(9) Excessive land coverage and overcrowding of structures and community facilities. The over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Examples of problem conditions warranting the designation of an area as one exhibiting excessive land coverage are: the presence of buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety and the presence of multiple buildings on a single parcel. For there to be a finding of excessive land coverage, these parcels must exhibit one or more of the following conditions: insufficient provision for light and air within or around buildings, increased threat of spread of fire due to the close proximity of buildings, lack of adequate or proper access to a public right-of-way, lack of reasonably required off-street parking, or inadequate provision for loading and service.

(10) Deleterious land use or layout. The existence of incompatible land-use relationships, buildings occupied by inappropriate mixed-uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.

(11) Lack of community planning. The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This means that the development occurred prior to the adoption by the municipality of a comprehensive or other community plan or that the plan was not followed at the time of the area's development. This factor must be
documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning.

(12) The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(13) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years for which information is available.

(c) "Industrial park" means an area in a blighted or conservation area suitable for use by any manufacturing, industrial, research or transportation enterprise, of facilities to include but not be limited to factories, mills, processing plants, assembly plants, packing plants, fabricating plants, industrial distribution centers, warehouses, repair overhaul or service facilities, freight terminals, research facilities, test facilities or railroad facilities.

(d) "Industrial park conservation area" means an area within the boundaries of a redevelopment project area located within the territorial limits of a municipality that is a labor surplus municipality or within 1 1/2 miles of the territorial limits of a municipality that is a labor surplus municipality if the area is annexed to the municipality; which area is zoned as industrial no later than at the time the municipality by ordinance designates the redevelopment project area, and which area includes both vacant land suitable for use as an industrial park and a blighted area or conservation area contiguous to such vacant land.

(e) "Labor surplus municipality" means a municipality in which, at any time during the 6 months before the municipality by ordinance designates an industrial park conservation area, the unemployment rate was over 6% and was also 100% or more of the national average unemployment rate for that same time as published in the United States Department of Labor Bureau of Labor Statistics publication entitled "The Employment Situation" or its successor publication. For the purpose of this subsection, if unemployment rate statistics for the municipality are not available, the unemployment rate in the municipality shall be deemed to be the same as the unemployment rate in the principal county in which the municipality is located.

(f) "Municipality" shall mean a city, village, incorporated town, or a township that is located in the unincorporated portion of a county with 3 million or more inhabitants, if the county adopted an ordinance that approved the township's redevelopment plan.

(g-1) "Revised Initial Sales Tax Amounts" means the amount of taxes paid under the Retailers' Occupation Tax Act, Use Tax Act, Service Use Tax Act, the Service Occupation Tax Act, the Municipal Retailers' Occupation Tax Act, and the Municipal Service Occupation Tax Act by retailers and servicemen on transactions at places located within the State Sales Tax Boundary revised pursuant to Section 11-74.4-8a(9) of this Act.

municipality adopted tax increment allocation financing. For purposes of computing the aggregate amount of such taxes for base years occurring prior to 1985, the Department of Revenue shall determine the Initial Sales Tax Amounts for such taxes and deduct therefrom an amount equal to 4% of the aggregate amount of taxes per year for each year the base year is prior to 1985, but not to exceed a total deduction of 12%. The amount so determined shall be known as the "Adjusted Initial Sales Tax Amounts". For purposes of determining the Municipal Sales Tax Increment, the Department of Revenue shall for each period subtract from the amount paid to the municipality from the Local Government Tax Fund arising from sales by retailers and servicemen on transactions located in the redevelopment project area or the State Sales Tax Boundary, as the case may be, the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts for the Municipal Retailers' Occupation Tax Act and the Municipal Service Occupation Tax Act. For the State Fiscal Year 1989, this calculation shall be made by utilizing the calendar year 1987 to determine the tax amounts received. For the State Fiscal Year 1990, this calculation shall be made by utilizing the period from January 1, 1988, until September 30, 1988, to determine the tax amounts received from retailers and servicemen pursuant to the Municipal Retailers' Occupation Tax and the Municipal Service Occupation Tax Act, which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For the State Fiscal Year 1991, this calculation shall be made by utilizing the period from October 1, 1988, to June 30, 1989, to determine the tax amounts received from retailers and servicemen pursuant to the Municipal Retailers' Occupation Tax and the Municipal Service Occupation Tax Act which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For every State Fiscal Year thereafter, the applicable period shall be the 12 months beginning July 1 and ending June 30 to determine the tax amounts received which shall have deducted therefrom the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts, as the case may be.

If, however, a municipality established a tax increment financing district in a county with a population in excess of 3,000,000 before January 1, 1986, and the municipality entered into a contract or issued bonds after January 1, 1986, but before December 31, 1986, to finance redevelopment project costs within a State Sales Tax Boundary, then the Net State Sales Tax Increment means, for the fiscal years beginning July 1, 1990, and July 1, 1991, 100% of the State Sales Tax Increment annually generated within a State Sales Tax Boundary; and notwithstanding any other provision of this Act, for those fiscal years the Department of Revenue shall distribute to those municipalities 100% of their Net State Sales Tax Increment before any distribution to any other municipality and regardless of whether or not those other municipalities will receive 100% of their Net State Sales Tax Increment. For Fiscal Year 1999, and every year thereafter until the year 2007, for any municipality that has not entered into a contract or has not issued bonds prior to June 1, 1988 to finance redevelopment project costs within a State Sales Tax Boundary, the Net State Sales Tax Increment shall be calculated as follows: By multiplying the Net State Sales Tax Increment by 90% in the State Fiscal Year 1999; 80% in the State Fiscal Year 2000; 70% in the State Fiscal Year 2001; 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for State Fiscal Year 2008 and thereafter.

Municipalities that issued bonds in connection with a redevelopment project in a redevelopment project area within the State Sales Tax Boundary prior to July 29, 1991, or that entered into contracts in connection with a redevelopment project in a redevelopment project area before June 1, 1988, shall continue to receive their proportional share of the Illinois Tax Increment Fund distribution until the date on which the redevelopment project is completed or terminated. If, however, a municipality that issued bonds in connection with a redevelopment project in a redevelopment project area within the State Sales Tax Boundary prior to July 29, 1991 retires the bonds prior to June 30, 2007 or a municipality that entered into contracts in connection with a redevelopment project in a redevelopment project area before June 1, 1988 completes the contracts

prior to June 30, 2007, then so long as the redevelopment project is not completed or is not terminated, the Net State Sales Tax Increment shall be calculated, beginning on the date on which the bonds are retired or the contracts are completed, as follows: By multiplying the Net State Sales Tax Increment by 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for State Fiscal Year 2008 and thereafter. Refunding of any bonds issued prior to July 29, 1991, shall not alter the Net State Sales Tax Increment.

(j) "State Utility Tax Increment Amount" means an amount equal to the aggregate increase in State electric and gas tax charges imposed on owners and tenants, other than residential customers, of properties located within the redevelopment project area under Section 9-222 of the Public Utilities Act, over and above the aggregate of such charges as certified by the Department of Revenue and paid by owners and tenants, other than residential customers, of properties within the redevelopment project area during the base year, which shall be the calendar year immediately prior to the year of the adoption of the ordinance authorizing tax increment allocation financing.

(k) "Net State Utility Tax Increment" means the sum of the following: (a) 80% of the first $100,000 of State Utility Tax Increment annually generated by a redevelopment project area; (b) 60% of the amount in excess of $100,000 but not exceeding $500,000 of the State Utility Tax Increment annually generated by a redevelopment project area; and (c) 40% of all amounts in excess of $500,000 of State Utility Tax Increment annually generated by a redevelopment project area. For the State Fiscal Year 1999, and every year thereafter until the year 2007, for any municipality that has not entered into a contract or has not issued bonds prior to June 1, 1988 to finance redevelopment project costs within a redevelopment project area, the Net State Utility Tax Increment shall be calculated as follows: By multiplying the Net State Utility Tax Increment by 90% in the State Fiscal Year 1999; 80% in the State Fiscal Year 2000; 70% in the State Fiscal Year 2001; 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for the State Fiscal Year 2008 and thereafter.

Municipalities that issue bonds in connection with the redevelopment project during the period from June 1, 1988 until 3 years after the effective date of this Amendatory Act of 1988 shall receive the Net State Utility Tax Increment, subject to appropriation, for 15 State Fiscal Years after the issuance of such bonds. For the 16th through the 20th State Fiscal Years after issuance of the bonds, the Net State Utility Tax Increment shall be calculated as follows: By multiplying the Net State Utility Tax Increment by 90% in year 16; 80% in year 17; 70% in year 18; 60% in year 19; and 50% in year 20. Refunding of any bonds issued prior to June 1, 1988, shall not alter the revised Net State Utility Tax Increment payments set forth above.

(l) "Obligations" mean bonds, loans, debentures, notes, special certificates or other evidence of indebtedness issued by the municipality to carry out a redevelopment project or to refund outstanding obligations.

(m) "Payment in lieu of taxes" means those estimated tax revenues from real property in a redevelopment project area derived from real property that has been acquired by a municipality which according to the redevelopment project or plan is to be used for a private use which taxing districts would have received had a municipality not acquired the real property and adopted tax increment allocation financing and which would result from levies made after the time of the adoption of tax increment allocation financing to the time the current equalized value of real property in the redevelopment project area exceeds the total initial equalized value of real property in said area.

(n) "Redevelopment plan" means the comprehensive program of the municipality for development or redevelopment intended by the payment of redevelopment project costs to reduce or eliminate those conditions the existence of which qualified the redevelopment project area as a "blighted area" or "conservation area" or combination thereof or "industrial park conservation area," and thereby to enhance the tax bases of the taxing districts which extend into the redevelopment project area. On and after November 1, 1999 (the effective date of Public Act 91-478), no redevelopment plan may be approved or amended that includes the development of vacant land (i) with a golf course and related clubhouse and other facilities or (ii) designated by federal, State, county, or municipal government as public land for outdoor recreational activities or for nature preserves and used for that purpose within 5 years prior to the adoption of the redevelopment plan. (J) if property is to be annexed to the municipality, the plan shall include the terms of the annexation agreement.

be anticipated to be developed without the adoption of the redevelopment plan.

(2) The municipality finds that the redevelopment plan and project conform to the comprehensive plan for the development of the municipality as a whole, or, for municipalities with a population of 100,000 or more, regardless of when the redevelopment plan and project was adopted, the redevelopment plan and project either: (i) conforms to the strategic economic development or redevelopment plan issued by the designated planning authority of the municipality, or (ii) includes land uses that have been approved by the planning commission of the municipality.

(3) The redevelopment plan establishes the estimated dates of completion of the redevelopment project and retirement of obligations issued to finance redevelopment project costs. Those dates may not be later than the dates set forth under Section 11-74.4-3.5. shall not be later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the twenty-third calendar year after the year in which the ordinance approving the redevelopment project area is adopted if the ordinance was adopted on or after January 15, 1981; shall not be later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the thirty-third calendar year after the year in which the ordinance approving the redevelopment project area is adopted if the ordinance was adopted on May 20, 1985 by the Village of Wheeling; and shall not be later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the thirty-fifth calendar year after the year in which the ordinance approving the redevelopment project area is adopted:

However, for redevelopment project areas for which bonds were issued before July 29, 1991, or for which contracts were entered into before June 1, 1988, in connection with a redevelopment project in the area within the State Sales Tax Boundary, the estimated dates of completion of the redevelopment project and retirement of obligations to finance redevelopment project costs may be extended by municipal ordinance to December 31, 2013. The termination procedures of subsection (b) of Section 11-74.4-8 are not required for these redevelopment project areas in 2009 but are required in 2013. The extension allowed by this amendatory Act of 1993 shall not apply to real property tax increment allocation financing under Section 11-74.4-8.

A municipality may by municipal ordinance amend an existing redevelopment plan to conform to this paragraph (3) as

amended by Public Act 91-478, which municipal ordinance may be adopted without further hearing or notice and without complying with the procedures provided in this Act pertaining to an amendment to or the initial approval of a redevelopment plan and project and designation of a redevelopment project area.

Those dates, for purposes of real property tax increment allocation financing pursuant to Section 11-74.4-8 only, shall be not more than 35 years for redevelopment project areas that were adopted on or after December 16, 1986 and for which at least $8 million worth of municipal bonds were authorized on or after December 19, 1989 but before January 1, 1990; provided that the municipality elects to extend the life of the redevelopment project area to 35 years by the adoption of an ordinance after at least 14 but not more than 30 days' written notice to the taxing bodies, that would otherwise constitute the joint review board for the redevelopment project area, before the adoption of the ordinance.

Those dates, for purposes of real property tax increment allocation financing pursuant to Section 11-74.4-8 only, shall be not more than 35 years for redevelopment project areas that were established on or after December 1, 1981 but before January 1, 1982 and for which at least $1,500,000 worth of tax increment revenue bonds were authorized on or after September 30, 1990 but before July 1, 1991; provided that the municipality elects to extend the life of the redevelopment project area to 35 years by the adoption of an ordinance after at least 14 but not more than 30 days' written notice to the taxing bodies, that would otherwise constitute the joint review board for the redevelopment project area, before the adoption of the ordinance.

(3.5) The municipality finds, in the case of an industrial park conservation area, also that the municipality is a labor surplus municipality and that the implementation of the redevelopment plan will reduce unemployment, create new jobs and by the provision of new facilities enhance the tax base of the taxing districts that extend into the redevelopment project area.

(4) If any incremental revenues are being utilized under Section 8(a)(1) or 8(a)(2) of this Act in redevelopment project areas approved by ordinance after January 1, 1986, the municipality finds: (a) that the redevelopment project area would not reasonably be developed without the use of such incremental

revenues, and (b) that such incremental revenues will be exclusively utilized for the development of the redevelopment project area.

(5) If the redevelopment plan will not result in displacement of residents from 10 or more inhabited residential units, and the municipality certifies in the plan that such displacement will not result from the plan, a housing impact study need not be performed. If, however, the redevelopment plan would result in the displacement of residents from 10 or more inhabited residential units, or if the redevelopment project area contains 75 or more inhabited residential units and no certification is made, then the municipality shall prepare, as part of the separate feasibility report required by subsection (a) of Section 11-74.4-5, a housing impact study.

Part I of the housing impact study shall include (i) data as to whether the residential units are single family or multi-family units, (ii) the number and type of rooms within the units, if that information is available, (iii) whether the units are inhabited or uninhabited, as determined not less than 45 days before the date that the ordinance or resolution required by subsection (a) of Section 11-74.4-5 is passed, and (iv) data as to the racial and ethnic composition of the residents in the inhabited residential units. The data requirement as to the racial and ethnic composition of the residents in the inhabited residential units shall be deemed to be fully satisfied by data from the most recent federal census.

Part II of the housing impact study shall identify the inhabited residential units in the proposed redevelopment project area that are to be or may be removed. If inhabited residential units are to be removed, then the housing impact study shall identify (i) the number and location of those units that will or may be removed, (ii) the municipality's plans for relocation assistance for those residents in the proposed redevelopment project area whose residences are to be removed, (iii) the availability of replacement housing for those residents whose residences are to be removed, and shall identify the type, location, and cost of the housing, and (iv) the type and extent of relocation assistance to be provided.

(6) On and after November 1, 1999, the housing impact study required by paragraph (5) shall be incorporated in the redevelopment plan for the redevelopment project area.

(7) On and after November 1, 1999, no redevelopment plan shall be adopted, nor an existing plan amended, nor shall residential housing that is occupied by households of low-income and very low-income persons in currently existing redevelopment project areas be removed after November 1, 1999 unless the redevelopment plan provides, with respect to inhabited housing units that are to be removed for households of low-income and very low-income persons, affordable housing and relocation assistance not less than that which would be provided under the federal Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 and the regulations under that Act, including the eligibility criteria. Affordable housing may be either existing or newly constructed housing. For purposes of this paragraph (7), "low-income households", "very low-income households", and "affordable housing" have the meanings set forth in the Illinois Affordable Housing Act. The municipality shall make a good faith effort to ensure that this affordable housing is located in or near the redevelopment project area within the municipality.

(8) On and after November 1, 1999, if, after the adoption of the redevelopment plan for the redevelopment project area, any municipality desires to amend its redevelopment plan to remove more inhabited residential units than specified in its original redevelopment plan, that change shall be made in accordance with the procedures in subsection (c) of Section 11-74.4-5.

(9) For redevelopment project areas designated prior to November 1, 1999, the redevelopment plan may be amended without further joint review board meeting or hearing, provided that the municipality shall give notice of any such changes by mail to each affected taxing district and registrant on the interested party registry, to authorize the municipality to expend tax increment revenues for redevelopment project costs defined by paragraphs (5) and (7.5), subparagraphs (E) and (F) of paragraph (11), and paragraph (11.5) of subsection (q) of Section 11-74.4-3, so long as the changes do not increase the total estimated redevelopment project costs set out in the redevelopment plan by more than 5% after adjustment for inflation from the date the plan was adopted.

(o) "Redevelopment project" means any public and private development project in furtherance of the objectives of a redevelopment project.

plan. On and after November 1, 1999 (the effective date of Public Act 91-478), no redevelopment plan may be approved or amended that includes the development of vacant land (i) with a golf course and related clubhouse and other facilities or (ii) designated by federal, State, county, or municipal government as public land for outdoor recreational activities or for nature preserves and used for that purpose within 5 years prior to the adoption of the redevelopment plan. For the purpose of this subsection, "recreational activities" is limited to mean camping and hunting.

(p) "Redevelopment project area" means an area designated by the municipality, which is not less in the aggregate than 1 1/2 acres and in respect to which the municipality has made a finding that there exist conditions which cause the area to be classified as an industrial park conservation area or a blighted area or a conservation area, or a combination of both blighted areas and conservation areas.

(q) "Redevelopment project costs" mean and include the sum total of all reasonable or necessary costs incurred or estimated to be incurred, and any such costs incidental to a redevelopment plan and a redevelopment project. Such costs include, without limitation, the following:

(1) Costs of studies, surveys, development of plans, and specifications, implementation and administration of the redevelopment plan including but not limited to staff and professional service costs for architectural, engineering, legal, financial, planning or other services, provided however that no charges for professional services may be based on a percentage of the tax increment collected; except that on and after November 1, 1999 (the effective date of Public Act 91-478), no contracts for professional services, excluding architectural and engineering services, may be entered into if the terms of the contract extend beyond a period of 3 years. In addition, "redevelopment project costs" shall not include lobbying expenses. After consultation with the municipality, each tax increment consultant or advisor to a municipality that plans to designate or has designated a redevelopment project area shall inform the municipality in writing of any contracts that the consultant or advisor has entered into with entities or individuals that have received, or are receiving, payments financed by tax increment revenues produced by the redevelopment project area with respect to which the consultant or advisor has performed, or will be performing, service for the

(1.5) After July 1, 1999, annual administrative costs shall not include general overhead or administrative costs of the municipality that would still have been incurred by the municipality if the municipality had not designated a redevelopment project area or approved a redevelopment plan;

(1.6) The cost of marketing sites within the redevelopment project area to prospective businesses, developers, and investors;

(2) Property assembly costs, including but not limited to acquisition of land and other property, real or personal, or rights or interests therein, demolition of buildings, site preparation, site improvements that serve as an engineered barrier addressing ground level or below ground environmental contamination, including, but not limited to parking lots and other concrete or asphalt barriers, and the clearing and grading of land;

(3) Costs of rehabilitation, reconstruction or repair or remodeling of existing public or private buildings, fixtures, and leasehold improvements; and the cost of replacing an existing public building if pursuant to the implementation of a redevelopment project the existing public building is to be demolished to use the site for private investment or devoted to a different use requiring private investment;

(4) Costs of the construction of public works or improvements, except that on and after November 1, 1999, redevelopment project costs shall not include the cost of constructing a new municipal public building principally used to provide offices, storage space, or conference facilities or vehicle storage, maintenance, or repair for administrative, public safety, or public works personnel and that is not intended to replace an existing public building as provided under paragraph (3) of subsection (q) of Section 11-74.4-3 unless either (i) the construction of the new municipal building implements a redevelopment project that was included in a redevelopment plan that was adopted by the municipality prior to November 1, 1999 or (ii) the municipality makes a reasonable determination in the

redevelopment plan, supported by information that provides the basis for that determination, that the new municipal building is required to meet an increase in the need for public safety purposes anticipated to result from the implementation of the redevelopment plan;

(5) Costs of job training and retraining projects, including the cost of "welfare to work" programs implemented by businesses located within the redevelopment project area;

(6) Financing costs, including but not limited to all necessary and incidental expenses related to the issuance of obligations and which may include payment of interest on any obligations issued hereunder including interest accruing during the estimated period of construction of any redevelopment project for which such obligations are issued and for not exceeding 36 months thereafter and including reasonable reserves related thereto;

(7) To the extent the municipality by written agreement accepts and approves the same, all or a portion of a taxing district's capital costs resulting from the redevelopment project necessarily incurred or to be incurred within a taxing district in furtherance of the objectives of the redevelopment plan and project.

(7.5) For redevelopment project areas designated (or redevelopment project areas amended to add or increase the number of tax-increment-financing assisted housing units) on or after November 1, 1999, an elementary, secondary, or unit school district's increased costs attributable to assisted housing units located within the redevelopment project area for which the developer or redeveloper receives financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the assisted housing sites necessary for the completion of that housing as authorized by this Act, and which costs shall be paid by the municipality from the Special Tax Allocation Fund when the tax increment revenue is received as a result of the assisted housing units and shall be calculated annually as follows:

(i) for unit school districts with a district average 1995-96 Per Capita Tuition Charge of less than $5,900, no more than 25% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act; and

(ii) for elementary school districts with a district average 1995-96 Per Capita Tuition Charge of less than $5,900, no more than 17% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act; and

financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by the most recently available per capita tuition cost as defined in Section 10-20.12a of the School Code less any increase in general state aid as defined in Section 18-8.05 of the School Code attributable to these added new students subject to the following annual limitations:

(i) for unit school districts, no more than 40% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act;

(ii) for elementary school districts, no more than 27% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act; and

(iii) for secondary school districts, no more than 13% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act.

(C) For any school district in a municipality with a population in excess of 1,000,000, the following restrictions shall apply to the reimbursement of increased costs under this paragraph (7.5):

(i) no increased costs shall be reimbursed unless the school district certifies that each of the schools affected by the assisted housing project is at or over its student capacity;

(ii) the amount reimbursable shall be reduced by the value of any land donated to the school district by the municipality or developer, and by the value of any physical improvements made to the schools by the municipality or developer; and

(iii) the amount reimbursed may not affect amounts otherwise obligated by the terms of any bonds, notes, or other funding instruments, or the terms of any redevelopment agreement.  

Any school district seeking payment under this paragraph (7.5) shall, after July 1 and before September 30 of each year, provide the municipality with reasonable evidence to support its claim for reimbursement before the municipality shall be required to approve or make the payment to the school district. If the school district fails to provide the information during this period in any year, it shall forfeit any claim to reimbursement for that year. School districts may adopt a resolution waiving the right to all or a portion of the reimbursement otherwise required by this paragraph (7.5). By acceptance of this reimbursement the school district waives the right to directly or indirectly set aside, modify, or contest in any manner the establishment of the redevelopment project area or projects;

(7.7) For redevelopment project areas designated (or redevelopment project areas amended to add or increase the number of tax-increment-financing assisted housing units) on or after January 1, 2005 (the effective date of Public Act 93-961), a public library district's increased costs attributable to assisted housing units located within the redevelopment project area for which the developer or redeveloper receives financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the assisted housing sites necessary for the completion of that housing as authorized by this Act shall be paid to the library district by the municipality from the Special Tax Allocation Fund when the tax increment revenue is received as a result of the assisted housing units. This paragraph (7.7) applies only if (i) the library district is located in a county that is subject to the Property Tax Extension Limitation Law or (ii) the library district is not located in a county that is subject to the Property Tax Extension Limitation Law but the district is prohibited by any other law from increasing its tax levy rate without a prior voter referendum.

The amount paid to a library district under this paragraph (7.7) shall be calculated by multiplying (i) the net increase in the number of persons eligible to obtain a library card in that district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by (ii) the per-patron cost of providing library services so long as it does not exceed $120. The per-patron cost shall be the Total Operating Expenditures Per Capita as stated in the most recent Illinois Public Library Statistics produced by the Library Research Center at the University of Illinois. The municipality may deduct from the amount that it must pay to a library district under this paragraph any amount that it has voluntarily paid to the library district from the tax increment revenue. The amount paid to a library district under this paragraph (7.7) shall be no more than 2% of the amount produced by the assisted housing units and deposited into the Special Tax Allocation Fund.

A library district is not eligible for any payment under this paragraph (7.7) unless the library district has experienced an increase in the number of patrons from the municipality that created the tax-increment-financing district since the designation of the redevelopment project area.

Any library district seeking payment under this paragraph (7.7) shall, after July 1 and before September 30 of each year, provide the municipality with convincing evidence to support its claim for reimbursement before the municipality shall be required to approve or make the payment to the library district. If the library district fails to provide the information during this period in any year, it shall forfeit any claim to reimbursement for that year. Library districts may adopt a resolution waiving the right to all or a portion of the reimbursement otherwise required by this paragraph (7.7). By acceptance of such reimbursement, the library district shall forfeit any right to directly or indirectly set aside, modify, or contest in any manner whatsoever the establishment of the redevelopment project area or projects;

(8) Relocation costs to the extent that a municipality determines that relocation costs shall be paid or is required to make payment of relocation costs by federal or State law or in order to satisfy subparagraph (7) of subsection (n);

(9) Payment in lieu of taxes;

(10) Costs of job training, retraining, advanced vocational education or career education, including but not limited to courses in occupational, semi-technical or technical fields leading directly to employment, incurred by one or more taxing districts, provided that such costs (i) are related to the establishment and maintenance of additional job training, advanced vocational education or career education programs for persons employed or to be employed by employers located in a redevelopment project area; and (ii) when incurred by a taxing district or taxing districts other than the municipality, are set forth in a written agreement by or among the municipality and the taxing district or taxing districts, which agreement describes the program to be undertaken, including but not limited to the number of employees to be trained, a description of the training and services to be provided, the number and type of positions available or to be available, itemized costs of the program and sources of funds to pay for the same, and the term of the agreement. Such costs include, specifically, the payment by community college districts of costs pursuant to Sections 3-37, 3-38, 3-40 and 3-40.1 of the Public Community College Act and by school districts of costs pursuant to Sections 10-22.20a and 10-23.3a of The School Code;

(11) Interest cost incurred by a redeveloper related to the construction, renovation or rehabilitation of a redevelopment project provided that:

(A) such costs are to be paid directly from the special tax allocation fund established pursuant to this Act;

(B) such payments in any one year may not exceed 30% of the annual interest costs incurred by the redeveloper with regard to the redevelopment project during that year;

(C) if there are not sufficient funds available in the special tax allocation fund to make the payment pursuant to this paragraph (11) then the amounts so due shall accrue and be payable when sufficient funds are available in the special tax allocation fund;

New matter indicated by italics - deletions by strikeout.
(D) the total of such interest payments paid pursuant to this Act may not exceed 30% of the total (i) cost paid or incurred by the redeveloper for the redevelopment project plus (ii) redevelopment project costs excluding any property assembly costs and any relocation costs incurred by a municipality pursuant to this Act; and

(E) the cost limits set forth in subparagraphs (B) and (D) of paragraph (11) shall be modified for the financing of rehabilitated or new housing units for low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act. The percentage of 75% shall be substituted for 30% in subparagraphs (B) and (D) of paragraph (11).

(F) Instead of the eligible costs provided by subparagraphs (B) and (D) of paragraph (11), as modified by this subparagraph, and notwithstanding any other provisions of this Act to the contrary, the municipality may pay from tax increment revenues up to 50% of the cost of construction of new housing units to be occupied by low-income households and very low-income households as defined in Section 3 of the Illinois Affordable Housing Act. The cost of construction of those units may be derived from the proceeds of bonds issued by the municipality under this Act or other constitutional or statutory authority or from other sources of municipal revenue that may be reimbursed from tax increment revenues or the proceeds of bonds issued to finance the construction of that housing.

The eligible costs provided under this subparagraph (F) of paragraph (11) shall be an eligible cost for the construction, renovation, and rehabilitation of all low and very low-income housing units, as defined in Section 3 of the Illinois Affordable Housing Act, within the redevelopment project area. If the low and very low-income units are part of a residential redevelopment project that includes units not affordable to low and very low-income households, only the low and very low-income units shall be eligible for benefits under subparagraph (F) of paragraph (11). The standards for maintaining the occupancy by low-income households and very low-income households, as

defined in Section 3 of the Illinois Affordable Housing Act, of those units constructed with eligible costs made available under the provisions of this subparagraph (F) of paragraph (11) shall be established by guidelines adopted by the municipality. The responsibility for annually documenting the initial occupancy of the units by low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act, shall be that of the then current owner of the property. For ownership units, the guidelines will provide, at a minimum, for a reasonable recapture of funds, or other appropriate methods designed to preserve the original affordability of the ownership units. For rental units, the guidelines will provide, at a minimum, for the affordability of rent to low and very low-income households. As units become available, they shall be rented to income-eligible tenants. The municipality may modify these guidelines from time to time; the guidelines, however, shall be in effect for as long as tax increment revenue is being used to pay for costs associated with the units or for the retirement of bonds issued to finance the units or for the life of the redevelopment project area, whichever is later.

(11.5) If the redevelopment project area is located within a municipality with a population of more than 100,000, the cost of day care services for children of employees from low-income families working for businesses located within the redevelopment project area and all or a portion of the cost of operation of day care centers established by redevelopment project area businesses to serve employees from low-income families working in businesses located in the redevelopment project area. For the purposes of this paragraph, "low-income families" means families whose annual income does not exceed 80% of the municipal, county, or regional median income, adjusted for family size, as the annual income and municipal, county, or regional median income are determined from time to time by the United States Department of Housing and Urban Development.

(12) Unless explicitly stated herein the cost of construction of new privately-owned buildings shall not be an eligible redevelopment project cost.

New matter indicated by italics - deletions by strikeout.
(13) After November 1, 1999 (the effective date of Public Act 91-478), none of the redevelopment project costs enumerated in this subsection shall be eligible redevelopment project costs if those costs would provide direct financial support to a retail entity initiating operations in the redevelopment project area while terminating operations at another Illinois location within 10 miles of the redevelopment project area but outside the boundaries of the redevelopment project area municipality. For purposes of this paragraph, termination means a closing of a retail operation that is directly related to the opening of the same operation or like retail entity owned or operated by more than 50% of the original ownership in a redevelopment project area, but it does not mean closing an operation for reasons beyond the control of the retail entity, as documented by the retail entity, subject to a reasonable finding by the municipality that the current location contained inadequate space, had become economically obsolete, or was no longer a viable location for the retailer or serviceman.

If a special service area has been established pursuant to the Special Service Area Tax Act or Special Service Area Tax Law, then any tax increment revenues derived from the tax imposed pursuant to the Special Service Area Tax Act or Special Service Area Tax Law may be used within the redevelopment project area for the purposes permitted by that Act or Law as well as the purposes permitted by this Act.

(r) "State Sales Tax Boundary" means the redevelopment project area or the amended redevelopment project area boundaries which are determined pursuant to subsection (9) of Section 11-74.4-8a of this Act. The Department of Revenue shall certify pursuant to subsection (9) of Section 11-74.4-8a the appropriate boundaries eligible for the determination of State Sales Tax Increment.

(s) "State Sales Tax Increment" means an amount equal to the increase in the aggregate amount of taxes paid by retailers and servicemen, other than retailers and servicemen subject to the Public Utilities Act, on transactions at places of business located within a State Sales Tax Boundary pursuant to the Retailers' Occupation Tax Act, the Use Tax Act, the Service Use Tax Act, and the Service Occupation Tax Act, except such portion of such increase that is paid into the State and Local Sales Tax Reform Fund, the Local Government Distributive Fund, the Local Government Tax Fund and the County and Mass Transit District Fund, for as long as State participation exists, over and above the Initial Sales Tax.

Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts for such taxes as certified by the Department of Revenue and paid under those Acts by retailers and servicemen on transactions at places of business located within the State Sales Tax Boundary during the base year which shall be the calendar year immediately prior to the year in which the municipality adopted tax increment allocation financing, less 3.0% of such amounts generated under the Retailers' Occupation Tax Act, Use Tax Act and Service Use Tax Act and the Service Occupation Tax Act, which sum shall be appropriated to the Department of Revenue to cover its costs of administering and enforcing this Section. For purposes of computing the aggregate amount of such taxes for base years occurring prior to 1985, the Department of Revenue shall compute the Initial Sales Tax Amount for such taxes and deduct therefrom an amount equal to 4% of the aggregate amount of taxes per year for each year the base year is prior to 1985, but not to exceed a total deduction of 12%. The amount so determined shall be known as the "Adjusted Initial Sales Tax Amount". For purposes of determining the State Sales Tax Increment the Department of Revenue shall for each period subtract from the tax amounts received from retailers and servicemen on transactions located in the State Sales Tax Boundary, the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or Revised Initial Sales Tax Amounts for the Retailers' Occupation Tax Act, the Use Tax Act, the Service Use Tax Act and the Service Occupation Tax Act. For the State Fiscal Year 1989 this calculation shall be made by utilizing the calendar year 1987 to determine the tax amounts received. For the State Fiscal Year 1990, this calculation shall be made by utilizing the period from January 1, 1988, until September 30, 1988, to determine the tax amounts received from retailers and servicemen, which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For the State Fiscal Year 1991, this calculation shall be made by utilizing the period from October 1, 1988, until June 30, 1989, to determine the tax amounts received from retailers and servicemen, which shall have deducted therefrom nine-twelfths of the certified Initial State Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For every State Fiscal Year thereafter, the applicable period shall be the 12 months beginning July 1 and ending on June 30, to determine the tax amounts received which shall have deducted therefrom the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate.

Tax Amounts or the Revised Initial Sales Tax Amounts. Municipalities intending to receive a distribution of State Sales Tax Increment must report a list of retailers to the Department of Revenue by October 31, 1988 and by July 31, of each year thereafter.

(t) "Taxing districts" means counties, townships, cities and incorporated towns and villages, school, road, park, sanitary, mosquito abatement, forest preserve, public health, fire protection, river conservancy, tuberculosis sanitarium and any other municipal corporations or districts with the power to levy taxes.

(u) "Taxing districts' capital costs" means those costs of taxing districts for capital improvements that are found by the municipal corporate authorities to be necessary and directly result from the redevelopment project.

(v) As used in subsection (a) of Section 11-74.4-3 of this Act, "vacant land" means any parcel or combination of parcels of real property without industrial, commercial, and residential buildings which has not been used for commercial agricultural purposes within 5 years prior to the designation of the redevelopment project area, unless the parcel is included in an industrial park conservation area or the parcel has been subdivided; provided that if the parcel was part of a larger tract that has been divided into 3 or more smaller tracts that were accepted for recording during the period from 1950 to 1990, then the parcel shall be deemed to have been subdivided, and all proceedings and actions of the municipality taken in that connection with respect to any previously approved or designated redevelopment project area or amended redevelopment project area are hereby validated and hereby declared to be legally sufficient for all purposes of this Act. For purposes of this Section and only for land subject to the subdivision requirements of the Plat Act, land is subdivided when the original plat of the proposed Redevelopment Project Area or relevant portion thereof has been properly certified, acknowledged, approved, and recorded or filed in accordance with the Plat Act and a preliminary plat, if any, for any subsequent phases of the proposed Redevelopment Project Area or relevant portion thereof has been properly approved and filed in accordance with the applicable ordinance of the municipality.

(w) "Annual Total Increment" means the sum of each municipality's annual Net Sales Tax Increment and each municipality's annual Net Utility Tax Increment. The ratio of the Annual Total Increment of each municipality to the Annual Total Increment for all municipalities,
as most recently calculated by the Department, shall determine the proportional shares of the Illinois Tax Increment Fund to be distributed to each municipality.

(e) Those dates, for purposes of real property tax increment allocation financing pursuant to Section 11-74.4-8 only, shall be not more than 35 years for redevelopment project areas that were adopted on or after December 16, 1986 and for which at least $8 million worth of municipal bonds were authorized on or after December 19, 1989 but before January 1, 1990; provided that the municipality elects to extend the life of the redevelopment project area to 35 years by the adoption of an ordinance after at least 14 but not more than 30 days' written notice to the taxing bodies, that would otherwise constitute the joint review board for the redevelopment project area, before the adoption of the ordinance.

(65 ILCS 5/11-74.4-7) (from Ch. 24, par. 11-74.4-7)

Sec. 11-74.4-7. Obligations secured by the special tax allocation fund set forth in Section 11-74.4-8 for the redevelopment project area may be issued to provide for redevelopment project costs. Such obligations, when so issued, shall be retired in the manner provided in the ordinance authorizing the issuance of such obligations by the receipts of taxes levied as specified in Section 11-74.4-9 against the taxable property included in the area, by revenues as specified by Section 11-74.4-8a and other revenue designated by the municipality. A municipality may in the ordinance pledge all or any part of the funds in and to be deposited in the special tax

allocation fund created pursuant to Section 11-74.4-8 to the payment of the redevelopment project costs and obligations. Any pledge of funds in the special tax allocation fund shall provide for distribution to the taxing districts and to the Illinois Department of Revenue of moneys not required, pledged, earmarked, or otherwise designated for payment and securing of the obligations and anticipated redevelopment project costs and such excess funds shall be calculated annually and deemed to be "surplus" funds. In the event a municipality only applies or pledges a portion of the funds in the special tax allocation fund for the payment or securing of anticipated redevelopment project costs or of obligations, any such funds remaining in the special tax allocation fund after complying with the requirements of the application or pledge, shall also be calculated annually and deemed "surplus" funds. All surplus funds in the special tax allocation fund shall be distributed annually within 180 days after the close of the municipality's fiscal year by being paid by the municipal treasurer to the County Collector, to the Department of Revenue and to the municipality in direct proportion to the tax incremental revenue received as a result of an increase in the equalized assessed value of property in the redevelopment project area, tax incremental revenue received from the State and tax incremental revenue received from the municipality, but not to exceed as to each such source the total incremental revenue received from that source. The County Collector shall thereafter make distribution to the respective taxing districts in the same manner and proportion as the most recent distribution by the county collector to the affected districts of real property taxes from real property in the redevelopment project area.

Without limiting the foregoing in this Section, the municipality may in addition to obligations secured by the special tax allocation fund pledge for a period not greater than the term of the obligations towards payment of such obligations any part or any combination of the following: (a) net revenues of all or part of any redevelopment project; (b) taxes levied and collected on any or all property in the municipality; (c) the full faith and credit of the municipality; (d) a mortgage on part or all of the redevelopment project; or (e) any other taxes or anticipated receipts that the municipality may lawfully pledge.

Such obligations may be issued in one or more series bearing interest at such rate or rates as the corporate authorities of the municipality shall determine by ordinance. Such obligations shall bear such date or dates, mature at such time or times not exceeding 20 years from their respective dates, be in such denomination, carry such registration

privileges, be executed in such manner, be payable in such medium of payment at such place or places, contain such covenants, terms and conditions, and be subject to redemption as such ordinance shall provide. Obligations issued pursuant to this Act may be sold at public or private sale at such price as shall be determined by the corporate authorities of the municipalities. No referendum approval of the electors shall be required as a condition to the issuance of obligations pursuant to this Division except as provided in this Section.

In the event the municipality authorizes issuance of obligations pursuant to the authority of this Division secured by the full faith and credit of the municipality, which obligations are other than obligations which may be issued under home rule powers provided by Article VII, Section 6 of the Illinois Constitution, or pledges taxes pursuant to (b) or (c) of the second paragraph of this Section, the ordinance authorizing the issuance of such obligations or pledging such taxes shall be published within 10 days after such ordinance has been passed in one or more newspapers, with general circulation within such municipality. The publication of the ordinance shall be accompanied by a notice of (1) the specific number of voters required to sign a petition requesting the question of the issuance of such obligations or pledging taxes to be submitted to the electors; (2) the time in which such petition must be filed; and (3) the date of the prospective referendum. The municipal clerk shall provide a petition form to any individual requesting one.

If no petition is filed with the municipal clerk, as hereinafter provided in this Section, within 30 days after the publication of the ordinance, the ordinance shall be in effect. But, if within that 30 day period a petition is filed with the municipal clerk, signed by electors in the municipality numbering 10% or more of the number of registered voters in the municipality, asking that the question of issuing obligations using full faith and credit of the municipality as security for the cost of paying for redevelopment project costs, or of pledging taxes for the payment of such obligations, or both, be submitted to the electors of the municipality, the corporate authorities of the municipality shall call a special election in the manner provided by law to vote upon that question, or, if a general, State or municipal election is to be held within a period of not less than 30 or more than 90 days from the date such petition is filed, shall submit the question at the next general, State or municipal election. If it appears upon the canvass of the election by the corporate authorities that a majority of electors voting upon the question voted in favor thereof, the ordinance

shall be in effect, but if a majority of the electors voting upon the question are not in favor thereof, the ordinance shall not take effect.

The ordinance authorizing the obligations may provide that the obligations shall contain a recital that they are issued pursuant to this Division, which recital shall be conclusive evidence of their validity and of the regularity of their issuance.

In the event the municipality authorizes issuance of obligations pursuant to this Section secured by the full faith and credit of the municipality, the ordinance authorizing the obligations may provide for the levy and collection of a direct annual tax upon all taxable property within the municipality sufficient to pay the principal thereof and interest thereon as it matures, which levy may be in addition to and exclusive of the maximum of all other taxes authorized to be levied by the municipality, which levy, however, shall be abated to the extent that monies from other sources are available for payment of the obligations and the municipality certifies the amount of said monies available to the county clerk.

A certified copy of such ordinance shall be filed with the county clerk of each county in which any portion of the municipality is situated, and shall constitute the authority for the extension and collection of the taxes to be deposited in the special tax allocation fund.

A municipality may also issue its obligations to refund in whole or in part, obligations theretofore issued by such municipality under the authority of this Act, whether at or prior to maturity, provided however, that the last maturity of the refunding obligations may not be later than the dates set forth under Section 11-74.4-3.5. shall not be expressed to mature later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the twenty-third calendar year after the year in which the ordinance approving the redevelopment project area is adopted if the ordinance was adopted on or after January 15, 1981, not later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the thirty-third calendar year after the year in which the ordinance approving the redevelopment project area if the ordinance was adopted on May 20, 1985 by the Village of Wheeling, and not later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be

"Rural hospital" means a hospital that is located outside a metropolitan statistical area.

Section 10. Uninsured patient discounts.

(a) Eligibility.

(1) A hospital, other than a rural hospital or Critical Access Hospital, shall provide a discount from its charges to any uninsured patient who applies for a discount and has family income of not more than 600% of the federal poverty income guidelines for all medically necessary health care services exceeding $300 in any one inpatient admission or outpatient encounter.

