(415 ILCS 5/55.8) (from Ch. 111 1/2, par. 1055.8)
Sec. 55.8. Tire retailers.
(a) Beginning July 1, 1992, Any person selling new or used tires at retail or offering new or used tires for retail sale in this State shall:
   (1) beginning on June 20, 2003 (the effective date of Public Act 93-32), collect from retail customers a fee of $2 per new or used tire sold and delivered in this State, to be paid to the Department of Revenue and deposited into the Used Tire Management Fund, less a collection allowance of 10 cents per tire to be retained by the retail seller and a collection allowance of 10 cents per tire to be retained by the Department of Revenue and paid into the General Revenue Fund;
   (1.5) beginning on July 1, 2003, collect from retail customers an additional 50 cents per new or used tire sold and delivered in this State. The money collected from this fee shall be deposited into the Emergency Public Health Fund. This fee shall no longer be collected beginning on January 1, 2008.
   (2) accept for recycling used tires from customers, at the point of transfer, in a quantity equal to the number of new tires purchased; and
   (3) post in a conspicuous place a written notice at least 8.5 by 11 inches in size that includes the universal recycling symbol and the following statements: "DO NOT put used tires in the trash."; "Recycle your used tires."; and "State law requires us to accept used tires for recycling, in exchange for new tires purchased."

New matter indicated by italics - deletions by strikeout
(b) A person who accepts used tires for recycling under subsection (a) shall not allow the tires to accumulate for periods of more than 90 days.

(c) The requirements of subsection (a) of this Section do not apply to mail order sales nor shall the retail sale of a motor vehicle be considered to be the sale of tires at retail or offering of tires for retail sale. Instead of filing returns, retailers of tires may remit the tire user fee of $1.00 per tire to their suppliers of tires if the supplier of tires is a registered retailer of tires and agrees or otherwise arranges to collect and remit the tire fee to the Department of Revenue, notwithstanding the fact that the sale of the tire is a sale for resale and not a sale at retail. A tire supplier who enters into such an arrangement with a tire retailer shall be liable for the tax on all tires sold to the tire retailer and must (i) provide the tire retailer with a receipt that separately reflects the tire tax collected from the retailer on each transaction and (ii) accept used tires for recycling from the retailer's customers. The tire supplier shall be entitled to the collection allowance of 10 cents per tire.

The retailer of the tires must maintain in its books and records evidence that the appropriate fee was paid to the tire supplier and that the tire supplier has agreed to remit the fee to the Department of Revenue for each tire sold by the retailer. Otherwise, the tire retailer shall be directly liable for the fee on all tires sold at retail. Tire retailers paying the fee to their suppliers are not entitled to the collection allowance of 10 cents per tire.

(d) The requirements of subsection (a) of this Section shall apply exclusively to tires to be used for vehicles defined in Section 1-217 of the Illinois Vehicle Code, aircraft tires, special mobile equipment, and implements of husbandry.

(e) The requirements of paragraph (1) of subsection (a) do not apply to the sale of reprocessed tires. For purposes of this Section, "reprocessed tire" means a used tire that has been recapped, retreaded, or regrooved and that has not been placed on a vehicle wheel rim.

The board of trustees also has the power to sell and dispose of property, real and personal, that is no longer needed for its purposes. Except as otherwise provided in this Section all contracts involving the expenditure by the district of more than $20,000 for construction work or for the purchase of equipment as improvements, extensions or replacements shall be entered into only after notice inviting bids shall have been published in a newspaper published in the district, and if there is no such newspaper, in a newspaper published in the county and having general circulation in the district at least once not less than 10 days prior to the date of making any such contract. Any obligations incurred by the district of any kind or character whatsoever shall not in any event constitute and be deemed an indebtedness within the meaning of any of the provisions or limitations of the constitution or of any statute, but all such obligations are payable solely and only out of revenues derived from the operation of the waterworks properties of the district or from the proceeds of bonds issued, as hereinafter provided. power for pumping or for the supply of water to any city, village or incorporated town, shall be entered into for a longer period than 40 years.

Contracts for a supply of water shall not be subject to such provisions for public bidding. No prior appropriation shall be required before entering into such a contract for a supply of water and no appropriation shall be required to authorize payments to be made under the terms of any such contract. Payment to be made under any such supply contract shall be an operation and maintenance expense of the waterworks system of the district. Any such contract made by a district for a supply of water may contain provisions whereby the district is obligated to pay for such supply of water without setoff or counterclaim and irrespective of whether such supply of water is ever furnished, made available or delivered to the district or whether any project for the supply of water contemplated by any such contract is completed, operable or operating and notwithstanding any suspension, interruption, interference, reduction or curtailment of the supply of water from such project. Any such contract may provide that if one or more of the other purchasers of water defaults in the payment of its obligations under such contract or a similar contract made with the supplier of the water, one or more of the remaining purchasers party to such contract or such similar contract shall be required to pay for all or a portion of the obligations of the defaulting purchasers.

In the event of an emergency affecting or threatening the public health or safety, in order to maintain the safety and adequacy of service to the district's customers, the general manager, with the consent of the board chairman or vice chairman, may enter into contracts for necessary construction work or for the purchase of supplies, materials, or equipment without public advertisement. The general manager shall make a full written report to the board of trustees detailing the nature of the emergency, the responsive action taken by the general manager, and the contracts made to resolve the emergency.

(3) is capable of utilizing the lighting and braking systems of the disabled vehicle or combination of vehicles; and

(4) does not engage in a tow exceeding 20 miles from the initial point of wreck or disablement. Any additional movement of the vehicles may occur only upon issuance of authorization for that movement under the provisions of Sections 15-301 through 15-319 of this Code. The towing vehicle, however, may tow any disabled vehicle from the initial point of wreck or disablement to a point where repairs are actually to occur. This movement shall be valid only on State routes. The tower must abide by posted bridge weight limits.

Gross weight limits shall not apply to the combination of the tow truck and vehicles being towed. The tow truck license plate must cover the operating empty weight of the tow truck only. The weight of each vehicle

being towed shall be covered by a valid license plate issued to the owner or operator of the vehicle being towed and displayed on that vehicle. If no valid plate issued to the owner or operator of that vehicle is displayed on that vehicle, or the plate displayed on that vehicle does not cover the weight of the vehicle, the weight of the vehicle shall be covered by the third tow truck plate issued to the owner or operator of the tow truck and temporarily affixed to the vehicle being towed. *If a roll-back carrier is registered and being used as a tow truck, however, the license plate or plates for the tow truck must cover the gross vehicle weight, including any load carried on the bed of the roll-back carrier.*

The Department may by rule or regulation prescribe additional requirements. However, nothing in this Code shall prohibit a tow truck under instructions of a police officer from legally clearing a disabled vehicle, that may be in violation of weight limitations of this Chapter, from the roadway to the berm or shoulder of the highway. If in the opinion of the police officer that location is unsafe, the officer is authorized to have the disabled vehicle towed to the nearest place of safety.

For the purpose of this subsection, gross vehicle weight rating, or GVWR, shall mean the value specified by the manufacturer as the loaded weight of the tow truck.

(e) No vehicle or combination of vehicles equipped with pneumatic tires shall be operated, unladen or with load, upon the highways of this State in violation of the provisions of any permit issued under the provisions of Sections 15-301 through 15-319 of this Chapter.

(f) On designated Class I, II, or III highways and the National System of Interstate and Defense Highways, no vehicle or combination of vehicles with pneumatic tires may be operated, unladen or with load, when the total weight on the road surface exceeds the following: 20,000 pounds on a single axle; 34,000 pounds on a tandem axle with no axle within the tandem exceeding 20,000 pounds; 80,000 pounds gross weight for vehicle combinations of 5 or more axles; or a total weight on a group of 2 or more consecutive axles in excess of that weight produced by the application of the following formula: \( W = 500 \times (LN \div (N-1)) + 12N + 36 \), where "W" equals overall total weight on any group of 2 or

more consecutive axles to the nearest 500 pounds, "L" equals the distance measured to the nearest foot between extremes of any group of 2 or more consecutive axles, and "N" equals the number of axles in the group under consideration.

The above formula when expressed in tabular form results in allowable loads as follows:

If the distance between 2 axles is 96 inches or less, the 2 axles are tandem axles and the maximum total weight may not exceed 34,000 pounds, notwithstanding the higher limit resulting from the application of the formula.

Vehicles not in a combination having more than 4 axles may not exceed the weight in the table in this subsection (f) for 4 axles measured between the extreme axles of the vehicle.

Vehicles in a combination having more than 6 axles may not exceed the weight in the table in this subsection (f) for 6 axles measured between the extreme axles of the combination.

Local authorities, with respect to streets and highways under their jurisdiction, without additional fees, may also by ordinance or resolution allow the weight limitations of this subsection, provided the maximum gross weight on any one axle shall not exceed 20,000 pounds and the maximum total weight on any tandem axle shall not exceed 34,000 pounds, on designated highways when appropriate regulatory signs giving notice are erected upon the street or highway or portion of any street or highway affected by the ordinance or resolution.

The following are exceptions to the above formula:

1. Two consecutive sets of tandem axles may carry a total weight of 34,000 pounds each if the overall distance between the first and last axles of the consecutive sets of tandem axles is 36 feet or more.

2. Vehicles for which a different limit is established and posted in accordance with Section 15-316 of this Code.

3. Vehicles for which the Department of Transportation and local authorities issue overweight permits under authority of Section 15-301 of this Code. These vehicles are not subject to the bridge formula.

4. Tow trucks subject to the conditions provided in subsection (d) may not exceed 24,000 pounds on a single rear axle or 44,000 pounds on a tandem rear axle.

5. A tandem axle on a 3-axle truck registered as a Special Hauling Vehicle, manufactured prior to or in the model year of
2014, and registered in Illinois prior to January 1, 2015, with a
distance between 2 axles in a series greater than 72 inches but not
more than 96 inches may not exceed a total weight of 36,000
pounds and neither axle of the series may exceed 18,000 pounds.

(6) A truck not in combination, equipped with a self
compactor or an industrial roll-off hoist and roll-off container, used
exclusively for garbage, refuse, or recycling operations, may, when
laden, transmit upon the road surface, except when on part of the
National System of Interstate and Defense Highways, the following
maximum weights: 22,000 pounds on a single axle; 40,000 pounds
on a tandem axle; 36,000 pounds gross weight on a 2-axle vehicle;
54,000 pounds gross weight on a 3-axle vehicle. This vehicle is not
subject to the bridge formula.

(7) Combinations of vehicles, registered as Special Hauling
Vehicles that include a semitrailer manufactured prior to or in the
model year of 2014, and registered in Illinois prior to January 1,
2015, having 5 axles with a distance of 42 feet or less between
extreme axles, may not exceed the following maximum weights:
18,000 pounds on a single axle; 32,000 pounds on a tandem axle;
and 72,000 pounds gross weight. This combination of vehicles is
not subject to the bridge formula. For all those combinations of
vehicles that include a semitrailer manufactured after the effective
date of this amendatory Act of the 92nd General Assembly, the
overall distance between the first and last axles of the 2 sets of
tandems must be 18 feet 6 inches or more. Any combination of
vehicles that has had its cargo container replaced in its entirety
after December 31, 2014 may not exceed the weights allowed by
the bridge formula.

(8) A 4-axle truck mixer registered as a Special Hauling
Vehicle, used exclusively for the mixing and transportation of
concrete in the plastic state, manufactured before or in the model
year of 2014, first registered in Illinois before January 1, 2015, and
not operated on a highway that is part of the National System of
Interstate Highways, is allowed the following maximum weights:

New matter indicated by italics - deletions by strikeout
20,000 pounds on any single axle; 36,000 pounds on a series of axles greater than 72 inches but not more than 96 inches; and 34,000 pounds on any series of 2 axles greater than 40 inches but not more than 72 inches. The gross weight of this vehicle may not exceed the weights allowed by the bridge formula for 4 axles. The bridge formula does not apply to any series of 3 axles while the vehicle is transporting concrete in the plastic state, but no axle or tandem axle of the series may exceed the maximum weight permitted under this subsection (f).

No vehicle or combination of vehicles equipped with other than pneumatic tires may be operated, unladen or with load, upon the highways of this State when the gross weight on the road surface through any wheel exceeds 800 pounds per inch width of tire tread or when the gross weight on the road surface through any axle exceeds 16,000 pounds.

(f-1) A vehicle and load not exceeding 73,280 pounds is allowed access as follows:

1. From any State designated highway onto any county, township, or municipal highway for a distance of 5 highway miles for the purpose of loading and unloading, provided:
   (A) The vehicle and load does not exceed 8 feet 6 inches in width and 65 feet overall length.
   (B) There is no sign prohibiting that access.
   (C) The route is not being used as a thoroughfare between State designated highways.

2. From any State designated highway onto any county or township highway for a distance of 5 highway miles, or any municipal highway for a distance of one highway mile for the purpose of food, fuel, repairs, and rest, provided:
   (A) The vehicle and load does not exceed 8 feet 6 inches in width and 65 feet overall length.
   (B) There is no sign prohibiting that access.
   (C) The route is not being used as a thoroughfare between State designated highways.

(f-2) A vehicle and load greater than 73,280 pounds in weight but not exceeding 80,000 pounds is allowed access as follows:

(1) From a Class I highway onto any street or highway for a distance of one highway mile for the purpose of loading, unloading, food, fuel, repairs, and rest, provided there is no sign prohibiting that access.

(2) From a Class I, II, or III highway onto any State highway or any local designated highway for a distance of 5 highway miles for the purpose of loading, unloading, food, fuel, repairs, and rest.

Section 5-35 of the Illinois Administrative Procedure Act relating to procedures for rulemaking shall not apply to the designation of highways under this subsection.

(g) No person shall operate a vehicle or combination of vehicles over a bridge or other elevated structure constituting part of a highway with a gross weight that is greater than the maximum weight permitted by the Department, when the structure is sign posted as provided in this Section.

(h) The Department upon request from any local authority shall, or upon its own initiative may, conduct an investigation of any bridge or other elevated structure constituting part of a highway, and if it finds that the structure cannot with safety to itself withstand the weight of vehicles otherwise permissible under this Code the Department shall determine and declare the maximum weight of vehicles that the structures can withstand, and shall cause or permit suitable signs stating maximum weight to be erected and maintained before each end of the structure. No person shall operate a vehicle or combination of vehicles over any structure with a gross weight that is greater than the posted maximum weight.

(i) Upon the trial of any person charged with a violation of subsections (g) or (h) of this Section, proof of the determination of the maximum allowable weight by the Department and the existence of the signs, constitutes conclusive evidence of the maximum weight that can be maintained with safety to the bridge or structure.

AN ACT concerning regulation.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Credit Union Act is amended by changing Section 20 as follows:

(205 ILCS 305/20) (from Ch. 17, par. 4421)
Sec. 20. Election or appointment of officials.

(1) The credit union shall be directed by a Board of Directors consisting of no less than 7 in number, to be elected at the annual meeting by and from the members. Directors shall hold office until the next annual meeting, unless their terms are staggered. Upon amendment of its bylaws, a credit union may divide the Directors into 2 or 3 classes with each class as nearly equal in number as possible. The term of office of the directors of the first class shall expire at the first annual meeting after their election, that of the second class shall expire at the second annual meeting after their election, and that of the third class, if any, shall expire at the third annual meeting after their election. At each annual meeting after the classification, the number of directors equal to the number of directors whose terms expire at the time of the meeting shall be elected to hold office until the second succeeding annual meeting if there are 2 classes or until the third succeeding annual meeting if there are 3 classes. A Director shall hold office for the term for which he or she is elected and until his or her successor is elected and qualified.

(1.5) Except as provided in subsection (1.10), in all elections for Directors, every member has the right to vote, in person or by proxy, the
number of shares owned by him, or in the case of a member other than a natural person, the member's one vote, for as many persons as there are Directors to be elected, or to cumulate such shares, and give one candidate as many votes as the number of Directors multiplied by the number of his shares equals, or to distribute them on the same principle among as many candidates as he may desire and the Directors shall not be elected in any other manner. Shares held in a joint account owned by more than one member may be voted by any one of the members, however, the number of cumulative votes cast may not exceed a total equal to the number of shares multiplied by the number of directors to be elected. A majority of the shares entitled to vote shall be represented either in person or by proxy for the election of Directors. Each Director shall wholly take and subscribe to an oath that he will diligently and honestly perform his duties in administering the affairs of the credit union, that while he may delegate to another the performance of those administrative duties he is not thereby relieved from his responsibility for their performance, that he will not knowingly violate or willingly permit to be violated any law applicable to the credit union, and that he is the owner of at least one share of the credit union.

(1.10) Upon amendment of a credit union's bylaws approved by the members, in all elections for Directors, every member who is a natural person shall have the right to cast one vote, regardless of the number of his or her shares, in person or by proxy, for as many persons as there are Directors to be elected.

(2) The Board of Directors shall appoint from among the members of the credit union, a Supervisory Committee of not less than 3 members at the organization meeting and within 30 days following each annual meeting of the members for such terms as the bylaws provide. Members of the Supervisory Committee may, but need not be, on the Board of Directors, but shall not be officers of the credit union, members of the Credit Committee, or the credit manager if no Credit Committee has been appointed.

(3) The Board of Directors may appoint, from among the members of the credit union, a Credit Committee consisting of an odd number, not
less than 3 for such terms as the bylaws provide. Members of the Credit Committee may, but need not be, Directors or officers of the credit union, but shall not be members of the Supervisory Committee.

(4) The Board of Directors may appoint from among the members of the credit union a Membership Committee of one or more persons. If appointed, the Committee shall act upon all applications for membership and submit a report of its actions to the Board of Directors at the next regular meeting for review. If no Membership Committee is appointed, credit union management shall act upon all applications for membership and submit a report of its actions to the Board of Directors at the next regular meeting for review.

Passed in the General Assembly May 15, 2007

PUBLIC ACT 95-0054
(House Bill No. 0365)

AN ACT concerning conservation districts.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Conservation District Act is amended by changing Sections 5 and 6 and adding Section 18.1 as follows:

(70 ILCS 410/5) (from Ch. 96 1/2, par. 7105)
Sec. 5. Board of trustees.

New matter indicated by italics - deletions by strikeout
(a) The affairs of a conservation district shall be managed by a board consisting of 5 trustees, except as otherwise provided in this Section. If the boundaries of the district are coextensive with the boundaries of one county, the trustees shall be residents of that county. If the district embraces 2 counties, 3 trustees shall be residents of the county with the larger population and 2 trustees shall be residents of the other county. If the district embraces 3 counties, one trustee shall be a resident of the county with the smallest population and each of the other counties shall have 2 resident trustees. If the district embraces 4 counties, 2 trustees shall be residents of the county with the largest population and each of the other counties shall have one resident trustee. If the district embraces 5 counties, each county shall have one resident trustee.

(b) A district that is entirely within a county of under 750,000 inhabitants and contiguous to a county of more than 2,000,000 inhabitants and that is authorized by referendum as provided in subsection (d) of Section 15 to incur indebtedness over 0.575% but not to exceed 1.725% shall have a board consisting of 7 trustees, all of whom shall be residents of the county. The additional 2 trustees shall be appointed by the chairman of the county board, with the consent of the county board, and shall hold office for terms expiring on June 30 as follows: one trustee after 4 years and one trustee after 5 years from the date of the referendum. Successor trustees shall be appointed in the same manner no later than June 1 before the commencement of the term of the trustee.

(c) Trustees shall be qualified voters of the district who do not hold any other public office and are not officers of any political party. Trustees, if nominated by the county board chairman as hereinafter provided, shall be selected on the basis of their demonstrated interest in the purpose of conservation districts.

(d) If the trustees are appointed, the chairman of the county board for the county of which the trustee is a resident shall, with the consent of the county board of that county, appoint the first trustees who shall hold office for terms expiring on June 30 after one, 2, 3, 4, and 5 year periods respectively as determined and fixed by lot. Thereafter, successor appointed trustees shall be appointed for a term of 5 years in the same

New matter indicated by italics - deletions by strikeout
manner no later than June 1 prior to the commencement of term of the trustee. If the term of office of any appointed trustee expires before the first election of trustees under subsection (i) after referendum approval of elected trustees, the chairman of the county board who appointed that trustee under this subsection shall appoint a successor to serve until a successor is elected and has qualified.

(e) When a vacancy occurs in the office of trustee, whether by death, resignation, refusal to qualify, no longer being a qualified voter of the district, or for any other reason, the board of trustees shall declare that a vacancy exists. The vacancy shall be filled within 60 days. Each successor trustee shall serve for a term of 5 years. A vacancy occurring otherwise than by expiration of term, for appointed trustees, shall be filled for the unexpired term by appointment of a trustee by the county board chairman of the county of which the trustee shall be a resident, with the approval of the county board of that county. An appointed trustee who has served a full term of 5 years is ineligible to serve as a trustee for a period of one year following the expiration of his or her term. In the case of an elected trustee, appointment of an eligible person shall be by the president of the board of trustees with the advice and consent of the other trustees. The appointee shall serve the remainder of the unexpired term. If, however, more than 28 months remain in the term of the elected trustee and the vacancy occurs at least 182 days before the next general election, the appointment shall be until the next general election, at which time the vacant office of the elected trustee shall be filled by election for the remainder of the term.

If a vacancy occurs in the office of president of the board of trustees, the remaining trustees shall select one of their number to serve as president for the balance of the unexpired term of the president in whose office the vacancy occurred.

When any trustee during his or her term of office shall cease to be a bona fide resident of the district, or shall move from one township or congressional township in the district to another so that the township residency requirements of this Section are no longer met, then he is disqualified as a trustee and his office becomes vacant. If the district has

decided to elect or appoint trustees from single member subdistricts under subsection (i), then when any trustee during his or her term of office shall cease to be a bona fide resident of the subdistrict he or she is disqualified as a trustee and the office becomes vacant.

(f) Trustees shall serve without compensation, but may be paid their actual and necessary expenses incurred in the performance of their official duties.

(g) An appointed trustee may be removed for cause by the county board chairman for the county of which the trustee is a resident, with the approval of the county board of that county, but every such removal shall be by a written order and which shall be filed with the county clerk.

(h) A conservation district with 5 trustees may determine by majority vote of the board to increase the size of the board to 7 trustees. With respect to a 7-member board, no more than 3 members may be residents of any township in a county under township organization or of any congressional township in a county not under township organization. In the case of a 7-member board representing a district that embraces 2 counties, 4 trustees shall be residents of the county with the larger population and 3 trustees shall be residents of the other county. If the district embraces 3 counties, 2 trustees shall be residents of each of the 2 counties with the smallest population and the largest county shall have 3 resident trustees. If the district embraces 4 counties, one trustee shall be a resident of the county with the smallest population and each of the other counties shall have 2 resident trustees. The pertinent appointing authorities shall appoint the additional 2 trustees to initial terms as equally staggered as possible from the terms of the trustees already appointed from that township or county so that 2 trustees representing the same area shall not be succeeded in the same year.

trustees, (ii) to have a board of trustees with 5 or 7 members, and (iii) to have trustees chosen at large or from single member subdistricts. If the boundaries of the district are coextensive with the boundaries of a single county, the county board may determine by ordinance to hold the referendum; or if the boundaries of the district are embraced by more than one county, the county boards of each county in the district, jointly, may determine by ordinance to hold the referendum; or a petition signed by not less than 5% of the electors of the entire district who voted in the last gubernatorial election may be submitted to the board of trustees requiring the district to hold the referendum.

The secretary of the board of trustees shall certify the proposition to the appropriate election authorities who shall submit the proposition at a consolidated or general election according to the Election Code. The Election Code shall apply to and govern the election. The proposition shall be in substantially the following form:

Shall the (insert name) Conservation District have an (insert "elected" or "appointed") board of trustees with (insert "5" or "7") trustees chosen (insert "at large" or "from single member subdistricts")?

The votes shall be recorded as "Yes" or "No".

If a majority of the votes cast on the proposition are in the affirmative, the trustees of the district shall thereafter be chosen as provided in this paragraph. At the next consolidated election, a district that has decided by referendum to have its trustees elected rather than appointed shall elect 5 or 7 trustees as provided in the ordinance or petition and in the proposition. The trustees shall be elected on a nonpartisan basis. The provisions of the general election law shall apply to and govern the nomination and election of the trustees.

(1) If the district has decided to elect or appoint at large trustees, then with respect to a 5-member board, the residency of members shall be the same as prescribed in subsection (a).

With respect to a 7-member board, no more than 3 members may be residents of any township in a county under township organization or of any congressional township in a

In the case of a 7-member board representing a district that embraces 2 counties, 4 trustees shall be residents of the county with the larger population and 3 trustees shall be residents of the other county. If the district embraces 3 counties, 2 trustees shall be residents of each of the 2 counties with the smaller populations and the county with the largest population shall have 3 resident trustees. If the district embraces 4 counties, one trustee shall be a resident of the county with the smallest population and each of the other counties shall have 2 resident trustees. If the district embraces 5 counties, the 2 counties with the largest populations shall each have 2 resident trustees and each of the other counties shall have one resident trustee.

(2) If the district has decided to elect or appoint trustees from single member subdistricts, then with respect to a 5-member board of a district embracing a single county, the county board shall apportion the district into 5 subdistricts. One trustee shall be a resident of and elected or appointed from each of the 5 subdistricts. In the case of a 5-member board of a district embracing more than one county, the members of each county board shall, jointly, apportion the district into 5 subdistricts. One trustee shall be a resident of and elected or appointed from each of the 5 subdistricts. The initial subdistricts shall be apportioned within 90 days after the referendum is approved, and the subdistricts shall be reapportioned after each decennial census.

With respect to a 7-member board of a district embracing a single county, the county board shall apportion the district into 7 subdistricts. One trustee shall be a resident of and elected or appointed from each of the 7 subdistricts. (j) When a conservation district determines to elect or appoint trustees as provided in subsection (i), the terms of these trustees shall commence on the first Monday of December following the election. The terms of all trustees previously appointed or elected under this Section shall expire on the first Monday of December following the first election.

(1) If the district has decided to elect or appoint at-large trustees, then the initial elected board of trustees shall, no later than 45 days after taking office, divide themselves publicly by lot as equally as possible into 2 groups. Trustees or their successors from the larger group shall serve for terms of 4 years; the initial elected trustees from the second group shall serve for terms of 2 years, and their successors shall be elected for terms of 4 years.

(2) If the district has decided to elect or appoint trustees from single member subdistricts, then the members of the initial elected board of trustees and each subsequent board elected prior to the first decennial census following the initial apportionment shall be elected to a term of 2 years. In the year following the first decennial census occurring after the initial apportionment and in the year following each subsequent decennial census, the 5 or 7 subdistricts shall be reapportioned to reflect the results of the census. The board of trustees elected in the first election following a decennial census shall, no later than 45 days after taking office, divide themselves publicly by lot as equally as possible into 3 groups. Section 10. The Downstate Forest Preserve District Act is amended by changing Section 1 as follows:

Sec. 1. Whenever any area of contiguous territory lying wholly within one county contains one or more natural forests or parks thereof and one or more cities, towns or villages, such territory may be incorporated as a forest preserve district by a referendum passed under Section 18.1 of the Conservation District Act or in the following manner, to wit:

Any 500 legal voters residing within the limits of such proposed district may petition the circuit court of the county in which such proposed district lies, to order the question to be submitted to the legal voters of such proposed district whether or not it shall be organized as a forest preserve district under this act. Such petition shall be addressed to the circuit court of the county in which such proposed forest preserve district is situated and shall contain a definite description of the territory intended to be embraced in such district, and the name of such district. Upon the filing of such petition in the office of the clerk of the circuit court of the county in which such territory is situated, it shall be the duty of such circuit court to fix a day and hour for the public consideration thereof, which shall not be less than 15 days after the filing of such petition. In the event that any other petition or petitions for the organization of a forest preserve district or districts in the same county is filed under this act before the time fixed for the public hearing of the first petition, the circuit court shall postpone the public consideration of the first petition so that the hearing of all petitions shall be set for the same day and hour. In any county where there are 2 or more judges sitting at the time of filing such first petitions the clerk of the circuit court shall cause all petitions filed subsequent to the first petition to be assigned to the judge to whom the first petition is assigned so that all such petitions may be heard by the same judge.

Should 2 or more petitions be filed under this act and come on for hearing at the same time and it shall be found by the circuit court that any of the territory embraced in any one of the petitions is included in or contiguous with the territory embraced in any other petition or petitions, the circuit court may include all of the territory described in such petitions in one district and shall fix the name proposed in the petition first filed as the name for the district. After the entry of the order fixing and defining the boundaries and the name of such proposed district, it shall be the duty of the circuit court to order to be submitted to the legal voters of such proposed district at any election, the question of the organization of such proposed district. The training course shall be approved by the Department in accordance with the minimum standards established by the Department under this Act.

(b-3) Each school and day care center shall ensure that all parents, guardians, and employees are notified at least once each school year that the notification requirements established by this Section have been met. The school and day care center shall keep copies of all notifications required by this Section and any written integrated pest management program plan developed in accordance with this Section and make these copies available for public inspection at the school or day care center.

(c) The Structural Pest Control Advisory Council shall assist the Department in developing the guidelines for integrated pest management programs. In developing the guidelines, the Council shall consult with individuals knowledgeable in the area of integrated pest management.

Section 5. The Department of Human Services Act is amended by adding Section 10-32 as follows:

(20 ILCS 1305/10-32 new)

(a) The General Assembly finds and declares that African American men: (1) are disproportionately less likely to complete high school and to obtain a post-secondary education; (2) are more likely to be incarcerated or on parole; (3) are more likely to have lower lifetime economic earnings; (4) are more likely to have been a part of the child welfare population; (5) are more likely to have a shorter life expectancy; and (6) are more likely to have health problems, such as HIV/AIDS, drug dependency, heart disease, obesity, and diabetes. Section 99. Effective date. This Act takes effect upon becoming law.

Sec. 5. Purpose. The General Assembly finds and declares it is in the public interest to promote the use of wireless 9-1-1 and wireless enhanced 9-1-1 (E9-1-1) service in order to save lives and protect the property of the citizens of the State of Illinois.

Wireless carriers are required by the Federal Communications Commission (FCC) to provide E9-1-1 service in the form of automatic location identification and automatic number identification pursuant to policies set forth by the FCC.

Public safety agencies and wireless carriers are encouraged to work together to provide emergency access to wireless 9-1-1 and wireless E9-1-1 service. Public safety agencies and wireless carriers operating wireless 9-1-1 and wireless E9-1-1 systems require adequate funding to recover the costs of designing, purchasing, installing, testing, and operating enhanced facilities, systems, and services necessary to comply with the wireless E9-1-1 requirements mandated by the Federal Communications Commission and to maximize the availability of wireless E9-1-1 services throughout the State of Illinois.

The revenues generated by the wireless carrier surcharge enacted by this Act are required to fund the efforts of the wireless carriers, emergency telephone system boards, qualified governmental entities, and the Department of State Police to improve the public health, safety, and welfare and to serve a public purpose by providing emergency telephone assistance through wireless communications.

It is the intent of the General Assembly to:

(1) establish and implement a cohesive statewide emergency telephone number that will provide wireless telephone users with rapid direct access to public safety agencies by dialing the telephone number 9-1-1;

(2) encourage wireless carriers and public safety agencies to provide E9-1-1 services that will assist public safety agencies in determining the caller's approximate location and wireless telephone number;

New matter indicated by italics - deletions by strikeout
(3) grant authority to public safety agencies not already in possession of the authority to finance the cost of installing and operating wireless 9-1-1 systems and reimbursing wireless carriers for costs incurred to provide wireless E9-1-1 services; and

(4) provide for a reasonable fee on wireless telephone service subscribers to accomplish these purposes and provide for the enforcement and collection of such fees.

(Section scheduled to be repealed on April 1, 2008)

Sec. 17. Wireless carrier surcharge.

(a) Except as provided in Section 45, each wireless carrier shall impose a monthly wireless carrier surcharge per CMRS connection that either has a telephone number within an area code assigned to Illinois by the North American Numbering Plan Administrator or has a billing address in this State. In the case of prepaid wireless telephone service, this surcharge shall be remitted based upon the address associated with the point of purchase, the customer billing address, or the location associated with the MTN for each active prepaid wireless telephone that has a sufficient positive balance as of the last day of each month, if that information is available. No wireless carrier shall impose the surcharge authorized by this Section upon any subscriber who is subject to the
surcharge imposed by a unit of local government pursuant to Section 45. The wireless carrier that provides wireless service to the subscriber shall collect the surcharge set by the Wireless Enhanced 9-1-1 Board from the subscriber. For mobile telecommunications services provided on and after August 1, 2002, any surcharge imposed under this Act shall be imposed based upon the municipality or county that encompasses the customer's place of primary use as defined in the Mobile Telecommunications Sourcing Conformity Act. The surcharge shall be stated as a separate item on the subscriber's monthly bill. The wireless carrier shall begin collecting the surcharge on bills issued within 90 days after the Wireless Enhanced 9-1-1 Board sets the monthly wireless surcharge. State and local taxes shall not apply to the wireless carrier surcharge.

(b) Except as provided in Section 45, a wireless carrier shall, within 45 days of collection, remit, either by check or by electronic funds transfer, to the State Treasurer the amount of the wireless carrier surcharge collected from each subscriber. (c) The first such remittance by wireless carriers shall include the number of customers by zip code, and the 9-digit zip code if currently being used or later implemented by the carrier, that shall be the means by which the Illinois Commerce Commission shall determine distributions from the Wireless Service Emergency Fund. This information shall be updated no less often than every year. Wireless carriers are not required to remit surcharge moneys that are billed to subscribers but not yet collected. Any carrier that fails to provide the zip code information required under this subsection (c) or any prepaid wireless carrier that fails to provide zip code information based upon the addresses associated with its customers' points of purchase, customers' billing addresses, or locations associated with MTNs, as described in subsection (a) of this Section, shall be subject to the penalty set forth in subsection (f) of this Section.

(d) Within 90 days after the effective date of this amendatory Act of the 94th General Assembly, each wireless carrier must implement a
mechanism for the collection of the surcharge imposed under subsection (a) of this Section from its subscribers. If a wireless carrier does not implement a mechanism for the collection of the surcharge from its subscribers in accordance with this subsection (d), then the carrier is required to remit the surcharge for all subscribers until the carrier is deemed to be in compliance with this subsection (d) by the Illinois Commerce Commission.

(e) If before midnight on the last day of the third calendar month after the closing date of the remit period a wireless carrier does not remit the surcharge or any portion thereof required under this Section, then the surcharge or portion thereof shall be deemed delinquent until paid in full, and the Illinois Commerce Commission may impose a penalty against the carrier in an amount equal to the greater of:

1. $25 for each month or portion of a month from the time an amount becomes delinquent until the amount is paid in full; or
2. an amount equal to the product of 1% and the sum of all delinquent amounts for each month or portion of a month that the delinquent amounts remain unpaid.

A penalty imposed in accordance with this subsection (e) for a portion of a month during which the carrier provides the number of subscribers by zip code as required under subsection (c) of this Section shall be prorated for each day of that month during which the carrier had not provided the number of subscribers by zip code as required under subsection (c) of this Section. Any penalty imposed under this subsection (e) is in addition to the amount of the delinquency and is in addition to any other penalty imposed under this Section.

(f) If, before midnight on the last day of the third calendar month after the closing date of the remit period, a wireless carrier does not provide the number of subscribers by zip code as required under subsection (c) of this Section, then the report is deemed delinquent and the Illinois Commerce Commission may impose a penalty against the carrier in an amount equal to the greater of:

1. $25 for each month or portion of a month that the report is delinquent; or

New matter indicated by italics - deletions by strikeout
(2) an amount equal to the product of \( \frac{1}{2} \varepsilon \) and the number of subscribers served by the wireless carrier.

A penalty imposed in accordance with this subsection (f) for a portion of a month during which the carrier pays the delinquent amount in full shall be prorated for each day of that month that the delinquent amount was paid in full. Any penalty imposed under this subsection (f) is in addition to any other penalty imposed under this Section.

(g) The Illinois Commerce Commission may enforce the collection of any delinquent amount and any penalty due and unpaid under this Section by legal action or in any other manner by which the collection of debts due the State of Illinois may be enforced under the laws of this State. Section 99. Effective date. This Act takes effect upon becoming law.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Biomonitoring Feasibility Study Act.

Section 5. Findings and purposes.
(a) The General Assembly finds all of the following:

(1) An estimated 100,000 chemicals are on the U.S. Environmental Protection Agency's Toxic Substances Control Act inventory and thousands are in commerce today in the United States.

(2) These chemicals are regulated by the U.S. Environmental Protection Agency, in accordance with the Toxic Substances Control Act.

(3) With advancements in analytical chemistry, scientists can now detect minute quantities of chemicals in humans.

(4) Biomonitoring is one method for assessing human exposure to chemicals by measuring the chemicals or their breakdown products, known as metabolites, in human tissues or specimens, such as blood and urine. In studies conducted by the U.S. Centers for Disease Control and Prevention (CDC), biomonitoring data has helped to identify chemicals found in the environment and in human tissues, monitor changes in human exposure to those chemicals, and investigate the distribution of exposure among the general population. The CDC has developed standardized and validated analytical methods for measuring substances in humans. The CDC’s National Exposure Report provides statistically valid distribution measurements of chemicals in the U.S. population, including specific age, gender, and ethnic groups. CDC continues to develop new validated methods, and as they do so additional chemicals are being reported.

(b) The purpose of this Act is for the University of Illinois at Chicago (UIC), Great Lakes Center for Occupational and Environmental Safety and Health to conduct an Environmental Contaminant Biomonitoring Feasibility Study (Study) that proposes the best way to

New matter indicated by italics - deletions by strikeout
establish an Illinois Environmental Contaminant Biomonitoring Program (Program) that will do all of the following:

1. monitor the presence and concentration of designated chemicals in a representative sample of the population of this State;

2. produce biomonitoring studies that provide data for scientists, researchers, public health personnel, and community members to explore potential linkages between chemical exposure and health concerns; and

3. support Illinois public health by establishing trends in chemical exposures, validating modeling and survey methods, supporting epidemiological studies, identifying highly exposed communities, addressing the data gaps between chemical exposures and specific health outcomes, informing health responses to unanticipated emergency exposures, assessing the effectiveness of current regulations, and setting priorities for research.

Section 10. Definitions. In this Act:
"Agency" means the Illinois Environmental Protection Agency.
"Department" means the Illinois Department of Public Health.
"Panel" means the Scientific Guidance Panel.
"Program" means the Illinois Environmental Contaminant Biomonitoring Program.
"Study" means the Environmental Contaminant Biomonitoring Feasibility Study.

Section 15. Scientific Guidance Panel.
(a) In implementing the Study, the Department and the Agency shall establish a Scientific Guidance Panel. The Directors of the Department and the Agency shall appoint the members of the Panel. The Panel shall be composed of 11 members, whose expertise shall encompass the disciplines of public health, epidemiology, biostatistics, environmental medicine, risk analysis, exposure assessment, developmental biology, laboratory sciences, bioethics, maternal and child health with a specialty in breastfeeding, and toxicology. Members shall be appointed for 2-year

New matter indicated by italics - deletions by strikeout
terms. Members may be reappointed for additional terms without limitation. Members shall serve until their successors are appointed and have qualified for membership on the Panel. Vacancies shall be filled in the same manner as the original appointments, and any member so appointed shall serve during the remainder of the term for which the vacancy occurred. The Panel shall meet, at a minimum, 3 times per year. The Agency shall be responsible for staffing and administration of the Panel. Members of the Panel shall be reimbursed for travel and other necessary expenses incurred in the performance of their duties under this Act, but shall not receive a salary or compensation.

(b) The Panel shall provide guidance to UIC and make recommendations regarding the design and implementation of the Program. The Panel shall recommend:

(1) scientifically sound Program design, rationale, and procedures for selecting and collecting biological samples and for selecting the populations for biomonitoring, taking into account both ethical issues and issues pertaining to confidentiality of data;

(2) scientifically sound, peer-reviewed procedures for incorporating biomonitoring data into risk assessment guidance, policies and regulations;

(3) procedures to accurately and effectively interpret and communicate biomonitoring results within the context of potential risks to human health; and

(4) a procedure for selecting priority chemicals for inclusion in the Program using sound public health criteria, including all of the following criteria:

(A) The degree of potential exposure to the public or specific subgroups, including, but not limited to, certain occupations.

(B) The likelihood of a chemical being a carcinogen or toxicant based on peer-reviewed health data, its chemical structure, or the toxicology of chemically related compounds.

New matter indicated by italics - deletions by strikeout
(C) The availability and the limits of validated laboratory detection for the chemical, including the ability to reliably detect and quantify the chemical at levels low enough to be expected in the general population.

(c) The Panel may recommend additional designated chemicals not included in the National Report on Human Exposure to Environmental Chemicals for inclusion in the Program using all of the following criteria:

(1) Exposure or potential exposure to the public or specific subgroups.

(2) The known or suspected health effects resulting from some level of exposure based on scientifically valid studies.

(3) The need to assess the efficacy of public health actions to reduce exposure to a chemical causally associated with human health effects at environmentally relevant exposure levels.

(4) The availability of a scientifically valid method for accurately and reliably measuring the chemical in human specimens.

Section 20. Study report. Two years after the effective date of this Act, UIC shall release a draft report for public review and comment and for review by the Panel. The draft report shall contain the findings of the Study and shall include in the report recommended activities and estimated costs of establishing the Program. The period for public comment and review by the Panel shall last for 60 days. Within 90 days of the close of the public comment period, the draft report shall be revised, taking into consideration the comments received and the recommendations of the Panel. The final report shall be submitted to the Governor and General Assembly.

Sec. 10. Electronic documents; digital signatures; electronic notices.

(a) Electronic documents. If in the regular course of business, a financial institution possesses, records, or generates any document, representation, image, substitute check, reproduction, or combination thereof, of any agreement, transaction, act, occurrence, or event by any electronic or computer-generated process that accurately reproduces, comprises, or records the agreement, transaction, act, occurrence, or event, the recording, comprising, or reproduction shall have the same force and effect under the laws of this State as one comprised, recorded, or created on paper or other tangible form by writing, typing, printing, or similar means.

(b) Digital signatures. In any communication, acknowledgement, agreement, or contract between a financial institution and its customer, in which a signature is required or used, any party to the communication, acknowledgement, agreement, or contract may affix a signature by use of a digital signature, and the digital signature, when lawfully used by the person whose signature it purports to be, shall have the same force and effect as the use of a manual signature if it is unique to the person using it, is capable of verification, is under the sole control of the person using it, and is linked to data in such a manner that if the data are changed, the digital signature is invalidated. Nothing in this Section shall require any financial institution or customer to use or permit the use of a digital signature.

(c) Electronic notices.

(1) Consent to electronic records. If a statute, regulation, or other rule of law requires that information relating to a transaction or transactions in or affecting intrastate commerce in this State be provided or made available by a financial institution to a consumer in writing, the use of an electronic record to provide or make available that information satisfies the requirement that the information be in writing if:

New matter indicated by italics - deletions by strikeout
(A) the consumer has affirmatively consented to the use of an electronic record to provide or make available that information and has not withdrawn consent;

(B) the consumer, prior to consenting, is provided with a clear and conspicuous statement:
   (i) informing the consumer of:
      (I) any right or option of the consumer to have the record provided or made available on paper or in nonelectronic form, and
      (II) the right of the consumer to withdraw the consent to have the record provided or made available in an electronic form and of any conditions, consequences (which may include termination of the parties' relationship), or fees in the event of a withdrawal of consent;
   (ii) informing the consumer of whether the consent applies:
      (I) only to the particular transaction that gave rise to the obligation to provide the record, or
      (II) to identified categories of records that may be provided or made available during the course of the parties' relationship;
   (iii) describing the procedures the consumer must use to withdraw consent, as provided in clause (i), and to update information needed to contact the consumer electronically; and
   (iv) informing the consumer:
      (I) how, after the consent, the consumer may, upon request, obtain a paper copy of an electronic record, and

   (ii) consents electronically, or confirms his or her consent electronically, in a manner that reasonably demonstrates that the consumer can access information in the electronic form that will be used to provide the information that is the subject of the consent; and

(D) after the consent of a consumer in accordance with subparagraph (A), if a change in the hardware or software requirements needed to access or retain electronic records creates a material risk that the consumer will not be able to access or retain a subsequent electronic record that was the subject of the consent, the person providing the electronic record:
   (i) provides the consumer with a statement of:
      (I) the revised hardware and software requirements for access to and retention of the electronic records, and
      (II) the right to withdraw consent without the imposition of any fees for the withdrawal and without the imposition of any condition or consequence that was not disclosed under subparagraph (B)(i); and

(B) Verification or acknowledgment. If a law that was enacted prior to this amendatory Act of the 95th General Assembly expressly requires a record to be provided or made available by a specified method that requires verification or acknowledgment of receipt, the record may be provided or made available electronically only if the method used provides the required verification or acknowledgment of receipt.

