At the conclusion of the hearing, a copy of the Board's report shall be served upon the applicant or licensee by the Commission, either personally or as provided in this Act for the service of the notice of hearing. Within 20 days after such service, the applicant or licensee may present to the Department a motion in writing for a rehearing, which shall specify the particular grounds for rehearing. If no motion for a rehearing is filed, then upon the expiration of the time specified for filing such a motion, or if a motion for rehearing is denied, then upon such denial, the Secretary may enter an order in accordance with recommendations of the Board, except as provided in Section 175 of this Act. If the applicant or licensee requests and pays for a transcript of the record within the time for filing a motion for rehearing, the 20-day period within which a motion may be filed shall commence upon the delivery of the transcript to the applicant or licensee.

Section 170. Order or certified copy; prima facie proof. An order of revocation, suspension, placing the license on probationary status, or other formal disciplinary action as the Department may deem proper, or a certified copy thereof, over the seal of the Department and purporting to be signed by the Secretary, is prima facie proof that:

Section 185. Summary suspension of license. The Director may summarily suspend the license of an interpreter for the deaf without a hearing, simultaneously with the institution of proceedings for a hearing provided for in Section 115 of this Act, if the Director finds that evidence in the possession of the Director indicates that the continuation of practice by the interpreter for the deaf would constitute an imminent danger to the public. In the event that the Director summarily suspends the license of an individual without a hearing, a hearing must be held by the Department within 30 days after the suspension has occurred.

Section 190. Administrative review; venue.

(a) All final administrative decisions of the Department are subject to judicial review pursuant to the Administrative Review Law and its rules. The term "administrative decision" is defined as in Section 3-101 of the Code of Civil Procedure.

The Department shall not be required to certify any record to the court, to file an answer in court, or to otherwise appear in any court in a judicial review proceeding, unless there is filed in the court, with the complaint, a receipt from the Commission acknowledging payment of the costs of furnishing and certifying the record. Failure on the part of the plaintiff to file the receipt in court is grounds for dismissal of the action.

PUBLIC ACT 95-0619
(Senate Bill No. 1746)

AN ACT concerning Latino families.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Illinois Latino Family Commission Act.

Section 5. Legislative Findings. It is the policy of this State to promote family preservation and to strengthen families.

Latinos are well represented among the families of Illinois. The Illinois Latino population is the fifth largest in the nation. Over 14% of the estimated 12,000,000 people that live in Illinois are Latinos. According to the 2000 Census figures, more than 1,750,000 Latinos make Illinois their home. This figure represents a 69.2% increase from the 1990 Census figures compared to about 3.5% for non-Latinos. The Latino population explosion accounted for two-thirds of the total population change in Illinois and it is visible throughout the State.

New matter indicated by italics - deletions by strikeout
In Cook County alone, the Latino population has increased to about 1,071,740. In the 6 county region including Cook County, nearly 69% of new residents were Hispanic. Roughly 23.7% of Kane County residents are Latino. In Lake County, Latinos make up 14.4% of the total county population.

Latinos are not only the fastest growing ethnic group in the State, they are also the youngest. The median age for Latinos in Illinois is 25, compared to 36 for non-Latinos. Despite unprecedented population growth, Latinos lag behind in major indicators of well-being relative to education, health, employment, and child welfare, as well as representation throughout the State. Moreover, Latino children and families present unique linguistic, cultural, and immigration issues for the State.

Latinos have a well-established presence in the child welfare system. Of the total 86,973 children that were reported abused or neglected in Fiscal Year 2001, about 8,442 or 9.7% were Hispanic children. About 25% of these hotline reports were indicated, for a total of 2,155 Latino children in Fiscal Year 2001. As of August 2003, there were about 1,367 open Latino child abuse cases in Illinois. This figure is only slightly lower than the 1,491 open Latino child cases reported for the previous fiscal year. Hispanic cases make up about 6% of all open child cases (excluding adoption assistance and home of parent living arrangement). Latino families receiving services make up about 16% of all intact family cases. It is estimated that between 60% and 80% of all Latino families involved with the Illinois Department of Child and Family Services (IDCFS) will need bilingual services at some point during the time their case is open. However, IDCFS struggles to meet the demand for bilingual services. There are similar examples throughout the State demonstrating that Illinois lacks a unified and comprehensive strategy for addressing the unique needs of Latino families.

Latinas families remain outside of the margins of opportunities in the State. There are tremendous challenges faced by Latino families and children in the State. Clearly, the growing Latino presence demands that government, child and family advocates, and other key stakeholders come together to identify and implement policy strategies that can create an

New matter indicated by italics - deletions by strikeout
infrastructure of support for Latino families in the State. Building this needed infrastructure of policies must involve multiple State agencies. The Illinois Latino Family Commission shall lead the effort, advising the Governor and assisting State agencies with this task.

Section 10. Established. The Illinois Latino Family Commission is established.

Section 15. Purpose and objectives.
(a) The purpose of the Illinois Latino Family Commission is to advise the Governor and General Assembly, as well as work directly with State agencies to improve and expand existing policies, services, programs, and opportunities for Latino families. Subject to appropriation, the Illinois Latino Family Commission shall guide the efforts of and collaborate with State agencies, including: the Department on Aging, the Department of Children and Family Services, the Department of Commerce and Economic Opportunity, the Department of Corrections, the Department of Human Services, the Department of Public Aid, the Department of Public Health, the Department of Transportation, the Department of Employment Security, and others. This shall be achieved primarily by:

(1) monitoring and commenting on existing and proposed legislation and programs designed to address the needs of Latinos in Illinois;

(2) assisting State agencies in developing programs, services, public policies, and research strategies that will expand and enhance the social and economic well-being of Latino children and families;

(3) facilitating the participation and representation of Latinos in the development, implementation, and planning of policies, programs, and services; and

(4) promoting research efforts to document the impact of policies and programs on Latino families.

The work of the Illinois Latino Family Commission shall include the use of existing reports, research, and planning efforts, procedures, and programs.

Section 20. Appointment; terms. The Illinois Latino Family Commission shall be comprised of 15 members. The Governor, the President of the Senate, the Minority Leader of the Senate, the Speaker of the House of Representatives, and the Minority Leader of the House of Representatives shall each appoint 3 members to the Commission. Each member shall have working knowledge of human services, community development, and economic public policies in Illinois. The Governor shall appoint the chairperson or chairpersons.

The members shall reflect regional representation to ensure that the needs of Latino families and children throughout the State are met. The members shall be selected from a variety of disciplines. They shall represent a partnership and collaborative effort between public and private agencies, the business sector, and community-based human services organizations.

Members shall serve 3-year terms, except in the case of initial appointments. Five members, as determined by lot, shall be appointed to one-year terms; 5 members shall be appointed to 2-year terms; and 5 members shall be appointed to 3-year terms, so that the terms are staggered. Members shall serve without compensation, but shall be reimbursed for Commission-related expenses.

The Department on Aging, the Department of Children and Family Services, the Department of Commerce and Economic Opportunity, the Department of Corrections, the Department of Employment Security, the Department of Human Services, the Department of Public Aid, the Department of Public Health, and the Department of Transportation shall each appoint a liaison to serve ex-officio on the Commission. The Office of the Governor, in cooperation with the State agencies appointing liaisons to the Commission under this paragraph, shall provide administrative support to the Commission.

Section 25. Funding. The Illinois Latino Family Commission may receive funding through specific appropriations available for its purposes made to the Department on Aging, the Department of Children and Family Services, the Department of Commerce and Economic Opportunity, the Department of Corrections, the Department of Human Services, the
Department of Public Aid, the Department of Public Health, and the Department of Transportation. The funding allocation for the Commission shall be no less than $500,000.

Section 30. Reporting. The Illinois Latino Family Commission shall annually report to the Governor and the General Assembly on the Commission's progress towards its goals and objectives.

Section 99. Effective date. This Act takes effect upon becoming law.

(3) In the event the application is contested or a hearing requested, the application shall be heard and determined by the Director.

(4) No order for a temporary variance may be in effect for longer than the period needed by the employer to achieve compliance with the standard or one year, whichever is shorter, except that such an order may be renewed not more than twice, so long as the requirements of this paragraph are met and if an application for renewal is filed at least 90 days prior to the expiration date of the order. No interim renewal of an order may remain in effect for longer than 180 days.

(E) a certification that he has informed his employees of the application by giving a copy thereof to their authorized representatives, posting a statement at the place or places where notices to employees are normally posted, summarizing the application and specifying where a copy may be examined, and by other appropriate means employees may examine a copy of such application.

A description of how employees have been informed shall be contained in the certification. The information to employees shall also inform them of their right to petition the Director for a hearing.

(6) The Director of Labor is authorized to grant a variance from any standard or portion thereof whenever the Director of Labor determines that such variance is necessary to permit an employer to participate in an experiment approved by the Director of Labor designed to demonstrate or validate new and improved techniques to safeguard the health or safety of workers.

(c) Any affected employer may apply to the Director of Labor for a rule or order for a permanent variance from a standard or rule promulgated under this Act or the Safety Inspection and Education Act. Affected employees shall be given notice of each such application and an opportunity to participate in a hearing. (a) (1) The election from among the unit owners of a board of
managers, the number of persons constituting such board, and that
the terms of at least one-third of the members of the board shall expire annually and that all members of the board shall be elected at large. If there are multiple owners of a single unit, only one of the multiple owners shall be eligible to serve as a member of the board at any one time.

(3) the compensation, if any, of the members of the board;

(4) the method of removal from office of members of the board;

(5) that the board may engage the services of a manager or managing agent;

(8) (i) that each unit owner shall receive notice, in the same manner as is provided in this Act for membership meetings, of any meeting of the board of managers concerning the adoption of the proposed annual budget and regular assessments pursuant thereto or to adopt a separate (special) assessment, (ii) that except as provided in subsection (iv) below, if an adopted budget or any separate assessment adopted by the board would result in the sum of all regular and separate assessments payable in the current fiscal year exceeding 115% of the sum of all regular and separate assessments payable during the preceding fiscal year, the board of managers, upon written petition by unit owners with 20 percent of the votes of the association delivered to the board within 14 days of the board action, shall call a meeting of the unit owners within 30 days of the date of delivery of the petition to consider the budget or separate assessment; unless a majority of the total votes of the unit owners are cast at the meeting to reject the budget or separate assessment, it is ratified, (iii) that any common expense not set forth in the budget or any increase in assessments over the amount adopted in the budget shall be separately assessed against all unit owners, (iv) that separate assessments for expenditures relating to emergencies or mandated by law may be adopted by the board of managers without being subject to unit owner approval or the provisions of item (ii) above or item (v) below. As used herein, "emergency" means an immediate danger to the structural integrity of the common elements or to the life, health, safety or property of the unit owners, (v) that assessments for additions and alterations to the common elements or to association-owned property not included in the adopted annual budget, shall be separately assessed and are subject to approval of two-thirds of the total votes of all unit owners, (vi) that the board of managers may adopt separate assessments payable over more than one fiscal year. (17) that the board of managers may disseminate to unit owners biographical and background information about candidates for election to the board if (i) reasonable efforts to identify all candidates are made and all candidates are given an opportunity to include biographical and background information in the information to be disseminated; and (ii) the board does not express a preference in favor of any candidate;

(b) (1) What percentage of the unit owners, if other than 20%, shall constitute a quorum provided that, for condominiums with 20 or more units, the percentage of unit owners constituting a quorum shall be 20% unless the unit owners holding a majority of the percentage interest in the association provide for a higher percentage;

(2) that the association shall have one class of membership;

(3) that the members shall hold an annual meeting, one of the purposes of which shall be to elect members of the board of managers;

(4) the method of calling meetings of the unit owners;

New matter indicated by italics - deletions by strikeout
(7) that voting shall be on a percentage basis, and that the percentage vote to which each unit is entitled is the percentage interest of the undivided ownership of the common elements appurtenant thereto, provided that the bylaws may provide for approval by unit owners in connection with matters where the requisite approval on a percentage basis is not specified in this Act, on the basis of one vote per unit;

(8) that, where there is more than one owner of a unit, if only one of the multiple owners is present at a meeting of the association, he is entitled to cast all the votes allocated to that unit, if more than one of the multiple owners are present, the votes allocated to that unit may be cast only in accordance with the agreement of a majority in interest of the multiple owners, unless the declaration expressly provides otherwise, that there is majority agreement if any one of the multiple owners cast the votes allocated to that unit without protest being made promptly to the person presiding over the meeting by any of the other owners of the unit;

(9) (A) that unless the Articles of Incorporation or the bylaws otherwise provide, and except as provided in subparagraph (B) of this paragraph (9) in connection with board elections, a unit owner may vote by proxy executed in writing by the unit owner or by his duly authorized attorney in fact; that the proxy must bear the date of execution and, unless the condominium instruments or the written proxy itself provide otherwise, is invalid after 11 months from the date of its execution;

(B) that if a rule adopted at least 120 days before a board election or the declaration or bylaws provide for balloting as set forth in this subsection, unit owners may not vote by proxy in board elections, but may vote only (i) by submitting an association-issued ballot in person at the election meeting or (ii) by submitting an association-issued ballot to the association or its designated agent by mail or other means of delivery specified in the declaration, bylaws, or rule; that the ballots shall be mailed or
otherwise distributed to unit owners not less than 10 and not more than 30 days before the election meeting, and the board shall give unit owners not less than 21 days' prior written notice of the deadline for inclusion of a candidate's name on the ballots; that the deadline shall be no more than 7 days before the ballots are mailed or otherwise distributed to unit owners; that every such ballot must include the names of all candidates who have given the board or its authorized agent timely written notice of their candidacy and must give the person casting the ballot the opportunity to cast votes for candidates whose names do not appear on the ballot; that a ballot received by the association or its designated agent after the close of voting shall not be counted; that a unit owner who submits a ballot by mail or other means of delivery specified in the declaration, bylaws, or rule may request and cast a ballot in person at the election meeting, and thereby void any ballot previously submitted by that unit owner;

(C) that if a written petition by unit owners with at least 20% of the votes of the association is delivered to the board within 14 days after the board's approval of a rule adopted pursuant to subparagraph (B) of this paragraph (9), the board shall call a meeting of the unit owners within 30 days after the date of delivery of the petition; that unless a majority of the total votes of the unit owners are cast at the meeting to reject the rule, the rule is ratified;

(10) that the association may, upon adoption of the appropriate rules by the board of managers, conduct elections by secret ballot whereby the voting ballot is marked only with the percentage interest for the unit and the vote itself, provided that the board further adopt rules to verify the status of the unit owner issuing a proxy or casting a ballot; and further, that a candidate for election to the board of managers or such candidate's representative shall have the right to be present at the counting of ballots at such election;

(11) that in the event of a resale of a condominium unit the purchaser of a unit from a seller other than the developer pursuant
to an installment contract for purchase shall during such times as he or she resides in the unit be counted toward a quorum for purposes of election of members of the board of managers at any meeting of the unit owners called for purposes of electing members of the board, shall have the right to vote for the election of members of the board of managers and to be elected to and serve on the board of managers unless the seller expressly retains in writing any or all of such rights. In no event may the seller and purchaser both be counted toward a quorum, be permitted to vote for a particular office or be elected and serve on the board. Satisfactory evidence of the installment contact shall be made available to the association or its agents. For purposes of this subsection, "installment contact" shall have the same meaning as set forth in Section 1 (e) of "An Act relating to installment contracts to sell dwelling structures", approved August 11, 1967, as amended;

(12) the method by which matters subject to the approval of unit owners set forth in this Act, or in the condominium instruments, will be submitted to the unit owners at special membership meetings called for such purposes; and

(13) that matters subject to the affirmative vote of not less than 2/3 of the votes of unit owners at a meeting duly called for that purpose, shall include, but not be limited to:

(i) merger or consolidation of the association;

(ii) sale, lease, exchange, or other disposition (excluding the mortgage or pledge) of all, or substantially all of the property and assets of the association; and

(iii) the purchase or sale of land or of units on behalf of all unit owners.

(c) Election of a president from among the board of managers, who shall preside over the meetings of the board of managers and of the unit owners.

(d) Election of a secretary from among the board of managers, who shall keep the minutes of all meetings of the board of managers and of the

unit owners and who shall, in general, perform all the duties incident to the office of secretary.

(e) Election of a treasurer from among the board of managers, who shall keep the financial records and books of account.

(f) Maintenance, repair and replacement of the common elements and payments therefor, including the method of approving payment vouchers.

(g) An association with 30 or more units shall obtain and maintain fidelity insurance covering persons who control or disburse funds of the association for the maximum amount of coverage available to protect funds in the custody or control of the association plus the association reserve fund. All management companies which are responsible for the funds held or administered by the association shall maintain and furnish to the association a fidelity bond for the maximum amount of coverage available to protect funds in the custody of the management company at any time. The association shall bear the cost of the fidelity insurance and fidelity bond, unless otherwise provided by contract between the association and a management company. The association shall be the direct obligee of any such fidelity bond. A management company holding reserve funds of an association shall at all times maintain a separate account for each association, provided, however, that for investment purposes, the Board of Managers of an association may authorize a management company to maintain the association's reserve funds in a single interest bearing account with similar funds of other associations. The management company shall at all times maintain records identifying all moneys of each association in such investment account. The management company may hold all operating funds of associations which it manages in a single operating account but shall at all times maintain records identifying all moneys of each association in such operating account. Such operating and reserve funds held by the management company for the association shall not be subject to attachment by any creditor of the management company.

For the purpose of this subsection a management company shall be defined as a person, partnership, corporation, or other legal entity entitled

New matter indicated by italics - deletions by strikeout
to transact business on behalf of others, acting on behalf of or as an agent for a unit owner, unit owners or association of unit owners for the purpose of carrying out the duties, responsibilities, and other obligations necessary for the day to day operation and management of any property subject to this Act. For purposes of this subsection, the term "fiduciary insurance coverage" shall be defined as both a fidelity bond and directors and officers liability coverage, the fidelity bond in the full amount of association funds and association reserves that will be in the custody of the association, and the directors and officers liability coverage at a level as shall be determined to be reasonable by the board of managers, if not otherwise established by the declaration or by laws.

Until one year after the effective date of this amendatory Act of 1985, if a condominium association has reserves plus assessments in excess of $250,000 and cannot reasonably obtain 100% fidelity bond coverage for such amount, then it must obtain a fidelity bond coverage of $250,000.

(h) Method of estimating the amount of the annual budget, and the manner of assessing and collecting from the unit owners their respective shares of such estimated expenses, and of any other expenses lawfully agreed upon.

(i) That upon 10 days notice to the manager or board of managers and payment of a reasonable fee, any unit owner shall be furnished a statement of his account setting forth the amount of any unpaid assessments or other charges due and owing from such owner.

(j) Designation and removal of personnel necessary for the maintenance, repair and replacement of the common elements.

(k) Such restrictions on and requirements respecting the use and maintenance of the units and the use of the common elements, not set forth in the declaration, as are designed to prevent unreasonable interference with the use of their respective units and of the common elements by the several unit owners.

(l) Method of adopting and of amending administrative rules and regulations governing the operation and use of the common elements.
(m) The percentage of votes required to modify or amend the bylaws, but each one of the particulars set forth in this section shall always be embodied in the bylaws.

(n) (i) The provisions of this Act, the declaration, bylaws, other condominium instruments, and rules and regulations that relate to the use of the individual unit or the common elements shall be applicable to any person leasing a unit and shall be deemed to be incorporated in any lease executed or renewed on or after the effective date of this amendatory Act of 1984. (ii) With regard to any lease entered into subsequent to the effective date of this amendatory Act of 1989, the unit owner leasing the unit shall deliver a copy of the signed lease to the board or if the lease is oral, a memorandum of the lease, not later than the date of occupancy or 10 days after the lease is signed, whichever occurs first. In addition to any other remedies, by filing an action jointly against the tenant and the unit owner, an association may seek to enjoin a tenant from occupying a unit or seek to evict a tenant under the provisions of Article IX of the Code of Civil Procedure for failure of the lessor-owner to comply with the leasing requirements prescribed by this Section or by the declaration, bylaws, and rules and regulations. The board of managers may proceed directly against a tenant, at law or in equity, or under the provisions of Article IX of the Code of Civil Procedure, for any other breach by tenant of any covenants, rules, regulations or bylaws.

(o) The association shall have no authority to forbear the payment of assessments by any unit owner.

(p) That when 30% or fewer of the units, by number, possess over 50% in the aggregate of the votes in the association, any percentage vote of members specified herein or in the condominium instruments shall require the specified percentage by number of units rather than by percentage of interest in the common elements allocated to units that would otherwise be applicable. For purposes of this subsection (p), when making a determination of whether 30% or fewer of the units, by number, possess over 50% in the aggregate of the votes in the association, a unit shall not include a garage unit or a storage unit.
(q) That a unit owner may not assign, delegate, transfer, surrender, or avoid the duties, responsibilities, and liabilities of a unit owner under this Act, the condominium instruments, or the rules and regulations of the Association; and that such an attempted assignment, delegation, transfer, surrender, or avoidance shall be deemed void.

The provisions of this Section are applicable to all condominium instruments recorded under this Act. Any portion of a condominium instrument which contains provisions contrary to these provisions shall be void as against public policy and ineffective. Any such instrument which fails to contain the provisions required by this Section shall be deemed to incorporate such provisions by operation of law.

convicted of an offense enumerated in subdivision (a)(2)(i), (ii), or (iii) of this Section that is committed on or after June 19, 1998 or subdivision (a)(2)(iv) of this Section that is committed on or after June 23, 2005 (the effective date of Public Act 94-71) or subdivision (a)(2)(v) of this Section that is committed on or after the effective date of this amendatory Act of the 95th General Assembly, or if convicted of reckless homicide as defined in subsection (e) of Section 9-3 of the Criminal Code of 1961 if the offense is committed on or after January 1, 1999, or aggravated driving under the influence of alcohol, other drug or drugs, or intoxicating compound or compounds, or any combination thereof as defined in subparagraph (F) of paragraph (1) of subsection (d) of Section 11-501 of the Illinois Vehicle Code, or if convicted of an offense enumerated in paragraph (a)(2.4) of this Section that is committed on or after July 15, 1999 (the effective date of Public Act 91-121), or first degree murder, a Class X felony, criminal sexual assault, felony criminal sexual abuse, aggravated criminal sexual abuse, aggravated battery with a firearm, or any predecessor or successor offenses with the same or substantially the same elements, or any inchoate offenses relating to the foregoing offenses. Educational, vocational, substance abuse and correctional industry programs under which good conduct credit may be increased under this paragraph (4) and paragraph (4.1) of this subsection (a) shall be evaluated by the Department on the basis of documented standards. The Department shall report the results of these evaluations to the Governor and the General Assembly by September 30th of each year. The reports shall include data relating to the recidivism rate among program participants.

New matter indicated by italics - deletions by strikeout
Availability of these programs shall be subject to the limits of fiscal resources appropriated by the General Assembly for these purposes. Eligible inmates who are denied immediate admission shall be placed on a waiting list under criteria established by the Department. The inability of any inmate to become engaged in any such programs by reason of insufficient program resources or for any other reason established under the rules and regulations of the Department shall not be deemed a cause of action under which the Department or any employee or agent of the Department shall be liable for damages to the inmate.

(4.1) The rules and regulations shall also provide that an additional 60 days of good conduct credit shall be awarded to any prisoner who passes the high school level Test of General Educational Development (GED) while the prisoner is incarcerated. The good conduct credit awarded under this paragraph (4.1) shall be in addition to, and shall not affect, the award of good conduct under any other paragraph of this Section, but shall also be pursuant to the guidelines and restrictions set forth in paragraph (4) of subsection (a) of this Section. The good conduct credit provided for in this paragraph shall be available only to those prisoners who have not previously earned a high school diploma or a GED. If, after an award of the GED good conduct credit has been made and the Department determines that the prisoner was not eligible, then the award shall be revoked.

(4.5) The rules and regulations on early release shall also provide that when the court's sentencing order recommends a prisoner for substance abuse treatment and the crime was committed on or after September 1, 2003 (the effective date of Public Act 93-354), the prisoner shall receive no good conduct credit awarded under clause (3) of this subsection (a) unless he or she participates in and completes a substance abuse treatment program. The Director may waive the requirement to participate in or complete a substance abuse treatment program and award the good conduct credit in specific instances if the prisoner is not a
good candidate for a substance abuse treatment program for medical, programming, or operational reasons. Availability of substance abuse treatment shall be subject to the limits of fiscal resources appropriated by the General Assembly for these purposes. If treatment is not available and the requirement to participate and complete the treatment has not been waived by the Director, the prisoner shall be placed on a waiting list under criteria established by the Department. The Director may allow a prisoner placed on a waiting list to participate in and complete a substance abuse education class or attend substance abuse self-help meetings in lieu of a substance abuse treatment program. A prisoner on a waiting list who is not placed in a substance abuse program prior to release may be eligible for a waiver and receive good conduct credit under clause (3) of this subsection (a) at the discretion of the Director.

(5) Whenever the Department is to release any inmate earlier than it otherwise would because of a grant of good conduct credit for meritorious service given at any time during the term, the Department shall give reasonable advance notice of the impending release to the State's Attorney of the county where the prosecution of the inmate took place.

(b) Whenever a person is or has been committed under several convictions, with separate sentences, the sentences shall be construed under Section 5-8-4 in granting and forfeiting of good time.

(c) The Department shall prescribe rules and regulations for revoking good conduct credit, or suspending or reducing the rate of accumulation of good conduct credit for specific rule violations, during imprisonment. These rules and regulations shall provide that no inmate may be penalized more than one year of good conduct credit for any one infraction.

When the Department seeks to revoke, suspend or reduce the rate of accumulation of any good conduct credits for an alleged infraction of its rules, it shall bring charges therefor against the prisoner sought to be so deprived of good conduct credits before the Prisoner Review Board as

provided in subparagraph (a)(4) of Section 3-3-2 of this Code, if the amount of credit at issue exceeds 30 days or when during any 12 month period, the cumulative amount of credit revoked exceeds 30 days except where the infraction is committed or discovered within 60 days of scheduled release. In those cases, the Department of Corrections may revoke up to 30 days of good conduct credit. The Board may subsequently approve the revocation of additional good conduct credit, if the Department seeks to revoke good conduct credit in excess of 30 days. However, the Board shall not be empowered to review the Department's decision with respect to the loss of 30 days of good conduct credit within any calendar year for any prisoner or to increase any penalty beyond the length requested by the Department.

The Director of the Department of Corrections, in appropriate cases, may restore up to 30 days good conduct credits which have been revoked, suspended or reduced. Any restoration of good conduct credits in excess of 30 days shall be subject to review by the Prisoner Review Board. However, the Board may not restore good conduct credit in excess of the amount requested by the Director.

Nothing contained in this Section shall prohibit the Prisoner Review Board from ordering, pursuant to Section 3-3-9(a)(3)(i)(B), that a prisoner serve up to one year of the sentence imposed by the court that was not served due to the accumulation of good conduct credit.

(d) If a lawsuit is filed by a prisoner in an Illinois or federal court against the State, the Department of Corrections, or the Prisoner Review Board, or against any of their officers or employees, and the court makes a specific finding that a pleading, motion, or other paper filed by the prisoner is frivolous, the Department of Corrections shall conduct a hearing to revoke up to 180 days of good conduct credit by bringing charges against the prisoner sought to be deprived of the good conduct credits before the Prisoner Review Board as provided in subparagraph (a)(8) of Section 3-3-2 of this Code. If the prisoner has not accumulated 180 days of good conduct credit at the time of the finding, then the Prisoner Review Board may revoke all good conduct credit accumulated by the prisoner.
For purposes of this subsection (d):

(1) "Frivolous" means that a pleading, motion, or other filing which purports to be a legal document filed by a prisoner in his or her lawsuit meets any or all of the following criteria:

(A) it lacks an arguable basis either in law or in fact;
(B) it is being presented for any improper purpose, such as to harass or to cause unnecessary delay or needless increase in the cost of litigation;
(C) the claims, defenses, and other legal contentions therein are not warranted by existing law or by a nonfrivolous argument for the extension, modification, or reversal of existing law or the establishment of new law;
(D) the allegations and other factual contentions do not have evidentiary support or, if specifically so identified, are not likely to have evidentiary support after a reasonable opportunity for further investigation or discovery; or
(E) the denials of factual contentions are not warranted on the evidence, or if specifically so identified, are not reasonably based on a lack of information or belief.

(2) "Lawsuit" means a petition for post-conviction relief under Article 122 of the Code of Criminal Procedure of 1963, a motion pursuant to Section 116-3 of the Code of Criminal Procedure of 1963, a habeas corpus action under Article X of the Code of Civil Procedure or under federal law (28 U.S.C. 2254), a petition for claim under the Court of Claims Act or an action under the federal Civil Rights Act (42 U.S.C. 1983).

(e) Nothing in Public Act 90-592 or 90-593 affects the validity of Public Act 89-404.

AN ACT concerning transportation.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Vehicle Code is amended by changing Sections 2-118, 6-201, 6-205, 6-206, and 11-501.8 as follows:

(625 ILCS 5/2-118) (from Ch. 95 1/2, par. 2-118)

Sec. 2-118. Hearings.

(a) Upon the suspension, revocation or denial of the issuance of a license, permit, registration or certificate of title under this Code of any person the Secretary of State shall immediately notify such person in writing and upon his written request shall, within 20 days after receipt thereof, set a date for a hearing to commence within 90 calendar days from the date of the written request for all requests related to a suspension, revocation, or the denial of the issuance of a license, permit, registration, or certificate of title occurring after July 1, 2002, in the County of Sangamon, the County of Jefferson, or the County of Cook, as such person may specify, unless both parties agree that such hearing may be held in some other county. The Secretary may require the payment of a fee of not more than $50 for the filing of any petition, motion, or request for hearing conducted pursuant to this Section. These fees must be deposited into the Secretary of State DUI Administration Fund, a special fund created in the State treasury, and, subject to appropriation and as directed by the Secretary of State, shall be used for operation of the Department of Administrative Hearings of the Office of the Secretary of State and for no other purpose. The Secretary shall establish by rule the amount and the procedures, terms, and conditions relating to these fees.

(b) At any time after the suspension, revocation or denial of a license, permit, registration or certificate of title of any person as hereinbefore referred to, the Secretary of State, in his or her discretion and without the necessity of a request by such person, may hold such a hearing,
upon not less than 10 days' notice in writing, in the Counties of Sangamon, Jefferson, or Cook or in any other county agreed to by the parties.

(c) Upon any such hearing, the Secretary of State, or his authorized agent may administer oaths and issue subpoenas for the attendance of witnesses and the production of relevant books and records and may require an examination of such person. Upon any such hearing, the Secretary of State shall either rescind or, good cause appearing therefor, continue, change or extend the Order of Revocation or Suspension, or upon petition therefore and subject to the provisions of this Code, issue a restricted driving permit or reinstate the license or permit of such person.

(d) All hearings and hearing procedures shall comply with requirements of the Constitution, so that no person is deprived of due process of law nor denied equal protection of the laws. All hearings shall be held before the Secretary of State or before such persons as may be designated by the Secretary of State and appropriate records of such hearings shall be kept. Where a transcript of the hearing is taken, the person requesting the hearing shall have the opportunity to order a copy thereof at his own expense. The Secretary of State shall enter an order upon any hearing conducted under this Section, related to a suspension, revocation, or the denial of the issuance of a license, permit, registration, or certificate of title occurring after July 1, 2002, within 90 days of its conclusion and shall immediately notify the person in writing of his or her action.

Either party, however, may subpoena the arresting officer and any other law enforcement officer who was involved in the petitioner's arrest or processing after arrest, as well as any other person whose testimony may be probative to the issues at the hearing. The failure of a law enforcement officer to answer the subpoena shall be considered grounds for a continuance if, in the hearing officer's discretion, the continuance is appropriate. The failure of the arresting officer to answer a
subpoena shall not, in and of itself, be considered grounds for the rescission of an implied consent suspension. Rather, the hearing shall proceed on the basis of the other evidence available, and the hearing officer shall assign this evidence whatever probative value is deemed appropriate. The decision to rescind shall be based upon the totality of the evidence.

(e) The action of the Secretary of State in suspending, revoking or denying any license, permit, registration, or certificate of title shall be subject to judicial review in the Circuit Court of Sangamon County, in the Circuit Court of Jefferson County, or in the Circuit Court of Cook County, and the provisions of the Administrative Review Law, and all amendments and modifications thereto, and the rules adopted pursuant thereto, are hereby adopted and shall apply to and govern every action for the judicial review of final acts or decisions of the Secretary of State hereunder. (vi) If a driver is receiving medical treatment as a result of a motor vehicle accident, a physician licensed to practice medicine, registered nurse, or other qualified person trained in venipuncture and acting under the direction of a licensed physician shall withdraw blood for testing purposes to ascertain the presence of alcohol upon the specific request of a law enforcement officer. However, that testing shall not be performed until, in the opinion of the medical personnel on scene, the withdrawal can be made without interfering with or endangering the well-being of the patient.

(c) A person requested to submit to a test as provided above shall be warned by the law enforcement officer requesting the test that a refusal to submit to the test, or submission to the test resulting in an alcohol concentration of more than 0.00, may result in the loss of that person's privilege to operate a motor vehicle. The loss of driving privileges shall be imposed in accordance with Section 6-208.2 of this Code.

(d) If the person refuses testing or submits to a test that discloses an alcohol concentration of more than 0.00, the law enforcement officer shall immediately submit a sworn report to the Secretary of State on a form prescribed by the Secretary of State, certifying that the test or tests

New matter indicated by italics - deletions by strikeout
were requested under subsection (a) and the person refused to submit to a
test or tests or submitted to testing which disclosed an alcohol
concentration of more than 0.00. The law enforcement officer shall submit
the same sworn report when a person under the age of 21 submits to
testing under Section 11-501.1 of this Code and the testing discloses an
alcohol concentration of more than 0.00 and less than 0.08.

Upon receipt of the sworn report of a law enforcement officer, the
Secretary of State shall enter the driver's license sanction on the
individual's driving record and the sanctions shall be effective on the 46th
day following the date notice of the sanction was given to the person. If
this sanction is the individual's first driver's license suspension under this
Section, reports received by the Secretary of State under this Section shall,
except during the time the suspension is in effect, be privileged
information and for use only by the courts, police officers, prosecuting
authorities, the Secretary of State, or the individual personally.

The law enforcement officer submitting the sworn report shall
serve immediate notice of this driver's license sanction on the person and
the sanction shall be effective on the 46th day following the date notice
was given.

In cases where the blood alcohol concentration of more than 0.00 is
established by a subsequent analysis of blood or urine, the police officer or
arresting agency shall give notice as provided in this Section or by deposit
in the United States mail of that notice in an envelope with postage
prepaid and addressed to that person at his last known address and the loss
of driving privileges shall be effective on the 46th day following the date
notice was given.

Upon receipt of the sworn report of a law enforcement officer, the
Secretary of State shall also give notice of the driver's license sanction to
the driver by mailing a notice of the effective date of the sanction to the
individual. However, should the sworn report be defective by not
containing sufficient information or be completed in error, the notice of
the driver's license sanction may not be mailed to the person or entered to
the driving record, but rather the sworn report shall be returned to the
issuing law enforcement agency.

New matter indicated by italics - deletions by strikeout
(e) A driver may contest this driver's license sanction by requesting an administrative hearing with the Secretary of State in accordance with Section 2-118 of this Code. An individual whose blood alcohol concentration is shown to be more than 0.00 is not subject to this Section if he or she consumed alcohol in the performance of a religious service or ceremony. An individual whose blood alcohol concentration is shown to be more than 0.00 shall not be subject to this Section if the individual's blood alcohol concentration resulted only from ingestion of the prescribed or recommended dosage of medicine that contained alcohol. The petition for that hearing shall not stay or delay the effective date of the impending suspension. The scope of this hearing shall be limited to the issues of:

1. whether the police officer had probable cause to believe that the person was driving or in actual physical control of a motor vehicle upon the public highways of the State and the police officer had reason to believe that the person was in violation of any provision of the Illinois Vehicle Code or a similar provision of a local ordinance; and

2. whether the person was issued a Uniform Traffic Ticket for any violation of the Illinois Vehicle Code or a similar provision of a local ordinance; and

3. whether the police officer had probable cause to believe that the driver had consumed any amount of an alcoholic beverage based upon the driver's physical actions or other first-hand knowledge of the police officer; and

4. whether the person, after being advised by the officer that the privilege to operate a motor vehicle would be suspended if the person refused to submit to and complete the test or tests, did refuse to submit to or complete the test or tests to determine the person's alcohol concentration; and

5. whether the person, after being advised by the officer that the privileges to operate a motor vehicle would be suspended if the person submits to a chemical test or tests and the test or tests disclose an alcohol concentration of more than 0.00, did submit to
and complete the test or tests that determined an alcohol concentration of more than 0.00; and

(6) whether the test result of an alcohol concentration of more than 0.00 was based upon the person's consumption of alcohol in the performance of a religious service or ceremony; and

(7) whether the test result of an alcohol concentration of more than 0.00 was based upon the person's consumption of alcohol through ingestion of the prescribed or recommended dosage of medicine.

Provided that the petitioner may subpoena the officer, the hearing may be conducted upon a review of the law enforcement officer's own official reports. Failure of the officer to answer the subpoena shall be grounds for a continuance if, in the hearing officer's discretion, the continuance is appropriate. At the conclusion of the hearing held under Section 2-118 of this Code, the Secretary of State may rescind, continue, or modify the driver's license sanction. If the Secretary of State does not rescind the sanction, a restricted driving permit may be granted by the Secretary of State upon application being made and good cause shown. A restricted driving permit may be granted to relieve undue hardship by allowing driving for employment, educational, and medical purposes as outlined in item (3) of part (c) of Section 6-206 of this Code. The provisions of item (3) of part (c) of Section 6-206 of this Code and of subsection (f) of that Section shall apply. The Secretary of State shall promulgate rules providing for participation in an alcohol education and awareness program or activity, a drug education and awareness program or activity, or both as a condition to the issuance of a restricted driving permit for suspensions imposed under this Section.

(f) The results of any chemical testing performed in accordance with subsection (a) of this Section are not admissible in any civil or criminal proceeding, except that the results of the testing may be considered at a hearing held under Section 2-118 of this Code. However, the results of the testing may not be used to impose driver's license sanctions under Section 11-501.1 of this Code. A law enforcement officer may, however, pursue a statutory summary suspension of driving

privileges under Section 11-501.1 of this Code if other physical evidence or first hand knowledge forms the basis of that suspension.

(g) This Section applies only to drivers who are under age 21 at the time of the issuance of a Uniform Traffic Ticket for a violation of the Illinois Vehicle Code or a similar provision of a local ordinance, and a chemical test request is made under this Section.

(h) The action of the Secretary of State in suspending, revoking, or denying any license, permit, registration, or certificate of title shall be subject to judicial review in the Circuit Court of Sangamon County or in the Circuit Court of Cook County, and the provisions of the Administrative Review Law and its rules are hereby adopted and shall apply to and govern every action for the judicial review of final acts or decisions of the Secretary of State under this Section.

PUBLIC ACT 95-0630
(Senate Bill No. 0545)

AN ACT concerning State government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Department of Public Health Powers and Duties Law of the Civil Administrative Code of Illinois is amended by adding Section 216 as follows:

(20 ILCS 2310/216 new)
Sec. 216. Culturally Competent Healthcare Demonstration Program.

(a) Research demonstrates that racial and ethnic minorities generally receive health care that is of a lesser quality than the majority population and have poorer health outcomes on a number of measures. The 2007 State Health Improvement Plan calls for increased cultural competence in Illinois health care settings, based on national standards that indicate cultural competence is an important aspect of the quality of health care delivered to racial, ethnic, religious, and other minorities.

New matter indicated by italics - deletions by strikeout
Based on the research and national standards, the General Assembly finds that increasing cultural competence among health care providers will improve the quality of health care delivered to minorities in Illinois.

(b) Subject to appropriation for this purpose, the Department shall establish the Culturally Competent Health Care Demonstration Program. For purposes of this Section, "culturally competent health care" means the ability of health care providers to understand and respond to the cultural and linguistic needs brought by patients to the health care encounter. The Program shall establish models that reflect best practices in culturally competent health care and that expand the delivery of culturally competent health care in Illinois.

(c) The Program shall consist of (i) demonstration grants awarded by the Department to public or private health care entities geographically distributed around the State; (ii) an ongoing collaborative learning project among the grantees; and (iii) an evaluation of the effect of the demonstration grants in improving the quality of health care for racial and ethnic minorities. The Department may contract with a vendor with experience in racial and ethnic health disparities and cultural competency to conduct the evaluation and provide support for the collaborative learning project. The vendor shall be a not-for-profit organization that represents a partnership of public, private, and voluntary health organizations that focuses on prevention, development of the public health system, and the reduction of racial and ethnic health disparities, and that engages health disparities stakeholders in its efforts.

However, the cost of participation for a TRS dependent beneficiary who is an unmarried child age 19 or over and mentally or physically disabled shall not exceed the cost for a TRS dependent beneficiary who is an unmarried child under age 19 and participates in the same major medical or managed care program.

The cost of health benefits under the program shall be paid as follows:

(1) For a TRS benefit recipient selecting a managed care program, up to 75% of the total insurance rate shall be paid from the Teacher Health Insurance Security Fund. Effective with Fiscal Year 2007 and thereafter, for a TRS benefit recipient selecting a managed care program, 75% of the total insurance rate shall be paid from the Teacher Health Insurance Security Fund.

(2) For a TRS benefit recipient selecting the major medical coverage program, up to 50% of the total insurance rate shall be paid from the Teacher Health Insurance Security Fund if a managed care program is accessible, as determined by the Teachers' Retirement System. For the purpose of this item (3.1), the term "TRS dependent beneficiary who is Medicare primary" means a TRS dependent beneficiary who is participating in Medicare Parts A and B.

(4) Except as otherwise provided in item (3.1), the balance of the rate of insurance, including the entire premium of any coverage for TRS dependent beneficiaries that has been elected, shall be paid by deductions authorized by the TRS benefit recipient to be withheld from his or her monthly annuity or benefit payment from the Teachers' Retirement System; except that (i) if the balance of the cost of coverage exceeds the amount of the monthly annuity or benefit payment, the difference shall be paid directly to the Teachers' Retirement System by the TRS benefit recipient, and (ii) all or part of the balance of the cost of coverage may, at the school board's option, be paid to the Teachers' Retirement System by the school board of the school district from which the TRS benefit recipient retired, in accordance with Section 10-22.3b of the School Code. The Teachers' Retirement System shall promptly deposit all moneys withheld by or paid to it under this subdivision (e)(4) into the Teacher Health Insurance Security Fund. These moneys shall not be considered assets of the Retirement System.

(f) Financing. Beginning July 1, 1995, all revenues arising from the administration of the health benefit programs established under Article 16 of the Illinois Pension Code or this Section shall be deposited into the Teacher Health Insurance Security Fund, which is hereby created as a nonappropriated trust fund to be held outside the State Treasury, with the State Treasurer as custodian. Any interest earned on moneys in the Teacher Health Insurance Security Fund shall be deposited into the Fund.
Moneys in the Teacher Health Insurance Security Fund shall be used only to pay the costs of the health benefit program established under this Section, including associated administrative costs, and the costs associated with the health benefit program established under Article 16 of the Illinois Pension Code, as authorized in this Section. Beginning July 1, 1995, the Department of Central Management Services may make expenditures from the Teacher Health Insurance Security Fund for those costs.

After other funds authorized for the payment of the costs of the health benefit program established under Article 16 of the Illinois Pension Code are exhausted and until January 1, 1996 (or such later date as may be agreed upon by the Director of Central Management Services and the Secretary of the Teachers' Retirement System), the Secretary of the Teachers' Retirement System may make expenditures from the Teacher Health Insurance Security Fund as necessary to pay up to 75% of the cost of providing health coverage to eligible benefit recipients (as defined in Sections 16-153.1 and 16-153.3 of the Illinois Pension Code) who are enrolled in the Article 16 health benefit program and to facilitate the transfer of administration of the health benefit program to the Department of Central Management Services.

The Department may promulgate rules further defining the methodology for the transfers. Any interest earned by moneys in the funds or accounts shall inure to the Teacher Health Insurance Security Fund. (g) Contract for benefits. The Director shall by contract, self-insurance, or otherwise make available the program of health benefits for TRS benefit recipients and their TRS dependent beneficiaries that is provided for in this Section. The contract or other arrangement for the provision of these health benefits shall be on terms deemed by the Director to be in the best interest of the State of Illinois and the TRS benefit recipients based on, but not limited to, such criteria as administrative cost, service capabilities of the carrier or other contractor, and the costs of the benefits.

(g-5) Committee. A Teacher Retirement Insurance Program Committee shall be established, to consist of 10 persons appointed by the Governor.

The Committee shall convene at least 4 times each year, and shall consider and make recommendations on issues affecting the program of health benefits provided under this Section. Recommendations of the Committee shall be based on a consensus of the members of the Committee.

If the Teacher Health Insurance Security Fund experiences a deficit balance based upon the contribution and subsidy rates established in this Section and Section 6.6 for Fiscal Year 2008 or thereafter, the Committee shall make recommendations for adjustments to the funding sources established under these Sections.

(h) Continuation of program. It is the intention of the General Assembly that the program of health benefits provided under this Section be maintained on an ongoing, affordable basis.

These contributions shall be deducted by the employer and paid to the State Universities Retirement System as service agent for the Department of Central Management Services. The System may use the same processes for collecting the contributions required by this subsection that it uses to collect the contributions received from those employees under Section 15-157 of the Illinois Pension Code. An employer may agree to pick up or pay the contributions required under this subsection on behalf of the employee; such contributions shall be deemed to have been paid by the employee.

These contributions shall be paid by the employer to the State Universities Retirement System as service agent for the Department of Central Management Services. The System may use the same processes for collecting the contributions required by this subsection that it uses to collect the contributions received from those employers under Section 15-155 of the Illinois Pension Code.

The State Universities Retirement System shall promptly deposit all moneys collected under this subsection (b) into the Community College Health Insurance Security Fund created in Section 6.9 of this Act. (c) On or before November 15 of each year, the Board of Trustees of the State Universities Retirement System shall certify to the Governor, the Director of Central Management Services, and the State Comptroller its estimate of the total amount of contributions to be paid under subsection (a) of this Section for the next fiscal year. Beginning in fiscal year 2008, the amount certified shall be decreased or increased each year by the amount that the actual active employee contributions either fell short of or exceeded the estimate used by the Board in making the certification for the previous fiscal year. The State Universities Retirement System shall calculate the amount of actual active employee contributions in fiscal years 1999 through 2005. Based upon this calculation, the fiscal year 2008 certification shall include an amount equal to the cumulative amount that the actual active employee contributions either fell short of or exceeded the estimate used by the Board in making the certification for those fiscal years. The certification shall include a detailed explanation of the methods and information that the Board relied upon in preparing its estimate. As soon as possible after the effective date of this Section, the Board shall submit its estimate for fiscal year 1999.

(d) Beginning in fiscal year 1999, on the first day of each month, or as soon thereafter as may be practical, the State Treasurer and the State Comptroller shall transfer from the General Revenue Fund to the Community College Health Insurance Security Fund 1/12 of the annual amount appropriated for that fiscal year to the State Comptroller for deposit into the Community College Health Insurance Security Fund under Section 1.4 of the State Pension Funds Continuing Appropriation Act.

(5 ILCS 375/10) (from Ch. 127, par. 530)
Sec. 10. Payments by State; premiums.
(a) The State shall pay the cost of basic non-contributory group life insurance and, subject to member paid contributions set by the Department or required by this Section, the basic program of group health benefits on each eligible member, except a member, not otherwise covered by this Act, who has retired as a participating member under Article 2 of the Illinois Pension Code but is ineligible for the retirement annuity under Section 2-119 of the Illinois Pension Code, and part of each eligible member's and retired member's premiums for health insurance coverage for enrolled dependents as provided by Section 9. The State shall pay the cost of the basic program of group health benefits only after benefits are reduced by the amount of benefits covered by Medicare for all members and dependents who are eligible for benefits under Social Security or the Railroad Retirement system or who had sufficient Medicare-covered government employment, except that such reduction in benefits shall apply only to those members and dependents who (1) first become eligible for such Medicare coverage on or after July 1, 1992; or (2) are Medicare-eligible members or dependents of a local government unit which began participation in the program on or after July 1, 1992; or (3) remain eligible for, but no longer receive Medicare coverage which they had been receiving on or after July 1, 1992. The Department may determine the aggregate level of the State's contribution on the basis of actual cost of medical services adjusted for age, sex or geographic or other demographic characteristics which affect the costs of such programs.

The cost of participation in the basic program of group health benefits for the dependent or survivor of a living or deceased retired employee who was formerly employed by the University of Illinois in the Cooperative Extension Service and would be an annuitant but for the fact that he or she was made ineligible to participate in the State Universities Retirement System by clause (4) of subsection (a) of Section 15-107 of the Illinois Pension Code shall not be greater than the cost of participation that would otherwise apply to that dependent or survivor if he or she were the dependent or survivor of an annuitant under the State Universities Retirement System.

(a-1) Beginning January 1, 1998, for each person who becomes a new SERS annuitant and participates in the basic program of group health benefits, the State shall contribute toward the cost of the annuitant's coverage under the basic program of group health benefits an amount equal to 5% of that cost for each full year of creditable service upon which the annuitant's retirement annuity is based, up to a maximum of 100% for an annuitant with 20 or more years of creditable service. In the case of a new SERS annuitant who has elected to receive an alternative retirement cancellation payment under Section 14-108.5 of the Illinois Pension Code in lieu of an annuity, for the purposes of this subsection the annuitant shall be deemed to be receiving a retirement annuity based on the number of years of creditable service that the annuitant had established at the time of his or her termination of service under SERS.

(a-2) Beginning January 1, 1998, for each person who becomes a new SERS survivor and participates in the basic program of group health benefits, the State shall contribute toward the cost of the survivor's coverage under the basic program of group health benefits an amount equal to 5% of that cost for each full year of the deceased employee's or deceased annuitant's creditable service in the State Employees' Retirement System of Illinois on the date of death, up to a maximum of 100% for a survivor of an employee or annuitant with 20 or more years of creditable service. The remainder of the cost of the new SERS survivor's coverage under the basic program of group health benefits shall be the responsibility of the survivor. In the case of a new SERS survivor who was the dependent of an annuitant who elected to receive an alternative retirement cancellation payment under Section 14-108.5 of the Illinois Pension Code in lieu of an annuity, for the purposes of this subsection the deceased annuitant's creditable service shall be determined as of the date of termination of service rather than the date of death.

(b) State employees who become eligible for this program on or after January 1, 1980 in positions normally requiring actual performance of duty not less than 1/2 of a normal work period but not equal to that of a normal work period, shall be given the option of participating in the available program. (e) Where the person is in non-pay status for a period in excess of 30 days or on leave of absence, other than by reason of disability, educational or sabbatical leave, or military leave with pay and benefits, such person may continue coverage only by making personal payment equal to the amount normally contributed by the State on such person's behalf. Such payments and coverage may be continued: (1) until such time as the person returns to a status eligible for coverage at State expense, but not to exceed 24 months, (2) until such person's employment or annuitant status with the State is terminated, or (3) for a maximum period of 4 years for members on military leave with pay and benefits and military leave without pay and benefits (exclusive of any additional service imposed pursuant to law).

Personnel Code who are not considered employees under this Act shall be given the option of participating in the programs of group life insurance, health benefits and other employee benefits. Such persons electing coverage may participate only by making payment equal to the amount normally contributed by the State for similarly situated employees. Such amounts shall be determined by the Director. Such payments and coverage may be continued until such time as the person becomes an employee pursuant to this Act or such person's appointment is terminated.

(i) Any unit of local government within the State of Illinois may apply to the Director to have its employees, annuitants, and their dependents provided group health coverage under this Act on a non-insured basis. To participate, a unit of local government must agree to enroll all of its employees, who may select coverage under either the State group health benefits plan or a health maintenance organization that has contracted with the State to be available as a health care provider for employees as defined in this Act. A unit of local government must remit the entire cost of providing coverage under the State group health benefits plan or, for coverage under a health maintenance organization, an amount determined by the Director based on an analysis of the sex, age, geographic location, or other relevant demographic variables for its employees, except that the unit of local government shall not be required to enroll those of its employees who are covered spouses or dependents under this plan or another group policy or plan providing health benefits as long as (1) an appropriate official from the unit of local government attests that each employee not enrolled is a covered spouse or dependent under this plan or another group policy or plan, and (2) at least 85% of the employees are enrolled and the unit of local government remits the entire cost of providing coverage to those employees, except that a participating school district must have enrolled at least 85% of its full-time employees who have not waived coverage under the district's group health plan by participating in a component of the district's cafeteria plan. A participating school district is not required to enroll a full-time employee who has waived coverage under the district's health plan, provided that an appropriate official from the participating school district attests that the
full-time employee has waived coverage by participating in a component of the district's cafeteria plan. For the purposes of this subsection, "participating school district" includes a unit of local government whose primary purpose is education as defined by the Department's rules.

Employees of a participating unit of local government who are not enrolled due to coverage under another group health policy or plan may enroll in the event of a qualifying change in status, special enrollment, special circumstance as defined by the Director, or during the annual Benefit Choice Period. A participating unit of local government may also elect to cover its annuitants. Dependent coverage shall be offered on an optional basis, with the costs paid by the unit of local government, its employees, or some combination of the two as determined by the unit of local government. The unit of local government shall be responsible for timely collection and transmission of dependent premiums.

The Director shall annually determine monthly rates of payment, subject to the following constraints:

(1) In the first year of coverage, the rates shall be equal to the amount normally charged to State employees for elected optional coverages or for enrolled dependents coverages or other contributory coverages, or contributed by the State for basic insurance coverages on behalf of its employees, adjusted for differences between State employees and employees of the local government in age, sex, geographic location or other relevant demographic variables, plus an amount sufficient to pay for the additional administrative costs of providing coverage to employees of the unit of local government and their dependents.

(2) In subsequent years, a further adjustment shall be made to reflect the actual prior years' claims experience of the employees of the unit of local government.

In the case of coverage of local government employees under a health maintenance organization, the Director shall annually determine for each participating unit of local government the maximum monthly amount the unit may contribute toward that coverage, based on an analysis of (i) the age, sex, geographic location, and other relevant demographic variables.

variables of the unit's employees and (ii) the cost to cover those employees under the State group health benefits plan. The Director may similarly determine the maximum monthly amount each unit of local government may contribute toward coverage of its employees' dependents under a health maintenance organization.

Monthly payments by the unit of local government or its employees for group health benefits plan or health maintenance organization coverage shall be deposited in the Local Government Health Insurance Reserve Fund.

The Local Government Health Insurance Reserve Fund shall be a continuing fund not subject to fiscal year limitations. All revenues arising from the administration of the health benefits program established under this Section shall be deposited into the Local Government Health Insurance Reserve Fund. All expenditures from this Fund shall be used for payments for health care benefits for local government and rehabilitation facility employees, annuitants, and dependents, and to reimburse the Department or its administrative service organization for all expenses incurred in the administration of benefits. No other State funds may be used for these purposes.

A local government employer's participation or desire to participate in a program created under this subsection shall not limit that employer's duty to bargain with the representative of any collective bargaining unit of its employees.

(j) Any rehabilitation facility within the State of Illinois may apply to the Director to have its employees, annuitants, and their eligible dependents provided group health coverage under this Act on a non-insured basis. To participate, a rehabilitation facility must agree to enroll all of its employees and remit the entire cost of providing such coverage for its employees, except that the rehabilitation facility shall not be required to enroll those of its employees who are covered spouses or dependents under this plan or another group policy or plan providing health benefits as long as (1) an appropriate official from the rehabilitation facility attests that each employee not enrolled is a covered spouse or dependent under this plan or another group policy or plan, and (2) at least

85% of the employees are enrolled and the rehabilitation facility remits the entire cost of providing coverage to those employees. Employees of a participating rehabilitation facility who are not enrolled due to coverage under another group health policy or plan may enroll in the event of a qualifying change in status, special enrollment, special circumstance as defined by the Director, or during the annual Benefit Choice Period. A participating rehabilitation facility may also elect to cover its annuitants. Dependent coverage shall be offered on an optional basis, with the costs paid by the rehabilitation facility, its employees, or some combination of the 2 as determined by the rehabilitation facility. The rehabilitation facility shall be responsible for timely collection and transmission of dependent premiums.

The Director shall annually determine quarterly rates of payment, subject to the following constraints:

1. In the first year of coverage, the rates shall be equal to the amount normally charged to State employees for elected optional coverages or for enrolled dependents coverages or other contributory coverages on behalf of its employees, adjusted for differences between State employees and employees of the rehabilitation facility in age, sex, geographic location or other relevant demographic variables, plus an amount sufficient to pay for the additional administrative costs of providing coverage to employees of the rehabilitation facility and their dependents.

2. In subsequent years, a further adjustment shall be made to reflect the actual prior years' claims experience of the employees of the rehabilitation facility.

Monthly payments by the rehabilitation facility or its employees for group health benefits shall be deposited in the Local Government Health Insurance Reserve Fund.

(k) Any domestic violence shelter or service within the State of Illinois may apply to the Director to have its employees, annuitants, and their dependents provided group health coverage under this Act on a non-insured basis. To participate, a domestic violence shelter or service must agree to enroll all of its employees and pay the entire cost of providing

such coverage for its employees. A participating domestic violence shelter may also elect to cover its annuitants. Dependent coverage shall be offered on an optional basis, with employees, or some combination of the 2 as determined by the domestic violence shelter or service. The domestic violence shelter or service shall be responsible for timely collection and transmission of dependent premiums.

The Director shall annually determine rates of payment, subject to the following constraints:

(1) In the first year of coverage, the rates shall be equal to the amount normally charged to State employees for elected optional coverages or for enrolled dependents coverages or other contributory coverages on behalf of its employees, adjusted for differences between State employees and employees of the domestic violence shelter or service in age, sex, geographic location or other relevant demographic variables, plus an amount sufficient to pay for the additional administrative costs of providing coverage to employees of the domestic violence shelter or service and their dependents.

(2) In subsequent years, a further adjustment shall be made to reflect the actual prior years' claims experience of the employees of the domestic violence shelter or service.

Monthly payments by the domestic violence shelter or service or its employees for group health insurance shall be deposited in the Local Government Health Insurance Reserve Fund.

(I) A public community college or entity organized pursuant to the Public Community College Act may apply to the Director initially to have only annuitants not covered prior to July 1, 1992 by the district's health plan provided health coverage under this Act on a non-insured basis. The community college must execute a 2-year contract to participate in the Local Government Health Plan. Any annuitant may enroll in the event of a qualifying change in status, special enrollment, special circumstance as defined by the Director, or during the annual Benefit Choice Period.

The Director shall annually determine monthly rates of payment subject to the following constraints: for those community colleges with
annuitants only enrolled, first year rates shall be equal to the average cost to cover claims for a State member adjusted for demographics, Medicare participation, and other factors; and in the second year, a further adjustment of rates shall be made to reflect the actual first year's claims experience of the covered annuitants.

(l-5) The provisions of subsection (l) become inoperative on July 1, 1999.

(m) The Director shall adopt any rules deemed necessary for implementation of this amendatory Act of 1989 (Public Act 86-978).

(n) Any child advocacy center within the State of Illinois may apply to the Director to have its employees, annuitants, and their dependents provided group health coverage under this Act on a non-insured basis. To participate, a child advocacy center must agree to enroll all of its employees and pay the entire cost of providing coverage for its employees. A participating child advocacy center may also elect to cover its annuitants. Dependent coverage shall be offered on an optional basis, with the costs paid by the child advocacy center, its employees, or some combination of the 2 as determined by the child advocacy center. The child advocacy center shall be responsible for timely collection and transmission of dependent premiums.

The Director shall annually determine rates of payment, subject to the following constraints:

(1) In the first year of coverage, the rates shall be equal to the amount normally charged to State employees for elected optional coverages or for enrolled dependents coverages or other contributory coverages on behalf of its employees, adjusted for differences between State employees and employees of the child advocacy center in age, sex, geographic location, or other relevant demographic variables, plus an amount sufficient to pay for the additional administrative costs of providing coverage to employees of the child advocacy center and their dependents.

(2) In subsequent years, a further adjustment shall be made to reflect the actual prior years' claims experience of the employees of the child advocacy center.
Monthly payments by the child advocacy center or its employees for group health insurance shall be deposited into the Local Government Health Insurance Reserve Fund.

(b) Upon the adoption of a self-insurance health plan, any monies attributable to the group health insurance program shall be deposited in or transferred to the Health Insurance Reserve Fund for use by the Department. Contributions by the State to the Health Insurance Reserve Fund to meet the requirements of this Act, as established by the Director, from the General Revenue Fund and the Road Fund to the Health Insurance Reserve Fund shall be by annual appropriations, and all other contributions to meet the requirements of the programs of health benefits or other employee benefits shall be deposited in the Health Insurance Reserve Fund. Section 99. Effective date. This Act takes effect upon becoming law.

Approved September 25, 2007.
AN ACT concerning revenue.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Property Tax Code is amended by adding Divisions 16 and 17 to Article 10 as follows:

(35 ILCS 200/Art. 10 Div. 16 heading new)

DIVISION 16. CONSERVATION STEWARDSHIP LAW

(35 ILCS 200/10-400 new)

Sec. 10-400. Short title; findings and policy.

(a) This Division may be cited as the Conservation Stewardship Law.

(b) The General Assembly finds that it is in the best interest of this State to maintain, preserve, conserve, and manage unimproved land to assure the protection of these limited and unique environmental resources for the economic and social well-being of the State and its citizens.

The General Assembly further finds that, to maximize voluntary taxpayer participation in conservation programs, conservation should be recognized as a legitimate land use and taxpayers should have a full range of incentive programs from which to choose.

Therefore, the General Assembly declares that it is in the public interest to prevent the forced conversion of unimproved land to more intensive uses as a result of economic pressures caused by the property tax system at values incompatible with their preservation and management as unimproved land, and that a program should be designed to permit the continued availability of this land for these purposes.

The General Assembly further declares that the following provisions are intended to allow for the conservation, management, and assessment of unimproved land generally suitable for the perpetual growth and preservation of such land in this State.

(35 ILCS 200/10-405 new)

Sec. 10-405. Definitions. As used in this Division:

New matter indicated by italics - deletions by strikeout
"Unimproved land" means woodlands, prairie, wetlands, or other vacant and undeveloped land that is not used for any residential or commercial purpose that materially disturbs the land.

"Conservation management plan" means a plan approved by the Department of Natural Resources that specifies conservation and management practices, including uses that will be conducted to preserve and restore unimproved land.

"Managed land" means unimproved land of 5 contiguous acres or more that is subject to a conservation management plan.

Sec. 10-410. Conservation management plan; rules. The Department of Natural Resources shall adopt rules specifying the form and content of a conservation management plan sufficient for managed land to be valued under this Division. The rules adopted under this Section must require a description of the managed land and must specify the conservation and management practices that are appropriate to preserve and maintain unimproved land in this State and any other conservation practices.

Sec. 10-415. Plan submission and review; approval.

(a) A taxpayer requesting special valuation of unimproved land under this Division must first submit a conservation management plan for that land to the Department of Natural Resources for review. The Department of Natural Resources shall review each submitted plan for compliance with the standards and criteria set forth in its rules.

(b) Upon approval, the Department of Natural Resources shall issue to the taxpayer a written declaration that the land is subject to a conservation management plan approved by the Department of Natural Resources.