(2) A rural hospital or Critical Access Hospital shall provide a discount from its charges to any uninsured patient who applies for a discount and has annual family income of not more than 300% of the federal poverty income guidelines for all medically necessary health care services exceeding $300 in any one inpatient admission or outpatient encounter.

(b) Discount. For all health care services exceeding $300 in any one inpatient admission or outpatient encounter, a hospital shall not collect from an uninsured patient, deemed eligible under subsection (a), more than its charges less the amount of the uninsured discount.

(c) Maximum Collectible Amount.

New matter indicated by italics - deletions by strikeout.
(1) The maximum amount that may be collected in a 12 month period for health care services provided by the hospital from a patient determined by that hospital to be eligible under subsection (a) is 25% of the patient's family income, and is subject to the patient's continued eligibility under this Act.

(2) The 12 month period to which the maximum amount applies shall begin on the first date, after the effective date of this Act, an uninsured patient receives health care services that are determined to be eligible for the uninsured discount at that hospital.

Sec. 24.5. Applicability. This amendatory Act of the 95th General Assembly shall apply to causes of action filed on or after its effective date.

Section 15. The Code of Civil Procedure is amended by adding Section 2-702 as follows:

(735 ILCS 5/2-702 new)

Sec. 2-702. Petition for a certificate of innocence that the petitioner was innocent of all offenses for which he or she was incarcerated.

(a) The General Assembly finds and declares that innocent persons who have been wrongfully convicted of crimes in Illinois and subsequently imprisoned have been frustrated in seeking legal redress due to a variety of substantive and technical obstacles in the law and that such persons should have an available avenue to obtain a finding of innocence so that they may obtain relief through a petition in the Court of Claims. The General Assembly further finds misleading the current legal nomenclature which compels an innocent person to seek a pardon for being wrongfully incarcerated. It is the intent of the General Assembly that the court, in exercising its discretion as permitted by law regarding the weight and admissibility of evidence submitted pursuant to this Section, shall, in the interest of justice, give due consideration to difficulties of proof caused by the passage of time, the death or unavailability of witnesses, the

destruction of evidence or other factors not caused by such persons or those acting on their behalf.

(b) Any person convicted and subsequently imprisoned for one or more felonies by the State of Illinois which he or she did not commit may, under the conditions hereinafter provided, file a petition for certificate of innocence in the circuit court of the county in which the person was convicted. The petition shall request a certificate of innocence finding that the petitioner was innocent of all offenses for which he or she was incarcerated.

(c) In order to present the claim for certificate of innocence of an unjust conviction and imprisonment, the petitioner must attach to his or her petition documentation demonstrating that:

1. He or she has been convicted of one or more felonies by the State of Illinois and subsequently sentenced to a term of imprisonment, and has served all or any part of the sentence; and

2. His or her judgment of conviction was reversed or vacated, and the indictment or information dismissed or, if a new trial was ordered, either he or she was found not guilty at the new trial or he or she was not retried and the indictment or information dismissed; or the statute, or application thereof, on which the indictment or information was based violated the Constitution of the United States or the State of Illinois; and

3. His or her claim is not time barred by the provisions of subsection (i) of this Section.

(d) The petition shall state facts in sufficient detail to permit the court to find that the petitioner is likely to succeed at trial in proving that the petitioner is innocent of the offenses charged in the indictment or information or his or her acts or omissions charged in the indictment or information did not constitute a felony or misdemeanor against the State of Illinois, and the petitioner did not by his or her own conduct voluntarily cause or bring about his or her conviction. The petition shall be verified by the petitioner.

(e) A copy of the petition shall be served on the Attorney General and the State's Attorney of the county where the conviction was had. The Attorney General and the State's Attorney of the county where the conviction was had shall have the right to intervene as parties.

counsel at such prior proceedings or the right to counsel was knowingly
waived.

(g) In order to obtain a certificate of innocence the petitioner must
prove by a preponderance of evidence that:

(1) the petitioner was convicted of one or more felonies by
the State of Illinois and subsequently sentenced to a term of
imprisonment, and has served all or any part of the sentence;

(2)(A) the judgment of conviction was reversed or vacated,
and the indictment or information dismissed or, if a new trial was
ordered, either the petitioner was found not guilty at the new trial
or the petitioner was not retried and the indictment or information
dismissed; or (B) the statute, or application thereof, on which the
indictment or information was based violated the Constitution of
the United States or the State of Illinois;

(3) the petitioner is innocent of the offenses charged in the
indictment or information or his or her acts or omissions charged
in the indictment or information did not constitute a felony or
misdemeanor against the State; and

(4) the petitioner did not by his or her own conduct
voluntarily cause or bring about his or her conviction.

(h) If the court finds that the petitioner is entitled to a judgment, it
shall enter a certificate of innocence finding that the petitioner was
innocent of all offenses for which he or she was incarcerated. Upon entry
of the certificate of innocence, the clerk of the court shall transmit a copy
of the certificate of innocence to the clerk of the Court of Claims, together
with the claimant’s current address.

(i) Any person seeking a certificate of innocence under this Section
based on the dismissal of an indictment or information or acquittal that
occurred before the effective date of this amendatory Act of the 95th
General Assembly shall file his or her petition within 2 years after the
effective date of this amendatory Act of the 95th General Assembly. Any
person seeking a certificate of innocence under this Section based on the
dismissal of an indictment or information or acquittal that occurred on or
after the effective date of this amendatory Act of the 95th General

PUBLIC ACT 95-0972
(House Bill No. 0953)

AN ACT concerning insurance coverage.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Insurance Code is amended by changing Section 370c as follows:

(215 ILCS 5/370c) (from Ch. 73, par. 982c)
Sec. 370c. Mental and emotional disorders.

(a) (1) On and after the effective date of this Section, every insurer which delivers, issues for delivery or renews or modifies group A&H policies providing coverage for hospital or medical treatment or services for illness on an expense-incurred basis shall offer to the applicant or group policyholder subject to the insurers standards of insurability, coverage for reasonable and necessary treatment and services for mental, emotional or nervous disorders or conditions, other than serious mental illnesses as defined in item (2) of subsection (b), up to the limits provided in the policy for other disorders or conditions, except (i) the insured may be required to pay up to 50% of expenses incurred as a result of the treatment or services, and (ii) the annual benefit limit may be limited to the lesser of $10,000 or 25% of the lifetime policy limit.

(2) Each insured that is covered for mental, emotional or nervous disorders or conditions shall be free to select the physician licensed to practice medicine in all its branches, licensed clinical psychologist, licensed clinical social worker, or licensed clinical professional counselor, or licensed marriage and family therapist of his choice to treat such disorders, and the insurer shall pay the covered charges of such physician licensed to practice medicine in all its branches, licensed clinical psychologist, licensed clinical social worker, or licensed clinical professional counselor, or licensed marriage and family therapist up to the limits of coverage, provided (i) the disorder or condition treated is covered by the policy, and (ii) the physician, licensed psychologist, licensed clinical social worker, or licensed clinical professional counselor, or licensed marriage and family therapist is authorized to provide said services under the statutes of this State and in accordance with accepted principles of his profession.

(3) Insofar as this Section applies solely to licensed clinical social workers, and licensed clinical professional counselors, and licensed marriage and family therapists, those persons who may provide services to individuals shall do so after the licensed clinical social worker, or licensed clinical professional counselor, or licensed marriage and family therapist has informed the patient of the desirability of the patient conferring with the patient's primary care physician and the licensed clinical social worker, or licensed clinical professional counselor, or licensed marriage and family therapist has provided written notification to the patient's primary care physician, if any, that services are being provided to the patient. That notification may, however, be waived by the patient on a written form. Those forms shall be retained by the licensed clinical social worker, or licensed clinical professional counselor, or licensed marriage and family therapist for a period of not less than 5 years.

(b) (1) An insurer that provides coverage for hospital or medical expenses under a group policy of accident and health insurance or health care plan amended, delivered, issued, or renewed after the effective date of this amendatory Act of the 92nd General Assembly shall provide coverage under the policy for treatment of serious mental illness under the same terms and conditions as coverage for hospital or medical expenses related to other illnesses and diseases. The coverage required under this Section must provide for same durational limits, amount limits, deductibles, and co-insurance requirements for serious mental illness as are provided for other illnesses and diseases. This subsection does not apply to coverage provided to employees by employers who have 50 or fewer employees.

(2) "Serious mental illness" means the following psychiatric illnesses as defined in the most current edition of the Diagnostic and Statistical Manual (DSM) published by the American Psychiatric Association:

   (A) schizophrenia;
   (B) paranoid and other psychotic disorders;
   (C) bipolar disorders (hypomanic, manic, depressive, and mixed);
   (D) major depressive disorders (single episode or recurrent);
   (E) schizoaffective disorders (bipolar or depressive);
   (F) pervasive developmental disorders;
   (G) obsessive-compulsive disorders;

New matter indicated by italics - deletions by strikeout.
(H) depression in childhood and adolescence;
(I) panic disorder; and
(J) post-traumatic stress disorders (acute, chronic, or with delayed onset).

(3) Upon request of the reimbursing insurer, a provider of treatment of serious mental illness shall furnish medical records or other necessary data that substantiate that initial or continued treatment is at all times medically necessary. An insurer shall provide a mechanism for the timely review by a provider holding the same license and practicing in the same specialty as the patient's provider, who is unaffiliated with the insurer, jointly selected by the patient (or the patient's next of kin or legal representative if the patient is unable to act for himself or herself), the patient's provider, and the insurer in the event of a dispute between the insurer and patient's provider regarding the medical necessity of a treatment proposed by a patient's provider. If the reviewing provider determines the treatment to be medically necessary, the insurer shall provide reimbursement for the treatment. Future contractual or employment actions by the insurer regarding the patient's provider may not be based on the provider's participation in this procedure. Nothing prevents the insured from agreeing in writing to continue treatment at his or her expense. When making a determination of the medical necessity for a treatment modality for serous mental illness, an insurer must make the determination in a manner that is consistent with the manner used to make that determination with respect to other diseases or illnesses covered under the policy, including an appeals process.

(4) A group health benefit plan:

(A) shall provide coverage based upon medical necessity for the following treatment of mental illness in each calendar year:

(i) 45 days of inpatient treatment; and
(ii) beginning on June 26, 2006 (the effective date of Public Act 94-921) this amending Act of the 94th General Assembly, 60 visits for outpatient treatment including group and individual outpatient treatment; and
(iii) for plans or policies delivered, issued for delivery, renewed, or modified after January 1, 2007 (the effective date of Public Act 94-906) this amending Act of the 94th General Assembly, 20 additional outpatient visits for speech therapy for treatment of pervasive developmental disorders that will be in addition to speech

therapy provided pursuant to item (ii) of this subparagraph (A); 
(B) may not include a lifetime limit on the number of days of inpatient treatment or the number of outpatient visits covered under the plan; and 
(C) shall include the same amount limits, deductibles, copayments, and coinsurance factors for serious mental illness as for physical illness.

(5) An issuer of a group health benefit plan may not count toward the number of outpatient visits required to be covered under this Section an outpatient visit for the purpose of medication management and shall cover the outpatient visits under the same terms and conditions as it covers outpatient visits for the treatment of physical illness.

(6) An issuer of a group health benefit plan may provide or offer coverage required under this Section through a managed care plan.

(7) This Section shall not be interpreted to require a group health benefit plan to provide coverage for treatment of:
   (A) an addiction to a controlled substance or cannabis that is used in violation of law; or 
   (B) mental illness resulting from the use of a controlled substance or cannabis in violation of law.

Sec. 8. State grants.

(a) There shall be a program of State grants within the limitations of funds appropriated by the Illinois General Assembly together with other funds made available by the federal government or other sources for this purpose. This program of State grants shall be administered by the State Librarian in accordance with rules and regulations as provided in Section 3 of this Act and shall include the following: (i) annual equalization grants; (ii) Library System grants; (iii) per capita grants to public libraries; and (iv) planning and construction grants to public libraries and library systems. Libraries, in order to be eligible for grants under this Section, must be members of a library system.

(b) An annual equalization grant shall be made to all public libraries for which the corporate authorities levy a tax for library purposes at a rate not less than .13% of the value of all the taxable property as equalized and assessed by the Department of Revenue if the amount of tax revenue obtained from a rate of .13% produces less than (i) $4.25 per capita in property tax revenue from property taxes for the 2006 taxable year payable in 2007 and (ii) $7.50 per capita in property tax revenue from property taxes for the 2007 taxable year and thereafter. In that case, the State Librarian is authorized to make an equalization grant equivalent to the difference between the amount obtained from a rate of .13% and an annual income of $4.25 per capita for grants made through Fiscal Year 2008, and an annual income of $7.50 per capita for grants made in Fiscal Year 2009 and thereafter. If moneys appropriated for grants under this Section are not sufficient, then the State Librarian shall reduce the per capita amount of the grants so that the qualifying public libraries receive the same amount per capita, but in no event shall the grant be less than equivalent to the difference between the amount of the tax revenue obtained from the current levy and an annual income of $4.25 per capita. If a library receiving an equalization grant reduces its tax levy below the amount levied at the time the original application is approved, it shall be ineligible to receive further equalization grants.

If a library is subject to the Property Tax Extension Limitation Law in the Property Tax Code and its tax levy for library purposes has been lowered to a rate of less than .13%, the library will qualify for this grant if the library levied a tax for library purposes that met the requirements for this grant in the previous year and if the tax levied for library purposes in the current year produces tax revenue for the library that is an increase

over the previous year's extension of 5% or the percentage increase in the Consumer Price Index, whichever is less, and the tax revenue produced by this levy is less than (i) $4.25 per capita in property tax revenue for the 2006 taxable year payable in 2007 and (ii) $7.50 per capita in property tax revenue from property taxes for the 2007 taxable year and thereafter. In this case, the State Librarian is authorized to make an equalization grant equivalent to the difference between the amount of tax revenue obtained from the current levy and an annual income of $4.25 per capita for grants made through Fiscal Year 2008, and an annual income of $7.50 per capita for grants made in Fiscal Year 2009 and thereafter. If moneys appropriated for grants under this Section are not sufficient, then the State Librarian shall reduce the per capita amount of the grants so that the qualifying public libraries receive the same amount per capita, but in no event shall the grant be less than equivalent to the difference between the amount of the tax revenue obtained from the current levy and an annual income of $4.25 per capita. If a library receiving an equalization grant reduces its tax levy below the amount levied at the time the original application is approved, it shall be ineligible to receive further equalization grants.

(c) Annual Library System grants shall be made, upon application, to each library system approved by the State Librarian on the following basis:

(1) For library systems, the sum of $1.46 per capita of the population of the area served plus the sum of $50.75 per square mile or fraction thereof of the area served except as provided in paragraph (4) of this subsection.

(2) If the amounts appropriated for grants are different from the amount provided for in paragraph (1) of this subsection, the area and per capita funding shall be proportionately reduced or increased accordingly.

(3) For library systems, additional funds may be appropriated. The appropriation shall be distributed on the same proportional per capita and per square mile basis as provided in paragraphs (1) and (4) of this subsection.

(4) Per capita and area funding for a multitype library system as defined in subparagraph (3) of the definition of "library system" in Section 2 and a public library system in cities with a population of 500,000 or more as defined in subparagraph (2) of the definition of "library system" in Section 2 shall be apportioned...
with 25% of the funding granted to the multitype library system and 75% of the funding granted to the public library system.

(d) The "area served" for the purposes of this Act means the area that lies within the geographic boundaries of the library system as approved by the State Librarian. In determining the population of the area served by the library system, the Illinois State Library shall use the latest federal census for the political subdivisions in the area served.

(e) In order to be eligible for a grant under this Section, the corporate authorities, instead of a tax levy at a particular rate, may provide an amount equivalent to the amount produced by that levy.

(75 ILCS 10/8.4) (from Ch. 81, par. 118.4)

Sec. 8.4. School library grants. Beginning July 1, 1989, the State Librarian shall make grants annually under this Section to all school districts in the State for the establishment and operation of qualified school libraries, or the additional support of existing qualified school libraries, from funds appropriated by the General Assembly. Such grants shall be in the amount of $0.75 per student as determined by the official enrollment as of the previous September 30 of the respective school having a qualified school library. If the moneys appropriated for grants under this Section are not sufficient, the State Librarian shall reduce the amount of the grants as necessary; in making these reductions, the State Librarian shall endeavor to provide each school district that has a qualifying school library (i) at least the same amount per student as the district received under this Section in the preceding fiscal year, and (ii) a total grant of at least $750, which, in the event of an insufficient appropriation, shall not be reduced to a total grant of less than $100.

To qualify for grants under this Section, a school library must:

1. Be an entity which serves the basic information and library needs of the school's employees and students through a bibliographically organized collection of library materials, has at least one employee whose primary duty is to serve as a librarian, and has a collection permanently supported financially, accessible centrally, and occupying identifiable quarters in one principal location.

2. Meet the requirements for membership in a library system under the provisions of this Act.

New matter indicated by italics - deletions by strikeout.
(3) Have applied for membership in the library system of jurisdiction if the system is a multitype library system under this Act.

(4) Provide, as mutually determined by the Illinois State Librarian and the Illinois State Board of Education, library services which either meet or show progress toward meeting the Illinois school library standards as most recently adopted by the Illinois School Library Media Association.

(5) Submit a statement certifying that the financial support for the school library or libraries of the applying school district has been maintained undiminished, or if diminished, the percentage of diminution of financial support is no more than the percentage of diminution of the applying school's total financial support for educational and operations purposes since the submission of the last previous application of the school district for the school library per student grant that was funded. Grants under this Section shall be made only upon application of the school district for its qualified school library or school libraries.

(a) For any redevelopment project area that has been designated pursuant to this Section by an ordinance adopted prior to November 1, 1999 (the effective date of Public Act 91-478), "blighted area" shall have the meaning set forth in this Section prior to that date.

On and after November 1, 1999, "blighted area" means any improved or vacant area within the boundaries of a redevelopment project area located within the territorial limits of the municipality where:

(1) If improved, industrial, commercial, and residential buildings or improvements are detrimental to the public safety, health, or welfare because of a combination of 5 or more of the following factors, each of which is (i) present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) reasonably distributed throughout the improved part of the redevelopment project area:

(A) Dilapidation. An advanced state of disrepair or neglect of necessary repairs to the primary structural components of buildings or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed.

(B) Obsolescence. The condition or process of falling into disuse. Structures have become ill-suited for the original use.

(C) Deterioration. With respect to buildings, defects including, but not limited to, major defects in the secondary building components such as doors, windows, porches, gutters and downspouts, and fascia. With respect to surface improvements, that the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas evidence deterioration, including, but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces.

(D) Presence of structures below minimum code standards. All structures that do not meet the standards of

zoning, subdivision, building, fire, and other governmental
codes applicable to property, but not including housing and
property maintenance codes.

(E) Illegal use of individual structures. The use of
structures in violation of applicable federal, State, or local
laws, exclusive of those applicable to the presence of
structures below minimum code standards.

(F) Excessive vacancies. The presence of buildings
that are unoccupied or under-utilized and that represent an
adverse influence on the area because of the frequency,
extent, or duration of the vacancies.

(G) Lack of ventilation, light, or sanitary facilities.
The absence of adequate ventilation for light or air
circulation in spaces or rooms without windows, or that
require the removal of dust, odor, gas, smoke, or other
noxious airborne materials. Inadequate natural light and
ventilation means the absence of skylights or windows for
interior spaces or rooms and improper window sizes and
amounts by room area to window area ratios. Inadequate
sanitary facilities refers to the absence or inadequacy of
garbage storage and enclosure, bathroom facilities, hot
water and kitchens, and structural inadequacies preventing
ingress and egress to and from all rooms and units within a
building.

(H) Inadequate utilities. Underground and overhead
utilities such as storm sewers and storm drainage, sanitary
sewers, water lines, and gas, telephone, and electrical
services that are shown to be inadequate. Inadequate
utilities are those that are: (i) of insufficient capacity to
serve the uses in the redevelopment project area, (ii)
deteriorated, antiquated, obsolete, or in disrepair, or (iii)
lacking within the redevelopment project area.

(I) Excessive land coverage and overcrowding of
structures and community facilities. The over-intensive use
of property and the crowding of buildings and accessory
facilities onto a site. Examples of problem conditions
warranting the designation of an area as one exhibiting
excessive land coverage are: (i) the presence of buildings
either improperly situated on parcels or located on parcels

of inadequate size and shape in relation to present-day standards of development for health and safety and (ii) the presence of multiple buildings on a single parcel. For there to be a finding of excessive land coverage, these parcels must exhibit one or more of the following conditions: insufficient provision for light and air within or around buildings, increased threat of spread of fire due to the close proximity of buildings, lack of adequate or proper access to a public right-of-way, lack of reasonably required off-street parking, or inadequate provision for loading and service.

(J) Deleterious land use or layout. The existence of incompatible land-use relationships, buildings occupied by inappropriate mixed-uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.

(K) Environmental clean-up. The proposed redevelopment project area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(L) Lack of community planning. The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This means that the development occurred prior to the adoption by the municipality of a comprehensive or other community plan or that the plan was not followed at the time of the area's development. This factor must be documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning.
(M) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated.

(2) If vacant, the sound growth of the redevelopment project area is impaired by a combination of 2 or more of the following factors, each of which is (i) present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) reasonably distributed throughout the vacant part of the redevelopment project area to which it pertains:

(A) Obsolete platting of vacant land that results in parcels of limited or narrow size or configurations of parcels of irregular size or shape that would be difficult to develop on a planned basis and in a manner compatible with contemporary standards and requirements, or platting that failed to create rights-of-ways for streets or alleys or that created inadequate right-of-way widths for streets, alleys, or other public rights-of-way or that omitted easements for public utilities.

(B) Diversity of ownership of parcels of vacant land sufficient in number to retard or impede the ability to assemble the land for development.

(C) Tax and special assessment delinquencies exist or the property has been the subject of tax sales under the Property Tax Code within the last 5 years.

(D) Deterioration of structures or site improvements in neighboring areas adjacent to the vacant land.

(E) The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study

conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(F) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated.

(3) If vacant, the sound growth of the redevelopment project area is impaired by one of the following factors that (i) is present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) is reasonably distributed throughout the vacant part of the redevelopment project area to which it pertains:

(A) The area consists of one or more unused quarries, mines, or strip mine ponds.

(B) The area consists of unused rail yards, rail tracks, or railroad rights-of-way.

(C) The area, prior to its designation, is subject to (i) chronic flooding that adversely impacts on real property in the area as certified by a registered professional engineer or appropriate regulatory agency or (ii) surface water that discharges from all or a part of the area and contributes to flooding within the same watershed, but only if the redevelopment project provides for facilities or

improvements to contribute to the alleviation of all or part of the flooding.

(D) The area consists of an unused or illegal disposal site containing earth, stone, building debris, or similar materials that were removed from construction, demolition, excavation, or dredge sites.

(E) Prior to November 1, 1999, the area is not less than 50 nor more than 100 acres and 75% of which is vacant (notwithstanding that the area has been used for commercial agricultural purposes within 5 years prior to the designation of the redevelopment project area), and the area meets at least one of the factors itemized in paragraph (1) of this subsection, the area has been designated as a town or village center by ordinance or comprehensive plan adopted prior to January 1, 1982, and the area has not been developed for that designated purpose.

(F) The area qualified as a blighted improved area immediately prior to becoming vacant, unless there has been substantial private investment in the immediately surrounding area.

(b) For any redevelopment project area that has been designated pursuant to this Section by an ordinance adopted prior to November 1, 1999 (the effective date of Public Act 91-478), "conservation area" shall have the meaning set forth in this Section prior to that date.

On and after November 1, 1999, "conservation area" means any improved area within the boundaries of a redevelopment project area located within the territorial limits of the municipality in which 50% or more of the structures in the area have an age of 35 years or more. Such an area is not yet a blighted area but because of a combination of 3 or more of the following factors is detrimental to the public safety, health, morals or welfare and such an area may become a blighted area:

(1) Dilapidation. An advanced state of disrepair or neglect of necessary repairs to the primary structural components of buildings or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed.

(2) Obsolescence. The condition or process of falling into disuse. Structures have become ill-suited for the original use.

(3) Deterioration. With respect to buildings, defects including, but not limited to, major defects in the secondary building components such as doors, windows, porches, gutters and downspouts, and fascia. With respect to surface improvements, that the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas evidence deterioration, including, but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces.

(4) Presence of structures below minimum code standards. All structures that do not meet the standards of zoning, subdivision, building, fire, and other governmental codes applicable to property, but not including housing and property maintenance codes.

(5) Illegal use of individual structures. The use of structures in violation of applicable federal, State, or local laws, exclusive of those applicable to the presence of structures below minimum code standards.

(6) Excessive vacancies. The presence of buildings that are unoccupied or under-utilized and that represent an adverse influence on the area because of the frequency, extent, or duration of the vacancies.

(7) Lack of ventilation, light, or sanitary facilities. The absence of adequate ventilation for light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke, or other noxious airborne materials. Inadequate natural light and ventilation means the absence or inadequacy of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building.

(8) Inadequate utilities. Underground and overhead utilities such as storm sewers and storm drainage, sanitary sewers, water lines, and gas, telephone, and electrical services that are shown to be inadequate. Inadequate utilities are those that are: (i) of insufficient capacity to serve the uses in the redevelopment project.

area, (ii) deteriorated, antiquated, obsolete, or in disrepair, or (iii) lacking within the redevelopment project area.

(9) Excessive land coverage and overcrowding of structures and community facilities. The over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Examples of problem conditions warranting the designation of an area as one exhibiting excessive land coverage are: the presence of buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety and the presence of multiple buildings on a single parcel. For there to be a finding of excessive land coverage, these parcels must exhibit one or more of the following conditions: insufficient provision for light and air within or around buildings, increased threat of spread of fire due to the close proximity of buildings, lack of adequate or proper access to a public right-of-way, lack of reasonably required off-street parking, or inadequate provision for loading and service.

(10) Deleterious land use or layout. The existence of incompatible land-use relationships, buildings occupied by inappropriate mixed-uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.

(11) Lack of community planning. The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This means that the development occurred prior to the adoption by the municipality of a comprehensive or other community plan or that the plan was not followed at the time of the area's development. This factor must be documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning.

(12) The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the

remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(13) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years for which information is available.

(c) "Industrial park" means an area in a blighted or conservation area suitable for use by any manufacturing, industrial, research or transportation enterprise, of facilities to include but not be limited to factories, mills, processing plants, assembly plants, packing plants, fabricating plants, industrial distribution centers, warehouses, repair overhaul or service facilities, freight terminals, research facilities, test facilities or railroad facilities.

(d) "Industrial park conservation area" means an area within the boundaries of a redevelopment project area located within the territorial limits of a municipality that is a labor surplus municipality or within 1 1/2 miles of the territorial limits of a municipality that is a labor surplus municipality if the area is annexed to the municipality; which area is zoned as industrial no later than at the time the municipality by ordinance designates the redevelopment project area, and which area includes both vacant land suitable for use as an industrial park and a blighted area or conservation area contiguous to such vacant land.

(e) "Labor surplus municipality" means a municipality in which, at any time during the 6 months before the municipality by ordinance designates an industrial park conservation area, the unemployment rate was over 6% and was also 100% or more of the national average unemployment rate for that same time as published in the United States Department of Labor Bureau of Labor Statistics publication entitled "The Employment Situation" or its successor publication. For the purpose of this subsection, if unemployment rate statistics for the municipality are not available, the unemployment rate in the municipality shall be deemed to be the same as the unemployment rate in the principal county in which the municipality is located.

(f) "Municipality" shall mean a city, village, incorporated town, or a township that is located in the unincorporated portion of a county with 3 million or more inhabitants, if the county adopted an ordinance that approved the township's redevelopment plan.

(g) "Initial Sales Tax Amounts" means the amount of taxes paid under the Retailers' Occupation Tax Act, Use Tax Act, Service Use Tax Act, the Service Occupation Tax Act, the Municipal Retailers' Occupation Tax Act, and the Municipal Service Occupation Tax Act by retailers and servicemen on transactions at places located in a State Sales Tax Boundary during the calendar year 1985.

(g-1) "Revised Initial Sales Tax Amounts" means the amount of taxes paid under the Retailers' Occupation Tax Act, Use Tax Act, Service Use Tax Act, the Service Occupation Tax Act, the Municipal Retailers' Occupation Tax Act, and the Municipal Service Occupation Tax Act by retailers and servicemen on transactions at places located within the State Sales Tax Boundary revised pursuant to Section 11-74.4-8a(9) of this Act.

(h) "Municipal Sales Tax Increment" means an amount equal to the increase in the aggregate amount of taxes paid to a municipality from the Local Government Tax Fund arising from sales by retailers and servicemen within the redevelopment project area or State Sales Tax Boundary, as the case may be, for as long as the redevelopment project area or State Sales Tax Boundary, as the case may be, exist over and above the aggregate amount of taxes as certified by the Illinois Department of Revenue and paid under the Municipal Retailers' Occupation Tax Act and the Municipal Service Occupation Tax Act by retailers and servicemen, on transactions at places of business located in the redevelopment project area or State Sales Tax Boundary, as the case may be, during the base year which shall be the calendar year immediately prior to the year in which the municipality adopted tax increment allocation financing. For purposes of computing the aggregate amount of such taxes for base years occurring prior to 1985, the Department of Revenue shall determine the Initial Sales Tax Amounts for such taxes and deduct therefrom an amount equal to 4% of the aggregate amount of taxes per year for each year the base year is prior to 1985, but not to exceed a total deduction of 12%. The amount so determined shall be known as the "Adjusted Initial Sales Tax Amounts".

For purposes of determining the Municipal Sales Tax Increment, the Department of Revenue shall for each period subtract from the amount paid to the municipality from the Local Government Tax Fund arising from sales by retailers and servicemen on transactions located in the

redevelopment project area or the State Sales Tax Boundary, as the case may be, the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts for the Municipal Retailers' Occupation Tax Act and the Municipal Service Occupation Tax Act. For the State Fiscal Year 1989, this calculation shall be made by utilizing the calendar year 1987 to determine the tax amounts received. For the State Fiscal Year 1990, this calculation shall be made by utilizing the period from January 1, 1988, until September 30, 1988, to determine the tax amounts received from retailers and servicemen pursuant to the Municipal Retailers' Occupation Tax and the Municipal Service Occupation Tax Act, which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For the State Fiscal Year 1991, this calculation shall be made by utilizing the period from October 1, 1988, to June 30, 1989, to determine the tax amounts received from retailers and servicemen pursuant to the Municipal Retailers' Occupation Tax and the Municipal Service Occupation Tax Act which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For every State Fiscal Year thereafter, the applicable period shall be the 12 months beginning July 1 and ending June 30 to determine the tax amounts received which shall have deducted therefrom the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts, as the case may be.

(i) "Net State Sales Tax Increment" means the sum of the following: (a) 80% of the first $100,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary; (b) 60% of the amount in excess of $100,000 but not exceeding $500,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary; and (c) 40% of all amounts in excess of $500,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary. If, however, a municipality established a tax increment financing district in a county with a population in excess of 3,000,000 before January 1, 1986, and the municipality entered into a contract or issued bonds after January 1, 1986, but before December 31, 1986, to finance redevelopment project costs within a State Sales Tax Boundary, then the Net State Sales Tax Increment means, for the fiscal years beginning July 1, 1990, and July 1, 1991, 100% of the State Sales Tax Increment annually generated within a State Sales Boundary.

Tax Boundary; and notwithstanding any other provision of this Act, for those fiscal years the Department of Revenue shall distribute to those municipalities 100% of their Net State Sales Tax Increment before any distribution to any other municipality and regardless of whether or not those other municipalities will receive 100% of their Net State Sales Tax Increment. For Fiscal Year 1999, and every year thereafter until the year 2007, for any municipality that has not entered into a contract or has not issued bonds prior to June 1, 1988 to finance redevelopment project costs within a State Sales Tax Boundary, the Net State Sales Tax Increment shall be calculated as follows: By multiplying the Net State Sales Tax Increment by 90% in the State Fiscal Year 1999; 80% in the State Fiscal Year 2000; 70% in the State Fiscal Year 2001; 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for State Fiscal Year 2008 and thereafter.

Municipalities that issued bonds in connection with a redevelopment project in a redevelopment project area within the State Sales Tax Boundary prior to July 29, 1991, or that entered into contracts in connection with a redevelopment project in a redevelopment project area before June 1, 1988, shall continue to receive their proportional share of the Illinois Tax Increment Fund distribution until the date on which the redevelopment project is completed or terminated. If, however, a municipality that issued bonds in connection with a redevelopment project in a redevelopment project area within the State Sales Tax Boundary prior to July 29, 1991 retires the bonds prior to June 30, 2007 or a municipality that entered into contracts in connection with a redevelopment project in a redevelopment project area before June 1, 1988 completes the contracts prior to June 30, 2007, then so long as the redevelopment project is not completed or is not terminated, the Net State Sales Tax Increment shall be calculated, beginning on the date on which the bonds are retired or the contracts are completed, as follows: By multiplying the Net State Sales Tax Increment by 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for State Fiscal Year 2008 and thereafter. Refunding of any bonds issued prior to July 29, 1991, shall not alter the Net State Sales Tax Increment.

(k) "Net State Utility Tax Increment" means the sum of the following: (a) 80% of the first $100,000 of State Utility Tax Increment annually generated by a redevelopment project area; (b) 60% of the amount in excess of $100,000 but not exceeding $500,000 of the State Utility Tax Increment annually generated by a redevelopment project area; and (c) 40% of all amounts in excess of $500,000 of State Utility Tax Increment annually generated by a redevelopment project area. For the State Fiscal Year 1999, and every year thereafter until the year 2007, for any municipality that has not entered into a contract or has not issued bonds prior to June 1, 1988 to finance redevelopment project costs within a redevelopment project area, the Net State Utility Tax Increment shall be calculated as follows: By multiplying the Net State Utility Tax Increment by 90% in the State Fiscal Year 1999; 80% in the State Fiscal Year 2000; 70% in the State Fiscal Year 2001; 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for the State Fiscal Year 2008 and thereafter.

Municipalities that issue bonds in connection with the redevelopment project during the period from June 1, 1988 until 3 years after the effective date of this Amendatory Act of 1988 shall receive the Net State Utility Tax Increment, subject to appropriation, for 15 State Fiscal Years after the issuance of such bonds. For the 16th through the 20th State Fiscal Years after issuance of the bonds, the Net State Utility Tax Increment shall be calculated as follows: By multiplying the Net State Utility Tax Increment by 90% in year 16; 80% in year 17; 70% in year 18; 60% in year 19; and 50% in year 20. Refunding of any bonds issued prior to June 1, 1988, shall not alter the revised Net State Utility Tax Increment payments set forth above.

(l) "Obligations" mean bonds, loans, debentures, notes, special certificates or other evidence of indebtedness issued by the municipality to carry out a redevelopment project or to refund outstanding obligations.

(m) "Payment in lieu of taxes" means those estimated tax revenues from real property in a redevelopment project area derived from real property that has been acquired by a municipality which according to the redevelopment project or plan is to be used for a private use which taxing districts would have received had a municipality not acquired the real property and adopted tax increment allocation financing and which would result from levies made after the time of the adoption of tax increment allocation financing to the time the current equalized value of real property in the redevelopment project area exceeds the total initial equalized value of real property in said area.

(n) "Redevelopment plan" means the comprehensive program of the municipality for development or redevelopment intended by the payment of redevelopment project costs to reduce or eliminate those conditions the existence of which qualified the redevelopment project area as a "blighted area" or "conservation area" or combination thereof or "industrial park conservation area," and thereby to enhance the tax bases of the taxing districts which extend into the redevelopment project area. On and after November 1, 1999 (the effective date of Public Act 91-478), no redevelopment plan may be approved or amended that includes the development of vacant land (i) with a golf course and related clubhouse and other facilities or (ii) designated by federal, State, county, or municipal government as public land for outdoor recreational activities or for nature preserves and used for that purpose within 5 years prior to the adoption of the redevelopment plan. For the purpose of this subsection, "recreational activities" is limited to mean camping and hunting. Each redevelopment plan shall set forth in writing the program to be undertaken to accomplish the objectives and shall include but not be limited to:

(A) an itemized list of estimated redevelopment project costs;

(B) evidence indicating that the redevelopment project area on the whole has not been subject to growth and development through investment by private enterprise;

(C) an assessment of any financial impact of the redevelopment project area on or any increased demand for services from any taxing district affected by the plan and any program to address such financial impact or increased demand;

(H) a commitment to fair employment practices and an affirmative action plan;
(I) if it concerns an industrial park conservation area, the plan shall also include a general description of any proposed developer, user and tenant of any property, a description of the type, structure and general character of the facilities to be developed, a description of the type, class and number of new employees to be employed in the operation of the facilities to be developed; and
(J) if property is to be annexed to the municipality, the plan shall include the terms of the annexation agreement.

The provisions of items (B) and (C) of this subsection (n) shall not apply to a municipality that before March 14, 1994 (the effective date of Public Act 88-537) had fixed, either by its corporate authorities or by a commission designated under subsection (k) of Section 11-74.4-4, a time and place for a public hearing as required by subsection (a) of Section 11-74.4-5. No redevelopment plan shall be adopted unless a municipality complies with all of the following requirements:

(1) The municipality finds that the redevelopment project area on the whole has not been subject to growth and development through investment by private enterprise and would not reasonably be anticipated to be developed without the adoption of the redevelopment plan.

(2) The municipality finds that the redevelopment plan and project conform to the comprehensive plan for the development of the municipality as a whole, or, for municipalities with a population of 100,000 or more, regardless of when the redevelopment plan and project was adopted, the redevelopment plan and project either: (i) conforms to the strategic economic development or redevelopment plan issued by the designated planning authority of the municipality, or (ii) includes land uses

(3) The redevelopment plan establishes the estimated dates of completion of the redevelopment project and retirement of obligations issued to finance redevelopment project costs. Those dates: shall not be later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the twenty-third calendar year after the year in which the ordinance approving the redevelopment project area is adopted if the ordinance was adopted on or after January 15, 1981; shall not be later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the thirty-third calendar year after the year in which the ordinance approving the redevelopment project area if the ordinance was adopted on May 20, 1985 by the Village of Wheeling; and shall not be later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the thirty-fifth calendar year after the year in which the ordinance approving the redevelopment project area is adopted:

(A) if the ordinance was adopted before January 15, 1981, or
(B) if the ordinance was adopted in December 1983, April 1984, July 1985, or December 1989, or
(C) if the ordinance was adopted in December 1987 and the redevelopment project is located within one mile of Midway Airport, or

However, for redevelopment project areas for which bonds were issued before July 29, 1991, or for which contracts were entered into before June 1, 1988, in connection with a redevelopment project in the area within the State Sales Tax Boundary, the estimated dates of completion of the redevelopment project and retirement of obligations to finance redevelopment project costs may be extended by municipal ordinance to December 31, 2013. The termination procedures of subsection (b) of Section 11-74.4-8 are not required for these redevelopment project areas in 2009 but are required in 2013. The extension allowed by this amendatory Act of 1993 shall not apply to real property tax increment allocation financing under Section 11-74.4-8.

A municipality may by municipal ordinance amend an existing redevelopment plan to conform to this paragraph (3) as amended by Public Act 91-478, which municipal ordinance may be adopted without further hearing or notice and without complying with the procedures provided in this Act pertaining to an amendment to or the initial approval of a redevelopment plan and project and designation of a redevelopment project area.

Those dates, for purposes of real property tax increment allocation financing pursuant to Section 11-74.4-8 only, shall be not more than 35 years for redevelopment project areas that were adopted on or after December 16, 1986 and for which at least $8 million worth of municipal bonds were authorized on or after December 19, 1989 but before January 1, 1990; provided that the municipality elects to extend the life of the redevelopment project

area to 35 years by the adoption of an ordinance after at least 14 but not more than 30 days' written notice to the taxing bodies, that would otherwise constitute the joint review board for the redevelopment project area, before the adoption of the ordinance.

Those dates, for purposes of real property tax increment allocation financing pursuant to Section 11-74.4-8 only, shall be not more than 35 years for redevelopment project areas that were established on or after December 1, 1981 but before January 1, 1982 and for which at least $1,500,000 worth of tax increment revenue bonds were authorized on or after September 30, 1990 but before July 1, 1991; provided that the municipality elects to extend the life of the redevelopment project area to 35 years by the adoption of an ordinance after at least 14 but not more than 30 days' written notice to the taxing bodies, that would otherwise constitute the joint review board for the redevelopment project area, before the adoption of the ordinance.

(3.5) The municipality finds, in the case of an industrial park conservation area, also that the municipality is a labor surplus municipality and that the implementation of the redevelopment plan will reduce unemployment, create new jobs and by the provision of new facilities enhance the tax base of the taxing districts that extend into the redevelopment project area.

(4) If any incremental revenues are being utilized under Section 8(a)(1) or 8(a)(2) of this Act in redevelopment project areas approved by ordinance after January 1, 1986, the municipality finds: (a) that the redevelopment project area would not reasonably be developed without the use of such incremental revenues, and (b) that such incremental revenues will be exclusively utilized for the development of the redevelopment project area.

(5) If the redevelopment plan will not result in displacement of residents from 10 or more inhabited residential units, and the municipality certifies in the plan that such displacement will not result from the plan, a housing impact study need not be performed. If, however, the redevelopment plan would result in the displacement of residents from 10 or more inhabited residential units, or if the redevelopment project area contains 75 or more inhabited residential units and no certification is made, then the municipality shall prepare, as part of the separate

feasibility report required by subsection (a) of Section 11-74.4-5, a housing impact study.

Part I of the housing impact study shall include (i) data as to whether the residential units are single family or multi-family units, (ii) the number and type of rooms within the units, if that information is available, (iii) whether the units are inhabited or uninhabited, as determined not less than 45 days before the date that the ordinance or resolution required by subsection (a) of Section 11-74.4-5 is passed, and (iv) data as to the racial and ethnic composition of the residents in the inhabited residential units. The data requirement as to the racial and ethnic composition of the residents in the inhabited residential units shall be deemed to be fully satisfied by data from the most recent federal census.

Part II of the housing impact study shall identify the inhabited residential units in the proposed redevelopment project area that are to be or may be removed. If inhabited residential units are to be removed, then the housing impact study shall identify (i) the number and location of those units that will or may be removed, (ii) the municipality's plans for relocation assistance for those residents in the proposed redevelopment project area whose residences are to be removed, (iii) the availability of replacement housing for those residents whose residences are to be removed, and shall identify the type, location, and cost of the housing, and (iv) the type and extent of relocation assistance to be provided.

(6) On and after November 1, 1999, the housing impact study required by paragraph (5) shall be incorporated in the redevelopment plan for the redevelopment project area.