(3) Effect of failure to obtain electronic consent or confirmation of consent. The legal effectiveness, validity, or enforceability of any contract executed by a consumer shall not be denied solely because of the failure to obtain electronic consent or confirmation of consent by that consumer in accordance with paragraph (1)(C)(ii).

(4) Prospective effect. Withdrawal of consent by a consumer shall not affect the legal effectiveness, validity, or enforceability of electronic records provided or made available to that consumer in accordance with paragraph (1) prior to implementation of the consumer's withdrawal of consent. A consumer's withdrawal of consent shall be effective within a reasonable period of time after receipt of the withdrawal by the provider of the record. Failure to comply with paragraph (1)(D) may, at the election of the consumer, be treated as a withdrawal of consent for purposes of this paragraph.

(5) Prior consent. This subsection does not apply to any records that are provided or made available to a consumer who has consented prior to the effective date of this amendatory Act of the 95th General Assembly to receive the records in electronic form as permitted by any statute, regulation, or other rule of law.

(B) Except as set forth in paragraph (C), for those
subject to mandatory supervised release under paragraph
(d) of Section 5-8-1 of this Code, the recommitment shall
be for the total mandatory supervised release term, less the
time elapsed between the release of the person and the
commission of the violation for which mandatory
supervised release is revoked. The Board may also order
that a prisoner serve up to one year of the sentence imposed
by the court which was not served due to the accumulation
of good conduct credit;

(C) For those subject to sex offender supervision
under clause (d)(4) of Section 5-8-1 of this Code, the
recommitment period for violations of clauses (a)(3)
through (b-1)(15) of Section 3-3-7 shall not exceed 2 years

Parolees who are diverted to a community-based sanction shall serve the entire term of parole or mandatory supervised release, if otherwise appropriate.

(b-5) The Board shall revoke parole or mandatory supervised release for violation of the conditions prescribed in paragraph (7.6) of subsection (a) of Section 3-3-7.

(d) Parole or mandatory supervised release shall not be revoked without written notice to the offender setting forth the violation of parole or mandatory supervised release charged against him.

Sec. 15-158.3. Reports on cost reduction; effect on retirement at any age with 30 years of service.

(a) On or before November 15, 2001 and on or before November 15th of each year thereafter, the Board shall have the System's actuary prepare a report showing, on a fiscal year by fiscal year basis, the actual rate of participation in the self-managed plan authorized by Section 15-158.2, (i) by employees of the System's covered higher educational institutions who were hired on or after the implementation date of the self-managed plan and (ii) by other System participants.

The actuary's report must also quantify the extent to which employee optional retirement plan participation has reduced the State's required contributions to the System, expressed both in dollars and as a percentage of covered payroll, in relation to what the State's contributions to the System would have been (1) if the self-managed plan had not been implemented, and (2) if 45% of employees of the System's covered higher educational institutions who were hired on or after the implementation date of the self-managed plan had elected to participate in the self-managed plan and 10% of other System participants had transferred to the self-managed plan following its implementation.

(b) On or before November 15th of 2001 and on or before November 15th of each year thereafter, the Illinois Board of Higher Education, in conjunction with the Bureau of the Budget (now Governor's Office of Management and Budget) shall prepare a report showing, on a fiscal year by fiscal year basis, the amount by which the costs associated with compensable sick leave have been reduced as a result of the termination of compensable sick leave accrual on and after January 1, 1998 by employees of higher education institutions who are participants in the System.

(c) On or before November 15 of 2001 and on or before November 15th of each year thereafter, the Department of Central Management Services shall prepare a report showing, on a fiscal year by fiscal year basis, the amount by which the State's cost for health insurance coverage under the State Employees Group Insurance Act of 1971 for retirees of the State's universities and their survivors has declined as a result of requiring
some of those retirees and survivors to contribute to the cost of their basic health insurance. These year-by-year reductions in cost must be quantified both in dollars and as a level percentage of payroll covered by the System.

(d) The reports required under subsections (a); (b); and (c) shall be disseminated to the Board, the Pension Laws Commission (until it ceases to exist), the Commission on Government Forecasting and Accountability, the Illinois Board of Higher Education, and the Governor.

(e) The reports required under subsections (a); (b); and (c) shall be taken into account by the Pension Laws Commission (or its successor, the Commission on Government Forecasting and Accountability) in making any recommendation to extend by legislation beyond December 31, 2002 the provision that allows a System participant to retire at any age with 30 or more years of service as authorized in Section 15-135. If that provision is extended beyond December 31, 2002, and if the most recent report under subsection (a) indicates that actual State contributions to the System for the period during which the self-managed plan has been in operation have exceeded the projected State contributions under the assumptions in clause (2) of subsection (a), then any extension of the provision beyond December 31, 2002 must require that the System's higher educational institutions and agencies cover any funding deficiency through an annual payment to the System out of appropriate resources of their own.

Section 99. Effective date. This Act takes effect upon becoming law.

PUBLIC ACT 95-0084
(House Bill No. 0895)

AN ACT concerning education.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Green Cleaning Schools Act.

Section 5. Legislative findings. Children are vulnerable to and may be severely affected by exposure to chemicals, hazardous waste, and other environmental hazards. The Federal Environmental Protection Agency estimates that human exposure to indoor air pollutants can be 2 to 5 times and up to 100 times higher than outdoor levels. Children, teachers, janitors, and other staff members spend a significant amount of time inside school buildings and are continuously exposed to chemicals from cleaners, waxes, deodorizers, and other maintenance products.

Section 10. Use of green cleaning supplies. By no later than 90 days after implementation of the guidelines and specifications established under Section 15 of this Act or thereafter when it is economically feasible, all elementary and secondary public schools and all elementary and

New matter indicated by italics - deletions by strikeout
secondary non-public schools with 50 or more students shall establish a
green cleaning policy and exclusively purchase and use environmentally-
sensitive cleaning products pursuant to the guidelines and specifications
established under Section 15 of this Act. However, a school may deplete
its existing cleaning and maintenance supply stocks and implement the
new requirements in the procurement cycle for the following school year.

For the purposes of this Section, adopting a green cleaning policy
is not economically feasible if such adoption would result in an increase in
the cleaning costs of the school. If adopting a green cleaning policy is not
economically feasible, the school must provide annual written notification
to the Illinois Green Government Coordinating Council (IGGCC), on a
form provided by the IGGCC, that the development and implementation of
a green cleaning policy is not economically feasible until such time that it
is economically feasible.

Section 15. Green cleaning supply guidelines and specifications.
The Illinois Green Government Coordinating Council (IGGCC) shall, in
consultation with the Department of Public Health, the State Board of
Education, regional offices of education, the Illinois Environmental
Protection Agency, and a panel of interested stakeholders, including
cleaning product industry representatives, non-governmental
organizations, and others, establish and amend on an annual basis
guidelines and specifications for environmentally-sensitive cleaning and
maintenance products for use in school facilities. The IGGCC shall
provide multiple avenues by which cleaning products may be determined
to be environmentally-sensitive under the guidelines. Guidelines and
specifications must be established after a review and evaluation of existing
research and must be completed no later than 180 days after the effective
date of this Act. Guidelines and specifications may include
implementation practices, including inspection. The completed guidelines
and specifications must be posted on the IGGCC’s Internet website.

Section 20. Dissemination to schools.
(a) Upon the completion of the guidelines and specifications under
Section 15 of this Act, the IGGCC shall provide each regional office of
education and each elementary or secondary non-public school with 50 or
more students in this State with the guidelines and specifications. Each regional office of education shall immediately disseminate the guidelines and specifications to every public school in the educational service region. Regional offices of education and the IGGCC shall provide on-going assistance to schools to carry out the requirements of this Act.

(b) In the event that the guidelines and specifications under Section 15 of this Act are updated by the IGGCC, the IGGCC shall provide the updates to each regional office of education for immediate dissemination to each public school. Additionally, the IGGCC shall post all updated materials on its Internet website.

Section 90. The State Mandates Act is amended by adding Section 8.31 as follows:

(30 ILCS 805/8.31 new)

Sec. 8.31. Exempt mandate. Notwithstanding Sections 6 and 8 of this Act, no reimbursement by the State is required for the implementation of any mandate created by the Green Cleaning Schools Act.

(215 ILCS 5/223) (from Ch. 73, par. 835)
Sec. 223. Director to value policies - Legal standard of valuation.

(1) The Director shall annually value, or cause to be valued, the reserve liabilities (hereinafter called reserves) for all outstanding life insurance policies and annuity and pure endowment contracts of every life insurance company doing business in this State, except that in the case of an alien company, such valuation shall be limited to its United States business, and may certify the amount of any such reserves, specifying the mortality table or tables, rate or rates of interest, and methods (net level premium method or other) used in the calculation of such reserves. Other assumptions may be incorporated into the reserve calculation to the extent permitted by the National Association of Insurance Commissioners' Accounting Practices and Procedures Manual. In calculating such reserves, he may use group methods and approximate averages for fractions of a year or otherwise. In lieu of the valuation of the reserves herein required of any foreign or alien company, he may accept any valuation made, or caused to be made, by the insurance supervisory

official of any state or other jurisdiction when such valuation complies with the minimum standard herein provided and if the official of such state or jurisdiction accepts as sufficient and valid for all legal purposes the certificate of valuation of the Director when such certificate states the valuation to have been made in a specified manner according to which the aggregate reserves would be at least as large as if they had been computed in the manner prescribed by the law of that state or jurisdiction.

Any such company which at any time has adopted any standard of valuation producing greater aggregate reserves than those calculated according to the minimum standard herein provided may, with the approval of the Director, adopt any lower standard of valuation, but not lower than the minimum herein provided, however, that, for the purposes of this subsection, the holding of additional reserves previously determined by a qualified actuary to be necessary to render the opinion required by subsection (1a) shall not be deemed to be the adoption of a higher standard of valuation. In the valuation of policies the Director shall give no consideration to, nor make any deduction because of, the existence or the possession by the company of

(a) policy liens created by any agreement given or assented to by any assured subsequent to July 1, 1937, for which liens such assured has not received cash or other consideration equal in value to the amount of such liens, or

(b) policy liens created by any agreement entered into in violation of section 232 unless the agreement imposing or creating such liens has been approved by a Court in a proceeding under Article XIII, or in the case of a foreign or alien company has been approved by a court in a rehabilitation or liquidation proceeding or by the insurance official of its domiciliary state or country, in accordance with the laws thereof.

(1a) This subsection shall become operative at the end of the first full calendar year following the effective date of this amendatory Act of 1991.

(A) General.
(1) Every life insurance company doing business in this State shall annually submit the opinion of a qualified actuary as to whether the reserves and related actuarial items held in support of the policies and contracts specified by the Director by regulation are computed appropriately, are based on assumptions that satisfy contractual provisions, are consistent with prior reported amounts and comply with applicable laws of this State. The Director by regulation shall define the specifics of this opinion and add any other items deemed to be necessary to its scope.

(2) The opinion shall be submitted with the annual statement reflecting the valuation of reserve liabilities for each year ending on or after December 31, 1992.

(3) The opinion shall apply to all business in force including individual and group health insurance plans, in form and substance acceptable to the Director as specified by regulation.

(4) The opinion shall be based on standards adopted from time to time by the Actuarial Standards Board and on additional standards as the Director may by regulation prescribe.

(5) In the case of an opinion required to be submitted by a foreign or alien company, the Director may accept the opinion filed by that company with the insurance supervisory official of another state if the Director determines that the opinion reasonably meets the requirements applicable to a company domiciled in this State.

(6) For the purpose of this Section, "qualified actuary" means a member in good standing of the American Academy of Actuaries who meets the requirements set forth in its regulations.

(7) Except in cases of fraud or willful misconduct, the qualified actuary shall not be liable for damages to any
person (other than the insurance company and the Director) for any act, error, omission, decision or conduct with respect to the actuary's opinion.

(8) Disciplinary action by the Director against the company or the qualified actuary shall be defined in regulations by the Director.

(9) A memorandum, in form and substance acceptable to the Director as specified by regulation, shall be prepared to support each actuarial opinion.

(10) If the insurance company fails to provide a supporting memorandum at the request of the Director within a period specified by regulation or the Director determines that the supporting memorandum provided by the insurance company fails to meet the standards prescribed by the regulations or is otherwise unacceptable to the Director, the Director may engage a qualified actuary at the expense of the company to review the opinion and the basis for the opinion and prepare the supporting memorandum as is required by the Director.

(11) Any memorandum in support of the opinion, and any other material provided by the company to the Director in connection therewith, shall be kept confidential by the Director and shall not be made public and shall not be subject to subpoena, other than for the purpose of defending an action seeking damages from any person by reason of any action required by this Section or by regulations promulgated hereunder; provided, however, that the memorandum or other material may otherwise be released by the Director (a) with the written consent of the company or (b) to the American Academy of Actuaries upon request stating that the memorandum or other material is required for the purpose of professional disciplinary proceedings and setting forth procedures satisfactory to the Director for preserving the confidentiality of the

memorandum or other material. Once any portion of the confidential memorandum is cited by the company in its marketing or is cited before any governmental agency other than a state insurance department or is released by the company to the news media, all portions of the confidential memorandum shall be no longer confidential.

(B) Actuarial analysis of reserves and assets supporting those reserves.

(1) Every life insurance company, except as exempted by or under regulation, shall also annually include in the opinion required by paragraph (A)(1) of this subsection (1a), an opinion of the same qualified actuary as to whether the reserves and related actuarial items held in support of the policies and contracts specified by the Director by regulation, when considered in light of the assets held by the company with respect to the reserves and related actuarial items including, but not limited to, the investment earnings on the assets and the considerations anticipated to be received and retained under the policies and contracts, make adequate provision for the company's obligations under the policies and contracts including, but not limited to, the benefits under and expenses associated with the policies and contracts.

(2) The Director may provide by regulation for a transition period for establishing any higher reserves which the qualified actuary may deem necessary in order to render the opinion required by this Section.

(2) This subsection shall apply to only those policies and contracts issued prior to the operative date of section 229.2 (the Standard Non-forfeiture Law).

(a) Except as otherwise in this Article provided, the legal minimum standard for valuation of contracts issued before January 1, 1908, shall be the Actuaries or Combined Experience Table of Mortality with interest at 4% per annum and for valuation of
contracts issued on or after that date shall be the American Experience Table of Mortality with either Craig's or Buttolph's Extension for ages under 10 and with interest at 3 1/2% per annum. The legal minimum standard for the valuation of group insurance policies under which premium rates are not guaranteed for a period in excess of 5 years shall be the American Men Ultimate Table of Mortality with interest at 3 1/2% per annum. Any life company may, at its option, value its insurance contracts issued on or after January 1, 1938, in accordance with their terms on the basis of the American Men Ultimate Table of Mortality with interest not higher than 3 1/2% per annum.

(b) Policies issued prior to January 1, 1908, may continue to be valued according to a method producing reserves not less than those produced by the full preliminary term method. Policies issued on and after January 1, 1908, may be valued according to a method producing reserves not less than those produced by the modified preliminary term method hereinafter described in paragraph (c). Policies issued on and after January 1, 1938, may be valued either according to a method producing reserves not less than those produced by such modified preliminary term method or by the select and ultimate method on the basis that the rate of mortality during the first 5 years after the issuance of such contracts respectively shall be calculated according to the following percentages of rates shown by the American Experience Table of Mortality:

(i) first insurance year 50% thereof;
(ii) second insurance year 65% thereof;
(iii) third insurance year 75% thereof;
(iv) fourth insurance year 85% thereof;
(v) fifth insurance year 95% thereof;

(c) If the premium charged for the first policy year under a limited payment life preliminary term policy providing for the payment of all premiums thereon in less than 20 years from the date of the policy or under an endowment preliminary term policy,

exceeds that charged for the first policy year under 20 payment life preliminary term policies of the same company, the reserve thereon at the end of any year, including the first, shall not be less than the reserve on a 20 payment life preliminary term policy issued in the same year at the same age, together with an amount which shall be equivalent to the accumulation of a net level premium sufficient to provide for a pure endowment at the end of the premium payment period, equal to the difference between the value at the end of such period of such a 20 payment life preliminary term policy and the full net level premium reserve at such time of such a limited payment life or endowment policy. The premium payment period is the period during which premiums are concurrently payable under such 20 payment life preliminary term policy and such limited payment life or endowment policy.

(d) The legal minimum standard for the valuations of annuities issued on and after January 1, 1938, shall be the American Annuitant's Table with interest not higher than 3 3/4% per annum, and all annuities issued before that date shall be valued on a basis not lower than that used for the annual statement of the year 1937; but annuities deferred 10 or more years and written in connection with life insurance shall be valued on the same basis as that used in computing the consideration or premiums therefor, or upon any higher standard at the option of the company.

(e) The Director may vary the standards of interest and mortality as to contracts issued in countries other than the United States and may vary standards of mortality in particular cases of invalid lives and other extra hazards.

(f) The legal minimum standard for valuation of waiver of premium disability benefits or waiver of premium and income disability benefits issued on and after January 1, 1938, shall be the Class (3) Disability Table (1926) modified to conform to the contractual waiting period, with interest at not more than 3 1/2% per annum; but in no event shall the values be less than those produced by the basis used in computing premiums for such

benefits. The legal minimum standard for the valuation of such benefits issued prior to January 1, 1938, shall be such as to place an adequate value, as determined by sound insurance practices, on the liabilities thereunder and shall be such that the value of the benefits under each and every policy shall in no case be less than the value placed upon the future premiums.

(g) The legal minimum standard for the valuation of industrial policies issued on or after January 1, 1938, shall be the American Experience Table of Mortality or the Standard Industrial Mortality Table or the Substandard Industrial Mortality Table with interest at 3 1/2% per annum by the net level premium method, or in accordance with their terms by the modified preliminary term method hereinabove described.

(h) Reserves for all such policies and contracts may be calculated, at the option of the company, according to any standards which produce greater aggregate reserves for all such policies and contracts than the minimum reserves required by this subsection.

(3) This subsection shall apply to only those policies and contracts issued on or after January 1, 1948 or such earlier operative date of Section 229.2 (the Standard Non-forfeiture Law) as shall have been elected by the insurance company issuing such policies or contracts.

(a) Except as otherwise provided in subsections (4), (6), and (7), the minimum standard for the valuation of all such policies and contracts shall be the Commissioners Reserve valuation method defined in paragraphs (b) and (f) of this subsection and in subsection 5, 3 1/2% interest for such policies issued prior to September 8, 1977, 5 1/2% interest for single premium life insurance policies and 4 1/2% interest for all other such policies issued on or after September 8, 1977, and the following tables:

(i) The Commissioners 1941 Standard Ordinary Mortality Table for all Ordinary policies of life insurance issued on the standard basis, excluding any disability and accidental death benefits in such policies, for such policies
issued prior to the operative date of subsection (4a) of Section 229.2 (Standard Non-forfeiture Law); and the Commissioners 1958 Standard Ordinary Mortality Table for such policies issued on or after such operative date but prior to the operative date of subsection (4c) of Section 229.2 provided that for any category of such policies issued on female risks all modified net premiums and present values referred to in this Act may, prior to September 8, 1977, be calculated according to an age not more than 3 years younger than the actual age of the insured and, after September 8, 1977, calculated according to an age not more than 6 years younger than the actual age of the insured; and for such policies issued on or after the operative date of subsection (4c) of Section 229.2, (i) the Commissioners 1980 Standard Ordinary Mortality Table, or (ii) at the election of the company for any one or more specified plans of life insurance, the Commissioners 1980 Standard Ordinary Mortality Table with Ten-Year Select Mortality Factors, or (iii) any ordinary mortality table adopted after 1980 by the National Association of Insurance Commissioners and approved by regulations promulgated by the Director for use in determining the minimum standard of valuation for such policies.

(ii) For all Industrial Life Insurance policies issued on the standard basis, excluding any disability and accidental death benefits in such policies--the 1941 Standard Industrial Mortality Table for such policies issued prior to the operative date of subsection 4 (b) of Section 229.2 (Standard Non-forfeiture Law); and for such policies issued on or after such operative date the Commissioners 1961 Standard Industrial Mortality Table or any industrial mortality table adopted after 1980 by the National Association of Insurance Commissioners and approved by regulations promulgated by the Director for use in
determining the minimum standard of valuation for such policies.

(iii) For Individual Annuity and Pure Endowment contracts, excluding any disability and accidental death benefits in such policies—the 1937 Standard Annuity Mortality Table—or, at the option of the company, the Annuity Mortality Table for 1949, Ultimate, or any modification of either of these tables approved by the Director.

(iv) For Group Annuity and Pure Endowment contracts, excluding any disability and accidental death benefits in such policies—the Group Annuity Mortality Table for 1951, any modification of such table approved by the Director, or, at the option of the company, any of the tables or modifications of tables specified for Individual Annuity and Pure Endowment contracts.

(v) For Total and Permanent Disability Benefits in or supplementary to Ordinary policies or contracts for policies or contracts issued on or after January 1, 1966, the tables of Period 2 disablement rates and the 1930 to 1950 termination rates of the 1952 Disability Study of the Society of Actuaries, with due regard to the type of benefit, or any tables of disablement rates and termination rates adopted after 1980 by the National Association of Insurance Commissioners and approved by regulations promulgated by the Director for use in determining the minimum standard of valuation for such policies; for policies or contracts issued on or after January 1, 1961, and prior to January 1, 1966, either such tables or, at the option of the company, the Class (3) Disability Table (1926); and for policies issued prior to January 1, 1961, the Class (3) Disability Table (1926). Any such table shall, for active lives, be combined with a mortality table permitted for calculating the reserves for life insurance policies.

(vi) For Accidental Death benefits in or supplementary to policies--for policies issued on or after January 1, 1966, the 1959 Accidental Death Benefits Table or any accidental death benefits table adopted after 1980 by the National Association of Insurance Commissioners and approved by regulations promulgated by the Director for use in determining the minimum standard of valuation for such policies; for policies issued on or after January 1, 1961, and prior to January 1, 1966, any of such tables or, at the option of the company, the Inter-Company Double Indemnity Mortality Table; and for policies issued prior to January 1, 1961, the Inter-Company Double Indemnity Mortality Table. Either table shall be combined with a mortality table permitted for calculating the reserves for life insurance policies.

(vii) For Group Life Insurance, life insurance issued on the substandard basis and other special benefits--such tables as may be approved by the Director.

(b) Except as otherwise provided in paragraph (f) of subsection (3), subsection (5), and subsection (7) reserves according to the Commissioners reserve valuation method, for the life insurance and endowment benefits of policies providing for a uniform amount of insurance and requiring the payment of uniform premiums shall be the excess, if any, of the present value, at the date of valuation, of such future guaranteed benefits provided for by such policies, over the then present value of any future modified net premiums therefor. The modified net premiums for any such policy shall be such uniform percentage of the respective contract premiums for such benefits that the present value, at the date of issue of the policy, of all such modified net premiums shall be equal to the sum of the then present value of such benefits provided for by the policy and the excess of (A) over (B), as follows:

New matter indicated by italics - deletions by strikeout
(A) A net level annual premium equal to the present value, at the date of issue, of such benefits provided for after the first policy year, divided by the present value, at the date of issue, of an annuity of one per annum payable on the first and each subsequent anniversary of such policy on which a premium falls due; provided, however, that such net level annual premium shall not exceed the net level annual premium on the 19 year premium whole life plan for insurance of the same amount at an age one year higher than the age at issue of such policy.

(B) A net one year term premium for such benefits provided for in the first policy year.

For any life insurance policy issued on or after January 1, 1987, for which the contract premium in the first policy year exceeds that of the second year with no comparable additional benefit being provided in that first year, which policy provides an endowment benefit or a cash surrender value or a combination thereof in an amount greater than such excess premium, the reserve according to the Commissioners reserve valuation method as of any policy anniversary occurring on or before the assumed ending date, defined herein as the first policy anniversary on which the sum of any endowment benefit and any cash surrender value then available is greater than such excess premium, shall, except as otherwise provided in paragraph (f) of subsection (3), be the greater of the reserve as of such policy anniversary calculated as described in the preceding part of this paragraph (b) and the reserve as of such policy anniversary calculated as described in the preceding part of this paragraph (b) with (i) the value defined in subpart A of the preceding part of this paragraph (b) being reduced by 15% of the amount of such excess first year premium, (ii) all present values of benefits and premiums being determined without reference to premiums or benefits provided for by the policy after the assumed ending date, (iii) the policy being assumed to mature on such date as an endowment, and (iv) the cash surrender value
provided on such date being considered as an endowment benefit. In making the above comparison, the mortality and interest bases stated in paragraph (a) of subsection (3) and in subsection 6 shall be used.

Reserves according to the Commissioners reserve valuation method for (i) life insurance policies providing for a varying amount of insurance or requiring the payment of varying premiums, (ii) group annuity and pure endowment contracts purchased under a retirement plan or plan of deferred compensation, established or maintained by an employer (including a partnership or sole proprietorship) or by an employee organization, or by both, other than a plan providing individual retirement accounts or individual retirement annuities under Section 408 of the Internal Revenue Code, as now or hereafter amended, (iii) disability and accidental death benefits in all policies and contracts, and (iv) all other benefits, except life insurance and endowment benefits in life insurance policies and benefits provided by all other annuity and pure endowment contracts, shall be calculated by a method consistent with the principles of this paragraph (b), except that any extra premiums charged because of impairments or special hazards shall be disregarded in the determination of modified net premiums.

(c) In no event shall a company's aggregate reserves for all life insurance policies, excluding disability and accidental death benefits be less than the aggregate reserves calculated in accordance with the methods set forth in paragraphs (b), (f), and (g) of subsection (3) and in subsection (5) and the mortality table or tables and rate or rates of interest used in calculating non-forfeiture benefits for such policies.

(d) In no event shall the aggregate reserves for all policies, contracts, and benefits be less than the aggregate reserves determined by the qualified actuary to be necessary to render the opinion required by subsection (1a).

(e) Reserves for any category of policies, contracts or benefits as established by the Director, may be calculated, at the option of the company, according to any standards which produce greater aggregate reserves for such category than those calculated according to the minimum standard herein provided, but the rate or rates of interest used for policies and contracts, other than annuity and pure endowment contracts, shall not be higher than the corresponding rate or rates of interest used in calculating any nonforfeiture benefits provided for therein.

(f) If in any contract year the gross premium charged by any life insurance company on any policy or contract is less than the valuation net premium for the policy or contract calculated by the method used in calculating the reserve thereon but using the minimum valuation standards of mortality and rate of interest, the minimum reserve required for such policy or contract shall be the greater of either the reserve calculated according to the mortality table, rate of interest, and method actually used for such policy or contract, or the reserve calculated by the method actually used for such policy or contract but using the minimum standards of mortality and rate of interest and replacing the valuation net premium by the actual gross premium in each contract year for which the valuation net premium exceeds the actual gross premium. The minimum valuation standards of mortality and rate of interest referred to in this paragraph (f) are those standards stated in subsection (6) and paragraph (a) of subsection (3).

For any life insurance policy issued on or after January 1, 1987, for which the gross premium in the first policy year exceeds that of the second year with no comparable additional benefit provided in that first year, which policy provides an endowment benefit or a cash surrender value or a combination thereof in an amount greater than such excess premium, the foregoing provisions of this paragraph (f) shall be applied as if the method actually used in calculating the reserve for such policy were the method described in paragraph (b) of subsection (3), ignoring the

second paragraph of said paragraph (b). The minimum reserve at each policy anniversary of such a policy shall be the greater of the minimum reserve calculated in accordance with paragraph (b) of subsection (3), including the second paragraph of said paragraph (b), and the minimum reserve calculated in accordance with this paragraph (f).

(g) In the case of any plan of life insurance which provides for future premium determination, the amounts of which are to be determined by the insurance company based on then estimates of future experience, or in the case of any plan of life insurance or annuity which is of such a nature that the minimum reserves cannot be determined by the methods described in paragraphs (b) and (f) of subsection (3) and subsection (5), the reserves which are held under any such plan shall:

(i) be appropriate in relation to the benefits and the pattern of premiums for that plan, and

(ii) be computed by a method which is consistent with the principles of this Standard Valuation Law, as determined by regulations promulgated by the Director.

(4) Except as provided in subsection (6), the minimum standard for the valuation of all individual annuity and pure endowment contracts issued on or after the operative date of this subsection, as defined herein, and for all annuities and pure endowments purchased on or after such operative date under group annuity and pure endowment contracts shall be the Commissioners Reserve valuation methods defined in paragraph (b) of subsection (3) and subsection (5) and the following tables and interest rates:

(a) For individual single premium immediate annuity contracts, excluding any disability and accidental death benefits in such contracts, the 1971 Individual Annuity Mortality Table, any individual annuity mortality table adopted after 1980 by the National Association of Insurance Commissioners and approved by regulations promulgated by the Director for use in determining the minimum standard of valuation for such contracts, or any
modification of those tables approved by the Director, and 7 1/2% interest.

(b) For individual and pure endowment contracts other than single premium annuity contracts, excluding any disability and accidental death benefits in such contracts, the 1971 Individual Annuity Mortality Table, any individual annuity mortality table adopted after 1980 by the National Association of Insurance Commissioners and approved by regulations promulgated by the Director for use in determining the minimum standard of valuation for such contracts, or any modification of those tables approved by the Director, and 5 1/2% interest for single premium deferred annuity and pure endowment contracts and 4 1/2% interest for all other such individual annuity and pure endowment contracts.

(c) For all annuities and pure endowments purchased under group annuity and pure endowment contracts, excluding any disability and accidental death benefits purchased under such contracts, the 1971 Group Annuity Mortality Table, any group annuity mortality table adopted after 1980 by the National Association of Insurance Commissioners and approved by regulations promulgated by the Director for use in determining the minimum standard of valuation for such annuities and pure endowments, or any modification of those tables approved by the Director, and 7 1/2% interest.

After September 8, 1977, any company may file with the Director a written notice of its election to comply with the provisions of this subsection after a specified date before January 1, 1979, which shall be the operative date of this subsection for such company; provided, a company may elect a different operative date for individual annuity and pure endowment contracts from that elected for group annuity and pure endowment contracts. If a company makes no election, the operative date of this subsection for such company shall be January 1, 1979.

(5) This subsection shall apply to all annuity and pure endowment contracts other than group annuity and pure endowment contracts purchased under a retirement plan or plan of deferred compensation,
established or maintained by an employer (including a partnership or sole proprietorship) or by an employee organization, or by both, other than a plan providing individual retirement accounts or individual retirement annuities under Section 408 of the Internal Revenue Code, as now or hereafter amended.

Reserves according to the Commissioners annuity reserve method for benefits under annuity or pure endowment contracts, excluding any disability and accidental death benefits in such contracts, shall be the greatest of the respective excesses of the present values, at the date of valuation, of the future guaranteed benefits, including guaranteed nonforfeiture benefits, provided for by such contracts at the end of each respective contract year, over the present value, at the date of valuation, of any future valuation considerations derived from future gross considerations, required by the terms of such contract, that become payable prior to the end of such respective contract year. The future guaranteed benefits shall be determined by using the mortality table, if any, and the interest rate, or rates, specified in such contracts for determining guaranteed benefits. The valuation considerations are the portions of the respective gross considerations applied under the terms of such contracts to determine nonforfeiture values.

(6) (a) Applicability of this subsection. (i) The interest rates used in determining the minimum standard for the valuation of

(A) all life insurance policies issued in a particular calendar year, on or after the operative date of subsection (4c) of Section 229.2 (Standard Nonforfeiture Law),

(B) all individual annuity and pure endowment contracts issued in a particular calendar year ending on or after December 31, 1983,

(C) all annuities and pure endowments purchased in a particular calendar year ending on or after December 31, 1983, under group annuity and pure endowment contracts, and

(D) the net increase in a particular calendar year ending after December 31, 1983, in amounts held under guaranteed interest contracts shall be the calendar year statutory valuation interest rates, as defined in this subsection.

(b) Calendar Year Statutory Valuation Interest Rates.

(i) The calendar year statutory valuation interest rates shall be determined according to the following formulae, rounding "I" to the nearest .25%.

(A) For life insurance,

\[ I = .03 + W (R1 - .03) + W/2 (R2 - .09) \]

(B) For single premium immediate annuities and annuity benefits involving life contingencies arising from other annuities with cash settlement options and from guaranteed interest contracts with cash settlement options,

\[ I = .03 + W (R - .03) \]

or with prior approval of the Director

\[ I = .03 + W (Rq - .03) \]

For the purposes of this subparagraph (i), "I" equals the calendar year statutory valuation interest rate, "R" is the reference interest rate defined in this subsection, "R1" is the lesser of R and .09, "R2" is the greater of R and .09, "Rq" is the quarterly reference interest rate defined in this subsection, and "W" is the weighting factor defined in this subsection.

(C) For other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, valued on an issue year basis, except as stated in (B), the formula for life insurance stated in (A) applies to annuities and guaranteed interest contracts with guarantee durations in excess of 10 years, and the formula for single premium immediate annuities stated in (B) above applies to annuities and guaranteed interest contracts with guarantee durations of 10 years or less.

(D) For other annuities with no cash settlement options and for guaranteed interest contracts with no cash

settlement options, the formula for single premium immediate annuities stated in (B) applies.

(E) For other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, valued on a change in fund basis, the formula for single premium immediate annuities stated in (B) applies.

(ii) If the calendar year statutory valuation interest rate for any life insurance policy issued in any calendar year determined without reference to this subparagraph differs from the corresponding actual rate for similar policies issued in the immediately preceding calendar year by less than .5%, the calendar year statutory valuation interest rate for such life insurance policy shall be the corresponding actual rate for the immediately preceding calendar year. For purposes of applying this subparagraph, the calendar year statutory valuation interest rate for life insurance policies issued in a calendar year shall be determined for 1980, using the reference interest rate defined for 1979, and shall be determined for each subsequent calendar year regardless of when subsection (4c) of Section 229.2 (Standard Nonforfeiture Law) becomes operative.

(c) Weighting Factors.

nonforfeiture values or both which are guaranteed in the original policy.

(B) The weighting factor for single premium immediate annuities and for annuity benefits involving life contingencies arising from other annuities with cash settlement options and guaranteed interest contracts with cash settlement options is .80.

(C) The weighting factors for other annuities and for guaranteed interest contracts, except as stated in (B) of this subparagraph (i), shall be as specified in tables (1), (2), and (3) of this subpart (C), according to the rules and definitions in (4), (5) and (6) of this subpart (C).

(2) For annuities and guaranteed interest contracts valued on a change in fund basis, the factors shown in (1) for Plan Types A, B and C are increased by .15, .25 and .05, respectively.

(3) For annuities and guaranteed interest contracts valued on an issue year basis, other than those with no cash settlement options, which do not guarantee interest on considerations received more than one year after issue or purchase, and for annuities and guaranteed interest contracts valued on a change in fund basis which do not guarantee interest rates on considerations received more
than 12 months beyond the valuation date, the factors shown in (1), or derived in (2), for Plan Types A, B and C are increased by .05.

(4) For other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, the guarantee duration is the number of years for which the contract guarantees interest rates in excess of the calendar year statutory valuation interest rate for life insurance policies with guarantee durations in excess of 20 years. For other annuities with no cash settlement options, and for guaranteed interest contracts with no cash settlement options, the guarantee duration is the number of years from the date of issue or date of purchase to the date annuity benefits are scheduled to commence.

(5) The plan types used in the above tables are defined as follows.

Plan Type A is a plan under which the policyholder may not withdraw funds, or may withdraw funds at any time but only (a) with an adjustment to reflect changes in interest rates or asset values since receipt of the funds by the insurance company, (b) without such an adjustment but in installments over 5 years or more, or (c) as an immediate life annuity.

Plan Type B is a plan under which the policyholder may not withdraw funds before expiration of the interest rate guarantee, or may withdraw funds before such expiration but only (a) with an adjustment to reflect changes in interest rates or asset values since receipt of the funds by the insurance company, or (b) without such adjustment but in installments over 5 years or more. At the end of the interest rate guarantee, funds may be withdrawn without such adjustment in a single sum or installments over less than 5 years.

Plan Type C is a plan under which the policyholder may withdraw funds before expiration of the interest rate guarantee in a single sum or installments over less than 5 years either (a) without adjustment to reflect changes in interest rates or asset values since receipt of the funds by the insurance company, or (b) subject only to a fixed surrender charge stipulated in the contract as a percentage of the fund.

(6) A company may elect to value guaranteed interest contracts with cash settlement options and annuities with cash settlement options on either an issue year basis or on a change in fund basis. Guaranteed interest contracts with no cash settlement options and other annuities with no cash settlement options shall be valued on an issue year basis. As used in this Section, "issue year basis of valuation" refers to a valuation basis under which the interest rate used to determine the minimum valuation standard for the entire duration of the annuity or guaranteed interest contract is the calendar year valuation interest rate for the year of issue or year of purchase of the annuity or guaranteed interest contract. "Change in fund basis of valuation", as used in this Section, refers to a valuation basis under which the interest rate used to determine the minimum valuation standard applicable to each change in the fund held under the annuity or guaranteed interest contract is the calendar year valuation interest rate for the year of the change in the fund.

(d) Reference Interest Rate. (i) The reference interest rate referred to in paragraph (b) of this subsection is defined as follows.

(A) For all life insurance, the reference interest rate is the lesser of the average over a period of 36 months, and the average over a period of 12 months, with both periods ending on June 30, or with prior approval of the Director ending on December 31, of the calendar year next
preceding the year of issue, of Moody's Corporate Bond Yield Average - Monthly Average Corporates, as published by Moody's Investors Service, Inc.

(B) For single premium immediate annuities and for annuity benefits involving life contingencies arising from other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, the reference interest rate is the average over a period of 12 months, ending on June 30, or with prior approval of the Director ending on December 31, of the calendar year of issue or year of purchase, of Moody's Corporate Bond Yield Average - Monthly Average Corporates, as published by Moody's Investors Service, Inc.

(C) For annuities with cash settlement options and guaranteed interest contracts with cash settlement options, valued on a year of issue basis, except those described in (B), with guarantee durations in excess of 10 years, the reference interest rate is the lesser of the average over a period of 36 months and the average over a period of 12 months, ending on June 30, or with prior approval of the Director ending on December 31, of the calendar year of issue or purchase, of Moody's Corporate Bond Yield Average-Monthly Average Corporates, as published by Moody's Investors Service, Inc.

(D) For other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, valued on a year of issue basis, except those described in (B), with guarantee durations of 10 years or less, the reference interest rate is the average over a period of 12 months, ending on June 30, or with prior approval of the Director ending on December 31, of the calendar year of issue or purchase, of Moody's Corporate Bond Yield Average-Monthly Average Corporates, as published by Moody's Investors Service, Inc.

(E) For annuities with no cash settlement options and for guaranteed interest contracts with no cash settlement options, the reference interest rate is the average over a period of 12 months, ending on June 30, or with prior approval of the Director ending on December 31, of the calendar year of issue or purchase, of Moody's Corporate Bond Yield Average-Monthly Average Corporates, as published by Moody's Investors Service, Inc.

(F) For annuities with cash settlement options and guaranteed interest contracts with cash settlement options, valued on a change in fund basis, except those described in (B), the reference interest rate is the average over a period of 12 months, ending on June 30, or with prior approval of the Director ending on December 31, of the calendar year of the change in the fund, of Moody's Corporate Bond Yield Average-Monthly Average Corporates, as published by Moody's Investors Service, Inc.

(G) For annuities valued by a formula based on Rq, the quarterly reference interest rate is, with the prior approval of the Director, the average within each of the 4 consecutive calendar year quarters ending on March 31, June 30, September 30 and December 31 of the calendar year of issue or year of purchase of Moody's Corporate Bond Yield Average-Monthly Average Corporates, as published by Moody's Investors Service, Inc.

(e) Alternative Method for Determining Reference Interest Rates. In the event that the Moody's Corporate Bond Yield Average-Monthly Average Corporates is no longer published by Moody's Investors Services, Inc., or in the event that the National Association of Insurance Commissioners determines that Moody's Corporate Bond Yield Average-Monthly Average Corporates as published by Moody's Investors Service, Inc. is no longer appropriate for the determination of the reference interest rate, then an alternative method for determination of the reference interest

(215 ILCS 5/531.09) (from Ch. 73, par. 1065.80-9)

Sec. 531.09. Assessments.

(1) For the purpose of providing the funds necessary to carry out the powers and duties of the Association, the board of directors shall assess the member insurers, separately for each account, at such times and for such amounts as the board finds necessary. Assessments shall be due not less than 30 days after written notice to the member insurers and shall accrue interest from the due date at such adjusted rate as is established under Section 6621 of Chapter 26 of the United States Code and such interest shall be compounded daily.

(2) There shall be 2 classes of assessments, as follows:

(a) Class A assessments shall be made for the purpose of meeting administrative costs and other general expenses and examinations conducted under the authority of the Director under subsection (5) of Section 531.12.

(b) Class B assessments shall be made to the extent necessary to carry out the powers and duties of the Association under Section 531.08 with regard to an impaired or insolvent domestic insurer or insolvent foreign or alien insurers.

(3) (a) The amount of any Class A assessment shall be determined by the Board at the discretion of the board of directors. Such assessments shall not exceed $200 per company in any one calendar year. The amount of any Class B assessment shall be allocated for assessment purposes among the accounts and subaccounts pursuant to an allocation formula which may be based on the premiums or reserves of the

impaired or insolvent insurer or any other standard deemed by the board in its sole discretion as being fair and reasonable under the circumstances.

(b) Class B assessments against member insurers for each account and subaccount shall be in the proportion that the premiums received on business in this State by each assessed member insurer on policies or contracts covered by each account or subaccount for the three most recent calendar years for which information is available preceding the year in which the insurer became impaired or insolvent, as the case may be, bears to such premiums received on business in this State for such calendar years by all assessed member insurers.

(c) Assessments for funds to meet the requirements of the Association with respect to an impaired or insolvent insurer shall not be made until necessary to implement the purposes of this Article. Classification of assessments under subsection (2) and computations of assessments under this subsection shall be made with a reasonable degree of accuracy, recognizing that exact determinations may not always be possible.

(4) The Association may abate or defer, in whole or in part, the assessment of a member insurer if, in the opinion of the board, payment of the assessment would endanger the ability of the member insurer to fulfill its contractual obligations. The total of all assessments upon a member insurer for the life and annuity account and for each subaccount thereunder may not in any one calendar year exceed 2% and for the health account may not in any one calendar year exceed 2% of such insurer's average premiums received in this State on the policies and contracts covered by the account or subaccount during the three calendar years preceding the year in which the insurer became an impaired or insolvent insurer. If a one percent assessment for any subaccount of the life and annuity account in any one year does not provide an amount sufficient to carry out the responsibilities of the Association, then pursuant to subsection 3(b), the board shall access all subaccounts of the life and annuity account for the necessary additional amount, subject to the maximum stated in this subsection.

New matter indicated by italics - deletions by strikeout
(5) In the event an assessment against a member insurer is abated, or deferred, in whole or in part, because of the limitations set forth in subsection (4) of this Section the amount by which such assessment is abated or deferred, may be assessed against the other member insurers in a manner consistent with the basis for assessments set forth in this Section. If the maximum assessment, together with the other assets of the Association in either account, does not provide in any one year in either account an amount sufficient to carry out the responsibilities of the Association, the necessary additional funds may be assessed as soon thereafter as permitted by this Article. The board may provide in the plan of operation a method of allocating funds among claims, whether relating to one or more impaired or insolvent insurers, when the maximum assessment will be insufficient to cover anticipated claims.

