carrier that is the subject of the acquisition proceedings has the burden of proving its ability to render safe, adequate, and reliable service at just and reasonable rates.

(2) The small public utility or telecommunications carrier that is the subject of the acquisition proceedings may present evidence to demonstrate the practicality and feasibility of the following alternatives to acquisition:

(A) the reorganization of the small public utility or telecommunications carrier under new management;

(B) the entering of a contract with another public utility, telecommunications carrier, or a management or service company to operate the small public utility or telecommunications carrier;

(C) the appointment of a receiver to operate the small public utility or telecommunications carrier, in accordance with the provisions of Section 4-501 of this Act; or

New matter indicated by italics - deletions by strikeout
(D) the merger of the small public utility or telecommunications carrier with one or more other public utilities or telecommunications carriers.

(3) A public utility or telecommunications carrier that desires to acquire the small public utility or telecommunications carrier has the burden of proving that it is a capable public utility or telecommunications carrier.

(f) Subject to the determinations and considerations required by subsections (a), (b), (c), (d) and (e) of this Section, the Commission shall issue an order concerning the acquisition of the small public utility or telecommunications carrier by a capable public utility or telecommunications carrier. If the Commission finds that the small public utility or telecommunications carrier should be acquired by the capable public utility or telecommunications carrier, the order shall also provide for the extension of the service area of the acquiring capable public utility or telecommunications carrier.

(g) The price for the acquisition of the small public utility or telecommunications carrier shall be determined by agreement between the small public utility or telecommunications carrier and the acquiring capable public utility or telecommunications carrier subject to a determination by the Commission that the price is reasonable. If the small public utility or telecommunications carrier and the acquiring capable public utility or telecommunications carrier are unable to agree on the acquisition price or the Commission disapproves the acquisition price upon which they have agreed, the Commission shall issue an order directing the acquiring capable public utility or telecommunications carrier to acquire the small public utility or telecommunications carrier by following the procedure prescribed for the exercise of the powers of eminent domain under Section 8-509 of this Act.

(h) The Commission may, in its discretion and for a reasonable period of time after the date of acquisition, allow the acquiring capable public utility or telecommunications carrier to charge and collect rates from the customers of the acquired small public utility or telecommunications carrier under a separate tariff.
(i) A capable public utility or telecommunications carrier ordered by the Commission to acquire a small public utility or telecommunications carrier shall submit to the Commission for approval before the acquisition a plan, including a timetable, for bringing the small public utility or telecommunications carrier into compliance with applicable statutory and regulatory standards.

(220 ILCS 5/8-403) (from Ch. 111 2/3, par. 8-403)

Sec. 8-403. The Commission shall design and implement policies which encourage the economical utilization of cogeneration and small power production, as these terms are defined in Section 3-105, item (7) of subsection (b) paragraph 7, including specifically, but not limited to, the cogeneration or production of heat, steam or electricity by municipal corporations or any other political subdivision of this State. No public utility shall discriminate in any way with respect to the conditions or price for provision of maintenance power, standby power and supplementary power as these terms are defined by current Commission rules, or for any other service. The prices charged by a utility for maintenance power, standby power, supplementary power and all other such services shall be cost-based and just and reasonable.

The Commission shall conduct a study of procedures and policies to encourage the full and economical utilization of cogeneration and small power production including, but not limited to, (1) requiring utilities to pay full avoided costs, including long-term avoided capacity costs to cogenerators and small power producers and (2) requiring utilities to make available upon request of the State or a unit of local government, transmission and distribution services to transmit electrical energy produced by cogeneration or small power production facilities located in any structure or on any real property of the State or unit of local government to other locations of this State or a unit of local government. The Commission shall report on this study, with recommendation for legislative consideration, to the General Assembly by March 1, 1986.

Sec. 12-103. Energy efficiency and demand-response measures.

(a) It is the policy of the State that electric utilities are required to use cost-effective energy efficiency and demand-response measures to reduce delivery load. Requiring investment in cost-effective energy efficiency and demand-response measures will reduce direct and indirect costs to consumers by decreasing environmental impacts and by avoiding or delaying the need for new generation, transmission, and distribution infrastructure. It serves the public interest to allow electric utilities to recover costs for reasonably and prudently incurred expenses for energy efficiency and demand-response measures. As used in this Section, "cost-effective" means that the measures satisfy the total resource cost test. The low-income measures described in subsection (f)(4) of this Section shall not be required to meet the total resource cost test. For purposes of this Section, the terms "energy-efficiency", "demand-response", "electric utility", and "total resource cost test" shall have the meanings set forth in the Illinois Power Agency Act. For purposes of this Section, the amount per kilowatthour means the total amount paid for electric service expressed on a per kilowatthour basis. For purposes of this Section, the total amount paid for electric service includes without limitation estimated amounts paid for supply, transmission, distribution, surcharges, and add-on-taxes.

(b) Electric utilities shall implement cost-effective energy efficiency measures to meet the following incremental annual energy savings goals:

   (1) 0.2% of energy delivered in the year commencing June 1, 2008;

   (2) 0.4% of energy delivered in the year commencing June 1, 2009;

   (3) 0.6% of energy delivered in the year commencing June 1, 2010;

   (4) 0.8% of energy delivered in the year commencing June 1, 2011;

   (5) 1% of energy delivered in the year commencing June 1, 2012;

New matter indicated by italics - deletions by strikeout
(6) 1.4% of energy delivered in the year commencing June 1, 2013;
(7) 1.8% of energy delivered in the year commencing June 1, 2014; and
(8) 2% of energy delivered in the year commencing June 1, 2015 and each year thereafter.

(c) Electric utilities shall implement cost-effective demand-response measures to reduce peak demand by 0.1% over the prior year for eligible retail customers, as defined in Section 16-111.5 of this Act. This requirement commences June 1, 2008 and continues for 10 years.

(d) Notwithstanding the requirements of subsections (b) and (c) of this Section, an electric utility shall reduce the amount of energy efficiency and demand-response measures implemented in any single year by an amount necessary to limit the estimated average increase in the amounts paid by retail customers in connection with electric service due to the cost of those measures to:

(1) in 2008, no more than 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007;
(2) in 2009, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2008 or 1% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007;
(3) in 2010, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2009 or 1.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007;
(4) in 2011, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2010 or 2% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007; and
(5) thereafter, the amount of energy efficiency and demand-response measures implemented for any single year shall be reduced by an amount necessary to limit the estimated average net

New matter indicated by italics - deletions by strikeout
increase due to the cost of these measures included in the amounts paid by eligible retail customers in connection with electric service to no more than the greater of 2.015% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007 or the incremental amount per kilowatthour paid for these measures in 2011.

No later than June 30, 2011, the Commission shall review the limitation on the amount of energy efficiency and demand-response measures implemented pursuant to this Section and report to the General Assembly its findings as to whether that limitation unduly constrains the procurement of energy efficiency and demand-response measures.

(e) Electric utilities shall be responsible for overseeing the design, development, and filing of energy efficiency and demand-response plans with the Commission. Electric utilities shall implement 100% of the demand-response measures in the plans. Electric utilities shall implement 75% of the energy efficiency measures approved by the Commission, and may, as part of that implementation, outsource various aspects of program development and implementation. The remaining 25% of those energy efficiency measures approved by the Commission shall be implemented by the Department of Commerce and Economic Opportunity, and must be designed in conjunction with the utility and the filing process. The Department may outsource development and implementation of energy efficiency measures. A minimum of 10% of the entire portfolio of cost-effective energy efficiency measures shall be procured from units of local government, municipal corporations, school districts, and community college districts. The Department shall coordinate the implementation of these measures.

The apportionment of the dollars to cover the costs to implement the Department's share of the portfolio of energy efficiency measures shall be made to the Department once the Department has executed grants or contracts for energy efficiency measures and provided supporting documentation for those grants and the contracts to the utility.

The details of the measures implemented by the Department shall be submitted by the Department to the Commission in connection with the
utility's filing regarding the energy efficiency and demand-response measures that the utility implements.

A utility providing approved energy efficiency and demand-response measures in the State shall be permitted to recover costs of those measures through an automatic adjustment clause tariff filed with and approved by the Commission. The tariff shall be established outside the context of a general rate case. Each year the Commission shall initiate a review to reconcile any amounts collected with the actual costs and to determine the required adjustment to the annual tariff factor to match annual expenditures.

Each utility shall include, in its recovery of costs, the costs estimated for both the utility's and the Department's implementation of energy efficiency and demand-response measures. Costs collected by the utility for measures implemented by the Department shall be submitted to the Department pursuant to Section 605-323 of the Civil Administrative Code of Illinois and shall be used by the Department solely for the purpose of implementing these measures. A utility shall not be required to advance any moneys to the Department but only to forward such funds as it has collected. The Department shall report to the Commission on an annual basis regarding the costs actually incurred by the Department in the implementation of the measures. Any changes to the costs of energy efficiency measures as a result of plan modifications shall be appropriately reflected in amounts recovered by the utility and turned over to the Department.

The portfolio of measures, administered by both the utilities and the Department, shall, in combination, be designed to achieve the annual savings targets described in subsections (b) and (c) of this Section, as modified by subsection (d) of this Section.

The utility and the Department shall agree upon a reasonable portfolio of measures and determine the measurable corresponding percentage of the savings goals associated with measures implemented by the utility or Department.

No utility shall be assessed a penalty under subsection (f) of this Section for failure to make a timely filing if that failure is the result of a

New matter indicated by italics - deletions by strikeout
lack of agreement with the Department with respect to the allocation of responsibilities or related costs or target assignments. In that case, the Department and the utility shall file their respective plans with the Commission and the Commission shall determine an appropriate division of measures and programs that meets the requirements of this Section.

If the Department is unable to meet incremental annual performance goals for the portion of the portfolio implemented by the Department, then the utility and the Department shall jointly submit a modified filing to the Commission explaining the performance shortfall and recommending an appropriate course going forward, including any program modifications that may be appropriate in light of the evaluations conducted under item (7) of subsection (f) of this Section. In this case, the utility obligation to collect the Department's costs and turn over those funds to the Department under this subsection (e) shall continue only if the Commission approves the modifications to the plan proposed by the Department.

(f) No later than November 15, 2007, each electric utility shall file an energy efficiency and demand-response plan with the Commission to meet the energy efficiency and demand-response standards for 2008 through 2010. Every 3 years thereafter, each electric utility shall file an energy efficiency and demand-response plan with the Commission. If a utility does not file such a plan, it shall face a penalty of $100,000 per day until the plan is filed. Each utility's plan shall set forth the utility's proposals to meet the utility's portion of the energy efficiency standards identified in subsection (b) and the demand-response standards identified in subsection (c) of this Section as modified by subsections (d) and (e), taking into account the unique circumstances of the utility's service territory. The Commission shall seek public comment on the utility's plan and shall issue an order approving or disapproving each plan within 3 months after its submission. If the Commission disapproves a plan, the Commission shall, within 30 days, describe in detail the reasons for the disapproval and describe a path by which the utility may file a revised draft of the plan to address the Commission’s concerns satisfactorily. If the utility does not refile with the Commission within 60 days, the utility
shall be subject to penalties at a rate of $100,000 per day until the plan is filed. This process shall continue, and penalties shall accrue, until the utility has successfully filed a portfolio of energy efficiency and demand-response measures. Penalties shall be deposited into the Energy Efficiency Trust Fund. In submitting proposed energy efficiency and demand-response plans and funding levels to meet the savings goals adopted by this Act the utility shall:

(1) Demonstrate that its proposed energy efficiency and demand-response measures will achieve the requirements that are identified in subsections (b) and (c) of this Section, as modified by subsections (d) and (e).

(2) Present specific proposals to implement new building and appliance standards that have been placed into effect.

(3) Present estimates of the total amount paid for electric service expressed on a per kilowatthour basis associated with the proposed portfolio of measures designed to meet the requirements that are identified in subsections (b) and (c) of this Section, as modified by subsections (d) and (e).

(4) Coordinate with the Department and the Department of Healthcare and Family Services to present a portfolio of energy efficiency measures targeted to households at or below 150% of the poverty level at a level proportionate to those households' share of total annual utility revenues in Illinois.

(5) Demonstrate that its overall portfolio of energy efficiency and demand-response measures, not including programs covered by item (4) of this subsection (f), are cost-effective using the total resource cost test and represent a diverse cross-section of opportunities for customers of all rate classes to participate in the programs.

(6) Include a proposed cost-recovery tariff mechanism to fund the proposed energy efficiency and demand-response measures and to ensure the recovery of the prudently and reasonably incurred costs of Commission-approved programs.
(7) Provide for an annual independent evaluation of the performance of the cost-effectiveness of the utility's portfolio of measures and the Department's portfolio of measures, as well as a full review of the 3-year results of the broader net program impacts and, to the extent practical, for adjustment of the measures on a going-forward basis as a result of the evaluations. The resources dedicated to evaluation shall not exceed 3% of portfolio resources in any given year.

(g) No more than 3% of energy efficiency and demand-response program revenue may be allocated for demonstration of breakthrough equipment and devices.

(h) This Section does not apply to an electric utility that on December 31, 2005 provided electric service to fewer than 100,000 customers in Illinois.

(i) If, after 2 years, an electric utility fails to meet the efficiency standard specified in subsection (b) of this Section, as modified by subsections (d) and (e), it shall make a contribution to the Low-Income Home Energy Assistance Program. The combined total liability for failure to meet the goal shall be $1,000,000, which shall be assessed as follows: a large electric utility shall pay $665,000, and a medium electric utility shall pay $335,000. If, after 3 years, an electric utility fails to meet the efficiency standard specified in subsection (b) of this Section, as modified by subsections (d) and (e), it shall make a contribution to the Low-Income Home Energy Assistance Program. The combined total liability for failure to meet the goal shall be $1,000,000, which shall be assessed as follows: a large electric utility shall pay $665,000, and a medium electric utility shall pay $335,000. In addition, the responsibility for implementing the energy efficiency measures of the utility making the payment shall be transferred to the Illinois Power Agency if, after 3 years, or in any subsequent 3-year period, the utility fails to meet the efficiency standard specified in subsection (b) of this Section, as modified by subsections (d) and (e). The Agency shall implement a competitive procurement program to procure resources necessary to meet the standards specified in this Section as modified by subsections (d) and (e), with costs for those

New matter indicated by italics - deletions by strikeout
resources to be recovered in the same manner as products purchased through the procurement plan as provided in Section 16-111.5. The Director shall implement this requirement in connection with the procurement plan as provided in Section 16-111.5.

For purposes of this Section, (i) a "large electric utility" is an electric utility that, on December 31, 2005, served more than 2,000,000 electric customers in Illinois; (ii) a "medium electric utility" is an electric utility that, on December 31, 2005, served 2,000,000 or fewer but more than 100,000 electric customers in Illinois; and (iii) Illinois electric utilities that are affiliated by virtue of a common parent company are considered a single electric utility.

(j) If, after 3 years, or any subsequent 3-year period, the Department fails to implement the Department's share of energy efficiency measures required by the standards in subsection (b), then the Illinois Power Agency may assume responsibility for and control of the Department's share of the required energy efficiency measures. The Agency shall implement a competitive procurement program to procure resources necessary to meet the standards specified in this Section, with the costs of these resources to be recovered in the same manner as provided for the Department in this Section.

(k) No electric utility shall be deemed to have failed to meet the energy efficiency standards to the extent any such failure is due to a failure of the Department or the Agency.

(220 ILCS 5/16-101A)
Sec. 16-101A. Legislative findings.

(a) The citizens and businesses of the State of Illinois have been well-served by a comprehensive electrical utility system which has provided safe, reliable, and affordable service. The electrical utility system in the State of Illinois has historically been subject to State and federal regulation, aimed at assuring the citizens and businesses of the State of safe, reliable, and affordable service, while at the same time assuring the utility system of a return on its investment.

(b) Competitive forces are affecting the market for electricity as a result of recent federal regulatory and statutory changes and the activities

New matter indicated by italics - deletions by strikeout
of other states. Competition in the electric services market may create opportunities for new products and services for customers and lower costs for users of electricity. Long-standing regulatory relationships need to be altered to accommodate the competition that could fundamentally alter the structure of the electric services market.

(c) With the advent of increasing competition in this industry, the State has a continued interest in assuring that the safety, reliability, and affordability of electrical power is not sacrificed to competitive pressures, and to that end, intends to implement safeguards to assure that the industry continues to operate the electrical system in a manner that will serve the public's interest. Under the existing regulatory framework, the industry has been encouraged to undertake certain investments in its physical plant and personnel to enhance its efficient operation, the cost of which it has been permitted to pass on to consumers. The State has an interest in providing the existing utilities a reasonable opportunity to obtain a return on certain investments on which they depended in undertaking those commitments in the first instance while, at the same time, not permitting new entrants into the industry to take unreasonable advantage of the investments made by the formerly regulated industry.

(d) A competitive wholesale and retail market must benefit all Illinois citizens. The Illinois Commerce Commission should act to promote the development of an effectively competitive electricity market that operates efficiently and is equitable to all consumers. Consumer protections must be in place to ensure that all customers continue to receive safe, reliable, affordable, and environmentally safe electric service.

(e) All consumers must benefit in an equitable and timely fashion from the lower costs for electricity that result from retail and wholesale competition and receive sufficient information to make informed choices among suppliers and services. The use of renewable resources and energy efficiency resources should be encouraged in competitive markets.

(f) The efficiency of electric markets depends both upon the competitiveness of supply and upon the price-responsiveness of the demand for service. Therefore, to ensure the lowest total cost of service and to enhance the reliability of service, all classes of the electricity

New matter indicated by italics - deletions by strikeout
customers of electric utilities should have access to and be able to voluntarily use real-time pricing and other price-response and demand-response mechanisms.

(g) Including cost-effective renewable resources in a diverse electricity supply portfolio will reduce long-term direct and indirect costs to consumers by decreasing environmental impacts and by avoiding or delaying the need for new generation, transmission, and distribution infrastructure. It serves the public interest to allow electric utilities to recover costs for reasonably and prudently incurred expenses for electricity generated by renewable resources.

Sec. 16-103.1. Tariffed service to Unit Owners' Associations. An electric utility that serves at least 2,000,000 customers must provide tariffed service to Unit Owners' Associations, as defined by Section 2 of the Condominium Property Act, for condominium properties that are not restricted to nonresidential use at rates that do not exceed on average the rates offered to residential customers on an annual basis. Within 10 days after the effective date of this amendatory Act, the electric utility shall provide the tariffed service to Unit Owners' Associations required by this Section and shall reinstate any residential all-electric discount applicable to any Unit Owners' Association that received such a discount on December 31, 2006. For purposes of this Section, "residential customers" means those retail customers of an electric utility that receive (i) electric utility service for household purposes distributed to a dwelling of 2 or fewer units that is billed under a residential rate or (ii) electric utility service for household purposes distributed to a dwelling unit or units that is billed under a residential rate and is registered by a separate meter for each dwelling unit.