(7) On and after November 1, 1999, no redevelopment plan shall be adopted, nor an existing plan amended, nor shall residential housing that is occupied by households of low-income and very low-income persons in currently existing redevelopment project areas be removed after November 1, 1999 unless the redevelopment plan provides, with respect to inhabited housing units that are to be removed for households of low-income and very low-income persons, affordable housing and relocation assistance not less than that which would be provided under the federal Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 and the regulations under that Act, including the eligibility criteria. Affordable housing may be

either existing or newly constructed housing. For purposes of this paragraph (7), "low-income households", "very low-income households", and "affordable housing" have the meanings set forth in the Illinois Affordable Housing Act. The municipality shall make a good faith effort to ensure that this affordable housing is located in or near the redevelopment project area within the municipality.

(8) On and after November 1, 1999, if, after the adoption of the redevelopment plan for the redevelopment project area, any municipality desires to amend its redevelopment plan to remove more inhabited residential units than specified in its original redevelopment plan, that change shall be made in accordance with the procedures in subsection (c) of Section 11-74.4-5.

(9) For redevelopment project areas designated prior to November 1, 1999, the redevelopment plan may be amended without further joint review board meeting or hearing, provided that the municipality shall give notice of any such changes by mail to each affected taxing district and registrant on the interested party registry, to authorize the municipality to expend tax increment revenues for redevelopment project costs defined by paragraphs (5) and (7.5), subparagraphs (E) and (F) of paragraph (11), and paragraph (11.5) of subsection (q) of Section 11-74.4-3, so long as the changes do not increase the total estimated redevelopment project costs set out in the redevelopment plan by more than 5% after adjustment for inflation from the date the plan was adopted.

(o) "Redevelopment project" means any public and private development project in furtherance of the objectives of a redevelopment plan. On and after November 1, 1999 (the effective date of Public Act 91-478), no redevelopment plan may be approved or amended that includes the development of vacant land (i) with a golf course and related clubhouse and other facilities or (ii) designated by federal, State, county, or municipal government as public land for outdoor recreational activities or for nature preserves and used for that purpose within 5 years prior to the adoption of the redevelopment plan. For the purpose of this subsection, "recreational activities" is limited to mean camping and hunting.

(p) "Redevelopment project area" means an area designated by the municipality, which is not less in the aggregate than 1 1/2 acres and in respect to which the municipality has made a finding that there exist conditions which cause the area to be classified as an industrial park.

conservation area or a blighted area or a conservation area, or a combination of both blighted areas and conservation areas.

(q) "Redevelopment project costs" mean and include the sum total of all reasonable or necessary costs incurred or estimated to be incurred, and any such costs incidental to a redevelopment plan and a redevelopment project. Such costs include, without limitation, the following:

(1) Costs of studies, surveys, development of plans, and specifications, implementation and administration of the redevelopment plan including but not limited to staff and professional service costs for architectural, engineering, legal, financial, planning or other services, provided however that no charges for professional services may be based on a percentage of the tax increment collected; except that on and after November 1, 1999 (the effective date of Public Act 91-478), no contracts for professional services, excluding architectural and engineering services, may be entered into if the terms of the contract extend beyond a period of 3 years. In addition, "redevelopment project costs" shall not include lobbying expenses. After consultation with the municipality, each tax increment consultant or advisor to a municipality that plans to designate or has designated a redevelopment project area shall inform the municipality in writing of any contracts that the consultant or advisor has entered into with entities or individuals that have received, or are receiving, payments financed by tax increment revenues produced by the redevelopment project area with respect to which the consultant or advisor has performed, or will be performing, service for the municipality. This requirement shall be satisfied by the consultant or advisor before the commencement of services for the municipality and thereafter whenever any other contracts with those individuals or entities are executed by the consultant or advisor;

(1.5) After July 1, 1999, annual administrative costs shall not include general overhead or administrative costs of the municipality that would still have been incurred by the municipality if the municipality had not designated a redevelopment project area or approved a redevelopment plan;

(1.6) The cost of marketing sites within the redevelopment project area to prospective businesses, developers, and investors;

(2) Property assembly costs, including but not limited to acquisition of land and other property, real or personal, or rights or interests therein, demolition of buildings, site preparation, site improvements that serve as an engineered barrier addressing ground level or below ground environmental contamination, including, but not limited to parking lots and other concrete or asphalt barriers, and the clearing and grading of land;

(3) Costs of rehabilitation, reconstruction or repair or remodeling of existing public or private buildings, fixtures, and leasehold improvements; and the cost of replacing an existing public building if pursuant to the implementation of a redevelopment project the existing public building is to be demolished to use the site for private investment or devoted to a different use requiring private investment;

(4) Costs of the construction of public works or improvements, except that on and after November 1, 1999, redevelopment project costs shall not include the cost of constructing a new municipal public building principally used to provide offices, storage space, or conference facilities or vehicle storage, maintenance, or repair for administrative, public safety, or public works personnel and that is not intended to replace an existing public building as provided under paragraph (3) of subsection (q) of Section 11-74.4-3 unless either (i) the construction of the new municipal building implements a redevelopment project that was included in a redevelopment plan that was adopted by the municipality prior to November 1, 1999 or (ii) the municipality makes a reasonable determination in the redevelopment plan, supported by information that provides the basis for that determination, that the new municipal building is required to meet an increase in the need for public safety purposes anticipated to result from the implementation of the redevelopment plan;

(5) Costs of job training and retraining projects, including the cost of "welfare to work" programs implemented by businesses located within the redevelopment project area;

(6) Financing costs, including but not limited to all necessary and incidental expenses related to the issuance of obligations and which may include payment of interest on any obligations issued hereunder including interest accruing during the

estimated period of construction of any redevelopment project for which such obligations are issued and for not exceeding 36 months thereafter and including reasonable reserves related thereto;

(7) To the extent the municipality by written agreement accepts and approves the same, all or a portion of a taxing district's capital costs resulting from the redevelopment project necessarily incurred or to be incurred within a taxing district in furtherance of the objectives of the redevelopment plan and project.

(7.5) For redevelopment project areas designated (or redevelopment project areas amended to add or increase the number of tax-increment-financing assisted housing units) on or after November 1, 1999, an elementary, secondary, or unit school district's increased costs attributable to assisted housing units located within the redevelopment project area for which the developer or redeveloper receives financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the assisted housing sites necessary for the completion of that housing as authorized by this Act, and which costs shall be paid by the municipality from the Special Tax Allocation Fund when the tax increment revenue is received as a result of the assisted housing units and shall be calculated annually as follows:

(A) for foundation districts, excluding any school district in a municipality with a population in excess of 1,000,000, by multiplying the district's increase in attendance resulting from the net increase in new students enrolled in that school district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by the most recently available per capita tuition cost as defined in Section 10-20.12a of the School Code less any increase in general State aid as defined in Section 18-8.05 of the

School Code attributable to these added new students subject to the following annual limitations:

(i) for unit school districts with a district average 1995-96 Per Capita Tuition Charge of less than $5,900, no more than 25% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act;

(ii) for elementary school districts with a district average 1995-96 Per Capita Tuition Charge of less than $5,900, no more than 17% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act; and

(iii) for secondary school districts with a district average 1995-96 Per Capita Tuition Charge of less than $5,900, no more than 8% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act.

(B) For alternate method districts, flat grant districts, and foundation districts with a district average 1995-96 Per Capita Tuition Charge equal to or more than $5,900, excluding any school district with a population in excess of 1,000,000, by multiplying the district's increase in attendance resulting from the net increase in new students enrolled in that school district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by the most recently available per capita tuition cost as defined in Section 10-20.12a of the School Code less any increase in general state aid as defined in Section 18-8.05 of the School Code attributable to these added new students subject to the following annual limitations:

(i) for unit school districts, no more than 40% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act; 

(ii) for elementary school districts, no more than 27% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act; and 

(iii) for secondary school districts, no more than 13% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act. 

(C) For any school district in a municipality with a population in excess of 1,000,000, the following restrictions shall apply to the reimbursement of increased costs under this paragraph (7.5): 

(i) no increased costs shall be reimbursed unless the school district certifies that each of the schools affected by the assisted housing project is at or over its student capacity; 

(ii) the amount reimbursable shall be reduced by the value of any land donated to the school district by the municipality or developer, and by the value of any physical improvements made to the schools by the municipality or developer; and 

(iii) the amount reimbursed may not affect amounts otherwise obligated by the terms of any bonds, notes, or other funding instruments, or the terms of any redevelopment agreement.

Any school district seeking payment under this paragraph (7.5) shall, after July 1 and before September 30 of each year, provide the municipality with reasonable evidence to support its claim for reimbursement before the municipality shall be required to approve or make the payment to the school district. If the school district fails to provide the information during this period in any year, it shall forfeit

any claim to reimbursement for that year. School districts may adopt a resolution waiving the right to all or a portion of the reimbursement otherwise required by this paragraph (7.5). By acceptance of this reimbursement the school district waives the right to directly or indirectly set aside, modify, or contest in any manner the establishment of the redevelopment project area or projects;

(7.7) For redevelopment project areas designated (or redevelopment project areas amended to add or increase the number of tax-increment-financing assisted housing units) on or after January 1, 2005 (the effective date of Public Act 93-961), a public library district's increased costs attributable to assisted housing units located within the redevelopment project area for which the developer or redeveloper receives financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the assisted housing sites necessary for the completion of that housing as authorized by this Act shall be paid to the library district by the municipality from the Special Tax Allocation Fund when the tax increment revenue is received as a result of the assisted housing units. This paragraph (7.7) applies only if (i) the library district is located in a county that is subject to the Property Tax Extension Limitation Law or (ii) the library district is not located in a county that is subject to the Property Tax Extension Limitation Law but the district is prohibited by any other law from increasing its tax levy rate without a prior voter referendum.

The amount paid to a library district under this paragraph (7.7) shall be calculated by multiplying (i) the net increase in the number of persons eligible to obtain a library card in that district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by (ii) the per-patron cost of providing library services so long as it does not exceed $120. The per-patron cost shall be the Total Operating Expenditures Per Capita as stated in the most

recent Illinois Public Library Statistics produced by the Library Research Center at the University of Illinois. The municipality may deduct from the amount that it must pay to a library district under this paragraph any amount that it has voluntarily paid to the library district from the tax increment revenue. The amount paid to a library district under this paragraph (7.7) shall be no more than 2% of the amount produced by the assisted housing units and deposited into the Special Tax Allocation Fund.

A library district is not eligible for any payment under this paragraph (7.7) unless the library district has experienced an increase in the number of patrons from the municipality that created the tax-increment-financing district since the designation of the redevelopment project area.

Any library district seeking payment under this paragraph (7.7) shall, after July 1 and before September 30 of each year, provide the municipality with convincing evidence to support its claim for reimbursement before the municipality shall be required to approve or make the payment to the library district. If the library district fails to provide the information during this period in any year, it shall forfeit any claim to reimbursement for that year. Library districts may adopt a resolution waiving the right to all or a portion of the reimbursement otherwise required by this paragraph (7.7). By acceptance of such reimbursement, the library district shall forfeit any right to directly or indirectly set aside, modify, or contest in any manner whatsoever the establishment of the redevelopment project area or projects;

(8) Relocation costs to the extent that a municipality determines that relocation costs shall be paid or is required to make payment of relocation costs by federal or State law or in order to satisfy subparagraph (7) of subsection (n);

(9) Payment in lieu of taxes;

(10) Costs of job training, retraining, advanced vocational education or career education, including but not limited to courses in occupational, semi-technical or technical fields leading directly to employment, incurred by one or more taxing districts, provided that such costs (i) are related to the establishment and maintenance of additional job training, advanced vocational education or career education programs for persons employed or to be employed by employers located in a redevelopment project area; and (ii) when

incurred by a taxing district or taxing districts other than the municipality, are set forth in a written agreement by or among the municipality and the taxing district or taxing districts, which agreement describes the program to be undertaken, including but not limited to the number of employees to be trained, a description of the training and services to be provided, the number and type of positions available or to be available, itemized costs of the program and sources of funds to pay for the same, and the term of the agreement. Such costs include, specifically, the payment by community college districts of costs pursuant to Sections 3-37, 3-38, 3-40 and 3-40.1 of the Public Community College Act and by school districts of costs pursuant to Sections 10-22.20a and 10-23.3a of The School Code;

(11) Interest cost incurred by a redeveloper related to the construction, renovation or rehabilitation of a redevelopment project provided that:

(A) such costs are to be paid directly from the special tax allocation fund established pursuant to this Act;

(B) such payments in any one year may not exceed 30% of the annual interest costs incurred by the redeveloper with regard to the redevelopment project during that year;

(C) if there are not sufficient funds available in the special tax allocation fund to make the payment pursuant to this paragraph (11) then the amounts so due shall accrue and be payable when sufficient funds are available in the special tax allocation fund;

(D) the total of such interest payments paid pursuant to this Act may not exceed 30% of the total (i) cost paid or incurred by the redeveloper for the redevelopment project plus (ii) redevelopment project costs excluding any property assembly costs and any relocation costs incurred by a municipality pursuant to this Act; and

(E) the cost limits set forth in subparagraphs (B) and (D) of paragraph (11) shall be modified for the financing of rehabilitated or new housing units for low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act. The percentage of 75% shall be substituted for 30% in subparagraphs (B) and (D) of paragraph (11).
(F) Instead of the eligible costs provided by subparagraphs (B) and (D) of paragraph (11), as modified by this subparagraph, and notwithstanding any other provisions of this Act to the contrary, the municipality may pay from tax increment revenues up to 50% of the cost of construction of new housing units to be occupied by low-income households and very low-income households as defined in Section 3 of the Illinois Affordable Housing Act. The cost of construction of those units may be derived from the proceeds of bonds issued by the municipality under this Act or other constitutional or statutory authority or from other sources of municipal revenue that may be reimbursed from tax increment revenues or the proceeds of bonds issued to finance the construction of that housing.

The eligible costs provided under this subparagraph (F) of paragraph (11) shall be an eligible cost for the construction, renovation, and rehabilitation of all low and very low-income housing units, as defined in Section 3 of the Illinois Affordable Housing Act, within the redevelopment project area. If the low and very low-income units are part of a residential redevelopment project that includes units not affordable to low and very low-income households, only the low and very low-income units shall be eligible for benefits under subparagraph (F) of paragraph (11). The standards for maintaining the occupancy by low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act, of those units constructed with eligible costs made available under the provisions of this subparagraph (F) of paragraph (11) shall be established by guidelines adopted by the municipality. The responsibility for annually documenting the initial occupancy of the units by low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act, shall be that of the then current owner of the property. For ownership units, the guidelines will provide, at a minimum, for a reasonable recapture of funds, or other appropriate methods designed to preserve the original affordability of the ownership units. For rental units, the guidelines will

provide, at a minimum, for the affordability of rent to low and very low-income households. As units become available, they shall be rented to income-eligible tenants. The municipality may modify these guidelines from time to time; the guidelines, however, shall be in effect for as long as tax increment revenue is being used to pay for costs associated with the units or for the retirement of bonds issued to finance the units or for the life of the redevelopment project area, whichever is later.

(11.5) If the redevelopment project area is located within a municipality with a population of more than 100,000, the cost of day care services for children of employees from low-income families working for businesses located within the redevelopment project area and all or a portion of the cost of operation of day care centers established by redevelopment project area businesses to serve employees from low-income families working in businesses located in the redevelopment project area. For the purposes of this paragraph, "low-income families" means families whose annual income does not exceed 80% of the municipal, county, or regional median income, adjusted for family size, as the annual income and municipal, county, or regional median income are determined from time to time by the United States Department of Housing and Urban Development.

(12) Unless explicitly stated herein the cost of construction of new privately-owned buildings shall not be an eligible redevelopment project cost.

(13) After November 1, 1999 (the effective date of Public Act 91-478), none of the redevelopment project costs enumerated in this subsection shall be eligible redevelopment project costs if those costs would provide direct financial support to a retail entity initiating operations in the redevelopment project area while terminating operations at another Illinois location within 10 miles of the redevelopment project area but outside the boundaries of the redevelopment project area municipality. For purposes of this paragraph, termination means a closing of a retail operation that is directly related to the opening of the same operation or like retail entity owned or operated by more than 50% of the original ownership in a redevelopment project area, but it does not mean closing an operation for reasons beyond the control of the retail

entity, as documented by the retail entity, subject to a reasonable finding by the municipality that the current location contained inadequate space, had become economically obsolete, or was no longer a viable location for the retailer or serviceman.

If a special service area has been established pursuant to the Special Service Area Tax Act or Special Service Area Tax Law, then any tax increment revenues derived from the tax imposed pursuant to the Special Service Area Tax Act or Special Service Area Tax Law may be used within the redevelopment project area for the purposes permitted by that Act or Law as well as the purposes permitted by this Act.

(r) "State Sales Tax Boundary" means the redevelopment project area or the amended redevelopment project area boundaries which are determined pursuant to subsection (9) of Section 11-74.4-8a of this Act. The Department of Revenue shall certify pursuant to subsection (9) of Section 11-74.4-8a the appropriate boundaries eligible for the determination of State Sales Tax Increment.

(s) "State Sales Tax Increment" means an amount equal to the increase in the aggregate amount of taxes paid by retailers and servicemen, other than retailers and servicemen subject to the Public Utilities Act, on transactions at places of business located within a State Sales Tax Boundary pursuant to the Retailers' Occupation Tax Act, the Use Tax Act, the Service Use Tax Act, and the Service Occupation Tax Act, except such portion of such increase that is paid into the State and Local Sales Tax Reform Fund, the Local Government Distributive Fund, the Local Government Tax Fund and the County and Mass Transit District Fund, for as long as State participation exists, over and above the Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts for such taxes as certified by the Department of Revenue and paid under those Acts by retailers and servicemen on transactions at places of business located within the State Sales Tax Boundary during the base year which shall be the calendar year immediately prior to the year in which the municipality adopted tax increment allocation financing, less 3.0% of such amounts generated under the Retailers' Occupation Tax Act, Use Tax Act and Service Use Tax Act and the Service Occupation Tax Act, which sum shall be appropriated to the Department of Revenue to cover its costs of administering and enforcing this Section. For purposes of computing the aggregate amount of such taxes for base years occurring prior to 1985, the Department of Revenue shall compute the Initial Sales Tax Amount for such taxes and deduct therefrom an amount equal to 4% of such taxes.

of the aggregate amount of taxes per year for each year the base year is prior to 1985, but not to exceed a total deduction of 12%. The amount so determined shall be known as the "Adjusted Initial Sales Tax Amount". For purposes of determining the State Sales Tax Increment the Department of Revenue shall for each period subtract from the tax amounts received from retailers and servicemen on transactions located in the State Sales Tax Boundary, the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or Revised Initial Sales Tax Amounts for the Retailers' Occupation Tax Act, the Use Tax Act, the Service Use Tax Act and the Service Occupation Tax Act. For the State Fiscal Year 1989 this calculation shall be made by utilizing the calendar year 1987 to determine the tax amounts received. For the State Fiscal Year 1990, this calculation shall be made by utilizing the period from January 1, 1988, until September 30, 1988, to determine the tax amounts received from retailers and servicemen, which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For the State Fiscal Year 1991, this calculation shall be made by utilizing the period from October 1, 1988, until June 30, 1989, to determine the tax amounts received from retailers and servicemen, which shall have deducted therefrom nine-twelfths of the certified Initial State Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For every State Fiscal Year thereafter, the applicable period shall be the 12 months beginning July 1 and ending on June 30, to determine the tax amounts received which shall have deducted therefrom the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts. Municipalities intending to receive a distribution of State Sales Tax Increment must report a list of retailers to the Department of Revenue by October 31, 1988 and by July 31, of each year thereafter.

(t) "Taxing districts" means counties, townships, cities and incorporated towns and villages, school, road, park, sanitary, mosquito abatement, forest preserve, public health, fire protection, river conservancy, tuberculosis sanitarium and any other municipal corporations or districts with the power to levy taxes.

(u) "Taxing districts' capital costs" means those costs of taxing districts for capital improvements that are found by the municipal corporate authorities to be necessary and directly result from the redevelopment project.

(v) As used in subsection (a) of Section 11-74.4-3 of this Act, "vacant land" means any parcel or combination of parcels of real property without industrial, commercial, and residential buildings which has not been used for commercial agricultural purposes within 5 years prior to the designation of the redevelopment project area, unless the parcel is included in an industrial park conservation area or the parcel has been subdivided; provided that if the parcel was part of a larger tract that has been divided into 3 or more smaller tracts that were accepted for recording during the period from 1950 to 1990, then the parcel shall be deemed to have been subdivided, and all proceedings and actions of the municipality taken in that connection with respect to any previously approved or designated redevelopment project area or amended redevelopment project area are hereby validated and hereby declared to be legally sufficient for all purposes of this Act. For purposes of this Section and only for land subject to the subdivision requirements of the Plat Act, land is subdivided when the original plat of the proposed Redevelopment Project Area or relevant portion thereof has been properly certified, acknowledged, approved, and recorded or filed in accordance with the Plat Act and a preliminary plat, if any, for any subsequent phases of the proposed Redevelopment Project Area or relevant portion thereof has been properly approved and filed in accordance with the applicable ordinance of the municipality.

(w) "Annual Total Increment" means the sum of each municipality's annual Net Sales Tax Increment and each municipality's annual Net Utility Tax Increment. The ratio of the Annual Total Increment of each municipality to the Annual Total Increment for all municipalities, as most recently calculated by the Department, shall determine the proportional shares of the Illinois Tax Increment Fund to be distributed to each municipality.

Sec. 11-74.4-7. Obligations secured by the special tax allocation fund set forth in Section 11-74.4-8 for the redevelopment project area may

be issued to provide for redevelopment project costs. Such obligations, when so issued, shall be retired in the manner provided in the ordinance authorizing the issuance of such obligations by the receipts of taxes levied as specified in Section 11-74.4-9 against the taxable property included in the area, by revenues as specified by Section 11-74.4-8a and other revenue designated by the municipality. A municipality may in the ordinance pledge all or any part of the funds in and to be deposited in the special tax allocation fund created pursuant to Section 11-74.4-8 to the payment of the redevelopment project costs and obligations. Any pledge of funds in the special tax allocation fund shall provide for distribution to the taxing districts and to the Illinois Department of Revenue of moneys not required, pledged, earmarked, or otherwise designated for payment and securing of the obligations and anticipated redevelopment project costs and such excess funds shall be calculated annually and deemed to be "surplus" funds. In the event a municipality only applies or pledges a portion of the funds in the special tax allocation fund for the payment or securing of anticipated redevelopment project costs or of obligations, any such funds remaining in the special tax allocation fund after complying with the requirements of the application or pledge, shall also be calculated annually and deemed "surplus" funds. All surplus funds in the special tax allocation fund shall be distributed annually within 180 days after the close of the municipality's fiscal year by being paid by the municipal treasurer to the County Collector, to the Department of Revenue and to the municipality in direct proportion to the tax incremental revenue received as a result of an increase in the equalized assessed value of property in the redevelopment project area, tax incremental revenue received from the State and tax incremental revenue received from the municipality, but not to exceed as to each such source the total incremental revenue received from that source. The County Collector shall thereafter make distribution to the respective taxing districts in the same manner and proportion as the most recent distribution by the county collector to the affected districts of real property taxes from real property in the redevelopment project area.

Without limiting the foregoing in this Section, the municipality may in addition to obligations secured by the special tax allocation fund pledge for a period not greater than the term of the obligations towards payment of such obligations any part or any combination of the following: (a) net revenues of all or part of any redevelopment project; (b) taxes levied and collected on any or all property in the municipality; (c) the full faith and credit of the municipality; (d) a mortgage on part or all of the

redevelopment project; or (e) any other taxes or anticipated receipts that the municipality may lawfully pledge.

Such obligations may be issued in one or more series bearing interest at such rate or rates as the corporate authorities of the municipality shall determine by ordinance. Such obligations shall bear such date or dates, mature at such time or times not exceeding 20 years from their respective dates, be in such denomination, carry such registration privileges, be executed in such manner, be payable in such medium of payment at such place or places, contain such covenants, terms and conditions, and be subject to redemption as such ordinance shall provide. Obligations issued pursuant to this Act may be sold at public or private sale at such price as shall be determined by the corporate authorities of the municipalities. No referendum approval of the electors shall be required as a condition to the issuance of obligations pursuant to this Division except as provided in this Section.

In the event the municipality authorizes issuance of obligations pursuant to the authority of this Division secured by the full faith and credit of the municipality, which obligations are other than obligations which may be issued under home rule powers provided by Article VII, Section 6 of the Illinois Constitution, or pledges taxes pursuant to (b) or (c) of the second paragraph of this section, the ordinance authorizing the issuance of such obligations or pledging such taxes shall be published within 10 days after such ordinance has been passed in one or more newspapers, with general circulation within such municipality. The publication of the ordinance shall be accompanied by a notice of (1) the specific number of voters required to sign a petition requesting the question of the issuance of such obligations or pledging taxes to be submitted to the electors; (2) the time in which such petition must be filed; and (3) the date of the prospective referendum. The municipal clerk shall provide a petition form to any individual requesting one.

If no petition is filed with the municipal clerk, as hereinafter provided in this Section, within 30 days after the publication of the ordinance, the ordinance shall be in effect. But, if within that 30 day period a petition is filed with the municipal clerk, signed by electors in the municipality numbering 10% or more of the number of registered voters in the municipality, asking that the question of issuing obligations using full faith and credit of the municipality as security for the cost of paying for redevelopment project costs, or of pledging taxes for the payment of such obligations, or both, be submitted to the electors of the municipality, the
corporate authorities of the municipality shall call a special election in the manner provided by law to vote upon that question, or, if a general, State or municipal election is to be held within a period of not less than 30 or more than 90 days from the date such petition is filed, shall submit the question at the next general, State or municipal election. If it appears upon the canvass of the election by the corporate authorities that a majority of electors voting upon the question voted in favor thereof, the ordinance shall be in effect, but if a majority of the electors voting upon the question are not in favor thereof, the ordinance shall not take effect.

The ordinance authorizing the obligations may provide that the obligations shall contain a recital that they are issued pursuant to this Division, which recital shall be conclusive evidence of their validity and of the regularity of their issuance.

In the event the municipality authorizes issuance of obligations pursuant to this Section secured by the full faith and credit of the municipality, the ordinance authorizing the obligations may provide for the levy and collection of a direct annual tax upon all taxable property within the municipality sufficient to pay the principal thereof and interest thereon as it matures, which levy may be in addition to and exclusive of the maximum of all other taxes authorized to be levied by the municipality, which levy, however, shall be abated to the extent that monies from other sources are available for payment of the obligations and the municipality certifies the amount of said monies available to the county clerk.

A certified copy of such ordinance shall be filed with the county clerk of each county in which any portion of the municipality is situated, and shall constitute the authority for the extension and collection of the taxes to be deposited in the special tax allocation fund.

A municipality may also issue its obligations to refund in whole or in part, obligations theretofore issued by such municipality under the authority of this Act, whether at or prior to maturity, provided however, that the last maturity of the refunding obligations shall not be expressed to mature later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the twenty-third calendar year after the year in which the ordinance approving the redevelopment project area is adopted if the ordinance was adopted on or after January 15, 1981, not later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of...
Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the thirty-third calendar year after the year in which the ordinance approving the redevelopment project area if the ordinance was adopted on May 20, 1985 by the Village of Wheeling, and not later than December 31 of the year in which the payment to the municipal treasurer as provided in subsection (b) of Section 11-74.4-8 of this Act is to be made with respect to ad valorem taxes levied in the thirty-fifth calendar year after the year in which the ordinance approving the redevelopment project area is adopted (A) if the ordinance was adopted before January 15, 1981, or (B) if the ordinance was adopted in December 1983, April 1984, July 1985, or December 1989, or (C) if the ordinance was adopted in December, 1987 and the redevelopment project is located within one mile of Midway Airport, or (D) if the ordinance was adopted before January 1, 1987 by a municipality in Mason County, or (E) if the municipality is subject to the Local Government Financial Planning and Supervision Act or the Financially Distressed City Law, or (F) if the ordinance was adopted in December 1984 by the Village of Rosemont, or (G) if the ordinance was adopted on December 31, 1986 by a municipality located in Clinton County for which at least $250,000 of tax increment bonds were authorized on June 17, 1997, or if the ordinance was adopted on December 31, 1986 by a municipality with a population in 1990 of less than 3,600 that is located in a county with a population in 1990 of less than 34,000 and for which at least $250,000 of tax increment bonds were authorized on June 17, 1997, or (H) if the ordinance was adopted on October 5, 1982 by the City of Kankakee, or (I) if the ordinance was adopted on December 29, 1986 by East St. Louis, or if the ordinance was adopted on November 12, 1991 by the Village of Sauget, or (J) if the ordinance was adopted on February 11, 1985 by the City of Rock Island, or (K) if the ordinance was adopted before December 18, 1986 by the City of Moline, or (L) if the ordinance was adopted in September 1988 by Sauk Village, or (M) if the ordinance was adopted in October 1993 by Sauk Village, or (N) if the ordinance was adopted on December 29, 1986 by the City of Galva, or (O) if the ordinance was adopted in March 1991 by the City of Centreville, or (P) if the ordinance was adopted on January 23, 1991 by the City of East St. Louis, or (Q) if the ordinance was adopted on December 22, 1986 by the City of Aledo, or (R) if the ordinance was adopted on February 5, 1990 by the City of Clinton, or (S) if the ordinance was adopted on September 6, 1994 by the City of Freeport, or (T) if the ordinance was adopted on December 22, 1986 by the City of Tuscola, or (U) if the ordinance was

PUBLIC ACT 95-0993  
(Senate Bill No. 2340)

AN ACT concerning criminal law.

Be it enacted by the People of the State of Illinois, represented in
the General Assembly:

Section 5. The Illinois Controlled Substances Act is amended by
adding Section 510 as follows:

(720 ILCS 570/510 new)

Sec. 510. Preservation of evidence for laboratory testing.

(a) Before or after the trial in a prosecution for a violation of any
Section of Article IV of this Act, a law enforcement agency or an agent
acting on behalf of the law enforcement agency must preserve, subject to a
continuous chain of custody, not less than:

(1) 2 kilograms of any substance containing a detectable
amount of heroin;

(2) 10 kilograms of any substance containing a detectable
amount of: (A) coca leaves, except coca leaves and extract of coca
leaves from which cocaine, ecgonine, and derivatives of ecgonine
or their salts have been removed; (B) cocaine, its salts, optical and
geometric isomers, and salts of isomers; (C) ecgonine, its
derivatives, their salts, isomers, and salts of isomers; or (D) any
combination of the substances described in subdivisions (A)
through (C) of this paragraph (a)(2);

(3) 10 kilograms of a mixture of substances described in
subdivision (B) of paragraph (a)(2) that contains a cocaine base;

(4) 200 grams of phencyclidine (also referred to as "PCP")
or 2 kilograms of any substance containing a detectable amount of
phencyclidine;

(5) 20 grams of any substance containing a detectable
amount of lysergic acid diethylamide (also referred to as "LSD");

(6) 800 grams of a mixture or substance containing a
detectable amount of fentanyl, or 2 grams of any substance
containing a detectable amount of any analog of fentanyl;

with respect to the offenses enumerated in this subsection (a) and must
maintain sufficient documentation to locate that evidence. Excess
quantities with respect to the offenses enumerated in this subsection (a)
cannot practicably be retained by a law enforcement agency because of its
size, bulk, and physical character.

New matter indicated by italics - deletions by strikeout.
(b) The sheriff or seizing law enforcement agency must file a motion requesting destruction of bulk evidence before the trial judge in the courtroom where the criminal charge is pending. The sheriff or seizing law enforcement agency must give notice of the motion requesting destruction of bulk evidence to the prosecutor of the criminal charge and the defense attorney of record. The trial judge will conduct an evidentiary hearing in which all parties will be given the opportunity to present evidence and arguments relating to whether the evidence should be destroyed, whether such destruction will prejudice the prosecution of the criminal case, and whether the destruction of the evidence will prejudice the defense of the criminal charge. The court's determination whether to grant the motion for destruction of bulk evidence must be based upon the totality of all of the circumstances of the case presented at the evidentiary hearing, the effect such destruction would have upon the defendant's constitutional rights, and the prosecutor's ability to proceed with the prosecution of the criminal charge.

(c) The court may, before trial, transfer excess quantities of any substance containing any of the controlled substances enumerated in subsection (a) with respect to a prosecution for any offense enumerated in subsection (a) to the sheriff of the county, or may, in its discretion, transfer such evidence to the Department of State Police, for destruction after notice is given to the defendant's attorney of record or to the defendant if the defendant is proceeding pro se.

(d) After a judgment of conviction is entered and the charged quantity is no longer needed for evidentiary purposes with respect to a prosecution for any offense enumerated in subsection (a), the court may transfer any substance containing any of the controlled substances enumerated in subsection (a) to the sheriff of the county, or may, in its discretion, transfer such evidence to the Department of State Police, for destruction after notice is given to the defendant's attorney of record or to the defendant if the defendant is proceeding pro se. No evidence shall be disposed of until 30 days after the judgment is entered, and if a notice of appeal is filed, no evidence shall be disposed of until the mandate has been received by the circuit court from the Appellate Court.

Section 99. Effective date. This Act takes effect upon becoming law.

New matter indicated by italics - deletions by strikeout.
AN ACT concerning health.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Biometric Information Privacy Act.

Section 5. Legislative findings; intent. The General Assembly finds all of the following:

(a) The use of biometrics is growing in the business and security screening sectors and appears to promise streamlined financial transactions and security screenings.

(b) Major national corporations have selected the City of Chicago and other locations in this State as pilot testing sites for new applications of biometric-facilitated financial transactions, including finger-scan technologies at grocery stores, gas stations, and school cafeterias.

(c) Biometrics are unlike other unique identifiers that are used to access finances or other sensitive information. For example, social security numbers, when compromised, can be changed. Biometrics, however, are biologically unique to the individual; therefore, once compromised, the individual has no recourse, is at heightened risk for identity theft, and is likely to withdraw from biometric-facilitated transactions.

(d) An overwhelming majority of members of the public are weary of the use of biometrics when such information is tied to finances and other personal information.

(e) Despite limited State law regulating the collection, use, safeguarding, and storage of biometrics, many members of the public are deterred from partaking in biometric identifier-facilitated transactions.

(f) The full ramifications of biometric technology are not fully known.

(g) The public welfare, security, and safety will be served by regulating the collection, use, safeguarding, handling, storage, retention, and destruction of biometric identifiers and information.

Section 10. Definitions. In this Act:

New matter indicated by italics - deletions by strikeout.
"Biometric identifier" means a retina or iris scan, fingerprint, voiceprint, or scan of hand or face geometry. Biometric identifiers do not include donated organs, tissues, or parts as defined in the Illinois Anatomical Gift Act or blood or serum stored on behalf of recipients or potential recipients of living or cadaveric transplants and obtained or stored by a federally designated organ procurement agency. Biometric identifiers do not include biological materials regulated under the Genetic Information Privacy Act. Biometric identifiers do not include information captured from a patient in a health care setting or information collected, used, or stored for health care treatment, payment, or operations under the federal Health Insurance Portability and Accountability Act of 1996. Biometric identifiers do not include an X-ray, roentgen process, computed tomography, MRI, PET scan, mammography, or other image or film of the human anatomy used to diagnose, prognose, or treat an illness or other medical condition or to further validate scientific testing or screening.

"Biometric information" means any information, regardless of how it is captured, converted, stored, or shared, based on an individual's biometric identifier used to identify an individual. Biometric information does not include information derived from items or procedures excluded under the definition of biometric identifiers.

"Confidential and sensitive information" means personal information that can be used to uniquely identify an individual or an individual's account or property. Examples of confidential and sensitive information include, but are not limited to, a genetic marker, genetic testing information, a unique identifier number to locate an account or property, an account number, a PIN number, a pass code, a driver's license number, or a social security number.

"Private entity" means any individual, partnership, corporation, limited liability company, association, or other group, however organized. A private entity does not include a State or local government agency. A private entity does not include any court of Illinois, a clerk of the court, or a judge or justice thereof.

"Written release" means informed written consent or, in the context of employment, a release executed by an employee as a condition of employment.

Absent a valid warrant or subpoena issued by a court of competent jurisdiction, a private entity in possession of biometric identifiers or biometric information must comply with its established retention schedule and destruction guidelines.

(b) No private entity may collect, capture, purchase, receive through trade, or otherwise obtain a person's or a customer's biometric identifier or biometric information, unless it first:

(1) informs the subject or the subject's legally authorized representative in writing that a biometric identifier or biometric information is being collected or stored;

(2) informs the subject or the subject's legally authorized representative in writing of the specific purpose and length of term for which a biometric identifier or biometric information is being collected, stored, and used; and

(3) receives a written release executed by the subject of the biometric identifier or biometric information or the subject's legally authorized representative.

(c) No private entity in possession of a biometric identifier or biometric information may sell, lease, trade, or otherwise profit from a person's or a customer's biometric identifier or biometric information.

(d) No private entity in possession of a biometric identifier or biometric information may disclose, redisclose, or otherwise disseminate a person's or a customer's biometric identifier or biometric information unless:

(1) the subject of the biometric identifier or biometric information or the subject's legally authorized representative consents to the disclosure or redisclosure;

(2) the disclosure or redisclosure completes a financial transaction requested or authorized by the subject of the biometric identifier or the biometric information or the subject's legally authorized representative;

New matter indicated by italics - deletions by strikeout.
(3) the disclosure or redisclosure is required by State or federal law or municipal ordinance; or

(4) the disclosure is required pursuant to a valid warrant or subpoena issued by a court of competent jurisdiction.

(1) store, transmit, and protect from disclosure all biometric identifiers and biometric information using the reasonable standard of care within the private entity's industry; and

(2) store, transmit, and protect from disclosure all biometric identifiers and biometric information in a manner that is the same as or more protective than the manner in which the private entity stores, transmits, and protects other confidential and sensitive information.

Section 20. Right of action. Any person aggrieved by a violation of this Act shall have a right of action in a State circuit court or as a supplemental claim in federal district court against an offending party. A prevailing party may recover for each violation:

(1) against a private entity that negligently violates a provision of this Act, liquidated damages of $1,000 or actual damages, whichever is greater;

(2) against a private entity that intentionally or recklessly violates a provision of this Act, liquidated damages of $5,000 or actual damages, whichever is greater;

(3) reasonable attorneys' fees and costs, including expert witness fees and other litigation expenses; and

(4) other relief, including an injunction, as the State or federal court may deem appropriate.

Section 25. Construction.

(a) Nothing in this Act shall be construed to impact the admission or discovery of biometric identifiers and biometric information in any action of any kind in any court, or before any tribunal, board, agency, or person.

(b) Nothing in this Act shall be construed to conflict with the X-Ray Retention Act, the federal Health Insurance Portability and Accountability Act of 1996 and the rules promulgated under either Act.

(b) The Committee shall hold such public hearings as it deems necessary and present a report of its findings and recommendations to the General Assembly before January 1, 2009. The Committee may begin to conduct business upon appointment of a majority of its members. All appointments shall be completed by 4 months prior to the release of the Committee's final report. (This Section may contain text from a Public Act with a delayed effective date)

A pre-kindergarten through grade 20 agenda will strengthen this State's economic competitiveness by producing a highly-skilled workforce. In addition, lifelong learning plans will enhance this State's ability to leverage funding.

Effective October 7, 2008.

November 20, 2008

To the Honorable Members of the
Illinois Senate
95th General Assembly

Pursuant to Article IV, Section 9(b) of the Illinois Constitution of 1970, I hereby return Senate Bill 1103, entitled “AN ACT concerning

appropriations” with line item vetoes in appropriations totaling $55,037,850.

I take this action with great reluctance given the significant challenges facing the people of Illinois. However, sound financial management and prudent fiscal policy demand that I must not sign an appropriation bill that is not fully supported by sufficient revenue sources. This legislation relies, in part, on funds that are restricted by the federal government. Using such funds could put future federal funding in jeopardy.

I share many of the spending priorities outlined in this legislation, and with sufficient transferred revenue would support restoration of previous vetoes. But, due to the clear hypocrisy of the revenue passed in support of this legislation, sufficient revenues are not be available to meet the obligations outlined.

In addition, the Department of Revenue has recently concluded that due to the current national fiscal crisis statewide revenues are falling short of the amounts initially budgeted by the General Assembly. While the nation faces such a tremendous crisis, we must use all available resources to protect the stability of the State and the needs of its people.

I stand ready to work with the General Assembly to address the financial and service needs of the State. I encourage the General Assembly to pass additional supplemental revenues that would fully support the restoration of the vetoed items.

Pursuant to Article VIII, Section 2(b) of the Illinois Constitution, I hereby veto the appropriations items listed below:

AN ACT concerning local government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Counties Code is amended by changing Section 5-1006.5 as follows:

(55 ILCS 5/5-1006.5)

Sec. 5-1006.5. Special County Retailers' Occupation Tax For Public Safety, Public Facilities, or Transportation.

(a) The county board of any county may impose a tax upon all persons engaged in the business of selling tangible personal property, other than personal property titled or registered with an agency of this State's government, at retail in the county on the gross receipts from the sales made in the course of business to provide revenue to be used exclusively for public safety, public facility, or transportation purposes in that county, if a proposition for the tax has been submitted to the electors of that county and approved by a majority of those voting on the question. If imposed, this tax shall be imposed only in one-quarter percent increments. By resolution, the county board may order the proposition to be submitted at any election. If the tax is imposed for transportation purposes for expenditures for public highways or as authorized under the Illinois Highway Code, the county board must publish notice of the existence of its long-range highway transportation plan as required or described in Section 5-301 of the Illinois Highway Code and must make the plan publicly available prior to approval of the ordinance or resolution imposing the tax. If the tax is imposed for transportation purposes for expenditures for passenger rail transportation, the county board must publish notice of the existence of its long-range passenger rail transportation plan and must make the plan publicly available prior to approval of the ordinance or resolution imposing the tax. The county clerk...
shall certify the question to the proper election authority, who shall submit the proposition at an election in accordance with the general election law.

(1) The proposition for public safety purposes shall be in substantially the following form:

"To pay for public safety purposes, shall (name of county) be authorized to impose an increase on its share of local sales taxes by (insert rate)"

As additional information on the ballot below the question shall appear the following:

"This would mean that a consumer would pay an additional (insert amount) in sales tax for every $100 of tangible personal property bought at retail."

The county board may also opt to establish a sunset provision at which time the additional sales tax would cease being collected, if not terminated earlier by a vote of the county board. If the county board votes to include a sunset provision, the proposition for public safety purposes shall be in substantially the following form:

"To pay for public safety purposes, shall (name of county) be authorized to impose an increase on its share of local sales taxes by (insert rate) for a period not to exceed (insert number of years)"

As additional information on the ballot below the question shall appear the following:

"This would mean that a consumer would pay an additional (insert amount) in sales tax for every $100 of tangible personal property bought at retail. If imposed, the additional tax would cease being collected at the end of (insert number of years), if not terminated earlier by a vote of the county board."

