Section 5-90. The Business Corporation Act of 1983 is amended by changing Sections 15.90 and 16.05 as follows:

(805 ILCS 5/15.90) (from Ch. 32, par. 15.90)
Sec. 15.90. Statute of limitations.

(a) Except as otherwise provided in this Section and notwithstanding anything to the contrary contained in any other Section of this Act, no domestic corporation or foreign corporation shall be obligated to pay any annual franchise tax, fee, or penalty or interest thereon imposed under this Act, nor shall any administrative or judicial sanction (including dissolution) be imposed or enforced nor access to the courts of this State be denied based upon nonpayment thereof more than 7 years after the date of filing the annual report with respect to the period during which the obligation for the tax, fee, penalty or interest arose, unless (1) within that 7 year period the Secretary of State sends a written notice to the corporation to the effect that (A) administrative or judicial action to dissolve the corporation or revoke its certificate of authority for nonpayment of a tax,
fee, penalty or interest has been commenced; or (B) the corporation has
submitted a report but has failed to pay a tax, fee, penalty or interest
required to be paid therewith; or (C) a report with respect to an event or
action giving rise to an obligation to pay a tax, fee, penalty or interest is
required but has not been filed, or has been filed and is in error or
incomplete; or (2) the annual report by the corporation was filed with
fraudulent intent to evade taxes payable under this Act. A corporation
nonetheless shall be required to pay all taxes that would have been payable
during the most recent 7 year period due to a previously unreported
increase in paid-in capital that occurred prior to that 7 year period and
interest and penalties thereon for that period, except that with respect to
any corporation that participates in the Franchise Tax and License Fee
Amnesty Act of 2007, the corporation shall be only required to pay all
taxes that would have been payable during the most recent 4 year period
due to a previously unreported increase in paid-in capital that occurred
prior to that 7 year period.

(b) If within 2 years following a change in control of a corporation
the corporation voluntarily pays in good faith all known obligations of the
corporation imposed by this Article 15 with respect to reports that were
required to have been filed since the beginning of the 7 year period ending
on the effective date of the change in control, no action shall be taken to
enforce or collect obligations of that corporation imposed by this Article
15 with respect to reports that were required to have been filed prior to that
7 year period regardless of whether the limitation period set forth in
subsection (a) is otherwise applicable. For purposes of this subsection (b),
a change in control means a transaction, or a series of transactions
consummated within a period of 180 consecutive days, as a result of which
a person which owned less than 10% of the shares having the power to
elect directors of the corporation acquires shares such that the person
becomes the holder of 80% or more of the shares having such power. For
purposes of this subsection (b) a person means any natural person,
corporation, partnership, trust or other entity together with all other
persons controlled by, controlling or under common control with such
person.

(c) Except as otherwise provided in this Section and notwithstanding anything to the contrary contained in any other Section of this Act, no foreign corporation that has not previously obtained a certificate of authority under this Act shall, upon voluntary application for a certificate of authority filed with the Secretary of State prior to January 1, 2001, be obligated to pay any tax, fee, penalty, or interest imposed under this Act, nor shall any administrative or judicial sanction be imposed or enforced based upon nonpayment thereof with respect to a period during which the obligation arose that is prior to January 1, 1993 unless (1) prior to receipt of the application for a certificate of authority the Secretary of State had sent written notice to the corporation regarding its failure to obtain a certificate of authority, (2) the corporation had submitted an application for a certificate of authority previously but had failed to pay any tax, fee, penalty or interest to be paid therewith, or (3) the application for a certificate of authority was submitted by the corporation with fraudulent intent to evade taxes payable under this Act. A corporation nonetheless shall be required to pay all taxes and fees due under this Act that would have been payable since January 1, 1993 as a result of commencing the transaction of its business in this State and interest thereon for that period.

means an amount equal to the taxpayer's adjusted gross income for
the taxable year as modified by paragraph (2).

(2) Modifications. The adjusted gross income referred to in
paragraph (1) shall be modified by adding thereto the sum of the
following amounts:

(A) An amount equal to all amounts paid or accrued

computation of adjusted gross income, except stock
dividends of qualified public utilities described in Section
305(e) of the Internal Revenue Code;

computation of adjusted gross income for the taxable year;

(C) An amount equal to the amount received during

(D-17) *An amount equal to the amount otherwise allowed as a deduction in computing base income for interest paid, accrued, or incurred, directly or indirectly, (i) for taxable years ending on or after December 31, 2004, to a foreign person who would be a member of the same unitary business group but for the fact that foreign person's business activity outside the United States is 80% or more of the foreign person's total business activity and (ii) for taxable years ending on or after December 31, 2008, to a person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being included in the unitary business group because he or she is ordinarily required to apportion business income under different subsections of Section 304. The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income under Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the interest was paid, accrued, or incurred.*

(ii) an item of interest paid, accrued, or incurred, directly or indirectly, to a foreign person if the taxpayer can establish, based on a preponderance of the evidence, both of the following:

(a) the foreign person, during the same taxable year, paid, accrued, or incurred, the interest to a person that is not a related member, and

(b) the transaction giving rise to the interest expense between the taxpayer and the foreign person did not have as a principal purpose the avoidance of Illinois income tax, and is paid pursuant to a contract or agreement that reflects an arm's-length interest rate and terms; or

(iii) the taxpayer can establish, based on clear and convincing evidence, that the interest paid, accrued, or incurred relates to a contract or agreement entered into at arm's-length rates and terms and the principal purpose for the payment is not federal or Illinois tax avoidance; or

(iv) an item of interest paid, accrued, or incurred, directly or indirectly, to a foreign person if the taxpayer establishes by clear and convincing evidence that the adjustments are unreasonable; or if the taxpayer and the Director agree in writing to the

application or use of an alternative method of apportionment under Section 304(f).

Nothing in this subsection shall preclude the Director from making any other adjustment otherwise allowed under Section 404 of this Act for any tax year beginning after the effective date of this amendment provided such adjustment is made pursuant to regulation adopted by the Department and such regulations provide methods and standards by which the Department will utilize its authority under Section 404 of this Act;

(D-18) An amount equal to the amount of intangible expenses and costs otherwise allowed as a deduction in computing base income, and that were paid, accrued, or incurred, directly or indirectly, (i) for taxable years ending on or after December 31, 2004, to a foreign person who would be a member of the same unitary business group but for the fact that the foreign person's business activity outside the United States is 80% or more of that person's total business activity and (ii) for taxable years ending on or after December 31, 2008, to a person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being included in the unitary business group because he or she is ordinarily required to apportion business income under different subsections of Section 304. The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income under Sections 951 through 964 of the Internal Revenue Code and amounts included in

gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the intangible expenses and costs were directly or indirectly paid, incurred, or accrued. The preceding sentence does not apply to the extent that the same dividends caused a reduction to the addition modification required under Section 203(a)(2)(D-17) of this Act. As used in this subparagraph, the term "intangible expenses and costs" includes (1) expenses, losses, and costs for, or related to, the direct or indirect acquisition, use, maintenance or management, ownership, sale, exchange, or any other disposition of intangible property; (2) losses incurred, directly or indirectly, from factoring transactions or discounting transactions; (3) royalty, patent, technical, and copyright fees; (4) licensing fees; and (5) other similar expenses and costs. For purposes of this subparagraph, "intangible property" includes patents, patent applications, trade names, trademarks, service marks, copyrights, mask works, trade secrets, and similar types of intangible assets.

This paragraph shall not apply to the following:

(i) any item of intangible expenses or costs paid, accrued, or incurred, directly or indirectly, from a transaction with a foreign person who is subject in a foreign country or state, other than a state which requires mandatory unitary reporting, to a tax on or measured by net income with respect to such item; or

(ii) any item of intangible expense or cost paid, accrued, or incurred, directly or indirectly, if the taxpayer can establish, based on a preponderance of the evidence, both of the following:

(a) the foreign person during the same taxable year paid, accrued, or incurred,
the intangible expense or cost to a person that is not a related member, and

(b) the transaction giving rise to the intangible expense or cost between the taxpayer and the foreign person did not have as a principal purpose the avoidance of Illinois income tax, and is paid pursuant to a contract or agreement that reflects arm's-length terms; or

(iii) any item of intangible expense or cost paid, accrued, or incurred, directly or indirectly, from a transaction with a foreign person if the taxpayer establishes by clear and convincing evidence, that the adjustments are unreasonable; or if the taxpayer and the Director agree in writing to the application or use of an alternative method of apportionment under Section 304(f);

Nothing in this subsection shall preclude the Director from making any other adjustment otherwise allowed under Section 404 of this Act for any tax year beginning after the effective date of this amendment provided such adjustment is made pursuant to regulation adopted by the Department and such regulations provide methods and standards by which the Department will utilize its authority under Section 404 of this Act;

(D-19) For taxable years ending on or after December 31, 2008, an amount equal to the amount of insurance premium expenses and costs otherwise allowed as a deduction in computing base income, and that were paid, accrued, or incurred, directly or indirectly, to a person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being included in the

unitary business group because he or she is ordinarily required to apportion business income under different subsections of Section 304. The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income under Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the intangible expenses and costs were directly or indirectly paid, incurred, or accrued. The preceding sentence does not apply to the extent that the same dividends caused a reduction to the addition modification required under Section 203(a)(2)(D-17) of this Act.

(D-20) For taxable years beginning on or after January 1, 2002, in the case of a distribution from a qualified tuition program under Section 529 of the Internal Revenue Code, other than (i) a distribution from a College Savings Pool created under Section 16.5 of the State Treasurer Act or (ii) a distribution from the Illinois Prepaid Tuition Trust Fund, an amount equal to the amount excluded from gross income under Section 529(c)(3)(B); and by deducting from the total so obtained the sum of the following amounts:

(E) For taxable years ending before December 31, 2001, any amount included in such total in respect of any compensation (including but not limited to any compensation paid or accrued to a serviceman while a prisoner of war or missing in action) paid to a resident by reason of being on active duty in the Armed Forces of the United States and in respect of any compensation paid or

For taxable years ending on or after December 31, 2001, any amount included in such total in respect of any compensation (including but not limited to any compensation paid or accrued to a serviceman while a prisoner of war or missing in action) paid to a resident by reason of being a member of any component of the Armed Forces of the United States and in respect of any compensation paid or accrued to a resident who as a governmental employee was a prisoner of war or missing in action, and in respect of any compensation paid to a resident in 2001 or thereafter by reason of being a member of the Illinois National Guard. The provisions of this amendatory Act of the 92nd General Assembly are exempt from the provisions of Section 250;

(i) the addition modification relating to the net operating loss carried back or forward to the taxable year from any taxable year ending prior to December 31, 1986 shall be reduced by the amount of addition modification under this subparagraph (E) which related to that net operating loss and which was taken into account in calculating the base income of an earlier taxable year, and

(ii) the addition modification relating to the net operating loss carried back or forward to the taxable year from any taxable year ending prior to December 31, 1986 shall not exceed the amount of such carryback or carryforward;

For taxable years in which there is a net operating loss carryback or carryforward from more than one other taxable year ending prior to December 31, 1986, the addition modification provided in this subparagraph (E) shall be the sum of the amounts computed independently under the preceding provisions of this subparagraph (E) for each such taxable year;

(F) For taxable years ending on or after January 1, 1989, an amount equal to the tax deducted pursuant to Section 164 of the Internal Revenue Code if the trust or estate is claiming the same tax for purposes of the Illinois foreign tax credit under Section 601 of this Act;

The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income pursuant to Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the interest was paid, accrued, or incurred.

before net operating loss deduction, plus the excess of addition modifications over subtraction modifications for the taxable year. For taxable years ending prior to December 31, 1986, taxable income may never be an amount in excess of the net operating loss for the taxable year as defined in subsections (c) and (d) of Section 172 of the Internal Revenue Code, provided that when taxable income of a corporation (other than a Subchapter S corporation), trust, or estate is less than zero and addition modifications, other than those provided by subparagraph (E) of paragraph (2) of subsection (b) for corporations or subparagraph (E) of paragraph (2) of subsection (c) for trusts and estates, exceed subtraction modifications, an addition modification must be made under those subparagraphs for any other taxable year to which the taxable income less than zero (net operating loss) is applied under Section 172 of the Internal Revenue Code or under subparagraph (E) of paragraph (2) of this subsection (e) applied in conjunction with Section 172 of the Internal Revenue Code.

(2) Special rule. For purposes of paragraph (1) of this subsection, the taxable income properly reportable for federal income tax purposes shall mean:

(E) Consolidated corporations. In the case of a corporation which is a member of an affiliated group of corporations filing a consolidated income tax return for the taxable year for federal income tax purposes, taxable income determined as if such corporation had filed a separate return for federal income tax purposes for the taxable year and each preceding taxable year for which it was a member of an affiliated group. For purposes of this subparagraph, the taxpayer's separate taxable income shall be determined as if the election provided by Section 243(b)(2) of the Internal Revenue Code had been in effect for all such years;

(F) Cooperatives. In the case of a cooperative corporation or association, the taxable income of such organization determined in accordance with the provisions of Section 1381 through 1388 of the Internal Revenue Code;

(G) Subchapter S corporations. In the case of: (i) a Subchapter S corporation for which there is in effect an election for the taxable year under Section 1362 of the Internal Revenue Code, the taxable income of such corporation determined in accordance with Section 1363(b) of the Internal Revenue Code, except that taxable income shall take into account those items which are required by Section 1363(b)(1) of the Internal Revenue Code to be separately stated; and (ii) a Subchapter S corporation for which there is in effect a federal election to opt out of the provisions of the Subchapter S Revision Act of 1982 and have applied instead the prior federal Subchapter S rules as in effect on July 1, 1982, the taxable income of such
corporation determined in accordance with the federal Subchapter S rules as in effect on July 1, 1982; and

(H) Partnerships. In the case of a partnership, taxable income determined in accordance with Section 703 of the Internal Revenue Code, except that taxable income shall take into account those items which are required by Section 703(a)(1) to be separately stated but which would be taken into account by an individual in calculating his taxable income.

(3) Recapture of business expenses on disposition of asset or business. Notwithstanding any other law to the contrary, if in prior years income from an asset or business has been classified as business income and in a later year is demonstrated to be non-business income, then all expenses, without limitation, deducted in such later year and in the 2 immediately preceding taxable years related to that asset or business that generated the non-business income shall be added back and recaptured as business income in the year of the disposition of the asset or business. Such amount shall be apportioned to Illinois using the greater of the apportionment fraction computed for the business under Section 304 of this Act for the taxable year or the average of the apportionment fractions computed for the business under Section 304 of this Act for the taxable year and for the 2 immediately preceding taxable years.

(f) Valuation limitation amount.

(1) In general. The valuation limitation amount referred to in subsections (a) (2) (G), (c) (2) (I) and (d)(2) (E) is an amount equal to:

(A) The sum of the pre-August 1, 1969 appreciation amounts (to the extent consisting of gain reportable under the provisions of Section 1245 or 1250 of the Internal Revenue Code) for all property in respect of which such gain was reported for the taxable year; plus

(B) The lesser of (i) the sum of the pre-August 1, 1969 appreciation amounts (to the extent consisting of capital gain) for all property in respect of which such gain was reported for federal income tax purposes for the taxable year, or (ii) the net capital gain for the taxable year, reduced in either case by any amount of such gain included in the amount determined under subsection (a) (2) (F) or (c) (2) (H).

2) Pre-August 1, 1969 appreciation amount.

(A) If the fair market value of property referred to in paragraph (1) was readily ascertainable on August 1, 1969, the pre-August 1, 1969 appreciation amount for such property is the lesser of (i) the excess of such fair market value over the taxpayer's basis (for determining gain) for such property on that date (determined under the Internal Revenue Code as in effect on that date), or (ii) the total gain realized and reportable for federal income tax purposes in respect of the sale, exchange or other disposition of such property.

(B) If the fair market value of property referred to in paragraph (1) was not readily ascertainable on August 1, 1969, the pre-August 1, 1969 appreciation amount for such property is that amount which bears the same ratio to the total gain reported in respect of the property for federal income tax purposes for the taxable year, as the number of full calendar months in that part of the taxpayer's holding period for the property ending July 31, 1969 bears to the number of full calendar months in the taxpayer's entire holding period for the property.

(C) The Department shall prescribe such regulations as may be necessary to carry out the purposes of this paragraph.
(g) Double deductions. Unless specifically provided otherwise, nothing in this Section shall permit the same item to be deducted more than once.

(h) Legislative intention. Except as expressly provided by this Section there shall be no modifications or limitations on the amounts of income, gain, loss or deduction taken into account in determining gross income, adjusted gross income or taxable income for federal income tax purposes for the taxable year, or in the amount of such items entering into the computation of base income and net income under this Act for such taxable year, whether in respect of property values as of August 1, 1969 or otherwise.

(1) for any taxable year ending prior to December 31, 1999, such loss shall be allowed as a carryover or carryback deduction in the manner allowed under Section 172 of the Internal Revenue Code;

(2) for any taxable year ending on or after December 31, 1999 and prior to December 31, 2003, such loss shall be allowed as a carryback to each of the 2 taxable years preceding the taxable year of such loss and shall be a net operating loss carryover to each of the 20 taxable years following the taxable year of such loss; and

(b) Any loss determined under subsection (a) of this Section must be carried back or carried forward in the same manner for purposes of subsections (a) and (b) of Section 201 of this Act as for purposes of subsections (c) and (d) of Section 201 of this Act.

The reduction required under this subsection (c) shall be made after the determination of Illinois net income for the taxable year in which the indebtedness is discharged.

Sec. 304. Business income of persons other than residents.

(a) In general. The business income of a person other than a resident shall be allocated to this State if such person's business income is
derived solely from this State. If a person other than a resident derives business income from this State and one or more other states, then, for tax years ending on or before December 30, 1998, and except as otherwise provided by this Section, such person's business income shall be apportioned to this State by multiplying the income by a fraction, the numerator of which is the sum of the property factor (if any), the payroll factor (if any) and 200% of the sales factor (if any), and the denominator of which is 4 reduced by the number of factors other than the sales factor which have a denominator of zero and by an additional 2 if the sales factor has a denominator of zero. For tax years ending on or after December 31, 1998, and except as otherwise provided by this Section, persons other than residents who derive business income from this State and one or more other states shall compute their apportionment factor by weighting their property, payroll, and sales factors as provided in subsection (h) of this Section.

(1) Property factor.

(A) The property factor is a fraction, the numerator of which is the average value of the person's real and tangible personal property owned or rented and used in the trade or business in this State during the taxable year and the denominator of which is the average value of all the person's real and tangible personal property owned or rented and used in the trade or business during the taxable year.

(B) Property owned by the person is valued at its original cost. Property rented by the person is valued at 8 times the net annual rental rate. Net annual rental rate is the annual rental rate paid by the person less any annual rental rate received by the person from sub-rentals.

(C) The average value of property shall be determined by averaging the values at the beginning and ending of the taxable year but the Director may require the averaging of monthly values during the taxable year if reasonably required to reflect properly the average value of the person's property.

(2) Payroll factor.

New matter indicated by italics - deletions by strikeout
(A) The payroll factor is a fraction, the numerator of which is the total amount paid in this State during the taxable year by the person for compensation, and the denominator of which is the total compensation paid everywhere during the taxable year.

(B) Compensation is paid in this State if:
   (i) The individual's service is performed entirely within this State;
   (ii) The individual's service is performed both within and without this State, but the service performed without this State is incidental to the individual's service performed within this State; or
   (iii) Some of the service is performed within this State and either the base of operations, or if there is no base of operations, the place from which the service is directed or controlled is within this State, or the base of operations or the place from which the service is directed or controlled is not in any state in which some part of the service is performed, but the individual's residence is in this State.
   (iv) Compensation paid to nonresident professional athletes.

   (a) General. The Illinois source income of a nonresident individual who is a member of a professional athletic team includes the portion of the individual's total compensation for services performed as a member of a professional athletic team during the taxable year which the number of duty days spent within this State performing services for the team in any manner during the taxable year bears to the total number of duty days spent both within and without this State during the taxable year.

   (b) Travel days. Travel days that do not involve either a game, practice, team meeting, or other similar team event are not considered duty days spent in this State. However, such travel days are considered in the total duty days spent both within and without this State.

(c) Definitions. For purposes of this subpart (iv):

1) The term "professional athletic team" includes, but is not limited to, any professional baseball, basketball, football, soccer, or hockey team.

2) The term "member of a professional athletic team" includes those employees who are active players, players on the disabled list, and any other persons required to travel and who travel with and perform services on behalf of a professional athletic team on a regular basis. This includes, but is not limited to, coaches, managers, and trainers.

3) Except as provided in items (C) and (D) of this subpart (3), the term "duty days" means all days during the taxable year from the beginning of the professional athletic team's official pre-season training period through the last game in which the team competes or is scheduled to compete. Duty days shall be counted for the year in which they occur, including where a team's official pre-season training period through the last game in which the team competes or is scheduled to compete, occurs during more than one tax year.

A) Duty days shall also include days on which a member of a professional athletic team performs service for a team on a date that does not fall within the foregoing period (e.g., participation in instructional leagues, the "All Star Game", or promotional "caravans"). Performing a service for a professional athletic team includes conducting training and rehabilitation activities, when such activities are conducted at team facilities.
(B) Also included in duty days are game days, practice days, days spent at team meetings, promotional caravans, preseason training camps, and days served with the team through all post-season games in which the team competes or is scheduled to compete.

(C) Duty days for any person who joins a team during the period from the beginning of the professional athletic team's official pre-season training period through the last game in which the team competes, or is scheduled to compete, shall begin on the day that person joins the team. Conversely, duty days for any person who leaves a team during this period shall end on the day that person leaves the team. Where a person switches teams during a taxable year, a separate duty-day calculation shall be made for the period the person was with each team.

(D) Days for which a member of a professional athletic team is not compensated and is not performing services for the team in any manner, including days when such member of a professional athletic team has been suspended without pay and prohibited from performing any services for the team, shall not be treated as duty days.

(E) Days for which a member of a professional athletic team is on the disabled list and does not conduct rehabilitation activities at facilities of the team, and is not otherwise performing services for the team

in Illinois, shall not be considered duty days spent in this State. All days on the disabled list, however, are considered to be included in total duty days spent both within and without this State.

(4) The term "total compensation for services performed as a member of a professional athletic team" means the total compensation received during the taxable year for services performed:

(A) from the beginning of the official pre-season training period through the last game in which the team competes or is scheduled to compete during that taxable year; and

(B) during the taxable year on a date which does not fall within the foregoing period (e.g., participation in instructional leagues, the "All Star Game", or promotional caravans).

This compensation shall include, but is not limited to, salaries, wages, bonuses as described in this subpart, and any other type of compensation paid during the taxable year to a member of a professional athletic team for services performed in that year. This compensation does not include strike benefits, severance pay, termination pay, contract or option year buy-out payments, expansion or relocation payments, or any other payments not related to services performed for the team.

For purposes of this subparagraph, "bonuses" included in "total compensation for services performed as a member of a professional athletic team" subject to the allocation described in

Section 302(c)(1) are: bonuses earned as a result of play (i.e., performance bonuses) during the season, including bonuses paid for championship, playoff or "bowl" games played by a team, or for selection to all-star league or other honorary positions; and bonuses paid for signing a contract, unless the payment of the signing bonus is not conditional upon the signee playing any games for the team or performing any subsequent services for the team or even making the team, the signing bonus is payable separately from the salary and any other compensation, and the signing bonus is nonrefundable.

(3) Sales factor.

(A) The sales factor is a fraction, the numerator of which is the total sales of the person in this State during the taxable year, and the denominator of which is the total sales of the person everywhere during the taxable year.

(B) Sales of tangible personal property are in this State if:

   (i) The property is delivered or shipped to a purchaser, other than the United States government, within this State regardless of the f. o. b. point or other conditions of the sale; or

   (ii) The property is shipped from an office, store, warehouse, factory or other place of storage in this State and either the purchaser is the United States government or the person is not taxable in the state of the purchaser; provided, however, that premises owned or leased by a person who has independently contracted with the seller for the printing of newspapers, periodicals or books shall not be deemed to be an office, store, warehouse, factory or other place of storage for purposes of this Section. Sales of tangible personal property are not in this State if the seller and purchaser would be members of the same unitary
business group but for the fact that either the seller or purchaser is a person with 80% or more of total business activity outside of the United States and the property is purchased for resale.

(B-1) Patents, copyrights, trademarks, and similar items of intangible personal property.

(i) Gross receipts from the licensing, sale, or other disposition of a patent, copyright, trademark, or similar item of intangible personal property are in this State to the extent the item is utilized in this State during the year the gross receipts are included in gross income.

(ii) Place of utilization.

(I) A patent is utilized in a state to the extent that it is employed in production, fabrication, manufacturing, or other processing in the state or to the extent that a patented product is produced in the state. If a patent is utilized in more than one state, the extent to which it is utilized in any one state shall be a fraction equal to the gross receipts of the licensee or purchaser from sales or leases of items produced, fabricated, manufactured, or processed within that state using the patent and of patented items produced within that state, divided by the total of such gross receipts for all states in which the patent is utilized.

(II) A copyright is utilized in a state to the extent that printing or other publication originates in the state. If a copyright is utilized in more than one state, the extent to which it is utilized in any one state shall be a fraction equal to the gross receipts from sales or licenses of materials printed or published in that state divided by the total of such gross receipts for all states in which the copyright is utilized.

(III) Trademarks and other items of intangible personal property governed by this paragraph (B-1) are utilized in the state in which the commercial domicile of the licensee or purchaser is located.

(iii) If the state of utilization of an item of property governed by this paragraph (B-1) cannot be determined from the taxpayer's books and records or from the books and records of any person related to the taxpayer within the meaning of Section 267(b) of the Internal Revenue Code, 26 U.S.C. 267, the gross receipts attributable to that item shall be excluded from both the numerator and the denominator of the sales factor.

(B-2) Gross receipts from the license, sale, or other disposition of patents, copyrights, trademarks, and similar items of intangible personal property may be included in the numerator or denominator of the sales factor only if gross receipts from licenses, sales, or other disposition of such items comprise more than 50% of the taxpayer's total gross receipts included in gross income during the tax year and during each of the 2 immediately preceding tax years; provided that, when a taxpayer is a member of a unitary business group, such determination shall be made on the basis of the gross receipts of the entire unitary business group.

(C) For taxable years ending before December 31, 2008, sales, other than sales governed by paragraphs (B), and (B-1), and (B-2), are in this State if:

(i) The income-producing activity is performed in this State; or

(ii) The income-producing activity is performed both within and without this State and a greater proportion of the income-producing activity is performed within this State than without this State, based on performance costs.

(C-5) For taxable years ending on or after December 31, 2008, sales, other than sales governed by paragraphs (B), (B-1),

and (B-2), are in this State if the purchaser is in this State or the sale is otherwise attributable to this State's marketplace. The following examples are illustrative:

(i) Sales from the sale or lease of real property are in this State if the property is located in this State.

(ii) Sales from the lease or rental of tangible personal property are in this State if the property is located in this State during the rental period. Sales from the lease or rental of tangible personal property that is characteristically moving property, including, but not limited to, motor vehicles, rolling stock, aircraft, vessels, or mobile equipment are in this State to the extent that the property is used in this State.

(iii) Sales of intangible personal property are in this State if the purchaser realizes benefit from the property in this State. If the purchaser realizes benefit from the property both within and without this State, the gross receipts from the sale shall be divided among those states in which the taxpayer is taxable in proportion to the benefit in each state. If the proportionate benefit in this State cannot be determined, the sale shall be excluded from both the numerator and the denominator of the sales factor.

(iv) Sales of services are in this State if the benefit of the service is realized in this State. If the benefit of the service is realized both within and without this State, the gross receipts from the sale shall be divided among those states in which the taxpayer is taxable in proportion to the benefit of service realized in each state. If the proportionate benefit in this State cannot be determined, the sale shall be excluded from both the numerator and the denominator of the sales factor. The Department may adopt rules prescribing where the benefit of specific types of service, including, but not limited to, telecommunications,
broadcast, cable, advertising, publishing, and utility service, is realized.

(D) For taxable years ending on or after December 31, 1995, the following items of income shall not be included in the numerator or denominator of the sales factor: dividends; amounts included under Section 78 of the Internal Revenue Code; and Subpart F income as defined in Section 952 of the Internal Revenue Code. No inference shall be drawn from the enactment of this paragraph (D) in construing this Section for taxable years ending before December 31, 1995.

(E) Paragraphs (B-1) and (B-2) shall apply to tax years ending on or after December 31, 1999, provided that a taxpayer may elect to apply the provisions of these paragraphs to prior tax years. Such election shall be made in the form and manner prescribed by the Department, shall be irrevocable, and shall apply to all tax years; provided that, if a taxpayer's Illinois income tax liability for any tax year, as assessed under Section 903 prior to January 1, 1999, was computed in a manner contrary to the provisions of paragraphs (B-1) or (B-2), no refund shall be payable to the taxpayer for that tax year to the extent such refund is the result of applying the provisions of paragraph (B-1) or (B-2) retroactively. In the case of a unitary business group, such election shall apply to all members of such group for every tax year such group is in existence, but shall not apply to any taxpayer for any period during which that taxpayer is not a member of such group.

(b) Insurance companies.

(1) In general. Except as otherwise provided by paragraph (2), business income of an insurance company for a taxable year shall be apportioned to this State by multiplying such income by a fraction, the numerator of which is the direct premiums written for insurance upon property or risk in this State, and the denominator of which is the direct premiums written for insurance upon property or risk everywhere. For purposes of this subsection, the term "direct premiums written" means the total amount of direct

New matter indicated by italics - deletions by strikeout
premiums written, assessments and annuity considerations as reported for the taxable year on the annual statement filed by the company with the Illinois Director of Insurance in the form approved by the National Convention of Insurance Commissioners or such other form as may be prescribed in lieu thereof.

(2) Reinsurance. If the principal source of premiums written by an insurance company consists of premiums for reinsurance accepted by it, the business income of such company shall be apportioned to this State by multiplying such income by a fraction, the numerator of which is the sum of (i) direct premiums written for insurance upon property or risk in this State, plus (ii) premiums written for reinsurance accepted in respect of property or risk in this State, and the denominator of which is the sum of (iii) direct premiums written for insurance upon property or risk everywhere, plus (iv) premiums written for reinsurance accepted in respect of property or risk everywhere. For taxable years ending before December 31, 2008, for purposes of this paragraph, premiums written for reinsurance accepted in respect of property or risk in this State, whether or not otherwise determinable, may, at the election of the company, be determined on the basis of the proportion which premiums written for reinsurance accepted from companies commercially domiciled in Illinois bears to premiums written for reinsurance accepted from all sources, or, alternatively, in the proportion which the sum of the direct premiums written for insurance upon property or risk in this State by each ceding company from which reinsurance is accepted bears to the sum of the total direct premiums written by each such ceding company for the taxable year.

(c) Financial organizations.

(1) In general. For taxable years ending before December 31, 2008, business income of a financial organization shall be apportioned to this State by multiplying such income by a fraction, the numerator of which is its business income from sources within this State, and the denominator of which is its
business income from all sources. For the purposes of this subsection, the business income of a financial organization from sources within this State is the sum of the amounts referred to in subparagraphs (A) through (E) following, but excluding the adjusted income of an international banking facility as determined in paragraph (2):

(A) Fees, commissions or other compensation for financial services rendered within this State;

(B) Gross profits from trading in stocks, bonds or other securities managed within this State;

(C) Dividends, and interest from Illinois customers, which are received within this State;

(D) Interest charged to customers at places of business maintained within this State for carrying debit balances of margin accounts, without deduction of any costs incurred in carrying such accounts; and

(E) Any other gross income resulting from the operation as a financial organization within this State. In computing the amounts referred to in paragraphs (A) through (E) of this subsection, any amount received by a member of an affiliated group (determined under Section 1504(a) of the Internal Revenue Code but without reference to whether any such corporation is an "includible corporation" under Section 1504(b) of the Internal Revenue Code) from another member of such group shall be included only to the extent such amount exceeds expenses of the recipient directly related thereto.

(2) International Banking Facility. For taxable years ending before December 31, 2008:

(A) Adjusted Income. The adjusted income of an international banking facility is its income reduced by the amount of the floor amount.

(B) Floor Amount. The floor amount shall be the amount, if any, determined by multiplying the income of
the international banking facility by a fraction, not greater than one, which is determined as follows:

(i) The numerator shall be:

The average aggregate, determined on a quarterly basis, of the financial organization's loans to banks in foreign countries, to foreign domiciled borrowers (except where secured primarily by real estate) and to foreign governments and other foreign official institutions, as reported for its branches, agencies and offices within the state on its "Consolidated Report of Condition", Schedule A, Lines 2.c., 5.b., and 7.a., which was filed with the Federal Deposit Insurance Corporation and other regulatory authorities, for the year 1980, minus

The average aggregate, determined on a quarterly basis, of such loans (other than loans of an international banking facility), as reported by the financial institution for its branches, agencies and offices within the state, on the corresponding Schedule and lines of the Consolidated Report of Condition for the current taxable year, provided, however, that in no case shall the amount determined in this clause (the subtrahend) exceed the amount determined in the preceding clause (the minuend); and

(ii) the denominator shall be the average aggregate, determined on a quarterly basis, of the international banking facility's loans to banks in foreign countries, to foreign domiciled borrowers (except where secured primarily by real estate) and to foreign governments and other foreign official institutions, which were recorded in its financial accounts for the current taxable year.

New matter indicated by italics - deletions by strikeout
(C) Change to Consolidated Report of Condition and in Qualification. In the event the Consolidated Report of Condition which is filed with the Federal Deposit Insurance Corporation and other regulatory authorities is altered so that the information required for determining the floor amount is not found on Schedule A, lines 2.c., 5.b. and 7.a., the financial institution shall notify the Department and the Department may, by regulations or otherwise, prescribe or authorize the use of an alternative source for such information. The financial institution shall also notify the Department should its international banking facility fail to qualify as such, in whole or in part, or should there be any amendment or change to the Consolidated Report of Condition, as originally filed, to the extent such amendment or change alters the information used in determining the floor amount.

(3) For taxable years ending on or after December 31, 2008, the business income of a financial organization shall be apportioned to this State by multiplying such income by a fraction, the numerator of which is its gross receipts from sources in this State or otherwise attributable to this State's marketplace and the denominator of which is its gross receipts everywhere during the taxable year. "Gross receipts" for purposes of this subparagraph (3) means gross income, including net taxable gain on disposition of assets, including securities and money market instruments, when derived from transactions and activities in the regular course of the financial organization's trade or business. If a person derives business income from activities in addition to the provision of financial services, this subparagraph (3) shall apply only to its business income from financial services, and its other business income shall be apportioned to this State under the applicable provisions of this Section. The following examples are illustrative:

(i) Receipts from the lease or rental of real or tangible personal property are in this State if the property
is located in this State during the rental period. Receipts from the lease or rental of tangible personal property that is characteristically moving property, including, but not limited to, motor vehicles, rolling stock, aircraft, vessels, or mobile equipment are from sources in this State to the extent that the property is used in this State.

(ii) Interest income, commissions, fees, gains on disposition, and other receipts from assets in the nature of loans that are secured primarily by real estate or tangible personal property are from sources in this State if the security is located in this State.

(iii) Interest income, commissions, fees, gains on disposition, and other receipts from consumer loans that are not secured by real or tangible personal property are from sources in this State if the debtor is a resident of this State.

(iv) Interest income, commissions, fees, gains on disposition, and other receipts from commercial loans and installment obligations that are not secured by real or tangible personal property are from sources in this State if the proceeds of the loan are to be applied in this State. If it cannot be determined where the funds are to be applied, the income and receipts are from sources in this State if the office of the borrower from which the loan was negotiated in the regular course of business is located in this State. If the location of this office cannot be determined, the income and receipts shall be excluded from the numerator and denominator of the sales factor.

(v) Interest income, fees, gains on disposition, service charges, merchant discount income, and other receipts from credit card receivables are from sources in this State if the card charges are regularly billed to a customer in this State.
(vi) Receipts from the performance of services, including, but not limited to, fiduciary, advisory, and brokerage services, are in this State if the benefit of the service is realized in this State. If the benefit of the service is realized both within and without this State, the gross receipts from the sale shall be divided among those states in which the taxpayer is taxable in proportion to the benefit of service realized in each state. If the proportionate benefit in this State cannot be determined, the sale shall be excluded from both the numerator and the denominator of the gross receipts factor.

(vii) Receipts from the issuance of travelers checks and money orders are from sources in this State if the checks and money orders are issued from a location within this State.

(viii) In the case of a financial organization that accepts deposits, receipts from investments and from money market instruments are apportioned to this State based on the ratio that the total deposits of the financial organization (including all members of the financial organization’s unitary group) from this State, its residents, (including businesses with an office or other place of business in this State), and its political subdivisions, agencies, and instrumentalities bear to total deposits everywhere. For purposes of this subdivision, deposits must be attributed to this State under the preceding sentence, whether or not the deposits are accepted or maintained by the financial organization at locations within this State. In the case of a financial organization that does not accept deposits, receipts from investments in securities and from money market instruments shall be excluded from the numerator and the denominator of the gross receipts factor.

(4) As used in subparagraph (3), “deposit” includes but is not limited to:

(i) the unpaid balance of money or its equivalent received or held by a financial institution in the usual course of business and for which it has given or is obligated to give credit, either conditionally or unconditionally, to a commercial, checking, savings, time, or thrift account whether or not advance notice is required to withdraw the credited funds, or which is evidenced by its certificate of deposit, thrift certificate, investment certificate, or certificate of indebtedness, or other similar name, or a check or draft drawn against a deposit account and certified by the financial organization, or a letter of credit or a traveler's check on which the financial organization is primarily liable. However, without limiting the generality of the term "money or its equivalent", any such account or instrument must be regarded as evidencing the receipt of the equivalent of money when credited or issued in exchange for checks or drafts or for a promissory note upon which the person obtaining the credit or instrument is primarily or secondarily liable, or for a charge against a deposit account, or in settlement of checks, drafts, or other instruments forwarded to the bank for collection;

(ii) trust funds received or held by the financial organization, whether held in the trust department or held or deposited in any other department of the financial organization;

(iii) money received or held by a financial organization, or the credit given for money or its equivalent received or held by a financial organization, in the usual course of business for a special or specific purpose, regardless of the legal relationship so established. Under this paragraph, "deposit" includes, but is not limited to, escrow funds, funds held as security for an obligation due to the financial organization or others, including funds held

as dealers reserves, or for securities loaned by the financial organization, funds deposited by a debtor to meet maturing obligations, funds deposited as advance payment on subscriptions to United States government securities, funds held for distribution or purchase of securities, funds held to meet its acceptances or letters of credit, and withheld taxes. It does not include funds received by the financial organization for immediate application to the reduction of an indebtedness to the receiving financial organization, or under condition that the receipt of the funds immediately reduces or extinguishes the indebtedness;

(iv) outstanding drafts, including advice of another financial organization, cashier’s checks, money orders, or other officer’s checks issued in the usual course of business for any purpose, but not including those issued in payment for services, dividends, or purchases or other costs or expenses of the financial organization itself; and

(v) money or its equivalent held as a credit balance by a financial organization on behalf of its customer if the entity is engaged in soliciting and holding such balances in the regular course of its business.

(5) As used in subparagraph (3), "money market instruments" includes but is not limited to:

(i) Interest-bearing deposits, federal funds sold and securities purchased under agreements to resell, commercial paper, banker's acceptances, and purchased certificates of deposit and similar instruments to the extent that the instruments are reflected as assets under generally accepted accounting principles.

"Securities" means corporate stock, bonds, and other securities (including, for purposes of taxation of gains on securities and for purchases under agreements to resell, United States Treasury securities, obligations of United States government agencies and corporations,

obligations of state and political subdivisions, the interest on which is exempt from Illinois income tax), participations in securities backed by mortgages held by United States or state government agencies, loan-backed securities, and similar investments to the extent the investments are reflected as assets under generally accepted accounting principles.

(ii) For purposes of subparagraph (3), "money market instruments" shall include investments in investment partnerships, trusts, pools, funds, investment companies, or any similar entity in proportion to the investment of the entity in money market instruments, and "securities" shall include investments in investment partnerships, trusts, pools, funds, investment companies, or any similar entity in proportion to the investment of the entity in securities.

(d) Transportation services. For taxable years ending before December 31, 2008, business income derived from furnishing transportation services shall be apportioned to this State in accordance with paragraphs (1) and (2):

(1) Such business income (other than that derived from transportation by pipeline) shall be apportioned to this State by multiplying such income by a fraction, the numerator of which is the revenue miles of the person in this State, and the denominator of which is the revenue miles of the person everywhere. For purposes of this paragraph, a revenue mile is the transportation of 1 passenger or 1 net ton of freight the distance of 1 mile for a consideration. Where a person is engaged in the transportation of both passengers and freight, the fraction above referred to shall be determined by means of an average of the passenger revenue mile fraction and the freight revenue mile fraction, weighted to reflect the person's relative railway operating income from total passenger and total freight service, as reported to the
Interstate Commerce Commission, in the case of transportation by railroad, and

(B) relative gross receipts from passenger and freight transportation, in case of transportation other than by railroad.

(2) Such business income derived from transportation by pipeline shall be apportioned to this State by multiplying such income by a fraction, the numerator of which is the revenue miles of the person in this State, and the denominator of which is the revenue miles of the person everywhere. For the purposes of this paragraph, a revenue mile is the transportation by pipeline of 1 barrel of oil, 1,000 cubic feet of gas, or of any specified quantity of any other substance, the distance of 1 mile for a consideration.

(3) For taxable years ending on or after December 31, 2008, business income derived from providing transportation services other than airline services shall be apportioned to this State by using a fraction, (a) the numerator of which shall be (i) all receipts from any movement or shipment of people, goods, mail, oil, gas, or any other substance (other than by airline) that both originates and terminates in this State, plus (ii) that portion of the person's gross receipts from movements or shipments of people, goods, mail, oil, gas, or any other substance (other than by airline) passing through, into, or out of this State, that is determined by the ratio that the miles traveled in this State bears to total miles from point of origin to point of destination and (b) the denominator of which shall be all revenue derived from the movement or shipment of people, goods, mail, oil, gas, or any other substance (other than by airline). If a person derives business income from activities in addition to the provision of transportation services (other than by airline), this subsection shall apply only to its business income from transportation services and its other business income shall be apportioned to this State according to the applicable provisions of this Section.
(4) For taxable years ending on or after December 31, 2008, business income derived from providing airline services shall be apportioned to this State by using a fraction, (a) the numerator of which shall be arrivals of aircraft to and departures from this State weighted as to cost of aircraft by type and (b) the denominator of which shall be total arrivals and departures of aircraft weighted as to cost of aircraft by type. If a person derives business income from activities in addition to the provision of airline services, this subsection shall apply only to its business income from airline services and its other business income shall be apportioned to this State under the applicable provisions of this Section.

(e) Combined apportionment. Where 2 or more persons are engaged in a unitary business as described in subsection (a)(27) of Section 1501, a part of which is conducted in this State by one or more members of the group, the business income attributable to this State by any such member or members shall be apportioned by means of the combined apportionment method.

(f) Alternative allocation. If the allocation and apportionment provisions of subsections (a) through (e) and of subsection (h) do not fairly represent the extent of a person's business activity in this State, the person may petition for, or the Director may, without a petition, permit or require, in respect of all or any part of the person's business activity, if reasonable:

(1) Separate accounting;
(2) The exclusion of any one or more factors;
(3) The inclusion of one or more additional factors which will fairly represent the person's business activities in this State; or
(4) The employment of any other method to effectuate an equitable allocation and apportionment of the person's business income.

(g) Cross reference. For allocation of business income by residents, see Section 301(a).

(h) For tax years ending on or after December 31, 1998, the apportionment factor of persons who apportion their business income to this State under subsection (a) shall be equal to:

(1) for tax years ending on or after December 31, 1998 and before December 31, 1999, 16 2/3% of the property factor plus 16 2/3% of the payroll factor plus 66 2/3% of the sales factor;

(2) for tax years ending on or after December 31, 1999 and before December 31, 2000, 8 1/3% of the property factor plus 8 1/3% of the payroll factor plus 83 1/3% of the sales factor;

(3) for tax years ending on or after December 31, 2000, the sales factor.

If, in any tax year ending on or after December 31, 1998 and before December 31, 2000, the denominator of the payroll, property, or sales factor is zero, the apportionment factor computed in paragraph (1) or (2) of this subsection for that year shall be divided by an amount equal to 100% minus the percentage weight given to each factor whose denominator is equal to zero.

(35 ILCS 5/502) (from Ch. 120, par. 5-502)
Sec. 502. Returns and notices.
(a) In general. A return with respect to the taxes imposed by this Act shall be made by every person for any taxable year:

(1) for which such person is liable for a tax imposed by this Act, or

(2) in the case of a resident or in the case of a corporation which is qualified to do business in this State, for which such person is required to make a federal income tax return, regardless of whether such person is liable for a tax imposed by this Act. However, this paragraph shall not require a resident to make a return if such person has an Illinois base income of the basic amount in Section 204(b) or less and is either claimed as a dependent on another person's tax return under the Internal Revenue Code of 1986, or is claimed as a dependent on another person's tax return under this Act.

Notwithstanding the provisions of paragraph (1), a nonresident whose Illinois income tax liability under subsections (a), (b), (c), and (d) of Section 201 of this Act is paid in full after taking into account the credits allowed under subsection (f) of this Section or allowed under Section 709.5 of this Act shall not be required to file a return under this subsection (a).

(b) Fiduciaries and receivers.

(1) Decedents. If an individual is deceased, any return or notice required of such individual under this Act shall be made by his executor, administrator, or other person charged with the property of such decedent.

(2) Individuals under a disability. If an individual is unable to make a return or notice required under this Act, the return or notice required of such individual shall be made by his duly authorized agent, guardian, fiduciary or other person charged with the care of the person or property of such individual.

(3) Estates and trusts. Returns or notices required of an estate or a trust shall be made by the fiduciary thereof.

(4) Receivers, trustees and assignees for corporations. In a case where a receiver, trustee in bankruptcy, or assignee, by order of a court of competent jurisdiction, by operation of law, or otherwise, has possession of or holds title to all or substantially all the property or business of a corporation, whether or not such property or business is being operated, such receiver, trustee, or assignee shall make the returns and notices required of such corporation in the same manner and form as corporations are required to make such returns and notices.

(c) Joint returns by husband and wife.

(1) Except as provided in paragraph (3), if a husband and wife file a joint federal income tax return for a taxable year they shall file a joint return under this Act for such taxable year and their liabilities shall be joint and several, but if the federal income tax liability of either spouse is determined on a separate federal income tax return, they shall file separate returns under this Act.
(2) If neither spouse is required to file a federal income tax return and either or both are required to file a return under this Act, they may elect to file separate or joint returns and pursuant to such election their liabilities shall be separate or joint and several.

(3) If either husband or wife is a resident and the other is a nonresident, they shall file separate returns in this State on such forms as may be required by the Department in which event their tax liabilities shall be separate; but they may elect to determine their joint net income and file a joint return as if both were residents and in such case, their liabilities shall be joint and several.

(4) Innocent spouses.

(A) However, for tax liabilities arising and paid prior to August 13, 1999, an innocent spouse shall be relieved of liability for tax (including interest and penalties) for any taxable year for which a joint return has been made, upon submission of proof that the Internal Revenue Service has made a determination under Section 6013(e) of the Internal Revenue Code, for the same taxable year, which determination relieved the spouse from liability for federal income taxes. If there is no federal income tax liability at issue for the same taxable year, the Department shall rely on the provisions of Section 6013(e) to determine whether the person requesting innocent spouse abatement of tax, penalty, and interest is entitled to that relief.

(B) For tax liabilities arising on and after August 13, 1999 or which arose prior to that date, but remain unpaid as of that date, if an individual who filed a joint return for any taxable year has made an election under this paragraph, the individual's liability for any tax shown on the joint return shall not exceed the individual's separate return amount and the individual's liability for any deficiency assessed for that taxable year shall not exceed

the portion of the deficiency properly allocable to the individual. For purposes of this paragraph:

(i) An election properly made pursuant to Section 6015 of the Internal Revenue Code shall constitute an election under this paragraph, provided that the election shall not be effective until the individual has notified the Department of the election in the form and manner prescribed by the Department.

(ii) If no election has been made under Section 6015, the individual may make an election under this paragraph in the form and manner prescribed by the Department, provided that no election may be made if the Department finds that assets were transferred between individuals filing a joint return as part of a scheme by such individuals to avoid payment of Illinois income tax and the election shall not eliminate the individual's liability for any portion of a deficiency attributable to an error on the return of which the individual had actual knowledge as of the date of filing.

(iii) In determining the separate return amount or portion of any deficiency attributable to an individual, the Department shall follow the provisions in subsections (c) and (d) of Section 6015 of the Internal Revenue Code.

(iv) In determining the validity of an individual's election under subparagraph (ii) and in determining an electing individual's separate return amount or portion of any deficiency under subparagraph (iii), any determination made by the Secretary of the Treasury, by the United States Tax Court on petition for review of a determination by the Secretary of the Treasury, or on appeal from the

With respect to any item that is not the subject of a determination by the Secretary of the Treasury or the federal courts, in any proceeding involving this subsection, the individual making the election shall have the burden of proof with respect to any item except that the Department shall have the burden of proof with respect to items in subdivision (ii).

(v) Any election made by an individual under this subsection shall apply to all years for which that individual and the spouse named in the election have filed a joint return.