(6) The board may, by an equitable method as established in the plan of operation, refund to member insurers, in proportion to the contribution of each insurer to that account, the amount by which the assets of the account exceed the amount the board finds is necessary to carry out during the coming year the obligations of the Association with regard to that account, including assets accruing from net realized gains and income from investments. A reasonable amount may be retained in any account to provide funds for the continuing expenses of the Association and for future losses if refunds are impractical.

(7) An assessment is deemed to occur on the date upon which the board votes such assessment. The board may defer calling the payment of the assessment or may call for payment in one or more installments.

(8) It is proper for any member insurer, in determining its premium rates and policyowner dividends as to any kind of insurance within the scope of this Article, to consider the amount reasonably necessary to meet its assessment obligations under this Article.

(9) The Association must issue to each insurer paying a Class B assessment under this Article a certificate of contribution, in a form acceptable to the Director, for the amount of the assessment so paid. All outstanding certificates are of equal dignity and priority without reference to amounts or dates of issue. A certificate of contribution may be shown
by the insurer in its financial statement as an asset in such form and for such amount, if any, and period of time as the Director may approve, provided the insurer shall in any event at its option have the right to show a certificate of contribution as an admitted asset at percentages of the original face amount for calendar years as follows:

100% for the calendar year after the year of issuance;
80% for the second calendar year after the year of issuance;
60% for the third calendar year after the year of issuance;
40% for the fourth calendar year after the year of issuance;
20% for the fifth calendar year after the year of issuance.

applicable to the taxing district is held, or for those taxing districts subject to this Law in accordance with paragraph (2) of subsection (e) of Section 18-213 for the 1996 levy year, constituting an extension for payment of principal and interest on bonds issued by the taxing district without referendum, but not including excluded non-referendum bonds. For park districts (i) that were first subject to this Law in 1991 or 1995 and (ii) whose extension for the 1994 levy year for the payment of principal and interest on bonds issued by the park district without referendum (but not including excluded non-referendum bonds) was less than 51% of the amount for the 1991 levy year constituting an extension for payment of principal and interest on bonds issued by the park district without referendum (but not including excluded non-referendum bonds), "debt service extension base" means an amount equal to that portion of the extension for the 1991 levy year constituting an extension for payment of principal and interest on bonds issued by the park district without referendum (but not including excluded non-referendum bonds). The debt service extension base may be established or increased as provided under Section 18-212. "Excluded non-referendum bonds" means (i) bonds authorized by Public Act 88-503 and issued under Section 20a of the Chicago Park District Act for aquarium and museum projects; (ii) bonds issued under Section 15 of the Local Government Debt Reform Act; or (iii) refunding obligations issued to refund or to continue to refund obligations initially issued pursuant to referendum.

The extension for a special service area is not included in the aggregate extension.

"Aggregate extension base" means the taxing district's last preceding aggregate extension as adjusted under Sections 18-215 through 18-230.

"Levy year" has the same meaning as "year" under Section 1-155.

New matter indicated by italics - deletions by strikeout
"New property" means (i) the assessed value, after final board of review or board of appeals action, of new improvements or additions to existing improvements on any parcel of real property that increase the assessed value of that real property during the levy year multiplied by the equalization factor issued by the Department under Section 17-30, (ii) the assessed value, after final board of review or board of appeals action, of real property not exempt from real estate taxation, which real property was exempt from real estate taxation for any portion of the immediately preceding levy year, multiplied by the equalization factor issued by the Department under Section 17-30, including the assessed value, upon final stabilization of occupancy after new construction is complete, of any real property located within the boundaries of an otherwise or previously exempt military reservation that is intended for residential use and owned by or leased to a private corporation or other entity, and (iii) in counties that classify in accordance with Section 4 of Article IX of the Illinois Constitution, an incentive property's additional assessed value resulting from a scheduled increase in the level of assessment as applied to the first year final board of review market value. In addition, the county clerk in a county containing a population of 3,000,000 or more shall include in the 1997 recovered tax increment value for any school district, any recovered tax increment value that was applicable to the 1995 tax year calculations.

"Qualified airport authority" means an airport authority organized under the Airport Authorities Act and located in a county bordering on the State of Wisconsin and having a population in excess of 200,000 and not greater than 500,000.

"Recovered tax increment value" means, except as otherwise provided in this paragraph, the amount of the current year's equalized assessed value, in the first year after a municipality terminates the designation of an area as a redevelopment project area previously established under the Tax Increment Allocation Development Act in the Illinois Municipal Code, previously established under the Industrial Jobs Recovery Law in the Illinois Municipal Code, previously established under the Economic Development Project Area Tax Increment Act of 1995, or previously established under the Economic Development Area

Tax Increment Allocation Act, of each taxable lot, block, tract, or parcel of real property in the redevelopment project area over and above the initial equalized assessed value of each property in the redevelopment project area. For the taxes which are extended for the 1997 levy year, the recovered tax increment value for a non-home rule taxing district that first became subject to this Law for the 1995 levy year because a majority of its 1994 equalized assessed value was in an affected county or counties shall be increased if a municipality terminated the designation of an area in 1993 as a redevelopment project area previously established under the Tax Increment Allocation Development Act in the Illinois Municipal Code, previously established under the Industrial Jobs Recovery Law in the Illinois Municipal Code, or previously established under the Economic Development Area Tax Increment Allocation Act, by an amount equal to the 1994 equalized assessed value of each taxable lot, block, tract, or parcel of real property in the redevelopment project area over and above the initial equalized assessed value of each property in the redevelopment project area. In the first year after a municipality removes a taxable lot, block, tract, or parcel of real property from a redevelopment project area established under the Tax Increment Allocation Development Act in the Illinois Municipal Code, the Industrial Jobs Recovery Law in the Illinois Municipal Code, or the Economic Development Area Tax Increment Allocation Act, "recovered tax increment value" means the amount of the current year's equalized assessed value of each taxable lot, block, tract, or parcel of real property removed from the redevelopment project area over and above the initial equalized assessed value of that real property before removal from the redevelopment project area.

Except as otherwise provided in this Section, "limiting rate" means a fraction the numerator of which is the last preceding aggregate extension base times an amount equal to one plus the extension limitation defined in this Section and the denominator of which is the current year's equalized assessed value of all real property in the territory under the jurisdiction of the taxing district during the prior levy year. For those taxing districts that reduced their aggregate extension for the last preceding levy year, the highest aggregate extension in any of the last 3 preceding levy years shall

be used for the purpose of computing the limiting rate. The denominator shall not include new property or the recovered tax increment value. If a new rate, a rate decrease, or a limiting rate increase has been approved at an election held after March 21, 2006, then (i) the otherwise applicable limiting rate shall be increased by the amount of the new rate or shall be reduced by the amount of the rate decrease, as the case may be, or (ii) in the case of a limiting rate increase, the limiting rate shall be equal to the rate set forth in the proposition approved by the voters for each of the years specified in the proposition, after which the limiting rate of the taxing district shall be calculated as otherwise provided.

(205 ILCS 305/46) (from Ch. 17, par. 4447)
Sec. 46. Loans and interest rate.

(1) A credit union may make loans to its members for such purpose and upon such security and terms, including rates of interest, as the Credit Committee, credit manager, or loan officer approves. Notwithstanding the provisions of any other law in connection with extensions of credit, a credit union may elect to contract for and receive interest and fees and other charges for extensions of credit subject only to the provisions of this

New matter indicated by italics - deletions by strikeout
Act and rules promulgated under this Act, except that extensions of credit secured by residential real estate shall be subject to the laws applicable thereto. The rates of interest to be charged on loans to members shall be set by the Board of Directors of each individual credit union *in accordance with Section 30 of this Act* and such rates may be less than, but may not exceed, the maximum rate set forth in this Section. A borrower may repay his loan prior to maturity, in whole or in part, without penalty. The credit contract may provide for the payment by the member and receipt by the credit union of all costs and disbursements, including reasonable attorney’s fees and collection agency charges, incurred by the credit union to collect or enforce the debt in the event of a delinquency by the member, or in the event of a breach of any obligation of the member under the credit contract. A contingency or hourly arrangement established under an agreement entered into by a credit union with an attorney or collection agency to collect a loan of a member in default shall be presumed prima facie reasonable.

(2) Credit unions may make loans based upon the security of any interest or equity in real estate, subject to rules and regulations promulgated by the Director. In any contract or loan which is secured by a mortgage, deed of trust, or conveyance in the nature of a mortgage, on residential real estate, the interest which is computed, calculated, charged, or collected pursuant to such contract or loan, or pursuant to any regulation or rule promulgated pursuant to this Act, may not be computed, calculated, charged or collected for any period of time occurring after the date on which the total indebtedness, with the exception of late payment penalties, is paid in full.

For purposes of this subsection (2) of this Section 46, a prepayment shall mean the payment of the total indebtedness, with the exception of late payment penalties if incurred or charged, on any date before the date specified in the contract or loan agreement on which the total indebtedness shall be paid in full, or before the date on which all payments, if timely made, shall have been made. In the event of a prepayment of the indebtedness which is made on a date after the date on which interest on the indebtedness was last computed, calculated, charged, or collected but

New matter indicated by italics - deletions by strikeout
before the next date on which interest on the indebtedness was to be calculated, computed, charged, or collected, the lender may calculate, charge and collect interest on the indebtedness for the period which elapsed between the date on which the prepayment is made and the date on which interest on the indebtedness was last computed, calculated, charged or collected at a rate equal to $\frac{1}{360}$ of the annual rate for each day which so elapsed, which rate shall be applied to the indebtedness outstanding as of the date of prepayment. The lender shall refund to the borrower any interest charged or collected which exceeds that which the lender may charge or collect pursuant to the preceding sentence. The provisions of this amendatory Act of 1985 shall apply only to contracts or loans entered into on or after the effective date of this amendatory Act.

(3) Notwithstanding any other provision of this Act, a credit union authorized under this Act to make loans secured by an interest or equity in real estate may engage in making "reverse mortgage" loans to persons for the purpose of making home improvements or repairs, paying insurance premiums or paying real estate taxes on the homestead properties of such persons. If made, such loans shall be made on such terms and conditions as the credit union shall determine and as shall be consistent with the provisions of this Section and such rules and regulations as the Director shall promulgate hereunder. For purposes of this Section, a "reverse mortgage" loan shall be a loan extended on the basis of existing equity in homestead property and secured by a mortgage on such property. Such loans shall be repaid upon the sale of the property or upon the death of the owner or, if the property is in joint tenancy, upon the death of the last surviving joint tenant who had such an interest in the property at the time the loan was initiated, provided, however, that the credit union and its member may by mutual agreement, establish other repayment terms. A credit union, in making a "reverse mortgage" loan, may add deferred interest to principal or otherwise provide for the charging of interest or premiums on such deferred interest. "Homestead" property, for purposes of this Section, means the domicile and contiguous real estate owned and occupied by the mortgagor. The Director shall promulgate rules and regulations under this Section; provided that such rules and regulations

New matter indicated by italics - deletions by strikeout
need not be promulgated jointly with any other administrative agency of this State.

(4) Notwithstanding any other provisions of this Act, a credit union authorized under this Act to make loans secured by an interest or equity in real property may engage in making revolving credit loans secured by mortgages or deeds of trust on such real property or by security assignments of beneficial interests in land trusts.

For purposes of this Section, "revolving credit" has the meaning defined in Section 4.1 of the Interest Act.

Any mortgage or deed of trust given to secure a revolving credit loan may, and when so expressed therein shall, secure not only the existing indebtedness but also such future advances, whether such advances are obligatory or to be made at the option of the lender, or otherwise, as are made within twenty years from the date thereof, to the same extent as if such future advances were made on the date of the execution of such mortgage or deed of trust, although there may be no advance made at the time of execution of such mortgage or other instrument, and although there may be no indebtedness outstanding at the time any advance is made. The lien of such mortgage or deed of trust, as to third persons without actual notice thereof, shall be valid as to all such indebtedness and future advances form the time said mortgage or deed of trust is filed for record in the office of the Recorder of Deeds or the Registrar of Titles of the county where the real property described therein is located. The total amount of indebtedness that may be so secured may increase or decrease from time to time, but the total unpaid balance so secured at any one time shall not exceed a maximum principal amount which must be specified in such mortgage or deed of trust, plus interest thereon, and any disbursements made for the payment of taxes, special assessments, or insurance on said real property, with interest on such disbursements.

Any such mortgage or deed of trust shall be valid and have priority over all subsequent liens and encumbrances, including statutory liens, except taxes and assessments levied on said real property.
(5) Compliance with federal or Illinois preemptive laws or regulations governing loans made by a credit union chartered under this Act shall constitute compliance with this Act.

(205 ILCS 305/51) (from Ch. 17, par. 4452)

Sec. 51. Other Loan Programs.

(1) Subject to such rules and regulations as the Director may promulgate, a credit union may participate in loans to credit union members jointly with other credit unions, corporations, or financial institutions. An originating credit union may originate loans only to its own members. A participating credit union that is not the originating lender may participate in loans made to its own members or to members of another participating credit union. "Originating lender" means the participating credit union with which the member contracts. A master participation agreement must be properly executed, and the agreement must include provisions for identifying, either through documents incorporated by reference or directly in the agreement, the participation loan or loans prior to their sale.

(2) Any credit union with assets of $500,000 or more may loan to its members under the State Scholarships Law or other scholarship programs which are subject to a federal or state law providing 100% repayment guarantee.

(3) A credit union may purchase the conditional sales contracts, notes and similar instruments which evidence an indebtedness of its members. In the management of its assets, liabilities, and liquidity, a credit union may purchase the conditional sales contracts, notes, and other similar instruments that evidence the consumer indebtedness of the members of another credit union. "Consumer indebtedness" means indebtedness incurred for personal, family, or household purposes.

(4) With approval of the Board of Directors, a credit union may make loans, either on its own or jointly with other credit unions, corporations or financial institutions, to credit union organizations; provided, that the aggregate amount of all such loans outstanding shall not at any time exceed the greater of 3% of the paid-in and unimpaired capital
and surplus of the credit union or the amount authorized for federal credit unions.

(205 ILCS 305/70) (from Ch. 17, par. 4471)
Sec. 70. Use of name, sentence.
(a) No individual, firm, association, or body politic and corporate, including, without limitation, any corporation, limited liability company, general partnership, limited partnership, or joint venture that is not an authorized user may use any name or title which contains the words "credit union" or any abbreviation thereof, and such use is a Class A Misdemeanor. For purposes of this Section, "authorized user" means a corporation organized under this Act, the credit union act of another state, or the Federal Credit Union Act, any association of such a corporation, and subsidiaries and affiliates of such an association.

(b) If the Director of the Division of Financial Institutions of the Department of Financial and Professional Regulation finds that an individual or entity that is not an authorized user has transacted or intends to transact business in this State in a manner that has a substantial likelihood of misleading the public by: (i) implying that the business is a credit union or (ii) using or intending to use the words "credit union", or any abbreviation thereof, in connection with its business, then the Director of the Division of Financial Institutions may direct the individual or entity to cease and desist from transacting its business or using the words "credit union", or any abbreviation thereof. If the individual or entity persists in transacting its business or using the words "credit union", or any abbreviation thereof, then the Director of the Division of Financial Institutions may impose a civil penalty of up to $10,000 for each violation. Each day that the individual or entity continues transacting business or using the words "credit union", or any abbreviation thereof, in connection with its business shall constitute a separate violation of these provisions.

(c) Except as otherwise expressly permitted by law or with the written consent of the credit union, no person or group of persons other than an authorized user may use the name of or a name similar to the name of an existing credit union when marketing or soliciting business
from members or prospective members if the name or similar name is used in a manner that would cause a reasonable person to believe that the marketing material or solicitation originated from or is endorsed by the existing credit union or that the existing credit union is in any other way responsible for the marketing material or solicitation. The following remedies shall apply:

(1) Any person who violates subsection (c) of this Section commits a business offense and shall be fined in an amount not to exceed $5,000.

(2) In addition to any other available remedies, any existing credit union may report an alleged violation of any provision of this Section to the Director of the Division of Financial Institutions. If the Director finds that any person or group of persons is in violation of any provision of this Section, then the Director may direct that person or group of persons to cease and desist from that violation. If the Director issues a cease and desist order against any person or group of persons for violation of subsection (c), then the order must require that person or group of persons to cease and desist from using the offending marketing material or solicitation in Illinois.

(3) If a person or group of persons against whom the Director issued the cease and desist order persists in the violation, then the Director may impose a civil penalty of up to $10,000 for each violation. Each day that a person or group of persons is in violation of this Section constitutes a separate violation of this Section and each instance in which marketing material or a solicitation is sent in violation of this subsection (c) constitutes a separate violation of this Section.

(d) The Director of the Division of Financial Institutions may adopt rules to administer the provisions of this Section.

All counties, townships, census tracts, block groups, and blocks, annexations, and natural boundaries are those that appear on maps published by the United States Bureau of the Census for the 2000 census and maps produced by the Department of Revenue. The term "tract" means census tract. Trustee districts created by this subsection (d) for the purpose of electing board members shall not be altered by operation of any other statute, ordinance, or resolution. Any part of the community college district that has not been described as included in one of the trustee districts described in this subsection (d) is included within the trustee district that (i) is contiguous to the part and (ii) contains the least population of all trustee districts contiguous to the part according to the 2000 decennial census of Illinois. If any part of the community college district is described in this subsection (d) as being in more than one trustee district, the part is included within the trustee district that (i) is one of the trustee districts in which that part is listed in this subsection (d), (ii) is contiguous to that part, and (iii) contains the least population according to the 2000 decennial census of Illinois. If any part of the community college district (i) is described in this subsection (d) as being in one trustee district and (ii) is entirely surrounded by another trustee district, then the part shall be incorporated into the trustee district that surrounds the part. If any part of the community college district (i) is described in this subsection (d) as being in one trustee district and (ii) is not contiguous to another part of that trustee district, then the part is included within the contiguous trustee district that contains the least population according to the 2000 decennial census.
census of Illinois. The Speaker of the House, the Minority Leader of the House, the President of the Senate, and the Minority Leader of the Senate shall by joint letter of transmittal present to the Secretary of State for deposit into the State Archives an official set of United States Bureau of the Census maps and descriptions used for conducting the 2000 census, and those maps shall serve as the official record of all counties, townships, census tracts, block groups, and blocks referred to in this subsection (d). The State Board of Elections shall prepare and make available to the public a metes and bounds description of the trustee districts created under this subsection (d). The State Board of Elections shall adjust census tract boundaries, municipal and township annexations, and natural boundaries to make compact and contiguous districts.

For each at-large seat on the board that is to be filled by election in 2005 or 2007, the seat shall be filled by a trustee elected from a trustee district. The State Board shall determine which trustee district seat is to replace which at-large seat by lot. The term of each trustee elected at the 2005 or 2007 consolidated election shall end on the date that the trustees elected in 2009 are officially determined by a canvass conducted pursuant to the Election Code. For the 2009 consolidated election, one trustee shall be elected from each trustee district to serve a 4-year term.

At least one year prior to the 2013 consolidated election, the board shall meet to, publicly by lot, divide the trustee districts as equally as possible into 3 groups. Beginning with the 2013 consolidated election and the consolidated election every 10 years thereafter, trustees or their successors from the first group shall be elected for successive terms of 2 years, 4 years, and 4 years; trustees or their successors from the second group shall be elected for successive terms of 4 years, 2 years, and 4 years; and trustees or their successors from the third group shall be elected for successive terms of 4 years, 4 years, and 2 years.

(e) Each member must on the date of his election be a citizen of the United States, of the age of 18 years or over, and a resident of the State and the territory which on the date of the election is included in the community college district for at least one year immediately preceding his election. In Community College District No. 526, each member elected at

the consolidated election in 2005 or thereafter must also be a resident of
the trustee district he or she represents for at least one year immediately
preceding his or her election, except that in the first consolidated election
for each trustee district following reapportionment by the General
Assembly, a candidate for the board may be elected from any trustee
district that contains a part of the trustee district in which he or she resided
at the time of the reapportionment and may be reelected if a resident of the
new trustee district he or she represents for one year prior to reelection. In
the event a person who is a member of a common school board is elected
or appointed to a board of trustees of a community college district, that
person shall be permitted to serve the remainder of his or her term of
office as a member of the common school board. Upon the expiration of
the common school board term, that person shall not be eligible for
election or appointment to a common school board during the term of
office with the community college district board of trustees.

(f) Whenever a vacancy occurs, the remaining members shall fill
the vacancy, and the person so appointed shall serve until a successor is
elected at the next regular election for board members and is certified in
accordance with Sections 22-17 and 22-18 of the Election Code. If the
remaining members fail so to act within 60 days after the vacancy occurs,
the chairman of the State Board shall fill that vacancy, and the person so
appointed shall serve until a successor is elected at the next regular
election for board members and is certified in accordance with Sections
22-17 and 22-18 of the Election Code. The person appointed to fill the
vacancy shall have the same residential qualifications as his predecessor in
office was required to have. In either instance, if the vacancy occurs with
less than 4 months remaining before the next scheduled consolidated
election, and the term of office of the board member vacating the position
is not scheduled to expire at that election, then the term of the person so
appointed shall extend through that election and until the succeeding
consolidated election. If the term of office of the board member vacating
the position is scheduled to expire at the upcoming consolidated election,
the appointed member shall serve only until a successor is elected and
qualified at that election.

Members of the board shall serve without compensation but shall be reimbursed for their reasonable expenses incurred in connection with their service as members. Compensation, for purposes of this Section, means any salary or other benefits not expressly authorized by this Act to be provided or paid to, for or on behalf of members of the board. The board of each community college district may adopt a policy providing for the issuance of bank credit cards, for use by any board member who requests the same in writing and agrees to use the card only for the reasonable expenses which he or she incurs in connection with his or her service as a board member. Expenses charged to such credit cards shall be accounted for separately and shall be submitted to the chief financial officer of the district for review prior to being reported to the board at its next regular meeting.

(h) Except in an election of the initial board for a new community college district created pursuant to Section 6-6.1, the ballot for the election of members of the board for a community college district shall indicate the length of term for each office to be filled. In the election of a board for any community college district, the ballot shall not contain any political party designation.

PUBLIC ACT 95-0108
(House Bill No. 1638)

AN ACT concerning the environment.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Illinois Prescribed Burning Act.

Section 5. Legislative findings; purpose.

(a) Prescribed burning is a land management tool that benefits the safety of the public, the environment, and the economy of the State. Therefore, the General Assembly finds that:

   (1) Most of the State's natural communities require periodic fire for maintenance of their ecological health. Prescribed burning is essential to the perpetuation, restoration, and management of many plant and animal communities. Significant loss of the State's biological diversity will occur if fire is excluded from these fire-dependent communities.

New matter indicated by italics - deletions by strikeout
(2) Public agencies and non-governmental organizations in the State have spent millions of dollars to purchase hundreds of thousands of acres of land for parks, wildlife areas, State forests, nature preserves and other outdoor recreational purposes. The use of prescribed burning for management of these public and private lands is essential to maintain the specific resource values for which these areas were acquired.

(3) Forests, grasslands, and wetlands in the State constitute significant economic, biological, and aesthetic resources of statewide importance. Prescribed burning prepares sites for planting, removes undesirable competing vegetation, accelerates nutrient cycling, controls certain pathogens and noxious weeds, and promotes oak regeneration. In these communities, prescribed burning improves and maintains the quality and quantity of wildlife habitats.

(4) Prescribed burning reduces naturally occurring vegetative fuels. Reducing the fuel load reduces the risk and severity of wildfires, thereby reducing the threat of loss of life and property.

(5) Federal and State agencies promote and subsidize fire dependent vegetative communities and recommend prescribed burning as an essential management practice for many funded programs.

(6) Proper training in the purposes, use, and application of prescribed burning is necessary to ensure maximum benefits and protection for the public.

(7) Prescribed burning in the hands of trained, skilled, and experienced people is safe and often the most cost effective management technique to accomplish many ecosystem restoration objectives and ecological goals.

(8) A public education program is necessary to make citizens and visitors aware of the public safety, natural resource, and economic benefits of prescribed burning and its use as a land management tool.

New matter indicated by italics - deletions by strikeout
(9) As development and urbanization increase in the State, pressures from liability issues, and nuisance complaints will inhibit the use of prescribed burning.

(b) It is the purpose of this Act to authorize and to promote the continued use of prescribed burning for ecological, forest, wetland, wildlife management, and grassland management purposes.

Section 10. Definitions. As used in this Act:

(a) "Prescribed burning" means the planned application of fire to naturally occurring vegetative fuels under specified environmental conditions and following appropriate precautionary measures, which causes the fire to be confined to a predetermined area and accomplish the planned land management objectives.

(b) "Certified prescribed burn manager" means an individual who successfully completes an approved training program and receives proper certification.

(c) "Prescription" means a written plan for conducting a prescribed burn.

(d) "Department" means the Illinois Department of Natural Resources.

Section 15. Requirements; liability.

(a) Before conducting a prescribed burn under this Act, a person shall:

1. obtain the written consent of the landowner;
2. have a written prescription approved by a certified prescribed burn manager;
3. have at least one certified prescribed burn manager present on site with a copy of the prescription while the burn is being conducted;
4. notify the local fire department, county dispatcher, 911 dispatcher, or other designated emergency dispatcher on the day of the prescribed burn; and
5. make a reasonable attempt to notify all adjoining property owners and occupants of the date and time of the prescribed burn.

New matter indicated by italics - deletions by strikeout
(b) The property owner and any person conducting a prescribed burn under this Act shall be liable for any actual damage or injury caused by the fire or resulting smoke upon proof of negligence.

(c) Any prescribed burning conducted under this Act:

(1) is declared to be in the public interest;

(2) does not constitute a public or private nuisance when conducted in compliance with Section 9 of the Environmental Protection Act and all other State statutes and rules applicable to prescribed burning; and

(3) is a property right of the property owner if naturally occurring vegetative fuels are used.

Section 20. Rules. The Department, in consultation with the Office of the State Fire Marshall, shall promulgate rules to implement this Act, including but not limited to, rules governing prescribed burn manager certification and revocation and rules governing prescribed burn prescriptions.

Section 25. Exemption. Nothing in this Act shall be construed as:

(1) requiring certification as a prescribed burn manager to conduct prescribed burning on one's own property or on the lands of another with the landowner's permission; Section 15(b) shall not apply to prescribed burns conducted under the exemption in this item (1);

(2) affecting any obligations or liability under the Environmental Protection Act or any rules adopted thereunder, or under any federal laws or rules that apply to prescribed burning; or

(3) superseding any local burning law.

Section 30. Fees. The Department may charge and collect fees from persons applying for safety training and certification as a certified prescribed burn manager.

Section 35. Severability. The provisions of this Act are severable under Section 1.31 of the Statute on Statutes.

Section 99. Effective date. This Act takes effect upon becoming law.

AN ACT concerning local government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Water Commission Act of 1985 is amended by changing Section 2 as follows:

Sec. 2. The General Assembly hereby finds and declares that it is necessary and in the public interest to help assure a sufficient and economic supply of a source of water within those county wide areas of this State where, because of a growth in population and proximity to large urban centers, the health, safety and welfare of the residents is threatened

New matter indicated by italics - deletions by strikeout
by an ever increasing shortage of a continuing, available and adequate source and supply of water on an economically reasonable basis; however, it is not the intent of the General Assembly to interfere with the power of municipalities to provide for the retail distribution of water to their residents or the customers of their water systems. Therefore, in order to provide for a sufficient and economic supply of water to such areas, it is hereby declared to be the law of this State that:

(a) With respect to any water commission constituted pursuant to Division 135 of the Illinois Municipal Code or established by operation of law under Public Act 83-1123, as amended, which water commission includes municipalities which in the aggregate have within their corporate limits more than 50% of the population of a county (hereinafter referred to as a "home county"), and such county is contiguous to a county which has a population in excess of 1,000,000 inhabitants, the provisions of this Act shall apply. With respect to any such water commission (hereinafter referred to as a "county water commission"):

(i) the terms of all commissioners of such commission holding office at the time a water commission becomes a county water commission shall terminate 30 days after such time and new commissioners shall be appointed as the governing board of the county water commission as hereinafter provided in subsection (c); and

(ii) the county water commission shall continue to be a body corporate and politic, and shall bear the name of the home county but shall be independent from and not a part of the county government and shall itself be a political subdivision and a unit of local government, and upon appointment of the new commissioners as the governing board of such water commission as provided in subsection (c), such water commission shall remain responsible for the full payment of, and shall by operation of law be deemed to have assumed and shall pay when due all debts and obligations of the commission as the same is constituted and as such debts and obligations existed on the date such water commission becomes a county water commission and such

additional debts and obligations as are incurred by such commission after such date and prior to the appointment of the new commissioners as the governing board of such commission, and further shall continue to have and exercise all powers and functions and duties of a water commission created pursuant to Division 135 of the Illinois Municipal Code, as now or hereafter amended, and the county water commission may rely on that Division, as modified and supplemented by the provisions of this Act, as lawful authority under which it may act.

(b) Any county water commission shall have as its territory within its corporate limits, subject to taxation for its purposes, and subject to the powers and limitations as conferred by this Act, (i) all of the territory of the home county except that territory located within the corporate limits of excluded units as hereinafter defined and (ii) also all of the territory located outside the home county and included within the corporate limits of an included unit as hereinafter defined. As used in this Act, "excluded unit" means a unit of local government having a waterworks system and having within its corporate limits territory within the home county and which either, at the time any commission becomes a county water commission, receives, or has contracted at such time for the receipt of, more than 25% of the water distributed by such unit's water system from a source outside of the home county, or a unit of local government that seeks a change in status as provided in this Section. As used in this Section, "included unit" means any unit of local government having a waterworks system and having within its corporate limits territory within the home county, which unit of local government is not an excluded unit. No other water commission shall be constituted under Division 135 of the Illinois Municipal Code in any home county after the effective date of this Act to provide water from any source located outside the home county. A unit of local government may switch its status from being an included unit to an excluded unit provided that (i) it has constructed a water treatment plant prior to December 31, 2006 to comply with United States Environmental Protection Agency regulations regarding radium; (ii) it notifies the commission in writing of its desire to become an excluded unit;

New matter indicated by italics - deletions by strikeout
and (iii) it no longer demands future service from the commission and shall not be reinstated as an included unit. In the event a unit of local government switches status, the water commission shall, from any legally available sources, transfer the sums collected from that unit of local government for the period of time beginning January 1, 2006 to the date that this tax is no longer assessed within the affected excluded unit. The transfer of funds authorized herein shall be made within 90 days of the effective date of this amendatory Act of the 95th General Assembly. Except as authorized by a county water commission, no home county or included unit shall enter into any new or renew or extend any existing contract, agreement or other arrangement for the acquisition or sale of water from any source located outside a home county; provided, however, that any included unit may contract for a supply of water in case of a temporary emergency from any other unit of local government or any entity. In the event that any included unit elects to serve retail customers outside its corporate boundaries and to establish rates and charges for such water in excess of those charged within its corporate boundaries, such rates and charges shall have a reasonable relationship to the actual cost of providing and delivering the water; this provision is declarative of existing law. It is declared to be the law of this State pursuant to paragraphs (g) and (h) of Section 6 of Article VII of the Illinois Constitution that in any home county, the provisions of this Act and Division 135 of the Illinois Municipal Code, as modified and supplemented by this Act and this amendatory Act of the 93rd General Assembly, constitute a limitation upon the power of any such county and upon all units of local government (except excluded units) within such county, including home rule units, limiting to such county, units of local government and home rule units the power to acquire, supply or distribute water or to establish any water commission for such purposes involving water from any source located outside the home county in a manner other than as provided or permitted by this Act and Division 135, as modified and supplemented by this Act, and further constitute an exercise of exclusive State power with respect to the acquisition, supply and distribution of water from any source located outside the home county by any such county and by units of local
government.

government (except excluded units), including home rule units, within such county and with respect to the establishment for such purposes of any water commission therein, which power may not be exercised concurrently by any unit of local government or home rule unit. Upon the request of any included unit, a county water commission shall provide such included unit Lake Michigan water in an amount up to the then current Department of Transportation allocation of Lake Michigan water for such included unit.

With respect to a water commission to which the provisions of subsection (a) apply, all uninhabited territory that is owned and solely occupied by such a commission and is located not within its home county but within a non-home rule municipality adjacent to its home county shall, notwithstanding any other provision of law, be disconnected from that municipality by operation of this Act on the effective date of this amendatory Act of 1991, and shall thereafter no longer be within the territory of the municipality for any purpose; except that for the purposes of any statute that requires contiguity of territory, the territory of the water commission shall be disregarded and the municipality shall not be deemed to be noncontiguous by virtue of the disconnection of the water commission territory.

(c) The governing body of any water commission to which the provisions of subsection (a) apply shall be a board of commissioners, each to be appointed within 30 days after the water commission becomes a county water commission to a term commencing on such date, as follows:

(i) one commissioner, who shall serve as chairman, who shall be a resident of the home county, to be appointed by the chairman of the county board of such county with the advice and consent of the county board, provided that following the expiration of the term or vacancy of the current chairman serving on the effective date of this amendatory Act of the 93rd General Assembly, any subsequent appointment as chairman shall also be subject to the advice and consent of the county water commission;

(ii) one commissioner from each county board district within the home county, to be appointed by the chairman of the

county board of the home county with the advice and consent of the county board; and

(iii) one commissioner from each county board district within the home county, to be appointed by the majority vote of the mayors of those included units which are municipalities and which have the greatest percentage of their respective populations residing within such county board district of the home county.

The mayors of the respective county board districts shall meet for the purpose of making said respective appointments at a time and place designated by that mayor in each county board district of the included unit with the largest population voting for a commissioner upon not less than 10 days' written notice to each other mayor entitled to vote.

The commissioners so appointed shall serve for a term of 6 years, or until their successors have been appointed and have qualified in the same manner as the original appointments, except that at the first meeting of such commissioners, (A) the commissioners first appointed pursuant to paragraph (ii) of this subsection shall determine publicly by lot 1/3 of their number to serve for terms of 2 years, 1/3 of their number to serve for terms of 4 years and 1/3 of their number to serve for terms of 6 years, any odd number of commissioners so determined by dividing into thirds to serve 6 year terms, and (B) the commissioners first appointed pursuant to paragraph (iii) of this subsection shall determine publicly by lot 1/3 of their number to serve for terms of 2 years, 1/3 of their number to serve for terms of 4 years and 1/3 of their number to serve for terms of 6 years, any odd number of commissioners so determined by dividing into thirds to serve 6 year terms. The commissioner first appointed pursuant to paragraph (i) of this subsection, who shall serve as chairman, shall serve for a term of 6 years. Any commissioner may be a member of the governing board or an officer or employee of such county or any unit of local government within such county. A commissioner is eligible for reappointment upon the expiration of his term. A vacancy in the office of a commissioner shall be filled for the balance of the unexpired term by appointment and qualification as to residency in the same manner as the original appointment was made. Each commissioner shall receive the same

compensation which shall not be more than $600 per year, except that no such commissioner who is a member of the governing board or an officer or employee of such county or any unit of local government within such county may receive any compensation for serving as a commissioner. Each commissioner may be removed by the appointing authority for any cause for which any other county or municipal officer may be removed. The county water commission shall determine its own rules of proceeding. A quorum shall be a majority of the commissioners then in office. All ordinances or resolutions shall be passed by not less than a majority of a quorum. No commissioner or employee of the commission, no member of the county board or other official elected within such county, no mayor or president or other member of the corporate authorities of any unit of local government within such county, and no employee of such county or any such unit of local government, shall be interested directly or indirectly in any contract or job of work or materials, or the profits thereof, or services to be performed for or by the commission. A violation of any of the foregoing provisions of this subsection is a Class C misdemeanor. A conviction is cause for the removal of a person from his office or employment.

(d) Except as provided in subsection (g), subject to the referendum provided for in subsection (e), a county water commission may borrow money for corporate purposes on the credit of the commission, and issue general obligation bonds therefor, in such amounts and form and on such conditions as it shall prescribe, but shall not become indebted in any manner or for any purpose in an amount including existing indebtedness in the aggregate to exceed 5.75% of the aggregate value of the taxable property within the territorial boundaries of the county water commission, as equalized and assessed by the Department of Revenue and as most recently available at the time of the issue of said bonds. Before or at the time of incurring any indebtedness, except as provided in subsection (g), the commission shall provide for the collection of a direct annual tax, which shall be unlimited as to rate or amount, sufficient to pay the interest on such debt as it falls due and also to pay and discharge the principal thereof at maturity, which shall be within 40 years after the date of issue.

thereof. Such tax shall be levied upon and collected from all of the taxable property within the territory of the county water commission. Dissolution of the county water commission for any reason shall not relieve the taxable property within such territory of the county water commission from liability for such tax. The clerk of the commission shall file a certified copy of the resolution or ordinance by which such bonds are authorized to be issued and such tax is levied with the County Clerk of each county in which any of the territory of the county water commission is located and such filing shall constitute, without the doing of any other act, full and complete authority for each such County Clerk to extend such tax for collection upon all the taxable property within the territory of the county water commission subject to such tax in each and every year required sufficient to pay the principal of and interest on such bonds, as aforesaid, without limit as to rate or amount, and shall be in addition to and in excess of all other taxes authorized to be levied by the commission or any included unit. The general obligation bonds shall be issued pursuant to an ordinance or resolution and may be issued in one or more series, and shall bear such date or dates, mature at such time or times and in any event not more than 40 years from the date thereof, be sold at such price at private or public sale as determined by a county water commission, bear interest at such rate or rates such that the net effective interest rate received upon the sale of such bonds does not exceed the maximum rate determined under Section 2 of the Bond Authorization Act, which rates may be fixed or variable, be in such denominations, be in such form, either coupon or registered, carry such conversion, registration, and exchange privileges, be executed in such manner, be payable in such medium of payment at such place or places within or without the State of Illinois, be subject to such terms of redemption, and contain or be subject to such other terms as the ordinance or resolution may provide, and shall not be restricted by the provisions of any other terms of obligations of public agencies or private persons.

(e) No issue of general obligation bonds by a county water commission (except bonds to refund an existing bonded indebtedness) shall be authorized unless the commission certifies the proposition of

issuing such bonds to the proper election officials, who shall submit the proposition to the voters at an election in accordance with the general election law, and the proposition has been approved by a majority of those voting on the proposition.