(c) The Department of Natural Resources shall reapprove the plan every 10 years and revise it when necessary or appropriate.

(d) If a plan is not approved, then the Department of Natural Resources shall state the reasons for the denial and provide the taxpayer an opportunity to amend the plan to conform to the requirements of this
Division. If the application is denied a second time, the taxpayer may appeal the decision to an independent 3-member panel to be established within the Department of Natural Resources.

(e) The submission of an application for a conservation management plan under this Section or of a forestry management plan under Section 10-150 shall be treated as compliance with the requirements of that plan until the Department of Natural Resources can review the application. The Department of Natural Resources shall certify, to the Department, these applications as being approved plans for the purpose of this Division.

(35 ILCS 200/10-420 new)
Sec. 10-420. Special valuation of managed land; exceptions.
(a) In all counties, except for Cook County, beginning with assessments made in 2008 and thereafter, managed land for which an application has been approved under Section 10-415 that contains 5 or more contiguous acres is valued at 5% of its fair cash value.

(b) The special valuation under this Section does not apply to (i) any land that has been assessed as farmland under Sections 10-110 through 10-145, (ii) land valued under Section 10-152 or 10-153, (iii) land valued as open space under Section 10-155, (iv) land certified under Section 10-167, or (v) any property dedicated as a nature preserve or a nature preserve buffer under the Illinois Natural Areas Preservation Act and assessed in accordance with subsection (e) of Section 9-145.

(35 ILCS 200/10-425 new)
Sec. 10-425. Certification.
(a) The Department of Natural Resources shall certify to the Department a list of applications approved under Section 10-415. This list must contain the following information for each approved application:
(1) the name and address of the taxpayer;
(2) the county in which the land is located;
(3) the size and each property index number or legal description of the land that was approved; and
(4) copies of the taxpayer's approved conservation management plan.

New matter indicated by italics - deletions by strikeout
(b) Within 30 days after the receipt of this information, the Department shall notify in writing the chief county assessment officer of each parcel of land covered by an approved conservation management plan and application. The chief county assessment officer shall determine the valuation of the land as otherwise permitted by law and as required under Section 10-420 of this Division, and shall list them separately.

(35 ILCS 200/10-430 new)
Sec. 10-430. Withdrawal from special valuation.
(a) If any of the following events occur, then the Department of Natural Resources shall withdraw all or a portion of the land from special valuation:

(1) the Department of Natural Resources determines, based on field inspections or from any other reasonable evidence, that the land no longer meets the criteria under this Division; or

(2) the failure of the taxpayer to respond to a request from the Department of Natural Resources or the chief county assessment officer of each county in which the property is located for data regarding the use of the land or other similar information pertinent to the continued special valuation of the land.

(b) A determination by the Department of Natural Resources to withdraw land from the special valuation under this Act is effective on the following January 1 of the assessment year in which the withdrawal occurred.

(c) The Department of Natural Resources shall notify the chief county assessment officer and the Department in writing of any land withdrawn from special valuation. Upon withdrawal, additional taxes must be calculated as provided in Section 10-445.

(35 ILCS 200/10-435 new)
Sec. 10-435. Recapture.
(a) If, in any taxable year that the taxpayer receives a special valuation under Section 10-470, the taxpayer does not comply with the conservation management plan, then the taxpayer shall, by the following September 1, pay to the county treasurer the difference between: (i) the
taxes paid for that year and; (ii) what the taxes for that year would have been based on a valuation otherwise permitted by law.

(b) If the amount under subsection (a) is not paid by the following September 1, then that amount is considered to be delinquent property taxes.

(c) If a taxpayer who currently owns land in (i) a forestry management plan under Section 10-150 or (ii) land registered or encumbered by conservation rights under Section 10-166 that would qualify for the tax assessment under this Division, then the taxpayer may apply for reassessment under this Division and shall not be penalized for doing so.

(35 ILCS 200/10-440 new)

Sec. 10-440. Sale or transfer of unimproved land. The sale or transfer of unimproved land does not affect the valuation of the land, unless there is a change in the use of the land or the acreage requirement is no longer met. Any tract of land containing less than 5 acres after a sale or transfer may be reclassified by the chief county assessment officer and valued as otherwise permitted by law. The taxpayer and the Department of Natural Resources may revise a conservation management plan whenever there is a change in the ownership of the affected land.

(35 ILCS 200/10-445 new)

Sec. 10-445. Rules. The Department of Natural Resources shall adopt rules to implement and administer this Act.

(a) If wooded acreage was classified as farmland during the 2006 assessment year, then the property shall be assessed by multiplying the current fair cash value of the property by the transition percentage. The chief county assessment officer shall determine the transition percentage for the property by dividing (i) the property's 2006 equalized assessed value as farmland by (ii) the 2006 fair cash value of the property.
(b) The wooded acreage shall continue to be assessed under the provisions of this Section through any assessment year in which the property is transferred or no longer qualifies as wooded acreage under Section 10-505, and the property must be assessed as otherwise permitted by law beginning the following assessment year.

(35 ILCS 200/10-515 new)

(14) On or before April 30, 2008 and every 2 years thereafter, the Commission shall present a written report to the Governor and the General Assembly that shall be based on a study of the impact of this amendatory Act of the 95th General Assembly on the business of soliciting, selling, and shipping wine from inside and outside of this State directly to residents of this State. As part of its report, the Commission shall provide all of the following information:

(A) The amount of State excise and sales tax revenues generated.
(B) The amount of licensing fees received.
(C) The number of cases of wine shipped from inside and outside of this State directly to residents of this State.
(D) The number of alcohol compliance operations conducted.
(E) The number of winery shipper's licenses issued.
(F) The number of each of the following: reported violations; cease and desist notices issued by the Commission; notices of violations issued by the Commission and to the Department of Revenue; and notices and complaints of violations to law enforcement officials, including, without limitation, the Illinois Attorney General and the U.S. Department of Treasury's Alcohol and Tobacco Tax and Trade Bureau.

(15) As a means to reduce the underage consumption of alcoholic liquors, the Commission shall conduct alcohol compliance operations to investigate whether businesses that are soliciting, selling, and shipping wine from inside or outside of this State directly to residents of this State are licensed by this State or are selling or attempting to sell wine to persons under 21 years of age in violation of this Act.
(16) The Commission shall, in addition to notifying any appropriate law enforcement agency, submit notices of complaints or violations of Sections 6-29 and 6-29.1 by persons who do not hold a winery shipper’s license under this amendatory Act to the Illinois Attorney General and to the U.S. Department of Treasury’s Alcohol and Tobacco Tax and Trade Bureau.

(17) (A) A person licensed to make wine under the laws of another state who has a winery shipper’s license under this amendatory Act and annually produces less than 25,000 gallons of wine or a person who has a first-class or second-class wine manufacturer’s license, a first-class or second-class wine-maker’s license, or a limited wine manufacturer’s license under this Act and annually produces less than 25,000 gallons of wine may make application to the Commission for a self-distribution exemption to allow the sale of not more than 5,000 gallons of the exemption holder’s wine to retail licensees per year.

(B) In the application, which shall be sworn under penalty of perjury, such person shall state (1) the date it was established; (2) its volume of production and sales for each year since its establishment; (3) its efforts to establish distributor relationships; (4) that a self-distribution exemption is necessary to facilitate the marketing of its wine; and (5) that it will comply with the liquor and revenue laws of the United States, this State, and any other state where it is licensed.

(C) The Commission shall approve the application for a self-distribution exemption if such person: (1) is in compliance with State revenue and liquor laws; (2) is not a member of any affiliated group that produces more than 25,000 gallons of wine per annum or produces any other alcoholic liquor; (3) will not annually produce for sale more than 25,000 gallons of wine; and (4) will not annually sell more than 5,000 gallons of its wine to retail licensees.
(D) A self-distribution exemption holder shall annually certify to the Commission its production of wine in the previous 12 months and its anticipated production and sales for the next 12 months. (E) Except in hearings for violations of this Act or amendatory Act or a bona fide investigation by duly sworn law enforcement officials, the Commission, or its agents, the Commission shall maintain the production and sales information of a self-distribution exemption holder as confidential and shall not release such information to any person.

(F) The Commission shall issue regulations governing self-distribution exemptions consistent with this Section and this Act.

(G) Nothing in this subsection (17) shall prohibit a self-distribution exemption holder from entering into or simultaneously having a distribution agreement with a licensed Illinois distributor.

(H) It is the intent of this subsection (17) to promote and continue orderly markets. The General Assembly finds that in order to preserve Illinois' regulatory distribution system it is necessary to create an exception for smaller makers of wine as their wines are frequently adjusted in varietals, mixes, vintages, and taste to find and create market niches sometimes too small for distributor or importing distributor business strategies. Limited self-distribution rights will afford and allow smaller makers of

wine access to the marketplace in order to develop a customer base without impairing the integrity of the 3-tier system.

(b) On or before April 30, 1999, the Commission shall present a written report to the Governor and the General Assembly that shall be based on a study of the impact of this amendatory Act of 1998 on the business of soliciting, selling, and shipping alcoholic liquor from outside of this State directly to residents of this State.

(n) A brew pub license shall allow the licensee to manufacture beer only on the premises specified in the license, to make sales of the beer manufactured on the premises to importing distributors, distributors, and to non-licensees for use and consumption, to store the beer upon the premises, and to sell and offer for sale at retail from the licensed premises, provided that a brew pub licensee shall not sell for off-premises consumption more than 50,000 gallons per year.

(o) A caterer retailer license shall allow the holder to serve alcoholic liquors as an incidental part of a food service that serves prepared meals which excludes the serving of snacks as the primary meal, either on or off-site whether licensed or unlicensed.

(p) An auction liquor license shall allow the licensee to sell and offer for sale at auction wine and spirits for use or consumption, or for resale by an Illinois liquor licensee in accordance with provisions of this Act. An auction liquor license will be issued to a person and it will permit the auction liquor licensee to hold the auction anywhere in the State. An auction liquor license must be obtained for each auction at least 14 days in advance of the auction date.

(q) A special use permit license shall allow an Illinois licensed retailer to transfer a portion of its alcoholic liquor inventory from its retail licensed premises to the premises specified in the license hereby created,
and to sell or offer for sale at retail, only in the premises specified in the license hereby created, the transferred alcoholic liquor for use or consumption, but not for resale in any form. A special use permit license may be granted for the following time periods: one day or less; 2 or more days to a maximum of 15 days per location in any 12 month period. An applicant for the special use permit license must also submit with the application proof satisfactory to the State Commission that the applicant will provide dram shop liability insurance to the maximum limits and have local authority approval.

(r) A winery shipper's license shall allow a person with a first-class or second-class wine manufacturer's license, a first-class or second-class wine-maker's license, or a limited wine manufacturer's license or who is licensed to make wine under the laws of another state to ship wine made by that licensee directly to a resident of this State who is 21 years of age or older for that resident's personal use and not for resale. Prior to receiving a winery shipper's license, an applicant for the license must provide the Commission with a true copy of its current license in any state in which it is licensed as a manufacturer of wine. An applicant for a winery shipper's license must also complete an application form that provides any other information the Commission deems necessary. The application form shall include an acknowledgement consenting to the jurisdiction of the Commission, the Illinois Department of Revenue, and the courts of this State concerning the enforcement of this Act and any related laws, rules, and regulations, including authorizing the Department of Revenue and the Commission to conduct audits for the purpose of ensuring compliance with this amendatory Act.

A winery shipper licensee must pay to the Department of Revenue the State liquor gallonage tax under Section 8-1 for all wine that is sold by the licensee and shipped to a person in this State. For the purposes of Section 8-1, a winery shipper licensee shall be taxed in the same manner as a manufacturer of wine. A licensee who is not otherwise required to register under the Retailers' Occupation Tax Act must register under the Use Tax Act to collect and remit use tax to the Department of Revenue for all gallons of wine that are sold by the licensee and shipped to persons in
this State. If a licensee fails to remit the tax imposed under this Act in accordance with the provisions of Article VIII of this Act, the winery shipper's license shall be revoked in accordance with the provisions of Article VII of this Act. If a licensee fails to properly register and remit tax under the Use Tax Act or the Retailers' Occupation Tax Act for all wine that is sold by the winery shipper and shipped to persons in this State, the winery shipper's license shall be revoked in accordance with the provisions of Article VII of this Act.

A winery shipper licensee must collect, maintain, and submit to the Commission on a semi-annual basis the total number of cases per resident of wine shipped to residents of this State. A winery shipper licensed under this subsection (r) must comply with the requirements of Section 6-29 of this amendatory Act.

Fees collected under this Section shall be paid into the Dram Shop Fund. (235 ILCS 5/6-4) (from Ch. 43, par. 121)
Sec. 6-4. (a) No person licensed by any licensing authority as a distiller, or a wine manufacturer, or any subsidiary or affiliate thereof, or any officer, associate, member, partner, representative, employee, agent or shareholder owning more than 5% of the outstanding shares of such
person shall be issued an importing distributor's or distributor's license, nor shall any person licensed by any licensing authority as an importing distributor, distributor or retailer, or any subsidiary or affiliate thereof, or any officer or associate, member, partner, representative, employee, agent or shareholder owning more than 5% of the outstanding shares of such person be issued a distiller's license or a wine manufacturer's license; and no person or persons licensed as a distiller by any licensing authority shall have any interest, directly or indirectly, with such distributor or importing distributor.

However, an importing distributor or distributor, which on January 1, 1985 is owned by a brewer, or any subsidiary or affiliate thereof or any officer, associate, member, partner, representative, employee, agent or shareholder owning more than 5% of the outstanding shares of the importing distributor or distributor referred to in this paragraph, may own or acquire an ownership interest of more than 5% of the outstanding shares of a wine manufacturer and be issued a wine manufacturer's license by any licensing authority.

(b) The foregoing provisions shall not apply to any person licensed by any licensing authority as a distiller or wine manufacturer, or to any subsidiary or affiliate of any distiller or wine manufacturer who shall have been heretofore licensed by the State Commission as either an importing distributor or distributor during the annual licensing period expiring June 30, 1947, and shall actually have made sales regularly to retailers.

(c) Provided, however, that in such instances where a distributor's or importing distributor's license has been issued to any distiller or wine manufacturer or to any subsidiary or affiliate of any distiller or wine manufacturer who has, during the licensing period ending June 30, 1947, sold or distributed as such licensed distributor or importing distributor alcoholic liquors and wines to retailers, such distiller or wine manufacturer or any subsidiary or affiliate of any distiller or wine manufacturer holding such distributor's or importing distributor's license may continue to sell or distribute to retailers such alcoholic liquors and wines which are manufactured, distilled, processed or marketed by distillers and wine manufacturers whose products it sold or distributed to retailers during the

whole or any part of its licensing periods; and such additional brands and additional products may be added to the line of such distributor or importing distributor, provided, that such brands and such products were not sold or distributed by any distributor or importing distributor licensed by the State Commission during the licensing period ending June 30, 1947, but can not sell or distribute to retailers any other alcoholic liquors or wines.

(d) It shall be unlawful for any distiller licensed anywhere to have any stock ownership or interest in any distributor's or importing distributor's license wherein any other person has an interest therein who is not a distiller and does not own more than 5% of any stock in any distillery. Nothing herein contained shall apply to such distillers or their subsidiaries or affiliates, who had a distributor's or importing distributor's license during the licensing period ending June 30, 1947, which license was owned in whole by such distiller, or subsidiaries or affiliates of such distiller.

(e) Any person having been licensed as a manufacturer shall be permitted to receive one retailer's license for the premises in which he actually conducts such business, permitting the sale of beer only on such premises, but no such person shall be entitled to more than one retailer's license in any event, and, other than a manufacturer of beer as stated above, no manufacturer or distributor or importing distributor, excluding airplane licensees exercising powers provided in paragraph (i) of Section 5-1 of this Act, or any subsidiary or affiliate thereof, or any officer, associate, member, partner, representative, employee or agent, or shareholder shall be issued a retailer's license, nor shall any person having a retailer's license, excluding airplane licensees exercising powers provided in paragraph (i) of Section 5-1 of this Act, or any subsidiary or affiliate thereof, or any officer, associate, member, partner, representative or agent, or shareholder be issued a manufacturer's license, importing distributor's license.

(f) However, the foregoing prohibitions against any person licensed as a distiller or wine manufacturer being issued a retailer's license shall not apply:

(i) to any hotel, motel or restaurant whose principal business is not the sale of alcoholic liquors if said retailer's sales of any alcoholic liquors manufactured, sold, distributed or controlled, directly or indirectly, by any affiliate, subsidiary, officer, associate, member, partner, representative, employee, agent or shareholder owning more than 5% of the outstanding shares of such person does not exceed 10% of the total alcoholic liquor sales of said retail licensee; and

(ii) where the Commission determines, having considered the public welfare, the economic impact upon the State and the entirety of the facts and circumstances involved, that the purpose and intent of this Section would not be violated by granting an exemption.

(g) Notwithstanding any of the foregoing prohibitions, a limited wine manufacturer may sell at retail at its manufacturing site for on or off premises consumption and may sell to distributors. A limited wine manufacturer licensee shall secure liquor liability insurance coverage in an amount at least equal to the maximum liability amounts set forth in subsection (a) of Section 6-21 of this Act.

Sec. 6-29. Winery shipper's license. Interstate reciprocal wine shipments.

(a) The General Assembly declares that the following is the intent of this Section:

(1) To authorize direct shipment of wine by an out-of-state maker of wine on the same basis permitted an in-state maker of wine pursuant to the authority of the State under the provisions of Section 2 of the Twenty-First Amendment to the United States Constitution and in conformance with the United States Supreme Court decision decided on May 16, 2005 in Granholm v. Heald.

(2) To reaffirm that the General Assembly's findings and declarations that selling alcoholic liquor through various direct marketing means such as catalogs, newspapers, mailings, and the Internet directly to consumers of this State poses a serious threat to the State's efforts to further temperance and prevent youth from...
accessing alcoholic liquor and the expansion of youth access to additional types of alcoholic liquors.

(3) To maintain the State's broad powers granted by Section 2 of the Twenty-First Amendment to the United States Constitution to control the importation or sale of alcoholic liquor and its right to structure its alcoholic liquor distribution system.

(4) To ensure that the General Assembly, by authorizing limited direct shipment of wine to meet the directives of the United States Supreme Court, does not intend to impair or modify the State's distribution of wine through distributors or importing distributors, but only to permit limited shipment of wine for personal use.

(5) To provide that, in the event that a court of competent jurisdiction declares or finds that this Section, which is enacted to conform Illinois law to the United States Supreme Court decision, is invalid or unconstitutional, the Illinois General Assembly at its earliest general session shall conduct hearings and study methods to conform to any directive or order of the court consistent with the temperance and revenue collection purposes of this Act.

(b) Notwithstanding any other provision of law, a wine shipper licensee may ship, for personal use and not for resale, not more than 12 cases of wine per year to any resident of this State who is 21 years of age or older.

(b-3) Notwithstanding any other provision of law, sale and shipment by a winery shipper licensee pursuant to this Section shall be deemed to constitute a sale in this State.

(b-5) The shipping container of any wine shipped under this Section shall be clearly labeled with the following words: "CONTAINS ALCOHOL. SIGNATURE OF A PERSON 21 YEARS OF AGE OR OLDER REQUIRED FOR DELIVERY. PROOF OF AGE AND IDENTITY MUST BE SHOWN BEFORE DELIVERY.". This warning must be prominently displayed on the packaging. A licensee shall require the transporter or common carrier that delivers the wine to obtain the signature of a person 21 years of age or older at the delivery address at

the time of delivery. At the expense of the licensee, the licensee shall receive a delivery confirmation from the express company, common carrier, or contract carrier indicating the location of the delivery, time of delivery, and the name and signature of the individual 21 years of age or older who accepts delivery. The Commission shall design and create a label or approve a label that must be affixed to the shipping container by the licensee.

(a) Notwithstanding any other provision of law, an adult resident or holder of an alcoholic beverage license in a state which affords Illinois licensees or adult residents an equal reciprocal shipping privilege may ship, for personal use and not for resale, not more than 2 cases of wine (each case containing not more than 9 liters) per year to any adult resident of this State. Delivery of a shipment pursuant to this Section shall not be deemed to constitute a sale in this State:

(b) The shipping container of any wine sent into or out of this State under this Section shall be clearly labeled to indicate that the package cannot be delivered to a person under the age of 21 years.

(c) No broker within this State shall solicit consumers to engage in direct interstate reciprocal wine shipments under this Section. No shipper located outside this State may advertise such interstate reciprocal wine shipments in this State:

(d) It is not the intent of this Section to impair the distribution of wine through distributors or importing distributors, but only to permit shipments of wine for personal use.

(235 ILCS 5/6-29.1)

Sec. 6-29.1. Direct shipments of alcoholic liquor.

(a) The General Assembly makes the following findings:

(1) The General Assembly of Illinois, having reviewed this Act in light of the United States Supreme Court's 2005 decision in Granholm v. Heald, has determined to conform that law to the constitutional principles enunciated by the Court in a manner that best preserves the temperance, revenue, and orderly distribution values of this Act.

New matter indicated by italics - deletions by strikeout
(2) Minimizing automobile accidents and fatalities, domestic violence, health problems, loss of productivity, unemployment, and other social problems associated with dependency and improvident use of alcoholic beverages remains the policy of Illinois.

(3) To the maximum extent constitutionally feasible, Illinois desires to collect sufficient revenue from excise and use taxes on alcoholic beverages for the purpose of responding to such social problems.

(4) Combined with family education and individual discipline, retail validation of age, and assessment of the capacity of the consumer remains the best pre-sale social protection against the problems associated with the abuse of alcoholic liquor.

(5) Therefore, the paramount purpose of this amendatory Act is to continue to carefully limit direct shipment sales of wine produced by makers of wine and to continue to prohibit such direct shipment sales for spirits and beer.

For these reasons, the Commission shall establish a system to notify the out-of-state trade of this prohibition and to detect violations. The Commission shall request the Attorney General to extradite any offender.

(b) Pursuant to the Twenty-First Amendment of the United States Constitution allowing states to regulate the distribution and sale of alcoholic liquor and pursuant to the federal Webb-Kenyon Act declaring that alcoholic liquor shipped in interstate commerce must comply with state laws, the General Assembly hereby finds and declares that selling alcoholic liquor from a point outside this State through various direct marketing means, such as catalogs, newspapers, mailers, and the Internet, directly to residents of this State poses a serious threat to the State's efforts to prevent youths from accessing alcoholic liquor; to State revenue collections; and to the economy of this State.

Any person manufacturing, distributing, or selling alcoholic liquor who knowingly ships or transports or causes the shipping or transportation of any alcoholic liquor from a point outside this State to a person in this

State who does not hold a manufacturer's, distributor's, importing distributor's, or non-resident dealer's license issued by the Liquor Control Commission, other than a shipment of sacramental wine to a bona fide religious organization, a shipment authorized by Section 6-29, subparagraph (17) of Section 3-12, or any other shipment authorized by this Act, is in violation of this Act.

The Commission, upon determining, after investigation, that a person has violated this Section, shall give notice to the person by certified mail to cease and desist all shipments of alcoholic liquor into this State and to withdraw from this State within 5 working days after receipt of the notice all shipments of alcoholic liquor then in transit.

Whenever the Commission has reason to believe that a person has failed to comply with the Commission notice under this Section, it shall notify the Department of Revenue and file a complaint with the State's Attorney of the county where the alcoholic liquor was delivered or with appropriate law enforcement officials.

Failure to comply with the notice issued by the Commission under this Section constitutes a business offense for which the person shall be fined not more than $1,000 for a first offense, not more than $5,000 for a second offense, and not more than $10,000 for a third or subsequent offense. Each shipment of alcoholic liquor delivered in violation of the cease and desist notice shall constitute a separate offense.

Section 90. Severability. The General Assembly recognizes that courts established pursuant to the Constitution of the United States and the Constitution of the State of Illinois construe statutory provisions dealing with judicial interpretation, severability, and partial invalidity by determining whether the legislative intent was to enforce the remainder of the law enacted in the event of a judicial determination of partial invalidity. For the purpose of explaining such intent, if any provision, application, exemption, exception, or authorization of this amendatory Act, the Retailer's Occupation Tax Act, Section 3-7 of the Uniform Penalty and Interest Act, or the Liquor Control Act of 1934 is held invalid, then all other constitutional provisions, exemptions, exceptions, and

authorizations of this amendatory Act are severable and shall be given effect.

PUBLIC ACT 95-0635
(House Bill No. 1855)

AN ACT concerning employment.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Substance Abuse Prevention on Public Works Projects Act.

Section 5. Definitions. As used in this Act:
"Accident" means an incident caused, contributed to, or otherwise involving an employee that resulted in death, personal injury, or property damage and that occurred while the employee was performing work on a public works project.

"Alcohol" means any substance containing any form of alcohol including, but not limited to, ethanol, methanol, propanol, and isopropanol.

"Alcohol concentration" means: (1) the number of grams of alcohol per 210 liters of breath; or (2) the number of grams of alcohol per 100 milliliters of blood.

"Drug" means a controlled substance as defined in the Illinois Controlled Substances Act or cannabis as defined in the Cannabis Control Act for which testing is required by an employer under its substance abuse prevention program under this Act. The term "drug" includes prescribed medications not used in accordance with a valid prescription.

"Employee" means a laborer, mechanic, or other worker employed in any public works by anyone under a contract for public works.

"Employer" means a contractor or subcontractor performing a public works project.

New matter indicated by italics - deletions by strikeout
"Public works" and "public body" have the meanings ascribed to those terms in the Prevailing Wage Act.

Section 10. Substance abuse prohibited. No employee may use, possess, distribute, deliver, or be under the influence of a drug, or use or be under the influence of alcohol, while performing work on a public works project. An employee is considered to be under the influence of alcohol for purposes of this Act if the alcohol concentration in his or her blood or breath at the time alleged as shown by analysis of the employee's blood or breath is at or above 0.02.

Section 15. Substance abuse prevention programs required.

(1) Before an employer commences work on a public works project, the employer shall have in place a written program which meets or exceeds the program requirements in this Act, to be filed with the public body engaged in the construction of the public works and made available to the general public, for the prevention of substance abuse among its employees. The testing must be performed by a laboratory that is certified for Federal Workplace Drug Testing Programs by the Substance Abuse and Mental Health Service Administration of the U.S. Department of Health and Human Services. At a minimum, the program shall include all of the following:

(A) A minimum requirement of a 9 panel urine drug test plus a test for alcohol. Testing an employee's blood may only be used for post-accident testing, however, blood testing is not mandatory for the employer where a urine test is sufficient.

(B) A prohibition against the actions or conditions specified in Section 10.

(C) A requirement that employees performing the work on a public works project submit to pre-hire, random, reasonable suspicion, and post-accident drug and alcohol testing. Testing of an employee before commencing work on a public works project is not required if the employee has been participating in a random testing program during
the 90 days preceding the date on which the employee commenced work on the public works project.

(D) A procedure for notifying an employee who violates Section 10, who tests positive for the presence of a drug in his or her system, or who refuses to submit to drug or alcohol testing as required under the program that the employee may not perform work on a public works project until the employee meets the conditions specified in subdivisions (2)(A) and (2)(B) of Section 20.

(2) Reasonable suspicion testing. An employee whose supervisor has reasonable suspicion to believe the employee is under the influence of alcohol or a drug is subject to discipline up to and including suspension, and be required to undergo an alcohol or drug test. "Reasonable suspicion" means a belief, based on behavioral observations or other evidence, sufficient to lead a prudent or reasonable person to suspect an employee is under the influence and exhibits slurred speech, erratic behavior, decreased motor skills, or other such traits. Circumstances, both physical and psychological, shall be given consideration. Whenever possible before an employee is required to submit to testing based on reasonable suspicion, the employee shall be observed by more than one supervisory or managerial employee. It is encouraged that observation of an employee should be performed by a supervisory or managerial employee who has successfully completed a certified training program to recognize drug and alcohol abuse. The employer who is requiring an employee to be tested based upon reasonable suspicion shall provide transportation for the employee to the testing facility and may send a representative to accompany the employee to the testing facility. Under no circumstances may an employee thought to be under the influence of alcohol or a drug be allowed to operate a vehicle or other equipment for any purpose. The employee shall be removed from the job site and placed on inactive status pending the employer's receipt of notice of the test results. The employee shall have the right to request a

New matter indicated by italics - deletions by strikeout
representative or designee to be present at the time he or she is directed to provide a specimen for testing based upon reasonable suspicion. If the test result is positive for drugs or alcohol, the employee shall be subject to termination. The employer shall pay all costs related to this testing. If the test result is negative, the employee shall be placed on active status and shall be put back to work by the employer. The employee shall be paid for all lost time to include all time needed to complete the drug or alcohol test and any and all overtime according to the employee's contract.

(3) An employer is responsible for the cost of developing, implementing, and enforcing its substance abuse prevention program, including the cost of drug and alcohol testing of its employees under the program, except when these costs are covered under provisions in a collective bargaining agreement. The testing must be performed by a laboratory that is certified for Federal Workplace Drug Testing Programs by the Substance Abuse and Mental Health Service Administration of the U.S. Department of Health and Human Services. The contracting agency is not responsible for that cost, for the cost of any medical review of a test result, or for any rehabilitation provided to an employee.

Section 20. Employee access to project.

(1) An employer may not permit an employee who violates Section 10, who tests positive for the presence of a drug in his or her system, or who refuses to submit to drug or alcohol testing as required under the employer's substance abuse prevention program under Section 15 to perform work on a public works project until the employee meets the conditions specified in subdivisions (2)(A) and (2)(B). An employer shall immediately remove an employee from work on a public works project if any of the following occurs:

(A) The employee violates Section 10, tests positive for the presence of a drug in his or her system, or refuses to submit to drug or alcohol testing as required under the employer's substance abuse prevention program.
(B) An officer or employee of the contracting agency, preferably one trained to recognize drug and alcohol abuse, has a reasonable suspicion that the employee is in violation of Section 10 and requests the employer to immediately remove the employee from work on the public works project for reasonable suspicion testing.

(2) An employee who is barred or removed from work on a public works project under subsection (1) may commence or return to work on the public works project upon his or her employer providing to the contracting agency documentation showing all of the following:

(A) That the employee has tested negative for the presence of drugs in his or her system and is not under the influence of alcohol as described in Section 10.

(B) That the employee has been approved to commence or return to work on the public works project in accordance with the employer's substance abuse prevention program.

(C) Testing for the presence of drugs or alcohol in an employee's system and the handling of test specimens was conducted in accordance with guidelines for laboratory testing procedures and chain-of-custody procedures established by the Substance Abuse and Mental Health Service Administration of the U.S. Department of Health and Human Services.

(3) Upon successfully completing a rehabilitation program, an employee shall be reinstated to his or her former employment status if work for which he or she is qualified exists.

Section 25. Applicability. This Act applies to a contract to perform work on a public works project for which bids are opened on or after January 1, 2008, or, if bids are not solicited for the contract, to a contract to perform such work entered into on or after January 1, 2008. The provisions of this Act apply only to the extent there is no collective bargaining agreement in effect dealing with the subject matter of this Act.

"Mandated overtime" means work that is required by the hospital in excess of an agreed-to, predetermined work shift. Time spent by nurses required to be available as a condition of employment in specialized units,

"Nurse" means any advanced practice nurse, registered professional nurse, or licensed practical nurse, as defined in the *Nurse Practice Act*, **Nursing and Advanced Practice Nursing Act**, who receives an hourly wage and has direct responsibility to oversee or carry out nursing care. (b) Mandated overtime prohibited. No nurse may be required to work mandated overtime except in the case of an unforeseen emergent circumstance when such overtime is required only as a last resort. Such mandated overtime shall not exceed 4 hours beyond an agreed-to, predetermined work shift.

(c) Off-duty period. When a nurse is mandated to work up to 12 consecutive hours, the nurse must be allowed at least 8 consecutive hours of off-duty time immediately following the completion of a shift.

(d) Retaliation prohibited. No hospital may discipline, discharge, or take any other adverse employment action against a nurse solely because the nurse refused to work mandated overtime as prohibited under subsection (b).

(e) Violations. Any employee of a hospital that is subject to this Act may file a complaint with the Department of Public Health regarding an alleged violation of this Section. The complaint must be filed within 45 days of the alleged violation.
days following the occurrence of the incident giving rise to the alleged violation. The Department must forward notification of the alleged violation to the hospital in question within 3 business days after the complaint is filed. Should the Attorney General decline representation, the member shall have the right to employ counsel of his or her choice, whose fees shall be provided by the State, after approval by the Attorney General, unless there is a determination by a court that the member's actions were not in good faith or were wilful and wanton.

The member must notify the Attorney General within 7 days of receipt of notice of the initiation of any action involving services of the Disciplinary Board. Failure to so notify the Attorney General shall constitute an absolute waiver of the right to a defense and indemnification.

The Attorney General shall determine within 7 days after receiving such notice, whether he or she will undertake to represent the member.

The person who is the subject of the report shall also submit with the written statement any medical records related to the report. The statement and accompanying medical records shall become a permanent part of the file and must be received by the Disciplinary Board no more than 30 days after the date on which the person was notified by the Disciplinary Board of the existence of the original report.

The Disciplinary Board shall review all reports received by it, together with any supporting information and responding statements submitted by persons who are the subject of reports. The review by the Disciplinary Board shall be in a timely manner but in no event, shall the Disciplinary Board's initial review of the material contained in each disciplinary file be less than 61 days nor more than 180 days after the receipt of the initial report by the Disciplinary Board.

When the Disciplinary Board makes its initial review of the materials contained within its disciplinary files, the Disciplinary Board shall, in writing, make a determination as to whether there are sufficient facts to warrant further investigation or action. Failure to make such determination within the time provided shall be deemed to be a determination that there are not sufficient facts to warrant further investigation or action.

Should the Disciplinary Board find that there are not sufficient facts to warrant further investigation, or action, the report shall be accepted for filing and the matter shall be deemed closed and so reported to the Secretary. The Secretary shall then have 30 days to accept the Medical Disciplinary Board's decision or request further investigation. The Secretary shall inform the Board in writing of the decision to request

Upon filing of a verified petition in such court, the court may issue a temporary restraining order without notice or bond and may preliminarily or permanently enjoin such violation, and if it is established that such person has violated or is violating the injunction, the court may punish the offender for contempt of court. (a) A written collaborative agreement is required for all advanced practice nurses engaged in clinical practice, except for advanced practice nurses who are authorized to practice in a hospital or ambulatory surgical treatment center.

(a-5) If an advanced practice nurse engages in clinical practice outside of a hospital or ambulatory surgical treatment center in which he or she is authorized to practice, the advanced practice nurse must have a written collaborative agreement. The collaborative relationship under an agreement shall not be construed to require the personal presence of a physician or podiatrist at all times at the place where services are rendered. Methods of communication shall be available for consultation with the collaborating physician or podiatrist in person or by telecommunications in accordance with established written guidelines as set forth in the written agreement.

(c) Collaboration and consultation

certified registered nurse anesthetist, an anesthesiologist, physician, dentist, or podiatrist must participate through discussion of and agreement with the anesthesia plan and remain physically present and available on the premises during the delivery of anesthesia services for diagnosis, consultation, and treatment of emergency medical conditions.

The agreement must contain provisions detailing notice for termination or change of status involving a written collaborative agreement, except when such notice is given for just cause.

(c-5) A certified registered nurse anesthetist, who provides anesthesia services outside of a hospital or ambulatory surgical treatment center shall enter into a written collaborative agreement with an anesthesiologist or the physician licensed to practice medicine in all its branches or the podiatrist performing the procedure. Outside of a hospital or ambulatory surgical treatment center, the certified registered nurse anesthetist may provide only those services that the collaborating podiatrist is authorized to provide pursuant to the Podiatric Medical Practice Act of 1987 and rules adopted thereunder. A certified registered nurse anesthetist may select, order, and administer medication, including controlled substances, and apply appropriate medical devices for delivery of anesthesia services under the anesthesia plan agreed with by the anesthesiologist or the operating physician or operating podiatrist.

(c-10) A certified registered nurse anesthetist who provides anesthesia services in a dental office shall enter into a written collaborative agreement with an anesthesiologist or the physician licensed to practice medicine in all its branches or the operating dentist performing the procedure. The agreement shall describe the working relationship of the certified registered nurse anesthetist and dentist and shall authorize the categories of care, treatment, or procedures to be performed by the certified registered nurse anesthetist. In a collaborating dentist’s office, the certified registered nurse anesthetist may only provide those services that the operating dentist with the appropriate permit is authorized to provide pursuant to the Illinois Dental Practice Act and rules adopted thereunder. For anesthesia services, an anesthesiologist,

(b) Each year on March 1, commencing with the effective date of this Act, the Department shall submit a report to the General Assembly. The report shall include the number of reports made under this Section to the Department during the previous year, the number of reports reviewed and found insufficient to warrant further investigation, the number of reports not completed and the reasons for incompletion. This report shall be made available also to nurses requesting the report.

(c) Any person making a report under this Section or in good faith assisting another person in making such a report shall have immunity from any liability, either criminal or civil, that might result by reason of such action. For the purpose of any legal proceeding, criminal or civil, there shall be a rebuttable presumption that any person making a report under this Section or assisting another person in making such report was acting in good faith. All such reports and any information disclosed to or collected by the Department pursuant to this Section shall remain confidential records of the Department and shall not be disclosed nor be subject to any law or regulation of this State relating to freedom of information or public disclosure of records.

Sec. 36. Williamson County Pilot Program; general provisions.

(a) Purposes. The purposes of this Section are: to establish a pilot program based in Williamson County to track purchases of targeted methamphetamine precursors at multiple locations; to identify persons obtaining or distributing targeted methamphetamine precursors for the likely purpose of manufacturing methamphetamine; to starve methamphetamine manufacturers of the methamphetamine precursors they need to make methamphetamine; to locate and shut down methamphetamine laboratories; and ultimately to reduce the harm that methamphetamine manufacturing and manufacturers are inflicting on individuals, families, communities, first responders, the economy, and the environment in Illinois and beyond. In authorizing this pilot program, the

General Assembly recognizes that, although this Act has significantly reduced the number of methamphetamine laboratories in Illinois, some persons continue to violate the Act, evade detection, and support the manufacture of methamphetamine by obtaining targeted methamphetamine precursor at multiple locations. The General Assembly further recognizes that putting an end to this practice and others like it will require an effort to track purchases of targeted methamphetamine precursor across multiple locations, and that a pilot program based in Williamson County will advance this important goal.

(b) Structure.

(1) There is established a pilot program based in Williamson County, known as the Williamson County Pilot Program or Pilot Program, to track purchases of targeted methamphetamine precursor across multiple locations for the purposes stated in subsection (a) of this Section.

(2) The Pilot Program shall be operated by the Williamson County Sheriff’s Office, also known as the Williamson County Pilot Program Authority or the Pilot Program Authority, in accordance with the provisions of Sections 36, 37, 38, 39, and 39.5 of this Act.

(3) The Pilot Program Authority shall designate a Central Repository for the collection of required information, and the Central Repository shall operate according to the provisions of Sections 36, 37, 38, 39, and 39.5 of this Act.

(4) Every covered pharmacy shall participate in the Pilot Program, and any non-covered pharmacy may participate on a voluntary basis and be known as a voluntary participant.

(c) Transmission of electronic transaction records. Except as provided in Section 39:

(1) Each time a covered pharmacy distributes a targeted methamphetamine precursor to a recipient under Section 25 of this Act, the covered pharmacy shall transmit an electronic transaction record to the Central Repository.

(2) Each covered pharmacy shall elect to transmit electronic transaction records either through the secure website
described in Section 37 of this Act or through weekly electronic transfers as described in Section 38 of this Act.

(d) Operation and Timeline for implementation.

(1) Except as stated in this subsection, this amendatory Act of the 95th General Assembly shall be operational upon becoming law.

(2) Covered pharmacies are not required to transmit any electronic transaction records and exempt pharmacies are not required to send any handwritten logs to the Central Repository until the reporting start date set by the Pilot Program Authority.

(3) The Pilot Program Authority shall announce the "reporting start date" within 90 days of the date this legislation is signed into law.

(4) The reporting start date shall be no sooner than 90 days after the date on which the Pilot Program Authority announces the reporting start date.

(5) Starting on the reporting start date, and continuing for a period of one year thereafter, covered pharmacies shall transmit electronic transaction records as described in Sections 37 and 38 of this Act, and exempt pharmacies shall send handwritten logs as described in Section 39 of this Act.

(6) Nothing in this Act shall preclude covered pharmacies and exempt pharmacies from voluntarily participating in the Pilot Program before the start date or continuing to participate in the Pilot Program after one year after the reporting start date.

(e) Funding. Funding for the Pilot Program shall be provided by the Williamson County Pilot Program Authority, drawing upon federal grant money and other available sources. If funding is delayed, curtailed, or otherwise unavailable, the Pilot Program Authority may delay implementation of the Pilot Program, reduce the number of counties covered by the Pilot Program, or end the Pilot Program early. If any such change becomes necessary, the Pilot Program Authority shall inform every covered pharmacy in writing.

New matter indicated by italics - deletions by strikeout
(f) Training. The Pilot Program Authority shall provide, free of charge, training and assistance to any pharmacy playing any role in the Pilot Program.

(g) Relationship between the Williamson County Pilot Program and other laws and rules. Nothing in Sections 36, 37, 38, 39, and 39.5 of this Act shall supersede, nullify, or diminish the force of any requirement stated in any other Section of this Act or in any other State or federal law or rule.

Sec. 37. Williamson County Pilot Program; secure website.

(a) Transmission of electronic transaction records through a secure website; in general.

(1) The Pilot Program Authority shall establish a secure website for the transmission of electronic transaction records and electronic signatures and make it available free of charge to any covered pharmacy that elects to use it.

(2) The secure website shall enable any covered pharmacy to transmit to the Central Repository an electronic transaction record and an electronic signature each time the pharmacy distributes a targeted methamphetamine precursor to a recipient under Section 25 of this Act.

(3) If the secure website becomes unavailable to a covered pharmacy, the covered pharmacy may, during the period in which the secure website is not available, continue to distribute targeted methamphetamine precursor without using the secure website if, during this period, the covered pharmacy maintains and transmits handwritten logs as described in subsection (b) of Section 39 of this Act.

(b) Assistance to covered pharmacies using the secure website.

(1) The purpose of this subsection is to ensure that participation in the Pilot Program does not impose substantial costs on covered pharmacies that elect to transmit electronic transaction records to the Central Repository by means of the secure website.

New matter indicated by italics - deletions by strikeout
(2) If a covered pharmacy that elects to transmit electronic transaction records by means of the secure website does not have computer hardware or software or related equipment sufficient to make use of the secure website, then the covered pharmacy may obtain and install such hardware or software or related equipment at its own cost, or it may request assistance from the Pilot Program Authority, or some combination of the 2.

(3) If a covered pharmacy requests such assistance, then the Pilot Program Authority shall, free of charge, provide and install any computer hardware or software or related equipment needed.

(4) Nothing in this subsection shall preclude the Pilot Program Authority from providing additional or other assistance to any pharmacy or retail distributor.

(c) Any covered pharmacy that elects to transmit electronic transaction records by means of the secure website described in this Section may use the secure website as its exclusive means of complying with subsections (d) and (f) of Section 25 of this Act, provided that, along with each electronic transaction record, the pharmacy also transmits an electronically-captured signature of the recipient of the targeted methamphetamine precursor. To facilitate this option, the Pilot Program shall do the following:

(1) The Pilot Program Authority shall provide to any covered pharmacy that requests it an electronic signature pad or other means of electronic signature capture.

(2) The Pilot Program Authority shall provide the covered pharmacy with an official letter indicating that:

(A) The covered pharmacy in question is participating in the Williamson County Pilot Program for a specified period of time.

(B) During the specified period of time, the Pilot Program Authority has assumed responsibility for maintaining the logs described in subsection (f) of Section 25 of this Act.

(C) Any law enforcement officer seeking to inspect or copy the covered pharmacy’s logs should direct the request to the Pilot Program Authority through means described in the letter.

Each day of good conduct credit shall reduce by one day the prisoner's period of imprisonment or recommitment under Section 3-3-9.

(2.2) A prisoner serving a term of natural life imprisonment or a prisoner who has been sentenced to death shall receive no good conduct credit.

(2.3) The rules and regulations on early release shall provide that a prisoner who is serving a sentence for reckless homicide as defined in subsection (e) of Section 9-3 of the Criminal Code of 1961 committed on or after January 1, 1999, or aggravated driving under the influence of alcohol, other drug or drugs, or intoxicating compound or compounds, or any combination thereof as defined in subparagraph (F) of paragraph (1) of subsection (d) of Section 11-501 of the Illinois Vehicle Code, shall receive no more than 4.5 days of good conduct credit for each month of his or her sentence of imprisonment.

(2.4) The rules and regulations on early release shall provide with respect to the offenses of aggravated battery with a machine gun or a firearm equipped with any device or attachment designed or used for silencing the report of a firearm or aggravated discharge of a machine gun or a firearm equipped with any device or attachment designed or used for silencing the report of a firearm, committed on or after July 15, 1999 (the effective date of Public Act 91-121), that a prisoner serving a sentence for any of these offenses shall receive no more than 4.5 days of good conduct credit for each month of his or her sentence of imprisonment.

(3) The rules and regulations shall also provide that the Director may award up to 180 days additional good conduct credit for meritorious service in specific instances as the Director deems proper; except that no more than 90 days of good conduct credit for meritorious service shall be awarded to any prisoner who is serving a sentence for conviction of first degree murder, reckless homicide while under the influence of alcohol or any other drug, or aggravated driving under the influence of alcohol, other drug or drugs, or intoxicating compound or compounds, or any combination thereof as defined in subparagraph (F) of paragraph (1) of subsection (d) of Section 11-501 of the Illinois Vehicle Code, aggravated kidnapping, kidnapping, predatory criminal sexual assault of a child, aggravated criminal sexual assault, criminal sexual assault, deviate sexual assault, aggravated criminal sexual abuse, aggravated indecent liberties with a child, indecent liberties with a child, child pornography, heinous battery, aggravated battery of a spouse, aggravated battery of a spouse with a firearm, stalking, aggravated stalking, aggravated battery of a child, endangering the life or health of a child, cruelty to a child, or narcotic racketeering. Notwithstanding the foregoing, good conduct credit for meritorious service shall not be awarded on a sentence of imprisonment imposed for conviction of: (i) one of the offenses enumerated in subdivision (a)(2)(i), (ii), or (iii) when the offense is committed on or after June 19, 1998 or subdivision (a)(2)(iv) when the offense is committed on or after June 23, 2005 (the effective date of Public Act 94-71), (ii) reckless homicide as defined in subdivision (e) of Section 9-3 of the Criminal Code of 1961 when the offense is committed on or after January 1, 1999, or aggravated driving under the influence of alcohol, other drug or drugs, or intoxicating compound or compounds, or any combination thereof as defined in subparagraph (F) of paragraph (1) of subsection (d) of Section 11-501 of the Illinois Vehicle Code.

Code, (iii) one of the offenses enumerated in subdivision (a)(2.4) when the offense is committed on or after July 15, 1999 (the effective date of Public Act 91-121), or (iv) aggravated arson when the offense is committed on or after July 27, 2001 (the effective date of Public Act 92-176).

(4) The rules and regulations shall also provide that the good conduct credit accumulated and retained under paragraph (2.1) of subsection (a) of this Section by any inmate during specific periods of time in which such inmate is engaged full-time in substance abuse programs, correctional industry assignments, or educational programs provided by the Department under this paragraph (4) and satisfactorily completes the assigned program as determined by the standards of the Department, shall be multiplied by a factor of 1.25 for program participation before August 11, 1993 and 1.50 for program participation on or after that date. However, no inmate shall be eligible for the additional good conduct credit under this paragraph (4) or (4.1) of this subsection (a) while assigned to a boot camp or electronic detention, or if convicted of an offense enumerated in subdivision (a)(2)(i), (ii), or (iii) of this Section that is committed on or after June 19, 1998 or subdivision (a)(2)(iv) of this Section that is committed on or after June 23, 2005 (the effective date of Public Act 94-71), or if convicted of reckless homicide as defined in subsection (e) of Section 9-3 of the Criminal Code of 1961 if the offense is committed on or after January 1, 1999, or aggravated driving under the influence of alcohol, other drug or drugs, or intoxicating compound or compounds, or any combination thereof as defined in subparagraph (F) of paragraph (1) of subsection (d) of Section 11-501 of the Illinois Vehicle Code, or if convicted of an offense enumerated in paragraph (a)(2.4) of this Section that is committed on or after July 15, 1999 (the effective date of Public Act 91-121), or first degree murder, a Class X felony, criminal sexual assault, felony criminal sexual abuse, aggravated criminal sexual abuse, aggravated battery with a firearm, or any predecessor or successor
offenses with the same or substantially the same elements, or any inchoate offenses relating to the foregoing offenses. No inmate shall be eligible for the additional good conduct credit under this paragraph (4) who (i) has previously received increased good conduct credit under this paragraph (4) and has subsequently been convicted of a felony, or (ii) has previously served more than one prior sentence of imprisonment for a felony in an adult correctional facility.

Educational, vocational, substance abuse and correctional industry programs under which good conduct credit may be increased under this paragraph (4) and paragraph (4.1) of this subsection (a) shall be evaluated by the Department on the basis of documented standards. The Department shall report the results of these evaluations to the Governor and the General Assembly by September 30th of each year. The reports shall include data relating to the recidivism rate among program participants.

Availability of these programs shall be subject to the limits of fiscal resources appropriated by the General Assembly for these purposes. Eligible inmates who are denied immediate admission shall be placed on a waiting list under criteria established by the Department. The inability of any inmate to become engaged in any such programs by reason of insufficient program resources or for any other reason established under the rules and regulations of the Department shall not be deemed a cause of action under which the Department or any employee or agent of the Department shall be liable for damages to the inmate.

(4.1) The rules and regulations shall also provide that an additional 60 days of good conduct credit shall be awarded to any prisoner who passes the high school level Test of General Educational Development (GED) while the prisoner is incarcerated. The good conduct credit awarded under this paragraph (4.1) shall be in addition to, and shall not affect, the award of good conduct under any other paragraph of this Section, but shall also be pursuant to the guidelines and restrictions set forth
in paragraph (4) of subsection (a) of this Section. The good conduct credit provided for in this paragraph shall be available only to those prisoners who have not previously earned a high school diploma or a GED. If, after an award of the GED good conduct credit has been made and the Department determines that the prisoner was not eligible, then the award shall be revoked.

(4.5) The rules and regulations on early release shall also provide that when the court's sentencing order recommends a prisoner for substance abuse treatment and the crime was committed on or after September 1, 2003 (the effective date of Public Act 93-354), the prisoner shall receive no good conduct credit awarded under clause (3) of this subsection (a) unless he or she participates in and completes a substance abuse treatment program. The Director may waive the requirement to participate in or complete a substance abuse treatment program and award the good conduct credit in specific instances if the prisoner is not a good candidate for a substance abuse treatment program for medical, programming, or operational reasons. Availability of substance abuse treatment shall be subject to the limits of fiscal resources appropriated by the General Assembly for these purposes. If treatment is not available and the requirement to participate and complete the treatment has not been waived by the Director, the prisoner shall be placed on a waiting list under criteria established by the Department. The Director may allow a prisoner placed on a waiting list to participate in and complete a substance abuse education class or attend substance abuse self-help meetings in lieu of a substance abuse treatment program. A prisoner on a waiting list who is not placed in a substance abuse program prior to release may be eligible for a waiver and receive good conduct credit under clause (3) of this subsection (a) at the discretion of the Director.

(4.6) The rules and regulations on early release shall also provide that a prisoner who has been convicted of a sex offense as defined in Section 2 of the Sex Offender Registration Act shall

New matter indicated by italics - deletions by strikeout
receive no good conduct credit unless he or she either has successfully completed or is participating in sex offender treatment as defined by the Sex Offender Management Board. However, prisoners who are waiting to receive such treatment, but who are unable to do so due solely to the lack of resources on the part of the Department, may, at the Director's sole discretion, be awarded good conduct credit at such rate as the Director shall determine.

(5) Whenever the Department is to release any inmate earlier than it otherwise would because of a grant of good conduct credit for meritorious service given at any time during the term, the Department shall give reasonable advance notice of the impending release to the State's Attorney of the county where the prosecution of the inmate took place.

(b) Whenever a person is or has been committed under several convictions, with separate sentences, the sentences shall be construed under Section 5-8-4 in granting and forfeiting of good time.

(c) The Department shall prescribe rules and regulations for revoking good conduct credit, or suspending or reducing the rate of accumulation of good conduct credit for specific rule violations, during imprisonment. These rules and regulations shall provide that no inmate may be penalized more than one year of good conduct credit for any one infraction.

When the Department seeks to revoke, suspend or reduce the rate of accumulation of any good conduct credits for an alleged infraction of its rules, it shall bring charges therefor against the prisoner sought to be so deprived of good conduct credits before the Prisoner Review Board as provided in subparagraph (a)(4) of Section 3-3-2 of this Code, if the amount of credit at issue exceeds 30 days or when during any 12 month period, the cumulative amount of credit revoked exceeds 30 days except where the infraction is committed or discovered within 60 days of scheduled release. In those cases, the Department of Corrections may revoke up to 30 days of good conduct credit. The Board may subsequently approve the revocation of additional good conduct credit, if the Department seeks to revoke good conduct credit in excess of 30 days.
However, the Board shall not be empowered to review the Department's decision with respect to the loss of 30 days of good conduct credit within any calendar year for any prisoner or to increase any penalty beyond the length requested by the Department.

The Director of the Department of Corrections, in appropriate cases, may restore up to 30 days good conduct credits which have been revoked, suspended or reduced. Any restoration of good conduct credits in excess of 30 days shall be subject to review by the Prisoner Review Board. However, the Board may not restore good conduct credit in excess of the amount requested by the Director.

Nothing contained in this Section shall prohibit the Prisoner Review Board from ordering, pursuant to Section 3-3-9(a)(3)(i)(B), that a prisoner serve up to one year of the sentence imposed by the court that was not served due to the accumulation of good conduct credit.

(d) If a lawsuit is filed by a prisoner in an Illinois or federal court against the State, the Department of Corrections, or the Prisoner Review Board, or against any of their officers or employees, and the court makes a specific finding that a pleading, motion, or other paper filed by the prisoner is frivolous, the Department of Corrections shall conduct a hearing to revoke up to 180 days of good conduct credit by bringing charges against the prisoner sought to be deprived of the good conduct credits before the Prisoner Review Board as provided in subparagraph (a)(8) of Section 3-3-2 of this Code. If the prisoner has not accumulated 180 days of good conduct credit at the time of the finding, then the Prisoner Review Board may revoke all good conduct credit accumulated by the prisoner.

For purposes of this subsection (d):

(1) "Frivolous" means that a pleading, motion, or other filing which purports to be a legal document filed by a prisoner in his or her lawsuit meets any or all of the following criteria:

(A) it lacks an arguable basis either in law or in fact;
(B) it is being presented for any improper purpose, such as to harass or to cause unnecessary delay or needless increase in the cost of litigation;

New matter indicated by italics - deletions by strikeout
(C) the claims, defenses, and other legal contentions therein are not warranted by existing law or by a nonfrivolous argument for the extension, modification, or reversal of existing law or the establishment of new law;
(D) the allegations and other factual contentions do not have evidentiary support or, if specifically so identified, are not likely to have evidentiary support after a reasonable opportunity for further investigation or discovery; or
(E) the denials of factual contentions are not warranted on the evidence, or if specifically so identified, are not reasonably based on a lack of information or belief.

(2) "Lawsuit" means a petition for post-conviction relief under Article 122 of the Code of Criminal Procedure of 1963, a motion pursuant to Section 116-3 of the Code of Criminal Procedure of 1963, a habeas corpus action under Article X of the Code of Civil Procedure or under federal law (28 U.S.C. 2254), a petition for claim under the Court of Claims Act or an action under the federal Civil Rights Act (42 U.S.C. 1983).

(e) Nothing in Public Act 90-592 or 90-593 affects the validity of Public Act 89-404.

Sec. 5-8A-6. Electronic monitoring of certain sex offenders. For a sexual predator subject to electronic home monitoring under paragraph (7.7) of subsection (a) of Section 3-3-7, the Department of Corrections must use a system that actively monitors and identifies the offender's current location and timely reports or records the offender's presence and that alerts the Department of the offender's presence within a prohibited area described in Sections 11-9.3 and 11-9.4 of the Criminal Code of 1961, in a court order, or as a condition of the offender's parole, mandatory supervised release, or extended mandatory supervised release and the offender's departure from specified geographic limitations. shall provide by ordinance for the acquisition or undertaking of such project, and for the issuance of bonds of the authority payable from taxes to pay the cost of such project to the authority or for costs with respect to rail facilities or related facilities as provided in Section 14.1. The ordinance shall prescribe all details of the bonds and shall state the time or times when bonds, and the interest thereon, shall become payable and the bonds shall be payable within not more than 20 years from the date thereof. Any authority may agree or contract to sell, issue or deliver bonds payable from taxes at such price and upon such terms as determined by the Board of Commissioners of the Authority and as will not cause the net effective interest rate to be paid by the Authority on the issue of which such bonds are a part to exceed the greater of (i) the maximum rate authorized by the Bond Authorization Act, as amended at the time of the making of the contract, or (ii) the greater of 9% per annum or 125% of the rate for the most recent date shown in the 20 G.O. Bonds Index of average municipal bond yields as published in the most recent edition of The Bond Buyer, published in New York, New York, (or any successor publication or index, or if such publication or index is no longer published, then any index of long term municipal tax-exempt bond yields then selected by the Board of Commissioners of the Authority), at the time the contract is made for such sale of the bonds. Subject to such limitation, the interest rate or rates on such bonds may be established by reference to an index or formula which may be implemented or administered by persons appointed or retained therefor by the Authority. A contract is made with respect to the sale of bonds when an Authority is contractually obligated to issue or deliver such bonds to a purchaser who is contractually obligated to purchase them, and, with respect to bonds bearing interest at a variable rate or subject to payment upon periodic demand or put or otherwise subject to remarketing by or for an Authority, a contract is made on each date of change in the variable rate or such demand, put or remarketing.

The ordinance shall provide for the levy and collection of a direct annual tax upon all the taxable property within the corporate limits of such Authority, sufficient to meet the principal and interest of the bonds as same mature, which tax shall be in addition to and in excess of any other

tax authorized to be levied by the Authority. The bonds may be issued in part under the authority of, and may be additionally secured as provided in, the Local Government Debt Reform Act. Proceeds of bonds issued with respect to rail facilities or related facilities shall be provided to, or expended by the Authority for the benefit of, the Rail Authority.

A certified copy of the ordinance providing for the issuance of bonds authorized by this Section shall be filed with the county clerk of each county in which the authority or any portion thereof is situated and shall constitute the basis for the extension and collection of the tax necessary to pay the principal of and interest and premium, if any, upon the bonds issued under the ordinance as the same mature.

The provisions of this amendatory Act of 1985 shall be cumulative and in addition to any powers or authority granted in any other laws of the State, and shall not be deemed to have repealed any provisions of existing laws. This amendatory Act of 1985 shall be construed as a grant of power to public corporations and shall not act as a limitation upon any sale of bonds authorized pursuant to any other law. This amendatory Act of 1985 shall not be construed as a limit upon any home rule unit of government.

Sec. 22.4. Bonds and notes.

(a) The Rail Authority shall have the power to borrow money and to issue its negotiable bonds or notes as provided in this Section. Unless otherwise indicated in this Section, the term "notes" also includes bond anticipation notes, which are notes that by their terms provide for their payment from the proceeds of bonds subsequently to be issued. Bonds or notes of the Rail Authority may be issued for any or all of the following purposes: to pay costs to the Rail Authority of constructing or acquiring any rail facilities or related facilities, to pay interest on bonds or notes during any period of construction or acquisition of rail facilities or related facilities, to establish a debt service reserve fund, to pay costs of issuance of the bonds or notes, and to refund its bonds or notes.

(b) The issuance of any bonds or notes shall be authorized by a resolution of the Board of Directors of the Rail Authority. The resolution providing for the issuance of any such bonds or notes shall fix their date or dates of maturity, the dates on which interest is payable, any sinking fund account or reserve fund account provisions, and all other details of the bonds or notes and may provide for such covenants or agreements necessary or desirable with regard to the issue, sale, and security of the bonds or notes. The rate or rates of interest on the bonds or notes may be

fixed or variable and the Rail Authority shall determine or provide for the
determination of the rate or rates of interest of its bonds or notes issued
under this Act in a resolution adopted prior to their issuance, none of
which rates of interest shall exceed that permitted in the Bond
Authorization Act. Bonds and notes issued under this Section may be
issued as serial or term obligations, shall be of such denomination or
denominations and form, shall be executed in such manner, shall be
payable at such place or places and bear such date as the Rail Authority
shall fix by the resolution authorizing such bonds or notes and shall
mature at such time or times, within a period not to exceed 40 years from
their date of issue, and may be redeemable prior to maturity, with or
without premium, at the option of the Rail Authority, upon such terms and
conditions as the Rail Authority shall fix by the resolution authorizing the
issuance of the bonds or notes. In case any officer whose signature
appears on any bonds or notes authorized pursuant to this Section shall
cease to be an officer before delivery of such bonds or notes, the signature
shall nevertheless be valid and sufficient for all purposes, the same as if
the officer had remained in office until the delivery.

(c) Bonds or notes of the Rail Authority issued pursuant to this
Section shall have a claim for payment as to principal and interest from
such sources as provided by the resolution authorizing such bonds or
notes. Such bonds or notes shall be secured as provided in the authorizing
resolution of the Board of Directors of the Rail Authority, which may,
notwithstanding any other provision of this Act, include in addition to any
other security, a specific pledge or assignment of and lien on or security
interest in any or all receipts of the Rail Authority and on any or all other
revenues or money of the Rail Authority from whatever source, which may
by law be utilized for debt service purposes, as well as any funds or
accounts established or provided for the payment of such debt service, by
the resolution of the Rail Authority authorizing the issuance of the bonds
or notes. Any such pledge, assignment, lien, or security interest for the
benefit of holders of bonds or notes of the Rail Authority shall be valid
and binding from the time the bonds or notes are issued without any
physical delivery or further act and shall be valid and binding as against

and prior to the claims of all other parties having claims of any kind against the Rail Authority or any other person irrespective of whether such other parties have notice of such pledge, assignment, lien, or security interest. The resolution of the Board of Directors of the Rail Authority authorizing the issuance of any bonds or notes may provide additional security for such bonds or notes by providing for appointment of a corporate trustee (which may be any trust company or bank having the powers of a trust company within Illinois) with respect to the bonds or notes. The resolution shall prescribe the rights, duties, and powers of the trustee to be exercised for the benefit of the Rail Authority and the protection of the owners of such bonds or notes. The resolution may provide for the trustee to hold in trust, invest, and use amounts in funds and accounts created as provided by the resolution with respect to the bonds or notes.

Section 99. Effective date. This Act takes effect upon becoming law.

Passed in the General Assembly June 1, 2007.
Governor Returns Bill with Recommendation For Change
Effective October 11, 2007.