(a) During the mandatory transition period, notwithstanding any provision of Article IX of this Act, and except as provided in subsections
(b), (d), (e), and (f) of this Section, the Commission shall not (i) initiate, authorize or order any change by way of increase (other than in connection with a request for rate increase which was filed after September 1, 1997 but prior to October 15, 1997, by an electric utility serving less than 12,500 customers in this State), (ii) initiate or, unless requested by the electric utility, authorize or order any change by way of decrease, restructuring or unbundling (except as provided in Section 16-109A), in the rates of any electric utility that were in effect on October 1, 1996, or (iii) in any order approving any application for a merger pursuant to Section 7-204 that was pending as of May 16, 1997, impose any condition requiring any filing for an increase, decrease, or change in, or other review of, an electric utility's rates or enforce any such condition of any such order; provided, however, that this subsection shall not prohibit the Commission from:

(1) approving the application of an electric utility to implement an alternative to rate of return regulation or a regulatory mechanism that rewards or penalizes the electric utility through adjustment of rates based on utility performance, pursuant to Section 9-244;

(2) authorizing an electric utility to eliminate its fuel adjustment clause and adjust its base rate tariffs in accordance with subsection (b), (d), or (f) of Section 9-220 of this Act, to fix its fuel adjustment factor in accordance with subsection (c) of Section 9-220 of this Act, or to eliminate its fuel adjustment clause in accordance with subsection (e) of Section 9-220 of this Act;

(3) ordering into effect tariffs for delivery services and transition charges in accordance with Sections 16-104 and 16-108, for real-time pricing in accordance with Section 16-107, or the options required by Section 16-110 and subsection (n) of 16-112, allowing a billing experiment in accordance with Section 16-106, or modifying delivery services tariffs in accordance with Section 16-109; or

(4) ordering or allowing into effect any tariff to recover charges pursuant to Sections 9-201.5, 9-220.1, 9-221, 9-222

After December 31, 2004, the provisions of this subsection (a) shall not apply to an electric utility whose average residential retail rate was less than or equal to 90% of the average residential retail rate for the "Midwest Utilities", as that term is defined in subsection (b) of this Section, based on data reported on Form 1 to the Federal Energy Regulatory Commission for calendar year 1995, and which served between 150,000 and 250,000 retail customers in this State on January 1, 1995 unless the electric utility or its holding company has been acquired by or merged with an affiliate of another electric utility subsequent to January 1, 2002. This exemption shall be limited to this subsection (a) and shall not extend to any other provisions of this Act.

(b) Notwithstanding the provisions of subsection (a), each Illinois electric utility serving more than 12,500 customers in Illinois shall file tariffs (i) reducing, effective August 1, 1998, each component of its base rates to residential retail customers by 15% from the base rates in effect immediately prior to January 1, 1998 and (ii) if the public utility provides electric service to (A) more than 500,000 customers but less than 1,000,000 customers in this State on January 1, 1999, reducing, effective May 1, 2002, each component of its base rates to residential retail customers by an additional 5% from the base rates in effect immediately prior to January 1, 1998, or (B) at least 1,000,000 customers in this State on January 1, 1999, reducing, effective October 1, 2001, each component of its base rates to residential retail customers by an additional 5% from the base rates in effect immediately prior to January 1, 1998. Provided, however, that (A) if an electric utility's average residential retail rate is less than or equal to the average residential retail rate for a group of Midwest Utilities (consisting of all investor-owned electric utilities with annual system peaks in excess of 1000 megawatts in the States of Illinois, Indiana, Iowa, Kentucky, Michigan, Missouri, Ohio, and Wisconsin),
based on data reported on Form 1 to the Federal Energy Regulatory Commission for calendar year 1995, then it shall only be required to file tariffs (i) reducing, effective August 1, 1998, each component of its base rates to residential retail customers by 5% from the base rates in effect immediately prior to January 1, 1998, (ii) reducing, effective October 1, 2000, each component of its base rates to residential retail customers by the lesser of 5% of the base rates in effect immediately prior to January 1, 1998 or the percentage by which the electric utility's average residential retail rate exceeds the average residential retail rate of the Midwest Utilities, based on data reported on Form 1 to the Federal Energy Regulatory Commission for calendar year 1999, and (iii) reducing, effective October 1, 2002, each component of its base rates to residential retail customers by an additional amount equal to the lesser of 5% of the base rates in effect immediately prior to January 1, 1998 or the percentage by which the electric utility's average residential retail rate exceeds the average residential retail rate of the Midwest Utilities, based on data reported on Form 1 to the Federal Energy Regulatory Commission for calendar year 2001; and (B) if the average residential retail rate of an electric utility serving between 150,000 and 250,000 retail customers in this State on January 1, 1995 is less than or equal to 90% of the average residential retail rate for the Midwest Utilities, based on data reported on Form 1 to the Federal Energy Regulatory Commission for calendar year 1995, then it shall only be required to file tariffs (i) reducing, effective August 1, 1998, each component of its base rates to residential retail customers by 2% from the base rates in effect immediately prior to January 1, 1998; (ii) reducing, effective October 1, 2000, each component of its base rates to residential retail customers by 2% from the base rate in effect immediately prior to January 1, 1998; and (iii) reducing, effective October 1, 2002, each component of its base rates to residential retail customers by 1% from the base rates in effect immediately prior to January 1, 1998. Provided, further, that any electric utility for which a decrease in base rates has been or is placed into effect between October 1, 1996 and the dates specified in the preceding sentences of this subsection, other than pursuant to the requirements of this subsection, shall be entitled to reduce the

amount of any reduction or reductions in its base rates required by this subsection by the amount of such other decrease. The tariffs required under this subsection shall be filed 45 days in advance of the effective date. Notwithstanding anything to the contrary in Section 9-220 of this Act, no restatement of base rates in conjunction with the elimination of a fuel adjustment clause under that Section shall result in a lesser decrease in base rates than customers would otherwise receive under this subsection had the electric utility's fuel adjustment clause not been eliminated.

(c) Any utility reducing its base rates by 15% on August 1, 1998 pursuant to subsection (b) shall include the following statement on its bills for residential customers from August 1 through December 31, 1998: "Effective August 1, 1998, your rates have been reduced by 15% by the Electric Service Customer Choice and Rate Relief Law of 1997 passed by the Illinois General Assembly.". Any utility reducing its base rates by 5% on August 1, 1998, pursuant to subsection (b) shall include the following statement on its bills for residential customers from August 1 through December 31, 1998: "Effective August 1, 1998, your rates have been reduced by 5% by the Electric Service Customer Choice and Rate Relief Law of 1997 passed by the Illinois General Assembly.".

Any utility reducing its base rates by 2% on August 1, 1998 pursuant to subsection (b) shall include the following statement on its bills for residential customers from August 1 through December 31, 1998: "Effective August 1, 1998, your rates have been reduced by 2% by the Electric Service Customer Choice and Rate Relief Law of 1997 passed by the Illinois General Assembly.".

(d) (Blank.) During the mandatory transition period, but not before January 1, 2000, and notwithstanding the provisions of subsection (a), an electric utility may request an increase in its base rates if the electric utility demonstrates that the 2-year average of its earned rate of return on common equity, calculated as its net income applicable to common stock divided by the average of its beginning and ending balances of common equity using data reported in the electric utility's Form 1 report to the Federal Energy Regulatory Commission but adjusted to remove the effects of accelerated depreciation or amortization or other transition or mitigation

measures implemented by the electric utility pursuant to subsection (g) of this Section and the effect of any refund paid pursuant to subsection (e) of this Section, is below the 2-year average for the same 2 years of the monthly average yields of 30-year U.S. Treasury bonds published by the Board of Governors of the Federal Reserve System in its weekly H.15 Statistical Release or successor publication. The Commission shall review the electric utility's request, and may review the justness and reasonableness of all rates for tariffed services, in accordance with the provisions of Article IX of this Act, provided that the Commission shall consider any special or negotiated adjustments to the revenue requirement agreed to between the electric utility and the other parties to the proceeding. In setting rates under this Section, the Commission shall exclude the costs and revenues that are associated with competitive services and any billing or pricing experiments conducted under Section 16-106.

(e) (Blank.) For the purposes of this subsection (e) all calculations and comparisons shall be performed for the Illinois operations of multijurisdictional utilities. During the mandatory transition period, notwithstanding the provisions of subsection (a), if the 2-year average of an electric utility's earned rate of return on common equity, calculated as its net income applicable to common stock divided by the average of its beginning and ending balances of common equity using data reported in the electric utility's Form 1 report to the Federal Energy Regulatory Commission but adjusted to remove the effect of any refund paid under this subsection (e), and further adjusted to include the annual amortization of any difference between the consideration received by an affiliated interest of the electric utility in the sale of an asset which had been sold or transferred by the electric utility to the affiliated interest subsequent to the effective date of this amendatory Act of 1997 and the consideration for which such asset had been sold or transferred to the affiliated interest, with such difference to be amortized ratably from the date of the sale by the affiliated interest to December 31, 2006, exceeds the 2-year average of the Index for the same 2 years by 1.5 or more percentage points, the electric utility shall make refunds to customers beginning the first billing day of
April in the following year in the manner described in paragraph (3) of this subsection. For purposes of this subsection (e), the "Index" shall be the sum of (A) the average for the 12-months ended September 30 of the monthly average yields of 30-year U.S. Treasury bonds published by the Board of Governors of the Federal Reserve System in its weekly H.15 Statistical Release or successor publication for each year 1998 through 2006, and (B) (i) 4.00 percentage points for each of the 12-month periods ending September 30, 1998 through September 30, 1999 or 8.00 percentage points if the electric utility’s average residential retail rate is less than or equal to 90% of the average residential retail rate for the "Midwest Utilities", as that term is defined in subsection (b) of this Section, based on data reported on Form 1 to the Federal Energy Regulatory Commission for calendar year 1995, and the electric utility served between 150,000 and 250,000 retail customers on January 1, 1995; (ii) 7.00 percentage points for each of the 12-month periods ending September 30, 2000 through September 30, 2006 if the electric utility was providing service to at least 1,000,000 customers in this State on January 1, 1999, or 9.00 percentage points if the electric utility’s average residential retail rate is less than or equal to 90% of the average residential retail rate for the "Midwest Utilities", as that term is defined in subsection (b) of this Section, based on data reported on Form 1 to the Federal Energy Regulatory Commission for calendar year 1995, and the electric utility served between 150,000 and 250,000 retail customers on January 1, 1995; (iii) 11.00 percentage points for each of the 12-month periods ending September 30, 2000 through September 30, 2006, but only if the electric utility’s average residential retail rate is less than or equal to 90% of the average residential retail rate for the "Midwest Utilities", as that term is defined in subsection (b) of this Section, based on data reported on Form 1 to the Federal Energy Regulatory Commission for calendar year 1995, the electric utility served between 150,000 and 250,000 retail customers in this State on January 1, 1995, and the electric utility offers delivery services on or before June 1, 2000 to retail customers whose annual electric energy use comprises 33% of the kilowatt hour sales to that group of retail customers that are classified under Division D,
Groups 20 through 39 of the Standard Industrial Classifications set forth in the Standard Industrial Classification Manual published by the United States Office of Management and Budget, excluding the kilowatt-hour sales to those customers that are eligible for delivery services pursuant to Section 16-104(a)(1)(i), and offers delivery services to its remaining retail customers classified under Division D, Groups 20 through 39 on or before October 1, 2000, and, provided further, that the electric utility commits not to petition pursuant to Section 16-108(f) for entry of an order by the Commission authorizing the electric utility to implement transition charges for an additional period after December 31, 2006, or (iv) 5.00 percentage points for each of the 12-month periods ending September 30, 2000 through September 30, 2006 for all other electric utilities or 7.00 percentage points for such utilities for each of the 12-month periods ending September 30, 2000 through September 30, 2006 for any such utility that commits not to petition pursuant to Section 16-108(f) for entry of an order by the Commission authorizing the electric utility to implement transition charges for an additional period after December 31, 2006 or 11.00 percentage points for each of the 12-month periods ending September 30, 2005 and September 30, 2006 for each electric utility providing service to fewer than 6,500, or between 75,000 and 150,000, electric retail customers in this State on January 1, 1995 if such utility commits not to petition pursuant to Section 16-108(f) for entry of an order by the Commission authorizing the electric utility to implement transition charges for an additional period after December 31, 2006:

(1) For purposes of this subsection (e), "excess earnings" means the difference between (A) the 2-year average of the electric utility's earned rate of return on common equity; less (B) the 2-year average of the sum of (i) the Index applicable to each of the 2 years and (ii) 1.5 percentage points; provided, that "excess earnings" shall never be less than zero:

(2) On or before March 31 of each year 2000 through 2007 each electric utility shall file a report with the Commission showing its earned rate of return on common equity, calculated in

New matter indicated by italics - deletions by strikeout
(3) If an electric utility has excess earnings, determined in accordance with paragraphs (1) and (2) of this subsection, the refunds which the electric utility shall pay to its customers beginning the first billing day of April in the following year shall be calculated and applied as follows:

   (i) The electric utility's excess earnings shall be multiplied by the average of the beginning and ending balances of the electric utility's common equity for the 2-year period in which excess earnings occurred:

   (ii) The result of the calculation in (i) shall be multiplied by 0.50 and then divided by a number equal to 1 minus the electric utility's composite federal and State income tax rate:

   (iii) The result of the calculation in (ii) shall be divided by the sum of the electric utility's projected total kilowatt-hour sales to retail customers plus projected kilowatt-hours to be delivered to delivery services customers over a one year period beginning with the first billing date in April in the succeeding year to determine a cents per kilowatt-hour refund factor.

   (iv) The cents per kilowatt-hour refund factor calculated in (iii) shall be credited to the electric utility's customers by applying the factor on the customer's monthly bills to each kilowatt-hour sold or delivered until the total amount calculated in (ii) has been paid to customers.

(f) During the mandatory transition period, an electric utility may file revised tariffs reducing the price of any tariffed service offered by the electric utility for all customers taking that tariffed service, which shall be effective 7 days after filing.

(g) Until all classes of tariffed services are declared competitive During the mandatory transition period, an electric utility may, without obtaining any approval of the Commission other than that provided for in
this subsection and notwithstanding any other provision of this Act or any rule or regulation of the Commission that would require such approval:

(1) implement a reorganization, other than a merger of 2 or more public utilities as defined in Section 3-105 or their holding companies;

(2) retire generating plants from service;

(3) sell, assign, lease or otherwise transfer assets to an affiliated or unaffiliated entity and as part of such transaction enter into service agreements, power purchase agreements, or other agreements with the transferee; provided, however, that the prices, terms and conditions of any power purchase agreement must be approved or allowed into effect by the Federal Energy Regulatory Commission; or

(4) use any accelerated cost recovery method including accelerated depreciation, accelerated amortization or other capital recovery methods, or record reductions to the original cost of its assets.

In order to implement a reorganization, retire generating plants from service, or sell, assign, lease or otherwise transfer assets pursuant to this Section, the electric utility shall comply with subsections (c) and (d) of Section 16-128, if applicable, and subsection (k) of this Section, if applicable, and provide the Commission with at least 30 days notice of the proposed reorganization or transaction, which notice shall include the following information:

(i) a complete statement of the entries that the electric utility will make on its books and records of account to implement the proposed reorganization or transaction together with a certification from an independent certified public accountant that such entries are in accord with generally accepted accounting principles and, if the Commission has previously approved guidelines for cost allocations between the utility and its affiliates, a certification from the chief accounting officer of the utility

that such entries are in accord with those cost allocation guidelines;

(ii) a description of how the electric utility will use proceeds of any sale, assignment, lease or transfer to retire debt or otherwise reduce or recover the costs of services provided by such electric utility;

(iii) a list of all federal approvals or approvals required from departments and agencies of this State, other than the Commission, that the electric utility has or will obtain before implementing the reorganization or transaction;

(iv) an irrevocable commitment by the electric utility that it will not, as a result of the transaction, impose any stranded cost charges that it might otherwise be allowed to charge retail customers under federal law or increase the transition charges that it is otherwise entitled to collect under this Article XVI; and

(v) if the electric utility proposes to sell, assign, lease or otherwise transfer a generating plant that brings the amount of net dependable generating capacity transferred pursuant to this subsection to an amount equal to or greater than 15% of the electric utility's net dependable capacity as of the effective date of this amendatory Act of 1997, and enters into a power purchase agreement with the entity to which such generating plant is sold, assigned, leased, or otherwise transferred, the electric utility also agrees, if its fuel adjustment clause has not already been eliminated, to eliminate its fuel adjustment clause in accordance with subsection (b) of Section 9-220 for a period of time equal to the length of any such power purchase agreement or successor agreement, or until January 1, 2005, whichever is longer; if the capacity of the generating plant so transferred and related power purchase agreement does not result in the elimination of the fuel adjustment clause under this
subsection, and the fuel adjustment clause has not already been eliminated, the electric utility shall agree that the costs associated with the transferred plant that are included in the calculation of the rate per kilowatt-hour to be applied pursuant to the electric utility's fuel adjustment clause during such period shall not exceed the per kilowatt-hour cost associated with such generating plant included in the electric utility's fuel adjustment clause during the full calendar year preceding the transfer, with such limit to be adjusted each year thereafter by the Gross Domestic Product Implicit Price Deflator.

(vi) In addition, if the electric utility proposes to sell, assign, or lease, (A) either (1) an amount of generating plant that brings the amount of net dependable generating capacity transferred pursuant to this subsection to an amount equal to or greater than 15% of its net dependable capacity on the effective date of this amendatory Act of 1997, or (2) one or more generating plants with a total net dependable capacity of 1100 megawatts, or (B) transmission and distribution facilities that either (1) bring the amount of transmission and distribution facilities transferred pursuant to this subsection to an amount equal to or greater than 15% of the electric utility's total depreciated original cost investment in such facilities, or (2) represent an investment of $25,000,000 in terms of total depreciated original cost, the electric utility shall provide, in addition to the information listed in subparagraphs (i) through (v), the following information: (A) a description of how the electric utility will meet its service obligations under this Act in a safe and reliable manner and (B) the electric utility's projected earned rate of return on common equity, calculated in accordance with subsection (d) of this Section; for each year from the date of the notice through December 31, 2006 both with and without the proposed

transaction. If the Commission has not issued an order initiating a hearing on the proposed transaction within 30 days after the date the electric utility's notice is filed, the transaction shall be deemed approved. The Commission may, after notice and hearing, prohibit the proposed transaction if it makes either or both of the following findings: (1) that the proposed transaction will render the electric utility unable to provide its tariffed services in a safe and reliable manner, or (2) that there is a strong likelihood that consummation of the proposed transaction will result in the electric utility being entitled to request an increase in its base rates during the mandatory transition period pursuant to subsection (d) of this Section. Any hearing initiated by the Commission into the proposed transaction shall be completed, and the Commission's final order approving or prohibiting the proposed transaction shall be entered, within 90 days after the date the electric utility's notice was filed. Provided, however, that a sale, assignment, or lease of transmission facilities to an independent system operator that meets the requirements of Section 16-126 shall not be subject to Commission approval under this Section.

In any proceeding conducted by the Commission pursuant to this subparagraph (vi), intervention shall be limited to parties with a direct interest in the transaction which is the subject of the hearing and any statutory consumer protection agency as defined in subsection (d) of Section 9-102.1. Notwithstanding the provisions of Section 10-113 of this Act, any application seeking rehearing of an order issued under this subparagraph (vi), whether filed by the electric utility or by an intervening party, shall be filed within 10 days after service of the order.

The Commission shall not in any subsequent proceeding or otherwise, review such a reorganization or other transaction authorized by
this Section, but shall retain the authority to allocate costs as stated in Section 16-111(i). An entity to which an electric utility sells, assigns, leases or transfers assets pursuant to this subsection (g) shall not, as a result of the transactions specified in this subsection (g), be deemed a public utility as defined in Section 3-105. Nothing in this subsection (g) shall change any requirement under the jurisdiction of the Illinois Department of Nuclear Safety including, but not limited to, the payment of fees. Nothing in this subsection (g) shall exempt a utility from obtaining a certificate pursuant to Section 8-406 of this Act for the construction of a new electric generating facility. Nothing in this subsection (g) is intended to exempt the transactions hereunder from the operation of the federal or State antitrust laws. Nothing in this subsection (g) shall require an electric utility to use the procedures specified in this subsection for any of the transactions specified herein. Any other procedure available under this Act may, at the electric utility's election, be used for any such transaction.