(vi) After receiving a notice that the federal election has been made or after receiving an election under subdivision (ii), the Department shall take no collection action against the electing individual for any liability arising from a joint return covered by the election until the Department has notified the electing individual in writing that the election is invalid or of the portion of the liability the Department has allocated to the electing individual. Department under the provisions of Section 908. If a protest is filed, the Department shall take no collection action against the electing individual until the decision regarding the protest has become final under subsection (d) of Section 908 or, if administrative review of the Department's decision is requested under Section 1201, until the decision of the court becomes final.

(d) Partnerships. Every partnership having any base income allocable to this State in accordance with section 305(c) shall retain information concerning all items of income, gain, loss and deduction; the names and addresses of all of the partners, or names and addresses of members of a limited liability company, or other persons who would be entitled to share in the base income of the partnership if distributed; the amount of the distributive share of each; and such other pertinent information as the Department may by forms or regulations prescribe. For taxable years ending on or after December 31, 1987, corporate members (other than Subchapter S corporations) of the same unitary business group making this subsection (e) election are not required to have the same taxable year.

The Department may by regulation also permit such composite returns to include the income tax owed by Illinois residents attributable to their income from partnerships, Subchapter S corporations, insurance businesses organized under a Lloyds plan of operation, or limited liability companies that are treated as partnership under Section 1501(a)(16) of this Act, in which case such Illinois residents will be permitted to claim credits on their individual returns for their shares of the composite tax payments. This paragraph of subsection (f) applies to taxable years ending on or after December 31, 1987.

For taxable years ending on or after December 31, 1999, the Department may, by regulation, also permit any persons transacting an insurance business organized under a Lloyds plan of operation to file composite returns reflecting the income of such persons allocable to Illinois and the tax rates applicable to such persons under Section 201 and to make composite tax payments and shall, by regulation, also provide that the income and apportionment factors attributable to the transaction of an insurance business organized under a Lloyds plan of operation by any person joining in the filing of a composite return shall, for purposes of allocating and apportioning income under Article 3 of this Act and computing net income under Section 202 of this Act, be excluded from any other income and apportionment factors of that person or of any

(g) The Department may adopt rules to authorize the electronic filing of any return required to be filed under this Section.

(b) Federal changes.

(1) In general. (2) Tentative carryback adjustments paid before January 1, 1974. If, as the result of the payment before January 1, 1974 of a federal tentative carryback adjustment, a notification of an alteration is required under Section 506(b), a claim for refund may be filed at any time before January 1, 1976, but the amount recoverable pursuant to a claim filed under this Section shall be limited to the amount of any overpayment resulting under this Act from recomputation of the taxpayer's base income for the taxable year after giving effect to the federal alteration resulting from the tentative carryback adjustment irrespective of any limitation imposed in paragraph (l) of this subsection.

The period so agreed upon may be extended by subsequent agreements in writing made before the expiration of the period previously agreed upon. beneficiaries of the taxpayer at any time prior to the expiration of the period agreed upon. Any refund allowed pursuant to the claim, however, shall be limited to the amount of any overpayment of tax due under this Act that results from recomputation of items of income, deduction, credits, or other amounts of the taxpayer that are taken into account by the partner, shareholder, or beneficiary in computing its liability under this Act.

(d) Limit on amount of credit or refund.

(1) Limit where claim filed within 3-year period. If the claim was filed by the claimant during the 3-year period prescribed in subsection (a), the amount of the credit or refund shall not exceed the portion of the tax paid within the period, immediately preceding the filing of the claim, equal to 3 years plus the period of any extension of time for filing the return.

(g) Special Period of Limitation with Respect to Net Loss Carrybacks. If the claim for refund relates to an overpayment attributable to a net loss carryback as provided by Section 207, in lieu of the 3 year period of limitation prescribed in subsection (a), the period shall be that
period which ends 3 years after the time prescribed by law for filing the return (including extensions thereof) for the taxable year of the net loss which results in such carryback (or, on and after August 13, 1999, with respect to a change in the carryover of an Article 2 credit to a taxable year resulting from the carryback of a Section 207 loss incurred in a taxable year beginning on or after January 1, 2000, the period shall be that period that ends 3 years after the time prescribed by law for filing the return (including extensions of that time) for that subsequent taxable year), or the period prescribed in subsection (c) in respect of such taxable year, whichever expires later. In the case of such a claim, the amount of the refund may exceed the portion of the tax paid within the period provided in subsection (d) to the extent of the amount of the overpayment attributable to such carryback. On and after August 13, 1999, if the claim for refund relates to an overpayment attributable to the carryover of an Article 2 credit, or of a Section 207 loss, earned, incurred (in a taxable year beginning on or after January 1, 2000), or used in a year for which a notification of a change affecting federal taxable income must be filed under subsection (b) of Section 506, the claim may be filed within the period prescribed in paragraph (1) of subsection (b) in respect of the year for which the notification is required. In the case of such a claim, the amount of the refund may exceed the portion of the tax paid within the period provided in subsection (d) to the extent of the amount of the overpayment attributable to the recomputation of the taxpayer's Article 2 credits, or Section 207 loss, earned, incurred, or used in the taxable year for which the notification is given.

which no return was filed within 3 years of the due date (including extensions) of the return for the loss year.

(a) the corporation must be a member of an "affiliated group" within the meaning of Section 1504(a) of the Internal Revenue Code, determined without regard to Section 1504(b) of the Internal Revenue Code;

The "limitation amount" for a corporation is the average outstanding balances during the taxable year of customer receivables (within the meaning of item (i)) originated by all members of the affiliated group. If the average outstanding balances of the loans made by a corporation to members of its affiliated group exceed the limitation amount, the interest income of that corporation from qualifying loans shall be equal to its interest income from loans to members of its affiliated groups times a fraction equal to the limitation amount divided by the average outstanding balances.

   (d) more than 50% of all interest-bearing obligations of the affiliated group payable to persons outside the group determined in accordance with generally accepted accounting principles must be obligations of the corporation.

Proposed Regulations issued by the Department of Revenue
on July 19, 1996, may irrevocably elect to apply the
Proposed Regulations for all of those years as though the

applies only to the taxpayer making the election and to
those members of the taxpayer's unitary business group
who are ordinarily required to apportion business income

The term "partnership" includes any entity, including a limited liability company formed under the Illinois Limited Liability Company Act, classified as a partnership for federal income tax purposes.

(iii) prepare as a fiduciary returns or claims for refunds for any person; or

(27) Unitary business group. The term "unitary business group" means a group of persons related through common ownership whose business activities are integrated with, dependent upon and contribute to each other. The group will not include those members whose business activity outside the United States is 80% or more of any such member's total business activity; for purposes of this paragraph and clause (a)(3)(B)(ii) of Section 304, business activity within the United States shall be measured by means of the factors ordinarily applicable under subsections (a), (b), (c), (d), or (h) of Section 304 except that, in the case of members ordinarily required to apportion business income by means of the 3 factor formula of property, payroll and sales specified in subsection (a) of Section 304, including the formula as weighted in subsection (h) of Section 304, such members shall not use the sales factor in the computation and the results of the property and payroll factor computations of subsection (a) of Section 304 shall be divided by 2 (by one if either the property or payroll factor has a denominator of zero). The computation required by the preceding sentence shall, in each case, involve the division of the member's property, payroll, or revenue miles in the United States, insurance premiums on property or risk in the United States, or financial organization.
business income from sources within the United States, as the case may be, by the respective worldwide figures for such items. Common ownership in the case of corporations is the direct or indirect control or ownership of more than 50% of the outstanding voting stock of the persons carrying on unitary business activity. Unitary business activity can ordinarily be illustrated where the activities of the members are: (1) in the same general line (such as manufacturing, wholesaling, retailing of tangible personal property, insurance, transportation or finance); or (2) are steps in a vertically structured enterprise or process (such as the steps involved in the production of natural resources, which might include exploration, mining, refining, and marketing); and, in either instance, the members are functionally integrated through the exercise of strong centralized management (where, for example, authority over such matters as purchasing, financing, tax compliance, product line, personnel, marketing and capital investment is not left to each member). In no event, however, will any unitary business group include members which are ordinarily required to apportion business income under different subsections of Section 304 except that for tax years ending on or after December 31, 1987 this prohibition shall not apply to a unitary business group composed of one or more taxpayers all of which apportion business income pursuant to subsection (b) of Section 304, or all of which apportion business income pursuant to subsection (d) of Section 304, and a holding company of such single-factor taxpayers (see definition of "financial organization" for rule regarding holding companies of financial organizations). If a unitary business group would, but for the preceding sentence, include members that are ordinarily required to apportion business income under different subsections of Section 304, then for each subsection of Section 304 for which there are two or more members, there shall be a separate unitary business group composed of such members. For purposes of the preceding two sentences, a member is "ordinarily required to apportion business income" under a particular subsection of
Section 304 if it would be required to use the apportionment method prescribed by such subsection except for the fact that it derives business income solely from Illinois. As used in this paragraph, the phrase "United States" means only the 50 states and the District of Columbia, but does not include any territory or possession of the United States or any area over which the United States has asserted jurisdiction or claimed exclusive rights with respect to the exploration for or exploitation of natural resources.

If the unitary business group members' accounting periods differ, the common parent's accounting period or, if there is no common parent, the accounting period of the member that is expected to have, on a recurring basis, the greatest Illinois income tax liability must be used to determine whether to use the apportionment method provided in subsection (a) or subsection (h) of Section 304. The prohibition against membership in a unitary business group for taxpayers ordinarily required to apportion income under different subsections of Section 304 does not apply to taxpayers required to apportion income under subsection (a) and subsection (h) of Section 304. The provisions of this amendatory Act of 1998 apply to tax years ending on or after December 31, 1998.

(28) Subchapter S corporation. The term "Subchapter S corporation" means a corporation for which there is in effect an election under Section 1362 of the Internal Revenue Code, or for which there is a federal election to opt out of the provisions of the Subchapter S Revision Act of 1982 and have applied instead the prior federal Subchapter S rules as in effect on July 1, 1982.

(30) Foreign person. The term "foreign person" means any person who is a nonresident alien individual and any nonindividual entity, regardless of where created or organized, whose business activity outside the United States is 80% or more of the entity's total business activity.

AN ACT concerning orders of protection.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

New matter indicated by italics - deletions by strikeout
Section 5. The Code of Criminal Procedure of 1963 is amended by changing Section 112A-14 as follows:

(725 ILCS 5/112A-14) (from Ch. 38, par. 112A-14)

Sec. 112A-14. Order of protection; remedies.

(a) Issuance of order. If the court finds that petitioner has been abused by a family or household member, as defined in this Article, an order of protection prohibiting such abuse shall issue; provided that petitioner must also satisfy the requirements of one of the following Sections, as appropriate: Section 112A-17 on emergency orders, Section 112A-18 on interim orders, or Section 112A-19 on plenary orders. Petitioner shall not be denied an order of protection because petitioner or respondent is a minor. The court, when determining whether or not to issue an order of protection, shall not require physical manifestations of abuse on the person of the victim. Modification and extension of prior orders of protection shall be in accordance with this Article.

(b) Remedies and standards. The remedies to be included in an order of protection shall be determined in accordance with this Section and one of the following Sections, as appropriate: Section 112A-17 on emergency orders, Section 112A-18 on interim orders, and Section 112A-19 on plenary orders. The remedies listed in this subsection shall be in addition to other civil or criminal remedies available to petitioner.

(1) Prohibition of abuse. Prohibit respondent's harassment, interference with personal liberty, intimidation of a dependent, physical abuse or willful deprivation, as defined in this Article, if such abuse has occurred or otherwise appears likely to occur if not prohibited.

(2) Grant of exclusive possession of residence. Prohibit respondent from entering or remaining in any residence or household of the petitioner, including one owned or leased by respondent, if petitioner has a right to occupancy thereof. The grant of exclusive possession of the residence shall not affect title to real property, nor shall the court be limited by the standard set forth in Section 701 of the Illinois Marriage and Dissolution of Marriage Act.

New matter indicated by italics - deletions by strikeout
(A) Right to occupancy. A party has a right to occupancy of a residence or household if it is solely or jointly owned or leased by that party, that party's spouse, a person with a legal duty to support that party or a minor child in that party's care, or by any person or entity other than the opposing party that authorizes that party's occupancy (e.g., a domestic violence shelter). Standards set forth in subparagraph (B) shall not preclude equitable relief.

(B) Presumption of hardships. If petitioner and respondent each has the right to occupancy of a residence or household, the court shall balance (i) the hardships to respondent and any minor child or dependent adult in respondent's care resulting from entry of this remedy with (ii) the hardships to petitioner and any minor child or dependent adult in petitioner's care resulting from continued exposure to the risk of abuse (should petitioner remain at the residence or household) or from loss of possession of the residence or household (should petitioner leave to avoid the risk of abuse). When determining the balance of hardships, the court shall also take into account the accessibility of the residence or household. Hardships need not be balanced if respondent does not have a right to occupancy.

The balance of hardships is presumed to favor possession by petitioner unless the presumption is rebutted by a preponderance of the evidence, showing that the hardships to respondent substantially outweigh the hardships to petitioner and any minor child or dependent adult in petitioner's care. The court, on the request of petitioner or on its own motion, may order respondent to provide suitable, accessible, alternate housing for petitioner instead of excluding respondent from a mutual residence or household.
(3) Stay away order and additional prohibitions. Order respondent to stay away from petitioner or any other person protected by the order of protection, or prohibit respondent from entering or remaining present at petitioner's school, place of employment, or other specified places at times when petitioner is present, or both, if reasonable, given the balance of hardships. Hardships need not be balanced for the court to enter a stay away order or prohibit entry if respondent has no right to enter the premises.

If an order of protection grants petitioner exclusive possession of the residence, or prohibits respondent from entering the residence, or orders respondent to stay away from petitioner or other protected persons, then the court may allow respondent access to the residence to remove items of clothing and personal adornment used exclusively by respondent, medications, and other items as the court directs. The right to access shall be exercised on only one occasion as the court directs and in the presence of an agreed-upon adult third party or law enforcement officer.

(4) Counseling. Require or recommend the respondent to undergo counseling for a specified duration with a social worker, psychologist, clinical psychologist, psychiatrist, family service agency, alcohol or substance abuse program, mental health center guidance counselor, agency providing services to elders, program designed for domestic violence abusers or any other guidance service the court deems appropriate.

(5) Physical care and possession of the minor child. In order to protect the minor child from abuse, neglect, or unwarranted separation from the person who has been the minor child's primary caretaker, or to otherwise protect the well-being of the minor child, the court may do either or both of the following: (i) grant petitioner physical care or possession of the minor child, or both, or (ii) order respondent to return a minor child to, or not remove a minor child from, the physical care of a parent or person in loco parentis.
If a court finds, after a hearing, that respondent has committed abuse (as defined in Section 112A-3) of a minor child, there shall be a rebuttable presumption that awarding physical care to respondent would not be in the minor child's best interest.

(6) Temporary legal custody. Award temporary legal custody to petitioner in accordance with this Section, the Illinois Marriage and Dissolution of Marriage Act, the Illinois Parentage Act of 1984, and this State's Uniform Child-Custody Jurisdiction and Enforcement Act.

If a court finds, after a hearing, that respondent has committed abuse (as defined in Section 112A-3) of a minor child, there shall be a rebuttable presumption that awarding temporary legal custody to respondent would not be in the child's best interest.

(7) Visitation. Determine the visitation rights, if any, of respondent in any case in which the court awards physical care or temporary legal custody of a minor child to petitioner. The court shall restrict or deny respondent's visitation with a minor child if the court finds that respondent has done or is likely to do any of the following: (i) abuse or endanger the minor child during visitation; (ii) use the visitation as an opportunity to abuse or harass petitioner or petitioner's family or household members; (iii) improperly conceal or detain the minor child; or (iv) otherwise act in a manner that is not in the best interests of the minor child. The court shall not be limited by the standards set forth in Section 607.1 of the Illinois Marriage and Dissolution of Marriage Act. If the court grants visitation, the order shall specify dates and times for the visitation to take place or other specific parameters or conditions that are appropriate. No order for visitation shall refer merely to the term "reasonable visitation".

Petitioner may deny respondent access to the minor child if, when respondent arrives for visitation, respondent is under the influence of drugs or alcohol and constitutes a threat to the safety and well-being of petitioner or petitioner's minor children or is behaving in a violent or abusive manner.

New matter indicated by italics - deletions by strikeout
If necessary to protect any member of petitioner's family or household from future abuse, respondent shall be prohibited from coming to petitioner's residence to meet the minor child for visitation, and the parties shall submit to the court their recommendations for reasonable alternative arrangements for visitation. A person may be approved to supervise visitation only after filing an affidavit accepting that responsibility and acknowledging accountability to the court.

(8) Removal or concealment of minor child. Prohibit respondent from removing a minor child from the State or concealing the child within the State.

(9) Order to appear. Order the respondent to appear in court, alone or with a minor child, to prevent abuse, neglect, removal or concealment of the child, to return the child to the custody or care of the petitioner or to permit any court-ordered interview or examination of the child or the respondent.

(10) Possession of personal property. Grant petitioner exclusive possession of personal property and, if respondent has possession or control, direct respondent to promptly make it available to petitioner, if:

(i) petitioner, but not respondent, owns the property;

or

(ii) the parties own the property jointly; sharing it would risk abuse of petitioner by respondent or is impracticable; and the balance of hardships favors temporary possession by petitioner.

If petitioner's sole claim to ownership of the property is that it is marital property, the court may award petitioner temporary possession thereof under the standards of subparagraph (ii) of this paragraph only if a proper proceeding has been filed under the Illinois Marriage and Dissolution of Marriage Act, as now or hereafter amended.

No order under this provision shall affect title to property.

New matter indicated by italics - deletions by strikeout
(11) Protection of property. Forbid the respondent from taking, transferring, encumbering, concealing, damaging or otherwise disposing of any real or personal property, except as explicitly authorized by the court, if:

(i) petitioner, but not respondent, owns the property;

or

(ii) the parties own the property jointly, and the balance of hardships favors granting this remedy.

If petitioner's sole claim to ownership of the property is that it is marital property, the court may grant petitioner relief under subparagraph (ii) of this paragraph only if a proper proceeding has been filed under the Illinois Marriage and Dissolution of Marriage Act, as now or hereafter amended.

The court may further prohibit respondent from improperly using the financial or other resources of an aged member of the family or household for the profit or advantage of respondent or of any other person.

(11.5) Protection of animals. Grant the petitioner the exclusive care, custody, or control of any animal owned, possessed, leased, kept, or held by either the petitioner or the respondent or a minor child residing in the residence or household of either the petitioner or the respondent and order the respondent to stay away from the animal and forbid the respondent from taking, transferring, encumbering, concealing, harming, or otherwise disposing of the animal.

(12) Order for payment of support. Order respondent to pay temporary support for the petitioner or any child in the petitioner's care or custody, when the respondent has a legal obligation to support that person, in accordance with the Illinois Marriage and Dissolution of Marriage Act, which shall govern, among other matters, the amount of support, payment through the clerk and withholding of income to secure payment. An order for child support may be granted to a petitioner with lawful physical care or custody of a child, or an order or agreement for physical care or

New matter indicated by italics - deletions by strikeout
custody, prior to entry of an order for legal custody. Such a support order shall expire upon entry of a valid order granting legal custody to another, unless otherwise provided in the custody order.

(13) Order for payment of losses. Order respondent to pay petitioner for losses suffered as a direct result of the abuse. Such losses shall include, but not be limited to, medical expenses, lost earnings or other support, repair or replacement of property damaged or taken, reasonable attorney's fees, court costs and moving or other travel expenses, including additional reasonable expenses for temporary shelter and restaurant meals.

(i) Losses affecting family needs. If a party is entitled to seek maintenance, child support or property distribution from the other party under the Illinois Marriage and Dissolution of Marriage Act, as now or hereafter amended, the court may order respondent to reimburse petitioner's actual losses, to the extent that such reimbursement would be "appropriate temporary relief", as authorized by subsection (a)(3) of Section 501 of that Act.

(ii) Recovery of expenses. In the case of an improper concealment or removal of a minor child, the court may order respondent to pay the reasonable expenses incurred or to be incurred in the search for and recovery of the minor child, including but not limited to legal fees, court costs, private investigator fees, and travel costs.

(14) Prohibition of entry. Prohibit the respondent from entering or remaining in the residence or household while the respondent is under the influence of alcohol or drugs and constitutes a threat to the safety and well-being of the petitioner or the petitioner's children.

(14.5) Prohibition of firearm possession. (a) When a complaint is made under a request for an order of protection, that the respondent has threatened or is likely to use firearms illegally against the petitioner, and the respondent is present in court, or has failed to appear after receiving actual notice, the court shall

New matter indicated by italics - deletions by strikeout
examine on oath the petitioner, and any witnesses who may be produced. If the court is satisfied that there is any danger of the illegal use of firearms, it shall include in the order of protection the requirement that any firearms in the possession of the respondent, except as provided in subsection (b), be turned over to the local law enforcement agency for safekeeping. If the respondent fails to appear, or refuses or fails to surrender his or her firearms, the court shall issue a warrant for seizure of any firearm in the possession of the respondent. The period of safekeeping shall be for a stated period of time not to exceed 2 years. The firearm or firearms shall be returned to the respondent at the end of the stated period or at expiration of the order of protection, whichever is sooner. (b) If the respondent is a peace officer as defined in Section 2-13 of the Criminal Code of 1961, the court shall order that any firearms used by the respondent in the performance of his or her duties as a peace officer be surrendered to the chief law enforcement executive of the agency in which the respondent is employed, who shall retain the firearms for safekeeping for the stated period not to exceed 2 years as set forth in the court order.

(15) Prohibition of access to records. If an order of protection prohibits respondent from having contact with the minor child, or if petitioner's address is omitted under subsection (b) of Section 112A-5, or if necessary to prevent abuse or wrongful removal or concealment of a minor child, the order shall deny respondent access to, and prohibit respondent from inspecting, obtaining, or attempting to inspect or obtain, school or any other records of the minor child who is in the care of petitioner.

(16) Order for payment of shelter services. Order respondent to reimburse a shelter providing temporary housing and counseling services to the petitioner for the cost of the services, as certified by the shelter and deemed reasonable by the court.

(17) Order for injunctive relief. Enter injunctive relief necessary or appropriate to prevent further abuse of a family or household member or to effectuate one of the granted remedies, if
supported by the balance of hardships. If the harm to be prevented by the injunction is abuse or any other harm that one of the remedies listed in paragraphs (1) through (16) of this subsection is designed to prevent, no further evidence is necessary to establish that the harm is an irreparable injury.

(c) Relevant factors; findings.

(1) In determining whether to grant a specific remedy, other than payment of support, the court shall consider relevant factors, including but not limited to the following:

(i) the nature, frequency, severity, pattern and consequences of the respondent's past abuse of the petitioner or any family or household member, including the concealment of his or her location in order to evade service of process or notice, and the likelihood of danger of future abuse to petitioner or any member of petitioner's or respondent's family or household; and

(ii) the danger that any minor child will be abused or neglected or improperly removed from the jurisdiction, improperly concealed within the State or improperly separated from the child's primary caretaker.

(2) In comparing relative hardships resulting to the parties from loss of possession of the family home, the court shall consider relevant factors, including but not limited to the following:

(i) availability, accessibility, cost, safety, adequacy, location and other characteristics of alternate housing for each party and any minor child or dependent adult in the party's care;

(ii) the effect on the party's employment; and

(iii) the effect on the relationship of the party, and any minor child or dependent adult in the party's care, to family, school, church and community.

(3) Subject to the exceptions set forth in paragraph (4) of this subsection, the court shall make its findings in an official
record or in writing, and shall at a minimum set forth the following:

(i) That the court has considered the applicable relevant factors described in paragraphs (1) and (2) of this subsection.

(ii) Whether the conduct or actions of respondent, unless prohibited, will likely cause irreparable harm or continued abuse.

(iii) Whether it is necessary to grant the requested relief in order to protect petitioner or other alleged abused persons.

(4) For purposes of issuing an ex parte emergency order of protection, the court, as an alternative to or as a supplement to making the findings described in paragraphs (c)(3)(i) through (c)(3)(iii) of this subsection, may use the following procedure:

When a verified petition for an emergency order of protection in accordance with the requirements of Sections 112A-5 and 112A-17 is presented to the court, the court shall examine petitioner on oath or affirmation. An emergency order of protection shall be issued by the court if it appears from the contents of the petition and the examination of petitioner that the averments are sufficient to indicate abuse by respondent and to support the granting of relief under the issuance of the emergency order of protection.

(5) Never married parties. No rights or responsibilities for a minor child born outside of marriage attach to a putative father until a father and child relationship has been established under the Illinois Parentage Act of 1984. Absent such an adjudication, no putative father shall be granted temporary custody of the minor child, visitation with the minor child, or physical care and possession of the minor child, nor shall an order of payment for support of the minor child be entered.

(d) Balance of hardships; findings. If the court finds that the balance of hardships does not support the granting of a remedy governed
by paragraph (2), (3), (10), (11), or (16) of subsection (b) of this Section, which may require such balancing, the court's findings shall so indicate and shall include a finding as to whether granting the remedy will result in hardship to respondent that would substantially outweigh the hardship to petitioner from denial of the remedy. The findings shall be an official record or in writing.

(e) Denial of remedies. Denial of any remedy shall not be based, in whole or in part, on evidence that:

(1) Respondent has cause for any use of force, unless that cause satisfies the standards for justifiable use of force provided by Article VII of the Criminal Code of 1961;

(2) Respondent was voluntarily intoxicated;

(3) Petitioner acted in self-defense or defense of another, provided that, if petitioner utilized force, such force was justifiable under Article VII of the Criminal Code of 1961;

(4) Petitioner did not act in self-defense or defense of another;

(5) Petitioner left the residence or household to avoid further abuse by respondent;

(6) Petitioner did not leave the residence or household to avoid further abuse by respondent;

(7) Conduct by any family or household member excused the abuse by respondent, unless that same conduct would have excused such abuse if the parties had not been family or household members.

Section 10. The Illinois Domestic Violence Act of 1986 is amended by changing Section 214 as follows:

(750 ILCS 60/214) (from Ch. 40, par. 2312-14)
Sec. 214. Order of protection; remedies.
(a) Issuance of order. If the court finds that petitioner has been abused by a family or household member or that petitioner is a high-risk adult who has been abused, neglected, or exploited, as defined in this Act, an order of protection prohibiting the abuse, neglect, or exploitation shall

New matter indicated by italics - deletions by strikeout
issue; provided that petitioner must also satisfy the requirements of one of the following Sections, as appropriate: Section 217 on emergency orders, Section 218 on interim orders, or Section 219 on plenary orders. Petitioner shall not be denied an order of protection because petitioner or respondent is a minor. The court, when determining whether or not to issue an order of protection, shall not require physical manifestations of abuse on the person of the victim. Modification and extension of prior orders of protection shall be in accordance with this Act.

(b) Remedies and standards. The remedies to be included in an order of protection shall be determined in accordance with this Section and one of the following Sections, as appropriate: Section 217 on emergency orders, Section 218 on interim orders, and Section 219 on plenary orders. The remedies listed in this subsection shall be in addition to other civil or criminal remedies available to petitioner.

(1) Prohibition of abuse, neglect, or exploitation. Prohibit respondent's harassment, interference with personal liberty, intimidation of a dependent, physical abuse, or willful deprivation, neglect or exploitation, as defined in this Act, or stalking of the petitioner, as defined in Section 12-7.3 of the Criminal Code of 1961, if such abuse, neglect, exploitation, or stalking has occurred or otherwise appears likely to occur if not prohibited.

(2) Grant of exclusive possession of residence. Prohibit respondent from entering or remaining in any residence or household of the petitioner, including one owned or leased by respondent, if petitioner has a right to occupancy thereof. The grant of exclusive possession of the residence shall not affect title to real property, nor shall the court be limited by the standard set forth in Section 701 of the Illinois Marriage and Dissolution of Marriage Act.

(A) Right to occupancy. A party has a right to occupancy of a residence or household if it is solely or jointly owned or leased by that party, that party's spouse, a person with a legal duty to support that party or a minor child in that party's care, or by any person or entity other

New matter indicated by italics - deletions by strikeout
than the opposing party that authorizes that party's occupancy (e.g., a domestic violence shelter). Standards set forth in subparagraph (B) shall not preclude equitable relief.

(B) Presumption of hardships. If petitioner and respondent each has the right to occupancy of a residence or household, the court shall balance (i) the hardships to respondent and any minor child or dependent adult in respondent's care resulting from entry of this remedy with (ii) the hardships to petitioner and any minor child or dependent adult in petitioner's care resulting from continued exposure to the risk of abuse (should petitioner remain at the residence or household) or from loss of possession of the residence or household (should petitioner leave to avoid the risk of abuse). When determining the balance of hardships, the court shall also take into account the accessibility of the residence or household. Hardships need not be balanced if respondent does not have a right to occupancy.

The balance of hardships is presumed to favor possession by petitioner unless the presumption is rebutted by a preponderance of the evidence, showing that the hardships to respondent substantially outweigh the hardships to petitioner and any minor child or dependent adult in petitioner's care. The court, on the request of petitioner or on its own motion, may order respondent to provide suitable, accessible, alternate housing for petitioner instead of excluding respondent from a mutual residence or household.

(3) Stay away order and additional prohibitions. Order respondent to stay away from petitioner or any other person protected by the order of protection, or prohibit respondent from entering or remaining present at petitioner's school, place of employment, or other specified places at times when petitioner is

New matter indicated by italics - deletions by strikeout
present, or both, if reasonable, given the balance of hardships. Hardships need not be balanced for the court to enter a stay away order or prohibit entry if respondent has no right to enter the premises.

If an order of protection grants petitioner exclusive possession of the residence, or prohibits respondent from entering the residence, or orders respondent to stay away from petitioner or other protected persons, then the court may allow respondent access to the residence to remove items of clothing and personal adornment used exclusively by respondent, medications, and other items as the court directs. The right to access shall be exercised on only one occasion as the court directs and in the presence of an agreed-upon adult third party or law enforcement officer.

(4) Counseling. Require or recommend the respondent to undergo counseling for a specified duration with a social worker, psychologist, clinical psychologist, psychiatrist, family service agency, alcohol or substance abuse program, mental health center guidance counselor, agency providing services to elders, program designed for domestic violence abusers or any other guidance service the court deems appropriate.

(5) Physical care and possession of the minor child. In order to protect the minor child from abuse, neglect, or unwarranted separation from the person who has been the minor child's primary caretaker, or to otherwise protect the well-being of the minor child, the court may do either or both of the following: (i) grant petitioner physical care or possession of the minor child, or both, or (ii) order respondent to return a minor child to, or not remove a minor child from, the physical care of a parent or person in loco parentis.

If a court finds, after a hearing, that respondent has committed abuse (as defined in Section 103) of a minor child, there shall be a rebuttable presumption that awarding physical care to respondent would not be in the minor child's best interest.

(6) Temporary legal custody. Award temporary legal custody to petitioner in accordance with this Section, the Illinois
Marriage and Dissolution of Marriage Act, the Illinois Parentage Act of 1984, and this State's Uniform Child-Custody Jurisdiction and Enforcement Act.

If a court finds, after a hearing, that respondent has committed abuse (as defined in Section 103) of a minor child, there shall be a rebuttable presumption that awarding temporary legal custody to respondent would not be in the child's best interest.

(7) Visitation. Determine the visitation rights, if any, of respondent in any case in which the court awards physical care or temporary legal custody of a minor child to petitioner. The court shall restrict or deny respondent's visitation with a minor child if the court finds that respondent has done or is likely to do any of the following: (i) abuse or endanger the minor child during visitation; (ii) use the visitation as an opportunity to abuse or harass petitioner or petitioner's family or household members; (iii) improperly conceal or detain the minor child; or (iv) otherwise act in a manner that is not in the best interests of the minor child. The court shall not be limited by the standards set forth in Section 607.1 of the Illinois Marriage and Dissolution of Marriage Act. If the court grants visitation, the order shall specify dates and times for the visitation to take place or other specific parameters or conditions that are appropriate. No order for visitation shall refer merely to the term "reasonable visitation".

Petitioner may deny respondent access to the minor child if, when respondent arrives for visitation, respondent is under the influence of drugs or alcohol and constitutes a threat to the safety and well-being of petitioner or petitioner's minor children or is behaving in a violent or abusive manner.

If necessary to protect any member of petitioner's family or household from future abuse, respondent shall be prohibited from coming to petitioner's residence to meet the minor child for visitation, and the parties shall submit to the court their recommendations for reasonable alternative arrangements for visitation. A person may be approved to supervise visitation only

after filing an affidavit accepting that responsibility and acknowledging accountability to the court.

(8) Removal or concealment of minor child. Prohibit respondent from removing a minor child from the State or concealing the child within the State.

(9) Order to appear. Order the respondent to appear in court, alone or with a minor child, to prevent abuse, neglect, removal or concealment of the child, to return the child to the custody or care of the petitioner or to permit any court-ordered interview or examination of the child or the respondent.

(10) Possession of personal property. Grant petitioner exclusive possession of personal property and, if respondent has possession or control, direct respondent to promptly make it available to petitioner, if:

   (i) petitioner, but not respondent, owns the property;

   or

   (ii) the parties own the property jointly; sharing it would risk abuse of petitioner by respondent or is impracticable; and the balance of hardships favors temporary possession by petitioner.

If petitioner's sole claim to ownership of the property is that it is marital property, the court may award petitioner temporary possession thereof under the standards of subparagraph (ii) of this paragraph only if a proper proceeding has been filed under the Illinois Marriage and Dissolution of Marriage Act, as now or hereafter amended.

No order under this provision shall affect title to property.

(11) Protection of property. Forbid the respondent from taking, transferring, encumbering, concealing, damaging or otherwise disposing of any real or personal property, except as explicitly authorized by the court, if:

   (i) petitioner, but not respondent, owns the property;

(ii) the parties own the property jointly, and the balance of hardships favors granting this remedy.

If petitioner's sole claim to ownership of the property is that it is marital property, the court may grant petitioner relief under subparagraph (ii) of this paragraph only if a proper proceeding has been filed under the Illinois Marriage and Dissolution of Marriage Act, as now or hereafter amended.

The court may further prohibit respondent from improperly using the financial or other resources of an aged member of the family or household for the profit or advantage of respondent or of any other person.

(11.5) Protection of animals. Grant the petitioner the exclusive care, custody, or control of any animal owned, possessed, leased, kept, or held by either the petitioner or the respondent or a minor child residing in the residence or household of either the petitioner or the respondent and order the respondent to stay away from the animal and forbid the respondent from taking, transferring, encumbering, concealing, harming, or otherwise disposing of the animal.

(12) Order for payment of support. Order respondent to pay temporary support for the petitioner or any child in the petitioner's care or custody, when the respondent has a legal obligation to support that person, in accordance with the Illinois Marriage and Dissolution of Marriage Act, which shall govern, among other matters, the amount of support, payment through the clerk and withholding of income to secure payment. An order for child support may be granted to a petitioner with lawful physical care or custody of a child, or an order or agreement for physical care or custody, prior to entry of an order for legal custody. Such a support order shall expire upon entry of a valid order granting legal custody to another, unless otherwise provided in the custody order.

(13) Order for payment of losses. Order respondent to pay petitioner for losses suffered as a direct result of the abuse, neglect, or exploitation. Such losses shall include, but not be limited to,
medical expenses, lost earnings or other support, repair or replacement of property damaged or taken, reasonable attorney's fees, court costs and moving or other travel expenses, including additional reasonable expenses for temporary shelter and restaurant meals.

(i) Losses affecting family needs. If a party is entitled to seek maintenance, child support or property distribution from the other party under the Illinois Marriage and Dissolution of Marriage Act, as now or hereafter amended, the court may order respondent to reimburse petitioner's actual losses, to the extent that such reimbursement would be "appropriate temporary relief", as authorized by subsection (a)(3) of Section 501 of that Act.

(ii) Recovery of expenses. In the case of an improper concealment or removal of a minor child, the court may order respondent to pay the reasonable expenses incurred or to be incurred in the search for and recovery of the minor child, including but not limited to legal fees, court costs, private investigator fees, and travel costs.

(14) Prohibition of entry. Prohibit the respondent from entering or remaining in the residence or household while the respondent is under the influence of alcohol or drugs and constitutes a threat to the safety and well-being of the petitioner or the petitioner's children.

(14.5) Prohibition of firearm possession.

(a) When a complaint is made under a request for an order of protection, that the respondent has threatened or is likely to use firearms illegally against the petitioner, and the respondent is present in court, or has failed to appear after receiving actual notice, the court shall examine on oath the petitioner, and any witnesses who may be produced. If the court is satisfied that there is any danger of the illegal use of firearms, it shall issue an order that any firearms in the possession of the respondent, except as provided in

New matter indicated by italics - deletions by strikeout
subsection (b), be turned over to the local law enforcement agency for safekeeping. If the respondent has failed to appear, the court shall issue a warrant for seizure of any firearm in the possession of the respondent. The period of safekeeping shall be for a stated period of time not to exceed 2 years. The firearm or firearms shall be returned to the respondent at the end of the stated period or at expiration of the order of protection, whichever is sooner.

(b) If the respondent is a peace officer as defined in Section 2-13 of the Criminal Code of 1961, the court shall order that any firearms used by the respondent in the performance of his or her duties as a peace officer be surrendered to the chief law enforcement executive of the agency in which the respondent is employed, who shall retain the firearms for safekeeping for the stated period not to exceed 2 years as set forth in the court order.

15. Prohibition of access to records. If an order of protection prohibits respondent from having contact with the minor child, or if petitioner's address is omitted under subsection (b) of Section 203, or if necessary to prevent abuse or wrongful removal or concealment of a minor child, the order shall deny respondent access to, and prohibit respondent from inspecting, obtaining, or attempting to inspect or obtain, school or any other records of the minor child who is in the care of petitioner.

16. Order for payment of shelter services. Order respondent to reimburse a shelter providing temporary housing and counseling services to the petitioner for the cost of the services, as certified by the shelter and deemed reasonable by the court.

17. Order for injunctive relief. Enter injunctive relief necessary or appropriate to prevent further abuse of a family or household member or further abuse, neglect, or exploitation of a high-risk adult with disabilities or to effectuate one of the granted remedies, if supported by the balance of hardships. If the harm to be prevented by the injunction is abuse or any other harm that one

New matter indicated by italics - deletions by strikeout
of the remedies listed in paragraphs (1) through (16) of this subsection is designed to prevent, no further evidence is necessary that the harm is an irreparable injury.

(c) Relevant factors; findings.

(1) In determining whether to grant a specific remedy, other than payment of support, the court shall consider relevant factors, including but not limited to the following:

(i) the nature, frequency, severity, pattern and consequences of the respondent's past abuse, neglect or exploitation of the petitioner or any family or household member, including the concealment of his or her location in order to evade service of process or notice, and the likelihood of danger of future abuse, neglect, or exploitation to petitioner or any member of petitioner's or respondent's family or household; and

(ii) the danger that any minor child will be abused or neglected or improperly removed from the jurisdiction, improperly concealed within the State or improperly separated from the child's primary caretaker.

(2) In comparing relative hardships resulting to the parties from loss of possession of the family home, the court shall consider relevant factors, including but not limited to the following:

(i) availability, accessibility, cost, safety, adequacy, location and other characteristics of alternate housing for each party and any minor child or dependent adult in the party's care;

(ii) the effect on the party's employment; and

(iii) the effect on the relationship of the party, and any minor child or dependent adult in the party's care, to family, school, church and community.

(3) Subject to the exceptions set forth in paragraph (4) of this subsection, the court shall make its findings in an official record or in writing, and shall at a minimum set forth the following:

New matter indicated by italics - deletions by strikeout
(i) That the court has considered the applicable relevant factors described in paragraphs (1) and (2) of this subsection.

(ii) Whether the conduct or actions of respondent, unless prohibited, will likely cause irreparable harm or continued abuse.

(iii) Whether it is necessary to grant the requested relief in order to protect petitioner or other alleged abused persons.

(4) For purposes of issuing an ex parte emergency order of protection, the court, as an alternative to or as a supplement to making the findings described in paragraphs (c)(3)(i) through (c)(3)(iii) of this subsection, may use the following procedure:

When a verified petition for an emergency order of protection in accordance with the requirements of Sections 203 and 217 is presented to the court, the court shall examine petitioner on oath or affirmation. An emergency order of protection shall be issued by the court if it appears from the contents of the petition and the examination of petitioner that the averments are sufficient to indicate abuse by respondent and to support the granting of relief under the issuance of the emergency order of protection.

(5) Never married parties. No rights or responsibilities for a minor child born outside of marriage attach to a putative father until a father and child relationship has been established under the Illinois Parentage Act of 1984, the Illinois Public Aid Code, Section 12 of the Vital Records Act, the Juvenile Court Act of 1987, the Probate Act of 1985, the Revised Uniform Reciprocal Enforcement of Support Act, the Uniform Interstate Family Support Act, the Expedited Child Support Act of 1990, any judicial, administrative, or other act of another state or territory, any other Illinois statute, or by any foreign nation establishing the father and child relationship, any other proceeding substantially in conformity with the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (Pub. L. 104-193), or where both

New matter indicated by italics - deletions by strikeout
parties appeared in open court or at an administrative hearing acknowledging under oath or admitting by affirmation the existence of a father and child relationship. Absent such an adjudication, finding, or acknowledgement, no putative father shall be granted temporary custody of the minor child, visitation with the minor child, or physical care and possession of the minor child, nor shall an order of payment for support of the minor child be entered.

(d) Balance of hardships; findings. If the court finds that the balance of hardships does not support the granting of a remedy governed by paragraph (2), (3), (10), (11), or (16) of subsection (b) of this Section, which may require such balancing, the court's findings shall so indicate and shall include a finding as to whether granting the remedy will result in hardship to respondent that would substantially outweigh the hardship to petitioner from denial of the remedy. The findings shall be an official record or in writing.

(e) Denial of remedies. Denial of any remedy shall not be based, in whole or in part, on evidence that:

1. Respondent has cause for any use of force, unless that cause satisfies the standards for justifiable use of force provided by Article VII of the Criminal Code of 1961;
2. Respondent was voluntarily intoxicated;
3. Petitioner acted in self-defense or defense of another, provided that, if petitioner utilized force, such force was justifiable under Article VII of the Criminal Code of 1961;
4. Petitioner did not act in self-defense or defense of another;
5. Petitioner left the residence or household to avoid further abuse, neglect, or exploitation by respondent;
6. Petitioner did not leave the residence or household to avoid further abuse, neglect, or exploitation by respondent;
7. Conduct by any family or household member excused the abuse, neglect, or exploitation by respondent, unless that same conduct would have excused such abuse, neglect, or exploitation if the parties had not been family or household members.

association related to practice under this Act, by a governmental agency, by a law enforcement agency, or by a court for acts or conduct similar to acts or conduct that would constitute grounds for action as defined in this Section.

The Department may refuse to issue or may suspend the license of any person who fails to file a return, or to pay the tax, penalty or interest shown in a filed return, or to pay any final assessment of tax, penalty or interest, as required by any tax Act administered by the Illinois Department of Revenue, until such time as the requirements of any such tax Act are satisfied.

Upon receipt of a written communication from the Secretary of Human Services, the Director of Healthcare and Family Services (formerly Director of Public Aid), or the Director of Public Health that continuation of practice of a person licensed under this Act constitutes an immediate danger to the public, the Secretary Director may immediately suspend the license of such person without a hearing. In instances in which the Secretary Director immediately suspends a license under this Section, a hearing upon such person's license must be convened by the Board within 15 days after such suspension and completed without appreciable delay, such hearing held to determine whether to recommend to the Secretary Director that the person's license be revoked, suspended, placed on probationary status or reinstated, or such person be subject to other disciplinary action. Except for the grounds set forth in items (8), (9),

(26), and (29) of this Section, no action shall be commenced more than 10 years after the date of the incident or act alleged to have been a violation of this Section. In the event of the settlement of any claim or cause of action in favor of the claimant or the reduction to final judgment of any civil action in favor of the plaintiff, such claim, cause of action, or civil action being grounded on the allegation that a person licensed under this Act was negligent in providing care, the Department shall have an additional period of 2 years one year from the date of notification to the Department under Section 26 of this Act of such settlement or final judgment in which to investigate and commence formal disciplinary proceedings under Section 24 of this Act, except as otherwise provided by law. The time during which the holder of the license was outside the State of Illinois shall not be included within any period of time limiting the commencement of disciplinary action by the Department.

In enforcing this Section, the Department or Board upon a showing of a possible violation may compel an individual licensed to practice under this Act, or who has applied for licensure under this Act, to submit to a mental or physical examination, or both, as required by and at the expense of the Department. The Department or Board may order the examining physician to present testimony concerning the mental or physical examination of the licensee or applicant. No information shall be excluded by reason of any common law or statutory privilege relating to communications between the licensee or applicant and the examining physician. The examining physicians shall be specifically designated by the Board or Department. The individual to be examined may have, at his or her own expense, another physician of his or her choice present during all aspects of this examination. Failure of an individual to submit to a mental or physical examination, when directed, shall be grounds for suspension of his or her license until the individual submits to the examination if the Department finds, after notice and hearing, that the refusal to submit to the examination was without reasonable cause.

If the Department or Board finds an individual unable to practice because of the reasons set forth in this Section, the Department or Board
may require that individual to submit to care, counseling, or treatment by physicians approved or designated by the Department or Board, as a condition, term, or restriction for continued, reinstated, or renewed licensure to practice; or, in lieu of care, counseling, or treatment, the Department may file, or the Board may recommend to the Department to file, a complaint to immediately suspend, revoke, or otherwise discipline the license of the individual. An individual whose license was granted, continued, reinstated, renewed, disciplined or supervised subject to such terms, conditions, or restrictions, and who fails to comply with such terms, conditions, or restrictions, shall be referred to the Secretary Director for a determination as to whether the individual shall have his or her license suspended immediately, pending a hearing by the Department.

In instances in which the Secretary Director immediately suspends a person's license under this Section, a hearing on that person's license must be convened by the Department within 30 days after the suspension and completed without appreciable delay. The Department and Board shall have the authority to review the subject individual's record of treatment and counseling regarding the impairment to the extent permitted by applicable federal statutes and regulations safeguarding the confidentiality of medical records.

An individual licensed under this Act and affected under this Section shall be afforded an opportunity to demonstrate to the Department or Board that he or she can resume practice in compliance with acceptable and prevailing standards under the provisions of his or her license.

Sec. 25. Violations - Injunction - Cease and desist order.

A. If any person violates the provision of this Act, the Secretary Director may, in the name of the People of the State of Illinois, through the Attorney General of the State of Illinois, petition, for an order enjoining such violation or for an order enforcing compliance with this Act. Upon the filing of a verified petition in such court, the court may issue a temporary restraining order, without notice or bond, and may preliminarily
and permanently enjoin such violation, and if it is established that such
person has violated or is violating the injunction, the court may punish the
offender for contempt of court. Proceedings under this Section shall be in
addition to, and not in lieu of, all other remedies and penalties provided by
this Act.

B. If any person shall practice as a podiatric physician or hold
himself out as a podiatric physician without being licensed under the
provisions of this Act then any licensed podiatric physician, any interested
party or any person injured thereby may, in addition to the Secretary
Director, petition for relief as provided in subsection A of this Section.

C. Whenever in the opinion of the Department any person violates
any provision of this Act, the Department may issue a rule to show cause
why an order to cease and desist should not be entered against him. The
rule shall clearly set forth the grounds relied upon by the Department and
shall provide a period of 7 days from the date of the rule to file an answer
to the satisfaction of the Department. Failure to answer to the satisfaction
of the Department shall cause an order to cease and desist to be issued
forthwith.

Sec. 26. Reports relating to professional conduct and capacity.

of rehabilitation. Reports shall be strictly confidential and may be
reviewed and considered only by the members of the Board, or by
authorized staff of the Department as provided by the rules of the Board.
Provisions shall be made for the periodic report of the status of any such
podiatric physician not less than twice annually in order that the Board
shall have current information upon which to determine the status of any
such podiatric physician. Such initial and periodic reports of impaired
physicians shall not be considered records within the meaning of the State

Records Act and shall be disposed of, following a determination by the Board that such reports are no longer required, in a manner and at such time as the Board shall determine by rule. The filing of such reports shall be construed as the filing of a report for the purposes of subsection (C) of this Section. Failure to file a report under this Section shall be a Class A misdemeanor.

(A-5) The following persons and entities shall report to the Department or the Board in the instances and under the conditions set forth in this subsection (A-5):

(1) An administrator or officer of any hospital, nursing home or other health care agency or facility who has knowledge of any action or condition which reasonably indicates to him or her that a licensed podiatric physician practicing in such hospital, nursing home or other health care agency or facility is habitually intoxicated or addicted to the use of habit forming drugs, or is otherwise impaired, to the extent that such intoxication, addiction, or impairment adversely affects such podiatric physician's professional performance, or has knowledge that reasonably indicates to him or her that any podiatric physician unlawfully possesses, uses, distributes or converts habit-forming drugs belonging to the hospital, nursing home or other health care agency or facility for such podiatric physician's own use or benefit, shall promptly file a written report thereof to the Department. The report shall include the name of the podiatric physician, the name of the patient or patients involved, if any, a brief summary of the action, condition or occurrence that has necessitated the report, and any other information as the Department may deem necessary. The Department shall provide forms on which such reports shall be filed.

(2) The president or chief executive officer of any association or society of podiatric physicians licensed under this Act, operating within this State shall report to the Board when the association or society renders a final determination relating to the professional competence or conduct of the podiatric physician.