PUBLIC ACT 95-0642
(House Bill No. 0291)

AN ACT concerning courts.
Be it enacted by the People of the State of Illinois, represented in
the General Assembly:
Section 5. The Children and Family Services Act is amended by
changing Section 5 as follows:
(20 ILCS 505/5) (from Ch. 23, par. 5005)
Sec. 5. Direct child welfare services; Department of Children and
Family Services. To provide direct child welfare services when not
available through other public or private child care or program facilities.
(a) For purposes of this Section:
(1) "Children" means persons found within the State who
are under the age of 18 years. The term also includes persons under
age 19 who:

(A) were committed to the Department pursuant to
the Juvenile Court Act or the Juvenile Court Act of 1987,
as amended, prior to the age of 18 and who continue under
the jurisdiction of the court; or

(B) were accepted for care, service and training by
the Department prior to the age of 18 and whose best
interest in the discretion of the Department would be served
by continuing that care, service and training because of
severe emotional disturbances, physical disability, social
adjustment or any combination thereof, or because of the
need to complete an educational or vocational training
program.

(2) "Homeless youth" means persons found within the State who are under the age of 19, are not in a safe and stable living situation and cannot be reunited with their families.

(3) "Child welfare services" means public social services which are directed toward the accomplishment of the following purposes:

(A) protecting and promoting the health, safety and welfare of children, including homeless, dependent or neglected children;

(B) remedying, or assisting in the solution of problems which may result in, the neglect, abuse, exploitation or delinquency of children;

(C) preventing the unnecessary separation of children from their families by identifying family problems, assisting families in resolving their problems, and preventing the breakup of the family where the prevention of child removal is desirable and possible when the child can be cared for at home without endangering the child's health and safety;

(D) restoring to their families children who have been removed, by the provision of services to the child and the families when the child can be cared for at home without endangering the child's health and safety;

(E) placing children in suitable adoptive homes, in cases where restoration to the biological family is not safe, possible or appropriate;

(F) assuring safe and adequate care of children away from their homes, in cases where the child cannot be returned home or cannot be placed for adoption. At the time of placement, the Department shall consider concurrent planning, as described in subsection (l-1) of this Section so that permanency may occur at the earliest opportunity. Consideration should be given so that if reunification fails
or is delayed, the placement made is the best available placement to provide permanency for the child;
   (G) (blank);
   (H) (blank); and
   (I) placing and maintaining children in facilities that provide separate living quarters for children under the age of 18 and for children 18 years of age and older, unless a child 18 years of age is in the last year of high school education or vocational training, in an approved individual or group treatment program, in a licensed shelter facility, or secure child care facility. The Department is not required to place or maintain children:
   (i) who are in a foster home, or
   (ii) who are persons with a developmental disability, as defined in the Mental Health and Developmental Disabilities Code, or
   (iii) who are female children who are pregnant, pregnant and parenting or parenting, or
   (iv) who are siblings, in facilities that provide separate living quarters for children 18 years of age and older and for children under 18 years of age.

(b) Nothing in this Section shall be construed to authorize the expenditure of public funds for the purpose of performing abortions.

(c) The Department shall establish and maintain tax-supported child welfare services and extend and seek to improve voluntary services throughout the State, to the end that services and care shall be available on an equal basis throughout the State to children requiring such services.

(d) The Director may authorize advance disbursements for any new program initiative to any agency contracting with the Department. As a prerequisite for an advance disbursement, the contractor must post a surety bond in the amount of the advance disbursement and have a purchase of service contract approved by the Department. The Department may pay up to 2 months operational expenses in advance. The amount of the advance

New matter indicated by italics - deletions by strikeout
disbursement shall be prorated over the life of the contract or the
remaining months of the fiscal year, whichever is less, and the installment
amount shall then be deducted from future bills. Advance disbursement
authorizations for new initiatives shall not be made to any agency after that
agency has operated during 2 consecutive fiscal years. The requirements of
this Section concerning advance disbursements shall not apply with
respect to the following: payments to local public agencies for child day
care services as authorized by Section 5a of this Act; and youth service
programs receiving grant funds under Section 17a-4.

(e) (Blank).

(f) (Blank).

(g) The Department shall establish rules and regulations
concerning its operation of programs designed to meet the goals of child
safety and protection, family preservation, family reunification, and
adoption, including but not limited to:

(1) adoption;
(2) foster care;
(3) family counseling;
(4) protective services;
(5) (blank);
(6) homemaker service;
(7) return of runaway children;
(8) (blank);
(9) placement under Section 5-7 of the Juvenile Court Act
or Section 2-27, 3-28, 4-25 or 5-740 of the Juvenile Court Act of
1987 in accordance with the federal Adoption Assistance and Child
Welfare Act of 1980; and
(10) interstate services.

Rules and regulations established by the Department shall include
provisions for training Department staff and the staff of Department
grantees, through contracts with other agencies or resources, in alcohol
and drug abuse screening techniques approved by the Department of
Human Services, as a successor to the Department of Alcoholism and
Substance Abuse, for the purpose of identifying children and adults who

New matter indicated by italics - deletions by strikeout
should be referred to an alcohol and drug abuse treatment program for professional evaluation.

(h) If the Department finds that there is no appropriate program or facility within or available to the Department for a ward and that no licensed private facility has an adequate and appropriate program or none agrees to accept the ward, the Department shall create an appropriate individualized, program-oriented plan for such ward. The plan may be developed within the Department or through purchase of services by the Department to the extent that it is within its statutory authority to do.

(i) Service programs shall be available throughout the State and shall include but not be limited to the following services:
   (1) case management;
   (2) homemakers;
   (3) counseling;
   (4) parent education;
   (5) day care; and
   (6) emergency assistance and advocacy.

In addition, the following services may be made available to assess and meet the needs of children and families:
   (1) comprehensive family-based services;
   (2) assessments;
   (3) respite care; and
   (4) in-home health services.

The Department shall provide transportation for any of the services it makes available to children or families or for which it refers children or families.

(j) The Department may provide categories of financial assistance and education assistance grants, and shall establish rules and regulations concerning the assistance and grants, to persons who adopt physically or mentally handicapped, older and other hard-to-place children who (i) immediately prior to their adoption were legal wards of the Department or (ii) were determined eligible for financial assistance with respect to a prior adoption and who become available for adoption because the prior adoption has been dissolved and the parental rights of the adoptive parents

New matter indicated by italics - deletions by strikeout
have been terminated or because the child's adoptive parents have died. The Department may, subject to federal financial participation in the cost, continue to provide financial assistance and education assistance grants for a child who was determined eligible for financial assistance under this subsection (j) in the interim period beginning when the child's adoptive parents died and ending with the finalization of the new adoption of the child by another adoptive parent or parents. The Department may also provide categories of financial assistance and education assistance grants, and shall establish rules and regulations for the assistance and grants, to persons appointed guardian of the person under Section 5-7 of the Juvenile Court Act or Section 2-27, 3-28, 4-25 or 5-740 of the Juvenile Court Act of 1987 for children who were wards of the Department for 12 months immediately prior to the appointment of the guardian.

The amount of assistance may vary, depending upon the needs of the child and the adoptive parents, as set forth in the annual assistance agreement. Special purpose grants are allowed where the child requires special service but such costs may not exceed the amounts which similar services would cost the Department if it were to provide or secure them as guardian of the child.

Any financial assistance provided under this subsection is inalienable by assignment, sale, execution, attachment, garnishment, or any other remedy for recovery or collection of a judgment or debt.

(j-5) The Department shall not deny or delay the placement of a child for adoption if an approved family is available either outside of the Department region handling the case, or outside of the State of Illinois.

(k) The Department shall accept for care and training any child who has been adjudicated neglected or abused, or dependent committed to it pursuant to the Juvenile Court Act or the Juvenile Court Act of 1987.

(l) Before July 1, 2000, the Department may provide, and beginning July 1, 2000, the Department shall offer family preservation services, as defined in Section 8.2 of the Abused and Neglected Child Reporting Act, to help families, including adoptive and extended families. Family preservation services shall be offered (i) to prevent the placement of children in substitute care when the children can be cared for at home or

New matter indicated by italics - deletions by strikeout
in the custody of the person responsible for the children's welfare, (ii) to reunite children with their families, or (iii) to maintain an adoptive placement. Family preservation services shall only be offered when doing so will not endanger the children's health or safety. With respect to children who are in substitute care pursuant to the Juvenile Court Act of 1987, family preservation services shall not be offered if a goal other than those of subdivisions (A), (B), or (B-1) of subsection (2) of Section 2-28 of that Act has been set. Nothing in this paragraph shall be construed to create a private right of action or claim on the part of any individual or child welfare agency.

The Department shall notify the child and his family of the Department's responsibility to offer and provide family preservation services as identified in the service plan. The child and his family shall be eligible for services as soon as the report is determined to be "indicated". The Department may offer services to any child or family with respect to whom a report of suspected child abuse or neglect has been filed, prior to concluding its investigation under Section 7.12 of the Abused and Neglected Child Reporting Act. However, the child's or family's willingness to accept services shall not be considered in the investigation. The Department may also provide services to any child or family who is the subject of any report of suspected child abuse or neglect or may refer such child or family to services available from other agencies in the community, even if the report is determined to be unfounded, if the conditions in the child's or family's home are reasonably likely to subject the child or family to future reports of suspected child abuse or neglect. Acceptance of such services shall be voluntary.

The Department may, at its discretion except for those children also adjudicated neglected or dependent, accept for care and training any child who has been adjudicated addicted, as a truant minor in need of supervision or as a minor requiring authoritative intervention, under the Juvenile Court Act or the Juvenile Court Act of 1987, but no such child shall be committed to the Department by any court without the approval of the Department. A minor charged with a criminal offense under the Criminal Code of 1961 or adjudicated delinquent shall not be placed in the

New matter indicated by italics - deletions by strikeout
custody of or committed to the Department by any court, except a minor less than 15 years of age committed to the Department under Section 5-710 of the Juvenile Court Act of 1987 or a minor for whom an independent basis of abuse, neglect, or dependency exists, which must be defined by departmental rule. An independent basis exists when the allegations or adjudication of abuse, neglect, or dependency do not arise from the same facts, incident, or circumstances which give rise to a charge or adjudication of delinquency.

(l-1) The legislature recognizes that the best interests of the child require that the child be placed in the most permanent living arrangement as soon as is practically possible. To achieve this goal, the legislature directs the Department of Children and Family Services to conduct concurrent planning so that permanency may occur at the earliest opportunity. Permanent living arrangements may include prevention of placement of a child outside the home of the family when the child can be cared for at home without endangering the child's health or safety; reunification with the family, when safe and appropriate, if temporary placement is necessary; or movement of the child toward the most permanent living arrangement and permanent legal status.

When determining reasonable efforts to be made with respect to a child, as described in this subsection, and in making such reasonable efforts, the child's health and safety shall be the paramount concern.

When a child is placed in foster care, the Department shall ensure and document that reasonable efforts were made to prevent or eliminate the need to remove the child from the child's home. The Department must make reasonable efforts to reunify the family when temporary placement of the child occurs unless otherwise required, pursuant to the Juvenile Court Act of 1987. At any time after the dispositional hearing where the Department believes that further reunification services would be ineffective, it may request a finding from the court that reasonable efforts are no longer appropriate. The Department is not required to provide further reunification services after such a finding.

A decision to place a child in substitute care shall be made with considerations of the child's health, safety, and best interests. At the time
of placement, consideration should also be given so that if reunification fails or is delayed, the placement made is the best available placement to provide permanency for the child.

The Department shall adopt rules addressing concurrent planning for reunification and permanency. The Department shall consider the following factors when determining appropriateness of concurrent planning:

1. the likelihood of prompt reunification;
2. the past history of the family;
3. the barriers to reunification being addressed by the family;
4. the level of cooperation of the family;
5. the foster parents' willingness to work with the family to reunite;
6. the willingness and ability of the foster family to provide an adoptive home or long-term placement;
7. the age of the child;
8. placement of siblings.

(m) The Department may assume temporary custody of any child if:

1. it has received a written consent to such temporary custody signed by the parents of the child or by the parent having custody of the child if the parents are not living together or by the guardian or custodian of the child if the child is not in the custody of either parent, or
2. the child is found in the State and neither a parent, guardian nor custodian of the child can be located.

If the child is found in his or her residence without a parent, guardian, custodian or responsible caretaker, the Department may, instead of removing the child and assuming temporary custody, place an authorized representative of the Department in that residence until such time as a parent, guardian or custodian enters the home and expresses a willingness and apparent ability to ensure the child's health and safety and resume permanent charge of the child, or until a relative enters the home and is

New matter indicated by italics - deletions by strikeout
willing and able to ensure the child's health and safety and assume charge of the child until a parent, guardian or custodian enters the home and expresses such willingness and ability to ensure the child's safety and resume permanent charge. After a caretaker has remained in the home for a period not to exceed 12 hours, the Department must follow those procedures outlined in Section 2-9, 3-11, 4-8, or 5-415 of the Juvenile Court Act of 1987.

The Department shall have the authority, responsibilities and duties that a legal custodian of the child would have pursuant to subsection (9) of Section 1-3 of the Juvenile Court Act of 1987. Whenever a child is taken into temporary custody pursuant to an investigation under the Abused and Neglected Child Reporting Act, or pursuant to a referral and acceptance under the Juvenile Court Act of 1987 of a minor in limited custody, the Department, during the period of temporary custody and before the child is brought before a judicial officer as required by Section 2-9, 3-11, 4-8, or 5-415 of the Juvenile Court Act of 1987, shall have the authority, responsibilities and duties that a legal custodian of the child would have under subsection (9) of Section 1-3 of the Juvenile Court Act of 1987.

The Department shall ensure that any child taken into custody is scheduled for an appointment for a medical examination.

A parent, guardian or custodian of a child in the temporary custody of the Department who would have custody of the child if he were not in the temporary custody of the Department may deliver to the Department a signed request that the Department surrender the temporary custody of the child. The Department may retain temporary custody of the child for 10 days after the receipt of the request, during which period the Department may cause to be filed a petition pursuant to the Juvenile Court Act of 1987. If a petition is so filed, the Department shall retain temporary custody of the child until the court orders otherwise. If a petition is not filed within the 10 day period, the child shall be surrendered to the custody of the requesting parent, guardian or custodian not later than the expiration of the 10 day period, at which time the authority and duties of the Department with respect to the temporary custody of the child shall terminate.

(m-1) The Department may place children under 18 years of age in a secure child care facility licensed by the Department that cares for children who are in need of secure living arrangements for their health, safety, and well-being after a determination is made by the facility director and the Director or the Director's designate prior to admission to the facility subject to Section 2-27.1 of the Juvenile Court Act of 1987. This subsection (m-1) does not apply to a child who is subject to placement in a correctional facility operated pursuant to Section 3-15-2 of the Unified Code of Corrections, unless the child is a ward who was placed under the care of the Department before being subject to placement in a correctional facility and a court of competent jurisdiction has ordered placement of the child in a secure care facility.

(n) The Department may place children under 18 years of age in licensed child care facilities when in the opinion of the Department, appropriate services aimed at family preservation have been unsuccessful and cannot ensure the child's health and safety or are unavailable and such placement would be for their best interest. Payment for board, clothing, care, training and supervision of any child placed in a licensed child care facility may be made by the Department, by the parents or guardians of the estates of those children, or by both the Department and the parents or guardians, except that no payments shall be made by the Department for any child placed in a licensed child care facility for board, clothing, care, training and supervision of such a child that exceed the average per capita cost of maintaining and of caring for a child in institutions for dependent or neglected children operated by the Department. However, such restriction on payments does not apply in cases where children require specialized care and treatment for problems of severe emotional disturbance, physical disability, social adjustment, or any combination thereof and suitable facilities for the placement of such children are not available at payment rates within the limitations set forth in this Section. All reimbursements for services delivered shall be absolutely inalienable by assignment, sale, attachment, garnishment or otherwise.

(o) The Department shall establish an administrative review and appeal process for children and families who request or receive child...
welfare services from the Department. Children who are wards of the Department and are placed by private child welfare agencies, and foster families with whom those children are placed, shall be afforded the same procedural and appeal rights as children and families in the case of placement by the Department, including the right to an initial review of a private agency decision by that agency. The Department shall insure that any private child welfare agency, which accepts wards of the Department for placement, affords those rights to children and foster families. The Department shall accept for administrative review and an appeal hearing a complaint made by (i) a child or foster family concerning a decision following an initial review by a private child welfare agency or (ii) a prospective adoptive parent who alleges a violation of subsection (j-5) of this Section. An appeal of a decision concerning a change in the placement of a child shall be conducted in an expedited manner.

(p) There is hereby created the Department of Children and Family Services Emergency Assistance Fund from which the Department may provide special financial assistance to families which are in economic crisis when such assistance is not available through other public or private sources and the assistance is deemed necessary to prevent dissolution of the family unit or to reunite families which have been separated due to child abuse and neglect. The Department shall establish administrative rules specifying the criteria for determining eligibility for and the amount and nature of assistance to be provided. The Department may also enter into written agreements with private and public social service agencies to provide emergency financial services to families referred by the Department. Special financial assistance payments shall be available to a family no more than once during each fiscal year and the total payments to a family may not exceed $500 during a fiscal year.

(q) The Department may receive and use, in their entirety, for the benefit of children any gift, donation or bequest of money or other property which is received on behalf of such children, or any financial benefits to which such children are or may become entitled while under the jurisdiction or care of the Department.

The Department shall set up and administer no-cost, interest-bearing accounts in appropriate financial institutions for children for whom the Department is legally responsible and who have been determined eligible for Veterans' Benefits, Social Security benefits, assistance allotments from the armed forces, court ordered payments, parental voluntary payments, Supplemental Security Income, Railroad Retirement payments, Black Lung benefits, or other miscellaneous payments. Interest earned by each account shall be credited to the account, unless disbursed in accordance with this subsection.

In disbursing funds from children's accounts, the Department shall:

1. Establish standards in accordance with State and federal laws for disbursing money from children's accounts. In all circumstances, the Department's "Guardianship Administrator" or his or her designee must approve disbursements from children's accounts. The Department shall be responsible for keeping complete records of all disbursements for each account for any purpose.

2. Calculate on a monthly basis the amounts paid from State funds for the child's board and care, medical care not covered under Medicaid, and social services; and utilize funds from the child's account, as covered by regulation, to reimburse those costs. Monthly, disbursements from all children's accounts, up to 1/12 of $13,000,000, shall be deposited by the Department into the General Revenue Fund and the balance over 1/12 of $13,000,000 into the DCFS Children's Services Fund.

3. Maintain any balance remaining after reimbursing for the child's costs of care, as specified in item (2). The balance shall accumulate in accordance with relevant State and federal laws and shall be disbursed to the child or his or her guardian, or to the issuing agency.

The Department shall promulgate regulations encouraging all adoption agencies to voluntarily forward to the Department or its agent names and addresses of all persons who have applied for and have been approved for adoption of a hard-to-place or handicapped child and the

names of such children who have not been placed for adoption. A list of such names and addresses shall be maintained by the Department or its agent, and coded lists which maintain the confidentiality of the person seeking to adopt the child and of the child shall be made available, without charge, to every adoption agency in the State to assist the agencies in placing such children for adoption. The Department may delegate to an agent its duty to maintain and make available such lists. The Department shall ensure that such agent maintains the confidentiality of the person seeking to adopt the child and of the child.

(s) The Department of Children and Family Services may establish and implement a program to reimburse Department and private child welfare agency foster parents licensed by the Department of Children and Family Services for damages sustained by the foster parents as a result of the malicious or negligent acts of foster children, as well as providing third party coverage for such foster parents with regard to actions of foster children to other individuals. Such coverage will be secondary to the foster parent liability insurance policy, if applicable. The program shall be funded through appropriations from the General Revenue Fund, specifically designated for such purposes.

(t) The Department shall perform home studies and investigations and shall exercise supervision over visitation as ordered by a court pursuant to the Illinois Marriage and Dissolution of Marriage Act or the Adoption Act only if:

1. an order entered by an Illinois court specifically directs the Department to perform such services; and
2. the court has ordered one or both of the parties to the proceeding to reimburse the Department for its reasonable costs for providing such services in accordance with Department rules, or has determined that neither party is financially able to pay.

The Department shall provide written notification to the court of the specific arrangements for supervised visitation and projected monthly costs within 60 days of the court order. The Department shall send to the court information related to the costs incurred except in cases where the

court has determined the parties are financially unable to pay. The court may order additional periodic reports as appropriate.

(u) In addition to other information that must be provided, whenever the Department places a child with a prospective adoptive parent or parents or in a licensed foster home, group home, child care institution, or in a relative home, the Department shall provide to the prospective adoptive parent or parents or other caretaker:

(1) available detailed information concerning the child's educational and health history, copies of immunization records (including insurance and medical card information), a history of the child's previous placements, if any, and reasons for placement changes excluding any information that identifies or reveals the location of any previous caretaker;

(2) a copy of the child's portion of the client service plan, including any visitation arrangement, and all amendments or revisions to it as related to the child; and

(3) information containing details of the child's individualized educational plan when the child is receiving special education services.

The caretaker shall be informed of any known social or behavioral information (including, but not limited to, criminal background, fire setting, perpetuation of sexual abuse, destructive behavior, and substance abuse) necessary to care for and safeguard the children to be placed or currently in the home. The Department may prepare a written summary of the information required by this paragraph, which may be provided to the foster or prospective adoptive parent in advance of a placement. The foster or prospective adoptive parent may review the supporting documents in the child's file in the presence of casework staff. In the case of an emergency placement, casework staff shall at least provide known information verbally, if necessary, and must subsequently provide the information in writing as required by this subsection.

The information described in this subsection shall be provided in writing. In the case of emergency placements when time does not allow prior review, preparation, and collection of written information, the
Department shall provide such information as it becomes available. Within 10 business days after placement, the Department shall obtain from the prospective adoptive parent or parents or other caretaker a signed verification of receipt of the information provided. Within 10 business days after placement, the Department shall provide to the child's guardian ad litem a copy of the information provided to the prospective adoptive parent or parents or other caretaker. The information provided to the prospective adoptive parent or parents or other caretaker shall be reviewed and approved regarding accuracy at the supervisory level.

(u-5) Effective July 1, 1995, only foster care placements licensed as foster family homes pursuant to the Child Care Act of 1969 shall be eligible to receive foster care payments from the Department. Relative caregivers who, as of July 1, 1995, were approved pursuant to approved relative placement rules previously promulgated by the Department at 89 Ill. Adm. Code 335 and had submitted an application for licensure as a foster family home may continue to receive foster care payments only until the Department determines that they may be licensed as a foster family home or that their application for licensure is denied or until September 30, 1995, whichever occurs first.

(v) The Department shall access criminal history record information as defined in the Illinois Uniform Conviction Information Act and information maintained in the adjudicatory and dispositional record system as defined in Section 2605-355 of the Department of State Police Law (20 ILCS 2605/2605-355) if the Department determines the information is necessary to perform its duties under the Abused and Neglected Child Reporting Act, the Child Care Act of 1969, and the Children and Family Services Act. The Department shall provide for interactive computerized communication and processing equipment that permits direct on-line communication with the Department of State Police's central criminal history data repository. The Department shall comply with all certification requirements and provide certified operators who have been trained by personnel from the Department of State Police. In addition, one Office of the Inspector General investigator shall have training in the use of the criminal history information access system and

have access to the terminal. The Department of Children and Family Services and its employees shall abide by rules and regulations established by the Department of State Police relating to the access and dissemination of this information.

(w) Within 120 days of August 20, 1995 (the effective date of Public Act 89-392), the Department shall prepare and submit to the Governor and the General Assembly, a written plan for the development of in-state licensed secure child care facilities that care for children who are in need of secure living arrangements for their health, safety, and well-being. For purposes of this subsection, secure care facility shall mean a facility that is designed and operated to ensure that all entrances and exits from the facility, a building or a distinct part of the building, are under the exclusive control of the staff of the facility, whether or not the child has the freedom of movement within the perimeter of the facility, building, or distinct part of the building. The plan shall include descriptions of the types of facilities that are needed in Illinois; the cost of developing these secure care facilities; the estimated number of placements; the potential cost savings resulting from the movement of children currently out-of-state who are projected to be returned to Illinois; the necessary geographic distribution of these facilities in Illinois; and a proposed timetable for development of such facilities.

Section 10. The Juvenile Court Act of 1987 is amended by changing Sections 2-10, 2-27, and 5-710 as follows:

(705 ILCS 405/2-10) (from Ch. 37, par. 802-10)

Sec. 2-10. Temporary custody hearing. At the appearance of the minor before the court at the temporary custody hearing, all witnesses present shall be examined before the court in relation to any matter connected with the allegations made in the petition.

(1) If the court finds that there is not probable cause to believe that the minor is abused, neglected or dependent it shall release the minor and dismiss the petition.

(2) If the court finds that there is probable cause to believe that the minor is abused, neglected or dependent, the court shall state in writing the

factual basis supporting its finding and the minor, his or her parent, guardian, custodian and other persons able to give relevant testimony shall be examined before the court. The Department of Children and Family Services shall give testimony concerning indicated reports of abuse and neglect, of which they are aware of through the central registry, involving the minor's parent, guardian or custodian. After such testimony, the court may, consistent with the health, safety and best interests of the minor, enter an order that the minor shall be released upon the request of parent, guardian or custodian if the parent, guardian or custodian appears to take custody. Custodian shall include any agency of the State which has been given custody or wardship of the child. If it is consistent with the health, safety and best interests of the minor, the court may also prescribe shelter care and order that the minor be kept in a suitable place designated by the court or in a shelter care facility designated by the Department of Children and Family Services or a licensed child welfare agency; however, a minor charged with a criminal offense under the Criminal Code of 1961 or adjudicated delinquent shall not be placed in the custody of or committed to the Department of Children and Family Services by any court, except a minor less than 15 years of age and committed to the Department of Children and Family Services under Section 5-710 of this Act or a minor for whom an independent basis of abuse, neglect, or dependency exists. An independent basis exists when the allegations or adjudication of abuse, neglect, or dependency do not arise from the same facts, incident, or circumstances which give rise to a charge or adjudication of delinquency which must be defined by departmental rule.

In placing the minor, the Department or other agency shall, to the extent compatible with the court's order, comply with Section 7 of the Children and Family Services Act. In determining the health, safety and best interests of the minor to prescribe shelter care, the court must find that it is a matter of immediate and urgent necessity for the safety and protection of the minor or of the person or property of another that the minor be placed in a shelter care facility or that he or she is likely to flee the jurisdiction of the court, and must further find that reasonable efforts have been made or that, consistent with the health, safety and best interests

New matter indicated by italics - deletions by strikeout
of the minor, no efforts reasonably can be made to prevent or eliminate the necessity of removal of the minor from his or her home. The court shall require documentation from the Department of Children and Family Services as to the reasonable efforts that were made to prevent or eliminate the necessity of removal of the minor from his or her home or the reasons why no efforts reasonably could be made to prevent or eliminate the necessity of removal. When a minor is placed in the home of a relative, the Department of Children and Family Services shall complete a preliminary background review of the members of the minor's custodian's household in accordance with Section 4.3 of the Child Care Act of 1969 within 90 days of that placement. If the minor is ordered placed in a shelter care facility of the Department of Children and Family Services or a licensed child welfare agency, the court shall, upon request of the appropriate Department or other agency, appoint the Department of Children and Family Services Guardianship Administrator or other appropriate agency executive temporary custodian of the minor and the court may enter such other orders related to the temporary custody as it deems fit and proper, including the provision of services to the minor or his family to ameliorate the causes contributing to the finding of probable cause or to the finding of the existence of immediate and urgent necessity.

Where the Department of Children and Family Services Guardianship Administrator is appointed as the executive temporary custodian, the Department of Children and Family Services shall file with the court and serve on the parties a parent-child visiting plan, within 10 days, excluding weekends and holidays, after the appointment. The parent-child visiting plan shall set out the time and place of visits, the frequency of visits, the length of visits, who shall be present at the visits, and where appropriate, the minor's opportunities to have telephone and mail communication with the parents. For good cause, the court may waive the requirement to file the parent-child visiting plan or extend the time for filing the parent-child visiting plan. Any party may, by motion, request the court to review the parent-child visiting plan to determine whether it is reasonably calculated to expeditiously facilitate the achievement of the permanency goal and is consistent with the minor's best interest. The

New matter indicated by italics - deletions by strikeout
frequency, duration, and locations of visitation shall be measured by the
needs of the child and family, and not by the convenience of Department
personnel. Child development principles shall be considered by the court
in its analysis of how frequent visitation should be, how long it should last,
where it should take place, and who should be present. If upon motion of
the party to review the plan and after receiving evidence, the court
determines that the parent-child visiting plan is not reasonably calculated
to expeditiously facilitate the achievement of the permanency goal or that
the restrictions placed on parent-child contact are contrary to the child's
best interests, the court shall put in writing the factual basis supporting the
determination and enter specific findings based on the evidence. The court
shall enter an order for the Department to implement changes to the
parent-child visiting plan, consistent with the court's findings. At any stage
of proceeding, any party may by motion request the court to enter any
orders necessary to implement the parent-child visiting plan. Nothing
under this subsection (2) shall restrict the court from granting discretionary
authority to the Department to increase opportunities for additional parent-
child contacts, without further court orders. Nothing in this subsection (2)
shall restrict the Department from immediately restricting or terminating
parent-child contact, without either amending the parent-child visiting plan
or obtaining a court order, where the Department or its assigns reasonably
believe that continuation of parent-child contact, as set out in the parent-
child visiting plan, would be contrary to the child's health, safety, and
welfare. The Department shall file with the court and serve on the parties
any amendments to the visitation plan within 10 days, excluding weekends
and holidays, of the change of the visitation. Any party may, by motion,
request the court to review the parent-child visiting plan to determine
whether the parent-child visiting plan is reasonably calculated to
expeditiously facilitate the achievement of the permanency goal, and is
consistent with the minor's health, safety, and best interest.

Acceptance of services shall not be considered an admission of any
allegation in a petition made pursuant to this Act, nor may a referral of
services be considered as evidence in any proceeding pursuant to this Act,
except where the issue is whether the Department has made reasonable

New matter indicated by italics - deletions by strikeout
efforts to reunite the family. In making its findings that it is consistent with the health, safety and best interests of the minor to prescribe shelter care, the court shall state in writing (i) the factual basis supporting its findings concerning the immediate and urgent necessity for the protection of the minor or of the person or property of another and (ii) the factual basis supporting its findings that reasonable efforts were made to prevent or eliminate the removal of the minor from his or her home or that no efforts reasonably could be made to prevent or eliminate the removal of the minor from his or her home. The parents, guardian, custodian, temporary custodian and minor shall each be furnished a copy of such written findings. The temporary custodian shall maintain a copy of the court order and written findings in the case record for the child. The order together with the court's findings of fact in support thereof shall be entered of record in the court.

Once the court finds that it is a matter of immediate and urgent necessity for the protection of the minor that the minor be placed in a shelter care facility, the minor shall not be returned to the parent, custodian or guardian until the court finds that such placement is no longer necessary for the protection of the minor.

If the child is placed in the temporary custody of the Department of Children and Family Services for his or her protection, the court shall admonish the parents, guardian, custodian or responsible relative that the parents must cooperate with the Department of Children and Family Services, comply with the terms of the service plans, and correct the conditions which require the child to be in care, or risk termination of their parental rights.

(3) If prior to the shelter care hearing for a minor described in Sections 2-3, 2-4, 3-3 and 4-3 the moving party is unable to serve notice on the party respondent, the shelter care hearing may proceed ex-parte. A shelter care order from an ex-parte hearing shall be endorsed with the date and hour of issuance and shall be filed with the clerk's office and entered of record. The order shall expire after 10 days from the time it is issued unless before its expiration it is renewed, at a hearing upon appearance of the party respondent, or upon an affidavit of the moving party as to all

diligent efforts to notify the party respondent by notice as herein prescribed. The notice prescribed shall be in writing and shall be personally delivered to the minor or the minor's attorney and to the last known address of the other person or persons entitled to notice. The notice shall also state the nature of the allegations, the nature of the order sought by the State, including whether temporary custody is sought, and the consequences of failure to appear and shall contain a notice that the parties will not be entitled to further written notices or publication notices of proceedings in this case, including the filing of an amended petition or a motion to terminate parental rights, except as required by Supreme Court Rule 11; and shall explain the right of the parties and the procedures to vacate or modify a shelter care order as provided in this Section. The notice for a shelter care hearing shall be substantially as follows:

RESULT IN PLACEMENT of the child or children in foster care
until a trial can be held. A trial may not be held for up to 90 days.
You will not be entitled to further notices of proceedings in this
case, including the filing of an amended petition or a motion to
terminate parental rights.

At the shelter care hearing, parents have the following
rights:

1. To ask the court to appoint a lawyer if they
cannot afford one.
2. To ask the court to continue the hearing to allow

New matter indicated by italics - deletions by strikeout
3. To present evidence concerning:
   a. Whether or not the child or children were abused, neglected or dependent.

   c. The best interests of the child.

4. To cross examine the State's witnesses.

The Notice for rehearings shall be substantially as follows:

NOTICE OF PARENT'S AND CHILDREN'S RIGHTS TO REHEARING ON TEMPORARY CUSTODY

If you were not present at and did not have adequate notice of the Shelter Care Hearing at which temporary custody of ................ was awarded to ................, you have the right to request a full rehearing on whether the State should have temporary custody of ................ To request this rehearing, you must file with the Clerk of the Juvenile Court (address): ........................., in person or by mailing a statement (affidavit) setting forth the following:

1. That you were not present at the shelter care hearing.
2. That you did not get adequate notice (explaining how the notice was inadequate).
3. Your signature.
4. Signature must be notarized.

The rehearing should be scheduled within 48 hours of your filing this affidavit.

At the rehearing, your rights are the same as at the initial shelter care hearing. The enclosed notice explains those rights.

At the Shelter Care Hearing, children have the following rights:

1. To have a guardian ad litem appointed.
2. To be declared competent as a witness and to present testimony concerning:
   a. Whether they are abused, neglected or dependent.
   b. Whether there is "immediate and urgent necessity" to be removed from home.
   c. Their best interests.
3. To cross examine witnesses for other parties.
4. To obtain an explanation of any proceedings and orders of the court.

(4) If the parent, guardian, legal custodian, responsible relative, minor age 8 or over, or counsel of the minor did not have actual notice of or was not present at the shelter care hearing, he or she may file an affidavit setting forth these facts, and the clerk shall set the matter for rehearing not later than 48 hours, excluding Sundays and legal holidays, after the filing of the affidavit. At the rehearing, the court shall proceed in the same manner as upon the original hearing.

(5) Only when there is reasonable cause to believe that the minor taken into custody is a person described in subsection (3) of Section 5-105 may the minor be kept or detained in a detention home or county or municipal jail. This Section shall in no way be construed to limit subsection (6).

(6) No minor under 16 years of age may be confined in a jail or place ordinarily used for the confinement of prisoners in a police station. Minors under 17 years of age must be kept separate from confined adults and may not at any time be kept in the same cell, room, or yard with adults confined pursuant to the criminal law.

(7) If the minor is not brought before a judicial officer within the time period as specified in Section 2-9, the minor must immediately be released from custody.

(8) If neither the parent, guardian or custodian appears within 24 hours to take custody of a minor released upon request pursuant to subsection (2) of this Section, then the clerk of the court shall set the matter for rehearing not later than 7 days after the original order and shall
issue a summons directed to the parent, guardian or custodian to appear. At the same time the probation department shall prepare a report on the minor. If a parent, guardian or custodian does not appear at such rehearing, the judge may enter an order prescribing that the minor be kept in a suitable place designated by the Department of Children and Family Services or a licensed child welfare agency.

(9) Notwithstanding any other provision of this Section any interested party, including the State, the temporary custodian, an agency providing services to the minor or family under a service plan pursuant to Section 8.2 of the Abused and Neglected Child Reporting Act, foster parent, or any of their representatives, on notice to all parties entitled to notice, may file a motion that it is in the best interests of the minor to modify or vacate a temporary custody order on any of the following grounds:

(a) It is no longer a matter of immediate and urgent necessity that the minor remain in shelter care; or

(b) There is a material change in the circumstances of the natural family from which the minor was removed and the child can be cared for at home without endangering the child's health or safety; or

(c) A person not a party to the alleged abuse, neglect or dependency, including a parent, relative or legal guardian, is capable of assuming temporary custody of the minor; or

(d) Services provided by the Department of Children and Family Services or a child welfare agency or other service provider have been successful in eliminating the need for temporary custody and the child can be cared for at home without endangering the child's health or safety.

In ruling on the motion, the court shall determine whether it is consistent with the health, safety and best interests of the minor to modify or vacate a temporary custody order.

The clerk shall set the matter for hearing not later than 14 days after such motion is filed. In the event that the court modifies or vacates a temporary custody order but does not vacate its finding of probable cause,
the court may order that appropriate services be continued or initiated in behalf of the minor and his or her family.

(10) When the court finds or has found that there is probable cause to believe a minor is an abused minor as described in subsection (2) of Section 2-3 and that there is an immediate and urgent necessity for the abused minor to be placed in shelter care, immediate and urgent necessity shall be presumed for any other minor residing in the same household as the abused minor provided:

(a) Such other minor is the subject of an abuse or neglect petition pending before the court; and

(b) A party to the petition is seeking shelter care for such other minor.

Once the presumption of immediate and urgent necessity has been raised, the burden of demonstrating the lack of immediate and urgent necessity shall be on any party that is opposing shelter care for the other minor.

(705 ILCS 405/2-27) (from Ch. 37, par. 802-27)
Sec. 2-27. Placement; legal custody or guardianship.

(1) If the court determines and puts in writing the factual basis supporting the determination of whether the parents, guardian, or legal custodian of a minor adjudged a ward of the court are unfit or are unable, for some reason other than financial circumstances alone, to care for, protect, train or discipline the minor or are unwilling to do so, and that the health, safety, and best interest of the minor will be jeopardized if the minor remains in the custody of his or her parents, guardian or custodian, the court may at this hearing and at any later point:

(a) place the minor in the custody of a suitable relative or other person as legal custodian or guardian;

(a-5) with the approval of the Department of Children and Family Services, place the minor in the subsidized guardianship of a suitable relative or other person as legal guardian; "subsidized guardianship" means a private guardianship arrangement for children for whom the permanency goals of return home and

adoption have been ruled out and who meet the qualifications for subsidized guardianship as defined by the Department of Children and Family Services in administrative rules;

(b) place the minor under the guardianship of a probation officer;

(c) commit the minor to an agency for care or placement, except an institution under the authority of the Department of Corrections or of the Department of Children and Family Services;

(d) commit the minor to the Department of Children and Family Services for care and service; however, a minor charged with a criminal offense under the Criminal Code of 1961 or adjudicated delinquent shall not be placed in the custody of or committed to the Department of Children and Family Services by any court, except a minor less than 15 years of age and committed to the Department of Children and Family Services under Section 5-710 of this Act or a minor for whom an independent basis of abuse, neglect, or dependency exists. An independent basis exists when the allegations or adjudication of abuse, neglect, or dependency do not arise from the same facts, incident, or circumstances which give rise to a charge or adjudication of delinquency. The Department shall be given due notice of the pendency of the action and the Guardianship Administrator of the Department of Children and Family Services shall be appointed guardian of the person of the minor. Whenever the Department seeks to discharge a minor from its care and service, the Guardianship Administrator shall petition the court for an order terminating guardianship. The Guardianship Administrator may designate one or more other officers of the Department, appointed as Department officers by administrative order of the Department Director, authorized to affix the signature of the Guardianship Administrator to documents affecting the guardian-ward relationship of children for whom he or she has been appointed guardian at such times as he or she is unable to perform the duties of his or her office. The signature authorization

shall include but not be limited to matters of consent of marriage, enlistment in the armed forces, legal proceedings, adoption, major medical and surgical treatment and application for driver's license. Signature authorizations made pursuant to the provisions of this paragraph shall be filed with the Secretary of State and the Secretary of State shall provide upon payment of the customary fee, certified copies of the authorization to any court or individual who requests a copy.

(1.5) In making a determination under this Section, the court shall also consider whether, based on health, safety, and the best interests of the minor,

(a) appropriate services aimed at family preservation and family reunification have been unsuccessful in rectifying the conditions that have led to a finding of unfitness or inability to care for, protect, train, or discipline the minor, or

(b) no family preservation or family reunification services would be appropriate,

and if the petition or amended petition contained an allegation that the parent is an unfit person as defined in subdivision (D) of Section 1 of the Adoption Act, and the order of adjudication recites that parental unfitness was established by clear and convincing evidence, the court shall, when appropriate and in the best interest of the minor, enter an order terminating parental rights and appointing a guardian with power to consent to adoption in accordance with Section 2-29.

When making a placement, the court, wherever possible, shall require the Department of Children and Family Services to select a person holding the same religious belief as that of the minor or a private agency controlled by persons of like religious faith of the minor and shall require the Department to otherwise comply with Section 7 of the Children and Family Services Act in placing the child. In addition, whenever alternative plans for placement are available, the court shall ascertain and consider, to the extent appropriate in the particular case, the views and preferences of the minor.
(2) When a minor is placed with a suitable relative or other person pursuant to item (a) of subsection (1), the court shall appoint him or her the legal custodian or guardian of the person of the minor. When a minor is committed to any agency, the court shall appoint the proper officer or representative thereof as legal custodian or guardian of the person of the minor. Legal custodians and guardians of the person of the minor have the respective rights and duties set forth in subsection (9) of Section 1-3 except as otherwise provided by order of court; but no guardian of the person may consent to adoption of the minor unless that authority is conferred upon him or her in accordance with Section 2-29. An agency whose representative is appointed guardian of the person or legal custodian of the minor may place the minor in any child care facility, but the facility must be licensed under the Child Care Act of 1969 or have been approved by the Department of Children and Family Services as meeting the standards established for such licensing. No agency may place a minor adjudicated under Sections 2-3 or 2-4 in a child care facility unless the placement is in compliance with the rules and regulations for placement under this Section promulgated by the Department of Children and Family Services under Section 5 of the Children and Family Services Act. Like authority and restrictions shall be conferred by the court upon any probation officer who has been appointed guardian of the person of a minor.

(3) No placement by any probation officer or agency whose representative is appointed guardian of the person or legal custodian of a minor may be made in any out of State child care facility unless it complies with the Interstate Compact on the Placement of Children. Placement with a parent, however, is not subject to that Interstate Compact.

(4) The clerk of the court shall issue to the legal custodian or guardian of the person a certified copy of the order of court, as proof of his authority. No other process is necessary as authority for the keeping of the minor.

(5) Custody or guardianship granted under this Section continues until the court otherwise directs, but not after the minor reaches the age of 19 years except as set forth in Section 2-31.

Sec. 5-710. Kinds of sentencing orders.
(1) The following kinds of sentencing orders may be made in respect of wards of the court:

(a) Except as provided in Sections 5-805, 5-810, 5-815, a minor who is found guilty under Section 5-620 may be:
   (i) put on probation or conditional discharge and released to his or her parents, guardian or legal custodian, provided, however, that any such minor who is not committed to the Department of Juvenile Justice under this subsection and who is found to be a delinquent for an offense which is first degree murder, a Class X felony, or a forcible felony shall be placed on probation;
   (ii) placed in accordance with Section 5-740, with or without also being put on probation or conditional discharge;
   (iii) required to undergo a substance abuse assessment conducted by a licensed provider and participate in the indicated clinical level of care;
   (iv) placed in the guardianship of the Department of Children and Family Services, but only if the delinquent minor is under 13 years of age or, pursuant to Article II of this Act, a minor for whom an independent basis of abuse, neglect, or dependency exists. An independent basis exists when the allegations or adjudication of abuse, neglect, or dependency do not arise from the same facts,

incident, or circumstances which give rise to a charge or adjudication of delinquency;

(v) placed in detention for a period not to exceed 30 days, either as the exclusive order of disposition or, where appropriate, in conjunction with any other order of disposition issued under this paragraph, provided that any such detention shall be in a juvenile detention home and the minor so detained shall be 10 years of age or older. However, the 30-day limitation may be extended by further order of the court for a minor under age 15 committed to the Department of Children and Family Services if the court finds that the minor is a danger to himself or others. The minor shall be given credit on the sentencing order of detention for time spent in detention under Sections 5-501, 5-601, 5-710, or 5-720 of this Article as a result of the offense for which the sentencing order was imposed. The court may grant credit on a sentencing order of detention entered under a violation of probation or violation of conditional discharge under Section 5-720 of this Article for time spent in detention before the filing of the petition alleging the violation. A minor shall not be deprived of credit for time spent in detention before the filing of a violation of probation or conditional discharge alleging the same or related act or acts;

(vi) ordered partially or completely emancipated in accordance with the provisions of the Emancipation of Minors Act;

(vii) subject to having his or her driver's license or driving privileges suspended for such time as determined by the court but only until he or she attains 18 years of age;

(viii) put on probation or conditional discharge and placed in detention under Section 3-6039 of the Counties Code for a period not to exceed the period of incarceration permitted by law for adults found guilty of the same offense

or offenses for which the minor was adjudicated delinquent, and in any event no longer than upon attainment of age 21; this subdivision (viii) notwithstanding any contrary provision of the law; or

(ix) ordered to undergo a medical or other procedure to have a tattoo symbolizing allegiance to a street gang removed from his or her body.

(b) A minor found to be guilty may be committed to the Department of Juvenile Justice under Section 5-750 if the minor is 13 years of age or older, provided that the commitment to the Department of Juvenile Justice shall be made only if a term of incarceration is permitted by law for adults found guilty of the offense for which the minor was adjudicated delinquent. The time during which a minor is in custody before being released upon the request of a parent, guardian or legal custodian shall be considered as time spent in detention.

(c) When a minor is found to be guilty for an offense which is a violation of the Illinois Controlled Substances Act, the Cannabis Control Act, or the Methamphetamine Control and Community Protection Act and made a ward of the court, the court may enter a disposition order requiring the minor to undergo assessment, counseling or treatment in a substance abuse program approved by the Department of Human Services.

(2) Any sentencing order other than commitment to the Department of Juvenile Justice may provide for protective supervision under Section 5-725 and may include an order of protection under Section 5-730.

(3) Unless the sentencing order expressly so provides, it does not operate to close proceedings on the pending petition, but is subject to modification until final closing and discharge of the proceedings under Section 5-750.

(4) In addition to any other sentence, the court may order any minor found to be delinquent to make restitution, in monetary or non-monetary form, under the terms and conditions of Section 5-5-6 of the Unified Code of Corrections, except that the "presentencing hearing"
referred to in that Section shall be the sentencing hearing for purposes of this Section. The parent, guardian or legal custodian of the minor may be ordered by the court to pay some or all of the restitution on the minor's behalf, pursuant to the Parental Responsibility Law. The State's Attorney is authorized to act on behalf of any victim in seeking restitution in proceedings under this Section, up to the maximum amount allowed in Section 5 of the Parental Responsibility Law.

(5) Any sentencing order where the minor is committed or placed in accordance with Section 5-740 shall provide for the parents or guardian of the estate of the minor to pay to the legal custodian or guardian of the person of the minor such sums as are determined by the custodian or guardian of the person of the minor as necessary for the minor's needs. The payments may not exceed the maximum amounts provided for by Section 9.1 of the Children and Family Services Act.

(6) Whenever the sentencing order requires the minor to attend school or participate in a program of training, the truant officer or designated school official shall regularly report to the court if the minor is a chronic or habitual truant under Section 26-2a of the School Code.

(7) In no event shall a guilty minor be committed to the Department of Juvenile Justice for a period of time in excess of that period for which an adult could be committed for the same act.

(8) A minor found to be guilty for reasons that include a violation of Section 21-1.3 of the Criminal Code of 1961 shall be ordered to perform community service for not less than 30 and not more than 120 hours, if community service is available in the jurisdiction. The community service shall include, but need not be limited to, the cleanup and repair of the damage that was caused by the violation or similar damage to property located in the municipality or county in which the violation occurred. The order may be in addition to any other order authorized by this Section.

(8.5) A minor found to be guilty for reasons that include a violation of Section 3.02 or Section 3.03 of the Humane Care for Animals Act or paragraph (d) of subsection (1) of Section 21-1 of the Criminal Code of 1961 shall be ordered to undergo medical or psychiatric treatment rendered
by a psychiatrist or psychological treatment rendered by a clinical psychologist. The order may be in addition to any other order authorized by this Section.

(9) In addition to any other sentencing order, the court shall order any minor found to be guilty for an act which would constitute, predatory criminal sexual assault of a child, aggravated criminal sexual assault, criminal sexual assault, aggravated criminal sexual abuse, or criminal sexual abuse if committed by an adult to undergo medical testing to determine whether the defendant has any sexually transmissible disease including a test for infection with human immunodeficiency virus (HIV) or any other identified causative agency of acquired immunodeficiency syndrome (AIDS). Any medical test shall be performed only by appropriately licensed medical practitioners and may include an analysis of any bodily fluids as well as an examination of the minor's person. Except as otherwise provided by law, the results of the test shall be kept strictly confidential by all medical personnel involved in the testing and must be personally delivered in a sealed envelope to the judge of the court in which the sentencing order was entered for the judge's inspection in camera. Acting in accordance with the best interests of the victim and the public, the judge shall have the discretion to determine to whom the results of the testing may be revealed. The court shall notify the minor of the results of the test for infection with the human immunodeficiency virus (HIV). The court shall also notify the victim if requested by the victim, and if the victim is under the age of 15 and if requested by the victim's parents or legal guardian, the court shall notify the victim's parents or the legal guardian, of the results of the test for infection with the human immunodeficiency virus (HIV). The court shall provide information on the availability of HIV testing and counseling at the Department of Public Health facilities to all parties to whom the results of the testing are revealed. The court shall order that the cost of any test shall be paid by the county and may be taxed as costs against the minor.

(10) When a court finds a minor to be guilty the court shall, before entering a sentencing order under this Section, make a finding whether the offense committed either: (a) was related to or in furtherance of the

New matter indicated by italics - deletions by strikeout
criminal activities of an organized gang or was motivated by the minor's membership in or allegiance to an organized gang, or (b) involved a violation of subsection (a) of Section 12-7.1 of the Criminal Code of 1961, a violation of any Section of Article 24 of the Criminal Code of 1961, or a violation of any statute that involved the wrongful use of a firearm. If the court determines the question in the affirmative, and the court does not commit the minor to the Department of Juvenile Justice, the court shall order the minor to perform community service for not less than 30 hours nor more than 120 hours, provided that community service is available in the jurisdiction and is funded and approved by the county board of the county where the offense was committed. The community service shall include, but need not be limited to, the cleanup and repair of any damage caused by a violation of Section 21-1.3 of the Criminal Code of 1961 and similar damage to property located in the municipality or county in which the violation occurred. When possible and reasonable, the community service shall be performed in the minor's neighborhood. This order shall be in addition to any other order authorized by this Section except for an order to place the minor in the custody of the Department of Juvenile Justice. For the purposes of this Section, "organized gang" has the meaning ascribed to it in Section 10 of the Illinois Streetgang Terrorism Omnibus Prevention Act.

Provided, further, that the foregoing limitations upon tax rates, insofar as they are applicable to park districts of less than 500,000 population, may be further increased or decreased according to the referendum provisions of the General Revenue Law of Illinois.

If there is no such newspaper, the resolution shall be posted in at least 3 public places within the district. A tax in excess of 0.07% may not be levied under this subsection until the question of levying the tax has been submitted to the electors of the park district at a regular election and approved by a majority of the electors voting on the question. (20 ILCS 620/6) (from Ch. 67 1/2, par. 1006)

Sec. 6. Filing with county clerk; certification of initial equalized assessed value.

(a) The municipality shall file a certified copy of any ordinance authorizing tax increment allocation financing for an economic development project area with the county clerk, and the county clerk shall immediately thereafter determine (1) the most recently ascertained equalized assessed value of each lot, block, tract or parcel of real property within the economic development project area from which shall be deducted the homestead exemptions provided by Sections 15-170, 15-175, and 15-176 of the Property Tax Code, which value shall be the "initial equalized assessed value" of each such piece of property, and (2) the total equalized assessed value of all taxable real property within the economic development project area by adding together the most recently ascertained equalized assessed value of each taxable lot, block, tract, or parcel of real property within such economic development project area, from which shall be deducted the homestead exemptions provided under Article 15 by Sections 15-170, 15-175, and 15-176 of the Property Tax Code, and shall certify such amount as the "total initial equalized assessed value" of the taxable real property within the economic development project area.

(b) After the county clerk has certified the "total initial equalized assessed value" of the taxable real property in the economic development project area, then in respect to every taxing district containing an economic development project area, the county clerk or any other official required by law to ascertain the amount of the equalized assessed value of all taxable property within that taxing district for the purpose of computing the rate per cent of tax to be extended upon taxable property within that taxing district, shall in every year that tax increment allocation financing is in effect ascertain the amount of value of taxable property in an economic development project area by including in that amount the lower of the current equalized assessed value or the certified "total initial equalized assessed value" of all taxable real property in such area. The rate per cent of tax determined shall be extended to the current equalized assessed value of all property in the economic development project area in the same manner as the rate per cent of tax is extended to all other taxable property in the taxing district. The method of allocating taxes established under this Section shall terminate when the municipality adopts an ordinance dissolving the special tax allocation fund for the economic development project area, terminating the economic development project area, and terminating the use of tax increment allocation financing for the economic development project area. This Act shall not be construed as relieving property owners within an economic development project area from paying a uniform rate of taxes upon the current equalized assessed value of their taxable property as provided in the Property Tax Code.

**ARTICLE 10 Div. 18. WIND ENERGY PROPERTY ASSESSMENT**

(35 ILCS 200/10-600 new)

*Sec. 10-600. Definitions. For the purposes of this Division 18:*

New matter indicated by italics - deletions by strikeout
"Wind energy device" means any device, with a nameplate capacity of at least 0.5 megawatts, that is used in the process of converting kinetic energy from the wind to generate electric power for commercial sale.

"2007 real property cost basis" excludes personal property but represents both the land and real property improvements of a wind energy device and means $360,000 per megawatt of nameplate capacity.

"Trending factor" means a number equal to the consumer price index (U.S. city average all items) published by the Bureau of Labor Statistics for the December immediately preceding the assessment date, divided by the consumer price index (U.S. city average all items) published by the Bureau of Labor Statistics for December 2006.

"Trended real property cost basis" means the 2007 real property cost basis multiplied by the trending factor.

"Allowance for physical depreciation" means (i) the actual age in years of the wind energy device on the assessment date divided by 25 years multiplied by (ii) the trended real property cost basis. The physical depreciation, however, may not reduce the value of the wind energy device to less than 30% of the trended real property cost basis.

(35 ILCS 200/10-605 new)

Sec. 10-605. Valuation of wind energy devices. Beginning in assessment year 2007, the fair cash value of wind energy devices shall be determined by subtracting the allowance for physical depreciation from the trended real property cost basis. Functional obsolescence and external obsolescence may further reduce the fair cash value of the wind energy device, to the extent they are proved by the taxpayer by clear and convincing evidence.

(35 ILCS 200/10-610 new)

Sec. 10-610. Applicability.

(a) The provisions of this Division apply for assessment years 2007 through 2011.

(b) The provisions of this Division do not apply to wind energy devices that are owned by any person or entity that is otherwise exempt from taxation under the Property Tax Code.

Sec. 10-615. Wind energy assessable property is not subject to
equalization. Wind energy assessable property is not subject to
equalization factors applied by the Department or any board of review,

(35 ILCS 200/10-620 new)

Sec. 10-620. Platting requirements; parcel identification numbers.
The owner of a wind energy device shall, at his or her own expense, use an
Illinois registered land surveyor to prepare a plat showing the metes and
bounds description, including access routes, of the area immediately
surrounding the wind energy device over which that owner has exclusive
control; provided that such platting does not constitute a subdivision of
land subject to the provisions of the Plat Act (765 ILCS 205/). Within 60
days after completion of construction of the wind energy device, the owner
of the wind energy device shall record the plat and deliver a copy of it to
the chief county assessment officer and to the owner of the land
surrounding the newly platted area. Upon receiving a copy of the plat, the
chief county assessment officer shall issue a separate parcel identification
number or numbers for the property containing the wind energy device or
devices.

Sec. 14-15. Certificate of error; counties of 3,000,000 or more.
(a) In counties with 3,000,000 or more inhabitants, if, after the
assessment is certified pursuant to Section 16-150, but subject to the
limitations of subsection (c) of this Section, the county assessor discovers
an error or mistake in the assessment, the assessor shall execute a

authorized by this Section or be presented and received in evidence in any court of competent jurisdiction. Certification is authorized, at the discretion of the county assessor, for: (1) certificates of error allowing homestead exemptions under Article 15 pursuant to Sections 15-170, 15-172, 15-175, and 15-176; (2) certificates of error on residential property of 6 units or less; (3) certificates of error allowing exemption of the property pursuant to Section 14-25; and (4) other certificates of error reducing assessed value by less than $100,000. Any certificate of error not certified shall be presented to the court. The county assessor shall develop reasonable procedures for the filing and processing of certificates of error. Prior to the certification or presentation to the court, the county assessor or his or her designee shall execute and include in the certificate of error a statement attesting that all procedural requirements pertaining to the issuance of the certificate of error have been met and that in fact an error exists. When so introduced in evidence such certificate shall become a part of the court records, and shall not be removed from the files except upon the order of the court.

Certificates of error that will be presented to the court shall be filed as an objection in the application for judgment and order of sale for the year in relation to which the certificate is made or as an amendment to the objection under subsection (b). Certificates of error that are to be certified according to the procedure authorized by this Section need not be presented to the court as an objection or an amendment under subsection (b). The State's Attorney of the county in which the property is situated shall mail a copy of any final judgment entered by the court regarding any certificate of error to the taxpayer of record for the year in question.

Any unpaid taxes after the entry of the final judgment by the court or certification on certificates issued under this Section may be included in a special tax sale, provided that an advertisement is published and a notice is mailed to the person in whose name the taxes were last assessed, in a form and manner substantially similar to the advertisement and notice required under Sections 21-110 and 21-135. The advertisement and sale shall be subject to all provisions of law regulating the annual

advertisement and sale of delinquent property, to the extent that those provisions may be made applicable.

A certificate of error certified under this Section shall be given effect by the county treasurer, who shall mark the tax books and, upon receipt of one of the following certificates from the county assessor or the county assessor and the board of review where the board of review is required to endorse the certificate of error, shall issue refunds to the taxpayer accordingly:

"CERTIFICATION
I, .................., county assessor, hereby certify that the Certificates of Error set out on the attached list have been duly issued to correct an error or mistake in the assessment."

"CERTIFICATION
I, .................., county assessor, and we, ........................................................, members of the board of review, hereby certify that the Certificates of Error set out on the attached list have been duly issued to correct an error or mistake in the assessment and that any certificates of error required to be endorsed by the board of review have been so endorsed."

The county treasurer has the power to mark the tax books to reflect the issuance of certificates of error certified according to the procedure authorized in this Section for certificates of error issued under Section 14-25 or certificates of error issued to and including 3 years after the date on which the annual judgment and order of sale for that tax year was first entered. The county treasurer has the power to issue refunds to the taxpayer as set forth above until all refunds authorized by this Section have been completed.

To the extent that the certificate of error obviates the liability for nonpayment of taxes, certification of a certificate of error according to the procedure authorized in this Section shall operate to vacate any judgment or forfeiture as to that year's taxes, and the warrant books and judgment books shall be marked to reflect that the judgment or forfeiture has been vacated.
(b) Nothing in subsection (a) of this Section shall be construed to prohibit the execution, endorsement, issuance, and adjudication of a certificate of error if (i) the annual judgment and order of sale for the tax year in question is reopened for further proceedings upon consent of the county collector and county assessor, represented by the State's Attorney, and (ii) a new final judgment is subsequently entered pursuant to the certificate. This subsection (b) shall be construed as declarative of existing law and not as a new enactment.

(c) No certificate of error, other than a certificate to establish an exemption under Section 14-25, shall be executed for any tax year more than 3 years after the date on which the annual judgment and order of sale for that tax year was first entered, except that during calendar years 1999 and 2000 a certificate of error may be executed for any tax year, provided that the error or mistake in the assessment was discovered no more than 3 years after the date on which the annual judgment and order of sale for that tax year was first entered.

(d) The time limitation of subsection (c) shall not apply to a certificate of error correcting an assessment to $1, under Section 10-35, on a parcel that a subdivision or planned development has acquired by adverse possession, if during the tax year for which the certificate is executed the subdivision or planned development used the parcel as common area, as defined in Section 10-35, and if application for the certificate of error is made prior to December 1, 1997.

(e) The changes made by this amendatory Act of the 91st General Assembly apply to certificates of error issued before, on, and after the effective date of this amendatory Act of the 91st General Assembly.

Sec. 15-10. Exempt property; procedures for certification. All property granted an exemption by the Department pursuant to the requirements of Section 15-5 and described in the Sections following Section 15-30 and preceding Section 16-5, to the extent therein limited, is exempt from taxation. In order to maintain that exempt status, the titleholder or the owner of the beneficial interest of any property that is

exempt must file with the chief county assessment officer, on or before January 31 of each year (May 31 in the case of property exempted by Section 15-170), an affidavit stating whether there has been any change in the ownership or use of the property or the status of the owner-resident, or that a disabled veteran who qualifies under Section 15-165 owned and used the property as of January 1 of that year. The nature of any change shall be stated in the affidavit. Failure to file an affidavit shall, in the discretion of the assessment officer, constitute cause to terminate the exemption of that property, notwithstanding any other provision of this Code. Owners of 5 or more such exempt parcels within a county may file a single annual affidavit in lieu of an affidavit for each parcel. The assessment officer, upon request, shall furnish an affidavit form to the owners, in which the owner may state whether there has been any change in the ownership or use of the property or status of the owner or resident as of January 1 of that year. The owner of 5 or more exempt parcels shall list all the properties giving the same information for each parcel as required of owners who file individual affidavits.

However, titleholders or owners of the beneficial interest in any property exempted under any of the following provisions are not required to submit an annual filing under this Section:

(1) Section 15-45 (burial grounds) in counties of less than 3,000,000 inhabitants and owned by a not-for-profit organization.
(2) Section 15-40.
(3) Section 15-50 (United States property).

If there is a change in use or ownership, however, notice must be filed pursuant to Section 15-20.

An application for homestead exemptions shall be filed as provided in Section 15-170 (senior citizens homestead exemption), Section 15-172 (senior citizens assessment freeze homestead exemption), and Sections 15-175 (general homestead exemption), and 15-176 (general alternative homestead exemption), and 15-177 (long-time occupant homestead exemption), respectively.

Sec. 15-165. Disabled veterans. Property up to an assessed value of $70,000, owned and used exclusively by a disabled veteran, or the spouse or unmarried surviving spouse of the veteran, as a home, is exempt. As used in this Section, a disabled veteran means a person who has served in the Armed Forces of the United States and whose disability is of such a nature that the Federal Government has authorized payment for purchase or construction of Specially Adapted Housing as set forth in the United States Code, Title 38, Chapter 21, Section 2101.

The exemption applies to housing where Federal funds have been used to purchase or construct special adaptations to suit the veteran's disability.

The exemption also applies to housing that is specially adapted to suit the veteran's disability, and purchased entirely or in part by the proceeds of a sale, casualty loss reimbursement, or other transfer of a home for which the Federal Government had previously authorized payment for purchase or construction as Specially Adapted Housing.

However, the entire proceeds of the sale, casualty loss reimbursement, or other transfer of that housing shall be applied to the acquisition of subsequent specially adapted housing to the extent that the proceeds equal the purchase price of the subsequently acquired housing.

For purposes of this Section, "unmarried surviving spouse" means the surviving spouse of the veteran at any time after the death of the veteran during which such surviving spouse is not married.

This exemption must be reestablished on an annual basis by certification from the Illinois Department of Veterans' Affairs to the Department, which shall forward a copy of the certification to local assessing officials.

A taxpayer who claims an exemption under Section 15-168 or 15-169 may not claim an exemption under this Section.