(h) During the mandatory transition period, the Commission shall not establish or use any rates of depreciation, which for purposes of this subsection shall include amortization, for any electric utility other than those established pursuant to subsection (c) of Section 5-104 of this Act or utilized pursuant to subsection (g) of this Section. Provided, however, that in any proceeding to review an electric utility's rates for tariffed services pursuant to Section 9-201, 9-202, 9-250 or 16-111(d) of this Act, the Commission may establish new rates of depreciation for the electric utility in the same manner provided in subsection (d) of Section 5-104 of this Act. An electric utility implementing an accelerated cost recovery method including accelerated depreciation, accelerated amortization or other capital recovery methods, or recording reductions to the original cost of its assets, pursuant to subsection (g) of this Section, shall file a statement with the Commission describing the accelerated cost recovery method to be implemented or the reduction in the original cost of its assets to be recorded. Upon the filing of such statement, the accelerated cost recovery method or the reduction in the original cost of assets shall be deemed to be approved by the Commission as though an order had been entered by the Commission.
(i) Subsequent to the mandatory transition period, the Commission, in any proceeding to establish rates and charges for tariffed services offered by an electric utility, shall consider only (1) the then current or projected revenues, costs, investments and cost of capital directly or indirectly associated with the provision of such tariffed services; (2) collection of transition charges in accordance with Sections 16-102 and 16-108 of this Act; (3) recovery of any employee transition costs as described in Section 16-128 which the electric utility is continuing to incur, including recovery of any unamortized portion of such costs previously incurred or committed, with such costs to be equitably allocated among bundled services, delivery services, and contracts with alternative retail electric suppliers; and (4) recovery of the costs associated with the electric utility's compliance with decommissioning funding requirements; and shall not consider any other revenues, costs, investments or cost of capital of either the electric utility or of any affiliate of the electric utility that are not associated with the provision of tariffed services. In setting rates for tariffed services, the Commission shall equitably allocate joint and common costs and investments between the electric utility's competitive and tariffed services. In determining the justness and reasonableness of the electric power and energy component of an electric utility's rates for tariffed services subsequent to the mandatory transition period and prior to the time that the provision of such electric power and energy is declared competitive, the Commission shall consider the extent to which the electric utility's tariffed rates for such component for each customer class exceed the market value determined pursuant to Section 16-112, and, if the electric power and energy component of such tariffed rate exceeds the market value by more than 10% for any customer class, may establish such electric power and energy component at a rate equal to the market value plus 10%. In any such case, the Commission may also elect to extend the provisions of Section 16-111(e) for any period in which the electric utility is collecting transition charges, using information applicable to such period.

(j) During the mandatory transition period, an electric utility may elect to transfer to a non-operating income account under the
Commission's Uniform System of Accounts either or both of (i) an amount of unamortized investment tax credit that is in addition to the ratable amount which is credited to the electric utility's operating income account for the year in accordance with Section 46(f)(2) of the federal Internal Revenue Code of 1986, as in effect prior to P.L. 101-508, or (ii) "excess tax reserves", as that term is defined in Section 203(e)(2)(A) of the federal Tax Reform Act of 1986, provided that (A) the amount transferred may not exceed the amount of the electric utility's assets that were created pursuant to Statement of Financial Accounting Standards No. 71 which the electric utility has written off during the mandatory transition period, and (B) the transfer shall not be effective until approved by the Internal Revenue Service. An electric utility electing to make such a transfer shall file a statement with the Commission stating the amount and timing of the transfer for which it intends to request approval of the Internal Revenue Service, along with a copy of its proposed request to the Internal Revenue Service for a ruling. The Commission shall issue an order within 14 days after the electric utility's filing approving, subject to receipt of approval from the Internal Revenue Service, the proposed transfer.

(k) If an electric utility is selling or transferring to a single buyer 5 or more generating plants located in this State with a total net dependable capacity of 5000 megawatts or more pursuant to subsection (g) of this Section and has obtained a sale price or consideration that exceeds 200% of the book value of such plants, the electric utility must provide to the Governor, the President of the Illinois Senate, the Minority Leader of the Illinois Senate, the Speaker of the Illinois House of Representatives, and the Minority Leader of the Illinois House of Representatives no later than 15 days after filing its notice under subsection (g) of this Section or 5 days after the date on which this subsection (k) becomes law, whichever is later, a written commitment in which such electric utility agrees to expend $2 billion outside the corporate limits of any municipality with 1,000,000 or more inhabitants within such electric utility's service area, over a 6-year period beginning with the calendar year in which the notice is filed, on projects, programs, and improvements within its service area relating to transmission and distribution including, without limitation, infrastructure

expansion, repair and replacement, capital investments, operations and maintenance, and vegetation management.

(l) Notwithstanding any other provision of this Act or any rule, regulation, or prior order of the Commission, a public utility providing electric and gas service may do any one or more of the following: transfer assets to, reorganize with, or merge with one or more public utilities under common holding company ownership or control in the manner prescribed in subsection (g) of this Section. No merger transaction costs, such as fees paid to attorneys, investment bankers, and other consultants, incurred in connection with a merger pursuant to this subsection (l) shall be recoverable in any subsequent rate proceeding. Approval of a merger pursuant to this subsection (l) shall not constitute approval of, or otherwise require, rate recovery of other costs incurred in connection with, or to implement the merger, such as the cost of restructuring, combining, or integrating debt, assets, or systems. Such other costs may be recovered only to the extent that the surviving utility can demonstrate that the cost savings produced by such restructuring, combination, or integration exceed the associated costs. Nothing in this subsection (l) shall impair the terms or conditions of employment or the collective bargaining rights of any employees of the utilities that are transferring assets, reorganizing, or merging.

(m) If an electric utility that on December 31, 2005 provided electric service to at least 100,000 customers in Illinois transfers assets, reorganizes, or merges under this Section, then the same provisions apply during the mandatory transition period under Section 16-128.

Sec. 16-111.5. Provisions relating to procurement.

(a) An electric utility that on December 31, 2005 served at least 100,000 customers in Illinois shall procure power and energy for its eligible retail customers in accordance with the applicable provisions set forth in Section 1-75 of the Illinois Power Agency Act and this Section.

New matter indicated by italics - deletions by strikeout
"Eligible retail customers" for the purposes of this Section means those retail customers that purchase power and energy from the electric utility under fixed-price bundled service tariffs, other than those retail customers whose service is declared or deemed competitive under Section 16-113 and those other customer groups specified in this Section, including self-generating customers, customers electing hourly pricing, or those customers who are otherwise ineligible for fixed-price bundled tariff service. Those customers that are excluded from the definition of "eligible retail customers" shall not be included in the procurement plan load requirements, and the utility shall procure any supply requirements, including capacity, ancillary services, and hourly priced energy, in the applicable markets as needed to serve those customers, provided that the utility may include in its procurement plan load requirements for the load that is associated with those retail customers whose service has been declared or deemed competitive pursuant to Section 16-113 of this Act to the extent that those customers are purchasing power and energy during one of the transition periods identified in subsection (b) of Section 16-113 of this Act.

(b) A procurement plan shall be prepared for each electric utility consistent with the applicable requirements of the Illinois Power Agency Act and this Section. For purposes of this Section, Illinois electric utilities that are affiliated by virtue of a common parent company are considered to be a single electric utility. Each procurement plan shall analyze the projected balance of supply and demand for eligible retail customers over a 5-year period with the first planning year beginning on June 1 of the year following the year in which the plan is filed. The plan shall specifically identify the wholesale products to be procured following plan approval, and shall follow all the requirements set forth in the Public Utilities Act and all applicable State and federal laws, statutes, rules, or regulations, as well as Commission orders. Nothing in this Section precludes consideration of contracts longer than 5 years and related forecast data. Unless specified otherwise in this Section, in the procurement plan or in the implementing tariff, any procurement occurring in accordance with this plan shall be competitively bid through
a request for proposals process. Approval and implementation of the procurement plan shall be subject to review and approval by the Commission according to the provisions set forth in this Section. A procurement plan shall include each of the following components:

(1) Hourly load analysis. This analysis shall include:
   (i) multi-year historical analysis of hourly loads;
   (ii) switching trends and competitive retail market analysis;
   (iii) known or projected changes to future loads; and
   (iv) growth forecasts by customer class.

(2) Analysis of the impact of any demand side and renewable energy initiatives. This analysis shall include:
   (i) the impact of demand response programs, both current and projected;
   (ii) supply side needs that are projected to be offset by purchases of renewable energy resources, if any; and
   (iii) the impact of energy efficiency programs, both current and projected.

(3) A plan for meeting the expected load requirements that will not be met through preexisting contracts. This plan shall include:

(v) an assessment of the price risk, load uncertainty, and other factors that are associated with the proposed procurement plan; this assessment, to the extent possible, shall include an analysis of the following factors: contract terms, time frames for securing products or services, fuel costs, weather patterns, transmission costs, market conditions, and the governmental regulatory environment; the proposed procurement plan shall also identify alternatives for those portfolio measures that are identified as having significant price risk.

(4) Proposed procedures for balancing loads. The procurement plan shall include, for load requirements included in the procurement plan, the process for (i) hourly balancing of supply and demand and (ii) the criteria for portfolio re-balancing in the event of significant shifts in load.

(c) The procurement process set forth in Section 1-75 of the Illinois Power Agency Act and subsection (e) of this Section shall be administered by a procurement administrator and monitored by a procurement monitor.

(1) The procurement administrator shall:

(i) design the final procurement process in accordance with Section 1-75 of the Illinois Power Agency Act and subsection (e) of this Section following Commission approval of the procurement plan;

(vii) have the discretion to negotiate to determine whether bidders are willing to lower the price of bids that meet the benchmarks approved by the Commission; any post-bid negotiations with bidders shall be limited to price only and shall be completed within 24 hours after opening the sealed bids and shall be conducted in a fair and unbiased manner; in conducting the negotiations, there shall be no disclosure of any information derived from proposals submitted by competing bidders; if information is disclosed to any bidder, it shall be provided to all competing bidders;
(viii) maintain confidentiality of supplier and bidding information in a manner consistent with all applicable laws, rules, regulations, and tariffs;
(ix) submit a confidential report to the Commission recommending acceptance or rejection of bids;

(ii) monitor and report to the Commission on the progress of the procurement process;

(iii) provide an independent confidential report to the Commission regarding the results of the procurement event;

(iv) assess compliance with the procurement plans approved by the Commission for each utility that on December 31, 2005 provided electric service to a least 100,000 customers in Illinois;

(v) preserve the confidentiality of supplier and bidding information in a manner consistent with all applicable laws, rules, regulations, and tariffs;

(vi) provide expert advice to the Commission and consult with the procurement administrator regarding issues related to procurement process design, rules, protocols, and policy-related matters; and

(vii) consult with the procurement administrator regarding the development and use of benchmark criteria, standard form contracts, credit policies, and bid documents.

(d) Except as provided in subsection (j), the planning process shall be conducted as follows:

(1) Beginning in 2008, each Illinois utility procuring power pursuant to this Section shall annually provide a range of load forecasts to the Illinois Power Agency by July 15 of each year, or such other date as may be required by the Commission or Agency. The load forecasts shall cover the 5-year procurement planning period for the next procurement plan and shall include hourly data representing a high-load, low-load and expected-load scenario for the load of the eligible retail customers. The utility shall provide supporting data and assumptions for each of the scenarios.

(2) Beginning in 2008, the Illinois Power Agency shall prepare a procurement plan by August 15th of each year, or such other date as may be required by the Commission. The procurement plan shall identify the portfolio of power and energy products to be procured. Copies of the procurement plan shall be
posted and made publicly available on the Agency's and Commission's websites, and copies shall also be provided to each affected electric utility. An affected utility shall have 30 days following the date of posting to provide comment to the Agency on the procurement plan. Other interested entities also may comment on the procurement plan. All comments submitted to the Agency shall be specific, supported by data or other detailed analyses, and, if objecting to all or a portion of the procurement plan, accompanied by specific alternative wording or proposals. All comments shall be posted on the Agency's and Commission's websites. During this 30-day comment period, the Agency shall hold at least one public hearing within each utility's service area for the purpose of receiving public comment on the procurement plan. Within 14 days following the end of the 30-day review period, the Agency shall revise the procurement plan as necessary based on the comments received and file the procurement plan with the Commission and post the procurement plan on the websites.

(3) Within 5 days after the filing of the procurement plan, any person objecting to the procurement plan shall file an objection with the Commission. Within 10 days after the filing, the Commission shall determine whether a hearing is necessary. The Commission shall enter its order confirming or modifying the procurement plan within 90 days after the filing of the procurement plan by the Illinois Power Agency.

(4) The Commission shall approve the procurement plan, including expressly the forecast used in the procurement plan, if the Commission determines that it will ensure adequate, reliable, affordable, efficient, and environmentally sustainable electric service at the lowest total cost over time, taking into account any benefits of price stability.

(e) The procurement process shall include each of the following components:

(1) Solicitation, pre-qualification, and registration of bidders. The procurement administrator shall disseminate
information to potential bidders to promote a procurement event, notify potential bidders that the procurement administrator may enter into a post-bid price negotiation with bidders that meet the applicable benchmarks, provide supply requirements, and otherwise explain the competitive procurement process. In addition to such other publication as the procurement administrator determines is appropriate, this information shall be posted on the Illinois Power Agency's and the Commission's websites. The procurement administrator shall also administer the prequalification process, including evaluation of credit worthiness, compliance with procurement rules, and agreement to the standard form contract developed pursuant to paragraph (2) of this subsection (e). The procurement administrator shall then identify and register bidders to participate in the procurement event.

(2) Standard contract forms and credit terms and instruments. The procurement administrator, in consultation with the utilities, the Commission, and other interested parties and subject to Commission oversight, shall develop and provide standard contract forms for the supplier contracts that meet generally accepted industry practices. Standard credit terms and instruments that meet generally accepted industry practices shall be similarly developed. The procurement administrator shall make available to the Commission all written comments it receives on the contract forms, credit terms, or instruments. If the procurement administrator cannot reach agreement with the applicable electric utility as to the contract terms and conditions, the procurement administrator must notify the Commission of any disputed terms and the Commission shall resolve the dispute. The terms of the contracts shall not be subject to negotiation by winning bidders, and the bidders must agree to the terms of the contract in advance so that winning bids are selected solely on the basis of price.

(3) Establishment of a market-based price benchmark. As part of the development of the procurement process, the procurement administrator, in consultation with the Commission

New matter indicated by italics - deletions by strikeout
staff, Agency staff, and the procurement monitor, shall establish benchmarks for evaluating the final prices in the contracts for each of the products that will be procured through the procurement process. The benchmarks shall be based on price data for similar products for the same delivery period and same delivery hub, or other delivery hubs after adjusting for that difference. The price benchmarks may also be adjusted to take into account differences between the information reflected in the underlying data sources and the specific products and procurement process being used to procure power for the Illinois utilities. The benchmarks shall be confidential but shall be provided to, and will be subject to Commission review and approval, prior to a procurement event.

(4) Request for proposals competitive procurement process. The procurement administrator shall design and issue a request for proposals to supply electricity in accordance with each utility's procurement plan, as approved by the Commission. The request for proposals shall set forth a procedure for sealed, binding commitment bidding with pay-as-bid settlement, and provision for selection of bids on the basis of price.

(5) A plan for implementing contingencies in the event of supplier default or failure of the procurement process to fully meet the expected load requirement due to insufficient supplier participation, Commission rejection of results, or any other cause.

   (i) Event of supplier default: In the event of supplier default, the utility shall review the contract of the defaulting supplier to determine if the amount of supply is 200 megawatts or greater, and if there are more than 60 days remaining of the contract term. If both of these conditions are met, and the default results in termination of the contract, the utility shall immediately notify the Illinois Power Agency that a request for proposals must be issued to procure replacement power, and the procurement administrator shall run an additional procurement event. If the contracted supply of the defaulting supplier is less than
200 megawatts or there are less than 60 days remaining of
the contract term, the utility shall procure power and
energy from the applicable regional transmission
organization market, including ancillary services, capacity,
and day-ahead or real time energy, or both, for the
duration of the contract term to replace the contracted
supply; provided, however, that if a needed product is not
available through the regional transmission organization
market it shall be purchased from the wholesale market.

(ii) Failure of the procurement process to fully meet
the expected load requirement: If the procurement process
fails to fully meet the expected load requirement due to
insufficient supplier participation or due to a Commission
rejection of the procurement results, the procurement
administrator, the procurement monitor, and the
Commission staff shall meet within 10 days to analyze
potential causes of low supplier interest or causes for the
Commission decision. If changes are identified that would
likely result in increased supplier participation, or that
would address concerns causing the Commission to reject
the results of the prior procurement event, the procurement
administrator may implement those changes and rerun the
request for proposals process according to a schedule
determined by those parties and consistent with Section 1-
75 of the Illinois Power Agency Act and this subsection. In
any event, a new request for proposals process shall be
implemented by the procurement administrator within 90
days after the determination that the procurement process
has failed to fully meet the expected load requirement.

(iii) In all cases where there is insufficient supply
provided under contracts awarded through the
procurement process to fully meet the electric utility's load
requirement, the utility shall meet the load requirement by
procuring power and energy from the applicable regional
transmission organization market, including ancillary services, capacity, and day-ahead or real time energy or both; provided, however, that if a needed product is not available through the regional transmission organization market it shall be purchased from the wholesale market.

(6) The procurement process described in this subsection is exempt from the requirements of the Illinois Procurement Code, pursuant to Section 20-10 of that Code.

(f) Within 2 business days after opening the sealed bids, the procurement administrator shall submit a confidential report to the Commission. The report shall contain the results of the bidding for each of the products along with the procurement administrator's recommendation for the acceptance and rejection of bids based on the price benchmark criteria and other factors observed in the process. The procurement monitor also shall submit a confidential report to the Commission within 2 business days after opening the sealed bids. The report shall contain the procurement monitor's assessment of bidder behavior in the process as well as an assessment of the procurement administrator's compliance with the procurement process and rules. The Commission shall review the confidential reports submitted by the procurement administrator and procurement monitor, and shall accept or reject the recommendations of the procurement administrator within 2 business days after receipt of the reports.

(g) Within 3 business days after the Commission decision approving the results of a procurement event, the utility shall enter into binding contractual arrangements with the winning suppliers using the standard form contracts; except that the utility shall not be required either directly or indirectly to execute the contracts if a tariff that is consistent with subsection (l) of this Section has not been approved and placed into effect for that utility.

(h) The names of the successful bidders and the load weighted average of the winning bid prices for each contract type and for each contract term shall be made available to the public at the time of Commission approval of a procurement event. The Commission, the

New matter indicated by italics - deletions by strikeout
procurement monitor, the procurement administrator, the Illinois Power Agency, and all participants in the procurement process shall maintain the confidentiality of all other supplier and bidding information in a manner consistent with all applicable laws, rules, regulations, and tariffs. Confidential information, including the confidential reports submitted by the procurement administrator and procurement monitor pursuant to subsection (f) of this Section, shall not be made publicly available and shall not be discoverable by any party in any proceeding, absent a compelling demonstration of need, nor shall those reports be admissible in any proceeding other than one for law enforcement purposes.

(i) Within 2 business days after a Commission decision approving the results of a procurement event or such other date as may be required by the Commission from time to time, the utility shall file for informational purposes with the Commission its actual or estimated retail supply charges, as applicable, by customer supply group reflecting the costs associated with the procurement and computed in accordance with the tariffs filed pursuant to subsection (l) of this Section and approved by the Commission.

(j) Within 60 days following the effective date of this amendatory Act, each electric utility that on December 31, 2005 provided electric service to at least 100,000 customers in Illinois shall prepare and file with the Commission an initial procurement plan, which shall conform in all material respects to the requirements of the procurement plan set forth in subsection (b); provided, however, that the Illinois Power Agency Act shall not apply to the initial procurement plan prepared pursuant to this subsection. The initial procurement plan shall identify the portfolio of power and energy products to be procured and delivered for the period June 2008 through May 2009, and shall identify the proposed procurement administrator, who shall have the same experience and expertise as is required of a procurement administrator hired pursuant to Section 1-75 of the Illinois Power Agency Act. Copies of the procurement plan shall be posted and made publicly available on the Commission’s website. The initial procurement plan may include contracts for renewable resources that extend beyond May 2009.

New matter indicated by italics - deletions by strikeout
(i) Within 14 days following filing of the initial procurement plan, any person may file a detailed objection with the Commission contesting the procurement plan submitted by the electric utility. All objections to the electric utility's plan shall be specific, supported by data or other detailed analyses. The electric utility may file a response to any objections to its procurement plan within 7 days after the date objections are due to be filed. Within 7 days after the date the utility's response is due, the Commission shall determine whether a hearing is necessary. If it determines that a hearing is necessary, it shall require the hearing to be completed and issue an order on the procurement plan within 60 days after the filing of the procurement plan by the electric utility.