(3) Every insurance company that offers policies of professional liability insurance to persons licensed under this Act, or any other entity that seeks to indemnify the professional liability of a podiatric physician licensed under this Act, shall report to the Board the settlement of any claim or cause of action, or final judgment rendered in any cause of action that alleged negligence in the furnishing of medical care by such licensed person when such settlement or final judgement is in favor of the plaintiff.

(4) The State's Attorney of each county shall report to the Board all instances in which a person licensed under this Act is convicted or otherwise found guilty of the commission of any felony.

(5) All agencies, boards, commissions, departments, or other instrumentalities of the government of the State of Illinois shall report to the Board any instance arising in connection with the operations of such agency, including the administration of any law by such agency, in which a podiatric physician licensed under this Act has either committed an act or acts that may be a violation of this Act or that may constitute unprofessional conduct related directly to patient care or that indicates that a podiatric physician licensed under this Act may be mentally or physically disabled in such a manner as to endanger patients under that physician's care.

(B) All reports required by this Act shall be submitted to the Board in a timely fashion. The reports shall be filed in writing within 60 days after a determination that a report is required under this Act. All reports shall contain the following information:

(1) The name, address and telephone number of the person making the report.

(2) The name, address and telephone number of the podiatric physician who is the subject of the report.

(3) The name or other means of identification of any patient or patients whose treatment is a subject of the report, provided, however, no medical records may be revealed without the written consent of the patient or patients.

New matter indicated by italics - deletions by strikeout
(4) A brief description of the facts that gave rise to the issuance of the report, including the dates of any occurrences deemed to necessitate the filing of the report.

(5) If court action is involved, the identity of the court in which the action is filed, along with the docket number and date of filing of the action.

(6) Any further pertinent information that the reporting party deems to be an aid in the evaluation of the report.

Nothing contained in this Section shall waive or modify the confidentiality of medical reports and committee reports to the extent provided by law. Any information reported or disclosed shall be kept for the confidential use of the Board, the Board's attorneys, the investigative staff and other authorized Department staff, as provided in this Act, and shall be afforded the same status as is provided information concerning medical studies in Part 21 of Article VIII of the Code of Civil Procedure.

(C) Any individual or organization acting in good faith, and not in a willful and wanton manner, in complying with this Act by providing any report or other information to the Board, or assisting in the investigation or preparation of such information, or by participating in proceedings of the Board, or by serving as a member of the Board, shall not, as a result of such actions, be subject to criminal prosecution or civil damages.

(D) Members of the Board, the Board's attorneys, the investigative staff, other podiatric physicians retained under contract to assist and advise in the investigation, and other authorized Department staff shall be indemnified by the State for any actions occurring within the scope of services on the Board, done in good faith and not willful and wanton in nature. The Attorney General shall defend all such actions unless he or she determines either that he or she would have a conflict of interest in such representation or that the actions complained of were not in good faith or were willful and wanton.

Should the Attorney General decline representation, the member shall have the right to employ counsel of his or her choice, whose fees shall be provided by the State, after approval by the Attorney General, unless there is a determination by a court that the member's actions were
not in good faith or were wilful and wanton. The member must notify the
Attorney General within 7 days of receipt of notice of the initiation of any
action involving services of the Board. Failure to so notify the Attorney
General shall constitute an absolute waiver of the right to a defense and
indemnification. The Attorney General shall determine within 7 days after
receiving such notice, whether he or she will undertake to represent the
member.

(E) Upon the receipt of any report called for by this Act, other than
those reports of impaired persons licensed under this Act required pursuant
to the rules of the Board, the Board shall notify in writing, by certified
mail, the podiatric physician who is the subject of the report. Such
notification shall be made within 30 days of receipt by the Board of the
report.

The notification shall include a written notice setting forth the
podiatric physician's right to examine the report. Included in such
notification shall be the address at which the file is maintained, the name
of the custodian of the reports, and the telephone number at which the
custodian may be reached. The podiatric physician who is the subject of
the report shall be permitted to submit a written statement responding,
clarifying, adding to, or proposing the amending of the report previously
filed. The statement shall become a permanent part of the file and must be
received by the Board no more than 30 days after the date on which the
podiatric physician was notified of the existence of the original report.

The Board shall review all reports received by it, together with any
supporting information and responding statements submitted by persons
who are the subject of reports. The review by the Board shall be in a
timely manner but in no event shall the Board's initial review of the
material contained in each disciplinary file be less than 61 days nor more
than 180 days after the receipt of the initial report by the Board.

When the Board makes its initial review of the materials contained
within its disciplinary files the Board shall, in writing, make a
determination as to whether there are sufficient facts to warrant further
investigation or action. Failure to make such determination within the time

provided shall be deemed to be a determination that there are not sufficient facts to warrant further investigation or action.

Should the Board find that there are not sufficient facts to warrant further investigation, or action, the report shall be accepted for filing and the matter shall be deemed closed and so reported.

The individual or entity filing the original report or complaint and the podiatric physician who is the subject of the report or complaint shall be notified in writing by the Board of any final action on their report or complaint.

(F) The Board shall prepare on a timely basis, but in no event less than once every other month, a summary report of final disciplinary actions taken upon disciplinary files maintained by the Board. The summary reports shall be made available on the Department's web site sent by the Board to such institutions, associations and individuals as the Director may determine.

(G) Any violation of this Section shall be a Class A misdemeanor.

(H) If any such podiatric physician violates the provisions of this Section, an action may be brought in the name of the People of the State of Illinois, through the Attorney General of the State of Illinois, for an order enjoining such violation or for an order enforcing compliance with this Section. Upon filing of a verified petition in such court, the court may issue a temporary restraining order without notice or bond and may preliminarily or permanently enjoin such violation, and if it is established that such podiatric physician has violated or is violating the injunction, the Court may punish the offender for contempt of court. Proceedings under this paragraph shall be in addition to, and not in lieu of, all other remedies and penalties provided for by this Section.

   e. Continued sustainable, accessible and adequate Water supplies for the people and economy of the Basin are of vital importance; and,
   f. The Parties have a shared duty to protect, conserve, restore, improve and manage the renewable but finite Waters of the Basin for the use, benefit and enjoyment of all their citizens, including generations yet to come. The most effective means of

2. Purposes:

   a. All Water Withdrawn from the Basin shall be returned, either naturally or after use, to the Source Watershed less an allowance for Consumptive Use. No surface water or groundwater from outside the Basin may be used to satisfy any portion of this criterion except if it:

      i. Is part of a water supply or wastewater treatment system that combines water from inside and outside of the Basin;

      ii. Is treated to meet applicable water quality discharge standards and to prevent the introduction of invasive species into the Basin;

New matter indicated by italics - deletions by strikeout
iii. Maximizes the portion of water returned to the Source Watershed as Basin Water and minimizes the surface water or groundwater from outside the Basin;

b. If the Proposal results from a New or Increased Withdrawal of 100,000 gallons per day or greater average over any 90-day period, the Proposal shall also meet the Exception Standard; and,

c. If the Proposal results in a New or Increased Consumptive Use of 5 million gallons per day or greater average over any 90-day period, the Proposal shall also undergo Regional Review.

2. Intra-Basin Transfer. A Proposal for an Intra-Basin Transfer that would be considered a Diversion under this Compact, and not already excepted pursuant to paragraph 1 of this Section, shall be excepted from the prohibition against Diversions, provided that:

a. If the Proposal results from a New or Increased Withdrawal less than 100,000 gallons per day average over any 90-day period, the Proposal shall be subject to management and regulation at the discretion of the Originating Party.

b. If the Proposal results from a New or Increased Withdrawal 100,000 gallons per day or greater average over any 90-day period and if the Consumptive Use resulting from the Withdrawal is less than 5 million gallons per day average over any 90-day period:

i. The Proposal shall meet the Exception Standard and be subject to management and regulation by the Originating Party, except that the Water may be returned to another Great Lake watershed rather than the Source Watershed;

ii. The Applicant shall demonstrate that there is no feasible, cost effective, and environmentally sound water supply alternative within the Great Lake watershed to which the Water will be transferred, including conservation of existing water supplies; and,

New matter indicated by italics - deletions by strikeout
iii. The Originating Party shall provide notice to the other Parties prior to making any decision with respect to the Proposal.

c. If the Proposal results in a New or Increased Consumptive Use of 5 million gallons per day or greater average over any 90-day period:
   i. The Proposal shall be subject to management and regulation by the Originating Party and shall meet the Exception Standard, ensuring that Water Withdrawn shall be returned to the Source Watershed;

   a. The Water shall be used solely for the Public Water Supply Purposes of the Community within a Straddling County that is without adequate supplies of potable water;
   b. The Proposal meets the Exception Standard, maximizing the portion of water returned to the Source Watershed as Basin Water and minimizing the surface water or groundwater from outside the Basin;
   c. The Proposal shall be subject to management and regulation by the Originating Party, regardless of its size;

New matter indicated by italics - deletions by strikeout
d. There is no reasonable water supply alternative within the basin in which the community is located, including conservation of existing water supplies;

e. Caution shall be used in determining whether or not the Proposal meets the conditions for this Exception. This Exception should not be authorized unless it can be shown that it will not endanger the integrity of the Basin Ecosystem;

f. The Proposal undergoes Regional Review; and,

g. The Proposal is approved by the Council. Council approval shall be given unless one or more Council Members vote to disapprove.

A Proposal must satisfy all of the conditions listed above. Further, substantive consideration will also be given to whether or not the Proposal can provide sufficient scientifically based evidence that the existing water supply is derived from groundwater that is hydrologically interconnected to Waters of the Basin.

4. Exception Standard. Proposals subject to management and regulation in this Section shall be declared to meet this Exception Standard and may be approved as appropriate only when the following criteria are met:

a. The need for all or part of the proposed Exception cannot be reasonably avoided through the efficient use and conservation of existing water supplies;

b. The Exception will be limited to quantities that are considered reasonable for the purposes for which it is proposed;

c. All Water Withdrawn shall be returned, either naturally or after use, to the Source Watershed less an allowance for Consumptive Use. No surface water or groundwater from the outside the Basin may be used to satisfy any portion of this criterion except if it:

i. Is part of a water supply or wastewater treatment system that combines water from inside and outside of the Basin;

New matter indicated by italics - deletions by strikeout
ii. Is treated to meet applicable water quality discharge standards and to prevent the introduction of invasive species into the Basin;

d. The Exception will be implemented so as to ensure that it will result in no significant individual or cumulative adverse impacts to the quantity or quality of the Waters and Water Dependent Natural Resources of the Basin with consideration given to the potential Cumulative Impacts of any precedent-setting consequences associated with the Proposal;

e. The Exception will be implemented so as to incorporate Environmentally Sound and Economically Feasible Water Conservation Measures to minimize Water Withdrawals or Consumptive Use;

f. The Exception will be implemented so as to ensure that it is in compliance with all applicable municipal, State and federal laws as well as regional interstate and international agreements, including the Boundary Waters Treaty of 1909; and,

g. All other applicable criteria in Section 4.9 have also been met.

Section 4.10. Management and Regulation of New or Increased Withdrawals and Consumptive Uses.

1. Within five years of the effective date of this Compact, each Party shall create a program for the management and regulation of New or Increased Withdrawals and Consumptive Uses by adopting and implementing Measures consistent with the Decision-Making Standard. Each Party, through a considered process, shall set and may modify threshold levels for the regulation of New or Increased Withdrawals in order to assure an effective and efficient Water management program that will ensure that uses overall are reasonable, that Withdrawals overall will not result in significant impacts to the Waters and Water Dependent Natural Resources of the Basin, determined on the basis of significant impacts to the physical, chemical, and biological integrity of Source Watersheds, and that all other objectives of the Compact are achieved. Each Party may determine the scope and thresholds of its program,
including which New or Increased Withdrawals and Consumptive Uses will be subject to the program.

2. Any Party that fails to set threshold levels that comply with Section 4.10.1 any time before 10 years after the effective date of this Compact shall apply a threshold level for management and regulation of all New or Increased Withdrawals of 100,000 gallons per day or greater average in any 90-day period.

3. The Parties intend programs for New or Increased Withdrawals and Consumptive Uses to evolve as may be necessary to protect Basin Waters. Pursuant to Section 3.4, the Council, in cooperation with the Provinces, shall periodically assess the Water management programs of the Parties. Such assessments may produce recommendations for the strengthening of the programs, including without limitation, establishing lower thresholds for management and regulation in accordance with the Decision-Making Standard.

**Section 4.11. Decision-Making Standard.** Proposals subject to management and regulation in Section 4.10 shall be declared to meet this Decision-Making Standard and may be approved as appropriate only when the following criteria are met:

1. All Water Withdrawn shall be returned, either naturally or after use, to the Source Watershed less an allowance for Consumptive Use;

2. The Withdrawal or Consumptive Use will be implemented so as to ensure that the Proposal will result in no significant individual or cumulative adverse impacts to the quantity or quality of the Waters and Water Dependent Natural Resources and the applicable Source Watershed;

3. The Withdrawal or Consumptive Use will be implemented so as to incorporate Environmentally Sound and Economically Feasible Water Conservation Measures;

4. The Withdrawal or Consumptive Use will be implemented so as to ensure that it is in compliance with all applicable municipal, State and federal laws as well as regional interstate and international agreements, including the Boundary Waters Treaty of 1909;

5. The proposed use is reasonable, based upon a consideration of the following factors:

New matter indicated by italics - deletions by strikeout
a. Whether the proposed Withdrawal or Consumptive Use is planned in a fashion that provides for efficient use of the water, and will avoid or minimize the waste of Water;

b. If the Proposal is for an increased Withdrawal or Consumptive use, whether efficient use is made of existing water supplies;

c. The balance between economic development, social development and environmental protection of the proposed Withdrawal and use and other existing or planned withdrawals and water uses sharing the water source;

d. The supply potential of the water source, considering quantity, quality, and reliability and safe yield of hydrologically interconnected water sources;

e. The probable degree and duration of any adverse impacts caused or expected to be caused by the proposed Withdrawal and use under foreseeable conditions, to other lawful consumptive or non-consumptive uses of water or to the quantity or quality of the Waters and Water Dependent Natural Resources of the Basin, and the proposed plans and arrangements for avoidance or mitigation of such impacts; and,

f. If a Proposal includes restoration of hydrologic conditions and functions of the Source Watershed, the Party may consider that.

1. Minimum Standard. This Standard of Review and Decision shall be used as a minimum standard. Parties may impose a more restrictive decision-making standard for Withdrawals under their authority. It is also acknowledged that although a Proposal meets the Standard of Review and Decision it may not be approved under the laws of the Originating Party that has implemented more restrictive Measures.

2. Baseline.

a. To establish a baseline for determining a New or Increased Diversion, Consumptive Use or Withdrawal, each Party
shall develop either or both of the following lists for their jurisdiction:

i. A list of existing Withdrawal approvals as of the effective date of the Compact;

ii. A list of the capacity of existing systems as of the effective date of this Compact. The capacity of the existing systems should be presented in terms of Withdrawal capacity, treatment capacity, distribution capacity, or other capacity limiting factors. The capacity of the existing systems must represent the state of the systems. Existing capacity determinations shall be based upon approval limits or the most restrictive capacity information.

b. For all purposes of this Compact, volumes of Diversions, Consumptive Uses, or Withdrawals of Water set forth in the list(s) prepared by each Party in accordance with this Section, shall constitute the baseline volume.

c. The list(s) shall be furnished to the Regional Body and the Council within one year of the effective date of this Compact.

3. Timing of Additional Applications. Applications for New or Increased Withdrawals, Consumptive Uses or Exceptions shall be considered cumulatively within ten years of any application.

4. Change of Ownership. Unless a new owner proposes a project that shall result in a Proposal for a New or Increased Diversion or Consumptive Use subject to Regional Review or Council approval, the change of ownership in and of itself shall not require Regional Review or Council approval.

5. Groundwater. The Basin surface water divide shall be used for the purpose of managing and regulating New or Increased Diversions, Consumptive Uses or Withdrawals of surface water and groundwater.

6. Withdrawal Systems. The total volume of surface water and groundwater resources that supply a common distribution system shall determine the volume of a Withdrawal, Consumptive Use or Diversion.

7. Connecting Channels. The watershed of each Great Lake shall include its upstream and downstream connecting channels.
8. **Transmission in Water Lines.** Transmission of Water within a line that extends outside the Basin as it conveys Water from one point to another within the Basin shall not be considered a Diversion if none of the Water is used outside the Basin.

9. **Hydrologic Units.** The Lake Michigan and Lake Huron watersheds shall be considered to be a single hydrologic unit and watershed.

10. **Bulk Water Transfer.** A Proposal to Withdraw Water and to remove it from the Basin in any container greater than 5.7 gallons shall be treated under this Compact in the same manner as a Proposal for a Diversion. Each Party shall have the discretion, within its jurisdiction, to determine the treatment of Proposals to Withdraw Water and to remove it from the Basin in any container of 5.7 gallons or less.

**Section 4.13. Exemptions.** Withdrawals from the Basin for the following purposes are exempt from the requirements of Article 4.

1. To supply vehicles, including vessels and aircraft, whether for the needs of the persons or animals being transported or for ballast or other needs related to the operation of the vehicles.

2. To use in a non-commercial project on a short-term basis for firefighting, humanitarian, or emergency response purposes.

**Section 4.14. U.S. Supreme Court Decree: Wisconsin et al. v. Illinois et al.**

1. Notwithstanding any terms of this Compact to the contrary, with the exception of Paragraph 5 of this Section, current, New or Increased Withdrawals, Consumptive Uses and Diversions of Basin Water by the State of Illinois shall be governed by the terms of the United States Supreme Court decree in *Wisconsin et al. v. Illinois et al.* and shall not be subject to the terms of this Compact nor any rules or regulations promulgated pursuant to this Compact. This means that, with the exception of Paragraph 5 of this Section, for purposes of this Compact, current, New or Increased Withdrawals, Consumptive Uses and Diversions of Basin Water within the State of Illinois shall be allowed unless prohibited by the terms of the United States Supreme Court decree in *Wisconsin et al. v. Illinois et al.*

2. The Parties acknowledge that the United States Supreme Court decree in *Wisconsin et al. v. Illinois et al.* shall continue in full force and effect, that this Compact shall not modify any terms thereof, and that this Compact shall grant the parties no additional rights, obligations, remedies or defenses thereto. The Parties specifically acknowledge that this Compact shall not prohibit or limit the State of Illinois in any manner from seeking additional Basin Water as allowed under the terms of the United States Supreme Court decree in *Wisconsin et al. v. Illinois et al.*, any other party from objecting to any request by the State of Illinois for additional Basin Water under the terms of said decree, or any party from seeking any other type of modification to said decree. If an application is made by any party to the Supreme Court of the United States to modify said decree, the Parties to this Compact who are also parties to the decree shall seek formal input from the Canadian Provinces of Ontario and Québec, with respect to the proposed modification, use best efforts to facilitate the appropriate participation of said Provinces in the proceedings to modify the decree, and shall not unreasonably impede or restrict such participation.

3. With the exception of Paragraph 5 of this Section, because current, New or Increased Withdrawals, Consumptive Uses and Diversions of Basin Water by the State of Illinois are not subject to the terms of this Compact, the State of Illinois is prohibited from using any term of this Compact, including Section 4.9, to seek New or Increased Withdrawals, Consumptive Uses or Diversions of Basin Water.

4. With the exception of Paragraph 5 of this Section, because Sections 4.3, 4.4, 4.5, 4.6, 4.7, 4.8, 4.9, 4.10, 4.11, 4.12 (Paragraphs 1, 2, 3, 4, 6 and 10 only), and 4.13 of this Compact all relate to current, New or Increased Withdrawals, Consumptive Uses and Diversions of Basin Waters, said provisions do not apply to the State of Illinois. All other provisions of this Compact not listed in the preceding sentence shall apply to the State of Illinois, including the Water Conservation Programs provision of Section 4.2.

5. In the event of a Proposal for a Diversion of Basin Water for use outside the territorial boundaries of the Parties to this Compact, decisions

by the State of Illinois regarding such a Proposal would be subject to all terms of this Compact, except Paragraphs 1, 3 and 4 of this Section.

6. For purposes of the State of Illinois' participation in this Compact, the entirety of this Section 4.14 is necessary for the continued implementation of this Compact and, if severed, this Compact shall no longer be binding on or enforceable by or against the State of Illinois.

**Section 4.15. Assessment of Cumulative Impacts.**

1. The Parties in cooperation with the Provinces shall collectively conduct within the Basin, on a Lake watershed and St. Lawrence River Basin basis, a periodic assessment of the Cumulative Impacts of Withdrawals, Diversions and Consumptive Uses from the Waters of the Basin, every 5 years or each time the incremental Basin Water losses reach 50 million gallons per day average in any 90-day period in excess of the quantity at the time of the most recent assessment, whichever comes first, or at the request of one or more of the Parties. The assessment shall form the basis for a review of the Standard of Review and Decision, Council and Party regulations and their application. This assessment shall:

   a. Utilize the most current and appropriate guidelines for such a review, which may include but not be limited to Council on Environmental Quality and Environment Canada guidelines;

   b. Give substantive consideration to climate change or other significant threats to Basin Waters and take into account the current state of scientific knowledge, or uncertainty, and appropriate Measures to exercise caution in cases of uncertainty if serious damage may result;

   c. Consider adaptive management principles and approaches, recognizing, considering and providing adjustments for the uncertainties in, and evolution of science concerning the Basin's water resources, watersheds and ecosystems, including potential changes to Basin-wide processes, such as lake level cycles and climate.

2. The Parties have the responsibility of conducting this Cumulative Impact assessment. Applicants are not required to participate in this assessment.
3. Unless required by other statutes, Applicants are not required to conduct a separate cumulative impact assessment in connection with an Application but shall submit information about the potential impacts of a Proposal to the quantity or quality of the Waters and Water Dependent Natural Resources of the applicable Source Watershed. An Applicant may, however, provide an analysis of how their Proposal meets the no significant adverse Cumulative Impact provision of the Standard of Review and Decision.

ARTICLE 5
TRIBAL CONSULTATION

Section 5.1. Consultation with Tribes.
1. In addition to all other opportunities to comment pursuant to Section 6.2, appropriate consultations shall occur with federally recognized Tribes in the Originating Party for all Proposals subject to Council or Regional Review pursuant to this Compact. Such consultations shall be organized in the manner suitable to the individual Proposal and the laws and policies of the Originating Party.

2. All federally recognized Tribes within the Basin shall receive reasonable notice indicating that they have an opportunity to comment in writing to the Council or the Regional Body, or both, and other relevant organizations on whether the Proposal meets the requirements of the Standard of Review and Decision when a Proposal is subject to Regional Review or Council approval. Any notice from the Council shall inform the Tribes of any meeting or hearing that is to be held under Section 6.2 and invite them to attend. The Parties and the Council shall consider the comments received under this Section before approving, approving with modifications or disapproving any Proposal subject to Council or Regional Review.

3. In addition to the specific consultation mechanisms described above, the Council shall seek to establish mutually agreed upon mechanisms or processes to facilitate dialogue with, and input from federally recognized Tribes on matters to be dealt with by the Council; and, the Council shall seek to establish mechanisms and processes with federally recognized Tribes designed to facilitate on-going scientific and

2. The minutes of the Council shall be a public record open to inspection at its offices during regular business hours.

Section 6.2. Public Participation.

It is the intent of the Council to conduct public participation processes concurrently and jointly with processes undertaken by the Parties and through Regional Review. To ensure adequate public participation, each Party or the Council shall ensure procedures for the review of Proposals subject to the Standard of Review and Decision consistent with the following requirements:

1. Provide public notification of receipt of all Applications and a reasonable opportunity for the public to submit comments before Applications are acted upon.

2. Assure public accessibility to all documents relevant to an Application, including public comment received.

3. Provide guidance on standards for determining whether to conduct a public meeting or hearing for an Application, time and place of such a meeting(s) or hearing(s), and procedures for conducting of the same.

4. Provide the record of decision for public inspection including comments, objections, responses and approvals, approvals with conditions and disapprovals.

which a wholesaler has been granted the right to purchase, resell, and

beer, a master distributor as defined in this Section, a successor brewer as
defined in this Section, a non-resident dealer under the provisions of the
Liquor Control Act of 1934, a foreign importer under the provisions of the

Sec. 5. Prohibited conduct. No brewer shall:

prohibiting a wholesaler from selling the product of any other brewer or brewers.

(3) Directly or indirectly fix or maintain the price at which a wholesaler may resell beer.

(4) Fail to provide to each wholesaler of its brands a written contract which embodies the brewer's agreement with its wholesalers and conforms to the provisions of this Act.

(5) Require any wholesaler to accept delivery of any beer, signs, advertising materials, or any other item or commodity which has not been ordered by the wholesaler, or require any wholesaler to accept a common carrier for delivery of beer into this State unless the wholesaler consents to the common carrier. In the event a brewer adopts a uniform practice of delivering beer into this State to the premises of all licensed wholesalers, the brewer may select the common carrier in this State.

(6) Require a wholesaler without the wholesaler's approval to participate in an arrangement for the payment or crediting by an electronic fund transfer transaction for any item or commodity other than beer or to access a wholesaler's account for any item or commodity other than beer.

(7) Require a wholesaler to assent to any requirement prohibiting the wholesaler from disposing, after notice to the brewer, of a product which has been deemed salvageable by a local or State health authority. Nothing herein shall prohibit the brewer from having the first right to purchase the salvageable product from the wholesaler at a price not to exceed the original cost of the product or to subsequently repurchase the product from the insurance company or salvage company.

(8) Refuse to approve or require a wholesaler to terminate a manager or successor manager without good cause. A brewer has good cause only if the person designated as manager or successor manager by the wholesaler fails to meet reasonable standards and qualifications.
(9) Present an agreement to a wholesaler that attempts to waive compliance with any provision of this Act or that requires the wholesaler to waive compliance with any provision of this Act. No brewer shall induce or coerce, or attempt to induce or coerce, any wholesaler to assent to any agreement, amendment, renewal, or replacement agreement that does not comply with this Act and the laws of this State.

(10) Terminate or attempt to terminate an agreement on the basis that the wholesaler refuses to purchase signs or advertising materials or any quantity or types thereof.

(11) Discriminate against a wholesaler who has entered into a contract relative to signs or advertising materials by not making signs or advertising materials or any quantity or types thereof available to the wholesaler when the brewer makes available such signs or advertising materials to other similarly situated wholesalers in this State.

(12) Present an agreement requiring the wholesaler to arbitrate all disputes without offering the wholesaler in writing the opportunity to reject arbitration and elect to resolve all disputes by maintaining a civil suit in accordance with this Act.

(13) Fail to assign brand extensions to a wholesaler who has been granted the territory to the brand from which the brand extension resulted and agrees to accept the brand extension; however, this requirement does not apply if the wholesaler is not in compliance with the agreement at the time the brewer offers the brand extension to the wholesaler.

No brewer who, pursuant to an agreement with a wholesaler which does not violate antitrust laws, has designated a sales territory for which the wholesaler is exclusively primarily responsible or in which the wholesaler is required to concentrate its efforts, shall enter into an agreement with any other wholesaler for the purpose of establishing an additional wholesaler for the brewer's brand, or brands, or brand extension in the territory, in all or part of the same territory.

AN ACT concerning human rights.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Human Rights Act is amended by changing Sections 7A-102, 7A-103, 7B-102, 7B-103, 8-103, 8-110, and 8-111 as follows:

(775 ILCS 5/7A-102) (from Ch. 68, par. 7A-102)
Sec. 7A-102. Procedures.
(A) Charge.

(1) Within 180 days after the date that a civil rights violation allegedly has been committed, a charge in writing under oath or affirmation may be filed with the Department by an aggrieved party or issued by the Department itself under the signature of the Director.

(2) The charge shall be in such detail as to substantially apprise any party properly concerned as to the time, place, and facts surrounding the alleged civil rights violation.

(A-1) Equal Employment Opportunity Commission Charges. A charge filed with the Equal Employment Opportunity Commission within 180 days after the date of the alleged civil rights violation shall be deemed filed with the Department on the date filed with the Equal Employment Opportunity Commission. Upon receipt of a charge filed with the Equal Employment Opportunity Commission, the Department shall notify the complainant that he or she may proceed with the Department. The complainant must notify the Department of his or her decision in writing within 35 days of receipt of the Department's notice to the complainant.
and the Department shall close the case if the complainant does not do so. If the complainant proceeds with the Department, the Department shall take no action until the Equal Employment Opportunity Commission makes a determination on the charge. Upon receipt of the Equal Employment Opportunity Commission's determination, the Department shall cause the charge to be filed under oath or affirmation and to be in such detail as provided for under subparagraph (2) of paragraph (A). At the Department's discretion, the Department shall either adopt the Equal Employment Opportunity Commission's determination or process the charge pursuant to this Act. Adoption of the Equal Employment Opportunity Commission's determination shall be deemed a determination by the Department for all purposes under this Act.

(B) Notice; and Response to, and Review of Charge. The Department shall, within 10 days of the date on which the charge was filed, serve a copy of the charge on the respondent. This period shall not be construed to be jurisdictional. The charging party and the respondent may each file a position statement and other materials with the Department regarding the charge of alleged discrimination within 60 days of receipt of the notice of the charge. The position statements and other materials filed shall remain confidential unless otherwise agreed to by the party providing the information and shall not be served on or made available to the other party during pendency of a charge with the Department. The Department shall require the respondent to file a verified response to the allegations contained in the charge within 60 days of receipt of the notice of the charge. The respondent shall serve a copy of its response on the complainant or his representative. All allegations contained in the charge not timely denied by the respondent shall be deemed admitted, unless the respondent states that it is without sufficient information to form a belief with respect to such allegation. The Department may issue a notice of default directed to any respondent who fails to file a verified response to a charge within 60 days of receipt of the notice of the charge, unless the respondent can demonstrate good cause as to why such notice should not issue. The term "good cause" shall be defined by rule promulgated by the Department. Within 30 days of receipt of the respondent's response, the
The complainant may file a reply to said response and shall serve a copy of said reply on the respondent or his representative. A party shall have the right to supplement his response or reply at any time that the investigation of the charge is pending. The Department shall, within 10 days of the date on which the charge was filed, and again no later than 335 days thereafter, send by certified or registered mail written notice to the complainant and to the respondent informing the complainant of the complainant's right to either file a complaint with the Human Rights Commission or commence a civil action in the appropriate circuit court under subparagraph (2) of paragraph (G), including in such notice the dates within which the complainant may exercise this right. In the notice the Department shall notify the complainant that the charge of civil rights violation will be dismissed with prejudice and with no right to further proceed if a written complaint is not timely filed with the Commission or with the appropriate circuit court by the complainant pursuant to subparagraph (2) of paragraph (G) or by the Department pursuant to subparagraph (1) of paragraph (G).

(B-1) Mediation. The complainant and respondent may agree to voluntarily submit the charge to mediation without waiving any rights that are otherwise available to either party pursuant to this Act and without incurring any obligation to accept the result of the mediation process. Nothing occurring in mediation shall be disclosed by the Department or admissible in evidence in any subsequent proceeding unless the complainant and the respondent agree in writing that such disclosure be made.

(C) Investigation.

(1) After the respondent has been notified, the Department shall conduct a full investigation of the allegations set forth in the charge.

(2) The Director or his or her designated representatives shall have authority to request any member of the Commission to issue subpoenas to compel the attendance of a witness or the production for examination of any books, records or documents whatsoever.

New matter indicated by italics - deletions by strikeout
(3) If any witness whose testimony is required for any investigation resides outside the State, or through illness or any other good cause as determined by the Director is unable to be interviewed by the investigator or appear at a fact finding conference, his or her testimony or deposition may be taken, within or without the State, in the same manner as is provided for in the taking of depositions in civil cases in circuit courts.

(4) Upon reasonable notice to the complainant and the respondent, the Department shall conduct a fact finding conference prior to 365 days after the date on which the charge was filed, unless the Director has determined whether there is substantial evidence that the alleged civil rights violation has been committed or the charge has been dismissed for lack of jurisdiction. If the parties agree in writing, the fact finding conference may be held at a time after the 365 day limit. Any party's failure to attend the conference without good cause shall result in dismissal or default. The term "good cause" shall be defined by rule promulgated by the Department. A notice of dismissal or default shall be issued by the Director and shall notify the relevant party that a request for review may be filed in writing with the Commission Chief Legal Counsel of the Department within 30 days of receipt of notice of dismissal or default.

(D) Report.

(1) Each charge shall be the subject of a report to the Director. The report shall be a confidential document subject to review by the Director, authorized Department employees, the parties, and, where indicated by this Act, members of the Commission or their designated hearing officers.

(2) Upon review of the report, the Director shall determine whether there is substantial evidence that the alleged civil rights violation has been committed. The determination of substantial evidence is limited to determining the need for further consideration of the charge pursuant to this Act and includes, but is not limited to, findings of fact and conclusions, as well as the

reasons for the determinations on all material issues. Substantial evidence is evidence which a reasonable mind accepts as sufficient to support a particular conclusion and which consists of more than a mere scintilla but may be somewhat less than a preponderance.

(3) (a) If the Director determines that there is no substantial evidence, the charge shall be dismissed by order of the Director and the **Director shall give the complainant notice of his or her right to** notified that he or she may seek review of the dismissal order before the Commission or commence a civil action in the appropriate circuit court. If the complainant chooses to have the Human Rights Commission review the dismissal order, he or she shall file a request for review with the Commission within 30 days after receipt of the Director's notice. If the complainant chooses to file a request for review with the Commission, he or she may not later commence a civil action in a circuit court. If the complainant chooses to commence a civil action in a circuit court, he or she must do so within 90 days after receipt of the Director's notice. Any such complaint shall be filed within 90 days after receipt of the Director's notice. If the complainant chooses to have the Department file a complaint with the Human Rights Commission on his or her behalf, the complainant must, within 14 days after receipt of the Director's notice, request in writing that the Department file the complaint. If the complainant timely requests that the Department file the complaint, the Department shall file the complaint on his or her behalf. If the

complainant fails to timely request that the Department file the complaint, the complainant may only commence a civil action in the appropriate circuit court.

(E) Conciliation.

(1) When the Director determines that there is a finding of substantial evidence, the Department may designate a Department employee who is an attorney licensed to practice in Illinois to endeavor to eliminate the effect of the alleged civil rights violation and to prevent its repetition by means of conference and conciliation.

(E) Conciliation:

(2) When the Department determines that a formal conciliation conference is necessary, the complainant and respondent shall be notified of the time and place of the conference by registered or certified mail at least 10 days prior thereto and either or both parties shall appear at the conference in person or by attorney.

(3) The place fixed for the conference shall be within 35 miles of the place where the civil rights violation is alleged to have been committed.

(4) Nothing occurring at the conference shall be disclosed by the Department unless the complainant and respondent agree in writing that such disclosure be made.

(5) The Department's efforts to conciliate the matter shall not stay or extend the time for filing the complaint with the Commission or the circuit court.

(F) Complaint.

(1) When the complainant requests that the Department file a complaint with the Commission on his or her behalf there is a failure to settle or adjust any charge through conciliation, the Department shall prepare a written complaint, under oath or affirmation, stating the nature of the civil rights violation substantially as alleged in the charge previously filed and the relief

sought on behalf of the aggrieved party. The Department shall file the complaint with the Commission.

(2) If the complainant chooses to commence a civil action in a circuit court, he or she must do so in the circuit court in the county wherein the civil rights violation was allegedly committed. The form of the complaint in any such civil action shall be in accordance with the Illinois Code of Civil Procedure. The complaint shall be filed with the Commission.

(G) Time Limit.

(1) When a charge of a civil rights violation has been properly filed, the Department, within 365 days thereof or within any extension of that period agreed to in writing by all parties, shall issue its report as required by subparagraph (D) either issue and file a complaint in the manner and form set forth in this Section or shall order that no complaint be issued and dismiss the charge with prejudice without any further right to proceed except in cases in which the order was procured by fraud or duress. Any such report order shall be duly served upon both the complainant and the respondent.

(2) If the Department has not issued its report within 365 days after the charge is filed, or any such longer period agreed to in writing by all the parties, the complainant shall have 90 days to either file his or her own complaint with the Human Rights Commission or commence a civil action in the appropriate circuit court. If the complainant files a complaint with the Commission, the aggrieved party may file a complaint with the Commission, if the Director has not sooner issued a report and determination pursuant to paragraphs (D)(1) and (D)(2) of this Section. The form of the complaint shall be in accordance with the provisions of paragraph (F)(1). If the complainant commences a civil action in a circuit court, the form of the complaint shall be in accordance with the Illinois Code of Civil Procedure. The aggrieved party shall notify the Department

that a complaint has been filed and shall serve a copy of the complaint on the Department on the same date that the complaint is filed with the Commission or in circuit court. If the complainant files a complaint with the Commission, he or she may not later commence a civil action in circuit court.

(3) If an aggrieved party files a complaint with the Human Rights Commission or commences a civil action in circuit court pursuant to paragraph (2) of this subsection, or if the time period for filing a complaint has expired, the Department shall immediately cease its investigation and dismiss the charge of civil rights violation. Any final order entered by the Commission under this Section is appealable in accordance with paragraph (B)(1) (A)(1) of Section 8-111. Failure to immediately cease an investigation and dismiss the charge of civil rights violation as provided in this paragraph (3) constitutes grounds for entry of an order by the circuit court permanently enjoining the investigation. The Department may also be liable for any costs and other damages incurred by the respondent as a result of the action of the Department.

(4) The Department shall stay any administrative proceedings under this Section after the filing of a civil action by or on behalf of the aggrieved party under any federal or State law seeking relief with respect to the alleged civil rights violation.

(H) This amendatory Act of 1995 applies to causes of action filed on or after January 1, 1996.

(I) This amendatory Act of 1996 applies to causes of action filed on or after January 1, 1996.

(C) Violation.

(1) When either party alleges that a settlement order has been violated, the Department shall conduct an investigation into the matter.

(2) Upon finding substantial evidence to demonstrate that a settlement has been violated, the Department shall file notice of a settlement order violation with the Commission and serve all parties.

(D) Dismissal For Refusal To Accept Settlement Offer. The Department shall dismiss a charge if it is satisfied that:

(1) the respondent has eliminated the effects of the civil rights violation charged and taken steps to prevent its repetition; or

(2) the respondent offers and the complainant declines to accept terms of settlement which the Department finds are sufficient to eliminate the effects of the civil rights violation charged and prevent its repetition.

(B) Notice and Response to Charge.

(1) The Department shall serve notice upon the aggrieved party acknowledging such charge and advising the aggrieved party of the time limits and choice of forums provided under this Act. The Department shall, within 10 days of the date on which the charge was filed or the identification of an additional respondent under paragraph (2) of this subsection, serve on the respondent a copy of the charge along with a notice identifying the alleged civil rights violation and advising the respondent of the procedural rights and obligations of respondents under this Act and shall require the respondent to file a verified response to the allegations contained in the charge within 30 days. The respondent shall serve a copy of its response on the complainant or his representative. All allegations contained in the charge not timely denied by the
respondent shall be deemed admitted, unless the respondent states that it is without sufficient information to form a belief with respect to such allegation. The Department may issue a notice of default directed to any respondent who fails to file a verified response to a charge within 30 days of the date on which the charge was filed, unless the respondent can demonstrate good cause as to why such notice should not issue. The term "good cause" shall be defined by rule promulgated by the Department. Within 10 days of the date he receives the respondent's response, the complainant may file his reply to said response. If he chooses to file a reply, the complainant shall serve a copy of said reply on the respondent or his representative. A party shall have the right to supplement his response or reply at any time that the investigation of the charge is pending.

(2) A person who is not named as a respondent in a charge, but who is identified as a respondent in the course of investigation, may be joined as an additional or substitute respondent upon written notice, under subsection (B), to such person, from the Department. Such notice, in addition to meeting the requirements of subsections (A) and (B), shall explain the basis for the Department's belief that a person to whom the notice is addressed is properly joined as a respondent.

(C) Investigation.

(1) The Department shall conduct a full investigation of the allegations set forth in the charge and complete such investigation within 100 days after the filing of the charge, unless it is impracticable to do so. The Department's failure to complete the investigation within 100 days after the proper filing of the charge does not deprive the Department of jurisdiction over the charge.

(2) If the Department is unable to complete the investigation within 100 days after the charge is filed, the Department shall notify the complainant and respondent in writing of the reasons for not doing so.

New matter indicated by italics - deletions by strikeout
(3) The Director or his or her designated representative shall have authority to request any member of the Commission to issue subpoenas to compel the attendance of a witness or the production for examination of any books, records or documents whatsoever.

(4) If any witness whose testimony is required for any investigation resides outside the State, or through illness or any other good cause as determined by the Director is unable to be interviewed by the investigator or appear at a fact finding conference, his or her testimony or deposition may be taken, within or without the State, in the same manner as provided for in the taking of depositions in civil cases in circuit courts.

New matter indicated by italics - deletions by strikeout
(c) a summary description of other pertinent records;
(d) a summary of witness statements; and
(e) answers to questionnaires.
A final report under this paragraph may be amended if additional evidence is later discovered.

(2) Upon review of the report and within 100 days of the filing of the charge, unless it is impracticable to do so, the Director shall determine whether there is substantial evidence that the alleged civil rights violation has been committed or is about to be committed. If the Director is unable to make the determination within 100 days after the filing of the charge, the Director shall notify the complainant and respondent in writing of the reasons for not doing so. The Director's failure to make the determination within 100 days after the proper filing of the charge does not deprive the Department of jurisdiction over the charge.

(a) If the Director determines that there is no substantial evidence, the charge shall be dismissed and the aggrieved party notified that he or she may seek review of the dismissal order before the Commission. The aggrieved party shall have 30 days from receipt of notice to file a request for review by the Commission Chief Legal Counsel of the Department. (2) The place fixed for the conference shall be within 35 miles of the place where the civil rights violation is alleged to have been committed.

(3) Nothing occurring at the conference shall be made public or used as evidence in a subsequent proceeding for the purpose of proving a violation under this Act unless the complainant and respondent agree in writing that such disclosure be made.

(4) A conciliation agreement arising out of such conciliation shall be an agreement between the respondent and the complainant, and shall be subject to approval by the Department and Commission.

(5) A conciliation agreement may provide for binding arbitration of the dispute arising from the charge. Any such arbitration that results from a conciliation agreement may award appropriate relief, including monetary relief.

(6) Each conciliation agreement shall be made public unless the complainant and respondent otherwise agree and the Department determines that disclosure is not required to further the purpose of this Act.

(F) Complaint.

(1) When there is a failure to settle or adjust any charge through a conciliation conference and the charge is not dismissed, the Department shall prepare a written complaint, under oath or affirmation, stating the nature of the civil rights violation and the relief sought on behalf of the aggrieved party. Such complaint shall be based on the final investigation report and need not be limited to the facts or grounds alleged in the charge filed under subsection (A).

New matter indicated by italics - deletions by strikeout
(2) The complaint shall be filed with the Commission.

(3) The Department may not issue a complaint under this Section regarding an alleged civil rights violation after the beginning of the trial of a civil action commenced by the aggrieved party under any State or federal law, seeking relief with respect to that alleged civil rights violation.

(G) Time Limit.

(1) When a charge of a civil rights violation has been properly filed, the Department, within 100 days thereof, unless it is impracticable to do so, shall either issue and file a complaint in the manner and form set forth in this Section or shall order that no complaint be issued. Any such order shall be duly served upon both the aggrieved party and the respondent. The Department's failure to either issue and file a complaint or order that no complaint be issued within 100 days after the proper filing of the charge does not deprive the Department of jurisdiction over the charge.

(2) The Director shall make available to the aggrieved party and the respondent, at any time, upon request following completion of the Department's investigation, information derived from an investigation and any final investigative report relating to that investigation.

(H) This amendatory Act of 1995 applies to causes of action filed on or after January 1, 1996.

The aggrieved party shall have 30 days from receipt of notice to file a request for review by the Commission Chief Legal Counsel of the Department.

(4) In determining whether the respondent has eliminated the effects of the civil rights violation charged, or has offered terms of settlement sufficient to eliminate same, the Department shall consider the extent to which the respondent has either fully...
provided, or reasonably offered by way of terms of settlement, as the case may be, the relevant relief available to the aggrieved party under Section 8B-104 of this Act with the exception of civil penalties.

Section 10. The Local Governmental and Governmental Employees Tort Immunity Act is amended by changing Section 9-107 as follows:

(745 ILCS 10/9-107) (from Ch. 85, par. 9-107)

Sec. 9-107. Policy; tax levy.

(a) The General Assembly finds that the purpose of this Section is to provide an extraordinary tax for funding expenses relating to (i) tort liability, (ii) liability relating to actions brought under the federal Comprehensive Environmental Response, Compensation, and Liability Act of 1980 or the Environmental Protection Act, but only until December 31, 2010, (iii) insurance, and (iv) risk management programs. Thus, the tax has been excluded from various limitations otherwise applicable to tax levies. Notwithstanding the extraordinary nature of the tax authorized by this Section, however, it has become apparent that some units of local government are using the tax revenue to fund expenses more properly paid from general operating funds. These uses of the revenue are inconsistent with the limited purpose of the tax authorization.

Therefore, the General Assembly declares, as a matter of policy, that (i) the use of the tax revenue authorized by this Section for purposes not expressly authorized under this Act is improper and (ii) the provisions of this Section shall be strictly construed consistent with this declaration and the Act's express purposes.

(b) A local public entity may annually levy or have levied on its behalf taxes upon all taxable property within its territory at a rate that will produce a sum that will be sufficient to: (i) pay the cost of insurance, individual or joint self-insurance (including reserves thereon), including all operating and administrative costs and expenses directly associated therewith, claims services and risk management directly attributable to loss prevention and loss reduction, legal services directly attributable to the insurance, self-insurance, or joint self-insurance program, and educational, inspectional, and supervisory services directly relating to loss prevention and loss reduction, participation in a reciprocal insurer as provided in Sections 72, 76, and 81 of the Illinois Insurance Code, or participation in a reciprocal insurer, all as provided in settlements or
judgments under Section 9-102, including all costs and reserves directly attributable to being a member of an insurance pool, under Section 9-103; (ii) pay the costs of and principal and interest on bonds issued under Section 9-105; (iii) pay judgments and settlements under Section 9-104 of this Act; and (iv) discharge obligations under Section 34-18.1 of the School Code; (v) pay judgments and settlements under the federal Comprehensive Environmental Response, Compensation, and Liability Act of 1980 and the Environmental Protection Act, but only until December 31, 2010; and (vi) to pay the cost of risk management programs. Provided it complies with any other applicable statutory requirements, the local public entity may self-insure and establish reserves for expected losses for any property damage or for any liability or loss for which the local public entity is authorized to levy or have levied on its behalf taxes for the purchase of insurance or the payment of judgments or settlements under this Section. The decision of the board to establish a reserve shall be based on reasonable actuarial or insurance underwriting evidence and subject to the limits and reporting provisions in Section 9-103.

If a school district was a member of a joint-self-health-insurance cooperative that had more liability in outstanding claims than revenue to pay those claims, the school board of that district may by resolution make a one-time transfer from any fund in which tort immunity moneys are maintained to the fund or funds from which payments to a joint-self-health-insurance cooperative can be or have been made of an amount not to exceed the amount of the liability claim that the school district owes to the joint-self-health-insurance cooperative or that the school district paid within the 2 years immediately preceding the effective date of this amendatory Act of the 92nd General Assembly.

Funds raised pursuant to this Section shall only be used for the purposes specified in this Act, including protection against and reduction of any liability or loss described hereinabove and under Federal or State common or statutory law, the Workers' Compensation Act, the Workers' Occupational Diseases Act and the Unemployment Insurance Act. Funds raised pursuant to this Section may be invested in any manner in which

other funds of local public entities may be invested under Section 2 of the Public Funds Investment Act. Interest on such funds shall be used only for purposes for which the funds can be used or, if surplus, must be used for abatement of property taxes levied by the local taxing entity.

A local public entity may enter into intergovernmental contracts with a term of not to exceed 12 years for the provision of joint self-insurance which contracts may include an obligation to pay a proportional share of a general obligation or revenue bond or other debt instrument issued by a local public entity which is a party to the intergovernmental contract and is authorized by the terms of the contract to issue the bond or other debt instrument. Funds due under such contracts shall not be considered debt under any constitutional or statutory limitation and the local public entity may levy or have levied on its behalf taxes to pay for its proportional share under the contract. Funds raised pursuant to intergovernmental contracts for the provision of joint self-insurance may only be used for the payment of any cost, liability or loss against which a local public entity may protect itself or self-insure pursuant to Section 9-103 or for the payment of which such entity may levy a tax pursuant to this Section, including tort judgments or settlements, costs associated with the issuance, retirement or refinancing of the bonds or other debt instruments, the repayment of the principal or interest of the bonds or other debt instruments, the costs of the administration of the joint self-insurance fund, consultant, and risk care management programs or the costs of insurance. Any surplus returned to the local public entity under the terms of the intergovernmental contract shall be used only for purposes set forth in subsection (a) of Section 9-103 and Section 9-107 or for abatement of property taxes levied by the local taxing entity.

Any tax levied under this Section shall be levied and collected in like manner with the general taxes of the entity and shall be exclusive of and in addition to the amount of tax that entity is now or may hereafter be authorized to levy for general purposes under any statute which may limit the amount of tax which that entity may levy for general purposes. The county clerk of the county in which any part of the territory of the local taxing entity is located, in reducing tax levies under the provisions of any

Act concerning the levy and extension of taxes, shall not consider any tax provided for by this Section as a part of the general tax levy for the purposes of the entity nor include such tax within any limitation of the percent of the assessed valuation upon which taxes are required to be extended for such entity.