The proposition shall be in the form provided in Section 5 or shall be substantially in the following form:

```

(f) In order to carry out and perform its powers and functions and duties under the provisions of this Act and Division 135 of the Illinois Municipal Code, as modified and supplemented by this Act, the governing body of any county water commission may by ordinance levy annually upon all taxable property within its territory a tax at a rate not to exceed .005% of the value of such property, as equalized or assessed by the Department of Revenue for the year in which the levy is made. In addition, any county water commission may by ordinance levy upon all taxable property within its territory, for one year only, an additional tax for such purposes at a rate not to exceed .20% of the value of such property, as equalized or assessed by the Department of Revenue for that year; provided, however, that such tax may not be levied more than once in any county water commission.

(g) Any county water commission shall have the power to borrow money, subject to the indebtedness limitation provided in subsection (d), from the home county or included units, in such amounts and in such terms as agreed by the governing bodies of the commission and the home county or included units.
(h) No county water commission constituted pursuant to the Act shall engage in the retail sale or distribution of water to residents or customers of any municipality.

(i) Nothing in the Section requires any municipality to contract with a county water commission for a supply of water.

(j) The State of Illinois recognizes that any such contract for the supply of water executed by a unit of local government and a county water commission may contain terms and conditions intended by the parties thereto to be absolute conditions thereof. The State of Illinois also recognizes that persons may loan funds to a county water commission (including, without limitation, the purchase of revenue or general obligation bonds of such commission) in reliance upon the terms and conditions of any such contract for the supply of water. Therefore, the State of Illinois pledges and agrees to those parties and persons which make loans of funds to a county water commission that it will not impair or limit the power or ability of a county water commission or a unit of local government fully to carry out the financial obligations and obligation to furnish water pursuant to the terms of any contract for the supply of water entered into by such county water commission or unit of local government for the term of such contracts or loans. All other terms and conditions of such contracts and intergovernmental agreements shall be binding to the extent that they are not inconsistent with this amendatory Act of the 93rd General Assembly.

Sec. 33. Fingerprint-based criminal history records check.

(a) A fingerprint-based criminal history records check is not required for health care employees who have been continuously employed by a health care employer since October 1, 2007, have met the requirements for criminal history background checks prior to October 1, 2007, and have no disqualifying convictions or requested and received a waiver of those disqualifying convictions. These employees shall be retained on the Health Care Worker Registry as long as they remain active. Nothing in this subsection (a) shall be construed to prohibit a health care employer from initiating a criminal history records check for these employees. Should these employees seek a new position with a different health care employer, then a fingerprint-based criminal history records check shall be required.

(b) On October 1, 2007 or as soon thereafter as is reasonably practical, in the discretion of the Director of Public Health, and thereafter, any student, applicant, or employee who desires to be included on the Department of Public Health's Health Care Worker Registry must authorize the Department of Public Health or its designee to request a fingerprint-based criminal history records check to determine if the individual has a conviction for a disqualifying offense. This authorization shall allow the Department of Public Health to request and receive information and assistance from any State or local governmental agency. Each individual shall submit his or her fingerprints to the Department of State Police in an electronic format that complies with the form and manner for requesting and furnishing criminal history record information prescribed by the Department of State Police. The fingerprints submitted under this Section shall be checked against the fingerprint records now and hereafter filed in the Department of State Police criminal history records database.
record databases. The Department of State Police shall charge a fee for conducting the criminal history records check, which shall not exceed the actual cost of the records check. The livescan vendor may act as the designee for individuals, educational entities, or health care employers in the collection of Department of State Police fees and deposit those fees into the State Police Services Fund. The Department of State Police shall provide information concerning any criminal convictions, now or hereafter filed, against the individual.

(c) On October 1, 2007 or as soon thereafter as is reasonably practical, in the discretion of the Director of Public Health, and thereafter, an educational entity, other than a secondary school, conducting a nurse aide training program must initiate a fingerprint-based criminal history records check requested by the Department of Public Health prior to entry of an individual into the training program.

(d) On October 1, 2007 or as soon thereafter as is reasonably practical, in the discretion of the Director of Public Health, and thereafter, a health care employer who makes a conditional offer of employment to an applicant for a position as an employee must initiate a fingerprint-based criminal history record check, requested by the Department of Public Health, on the applicant, if such a background check has not been previously conducted.

(e) When initiating a background check requested by the Department of Public Health, an educational entity or health care employer shall electronically submit to the Department of Public Health the student's, applicant's, or employee's social security number, demographics, disclosure, and authorization information in a format prescribed by the Department of Public Health within 2 working days after the authorization is secured. The student, applicant, or employee must have his or her fingerprints collected electronically and transmitted to the Department of State Police within 10 working days. The educational entity or health care employer must transmit all necessary information and fees to the livescan vendor and Department of State Police within 10 working days after receipt of the authorization. results of the criminal history record checks shall be maintained by the Department of Public Health's Health Care Worker Registry.

(f) A direct care employer may initiate a fingerprint-based background check requested by the Department of Public Health for any of its employees, but may not use this process to initiate background checks for residents. The results of any fingerprint-based background check that is initiated with the Department as the requestor shall be entered in the Health Care Worker Registry.

(g) As long as the employee has had a fingerprint-based criminal history record check requested by the Department of Public Health and stays active on the Health Care Worker Registry, no further criminal history record checks shall be deemed necessary, as the Department of State Police shall notify the Department of Public Health of any additional convictions associated with the fingerprints previously submitted. Health care employers are required to check the Health Care Worker Registry before hiring an employee to determine that the individual has had a fingerprint-based record check requested by the Department of Public Health and has no disqualifying convictions or has been granted a waiver pursuant to Section 40 of this Act. If the individual has not had such a background check or is not active on the Health Care Worker Registry, then the health care employer must initiate a fingerprint-based record check requested by the Department of Public Health. If an individual is inactive on the Health Care Worker Registry, that individual is prohibited from being hired to work as a certified nurse aide if, since the individual’s most recent completion of a competency test, there has been a period of 24 consecutive months during which the individual has not provided nursing or nursing-related services for pay. If the individual can provide proof of having retained his or her certification by not having a 24 consecutive month break in service for pay, he or she may be hired as a certified nurse aide and that employment information shall be entered into the Health Care Worker Registry.

(h) On October 1, 2007 or as soon thereafter as is reasonably practical, in the discretion of the Director of Public Health, and thereafter, if the Department of State Police notifies the Department of
Public Health that an employee has a new conviction of a disqualifying offense, based upon the fingerprints that were previously submitted, then (i) the Health Care Worker Registry shall notify the employee's last known employer of the offense, (ii) a record of the employee's disqualifying offense shall be entered on the Health Care Worker Registry, and (iii) the individual shall no longer be eligible to work as an employee unless he or she obtains a waiver pursuant to Section 40 of this Act.

(i) On October 1, 2007, or as soon thereafter, in the discretion of the Director of Public Health, as is reasonably practical, and thereafter, each direct care employer or its designee must provide an employment verification for each employee no less than annually. The direct care employer or its designee must log into the Health Care Worker Registry through a secure login. The health care employer or its designee must indicate employment and termination dates within 30 days after hiring or terminating an employee, as well as the employment category and type. Failure to comply with this subsection (i) constitutes a licensing violation. For health care employers that are not licensed or certified, a fine of up to $500 may be imposed for failure to maintain these records. This information shall be used by the Department of Public Health to notify the last known employer of any disqualifying offenses that are reported by the Department of State Police.

(j) The Department of Public Health shall notify each health care employer or long-term care facility inquiring as to the information on the Health Care Worker Registry if the applicant or employee listed on the registry has a disqualifying offense and is therefore ineligible to work or has a waiver pursuant to Section 40 of this Act.

(k) The student, applicant, or employee must be notified of each of the following whenever a fingerprint-based criminal history records check is required:

(1) That the educational entity, health care employer, or long-term care facility shall initiate a fingerprint-based criminal history record check requested by the Department of Public Health of the student, applicant, or employee pursuant to this Act.

(2) That the student, applicant, or employee has a right to obtain a copy of the criminal records report that indicates a conviction for a disqualifying offense and challenge the accuracy and completeness of the report through an established Department of State Police procedure of Access and Review.

(3) That the applicant, if hired conditionally, may be terminated if the criminal records report indicates that the applicant has a record of a conviction of any of the criminal offenses enumerated in Section 25, unless the applicant obtains a waiver pursuant to Section 40 of this Act.

(4) That the applicant, if not hired conditionally, shall not be hired if the criminal records report indicates that the applicant has a record of a conviction of any of the criminal offenses enumerated in Section 25, unless the applicant obtains a waiver pursuant to Section 40 of this Act.

(5) That the employee shall be terminated if the criminal records report indicates that the employee has a record of a conviction of any of the criminal offenses enumerated in Section 25.

(6) If, after the employee has originally been determined not to have disqualifying offenses, the employer is notified that the employee has a new conviction(s) of any of the criminal offenses enumerated in Section 25, then the employee shall be terminated.

1. A health care employer or long-term care facility may conditionally employ an applicant for up to 3 months pending the results of a fingerprint-based criminal history record check requested by the Department of Public Health.

2. The Department of Public Health or an entity responsible for inspecting, licensing, certifying, or registering the health care employer or long-term care facility shall be immune from liability for notices given based on the results of a fingerprint-based criminal history record check.

To the extent allowed by federal law, uncontaminated concrete with protruding rebar shall be considered clean construction or demolition debris and shall not be considered "waste" if it is separated or processed and returned to the economic mainstream in the form of raw materials or products within 4 years of its generation, if it is not speculatively accumulated and, if used as a fill material, it is used in accordance with item (i) in subsection (b) of this Section within 30 days of its generation.

Section 99. Effective date. This Act takes effect upon becoming law.

Section 1. Short title. This Act may be cited as the Southwest Suburban Railroad Redevelopment Authority Act.

Section 5. Legislative declaration. The General Assembly declares that the welfare, health, prosperity, and moral and general well-being of the people of the State are, in large measure, dependent upon the sound and orderly development of municipal areas. The Southwest Suburban area, by reason of the location therein of vital roadways and their use for vehicular travel in access to the entire southwest metropolitan Chicago area, as well as commercial and industrial growth patterns and accessibility to manufacturing and freight-related facilities, has become and will increasingly be the hub of transportation from all parts of the region and throughout the southwest metropolitan area. Motor vehicle traffic, pedestrian travel, and the safety of both motorists and pedestrians are substantially aggravated by the location of railroad grade crossings. Additionally, certain development opportunities may exist in the project area that would stabilize and enhance the tax base of existing communities, maintain and revitalize existing commerce and industry, and promote comprehensive planning within and between communities. The presence of the railroad grade crossings are detrimental to the orderly expansion of industry and commerce and to progress of the region. To alleviate this situation it is necessary to relocate the railroad tracks, to separate the grades at crossing, to acquire property for relocation or submergence of the railroad or highways, to create an agency to facilitate and accomplish that relocation, and to direct infrastructure and development improvements in the Southwest Suburban area.

Section 10. Creation; duration. There is created a body politic and corporate, a unit of local government, named the Southwest Suburban Railroad Redevelopment Authority, embracing the townships of Bloom, Thornton, Calumet, Bremen, Orland, Worth, Rich, and Palos. The Authority shall continue in existence until the accomplishment of its objective, the relocation of railroad tracks and roadways and the grade separation of railroads from the right-of-way and at-grade crossing closures within the Southwest Suburban area, or until the Authority

New matter indicated by italics - deletions by strikeout
officially resolves that it is impossible or economically unfeasible to fulfill that objective.

Section 15. Acquisition of property. The Authority has the power to acquire by gift, purchase, or legacy the fee simple title to real property located within the boundaries of the Authority, including temporary and permanent easements, as well as reversionary interests in the streets, alleys, and other public places and personal property, required for its purposes, and title thereto shall be taken in the corporate name of the Authority. All land and appurtenances thereto, acquired or owned by the Authority, are to be deemed acquired or owned for a public use or public purpose. The Authority may not acquire property by eminent domain.

Section 20. Sale or exchange of property. The Authority has the power to sell, transfer, exchange, vacate, or assign property acquired for the purposes of this Act as it deems appropriate.

Section 25. Acceptance of grants, loans, and appropriations. The Authority has the power to apply for and accept grants, loans, advances, and appropriations from the federal government and from the State of Illinois or any agency or instrumentality thereof to be used for the purposes of the Authority, and to enter into any agreement in relation to the grants, loans, advances, and appropriations. The Authority may also accept from the State, any State agency, department, or commission, any county or other political subdivision, any municipal corporation, any railroad, any school authority, or jointly therefrom, grants of funds or services for any of the purposes of this Act. The Authority shall be treated as a rail carrier subject to the Illinois Commerce Commission's jurisdiction and eligible to receive money from the Grade Crossing Protection Fund or any fund of the State or other source available for purposes of promoting safety and separation of at-grade railroad crossings or highway improvements.

Section 30. Taxing powers. The Authority may not levy real property taxes for any purpose whatsoever.

Section 35. Board; compensation and expenses. The Authority shall be governed by a 5-member board consisting of members appointed by the Governor with the advice and consent of the Senate. Two members of the Board must reside within the territory of the Authority. Two
members must be former public officials who served within the townships of Bloom, Thornton, Calumet, Bremen, Orland, Worth, Rich, or Palos. One member must have previous employment and management experience with a major railroad company that has significant ties to the Authority. Each member shall take and subscribe the constitutional oath of office and file it with the Secretary of State. The members of the board shall serve without compensation, but may be reimbursed for actual expenses incurred by them in the performance of duties prescribed by the Authority. However, any member of the board who serves as secretary or treasurer may receive compensation for services as that officer.

Section 40. Organization; chair and temporary secretary. As soon as possible after the effective date of this Act, the board shall organize for the transaction of business, select a Chair and a temporary Secretary from its own number, and adopt bylaws to govern its proceedings. The initial Chair and successors shall be elected by the board from time to time from among members. The board may act through its members by entering into an agreement that a member act on the board's behalf, in which instance the act or performance directed shall be deemed to be exclusively of, for, and by the board and not the individual act of the member or its represented person.

Section 45. Meetings; quorum and resolutions. Regular meetings of the board shall be held at least quarterly, the time and place of those meetings to be fixed by the board. Special meetings may be called by the Chair or by a majority of the members of the board by giving notice thereof in writing, stating the time, place, and purpose of the meeting. The notice shall be served by special delivery letter deposited in the mail at least 48 hours before the meeting. A majority of the members of the board shall constitute a quorum for the transaction of business. All action of the board shall be by resolution and, except as otherwise provided in this Act, the affirmative vote of at least a majority shall be necessary for the adoption of any resolution. The Chair shall be entitled to vote on any and all matters coming before the board.

Section 50. Secretary and Treasurer; oaths; bond of Treasurer. The board may appoint a Secretary and a Treasurer, who need not be members

of the board, to hold office at the pleasure of the board, and fix their duties and compensation. Before entering upon the duties of their respective offices, they shall take and subscribe to the constitutional oath of office, and the Treasurer shall execute a bond with corporate sureties to be approved by the board. The bond shall be payable to the Authority in whatever penal sum may be directed by the board conditioned upon the faithful performance of the duties of the office and the payment of all money received by the Treasurer according to law and the orders of the board. The board may, at any time, require a new bond for the Treasurer in any penal sum that may then be determined by the board.

Section 55. Deposit and withdrawal of funds; signatures. All funds deposited by the Treasurer in any bank or savings and loan association shall be placed in the name of the Authority and shall be withdrawn or paid out only by check or draft upon the bank or savings and loan association, signed by the Treasurer and countersigned by the Chair of the board. Subject to prior approval of the designations by a majority of the board, the Chair may designate any other member or any officer of the Authority to affix the signature of the Treasurer to any Authority check or draft for payment of salaries or wages and for payment of any other obligation of not more than $2,500.

No bank or savings and loan association shall receive public funds as permitted by this Section unless it has complied with the requirements established under Section 6 of the Public Funds Investment Act.

Section 60. Delivery of check after executing officer ceases to hold office. If any officer whose signature appears upon any check or draft issued pursuant to this Act ceases to hold office before the delivery of the check or draft to the payee, the officer's signature nevertheless shall be valid and sufficient for all purposes with the same effect as if the officer had remained in office until delivery of the check or draft.

Section 65. Rules. The board may adopt all rules proper or necessary and to carry into effect the powers granted to it. The rules shall be consistent with the guidelines, objectives, and project scope as set out by the Illinois Commerce Commission.
Section 70. Fiscal year. The Authority shall designate its fiscal year.

Section 75. Reports and financial statements. Within 60 days after the end of its fiscal year, the board shall cause to be prepared by a certified public accountant a complete and detailed report and financial statement of the operations and assets and liabilities as they relate to the projects undertaken by the Authority. A reasonably sufficient number of copies of the report shall be prepared for distribution to persons interested, upon request, and a copy of the report shall be filed with the Illinois Commerce Commission and with the county clerk of Cook County.

Section 80. Construction. Nothing in this Act shall be construed to confer upon the Authority the right, power, or duty to order or enforce the abandonment of any present property of the railroads or the use in substitution therefor of any property acquired for the railroads in the absence of a contract duly executed by the railroads and the Authority setting forth the terms and conditions upon which relocation of the right-of-way and physical facilities of the railroads is to be accomplished. No such contract shall be or become enforceable until the provisions of the contract have been approved or authorized by the Illinois Commerce Commission.

Section 85. Existing contracts, obligations, and liabilities. No contract, obligation, or liability whatever of the railroads to pay any money into the State treasury, nor any lien of the State upon or right to tax property of the railroads, shall be released, suspended, modified, altered, remitted, or in any manner diminished or impaired by the contract with the Authority, and any such charter provisions applicable to the property on which the railroads are now located shall be deemed in full force and effect with respect to any property on which the railroads are relocated in substitution therefor pursuant to the provisions of this Act or any such contract with the Authority pursuant thereto. Notwithstanding, upon order of the Illinois Commerce Commission, the Authority shall succeed to and assume the performance and actions of the represented persons under the terms of the order and amending orders previously entered relative to

projects undertaken by the Authority and consistent with the objectives of the Authority.

No later than 45 days after the application is properly filed with the Commission, and such notice is published, the Commission shall issue its order granting or denying the application.

(c) An application for a certificate of service authority shall identify the area or areas in which the applicant intends to offer service and the types of services it intends to offer. Applicants that seek to serve residential or small commercial retail customers within a geographic area that is smaller than an electric utility's service area shall submit evidence demonstrating that the designation of this smaller area does not violate Section 16-115A. An applicant that seeks to serve residential or small commercial retail customers may state in its application for certification any limitations that will be imposed on the number of customers or maximum load to be served.

(d) The Commission shall grant the application for a certificate of service authority if it makes the findings set forth in this subsection based on the verified application and such other information as the applicant may submit:

(1) That the applicant possesses sufficient technical, financial and managerial resources and abilities to provide the...
service for which it seeks a certificate of service authority. In determining the level of technical, financial and managerial resources and abilities which the applicant must demonstrate, the Commission shall consider (i) the characteristics, including the size and financial sophistication, of the customers that the applicant seeks to serve, and (ii) whether the applicant seeks to provide electric power and energy using property, plant and equipment which it owns, controls or operates;

(2) That the applicant will comply with all applicable federal, State, regional and industry rules, policies, practices and procedures for the use, operation, and maintenance of the safety, integrity and reliability of the interconnected electric transmission system;

(3) That the applicant will only provide service to retail customers in an electric utility's service area that are eligible to take delivery services under this Act;

(4) That the applicant will comply with such informational or reporting requirements as the Commission may by rule establish and provide the information required by Section 16-112. Any data related to contracts for the purchase and sale of electric power and energy shall be made available for review by the Staff of the Commission on a confidential and proprietary basis and only to the extent and for the purposes which the Commission determines are reasonably necessary in order to carry out the purposes of this Act;

(5) (Blank) That if the applicant, its corporate affiliates or the applicant's principal source of electricity (to the extent such source is known at the time of the application) owns or controls facilities, for public use, for the transmission or distribution of electricity to end-users within a defined geographic area to which electric power and energy can be physically and economically delivered by the electric utility or utilities in whose service area or areas the proposed service will be offered, the applicant, its corporate affiliates or principal source of electricity, as the case may be, provides delivery services to the electric utility or utilities

in whose service area or areas the proposed service will be offered that are reasonably comparable to those offered by the electric utility, and provided further, that the applicant agrees to certify annually to the Commission that it is continuing to provide such delivery services and that it has not knowingly assisted any person or entity to avoid the requirements of this Section. For purposes of this subparagraph, "principal source of electricity" shall mean a single source that supplies at least 65% of the applicant's electric power and energy, and the purchase of transmission and distribution services pursuant to a filed tariff under the jurisdiction of the Federal Energy Regulatory Commission or a state public utility commission shall not constitute control of access to the provider's transmission and distribution facilities;

(6) With respect to an applicant that seeks to serve residential or small commercial retail customers, that the area to be served by the applicant and any limitations it proposes on the number of customers or maximum amount of load to be served meet the provisions of Section 16-115A, provided, that the Commission can extend the time for considering such a certificate request by up to 90 days, and can schedule hearings on such a request;

(7) That the applicant meets the requirements of subsection (a) of Section 16-128; and

(8) That the applicant will comply with all other applicable laws and regulations.

(e) A retail customer that owns a cogeneration or self-generation facility and that seeks certification only to provide electric power and energy from such facility to retail customers at separate locations which customers are both (i) owned by, or a subsidiary or other corporate affiliate of, such applicant and (ii) eligible for delivery services, shall be granted a certificate of service authority upon filing an application and notifying the Commission that it has entered into an agreement with the relevant electric utilities pursuant to Section 16-118. Provided, however, that if the retail customer owning such cogeneration or self-generation facility would not
be charged a transition charge due to the exemption provided under subsection (f) of Section 16-108 prior to the certification, and the retail customers at separate locations are taking delivery services in conjunction with purchasing power and energy from the facility, the retail customer on whose premises the facility is located shall not thereafter be required to pay transition charges on the power and energy that such retail customer takes from the facility.

(f) The Commission shall have the authority to promulgate rules and regulations to carry out the provisions of this Section. On or before May 1, 1999, the Commission shall adopt a rule or rules applicable to the certification of those alternative retail electric suppliers that seek to serve only nonresidential retail customers with maximum electrical demands of one megawatt or more which shall provide for (i) expedited and streamlined procedures for certification of such alternative retail electric suppliers and (ii) specific criteria which, if met by any such alternative retail electric supplier, shall constitute the demonstration of technical, financial and managerial resources and abilities to provide service required by subsection (d) (1) of this Section, such as a requirement to post a bond or letter of credit, from a responsible surety or financial institution, of sufficient size for the nature and scope of the services to be provided; demonstration of adequate insurance for the scope and nature of the services to be provided; and experience in providing similar services in other jurisdictions.

Availability of substance abuse treatment shall be subject to the limits of fiscal resources appropriated by the General Assembly for these purposes. If treatment is not available and the requirement to participate and complete the treatment has not been waived by the Director, the prisoner shall be placed on a waiting list under criteria established by the Department. The Director may allow a prisoner placed on a waiting list to participate in and complete a substance abuse education class or attend substance abuse self-help meetings in lieu of a substance abuse treatment program. A prisoner on a waiting list who is not placed in a substance abuse program prior to release may be eligible for a waiver and receive good conduct credit under clause (3) of this subsection (a) at the discretion of the Director.

(5) Whenever the Department is to release any inmate earlier than it otherwise would because of a grant of good conduct credit for meritorious service given at any time during the term, the Department shall give reasonable advance notice of the impending release to the State's Attorney of the county where the prosecution of the inmate took place.

(b) Whenever a person is or has been committed under several convictions, with separate sentences, the sentences shall be construed under Section 5-8-4 in granting and forfeiting of good time.

(c) The Department shall prescribe rules and regulations for revoking good conduct credit, or suspending or reducing the rate of accumulation of good conduct credit for specific rule violations, during imprisonment. These rules and regulations shall provide that no inmate
may be penalized more than one year of good conduct credit for any one infraction.

When the Department seeks to revoke, suspend or reduce the rate of accumulation of any good conduct credits for an alleged infraction of its rules, it shall bring charges therefor against the prisoner sought to be so deprived of good conduct credits before the Prisoner Review Board as provided in subparagraph (a)(4) of Section 3-3-2 of this Code, if the amount of credit at issue exceeds 30 days or when during any 12 month period, the cumulative amount of credit revoked exceeds 30 days except where the infraction is committed or discovered within 60 days of scheduled release. In those cases, the Department of Corrections may revoke up to 30 days of good conduct credit. The Board may subsequently approve the revocation of additional good conduct credit, if the Department seeks to revoke good conduct credit in excess of 30 days. However, the Board shall not be empowered to review the Department's decision with respect to the loss of 30 days of good conduct credit within any calendar year for any prisoner or to increase any penalty beyond the length requested by the Department.

The Director of the Department of Corrections, in appropriate cases, may restore up to 30 days good conduct credits which have been revoked, suspended or reduced. Any restoration of good conduct credits in excess of 30 days shall be subject to review by the Prisoner Review Board. However, the Board may not restore good conduct credit in excess of the amount requested by the Director.

Nothing contained in this Section shall prohibit the Prisoner Review Board from ordering, pursuant to Section 3-3-9(a)(3)(i)(B), that a prisoner serve up to one year of the sentence imposed by the court that was not served due to the accumulation of good conduct credit.

(d) If a lawsuit is filed by a prisoner in an Illinois or federal court against the State, the Department of Corrections, or the Prisoner Review Board, or against any of their officers or employees, and the court makes a specific finding that a pleading, motion, or other paper filed by the prisoner is frivolous, the Department of Corrections shall conduct a hearing to revoke up to 180 days of good conduct credit by bringing
charges against the prisoner sought to be deprived of the good conduct credits before the Prisoner Review Board as provided in subparagraph (a)(8) of Section 3-3-2 of this Code. If the prisoner has not accumulated 180 days of good conduct credit at the time of the finding, then the Prisoner Review Board may revoke all good conduct credit accumulated by the prisoner.

For purposes of this subsection (d):
(1) "Frivolous" means that a pleading, motion, or other filing which purports to be a legal document filed by a prisoner in his or her lawsuit meets any or all of the following criteria:
   (A) it lacks an arguable basis either in law or in fact;
   (B) it is being presented for any improper purpose, such as to harass or to cause unnecessary delay or needless increase in the cost of litigation;
   (C) the claims, defenses, and other legal contentions therein are not warranted by existing law or by a nonfrivolous argument for the extension, modification, or reversal of existing law or the establishment of new law;
   (D) the allegations and other factual contentions do not have evidentiary support or, if specifically so identified, are not likely to have evidentiary support after a reasonable opportunity for further investigation or discovery; or
   (E) the denials of factual contentions are not warranted on the evidence, or if specifically so identified, are not reasonably based on a lack of information or belief.

(2) "Lawsuit" means a petition for post-conviction relief under Article 122 of the Code of Criminal Procedure of 1963, a motion pursuant to Section 116-3 of the Code of Criminal Procedure of 1963, a habeas corpus action under Article X of the Code of Civil Procedure or under federal law (28 U.S.C. 2254), a petition for claim under the Court of Claims Act or an action under the federal Civil Rights Act (42 U.S.C. 1983).

(e) Nothing in Public Act 90-592 or 90-593 affects the validity of Public Act 89-404.

PUBLIC ACT 95-0145
(House Bill No. 1300)

AN ACT concerning agriculture.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Illinois Food, Farms, and Jobs Act.
Section 5. Legislative findings.
Illinois should be the Midwest leader in local and organic food and fiber production.

New matter indicated by italics - deletions by strikeout
One thousand five hundred miles is the average travel distance for food items now consumed in this State, and agricultural products sold directly for human consumption comprise less than 0.2% of Illinois farm sales.

Ninety-five percent of organic food sold in this State is grown and processed outside of the State, resulting in food dollars being exported.
Illinois ranks fifth in the nation in loss of farmland.
The market for locally grown foods and for organic food is expanding rapidly.
Consumers would benefit from additional local food outlets that make fresh and affordable Illinois grown foods more accessible in both rural and urban communities.
Communities are experiencing significant problems of obesity and nutrition, including lack of daily access to fresh fruits and vegetables.
Low-income communities that are currently "food deserts" lacking sufficient markets selling fresh fruits and vegetables would benefit from local food distribution systems.
The State's urban communities are showing renewed interest in growing food in urban areas.
Rural communities would be revitalized by increasing the number of families in the State that live on small properties and by providing fresh high-value local food.
Farmers who wish to transition from conventional agriculture to local and organic food would benefit from training and support to diversify their farming operations.
Food consumers, farmers, and entrepreneurs would benefit from an expanded infrastructure for processing, storing, and distributing locally grown foods.
The capture of existing food dollars within the State would help to revitalize the State's treasury by creating a broad range of new in-state jobs and business opportunities within both rural and urban communities.
For the purposes of this Act and for the retention of the greatest benefit from every food dollar spent in this State, support for local food

means capturing in Illinois the greatest portion of food production, processing, storing, and distribution possible.

Section 10. Illinois Local and Organic Food and Farm Task Force. The Task Force shall be convened by the Department of Agriculture and shall include the following Illinois-based members:

(a) one representative each from the Departments of Agriculture, Commerce and Economic Opportunity, and Human Services;
(b) four organic farmers, representing different dairy, meat, vegetable, and grains sectors;
(c) four specialty crop producers, representing different flower, fruit, viticulture, aquaculture, fiber, vegetable, and ornamental sectors;
(d) two organic processors;

(m) two municipal representatives from different communities in the State;
(n) four representatives from community-based organizations focusing on food access, to include at least 3 minority members; and
(o) one chef specializing in the preparation of locally grown organic foods.

All members of the Task Force shall be appointed for a 2-year term.

Section 15. Illinois Local and Organic Food and Farm Plan. The Task Force shall develop a plan containing policy and funding recommendations for expanding and supporting a State local and organic

food system and for assessing and overcoming obstacles to an increase in locally grown food and local organic food production. The Task Force shall prepare and submit its plan in a report to the General Assembly by September 30, 2008, for consideration of its recommendations in the 96th General Assembly. The Plan, among other matters, shall:

(a) identify land preservation and acquisition opportunities for local and organic agriculture in rural, suburban, and urban areas;

(b) identify farmer training and development, as necessary, by expanding training programs such as Farm Beginnings, incubator projects such as Prairie Crossing Farm, urban agriculture training programs, farmer-to-farmer learning opportunities, or other programs;

(c) identify financial incentives, technical support, and training necessary to help Illinois farmers to transition to local, organic, and specialty crop production by minimizing their financial losses during the 3-year transition period required under USDA standards and to help with recordkeeping requirements;

(d) identify strategies and funding needs to make fresh and affordable Illinois-grown foods more accessible, both in rural and urban communities, with an emphasis on creating new food outlets in communities that need them;

(e) identify the financial and technical support necessary to build connections between landowners, farmers, buyers, and consumers;

(f) identify the financial and technical support necessary to build a local food infrastructure of processing, storage, and distribution;

(g) identify the financial and technical support necessary to develop new food and agriculture-related businesses for local food and organic food production and distribution, such as on-farm processing, micro-markets, incubator kitchens, and marketing and communications businesses;

(h) identify the financial and technical support necessary to expand the development of farmers markets, roadside markets, and local grocery stores in unserved and underserved areas, as well as the creation of year-round public markets in Chicago and other large communities;

New matter indicated by italics - deletions by strikeout
(i) research, identify, and coordinate best practices and opportunities for the development of local food and organic food production;

(j) identify opportunities to educate the public and producers about the benefits of local foods systems and about the development opportunities provided through this Act; and

(k) identify legal impediments to local food and organic food production, and develop recommendations for a remedy.

AN ACT concerning education.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Sections 10-22.22b, 10-23.5, and 11E-110 as follows:

(105 ILCS 5/10-22.22b) (from Ch. 122, par. 10-22.22b)
Sec. 10-22.22b. (a) The provisions of this subsection shall not apply to the deactivation of a high school facility under subsection (c). Where in its judgment the interests of the district and of the students therein will be best served, to deactivate any high school facility or elementary school facility in the district and send the students of such high school in grades 9 through 12 or such elementary school in grades kindergarten through 8, as applicable, to schools in other districts. Such action may be taken only with the approval of the voters in the district and the approval, by proper resolution, of the school board of the receiving district. The board of the district contemplating deactivation shall, by proper resolution, cause the proposition to deactivate the school facility to be submitted to the voters of the district at a regularly scheduled election. Notice shall be published at least 10 days prior to the date of the election at least once in one or more newspapers published in the district or, if no newspaper is published in the district, in one or more newspapers with a
general circulation within the district. The notice shall be substantially in the following form:

Notice is hereby given that on (insert date), a referendum will be held in ...... County (Counties) for the purpose of voting for or against the proposition to deactivate the ...... School facility in School District No. ...... and to send pupils in ...... School to School District(s) No. .......

The polls will be open at .... o'clock ... m., and close at .... o'clock ... m. of the same day.

The proposition shall be in substantially the following form:

-------------------------------------------------------------
Shall the Board of Education of School District No. ...., ..... County, Illinois, be authorized to deactivate the .... School facility and to send pupils in ...... School to School District(s) No. ......?

-------------------------------------------------------------

If the majority of those voting upon the proposition in the district contemplating deactivation vote in favor of the proposition, the board of that district, upon approval of the board of the receiving district, shall execute a contract with the receiving district providing for the reassignment of students to the receiving district. If the deactivating district seeks to send its students to more than one district, it shall execute a contract with each receiving district. The length of the contract shall be for 2 school years, but the districts may renew the contract for additional

one year or 2 year periods. Contract renewals shall be executed by January 1 of the year in which the existing contract expires. If the majority of those voting upon the proposition do not vote in favor of the proposition, the school facility may not be deactivated.

The sending district shall pay to the receiving district an amount agreed upon by the 2 districts.

When the deactivation of school facilities becomes effective pursuant to this Section, the provisions of Section 24-12 relative to the contractual continued service status of teachers having contractual continued service whose positions are transferred from one board to the control of a different board shall apply, and the positions at the school facilities being deactivated held by teachers, as that term is defined in Section 24-11, having contractual continued service with the school district at the time of the deactivation shall be transferred to the control of the board or boards who shall be receiving the district's students on the following basis:

(1) positions of such teachers in contractual continued service that were full time positions shall be transferred to the control of whichever of such boards such teachers shall request with the teachers making such requests proceeding in the order of those with the greatest length of continuing service with the board to those with the shortest length of continuing service with the board, provided that the number selecting one board over another board or other boards shall not exceed that proportion of the school students going to such board or boards; and

(2) positions of such teachers in contractual continued service that were full time positions and as to which there is no selection left under subparagraph 1 hereof shall be transferred to the appropriate board.

The contractual continued service status of any teacher thereby transferred to another district is not lost and the receiving board is subject to the School Code with respect to such transferred teacher in the same manner as if such teacher was the district's employee during the time such
teacher was actually employed by the board of the deactivating district from which the position was transferred.

When the deactivation of school facilities becomes effective pursuant to this Section, the provisions of subsection (b) of Section 10-23.5 of this Code relative to the transfer of educational support personnel employees shall apply, and the positions at the school facilities being deactivated that are held by educational support personnel employees at the time of the deactivation shall be transferred to the control of the board or boards that will be receiving the district's students on the following basis:

(A) positions of such educational support personnel employees that were full-time positions shall be transferred to the control of whichever of the boards the employees request, with the educational support personnel employees making these requests proceeding in the order of those with the greatest length of continuing service with the board to those with the shortest length of continuing service with the board, provided that the number selecting one board over another board or other boards must not exceed that proportion of students going to such board or boards; and

(B) positions of such educational support personnel employees that were full-time positions and as to which there is no selection left under subdivision (A) shall be transferred to the appropriate board.

The length of continuing service of any educational support personnel employee thereby transferred to another district is not lost and the receiving board is subject to this Code with respect to that transferred educational support personnel employee in the same manner as if the educational support personnel employee was the district's employee during the time the educational support personnel employee was actually employed by the board of the deactivating district from which the position was transferred.

(b) The provisions of this subsection shall not apply to the reactivation of a high school facility which is deactivated under subsection

The court shall monitor
compliance with any remedial education or treatment recommendations contained in the professional evaluation. Programs conducting alcohol or other drug evaluation or remedial education must be licensed by the Department of Human Services. If the individual is not a resident of Illinois, however, the court may accept an alcohol or other drug evaluation or remedial education program in the individual's state of residence. equipment or to provide law enforcement training that will assist in
the prevention of alcohol related criminal violence throughout the
State. Law enforcement equipment shall include, but is not limited
to, in-car video cameras, radar and laser speed detection devices,

6. (a) In addition to any criminal penalties imposed, the
Department of Natural Resources shall suspend the
watercraft operation privileges of any person convicted or
found guilty of a misdemeanor under this Section, a similar
provision of a local ordinance, or Title 46 of the U.S. Code
of Federal Regulations for a period of one year, except that
a first time offender is exempt from this mandatory one
year suspension.

As used in this subdivision (A)6(a), "first time
offender" means any person who has not had a previous
conviction or been assigned supervision for violating this

have given consent to a chemical test or tests of blood, breath or urine for the purpose of determining the content of alcohol, other drug or drugs, intoxicating compound or compounds, or combination thereof in the person's blood if arrested for any offense of subsection (A) above. The chemical test or tests shall be administered at the direction of the arresting officer. The law enforcement agency employing the officer shall designate which of the tests shall be administered. A urine test may be administered even after a blood or breath test or both has been administered.

1.1. For the purposes of this Section, an Illinois Law Enforcement officer of this State who is investigating the person for any offense defined in Section 5-16 may travel into an adjoining state, where the person has been transported for medical care to complete an investigation, and may request that the person submit to the test or tests set forth in this Section. The requirements of this Section that the person be arrested are inapplicable, but the officer shall issue the person a uniform citation for an offense as defined in Section 5-16 or a similar provision of a local ordinance prior to requesting that the person submit to the test or tests. The issuance of the uniform citation shall not constitute an arrest, but shall be for the purpose of notifying the person that he or she is subject to the provisions of this Section and of the officer's belief in the existence of probable cause to arrest. Upon returning to this State, the officer shall file the uniform citation with the circuit clerk of the county where the offense was committed and shall seek the issuance of an arrest warrant or a summons for the person.

1.2. Notwithstanding any ability to refuse under this Act to submit to these tests or any ability to revoke the implied consent to these tests, if a law enforcement officer has probable cause to believe that a watercraft operated by or under actual physical control of a person under the influence of alcohol, other drug or drugs, intoxicating compound or compounds, or any combination of them has caused the death of or personal injury to another, that
person shall submit, upon the request of a law enforcement officer, to a chemical test or tests of his or her blood, breath, or urine for the purpose of determining the alcohol content or the presence of any other drug, intoxicating compound, or combination of them. For the purposes of this Section, a personal injury includes severe bleeding wounds, distorted extremities, and injuries that require the injured party to be carried from the scene for immediate professional attention in either a doctor's office or a medical facility.

2. Any person who is dead, unconscious or who is otherwise in a condition rendering such person incapable of refusal, shall be deemed not to have withdrawn the consent provided above, and the test may be administered.

3. A person requested to submit to a chemical test as provided above shall be verbally advised by the law enforcement officer requesting the test that a refusal to submit to the test will result in suspension of such person's privilege to operate a watercraft for a minimum of 2 years. Following this warning, if a person under arrest refuses upon the request of a law enforcement officer to submit to a test designated by the officer, no test shall be given, but the law enforcement officer shall file with the clerk of the circuit court for the county in which the arrest was made, and with the Department of Natural Resources, a sworn statement naming the person refusing to take and complete the chemical test or tests requested under the provisions of this Section. Such sworn statement shall identify the arrested person, such person's current residence address and shall specify that a refusal by such person to take the chemical test or tests was made. Such sworn statement shall include a statement that the arresting officer had reasonable cause to believe the person was operating or was in actual physical control of the watercraft within this State while under the influence of alcohol, other drug or drugs, intoxicating compound or compounds, or combination thereof and that such chemical test or tests were made as an incident to and following the lawful arrest

for an offense as defined in this Section or a similar provision of a
local ordinance, and that the person after being arrested for an
offense arising out of acts alleged to have been committed while so
operating a watercraft refused to submit to and complete a
chemical test or tests as requested by the law enforcement officer.

3.1. The law enforcement officer submitting the sworn
statement as provided in paragraph 3 of this subsection (B) shall
serve immediate written notice upon the person refusing the
chemical test or tests that the person's privilege to operate a
watercraft within this State will be suspended for a period of 2
years unless, within 28 days from the date of the notice, the person
requests in writing a hearing on the suspension.

If the person desires a hearing, such person shall file a
complaint in the circuit court for and in the county in which such
person was arrested for such hearing. Such hearing shall proceed in
the court in the same manner as other civil proceedings, shall cover
only the issues of whether the person was placed under arrest for
an offense as defined in this Section or a similar provision of a
local ordinance as evidenced by the issuance of a uniform citation;
whether the arresting officer had reasonable grounds to believe that
such person was operating a watercraft while under the influence
of alcohol, other drug or drugs, intoxicating compound or
compounds, or combination thereof; and whether such person
refused to submit and complete the chemical test or tests upon the
request of the law enforcement officer. Whether the person was
informed that such person's privilege to operate a watercraft would
be suspended if such person refused to submit to the chemical test
or tests shall not be an issue.

If the person fails to request in writing a hearing within 28
days from the date of notice, or if a hearing is held and the court
finds against the person on the issues before the court, the clerk
shall immediately notify the Department of Natural Resources, and
the Department shall suspend the watercraft operation privileges of
the person for at least 2 years.

3.2. If the person submits to a test that discloses an alcohol concentration of 0.08 or more, or any amount of a drug, substance or intoxicating compound in the person's breath, blood, or urine resulting from the unlawful use of cannabis listed in the Cannabis Control Act, a controlled substance listed in the Illinois Controlled Substances Act, or an intoxicating compound listed in the Use of Intoxicating Compounds Act, the law enforcement officer shall immediately submit a sworn report to the circuit clerk of venue and the Department of Natural Resources, certifying that the test or tests were requested under paragraph 1 of this subsection (B) and the person submitted to testing that disclosed an alcohol concentration of 0.08 or more.

In cases where the blood alcohol concentration of 0.08 or greater or any amount of drug, substance or compound resulting from the unlawful use of cannabis, a controlled substance or an intoxicating compound is established by a subsequent analysis of blood or urine collected at the time of arrest, the arresting officer or arresting agency shall immediately submit a sworn report to the circuit clerk of venue and the Department of Natural Resources upon receipt of the test results.

4. A person must submit to each chemical test offered by the law enforcement officer in order to comply with the implied consent provisions of this Section.

5. The provisions of Section 11-501.2 of the Illinois Vehicle Code, as amended, concerning the certification and use of chemical tests apply to the use of such tests under this Section.

(C) Upon the trial of any civil or criminal action or proceeding arising out of acts alleged to have been committed by any person while operating a watercraft while under the influence of alcohol, the concentration of alcohol in the person's blood or breath at the time alleged as shown by analysis of a person's blood, urine, breath, or other bodily substance shall give rise to the presumptions specified in subdivisions 1, 2, and 3 of subsection (b) of Section 11-501.2 of the Illinois Vehicle Code. The foregoing provisions of this subsection (C) shall not be construed as

Section 5. The Illinois Vehicle Code is amended by changing Section 11-1426.1 as follows:

(625 ILCS 5/11-1426.1)

Sec. 11-1426.1. Operation of neighborhood electric vehicles on streets, roads, and highways.

(a) As used in this Section, "neighborhood electric vehicle" means a self-propelled, electronically powered four-wheeled motor vehicle which is capable of attaining in one mile a speed of more than 20 miles per hour, but not more than 25 miles per hour, and which conforms to federal regulations under Title 49 C.F.R. Part 571.500.

(b) Except as otherwise provided in this Section, it is unlawful for any person to drive or operate a neighborhood electric vehicle upon any street, highway, or roadway in this State. If the operation of a neighborhood electric vehicle is authorized under subsection (d), the neighborhood electric vehicle may be operated only on streets where the posted speed limit is 35 miles per hour or less. This subsection (b) does not prohibit a neighborhood electric vehicle from crossing a road or street at an intersection where the road or street has a posted speed limit of more than 35 miles per hour.

(b-5) A person may not operate a neighborhood electric vehicle upon any street, highway, or roadway in this State unless he or she has a valid Illinois driver's license issued in his or her name by the Secretary of State.

(d) A municipality, township, county, or other unit of local government may authorize, by ordinance or resolution, the operation of neighborhood electric vehicles on roadways under its jurisdiction if the unit of local government determines that the public safety will not be jeopardized. The Department may authorize the operation of neighborhood electric vehicles on the roadways under its jurisdiction if the Department determines that the public safety will not be jeopardized.