(ii) The order shall approve or modify the procurement plan, approve an independent procurement administrator, and approve or modify the electric utility's tariffs that are proposed with the initial procurement plan. The Commission shall approve the procurement plan if the Commission determines that it will ensure adequate, reliable, affordable, efficient, and environmentally sustainable electric service at the lowest total cost over time, taking into account any benefits of price stability.

(k) In order to promote price stability for residential and small commercial customers during the transition to competition in Illinois, and notwithstanding any other provision of this Act, each electric utility subject to this Section shall enter into one or more multi-year financial swap contracts that become effective on the effective date of this amendatory Act. These contracts may be executed with generators and power marketers, including affiliated interests of the electric utility. These contracts shall be for a term of no more than 5 years and shall, for each respective utility or for any Illinois electric utilities that are affiliated by virtue of a common parent company and that are thereby considered a single electric utility for purposes of this subsection (k), not exceed in the aggregate 3,000 megawatts for any hour of the year. The contracts shall be financial contracts and not energy sales contracts. The contracts shall

New matter indicated by italics - deletions by strikeout
be executed as transactions under a negotiated master agreement based on the form of master agreement for financial swap contracts sponsored by the International Swaps and Derivatives Association, Inc. and shall be considered pre-existing contracts in the utilities' procurement plans for residential and small commercial customers. Costs incurred pursuant to a contract authorized by this subsection (k) shall be deemed prudently incurred and reasonable in amount and the electric utility shall be entitled to full cost recovery pursuant to the tariffs filed with the Commission.

(l) An electric utility shall recover its costs of procuring power and energy under this Section. The utility shall file with the initial procurement plan its proposed tariffs through which its costs of procuring power that are incurred pursuant to a Commission-approved procurement plan and those other costs identified in this subsection (l), will be recovered. The tariffs shall include a formula rate or charge designed to pass through both the costs incurred by the utility in procuring a supply of electric power and energy for the applicable customer classes with no mark-up or return on the price paid by the utility for that supply, plus any just and reasonable costs that the utility incurs in arranging and providing for the supply of electric power and energy. The formula rate or charge shall also contain provisions that ensure that its application does not result in over or under recovery due to changes in customer usage and demand patterns, and that provide for the correction, on at least an annual basis, of any accounting errors that may occur. A utility shall recover through the tariff all reasonable costs incurred to implement or comply with any procurement plan that is developed and put into effect pursuant to Section 1-75 of the Illinois Power Agency Act and this Section, including any fees assessed by the Illinois Power Agency, costs associated with load balancing, and contingency plan costs. The electric utility shall also recover its full costs of procuring electric supply for which it contracted before the effective date of this Section in conjunction with the provision of full requirements service under fixed-price bundled service tariffs subsequent to December 31, 2006. All such costs shall be deemed to have been prudently incurred. The pass-through tariffs that are filed and
approved pursuant to this Section shall not be subject to review under, or in any way limited by, Section 16-111(i) of this Act.

(m) The Commission has the authority to adopt rules to carry out the provisions of this Section. For the public interest, safety, and welfare, the Commission also has authority to adopt rules to carry out the provisions of this Section on an emergency basis immediately following the effective date of this amendatory Act.

(n) Notwithstanding any other provision of this Act, any affiliated electric utilities that submit a single procurement plan covering their combined needs may procure for those combined needs in conjunction with that plan, and may enter jointly into power supply contracts, purchases, and other procurement arrangements, and allocate capacity and energy and cost responsibility therefor among themselves in proportion to their requirements.

(o) On or before June 1 of each year, the Commission shall hold an informal hearing for the purpose of receiving comments on the prior year's procurement process and any recommendations for change.

(p) An electric utility subject to this Section may propose to invest, lease, own, or operate an electric generation facility as part of its procurement plan, provided the utility demonstrates that such facility is the least-cost option to provide electric service to eligible retail customers. If the facility is shown to be the least-cost option and is included in a procurement plan prepared in accordance with Section 1-75 of the Illinois Power Agency Act and this Section, then the electric utility shall make a filing pursuant to Section 8-406 of the Act, and may request of the Commission any statutory relief required thereunder. If the Commission grants all of the necessary approvals for the proposed facility, such supply shall thereafter be considered as a pre-existing contract under subsection (b) of this Section. The Commission shall in any order approving a proposal under this subsection specify how the utility will recover the prudently incurred costs of investing in, leasing, owning, or operating such generation facility through just and reasonable rates charged to eligible retail customers. Cost recovery for facilities included in the utility's procurement plan pursuant to this subsection shall not be subject

New matter indicated by italics - deletions by strikeout
to review under or in any way limited by the provisions of Section 16-111(i) of this Act. Nothing in this Section is intended to prohibit a utility from filing for a fuel adjustment clause as is otherwise permitted under Section 9-220 of this Act.

Sec. 16-111.5A. Provisions relating to electric rate relief.

(a) The General Assembly finds that action must be taken in order to mitigate the 2007 electric rate increases approved for residential and certain nonresidential customers served by the State's largest electric utilities in 2007. The General Assembly further finds that although various means of providing rate relief have been proposed, including imposition of a rate freeze on the electric utilities or a tax on generation within the State, the establishment of voluntary rate relief programs provides the most immediate and certain means of providing that rate relief. Accordingly, if the residential customer electric service rates that were charged to residential customers beginning January 2, 2007 by an electric utility that on December 31, 2005 provided electric service to at least 100,000 customers in Illinois resulted in an annual increase of more than 20% in an electric utility's average rate charged to residential customers for bundled electric service, those electric utilities and their holding companies or other affiliates, and any other company owning generation in this State or its affiliates, may, notwithstanding any other provisions of this Act, and without obtaining any approvals from the Commission or any other agency, regardless of whether any such approval would otherwise be required, establish and make payments to provide funds that can be used to provide rate relief beginning on the effective date of this amendatory Act of the 95th General Assembly through July 31, 2011.

(b) For purposes of this Section, the "Ameren Utilities" means Illinois Power Company, Central Illinois Public Service Company, and Central Illinois Light Company.

(c) For purposes of this Section, the "Generators" means Exelon Generation Company, LLC; Ameren Energy Resources Generating Company; Ameren Energy Marketing Company; Ameren Energy Generating Company; MidAmerican Energy Company; Midwest
Generation, LLC; and Dynegy Holdings Inc.; and may include non-utility affiliates of the entities named in this subsection.

(d) For purposes of this Section, "Rate Relief Agreements" means the 2 Rate Relief Funding Agreements, the Escrow Funding Agreement, and the Illinois Power Agency Funding Agreement that Commonwealth Edison Company, the Ameren Utilities, and Generators have entered into with the Illinois Attorney General on behalf of the People of the State of Illinois for the purpose of providing $1,001,000,000 to be used to fund rate relief programs for customers of Commonwealth Edison Company and the Ameren Utilities and for the Illinois Power Agency Trust Fund and that become effective on the effective date of this amendatory Act of the 95th General Assembly. The Rate Relief Agreements have been filed with the Illinois Secretary of State Index Department and designated as "95-GA-C01" through "95-GA-C04" inclusive. The Illinois Attorney General has the right to enforce the provisions of all of the Rate Relief Agreements on behalf of the People of the State of Illinois or the Illinois Power Agency, or both, as appropriate.

(e) Subject to the terms, conditions, and contingencies of the Rate Relief Agreements, Commonwealth Edison Company will apply a total of $488,000,000 in rate relief to residential and certain nonresidential customers from 2007 through 2010. Commonwealth Edison Company will apply bill credits for all of its residential customers in its service territory in the following amounts: $250,000,000 in 2007, $125,500,000 in 2008, and $36,000,000 in 2009. Any undisbursed rate relief funds shall be applied to the targeted programs. Commonwealth Edison Company will provide rate relief for residential and certain nonresidential customers through targeted programs in the following amounts: $33,000,000 in 2007, $18,000,000 in 2008, $15,500,000 in 2009, and $10,000,000 in 2010. Subject to the terms, conditions, and contingencies of the Rate Relief Agreements, the targeted programs for 2007 consist of the following, some of which are already underway and, in the aggregate, therefore total more than $33,000,000:

(1) an electric space heating customer relief program costing approximately $8,000,000 designed to lower the average

percentage increase of residential electric space heating customers to rate increases similar to other residential customers;

(2) a summer assistance program costing approximately $10,300,000 for working families and low-income customers, including low-income seniors;

(3) a residential rate relief program costing approximately $5,500,000 for working families and low-income customers, including low-income seniors, with higher than average rate increases (over 30%);

(4) a residential special hardship program costing approximately $5,000,000 to address special circumstances and hardships;

(5) a nonresidential special hardship program costing approximately $1,500,000 to address special circumstances and hardships;

(6) a relief program for the common area accounts of apartment building owners and condominium associations costing approximately $4,500,000 designed to reduce rate increases for these customers to rate increases similar to those for residential customers and to mitigate the impact of their rate increase;

(7) a weatherization assistance program for electric space heating low-income customers costing approximately $3,900,000 designed to provide energy efficiency assistance; and

(8) energy efficiency, environmental, education, and assistance programs costing approximately $5,000,000 designed to promote the use of energy efficiency programs and services by residential customers, maintenance and upgrades of a website that allows those customers to analyze their energy usage and provides incentives for the purchase of energy efficient products, the provision of energy efficient light bulbs to residential customers at a discount, and free efficient light bulbs and other assistance to low-income customers.

Based on the outcome of these targeted programs, Commonwealth Edison Company will design and implement, subject to the terms,
(f) Subject to the terms, conditions, and contingencies of the Rate Relief Agreements, the Ameren Utilities will apply a total of $488,000,000 in rate relief to residential and certain nonresidential customers from 2007 through 2010. The Ameren Utilities will apply bill credits for all of their residential customers in their service territories in the following aggregate amounts: $213,000,000 in 2007, $109,000,000 in 2008, and $78,000,000 in 2009. The Ameren Utilities will apply bill credits to certain nonresidential customers in the following aggregate amounts: $26,000,000 in 2007, $11,000,000 in 2008, and $11,000,000 in 2009. Any undisbursed rate relief funds shall be applied to the targeted programs. The Ameren Utilities will provide rate relief for residential and certain nonresidential customers through targeted programs in the following amounts: $13,500,000 in 2007, $13,500,000 in 2008, $7,500,000 in 2009, and $5,500,000 in 2010. Subject to the terms, conditions and contingencies of the Rate Relief Agreements, the targeted programs consist of the following for 2007:

1. A cooling assistance program costing approximately $2,000,000 to provide donations to the Low Income Home Energy Assistance Program;
2. A bill payment assistance program costing approximately $2,000,000 for working families and low-income customers, including low-income seniors;
3. A residential special hardship program costing approximately $2,000,000 to address special circumstances and hardships;
4. A nonresidential special hardship program costing approximately $2,000,000 to address special circumstances and hardships;
5. A percent-of-income payment program pilot costing approximately $2,500,000 that will be designed to determine for low-income electric space heating customers if paying a
percentage of income for their electricity will make electricity more affordable and promote regular paying habits;

(6) a weatherization assistance program for all electric space heating low-income customers costing approximately $1,000,000 designed to provide energy efficiency assistance;

(7) a compact fluorescent light bulb distribution program costing approximately $1,000,000 designed to provide energy efficient light bulbs to residential customers at a discount; and

(8) a municipal street lighting conversion program costing approximately $1,000,000 to convert existing street lights to more efficient lights at a discount.

Based on the outcome of these targeted programs, the Ameren Utilities will design and implement, subject to the terms, conditions, and contingencies of the Rate Relief Agreements, targeted programs for working families, seniors, and other customers in need in 2008, 2009, and 2010.

In addition, the Ameren Utilities voluntarily agree to waive outstanding late payment charges associated with unpaid electric bills for usage on and after January 2, 2007, through the September 2007 billing period.

(g) Programs that use funds that are provided by electric utilities and their holding companies or other affiliates, and any other company owning generation in this State or its affiliates, to reduce utility bills, or to otherwise offset costs incurred by the utilities in mitigating rate increases for certain customer groups, may be implemented through tariffs that are filed with and reviewed by the Commission. If a utility elects to file tariffs with the Commission to implement all or a portion of the programs, those tariffs shall, regardless of the date actually filed, be deemed accepted and approved, and shall become effective, on the effective date of this amendatory Act of the 95th General Assembly. The electric utilities whose customers benefit from the funds that are disbursed as contemplated in this Section shall file annual reports documenting the disbursement of those funds with the Commission and the Illinois Attorney General.

Commission has the authority to audit disbursement of the funds to ensure they were disbursed consistently with this Section.

(h) Nothing in this Section shall be interpreted to limit the Commission’s general authority over ratemaking.

(i) Subject to the terms, conditions, and contingencies of the Rate Relief Agreements, the Generators are providing a total of $25,000,000 to the Illinois Power Agency Trust Fund.

(j) None of the contributions by Commonwealth Edison Company or the Ameren Utilities pursuant to this Section may be recovered in rates.

(k) Nothing in this Section shall be interpreted to limit the authority or right of the Illinois Attorney General, under the terms of the Rate Relief Agreements, to review or audit documents, make demands, or file suit or to take other action to enforce the provisions of the Rate Relief Agreements.

(220 ILCS 5/16-111.6 new)

Sec. 16-111.6. Termination of utility service to electric space-heating customers. Notwithstanding any other provision of this Act or any other law to the contrary, a public utility that, on December 31, 2005, served more than 100,000 electric customers in Illinois may not, prior to September 1, 2007, terminate electric service to a residential electric space-heating customer for non-payment. For 2007 and every year thereafter, such an electric utility shall not terminate electric service to a residential space-heating customer for non-payment from December 1 through March 31.

(220 ILCS 5/16-113)

Sec. 16-113. Declaration of service as a competitive service.

(a) An electric utility may, by petition, request the Commission to declare a tariffed service that is provided by the electric utility, and that has not otherwise been declared to be competitive, to be a competitive service. The electric utility shall give notice of its petition to the public in the same manner that public notice is provided for proposed general increases in rates for tariffed services, in accordance with rules and regulations prescribed by the Commission. The Commission shall declare the class of tariffed service to be a competitive service for some identifiable customer segment or group of customers, or some clearly defined geographical area within the electric utility's service area, only after the electric utility demonstrates that at least 33% of the customers in the electric utility's service area that are eligible to take the class of tariffed service instead take service from alternative retail electric suppliers, as defined in Section 16-102, and that at least 3 alternative retail electric suppliers provide service that is comparable to the class of tariffed service to those customers in the electric utility's service area that do not take service from the electric utility. If the service or a reasonably equivalent substitute service is reasonably available to the customer segment or group or in the defined geographical area at a comparable price from one or more providers other than the electric utility or an affiliate of the electric utility, and the electric utility has lost or there is a reasonable likelihood that the electric utility will lose business for the service to the other provider or providers; provided, that the Commission may not declare the provision of electric power and energy to be competitive pursuant to this subsection with respect to (i) any retail customer or group of retail customers that is not eligible pursuant to Section 16-104 to take delivery services provided by the electric utility and (ii) any residential and small commercial retail customers prior to the last date on which such customers are required to pay transition charges. In determining whether to grant or deny a petition to declare the provision of electric power and energy competitive pursuant to this subsection, the Commission shall consider, in applying the above criteria, whether there is adequate transmission capacity into the service area of the petitioning electric utility to make electric power and energy reasonably available to the customer segment or group or in the defined geographical area from one or more providers other than the electric utility or an affiliate of the electric utility, in accordance with this subsection. The Commission shall make its determination and issue its final order declaring or refusing to declare the service to be a competitive service within 180 days following the date that the petition is filed; or otherwise the petition shall be deemed to be granted; provided, that if the petition is deemed to be

granted by operation of law, the Commission shall not thereby be precluded from finding and ordering, in a subsequent proceeding initiated by the Commission, and after notice and hearing, that the service is not competitive based on the criteria set forth in this subsection.

(b) Except as otherwise set forth in this Section, any customer except a customer identified in subsection (c) of Section 16-103 who is taking a tariffed service that is declared to be a competitive service pursuant to subsection (a) of this Section shall be entitled to continue to take the service from the electric utility on a tariffed basis for a period of 3 years following the date that the service is declared competitive, or such other period as is stated in the electric utility's tariff pursuant to Section 16-110. This subsection shall not require the electric utility to offer or provide on a tariffed basis any service to any customer (except those customers identified in subsection (c) of Section 16-103) that was not taking such service on a tariffed basis on the date the service was declared to be competitive.

Customers of an electric utility that on December 31, 2005 provided electric service to at least 2,000,000 customers in Illinois and (i) whose service is declared to be a competitive service pursuant to subsection (f) of this Section, (ii) that have peak demand of 400 kilowatts and above, and (iii) that were taking that service from the utility on the effective date of this amendatory Act through fixed-price bundled service tariffs, shall be entitled to continue to take the service from the electric utility on a tariffed basis through the end of the May 2008 billing period.

Customers of an electric utility that on December 31, 2005 provided electric service to at least 2,000,000 customers in Illinois and (i) whose service is declared to be a competitive service pursuant to subsection (g) of this Section, (ii) that have peak demand of 100 kilowatts and above but less than 400 kilowatts, and (iii) that were taking that service from the utility on the effective date of this amendatory Act through fixed-price bundled service tariffs, shall be entitled to continue to take the service from the electric utility on a tariffed basis through the end of the May 2010 billing period.

Customers of an electric utility that on December 31, 2005 provided electric service to 2,000,000 or fewer customers but more than 100,000 customers in Illinois and (i) whose service is declared to be a competitive service pursuant to subsection (f) of this Section, (ii) that have peak demand of one megawatt and above, and (iii) that were taking that service from the utility on the effective date of this amendatory Act through fixed-price bundled service tariffs, shall be entitled to continue to take the service from the electric utility on a tariffed basis through the end of May 2008. Customers of an electric utility that on December 31, 2005 provided electric service to 2,000,000 or fewer customers but more than 100,000 customers in the State of Illinois and (i) whose service is declared to be a competitive service pursuant to subsection (f) of this Section, (ii) that have peak demand of 400 kilowatts and above but less than one megawatt, and (iii) that were taking that service from the utility on the effective date of this amendatory Act through fixed-price bundled service tariffs, shall be entitled to continue to take the service from the electric utility on a tariffed basis through the end of May 2010.

(c) If the Commission denies a petition to declare a service to be a competitive service, or determines in a separate proceeding that a service is not competitive based on the criteria set forth in subsection (a), the electric utility may file a new petition no earlier than 6 months following the date of the Commission's order, requesting, on the basis of additional or different facts and circumstances, that the service be declared to be a competitive service.

(d) The Commission shall not deny a petition to declare a service to be a competitive service, and shall not find that a service is not a competitive service, on the grounds that it has previously denied the petition of another electric utility to declare the same or a similar service to be a competitive service or has previously determined that the same or a similar service provided by another electric utility is not a competitive service.

(e) An electric utility may declare a service, other than delivery services or the provision of electric power or energy, to be competitive by filing with the Commission at least 14 days prior to the date on which the
service is to become competitive a notice describing the service that is being declared competitive and the date on which it will become competitive; provided, that any customer who is taking a tariffed service that is declared to be a competitive service pursuant to this subsection (e) shall be entitled to continue to take the service from the electric utility on a tariffed basis until the electric utility files, and the Commission grants, a petition to declare the service competitive in accordance with subsection (a) of this Section. The Commission shall be authorized to find and order, after notice and hearing in a subsequent proceeding initiated by the Commission, that any service declared to be competitive pursuant to this subsection (e) is not competitive in accordance with the criteria set forth in subsection (a) of this Section.

(f) As of the effective date of this amendatory Act, the provision of electric power and energy, whether through fixed-price bundled service tariffs or otherwise, to those retail customers with peak demands of 400 kilowatts and above that are served by an electric utility that on December 31, 2005 served more than 100,000 customers in its service territory in Illinois shall be deemed to be, and is declared to be, a competitive service.