With respect to taxes levied under this Section, either before, on, or after the effective date of this amendatory Act of 1994:

(1) Those taxes are excepted from and shall not be included within the rate limitation imposed by law on taxes levied for general corporate purposes by the local public entity authorized to levy a tax under this Section.

(2) Those taxes that a local public entity has levied in reliance on this Section and that are excepted under paragraph (1) from the rate limitation imposed by law on taxes levied for general corporate purposes by the local public entity are not invalid because of any provision of the law authorizing the local public entity's tax levy for general corporate purposes that may be construed or may have been construed to restrict or limit those taxes levied, and those taxes are hereby validated. This validation of taxes levied applies to all cases pending on or after the effective date of this amendatory Act of 1994.

(3) Paragraphs (1) and (2) do not apply to a hospital organized under Article 170 or 175 of the Township Code, under the Town Hospital Act, or under the Township Non-Sectarian Hospital Act and do not give any authority to levy taxes on behalf of such a hospital in excess of the rate limitation imposed by law on taxes levied for general corporate purposes. A hospital organized under Article 170 or 175 of the Township Code, under the Town Hospital Act, or under the Township Non-Sectarian Hospital Act is not prohibited from levying taxes in support of tort liability bonds if the taxes do not cause the hospital's aggregate tax rate from exceeding the rate limitation imposed by law on taxes levied for general corporate purposes.

Revenues derived from such tax shall be paid to the treasurer of the local taxing entity as collected and used for the purposes of this Section and of Section 9-102, 9-103, 9-104 or 9-105, as the case may be. If payments on account of such taxes are insufficient during any year to meet such purposes, the entity may issue tax anticipation warrants against the current tax levy in the manner provided by statute.

For purposes of determining the eligibility of children from homes in which a language other than English is used, the State Board of Education, no later than September 1, 1993, shall include in the rules definitions for "qualified bilingual specialists" and "linguistically and culturally appropriate individualized educational programs". In this Section, "parent" includes a foster parent.

(b) No child shall be eligible for special education facilities except with a carefully completed case study fully reviewed by professional personnel in a multidisciplinary staff conference and only upon the

recommendation of qualified specialists or a qualified bilingual specialist, if available. At the conclusion of the multidisciplinary staff conference, the parent or guardian of the child shall be given a copy of the multidisciplinary conference summary report and recommendations, which includes options considered, and be informed of their right to obtain an independent educational evaluation if they disagree with the evaluation findings conducted or obtained by the school district. If the school district's evaluation is shown to be inappropriate, the school district shall reimburse the parent for the cost of the independent evaluation. The State Board of Education shall, with advice from the State Advisory Council on Education of Children with Disabilities on the inclusion of specific independent educational evaluators, prepare a list of suggested independent educational evaluators. The State Board of Education shall include on the list clinical psychologists licensed pursuant to the Clinical Psychologist Licensing Act. Such psychologists shall not be paid fees in excess of the amount that would be received by a school psychologist for performing the same services. The State Board of Education shall supply school districts with such list and make the list available to parents at their request. School districts shall make the list available to parents at the time they are informed of their right to obtain an independent educational evaluation. However, the school district may initiate an impartial due process hearing under this Section within 5 days of any written parent or guardian request for an independent educational evaluation to show that its evaluation is appropriate. If the final decision is that the evaluation is appropriate, the parent still has a right to an independent educational evaluation, but not at public expense. An independent educational evaluation at public expense must be completed within 30 days of a parent or guardian written request unless the school district initiates an impartial due process hearing or the parent or guardian or school district offers reasonable grounds to show that such 30 day time period should be extended. If the due process hearing decision indicates that the parent or guardian is entitled to an independent educational evaluation, it must be completed within 30 days of the decision unless the parent or guardian or the school district offers reasonable grounds to show that such 30 day

period should be extended. If a parent disagrees with the summary report or recommendations of the multidisciplinary conference or the findings of any educational evaluation which results therefrom, the school district shall not proceed with a placement based upon such evaluation and the child shall remain in his or her regular classroom setting. No child shall be eligible for admission to a special class for the educable mentally disabled or for the trainable mentally disabled except with a psychological evaluation and recommendation by a school psychologist. Consent shall be obtained from the parent or guardian of a child before any evaluation is conducted. If consent is not given by the parent or guardian or if the parent or guardian disagrees with the findings of the evaluation, then the school district may initiate an impartial due process hearing under this Section. The school district may evaluate the child if that is the decision resulting from the impartial due process hearing and the decision is not appealed or if the decision is affirmed on appeal. The determination of eligibility shall be made within 60 school days from the date of referral by school authorities for evaluation by the district or date of application for admittance by the parent or guardian of the child. In those instances when students are referred for evaluation with fewer than 60 pupil attendance days left in the school year, the eligibility determination shall be made prior to the first day of the following school year. After a child has been determined to be eligible for a special education class, such child must be placed in the appropriate program pursuant to the individualized educational program by or no later than the beginning of the next school semester. The appropriate program pursuant to the individualized educational program of students whose native tongue is a language other than English shall reflect the special education, cultural and linguistic needs. No later than September 1, 1993, the State Board of Education shall establish standards for the development, implementation and monitoring of appropriate bilingual special individualized educational programs. The State Board of Education shall further incorporate appropriate monitoring procedures to verify implementation of these standards. The district shall indicate to the parent or guardian and the State Board of Education the

nature of the services the child will receive for the regular school term while waiting placement in the appropriate special education class.

If the child is deaf, hard of hearing, blind, or visually impaired and he or she might be eligible to receive services from the Illinois School for the Deaf or the Illinois School for the Visually Impaired, the school district shall notify the parents or guardian, in writing, of the existence of these schools and the services they provide and shall make a reasonable effort to inform the parents or guardian of the existence of other, local schools that provide similar services and the services that these other schools provide. This notification shall include without limitation information on school services, school admissions criteria, and school contact information.

In the development of the individualized education program for a student who has a disability on the autism spectrum (which includes autistic disorder, Asperger's disorder, pervasive developmental disorder not otherwise specified, childhood disintegrative disorder, and Rett Syndrome, as defined in the Diagnostic and Statistical Manual of Mental Disorders, fourth edition (DSM-IV, 2000)), the IEP team shall consider all of the following factors:

1. The verbal and nonverbal communication needs of the child.
2. The need to develop social interaction skills and proficiencies.
3. The needs resulting from the child's unusual responses to sensory experiences.
4. The needs resulting from resistance to environmental change or change in daily routines.
5. The needs resulting from engagement in repetitive activities and stereotyped movements.
6. The need for any positive behavioral interventions, strategies, and supports to address any behavioral difficulties resulting from autism spectrum disorder.
7. Other needs resulting from the child's disability that impact progress in the general curriculum, including social and emotional development.

This amendatory Act of the 95th General Assembly does not create any new entitlement to a service, program, or benefit, but must not affect any entitlement to a service, program, or benefit created by any other law.

If the student may be eligible to participate in the Home-Based Support Services Program for Mentally Disabled Adults authorized under the Developmental Disability and Mental Disability Services Act upon becoming an adult, the student's individualized education program shall include plans for (i) determining the student's eligibility for those home-based services, (ii) enrolling the student in the program of home-based services, and (iii) developing a plan for the student's most effective use of the home-based services after the student becomes an adult and no longer receives special educational services under this Article. The plans developed under this paragraph shall include specific actions to be taken by specified individuals, agencies, or officials.

(c) In the development of the individualized education program for a student who is functionally blind, it shall be presumed that proficiency in Braille reading and writing is essential for the student's satisfactory educational progress. For purposes of this subsection, the State Board of Education shall determine the criteria for a student to be classified as functionally blind. Students who are not currently identified as functionally blind who are also entitled to Braille instruction include: (i) those whose vision loss is so severe that they are unable to read and write at a level comparable to their peers solely through the use of vision, and (ii) those who show evidence of progressive vision loss that may result in functional blindness. Each student who is functionally blind shall be entitled to Braille reading and writing instruction that is sufficient to enable the student to communicate with the same level of proficiency as other students of comparable ability. Instruction should be provided to the extent that the student is physically and cognitively able to use Braille. Braille instruction may be used in combination with other special education services appropriate to the student's educational needs. The assessment of each student who is functionally blind for the purpose of developing the student's individualized education program shall include documentation of the student's strengths and weaknesses in Braille skills.
Each person assisting in the development of the individualized education program for a student who is functionally blind shall receive information describing the benefits of Braille instruction. The individualized education program for each student who is functionally blind shall specify the appropriate learning medium or media based on the assessment report.

(d) To the maximum extent appropriate, the placement shall provide the child with the opportunity to be educated with children who are not disabled; provided that children with disabilities who are recommended to be placed into regular education classrooms are provided with supplementary services to assist the children with disabilities to benefit from the regular classroom instruction and are included on the teacher's regular education class register. Subject to the limitation of the preceding sentence, placement in special classes, separate schools or other removal of the disabled child from the regular educational environment shall occur only when the nature of the severity of the disability is such that education in the regular classes with the use of supplementary aids and services cannot be achieved satisfactorily. The placement of limited English proficiency students with disabilities shall be in non-restrictive environments which provide for integration with non-disabled peers in bilingual classrooms. By January 1993 and annually thereafter, school districts shall report data on students from non-English speaking backgrounds receiving special education and related services in public and private facilities as prescribed in Section 2-3.30. If there is a disagreement between parties involved regarding the special education placement of any child, either in-state or out-of-state, the placement is subject to impartial due process procedures described in Article 10 of the Rules and Regulations to Govern the Administration and Operation of Special Education.

(e) No child who comes from a home in which a language other than English is the principal language used may be assigned to any class or program under this Article until he has been given, in the principal language used by the child and used in his home, tests reasonably related to his cultural environment. All testing and evaluation materials and
procedures utilized for evaluation and placement shall not be linguistically, racially or culturally discriminatory.

(f) Nothing in this Article shall be construed to require any child to undergo any physical examination or medical treatment whose parents or guardian object thereto on the grounds that such examination or treatment conflicts with his religious beliefs.

(g) School boards or their designee shall provide to the parents or guardian of a child prior written notice of any decision (a) proposing to initiate or change, or (b) refusing to initiate or change, the identification, evaluation, or educational placement of the child or the provision of a free appropriate public education to their child, and the reasons therefor. Such written notification shall also inform the parent or guardian of the opportunity to present complaints with respect to any matter relating to the educational placement of the student, or the provision of a free appropriate public education and to have an impartial due process hearing on the complaint. The notice shall inform the parents or guardian in the parents' or guardian's native language, unless it is clearly not feasible to do so, of their rights and all procedures available pursuant to this Act and federal law 94-142; it shall be the responsibility of the State Superintendent to develop uniform notices setting forth the procedures available under this Act and federal law 94-142 to be used by all school boards. The notice shall also inform the parents or guardian of the availability upon request of a list of free or low-cost legal and other relevant services available locally to assist parents or guardians in initiating an impartial due process hearing. Any parent or guardian who is deaf, or does not normally communicate using spoken English, who participates in a meeting with a representative of a local educational agency for the purposes of developing an individualized educational program shall be entitled to the services of an interpreter.

(h) A Level I due process hearing, hereinafter referred as the hearing, shall be conducted upon the request of the parents or guardian or local school board by an impartial hearing officer appointed as follows: If the request is made through the local school district, within 5 school days of receipt of the request, the local school district shall forward the request.
to the State Superintendent. Within 5 days after receiving this request of
hearing, the State Board of Education shall provide a list of 5 prospective,
impartial hearing officers. The State Board of Education, by rule or
regulation, shall establish criteria for determining which persons can be
included on such a list of prospective hearing officers. No one on the list
may be a resident of the school district. No more than 2 of the 5
prospective hearing officers shall be gainfully employed by or
administratively connected with any school district, or any joint agreement
or cooperative program in which school districts participate. In addition,
no more than 2 of the 5 prospective hearing officers shall be gainfully
employed by or administratively connected with private providers of
special education services. The State Board of Education shall actively
recruit applicants for hearing officer positions. The board and the parents
or guardian or their legal representatives within 5 days shall alternately
strike one name from the list until only one name remains. The parents or
guardian shall have the right to proceed first with the striking. The per
diem allowance for the hearing officer shall be established and paid by the
State Board of Education. The hearing shall be closed to the public except
that the parents or guardian may require that the hearing be public. The
hearing officer shall not be an employee of the school district, an
employee in any joint agreement or cooperative program in which the
district participates, or any other agency or organization that is directly
involved in the diagnosis, education or care of the student or the State
Board of Education. All impartial hearing officers shall be adequately
trained in federal and state law, rules and regulations and case law
regarding special education. The State Board of Education shall use
resources from within and outside the agency for the purposes of
conducting this training. The impartial hearing officer shall have the
authority to require additional information or evidence where he or she
deems it necessary to make a complete record and may order an
independent evaluation of the child, the cost of said evaluation to be paid
by the local school district. Such hearing shall not be considered adversary
in nature, but shall be directed toward bringing out all facts necessary for
the impartial hearing officer to render an informed decision. The State

Board of Education shall, with the advice and approval of the Advisory Council on Education of Children with Disabilities, promulgate rules and regulations to establish the qualifications of the hearing officers and the rules and procedure for such hearings. The school district shall present evidence that the special education needs of the child have been appropriately identified and that the special education program and related services proposed to meet the needs of the child are adequate, appropriate and available. Any party to the hearing shall have the right to: (a) be represented by counsel and be accompanied and advised by individuals with special knowledge or training with respect to the problems of children with disabilities at the party's own expense; (b) present evidence and confront and cross-examine witnesses; (c) prohibit the introduction of any evidence at the hearing that has not been disclosed to that party at least 5 days before the hearing; (d) obtain a written or electronic verbatim record of the hearing; (e) obtain written findings of fact and a written decision. The student shall be allowed to attend the hearing unless the hearing officer finds that attendance is not in the child's best interest or detrimental to the child. The hearing officer shall specify in the findings the reasons for denying attendance by the student. The hearing officer, or the State Superintendent in connection with State level hearings, may subpoena and compel the attendance of witnesses and the production of evidence reasonably necessary to the resolution of the hearing. The subpoena may be issued upon request of any party. The State Board of Education and the school board shall share equally the costs of providing a written or electronic record of the proceedings. Such record shall be transcribed and transmitted to the State Superintendent no later than 10 days after receipt of notice of appeal. The hearing officer shall render a decision and shall submit a copy of the findings of fact and decision to the parent or guardian and to the local school board within 10 school days after the conclusion of the hearing. The hearing officer may continue the hearing in order to obtain additional information, and, at the conclusion of the hearing, shall issue a decision based on the record which specifies the special education and related services which shall be provided to the child in accordance with the child's needs. The hearing officer's decision shall be...
binding upon the local school board and the parent unless such decision is appealed pursuant to the provisions of this Section.

(i) Any party aggrieved by the decision may appeal the hearing officer's decision to the State Board of Education and shall serve copies of the notice of such appeal on the State Superintendent and on all other parties. The review referred to in this Section shall be known as the Level II review. The State Board of Education shall provide a list of 5 prospective, impartial reviewing officers. No reviewing officer shall be an employee of the State Board of Education or gainfully employed by or administratively connected with the school district, joint agreement or cooperative program which is a party to this review. Each person on the list shall be accredited by a national arbitration organization. The per diem allowance for the review officers shall be paid by the State Board of Education and may not exceed $250. All reviewing officers on the list provided by the State Board of Education shall be trained in federal and state law, rules and regulations and case law regarding special education. The State Board of Education shall use resources from within and outside the agency for the purposes of conducting this training. No one on the list may be a resident of the school district. The board and the parents or guardian or other legal representatives within 5 days shall alternately strike one name from the list until only one name remains. The parents or guardian shall have the right to proceed first with the striking. The reviewing officer so selected shall conduct an impartial review of the Level I hearing and may issue subpoenas requiring the attendance of witnesses at such review. The parties to the appeal shall be afforded the opportunity to present oral argument and additional evidence at the review. Upon completion of the review the reviewing officer shall render a decision and shall provide a copy of the decision to all parties.

(j) No later than 30 days after receipt of notice of appeal, a final decision shall be reached and a copy mailed to each of the parties. A reviewing officer may grant specific extensions of time beyond the 30-day deadline at the request of either party. If a Level II hearing is convened the final decision of a Level II hearing officer shall occur no more than 30 days following receipt of a notice of appeal, unless an extension of time is
The State Board of Education shall establish rules and regulations delineating the standards to be used in determining whether the reviewing officer shall grant such extensions. Each hearing and each review involving oral argument must be conducted at a time and place which are reasonably convenient to the parents and the child involved.

(k) Any party aggrieved by the decision of the reviewing officer, including the parent or guardian, shall have the right to bring a civil action with respect to the complaint presented pursuant to this Section, which action may be brought in any circuit court of competent jurisdiction within 120 days after a copy of the decision is mailed to the party as provided in subsection (j). The civil action provided above shall not be exclusive of any rights or causes of action otherwise available. The commencement of a civil action under subsection (k) of this Section shall operate as a supersedeas. In any action brought under this Section the court shall receive the records of the administrative proceedings, shall hear additional evidence at the request of a party, and basing its decision on the preponderance of the evidence shall grant such relief as the court determines is appropriate. In any instance where a school district willfully disregards applicable regulations or statutes regarding a child covered by this Article, and which disregard has been detrimental to the child, the school district shall be liable for any reasonable attorney's fees incurred by the parent or guardian in connection with proceedings under this Section.

(l) During the pendency of any proceedings conducted pursuant to this Section, unless the State Superintendent of Education, or the school district and the parents or guardian otherwise agree, the student shall remain in the then current educational placement of such student, or if applying for initial admission to the school district, shall, with the consent of the parents or guardian, be placed in the school district program until all such proceedings have been completed. The costs for any special education and related services or placement incurred following 60 school days after the initial request for evaluation shall be borne by the school district if such services or placement are in accordance with the final determination as to the special education and related services or placement

which must be provided to the child, provided however that in said 60 day period there have been no delays caused by the child's parent or guardian.

(m) Whenever (i) the parents or guardian of a child of the type described in Section 14-1.02 are not known or are unavailable or (ii) the child is a ward of the State residing in a residential facility, a person shall be assigned to serve as surrogate parent for the child in matters relating to the identification, evaluation, and educational placement of the child and the provision of a free appropriate public education to the child. Surrogate parents shall be assigned by the State Superintendent of Education. The State Board of Education shall promulgate rules and regulations establishing qualifications of such persons and their responsibilities and the procedures to be followed in making such assignments. Such surrogate parents shall not be employees of the school district, an agency created by joint agreement under Section 10-22.31, an agency involved in the education or care of the student, or the State Board of Education. For a child who is a ward of the State residing in a residential facility, the surrogate parent may be an employee of a nonpublic agency that provides only non-educational care. Services of any person assigned as surrogate parent shall terminate if the parent or guardian becomes available unless otherwise requested by the parents or guardian. The assignment of a person as surrogate parent at no time supersedes, terminates, or suspends the parents' or guardian's legal authority relative to the child. Any person participating in good faith as surrogate parent on behalf of the child before school officials or a hearing officer shall have immunity from civil or criminal liability that otherwise might result by reason of such participation, except in cases of willful and wanton misconduct.

(n) At all stages of the hearing the hearing officer shall require that interpreters be made available by the local school district for persons who are deaf or for persons whose normally spoken language is other than English.

(o) Whenever a person refuses to comply with any subpoena issued under this Section, the circuit court of the county in which such hearing is pending, on application of the State Superintendent of Education or the party who requested issuance of the subpoena may compel obedience by
attachment proceedings as for contempt, as in a case of disobedience of the requirements of a subpoena from such court for refusal to testify therein. (Source: P.A. 93-282, eff. 7-22-03; 94-376, eff. 7-29-05.)

AN ACT concerning civil law.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Code of Civil Procedure is amended by changing Section 15-1701 as follows:
(735 ILCS 5/15-1701) (from Ch. 110, par. 15-1701)
Sec. 15-1701. Right to possession.

New matter indicated by italics - deletions by strikeout
(a) General. The provisions of this Article shall govern the right to possession of the mortgaged real estate during foreclosure. Possession under this Article includes physical possession of the mortgaged real estate to the same extent to which the mortgagor, absent the foreclosure, would have been entitled to physical possession. For the purposes of Part 17, real estate is residential real estate only if it is residential real estate at the time the foreclosure is commenced.

(b) Pre-Judgment. Prior to the entry of a judgment of foreclosure:

   (1) In the case of residential real estate, the mortgagor shall be entitled to possession of the real estate except if (i) the mortgagee shall object and show good cause, (ii) the mortgagee is so authorized by the terms of the mortgage or other written instrument, and (iii) the court is satisfied that there is a reasonable probability that the mortgagee will prevail on a final hearing of the cause, the court shall upon request place the mortgagee in possession. If the residential real estate consists of more than one dwelling unit, then for the purpose of this Part residential real estate shall mean only that dwelling unit or units occupied by persons described in clauses (i), (ii) and (iii) of Section 15-1219.

   (2) In all other cases, if (i) the mortgagee is so authorized by the terms of the mortgage or other written instrument, and (ii) the court is satisfied that there is a reasonable probability that the mortgagee will prevail on a final hearing of the cause, the mortgagee shall upon request be placed in possession of the real estate, except that if the mortgagor shall object and show good cause, the court shall allow the mortgagor to remain in possession.

(c) Judgment Through 30 Days After Sale Confirmation. After the entry of a judgment of foreclosure and through the 30th day after a foreclosure sale is confirmed:

   (1) Subsection (b) of Section 15-1701 shall be applicable, regardless of the provisions of the mortgage or other instrument, except that after a sale pursuant to the judgment the holder of the certificate of sale (or, if none, the purchaser at the sale) shall have
the mortgagee's right to be placed in possession, with all rights and
duties of a mortgagee in possession under this Article.

(2) Notwithstanding paragraph (1) of subsection (b) and
paragraph (1) of subsection (c) of Section 15-1701, upon request of
the mortgagee, a mortgagor of residential real estate shall not be
allowed to remain in possession between the expiration of the
redemption period and through the 30th day after sale confirmation
unless (i) the mortgagor pays to the mortgagee or such holder or
purchaser, whichever is applicable, monthly the lesser of the
interest due under the mortgage calculated at the mortgage rate of
interest applicable as if no default had occurred or the fair rental
value of the real estate, or (ii) the mortgagor otherwise shows good
cause. Any amounts paid by the mortgagor pursuant to this
subsection shall be credited against the amounts due from the
mortgagor.

(d) After 30 Days After Sale Confirmation. The holder of the
certificate of sale or deed issued pursuant to that certificate or, if no
certificate or deed was issued, the purchaser, except to the extent the
holder or purchaser may consent otherwise, shall be entitled to possession
of the mortgaged real estate, as of the date 30 days after the order
confirming the sale is entered, against those parties to the foreclosure
whose interests the court has ordered terminated, without further notice to
any party, further order of the court, or resort to proceedings under any
other statute other than this Article. This right to possession shall be
limited by the provisions governing entering and enforcing orders of
possession under subsection (g) of Section 15-1508. If the holder or
purchaser determines that there are occupants of the mortgaged real estate
who have not been made parties to the foreclosure and had their interests
terminated therein, the holder or purchaser may bring a proceeding under
subsection (h) of this Section or under Article 9 of this Code to terminate
the rights of possession of any such occupants. The holder or purchaser
shall not be entitled to proceed against any such occupant under Article 9
of this Code until after 30 days after the order confirming the sale is
entered.

New matter indicated by italics - deletions by strikeout
(e) Termination of Leases. A lease of all or any part of the mortgaged real estate shall not be terminated automatically solely by virtue of the entry into possession by (i) a mortgagee or receiver prior to the entry of an order confirming the sale, (ii) the holder of the certificate of sale, (iii) the holder of the deed issued pursuant to that certificate, or (iv) if no certificate or deed was issued, the purchaser at the sale.

(f) Other Statutes; Instruments. The provisions of this Article providing for possession of mortgaged real estate shall supersede any other inconsistent statutory provisions. In particular, and without limitation, whenever a receiver is sought to be appointed in any action in which a foreclosure is also pending, a receiver shall be appointed only in accordance with this Article. Except as may be authorized by this Article, no mortgage or other instrument may modify or supersede the provisions of this Article.

(g) Certain Leases. Leases of the mortgaged real estate entered into by a mortgagee in possession or a receiver and approved by the court in a foreclosure shall be binding on all parties, including the mortgagor after redemption, the purchaser at a sale pursuant to a judgment of foreclosure and any person acquiring an interest in the mortgaged real estate after entry of a judgment of foreclosure in accordance with Sections 15-1402 and 15-1403.

(h) Proceedings Against Certain Occupants.

(1) The mortgagee-in-possession of the mortgaged real estate under Section 15-1703, a receiver appointed under Section 15-1704, a holder of the certificate of sale or deed, or the purchaser may, at any time during the pendency of the foreclosure and up to 90 days after the date of the order confirming the sale, file a supplemental petition for possession against a person not personally named as a party to the foreclosure. The supplemental petition for possession shall name each such occupant against whom possession is sought and state the facts upon which the claim for relief is premised.

(2) The petitioner shall serve upon each named occupant the petition, a notice of hearing on the petition, and, if any, a copy
of the certificate of sale or deed. The proceeding for the
termination of such occupant's possessory interest, including
service of the notice of the hearing and the petition, shall in all
respects comport with the requirements of Article 9 of this Code,
except as otherwise specified in this Section. The hearing shall be
no less than 21 days from the date of service of the notice.

(3) The supplemental petition shall be heard as part of the
foreclosure proceeding and without the payment of additional
filing fees. An order for possession obtained under this Section
shall name each occupant whose interest has been terminated, shall
recite that it is only effective as to the occupant so named and those
holding under them, and shall be enforceable for no more than 90
days after its entry, except that the 90-day period may be extended
to the extent and in the manner provided in Section 9-117 of
Article 9 and except as provided in item (4) of this subsection (h).

(4) In a case of foreclosure where the tenant is current on
his or her rent, any order of possession must allow the tenant to
retain possession of the property covered in his or her rental
agreement (i) for 120 days following the notice of the hearing on
the supplemental petition that has been properly served upon the
tenant, or (ii) through the duration of his or her lease, whichever is
shorter. This item (4) shall only apply if the tenant continues to pay
his or her rent in full during the 120-day period.

(105 ILCS 5/21-5b)

Sec. 21-5b. Alternative certification. The State Board of Education, in consultation with the State Teacher Certification Board, shall establish and implement an alternative certification program under which persons who meet the requirements of and successfully complete the program established by this Section shall be issued an alternative teaching certificate for teaching in the schools. The

Alternative Teacher Certification program course of study must include the current content and skills contained in the university's current courses for State certification which have been approved by the State Board of Education, in consultation with the State Teacher Certification Board, as the requirement for State teacher certification.

The alternative certification program established under this Section shall be known as the Alternative Teacher Certification program. The Alternative Teacher Certification Program shall be offered by the submitting partnership and may be offered in conjunction with one or more not-for-profit organizations in the State which support excellence in teaching. The program shall be comprised of the following 3 phases: (a) the first phase is the course of study offered on an intensive basis in education theory, instructional methods, and practice teaching; (b) the second phase is the person's assignment to a full-time teaching position for one school year; and (c) the third phase is a comprehensive assessment of the person's teaching performance by school officials and the partnership participants and a recommendation by the partner institution of higher education to the State Board of Education that the person be issued a standard alternative teaching certificate. Successful completion of the Alternative Teacher Certification program shall be deemed to satisfy any other practice or student teaching and subject matter requirements established by law.

A provisional alternative teaching certificate, valid for one year of teaching in the common schools and not renewable, shall be issued under this Section 21-5b to persons who at the time of applying for the provisional alternative teaching certificate under this Section:

(3) have passed the tests of basic skills and subject matter knowledge required by Section 21-1a; and

(4) (i) have been employed for a period of at least 5 years in an area requiring application of the individual's education or (ii) have attained at least a cumulative grade average of a "B" if the individual is assigned either to a school district that has not met the annual measurable objective for highly qualified teachers required by the Illinois Revised Highly Qualified Teachers (HQT) Plan or to a school district whose data filed with the State Board of Education indicates that the district's poor and minority students are taught by teachers who are not highly qualified at a higher rate than other students; however, this item (4) requirement does not apply with respect to a provisional alternative teaching certificate for teaching in schools situated in a school district that is located in a city having a population in excess of 500,000 inhabitants. Assignment may be made under clause (ii) of this item (4) only if the district superintendent and the exclusive bargaining representative of the district's teachers, if any, jointly agree to permit the assignment.

A person possessing a provisional alternative certificate under this Section shall be treated as a regularly certified teacher for purposes of compensation, benefits, and other terms and conditions of employment afforded teachers in the school who are members of a bargaining unit represented by an exclusive bargaining representative, if any.

Until February 15, 2000, a standard alternative teaching certificate, valid for 4 years for teaching in the schools and renewable as provided in Section 21-14, shall be issued under this Section 21-5b to persons who first complete the requirements for the provisional alternative teaching certificate and who at the time of applying for a standard alternative teaching certificate under this Section have successfully completed the second and third phases of the Alternative Teacher Certification program as provided in this Section. Alternatively, beginning February 15, 2000, at the end of the 4-year validity period, persons who were issued a standard alternative teaching certificate shall be eligible, on the same basis as holders of an Initial Teaching Certificate issued under subsection (b) of Section 21-2 of this Code, to apply for a Standard Teaching Certificate.
provided they meet the requirements of subsection (c) of Section 21-2 of this Code and further provided that a person who does not apply for and receive a Standard Teaching Certificate shall be able to teach only in schools situated in a school district that is located in a city having a population in excess of 500,000 inhabitants.

Beginning February 15, 2000, persons who have completed the requirements for a standard alternative teaching certificate under this Section shall be issued an Initial Alternative Teaching Certificate valid for 4 years of teaching and not renewable. At the end of the 4-year validity period, these persons shall be eligible, on the same basis as holders of an Initial Teaching Certificate issued under subsection (b) of Section 21-2 of this Code, to apply for a Standard Teaching Certificate, provided they meet the requirements of subsection (c) of Section 21-2.

This alternative certification program shall be implemented so that the first provisional alternative teaching certificates issued under this Section are effective upon the commencement of the 1997-1998 academic year and the first standard alternative teaching certificates issued under this Section are effective upon the commencement of the 1998-1999 academic year.

The State Board of Education, in cooperation with the partnership establishing the Alternative Teacher Certification program, shall adopt rules and regulations that are consistent with this Section and that the State Board of Education deems necessary to establish and implement the program.

There shall be no preference between the persons giving such notice, but all shall be paid pro rata in proportion to the amount due under their respective contracts.

(e) In the event a suit to enforce a claim based on a notice of claim for lien is commenced in accordance with this Section, and the suit is subsequently dismissed, the lien for the work claimed under the notice of claim for lien shall terminate 30 days after the effective date of the order dismissing the suit unless the lien claimant shall file a motion to reinstate the suit, a motion to reconsider, or a notice of appeal within the 30-day period. Sec. 2-121. Survivor's annuity - conditions for payment.

New matter indicated by italics - deletions by strikeout
(a) A survivor's annuity shall be payable to a surviving spouse or eligible child (1) upon the death in service of a participant with at least 2 years of service credit, or (2) upon the death of an annuitant in receipt of a retirement annuity, or (3) upon the death of a participant who terminated service with at least 4 years of service credit.

The change in this subsection (a) made by this amendatory Act of 1995 applies to survivors of participants who die on or after December 1, 1994, without regard to whether or not the participant was in service on or after the effective date of this amendatory Act of 1995.

(b) To be eligible for the survivor's annuity, the spouse and the participant or annuitant must have been married for a continuous period of at least one year immediately preceding the date of death, but need not have been married on the day of the participant's last termination of service, regardless of whether such termination occurred prior to the effective date of this amendatory Act of 1985.

(c) The annuity shall be payable beginning on the date of a participant's death, or the first of the month following an annuitant's death, if the spouse is then age 50 or over, or beginning at age 50 if the spouse is then under age 50. If an eligible child or children of the participant or annuitant (or a child or children of the eligible spouse meeting the criteria of item (1), (2), or (3) of subsection (d) of this Section) also survive, and the child or children are under the care of the eligible spouse, the annuity shall begin as of the date of a participant's death, or the first of the month following an annuitant's death, without regard to the spouse's age.

The change to this subsection made by this amendatory Act of 1998 (relating to children of an eligible spouse) applies to the eligible spouse of a participant or annuitant who dies on or after the effective date of this amendatory Act, without regard to whether the participant or annuitant is in service on or after that effective date.

(d) For the purposes of this Section and Section 2-121.1, "eligible child" means a child of the deceased participant or annuitant who is at least one of the following:

1. unmarried and under the age of 18;
2. unmarried, a full-time student, and under the age of 22;

New matter indicated by italics - deletions by strikeout
(3) dependent by reason of physical or mental disability.

The inclusion of unmarried students under age 22 in the calculation of survivor's annuities by this amendatory Act of 1991 shall apply to all eligible students beginning January 1, 1992, without regard to whether the deceased participant or annuitant was in service on or after the effective date of this amendatory Act of 1991.

Adopted children shall have the same status as children of the participant or annuitant, but only if the proceedings for adoption are commenced at least one year prior to the date of the participant's or annuitant's death:

(e) Remarriage of a surviving spouse prior to attainment of age 55 shall disqualify the surviving spouse from the receipt of a survivor's annuity, if the remarriage occurs before the effective date of this amendatory Act of the 91st General Assembly.

The changes made to this subsection by this amendatory Act of the 91st General Assembly (pertaining to remarriage prior to age 55) apply without regard to whether the deceased participant or annuitant was in service on or after the effective date of this amendatory Act.

Sec. 4-114. Pension to survivors. If a firefighter who is not receiving a disability pension under Section 4-110 or 4-110.1 dies (1) as a result of any illness or accident, or (2) from any cause while in receipt of a disability pension under this Article, or (3) during retirement after 20 years service, or (4) while vested for or in receipt of a pension payable under subsection (b) of Section 4-109, or (5) while a deferred pensioner, having

made all required contributions, a pension shall be paid to his or her survivors, based on the monthly salary attached to the firefighter's rank on the last day of service in the fire department, as follows:

(a)(1) To the surviving spouse, a monthly pension of 40% of the monthly salary, and to the guardian of any minor child or children including a child which has been conceived but not yet born, 12% of such monthly salary for each such child until attainment of age 18 or until the child's marriage, whichever occurs first. Beginning July 1, 1993, the monthly pension to the surviving spouse shall be 54% of the monthly salary for all persons receiving a surviving spouse pension under this Article, regardless of whether the deceased firefighter was in service on or after the effective date of this amendatory Act of 1993.

(2) Beginning July 1, 2004, unless the amount provided under paragraph (1) of this subsection (a) is greater, the total monthly pension payable under this paragraph (a), including any amount payable on account of children, to the surviving spouse of a firefighter who died (i) while receiving a retirement pension, (ii) while he or she was a deferred pensioner with at least 20 years of creditable service, or (iii) while he or she was in active service having at least 20 years of creditable service, regardless of age, shall be no less than 100% of the monthly retirement pension earned by the deceased firefighter at the time of death, regardless of whether death occurs before or after attainment of age 50, including any increases under Section 4-109.1. This minimum applies to all such surviving spouses who are eligible to receive a surviving spouse pension, regardless of whether the deceased firefighter was in service on or after the effective date of this amendatory Act of the 93rd General Assembly, and notwithstanding any limitation on maximum pension under paragraph (d) or any other provision of this Article.

(3) If the pension paid on and after July 1, 2004 to the surviving spouse of a firefighter who died on or after July 1, 2004 and before the effective date of this amendatory Act of the 93rd

General Assembly was less than the minimum pension payable under paragraph (1) or (2) of this subsection (a), the fund shall pay a lump sum equal to the difference within 90 days after the effective date of this amendatory Act of the 93rd General Assembly.

The pension to the surviving spouse shall terminate in the event of the surviving spouse's remarriage prior to July 1, 1993; remarriage on or after that date does not affect the surviving spouse's pension, regardless of whether the deceased firefighter was in service on or after the effective date of this amendatory Act of 1993.

The surviving spouse's pension shall be subject to the minimum established in Section 4-109.2.

(b) Upon the death of the surviving spouse leaving one or more minor children, to the duly appointed guardian of each such child, for support and maintenance of each such child until the child reaches age 18 or marries, whichever occurs first, a monthly pension of 20% of the monthly salary.

(c) If a deceased firefighter leaves no surviving spouse or unmarried minor children under age 18, but leaves a dependent father or mother, to each dependent parent a monthly pension of 18% of the monthly salary. To qualify for the pension, a dependent parent must furnish satisfactory proof that the deceased firefighter was at the time of his or her death the sole supporter of the parent or that the parent was the deceased's dependent for federal income tax purposes.

(d) The total pension provided under paragraphs (a), (b) and (c) of this Section shall not exceed 75% of the monthly salary of the deceased firefighter (1) when paid to the survivor of a firefighter who has attained 20 or more years of service credit and who receives or is eligible to receive a retirement pension under this Article, or (2) when paid to the survivor of a firefighter who dies as a result of illness or accident, or (3) when paid to the survivor of a firefighter who dies from any cause while in receipt of a disability pension under this Article, or (4) when paid to the survivor of a deferred pensioner. For all other survivors of deceased firefighters, the total pension provided under paragraphs (a), (b) and (c) of this Section

shall not exceed 50% of the retirement annuity the firefighter would have received on the date of death.

The maximum pension limitations in this paragraph (d) do not control over any contrary provision of this Article explicitly establishing a minimum amount of pension or granting a one-time or annual increase in pension.

(e) If a firefighter leaves no eligible survivors under paragraphs (a), (b) and (c), the board shall refund to the firefighter's estate the amount of his or her accumulated contributions, less the amount of pension payments, if any, made to the firefighter while living.

(f) (Blank) An adopted child is eligible for the pension provided under paragraph (a) if the child was adopted before the firefighter attained age 50.

(g) If a judgment of dissolution of marriage between a firefighter and spouse is judicially set aside subsequent to the firefighter's death, the surviving spouse is eligible for the pension provided in paragraph (a) only if the judicial proceedings are filed within 2 years after the date of the dissolution of marriage and within one year after the firefighter's death and the board is made a party to the proceedings. In such case the pension shall be payable only from the date of the court's order setting aside the judgment of dissolution of marriage.

(h) Benefits payable on account of a child under this Section shall not be reduced or terminated by reason of the child's attainment of age 18 if he or she is then dependent by reason of a physical or mental disability but shall continue to be paid as long as such dependency continues. Individuals over the age of 18 and adjudged as a disabled person pursuant to Article XIA of the Probate Act of 1975, except for persons receiving benefits under Article III of the Illinois Public Aid Code, shall be eligible to receive benefits under this Act.

(i) Beginning January 1, 2000, the pension of the surviving spouse of a firefighter who dies on or after January 1, 1994 as a result of sickness, accident, or injury incurred in or resulting from the performance of an act of duty or from the cumulative effects of acts of duty shall not be less than 100% of the salary attached to the rank held by the deceased firefighter on
the last day of service, notwithstanding subsection (d) or any other provision of this Article.

(j) Beginning July 1, 2004, the pension of the surviving spouse of a firefighter who dies on or after January 1, 1988 as a result of sickness, accident, or injury incurred in or resulting from the performance of an act of duty or from the cumulative effects of acts of duty shall not be less than 100% of the salary attached to the rank held by the deceased firefighter on the last day of service, notwithstanding subsection (d) or any other provision of this Article.

Benefits payable to or on account of a child under this Article shall not be reduced or terminated by reason of the child's adoption by a third party after the firefighter's death.

Sec. 5-152. Child's annuity - Conditions - Amount. A child's annuity shall be payable in the following cases of policemen who die on or after the effective date: (a) A policeman whose death results from injury incurred in the performance of an act or acts of duty; (b) a policeman who dies in service from any cause; (c) a policeman who withdraws upon or
after attainment of age 50 and who enters upon or is eligible for annuity;
(d) a present employee with at least 20 years of service who dies after
withdrawal, whether or not he has entered upon annuity.

A child to be eligible must have been born or legally adopted
before the policeman has withdrawn from service. In the case of an
adopted child, the policeman shall be married and living with his wife at
the time of the adoption, and the proceedings for adoption must have been
initiated at least 6 months prior to the policeman's death. The requirement
that the proceedings for adoption be initiated at least 6 months prior to the
policeman's death does not apply where death occurs as a result of an act
of duty:

Only one annuity shall be granted and paid for the benefit of any
child if both parents have been policemen.

The annuity shall be paid, without regard to the fact that the death
of the deceased policeman parent may have occurred prior to the effective
date of this amendatory Act of 1975, in an amount equal to 10% of the
annual maximum salary attached to the classified civil service position of
a first class patrolman on July 1, 1975, or the date of the policeman's
death, whichever is later, for each child while a widow or widower of the
deceased policeman survives and in an amount equal to 15% of the annual
maximum salary attached to the classified civil service position of a first
class patrolman on July 1, 1975, or the date of the policeman's death,
whichever is later, while no widow or widower shall survive, provided that
if the combined annuities for the widow and children of a policeman who
dies on or after September 26, 1969, as the result of an act of duty, or for
the children of such policeman in any case wherein a widow or widower
does not exist, exceed the salary that would ordinarily have been paid to
him if he had been in the active discharge of his duties, all such annuities
shall be reduced pro rata so that the combined annuities for the family
shall not exceed such limitation. The compensation portion of the annuity
of the widow shall not be considered in making such reduction. Benefits
payable under this Section shall not be reduced or terminated by reason of
any child's attainment of age 18 if he is then dependent by reason of a
physical or mental disability but shall continue to be paid as long as such

dependency continues. For the purposes of this subsection, "disability" means inability to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months.

In the case of a family of a policeman who dies on or after September 26, 1969, as the result of any cause other than the performance of an act of duty, in which annuities for such family exceed an amount equal to 60% of the salary that would ordinarily have been paid to him if he had been in the active discharge of his duties, all such annuities shall be reduced pro rata so that the combined annuities shall not exceed such limitation.

Child's annuity shall be paid to the parent providing for the child, unless another person is appointed by a court of law as the child's guardian.

Sec. 6-148. A child's annuity, shall be paid for the benefit of any unmarried child, less than age 18, of any following described firemen:

(a) A fireman whose death results from the performance of any act or acts of duty; (b) a fireman who dies in service from any cause; (c) a fireman who withdraws subsequent to age 50 and who enters upon or is eligible for annuity; and (d) a fireman having at least 20 years of service who withdraws and dies before he enters upon annuity.

A child to be eligible must have been born or in esse before the fireman withdrew, or legally adopted by a fireman at least one year prior to the fireman's death or withdrawal. The requirement that the adoption take place at least 1 year prior to the fireman's death does not apply where death occurs as a result of an act or acts of duty or as the result of any accident.

The annuity shall be paid without regard to the fact that the death of the deceased fireman parent may have occurred prior to the effective date of this amendatory Act and shall be paid monthly in an amount equal to 15% of the current annual maximum salary attached to the classified civil service position of fire fighter if no widow survives and 10% of such salary if a widow survives.

Child's annuity shall be paid to the parent who is providing for the child, unless another person is appointed by a court of law as the child's guardian.

However, beginning January 1, 1994, no duty disability benefit that has been payable under this Section for at least 10 years shall be less than 50% of the current salary attached from time to time to the rank and grade held by the fireman at the time of his removal from the Department payroll, regardless of whether that removal occurred before the effective date of this amendatory Act of 1993.

Whenever an active fireman is or becomes so injured or sick, as to require medical or hospital attention, the chief officer of the fire department of the city shall file, or cause to be filed, with the board a report of the nature and cause of his disability, together with the certificate or report of the physician attending or treating, or who attended or treated the fireman, and a copy of any hospital record concerning the disability. Any injury or sickness not reported to the board in time to permit the board's physician to examine the fireman before his recovery, and any injury or sickness for which a physician's report or copy of the hospital record is not on file with the board shall not be considered for the payment of duty disability benefit.

Such fireman shall also receive a child's disability benefit of $30 per month on account of each unmarried child, the issue of the fireman or legally adopted by him prior to the date of disability, who is less than 18 years of age or handicapped and dependent upon the fireman for support. The total amount of child's disability benefit shall not exceed 25% of his salary at the time the disability is allowed.

The first payment of duty disability or child's disability benefit shall be made not later than one month after the benefit is granted. Each subsequent payment shall be made not later than one month after the date of the latest payment.

Duty disability benefit shall be payable during the period of the disability until the fireman reaches the age of compulsory retirement. Child's disability benefit shall be paid to such a fireman during the period of disability until such child or children attain age 18 or marries, whichever event occurs first; except that attainment of age 18 by a child who is so physically or mentally handicapped as to be dependent upon the fireman for support, shall not render the child ineligible for child's disability benefit. The fireman shall thereafter receive such annuity or annuities as are provided for him in accordance with other provisions of this Article.

Sec. 7-145.2. Alternative survivor's benefits for survivors of county officers. In lieu of the survivor's benefits otherwise payable under this Article, the spouse or eligible child of any deceased elected county officer who (1) had elected to participate in the Fund, and (2) was either making additional optional contributions in accordance with Section 7-145.1 on the date of death, or was receiving an annuity calculated under that Section at the time of death, may elect to receive an annuity beginning on the date of the elected county officer's death, provided that the spouse and officer must have been married on the date of the last termination of his or her service as an elected county officer and for a continuous period of at least one year immediately preceding his or her death.

The annuity shall be payable beginning on the date of the elected county officer's death if the spouse is then age 50 or over, or beginning at age 50 if the age of the spouse is less than 50 years. If a minor unmarried child or children of the county officer, under age 18, also survive, and the child or children are under the care of the eligible spouse, the annuity shall begin as of the date of death of the elected county officer without regard to the spouse's age.

The annuity to a spouse shall be 66 2/3% of the amount of retirement annuity earned by the elected county officer on the date of death, subject to a minimum payment of 10% of salary, provided that if an eligible spouse, regardless of age, has in his or her care at the date of death of the elected county officer any unmarried child or children of the county officer, under age 18, the minimum annuity shall be 30% of the elected officer's salary, plus 10% of salary on account of each minor child of the elected county officer, subject to a combined total payment on account of a spouse and minor children not to exceed 50% of the deceased officer's salary. In the event there shall be no spouse of the elected county officer surviving, or should a spouse remarry or die while eligible minor children still survive the elected county officer, each such child shall be entitled to an annuity equal to 20% of salary of the elected officer subject to a combined total payment on account of all such children not to exceed 50% of salary of the elected county officer. The salary to be used in the

calculation of these benefits shall be the same as that prescribed for determining a retirement annuity as provided in Section 7-145.1.

Upon the death of an elected county officer occurring after termination of service or while in receipt of a retirement annuity, the combined total payment to a spouse and minor children, or to minor children alone if no eligible spouse survives, shall be limited to 75% of the amount of retirement annuity earned by the county officer.

Adopted children shall have status as children of the elected county officer only if the proceedings for adoption were commenced at least one year prior to the date of the elected county officer's death.

Marriage of a child or attainment of age 18, whichever first occurs, shall render the child ineligible for further consideration in the payment of an annuity to a spouse or in the increase in the amount thereof. Upon attainment of ineligibility of the youngest minor child of the elected county officer, the annuity shall immediately revert to the amount payable upon death of an elected county officer leaving no minor children surviving him or her. If the spouse is under age 50 at such time, the annuity as revised shall be deferred until such age is attained. Remarriage of a widow or widower prior to attainment of age 55 shall disqualify the spouse from the receipt of an annuity.

In lieu of the survivor's benefits otherwise payable under this Article, the spouse or eligible child of any deceased county officer elected by vote of the people who (1) had elected to participate in the Fund, and (2) was either making additional optional contributions in accordance with Section 9-121.6 on the date of death, or was receiving an annuity calculated under that Section at the time of death, may elect to receive an annuity beginning on the date of the elected county officer's death, provided that the spouse and officer must have been married on the date of the last termination of his or her service as an elected county officer and for a continuous period of at least one year immediately preceding his or her death.

The annuity shall be payable beginning on the date of the elected county officer's death if the spouse is then age 50 or over, or beginning at age 50 if the age of the spouse is less than 50 years. If a minor unmarried child or children of the county officer, under age 18, also survive, and the child or children are under the care of the eligible spouse, the annuity shall begin as of the date of death of the elected county officer without regard to the spouse's age.

The annuity to a spouse shall be 66 2/3% of the amount of retirement annuity earned by the elected county officer on the date of death, subject to a minimum payment of 10% of salary, provided that if an eligible spouse, regardless of age, has in his or her care at the date of death of the elected county officer any unmarried child or children of the county officer, under age 18, the minimum annuity shall be 30% of the elected officer's salary, plus 10% of salary on account of each minor child of the elected county officer, subject to a combined total payment on account of a spouse and minor children not to exceed 50% of the deceased officer's

salary. In the event there shall be no spouse of the elected county officer surviving, or should a spouse remarry or die while eligible minor children still survive the elected county officer, each such child shall be entitled to an annuity equal to 20% of salary of the elected officer subject to a combined total payment on account of all such children not to exceed 50% of salary of the elected county officer. The salary to be used in the calculation of these benefits shall be the same as that prescribed for determining a retirement annuity as provided in Section 9-121.6.

Upon the death of an elected county officer occurring after termination of service or while in receipt of a retirement annuity, the combined total payment to a spouse and minor children, or to minor children alone if no eligible spouse survives, shall be limited to 75% of the amount of retirement annuity earned by the county officer.