For the purposes of the paragraph, "public safety purposes" means crime prevention, detention, fire fighting, police, medical, ambulance, or other emergency services.

Votes shall be recorded as "Yes" or "No".

(2) The proposition for transportation purposes shall be in substantially the following form:

"To pay for improvements to roads and other transportation purposes, shall (name of county) be authorized to impose an increase on its share of local sales taxes by (insert rate)"

If the county board votes to include a sunset provision, the proposition for transportation purposes shall be in substantially the following form:

"To pay for road improvements and other transportation purposes, shall (name of county) be authorized to impose an increase on its share of local sales taxes by (insert rate) for a period not to exceed (insert number of years)?"

For the purposes of this paragraph, transportation purposes means construction, maintenance, operation, and improvement of public highways, any other purpose for which a county may expend funds under the Illinois Highway Code, and passenger rail transportation.

The votes shall be recorded as "Yes" or "No".

(3) The proposition for public facility purposes shall be in substantially the following form:

"To pay for public facility purposes, shall (name of county) be authorized to impose an increase on its share of local sales taxes by (insert rate)?"

The county board may also opt to establish a sunset provision at which time the additional sales tax would cease being collected, if not terminated earlier by a vote of the county board. If the county board votes to include a sunset provision, the proposition for public facility purposes shall be in substantially the following form:

"To pay for public facility purposes, shall (name of county) be authorized to impose an increase on its share of local sales taxes by (insert rate) for a period not to exceed (insert number of years)?"

As additional information on the ballot below the question shall appear the following:

If imposed, the additional tax would cease being collected at the end of (insert number of years), if not terminated earlier by a vote of the county board."

For purposes of this Section, "public facilities purposes" means the acquisition, development, construction, reconstruction, rehabilitation, improvement, financing, architectural planning, and installation of capital facilities consisting of buildings, structures, and durable equipment and for the acquisition and improvement of real property and interest in real property required, or expected to be required, in connection with the public facilities, for use by the county for the furnishing of governmental services to its citizens, including but not limited to museums and nursing homes.

The votes shall be recorded as "Yes" or "No".

If a majority of the electors voting on the proposition vote in favor of it, the county may impose the tax. A county may not submit more than one proposition authorized by this Section to the electors at any one time.

This additional tax may not be imposed on the sales of food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food which has been prepared for immediate consumption) and prescription and non-prescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes, and needles used by diabetics. Department of Revenue and deposited into a special fund created for that purpose. The certificate of registration that is issued by the Department to a retailer under the Retailers' Occupation Tax Act shall permit the retailer to engage in a business that is taxable without registering separately with the Department under an ordinance or resolution under this Section. The Department has full power to administer and enforce this Section, to collect all taxes and penalties due under this Section, to dispose of taxes and penalties so collected in the manner provided in this Section, and to determine all rights to credit memoranda arising on account of the erroneous payment of a tax or penalty under this Section. In the administration of and compliance with this Section, the Department and persons who are subject to this Section shall (i) have the same rights, remedies, privileges, immunities, powers, and duties, (ii) be subject to the same conditions, restrictions, limitations, penalties, and definitions of terms, and (iii) employ the same modes of procedure as are prescribed in Sections 1, 1a, 1a-1, 1d, 1e, 1f, 1i, 1j, 1k, 1m, 1n, 2 through 2-70 (in respect to all provisions contained in those Sections other than the State rate of tax), 2a, 2b, 2c, 3 (except provisions relating to transaction returns and quarter monthly payments), 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 7, 8, 9, 10, 11, 11a, 12, and 13 of the Retailers' Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act as if those provisions were set forth in this Section.

Persons subject to any tax imposed under the authority granted in this Section may reimburse themselves for their sellers' tax liability by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax which sellers are required to collect under the Use Tax Act, pursuant to such bracketed schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified and to the person named in the notification from the Department. The refund shall be paid by the State Treasurer out of the County Public Safety or Transportation Retailers' Occupation Tax Fund.

(b) If a tax has been imposed under subsection (a), a service occupation tax shall also be imposed at the same rate upon all persons engaged, in the county, in the business of making sales of service, who, as an incident to making those sales of service, transfer tangible personal

property within the county as an incident to a sale of service. This tax may not be imposed on sales of food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food prepared for immediate consumption) and prescription and non-prescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes, and needles used by diabetics. The tax imposed under this subsection and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the Department of Revenue. The Department has full power to administer and enforce this subsection; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with this subsection, the Department and persons who are subject to this paragraph shall (i) have the same rights, remedies, privileges, immunities, powers, and duties, (ii) be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions, and definitions of terms, and (iii) employ the same modes of procedure as are prescribed in Sections 2 (except that the reference to State in the definition of supplier maintaining a place of business in this State shall mean the county), 2a, 2b, 2c, 3 through 3-50 (in respect to all provisions therein other than the State rate of tax), 4 (except that the reference to the State shall be to the county), 5, 7, 8 (except that the jurisdiction to which the tax shall be a debt to the extent indicated in that Section 8 shall be the county), 9 (except as to the disposition of taxes and penalties collected), 10, 11, 12 (except the reference therein to Section 2b of the Retailers' Occupation Tax Act), 13 (except that any reference to the State shall mean the county), Section 15, 16, 17, 18, 19 and 20 of the Service Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the authority granted in this subsection may reimburse themselves for their serviceman's tax liability by separately stating the tax as an additional charge, which charge may be stated in combination, in a single amount, with State tax that servicemen are authorized to collect under the Service Use Tax Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this subsection to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who

shall cause the warrant to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of the County Public Safety or Transportation Retailers’ Occupation Fund.

Nothing in this subsection shall be construed to authorize the county to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by the State.

(c) The Department shall immediately pay over to the State Treasurer, ex officio, as trustee, all taxes and penalties collected under this Section to be deposited into the County Public Safety or Transportation Retailers' Occupation Tax Fund, which shall be an unappropriated trust fund held outside of the State treasury. On or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the disbursement of stated sums of money to the counties from which retailers have paid taxes or penalties to the Department during the second preceding calendar month. The amount to be paid to each county, and deposited by the county into its special fund created for the purposes of this Section, shall be the amount (not including credit memoranda) collected under this Section during the second preceding calendar month by the Department plus an amount the Department determines is necessary to offset any amounts that were erroneously paid to a different taxing body, and not including (i) an amount equal to the amount of refunds made during the second preceding calendar month by the Department on behalf of the county and (ii) any amount that the Department determines is necessary to offset any amounts that were payable to a different taxing body but were erroneously paid to the county. Within 10 days after receipt by the Comptroller of the disbursement certification to the counties provided for in this Section to be given to the Comptroller by the Department, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with directions contained in the certification.

In addition to the disbursement required by the preceding paragraph, an allocation shall be made in March of each year to each county that received more than $500,000 in disbursements under the preceding paragraph in the preceding calendar year. The allocation shall be in an amount equal to the average monthly distribution made to each such county under the preceding paragraph during the preceding calendar year (excluding the 2 months of highest receipts). The distribution made in

March of each year subsequent to the year in which an allocation was made pursuant to this paragraph and the preceding paragraph shall be reduced by the amount allocated and disbursed under this paragraph in the preceding calendar year. The Department shall prepare and certify to the Comptroller for disbursement the allocations made in accordance with this paragraph.

(d) For the purpose of determining the local governmental unit whose tax is applicable, a retail sale by a producer of coal or another mineral mined in Illinois is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or another mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the United States Constitution as a sale in interstate or foreign commerce.

(e) Nothing in this Section shall be construed to authorize a county to impose a tax upon the privilege of engaging in any business that under the Constitution of the United States may not be made the subject of taxation by this State.

(e-5) If a county imposes a tax under this Section, the county board may, by ordinance, discontinue or lower the rate of the tax. If the county board lowers the tax rate or discontinues the tax, a referendum must be held in accordance with subsection (a) of this Section in order to increase the rate of the tax or to reimpose the discontinued tax.

(f) Beginning April 1, 1998, the results of any election authorizing a proposition to impose a tax under this Section or effecting a change in the rate of tax, or any ordinance lowering the rate or discontinuing the tax, shall be certified by the county clerk and filed with the Illinois Department of Revenue either (i) on or before the first day of April, whereupon the Department shall proceed to administer and enforce the tax as of the first day of July next following the filing; or (ii) on or before the first day of October, whereupon the Department shall proceed to administer and enforce the tax as of the first day of January next following the filing.

(g) When certifying the amount of a monthly disbursement to a county under this Section, the Department shall increase or decrease the amounts by an amount necessary to offset any miscalculation of previous disbursements. The offset amount shall be the amount erroneously disbursed within the previous 6 months from the time a miscalculation is discovered.

(a) A statement is not rendered inadmissible by the hearsay rule if it is offered against a party that has killed the declarant in violation of clauses (a)(1) and (a)(2) of Section 9-1 of the Criminal Code of 1961 intending to procure the unavailability of the declarant as a witness in a criminal or civil proceeding.

(b) While intent to procure the unavailability of the witness is a necessary element for the introduction of the statements, it need not be the sole motivation behind the murder which procured the unavailability of the declarant as a witness.

(c) The murder of the declarant may, but need not, be the subject of the trial at which the statement is being offered. If the murder of the declarant is not the subject of the trial at which the statement is being offered, the murder need not have ever been prosecuted.

(d) The proponent of the statements shall give the adverse party reasonable written notice of its intention to offer the statements and the substance of the particulars of each statement of the declarant. For purposes of this Section, identifying the location of the statements in tendered discovery shall be sufficient to satisfy the substance of the particulars of the statement.

(e) The admissibility of the statements shall be determined by the court at a pretrial hearing. At the hearing, the proponent of the statement bears the burden of establishing 3 criteria by a preponderance of the evidence:

1. first, that the adverse party murdered the declarant and that the murder was intended to cause the unavailability of the declarant as a witness;
2. second, that the time, content, and circumstances of the statements provide sufficient safeguards of reliability;
3. third, the interests of justice will best be served by admission of the statement into evidence.

(f) The court shall make specific findings as to each of these criteria on the record before ruling on the admissibility of said statements.

(g) This Section in no way precludes or changes the application of the existing common law doctrine of forfeiture by wrongdoing.

Section 99. Effective date. This Act takes effect upon becoming law.

Section 99. Effective date. This Act takes effect upon becoming law.

Approved December 15, 2008.

PUBLIC ACT 95-1008
(House Bill No. 4758)

AN ACT concerning gaming.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Legislative intent. This amendatory Act of the 95th General Assembly, in part, re-enacts the provisions of Public Act 94-804 approved in 2006 and determined valid in 2008 by the Illinois Supreme Court. The General Assembly finds and declares such re-enactment to be the public policy of the State for many of the same reasons previously stated in 2006, namely:

(1) that riverboat gaming continues to have a negative impact on horse racing causing severe declines in Illinois on-track wagering;

(2) that this decrease in wagering continues to negatively impact purses for Illinois racing, which continues to hurt the State's breeding industry;

(3) that the decline of the Illinois horse racing and breeding program, a $2.5 billion industry, would be reversed if this amendatory Act of the 95th General Assembly was enacted, by helping Illinois tracks to better compete with future purses offered by tracks in other states;

(4) that Illinois agriculture and other businesses that support and supply the horse racing industry, already a sector that employs

over 37,000 Illinoisans, also stand to substantially benefit and would be much more likely to create additional jobs should Illinois horse racing once again become competitive with other states; and

(5) that prompt release and distribution of funds generated and paid under protest under Public Act 94-804 and funds generated under the provisions of this amendatory Act of the 95th General Assembly both to supplement prospective purses and improve, maintain, market, and otherwise operate racetracks and their backstretches, is urgently needed and shall greatly benefit Illinois horsemen racetracks, horse racing fans, and Illinois agriculture and related businesses that rely on the Illinois horse racing industry.

Section 5. The Illinois Horse Racing Act of 1975 is amended by adding Section 54.75 as follows:

(230 ILCS 5/54.75 new)

Sec. 54.75. Horse Racing Equity Trust Fund.

(a) There is created a Fund to be known as the Horse Racing Equity Trust Fund, which is a non-appropriated trust fund held separate and apart from State moneys. The Fund shall consist of moneys paid into it by owners licensees under the Riverboat Gambling Act for the purposes described in this Section. The Fund shall be administered by the Board. Moneys in the Fund shall be distributed as directed and certified by the Board in accordance with the provisions of subsection (b).

(b) The moneys deposited into the Fund, plus any accrued interest on those moneys, shall be distributed within 10 days after those moneys are deposited into the Fund as follows:

(1) Sixty percent of all moneys distributed under this subsection shall be distributed to organization licensees to be distributed at their race meetings as purses. Fifty-seven percent of the amount distributed under this paragraph (1) shall be distributed for thoroughbred race meetings and 43% shall be distributed for standardbred race meetings. Within each breed, moneys shall be allocated to each organization licensee's purse fund in accordance with the ratio between the purses generated for that breed by that licensee during the prior calendar year and the total purses generated throughout the State for that breed during the prior calendar year by licensees in the current calendar year.

(2) The remaining 40% of the moneys distributed under this subsection (b) shall be distributed as follows:

New matter indicated by italics - deletions by strikeout.
(A) 11% shall be distributed to any person (or its successors or assigns) who had operating control of a racetrack that conducted live racing in 2002 at a racetrack in a county with at least 230,000 inhabitants that borders the Mississippi River and is a licensee in the current year; and

(B) the remaining 89% shall be distributed pro rata according to the aggregate proportion of total handle from wagering on live races conducted in Illinois (irrespective of where the wagers are placed) for calendar years 2004 and 2005 to any person (or its successors or assigns) who (i) had majority operating control of a racing facility at which live racing was conducted in calendar year 2002, (ii) is a licensee in the current year, and (iii) is not eligible to receive moneys under subparagraph (A) of this paragraph (2).

The moneys received by an organization licensee under this paragraph (2) shall be used by each organization licensee to improve, maintain, market, and otherwise operate its racing facilities to conduct live racing, which shall include backstretch services and capital improvements related to live racing and the backstretch. Any organization licensees sharing common ownership may pool the moneys received and spent at all racing facilities commonly owned in order to meet these requirements.

If any person identified in this paragraph (2) becomes ineligible to receive moneys from the Fund, such amount shall be redistributed among the remaining persons in proportion to their percentages otherwise calculated.

(c) The Board shall monitor organization licensees to ensure that moneys paid to organization licensees under this Section are distributed by the organization licensees as provided in subsection (b).

Section 10. The Riverboat Gambling Act is amended by changing Sections 7 and 13 as follows:

(230 ILCS 10/7) (from Ch. 120, par. 2407)

Sec. 7. Owners Licenses.

(a) The Board shall issue owners licenses to persons, firms or corporations which apply for such licenses upon payment to the Board of

the non-refundable license fee set by the Board, upon payment of a $25,000 license fee for the first year of operation and a $5,000 license fee for each succeeding year and upon a determination by the Board that the applicant is eligible for an owners license pursuant to this Act and the rules of the Board. From the effective date of this amendatory Act of the 95th General Assembly until (i) 3 years after the effective date of this amendatory Act of the 95th General Assembly, (ii) the date any organization licensee begins to operate a slot machine or video game of chance under the Illinois Horse Racing Act of 1975 or this Act, (iii) the date that payments begin under subsection (c-5) of Section 13 of the Act, or (iv) the wagering tax imposed under Section 13 of this Act is increased by law to reflect a tax rate that is at least as stringent or more stringent than the tax rate contained in subsection (a-3) of Section 13, whichever occurs first.

For a period of 2 years beginning on the effective date of this amendatory Act of the 94th General Assembly, as a condition of licensure and as an alternative source of payment for those funds payable under subsection (c-5) of Section 13 of the Riverboat Gambling Act, any owners licensee that holds or receives its owners license on or after the effective date of this amendatory Act of the 94th General Assembly, other than an owners licensee operating a riverboat with adjusted gross receipts in calendar year 2004 of less than $200,000,000, must pay into the Horse Racing Equity Trust Fund, in addition to any other payments required under this Act, an amount equal to 3% of the adjusted gross receipts received by the owners licensee. The payments required under this Section shall be made by the owners licensee to the State Treasurer no later than 3:00 o'clock p.m. of the day after the day when the adjusted gross receipts were received by the owners licensee. A person, firm or corporation is ineligible to receive an owners license if:

(1) the person has been convicted of a felony under the laws of this State, any other state, or the United States;
(2) the person has been convicted of any violation of Article 28 of the Criminal Code of 1961, or substantially similar laws of any other jurisdiction;
(3) the person has submitted an application for a license under this Act which contains false information;
(4) the person is a member of the Board;
(5) a person defined in (1), (2), (3) or (4) is an officer, director or managerial employee of the firm or corporation;

New matter indicated by italics - deletions by strikeout.
(6) the firm or corporation employs a person defined in (1), (2), (3) or (4) who participates in the management or operation of gambling operations authorized under this Act;

(7) (blank); or

(8) a license of the person, firm or corporation issued under this Act, or a license to own or operate gambling facilities in any other jurisdiction, has been revoked.

The Board is expressly prohibited from making changes to the requirement that licensees make payment into the Horse Racing Equity Trust Fund without the express authority of the Illinois General Assembly and making any other rule to implement or interpret this amendatory Act of the 95th General Assembly. For the purposes of this paragraph, "rules" is given the meaning given to that term in Section 1-70 of the Illinois Administrative Procedure Act.

(b) In determining whether to grant an owners license to an applicant, the Board shall consider:

(1) the character, reputation, experience and financial integrity of the applicants and of any other or separate person that either:

   (A) controls, directly or indirectly, such applicant, or
   
   (B) is controlled, directly or indirectly, by such applicant or by a person which controls, directly or indirectly, such applicant;

(2) the facilities or proposed facilities for the conduct of riverboat gambling;

(3) the highest prospective total revenue to be derived by the State from the conduct of riverboat gambling;

(4) the extent to which the ownership of the applicant reflects the diversity of the State by including minority persons and females and the good faith affirmative action plan of each applicant to recruit, train and upgrade minority persons and females in all employment classifications;

(5) the financial ability of the applicant to purchase and maintain adequate liability and casualty insurance;

(6) whether the applicant has adequate capitalization to provide and maintain, for the duration of a license, a riverboat;

New matter indicated by italics - deletions by strikeout.
(7) the extent to which the applicant exceeds or meets other standards for the issuance of an owners license which the Board may adopt by rule; and

(8) The amount of the applicant's license bid.

c) Each owners license shall specify the place where riverboats shall operate and dock.

d) Each applicant shall submit with his application, on forms provided by the Board, 2 sets of his fingerprints.

e) The Board may issue up to 10 licenses authorizing the holders of such licenses to own riverboats. In the application for an owners license, the applicant shall state the dock at which the riverboat is based and the water on which the riverboat will be located. The Board shall issue 5 licenses to become effective not earlier than January 1, 1991. Three of such licenses shall authorize riverboat gambling on the Mississippi River, or, with approval by the municipality in which the riverboat was docked on August 7, 2003 and with Board approval, be authorized to relocate to a new location, in a municipality that (1) borders on the Mississippi River or is within 5 miles of the city limits of a municipality that borders on the Mississippi River and (2), on August 7, 2003, had a riverboat conducting riverboat gambling operations pursuant to a license issued under this Act; one of which shall authorize riverboat gambling from a home dock in the city of East St. Louis. One other license shall authorize riverboat gambling on the Illinois River south of Marshall County. The Board shall issue one additional license to become effective not earlier than March 1, 1992, which shall authorize riverboat gambling on the Des Plaines River in Will County. The Board may issue 4 additional licenses to become effective not earlier than March 1, 1992. In determining the water upon which riverboats will operate, the Board shall consider the economic benefit which riverboat gambling confers on the State, and shall seek to assure that all regions of the State share in the economic benefits of riverboat gambling.

In granting all licenses, the Board may give favorable consideration to economically depressed areas of the State, to applicants presenting plans which provide for significant economic development over a large geographic area, and to applicants who currently operate non-gambling riverboats in Illinois. The Board shall review all applications for owners licenses, and shall inform each applicant of the Board's decision. The Board may grant an owners license to an applicant that has not submitted the highest license bid, but if it does not select the highest bidder, the

Board shall issue a written decision explaining why another applicant was selected and identifying the factors set forth in this Section that favored the winning bidder.

In addition to any other revocation powers granted to the Board under this Act, the Board may revoke the owners license of a licensee which fails to begin conducting gambling within 15 months of receipt of the Board's approval of the application if the Board determines that license revocation is in the best interests of the State.

(f) The first 10 owners licenses issued under this Act shall permit the holder to own up to 2 riverboats and equipment thereon for a period of 3 years after the effective date of the license. Holders of the first 10 owners licenses must pay the annual license fee for each of the 3 years during which they are authorized to own riverboats.

(g) Upon the termination, expiration, or revocation of each of the first 10 licenses, which shall be issued for a 3 year period, all licenses are renewable annually upon payment of the fee and a determination by the Board that the licensee continues to meet all of the requirements of this Act and the Board's rules. However, for licenses renewed on or after May 1, 1998, renewal shall be for a period of 4 years, unless the Board sets a shorter period.

(h) An owners license shall entitle the licensee to own up to 2 riverboats. A licensee shall limit the number of gambling participants to 1,200 for any such owners license. A licensee may operate both of its riverboats concurrently, provided that the total number of gambling participants on both riverboats does not exceed 1,200. Riverboats licensed to operate on the Mississippi River and the Illinois River south of Marshall County shall have an authorized capacity of at least 500 persons. Any other riverboat licensed under this Act shall have an authorized capacity of at least 400 persons.

(i) A licensed owner is authorized to apply to the Board for and, if approved therefor, to receive all licenses from the Board necessary for the operation of a riverboat, including a liquor license, a license to prepare and serve food for human consumption, and other necessary licenses. All use, occupation and excise taxes which apply to the sale of food and beverages in this State and all taxes imposed on the sale or use of tangible personal property apply to such sales aboard the riverboat.

(j) The Board may issue or re-issue a license authorizing a riverboat to dock in a municipality or approve a relocation under Section 11.2 only if, prior to the issuance or re-issuance of the license or approval,
the governing body of the municipality in which the riverboat will dock has by a majority vote approved the docking of riverboats in the municipality. The Board may issue or re-issue a license authorizing a riverboat to dock in areas of a county outside any municipality or approve a relocation under Section 11.2 only if, prior to the issuance or re-issuance of the license or approval, the governing body of the county has by a majority vote approved of the docking of riverboats within such areas.

(a-4) Beginning on the first day on which the tax imposed under subsection (a-3) is no longer imposed, a privilege tax is imposed on persons engaged in the business of conducting riverboat gambling operations, other than licensed managers conducting riverboat gambling operations on behalf of the State, based on the adjusted gross receipts received by a licensed owner from gambling games authorized under this Act at the following rates:

State fiscal year. A licensed owner's net privilege tax obligation due for the balance of the State fiscal year shall be reduced up to the total of the amount paid by the licensed owner in its June 15 reconciliation payment. The obligation imposed by this subsection (a-15) is binding on any person, firm, corporation, or other entity that acquires an ownership interest in any such owners license. The obligation imposed under this subsection (a-15) terminates on the earliest of: (i) July 1, 2007, (ii) the first day after the effective date of this amendatory Act of the 94th General Assembly that riverboat gambling operations are conducted pursuant to a dormant license, (iii) the first day that riverboat gambling operations are conducted under the authority of an owners license that is in addition to the 10 owners licenses initially authorized under this Act, or (iv) the first day that a licensee under the Illinois Horse Racing Act of 1975 conducts gaming operations with slot machines or other electronic gaming devices. If an owners licensee pays an amount in excess of its liability under this Section, the Board shall apply the overpayment to future payments required under this Section.

For purposes of this subsection (a-15):

"Act of God" means an incident caused by the operation of an extraordinary force that cannot be foreseen, that cannot be avoided by the exercise of due care, and for which no person can be held liable.

For a riverboat in Elgin, $198,000,000.

"Dormant license" has the meaning ascribed to it in subsection (a-3).
"Net privilege tax" means all privilege taxes paid by a licensed owner to the Board under this Section, less all payments made from the State Gaming Fund pursuant to subsection (b) of this Section.

The changes made to this subsection (a-15) by Public Act 94-839 are intended to restate and clarify the intent of Public Act 94-673 with respect to the amount of the payments required to be made under this subsection by an owners licensee to the Board.

(b) Until January 1, 1998, 25% of the tax revenue deposited in the State Gaming Fund under this Section shall be paid, subject to appropriation by the General Assembly, to the unit of local government which is designated as the home dock of the riverboat. The appeal shall be filed no later than 90 days after the issuance of the decision. The State Police shall review the depth, completeness, and objectivity of the rail carrier's investigation, and may conduct its own investigation of the complaint. (30 ILCS 550/1) (from Ch. 29, par. 15)
Sec. 1. Except as otherwise provided by this Act, all officials,
boards, commissions, or agents of this State, or of any political
subdivision thereof in making contracts for public work of any kind
costing over $50,000 to be performed for the State, and all
officials, boards, commissions, or agents of any political subdivision of
this State in making contracts for public work of any kind costing over
$5,000 to be performed for the political subdivision, or a political
subdivision thereof shall require every contractor for the work to furnish,
supply and deliver a bond to the State, or to the political subdivision
thereof entering into the contract, as the case may be, with good and
sufficient sureties. The amount of the bond shall be fixed by the officials,
boards, commissions, commissioners or agents, and the bond, among other
conditions, shall be conditioned for the completion of the contract, for the
payment of material used in the work and for all labor performed in the
work, whether by subcontractor or otherwise.

or contracts entered into between the principal and the State or any

the contract on account of which this bond is given, when such claims are not satisfied out of the contract price of the contract on account of which this bond is given, after final settlement between the officer, board, commission or agent of the State or of any political subdivision thereof and the principal has been made.

Each bond securing contracts between the Capital Development Board or any board of a public institution of higher education and a contractor shall contain the following provisions, whether the provisions are inserted in the bond or not:

"Upon the default of the principal with respect to undertakings, covenants, terms, conditions, and agreements, the termination of the contractor's right to proceed with the work, and written notice of that default and termination by the State or any political subdivision to the surety ("Notice"), the surety shall promptly remedy the default by taking one of the following actions:

(1) The surety shall complete the work pursuant to a written takeover agreement, using a completing contractor jointly selected by the surety and the State or any political subdivision; or

(2) The surety shall pay a sum of money to the obligee, up to the penal sum of the bond, that represents the reasonable cost to complete the work that exceeds the unpaid balance of the contract sum.

The surety shall respond to the Notice within 15 working days of receipt indicating the course of action that it intends to take or advising that it requires more time to investigate the default and select a course of action. If the surety requires more than 15 working days to investigate the default and select a course of action or if the surety elects to complete the work with a completing contractor that is not prepared to commence performance within 15 working days after receipt of Notice, and if the State or any political subdivision determines it is in the best interest of the State to maintain the progress of the work, the State or any political subdivision may continue to work until the completing contractor is prepared to commence performance. Unless otherwise agreed to by the procuring agency, in no case may the surety take longer than 30 working days to advise the State or political subdivision on the course of action it intends to take. The surety shall be liable for reasonable costs incurred by the State or any political subdivision to maintain the progress to the extent the costs exceed the unpaid balance of the contract sum, subject to the penal sum of the bond."

The surety bond required by this Section may be acquired from the company, agent or broker of the contractor's choice. The bond and sureties shall be subject to the right of reasonable approval or disapproval, including suspension, by the State or political subdivision thereof concerned. In the case of State construction contracts, a contractor shall not be required to post a cash bond or letter of credit in addition to or as a substitute for the surety bond required by this Section.

When other than motor fuel tax funds, federal-aid funds, or other funds received from the State are used, a political subdivision may allow the contractor to provide a non-diminishing irrevocable bank letter of credit, in lieu of the bond required by this Section, on contracts under $100,000 to comply with the requirements of this Section. Any such bank letter of credit shall contain all provisions required for bonds by this Section.

AN ACT concerning local government.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Emergency Telephone System Act is amended by changing Sections 15.3 and 15.4 as follows:

(50 ILCS 750/15.3) (from Ch. 134, par. 45.3)
Sec. 15.3. Surcharge.
(a) The corporate authorities of any municipality or any county may, subject to the limitations of subsections (c), (d), and (h), and in addition to any tax levied pursuant to the Simplified Municipal Telecommunications Tax Act, impose a monthly surcharge on billed subscribers of network connection provided by telecommunication carriers engaged in the business of transmitting messages by means of electricity originating within the corporate limits of the municipality or county imposing the surcharge at a rate per network connection determined in

New matter indicated by italics - deletions by strikeout.
accordance with subsection (c), however the monthly surcharge shall not apply to a network connection provided for use with pay telephone services. Provided, however, that where multiple voice grade communications channels are connected between the subscriber's premises and a public switched network through private branch exchange (PBX) or centrex type service, a municipality imposing a surcharge at a rate per network connection, as determined in accordance with this Act, shall impose 5 such surcharges per network connection, as determined in accordance with subsections (a) and (d) of Section 2.12 of this Act. For mobile telecommunications services, if a surcharge is imposed it shall be imposed based upon the municipality or county that encompasses the customer's place of primary use as defined in the Mobile Telecommunications Sourcing Conformity Act. A municipality may enter into an intergovernmental agreement with any county in which it is partially located, when the county has adopted an ordinance to impose a surcharge as provided in subsection (c), to include that portion of the municipality lying outside the county in that county's surcharge referendum. If the county's surcharge referendum is approved, the portion of the municipality identified in the intergovernmental agreement shall automatically be disconnected from the county in which it lies and connected to the county which approved the referendum for purposes of a surcharge on telecommunications carriers.

(b) For purposes of computing the surcharge imposed by subsection (a), the network connections to which the surcharge shall apply shall be those in-service network connections, other than those network connections assigned to the municipality or county, where the service address for each such network connection or connections is located within the corporate limits of the municipality or county levying the surcharge. Except for mobile telecommunication services, the "service address" shall mean the location of the primary use of the network connection or connections. For mobile telecommunication services, "service address" means the customer's place of primary use as defined in the Mobile Telecommunications Sourcing Conformity Act. With respect to network connections provided for use with pay telephone services for which there is no billed subscriber, the telecommunications carrier providing the network connection shall be deemed to be its own billed subscriber for purposes of applying the surcharge.

(c) Upon the passage of an ordinance to impose a surcharge under this Section the clerk of the municipality or county shall certify the

question of whether the surcharge may be imposed to the proper election authority who shall submit the public question to the electors of the municipality or county in accordance with the general election law; provided that such question shall not be submitted at a consolidated primary election. The public question shall be in substantially the following form:

----------
Shall the county (or city, village or incorporated town) of ..... impose a surcharge of up to ...¢ per month per network connection, which surcharge will be added to the monthly bill you receive for telephone or telecommunications charges, for the purpose of installing (or improving) a 9-1-1 Emergency Telephone System?

----------

If a majority of the votes cast upon the public question are in favor thereof, the surcharge shall be imposed.

However, if a Joint Emergency Telephone System Board is to be created pursuant to an intergovernmental agreement under Section 15.4, the ordinance to impose the surcharge shall be subject to the approval of a majority of the total number of votes cast upon the public question by the electors of all of the municipalities or counties, or combination thereof, that are parties to the intergovernmental agreement.

The referendum requirement of this subsection (c) shall not apply to any municipality with a population over 500,000 or to any county in which a proposition as to whether a sophisticated 9-1-1 Emergency Telephone System should be installed in the county, at a cost not to exceed a specified monthly amount per network connection, has previously been approved by a majority of the electors of the county voting on the proposition at an election conducted before the effective date of this amendatory Act of 1987.

(d) A county may not impose a surcharge, unless requested by a municipality, in any incorporated area which has previously approved a surcharge as provided in subsection (c) or in any incorporated area where the corporate authorities of the municipality have previously entered into a binding contract or letter of intent with a telecommunications carrier to provide sophisticated 9-1-1 service through municipal funds.

New matter indicated by italics - deletions by strikeout.
(e) A municipality or county may at any time by ordinance change the rate of the surcharge imposed under this Section if the new rate does not exceed the rate specified in the referendum held pursuant to subsection (c).

(f) The surcharge authorized by this Section shall be collected from the subscriber by the telecommunications carrier providing the subscriber the network connection as a separately stated item on the subscriber's bill.

(g) The amount of surcharge collected by the telecommunications carrier shall be paid to the particular municipality or county or Joint Emergency Telephone System Board not later than 30 days after the surcharge is collected, net of any network or other 9-1-1 or sophisticated 9-1-1 system charges then due the particular telecommunications carrier, as shown on an itemized bill. The telecommunications carrier collecting the surcharge shall also be entitled to deduct 3% of the gross amount of surcharge collected to reimburse the telecommunications carrier for the expense of accounting and collecting the surcharge.

(A) During each calendar year, the appropriate local law enforcement agency shall contact the appropriate school administrator to request to participate in a law
enforcement drill and may actively participate on-site in a drill.

(2) Schools may conduct additional law enforcement drills at their discretion.

(3) (Blank). All drills shall be conducted at each school building that houses school children.

(d) During each academic year, schools must conduct a minimum of one severe weather and shelter-in-place drill to address and prepare students and school personnel for possible tornado incidents and may conduct additional severe weather and shelter-in-place drills to account for other incidents, including without limitation earthquakes or hazardous materials. All drills shall be conducted at each school building that houses school children.

Section 90. The State Mandates Act is amended by adding Section 8.32 as follows:

(30 ILCS 805/8.32 new)

Sec. 8.32. Exempt mandate. Notwithstanding Sections 6 and 8 of this Act, no reimbursement by the State is required for the implementation of any mandate created by this amendatory Act of the 95th General Assembly.

PUBLIC ACT 95-1016
(Senate Bill No. 2743)

AN ACT concerning local government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Municipal Code is amended by changing Sections 1-2.2-20 and 11-5-9 as follows:

(65 ILCS 5/1-2.2-20)

New matter indicated by italics - deletions by strikeout.
Sec. 1-2.2-20. Instituting code hearing proceedings. When a police officer or other individual authorized to issue a code violation finds a code violation to exist, he or she shall note the violation on a multiple copy violation notice and report form that indicates (i) the name and address of the defendant, (ii) the type and nature of the violation, (iii) the date and time the violation was observed, and (iv) the names of witnesses to the violation.

The violation report form shall be forwarded to the code hearing department where a docket number shall be stamped on all copies of the report and a hearing date shall be noted in the blank spaces provided for that purpose on the form. The hearing date shall not be less than 30 nor more than 40 days after the violation is reported. However, if the code violation involves a municipal ordinance regulating truants, the hearing date shall not be less than 7 nor more than 40 days after the violation is reported.

One copy of the violation report form shall be maintained in the files of the code hearing department and shall be part of the record of hearing, one copy of the report form shall be returned to the individual representing the municipality in the case so that he or she may prepare evidence of the code violation for presentation at the hearing on the date indicated, and one copy of the report form shall be served by first class mail to the defendant along with a summons commanding the defendant to appear at the hearing. In municipalities with a population under 3,000,000, if the violation report form requires the respondent to answer within a certain amount of time, the municipality must reply to the answer within the same amount of time afforded to the respondent.

(65 ILCS 5/11-5-9)

Sec. 11-5-9. Truants. The corporate authorities of any municipality may adopt ordinances to regulate truants within its jurisdiction. These ordinances may include a graduated fine schedule for repeat violations, which may not exceed $100, or community service, or both, for violators 13 or older years of age and may provide for enforcement by citation or through administrative hearings as determined by ordinance. If the violator is under 13 years of age, the parent or custodian of the violator is subject to the fine or community service, or both. As used in this Section, "truants" means persons who are within the definition of "truant" in Section 26-2a of the School Code. Local officials or authorities that enforce, prosecute, or adjudicate municipal ordinances adopted under this

New matter indicated by italics - deletions by strikeout.
Section or that work with school districts to address truancy problems are
designated as (i) part of the juvenile justice system, established by the
Juvenile Court Act of 1987, and (ii) "juvenile authorities" within the
definition set forth in subsection (a)(6.5) of Section 10-6 of the Illinois
School Student Record Act. Because truancy is a gateway to crime and
one of the most powerful predictors of juvenile delinquent behavior, a
school district may disclose education records relating to attendance to
juvenile authorities if the school district determines that the disclosure
will enhance the juvenile justice system's ability to effectively serve, prior
to adjudication, the student whose records are released. Enforcement of a
municipal ordinance adopted under this Section is pre-adjudicatory
because it helps minors avoid adjudicatory hearings under the Juvenile
Court Act of 1987. A school district may make a disclosure authorized
under this Section only if the juvenile authority certifies in writing to the
school district that the information will not be disclosed, without prior
written consent of the parent or custodian of the student, to any other
individual or entity, except as otherwise provided under State law. A
home rule unit may not regulate truants in a manner inconsistent with the
provisions of this Section. This Section is a limitation under subsection (i)
of Section 6 of Article VII of the Illinois Constitution on the concurrent
exercise by home rule units of the powers and functions exercised by the
State.

changing Section 6 as follows:

(410 ILCS 45/6) (from Ch. 111 1/2, par. 1306)
Sec. 6. Warning statement.
(a) Definitions. As used in this Section:
"Children's jewelry" means jewelry that is made for, marketed for
use by, or marketed to children under the age of 12 and includes jewelry
that meets any of the following conditions:
(1) represented in its packaging, display, or advertising as
appropriate for use by children under the age of 12;

New matter indicated by italics - deletions by strikeout.
(2) sold in conjunction with, attached to, or packaged together with other products that are packaged, displayed, or advertised as appropriate for use by children under 12;
(3) sized for children and not intended for use by adults; or
(4) sold in any of the following places: a vending machine; a retail store, catalogue, or online Web site in which a person exclusively offers for sale products that are packaged, displayed, or advertised as appropriate for use by children; or a discrete portion of a retail store, catalogue, or online Web site in which a person offers for sale products that are packaged, displayed or advertised as appropriate for use by children.

"Child care article" means an item that is designed or intended by the manufacturer to facilitate the sleep, relaxation, or feeding of children under the age of 6 or to help with children under the age of 6 who are sucking or teething.

"Toy containing paint" means a painted toy designed for or intended for use by children under the age of 12 at play. In determining whether a toy containing paint is designed for or intended for use by children under the age of 12, the following factors shall be considered:

(i) a statement by a manufacturer about the intended use of the product, including a label on the product, if such statement is reasonable;
(ii) whether the product is represented in its packaging, display, promotion, or advertising as appropriate for children under the age of 12; and
(iii) whether the product is commonly recognized by consumers as being intended for use by a child under the age of 12.

(b) Children's products. Effective January 1, 2010, no person, firm, or corporation shall sell, have, offer for sale, or transfer the items listed in this Section that contain a total lead content in any component part of the item that is more than 0.004% (40 parts per million) but less than 0.06% (600 parts per million) by total weight or a lower standard for lead content as may be established by federal or State law or regulation unless that item bears a warning statement that indicates that at least one component part of the item contains lead.

The warning statement for items covered under this subsection (b) shall contain at least the following: "WARNING: CONTAINS LEAD. MAY
BE HARMFUL IF EATEN OR CHEWED. MAY GENERATE DUST CONTAINING LEAD.”

An entity is in compliance with this subsection (b) if the warning statement is provided on the children's product or on the label on the immediate container of the children's product. This subsection (b) does not apply to any product for which federal law governs warning in a manner that preempts State authority.

(c) Other lead bearing substance. (Section scheduled to be repealed on January 1, 2012)
Sec. 25. Injunctions. The use of the title "registered interior designer" or "registered residential interior designer", as defined in Section 3, by any person not holding a valid and current registration under this Act is declared to be inimical to the public welfare, to constitute a public nuisance, and to cause irreparable harm to the public welfare. The Director, the Attorney General, the State's Attorney of any county in the State, or any person may maintain an action in the name of the People of the State of Illinois, and may apply for an injunction in the circuit court to enjoin any such person from engaging in the unlawful use of the title "registered interior designer" or "registered residential interior designer". Upon the filing of a verified petition, the court or any judge, if satisfied by affidavit or otherwise that such person has been engaged in such use without a valid and current registration, may issue a temporary injunction without notice or bond, enjoining the defendant from any such further use. Only the showing of the person's lack of registration, by affidavit or otherwise, is necessary in order for a temporary injunction to issue. A copy of the verified complaint shall be served upon the defendant and the proceedings shall be conducted as in other civil cases except as modified

by this Section. If it is established that the defendant has been or is engaged in any such unlawful use, the court or any judge may enter an order or judgment perpetually enjoining the defendant from further such use. In all proceedings under this Section, the court, in its discretion, may apportion the costs among the parties interested in the suit, including cost of filing the complaint, service of process, witness fees and expenses, court reporter charges and reasonable attorney's fees. In case of violation of any injunction issued under this Section, the court or any judge may summarily try and punish the offender for contempt of court. Such injunction proceedings are in addition to, and not in lieu of, all penalties and other remedies provided in this Act.

Any person who uses the title "registered interior designer" or "registered residential interior designer" in this State without being registered under this Act, or whose registration has been suspended, inactive, or revoked, or who violates any of the provisions of this Act is guilty of a Class A misdemeanor. Any person who has been previously convicted of violating this Act and who subsequently violates any of the provisions of this Act is guilty of a Class 4 felony. "Applicable percentage" means 0% for each of the first 2 credit allowance dates, 7% for the third credit allowance date, and 8% for the next 4 credit allowance dates.

"Credit allowance date" means with respect to any qualified equity investment:

(1) the date on which the investment is initially made; and
(2) each of the 6 anniversary dates of that date thereafter.

"Department" means the Department of Commerce and Economic Opportunity.

"Long-term debt security" means any debt instrument issued by a qualified community development entity, at par value or a premium, with an original maturity date of at least 7 years from the date of its issuance, with no acceleration of repayment, amortization, or prepayment features prior to its original maturity date. Cumulative cash payments of interest on the qualified debt instrument during the period commencing with the issuance of the qualified debt instrument and ending with the seventh anniversary of its issuance shall not exceed the sum of such cash interest payments and the cumulative net income of the issuing community development entity for the same period. This definition in no way limits the holder's ability to accelerate payments on the debt instrument in situations where the issuer has defaulted on covenants designed to ensure compliance with this Act or Section 45D of the Internal Revenue Code of 1986, as amended.

"Purchase price" means the amount paid to the issuer of a qualified equity investment for that qualified equity investment.

"Qualified active low-income community business" has the meaning given to that term in Section 45D of the Internal Revenue Code of 1986, as amended; except that any business that derives or projects to derive 15% or more of its annual revenue from the rental or sale of real estate is not considered to be a qualified active low-income community business. This exception does not apply to a business that is controlled by or under common control with another business if the second business (i) does not derive or project to derive 15% or more of its annual revenue from the rental or sale of real estate and (ii) is the primary tenant of the real estate leased from the initial business. A business shall be considered a qualified active low-income community business for the duration of the qualified community development entity's investment in or loan to the business if the entity reasonably expects, at the time it makes the investment or loan, that the business will continue to satisfy the...
requirements for being a qualified active low-income community business throughout the entire period of the investment or loan.