(g) An electric utility that provided electric service to at least 100,000 customers in its service territory in Illinois as of December 31, 2005 may seek to declare the provision of electric power and energy, whether through fixed-price bundled service tariffs or otherwise, to those retail customers with peak demand of 100 kilowatts and above but less than 400 kilowatts to be competitive by filing with the Commission at least 60 days prior to the date on which the service is to become competitive a petition with attached analyses demonstrating that at least 33% of those customers in the electric utility's service area that are eligible to take the class of tariffed service instead take service from alternative retail electric suppliers, as defined in Section 16-102, and that at least 3 alternative retail electric suppliers provide service that is comparable to that tariffed service to those customers in the electric utility's service area that do not take service from the electric utility. The electric utility shall give notice of its petition to the public in the same manner that public notice is provided for proposed general increases in rates for tariffed services, in accordance

with rules and regulations prescribed by the Commission. Within 14 days following filing of the petition, any person may file a detailed objection with the Commission contesting the analyses submitted by the electric utility with its petition. All objections to the electric utility's petition shall be specific, supported by data or other detailed analyses, and limited to whether the electric utility has met the standard set forth in this subsection (g). The electric utility may file a response to any objections to its petition within 7 days after the deadline for objections. The Commission shall declare the provision of electric power and energy by the electric utility to those retail customers with peak demand of 100 kilowatts and above but less than 400 kilowatts to be a competitive service within 30 days after the filing of the petition if it finds that the electric utility has met the standard set forth in this subsection (g). If, however, the Commission finds that there are material issues of disputed fact, it may require the parties to submit additional information, including through additional filings or as part of an evidentiary hearing. If the Commission has required the parties to submit additional information, it shall issue an order within 60 days after the filing of the petition stating whether the provision of electric power and energy by the utility to those retail customers with peak demand of 100 kilowatts and above but less than 400 kilowatts has been declared to be a competitive service.

(h) Until July 1, 2012, no electric utility that on December 31, 2005 provided electric service to at least 100,000 customers in its service territory in Illinois may seek to declare the class of tariffed service for residential customers and those non-residential customers with peak demand of less than 100 kilowatts to be a competitive service.

(40 ILCS 5/7-139) (from Ch. 108 1/2, par. 7-139)
Sec. 7-139. Credits and creditable service to employees.
(a) Each participating employee shall be granted credits and creditable service, for purposes of determining the amount of any annuity or benefit to which he or a beneficiary is entitled, as follows:

1. For prior service: Each participating employee who is an employee of a participating municipality or participating instrumentality on the effective date shall be granted creditable service, but no credits under paragraph 2 of this subsection (a), for periods of prior service for which credit has not been received under any other pension fund or retirement system established under this Code, as follows:

   If the effective date of participation for the participating municipality or participating instrumentality is on or before January 1, 1998, creditable service shall be granted for the entire

New matter indicated by italics - deletions by strikeout
period of prior service with that employer without any employee contribution.

If the effective date of participation for the participating municipality or participating instrumentality is after January 1, 1998, creditable service shall be granted for the last 20% of the period of prior service with that employer, but no more than 5 years, without any employee contribution. A participating employee may establish creditable service for the remainder of the period of prior service with that employer by making an application in writing, accompanied by payment of an employee contribution in an amount determined by the Fund, based on the employee contribution rates in effect at the time of application for the creditable service and the employee's salary rate on the effective date of participation for that employer, plus interest at the effective rate from the date of the prior service to the date of payment. Application for this creditable service may be made at any time while the employee is still in service.

A municipality that (i) has at least 35 employees; (ii) is located in a county with at least 2,000,000 inhabitants; and (iii) maintains an independent defined benefit pension plan for the benefit of its eligible employees may restrict creditable service in whole or in part for periods of prior service with the employer if the governing body of the municipality adopts an irrevocable resolution to restrict that creditable service and files the resolution with the board before the municipality's effective date of participation.

Any person who has withdrawn from the service of a participating municipality or participating instrumentality prior to the effective date, who reenters the service of the same municipality or participating instrumentality after the effective date and becomes a participating employee is entitled to creditable service for prior service as otherwise provided in this subdivision (a)(1) only if he or she renders 2 years of service as a participating employee after the effective date. Application for such service

New matter indicated by italics - deletions by strikeout
must be made while in a participating status. The salary rate to be used in the calculation of the required employee contribution, if any, shall be the employee's salary rate at the time of first reentering service with the employer after the employer's effective date of participation.

2. For current service, each participating employee shall be credited with:

   a. Additional credits of amounts equal to each payment of additional contributions received from him under Section 7-173, as of the date the corresponding payment of earnings is payable to him.

   b. Normal credits of amounts equal to each payment of normal contributions received from him, as of the date the corresponding payment of earnings is payable to him, and normal contributions made for the purpose of establishing out-of-state service credits as permitted under the conditions set forth in paragraph 6 of this subsection (a).

   c. Municipality credits in an amount equal to 1.4 times the normal credits, except those established by out-of-state service credits, as of the date of computation of any benefit if these credits would increase the benefit.

   d. Survivor credits equal to each payment of survivor contributions received from the participating employee as of the date the corresponding payment of earnings is payable, and survivor contributions made for the purpose of establishing out-of-state service credits.

3. For periods of temporary and total and permanent disability benefits, each employee receiving disability benefits shall be granted creditable service for the period during which disability benefits are payable. Normal and survivor credits, based upon the rate of earnings applied for disability benefits, shall also be granted if such credits would result in a higher benefit to any such employee or his beneficiary.
4. For authorized leave of absence without pay: A participating employee shall be granted credits and creditable service for periods of authorized leave of absence without pay under the following conditions:

   a. An application for credits and creditable service is submitted to the board while the employee is in a status of active employment, and within 2 years after termination of the leave of absence period for which credits and creditable service are sought.

   b. Not more than 12 complete months of creditable service for authorized leave of absence without pay shall be counted for purposes of determining any benefits payable under this Article.

   c. Credits and creditable service shall be granted for leave of absence only if such leave is approved by the governing body of the municipality, including approval of the estimated cost thereof to the municipality as determined by the fund, and employee contributions, plus interest at the effective rate applicable for each year from the end of the period of leave to date of payment, have been paid to the fund in accordance with Section 7-173. The contributions shall be computed upon the assumption earnings continued during the period of leave at the rate in effect when the leave began.

   d. Benefits under the provisions of Sections 7-141, 7-146, 7-150 and 7-163 shall become payable to employees on authorized leave of absence, or their designated beneficiary, only if such leave of absence is creditable hereunder, and if the employee has at least one year of creditable service other than the service granted for leave of absence. Any employee contributions due may be deducted from any benefits payable.

e. No credits or creditable service shall be allowed for leave of absence without pay during any period of prior service.

5. For military service: The governing body of a municipality or participating instrumentality may elect to allow creditable service to participating employees who leave their employment to serve in the armed forces of the United States for all periods of such service, provided that the person returns to active employment within 90 days after completion of full time active duty, but no creditable service shall be allowed such person for any period that can be used in the computation of a pension or any other pay or benefit, other than pay for active duty, for service in any branch of the armed forces of the United States. If necessary to the computation of any benefit, the board shall establish municipality credits for participating employees under this paragraph on the assumption that the employee received earnings at the rate received at the time he left the employment to enter the armed forces. A participating employee in the armed forces shall not be considered an employee during such period of service and no additional death and no disability benefits are payable for death or disability during such period.

Any participating employee who left his employment with a municipality or participating instrumentality to serve in the armed forces of the United States and who again became a participating employee within 90 days after completion of full time active duty by entering the service of a different municipality or participating instrumentality, which has elected to allow creditable service for periods of military service under the preceding paragraph, shall also be allowed creditable service for his period of military service on the same terms that would apply if he had been employed, before entering military service, by the municipality or instrumentality which employed him after he left the military service and the employer costs arising in relation to such grant of

New matter indicated by italics - deletions by strikeout
creditable service shall be charged to and paid by that municipality or instrumentality.

Notwithstanding the foregoing, any participating employee shall be entitled to creditable service as required by any federal law relating to re-employment rights of persons who served in the United States Armed Services. Such creditable service shall be granted upon payment by the member of an amount equal to the employee contributions which would have been required had the employee continued in service at the same rate of earnings during the military leave period, plus interest at the effective rate.

5.1. In addition to any creditable service established under paragraph 5 of this subsection (a), creditable service may be granted for up to 48 months of service in the armed forces of the United States.

In order to receive creditable service for military service under this paragraph 5.1, a participating employee must (1) apply to the Fund in writing and provide evidence of the military service that is satisfactory to the Board; (2) obtain the written approval of the current employer; and (3) make contributions to the Fund equal to (i) the employee contributions that would have been required had the service been rendered as a member, plus (ii) an amount determined by the board to be equal to the employer's normal cost of the benefits accrued for that military service, plus (iii) interest on items (i) and (ii) from the date of first membership in the Fund to the date of payment. If payment is made during the 6-month period that begins 3 months after the effective date of this amendatory Act of 1997, the required interest shall be at the rate of 2.5% per year, compounded annually; otherwise, the required interest shall be calculated at the regular interest rate.

The changes made to this paragraph 5.1 by this amendatory Act of the 95th General Assembly apply only to participating employees in service on or after its effective date.

6. For out-of-state service: Creditable service shall be granted for service rendered to an out-of-state local governmental
body under the following conditions: The employee had participated and has irrevocably forfeited all rights to benefits in the out-of-state public employees pension system; the governing body of his participating municipality or instrumentality authorizes the employee to establish such service; the employee has 2 years current service with this municipality or participating instrumentality; the employee makes a payment of contributions, which shall be computed at 8% (normal) plus 2% (survivor) times length of service purchased times the average rate of earnings for the first 2 years of service with the municipality or participating instrumentality whose governing body authorizes the service established plus interest at the effective rate on the date such credits are established, payable from the date the employee completes the required 2 years of current service to date of payment. In no case shall more than 120 months of creditable service be granted under this provision.

7. For retroactive service: Any employee who could have but did not elect to become a participating employee, or who should have been a participant in the Municipal Public Utilities Annuity and Benefit Fund before that fund was superseded, may receive creditable service for the period of service not to exceed 50 months; however, a current or former elected or appointed official of a participating municipality may establish credit under this paragraph 7 for more than 50 months of service as an official of that municipality, if the excess over 50 months is approved by resolution of the governing body of the affected municipality filed with the Fund before January 1, 2002.

Any employee who is a participating employee on or after September 24, 1981 and who was excluded from participation by the age restrictions removed by Public Act 82-596 may receive creditable service for the period, on or after January 1, 1979, excluded by the age restriction and, in addition, if the governing body of the participating municipality or participating instrumentality elects to allow creditable service for all employees

excluded by the age restriction prior to January 1, 1979, for service during the period prior to that date excluded by the age restriction. Any employee who was excluded from participation by the age restriction removed by Public Act 82-596 and who is not a participating employee on or after September 24, 1981 may receive creditable service for service after January 1, 1979. Creditable service under this paragraph shall be granted upon payment of the employee contributions which would have been required had he participated, with interest at the effective rate for each year from the end of the period of service established to date of payment.

8. For accumulated unused sick leave: A participating employee who is applying for a retirement annuity shall be entitled to creditable service for that portion of the employee's accumulated unused sick leave for which payment is not received, as follows:
   a. Sick leave days shall be limited to those accumulated under a sick leave plan established by a participating municipality or participating instrumentality which is available to all employees or a class of employees.
   b. Only sick leave days accumulated with a participating municipality or participating instrumentality with which the employee was in service within 60 days of the effective date of his retirement annuity shall be credited; If the employee was in service with more than one employer during this period only the sick leave days with the employer with which the employee has the greatest number of unpaid sick leave days shall be considered.
   c. The creditable service granted shall be considered solely for the purpose of computing the amount of the retirement annuity and shall not be used to establish any minimum service period required by any provision of the Illinois Pension Code, the effective date of the retirement annuity, or the final rate of earnings.

New matter indicated by italics - deletions by strikeout
d. The creditable service shall be at the rate of 1/20 of a month for each full sick day, provided that no more than 12 months may be credited under this subdivision 8.

e. Employee contributions shall not be required for creditable service under this subdivision 8.

f. Each participating municipality and participating instrumentality with which an employee has service within 60 days of the effective date of his retirement annuity shall certify to the board the number of accumulated unpaid sick leave days credited to the employee at the time of termination of service.

9. For service transferred from another system: Credits and creditable service shall be granted for service under Article 3, 4, 5, 14 or 16 of this Act, to any active member of this Fund, and to any inactive member who has been a county sheriff, upon transfer of such credits pursuant to Section 3-110.3, 4-108.3, 5-235, 14-105.6 or 16-131.4, and payment by the member of the amount by which (1) the employer and employee contributions that would have been required if he had participated in this Fund as a sheriff's law enforcement employee during the period for which credit is being transferred, plus interest thereon at the effective rate for each year, compounded annually, from the date of termination of the service for which credit is being transferred to the date of payment, exceeds (2) the amount actually transferred to the Fund. Such transferred service shall be deemed to be service as a sheriff's law enforcement employee for the purposes of Section 7-142.1.

10. For service transferred from an Article 3 system under Section 3-110.8: Credits and creditable service shall be granted for service under Article 3 of this Act as provided in Section 3-110.8, to any active member of this Fund upon transfer of such credits pursuant to Section 3-110.8. If the amount by which (1) the employer and employee contributions that would have been required if he had participated in this Fund during the period for which credit is being transferred, plus interest thereon at the
effective rate for each year, compounded annually, from the date of
termination of the service for which credit is being transferred to
the date of payment, exceeds (2) the amount actually transferred to
the Fund, then the amount of creditable service established under
this paragraph 10 shall be reduced by a corresponding amount in
accordance with the rules and procedures established under this
paragraph 10.

The board shall establish by rule the manner of making the
calculation required under this paragraph 10, taking into account
the appropriate actuarial assumptions; the member's service, age,
and salary history; the level of funding of the employer; and any
other factors that the board determines to be relevant.

(b) Creditable service - amount:

1. One month of creditable service shall be allowed for
each month for which a participating employee made contributions
as required under Section 7-173, or for which creditable service is
otherwise granted hereunder. Not more than 1 month of service
shall be credited and counted for 1 calendar month, and not more
than 1 year of service shall be credited and counted for any
calendar year. A calendar month means a nominal month
beginning on the first day thereof, and a calendar year means a year
beginning January 1 and ending December 31.

2. A seasonal employee shall be given 12 months of
creditable service if he renders the number of months of service
normally required by the position in a 12-month period and he
remains in service for the entire 12-month period. Otherwise a
fractional year of service in the number of months of service
rendered shall be credited.

3. An intermittent employee shall be given creditable
service for only those months in which a contribution is made
under Section 7-173.

(c) No application for correction of credits or creditable service
shall be considered unless the board receives an application for correction
while (1) the applicant is a participating employee and in active

employment with a participating municipality or instrumentality, or (2) while the applicant is actively participating in a pension fund or retirement system which is a participating system under the Retirement Systems Reciprocal Act. A participating employee or other applicant shall not be entitled to credits or creditable service unless the required employee contributions are made in a lump sum or in installments made in accordance with board rule.

(d) Upon the granting of a retirement, surviving spouse or child annuity, a death benefit or a separation benefit, on account of any employee, all individual accumulated credits shall thereupon terminate. Upon the withdrawal of additional contributions, the credits applicable thereto shall thereupon terminate. Terminated credits shall not be applied to increase the benefits any remaining employee would otherwise receive under this Article.

A member may establish service credit under this subsection for more than one period of authorized leave, and in that case the total period of service credit established by the member under this subsection may exceed one year. AN ACT concerning coroners.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Counties Code is amended by changing Section 3-3013 as follows:

(55 ILCS 5/3-3013) (from Ch. 34, par. 3-3013)

Sec. 3-3013. Preliminary investigations; blood and urine analysis; summoning jury. Every coroner, whenever, as soon as he knows or is informed that the dead body of any person is found, or lying within his county, whose death is suspected of being:

(a) A sudden or violent death, whether apparently suicidal, homicidal or accidental, including but not limited to deaths apparently caused or contributed to by thermal, traumatic, chemical, electrical or radiational injury, or a complication of any of them, or by drowning or suffocation, or as a result of domestic violence as defined in the Illinois Domestic Violence Act of 1986;

(b) A maternal or fetal death due to abortion, or any death due to a sex crime or a crime against nature;

(c) A death where the circumstances are suspicious, obscure, mysterious or otherwise unexplained or where, in the written opinion of the attending physician, the cause of death is not determined;

(d) A death where addiction to alcohol or to any drug may have been a contributory cause; or

(e) A death where the decedent was not attended by a licensed physician;

shall go to the place where the dead body is, and take charge of the same and shall make a preliminary investigation into the circumstances of the death. In the case of death without attendance by a licensed physician the body may be moved with the coroner's consent from the place of death to a mortuary in the same county. Coroners in their discretion shall notify such
physician as is designated in accordance with Section 3-3014 to attempt to ascertain the cause of death, either by autopsy or otherwise.

In cases of accidental death involving a motor vehicle in which the decedent was (1) the operator or a suspected operator of a motor vehicle, or (2) a pedestrian 16 years of age or older, the coroner shall require that a blood specimen of at least 30 cc., and if medically possible a urine specimen of at least 30 cc. or as much as possible up to 30 cc., be withdrawn from the body of the decedent in a timely fashion after the accident causing his death, by such physician as has been designated in accordance with Section 3-3014, or by the coroner or deputy coroner or a qualified person designated by such physician, coroner, or deputy coroner. If the county does not maintain laboratory facilities for making such analysis, the blood and urine so drawn shall be sent to the Department of State Police or any other accredited or State-certified laboratory for analysis of the alcohol, carbon monoxide, and dangerous or narcotic drug content of such blood and urine specimens. Each specimen submitted shall be accompanied by pertinent information concerning the decedent upon a form prescribed by such laboratory. Any person drawing blood and urine and any person making any examination of the blood and urine under the terms of this Division shall be immune from all liability, civil or criminal, that might otherwise be incurred or imposed.

In all other cases coming within the jurisdiction of the coroner and referred to in subparagraphs (a) through (e) above, blood, and whenever possible, urine samples shall be analyzed for the presence of alcohol and other drugs. When the coroner suspects that drugs may have been involved in the death, either directly or indirectly, a toxicological examination shall be performed which may include analyses of blood, urine, bile, gastric contents and other tissues. When the coroner suspects a death is due to toxic substances, other than drugs, the coroner shall consult with the toxicologist prior to collection of samples. Information submitted to the toxicologist shall include information as to height, weight, age, sex and race of the decedent as well as medical history, medications used by and the manner of death of decedent.

New matter indicated by italics - deletions by strikeout
When the coroner or medical examiner finds that the cause of death is due to homicidal means, the coroner or medical examiner shall cause blood and buccal specimens (tissue may be submitted if no uncontaminated blood or buccal specimen can be obtained), whenever possible, to be withdrawn from the body of the decedent in a timely fashion. Within 45 days after the collection of the specimens, the coroner or medical examiner shall deliver those specimens, dried, to the Illinois Department of State Police, Division of Forensic Services, for analysis and categorizing into genetic marker groupings to be maintained by the Illinois Department of State Police in the State central repository in the same manner, and subject to the same conditions, as provided in Section 5-4-3 of the Unified Code of Corrections. The requirements of this paragraph are in addition to any other findings, specimens, or information that the coroner or medical examiner is required to provide during the conduct of a criminal investigation.

In all counties, in cases of apparent suicide, homicide, or accidental death or in other cases, within the discretion of the coroner, the coroner may summon 8 persons of lawful age from those persons drawn for petit jurors in the county. The summons shall command these persons to present themselves personally at such a place and time as the coroner shall determine, and may be in any form which the coroner shall determine and may incorporate any reasonable form of request for acknowledgement which the coroner deems practical and provides a reliable proof of service. The summons may be served by first class mail. From the 8 persons so summoned, the coroner shall select 6 to serve as the jury for the inquest. Inquests may be continued from time to time, as the coroner may deem necessary. The 6 jurors selected in a given case may view the body of the deceased. If at any continuation of an inquest one or more of the original jurors shall be unable to continue to serve, the coroner shall fill the vacancy or vacancies. A juror serving pursuant to this paragraph shall receive compensation from the county at the same rate as the rate of compensation that is paid to petit or grand jurors in the county. The coroner shall furnish to each juror without fee at the time of his discharge a certificate of the number of days in attendance at an inquest, and, upon

New matter indicated by italics - deletions by strikeout
being presented with such certificate, the county treasurer shall pay to the juror the sum provided for his services.