(Source: P.A. 94-310, eff. 7-25-05.)
(a) Beginning with taxable year 2007, a homestead exemption, limited to a reduction set forth under subsection (b), from the property’s value, as equalized or assessed by the Department, is granted for property that is owned and occupied as the principal residence of a veteran returning from an armed conflict involving the armed forces of the United States who is liable for paying real estate taxes on the property and is an owner of record of the property or has a legal or equitable interest therein as evidenced by a written instrument, except for a leasehold interest, other than a leasehold interest of land on which a single family residence is located, which is occupied as the principal residence of a veteran returning from an armed conflict involving the armed forces of the United States who has an ownership interest therein, legal, equitable or as a lessee, and on which he or she is liable for the payment of property taxes. For purposes of the exemption under this Section, "veteran" means an Illinois resident who has served as a member of the United States Armed Forces, a member of the Illinois National Guard, or a member of the United States Reserve Forces.

(b) In all counties, the reduction is $5,000 and only for the taxable year in which the veteran returns from active duty in an armed conflict involving the armed forces of the United States. For land improved with an apartment building owned and operated as a cooperative, the maximum reduction from the value of the property, as equalized by the Department, must be multiplied by the number of apartments or units occupied by a veteran returning from an armed conflict involving the armed forces of the United States who is liable, by contract with the owner or owners of record, for paying property taxes on the property and is an owner of record of a legal or equitable interest in the cooperative apartment building, other than a leasehold interest. In a cooperative where a homestead exemption has been granted, the cooperative association or the management firm of the cooperative or facility shall credit the savings resulting from that exemption only to the apportioned tax liability of the owner or resident who qualified for the exemption. Any person who willfully refuses to so credit the savings is guilty of a Class B misdemeanor.

(c) Application must be made during the application period in effect for the county of his or her residence. The assessor or chief county assessment officer may determine the eligibility of residential property to receive the homestead exemption provided by this Section by application, visual inspection, questionnaire, or other reasonable methods. The determination must be made in accordance with guidelines established by the Department.

(d) The exemption under this Section is in addition to any other homestead exemption provided in this Article 15. Notwithstanding Sections 6 and 8 of the State Mandates Act, no reimbursement by the State is required for the implementation of any mandate created by this Section.

(35 ILCS 200/15-168 new)
Sec. 15-168. Disabled persons' homestead exemption.
(a) Beginning with taxable year 2007, an annual homestead exemption is granted to disabled persons in the amount of $2,000, except as provided in subsection (c), to be deducted from the property's value as equalized or assessed by the Department of Revenue. The disabled person shall receive the homestead exemption upon meeting the following requirements:

(1) The property must be occupied as the primary residence by the disabled person.

(2) The disabled person must be liable for paying the real estate taxes on the property.

(3) The disabled person must be an owner of record of the property or have a legal or equitable interest in the property as evidenced by a written instrument. In the case of a leasehold interest in property, the lease must be for a single family residence.

A person who is disabled during the taxable year is eligible to apply for this homestead exemption during that taxable year. Application must be made during the application period in effect for the county of residence. If a homestead exemption has been granted under this Section and the person awarded the exemption subsequently becomes a resident of a facility licensed under the Nursing Home Care Act, then the exemption shall continue (i) so long as the residence continues to be occupied by the

New matter indicated by italics - deletions by strikeout
qualifying person's spouse or (ii) if the residence remains unoccupied but is still owned by the person qualified for the homestead exemption.

(b) For the purposes of this Section, "disabled person" means a person unable to engage in any substantial gainful activity by reason of a medically determinable physical or mental impairment which can be expected to result in death or has lasted or can be expected to last for a continuous period of not less than 12 months. Disabled persons filing claims under this Act shall submit proof of disability in such form and manner as the Department shall by rule and regulation prescribe. Proof that a claimant is eligible to receive disability benefits under the Federal Social Security Act shall constitute proof of disability for purposes of this Act. Issuance of an Illinois Disabled Person Identification Card stating that the claimant is under a Class 2 disability, as defined in Section 4A of The Illinois Identification Card Act, shall constitute proof that the person named thereon is a disabled person for purposes of this Act. A disabled person not covered under the Federal Social Security Act and not presenting a Disabled Person Identification Card stating that the claimant is under a Class 2 disability shall be examined by a physician designated by the Department, and his status as a disabled person determined using the same standards as used by the Social Security Administration. The costs of any required examination shall be borne by the claimant.

(c) For land improved with (i) an apartment building owned and operated as a cooperative or (ii) a life care facility as defined under Section 2 of the Life Care Facilities Act that is considered to be a cooperative, the maximum reduction from the value of the property, as equalized or assessed by the Department, shall be multiplied by the number of apartments or units occupied by a disabled person. The disabled person shall receive the homestead exemption upon meeting the following requirements:

(1) The property must be occupied as the primary residence by the disabled person.

(2) The disabled person must be liable by contract with the owner or owners of record for paying the apportioned property taxes on the property of the cooperative or life care facility. In the

New matter indicated by italics - deletions by strikeout
case of a life care facility, the disabled person must be liable for paying the apportioned property taxes under a life care contract as defined in Section 2 of the Life Care Facilities Act.

(3) The disabled person must be an owner of record of a legal or equitable interest in the cooperative apartment building. A leasehold interest does not meet this requirement.

If a homestead exemption is granted under this subsection, the cooperative association or management firm shall credit the savings resulting from the exemption to the apportioned tax liability of the qualifying disabled person. The chief county assessment officer may request reasonable proof that the association or firm has properly credited the exemption. A person who willfully refuses to credit an exemption to the qualified disabled person is guilty of a Class B misdemeanor.

(d) The chief county assessment officer shall determine the eligibility of property to receive the homestead exemption according to guidelines established by the Department. After a person has received an exemption under this Section, an annual verification of eligibility for the exemption shall be mailed to the taxpayer.

In counties with fewer than 3,000,000 inhabitants, the chief county assessment officer shall provide to each person granted a homestead exemption under this Section a form to designate any other person to receive a duplicate of any notice of delinquency in the payment of taxes assessed and levied under this Code on the person's qualifying property. The duplicate notice shall be in addition to the notice required to be provided to the person receiving the exemption and shall be given in the manner required by this Code. The person filing the request for the duplicate notice shall pay an administrative fee of $5 to the chief county assessment officer. The assessment officer shall then file the executed designation with the county collector, who shall issue the duplicate notices as indicated by the designation. A designation may be rescinded by the disabled person in the manner required by the chief county assessment officer.

(e) A taxpayer who claims an exemption under Section 15-165 or 15-169 may not claim an exemption under this Section.
Sec. 15-169. Disabled veterans standard homestead exemption.
(a) Beginning with taxable year 2007, an annual homestead exemption, limited to the amounts set forth in subsection (b), is granted for property that is used as a qualified residence by a disabled veteran.
(b) The amount of the exemption under this Section is as follows:
(1) for veterans with a service-connected disability of at least 75%, as certified by the United States Department of Veterans Affairs, the annual exemption is $5,000; and
(2) for veterans with a service-connected disability of at least 50%, but less than 75%, as certified by the United States Department of Veterans Affairs, the annual exemption is $2,500.
(c) The tax exemption under this Section carries over to the benefit of the veteran's surviving spouse as long as the spouse holds the legal or beneficial title to the homestead, permanently resides thereon, and does not remarry. If the surviving spouse sells the property, an exemption not to exceed the amount granted from the most recent ad valorem tax roll may be transferred to his or her new residence as long as it is used as his or her primary residence and he or she does not remarry.
(d) The exemption under this Section applies for taxable year 2007 and thereafter. A taxpayer who claims an exemption under Section 15-165 or 15-168 may not claim an exemption under this Section.
(e) Application must be made during the application period in effect for the county of his or her residence. The assessor or chief county assessment officer may determine the eligibility of residential property to receive the homestead exemption provided by this Section by application, visual inspection, questionnaire, or other reasonable methods. The determination must be made in accordance with guidelines established by the Department.
(f) For the purposes of this Section:
"Qualified residence" means real property, but less any portion of that property that is used for commercial purposes, with an equalized assessed value of less than $250,000 that is the disabled veteran's primary
residence. Property rented for more than 6 months is presumed to be used for commercial purposes.

"Veteran" means an Illinois resident who has served as a member of the United States Armed Forces on active duty or State active duty, a member of the Illinois National Guard, or a member of the United States Reserve Forces and who has received an honorable discharge.

(35 ILCS 200/15-170)

Sec. 15-170. Senior Citizens Homestead Exemption. An annual homestead exemption limited, except as described here with relation to cooperatives or life care facilities, to a maximum reduction set forth below from the property's value, as equalized or assessed by the Department, is granted for property that is occupied as a residence by a person 65 years of age or older who is liable for paying real estate taxes on the property and is an owner of record of the property or has a legal or equitable interest therein as evidenced by a written instrument, except for a leasehold interest, other than a leasehold interest of land on which a single family residence is located, which is occupied as a residence by a person 65 years or older who has an ownership interest therein, legal, equitable or as a lessee, and on which he or she is liable for the payment of property taxes. Before taxable year 2004, the maximum reduction shall be $2,500 in counties with 3,000,000 or more inhabitants and $2,000 in all other counties. For taxable years 2004 through 2005, the maximum reduction shall be $3,000 in all counties. For taxable years 2006 and thereafter, the maximum reduction shall be $3,500 and, for taxable years 2008 and thereafter, the maximum reduction is $4,000 in all counties.

For land improved with an apartment building owned and operated as a cooperative, the maximum reduction from the value of the property, as equalized by the Department, shall be multiplied by the number of apartments or units occupied by a person 65 years of age or older who is liable, by contract with the owner or owners of record, for paying property taxes on the property and is an owner of record of a legal or equitable interest in the cooperative apartment building, other than a leasehold interest. For land improved with a life care facility, the maximum reduction from the value of the property, as equalized by the Department,
shall be multiplied by the number of apartments or units occupied by persons 65 years of age or older, irrespective of any legal, equitable, or leasehold interest in the facility, who are liable, under a contract with the owner or owners of record of the facility, for paying property taxes on the property. In a cooperative or a life care facility where a homestead exemption has been granted, the cooperative association or the management firm of the cooperative or facility shall credit the savings resulting from that exemption only to the apportioned tax liability of the owner or resident who qualified for the exemption. Any person who willfully refuses to so credit the savings shall be guilty of a Class B misdemeanor. Under this Section and Sections 15-175, and 15-176, and 15-177 "life care facility" means a facility as defined in Section 2 of the Life Care Facilities Act, with which the applicant for the homestead exemption has a life care contract as defined in that Act.

When a homestead exemption has been granted under this Section and the person qualifying subsequently becomes a resident of a facility licensed under the Nursing Home Care Act, the exemption shall continue so long as the residence continues to be occupied by the qualifying person's spouse if the spouse is 65 years of age or older, or if the residence remains unoccupied but is still owned by the person qualified for the homestead exemption.

A person who will be 65 years of age during the current assessment year shall be eligible to apply for the homestead exemption during that assessment year. Application shall be made during the application period in effect for the county of his residence.

Beginning with assessment year 2003, for taxes payable in 2004, property that is first occupied as a residence after January 1 of any assessment year by a person who is eligible for the senior citizens homestead exemption under this Section must be granted a pro-rata exemption for the assessment year. The amount of the pro-rata exemption is the exemption allowed in the county under this Section divided by 365 and multiplied by the number of days during the assessment year the property is occupied as a residence by a person eligible for the exemption.
under this Section. The chief county assessment officer must adopt reasonable procedures to establish eligibility for this pro-rata exemption.

The assessor or chief county assessment officer may determine the eligibility of a life care facility to receive the benefits provided by this Section, by affidavit, application, visual inspection, questionnaire or other reasonable methods in order to insure that the tax savings resulting from the exemption are credited by the management firm to the apportioned tax liability of each qualifying resident. The assessor may request reasonable proof that the management firm has so credited the exemption.

The chief county assessment officer of each county with less than 3,000,000 inhabitants shall provide to each person allowed a homestead exemption under this Section a form to designate any other person to receive a duplicate of any notice of delinquency in the payment of taxes assessed and levied under this Code on the property of the person receiving the exemption. The duplicate notice shall be in addition to the notice required to be provided to the person receiving the exemption, and shall be given in the manner required by this Code. The person filing the request for the duplicate notice shall pay a fee of $5 to cover administrative costs to the supervisor of assessments, who shall then file the executed designation with the county collector. Notwithstanding any other provision of this Code to the contrary, the filing of such an executed designation requires the county collector to provide duplicate notices as indicated by the designation. A designation may be rescinded by the person who executed such designation at any time, in the manner and form required by the chief county assessment officer.

The assessor or chief county assessment officer may determine the eligibility of residential property to receive the homestead exemption provided by this Section by application, visual inspection, questionnaire or other reasonable methods. The determination shall be made in accordance with guidelines established by the Department.

In counties with less than 3,000,000 inhabitants, the county board may by resolution provide that if a person has been granted a homestead exemption under this Section, the person qualifying need not reapply for the exemption.
In counties with less than 3,000,000 inhabitants, if the assessor or chief county assessment officer requires annual application for verification of eligibility for an exemption once granted under this Section, the application shall be mailed to the taxpayer.

The assessor or chief county assessment officer shall notify each person who qualifies for an exemption under this Section that the person may also qualify for deferral of real estate taxes under the Senior Citizens Real Estate Tax Deferral Act. The notice shall set forth the qualifications needed for deferral of real estate taxes, the address and telephone number of county collector, and a statement that applications for deferral of real estate taxes may be obtained from the county collector.

Notwithstanding Sections 6 and 8 of the State Mandates Act, no reimbursement by the State is required for the implementation of any mandate created by this Section.

Sec. 15-172. Senior Citizens Assessment Freeze Homestead Exemption.

(a) This Section may be cited as the Senior Citizens Assessment Freeze Homestead Exemption.

(b) As used in this Section:

"Applicant" means an individual who has filed an application under this Section.

"Base amount" means the base year equalized assessed value of the residence plus the first year's equalized assessed value of any added improvements which increased the assessed value of the residence after the base year.

"Base year" means the taxable year prior to the taxable year for which the applicant first qualifies and applies for the exemption provided that in the prior taxable year the property was improved with a permanent structure that was occupied as a residence by the applicant who was liable for paying real property taxes on the property and who was either (i) an owner of record of the property or had legal or equitable interest in the
property as evidenced by a written instrument or (ii) had a legal or equitable interest as a lessee in the parcel of property that was single family residence. If in any subsequent taxable year for which the applicant applies and qualifies for the exemption the equalized assessed value of the residence is less than the equalized assessed value in the existing base year (provided that such equalized assessed value is not based on an assessed value that results from a temporary irregularity in the property that reduces the assessed value for one or more taxable years), then that subsequent taxable year shall become the base year until a new base year is established under the terms of this paragraph. For taxable year 1999 only, the Chief County Assessment Officer shall review (i) all taxable years for which the applicant applied and qualified for the exemption and (ii) the existing base year. The assessment officer shall select as the new base year the year with the lowest equalized assessed value. An equalized assessed value that is based on an assessed value that results from a temporary irregularity in the property that reduces the assessed value for one or more taxable years shall not be considered the lowest equalized assessed value. The selected year shall be the base year for taxable year 1999 and thereafter until a new base year is established under the terms of this paragraph.

"Chief County Assessment Officer" means the County Assessor or Supervisor of Assessments of the county in which the property is located.

"Equalized assessed value" means the assessed value as equalized by the Illinois Department of Revenue.

"Household" means the applicant, the spouse of the applicant, and all persons using the residence of the applicant as their principal place of residence.

"Household income" means the combined income of the members of a household for the calendar year preceding the taxable year.

"Income" has the same meaning as provided in Section 3.07 of the Senior Citizens and Disabled Persons Property Tax Relief and Pharmaceutical Assistance Act, except that, beginning in assessment year 2001, "income" does not include veteran's benefits.
"Internal Revenue Code of 1986" means the United States Internal Revenue Code of 1986 or any successor law or laws relating to federal income taxes in effect for the year preceding the taxable year.

"Life care facility that qualifies as a cooperative" means a facility as defined in Section 2 of the Life Care Facilities Act.

"Maximum income limitation" means:

1. $35,000 prior to taxable year 1999;
2. $40,000 in taxable years 1999 through 2003;
3. $45,000 in taxable years 2004 through 2005;
4. $50,000 in taxable years 2006 and 2007; and
5. $55,000 in taxable year 2008 and thereafter.

"Residence" means the principal dwelling place and appurtenant structures used for residential purposes in this State occupied on January 1 of the taxable year by a household and so much of the surrounding land, constituting the parcel upon which the dwelling place is situated, as is used for residential purposes. If the Chief County Assessment Officer has established a specific legal description for a portion of property constituting the residence, then that portion of property shall be deemed the residence for the purposes of this Section.

"Taxable year" means the calendar year during which ad valorem property taxes payable in the next succeeding year are levied.

(c) Beginning in taxable year 1994, a senior citizens assessment freeze homestead exemption is granted for real property that is improved with a permanent structure that is occupied as a residence by an applicant who (i) is 65 years of age or older during the taxable year, (ii) has a household income that does not exceed the maximum income limitation of $35,000 or less prior to taxable year 1999, $40,000 or less in taxable years 1999 through 2003, $45,000 or less in taxable year 2004 and 2005, and $50,000 or less in taxable year 2006 and thereafter, (iii) is liable for paying real property taxes on the property, and (iv) is an owner of record of the property or has a legal or equitable interest in the property as evidenced by a written instrument. This homestead exemption shall also apply to a leasehold interest in a parcel of property improved with a permanent structure that is a single family residence that is occupied as a residence by
a person who (i) is 65 years of age or older during the taxable year, (ii) has a household income that does not exceed the maximum income limitation of $35,000 or less prior to taxable year 1999, $40,000 or less in taxable years 1999 through 2003, $45,000 or less in taxable year 2004 and 2005, and $50,000 or less in taxable year 2006 and thereafter, (iii) has a legal or equitable ownership interest in the property as lessee, and (iv) is liable for the payment of real property taxes on that property.

In counties of 3,000,000 or more inhabitants, the amount of the exemption for all taxable years is the equalized assessed value of the residence in the taxable year for which application is made minus the base amount. In all other counties, the amount of the exemption is as follows: (i) through taxable year 2005 and for taxable year 2007 and thereafter, the amount of this exemption shall be the equalized assessed value of the residence in the taxable year for which application is made minus the base amount; and (ii) for taxable year 2006 and thereafter, the amount of the exemption is as follows:

(1) For an applicant who has a household income of $45,000 or less, the amount of the exemption is the equalized assessed value of the residence in the taxable year for which application is made minus the base amount.

(2) For an applicant who has a household income exceeding $45,000 but not exceeding $46,250, the amount of the exemption is (i) the equalized assessed value of the residence in the taxable year for which application is made minus the base amount (ii) multiplied by 0.8.

(3) For an applicant who has a household income exceeding $46,250 but not exceeding $47,500, the amount of the exemption is (i) the equalized assessed value of the residence in the taxable year for which application is made minus the base amount (ii) multiplied by 0.6.

(4) For an applicant who has a household income exceeding $47,500 but not exceeding $48,750, the amount of the exemption is (i) the equalized assessed value of the residence in the taxable year for which application is made minus the base amount (ii) multiplied by 0.8.
year for which application is made minus the base amount (ii) multiplied by 0.4.

(5) For an applicant who has a household income exceeding $48,750 but not exceeding $50,000, the amount of the exemption is (i) the equalized assessed value of the residence in the taxable year for which application is made minus the base amount (ii) multiplied by 0.2.

When the applicant is a surviving spouse of an applicant for a prior year for the same residence for which an exemption under this Section has been granted, the base year and base amount for that residence are the same as for the applicant for the prior year.

Each year at the time the assessment books are certified to the County Clerk, the Board of Review or Board of Appeals shall give to the County Clerk a list of the assessed values of improvements on each parcel qualifying for this exemption that were added after the base year for this parcel and that increased the assessed value of the property.

In the case of land improved with an apartment building owned and operated as a cooperative or a building that is a life care facility that qualifies as a cooperative, the maximum reduction from the equalized assessed value of the property is limited to the sum of the reductions calculated for each unit occupied as a residence by a person or persons (i) 65 years of age or older, (ii) with a household income that does not exceed the maximum income limitation of $35,000 or less prior to taxable year 1999, $40,000 or less in taxable years 1999 through 2003, $45,000 or less in taxable year 2004 and 2005, and $50,000 or less in taxable year 2006 and thereafter, (iii) who is liable, by contract with the owner or owners of record, for paying real property taxes on the property, and (iv) who is an owner of record of a legal or equitable interest in the cooperative apartment building, other than a leasehold interest. In the instance of a cooperative where a homestead exemption has been granted under this Section, the cooperative association or its management firm shall credit the savings resulting from that exemption only to the apportioned tax liability of the owner who qualified for the exemption. Any person who

New matter indicated by italics - deletions by strikeout
willfully refuses to credit that savings to an owner who qualifies for the exemption is guilty of a Class B misdemeanor.

When a homestead exemption has been granted under this Section and an applicant then becomes a resident of a facility licensed under the Nursing Home Care Act, the exemption shall be granted in subsequent years so long as the residence (i) continues to be occupied by the qualified applicant's spouse or (ii) if remaining unoccupied, is still owned by the qualified applicant for the homestead exemption.

Beginning January 1, 1997, when an individual dies who would have qualified for an exemption under this Section, and the surviving spouse does not independently qualify for this exemption because of age, the exemption under this Section shall be granted to the surviving spouse for the taxable year preceding and the taxable year of the death, provided that, except for age, the surviving spouse meets all other qualifications for the granting of this exemption for those years.

When married persons maintain separate residences, the exemption provided for in this Section may be claimed by only one of such persons and for only one residence.

For taxable year 1994 only, in counties having less than 3,000,000 inhabitants, to receive the exemption, a person shall submit an application by February 15, 1995 to the Chief County Assessment Officer of the county in which the property is located. In counties having 3,000,000 or more inhabitants, for taxable year 1994 and all subsequent taxable years, to receive the exemption, a person may submit an application to the Chief County Assessment Officer of the county in which the property is located during such period as may be specified by the Chief County Assessment Officer. The Chief County Assessment Officer in counties of 3,000,000 or more inhabitants shall annually give notice of the application period by mail or by publication. In counties having less than 3,000,000 inhabitants, beginning with taxable year 1995 and thereafter, to receive the exemption, a person shall submit an application by July 1 of each taxable year to the Chief County Assessment Officer of the county in which the property is located. A county may, by ordinance, establish a date for submission of applications that is different than July 1. The applicant shall submit with

the application an affidavit of the applicant's total household income, age, marital status (and if married the name and address of the applicant's spouse, if known), and principal dwelling place of members of the household on January 1 of the taxable year. The Department shall establish, by rule, a method for verifying the accuracy of affidavits filed by applicants under this Section, and the Chief County Assessment Officer may conduct audits of any taxpayer claiming an exemption under this Section to verify that the taxpayer is eligible to receive the exemption. Each application shall contain or be verified by a written declaration that it is made under the penalties of perjury. A taxpayer's signing a fraudulent application under this Act is perjury, as defined in Section 32-2 of the Criminal Code of 1961. The applications shall be clearly marked as applications for the Senior Citizens Assessment Freeze Homestead Exemption and must contain a notice that any taxpayer who receives the exemption is subject to an audit by the Chief County Assessment Officer.

Notwithstanding any other provision to the contrary, in counties having fewer than 3,000,000 inhabitants, if an applicant fails to file the application required by this Section in a timely manner and this failure to file is due to a mental or physical condition sufficiently severe so as to render the applicant incapable of filing the application in a timely manner, the Chief County Assessment Officer may extend the filing deadline for a period of 30 days after the applicant regains the capability to file the application, but in no case may the filing deadline be extended beyond 3 months of the original filing deadline. In order to receive the extension provided in this paragraph, the applicant shall provide the Chief County Assessment Officer with a signed statement from the applicant's physician stating the nature and extent of the condition, that, in the physician's opinion, the condition was so severe that it rendered the applicant incapable of filing the application in a timely manner, and the date on which the applicant regained the capability to file the application.

Beginning January 1, 1998, notwithstanding any other provision to the contrary, in counties having fewer than 3,000,000 inhabitants, if an applicant fails to file the application required by this Section in a timely manner and this failure to file is due to a mental or physical condition

sufficiently severe so as to render the applicant incapable of filing the application in a timely manner, the Chief County Assessment Officer may extend the filing deadline for a period of 3 months. In order to receive the extension provided in this paragraph, the applicant shall provide the Chief County Assessment Officer with a signed statement from the applicant's physician stating the nature and extent of the condition, and that, in the physician's opinion, the condition was so severe that it rendered the applicant incapable of filing the application in a timely manner.

In counties having less than 3,000,000 inhabitants, if an applicant was denied an exemption in taxable year 1994 and the denial occurred due to an error on the part of an assessment official, or his or her agent or employee, then beginning in taxable year 1997 the applicant's base year, for purposes of determining the amount of the exemption, shall be 1993 rather than 1994. In addition, in taxable year 1997, the applicant's exemption shall also include an amount equal to (i) the amount of any exemption denied to the applicant in taxable year 1995 as a result of using 1994, rather than 1993, as the base year, (ii) the amount of any exemption denied to the applicant in taxable year 1996 as a result of using 1994, rather than 1993, as the base year, and (iii) the amount of the exemption erroneously denied for taxable year 1994.

For purposes of this Section, a person who will be 65 years of age during the current taxable year shall be eligible to apply for the homestead exemption during that taxable year. Application shall be made during the application period in effect for the county of his or her residence.

The Chief County Assessment Officer may determine the eligibility of a life care facility that qualifies as a cooperative to receive the benefits provided by this Section by use of an affidavit, application, visual inspection, questionnaire, or other reasonable method in order to insure that the tax savings resulting from the exemption are credited by the management firm to the apportioned tax liability of each qualifying resident. The Chief County Assessment Officer may request reasonable proof that the management firm has so credited that exemption.

Except as provided in this Section, all information received by the chief county assessment officer or the Department from applications filed

under this Section, or from any investigation conducted under the provisions of this Section, shall be confidential, except for official purposes or pursuant to official procedures for collection of any State or local tax or enforcement of any civil or criminal penalty or sanction imposed by this Act or by any statute or ordinance imposing a State or local tax. Any person who divulges any such information in any manner, except in accordance with a proper judicial order, is guilty of a Class A misdemeanor.

Nothing contained in this Section shall prevent the Director or chief county assessment officer from publishing or making available reasonable statistics concerning the operation of the exemption contained in this Section in which the contents of claims are grouped into aggregates in such a way that information contained in any individual claim shall not be disclosed.

(d) Each Chief County Assessment Officer shall annually publish a notice of availability of the exemption provided under this Section. The notice shall be published at least 60 days but no more than 75 days prior to the date on which the application must be submitted to the Chief County Assessment Officer of the county in which the property is located. The notice shall appear in a newspaper of general circulation in the county.

Notwithstanding Sections 6 and 8 of the State Mandates Act, no reimbursement by the State is required for the implementation of any mandate created by this Section.

Sec. 15-175. General homestead exemption. Except as provided in Sections 15-176 and 15-177, homestead property is entitled to an annual homestead exemption limited, except as described here with relation to cooperatives, to a reduction in the equalized assessed value of homestead property equal to the increase in equalized assessed value for the current assessment year above the equalized assessed value of the property for 1977, up to the maximum reduction set forth below. If however, the 1977 equalized assessed value upon which taxes were paid is subsequently determined by local assessing officials, the Property Tax

Appeal Board, or a court to have been excessive, the equalized assessed value which should have been placed on the property for 1977 shall be used to determine the amount of the exemption.

Except as provided in Section 15-176, the maximum reduction before taxable year 2004 shall be $4,500 in counties with 3,000,000 or more inhabitants and $3,500 in all other counties. Except as provided in Sections 15-176 and 15-177, for taxable years 2004 through 2007 and thereafter, the maximum reduction shall be $5,000, for taxable year 2008, the maximum reduction is $5,500, and, for taxable years 2009 and thereafter, the maximum reduction is $6,000 in all counties. If a county has elected to subject itself to the provisions of Section 15-176 as provided in subsection (k) of that Section, then, for the first taxable year only after the provisions of Section 15-176 no longer apply, for owners who, for the taxable year, have not been granted a senior citizens assessment freeze homestead exemption under Section 15-172 or a long-time occupant homestead exemption under Section 15-177, there shall be an additional exemption of $5,000 for owners with a household income of $30,000 or less. If a county has elected to subject itself to the provisions of Section 15-176 as provided in subsection (k) of that Section, then, for the first taxable year only after the provisions of Section 15-176 no longer apply, for owners (i) who have not been granted a senior citizens assessment freeze homestead exemption under Section 15-172 for the taxable year and (ii) whose qualified property has an assessed valuation that has increased by more than 20% over the previous assessed valuation of the property, there shall be an additional exemption of $5,000 for owners with a household income of $30,000 or less. For purposes of this paragraph, "household income" has the meaning set forth in this Section 15-175.

In counties with fewer than 3,000,000 inhabitants, if, based on the most recent assessment, the equalized assessed value of the homestead property for the current assessment year is greater than the equalized assessed value of the property for 1977, the owner of the property shall automatically receive the exemption granted under this Section in an

amount equal to the increase over the 1977 assessment up to the maximum reduction set forth in this Section.

If in any assessment year beginning with the 2000 assessment year, homestead property has a pro-rata valuation under Section 9-180 resulting in an increase in the assessed valuation, a reduction in equalized assessed valuation equal to the increase in equalized assessed value of the property for the year of the pro-rata valuation above the equalized assessed value of the property for 1977 shall be applied to the property on a proportionate basis for the period the property qualified as homestead property during the assessment year. The maximum proportionate homestead exemption shall not exceed the maximum homestead exemption allowed in the county under this Section divided by 365 and multiplied by the number of days the property qualified as homestead property.

"Homestead property" under this Section includes residential property that is occupied by its owner or owners as his or their principal dwelling place, or that is a leasehold interest on which a single family residence is situated, which is occupied as a residence by a person who has an ownership interest therein, legal or equitable or as a lessee, and on which the person is liable for the payment of property taxes. For land improved with an apartment building owned and operated as a cooperative or a building which is a life care facility as defined in Section 15-170 and considered to be a cooperative under Section 15-170, the maximum reduction from the equalized assessed value shall be limited to the increase in the value above the equalized assessed value of the property for 1977, up to the maximum reduction set forth above, multiplied by the number of apartments or units occupied by a person or persons who is liable, by contract with the owner or owners of record, for paying property taxes on the property and is an owner of record of a legal or equitable interest in the cooperative apartment building, other than a leasehold interest. For purposes of this Section, the term "life care facility" has the meaning stated in Section 15-170.

"Household", as used in this Section, means the owner, the spouse of the owner, and all persons using the residence of the owner as their principal place of residence.

"Household income", as used in this Section, means the combined income of the members of a household for the calendar year preceding the taxable year.

"Income", as used in this Section, has the same meaning as provided in Section 3.07 of the Senior Citizens and Disabled Persons Property Tax Relief and Pharmaceutical Assistance Act, except that "income" does not include veteran's benefits.

In a cooperative where a homestead exemption has been granted, the cooperative association or its management firm shall credit the savings resulting from that exemption only to the apportioned tax liability of the owner who qualified for the exemption. Any person who willfully refuses to so credit the savings shall be guilty of a Class B misdemeanor.

Where married persons maintain and reside in separate residences qualifying as homestead property, each residence shall receive 50% of the total reduction in equalized assessed valuation provided by this Section.

In all counties, the assessor or chief county assessment officer may determine the eligibility of residential property to receive the homestead exemption and the amount of the exemption by application, visual inspection, questionnaire or other reasonable methods. The determination shall be made in accordance with guidelines established by the Department, provided that the taxpayer applying for an additional general exemption under this Section shall submit to the chief county assessment officer an application with an affidavit of the applicant's total household income, age, marital status (and, if married, the name and address of the applicant's spouse, if known), and principal dwelling place of members of the household on January 1 of the taxable year. The Department shall issue guidelines establishing a method for verifying the accuracy of the affidavits filed by applicants under this paragraph. The applications shall be clearly marked as applications for the Additional General Homestead Exemption.

In counties with fewer than 3,000,000 inhabitants, in the event of a sale of homestead property the homestead exemption shall remain in effect for the remainder of the assessment year of the sale. The assessor or chief

Sec. 15-176. Alternative general homestead exemption.
(a) For the assessment years as determined under subsection (j), in any county that has elected, by an ordinance in accordance with subsection (k), to be subject to the provisions of this Section in lieu of the provisions of Section 15-175, homestead property is entitled to an annual homestead exemption equal to a reduction in the property's equalized assessed value calculated as provided in this Section.

(b) As used in this Section:

(1) "Assessor" means the supervisor of assessments or the chief county assessment officer of each county.

(2) "Adjusted homestead value" means the lesser of the following values:

(A) The property's base homestead value increased by 7% for each tax year after the base year through and including the current tax year, or, if the property is sold or ownership is otherwise transferred, the property's base homestead value increased by 7% for each tax year after the year of the sale or transfer through and including the current tax year. The increase by 7% each year is an increase by 7% over the prior year.

(B) The property's equalized assessed value for the current tax year minus: (i) $4,500 in Cook County or $3,500 in all other counties in tax year 2003; or (ii) $5,000 in all counties in tax years 2004 and 2005; and (iii) the lesser of the amount of the general homestead exemption under Section 15-175 or an amount equal to the increase in the equalized assessed value for the current tax year above
the equalized assessed value for 1977 in tax year 2006 and thereafter.

(3) "Base homestead value".

(A) Except as provided in subdivision (b)(3)(A-5) or (b)(3)(B), "base homestead value" means the equalized assessed value of the property for the base year prior to exemptions, minus (i) $4,500 in Cook County or $3,500 in all other counties in tax year 2003, or (ii) $5,000 in all counties in tax years 2004 and 2005, or (iii) the lesser of the amount of the general homestead exemption under Section 15-175 or an amount equal to the increase in the equalized assessed value for the current tax year above the equalized assessed value for 1977 in tax year 2006 and thereafter, provided that it was assessed for that year as residential property qualified for any of the homestead exemptions under Sections 15-170 through 15-175 of this Code, then in force, and further provided that the property's assessment was not based on a reduced assessed value resulting from a temporary irregularity in the property for that year. Except as provided in subdivision (b)(3)(B), if the property did not have a residential equalized assessed value for the base year, then "base homestead value" means the base homestead value established by the assessor under subsection (c).

(A-5) On or before September 1, 2007, in Cook County, the base homestead value, as set forth under subdivision (b)(3)(A) and except as provided under subdivision (b)(3)(B), must be recalculated as the equalized assessed value of the property for the base year, prior to exemptions, minus:

(1) if the general assessment year for the property was 2003, the lesser of (i) $4,500 or (ii) the amount equal to the increase in equalized

New matter indicated by italics - deletions by strikeout
assessed value for the 2002 tax year above the equalized assessed value for 1977;

(2) if the general assessment year for the property was 2004, the lesser of (i) $4,500 or (ii) the amount equal to the increase in equalized assessed value for the 2003 tax year above the equalized assessed value for 1977;

(3) if the general assessment year for the property was 2005, the lesser of (i) $5,000 or (ii) the amount equal to the increase in equalized assessed value for the 2004 tax year above the equalized assessed value for 1977.

(B) If the property is sold or ownership is otherwise transferred, other than sales or transfers between spouses or between a parent and a child, "base homestead value" means the equalized assessed value of the property at the time of the sale or transfer prior to exemptions, minus: (i) $4,500 in Cook County or $3,500 in all other counties in tax year 2003; or (ii) $5,000 in all counties in tax years 2004 and 2005; and (iii) the lesser of the amount of the general homestead exemption under Section 15-175 or an amount equal to the increase in the equalized assessed value for the current tax year above the equalized assessed value for 1977 in tax year 2006 and thereafter, provided that it was assessed as residential property qualified for any of the homestead exemptions under Sections 15-170 through 15-175 of this Code, then in force, and further provided that the property's assessment was not based on a reduced assessed value resulting from a temporary irregularity in the property.

(3.5) "Base year" means (i) tax year 2002 in Cook County or (ii) tax year 2005 or 2006 in all other counties in accordance with the designation made by the county as provided in subsection (k).

New matter indicated by italics - deletions by strikeout
(4) "Current tax year" means the tax year for which the exemption under this Section is being applied.

(5) "Equalized assessed value" means the property's assessed value as equalized by the Department.

(6) "Homestead" or "homestead property" means:
   
   (A) Residential property that as of January 1 of the tax year is occupied by its owner or owners as his, her, or their principal dwelling place, or that is a leasehold interest on which a single family residence is situated, that is occupied as a residence by a person who has a legal or equitable interest therein evidenced by a written instrument, as an owner or as a lessee, and on which the person is liable for the payment of property taxes. Residential units in an apartment building owned and operated as a cooperative, or as a life care facility, which are occupied by persons who hold a legal or equitable interest in the cooperative apartment building or life care facility as owners or lessees, and who are liable by contract for the payment of property taxes, shall be included within this definition of homestead property.

   (B) A homestead includes the dwelling place, appurtenant structures, and so much of the surrounding land constituting the parcel on which the dwelling place is situated as is used for residential purposes. If the assessor has established a specific legal description for a portion of property constituting the homestead, then the homestead shall be limited to the property within that description.

(7) "Life care facility" means a facility as defined in Section 2 of the Life Care Facilities Act.

(c) If the property did not have a residential equalized assessed value for the base year as provided in subdivision (b)(3)(A) of this Section, then the assessor shall first determine an initial value for the property by comparison with assessed values for the base year of other properties having physical and economic characteristics similar to those of the
subject property, so that the initial value is uniform in relation to assessed values of those other properties for the base year. The product of the initial value multiplied by the equalized factor for the base year for homestead properties in that county, less: (i) $4,500 in Cook County or $3,500 in all other counties in tax years 2003; or (ii) $5,000 in all counties in tax year 2004 and 2005; and (iii) the lesser of the amount of the general homestead exemption under Section 15-175 or an amount equal to the increase in the equalized assessed value for the current tax year above the equalized assessed value for 1977 in tax year 2006 and thereafter, is the base homestead value.

For any tax year for which the assessor determines or adjusts an initial value and hence a base homestead value under this subsection (c), the initial value shall be subject to review by the same procedures applicable to assessed values established under this Code for that tax year.

(d) The base homestead value shall remain constant, except that the assessor may revise it under the following circumstances:

(1) If the equalized assessed value of a homestead property for the current tax year is less than the previous base homestead value for that property, then the current equalized assessed value (provided it is not based on a reduced assessed value resulting from a temporary irregularity in the property) shall become the base homestead value in subsequent tax years.

(2) For any year in which new buildings, structures, or other improvements are constructed on the homestead property that would increase its assessed value, the assessor shall adjust the base homestead value as provided in subsection (c) of this Section with due regard to the value added by the new improvements.

(3) If the property is sold or ownership is otherwise transferred, the base homestead value of the property shall be adjusted as provided in subdivision (b)(3)(B). This item (3) does not apply to sales or transfers between spouses or between a parent and a child.

(4) the recalculation required in Cook County under subdivision (b)(3)(A-5).

New matter indicated by italics - deletions by strikeout
(e) The amount of the exemption under this Section is the equalized assessed value of the homestead property for the current tax year, minus the adjusted homestead value, with the following exceptions:

(1) In Cook County, the exemption under this Section shall not exceed $20,000 for any taxable year through tax year:

   (i) 2005, if the general assessment year for the property is 2003;
   (ii) 2006, if the general assessment year for the property is 2004; or
   (iii) 2007, if the general assessment year for the property is 2005.

(1.1) Thereafter, in Cook County, and in all other counties, the exemption is as follows:

   (i) if the general assessment year for the property is 2006, then the exemption may not exceed: $33,000 for taxable year 2006; $26,000 for taxable year 2007; and $20,000 for taxable year 2008;
   (ii) if the general assessment year for the property is 2007, then the exemption may not exceed: $33,000 for taxable year 2007; $26,000 for taxable year 2008; and $20,000 for taxable year 2009; and
   (iii) if the general assessment year for the property is 2008, then the exemption may not exceed: $33,000 for taxable year 2008; $26,000 for taxable year 2009; and $20,000 for taxable year 2010.

(1.5) In Cook County, for the 2006 taxable year only, the maximum amount of the exemption set forth under subsection (e)(1.1)(i) of this Section may be increased: (i) by $7,000 if the equalized assessed value of the property in that taxable year exceeds the equalized assessed value of that property in 2002 by 100% or more; or (ii) by $2,000 if the equalized assessed value of the property in that taxable year exceeds the equalized assessed value of that property in 2002 by more than 80% but less than 100%.

New matter indicated by italics - deletions by strikeout
(2) In the case of homestead property that also qualifies for the exemption under Section 15-172, the property is entitled to the exemption under this Section, limited to the amount of (i) $4,500 in Cook County or $3,500 in all other counties in tax year 2003, or (ii) $5,000 in all counties in tax years 2004 and 2005, or (iii) the lesser of the amount of the general homestead exemption under Section 15-175 or an amount equal to the increase in the equalized assessed value for the current tax year above the equalized assessed value for 1977 in tax year 2006 and thereafter.

(f) In the case of an apartment building owned and operated as a cooperative, or as a life care facility, that contains residential units that qualify as homestead property under this Section, the maximum cumulative exemption amount attributed to the entire building or facility shall not exceed the sum of the exemptions calculated for each qualified residential unit. The cooperative association, management firm, or other person or entity that manages or controls the cooperative apartment building or life care facility shall credit the exemption attributable to each residential unit only to the apportioned tax liability of the owner or other person responsible for payment of taxes as to that unit. Any person who willfully refuses to so credit the exemption is guilty of a Class B misdemeanor.

(g) When married persons maintain separate residences, the exemption provided under this Section shall be claimed by only one such person and for only one residence.

(h) In the event of a sale or other transfer in ownership of the homestead property, the exemption under this Section shall remain in effect for the remainder of the tax year and be calculated using the same base homestead value in which the sale or transfer occurs, but (other than for sales or transfers between spouses or between a parent and a child) shall be calculated for any subsequent tax year using the new base homestead value as provided in subdivision (b)(3)(B). The assessor may require the new owner of the property to apply for the exemption in the following year.
(i) The assessor may determine whether property qualifies as a homestead under this Section by application, visual inspection, questionnaire, or other reasonable methods. Each year, at the time the assessment books are certified to the county clerk by the board of review, the assessor shall furnish to the county clerk a list of the properties qualified for the homestead exemption under this Section. The list shall note the base homestead value of each property to be used in the calculation of the exemption for the current tax year.

(j) In counties with 3,000,000 or more inhabitants, the provisions of this Section apply as follows:

(k) To be subject to the provisions of this Section in lieu of Section 15-175, a county must adopt an ordinance to subject itself to the provisions of this Section within 6 months after the effective date of this amendatory Act of the 95th General Assembly. In a county other than Cook County, the ordinance must designate either tax year 2005, 2002 or tax year 2006, 2003 as the base year.
(l) Notwithstanding Sections 6 and 8 of the State Mandates Act, no reimbursement by the State is required for the implementation of any mandate created by this Section.

(a) If the county has elected, under Section 15-176, to be subject to the provisions of the alternative general homestead exemption, then, for taxable years 2007 and thereafter, regardless of whether the exemption under Section 15-176 applies, qualified homestead property is entitled to an annual homestead exemption equal to a reduction in the property's equalized assessed value calculated as provided in this Section.

(b) As used in this Section:
"Adjusted homestead value" means the lesser of the following values:

(1) The property's base homestead value increased by: (i) 10% for each taxable year after the base year through and including the current tax year for qualified taxpayers with a household income of more than $75,000 but not exceeding $100,000; or (ii) 7% for each taxable year after the base year through and including the current tax year for qualified taxpayers with a household income of $75,000 or less. "Qualified homestead property" means homestead property owned by a qualified taxpayer.

"Qualified taxpayer" means any individual:

(1) who, for at least 10 years as of January 1 of the taxable year, has occupied the same homestead property as a principal residence and domicile or who, for at least 5 continuous years as of January 1 of the taxable year, has occupied the same homestead property as a principal residence and domicile if that person received assistance in the acquisition of the property as part of a government or nonprofit housing program; and

(2) who has a household income of $100,000 or less.

(c) The base homestead value must remain constant, except that the assessor may revise it under any of the following circumstances:

(1) If the equalized assessed value of a homestead property for the current tax year is less than the previous base homestead value for that property, then the current equalized assessed value (provided it is not based on a reduced assessed value resulting from a temporary irregularity in the property) becomes the base homestead value in subsequent tax years.

(2) For any year in which new buildings, structures, or other improvements are constructed on the homestead property that would increase its assessed value, the assessor shall adjust the base homestead value with due regard to the value added by the new improvements.

(d) The amount of the exemption under this Section is the greater of: (i) the equalized assessed value of the homestead property for the current tax year minus the adjusted homestead value; or (ii) the general homestead deduction.

(e) In the case of an apartment building owned and operated as a cooperative, or as a life care facility, that contains residential units that qualify as homestead property of a qualified taxpayer under this Section, the maximum cumulative exemption amount attributed to the entire building or facility shall not exceed the sum of the exemptions calculated for each unit that is a qualified homestead property. The cooperative
association, management firm, or other person or entity that manages or controls the cooperative apartment building or life care facility shall credit the exemption attributable to each residential unit only to the apportioned tax liability of the qualified taxpayer as to that unit. Any person who willfully refuses to so credit the exemption is guilty of a Class B misdemeanor.

(f) When married persons maintain separate residences, the exemption provided under this Section may be claimed by only one such person and for only one residence. No person who receives an exemption under Section 15-172 of this Code may receive an exemption under this Section. No person who receives an exemption under this Section may receive an exemption under Section 15-175 or 15-176 of this Code.

(g) In the event of a sale or other transfer in ownership of the homestead property between spouses or between a parent and a child, the exemption under this Section remains in effect if the new owner has a household income of $100,000 or less.

(h) In the event of a sale or other transfer in ownership of the homestead property other than subsection (g) of this Section, the exemption under this Section shall remain in effect for the remainder of the tax year and be calculated using the same base homestead value in which the sale or transfer occurs.

(i) To receive the exemption, a person must submit an application to the county assessor during the period specified by the county assessor. The county assessor shall annually give notice of the application period by mail or by publication.

The taxpayer must submit, with the application, an affidavit of the taxpayer's total household income, marital status (and if married the name and address of the applicant's spouse, if known), and principal dwelling place of members of the household on January 1 of the taxable year. The Department shall establish, by rule, a method for verifying the accuracy of affidavits filed by applicants under this Section, and the Chief County Assessment Officer may conduct audits of any taxpayer claiming an exemption under this Section to verify that the taxpayer is eligible to receive the exemption. Each application shall contain or be verified by a

written declaration that it is made under the penalties of perjury. A taxpayer's signing a fraudulent application under this Act is perjury, as defined in Section 32-2 of the Criminal Code of 1961. The applications shall be clearly marked as applications for the Long-time Occupant Homestead Exemption and must contain a notice that any taxpayer who receives the exemption is subject to an audit by the Chief County Assessment Officer.

(j) Notwithstanding Sections 6 and 8 of the State Mandates Act, no reimbursement by the State is required for the implementation of any mandate created by this Section.

Sec. 18-178. Abatement for the residence of a surviving spouse of a fallen police officer or rescue worker.

(a) The governing body of any county or municipality may, by ordinance, order the county clerk to abate any percentage of the taxes levied by the county or municipality on each parcel of qualified property within the boundaries of the county or municipality that is owned by the surviving spouse of a fallen police officer or rescue worker.

(b) The governing body may provide, by ordinance, for the percentage amount and duration of an abatement under this Section and for any other provision necessary to carry out the provisions of this Section. Upon passing an ordinance under this Section, the county or municipality must deliver a certified copy of the ordinance to the county clerk.

(c) As used in this Section:
"Fallen police officer or rescue worker" means an individual who dies:

(1) as a result of or in the course of employment as a police officer; or
(2) while in the active service of a fire, rescue, or emergency medical service.
"Fallen police officer or rescue worker", however, does not include any individual whose death was the result of that individual's own willful misconduct or abuse of alcohol or drugs.

"Qualified property" means a parcel of real property that is occupied by not more than 2 families, that is used as the principal residence by a surviving spouse, and that:

(1) was owned by the fallen police officer or rescue worker or surviving spouse at the time of the police officer's or rescue worker's death;

(2) was acquired by the surviving spouse within 2 years after the police officer's or rescue worker's death if the surviving spouse was domiciled in the State at the time of that death; or

(3) was acquired more than 2 years after the police officer's or rescue worker's death if surviving spouse qualified for an abatement for a former qualified property located in that municipality.

"Surviving spouse" means a spouse, who has not remarried, of a fallen police officer or rescue worker.

Sec. 20-15. Information on bill or separate statement. There shall be printed on each bill, or on a separate slip which shall be mailed with the bill:

(a) a statement itemizing the rate at which taxes have been extended for each of the taxing districts in the county in whose district the property is located, and in those counties utilizing electronic data processing equipment the dollar amount of tax due from the person assessed allocable to each of those taxing districts, including a separate statement of the dollar amount of tax due which is allocable to a tax levied under the Illinois Local Library Act or to any other tax levied by a municipality or township for public library purposes,

(b) a separate statement for each of the taxing districts of the dollar amount of tax due which is allocable to a tax levied under the Illinois Pension Code or to any other tax levied by a municipality or township for public pension or retirement purposes,

(c) the total tax rate,
(d) the total amount of tax due, and
(e) the amount by which the total tax and the tax allocable to each taxing district differs from the taxpayer's last prior tax bill.

The county treasurer shall ensure that only those taxing districts in which a parcel of property is located shall be listed on the bill for that property.

In all counties the statement shall also provide:

(1) the property index number or other suitable description,
(2) the assessment of the property,
(3) the equalization factors imposed by the county and by the Department, and
(4) the equalized assessment resulting from the application of the equalization factors to the basic assessment.

In all counties which do not classify property for purposes of taxation, for property on which a single family residence is situated the statement shall also include a statement to reflect the fair cash value determined for the property. In all counties which classify property for purposes of taxation in accordance with Section 4 of Article IX of the Illinois Constitution, for parcels of residential property in the lowest assessment classification the statement shall also include a statement to reflect the fair cash value determined for the property.

In all counties, the statement must include information that certain taxpayers may be eligible for tax exemptions, abatements, and other assistance programs and that, for more information, taxpayers should consult with the office of their township or county assessor and with the Illinois Department of Revenue.

In all counties, the statement shall include information that certain taxpayers may be eligible for the Senior Citizens and Disabled Persons Property Tax Relief and Pharmaceutical Assistance Act and that applications are available from the Illinois Department on Aging of Revenue.

In counties which use the estimated or accelerated billing methods, these statements shall only be provided with the final installment of taxes due. The provisions of this Section create a mandatory statutory duty. They
are not merely directory or discretionary. The failure or neglect of the collector to mail the bill, or the failure of the taxpayer to receive the bill, shall not affect the validity of any tax, or the liability for the payment of any tax.

Sec. 20-178. Certificate of error; refund; interest. When the county collector makes any refunds due on certificates of error issued under Sections 14-15 through 14-25 that have been either certified or adjudicated, the county collector shall pay the taxpayer interest on the amount of the refund at the rate of 0.5% per month.

No interest shall be due under this Section for any time prior to 60 days after the effective date of this amendatory Act of the 91st General Assembly. For certificates of error issued prior to the effective date of this amendatory Act of the 91st General Assembly, the county collector shall pay the taxpayer interest from 60 days after the effective date of this amendatory Act of the 91st General Assembly until the date the refund is paid. For certificates of error issued on or after the effective date of this amendatory Act of the 91st General Assembly, interest shall be paid from 60 days after the certificate of error is issued by the chief county assessment officer to the date the refund is made. To cover the cost of interest, the county collector shall proportionately reduce the distribution of taxes collected for each taxing district in which the property is situated.

This Section shall not apply to any certificate of error granting a homestead exemption under Section 15-170, 15-172, 15-175, or 15-177.

(1) The person is determined eligible for a grant under the Senior Citizens and Disabled Persons Property Tax Relief and Pharmaceutical Assistance Act with respect to the taxes for that year.

(2) The person requests, in writing, on a form approved by the county treasurer, a waiver of the interest penalty, and the request is filed with the county treasurer on or before the first day of the month that an installment of taxes is due.

(3) The person pays the installment of taxes due, in full, on or before the third day of the month that the installment is due.

(4) The county treasurer approves the request for a waiver.

(b) With respect to property that qualifies as a brownfield site under Section 58.2 of the Environmental Protection Act, the county board, upon the recommendation of the county treasurer, may, within 60 days after the effective date of this amendatory Act of the 95th General Assembly, adopt a resolution to waive an interest penalty for the delinquent payment of taxes for any year prior to the 2008 taxable year that otherwise would be imposed under Section 21-15, 21-20, or 21-25 if all of the following criteria are met:

(1) the property has delinquent taxes and an outstanding interest penalty and the amount of that interest penalty is so large as to, possibly, result in all of the taxes becoming uncollectible;

(2) the property is part of a redevelopment plan of a unit of local government and that unit of local government does not oppose the waiver of the interest penalty;

(3) the redevelopment of the property will benefit the public interest by remediating the brownfield contamination;

(4) the taxpayer delivers to the county treasurer (i) a written request for a waiver of the interest penalty, on a form approved by the county treasurer, and (ii) a copy of the redevelopment plan for the property;

(5) the taxpayer pays, in full, the amount of up to the amount of the first 2 installments of taxes due, to be held in escrow pending the approval of the waiver, and enters into an agreement

Upon receiving written notice from the Department of its approval and certification of such economic development project area, the county clerk shall immediately certify such amount as the "total initial equalized assessed value" of the taxable property within the economic development project area.

(b) After the county clerk has certified the "total initial equalized assessed value" of the taxable real property in the economic development project area, then in respect to every taxing district containing an economic development project area, the county clerk or any other official required by law to ascertain the amount of the equalized assessed value of all taxable property within that taxing district for the purpose of computing the rate percent of tax to be extended upon taxable property within the taxing district, shall in every year that property tax allocation financing is in effect ascertain the amount of value of taxable property in an economic development project area by including in that amount the lower of the current equalized assessed value or the certified "total initial equalized assessed value" of all taxable real property in such area. The rate percent of tax determined shall be extended to the current equalized assessed value of all property in the economic development project area in the same manner as the rate percent of tax is extended to all other taxable property in the taxing district. Section 17. The County Economic Development Project Area Tax Increment Allocation Act of 1991 is amended by changing Section 45 as follows:

Sec. 45. Filing with county clerk; certification of initial equalized assessed value.

(a) A county that has by ordinance approved an economic development plan, established an economic development project area, and adopted tax increment allocation financing for that area shall file certified copies of the ordinance or ordinances with the county clerk. Upon receiving the ordinance or ordinances, the county clerk shall immediately determine (i) the most recently ascertained equalized assessed value of each lot, block, tract, or parcel of real property within the economic development project area from which shall be deducted the homestead exemptions provided by Sections 15-170, 15-175, and 15-176 of the Property Tax Code (that value being the "initial equalized assessed value" of each such piece of property) and (ii) the total equalized assessed value of all taxable real property within the economic development project area by adding together the most recently ascertained equalized assessed value of each taxable lot, block, tract, or parcel of real property within the economic development project area, from which shall be deducted the homestead exemptions provided by Sections 15-170, 15-175, and 15-176 of the Property Tax Code, and shall certify that amount as the "total initial equalized assessed value" of the taxable real property within the economic development project area.

The rate per cent of tax determined shall be extended to the current equalized assessed value of all property in the economic development project area in the same manner as the rate per cent of tax is extended to all other taxable property in the taxing district. Section 20. The Illinois Municipal Code is amended by changing Sections 11-74.4-8, 11-74.4-9, and 11-74.6-40 as follows:

(65 ILCS 5/11-74.4-8) (from Ch. 24, par. 11-74.4-8)

Sec. 11-74.4-8. Tax increment allocation financing. A municipality may not adopt tax increment financing in a redevelopment project area after the effective date of this amendatory Act of 1997 that will encompass an area that is currently included in an enterprise zone created under the Illinois Enterprise Zone Act unless that municipality, pursuant to Section 5.4 of the Illinois Enterprise Zone Act, amends the enterprise zone designating ordinance to limit the eligibility for tax abatements as provided in Section 5.4.1 of the Illinois Enterprise Zone Act. A municipality, at the time a redevelopment project area is designated, may adopt tax increment allocation financing by passing an ordinance providing that the ad valorem taxes, if any, arising from the levies upon taxable real property in such redevelopment project area by taxing districts and tax rates determined in the manner provided in paragraph (c) of

New matter indicated by italics - deletions by strikeout
Section 11-74.4-9 each year after the effective date of the ordinance until redevelopment project costs and all municipal obligations financing redevelopment project costs incurred under this Division have been paid shall be divided as follows:

(a) That portion of taxes levied upon each taxable lot, block, tract or parcel of real property which is attributable to the lower of the current equalized assessed value or the initial equalized assessed value of each such taxable lot, block, tract or parcel of real property in the redevelopment project area shall be allocated to and when collected shall be paid by the county collector to the respective affected taxing districts in the manner required by law in the absence of the adoption of tax increment allocation financing.

(b) Except from a tax levied by a township to retire bonds issued to satisfy court-ordered damages, that portion, if any, of such taxes which is attributable to the increase in the current equalized assessed valuation of each taxable lot, block, tract or parcel of real property in the redevelopment project area over and above the initial equalized assessed value of each property in the project area shall be allocated to and when collected shall be paid to the municipal treasurer who shall deposit said taxes into a special fund called the special tax allocation fund of the municipality for the purpose of paying redevelopment project costs and obligations incurred in the payment thereof. In any county with a population of 3,000,000 or more that has adopted a procedure for collecting taxes that provides for one or more of the installments of the taxes to be billed and collected on an estimated basis, the municipal treasurer shall be paid for deposit in the special tax allocation fund of the municipality, from the taxes collected from estimated bills issued for property in the redevelopment project area, the difference between the amount actually collected from each taxable lot, block, tract, or parcel of real property within the redevelopment project area and an amount determined by multiplying the rate at which taxes were last extended against the taxable lot, block, track, or parcel of real property in the manner provided in subsection (c) of Section 11-74.4-9 by the initial equalized assessed value of the property divided by the number of

installments in which real estate taxes are billed and collected within the county; provided that the payments on or before December 31, 1999 to a municipal treasurer shall be made only if each of the following conditions are met:

(1) The total equalized assessed value of the redevelopment project area as last determined was not less than 175% of the total initial equalized assessed value.

(2) Not more than 50% of the total equalized assessed value of the redevelopment project area as last determined is attributable to a piece of property assigned a single real estate index number.

(3) The municipal clerk has certified to the county clerk that the municipality has issued its obligations to which there has been pledged the incremental property taxes of the redevelopment project area or taxes levied and collected on any or all property in the municipality or the full faith and credit of the municipality to pay or secure payment for all or a portion of the redevelopment project costs. The certification shall be filed annually no later than September 1 for the estimated taxes to be distributed in the following year; however, for the year 1992 the certification shall be made at any time on or before March 31, 1992.

(4) The municipality has not requested that the total initial equalized assessed value of real property be adjusted as provided in subsection (b) of Section 11-74.4-9.

The conditions of paragraphs (1) through (4) do not apply after December 31, 1999 to payments to a municipal treasurer made by a county with 3,000,000 or more inhabitants that has adopted an estimated billing procedure for collecting taxes. If a county that has adopted the estimated billing procedure makes an erroneous overpayment of tax revenue to the municipal treasurer, then the county may seek a refund of that overpayment. The county shall send the municipal treasurer a notice of liability for the overpayment on or before the mailing date of the next real estate tax bill within the county. The refund shall be limited to the amount of the overpayment.

New matter indicated by italics - deletions by strikeout
It is the intent of this Division that after the effective date of this amendatory Act of 1988 a municipality's own ad valorem tax arising from levies on taxable real property be included in the determination of incremental revenue in the manner provided in paragraph (c) of Section 11-74.4-9. If the municipality does not extend such a tax, it shall annually deposit in the municipality's Special Tax Increment Fund an amount equal to 10% of the total contributions to the fund from all other taxing districts in that year. The annual 10% deposit required by this paragraph shall be limited to the actual amount of municipally produced incremental tax revenues available to the municipality from taxpayers located in the redevelopment project area in that year if: (a) the plan for the area restricts the use of the property primarily to industrial purposes, (b) the municipality establishing the redevelopment project area is a home-rule community with a 1990 population of between 25,000 and 50,000, (c) the municipality is wholly located within a county with a 1990 population of over 750,000 and (d) the redevelopment project area was established by the municipality prior to June 1, 1990. This payment shall be in lieu of a contribution of ad valorem taxes on real property. If no such payment is made, any redevelopment project area of the municipality shall be dissolved.

If a municipality has adopted tax increment allocation financing by ordinance and the County Clerk thereafter certifies the "total initial equalized assessed value as adjusted" of the taxable real property within such redevelopment project area in the manner provided in paragraph (b) of Section 11-74.4-9, each year after the date of the certification of the total initial equalized assessed value as adjusted until redevelopment project costs and all municipal obligations financing redevelopment project costs have been paid the ad valorem taxes, if any, arising from the levies upon the taxable real property in such redevelopment project area by taxing districts and tax rates determined in the manner provided in paragraph (c) of Section 11-74.4-9 shall be divided as follows:

(1) That portion of the taxes levied upon each taxable lot, block, tract or parcel of real property which is attributable to the lower of the current equalized assessed value or "current equalized

assessed value as adjusted" or the initial equalized assessed value of each such taxable lot, block, tract, or parcel of real property existing at the time tax increment financing was adopted, minus the total current homestead exemptions under Article 15 provided by Sections 15-170, 15-175, and 15-176 of the Property Tax Code in the redevelopment project area shall be allocated to and when collected shall be paid by the county collector to the respective affected taxing districts in the manner required by law in the absence of the adoption of tax increment allocation financing.

(2) That portion, if any, of such taxes which is attributable to the increase in the current equalized assessed valuation of each taxable lot, block, tract, or parcel of real property in the redevelopment project area, over and above the initial equalized assessed value of each property existing at the time tax increment financing was adopted, minus the total current homestead exemptions pertaining to each piece of property provided by Article 15 Sections 15-170, 15-175, and 15-176 of the Property Tax Code in the redevelopment project area, shall be allocated to and when collected shall be paid to the municipal Treasurer, who shall deposit said taxes into a special fund called the special tax allocation fund of the municipality for the purpose of paying redevelopment project costs and obligations incurred in the payment thereof.

The municipality may pledge in the ordinance the funds in and to be deposited in the special tax allocation fund for the payment of such costs and obligations. No part of the current equalized assessed valuation of each property in the redevelopment project area attributable to any increase above the total initial equalized assessed value, or the total initial equalized assessed value as adjusted, of such properties shall be used in calculating the general State school aid formula, provided for in Section 18-8 of the School Code, until such time as all redevelopment project costs have been paid as provided for in this Section.

Whenever a municipality issues bonds for the purpose of financing redevelopment project costs, such municipality may provide by ordinance
for the appointment of a trustee, which may be any trust company within
the State, and for the establishment of such funds or accounts to be
maintained by such trustee as the municipality shall deem necessary to
provide for the security and payment of the bonds. If such municipality
provides for the appointment of a trustee, such trustee shall be considered
the assignee of any payments assigned by the municipality pursuant to
such ordinance and this Section. Any amounts paid to such trustee as
assignee shall be deposited in the funds or accounts established pursuant to
such trust agreement, and shall be held by such trustee in trust for the
benefit of the holders of the bonds, and such holders shall have a lien on
and a security interest in such funds or accounts so long as the bonds
remain outstanding and unpaid. Upon retirement of the bonds, the trustee
shall pay over any excess amounts held to the municipality for deposit in
the special tax allocation fund.