"Qualified community development entity" has the meaning given to that term in Section 45D of the Internal Revenue Code of 1986, as amended; provided that such entity has entered into, or is controlled by an entity that has entered into, an allocation agreement with the Community Development Financial Institutions Fund of the U.S. Treasury Department with respect to credits authorized by Section 45D of the Internal Revenue Code of 1986, as amended, that includes the State of Illinois within the service area set forth in that allocation agreement.

"Qualified equity investment" means any equity investment in, or long-term debt security issued by, a qualified community development entity that:

1. is acquired after the effective date of this Act at its original issuance solely in exchange for cash;
2. has at least 85% of its cash purchase price used by the issuer to make qualified low-income community investments in the State of Illinois; and
3. is designated by the issuer as a qualified equity investment under this Act and is certified by the Department as not exceeding the limitation contained in Section 20.

This term includes any qualified equity investment that does not meet the provisions of item (1) of this definition if the investment was a qualified equity investment in the hands of a prior holder.

"Qualified low-income community investment" means any capital or equity investment in, or loan to, any qualified active low-income community business. With respect to any one qualified active low-income community business, the maximum amount of qualified low-income community investments made in that business, on a collective basis with all of its affiliates that may be counted towards the satisfaction of paragraph (2) of the definition of qualified equity investment, shall be $10,000,000 whether issued to one or several qualified community development entities.

"Tax credit" means a credit against any income, franchise, or insurance premium taxes otherwise due under Illinois law.

"Taxpayer" means any individual or entity subject to any income, franchise, or insurance premium tax under Illinois law.

Section 10. Credit established. A person or entity that makes a qualified equity investment earns a vested right to tax credits as follows:

New matter indicated in italics - deletions by strikeout.
(1) on each credit allowance date of the qualified equity investment, the purchaser of the qualified equity investment, or subsequent holder of the qualified equity investment, is entitled to a tax credit during the taxable year including that credit allowance date;

(2) the tax credit amount shall be equal to the applicable percentage for such credit allowance date multiplied by the purchase price paid to the issuer of the qualified equity investment; and

(3) the amount of the tax credit claimed shall not exceed the amount of the State tax liability of the holder, or the person or entity to whom the credit is allocated for use pursuant to Section 15, for the tax year for which the tax credit is claimed.

A company doing insurance business in this State claiming a tax credit against insurance premium taxes payable pursuant to Section 409 of the Illinois Insurance Code is not required to pay any additional retaliatory tax imposed pursuant to Section 444 or 444.1 of the Illinois Insurance Code related to that claim for a tax credit.

Section 15. Transferability. No tax credit claimed under this Act shall be refundable or saleable on the open market. Tax credits earned by a partnership, limited liability company, S corporation, or other "pass-through" entity may be allocated to the partners, members, or shareholders of that entity for their direct use in accordance with the provisions of any agreement among the partners, members, or shareholders. Any amount of tax credit that the taxpayer, or partner, member, or shareholder thereof, is prohibited from claiming in a taxable year may be carried forward to any of the taxpayer's 5 subsequent taxable years.

Section 20. Annual cap on credits. The Department shall limit the monetary amount of qualified equity investments permitted under this Act to a level necessary to limit tax credit use at no more than $10,000,000 of tax credits in any fiscal year. This limitation on qualified equity investments shall be based on the anticipated use of credits without regard to the potential for taxpayers to carry forward tax credits to later tax years.

Section 25. Certification of qualified equity investments.

(a) A qualified community development entity that seeks to have an equity investment or long-term debt security designated as a qualified equity investment and eligible for tax credits under this Section shall apply to the Department. The qualified community development entity must
submit an application on a form that the Department provides that includes:

(1) The name, address, tax identification number of the entity, and evidence of the entity's certification as a qualified community development entity.

(2) A copy of the allocation agreement executed by the entity, or its controlling entity, and the Community Development Financial Institutions Fund.

(3) A certificate executed by an executive officer of the entity attesting that the allocation agreement remains in effect and has not been revoked or cancelled by the Community Development Financial Institutions Fund.

(4) A description of the proposed amount, structure, and purchaser of the equity investment or long-term debt security.

(5) The name and tax identification number of any taxpayer eligible to utilize tax credits earned as a result of the issuance of the qualified equity investment.

(6) Information regarding the proposed use of proceeds from the issuance of the qualified equity investment.

(7) A nonrefundable application fee of $5,000. This fee shall be paid to the Department and shall be required of each application submitted.

(b) Within 30 days after receipt of a completed application containing the information necessary for the Department to certify a potential qualified equity investment, including the payment of the application fee, the Department shall grant or deny the application in full or in part. If the Department denies any part of the application, it shall inform the qualified community development entity of the grounds for the denial. If the qualified community development entity provides any additional information required by the Department or otherwise completes its application within 15 days of the notice of denial, the application shall be considered completed as of the original date of submission. If the qualified community development entity fails to provide the information or complete its application within the 15-day period, the application remains denied and must be resubmitted in full with a new submission date.

(c) If the application is deemed complete, the Department shall certify the proposed equity investment or long-term debt security as a qualified equity investment that is eligible for tax credits under this

New matter indicated in italics - deletions by strikeout.
Section, subject to the limitations contained in Section 20. The Department shall provide written notice of the certification to the qualified community development entity. The notice shall include the names of those taxpayers who are eligible to utilize the credits and their respective credit amounts. If the names of the taxpayers who are eligible to utilize the credits change due to a transfer of a qualified equity investment or a change in an allocation pursuant to Section 15, the qualified community development entity shall notify the Department of such change.

 (d) The Department shall certify qualified equity investments in the order applications are received by the Department. Applications received on the same day shall be deemed to have been received simultaneously. For applications received on the same day and deemed complete, the Department shall certify, consistent with remaining tax credit capacity, qualified equity investments in proportionate percentages based upon the ratio of the amount of qualified equity investment requested in an application to the total amount of qualified equity investments requested in all applications received on the same day.

 (e) Once the Department has certified qualified equity investments that, on a cumulative basis, are eligible for $10,000,000 in tax credits, the Department may not certify any more qualified equity investments. If a pending request cannot be fully certified, the Department shall certify the portion that may be certified unless the qualified community development entity elects to withdraw its request rather than receive partial credit.

 (f) Within 30 days after receiving notice of certification, the qualified community development entity shall issue the qualified equity investment and receive cash in the amount of the certified amount. The qualified community development entity must provide the Department with evidence of the receipt of the cash investment within 10 business days after receipt. If the qualified community development entity does not receive the cash investment and issue the qualified equity investment within 30 days following receipt of the certification notice, the certification shall lapse and the entity may not issue the qualified equity investment without reapplying to the Department for certification. A certification that lapses reverts back to the Department and may be reissued only in accordance with the application process outlined in this Section 25.

Section 40. Recapture. The Department of Revenue shall recapture, from the taxpayer that claimed the credit on a return, the tax credit allowed under this Act if:

New matter indicated in italics - deletions by strikeout.
(1) any amount of the federal tax credit available with respect to a qualified equity investment that is eligible for a tax credit under this Act is recaptured under Section 45D of the Internal Revenue Code of 1986, as amended. In that case, the Department of Revenue's recapture shall be proportionate to the federal recapture with respect to that qualified equity investment;

(2) the issuer redeems or makes principal repayment with respect to a qualified equity investment prior to the 7th anniversary of the issuance of the qualified equity investment. In that case, the Department of Revenue's recapture shall be proportionate to the amount of the redemption or repayment with respect to the qualified equity investment; or

(3) the issuer fails to invest at least 85% of the cash purchase price of the qualified equity investment in qualified low-income community investments in the State of Illinois within 12 months of the issuance of the qualified equity investment and maintain such level of investment in qualified low-income community investments in Illinois until the last credit allowance date for such qualified equity investment.

For purposes of this Section, an investment shall be considered held by an issuer even if the investment has been sold or repaid; provided that the issuer reinvests an amount equal to the capital returned to or recovered by the issuer from the original investment, exclusive of any profits realized, in another qualified low-income community investment in this State within 12 months after the receipt of that capital. An issuer is not required to reinvest capital returned from qualified low-income community investments after the 6th anniversary of the issuance of the qualified equity investment, the proceeds of which were used to make the qualified low-income community investment, and the qualified low-income community investment shall be considered held by the issuer through the 7th anniversary of the qualified equity investment's issuance.

The Department of Revenue shall provide notice to the qualified community development entity of any proposed recapture of tax credits pursuant to this Section. The entity shall have 90 days to cure any deficiency indicated in the Department of Revenue's original recapture notice and avoid such recapture. If the entity fails or is unable to cure such deficiency with the 90-day period, the Department of Revenue shall provide the entity and the taxpayer from whom the credit is to be recaptured with a final order of recapture. Any tax credit for which a final
recapture order has been issued shall be recaptured by the Department of Revenue from the taxpayer who claimed the tax credit on a tax return.

Section 45. Examination and Rulemaking.

(a) The Department may conduct examinations to verify that the tax credits under this Act have been received and applied according to the requirements of this Act and to verify that no event has occurred that would result in a recapture of tax credits under Section 40.

(b) Neither the Department nor the Department of Revenue shall have the authority to promulgate rules under the Act, but the Department and the Department of Revenue shall have the authority to issue advisory letters to individual qualified community development entities and their investors that are limited to the specific facts outlined in an advisory letter request from a qualified community development entity. Such rulings cannot be relied upon by any person or entity other than the qualified community development entity that requested the letter and the taxpayers that are entitled to any tax credits generated from investments in such entity. For purposes of this subsection, "rules" is given the meaning contained in Section 1-70 of the Illinois Administrative Procedure Act.

(c) In rendering advisory letters and making other determinations under this Act, to the extent applicable, the Department and the Department of Revenue shall look for guidance to Section 45D of the Internal Revenue Code of 1986, as amended, and the rules and regulations issued thereunder.

Section 50. Sunset. For fiscal years following fiscal year 2012, qualified equity investments shall not be made under this Act unless reauthorization is made pursuant to this Section. For all fiscal years following fiscal year 2012, unless the General Assembly adopts a joint resolution granting authority to the Department to approve qualified equity investments for the Illinois new markets development program and clearly describing the amount of tax credits available for the next fiscal year, or otherwise complies with the provisions of this Section, no qualified equity investments may be permitted to be made under this Act. The amount of available tax credits contained in such a resolution shall not exceed the limitation provided under Section 20. Nothing in this Section precludes a taxpayer who makes a qualified equity investment prior to the expiration of authority to make qualified equity investments from claiming tax credits relating to that qualified equity investment for each applicable credit allowance date.

Section 75. The Illinois Insurance Code is amended by changing Sections 409, 444, and 444.1 as follows:

(215 ILCS 5/409) (from Ch. 73, par. 1021)

Sec. 409. Annual privilege tax payable by companies.

(1) As of January 1, 1999 for all health maintenance organization premiums written; as of July 1, 1998 for all premiums written as accident and health business, voluntary health service plan business, dental service plan business, or limited health service organization business; and as of January 1, 1998 for all other types of insurance premiums written, every company doing any form of insurance business in this State, including, but not limited to, every risk retention group, and excluding all fraternal benefit societies, all farm mutual companies, all religious charitable risk pooling trusts, and excluding all statutory residual market and special purpose entities in which companies are statutorily required to participate, whether incorporated or otherwise, shall pay, for the privilege of doing business in this State, to the Director for the State treasury a State tax equal to 0.5% of the net taxable premium written, together with any amounts due under Section 444 of this Code, except that the tax to be paid on any premium derived from any accident and health insurance or on any insurance business written by any company operating as a health maintenance organization, voluntary health service plan, dental service plan, or limited health service organization shall be equal to 0.4% of such net taxable premium written, together with any amounts due under Section 444. Upon the failure of any company to pay any such tax due, the Director may, by order, revoke or suspend the company's certificate of authority after giving 20 days written notice to the company, or commence proceedings for the suspension of business in this State under the procedures set forth by Section 401.1 of this Code. The gross taxable premium written shall be the gross amount of premiums received on direct business during the calendar year on contracts covering risks in this State, except premiums on annuities, premiums on which State premium taxes are prohibited by federal law, premiums paid by the State for health care coverage for Medicaid eligible insureds as described in Section 5-2 of the Illinois Public Aid Code, premiums paid for health care services included as an element of tuition charges at any university or college owned and operated by the State of Illinois, premiums on group insurance contracts under the State Employees Group Insurance Act of 1971, and except premiums for deferred compensation plans for employees of the State,
units of local government, or school districts. The net taxable premium shall be the gross taxable premium written reduced only by the following:

(a) the amount of premiums returned thereon which shall be limited to premiums returned during the same preceding calendar year and shall not include the return of cash surrender values or death benefits on life policies including annuities;

(b) dividends on such direct business that have been paid in cash, applied in reduction of premiums or left to accumulate to the credit of policyholders or annuitants. In the case of life insurance, no deduction shall be made for the payment of deferred dividends paid in cash to policyholders on maturing policies; dividends left to accumulate to the credit of policyholders or annuitants shall be included as gross taxable premium written when such dividend accumulations are applied to purchase paid-up insurance or to shorten the endowment or premium paying period.

(2) The annual privilege tax payment due from a company under subsection (4) of this Section may be reduced by: (a) the excess amount, if any, by which the aggregate income taxes paid by the company, on a cash basis, for the preceding calendar year under subsections (a) through (d) of Section 201 of the Illinois Income Tax Act exceed 1.5% of the company's net taxable premium written for that prior calendar year, as determined under subsection (1) of this Section; and (b) the amount of any fire department taxes paid by the company during the preceding calendar year under Section 11-10-1 of the Illinois Municipal Code. Any deductible amount or offset allowed under items (a) and (b) of this subsection for any calendar year will not be allowed as a deduction or offset against the company's privilege tax liability for any other taxing period or calendar year.

(3) If a company survives or was formed by a merger, consolidation, reorganization, or reincorporation, the premiums received and amounts returned or paid by all companies party to the merger, consolidation, reorganization, or reincorporation shall, for purposes of determining the amount of the tax imposed by this Section, be regarded as received, returned, or paid by the surviving or new company.

(4)(a) All companies subject to the provisions of this Section shall make an annual return for the preceding calendar year on or before March 15 setting forth such information on such forms as the Director may reasonably require. Payments of quarterly installments of the taxpayer's total estimated tax for the current calendar year shall be due on or before

New matter indicated in italics - deletions by strikeout.
April 15, June 15, September 15, and December 15 of such year, except that all companies transacting insurance in this State whose annual tax for the immediately preceding calendar year was less than $5,000 shall make only an annual return. Failure of a company to make the annual payment, or to make the quarterly payments, if required, of at least 25% of either (i) the total tax paid during the previous calendar year or (ii) 80% of the actual tax for the current calendar year shall subject it to the penalty provisions set forth in Section 412 of this Code.

(b) Notwithstanding the foregoing provisions, no annual return shall be required or made on March 15, 1998, under this subsection. For the calendar year 1998:

(i) each health maintenance organization shall have no estimated tax installments;

(ii) all companies subject to the tax as of July 1, 1998 as set forth in subsection (1) shall have estimated tax installments due on September 15 and December 15 of 1998 which installments shall each amount to no less than one-half of 80% of the actual tax on its net taxable premium written during the period July 1, 1998, through December 31, 1998; and

(iii) all other companies shall have estimated tax installments due on June 15, September 15, and December 15 of 1998 which installments shall each amount to no less than one-third of 80% of the actual tax on its net taxable premium written during the calendar year 1998.

In the year 1999 and thereafter all companies shall make annual and quarterly installments of their estimated tax as provided by paragraph (a) of this subsection.

(5) In addition to the authority specifically granted under Article XXV of this Code, the Director shall have such authority to adopt rules and establish forms as may be reasonably necessary for purposes of determining the allocation of Illinois corporate income taxes paid under subsections (a) through (d) of Section 201 of the Illinois Income Tax Act amongst members of a business group that files an Illinois corporate income tax return on a unitary basis, for purposes of regulating the amendment of tax returns, for purposes of defining terms, and for purposes of enforcing the provisions of Article XXV of this Code. The Director shall also have authority to defer, waive, or abate the tax imposed by this Section if in his opinion the company's solvency and ability to meet its

insured obligations would be immediately threatened by payment of the tax due.

(c) This Section is subject to the provisions of Section 10 of the New Markets Development Program Act.

(215 ILCS 5/444) (from Ch. 73, par. 1056)

Sec. 444. Retaliation.

(1) Whenever the existing or future laws of any other state or country shall require of companies incorporated or organized under the laws of this State as a condition precedent to their doing business in such other state or country, compliance with laws, rules, regulations, and prohibitions more onerous or burdensome than the rules and regulations imposed by this State on foreign or alien companies, or shall require any deposit of securities or other obligations in such state or country, for the protection of policyholders or otherwise or require of such companies or agents thereof or brokers the payment of penalties, fees, charges, or taxes greater than the penalties, fees, charges, or taxes required in the aggregate for like purposes by this Code or any other law of this State, of foreign or alien companies, agents thereof or brokers, then such laws, rules, regulations, and prohibitions of said other state or country shall apply to companies incorporated or organized under the laws of such state or country doing business in this State, and all such companies, agents thereof, or brokers doing business in this State, shall be required to make deposits, pay penalties, fees, charges, and taxes, in amounts equal to those required in the aggregate for like purposes of Illinois companies doing business in such state or country, agents thereof or brokers. Whenever any other state or country shall refuse to permit any insurance company incorporated or organized under the laws of this State to transact business according to its usual plan in such other state or country, the director may, if satisfied that such company of this State is solvent, properly managed, and can operate legally under the laws of such other state or country, forthwith suspend or cancel the license of every insurance company doing business in this State which is incorporated or organized under the laws of such other state or country to the extent that it insures in this State against any of the risks or hazards which are sought to be insured against by the company of this State in such other state or country.

(2) The provisions of this Section shall not apply to residual market or special purpose assessments or guaranty fund or guaranty association assessments, both under the laws of this State and under the laws of any...
other state or country, and any tax offset or credit for any such assessment shall, for purposes of this Section, be treated as a tax paid both under the laws of this State and under the laws of any other state or country.

(3) The terms "penalties", "fees", "charges", and "taxes" in subsection (1) of this Section shall include: the penalties, fees, charges, and taxes collected under State law and referenced within Article XXV exclusive of any items referenced by subsection (2) of this Section, but including any tax offset allowed under Section 531.13 of this Code; the Illinois corporate income taxes imposed under subsections (a) through (d) of Section 201 of the Illinois Income Tax Act after any tax offset allowed under Section 531.13 of this Code; income or personal property taxes imposed by other states or countries; penalties, fees, charges, and taxes of other states or countries imposed for purposes like those of the penalties, fees, charges, and taxes specified in Article XXV of this Code exclusive of any item referenced in subsection (2) of this Section; and any penalties, fees, charges, and taxes required as a franchise, privilege, or licensing tax for conducting the business of insurance whether calculated as a percentage of income, gross receipts, premium, or otherwise.

(4) Nothing contained in this Section or Section 409 or Section 444.1 is intended to authorize or expand any power of local governmental units or municipalities to impose taxes, fees, or charges.

(215 ILCS 5/444.1) (from Ch. 73, par. 1056.1)

Sec. 444.1. Payment of retaliatory taxes.

(1) Every foreign or alien company doing insurance business in this State shall pay the Director the retaliatory tax determined in accordance with Section 444.

(2) (a) All companies subject to the provisions of this Section shall make an annual return for the preceding calendar year on or before March 15 setting forth such information on such forms as the Director may reasonably require. Payments of quarterly installments of the taxpayer's total estimated retaliatory tax for the current calendar year shall be due on or before April 15, June 15, September 15, and December 15 of such year, except that all companies transacting insurance business in this State whose annual tax for the immediately preceding calendar year was less than $5,000 shall make only an annual return. Failure of a company to make the annual payment, or to make the quarterly payments, if required,
of at least one-fourth of either (i) the total tax paid during the previous calendar year or (ii) 80% of the actual tax for the current calendar year shall subject it to the penalty provisions set forth in Section 412 of this Code.

(b) Notwithstanding the foregoing provisions of paragraph (a) of this subsection, the retaliatory tax liability of companies under Section 444 of this Code for the calendar year ended December 31, 1997 shall be determined in accordance with this amendatory Act of 1998 and shall include in the aggregate comparative tax burden for the State of Illinois, any tax offset allowed under Section 531.13 of this Code and any income taxes paid for the year 1997 under subsections (a) through (d) of Section 201 of the Illinois Income Tax Act after any tax offset allowed under Section 531.13 of this Code.

(i) Any annual retaliatory tax returns and payments made for the year ended December 31, 1997 and any quarterly installments of the taxpayer's total estimated 1998 retaliatory tax liability paid prior to the effective date of this Amendatory Act of 1998 that do not include the items specified by subsection (1) of this Section shall be amended and restated, at the taxpayer's election, on forms prepared by the Director so as to provide for the inclusion of such items. An amended and restated return for the year ended December 31, 1997 filed under this subparagraph shall treat any payment of estimated privilege taxes under Section 409 as in effect prior to October 23, 1997 as a payment of estimated retaliatory taxes for the year ended December 31, 1997.

(ii) Any overpayment resulting from such amended return and restated tax liability shall be allowed as a credit against any subsequent privilege or retaliatory tax obligations of the taxpayer.

(iii) In the year 1999 and thereafter all companies shall make annual and quarterly installments of their estimated tax as provided by paragraph (a) of this subsection.

(3) Any tax payment made under this Section and any tax returns prepared in compliance with Section 410 shall give full consideration to the impact of any future reduction in or elimination of a taxpayer's liability under Section 409, whether such reduction or elimination is due to an operation of law or an Act of the General Assembly.

(4) Any foreign or alien taxpayer who makes, under protest, a tax payment required by Section 409 shall, at the time of payment, file a retaliatory tax return sufficient to disclose the full amount of retaliatory

taxes which would be due and owing for the tax period in question if the protest were upheld. Notwithstanding the provisions of the State Officers and Employees Money Disposition Act or any other laws of this State, the protested payment, to the extent of the retaliatory tax so disclosed, shall be deposited directly in the General Revenue Fund; and the balance of the payment, if any, shall be deposited in a protest account pursuant to the provisions of the aforesaid Act, as now or hereafter amended.

(5) The failure of a company to make the annual payment or to make the quarterly payments, if required, of at least one-fourth of either (i) the total tax paid during the preceding calendar year or (ii) 80% of the actual tax for the current calendar year shall subject it to the penalty provisions set forth in Section 412 of this Code.

Section 5. The School Code is amended by changing Section 7-14 as follows:

(105 ILCS 5/7-14) (from Ch. 122, par. 7-14)

Sec. 7-14. Bonded indebtedness-Tax rate.

(a) Except as provided in subsection (b), whenever the boundaries of any school district are changed by the annexation or detachment of territory, each such district as it exists on and after such action shall assume the bonded indebtedness, as well as financial obligations to the Capital Development Board pursuant to Section 35-15 (now repealed) of this Code, of all the territory included therein after such change. The tax rate for bonded indebtedness shall be determined in the manner provided in Section 19-7 of this Act, except the County Clerk shall annually extend

taxes against all the taxable property situated in the county and contained in each such district as it exists after the action. Notwithstanding the provisions of this subsection, if the boundaries of a school district are changed by annexation or detachment of territory after June 30, 1987, and prior to September 15, 1987, and if the school district to which territory is being annexed has no outstanding bonded indebtedness on the date such annexation occurs, then the annexing school district shall not be liable for any bonded indebtedness of the district from which the territory is detached, and the school district from which the territory is detached shall remain liable for all of its bonded indebtedness.

(b) Whenever a school district with bonded indebtedness has become dissolved under this Article and its territory annexed to another district, the annexing district or districts shall not, except by action pursuant to resolution of the school board of the annexing district prior to the effective date of the annexation, assume the bonded indebtedness of the dissolved district; nor, except by action pursuant to resolution of the school board of the dissolving district, shall the territory of the dissolved district assume the bonded indebtedness of the annexing district or districts. If the annexing district or districts do not assume the bonded indebtedness of the dissolved district, a tax rate for the bonded indebtedness shall be determined in the manner provided in Section 19-7, and the county clerk or clerks shall annually extend taxes for each outstanding bond issue against all the taxable property that was situated within the boundaries of the district as the boundaries existed at the time of the issuance of each bond issue regardless of whether the property is still contained in that same district at the time of the extension of the taxes by the county clerk or clerks.

(c) Notwithstanding the provisions of Section 19-18 of this Code, upon resolution of the school board, the county clerk must extend taxes to pay the principal of and interest on any bonds issued exclusively to refund any bonded indebtedness of the annexing school district against all of the taxable property that was situated within the boundaries of the annexing district as the boundaries existed at the time of the issuance of the bonded indebtedness being refunded and not against any of the taxable property in the dissolved school district, provided that (i) the net interest rate on the refunding bonds may not exceed the net interest rate on the refunded bonds, (ii) the final maturity date of the refunding bonds may not extend beyond the final maturity date of the refunded bonds, and (iii) the tax levy to pay the refunding bonds in any levy year may not exceed the tax levy

PUBLIC ACT 95-1027
(Senate Bill No. 1987)

AN ACT concerning regulation.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

ARTICLE 1

Section 1-1. Short title. This Article may be cited as the Clean Coal Portfolio Standard Law.

Section 1-5. The Illinois Power Agency Act is amended by changing Sections 1-5, 1-10, 1-75, and 1-80 as follows:

(20 ILCS 3855/1-5)

Sec. 1-5. Legislative declarations and findings. The General Assembly finds and declares:

(1) The health, welfare, and prosperity of all Illinois citizens require the provision of adequate, reliable, affordable, efficient, and environmentally sustainable electric service at the lowest total cost over time, taking into account any benefits of price stability.

(2) The transition to retail competition is not complete. Some customers, especially residential and small commercial customers, have failed to benefit from lower electricity costs from retail and wholesale competition.

New matter indicated in italics - deletions by strikeout.
(3) Escalating prices for electricity in Illinois pose a serious threat to the economic well-being, health, and safety of the residents of and the commerce and industry of the State.

(4) To protect against this threat to economic well-being, health, and safety it is necessary to improve the process of procuring electricity to serve Illinois residents, to promote investment in energy efficiency and demand-response measures, and to support development of clean coal technologies and renewable resources.

(5) Procuring a diverse electricity supply portfolio will ensure the lowest total cost over time for adequate, reliable, efficient, and environmentally sustainable electric service.

(6) Including cost-effective renewable resources in that portfolio will reduce long-term direct and indirect costs to consumers by decreasing environmental impacts and by avoiding or delaying the need for new generation, transmission, and distribution infrastructure.

(7) Energy efficiency, demand-response measures, and renewable energy are resources currently underused in Illinois.

(8) The State should encourage the use of advanced clean coal technologies that capture and sequester carbon dioxide emissions to advance environmental protection goals and to demonstrate the viability of coal and coal-derived fuels in a carbon-constrained economy.

The General Assembly therefore finds that it is necessary to create the Illinois Power Agency and that the goals and objectives of that Agency are to accomplish each of the following:

(A) Develop electricity procurement plans to ensure adequate, reliable, affordable, efficient, and environmentally sustainable electric service at the lowest total cost over time, taking into account any benefits of price stability, for electric utilities that on December 31, 2005 provided electric service to at least 100,000 customers in Illinois. The procurement plan shall be updated on an annual basis and shall include renewable energy resources sufficient to achieve the standards specified in this Act.

(B) Conduct competitive procurement processes to procure the supply resources identified in the procurement plan.
(C) Develop electric generation and co-generation facilities that use indigenous coal or renewable resources, or both, financed with bonds issued by the Illinois Finance Authority.

(D) Supply electricity from the Agency's facilities at cost to one or more of the following: municipal electric systems, governmental aggregators, or rural electric cooperatives in Illinois.

For purposes of this Act, landfill gas produced in the State is considered a renewable energy resource. "Renewable energy resources" does not include the incineration, burning, or heating of tires, garbage, general household, institutional, and commercial waste, industrial lunchroom or office waste, landscape waste other than trees and tree trimmings, railroad crossties, utility poles, and construction or demolition debris, other than untreated and unadulterated waste wood.

The benefit-cost ratio is the ratio of the net present value of the total benefits of the program to the net present value of the total costs as calculated over the lifetime of the measures. A total resource cost test compares the sum of avoided electric utility costs, representing the benefits that accrue to the system and the participant in the delivery of those efficiency measures, to the sum of all incremental costs of end-use measures that are implemented due to the program (including both utility and participant contributions), plus costs to administer, deliver, and evaluate each demand-side program, to quantify the net savings obtained by substituting the demand-side program for supply resources. In calculating avoided costs of power and energy that an electric utility would otherwise have had to acquire, reasonable estimates shall be included of financial costs likely to be imposed by future regulations and legislation on emissions of greenhouse gases.

(20 ILCS 3855/1-75)

Sec. 1-75. Planning and Procurement Bureau. The Planning and Procurement Bureau has the following duties and responsibilities:

New matter indicated in italics - deletions by strikeout.
(a) The Planning and Procurement Bureau shall each year, beginning in 2008, develop procurement plans and conduct competitive procurement processes in accordance with the requirements of Section 16-111.5 of the Public Utilities Act for the eligible retail customers of electric utilities that on December 31, 2005 provided electric service to at least 100,000 customers in Illinois. (2) The Agency shall each year, as needed, issue a request for qualifications for a procurement administrator to conduct the competitive procurement processes in accordance with Section 16-111.5 of the Public Utilities
Act. In order to qualify an expert or expert consulting firm must have:

(A) direct previous experience administering a large-scale competitive procurement process;
(B) an advanced degree in economics, mathematics, engineering, or a related area of study;
(C) 10 years of experience in the electricity sector, including risk management experience;

(F) adequate resources to perform and fulfill the required functions and responsibilities; and
(G) the absence of a conflict of interest and inappropriate bias for or against potential bidders or the affected electric utilities.

(3) The Agency shall provide affected utilities and other interested parties with the lists of qualified experts or expert consulting firms identified through the request for qualifications processes that are under consideration to develop the procurement plans and to serve as the procurement administrator. The Agency shall also provide each qualified expert's or expert consulting firm's response to the request for qualifications. All information provided under this subparagraph shall also be provided to the Commission. The Agency may provide by rule for fees associated with supplying the information to utilities and other interested parties. These parties shall, within 5 business days, notify the Agency in writing if they object to any experts or expert consulting firms on the lists. Objections shall be based on:

(A) failure to satisfy qualification criteria;
(B) identification of a conflict of interest; or
(C) evidence of inappropriate bias for or against potential bidders or the affected utilities.

New matter indicated in italics - deletions by strikeout.
The Agency shall remove experts or expert consulting firms from the lists within 10 days if there is a reasonable basis for an objection and provide the updated lists to the affected utilities and other interested parties. If the Agency fails to remove an expert or expert consulting firm from a list, an objecting party may seek review by the Commission within 5 days thereafter by filing a petition, and the Commission shall render a ruling on the petition within 10 days. (5) The Agency shall select an expert or expert consulting firm to develop procurement plans based on the proposals submitted and shall award one-year contracts to those selected with an option for the Agency for a one-year renewal.

(6) The Agency shall select an expert or expert consulting firm, with approval of the Commission, to serve as procurement administrator based on the proposals submitted. If the Commission rejects, within 5 days, the Agency's selection, the Agency shall submit another recommendation within 3 days based on the proposals submitted. The Agency shall award a one-year contract to the expert or expert consulting firm so selected with Commission approval with an option for the Agency for a one-year renewal.

(b) The experts or expert consulting firms retained by the Agency shall, as appropriate, prepare procurement plans, and conduct a competitive procurement process as prescribed in Section 16-111.5 of the Public Utilities Act, to ensure adequate, reliable, affordable, efficient, and environmentally sustainable electric service at the lowest total cost over time, taking into account any benefits of price stability, for eligible retail customers of electric utilities that on December 31, 2005 provided electric service to at least 100,000 customers in the State of Illinois.

(c) Renewable portfolio standard.

New matter indicated in italics - deletions by strikeout.
(1) The procurement plans shall include cost-effective renewable energy resources. A minimum percentage of each utility's total supply to serve the load of eligible retail customers, as defined in Section 16-111.5(a) of the Public Utilities Act, procured for each of the following years shall be generated from cost-effective renewable energy resources: at least 2% by June 1, 2008; at least 4% by June 1, 2009; at least 5% by June 1, 2010; at least 6% by June 1, 2011; at least 7% by June 1, 2012; at least 8% by June 1, 2013; at least 9% by June 1, 2014; at least 10% by June 1, 2015; and increasing by at least 1.5% each year thereafter to at least 25% by June 1, 2025. To the extent that it is available, at least 75% of the renewable energy resources used to meet these standards shall come from wind generation. For purposes of this subsection (c) Section, "cost-effective" means that the costs of procuring renewable energy resources do not cause the limit stated in paragraph (2) of this subsection (c) to be exceeded and do not exceed benchmarks based on market prices for renewable energy resources in the region, which shall be developed by the procurement administrator, in consultation with the Commission staff, Agency staff, and the procurement monitor and shall be subject to Commission review and approval.

(2) For purposes of this subsection (c), the required procurement of cost-effective renewable energy resources for a particular year shall be measured as a percentage of the actual amount of electricity (megawatt-hours) supplied by the electric utility to eligible retail customers in the planning year ending immediately prior to the procurement. For purposes of this subsection (c), the amount paid per kilowatthour means the total amount paid for electric service expressed on a per kilowatthour basis. For purposes of this subsection (c), the total amount paid for electric service includes without limitation amounts paid for supply, transmission, distribution, surcharges, and add-on taxes.

Notwithstanding the requirements of this subsection (c), the total of renewable energy resources procured

pursuant to the procurement plan for any single year shall be reduced by an amount necessary to limit the annual estimated average net increase due to the costs of these resources included in the amounts paid by eligible retail customers in connection with electric service to:

(A) in 2008, no more than 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007;

(B) in 2009, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2008 or 1% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007;

(C) in 2010, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2009 or 1.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007;

(D) in 2011, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2010 or 2% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007; and

(E) thereafter, the amount of renewable energy resources procured pursuant to the procurement plan for any single year shall be reduced by an amount necessary to limit the estimated average net increase due to the cost of these resources included in the amounts paid by eligible retail customers in connection with electric service to no more than the greater of 2.015% of the amount paid per kilowatthour by those customers during the year ending May 31, 2007 or the incremental amount per kilowatthour paid for these resources in 2011.

No later than June 30, 2011, the Commission shall review the limitation on the amount of renewable energy resources procured pursuant to this subsection (c) and

report to the General Assembly its findings as to whether
that limitation unduly constrains the procurement of cost-
effective renewable energy resources.

(3) Through June 1, 2011, renewable energy
resources shall be counted for the purpose of meeting the
renewable energy standards set forth in paragraph (1) of
this subsection (c) only if they are generated from facilities
located in the State, provided that cost-effective renewable
energy resources are available from those facilities. If those
cost-effective resources are not available in Illinois, they
shall be procured in states that adjoin Illinois and may be
counted towards compliance. If those cost-effective
resources are not available in Illinois or in states that adjoin
Illinois, they shall be purchased elsewhere and shall be
counted towards compliance. After June 1, 2011, cost-
effective renewable energy resources located in Illinois and
in states that adjoin Illinois may be counted towards
compliance with the standards set forth in paragraph (1) of
this subsection (c). If those cost-effective resources are not
available in Illinois or in states that adjoin Illinois, they
shall be purchased elsewhere and shall be counted towards
compliance.

(4) The electric utility shall retire all renewable
energy credits used to comply with the standard.

(d) Clean coal portfolio standard.

(1) The procurement plans shall include electricity
generated using clean coal. Each utility shall enter into one or
more sourcing agreements with the initial clean coal facility, as
provided in paragraph (3) of this subsection (d), covering
electricity generated by the initial clean coal facility representing
at least 5% of each utility's total supply to serve the load of eligible
retail customers in 2015 and each year thereafter, as described in
paragraph (3) of this subsection (d), subject to the limits specified
in paragraph (2) of this subsection (d). It is the goal of the State
that by January 1, 2025, 25% of the electricity used in the State
shall be generated by cost-effective clean coal facilities. For
purposes of this subsection (d), "cost-effective" means that the
expenditures pursuant to such sourcing agreements do not cause
the limit stated in paragraph (2) of this subsection (d) to be
exceeded and do not exceed cost-based benchmarks, which shall be developed to assess all expenditures pursuant to such sourcing agreements covering electricity generated by clean coal facilities, other than the initial clean coal facility, by the procurement administrator, in consultation with the Commission staff, Agency staff, and the procurement monitor and shall be subject to Commission review and approval.

(A) A utility party to a sourcing agreement shall immediately retire any emission credits that it receives in connection with the electricity covered by such agreement.

(B) Utilities shall maintain adequate records documenting the purchases under the sourcing agreement to comply with this subsection (d) and shall file an accounting with the load forecast that must be filed with the Agency by July 15 of each year, in accordance with subsection (d) of Section 16-111.5 of the Public Utilities Act.

(C) A utility shall be deemed to have complied with the clean coal portfolio standard specified in this subsection (d) if the utility enters into a sourcing agreement as required by this subsection (d).

(2) For purposes of this subsection (d), the required execution of sourcing agreements with the initial clean coal facility for a particular year shall be measured as a percentage of the actual amount of electricity (megawatt-hours) supplied by the electric utility to eligible retail customers in the planning year ending immediately prior to the agreement's execution. For purposes of this subsection (d), the amount paid per kilowatthour means the total amount paid for electric service expressed on a per kilowatthour basis. For purposes of this subsection (d), the total amount paid for electric service includes without limitation amounts paid for supply, transmission, distribution, surcharges and add-on taxes.

Notwithstanding the requirements of this subsection (d), the total amount paid under sourcing agreements with clean coal facilities pursuant to the procurement plan for any given year shall be reduced by an amount necessary to limit the annual estimated average net increase due to the costs of these resources included in
the amounts paid by eligible retail customers in connection with electric service to:

(A) in 2010, no more than 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2009;

(B) in 2011, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2010 or 1% of the amount paid per kilowatthour by those customers during the year ending May 31, 2009;

(C) in 2012, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2011 or 1.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2009;

(D) in 2013, the greater of an additional 0.5% of the amount paid per kilowatthour by those customers during the year ending May 31, 2012 or 2% of the amount paid per kilowatthour by those customers during the year ending May 31, 2009; and

(E) thereafter, the total amount paid under sourcing agreements with clean coal facilities pursuant to the procurement plan for any single year shall be reduced by an amount necessary to limit the estimated average net increase due to the cost of these resources included in the amounts paid by eligible retail customers in connection with electric service to no more than the greater of (i) 2.015% of the amount paid per kilowatthour by those customers during the year ending May 31, 2009 or (ii) the incremental amount per kilowatthour paid for these resources in 2013. These requirements may be altered only as provided by statute. No later than June 30, 2015, the Commission shall review the limitation on the total amount paid under sourcing agreements, if any, with clean coal facilities pursuant to this subsection (d) and report to the General Assembly its findings.

as to whether that limitation unduly constrains the amount of electricity generated by cost-effective clean coal facilities that is covered by sourcing agreements.

(3) Initial clean coal facility. In order to promote development of clean coal facilities in Illinois, each electric utility subject to this Section shall execute a sourcing agreement to source electricity from a proposed clean coal facility in Illinois (the "initial clean coal facility") that will have a nameplate capacity of at least 500 MW when commercial operation commences, that has a final Clean Air Act permit on the effective date of this amendatory Act of the 95th General Assembly, and that will meet the definition of clean coal facility in Section 1-10 of this Act when commercial operation commences. The sourcing agreements with this initial clean coal facility shall be subject to both approval of the initial clean coal facility by the General Assembly and satisfaction of the requirements of paragraph (4) of this subsection (d) and shall be executed within 90 days after any such approval by the General Assembly. The Agency and the Commission shall have authority to inspect all books and records associated with the initial clean coal facility during the term of such a sourcing agreement. A utility's sourcing agreement for electricity produced by the initial clean coal facility shall include:

(A) a formula contractual price (the "contract price") approved pursuant to paragraph (4) of this subsection (d), which shall:

(i) be determined using a cost of service methodology employing either a level or deferred capital recovery component, based on a capital structure consisting of 45% equity and 55% debt, and a return on equity as may be approved by the Federal Energy Regulatory Commission, which in any case may not exceed the lower of 11.5% or the rate of return approved by the General Assembly pursuant to paragraph (4) of this subsection (d); and

(ii) provide that all miscellaneous net revenue, including but not limited to net revenue from the sale of emission allowances, if any,
substitute natural gas, if any, grants or other support provided by the State of Illinois or the United States Government, firm transmission rights, if any, by-products produced by the facility, energy or capacity derived from the facility and not covered by a sourcing agreement pursuant to paragraph (3) of this subsection (d) or item (5) of subsection (d) of Section 16-115 of the Public Utilities Act, whether generated from the synthesis gas derived from coal, from SNG, or from natural gas, shall be credited against the revenue requirement for this initial clean coal facility;

(B) power purchase provisions, which shall:

(i) provide that the utility party to such sourcing agreement shall pay the contract price for electricity delivered under such sourcing agreement;

(ii) require delivery of electricity to the regional transmission organization market of the utility that is party to such sourcing agreement;

(iii) require the utility party to such sourcing agreement to buy from the initial clean coal facility in each hour an amount of energy equal to all clean coal energy made available from the initial clean coal facility during such hour times a fraction, the numerator of which is such utility's retail market sales of electricity (expressed in kilowatthours sold) in the State during the prior calendar month and the denominator of which is the total retail market sales of electricity (expressed in kilowatthours sold) in the State by utilities during such prior month and the sales of electricity (expressed in kilowatthours sold) in the State by alternative retail electric suppliers during such prior month that are subject to the requirements of this subsection (d) and paragraph (5) of subsection (d) of Section 16-115 of the Public Utilities Act, provided that the amount purchased by the utility in any year will be limited by paragraph (2) of this subsection (d); and

New matter indicated in italics - deletions by strikeout.
(iv) be considered pre-existing contracts in such utility's procurement plans for eligible retail customers;

(C) contract for differences provisions, which shall:

(i) require the utility party to such sourcing agreement to contract with the initial clean coal facility in each hour with respect to an amount of energy equal to all clean coal energy made available from the initial clean coal facility during such hour times a fraction, the numerator of which is such utility's retail market sales of electricity (expressed in kilowatthours sold) in the utility's service territory in the State during the prior calendar month and the denominator of which is the total retail market sales of electricity (expressed in kilowatthours sold) in the State by utilities during such prior month and the sales of electricity (expressed in kilowatthours sold) in the State by alternative retail electric suppliers during such prior month that are subject to the requirements of this subsection (d) and paragraph (5) of subsection (d) of Section 16-115 of the Public Utilities Act, provided that the amount paid by the utility in any year will be limited by paragraph (2) of this subsection (d);

(ii) provide that the utility's payment obligation in respect of the quantity of electricity determined pursuant to the preceding clause (i) shall be limited to an amount equal to (1) the difference between the contract price determined pursuant to subparagraph (A) of paragraph (3) of this subsection (d) and the day-ahead price for electricity delivered to the regional transmission organization market of the utility that is party to such sourcing agreement (or any successor delivery point at which such utility's supply obligations are financially settled on an hourly basis) (the "reference price") on the day preceding the day on which the electricity is delivered to the initial clean

coal facility busbar, multiplied by (2) the quantity of
electricity determined pursuant to the preceding
clause (i); and

(iii) not require the utility to take physical
delivery of the electricity produced by the facility;
(D) general provisions, which shall:

(i) specify a term of no more than 30 years,
commencing on the commercial operation date of
the facility;

(ii) provide that utilities shall maintain
adequate records documenting purchases under the
sourcing agreements entered into to comply with
this subsection (d) and shall file an accounting with
the load forecast that must be filed with the Agency
by July 15 of each year, in accordance with
subsection (d) of Section 16-111.5 of the Public
Utilities Act.