Adopted children shall have status as children of the elected county officer only if the proceedings for adoption were commenced at least one year prior to the date of the elected county officer's death.

Marriage of a child or attainment of age 18, whichever first occurs, shall render the child ineligible for further consideration in the payment of an annuity to a spouse or in the increase in the amount thereof. Upon attainment of ineligibility of the youngest minor child of the elected county officer, the annuity shall immediately revert to the amount payable upon death of an elected county officer leaving no minor children surviving him or her. If the spouse is under age 50 at such time, the annuity as revised shall be deferred until such age is attained. Remarriage of a widow or widower prior to attainment of age 55 shall disqualify the spouse from the receipt of an annuity.

Sec. 13-308. Child's annuity.

(a) Eligibility. A child's annuity shall be provided for each unmarried child under the age of 18 years (under the age of 23 years in the case of a full-time student) whose employee parent dies while in service, or whose deceased parent is an annuitant or former employee with at least 10 years of creditable service who did not take a refund of employee contributions. Eligibility for benefits to unmarried children over the age of 18 but under the age of 23 begins no earlier than the first day of the month following the month in which this amendatory Act of the 94th General Assembly takes effect.

For purposes of this Section, "employee" includes a former employee, and "child" means the issue of an employee; or a child adopted by an employee if the proceedings for adoption were instituted at least one year prior to the employee's death.

Payments shall cease when a child attains the age of 18 years (age of 23 years in the case of a full-time student) or marries, whichever first occurs. The annuity shall not be payable unless the employee has been employed as an employee for at least 36 months from the date of the employee's original entry into service (at least 24 months in the case of an employee who first entered service before June 13, 1997) and at least 12 months from the date of the employee's latest re-entry into service; provided, however, that if death arises out of and in the course of service to the employer and is compensable under either the Illinois Workers' Compensation Act or Illinois Workers' Occupational Diseases Act, the annuity is payable regardless of the employee's length of service.

(b) Amount. A child's annuity shall be $500 per month for one child and $350 per month for each additional child, up to a maximum of $2,500 per month for all children of the employee, as provided in this

Section, if a parent of the child is living. The child's annuity shall be $1,000 per month for one child and $500 per month for each additional child, up to a maximum of $2,500 for all children of the employee, when neither parent is alive. The total amount payable to all children of the employee shall be divided equally among those children. Any child's annuity which commenced prior to July 12, 2001 shall be increased upon the first day of the month following the month in which that effective date occurs, to the amount set forth herein.

(c) Payment. Until a child attains the age of 18 years, a child's annuity shall be paid to the child's parent or other person who shall be providing for the child without requiring formal letters of guardianship, unless another person shall be appointed by a court of law as guardian.

(40 ILCS 5/13-314) (from Ch. 108 1/2, par. 13-314)

(a) Transfer of credits. Any Water Reclamation District commissioner elected by vote of the people and who has elected to participate in this Fund may transfer to this Fund credits and creditable service accumulated under any other pension fund or retirement system established under Articles 2 through 18 of this Code, upon payment to the Fund of (1) the amount by which the employer and employee contributions that would have been required if he had participated in this Fund during the period for which credit is being transferred, plus interest, exceeds the amounts actually transferred from such other fund or system to this Fund, plus (2) interest thereon at 6% per year compounded annually from the date of transfer to the date of payment.

(b) Alternative annuity. Any participant commissioner may elect to establish alternative credits for an alternative annuity by electing in writing to make additional optional contributions in accordance with this Section and procedures established by the Board. Unless and until such time as the U.S. Internal Revenue Service or the federal courts provide a favorable ruling as described in Section 13-502(f), a commissioner may discontinue making the additional optional contributions by notifying the Fund in
writing in accordance with this Section and procedures established by the Board.

Additional optional contributions for the alternative annuity shall be as follows:

(1) For service after the option is elected, an additional contribution of 3% of salary shall be contributed to the Fund on the same basis and under the same conditions as contributions required under Section 13-502.

(2) For contributions on past service, the additional contribution shall be 3% of the salary for the applicable period of service, plus interest at the annual rate from time to time as determined by the Board, compounded annually from the date of service to the date of payment. Contributions for service before the option is elected may be made in a lump sum payment to the Fund or by contributing to the Fund on the same basis and under the same conditions as contributions required under Section 13-502. All payments for past service must be paid in full before credit is given. No additional optional contributions may be made for any period of service for which credit has been previously forfeited by acceptance of a refund, unless the refund is repaid in full with interest at the rate specified in Section 13-603, from the date of refund to the date of repayment.

In lieu of the retirement annuity otherwise payable under this Article, any commissioner who has elected to participate in the Fund and make additional optional contributions in accordance with this Section, has attained age 55, and has at least 6 years of service credit, may elect to have the retirement annuity computed as follows: 3% of the participant's average final salary as a commissioner for each of the first 8 years of service credit, plus 4% of such salary for each of the next 4 years of service credit, plus 5% of such salary for each year of service credit in excess of 12 years, subject to a maximum of 80% of such salary. To the extent such commissioner has made additional optional contributions with respect to only a portion of years of service credit, the retirement annuity will first be determined in accordance with this Section to the extent such
additional optional contributions were made, and then in accordance with the remaining Sections of this Article to the extent of years of service credit with respect to which additional optional contributions were not made. The change in minimum retirement age (from 60 to 55) made by this amendatory Act of 1993 applies to persons who begin receiving a retirement annuity under this Section on or after the effective date of this amendatory Act, without regard to whether they are in service on or after that date.

(c) Disability benefits. In lieu of the disability benefits otherwise payable under this Article, any commissioner who (1) has elected to participate in the Fund, and (2) has become permanently disabled and as a consequence is unable to perform the duties of office, and (3) was making optional contributions in accordance with this Section at the time the disability was incurred, may elect to receive a disability annuity calculated in accordance with the formula in subsection (b). For the purposes of this subsection, such commissioner shall be considered permanently disabled only if: (i) disability occurs while in service as a commissioner and is of such a nature as to prevent the reasonable performance of the duties of office at the time; and (ii) the Board has received a written certification by at least 2 licensed physicians appointed by it stating that such commissioner is disabled and that the disability is likely to be permanent.

(d) Alternative survivor's benefits. In lieu of the survivor's benefits otherwise payable under this Article, the spouse or eligible child of any deceased commissioner who (1) had elected to participate in the Fund, and (2) was either making (or had already made) additional optional contributions on the date of death, or was receiving an annuity calculated under this Section at the time of death, may elect to receive an annuity beginning on the date of the commissioner's death, provided that the spouse and commissioner must have been married on the date of the last termination of a service as commissioner and for a continuous period of at least one year immediately preceding death.

The annuity shall be payable beginning on the date of the commissioner's death if the spouse is then age 50 or over, or beginning at age 50 if the age of the spouse is less than 50 years. If a minor unmarried...
child or children of the commissioner, under age 18 (age 23 in the case of a full-time student), also survive, and the child or children are under the care of the eligible spouse, the annuity shall begin as of the date of death of the commissioner without regard to the spouse's age.

The annuity to a spouse shall be the greater of (i) 66 2/3% of the amount of retirement annuity earned by the commissioner on the date of death, subject to a minimum payment of 10% of salary, provided that if an eligible spouse, regardless of age, has in his or her care at the date of death of the commissioner any unmarried child or children of the commissioner under age 18, the minimum annuity shall be 30% of the commissioner's salary, plus 10% of salary on account of each minor child of the commissioner, subject to a combined total payment on account of a spouse and minor children not to exceed 50% of the deceased commissioner's salary; or (ii) for the spouse of a commissioner whose death occurs on or after the effective date of this amendatory Act of the 94th General Assembly, the surviving spouse annuity shall be computed in the same manner as described in Section 13-306(a). The number of total service years used to calculate the commissioner's annuity shall be the number of service years used to calculate the annuity for that commissioner's surviving spouse. In the event there shall be no spouse of the commissioner surviving, or should a spouse die while eligible minor children still survive the commissioner, each such child shall be entitled to an annuity equal to 20% of salary of the commissioner subject to a combined total payment on account of all such children not to exceed 50% of salary of the commissioner. The salary to be used in the calculation of these benefits shall be the same as that prescribed for determining a retirement annuity as provided in subsection (b) of this Section.

Upon the death of a commissioner occurring after termination of a service or while in receipt of a retirement annuity, the combined total payment to a spouse and minor children, or to minor children alone if no eligible spouse survives, shall be limited to 85% of the amount of retirement annuity earned by the commissioner.

New matter indicated by italics - deletions by strikeout
Adopted children shall have status as natural children of the commissioner only if the proceedings for adoption were commenced at least one year prior to the date of the commissioner's death.

Marriage of a child or attainment of age 18 (age 23 in the case of a full-time student), whichever first occurs, shall render the child ineligible for further consideration in the payment of annuity to a spouse or in the increase in the amount thereof. Upon attainment of ineligibility of the youngest minor child of the commissioner, the annuity shall immediately revert to the amount payable upon death of a commissioner leaving no minor children surviving. If the spouse is under age 50 at such time, the annuity as revised shall be deferred until such age is attained.

(e) Refunds. Refunds of additional optional contributions shall be made on the same basis and under the same conditions as provided under Section 13-601. Interest shall be credited on the same basis and under the same conditions as for other contributions.

Optional contributions shall be accounted for in a separate Commission's Optional Contribution Reserve. Optional contributions under this Section shall be included in the amount of employee contributions used to compute the tax levy under Section 13-503.

(f) Effective date. The effective date of this plan of optional alternative benefits and contributions shall be the date upon which approval was received from the U.S. Internal Revenue Service. The plan of optional alternative benefits and contributions shall not be available to any former employee receiving an annuity from the Fund on the effective date, unless said former employee re-enters service and renders at least 3 years of additional service after the date of re-entry as a commissioner.

(b) If an eligible widow, regardless of age, has in her care any unmarried child or children of the member under age 18 (under age 22 if a full-time student), the widow's annuity shall be increased in the amount of 5% of the retirement annuity for each such child, but the combined payments for a widow and children shall not exceed 66 2/3% of the member's earned retirement annuity.

The amount of retirement annuity from which the widow's annuity is derived shall be that earned by the member without regard to whether he attained age 60 prior to his withdrawal under the conditions stated or prior to his death.

(c) Adopted children shall be considered as children of the member only if the proceedings for adoption were commenced at least 1 year prior to the member's death.

Marriage of a child shall render the child ineligible for further consideration in the increase in the amount of the widow's annuity.

Attainment of age 18 (age 22 if a full-time student) shall render a child ineligible for further consideration in the increase of the widow's annuity, but the annuity to the widow shall be continued thereafter, without regard to her age at that time.

(d) A widow's annuity payable on account of any covered employee who shall have been a covered employee for at least 18 months shall be reduced by 1/2 of the amount of survivors benefits to which his beneficiaries are eligible under the provisions of the Federal Social Security Act, except that (1) the amount of any widow's annuity payable under this Article shall not be reduced by reason of any increase under that Act which occurs after the offset required by this subsection is first applied to that annuity, and (2) for benefits granted on or after January 1, 1992, the offset under this subsection (d) shall not exceed 50% of the amount of widow's annuity otherwise payable.

(f) On January 1, 1981, any recipient of a widow's annuity who was receiving a widow's annuity on or before January 1, 1971, shall have her widow's annuity then being paid increased by 1% for each full year which has elapsed from the date the widow's annuity began. On January 1, 1982, any recipient of a widow's annuity who began receiving a widow's annuity after January 1, 1971, but before January 1, 1981, shall have her widow's annuity then being paid increased by 1% for each full year which has elapsed from the date the widow's annuity began. On January 1, 1987, any recipient of a widow's annuity who began receiving the widow's annuity on or before January 1, 1977, shall have the monthly widow's annuity increased by $1 for each full year which has elapsed since the date the annuity began.

(g) Beginning January 1, 1990, every widow's annuity shall be increased (1) on each January 1 occurring on or after the commencement of the annuity if the deceased member died while receiving a retirement annuity, or (2) in other cases, on each January 1 occurring on or after the first anniversary of the commencement of the annuity, by an amount equal to 3% of the current amount of the annuity, including any previous increases under this Article. Such increases shall apply without regard to whether the deceased member was in service on or after the effective date of Public Act 86-1488, but shall not accrue for any period prior to January 1, 1990.

Sec. 14-120. Survivors annuities - Conditions for payments. A survivors annuity is established for all members of the System. Upon the death of any male person who was a member on July 19, 1961, however, his widow may have the option of receiving the widow's annuity provided in this Article, in lieu of the survivors annuity.
(a) A survivors annuity beneficiary, as herein defined, is eligible for a survivors annuity if the deceased member had completed at least 1 1/2 years of contributing creditable service if death occurred:

(1) while in service;
(2) while on an approved or authorized leave of absence from service, not exceeding one year continuously; or
(3) while in receipt of a non-occupational disability or an occupational disability benefit.

(b) If death of the member occurs after withdrawal, the survivors annuity beneficiary is eligible for such annuity only if the member had fulfilled at the date of withdrawal the prescribed service conditions for establishing a right in a retirement annuity.

(c) Payment of the survivors annuity shall begin immediately if the beneficiary is 50 years or over, or upon attainment of age 50 if the beneficiary is under that age at the date of the member's death. In the case of survivors of a member whose death occurred between November 1, 1970 and July 15, 1971, the payment of the survivors annuity shall begin upon October 1, 1977, if the beneficiary is then 50 years of age or older, or upon the attainment of age 50 if the beneficiary is under that age on October 1, 1977.

If an eligible child or children, under the care of the spouse also survive the member, the survivors annuity shall begin immediately without regard to whether the beneficiary has attained age 50.

Benefits under this Section shall accrue and be payable for whole calendar months, beginning on the first day of the month after the initiating event occurs and ending on the last day of the month in which the terminating event occurs.

(d) A survivor annuity beneficiary means:

(1) A spouse of a member or annuitant if:
   (i) in the case of a member or annuitant who dies before the effective date of this amendatory Act of the 91st General Assembly, the current marriage with the member or annuitant was in effect for at least one year at the date of death or withdrawal, whichever first occurs; or

(ii) in the case of a member or annuitant who dies on or after the effective date of this amendatory Act of the 91st General Assembly, the current marriage with the member or annuitant was in effect for at least one year immediately prior to the date of death, regardless of the date of withdrawal.

(2) An unmarried child under age 18 (under age 22 if a full-time student) of the member or annuitant; an unmarried stepchild under age 18 (under age 22 if a full-time student) who has been such for at least one year at the date of the member's death or at least one year at the date of withdrawal, whichever first occurs; an unmarried adopted child under age 18 (under age 22 if a full-time student) if the adoption proceedings were initiated at least one year prior to the death or withdrawal of the member or annuitant, whichever first occurs; and an unmarried child over age 18 if he or she is dependent by reason of a physical or mental disability, so long as the physical or mental disability continues. For purposes of this subsection, disability means inability to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months.

(3) A dependent parent of the member or annuitant; a dependent step-parent by a marriage contracted before the member or annuitant attained age 18; or a dependent adopting parent by whom the member or annuitant was adopted before he or she attained age 18.

(e) Payment of a survivors annuity to a beneficiary terminates upon: (1) remarriage before age 55 that occurs before the effective date of this amendatory Act of the 91st General Assembly or death, if the beneficiary is a spouse; (2) marriage or death, if the beneficiary is a child; or (3) remarriage before age 55 or death, if the beneficiary is a parent. Remarriage of a prospective beneficiary prior to the attainment of age 50 disqualifies the beneficiary for the annuity expectancy hereunder, if the

remarriage occurs before the effective date of this amendatory Act of the 91st General Assembly. Termination due to marriage or remarriage shall be permanent, regardless of any future changes in marital status.

The substantive changes made to this subsection by this amendatory Act of the 91st General Assembly (pertaining to remarriage prior to age 55 or 50) apply without regard to whether the deceased participant or annuitant was in service on or after the effective date of this amendatory Act.

Any person whose survivors annuity was terminated during 1978 or 1979 due to remarriage at age 55 or over shall be eligible to apply, not later than July 1, 1990, for a resumption of that annuity, to begin on July 1, 1990.

(f) The term "dependent" relating to a survivors annuity means a beneficiary of a survivors annuity who was receiving from the member at the date of the member's death at least 1/2 of the support for maintenance including board, lodging, medical care and like living costs.

(g) If there is no eligible spouse surviving the member, or if a survivors annuity beneficiary includes a spouse who dies or is disqualified by remarriage, the annuity is payable to an unmarried child or children. If at the date of death of the member there is no spouse or unmarried child, payments shall be made to a dependent parent or parents. If no eligible survivors annuity beneficiary survives the member, the non-occupational death benefit is payable in the manner provided in this Article.

(h) Survivor benefits do not affect any reversionary annuity.

(i) If a survivors annuity beneficiary becomes entitled to a widow's annuity or one or more survivors annuities or both such annuities, the beneficiary shall elect to receive only one of such annuities.

(j) Contributing creditable service under the State Universities Retirement System and the Teachers' Retirement System of the State of Illinois shall be considered in determining whether the member has met the contributing service requirements of this Section.

(k) In lieu of the Survivor's Annuity described in this Section, the spouse of the member has the option to select the Nonoccupational Death
Benefit described in this Article, provided the spouse is the sole survivor and the sole nominated beneficiary of the member.

(l) The changes made to this Section and Sections 14-118, 14-119, and 14-128 by this amendatory Act of 1997, relating to benefits for certain unmarried children who are full-time students under age 22, apply without regard to whether the deceased member was in service on or after the effective date of this amendatory Act of 1997. These changes do not authorize the repayment of a refund or a re-election of benefits, and any benefit or increase in benefits resulting from these changes is not payable retroactively for any period before the effective date of this amendatory Act of 1997.

(40 ILCS 5/14-128) (from Ch. 108 1/2, par. 14-128)

Sec. 14-128. Occupational death benefit. An occupational death benefit is provided for a member of the System whose death, prior to retirement, is the proximate result of bodily injuries sustained or a hazard undergone while in the performance and within the scope of the member's duties.

(a) Conditions for payment.

Exclusive of the lump sum payment provided for herein, all annuities under this Section shall accrue and be payable for complete calendar months, beginning on the first day of the month next following the month in which the initiating event occurs and ending on the last day of the month in which the terminating event occurs.

The following named survivors of the member may be eligible for an annuity under this Section:

(i) The member's spouse.

(ii) An unmarried child of the member under age 18 (under age 22 if a full-time student); an unmarried stepchild under age 18 (under age 22 if a full-time student) who has been such for at least one year at the date of the member's death; an unmarried adopted child under age 18 (under age 22 if a full-time student) if the adoption proceedings were initiated at least one year prior to the
death of the member; and an unmarried child over age 18 who is dependent by reason of a physical or mental disability, for so long as such physical or mental disability continues. For the purposes of this Section disability means inability to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months.

(iii) If no spouse or eligible children survive: a dependent parent of the member; a dependent step-parent by a marriage contracted before the member attained age 18; or a dependent adopting parent by whom the member was adopted before he or she attained age 18.

The term "dependent" relating to an occupational death benefit means a survivor of the member who was receiving from the member at the date of the member's death at least 1/2 of the support for maintenance including board, lodging, medical care and like living costs.

Payment of the annuity shall continue until the occurrence of the following:

(1) remarriage before age 55 that occurs before the effective date of this amendatory Act of the 91st General Assembly or death, in the case of a surviving spouse;
(2) attainment of age 18 or termination of disability, death, or marriage, in the case of an eligible child;
(3) remarriage before age 55 or death, in the case of a dependent parent.

If none of the aforementioned beneficiaries is living at the date of death of the member, no occupational death benefit shall be payable, but the nonoccupational death benefit shall be payable as provided in this Article.

The change made to this subsection by this amendatory Act of the 91st General Assembly (pertaining to remarriage prior to age 55) applies without regard to whether the deceased member was in service on or after the effective date of this amendatory Act.

(b) Amount of benefit.

The member's accumulated contributions plus credited interest shall be payable in a lump sum to such person as the member has nominated by written direction, duly acknowledged and filed with the Board, or if no such nomination to the estate of the member. When an annuitant is re-employed by a Department, the accumulated contributions plus credited interest payable on the member's account shall, if the member has not previously elected a reversionary annuity, consist of the excess, if any, of the member's total accumulated contributions plus credited interest for all creditable service over the total amount of all retirement annuity payments received by the member prior to death.

In addition to the foregoing payment, an annuity is provided for eligible survivors as follows:

1. If the survivor is a spouse only, the annuity shall be 50% of the member's final average compensation.
2. If the spouse has in his or her care an eligible child or children, the annuity shall be increased by an amount equal to 15% of the final average compensation on account of each such child, subject to a limitation on the combined annuities to a surviving spouse and children of 75% of final average compensation.
3. If there is no surviving spouse, or if the surviving spouse dies or remarries while a child remains eligible, then each such child shall be entitled to an annuity of 15% of the deceased member's final average compensation, subject to a limitation of 50% of final average compensation to all such children.
4. If there is no surviving spouse or eligible children, then an annuity shall be payable to the member's dependent parents, equal to 25% of final average compensation to each such beneficiary.

If any annuity payable under this Section is less than the corresponding survivors annuity, the beneficiary or beneficiaries of the annuity under this Section may elect to receive the survivors annuity and the nonoccupational death benefit provided for in this Article in lieu of the annuity provided under this Section.
(c) Occupational death claims pending adjudication by the Illinois Workers' Compensation Commission or a ruling by the agency responsible for determining the liability of the State under the "Workers' Compensation Act" or "Workers' Occupational Diseases Act" shall be payable under Sections 14-120 and 14-121 until a ruling or adjudication occurs, if the beneficiary or beneficiaries: (1) meet all conditions for payment as prescribed in this Article; and (2) execute an assignment of benefits payable as a result of adjudication by the Illinois Workers' Compensation Commission or a ruling by the agency responsible for determining the liability of the State under such Acts. The assignment shall be made to the System and shall be for an amount equal to the excess of benefits paid under Sections 14-120 and 14-121 over benefits payable as a result of adjudication of the workers' compensation claim computed from the date of death of the member.

(d) Every occupational death annuity payable under this Section shall be increased on each January 1 occurring on or after (i) January 1, 1990, or (ii) the first anniversary of the commencement of the annuity, whichever occurs later, by an amount equal to 3% of the current amount of the annuity, including any previous increases under this Article, without regard to whether the deceased member was in service on the effective date of this amendatory Act of 1991.

(a) Unless excepted by Section 3-201, a security interest in a vehicle of a type for which a certificate of title is required is not valid against subsequent transferees or lienholders of the vehicle unless perfected as provided in this Act.

3. If the security interest was not perfected under the law of the jurisdiction where the vehicle was when the security interest attached, it may be perfected in this State; in that case perfection dates from the time of perfection in this State.

4. A security interest may be perfected under paragraph 3 of this subsection either as provided in subsection (b) or by the lienholder delivering to the Secretary of State a notice of security interest in the form the Secretary of State prescribes and the required fee.

AN ACT concerning revenue.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:
Section 5. The Illinois Income Tax Act is amended by changing Section 203 as follows:
(35 ILCS 5/203) (from Ch. 120, par. 2-203)
Sec. 203. Base income defined.
(a) Individuals.
(1) In general. In the case of an individual, base income means an amount equal to the taxpayer's adjusted gross income for the taxable year as modified by paragraph (2).
(2) Modifications. The adjusted gross income referred to in paragraph (1) shall be modified by adding thereto the sum of the following amounts:
(A) An amount equal to all amounts paid or accrued to the taxpayer as interest or dividends during the taxable year to the extent excluded from gross income in the
computation of adjusted gross income, except stock dividends of qualified public utilities described in Section 305(e) of the Internal Revenue Code;

(B) An amount equal to the amount of tax imposed by this Act to the extent deducted from gross income in the computation of adjusted gross income for the taxable year;

(C) An amount equal to the amount received during the taxable year as a recovery or refund of real property taxes paid with respect to the taxpayer's principal residence under the Revenue Act of 1939 and for which a deduction was previously taken under subparagraph (L) of this paragraph (2) prior to July 1, 1991, the retrospective application date of Article 4 of Public Act 87-17. In the case of multi-unit or multi-use structures and farm dwellings, the taxes on the taxpayer's principal residence shall be that portion of the total taxes for the entire property which is attributable to such principal residence;

(D) An amount equal to the amount of the capital gain deduction allowable under the Internal Revenue Code, to the extent deducted from gross income in the computation of adjusted gross income;

(D-5) An amount, to the extent not included in adjusted gross income, equal to the amount of money withdrawn by the taxpayer in the taxable year from a medical care savings account and the interest earned on the account in the taxable year of a withdrawal pursuant to subsection (b) of Section 20 of the Medical Care Savings Account Act or subsection (b) of Section 20 of the Medical Care Savings Account Act of 2000;

(D-10) For taxable years ending after December 31, 1997, an amount equal to any eligible remediation costs that the individual deducted in computing adjusted gross income and for which the individual claims a credit under subsection (l) of Section 201;

New matter indicated by italics - deletions by strikeout
(D-15) For taxable years 2001 and thereafter, an amount equal to the bonus depreciation deduction taken on the taxpayer's federal income tax return for the taxable year under subsection (k) of Section 168 of the Internal Revenue Code;

(D-16) If the taxpayer sells, transfers, abandons, or otherwise disposes of property for which the taxpayer was required in any taxable year to make an addition modification under subparagraph (D-15), then an amount equal to the aggregate amount of the deductions taken in all taxable years under subparagraph (Z) with respect to that property.

If the taxpayer continues to own property through the last day of the last tax year for which the taxpayer may claim a depreciation deduction for federal income tax purposes and for which the taxpayer was allowed in any taxable year to make a subtraction modification under subparagraph (Z), then an amount equal to that subtraction modification.

The taxpayer is required to make the addition modification under this subparagraph only once with respect to any one piece of property;

(D-17) For taxable years ending on or after December 31, 2004, an amount equal to the amount otherwise allowed as a deduction in computing base income for interest paid, accrued, or incurred, directly or indirectly, to a foreign person who would be a member of the same unitary business group but for the fact that foreign person's business activity outside the United States is 80% or more of the foreign person's total business activity. The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the
taxpayer’s unitary business group (including amounts included in gross income under Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the interest was paid, accrued, or incurred.

This paragraph shall not apply to the following:

(i) an item of interest paid, accrued, or incurred, directly or indirectly, to a foreign person who is subject in a foreign country or state, other than a state which requires mandatory unitary reporting, to a tax on or measured by net income with respect to such interest; or

(b) the transaction giving rise to the interest expense between the taxpayer and the foreign person did not have as a principal purpose the avoidance of Illinois income tax, and is paid pursuant to a contract or agreement that reflects an arm’s-length interest rate and terms; or

(iii) the taxpayer can establish, based on clear and convincing evidence, that the interest paid, accrued, or incurred relates to a contract or agreement entered into at arm’s-length rates and

terms and the principal purpose for the payment is not federal or Illinois tax avoidance; or

(iv) an item of interest paid, accrued, or incurred, directly or indirectly, to a foreign person if the taxpayer establishes by clear and convincing evidence that the adjustments are unreasonable; or if the taxpayer and the Director agree in writing to the application or use of an alternative method of apportionment under Section 304(f).

Nothing in this subsection shall preclude the Director from making any other adjustment otherwise allowed under Section 404 of this Act for any tax year beginning after the effective date of this amendment provided such adjustment is made pursuant to regulation adopted by the Department and such regulations provide methods and standards by which the Department will utilize its authority under Section 404 of this Act;

(D-18) For taxable years ending on or after December 31, 2004, an amount equal to the amount of intangible expenses and costs otherwise allowed as a deduction in computing base income, and that were paid, accrued, or incurred, directly or indirectly, to a foreign person who would be a member of the same unitary business group but for the fact that the foreign person's business activity outside the United States is 80% or more of that person's total business activity. The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income under Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income under

Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the intangible expenses and costs were directly or indirectly paid, incurred, or accrued. As used in this subparagraph, the term "intangible expenses and costs" includes (1) expenses, losses, and costs for, or related to, the direct or indirect acquisition, use, maintenance or management, ownership, sale, exchange, or any other disposition of intangible property; (2) losses incurred, directly or indirectly, from factoring transactions or discounting transactions; (3) royalty, patent, technical, and copyright fees; (4) licensing fees; and (5) other similar expenses and costs. For purposes of this subparagraph, "intangible property" includes patents, patent applications, trade names, trademarks, service marks, copyrights, mask works, trade secrets, and similar types of intangible assets.

This paragraph shall not apply to the following:

(i) any item of intangible expenses or costs paid, accrued, or incurred, directly or indirectly, from a transaction with a foreign person who is subject in a foreign country or state, other than a state which requires mandatory unitary reporting, to a tax on or measured by net income with respect to such item; or

(ii) any item of intangible expense or cost paid, accrued, or incurred, directly or indirectly, if the taxpayer can establish, based on a preponderance of the evidence, both of the following:

(a) the foreign person during the same taxable year paid, accrued, or incurred,
the intangible expense or cost to a person that is not a related member, and

(b) the transaction giving rise to the intangible expense or cost between the taxpayer and the foreign person did not have as a principal purpose the avoidance of Illinois income tax, and is paid pursuant to a contract or agreement that reflects arm's-length terms; or

(iii) any item of intangible expense or cost paid, accrued, or incurred, directly or indirectly, from a transaction with a foreign person if the taxpayer establishes by clear and convincing evidence, that the adjustments are unreasonable; or if the taxpayer and the Director agree in writing to the application or use of an alternative method of apportionment under Section 304(f);

Nothing in this subsection shall preclude the Director from making any other adjustment otherwise allowed under Section 404 of this Act for any tax year beginning after the effective date of this amendment provided such adjustment is made pursuant to regulation adopted by the Department and such regulations provide methods and standards by which the Department will utilize its authority under Section 404 of this Act;

(D-20) For taxable years beginning on or after January 1, 2002, in the case of a distribution from a qualified tuition program under Section 529 of the Internal Revenue Code, other than (i) a distribution from a College Savings Pool created under Section 16.5 of the State Treasurer Act or (ii) a distribution from the Illinois Prepaid Tuition Trust Fund, an amount equal to the amount excluded from gross income under Section 529(c)(3)(B);

If the taxpayer continues to own property through the last day of the last tax year for which the taxpayer may claim a depreciation deduction for federal income tax purposes and for which the taxpayer was allowed in any taxable year to make a subtraction modification under subparagraph (T), then an amount equal to that subtraction modification.

(E-12) For taxable years ending on or after December 31, 2004, an amount equal to the amount otherwise allowed as a deduction in computing base income for interest paid, accrued, or incurred, directly or indirectly, to a foreign person who would be a member of the same unitary business group but for the fact the foreign person's business activity outside the United States is 80% or more of the foreign person's total business activity. The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income pursuant to Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the interest was paid, accrued, or incurred.

This paragraph shall not apply to the following:

reporting, to a tax on or measured by net income with respect to such interest; or

(ii) an item of interest paid, accrued, or incurred, directly or indirectly, to a foreign person if the taxpayer can establish, based on a preponderance of the evidence, both of the following:

(a) the foreign person, during the same taxable year, paid, accrued, or incurred, the interest to a person that is not a related member, and

(b) the transaction giving rise to the interest expense between the taxpayer and the foreign person did not have as a principal purpose the avoidance of Illinois income tax, and is paid pursuant to a contract or agreement that reflects an arm's-length interest rate and terms; or

(iii) the taxpayer can establish, based on clear and convincing evidence, that the interest paid, accrued, or incurred relates to a contract or agreement entered into at arm's-length rates and terms and the principal purpose for the payment is not federal or Illinois tax avoidance; or

(iv) an item of interest paid, accrued, or incurred, directly or indirectly, to a foreign person if the taxpayer establishes by clear and convincing evidence that the adjustments are unreasonable; or if the taxpayer and the Director agree in writing to the application or use of an alternative method of apportionment under Section 304(f).

Nothing in this subsection shall preclude the Director from making any other adjustment otherwise allowed under Section 404 of this Act for
any tax year beginning after the effective date of this amendment provided such adjustment is made pursuant to regulation adopted by the Department and such regulations provide methods and standards by which the Department will utilize its authority under Section 404 of this Act;

(E-13) For taxable years ending on or after December 31, 2004, an amount equal to the amount of intangible expenses and costs otherwise allowed as a deduction in computing base income, and that were paid, accrued, or incurred, directly or indirectly, to a foreign person who would be a member of the same unitary business group but for the fact that the foreign person's business activity outside the United States is 80% or more of that person's total business activity. The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income pursuant to Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the intangible expenses and costs were directly or indirectly paid, incurred, or accrued. The preceding sentence shall not apply to the extent that the same dividends caused a reduction to the addition modification required under Section 203(b)(2)(E-12) of this Act. As used in this subparagraph, the term "intangible expenses and costs" includes (1) expenses, losses, and costs for, or related to, the direct or indirect acquisition, use, maintenance or management, ownership, sale, exchange, or any other disposition of intangible property; (2) losses incurred,

The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income pursuant to Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income).

(ii) an item of interest paid, accrued, or incurred, directly or indirectly, to a foreign person if the taxpayer can establish, based on a preponderance of the evidence, both of the following:

(a) the foreign person, during the same taxable year, paid, accrued, or incurred, the interest to a person that is not a related member, and

(b) the transaction giving rise to the interest expense between the taxpayer and the foreign person did not have as a principal purpose the avoidance of Illinois income tax, and is paid pursuant to a contract or agreement that reflects an arm's-length interest rate and terms; or

(iii) the taxpayer can establish, based on clear and convincing evidence, that the interest paid, accrued, or incurred relates to a contract or agreement entered into at arm's-length rates and terms and the principal purpose for the payment is not federal or Illinois tax avoidance; or

(iv) an item of interest paid, accrued, or incurred, directly or indirectly, to a foreign person if
the taxpayer establishes by clear and convincing evidence that the adjustments are unreasonable; or if the taxpayer and the Director agree in writing to the application or use of an alternative method of apportionment under Section 304(f).

Nothing in this subsection shall preclude the Director from making any other adjustment otherwise allowed under Section 404 of this Act for any tax year beginning after the effective date of this amendment provided such adjustment is made pursuant to regulation adopted by the Department and such regulations provide methods and standards by which the Department will utilize its authority under Section 404 of this Act; and

(D-8) For taxable years ending on or after December 31, 2004, an amount equal to the amount of intangible expenses and costs otherwise allowed as a deduction in computing base income, and that were paid, accrued, or incurred, directly or indirectly, to a foreign person who would be a member of the same unitary business group but for the fact that the foreign person's business activity outside the United States is 80% or more of that person's total business activity. For purposes of this subparagraph, "intangible property" includes patents, patent applications, trade names, trademarks, service marks, copyrights, mask works, trade secrets, and similar types of intangible assets;

This paragraph shall not apply to the following:

Nothing in this subsection shall preclude the Director from making any other adjustment otherwise allowed under Section 404 of this Act for any tax year beginning after the effective date of this amendment provided such adjustment is made pursuant to regulation adopted by the Department and such regulations provide methods and standards by which the Department will utilize its authority under Section 404 of this Act;

(e) Gross income; adjusted gross income; taxable income.

(1) In general. Subject to the provisions of paragraph (2)
and subsection (b) (3), for purposes of this Section and Section
803(e), a taxpayer's gross income, adjusted gross income, or
taxable income for the taxable year shall mean the amount of gross
income, adjusted gross income or taxable income properly
reportable for federal income tax purposes for the taxable year
under the provisions of the Internal Revenue Code. Taxable
income may be less than zero. However, for taxable years ending
on or after December 31, 1986, net operating loss carryforwards

For taxable years ending prior to December 31, 1986, taxable
income may never be an amount in excess of the net operating loss
for the taxable year as defined in subsections (c) and (d) of Section
172 of the Internal Revenue Code, provided that when taxable
income of a corporation (other than a Subchapter S corporation),
trust, or estate is less than zero and addition modifications, other
than those provided by subparagraph (E) of paragraph (2) of
subsection (b) for corporations or subparagraph (E) of paragraph

(D) Real estate investment trusts. In the case of a real estate investment trust subject to the tax imposed by Section 857 of the Internal Revenue Code, real estate investment trust taxable income;

(E) Consolidated corporations. In the case of a corporation which is a member of an affiliated group of corporations filing a consolidated income tax return for the taxable year for federal income tax purposes, taxable income determined as if such corporation had filed a separate return for federal income tax purposes for the taxable year and each preceding taxable year for which it was a member of an affiliated group. For purposes of this subparagraph, the taxpayer's separate taxable income shall be determined as if the election provided by Section 243(b)
(2) of the Internal Revenue Code had been in effect for all such years;

(F) Cooperatives. In the case of a cooperative corporation or association, the taxable income of such organization determined in accordance with the provisions of Section 1381 through 1388 of the Internal Revenue Code;

(G) Subchapter S corporations. In the case of: (i) a Subchapter S corporation for which there is in effect an election for the taxable year under Section 1362 of the Internal Revenue Code, the taxable income of such corporation determined in accordance with Section 1363(b) of the Internal Revenue Code, except that taxable income shall take into account those items which are required by Section 1363(b)(1) of the Internal Revenue Code to be separately stated; and (ii) a Subchapter S corporation for which there is in effect a federal election to opt out of the provisions of the Subchapter S Revision Act of 1982 and have applied instead the prior federal Subchapter S rules as in effect on July 1, 1982, the taxable income of such corporation determined in accordance with the federal Subchapter S rules as in effect on July 1, 1982; and

(H) Partnerships. In the case of a partnership, taxable income determined in accordance with Section 703 of the Internal Revenue Code, except that taxable income shall take into account those items which are required by Section 703(a)(1) to be separately stated but which would be taken into account by an individual in calculating his taxable income.

(3) Recapture of business expenses on disposition of asset or business. (f) Valuation limitation amount.

(1) In general. The valuation limitation amount referred to in subsections (a) (2) (G), (c) (2) (I) and (d)(2) (E) is an amount equal to:

(A) The sum of the pre-August 1, 1969 appreciation amounts (to the extent consisting of gain reportable under the provisions of Section 1245 or 1250 of the Internal Revenue Code) for all property in respect of which such gain was reported for the taxable year; plus

(B) The lesser of (i) the sum of the pre-August 1, 1969 appreciation amounts (to the extent consisting of capital gain) for all property in respect of which such gain was reported for federal income tax purposes for the taxable year, or (ii) the net capital gain for the taxable year, reduced in either case by any amount of such gain included in the amount determined under subsection (a) (2) (F) or (c) (2) (H).

(2) Pre-August 1, 1969 appreciation amount.

(A) If the fair market value of property referred to in paragraph (1) was readily ascertainable on August 1, 1969, the pre-August 1, 1969 appreciation amount for such property is the lesser of (i) the excess of such fair market value over the taxpayer's basis (for determining gain) for such property on that date (determined under the Internal Revenue Code)
Revenue Code as in effect on that date), or (ii) the total gain realized and reportable for federal income tax purposes in respect of the sale, exchange or other disposition of such property.

(B) If the fair market value of property referred to in paragraph (1) was not readily ascertainable on August 1, 1969, the pre-August 1, 1969 appreciation amount for such property is that amount which bears the same ratio to the total gain reported in respect of the property for federal income tax purposes for the taxable year, as the number of full calendar months in that part of the taxpayer's holding period for the property ending July 31, 1969 bears to the number of full calendar months in the taxpayer's entire holding period for the property.

(C) The Department shall prescribe such regulations as may be necessary to carry out the purposes of this paragraph.

(g) Double deductions. Unless specifically provided otherwise, nothing in this Section shall permit the same item to be deducted more than once.

(h) Legislative intention. Except as expressly provided by this Section there shall be no modifications or limitations on the amounts of income, gain, loss or deduction taken into account in determining gross income, adjusted gross income or taxable income for federal income tax purposes for the taxable year, or in the amount of such items entering into the computation of base income and net income under this Act for such taxable year, whether in respect of property values as of August 1, 1969 or otherwise.

AN ACT concerning safety.

Be it enacted by the People of the State of Illinois, represented in
the General Assembly:

Section 5. The Environmental Protection Act is amended by
changing Sections 39 and 39.2 as follows:

Sec. 39. Issuance of permits; procedures.
   (a) When the Board has by regulation required a permit for the
construction, installation, or operation of any type of facility, equipment,
vehicle, vessel, or aircraft, the applicant shall apply to the Agency for such
permit and it shall be the duty of the Agency to issue such a permit upon
proof by the applicant that the facility, equipment, vehicle, vessel, or
aircraft will not cause a violation of this Act or of regulations hereunder.
The Agency shall adopt such procedures as are necessary to carry out its
duties under this Section. In making its determinations on permit
applications under this Section the Agency may consider prior
adjudications of noncompliance with this Act by the applicant that
involved a release of a contaminant into the environment. In granting
permits, the Agency may impose reasonable conditions specifically related
to the applicant's past compliance history with this Act as necessary to
correct, detect, or prevent noncompliance. The Agency may impose such
other conditions as may be necessary to accomplish the purposes of this
Act, and as are not inconsistent with the regulations promulgated by the
Board hereunder. Except as otherwise provided in this Act, a bond or other
security shall not be required as a condition for the issuance of a permit. If
the Agency denies any permit under this Section, the Agency shall
transmit to the applicant within the time limitations of this Section
specific, detailed statements as to the reasons the permit application was
denied. Such statements shall include, but not be limited to the following:
   (i) the Sections of this Act which may be violated if the
permit were granted;

New matter indicated by italics - deletions by strikeout
(ii) the provision of the regulations, promulgated under this Act, which may be violated if the permit were granted;

(iii) the specific type of information, if any, which the Agency deems the applicant did not provide the Agency; and

(iv) a statement of specific reasons why the Act and the regulations might not be met if the permit were granted.

If there is no final action by the Agency within 90 days after the filing of the application for permit, the applicant may deem the permit issued; except that this time period shall be extended to 180 days when (1) notice and opportunity for public hearing are required by State or federal law or regulation, (2) the application which was filed is for any permit to develop a landfill subject to issuance pursuant to this subsection, or (3) the application that was filed is for a MSWLF unit required to issue public notice under subsection (p) of Section 39. The 90-day and 180-day time periods for the Agency to take final action do not apply to NPDES permit applications under subsection (b) of this Section, to RCRA permit applications under subsection (d) of this Section, or to UIC permit applications under subsection (e) of this Section.

The Agency shall publish notice of all final permit determinations for development permits for MSWLF units and for significant permit modifications for lateral expansions for existing MSWLF units one time in a newspaper of general circulation in the county in which the unit is or is proposed to be located.

After January 1, 1994 and until July 1, 1998, operating permits issued under this Section by the Agency for sources of air pollution permitted to emit less than 25 tons per year of any combination of regulated air pollutants, as defined in Section 39.5 of this Act, shall be required to be renewed only upon written request by the Agency consistent with applicable provisions of this Act and regulations promulgated hereunder. Such operating permits shall expire 180 days after the date of such a request. The Board shall revise its regulations for the existing State air pollution operating permit program consistent with this provision by January 1, 1994.
After June 30, 1998, operating permits issued under this Section by the Agency for sources of air pollution that are not subject to Section 39.5 of this Act and are not required to have a federally enforceable State operating permit shall be required to be renewed only upon written request by the Agency consistent with applicable provisions of this Act and its rules. Such operating permits shall expire 180 days after the date of such a request. Before July 1, 1998, the Board shall revise its rules for the existing State air pollution operating permit program consistent with this paragraph and shall adopt rules that require a source to demonstrate that it qualifies for a permit under this paragraph.

(b) The Agency may issue NPDES permits exclusively under this subsection for the discharge of contaminants from point sources into navigable waters, all as defined in the Federal Water Pollution Control Act, as now or hereafter amended, within the jurisdiction of the State, or into any well.

All NPDES permits shall contain those terms and conditions, including but not limited to schedules of compliance, which may be required to accomplish the purposes and provisions of this Act.

The Agency may issue general NPDES permits for discharges from categories of point sources which are subject to the same permit limitations and conditions. Such general permits may be issued without individual applications and shall conform to regulations promulgated under Section 402 of the Federal Water Pollution Control Act, as now or hereafter amended.

The Agency may include, among such conditions, effluent limitations and other requirements established under this Act, Board regulations, the Federal Water Pollution Control Act, as now or hereafter amended, and regulations pursuant thereto, and schedules for achieving compliance therewith at the earliest reasonable date.

The Agency shall adopt filing requirements and procedures which are necessary and appropriate for the issuance of NPDES permits, and which are consistent with the Act or regulations adopted by the Board, and with the Federal Water Pollution Control Act, as now or hereafter amended, and regulations pursuant thereto.
The Agency, subject to any conditions which may be prescribed by Board regulations, may issue NPDES permits to allow discharges beyond deadlines established by this Act or by regulations of the Board without the requirement of a variance, subject to the Federal Water Pollution Control Act, as now or hereafter amended, and regulations pursuant thereto.

(c) Except for those facilities owned or operated by sanitary districts organized under the Metropolitan Water Reclamation District Act, no permit for the development or construction of a new pollution control facility may be granted by the Agency unless the applicant submits proof to the Agency that the location of the facility has been approved by the County Board of the county if in an unincorporated area, or the governing body of the municipality when in an incorporated area, in which the facility is to be located in accordance with Section 39.2 of this Act. For purposes of this subsection (c), and for purposes of Section 39.2 of this Act, the appropriate county board or governing body of the municipality shall be the county board of the county or the governing body of the municipality in which the facility is to be located as of the date when the application for siting approval is filed.

In the event that siting approval granted pursuant to Section 39.2 has been transferred to a subsequent owner or operator, that subsequent owner or operator may apply to the Agency for, and the Agency may grant, a development or construction permit for the facility for which local siting approval was granted. Upon application to the Agency for a development or construction permit by that subsequent owner or operator, the permit applicant shall cause written notice of the permit application to be served upon the appropriate county board or governing body of the municipality that granted siting approval for that facility and upon any party to the siting proceeding pursuant to which siting approval was granted. In that event, the Agency shall conduct an evaluation of the subsequent owner or operator's prior experience in waste management operations in the manner conducted under subsection (i) of Section 39 of this Act.

Beginning August 20, 1993, if the pollution control facility consists of a hazardous or solid waste disposal facility for which the
proposed site is located in an unincorporated area of a county with a population of less than 100,000 and includes all or a portion of a parcel of land that was, on April 1, 1993, adjacent to a municipality having a population of less than 5,000, then the local siting review required under this subsection (c) in conjunction with any permit applied for after that date shall be performed by the governing body of that adjacent municipality rather than the county board of the county in which the proposed site is located; and for the purposes of that local siting review, any references in this Act to the county board shall be deemed to mean the governing body of that adjacent municipality; provided, however, that the provisions of this paragraph shall not apply to any proposed site which was, on April 1, 1993, owned in whole or in part by another municipality.

In the case of a pollution control facility for which a development permit was issued before November 12, 1981, if an operating permit has not been issued by the Agency prior to August 31, 1989 for any portion of the facility, then the Agency may not issue or renew any development permit nor issue an original operating permit for any portion of such facility unless the applicant has submitted proof to the Agency that the location of the facility has been approved by the appropriate county board or municipal governing body pursuant to Section 39.2 of this Act.

After January 1, 1994, if a solid waste disposal facility, any portion for which an operating permit has been issued by the Agency, has not accepted waste disposal for 5 or more consecutive calendars years, before that facility may accept any new or additional waste for disposal, the owner and operator must obtain a new operating permit under this Act for that facility unless the owner and operator have applied to the Agency for a permit authorizing the temporary suspension of waste acceptance. The Agency may not issue a new operation permit under this Act for the facility unless the applicant has submitted proof to the Agency that the location of the facility has been approved or re-approved by the appropriate county board or municipal governing body under Section 39.2 of this Act after the facility ceased accepting waste.

Except for those facilities owned or operated by sanitary districts organized under the Metropolitan Water Reclamation District Act, and
except for new pollution control facilities governed by Section 39.2, and except for fossil fuel mining facilities, the granting of a permit under this Act shall not relieve the applicant from meeting and securing all necessary zoning approvals from the unit of government having zoning jurisdiction over the proposed facility.

Before beginning construction on any new sewage treatment plant or sludge drying site to be owned or operated by a sanitary district organized under the Metropolitan Water Reclamation District Act for which a new permit (rather than the renewal or amendment of an existing permit) is required, such sanitary district shall hold a public hearing within the municipality within which the proposed facility is to be located, or within the nearest community if the proposed facility is to be located within an unincorporated area, at which information concerning the proposed facility shall be made available to the public, and members of the public shall be given the opportunity to express their views concerning the proposed facility.

The Agency may issue a permit for a municipal waste transfer station without requiring approval pursuant to Section 39.2 provided that the following demonstration is made:

(1) the municipal waste transfer station was in existence on or before January 1, 1979 and was in continuous operation from January 1, 1979 to January 1, 1993;

(2) the operator submitted a permit application to the Agency to develop and operate the municipal waste transfer station during April of 1994;

(3) the operator can demonstrate that the county board of the county, if the municipal waste transfer station is in an unincorporated area, or the governing body of the municipality, if the station is in an incorporated area, does not object to resumption of the operation of the station; and

(4) the site has local zoning approval.

(d) The Agency may issue RCRA permits exclusively under this subsection to persons owning or operating a facility for the treatment, storage, or disposal of hazardous waste as defined under this Act.

New matter indicated by italics - deletions by strikeout
All RCRA permits shall contain those terms and conditions, including but not limited to schedules of compliance, which may be required to accomplish the purposes and provisions of this Act. The Agency may include among such conditions standards and other requirements established under this Act, Board regulations, the Resource Conservation and Recovery Act of 1976 (P.L. 94-580), as amended, and regulations pursuant thereto, and may include schedules for achieving compliance therewith as soon as possible. The Agency shall require that a performance bond or other security be provided as a condition for the issuance of a RCRA permit.