When such redevelopment projects costs, including without
limitation all municipal obligations financing redevelopment project costs
incurred under this Division, have been paid, all surplus funds then
remaining in the special tax allocation fund shall be distributed by being
paid by the municipal treasurer to the Department of Revenue, the
municipality and the county collector; first to the Department of Revenue
and the municipality in direct proportion to the tax incremental revenue
received from the State and the municipality, but not to exceed the total
incremental revenue received from the State or the municipality less any
annual surplus distribution of incremental revenue previously made; with
any remaining funds to be paid to the County Collector who shall
immediately thereafter pay said funds to the taxing districts in the
redevelopment project area in the same manner and proportion as the most
recent distribution by the county collector to the affected districts of real
property taxes from real property in the redevelopment project area.

Upon the payment of all redevelopment project costs, the
retirement of obligations, the distribution of any excess monies pursuant to
this Section, and final closing of the books and records of the
redevelopment project area, the municipality shall adopt an ordinance
dissolving the special tax allocation fund for the redevelopment project

area and terminating the designation of the redevelopment project area as a
redevelopment project area. Title to real or personal property and public
improvements acquired by or for the municipality as a result of the
redevelopment project and plan shall vest in the municipality when
acquired and shall continue to be held by the municipality after the
redevelopment project area has been terminated. Municipalities shall
notify affected taxing districts prior to November 1 if the redevelopment
project area is to be terminated by December 31 of that same year. If a
municipality extends estimated dates of completion of a redevelopment
project and retirement of obligations to finance a redevelopment project,
as allowed by this amendatory Act of 1993, that extension shall not extend
the property tax increment allocation financing authorized by this Section.
Thereafter the rates of the taxing districts shall be extended and taxes
levied, collected and distributed in the manner applicable in the absence of
the adoption of tax increment allocation financing.

Nothing in this Section shall be construed as relieving property in
such redevelopment project areas from being assessed as provided in the
Property Tax Code or as relieving owners of such property from paying a
uniform rate of taxes, as required by Section 4 of Article 9 of the Illinois
Constitution.

(b) In reference to any municipality which has adopted tax increment financing after January 1, 1978, and in respect to which the county clerk has certified the "total initial equalized assessed value" of the property in the redevelopment area, the municipality may thereafter request the clerk in writing to adjust the initial equalized value of all taxable real property within the redevelopment project area by deducting therefrom the exemptions under Article 15 provided for by Sections 15-170, 15-175, and 15-176 of the Property Tax Code applicable to each lot, block, tract or parcel of real property within such redevelopment project area. The county clerk shall immediately after the written request to adjust the total initial equalized value is received determine the total homestead exemptions in the redevelopment project area provided by Sections 15-170, 15-175, and 15-176 of the Property Tax Code by adding together the homestead exemptions provided by said Sections on each lot, block, tract or parcel of real property within such redevelopment project area and then shall deduct the total of said exemptions from the total initial equalized assessed value. The county clerk shall then promptly certify such amount as the "total initial equalized assessed value as adjusted" of the taxable real property within such redevelopment project area.

(c) After the county clerk has certified the "total initial equalized assessed value" of the taxable real property in such area, then in respect to every taxing district containing a redevelopment project area, the county clerk or any other official required by law to ascertain the amount of the equalized assessed value of all taxable property within such district for the purpose of computing the rate per cent of tax to be extended upon taxable property within such district, shall in every year that tax increment allocation financing is in effect ascertain the amount of value of taxable property in a redevelopment project area by including in such amount the

lower of the current equalized assessed value or the certified "total initial equalized assessed value" of all taxable real property in such area, except that after he has certified the "total initial equalized assessed value as adjusted" he shall in the year of said certification if tax rates have not been extended and in every year thereafter that tax increment allocation financing is in effect ascertain the amount of value of taxable property in a redevelopment project area by including in such amount the lower of the current equalized assessed value or the certified "total initial equalized assessed value as adjusted" of all taxable real property in such area. The rate per cent of tax determined shall be extended to the current equalized assessed value of all property in the redevelopment project area in the same manner as the rate per cent of tax is extended to all other taxable property in the taxing district. The method of extending taxes established under this Section shall terminate when the municipality adopts an ordinance dissolving the special tax allocation fund for the redevelopment project area. This Division shall not be construed as relieving property owners within a redevelopment project area from paying a uniform rate of taxes upon the current equalized assessed value of their taxable property as provided in the Property Tax Code.

Sec. 11-74.6-40. Equalized assessed value determination; property tax extension.
(a) If a municipality by ordinance provides for tax increment allocation financing under Section 11-74.6-35, the county clerk immediately thereafter:

(1) shall determine the initial equalized assessed value of each parcel of real property in the redevelopment project area, which is the most recently established equalized assessed value of each lot, block, tract or parcel of taxable real property within the redevelopment project area, minus the homestead exemptions provided by Sections 15-170, 15-175, and 15-176 of the Property Tax Code; and

(2) shall certify to the municipality the total initial equalized assessed value of all taxable real property within the redevelopment project area.

(b) Any municipality that has established a vacant industrial buildings conservation area may, by ordinance passed after the adoption of tax increment allocation financing, provide that the county clerk immediately thereafter shall again determine:

(1) the updated initial equalized assessed value of each lot, block, tract or parcel of real property, which is the most recently ascertained equalized assessed value of each lot, block, tract or parcel of real property within the vacant industrial buildings conservation area; and

(2) the total updated initial equalized assessed value of all taxable real property within the redevelopment project area, which is the total of the updated initial equalized assessed value of all taxable real property within the vacant industrial buildings conservation area.

The county clerk shall certify to the municipality the total updated initial equalized assessed value of all taxable real property within the industrial buildings conservation area.

(c) After the county clerk has certified the total initial equalized assessed value or the total updated initial equalized assessed value of the taxable real property in the area, for each taxing district in which a redevelopment project area is situated, the county clerk or any other official required by law to determine the amount of the equalized assessed value of all taxable property within the district for the purpose of computing the percentage rate of tax to be extended upon taxable property within the district, shall in every year that tax increment allocation financing is in effect determine the total equalized assessed value of taxable property in a redevelopment project area by including in that amount the lower of the current equalized assessed value or the certified total initial equalized assessed value or, if the total of updated equalized assessed value has been certified, the total updated initial equalized assessed value of all taxable real property in the redevelopment project.

After he has certified the total initial equalized assessed value he shall in the year of that certification, if tax rates have not been extended, and in every subsequent year that tax increment allocation financing is in effect, determine the amount of equalized assessed value of taxable property in a redevelopment project area by including in that amount the lower of the current total equalized assessed value or the certified total initial equalized assessed value or, if the total of updated initial equalized assessed values have been certified, the total updated initial equalized assessed value of all taxable real property in the redevelopment project area.

(d) The percentage rate of tax determined shall be extended on the current equalized assessed value of all property in the redevelopment project area in the same manner as the rate per cent of tax is extended to all other taxable property in the taxing district. The method of extending taxes established under this Section shall terminate when the municipality adopts an ordinance dissolving the special tax allocation fund for the redevelopment project area. This Law shall not be construed as relieving property owners within a redevelopment project area from paying a uniform rate of taxes upon the current equalized assessed value of their taxable property as provided in the Property Tax Code.

Section 25. The Economic Development Project Area Tax Increment Allocation Act of 1995 is amended by changing Section 45 as follows:

(65 ILCS 110/45)

Sec. 45. Filing with county clerk; certification of initial equalized assessed value.

(a) A municipality that has by ordinance approved an economic development plan, established an economic development project area, and adopted tax increment allocation financing for that area shall file certified copies of the ordinance or ordinances with the county clerk. Upon receiving the ordinance or ordinances, the county clerk shall immediately determine (i) the most recently ascertained equalized assessed value of each lot, block, tract, or parcel of real property within the economic

development project area from which shall be deducted the homestead exemptions under Article 15 provided by Sections 15-170, 15-175, and 15-176 of the Property Tax Code (that value being the "initial equalized assessed value" of each such piece of property) and (ii) the total equalized assessed value of all taxable real property within the economic development project area by adding together the most recently ascertained equalized assessed value of each taxable lot, block, tract, or parcel of real property within the economic development project area, from which shall be deducted the homestead exemptions provided by Sections 15-170, 15-175, and 15-176 of the Property Tax Code, and shall certify that amount as the "total initial equalized assessed value" of the taxable real property within the economic development project area.

(b) After the county clerk has certified the "total initial equalized assessed value" of the taxable real property in the economic development project area, then in respect to every taxing district containing an economic development project area, the county clerk or any other official required by law to ascertain the amount of the equalized assessed value of all taxable property within the taxing district for the purpose of computing the rate per cent of tax to be extended upon taxable property within the taxing district shall, in every year that tax increment allocation financing is in effect, ascertain the amount of value of taxable property in an economic development project area by including in that amount the lower of the current equalized assessed value or the certified "total initial equalized assessed value" of all taxable real property in the area. The rate per cent of tax determined shall be extended to the current equalized assessed value of all property in the economic development project area in the same manner as the rate per cent of tax is extended to all other taxable property in the taxing district. The method of extending taxes established under this Section shall terminate when the municipality adopts an ordinance dissolving the special tax allocation fund for the economic development project area. Section 30. The School Code is amended by changing Section 18-8.05 as follows:

(105 ILCS 5/18-8.05)

Sec. 18-8.05. Basis for apportionment of general State financial aid and supplemental general State aid to the common schools for the 1998-1999 and subsequent school years.

(A) General Provisions.

(1) The provisions of this Section apply to the 1998-1999 and subsequent school years. The system of general State financial aid provided for in this Section is designed to assure that, through a combination of State financial aid and required local resources, the financial support provided each pupil in Average Daily Attendance equals or exceeds a prescribed per pupil Foundation Level. This formula approach imputes a level of per pupil Available Local Resources and provides for the basis to calculate a per pupil level of general State financial aid that, when added to Available Local Resources, equals or exceeds the Foundation Level. The amount of per pupil general State financial aid for school districts, in general, varies in inverse relation to Available Local Resources. Per pupil amounts are based upon each school district's Average Daily Attendance as that term is defined in this Section.

(2) In addition to general State financial aid, school districts with specified levels or concentrations of pupils from low income households are eligible to receive supplemental general State financial aid grants as provided pursuant to subsection (H). The supplemental State aid grants provided for school districts under subsection (H) shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section.

(3) To receive financial assistance under this Section, school districts are required to file claims with the State Board of Education, subject to the following requirements:

(a) Any school district which fails for any given school year to maintain school as required by law, or to maintain a recognized
school is not eligible to file for such school year any claim upon the Common School Fund. In case of nonrecognition of one or more attendance centers in a school district otherwise operating recognized schools, the claim of the district shall be reduced in the proportion which the Average Daily Attendance in the attendance center or centers bear to the Average Daily Attendance in the school district. A "recognized school" means any public school which meets the standards as established for recognition by the State Board of Education. A school district or attendance center not having recognition status at the end of a school term is entitled to receive State aid payments due upon a legal claim which was filed while it was recognized.

(b) School district claims filed under this Section are subject to Sections 18-9 and 18-12, except as otherwise provided in this Section.

(c) If a school district operates a full year school under Section 10-19.1, the general State aid to the school district shall be determined by the State Board of Education in accordance with this Section as near as may be applicable.

(d) (Blank).

(4) Except as provided in subsections (H) and (L), the board of any district receiving any of the grants provided for in this Section may apply those funds to any fund so received for which that board is authorized to make expenditures by law.

School districts are not required to exert a minimum Operating Tax Rate in order to qualify for assistance under this Section.

(5) As used in this Section the following terms, when capitalized, shall have the meaning ascribed herein:

(a) "Average Daily Attendance": A count of pupil attendance in school, averaged as provided for in subsection (C) and utilized in deriving per pupil financial support levels.

(b) "Available Local Resources": A computation of local financial support, calculated on the basis of Average Daily Attendance and derived as provided pursuant to subsection (D).

New matter indicated by italics - deletions by strikeout
(c) "Corporate Personal Property Replacement Taxes": Funds paid to local school districts pursuant to "An Act in relation to the abolition of ad valorem personal property tax and the replacement of revenues lost thereby, and amending and repealing certain Acts and parts of Acts in connection therewith", certified August 14, 1979, as amended (Public Act 81-1st S.S.-1).

(d) "Foundation Level": A prescribed level of per pupil financial support as provided for in subsection (B).

(e) "Operating Tax Rate": All school district property taxes extended for all purposes, except Bond and Interest, Summer School, Rent, Capital Improvement, and Vocational Education Building purposes.

(B) Foundation Level.

(1) The Foundation Level is a figure established by the State representing the minimum level of per pupil financial support that should be available to provide for the basic education of each pupil in Average Daily Attendance. As set forth in this Section, each school district is assumed to exert a sufficient local taxing effort such that, in combination with the aggregate of general State financial aid provided the district, an aggregate of State and local resources are available to meet the basic education needs of pupils in the district.

(2) For the 1998-1999 school year, the Foundation Level of support is $4,225. For the 1999-2000 school year, the Foundation Level of support is $4,325. For the 2000-2001 school year, the Foundation Level of support is $4,425. For the 2001-2002 school year and 2002-2003 school year, the Foundation Level of support is $4,560. For the 2003-2004 school year, the Foundation Level of support is $4,810. For the 2004-2005 school year, the Foundation Level of support is $4,964. For the 2005-2006 school year, the Foundation Level of support is $5,164.

(3) For the 2006-2007 school year and each school year thereafter, the Foundation Level of support is $5,334 or such greater amount as may be established by law by the General Assembly.

(C) Average Daily Attendance.

New matter indicated by italics - deletions by strikeout
(1) For purposes of calculating general State aid pursuant to subsection (E), an Average Daily Attendance figure shall be utilized. The Average Daily Attendance figure for formula calculation purposes shall be the monthly average of the actual number of pupils in attendance of each school district, as further averaged for the best 3 months of pupil attendance for each school district. In compiling the figures for the number of pupils in attendance, school districts and the State Board of Education shall, for purposes of general State aid funding, conform attendance figures to the requirements of subsection (F).

(2) The Average Daily Attendance figures utilized in subsection (E) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated or the average of the attendance data for the 3 preceding school years, whichever is greater. The Average Daily Attendance figures utilized in subsection (H) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated.

(D) Available Local Resources.

(1) For purposes of calculating general State aid pursuant to subsection (E), a representation of Available Local Resources per pupil, as that term is defined and determined in this subsection, shall be utilized. Available Local Resources per pupil shall include a calculated dollar amount representing local school district revenues from local property taxes and from Corporate Personal Property Replacement Taxes, expressed on the basis of pupils in Average Daily Attendance. Calculation of Available Local Resources shall exclude any tax amnesty funds received as a result of Public Act 93-26.

(2) In determining a school district's revenue from local property taxes, the State Board of Education shall utilize the equalized assessed valuation of all taxable property of each school district as of September 30 of the previous year. The equalized assessed valuation utilized shall be obtained and determined as provided in subsection (G).

(3) For school districts maintaining grades kindergarten through 12, local property tax revenues per pupil shall be calculated as the product

New matter indicated by italics - deletions by strikeout
of the applicable equalized assessed valuation for the district multiplied by 3.00%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades kindergarten through 8, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 2.30%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades 9 through 12, local property tax revenues per pupil shall be the applicable equalized assessed valuation of the district multiplied by 1.05%, and divided by the district's Average Daily Attendance figure.

For partial elementary unit districts created pursuant to Article 11E of this Code, local property tax revenues per pupil shall be calculated as the product of the equalized assessed valuation for property within the elementary and high school classification of the partial elementary unit district multiplied by 2.06% and divided by the Average Daily Attendance figure for grades kindergarten through 8, plus the product of the equalized assessed valuation for property within the high school only classification of the partial elementary unit district multiplied by 0.94% and divided by the Average Daily Attendance figure for grades 9 through 12.

(4) The Corporate Personal Property Replacement Taxes paid to each school district during the calendar year 2 years before the calendar year in which a school year begins, divided by the Average Daily Attendance figure for that district, shall be added to the local property tax revenues per pupil as derived by the application of the immediately preceding paragraph (3). The sum of these per pupil figures for each school district shall constitute Available Local Resources as that term is utilized in subsection (E) in the calculation of general State aid.

(E) Computation of General State Aid.

(1) For each school year, the amount of general State aid allotted to a school district shall be computed by the State Board of Education as provided in this subsection.

(2) For any school district for which Available Local Resources per pupil is less than the product of 0.93 times the Foundation Level, general State aid for that district shall be calculated as an amount equal to the

New matter indicated by italics - deletions by strikeout
Foundation Level minus Available Local Resources, multiplied by the Average Daily Attendance of the school district.

(3) For any school district for which Available Local Resources per pupil is equal to or greater than the product of 0.93 times the Foundation Level and less than the product of 1.75 times the Foundation Level, the general State aid per pupil shall be a decimal proportion of the Foundation Level derived using a linear algorithm. Under this linear algorithm, the calculated general State aid per pupil shall decline in direct linear fashion from 0.07 times the Foundation Level for a school district with Available Local Resources equal to the product of 0.93 times the Foundation Level, to 0.05 times the Foundation Level for a school district with Available Local Resources equal to the product of 1.75 times the Foundation Level. The allocation of general State aid for school districts subject to this paragraph 3 shall be the calculated general State aid per pupil figure multiplied by the Average Daily Attendance of the school district.

(4) For any school district for which Available Local Resources per pupil equals or exceeds the product of 1.75 times the Foundation Level, the general State aid for the school district shall be calculated as the product of $218 multiplied by the Average Daily Attendance of the school district.

(5) The amount of general State aid allocated to a school district for the 1999-2000 school year meeting the requirements set forth in paragraph (4) of subsection (G) shall be increased by an amount equal to the general State aid that would have been received by the district for the 1998-1999 school year by utilizing the Extension Limitation Equalized Assessed Valuation as calculated in paragraph (4) of subsection (G) less the general State aid allotted for the 1998-1999 school year. This amount shall be deemed a one time increase, and shall not affect any future general State aid allocations.

(F) Compilation of Average Daily Attendance.

(1) Each school district shall, by July 1 of each year, submit to the State Board of Education, on forms prescribed by the State Board of Education, attendance figures for the school year that began in the preceding calendar year. The attendance information so transmitted shall

New matter indicated by italics - deletions by strikeout
identify the average daily attendance figures for each month of the school year. Beginning with the general State aid claim form for the 2002-2003 school year, districts shall calculate Average Daily Attendance as provided in subdivisions (a), (b), and (c) of this paragraph (1).

(a) In districts that do not hold year-round classes, days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

(b) In districts in which all buildings hold year-round classes, days of attendance in July and August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

(c) In districts in which some buildings, but not all, hold year-round classes, for the non-year-round buildings, days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May. The average daily attendance for the year-round buildings shall be computed as provided in subdivision (b) of this paragraph (1). To calculate the Average Daily Attendance for the district, the average daily attendance for the year-round buildings shall be multiplied by the days in session for the non-year-round buildings for each month and added to the monthly attendance of the non-year-round buildings.

Except as otherwise provided in this Section, days of attendance by pupils shall be counted only for sessions of not less than 5 clock hours of school work per day under direct supervision of: (i) teachers, or (ii) non-teaching personnel or volunteer personnel when engaging in non-teaching duties and supervising in those instances specified in subsection (a) of Section 10-22.34 and paragraph 10 of Section 34-18, with pupils of legal school age and in kindergarten and grades 1 through 12.

Days of attendance by tuition pupils shall be accredited only to the districts that pay the tuition to a recognized school.

(2) Days of attendance by pupils of less than 5 clock hours of school shall be subject to the following provisions in the compilation of Average Daily Attendance.

New matter indicated by italics - deletions by strikeout
(a) Pupils regularly enrolled in a public school for only a part of the school day may be counted on the basis of 1/6 day for every class hour of instruction of 40 minutes or more attended pursuant to such enrollment, unless a pupil is enrolled in a block-schedule format of 80 minutes or more of instruction, in which case the pupil may be counted on the basis of the proportion of minutes of school work completed each day to the minimum number of minutes that school work is required to be held that day.

(b) Days of attendance may be less than 5 clock hours on the opening and closing of the school term, and upon the first day of pupil attendance, if preceded by a day or days utilized as an institute or teachers' workshop.

(c) A session of 4 or more clock hours may be counted as a day of attendance upon certification by the regional superintendent, and approved by the State Superintendent of Education to the extent that the district has been forced to use daily multiple sessions.

(d) A session of 3 or more clock hours may be counted as a day of attendance (1) when the remainder of the school day or at least 2 hours in the evening of that day is utilized for an in-service training program for teachers, up to a maximum of 5 days per school year of which a maximum of 4 days of such 5 days may be used for parent-teacher conferences, provided a district conducts an in-service training program for teachers which has been approved by the State Superintendent of Education; or, in lieu of 4 such days, 2 full days may be used, in which event each such day may be counted as a day of attendance; and (2) when days in addition to those provided in item (1) are scheduled by a school pursuant to its school improvement plan adopted under Article 34 or its revised or amended school improvement plan adopted under Article 2, provided that (i) such sessions of 3 or more clock hours are scheduled to occur at regular intervals, (ii) the remainder of the school days in which such sessions occur are utilized for in-service training programs or other staff development activities for teachers,
and (iii) a sufficient number of minutes of school work under the
direct supervision of teachers are added to the school days between
such regularly scheduled sessions to accumulate not less than the
number of minutes by which such sessions of 3 or more clock
hours fall short of 5 clock hours. Any full days used for the
purposes of this paragraph shall not be considered for computing
average daily attendance. Days scheduled for in-service training
programs, staff development activities, or parent-teacher
conferences may be scheduled separately for different grade levels
and different attendance centers of the district.

(e) A session of not less than one clock hour of teaching
hospitalized or homebound pupils on-site or by telephone to the
classroom may be counted as 1/2 day of attendance, however these
pupils must receive 4 or more clock hours of instruction to be
counted for a full day of attendance.

(f) A session of at least 4 clock hours may be counted as a
day of attendance for first grade pupils, and pupils in full day
kindergartens, and a session of 2 or more hours may be counted as
1/2 day of attendance by pupils in kindergartens which provide
only 1/2 day of attendance.

(g) For children with disabilities who are below the age of 6
years and who cannot attend 2 or more clock hours because of their
disability or immaturity, a session of not less than one clock hour
may be counted as 1/2 day of attendance; however for such
children whose educational needs so require a session of 4 or more
clock hours may be counted as a full day of attendance.

(h) A recognized kindergarten which provides for only 1/2
day of attendance by each pupil shall not have more than 1/2 day of
attendance counted in any one day. However, kindergartens may
count 2 1/2 days of attendance in any 5 consecutive school days. When a pupil attends such a kindergarten for 2 half days on any
one school day, the pupil shall have the following day as a day
absent from school, unless the school district obtains permission in
writing from the State Superintendent of Education. Attendance at

New matter indicated by italics - deletions by strikeout
kindergartens which provide for a full day of attendance by each pupil shall be counted the same as attendance by first grade pupils. Only the first year of attendance in one kindergarten shall be counted, except in case of children who entered the kindergarten in their fifth year whose educational development requires a second year of kindergarten as determined under the rules and regulations of the State Board of Education.

(i) On the days when the Prairie State Achievement Examination is administered under subsection (c) of Section 2-3.64 of this Code, the day of attendance for a pupil whose school day must be shortened to accommodate required testing procedures may be less than 5 clock hours and shall be counted towards the 176 days of actual pupil attendance required under Section 10-19 of this Code, provided that a sufficient number of minutes of school work in excess of 5 clock hours are first completed on other school days to compensate for the loss of school work on the examination days.

(G) Equalized Assessed Valuation Data.

(1) For purposes of the calculation of Available Local Resources required pursuant to subsection (D), the State Board of Education shall secure from the Department of Revenue the value as equalized or assessed by the Department of Revenue of all taxable property of every school district, together with (i) the applicable tax rate used in extending taxes for the funds of the district as of September 30 of the previous year and (ii) the limiting rate for all school districts subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law.

The Department of Revenue shall add to the equalized assessed value of all taxable property of each school district situated entirely or partially within a county that is or was subject to the alternative general homestead exemption provisions of Section 15-176 or 15-177 Section 15-176 of the Property Tax Code (a) an amount equal to the total amount by which the homestead exemption allowed under Section 15-176 or 15-177 Section 15-176 of the Property Tax Code for real property situated in that school district exceeds the total amount that would have been allowed in
that school district if the maximum reduction under Section 15-176 was (i) $4,500 in Cook County or $3,500 in all other counties in tax year 2003 or (ii) $5,000 in all counties in tax year 2004 and thereafter and (b) an amount equal to the aggregate amount for the taxable year of all additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of $30,000 or less. The county clerk of any county that is or was subject to the alternative general homestead exemption provisions of Section 15-176 or 15-177 of the Property Tax Code shall annually calculate and certify to the Department of Revenue for each school district all homestead exemption amounts under Section 15-176 or 15-177 of the Property Tax Code and all amounts of additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of $30,000 or less. It is the intent of this paragraph that if the general homestead exemption for a parcel of property is determined under Section 15-176 or 15-177 of the Property Tax Code rather than Section 15-175, then the calculation of Available Local Resources shall not be affected by the difference, if any, between the amount of the general homestead exemption allowed for that parcel of property under Section 15-176 or 15-177 of the Property Tax Code and the amount that would have been allowed had the general homestead exemption for that parcel of property been determined under Section 15-175 of the Property Tax Code. It is further the intent of this paragraph that if additional exemptions are allowed under Section 15-175 of the Property Tax Code for owners with a household income of less than $30,000, then the calculation of Available Local Resources shall not be affected by the difference, if any, because of those additional exemptions.

This equalized assessed valuation, as adjusted further by the requirements of this subsection, shall be utilized in the calculation of Available Local Resources.

(2) The equalized assessed valuation in paragraph (1) shall be adjusted, as applicable, in the following manner:

(a) For the purposes of calculating State aid under this Section, with respect to any part of a school district within a
redevelopment project area in respect to which a municipality has adopted tax increment allocation financing pursuant to the Tax Increment Allocation Redevelopment Act, Sections 11-74.4-1 through 11-74.4-11 of the Illinois Municipal Code or the Industrial Jobs Recovery Law, Sections 11-74.6-1 through 11-74.6-50 of the Illinois Municipal Code, no part of the current equalized assessed valuation of real property located in any such project area which is attributable to an increase above the total initial equalized assessed valuation of such property shall be used as part of the equalized assessed valuation of the district, until such time as all redevelopment project costs have been paid, as provided in Section 11-74.4-8 of the Tax Increment Allocation Redevelopment Act or in Section 11-74.6-35 of the Industrial Jobs Recovery Law. For the purpose of the equalized assessed valuation of the district, the total initial equalized assessed valuation or the current equalized assessed valuation, whichever is lower, shall be used until such time as all redevelopment project costs have been paid.

(b) The real property equalized assessed valuation for a school district shall be adjusted by subtracting from the real property value as equalized or assessed by the Department of Revenue for the district an amount computed by dividing the amount of any abatement of taxes under Section 18-170 of the Property Tax Code by 3.00% for a district maintaining grades kindergarten through 12, by 2.30% for a district maintaining grades kindergarten through 8, or by 1.05% for a district maintaining grades 9 through 12 and adjusted by an amount computed by dividing the amount of any abatement of taxes under subsection (a) of Section 18-165 of the Property Tax Code by the same percentage rates for district type as specified in this subparagraph (b).

(3) For the 1999-2000 school year and each school year thereafter, if a school district meets all of the criteria of this subsection (G)(3), the school district’s Available Local Resources shall be calculated under
subsection (D) using the district's Extension Limitation Equalized Assessed Valuation as calculated under this subsection (G)(3).

For purposes of this subsection (G)(3) the following terms shall have the following meanings:

"Budget Year": The school year for which general State aid is calculated and awarded under subsection (E).

"Base Tax Year": The property tax levy year used to calculate the Budget Year allocation of general State aid.

"Preceding Tax Year": The property tax levy year immediately preceding the Base Tax Year.

"Base Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Base Tax Year multiplied by the limiting rate as calculated by the County Clerk and defined in the Property Tax Extension Limitation Law.

"Preceding Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Preceding Tax Year multiplied by the Operating Tax Rate as defined in subsection (A).

"Extension Limitation Ratio": A numerical ratio, certified by the County Clerk, in which the numerator is the Base Tax Year's Tax Extension and the denominator is the Preceding Tax Year's Tax Extension.

"Operating Tax Rate": The operating tax rate as defined in subsection (A).

If a school district is subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation of that district. For the 1999-2000 school year, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the district's 1996 Equalized Assessed Valuation and the district's Extension Limitation Ratio. For the 2000-2001 school year and each school year thereafter, the Extension Limitation Equalized Assessed

Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the Equalized Assessed Valuation last used in the calculation of general State aid and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of a school district as calculated under this subsection (G)(3) is less than the district's equalized assessed valuation as calculated pursuant to subsections (G)(1) and (G)(2), then for purposes of calculating the district's general State aid for the Budget Year pursuant to subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources under subsection (D).

Partial elementary unit districts created in accordance with Article 11E of this Code shall not be eligible for the adjustment in this subsection (G)(3) until the fifth year following the effective date of the reorganization.

(4) For the purposes of calculating general State aid for the 1999-2000 school year only, if a school district experienced a triennial reassessment on the equalized assessed valuation used in calculating its general State financial aid apportionment for the 1998-1999 school year, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation that would have been used to calculate the district's 1998-1999 general State aid. This amount shall equal the product of the equalized assessed valuation used to calculate general State aid for the 1997-1998 school year and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of the school district as calculated under this paragraph (4) is less than the district's equalized assessed valuation utilized in calculating the district's 1998-1999 general State aid allocation, then for purposes of calculating the district's general State aid pursuant to paragraph (5) of subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources.

(5) For school districts having a majority of their equalized assessed valuation in any county except Cook, DuPage, Kane, Lake, McHenry, or Will, if the amount of general State aid allocated to the school district for the 1999-2000 school year under the provisions of
subsection (E), (H), and (J) of this Section is less than the amount of general State aid allocated to the district for the 1998-1999 school year under these subsections, then the general State aid of the district for the 1999-2000 school year only shall be increased by the difference between these amounts. The total payments made under this paragraph (5) shall not exceed $14,000,000. Claims shall be prorated if they exceed $14,000,000.

(H) Supplemental General State Aid.

(1) In addition to the general State aid a school district is allotted pursuant to subsection (E), qualifying school districts shall receive a grant, paid in conjunction with a district's payments of general State aid, for supplemental general State aid based upon the concentration level of children from low-income households within the school district. Supplemental State aid grants provided for school districts under this subsection shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section. If the appropriation in any fiscal year for general State aid and supplemental general State aid is insufficient to pay the amounts required under the general State aid and supplemental general State aid calculations, then the State Board of Education shall ensure that each school district receives the full amount due for general State aid and the remainder of the appropriation shall be used for supplemental general State aid, which the State Board of Education shall calculate and pay to eligible districts on a prorated basis.

(1.5) This paragraph (1.5) applies only to those school years preceding the 2003-2004 school year. For purposes of this subsection (H), the term "Low-Income Concentration Level" shall be the low-income eligible pupil count from the most recently available federal census divided by the Average Daily Attendance of the school district. If, however, (i) the percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count of a high school district with fewer than 400 students exceeds by 75% or more the percentage change in the total low-income eligible pupil count of contiguous elementary school districts, whose boundaries are coterminous with the high school district, or (ii) a high school district within 2 counties and

serving 5 elementary school districts, whose boundaries are coterminous with the high school district, has a percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count and there is a percentage increase in the total low-income eligible pupil count of a majority of the elementary school districts in excess of 50% from the 2 most recent federal censuses, then the high school district's low-income eligible pupil count from the earlier federal census shall be the number used as the low-income eligible pupil count for the high school district, for purposes of this subsection (H). The changes made to this paragraph (1) by Public Act 92-28 shall apply to supplemental general State aid grants for school years preceding the 2003-2004 school year that are paid in fiscal year 1999 or thereafter and to any State aid payments made in fiscal year 1994 through fiscal year 1998 pursuant to subsection 1(n) of Section 18-8 of this Code (which was repealed on July 1, 1998), and any high school district that is affected by Public Act 92-28 is entitled to a recomputation of its supplemental general State aid grant or State aid paid in any of those fiscal years. This recomputation shall not be affected by any other funding.

(1.10) This paragraph (1.10) applies to the 2003-2004 school year and each school year thereafter. For purposes of this subsection (H), the term "Low-Income Concentration Level" shall, for each fiscal year, be the low-income eligible pupil count as of July 1 of the immediately preceding fiscal year (as determined by the Department of Human Services based on the number of pupils who are eligible for at least one of the following low income programs: Medicaid, KidCare, TANF, or Food Stamps, excluding pupils who are eligible for services provided by the Department of Children and Family Services, averaged over the 2 immediately preceding fiscal years for fiscal year 2004 and over the 3 immediately preceding fiscal years for each fiscal year thereafter) divided by the Average Daily Attendance of the school district.

(2) Supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 1998-1999, 1999-2000, and 2000-2001 school years only:

(a) For any school district with a Low Income Concentration Level of at least 20% and less than 35%, the grant

(b) For any school district with a Low Income Concentration Level of at least 35% and less than 50%, the grant for the 1998-1999 school year shall be $1,100 multiplied by the low income eligible pupil count.

(c) For any school district with a Low Income Concentration Level of at least 50% and less than 60%, the grant for the 1998-99 school year shall be $1,500 multiplied by the low income eligible pupil count.

(d) For any school district with a Low Income Concentration Level of 60% or more, the grant for the 1998-99 school year shall be $1,900 multiplied by the low income eligible pupil count.

(e) For the 1999-2000 school year, the per pupil amount specified in subparagraphs (b), (c), and (d) immediately above shall be increased to $1,243, $1,600, and $2,000, respectively.

(f) For the 2000-2001 school year, the per pupil amounts specified in subparagraphs (b), (c), and (d) immediately above shall be $1,273, $1,640, and $2,050, respectively.

(2.5) Supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 2002-2003 school year:

(a) For any school district with a Low Income Concentration Level of less than 10%, the grant for each school year shall be $355 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level of at least 10% and less than 20%, the grant for each school year shall be $675 multiplied by the low income eligible pupil count.

(c) For any school district with a Low Income Concentration Level of at least 20% and less than 35%, the grant for each school year shall be $1,330 multiplied by the low income eligible pupil count.

(f) For any school district with a Low Income Concentration Level of 60% or more, the grant for each school year shall be $2,080 multiplied by the low income eligible pupil count.

(2.10) Except as otherwise provided, supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 2003-2004 school year and each school year thereafter:

(a) For any school district with a Low Income Concentration Level of 15% or less, the grant for each school year shall be $355 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level greater than 15%, the grant for each school year shall be $294.25 added to the product of $2,700 and the square of the Low Income Concentration Level, all multiplied by the low income eligible pupil count.

For the 2003-2004 school year, 2004-2005 school year, 2005-2006 school year, and 2006-2007 school year only, the grant shall be no less than the grant for the 2002-2003 school year. For the 2007-2008 school year only, the grant shall be no less than the grant for the 2002-2003 school year multiplied by 0.66. For the 2008-2009 school year only, the grant shall be no less than the grant for the 2002-2003 school year multiplied by 0.33. Notwithstanding the provisions of this paragraph to the contrary, if for any school year supplemental general State aid grants are prorated as provided in paragraph (1) of this subsection (H), then the grants under this paragraph shall be prorated.

For the 2003-2004 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the...
product of 0.25 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year. For the 2004-2005 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.50 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year. For the 2005-2006 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.75 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year.

(3) School districts with an Average Daily Attendance of more than 1,000 and less than 50,000 that qualify for supplemental general State aid pursuant to this subsection shall submit a plan to the State Board of Education prior to October 30 of each year for the use of the funds resulting from this grant of supplemental general State aid for the improvement of instruction in which priority is given to meeting the education needs of disadvantaged children. Such plan shall be submitted in accordance with rules and regulations promulgated by the State Board of Education.

(4) School districts with an Average Daily Attendance of 50,000 or more that qualify for supplemental general State aid pursuant to this subsection shall be required to distribute from funds available pursuant to this Section, no less than $261,000,000 in accordance with the following requirements:

(a) The required amounts shall be distributed to the attendance centers within the district in proportion to the number of pupils enrolled at each attendance center who are eligible to receive free or reduced-price lunches or breakfasts under the federal Child Nutrition Act of 1966 and under the National School Lunch Act during the immediately preceding school year.

(b) The distribution of these portions of supplemental and general State aid among attendance centers according to these requirements shall not be compensated for or contravened by adjustments of the total of other funds appropriated to any attendance centers, and the Board of Education shall utilize funding from one or several sources in order to fully implement this provision annually prior to the opening of school.

(c) Each attendance center shall be provided by the school district a distribution of noncategorical funds and other categorical funds to which an attendance center is entitled under law in order that the general State aid and supplemental general State aid provided by application of this subsection supplements rather than supplants the noncategorical funds and other categorical funds provided by the school district to the attendance centers.

(d) Any funds made available under this subsection that by reason of the provisions of this subsection are not required to be allocated and provided to attendance centers may be used and appropriated by the board of the district for any lawful school purpose.

requirements of this paragraph, to the State Board of Education prior to July 15 of each year. This plan shall be consistent with the decisions of local school councils concerning the school expenditure plans developed in accordance with part 4 of Section 34-2.3. The State Board shall approve or reject the plan within 60 days after its submission. If the plan is rejected, the district shall give written notice of intent to modify the plan within 15 days of the notification of rejection and then submit a modified plan within 30 days after the date of the written notice of intent to modify. Districts may amend approved plans pursuant to rules promulgated by the State Board of Education.

Upon notification by the State Board of Education that the district has not submitted a plan prior to July 15 or a modified plan within the time period specified herein, the State aid funds affected by that plan or modified plan shall be withheld by the State Board of Education until a plan or modified plan is submitted.

If the district fails to distribute State aid to attendance centers in accordance with an approved plan, the plan for the following year shall allocate funds, in addition to the funds otherwise required by this subsection, to those attendance centers which were underfunded during the previous year in amounts equal to such underfunding.

For purposes of determining compliance with this subsection in relation to the requirements of attendance center funding, each district subject to the provisions of this subsection shall submit as a separate document by December 1 of each year a report of expenditure data for the prior year in addition to any modification of its current plan. If it is determined that there has been a failure to comply with the expenditure provisions of this subsection regarding contravention or supplanting, the State Superintendent of Education shall, within 60 days of receipt of the report, notify the district and any affected local school council. The district shall within 45 days of receipt of that notification inform the State Superintendent of Education of the remedial or corrective

The State Board of Education shall promulgate rules and regulations to implement the provisions of this subsection. No funds shall be released under this subdivision (H)(4) to any district that has not submitted a plan that has been approved by the State Board of Education.

(J) Supplementary Grants in Aid.

1) Notwithstanding any other provisions of this Section, the amount of the aggregate general State aid in combination with supplemental general State aid under this Section for which each school district is eligible shall be no less than the amount of the aggregate general State aid entitlement that was received by the district under Section 18-8 (exclusive of amounts received under subsections 5(p) and 5(p-5) of that Section) for the 1997-98 school year, pursuant to the provisions of that Section as it was then in effect. If a school district qualifies to receive a supplementary payment made under this subsection (J), the amount of the aggregate general State aid in combination with supplemental general State aid under this Section which that district is eligible to receive for each school year shall be no less than the amount of the aggregate general State aid entitlement that was received by the district under Section 18-8 (exclusive of amounts received under subsections 5(p) and 5(p-5) of that Section) for the 1997-1998 school year, pursuant to the provisions of that Section as it was then in effect.

2) If, as provided in paragraph (1) of this subsection (J), a school district is to receive aggregate general State aid in combination with supplemental general State aid under this Section for the 1998-99 school year and any subsequent school year that in any such school year is less than the amount of the aggregate general State aid entitlement that the district received for the 1997-98 school year, the school district shall also
receive, from a separate appropriation made for purposes of this subsection (J), a supplementary payment that is equal to the amount of the difference in the aggregate State aid figures as described in paragraph (1).

(K) Grants to Laboratory and Alternative Schools.

In calculating the amount to be paid to the governing board of a public university that operates a laboratory school under this Section or to any alternative school that is operated by a regional superintendent of schools, the State Board of Education shall require by rule such reporting requirements as it deems necessary.

As used in this Section, "laboratory school" means a public school which is created and operated by a public university and approved by the State Board of Education. The governing board of a public university which receives funds from the State Board under this subsection (K) may not increase the number of students enrolled in its laboratory school from a single district, if that district is already sending 50 or more students, except under a mutual agreement between the school board of a student's district of residence and the university which operates the laboratory school. A laboratory school may not have more than 1,000 students, excluding students with disabilities in a special education program.

As used in this Section, "alternative school" means a public school which is created and operated by a Regional Superintendent of Schools and approved by the State Board of Education. Such alternative schools may offer courses of instruction for which credit is given in regular school programs, courses to prepare students for the high school equivalency testing program or vocational and occupational training. A regional superintendent of schools may contract with a school district or a public community college district to operate an alternative school. An alternative school serving more than one educational service region may be established by the regional superintendents of schools of the affected educational service regions. An alternative school serving more than one educational service region may be operated under such terms as the regional superintendents of schools of those educational service regions may agree.

Each laboratory and alternative school shall file, on forms provided by the State Superintendent of Education, an annual State aid claim which states the Average Daily Attendance of the school's students by month. The best 3 months' Average Daily Attendance shall be computed for each school. The general State aid entitlement shall be computed by multiplying the applicable Average Daily Attendance by the Foundation Level as determined under this Section.

(L) Payments, Additional Grants in Aid and Other Requirements.

(1) For a school district operating under the financial supervision of an Authority created under Article 34A, the general State aid otherwise payable to that district under this Section, but not the supplemental general State aid, shall be reduced by an amount equal to the budget for the operations of the Authority as certified by the Authority to the State Board of Education, and an amount equal to such reduction shall be paid to the Authority created for such district for its operating expenses in the manner provided in Section 18-11. The remainder of general State school aid for any such district shall be paid in accordance with Article 34A when that Article provides for a disposition other than that provided by this Article.

(2) (Blank).

(3) Summer school. Summer school payments shall be made as provided in Section 18-4.3.

(M) Education Funding Advisory Board.

The Board shall consist of 5 members who are appointed by the Governor, by and with the advice and consent of the Senate. The members appointed shall include representatives of education, business, and the general public. One of the members so appointed shall be designated by the Governor at the time the appointment is made as the chairperson of the Board. The initial members of the Board may be appointed any time after the effective date of this amendatory Act of 1997. is appointed as the chairperson shall serve for a term that commences on
the date of his or her appointment and expires on the third Monday of
January, 2002, and the remaining 4 members, by lots drawn at the first
meeting of the Board that is held after all 5 members are appointed, shall
determine 2 of their number to serve for terms that commence on the date
of their respective appointments and expire on the third Monday of
January, 2001, and 2 of their number to serve for terms that commence on
the date of their respective appointments and expire on the third Monday
of January, 2000. All members appointed to serve on the Board shall serve
until their respective successors are appointed and confirmed. Vacancies
shall be filled in the same manner as original appointments. If a vacancy in
membership occurs at a time when the Senate is not in session, the
Governor shall make a temporary appointment until the next meeting of
the Senate, when he or she shall appoint, by and with the advice and
consent of the Senate, a person to fill that membership for the unexpired
term. If the Senate is not in session when the initial appointments are
made, those appointments shall be made as in the case of vacancies.

The Education Funding Advisory Board shall be deemed
established, and the initial members appointed by the Governor to serve as
members of the Board shall take office, on the date that the Governor
makes his or her appointment of the fifth initial member of the Board,
whether those initial members are then serving pursuant to appointment
and confirmation or pursuant to temporary appointments that are made by
the Governor as in the case of vacancies.

The State Board of Education shall provide such staff assistance to
the Education Funding Advisory Board as is reasonably required for the
proper performance by the Board of its responsibilities.

For school years after the 2000-2001 school year, the Education
Funding Advisory Board, in consultation with the State Board of
Education, shall make recommendations as provided in this subsection
(M) to the General Assembly for the foundation level under subdivision
(B)(3) of this Section and for the supplemental general State aid grant
level under subsection (H) of this Section for districts with high
concentrations of children from poverty. The recommended foundation

level shall be determined based on a methodology which incorporates the basic education expenditures of low-spending schools exhibiting high academic performance. The Education Funding Advisory Board shall make such recommendations to the General Assembly on January 1 of odd numbered years, beginning January 1, 2001.

(O) References.

(1) References in other laws to the various subdivisions of Section 18-8 as that Section existed before its repeal and replacement by this Section 18-8.05 shall be deemed to refer to the corresponding provisions of this Section 18-8.05, to the extent that those references remain applicable.

(2) References in other laws to State Chapter 1 funds shall be deemed to refer to the supplemental general State aid provided under subsection (H) of this Section.

(P) Public Act 93-838 and Public Act 93-808 make inconsistent changes to this Section. Under Section 6 of the Statute on Statutes there is an irreconcilable conflict between Public Act 93-808 and Public Act 93-838. Public Act 93-838, being the last acted upon, is controlling. to which he or she is entitled shall be the same percentage of property taxes accrued as is the percentage of ownership held by the claimant in the residence.

(e) More than one residence. If a claimant has occupied more than one residence in the taxable year, he or she may claim only one residence for any part of a month. In the case of property taxes accrued, he or she shall prorate 1/12 of the total property taxes accrued on his or her residence to each month that he or she owned and occupied that residence; and, in the case of rent constituting property taxes accrued, shall prorate each month's rent payments to the residence actually occupied during that month.

(f) There is hereby established a program of pharmaceutical assistance to the aged and disabled which shall be administered by the Department in accordance with this Act, to consist of payments to authorized pharmacies, on behalf of beneficiaries of the program, for the reasonable costs of covered prescription drugs. Each beneficiary who pays $5 for an identification card shall pay no additional prescription costs. Each beneficiary who pays $25 for an identification card shall pay $3 per prescription. In addition, after a beneficiary receives $2,000 in benefits during a State fiscal year, that beneficiary shall also be charged 20% of the cost of each prescription for which payments are made by the program during the remainder of the fiscal year. To become a beneficiary under this program a person must: (1) be (i) 65 years of age or older, or (ii) the surviving spouse of such a claimant, who at the time of death received or was entitled to receive benefits pursuant to this subsection, which surviving spouse will become 65 years of age within the 24 months immediately following the death of such claimant and which surviving spouse but for his or her age is otherwise qualified to receive benefits pursuant to this subsection, or (iii) disabled, and (2) be domiciled in this State at the time he or she files his or her claim, and (3) have a maximum household income of less than the income eligibility limitation, as defined in subsection (a-5) $14,000 for grant years before the 1998 grant year, less than $16,000 for the 1998 and 1999 grant years, and less than (i) $21,218 for a household containing one person, (ii) $28,480 for a household

containing 2 persons, or (iii) $35,740 for a household containing 3 more persons for the 2000 grant year and thereafter. In addition, each eligible person must (1) obtain an identification card from the Department, (2) at the time the card is obtained, sign a statement assigning to the State of Illinois benefits which may be otherwise claimed under any private insurance plans, and (3) present the identification card to the dispensing pharmacist.

The Department may adopt rules specifying participation requirements for the pharmaceutical assistance program, including copayment amounts, identification card fees, expenditure limits, and the benefit threshold after which a 20% charge is imposed on the cost of each prescription, to be in effect on and after July 1, 2004. Notwithstanding any other provision of this paragraph, however, the Department may not increase the identification card fee above the amount in effect on May 1, 2003 without the express consent of the General Assembly. To the extent practicable, those requirements shall be commensurate with the requirements provided in rules adopted by the Department of Healthcare and Family Services to implement the pharmacy assistance program under Section 5-5.12a of the Illinois Public Aid Code.

Whenever a generic equivalent for a covered prescription drug is available, the Department shall reimburse only for the reasonable costs of the generic equivalent, less the co-pay established in this Section, unless (i) the covered prescription drug contains one or more ingredients defined as a narrow therapeutic index drug at 21 CFR 320.33, (ii) the prescriber indicates on the face of the prescription "brand medically necessary", and (iii) the prescriber specifies that a substitution is not permitted. When issuing an oral prescription for covered prescription medication described in item (i) of this paragraph, the prescriber shall stipulate "brand medically necessary" and that a substitution is not permitted. If the covered prescription drug and its authorizing prescription do not meet the criteria listed above, the beneficiary may purchase the non-generic equivalent of the covered prescription drug by paying the difference between the generic cost and the non-generic cost plus the beneficiary co-pay.

Any person otherwise eligible for pharmaceutical assistance under this Act whose covered drugs are covered by any public program for assistance in purchasing any covered prescription drugs shall be ineligible for assistance under this Act to the extent such costs are covered by such other plan.

The fee to be charged by the Department for the identification card shall be equal to $5 per coverage year for persons below the official poverty line as defined by the United States Department of Health and Human Services and $25 per coverage year for all other persons.

In the event that 2 or more persons are eligible for any benefit under this Act, and are members of the same household, (1) each such person shall be entitled to participate in the pharmaceutical assistance program, provided that he or she meets all other requirements imposed by this subsection and (2) each participating household member contributes the fee required for that person by the preceding paragraph for the purpose of obtaining an identification card.

The provisions of this subsection (f), other than this paragraph, are inoperative after December 31, 2005. Beneficiaries who received benefits under the program established by this subsection (f) are not entitled, at the termination of the program, to any refund of the identification card fee paid under this subsection.

(g) Effective January 1, 2006, there is hereby established a program of pharmaceutical assistance to the aged and disabled, entitled the Illinois Seniors and Disabled Drug Coverage Program, which shall be administered by the Department of Healthcare and Family Services and the Department on Aging in accordance with this subsection, to consist of coverage of specified prescription drugs on behalf of beneficiaries of the program as set forth in this subsection. The program under this subsection replaces and supersedes the program established under subsection (f), which shall end at midnight on December 31, 2005.

To become a beneficiary under the program established under this subsection, a person must:

(1) be (i) 65 years of age or older or (ii) disabled; and
(2) be domiciled in this State; and

(3) enroll with a qualified Medicare Part D Prescription Drug Plan if eligible and apply for all available subsidies under Medicare Part D; and

(4) have a maximum household income of (i) less than $21,218 for a household containing one person, (ii) less than $28,480 for a household containing 2 persons, or (iii) less than $35,740 for a household containing 3 or more persons. If any income eligibility limit set forth in items (i) through (iii) is less than 200% of the Federal Poverty Level for any year, the income eligibility limit for that year for households of that size shall be income equal to or less than 200% of the Federal Poverty Level.

All individuals enrolled as of December 31, 2005, in the pharmaceutical assistance program operated pursuant to subsection (f) of this Section and all individuals enrolled as of December 31, 2005, in the SeniorCare Medicaid waiver program operated pursuant to Section 5-5.12a of the Illinois Public Aid Code shall be automatically enrolled in the program established by this subsection for the first year of operation without the need for further application, except that they must apply for Medicare Part D and the Low Income Subsidy under Medicare Part D. A person enrolled in the pharmaceutical assistance program operated pursuant to subsection (f) of this Section as of December 31, 2005, shall not lose eligibility in future years due only to the fact that they have not reached the age of 65.

To the extent permitted by federal law, the Department may act as an authorized representative of a beneficiary in order to enroll the beneficiary in a Medicare Part D Prescription Drug Plan if the beneficiary has failed to choose a plan and, where possible, to enroll beneficiaries in the low-income subsidy program under Medicare Part D or assist them in enrolling in that program.

Beneficiaries under the program established under this subsection shall be divided into the following 5 eligibility groups:

(A) Eligibility Group 1 shall consist of beneficiaries who are not eligible for Medicare Part D coverage and who are:

(i) disabled and under age 65; or

New matter indicated by italics - deletions by strikeout
(ii) age 65 or older, with incomes over 200% of the Federal Poverty Level; or

(iii) age 65 or older, with incomes at or below 200% of the Federal Poverty Level and not eligible for federally funded means-tested benefits due to immigration status.

(B) Eligibility Group 2 shall consist of beneficiaries otherwise described in Eligibility Group 1 but who are eligible for Medicare Part D coverage.

(C) Eligibility Group 3 shall consist of beneficiaries age 65 or older, with incomes at or below 200% of the Federal Poverty Level, who are not barred from receiving federally funded means-tested benefits due to immigration status and are eligible for Medicare Part D coverage.

(D) Eligibility Group 4 shall consist of beneficiaries age 65 or older, with incomes at or below 200% of the Federal Poverty Level, who are not barred from receiving federally funded means-tested benefits due to immigration status and are not eligible for Medicare Part D coverage.

If the State applies and receives federal approval for a waiver under Title XIX of the Social Security Act, persons in Eligibility Group 4 shall continue to receive benefits through the approved waiver, and Eligibility Group 4 may be expanded to include disabled persons under age 65 with incomes under 200% of the Federal Poverty Level who are not eligible for Medicare and who are not barred from receiving federally funded means-tested benefits due to immigration status.

(E) On and after January 1, 2007, Eligibility Group 5 shall consist of beneficiaries who are otherwise described in Eligibility Group 1 but are eligible for Medicare Part D and have a diagnosis of HIV or AIDS.

The program established under this subsection shall cover the cost of covered prescription drugs in excess of the beneficiary cost-sharing amounts set forth in this paragraph that are not covered by Medicare. In 2006, beneficiaries shall pay a co-payment of $2 for each prescription of a

New matter indicated by italics - deletions by strikeout
generic drug and $5 for each prescription of a brand-name drug. In future years, beneficiaries shall pay co-payments equal to the co-payments required under Medicare Part D for "other low-income subsidy eligible individuals" pursuant to 42 CFR 423.782(b). For individuals in Eligibility Groups 1, 2, 3, and 4, once the program established under this subsection and Medicare combined have paid $1,750 in a year for covered prescription drugs, the beneficiary shall pay 20% of the cost of each prescription in addition to the co-payments set forth in this paragraph. For individuals in Eligibility Group 5, once the program established under this subsection and Medicare combined have paid $1,750 in a year for covered prescription drugs, the beneficiary shall pay 20% of the cost of each prescription in addition to the co-payments set forth in this paragraph unless the drug is included in the formulary of the Illinois AIDS Drug Assistance Program operated by the Illinois Department of Public Health. If the drug is included in the formulary of the Illinois AIDS Drug Assistance Program, individuals in Eligibility Group 5 shall continue to pay the co-payments set forth in this paragraph after the program established under this subsection and Medicare combined have paid $1,750 in a year for covered prescription drugs.

For beneficiaries eligible for Medicare Part D coverage, the program established under this subsection shall pay 100% of the premiums charged by a qualified Medicare Part D Prescription Drug Plan for Medicare Part D basic prescription drug coverage, not including any late enrollment penalties. Qualified Medicare Part D Prescription Drug Plans may be limited by the Department of Healthcare and Family Services to those plans that sign a coordination agreement with the Department.

Notwithstanding Section 3.15, for purposes of the program established under this subsection, the term "covered prescription drug" has the following meanings:

For Eligibility Group 1, "covered prescription drug" means:
(1) any cardiovascular agent or drug; (2) any insulin or other prescription drug used in the treatment of diabetes, including syringe and needles used to administer the insulin; (3) any prescription drug used in the treatment of arthritis; (4) any

prescription drug used in the treatment of cancer; (5) any prescription drug used in the treatment of Alzheimer's disease; (6) any prescription drug used in the treatment of Parkinson's disease; (7) any prescription drug used in the treatment of glaucoma; (8) any prescription drug used in the treatment of lung disease and smoking-related illnesses; (9) any prescription drug used in the treatment of osteoporosis; and (10) any prescription drug used in the treatment of multiple sclerosis. The Department may add additional therapeutic classes by rule. The Department may adopt a preferred drug list within any of the classes of drugs described in items (1) through (10) of this paragraph. The specific drugs or therapeutic classes of covered prescription drugs shall be indicated by rule.

For Eligibility Group 2, "covered prescription drug" means those drugs covered for Eligibility Group 1 that are also covered by the Medicare Part D Prescription Drug Plan in which the beneficiary is enrolled.

For Eligibility Group 3, "covered prescription drug" means those drugs covered by the Medicare Part D Prescription Drug Plan in which the beneficiary is enrolled.

For Eligibility Group 4, "covered prescription drug" means those drugs covered by the Medical Assistance Program under Article V of the Illinois Public Aid Code.

For Eligibility Group 5, "covered prescription drug" means: (1) those drugs covered for Eligibility Group 1 that are also covered by the Medicare Part D Prescription Drug Plan in which the beneficiary is enrolled; and (2) those drugs included in the formulary of the Illinois AIDS Drug Assistance Program operated by the Illinois Department of Public Health that are also covered by the Medicare Part D Prescription Drug Plan in which the beneficiary is enrolled.

An individual in Eligibility Group 3 or 4 may opt to receive a $25 monthly payment in lieu of the direct coverage described in this subsection.

New matter indicated by italics - deletions by strikeout
Any person otherwise eligible for pharmaceutical assistance under this subsection whose covered drugs are covered by any public program is ineligible for assistance under this subsection to the extent that the cost of those drugs is covered by the other program.

The Department of Healthcare and Family Services shall establish by rule the methods by which it will provide for the coverage called for in this subsection. Those methods may include direct reimbursement to pharmacies or the payment of a capitated amount to Medicare Part D Prescription Drug Plans.

For a pharmacy to be reimbursed under the program established under this subsection, it must comply with rules adopted by the Department of Healthcare and Family Services regarding coordination of benefits with Medicare Part D Prescription Drug Plans. A pharmacy may not charge a Medicare-enrolled beneficiary of the program established under this subsection more for a covered prescription drug than the appropriate Medicare cost-sharing less any payment from or on behalf of the Department of Healthcare and Family Services.

The Department of Healthcare and Family Services or the Department on Aging, as appropriate, may adopt rules regarding applications, counting of income, proof of Medicare status, mandatory generic policies, and pharmacy reimbursement rates and any other rules necessary for the cost-efficient operation of the program established under this subsection.

elevation of the land prior to the commencement of any change in elevations as a part of any phase of subdividing, and additionally, if it is contemplated that such elevations, or the flow of surface water from such land, will be changed as a result of any portion of such subdivision development, then such study or studies shall also show such proposed changes in the elevations and the flow of surface water from such land. The topographical and profile studies required hereunder may be prepared as a subsidiary study or studies separate from, but of the same scale and size as the subdivision plat, and shall be prepared in such a manner as will permit the topographical study or studies to be used as overlays to the subdivision plat. The plat must show all angular and linear data along the exterior boundaries of the tract of land divided or subdivided, the names of all public streets and the width, course and extent of all public streets, alleys and ways for public service facilities. References must also be made upon the plat to known and permanent monuments from which future survey may be made and the surveyor must, at the time of making his survey, set in such manner that they will not be moved by frost, good and sufficient monuments marking the external boundaries of the tract to be divided or subdivided and must designate upon the plat the points where they may be found. These monuments must be placed at all corners, at each end of all curves, at the point where a curve changes its radius, at all angle points in any line and at all angle points along a meander line, the points to be not less than 20 feet back from the normal water elevation of a lake or from the bank of a stream, except that when such corners or points fall within a street, or proposed future street, the monuments must be placed in the right of way line of the street. These monuments 2 of which must be of stone or reinforced concrete and must be set at the opposite extremities of the property platted, placed at all block corners, at each end of all curves, at the points where a curve changes its radius, and at all angle points in any line. All lots must be monumented in the field with 2 or more monuments. The monuments must be furnished by the person for whom the survey is made and must be such that they will not be moved by frost. If
any city, village or town has adopted an official plan, or part thereof, in the manner prescribed by law, the plat of land situated within the area affected thereby must conform to the official plan, or part thereof.

(b) Except as provided in subsection (c) of this Section, the provisions of this Act do not apply and no subdivision plat is required in any of the following instances:

1. The division or subdivision of land into parcels or tracts of 5 acres or more in size which does not involve any new streets or easements of access;

Sec. 3.1-10-50. Events upon which an elective office becomes vacant in municipality with population under 500,000 Vacancies.

(a) Vacancy by resignation. A resignation is not effective unless it is in writing, signed by the person holding the elective office, and notarized.

(1) Unconditional resignation. An unconditional resignation by a person holding the elective office may specify a future date, not later than 60 days after the date the resignation is received by the officer authorized to fill the vacancy, at which time it becomes operative, but the resignation may not be withdrawn after it is received by the officer authorized to fill the vacancy. The effective date of a resignation that does not specify a future date at which it becomes operative is the date the resignation is received by the officer authorized to fill the vacancy. The effective date of a resignation that has a specified future effective date is that specified future date or the date the resignation is received by the officer authorized to fill the vacancy, whichever date occurs later.

(2) Conditional resignation. A resignation that does not become effective unless a specified event occurs can be withdrawn at any time prior to the occurrence of the specified event, but if not withdrawn, the effective date of the resignation is the date of the occurrence of the specified event or the date the resignation is received by the officer authorized to fill the vacancy, whichever date occurs later.

(3) Vacancy upon the effective date. For the purpose of determining the time period that would require an election to fill the vacancy by resignation or the commencement of the 60-day time period referred to in subsection (e), the resignation of an elected officer is deemed to have created a vacancy as of the effective date of the resignation.

(4) Duty of the clerk. If a resignation is delivered to the clerk of the municipality, the clerk shall forward a certified copy of

New matter indicated by italics - deletions by strikeout
the written resignation to the official who is authorized to fill the vacancy within 7 business days after receipt of the resignation.

(b) Vacancy by death or disability. A vacancy occurs in an office by reason of the death of the incumbent. The date of the death may be established by the date shown on the death certificate. A vacancy occurs in an office by permanent physical or mental disability rendering the person incapable of performing the duties of the office. The corporate authorities have the authority to make the determination whether an officer is incapable of performing the duties of the office because of a permanent physical or mental disability. A finding of mental disability shall not be made prior to the appointment by a court of a guardian ad litem for the officer or until a duly licensed doctor certifies, in writing, that the officer is mentally impaired to the extent that the officer is unable to effectively perform the duties of the office. If the corporate authorities find that an officer is incapable of performing the duties of the office due to permanent physical or mental disability, that person is removed from the office and the vacancy of the office occurs on the date of the determination.

(c) Vacancy by other causes.

(1) Abandonment and other causes. A vacancy occurs in an office by reason of abandonment of office; removal from office; or failure to qualify; or more than temporary removal of residence from the municipality; or in the case of an alderman of a ward or councilman or trustee of a district, more than temporary removal of residence from the ward or district, as the case may be. The corporate authorities have the authority to determine whether a vacancy under this subsection has occurred. If the corporate authorities determine that a vacancy exists, the office is deemed vacant as of the date of that determination for all purposes including the calculation under subsections (e), (f), and (g).

(2) Guilty of a criminal offense. An admission of guilt of a criminal offense that upon conviction would disqualify the municipal officer from holding the office, in the form of a written agreement with State or federal prosecutors to plead guilty to a felony, bribery, perjury, or other infamous crime under State or

federal law, constitutes a resignation from that office, effective on the date the plea agreement is made. For purposes of this Section, a conviction for an offense that disqualifies a municipal officer from holding that office occurs on the date of the return of a guilty verdict or, in the case of a trial by the court, on the entry of a finding of guilt.