(iii) provide that all costs associated with
the initial clean coal facility will be periodically
reported to the Federal Energy Regulatory
Commission and to purchasers in accordance with
applicable laws governing cost-based wholesale
power contracts;

(iv) permit the Illinois Power Agency to
assume ownership of the initial clean coal facility,
without monetary consideration and otherwise on
reasonable terms acceptable to the Agency, if the
Agency so requests no less than 3 years prior to the
end of the stated contract term;

(v) require the owner of the initial clean
clean coal facility to provide documentation to the
Commission each year, starting in the facility’s first
year of commercial operation, accurately reporting
the quantity of carbon emissions from the facility
that have been captured and sequestered and report
any quantities of carbon released from the site or
sites at which carbon emissions were sequestered in
prior years, based on continuous monitoring of such
sites. If, in any year after the first year of

commercial operation, the owner of the facility fails to demonstrate that the initial clean coal facility captured and sequestered at least 50% of the total carbon emissions that the facility would otherwise emit or that sequestration of emissions from prior years has failed, resulting in the release of carbon dioxide into the atmosphere, the owner of the facility must offset excess emissions. Any such carbon offsets must be permanent, additional, verifiable, real, located within the State of Illinois, and legally and practicably enforceable. The cost of such offsets for the facility that are not recoverable shall not exceed $15 million in any given year. No costs of any such purchases of carbon offsets may be recovered from a utility or its customers. All carbon offsets purchased for this purpose and any carbon emission credits associated with sequestration of carbon from the facility must be permanently retired. The initial clean coal facility shall not forfeit its designation as a clean coal facility if the facility fails to fully comply with the applicable carbon sequestration requirements in any given year, provided the requisite offsets are purchased. However, the Attorney General, on behalf of the People of the State of Illinois, may specifically enforce the facility's sequestration requirement and the other terms of this contract provision. Compliance with the sequestration requirements and offset purchase requirements specified in paragraph (3) of this subsection (d) shall be reviewed annually by an independent expert retained by the owner of the initial clean coal facility, with the advance written approval of the Attorney General. The Commission may, in the course of the review specified in item (vii), reduce the allowable return on equity for the facility if the facility willfully fails to comply with the carbon capture and sequestration requirements set forth in this item (v);

(vi) include limits on, and accordingly provide for modification of, the amount the utility is required to source under the sourcing agreement consistent with paragraph (2) of this subsection (d);

(vii) require Commission review: (1) to determine the justness, reasonableness, and prudence of the inputs to the formula referenced in subparagraphs (A)(i) through (A)(iii) of paragraph (3) of this subsection (d), prior to an adjustment in those inputs including, without limitation, the capital structure and return on equity, fuel costs, and other operations and maintenance costs and (2) to approve the costs to be passed through to customers under the sourcing agreement by which the utility satisfies its statutory obligations. Commission review shall occur no less than every 3 years, regardless of whether any adjustments have been proposed, and shall be completed within 9 months;

(viii) limit the utility's obligation to such amount as the utility is allowed to recover through tariffs filed with the Commission, provided that neither the clean coal facility nor the utility waives any right to assert federal pre-emption or any other argument in response to a purported disallowance of recovery costs;

(ix) limit the utility's or alternative retail electric supplier's obligation to incur any liability until such time as the facility is in commercial operation and generating power and energy and such power and energy is being delivered to the facility busbar;

(x) provide that the owner or owners of the initial clean coal facility, which is the counterparty to such sourcing agreement, shall have the right from time to time to elect whether the obligations of the utility party thereto shall be governed by the power purchase provisions or the contract for differences provisions;

New matter indicated in italics - deletions by strikeout.
(xi) append documentation showing that the formula rate and contract, insofar as they relate to the power purchase provisions, have been approved by the Federal Energy Regulatory Commission pursuant to Section 205 of the Federal Power Act;

(xii) provide that any changes to the terms of the contract, insofar as such changes relate to the power purchase provisions, are subject to review under the public interest standard applied by the Federal Energy Regulatory Commission pursuant to Sections 205 and 206 of the Federal Power Act; and

(xiii) conform with customary lender requirements in power purchase agreements used as the basis for financing non-utility generators.

(4) Effective date of sourcing agreements with the initial clean coal facility. Any proposed sourcing agreement with the initial clean coal facility shall not become effective unless the following reports are prepared and submitted and authorizations and approvals obtained:

  (i) Facility cost report. The owner of the initial clean coal facility shall submit to the Commission, the Agency, and the General Assembly a front-end engineering and design study, a facility cost report, method of financing (including but not limited to structure and associated costs), and an operating and maintenance cost quote for the facility (collectively “facility cost report”), which shall be prepared in accordance with the requirements of this paragraph (4) of subsection (d) of this Section, and shall provide the Commission and the Agency access to the work papers, relied upon documents, and any other backup documentation related to the facility cost report.

  (ii) Commission report. Within 6 months following receipt of the facility cost report, the Commission, in consultation with the Agency, shall submit a report to the General Assembly setting forth its analysis of the facility cost report. Such
report shall include, but not be limited to, a comparison of the costs associated with electricity generated by the initial clean coal facility to the costs associated with electricity generated by other types of generation facilities, an analysis of the rate impacts on residential and small business customers over the life of the sourcing agreements, and an analysis of the likelihood that the initial clean coal facility will commence commercial operation by and be delivering power to the facility's busbar by 2016. To assist in the preparation of its report, the Commission, in consultation with the Agency, may hire one or more experts or consultants, the costs of which shall be paid for by the owner of the initial clean coal facility. The Commission and Agency may begin the process of selecting such experts or consultants prior to receipt of the facility cost report.

(iii) General Assembly approval. The proposed sourcing agreements shall not take effect unless, based on the facility cost report and the Commission's report, the General Assembly enacts authorizing legislation approving (A) the projected price, stated in cents per kilowatthour, to be charged for electricity generated by the initial clean coal facility, (B) the projected impact on residential and small business customers' bills over the life of the sourcing agreements, and (C) the maximum allowable return on equity for the project; and

(iv) Commission review. If the General Assembly enacts authorizing legislation pursuant to subparagraph (iii) approving a sourcing agreement, the Commission shall, within 90 days of such enactment, complete a review of such sourcing agreement. During such time period, the Commission shall implement any directive of the General Assembly, resolve any disputes between the parties to the sourcing agreement concerning the terms of such agreement, approve the form of such agreement,

agreement, and issue an order finding that the sourcing agreement is prudent and reasonable.

The facility cost report shall be prepared as follows:

(A) The facility cost report shall be prepared by duly licensed engineering and construction firms detailing the estimated capital costs payable to one or more contractors or suppliers for the engineering, procurement and construction of the components comprising the initial clean coal facility and the estimated costs of operation and maintenance of the facility. The facility cost report shall include:

   (i) an estimate of the capital cost of the core plant based on one or more front end engineering and design studies for the gasification island and related facilities. The core plant shall include all civil, structural, mechanical, electrical, control, and safety systems.

   (ii) an estimate of the capital cost of the balance of the plant, including any capital costs associated with sequestration of carbon dioxide emissions and all interconnects and interfaces required to operate the facility, such as transmission of electricity, construction or backfeed power supply, pipelines to transport substitute natural gas or carbon dioxide, potable water supply, natural gas supply, water supply, water discharge, landfill, access roads, and coal delivery.

   The quoted construction costs shall be expressed in nominal dollars as of the date that the quote is prepared and shall include (1) capitalized financing costs during construction, (2) taxes, insurance, and other owner's costs, and (3) an assumed escalation in materials and labor beyond the date as of which the construction cost quote is expressed.

(B) The front end engineering and design study for the gasification island and the cost study for the balance of plant shall include sufficient design work to permit quantification of major categories of materials, commodities and labor hours, and receipt of quotes from

vendors of major equipment required to construct and operate the clean coal facility.

(C) The facility cost report shall also include an operating and maintenance cost quote that will provide the estimated cost of delivered fuel, personnel, maintenance contracts, chemicals, catalysts, consumables, spares, and other fixed and variable operations and maintenance costs.

(a) The delivered fuel cost estimate will be provided by a recognized third party expert or experts in the fuel and transportation industries.

(b) The balance of the operating and maintenance cost quote, excluding delivered fuel costs will be developed based on the inputs provided by duly licensed engineering and construction firms performing the construction cost quote, potential vendors under long-term service agreements and plant operating agreements, or recognized third party plant operator or operators.

The operating and maintenance cost quote (including the cost of the front end engineering and design study) shall be expressed in nominal dollars as of the date that the quote is prepared and shall include (1) taxes, insurance, and other owner's costs, and (2) an assumed escalation in materials and labor beyond the date as of which the operating and maintenance cost quote is expressed.

(D) The facility cost report shall also include (i) an analysis of the initial clean coal facility's ability to deliver power and energy into the applicable regional transmission organization markets and (ii) an analysis of the expected capacity factor for the initial clean coal facility.

(E) Amounts paid to third parties unrelated to the owner or owners of the initial clean coal facility to prepare the core plant construction cost quote, including the front end engineering and design study, and the operating and maintenance cost quote will be reimbursed through Coal Development Bonds.

(5) Re-powering and retrofiting coal-fired power plants previously owned by Illinois utilities to qualify as clean coal
facilities. During the 2009 procurement planning process and thereafter, the Agency and the Commission shall consider sourcing agreements covering electricity generated by power plants that were previously owned by Illinois utilities and that have been or will be converted into clean coal facilities, as defined by Section 1-10 of this Act. Pursuant to such procurement planning process, the owners of such facilities may propose to the Agency sourcing agreements with utilities and alternative retail electric suppliers required to comply with subsection (d) of this Section and item (5) of subsection (d) of Section 16-115 of the Public Utilities Act, covering electricity generated by such facilities. In the case of sourcing agreements that are power purchase agreements, the contract price for electricity sales shall be established on a cost of service basis. In the case of sourcing agreements that are contracts for differences, the contract price from which the reference price is subtracted shall be established on a cost of service basis. The Agency and the Commission may approve any such utility sourcing agreements that do not exceed cost-based benchmarks developed by the procurement administrator, in consultation with the Commission staff, Agency staff and the procurement monitor, subject to Commission review and approval. The Commission shall have authority to inspect all books and records associated with these clean coal facilities during the term of any such contract.

(6) Costs incurred under this subsection (d) or pursuant to a contract entered into under this subsection (d) shall be deemed prudently incurred and reasonable in amount and the electric utility shall be entitled to full cost recovery pursuant to the tariffs filed with the Commission.

(e) The draft procurement plans are subject to public comment, as required by Section 16-111.5 of the Public Utilities Act.

(f) The Agency shall submit the final procurement plan to the Commission. The Agency shall revise a procurement plan if the Commission determines that it does not meet the standards set forth in Section 16-111.5 of the Public Utilities Act.

(g) The Agency shall assess fees to each affected utility to recover the costs incurred in preparation of the annual procurement plan for the utility.

(h) The Agency shall assess fees to each bidder to recover the costs incurred in connection with a competitive procurement process.

Sec. 1-80. Resource Development Bureau. The Resource Development Bureau has the following duties and responsibilities:

(a) At the Agency's discretion, conduct feasibility studies on the construction of any facility. Funding for a study shall come from either:

(i) fees assessed by the Agency on municipal electric systems, governmental aggregators, unit or units of local government, or rural electric cooperatives requesting the feasibility study; or

(ii) an appropriation from the General Assembly.

(b) If the Agency undertakes the construction of a facility, moneys generated from the sale of revenue bonds by the Authority for the facility shall be used to reimburse the source of the money used for the facility's feasibility study.

(c) The Agency may develop, finance, construct, or operate electric generation and co-generation facilities that use indigenous coal or renewable resources, or both, financed with bonds issued by the Authority on behalf of the Agency. Any such facility that uses coal must be a clean coal facility and must be constructed in a location where the geology is suitable for carbon sequestration. The Agency may also develop, finance, construct, or operate a carbon sequestration facility.

(1) The Agency may enter into contractual arrangements with private and public entities, including but not limited to municipal electric systems, governmental aggregators, and rural electric cooperatives, to plan, site, construct, improve, rehabilitate, and operate those electric generation and co-generation facilities. No contract shall be entered into by the Agency that would jeopardize the tax-exempt status of any bond issued in connection with a project for which the Agency entered into the contract.

(2) The Agency shall hold at least one public hearing before entering into any such contractual

arrangements. At least 30-days' notice of the hearing shall be given by publication once in each week during that period in 6 newspapers within the State, at least one of which has a circulation area that includes the location of the proposed facility.

(3) The first facility that the Agency develops, finances, or constructs shall be a facility that uses coal produced in Illinois. The Agency may, however, also develop, finance, or construct renewable energy facilities after work on the first facility has commenced.

(4) The Agency may not develop, finance, or construct a nuclear power plant.

(5) The Agency shall assess fees to applicants seeking to partner with the Agency on projects.

(d) Use of electricity generated by the Agency's facilities. The Agency may supply electricity produced by the Agency's facilities to municipal electric systems, governmental aggregators, or rural electric cooperatives in Illinois. The electricity shall be supplied at cost.

(1) Contracts to supply power and energy from the Agency's facilities shall provide for the effectuation of the policies set forth in this Act.

(2) The contracts shall also provide that, notwithstanding any provision in the Public Utilities Act, entities supplied with power and energy from an Agency facility shall supply the power and energy to retail customers at the same price paid to purchase power and energy from the Agency.

(e) Electric utilities shall not be required to purchase electricity directly or indirectly from facilities developed or sponsored by the Agency.

(f) The Agency may sell excess capacity and excess energy into the wholesale electric market at prevailing market rates; provided, however, the Agency may not sell excess capacity or excess energy through the procurement process described in Section 16-111.5 of the Public Utilities Act.

(g) The Agency shall not directly sell electric power and energy to retail customers. Nothing in this paragraph shall be construed to prohibit

sales to municipal electric systems, governmental aggregators, or rural electric cooperatives.

Section 1-10. The Public Utilities Act is amended by changing Sections 9-220, 16-101A, 16-111.5, 16-115, and 16-116 as follows:
(220 ILCS 5/9-220) (from Ch. 111 2/3, par. 9-220)
Sec. 9-220. Rate changes based on changes in fuel costs.
(a) Notwithstanding the provisions of Section 9-201, the Commission may authorize the increase or decrease of rates and charges based upon changes in the cost of fuel used in the generation or production of electric power, changes in the cost of purchased power, or changes in the cost of purchased gas through the application of fuel adjustment clauses or purchased gas adjustment clauses. The Commission may also authorize the increase or decrease of rates and charges based upon expenditures or revenues resulting from the purchase or sale of emission allowances created under the federal Clean Air Act Amendments of 1990, through such fuel adjustment clauses, as a cost of fuel. For the purposes of this paragraph, cost of fuel used in the generation or production of electric power shall include the amount of any fees paid by the utility for the implementation and operation of a process for the desulfurization of the flue gas when burning high sulfur coal at any location within the State of Illinois irrespective of the attainment status designation of such location; but shall not include transportation costs of coal (i) except to the extent that for contracts entered into on and after the effective date of this amendatory Act of 1997, the cost of the coal, including transportation costs, constitutes the lowest cost for adequate and reliable fuel supply reasonably available to the public utility in comparison to the cost, including transportation costs, of other adequate and reliable sources of fuel supply reasonably available to the public utility, or (ii) except as otherwise provided in the next 3 sentences of this paragraph. Such costs of fuel shall, when requested by a utility or at the conclusion of the utility's next general electric rate proceeding, whichever shall first occur, include transportation costs of coal purchased under existing coal purchase contracts. For purposes of this paragraph "existing coal purchase contracts" means contracts for the purchase of coal in effect on the effective date of this amendatory Act of 1991, as such contracts may thereafter be amended, but only to the extent that any such amendment does not increase the aggregate quantity of coal to be purchased under such contract. Nothing herein shall authorize an electric utility to recover

through its fuel adjustment clause any amounts of transportation costs of coal that were included in the revenue requirement used to set base rates in its most recent general rate proceeding. Cost shall be based upon uniformly applied accounting principles. Annually, the Commission shall initiate public hearings to determine whether the clauses reflect actual costs of fuel, gas, power, or coal transportation purchased to determine whether such purchases were prudent, and to reconcile any amounts collected with the actual costs of fuel, power, gas, or coal transportation prudently purchased. In each such proceeding, the burden of proof shall be upon the utility to establish the prudence of its cost of fuel, power, gas, or coal transportation purchases and costs. The Commission shall issue its final order in each such annual proceeding for an electric utility by December 31 of the year immediately following the year to which the proceeding pertains, provided, that the Commission shall issue its final order with respect to such annual proceeding for the years 1996 and earlier by December 31, 1998.

(b) A public utility providing electric service, other than a public utility described in subsections (e) or (f) of this Section, may at any time during the mandatory transition period file with the Commission proposed tariff sheets that eliminate the public utility's fuel adjustment clause and adjust the public utility's base rate tariffs by the amount necessary for the base fuel component of the base rates to recover the public utility's average fuel and power supply costs per kilowatt-hour for the 2 most recent years for which the Commission has issued final orders in annual proceedings pursuant to subsection (a), where the average fuel and power supply costs per kilowatt-hour shall be calculated as the sum of the public utility's prudent and allowable fuel and power supply costs as found by the Commission in the 2 proceedings divided by the public utility's actual jurisdictional kilowatt-hour sales for those 2 years. Notwithstanding any contrary or inconsistent provisions in Section 9-201 of this Act, in subsection (a) of this Section or in any rules or regulations promulgated by the Commission pursuant to subsection (g) of this Section, the Commission shall review and shall by order approve, or approve as modified, the proposed tariff sheets within 60 days after the date of the public utility's filing. The Commission may modify the public utility's proposed tariff sheets only to the extent the Commission finds necessary to achieve conformance to the requirements of this subsection (b). During the 5 years following the date of the Commission's order, but in any event no earlier than January 1, 2007, a public utility whose fuel adjustment clause

has been eliminated pursuant to this subsection shall not file proposed
tariff sheets seeking, or otherwise petition the Commission for,
reinstatement of a fuel adjustment clause.

(c) Notwithstanding any contrary or inconsistent provisions in
Section 9-201 of this Act, in subsection (a) of this Section or in any rules
or regulations promulgated by the Commission pursuant to subsection (g)
of this Section, a public utility providing electric service, other than a
public utility described in subsection (e) or (f) of this Section, may at any
time during the mandatory transition period file with the Commission
proposed tariff sheets that establish the rate per kilowatt-hour to be applied
pursuant to the utility's fuel adjustment clause at the average value
for such rate during the preceding 24 months, provided that such average
rate results in a credit to customers' bills, without making any revisions to
the public utility's base rate tariffs. The proposed tariff sheets shall
establish the fuel adjustment rate for a specific time period of at least 3
years but not more than 5 years, provided that the terms and conditions for
any reinstatement earlier than 5 years shall be set forth in the proposed
tariff sheets and subject to modification or approval by the Commission.
The Commission shall review and shall by order approve the proposed
tariff sheets if it finds that the requirements of this subsection are met. The
Commission shall not conduct the annual hearings specified in the last 3
sentences of subsection (a) of this Section for the utility for the period that
the factor established pursuant to this subsection is in effect.

(d) A public utility providing electric service, or a public utility
providing gas service may file with the Commission proposed tariff sheets
that eliminate the public utility's fuel or purchased gas adjustment clause
and adjust the public utility's base rate tariffs to provide for recovery of
power supply costs or gas supply costs that would have been recovered
through such clause; provided, that the provisions of this subsection (d)
shall not be available to a public utility described in subsections (e) or (f)
of this Section to eliminate its fuel adjustment clause. Notwithstanding any
contrary or inconsistent provisions in Section 9-201 of this Act, in
subsection (a) of this Section, or in any rules or regulations promulgated
by the Commission pursuant to subsection (g) of this Section, the
Commission shall review and shall by order approve, or approve as
modified in the Commission's order, the proposed tariff sheets within 240
days after the date of the public utility's filing. The Commission's order
shall approve rates and charges that the Commission, based on information
in the public utility's filing or on the record if a hearing is held by the

Commission, finds will recover the reasonable, prudent and necessary jurisdictional power supply costs or gas supply costs incurred or to be incurred by the public utility during a 12 month period found by the Commission to be appropriate for these purposes, provided, that such period shall be either (i) a 12 month historical period occurring during the 15 months ending on the date of the public utility's filing, or (ii) a 12 month future period ending no later than 15 months following the date of the public utility's filing. The public utility shall include with its tariff filing information showing both (1) its actual jurisdictional power supply costs or gas supply costs for a 12 month historical period conforming to (i) above and (2) its projected jurisdictional power supply costs or gas supply costs for a future 12 month period conforming to (ii) above. If the Commission's order requires modifications in the tariff sheets filed by the public utility, the public utility shall have 7 days following the date of the order to notify the Commission whether the public utility will implement the modified tariffs or elect to continue its fuel or purchased gas adjustment clause in force as though no order had been entered. The Commission's order shall provide for any reconciliation of power supply costs or gas supply costs, as the case may be, and associated revenues through the date that the public utility's fuel or purchased gas adjustment clause is eliminated. During the 5 years following the date of the Commission's order, a public utility whose fuel or purchased gas adjustment clause has been eliminated pursuant to this subsection shall not file proposed tariff sheets seeking, or otherwise petition the Commission for, reinstatement or adoption of a fuel or purchased gas adjustment clause. Nothing in this subsection (d) shall be construed as limiting the Commission's authority to eliminate a public utility's fuel adjustment clause or purchased gas adjustment clause in accordance with any other applicable provisions of this Act.

(e) Notwithstanding any contrary or inconsistent provisions in Section 9-201 of this Act, in subsection (a) of this Section, or in any rules promulgated by the Commission pursuant to subsection (g) of this Section, a public utility providing electric service to more than 1,000,000 customers in this State may, within the first 6 months after the effective date of this amendatory Act of 1997, file with the Commission proposed tariff sheets that eliminate, effective January 1, 1997, the public utility's fuel adjustment clause without adjusting its base rates, and such tariff sheets shall be effective upon filing. To the extent the application of the fuel adjustment clause had resulted in net charges to customers after
January 1, 1997, the utility shall also file a tariff sheet that provides for a refund stated on a per kilowatt-hour basis of such charges over a period not to exceed 6 months; provided however, that such refund shall not include the proportional amounts of taxes paid under the Use Tax Act, Service Use Tax Act, Service Occupation Tax Act, and Retailers' Occupation Tax Act on fuel used in generation. The Commission shall issue an order within 45 days after the date of the public utility's filing approving or approving as modified such tariff sheet. If the fuel adjustment clause is eliminated pursuant to this subsection, the Commission shall not conduct the annual hearings specified in the last 3 sentences of subsection (a) of this Section for the utility for any period after December 31, 1996 and prior to any reinstatement of such clause. A public utility whose fuel adjustment clause has been eliminated pursuant to this subsection shall not file a proposed tariff sheet seeking, or otherwise petition the Commission for, reinstatement of the fuel adjustment clause prior to January 1, 2007.

(f) Notwithstanding any contrary or inconsistent provisions in Section 9-201 of this Act, in subsection (a) of this Section, or in any rules or regulations promulgated by the Commission pursuant to subsection (g) of this Section, a public utility providing electric service to more than 500,000 customers but fewer than 1,000,000 customers in this State may, within the first 6 months after the effective date of this amendatory Act of 1997, file with the Commission proposed tariff sheets that eliminate, effective January 1, 1997, the public utility's fuel adjustment clause and adjust its base rates by the amount necessary for the base fuel component of the base rates to recover 91% of the public utility's average fuel and power supply costs for the 2 most recent years for which the Commission, as of January 1, 1997, has issued final orders in annual proceedings pursuant to subsection (a), where the average fuel and power supply costs per kilowatt-hour shall be calculated as the sum of the public utility's prudent and allowable fuel and power supply costs as found by the Commission in the 2 proceedings divided by the public utility's actual jurisdictional kilowatt-hour sales for those 2 years, provided, that such tariff sheets shall be effective upon filing. To the extent the application of the fuel adjustment clause had resulted in net charges to customers after January 1, 1997, the utility shall also file a tariff sheet that provides for a refund stated on a per kilowatt-hour basis of such charges over a period not to exceed 6 months. Provided however, that such refund shall not include the proportional amounts of taxes paid under the Use Tax Act,
Service Use Tax Act, Service Occupation Tax Act, and Retailers' Occupation Tax Act on fuel used in generation. The Commission shall issue an order within 45 days after the date of the public utility's filing approving or approving as modified such tariff sheet. If the fuel adjustment clause is eliminated pursuant to this subsection, the Commission shall not conduct the annual hearings specified in the last 3 sentences of subsection (a) of this Section for the utility for any period after December 31, 1996 and prior to any reinstatement of such clause. A public utility whose fuel adjustment clause has been eliminated pursuant to this subsection shall not file a proposed tariff sheet seeking, or otherwise petition the Commission for, reinstatement of the fuel adjustment clause prior to January 1, 2007.

(g) The Commission shall have authority to promulgate rules and regulations to carry out the provisions of this Section.

(h) Any gas utility may enter into a contract for up to 20 years of supply with any company for the purchase of substitute natural gas (SNG) produced from coal through the gasification process if the company has commenced construction of a coal gasification facility by July 1, 2010. The cost for the SNG is reasonable and prudent and recoverable through the purchased gas adjustment clause for years one through 10 of the contract if: (i) the only coal used in the gasification process has high volatile bituminous rank and greater than 1.7 pounds of sulfur per million Btu content; (ii) at the time the contract term commences, the price per million Btu does not exceed $7.95 in 2008 dollars, adjusted annually based on the change in the Annual Consumer Price Index for All Urban Consumers for the Midwest Region as published in April by the United States Department of Labor, Bureau of Labor Statistics (or a suitable Consumer Price Index calculation if this Consumer Price Index is not available) for the previous calendar year; provided that the price per million Btu shall not exceed $9.95 at any time during the contract; (iii) the utility's aggregate long-term supply contracts for the purchase of SNG does not exceed 25% of the annual system supply requirements of the utility at the time the contract is entered into and the quantity of SNG supplied to a utility by any one producer may not exceed 20 billion cubic feet per year; and (iv) the contract is entered into within 120 days after the effective date of this amendatory Act of the 95th General Assembly and terminates no more than 20 years after the commencement of the commercial production of SNG at the facility. Contracts greater than 10 years shall provide that if, at any time during supply years 11 through 20
of the contract, the Commission determines that the cost for the synthetic natural gas purchased under the contract during supply years 11 through 20 is not reasonable and prudent, then the company shall reimburse the utility for the difference between the cost deemed reasonable and prudent by the Commission and the cost imposed under the contract. All such contracts, regardless of duration, shall require the owner of any facility supplying SNG under the contract to provide documentation to the Commission each year, starting in the facility's first year of commercial operation, accurately reporting the quantity of carbon dioxide emissions from the facility that have been captured and sequestered and reporting any quantities of carbon dioxide released from the site or sites at which carbon dioxide emissions were sequestered in prior years, based on continuous monitoring of those sites. If, in any year, the owner of the facility fails to demonstrate that the SNG facility captured and sequestered at least 90% of the total carbon dioxide emissions that the facility would otherwise emit or that sequestration of emissions from prior years has failed, resulting in the release of carbon dioxide into the atmosphere, then the owner of the facility must offset excess emissions. Any such carbon dioxide offsets must be permanent, additional, verifiable, real, located within the State of Illinois, and legally and practicably enforceable. The costs of such offsets shall not exceed $40 million in any given year. No costs of any purchases of carbon offsets may be recovered from a utility or its customers. All carbon offsets purchased for this purpose must be permanently retired. In addition, carbon dioxide emission credits equivalent to 50% of the amount of credits associated with the required sequestration of carbon dioxide from the facility must be permanently retired. Compliance with the sequestration requirements and the offset purchase requirements specified in this subsection (h) shall be assessed annually by an independent expert retained by the owner of the SNG facility, with the advance written approval of the Attorney General. An SNG facility operating pursuant to this subsection (h) shall not forfeit its designation as a clean coal SNG facility if the facility fails to fully comply with the applicable carbon sequestration requirements in any given year, provided the requisite offsets are purchased. However, the Attorney General, on behalf of the People of the State of Illinois, may specifically enforce the facility's sequestration requirements. Any gas utility may enter into a 20-year supply contract with any company for synthetic natural gas produced from coal through the gasification process if the company has commenced construction of a coal gasification facility by July 1, 2008.

The cost for the synthetic natural gas is reasonable and prudent and recoverable through the purchased gas adjustment clause for years one through 10 of the contract if: (i) the only coal used in the gasification process has high volatile bituminous rank and greater than 1.7 pounds of sulfur per million Btu content; (ii) at the time the contract term commences, the price per million Btu does not exceed $5 in 2004 dollars, adjusted annually based on the change in the Annual Consumer Price Index for All Urban Consumers for the Midwest Region as published in April by the United States Department of Labor, Bureau of Labor Statistics (or a suitable Consumer Price Index calculation if this Consumer Price Index is not available) for the previous calendar year; provided that the price per million Btu shall not exceed $5.50 at any time during the contract; (iii) the utility’s aggregate long-term supply contracts for the purchase of synthetic natural gas produced from coal through the gasification process does not exceed 25% of the annual system supply requirements of the utility at the time the contract is entered into; and (iv) the contract is entered into within one year after the effective date of this amendatory Act of the 94th General Assembly and terminates 20 years after the commencement of the production of synthetic natural gas. The contract shall provide that if, at any time during years 11 through 20 of the contract, the Commission determines that the cost for the synthetic natural gas under the contract is not reasonable and prudent, then the company shall reimburse the utility for the difference between the cost deemed reasonable and prudent by the Commission and the cost imposed under the contract.

(i) If a gas utility or an affiliate of a gas utility has an ownership interest in any entity that produces or sells synthetic natural gas, Article VII of this Act shall apply.

Sec. 16-101A. Legislative findings.

(a) The citizens and businesses of the State of Illinois have been well-served by a comprehensive electrical utility system which has provided safe, reliable, and affordable service. The electrical utility system in the State of Illinois has historically been subject to State and federal regulation, aimed at assuring the citizens and businesses of the State of safe, reliable, and affordable service, while at the same time assuring the utility system of a return on its investment.

New matter indicated in italics - deletions by strikeout.
(b) Competitive forces are affecting the market for electricity as a result of recent federal regulatory and statutory changes and the activities of other states. Competition in the electric services market may create opportunities for new products and services for customers and lower costs for users of electricity. Long-standing regulatory relationships need to be altered to accommodate the competition that could fundamentally alter the structure of the electric services market.

(c) With the advent of increasing competition in this industry, the State has a continued interest in assuring that the safety, reliability, and affordability of electrical power is not sacrificed to competitive pressures, and to that end, intends to implement safeguards to assure that the industry continues to operate the electrical system in a manner that will serve the public's interest. Under the existing regulatory framework, the industry has been encouraged to undertake certain investments in its physical plant and personnel to enhance its efficient operation, the cost of which it has been permitted to pass on to consumers. The State has an interest in providing the existing utilities a reasonable opportunity to obtain a return on certain investments on which they depended in undertaking those commitments in the first instance while, at the same time, not permitting new entrants into the industry to take unreasonable advantage of the investments made by the formerly regulated industry.

(d) A competitive wholesale and retail market must benefit all Illinois citizens. The Illinois Commerce Commission should act to promote the development of an effectively competitive electricity market that operates efficiently and is equitable to all consumers. Consumer protections must be in place to ensure that all customers continue to receive safe, reliable, affordable, and environmentally safe electric service.

(e) All consumers must benefit in an equitable and timely fashion from the lower costs for electricity that result from retail and wholesale competition and receive sufficient information to make informed choices among suppliers and services. The use of renewable resources and energy efficiency resources should be encouraged in competitive markets.

(f) The efficiency of electric markets depends both upon the competitiveness of supply and upon the price-responsiveness of the demand for service. Therefore, to ensure the lowest total cost of service and to enhance the reliability of service, all classes of the electricity customers of electric utilities should have access to and be able to voluntarily use real-time pricing and other price-response and demand-response mechanisms.

(g) Including cost-effective renewable resources and demand-response resources in a diverse electricity supply portfolio will reduce long-term direct and indirect costs to consumers by decreasing environmental impacts and by avoiding or delaying the need for new generation, transmission, and distribution infrastructure. It serves the public interest to allow electric utilities to recover costs for reasonably and prudently incurred expenses for electricity generated by renewable resources and demand-response resources.

(h) Including electricity generated by clean coal facilities, as defined under Section 1-10 of the Illinois Power Agency Act, in a diverse electricity procurement portfolio will reduce the need to purchase, directly or indirectly, carbon dioxide emission credits and will decrease environmental impacts. It serves the public interest to allow electric utilities to recover costs for reasonably and prudently incurred expenses for sourcing electricity generated by clean coal facilities.

Sec. 16-111.5. Provisions relating to procurement.

(a) An electric utility that on December 31, 2005 served at least 100,000 customers in Illinois shall procure power and energy for its eligible retail customers in accordance with the applicable provisions set forth in Section 1-75 of the Illinois Power Agency Act and this Section. "Eligible retail customers" for the purposes of this Section means those retail customers that purchase power and energy from the electric utility under fixed-price bundled service tariffs, other than those retail customers whose service is declared or deemed competitive under Section 16-113 and those other customer groups specified in this Section, including self-generating customers, customers electing hourly pricing, or those customers who are otherwise ineligible for fixed-price bundled tariff service. Those customers that are excluded from the definition of "eligible retail customers" shall not be included in the procurement plan load requirements, and the utility shall procure any supply requirements, including capacity, ancillary services, and hourly priced energy, in the applicable markets as needed to serve those customers, provided that the utility may include in its procurement plan load requirements for the load that is associated with those retail customers whose service has been declared or deemed competitive pursuant to Section 16-113 of this Act to the extent that those customers are purchasing power and energy during

one of the transition periods identified in subsection (b) of Section 16-113 of this Act.

(b) A procurement plan shall be prepared for each electric utility consistent with the applicable requirements of the Illinois Power Agency Act and this Section. For purposes of this Section, Illinois electric utilities that are affiliated by virtue of a common parent company are considered to be a single electric utility. Each procurement plan shall analyze the projected balance of supply and demand for eligible retail customers over a 5-year period with the first planning year beginning on June 1 of the year following the year in which the plan is filed. The plan shall specifically identify the wholesale products to be procured following plan approval, and shall follow all the requirements set forth in the Public Utilities Act and all applicable State and federal laws, statutes, rules, or regulations, as well as Commission orders. Nothing in this Section precludes consideration of contracts longer than 5 years and related forecast data. Unless specified otherwise in this Section, in the procurement plan or in the implementing tariff, any procurement occurring in accordance with this plan shall be competitively bid through a request for proposals process. Approval and implementation of the procurement plan shall be subject to review and approval by the Commission according to the provisions set forth in this Section. A procurement plan shall include each of the following components:

1. Hourly load analysis. This analysis shall include:
   (i) multi-year historical analysis of hourly loads;
   (ii) switching trends and competitive retail market analysis;
   (iii) known or projected changes to future loads; and
   (iv) growth forecasts by customer class.

2. Analysis of the impact of any demand side and renewable energy initiatives. This analysis shall include:
   (i) the impact of demand response programs, both current and projected;
   (ii) supply side needs that are projected to be offset by purchases of renewable energy resources, if any; and
   (iii) the impact of energy efficiency programs, both current and projected.

3. A plan for meeting the expected load requirements that will not be met through preexisting contracts. This plan shall include:

New matter indicated in italics - deletions by strikeout.
(i) definitions of the different retail customer classes for which supply is being purchased;

(ii) the proposed mix of demand-response products for which contracts will be executed during the next year. The cost-effective demand-response measures shall be procured whenever the cost is lower than procuring comparable capacity products, provided that such products shall:

(A) be procured by a demand-response provider from eligible retail customers;

(B) at least satisfy the demand-response requirements of the regional transmission organization market in which the utility's service territory is located, including, but not limited to, any applicable capacity or dispatch requirements;

(C) provide for customers' participation in the stream of benefits produced by the demand-response products;

(D) provide for reimbursement by the demand-response provider of the utility for any costs incurred as a result of the failure of the supplier of such products to perform its obligations thereunder; and

(E) meet the same credit requirements as apply to suppliers of capacity, in the applicable regional transmission organization market;

(iii) monthly forecasted system supply requirements, including expected minimum, maximum, and average values for the planning period;

(iv) the proposed mix and selection of standard wholesale products for which contracts will be executed during the next year, separately or in combination, to meet that portion of its load requirements not met through pre-existing contracts, including but not limited to monthly 5 x 16 peak period block energy, monthly off-peak wrap energy, monthly 7 x 24 energy, annual 5 x 16 energy, annual off-peak wrap energy, annual 7 x 24 energy, monthly capacity, annual capacity, peak load capacity obligations, capacity purchase plan, and ancillary services;

New matter indicated in italics - deletions by strikeout.
(v) (**) proposed term structures for each wholesale product type included in the proposed procurement plan portfolio of products; and

(vi) (**) an assessment of the price risk, load uncertainty, and other factors that are associated with the proposed procurement plan; this assessment, to the extent possible, shall include an analysis of the following factors: contract terms, time frames for securing products or services, fuel costs, weather patterns, transmission costs, market conditions, and the governmental regulatory environment; the proposed procurement plan shall also identify alternatives for those portfolio measures that are identified as having significant price risk.

(4) Proposed procedures for balancing loads. The procurement plan shall include, for load requirements included in the procurement plan, the process for (i) hourly balancing of supply and demand and (ii) the criteria for portfolio re-balancing in the event of significant shifts in load.

(c) The procurement process set forth in Section 1-75 of the Illinois Power Agency Act and subsection (e) of this Section shall be administered by a procurement administrator and monitored by a procurement monitor.

(1) The procurement administrator shall:

(i) design the final procurement process in accordance with Section 1-75 of the Illinois Power Agency Act and subsection (e) of this Section following Commission approval of the procurement plan;

(ii) develop benchmarks in accordance with subsection (e)(3) to be used to evaluate bids; these benchmarks shall be submitted to the Commission for review and approval on a confidential basis prior to the procurement event;

(iii) serve as the interface between the electric utility and suppliers;

(iv) manage the bidder pre-qualification and registration process;

(v) obtain the electric utilities' agreement to the final form of all supply contracts and credit collateral agreements;

(vi) administer the request for proposals process;

New matter indicated in italics - deletions by strikeout.
(vii) have the discretion to negotiate to determine whether bidders are willing to lower the price of bids that meet the benchmarks approved by the Commission; any post-bid negotiations with bidders shall be limited to price only and shall be completed within 24 hours after opening the sealed bids and shall be conducted in a fair and unbiased manner; in conducting the negotiations, there shall be no disclosure of any information derived from proposals submitted by competing bidders; if information is disclosed to any bidder, it shall be provided to all competing bidders;

(viii) maintain confidentiality of supplier and bidding information in a manner consistent with all applicable laws, rules, regulations, and tariffs;

(ix) submit a confidential report to the Commission recommending acceptance or rejection of bids;

(x) notify the utility of contract counterparties and contract specifics; and

(xi) administer related contingency procurement events.

(2) The procurement monitor, who shall be retained by the Commission, shall:

(i) monitor interactions among the procurement administrator, suppliers, and utility;

(ii) monitor and report to the Commission on the progress of the procurement process;

(iii) provide an independent confidential report to the Commission regarding the results of the procurement event;

(iv) assess compliance with the procurement plans approved by the Commission for each utility that on December 31, 2005 provided electric service to a least 100,000 customers in Illinois;

(v) preserve the confidentiality of supplier and bidding information in a manner consistent with all applicable laws, rules, regulations, and tariffs;

(vi) provide expert advice to the Commission and consult with the procurement administrator regarding issues

New matter indicated in italics - deletions by strikeout.
related to procurement process design, rules, protocols, and policy-related matters; and

(vii) consult with the procurement administrator regarding the development and use of benchmark criteria, standard form contracts, credit policies, and bid documents.

(d) Except as provided in subsection (j), the planning process shall be conducted as follows:

(1) Beginning in 2008, each Illinois utility procuring power pursuant to this Section shall annually provide a range of load forecasts to the Illinois Power Agency by July 15 of each year, or such other date as may be required by the Commission or Agency. The load forecasts shall cover the 5-year procurement planning period for the next procurement plan and shall include hourly data representing a high-load, low-load and expected-load scenario for the load of the eligible retail customers. The utility shall provide supporting data and assumptions for each of the scenarios.

(2) Beginning in 2008, the Illinois Power Agency shall prepare a procurement plan by August 15th of each year, or such other date as may be required by the Commission. The procurement plan shall identify the portfolio of demand-response and power and energy products to be procured. Cost-effective demand-response measures shall be procured as set forth in item (iii) of subsection (b) of this Section. Copies of the procurement plan shall be posted and made publicly available on the Agency's and Commission's websites, and copies shall also be provided to each affected electric utility. An affected utility shall have 30 days following the date of posting to provide comment to the Agency on the procurement plan. Other interested entities also may comment on the procurement plan. All comments submitted to the Agency shall be specific, supported by data or other detailed analyses, and, if objecting to all or a portion of the procurement plan, accompanied by specific alternative wording or proposals. All comments shall be posted on the Agency's and Commission's websites. During this 30-day comment period, the Agency shall hold at least one public hearing within each utility's service area for the purpose of receiving public comment on the procurement plan. Within 14 days following the end of the 30-day review period, the Agency shall revise the procurement plan as necessary based on the
comments received and file the procurement plan with the Commission and post the procurement plan on the websites.

(3) Within 5 days after the filing of the procurement plan, any person objecting to the procurement plan shall file an objection with the Commission. Within 10 days after the filing, the Commission shall determine whether a hearing is necessary. The Commission shall enter its order confirming or modifying the procurement plan within 90 days after the filing of the procurement plan by the Illinois Power Agency.