In the case of a permit to operate a hazardous waste or PCB incinerator as defined in subsection (k) of Section 44, the Agency shall require, as a condition of the permit, that the operator of the facility perform such analyses of the waste to be incinerated as may be necessary and appropriate to ensure the safe operation of the incinerator.

The Agency shall adopt filing requirements and procedures which are necessary and appropriate for the issuance of RCRA permits, and which are consistent with the Act or regulations adopted by the Board, and with the Resource Conservation and Recovery Act of 1976 (P.L. 94-580), as amended, and regulations pursuant thereto.

The applicant shall make available to the public for inspection all documents submitted by the applicant to the Agency in furtherance of an application, with the exception of trade secrets, at the office of the county board or governing body of the municipality. Such documents may be copied upon payment of the actual cost of reproduction during regular business hours of the local office. The Agency shall issue a written statement concurrent with its grant or denial of the permit explaining the basis for its decision.

(e) The Agency may issue UIC permits exclusively under this subsection to persons owning or operating a facility for the underground injection of contaminants as defined under this Act.

All UIC permits shall contain those terms and conditions, including but not limited to schedules of compliance, which may be required to accomplish the purposes and provisions of this Act. The

Agency may include among such conditions standards and other requirements established under this Act, Board regulations, the Safe Drinking Water Act (P.L. 93-523), as amended, and regulations pursuant thereto, and may include schedules for achieving compliance therewith. The Agency shall require that a performance bond or other security be provided as a condition for the issuance of a UIC permit.

The Agency shall adopt filing requirements and procedures which are necessary and appropriate for the issuance of UIC permits, and which are consistent with the Act or regulations adopted by the Board, and with the Safe Drinking Water Act (P.L. 93-523), as amended, and regulations pursuant thereto.

The applicant shall make available to the public for inspection, all documents submitted by the applicant to the Agency in furtherance of an application, with the exception of trade secrets, at the office of the county board or governing body of the municipality. Such documents may be copied upon payment of the actual cost of reproduction during regular business hours of the local office. The Agency shall issue a written statement concurrent with its grant or denial of the permit explaining the basis for its decision.

(f) In making any determination pursuant to Section 9.1 of this Act:

(1) The Agency shall have authority to make the determination of any question required to be determined by the Clean Air Act, as now or hereafter amended, this Act, or the regulations of the Board, including the determination of the Lowest Achievable Emission Rate, Maximum Achievable Control Technology, or Best Available Control Technology, consistent with the Board's regulations, if any.

(2) The Agency shall, after conferring with the applicant, give written notice to the applicant of its proposed decision on the application including the terms and conditions of the permit to be issued and the facts, conduct or other basis upon which the Agency will rely to support its proposed action.

(3) Following such notice, the Agency shall give the applicant an opportunity for a hearing in accordance with the
provisions of Sections 10-25 through 10-60 of the Illinois Administrative Procedure Act.

(g) The Agency shall include as conditions upon all permits issued for hazardous waste disposal sites such restrictions upon the future use of such sites as are reasonably necessary to protect public health and the environment, including permanent prohibition of the use of such sites for purposes which may create an unreasonable risk of injury to human health or to the environment. After administrative and judicial challenges to such restrictions have been exhausted, the Agency shall file such restrictions of record in the Office of the Recorder of the county in which the hazardous waste disposal site is located.

(h) A hazardous waste stream may not be deposited in a permitted hazardous waste site unless specific authorization is obtained from the Agency by the generator and disposal site owner and operator for the deposit of that specific hazardous waste stream. The Agency may grant specific authorization for disposal of hazardous waste streams only after the generator has reasonably demonstrated that, considering technological feasibility and economic reasonableness, the hazardous waste cannot be reasonably recycled for reuse, nor incinerated or chemically, physically or biologically treated so as to neutralize the hazardous waste and render it nonhazardous. In granting authorization under this Section, the Agency may impose such conditions as may be necessary to accomplish the purposes of the Act and are consistent with this Act and regulations promulgated by the Board hereunder. If the Agency refuses to grant authorization under this Section, the applicant may appeal as if the Agency refused to grant a permit, pursuant to the provisions of subsection (a) of Section 40 of this Act. For purposes of this subsection (h), the term "generator" has the meaning given in Section 3.205 of this Act, unless: (1) the hazardous waste is treated, incinerated, or partially recycled for reuse prior to disposal, in which case the last person who treats, incinerates, or partially recycles the hazardous waste prior to disposal is the generator; or (2) the hazardous waste is from a response action, in which case the person performing the response action is the generator. This subsection (h) does
not apply to any hazardous waste that is restricted from land disposal under 35 Ill. Adm. Code 728.

(i) Before issuing any RCRA permit, any permit for a waste storage site, sanitary landfill, waste disposal site, waste transfer station, waste treatment facility, waste incinerator, or any waste-transportation operation, or any permit or interim authorization for a clean construction or demolition debris fill operation, the Agency shall conduct an evaluation of the prospective owner's or operator's prior experience in waste management operations and clean construction or demolition debris fill operations. The Agency may deny such a permit, or deny or revoke interim authorization, if the prospective owner or operator or any employee or officer of the prospective owner or operator has a history of:

   (1) repeated violations of federal, State, or local laws, regulations, standards, or ordinances in the operation of waste management facilities or sites or clean construction or demolition debris fill operation facilities or sites; or
   
   (2) conviction in this or another State of any crime which is a felony under the laws of this State, or conviction of a felony in a federal court; or conviction in this or another state or federal court of any of the following crimes: forgery, official misconduct, bribery, perjury, or knowingly submitting false information under any environmental law, regulation, or permit term or condition; or
   
   (3) proof of gross carelessness or incompetence in handling, storing, processing, transporting or disposing of waste or clean construction or demolition debris, or proof of gross carelessness or incompetence in using clean construction or demolition debris as fill.

(i-5) Before issuing any permit or approving any interim authorization for a clean construction or demolition debris fill operation in which any ownership interest is transferred between January 1, 2005, and the effective date of the prohibition set forth in Section 22.52 of this Act, the Agency shall conduct an evaluation of the operation if any previous activities at the site or facility may have caused or allowed contamination of the site. It shall be the responsibility of the owner or operator seeking

the permit or interim authorization to provide to the Agency all of the information necessary for the Agency to conduct its evaluation. The Agency may deny a permit or interim authorization if previous activities at the site may have caused or allowed contamination at the site, unless such contamination is authorized under any permit issued by the Agency.

(j) The issuance under this Act of a permit to engage in the surface mining of any resources other than fossil fuels shall not relieve the permittee from its duty to comply with any applicable local law regulating the commencement, location or operation of surface mining facilities.

(k) A development permit issued under subsection (a) of Section 39 for any facility or site which is required to have a permit under subsection (d) of Section 21 shall expire at the end of 2 calendar years from the date upon which it was issued, unless within that period the applicant has taken action to develop the facility or the site. In the event that review of the conditions of the development permit is sought pursuant to Section 40 or 41, or permittee is prevented from commencing development of the facility or site by any other litigation beyond the permittee's control, such two-year period shall be deemed to begin on the date upon which such review process or litigation is concluded.

(l) No permit shall be issued by the Agency under this Act for construction or operation of any facility or site located within the boundaries of any setback zone established pursuant to this Act, where such construction or operation is prohibited.

(m) The Agency may issue permits to persons owning or operating a facility for composting landscape waste. In granting such permits, the Agency may impose such conditions as may be necessary to accomplish the purposes of this Act, and as are not inconsistent with applicable regulations promulgated by the Board. Except as otherwise provided in this Act, a bond or other security shall not be required as a condition for the issuance of a permit. If the Agency denies any permit pursuant to this subsection, the Agency shall transmit to the applicant within the time limitations of this subsection specific, detailed statements as to the reasons the permit application was denied. Such statements shall include but not be limited to the following:

New matter indicated by italics - deletions by strikeout
(1) the Sections of this Act that may be violated if the permit were granted;

(2) the specific regulations promulgated pursuant to this Act that may be violated if the permit were granted;

(3) the specific information, if any, the Agency deems the applicant did not provide in its application to the Agency; and

(4) a statement of specific reasons why the Act and the regulations might be violated if the permit were granted.

If no final action is taken by the Agency within 90 days after the filing of the application for permit, the applicant may deem the permit issued. Any applicant for a permit may waive the 90 day limitation by filing a written statement with the Agency.

The Agency shall issue permits for such facilities upon receipt of an application that includes a legal description of the site, a topographic map of the site drawn to the scale of 200 feet to the inch or larger, a description of the operation, including the area served, an estimate of the volume of materials to be processed, and documentation that:

(1) the facility includes a setback of at least 200 feet from the nearest potable water supply well;

(2) the facility is located outside the boundary of the 10-year floodplain or the site will be floodproofed;

(3) the facility is located so as to minimize incompatibility with the character of the surrounding area, including at least a 200 foot setback from any residence, and in the case of a facility that is developed or the permitted composting area of which is expanded after November 17, 1991, the composting area is located at least 1/8 mile from the nearest residence (other than a residence located on the same property as the facility);

(4) the design of the facility will prevent any compost material from being placed within 5 feet of the water table, will adequately control runoff from the site, and will collect and manage any leachate that is generated on the site;

(5) the operation of the facility will include appropriate dust and odor control measures, limitations on operating hours,
appropriate noise control measures for shredding, chipping and similar equipment, management procedures for composting, containment and disposal of non-compostable wastes, procedures to be used for terminating operations at the site, and recordkeeping sufficient to document the amount of materials received, composted and otherwise disposed of; and

(6) the operation will be conducted in accordance with any applicable rules adopted by the Board.

The Agency shall issue renewable permits of not longer than 10 years in duration for the composting of landscape wastes, as defined in Section 3.155 of this Act, based on the above requirements.

The operator of any facility permitted under this subsection (m) must submit a written annual statement to the Agency on or before April 1 of each year that includes an estimate of the amount of material, in tons, received for composting.

(n) The Agency shall issue permits jointly with the Department of Transportation for the dredging or deposit of material in Lake Michigan in accordance with Section 18 of the Rivers, Lakes, and Streams Act.

(o) (Blank.)

(p) (1) Any person submitting an application for a permit for a new MSWLF unit or for a lateral expansion under subsection (t) of Section 21 of this Act for an existing MSWLF unit that has not received and is not subject to local siting approval under Section 39.2 of this Act shall publish notice of the application in a newspaper of general circulation in the county in which the MSWLF unit is or is proposed to be located. The notice must be published at least 15 days before submission of the permit application to the Agency. The notice shall state the name and address of the applicant, the location of the MSWLF unit or proposed MSWLF unit, the nature and size of the MSWLF unit or proposed MSWLF unit, the nature of the activity proposed, the probable life of the proposed activity, the date the permit application will be submitted, and a statement that persons may file written comments with the Agency concerning the permit application within 30 days after the filing of the permit application unless the time period to submit comments is extended by the Agency.

New matter indicated by italics - deletions by strikeout
When a permit applicant submits information to the Agency to supplement a permit application being reviewed by the Agency, the applicant shall not be required to reissue the notice under this subsection.

(2) The Agency shall accept written comments concerning the permit application that are postmarked no later than 30 days after the filing of the permit application, unless the time period to accept comments is extended by the Agency.

(3) Each applicant for a permit described in part (1) of this subsection shall file a copy of the permit application with the county board or governing body of the municipality in which the MSWLF unit is or is proposed to be located at the same time the application is submitted to the Agency. The permit application filed with the county board or governing body of the municipality shall include all documents submitted to or to be submitted to the Agency, except trade secrets as determined under Section 7.1 of this Act. (415 ILCS 5/39.2) (from Ch. 111 1/2, par. 1039.2)

Sec. 39.2. Local siting review.

(a) The county board of the county or the governing body of the municipality, as determined by paragraph (c) of Section 39 of this Act, shall approve or disapprove the request for local siting approval for each pollution control facility which is subject to such review. An applicant for local siting approval shall submit sufficient details describing the proposed facility to demonstrate compliance, and local siting approval shall be granted only if the proposed facility meets the following criteria:

(i) the facility is necessary to accommodate the waste needs of the area it is intended to serve;
(ii) the facility is so designed, located and proposed to be operated that the public health, safety and welfare will be protected;

(iii) the facility is located so as to minimize incompatibility with the character of the surrounding area and to minimize the effect on the value of the surrounding property;

(iv) (A) for a facility other than a sanitary landfill or waste disposal site, the facility is located outside the boundary of the 100 year flood plain or the site is flood-proofed; (B) for a facility that is a sanitary landfill or waste disposal site, the facility is located outside the boundary of the 100-year floodplain, or if the facility is a facility described in subsection (b)(3) of Section 22.19a, the site is flood-proofed;

(v) the plan of operations for the facility is designed to minimize the danger to the surrounding area from fire, spills, or other operational accidents;

(vi) the traffic patterns to or from the facility are so designed as to minimize the impact on existing traffic flows;

(vii) if the facility will be treating, storing or disposing of hazardous waste, an emergency response plan exists for the facility which includes notification, containment and evacuation procedures to be used in case of an accidental release;

(viii) if the facility is to be located in a county where the county board has adopted a solid waste management plan consistent with the planning requirements of the Local Solid Waste Disposal Act or the Solid Waste Planning and Recycling Act, the facility is consistent with that plan; for purposes of this criterion (viii), the "solid waste management plan" means the plan that is in effect as of the date the application for siting approval is filed; and

(ix) if the facility will be located within a regulated recharge area, any applicable requirements specified by the Board for such areas have been met.

The county board or the governing body of the municipality may also consider as evidence the previous operating experience and past

record of convictions or admissions of violations of the applicant (and any subsidiary or parent corporation) in the field of solid waste management when considering criteria (ii) and (v) under this Section.

If the facility is subject to the location restrictions in Section 22.14 of this Act, compliance with that Section shall be determined as of the date the application for siting approval is filed.

(b) No later than 14 days before the date on which the county board or governing body of the municipality receives a request for site approval, the applicant shall cause written notice of such request to be served either in person or by registered mail, return receipt requested, on the owners of all property within the subject area not solely owned by the applicant, and on the owners of all property within 250 feet in each direction of the lot line of the subject property, said owners being such persons or entities which appear from the authentic tax records of the County in which such facility is to be located; provided, that the number of all feet occupied by all public roads, streets, alleys and other public ways shall be excluded in computing the 250 feet requirement; provided further, that in no event shall this requirement exceed 400 feet, including public streets, alleys and other public ways.

Such written notice shall also be served upon members of the General Assembly from the legislative district in which the proposed facility is located and shall be published in a newspaper of general circulation published in the county in which the site is located.

Such notice shall state the name and address of the applicant, the location of the proposed site, the nature and size of the development, the nature of the activity proposed, the probable life of the proposed activity, the date when the request for site approval will be submitted, and a description of the right of persons to comment on such request as hereafter provided.

(c) An applicant shall file a copy of its request with the county board of the county or the governing body of the municipality in which the proposed site is located. The request shall include (i) the substance of the applicant's proposal and (ii) all documents, if any, submitted as of that date to the Agency pertaining to the proposed facility, except trade secrets as

determined under Section 7.1 of this Act. All such documents or other materials on file with the county board or governing body of the municipality shall be made available for public inspection at the office of the county board or the governing body of the municipality and may be copied upon payment of the actual cost of reproduction.

Any person may file written comment with the county board or governing body of the municipality concerning the appropriateness of the proposed site for its intended purpose. The county board or governing body of the municipality shall consider any comment received or postmarked not later than 30 days after the date of the last public hearing.

(d) At least one public hearing is to be held by the county board or governing body of the municipality no sooner than 90 days but no later than 120 days after the date on which it received the request for site approval. No later than 14 days prior to such hearing, notice shall be published in a newspaper of general circulation published in the county of the proposed site, and delivered by certified mail to all members of the General Assembly from the district in which the proposed site is located, to the governing authority of every municipality contiguous to the proposed site or contiguous to the municipality in which the proposed site is to be located, to the county board of the county where the proposed site is to be located, if the proposed site is located within the boundaries of a municipality, and to the Agency. Members or representatives of the governing authority of a municipality contiguous to the proposed site or contiguous to the municipality in which the proposed site is to be located may appear at and participate in public hearings held pursuant to this Section. The public hearing shall develop a record sufficient to form the basis of appeal of the decision in accordance with Section 40.1 of this Act. The fact that a member of the county board or governing body of the municipality has publicly expressed an opinion on an issue related to a site review proceeding shall not preclude the member from taking part in the proceeding and voting on the issue.

(e) Decisions of the county board or governing body of the municipality are to be in writing, specifying the reasons for the decision, such reasons to be in conformance with subsection (a) of this Section. In granting approval for a site the county board or governing body of the municipality may impose such conditions as may be reasonable and necessary to accomplish the purposes of this Section and as are not inconsistent with regulations promulgated by the Board. Such decision shall be available for public inspection at the office of the county board or governing body of the municipality and may be copied upon payment of the actual cost of reproduction. If there is no final action by the county board or governing body of the municipality within 180 days after the date on which it received the request for site approval, the applicant may deem the request approved.

At any time prior to completion by the applicant of the presentation of the applicant's factual evidence and an opportunity for cross-questioning by the county board or governing body of the municipality and any participants, the applicant may file not more than one amended application upon payment of additional fees pursuant to subsection (k); in which case the time limitation for final action set forth in this subsection (e) shall be extended for an additional period of 90 days.

If, prior to making a final local siting decision, a county board or governing body of a municipality has negotiated and entered into a host agreement with the local siting applicant, the terms and conditions of the host agreement, whether written or oral, shall be disclosed and made a part of the hearing record for that local siting proceeding. In the case of an oral agreement, the disclosure shall be made in the form of a written summary jointly prepared and submitted by the county board or governing body of the municipality and the siting applicant and shall describe the terms and conditions of the oral agreement.

(e-5) Siting approval obtained pursuant to this Section is transferable and may be transferred to a subsequent owner or operator. In the event that siting approval has been transferred to a subsequent owner or operator, that subsequent owner or operator assumes and takes subject to any and all conditions imposed upon the prior owner or operator by the

county board of the county or governing body of the municipality pursuant to subsection (e). However, any such conditions imposed pursuant to this Section may be modified by agreement between the subsequent owner or operator and the appropriate county board or governing body. Further, in the event that siting approval obtained pursuant to this Section has been transferred to a subsequent owner or operator, that subsequent owner or operator assumes all rights and obligations and takes the facility subject to any and all terms and conditions of any existing host agreement between the prior owner or operator and the appropriate county board or governing body.

(f) A local siting approval granted under this Section shall expire at the end of 2 calendar years from the date upon which it was granted, unless the local siting approval granted under this Section is for a sanitary landfill operation, in which case the approval shall expire at the end of 3 calendar years from the date upon which it was granted, and unless within that period the applicant has made application to the Agency for a permit to develop the site. In the event that the local siting decision has been appealed, such expiration period shall be deemed to begin on the date upon which the appeal process is concluded.

Except as otherwise provided in this subsection, upon the expiration of a development permit under subsection (k) of Section 39, any associated local siting approval granted for the facility under this Section shall also expire.

If a first development permit for a municipal waste incineration facility expires under subsection (k) of Section 39 after September 30, 1989 due to circumstances beyond the control of the applicant, any associated local siting approval granted for the facility under this Section may be used to fulfill the local siting approval requirement upon application for a second development permit for the same site, provided that the proposal in the new application is materially the same, with respect to the criteria in subsection (a) of this Section, as the proposal that received the original siting approval, and application for the second development permit is made before January 1, 1990.

(g) The siting approval procedures, criteria and appeal procedures provided for in this Act for new pollution control facilities shall be the exclusive siting procedures and rules and appeal procedures for facilities subject to such procedures. Local zoning or other local land use requirements shall not be applicable to such siting decisions.

(h) Nothing in this Section shall apply to any existing or new pollution control facility located within the corporate limits of a municipality with a population of over 1,000,000.

(i) (Blank.)

The Board shall adopt regulations establishing the geologic and hydrologic siting criteria necessary to protect usable groundwater resources which are to be followed by the Agency in its review of permit applications for new pollution control facilities. Such regulations, insofar as they apply to new pollution control facilities authorized to store, treat or dispose of any hazardous waste, shall be at least as stringent as the requirements of the Resource Conservation and Recovery Act and any State or federal regulations adopted pursuant thereto.

(j) Any new pollution control facility which has never obtained local siting approval under the provisions of this Section shall be required to obtain such approval after a final decision on an appeal of a permit denial.

(k) A county board or governing body of a municipality may charge applicants for siting review under this Section a reasonable fee to cover the reasonable and necessary costs incurred by such county or municipality in the siting review process.

(l) The governing Authority as determined by subsection (c) of Section 39 of this Act may request the Department of Transportation to perform traffic impact studies of proposed or potential locations for required pollution control facilities.

(m) An applicant may not file a request for local siting approval which is substantially the same as a request which was disapproved pursuant to a finding against the applicant under any of criteria (i) through (ix) of subsection (a) of this Section within the preceding 2 years.

(n) In any review proceeding of a decision of the county board or governing body of a municipality made pursuant to the local siting review process, the petitioner in the review proceeding shall pay to the county or municipality the cost of preparing and certifying the record of proceedings. Should the petitioner in the review proceeding fail to make payment, the provisions of Section 3-109 of the Code of Civil Procedure shall apply.

In the event the petitioner is a citizens' group that participated in the siting proceeding and is so located as to be affected by the proposed facility, such petitioner shall be exempt from paying the costs of preparing and certifying the record.

(o) Notwithstanding any other provision of this Section, a transfer station used exclusively for landscape waste, where landscape waste is held no longer than 24 hours from the time it was received, is not subject to the requirements of local siting approval under this Section, but is subject only to local zoning approval.

or the State's Attorney may petition the Court for an extension of the conditional release period for an additional 5 years. Upon receipt of such a petition, the Court shall hold a hearing consistent with the provisions of this paragraph (a), this paragraph (a-1), and paragraph (f) of this Section, shall determine whether the defendant should continue to be subject to the terms of conditional release, and shall enter an order either extending the defendant's period of conditional release for an additional 5 year period or discharging the defendant. Additional 5-year periods of conditional release may be ordered following a hearing as provided in this Section. However, in no event shall the defendant's period of conditional release continue beyond the maximum period of commitment ordered by the Court pursuant to paragraph (b) of this Section. These provisions for extension of conditional release shall only apply to defendants conditionally released on or after August 8, 2003 the effective date of this amendatory Act of the 93rd General Assembly. However the extension provisions of Public Act 83-1449 apply only to defendants charged with a forcible felony.

(E) "Facility director" means the chief officer of a mental health or developmental disabilities facility or his or her designee or the supervisor of a program of treatment or habilitation or his or her designee. "Designee" may include a physician, clinical psychologist, social worker, nurse, or clinical professional counselor.

(b) If the Court finds the defendant in need of mental health services on an inpatient basis, the admission, detention, care, treatment or habilitation, treatment plans, review proceedings, including review of treatment and treatment plans, and discharge of the defendant after such order shall be under the Mental Health and Developmental Disabilities Code, except that the initial order for admission of a defendant acquitted of a felony by reason of insanity shall be for an indefinite period of time. Such period of commitment shall not exceed the maximum length of time that the defendant would have been required to serve, less credit for good behavior as provided in Section 5-4-1 of the Unified Code of Corrections,
before becoming eligible for release had he been convicted of and received the maximum sentence for the most serious crime for which he has been acquitted by reason of insanity. The Court shall determine the maximum period of commitment by an appropriate order. During this period of time, the defendant shall not be permitted to be in the community in any manner, including but not limited to off-grounds privileges, with or without escort by personnel of the Department of Human Services, unsupervised on-grounds privileges, discharge or conditional or temporary release, except by a plan as provided in this Section. In no event shall a defendant's continued unauthorized absence be a basis for discharge. Not more than 30 days after admission and every 60 days thereafter so long as the initial order remains in effect, the facility director shall file a treatment plan report in writing with the court and forward a copy of the treatment plan report to the clerk of the court, the State's Attorney, and the defendant's attorney, if the defendant is represented by counsel, or to a person authorized by the defendant under the Mental Health and Developmental Disabilities Confidentiality Act to be sent a copy of the report. The report shall include an opinion as to whether the defendant is currently in need of mental health services on an inpatient basis or in need of mental health services on an outpatient basis. The report shall also summarize the basis for those findings and provide a current summary of the following items from the treatment plan: (1) an assessment of the defendant's treatment needs, (2) a description of the services recommended for treatment, (3) the goals of each type of element of service, (4) an anticipated timetable for the accomplishment of the goals, and (5) a designation of the qualified professional responsible for the implementation of the plan. The report may also include unsupervised on-grounds privileges, off-grounds privileges (with or without escort by personnel of the Department of Human Services), home visits and participation in work programs, but only where such privileges have been approved by specific court order, which order may include such conditions on the defendant as the Court may deem appropriate and necessary to reasonably assure the defendant's satisfactory progress in treatment and the safety of the defendant and others.

(c) Every defendant acquitted of a felony by reason of insanity and subsequently found to be in need of mental health services shall be represented by counsel in all proceedings under this Section and under the Mental Health and Developmental Disabilities Code.

(1) The Court shall appoint as counsel the public defender or an attorney licensed by this State.

(2) Upon filing with the Court of a verified statement of legal services rendered by the private attorney appointed pursuant to paragraph (1) of this subsection, the Court shall determine a reasonable fee for such services. If the defendant is unable to pay the fee, the Court shall enter an order upon the State to pay the entire fee or such amount as the defendant is unable to pay from funds appropriated by the General Assembly for that purpose.

(d) When the facility director determines that:

(1) the defendant is no longer in need of mental health services on an inpatient basis; and

(2) the defendant may be conditionally released because he or she is still in need of mental health services or that the defendant may be discharged as not in need of any mental health services; or

(3) the defendant no longer requires placement in a secure setting;

the facility director shall give written notice to the Court, State's Attorney and defense attorney. Such notice shall set forth in detail the basis for the recommendation of the facility director, and specify clearly the recommendations, if any, of the facility director, concerning conditional release. Any recommendation for conditional release shall include an evaluation of the defendant's need for psychotropic medication, what provisions should be made, if any, to ensure that the defendant will continue to receive psychotropic medication following discharge, and what provisions should be made to assure the safety of the defendant and others in the event the defendant is no longer receiving psychotropic medication. Within 30 days of the notification by the facility director, the Court shall set a hearing and make a finding as to whether the defendant is:

(i) (blank); or

New matter indicated by italics - deletions by strikeout
(ii) in need of mental health services in the form of inpatient care; or
(iii) in need of mental health services but not subject to inpatient care; or
(iv) no longer in need of mental health services; or
(v) no longer requires placement in a secure setting.

Upon finding by the Court, the Court shall enter its findings and such appropriate order as provided in subsection (a) and (a-1) of this Section.

(e) A defendant admitted pursuant to this Section, or any person on his behalf, may file a petition for treatment plan review, transfer to a non-secure setting within the Department of Human Services or discharge or conditional release under the standards of this Section in the Court which rendered the verdict. Upon receipt of a petition for treatment plan review, transfer to a non-secure setting or discharge or conditional release, the Court shall set a hearing to be held within 120 days. Thereafter, no new petition may be filed for 180 days without leave of the Court.

(f) The Court shall direct that notice of the time and place of the hearing be served upon the defendant, the facility director, the State's Attorney, and the defendant's attorney. If requested by either the State or the defense or if the Court feels it is appropriate, an impartial examination of the defendant by a psychiatrist or clinical psychologist as defined in Section 1-103 of the Mental Health and Developmental Disabilities Code who is not in the employ of the Department of Human Services shall be ordered, and the report considered at the time of the hearing.

(g) The findings of the Court shall be established by clear and convincing evidence. The burden of proof and the burden of going forth with the evidence rest with the defendant or any person on the defendant's behalf when a hearing is held to review a petition filed by or on behalf of the defendant. The evidence shall be presented in open Court with the right of confrontation and cross-examination. Such evidence may include, but is not limited to:

(1) whether the defendant appreciates the harm caused by the defendant to others and the community by his or her prior
conduct that resulted in the finding of not guilty by reason of insanity;

(2) Whether the person appreciates the criminality of conduct similar to the conduct for which he or she was originally charged in this matter;

(3) the current state of the defendant's illness;

(4) what, if any, medications the defendant is taking to control his or her mental illness;

(5) what, if any, adverse physical side effects the medication has on the defendant;

(6) the length of time it would take for the defendant's mental health to deteriorate if the defendant stopped taking prescribed medication;

(7) the defendant's history or potential for alcohol and drug abuse;

(8) the defendant's past criminal history;

(9) any specialized physical or medical needs of the defendant;

(10) any family participation or involvement expected upon release and what is the willingness and ability of the family to participate or be involved;

(11) the defendant's potential to be a danger to himself, herself, or others; and

(12) any other factor or factors the Court deems appropriate.

(h) Before the court orders that the defendant be discharged or conditionally released, it shall order the facility director to establish a discharge plan that includes a plan for the defendant's shelter, support, and medication. If appropriate, the court shall order that the facility director establish a program to train the defendant in self-medication under standards established by the Department of Human Services. If the Court finds, consistent with the provisions of this Section, that the defendant is no longer in need of mental health services it shall order the facility director to discharge the defendant. If the Court finds, consistent with the

New matter indicated by italics - deletions by strikeout
provisions of this Section, that the defendant is in need of mental health services, and no longer in need of inpatient care, it shall order the facility director to release the defendant under such conditions as the Court deems appropriate and as provided by this Section. Such conditional release shall be imposed for a period of 5 years as provided in paragraph (1) (D) of subsection (a-1) (a) and shall be subject to later modification by the Court as provided by this Section. If the Court finds consistent with the provisions in this Section that the defendant is in need of mental health services on an inpatient basis, it shall order the facility director not to discharge or release the defendant in accordance with paragraph (b) of this Section.

(i) If within the period of the defendant's conditional release the State's Attorney determines that the defendant has not fulfilled the conditions of his or her release, the State's Attorney may petition the Court to revoke or modify the conditional release of the defendant. Upon the filing of such petition the defendant may be remanded to the custody of the Department, or to any other mental health facility designated by the Department, pending the resolution of the petition. Nothing in this Section shall prevent the emergency admission of a defendant pursuant to Article VI of Chapter III of the Mental Health and Developmental Disabilities Code or the voluntary admission of the defendant pursuant to Article IV of Chapter III of the Mental Health and Developmental Disabilities Code. If the Court determines, after hearing evidence, that the defendant has not fulfilled the conditions of release, the Court shall order a hearing to be held consistent with the provisions of paragraph (f) and (g) of this Section. At such hearing, if the Court finds that the defendant is in need of mental health services on an inpatient basis, it shall enter an order remanding him or her to the Department of Human Services or other facility. If the defendant is remanded to the Department of Human Services, he or she shall be placed in a secure setting unless the Court determines that there are compelling reasons that such placement is not necessary. If the Court finds that the defendant continues to be in need of mental health services but not on an inpatient basis, it may modify the conditions of the original release in order to reasonably assure the defendant's satisfactory progress.
in treatment and his or her safety and the safety of others in accordance with the standards established in paragraph (1) (D) of subsection (a-1) (a).

Nothing in this Section shall limit a Court's contempt powers or any other powers of a Court.

(j) An order of admission under this Section does not affect the remedy of habeas corpus.

(k) In the event of a conflict between this Section and the Mental Health and Developmental Disabilities Code or the Mental Health and Developmental Disabilities Confidentiality Act, the provisions of this Section shall govern.

(l) This amendatory Act shall apply to all persons who have been found not guilty by reason of insanity and who are presently committed to the Department of Mental Health and Developmental Disabilities (now the Department of Human Services).

(m) The Clerk of the Court shall, after the entry of an order of transfer to a non-secure setting of the Department of Human Services or discharge or conditional release, transmit a certified copy of the order to the Department of Human Services, and the sheriff of the county from which the defendant was admitted. The Clerk of the Court shall also transmit a certified copy of the order of discharge or conditional release to the Illinois Department of State Police, to the proper law enforcement agency for the municipality where the offense took place, and to the sheriff of the county into which the defendant is conditionally discharged. The Illinois Department of State Police shall maintain a centralized record of discharged or conditionally released defendants while they are under court supervision for access and use of appropriate law enforcement agencies.

(l) other nonmedical social services that may enable the
person to become self-supporting; or

(m) clearinghouse for information provided by senior
citizen home owners who want to rent rooms to or share living
space with other senior citizens.

The Department shall establish eligibility standards for such
services taking into consideration the unique economic and social needs of
the target population for whom they are to be provided. Such eligibility
standards shall be based on the recipient's ability to pay for services;
provided, however, that in determining the amount and nature of services
for which a person may qualify, consideration shall not be given to the
value of cash, property or other assets held in the name of the person's
spouse pursuant to a written agreement dividing marital property into
equal but separate shares or pursuant to a transfer of the person's interest in
a home to his spouse, provided that the spouse's share of the marital
property is not made available to the person seeking such services.

Beginning July 1, 2002, the Department shall require as a condition
of eligibility that all financially eligible applicants and recipients apply for
medical assistance under Article V of the Illinois Public Aid Code in
accordance with rules promulgated by the Department.

The Department shall, in conjunction with the Department of
Public Aid (now Department of Healthcare and Family Services), seek
appropriate amendments under Sections 1915 and 1924 of the Social

for home and community based services under Sections 1915 and 1924 of
the Social Security Act to persons who transfer to or for the benefit of a

1924 of the Social Security Act. Subject to the approval of such
amendments, the Department shall extend the provisions of Section 5-4 of
the Illinois Public Aid Code to persons who, but for the provision of home
or community-based services, would require the level of care provided in
an institution, as is provided for in federal law. Those persons no longer
found to be eligible for receiving noninstitutional services due to changes
in the eligibility criteria shall be given 60 days notice prior to actual

New matter indicated by italics - deletions by strikeout
termination. Those persons receiving notice of termination may contact the Department and request the determination be appealed at any time during the 60 day notice period. With the exception of the lengthened notice and time frame for the appeal request, the appeal process shall follow the normal procedure. In addition, each person affected regardless of the circumstances for discontinued eligibility shall be given notice and the opportunity to purchase the necessary services through the Community Care Program. If the individual does not elect to purchase services, the Department shall advise the individual of alternative services. The target population identified for the purposes of this Section are persons age 60 and older with an identified service need. Priority shall be given to those who are at imminent risk of institutionalization. The services shall be provided to eligible persons age 60 and older to the extent that the cost of the services together with the other personal maintenance expenses of the persons are reasonably related to the standards established for care in a group facility appropriate to the person's condition. These non-institutional services, pilot projects or experimental facilities may be provided as part of or in addition to those authorized by federal law or those funded and administered by the Department of Human Services. The Departments of Human Services, Healthcare and Family Services, Public Health, Veterans' Affairs, and Commerce and Economic Opportunity and other appropriate agencies of State, federal and local governments shall cooperate with the Department on Aging in the establishment and development of the non-institutional services. The Department shall require an annual audit from all chore/housekeeping and home care aide homemaker vendors contracting with the Department under this Section. The audit is a public record under the Freedom of Information Act. The Department shall execute, relative to the nursing home prescreening project, written inter-agency agreements with the Department of Human Services and the Department of Healthcare and Family Services, to effect the following: (1) intake procedures and common eligibility criteria for

those persons who are receiving non-institutional services; and (2) the establishment and development of non-institutional services in areas of the State where they are not currently available or are undeveloped. On and after July 1, 1996, all nursing home prescreenings for individuals 60 years of age or older shall be conducted by the Department.

As part of the Department on Aging's routine training of case managers and case manager supervisors, the Department may include information on family futures planning for persons who are age 60 or older and who are caregivers of their adult children with developmental disabilities. The content of the training shall be at the Department's discretion.

The Department is authorized to establish a system of recipient copayment for services provided under this Section, such copayment to be based upon the recipient's ability to pay but in no case to exceed the actual cost of the services provided. Additionally, any portion of a person's income which is equal to or less than the federal poverty standard shall not be considered by the Department in determining the copayment. The level of such copayment shall be adjusted whenever necessary to reflect any change in the officially designated federal poverty standard.

The Department, or the Department's authorized representative, shall recover the amount of moneys expended for services provided to or in behalf of a person under this Section by a claim against the person's estate or against the estate of the person's surviving spouse, but no recovery may be had until after the death of the surviving spouse, if any, and then only at such time when there is no surviving child who is under age 21, blind, or permanently and totally disabled. This paragraph, however, shall not bar recovery, at the death of the person, of moneys for services provided to the person or in behalf of the person under this Section to which the person was not entitled; provided that such recovery shall not be enforced against any real estate while it is occupied as a homestead by the surviving spouse or other dependent, if no claims by other creditors have been filed against the estate, or, if such claims have been filed, they remain dormant for failure of prosecution or failure of the claimant to compel administration of the estate for the purpose of

payment. This paragraph shall not bar recovery from the estate of a spouse, under Sections 1915 and 1924 of the Social Security Act and Section 5-4 of the Illinois Public Aid Code, who precedes a person receiving services under this Section in death. All moneys for services paid to or in behalf of the person under this Section shall be claimed for recovery from the deceased spouse's estate. "Homestead", as used in this paragraph, means the dwelling house and contiguous real estate occupied by a surviving spouse or relative, as defined by the rules and regulations of the Department of Healthcare and Family Services, regardless of the value of the property.

The Department shall develop procedures to enhance availability of services on evenings, weekends, and on an emergency basis to meet the respite needs of caregivers. Procedures shall be developed to permit the utilization of services in successive blocks of 24 hours up to the monthly maximum established by the Department. Workers providing these services shall be appropriately trained.

Beginning on the effective date of this Amendatory Act of 1991, no person may perform chore/housekeeping and home care aide homemaker services under a program authorized by this Section unless that person has been issued a certificate of pre-service to do so by his or her employing agency. Information gathered to effect such certification shall include (i) the person's name, (ii) the date the person was hired by his or her current employer, and (iii) the training, including dates and levels. (730 ILCS 5/5-6-1) (from Ch. 38, par. 1005-6-1)

Sec. 5-6-1. Sentences of Probation and of Conditional Discharge and Disposition of Supervision. The General Assembly finds that in order to protect the public, the criminal justice system must compel compliance with the conditions of probation by responding to violations with swift, certain and fair punishments and intermediate sanctions. The Chief Judge of each circuit shall adopt a system of structured, intermediate sanctions for violations of the terms and conditions of a sentence of probation, conditional discharge or disposition of supervision.

(a) Except where specifically prohibited by other provisions of this Code, the court shall impose a sentence of probation or conditional discharge upon an offender unless, having regard to the nature and
circumstance of the offense, and to the history, character and condition of the offender, the court is of the opinion that:

(1) his imprisonment or periodic imprisonment is necessary for the protection of the public; or

(2) probation or conditional discharge would deprecate the seriousness of the offender's conduct and would be inconsistent with the ends of justice; or

(3) a combination of imprisonment with concurrent or consecutive probation when an offender has been admitted into a drug court program under Section 20 of the Drug Court Treatment Act is necessary for the protection of the public and for the rehabilitation of the offender.

The court shall impose as a condition of a sentence of probation, conditional discharge, or supervision, that the probation agency may invoke any sanction from the list of intermediate sanctions adopted by the chief judge of the circuit court for violations of the terms and conditions of the sentence of probation, conditional discharge, or supervision, subject to the provisions of Section 5-6-4 of this Act.

(b) The court may impose a sentence of conditional discharge for an offense if the court is of the opinion that neither a sentence of imprisonment nor of periodic imprisonment nor of probation supervision is appropriate.

(b-1) Subsections (a) and (b) of this Section do not apply to a defendant charged with a misdemeanor or felony under the Illinois Vehicle Code or reckless homicide under Section 9-3 of the Criminal Code of 1961 if the defendant within the past 12 months has been convicted of or pleaded guilty to a misdemeanor or felony under the Illinois Vehicle Code or reckless homicide under Section 9-3 of the Criminal Code of 1961.

(c) The court may, upon a plea of guilty or a stipulation by the defendant of the facts supporting the charge or a finding of guilt, defer further proceedings and the imposition of a sentence, and enter an order for supervision of the defendant, if the defendant is not charged with: (i) a Class A misdemeanor, as defined by the following provisions of the Criminal Code of 1961: Sections 11-9.1; 12-3.2; 12-15; 26-5; 31-1; 31-6;

If the defendant is not barred from receiving an order for supervision as provided in this subsection, the court may enter an order for supervision after considering the circumstances of the offense, and the history, character and condition of the offender, if the court is of the opinion that:

(1) the offender is not likely to commit further crimes;
(2) the defendant and the public would be best served if the defendant were not to receive a criminal record; and
(3) in the best interests of justice an order of supervision is more appropriate than a sentence otherwise permitted under this Code.

(d) The provisions of paragraph (c) shall not apply to a defendant charged with violating Section 11-501 of the Illinois Vehicle Code or a similar provision of a local ordinance when the defendant has previously been:

(1) convicted for a violation of Section 11-501 of the Illinois Vehicle Code or a similar provision of a local ordinance or any similar law or ordinance of another state; or

The court shall consider the statement of the prosecuting authority with regard to the standards set forth in this Section.

AN ACT concerning revenue.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Use Tax Act is amended by changing Section 3-55 as follows:

(35 ILCS 105/3-55) (from Ch. 120, par. 439.3-55)

Sec. 3-55. Multistate exemption. To prevent actual or likely multistate taxation, the tax imposed by this Act does not apply to the use of tangible personal property in this State under the following circumstances:

(a) The use, in this State, of tangible personal property acquired outside this State by a nonresident individual and brought into this State by the individual for his or her own use while temporarily within this State or while passing through this State.

(b) The use, in this State, of tangible personal property by an interstate carrier for hire as rolling stock moving in interstate commerce or by lessors under a lease of one year or longer executed or in effect at the time of purchase of tangible personal property by interstate carriers for hire for use as rolling stock moving in interstate commerce as long as so used by the interstate carriers for hire, and equipment operated by a telecommunications provider, licensed as a common carrier by the Federal Communications Commission, which is permanently installed in or affixed to aircraft moving in interstate commerce.

(c) The use, in this State, by owners, lessors, or shippers of tangible personal property that is utilized by interstate carriers for hire for use as rolling stock moving in interstate commerce as long as so used by the interstate carriers for hire, and equipment operated by a telecommunications provider, licensed as a common carrier by the Federal Communications Commission, which is permanently installed in or affixed to aircraft moving in interstate commerce.
(d) The use, in this State, of tangible personal property that is acquired outside this State and caused to be brought into this State by a person who has already paid a tax in another State in respect to the sale, purchase, or use of that property, to the extent of the amount of the tax properly due and paid in the other State.

(e) The temporary storage, in this State, of tangible personal property that is acquired outside this State and that, after being brought into this State and stored here temporarily, is used solely outside this State or is physically attached to or incorporated into other tangible personal property that is used solely outside this State, or is altered by converting, fabricating, manufacturing, printing, processing, or shaping, and, as altered, is used solely outside this State.

(f) The temporary storage in this State of building materials and fixtures that are acquired either in this State or outside this State by an Illinois registered combination retailer and construction contractor, and that the purchaser thereafter uses outside this State by incorporating that property into real estate located outside this State.

(g) The use or purchase of tangible personal property by a common carrier by rail or motor that receives the physical possession of the property in Illinois, and that transports the property, or shares with another common carrier in the transportation of the property, out of Illinois on a standard uniform bill of lading showing the seller of the property as the shipper or consignor of the property to a destination outside Illinois, for use outside Illinois.

(h) Except as provided in subsection (h-1), the use, in this State, of a motor vehicle that was sold in this State to a nonresident, even though the motor vehicle is delivered to the nonresident in this State, if the motor vehicle is not to be titled in this State, and if a drive-away permit is issued to the motor vehicle as provided in Section 3-603 of the Illinois Vehicle Code or if the nonresident purchaser has vehicle registration plates to transfer to the motor vehicle upon returning to his or her home state. The issuance of the drive-away permit or having the out-of-state registration plates to be transferred shall be prima facie evidence that the motor vehicle will not be titled in this State.
(h-1) The exemption under subsection (h) does not apply if the state in which the motor vehicle will be titled does not allow a reciprocal exemption for the use in that state of a motor vehicle sold and delivered in that state to an Illinois resident but titled in Illinois. The tax collected under this Act on the sale of a motor vehicle in this State to a resident of another state that does not allow a reciprocal exemption shall be imposed at a rate equal to the state's rate of tax on taxable property in the state in which the purchaser is a resident, except that the tax shall not exceed the tax that would otherwise be imposed under this Act. At the time of the sale, the purchaser shall execute a statement, signed under penalty of perjury, of his or her intent to title the vehicle in the state in which the purchaser is a resident within 30 days after the sale and of the fact of the payment to the State of Illinois of tax in an amount equivalent to the state's rate of tax on taxable property in his or her state of residence and shall submit the statement to the appropriate tax collection agency in his or her state of residence. In addition, the retailer must retain a signed copy of the statement in his or her records. Nothing in this subsection shall be construed to require the removal of the vehicle from this state following the filing of an intent to title the vehicle in the purchaser's state of residence if the purchaser titles the vehicle in his or her state of residence within 30 days after the date of sale. The tax collected under this Act in accordance with this subsection (h-1) shall be proportionately distributed as if the tax were collected at the 6.25% general rate imposed under this Act.

(h-2) The following exemptions apply with respect to certain aircraft:

(1) Beginning on July 1, 2007, no tax is imposed under this Act on the purchase of an aircraft, as defined in Section 3 of the Illinois Aeronautics Act, if all of the following conditions are met:

(A) the aircraft leaves this State within 15 days after the later of either the issuance of the final billing for the purchase of the aircraft or the authorized approval for return to service, completion of the maintenance record
entry, and completion of the test flight and ground test for
inspection, as required by 14 C.F.R. 91.407;

(B) the aircraft is not based or registered in this
State after the purchase of the aircraft; and

(C) the purchaser provides the Department with a
signed and dated certification, on a form prescribed by the
Department, certifying that the requirements of this item (1)
are met. The certificate must also include the name and
address of the purchaser, the address of the location where
the aircraft is to be titled or registered, the address of the
primary physical location of the aircraft, and other
information that the Department may reasonably require.

(2) Beginning on July 1, 2007, no tax is imposed under this
Act on the use of an aircraft, as defined in Section 3 of the Illinois
Aeronautics Act, that is temporarily located in this State for the
purpose of a prepurchase evaluation if all of the following
conditions are met:

(A) the aircraft is not based or registered in this
State after the prepurchase evaluation; and

(B) the purchaser provides the Department with a
signed and dated certification, on a form prescribed by the
Department, certifying that the requirements of this item (2)
are met. The certificate must also include the name and
address of the purchaser, the address of the location where
the aircraft is to be titled or registered, the address of the
primary physical location of the aircraft, and other
information that the Department may reasonably require.

(3) Beginning on July 1, 2007, no tax is imposed under this
Act on the use of an aircraft, as defined in Section 3 of the Illinois
Aeronautics Act, that is temporarily located in this State for the
purpose of a post-sale customization if all of the following
conditions are met:

(A) the aircraft leaves this State within 15 days after
the authorized approval for return to service, completion of

New matter indicated by italics - deletions by strikeout
the maintenance record entry, and completion of the test flight and ground test for inspection, as required by 14 C.F.R. 91.407;

(B) the aircraft is not based or registered in this State either before or after the post-sale customization; and

(C) the purchaser provides the Department with a signed and dated certification, on a form prescribed by the Department, certifying that the requirements of this item (3) are met. The certificate must also include the name and address of the purchaser, the address of the location where the aircraft is to be titled or registered, the address of the primary physical location of the aircraft, and other information that the Department may reasonably require.

If tax becomes due under this subsection (h-2) because of the purchaser's use of the aircraft in this State, the purchaser shall file a return with the Department and pay the tax on the fair market value of the aircraft. This return and payment of the tax must be made no later than 30 days after the aircraft is used in a taxable manner in this State. The tax is based on the fair market value of the aircraft on the date that it is first used in a taxable manner in this State.

For purposes of this subsection (h-2):

"Based in this State" means hangared, stored, or otherwise used, excluding post-sale customizations as defined in this Section, for 10 or more days in each 12-month period immediately following the date of the sale of the aircraft.

"Post-sale customization" means any improvement, maintenance, or repair that is performed on an aircraft following a transfer of ownership of the aircraft.

"Prepurchase evaluation" means an examination of an aircraft to provide a potential purchaser with information relevant to the potential purchase.

"Registered in this State" means an aircraft registered with the Department of Transportation, Aeronautics Division, or titled or
registered with the Federal Aviation Administration to an address located in this State.

This subsection (h-2) is exempt from the provisions of Section 3-90.

(i) Beginning July 1, 1999, the use, in this State, of fuel acquired outside this State and brought into this State in the fuel supply tanks of locomotives engaged in freight hauling and passenger service for interstate commerce. This subsection is exempt from the provisions of Section 3-90.