Before permitting the operation of neighborhood electric vehicles on its roadways, a municipality, township, county, other unit of local government, or the Department must consider the volume, speed, and character of traffic on the roadway and determine whether neighborhood electric vehicles may safely travel on or cross the roadway. Upon determining that neighborhood electric vehicles may safely operate on a roadway and the adoption of an ordinance or resolution by a municipality, township, county, or other unit of local government, or authorization by the Department, appropriate signs shall be posted.

If a roadway is under the jurisdiction of more than one unit of government, neighborhood electric vehicles may not be operated on the roadway unless each unit of government agrees and takes action as provided in this subsection.

When operated on a roadway, a neighborhood electric vehicle shall have its headlight and tail lamps lighted as required by Section 12-201 of this Code.

(f) A person who drives or is in actual physical control of a neighborhood electric vehicle on a roadway while under the influence is subject to Sections 11-500 through 11-502 of this Code.

AN ACT concerning schools.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Section 24-6 as follows:

(105 ILCS 5/24-6) (from Ch. 122, par. 24-6)

Sec. 24-6. Sick leave. The school boards of all school districts, including special charter districts, but not including school districts in municipalities of 500,000 or more, shall grant their full-time teachers, and also shall grant such of their other employees as are eligible to participate in the Illinois Municipal Retirement Fund under the "600-Hour Standard" established, or under such other eligibility participation standard as may from time to time be established, by rules and regulations now or hereafter promulgated by the Board of that Fund under Section 7-198 of the Illinois Pension Code, as now or hereafter amended, sick leave provisions not less in amount than 10 days at full pay in each school year. If any such teacher or employee does not use the full amount of annual leave thus allowed, the unused amount shall be allowed to accumulate to a minimum available leave of 180 days at full pay, including the leave of the current year. Sick leave shall be interpreted to mean personal illness, quarantine at home, or serious illness or death in the immediate family or household, or birth, adoption, or placement for adoption. The school board may require a certificate from a physician licensed in Illinois to practice medicine and surgery in all its branches, an advanced practice nurse who has a written collaborative agreement with a collaborating physician that authorizes the

advanced practice nurse to perform health examinations, or a physician assistant who has been delegated the authority to perform health examinations by his or her supervising physician, or if the treatment is by prayer or spiritual means, that of a spiritual adviser or practitioner of such person's faith, as a basis for pay during leave after an absence of 3 days for personal illness, or as it may deem necessary in other cases. If the school board does require a certificate as a basis for pay during leave of less than 3 days, the school board shall pay, from school funds, the expenses incurred by the teachers or other employees in obtaining the certificate.

If, by reason of any change in the boundaries of school districts, or by reason of the creation of a new school district, the employment of a teacher is transferred to a new or different board, the accumulated sick leave of such teacher is not thereby lost, but is transferred to such new or different district.

For purposes of this Section, "immediate family" shall include parents, spouse, brothers, sisters, children, grandparents, grandchildren, parents-in-law, brothers-in-law, sisters-in-law, and legal guardians.

AN ACT concerning education.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Section 18-12 as follows:

(105 ILCS 5/18-12) (from Ch. 122, par. 18-12)

Sec. 18-12. Dates for filing State aid claims. The school board of each school district shall require teachers, principals, or superintendents to furnish from records kept by them such data as it needs in preparing and certifying to the regional superintendent its school district report of claims provided in Sections 18-8.05 through 18-10 as required by the State Superintendent of Education. The district claim shall be based on the latest available equalized assessed valuation and tax rates, as provided in Section 18-8.05 and shall use the average daily attendance as determined by the method outlined in Section 18-8.05 and shall be certified and filed with the regional superintendent by June 21 for districts with an official school calendar end date before June 15 or within 2 weeks following the official school calendar end date for districts with a school year end date of June 15 or later. The regional superintendent shall certify and file with the State Superintendent of Education district State aid claims by July 1 for districts with an official school calendar end date before June 15 or no later than July 15 for districts with an official school calendar end date of June 15 or later. Failure to so file by these deadlines constitutes a forfeiture of the right to receive payment by the State until such claim is filed and vouchered for payment. The regional superintendent of schools shall certify the county report of claims by July 15; and the State Superintendent of Education shall voucher for payment those claims to the State Comptroller as provided in Section 18-11.

Except as otherwise provided in this Section, if any school district fails to provide the minimum school term specified in Section 10-19, the State aid claim for that year shall be reduced by the State Superintendent

of Education in an amount equivalent to .56818% for each day less than
the number of days required by this Code.

If the State Superintendent of Education determines that the failure
to provide the minimum school term was occasioned by an act or acts of
God, or was occasioned by conditions beyond the control of the school
district which posed a hazardous threat to the health and safety of pupils,
the State aid claim need not be reduced.

If the State Superintendent of Education determines that the failure
to provide the minimum school term was due to a school being closed on
or after September 11, 2001 for more than one-half day of attendance due
to a bioterrorism or terrorism threat that was investigated by a law
enforcement agency, the State aid claim shall not be reduced.

If, during any school day, (i) a school district has provided at least
one clock hour of instruction but must close the schools due to adverse
weather conditions or due to a condition beyond the control of the school
district that poses a hazardous threat to the health and safety of pupils prior
to providing the minimum hours of instruction required for a full day of
attendance, or (ii) the school district must delay the start of the school day
due to adverse weather conditions and this delay prevents the district from
providing the minimum hours of instruction required for a full day of
attendance, or (iii) a school district has provided at least one clock hour of
instruction but must dismiss students from one or more recognized school
buildings due to a condition beyond the control of the school district, the
partial day of attendance may be counted as a full day of attendance. The
partial day of attendance and the reasons therefor shall be certified in
writing within a month of the closing or delayed start by the local school
district superintendent to the Regional Superintendent of Schools for
forwarding to the State Superintendent of Education for approval.

If a school building is ordered to be closed by the school board, in
consultation with a local emergency response agency, due to a condition
that poses a hazardous threat to the health and safety of pupils, then the
school district shall have a grace period of 4 days in which the general
State aid claim shall not be reduced so that alternative housing of the
pupils may be located.

New matter indicated by italics - deletions by strikeout
No exception to the requirement of providing a minimum school term may be approved by the State Superintendent of Education pursuant to this Section unless a school district has first used all emergency days provided for in its regular calendar.

If the State Superintendent of Education declares that an energy shortage exists during any part of the school year for the State or a designated portion of the State, a district may operate the school attendance centers within the district 4 days of the week during the time of the shortage by extending each existing school day by one clock hour of school work, and the State aid claim shall not be reduced, nor shall the employees of that district suffer any reduction in salary or benefits as a result thereof. A district may operate all attendance centers on this revised schedule, or may apply the schedule to selected attendance centers, taking into consideration such factors as pupil transportation schedules and patterns and sources of energy for individual attendance centers.

No State aid claim may be filed for any district unless the district superintendent executes and files with the State Superintendent of Education, in the method prescribed by the Superintendent, certification that the district has complied with the requirements of Section 10-22.5 in regard to the nonsegregation of pupils on account of color, creed, race, sex or nationality.

No State aid claim may be filed for any district unless the district superintendent executes and files with the State Superintendent of Education, in the method prescribed by the Superintendent, a sworn statement that to the best of his or her knowledge or belief the employing or assigning personnel have complied with Section 24-4 in all respects.

Electronically submitted State aid claims shall be submitted by duly authorized district or regional individuals over a secure network that is password protected. The electronic submission of a State aid claim must be accompanied with an affirmation that all of the provisions of Sections 18-8.05 through 18-10, 10-22.5, and 24-4 of this Code are met in all respects.

New matter indicated by italics - deletions by strikeout
Sec. 5-6-1. Sentences of Probation and of Conditional Discharge and Disposition of Supervision. The General Assembly finds that in order to protect the public, the criminal justice system must compel compliance with the conditions of probation by responding to violations with swift, certain and fair punishments and intermediate sanctions. The Chief Judge of each circuit shall adopt a system of structured, intermediate sanctions for violations of the terms and conditions of a sentence of probation, conditional discharge or disposition of supervision.

(a) Except where specifically prohibited by other provisions of this Code, the court shall impose a sentence of probation or conditional discharge upon an offender unless, having regard to the nature and circumstance of the offense, and to the history, character and condition of the offender, the court is of the opinion that:

1. his imprisonment or periodic imprisonment is necessary for the protection of the public; or
2. probation or conditional discharge would deprecate the seriousness of the offender's conduct and would be inconsistent with the ends of justice; or
3. a combination of imprisonment with concurrent or consecutive probation when an offender has been admitted into a drug court program under Section 20 of the Drug Court Treatment Act is necessary for the protection of the public and for the rehabilitation of the offender.

The court shall impose as a condition of a sentence of probation, conditional discharge, or supervision, that the probation agency may invoke any sanction from the list of intermediate sanctions adopted by the chief judge of the circuit court for violations of the terms and conditions of the sentence of probation, conditional discharge, or supervision, subject to the provisions of Section 5-6-4 of this Act.

(b) The court may impose a sentence of conditional discharge for an offense if the court is of the opinion that neither a sentence of imprisonment nor of periodic imprisonment nor of probation supervision is appropriate.

(1) the offender is not likely to commit further crimes;
(2) the defendant and the public would be best served if the defendant were not to receive a criminal record; and

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Childhood Hunger Relief Act is amended by changing Section 20 as follows:

(105 ILCS 126/20)

Sec. 20. Summer food service program.

(a) The State Board of Education shall promulgate a State plan for summer food service programs, in accordance with 42 U.S.C. Sec. 1761 and any other applicable federal laws and regulations, by February 1, 2008 January 15, 2006.

(b) On or before February 15, 2008, a school district must promulgate a plan to have a summer breakfast or lunch (or both) food service program for each school (i) in which at least 50% of the students are eligible for free or reduced-price school meals and (ii) that has a summer school program. The plan must be implemented during the summer of 2008. Each summer food service program must operate for the duration of the school's summer school program. If the school district has one or more elementary schools that qualify, the summer food service program must be operated in a manner that ensures all eligible students receive services. If a school in which at least 50% of the students are eligible for free or reduced-price school meals is not open during the summer months, the school shall provide information regarding the number of children in the school who are eligible for free or reduced-price school meals upon request by a not-for-profit entity. By the summer of 2006 and then each summer thereafter, it is strongly encouraged that the board of education of each school district in this State in which at least 50% of the students are eligible for free or reduced-price school meals operate a summer food service program or identify a non-profit or private

agency to sponsor a summer food service program within the school district's boundaries.

(c) Summer food service programs established under this Section shall may be supported by federal funds and commodities and other available State and local resources.

(d) A school district shall be allowed to opt out of the summer food service program requirement of this Section if it is determined that, due to circumstances specific to that school district, the expense reimbursement would not fully cover the costs of implementing and operating a summer food service program. The school district shall petition its regional superintendent of schools by January 15 to request to be exempt from the summer food service program requirement. The petition shall include all legitimate costs associated with implementing and operating a summer food service program, the estimated reimbursement from State and federal sources, and any unique circumstances the school district can verify that exist that would cause the implementation and operation of such a program to be cost prohibitive.

The regional superintendent of schools shall review the petition. He or she shall convene a public hearing to hear testimony from the school district and interested community members. The regional superintendent shall, by March 1, inform the school district of his or her decision, along with the reasons why the exemption was granted or denied, in writing. If the regional superintendent grants an exemption to the school district, then the school district is relieved from the requirement to establish and implement a summer food service program.

If the regional superintendent of schools does not grant an exemption to the school district, then the school district shall implement and operate a summer food service program in accordance with this Section the summer following the current school year. However, the school district or a resident of the school district may appeal the decision of the regional superintendent to the State Superintendent of Education. No later than April 1 of each year, the State Superintendent shall hear appeals on the decisions of regional superintendents of schools. The State Superintendent shall make a final decision at the conclusion of the hearing.

Sec. 1. Certain communicable diseases such as measles, poliomyelitis, invasive pneumococcal disease, and tetanus, may and do result in serious physical and mental disability including mental retardation, permanent paralysis, encephalitis, convulsions, pneumonia, and not infrequently, death.

Most of these diseases attack young children, and if they have not been immunized, may spread to other susceptible children and possibly, adults, thus, posing serious threats to the health of the community. Effective, safe and widely used vaccines and immunization procedures have been developed and are available to prevent these diseases and to limit their spread. Even though such immunization procedures are available, many children fail to receive this protection either through parental oversight, lack of concern, knowledge or interest, or lack of available facilities or funds. The existence of susceptible children in the community constitutes a health hazard to the individual and to the public at large by serving as a focus for the spread of these communicable diseases.

It is declared to be the public policy of this State that all children shall be protected, as soon after birth as medically indicated, by the appropriate vaccines and immunizing procedures to prevent communicable diseases which are or which may in the future become preventable by immunization.

PUBLIC ACT 95-0160
(House Bill No. 2734)

AN ACT concerning criminal law.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Drug School Act.

Section 5. Findings; purpose. The General Assembly finds as follows:

(1) One of the many objectives of the Illinois criminal justice system is individual rehabilitation.
(2) The incarceration of nonviolent drug offenders with families breaks the family unit.

New matter indicated by italics - deletions by strikeout
(3) The recidivism rate of nonviolent drug offenders in Illinois is 53%.
(4) Nonviolent drug offenders are in need of alternatives to incarceration such as counseling and treatment.
(5) Drug addiction is recognized as a health issue around the country.
(6) The Cook County State's Attorney drug school program has a success rate of over 85%.
(7) The State of Illinois spends $22,607 on one adult incarceration.
(8) The State of Illinois will save more than $17,000,000 if treatment programs are offered in lieu of incarceration.

The purpose of this Act is to establish, subject to appropriation, a drug school program for nonviolent drug offenders statewide modeled after the Cook County State's Attorney drug school program.

Section 10. Definition. As used in this Act, "drug school" means a drug intervention and education program established and administered by the State's Attorney's Office of a particular county as an alternative to traditional prosecution. A drug school shall include, but not be limited to, the following core components:

(1) No less than 10 and no more than 20 hours of drug education delivered by an organization licensed, certified or otherwise authorized by the Illinois Department of Human Services, Division of Alcoholism and Substance Abuse to provide treatment, intervention, education or other such services. This education is to be delivered at least once per week at a class of no less than one hour and no greater than 4 hours, and with a class size no larger than 40 individuals.

(2) Curriculum designed to present the harmful effects of drug use on the individual, family and community, including the relationship between drug use and criminal behavior, as well as instruction regarding the application procedure for the sealing and expungement of records of arrest and any other record of the

New matter indicated by italics - deletions by strikeout
proceedings of the case for which the individual was mandated to attend the drug school.

(3) Education regarding the practical consequences of conviction and continued justice involvement. Such consequences of drug use will include the negative physiological, psychological, societal, familial, and legal areas. Additionally, the practical limitations imposed by a drug conviction on one's vocational, educational, financial, and residential options will be addressed.

(4) A process for monitoring and reporting attendance such that the State's Attorney in the county where the drug school is being operated is informed of class attendance no more than 48 hours after each class.

(5) A process for capturing data on drug school participants, including but not limited to total individuals served, demographics of those individuals, rates of attendance, and frequency of future justice involvement for drug school participants and other data as may be required by the Division of Alcoholism and Substance Abuse.

Section 15. Authorization.

(a) Each State's Attorney may establish a drug school operated under the terms of this Act. The purpose of the drug school shall be to provide an alternative to prosecution by identifying drug-involved individuals for the purpose of intervening with their drug use before their criminal involvement becomes severe. The State's Attorney shall identify criteria to be used in determining eligibility for the drug school. Only those participants who successfully complete the requirements of the drug school, as certified by the State's Attorney, are eligible to apply for the sealing and expungement of records of arrest and any other record of the proceedings of the case for which the individual was mandated to attend the drug school.

(b) A State's Attorney seeking to establish a drug school may apply to the Division of Alcoholism and Substance Abuse of the Illinois Department of Human Services ("DASA") for funding to establish and operate a drug school within his or her respective county. Nothing in this
subsection shall prevent State's Attorneys from establishing drug schools within their counties without funding from DASA.

(c) Nothing in this Act shall prevent 2 or more State's Attorneys from applying jointly for funding as provided in subsection (b) for the purpose of establishing a drug school that serves multiple counties.

(d) Drug schools established through funding from DASA shall operate according to the guidelines established thereby and the provisions of this Act.

Section 20. Eligibility.
(a) The State's Attorney, alone, in each county where a drug school is established shall have the authority to determine which individuals, who would otherwise be prosecuted under the relevant provisions of Illinois law, may be eligible to participate in the drug school in lieu of prosecution.

(b) A defendant may be admitted into drug school only upon the agreement of the prosecutor and the defendant.

(a) The State's Attorney, alone, in each county where a drug school is established shall determine who is eligible to participate in the drug school in lieu of prosecution. Considerations in making such a determination shall include the crime committed, the circumstances of the crime or of the individual under consideration, and whether or not the State's Attorney believes that the individual would benefit from participation in the drug school.

(b) The judge shall inform the defendant that if the defendant fails to meet the conditions of drug school, eligibility to participate in the program may be revoked and the defendant may be prosecuted under the criminal laws of this State and sentenced as provided in the Unified Code of Corrections for the crime charged.

(c) The defendant shall execute a written agreement as to his or her participation in the drug school program and shall agree to all of the terms and conditions of the program, including but not limited to the possibility of prosecution for the crime charged for failing to abide or comply with the terms of the drug school program or for any arrest incurred subsequent to entry into the drug school program.

New matter indicated by italics - deletions by strikeout
Section 30. Successful completion. If an individual is certified by the State's Attorney that he or she has successfully completed the terms of the drug school, the State's Attorney shall waive prosecution for the immediate offense and discharge the case.

Section 35. Violations. Upon a violation of any of the terms of the drug school, the State's Attorney may proceed with prosecution as otherwise authorized under law.

PUBLIC ACT 95-0161
(House Bill No. 2782)

AN ACT concerning libraries.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

New matter indicated by italics - deletions by strikeout
Section 5. The Public Library District Act of 1991 is amended by changing Sections 15-10 and 15-15 as follows:

(75 ILCS 16/15-10)

Sec. 15-10. Uninhabited private property within municipality.

(a) Territory within the boundaries of a municipality that has no voters residing in it and that consists in whole or in part of private property may be annexed to the district as provided in this Section.

(b) A written petition describing the territory and signed by the owners of record of all land within the territory may be filed with the Board of Trustees of the library district. The petition, made under oath, shall request annexation and state that no voters reside within the territory. The trustees shall then, by ordinance, annex the described territory. No referendum need be held.

(c) The board of trustees of the library district may adopt an ordinance indicating the district's intention to annex the territory. Prior to adopting this ordinance, the board of trustees of the library district shall send notice of the proposed ordinance to the president of the board of trustees of each public library located within one mile of the territory to be annexed. The library district may, in addition, provide notice of a proposed annexation ordinance on a website maintained by the library district. At any meeting of the board of trustees in which an annexation order under this Section is considered, the board shall provide a reasonable opportunity for any interested person to make public comments on the proposed annexation ordinance. The ordinance shall contain a description of the territory and a statement that no voters reside in the territory. Within 15 days of the passage of the annexation ordinance, the library district shall send notice of the adoption of the ordinance and a copy of the map showing the boundaries of the territory to be annexed to the president of the board of trustees of each public library located within one mile of the territory to be annexed. Upon a 60 day written notice of the ordinance to each of the owners of record of the territory to be annexed and a written receipt of the notice from each such owner, the trustees shall by ordinance annex the described territory. No referendum need be held.

New matter indicated by italics - deletions by strikeout
(d) If an objection to the inclusion in the proposed annexation is filed by an owner of record or a written receipt of notice is not returned by an owner of record in the 60 day period, the property of that owner of record will be excluded from the annexation.

(e) In no case, however, may territory not contiguous to the district or to territory being annexed to the district be annexed.

(Source: P.A. 87-1277.)

(75 ILCS 16/15-15)

Sec. 15-15. Territory included within municipality or school district.

(a) A district may, by ordinance, annex territory if that territory is:

(1) located within the boundaries of a municipality or school district that is included, entirely or partially, within the district;

(2) contiguous to the district; and

(3) without local, tax-supported public library service.

An ordinance under this subsection must describe the territory to be annexed. Prior to adopting the ordinance, the board of trustees of the library district shall send notice of the proposed ordinance to the president of the board of trustees of each public library located within one mile of the territory to be annexed. The library district may, in addition, provide notice of a proposed annexation ordinance on a website maintained by the library district. At any meeting of the board of trustees in which an annexation ordinance under this Section is considered, the board shall provide a reasonable opportunity for any interested person to make public comments on the proposed annexation ordinance.

(b) Within 15 days of the passage of the annexation ordinance, the library district shall send notice of the adoption of the ordinance, a copy of the map showing the boundaries of the territory to be annexed, and a copy of the text of the publication notice required in this Section to the president of the board of trustees of each public library with territory within one mile of the territory to be annexed. Within 15 days after the adoption of the ordinance it shall be published as provided in Section 1-30. The board may vacate an annexation ordinance before its publication.
(c) The publication or posting of the ordinance shall include a notice of (i) the specific number of voters required to sign a petition requesting that the question of the adoption of the ordinance be submitted to the voters of the district or the territory to be annexed or both, (ii) the time in which the petition must be filed, and (iii) the date of the prospective referendum. The district secretary shall provide a petition form to any individual requesting one.

(d) If no petition is filed with the library district within 30 days after publication or posting of the ordinance, the annexation shall take effect. If, however, within the 30 day period, a petition is filed with the Board of Trustees of the library district, signed by voters of the district or the territory to be annexed, or both, equal in number to 10% or more of the total number of registered voters in the district, the territory to be annexed or both, asking that the question of the annexation of the territory be submitted to the voters of the territory, the board of trustees may vacate the annexation ordinance or certify the question to the proper election authority, who shall submit the question at the next regular election. Notice of this election shall be given and the election shall be conducted in accordance with the Election Code. The proposition shall be submitted to the voters in substantially the following form:

Shall (description of territory) be annexed to (name of public library district), (location), Illinois?

(e) If a majority of votes cast upon the proposition in the district, and also a majority of votes cast upon the proposition in the territory to be annexed, are in favor of the proposition, the Board of Trustees of the library district may conclude the annexation of the territory.

(f) If, before the effective date of this amendatory Act of the 94th General Assembly, a district has annexed territory under this Section and that annexation complies with the requirements set forth in this Section, as changed by this amendatory Act of the 94th General Assembly, then, for all purposes, that annexation is hereby validated, ratified, and declared to be in full force and effect from: (i) 30 days after publication or posting of the ordinance if no petition was filed with the library district under
subsection (d); or (ii) if a petition was filed, on the date that the district concluded the annexation of the territory under subsection (e).

(625 ILCS 5/3-664 new)
Sec. 3-664. Korean Service license plates.
(a) In addition to any other special license plate, the Secretary, upon receipt of all applicable fees and applications made in the form prescribed by the Secretary of State, may issue special registration plates designated as Korean Service license plates to residents of Illinois who, on or after July 27, 1954, participated in the United States Armed Forces in Korea. The special plate issued under this Section shall be affixed only to passenger vehicles of the first division, motorcycles, motor vehicles of the second division weighing not more than 8,000 pounds, and recreational vehicles as defined by Section 1-169 of this Code. Plates issued under this Section shall expire according to the staggered multi-year procedure established by Section 3-414.1 of this Code.
(b) The design, color, and format of the plates shall be wholly within the discretion of the Secretary of State. The Secretary may, in his or her discretion, allow the plates to be issued as vanity or personalized plates in accordance with Section 3-405.1 of this Code. PUBLIC ACT 95-0163
(House Bill No. 2786)

AN ACT concerning insurance.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Illinois Insurance Code is amended by changing Section 236 as follows:
(215 ILCS 5/236) (from Ch. 73, par. 848)
Sec. 236. Discrimination prohibited.
(a) No life company doing business in this State shall make or permit any distinction or discrimination in favor of individuals among insured persons of the same class and equal expectation of life in the issuance of its policies, in the amount of payment of premiums or rates charged for policies of insurance, in the amount of any dividends or other

benefits payable thereon, or in any other of the terms and conditions of the contracts it makes.

(b) No life company shall make or permit any distinction or discrimination against individuals with handicaps or disabilities in the amount of payment of premiums or rates charged for policies of life insurance, in the amount of any dividends or death benefits payable thereon, or in any other terms and conditions of the contract it makes unless the rate differential is based on sound actuarial principles and a reasonable system of classification and is related to actual or reasonably anticipated experience directly associated with the handicap or disability.

(c) No life company shall refuse to insure, or refuse to continue to insure, or limit the amount or extent or kind of coverage available to an individual, or charge an individual a different rate for the same coverage solely because of blindness or partial blindness. With respect to all other conditions, including the underlying cause of the blindness or partial blindness, persons who are blind or partially blind shall be subject to the same standards of sound actuarial principles or actual or reasonably anticipated experience as are sighted persons. Refusal to insure includes denial by an insurer of disability insurance coverage on the grounds that the policy defines "disability" as being presumed in the event that the insured loses his or her eyesight. However, an insurer may exclude from coverage disabilities consisting solely of blindness or partial blindness when such condition existed at the time the policy was issued.

(d) No life company shall refuse to insure or to continue to insure an individual solely because of the individual's status as a member of the United States Air Force, Army, Coast Guard, Marines, or Navy or solely because of the individual's status as a member of the National Guard or Armed Forces Reserve.

(e) An insurer or producer authorized to issue policies of insurance in this State may not make a distinction or otherwise discriminate between persons, reject an applicant, cancel a policy, or demand or require a higher rate of premium for reasons based solely upon an applicant's or insured's past lawful travel experiences or future lawful travel plans. This subsection (e) does not prohibit an insurer or producer
from excluding or limiting coverage under a policy or refusing to offer the policy based upon past lawful travel or future lawful travel plans or from charging a different rate for that coverage when that action is based upon sound actuarial principles or is related to actual or reasonably expected experience and is not based solely on the destination's inclusion on the United States Department of State's travel warning list. No life company may refuse to insure, refuse to continue to insure, limit the amount or extent or kind of coverage available to an individual, or charge an individual a different rate for the same coverage solely for reasons associated with an applicant's or insured's past lawful travel experiences.

PUBLIC ACT 95-0164
(House Bill No. 2918)

AN ACT concerning local government.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Illinois Municipal Code is amended by changing Sections 11-74.4-3 and 11-74.4-7 as follows:
(65 ILCS 5/11-74.4-3) (from Ch. 24, par. 11-74.4-3)
Sec. 11-74.4-3. Definitions. The following terms, wherever used or referred to in this Division 74.4 shall have the following respective meanings, unless in any case a different meaning clearly appears from the context.
(a) For any redevelopment project area that has been designated pursuant to this Section by an ordinance adopted prior to November 1, 1999 (the effective date of Public Act 91-478), "blighted area" shall have the meaning set forth in this Section prior to that date.

New matter indicated by italics - deletions by strikeout
On and after November 1, 1999, "blighted area" means any improved or vacant area within the boundaries of a redevelopment project area located within the territorial limits of the municipality where:

(1) If improved, industrial, commercial, and residential buildings or improvements are detrimental to the public safety, health, or welfare because of a combination of 5 or more of the following factors, each of which is (i) present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) reasonably distributed throughout the improved part of the redevelopment project area:

(A) Dilapidation. An advanced state of disrepair or neglect of necessary repairs to the primary structural components of buildings or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed.

(B) Obsolescence. The condition or process of falling into disuse. Structures have become ill-suited for the original use.

(C) Deterioration. With respect to buildings, defects including, but not limited to, major defects in the secondary building components such as doors, windows, porches, gutters and downspouts, and fascia. With respect to surface improvements, that the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas evidence deterioration, including, but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces.

(D) Presence of structures below minimum code standards. All structures that do not meet the standards of zoning, subdivision, building, fire, and other governmental

New matter indicated by italics - deletions by strikeout
codes applicable to property, but not including housing and property maintenance codes.

(E) Illegal use of individual structures. The use of structures in violation of applicable federal, State, or local laws, exclusive of those applicable to the presence of structures below minimum code standards.

(F) Excessive vacancies. The presence of buildings that are unoccupied or under-utilized and that represent an adverse influence on the area because of the frequency, extent, or duration of the vacancies.

(G) Lack of ventilation, light, or sanitary facilities. The absence of adequate ventilation for light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke, or other noxious airborne materials. Inadequate natural light and ventilation means the absence of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building.

(H) Inadequate utilities. Underground and overhead utilities such as storm sewers and storm drainage, sanitary sewers, water lines, and gas, telephone, and electrical services that are shown to be inadequate. Inadequate utilities are those that are: (i) of insufficient capacity to serve the uses in the redevelopment project area, (ii) deteriorated, antiquated, obsolete, or in disrepair, or (iii) lacking within the redevelopment project area.

(I) Excessive land coverage and overcrowding of structures and community facilities. The over-intensive use of property and the crowding of buildings and accessory
facilities onto a site. Examples of problem conditions warranting the designation of an area as one exhibiting excessive land coverage are: (i) the presence of buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety and (ii) the presence of multiple buildings on a single parcel. For there to be a finding of excessive land coverage, these parcels must exhibit one or more of the following conditions: insufficient provision for light and air within or around buildings, increased threat of spread of fire due to the close proximity of buildings, lack of adequate or proper access to a public right-of-way, lack of reasonably required off-street parking, or inadequate provision for loading and service.

(J) Deleterious land use or layout. The existence of incompatible land-use relationships, buildings occupied by inappropriate mixed-uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.

(K) Environmental clean-up. The proposed redevelopment project area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(L) Lack of community planning. The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This means that the development occurred prior to the adoption

New matter indicated by italics - deletions by strikeout
by the municipality of a comprehensive or other community plan or that the plan was not followed at the time of the area's development. This factor must be documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning.

(M) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated.

(2) If vacant, the sound growth of the redevelopment project area is impaired by a combination of 2 or more of the following factors, each of which is (i) present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) reasonably distributed throughout the vacant part of the redevelopment project area to which it pertains:

(A) Obsolete platting of vacant land that results in parcels of limited or narrow size or configurations of parcels of irregular size or shape that would be difficult to develop on a planned basis and in a manner compatible with contemporary standards and requirements, or platting that failed to create rights-of-ways for streets or alleys or that created inadequate right-of-way widths for streets,
alleys, or other public rights-of-way or that omitted easements for public utilities.

(B) Diversity of ownership of parcels of vacant land sufficient in number to retard or impede the ability to assemble the land for development.

(C) Tax and special assessment delinquencies exist or the property has been the subject of tax sales under the Property Tax Code within the last 5 years.

(D) Deterioration of structures or site improvements in neighboring areas adjacent to the vacant land.

(E) The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(F) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated.

New matter indicated by italics - deletions by strikeout
(3) If vacant, the sound growth of the redevelopment project area is impaired by one of the following factors that (i) is present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) is reasonably distributed throughout the vacant part of the redevelopment project area to which it pertains:

(A) The area consists of one or more unused quarries, mines, or strip mine ponds.

(B) The area consists of unused rail yards, rail tracks, or railroad rights-of-way.

(C) The area, prior to its designation, is subject to (i) chronic flooding that adversely impacts on real property in the area as certified by a registered professional engineer or appropriate regulatory agency or (ii) surface water that discharges from all or a part of the area and contributes to flooding within the same watershed, but only if the redevelopment project provides for facilities or improvements to contribute to the alleviation of all or part of the flooding.

(D) The area consists of an unused or illegal disposal site containing earth, stone, building debris, or similar materials that were removed from construction, demolition, excavation, or dredge sites.

(E) Prior to November 1, 1999, the area is not less than 50 nor more than 100 acres and 75% of which is vacant (notwithstanding that the area has been used for commercial agricultural purposes within 5 years prior to the designation of the redevelopment project area), and the area meets at least one of the factors itemized in paragraph (1) of this subsection, the area has been designated as a town or village center by ordinance or comprehensive plan adopted prior to January 1, 1982, and the area has not been developed for that designated purpose.

New matter indicated by italics - deletions by strikeout
(F) The area qualified as a blighted improved area immediately prior to becoming vacant, unless there has been substantial private investment in the immediately surrounding area.

(b) For any redevelopment project area that has been designated pursuant to this Section by an ordinance adopted prior to November 1, 1999 (the effective date of Public Act 91-478), "conservation area" shall have the meaning set forth in this Section prior to that date.

On and after November 1, 1999, "conservation area" means any improved area within the boundaries of a redevelopment project area located within the territorial limits of the municipality in which 50% or more of the structures in the area have an age of 35 years or more. Such an area is not yet a blighted area but because of a combination of 3 or more of the following factors is detrimental to the public safety, health, morals or welfare and such an area may become a blighted area:

(1) Dilapidation. An advanced state of disrepair or neglect of necessary repairs to the primary structural components of buildings or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed.

(2) Obsolescence. The condition or process of falling into disuse. Structures have become ill-suited for the original use.

(3) Deterioration. With respect to buildings, defects including, but not limited to, major defects in the secondary building components such as doors, windows, porches, gutters and downspouts, and fascia. With respect to surface improvements, that the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas evidence deterioration, including, but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces.

(4) Presence of structures below minimum code standards. All structures that do not meet the standards of zoning,

subdivision, building, fire, and other governmental codes applicable to property, but not including housing and property maintenance codes.

(5) Illegal use of individual structures. The use of structures in violation of applicable federal, State, or local laws, exclusive of those applicable to the presence of structures below minimum code standards.

(6) Excessive vacancies. The presence of buildings that are unoccupied or under-utilized and that represent an adverse influence on the area because of the frequency, extent, or duration of the vacancies.

(7) Lack of ventilation, light, or sanitary facilities. The absence of adequate ventilation for light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke, or other noxious airborne materials. Inadequate natural light and ventilation means the absence or inadequacy of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building.

(8) Inadequate utilities. Underground and overhead utilities such as storm sewers and storm drainage, sanitary sewers, water lines, and gas, telephone, and electrical services that are shown to be inadequate. Inadequate utilities are those that are: (i) of insufficient capacity to serve the uses in the redevelopment project area, (ii) deteriorated, antiquated, obsolete, or in disrepair, or (iii) lacking within the redevelopment project area.

(9) Excessive land coverage and overcrowding of structures and community facilities. The over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Examples of problem conditions warranting the designation of an area as one exhibiting excessive land coverage are: the presence of

buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety and the presence of multiple buildings on a single parcel. For there to be a finding of excessive land coverage, these parcels must exhibit one or more of the following conditions: insufficient provision for light and air within or around buildings, increased threat of spread of fire due to the close proximity of buildings, lack of adequate or proper access to a public right-of-way, lack of reasonably required off-street parking, or inadequate provision for loading and service.

(10) Deleterious land use or layout. The existence of incompatible land-use relationships, buildings occupied by inappropriate mixed-uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.

(11) Lack of community planning. The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This means that the development occurred prior to the adoption by the municipality of a comprehensive or other community plan or that the plan was not followed at the time of the area's development. This factor must be documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning.

(12) The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(13) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years for which information is available.

(c) "Industrial park" means an area in a blighted or conservation area suitable for use by any manufacturing, industrial, research or transportation enterprise, of facilities to include but not be limited to factories, mills, processing plants, assembly plants, packing plants, fabricating plants, industrial distribution centers, warehouses, repair overhaul or service facilities, freight terminals, research facilities, test facilities or railroad facilities.

(d) "Industrial park conservation area" means an area within the boundaries of a redevelopment project area located within the territorial limits of a municipality that is a labor surplus municipality or within 1 1/2 miles of the territorial limits of a municipality that is a labor surplus municipality if the area is annexed to the municipality; which area is zoned as industrial no later than at the time the municipality by ordinance designates the redevelopment project area, and which area includes both vacant land suitable for use as an industrial park and a blighted area or conservation area contiguous to such vacant land.

(e) "Labor surplus municipality" means a municipality in which, at any time during the 6 months before the municipality by ordinance designates an industrial park conservation area, the unemployment rate was over 6% and was also 100% or more of the national average unemployment rate for that same time as published in the United States Department of Labor Bureau of Labor Statistics publication entitled "The Employment Situation" or its successor publication. For the purpose of this subsection, if unemployment rate statistics for the municipality are not available, the unemployment rate in the municipality shall be deemed to be

the same as the unemployment rate in the principal county in which the
municipality is located.

(f) "Municipality" shall mean a city, village, incorporated town, or
a township that is located in the unincorporated portion of a county with 3
million or more inhabitants, if the county adopted an ordinance that
approved the township's redevelopment plan.

(g) "Initial Sales Tax Amounts" means the amount of taxes paid
under the Retailers' Occupation Tax Act, Use Tax Act, Service Use Tax
Act, the Service Occupation Tax Act, the Municipal Retailers' Occupation
Tax Act, and the Municipal Service Occupation Tax Act by retailers and
servicemen on transactions at places located in a State Sales Tax Boundary
during the calendar year 1985.

(g-1) "Revised Initial Sales Tax Amounts" means the amount of
taxes paid under the Retailers' Occupation Tax Act, Use Tax Act, Service
Use Tax Act, the Service Occupation Tax Act, the Municipal Retailers'
Occupation Tax Act, and the Municipal Service Occupation Tax Act by
retailers and servicemen on transactions at places located within the State
Sales Tax Boundary revised pursuant to Section 11-74.4-8a(9) of this Act.

(h) "Municipal Sales Tax Increment" means an amount equal to the
increase in the aggregate amount of taxes paid to a municipality from the
Local Government Tax Fund arising from sales by retailers and
servicemen within the redevelopment project area or State Sales Tax
Boundary, as the case may be, for as long as the redevelopment project
area or State Sales Tax Boundary, as the case may be, exist over and above
the aggregate amount of taxes as certified by the Illinois Department of
Revenue and paid under the Municipal Retailers' Occupation Tax Act and
the Municipal Service Occupation Tax Act by retailers and servicemen, on
transactions at places of business located in the redevelopment project area
or State Sales Tax Boundary, as the case may be, during the base year
which shall be the calendar year immediately prior to the year in which the
municipality adopted tax increment allocation financing. For purposes of
computing the aggregate amount of such taxes for base years occurring
prior to 1985, the Department of Revenue shall determine the Initial Sales
Tax Amounts for such taxes and deduct therefrom an amount equal to 4%
of the aggregate amount of taxes per year for each year the base year is prior to 1985, but not to exceed a total deduction of 12%. The amount so determined shall be known as the "Adjusted Initial Sales Tax Amounts". For purposes of determining the Municipal Sales Tax Increment, the Department of Revenue shall for each period subtract from the amount paid to the municipality from the Local Government Tax Fund arising from sales by retailers and servicemen on transactions located in the redevelopment project area or the State Sales Tax Boundary, as the case may be, the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts for the Municipal Retailers' Occupation Tax Act and the Municipal Service Occupation Tax Act. For the State Fiscal Year 1989, this calculation shall be made by utilizing the calendar year 1987 to determine the tax amounts received. For the State Fiscal Year 1990, this calculation shall be made by utilizing the period from January 1, 1988, until September 30, 1988, to determine the tax amounts received from retailers and servicemen pursuant to the Municipal Retailers' Occupation Tax and the Municipal Service Occupation Tax Act, which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For the State Fiscal Year 1991, this calculation shall be made by utilizing the period from October 1, 1988, to June 30, 1989, to determine the tax amounts received from retailers and servicemen pursuant to the Municipal Retailers' Occupation Tax and the Municipal Service Occupation Tax Act which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For every State Fiscal Year thereafter, the applicable period shall be the 12 months beginning July 1 and ending June 30 to determine the tax amounts received which shall have deducted therefrom the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts, as the case may be.

(i) "Net State Sales Tax Increment" means the sum of the following: (a) 80% of the first $100,000 of State Sales Tax Increment
annually generated within a State Sales Tax Boundary; (b) 60% of the amount in excess of $100,000 but not exceeding $500,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary; and (c) 40% of all amounts in excess of $500,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary. If, however, a municipality established a tax increment financing district in a county with a population in excess of 3,000,000 before January 1, 1986, and the municipality entered into a contract or issued bonds after January 1, 1986, but before December 31, 1986, to finance redevelopment project costs within a State Sales Tax Boundary, then the Net State Sales Tax Increment means, for the fiscal years beginning July 1, 1990, and July 1, 1991, 100% of the State Sales Tax Increment annually generated within a State Sales Tax Boundary; and notwithstanding any other provision of this Act, for those fiscal years the Department of Revenue shall distribute to those municipalities 100% of their Net State Sales Tax Increment before any distribution to any other municipality and regardless of whether or not those other municipalities will receive 100% of their Net State Sales Tax Increment. For Fiscal Year 1999, and every year thereafter until the year 2007, for any municipality that has not entered into a contract or has not issued bonds prior to June 1, 1988 to finance redevelopment project costs within a State Sales Tax Boundary, the Net State Sales Tax Increment shall be calculated as follows: By multiplying the Net State Sales Tax Increment by 90% in the State Fiscal Year 1999; 80% in the State Fiscal Year 2000; 70% in the State Fiscal Year 2001; 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for State Fiscal Year 2008 and thereafter.

Municipalities that issued bonds in connection with a redevelopment project in a redevelopment project area within the State Sales Tax Boundary prior to July 29, 1991, or that entered into contracts in connection with a redevelopment project in a redevelopment project area before June 1, 1988, shall continue to receive their proportional share of the Illinois Tax Increment Fund distribution until the date on which the

redevelopment project is completed or terminated. If, however, a
municipality that issued bonds in connection with a redevelopment project
in a redevelopment project area within the State Sales Tax Boundary prior
to July 29, 1991 retires the bonds prior to June 30, 2007 or a municipality
that entered into contracts in connection with a redevelopment project in a
redevelopment project area before June 1, 1988 completes the contracts
prior to June 30, 2007, then so long as the redevelopment project is not
completed or is not terminated, the Net State Sales Tax Increment shall be
calculated, beginning on the date on which the bonds are retired or the
contracts are completed, as follows: By multiplying the Net State Sales
Tax Increment by 60% in the State Fiscal Year 2002; 50% in the State
Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State
Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State
Fiscal Year 2007. No payment shall be made for State Fiscal Year 2008
and thereafter. Refunding of any bonds issued prior to July 29, 1991, shall
not alter the Net State Sales Tax Increment.

(j) "State Utility Tax Increment Amount" means an amount equal
to the aggregate increase in State electric and gas tax charges imposed on
owners and tenants, other than residential customers, of properties located
within the redevelopment project area under Section 9-222 of the Public
Utilities Act, over and above the aggregate of such charges as certified by
the Department of Revenue and paid by owners and tenants, other than
residential customers, of properties within the redevelopment project area
during the base year, which shall be the calendar year immediately prior to
the year of the adoption of the ordinance authorizing tax increment
allocation financing.

(k) "Net State Utility Tax Increment" means the sum of the
following: (a) 80% of the first $100,000 of State Utility Tax Increment
annually generated by a redevelopment project area; (b) 60% of the
amount in excess of $100,000 but not exceeding $500,000 of the State
Utility Tax Increment annually generated by a redevelopment project area;
and (c) 40% of all amounts in excess of $500,000 of State Utility Tax
Increment annually generated by a redevelopment project area. For the
State Fiscal Year 1999, and every year thereafter until the year 2007, for

any municipality that has not entered into a contract or has not issued bonds prior to June 1, 1988 to finance redevelopment project costs within a redevelopment project area, the Net State Utility Tax Increment shall be calculated as follows: By multiplying the Net State Utility Tax Increment by 90% in the State Fiscal Year 1999; 80% in the State Fiscal Year 2000; 70% in the State Fiscal Year 2001; 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for the State Fiscal Year 2008 and thereafter.

Municipalities that issue bonds in connection with the redevelopment project during the period from June 1, 1988 until 3 years after the effective date of this Amendatory Act of 1988 shall receive the Net State Utility Tax Increment, subject to appropriation, for 15 State Fiscal Years after the issuance of such bonds. For the 16th through the 20th State Fiscal Years after issuance of the bonds, the Net State Utility Tax Increment shall be calculated as follows: By multiplying the Net State Utility Tax Increment by 90% in year 16; 80% in year 17; 70% in year 18; 60% in year 19; and 50% in year 20. Refunding of any bonds issued prior to June 1, 1988, shall not alter the revised Net State Utility Tax Increment payments set forth above.

(l) "Obligations" mean bonds, loans, debentures, notes, special certificates or other evidence of indebtedness issued by the municipality to carry out a redevelopment project or to refund outstanding obligations.

(m) "Payment in lieu of taxes" means those estimated tax revenues from real property in a redevelopment project area derived from real property that has been acquired by a municipality which according to the redevelopment project or plan is to be used for a private use which taxing districts would have received had a municipality not acquired the real property and adopted tax increment allocation financing and which would result from levies made after the time of the adoption of tax increment allocation financing to the time the current equalized value of real property in the redevelopment project area exceeds the total initial equalized value of real property in said area.