(4) The Commission shall approve the procurement plan, including expressly the forecast used in the procurement plan, if the Commission determines that it will ensure adequate, reliable, affordable, efficient, and environmentally sustainable electric service at the lowest total cost over time, taking into account any benefits of price stability.

(e) The procurement process shall include each of the following components:

(1) Solicitation, pre-qualification, and registration of bidders. The procurement administrator shall disseminate information to potential bidders to promote a procurement event, notify potential bidders that the procurement administrator may enter into a post-bid price negotiation with bidders that meet the applicable benchmarks, provide supply requirements, and otherwise explain the competitive procurement process. In addition to such other publication as the procurement administrator determines is appropriate, this information shall be posted on the Illinois Power Agency's and the Commission's websites. The procurement administrator shall also administer the prequalification process, including evaluation of credit worthiness, compliance with procurement rules, and agreement to the standard form contract developed pursuant to paragraph (2) of this subsection (e). The procurement administrator shall then identify and register bidders to participate in the procurement event.

(2) Standard contract forms and credit terms and instruments. The procurement administrator, in consultation with the utilities, the Commission, and other interested parties and subject to Commission oversight, shall develop and provide standard contract forms for the supplier contracts that meet generally accepted industry practices. Standard credit terms and

New matter indicated in italics - deletions by strikeout.
instruments that meet generally accepted industry practices shall be similarly developed. The procurement administrator shall make available to the Commission all written comments it receives on the contract forms, credit terms, or instruments. If the procurement administrator cannot reach agreement with the applicable electric utility as to the contract terms and conditions, the procurement administrator must notify the Commission of any disputed terms and the Commission shall resolve the dispute. The terms of the contracts shall not be subject to negotiation by winning bidders, and the bidders must agree to the terms of the contract in advance so that winning bids are selected solely on the basis of price.

(3) Establishment of a market-based price benchmark. As part of the development of the procurement process, the procurement administrator, in consultation with the Commission staff, Agency staff, and the procurement monitor, shall establish benchmarks for evaluating the final prices in the contracts for each of the products that will be procured through the procurement process. The benchmarks shall be based on price data for similar products for the same delivery period and same delivery hub, or other delivery hubs after adjusting for that difference. The price benchmarks may also be adjusted to take into account differences between the information reflected in the underlying data sources and the specific products and procurement process being used to procure power for the Illinois utilities. The benchmarks shall be confidential but shall be provided to, and will be subject to Commission review and approval, prior to a procurement event.

(4) Request for proposals competitive procurement process. The procurement administrator shall design and issue a request for proposals to supply electricity in accordance with each utility's procurement plan, as approved by the Commission. The request for proposals shall set forth a procedure for sealed, binding commitment bidding with pay-as-bid settlement, and provision for selection of bids on the basis of price.

(5) A plan for implementing contingencies in the event of supplier default or failure of the procurement process to fully meet the expected load requirement due to insufficient supplier participation, Commission rejection of results, or any other cause.

(i) Event of supplier default: In the event of supplier default, the utility shall review the contract of the defaulting

supplier to determine if the amount of supply is 200 megawatts or greater, and if there are more than 60 days remaining of the contract term. If both of these conditions are met, and the default results in termination of the contract, the utility shall immediately notify the Illinois Power Agency that a request for proposals must be issued to procure replacement power, and the procurement administrator shall run an additional procurement event. If the contracted supply of the defaulting supplier is less than 200 megawatts or there are less than 60 days remaining of the contract term, the utility shall procure power and energy from the applicable regional transmission organization market, including ancillary services, capacity, and day-ahead or real time energy, or both, for the duration of the contract term to replace the contracted supply; provided, however, that if a needed product is not available through the regional transmission organization market it shall be purchased from the wholesale market.

(ii) Failure of the procurement process to fully meet the expected load requirement: If the procurement process fails to fully meet the expected load requirement due to insufficient supplier participation or due to a Commission rejection of the procurement results, the procurement administrator, the procurement monitor, and the Commission staff shall meet within 10 days to analyze potential causes of low supplier interest or causes for the Commission decision. If changes are identified that would likely result in increased supplier participation, or that would address concerns causing the Commission to reject the results of the prior procurement event, the procurement administrator may implement those changes and rerun the request for proposals process according to a schedule determined by those parties and consistent with Section 1-75 of the Illinois Power Agency Act and this subsection. In any event, a new request for proposals process shall be implemented by the procurement administrator within 90 days after the determination that the procurement process has failed to fully meet the expected load requirement.

(iii) In all cases where there is insufficient supply provided under contracts awarded through the procurement process to fully meet the electric utility's load requirement, the utility shall meet the load requirement by procuring power and energy from the applicable regional transmission organization market, including ancillary services, capacity, and day-ahead or real time energy or both; provided, however, that if a needed product is not available through the regional transmission organization market it shall be purchased from the wholesale market.

(6) The procurement process described in this subsection is exempt from the requirements of the Illinois Procurement Code, pursuant to Section 20-10 of that Code.

(f) Within 2 business days after opening the sealed bids, the procurement administrator shall submit a confidential report to the Commission. The report shall contain the results of the bidding for each of the products along with the procurement administrator's recommendation for the acceptance and rejection of bids based on the price benchmark criteria and other factors observed in the process. The procurement monitor also shall submit a confidential report to the Commission within 2 business days after opening the sealed bids. The report shall contain the procurement monitor's assessment of bidder behavior in the process as well as an assessment of the procurement administrator's compliance with the procurement process and rules. The Commission shall review the confidential reports submitted by the procurement administrator and procurement monitor, and shall accept or reject the recommendations of the procurement administrator within 2 business days after receipt of the reports.

(g) Within 3 business days after the Commission decision approving the results of a procurement event, the utility shall enter into binding contractual arrangements with the winning suppliers using the standard form contracts; except that the utility shall not be required either directly or indirectly to execute the contracts if a tariff that is consistent with subsection (l) of this Section has not been approved and placed into effect for that utility.

(h) The names of the successful bidders and the load weighted average of the winning bid prices for each contract type and for each contract term shall be made available to the public at the time of Commission approval of a procurement event. The Commission, the

procurement monitor, the procurement administrator, the Illinois Power Agency, and all participants in the procurement process shall maintain the confidentiality of all other supplier and bidding information in a manner consistent with all applicable laws, rules, regulations, and tariffs. Confidential information, including the confidential reports submitted by the procurement administrator and procurement monitor pursuant to subsection (f) of this Section, shall not be made publicly available and shall not be discoverable by any party in any proceeding, absent a compelling demonstration of need, nor shall those reports be admissible in any proceeding other than one for law enforcement purposes.

(i) Within 2 business days after a Commission decision approving the results of a procurement event or such other date as may be required by the Commission from time to time, the utility shall file for informational purposes with the Commission its actual or estimated retail supply charges, as applicable, by customer supply group reflecting the costs associated with the procurement and computed in accordance with the tariffs filed pursuant to subsection (l) of this Section and approved by the Commission.

(j) Within 60 days following the effective date of this amendatory Act, each electric utility that on December 31, 2005 provided electric service to at least 100,000 customers in Illinois shall prepare and file with the Commission an initial procurement plan, which shall conform in all material respects to the requirements of the procurement plan set forth in subsection (b); provided, however, that the Illinois Power Agency Act shall not apply to the initial procurement plan prepared pursuant to this subsection. The initial procurement plan shall identify the portfolio of power and energy products to be procured and delivered for the period June 2008 through May 2009, and shall identify the proposed procurement administrator, who shall have the same experience and expertise as is required of a procurement administrator hired pursuant to Section 1-75 of the Illinois Power Agency Act. Copies of the procurement plan shall be posted and made publicly available on the Commission's website. The initial procurement plan may include contracts for renewable resources that extend beyond May 2009.

(i) Within 14 days following filing of the initial procurement plan, any person may file a detailed objection with the Commission contesting the procurement plan submitted by the electric utility. All objections to the electric utility's plan shall be specific, supported by data or other detailed analyses. The electric

utility may file a response to any objections to its procurement plan within 7 days after the date objections are due to be filed. Within 7 days after the date the utility's response is due, the Commission shall determine whether a hearing is necessary. If it determines that a hearing is necessary, it shall require the hearing to be completed and issue an order on the procurement plan within 60 days after the filing of the procurement plan by the electric utility.

(ii) The order shall approve or modify the procurement plan, approve an independent procurement administrator, and approve or modify the electric utility's tariffs that are proposed with the initial procurement plan. The Commission shall approve the procurement plan if the Commission determines that it will ensure adequate, reliable, affordable, efficient, and environmentally sustainable electric service at the lowest total cost over time, taking into account any benefits of price stability.

(k) In order to promote price stability for residential and small commercial customers during the transition to competition in Illinois, and notwithstanding any other provision of this Act, each electric utility subject to this Section shall enter into one or more multi-year financial swap contracts that become effective on the effective date of this amendatory Act. These contracts may be executed with generators and power marketers, including affiliated interests of the electric utility. These contracts shall be for a term of no more than 5 years and shall, for each respective utility or for any Illinois electric utilities that are affiliated by virtue of a common parent company and that are thereby considered a single electric utility for purposes of this subsection (k), not exceed in the aggregate 3,000 megawatts for any hour of the year. The contracts shall be financial contracts and not energy sales contracts. The contracts shall be executed as transactions under a negotiated master agreement based on the form of master agreement for financial swap contracts sponsored by the International Swaps and Derivatives Association, Inc. and shall be considered pre-existing contracts in the utilities' procurement plans for residential and small commercial customers. Costs incurred pursuant to a contract authorized by this subsection (k) shall be deemed prudently incurred and reasonable in amount and the electric utility shall be entitled to full cost recovery pursuant to the tariffs filed with the Commission.

(l) An electric utility shall recover its costs incurred under this Section, including, but not limited to, the costs of procuring power and energy demand-response resources under this Section. The utility shall file
with the initial procurement plan its proposed tariffs through which its costs of procuring power that are incurred pursuant to a Commission-approved procurement plan and those other costs identified in this subsection (l), will be recovered. The tariffs shall include a formula rate or charge designed to pass through both the costs incurred by the utility in procuring a supply of electric power and energy for the applicable customer classes with no mark-up or return on the price paid by the utility for that supply, plus any just and reasonable costs that the utility incurs in arranging and providing for the supply of electric power and energy. The formula rate or charge shall also contain provisions that ensure that its application does not result in over or under recovery due to changes in customer usage and demand patterns, and that provide for the correction, on at least an annual basis, of any accounting errors that may occur. A utility shall recover through the tariff all reasonable costs incurred to implement or comply with any procurement plan that is developed and put into effect pursuant to Section 1-75 of the Illinois Power Agency Act and this Section, including any fees assessed by the Illinois Power Agency, costs associated with load balancing, and contingency plan costs. The electric utility shall also recover its full costs of procuring electric supply for which it contracted before the effective date of this Section in conjunction with the provision of full requirements service under fixed-price bundled service tariffs subsequent to December 31, 2006. All such costs shall be deemed to have been prudently incurred. The pass-through tariffs that are filed and approved pursuant to this Section shall not be subject to review under, or in any way limited by, Section 16-111(i) of this Act.

(m) The Commission has the authority to adopt rules to carry out the provisions of this Section. For the public interest, safety, and welfare, the Commission also has authority to adopt rules to carry out the provisions of this Section on an emergency basis immediately following the effective date of this amendatory Act.

(n) Notwithstanding any other provision of this Act, any affiliated electric utilities that submit a single procurement plan covering their combined needs may procure for those combined needs in conjunction with that plan, and may enter jointly into power supply contracts, purchases, and other procurement arrangements, and allocate capacity and energy and cost responsibility therefor among themselves in proportion to their requirements.
(o) On or before June 1 of each year, the Commission shall hold an informal hearing for the purpose of receiving comments on the prior year's procurement process and any recommendations for change.

(p) An electric utility subject to this Section may propose to invest, lease, own, or operate an electric generation facility as part of its procurement plan, provided the utility demonstrates that such facility is the least-cost option to provide electric service to eligible retail customers. If the facility is shown to be the least-cost option and is included in a procurement plan prepared in accordance with Section 1-75 of the Illinois Power Agency Act and this Section, then the electric utility shall make a filing pursuant to Section 8-406 of the Act, and may request of the Commission any statutory relief required thereunder. If the Commission grants all of the necessary approvals for the proposed facility, such supply shall thereafter be considered as a pre-existing contract under subsection (b) of this Section. The Commission shall in any order approving a proposal under this subsection specify how the utility will recover the prudently incurred costs of investing in, leasing, owning, or operating such generation facility through just and reasonable rates charged to eligible retail customers. Cost recovery for facilities included in the utility's procurement plan pursuant to this subsection shall not be subject to review under or in any way limited by the provisions of Section 16-111(i) of this Act. Nothing in this Section is intended to prohibit a utility from filing for a fuel adjustment clause as is otherwise permitted under Section 9-220 of this Act.

Sec. 16-115. Certification of alternative retail electric suppliers.

(a) Any alternative retail electric supplier must obtain a certificate of service authority from the Commission in accordance with this Section before serving any retail customer or other user located in this State. An alternative retail electric supplier may request, and the Commission may grant, a certificate of service authority for the entire State or for a specified geographic area of the State.

(b) An alternative retail electric supplier seeking a certificate of service authority shall file with the Commission a verified application containing information showing that the applicant meets the requirements of this Section. The alternative retail electric supplier shall publish notice of its application in the official State newspaper within 10 days following the date of its filing. No later than 45 days after the application is properly

New matter indicated in italics - deletions by strikeout.
filed with the Commission, and such notice is published, the Commission
shall issue its order granting or denying the application.

(c) An application for a certificate of service authority shall
identify the area or areas in which the applicant intends to offer service
and the types of services it intends to offer. Applicants that seek to serve
residential or small commercial retail customers within a geographic area
that is smaller than an electric utility's service area shall submit evidence
demonstrating that the designation of this smaller area does not violate
Section 16-115A. An applicant that seeks to serve residential or small
commercial retail customers may state in its application for certification
any limitations that will be imposed on the number of customers or
maximum load to be served.

(d) The Commission shall grant the application for a certificate of
service authority if it makes the findings set forth in this subsection based
on the verified application and such other information as the applicant may
submit:

(1) That the applicant possesses sufficient technical,
financial and managerial resources and abilities to provide the
service for which it seeks a certificate of service authority. In
determining the level of technical, financial and managerial
resources and abilities which the applicant must demonstrate, the
Commission shall consider (i) the characteristics, including the size
and financial sophistication, of the customers that the applicant
seeks to serve, and (ii) whether the applicant seeks to provide
electric power and energy using property, plant and equipment
which it owns, controls or operates;

(2) That the applicant will comply with all applicable
federal, State, regional and industry rules, policies, practices and
procedures for the use, operation, and maintenance of the safety,
integrity and reliability, of the interconnected electric transmission
system;

(3) That the applicant will only provide service to retail
customers in an electric utility's service area that are eligible to take
delivery services under this Act;

(4) That the applicant will comply with such informational
or reporting requirements as the Commission may by rule establish
and provide the information required by Section 16-112. Any data
related to contracts for the purchase and sale of electric power and
energy shall be made available for review by the Staff of the

Commission on a confidential and proprietary basis and only to the extent and for the purposes which the Commission determines are reasonably necessary in order to carry out the purposes of this Act;

(5) That the applicant will procure renewable energy resources and will source electricity from clean coal facilities, as defined in Section 1-10 of the Illinois Power Agency Act, in amounts at least equal to the percentages set forth in subsections (c) and (d) of Section 1-75 of the Illinois Power Agency Act. For purposes of this Section:

(i) the required procurement of renewable energy resources shall be measured as a percentage of the actual amount of electricity (megawatt-hours) supplied by the alternative retail electric supplier in the prior calendar year, as reported for that year to the Commission. This obligation applies to all electricity supplied pursuant to retail contracts executed, extended, or otherwise revised after the effective date of this amendatory Act, provided the alternative retail electric supplier submits all documentation needed by the Commission to determine the actual amount of electricity supplied under contracts that may be excluded under this limitation;

(ii) an alternative retail electric supplier need not actually deliver electricity to its customers to comply with this Section, provided that if the alternative retail electric supplier claims credit for such purpose, subsequent purchasers shall not receive any emission credits or renewable energy credits in connection with the purchase of such electricity. Alternative retail electric suppliers shall maintain adequate records documenting the contractual disposition of all electricity procured to comply with this Section and shall file an accounting in the report which must be filed with the Commission on April 1 of each year, starting in 2010, in accordance with subsection (d-5) of this Section;

(iii) the required procurement of renewable energy resources and sourcing of electricity generated by clean coal facilities, other than the initial clean coal facility, shall be limited to the amount of electricity that can be procured or sourced at a price at or below the benchmarks

approved by the Commission each year in accordance with item (1) of subsection (c) and items (1) and (5) of subsection (d) of Section 1-75 of the Illinois Power Agency Act;

(iv) all alternative retail electric suppliers shall execute a sourcing agreement to source electricity from the initial clean coal facility, on the terms set forth in paragraphs (3) and (4) of subsection (d) of Section 1-75 of the Illinois Power Agency Act, except that in lieu of the requirements in subparagraphs (A)(v), (B)(i), (C)(v), and (C)(vi) of paragraph (3) of that subsection (d), the applicant shall execute one or more of the following:

(1) if the sourcing agreement is a power purchase agreement, a contract with the initial clean coal facility to purchase in each hour an amount of electricity equal to all clean coal energy made available from the initial clean coal facility during such hour, which the utilities are not required to procure under the terms of subsection (d) of Section 1-75 of the Illinois Power Agency Act, multiplied by a fraction, the numerator of which is the alternative retail electric supplier’s retail market sales of electricity (expressed in kilowatthours sold) in the State during the prior calendar month and the denominator of which is the total sales of electricity (expressed in kilowatthours sold) in the State by alternative retail electric suppliers during such prior month that are subject to the requirements of this paragraph (5) of subsection (d) of this Section and subsection (d) of Section 1-75 of the Illinois Power Agency Act plus the total sales of electricity (expressed in kilowatthours sold) by utilities outside of their service areas during such prior month, pursuant to subsection (c) of Section 16-116 of this Act; or

(2) if the sourcing agreement is a contract for differences, a contract with the initial clean coal facility in each hour with respect to an amount of electricity equal to all clean coal energy made

available from the initial clean coal facility during such hour, which the utilities are not required to procure under the terms of subsection (d) of Section 1-75 of the Illinois Power Agency Act, multiplied by a fraction, the numerator of which is the alternative retail electric supplier’s retail market sales of electricity (expressed in kilowatthours sold) in the State during the prior calendar month and the denominator of which is the total sales of electricity (expressed in kilowatthours sold) in the State by alternative retail electric suppliers during such prior month that are subject to the requirements of this paragraph (5) of subsection (d) of this Section and subsection (d) of Section 1-75 of the Illinois Power Agency Act plus the total sales of electricity (expressed in kilowatthours sold) by utilities outside of their service areas during such prior month, pursuant to subsection (c) of Section 16-116 of this Act;

(v) if, in any year after the first year of commercial operation, the owner of the clean coal facility fails to demonstrate to the Commission that the initial clean coal facility captured and sequestered at least 50% of the total carbon emissions that the facility would otherwise emit or that sequestration of emissions from prior years has failed, resulting in the release of carbon into the atmosphere, the owner of the facility must offset excess emissions. Any such carbon offsets must be permanent, additional, verifiable, real, located within the State of Illinois, and legally and practicably enforceable. The costs of any such offsets that are not recoverable shall not exceed $15 million in any given year. No costs of any such purchases of carbon offsets may be recovered from an alternative retail electric supplier or its customers. All carbon offsets purchased for this purpose and any carbon emission credits associated with sequestration of carbon from the facility must be permanently retired. The initial clean coal facility shall not forfeit its designation as a clean coal facility if the facility fails to fully comply with the applicable carbon

sequestration requirements in any given year, provided the requisite offsets are purchased. However, the Attorney General, on behalf of the People of the State of Illinois, may specifically enforce the facility's sequestration requirement and the other terms of this contract provision. Compliance with the sequestration requirements and offset purchase requirements that apply to the initial clean coal facility shall be reviewed annually by an independent expert retained by the owner of the initial clean coal facility, with the advance written approval of the Attorney General (Blank);

(6) With respect to an applicant that seeks to serve residential or small commercial retail customers, that the area to be served by the applicant and any limitations it proposes on the number of customers or maximum amount of load to be served meet the provisions of Section 16-115A, provided, that the Commission can extend the time for considering such a certificate request by up to 90 days, and can schedule hearings on such a request;

(7) That the applicant meets the requirements of subsection (a) of Section 16-128; and

(8) That the applicant will comply with all other applicable laws and regulations.

(d-5) The Commission shall, after notice and hearing, revoke the certification of any alternative retail electric supplier that fails to execute a sourcing agreement with the initial clean coal facility, as required by item (5) of subsection (d) of this Section. The sourcing agreements with this initial clean coal facility shall be subject to both approval of the initial clean coal facility by the General Assembly and satisfaction of the requirements of paragraph (4) of subsection (d) of Section 1-75 of the Illinois Power Agency Act, and shall be executed within 90 days after any such approval by the General Assembly. The Commission shall also revoke the certification of any alternative retail electric supplier that, on April 1, 2010 or on April 1 of any year thereafter, fails to demonstrate that the electricity provided to the alternative retail electricity supplier’s Illinois customers during the previous year was generated by renewable energy resources and clean coal facilities in amounts at least equal to the percentages set forth in subsections (c) and (d) of Section 1-75 of the Illinois Power Agency Act, as limited by subsection (d)(5)(iii) of this

New matter indicated in italics - deletions by strikeout.
Section. The Commission shall not accept an application for certification from an alternative retail electric supplier that has lost certification under this subsection (d-5), or any corporate affiliate thereof, for at least one year from the date of revocation.

(e) A retail customer that owns a cogeneration or self-generation facility and that seeks certification only to provide electric power and energy from such facility to retail customers at separate locations which customers are both (i) owned by, or a subsidiary or other corporate affiliate of, such applicant and (ii) eligible for delivery services, shall be granted a certificate of service authority upon filing an application and notifying the Commission that it has entered into an agreement with the relevant electric utilities pursuant to Section 16-118. Provided, however, that if the retail customer owning such cogeneration or self-generation facility would not be charged a transition charge due to the exemption provided under subsection (f) of Section 16-108 prior to the certification, and the retail customers at separate locations are taking delivery services in conjunction with purchasing power and energy from the facility, the retail customer on whose premises the facility is located shall not thereafter be required to pay transition charges on the power and energy that such retail customer takes from the facility.

(f) The Commission shall have the authority to promulgate rules and regulations to carry out the provisions of this Section. On or before May 1, 1999, the Commission shall adopt a rule or rules applicable to the certification of those alternative retail electric suppliers that seek to serve only nonresidential retail customers with maximum electrical demands of one megawatt or more which shall provide for (i) expedited and streamlined procedures for certification of such alternative retail electric suppliers and (ii) specific criteria which, if met by any such alternative retail electric supplier, shall constitute the demonstration of technical, financial and managerial resources and abilities to provide service required by subsection (d) (1) of this Section, such as a requirement to post a bond or letter of credit, from a responsible surety or financial institution, of sufficient size for the nature and scope of the services to be provided; demonstration of adequate insurance for the scope and nature of the services to be provided; and experience in providing similar services in other jurisdictions.

Sec. 16-116. Commission oversight of electric utilities serving retail customers outside their service areas or providing competitive, non-tariffed services.

(a) An electric utility that has a tariff on file for delivery services may, without regard to any otherwise applicable tariffs on file, provide electric power and energy to one or more retail customers located outside its service area, but only to the extent (i) such retail customer (A) is eligible for delivery services under any delivery services tariff filed with the Commission by the electric utility in whose service area the retail customer is located and (B) has either elected to take such delivery services or has paid or contracted to pay the charges specified in Sections 16-108 and 16-114, or (ii) if such retail customer is served by a municipal system or electric cooperative, the customer is eligible for delivery services under the terms and conditions for such service established by the municipal system or electric cooperative serving that customer.

(b) An electric utility may offer any competitive service to any customer or group of customers without filing contracts with or seeking approval of the Commission, notwithstanding any rule or regulation that would require such approval. The Commission shall not increase or decrease the prices, and may not alter or add to the terms and conditions for the utility's competitive services, from those agreed to by the electric utility and the customer or customers. Non-tariffed, competitive services shall not be subject to the provisions of the Electric Supplier Act or to Articles V, VII, VIII or IX of the Act, except to the extent that any provisions of such Articles are made applicable to alternative retail electric suppliers pursuant to Sections 16-115 and 16-115A, but shall be subject to the provisions of subsections (b) through (g) of Section 16-115A, and Section 16-115B to the same extent such provisions are applicable to the services provided by alternative retail electric suppliers.

(c) Electric utilities serving retail customers outside their service areas shall be subject to the requirements of paragraph (5) of subsection (d) of Section 16-115 of the Public Utilities Act, except that the numerators referred to in that subsection (d) shall be the utility's retail market sales of electricity (expressed in kilowatthours sold) in the State outside of the utility's service territory in the prior month.

ARTICLE 5

Section 5-5. The Public Utilities Act is amended by changing Section 2-203 as follows:

New matter indicated in italics - deletions by strikeout.
Sec. 2-203. Public Utility Fund base maintenance contribution. Each electric utility as defined in Section 16-102 of this Act providing service to more than 12,500 customers in this State on January 1, 1995 shall contribute annually a pro rata share of a total amount of $5,500,000 based upon the number of kilowatt-hours delivered to retail customers within this State by each such electric utility in the 12 months preceding the year of contribution. On or before May 1 of each year, the Illinois Commerce Commission shall determine and notify the Illinois Department of Revenue of the pro rata share owed by each electric utility based upon information supplied annually to the Commission. On or before June 1 of each year, the Department of Revenue shall send written notification to each electric utility of the amount of pro rata share they owe. These contributions shall be remitted to the Department of Revenue no earlier than July 1 and no later than July 31 of each year the contribution is due. The Department of Revenue shall place the funds remitted under this Section in the Public Utility Fund in the State treasury. The funds received pursuant to this Section shall be subject to appropriation by the General Assembly. If an electric utility does not remit its pro rata share to the Department of Revenue, the Department of Revenue must inform the Illinois Commerce Commission of such failure. The Illinois Commerce Commission may then revoke the certification of that electric utility. This Section is repealed on January 1, 2014.

ARTICLE 10.

Section 10-5. The Public Utilities Act is amended by changing Section 16-125 as follows:

(a) To assure the reliable delivery of electricity to all customers in this State and the effective implementation of the provisions of this Article, the Commission shall, within 180 days of the effective date of this Article, adopt rules and regulations for assessing and assuring the

New matter indicated in italics - deletions by strikeout.
reliability of the transmission and distribution systems and facilities that are under the Commission's jurisdiction.

(b) These rules and regulations shall require each electric utility or alternative retail electric supplier owning, controlling, or operating transmission and distribution facilities and equipment subject to the Commission's jurisdiction, referred to in this Section as "jurisdictional entities", to adopt and implement procedures for restoring transmission and distribution services to customers after transmission or distribution outages on a nondiscriminatory basis without regard to whether a customer has chosen the electric utility, an affiliate of the electric utility, or another entity as its provider of electric power and energy. These rules and regulations shall also, at a minimum, specifically require each jurisdictional entity to submit annually to the Commission.

(1) the number and duration of planned and unplanned outages during the prior year and their impacts on customers;

(2) outages that were controllable and outages that were exacerbated in scope or duration by the condition of facilities, equipment or premises or by the actions or inactions of operating personnel or agents;

(3) customer service interruptions that were due solely to the actions or inactions of an alternative retail electric supplier or a public utility in supplying power or energy;

(4) a detailed report of the age, current condition, reliability and performance of the jurisdictional entity's existing transmission and distribution facilities, which shall include, without limitation, the following data:

(i) a summary of the jurisdictional entity's outages and voltage variances reportable under the Commission's rules;

(ii) the jurisdictional entity's expenditures for transmission construction and maintenance, the ratio of those expenditures to the jurisdictional entity's transmission investment, and the average remaining depreciation lives of the entity's transmission facilities, expressed as a percentage of total depreciation lives;

(iii) the jurisdictional entity's expenditures for distribution construction and maintenance, the ratio of those expenditures to the jurisdictional entity's distribution investment, and the average remaining depreciation lives of

New matter indicated in italics - deletions by strikeout.
the entity's distribution facilities, expressed as a percentage of total depreciation lives;

(iv) a customer satisfaction survey covering, among other areas identified in Commission rules, reliability, customer service, and understandability of the jurisdictional entity's services and prices; and

(v) the corresponding information, in the same format, for the previous 3 years, if available;

(5) a plan for future investment and reliability improvements for the jurisdictional entity's transmission and distribution facilities that will ensure continued reliable delivery of energy to customers and provide the delivery reliability needed for fair and open competition; and

(6) a report of the jurisdictional entity's implementation of its plan filed pursuant to subparagraph (5) for the previous reporting period.

(c) The Commission rules shall set forth the criteria that will be used to assess each jurisdictional entity's annual report and evaluate its reliability performance. Such criteria must take into account, at a minimum: the items required to be reported in subsection (b); the relevant characteristics of the area served; the age and condition of the system's equipment and facilities; good engineering practices; the costs of potential actions; and the benefits of avoiding the risks of service disruption.

(d) At least every 3 years, beginning in the year the Commission issues the rules required by subsection (a) or the following year if the rules are issued after June 1, the Commission shall assess the annual report of each jurisdictional entity and evaluate its reliability performance. The Commission's evaluation shall include specific identification of, and recommendations concerning, any potential reliability problems that it has identified as a result of its evaluation.

(e) In the event that more than either (i) 30,000 (or some other number, but only as provided by statute) of the total customers or (ii) 0.8% (or some other percentage, but only as provided by statute) of the total customers, whichever is less, of an electric utility are subjected to a continuous power interruption of 4 hours or more that results in the transmission of power at less than 50% of the standard voltage, or that results in the total loss of power transmission, the utility shall be responsible for compensating customers affected by that interruption for 4 hours or more for all actual damages, which shall not include

consequential damages, suffered as a result of the power interruption. The utility shall also reimburse the affected municipality, county, or other unit of local government in which the power interruption has taken place for all emergency and contingency expenses incurred by the unit of local government as a result of the interruption. A waiver of the requirements of this subsection may be granted by the Commission in instances in which the utility can show that the power interruption was a result of any one or more of the following causes:

(1) Unpreventable damage due to weather events or conditions.

(2) Customer tampering.

(3) Unpreventable damage due to civil or international unrest or animals.

(4) Damage to utility equipment or other actions by a party other than the utility, its employees, agents, or contractors.

Loss of revenue and expenses incurred in complying with this subsection may not be recovered from ratepayers.

(f) In the event of a power surge or other fluctuation that causes damage and affects more than either (i) 30,000 (or some other number, but only as provided by statute) of the total customers or (ii) 0.8% (or some other percentage, but only as provided by statute) of the total customers, whichever is less, the electric utility shall pay to affected customers the replacement value of all goods damaged as a result of the power surge or other fluctuation unless the utility can show that the power surge or other fluctuation was due to one or more of the following causes:

(1) Unpreventable damage due to weather events or conditions.

(2) Customer tampering.

(3) Unpreventable damage due to civil or international unrest or animals.

(4) Damage to utility equipment or other actions by a party other than the utility, its employees, agents, or contractors.

Loss of revenue and expenses incurred in complying with this subsection may not be recovered from ratepayers. Customers with respect to whom a waiver has been granted by the Commission pursuant to subparagraphs (1)-(4) of subsections (e) and (f) shall not count toward the either (i) 30,000 (or some other number, but only as provided by statute) of the total customers or (ii) 0.8% (or some other percentage, but only as provided by statute) of the total customers required therein.

(g) Whenever an electric utility must perform planned or routine maintenance or repairs on its equipment that will result in transmission of power at less than 50% of the standard voltage, loss of power, or power fluctuation (as defined in subsection (f)), the utility shall make reasonable efforts to notify potentially affected customers no less than 24 hours in advance of performance of the repairs or maintenance.

(h) Remedies provided for under this Section may be sought exclusively through the Illinois Commerce Commission as provided under Section 10-109 of this Act. Damages awarded under this Section for a power interruption shall be limited to actual damages, which shall not include consequential damages, and litigation costs. A utility's request for a waiver of this Section shall be timely if filed no later than 30 days after the date on which a claim is filed with the Commission seeking damages or expense reimbursement under this Section. No utility shall be liable under this Section while a request for waiver is pending. Damage awards may not be paid out of utility rate funds.

(i) The provisions of this Section shall not in any way diminish or replace other civil or administrative remedies available to a customer or a class of customers.

(j) The Commission shall by rule require an electric utility to maintain service records detailing information on each instance of transmission of power at less than 50% of the standard voltage, loss of power, or power fluctuation (as defined in subsection (f)), that affects 10 or more customers. Occurrences that are momentary shall not be required to be recorded or reported. The service record shall include, for each occurrence, the following information:

1. The date.
2. The time of occurrence.
3. The duration of the incident.
4. The number of customers affected.
5. A description of the cause.
6. The geographic area affected.
7. The specific equipment involved in the fluctuation or interruption.
8. A description of measures taken to restore service.
9. A description of measures taken to remedy the cause of the power interruption or fluctuation.
10. A description of measures taken to prevent future occurrence.

(11) The amount of remuneration, if any, paid to affected customers.

(12) A statement of whether the fixed charge was waived for affected customers.

Copies of the records containing this information shall be available for public inspection at the utility's offices, and copies thereof may be obtained upon payment of a fee not exceeding the reasonable cost of reproduction. A copy of each record shall be filed with the Commission and shall be available for public inspection. Copies of the records may be obtained upon payment of a fee not exceeding the reasonable cost of reproduction.

(k) The requirements of subsections (e) through (j) of this Section shall apply only to an electric public utility having 100,000 or more customers.

Section 15-5. The Public Utilities Act is amended by changing Section 2-202 as follows:

(220 ILCS 5/2-202) (from Ch. 111 2/3, par. 2-202)
Sec. 2-202. Policy; Public Utility Fund; tax.

(a) It is declared to be the public policy of this State that in order to maintain and foster the effective regulation of public utilities under this Act in the interests of the People of the State of Illinois and the public utilities as well, the public utilities subject to regulation under this Act and which enjoy the privilege of operating as public utilities in this State, shall bear the expense of administering this Act by means of a tax on such privilege measured by the annual gross revenue of such public utilities in the manner provided in this Section. For purposes of this Section, "expense of administering this Act" includes any costs incident to studies, whether made by the Commission or under contract entered into by the Commission, concerning environmental pollution problems caused or contributed to by public utilities and the means for eliminating or abating those problems. Such proceeds shall be deposited in the Public Utility Fund in the State treasury.

(b) All of the ordinary and contingent expenses of the Commission incident to the administration of this Act shall be paid out of the Public Utility Fund except the compensation of the members of the Commission which shall be paid from the General Revenue Fund. Notwithstanding other provisions of this Act to the contrary, the ordinary and contingent

expenses of the Commission incident to the administration of the Illinois Commercial Transportation Law may be paid from appropriations from the Public Utility Fund through the end of fiscal year 1986.

(c) A tax is imposed upon each public utility subject to the provisions of this Act equal to .08% of its gross revenue for each calendar year commencing with the calendar year beginning January 1, 1982, except that the Commission may, by rule, establish a different rate no greater than 0.1%. For purposes of this Section, "gross revenue" shall not include revenue from the production, transmission, distribution, sale, delivery, or furnishing of electricity. "Gross revenue" shall not include amounts paid by telecommunications retailers under the Telecommunications Infrastructure Maintenance Fee Act.

(d) Annual gross revenue returns shall be filed in accordance with paragraph (1) or (2) of this subsection (d).

(1) Except as provided in paragraph (2) of this subsection (d), on or before January 10 of each year each public utility subject to the provisions of this Act shall file with the Commission an estimated annual gross revenue return containing an estimate of the amount of its gross revenue for the calendar year commencing January 1 of said year and a statement of the amount of tax due for said calendar year on the basis of that estimate. Public utilities may also file revised returns containing updated estimates and updated amounts of tax due during the calendar year. These revised returns, if filed, shall form the basis for quarterly payments due during the remainder of the calendar year. In addition, on or before March 31 of each year, each public utility shall file an amended return showing the actual amount of gross revenues shown by the company's books and records as of December 31 of the previous year. Forms and instructions for such estimated, revised, and amended returns shall be devised and supplied by the Commission.

(2) Beginning with returns due after January 1, 2002, the requirements of paragraph (1) of this subsection (d) shall not apply to any public utility in any calendar year for which the total tax the public utility owes under this Section is less than $10,000. For such public utilities with respect to such years, the public utility shall file with the Commission, on or before March 31 of the following year, an annual gross revenue return for the year and a statement of the amount of tax due for that year on the basis of such a return.

New matter indicated in italics - deletions by strikeout.
Forms and instructions for such returns and corrected returns shall be devised and supplied by the Commission.

(e) All returns submitted to the Commission by a public utility as provided in this subsection (e) or subsection (d) of this Section shall contain or be verified by a written declaration by an appropriate officer of the public utility that the return is made under the penalties of perjury. The Commission may audit each such return submitted and may, under the provisions of Section 5-101 of this Act, take such measures as are necessary to ascertain the correctness of the returns submitted. The Commission has the power to direct the filing of a corrected return by any utility which has filed an incorrect return and to direct the filing of a return by any utility which has failed to submit a return. A taxpayer's signing a fraudulent return under this Section is perjury, as defined in Section 32-2 of the Criminal Code of 1961.

(f) (1) For all public utilities subject to paragraph (1) of subsection (d), at least one quarter of the annual amount of tax due under subsection (c) shall be paid to the Commission on or before the tenth day of January, April, July, and October of the calendar year subject to tax. In the event that an adjustment in the amount of tax due should be necessary as a result of the filing of an amended or corrected return under subsection (d) or subsection (e) of this Section, the amount of any deficiency shall be paid by the public utility together with the amended or corrected return and the amount of any excess shall, after the filing of a claim for credit by the public utility, be returned to the public utility in the form of a credit memorandum in the amount of such excess or be refunded to the public utility in accordance with the provisions of subsection (k) of this Section. However, if such deficiency or excess is less than $1, then the public utility need not pay the deficiency and may not claim a credit.

(2) Any public utility subject to paragraph (2) of subsection (d) shall pay the amount of tax due under subsection (c) on or before March 31 next following the end of the calendar year subject to tax. In the event that an adjustment in the amount of tax due should be necessary as a result of the filing of a corrected return under subsection (e), the amount of any deficiency shall be paid by the public utility at the time the corrected return is filed. Any excess tax payment by the public utility shall be returned to it after the filing of a claim for credit, in the form of a credit memorandum in the amount of the excess. However, if such deficiency or excess is less than $1, the public utility need not pay the deficiency and may not claim a credit.

New matter indicated in italics - deletions by strikeout.
(g) Each installment or required payment of the tax imposed by subsection (c) becomes delinquent at midnight of the date that it is due. Failure to make a payment as required by this Section shall result in the imposition of a late payment penalty, an underestimation penalty, or both, as provided by this subsection. The late payment penalty shall be the greater of:

1. $25 for each month or portion of a month that the installment or required payment is unpaid or
2. an amount equal to the difference between what should have been paid on the due date, based upon the most recently filed estimated, annual, or amended return, and what was actually paid, times 1%, for each month or portion of a month that the installment or required payment goes unpaid. This penalty may be assessed as soon as the installment or required payment becomes delinquent.

The underestimation penalty shall apply to those public utilities subject to paragraph (1) of subsection (d) and shall be calculated after the filing of the amended return. It shall be imposed if the amount actually paid on any of the dates specified in subsection (f) is not equal to at least one-fourth of the amount actually due for the year, and shall equal the greater of:

1. $25 for each month or portion of a month that the amount due is unpaid or
2. an amount equal to the difference between what should have been paid, based on the amended return, and what was actually paid as of the date specified in subsection (f), times a percentage equal to 1/12 of the sum of 10% and the percentage most recently established by the Commission for interest to be paid on customer deposits under 83 Ill. Adm. Code 280.70(e)(1), for each month or portion of a month that the amount due goes unpaid, except that no underestimation penalty shall be assessed if the amount actually paid on or before each of the dates specified in subsection (f) was based on an estimate of gross revenues at least equal to the actual gross revenues for the previous year. The Commission may enforce the collection of any delinquent installment or payment, or portion thereof by legal action or in any other manner by which the collection of debts due the State of Illinois may be enforced under the laws of this State. The executive director or his designee may excuse the payment of an assessed

penalty or a portion of an assessed penalty if he determines that enforced collection of the penalty as assessed would be unjust.

(h) All sums collected by the Commission under the provisions of this Section shall be paid promptly after the receipt of the same, accompanied by a detailed statement thereof, into the Public Utility Fund in the State treasury.

(i) During the month of October of each odd-numbered year the Commission shall:

(1) determine the amount of all moneys deposited in the Public Utility Fund during the preceding fiscal biennium plus the balance, if any, in that fund at the beginning of that biennium;

(2) determine the sum total of the following items: (A) all moneys expended or obligated against appropriations made from the Public Utility Fund during the preceding fiscal biennium, plus (B) the sum of the credit memoranda then outstanding against the Public Utility Fund, if any; and

(3) determine the amount, if any, by which the sum determined as provided in item (1) exceeds the amount determined as provided in item (2).

If the amount determined as provided in item (3) of this subsection exceeds 50% of the previous fiscal year's appropriation level $5,000,000, the Commission shall then compute the proportionate amount, if any, which (x) the tax paid hereunder by each utility during the preceding biennium, and (y) the amount paid into the Public Utility Fund during the preceding biennium by the Department of Revenue pursuant to Sections 2-9 and 2-11 of the Electricity Excise Tax Law, bears to the difference between the amount determined as provided in item (3) of this subsection (i) and 50% of the previous fiscal year's appropriation level $5,000,000. The Commission shall cause the proportionate amount determined with respect to payments made under the Electricity Excise Tax Law to be transferred into the General Revenue Fund in the State Treasury, and notify each public utility that it may file during the 3 month period after the date of notification a claim for credit for the proportionate amount determined with respect to payments made hereunder by the public utility. If the proportionate amount is less than $10, no notification will be sent by the Commission, and no right to a claim exists as to that amount. Upon the filing of a claim for credit within the period provided, the Commission shall issue a credit memorandum in such amount to such public utility.

New matter indicated in italics - deletions by strikeout.
Any claim for credit filed after the period provided for in this Section is void.

(j) Credit memoranda issued pursuant to subsection (f) and credit memoranda issued after notification and filing pursuant to subsection (i) may be applied for the 2 year period from the date of issuance, against the payment of any amount due during that period under the tax imposed by subsection (c), or, subject to reasonable rule of the Commission including requirement of notification, may be assigned to any other public utility subject to regulation under this Act. Any application of credit memoranda after the period provided for in this Section is void.