(j) Beginning on January 1, 2002 and through June 30, 2011, the use of tangible personal property purchased from an Illinois retailer by a taxpayer engaged in centralized purchasing activities in Illinois who will, upon receipt of the property in Illinois, temporarily store the property in Illinois (i) for the purpose of subsequently transporting it outside this State for use or consumption thereafter solely outside this State or (ii) for the purpose of being processed, fabricated, or manufactured into, attached to, or incorporated into other tangible personal property to be transported outside this State and thereafter used or consumed solely outside this State. The Director of Revenue shall, pursuant to rules adopted in accordance with the Illinois Administrative Procedure Act, issue a permit to any taxpayer in good standing with the Department who is eligible for the exemption under this subsection (j). The permit issued under this subsection (j) shall authorize the holder, to the extent and in the manner specified in the rules adopted under this Act, to purchase tangible personal property from a retailer exempt from the taxes imposed by this Act. Taxpayers shall maintain all necessary books and records to substantiate the use and consumption of all such tangible personal property outside of the State of Illinois.

later of either the issuance of the final billing for the sale of the
aircraft, or the authorized approval for return to service,
completion of the maintenance record entry, and completion of the

Section 5. The State Treasurer Act is amended by changing Section 16.5 as follows:
(15 ILCS 505/16.5)
Sec. 16.5. College Savings Pool. The State Treasurer may establish and administer a College Savings Pool to supplement and enhance the investment opportunities otherwise available to persons seeking to finance the costs of higher education. The State Treasurer, in administering the

College Savings Pool, may receive moneys paid into the pool by a participant and may serve as the fiscal agent of that participant for the purpose of holding and investing those moneys.

"Participant", as used in this Section, means any person who has authority to withdraw funds, change the designated beneficiary, or otherwise exercise control over an account. "Donor", as used in this Section, means any person who makes investments in the pool. "Designated beneficiary", as used in this Section, means any person on whose behalf an account is established in the College Savings Pool by a participant. Both in-state and out-of-state persons may be participants, donors, and designated beneficiaries in the College Savings Pool.

New accounts in the College Savings Pool shall be processed through participating financial institutions. "Participating financial institution", as used in this Section, means any financial institution insured by the Federal Deposit Insurance Corporation and lawfully doing business in the State of Illinois and any credit union approved by the State Treasurer and lawfully doing business in the State of Illinois that agrees to process new accounts in the College Savings Pool. Participating financial institutions may charge a processing fee to participants to open an account in the pool that shall not exceed $30 until the year 2001. Beginning in 2001 and every year thereafter, the maximum fee limit shall be adjusted by the Treasurer based on the Consumer Price Index for the North Central Region as published by the United States Department of Labor, Bureau of Labor Statistics for the immediately preceding calendar year. Every contribution received by a financial institution for investment in the College Savings Pool shall be transferred from the financial institution to a location selected by the State Treasurer within one business day following the day that the funds must be made available in accordance with federal law. All communications from the State Treasurer to participants and donors shall reference the participating financial institution at which the account was processed.

The Treasurer may invest the moneys in the College Savings Pool in the same manner, in the same types of investments, and subject to the same limitations provided for the investment of moneys by the Illinois

State Board of Investment. To enhance the safety and liquidity of the College Savings Pool, to ensure the diversification of the investment portfolio of the pool, and in an effort to keep investment dollars in the State of Illinois, the State Treasurer shall make a percentage of each account available for investment in participating financial institutions doing business in the State. The State Treasurer shall deposit with the participating financial institution at which the account was processed the following percentage of each account at a prevailing rate offered by the institution, provided that the deposit is federally insured or fully collateralized and the institution accepts the deposit: 10% of the total amount of each account for which the current age of the beneficiary is less than 7 years of age, 20% of the total amount of each account for which the beneficiary is at least 7 years of age and less than 12 years of age, and 50% of the total amount of each account for which the current age of the beneficiary is at least 12 years of age. The State Treasurer shall adjust each account at least annually to ensure compliance with this Section. The Treasurer shall develop, publish, and implement an investment policy covering the investment of the moneys in the College Savings Pool. The policy shall be published (i) at least once each year in at least one newspaper of general circulation in both Springfield and Chicago and (ii) each year as part of the audit of the College Savings Pool by the Auditor General, which shall be distributed to all participants. The Treasurer shall notify all participants in writing, and the Treasurer shall publish in a newspaper of general circulation in both Chicago and Springfield, any changes to the previously published investment policy at least 30 calendar days before implementing the policy. Any investment policy adopted by the Treasurer shall be reviewed and updated if necessary within 90 days following the date that the State Treasurer takes office.

Participants shall be required to use moneys distributed from the College Savings Pool for qualified expenses at eligible educational institutions. "Qualified expenses", as used in this Section, means the following: (i) tuition, fees, and the costs of books, supplies, and equipment required for enrollment or attendance at an eligible educational institution and (ii) certain room and board expenses incurred while attending an
eligible educational institution at least half-time. "Eligible educational institutions", as used in this Section, means public and private colleges, junior colleges, graduate schools, and certain vocational institutions that are described in Section 481 of the Higher Education Act of 1965 (20 U.S.C. 1088) and that are eligible to participate in Department of Education student aid programs. A student shall be considered to be enrolled at least half-time if the student is enrolled for at least half the full-time academic work load for the course of study the student is pursuing as determined under the standards of the institution at which the student is enrolled. Distributions made from the pool for qualified expenses shall be made directly to the eligible educational institution, directly to a vendor, or in the form of a check payable to both the beneficiary and the institution or vendor. Any moneys that are distributed in any other manner or that are used for expenses other than qualified expenses at an eligible educational institution shall be subject to a penalty of 10% of the earnings unless the beneficiary dies, becomes disabled, or receives a scholarship that equals or exceeds the distribution. Penalties shall be withheld at the time the distribution is made.

The Treasurer shall limit the contributions that may be made on behalf of a designated beneficiary based on an actuarial estimate of what is required to pay tuition, fees, and room and board for 5 undergraduate years at the highest cost eligible educational institution. The contributions made on behalf of a beneficiary who is also a beneficiary under the Illinois Prepaid Tuition Program shall be further restricted to ensure that the contributions in both programs combined do not exceed the limit established for the College Savings Pool. The Treasurer shall provide the Illinois Student Assistance Commission each year at a time designated by the Commission, an electronic report of all participant accounts in the Treasurer's College Savings Pool, listing total contributions and disbursements from each individual account during the previous calendar year. As soon thereafter as is possible following receipt of the Treasurer's report, the Illinois Student Assistance Commission shall, in turn, provide the Treasurer with an electronic report listing those College Savings Pool participants who also participate in the State's prepaid tuition program,
administered by the Commission. The Commission shall be responsible for filing any combined tax reports regarding State qualified savings programs required by the United States Internal Revenue Service. The Treasurer shall work with the Illinois Student Assistance Commission to coordinate the marketing of the College Savings Pool and the Illinois Prepaid Tuition Program when considered beneficial by the Treasurer and the Director of the Illinois Student Assistance Commission. The Treasurer's office shall not publicize or otherwise market the College Savings Pool or accept any moneys into the College Savings Pool prior to March 1, 2000. The Treasurer shall provide a separate accounting for each designated beneficiary to each participant, the Illinois Student Assistance Commission, and the participating financial institution at which the account was processed. No interest in the program may be pledged as security for a loan. Moneys held in an account invested in the Illinois College Savings Pool shall be exempt from all claims of the creditors of the participant, donor, or designated beneficiary of that account, except for the non-exempt College Savings Pool transfers to or from the account as defined under subsection (j) of Section 12-1001 of the Code of Civil Procedure (735 ILCS 5/12-1001(j)).

The assets of the College Savings Pool and its income and operation shall be exempt from all taxation by the State of Illinois and any of its subdivisions. The accrued earnings on investments in the Pool once disbursed on behalf of a designated beneficiary shall be similarly exempt from all taxation by the State of Illinois and its subdivisions, so long as they are used for qualified expenses. Contributions to a College Savings Pool account during the taxable year may be deducted from adjusted gross income as provided in Section 203 of the Illinois Income Tax Act. The provisions of this paragraph are exempt from Section 250 of the Illinois Income Tax Act.

The Treasurer shall adopt rules he or she considers necessary for the efficient administration of the College Savings Pool. The rules shall provide whatever additional parameters and restrictions are necessary to ensure that the College Savings Pool meets all of the requirements for a qualified state tuition program under Section 529 of the Internal Revenue

New matter indicated by italics - deletions by strikeout
Code (26 U.S.C. 529). The rules shall provide for the administration expenses of the pool to be paid from its earnings and for the investment earnings in excess of the expenses and all moneys collected as penalties to be credited or paid monthly to the several participants in the pool in a manner which equitably reflects the differing amounts of their respective investments in the pool and the differing periods of time for which those amounts were in the custody of the pool. Also, the rules shall require the maintenance of records that enable the Treasurer's office to produce a report for each account in the pool at least annually that documents the account balance and investment earnings. Notice of any proposed amendments to the rules and regulations shall be provided to all participants prior to adoption. Amendments to rules and regulations shall apply only to contributions made after the adoption of the amendment.

Upon creating the College Savings Pool, the State Treasurer shall give bond with 2 or more sufficient sureties, payable to and for the benefit of the participants in the College Savings Pool, in the penal sum of $1,000,000, conditioned upon the faithful discharge of his or her duties in relation to the College Savings Pool.

New matter indicated by italics - deletions by strikeout
Section 1. Short title. This Act may be cited as the Information Technology Accessibility Act.

Section 5. Findings; policy.
(a) The Legislature finds that:
   (1) The advent of the information age throughout the United States and around the world has resulted in dramatic increases in the importance of information technology in employment, education, and the receipt of services.
   (2) While information technology is increasingly being used as a means of providing information, communications, and services, the State is not consistently or cost-effectively ensuring that these technologies are accessible to individuals with disabilities.
   (3) The lack of accessible information technology can prevent individuals with disabilities from participating on equal terms in crucial areas of life, such as education and employment.
   (4) Techniques and products exist that can ensure that information technology can be made accessible to individuals with disabilities in consistent and cost-effective manners.
   (5) By proactively addressing accessibility in its information technology development and procurement processes, the State can cost-effectively ensure that its information technology will be accessible to individuals with disabilities.

(b) It is the policy of the State of Illinois that information technology developed, purchased, or provided by the State is accessible to individuals with disabilities.

Section 10. Definitions. As used in this Act:
"Accessibility" means the ability to receive, use, and manipulate data and operate controls included in electronic and information technology in a manner equivalent to that of individuals who do not have disabilities.

and intranet systems, software applications, operating systems, video and multimedia, telecommunications products, kiosks, information transaction machines, copiers, printers, and desktop and portable computers.

"Individuals with disabilities" means individuals with impairments that limit their ability to use information technology. The term does not include units of local government, school districts, or community colleges.

Section 15. Development of standards. Not later than 6 months after the effective date of this Act, the Department of Human Services shall develop and publish accessibility standards for electronic and information technology for State entities. The Secretary of Human Services shall convene a working group of appropriate State entity representatives, stakeholders, and other appropriate individuals and officials to advise and assist the Department in this process. The standards shall address, at a minimum, the following:

(1) functional performance criteria and technical requirements for accessibility;

(2) recommendations for procurement language that can be incorporated into existing State procurement processes to ensure compliance with accessibility standards; and

(3) recommendations for planning, reporting, monitoring, and enforcement of the accessibility standards by State entities.

Section 20. Implementation of standards. Not later than 6 months after the development and publication of accessibility standards by the Department of Human Services, the Director of Central Management Services and each State entity shall review the standards and make revisions to existing procurement or development rules, policies, and procedures under their control to incorporate the standards. accessibility standards shall apply to electronic and information technology developed or procured by a State entity, or to substantial modifications made to electronic and information technology by a State entity, after the Department of Central Management Services and other State entities incorporate the accessibility standards into their procurement policies and procedures. The accessibility standards shall not require (i) the installation of specific accessibility-related software or peripheral devices at a workstation of an employee who is not an individual with a disability or (ii) equipment made available for access at a location where the electronic and information technology is not customarily available to the public.

Section 25. Review and amendment of standards. The Department of Human Services shall, at a minimum, review the accessibility standards every 3 years after the date of initial publication and, as appropriate, amend the standards to reflect technological advances or changes in electronic and information technology. The Secretary of Human Services may convene a working group of appropriate State entity representatives, stakeholders, and other appropriate individuals and officials to advise and assist in the process of reviewing and amending the standards. Within 6 months after the publication by the Department of Human Services of amendments to the standards, the Director of Central Management Services and other State entities shall review the amended standards and make any necessary changes to their existing procurement policies and procedures to incorporate amendments to the accessibility standards into their procurement policies and procedures. The amended accessibility standards shall apply to electronic and information technology developed or procured by a State entity, or to substantial modifications made to electronic and information technology by a State entity, after the Department of Central Management Services and other State entities incorporate the amended accessibility standards into their procurement policies and procedures.

(b) The Secretary of State shall also immediately revoke the license or permit of any driver in the following situations:

1. Of any minor upon receiving the notice provided for in Section 5-901 of the Juvenile Court Act of 1987 that the minor has been adjudicated under that Act as having committed an offense relating to motor vehicles prescribed in Section 4-103 of this Code;

2. Of any person when any other law of this State requires either the revocation or suspension of a license or permit.

(c) Whenever a person is convicted of any of the offenses enumerated in this Section, the court may recommend and the Secretary of State in his discretion, without regard to whether the recommendation is made by the court may, upon application, issue to the person a restricted driving permit granting the privilege of driving a motor vehicle between the petitioner's residence and petitioner's place of employment or within the scope of the petitioner's employment related duties, or to allow transportation for the petitioner or a household member of the petitioner's family for the receipt of necessary medical care or, if the professional evaluation indicates, provide transportation for the petitioner for alcohol remedial or rehabilitative activity, or for the petitioner to attend classes, as a student, in an accredited educational institution; if the petitioner is able to demonstrate that no alternative means of transportation is reasonably available and the petitioner will not endanger the public safety or welfare; provided that the Secretary's discretion shall be limited to cases where undue hardship would result from a failure to issue the restricted driving permit.

If a person's license or permit has been revoked or suspended due to 2 or more convictions of violating Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense, arising out of separate occurrences, that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

similar out-of-state offense, and a statutory summary suspension under Section 11-501.1, or 2 or more statutory summary suspensions, or combination of 2 offenses, or of an offense and a statutory summary suspension, arising out of separate occurrences, that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1. The person must pay to the Secretary of State DUI Administration Fund an amount not to exceed $20 per month. The Secretary shall establish by rule the amount and the procedures, terms, and conditions relating to these fees. If the restricted driving permit was issued for employment purposes, then this provision does not apply to the operation of an occupational vehicle owned or leased by that person's employer. In each case the Secretary of State may issue a restricted driving permit for a period he deems appropriate, except that the permit shall expire within one year from the date of issuance. The Secretary may not, however, issue a restricted driving permit to any person whose current revocation is the result of a second or subsequent conviction for a violation of Section 11-501 of this Code or a similar provision of a local ordinance relating to the offense of operating or being in physical control of a motor vehicle while under the influence of alcohol, other drug or drugs, intoxicating compound or compounds, or any similar out-of-state offense, or any combination thereof, until the expiration of at least one year from the date of the revocation. A restricted driving permit issued under this Section shall be subject to cancellation, revocation, and suspension by the Secretary of State in like manner and for like cause as a driver's license issued under this Code may be cancelled, revoked, or suspended; except that a conviction upon one or more offenses against laws or ordinances regulating the movement of traffic shall be deemed sufficient cause for the revocation, suspension, or cancellation of a restricted driving permit. The Secretary of State may, as a condition to the issuance of a restricted driving permit, require the applicant to participate in a designated driver remedial or rehabilitative program. The Secretary of State is authorized to cancel a restricted driving permit if the permit holder does not successfully complete the program. However, if an individual's driving privileges have
been revoked in accordance with paragraph 13 of subsection (a) of this Section, no restricted driving permit shall be issued until the individual has served 6 months of the revocation period.

(d) Whenever a person under the age of 21 is convicted under Section 11-501 of this Code or a similar provision of a local ordinance, the Secretary of State shall revoke the driving privileges of that person. One year after the date of revocation, and upon application, the Secretary of State may, if satisfied that the person applying will not endanger the public safety or welfare, issue a restricted driving permit granting the privilege of driving a motor vehicle only between the hours of 5 a.m. and 9 p.m. or as otherwise provided by this Section for a period of one year. After this one year period, and upon reapplication for a license as provided in Section 6-106, upon payment of the appropriate reinstatement fee provided under paragraph (b) of Section 6-118, the Secretary of State, in his discretion, may issue the applicant a license, or extend the restricted driving permit as many times as the Secretary of State deems appropriate, by additional periods of not more than 12 months each, until the applicant attains 21 years of age.

If a person's license or permit has been revoked or suspended due to 2 or more convictions of violating Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense, arising out of separate occurrences, that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

If a person's license or permit has been revoked or suspended 2 or more times within a 10 year period due to a single conviction of violating Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense, and a statutory summary suspension under Section 11-501.1, or 2 or more statutory summary suspensions, or combination of 2 offenses, or of an offense and a statutory summary suspension, arising out of separate occurrences, that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1. The person must pay to the Secretary of State DUI Administration Fund an
amount not to exceed $20 per month. The Secretary shall establish by rule the amount and the procedures, terms, and conditions relating to these fees. If the restricted driving permit was issued for employment purposes, then this provision does not apply to the operation of an occupational vehicle owned or leased by that person's employer. A restricted driving permit issued under this Section shall be subject to cancellation, revocation, and suspension by the Secretary of State in like manner and for like cause as a driver's license issued under this Code may be cancelled, revoked, or suspended; except that a conviction upon one or more offenses against laws or ordinances regulating the movement of traffic shall be deemed sufficient cause for the revocation, suspension, or cancellation of a restricted driving permit. The revocation periods contained in this subparagraph shall apply to similar out-of-state convictions.

(e) This Section is subject to the provisions of the Driver License Compact.

(f) Any revocation imposed upon any person under subsections 2 and 3 of paragraph (b) that is in effect on December 31, 1988 shall be converted to a suspension for a like period of time.

(g) The Secretary of State shall not issue a restricted driving permit to a person under the age of 16 years whose driving privileges have been revoked under any provisions of this Code.

(h) The Secretary of State shall require the use of ignition interlock devices on all vehicles owned by an individual who has been convicted of a second or subsequent offense under Section 11-501 of this Code or a similar provision of a local ordinance. The Secretary shall establish by rule and regulation the procedures for certification and use of the interlock system.

(i) The Secretary of State may not issue a restricted driving permit for a period of one year after a second or subsequent revocation of driving privileges under clause (a)(2) of this Section; however, one year after the date of a second or subsequent revocation of driving privileges under clause (a)(2) of this Section, the Secretary of State may, upon application, issue a restricted driving permit under the terms and conditions of subsection (c).

At the conclusion of a hearing under Section 2-118 of this Code, the Secretary of State shall either rescind or continue an order of revocation or shall substitute an order of suspension; or, good cause appearing therefor, rescind, continue, change, or extend the order of suspension. If the Secretary of State does not rescind the order, the Secretary may upon application, to relieve undue hardship, issue a restricted driving permit granting the privilege of driving a motor vehicle between the petitioner's residence and petitioner's place of employment or within the scope of his employment related duties, or to allow transportation for the petitioner, or a household member of the petitioner's family, to receive necessary medical care and if the professional evaluation indicates, provide transportation for alcohol remedial or rehabilitative activity, or for the petitioner to attend classes, as a student, in an accredited educational institution; if the petitioner is able to demonstrate that no alternative means of transportation is reasonably available and the petitioner will not endanger the public safety or welfare.

If a person's license or permit has been revoked or suspended due to 2 or more convictions of violating Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense, arising out of separate occurrences, that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

The Secretary shall establish by rule the amount and the procedures, terms, and conditions relating to these fees. If the restricted driving permit was issued for employment purposes, then this provision does not apply to the operation of an occupational vehicle owned or leased by that person's employer. In each case the Secretary may issue a restricted driving permit for a period deemed appropriate, except that all permits shall expire within one year from the date of issuance. The Secretary may not, however, issue a restricted driving permit to any person whose current revocation is the result of a second or subsequent conviction for a violation of Section 11-501 of this Code or a similar provision of a local ordinance relating to the offense of operating or being in physical control of a motor vehicle while under the influence of alcohol, other drug or drugs, intoxicating compound or compounds, or any similar out-of-state offense, or any combination of those offenses, until the expiration of at least one year from the date of the revocation. A restricted driving permit issued under this Section shall be subject to cancellation, revocation, and suspension by the Secretary of State in like manner and for like cause as a driver's license issued under this Code may be cancelled, revoked, or suspended; except that a conviction upon one or more offenses against laws or ordinances regulating the movement of traffic shall be deemed sufficient cause for the revocation, suspension, or cancellation of a restricted driving permit. The Secretary of State may, as a condition to the issuance of a restricted driving permit, require the applicant to participate in a designated driver remedial or rehabilitative program. The Secretary of State is authorized to cancel a restricted driving permit if the permit holder does not successfully complete the program.

(a) Except as provided in Section 6-306.4 of this Code, any person arrested and charged with violation of Section 3-701, 3-707, or 3-710, or of any violation of Chapters 11 or 12 of this Code, except the provisions of Sections 3-708, 11-401, 11-501, 11-503, or 11-504, or 11-506 of this Code shall have the option of depositing his valid driver's license issued under this Code with the officer demanding bail in lieu of any other security for his appearance in court in answer to any such charge.

(b) However, a uniform bail schedule and regulations adopted pursuant to Supreme Court Rule or Order may require that a driver's license issued under this Code must be deposited, in addition to appropriate cash deposit, where persons arrested and charged with violating Sections 3-708, 11-401, 11-501, 11-503, or 11-504, or 11-506 of this Code elect to take advantage of the uniform schedule establishing the amount of bail in such cases.

(d) If the licensee whose license has been deposited as security for bail does not appear in court in compliance with the time and place for hearing as notified in such receipt, or the continued date thereof, if any has been ordered by the court, the court shall continue the case for a minimum of 30 days and require a notice of the continued court date be sent to the licensee at his last known address. The clerk of such court shall notify the licensee of the court's order. If the licensee does not appear in and surrender on the continued court date, or within such period, satisfy the court that his appearance in and surrender to the court is impossible and without any fault on his part, the court shall enter an order of failure to appear to answer such charge after depositing license in lieu of bail. The clerk of such court shall notify the Secretary of State of the court's order.

The Secretary of State, when notified by the clerk of such court that an order of failure to appear to answer such charge after depositing license in lieu of bail has been entered, shall immediately suspend the driver's license of such licensee without a hearing and shall not remove such suspension, nor issue any hardship license or privilege to such licensee thereafter until notified by such court that the licensee has appeared and answered the charges placed against him.

2. The Secretary of State, when notified by the clerk of such court that an order of failure to appear to answer a charge after promising to appear has been entered, shall immediately suspend the driver's license of such licensee without a hearing and shall not remove such suspension, nor issue a hardship license or privilege to such licensee thereafter until notified by such court that the licensee has appeared and answered the charges placed against him.

The Chief Judge of each circuit shall adopt a system of structured, intermediate sanctions for violations of the terms and conditions of a sentence of probation, conditional discharge or disposition of supervision.

(a) Except where specifically prohibited by other provisions of this Code, the court shall impose a sentence of probation or conditional discharge upon an offender unless, having regard to the nature and circumstance of the offense, and to the history, character and condition of the offender, the court is of the opinion that:

Section 5. The Public Utilities Act is amended by adding Section 17-800 as follows:

(220 ILCS 5/17-800 new)

Sec. 17-800. Aggregation of electrical load by municipalities and counties. The corporate authorities of a municipality or county board of a county may adopt an ordinance, under which it may aggregate in accordance with this Section residential retail electrical loads located, respectively, within the municipality or county and, for that purpose, may solicit bids and enter into service agreements to facilitate for those loads the sale and purchase of electricity and related services and equipment. The corporate authorities or county board also may exercise such authority jointly with any other municipality or county. An ordinance under this Section shall specify whether the aggregation will occur only with the prior consent of each person owning, occupying, controlling, or using an electric load center proposed to be aggregated. Nothing in this Section, however, authorizes the aggregation of electric loads that are served or authorized to be served by an electric cooperative as defined by and pursuant to the Electric Supplier Act or loads served by a municipality that owns and operates its own electric distribution system. No aggregation pursuant to an ordinance adopted under this Section that provides for an election under this Section shall take effect unless approved by a majority of the electors voting upon the ordinance at the election held pursuant to this Section.

A governmental aggregator under this Section is not a public utility or an alternative retail electric supplier and shall be subject to supervision and regulation by the Commission only to the extent provided in this Section.

A municipality may initiate a process to authorize aggregation by a majority vote of the municipal council, with the approval of the mayor. A county may initiate the process to authorize aggregation by a majority vote of the county board. Two or more municipalities or counties, or a combination of both, may initiate a process jointly to authorize aggregation by a majority vote of each particular municipality or county as herein required.

Upon the applicable requisite authority under this Section, the corporate authorities or the county board shall develop a plan of operation and governance for the aggregation program so authorized. Before adopting a plan under this Section, the corporate authorities or county board shall hold at least 2 public hearings on the plan. Before the first hearing, the corporate authorities or county board shall publish notice of the hearings once a week for 2 consecutive weeks in a newspaper of general circulation in the jurisdiction. The notice shall summarize the plan and state the date, time, and location of each hearing. Any load aggregation plan established pursuant to this Section shall:

1. provide for universal access to all applicable residential customers and equitable treatment of applicable residential customers;

2. describe demand management and energy efficiency services to be provided to each class of customers; and

3. meet any requirements established by law or the Commission concerning aggregated service offered pursuant to this Section.

The plan shall be filed with the Commission for review and approval and shall include, without limitation, an organizational structure of the program, its operations, and funding; the methods of establishing rates and allocating costs among participants; the methods for entering and terminating agreements with other entities; the rights and responsibilities of program participants; and procedures for termination of the program. Within 120 days after receipt of the plan, the Commission shall issue an order either approving or rejecting the plan. If the Commission rejects the plan, it shall state detailed reasons for rejecting

the plan in its order. Upon approval of the plan, the corporate authorities or county board may solicit bids for electricity and other related services pursuant to the methods established in the plan. The corporate authorities or county board shall report the results of this solicitation and proposed agreement awards to the Commission, which shall have 15 business days to suspend such awards if the solicitation or awards are not in conformance with the plan or if the cost for energy would in the first year exceed the cost of that energy if that energy was obtained from an electric utility under Section 16-103 of this Act by citizens in the municipality or county or group of municipalities and counties, unless the applicant can demonstrate that the cost for energy under the aggregation plan will be lower in the subsequent years or the applicant can demonstrate that such excess cost is due to the purchase of renewable energy. If the Commission does not suspend the proposed contract awards within 15 business days after filing, the corporate authorities or county board shall have the right to award the proposed agreements.

It shall be the duty of the aggregated entity to fully inform residential retail customers in advance that they have the right to opt in to the aggregation program. The disclosure shall prominently state all charges to be made and shall include full disclosure of the cost to obtain service pursuant to Section 16-103 of this Act, how to access it, and the fact that it is available to them without penalty, if they are currently receiving service under that Section. The Commission shall furnish, without charge, to any citizen a list of all supply options available to them in a format that allows comparison of prices and products.

This Section does not prohibit municipalities or counties from entering into an intergovernmental agreement to aggregate residential retail electric loads.

(105 ILCS 5/14-7.03) (from Ch. 122, par. 14-7.03)

Sec. 14-7.03. Special Education Classes for Children from Orphanages, Foster Family Homes, Children's Homes, or in State Housing Units. The amount of tuition for such children shall be determined by the actual cost of maintaining such classes, using the per capita cost formula

set forth in Section 14-7.01, such program and cost to be pre-approved by the State Superintendent of Education.

On forms prepared by the State Superintendent of Education, the district shall certify to the regional superintendent the following:

(1) The name of the home or State residential unit with the name of the owner or proprietor and address of those maintaining it;

(2) That no service charges or other payments authorized by law were collected in lieu of taxes therefrom or on account thereof during either of the calendar years included in the school year for which claim is being made;

(6) The computed amount of tuition payment claimed as due, as approved by the State Superintendent of Education, for maintaining these classes.

If a school district makes a claim for reimbursement under Section 18-3 or 18-4 of this Act it shall not include in any claim filed under this Section a claim for such children. Payments authorized by law, including State or federal grants for education of children included in this Section, shall be deducted in determining the tuition amount.

Nothing in this Act shall be construed so as to prohibit reimbursement for the tuition of children placed in for profit facilities. Private facilities shall provide adequate space at the facility for special education classes provided by a school district or joint agreement for children with disabilities who are residents of the facility at no cost to the school district or joint agreement upon request of the school district or joint agreement. If such a private facility provides space at no cost to the

district or joint agreement for special education classes provided to children with disabilities who are residents of the facility, the district or joint agreement shall not include any costs for the use of those facilities in its claim for reimbursement.

Reimbursement for tuition may include the cost of providing summer school programs for children with severe and profound disabilities served under this Section. Claims for that reimbursement shall be filed by November 1 and shall be paid on or before December 15 from appropriations made for the purposes of this Section.

The State Board of Education shall establish such rules and regulations as may be necessary to implement the provisions of this Section.

Claims filed on behalf of programs operated under this Section housed in a jail, detention center, or county-owned shelter care facility shall be on an individual student basis only for eligible students with disabilities. These claims shall be in accordance with applicable rules.

Each district claiming reimbursement for a program operated as a group program shall have an approved budget on file with the State Board of Education prior to the initiation of the program's operation. On September 30, December 31, and March 31, the State Board of Education shall voucher payments to group programs based upon the approved budget during the year of operation. Final claims for group payments shall be filed on or before July 15. Final claims for group programs received at the State Board of Education on or before June 15 shall be vouchered by June 30. Final claims for individual students for the regular school term must be received at the State Board of Education by July 15. Claims for individual students

received after July 15 shall not be honored. Final claims for individual students shall be voucher ed by August 30.

Reimbursement shall be made based upon approved group programs or individual students. The State Superintendent of Education shall direct the Comptroller to pay a specified amount to the district by the 30th day of September, December, March, June, or August, respectively. However, notwithstanding any other provisions of this Section or the School Code, beginning with fiscal year 1994 and each fiscal year thereafter, if the amount appropriated for any fiscal year is less than the amount required for purposes of this Section, the amount required to eliminate any insufficient reimbursement for each district claim under this Section shall be reimbursed on August 30 of the next fiscal year. Payments required to eliminate any insufficiency for prior fiscal year claims shall be made before any claims are paid for the current fiscal year.

The claim of a school district otherwise eligible to be reimbursed in accordance with Section 14-12.01 for the 1976-77 school year but for this amendatory Act of 1977 shall not be paid unless the district ceases to maintain such classes for one entire school year.

If a school district's current reimbursement payment for the 1977-78 school year only is less than the prior year's reimbursement payment owed, the district shall be paid the amount of the difference between the payments in addition to the current reimbursement payment, and the amount so paid shall be subtracted from the amount of prior year's reimbursement payment owed to the district.

Regional superintendents may operate special education classes for children from orphanages, foster family homes, children's homes or State housing units located within the educational services region upon consent of the school board otherwise so obligated. In electing to assume the powers and duties of a school district in providing and maintaining such a special education program, the regional superintendent may enter into joint agreements with other districts and may contract with public or private schools or the orphanage, foster family home, children's home or State housing unit for provision of the special education program. The regional superintendent exercising the powers granted under this Section shall

Any child who is not a resident of Illinois who is placed in a child welfare institution, private facility, foster family home, State operated program, orphanage or children's home shall have the payment for his educational tuition and any related services assured by the placing agent.

Commencing July 1, 1992, for each disabled student who is placed residentially by a State agency or the courts for care or custody or both care and custody, welfare, medical or mental health treatment or both medical and mental health treatment, rehabilitation, and protection, whether placed there on, before, or after July 1, 1992, the costs for educating the student are eligible for reimbursement under this Section providing the placing agency or court has notified the appropriate school district authorities of the status of student residency where applicable prior to or upon placement. Subject to appropriation, school districts shall be reimbursed under this Section for the eligible costs of educating all disabled students residentially placed by a State agency or the courts or placed and paid for by a State agency for any of the reasons listed in this paragraph. Reimbursements under this paragraph shall first be provided for claims made for the 2007-2008 school year payable in fiscal year 2008.

The district of residence of the parent, guardian, or disabled student as defined in Sections 14-1.11 and 14-1.11a is responsible for the actual costs of the student's special education program and is eligible for reimbursement under this Section when placement is made by a State agency or the courts. Payments shall be made by the resident district to the district wherein the facility is located no less than once per quarter unless otherwise agreed to in writing by the parties.

When a dispute arises over the determination of the district of residence, the district or districts may appeal the decision in writing to the State Superintendent of Education. The decision of the State Superintendent of Education shall be final.

In the event a district does not make a tuition payment to another district that is providing the special education program and services, the
State Board of Education shall immediately withhold 125% of the then remaining annual tuition cost from the State aid or categorical aid payment due to the school district that is determined to be the resident school district. All funds withheld by the State Board of Education shall immediately be forwarded to the school district where the student is being served.

When a child eligible for services under this Section 14-7.03 must be placed in a nonpublic facility, that facility shall meet the programmatic requirements of Section 14-7.02 and its regulations, and the educational services shall be funded only in accordance with this Section 14-7.03.

Section 5. The Probate Act of 1975 is amended by changing Sections 2-6.2 and 18-1.1 as follows:

(755 ILCS 5/2-6.2)
Sec. 2-6.2. Financial exploitation, abuse, or neglect of an elderly person or a person with a disability.

(a) In this Section:
"Financial exploitation" means any offense described in Section 16-1.3 of the Criminal Code of 1961.

(b) Persons convicted of financial exploitation, abuse, or neglect of an elderly person or a person with a disability shall not receive any property, benefit, or other interest by reason of the death of that elderly person or person with a disability, whether as heir, legatee, beneficiary, survivor, appointee, claimant under Section 18-1.1, or in any other capacity and whether the property, benefit, or other interest passes
pursuant to any form of title registration, testamentary or nontestamentary instrument, intestacy, renunciation, or any other circumstance. The property, benefit, or other interest shall pass as if the person convicted of the financial exploitation, abuse, or neglect died before the decedent, provided that with respect to joint tenancy property the interest possessed prior to the death by the person convicted of the financial exploitation, abuse, or neglect shall not be diminished by the application of this Section. Notwithstanding the foregoing, a person convicted of financial exploitation, abuse, or neglect of an elderly person or a person with a disability shall be entitled to receive property, a benefit, or an interest in any capacity and under any circumstances described in this subsection (b) if it is demonstrated by clear and convincing evidence that the victim of that offense knew of the conviction and subsequent to the conviction expressed or ratified his or her intent to transfer the property, benefit, or interest to the person convicted of financial exploitation, abuse, or neglect of an elderly person or a person with a disability in any manner contemplated by this subsection (b).

(c) (1) The holder of any property subject to the provisions of this Section shall not be liable for distributing or releasing the property to the person convicted of financial exploitation, abuse, or neglect of an elderly person or a person with a disability if the distribution or release occurs prior to the conviction.

(2) If the holder is a financial institution, trust company, trustee, or similar entity or person, the holder shall not be liable for any distribution or release of the property, benefit, or other interest to the person convicted of a violation of Section 12-19, 12-21, or 16-1.3 of the Criminal Code of 1961 unless the holder knowingly distributes or releases the property, benefit, or other interest to the person so convicted after first having received actual written notice of the conviction in sufficient time to act upon the notice.

(d) If the holder of any property subject to the provisions of this Section knows that a potential beneficiary has been convicted of financial exploitation, abuse, or neglect of an elderly person or a person with a disability within the scope of this Section, the holder shall fully cooperate
with law enforcement authorities and judicial officers in connection with any investigation of the financial exploitation, abuse, or neglect. If the holder is a person or entity that is subject to regulation by a regulatory agency pursuant to the laws of this or any other state or pursuant to the laws of the United States, including but not limited to the business of a financial institution, corporate fiduciary, or insurance company, then such person or entity shall not be deemed to be in violation of this Section to the extent that privacy laws and regulations applicable to such person or entity prevent it from voluntarily providing law enforcement authorities or judicial officers with information.

Section 5. The Workers' Compensation Act is amended by changing Section 6 as follows:

(820 ILCS 305/6) (from Ch. 48, par. 138.6)

Sec. 6. (a) Every employer within the provisions of this Act, shall, under the rules and regulations prescribed by the Commission, post printed notices in their respective places of employment in such number and at such places as may be determined by the Commission, containing such information relative to this Act as in the judgment of the Commission may be necessary to aid employees to safeguard their rights under this Act in event of injury.

In addition thereto, the employer shall post in a conspicuous place on the place of the employment a printed or typewritten notice stating whether he is insured or whether he has qualified and is operating as a self-insured employer. In the event the employer is operating as a self-insured employer the notice shall state the name and address of the company, if any, servicing the compensation payments of the employer, and the name and address of the person in charge of making compensation payments.

(b) Every employer subject to this Act shall maintain accurate records of work-related deaths, injuries and illness other than minor injuries requiring only first aid treatment and which do not involve medical treatment, loss of consciousness, restriction of work or motion, or transfer to another job and file with the Commission, in writing, a report of all accidental deaths, injuries and illnesses arising out of and in the course of the employment resulting in the loss of more than 3 scheduled work days. In the case of death such report shall be made no later than 2 working days following the accidental death. In all other cases such report shall be made between the 15th and 25th of each month unless required to be made sooner by rule of the Commission. In case the injury results in permanent disability, a further report shall be made as soon as it is determined that such permanent disability has resulted or will result from the injury. All reports shall state the date of the injury, including the time of day or night, the nature of the employer's business, the name, address, age, sex, conjugal condition of the injured person, the specific occupation of the injured person, the direct cause of the injury and the nature of the accident, the character of the injury, the length of disability, and in case of death the length of disability before death, the wages of the injured person, whether compensation has been paid to the injured person, or to his or her legal representative or his heirs or next of kin, the amount of compensation paid, the amount paid for physicians', surgeons' and hospital bills, and by whom paid, and the amount paid for funeral or burial expenses if known. The reports shall be made on forms and in the manner as prescribed by the Commission and shall contain such further information as the Commission shall deem necessary and require. The making of these reports releases the employer from making such reports to any other officer of the State and shall satisfy the reporting provisions as contained in the "Health and Safety Act" and "An Act in relation to safety inspections and education in

industrial and commercial establishments and to repeal an Act therein named", approved July 18, 1955, as now or hereafter amended. The reports filed with the Commission pursuant to this Section shall be made available by the Commission to the Director of Labor or his representatives and to all other departments of the State of Illinois which shall require such information for the proper discharge of their official duties. Failure to file with the Commission any of the reports required in this Section is a petty offense.

Except as provided in this paragraph, all reports filed hereunder shall be confidential and any person having access to such records filed with the Illinois Workers' Compensation Commission as herein required, who shall release any information therein contained including the names or otherwise identify any persons sustaining injuries or disabilities, or give access to such information to any unauthorized person, shall be subject to discipline or discharge, and in addition shall be guilty of a Class B misdemeanor. The Commission shall compile and distribute to interested persons aggregate statistics, taken from the reports filed hereunder. The aggregate statistics shall not give the names or otherwise identify persons sustaining injuries or disabilities or the employer of any injured or disabled person.

(c) Notice of the accident shall be given to the employer as soon as practicable, but not later than 45 days after the accident. Provided:

(1) In case of the legal disability of the employee or any dependent of a deceased employee who may be entitled to compensation under the provisions of this Act, the limitations of time by this Act provided do not begin to run against such person under legal disability until a guardian has been appointed.

(2) In cases of injuries sustained by exposure to radiological materials or equipment, notice shall be given to the employer within 90 days subsequent to the time that the employee knows or suspects that he has received an excessive dose of radiation.

No defect or inaccuracy of such notice shall be a bar to the maintenance of proceedings on arbitration or otherwise by the employee.
unless the employer proves that he is unduly prejudiced in such proceedings by such defect or inaccuracy.

Notice of the accident shall give the approximate date and place of the accident, if known, and may be given orally or in writing.

(d) Every employer shall notify each injured employee who has been granted compensation under the provisions of Section 8 of this Act of his rights to rehabilitation services and advise him of the locations of available public rehabilitation centers and any other such services of which the employer has knowledge.

In any case, other than one where the injury was caused by exposure to radiological materials or equipment or asbestos unless the application for compensation is filed with the Commission within 3 years after the date of the accident, where no compensation has been paid, or within 2 years after the date of the last payment of compensation, where any has been paid, whichever shall be later, the right to file such application shall be barred.

In any case of injury caused by exposure to radiological materials or equipment or asbestos, unless application for compensation is filed with the Commission within 25 years after the last day that the employee was employed in an environment of hazardous radiological activity or asbestos, the right to file such application shall be barred.

If in any case except one where the injury was caused by exposure to radiological materials or equipment or asbestos, the accidental injury results in death application for compensation for death may be filed with the Commission within 3 years after the date of death where no compensation has been paid or within 2 years after the date of the last payment of compensation where any has been paid, whichever shall be later, but not thereafter.

If an accidental injury caused by exposure to radiological material or equipment or asbestos results in death within 25 years after the last day that the employee was so exposed application for compensation for death may be filed with the Commission within 3 years after the date of death, where no compensation has been paid, or within 2 years after the date of
the last payment of compensation where any has been paid, whichever shall be later, but not thereafter.

(e) Any contract or agreement made by any employer or his agent or attorney with any employee or any other beneficiary of any claim under the provisions of this Act within 7 days after the injury shall be presumed to be fraudulent.

(f) Any condition or impairment of health of an employee employed as a firefighter, emergency medical technician (EMT), or paramedic which results directly or indirectly from any bloodborne pathogen, lung or respiratory disease or condition, heart or vascular disease or condition, hypertension, tuberculosis, or cancer resulting in any disability (temporary, permanent, total, or partial) to the employee shall be rebuttably presumed to arise out of and in the course of the employee's firefighting, EMT, or paramedic employment and, further, shall be rebuttably presumed to be causally connected to the hazards or exposures of the employment. This presumption shall also apply to any hernia or hearing loss suffered by an employee employed as a firefighter, EMT, or paramedic. However, this presumption shall not apply to any employee who has been employed as a firefighter, EMT, or paramedic for less than 5 years at the time he or she files an Application for Adjustment of Claim concerning this condition or impairment with the Illinois Workers' Compensation Commission. The Finding and Decision of the Illinois Workers' Compensation Commission under only the rebuttable presumption provision of this subsection shall not be admissible or be deemed res judicata in any disability claim under the Illinois Pension Code arising out of the same medical condition; however, this sentence makes no change to the law set forth in Krohe v. City of Bloomington, 204 Ill.2d 392.

AN ACT concerning public aid.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Public Aid Code is amended by changing Sections 9A-11 and 12-4.33 as follows:

(305 ILCS 5/9A-11) (from Ch. 23, par. 9A-11)

Sec. 9A-11. Child Care.

(a) The General Assembly recognizes that families with children need child care in order to work. Child care is expensive and families with low incomes, including those who are transitioning from welfare to work, often struggle to pay the costs of day care. The General Assembly understands the importance of helping low income working families

New matter indicated by italics - deletions by strikeout
become and remain self-sufficient. The General Assembly also believes that it is the responsibility of families to share in the costs of child care. It is also the preference of the General Assembly that all working poor families should be treated equally, regardless of their welfare status.

(b) To the extent resources permit, the Illinois Department shall provide child care services to parents or other relatives as defined by rule who are working or participating in employment or Department approved education or training programs. At a minimum, the Illinois Department shall cover the following categories of families:

1. recipients of TANF under Article IV participating in work and training activities as specified in the personal plan for employment and self-sufficiency;
2. families transitioning from TANF to work;
3. families at risk of becoming recipients of TANF;
4. families with special needs as defined by rule; and
5. working families with very low incomes as defined by rule.

The Department shall specify by rule the conditions of eligibility, the application process, and the types, amounts, and duration of services. Eligibility for child care benefits and the amount of child care provided may vary based on family size, income, and other factors as specified by rule.

In determining income eligibility for child care benefits, the Department annually, at the beginning of each fiscal year, shall establish, by rule, one income threshold for each family size, in relation to percentage of State median income for a family of that size, that makes families with incomes below the specified threshold eligible for assistance and families with incomes above the specified threshold ineligible for assistance. The specified threshold must be no less than 50% of the then-current State median income for each family size.

In determining eligibility for assistance, the Department shall not give preference to any category of recipients or give preference to individuals based on their receipt of benefits under this Code.

New matter indicated by italics - deletions by strikeout
The Department shall allocate $7,500,000 annually for a test program for families who are income-eligible for child care assistance, who are not recipients of TANF under Article IV, and who need child care assistance to participate in education and training activities. The Department shall specify by rule the conditions of eligibility for this test program.

Nothing in this Section shall be construed as conferring entitlement status to eligible families.

The Illinois Department is authorized to lower income eligibility ceilings, raise parent co-payments, create waiting lists, or take such other actions during a fiscal year as are necessary to ensure that child care benefits paid under this Article do not exceed the amounts appropriated for those child care benefits. These changes may be accomplished by emergency rule under Section 5-45 of the Illinois Administrative Procedure Act, except that the limitation on the number of emergency rules that may be adopted in a 24-month period shall not apply.

The Illinois Department may contract with other State agencies or child care organizations for the administration of child care services.

(c) Payment shall be made for child care that otherwise meets the requirements of this Section and applicable standards of State and local law and regulation, including any requirements the Illinois Department promulgates by rule in addition to the licensure requirements promulgated by the Department of Children and Family Services and Fire Prevention and Safety requirements promulgated by the Office of the State Fire Marshal and is provided in any of the following:

(1) a child care center which is licensed or exempt from licensure pursuant to Section 2.09 of the Child Care Act of 1969;

(2) a licensed child care home or home exempt from licensing;

(3) a licensed group child care home;

(4) other types of child care, including child care provided by relatives or persons living in the same home as the child, as determined by the Illinois Department by rule.

(b-5) Solely for the purposes of coverage under the Illinois Public Labor Relations Act, child and day care home providers, including licensed and license exempt, participating in the Department's child care assistance program shall be considered to be public employees and the State of Illinois shall be considered to be their employer as of the effective date of this amendatory Act of the 94th General Assembly, but not before. The State shall engage in collective bargaining with an exclusive representative of child and day care home providers participating in the child care assistance program concerning their terms and conditions of employment that are within the State's control. Nothing in this subsection shall be understood to limit the right of families receiving services defined in this Section to select child and day care home providers or supervise them within the limits of this Section. The State shall not be considered to be the employer of child and day care home providers for any purposes not specifically provided in this amendatory Act of the 94th General Assembly, including but not limited to, purposes of vicarious liability in tort and purposes of statutory retirement or health insurance benefits. Child and day care home providers shall not be covered by the State Employees Group Insurance Act of 1971.

In according child and day care home providers and their selected representative rights under the Illinois Public Labor Relations Act, the State intends that the State action exemption to application of federal and State antitrust laws be fully available to the extent that their activities are authorized by this amendatory Act of the 94th General Assembly.

(d) The Illinois Department shall, by rule, require co-payments for child care services by any parent, including parents whose only income is from assistance under this Code. The co-payment shall be assessed based on a sliding scale based on family income, family size, and the number of children in care. Co-payments shall not be increased due solely to a change in the methodology for counting family income.

(e) (*Blank*). The Illinois Department shall conduct a market rate survey based on the cost of care and other relevant factors which shall be completed by July 1, 1998:

(f) The Illinois Department shall, by rule, set rates to be paid for the various types of child care. Child care may be provided through one of the following methods:

(1) arranging the child care through eligible providers by use of purchase of service contracts or vouchers;
(2) arranging with other agencies and community volunteer groups for non-reimbursed child care;
(3) (blank); or
(4) adopting such other arrangements as the Department determines appropriate.

(1) With respect to denials of applications for benefits, all of the same information about the family required under the federal law, plus the specific reason or reasons for denial of the application.

(2) With respect to all terminations of benefits, all of the same information as required under the federal law, plus the specific reason or reasons for the termination.

(c) The Department shall collect all of the same data as set forth in subsections (a) and (b), and report it on the same schedule, with respect to all cash assistance benefits provided to families that are not funded from...
the TANF program federal block grant or are not otherwise required to be included in the data collection and reporting in subsections (a) and (b).

(d) Whether or not reports under this Section must be submitted to the federal government, they shall be considered public and they shall be promptly made available to the public at the end of each fiscal year, free of charge upon request. The data underlying the reports shall be made available to academic institutions and public policy organizations involved in the study of welfare issues or programs and redacted to conform with applicable privacy laws. The cost shall be no more than that incurred by the Department in assembling and delivering the data.

(e) (Blank). The Department shall, in addition to the foregoing data collection and reporting activities, seek a university to conduct, at no cost to the Department, a longitudinal study of the implementation of TANF and related welfare reforms. The study shall select subgroups representing important sectors of the assistance population, including type of area of residence (city, suburban, small town, rural), English proficiency, level of education, literacy, work experience, number of adults in the home; number of children in the home; teen parentage; parents before and after the age of 18; and other such subgroups. For each subgroup, the study shall assemble a statistically valid sample of cases entering the TANF program at least 6 months after its implementation date and prior to July 1, 1998. The study shall continue until December 31, 2004. The Department shall report to the General Assembly and the Governor by March 1 of each year, beginning March 1, 1999, the interim findings of the study with respect to each subgroup; and by March 1, 2005, the final findings with respect to each subgroup. (2) The Department shall obtain permission to conduct the study from the subjects of the study and guarantee their privacy according to the privacy laws. To facilitate this permission, the study may be designed to refer to subjects by pseudonyms or codes and shall in any event guarantee anonymity to the subjects without limiting access by outsiders to the data (other than identities) generated by the study.

(3) The subjects of the study shall be followed after denial or termination of assistance, to the extent feasible. The evaluator shall attempt to maintain personal contact with the subjects of the study, and employ such methods as meetings, telephone contacts, written surveys, and computer matches with other data bases to accomplish this purpose. The intent of this feature of the study is to discover the paths people take after leaving welfare and the patterns of return to welfare, including the factors that may influence these paths and patterns.