(n) "Redevelopment plan" means the comprehensive program of the municipality for development or redevelopment intended by the payment of redevelopment project costs to reduce or eliminate those conditions the existence of which qualified the redevelopment project area as a "blighted area" or "conservation area" or combination thereof or "industrial park conservation area," and thereby to enhance the tax bases of the taxing districts which extend into the redevelopment project area. On and after November 1, 1999 (the effective date of Public Act 91-478), no redevelopment plan may be approved or amended that includes the development of vacant land (i) with a golf course and related clubhouse and other facilities or (ii) designated by federal, State, county, or municipal government as public land for outdoor recreational activities or for nature preserves and used for that purpose within 5 years prior to the adoption of the redevelopment plan. For the purpose of this subsection, "recreational activities" is limited to mean camping and hunting. Each redevelopment plan shall set forth in writing the program to be undertaken to accomplish the objectives and shall include but not be limited to:

(A) an itemized list of estimated redevelopment project costs;

(B) evidence indicating that the redevelopment project area on the whole has not been subject to growth and development through investment by private enterprise;

(C) an assessment of any financial impact of the redevelopment project area on or any increased demand for services from any taxing district affected by the plan and any program to address such financial impact or increased demand;

(D) the sources of funds to pay costs;

(E) the nature and term of the obligations to be issued;

(F) the most recent equalized assessed valuation of the redevelopment project area;

(G) an estimate as to the equalized assessed valuation after redevelopment and the general land uses to apply in the redevelopment project area;

New matter indicated by italics - deletions by strikeout
(H) a commitment to fair employment practices and an affirmative action plan;

(I) if it concerns an industrial park conservation area, the plan shall also include a general description of any proposed developer, user and tenant of any property, a description of the type, structure and general character of the facilities to be developed, a description of the type, class and number of new employees to be employed in the operation of the facilities to be developed; and

(J) if property is to be annexed to the municipality, the plan shall include the terms of the annexation agreement.

The provisions of items (B) and (C) of this subsection (n) shall not apply to a municipality that before March 14, 1994 (the effective date of Public Act 88-537) had fixed, either by its corporate authorities or by a commission designated under subsection (k) of Section 11-74.4-4, a time and place for a public hearing as required by subsection (a) of Section 11-74.4-5. No redevelopment plan shall be adopted unless a municipality complies with all of the following requirements:

(1) The municipality finds that the redevelopment project area on the whole has not been subject to growth and development through investment by private enterprise and would not reasonably be anticipated to be developed without the adoption of the redevelopment plan.

(2) The municipality finds that the redevelopment plan and project conform to the comprehensive plan for the development of the municipality as a whole, or, for municipalities with a population of 100,000 or more, regardless of when the redevelopment plan and project was adopted, the redevelopment plan and project either: (i) conforms to the strategic economic development or redevelopment plan issued by the designated planning authority of the municipality, or (ii) includes land uses that have been approved by the planning commission of the municipality.

(3) The redevelopment plan establishes the estimated dates of completion of the redevelopment project and retirement of obligations issued to finance redevelopment project costs. Those dates shall not be later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the twenty-third calendar year after the year in which the ordinance approving the redevelopment project area is adopted if the ordinance was adopted on or after January 15, 1981; shall not be later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the thirty-third calendar year after the year in which the ordinance approving the redevelopment project area if the ordinance was adopted on May 20, 1985 by the Village of Wheeling; and shall not be later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the thirty-fifth calendar year after the year in which the ordinance approving the redevelopment project area is adopted:

However, for redevelopment project areas for which bonds were issued before July 29, 1991, or for which contracts were entered into before June 1, 1988, in connection with a redevelopment project in the area within the State Sales Tax Boundary, the estimated dates of completion of the redevelopment project and retirement of obligations to finance redevelopment project costs may be extended by municipal ordinance to December 31, 2013. The termination procedures of subsection (b) of Section 11-74.4-8 are not required for these redevelopment project areas in 2009 but are required in 2013. The extension allowed by this amendatory Act of 1993 shall not apply to real property tax increment allocation financing under Section 11-74.4-8.

A municipality may by municipal ordinance amend an existing redevelopment plan to conform to this paragraph (3) as amended by Public Act 91-478, which municipal ordinance may be adopted without further hearing or notice and without complying with the procedures provided in this Act pertaining to an amendment to or the initial approval of a redevelopment plan and project and designation of a redevelopment project area.

Those dates, for purposes of real property tax increment allocation financing pursuant to Section 11-74.4-8 only, shall be not more than 35 years for redevelopment project areas that were adopted on or after December 16, 1986 and for which at least $8

million worth of municipal bonds were authorized on or after December 19, 1989 but before January 1, 1990; provided that the municipality elects to extend the life of the redevelopment project area to 35 years by the adoption of an ordinance after at least 14 but not more than 30 days' written notice to the taxing bodies, that would otherwise constitute the joint review board for the redevelopment project area, before the adoption of the ordinance.

Those dates, for purposes of real property tax increment allocation financing pursuant to Section 11-74.4-8 only, shall be not more than 35 years for redevelopment project areas that were established on or after December 1, 1981 but before January 1, 1982 and for which at least $1,500,000 worth of tax increment revenue bonds were authorized on or after September 30, 1990 but before July 1, 1991; provided that the municipality elects to extend the life of the redevelopment project area to 35 years by the adoption of an ordinance after at least 14 but not more than 30 days' written notice to the taxing bodies, that would otherwise constitute the joint review board for the redevelopment project area, before the adoption of the ordinance.

(3.5) The municipality finds, in the case of an industrial park conservation area, also that the municipality is a labor surplus municipality and that the implementation of the redevelopment plan will reduce unemployment, create new jobs and by the provision of new facilities enhance the tax base of the taxing districts that extend into the redevelopment project area.

(4) If any incremental revenues are being utilized under Section 8(a)(1) or 8(a)(2) of this Act in redevelopment project areas approved by ordinance after January 1, 1986, the municipality finds: (a) that the redevelopment project area would not reasonably be developed without the use of such incremental revenues, and (b) that such incremental revenues will be exclusively utilized for the development of the redevelopment project area.
(5) If the redevelopment plan will not result in displacement of residents from 10 or more inhabited residential units, and the municipality certifies in the plan that such displacement will not result from the plan, a housing impact study need not be performed. If, however, the redevelopment plan would result in the displacement of residents from 10 or more inhabited residential units, or if the redevelopment project area contains 75 or more inhabited residential units and no certification is made, then the municipality shall prepare, as part of the separate feasibility report required by subsection (a) of Section 11-74.4-5, a housing impact study.

Part I of the housing impact study shall include (i) data as to whether the residential units are single family or multi-family units, (ii) the number and type of rooms within the units, if that information is available, (iii) whether the units are inhabited or uninhabited, as determined not less than 45 days before the date that the ordinance or resolution required by subsection (a) of Section 11-74.4-5 is passed, and (iv) data as to the racial and ethnic composition of the residents in the inhabited residential units. The data requirement as to the racial and ethnic composition of the residents in the inhabited residential units shall be deemed to be fully satisfied by data from the most recent federal census.

Part II of the housing impact study shall identify the inhabited residential units in the proposed redevelopment project area that are to be or may be removed. If inhabited residential units are to be removed, then the housing impact study shall identify (i) the number and location of those units that will or may be removed, (ii) the municipality's plans for relocation assistance for those residents in the proposed redevelopment project area whose residences are to be removed, (iii) the availability of replacement housing for those residents whose residences are to be removed, and shall identify the type, location, and cost of the housing, and (iv) the type and extent of relocation assistance to be provided.
(6) On and after November 1, 1999, the housing impact study required by paragraph (5) shall be incorporated in the redevelopment plan for the redevelopment project area.

(7) On and after November 1, 1999, no redevelopment plan shall be adopted, nor an existing plan amended, nor shall residential housing that is occupied by households of low-income and very low-income persons in currently existing redevelopment project areas be removed after November 1, 1999 unless the redevelopment plan provides, with respect to inhabited housing units that are to be removed for households of low-income and very low-income persons, affordable housing and relocation assistance not less than that which would be provided under the federal Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 and the regulations under that Act, including the eligibility criteria. Affordable housing may be either existing or newly constructed housing. For purposes of this paragraph (7), "low-income households", "very low-income households", and "affordable housing" have the meanings set forth in the Illinois Affordable Housing Act. The municipality shall make a good faith effort to ensure that this affordable housing is located in or near the redevelopment project area within the municipality.

(8) On and after November 1, 1999, if, after the adoption of the redevelopment plan for the redevelopment project area, any municipality desires to amend its redevelopment plan to remove more inhabited residential units than specified in its original redevelopment plan, that change shall be made in accordance with the procedures in subsection (c) of Section 11-74.4-5.

(9) For redevelopment project areas designated prior to November 1, 1999, the redevelopment plan may be amended without further joint review board meeting or hearing, provided that the municipality shall give notice of any such changes by mail to each affected taxing district and registrant on the interested party registry, to authorize the municipality to expend tax increment

revenues for redevelopment project costs defined by paragraphs (5) and (7.5), subparagraphs (E) and (F) of paragraph (11), and paragraph (11.5) of subsection (q) of Section 11-74.4-3, so long as the changes do not increase the total estimated redevelopment project costs set out in the redevelopment plan by more than 5% after adjustment for inflation from the date the plan was adopted.

(o) "Redevelopment project" means any public and private development project in furtherance of the objectives of a redevelopment plan. On and after November 1, 1999 (the effective date of Public Act 91-478), no redevelopment plan may be approved or amended that includes the development of vacant land (i) with a golf course and related clubhouse and other facilities or (ii) designated by federal, State, county, or municipal government as public land for outdoor recreational activities or for nature preserves and used for that purpose within 5 years prior to the adoption of the redevelopment plan. For the purpose of this subsection, "recreational activities" is limited to mean camping and hunting.

(p) "Redevelopment project area" means an area designated by the municipality, which is not less in the aggregate than 1 1/2 acres and in respect to which the municipality has made a finding that there exist conditions which cause the area to be classified as an industrial park conservation area or a blighted area or a conservation area, or a combination of both blighted areas and conservation areas.

(q) "Redevelopment project costs" mean and include the sum total of all reasonable or necessary costs incurred or estimated to be incurred, and any such costs incidental to a redevelopment plan and a redevelopment project. Such costs include, without limitation, the following:

1. Costs of studies, surveys, development of plans, and specifications, implementation and administration of the redevelopment plan including but not limited to staff and professional service costs for architectural, engineering, legal, financial, planning or other services, provided however that no charges for professional services may be based on a percentage of the tax increment collected; except that on and after November 1,
1999 (the effective date of Public Act 91-478), no contracts for professional services, excluding architectural and engineering services, may be entered into if the terms of the contract extend beyond a period of 3 years. In addition, "redevelopment project costs" shall not include lobbying expenses. After consultation with the municipality, each tax increment consultant or advisor to a municipality that plans to designate or has designated a redevelopment project area shall inform the municipality in writing of any contracts that the consultant or advisor has entered into with entities or individuals that have received, or are receiving, payments financed by tax increment revenues produced by the redevelopment project area with respect to which the consultant or advisor has performed, or will be performing, service for the municipality. This requirement shall be satisfied by the consultant or advisor before the commencement of services for the municipality and thereafter whenever any other contracts with those individuals or entities are executed by the consultant or advisor;

(1.5) After July 1, 1999, annual administrative costs shall not include general overhead or administrative costs of the municipality that would still have been incurred by the municipality if the municipality had not designated a redevelopment project area or approved a redevelopment plan;

(1.6) The cost of marketing sites within the redevelopment project area to prospective businesses, developers, and investors;

(2) Property assembly costs, including but not limited to acquisition of land and other property, real or personal, or rights or interests therein, demolition of buildings, site preparation, site improvements that serve as an engineered barrier addressing ground level or below ground environmental contamination, including, but not limited to parking lots and other concrete or asphalt barriers, and the clearing and grading of land;

(3) Costs of rehabilitation, reconstruction or repair or remodeling of existing public or private buildings, fixtures, and

leasehold improvements; and the cost of replacing an existing public building if pursuant to the implementation of a redevelopment project the existing public building is to be demolished to use the site for private investment or devoted to a different use requiring private investment;

(4) Costs of the construction of public works or improvements, except that on and after November 1, 1999, redevelopment project costs shall not include the cost of constructing a new municipal public building principally used to provide offices, storage space, or conference facilities or vehicle storage, maintenance, or repair for administrative, public safety, or public works personnel and that is not intended to replace an existing public building as provided under paragraph (3) of subsection (q) of Section 11-74.4-3 unless either (i) the construction of the new municipal building implements a redevelopment project that was included in a redevelopment plan that was adopted by the municipality prior to November 1, 1999 or (ii) the municipality makes a reasonable determination in the redevelopment plan, supported by information that provides the basis for that determination, that the new municipal building is required to meet an increase in the need for public safety purposes anticipated to result from the implementation of the redevelopment plan;

(5) Costs of job training and retraining projects, including the cost of "welfare to work" programs implemented by businesses located within the redevelopment project area;

(6) Financing costs, including but not limited to all necessary and incidental expenses related to the issuance of obligations and which may include payment of interest on any obligations issued hereunder including interest accruing during the estimated period of construction of any redevelopment project for which such obligations are issued and for not exceeding 36 months thereafter and including reasonable reserves related thereto;

(i) no increased costs shall be reimbursed unless the school district certifies that each of the schools affected by the assisted housing project is at or over its student capacity;

(iii) the amount reimbursed may not affect
amounts otherwise obligated by the terms of any
bonds, notes, or other funding instruments, or the
terms of any redevelopment agreement.

Any school district seeking payment under this paragraph
(7.5) shall, after July 1 and before September 30 of each
year, provide the municipality with reasonable evidence to
support its claim for reimbursement before the municipality
shall be required to approve or make the payment to the
school district. If the school district fails to provide the
information during this period in any year, it shall forfeit
any claim to reimbursement for that year. School districts
may adopt a resolution waiving the right to all or a portion
of the reimbursement otherwise required by this paragraph
(7.5). By acceptance of this reimbursement the school
district waives the right to directly or indirectly set aside,
modify, or contest in any manner the establishment of the
redevelopment project area or projects;

(7.7) For redevelopment project areas designated (or
redevelopment project areas amended to add or increase the
number of tax-increment-financing assisted housing units) on or
after January 1, 2005 (the effective date of Public Act 93-961), a
public library district's increased costs attributable to assisted
housing units located within the redevelopment project area for
which the developer or redeveloper receives financial assistance
through an agreement with the municipality or because the
municipality incurs the cost of necessary infrastructure
improvements within the boundaries of the assisted housing sites
necessary for the completion of that housing as authorized by this
Act shall be paid to the library district by the municipality from the
Special Tax Allocation Fund when the tax increment revenue is
received as a result of the assisted housing units. This paragraph
(7.7) applies only if (i) the library district is located in a county that
is subject to the Property Tax Extension Limitation Law or (ii) the

library district is not located in a county that is subject to the Property Tax Extension Limitation Law but the district is prohibited by any other law from increasing its tax levy rate without a prior voter referendum.

The amount paid to a library district under this paragraph (7.7) shall be calculated by multiplying (i) the net increase in the number of persons eligible to obtain a library card in that district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by (ii) the per-patron cost of providing library services so long as it does not exceed $120. The per-patron cost shall be the Total Operating Expenditures Per Capita as stated in the most recent Illinois Public Library Statistics produced by the Library Research Center at the University of Illinois. The municipality may deduct from the amount that it must pay to a library district under this paragraph any amount that it has voluntarily paid to the library district from the tax increment revenue. The amount paid to a library district under this paragraph (7.7) shall be no more than 2% of the amount produced by the assisted housing units and deposited into the Special Tax Allocation Fund.

A library district is not eligible for any payment under this paragraph (7.7) unless the library district has experienced an increase in the number of patrons from the municipality that created the tax-increment-financing district since the designation of the redevelopment project area.

Any library district seeking payment under this paragraph (7.7) shall, after July 1 and before September 30 of each year, provide the municipality with convincing evidence to support its claim for reimbursement before the municipality shall be required to approve or make the payment to the library district. If the library district is not located in a county that is subject to the Property Tax Extension Limitation Law but the district is prohibited by any other law from increasing its tax levy rate without a prior voter referendum.
district fails to provide the information during this period in any year, it shall forfeit any claim to reimbursement for that year. Library districts may adopt a resolution waiving the right to all or a portion of the reimbursement otherwise required by this paragraph (7.7). By acceptance of such reimbursement, the library district shall forfeit any right to directly or indirectly set aside, modify, or contest in any manner whatsoever the establishment of the redevelopment project area or projects;

(8) Relocation costs to the extent that a municipality determines that relocation costs shall be paid or is required to make payment of relocation costs by federal or State law or in order to satisfy subparagraph (7) of subsection (n);

(9) Payment in lieu of taxes;

(10) Costs of job training, retraining, advanced vocational education or career education, including but not limited to courses in occupational, semi-technical or technical fields leading directly to employment, incurred by one or more taxing districts, provided that such costs (i) are related to the establishment and maintenance of additional job training, advanced vocational education or career education programs for persons employed or to be employed by employers located in a redevelopment project area; and (ii) when incurred by a taxing district or taxing districts other than the municipality, are set forth in a written agreement by or among the municipality and the taxing district or taxing districts, which agreement describes the program to be undertaken, including but not limited to the number of employees to be trained, a description of the training and services to be provided, the number and type of positions available or to be available, itemized costs of the program and sources of funds to pay for the same, and the term of the agreement. Such costs include, specifically, the payment by community college districts of costs pursuant to Sections 3-37, 3-38, 3-40 and 3-40.1 of the Public Community College Act and by school districts of costs pursuant to Sections 10-22.20a and 10-23.3a of The School Code;

(11) Interest cost incurred by a redeveloper related to the construction, renovation or rehabilitation of a redevelopment project provided that:

A) such costs are to be paid directly from the special tax allocation fund established pursuant to this Act;
B) such payments in any one year may not exceed 30% of the annual interest costs incurred by the redeveloper with regard to the redevelopment project during that year;
C) if there are not sufficient funds available in the special tax allocation fund to make the payment pursuant to this paragraph (11) then the amounts so due shall accrue and be payable when sufficient funds are available in the special tax allocation fund;
D) the total of such interest payments paid pursuant to this Act may not exceed 30% of the total (i) cost paid or incurred by the redeveloper for the redevelopment project plus (ii) redevelopment project costs excluding any property assembly costs and any relocation costs incurred by a municipality pursuant to this Act; and

E) the cost limits set forth in subparagraphs (B) and (D) of paragraph (11) shall be modified for the financing of rehabilitated or new housing units for low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act. The percentage of 75% shall be substituted for 30% in subparagraphs (B) and (D) of paragraph (11).

F) Instead of the eligible costs provided by subparagraphs (B) and (D) of paragraph (11), as modified by this subparagraph, and notwithstanding any other provisions of this Act to the contrary, the municipality may pay from tax increment revenues up to 50% of the cost of construction of new housing units to be occupied by low-income households and very low-income households as defined in Section 3 of the Illinois Affordable Housing Act.

The cost of construction of those units may be derived from the proceeds of bonds issued by the municipality under this Act or other constitutional or statutory authority or from other sources of municipal revenue that may be reimbursed from tax increment revenues or the proceeds of bonds issued to finance the construction of that housing.

The eligible costs provided under this subparagraph (F) of paragraph (11) shall be an eligible cost for the construction, renovation, and rehabilitation of all low and very low-income housing units, as defined in Section 3 of the Illinois Affordable Housing Act, within the redevelopment project area. If the low and very low-income units are part of a residential redevelopment project that includes units not affordable to low and very low-income households, only the low and very low-income units shall be eligible for benefits under subparagraph (F) of paragraph (11). The standards for maintaining the occupancy by low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act, of those units constructed with eligible costs made available under the provisions of this subparagraph (F) of paragraph (11) shall be established by guidelines adopted by the municipality. The responsibility for annually documenting the initial occupancy of the units by low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act, shall be that of the then current owner of the property. For ownership units, the guidelines will provide, at a minimum, for a reasonable recapture of funds, or other appropriate methods designed to preserve the original affordability of the ownership units. For rental units, the guidelines will provide, at a minimum, for the affordability of rent to low and very low-income households. As units become available, they shall be rented to income-eligible tenants.
The municipality may modify these guidelines from time to time; the guidelines, however, shall be in effect for as long as tax increment revenue is being used to pay for costs associated with the units or for the retirement of bonds issued to finance the units or for the life of the redevelopment project area, whichever is later.

(11.5) If the redevelopment project area is located within a municipality with a population of more than 100,000, the cost of day care services for children of employees from low-income families working for businesses located within the redevelopment project area and all or a portion of the cost of operation of day care centers established by redevelopment project area businesses to serve employees from low-income families working in businesses located in the redevelopment project area. For the purposes of this paragraph, "low-income families" means families whose annual income does not exceed 80% of the municipal, county, or regional median income, adjusted for family size, as the annual income and municipal, county, or regional median income are determined from time to time by the United States Department of Housing and Urban Development.

(12) Unless explicitly stated herein the cost of construction of new privately-owned buildings shall not be an eligible redevelopment project cost.

(13) After November 1, 1999 (the effective date of Public Act 91-478), none of the redevelopment project costs enumerated in this subsection shall be eligible redevelopment project costs if those costs would provide direct financial support to a retail entity initiating operations in the redevelopment project area while terminating operations at another Illinois location within 10 miles of the redevelopment project area but outside the boundaries of the redevelopment project area municipality. For purposes of this paragraph, termination means a closing of a retail operation that is directly related to the opening of the same operation or like retail entity owned or operated by more than 50% of the original

ownership in a redevelopment project area, but it does not mean closing an operation for reasons beyond the control of the retail entity, as documented by the retail entity, subject to a reasonable finding by the municipality that the current location contained inadequate space, had become economically obsolete, or was no longer a viable location for the retailer or serviceman.

If a special service area has been established pursuant to the Special Service Area Tax Act or Special Service Area Tax Law, then any tax increment revenues derived from the tax imposed pursuant to the Special Service Area Tax Act or Special Service Area Tax Law may be used within the redevelopment project area for the purposes permitted by that Act or Law as well as the purposes permitted by this Act.

(r) "State Sales Tax Boundary" means the redevelopment project area or the amended redevelopment project area boundaries which are determined pursuant to subsection (9) of Section 11-74.4-8a of this Act. The Department of Revenue shall certify pursuant to subsection (9) of Section 11-74.4-8a the appropriate boundaries eligible for the determination of State Sales Tax Increment.

(s) "State Sales Tax Increment" means an amount equal to the increase in the aggregate amount of taxes paid by retailers and servicemen, other than retailers and servicemen subject to the Public Utilities Act, on transactions at places of business located within a State Sales Tax Boundary pursuant to the Retailers' Occupation Tax Act, the Use Tax Act, the Service Use Tax Act, and the Service Occupation Tax Act, except such portion of such increase that is paid into the State and Local Sales Tax Reform Fund, the Local Government Distributive Fund, the Local Government Tax Fund and the County and Mass Transit District Fund, for as long as State participation exists, over and above the Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts for such taxes as certified by the Department of Revenue and paid under those Acts by retailers and servicemen on transactions at places of business located within the State Sales Tax Boundary during the base year which shall be the calendar year immediately prior to the year in which the municipality adopted tax increment allocation financing, less
3.0% of such amounts generated under the Retailers' Occupation Tax Act, Use Tax Act and Service Use Tax Act and the Service Occupation Tax Act, which sum shall be appropriated to the Department of Revenue to cover its costs of administering and enforcing this Section. For purposes of computing the aggregate amount of such taxes for base years occurring prior to 1985, the Department of Revenue shall compute the Initial Sales Tax Amount for such taxes and deduct therefrom an amount equal to 4% of the aggregate amount of taxes per year for each year the base year is prior to 1985, but not to exceed a total deduction of 12%. The amount so determined shall be known as the "Adjusted Initial Sales Tax Amount". For purposes of determining the State Sales Tax Increment the Department of Revenue shall for each period subtract from the tax amounts received from retailers and servicemen on transactions located in the State Sales Tax Boundary, the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or Revised Initial Sales Tax Amounts for the Retailers' Occupation Tax Act, the Use Tax Act, the Service Use Tax Act and the Service Occupation Tax Act. For the State Fiscal Year 1989 this calculation shall be made by utilizing the calendar year 1987 to determine the tax amounts received. For the State Fiscal Year 1990, this calculation shall be made by utilizing the period from January 1, 1988, until September 30, 1988, to determine the tax amounts received from retailers and servicemen, which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For the State Fiscal Year 1991, this calculation shall be made by utilizing the period from October 1, 1988, until June 30, 1989, to determine the tax amounts received from retailers and servicemen, which shall have deducted therefrom nine-twelfths of the certified Initial State Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For every State Fiscal Year thereafter, the applicable period shall be the 12 months beginning July 1 and ending on June 30, to determine the tax amounts received which shall have deducted therefrom the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts.
intending to receive a distribution of State Sales Tax Increment must report a list of retailers to the Department of Revenue by October 31, 1988 and by July 31, of each year thereafter.

(t) "Taxing districts" means counties, townships, cities and incorporated towns and villages, school, road, park, sanitary, mosquito abatement, forest preserve, public health, fire protection, river conservancy, tuberculosis sanitarium and any other municipal corporations or districts with the power to levy taxes.

(u) "Taxing districts' capital costs" means those costs of taxing districts for capital improvements that are found by the municipal corporate authorities to be necessary and directly result from the redevelopment project.

(v) As used in subsection (a) of Section 11-74.4-3 of this Act, "vacant land" means any parcel or combination of parcels of real property without industrial, commercial, and residential buildings which has not been used for commercial agricultural purposes within 5 years prior to the designation of the redevelopment project area, unless the parcel is included in an industrial park conservation area or the parcel has been subdivided; provided that if the parcel was part of a larger tract that has been divided into 3 or more smaller tracts that were accepted for recording during the period from 1950 to 1990, then the parcel shall be deemed to have been subdivided, and all proceedings and actions of the municipality taken in that connection with respect to any previously approved or designated redevelopment project area or amended redevelopment project area are hereby validated and hereby declared to be legally sufficient for all purposes of this Act. For purposes of this Section and only for land subject to the subdivision requirements of the Plat Act, land is subdivided when the original plat of the proposed Redevelopment Project Area or relevant portion thereof has been properly certified, acknowledged, approved, and recorded or filed in accordance with the Plat Act and a preliminary plat, if any, for any subsequent phases of the proposed Redevelopment Project Area or relevant portion thereof has been properly approved and filed in accordance with the applicable ordinance of the municipality.
(w) "Annual Total Increment" means the sum of each municipality's annual Net Sales Tax Increment and each municipality's annual Net Utility Tax Increment. The ratio of the Annual Total Increment of each municipality to the Annual Total Increment for all municipalities, as most recently calculated by the Department, shall determine the proportional shares of the Illinois Tax Increment Fund to be distributed to each municipality.

(65 ILCS 5/11-74.4-7) (from Ch. 24, par. 11-74.4-7)

Sec. 11-74.4-7. Obligations secured by the special tax allocation fund set forth in Section 11-74.4-8 for the redevelopment project area may be issued to provide for redevelopment project costs. Such obligations, when so issued, shall be retired in the manner provided in the ordinance authorizing the issuance of such obligations by the receipts of taxes levied as specified in Section 11-74.4-9 against the taxable property included in the area, by revenues as specified by Section 11-74.4-8a and other revenue designated by the municipality. A municipality may in the ordinance pledge all or any part of the funds in and to be deposited in the special tax allocation fund created pursuant to Section 11-74.4-8 to the payment of the redevelopment project costs and obligations. Any pledge of funds in the special tax allocation fund shall provide for distribution to the taxing districts and to the Illinois Department of Revenue of moneys not required, pledged, earmarked, or otherwise designated for payment and securing of the obligations and anticipated redevelopment project costs and such excess funds shall be calculated annually and deemed to be "surplus" funds. In the event a municipality only applies or pledges a portion of the

funds in the special tax allocation fund for the payment or securing of anticipated redevelopment project costs or of obligations, any such funds remaining in the special tax allocation fund after complying with the requirements of the application or pledge, shall also be calculated annually and deemed "surplus" funds. All surplus funds in the special tax allocation fund shall be distributed annually within 180 days after the close of the municipality's fiscal year by being paid by the municipal treasurer to the County Collector, to the Department of Revenue and to the municipality in direct proportion to the tax incremental revenue received as a result of an increase in the equalized assessed value of property in the redevelopment project area, tax incremental revenue received from the State and tax incremental revenue received from the municipality, but not to exceed as to each such source the total incremental revenue received from that source. The County Collector shall thereafter make distribution to the respective taxing districts in the same manner and proportion as the most recent distribution by the county collector to the affected districts of real property taxes from real property in the redevelopment project area.

Without limiting the foregoing in this Section, the municipality may in addition to obligations secured by the special tax allocation fund pledge for a period not greater than the term of the obligations towards payment of such obligations any part or any combination of the following: (a) net revenues of all or part of any redevelopment project; (b) taxes levied and collected on any or all property in the municipality; (c) the full faith and credit of the municipality; (d) a mortgage on part or all of the redevelopment project; or (e) any other taxes or anticipated receipts that the municipality may lawfully pledge.

Such obligations may be issued in one or more series bearing interest at such rate or rates as the corporate authorities of the municipality shall determine by ordinance. Such obligations shall bear such date or dates, mature at such time or times not exceeding 20 years from their respective dates, be in such denomination, carry such registration privileges, be executed in such manner, be payable in such medium of payment at such place or places, contain such covenants, terms and conditions, and be subject to redemption as such ordinance shall provide.

Obligations issued pursuant to this Act may be sold at public or private sale at such price as shall be determined by the corporate authorities of the municipalities. No referendum approval of the electors shall be required as a condition to the issuance of obligations pursuant to this Division except as provided in this Section.

In the event the municipality authorizes issuance of obligations pursuant to the authority of this Division secured by the full faith and credit of the municipality, which obligations are other than obligations which may be issued under home rule powers provided by Article VII, Section 6 of the Illinois Constitution, or pledges taxes pursuant to (b) or (c) of the second paragraph of this section, the ordinance authorizing the issuance of such obligations or pledging such taxes shall be published within 10 days after such ordinance has been passed in one or more newspapers, with general circulation within such municipality. The publication of the ordinance shall be accompanied by a notice of (1) the specific number of voters required to sign a petition requesting the question of the issuance of such obligations or pledging taxes to be submitted to the electors; (2) the time in which such petition must be filed; and (3) the date of the prospective referendum. The municipal clerk shall provide a petition form to any individual requesting one.

If no petition is filed with the municipal clerk, as hereinafter provided in this Section, within 30 days after the publication of the ordinance, the ordinance shall be in effect. But, if within that 30 day period a petition is filed with the municipal clerk, signed by electors in the municipality numbering 10% or more of the number of registered voters in the municipality, asking that the question of issuing obligations using full faith and credit of the municipality as security for the cost of paying for redevelopment project costs, or of pledging taxes for the payment of such obligations, or both, be submitted to the electors of the municipality, the corporate authorities of the municipality shall call a special election in the manner provided by law to vote upon that question, or, if a general, State or municipal election is to be held within a period of not less than 30 or more than 90 days from the date such petition is filed, shall submit the question at the next general, State or municipal election. If it appears upon

the canvass of the election by the corporate authorities that a majority of electors voting upon the question voted in favor thereof, the ordinance shall be in effect, but if a majority of the electors voting upon the question are not in favor thereof, the ordinance shall not take effect.

The ordinance authorizing the obligations may provide that the obligations shall contain a recital that they are issued pursuant to this Division, which recital shall be conclusive evidence of their validity and of the regularity of their issuance.

In the event the municipality authorizes issuance of obligations pursuant to this Section secured by the full faith and credit of the municipality, the ordinance authorizing the obligations may provide for the levy and collection of a direct annual tax upon all taxable property within the municipality sufficient to pay the principal thereof and interest thereon as it matures, which levy may be in addition to and exclusive of the maximum of all other taxes authorized to be levied by the municipality, which levy, however, shall be abated to the extent that monies from other sources are available for payment of the obligations and the municipality certifies the amount of said monies available to the county clerk.

A certified copy of such ordinance shall be filed with the county clerk of each county in which any portion of the municipality is situated, and shall constitute the authority for the extension and collection of the taxes to be deposited in the special tax allocation fund.

A municipality may also issue its obligations to refund in whole or in part, obligations theretofore issued by such municipality under the authority of this Act, whether at or prior to maturity, provided however, that the last maturity of the refunding obligations shall not be expressed to mature later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the twenty-third calendar year after the year in which the ordinance approving the redevelopment project area is adopted if the ordinance was adopted on or after January 15, 1981, not later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of

under this Section; but municipalities by ordinance may impose a fine up
to $350 and shall display signs indicating the fine imposed. If the amount

(c-1) Any person found guilty of violating the provisions of

The Secretary of State may also suspend or revoke the disability license plates or parking decal or device for a period of time determined by the Secretary of State.

(405 ILCS 5/2-107.1) (from Ch. 91 1/2, par. 2-107.1)

Sec. 2-107.1. Administration of psychotropic medication and electroconvulsive therapy authorized involuntary treatment upon application to a court.

(a) (Blank). An adult recipient of services and the recipient's guardian, if the recipient is under guardianship, and the substitute decision maker, if any, shall be informed of the recipient's right to refuse medication. Mental Health Treatment Preference Declaration Act and to obtain copies of these instruments if they exist. If either of the above-named instruments is available to the petitioner, the instrument or a copy of the instrument shall be attached to the petition as an exhibit. The petitioner shall deliver a copy of the petition, and notice of the time and place of the hearing, to the respondent, his or her attorney, any known agent or attorney-in-fact, if any, and the guardian, if any, no later than 3 days prior to the date of the hearing. The petition may include a request that the court authorize such testing and procedures as may be essential for the safe and effective administration of the psychotropic medication or electroconvulsive therapy authorized involuntary treatment sought to be administered, but only where the petition sets forth the specific testing and procedures sought to be administered.

If a hearing is requested to be held immediately following the hearing on a petition for involuntary admission, then the notice requirement shall be the same as that for the hearing on the petition for involuntary admission, and the petition filed pursuant to this Section shall be filed with the petition for involuntary admission.

(2) The court shall hold a hearing within 7 days of the filing of the petition. The People, the petitioner, or the respondent shall be entitled to a continuance of up to 7 days as of right. An additional continuance of not more than 7 days may be granted to any party (i) upon a showing that the continuance is needed in order to adequately prepare for or present evidence in a hearing under this Section or (ii) under exceptional circumstances. The
court may grant an additional continuance not to exceed 21 days when, in its discretion, the court determines that such a continuance is necessary in order to provide the recipient with an examination pursuant to Section 3-803 or 3-804 of this Act, to provide the recipient with a trial by jury as provided in Section 3-802 of this Act, or to arrange for the substitution of counsel as provided for by the Illinois Supreme Court Rules. The hearing shall be separate from a judicial proceeding held to determine whether a person is subject to involuntary admission but may be heard immediately preceding or following such a judicial proceeding and may be heard by the same trier of fact or law as in that judicial proceeding.

(3) Unless otherwise provided herein, the procedures set forth in Article VIII of Chapter 3 of this Act, including the provisions regarding appointment of counsel, shall govern hearings held under this subsection (a-5).

(4) Psychotropic medication and electroconvulsive therapy may be administered to the recipient if and only if unless it has been determined by clear and convincing evidence that all of the following factors are present. In determining whether a person meets the criteria specified in the following paragraphs (A) through (G), the court may consider evidence of the person's history of serious violence, repeated past pattern of specific behavior, actions related to the person's illness, or past outcomes of various treatment options.

(A) That the recipient has a serious mental illness or developmental disability.

(B) That because of said mental illness or developmental disability, the recipient currently exhibits any one of the following: (i) deterioration of his or her ability to function, as compared to the recipient's ability to function prior to the current onset of symptoms of the mental illness or disability for which treatment is presently sought, (ii) suffering, or (iii) threatening behavior.

New matter indicated by italics - deletions by strikeout
(C) That the illness or disability has existed for a period marked by the continuing presence of the symptoms set forth in item (B) of this subdivision (4) or the repeated episodic occurrence of these symptoms.

(D) That the benefits of the treatment outweigh the harm.

(E) That the recipient lacks the capacity to make a reasoned decision about the treatment.

(F) That other less restrictive services have been explored and found inappropriate.

(G) If the petition seeks authorization for testing and other procedures, that such testing and procedures are essential for the safe and effective administration of the treatment.

(5) In no event shall an order issued under this Section be effective for more than 90 days. A second 90-day period of involuntary treatment may be authorized pursuant to a hearing that complies with the standards and procedures of this subsection (a-5). Thereafter, additional 180-day periods of involuntary treatment may be authorized pursuant to the standards and procedures of this Section without limit. If a new petition to authorize the administration of psychotropic medication or electroconvulsive therapy authorized involuntary treatment is filed at least 15 days prior to the expiration of the prior order, and if any continuance of the hearing is agreed to by the recipient, the administration of the treatment may continue in accordance with the prior order pending the completion of a hearing under this Section.

(6) An order issued under this subsection (a-5) shall designate the persons authorized to administer the authorized involuntary treatment under the standards and procedures of this subsection (a-5). Those persons shall have complete discretion not to administer any treatment authorized under this Section. The order shall also specify the medications and the anticipated range.

PUBLIC ACT 95-0174
(House Bill No. 3573)

AN ACT concerning local government.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Illinois Municipal Code is amended by changing Section 7-1-1 as follows:
(65 ILCS 5/7-1-1) (from Ch. 24, par. 7-1-1)
Sec. 7-1-1. Annexation of contiguous territory. Any territory that is not within the corporate limits of any municipality but is contiguous to a municipality may be annexed to the municipality as provided in this Article. For the purposes of this Article any territory to be annexed to a municipality shall be considered to be contiguous to the municipality notwithstanding that the territory is separated from the municipality by a strip parcel, railroad or public utility right-of-way, or former railroad right-of-way that has been converted to a recreational trail, but upon annexation the area included within that strip parcel, right-of-way, or former right-of-way shall not be considered to be annexed to the municipality. For

New matter indicated by italics - deletions by strikeout
purposes of this Section, "strip parcel" means a separation no wider than 30 feet between the territory to be annexed and the municipal boundary.

Except in counties with a population of more than 600,000 but less than 3,000,000, territory which is not contiguous to a municipality but is separated therefrom only by a forest preserve district, federal wildlife refuge, or open land or open space that is part of an open space program, as defined in Section 115-5 of the Township Code, may be annexed to the municipality pursuant to Section 7-1-7 or 7-1-8, but only if the annexing municipality can show that the forest preserve district, federal wildlife refuge, open land, or open space property prevents the orderly natural growth of the annexing municipality. It shall be conclusively presumed that the forest preserve district, federal wildlife refuge, open land, or open space property does not create an artificial barrier if the property sought to be annexed is bounded on at least 3 sides by (i) one or more other municipalities (other than the municipality seeking annexation through the existing forest preserve district, federal wildlife refuge, open land, or open space), (ii) forest preserve district property, federal wildlife refuge, open land, or open space, or (iii) a combination of other municipalities and forest preserve district property, federal wildlife refuge property, open land, or open space. It shall also be conclusively presumed that the forest preserve district, federal wildlife refuge, open land, or open space property does not create an artificial barrier if the municipality seeking annexation is not the closest municipality within the county to the property to be annexed. The territory included within such forest preserve district, federal wildlife refuge, open land, or open space shall not be annexed to the municipality nor shall the territory of the forest preserve district, federal wildlife refuge, open land, or open space be subject to rights-of-way for access or services between the parts of the municipality separated by the forest preserve district, federal wildlife refuge, open land, or open space without the consent of the governing body of the forest preserve district or federal wildlife refuge. The changes made to this Section by this

New matter indicated by italics - deletions by strikeout
amendatory Act of 91st General Assembly are declaratory of existing law and shall not be construed as a new enactment.

In counties that are contiguous to the Mississippi River with populations of more than 200,000 but less than 255,000, a municipality that is partially located in territory that is wholly surrounded by the Mississippi River and a canal, connected at both ends to the Mississippi River and located on property owned by the United States of America, may annex noncontiguous territory in the surrounded territory under Sections 7-1-7, 7-1-8, or 7-1-9 if that territory is separated from the municipality by property owned by the United States of America, but that federal property shall not be annexed without the consent of the federal government.

For the purposes of this Article, any territory to be annexed to a municipality that is located in a county with more than 500,000 inhabitants shall be considered to be contiguous to the municipality if only a river and a national heritage corridor separate the territory from the municipality. Upon annexation, no river or national heritage corridor shall be considered annexed to the municipality.

When any land proposed to be annexed is part of any Fire Protection District or of any Public Library District and the annexing municipality provides fire protection or a public library, as the case may be, the Trustees of each District shall be notified in writing by certified or registered mail before any court hearing or other action is taken for annexation. The notice shall be served 10 days in advance. An affidavit that service of notice has been had as provided by this Section must be filed with the clerk of the court in which the annexation proceedings are pending or will be instituted or, when no court proceedings are involved, with the recorder for the county where the land is situated. No annexation of that land is effective unless service is had and the affidavit filed as provided in this Section.

The new boundary shall extend to the far side of any adjacent highway and shall include all of every highway within the area annexed. These highways shall be considered to be annexed even though not included in the legal description set forth in the petition for annexation.
When any land proposed to be annexed includes any highway under the jurisdiction of any township, the Township Commissioner of Highways, and the Board of Town Trustees, the Township Supervisor, and the Township Clerk shall be notified in writing by certified or registered mail before any court hearing or other action is taken for annexation. In the event that a municipality fails to notify the Township Commissioner of Highways, and the Board of Town Trustees, the Township Supervisor, and the Township Clerk of the annexation of an area within the township, the municipality shall reimburse that township for any loss or liability caused by the failure to give notice. If any municipality has annexed any area before October 1, 1975, and the legal description in the petition for annexation did not include the entire adjacent highway, any such annexation shall be valid and any highway adjacent to the area annexed shall be considered to be annexed notwithstanding the failure of the petition to annex to include the description of the entire adjacent highway.

Any annexation, disconnection and annexation, or disconnection under this Article of any territory must be reported by certified or registered mail by the corporate authority initiating the action to the election authorities having jurisdiction in the territory and the post office branches serving the territory within 30 days of the annexation, disconnection and annexation, or disconnection.

Failure to give notice to the required election authorities or post office branches will not invalidate the annexation or disconnection. For purposes of this Section "election authorities" means the county clerk where the clerk acts as the clerk of elections or the clerk of the election commission having jurisdiction.

No annexation, disconnection and annexation, or disconnection under this Article of territory having electors residing therein made (1) before any primary election to be held within the municipality affected thereby and after the time for filing petitions as a candidate for nomination to any office to be chosen at the primary election or (2) within 60 days before any general election to be held within the municipality shall be effective until the day after the date of the primary or general election, as the case may be.

New matter indicated by italics - deletions by strikeout
For the purpose of this Section, a toll highway or connection between parcels via an overpass bridge over a toll highway shall not be considered a deterrent to the definition of contiguous territory.

When territory is proposed to be annexed by court order under this Article, the corporate authorities or petitioners initiating the action shall notify each person who pays real estate taxes on property within that territory unless the person is a petitioner. The notice shall be served by certified or registered mail, return receipt requested, at least 20 days before a court hearing or other court action. If the person who pays real estate taxes on the property is not the owner of record, then the payor shall notify the owner of record of the proposed annexation.

AN ACT concerning courts.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Juvenile Court Act of 1987 is amended by changing Section 2-28 as follows:
(705 ILCS 405/2-28) (from Ch. 37, par. 802-28)
Sec. 2-28. Court review.
(1) The court may require any legal custodian or guardian of the person appointed under this Act to report periodically to the court or may cite him into court and require him or his agency, to make a full and accurate report of his or its doings in behalf of the minor. The custodian or

guardian, within 10 days after such citation, shall make the report, either in writing verified by affidavit or orally under oath in open court, or otherwise as the court directs. Upon the hearing of the report the court may remove the custodian or guardian and appoint another in his stead or restore the minor to the custody of his parents or former guardian or custodian. However, custody of the minor shall not be restored to any parent, guardian or legal custodian in any case in which the minor is found to be neglected or abused under Section 2-3 or dependent under Section 2-4 of this Act, unless the minor can be cared for at home without endangering the minor's health or safety and it is in the best interests of the minor, and if such neglect, abuse, or dependency is found by the court under paragraph (1) of Section 2-21 of this Act to have come about due to the acts or omissions or both of such parent, guardian or legal custodian, until such time as an investigation is made as provided in paragraph (5) and a hearing is held on the issue of the fitness of such parent, guardian or legal custodian to care for the minor and the court enters an order that such parent, guardian or legal custodian is fit to care for the minor.