(3) Election declared void. A vacancy occurs on the date of the decision of a competent tribunal declaring the election of the officer void.

(d) Election of an acting mayor or acting president. The election of an acting mayor or acting president pursuant to subsection (f) or (g) does not create a vacancy in the original office of the person on the city council or as a trustee, as the case may be, unless the person resigns from the original office following election as acting mayor or acting president. If the person resigns from the original office following election as acting mayor or acting president, then the original office must be filled pursuant to the terms of this Section and the acting mayor or acting president shall exercise the powers of the mayor or president and shall vote and have veto power in the manner provided by law for a mayor or president. If the person does not resign from the original office following election as acting mayor or acting president, then the acting mayor or acting president shall exercise the powers of the mayor or president but shall be entitled to vote only in the manner provided for as the holder of the original office and shall not have the power to veto. If the person does not resign from the original office following election as acting mayor or acting president, and if that person's original term of office has not expired when a mayor or president is elected and has qualified for office, the acting mayor or acting-president shall return to the original office for the remainder of the term thereof.

(e) Appointment to fill alderman or trustee vacancy. An appointment by the mayor or president or acting mayor or acting president, as the case may be, of a qualified person as described in Section 3.1-10-5 of this Code to fill a vacancy in the office of alderman or trustee must be made within 60 days after the vacancy occurs. Once the
appointment of the qualified person has been forwarded to the corporate authorities, the corporate authorities shall act upon the appointment within 30 days. If the appointment fails to receive the advice and consent of the corporate authorities within 30 days, the mayor or president or acting mayor or acting president shall appoint and forward to the corporate authorities a second qualified person as described in Section 3.1-10-5. Once the appointment of the second qualified person has been forwarded to the corporate authorities, the corporate authorities shall act upon the appointment within 30 days. If the appointment of the second qualified person also fails to receive the advice and consent of the corporate authorities, then the mayor or president or acting mayor or acting president, without the advice and consent of the corporate authorities, may make a temporary appointment from those persons who were appointed but whose appointments failed to receive the advice and consent of the corporate authorities. The person receiving the temporary appointment shall serve until an appointment has received the advice and consent and the appointee has qualified or until a person has been elected and has qualified, whichever first occurs.

(f) Election to fill vacancies in municipal offices with 4-year terms. If a vacancy occurs in an elective municipal office with a 4-year term and there remains an unexpired portion of the term of at least 28 months, and the vacancy occurs at least 130 days before the general municipal election next scheduled under the general election law, then the vacancy shall be filled for the remainder of the term at that general municipal election. Whenever an election is held for this purpose, the municipal clerk shall certify the office to be filled and the candidates for the office to the proper election authorities as provided in the general election law. If a vacancy occurs with less than 28 months remaining in the unexpired portion of the term or less than 130 days before the general municipal election, then:

(1) Mayor or president. If the vacancy is in the office of mayor or president, the vacancy must be filled by the corporate authorities electing one of their members as acting mayor or acting president. Except as set forth in subsection (d), the acting mayor or acting president shall perform the duties and possess all
the rights and powers of the mayor or president until a mayor or
president is elected at the next general municipal election and has
qualified. However, in villages with a population of less than
5,000, if each of the trustees either declines the election as acting
president or is not elected by a majority vote of the trustees
presently holding office, then the trustees may elect, as acting
president, any other village resident who is qualified to hold
municipal office, and the acting president shall exercise the powers
of the president and shall vote and have veto power in the manner
provided by law for a president.

(2) Alderman or trustee. If the vacancy is in the office of
alderman or trustee, the vacancy must be filled by the mayor or
president or acting mayor or acting president, as the case may be,
in accordance with subsection (e).

(3) Other elective office. If the vacancy is in any elective
municipal office other than mayor or president or alderman or
trustee, the mayor or president or acting mayor or acting
president, as the case may be, must appoint a qualified person to
hold the office until the office is filled by election, subject to the
advice and consent of the city council or the board of trustees, as
the case may be.

(g) Vacancies in municipal offices with 2-year terms. In the case of
an elective municipal office with a 2-year term, if the vacancy occurs at
least 130 days before the general municipal election next scheduled under
the general election law, the vacancy shall be filled for the remainder of
the term at that general municipal election. If the vacancy occurs less than
130 days before the general municipal election, then:

(1) Mayor or president. If the vacancy is in the office of
mayor or president, the vacancy must be filled by the corporate
authorities electing one of their members as acting mayor or
acting president. Except as set forth in subsection (d), the acting
mayor or acting president shall perform the duties and possess all
the rights and powers of the mayor or president until a mayor or
president is elected at the next general municipal election and has

qualified. However, in villages with a population of less than 5,000, if each of the trustees either declines the election as acting president or is not elected by a majority vote of the trustees presently holding office, then the trustees may elect, as acting president, any other village resident who is qualified to hold municipal office, and the acting president shall exercise the powers of the president and shall vote and have veto power in the manner provided by law for a president.

(2) Alderman or trustee. If the vacancy is in the office of alderman or trustee, the vacancy must be filled by the mayor or president or acting mayor or acting president, as the case may be, in accordance with subsection (e).

(3) Other elective office. If the vacancy is in any elective municipal office other than mayor or president or alderman or trustee, the mayor or president or acting mayor or acting president, as the case may be, must appoint a qualified person to hold the office until the office is filled by election, subject to the advice and consent of the city council or the board of trustees, as the case may be.

(h) In cases of vacancies arising by reason of an election being declared void pursuant to paragraph (3) of subsection (c), persons holding elective office prior thereto shall hold office until their successors are elected and qualified or appointed and confirmed by advice and consent, as the case may be.

(i) This Section applies only to municipalities with populations under 500,000.

(a) A municipal officer may resign from office. A vacancy occurs in an office by reason of resignation, failure to elect or qualify (in which case the incumbent shall remain in office until the vacancy is filled), death, permanent physical or mental disability rendering the person incapable of performing the duties of his or her office, conviction of a disqualifying crime, abandonment of office, removal from office, or removal of residence from the municipality or, in the case of aldermen of a ward or trustees of a district, removal of residence from the ward or district, as the
case may be. An admission of guilt of a criminal offense that would, upon
conviction, disqualify the municipal officer from holding that office, in the
form of a written agreement with State or federal prosecutors to plead
guilty to a felony, bribery, perjury, or other infamous crime under State or
federal law, shall constitute a resignation from that office, effective at the
time the plea agreement is made. For purposes of this Section, a conviction
for an offense that disqualifies the municipal officer from holding that
office shall occur on the date of the return of a guilty verdict or, in the case
of a trial by the court, the entry of a finding of guilt.

(b) If a vacancy occurs in an elective municipal office with a 4-year
term and there remains an unexpired portion of the term of at least 28
months, and the vacancy occurs at least 130 days before the general
municipal election next scheduled under the general election law, the
vacancy shall be filled for the remainder of the term at that general
municipal election. Whenever an election is held for this purpose, the
municipal clerk shall certify the office to be filled and the candidates for
the office to the proper election authorities as provided in the general
election law. If the vacancy is in the office of mayor, the city council shall
elect one of their members acting mayor; if the vacancy is in the office of
president, the vacancy shall be filled by the appointment by the trustees of
an acting president from the members of the board of trustees. In villages
with a population of less than 5,000, if each of the members of the board
of trustees either declines the appointment as acting president or is not
approved for the appointment by a majority vote of the trustees presently
holding office, then the board of trustees may appoint as acting president
any other village resident who is qualified to hold municipal office. The
acting mayor or acting president shall perform the duties and possess all
the rights and powers of the mayor or president until a successor to fill the
vacancy has been elected and has qualified. If the vacancy is in any other
elective municipal office, then until the office is filled by election, the
mayor or president shall appoint a qualified person to the office subject to
the advice and consent of the city council or trustees.

(c) In a 2-year term, or if the vacancy occurs later than the time
provided in subsection (b) in a 4-year term, a vacancy in the office of
mayor shall be filled by the corporate authorities electing one of their members acting mayor; if the vacancy is in the office of president, the vacancy shall be filled by the appointment by the trustees of an acting president from the members of the board of trustees. In villages with a population of less than 5,000, if each of the members of the board of trustees either declines the appointment as acting president or is not approved for the appointment by a majority vote of the trustees presently holding office, then the board of trustees may appoint as acting president any other village resident who is qualified to hold municipal office. The acting mayor or acting president shall perform the duties and possess all the rights and powers of the mayor or president until a mayor or president is elected at the next general municipal election and has qualified. A vacancy in any elective office other than mayor or president shall be filled by appointment by the mayor or president, with the advice and consent of the corporate authorities.

(d) This subsection applies on and after January 1, 2006. The election of an acting mayor or acting president in a municipality with a population under 500,000 does not create a vacancy in the original office of the person on the city council or as a trustee, as the case may be, unless the person resigns from the original office following election as acting mayor or acting president. If the person resigns from the original office following election as acting mayor or acting president, then the original office must be filled pursuant to the terms of this Section and the acting mayor or acting president shall exercise the powers of the mayor or president and shall vote and have veto power in the manner provided by law for a mayor or president. If the person does not resign from the original office following election as acting mayor or acting president, then the acting mayor or acting president shall exercise the powers of the mayor or president but shall be entitled to vote only in the manner provided for as the holder of the original office and shall not have the power to veto. If the person does not resign from the original office following election as acting mayor or acting president, and if that person's original term of office has not expired when a mayor or president is elected and has qualified for

office, the acting mayor or acting president shall return to the original
office for the remainder of the term thereof:

(e) Municipal officers appointed or elected under this Section shall
hold office until their successors are elected and have qualified:

be made within 60 days after the vacancy occurs. The requirement that an
appointment be made within 60 days is an exclusive power and function of
the State and is a denial and limitation under Article VII, Section 6,
subsection (h) of the Illinois Constitution of the power of a home rule

Sec. 3.1-20-25. Redistricting a city.

(a) In the formation of wards, the number of inhabitants of the city immediately preceding the division of the city into wards shall be as nearly equal in population, and the wards shall be of as compact and contiguous territory, as practicable. Wards shall be created in a manner so that, as far as practicable, no precinct shall be divided between 2 or more wards.

(b) Whenever an official census shows that a city contains more or fewer wards than it is entitled to, the city council of the city, by ordinance, shall redistrict the city into as many wards as the city is entitled. This redistricting shall be completed not less than 30 days before the first day set by the general election law for the filing of candidate petitions for the next succeeding election for city officers. At this election there shall be elected the number of aldermen to which the city is entitled, except as provided in subsection (c).

(c) If it appears from any official census that a city has the requisite number of inhabitants to authorize it to increase the number of aldermen, the city council shall immediately proceed to redistrict the city and shall hold the next city election in accordance with the new redistricting. At this election the aldermen whose terms of office are not expiring shall be considered aldermen for the new wards respectively in which their residences are situated. At this election, in a municipality that is not a newly incorporated municipality, a candidate for alderman may be elected from any ward that contains a part of the ward in which he or she resided at least one year next preceding the election that follows the redistricting, and, if elected, that person may be reelected from the new ward he or she represents if he or she resides in that ward for at least one year next preceding reelection. If there are 2 or more aldermen with terms of office not expiring and residing in the same ward under the new redistricting, the alderman who holds over for that ward shall be determined by lot in the presence of the city council, in the manner directed by the council, and all other aldermen shall fill their unexpired terms as aldermen-at-large. The aldermen-at-large, if any, shall have the same powers and duties as all other aldermen, but upon the expiration of their terms the offices of aldermen-at-large shall be abolished.
(d) If the redistricting results in one or more wards in which no aldermen reside whose terms of office have not expired, 2 aldermen shall be elected in accordance with Section 3.1-20-35, unless the city elected only one alderman per ward pursuant to a referendum under subsection (a) of Section 3.1-20-20.

(e) A redistricting ordinance that has decreased the number of wards of a city because of a decrease in population of the city shall not be effective if, not less than 60 days before the time fixed for the next succeeding general municipal election, an official census is officially published that shows that the city has regained a population that entitles it to the number of wards that it had just before the passage of the last redistricting ordinance.

This redistricting shall be completed not less than 30 days before the first day for the filing of nominating petitions for the next succeeding election of village officers held in accordance with the general election law.

(b) Each of the districts shall be represented by one trustee who shall have been an actual resident of the district for at least 6 months immediately before his or her election in the first election after a redistricting, unless the trustee is a resident of a newly incorporated municipality. Only the electors of a district shall elect the trustee from that district.

Trustees elected at the first election for village officers after a village is incorporated, however, shall by lot designate one-half of their number whose terms shall be 2 years and until their successors are elected and have qualified. In all villages having a population of less than 50,000 in which only 3 trustees were elected for a 4 year term in the year 1941, 3 trustees shall be elected for a 4 year term at the regular village election in the year 1943, and thereafter 3 trustees shall be elected in each odd numbered year for a term of 4 years.

Sec. 210.5. Tax credit for employee child care.

before December 31, 2004 and for taxable years ending on or after December 31, 2007, 30% of the start-up costs expended by the corporate taxpayer to provide a child care facility for the children of its employees and (ii) for taxable years ending on or after December 31, 2000, 5% of the annual amount paid by the corporate taxpayer in providing the child care facility for the children of its employees. The provisions of Section 250 do not apply to the credits allowed under this Section. If the 5% credit authorized under item (ii) of this subsection is claimed, the 5% credit authorized under Section 210 cannot also be claimed.

To receive the tax credit under this Section a corporate taxpayer may either independently provide and operate a child care facility for the children of its employees or it may join in a partnership with one or more other corporations to jointly provide and operate a child care facility for the children of employees of the corporations in the partnership.

(b) The tax credit may not reduce the taxpayer's liability to less than zero. If the amount of the tax credit exceeds the tax liability for the year, the excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit year. The credit must be applied to the earliest year for which there is a tax liability. If there are credits from more than one tax year that are available to offset a liability, then the earlier credit must be applied first.

(c) As used in this Section, "start-up costs" means planning, site-preparation, construction, renovation, or acquisition of a child care facility. As used in this Section, "child care facility" is limited to a child care facility located in Illinois.

(d) A corporate taxpayer claiming the credit provided by this Section shall maintain and record such information as the Department may require by rule regarding the child care facility for which the credit is claimed.

Section 5. The Illinois Lottery Law is amended by changing Section 21.6 as follows:

(20 ILCS 1605/21.6)
(a) The Department shall offer a special instant scratch-off game for the benefit of Illinois veterans. The game shall commence on January 1, 2006 or as soon thereafter, at the discretion of the Director, as is reasonably practical. The operation of the game shall be governed by this Act and any rules adopted by the Department. If any provision of this Section is inconsistent with any other provision of this Act, then this Section governs.

(b) The Illinois Veterans Assistance Fund is created as a special fund in the State treasury. The net revenue from the Illinois veterans scratch-off game shall be deposited into the Fund for appropriation by the General Assembly solely to the Department of Veterans Affairs for making grants, funding additional services, or conducting additional research projects relating to each of the following:

(i) veterans' post traumatic stress disorder;
(ii) veterans' homelessness;
(iii) the health insurance costs of veterans;
(iv) veterans' disability benefits, including but not limited to, disability benefits provided by veterans service organizations and veterans assistance commissions or centers; and

(v) the long-term care of veterans; provided that, beginning with moneys appropriated for fiscal year 2008, no more than 20% of such moneys shall be used for health insurance costs.

In order to expend moneys from this special fund, beginning with moneys appropriated for fiscal year 2008, the Director of Veterans' Affairs shall appoint a 3-member funding authorization committee. The Director shall designate one of the members as chairperson. The committee shall meet on a quarterly basis, at a minimum, and shall authorize expenditure of moneys from the special fund by a two-thirds vote. Decisions of the committee shall not take effect unless and until approved by the Director of Veterans' Affairs. Each member of the committee shall serve until a replacement is named by the Director of Veterans' Affairs. One member of the committee shall be a member of the Veterans' Advisory Council.

Moneys collected from the special instant scratch-off game shall be used only as a supplemental financial resource and shall not supplant existing moneys that the Department of Veterans Affairs may currently expend for the purposes set forth in items (i) through (v).

Moneys received for the purposes of this Section, including, without limitation, net revenue from the special instant scratch-off game and from gifts, grants, and awards from any public or private entity, must be deposited into the Fund. Any interest earned on moneys in the Fund must be deposited into the Fund.

For purposes of this subsection, "net revenue" means the total amount for which tickets have been sold less the sum of the amount paid out in the prizes and the actual administrative expenses of the Department solely related to the scratch-off game under this Section.

(c) During the time that tickets are sold for the Illinois veterans scratch-off game, the Department shall not unreasonably diminish the efforts devoted to marketing any other instant scratch-off lottery game.

(d) The Department may adopt any rules necessary to implement and administer the provisions of this Section.

PUBLIC ACT 95-0652

(65 ILCS 5/11-74.4-3) (from Ch. 24, par. 11-74.4-3)
Sec. 11-74.4-3. Definitions. The following terms, wherever used or referred to in this Division 74.4 shall have the following respective meanings, unless in any case a different meaning clearly appears from the context.

(a) For any redevelopment project area that has been designated pursuant to this Section by an ordinance adopted prior to November 1, 1999 (the effective date of Public Act 91-478), "blighted area" shall have the meaning set forth in this Section prior to that date.

On and after November 1, 1999, "blighted area" means any improved or vacant area within the boundaries of a redevelopment project area located within the territorial limits of the municipality where:

(1) If improved, industrial, commercial, and residential buildings or improvements are detrimental to the public safety, health, or welfare because of a combination of 5 or more of the following factors, each of which is (i) present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) reasonably distributed throughout the improved part of the redevelopment project area:

(A) Dilapidation. An advanced state of disrepair or neglect of necessary repairs to the primary structural components of buildings or improvements in such a combination that a documented building condition analysis

New matter indicated by italics - deletions by strikeout
determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed.

(B) Obsolescence. The condition or process of falling into disuse. Structures have become ill-suited for the original use.

(C) Deterioration. With respect to buildings, defects including, but not limited to, major defects in the secondary building components such as doors, windows, porches, gutters and downspouts, and fascia. With respect to surface improvements, that the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas evidence deterioration, including, but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces.

(D) Presence of structures below minimum code standards. All structures that do not meet the standards of zoning, subdivision, building, fire, and other governmental codes applicable to property, but not including housing and property maintenance codes.

(E) Illegal use of individual structures. The use of structures in violation of applicable federal, State, or local laws, exclusive of those applicable to the presence of structures below minimum code standards.

(F) Excessive vacancies. The presence of buildings that are unoccupied or under-utilized and that represent an adverse influence on the area because of the frequency, extent, or duration of the vacancies.

(G) Lack of ventilation, light, or sanitary facilities. The absence of adequate ventilation for light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke, or other noxious airborne materials. Inadequate natural light and

New matter indicated by italics - deletions by strikeout
ventilation means the absence of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building.

(H) Inadequate utilities. Underground and overhead utilities such as storm sewers and storm drainage, sanitary sewers, water lines, and gas, telephone, and electrical services that are shown to be inadequate. Inadequate utilities are those that are: (i) of insufficient capacity to serve the uses in the redevelopment project area, (ii) deteriorated, antiquated, obsolete, or in disrepair, or (iii) lacking within the redevelopment project area.

(I) Excessive land coverage and overcrowding of structures and community facilities. The over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Examples of problem conditions warranting the designation of an area as one exhibiting excessive land coverage are: (i) the presence of buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety and (ii) the presence of multiple buildings on a single parcel. For there to be a finding of excessive land coverage, these parcels must exhibit one or more of the following conditions: insufficient provision for light and air within or around buildings, increased threat of spread of fire due to the close proximity of buildings, lack of adequate or proper access to a public right-of-way, lack of reasonably required off-street parking, or inadequate provision for loading and service.
(J) Deleterious land use or layout. The existence of incompatible land-use relationships, buildings occupied by inappropriate mixed-uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.

(K) Environmental clean-up. The proposed redevelopment project area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(L) Lack of community planning. The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This means that the development occurred prior to the adoption by the municipality of a comprehensive or other community plan or that the plan was not followed at the time of the area's development. This factor must be documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning.

(M) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which

information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated.

(2) If vacant, the sound growth of the redevelopment project area is impaired by a combination of 2 or more of the following factors, each of which is (i) present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) reasonably distributed throughout the vacant part of the redevelopment project area to which it pertains:

   (A) Obsolete platting of vacant land that results in parcels of limited or narrow size or configurations of parcels of irregular size or shape that would be difficult to develop on a planned basis and in a manner compatible with contemporary standards and requirements, or platting that failed to create rights-of-ways for streets or alleys or that created inadequate right-of-way widths for streets, alleys, or other public rights-of-way or that omitted easements for public utilities.

   (B) Diversity of ownership of parcels of vacant land sufficient in number to retard or impede the ability to assemble the land for development.

   (C) Tax and special assessment delinquencies exist or the property has been the subject of tax sales under the Property Tax Code within the last 5 years.

   (D) Deterioration of structures or site improvements in neighboring areas adjacent to the vacant land.

   (E) The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as

New matter indicated by italics - deletions by strikeout
having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(F) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated.

(3) If vacant, the sound growth of the redevelopment project area is impaired by one of the following factors that (i) is present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) is reasonably distributed throughout the vacant part of the redevelopment project area to which it pertains:

(A) The area consists of one or more unused quarries, mines, or strip mine ponds.

(B) The area consists of unused rail yards, rail tracks, or railroad rights-of-way.

(C) The area, prior to its designation, is subject to (i) chronic flooding that adversely impacts on real property in the area as certified by a registered professional engineer or appropriate regulatory agency or (ii) surface water that

New matter indicated by italics - deletions by strikeout
discharges from all or a part of the area and contributes to flooding within the same watershed, but only if the redevelopment project provides for facilities or improvements to contribute to the alleviation of all or part of the flooding.

(D) The area consists of an unused or illegal disposal site containing earth, stone, building debris, or similar materials that were removed from construction, demolition, excavation, or dredge sites.

(E) Prior to November 1, 1999, the area is not less than 50 nor more than 100 acres and 75% of which is vacant (notwithstanding that the area has been used for commercial agricultural purposes within 5 years prior to the designation of the redevelopment project area), and the area meets at least one of the factors itemized in paragraph (1) of this subsection, the area has been designated as a town or village center by ordinance or comprehensive plan adopted prior to January 1, 1982, and the area has not been developed for that designated purpose.

(F) The area qualified as a blighted improved area immediately prior to becoming vacant, unless there has been substantial private investment in the immediately surrounding area.

(b) For any redevelopment project area that has been designated pursuant to this Section by an ordinance adopted prior to November 1, 1999 (the effective date of Public Act 91-478), "conservation area" shall have the meaning set forth in this Section prior to that date.

On and after November 1, 1999, "conservation area" means any improved area within the boundaries of a redevelopment project area located within the territorial limits of the municipality in which 50% or more of the structures in the area have an age of 35 years or more. Such an area is not yet a blighted area but because of a combination of 3 or more of the following factors is detrimental to the public safety, health, morals or welfare and such an area may become a blighted area:
(1) Dilapidation. An advanced state of disrepair or neglect of necessary repairs to the primary structural components of buildings or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed.

(2) Obsolescence. The condition or process of falling into disuse. Structures have become ill-suited for the original use.

(3) Deterioration. With respect to buildings, defects including, but not limited to, major defects in the secondary building components such as doors, windows, porches, gutters and downspouts, and fascia. (5) Illegal use of individual structures. The use of structures in violation of applicable federal, State, or local laws, exclusive of those applicable to the presence of structures below minimum code standards.

natural light and ventilation means the absence or inadequacy of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building.

(8) Inadequate utilities. Underground and overhead utilities such as storm sewers and storm drainage, sanitary sewers, water lines, and gas, telephone, and electrical services that are shown to be inadequate. Inadequate utilities are those that are: (i) of insufficient capacity to serve the uses in the redevelopment project area, (ii) deteriorated, antiquated, obsolete, or in disrepair, or (iii) lacking within the redevelopment project area.

(9) Excessive land coverage and overcrowding of structures and community facilities. The over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Examples of problem conditions warranting the designation of an area as one exhibiting excessive land coverage are: the presence of buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety and the presence of multiple buildings on a single parcel. For there to be a finding of excessive land coverage, these parcels must exhibit one or more of the following conditions: insufficient provision for light and air within or around buildings, increased threat of spread of fire due to the close proximity of buildings, lack of adequate or proper access to a public right-of-way, lack of reasonably required off-street parking, or inadequate provision for loading and service.

(11) Lack of community planning. The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This means that the development occurred prior to the adoption by the municipality of a comprehensive or other community plan or that the plan was not followed at the time of the area's development. This factor must be documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning.

(12) The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(13) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years for which information is available.

(d) "Industrial park conservation area" means an area within the boundaries of a redevelopment project area located within the territorial limits of a municipality that is a labor surplus municipality or within 1 1/2 miles of the territorial limits of a municipality that is a labor surplus municipality if the area is annexed to the municipality; which area is zoned as industrial no later than at the time the municipality by ordinance designates the redevelopment project area, and which area includes both vacant land suitable for use as an industrial park and a blighted area or conservation area contiguous to such vacant land.

(e) "Labor surplus municipality" means a municipality in which, at any time during the 6 months before the municipality by ordinance designates an industrial park conservation area, the unemployment rate was over 6% and was also 100% or more of the national average unemployment rate for that same time as published in the United States Department of Labor Bureau of Labor Statistics publication entitled "The Employment Situation" or its successor publication. For the purpose of this subsection, if unemployment rate statistics for the municipality are not available, the unemployment rate in the municipality shall be deemed to be the same as the unemployment rate in the principal county in which the municipality is located.

(f) "Municipality" shall mean a city, village, incorporated town, or a township that is located in the unincorporated portion of a county with 3 million or more inhabitants, if the county adopted an ordinance that approved the township's redevelopment plan.

(g-1) "Revised Initial Sales Tax Amounts" means the amount of taxes paid under the Retailers' Occupation Tax Act, Use Tax Act, Service
Use Tax Act, the Service Occupation Tax Act, the Municipal Retailers' Occupation Tax Act, and the Municipal Service Occupation Tax Act by retailers and servicemen on transactions at places located within the State Sales Tax Boundary revised pursuant to Section 11-74.4-8a(9) of this Act.

For purposes of computing the aggregate amount of such taxes for base years occurring prior to 1985, the Department of Revenue shall determine the Initial Sales Tax Amounts for such taxes and deduct therefrom an amount equal to 4% of the aggregate amount of taxes per year for each year the base year is prior to 1985, but not to exceed a total deduction of 12%. The amount so determined shall be known as the "Adjusted Initial Sales Tax Amounts". For purposes of determining the Municipal Sales Tax Increment, the Department of Revenue shall for each period subtract from the amount paid to the municipality from the Local Government Tax Fund arising from sales by retailers and servicemen on transactions located in the redevelopment project area or the State Sales Tax Boundary, as the case may be, the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts for the Municipal Retailers' Occupation Tax Act and the Municipal Service Occupation Tax Act. For the State Fiscal Year 1989, this calculation shall be made by utilizing the calendar year 1987 to determine the tax amounts received. For the State Fiscal Year 1990, this calculation shall be made by utilizing the

period from January 1, 1988, until September 30, 1988, to determine the tax amounts received from retailers and servicemen pursuant to the Municipal Retailers' Occupation Tax and the Municipal Service Occupation Tax Act, which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For the State Fiscal Year 1991, this calculation shall be made by utilizing the period from October 1, 1988, to June 30, 1989, to determine the tax amounts received from retailers and servicemen pursuant to the Municipal Retailers' Occupation Tax and the Municipal Service Occupation Tax Act which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For every State Fiscal Year thereafter, the applicable period shall be the 12 months beginning July 1 and ending June 30 to determine the tax amounts received which shall have deducted therefrom the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts, as the case may be.

(i) "Net State Sales Tax Increment" means the sum of the following: (a) 80% of the first $100,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary; (b) 60% of the amount in excess of $100,000 but not exceeding $500,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary; and (c) 40% of all amounts in excess of $500,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary. If, however, a municipality established a tax increment financing district in a county with a population in excess of 3,000,000 before January 1, 1986, and the municipality entered into a contract or issued bonds after January 1, 1986, but before December 31, 1986, to finance redevelopment project costs within a State Sales Tax Boundary, then the Net State Sales Tax Increment means, for the fiscal years beginning July 1, 1990, and July 1, 1991, 100% of the State Sales Tax Increment annually generated within a State Sales Tax Boundary; and notwithstanding any other provision of this Act, for those fiscal years the Department of Revenue shall distribute to those

municipalities 100% of their Net State Sales Tax Increment before any
distribution to any other municipality and regardless of whether or not
those other municipalities will receive 100% of their Net State Sales Tax
Increment. For Fiscal Year 1999, and every year thereafter until the year
2007, for any municipality that has not entered into a contract or has not
issued bonds prior to June 1, 1988 to finance redevelopment project costs
within a State Sales Tax Boundary, the Net State Sales Tax Increment
shall be calculated as follows: By multiplying the Net State Sales Tax
Increment by 90% in the State Fiscal Year 1999; 80% in the State Fiscal
Year 2000; 70% in the State Fiscal Year 2001; 60% in the State Fiscal

redevelopment project in a redevelopment project area within the State
Sales Tax Boundary prior to July 29, 1991, or that entered into contracts in
connection with a redevelopment project in a redevelopment project area
before June 1, 1988, shall continue to receive their proportional share of
the Illinois Tax Increment Fund distribution until the date on which the
redevelopment project is completed or terminated. If, however, a
municipality that issued bonds in connection with a redevelopment project
in a redevelopment project area within the State Sales Tax Boundary prior
to July 29, 1991 retires the bonds prior to June 30, 2007 or a municipality
that entered into contracts in connection with a redevelopment project in a
redevelopment project area before June 1, 1988 completes the contracts
prior to June 30, 2007, then so long as the redevelopment project is not
completed or is not terminated, the Net State Sales Tax Increment shall be
calculated, beginning on the date on which the bonds are retired or the
contracts are completed, as follows: By multiplying the Net State Sales
Tax Increment by 60% in the State Fiscal Year 2002; 50% in the State
Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State
Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State
Fiscal Year 2007. No payment shall be made for State Fiscal Year 2008

(k) "Net State Utility Tax Increment" means the sum of the following: (a) 80% of the first $100,000 of State Utility Tax Increment annually generated by a redevelopment project area; (b) 60% of the amount in excess of $100,000 but not exceeding $500,000 of the State Utility Tax Increment annually generated by a redevelopment project area; and (c) 40% of all amounts in excess of $500,000 of State Utility Tax Increment annually generated by a redevelopment project area. For the State Fiscal Year 1999, and every year thereafter until the year 2007, for any municipality that has not entered into a contract or has not issued bonds prior to June 1, 1988 to finance redevelopment project costs within a redevelopment project area, the Net State Utility Tax Increment shall be calculated as follows: By multiplying the Net State Utility Tax Increment by 90% in the State Fiscal Year 1999; 80% in the State Fiscal Year 2000; 70% in the State Fiscal Year 2001; 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. (m) "Payment in lieu of taxes" means those estimated tax revenues from real property in a redevelopment project area derived from real property that has been acquired by a municipality which according to the redevelopment project or plan is to be used for a private use which taxing districts would have received had a municipality not acquired the real property and adopted tax increment allocation financing and which would result from levies made after the time of the adoption of tax increment allocation financing to the time the current equalized value of real property in the redevelopment project area exceeds the total initial equalized value of real property in said area.

(n) "Redevelopment plan" means the comprehensive program of the municipality for development or redevelopment intended by the payment of redevelopment project costs to reduce or eliminate those conditions the existence of which qualified the redevelopment project area as a "blighted area" or "conservation area" or combination thereof or "industrial park conservation area," and thereby to enhance the tax bases of the taxing districts which extend into the redevelopment project area. On and after November 1, 1999 (the effective date of Public Act 91-478), no redevelopment plan may be approved or amended that includes the development of vacant land (i) with a golf course and related clubhouse and other facilities or (ii) designated by federal, State, county, or municipal government as public land for outdoor recreational activities or for nature preserves and used for that purpose within 5 years prior to the adoption of the redevelopment plan. (J) if property is to be annexed to the municipality, the plan shall include the terms of the annexation agreement.

The provisions of items (B) and (C) of this subsection (n) shall not apply to a municipality that before March 14, 1994 (the effective date of Public Act 88-537) had fixed, either by its corporate authorities or by a commission designated under subsection (k) of Section 11-74.4-4, a time
and place for a public hearing as required by subsection (a) of Section 11-74.4-5. No redevelopment plan shall be adopted unless a municipality complies with all of the following requirements:

(1) The municipality finds that the redevelopment project area on the whole has not been subject to growth and development through investment by private enterprise and would not reasonably be anticipated to be developed without the adoption of the redevelopment plan.

(2) The municipality finds that the redevelopment plan and project conform to the comprehensive plan for the development of the municipality as a whole, or, for municipalities with a population of 100,000 or more, regardless of when the redevelopment plan and project was adopted, the redevelopment plan and project either: (i) conforms to the strategic economic development or redevelopment plan issued by the designated planning authority of the municipality, or (ii) includes land uses that have been approved by the planning commission of the municipality.

(3) The redevelopment plan establishes the estimated dates of completion of the redevelopment project and retirement of obligations issued to finance redevelopment project costs. Those dates: shall not be later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the twenty-third calendar year after the year in which the ordinance approving the redevelopment project area is adopted if the ordinance was adopted on or after January 15, 1981; shall not be later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the thirty-third calendar year after the year in which the ordinance approving the redevelopment project area if the ordinance was adopted on May 20, 1985 by the Village of Wheeling; and shall not be later than December 31 of the year in
which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the thirty-fifth calendar year after the year in which the ordinance approving the redevelopment project area is adopted:

However, for redevelopment project areas for which bonds were issued before July 29, 1991, or for which contracts were entered into before June 1, 1988, in connection with a redevelopment project in the area within the State Sales Tax Boundary, the estimated dates of completion of the redevelopment project and retirement of obligations to finance redevelopment project costs may be extended by municipal ordinance to December 31, 2013. The termination procedures of subsection (b) of Section 11-74.4-8 are not required for these redevelopment project areas in 2009 but are required in 2013. The extension allowed by this amendatory Act of 1993 shall not apply to real property located within the boundaries of the State Sales Tax Boundary.
property tax increment allocation financing under Section 11-74.4-8.

A municipality may by municipal ordinance amend an existing redevelopment plan to conform to this paragraph (3) as amended by Public Act 91-478, which municipal ordinance may be adopted without further hearing or notice and without complying with the procedures provided in this Act pertaining to an amendment to or the initial approval of a redevelopment plan and project and designation of a redevelopment project area.

Those dates, for purposes of real property tax increment allocation financing pursuant to Section 11-74.4-8 only, shall be not more than 35 years for redevelopment project areas that were adopted on or after December 16, 1986 and for which at least $8 million worth of municipal bonds were authorized on or after December 19, 1989 but before January 1, 1990; provided that the municipality elects to extend the life of the redevelopment project area to 35 years by the adoption of an ordinance after at least 14 but not more than 30 days' written notice to the taxing bodies, that would otherwise constitute the joint review board for the redevelopment project area, before the adoption of the ordinance.

municipality and that the implementation of the redevelopment plan will reduce unemployment, create new jobs and by the provision of new facilities enhance the tax base of the taxing districts that extend into the redevelopment project area.

(4) If any incremental revenues are being utilized under Section 8(a)(1) or 8(a)(2) of this Act in redevelopment project areas approved by ordinance after January 1, 1986, the municipality finds: (a) that the redevelopment project area would not reasonably be developed without the use of such incremental revenues, and (b) that such incremental revenues will be exclusively utilized for the development of the redevelopment project area.

(5) If the redevelopment plan will not result in displacement of residents from 10 or more inhabited residential units, and the municipality certifies in the plan that such displacement will not result from the plan, a housing impact study need not be performed. If, however, the redevelopment plan would result in the displacement of residents from 10 or more inhabited residential units, or if the redevelopment project area contains 75 or more inhabited residential units and no certification is made, then the municipality shall prepare, as part of the separate feasibility report required by subsection (a) of Section 11-74.4-5, a housing impact study.

The data requirement as to the racial and ethnic composition of the residents in the inhabited residential units shall be deemed to be fully satisfied by data from the most recent federal census.
Part II of the housing impact study shall identify the inhabited residential units in the proposed redevelopment project area that are to be or may be removed. If inhabited residential units are to be removed, then the housing impact study shall identify (i) the number and location of those units that will or may be removed, (ii) the municipality's plans for relocation assistance for those residents in the proposed redevelopment project area whose residences are to be removed, (iii) the availability of replacement housing for those residents whose residences are to be removed, and shall identify the type, location, and cost of the housing, and (iv) the type and extent of relocation assistance to be provided.

(6) On and after November 1, 1999, the housing impact study required by paragraph (5) shall be incorporated in the redevelopment plan for the redevelopment project area.

(7) On and after November 1, 1999, no redevelopment plan shall be adopted, nor an existing plan amended, nor shall residential housing that is occupied by households of low-income and very low-income persons in currently existing redevelopment project areas be removed after November 1, 1999 unless the redevelopment plan provides, with respect to inhabited housing units that are to be removed for households of low-income and very low-income persons, affordable housing and relocation assistance not less than that which would be provided under the federal Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 and the regulations under that Act, including the eligibility criteria. Affordable housing may be either existing or newly constructed housing. For purposes of this paragraph (7), "low-income households", "very low-income households", and "affordable housing" have the meanings set forth in the Illinois Affordable Housing Act. The municipality shall make a good faith effort to ensure that this affordable housing is located in or near the redevelopment project area within the municipality.
(8) On and after November 1, 1999, if, after the adoption of the redevelopment plan for the redevelopment project area, any municipality desires to amend its redevelopment plan to remove more inhabited residential units than specified in its original redevelopment plan, that change shall be made in accordance with the procedures in subsection (c) of Section 11-74.4-5.

(9) For redevelopment project areas designated prior to November 1, 1999, the redevelopment plan may be amended without further joint review board meeting or hearing, provided that the municipality shall give notice of any such changes by mail to each affected taxing district and registrant on the interested party registry, to authorize the municipality to expend tax increment revenues for redevelopment project costs defined by paragraphs (5) and (7.5), subparagraphs (E) and (F) of paragraph (11), and paragraph (11.5) of subsection (q) of Section 11-74.4-3, so long as the changes do not increase the total estimated redevelopment project costs set out in the redevelopment plan by more than 5% after adjustment for inflation from the date the plan was adopted.

(o) "Redevelopment project" means any public and private development project in furtherance of the objectives of a redevelopment plan. On and after November 1, 1999 (the effective date of Public Act 91-478), no redevelopment plan may be approved or amended that includes the development of vacant land (i) with a golf course and related clubhouse and other facilities or (ii) designated by federal, State, county, or municipal government as public land for outdoor recreational activities or for nature preserves and used for that purpose within 5 years prior to the adoption of the redevelopment plan. For the purpose of this subsection, "recreational activities" is limited to mean camping and hunting.

(p) "Redevelopment project area" means an area designated by the municipality, which is not less in the aggregate than 1 1/2 acres and in respect to which the municipality has made a finding that there exist conditions which cause the area to be classified as an industrial park conservation area or a blighted area or a conservation area, or a combination of both blighted areas and conservation areas.
(q) "Redevelopment project costs" mean and include the sum total of all reasonable or necessary costs incurred or estimated to be incurred, and any such costs incidental to a redevelopment plan and a redevelopment project. Such costs include, without limitation, the following:

(1) Costs of studies, surveys, development of plans, and specifications, implementation and administration of the redevelopment plan including but not limited to staff and professional service costs for architectural, engineering, legal, financial, planning or other services, provided however that no charges for professional services may be based on a percentage of the tax increment collected; except that on and after November 1, 1999 (the effective date of Public Act 91-478), no contracts for professional services, excluding architectural and engineering services, may be entered into if the terms of the contract extend beyond a period of 3 years. In addition, "redevelopment project costs" shall not include lobbying expenses. After consultation with the municipality, each tax increment consultant or advisor to a municipality that plans to designate or has designated a redevelopment project area shall inform the municipality in writing of any contracts that the consultant or advisor has entered into with entities or individuals that have received, or are receiving, payments financed by tax increment revenues produced by the redevelopment project area with respect to which the consultant or advisor has performed, or will be performing, service for the municipality. This requirement shall be satisfied by the consultant or advisor before the commencement of services for the municipality and thereafter whenever any other contracts with those individuals or entities are executed by the consultant or advisor;

(1.5) After July 1, 1999, annual administrative costs shall not include general overhead or administrative costs of the municipality that would still have been incurred by the
municipality if the municipality had not designated a redevelopment project area or approved a redevelopment plan;

(1.6) The cost of marketing sites within the redevelopment project area to prospective businesses, developers, and investors;

(2) Property assembly costs, including but not limited to acquisition of land and other property, real or personal, or rights or interests therein, demolition of buildings, site preparation, site improvements that serve as an engineered barrier addressing ground level or below ground environmental contamination, including, but not limited to parking lots and other concrete or asphalt barriers, and the clearing and grading of land;

(3) Costs of rehabilitation, reconstruction or repair or remodeling of existing public or private buildings, fixtures, and leasehold improvements; and the cost of replacing an existing public building if pursuant to the implementation of a redevelopment project the existing public building is to be demolished to use the site for private investment or devoted to a different use requiring private investment;

(4) Costs of the construction of public works or improvements, except that on and after November 1, 1999, redevelopment project costs shall not include the cost of constructing a new municipal public building principally used to provide offices, storage space, or conference facilities or vehicle storage, maintenance, or repair for administrative, public safety, or public works personnel and that is not intended to replace an existing public building as provided under paragraph (3) of subsection (q) of Section 11-74.4-3 unless either (i) the construction of the new municipal building implements a redevelopment project that was included in a redevelopment plan that was adopted by the municipality prior to November 1, 1999 or (ii) the municipality makes a reasonable determination in the redevelopment plan, supported by information that provides the basis for that determination, that the new municipal building is required to meet an increase in the need for public safety purposes

anticipated to result from the implementation of the redevelopment plan;

(5) Costs of job training and retraining projects, including the cost of "welfare to work" programs implemented by businesses located within the redevelopment project area;

(6) Financing costs, including but not limited to all necessary and incidental expenses related to the issuance of obligations and which may include payment of interest on any obligations issued hereunder including interest accruing during the estimated period of construction of any redevelopment project for which such obligations are issued and for not exceeding 36 months thereafter and including reasonable reserves related thereto;

(7) To the extent the municipality by written agreement accepts and approves the same, all or a portion of a taxing district's capital costs resulting from the redevelopment project necessarily incurred or to be incurred within a taxing district in furtherance of the objectives of the redevelopment plan and project.

(7.5) For redevelopment project areas designated (or redevelopment project areas amended to add or increase the number of tax-increment-financing assisted housing units) on or after November 1, 1999, an elementary, secondary, or unit school district's increased costs attributable to assisted housing units located within the redevelopment project area for which the developer or redeveloper receives financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the assisted housing sites necessary for the completion of that housing as authorized by this Act, and which costs shall be paid by the municipality from the Special Tax Allocation Fund when the tax increment revenue is received as a result of the assisted housing units and shall be calculated annually as follows:

(A) for foundation districts, excluding any school district in a municipality with a population in excess of
1,000,000, by multiplying the district's increase in attendance resulting from the net increase in new students enrolled in that school district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by the most recently available per capita tuition cost as defined in Section 10-20.12a of the School Code less any increase in general State aid as defined in Section 18-8.05 of the School Code attributable to these added new students subject to the following annual limitations:

(i) for unit school districts with a district average 1995-96 Per Capita Tuition Charge of less than $5,900, no more than 25% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act;

(ii) for elementary school districts with a district average 1995-96 Per Capita Tuition Charge of less than $5,900, no more than 17% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act; and

(iii) for secondary school districts with a district average 1995-96 Per Capita Tuition Charge of less than $5,900, no more than 8% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act.
(B) For alternate method districts, flat grant districts, and foundation districts with a district average 1995-96 Per Capita Tuition Charge equal to or more than $5,900, excluding any school district with a population in excess of 1,000,000, by multiplying the district's increase in attendance resulting from the net increase in new students enrolled in that school district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by the most recently available per capita tuition cost as defined in Section 10-20.12a of the School Code less any increase in general state aid as defined in Section 18-8.05 of the School Code attributable to these added new students subject to the following annual limitations:

(i) for unit school districts, no more than 40% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act;

(ii) for elementary school districts, no more than 27% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act; and

(iii) for secondary school districts, no more than 13% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act.

(C) For any school district in a municipality with a population in excess of 1,000,000, the following restrictions shall apply to the reimbursement of increased costs under this paragraph (7.5):

(i) no increased costs shall be reimbursed unless the school district certifies that each of the schools affected by the assisted housing project is at or over its student capacity;

(ii) the amount reimbursable shall be reduced by the value of any land donated to the school district by the municipality or developer, and by the value of any physical improvements made to the schools by the municipality or developer; and

(iii) the amount reimbursed may not affect amounts otherwise obligated by the terms of any bonds, notes, or other funding instruments, or the terms of any redevelopment agreement.

Any school district seeking payment under this paragraph (7.5) shall, after July 1 and before September 30 of each year, provide the municipality with reasonable evidence to support its claim for reimbursement before the municipality shall be required to approve or make the payment to the school district. If the school district fails to provide the information during this period in any year, it shall forfeit any claim to reimbursement for that year. School districts may adopt a resolution waiving the right to all or a portion of the reimbursement otherwise required by this paragraph (7.5). By acceptance of this reimbursement the school district waives the right to directly or indirectly set aside, modify, or contest in any manner the establishment of the redevelopment project area or projects;

after January 1, 2005 (the effective date of Public Act 93-961), a public library district's increased costs attributable to assisted housing units located within the redevelopment project area for which the developer or redeveloper receives financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the assisted housing sites necessary for the completion of that housing as authorized by this Act shall be paid to the library district by the municipality from the Special Tax Allocation Fund when the tax increment revenue is received as a result of the assisted housing units. This paragraph (7.7) applies only if (i) the library district is located in a county that is subject to the Property Tax Extension Limitation Law or (ii) the library district is not located in a county that is subject to the Property Tax Extension Limitation Law but the district is prohibited by any other law from increasing its tax levy rate without a prior voter referendum.

The amount paid to a library district under this paragraph (7.7) shall be calculated by multiplying (i) the net increase in the number of persons eligible to obtain a library card in that district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by (ii) the per-patron cost of providing library services so long as it does not exceed $120. The per-patron cost shall be the Total Operating Expenditures Per Capita as stated in the most recent Illinois Public Library Statistics produced by the Library Research Center at the University of Illinois. The municipality may deduct from the amount that it must pay to a library district under this paragraph any amount that it has voluntarily paid to the library district from the tax increment revenue. The amount paid to a

library district under this paragraph (7.7) shall be no more than 2% of the amount produced by the assisted housing units and deposited into the Special Tax Allocation Fund.

A library district is not eligible for any payment under this paragraph (7.7) unless the library district has experienced an increase in the number of patrons from the municipality that created the tax-increment-financing district since the designation of the redevelopment project area.

Any library district seeking payment under this paragraph (7.7) shall, after July 1 and before September 30 of each year, provide the municipality with convincing evidence to support its claim for reimbursement before the municipality shall be required to approve or make the payment to the library district. If the library district fails to provide the information during this period in any year, it shall forfeit any claim to reimbursement for that year. Library districts may adopt a resolution waiving the right to all or a portion of the reimbursement otherwise required by this paragraph (7.7). By acceptance of such reimbursement, the library district shall forfeit any right to directly or indirectly set aside, modify, or contest in any manner whatsoever the establishment of the redevelopment project area or projects;

(8) Relocation costs to the extent that a municipality determines that relocation costs shall be paid or is required to make payment of relocation costs by federal or State law or in order to satisfy subparagraph (7) of subsection (n);

(9) Payment in lieu of taxes;

(10) Costs of job training, retraining, advanced vocational education or career education, including but not limited to courses in occupational, semi-technical or technical fields leading directly to employment, incurred by one or more taxing districts, provided that such costs (i) are related to the establishment and maintenance of additional job training, advanced vocational education or career education programs for persons employed or to be employed by employers located in a redevelopment project area; and (ii) when

incurred by a taxing district or taxing districts other than the municipality, are set forth in a written agreement by or among the municipality and the taxing district or taxing districts, which agreement describes the program to be undertaken, including but not limited to the number of employees to be trained, a description of the training and services to be provided, the number and type of positions available or to be available, itemized costs of the program and sources of funds to pay for the same, and the term of the agreement. Such costs include, specifically, the payment by community college districts of costs pursuant to Sections 3-37, 3-38, 3-40 and 3-40.1 of the Public Community College Act and by school districts of costs pursuant to Sections 10-22.20a and 10-23.3a of The School Code;

(11) Interest cost incurred by a redeveloper related to the construction, renovation or rehabilitation of a redevelopment project provided that:

   (A) such costs are to be paid directly from the special tax allocation fund established pursuant to this Act;
   (B) such payments in any one year may not exceed 30% of the annual interest costs incurred by the redeveloper with regard to the redevelopment project during that year;
   (C) if there are not sufficient funds available in the special tax allocation fund to make the payment pursuant to this paragraph (11) then the amounts so due shall accrue and be payable when sufficient funds are available in the special tax allocation fund;
   (D) the total of such interest payments paid pursuant to this Act may not exceed 30% of the total (i) cost paid or incurred by the redeveloper for the redevelopment project plus (ii) redevelopment project costs excluding any property assembly costs and any relocation costs incurred by a municipality pursuant to this Act; and
   (E) the cost limits set forth in subparagraphs (B) and (D) of paragraph (11) shall be modified for the financing of
rehabilitated or new housing units for low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act. The percentage of 75% shall be substituted for 30% in subparagraphs (B) and (D) of paragraph (11).

(F) Instead of the eligible costs provided by subparagraphs (B) and (D) of paragraph (11), as modified by this subparagraph, and notwithstanding any other provisions of this Act to the contrary, the municipality may pay from tax increment revenues up to 50% of the cost of construction of new housing units to be occupied by low-income households and very low-income households as defined in Section 3 of the Illinois Affordable Housing Act. The cost of construction of those units may be derived from the proceeds of bonds issued by the municipality under this Act or other constitutional or statutory authority or from other sources of municipal revenue that may be reimbursed from tax increment revenues or the proceeds of bonds issued to finance the construction of that housing.

The eligible costs provided under this subparagraph (F) of paragraph (11) shall be an eligible cost for the construction, renovation, and rehabilitation of all low and very low-income housing units, as defined in Section 3 of the Illinois Affordable Housing Act, within the redevelopment project area. If the low and very low-income units are part of a residential redevelopment project that includes units not affordable to low and very low-income households, only the low and very low-income units shall be eligible for benefits under subparagraph (F) of paragraph (11). The standards for maintaining the occupancy by low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act, of those units constructed with eligible costs made available under the provisions of this subparagraph (F) of
paragraph (11) shall be established by guidelines adopted by the municipality. The responsibility for annually documenting the initial occupancy of the units by low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act, shall be that of the then current owner of the property. For ownership units, the guidelines will provide, at a minimum, for a reasonable recapture of funds, or other appropriate methods designed to preserve the original affordability of the ownership units. For rental units, the guidelines will provide, at a minimum, for the affordability of rent to low and very low-income households. As units become available, they shall be rented to income-eligible tenants. The municipality may modify these guidelines from time to time; the guidelines, however, shall be in effect for as long as tax increment revenue is being used to pay for costs associated with the units or for the retirement of bonds issued to finance the units or for the life of the redevelopment project area, whichever is later.

(11.5) If the redevelopment project area is located within a municipality with a population of more than 100,000, the cost of day care services for children of employees from low-income families working for businesses located within the redevelopment project area and all or a portion of the cost of operation of day care centers established by redevelopment project area businesses to serve employees from low-income families working in businesses located in the redevelopment project area. For the purposes of this paragraph, "low-income families" means families whose annual income does not exceed 80% of the municipal, county, or regional median income, adjusted for family size, as the annual income and municipal, county, or regional median income are determined from time to time by the United States Department of Housing and Urban Development.

(12) Unless explicitly stated herein the cost of construction of new privately-owned buildings shall not be an eligible redevelopment project cost.

(13) After November 1, 1999 (the effective date of Public Act 91-478), none of the redevelopment project costs enumerated in this subsection shall be eligible redevelopment project costs if those costs would provide direct financial support to a retail entity initiating operations in the redevelopment project area while terminating operations at another Illinois location within 10 miles of the redevelopment project area but outside the boundaries of the redevelopment project area municipality. For purposes of this paragraph, termination means a closing of a retail operation that is directly related to the opening of the same operation or like retail entity owned or operated by more than 50% of the original ownership in a redevelopment project area, but it does not mean closing an operation for reasons beyond the control of the retail entity, as documented by the retail entity, subject to a reasonable finding by the municipality that the current location contained inadequate space, had become economically obsolete, or was no longer a viable location for the retailer or serviceman.

If a special service area has been established pursuant to the Special Service Area Tax Act or Special Service Area Tax Law, then any tax increment revenues derived from the tax imposed pursuant to the Special Service Area Tax Act or Special Service Area Tax Law may be used within the redevelopment project area for the purposes permitted by that Act or Law as well as the purposes permitted by this Act.

(r) "State Sales Tax Boundary" means the redevelopment project area or the amended redevelopment project area boundaries which are determined pursuant to subsection (9) of Section 11-74.4-8a of this Act. The Department of Revenue shall certify pursuant to subsection (9) of Section 11-74.4-8a the appropriate boundaries eligible for the determination of State Sales Tax Increment.

(s) "State Sales Tax Increment" means an amount equal to the increase in the aggregate amount of taxes paid by retailers and servicemen,
other than retailers and servicemen subject to the Public Utilities Act, on transactions at places of business located within a State Sales Tax Boundary pursuant to the Retailers' Occupation Tax Act, the Use Tax Act, the Service Use Tax Act, and the Service Occupation Tax Act, except such portion of such increase that is paid into the State and Local Sales Tax Reform Fund, the Local Government Distributive Fund, the Local Government Tax Fund and the County and Mass Transit District Fund, for as long as State participation exists, over and above the Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts for such taxes as certified by the Department of Revenue and paid under those Acts by retailers and servicemen on transactions at places of business located within the State Sales Tax Boundary during the base year which shall be the calendar year immediately prior to the year in which the municipality adopted tax increment allocation financing, less 3.0% of such amounts generated under the Retailers' Occupation Tax Act, Use Tax Act and Service Use Tax Act and the Service Occupation Tax Act, which sum shall be appropriated to the Department of Revenue to cover its costs of administering and enforcing this Section. For purposes of computing the aggregate amount of such taxes for base years occurring prior to 1985, the Department of Revenue shall compute the Initial Sales Tax Amount for such taxes and deduct therefrom an amount equal to 4% of the aggregate amount of taxes per year for each year the base year is prior to 1985, but not to exceed a total deduction of 12%. The amount so determined shall be known as the "Adjusted Initial Sales Tax Amount". For purposes of determining the State Sales Tax Increment the Department of Revenue shall for each period subtract from the tax amounts received from retailers and servicemen on transactions located in the State Sales Tax Boundary, the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or Revised Initial Sales Tax Amounts for the Retailers' Occupation Tax Act, the Use Tax Act, the Service Use Tax Act and the Service Occupation Tax Act. For the State Fiscal Year 1989 this calculation shall be made by utilizing the calendar year 1987 to determine the tax amounts received. For the State Fiscal Year 1990, this calculation shall be made by utilizing the period from January 1, 1988, until

September 30, 1988, to determine the tax amounts received from retailers and servicemen, which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For the State Fiscal Year 1991, this calculation shall be made by utilizing the period from October 1, 1988, until June 30, 1989, to determine the tax amounts received from retailers and servicemen, which shall have deducted therefrom nine-twelfths of the certified Initial State Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For every State Fiscal Year thereafter, the applicable period shall be the 12 months beginning July 1 and ending on June 30, to determine the tax amounts received which shall have deducted therefrom the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts. Municipalities intending to receive a distribution of State Sales Tax Increment must report a list of retailers to the Department of Revenue by October 31, 1988 and by July 31, of each year thereafter.

(t) "Taxing districts" means counties, townships, cities and incorporated towns and villages, school, road, park, sanitary, mosquito abatement, forest preserve, public health, fire protection, river conservancy, tuberculosis sanitarium and any other municipal corporations or districts with the power to levy taxes.

(u) "Taxing districts' capital costs" means those costs of taxing districts for capital improvements that are found by the municipal corporate authorities to be necessary and directly result from the redevelopment project.

(v) As used in subsection (a) of Section 11-74.4-3 of this Act, "vacant land" means any parcel or combination of parcels of real property without industrial, commercial, and residential buildings which has not been used for commercial agricultural purposes within 5 years prior to the designation of the redevelopment project area, unless the parcel is included in an industrial park conservation area or the parcel has been subdivided; provided that if the parcel was part of a larger tract that has been divided into 3 or more smaller tracts that were accepted for recording
during the period from 1950 to 1990, then the parcel shall be deemed to have been subdivided, and all proceedings and actions of the municipality taken in that connection with respect to any previously approved or designated redevelopment project area or amended redevelopment project area are hereby validated and hereby declared to be legally sufficient for all purposes of this Act. For purposes of this Section and only for land subject to the subdivision requirements of the Plat Act, land is subdivided when the original plat of the proposed Redevelopment Project Area or relevant portion thereof has been properly certified, acknowledged, approved, and recorded or filed in accordance with the Plat Act and a preliminary plat, if any, for any subsequent phases of the proposed Redevelopment Project Area or relevant portion thereof has been properly approved and filed in accordance with the applicable ordinance of the municipality.

(w) "Annual Total Increment" means the sum of each municipality's annual Net Sales Tax Increment and each municipality's annual Net Utility Tax Increment. The ratio of the Annual Total Increment of each municipality to the Annual Total Increment for all municipalities, as most recently calculated by the Department, shall determine the proportional shares of the Illinois Tax Increment Fund to be distributed to each municipality.

(65 ILCS 5/11-74.4-7) (from Ch. 24, par. 11-74.4-7)

Sec. 11-74.4-7. Obligations secured by the special tax allocation fund set forth in Section 11-74.4-8 for the redevelopment project area may be issued to provide for redevelopment project costs. Such obligations, when so issued, shall be retired in the manner provided in the ordinance.
authorizing the issuance of such obligations by the receipts of taxes levied as specified in Section 11-74.4-9 against the taxable property included in the area, by revenues as specified by Section 11-74.4-8a and other revenue designated by the municipality. A municipality may in the ordinance pledge all or any part of the funds in and to be deposited in the special tax allocation fund created pursuant to Section 11-74.4-8 to the payment of the redevelopment project costs and obligations. Any pledge of funds in the special tax allocation fund shall provide for distribution to the taxing districts and to the Illinois Department of Revenue of moneys not required, pledged, earmarked, or otherwise designated for payment and securing of the obligations and anticipated redevelopment project costs and such excess funds shall be calculated annually and deemed to be "surplus" funds. In the event a municipality only applies or pledges a portion of the funds in the special tax allocation fund for the payment or securing of anticipated redevelopment project costs or of obligations, any such funds remaining in the special tax allocation fund after complying with the requirements of the application or pledge, shall also be calculated annually and deemed "surplus" funds. All surplus funds in the special tax allocation fund shall be distributed annually within 180 days after the close of the municipality's fiscal year by being paid by the municipal treasurer to the County Collector, to the Department of Revenue and to the municipality in direct proportion to the tax incremental revenue received as a result of an increase in the equalized assessed value of property in the redevelopment project area, tax incremental revenue received from the State and tax incremental revenue received from the municipality, but not to exceed as to each such source the total incremental revenue received from that source. The County Collector shall thereafter make distribution to the respective taxing districts in the same manner and proportion as the most recent distribution by the county collector to the affected districts of real property taxes from real property in the redevelopment project area.

Without limiting the foregoing in this Section, the municipality may in addition to obligations secured by the special tax allocation fund pledge for a period not greater than the term of the obligations towards payment of such obligations any part or any combination of the following:

New matter indicated by italics - deletions by strikeout
(a) net revenues of all or part of any redevelopment project; (b) taxes levied and collected on any or all property in the municipality; (c) the full faith and credit of the municipality; (d) a mortgage on part or all of the redevelopment project; or (e) any other taxes or anticipated receipts that the municipality may lawfully pledge.

Such obligations may be issued in one or more series bearing interest at such rate or rates as the corporate authorities of the municipality shall determine by ordinance. Such obligations shall bear such date or dates, mature at such time or times not exceeding 20 years from their respective dates, be in such denomination, carry such registration privileges, be executed in such manner, be payable in such medium of payment at such place or places, contain such covenants, terms and conditions, and be subject to redemption as such ordinance shall provide. Obligations issued pursuant to this Act may be sold at public or private sale at such price as shall be determined by the corporate authorities of the municipalities. No referendum approval of the electors shall be required as a condition to the issuance of obligations pursuant to this Division except as provided in this Section.

In the event the municipality authorizes issuance of obligations pursuant to the authority of this Division secured by the full faith and credit of the municipality, which obligations are other than obligations which may be issued under home rule powers provided by Article VII, Section 6 of the Illinois Constitution, or pledges taxes pursuant to (b) or (c) of the second paragraph of this section, the ordinance authorizing the issuance of such obligations or pledging such taxes shall be published within 10 days after such ordinance has been passed in one or more newspapers, with general circulation within such municipality. The publication of the ordinance shall be accompanied by a notice of (1) the specific number of voters required to sign a petition requesting the question of the issuance of such obligations or pledging taxes to be submitted to the electors; (2) the time in which such petition must be filed; and (3) the date of the prospective referendum. The municipal clerk shall provide a petition form to any individual requesting one.

If no petition is filed with the municipal clerk, as hereinafter provided in this Section, within 30 days after the publication of the ordinance, the ordinance shall be in effect. But, if within that 30 day period a petition is filed with the municipal clerk, signed by electors in the municipality numbering 10% or more of the number of registered voters in the municipality, asking that the question of issuing obligations using full faith and credit of the municipality as security for the cost of paying for redevelopment project costs, or of pledging taxes for the payment of such obligations, or both, be submitted to the electors of the municipality, the corporate authorities of the municipality shall call a special election in the manner provided by law to vote upon that question, or, if a general, State or municipal election is to be held within a period of not less than 30 or more than 90 days from the date such petition is filed, shall submit the question at the next general, State or municipal election. If it appears upon the canvass of the election by the corporate authorities that a majority of electors voting upon the question voted in favor thereof, the ordinance shall be in effect, but if a majority of the electors voting upon the question are not in favor thereof, the ordinance shall not take effect.

The ordinance authorizing the obligations may provide that the obligations shall contain a recital that they are issued pursuant to this Division, which recital shall be conclusive evidence of their validity and of the regularity of their issuance.

In the event the municipality authorizes issuance of obligations pursuant to this Section secured by the full faith and credit of the municipality, the ordinance authorizing the obligations may provide for the levy and collection of a direct annual tax upon all taxable property within the municipality sufficient to pay the principal thereof and interest thereon as it matures, which levy may be in addition to and exclusive of the maximum of all other taxes authorized to be levied by the municipality, which levy, however, shall be abated to the extent that monies from other sources are available for payment of the obligations and the municipality certifies the amount of said monies available to the county clerk.

A certified copy of such ordinance shall be filed with the county clerk of each county in which any portion of the municipality is situated, and shall constitute the authority for the extension and collection of the taxes to be deposited in the special tax allocation fund.