In counties which have a jury commission, in cases of apparent suicide or homicide or of accidental death, the coroner may conduct an inquest. The jury commission shall provide at least 8 jurors to the coroner, from whom the coroner shall select any 6 to serve as the jury for the inquest. Inquests may be continued from time to time as the coroner may deem necessary. The 6 jurors originally chosen in a given case may view the body of the deceased. If at any continuation of an inquest one or more of the 6 jurors originally chosen shall be unable to continue to serve, the coroner shall fill the vacancy or vacancies. At the coroner's discretion, additional jurors to fill such vacancies shall be supplied by the jury commission. A juror serving pursuant to this paragraph in such county shall receive compensation from the county at the same rate as the rate of compensation that is paid to petit or grand jurors in the county.

In addition, in every case in which domestic violence is determined to be a contributing factor in a death, the coroner shall report the death to the Department of State Police.

All deaths in State institutions and all deaths of wards of the State in private care facilities or in programs funded by the Department of Human Services under its powers relating to mental health and developmental disabilities or alcoholism and substance abuse or funded by the Department of Children and Family Services shall be reported to the coroner of the county in which the facility is located. If the coroner has reason to believe that an investigation is needed to determine whether the death was caused by maltreatment or negligent care of the ward of the State, the coroner may conduct a preliminary investigation of the circumstances of such death as in cases of death under circumstances set forth in paragraphs (a) through (e) of this Section.

(a) Each participating employee shall be granted credits and creditable service, for purposes of determining the amount of any annuity or benefit to which he or a beneficiary is entitled, as follows:

1. For prior service: Each participating employee who is an employee of a participating municipality or participating instrumentality on the effective date shall be granted creditable service, but no credits under paragraph 2 of this subsection (a), for periods of prior service for which credit has not been received under any other pension fund or retirement system established under this Code, as follows:

If the effective date of participation for the participating municipality or participating instrumentality is on or before January 1, 1998, creditable service shall be granted for the entire period of prior service with that employer without any employee contribution.

If the effective date of participation for the participating municipality or participating instrumentality is after January 1, 1998, creditable service shall be granted for the last 20% of the period of prior service with that employer, but no more than 5 years, without any employee contribution. A participating employee may establish creditable service for the remainder of the period of prior service with that employer by making an application in writing, accompanied by payment of an employee contribution in an amount determined by the Fund, based on the employee contribution rates in effect at the time of application for the creditable service and the employee's salary rate on the effective date of participation for that employer, plus interest at the effective rate from the date of the prior service to the date of payment. Application for this creditable service may be made at any time while the employee is still in service.

A municipality that (i) has at least 35 employees; (ii) is located in a county with at least 2,000,000 inhabitants; and (iii) maintains an independent defined benefit pension plan for the

benefit of its eligible employees may restrict creditable service in whole or in part for periods of prior service with the employer if the governing body of the municipality adopts an irrevocable resolution to restrict that creditable service and files the resolution with the board before the municipality's effective date of participation.

Any person who has withdrawn from the service of a participating municipality or participating instrumentality prior to the effective date, who reenters the service of the same municipality or participating instrumentality after the effective date and becomes a participating employee is entitled to creditable service for prior service as otherwise provided in this subdivision (a)(1) only if he or she renders 2 years of service as a participating employee after the effective date. Application for such service must be made while in a participating status. The salary rate to be used in the calculation of the required employee contribution, if any, shall be the employee's salary rate at the time of first reentering service with the employer after the employer's effective date of participation.

2. For current service, each participating employee shall be credited with:

   a. Additional credits of amounts equal to each payment of additional contributions received from him under Section 7-173, as of the date the corresponding payment of earnings is payable to him.

   b. Normal credits of amounts equal to each payment of normal contributions received from him, as of the date the corresponding payment of earnings is payable to him, and normal contributions made for the purpose of establishing out-of-state service credits as permitted under the conditions set forth in paragraph 6 of this subsection (a).

   c. Municipality credits in an amount equal to 1.4 times the normal credits, except those established by out-

of-state service credits, as of the date of computation of any benefit if these credits would increase the benefit.

d. Survivor credits equal to each payment of survivor contributions received from the participating employee as of the date the corresponding payment of earnings is payable, and survivor contributions made for the purpose of establishing out-of-state service credits.

3. For periods of temporary and total and permanent disability benefits, each employee receiving disability benefits shall be granted creditable service for the period during which disability benefits are payable. Normal and survivor credits, based upon the rate of earnings applied for disability benefits, shall also be granted if such credits would result in a higher benefit to any such employee or his beneficiary.

4. For authorized leave of absence without pay: A participating employee shall be granted credits and creditable service for periods of authorized leave of absence without pay under the following conditions:

   a. An application for credits and creditable service is submitted to the board while the employee is in a status of active employment, and within 2 years after termination of the leave of absence period for which credits and creditable service are sought.

   b. Not more than 12 complete months of creditable service for authorized leave of absence without pay shall be counted for purposes of determining any benefits payable under this Article.

   c. Credits and creditable service shall be granted for leave of absence only if such leave is approved by the governing body of the municipality, including approval of the estimated cost thereof to the municipality as determined by the fund, and employee contributions, plus interest at the effective rate applicable for each year from the end of the period of leave to date of payment, have been paid to the

New matter indicated by italics - deletions by strikeout
fund in accordance with Section 7-173. The contributions shall be computed upon the assumption earnings continued during the period of leave at the rate in effect when the leave began.

d. Benefits under the provisions of Sections 7-141, 7-146, 7-150 and 7-163 shall become payable to employees on authorized leave of absence, or their designated beneficiary, only if such leave of absence is creditable hereunder, and if the employee has at least one year of creditable service other than the service granted for leave of absence. Any employee contributions due may be deducted from any benefits payable.

e. No credits or creditable service shall be allowed for leave of absence without pay during any period of prior service.

5. For military service: The governing body of a municipality or participating instrumentality may elect to allow creditable service to participating employees who leave their employment to serve in the armed forces of the United States for all periods of such service, provided that the person returns to active employment within 90 days after completion of full time active duty, but no creditable service shall be allowed such person for any period that can be used in the computation of a pension or any other pay or benefit, other than pay for active duty, for service in any branch of the armed forces of the United States. If necessary to the computation of any benefit, the board shall establish municipality credits for participating employees under this paragraph on the assumption that the employee received earnings at the rate received at the time he left the employment to enter the armed forces. A participating employee in the armed forces shall not be considered an employee during such period of service and no additional death and no disability benefits are payable for death or disability during such period.
Any participating employee who left his employment with a municipality or participating instrumentality to serve in the armed forces of the United States and who again became a participating employee within 90 days after completion of full time active duty by entering the service of a different municipality or participating instrumentality, which has elected to allow creditable service for periods of military service under the preceding paragraph, shall also be allowed creditable service for his period of military service on the same terms that would apply if he had been employed, before entering military service, by the municipality or instrumentality which employed him after he left the military service and the employer costs arising in relation to such grant of creditable service shall be charged to and paid by that municipality or instrumentality.

Notwithstanding the foregoing, any participating employee shall be entitled to creditable service as required by any federal law relating to re-employment rights of persons who served in the United States Armed Services. Such creditable service shall be granted upon payment by the member of an amount equal to the employee contributions which would have been required had the employee continued in service at the same rate of earnings during the military leave period, plus interest at the effective rate.

5.1. In addition to any creditable service established under paragraph 5 of this subsection (a), creditable service may be granted for up to 48 months of service in the armed forces of the United States.

In order to receive creditable service for military service under this paragraph 5.1, a participating employee must (1) apply to the Fund in writing and provide evidence of the military service that is satisfactory to the Board; (2) obtain the written approval of the current employer; and (3) make contributions to the Fund equal to (i) the employee contributions that would have been required had the service been rendered as a member, plus (ii) an amount determined by the board to be equal to the employer's normal cost.
of the benefits accrued for that military service, plus (iii) interest on items (i) and (ii) from the date of first membership in the Fund to the date of payment. If payment is made during the 6-month period that begins 3 months after the effective date of this amendatory Act of 1997, the required interest shall be at the rate of 2.5% per year, compounded annually; otherwise, the required interest shall be calculated at the regular interest rate.

The changes made to this paragraph 5.1 by this amendatory Act of the 95th General Assembly apply only to participating employees in service on or after its effective date.

6. For out-of-state service: Creditable service shall be granted for service rendered to an out-of-state local governmental body under the following conditions: The employee had participated and has irrevocably forfeited all rights to benefits in the out-of-state public employees pension system; the governing body of his participating municipality or instrumentality authorizes the employee to establish such service; the employee has 2 years current service with this municipality or participating instrumentality; the employee makes a payment of contributions, which shall be computed at 8% (normal) plus 2% (survivor) times length of service purchased times the average rate of earnings for the first 2 years of service with the municipality or participating instrumentality whose governing body authorizes the service established plus interest at the effective rate on the date such credits are established, payable from the date the employee completes the required 2 years of current service to date of payment. In no case shall more than 120 months of creditable service be granted under this provision.

7. For retroactive service: Any employee who could have but did not elect to become a participating employee, or who should have been a participant in the Municipal Public Utilities Annuity and Benefit Fund before that fund was superseded, may receive creditable service for the period of service not to exceed 50 months; however, a current or former elected or appointed official

New matter indicated by italics - deletions by strikeout
of a participating municipality may establish credit under this paragraph 7 for more than 50 months of service as an official of that municipality, if the excess over 50 months is approved by resolution of the governing body of the affected municipality filed with the Fund before January 1, 2002.

Any employee who is a participating employee on or after September 24, 1981 and who was excluded from participation by the age restrictions removed by Public Act 82-596 may receive creditable service for the period, on or after January 1, 1979, excluded by the age restriction and, in addition, if the governing body of the participating municipality or participating instrumentality elects to allow creditable service for all employees excluded by the age restriction prior to January 1, 1979, for service during the period prior to that date excluded by the age restriction. Any employee who was excluded from participation by the age restriction removed by Public Act 82-596 and who is not a participating employee on or after September 24, 1981 may receive creditable service for service after January 1, 1979. Creditable service under this paragraph shall be granted upon payment of the employee contributions which would have been required had he participated, with interest at the effective rate for each year from the end of the period of service established to date of payment.

8. For accumulated unused sick leave: A participating employee who is applying for a retirement annuity shall be entitled to creditable service for that portion of the employee's accumulated unused sick leave for which payment is not received, as follows:

a. Sick leave days shall be limited to those accumulated under a sick leave plan established by a participating municipality or participating instrumentality which is available to all employees or a class of employees.

b. Only sick leave days accumulated with a participating municipality or participating instrumentality with which the employee was in service within 60 days of the effective date of his retirement annuity shall be credited;

New matter indicated by italics - deletions by strikeout
If the employee was in service with more than one employer during this period only the sick leave days with the employer with which the employee has the greatest number of unpaid sick leave days shall be considered.

c. The creditable service granted shall be considered solely for the purpose of computing the amount of the retirement annuity and shall not be used to establish any minimum service period required by any provision of the Illinois Pension Code, the effective date of the retirement annuity, or the final rate of earnings.

d. The creditable service shall be at the rate of 1/20 of a month for each full sick day, provided that no more than 12 months may be credited under this subdivision 8.

e. Employee contributions shall not be required for creditable service under this subdivision 8.

f. Each participating municipality and participating instrumentality with which an employee has service within 60 days of the effective date of his retirement annuity shall certify to the board the number of accumulated unpaid sick leave days credited to the employee at the time of termination of service.

9. For service transferred from another system: Credits and creditable service shall be granted for service under Article 3, 4, 5, 14 or 16 of this Act, to any active member of this Fund, and to any inactive member who has been a county sheriff, upon transfer of such credits pursuant to Section 3-110.3, 4-108.3, 5-235, 14-105.6 or 16-131.4, and payment by the member of the amount by which (1) the employer and employee contributions that would have been required if he had participated in this Fund as a sheriff's law enforcement employee during the period for which credit is being transferred, plus interest thereon at the effective rate for each year, compounded annually, from the date of termination of the service for which credit is being transferred to the date of payment, exceeds (2) the amount actually transferred to the Fund. Such

New matter indicated by italics - deletions by strikeout
transferred service shall be deemed to be service as a sheriff's law enforcement employee for the purposes of Section 7-142.1.

10. For service transferred from an Article 3 system under Section 3-110.8: Credits and creditable service shall be granted for service under Article 3 of this Act as provided in Section 3-110.8, to any active member of this Fund upon transfer of such credits pursuant to Section 3-110.8. If the amount by which (1) the employer and employee contributions that would have been required if he had participated in this Fund during the period for which credit is being transferred, plus interest thereon at the effective rate for each year, compounded annually, from the date of termination of the service for which credit is being transferred to the date of payment, exceeds (2) the amount actually transferred to the Fund, then the amount of creditable service established under this paragraph 10 shall be reduced by a corresponding amount in accordance with the rules and procedures established under this paragraph 10.

The board shall establish by rule the manner of making the calculation required under this paragraph 10, taking into account the appropriate actuarial assumptions; the member's service, age, and salary history; the level of funding of the employer; and any other factors that the board determines to be relevant.

(b) Creditable service - amount:

1. One month of creditable service shall be allowed for each month for which a participating employee made contributions as required under Section 7-173, or for which creditable service is otherwise granted hereunder. Not more than 1 month of service shall be credited and counted for 1 calendar month, and not more than 1 year of service shall be credited and counted for any calendar year. A calendar month means a nominal month beginning on the first day thereof; and a calendar year means a year beginning January 1 and ending December 31.

2. A seasonal employee shall be given 12 months of creditable service if he renders the number of months of service...
normally required by the position in a 12-month period and he remains in service for the entire 12-month period. Otherwise a fractional year of service in the number of months of service rendered shall be credited.

3. An intermittent employee shall be given creditable service for only those months in which a contribution is made under Section 7-173.

(c) No application for correction of credits or creditable service shall be considered unless the board receives an application for correction while (1) the applicant is a participating employee and in active employment with a participating municipality or instrumentality, or (2) while the applicant is actively participating in a pension fund or retirement system which is a participating system under the Retirement Systems Reciprocal Act. A participating employee or other applicant shall not be entitled to credits or creditable service unless the required employee contributions are made in a lump sum or in installments made in accordance with board rule.

(d) Upon the granting of a retirement, surviving spouse or child annuity, a death benefit or a separation benefit, on account of any employee, all individual accumulated credits shall thereupon terminate. Upon the withdrawal of additional contributions, the credits applicable thereto shall thereupon terminate. Terminated credits shall not be applied to increase the benefits any remaining employee would otherwise receive under this Article.

Section 5. Legislative findings. The General Assembly finds as follows:

(1) Asthma and oral health problems are 2 of the leading causes of absenteeism among Illinois elementary and secondary school students.

(2) Illinois youth must deal with increasing obesity, poor nutrition, substance abuse, and mental health crises.

(3) Many Illinois families lack adequate health insurance or access to health care facilities.

(4) Improving the physical and mental health of Illinois' youth is vital to building an educated workforce for Illinois' future.

(5) School health centers provide quality health care services like immunizations, physical exams, asthma care, mental health counseling, and health in schools, and national and local evaluations have found that school health centers increase access to health care, reduce absenteeism, reduce health care access disparities, and reduce unhealthy behaviors that compromise health and education success.

(6) Illinois school health centers were found to save the State an estimated $2,500,000 each year by reducing emergency room visits, $2,720,000 a year by providing immunizations, and $233,000-$342,000 a year by reducing asthma-related hospitalizations.

Section 10. Eligibility. All students in the school under the age of 18 are eligible for services if they have obtained written parental consent or if they are otherwise permitted under Illinois law to consent on their own behalf to such care. All students 18 years of age or older are eligible for the services.

Section 15. Consent. The school health center shall provide a list of the health care services available. The form shall enumerate the provided services using either a check off or other means. The consent form shall state that a parent, legal guardian, or student who is permitted under Illinois law to consent on his or her own behalf has a right to refuse any health care services.

AN ACT concerning local government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Municipal Code is amended by changing Sections 10-1-14 and 10-2.1-4 as follows:

(65 ILCS 5/10-1-14) (from Ch. 24, par. 10-1-14)

Sec. 10-1-14. The head of the department or office in which a position classified under this Division 1 is to be filled shall notify the commission of that fact, and the commission shall certify to the appointing officer the name and address of the candidate standing highest upon the register for the class or grade to which the position belongs. However, in cases of laborers where a choice by competition is impracticable, the commission may provide by its rules that the selections shall be made by lot from among those candidates proved fit by examination, but laborers who have previously been in the service and were removed because their services were no longer required, shall be preferred, and be reinstated before other laborers are given positions, preference being given to those who have had the longest term of service, and laborers in the employ of the municipality on July 1, 1949, who, as of such date, have been employed under temporary authority for 3 years or more or during parts of 3 or more calendar years, shall be preferred also, and shall be placed upon the register for such positions without examination and shall be certified before other laborers are given positions, preference being given to those

laborers under temporary authority who have had the longest term of
service in such positions. In making such certification, sex shall be
disregarded. The appointing officer shall notify the commission of each
position to be filled, separately, and shall fill such place by the
appointment of the person certified to him or her by the commission
therefor. Original appointment shall be on probation for a period not to
exceed 6 months to be fixed by the rules but all time spent in attending
training schools and seminars, except on-the-job training conducted by
local Fire Department personnel, shall be excluded in calculating the
probation period; provided that in municipalities with a population of
more than 500,000 inhabitants, original appointment to the police
department shall be on probation for a period not to exceed 9 months to be
fixed by the rules of the department. The commission may strike off names
of candidates from the register after they have remained thereon more than
2 years. At or before the expiration of the period of probation, the head of
the department or office in which a candidate is employed may, by and
with the consent of the commission, discharge him or her upon assigning
in writing his or her reason therefor to the commission. If he or she is not
then discharged, his or her appointment shall be deemed complete. To
prevent the stoppage of public business, or to meet extraordinary
exigencies, the head of any department or office may, with the approval of
the commission, make temporary appointment to remain in force not
exceeding 120 days, and only until regular appointments under the
provisions of this Division 1 can be made. In any municipal fire
department that employs full-time firefighters and is subject to a collective
bargaining agreement, a person who has not qualified for regular
appointment under the provisions of this Division 1 shall not be used as a
temporary or permanent substitute for classified members of a
municipality's fire department or for regular appointment as a classified
member of a municipality's fire department unless mutually agreed to by
the employee's certified bargaining agent. Such agreement shall be
considered a permissive subject of bargaining. Municipal fire departments

(65 ILCS 5/10-2.1-4) (from Ch. 24, par. 10-2.1-4)

Sec. 10-2.1-4. Fire and police departments; Appointment of members; Certificates of appointments.

The board of fire and police commissioners shall appoint all officers and members of the fire and police departments of the municipality, including the chief of police and the chief of the fire department, unless the council or board of trustees shall by ordinance as to them otherwise provide; except as otherwise provided in this Section, and except that in any municipality which adopts or has adopted this Division 2.1 and also adopts or has adopted Article 5 of this Code, the chief of police and the chief of the fire department shall be appointed by the municipal manager, if it is provided by ordinance in such municipality that such chiefs, or either of them, shall not be appointed by the board of fire and police commissioners.

If the chief of the fire department or the chief of the police department or both of them are appointed in the manner provided by ordinance, they may be removed or discharged by the appointing authority. In such case the appointing authority shall file with the corporate authorities the reasons for such removal or discharge, which removal or discharge shall not become effective unless confirmed by a majority vote of the corporate authorities.

If a member of the department is appointed chief of police or chief of the fire department prior to being eligible to retire on pension, he shall be considered as on furlough from the rank he held immediately prior to
his appointment as chief. If he resigns as chief or is discharged as chief prior to attaining eligibility to retire on pension, he shall revert to and be established in whatever rank he currently holds, except for previously appointed positions, and thereafter be entitled to all the benefits and emoluments of that rank, without regard as to whether a vacancy then exists in that rank.