(2) The first permanency hearing shall be conducted by the judge. Subsequent permanency hearings may be heard by a judge or by hearing officers appointed or approved by the court in the manner set forth in Section 2-28.1 of this Act. The initial hearing shall be held (a) within 12 months from the date temporary custody was taken, (b) if the parental rights of both parents have been terminated in accordance with the procedure described in subsection (5) of Section 2-21, within 30 days of the order for termination of parental rights and appointment of a guardian with power to consent to adoption, or (c) in accordance with subsection (2) of Section 2-13.1. Subsequent permanency hearings shall be held every 6 months or more frequently if necessary in the court's determination following the initial permanency hearing, in accordance with the standards set forth in this Section, until the court determines that the plan and goal have been achieved. Once the plan and goal have been achieved, if the minor remains in substitute care, the case shall be reviewed at least every 6 months thereafter, subject to the provisions of this Section, unless the minor is placed in the guardianship of a suitable relative or other person

New matter indicated by italics - deletions by strikeout
and the court determines that further monitoring by the court does not further the health, safety or best interest of the child and that this is a stable permanent placement. The permanency hearings must occur within the time frames set forth in this subsection and may not be delayed in anticipation of a report from any source or due to the agency's failure to timely file its written report (this written report means the one required under the next paragraph and does not mean the service plan also referred to in that paragraph).

The public agency that is the custodian or guardian of the minor, or another agency responsible for the minor's care, shall ensure that all parties to the permanency hearings are provided a copy of the most recent service plan prepared within the prior 6 months at least 14 days in advance of the hearing. If not contained in the plan, the agency shall also include a report setting forth (i) any special physical, psychological, educational, medical, emotional, or other needs of the minor or his or her family that are relevant to a permanency or placement determination and (ii) for any minor age 16 or over, a written description of the programs and services that will enable the minor to prepare for independent living. The agency's written report must detail what progress or lack of progress the parent has made in correcting the conditions requiring the child to be in care; whether the child can be returned home without jeopardizing the child's health, safety, and welfare, and if not, what permanency goal is recommended to be in the best interests of the child, and why the other permanency goals are not appropriate. The caseworker must appear and testify at the permanency hearing. If a permanency hearing has not previously been scheduled by the court, the moving party shall move for the setting of a permanency hearing and the entry of an order within the time frames set forth in this subsection.

At the permanency hearing, the court shall determine the future status of the child. The court shall set one of the following permanency goals:

(A) The minor will be returned home by a specific date within 5 months.
(B) The minor will be in short-term care with a continued goal to return home within a period not to exceed one year, where the progress of the parent or parents is substantial giving particular consideration to the age and individual needs of the minor.

(B-1) The minor will be in short-term care with a continued goal to return home pending a status hearing. When the court finds that a parent has not made reasonable efforts or reasonable progress to date, the court shall identify what actions the parent and the Department must take in order to justify a finding of reasonable efforts or reasonable progress and shall set a status hearing to be held not earlier than 9 months from the date of adjudication nor later than 11 months from the date of adjudication during which the parent's progress will again be reviewed.

(C) The minor will be in substitute care pending court determination on termination of parental rights.

(D) Adoption, provided that parental rights have been terminated or relinquished.

(E) The guardianship of the minor will be transferred to an individual or couple on a permanent basis provided that goals (A) through (D) have been ruled out.

(F) The minor over age 15 will be in substitute care pending independence.

(G) The minor will be in substitute care because he or she cannot be provided for in a home environment due to developmental disabilities or mental illness or because he or she is a danger to self or others, provided that goals (A) through (D) have been ruled out.

In selecting any permanency goal, the court shall indicate in writing the reasons the goal was selected and why the preceding goals were ruled out. Where the court has selected a permanency goal other than (A), (B), or (B-1), the Department of Children and Family Services shall not provide further reunification services, but shall provide services consistent with the goal selected.

New matter indicated by italics - deletions by strikeout
The court shall set a permanency goal that is in the best interest of the child. The court's determination shall include the following factors:

(1) Age of the child.
(2) Options available for permanence.
(3) Current placement of the child and the intent of the family regarding adoption.
(4) Emotional, physical, and mental status or condition of the child.
(5) Types of services previously offered and whether or not the services were successful and, if not successful, the reasons the services failed.
(6) Availability of services currently needed and whether the services exist.
(7) Status of siblings of the minor.

The court shall consider (i) the permanency goal contained in the service plan, (ii) the appropriateness of the services contained in the plan and whether those services have been provided, (iii) whether reasonable efforts have been made by all the parties to the service plan to achieve the goal, and (iv) whether the plan and goal have been achieved. All evidence relevant to determining these questions, including oral and written reports, may be admitted and may be relied on to the extent of their probative value.

If the goal has been achieved, the court shall enter orders that are necessary to conform the minor's legal custody and status to those findings.

If, after receiving evidence, the court determines that the services contained in the plan are not reasonably calculated to facilitate achievement of the permanency goal, the court shall put in writing the factual basis supporting the determination and enter specific findings based on the evidence. The court also shall enter an order for the Department to develop and implement a new service plan or to implement changes to the current service plan consistent with the court's findings. The new service plan shall be filed with the court and served on all parties within 45 days of the date of the order. The court shall continue the matter

New matter indicated by italics - deletions by strikeout
until the new service plan is filed. Unless otherwise specifically authorized by law, the court is not empowered under this subsection (2) or under subsection (3) to order specific placements, specific services, or specific service providers to be included in the plan.

A guardian or custodian appointed by the court pursuant to this Act shall file updated case plans with the court every 6 months.

Rights of wards of the court under this Act are enforceable against any public agency by complaints for relief by mandamus filed in any proceedings brought under this Act.

(3) Following the permanency hearing, the court shall enter a written order that includes the determinations required under subsection (2) of this Section and sets forth the following:

(a) The future status of the minor, including the permanency goal, and any order necessary to conform the minor's legal custody and status to such determination; or

(b) If the permanency goal of the minor cannot be achieved immediately, the specific reasons for continuing the minor in the care of the Department of Children and Family Services or other agency for short term placement, and the following determinations:

   (i) (Blank).

   (ii) Whether the services required by the court and by any service plan prepared within the prior 6 months have been provided and (A) if so, whether the services were reasonably calculated to facilitate the achievement of the permanency goal or (B) if not provided, why the services were not provided.

   (iii) Whether the minor's placement is necessary, and appropriate to the plan and goal, recognizing the right of minors to the least restrictive (most family-like) setting available and in close proximity to the parents' home consistent with the health, safety, best interest and special needs of the minor and, if the minor is placed out-of-State, whether the out-of-State placement continues to be
appropriate and consistent with the health, safety, and best interest of the minor.

(iv) (Blank).
(v) (Blank).

Any order entered pursuant to this subsection (3) shall be immediately appealable as a matter of right under Supreme Court Rule 304(b)(1).

(4) The minor or any person interested in the minor may apply to the court for a change in custody of the minor and the appointment of a new custodian or guardian of the person or for the restoration of the minor to the custody of his parents or former guardian or custodian.

When return home is not selected as the permanency goal:

(a) The Department, the minor, or the current foster parent or relative caregiver seeking private guardianship may file a motion for private guardianship of the minor. Appointment of a guardian under this Section requires approval of the court.

(b) The State's Attorney may file a motion to terminate parental rights of any parent who has failed to make reasonable efforts to correct the conditions which led to the removal of the child or reasonable progress toward the return of the child, as defined in subdivision (D)(m) of Section 1 of the Adoption Act or for whom any other unfitness ground for terminating parental rights as defined in subdivision (D) of Section 1 of the Adoption Act exists.

Custody of the minor shall not be restored to any parent, guardian or legal custodian in any case in which the minor is found to be neglected or abused under Section 2-3 or dependent under Section 2-4 of this Act, unless the minor can be cared for at home without endangering his or her health or safety and it is in the best interest of the minor, and if such neglect, abuse, or dependency is found by the court under paragraph (1) of Section 2-21 of this Act to have come about due to the acts or omissions or both of such parent, guardian or legal custodian, until such time as an investigation is made as provided in paragraph (5) and a hearing is held on the issue of the health, safety and best interest of the minor and the fitness

New matter indicated by italics - deletions by strikeout
of such parent, guardian or legal custodian to care for the minor and the
court enters an order that such parent, guardian or legal custodian is fit to
care for the minor. In the event that the minor has attained 18 years of age
and the guardian or custodian petitions the court for an order terminating
his guardianship or custody, guardianship or custody shall terminate
automatically 30 days after the receipt of the petition unless the court
orders otherwise. No legal custodian or guardian of the person may be
removed without his consent until given notice and an opportunity to be
heard by the court.

When the court orders a child restored to the custody of the parent
or parents, the court shall order the parent or parents to cooperate with the
Department of Children and Family Services and comply with the terms of
an after-care plan, or risk the loss of custody of the child and possible
termination of their parental rights. The court may also enter an order of
protective supervision in accordance with Section 2-24.

(5) Whenever a parent, guardian, or legal custodian files a motion
for restoration of custody of the minor, and the minor was adjudicated
neglected, abused, or dependent as a result of physical abuse, the court
shall cause to be made an investigation as to whether the movant has ever
been charged with or convicted of any criminal offense which would
indicate the likelihood of any further physical abuse to the minor.
Evidence of such criminal convictions shall be taken into account in
determining whether the minor can be cared for at home without
endangering his or her health or safety and fitness of the parent, guardian,
or legal custodian.

(a) Any agency of this State or any subdivision thereof shall
co-operate with the agent of the court in providing any information
sought in the investigation.

(b) The information derived from the investigation and any
conclusions or recommendations derived from the information
shall be provided to the parent, guardian, or legal custodian seeking
restoration of custody prior to the hearing on fitness and the
movant shall have an opportunity at the hearing to refute the
information or contest its significance.

(c) All information obtained from any investigation shall be confidential as provided in Section 5-150 of this Act.

(a) The Department shall assist in the implementation of a State Government Employees and Retirees Suggestion Award Program, to be administered by the Board created in subsection (b). The program shall encourage and reward improvements in the operation of State government that result in substantial monetary savings. Any Illinois resident, any State employee, including management personnel as defined by the Department, any annuitant under Article 14 of the Illinois Pension Code, and any annuitant under Article 15 of that Code who receives a retirement or disability retirement annuity, but not including elected officials and departmental directors, may submit a cost-saving suggestion to the Board, which shall direct the suggestion to the appropriate department or agency without disclosing the identity of the suggester. The Board shall make its decision on continued confidentiality and, if it so classifies

the suggestion, shall notify the suggester and agency. A suggestion classified "continued confidential" shall nevertheless be evaluated and considered for award. The identity of the suggester may not be disclosed without the consent of the suggester during any investigation of the information and any related matters. Such a suggestion shall also be evaluated and an award made when appropriate. That portion of Board meetings that involves the consideration of suggestions classified "continued confidential" or being considered for that classification shall be closed meetings.

The Board may at its discretion make awards for those suggestions certified by agency or department heads as resulting in savings to the State of Illinois. Management personnel shall be recognized for their suggestions as the Board considers appropriate but shall not receive any monetary award. Illinois residents, annuitants, Annuitants and employees, other than employees who are management personnel, shall receive awards in accordance with the schedule below. Each award to employees other than management personnel and awards to residents and annuitants shall be paid in one lump sum by the Board created in subsection (b). A monetary award may be increased by appropriation of the General Assembly.

The amount of each award to employees other than management personnel and the award to annuitants and residents shall be determined as follows:

$1.00 to $5,000 savings.......................... an amount not to exceed $500.00 or a certificate of merit, or

The Prisoner Review Board shall recommit the defendant whose mandatory supervised release term has been revoked under this subsection (j-5) as provided in Section 3-3-9. This subsection (j-5) does not apply to a defendant who has a high school diploma or has successfully passed the GED test. Sec. 22-15. Service of notice. The purchaser or his or her assignee shall give the notice required by Section 22-10 by causing it to be published in a newspaper as set forth in Section 22-20. In addition, the notice shall be served by a sheriff (or if he or she is disqualified, by a coroner) of the county in which the property, or any part thereof, is located or, except in Cook County, by a person who is licensed or registered as a private detective under the Private Detective, Private Alarm, Private Security, and Locksmith Act of 2004 upon owners who reside on any part of the property sold by leaving a copy of the notice with those owners personally.

In counties of 3,000,000 or more inhabitants where a taxing district is a petitioner for tax deed pursuant to Section 21-90, in lieu of service by the sheriff or coroner the notice may be served by a special process server appointed by the circuit court as provided in this Section. The taxing district may move prior to filing one or more petitions for tax deed for appointment of such a special process server. The court, upon being satisfied that the person named in the motion is at least 18 years of age and is capable of serving notice as required under this Code, shall enter an order appointing such person as a special process server for a period of one year. The appointment may be renewed for successive periods of one year each by motion and order, and a copy of the original and any subsequent order shall be filed in each tax deed case in which a notice is served by the appointed person. Delivery of the notice to and service of the notice by the special process server shall have the same force and effect as its delivery to and service by the sheriff or coroner.
The same form of notice shall also be served upon all other owners and parties interested in the property, if upon diligent inquiry they can be found in the county, and upon the occupants of the property in the following manner:

(a) as to individuals, by (1) leaving a copy of the notice with the person personally or (2) by leaving a copy at his or her usual place of residence with a person of the family, of the age of 13 years or more, and informing that person of its contents. The person making the service shall cause a copy of the notice to be sent by registered or certified mail, return receipt requested, to that party at his or her usual place of residence;

(b) as to public and private corporations, municipal, governmental and quasi-municipal corporations, partnerships, receivers and trustees of corporations, by leaving a copy of the notice with the person designated by the Civil Practice Law.

If the property sold has more than 4 dwellings or other rental units, and has a managing agent or party who collects rents, that person shall be deemed the occupant and shall be served with notice instead of the occupants of the individual units. If the property has no dwellings or rental units, but economic or recreational activities are carried on therein, the person directing such activities shall be deemed the occupant. Holders of rights of entry and possibilities of reverter shall not be deemed parties interested in the property.

When a party interested in the property is a trustee, notice served upon the trustee shall be deemed to have been served upon any beneficiary or note holder thereunder unless the holder of the note is disclosed of record.

When a judgment is a lien upon the property sold, the holder of the lien shall be served with notice if the name of the judgment debtor as shown in the transcript, certified copy or memorandum of judgment filed of record is identical, as to given name and surname, with the name of the party interested as it appears of record.

If any owner or party interested, upon diligent inquiry and effort, cannot be found or served with notice in the county as provided in this

Section, and the person in actual occupancy and possession is tenant to, or in possession under the owners or the parties interested in the property, then service of notice upon the tenant, occupant or person in possession shall be deemed service upon the owners or parties interested.

If any owner or party interested, upon diligent inquiry and effort cannot be found or served with notice in the county, then the person making the service shall cause a copy of the notice to be sent by registered or certified mail, return receipt requested, to that party at his or her residence, if ascertainable.

A private detective or a special process server appointed under Section 22-15 shall make his or her return by affidavit and shall file it with the Clerk of the Circuit Court, where it shall be a part of the court record. If a sheriff, private detective, special process server, or coroner to whom any notice is delivered for service, neglects or refuses to make the return, the purchaser or his or her assignee may petition the court to enter a rule requiring the sheriff, private detective, special process server, or coroner to make return of the notice on a day to be fixed by the court, or to show cause on that day why he or she should not be attached for contempt of the court. The purchaser or assignee shall cause a written notice of the rule to be served upon the sheriff, private detective, special process server, or coroner. If good and sufficient cause to excuse the sheriff, private detective, special process server, or coroner is not shown, the court shall adjudge him or her guilty of a contempt, and shall proceed to punish him as in other cases of contempt.

If the property is located in a municipality in a county with less than 3,000,000 inhabitants, the purchaser or his or her assignee shall also publish a notice as to the owner or party interested, in some newspaper published in the municipality. Fur-bearing mammal breeder permits shall be issued by the Department. The annual fee for each fur-bearing mammal breeder permit shall be $25. All fur-bearing mammal breeder permits shall expire on March 31 of each year.

New matter indicated by italics - deletions by strikeout
Holders of fur-bearing mammal breeder permits may hold, possess, engage in the breeding or raising, sell, or otherwise dispose of live fur-bearing mammals or their green hides, possessed thereunder, at any time of the year.

Fur-bearing mammal breeders shall keep a record for 2 years from the date of the acquisition, sale or other disposition of each live fur-bearing mammal or its green hide so raised or propagated, showing the date of such transaction, the name and address of the individual receiving or buying such live fur-bearing mammal or its green hide, and when requested to do so, shall furnish such individual with a certificate of purchase showing the number and kinds of live fur-bearing mammals or green hides so disposed of, the date of the transaction, the name and permit number of the breeder, and the name of the individual receiving, collecting, or buying such live fur-bearing mammals or green hides, and such other information as the Department may require. Such records and certificates of purchase shall be immediately presented to officers or authorized employees of the Department, any sheriff, deputy sheriff, or other peace officer when request is made for same. Failure to produce such records or certificates of purchase shall be prima facie evidence that such live fur-bearing mammals or green hides are contraband with the State of Illinois. The holder of a fur-bearing mammal breeder permit may exhibit fur-bearing mammals commercially.

Nothing in this Section shall be construed to give any such permittee authority to take fur-bearing mammals in their wild state contrary to other provisions of this Act, or to remove such permittee from responsibility for the observance of any Federal Laws, rules or regulations which may apply to such fur-bearing mammals.

Holders of fur-bearing mammal breeder permits may import fur-bearing mammals into the State of Illinois but may release the same only after health and disease prevention requirements set forth by the Director and other State agencies have been met and permission of the Director has been granted.

Sec. 3.26. Hound running area permits; requirements.
(a) Any person owning, holding, or controlling by lease, for a term of at least 5 years, any contiguous tract of land having an area prescribed by administrative rule who desires to establish a hound running area to pursue authorized species with hounds in a way that is not designed to capture or kill the authorized species, shall apply to the Department for a hound running area permit under this Section. The application shall be made under oath of the applicant or under oath of one of the applicant's principal officers if the applicant is an association, club, or corporation. The annual fee for each hound running area permit is $250. All hound running area permits expire on March 31 of each year.

Every applicant under this Section must also hold a fur-bearing mammal breeder permit or a Class B commercial game breeder permit, as appropriate.

New matter indicated by italics - deletions by strikeout
Upon receipt of an application, the Department is authorized to inspect the area proposed to be a hound running area as described in the application, the general premises, the facilities where the authorized species are to be maintained or propagated, and the habitat for the authorized species. As part of the application and inspection process, the Department shall assess the ability of the applicant to operate a property as a hound running area. If the Department finds that (i) the area meets the requirements of all applicable laws and rules, (ii) the authorized species are healthy and disease free, and (iii) the issuing of the permit will otherwise be in the public interest, then the Department shall approve the application and issue the permit for the operation of the property described in the application.

(b) Hound running areas shall be operated in a manner consistent with the following:

(1) Authorized species may be pursued with dogs in a hound running area, but not in a manner or with the intent to capture or kill. The Department shall promulgate rules that establish appropriate and prohibited activities for hound running areas.

(2) Every hound running area shall have dog-proof escape areas. "Dog-proof escape area" means a culvert, brush pile, fenced refuge, or other structure suitable for use by authorized species to safely escape from dogs present on the hound running area. The number, type, and spacing of dog-proof escape areas shall be prescribed by administrative rule.

(3) Every permit holder shall promptly post on the hound running area, at intervals of not more than 500 feet, signs prescribed by the Department by administrative rule. The boundaries of the hound running area shall also be clearly defined by fencing and signs under administrative rules promulgated by the Department. The area, signs, fencing, dog-proof escape areas, and facilities to maintain the authorized species are subject to inspection by the Department at any reasonable time.

New matter indicated by italics - deletions by strikeout
(4) A permit holder may maintain authorized species in temporary confinement facilities on the hound running area or at another location inspected by the Department and specified on the permit. Authorized species held by a permit holder may only be released into a hound running area, except that authorized species held by a permit holder may be released into the wild, exported, or given to a person that does not hold a hound running area permit or a fur-bearing mammal breeder permit or a Class B Commercial game breeders permit as appropriate, after written authorization is obtained from the Director. Prior to being released into a hound running area, all newly acquired authorized species shall be provided at least 7 days to acclimate to the hound running area in which the animal will be pursued. Authorized species held under a permit are subject to inspection by an agent of the Department and this inspection may include removal of reasonable samples for examination.

(5) Any person who releases or handles dogs on a hound running area is subject to the hunting license and habitat stamp requirements of this Act.

(6) The permit holder shall keep accurate permanent records on forms prescribed by the Department. The permanent records shall include, for each supplier of authorized species: (i) the supplier’s full name, address, and telephone numbers; (ii) the number, sex, and identifier designation of each animal purchased, donated, sold, traded, or given to the permit holder by that supplier; and (iii) the date of the event or transaction. The permanent records shall also include the identification of all authorized species, while under the control of the permit holder on the area or elsewhere, by identifier designation and sex, along with information for each animal of the authorized species that gave birth, was born, died, or was disposed of in some other manner or that was sold, traded, donated, or conveyed in some other manner, and the dates on which those events occurred.
(7) Every permit holder shall attach an individually marked identifier provided by the Department to each animal of the authorized species maintained by the permit holder. The permit holder shall pay a fee for each identifier as established by the Department by administrative rule. The permit holder shall record the identifier for each animal maintained on the area or elsewhere or released into the area.

(8) Any person using the hound running area shall at all times respect the property rights of the property owners and the owners of adjacent properties, and shall not injure or destroy any livestock or property of any of those property owners. Springs and streams shall not be contaminated or polluted in any manner by persons using the hound running area. The natural use of springs and streams by dogs using the area shall not constitute contamination or pollution. Unless the express permission of the property owner has been given, no person using a hound running area may (i) mutilate or cut trees or shrubs on the hound running area or (ii) pick berries, fruits, or nuts present on the hound running area.

(c) Except as otherwise provided by administrative rule, it is unlawful for any person to enter a hound running area at any time with a firearm, bow and arrow, or trap.

(d) A hound running area permit is not transferable from one person to another. When a permit holder sells or leases the property that comprises or includes a hound running area and the purchaser or lessee intends to continue to use the hound running area under this Section, the purchaser or lessee must apply for a permit as provided in subsection (a) of this Section.

(e) All authorized species must be legally acquired.

(f) A person breeding or otherwise maintaining authorized species in conjunction with a hound running area must have the authorized species annually inspected and certified by a licensed Illinois veterinarian to be disease free. Anyone violating this subsection (f) is guilty of a business offense and shall be fined an amount not exceeding $5,000.

PUBLIC ACT 95-0198
(House Bill No. 0438)

AN ACT concerning education.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by adding Section 27-23.7 as follows:

(105 ILCS 5/27-23.7)
Sec. 27-23.7. Bullying prevention education; gang resistance education and training.

(a) The General Assembly finds that bullying has a negative effect on the social environment of schools, creates a climate of fear among students, inhibits their ability to learn, and leads to other antisocial behavior. Bullying behavior has been linked to other forms of antisocial behavior, such as vandalism, shoplifting, skipping and dropping out of school, fighting, using drugs and alcohol, sexual harassment, and sexual violence.

The General Assembly further finds that the instance of youth delinquent gangs continues to rise on a statewide basis. Given the higher rates of criminal offending among gang members, as well as the availability of increasingly lethal weapons, the level of criminal activity by gang members has taken on new importance for law enforcement agencies, schools, the community, and prevention efforts.

New matter indicated by italics - deletions by strikeout
(b) In this Section:

"Bullying prevention" means and includes instruction in all of the following:

1. Intimidation.
2. Student victimization.
4. Sexual violence.
5. Strategies for student-centered problem solving regarding bullying.

"Gang resistance education and training" means and includes instruction in, without limitation, each of the following subject matters when accompanied by a stated objective of reducing gang activity and educating children in grades K through 12 about the consequences of gang involvement:

1. Conflict resolution.
2. Cultural sensitivity.
3. Personal goal setting.
4. Resisting peer pressure.

(c) Each school district may make suitable provisions for instruction in bullying prevention and gang resistance education and training in all grades and include such instruction in the courses of study regularly taught therein. A school board may collaborate with a community-based agency providing specialized curricula in bullying prevention whose ultimate outcome is to prevent sexual violence. For the purposes of gang resistance education and training, a school board must collaborate with State and local law enforcement agencies. The State Board of Education may assist in the development of instructional materials and teacher training in relation to bullying prevention and gang resistance education and training.

PUBLIC ACT 95-0200
(House Bill No. 0517)

AN ACT concerning long-term care.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Illinois Long-Term Care Partnership Program Act.

Section 5. Findings. The General Assembly finds that our nation's current financing structure relies too heavily on individuals and families to bear the financial burden of long-term supportive services. The financial burden can be so large that, for many individuals, particularly those with moderate income, the only alternative is Medicaid, which requires

New matter indicated by italics - deletions by strikeout
spending down all assets in order to qualify to receive long-term care benefits.

The General Assembly declares that Medicare is not intended to cover the majority of long-term care expenses. Medicaid is the largest source of funding for long-term care in the United States, making the financing of long-term care costs a significant issue for both State and federal budgets. The growth in spending by the federal government and states for long-term care services through Medicaid will continue to increase as the American population ages.

The General Assembly finds that one solution to help address the spiraling Medicaid growth and encourage individuals to plan for their long-term care is the Long Term Care Partnership Program, a public-private partnership between states and private insurance companies. It is the intent of this program to reduce future Medicaid costs for long-term care by delaying or eliminating dependence on Medicaid by providing incentives for individuals to insure against the cost of providing for their long-term care needs. The program, including the treatment of assets for Medicaid eligibility and estate recovery, shall be structured and administered in accordance with federal law and applicable federal guidelines.

Section 10. Definitions. As used in this Act:

"Agency" means the Department of Healthcare and Family Services.

"Asset disregard" means, with respect to qualification for State Medicaid benefits, the disregard of any assets or resources in an amount equal to the insurance benefit payments that are made to or on the behalf of an individual who is a beneficiary under a qualified long-term care insurance partnership policy.

"Department" means the Department of Financial and Professional Regulation.

"Medicaid" means the federal medical assistance program established under Title XIX of the Social Security Act.

"Qualified long-term care insurance partnership policy" means a policy that meets all of the following requirements:

New matter indicated by italics - deletions by strikeout
(1) it covers an insured who was a resident of Illinois when coverage first became effective under the policy;

(2) it is a qualified long-term care insurance policy as defined in Section 7702B(b) of the Internal Revenue Code of 1986 issued not earlier than the effective date of the State plan amendment;

(3) it meets the model regulations and requirements of the National Association of Insurance Commissioners model specified in paragraph (5) of Title VI, Section 6021 of the federal Deficit Reduction Act of 2005, and the Director of the Division of Insurance of the Department certifies it as meeting these requirements; and

(4) if the policy is sold to an individual who:
   (A) has not attained age 61 as of the date of purchase, the policy provides compound annual inflation protection;
   (B) has attained age 61 but has not attained age 76 as of such date, the policy provides some level of inflation protection;
   (C) has attained age 76 as of such date, the policy may, but is not required to, provide some level of inflation protection.

"State plan amendment" means a State Medicaid plan amendment made to the federal Department of Health and Human Services that provides for the disregard of any assets or resources in an amount equal to the insurance benefit payments that are made to or on the behalf of an individual who is a beneficiary under a qualified long-term care insurance partnership policy.

Section 15. Illinois Long-term Care Partnership Program.

(a) In accordance with Title VI, Section 6021 of the federal Deficit Reduction Act of 2005, there shall be established the Illinois Long-Term Care Partnership Program, to be administered by the Agency with the assistance of the Department to do the following:

New matter indicated by italics - deletions by strikeout
(1) provide incentives for individuals to insure against the costs of providing for their long-term care needs;
(2) provide a mechanism for individuals to qualify for coverage of the cost of their long-term care needs under Medicaid without first being required to substantially exhaust their resources;
(3) provide counseling services to individuals planning for their long-term care needs; and
(4) alleviate the financial burden on the State's medical assistance program by encouraging the pursuit of private initiatives.

(b) The Agency shall:
(1) Within 180 days of the effective date of this Act, or as soon thereafter as possible, make application to the federal Department of Health and Human Services for a State plan amendment to establish that, if an individual is a beneficiary of a long-term care partnership program certified policy, the total assets an individual owns and may retain under Medicaid and still qualify for benefits under Medicaid at the time the individual applies for long-term care benefits are increased by $1 for each $1 of benefit paid out under the individual's long-term care partnership program certified insurance policy.
(2) Provide information and technical assistance to the Department on the Department's role in assuring that any individual who sells a qualified long-term care insurance partnership policy receives training and demonstrates evidence of an understanding of such policies and how they relate to other public and private coverage of long-term care.
(c) The Department may not impose any requirement affecting the terms or benefits of qualified long-term care partnership policies unless the Department imposes the requirement on all long-term care policies sold in Illinois without regard to whether the policy is covered under the partnership or is offered in connection with the partnership.
(d) The issuers of qualified long-term care partnership policies in Illinois shall provide regular reports to the Secretary of the federal

Department of Health and Human Services, in accordance with federal regulation. Issuers of qualified long-term care partnership policies in Illinois shall provide appropriate reports to the Agency and to the Department as determined by those entities.

Section 20. Administration.

(a) The Agency and the Department are authorized to adopt regulations to implement the provisions of this Act and rules for its administration.

(b) The Agency and Department must comply with all federal rules developed in accordance with Title VI, Section 6021 of the federal Deficit Reduction Act of 2005, regarding data reporting, reciprocity with other states that develop long-term care insurance partnership programs, and any other matters, and shall have the authority to adopt regulations relative to the provisions of any federal rules and their administration.

These reports shall be sent within 5 days after disposition, or, if the driver is referred to a driver remedial or rehabilitative program, within 5 days of the driver's referral to that program. These reports received by the Secretary of State, including those required to be forwarded under paragraph (a)(4), shall be privileged information, available only (i) to the affected driver, (ii) to the parent or guardian of a person under the age of 18 years holding an instruction permit or a graduated driver's license, and (iii) (ii) for use by the courts, police officers, prosecuting authorities, and the Secretary of State. Sec. 11-501.1. Suspension of drivers license; statutory summary alcohol, other drug or drugs, or intoxicating compound or compounds related suspension; implied consent.

(a) Any person who drives or is in actual physical control of a motor vehicle upon the public highways of this State shall be deemed to have given consent, subject to the provisions of Section 11-501.2, to a chemical test or tests of blood, breath, or urine for the purpose of determining the content of alcohol, other drug or drugs, or intoxicating compound or compounds or any combination thereof in the person's blood if arrested, as evidenced by the issuance of a Uniform Traffic Ticket, for any offense as defined in Section 11-501 or a similar provision of a local ordinance, or if arrested for violating Section 11-401. The test or tests shall be administered at the direction of the arresting officer. The law enforcement agency employing the officer shall designate which of the aforesaid tests shall be administered. A urine test may be administered even after a blood or breath test or both has been administered. For purposes of this Section, an Illinois law enforcement officer of this State who is investigating the person for any offense defined in Section 11-501 may travel into an adjoining state, where the person has been transported for medical care, to complete an investigation and to request that the person submit to the test or tests set forth in this Section. The requirements of this Section that the person be arrested are inapplicable, but the officer shall issue the person a Uniform Traffic Ticket for an offense as defined in Section 11-501 or a similar provision of a local ordinance prior to requesting that the person submit to the test or tests set forth in this Section. The issuance of the Uniform Traffic Ticket shall not constitute an arrest, but shall be for the purpose of notifying the person that he or she is subject to the provisions of this Section and of the officer's belief of the existence of probable cause to arrest. Upon returning to this State, the officer shall file the Uniform Traffic Ticket with the Circuit Clerk of the county where the offense was committed, and shall seek the issuance of an arrest warrant or a summons for the person.

(b) Any person who is dead, unconscious, or who is otherwise in a condition rendering the person incapable of refusal, shall be deemed not to

be warned by the law enforcement officer requesting the test that a refusal
to submit to the test will result in the statutory summary suspension of the
person's privilege to operate a motor vehicle as provided in Section 6-
208.1 of this Code. The person shall also be warned by the law
enforcement officer that if the person submits to the test or tests provided
in paragraph (a) of this Section and the alcohol concentration in the
person's blood or breath is 0.08 or greater, or any amount of a drug,
substance, or compound resulting from the unlawful use or consumption
of cannabis as covered by the Cannabis Control Act, a controlled
substance listed in the Illinois Controlled Substances Act, or an
intoxicating compound listed in the Use of Intoxicating Compounds Act is
detected in the person's blood or urine, a statutory summary suspension of
the person's privilege to operate a motor vehicle, as provided in Sections
6-208.1 and 11-501.1 of this Code, will be imposed.

A person who is under the age of 21 at the time the person is
requested to submit to a test as provided above shall, in addition to the
warnings provided for in this Section, be further warned by the law
enforcement officer requesting the test that if the person submits to the test
or tests provided in paragraph (a) of this Section and the alcohol
concentration in the person's blood or breath is greater than 0.00 and less
than 0.08, a suspension of the person's privilege to operate a motor
vehicle, as provided under Sections 6-208.2 and 11-501.8 of this Code,
will be imposed. The results of this test shall be admissible in a civil or
criminal action or proceeding arising from an arrest for an offense as
defined in Section 11-501 of this Code or a similar provision of a local
ordinance or pursuant to Section 11-501.4 in prosecutions for reckless
homicide brought under the Criminal Code of 1961. These test results,
however, shall be admissible only in actions or proceedings directly
related to the incident upon which the test request was made.

The officer shall confiscate any Illinois driver's license or permit on the person at the time of arrest. If the person has a valid driver's license or permit, the officer shall issue the person a receipt, in a form prescribed by the Secretary of State, that will allow that person to drive during the periods provided for in paragraph (g). However, should the sworn report be defective by not containing sufficient information or be completed in error, the confirmation of the statutory summary suspension shall not be mailed to the person or entered to the record; instead, the sworn report shall be forwarded to the court of venue with a copy returned to the issuing agency identifying any defect.

New matter indicated by italics - deletions by strikeout
(a) A person who is less than 21 years of age and who drives or is in actual physical control of a motor vehicle upon the public highways of this State shall be deemed to have given consent to a chemical test or tests of blood, breath, or urine for the purpose of determining the alcohol content of the person's blood if arrested, as evidenced by the issuance of a Uniform Traffic Ticket for any violation of the Illinois Vehicle Code or a similar provision of a local ordinance, if a police officer has probable cause to believe that the driver has consumed any amount of an alcoholic beverage based upon evidence of the driver's physical condition or other first hand knowledge of the police officer. The test or tests shall be administered at the direction of the arresting officer. The law enforcement agency employing the officer shall designate which of the aforesaid tests shall be administered. A urine test may be administered even after a blood or breath test or both has been administered.

(b) A person who is dead, unconscious, or who is otherwise in a condition rendering that person incapable of refusal, shall be deemed not to have withdrawn the consent provided by paragraph (a) of this Section and the test or tests may be administered subject to the following provisions:

(i) Chemical analysis of the person's blood, urine, breath, or other bodily substance, to be considered valid under the provisions of this Section, shall have been performed according to standards promulgated by the Department of State Police by an individual possessing a valid permit issued by that Department for this purpose. The Director of State Police is authorized to approve satisfactory techniques or methods, to ascertain the qualifications and competence of individuals to conduct analyses, to issue permits that shall be subject to termination or revocation at the direction of that Department, and to certify the accuracy of breath testing equipment. The Department of State Police shall prescribe regulations as necessary.

(ii) When a person submits to a blood test at the request of a law enforcement officer under the provisions of this Section, only a physician authorized to practice medicine, a registered nurse, or
other qualified person trained in venipuncture and acting under the direction of a licensed physician may withdraw blood for the purpose of determining the alcohol content therein. This limitation does not apply to the taking of breath or urine specimens.

(iii) The person tested may have a physician, qualified technician, chemist, registered nurse, or other qualified person of his or her own choosing administer a chemical test or tests in addition to any test or tests administered at the direction of a law enforcement officer. The failure or inability to obtain an additional test by a person shall not preclude the consideration of the previously performed chemical test.

(iv) Upon a request of the person who submits to a chemical test or tests at the request of a law enforcement officer, full information concerning the test or tests shall be made available to the person or that person's attorney.

(v) Alcohol concentration means either grams of alcohol per 100 milliliters of blood or grams of alcohol per 210 liters of breath.

(vi) If a driver is receiving medical treatment as a result of a motor vehicle accident, a physician licensed to practice medicine, registered nurse, or other qualified person trained in venipuncture and acting under the direction of a licensed physician shall withdraw blood for testing purposes to ascertain the presence of alcohol upon the specific request of a law enforcement officer. However, that testing shall not be performed until, in the opinion of the medical personnel on scene, the withdrawal can be made without interfering with or endangering the well-being of the patient.

(c) A person requested to submit to a test as provided above shall be warned by the law enforcement officer requesting the test that a refusal to submit to the test, or submission to the test resulting in an alcohol concentration of more than 0.00, may result in the loss of that person's privilege to operate a motor vehicle. The loss of driving privileges shall be imposed in accordance with Section 6-208.2 of this Code.

(d) If the person refuses testing or submits to a test that discloses an alcohol concentration of more than 0.00, the law enforcement officer shall immediately submit a sworn report to the Secretary of State on a form prescribed by the Secretary of State, certifying that the test or tests were requested under subsection (a) and the person refused to submit to a test or tests or submitted to testing which disclosed an alcohol concentration of more than 0.00. The law enforcement officer shall submit the same sworn report when a person under the age of 21 submits to testing under Section 11-501.1 of this Code and the testing discloses an alcohol concentration of more than 0.00 and less than 0.08.

Upon receipt of the sworn report of a law enforcement officer, the Secretary of State shall enter the driver's license sanction on the individual's driving record and the sanctions shall be effective on the 46th day following the date notice of the sanction was given to the person. If this sanction is the individual's first driver's license suspension under this Section, reports received by the Secretary of State under this Section shall, except during the time the suspension is in effect, be privileged information and for use only by the courts, police officers, prosecuting authorities, the Secretary of State, or the individual personally. *Reports received by the Secretary of State under this Section shall also be made available to the parent or guardian of a person under the age of 18 years that holds an instruction permit or a graduated driver's license, regardless of whether the suspension is in effect.*

The law enforcement officer submitting the sworn report shall serve immediate notice of this driver's license sanction on the person and the sanction shall be effective on the 46th day following the date notice was given.

In cases where the blood alcohol concentration of more than 0.00 is established by a subsequent analysis of blood or urine, the police officer or arresting agency shall give notice as provided in this Section or by deposit in the United States mail of that notice in an envelope with postage prepaid and addressed to that person at his last known address and the loss of driving privileges shall be effective on the 46th day following the date notice was given.

Upon receipt of the sworn report of a law enforcement officer, the Secretary of State shall also give notice of the driver's license sanction to the driver by mailing a notice of the effective date of the sanction to the individual. However, should the sworn report be defective by not containing sufficient information or be completed in error, the notice of the driver's license sanction may not be mailed to the person or entered to the driving record, but rather the sworn report shall be returned to the issuing law enforcement agency.

(e) A driver may contest this driver's license sanction by requesting an administrative hearing with the Secretary of State in accordance with Section 2-118 of this Code. An individual whose blood alcohol concentration is shown to be more than 0.00 is not subject to this Section if he or she consumed alcohol in the performance of a religious service or ceremony. An individual whose blood alcohol concentration is shown to be more than 0.00 shall not be subject to this Section if the individual's blood alcohol concentration resulted only from ingestion of the prescribed or recommended dosage of medicine that contained alcohol. The petition for that hearing shall not stay or delay the effective date of the impending suspension. The scope of this hearing shall be limited to the issues of:

(1) whether the police officer had probable cause to believe that the person was driving or in actual physical control of a motor vehicle upon the public highways of the State and the police officer had reason to believe that the person was in violation of any provision of the Illinois Vehicle Code or a similar provision of a local ordinance; and

(2) whether the person was issued a Uniform Traffic Ticket for any violation of the Illinois Vehicle Code or a similar provision of a local ordinance; and

On subsequent annual registrations during the term of the registration plate as provided in Section 3-414.1, the Secretary shall issue or cause to be issued registration stickers as evidence of current registration. However, the issuance of annual registration stickers to vehicles registered under the provisions of Sections 3-402.1 and 3-405.3 of this Code may not be required if the Secretary deems the issuance unnecessary.

However, for apportionment plates issued to vehicles registered under Section 3-402.1 and fleet plates issued to vehicles registered under Section 3-405.3, the phrase "Land of Lincoln" may be omitted to allow for the word "apportioned", the word "fleet", or other similar language to be displayed. Registration plates issued to a vehicle registered as a fleet vehicle may display a designation determined by the Secretary.

The Secretary may in his discretion prescribe that letters be used as prefixes only on registration plates issued to vehicles of the first division which are registered under this Code and only as suffixes on registration plates issued to other vehicles. Every registration sticker issued as evidence of current registration shall designate the year number for which
it is issued and such other letters or numbers as the Secretary may prescribe and shall be of a contrasting color with the registration plates and registration stickers of the previous year.

(c) Each registration plate and the required letters and numerals thereon, except the year number for which issued, shall be of sufficient size to be plainly readable from a distance of 100 feet during daylight, and shall be coated with reflectorizing material. The dimensions of the plate issued to vehicles of the first division shall be 6 by 12 inches.

(d) The Secretary of State shall issue for every passenger motor vehicle rented without a driver the same type of registration plates as the type of plates issued for a private passenger vehicle.

(e) The Secretary of State shall issue for every passenger car used as a taxicab or livery, distinctive registration plates.

(f) The Secretary of State shall issue for every motorcycle distinctive registration plates distinguishing between motorcycles having 150 or more cubic centimeters piston displacement, or having less than 150 cubic centimeter piston displacement.

(g) Registration plates issued to vehicles for-hire may display a designation as determined by the Secretary that such vehicles are for-hire.

(h) The Secretary of State shall issue distinctive registration plates for electric vehicles.

(i) The Secretary of State shall issue for every public and private ambulance registration plates identifying the vehicle as an ambulance. The Secretary shall forward to the Department of Healthcare and Family Services registration information for the purpose of verification of claims filed with the Department by ambulance owners for payment for services to public assistance recipients.

(j) The Secretary of State shall issue for every public and private medical carrier or rescue vehicle livery registration plates displaying numbers within ranges of numbers reserved respectively for medical carriers and rescue vehicles. The Secretary shall forward to the Department of Healthcare and Family Services registration information for the purpose of verification of claims filed with the
Department by owners of medical carriers or rescue vehicles for payment for services to public assistance recipients.

(k) The Secretary of State shall issue distinctive license plates or distinctive license plate stickers for every vehicle exempted from subsection (a) of Section 12-503 by subsection (g) of that Section, and by subsection (g-5) of that Section before its deletion by this amendatory Act of the 95th General Assembly. The Secretary shall issue these plates or stickers immediately upon receiving the physician's certification required under subsection (g) of Section 12-503. New plates or stickers shall also be issued when the certification is renewed as provided in that subsection.

PUBLIC ACT 95-0206
(House Bill No. 1009)

AN ACT concerning public aid.

New matter indicated by italics - deletions by strikeout
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Public Aid Code is amended by changing Section 9A-11 as follows:

(305 ILCS 5/9A-11) (from Ch. 23, par. 9A-11)

Sec. 9A-11. Child Care.

(a) The General Assembly recognizes that families with children need child care in order to work. Child care is expensive and families with low incomes, including those who are transitioning from welfare to work, often struggle to pay the costs of day care. The General Assembly understands the importance of helping low income working families become and remain self-sufficient. The General Assembly also believes that it is the responsibility of families to share in the costs of child care. It is also the preference of the General Assembly that all working poor families should be treated equally, regardless of their welfare status.

(b) To the extent resources permit, the Illinois Department shall provide child care services to parents or other relatives as defined by rule who are working or participating in employment or Department approved education or training programs. At a minimum, the Illinois Department shall cover the following categories of families:

(1) recipients of TANF under Article IV participating in work and training activities as specified in the personal plan for employment and self-sufficiency;
(2) families transitioning from TANF to work;
(3) families at risk of becoming recipients of TANF;
(4) families with special needs as defined by rule; and
(5) working families with very low incomes as defined by rule.

The Department shall specify by rule the conditions of eligibility, the application process, and the types, amounts, and duration of services. Eligibility for child care benefits and the amount of child care provided may vary based on family size, income, and other factors as specified by rule.

New matter indicated by italics - deletions by strikeout
In determining income eligibility for child care benefits, the Department annually, at the beginning of each fiscal year, shall establish, by rule, one income threshold for each family size, in relation to percentage of State median income for a family of that size, that makes families with incomes below the specified threshold eligible for assistance and families with incomes above the specified threshold ineligible for assistance. Through and including fiscal year 2007, the specified threshold must be no less than 50% of the then-current State median income for each family size. Beginning in fiscal year 2008, the specified threshold must be no less than 185% of the then-current federal poverty level for each family size.

In determining eligibility for assistance, the Department shall not give preference to any category of recipients or give preference to individuals based on their receipt of benefits under this Code.

The Department shall allocate $7,500,000 annually for a test program for families who are income-eligible for child care assistance, who are not recipients of TANF under Article IV, and who need child care assistance to participate in education and training activities. The Department shall specify by rule the conditions of eligibility for this test program.

Nothing in this Section shall be construed as conferring entitlement status to eligible families.