A municipality may also issue its obligations to refund in whole or in part, obligations theretofore issued by such municipality under the authority of this Act, whether at or prior to maturity, provided however, that the last maturity of the refunding obligations shall not be expressed to mature later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the twenty-third calendar year after the year in which the ordinance approving the redevelopment project area is adopted if the ordinance was adopted on or after January 15, 1981, not later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the thirty-third calendar year after the year in which the ordinance approving the redevelopment project area if the ordinance was adopted on May 20, 1985 by the Village of Wheeling, and not later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the thirty-fifth calendar year after the year in which the ordinance approving the redevelopment project area is adopted (A) if the ordinance was adopted before January 15, 1981, or (B) if the ordinance was adopted in December 1983, April 1984, July 1985, or December 1989, or (C) if the ordinance was adopted in December, 1987 and the redevelopment project is located within one mile of Midway Airport, or (D) if the ordinance was adopted before January 1, 1987 by a municipality in Mason County, or (E) if the municipality is subject to the Local Government Financial Planning and Supervision Act or the Financially Distressed City Law, or (F) if the ordinance was adopted in December 1984 by the Village of Rosemont, or (G) if the ordinance was adopted on December 31, 1986 by a municipality located in Clinton County for which at least $250,000 of tax increment bonds were

alternative credits for an alternative annuity by electing in writing to make additional optional contributions in accordance with this Section and procedures established by the board. Such elected county officer may discontinue making the additional optional contributions by notifying the Fund in writing in accordance with this Section and procedures established by the board.

Additional optional contributions for the alternative annuity shall be as follows:

(1) For service after the option is elected, an additional contribution of 3% of salary shall be contributed to the Fund on the same basis and under the same conditions as contributions required under Sections 9-170 and 9-176.

(2) For service before the option is elected, an additional contribution of 3% of the salary for the applicable period of service, plus interest at the effective rate from the date of service to the date of payment. All payments for past service must be paid in full before credit is given. No additional optional contributions may be made for any period of service for which credit has been previously forfeited by acceptance of a refund, unless the refund is repaid in full with interest at the effective rate from the date of refund to the date of repayment.

(b) In lieu of the retirement annuity otherwise payable under this Article, any county officer elected by vote of the people who (1) has elected to participate in the Fund and make additional optional contributions in accordance with this Section, and (2) has attained age 60 with at least 10 years of service credit, or has attained age 65 with at least 8 years of service credit, may elect to have his retirement annuity computed as follows: 3% of the participant's salary at the time of termination of service for each of the first 8 years of service credit, plus 4% of such salary for each of the next 4 years of service credit, plus 5% of such salary for each year of service credit in excess of 12 years, subject to a maximum of 80% of such salary. (c) In lieu of the disability benefits otherwise payable under this Article, any county officer elected by vote of the people who (1) has elected to participate in the Fund, and (2) has become permanently disabled and as a consequence is unable to perform the duties of his office, and (3) was making optional contributions in accordance with this Section at the time the disability was incurred, may elect to receive a disability annuity calculated in accordance with the formula in subsection (b). For the purposes of this subsection, such elected county officer shall be considered permanently disabled only if: (i) disability occurs while in service as an elected county officer and is of such a nature as to prevent him from reasonably performing the duties of his office at the time; and (ii) the board has received a written certification by at least 2 licensed physicians appointed by it stating that such officer is disabled and that the disability is likely to be permanent.

(d) Refunds of additional optional contributions shall be made on the same basis and under the same conditions as provided under Section 9-164, 9-166 and 9-167. Interest shall be credited at the effective rate on the same basis and under the same conditions as for other contributions. (75 ILCS 16/30-95)
Sec. 30-95. Working cash fund.

shall not, however, at any time be allowed to exceed 0.2% of the full, fair cash value of all taxable property within the district, as equalized or assessed by the Department of Revenue for the year 1998 for the year the fund was established or, if established after January 1, 1979, then for the year 1978. The money for the fund shall accrue from the public library district working cash fund tax the board is authorized to levy under Section 35-35. The board may appropriate moneys to the working cash fund up to the maximum amount allowable in the fund, and the working cash fund may receive those appropriations and any other contributions.

(c) Once the fund has been created, the proceeds shall be deposited into a special and separate fund and may be carried over from year to year without in any manner reducing or abating a future annual library tax levy. The fund shall be identified in the budget each year, but shall not be deemed a current asset available for library purposes.

(d) The proceeds of the fund may be transferred from the working cash fund to the general library fund and disbursed from the general library fund in anticipation of the collection of taxes lawfully levied for general library purposes or in anticipation of taxes imposed before or after the effective date of this Act by the General Assembly of the State of Illinois to replace revenue lost by units of local government and school districts as a result of the abolition of ad valorem personal property taxes pursuant to Article IX, Section 5, subsection (c), of the Illinois Constitution. These taxes, when collected and after payment of tax warrants, shall be drawn upon to reimburse the working cash fund.

(e) Temporarily idle moneys in the working cash fund may be invested as directed by the governing board of the library district, and the interest earned on the investments may, at the option of the board, be either transferred permanently to the general corporate fund or may remain in the working cash fund. If the interest remains in the working cash fund, it may serve to increase the balance of the working cash fund available for loans, but in no event may the balance of that fund be allowed to exceed the statutory maximum for the fund established in this Section.

The board may, by resolution, abolish a working cash fund established under Section 30-95 and direct the transfer of any balance in the fund, including any interest that has accrued, to the general library fund at the close of the fiscal year. If the board abolishes a working cash fund under this Section, it may be reestablished in the same manner as the fund was originally created under Section 35-35 of this Act; however, it shall not establish another working cash fund, unless establishment of the fund is approved by a majority of the voters of the district voting on the question at a referendum.

(b) Notwithstanding the provisions of Section 9-201, a public utility providing approved energy efficiency programs in the State shall be permitted to recover the reasonable costs of those programs through an automatic adjustment clause tariff filed with and approved by the Commission. Each year the Commission shall initiate a review to reconcile any amounts collected with the actual costs and to determine the adjustment to the annual tariff factor to match annual expenditures. The determination shall be made within 90 days after the date of initiation of the review.

(c) The utility may request a waiver of one or more components of an approved energy efficiency program at any time in order to improve the program's effectiveness. The Commission may grant the waiver if good cause is shown by the utility. Notwithstanding the cessation of the programs, a utility shall file a final reconciliation of the amounts collected.

(d) A public utility that offers approved energy efficiency programs in the State may do so through at least December 31, 2012. The Commission shall monitor the performance of the energy efficiency programs and, on or before October 31, 2012, the Commission shall make a determination regarding whether the programs should be continued beyond calendar year 2012. The Commission shall also file a written report with the General Assembly explaining the basis for that determination and detailing the results of the energy efficiency programs, including energy savings, participation numbers, and costs.

(735 ILCS 5/2-1402) (from Ch. 110, par. 2-1402)
Sec. 2-1402. Supplementary proceedings.
(a) A judgment creditor, or his or her successor in interest when that interest is made to appear of record, is entitled to prosecute supplementary proceedings for the purposes of examining the judgment debtor or any other person to discover assets or income of the debtor not exempt from the enforcement of the judgment, a deduction order or garnishment, and of compelling the application of non-exempt assets or income discovered toward the payment of the amount due under the judgment. A supplementary proceeding shall be commenced by the service of a citation issued by the clerk. The procedure for conducting supplementary proceedings shall be prescribed by rules. It is not a prerequisite to the commencement of a supplementary proceeding that a certified copy of the judgment has been returned wholly or partly unsatisfied. All citations issued by the clerk shall have the following language, or language substantially similar thereto, stated prominently on the front, in capital letters: "YOUR FAILURE TO APPEAR IN COURT AS HEREIN DIRECTED MAY CAUSE YOU TO BE ARRESTED AND BROUGHT BEFORE THE COURT TO ANSWER TO A CHARGE OF CONTEMPT OF COURT, WHICH MAY BE PUNISHABLE BY IMPRISONMENT IN THE COUNTY JAIL." The court shall not grant a

continuance of the supplementary proceeding except upon good cause shown.

(b) Any citation served upon a judgment debtor or any other person shall include a certification by the attorney for the judgment creditor or the judgment creditor setting forth the amount of the judgment, the date of the judgment, or its revival date, the balance due thereon, the name of the court, and the number of the case, and a copy of the citation notice required by this subsection. Whenever a citation is served upon a person or party other than the judgment debtor, the officer or person serving the citation shall send to the judgment debtor, within three business days of the service upon the cited party, a copy of the citation and the citation notice, which may be sent by regular first-class mail to the judgment debtor's last known address. In no event shall a citation hearing be held sooner than five business days after the mailing of the citation and citation notice to the judgment debtor, except by agreement of the parties. The citation notice need not be mailed to a corporation, partnership, or association. The citation notice shall be in substantially the following form:

"CITATION NOTICE

The citation was issued on the basis of a judgment against the judgment debtor in favor of the judgment creditor in the amount stated above. On or after the court date stated above, the court may compel the application of any discovered income or assets toward payment on the judgment.

The amount of income or assets that may be applied toward the judgment is limited by federal and Illinois law. The JUDGMENT DEBTOR HAS THE RIGHT TO ASSERT STATUTORY EXEMPTIONS AGAINST CERTAIN INCOME OR ASSETS OF THE JUDGMENT DEBTOR WHICH MAY NOT BE USED TO SATISFY THE JUDGMENT IN THE AMOUNT STATED ABOVE:

(1) Under Illinois or federal law, the exemptions of personal property owned by the debtor include the debtor's equity interest, not to exceed $4,000 in value, in any personal property as chosen by the debtor; Social Security and SSI benefits; public assistance benefits; unemployment compensation benefits; worker's compensation benefits; veteran's benefits; circuit breaker property tax relief benefits; the debtor's equity interest, not to exceed $2,400 in value, in any one motor vehicle, and the debtor's equity interest, not to exceed $1,500 in value, in any implements, professional books, or tools of the trade of the debtor.

(2) Under Illinois law, every person is entitled to an estate in homestead, when it is owned and occupied as a residence, to the extent in value of $15,000, which homestead is exempt from judgment.

(3) Under Illinois law, the amount of wages that may be applied toward a judgment is limited to the lesser of (i) 15% of gross weekly wages or (ii) the amount by which disposable earnings for a week exceed the total of 45 times the federal minimum hourly wage or, under a wage deduction summons

served on or after January 1, 2006, the Illinois minimum hourly wage, whichever is greater.

(4) Under federal law, the amount of wages that may be applied toward a judgment is limited to the lesser of (i) 25% of disposable earnings for a week or (ii) the amount by which disposable earnings for a week exceed 30 times the federal minimum hourly wage.

(5) Pension and retirement benefits and refunds may be claimed as exempt under Illinois law.

The judgment debtor may have other possible exemptions under the law.

THE JUDGMENT DEBTOR HAS THE RIGHT AT THE CITATION HEARING TO DECLARE EXEMPT CERTAIN INCOME OR ASSETS OR BOTH. The judgment debtor also has the right to seek a declaration at an earlier date, by notifying the clerk in writing at (insert address of clerk). When so notified, the Clerk of the Court will obtain a prompt hearing date from the court and will provide the necessary forms that must be prepared by the judgment debtor or the attorney for the judgment debtor and sent to the judgment creditor and the judgment creditor's attorney regarding the time and location of the hearing. This notice may be sent by regular first class mail."

(c) When assets or income of the judgment debtor not exempt from the satisfaction of a judgment, a deduction order or garnishment are discovered, the court may, by appropriate order or judgment:

(1) Compel the judgment debtor to deliver up, to be applied in satisfaction of the judgment, in whole or in part, money, choses in action, property or effects in his or her possession or control, so discovered, capable of delivery and to which his or her title or right of possession is not substantially disputed.

(2) Compel the judgment debtor to pay to the judgment creditor or apply on the judgment, in installments, a portion of his or her income, however or whenever earned or acquired, as the court may deem proper, having due regard for the reasonable requirements of the judgment debtor and his or her family, if

dependent upon him or her, as well as any payments required to be made by prior order of court or under wage assignments outstanding; provided that the judgment debtor shall not be compelled to pay income which would be considered exempt as wages under the Wage Deduction Statute. The court may modify an order for installment payments, from time to time, upon application of either party upon notice to the other.

(3) Compel any person cited, other than the judgment debtor, to deliver up any assets so discovered, to be applied in satisfaction of the judgment, in whole or in part, when those assets are held under such circumstances that in an action by the judgment debtor he or she could recover them in specie or obtain a judgment for the proceeds or value thereof as for conversion or embezzlement. A judgment creditor may recover a corporate judgment debtor's property on behalf of the judgment debtor for use of the judgment creditor by filing an appropriate petition within the citation proceedings.

(4) Enter any order upon or judgment against the person cited that could be entered in any garnishment proceeding.

(5) Compel any person cited to execute an assignment of any chose in action or a conveyance of title to real or personal property or resign memberships in exchanges, clubs, or other entities; in the same manner and to the same extent as a court could do in any proceeding by a judgment creditor to enforce payment of a judgment or in aid of the enforcement of a judgment.

(6) Authorize the judgment creditor to maintain an action against any person or corporation that, it appears upon proof satisfactory to the court, is indebted to the judgment debtor, for the recovery of the debt, forbid the transfer or other disposition of the debt until an action can be commenced and prosecuted to judgment, direct that the papers or proof in the possession or control of the debtor and necessary in the prosecution of the action be delivered to the creditor or impounded in court, and provide for

the disposition of any moneys in excess of the sum required to pay the judgment creditor's judgment and costs allowed by the court.

(d) No order or judgment shall be entered under subsection (c) in favor of the judgment creditor unless there appears of record a certification of mailing showing that a copy of the citation and a copy of the citation notice was mailed to the judgment debtor as required by subsection (b).

(e) All property ordered to be delivered up shall, except as otherwise provided in this Section, be delivered to the sheriff to be collected by the sheriff or sold at public sale and the proceeds thereof applied towards the payment of costs and the satisfaction of the judgment. If the judgment debtor's property is of such a nature that it is not readily delivered up to the sheriff for public sale or if another method of sale is more appropriate to liquidate the property or enhance its value at sale, the court may order the sale of such property by the debtor, third party respondent, or by a selling agent other than the sheriff upon such terms as are just and equitable. The proceeds of sale, after deducting reasonable and necessary expenses, are to be turned over to the creditor and applied to the balance due on the judgment.

(f) (1) The citation may prohibit the party to whom it is directed from making or allowing any transfer or other disposition of, or interfering with, any property not exempt from the enforcement of a judgment therefrom, a deduction order or garnishment, belonging to the judgment debtor or to which he or she may be entitled or which may thereafter be acquired by or become due to him or her, and from paying over or otherwise disposing of any moneys not so exempt which are due or to become due to the judgment debtor, until the further order of the court or the termination of the proceeding, whichever occurs first. The third party may not be obliged to withhold the payment of any moneys beyond double the amount of the balance due sought to be enforced by the judgment creditor. The court may punish any party who violates the restraining provision of a citation as and for a contempt, or if the party is a third party may enter judgment against him or her in the amount of the unpaid portion of the judgment and costs allowable

under this Section, or in the amount of the value of the property transferred, whichever is lesser.

(2) The court may enjoin any person, whether or not a party to the supplementary proceeding, from making or allowing any transfer or other disposition of, or interference with, the property of the judgment debtor not exempt from the enforcement of a judgment, a deduction order or garnishment, or the property or debt not so exempt concerning which any person is required to attend and be examined until further direction in the premises. The injunction order shall remain in effect until vacated by the court or until the proceeding is terminated, whichever first occurs.

(g) If it appears that any property, chose in action, credit or effect discovered, or any interest therein, is claimed by any person, the court shall, as in garnishment proceedings, permit or require the claimant to appear and maintain his or her right. The rights of the person cited and the rights of any adverse claimant shall be asserted and determined pursuant to the law relating to garnishment proceedings.

(h) Costs in proceedings authorized by this Section shall be allowed, assessed and paid in accordance with rules, provided that if the court determines, in its discretion, that costs incurred by the judgment creditor were improperly incurred, those costs shall be paid by the judgment creditor.

(i) This Section is in addition to and does not affect enforcement of judgments or proceedings supplementary thereto, by any other methods now or hereafter provided by law.

(j) This Section does not grant the power to any court to order installment or other payments from, or compel the sale, delivery, surrender, assignment or conveyance of any property exempt by statute from the enforcement of a judgment thereon, a deduction order, garnishment, attachment, sequestration, process or other levy or seizure.

(k) (Blank).

(k-5) If the court determines that any property held by a third party respondent is wages pursuant to Section 12-801, the court shall proceed as if a wage deduction proceeding had been filed and proceed to enter

such necessary and proper orders as would have been entered in a wage
deduction proceeding including but not limited to the granting of the
statutory exemptions allowed by Section 12-803 and all other remedies
allowed plaintiff and defendant pursuant to Part 8 of Article 12 of this Act.

(l) At any citation hearing at which the judgment debtor appears
and seeks a declaration that certain of his or her income or assets are
exempt, the court shall proceed to determine whether the property which
the judgment debtor declares to be exempt is exempt from judgment. At
any time before the return date specified on the citation, the judgment
debtor may request, in writing, a hearing to declare exempt certain income
and assets by notifying the clerk of the court before that time, using forms
as may be provided by the clerk of the court. The clerk of the court will
obtain a prompt hearing date from the court and will provide the necessary
forms that must be prepared by the judgment debtor or the attorney for the
judgment debtor and sent to the judgment creditor, or the judgment
creditor's attorney, regarding the time and location of the hearing. This
notice may be sent by regular first class mail. At the hearing, the court
shall immediately, unless for good cause shown that the hearing is to be
continued, shall proceed to determine whether the property which the
judgment debtor declares to be exempt is exempt from judgment. The
restraining provisions of subsection (f) shall not apply to any property
determined by the court to be exempt.

(m) The judgment or balance due on the judgment becomes a lien
when a citation is served in accordance with subsection (a) of this Section.
The lien binds nonexempt personal property, including money, choses in
action, and effects of the judgment debtor as follows:

(1) When the citation is directed against the judgment
debtor, upon all personal property belonging to the judgment
debtor in the possession or control of the judgment debtor or which
may thereafter be acquired or come due to the judgment debtor to
the time of the disposition of the citation.

(2) When the citation is directed against a third party, upon
all personal property belonging to the judgment debtor in the
possession or control of the third party or which thereafter may be

acquired or come due the judgment debtor and comes into the possession or control of the third party to the time of the disposition of the citation.

The lien established under this Section does not affect the rights of citation respondents in property prior to the service of the citation upon them and does not affect the rights of bona fide purchasers or lenders without notice of the citation. The lien is effective for the period specified by Supreme Court Rule.

This subsection (m), as added by Public Act 88-48, is a declaration of existing law.

(n) If any provision of this Act or its application to any person or circumstance is held invalid, the invalidity of that provision or application does not affect the provisions or applications of the Act that can be given effect without the invalid provision or application.

(a) An employer served as herein provided shall pay the employee the amount of his or her exempt wages.

(b) To the extent of the amount due upon the judgment and costs, the employer shall hold, subject to order of court, any non-exempt wages due or which subsequently come due. The judgment or balance due thereon is a lien on wages due at the time of the service of summons, and such lien shall continue as to subsequent earnings until the total amount due upon the judgment and costs is paid, except that such lien on subsequent earnings shall terminate sooner if the employment relationship is terminated or if the underlying judgment is vacated or modified.

(b-5) If the employer is a federal agency employer and the creditor is represented by an attorney, then the employer, upon service of summons and to the extent of the amount due upon the judgment and costs, shall commence to pay over to the attorney for the judgment creditor any non-
exempt wages due or that subsequently come due. The attorney for the
judgment creditor shall thereafter hold the deducted wages subject to
further order of the court and shall make answer to the court regarding
amounts received from the federal agency employer. The federal agency
employer's periodic payments shall be considered a sufficient answer to
the interrogatories.

(c) Except as provided in subsection (b-5), the employer shall file,
on or before the return date or within the further time that the court for
cause may allow, a written answer under oath to the interrogatories, setting
forth the amount due as wages to the judgment debtor for the payroll
periods ending immediately prior to the service of the summons and a
summary of the computation used to determine the amount of non-exempt
wages. Except as provided in subsection (b-5), the employer shall mail by
first class mail or hand deliver a copy of the answer to the judgment debtor
at the address specified in the affidavit filed under Section 12-805 of this
Act, or at any other address or location of the judgment debtor known to
the employer.

A lien obtained hereunder shall have priority over any subsequent
lien obtained hereunder, except that liens for the support of a spouse or
dependent children shall have priority over all other liens obtained
hereunder. Subsequent summonses shall be effective in the order in which
they are served.

(d) The Illinois Supreme Court may by rule allow an employer to
file answers to interrogatories by facsimile transmission.

(e) Pursuant to answer under oath to the interrogatories by the
employer, an order shall be entered compelling the employer to deduct
from wages of the judgment debtor subject to collection under a deduction
order an amount which is not to exceed the lesser of (i) 15% of the gross
amount of the wages or (ii) the amount by which disposable earnings for a
week exceed 45 times the Federal Minimum Hourly Wage prescribed by
Section 206(a)(1) of Title 29 of the United States Code, as amended, in
effect at the time the amounts are payable, for each pay period in which
statutory exemptions under Section 12-804 and child support
garnishments, if any, leave funds to be remitted or, under a wage

deduction summons served on or after January 1, 2006, the minimum hourly wage prescribed by Section 4 of the Minimum Wage Law, whichever is greater. The order shall further provide that deducted wages shall be remitted to the creditor or creditor's attorney on a monthly basis.

(f) If after the entry of a deduction order, the employer ceases to remit funds to the plaintiff pursuant to the order without a lawful excuse (which would terminate the employer's obligation under the deduction order such as the debtor having filed a bankruptcy, the debtor having left employment or the employer having received service of a support order against the judgment debtor having priority over the wage deduction proceedings), the court shall, upon plaintiff's motion, enter a conditional judgment against the employer for the balance due on the judgment. The plaintiff may then issue a Summons After Conditional Judgment. After service of the Summons After Conditional Judgment, the employer may show cause why the conditional judgment, or some portion thereof should not be made a final judgment. If the employer shall fail to respond or show cause why the conditional judgment or some portion thereof should not be made final, the court shall confirm the conditional judgment and make it final as to the employer plus additional court costs.

Sec. 12-808.5. Certification of judgment balance. Whenever a wage deduction order has not been fully satisfied by the end of the first full calendar quarter following the date of service of the wage deduction summons:

(1) The judgment creditor or his attorney shall prepare a certification that states the amount of the judgment remaining unsatisfied as of the last calendar day of each full calendar quarter for which the wage deduction order continues in effect.

(2) The certification shall be mailed or delivered to the employer by the judgment creditor or his or her attorney within 15 days after the end of each calendar quarter for which the wage deduction order continues in effect. The employer shall hand
deliver or mail by first class mail a copy of the certification to the judgment debtor at the judgment debtor's last known address.

(3) In the event that the plaintiff fails to provide the certification required by this Section, the employer must continue to withhold funds from the defendant's wages but may hold the funds without remitting to the plaintiff until such time as it receives a certification required by this Section. A certification of judgment balance need not be filed with the court.

(4) Any party to the wage deduction proceeding may, upon motion with notice to all other parties, ask the court to review the balance due claimed by the judgment creditor.

(a) The costs of obtaining a deduction order shall be charged to the judgment debtor, unless the court determines, in its discretion, that costs incurred by the judgment creditor were improperly incurred, in which case those costs shall be paid by the judgment creditor.

(b) No fee shall be paid by an employer for filing his or her appearance, answer or satisfaction of judgment against him or her.

(c) A fee consisting of the greater of $12 or 2% of the amount required to be deducted by any deduction order or series of deduction orders arising out of the same judgment debt shall be allowed and paid to the employer, and the amount so paid shall be charged to the judgment debtor.

If the defendant fails to deliver up to the sheriff the chattel which is the subject of the order for replevin and the plaintiff has a reasonable belief as to where the chattel is sequestered, the court may authorize the sheriff to use reasonable force to enter into the property to recover same upon such terms and conditions as the court may direct.

Governor Returns Bill with Recommendation For Change
Effective January 1, 2008.

PUBLIC ACT 95-0662
(Senate Bill No. 0247)

AN ACT concerning municipalities.
Be it enacted by the People of the State of Illinois, represented in
the General Assembly:
Section 5. The Illinois Municipal Code is amended by changing
Sections 11-74.4-3 and 11-74.4-7 as follows:
(65 ILCS 5/11-74.4-3) (from Ch. 24, par. 11-74.4-3)
Sec. 11-74.4-3. Definitions. The following terms, wherever used or
referred to in this Division 74.4 shall have the following respective
meanings, unless in any case a different meaning clearly appears from the
context.
(a) For any redevelopment project area that has been designated
pursuant to this Section by an ordinance adopted prior to November 1,
1999 (the effective date of Public Act 91-478), "blighted area" shall have
the meaning set forth in this Section prior to that date.
On and after November 1, 1999, "blighted area" means any
improved or vacant area within the boundaries of a redevelopment project
area located within the territorial limits of the municipality where:
(1) If improved, industrial, commercial, and residential
buildings or improvements are detrimental to the public safety,
health, or welfare because of a combination of 5 or more of the
following factors, each of which is (i) present, with that presence
documented, to a meaningful extent so that a municipality may
reasonably find that the factor is clearly present within the intent of
the Act and (ii) reasonably distributed throughout the improved
part of the redevelopment project area:

(A) Dilapidation. An advanced state of disrepair or neglect of necessary repairs to the primary structural components of buildings or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed.

(B) Obsolescence. The condition or process of falling into disuse. Structures have become ill-suited for the original use.

(C) Deterioration. With respect to buildings, defects including, but not limited to, major defects in the secondary building components such as doors, windows, porches, gutters and downspouts, and fascia. With respect to surface improvements, that the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas evidence deterioration, including, but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces.

(D) Presence of structures below minimum code standards. All structures that do not meet the standards of zoning, subdivision, building, fire, and other governmental codes applicable to property, but not including housing and property maintenance codes.

(E) Illegal use of individual structures. The use of structures in violation of applicable federal, State, or local laws, exclusive of those applicable to the presence of structures below minimum code standards.

(F) Excessive vacancies. The presence of buildings that are unoccupied or under-utilized and that represent an adverse influence on the area because of the frequency, extent, or duration of the vacancies.

(G) Lack of ventilation, light, or sanitary facilities. The absence of adequate ventilation for light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke, or other noxious airborne materials. Inadequate natural light and ventilation means the absence of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building.

(H) Inadequate utilities. Underground and overhead utilities such as storm sewers and storm drainage, sanitary sewers, water lines, and gas, telephone, and electrical services that are shown to be inadequate. Inadequate utilities are those that are: (i) of insufficient capacity to serve the uses in the redevelopment project area, (ii) deteriorated, antiquated, obsolete, or in disrepair, or (iii) lacking within the redevelopment project area.

(I) Excessive land coverage and overcrowding of structures and community facilities. The over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Examples of problem conditions warranting the designation of an area as one exhibiting excessive land coverage are: (i) the presence of buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety and (ii) the presence of multiple buildings on a single parcel. For there to be a finding of excessive land coverage, these parcels must exhibit one or more of the following conditions: insufficient provision for light and air within or around

New matter indicated by italics - deletions by strikeout
buildings, increased threat of spread of fire due to the close proximity of buildings, lack of adequate or proper access to a public right-of-way, lack of reasonably required off-street parking, or inadequate provision for loading and service.

(J) Deleterious land use or layout. The existence of incompatible land-use relationships, buildings occupied by inappropriate mixed-uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.

(K) Environmental clean-up. The proposed redevelopment project area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(L) Lack of community planning. The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This means that the development occurred prior to the adoption by the municipality of a comprehensive or other community plan or that the plan was not followed at the time of the area's development. This factor must be documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning.

(M) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of

the last 5 calendar years prior to the year in which the redevelopment project area is designated or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated.

(2) If vacant, the sound growth of the redevelopment project area is impaired by a combination of 2 or more of the following factors, each of which is (i) present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) reasonably distributed throughout the vacant part of the redevelopment project area to which it pertains:

   (A) Obsolete platting of vacant land that results in parcels of limited or narrow size or configurations of parcels of irregular size or shape that would be difficult to develop on a planned basis and in a manner compatible with contemporary standards and requirements, or platting that failed to create rights-of-ways for streets or alleys or that created inadequate right-of-way widths for streets, alleys, or other public rights-of-way or that omitted easements for public utilities.

   (B) Diversity of ownership of parcels of vacant land sufficient in number to retard or impede the ability to assemble the land for development.

   (C) Tax and special assessment delinquencies exist or the property has been the subject of tax sales under the Property Tax Code within the last 5 years.

   (D) Deterioration of structures or site improvements in neighboring areas adjacent to the vacant land.

(E) The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(F) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated.

(3) If vacant, the sound growth of the redevelopment project area is impaired by one of the following factors that (i) is present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) is reasonably distributed throughout the vacant part of the redevelopment project area to which it pertains:

(A) The area consists of one or more unused quarries, mines, or strip mine ponds.

(B) The area consists of unused rail yards, rail tracks, or railroad rights-of-way.

New matter indicated by italics - deletions by strikeout
(C) The area, prior to its designation, is subject to (i) chronic flooding that adversely impacts on real property in the area as certified by a registered professional engineer or appropriate regulatory agency or (ii) surface water that discharges from all or a part of the area and contributes to flooding within the same watershed, but only if the redevelopment project provides for facilities or improvements to contribute to the alleviation of all or part of the flooding.

(D) The area consists of an unused or illegal disposal site containing earth, stone, building debris, or similar materials that were removed from construction, demolition, excavation, or dredge sites.

(E) Prior to November 1, 1999, the area is not less than 50 nor more than 100 acres and 75% of which is vacant (notwithstanding that the area has been used for commercial agricultural purposes within 5 years prior to the designation of the redevelopment project area), and the area meets at least one of the factors itemized in paragraph (1) of this subsection, the area has been designated as a town or village center by ordinance or comprehensive plan adopted prior to January 1, 1982, and the area has not been developed for that designated purpose.

(F) The area qualified as a blighted improved area immediately prior to becoming vacant, unless there has been substantial private investment in the immediately surrounding area.

(b) For any redevelopment project area that has been designated pursuant to this Section by an ordinance adopted prior to November 1, 1999 (the effective date of Public Act 91-478), "conservation area" shall have the meaning set forth in this Section prior to that date.

On and after November 1, 1999, "conservation area" means any improved area within the boundaries of a redevelopment project area located within the territorial limits of the municipality in which 50% or
more of the structures in the area have an age of 35 years or more. Such an area is not yet a blighted area but because of a combination of 3 or more of the following factors is detrimental to the public safety, health, morals or welfare and such an area may become a blighted area:

(1) Dilapidation. An advanced state of disrepair or neglect of necessary repairs to the primary structural components of buildings or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed.

(2) Obsolescence. The condition or process of falling into disuse. Structures have become ill-suited for the original use.

(3) Deterioration. With respect to buildings, defects including, but not limited to, major defects in the secondary building components such as doors, windows, porches, gutters and downspouts, and fascia. With respect to surface improvements, that the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas evidence deterioration, including, but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces.

(4) Presence of structures below minimum code standards. All structures that do not meet the standards of zoning, subdivision, building, fire, and other governmental codes applicable to property, but not including housing and property maintenance codes.

(5) Illegal use of individual structures. The use of structures in violation of applicable federal, State, or local laws, exclusive of those applicable to the presence of structures below minimum code standards.

(6) Excessive vacancies. The presence of buildings that are unoccupied or under-utilized and that represent an adverse influence on the area because of the frequency, extent, or duration of the vacancies.

(7) Lack of ventilation, light, or sanitary facilities. The absence of adequate ventilation for light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke, or other noxious airborne materials. Inadequate natural light and ventilation means the absence or inadequacy of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building.

(8) Inadequate utilities. Underground and overhead utilities such as storm sewers and storm drainage, sanitary sewers, water lines, and gas, telephone, and electrical services that are shown to be inadequate. Inadequate utilities are those that are: (i) of insufficient capacity to serve the uses in the redevelopment project area, (ii) deteriorated, antiquated, obsolete, or in disrepair, or (iii) lacking within the redevelopment project area.

(9) Excessive land coverage and overcrowding of structures and community facilities. The over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Examples of problem conditions warranting the designation of an area as one exhibiting excessive land coverage are: the presence of buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety and the presence of multiple buildings on a single parcel. For there to be a finding of excessive land coverage, these parcels must exhibit one or more of the following conditions: insufficient provision for light and air within or around buildings, increased threat of spread of fire due to the close proximity of buildings, lack of adequate or proper access to a public right-of-way, lack of reasonably required off-street parking, or inadequate provision for loading and service.
(10) Deleterious land use or layout. The existence of incompatible land-use relationships, buildings occupied by inappropriate mixed-uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.

(11) Lack of community planning. The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This means that the development occurred prior to the adoption by the municipality of a comprehensive or other community plan or that the plan was not followed at the time of the area's development. This factor must be documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning.

(12) The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(c) "Industrial park" means an area in a blighted or conservation area suitable for use by any manufacturing, industrial, research or transportation enterprise, of facilities to include but not be limited to factories, mills, processing plants, assembly plants, packing plants, fabricating plants, industrial distribution centers, warehouses, repair overhaul or service facilities, freight terminals, research facilities, test facilities or railroad facilities.

(d) "Industrial park conservation area" means an area within the boundaries of a redevelopment project area located within the territorial limits of a municipality that is a labor surplus municipality or within 1 1/2 miles of the territorial limits of a municipality that is a labor surplus municipality if the area is annexed to the municipality; which area is zoned as industrial no later than at the time the municipality by ordinance designates the redevelopment project area, and which area includes both vacant land suitable for use as an industrial park and a blighted area or conservation area contiguous to such vacant land.

(e) "Labor surplus municipality" means a municipality in which, at any time during the 6 months before the municipality by ordinance designates an industrial park conservation area, the unemployment rate was over 6% and was also 100% or more of the national average unemployment rate for that same time as published in the United States Department of Labor Bureau of Labor Statistics publication entitled "The Employment Situation" or its successor publication. For the purpose of this subsection, if unemployment rate statistics for the municipality are not available, the unemployment rate in the municipality shall be deemed to be the same as the unemployment rate in the principal county in which the municipality is located.

(f) "Municipality" shall mean a city, village, incorporated town, or a township that is located in the unincorporated portion of a county with 3 million or more inhabitants, if the county adopted an ordinance that approved the township's redevelopment plan.

(g) "Initial Sales Tax Amounts" means the amount of taxes paid under the Retailers' Occupation Tax Act, Use Tax Act, Service Use Tax Act, the Service Occupation Tax Act, the Municipal Retailers' Occupation
Tax Act, and the Municipal Service Occupation Tax Act by retailers and servicemen on transactions at places located in a State Sales Tax Boundary during the calendar year 1985.

(g-1) "Revised Initial Sales Tax Amounts" means the amount of taxes paid under the Retailers' Occupation Tax Act, Use Tax Act, Service Use Tax Act, the Service Occupation Tax Act, the Municipal Retailers' Occupation Tax Act, and the Municipal Service Occupation Tax Act by retailers and servicemen on transactions at places located in a State Sales Tax Boundary during the calendar year 1985.

(h) "Municipal Sales Tax Increment" means an amount equal to the increase in the aggregate amount of taxes paid to a municipality from the Local Government Tax Fund arising from sales by retailers and servicemen within the redevelopment project area or State Sales Tax Boundary, as the case may be, for as long as the redevelopment project area or State Sales Tax Boundary, as the case may be, exist over and above the aggregate amount of taxes as certified by the Illinois Department of Revenue and paid under the Municipal Retailers' Occupation Tax Act and the Municipal Service Occupation Tax Act by retailers and servicemen, on transactions at places of business located in the redevelopment project area or State Sales Tax Boundary, as the case may be, during the base year which shall be the calendar year immediately prior to the year in which the municipality adopted tax increment allocation financing. For purposes of computing the aggregate amount of such taxes for base years occurring prior to 1985, the Department of Revenue shall determine the Initial Sales Tax Amounts for such taxes and deduct therefrom an amount equal to 4% of the aggregate amount of taxes per year for each year the base year is prior to 1985, but not to exceed a total deduction of 12%. The amount so determined shall be known as the "Adjusted Initial Sales Tax Amounts". For purposes of determining the Municipal Sales Tax Increment, the Department of Revenue shall for each period subtract from the amount paid to the municipality from the Local Government Tax Fund arising from sales by retailers and servicemen on transactions located in the redevelopment project area or the State Sales Tax Boundary, as the case may be, the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts, the Municipal Sales Tax Increment.
Tax Amounts or the Revised Initial Sales Tax Amounts for the Municipal Retailers' Occupation Tax Act and the Municipal Service Occupation Tax Act. For the State Fiscal Year 1989, this calculation shall be made by utilizing the calendar year 1987 to determine the tax amounts received. For the State Fiscal Year 1990, this calculation shall be made by utilizing the period from January 1, 1988, until September 30, 1988, to determine the tax amounts received from retailers and servicemen pursuant to the Municipal Retailers' Occupation Tax and the Municipal Service Occupation Tax Act, which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For the State Fiscal Year 1991, this calculation shall be made by utilizing the period from October 1, 1988, to June 30, 1989, to determine the tax amounts received from retailers and servicemen pursuant to the Municipal Retailers' Occupation Tax and the Municipal Service Occupation Tax Act which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For every State Fiscal Year thereafter, the applicable period shall be the 12 months beginning July 1 and ending June 30 to determine the tax amounts received which shall have deducted therefrom the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts, as the case may be.

    (i) "Net State Sales Tax Increment" means the sum of the following: (a) 80% of the first $100,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary; (b) 60% of the amount in excess of $100,000 but not exceeding $500,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary; and (c) 40% of all amounts in excess of $500,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary. If, however, a municipality established a tax increment financing district in a county with a population in excess of 3,000,000 before January 1, 1986, and the municipality entered into a contract or issued bonds after January 1, 1986, but before December 31, 1986, to finance redevelopment project costs
within a State Sales Tax Boundary, then the Net State Sales Tax Increment means, for the fiscal years beginning July 1, 1990, and July 1, 1991, 100% of the State Sales Tax Increment annually generated within a State Sales Tax Boundary; and notwithstanding any other provision of this Act, for those fiscal years the Department of Revenue shall distribute to those municipalities 100% of their Net State Sales Tax Increment before any distribution to any other municipality and regardless of whether or not those other municipalities will receive 100% of their Net State Sales Tax Increment. For Fiscal Year 1999, and every year thereafter until the year 2007, for any municipality that has not entered into a contract or has not issued bonds prior to June 1, 1988 to finance redevelopment project costs within a State Sales Tax Boundary, the Net State Sales Tax Increment shall be calculated as follows: By multiplying the Net State Sales Tax Increment by 90% in the State Fiscal Year 1999; 80% in the State Fiscal Year 2000; 70% in the State Fiscal Year 2001; 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for State Fiscal Year 2008 and thereafter.

Municipalities that issued bonds in connection with a redevelopment project in a redevelopment project area within the State Sales Tax Boundary prior to July 29, 1991, or that entered into contracts in connection with a redevelopment project in a redevelopment project area before June 1, 1988, shall continue to receive their proportional share of the Illinois Tax Increment Fund distribution until the date on which the redevelopment project is completed or terminated. If, however, a municipality that issued bonds in connection with a redevelopment project in a redevelopment project area within the State Sales Tax Boundary prior to July 29, 1991 retires the bonds prior to June 30, 2007 or a municipality that entered into contracts in connection with a redevelopment project in a redevelopment project area before June 1, 1988 completes the contracts prior to June 30, 2007, then so long as the redevelopment project is not completed or is not terminated, the Net State Sales Tax Increment shall be calculated, beginning on the date on which the bonds are retired or the
contracts are completed, as follows: By multiplying the Net State Sales Tax Increment by 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for State Fiscal Year 2008 and thereafter. Refunding of any bonds issued prior to July 29, 1991, shall not alter the Net State Sales Tax Increment.

(j) "State Utility Tax Increment Amount" means an amount equal to the aggregate increase in State electric and gas tax charges imposed on owners and tenants, other than residential customers, of properties located within the redevelopment project area under Section 9-222 of the Public Utilities Act, over and above the aggregate of such charges as certified by the Department of Revenue and paid by owners and tenants, other than residential customers, of properties within the redevelopment project area during the base year, which shall be the calendar year immediately prior to the year of the adoption of the ordinance authorizing tax increment allocation financing.

(k) "Net State Utility Tax Increment" means the sum of the following: (a) 80% of the first $100,000 of State Utility Tax Increment annually generated by a redevelopment project area; (b) 60% of the amount in excess of $100,000 but not exceeding $500,000 of the State Utility Tax Increment annually generated by a redevelopment project area; and (c) 40% of all amounts in excess of $500,000 of State Utility Tax Increment annually generated by a redevelopment project area. For the State Fiscal Year 1999, and every year thereafter until the year 2007, for any municipality that has not entered into a contract or has not issued bonds prior to June 1, 1988 to finance redevelopment project costs within a redevelopment project area, the Net State Utility Tax Increment shall be calculated as follows: By multiplying the Net State Utility Tax Increment by 90% in the State Fiscal Year 1999; 80% in the State Fiscal Year 2000; 70% in the State Fiscal Year 2001; 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and
10% in the State Fiscal Year 2007. No payment shall be made for the State Fiscal Year 2008 and thereafter.

Municipalities that issue bonds in connection with the redevelopment project during the period from June 1, 1988 until 3 years after the effective date of this Amendatory Act of 1988 shall receive the Net State Utility Tax Increment, subject to appropriation, for 15 State Fiscal Years after the issuance of such bonds. For the 16th through the 20th State Fiscal Years after issuance of the bonds, the Net State Utility Tax Increment shall be calculated as follows: By multiplying the Net State Utility Tax Increment by 90% in year 16; 80% in year 17; 70% in year 18; 60% in year 19; and 50% in year 20. Refunding of any bonds issued prior to June 1, 1988, shall not alter the revised Net State Utility Tax Increment payments set forth above.

(l) "Obligations" mean bonds, loans, debentures, notes, special certificates or other evidence of indebtedness issued by the municipality to carry out a redevelopment project or to refund outstanding obligations.

(m) "Payment in lieu of taxes" means those estimated tax revenues from real property in a redevelopment project area derived from real property that has been acquired by a municipality which according to the redevelopment project or plan is to be used for a private use which taxing districts would have received had a municipality not acquired the real property and adopted tax increment allocation financing and which would result from levies made after the time of the adoption of tax increment allocation financing to the time the current equalized value of real property in the redevelopment project area exceeds the total initial equalized value of real property in said area.

(n) "Redevelopment plan" means the comprehensive program of the municipality for development or redevelopment intended by the payment of redevelopment project costs to reduce or eliminate those conditions the existence of which qualified the redevelopment project area as a "blighted area" or "conservation area" or combination thereof or "industrial park conservation area," and thereby to enhance the tax bases of the taxing districts which extend into the redevelopment project area. On and after November 1, 1999 (the effective date of Public Act 91-478), no

redevelopment plan may be approved or amended that includes the development of vacant land (i) with a golf course and related clubhouse and other facilities or (ii) designated by federal, State, county, or municipal government as public land for outdoor recreational activities or for nature preserves and used for that purpose within 5 years prior to the adoption of the redevelopment plan. For the purpose of this subsection, "recreational activities" is limited to mean camping and hunting. Each redevelopment plan shall set forth in writing the program to be undertaken to accomplish the objectives and shall include but not be limited to:

(A) an itemized list of estimated redevelopment project costs;

(B) evidence indicating that the redevelopment project area on the whole has not been subject to growth and development through investment by private enterprise;

(C) an assessment of any financial impact of the redevelopment project area on or any increased demand for services from any taxing district affected by the plan and any program to address such financial impact or increased demand;

(D) the sources of funds to pay costs;

(E) the nature and term of the obligations to be issued;

(F) the most recent equalized assessed valuation of the redevelopment project area;

(G) an estimate as to the equalized assessed valuation after redevelopment and the general land uses to apply in the redevelopment project area;

(H) a commitment to fair employment practices and an affirmative action plan;

(I) if it concerns an industrial park conservation area, the plan shall also include a general description of any proposed developer, user and tenant of any property, a description of the type, structure and general character of the facilities to be developed, a description of the type, class and number of new employees to be employed in the operation of the facilities to be developed; and

(J) if property is to be annexed to the municipality, the plan shall include the terms of the annexation agreement.

The provisions of items (B) and (C) of this subsection (n) shall not apply to a municipality that before March 14, 1994 (the effective date of Public Act 88-537) had fixed, either by its corporate authorities or by a commission designated under subsection (k) of Section 11-74.4-4, a time and place for a public hearing as required by subsection (a) of Section 11-74.4-5. No redevelopment plan shall be adopted unless a municipality complies with all of the following requirements:

(1) The municipality finds that the redevelopment project area on the whole has not been subject to growth and development through investment by private enterprise and would not reasonably be anticipated to be developed without the adoption of the redevelopment plan.

(2) The municipality finds that the redevelopment plan and project conform to the comprehensive plan for the development of the municipality as a whole, or, for municipalities with a population of 100,000 or more, regardless of when the redevelopment plan and project was adopted, the redevelopment plan and project either: (i) conforms to the strategic economic development or redevelopment plan issued by the designated planning authority of the municipality, or (ii) includes land uses that have been approved by the planning commission of the municipality.

(3) The redevelopment plan establishes the estimated dates of completion of the redevelopment project and retirement of obligations issued to finance redevelopment project costs. Those dates: shall not be later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the twenty-third calendar year after the year in which the ordinance approving the redevelopment project area is adopted if the ordinance was adopted on or after January 15, 1981; shall not be later than December 31 of the year in which the

Boundary, the estimated dates of completion of the redevelopment project and retirement of obligations to finance redevelopment project costs may be extended by municipal ordinance to December 31, 2013. The termination procedures of subsection (b) of Section 11-74.4-8 are not required for these redevelopment project areas in 2009 but are required in 2013. The extension allowed by this amendatory Act of 1993 shall not apply to real property tax increment allocation financing under Section 11-74.4-8.

A municipality may by municipal ordinance amend an existing redevelopment plan to conform to this paragraph (3) as amended by Public Act 91-478, which municipal ordinance may be adopted without further hearing or notice and without complying with the procedures provided in this Act pertaining to an amendment to or the initial approval of a redevelopment plan and project and designation of a redevelopment project area.

Those dates, for purposes of real property tax increment allocation financing pursuant to Section 11-74.4-8 only, shall be not more than 35 years for redevelopment project areas that were adopted on or after December 16, 1986 and for which at least $8 million worth of municipal bonds were authorized on or after December 19, 1989 but before January 1, 1990; provided that the municipality elects to extend the life of the redevelopment project area to 35 years by the adoption of an ordinance after at least 14 but not more than 30 days' written notice to the taxing bodies, that would otherwise constitute the joint review board for the redevelopment project area, before the adoption of the ordinance.

Those dates, for purposes of real property tax increment allocation financing pursuant to Section 11-74.4-8 only, shall be not more than 35 years for redevelopment project areas that were established on or after December 1, 1982 and for which at least $1,500,000 worth of tax increment revenue bonds were authorized on or after September 30, 1990 but before July 1, 1991; provided that the municipality elects to extend

the life of the redevelopment project area to 35 years by the adoption of an ordinance after at least 14 but not more than 30 days' written notice to the taxing bodies, that would otherwise constitute the joint review board for the redevelopment project area, before the adoption of the ordinance.

(3.5) The municipality finds, in the case of an industrial park conservation area, also that the municipality is a labor surplus municipality and that the implementation of the redevelopment plan will reduce unemployment, create new jobs and by the provision of new facilities enhance the tax base of the taxing districts that extend into the redevelopment project area.

(4) If any incremental revenues are being utilized under Section 8(a)(1) or 8(a)(2) of this Act in redevelopment project areas approved by ordinance after January 1, 1986, the municipality finds: (a) that the redevelopment project area would not reasonably be developed without the use of such incremental revenues, and (b) that such incremental revenues will be exclusively utilized for the development of the redevelopment project area.

(5) If the redevelopment plan will not result in displacement of residents from 10 or more inhabited residential units, and the municipality certifies in the plan that such displacement will not result from the plan, a housing impact study need not be performed. If, however, the redevelopment plan would result in the displacement of residents from 10 or more inhabited residential units, or if the redevelopment project area contains 75 or more inhabited residential units and no certification is made, then the municipality shall prepare, as part of the separate feasibility report required by subsection (a) of Section 11-74.4-5, a housing impact study.

Part I of the housing impact study shall include (i) data as to whether the residential units are single family or multi-family units, (ii) the number and type of rooms within the units, if that information is available, (iii) whether the units are inhabited or

uninhabited, as determined not less than 45 days before the date that the ordinance or resolution required by subsection (a) of Section 11-74.4-5 is passed, and (iv) data as to the racial and ethnic composition of the residents in the inhabited residential units. The data requirement as to the racial and ethnic composition of the residents in the inhabited residential units shall be deemed to be fully satisfied by data from the most recent federal census.

Part II of the housing impact study shall identify the inhabited residential units in the proposed redevelopment project area that are to be or may be removed. If inhabited residential units are to be removed, then the housing impact study shall identify (i) the number and location of those units that will or may be removed, (ii) the municipality's plans for relocation assistance for those residents in the proposed redevelopment project area whose residences are to be removed, (iii) the availability of replacement housing for those residents whose residences are to be removed, and shall identify the type, location, and cost of the housing, and (iv) the type and extent of relocation assistance to be provided.

(6) On and after November 1, 1999, the housing impact study required by paragraph (5) shall be incorporated in the redevelopment plan for the redevelopment project area.

(7) On and after November 1, 1999, no redevelopment plan shall be adopted, nor an existing plan amended, nor shall residential housing that is occupied by households of low-income and very low-income persons in currently existing redevelopment project areas be removed after November 1, 1999 unless the redevelopment plan provides, with respect to inhabited housing units that are to be removed for households of low-income and very low-income persons, affordable housing and relocation assistance not less than that which would be provided under the federal Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 and the regulations under that Act, including the eligibility criteria. Affordable housing may be either existing or newly constructed housing. For purposes of this

paragraph (7), "low-income households", "very low-income households", and "affordable housing" have the meanings set forth in the Illinois Affordable Housing Act. The municipality shall make a good faith effort to ensure that this affordable housing is located in or near the redevelopment project area within the municipality.

(8) On and after November 1, 1999, if, after the adoption of the redevelopment plan for the redevelopment project area, any municipality desires to amend its redevelopment plan to remove more inhabited residential units than specified in its original redevelopment plan, that change shall be made in accordance with the procedures in subsection (c) of Section 11-74.4-5.

(9) For redevelopment project areas designated prior to November 1, 1999, the redevelopment plan may be amended without further joint review board meeting or hearing, provided that the municipality shall give notice of any such changes by mail to each affected taxing district and registrant on the interested party registry, to authorize the municipality to expend tax increment revenues for redevelopment project costs defined by paragraphs (5) and (7.5), subparagraphs (E) and (F) of paragraph (11), and paragraph (11.5) of subsection (q) of Section 11-74.4-3, so long as the changes do not increase the total estimated redevelopment project costs set out in the redevelopment plan by more than 5% after adjustment for inflation from the date the plan was adopted.

(o) "Redevelopment project" means any public and private development project in furtherance of the objectives of a redevelopment plan. On and after November 1, 1999 (the effective date of Public Act 91-478), no redevelopment plan may be approved or amended that includes the development of vacant land (i) with a golf course and related clubhouse and other facilities or (ii) designated by federal, State, county, or municipal government as public land for outdoor recreational activities or for nature preserves and used for that purpose within 5 years prior to the adoption of the redevelopment plan. For the purpose of this subsection, "recreational activities" is limited to mean camping and hunting.

(p) "Redevelopment project area" means an area designated by the municipality, which is not less in the aggregate than 1 1/2 acres and in respect to which the municipality has made a finding that there exist conditions which cause the area to be classified as an industrial park conservation area or a blighted area or a conservation area, or a combination of both blighted areas and conservation areas.

(q) "Redevelopment project costs" mean and include the sum total of all reasonable or necessary costs incurred or estimated to be incurred, and any such costs incidental to a redevelopment plan and a redevelopment project. Such costs include, without limitation, the following:

1. Costs of studies, surveys, development of plans, and specifications, implementation and administration of the redevelopment plan including but not limited to staff and professional service costs for architectural, engineering, legal, financial, planning or other services, provided however that no charges for professional services may be based on a percentage of the tax increment collected; except that on and after November 1, 1999 (the effective date of Public Act 91-478), no contracts for professional services, excluding architectural and engineering services, may be entered into if the terms of the contract extend beyond a period of 3 years. In addition, "redevelopment project costs" shall not include lobbying expenses. After consultation with the municipality, each tax increment consultant or advisor to a municipality that plans to designate or has designated a redevelopment project area shall inform the municipality in writing of any contracts that the consultant or advisor has entered into with entities or individuals that have received, or are receiving, payments financed by tax increment revenues produced by the redevelopment project area with respect to which the consultant or advisor has performed, or will be performing, service for the municipality. This requirement shall be satisfied by the consultant or advisor before the commencement of services for the municipality and thereafter whenever any other contracts with

those individuals or entities are executed by the consultant or advisor;

(1.5) After July 1, 1999, annual administrative costs shall not include general overhead or administrative costs of the municipality that would still have been incurred by the municipality if the municipality had not designated a redevelopment project area or approved a redevelopment plan;

(1.6) The cost of marketing sites within the redevelopment project area to prospective businesses, developers, and investors;

(2) Property assembly costs, including but not limited to acquisition of land and other property, real or personal, or rights or interests therein, demolition of buildings, site preparation, site improvements that serve as an engineered barrier addressing ground level or below ground environmental contamination, including, but not limited to parking lots and other concrete or asphalt barriers, and the clearing and grading of land;

(3) Costs of rehabilitation, reconstruction or repair or remodeling of existing public or private buildings, fixtures, and leasehold improvements; and the cost of replacing an existing public building if pursuant to the implementation of a redevelopment project the existing public building is to be demolished to use the site for private investment or devoted to a different use requiring private investment;

(4) Costs of the construction of public works or improvements, except that on and after November 1, 1999, redevelopment project costs shall not include the cost of constructing a new municipal public building principally used to provide offices, storage space, or conference facilities or vehicle storage, maintenance, or repair for administrative, public safety, or public works personnel and that is not intended to replace an existing public building as provided under paragraph (3) of subsection (q) of Section 11-74.4-3 unless either (i) the construction of the new municipal building implements a redevelopment project that was included in a redevelopment plan

that was adopted by the municipality prior to November 1, 1999 or (ii) the municipality makes a reasonable determination in the redevelopment plan, supported by information that provides the basis for that determination, that the new municipal building is required to meet an increase in the need for public safety purposes anticipated to result from the implementation of the redevelopment plan;

(5) Costs of job training and retraining projects, including the cost of "welfare to work" programs implemented by businesses located within the redevelopment project area;

(6) Financing costs, including but not limited to all necessary and incidental expenses related to the issuance of obligations and which may include payment of interest on any obligations issued hereunder including interest accruing during the estimated period of construction of any redevelopment project for which such obligations are issued and for not exceeding 36 months thereafter and including reasonable reserves related thereto;

(7) To the extent the municipality by written agreement accepts and approves the same, all or a portion of a taxing district's capital costs resulting from the redevelopment project necessarily incurred or to be incurred within a taxing district in furtherance of the objectives of the redevelopment plan and project.

(7.5) For redevelopment project areas designated (or redevelopment project areas amended to add or increase the number of tax-increment-financing assisted housing units) on or after November 1, 1999, an elementary, secondary, or unit school district's increased costs attributable to assisted housing units located within the redevelopment project area for which the developer or redeveloper receives financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the assisted housing sites necessary for the completion of that housing as authorized by this Act, and which costs shall be paid by the municipality from the Special Tax

(C) For any school district in a municipality with a population in excess of 1,000,000, the following restrictions shall apply to the reimbursement of increased costs under this paragraph (7.5):

(i) no increased costs shall be reimbursed unless the school district certifies that each of the schools affected by the assisted housing project is at or over its student capacity;

(ii) the amount reimbursable shall be reduced by the value of any land donated to the school district by the municipality or developer, and by the value of any physical improvements made to the schools by the municipality or developer; and

(iii) the amount reimbursed may not affect amounts otherwise obligated by the terms of any bonds, notes, or other funding instruments, or the terms of any redevelopment agreement.

Any school district seeking payment under this paragraph (7.5) shall, after July 1 and before September 30 of each year, provide the municipality with reasonable evidence to support its claim for reimbursement before the municipality shall be required to approve or make the payment to the school district. If the school district fails to provide the information during this period in any year, it shall forfeit any claim to reimbursement for that year. School districts may adopt a resolution waiving the right to all or a portion of the reimbursement otherwise required by this paragraph (7.5). By acceptance of this reimbursement the school district waives the right to directly or indirectly set aside,
modify, or contest in any manner the establishment of the redevelopment project area or projects;

(7.7) For redevelopment project areas designated (or redevelopment project areas amended to add or increase the number of tax-increment-financing assisted housing units) on or after January 1, 2005 (the effective date of Public Act 93-961), a public library district's increased costs attributable to assisted housing units located within the redevelopment project area for which the developer or redeveloper receives financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the assisted housing sites necessary for the completion of that housing as authorized by this Act shall be paid to the library district by the municipality from the Special Tax Allocation Fund when the tax increment revenue is received as a result of the assisted housing units. This paragraph (7.7) applies only if (i) the library district is located in a county that is subject to the Property Tax Extension Limitation Law or (ii) the library district is not located in a county that is subject to the Property Tax Extension Limitation Law but the district is prohibited by any other law from increasing its tax levy rate without a prior voter referendum.

The amount paid to a library district under this paragraph (7.7) shall be calculated by multiplying (i) the net increase in the number of persons eligible to obtain a library card in that district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by (ii) the per-patron cost of providing library services so long as it does not exceed $120. The per-patron cost shall be the Total Operating Expenditures Per Capita as stated in the most

recent Illinois Public Library Statistics produced by the Library Research Center at the University of Illinois. The municipality may deduct from the amount that it must pay to a library district under this paragraph any amount that it has voluntarily paid to the library district from the tax increment revenue. The amount paid to a library district under this paragraph (7.7) shall be no more than 2% of the amount produced by the assisted housing units and deposited into the Special Tax Allocation Fund.

A library district is not eligible for any payment under this paragraph (7.7) unless the library district has experienced an increase in the number of patrons from the municipality that created the tax-increment-financing district since the designation of the redevelopment project area.

Any library district seeking payment under this paragraph (7.7) shall, after July 1 and before September 30 of each year, provide the municipality with convincing evidence to support its claim for reimbursement before the municipality shall be required to approve or make the payment to the library district. If the library district fails to provide the information during this period in any year, it shall forfeit any claim to reimbursement for that year. Library districts may adopt a resolution waiving the right to all or a portion of the reimbursement otherwise required by this paragraph (7.7). By acceptance of such reimbursement, the library district shall forfeit any right to directly or indirectly set aside, modify, or contest in any manner whatsoever the establishment of the redevelopment project area or projects;

to employment, incurred by one or more taxing districts, provided that such costs (i) are related to the establishment and maintenance of additional job training, advanced vocational education or career education programs for persons employed or to be employed by employers located in a redevelopment project area; and (ii) when incurred by a taxing district or taxing districts other than the municipality, are set forth in a written agreement by or among the municipality and the taxing district or taxing districts, which agreement describes the program to be undertaken, including but not limited to the number of employees to be trained, a description of the training and services to be provided, the number and type of positions available or to be available, itemized costs of the program and sources of funds to pay for the same, and the term of the agreement. Such costs include, specifically, the payment by community college districts of costs pursuant to Sections 3-37, 3-38, 3-40 and 3-40.1 of the Public Community College Act and by school districts of costs pursuant to Sections 10-22.20a and 10-23.3a of The School Code;

(11) Interest cost incurred by a redeveloper related to the construction, renovation or rehabilitation of a redevelopment project provided that:

(A) such costs are to be paid directly from the special tax allocation fund established pursuant to this Act;

(B) such payments in any one year may not exceed 30% of the annual interest costs incurred by the redeveloper with regard to the redevelopment project during that year;

(C) if there are not sufficient funds available in the special tax allocation fund to make the payment pursuant to this paragraph (11) then the amounts so due shall accrue and be payable when sufficient funds are available in the special tax allocation fund;

(D) the total of such interest payments paid pursuant to this Act may not exceed 30% of the total (i) cost paid or incurred by the redeveloper for the redevelopment project

plus (ii) redevelopment project costs excluding any property assembly costs and any relocation costs incurred by a municipality pursuant to this Act; and

(E) the cost limits set forth in subparagraphs (B) and (D) of paragraph (11) shall be modified for the financing of rehabilitated or new housing units for low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act. The percentage of 75% shall be substituted for 30% in subparagraphs (B) and (D) of paragraph (11).

(F) Instead of the eligible costs provided by subparagraphs (B) and (D) of paragraph (11), as modified by this subparagraph, and notwithstanding any other provisions of this Act to the contrary, the municipality may pay from tax increment revenues up to 50% of the cost of construction of new housing units to be occupied by low-income households and very low-income households as defined in Section 3 of the Illinois Affordable Housing Act. The cost of construction of those units may be derived from the proceeds of bonds issued by the municipality under this Act or other constitutional or statutory authority or from other sources of municipal revenue that may be reimbursed from tax increment revenues or the proceeds of bonds issued to finance the construction of that housing.

The eligible costs provided under this subparagraph (F) of paragraph (11) shall be an eligible cost for the construction, renovation, and rehabilitation of all low and very low-income housing units, as defined in Section 3 of the Illinois Affordable Housing Act, within the redevelopment project area. If the low and very low-income units are part of a residential redevelopment project that includes units not affordable to low and very low-income households, only the low and very low-income units shall be eligible for benefits under subparagraph (F) of paragraph

(11). The standards for maintaining the occupancy by low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act, of those units constructed with eligible costs made available under the provisions of this subparagraph (F) of paragraph (11) shall be established by guidelines adopted by the municipality. The responsibility for annually documenting the initial occupancy of the units by low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act, shall be that of the then current owner of the property. For ownership units, the guidelines will provide, at a minimum, for a reasonable recapture of funds, or other appropriate methods designed to preserve the original affordability of the ownership units. For rental units, the guidelines will provide, at a minimum, for the affordability of rent to low and very low-income households. As units become available, they shall be rented to income-eligible tenants. The municipality may modify these guidelines from time to time; the guidelines, however, shall be in effect for as long as tax increment revenue is being used to pay for costs associated with the units or for the retirement of bonds issued to finance the units or for the life of the redevelopment project area, whichever is later.

(11.5) If the redevelopment project area is located within a municipality with a population of more than 100,000, the cost of day care services for children of employees from low-income families working for businesses located within the redevelopment project area and all or a portion of the cost of operation of day care centers established by redevelopment project area businesses to serve employees from low-income families working in businesses located in the redevelopment project area. For the purposes of this paragraph, "low-income families" means families whose annual income does not exceed 80% of the municipal, county, or regional
median income, adjusted for family size, as the annual income and municipal, county, or regional median income are determined from time to time by the United States Department of Housing and Urban Development.

(12) Unless explicitly stated herein the cost of construction of new privately-owned buildings shall not be an eligible redevelopment project cost.