(4) The study shall examine the influence of various employability, education, and training programs upon employment, earnings, job tenure, and cycling between welfare and work.

(5) The study shall examine the influence of various supportive services such as child care (including type and cost), transportation, and payment of initial employment expenses upon employment, earnings, job tenure, and cycling between welfare and work.

(6) The study shall examine the frequency of unplanned occurrences in subjects' lives, such as illness or injury, family member's illness or injury, car breakdown, strikes, natural disasters, evictions, loss of other sources of income, domestic violence, and crime, and their impact upon employment, earnings, job tenure, and cycling between welfare and work.

(7) The study shall examine the wages and other compensation, including health benefits and what they cost the employee, received by subjects who obtain employment, the type and characteristics of jobs, the hours and time of day of work;

union status, and the relationships of such factors to earnings, job tenure, and cycling between welfare and work:

(8) The study shall examine the reasons for subjects' job loss, the availability of Unemployment Insurance, the reasons for a subject's return to welfare, programs or services utilized by subjects in the search for another job, the characteristics of the subjects' next job, and the relationships of these factors to re-employment, earnings, job tenure on the new job, and cycling between welfare and work.

(9) The study shall examine the impact of mandatory work requirements, including the types of work activities to which the subjects were assigned, and the links between the requirements and the activities and sanctions, employment, earnings, job tenure, and cycling between welfare and work.

(10) The study shall identify all sources and amounts of reported household non-wage income and examine the influence of the sources and amounts of non-wage welfare income on employment, earnings, job tenure, and cycling between welfare and work.

(11) The study shall examine sanctions, including child support enforcement and paternity establishment sanctions, the reasons sanctions are threatened, the number threatened, the number imposed, and the reasons sanctions are not imposed or are ended, such as cooperation achieved or good cause established.

(12) The study shall track the subjects' usage of TANF benefits over the course of the lifetime 60-month limit of TANF eligibility, including patterns of usage, relationships between consecutive usage of large numbers of months and other factors, status of all study subjects with respect to the time limit as of each report, characteristics of subjects exhausting the eligibility limit, types of exceptions granted to the 60-month limit, and numbers of cases within each type of exception.

(13) The study shall track subjects' participation in other public systems, including the public schools, the child-welfare

system, the criminal justice system, homeless and food services, and others and attempt to identify the positive or negative ripple effects in these systems of welfare policies, systems, and procedures.

(f) (Blank). The Department shall cooperate in any appropriate study by an independent expert of the impact upon Illinois resident non-citizens of the denial or termination of assistance under the Supplemental Security Income, Food Stamps, TANF, Medicaid, and Title XX social services programs pursuant to the changes enacted in the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996. The purpose of such a study must be to examine the immediate and long-term effects on this population and on the State of the denial or termination of these forms of assistance, including the impact on the individuals, the alternate means they find to obtain support and care, and the impact on state and local spending and human services delivery systems. An appropriate study shall select a statistically valid sample of persons denied or terminated from each type of benefits and attempt to track them until December 31, 2000. Any reports from the study received by the Department shall be made available to the General Assembly and the Governor upon request, and a final report shall be submitted upon completion. These reports shall be available to the public upon request.

the bonds as they shall become due. *In fixing the toll rates pursuant to this Section 19 and Section 10(c) of this Act, the Authority shall take into account the effect of the provisions of this Section 19 permitting the use of the toll highway system without payment of the covenants of the Authority contained in the resolutions and trust indentures authorizing the issuance of bonds of the Authority. No such provision permitting the use of the toll highway system without payment of tolls after the date of this amendatory Act of the 95th General Assembly shall be applied in a manner that impairs the rights of bondholders pursuant to any resolution or trust indentures authorizing the issuance of bonds of the Authority.* The use and disposition of any sinking or reserve fund shall be subject to such regulation as may be provided in the resolution or trust indenture authorizing the issuance of the bonds. Subject to the provisions of any resolution or trust indenture authorizing the issuance of bonds any moneys in any such sinking fund in excess of an amount equal to one year's interest on the bonds then outstanding secured by such sinking fund may be applied to the purchase or redemption of bonds. All such bonds so redeemed or purchased shall forthwith be cancelled and shall not again be issued. No person shall be permitted to use any toll highway without paying the toll established under this Section except when on official Toll Highway Authority business which includes police and other emergency vehicles. However, any law enforcement agency vehicle, fire department vehicle, or other emergency vehicle that is plainly marked shall not be required to pay a toll to use a toll highway. A law enforcement, fire protection, or emergency services officer driving a law enforcement, fire protection, or emergency services agency vehicle that is not plainly marked must present an Official Permit Card which the law enforcement, fire protection, or emergency services officer receives from his or her law enforcement, fire protection, or emergency services agency in order to use a toll highway without paying the toll. A law enforcement, fire protection, or emergency services agency must apply to the Authority to receive a permit, and the Authority shall adopt rules for the issuance of a permit, that allows all law enforcement, fire protection, or emergency services agency vehicles of the law enforcement, fire protection, or emergency services
services agency that are not plainly marked to use any toll highway without paying the toll established under this Section. The Authority shall maintain in its office a list of all persons that are authorized to use any toll highway without charge when on official business of the Authority and such list shall be open to the public for inspection. In recognition of the unique role of the Suburban Bus Division of the Regional Transportation Authority in providing effective transportation in the Authority's service region and to give effect to the exemption set forth in subsection (b) of Section 2.06 of the Regional Transportation Authority Act, a vehicle owned or operated by the Suburban Bus Division of the Regional Transportation Authority that is being used to transport passengers for hire may use any toll highway without paying the toll.

Among other matters, this amendatory Act of 1990 is intended to clarify and confirm the prior intent of the General Assembly to allow toll revenues from the toll highway system to be used to pay a portion of the cost of the construction of the North-South Toll Highway authorized by Senate Joint Resolution 122 of the 83rd General Assembly in 1984. Sec. 1-5. Applicability.

New matter indicated by italics - deletions by strikeout
(a) This Act applies to every agency as defined in this Act. Beginning January 1, 1978, in case of conflict between the provisions of this Act and the Act creating or conferring power on an agency, this Act shall control. If, however, an agency (or its predecessor in the case of an agency that has been consolidated or reorganized) has existing procedures on July 1, 1977, specifically for contested cases or licensing, those existing provisions control, except that this exception respecting contested cases and licensing does not apply if the Act creating or conferring power on the agency adopts by express reference the provisions of this Act. Where the Act creating or conferring power on an agency establishes administrative procedures not covered by this Act, those procedures shall remain in effect.

(b) The provisions of this Act do not apply to (i) preliminary hearings, investigations, or practices where no final determinations affecting State funding are made by the State Board of Education, (ii) legal opinions issued under Section 2-3.7 of the School Code, (iii) as to State colleges and universities, their disciplinary and grievance proceedings, academic irregularity and capricious grading proceedings, and admission standards and procedures, and (iv) the class specifications for positions and individual position descriptions prepared and maintained under the Personnel Code. Those class specifications shall, however, be made reasonably available to the public for inspection and copying. The provisions of this Act do not apply to hearings under Section 20 of the Uniform Disposition of Unclaimed Property Act.

(c) Section 5-35 of this Act relating to procedures for rulemaking does not apply to the following:

Sec. 10-65. Licenses.

(a) When any licensing is required by law to be preceded by notice and an opportunity for a hearing, the provisions of this Act concerning contested cases shall apply.

New matter indicated by italics - deletions by strikeout
(b) When a licensee has made timely and sufficient application for the renewal of a license or a new license with reference to any activity of a continuing nature, the existing license shall continue in full force and effect until the final agency decision on the application has been made unless a later date is fixed by order of a reviewing court.

(c) Except as provided in Section 1-27 of the Department of Natural Resources Act, an application for the renewal of a license or a new license shall include the applicant's social security number. Each agency shall require the licensee to certify on the application form, under penalty of perjury, that he or she is not more than 30 days delinquent in complying with a child support order. Every application shall state that failure to so certify shall result in disciplinary action, and that making a false statement may subject the licensee to contempt of court. The agency shall notify each applicant or licensee who acknowledges a delinquency or who, contrary to his or her certification, is found to be delinquent or who after receiving notice, fails to comply with a subpoena or warrant relating to a paternity or a child support proceeding, that the agency intends to take disciplinary action. Accordingly, the agency shall provide written notice of the facts or conduct upon which the agency will rely to support its proposed action and the applicant or licensee shall be given an opportunity for a hearing in accordance with the provisions of the Act concerning contested cases. Any delinquency in complying with a child support order can be remedied by arranging for payment of past due and current support. Any failure to comply with a subpoena or warrant relating to a paternity or child support proceeding can be remedied by complying with the subpoena or warrant. Upon a final finding of delinquency or failure to comply with a subpoena or warrant, the agency shall suspend, revoke, or refuse to issue or renew the license. In cases in which the Department of Healthcare and Family Services (formerly Department of Public Aid) has previously determined that an applicant or a licensee is more than 30 days delinquent in the payment of child support and has subsequently certified the delinquency to the licensing agency, and in cases in which a court has previously determined that an applicant or licensee has been in violation of the Non-Support Punishment Act for more than 60 days, the licensing agency

shall refuse to issue or renew or shall revoke or suspend that person's license based solely upon the certification of delinquency made by the Department of Healthcare and Family Services (formerly Department of Public Aid) or the certification of violation made by the court. Further process, hearings, or redetermination of the delinquency or violation by the licensing agency shall not be required. The licensing agency may issue or renew a license if the licensee has arranged for payment of past and current child support obligations in a manner satisfactory to the Department of Healthcare and Family Services (formerly Department of Public Aid) or the court. The licensing agency may impose conditions, restrictions, or disciplinary action upon that license.

(d) Except as provided in subsection (c), no agency shall revoke, suspend, annul, withdraw, amend materially, or refuse to renew any valid license without first giving written notice to the licensee of the facts or conduct upon which the agency will rely to support its proposed action and an opportunity for a hearing in accordance with the provisions of this Act concerning contested cases. At the hearing, the licensee shall have the right to show compliance with all lawful requirements for the retention, continuation, or renewal of the license. If, however, the agency finds that the public interest, safety, or welfare imperatively requires emergency action, and if the agency incorporates a finding to that effect in its order, summary suspension of a license may be ordered pending proceedings for revocation or other action. Those proceedings shall be promptly instituted and determined.

(e) Any application for renewal of a license that contains required and relevant information, data, material, or circumstances that were not contained in an application for the existing license shall be subject to the provisions of subsection (a).

(2) The Secretary may accept for deposit in the State Archives official papers, photographs, microfilm, electronic and digital records, drawings, maps, writings, and records of every description of counties, municipal corporations, political subdivisions and courts of this State, and records of the federal government pertaining to Illinois, when such materials are deemed by the Secretary to have sufficient historical or other value to warrant their continued preservation by the State of Illinois.

(3) The Secretary, whenever he deems it in the public interest, may accept for deposit in the State Archives motion picture films, still pictures, and sound recordings that are appropriate for preservation by the State government as evidence of its organization, functions and policies.

(4) The Secretary shall be responsible for the custody, use, servicing and withdrawal of records transferred for deposit in the State Archives. The Secretary shall observe any rights, limitations, or restrictions imposed by law relating to the use of records, including the provisions of the Mental Health and Developmental Disabilities Confidentiality Act which limit access to certain records or which permit
access to certain records only after the removal of all personally identifiable data. Access to restricted records shall be at the direction of the depositing State agency or, in the case of records deposited by the legislative or judicial branches of State government at the direction of the branch which deposited them, but no limitation on access to such records shall extend more than 75 years after the creation of the records, except as provided in the Mental Health and Developmental Disabilities Confidentiality Act. The Secretary shall not impose restrictions on the use of records that are defined by law as public records or as records open to public inspection.

(5) The Secretary shall make provision for the preservation, arrangement, repair, and rehabilitation, duplication and reproduction, description, and exhibition of records deposited in the State Archives as may be needed or appropriate.

(6) The Secretary shall make or reproduce and furnish upon demand authenticated or unauthenticated copies of any of the documents, photographic material or other records deposited in the State Archives, the public examination of which is not prohibited by statutory limitations or restrictions or protected by copyright. The Secretary shall charge a fee therefor in accordance with the schedule of fees in Section 5.5 of the Secretary of State Act 10 of "An Act concerning fees and salaries, and to classify the several counties of this state with reference thereto," approved March 29, 1872, as amended, except that there shall be no charge for making or authentication of such copies or reproductions furnished to any department or agency of the State for official use. When any such copy or reproduction is authenticated by the Great Seal of the State of Illinois and is certified by the Secretary, or in his name by his authorized representative, such copy or reproduction shall be admitted in evidence as if it were the original.

(7) Any official of the State of Illinois may turn over to the Secretary of State, with his consent, for permanent preservation in the State Archives, any official books, records, documents, original papers, or files, not in current use in his office, taking a receipt therefor.

Personal care attendants and personal assistants shall not be considered public employees for any purposes not specifically provided for in the amendatory Act of the 93rd General Assembly, including but not

personal assistants shall not be covered by the State Employees Group
Insurance Act of 1971 (5 ILCS 375/).

Child and day care home providers shall not be considered public
employees for any purposes not specifically provided for in this
amendatory Act of the 94th General Assembly, including but not limited
to, purposes of vicarious liability in tort and purposes of statutory
retirement or health insurance benefits. Child and day care home providers
shall not be covered by the State Employees Group Insurance Act of 1971.

Notwithstanding Section 9, subsection (c), or any other provisions
of this Act, all peace officers above the rank of captain in municipalities
with more than 1,000,000 inhabitants shall be excluded from this Act.

(o) Except as otherwise in subsection (o-5), "public employer" or
"employer" means the State of Illinois; any political subdivision of the
State, unit of local government or school district; authorities including
departments, divisions, bureaus, boards, commissions, or other agencies of
the foregoing entities; and any person acting within the scope of his or her
authority, express or implied, on behalf of those entities in dealing with its
employees. As of the effective date of the amendatory Act of the 93rd
General Assembly, but not before, the State of Illinois shall be considered
the employer of the personal care attendants and personal assistants
working under the Home Services Program under Section 3 of the
Disabled Persons Rehabilitation Act, subject to the limitations set forth in
this Act and in the Disabled Persons Rehabilitation Act. The State shall
not be considered to be the employer of personal care attendants and
personal assistants for any purposes not specifically provided for in this
amendatory Act of the 93rd General Assembly, including but not limited
to, purposes of vicarious liability in tort and purposes of statutory
retirement or health insurance benefits. Personal care attendants and
personal assistants shall not be covered by the State Employees Group

amendatory Act of the 94th General Assembly but not before, the State of
Illinois shall be considered the employer of the day and child care home

providers participating in the child care assistance program under Section 9A-11 of the Illinois Public Aid Code, subject to the limitations set forth in this Act and in Section 9A-11 of the Illinois Public Aid Code. The State shall not be considered to be the employer of child and day care home providers for any purposes not specifically provided for in this amendatory Act of the 94th General Assembly, including but not limited to, purposes of vicarious liability in tort and purposes of statutory retirement or health insurance benefits. Child and day care home providers shall not be covered by the State Employees Group Insurance Act of 1971.

"Public employer" or "employer" as used in this Act, however, does not mean and shall not include the General Assembly of the State of Illinois, the Executive Ethics Commission, the Offices of the Executive Inspectors General, the Legislative Ethics Commission, the Office of the Legislative Inspector General, the Office of the Auditor General's Inspector General, and educational employers or employers as defined in the Illinois Educational Labor Relations Act, except with respect to a state university in its employment of firefighters and peace officers. County boards and county sheriffs shall be designated as joint or co-employers of county peace officers appointed under the authority of a county sheriff. Nothing in this subsection (o) shall be construed to prevent the State Panel or the Local Panel from determining that employers are joint or co-employers.

(o-5) With respect to wages, fringe benefits, hours, holidays, vacations, proficiency examinations, sick leave, and other conditions of employment, the public employer of public employees who are court reporters, as defined in the Court Reporters Act, shall be determined as follows:

(1) For court reporters employed by the Cook County Judicial Circuit, the chief judge of the Cook County Circuit Court is the public employer and employer representative.

(2) For court reporters employed by the 12th, 18th, 19th, and, on and after December 4, 2006, the 22nd judicial circuits, a group consisting of the chief judges of those circuits, acting jointly
by majority vote, is the public employer and employer representative.

(3) For court reporters employed by all other judicial circuits, a group consisting of the chief judges of those circuits, acting jointly by majority vote, is the public employer and employer representative.

(p) "Security employee" means an employee who is responsible for the supervision and control of inmates at correctional facilities. The term also includes other non-security employees in bargaining units having the majority of employees being responsible for the supervision and control of inmates at correctional facilities.

(q) "Short-term employee" means an employee who is employed for less than 2 consecutive calendar quarters during a calendar year and who does not have a reasonable assurance that he or she will be rehired by the same employer for the same service in a subsequent calendar year.

(r) "Supervisor" is an employee whose principal work is substantially different from that of his or her subordinates and who has authority, in the interest of the employer, to hire, transfer, suspend, lay off, recall, promote, discharge, direct, reward, or discipline employees, to adjust their grievances, or to effectively recommend any of those actions, if the exercise of that authority is not of a merely routine or clerical nature, but requires the consistent use of independent judgment. Except with respect to police employment, the term "supervisor" includes only those individuals who devote a preponderance of their employment time to exercising that authority, State supervisors notwithstanding. In addition, in determining supervisory status in police employment, rank shall not be determinative. The Board shall consider, as evidence of bargaining unit inclusion or exclusion, the common law enforcement policies and relationships between police officer ranks and certification under applicable civil service law, ordinances, personnel codes, or Division 2.1 of Article 10 of the Illinois Municipal Code, but these factors shall not be the sole or predominant factors considered by the Board in determining police supervisory status.

New matter indicated by italics - deletions by strikeout
Notwithstanding the provisions of the preceding paragraph, in determining supervisory status in fire fighter employment, no fire fighter shall be excluded as a supervisor who has established representation rights under Section 9 of this Act. Further, in new fire fighter units, employees shall consist of fire fighters of the rank of company officer and below. If a company officer otherwise qualifies as a supervisor under the preceding paragraph, however, he or she shall not be included in the fire fighter unit. If there is no rank between that of chief and the highest company officer, the employer may designate a position on each shift as a Shift Commander, and the persons occupying those positions shall be supervisors. All other ranks above that of company officer shall be supervisors.

(s) (1) "Unit" means a class of jobs or positions that are held by employees whose collective interests may suitably be represented by a labor organization for collective bargaining. Except with respect to non-State fire fighters and paramedics employed by fire departments and fire protection districts, non-State peace officers, and peace officers in the Department of State Police, a bargaining unit determined by the Board shall not include both employees and supervisors, or supervisors only, except as provided in paragraph (2) of this subsection (s) and except for bargaining units in existence on July 1, 1984 (the effective date of this Act). With respect to non-State fire fighters and paramedics employed by fire departments and fire protection districts, non-State peace officers, and peace officers in the Department of State Police, a bargaining unit determined by the Board shall not include both supervisors and nonsupervisors, or supervisors only, except as provided in paragraph (2) of this subsection (s) and except for bargaining units in existence on January 1, 1986 (the effective date of this amendatory Act of 1985). A bargaining unit determined by the Board to contain peace officers shall contain no employees other than peace officers unless otherwise agreed to by the employer and the labor organization or labor organizations involved. Notwithstanding any other provision of this Act, a bargaining unit,

including a historical bargaining unit, containing sworn peace officers of the Department of Natural Resources (formerly designated the Department of Conservation) shall contain no employees other than such sworn peace officers upon the effective date of this amendatory Act of 1990 or upon the expiration date of any collective bargaining agreement in effect upon the effective date of this amendatory Act of 1990 covering both such sworn peace officers and other employees.

(2) Notwithstanding the exclusion of supervisors from bargaining units as provided in paragraph (1) of this subsection (s), a public employer may agree to permit its supervisory employees to form bargaining units and may bargain with those units. This Act shall apply if the public employer chooses to bargain under this subsection.

(3) Public employees who are court reporters, as defined in the Court Reporters Act, shall be divided into 3 units for collective bargaining purposes. One unit shall be court reporters employed by the Cook County Judicial Circuit; one unit shall be court reporters employed by the 12th, 18th, 19th, and, on and after December 4, 2006, the 22nd judicial circuits; and one unit shall be court reporters employed by all other judicial circuits.

Sec. 9. Elections; recognition.
(a) Whenever in accordance with such regulations as may be prescribed by the Board a petition has been filed:

(1) by a public employee or group of public employees or any labor organization acting in their behalf demonstrating that 30% of the public employees in an appropriate unit (A) wish to be represented for the purposes of collective bargaining by a labor organization as exclusive representative, or (B) asserting that the labor organization which has been certified or is currently recognized by the public employer as bargaining representative is
no longer the representative of the majority of public employees in
the unit; or

(2) by a public employer alleging that one or more labor
organizations have presented to it a claim that they be recognized
as the representative of a majority of the public employees in an
appropriate unit.

the Board shall investigate such petition, and if it has reasonable cause to
believe that a question of representation exists, shall provide for an
appropriate hearing upon due notice. Such hearing shall be held at the
offices of the Board or such other location as the Board deems appropriate.
If it finds upon the record of the hearing that a question of representation
exists, it shall direct an election in accordance with subsection (d) of this
Section, which election shall be held not later than 120 days after the date
the petition was filed regardless of whether that petition was filed before
or after the effective date of this amendatory Act of 1987; provided,
however, the Board may extend the time for holding an election by an
additional 60 days if, upon motion by a person who has filed a petition
under this Section or is the subject of a petition filed under this Section
and is a party to such hearing, or upon the Board's own motion, the Board
finds that good cause has been shown for extending the election date;
provided further, that nothing in this Section shall prohibit the Board, in its
discretion, from extending the time for holding an election for so long as
may be necessary under the circumstances, where the purpose for such
extension is to permit resolution by the Board of an unfair labor practice
charge filed by one of the parties to a representational proceeding against
the other based upon conduct which may either affect the existence of a
question concerning representation or have a tendency to interfere with a
fair and free election, where the party filing the charge has not filed a
request to proceed with the election; and provided further that prior to the
expiration of the total time allotted for holding an election, a person who
has filed a petition under this Section or is the subject of a petition filed
under this Section and is a party to such hearing or the Board, may move
for and obtain the entry of an order in the circuit court of the county in
which the majority of the public employees sought to be represented by

New matter indicated by italics - deletions by strikeout
such person reside, such order extending the date upon which the election
shall be held. Such order shall be issued by the circuit court only upon a
judicial finding that there has been a sufficient showing that there is good
cause to extend the election date beyond such period and shall require the
Board to hold the election as soon as is feasible given the totality of the
circumstances. Such 120 day period may be extended one or more times
by the agreement of all parties to the hearing to a date certain without the
necessity of obtaining a court order. Nothing in this Section prohibits the
waiving of hearings by stipulation for the purpose of a consent election in
conformity with the rules and regulations of the Board or an election in a
unit agreed upon by the parties. Other interested employee organizations
may intervene in the proceedings in the manner and within the time period
specified by rules and regulations of the Board. Interested parties who are
necessary to the proceedings may also intervene in the proceedings in the
manner and within the time period specified by the rules and regulations of
the Board.

(a-5) The Board shall designate an exclusive representative for
purposes of collective bargaining when the representative demonstrates a
showing of majority interest by employees in the unit. If the parties to a
dispute are without agreement on the means to ascertain the choice, if any,
of employee organization as their representative, the Board shall ascertain
the employees' choice of employee organization, on the basis of dues
deduction authorization and other evidence, or, if necessary, by conducting
an election. If either party provides to the Board, before the designation of
a representative, clear and convincing evidence that the dues deduction
authorizations, and other evidence upon which the Board would otherwise
rely to ascertain the employees' choice of representative, are fraudulent or
were obtained through coercion, the Board shall promptly thereafter
conduct an election. The Board shall also investigate and consider a party's
allegations that the dues deduction authorizations and other evidence
submitted in support of a designation of representative without an election
were subsequently changed, altered, withdrawn, or withheld as a result of
employer fraud, coercion, or any other unfair labor practice by the
employer. If the Board determines that a labor organization would have

New matter indicated by italics - deletions by strikeout
had a majority interest but for an employer's fraud, coercion, or unfair labor practice, it shall designate the labor organization as an exclusive representative without conducting an election.

(b) The Board shall decide in each case, in order to assure public employees the fullest freedom in exercising the rights guaranteed by this Act, a unit appropriate for the purpose of collective bargaining, based upon but not limited to such factors as: historical pattern of recognition; community of interest including employee skills and functions; degree of functional integration; interchangeability and contact among employees; fragmentation of employee groups; common supervision, wages, hours and other working conditions of the employees involved; and the desires of the employees. For purposes of this subsection, fragmentation shall not be the sole or predominant factor used by the Board in determining an appropriate bargaining unit. Except with respect to non-State fire fighters and paramedics employed by fire departments and fire protection districts, non-State peace officers and peace officers in the State Department of State Police, a single bargaining unit determined by the Board may not include both supervisors and nonsupervisors, except for bargaining units in existence on the effective date of this Act. With respect to non-State fire fighters and paramedics employed by fire departments and fire protection districts, non-State peace officers and peace officers in the State Department of State Police, a single bargaining unit determined by the Board may not include both supervisors and nonsupervisors, except for bargaining units in existence on the effective date of this amendatory Act of 1985.

In cases involving an historical pattern of recognition, and in cases where the employer has recognized the union as the sole and exclusive bargaining agent for a specified existing unit, the Board shall find the employees in the unit then represented by the union pursuant to the recognition to be the appropriate unit.

Notwithstanding the above factors, where the majority of public employees of a craft so decide, the Board shall designate such craft as a unit appropriate for the purposes of collective bargaining.
The Board shall not decide that any unit is appropriate if such unit includes both professional and nonprofessional employees, unless a majority of each group votes for inclusion in such unit.

(c) Nothing in this Act shall interfere with or negate the current representation rights or patterns and practices of labor organizations which have historically represented public employees for the purpose of collective bargaining, including but not limited to the negotiations of wages, hours and working conditions, discussions of employees' grievances, resolution of jurisdictional disputes, or the establishment and maintenance of prevailing wage rates, unless a majority of employees so represented express a contrary desire pursuant to the procedures set forth in this Act.

(d) In instances where the employer does not voluntarily recognize a labor organization as the exclusive bargaining representative for a unit of employees, the Board shall determine the majority representative of the public employees in an appropriate collective bargaining unit by conducting a secret ballot election, except as otherwise provided in subsection (a-5). Within 7 days after the Board issues its bargaining unit determination and direction of election or the execution of a stipulation for the purpose of a consent election, the public employer shall submit to the labor organization the complete names and addresses of those employees who are determined by the Board to be eligible to participate in the election. When the Board has determined that a labor organization has been fairly and freely chosen by a majority of employees in an appropriate unit, it shall certify such organization as the exclusive representative. If the Board determines that a majority of employees in an appropriate unit has fairly and freely chosen not to be represented by a labor organization, it shall so certify. The Board may also revoke the certification of the public employee organizations as exclusive bargaining representatives which have been found by a secret ballot election to be no longer the majority representative.

(e) The Board shall not conduct an election in any bargaining unit or any subdivision thereof within which a valid election has been held in the preceding 12-month period. The Board shall determine who is eligible

New matter indicated by italics - deletions by strikeout
to vote in an election and shall establish rules governing the conduct of the election or conduct affecting the results of the election. The Board shall include on a ballot in a representation election a choice of "no representation". A labor organization currently representing the bargaining unit of employees shall be placed on the ballot in any representation election. In any election where none of the choices on the ballot receives a majority, a runoff election shall be conducted between the 2 choices receiving the largest number of valid votes cast in the election. A labor organization which receives a majority of the votes cast in an election shall be certified by the Board as exclusive representative of all public employees in the unit.

(f) A labor organization shall be designated as the exclusive representative by a public employer, provided that the labor organization represents a majority of the public employees in an appropriate unit. Any employee organization which is designated or selected by the majority of public employees, in a unit of the public employer having no other recognized or certified representative, as their representative for purposes of collective bargaining may request recognition by the public employer in writing. The public employer shall post such request for a period of at least 20 days following its receipt thereof on bulletin boards or other places used or reserved for employee notices.

(g) Within the 20-day period any other interested employee organization may petition the Board in the manner specified by rules and regulations of the Board, provided that such interested employee organization has been designated by at least 10% of the employees in an appropriate bargaining unit which includes all or some of the employees in the unit recognized by the employer. In such event, the Board shall proceed with the petition in the same manner as provided by paragraph (1) of subsection (a) of this Section.

(h) No election shall be directed by the Board in any bargaining unit where there is in force a valid collective bargaining agreement. (e) Notwithstanding any other provision of this Act or the rules adopted under this Act, if a person participating in the program of health benefits as the dependent spouse of an eligible member becomes an annuitant, the person may elect, at the time of becoming an annuitant or during any subsequent annual benefit choice period, to continue participation as a dependent rather than as an eligible member for as long as the person continues to be an eligible dependent.

An eligible member who has elected to participate as a dependent may re-enroll in the program of health benefits as an eligible member (i) during any subsequent annual benefit choice period or (ii) upon showing a qualifying change in status, as defined in the U.S. Internal Revenue Code, without evidence of insurability and with no limitations on coverage for pre-existing conditions.

A person who elects to participate in the program of health benefits as a dependent rather than as an eligible member shall be furnished a written explanation of the consequences of electing to participate as a dependent and the conditions and procedures for re-enrolling as an eligible member. The explanation shall also be included in the annual benefit choice options booklet furnished to members.

Sec. 10. Payments by State; premiums.

(a) The State shall pay the cost of basic non-contributory group life insurance and, subject to member paid contributions set by the Department or required by this Section, the basic program of group health benefits on each eligible member, except a member, not otherwise covered by this Act, who has retired as a participating member under Article 2 of the Illinois Pension Code but is ineligible for the retirement annuity under

Section 2-119 of the Illinois Pension Code, and part of each eligible member's and retired member's premiums for health insurance coverage for enrolled dependents as provided by Section 9. The State shall pay the cost of the basic program of group health benefits only after benefits are reduced by the amount of benefits covered by Medicare for all members and dependents who are eligible for benefits under Social Security or the Railroad Retirement system or who had sufficient Medicare-covered government employment, except that such reduction in benefits shall apply only to those members and dependents who (1) first become eligible for such Medicare coverage on or after July 1, 1992; or (2) are Medicare-eligible members or dependents of a local government unit which began participation in the program on or after July 1, 1992; or (3) remain eligible for, but no longer receive Medicare coverage which they had been receiving on or after July 1, 1992. The Department may determine the aggregate level of the State's contribution on the basis of actual cost of medical services adjusted for age, sex or geographic or other demographic characteristics which affect the costs of such programs.

The cost of participation in the basic program of group health benefits for the dependent or survivor of a living or deceased retired employee who was formerly employed by the University of Illinois in the Cooperative Extension Service and would be an annuitant but for the fact that he or she was made ineligible to participate in the State Universities Retirement System by clause (4) of subsection (a) of Section 15-107 of the Illinois Pension Code shall not be greater than the cost of participation that would otherwise apply to that dependent or survivor if he or she were the dependent or survivor of an annuitant under the State Universities Retirement System.

(a-1) Beginning January 1, 1998, for each person who becomes a new SERS annuitant and participates in the basic program of group health benefits, the State shall contribute toward the cost of the annuitant's coverage under the basic program of group health benefits an amount equal to 5% of that cost for each full year of creditable service upon which the annuitant's retirement annuity is based, up to a maximum of 100% for an annuitant with 20 or more years of creditable service. The remainder of
the cost of a new SERS annuitant's coverage under the basic program of group health benefits shall be the responsibility of the annuitant. In the case of a new SERS annuitant who has elected to receive an alternative retirement cancellation payment under Section 14-108.5 of the Illinois Pension Code in lieu of an annuity, for the purposes of this subsection the annuitant shall be deemed to be receiving a retirement annuity based on the number of years of creditable service that the annuitant had established at the time of his or her termination of service under SERS.

(a-2) Beginning January 1, 1998, for each person who becomes a new SERS survivor and participates in the basic program of group health benefits, the State shall contribute toward the cost of the survivor's coverage under the basic program of group health benefits an amount equal to 5% of that cost for each full year of the deceased employee's or deceased annuitant's creditable service in the State Employees' Retirement System of Illinois on the date of death, up to a maximum of 100% for a survivor of an employee or annuitant with 20 or more years of creditable service. The remainder of the cost of the new SERS survivor's coverage under the basic program of group health benefits shall be the responsibility of the survivor. In the case of a new SERS survivor who was the dependent of an annuitant who elected to receive an alternative retirement cancellation payment under Section 14-108.5 of the Illinois Pension Code in lieu of an annuity, for the purposes of this subsection the deceased annuitant's creditable service shall be determined as of the date of termination of service rather than the date of death.

(a-3) Beginning January 1, 1998, for each person who becomes a new SURS annuitant and participates in the basic program of group health benefits, the State shall contribute toward the cost of the annuitant's coverage under the basic program of group health benefits an amount equal to 5% of that cost for each full year of creditable service upon which the annuitant's retirement annuity is based, up to a maximum of 100% for an annuitant with 20 or more years of creditable service. The remainder of the cost of a new SURS annuitant's coverage under the basic program of group health benefits shall be the responsibility of the annuitant.

(a-5) Beginning January 1, 1998, for each person who becomes a new SURS survivor and participates in the basic program of group health benefits, the State shall contribute toward the cost of the survivor's coverage under the basic program of group health benefits an amount equal to 5% of that cost for each full year of the deceased employee's or deceased annuitant's creditable service in the State Universities Retirement System on the date of death, up to a maximum of 100% for a survivor of an employee or annuitant with 20 or more years of creditable service. The remainder of the cost of the new SURS survivor's coverage under the basic program of group health benefits shall be the responsibility of the survivor.

(a-6) Beginning July 1, 1998, for each person who becomes a new TRS State annuitant and participates in the basic program of group health benefits, the State shall contribute toward the cost of the annuitant's coverage under the basic program of group health benefits an amount equal to 5% of that cost for each full year of creditable service as a teacher as defined in paragraph (2), (3), or (5) of Section 16-106 of the Illinois Pension Code upon which the annuitant's retirement annuity is based, up to a maximum of 100%; except that the State contribution shall be 12.5% per year (rather than 5%) for each full year of creditable service as a regional superintendent or assistant regional superintendent of schools. The remainder of the cost of a new TRS State annuitant's coverage under the basic program of group health benefits shall be the responsibility of the annuitant.

(a-7) Beginning July 1, 1998, for each person who becomes a new TRS State survivor and participates in the basic program of group health benefits, the State shall contribute toward the cost of the survivor's coverage under the basic program of group health benefits an amount equal to 5% of that cost for each full year of the deceased employee's or deceased annuitant's creditable service as a teacher as defined in paragraph (2), (3), or (5) of Section 16-106 of the Illinois Pension Code on the date of death, up to a maximum of 100%; except that the State contribution shall be 12.5% per year (rather than 5%) for each full year of the deceased employee's or deceased annuitant's creditable service as a regional superintendent or assistant regional superintendent of schools. remainder of the cost of the new TRS State survivor's coverage under the basic program of group health benefits shall be the responsibility of the survivor.

(a-8) A new SERS annuitant, new SERS survivor, new SURS annuitant, new SURS survivor, new TRS State annuitant, or new TRS State survivor may waive or terminate coverage in the program of group health benefits. Any such annuitant or survivor who has waived or terminated coverage may enroll or re-enroll in the program of group health benefits only during the annual benefit choice period, as determined by the Director; except that in the event of termination of coverage due to nonpayment of premiums, the annuitant or survivor may not re-enroll in the program.

(a-9) No later than May 1 of each calendar year, the Director of Central Management Services shall certify in writing to the Executive Secretary of the State Employees' Retirement System of Illinois the amounts of the Medicare supplement health care premiums and the amounts of the health care premiums for all other retirees who are not Medicare eligible. A separate calculation of the premiums based upon the actual cost of each health care plan shall be so certified.

The Director of Central Management Services shall provide to the Executive Secretary of the State Employees' Retirement System of Illinois such information, statistics, and other data as he or she may require to review the premium amounts certified by the Director of Central Management Services.

(b) State employees who become eligible for this program on or after January 1, 1980 in positions normally requiring actual performance of duty not less than 1/2 of a normal work period but not equal to that of a normal work period, shall be given the option of participating in the available program. If the employee elects coverage, the State shall contribute on behalf of such employee to the cost of the employee's benefit and any applicable dependent supplement, that sum which bears the same percentage as that percentage of time the employee regularly works when compared to normal work period.

(c) The basic non-contributory coverage from the basic program of group health benefits shall be continued for each employee not in pay status or on active service by reason of (1) leave of absence due to illness or injury, (2) authorized educational leave of absence or sabbatical leave, or (3) military leave with pay and benefits. This coverage shall continue until expiration of authorized leave and return to active service, but not to exceed 24 months for leaves under item (1) or (2). This 24-month limitation and the requirement of returning to active service shall not apply to persons receiving ordinary or accidental disability benefits or retirement benefits through the appropriate State retirement system or benefits under the Workers' Compensation or Occupational Disease Act.

(d) The basic group life insurance coverage shall continue, with full State contribution, where such person is (1) absent from active service by reason of disability arising from any cause other than self-inflicted, (2) on authorized educational leave of absence or sabbatical leave, or (3) on military leave with pay and benefits.

(e) Where the person is in non-pay status for a period in excess of 30 days or on leave of absence, other than by reason of disability, educational or sabbatical leave, or military leave with pay and benefits, such person may continue coverage only by making personal payment equal to the amount normally contributed by the State on such person's behalf. Such payments and coverage may be continued: (1) until such time as the person returns to a status eligible for coverage at State expense, but not to exceed 24 months, (2) until such person's employment or annuitant status with the State is terminated, or (3) for a maximum period of 4 years for members on military leave with pay and benefits and military leave without pay and benefits (exclusive of any additional service imposed pursuant to law).

(f) The Department shall establish by rule the extent to which other employee benefits will continue for persons in non-pay status or who are not in active service.

(g) The State shall not pay the cost of the basic non-contributory group life insurance, program of health benefits and other employee benefits for members who are survivors as defined by paragraphs (1) and
(2) of subsection (q) of Section 3 of this Act. The costs of benefits for these survivors shall be paid by the survivors or by the University of Illinois Cooperative Extension Service, or any combination thereof. However, the State shall pay the amount of the reduction in the cost of participation, if any, resulting from the amendment to subsection (a) made by this amendatory Act of the 91st General Assembly.

(h) Those persons occupying positions with any department as a result of emergency appointments pursuant to Section 8b.8 of the Personnel Code who are not considered employees under this Act shall be given the option of participating in the programs of group life insurance, health benefits and other employee benefits. Such persons electing coverage may participate only by making payment equal to the amount normally contributed by the State for similarly situated employees. Such amounts shall be determined by the Director. Such payments and coverage may be continued until such time as the person becomes an employee pursuant to this Act or such person's appointment is terminated.

(i) Any unit of local government within the State of Illinois may apply to the Director to have its employees, annuitants, and their dependents provided group health coverage under this Act on a non-insured basis. To participate, a unit of local government must agree to enroll all of its employees, who may select coverage under either the State group health benefits plan or a health maintenance organization that has contracted with the State to be available as a health care provider for employees as defined in this Act. A unit of local government must remit the entire cost of providing coverage under the State group health benefits plan or, for coverage under a health maintenance organization, an amount determined by the Director based on an analysis of the sex, age, geographic location, or other relevant demographic variables for its employees, except that the unit of local government shall not be required to enroll those of its employees who are covered spouses or dependents under this plan or another group policy or plan providing health benefits as long as (1) an appropriate official from the unit of local government attests that each employee not enrolled is a covered spouse or dependent under this plan or another group policy or plan, and (2) at least 85% of the

employees are enrolled and the unit of local government remits the entire cost of providing coverage to those employees, except that a participating school district must have enrolled at least 85% of its full-time employees who have not waived coverage under the district's group health plan by participating in a component of the district's cafeteria plan. A participating school district is not required to enroll a full-time employee who has waived coverage under the district's health plan, provided that an appropriate official from the participating school district attests that the full-time employee has waived coverage by participating in a component of the district's cafeteria plan. For the purposes of this subsection, "participating school district" includes a unit of local government whose primary purpose is education as defined by the Department's rules.

Employees of a participating unit of local government who are not enrolled due to coverage under another group health policy or plan may enroll in the event of a qualifying change in status, special enrollment, special circumstance as defined by the Director, or during the annual Benefit Choice Period. A participating unit of local government may also elect to cover its annuitants. Dependent coverage shall be offered on an optional basis, with the costs paid by the unit of local government, its employees, or some combination of the two as determined by the unit of local government. The unit of local government shall be responsible for timely collection and transmission of dependent premiums.

The Director shall annually determine monthly rates of payment, subject to the following constraints:

(1) In the first year of coverage, the rates shall be equal to the amount normally charged to State employees for elected optional coverages or for enrolled dependents coverages or other contributory coverages, or contributed by the State for basic insurance coverages on behalf of its employees, adjusted for differences between State employees and employees of the local government in age, sex, geographic location or other relevant demographic variables, plus an amount sufficient to pay for the additional administrative costs of providing coverage to employees of the unit of local government and their dependents.

(2) In subsequent years, a further adjustment shall be made to reflect the actual prior years' claims experience of the employees of the unit of local government. In the case of coverage of local government employees under a health maintenance organization, the Director shall annually determine for each participating unit of local government the maximum monthly amount the unit may contribute toward that coverage, based on an analysis of (i) the age, sex, geographic location, and other relevant demographic variables of the unit's employees and (ii) the cost to cover those employees under the State group health benefits plan. The Director may similarly determine the maximum monthly amount each unit of local government may contribute toward coverage of its employees' dependents under a health maintenance organization.

Monthly payments by the unit of local government or its employees for group health benefits plan or health maintenance organization coverage shall be deposited in the Local Government Health Insurance Reserve Fund.

The Local Government Health Insurance Reserve Fund shall be a continuing fund not subject to fiscal year limitations. All revenues arising from the administration of the health benefits program established under this Section shall be deposited into the Local Government Health Insurance Reserve Fund. All expenditures from this Fund shall be used for payments for health care benefits for local government and rehabilitation facility employees, annuitants, and dependents, and to reimburse the Department or its administrative service organization for all expenses incurred in the administration of benefits. No other State funds may be used for these purposes.

A local government employer's participation or desire to participate in a program created under this subsection shall not limit that employer's duty to bargain with the representative of any collective bargaining unit of its employees.

(j) Any rehabilitation facility within the State of Illinois may apply to the Director to have its employees, annuitants, and their eligible dependents provided group health coverage under this Act on a
non-insured basis. To participate, a rehabilitation facility must agree to enroll all of its employees and remit the entire cost of providing such coverage for its employees, except that the rehabilitation facility shall not be required to enroll those of its employees who are covered spouses or dependents under this plan or another group policy or plan providing health benefits as long as (1) an appropriate official from the rehabilitation facility attests that each employee not enrolled is a covered spouse or dependent under this plan or another group policy or plan, and (2) at least 85% of the employees are enrolled and the rehabilitation facility remits the entire cost of providing coverage to those employees. Employees of a participating rehabilitation facility who are not enrolled due to coverage under another group health policy or plan may enroll in the event of a qualifying change in status, special enrollment, special circumstance as defined by the Director, or during the annual Benefit Choice Period. A participating rehabilitation facility may also elect to cover its annuitants. Dependent coverage shall be offered on an optional basis, with the costs paid by the rehabilitation facility, its employees, or some combination of the 2 as determined by the rehabilitation facility. The rehabilitation facility shall be responsible for timely collection and transmission of dependent premiums.

The Director shall annually determine quarterly rates of payment, subject to the following constraints:

(1) In the first year of coverage, the rates shall be equal to the amount normally charged to State employees for elected optional coverages or for enrolled dependents coverages or other contributory coverages on behalf of its employees, adjusted for differences between State employees and employees of the rehabilitation facility in age, sex, geographic location or other relevant demographic variables, plus an amount sufficient to pay for the additional administrative costs of providing coverage to employees of the rehabilitation facility and their dependents.

(2) In subsequent years, a further adjustment shall be made to reflect the actual prior years' claims experience of the employees of the rehabilitation facility.

(k) Any domestic violence shelter or service within the State of Illinois may apply to the Director to have its employees, annuitants, and their dependents provided group health coverage under this Act on a non-insured basis. To participate, a domestic violence shelter or service must agree to enroll all of its employees and pay the entire cost of providing such coverage for its employees. A participating domestic violence shelter may also elect to cover its annuitants. Dependent coverage shall be offered on an optional basis, with employees, or some combination of the 2 as determined by the domestic violence shelter or service. The domestic violence shelter or service shall be responsible for timely collection and transmission of dependent premiums.

The Director shall annually determine rates of payment, subject to the following constraints:

Monthly payments by the domestic violence shelter or service or its employees for group health insurance shall be deposited in the Local Government Health Insurance Reserve Fund.

only annuitants not covered prior to July 1, 1992 by the district's health plan provided health coverage under this Act on a non-insured basis. The community college must execute a 2-year contract to participate in the Local Government Health Plan. Any annuitant may enroll in the event of a qualifying change in status, special enrollment, special circumstance as defined by the Director, or during the annual Benefit Choice Period.

The Director shall annually determine monthly rates of payment subject to the following constraints: for those community colleges with annuitants only enrolled, first year rates shall be equal to the average cost to cover claims for a State member adjusted for demographics, Medicare participation, and other factors; and in the second year, a further adjustment of rates shall be made to reflect the actual first year's claims experience of the covered annuitants.

(l-5) The provisions of subsection (l) become inoperative on July 1, 1999.

(m) The Director shall adopt any rules deemed necessary for implementation of this amendatory Act of 1989 (Public Act 86-978).

(n) Any child advocacy center within the State of Illinois may apply to the Director to have its employees, annuitants, and their dependants provided group health coverage under this Act on a non-insured basis. To participate, a child advocacy center must agree to enroll all of its employees and pay the entire cost of providing coverage for its employees. A participating child advocacy center may also elect to cover its annuitants. Dependent coverage shall be offered on an optional basis, with the costs paid by the child advocacy center, its employees, or some combination of the 2 as determined by the child advocacy center. The child advocacy center shall be responsible for timely collection and transmission of dependent premiums.

The Director shall annually determine rates of payment, subject to the following constraints:

(1) In the first year of coverage, the rates shall be equal to the amount normally charged to State employees for elected optional coverages or for enrolled dependents coverages or other contributory coverages on behalf of its employees, adjusted for
differences between State employees and employees of the child advocacy center in age, sex, geographic location, or other relevant demographic variables, plus an amount sufficient to pay for the additional administrative costs of providing coverage to employees of the child advocacy center and their dependents.

(2) In subsequent years, a further adjustment shall be made to reflect the actual prior years' claims experience of the employees of the child advocacy center.

Monthly payments by the child advocacy center or its employees for group health insurance shall be deposited into the Local Government Health Insurance Reserve Fund.

Further, the State of Illinois accepts retrocession of and authorizes acceptance of retrocession of concurrent legislative jurisdiction over all those lands owned by the United States that may subsequently be identified by the Department of the Army as part of the U.S. Army Depot Activity Savanna Military Reservation, Jo Daviess Davies County and Carroll County, Illinois, although not included within the legal description contained in this subsection, to the extent concurrent jurisdiction has not previously been retroceded to the State of Illinois. Any additional land over which the State accepts retrocession of concurrent jurisdiction shall
be identified in a notice filed by the Governor as provided in subsection (d).

(b) Pursuant to concurrent legislative jurisdiction, both State and federal laws are applicable. Since most major crimes violate both federal and State laws, both may punish an offender for an offense committed in the area. The State of Illinois, subject to the exemption of the federal government, has the right to tax. The regulatory powers of the State of Illinois may be exercised in the area, but not in such a manner as to interfere with federal functions. Persons residing on the area under concurrent legislative jurisdiction are ensured important rights and privileges of citizenship, such as the right to vote and access to the Illinois courts.

(c) Subject to subsection (b), the State of Illinois accepts cession of concurrent legislative jurisdiction from the United States.

(d) The Governor of the State of Illinois is authorized to accept the retrocession of concurrent legislative jurisdiction over the subject lands by filing a notice of acceptance with the Illinois Secretary of State.

(e) Upon transfer by deed of the subject lands, or any portion thereof, by the United States of America, the concurrent jurisdiction retained by the United States shall expire as to the particular property transferred.

(c) For other electronic voting systems that use a computer as the marking device to mark a ballot sheet, the bar code found on the ballot sheet shall constitute the votes found on the ballot. If, however, the county clerk or board of election commissioners determines that the votes represented by the tally on the bar code for one or more ballot positions is inconsistent with the votes represented by numerical ballot positions identified on the ballot sheet produced using a computer as the marking device, then the numerical ballot positions identified on the ballot sheet shall constitute the votes for purposes of any official canvass or recount proceeding. An electronic voting system that uses a computer as the marking device to mark a ballot sheet shall be capable of producing a ballot sheet that contains all numerical ballot positions selected by the voter, and provides a place for the voter to cast a write-in vote for a candidate for a particular numerical ballot position.

(d) The election authority shall provide an envelope, sleeve or other device to each voter so the voter can deliver the voted ballot sheet to the counting equipment and ballot box without the votes indicated on the ballot sheet being visible to other persons in the polling place.