All appointments to each department other than that of the lowest rank, however, shall be from the rank next below that to which the appointment is made except as otherwise provided in this Section, and except that the chief of police and the chief of the fire department may be appointed from among members of the police and fire departments, respectively, regardless of rank, unless the council or board of trustees shall have by ordinance as to them otherwise provided. A chief of police or the chief of the fire department, having been appointed from among members of the police or fire department, respectively, shall be permitted, regardless of rank, to take promotional exams and be promoted to a higher classified rank than he currently holds, without having to resign as chief of police or chief of the fire department.

The sole authority to issue certificates of appointment shall be vested in the Board of Fire and Police Commissioners and all certificates of appointments issued to any officer or member of the fire or police department of a municipality shall be signed by the chairman and secretary respectively of the board of fire and police commissioners of such municipality, upon appointment of such officer or member of the fire and police department of such municipality by action of the board of fire and police commissioners. In any municipal fire department that employs full-time firefighters and is subject to a collective bargaining agreement, a person who has not qualified for regular appointment under the provisions of this Division 2.1 shall not be used as a temporary or permanent substitute for classified members of a municipality’s fire department or for regular appointment as a classified member of a municipality’s fire department unless mutually agreed to by the employee’s certified bargaining agent. Such agreement shall be considered a permissive subject of bargaining. Municipal fire departments covered by

the changes made by this amendatory Act of the 95th General Assembly that are using non-certificated employees as substitutes immediately prior to the effective date of this amendatory Act of the 95th General Assembly may, by mutual agreement with the certified bargaining agent, continue the existing practice or a modified practice and that agreement shall be considered a permissive subject of bargaining. A home rule unit may not regulate the hiring of temporary or substitute members of the municipality's fire department in a manner that is inconsistent with this Section. This Section is a limitation under subsection (i) of Section 6 of Article VII of the Illinois Constitution on the concurrent exercise by home rule units of powers and functions exercised by the State.

The term "policemen" as used in this Division does not include auxiliary police officers except as provided for in Section 10-2.1-6.

Any full time member of a regular fire or police department of any municipality which comes under the provisions of this Division or adopts this Division 2.1 or which has adopted any of the prior Acts pertaining to fire and police commissioners, is a city officer.

Notwithstanding any other provision of this Section, the Chief of Police of a department in a non-homerule municipality of more than 130,000 inhabitants may, without the advice or consent of the Board of Fire and Police Commissioners, appoint up to 6 officers who shall be known as deputy chiefs or assistant deputy chiefs, and whose rank shall be immediately below that of Chief. The deputy or assistant deputy chiefs may be appointed from any rank of sworn officers of that municipality, but no person who is not such a sworn officer may be so appointed. Such deputy chief or assistant deputy chief shall have the authority to direct and issue orders to all employees of the Department holding the rank of captain or any lower rank. A deputy chief of police or assistant deputy chief of police, having been appointed from any rank of sworn officers of that municipality, shall be permitted, regardless of rank, to take promotional exams and be promoted to a higher classified rank than he currently holds, without having to resign as deputy chief of police or assistant deputy chief of police.
Notwithstanding any other provision of this Section, a non-homerule municipality of 130,000 or fewer inhabitants, through its council or board of trustees, may, by ordinance, provide for a position of deputy chief to be appointed by the chief of the police department. The ordinance shall provide for no more than one deputy chief position if the police department has fewer than 25 full-time police officers and for no more than 2 deputy chief positions if the police department has 25 or more full-time police officers. The deputy chief position shall be an exempt rank immediately below that of Chief. The deputy chief may be appointed from any rank of sworn, full-time officers of the municipality's police department, but must have at least 5 years of full-time service as a police officer in that department. A deputy chief shall serve at the discretion of the Chief and, if removed from the position, shall revert to the rank currently held, without regard as to whether a vacancy exists in that rank. A deputy chief of police, having been appointed from any rank of sworn full-time officers of that municipality's police department, shall be permitted, regardless of rank, to take promotional exams and be promoted to a higher classified rank than he currently holds, without having to resign as deputy chief of police.

No municipality having a population less than 1,000,000 shall require that any firefighter appointed to the lowest rank serve a probationary employment period of longer than one year. The limitation on periods of probationary employment provided in this amendatory Act of 1989 is an exclusive power and function of the State. Pursuant to subsection (h) of Section 6 of Article VII of the Illinois Constitution, a home rule municipality having a population less than 1,000,000 must comply with this limitation on periods of probationary employment, which is a denial and limitation of home rule powers. Notwithstanding anything to the contrary in this Section, the probationary employment period limitation may be extended for a firefighter who is required, as a condition of employment, to be a certified paramedic, during which time the sole reason that a firefighter may be discharged without a hearing is for failing to meet the requirements for paramedic certification.
Section 10. The Fire Protection District Act is amended by changing Section 16.06 as follows:

(70 ILCS 705/16.06) (from Ch. 127 1/2, par. 37.06)
Sec. 16.06. Eligibility for positions in fire department; disqualifications.

(a) All applicants for a position in the fire department of the fire protection district shall be under 35 years of age and shall be subjected to examination, which shall be public, competitive, and free to all applicants, subject to reasonable limitations as to health, habits, and moral character; provided that the foregoing age limitation shall not apply in the case of any person having previous employment status as a fireman in a regularly constituted fire department of any fire protection district, and further provided that each fireman or fire chief who is a member in good standing in a regularly constituted fire department of any municipality which shall be or shall have subsequently been included within the boundaries of any fire protection district now or hereafter organized shall be given a preference for original appointment in the same class, grade or employment over all other applicants. The examinations shall be practical in their character and shall relate to those matters which will fairly test the persons examined as to their relative capacity to discharge the duties of the positions to which they seek appointment. The examinations shall include tests of physical qualifications and health. No applicant, however, shall be examined concerning his political or religious opinions or affiliations. The examinations shall be conducted by the board of fire commissioners.

In any fire protection district that employs full-time firefighters and is subject to a collective bargaining agreement, a person who has not qualified for regular appointment under the provisions of this Section shall not be used as a temporary or permanent substitute for certificated members of a fire district’s fire department or for regular appointment as a certificated member of a fire district’s fire department unless mutually agreed to by the employee’s certified bargaining agent. Such agreement shall be considered a permissive subject of bargaining. Fire protection

(b) No person shall be appointed to the fire department unless he or she is a person of good character and not a person who has been convicted of a felony in Illinois or convicted in another jurisdiction for conduct that would be a felony under Illinois law, or convicted of a crime involving moral turpitude. No person, however, shall be disqualified from appointment to the fire department because of his or her record of misdemeanor convictions, except those under Sections 11-6, 11-7, 11-9, 11-14, 11-15, 11-17, 11-18, 11-19, 12-2, 12-6, 12-15, 14-4, 16-1, 21.1-3, 24-3.1, 24-5, 25-1, 28-3, 31-1, 31-4, 31-6, 31-7, 32-1, 32-2, 32-3, 32-4, 32-8, and subsections (1), (6), and (8) of Section 24-1 of the Criminal Code of 1961.

AN ACT concerning education.

schools where at least 40% of students qualify for free or reduced-price lunches whereby fees charged by the College Board for Advanced Placement exams are waived by the school, but paid for by the State, for those students who do not qualify for a fee waiver provided by federal funds or the College Board.

Section 99. Effective date. This Act takes effect upon becoming law.

PUBLIC ACT 95-0492
(Senate Bill No. 0942)

AN ACT concerning health.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Comprehensive Lead Education, Reduction, and Window Replacement Program Act.

Section 5. Findings; intent; establishment of program.

(a) The General Assembly finds all of the following:

(1) Lead-based paint poisoning is a potentially devastating, but preventable disease. It is one of the top environmental threats to children's health in the United States.

(2) The number of lead-poisoned children in Illinois is among the highest in the nation, especially in older, more affordable properties.

(3) Lead poisoning causes irreversible damage to the development of a child's nervous system. Even at low and moderate levels, lead poisoning causes learning disabilities, problems with speech, shortened attention span, hyperactivity, and behavioral problems. Recent research links low levels of lead exposure to lower IQ scores and to juvenile delinquency.

New matter indicated by italics - deletions by strikeout
(4) Older housing is the number one risk factor for childhood lead poisoning. Properties built before 1950 are statistically much more likely to contain lead-based paint hazards than buildings constructed more recently.

(5) The State of Illinois ranks 10th out of the 50 states in the age of its housing stock. More than 50% of the housing units in Chicago and in Rock Island, Peoria, Macon, Madison, and Kankakee counties were built before 1960. More than 43% of the housing units in St. Clair, Winnebago, Sangamon, Kane, and Cook counties were built before 1950.

(6) There are nearly 1.4 million households with lead-based paint hazards in Illinois.

(7) Most children are lead poisoned in their own homes through exposure to lead dust from deteriorated lead paint surfaces, like windows, and when lead paint deteriorates or is disturbed through home renovation and repainting.

(8) Less than 25% of children in Illinois age 6 and under have been tested for lead poisoning. While children are lead poisoned throughout Illinois, counties above the statewide average include: Alexander, Cass, Cook, Fulton, Greene, Kane, Kankakee, Knox, LaSalle, Macon, Mercer, Peoria, Perry, Rock Island, Sangamon, St. Clair, Stephenson, Vermilion, Will, and Winnebago.

(9) The control of lead hazards significantly reduces lead-poisoning rates. Other communities, including New York City and Milwaukee, have successfully reduced lead-poisoning rates by removing lead-based paint hazards on windows.

(10) Windows are considered a higher lead exposure risk more often than other components in a housing unit. Windows are a major contributor of lead dust in the home, due to both weathering conditions and friction effects on paint.

(11) There is an insufficient pool of licensed lead abatement workers and contractors to address the problem in some areas of the State.

New matter indicated by italics - deletions by strikeout
(12) Through grants from the U.S. Department of Housing and Urban Development, some communities in Illinois have begun to reduce lead poisoning of children. While this is an ongoing effort, it only addresses a small number of the low-income children statewide in communities with high levels of lead paint in the housing stock.

(b) It is the intent of the General Assembly to:

(1) address the problem of lead poisoning of children by eliminating lead hazards in homes;

(2) provide training within communities to encourage the use of lead paint safe work practices;

(3) create job opportunities for community members in the lead abatement industry;

(4) support the efforts of small business and property owners committed to maintaining lead-safe housing; and

(5) assist in the maintenance of affordable lead-safe housing stock.

(c) The General Assembly hereby establishes the Comprehensive Lead Education, Reduction, and Window Replacement Program to assist residential property owners through loan and grant programs to reduce lead paint hazards through window replacement in pilot area communities. Where there is a lack of workers trained to remove lead-based paint hazards, job-training programs must be initiated. The General Assembly also recognizes that training, insurance, and licensing costs are prohibitively high and hereby establishes incentives for contractors to do lead abatement work.

Section 10. Definitions. In this Act:

"Advisory Council" refers to the Lead Safe Housing Advisory Council established under Public Act 93-0789.

"CLEAR-WIN Program" refers to the Comprehensive Lead Education, Reduction, and Window Replacement Program created pursuant to this Act to assist property owners of single family homes and multi-unit residential properties in pilot area communities, through loan and grant programs that reduce lead paint hazards primarily through

New matter indicated by italics - deletions by strikeout
window replacement and, where necessary, through other lead-based paint hazard control techniques.

"Director" means the Director of Public Health.

"Lead Safe Housing Maintenance Standards" refers to the standards developed by the Lead Safe Housing Advisory Council.

"Low-income" means a household at or below 80% of the median income level for a given county as determined annually by the U.S. Department of Housing and Urban Development.

"Pilot area communities" means the counties or cities selected by the Department, with the advice of the Advisory Council, where properties whose owners are eligible for the assistance provided by this Act are located.

"Window" means the inside, outside, and sides of sashes and mullions and the frames to the outside edge of the frame, including sides, sash guides, and window wells and sills.

Section 15. Grant and loan program.

(a) Subject to appropriation, the Department, in consultation with the Advisory Council, shall establish and operate the CLEAR-WIN Program in two pilot area communities selected by the Department with advice from the Advisory Council. Pilot area communities shall be selected based upon the prevalence of low-income families whose children are lead poisoned, the age of the housing stock, and other sources of funding available to the communities to address lead-based paint hazards.

(b) The Department shall be responsible for administering the CLEAR-WIN grant program. The grant shall be used to correct lead-based paint hazards in residential buildings. Conditions for receiving a grant shall be developed by the Department based on criteria established by the Advisory Council. Criteria, including but not limited to the following program components, shall include (i) income eligibility for receipt of the grants, with priority given to low-income tenants or owners who rent to low-income tenants; (ii) properties to be covered under CLEAR-WIN; and (iii) the number of units to be covered in a property. Prior to making a grant, the Department must provide the grant recipient with a copy of the Lead Safe Housing Maintenance Standards generated by the Advisory Council.

New matter indicated by italics - deletions by strikeout
Council. The property owner must certify that he or she has received the Standards and intends to comply with them; has provided a copy of the Standards to all tenants in the building; will continue to rent to the same tenant or other low-income tenant for a period of not less than 5 years following completion of the work; and will continue to maintain the property as lead-safe. Failure to comply with the grant conditions may result in repayment of grant funds.

(c) The Advisory Council shall also consider development of a loan program to assist property owners not eligible for grants.

(d) All lead-based paint hazard control work performed with these grant or loan funds shall be conducted in conformance with the Lead Poisoning Prevention Act and the Illinois Lead Poisoning Prevention Code. Before contractors are paid for repair work conducted under the CLEAR-WIN Program, each dwelling unit assisted must be inspected by a lead risk assessor or lead inspector licensed in Illinois, and an appropriate number of dust samples must be collected from in and around the work areas for lead analysis, with results in compliance with levels set by the Lead Poisoning Prevention Act and the Illinois Lead Poisoning Prevention Code. All costs of evaluation shall be the responsibility of the property owner who received the grant or loan, but will be provided for by the Department for grant recipients and may be included in the amount of the loan. Additional repairs and clean-up costs associated with a failed clearance test, including follow-up tests, shall be the responsibility of the contractor.

(e) Within 6 months after the effective date of this Act, the Advisory Council shall recommend to the Department Lead Safe Housing Maintenance Standards for purposes of the CLEAR-WIN Program. Except for properties where all lead-based paint has been removed, the standards shall describe the responsibilities of property owners and tenants in maintaining lead-safe housing, including but not limited to, prescribing special cleaning, repair, and maintenance necessary to reduce the chance that properties will cause lead poisoning in child occupants. Recipients of CLEAR-WIN grants and loans shall be required to continue to maintain their properties in compliance with these Lead Safe Housing Maintenance Standards.
Standards. Failure to maintain properties in accordance with these Standards may result in repayment of grant funds or termination of the loan.

Section 20. Lead abatement training. The Advisory Council shall determine whether a sufficient number of lead abatement training programs exist to serve the pilot sites. If it is determined additional programs are needed, the Advisory Council shall work with the Department to establish the additional training programs for purposes of the CLEAR-WIN Program.

Section 25. Insurance assistance. The Department shall make available, for the portion of a policy related to lead activities, 100% insurance subsidies to licensed lead abatement contractors who primarily target their work to the pilot area communities and employ a significant number of licensed lead abatement workers from the pilot area communities. Receipt of the subsidies shall be reviewed annually by the Department. The Department shall adopt rules for implementation of these insurance subsidies within 6 months after the effective date of this Act.

Section 30. Advisory Council. The Advisory Council shall submit an annual written report to the Governor and General Assembly on the operation and effectiveness of the CLEAR-WIN Program. The report must evaluate the program's effectiveness on reducing the prevalence of lead poisoning in children in the pilot area communities and in training and employing persons in the pilot area communities. The report also must describe the numbers of units in which lead-based paint was abated; specify the type of work completed and the types of dwellings and demographics of persons assisted; summarize the cost of lead-based paint hazard control and CLEAR-WIN Program administration; rent increases or decreases in the pilot area communities; rental property ownership changes; and any other CLEAR-WIN actions taken by the Department or the Advisory Council and recommend any necessary legislation or rule-making to improve the effectiveness of the CLEAR-WIN Program.

Sec. 3-117.1. When junking certificates or salvage certificates must be obtained.

(a) Except as provided in Chapter 4 of this Code, a person who possesses a junk vehicle shall within 15 days cause the certificate of title, salvage certificate, certificate of purchase, or a similarly acceptable out of state document of ownership to be surrendered to the Secretary of State along with an application for a junking certificate, except as provided in Section 3-117.2, whereupon the Secretary of State shall issue to such a person a junking certificate, which shall authorize the holder thereof to possess, transport, or, by an endorsement, transfer ownership in such junked vehicle, and a certificate of title shall not again be issued for such vehicle.

A junking manifest may be issued to any person and it shall constitute evidence of ownership for the vehicle listed upon it. A junking manifest may be transferred only to a person licensed under Section 5-301 of this Code as a scrap processor. A junking manifest will allow the transportation of those vehicles to a scrap processor prior to receiving the junk certificate from the Secretary of State.

mail within 20 days the certificate of title along with proper application and fee to the Secretary of State, and a salvage certificate shall be issued in the name of the insurance company. An insurer making payment of damages on a total loss claim for the theft of a vehicle may exchange the salvage certificate for a certificate of title if the vehicle is recovered without damage. In such a situation, the insurer shall fill out and sign a form prescribed by the Secretary of State which contains an affirmation under penalty of perjury that the vehicle was recovered without damage and the Secretary of State may, by rule or regulation, require photographs to be submitted.

(1.1) When a vehicle of a self-insured company is to be sold in the State of Illinois and has sustained damaged by collision, fire, theft, rust corrosion, or other means so that the self-insured company determines the vehicle to be a total loss, or if the cost of repairing the damage, including labor, would be greater than 50% of its fair market value without that damage, the vehicle shall be considered salvage. The self-insured company shall promptly deliver the certificate of title along with proper application and fee to the Secretary of State, and a salvage certificate shall be issued in the name of the self-insured company. A self-insured company making payment of damages on a total loss claim for the theft of a vehicle may exchange the salvage certificate for a certificate of title if the vehicle is recovered without damage. In such a situation, the self-insured shall fill out and sign a form prescribed by the Secretary of State which contains an affirmation under penalty of perjury that the vehicle was recovered without damage and the Secretary of State may, by rule, require photographs to be submitted.

(2) When a vehicle the ownership of which has been transferred to any person through a certificate of purchase from acquisition of the vehicle at an auction, other dispositions as set forth in Sections 4-208 and 4-209 of this Code, a lien arising under Section 18a-501 of this Code, or a public sale under the
Abandoned Mobile Home Act shall be deemed salvage or junk at the option of the purchaser. The person acquiring such vehicle in such manner shall promptly deliver or mail, within 20 days after the acquisition of the vehicle, the certificate of purchase, the proper application and fee, and, if the vehicle is an abandoned mobile home under the Abandoned Mobile Home Act, a certification from a local law enforcement agency that the vehicle was purchased or acquired at a public sale under the Abandoned Mobile Home Act to the Secretary of State and a salvage certificate or junking certificate shall be issued in the name of that person. The salvage certificate or junking certificate issued by the Secretary of State under this Section shall be free of any lien that existed against the vehicle prior to the time the vehicle was acquired by the applicant under this Code.

(3) A vehicle which has been repossessed by a lienholder shall be considered to be salvage only when the repossessed vehicle, on the date of repossession by the lienholder, has sustained damage by collision, fire, theft, rust corrosion, or other means so that the cost of repairing such damage, including labor, would be greater than 33 1/3% of its fair market value without such damage. If the lienholder determines that such vehicle is damaged in excess of 33 1/3% of such fair market value, the lienholder shall, before sale, transfer or assignment of the vehicle, make application for a salvage certificate, and shall submit with such application the proper fee and evidence of possession. If the facts required to be shown in subsection (f) of Section 3-114 are satisfied, the Secretary of State shall issue a salvage certificate in the name of the lienholder making the application. In any case wherein the vehicle repossessed is not damaged in excess of 33 1/3% of its fair market value, the lienholder shall comply with the requirements of subsections (f), (f-5), and (f-10) of Section 3-114, except that the affidavit of repossession made by or on behalf of the lienholder shall also contain an affirmation under penalty of perjury that the vehicle on the date of sale is not damaged in excess of 33 1/3% of
its fair market value. If the facts required to be shown in subsection (f) of Section 3-114 are satisfied, the Secretary of State shall issue a certificate of title as set forth in Section 3-116 of this Code. The Secretary of State may by rule or regulation require photographs to be submitted.