The Illinois Department is authorized to lower income eligibility ceilings, raise parent co-payments, create waiting lists, or take such other actions during a fiscal year as are necessary to ensure that child care benefits paid under this Article do not exceed the amounts appropriated for those child care benefits. These changes may be accomplished by emergency rule under Section 5-45 of the Illinois Administrative Procedure Act, except that the limitation on the number of emergency rules that may be adopted in a 24-month period shall not apply.

The Illinois Department may contract with other State agencies or child care organizations for the administration of child care services.

(c) Payment shall be made for child care that otherwise meets the requirements of this Section and applicable standards of State and local
law and regulation, including any requirements the Illinois Department promulgates by rule in addition to the licensure requirements promulgated by the Department of Children and Family Services and Fire Prevention and Safety requirements promulgated by the Office of the State Fire Marshal and is provided in any of the following:

(1) a child care center which is licensed or exempt from licensure pursuant to Section 2.09 of the Child Care Act of 1969;

(2) a licensed child care home or home exempt from licensing;

(3) a licensed group child care home;

(4) other types of child care, including child care provided by relatives or persons living in the same home as the child, as determined by the Illinois Department by rule.

(b-5) Solely for the purposes of coverage under the Illinois Public Labor Relations Act, child and day care home providers, including licensed and license exempt, participating in the Department's child care assistance program shall be considered to be public employees and the State of Illinois shall be considered to be their employer as of the effective date of this amendatory Act of the 94th General Assembly, but not before. The State shall engage in collective bargaining with an exclusive representative of child and day care home providers participating in the child care assistance program concerning their terms and conditions of employment that are within the State's control. Nothing in this subsection shall be understood to limit the right of families receiving services defined in this Section to select child and day care home providers or supervise them within the limits of this Section. The State shall not be considered to be the employer of child and day care home providers for any purposes not specifically provided in this amendatory Act of the 94th General Assembly, including but not limited to, purposes of vicarious liability in tort and purposes of statutory retirement or health insurance benefits. Child and day care home providers shall not be covered by the State Employees Group Insurance Act of 1971.

In according child and day care home providers and their selected representative rights under the Illinois Public Labor Relations Act, the

(d) The Illinois Department shall, by rule, require co-payments for child care services by any parent, including parents whose only income is from assistance under this Code. The co-payment shall be assessed based on a sliding scale based on family income, family size, and the number of children in care. Co-payments shall not be increased due solely to a change in the methodology for counting family income.

(d-5) The Illinois Department, in consultation with its Child Care and Development Advisory Council, shall develop a plan to revise the child care assistance program's co-payment scale. The plan shall be completed no later than February 1, 2008, and shall include:

1. findings as to the percentage of income that the average American family spends on child care and the relative amounts that low-income families and the average American family spend on other necessities of life;

2. recommendations for revising the child care co-payment scale to assure that families receiving child care services from the Department are paying no more than they can reasonably afford;

3. recommendations for revising the child care co-payment scale to provide at-risk children with complete access to Preschool for All and Head Start; and

4. recommendations for changes in child care program policies that affect the affordability of child care.

(e) The Illinois Department shall conduct a market rate survey based on the cost of care and other relevant factors which shall be completed by July 1, 1998.

(f) The Illinois Department shall, by rule, set rates to be paid for the various types of child care. Child care may be provided through one of the following methods:

1. arranging the child care through eligible providers by use of purchase of service contracts or vouchers;

New matter indicated by italics - deletions by strikeout
(2) arranging with other agencies and community volunteer groups for non-reimbursed child care;
(3) (blank); or
(4) adopting such other arrangements as the Department determines appropriate.

(f-5) The Illinois Department, in consultation with its Child Care and Development Advisory Council, shall develop a comprehensive plan to revise the State's rates for the various types of child care. The plan shall be completed no later than January 1, 2005 and shall include:

(1) Base reimbursement rates that are adequate to provide children receiving child care services from the Department equal access to quality child care, utilizing data from the most current market rate survey.

(2) A tiered reimbursement rate system that financially rewards providers of child care services that meet defined benchmarks of higher-quality care.

(3) Consideration of revisions to existing county groupings and age classifications, utilizing data from the most current market rate survey.

(4) Consideration of special rates for certain types of care such as caring for a child with a disability.

(g) Families eligible for assistance under this Section shall be given the following options:

(1) receiving a child care certificate issued by the Department or a subcontractor of the Department that may be used by the parents as payment for child care and development services only; or

(2) if space is available, enrolling the child with a child care provider that has a purchase of service contract with the Department or a subcontractor of the Department for the provision of child care and development services. The Department may identify particular priority populations for whom they may request special consideration by a provider with purchase of service contracts, provided that the providers shall be permitted to

(House Bill No. 1257)

AN ACT concerning aging.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Senior Citizens and Disabled Persons Property Tax Relief and Pharmaceutical Assistance Act is amended by changing Section 4 as follows:

(320 ILCS 25/4) (from Ch. 67 1/2, par. 404)
Sec. 4. Amount of Grant.

New matter indicated by italics - deletions by strikeout
(a) In general. Any individual 65 years or older or any individual who will become 65 years old during the calendar year in which a claim is filed, and any surviving spouse of such a claimant, who at the time of death received or was entitled to receive a grant pursuant to this Section, which surviving spouse will become 65 years of age within the 24 months immediately following the death of such claimant and which surviving spouse but for his or her age is otherwise qualified to receive a grant pursuant to this Section, and any disabled person whose annual household income is less than $14,000 for grant years before the 1998 grant year, less than $16,000 for the 1998 and 1999 grant years, and less than (i) $21,218 for a household containing one person, (ii) $28,480 for a household containing 2 persons, or (iii) $35,740 for a household containing 3 or more persons for the 2000 grant year and thereafter and whose household is liable for payment of property taxes accrued or has paid rent constituting property taxes accrued and is domiciled in this State at the time he or she files his or her claim is entitled to claim a grant under this Act. With respect to claims filed by individuals who will become 65 years old during the calendar year in which a claim is filed, the amount of any grant to which that household is entitled shall be an amount equal to 1/12 of the amount to which the claimant would otherwise be entitled as provided in this Section, multiplied by the number of months in which the claimant was 65 in the calendar year in which the claim is filed.

(b) Limitation. Except as otherwise provided in subsections (a) and (f) of this Section, the maximum amount of grant which a claimant is entitled to claim is the amount by which the property taxes accrued which were paid or payable during the last preceding tax year or rent constituting property taxes accrued upon the claimant's residence for the last preceding taxable year exceeds 3 1/2% of the claimant's household income for that year but in no event is the grant to exceed (i) $700 less 4.5% of household income for that year for those with a household income of $14,000 or less or (ii) $70 if household income for that year is more than $14,000.

(c) Public aid recipients. If household income in one or more months during a year includes cash assistance in excess of $55 per month from the Department of Healthcare and Family Services or the Department

New matter indicated by italics - deletions by strikeout
of Human Services (acting as successor to the Department of Public Aid under the Department of Human Services Act) which was determined under regulations of that Department on a measure of need that included an allowance for actual rent or property taxes paid by the recipient of that assistance, the amount of grant to which that household is entitled, except as otherwise provided in subsection (a), shall be the product of (1) the maximum amount computed as specified in subsection (b) of this Section and (2) the ratio of the number of months in which household income did not include such cash assistance over $55 to the number twelve. If household income did not include such cash assistance over $55 for any months during the year, the amount of the grant to which the household is entitled shall be the maximum amount computed as specified in subsection (b) of this Section. For purposes of this paragraph (c), "cash assistance" does not include any amount received under the federal Supplemental Security Income (SSI) program.

(d) Joint ownership. If title to the residence is held jointly by the claimant with a person who is not a member of his or her household, the amount of property taxes accrued used in computing the amount of grant to which he or she is entitled shall be the same percentage of property taxes accrued as is the percentage of ownership held by the claimant in the residence.

(e) More than one residence. If a claimant has occupied more than one residence in the taxable year, he or she may claim only one residence for any part of a month. In the case of property taxes accrued, he or she shall prorate 1/12 of the total property taxes accrued on his or her residence to each month that he or she owned and occupied that residence; and, in the case of rent constituting property taxes accrued, shall prorate each month's rent payments to the residence actually occupied during that month.

(f) There is hereby established a program of pharmaceutical assistance to the aged and disabled which shall be administered by the Department in accordance with this Act, to consist of payments to authorized pharmacies, on behalf of beneficiaries of the program, for the reasonable costs of covered prescription drugs. Each beneficiary who pays

New matter indicated by italics - deletions by strikeout
$5 for an identification card shall pay no additional prescription costs. Each beneficiary who pays $25 for an identification card shall pay $3 per prescription. In addition, after a beneficiary receives $2,000 in benefits during a State fiscal year, that beneficiary shall also be charged 20% of the cost of each prescription for which payments are made by the program during the remainder of the fiscal year. To become a beneficiary under this program a person must: (1) be (i) 65 years of age or older, or (ii) the surviving spouse of such a claimant, who at the time of death received or was entitled to receive benefits pursuant to this subsection, which surviving spouse will become 65 years of age within the 24 months immediately following the death of such claimant and which surviving spouse but for his or her age is otherwise qualified to receive benefits pursuant to this subsection, or (iii) disabled, and (2) be domiciled in this State at the time he or she files his or her claim, and (3) have a maximum household income of less than $14,000 for grant years before the 1998 grant year, less than $16,000 for the 1998 and 1999 grant years, and less than (i) $21,218 for a household containing one person, (ii) $28,480 for a household containing 2 persons, or (iii) $35,740 for a household containing 3 more persons for the 2000 grant year and thereafter. In addition, each eligible person must (1) obtain an identification card from the Department, (2) at the time the card is obtained, sign a statement assigning to the State of Illinois benefits which may be otherwise claimed under any private insurance plans, and (3) present the identification card to the dispensing pharmacist.

The Department may adopt rules specifying participation requirements for the pharmaceutical assistance program, including copayment amounts, identification card fees, expenditure limits, and the benefit threshold after which a 20% charge is imposed on the cost of each prescription, to be in effect on and after July 1, 2004. Notwithstanding any other provision of this paragraph, however, the Department may not increase the identification card fee above the amount in effect on May 1, 2003 without the express consent of the General Assembly. To the extent practicable, those requirements shall be commensurate with the requirements provided in rules adopted by the Department of Healthcare
and Family Services to implement the pharmacy assistance program under Section 5-5.12a of the Illinois Public Aid Code.

Whenever a generic equivalent for a covered prescription drug is available, the Department shall reimburse only for the reasonable costs of the generic equivalent, less the co-pay established in this Section, unless (i) the covered prescription drug contains one or more ingredients defined as a narrow therapeutic index drug at 21 CFR 320.33, (ii) the prescriber indicates on the face of the prescription "brand medically necessary", and (iii) the prescriber specifies that a substitution is not permitted. When issuing an oral prescription for covered prescription medication described in item (i) of this paragraph, the prescriber shall stipulate "brand medically necessary" and that a substitution is not permitted. If the covered prescription drug and its authorizing prescription do not meet the criteria listed above, the beneficiary may purchase the non-generic equivalent of the covered prescription drug by paying the difference between the generic cost and the non-generic cost plus the beneficiary co-pay.

Any person otherwise eligible for pharmaceutical assistance under this Act whose covered drugs are covered by any public program for assistance in purchasing any covered prescription drugs shall be ineligible for assistance under this Act to the extent such costs are covered by such other plan.

The fee to be charged by the Department for the identification card shall be equal to $5 per coverage year for persons below the official poverty line as defined by the United States Department of Health and Human Services and $25 per coverage year for all other persons.

In the event that 2 or more persons are eligible for any benefit under this Act, and are members of the same household, (1) each such person shall be entitled to participate in the pharmaceutical assistance program, provided that he or she meets all other requirements imposed by this subsection and (2) each participating household member contributes the fee required for that person by the preceding paragraph for the purpose of obtaining an identification card.

The provisions of this subsection (f), other than this paragraph, are inoperative after December 31, 2005. Beneficiaries who received benefits

under the program established by this subsection (f) are not entitled, at the termination of the program, to any refund of the identification card fee paid under this subsection.

(g) Effective January 1, 2006, there is hereby established a program of pharmaceutical assistance to the aged and disabled, entitled the Illinois Seniors and Disabled Drug Coverage Program, which shall be administered by the Department of Healthcare and Family Services and the Department on Aging in accordance with this subsection, to consist of coverage of specified prescription drugs on behalf of beneficiaries of the program as set forth in this subsection. The program under this subsection replaces and supersedes the program established under subsection (f), which shall end at midnight on December 31, 2005.

To become a beneficiary under the program established under this subsection, a person must:

(1) be (i) 65 years of age or older or (ii) disabled; and
(2) be domiciled in this State; and
(3) enroll with a qualified Medicare Part D Prescription Drug Plan if eligible and apply for all available subsidies under Medicare Part D; and
(4) have a maximum household income of (i) less than $21,218 for a household containing one person, (ii) less than $28,480 for a household containing 2 persons, or (iii) less than $35,740 for a household containing 3 or more persons. If any income eligibility limit set forth in items (i) through (iii) is less than 200% of the Federal Poverty Level for any year, the income eligibility limit for that year for households of that size shall be income equal to or less than 200% of the Federal Poverty Level.

All individuals enrolled as of December 31, 2005, in the pharmaceutical assistance program operated pursuant to subsection (f) of this Section and all individuals enrolled as of December 31, 2005, in the SeniorCare Medicaid waiver program operated pursuant to Section 5-5.12a of the Illinois Public Aid Code shall be automatically enrolled in the program established by this subsection for the first year of operation without the need for further application, except that they must apply for

Medicare Part D and the Low Income Subsidy under Medicare Part D. A person enrolled in the pharmaceutical assistance program operated pursuant to subsection (f) of this Section as of December 31, 2005, shall not lose eligibility in future years due only to the fact that they have not reached the age of 65.

To the extent permitted by federal law, the Department may act as an authorized representative of a beneficiary in order to enroll the beneficiary in a Medicare Part D Prescription Drug Plan if the beneficiary has failed to choose a plan and, where possible, to enroll beneficiaries in the low-income subsidy program under Medicare Part D or assist them in enrolling in that program.

Beneficiaries under the program established under this subsection shall be divided into the following 5 eligibility groups:

(A) Eligibility Group 1 shall consist of beneficiaries who are not eligible for Medicare Part D coverage and who are:
   (i) disabled and under age 65; or
   (ii) age 65 or older, with incomes over 200% of the Federal Poverty Level; or
   (iii) age 65 or older, with incomes at or below 200% of the Federal Poverty Level and not eligible for federally funded means-tested benefits due to immigration status.

(B) Eligibility Group 2 shall consist of beneficiaries otherwise described in Eligibility Group 1 but who are eligible for Medicare Part D coverage.

(C) Eligibility Group 3 shall consist of beneficiaries age 65 or older, with incomes at or below 200% of the Federal Poverty Level, who are not barred from receiving federally funded means-tested benefits due to immigration status and are eligible for Medicare Part D coverage.

(D) Eligibility Group 4 shall consist of beneficiaries age 65 or older, with incomes at or below 200% of the Federal Poverty Level, who are not barred from receiving federally funded means-tested benefits due to immigration status and are not eligible for Medicare Part D coverage.

New matter indicated by italics - deletions by strikeout
If the State applies and receives federal approval for a waiver under Title XIX of the Social Security Act, persons in Eligibility Group 4 shall continue to receive benefits through the approved waiver, and Eligibility Group 4 may be expanded to include disabled persons under age 65 with incomes under 200% of the Federal Poverty Level who are not eligible for Medicare and who are not barred from receiving federally funded means-tested benefits due to immigration status.

(E) On and after January 1, 2007, Eligibility Group 5 shall consist of beneficiaries who are otherwise described in Eligibility Groups 2 and 3 who Group 1 but are eligible for Medicare Part D and have a diagnosis of HIV or AIDS.

The program established under this subsection shall cover the cost of covered prescription drugs in excess of the beneficiary cost-sharing amounts set forth in this paragraph that are not covered by Medicare. In 2006, beneficiaries shall pay a co-payment of $2 for each prescription of a generic drug and $5 for each prescription of a brand-name drug. In future years, beneficiaries shall pay co-payments equal to the co-payments required under Medicare Part D for "other low-income subsidy eligible individuals" pursuant to 42 CFR 423.782(b). For individuals in Eligibility Groups 1, 2, 3, and 4, once the program established under this subsection and Medicare combined have paid $1,750 in a year for covered prescription drugs, the beneficiary shall pay 20% of the cost of each prescription in addition to the co-payments set forth in this paragraph. For individuals in Eligibility Group 5, once the program established under this subsection and Medicare combined have paid $1,750 in a year for covered prescription drugs, the beneficiary shall pay 20% of the cost of each prescription in addition to the co-payments set forth in this paragraph unless the drug is included in the formulary of the Illinois AIDS Drug Assistance Program operated by the Illinois Department of Public Health. If the drug is included in the formulary of the Illinois AIDS Drug Assistance Program, individuals in Eligibility Group 5 shall continue to pay the co-payments set forth in this paragraph after the program

established under this subsection and Medicare combined have paid $1,750 in a year for covered prescription drugs.

For beneficiaries eligible for Medicare Part D coverage, the program established under this subsection shall pay 100% of the premiums charged by a qualified Medicare Part D Prescription Drug Plan for Medicare Part D basic prescription drug coverage, not including any late enrollment penalties. Qualified Medicare Part D Prescription Drug Plans may be limited by the Department of Healthcare and Family Services to those plans that sign a coordination agreement with the Department.

Notwithstanding Section 3.15, for purposes of the program established under this subsection, the term "covered prescription drug" has the following meanings:

For Eligibility Group 1, "covered prescription drug" means: (1) any cardiovascular agent or drug; (2) any insulin or other prescription drug used in the treatment of diabetes, including syringe and needles used to administer the insulin; (3) any prescription drug used in the treatment of arthritis; (4) any prescription drug used in the treatment of cancer; (5) any prescription drug used in the treatment of Alzheimer's disease; (6) any prescription drug used in the treatment of Parkinson's disease; (7) any prescription drug used in the treatment of glaucoma; (8) any prescription drug used in the treatment of lung disease and smoking-related illnesses; (9) any prescription drug used in the treatment of osteoporosis; and (10) any prescription drug used in the treatment of multiple sclerosis. The Department may add additional therapeutic classes by rule. The Department may adopt a preferred drug list within any of the classes of drugs described in items (1) through (10) of this paragraph. The specific drugs or therapeutic classes of covered prescription drugs shall be indicated by rule.

For Eligibility Group 2, "covered prescription drug" means those drugs covered for Eligibility Group 1 that are also covered by the Medicare Part D Prescription Drug Plan in which the beneficiary is enrolled.

New matter indicated by italics - deletions by strikeout
For Eligibility Group 3, "covered prescription drug" means those drugs covered by the Medicare Part D Prescription Drug Plan in which the beneficiary is enrolled.

For Eligibility Group 4, "covered prescription drug" means those drugs covered by the Medical Assistance Program under Article V of the Illinois Public Aid Code.

For Eligibility Group 5, *for individuals otherwise described in Eligibility Group 2*, "covered prescription drug" means: (1) those drugs covered for Eligibility Group 2 that are also covered by the Medicare Part D Prescription Drug Plan in which the beneficiary is enrolled; and (2) those drugs included in the formulary of the Illinois AIDS Drug Assistance Program operated by the Illinois Department of Public Health that are also covered by the Medicare Part D Prescription Drug Plan in which the beneficiary is enrolled. *For Eligibility Group 5, for individuals otherwise described in Eligibility Group 3*, "covered prescription drug" means those drugs covered by the Medicare Part D Prescription Drug Plan in which the beneficiary is enrolled.

An individual in Eligibility Group 1, 2, 3, or 4, or 5 may opt to receive a $25 monthly payment in lieu of the direct coverage described in this subsection.

Any person otherwise eligible for pharmaceutical assistance under this subsection whose covered drugs are covered by any public program is ineligible for assistance under this subsection to the extent that the cost of those drugs is covered by the other program.

The Department of Healthcare and Family Services shall establish by rule the methods by which it will provide for the coverage called for in this subsection. Those methods may include direct reimbursement to pharmacies or the payment of a capitated amount to Medicare Part D Prescription Drug Plans.

For a pharmacy to be reimbursed under the program established under this subsection, it must comply with rules adopted by the Department of Healthcare and Family Services regarding coordination of benefits with Medicare Part D Prescription Drug Plans. A pharmacy may...
not charge a Medicare-enrolled beneficiary of the program established under this subsection more for a covered prescription drug than the appropriate Medicare cost-sharing less any payment from or on behalf of the Department of Healthcare and Family Services.

The Department of Healthcare and Family Services or the Department on Aging, as appropriate, may adopt rules regarding applications, counting of income, proof of Medicare status, mandatory generic policies, and pharmacy reimbursement rates and any other rules necessary for the cost-efficient operation of the program established under this subsection.

(For Residential Real Property Sales or Purchases)

Radon Warning Statement

Every buyer of any interest in residential real property is notified that the property may present exposure to dangerous levels of indoor radon gas that may place the occupants at risk of developing radon-induced lung cancer. Radon, a Class-A human carcinogen, is the leading cause of lung cancer in non-smokers and the second leading cause overall. The seller of any interest in residential real property is required to provide the buyer with any information on radon test results of the dwelling showing elevated levels of radon in the seller's possession.
The Illinois Emergency Management Agency (IEMA) strongly recommends ALL homebuyers have an indoor radon test performed prior to purchase or taking occupancy, and mitigated if elevated levels are found. Elevated radon concentrations can easily be reduced by a qualified, licensed radon mitigator.

Seller's Disclosure (initial each of the following which applies)

(a)........ Elevated radon concentrations (above EPA or IEMA recommended Radon Action Level) are known to be present within the dwelling. (Explain)

(b)........ Seller has provided the purchaser with all available records and reports pertaining to elevated radon concentrations within the dwelling.

(k) A defendant at least 17 years of age who is placed on supervision for a misdemeanor in a county of 3,000,000 or more inhabitants and who has not been previously convicted of a misdemeanor or felony may as a condition of his or her supervision be required by the court to attend educational courses designed to prepare the defendant for a high school diploma and to work toward a high school diploma or to work toward passing the high school level Test of General Educational Development (GED) or to work toward completing a vocational training program approved by the court. A copy of the verified complaint shall be served upon the defendant and the proceedings shall thereafter be conducted as in other civil cases. If it is established that the defendant has been or is engaged in such unlawful practice, the court may enter an order or judgment perpetually enjoining the defendant from further such practice. In all proceedings hereunder the court, in its discretion, may apportion the costs among the parties interested in the action, including cost of filing the complaint, service of process, witness fees and expenses, court reporter charges and reasonable attorney fees. PUBLIC ACT 95-0217
(House Bill No. 1656)

AN ACT concerning education.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Prepaid Tuition Act is amended by changing Sections 5 and 45 as follows:

New matter indicated by italics - deletions by strikeout
Sec. 5. Purpose. The General Assembly finds and declares that the general welfare and security of the State are enhanced by access to higher education for all residents of the State who desire that education and who demonstrate the qualifications necessary to pursue that education. Furthermore, it is desirable that residents of the State who seek to pursue higher education be able to choose attendance at the higher education institution that offers programs and services most suitable to their needs. Accordingly, endeavors that serve the higher education needs of the people of the State represent an essential function of State government.

During the past decade, students have been paying more and borrowing more to finance the increasing cost of higher education at Illinois colleges and universities as well as at similar institutions nationwide. Federal and state governments’ capacity to fund college scholarships and grants cannot fully meet the current and future demand for higher education nor is it reasonable to expect that paying for college is solely a governmental responsibility. It is -- and has always been -- a shared responsibility among the student, the family, State government, and the federal government. Consequently, the intent of this Act is to both encourage and better enable Illinois families to help themselves finance the cost of higher education, specifically through a program that provides Illinois families with a method of State tax-free and federally tax-exempt tax-deferred savings for higher education college tuition.

Sec. 45. Illinois prepaid tuition contracts.

(a) The Commission may enter into an Illinois prepaid tuition contract with a purchaser under which the Commission contracts on behalf of the State to pay full tuition and mandatory fees at an Illinois public university or Illinois community college for a qualified beneficiary to attend the MAP-eligible institution to which the qualified beneficiary is admitted. Each contract shall contain terms, conditions, and provisions that the Commission determines to be necessary for ensuring the

New matter indicated by italics - deletions by strikeout
educational objectives and sustainable financial viability of the Illinois prepaid tuition program.

(b) Each contract shall have one designated purchaser and one designated qualified beneficiary. Unless otherwise specified in the contract, the purchaser owns the contract and retains any tax liability for its assets only until the first distribution of benefits. Once a partial benefit of the contract has been disbursed, any tax liability attributable to the contract and its assets becomes a tax liability of the qualified beneficiary, unless otherwise specified in the contract. Contracts shall be purchased in units of 15 credit hours at any MAP-eligible institution.

(c) Without exception, benefits may be received by a qualified beneficiary of an Illinois prepaid tuition contract no earlier than 3 years from the date the contract is purchased.

(d) A prepaid tuition contract shall contain, but is not limited to, provisions for (i) refunds or withdrawals in certain circumstances, with or without interest or penalties; (ii) conversion of the contract at the time of distribution from accrued prepayment value at one type of MAP-eligible institution to the accrued prepayment value at a different type of MAP-eligible institution; (iii) portability of the accrued value of the prepayment value for use at an out-of-state higher education institution; (iv) transferability of the contract benefits within the qualified beneficiary’s immediate family; and (v) a specified benefit period during which the contract may be redeemed.

(e) Each Illinois prepaid tuition contract also shall contain, at minimum, all of the following:

   (1) The amount of payment or payments and the number of payments required from a purchaser on behalf of a qualified beneficiary.

   (2) The terms and conditions under which purchasers shall remit payments, including, but not limited to, the date or dates upon which each payment shall be due.

   (3) Provisions for late payment charges and for default.

   (4) Provisions for penalty fees payable incident to an authorized withdrawal.

New matter indicated by italics - deletions by strikeout
(5) The name, date of birth, and social security number of the qualified beneficiary on whose behalf the contract is drawn and the terms and conditions under which the contract may be transferred to another qualified beneficiary.

(6) The name and social security number of any person who may terminate the contract, together with terms that specify whether the contract may be terminated by the purchaser, the qualified beneficiary, a specific designated person, or any combination of these persons.

(7) The terms and conditions under which a contract may be terminated, the name and social security number of the person entitled to any refund due as a result of the termination of the contract pursuant to those terms and conditions, and the method for determining the amount of a refund.

(8) The time limitations, if any, within which the qualified beneficiary must claim his or her benefits through the program.

(9) Other terms and conditions determined by the Commission to be appropriate.

(f) In addition to the contract provisions set forth in subsection (e), each Illinois prepaid tuition contract shall include:

1. The number of credit hours contracted by the purchaser.
2. The type of MAP-eligible institution and the prepaid tuition plan toward which the credit hours shall be applied.
3. The explicit contractual obligation of the Commission to the qualified beneficiary to provide a specific number of credit hours of undergraduate instruction at a MAP-eligible institution, not to exceed the maximum number of credit hours required for the conference of a degree that corresponds to the plan purchased on behalf of the qualified beneficiary.

(g) The Commission shall indicate by rule the conditions under which refunds are payable to a contract purchaser. Generally, no refund shall exceed the amount paid into the Illinois Prepaid Tuition Trust Fund by the purchaser. In the event that a contract is converted from a Public University Plan described in subsection (j) of this Section to a Community
College Plan described in subsection (k) of this Section, the refund amount shall be reduced by the amount transferred to the Illinois community college on behalf of the qualified beneficiary. Except where the Commission may otherwise rule, refunds may exceed the amount paid into the Illinois Prepaid Tuition Trust Fund only under the following circumstances:

(1) If the qualified beneficiary is awarded a grant or scholarship at a public institution of higher education, the terms of which duplicate the benefits included in the Illinois prepaid tuition contract, then moneys paid for the purchase of the contract shall be returned to the purchaser, upon request, in semester installments that coincide with the matriculation by the qualified beneficiary, in an amount equal to the current cost of tuition and mandatory fees at the MAP-eligible institution where the qualified beneficiary is enrolled.

(1.5) If the qualified beneficiary is awarded a grant or scholarship while enrolled at either a MAP-eligible nonpublic institution of higher education or an eligible public or private out-of-state higher education institution, the terms of which duplicate the benefits included in the Illinois prepaid tuition contract, then money paid for the purchase of the contract shall be returned to the purchaser, upon request, in semester installments that coincide with the matriculation by the qualified beneficiary. The amount paid shall not exceed the current average mean-weighted credit hour value of the registration fees purchased under the contract.

(2) In the event of the death or total disability of the qualified beneficiary, moneys paid for the purchase of the Illinois prepaid tuition contract shall be returned to the purchaser together with all accrued earnings.

(3) If an Illinois prepaid tuition contract is converted from a Public University Plan to a Community College Plan, then the amount refunded shall be the value of the original Illinois prepaid tuition contract minus the value of the contract after conversion.

New matter indicated by italics - deletions by strikeout
No refund shall be authorized under an Illinois prepaid tuition contract for any semester partially attended but not completed.

The Commission, by rule, shall set forth specific procedures for making contract payments in conjunction with grants and scholarships awarded to contract beneficiaries.

Moneys paid into or out of the Illinois Prepaid Tuition Trust Fund by or on behalf of the purchaser or the qualified beneficiary of an Illinois prepaid tuition contract are exempt from all claims of creditors of the purchaser or beneficiary, so long as the contract has not been terminated.

The State or any State agency, county, municipality, or other political subdivision, by contract or collective bargaining agreement, may agree with any employee to remit payments toward the purchase of Illinois prepaid tuition contracts through payroll deductions made by the appropriate officer or officers of the entity making the payments. Such payments shall be held and administered in accordance with this Act.

(h) Nothing in this Act shall be construed as a promise or guarantee that a qualified beneficiary will be admitted to a MAP-eligible institution or to a particular MAP-eligible institution, will be allowed to continue enrollment at a MAP-eligible institution after admission, or will be graduated from a MAP-eligible institution.

(i) The Commission shall develop and make prepaid tuition contracts available under a minimum of at least 2 independent plans to be known as the Public University Plan and the Community College Plan.

Contracts shall be purchased in units of 15 credit hours at either an Illinois public university or an Illinois community college. The minimum purchase amount per qualified beneficiary shall be one unit or 15 credit hours. The maximum purchase amount shall be 9 units (or 135 credit hours) for the Public University Plan and 4 units (or 60 credit hours) for the Community College Plan.

(j) Public University Plan. Through the Public University Plan, the Illinois prepaid tuition contract shall provide prepaid registration fees, which include full tuition costs as well as mandatory fees, for a specified number of undergraduate credit hours, not to exceed the maximum number of credit hours required for the conference of a baccalaureate degree. In

determining the cost of participation in the Public University Plan, the Commission shall reference the combined mean-weighted current registration fees from all Illinois public universities.

In the event that a qualified beneficiary for whatever reason chooses to attend an Illinois community college, the qualified beneficiary may convert the average number of credit hours required for the conference of an associate degree from the Public University Plan to the Community College Plan and may retain the remaining Public University Plan credit hours or may request a refund for prepaid credit hours in excess of those required for conference of an associate degree. In determining the amount of any refund, the Commission also shall recognize the current relative credit hour cost of the 2 plans when making any conversion.

Qualified beneficiaries shall bear the cost of any laboratory or other non-mandatory fees associated with enrollment in specific courses. Qualified beneficiaries who are not Illinois residents shall bear the difference in cost between in-state registration fees guaranteed by the prepaid tuition contract and tuition and other charges assessed upon out-of-state students by the MAP-eligible institution.

(k) Community College Plan. Through the Community College Plan, the Illinois prepaid tuition contract shall provide prepaid registration fees, which include full tuition costs as well as mandatory fees, for a specified number of undergraduate credit hours, not to exceed the maximum number of credit hours required for the conference of an associate degree. In determining the cost of participation in the Community College Plan, the Commission shall reference the combined mean-weighted current registration fees from all Illinois community colleges.

In the event that a qualified beneficiary for whatever reason chooses to attend an Illinois public university, the qualified beneficiary's prepaid tuition contract shall be converted for use at that Illinois public university by referencing the current average mean-weighted credit hour value of registration fees at Illinois community colleges relative to the corresponding value of registration fees at Illinois public universities.
Qualified beneficiaries shall bear the cost of any laboratory or other non-mandatory fees associated with enrollment in specific courses. Qualified beneficiaries who are not Illinois residents shall bear the difference in cost between in-state registration fees guaranteed by the prepaid tuition contract and tuition and other charges assessed upon out-of-state students by the MAP-eligible institution.

(l) A qualified beneficiary may apply the benefits of any Illinois prepaid tuition contract toward a nonpublic institution of higher education. In the event that a qualified beneficiary for whatever reason chooses to attend a nonpublic institution of higher education, the qualified beneficiary's prepaid tuition contract shall be converted for use at that nonpublic institution of higher education by referencing the current average mean-weighted credit hour value of registration fees purchased under the contract. The Commission shall transfer, or cause to have transferred, this amount, less a transfer fee, to the nonpublic institution on behalf of the beneficiary. In the event that the cost of registration charged to the beneficiary at the nonpublic institution of higher education is less than the aggregate value of the Illinois prepaid tuition contract, any remaining amount shall be transferred in subsequent semesters until the transfer value is fully depleted.

(m) A qualified beneficiary may apply the benefits of any Illinois prepaid tuition contract toward an eligible out-of-state college or university. Institutional eligibility for out-of-state colleges and universities shall be determined by the Commission, but in making those determinations the Commission shall recognize that the benefits of an Illinois prepaid tuition contract may not be used at any postsecondary educational institution that is both operated for-profit and located outside of Illinois. In the event that a qualified beneficiary for whatever reason chooses to attend an eligible out-of-state college or university, the qualified beneficiary's prepaid tuition contract shall be converted for use at that college or university by referencing the current average mean-weighted credit hour value of registration fees purchased under the contract. The Commission shall transfer, or cause to have transferred, this amount, less a transfer fee, to the college or university on behalf of the
beneficiary. In the event that the cost of registration charged to the beneficiary at the eligible out-of-state college or university is less than the aggregate value of the Illinois prepaid tuition contract, any remaining amount shall be transferred in subsequent semesters until the transfer value is fully depleted.

(n) Illinois prepaid tuition contracts may be purchased either by lump sum or by installments. No penalty shall be assessed for early payment of installment contracts.

(o) The Commission shall annually adjust the price of new contracts, in accordance with the annual changes in registration fees at Illinois public universities and community colleges.

AN ACT concerning property.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Condominium Property Act is amended by changing Section 30 as follows:

(765 ILCS 605/30) (from Ch. 30, par. 330)
Sec. 30. Conversion condominiums; notice; recording.
(a)(1) No real estate may be submitted to the provisions of the Act as a conversion condominium unless (i) a notice of intent to submit the

New matter indicated by italics - deletions by strikeout
real estate to this Act (notice of intent) has been given to all persons who were tenants of the building located on the real estate on the date the notice is given. Such notice shall be given at least 30 days, and not more than 1 year prior to the recording of the declaration which submits the real estate to this Act; and (ii) the developer executes and acknowledges a certificate which shall be attached to and made a part of the declaration and which provides that the developer, prior to the execution by him or his agent of any agreement for the sale of a unit, has given a copy of the notice of intent to all persons who were tenants of the building located on the real estate on the date the notice of intent was given.

(a)(2) If the owner fails to provide a tenant with notice of the intent to convert as defined in this Section, the tenant permanently vacates the premises as a direct result of non-renewal of his or her lease by the owner, and the tenant's unit is converted to a condominium by the filing of a declaration submitting a property to this Act without having provided the required notice, then the owner is liable to the tenant for the following:

(A) the tenant's actual moving expenses incurred when moving from the subject property, not to exceed $1,500;

(B) three month's rent at the subject property; and

(C) reasonable attorney's fees and court costs.

(b) Any developer of a conversion condominium must, upon issuing the notice of intent, publish and deliver along with such notice of intent, a schedule of selling prices for all units subject to the condominium instruments and offer to sell such unit to the current tenants, except for units to be vacated for rehabilitation subsequent to such notice of intent. Such offer shall not expire earlier than 30 days after receipt of the offer by the current tenant, unless the tenant notifies the developer in writing of his election not to purchase the condominium unit.

(c) Any tenant who was a tenant as of the date of the notice of intent and whose tenancy expires (other than for cause) prior to the expiration of 120 days from the date on which a copy of the notice of intent was given to the tenant shall have the right to extend his tenancy on the same terms and conditions and for the same rental until the expiration of such 120 day period by the giving of written notice thereof to the

New matter indicated by italics - deletions by strikeout
developer within 30 days of the date upon which a copy of the notice of intent was given to the tenant by the developer.

(d) Each lessee in a conversion condominium shall be informed by the developer at the time the notice of intent is given whether his tenancy will be renewed or terminated upon its expiration. If the tenancy is to be renewed, the tenant shall be informed of all charges, rental or otherwise, in connection with the new tenancy and the length of the term of occupancy proposed in conjunction therewith.

(e) For a period of 120 days following his receipt of the notice of intent, any tenant who was a tenant on the date the notice of intent was given shall be given the right to purchase his unit on substantially the same terms and conditions as set forth in a duly executed contract to purchase the unit, which contract shall conspicuously disclose the existence of, and shall be subject to, the right of first refusal. The tenant may exercise the right of first refusal by giving notice thereof to the developer prior to the expiration of 30 days from the giving of notice by the developer to the tenant of the execution of the contract to purchase the unit. The tenant may exercise such right of first refusal within 30 days from the giving of notice by the developer of the execution of a contract to purchase the unit, notwithstanding the expiration of the 120 day period following the tenant's receipt of the notice of intent, if such contract was executed prior to the expiration of the 120 day period. The recording of the deed conveying the unit to the purchaser which contains a statement to the effect that the tenant of the unit either waived or failed to exercise the right of first refusal or option or had no right of first refusal or option with respect to the unit shall extinguish any legal or equitable right or interest to the possession or acquisition of the unit which the tenant may have or claim with respect to the unit arising out of the right of first refusal or option provided for in this Section. The foregoing provision shall not affect any claim which the tenant may have against the landlord for damages arising out of the right of first refusal provided for in this Section.

(f) During the 30 day period after the giving of notice of an executed contract in which the tenant may exercise the right of first refusal, the developer shall grant to such tenant access to any portion of
the building to inspect any of its features or systems and access to any reports, warranties, or other documents in the possession of the developer which reasonably pertain to the condition of the building. Such access shall be subject to reasonable limitations, including as to hours. The refusal of the developer to grant such access is a business offense punishable by a fine of $500. Each refusal to an individual lessee who is a potential purchaser is a separate violation.

(g) Any notice provided for in this Section shall be deemed given when a written notice is delivered in person or mailed, certified or registered mail, return receipt requested to the party who is being given the notice.

(h) Prior to their initial sale, units offered for sale in a conversion condominium and occupied by a tenant at the time of the offer shall be shown to prospective purchasers only a reasonable number of times and at appropriate hours. Units may only be shown to prospective purchasers during the last 90 days of any expiring tenancy.

(i) Any provision in any lease or other rental agreement, or any termination of occupancy on account of condominium conversion, not authorized herein, or contrary to or waiving the foregoing provisions, shall be deemed to be void as against public policy.

(j) A tenant is entitled to injunctive relief to enforce the provisions of subsections (a) and (c) of this Section.

(k) A non-profit housing organization, suing on behalf of an aggrieved tenant under this Section, may also recover compensation for reasonable attorney's fees and court costs necessary for filing such action.

(l) Nothing in this Section shall affect any provision in any lease or rental agreement in effect before this Act becomes law.

(m) Nothing in this amendatory Act of 1978 shall be construed to imply that there was previously a requirement to record the notice provided for in this Section subsection (a).

AN ACT concerning education.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The School Code is amended by changing Section 2-3.25g as follows:
(105 ILCS 5/2-3.25g) (from Ch. 122, par. 2-3.25g)
Sec. 2-3.25g. Waiver or modification of mandates within the School Code and administrative rules and regulations.

New matter indicated by italics - deletions by strikeout
(a) In this Section:

"Board" means a school board or the governing board or administrative district, as the case may be, for a joint agreement.

"Eligible applicant" means a school district, joint agreement made up of school districts, or regional superintendent of schools on behalf of schools and programs operated by the regional office of education.

"State Board" means the State Board of Education.

(b) Notwithstanding any other provisions of this School Code or any other law of this State to the contrary, eligible applicants may petition the State Board of Education for the waiver or modification of the mandates of this School Code or of the administrative rules and regulations promulgated by the State Board of Education. Waivers or modifications of administrative rules and regulations and modifications of mandates of this School Code may be requested when an eligible applicant demonstrates that it can address the intent of the rule or mandate in a more effective, efficient, or economical manner or when necessary to stimulate innovation or improve student performance. Waivers of mandates of the School Code may be requested when the waivers are necessary to stimulate innovation or improve student performance. Waivers may not be requested from laws, rules, and regulations pertaining to special education, teacher certification, teacher tenure and seniority, or Section 5-2.1 of this Code or from compliance with the No Child Left Behind Act of 2001 (Public Law 107-110).

(c) Eligible applicants, as a matter of inherent managerial policy, and any Independent Authority established under Section 2-3.25f may submit an application for a waiver or modification authorized under this Section. Each application must include a written request by the eligible applicant or Independent Authority and must demonstrate that the intent of the mandate can be addressed in a more effective, efficient, or economical manner or be based upon a specific plan for improved student performance and school improvement. Any eligible applicant requesting a waiver or modification for the reason that intent of the mandate can be addressed in a more economical manner shall include in the application a fiscal analysis...
showing current expenditures on the mandate and projected savings resulting from the waiver or modification. Applications and plans developed by eligible applicants must be approved by the board or regional superintendent of schools applying on behalf of schools or programs operated by the regional office of education following a public hearing on the application and plan and the opportunity for the board or regional superintendent to hear testimony from staff directly involved in its implementation, parents, and students. The time period for such testimony shall be separate from the time period established by the eligible applicant for public comment on other matters. If the applicant is a school district or joint agreement requesting a waiver or modification of Section 27-6 of this Code, the public hearing shall be held on a day other than the day on which a regular meeting of the board is held. If the applicant is a school district, the public hearing must be preceded by at least one published notice occurring at least 7 days prior to the hearing in a newspaper of general circulation within the school district that sets forth the time, date, place, and general subject matter of the hearing. If the applicant is a joint agreement or regional superintendent, the public hearing must be preceded by at least one published notice (setting forth the time, date, place, and general subject matter of the hearing) occurring at least 7 days prior to the hearing in a newspaper of general circulation in each school district that is a member of the joint agreement or that is served by the educational service region, provided that a notice appearing in a newspaper generally circulated in more than one school district shall be deemed to fulfill this requirement with respect to all of the affected districts. The eligible applicant must notify in writing the affected exclusive collective bargaining agent and those State legislators representing the eligible applicant's territory of its intent to seek approval of a waiver or modification and of the hearing to be held to take testimony from staff. The affected exclusive collective bargaining agents shall be notified of such public hearing at least 7 days prior to the date of the hearing and shall be allowed to attend such public hearing. The eligible applicant shall attest to compliance with all of the notification and procedural requirements set forth in this Section.

(d) A request for a waiver or modification of administrative rules and regulations or for a modification of mandates contained in this School Code shall be submitted to the State Board of Education within 15 days after approval by the board or regional superintendent of schools. The application as submitted to the State Board of Education shall include a description of the public hearing. Following receipt of the request, the State Board shall have 45 days to review the application and request. If the State Board fails to disapprove the application within that 45 day period, the waiver or modification shall be deemed granted. The State Board may disapprove any request if it is not based upon sound educational practices, endangers the health or safety of students or staff, compromises equal opportunities for learning, or fails to demonstrate that the intent of the rule or mandate can be addressed in a more effective, efficient, or economical manner or have improved student performance as a primary goal. Any request disapproved by the State Board may be appealed to the General Assembly by the eligible applicant as outlined in this Section.

A request for a waiver from mandates contained in this School Code shall be submitted to the State Board within 15 days after approval by the board or regional superintendent of schools. The application as submitted to the State Board of Education shall include a description of the public hearing. The description shall include, but need not be limited to, the means of notice, the number of people in attendance, the number of people who spoke as proponents or opponents of the waiver, a brief description of their comments, and whether there were any written statements submitted. The State Board shall review the applications and requests for completeness and shall compile the requests in reports to be filed with the General Assembly. The State Board shall file reports outlining the waivers requested by eligible applicants and appeals by eligible applicants of requests disapproved by the State Board with the Senate and the House of Representatives before each March 1 and October 1. The General Assembly may disapprove the report of the State Board in whole or in part within 60 calendar days after each house of the General Assembly next convenes after the report is filed by adoption of a resolution by a record vote of the majority of members elected in each
house. If the General Assembly fails to disapprove any waiver request or appealed request within such 60 day period, the waiver or modification shall be deemed granted. Any resolution adopted by the General Assembly disapproving a report of the State Board in whole or in part shall be binding on the State Board.

(e) An approved waiver or modification (except a waiver from or modification to a physical education mandate) may remain in effect for a period not to exceed 5 school years and may be renewed upon application by the eligible applicant. However, such waiver or modification may be changed within that 5-year period by a board or regional superintendent of schools applying on behalf of schools or programs operated by the regional office of education following the procedure as set forth in this Section for the initial waiver or modification request. If neither the State Board of Education nor the General Assembly disapproves, the change is deemed granted.

An approved waiver from or modification to a physical education mandate may remain in effect for a period not to exceed 2 school years and may be renewed no more than 2 times upon application by the eligible applicant. An approved waiver from or modification to a physical education mandate may be changed within the 2-year period by the board or regional superintendent of schools, whichever is applicable, following the procedure set forth in this Section for the initial waiver or modification request. If neither the State Board of Education nor the General Assembly disapproves, the change is deemed granted.

(f) On or before February 1, 1998, and each year thereafter, the State Board of Education shall submit a cumulative report summarizing all types of waivers of mandates and modifications of mandates granted by the State Board or the General Assembly. The report shall identify the topic of the waiver along with the number and percentage of eligible applicants for which the waiver has been granted. The report shall also include any recommendations from the State Board regarding the repeal or modification of waived mandates.