(13) After November 1, 1999 (the effective date of Public Act 91-478), none of the redevelopment project costs enumerated in this subsection shall be eligible redevelopment project costs if those costs would provide direct financial support to a retail entity initiating operations in the redevelopment project area while terminating operations at another Illinois location within 10 miles of the redevelopment project area but outside the boundaries of the redevelopment project area municipality. For purposes of this paragraph, termination means a closing of a retail operation that is directly related to the opening of the same operation or like retail entity owned or operated by more than 50% of the original ownership in a redevelopment project area, but it does not mean closing an operation for reasons beyond the control of the retail entity, as documented by the retail entity, subject to a reasonable finding by the municipality that the current location contained inadequate space, had become economically obsolete, or was no longer a viable location for the retailer or serviceman.

If a special service area has been established pursuant to the Special Service Area Tax Act or Special Service Area Tax Law, then any tax increment revenues derived from the tax imposed pursuant to the Special Service Area Tax Act or Special Service Area Tax Law may be used within the redevelopment project area for the purposes permitted by that Act or Law as well as the purposes permitted by this Act.

(r) "State Sales Tax Boundary" means the redevelopment project area or the amended redevelopment project area boundaries which are determined pursuant to subsection (9) of Section 11-74.4-8a of this Act. The Department of Revenue shall certify pursuant to subsection (9) of
Section 11-74.4-8a the appropriate boundaries eligible for the determination of State Sales Tax Increment.

(s) "State Sales Tax Increment" means an amount equal to the increase in the aggregate amount of taxes paid by retailers and servicemen, other than retailers and servicemen subject to the Public Utilities Act, on transactions at places of business located within a State Sales Tax Boundary pursuant to the Retailers' Occupation Tax Act, the Use Tax Act, the Service Use Tax Act, and the Service Occupation Tax Act, except such portion of such increase that is paid into the State and Local Sales Tax Reform Fund, the Local Government Distributive Fund, the Local Government Tax Fund and the County and Mass Transit District Fund, for as long as State participation exists, over and above the Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts for such taxes as certified by the Department of Revenue and paid under those Acts by retailers and servicemen on transactions at places of business located within the State Sales Tax Boundary during the base year which shall be the calendar year immediately prior to the year in which the municipality adopted tax increment allocation financing, less 3.0% of such amounts generated under the Retailers' Occupation Tax Act, Use Tax Act and Service Use Tax Act and the Service Occupation Tax Act, which sum shall be appropriated to the Department of Revenue to cover its costs of administering and enforcing this Section. For purposes of computing the aggregate amount of such taxes for base years occurring prior to 1985, the Department of Revenue shall compute the Initial Sales Tax Amount for such taxes and deduct therefrom an amount equal to 4% of the aggregate amount of taxes per year for each year the base year is prior to 1985, but not to exceed a total deduction of 12%. The amount so determined shall be known as the "Adjusted Initial Sales Tax Amount". For purposes of determining the State Sales Tax Increment the Department of Revenue shall for each period subtract from the tax amounts received from retailers and servicemen on transactions located in the State Sales Tax Boundary, the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or Revised Initial Sales Tax Amounts for the Retailers' Occupation Tax Act, the Use Tax Act, the Service Use Tax Act and the

Service Occupation Tax Act. For the State Fiscal Year 1989 this calculation shall be made by utilizing the calendar year 1987 to determine the tax amounts received. For the State Fiscal Year 1990, this calculation shall be made by utilizing the period from January 1, 1988, until September 30, 1988, to determine the tax amounts received from retailers and servicemen, which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For the State Fiscal Year 1991, this calculation shall be made by utilizing the period from October 1, 1988, until June 30, 1989, to determine the tax amounts received from retailers and servicemen, which shall have deducted therefrom nine-twelfths of the certified Initial State Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For every State Fiscal Year thereafter, the applicable period shall be the 12 months beginning July 1 and ending on June 30, to determine the tax amounts received which shall have deducted therefrom the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts. Municipalities intending to receive a distribution of State Sales Tax Increment must report a list of retailers to the Department of Revenue by October 31, 1988 and by July 31, of each year thereafter.

(t) "Taxing districts" means counties, townships, cities and incorporated towns and villages, school, road, park, sanitary, mosquito abatement, forest preserve, public health, fire protection, river conservancy, tuberculosis sanitarium and any other municipal corporations or districts with the power to levy taxes.

(u) "Taxing districts' capital costs" means those costs of taxing districts for capital improvements that are found by the municipal corporate authorities to be necessary and directly result from the redevelopment project.

(v) As used in subsection (a) of Section 11-74.4-3 of this Act, "vacant land" means any parcel or combination of parcels of real property without industrial, commercial, and residential buildings which has not been used for commercial agricultural purposes within 5 years prior to the

designation of the redevelopment project area, unless the parcel is included in an industrial park conservation area or the parcel has been subdivided; provided that if the parcel was part of a larger tract that has been divided into 3 or more smaller tracts that were accepted for recording during the period from 1950 to 1990, then the parcel shall be deemed to have been subdivided, and all proceedings and actions of the municipality taken in that connection with respect to any previously approved or designated redevelopment project area or amended redevelopment project area are hereby validated and hereby declared to be legally sufficient for all purposes of this Act. For purposes of this Section and only for land subject to the subdivision requirements of the Plat Act, land is subdivided when the original plat of the proposed Redevelopment Project Area or relevant portion thereof has been properly certified, acknowledged, approved, and recorded or filed in accordance with the Plat Act and a preliminary plat, if any, for any subsequent phases of the proposed Redevelopment Project Area or relevant portion thereof has been properly approved and filed in accordance with the applicable ordinance of the municipality.

(w) "Annual Total Increment" means the sum of each municipality's annual Net Sales Tax Increment and each municipality's annual Net Utility Tax Increment. The ratio of the Annual Total Increment of each municipality to the Annual Total Increment for all municipalities, as most recently calculated by the Department, shall determine the proportional shares of the Illinois Tax Increment Fund to be distributed to each municipality.

Sec. 11-74.4-7. Obligations secured by the special tax allocation fund set forth in Section 11-74.4-8 for the redevelopment project area may be issued to provide for redevelopment project costs. Such obligations, when so issued, shall be retired in the manner provided in the ordinance authorizing the issuance of such obligations by the receipts of taxes levied as specified in Section 11-74.4-9 against the taxable property included in the area, by revenues as specified by Section 11-74.4-8a and other revenue designated by the municipality. A municipality may in the ordinance pledge all or any part of the funds in and to be deposited in the special tax allocation fund created pursuant to Section 11-74.4-8 to the payment of the redevelopment project costs and obligations. Any pledge of funds in the special tax allocation fund shall provide for distribution to the taxing districts and to the Illinois Department of Revenue of moneys not required, pledged, earmarked, or otherwise designated for payment and securing of the obligations and anticipated redevelopment project costs and such excess funds shall be calculated annually and deemed to be "surplus" funds. In the event a municipality only applies or pledges a portion of the funds in the special tax allocation fund for the payment or securing of anticipated redevelopment project costs or of obligations, any such funds remaining in the special tax allocation fund after complying with the requirements of the application or pledge, shall also be calculated annually and deemed "surplus" funds. All surplus funds in the special tax allocation fund shall be distributed annually within 180 days after the close of the municipality's fiscal year by being paid by the municipal treasurer to the County Collector, to the Department of Revenue and to the municipality in direct proportion to the tax incremental revenue received as a result of an increase in the equalized assessed value of property in the redevelopment project area, tax incremental revenue received from the State and tax incremental revenue received from the municipality, but not to exceed as to each such source the total incremental revenue received from that source. The County Collector shall thereafter make distribution to the respective taxing districts in the same manner and proportion as the most
recent distribution by the county collector to the affected districts of real property taxes from real property in the redevelopment project area.

Without limiting the foregoing in this Section, the municipality may in addition to obligations secured by the special tax allocation fund pledge for a period not greater than the term of the obligations towards payment of such obligations any part or any combination of the following: (a) net revenues of all or part of any redevelopment project; (b) taxes levied and collected on any or all property in the municipality; (c) the full faith and credit of the municipality; (d) a mortgage on part or all of the redevelopment project; or (e) any other taxes or anticipated receipts that the municipality may lawfully pledge.

Such obligations may be issued in one or more series bearing interest at such rate or rates as the corporate authorities of the municipality shall determine by ordinance. Such obligations shall bear such date or dates, mature at such time or times not exceeding 20 years from their respective dates, be in such denomination, carry such registration privileges, be executed in such manner, be payable in such medium of payment at such place or places, contain such covenants, terms and conditions, and be subject to redemption as such ordinance shall provide. Obligations issued pursuant to this Act may be sold at public or private sale at such price as shall be determined by the corporate authorities of the municipalities. No referendum approval of the electors shall be required as a condition to the issuance of obligations pursuant to this Division except as provided in this Section.

In the event the municipality authorizes issuance of obligations pursuant to the authority of this Division secured by the full faith and credit of the municipality, which obligations are other than obligations which may be issued under home rule powers provided by Article VII, Section 6 of the Illinois Constitution, or pledges taxes pursuant to (b) or (c) of the second paragraph of this section, the ordinance authorizing the issuance of such obligations or pledging such taxes shall be published within 10 days after such ordinance has been passed in one or more newspapers, with general circulation within such municipality. The publication of the ordinance shall be accompanied by a notice of (1) the

New matter indicated by italics - deletions by strikeout
specific number of voters required to sign a petition requesting the question of the issuance of such obligations or pledging taxes to be submitted to the electors; (2) the time in which such petition must be filed; and (3) the date of the prospective referendum. The municipal clerk shall provide a petition form to any individual requesting one.

If no petition is filed with the municipal clerk, as hereinafter provided in this Section, within 30 days after the publication of the ordinance, the ordinance shall be in effect. But, if within that 30 day period a petition is filed with the municipal clerk, signed by electors in the municipality numbering 10% or more of the number of registered voters in the municipality, asking that the question of issuing obligations using full faith and credit of the municipality as security for the cost of paying for redevelopment project costs, or of pledging taxes for the payment of such obligations, or both, be submitted to the electors of the municipality, the corporate authorities of the municipality shall call a special election in the manner provided by law to vote upon that question, or, if a general, State or municipal election is to be held within a period of not less than 30 or more than 90 days from the date such petition is filed, shall submit the question at the next general, State or municipal election. If it appears upon the canvass of the election by the corporate authorities that a majority of electors voting upon the question voted in favor thereof, the ordinance shall be in effect, but if a majority of the electors voting upon the question are not in favor thereof, the ordinance shall not take effect.

The ordinance authorizing the obligations may provide that the obligations shall contain a recital that they are issued pursuant to this Division, which recital shall be conclusive evidence of their validity and of the regularity of their issuance.

In the event the municipality authorizes issuance of obligations pursuant to this Section secured by the full faith and credit of the municipality, the ordinance authorizing the obligations may provide for the levy and collection of a direct annual tax upon all taxable property within the municipality sufficient to pay the principal thereof and interest thereon as it matures, which levy may be in addition to and exclusive of the maximum of all other taxes authorized to be levied by the

New matter indicated by italics - deletions by strikeout
municipality, which levy, however, shall be abated to the extent that monies from other sources are available for payment of the obligations and the municipality certifies the amount of said monies available to the county clerk.

A certified copy of such ordinance shall be filed with the county clerk of each county in which any portion of the municipality is situated, and shall constitute the authority for the extension and collection of the taxes to be deposited in the special tax allocation fund.

A municipality may also issue its obligations to refund in whole or in part, obligations theretofore issued by such municipality under the authority of this Act, whether at or prior to maturity, provided however, that the last maturity of the refunding obligations shall not be expressed to mature later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the twenty-third calendar year after the year in which the ordinance approving the redevelopment project area is adopted if the ordinance was adopted on or after January 15, 1981, and not later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the thirty-third calendar year after the year in which the ordinance approving the redevelopment project area is adopted if the ordinance was adopted on May 20, 1985 by the Village of Wheeling, and not later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the thirty-fifth calendar year after the year in which the ordinance approving the redevelopment project area is adopted if the ordinance was adopted before January 1, 1981, or (B) if the ordinance was adopted in December 1983, April 1984, July 1985, or December 1989, or (C) if the ordinance was adopted in December, 1987 and the redevelopment project is located within one mile of Midway Airport, or (D) if the ordinance was adopted before January 1, 1987 by a municipality in Mason County, or (E) if the municipality is subject to the Local Government Financial Planning and Supervision Act

Section 5. The Mosquito Abatement District Act is amended by changing Section 10 as follows:
(70 ILCS 1005/10) (from Ch. 111 1/2, par. 83)
Sec. 10. Any territory lying adjacent and contiguous to a mosquito abatement district, and not part of another mosquito abatement district, may be annexed to such district in the following manner:
(a) Upon petition in writing, describing the territory proposed to be annexed and signed by a majority of the legal voters in such territory and by the owners of more than half of the taxable property in such territory as shown by the last ascertained equalized value of the taxable property in such territory, being filed with the trustees of such mosquito abatement

district, such trustees may annex such territory by a resolution which shall be published at least once in a newspaper having a general circulation in the territory and shall include a notice of (1) the specific number of voters required to sign a petition requesting that the question of the adoption of the resolution be submitted to the electors of the territory; (2) the time in which the petition must be filed; and (3) the date of the prospective referendum. The county clerk of the county in which the territory is situated shall provide a petition form to any individual requesting one. The resolution shall be effective 30 days from the date of publication and is subject to a referendum, if such referendum is requested, prior to the effective date of the resolution, by the voters in the district equal to 10% or more of the registered voters in the district. Such trustees may also order the question of the annexation of such territory to be submitted to the legal voters of such district at a regular election therein by certifying the question to the proper election officials. Notice of such election shall be given and the election conducted in the manner provided by the general election law. The proposition shall be stated, "Shall the territory (describing it) be annexed to The.... Mosquito Abatement District?" If the majority of all the votes cast on the question is in favor of such annexation, the board of trustees shall so certify to the county clerk, and within ten days of such election the trustees by an order duly entered upon their records shall annex such territory to the district and shall file a map of the annexed territory in the office of the county clerk of the county where the annexed territory is situated. Thereupon such territory shall be deemed annexed to and shall be a part of such mosquito abatement district.

(b) Whenever a mosquito abatement district contains over 90% of territory of a specific city or village, the mosquito abatement district may annex additional adjacent and contiguous territory within that city or village, but not incorporated within a mosquito abatement district, by the passage of an ordinance to that effect.

The ordinance authorizing the annexation shall be published within 10 days after the ordinance has been adopted, in one or more newspapers having a general circulation within the territory. The publication of the ordinance shall be accompanied by a notice of (1) the
specific number of voters required to sign a petition requesting the question of annexation; (2) the time within which the petition must be filed; and (3) the date of the prospective referendum. The county clerk of the county in which the territory is situated shall provide a petition form to any individual requesting one.

The ordinance shall take effect 30 days after the date of publication unless a referendum is requested prior to the effective date of the ordinance by 10% or more of the registered voters in the territory. The question of the annexation of the territory may be submitted to the legal voters of the territory at a regular election by certifying the question to the proper election officials. Notice of the election shall be given and the election conducted in the manner provided by the general election law. The proposition shall be stated, "Shall the territory (describing it) be annexed to The.... Mosquito Abatement District?" If the majority of all the votes cast on the question is in favor of the annexation, the territory shall be deemed annexed to and shall be a part of the mosquito abatement district.

No territory may be annexed under this subsection (i) more than one year after it has first been included in that city or village unless the territory so annexed is 50 acres or less or (ii) if the annexation would expand the mosquito abatement district's boundaries outside of a county unless the district already contains territory in that county.

Section 5. The Illinois Vehicle Code is amended by changing Section 15-301 as follows:

(625 ILCS 5/15-301) (from Ch. 95 1/2, par. 15-301)
Sec. 15-301. Permits for excess size and weight.

(a) The Department with respect to highways under its jurisdiction and local authorities with respect to highways under their jurisdiction may, in their discretion, upon application and good cause being shown therefor, issue a special permit authorizing the applicant to operate or move a vehicle or combination of vehicles of a size or weight of vehicle or load exceeding the maximum specified in this Act or otherwise not in conformity with this Act upon any highway under the jurisdiction of the party granting such permit and for the maintenance of which the party is responsible. Applications and permits other than those in written or printed form may only be accepted from and issued to the company or individual making the movement. Except for an application to move directly across a highway, it shall be the duty of the applicant to establish in the application that the load to be moved by such vehicle or combination is composed of a single nondivisible object that cannot reasonably be dismantled or disassembled. For the purpose of over length movements, more than one object may be carried side by side as long as the height, width, and weight laws are not exceeded and the cause for the over length is not due to multiple objects. For the purpose of over height movements, more than one object may be carried as long as the cause for the over height is not due to multiple objects and the length, width, and weight laws are not exceeded. For the purpose of an over width movement, more than one object may be carried as long as the cause for the over width is not due to

multiple objects and length, height, and weight laws are not exceeded. No state or local agency shall authorize the issuance of excess size or weight permits for vehicles and loads that are divisible and that can be carried, when divided, within the existing size or weight maximums specified in this Chapter. Any excess size or weight permit issued in violation of the provisions of this Section shall be void at issue and any movement made thereunder shall not be authorized under the terms of the void permit. In any prosecution for a violation of this Chapter when the authorization of an excess size or weight permit is at issue, it is the burden of the defendant to establish that the permit was valid because the load to be moved could not reasonably be dismantled or disassembled, or was otherwise nondivisible.

(b) The application for any such permit shall: (1) state whether such permit is requested for a single trip or for limited continuous operation; (2) state if the applicant is an authorized carrier under the Illinois Motor Carrier of Property Law, if so, his certificate, registration or permit number issued by the Illinois Commerce Commission; (3) specifically describe and identify the vehicle or vehicles and load to be operated or moved except that for vehicles or vehicle combinations registered by the Department as provided in Section 15-319 of this Chapter, only the Illinois Department of Transportation's (IDT) registration number or classification need be given; (4) state the routing requested including the points of origin and destination, and may identify and include a request for routing to the nearest certified scale in accordance with the Department's rules and regulations, provided the applicant has approval to travel on local roads; and (5) state if the vehicles or loads are being transported for hire. No permits for the movement of a vehicle or load for hire shall be issued to any applicant who is required under the Illinois Motor Carrier of Property Law to have a certificate, registration or permit and does not have such certificate, registration or permit.

(c) The Department or local authority when not inconsistent with traffic safety is authorized to issue or withhold such permit at its discretion; or, if such permit is issued at its discretion to prescribe the

route or routes to be traveled, to limit the number of trips, to establish
seasonal or other time limitations within which the vehicles described may
be operated on the highways indicated, or otherwise to limit or prescribe
conditions of operations of such vehicle or vehicles, when necessary to
assure against undue damage to the road foundations, surfaces or
structures, and may require such undertaking or other security as may be
deemed necessary to compensate for any injury to any roadway or road
structure. The Department shall maintain a daily record of each permit
issued along with the fee and the stipulated dimensions, weights,
conditions and restrictions authorized and this record shall be presumed
correct in any case of questions or dispute. The Department shall install an
automatic device for recording applications received and permits issued by
telephone. In making application by telephone, the Department and
applicant waive all objections to the recording of the conversation.

(d) The Department shall, upon application in writing from any
local authority, issue an annual permit authorizing the local authority to
move oversize highway construction, transportation, utility and
maintenance equipment over roads under the jurisdiction of the
Department. The permit shall be applicable only to equipment and
vehicles owned by or registered in the name of the local authority, and no
fee shall be charged for the issuance of such permits.

(e) As an exception to paragraph (a) of this Section, the
Department and local authorities, with respect to highways under their
respective jurisdictions, in their discretion and upon application in writing
may issue a special permit for limited continuous operation, authorizing
the applicant to move loads of agricultural commodities on a 2 axle single
vehicle registered by the Secretary of State with axle loads not to exceed
35%, on a 3 or 4 axle vehicle registered by the Secretary of State with axle
loads not to exceed 20%, and on a 5 axle vehicle registered by the
Secretary of State not to exceed 10% above those provided in Section 15-
111. The total gross weight of the vehicle, however, may not exceed the
maximum gross weight of the registration class of the vehicle allowed
under Section 3-815 or 3-818 of this Code.

As used in this Section, "agricultural commodities" means:

New matter indicated by italics - deletions by strikeout
(1) cultivated plants or agricultural produce grown including, but is not limited to, corn, soybeans, wheat, oats, grain sorghum, canola, and rice;

(2) livestock, including but not limited to hogs, equine, sheep, and poultry;

(3) ensilage; and

(4) fruits and vegetables.

Permits may be issued for a period not to exceed 40 days and moves may be made of a distance not to exceed 50 miles from a field, an on-farm grain storage facility, a warehouse as defined in the Illinois Grain Code, or a livestock management facility as defined in the Livestock Management Facilities Act over any highway except the National System of Interstate and Defense Highways. The operator of the vehicle, however, must abide by posted bridge and posted highway weight limits. All implements of husbandry operating under this Section between sunset and sunrise shall be equipped as prescribed in Section 12-205.1.

(e-1) Upon a declaration by the Governor that an emergency harvest situation exists, a special permit issued by the Department under this Section shall not be required from September 1 through December 31 during harvest season emergencies, provided that the weight does not exceed 20% above the limits provided in Section 15-111. All other restrictions that apply to permits issued under this Section shall apply during the declared time period. With respect to highways under the jurisdiction of local authorities, the local authorities may, at their discretion, waive special permit requirements during harvest season emergencies. This permit exemption shall apply to all vehicles eligible to obtain permits under this Section, including commercial vehicles in use during the declared time period.

(f) The form and content of the permit shall be determined by the Department with respect to highways under its jurisdiction and by local authorities with respect to highways under their jurisdiction. Every permit shall be in written form and carried in the vehicle or combination of vehicles to which it refers and shall be open to inspection by any police officer or authorized agent of any authority granting the permit and no New matter indicated by italics - deletions by strikeout
person shall violate any of the terms or conditions of such special permit. Violation of the terms and conditions of the permit shall not be deemed a revocation of the permit; however, any vehicle and load found to be off the route prescribed in the permit shall be held to be operating without a permit. Any off route vehicle and load shall be required to obtain a new permit or permits, as necessary, to authorize the movement back onto the original permit routing. No rule or regulation, nor anything herein shall be construed to authorize any police officer, court, or authorized agent of any authority granting the permit to remove the permit from the possession of the permittee unless the permittee is charged with a fraudulent permit violation as provided in paragraph (i). However, upon arrest for an offense of violation of permit, operating without a permit when the vehicle is off route, or any size or weight offense under this Chapter when the permittee plans to raise the issuance of the permit as a defense, the permittee, or his agent, must produce the permit at any court hearing concerning the alleged offense.

If the permit designates and includes a routing to a certified scale, the permittee, while enroute to the designated scale, shall be deemed in compliance with the weight provisions of the permit provided the axle or gross weights do not exceed any of the permitted limits by more than the following amounts:

(g) The Department is authorized to adopt, amend, and to make available to interested persons a policy concerning reasonable rules, limitations and conditions or provisions of operation upon highways under its jurisdiction in addition to those contained in this Section for the movement by special permit of vehicles, combinations, or loads which cannot reasonably be dismantled or disassembled, including manufactured and modular home sections and portions thereof. All rules, limitations and conditions or provisions adopted in the policy shall have due regard for the safety of the traveling public and the protection of the highway system and shall have been promulgated in conformity with the provisions of the

Illinois Administrative Procedure Act. The requirements of the policy for flagmen and escort vehicles shall be the same for all moves of comparable size and weight. When escort vehicles are required, they shall meet the following requirements:

(1) All operators shall be 18 years of age or over and properly licensed to operate the vehicle.

(2) Vehicles escorting oversized loads more than 12-feet wide must be equipped with a rotating or flashing amber light mounted on top as specified under Section 12-215.

The Department shall establish reasonable rules and regulations regarding liability insurance or self insurance for vehicles with oversized loads promulgated under The Illinois Administrative Procedure Act. Police vehicles may be required for escort under circumstances as required by rules and regulations of the Department.

(h) Violation of any rule, limitation or condition or provision of any permit issued in accordance with the provisions of this Section shall not render the entire permit null and void but the violator shall be deemed guilty of violation of permit and guilty of exceeding any size, weight or load limitations in excess of those authorized by the permit. The prescribed route or routes on the permit are not mere rules, limitations, conditions, or provisions of the permit, but are also the sole extent of the authorization granted by the permit. If a vehicle and load are found to be off the route or routes prescribed by any permit authorizing movement, the vehicle and load are operating without a permit. Any off route movement shall be subject to the size and weight maximums, under the applicable provisions of this Chapter, as determined by the type or class highway upon which the vehicle and load are being operated.

(i) Whenever any vehicle is operated or movement made under a fraudulent permit the permit shall be void, and the person, firm, or corporation to whom such permit was granted, the driver of such vehicle in addition to the person who issued such permit and any accessory, shall be guilty of fraud and either one or all persons may be prosecuted for such violation. Any person, firm, or corporation committing such violation shall be guilty of a Class 4 felony and the Department shall not issue permits to

the person, firm or corporation convicted of such violation for a period of one year after the date of conviction. Penalties for violations of this Section shall be in addition to any penalties imposed for violation of other Sections of this Act.

(j) Whenever any vehicle is operated or movement made in violation of a permit issued in accordance with this Section, the person to whom such permit was granted, or the driver of such vehicle, is guilty of such violation and either, but not both, persons may be prosecuted for such violation as stated in this subsection (j). Any person, firm or corporation convicted of such violation shall be guilty of a petty offense and shall be fined for the first offense, not less than $50 nor more than $200 and, for the second offense by the same person, firm or corporation within a period of one year, not less than $200 nor more than $300 and, for the third offense by the same person, firm or corporation within a period of one year after the date of the first offense, not less than $300 nor more than $500 and the Department shall not issue permits to the person, firm or corporation convicted of a third offense during a period of one year after the date of conviction for such third offense.

(k) Whenever any vehicle is operated on local roads under permits for excess width or length issued by local authorities, such vehicle may be moved upon a State highway for a distance not to exceed one-half mile without a permit for the purpose of crossing the State highway.

(l) Notwithstanding any other provision of this Section, the Department, with respect to highways under its jurisdiction, and local authorities, with respect to highways under their jurisdiction, may at their discretion authorize the movement of a vehicle in violation of any size or weight requirement, or both, that would not ordinarily be eligible for a permit, when there is a showing of extreme necessity that the vehicle and load should be moved without unnecessary delay.

For the purpose of this subsection, showing of extreme necessity shall be limited to the following: shipments of livestock, hazardous materials, liquid concrete being hauled in a mobile cement mixer, or hot asphalt.

(m) Penalties for violations of this Section shall be in addition to any penalties imposed for violating any other Section of this Code.

(n) The Department with respect to highways under its jurisdiction and local authorities with respect to highways under their jurisdiction, in their discretion and upon application in writing, may issue a special permit for continuous limited operation, authorizing the applicant to operate a tow-truck that exceeds the weight limits provided for in subsection (d) of Section 15-111, provided:

1. no rear single axle of the tow-truck exceeds 26,000 pounds;
2. no rear tandem axle of the tow-truck exceeds 50,000 pounds;
2.1 no triple rear axle on a manufactured recovery unit exceeds 60,000 pounds;
3. neither the disabled vehicle nor the disabled combination of vehicles exceed the weight restrictions imposed by this Chapter 15, or the weight limits imposed under a permit issued by the Department prior to hookup;
4. the tow-truck prior to hookup does not exceed the weight restrictions imposed by this Chapter 15;
5. during the tow operation the tow-truck does not violate any weight restriction sign;
6. the tow-truck is equipped with flashing, rotating, or oscillating amber lights, visible for at least 500 feet in all directions;
7. the tow-truck is specifically designed and licensed as a tow-truck;
8. the tow-truck has a gross vehicle weight rating of sufficient capacity to safely handle the load;
9. the tow-truck is equipped with air brakes;
10. the tow-truck is capable of utilizing the lighting and braking systems of the disabled vehicle or combination of vehicles;
(11) the tow commences at the initial point of wreck or disablement and terminates at a point where the repairs are actually to occur;

(12) the permit issued to the tow-truck is carried in the tow-truck and exhibited on demand by a police officer; and

(13) the movement shall be valid only on state routes approved by the Department.

(o) The Department, with respect to highways under its jurisdiction, and local authorities, with respect to highways under their jurisdiction, in their discretion and upon application in writing, may issue a special permit for continuous limited operation, authorizing the applicant to transport raw milk that exceeds the weight limits provided for in subsections (b) and (f) of Section 15-111 of this Code, provided:

(1) no single axle exceeds 20,000 pounds;
(2) no gross weight exceeds 80,000 pounds;
(3) permits issued by the State are good only for federal and State highways and are not applicable to interstate highways; and
(4) all road and bridge postings must be obeyed.

Section 5. The Language Assistance Services Act is amended by changing Section 15 as follows:

(210 ILCS 87/15)

Sec. 15. Language assistance services.
(a) To insure access to health care information and services for limited-English-speaking or non-English-speaking residents and deaf residents, a health facility must do one or more of the following:
(1) Review existing policies regarding interpreters for patients with limited English proficiency and for patients who are deaf, including the availability of staff to act as interpreters.
(2) Adopt and review annually a policy for providing language assistance services to patients with language or communication barriers. The policy shall include procedures for providing, to the extent possible as determined by the facility, the use of an interpreter whenever a language or communication barrier exists, except where the patient, after being informed of the availability of the interpreter service, chooses to use a family member or friend who volunteers to interpret. The procedures shall be designed to maximize efficient use of interpreters and minimize delays in providing interpreters to patients. The procedures shall insure, to the extent possible as determined by the facility, that interpreters are available, either on the premises or accessible by telephone, 24 hours a day. The facility shall annually transmit to the Department of Public Health a copy of the updated policy and shall include a description of the facility's efforts to insure adequate and speedy communication between patients with language or communication barriers and staff.

PUBLIC ACT 95-0669
(Senate Bill No. 0599)

AN ACT concerning local government.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Metropolitan Water Reclamation District Act is amended by changing Section 7h as follows:

   New matter indicated by italics - deletions by strikeout
(70 ILCS 2605/7h)
Sec. 7h. Stormwater management.
(a) Stormwater management in Cook County shall be under the general supervision of the Metropolitan Water Reclamation District of Greater Chicago. The District has the authority to plan, manage, implement, and finance activities relating to stormwater management in Cook County. The authority of the District with respect to stormwater management extends throughout Cook County and is not limited to the area otherwise within the territory and jurisdiction of the District under this Act.

For the purposes of this Section, the term "stormwater management" includes, without limitation, the management of floods and floodwaters.

(b) The District may utilize the resources of cooperating local watershed councils (including the stormwater management planning councils created under Section 5-1062.1 of the Counties Code), councils of local governments, the Northeastern Illinois Planning Commission, and similar organizations and agencies. The District may provide those organizations and agencies with funding, on a contractual basis, for providing information to the District, providing information to the public, or performing other activities related to stormwater management.

The District, in addition to other powers vested in it, may negotiate and enter into agreements with any county for the management of stormwater runoff in accordance with subsection (c) of Section 5-1062 of the Counties Code.

The District may enter into intergovernmental agreements with Cook County or other units of local government that are located in whole or in part outside the District for the purpose of implementing the stormwater management plan and providing stormwater management services in areas not included within the territory of the District.

(c) The District shall prepare and adopt by ordinance a countywide stormwater management plan for Cook County. The countywide plan may incorporate one or more separate watershed plans.

New matter indicated by italics - deletions by strikeout
Prior to adopting the countywide stormwater management plan, the District shall hold at least one public hearing thereon and shall afford interested persons an opportunity to be heard.

(d) The District may prescribe by ordinance reasonable rules and regulations for floodplain and stormwater management and for governing the location, width, course, and release rate of all stormwater runoff channels, streams, and basins in Cook County, in accordance with the adopted stormwater management plan. These rules and regulations shall, at a minimum, meet the standards for floodplain management established by the Office of Water Resources of the Department of Natural Resources and the requirements of the Federal Emergency Management Agency for participation in the National Flood Insurance Program.

(e) The District may impose fees on areas outside the District but within Cook County for performance of stormwater management services, including but not limited to, maintenance of streams and the development, design, planning, construction, operation and maintenance of stormwater facilities. The total amount of the fees collected from areas outside of the District but within Cook County shall not exceed the District's annual tax rate for stormwater management within the District multiplied by the aggregate equalized assessed valuation of areas outside of the District but within Cook County. The District may require the unit of local government in which the stormwater services are performed to collect the fee and remit the collected fee to the District. The District is authorized to pay a reasonable administrative fee to the unit of local government for the collection of these fees to mitigate the effects of increased stormwater runoff resulting from new development. The fees shall not exceed the cost of satisfying the onsite stormwater retention or detention requirements of the adopted stormwater management plan. The fees shall be used to finance activities undertaken by the District or units of local government within the District to mitigate the effects of urban stormwater runoff by providing regional stormwater retention or detention facilities, as identified in the plan. All such fees collected by the District shall be held in a separate fund and used for implementation of this Section.
(f) Amounts realized from the tax levy for stormwater management purposes authorized in Section 12 may be used by the District for implementing this Section and for the development, design, planning, construction, operation, and maintenance of regional stormwater facilities provided for in the stormwater management plan.

The proceeds of any tax imposed under Section 12 for stormwater management purposes and any revenues generated as a result of the ownership or operation of facilities or land acquired with the proceeds of taxes imposed under Section 12 for stormwater management purposes shall be held in a separate fund and used either for implementing this Section or to abate those taxes.

(g) The District may plan, implement, finance, and operate regional stormwater management projects in accordance with the adopted countywide stormwater management plan.

The District shall provide for public review and comment on proposed stormwater management projects. The District shall conform to State and federal requirements concerning public information, environmental assessments, and environmental impacts for projects receiving State or federal funds.

The District may issue bonds under Section 9.6a of this Act for the purpose of funding stormwater management projects.

The District shall not use Cook County Forest Preserve District land for stormwater or flood control projects without the consent of the Forest Preserve District.

(h) Upon the creation and implementation of a county stormwater management plan, the District may petition the circuit court to dissolve any or all drainage districts created pursuant to the Illinois Drainage Code or predecessor Acts that are located entirely within the District.

However, any active drainage district implementing a plan that is consistent with and at least as stringent as the county stormwater management plan may petition the District for exception from dissolution. Upon filing of the petition, the District shall set a date for hearing not less than 2 weeks, nor more than 4 weeks, from the filing thereof, and the District shall give at least one week's notice of the hearing in one or more

New matter indicated by italics - deletions by strikeout
newspapers of general circulation within the drainage district, and in addition shall cause a copy of the notice to be personally served upon each of the trustees of the drainage district. At the hearing, the District shall hear the drainage district's petition and allow the drainage district trustees and any interested parties an opportunity to present oral and written evidence. The District shall render its decision upon the petition for exception from dissolution based upon the best interests of the residents of the drainage district. In the event that the exception is not allowed, the drainage district may file a petition with the circuit court within 30 days of the decision. In that case, the notice and hearing requirements for the court shall be the same as provided in this subsection for the petition to the District. The court shall render its decision of whether to dissolve the district based upon the best interests of the residents of the drainage district.

The dissolution of a drainage district shall not affect the obligation of any bonds issued or contracts entered into by the drainage district nor invalidate the levy, extension, or collection of any taxes or special assessments upon the property in the former drainage district. All property and obligations of the former drainage district shall be assumed and managed by the District, and the debts of the former drainage district shall be discharged as soon as practicable.

If a drainage district lies only partly within the District, the District may petition the circuit court to disconnect from the drainage district that portion of the drainage district that lies within the District. The property of the drainage district within the disconnected area shall be assumed and managed by the District. The District shall also assume a portion of the drainage district's debt at the time of disconnection, based on the portion of the value of the taxable property of the drainage district which is located within the area being disconnected.

A drainage district that continues to exist within Cook County shall conform its operations to the countywide stormwater management plan.

(i) The District may assume responsibility for maintaining any stream within Cook County.

New matter indicated by italics - deletions by strikeout
(j) The District may, after 10 days written notice to the owner or occupant, enter upon any lands or waters within the county for the purpose of inspecting stormwater facilities or causing the removal of any obstruction to an affected watercourse. The District shall be responsible for any damages occasioned thereby.

(k) The District shall report to the public annually on its activities and expenditures under this Section and the adopted countywide stormwater management plan.

(l) The powers granted to the District under this Section are in addition to the other powers granted under this Act. This Section does not limit the powers of the District under any other provision of this Act or any other law.

(m) This Section does not affect the power or duty of any unit of local government to take actions relating to flooding or stormwater, so long as those actions conform with this Section and the plans, rules, and ordinances adopted by the District under this Section.

A home rule unit located in whole or in part in Cook County (other than a municipality with a population over 1,000,000) may not regulate stormwater management or planning in Cook County in a manner inconsistent with this Section or the plans, rules, and ordinances adopted by the District under this Section; provided, within a municipality with a population over 1,000,000, the stormwater management planning program of Cook County shall be conducted by that municipality or, to the extent provided in an intergovernmental agreement between the municipality and the District, by the District pursuant to this Section; provided further that the power granted to such municipality shall not be inconsistent with existing powers of the District. Pursuant to paragraph (i) of Section 6 of Article VII of the Illinois Constitution, this Section specifically denies and limits the exercise of any power that is inconsistent with this Section by a home rule unit that is a county with a population of 1,500,000 or more or is located, in whole or in part, within such a county, other than a municipality with a population over 1,000,000.

The clerk or secretary of the governmental unit shall make a petition form available to anyone requesting one. If no petition is filed with the clerk or secretary within 30 days of publication of the authorizing ordinance and notice, the alternate bonds shall be authorized to be issued. But if within this 30 days period, a petition is filed with such clerk or secretary signed by electors numbering the greater of (i) 7.5% of the registered voters in the governmental unit or (ii) 200 of those registered voters or 15% of those registered voters, whichever is less, asking that the issuance of such alternate bonds be submitted to referendum, the clerk or secretary shall certify such question for submission at an election held in accordance with the general election law. The question on the ballot shall include a statement of any revenue source that will be used to pay debt service on the alternate bonds. The alternate bonds shall be authorized to be issued if a majority of the votes cast on the question at such election are in favor thereof provided that notice of the bond referendum, if held before July 1, 1999, has been given in accordance with the provisions of Section 12-5 of the Election Code in effect at the time of the bond referendum, at least 10 and not more than 45 days before the date of the election, notwithstanding the time for publication otherwise imposed by Section 12-5. Notices required in connection with the submission of public questions on or after July 1, 1999 shall be as set forth in Section 12-5 of the Election Code. Backdoor

referendum proceedings for bonds and alternate bonds to be issued in lieu of such bonds may be conducted at the same time.

(c) To the extent payable from enterprise revenues, such revenues shall have been determined by the governing body to be sufficient to provide for or pay in each year to final maturity of such alternate bonds all of the following: (1) costs of operation and maintenance of the utility or enterprise, but not including depreciation, (2) debt service on all outstanding revenue bonds payable from such enterprise revenues, (3) all amounts required to meet any fund or account requirements with respect to such outstanding revenue bonds, (4) other contractual or tort liability obligations, if any, payable from such enterprise revenues, and (5) in each year, an amount not less than 1.25 times debt service of all (i) alternate bonds payable from such enterprise revenues previously issued and outstanding and (ii) alternate bonds proposed to be issued. To the extent payable from one or more revenue sources, such sources shall have been determined by the governing body to provide in each year, an amount not less than 1.25 times debt service of all alternate bonds payable from such revenue sources previously issued and outstanding and alternate bonds proposed to be issued. The 1.25 figure in the preceding sentence shall be reduced to 1.10 if the revenue source is a governmental revenue source. The conditions enumerated in this subsection (c) need not be met for that amount of debt service provided for by the setting aside of proceeds of bonds or other moneys at the time of the delivery of such bonds. 

Notwithstanding any other provision of this Section, a backdoor referendum is not required if the proceeds backing the debt are realized from revenues obtained from the County School Facility Occupation Tax Law under Section 5-1006.7 of the Counties Code.

(c-1) In the case of alternate bonds issued as variable rate bonds (including refunding bonds), debt service shall be projected based on the rate for the most recent date shown in the 20 G.O. Bond Index of average municipal bond yields as published in the most recent edition of The Bond Buyer published in New York, New York (or any successor publication or index, or if such publication or index is no longer published, then any index of long-term municipal tax-exempt bond yields selected by the

governmental unit), as of the date of determination referred to in subsection (c) of this Section. Any interest or fees that may be payable to the provider of a letter of credit, line of credit, surety bond, bond insurance, or other credit enhancement relating to such alternate bonds and any fees that may be payable to any remarketing agent need not be taken into account for purposes of such projection. If the governmental unit enters into an agreement in connection with such alternate bonds at the time of issuance thereof pursuant to which the governmental unit agrees for a specified period of time to pay an amount calculated at an agreed-upon rate or index based on a notional amount and the other party agrees to pay the governmental unit an amount calculated at an agreed-upon rate or index based on such notional amount, interest shall be projected for such specified period of time on the basis of the agreed-upon rate payable by the governmental unit.

(d) The determination of the sufficiency of enterprise revenues or a revenue source, as applicable, shall be supported by reference to the most recent audit of the governmental unit, which shall be for a fiscal year ending not earlier than 18 months previous to the time of issuance of the alternate bonds. If such audit does not adequately show such enterprise revenues or revenue source, as applicable, or if such enterprise revenues or revenue source, as applicable, are shown to be insufficient, then the determination of sufficiency shall be supported by the report of an independent accountant or feasibility analyst, the latter having a national reputation for expertise in such matters, demonstrating the sufficiency of such revenues and explaining, if appropriate, by what means the revenues will be greater than as shown in the audit. Whenever such sufficiency is demonstrated by reference to a schedule of higher rates or charges for enterprise revenues or a higher tax imposition for a revenue source, such higher rates, charges or taxes shall have been properly imposed by an ordinance adopted prior to the time of delivery of alternate bonds. The reference to and acceptance of an audit or report, as the case may be, and the determination of the governing body as to sufficiency of enterprise revenues or a revenue source shall be conclusive evidence that the
conditions of this Section have been met and that the alternate bonds are valid.

(e) The enterprise revenues or revenue source, as applicable, shall be in fact pledged to the payment of the alternate bonds; and the governing body shall covenant, to the extent it is empowered to do so, to provide for, collect and apply such enterprise revenues or revenue source, as applicable, to the payment of the alternate bonds and the provision of not less than an additional .25 (or .10 for governmental revenue sources) times debt service. The pledge and establishment of rates or charges for enterprise revenues, or the imposition of taxes in a given rate or amount, as provided in this Section for alternate bonds, shall constitute a continuing obligation of the governmental unit with respect to such establishment or imposition and a continuing appropriation of the amounts received. All covenants relating to alternate bonds and the conditions and obligations imposed by this Section are enforceable by any bondholder of alternate bonds affected, any taxpayer of the governmental unit, and the People of the State of Illinois acting through the Attorney General or any designee, and in the event that any such action results in an order finding that the governmental unit has not properly set rates or charges or imposed taxes to the extent it is empowered to do so or collected and applied enterprise revenues or any revenue source, as applicable, as required by this Act, the plaintiff in any such action shall be awarded reasonable attorney's fees. The intent is that such enterprise revenues or revenue source, as applicable, shall be sufficient and shall be applied to the payment of debt service on such alternate bonds so that taxes need not be levied, or if levied need not be extended, for such payment. Nothing in this Section shall inhibit or restrict the authority of a governing body to determine the lien priority of any bonds, including alternate bonds, which may be issued with respect to any enterprise revenues or revenue source.

In the event that alternate bonds shall have been issued and taxes, other than a designated revenue source, shall have been extended pursuant to the general obligation, full faith and credit promise supporting such alternate bonds, then the amount of such alternate bonds then outstanding shall be included in the computation of indebtedness of the governmental

unit for purposes of all statutory provisions or limitations until such time as an audit of the governmental unit shall show that the alternate bonds have been paid from the enterprise revenues or revenue source, as applicable, pledged thereto for a complete fiscal year.

Alternate bonds may be issued to refund or advance refund alternate bonds without meeting any of the conditions set forth in this Section, except that the term of the refunding bonds shall not be longer than the term of the refunded bonds and that the debt service payable in any year on the refunding bonds shall not exceed the debt service payable in such year on the refunded bonds.

Once issued, alternate bonds shall be and forever remain until paid or defeased the general obligation of the governmental unit, for the payment of which its full faith and credit are pledged, and shall be payable from the levy of taxes as is provided in this Act for general obligation bonds.

The changes made by this amendatory Act of 1990 do not affect the validity of bonds authorized before September 1, 1990.

Section 10. The Counties Code is amended by adding Section 5-1006.7 as follows:

(55 ILCS 5/5-1006.7 new)

Sec. 5-1006.7. School facility occupation taxes.

(a) The county board of any county may impose a tax upon all persons engaged in the business of selling tangible personal property, other than personal property titled or registered with an agency of this State's government, at retail in the county on the gross receipts from the sales made in the course of business to provide revenue to be used exclusively for school facility purposes if a proposition for the tax has been submitted to the electors of that county and approved by a majority of those voting on the question as provided in subsection (c). The tax under this Section may be imposed only in one-quarter percent increments and may not exceed 1%.

This additional tax may not be imposed on the sale of food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food that has been prepared for immediate consumption) and prescription and non-prescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes and needles used by diabetics. The Department of Revenue has full power to administer and enforce this subsection, to collect all taxes and penalties due under this subsection, to dispose of taxes and penalties so collected in the manner provided in this subsection, and to determine all rights to credit memoranda arising on account of the erroneous payment of a tax or penalty under this subsection. The Department shall deposit all taxes and penalties collected under this subsection into a special fund created for that purpose.

In the administration of and compliance with this subsection, the Department and persons who are subject to this subsection (i) have the same rights, remedies, privileges, immunities, powers, and duties, (ii) are subject to the same conditions, restrictions, limitations, penalties, and definitions of terms, and (iii) shall employ the same modes of procedure as are set forth in Sections 1 through 1o, 2 through 2-70 (in respect to all provisions contained in those Sections other than the State rate of tax), 2a through 2h, 3 (except as to the disposition of taxes and penalties collected), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 7, 8, 9, 10, 11, 11a, 12, and 13 of the Retailers’ Occupation Tax Act and all provisions of the Uniform Penalty and Interest Act as if those provisions were set forth in this subsection.

The certificate of registration that is issued by the Department to a retailer under the Retailers’ Occupation Tax Act permits the retailer to engage in a business that is taxable without registering separately with the Department under an ordinance or resolution under this subsection.

Persons subject to any tax imposed under the authority granted in this subsection may reimburse themselves for their seller’s tax liability by separately stating that tax as an additional charge, which may be stated in combination, in a single amount, with State tax that sellers are required to

collect under the Use Tax Act, pursuant to any bracketed schedules set forth by the Department.

(b) If a tax has been imposed under subsection (a), then a service occupation tax must also be imposed at the same rate upon all persons engaged, in the county, in the business of making sales of service, who, as an incident to making those sales of service, transfer tangible personal property within the county as an incident to a sale of service.

This tax may not be imposed on sales of food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food prepared for immediate consumption) and prescription and non-prescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes, and needles used by diabetics.

The tax imposed under this subsection and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the Department and deposited into a special fund created for that purpose. The Department has full power to administer and enforce this subsection, to collect all taxes and penalties due under this subsection, to dispose of taxes and penalties so collected in the manner provided in this subsection, and to determine all rights to credit memoranda arising on account of the erroneous payment of a tax or penalty under this subsection.

In the administration of and compliance with this subsection, the Department and persons who are subject to this subsection shall (i) have the same rights, remedies, privileges, immunities, powers and duties, (ii) be subject to the same conditions, restrictions, limitations, penalties and definition of terms, and (iii) employ the same modes of procedure as are set forth in Sections 2 (except that that reference to State in the definition of supplier maintaining a place of business in this State means the county), 2a through 2d, 3 through 3-50 (in respect to all provisions contained in those Sections other than the State rate of tax), 4 (except that the reference to the State shall be to the county), 5, 7, 8 (except that the jurisdiction to which the tax is a debt to the extent indicated in that Section 8 is the county), 9 (except as to the disposition of taxes and penalties collected), 10, 11, 12 (except the reference therein to Section 2b of the Retailers'
Occupation Tax Act), 13 (except that any reference to the State means the county), Section 15, 16, 17, 18, 19, and 20 of the Service Occupation Tax Act and all provisions of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the authority granted in this subsection may reimburse themselves for their serviceman's tax liability by separately stating the tax as an additional charge, which may be stated in combination, in a single amount, with State tax that servicemen are authorized to collect under the Service Use Tax Act, pursuant to any bracketed schedules set forth by the Department.

(c) The tax under this Section may not be imposed until, by ordinance or resolution of the county board, the question of imposing the tax has been submitted to the electors of the county at a regular election and approved by a majority of the electors voting on the question. Upon a resolution by the county board or a resolution by school district boards that represent at least 51% of the student enrollment within the county, the county board must certify the question to the proper election authority in accordance with the Election Code.

The election authority must submit the question in substantially the following form:

Shall (name of county) be authorized to impose a retailers' occupation tax and a service occupation tax (commonly referred to as a "sales tax") at a rate of (insert rate) to be used exclusively for school facility purposes?

The election authority must record the votes as "Yes" or "No".

If a majority of the electors voting on the question vote in the affirmative, then the county may, thereafter, impose the tax.

For the purposes of this subsection (c), "enrollment" means the head count of the students residing in the county on the last school day of September of each year, which must be reported on the Illinois State Board of Education Public School Fall Enrollment/Housing Report.

(d) The Department shall immediately pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected under this Section to be deposited into the School Facility Occupation Tax Fund,
which shall be an unappropriated trust fund held outside the State treasury.

On or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to the regional superintendents of schools in counties from which retailers or servicemen have paid taxes or penalties to the Department during the second preceding calendar month. The amount to be paid to each regional superintendent of schools and disbursed to him or her in accordance with 3-14.31 of the School Code, is equal to the amount (not including credit memoranda) collected from the county under this Section during the second preceding calendar month by the Department, (i) less 2% of that amount, which shall be deposited into the Tax Compliance and Administration Fund and shall be used by the Department, subject to appropriation, to cover the costs of the Department in administering and enforcing the provisions of this Section, on behalf of the county, (ii) plus an amount that the Department determines is necessary to offset any amounts that were erroneously paid to a different taxing body; (iii) less an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of the county; and (iv) less any amount that the Department determines is necessary to offset any amounts that were payable to a different taxing body but were erroneously paid to the county. When certifying the amount of a monthly disbursement to a regional superintendent of schools under this Section, the Department shall increase or decrease the amounts by an amount necessary to offset any miscalculation of previous disbursements within the previous 6 months from the time a miscalculation is discovered.

Within 10 days after receipt by the Comptroller from the Department of the disbursement certification to the regional superintendents of the schools provided for in this Section, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with directions contained in the certification.

If the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, then the Department shall notify the Comptroller, who shall cause the order to

be drawn for the amount specified and to the person named in the notification from the Department. The refund shall be paid by the Treasurer out of the School Facility Occupation Tax Fund.

(e) For the purposes of determining the local governmental unit whose tax is applicable, a retail sale by a producer of coal or another mineral mined in Illinois is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This subsection does not apply to coal or another mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the United States Constitution as a sale in interstate or foreign commerce.

(f) Nothing in this Section may be construed to authorize a county board to impose a tax upon the privilege of engaging in any business that under the Constitution of the United States may not be made the subject of taxation by this State.

(g) If a county board imposes a tax under this Section, then the board may, by ordinance, discontinue or reduce the rate of the tax. If, however, a school board issues bonds that are backed by the proceeds of the tax under this Section, then the county board may not reduce the tax rate or discontinue the tax if that rate reduction or discontinuance would inhibit the school board's ability to pay the principal and interest on those bonds as they become due. If the county board reduces the tax rate or discontinues the tax, then a referendum must be held in accordance with subsection (c) of this Section in order to increase the rate of the tax or to reimpose the discontinued tax.

The results of any election that authorizes a proposition to impose a tax under this Section or to change the rate of the tax along with an ordinance imposing the tax, or any ordinance that lowers the rate or discontinues the tax, must be certified by the county clerk and filed with the Illinois Department of Revenue either (i) on or before the first day of April, whereupon the Department shall proceed to administer and enforce the tax or change in the rate as of the first day of July next following the filing; or (ii) on or before the first day of October, whereupon the
Department shall proceed to administer and enforce the tax or change in the rate as of the first day of January next following the filing.

(h) For purposes of this Section, "school facility purposes" means the acquisition, development, construction, reconstruction, rehabilitation, improvement, financing, architectural planning, and installation of capital facilities consisting of buildings, structures, and durable equipment and for the acquisition and improvement of real property and interest in real property required, or expected to be required, in connection with the capital facilities. "School-facility purposes" also includes fire prevention, safety, energy conservation, disabled accessibility, school security, and specified repair purposes set forth under Section 17-2.11 of the School Code.

(i) This Section does not apply to Cook County.

(j) This Section may be cited as the County School Facility Occupation Tax Law.

Section 15. The School Code is amended by changing Sections 10-22.36 and 17-2.11 and by adding Sections 3-14.31 and 10-20.40 as follows:

(105 ILCS 5/3-14.31 new)
Sec. 3-14.31. School facility occupation tax proceeds.
(a) Within 30 days after receiving any proceeds of a school facility occupation tax under Section 5-1006.7 of the Counties Code, each regional superintendent must disburse those proceeds to each school district that is located in the county in which the tax was collected.
(b) The proceeds must be disbursed on an enrollment basis and allocated based upon the number of each school district's resident pupils that reside within the county collecting the tax divided by the total number of students for all school districts within the county.

(105 ILCS 5/10-20.40 new)
Sec. 10-20.40. School facility occupation tax fund. All proceeds received by a school district from a distribution under 3-14.31 must be maintained in a special fund known as the school facility occupation tax fund. The district may use moneys in that fund only for school facility
purposes, as that term is defined under Section 5-1006.7 of the Counties Code.

(105 ILCS 5/10-22.36) (from Ch. 122, par. 10-22.36)

Sec. 10-22.36. Buildings for school purposes. To build or purchase a building for school classroom or instructional purposes upon the approval of a majority of the voters upon the proposition at a referendum held for such purpose or in accordance with Section 17-2.11. The board may initiate such referendum by resolution. The board shall certify the resolution and proposition to the proper election authority for submission in accordance with the general election law.

The questions of building one or more new buildings for school purposes or office facilities, and issuing bonds for the purpose of borrowing money to purchase one or more buildings or sites for such buildings or office sites, to build one or more new buildings for school purposes or office facilities or to make additions and improvements to existing school buildings, may be combined into one or more propositions on the ballot.

Before erecting, or purchasing or remodeling such a building the board shall submit the plans and specifications respecting heating, ventilating, lighting, seating, water supply, toilets and safety against fire to the regional superintendent of schools having supervision and control over the district, for approval in accordance with Section 2-3.12.

Notwithstanding any of the foregoing, no referendum shall be required if the purchase, construction, or building of any such building is completed (1) while the building is being leased by the school district or (2) with the expenditure of (A) funds derived from the sale or disposition of other buildings, land, or structures of the school district or (B) funds received (i) as a grant under the School Construction Law, or (ii) as gifts or donations, provided that no funds to complete such building, other than lease payments, are derived from the district's bonded indebtedness or the tax levy of the district, or (iii) from the County School Facility Occupation Tax Law under Section 5-1006.7 of the Counties Code.

(105 ILCS 5/17-2.11) (from Ch. 122, par. 17-2.11)

New matter indicated by italics - deletions by strikeout
Sec. 17-2.11. School board power to levy a tax or to borrow money and issue bonds for fire prevention, safety, energy conservation, disabled accessibility, school security, and specified repair purposes. Whenever, as a result of any lawful order of any agency, other than a school board, having authority to enforce any school building code applicable to any facility that houses students, or any law or regulation for the protection and safety of the environment, pursuant to the Environmental Protection Act, any school district having a population of less than 500,000 inhabitants is required to alter or reconstruct any school building or permanent, fixed equipment; or whenever any such district determines that it is necessary for energy conservation purposes that any school building or permanent, fixed equipment should be altered or reconstructed and that such alterations or reconstruction will be made with funds not necessary for the completion of approved and recommended projects contained in any safety survey report or amendments thereto authorized by Section 2-3.12 of this Act; or whenever any such district determines that it is necessary for disabled accessibility purposes and to comply with the school building code that any school building or equipment should be altered or reconstructed and that such alterations or reconstruction will be made with funds not necessary for the completion of approved and recommended projects contained in any safety survey report or amendments thereto authorized under Section 2-3.12 of this Act; or whenever any such district determines that it is necessary for school security purposes and the related protection and safety of pupils and school personnel that any school building or property should be altered or reconstructed or that security systems and equipment (including but not limited to intercom, early detection and warning, access control and television monitoring systems) should be purchased and installed, and that such alterations, reconstruction or purchase and installation of equipment will be made with funds not necessary for the completion of approved and recommended projects contained in any safety survey report or amendment thereto authorized by Section 2-3.12 of this Act and will deter and prevent unauthorized entry or activities upon school property by unknown or dangerous persons, assure early detection and advance warning of any such actual or attempted

unauthorized entry or activities and help assure the continued safety of pupils and school staff if any such unauthorized entry or activity is attempted or occurs; or if a school district does not need funds for other fire prevention and safety projects, including the completion of approved and recommended projects contained in any safety survey report or amendments thereto authorized by Section 2-3.12 of this Act, and it is determined after a public hearing (which is preceded by at least one published notice (i) occurring at least 7 days prior to the hearing in a newspaper of general circulation within the school district and (ii) setting forth the time, date, place, and general subject matter of the hearing) that there is a substantial, immediate, and otherwise unavoidable threat to the health, safety, or welfare of pupils due to disrepair of school sidewalks, playgrounds, parking lots, or school bus turnarounds and repairs must be made: then in any such event, such district may, by proper resolution, levy a tax for the purpose of making such alteration or reconstruction, based on a survey report by an architect or engineer licensed in the State of Illinois, upon all the taxable property of the district at the value as assessed by the Department of Revenue at a rate not to exceed .05% per year for a period sufficient to finance such alterations, repairs, or reconstruction, upon the following conditions:

(a) When there are not sufficient funds available in either the operations and maintenance fund of the district, the school facility occupation tax fund of the district, or the fire prevention and safety fund of the district as determined by the district on the basis of regulations adopted by the State Board of Education to make such alterations, repairs, or reconstruction, or to purchase and install such permanent fixed equipment so ordered or determined as necessary. Appropriate school district records shall be made available to the State Superintendent of Education upon request to confirm such insufficiency.

(b) When a certified estimate of an architect or engineer licensed in the State of Illinois stating the estimated amount necessary to make the alterations or repairs, or to purchase and install such equipment so ordered has been secured by the district,
and the estimate has been approved by the regional superintendent of schools, having jurisdiction of the district, and the State Superintendent of Education. Approval shall not be granted for any work that has already started without the prior express authorization of the State Superintendent of Education. If such estimate is not approved or denied approval by the regional superintendent of schools within 3 months after the date on which it is submitted to him or her, the school board of the district may submit such estimate directly to the State Superintendent of Education for approval or denial.

For purposes of this Section a school district may replace a school building or build additions to replace portions of a building when it is determined that the effectuation of the recommendations for the existing building will cost more than the replacement costs. Such determination shall be based on a comparison of estimated costs made by an architect or engineer licensed in the State of Illinois. The new building or addition shall be equivalent in area (square feet) and comparable in purpose and grades served and may be on the same site or another site. Such replacement may only be done upon order of the regional superintendent of schools and the approval of the State Superintendent of Education.

The filing of a certified copy of the resolution levying the tax when accompanied by the certificates of the regional superintendent of schools and State Superintendent of Education shall be the authority of the county clerk to extend such tax.

The county clerk of the county in which any school district levying a tax under the authority of this Section is located, in reducing raised levies, shall not consider any such tax as a part of the general levy for school purposes and shall not include the same in the limitation of any other tax rate which may be extended.

Such tax shall be levied and collected in like manner as all other taxes of school districts, subject to the provisions contained in this Section.

The tax rate limit specified in this Section may be increased to .10% upon the approval of a proposition to effect such increase by a
majority of the electors voting on that proposition at a regular scheduled election. Such proposition may be initiated by resolution of the school board and shall be certified by the secretary to the proper election authorities for submission in accordance with the general election law.

When taxes are levied by any school district for fire prevention, safety, energy conservation, and school security purposes as specified in this Section, and the purposes for which the taxes have been levied are accomplished and paid in full, and there remain funds on hand in the Fire Prevention and Safety Fund from the proceeds of the taxes levied, including interest earnings thereon, the school board by resolution shall use such excess and other board restricted funds excluding bond proceeds and earnings from such proceeds (1) for other authorized fire prevention, safety, energy conservation, and school security purposes or (2) for transfer to the Operations and Maintenance Fund for the purpose of abating an equal amount of operations and maintenance purposes taxes. If any transfer is made to the Operation and Maintenance Fund, the secretary of the school board shall within 30 days notify the county clerk of the amount of that transfer and direct the clerk to abate the taxes to be extended for the purposes of operations and maintenance authorized under Section 17-2 of this Act by an amount equal to such transfer.

If the proceeds from the tax levy authorized by this Section are insufficient to complete the work approved under this Section, the school board is authorized to sell bonds without referendum under the provisions of this Section in an amount that, when added to the proceeds of the tax levy authorized by this Section, will allow completion of the approved work.

Such bonds shall bear interest at a rate not to exceed the maximum rate authorized by law at the time of the making of the contract, shall mature within 20 years from date, and shall be signed by the president of the school board and the treasurer of the school district.

In order to authorize and issue such bonds, the school board shall adopt a resolution fixing the amount of bonds, the date thereof, the maturities thereof, rates of interest thereof, place of payment and denomination, which shall be in denominations of not less than $100 and
not more than $5,000, and provide for the levy and collection of a direct
annual tax upon all the taxable property in the school district sufficient to
pay the principal and interest on such bonds to maturity. Upon the filing in
the office of the county clerk of the county in which the school district is
located of a certified copy of the resolution, it is the duty of the county
clerk to extend the tax therefor in addition to and in excess of all other
taxes heretofore or hereafter authorized to be levied by such school
district.

After the time such bonds are issued as provided for by this
Section, if additional alterations or reconstructions are required to be made
because of surveys conducted by an architect or engineer licensed in the
State of Illinois, the district may levy a tax at a rate not to exceed .05% per
year upon all the taxable property of the district or issue additional bonds,
whichever action shall be the most feasible.

This Section is cumulative and constitutes complete authority for
the issuance of bonds as provided in this Section notwithstanding any
other statute or law to the contrary.

With respect to instruments for the payment of money issued under
this Section either before, on, or after the effective date of Public Act 86-
004 (June 6, 1989), it is, and always has been, the intention of the General
Assembly (i) that the Omnibus Bond Acts are, and always have been,
supplementary grants of power to issue instruments in accordance with the
Omnibus Bond Acts, regardless of any provision of this Act that may
appear to be or to have been more restrictive than those Acts, (ii) that the
provisions of this Section are not a limitation on the supplementary
authority granted by the Omnibus Bond Acts, and (iii) that instruments
issued under this Section within the supplementary authority granted by
the Omnibus Bond Acts are not invalid because of any provision of this
Act that may appear to be or to have been more restrictive than those Acts.

When the purposes for which the bonds are issued have been
accomplished and paid for in full and there remain funds on hand from the
proceeds of the bond sale and interest earnings therefrom, the board shall,
by resolution, use such excess funds in accordance with the provisions of
Section 10-22.14 of this Act.