(4) A vehicle which is a part of a fleet of more than 5 commercial vehicles registered in this State or any other state or registered proportionately among several states shall be considered to be salvage when such vehicle has sustained damage by collision, fire, theft, rust, corrosion or similar means so that the cost of repairing such damage, including labor, would be greater than 33 1/3% of the fair market value of the vehicle without such damage. If the owner of a fleet vehicle desires to sell, transfer, or assign his interest in such vehicle to a person within this State other than an insurance company licensed to do business within this State, and the owner determines that such vehicle, at the time of the proposed sale, transfer or assignment is damaged in excess of 33 1/3% of its fair market value, the owner shall, before such sale, transfer or assignment, make application for a salvage certificate. The application shall contain with it evidence of possession of the vehicle. If the fleet vehicle at the time of its sale, transfer, or assignment is not damaged in excess of 33 1/3% of its fair market value, the owner shall so state in a written affirmation on a form prescribed by the Secretary of State by rule or regulation. The Secretary of State may by rule or regulation require photographs to be submitted. Upon sale, transfer or assignment of the fleet vehicle the owner shall mail the affirmation to the Secretary of State.

(5) A vehicle that has been submerged in water to the point that rising water has reached over the door sill and has entered the passenger or trunk compartment is a "flood vehicle". A flood vehicle shall be considered to be salvage only if the vehicle has sustained damage so that the cost of repairing the damage, including labor, would be greater than 33 1/3% of the fair market value of the vehicle without that damage. The salvage certificate

issued under this Section shall indicate the word "flood", and the word "flood" shall be conspicuously entered on subsequent titles for the vehicle. A person who possesses or acquires a flood vehicle that is not damaged in excess of 33 1/3% of its fair market value shall make application for title in accordance with Section 3-116 of this Code, designating the vehicle as "flood" in a manner prescribed by the Secretary of State. The certificate of title issued shall indicate the word "flood", and the word "flood" shall be conspicuously entered on subsequent titles for the vehicle.

(c) Any person who without authority acquires, sells, exchanges, gives away, transfers or destroys or offers to acquire, sell, exchange, give away, transfer or destroy the certificate of title to any vehicle which is a junk or salvage vehicle shall be guilty of a Class 3 felony.

(d) Any person who knowingly fails to surrender to the Secretary of State a certificate of title, salvage certificate, certificate of purchase or a similarly acceptable out-of-state document of ownership as required under the provisions of this Section is guilty of a Class A misdemeanor for a first offense and a Class 4 felony for a subsequent offense; except that a person licensed under this Code who violates paragraph (5) of subsection (b) of this Section is guilty of a business offense and shall be fined not less than $1,000 nor more than $5,000 for a first offense and is guilty of a Class 4 felony for a second or subsequent violation.

(e) Any vehicle which is salvage or junk may not be driven or operated on roads and highways within this State. A violation of this subsection is a Class A misdemeanor. A salvage vehicle displaying valid special plates issued under Section 3-601(b) of this Code, which is being driven to or from an inspection conducted under Section 3-308 of this Code, is exempt from the provisions of this subsection. A salvage vehicle for which a short term permit has been issued under Section 3-307 of this Code is exempt from the provisions of this subsection for the duration of the permit.

(105 ILCS 5/18-9) (from Ch. 122, par. 18-9)

Sec. 18-9. Requirement for special equalization and supplementary State aid.

(a) Any school district claiming an equalization quota may not increase its annual net cash balance in the educational fund for the fiscal school year by failing to expend for educational purposes the total of (1) the general grant, (2) the equalization quota, and (3) the amount determined by applying the qualifying rate to the equalized assessed valuation of the district. Any district which increases such annual net cash balance by failing to expend the amount received from the sum of (1) the general grant, (2) the equalization quota, and (3) the amount determined by applying the qualifying rate to the equalized assessed valuation of the district, shall have its next claim for an equalization quota reduced in an amount equal to the difference between its expenditures for educational purposes and that sum.
Current expenditures made in any district receiving a special equalization quota and governed by a board of directors must be approved in advance by the regional superintendent.

If, as a result of tax objections based on inequities of assessment, a final decision of any court, entered not more than one year before or 3 years after August 26, 1963, reduces the taxes received by the educational fund of a school district, for any given year, in an amount equal to or more than 3% of the total amount of taxes extended for educational purposes of the district, that district may amend its claim for equalization aid for that year by adding thereto an amount determined by multiplying the deficiency in tax receipts by a percentage computed by dividing the tax rate required in Section 18-8 to receive an equalization quota by the tax rate originally extended for educational purposes. The amended claim including any additional monies to which the district may be entitled shall be filed within three years of the date of such decision and the additional amount paid as supplementary state equalization aid.

(b) Any elementary, high school or unit district which for the year 1971, as compared to the year 1970, has a decrease of more than 40% in the value of all its taxable property as equalized or assessed by the Department of Revenue, shall be entitled to file a claim for supplementary State aid with the Office of the State Superintendent of Education. The amount of such aid shall be determined by multiplying the amount of the decrease in the value of the district's taxable property times the total of the 1972 tax rates for school purposes less the sum of the district's qualifying tax rates for educational and transportation purposes extended by such district. Such claims shall be filed on forms prescribed by the Superintendent, and the Superintendent upon receipt of such claims shall adjust the claim of each such district in accordance with the provisions of this Section.

(c) Where property comprising an aggregate assessed valuation equal to 3% or more of the total assessed valuation of all taxable property in the district is owned by a person or corporation who is the subject of bankruptcy proceedings or has been adjudged a bankrupt and, as a result thereof, has not paid taxes on that property for 2 or more years, that district

New matter indicated by italics - deletions by strikeout
may amend its claim back to the inception of such bankruptcy, not to exceed 6 years, in which time such taxes were not paid and for each succeeding year that such taxes remain unpaid by adding to that claim an amount determined by multiplying the assessed valuation of the property on which taxes have not been paid due to bankruptcy by the tax rate required in Section 18-8 to receive an equalization quota or after July 1, 1973, by the district's operating tax rate for general state aid purposes. If at any time a district which receives additional State aid under the provisions of this paragraph receives tax revenue from such property for the years that taxes were not paid, its next claim for State aid shall be reduced in an amount equal to the taxes paid on such property, not to exceed the additional State aid received under the provisions of this subsection (e). Such claims shall be filed on forms prescribed by the Superintendent, and the Superintendent upon receipt of such claims shall adjust the claim of each such district in accordance with the provisions of this subsection (e).

(d) If property comprising an aggregate assessed valuation equal to 6% or more of the total assessed valuation of all taxable property in a school district is owned by a person or corporation that is the subject of bankruptcy proceedings or that has been adjudged bankrupt and, as a result thereof, has not paid taxes on the property, then the district may amend its general State aid claim (i) back to the inception of the bankruptcy, not to exceed 6 years, in which time those taxes were not paid and (ii) for each succeeding year that those taxes remain unpaid, by adding to the claim an amount determined by multiplying the assessed valuation of the property on which taxes have not been paid due to the bankruptcy by the lesser of the total tax rate for the district for the tax year for which the taxes are unpaid or the applicable rate used in calculating the district's general State aid under paragraph (3) of subsection (D) of Section 18-8.05 of this Code. If at any time a district that receives additional State aid under this Section subsection (d) receives tax revenue from the property for the years that taxes were not paid, the district's next claim for State aid shall be reduced in an amount equal to the taxes paid on the property, not to exceed the additional State aid received under this Section subsection (d). Claims under this Section subsection (d) shall be filed on forms prescribed by the
State Superintendent of Education, and the State Superintendent of Education, upon receipt of a claim, shall adjust the claim in accordance with the provisions of this Section subsection (d). Supplementary State aid for each succeeding year under this Section subsection (d) shall be paid beginning with the first general State aid claim paid after the district has filed a completed claim in accordance with this Section subsection (d).

Sec. 27-8.1. Health examinations and immunizations.

(1) In compliance with rules and regulations which the Department of Public Health shall promulgate, and except as hereinafter provided, all children in Illinois shall have a health examination as follows: within one year prior to entering kindergarten or the first grade of any public, private, or parochial elementary school; upon entering the fifth and ninth grades of any public, private, or parochial school; prior to entrance into any public, private, or parochial nursery school; and, irrespective of grade, immediately prior to or upon entrance into any public, private, or parochial school or nursery school, each child shall present proof of having been examined in accordance with this Section and the rules and regulations promulgated hereunder.

A tuberculosis skin test screening shall be included as a required part of each health examination included under this Section if the child resides in an area designated by the Department of Public Health as having a high incidence of tuberculosis. Additional health examinations of pupils,

(1.5) In compliance with rules adopted by the Department of Public Health and except as otherwise provided in this Section, all children in kindergarten and the second and sixth grades of any public, private, or parochial school shall have a dental examination. Each of these children shall present proof of having been examined by a dentist in accordance with this Section and rules adopted under this Section before May 15th of the school year. If a child in the second or sixth grade fails to present proof by May 15th, the school may hold the child's report card until one of the following occurs: (i) the child presents proof of a completed dental examination or (ii) the child presents proof that a dental examination will take place within 60 days after May 15th. The Department of Public Health shall establish, by rule, a waiver for children who show an undue burden or a lack of access to a dentist. Each public, private, and parochial school must give notice of this dental examination requirement to the parents and guardians of students at least 60 days before May 15th of each school year.

(2) The Department of Public Health shall promulgate rules and regulations specifying the examinations and procedures that constitute a health examination, which shall include the collection of data relating to obesity; (including at a minimum, date of birth, gender, height, weight, blood pressure, and date of exam), and a dental examination and may recommend by rule that certain additional examinations be performed. Physicians licensed to practice medicine in all of its branches, advanced practice nurses who have a written collaborative agreement with a collaborating physician which authorizes them to perform health examinations, or physician assistants who have been delegated the performance of health examinations by their supervising physician shall be responsible for the performance of the health examinations, other than dental examinations and vision and hearing screening, and shall sign all report forms required by subsection (4) of this Section that pertain to those portions of the health examination for which the physician, advanced practice nurse, or physician assistant is responsible. If a registered nurse performs any part of a health examination, then a physician licensed to practice medicine in all of its branches must review and sign all required report forms. Licensed dentists shall perform all dental examinations and shall sign all report forms required by subsection (4) of this Section that pertain to the dental examinations. Physicians licensed to practice medicine in all its branches, or licensed optometrists, shall perform all vision exams required by school authorities and shall sign all report forms required by subsection (4) of this Section that pertain to the vision exam. Vision and hearing screening tests, which shall not be considered examinations as that term is used in this Section, shall be conducted in accordance with rules and regulations of the Department of Public Health, and by individuals whom the Department of Public Health has certified. In these rules and regulations, the Department of Public Health shall require that individuals conducting vision screening tests give a child's parent or guardian written notification, before the vision screening is conducted, that states, "Vision screening is not a substitute for a complete eye and vision evaluation by an eye doctor. Your child is not required to undergo this vision screening if an optometrist or ophthalmologist has completed and signed a report form indicating that an examination has been administered within the previous 12 months."

(3) Every child shall, at or about the same time as he or she receives a health examination required by subsection (1) of this Section, present to the local school proof of having received such immunizations against preventable communicable diseases as the Department of Public
Health shall require by rules and regulations promulgated pursuant to this Section and the Communicable Disease Prevention Act.

(4) The individuals conducting the health examination or dental examination shall record the fact of having conducted the examination, and such additional information as required, including *for a health examination* data relating to obesity; (including at a minimum, date of birth, gender, height, weight, blood pressure, and date of exam), on uniform forms which the Department of Public Health and the State Board of Education shall prescribe for statewide use. The examiner shall summarize on the report form any condition that he or she suspects indicates a need for special services, including *for a health examination* factors relating to obesity. The individuals confirming the administration of required immunizations shall record as indicated on the form that the immunizations were administered.

(5) If a child does not submit proof of having had either the health examination or the immunization as required, then the child shall be examined or receive the immunization, as the case may be, and present proof by October 15 of the current school year, or by an earlier date of the current school year established by a school district. To establish a date before October 15 of the current school year for the health examination or immunization as required, a school district must give notice of the requirements of this Section 60 days prior to the earlier established date. If for medical reasons one or more of the required immunizations must be given after October 15 of the current school year, or after an earlier established date of the current school year, then the child shall present, by October 15, or by the earlier established date, a schedule for the administration of the immunizations and a statement of the medical reasons causing the delay, both the schedule and the statement being issued by the physician, advanced practice nurse, physician assistant, registered nurse, or local health department that will be responsible for administration of the remaining required immunizations. If a child does not comply by October 15, or by the earlier established date of the current school year, with the requirements of this subsection, then the local school authority shall exclude that child from school until such time as the child
presents proof of having had the health examination as required and presents proof of having received those required immunizations which are medically possible to receive immediately. During a child's exclusion from school for noncompliance with this subsection, the child's parents or legal guardian shall be considered in violation of Section 26-1 and subject to any penalty imposed by Section 26-10. This subsection (5) does not apply to dental examinations.

(6) Every school shall report to the State Board of Education by November 15, in the manner which that agency shall require, the number of children who have received the necessary immunizations and the health examination (other than a dental examination) as required, indicating, of those who have not received the immunizations and examination as required, the number of children who are exempt from health examination and immunization requirements on religious or medical grounds as provided in subsection (8). Every school shall report to the State Board of Education by June 30, in the manner that the State Board requires, the number of children who have received the required dental examination, indicating, of those who have not received the required dental examination, the number of children who are exempt from the dental examination on religious grounds as provided in subsection (8) of this Section and the number of children who have received a waiver under subsection (1.5) of this Section. This reported information shall be provided to the Department of Public Health by the State Board of Education.

(7) Upon determining that the number of pupils who are required to be in compliance with subsection (5) of this Section is below 90% of the number of pupils enrolled in the school district, 10% of each State aid payment made pursuant to Section 18-8.05 to the school district for such year may shall be withheld by the State Board of Education regional superintendent until the number of students in compliance with subsection (5) is the applicable specified percentage or higher.

(8) Parents or legal guardians who object to health or dental examinations or any part thereof, or to immunizations, on religious grounds shall not be required to submit their children or wards to the

examinations or immunizations to which they so object if such parents or legal guardians present to the appropriate local school authority a signed statement of objection, detailing the grounds for the objection. If the physical condition of the child is such that any one or more of the immunizing agents should not be administered, the examining physician, advanced practice nurse, or physician assistant responsible for the performance of the health examination shall endorse that fact upon the health examination form. Exempting a child from the health or dental examination does not exempt the child from participation in the program of physical education training provided in Sections 27-5 through 27-7 of this Code.

(9) For the purposes of this Section, "nursery schools" means those nursery schools operated by elementary school systems or secondary level school units or institutions of higher learning.

Section 15. The Fire Protection District Act is amended by changing Section 22 and by adding Section 25 as follows:

Sec. 22. The Board of Trustees of any fire protection district incorporated under this Act is authorized under the terms and conditions hereinafter set out, to provide emergency ambulance service to or from points within or without the district; to contract with providers of ambulance service; to combine with other units of governments for the purpose of providing ambulance service; to levy a tax for the provision of such service and to adopt rules and regulations relating to ambulance service within their jurisdiction.

(a) It is declared as a matter of public policy:

(1) That, in order to preserve, protect and promote the public health, safety and general welfare, adequate and continuing
emergency ambulance service should be available to every citizen of Illinois;

(2) That, insofar as it is economically feasible, emergency ambulance service should be provided by private enterprise; and

(3) That, in the event adequate and continuing emergency ambulance services do not exist, fire protection districts should be authorized to provide, and shall cause to be provided, ambulance service as a public responsibility.

(b) Whenever the Board of Trustees of a fire protection district desires to levy a special tax to provide an ambulance service, it shall certify the question to the proper election officials, who shall submit that question at an election to the voters of the district. The result of such referendum shall be entered upon the records of the district. If a majority of the votes on the proposition are in favor of such proposition, the Board of Trustees may thereafter levy a special tax at a rate not to exceed .30% of the value of all taxable property within the district as equalized or assessed by the Department of Revenue. The proposition shall be in substantially the following form:

```
Shall the .... Fire Protection
District levy a special tax at a rate not to exceed .30% of the value of all taxable property within the district as equalized or assessed by the Department of Revenue for the purpose of providing an ambulance service?  
YES

Shall the .... Fire Protection
District levy a special tax at a rate not to exceed .30% of the value of all taxable property within the district as equalized or assessed by the Department of Revenue for the purpose of providing an ambulance service?  
YES

Shall the .... Fire Protection

District levy a special tax at a rate not to exceed .30% of the value of all taxable property within the district as equalized or assessed by the Department of Revenue for the purpose of providing an ambulance service?  
YES
```

(c) If it appears that a majority of all valid votes cast on the proposition are in favor of levying a special tax to pay for an ambulance, the Board of Trustees may levy and collect an annual tax for the purpose of providing ambulance service under this Act to be extended at a rate not to exceed .30% of the full fair cash value of the taxable property within the governmental unit as assessed or equalized by the Department of Revenue.
Such annual tax shall be in addition to the other taxes a fire protection district may levy for its corporate purposes.

(d) Any Board of trustees may:
1. Provide or operate an emergency ambulance service;
2. Contract with a private person, hospital, corporation or another governmental unit for the provision and operation of emergency ambulance service or subsidize the service thereof;
3. Limit the number of ambulance services;
4. Within its jurisdiction, fix, charge and collect fees for emergency ambulance service within or outside of the fire protection district not exceeding the reasonable cost of the service;
5. Establish necessary regulations not inconsistent with the statutes or regulations of the Department of Public Health relating to ambulance service;
6. The trustees shall have the power identified in paragraphs 3 and 5 only if the district shall have passed the referendum provided for herein.

(e) When any Board of Trustees is authorized prior to January 1, 1978 to levy and collect an annual tax, for the purpose of providing ambulance service, at any rate not exceeding .25% of the full fair cash value of the taxable property within the governmental unit as equalized or assessed by the Department of Revenue, such Board of Trustees may by resolution increase its authority to tax for ambulance purposes to a rate not to exceed .30%. Such resolution shall be effective 30 days after its adoption. Notice of such resolution shall be published twice in a newspaper having a general circulation within the district at least 20 days and again at least 10 days prior to the effective date of the resolution. Such notice shall state that the voters of that fire protection district, which district shall be described in the notice, have until 30 days after the adoption of the resolution to file a petition with the Board of Trustees praying that the question of the adoption of the resolution be submitted to a vote of the electors of such territory, and that, if no such petition is filed, the resolution shall become effective 30 days after its adoption. The notice also shall state the specific number of voters required to sign the petition.
and the date of the prospective referendum. The district secretary shall provide a petition form to any individual requesting one. If such a petition, signed by the voters of the district equal to 10% or more of the registered voters of the district, is so filed with the Board of Trustees, then the question of the adoption of the resolution shall be certified to the proper election officials, who shall submit the question to a vote of the electors of the district at an election in accordance with the general election law. If such a petition is filed, the resolution does not take effect unless a majority of the votes cast upon the question of the adoption of the resolution is in favor of adoption. However, if such a petition is determined to be invalid, the resolution shall take effect.

The result of the election shall be entered upon the records of the district. If a majority of the voters vote in favor of such resolution, the resolution shall be effective immediately. The proposition shall be in substantially the following form:

---------------------------------------------
Shall the Board of Trustees of the .... Fire Protection District be authorized to increase the special tax for ambulance service to a rate not to exceed .30% of the value of all taxable property within the district as equalized or assessed by the Department of Revenue for the purpose of providing such service?
---------------------------------------------

In this Section, "ambulance service" includes, without limitation, pre-hospital medical services. "Pre-hospital medical services" includes emergency services performed by a paramedic or other on-board emergency personnel that are within the scope of the provider's license. This amendatory Act of the 95th General Assembly is declarative of existing law.