(k) The chairman or executive director may make refund of fees, taxes or other charges whenever he shall determine that the person or public utility will not be liable for payment of such fees, taxes or charges during the next 24 months and he determines that the issuance of a credit memorandum would be unjust.

Section 15-10. The Illinois Vehicle Code is amended by changing Section 18c-1503 as follows:

(625 ILCS 5/18c-1503) (from Ch. 95 1/2, par. 18c-1503)
Sec. 18c-1503. Legislative Intent. It is the intent of the Legislature that the exercise of powers under Sections 18c-1501 and 18c-1502 of this Chapter shall not diminish revenues to the Commission, and that any surplus or deficit of revenues in the Transportation Regulatory Fund, together with any projected changes in the cost of administering and enforcing this Chapter, should be considered in establishing or adjusting fees and taxes in succeeding years. The Commission shall administer fees and taxes under this Chapter in such a manner as to insure that any surplus generated or accumulated in the Transportation Regulatory Fund does not exceed 50% of the previous fiscal year's appropriation the surplus accumulated in the Motor Vehicle Fund during fiscal year 1984, and shall adjust the level of such fees and taxes to insure compliance with this provision.

Approved January 12, 2009.

AN ACT concerning local government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Municipal Code is amended by changing Sections 11-74.4-3 and 11-74.4-7 as follows:

(65 ILCS 5/11-74.4-3) (from Ch. 24, par. 11-74.4-3)

Sec. 11-74.4-3. Definitions. The following terms, wherever used or referred to in this Division 74.4 shall have the following respective meanings, unless in any case a different meaning clearly appears from the context.

(a) For any redevelopment project area that has been designated pursuant to this Section by an ordinance adopted prior to November 1, 1999 (the effective date of Public Act 91-478), "blighted area" shall have the meaning set forth in this Section prior to that date.

On and after November 1, 1999, "blighted area" means any improved or vacant area within the boundaries of a redevelopment project area located within the territorial limits of the municipality where:

(1) If improved, industrial, commercial, and residential buildings or improvements are detrimental to the public safety, health, or welfare because of a combination of 5 or more of the following factors, each of which is (i) present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) reasonably distributed throughout the improved part of the redevelopment project area:

(A) Dilapidation. An advanced state of disrepair or neglect of necessary repairs to the primary structural components of buildings or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed.

New matter indicated in italics - deletions by strikeout.
(B) Obsolescence. The condition or process of falling into disuse. Structures have become ill-suited for the original use.

(C) Deterioration. With respect to buildings, defects including, but not limited to, major defects in the secondary building components such as doors, windows, porches, gutters and downspouts, and fascia. With respect to surface improvements, that the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas evidence deterioration, including, but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces.

(D) Presence of structures below minimum code standards. All structures that do not meet the standards of zoning, subdivision, building, fire, and other governmental codes applicable to property, but not including housing and property maintenance codes.

(E) Illegal use of individual structures. The use of structures in violation of applicable federal, State, or local laws, exclusive of those applicable to the presence of structures below minimum code standards.

(F) Excessive vacancies. The presence of buildings that are unoccupied or under-utilized and that represent an adverse influence on the area because of the frequency, extent, or duration of the vacancies.

(G) Lack of ventilation, light, or sanitary facilities. The absence of adequate ventilation for light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke, or other noxious airborne materials. Inadequate natural light and ventilation means the absence of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building.

New matter indicated in italics - deletions by strikeout.
(H) Inadequate utilities. Underground and overhead utilities such as storm sewers and storm drainage, sanitary sewers, water lines, and gas, telephone, and electrical services that are shown to be inadequate. Inadequate utilities are those that are: (i) of insufficient capacity to serve the uses in the redevelopment project area, (ii) deteriorated, antiquated, obsolete, or in disrepair, or (iii) lacking within the redevelopment project area.

(I) Excessive land coverage and overcrowding of structures and community facilities. The over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Examples of problem conditions warranting the designation of an area as one exhibiting excessive land coverage are: (i) the presence of buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety and (ii) the presence of multiple buildings on a single parcel. For there to be a finding of excessive land coverage, these parcels must exhibit one or more of the following conditions: insufficient provision for light and air within or around buildings, increased threat of spread of fire due to the close proximity of buildings, lack of adequate or proper access to a public right-of-way, lack of reasonably required off-street parking, or inadequate provision for loading and service.

(J) Deleterious land use or layout. The existence of incompatible land-use relationships, buildings occupied by inappropriate mixed-uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.

(K) Environmental clean-up. The proposed redevelopment project area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the

New matter indicated in italics - deletions by strikeout.
development or redevelopment of the redevelopment project area.

(L) Lack of community planning. The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This means that the development occurred prior to the adoption by the municipality of a comprehensive or other community plan or that the plan was not followed at the time of the area's development. This factor must be documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning.

(M) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated.

(2) If vacant, the sound growth of the redevelopment project area is impaired by a combination of 2 or more of the following factors, each of which is (i) present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) reasonably distributed throughout the vacant part of the redevelopment project area to which it pertains:

(A) Obsolete platting of vacant land that results in parcels of limited or narrow size or configurations of parcels of irregular size or shape that would be difficult to develop on a planned basis and in a manner compatible with contemporary standards and requirements, or platting that failed to create rights-of-ways for streets or alleys or

New matter indicated in italics - deletions by strikeout.
that created inadequate right-of-way widths for streets, alleys, or other public rights-of-way or that omitted easements for public utilities.

(B) Diversity of ownership of parcels of vacant land sufficient in number to retard or impede the ability to assemble the land for development.

(C) Tax and special assessment delinquencies exist or the property has been the subject of tax sales under the Property Tax Code within the last 5 years.

(D) Deterioration of structures or site improvements in neighboring areas adjacent to the vacant land.

(E) The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(F) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated.

(3) If vacant, the sound growth of the redevelopment project area is impaired by one of the following factors that (i) is present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) is reasonably

distributed throughout the vacant part of the redevelopment project area to which it pertains:

(A) The area consists of one or more unused quarries, mines, or strip mine ponds.

(B) The area consists of unused rail yards, rail tracks, or railroad rights-of-way.

(C) The area, prior to its designation, is subject to (i) chronic flooding that adversely impacts on real property in the area as certified by a registered professional engineer or appropriate regulatory agency or (ii) surface water that discharges from all or a part of the area and contributes to flooding within the same watershed, but only if the redevelopment project provides for facilities or improvements to contribute to the alleviation of all or part of the flooding.

(D) The area consists of an unused or illegal disposal site containing earth, stone, building debris, or similar materials that were removed from construction, demolition, excavation, or dredge sites.

(E) Prior to November 1, 1999, the area is not less than 50 nor more than 100 acres and 75% of which is vacant (notwithstanding that the area has been used for commercial agricultural purposes within 5 years prior to the designation of the redevelopment project area), and the area meets at least one of the factors itemized in paragraph (1) of this subsection, the area has been designated as a town or village center by ordinance or comprehensive plan adopted prior to January 1, 1982, and the area has not been developed for that designated purpose.

(F) The area qualified as a blighted improved area immediately prior to becoming vacant, unless there has been substantial private investment in the immediately surrounding area.

(b) For any redevelopment project area that has been designated pursuant to this Section by an ordinance adopted prior to November 1, 1999 (the effective date of Public Act 91-478), "conservation area" shall have the meaning set forth in this Section prior to that date.

On and after November 1, 1999, "conservation area" means any improved area within the boundaries of a redevelopment project area.

located within the territorial limits of the municipality in which 50% or
more of the structures in the area have an age of 35 years or more. Such an
area is not yet a blighted area but because of a combination of 3 or more of
the following factors is detrimental to the public safety, health, morals or
welfare and such an area may become a blighted area:

(1) Dilapidation. An advanced state of disrepair or neglect
of necessary repairs to the primary structural components of
buildings or improvements in such a combination that a
documented building condition analysis determines that major
repair is required or the defects are so serious and so extensive that
the buildings must be removed.

(2) Obsolescence. The condition or process of falling into
disuse. Structures have become ill-suited for the original use.

including, but not limited to, major defects in the secondary
building components such as doors, windows, porches, gutters and
downspouts, and fascia. With respect to surface improvements, that
the condition of roadways, alleys, curbs, gutters, sidewalks, off-
street parking, and surface storage areas evidence deterioration,
including, but not limited to, surface cracking, crumbling, potholes,
depressions, loose paving material, and weeds protruding through
paved surfaces.

(4) Presence of structures below minimum code standards.
All structures that do not meet the standards of zoning,
subdivision, building, fire, and other governmental codes
applicable to property, but not including housing and property
maintenance codes.

(5) Illegal use of individual structures. The use of structures
in violation of applicable federal, State, or local laws, exclusive of
those applicable to the presence of structures below minimum code
standards.

(6) Excessive vacancies. The presence of buildings that are
unoccupied or under-utilized and that represent an adverse
influence on the area because of the frequency, extent, or duration
of the vacancies.

(7) Lack of ventilation, light, or sanitary facilities. The
absence of adequate ventilation for light or air circulation in spaces
or rooms without windows, or that require the removal of dust,
odor, gas, smoke, or other noxious airborne materials. Inadequate

natural light and ventilation means the absence or inadequacy of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building.

(8) Inadequate utilities. Underground and overhead utilities such as storm sewers and storm drainage, sanitary sewers, water lines, and gas, telephone, and electrical services that are shown to be inadequate. Inadequate utilities are those that are: (i) of insufficient capacity to serve the uses in the redevelopment project area, (ii) deteriorated, antiquated, obsolete, or in disrepair, or (iii) lacking within the redevelopment project area.

(10) Deleterious land use or layout. The existence of incompatible land-use relationships, buildings occupied by inappropriate mixed-uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.

(11) Lack of community planning. The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This means that the development occurred prior to the adoption by the municipality of a comprehensive or other community plan or that the plan was not followed at the time of the area's development. This factor must be

documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning.

(12) The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(c) "Industrial park" means an area in a blighted or conservation area suitable for use by any manufacturing, industrial, research or transportation enterprise, of facilities to include but not be limited to factories, mills, processing plants, assembly plants, packing plants, fabricating plants, industrial distribution centers, warehouses, repair overhaul or service facilities, freight terminals, research facilities, test facilities or railroad facilities.

(d) "Industrial park conservation area" means an area within the boundaries of a redevelopment project area located within the territorial limits of a municipality that is a labor surplus municipality or within 1 1/2 miles of the territorial limits of a municipality that is a labor surplus municipality if the area is annexed to the municipality; which area is zoned as industrial no later than at the time the municipality by ordinance designates the redevelopment project area, and which area includes both vacant land suitable for use as an industrial park and a blighted area or conservation area contiguous to such vacant land.

(g-1) "Revised Initial Sales Tax Amounts" means the amount of taxes paid under the Retailers' Occupation Tax Act, Use Tax Act, Service Use Tax Act, the Service Occupation Tax Act, the Municipal Retailers' Occupation Tax Act, and the Municipal Service Occupation Tax Act by retailers and servicemen on transactions at places located within the State Sales Tax Boundary revised pursuant to Section 11-74.4-8a(9) of this Act.

municipality adopted tax increment allocation financing. For purposes of computing the aggregate amount of such taxes for base years occurring prior to 1985, the Department of Revenue shall determine the Initial Sales Tax Amounts for such taxes and deduct therefrom an amount equal to 4% of the aggregate amount of taxes per year for each year the base year is prior to 1985, but not to exceed a total deduction of 12%. The amount so determined shall be known as the "Adjusted Initial Sales Tax Amounts". For purposes of determining the Municipal Sales Tax Increment, the Department of Revenue shall for each period subtract from the amount paid to the municipality from the Local Government Tax Fund arising from sales by retailers and servicemen on transactions located in the redevelopment project area or the State Sales Tax Boundary, as the case may be, the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts for the Municipal Retailers' Occupation Tax Act and the Municipal Service Occupation Tax Act. For the State Fiscal Year 1989, this calculation shall be made by utilizing the calendar year 1987 to determine the tax amounts received. For the State Fiscal Year 1990, this calculation shall be made by utilizing the period from January 1, 1988, until September 30, 1988, to determine the tax amounts received from retailers and servicemen pursuant to the Municipal Retailers' Occupation Tax and the Municipal Service Occupation Tax Act, which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For the State Fiscal Year 1991, this calculation shall be made by utilizing the period from October 1, 1988, to June 30, 1989, to determine the tax amounts received from retailers and servicemen pursuant to the Municipal Retailers' Occupation Tax and the Municipal Service Occupation Tax Act which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For every State Fiscal Year thereafter, the applicable period shall be the 12 months beginning July 1 and ending June 30 to determine the tax amounts received which shall have deducted therefrom the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts, as the case may be.

If, however, a municipality established a tax increment financing district in a county with a population in excess of 3,000,000 before January 1, 1986, and the municipality entered into a contract or issued bonds after January 1, 1986, but before December 31, 1986, to finance redevelopment project costs within a State Sales Tax Boundary, then the Net State Sales Tax Increment means, for the fiscal years beginning July 1, 1990, and July 1, 1991, 100% of the State Sales Tax Increment annually generated within a State Sales Tax Boundary; and notwithstanding any other provision of this Act, for those fiscal years the Department of Revenue shall distribute to those municipalities 100% of their Net State Sales Tax Increment before any distribution to any other municipality and regardless of whether or not those other municipalities will receive 100% of their Net State Sales Tax Increment. For Fiscal Year 1999, and every year thereafter until the year 2007, for any municipality that has not entered into a contract or has not issued bonds prior to June 1, 1988 to finance redevelopment project costs within a State Sales Tax Boundary, the Net State Sales Tax Increment shall be calculated as follows: By multiplying the Net State Sales Tax Increment by 90% in the State Fiscal Year 1999; 80% in the State Fiscal Year 2000; 70% in the State Fiscal Year 2001; 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for State Fiscal Year 2008 and thereafter.

Municipalities that issued bonds in connection with a redevelopment project in a redevelopment project area within the State Sales Tax Boundary prior to July 29, 1991, or that entered into contracts in connection with a redevelopment project in a redevelopment project area before June 1, 1988, shall continue to receive their proportional share of the Illinois Tax Increment Fund distribution until the date on which the redevelopment project is completed or terminated. If, however, a municipality that issued bonds in connection with a redevelopment project in a redevelopment project area within the State Sales Tax Boundary prior to July 29, 1991 retires the bonds prior to June 30, 2007 or a municipality that entered into contracts in connection with a redevelopment project in a redevelopment project area before June 1, 1988 completes the contracts

prior to June 30, 2007, then so long as the redevelopment project is not completed or is not terminated, the Net State Sales Tax Increment shall be calculated, beginning on the date on which the bonds are retired or the contracts are completed, as follows: By multiplying the Net State Sales Tax Increment by 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for State Fiscal Year 2008 and thereafter. Refunding of any bonds issued prior to July 29, 1991, shall not alter the Net State Sales Tax Increment.

(j) "State Utility Tax Increment Amount" means an amount equal to the aggregate increase in State electric and gas tax charges imposed on owners and tenants, other than residential customers, of properties located within the redevelopment project area under Section 9-222 of the Public Utilities Act, over and above the aggregate of such charges as certified by the Department of Revenue and paid by owners and tenants, other than residential customers, of properties within the redevelopment project area during the base year, which shall be the calendar year immediately prior to the year of the adoption of the ordinance authorizing tax increment allocation financing.

(k) "Net State Utility Tax Increment" means the sum of the following: (a) 80% of the first $100,000 of State Utility Tax Increment annually generated by a redevelopment project area; (b) 60% of the amount in excess of $100,000 but not exceeding $500,000 of the State Utility Tax Increment annually generated by a redevelopment project area; and (c) 40% of all amounts in excess of $500,000 of State Utility Tax Increment annually generated by a redevelopment project area. For the State Fiscal Year 1999, and every year thereafter until the year 2007, for any municipality that has not entered into a contract or has not issued bonds prior to June 1, 1988 to finance redevelopment project costs within a redevelopment project area, the Net State Utility Tax Increment shall be calculated as follows: By multiplying the Net State Utility Tax Increment by 90% in the State Fiscal Year 1999; 80% in the State Fiscal Year 2000; 70% in the State Fiscal Year 2001; 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for the State Fiscal Year 2008 and thereafter.

Municipalities that issue bonds in connection with the redevelopment project during the period from June 1, 1988 until 3 years after the effective date of this Amendatory Act of 1988 shall receive the Net State Utility Tax Increment, subject to appropriation, for 15 State Fiscal Years after the issuance of such bonds. For the 16th through the 20th State Fiscal Years after issuance of the bonds, the Net State Utility Tax Increment shall be calculated as follows: By multiplying the Net State Utility Tax Increment by 90% in year 16; 80% in year 17; 70% in year 18; 60% in year 19; and 50% in year 20. Refunding of any bonds issued prior to June 1, 1988, shall not alter the revised Net State Utility Tax Increment payments set forth above.

(l) "Obligations" mean bonds, loans, debentures, notes, special certificates or other evidence of indebtedness issued by the municipality to carry out a redevelopment project or to refund outstanding obligations.

(m) "Payment in lieu of taxes" means those estimated tax revenues from real property in a redevelopment project area derived from real property that has been acquired by a municipality which according to the redevelopment project or plan is to be used for a private use which taxing districts would have received had a municipality not acquired the real property and adopted tax increment allocation financing and which would result from levies made after the time of the adoption of tax increment allocation financing to the time the current equalized value of real property in the redevelopment project area exceeds the total initial equalized value of real property in said area.

(n) "Redevelopment plan" means the comprehensive program of the municipality for development or redevelopment intended by the payment of redevelopment project costs to reduce or eliminate those conditions the existence of which qualified the redevelopment project area as a "blighted area" or "conservation area" or combination thereof or "industrial park conservation area," and thereby to enhance the tax bases of the taxing districts which extend into the redevelopment project area. On and after November 1, 1999 (the effective date of Public Act 91-478), no redevelopment plan may be approved or amended that includes the development of vacant land (i) with a golf course and related clubhouse and other facilities or (ii) designated by federal, State, county, or municipal government as public land for outdoor recreational activities or for nature preserves and used for that purpose within 5 years prior to the adoption of the redevelopment plan. (J) if property is to be annexed to the municipality, the plan shall include the terms of the annexation agreement.

However, for redevelopment project areas for which bonds were issued before July 29, 1991, or for which contracts were entered into before June 1, 1988, in connection with a redevelopment project in the area within the State Sales Tax Boundary, the estimated dates of completion of the redevelopment project and retirement of obligations to finance redevelopment project costs may be extended by municipal ordinance to December 31, 2013. The termination procedures of subsection (b) of Section 11-74.4-8 are not required for these redevelopment project areas in 2009 but are required in 2013. The extension allowed by this amendatory Act of 1993 shall not apply to real property tax increment allocation financing under Section 11-74.4-8.

A municipality may by municipal ordinance amend an existing redevelopment plan to conform to this paragraph (3) as

amended by Public Act 91-478, which municipal ordinance may be adopted without further hearing or notice and without complying with the procedures provided in this Act pertaining to an amendment to or the initial approval of a redevelopment plan and project and designation of a redevelopment project area.

Those dates, for purposes of real property tax increment allocation financing pursuant to Section 11-74.4-8 only, shall be not more than 35 years for redevelopment project areas that were adopted on or after December 16, 1986 and for which at least $8 million worth of municipal bonds were authorized on or after December 19, 1989 but before January 1, 1990; provided that the municipality elects to extend the life of the redevelopment project area to 35 years by the adoption of an ordinance after at least 14 but not more than 30 days' written notice to the taxing bodies, that would otherwise constitute the joint review board for the redevelopment project area, before the adoption of the ordinance.

Those dates, for purposes of real property tax increment allocation financing pursuant to Section 11-74.4-8 only, shall be not more than 35 years for redevelopment project areas that were established on or after December 1, 1981 but before January 1, 1982 and for which at least $1,500,000 worth of tax increment revenue bonds were authorized on or after September 30, 1990 but before July 1, 1991; provided that the municipality elects to extend the life of the redevelopment project area to 35 years by the adoption of an ordinance after at least 14 but not more than 30 days' written notice to the taxing bodies, that would otherwise constitute the joint review board for the redevelopment project area, before the adoption of the ordinance.

(3.5) The municipality finds, in the case of an industrial park conservation area, also that the municipality is a labor surplus municipality and that the implementation of the redevelopment plan will reduce unemployment, create new jobs and by the provision of new facilities enhance the tax base of the taxing districts that extend into the redevelopment project area.

(4) If any incremental revenues are being utilized under Section 8(a)(1) or 8(a)(2) of this Act in redevelopment project areas approved by ordinance after January 1, 1986, the municipality finds: (a) that the redevelopment project area would not reasonably be developed without the use of such incremental

revenues, and (b) that such incremental revenues will be exclusively utilized for the development of the redevelopment project area.

(5) If the redevelopment plan will not result in displacement of residents from 10 or more inhabited residential units, and the municipality certifies in the plan that such displacement will not result from the plan, a housing impact study need not be performed. If, however, the redevelopment plan would result in the displacement of residents from 10 or more inhabited residential units, or if the redevelopment project area contains 75 or more inhabited residential units and no certification is made, then the municipality shall prepare, as part of the separate feasibility report required by subsection (a) of Section 11-74.4-5, a housing impact study.

Part I of the housing impact study shall include (i) data as to whether the residential units are single family or multi-family units, (ii) the number and type of rooms within the units, if that information is available, (iii) whether the units are inhabited or uninhabited, as determined not less than 45 days before the date that the ordinance or resolution required by subsection (a) of Section 11-74.4-5 is passed, and (iv) data as to the racial and ethnic composition of the residents in the inhabited residential units. The data requirement as to the racial and ethnic composition of the residents in the inhabited residential units shall be deemed to be fully satisfied by data from the most recent federal census.

Part II of the housing impact study shall identify the inhabited residential units in the proposed redevelopment project area that are to be or may be removed. If inhabited residential units are to be removed, then the housing impact study shall identify (i) the number and location of those units that will or may be removed, (ii) the municipality's plans for relocation assistance for those residents in the proposed redevelopment project area whose residences are to be removed, (iii) the availability of replacement housing for those residents whose residences are to be removed, and shall identify the type, location, and cost of the housing, and (iv) the type and extent of relocation assistance to be provided.

(6) On and after November 1, 1999, the housing impact study required by paragraph (5) shall be incorporated in the redevelopment plan for the redevelopment project area.

(7) On and after November 1, 1999, no redevelopment plan shall be adopted, nor an existing plan amended, nor shall residential housing that is occupied by households of low-income and very low-income persons in currently existing redevelopment project areas be removed after November 1, 1999 unless the redevelopment plan provides, with respect to inhabited housing units that are to be removed for households of low-income and very low-income persons, affordable housing and relocation assistance not less than that which would be provided under the federal Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 and the regulations under that Act, including the eligibility criteria. Affordable housing may be either existing or newly constructed housing. For purposes of this paragraph (7), "low-income households", "very low-income households", and "affordable housing" have the meanings set forth in the Illinois Affordable Housing Act. The municipality shall make a good faith effort to ensure that this affordable housing is located in or near the redevelopment project area within the municipality.

(8) On and after November 1, 1999, if, after the adoption of the redevelopment plan for the redevelopment project area, any municipality desires to amend its redevelopment plan to remove more inhabited residential units than specified in its original redevelopment plan, that change shall be made in accordance with the procedures in subsection (c) of Section 11-74.4-5.

(9) For redevelopment project areas designated prior to November 1, 1999, the redevelopment plan may be amended without further joint review board meeting or hearing, provided that the municipality shall give notice of any such changes by mail to each affected taxing district and registrant on the interested party registry, to authorize the municipality to expend tax increment revenues for redevelopment project costs defined by paragraphs (5) and (7.5), subparagraphs (E) and (F) of paragraph (11), and paragraph (11.5) of subsection (q) of Section 11-74.4-3, so long as the changes do not increase the total estimated redevelopment project costs set out in the redevelopment plan by more than 5% after adjustment for inflation from the date the plan was adopted.

(p) "Redevelopment project area" means an area designated by the municipality, which is not less in the aggregate than 1 1/2 acres and in respect to which the municipality has made a finding that there exist conditions which cause the area to be classified as an industrial park conservation area or a blighted area or a conservation area, or a combination of both blighted areas and conservation areas.

(q) "Redevelopment project costs" mean and include the sum total of all reasonable or necessary costs incurred or estimated to be incurred, and any such costs incidental to a redevelopment plan and a redevelopment project. Such costs include, without limitation, the following:

(1) Costs of studies, surveys, development of plans, and specifications, implementation and administration of the redevelopment plan including but not limited to staff and professional service costs for architectural, engineering, legal, financial, planning or other services, provided however that no charges for professional services may be based on a percentage of the tax increment collected; except that on and after November 1, 1999 (the effective date of Public Act 91-478), no contracts for professional services, excluding architectural and engineering services, may be entered into if the terms of the contract extend beyond a period of 3 years. In addition, "redevelopment project costs" shall not include lobbying expenses. After consultation with the municipality, each tax increment consultant or advisor to a municipality that plans to designate or has designated a redevelopment project area shall inform the municipality in writing of any contracts that the consultant or advisor has entered into with entities or individuals that have received, or are receiving, payments financed by tax increment revenues produced by the redevelopment project area with respect to which the consultant or advisor has performed, or will be performing, service for the

municipality. This requirement shall be satisfied by the consultant or advisor before the commencement of services for the municipality and thereafter whenever any other contracts with those individuals or entities are executed by the consultant or advisor;

(1.5) After July 1, 1999, annual administrative costs shall not include general overhead or administrative costs of the municipality that would still have been incurred by the municipality if the municipality had not designated a redevelopment project area or approved a redevelopment plan;

(1.6) The cost of marketing sites within the redevelopment project area to prospective businesses, developers, and investors;

(2) Property assembly costs, including but not limited to acquisition of land and other property, real or personal, or rights or interests therein, demolition of buildings, site preparation, site improvements that serve as an engineered barrier addressing ground level or below ground environmental contamination, including, but not limited to parking lots and other concrete or asphalt barriers, and the clearing and grading of land;

(3) Costs of rehabilitation, reconstruction or repair or remodeling of existing public or private buildings, fixtures, and leasehold improvements; and the cost of replacing an existing public building if pursuant to the implementation of a redevelopment project the existing public building is to be demolished to use the site for private investment or devoted to a different use requiring private investment;

(4) Costs of the construction of public works or improvements, except that on and after November 1, 1999, redevelopment project costs shall not include the cost of constructing a new municipal public building principally used to provide offices, storage space, or conference facilities or vehicle storage, maintenance, or repair for administrative, public safety, or public works personnel and that is not intended to replace an existing public building as provided under paragraph (3) of subsection (q) of Section 11-74.4-3 unless either (i) the construction of the new municipal building implements a redevelopment project that was included in a redevelopment plan that was adopted by the municipality prior to November 1, 1999 or (ii) the municipality makes a reasonable determination in the

redevelopment plan, supported by information that provides the basis for that determination, that the new municipal building is required to meet an increase in the need for public safety purposes anticipated to result from the implementation of the redevelopment plan;

(5) Costs of job training and retraining projects, including the cost of "welfare to work" programs implemented by businesses located within the redevelopment project area;

(6) Financing costs, including but not limited to all necessary and incidental expenses related to the issuance of obligations and which may include payment of interest on any obligations issued hereunder including interest accruing during the estimated period of construction of any redevelopment project for which such obligations are issued and for not exceeding 36 months thereafter and including reasonable reserves related thereto;

(7) To the extent the municipality by written agreement accepts and approves the same, all or a portion of a taxing district's capital costs resulting from the redevelopment project necessarily incurred or to be incurred within a taxing district in furtherance of the objectives of the redevelopment plan and project.

(7.5) For redevelopment project areas designated (or redevelopment project areas amended to add or increase the number of tax-increment-financing assisted housing units) on or after November 1, 1999, an elementary, secondary, or unit school district's increased costs attributable to assisted housing units located within the redevelopment project area for which the developer or redeveloper receives financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the assisted housing sites necessary for the completion of that housing as authorized by this Act, and which costs shall be paid by the municipality from the Special Tax Allocation Fund when the tax increment revenue is received as a result of the assisted housing units and shall be calculated annually as follows:

enrolled in that school district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by the most recently available per capita tuition cost as defined in Section 10-20.12a of the School Code less any increase in general State aid as defined in Section 18-8.05 of the School Code attributable to these added new students subject to the following annual limitations:

(i) for unit school districts with a district average 1995-96 Per Capita Tuition Charge of less than $5,900, no more than 25% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act;

(ii) for elementary school districts with a district average 1995-96 Per Capita Tuition Charge of less than $5,900, no more than 17% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act; and

(iii) for secondary school districts with a district average 1995-96 Per Capita Tuition Charge of less than $5,900, no more than 8% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act.

(B) For alternate method districts, flat grant districts, and foundation districts with a district average 1995-96 Per Capita Tuition Charge equal to or more than $5,900, excluding any school district with a population in excess of 1,000,000, by multiplying the district's increase in attendance resulting from the net increase in new students enrolled in that school district who reside in housing units within the redevelopment project area that have received

financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by the most recently available per capita tuition cost as defined in Section 10-20.12a of the School Code less any increase in general state aid as defined in Section 18-8.05 of the School Code attributable to these added new students subject to the following annual limitations:

(i) for unit school districts, no more than 40% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act;

(ii) for elementary school districts, no more than 27% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act; and

(iii) for secondary school districts, no more than 13% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act.

(C) For any school district in a municipality with a population in excess of 1,000,000, the following restrictions shall apply to the reimbursement of increased costs under this paragraph (7.5):

(i) no increased costs shall be reimbursed unless the school district certifies that each of the schools affected by the assisted housing project is at or over its student capacity;

(ii) the amount reimbursable shall be reduced by the value of any land donated to the school district by the municipality or developer, and by the value of any physical improvements made to the schools by the municipality or developer; and

New matter indicated in italics - deletions by strikeout.
(iii) the amount reimbursed may not affect amounts otherwise obligated by the terms of any bonds, notes, or other funding instruments, or the terms of any redevelopment agreement.

Any school district seeking payment under this paragraph (7.5) shall, after July 1 and before September 30 of each year, provide the municipality with reasonable evidence to support its claim for reimbursement before the municipality shall be required to approve or make the payment to the school district. If the school district fails to provide the information during this period in any year, it shall forfeit any claim to reimbursement for that year. School districts may adopt a resolution waiving the right to all or a portion of the reimbursement otherwise required by this paragraph (7.5). By acceptance of this reimbursement the school district waives the right to directly or indirectly set aside, modify, or contest in any manner the establishment of the redevelopment project area or projects;

(7.7) For redevelopment project areas designated (or redevelopment project areas amended to add or increase the number of tax-increment-financing assisted housing units) on or after January 1, 2005 (the effective date of Public Act 93-961), a public library district's increased costs attributable to assisted housing units located within the redevelopment project area for which the developer or redeveloper receives financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the assisted housing sites necessary for the completion of that housing as authorized by this Act shall be paid to the library district by the municipality from the Special Tax Allocation Fund when the tax increment revenue is received as a result of the assisted housing units. This paragraph (7.7) applies only if (i) the library district is located in a county that is subject to the Property Tax Extension Limitation Law or (ii) the library district is not located in a county that is subject to the Property Tax Extension Limitation Law but the district is prohibited by any other law from increasing its tax levy rate without a prior voter referendum.

The amount paid to a library district under this paragraph (7.7) shall be calculated by multiplying (i) the net increase in the number of persons eligible to obtain a library card in that district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by (ii) the per-patron cost of providing library services so long as it does not exceed $120. The per-patron cost shall be the Total Operating Expenditures Per Capita as stated in the most recent Illinois Public Library Statistics produced by the Library Research Center at the University of Illinois. The municipality may deduct from the amount that it must pay to a library district under this paragraph any amount that it has voluntarily paid to the library district from the tax increment revenue. The amount paid to a library district under this paragraph (7.7) shall be no more than 2% of the amount produced by the assisted housing units and deposited into the Special Tax Allocation Fund.

A library district is not eligible for any payment under this paragraph (7.7) unless the library district has experienced an increase in the number of patrons from the municipality that created the tax-increment-financing district since the designation of the redevelopment project area.

Any library district seeking payment under this paragraph (7.7) shall, after July 1 and before September 30 of each year, provide the municipality with convincing evidence to support its claim for reimbursement before the municipality shall be required to approve or make the payment to the library district. If the library district fails to provide the information during this period in any year, it shall forfeit any claim to reimbursement for that year. Library districts may adopt a resolution waiving the right to all or a portion of the reimbursement otherwise required by this paragraph (7.7). By acceptance of such reimbursement, the library district shall forfeit any right to directly or indirectly set aside, modify, or contest in any manner whatsoever the establishment of the redevelopment project area or projects;

(8) Relocation costs to the extent that a municipality determines that relocation costs shall be paid or is required to make payment of relocation costs by federal or State law or in order to satisfy subparagraph (7) of subsection (n);

(9) Payment in lieu of taxes;

(10) Costs of job training, retraining, advanced vocational education or career education, including but not limited to courses in occupational, semi-technical or technical fields leading directly to employment, incurred by one or more taxing districts, provided that such costs (i) are related to the establishment and maintenance of additional job training, advanced vocational education or career education programs for persons employed or to be employed by employers located in a redevelopment project area; and (ii) when incurred by a taxing district or taxing districts other than the municipality, are set forth in a written agreement by or among the municipality and the taxing district or taxing districts, which agreement describes the program to be undertaken, including but not limited to the number of employees to be trained, a description of the training and services to be provided, the number and type of positions available or to be available, itemized costs of the program and sources of funds to pay for the same, and the term of the agreement. Such costs include, specifically, the payment by community college districts of costs pursuant to Sections 3-37, 3-38, 3-40 and 3-40.1 of the Public Community College Act and by school districts of costs pursuant to Sections 10-22.20a and 10-23.3a of The School Code;

(11) Interest cost incurred by a redeveloper related to the construction, renovation or rehabilitation of a redevelopment project provided that:

    (A) such costs are to be paid directly from the special tax allocation fund established pursuant to this Act;
    (B) such payments in any one year may not exceed 30% of the annual interest costs incurred by the redeveloper with regard to the redevelopment project during that year;
    (C) if there are not sufficient funds available in the special tax allocation fund to make the payment pursuant to this paragraph (11) then the amounts so due shall accrue and be payable when sufficient funds are available in the special tax allocation fund;

New matter indicated in italics - deletions by strikeout.
(D) the total of such interest payments paid pursuant to this Act may not exceed 30% of the total (i) cost paid or incurred by the redeveloper for the redevelopment project plus (ii) redevelopment project costs excluding any property assembly costs and any relocation costs incurred by a municipality pursuant to this Act; and

(E) the cost limits set forth in subparagraphs (B) and (D) of paragraph (11) shall be modified for the financing of rehabilitated or new housing units for low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act. The percentage of 75% shall be substituted for 30% in subparagraphs (B) and (D) of paragraph (11).

(F) Instead of the eligible costs provided by subparagraphs (B) and (D) of paragraph (11), as modified by this subparagraph, and notwithstanding any other provisions of this Act to the contrary, the municipality may pay from tax increment revenues up to 50% of the cost of construction of new housing units to be occupied by low-income households and very low-income households as defined in Section 3 of the Illinois Affordable Housing Act. The cost of construction of those units may be derived from the proceeds of bonds issued by the municipality under this Act or other constitutional or statutory authority or from other sources of municipal revenue that may be reimbursed from tax increment revenues or the proceeds of bonds issued to finance the construction of that housing.

The eligible costs provided under this subparagraph (F) of paragraph (11) shall be an eligible cost for the construction, renovation, and rehabilitation of all low and very low-income housing units, as defined in Section 3 of the Illinois Affordable Housing Act, within the redevelopment project area. If the low and very low-income units are part of a residential redevelopment project that includes units not affordable to low and very low-income households, only the low and very low-income units shall be eligible for benefits under subparagraph (F) of paragraph (11). The standards for maintaining the occupancy by low-income households and very low-income households, as

defined in Section 3 of the Illinois Affordable Housing Act, of those units constructed with eligible costs made available under the provisions of this subparagraph (F) of paragraph (11) shall be established by guidelines adopted by the municipality. The responsibility for annually documenting the initial occupancy of the units by low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act, shall be that of the then current owner of the property. For ownership units, the guidelines will provide, at a minimum, for a reasonable recapture of funds, or other appropriate methods designed to preserve the original affordability of the ownership units. For rental units, the guidelines will provide, at a minimum, for the affordability of rent to low and very low-income households. As units become available, they shall be rented to income-eligible tenants. The municipality may modify these guidelines from time to time; the guidelines, however, shall be in effect for as long as tax increment revenue is being used to pay for costs associated with the units or for the retirement of bonds issued to finance the units or for the life of the redevelopment project area, whichever is later.

(11.5) If the redevelopment project area is located within a municipality with a population of more than 100,000, the cost of day care services for children of employees from low-income families working for businesses located within the redevelopment project area and all or a portion of the cost of operation of day care centers established by redevelopment project area businesses to serve employees from low-income families working in businesses located in the redevelopment project area. For the purposes of this paragraph, "low-income families" means families whose annual income does not exceed 80% of the municipal, county, or regional median income, adjusted for family size, as the annual income and municipal, county, or regional median income are determined from time to time by the United States Department of Housing and Urban Development.

(12) Unless explicitly stated herein the cost of construction of new privately-owned buildings shall not be an eligible redevelopment project cost.

(13) After November 1, 1999 (the effective date of Public Act 91-478), none of the redevelopment project costs enumerated in this subsection shall be eligible redevelopment project costs if those costs would provide direct financial support to a retail entity initiating operations in the redevelopment project area while terminating operations at another Illinois location within 10 miles of the redevelopment project area but outside the boundaries of the redevelopment project area municipality. For purposes of this paragraph, termination means a closing of a retail operation that is directly related to the opening of the same operation or like retail entity owned or operated by more than 50% of the original ownership in a redevelopment project area, but it does not mean closing an operation for reasons beyond the control of the retail entity, as documented by the retail entity, subject to a reasonable finding by the municipality that the current location contained inadequate space, had become economically obsolete, or was no longer a viable location for the retailer or serviceman.

If a special service area has been established pursuant to the Special Service Area Tax Act or Special Service Area Tax Law, then any tax increment revenues derived from the tax imposed pursuant to the Special Service Area Tax Act or Special Service Area Tax Law may be used within the redevelopment project area for the purposes permitted by that Act or Law as well as the purposes permitted by this Act.

(r) "State Sales Tax Boundary" means the redevelopment project area or the amended redevelopment project area boundaries which are determined pursuant to subsection (9) of Section 11-74.4-8a of this Act. The Department of Revenue shall certify pursuant to subsection (9) of Section 11-74.4-8a the appropriate boundaries eligible for the determination of State Sales Tax Increment.

(s) "State Sales Tax Increment" means an amount equal to the increase in the aggregate amount of taxes paid by retailers and servicemen, other than retailers and servicemen subject to the Public Utilities Act, on transactions at places of business located within a State Sales Tax Boundary pursuant to the Retailers' Occupation Tax Act, the Use Tax Act, the Service Use Tax Act, and the Service Occupation Tax Act, except such portion of such increase that is paid into the State and Local Sales Tax Reform Fund, the Local Government Distributive Fund, the Local Government Tax Fund and the County and Mass Transit District Fund, for as long as State participation exists, over and above the Initial Sales Tax

Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts for such taxes as certified by the Department of Revenue and paid under those Acts by retailers and servicemen on transactions at places of business located within the State Sales Tax Boundary during the base year which shall be the calendar year immediately prior to the year in which the municipality adopted tax increment allocation financing, less 3.0% of such amounts generated under the Retailers' Occupation Tax Act, Use Tax Act and Service Use Tax Act and the Service Occupation Tax Act, which sum shall be appropriated to the Department of Revenue to cover its costs of administering and enforcing this Section. For purposes of computing the aggregate amount of such taxes for base years occurring prior to 1985, the Department of Revenue shall compute the Initial Sales Tax Amount for such taxes and deduct therefrom an amount equal to 4% of the aggregate amount of taxes per year for each year the base year is prior to 1985, but not to exceed a total deduction of 12%. The amount so determined shall be known as the "Adjusted Initial Sales Tax Amount". For purposes of determining the State Sales Tax Increment the Department of Revenue shall for each period subtract from the tax amounts received from retailers and servicemen on transactions located in the State Sales Tax Boundary, the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or Revised Initial Sales Tax Amounts for the Retailers' Occupation Tax Act, the Use Tax Act, the Service Use Tax Act and the Service Occupation Tax Act. For the State Fiscal Year 1989 this calculation shall be made by utilizing the calendar year 1987 to determine the tax amounts received. For the State Fiscal Year 1990, this calculation shall be made by utilizing the period from January 1, 1988, until September 30, 1988, to determine the tax amounts received from retailers and servicemen, which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For the State Fiscal Year 1991, this calculation shall be made by utilizing the period from October 1, 1988, until June 30, 1989, to determine the tax amounts received from retailers and servicemen, which shall have deducted therefrom nine-twelfths of the certified Initial State Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For every State Fiscal Year thereafter, the applicable period shall be the 12 months beginning July 1 and ending on June 30, to determine the tax amounts received which shall have deducted therefrom the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate.
Tax Amounts or the Revised Initial Sales Tax Amounts. Municipalities intending to receive a distribution of State Sales Tax Increment must report a list of retailers to the Department of Revenue by October 31, 1988 and by July 31, of each year thereafter.

(t) "Taxing districts" means counties, townships, cities and incorporated towns and villages, school, road, park, sanitary, mosquito abatement, forest preserve, public health, fire protection, river conservancy, tuberculosis sanitarium and any other municipal corporations or districts with the power to levy taxes.

(u) "Taxing districts' capital costs" means those costs of taxing districts for capital improvements that are found by the municipal corporate authorities to be necessary and directly result from the redevelopment project.

(v) As used in subsection (a) of Section 11-74.4-3 of this Act, "vacant land" means any parcel or combination of parcels of real property without industrial, commercial, and residential buildings which has not been used for commercial agricultural purposes within 5 years prior to the designation of the redevelopment project area, unless the parcel is included in an industrial park conservation area or the parcel has been subdivided; provided that if the parcel was part of a larger tract that has been divided into 3 or more smaller tracts that were accepted for recording during the period from 1950 to 1990, then the parcel shall be deemed to have been subdivided, and all proceedings and actions of the municipality taken in that connection with respect to any previously approved or designated redevelopment project area or amended redevelopment project area are hereby validated and hereby declared to be legally sufficient for all purposes of this Act. For purposes of this Section and only for land subject to the subdivision requirements of the Plat Act, land is subdivided when the original plat of the proposed Redevelopment Project Area or relevant portion thereof has been properly certified, acknowledged, approved, and recorded or filed in accordance with the Plat Act and a preliminary plat, if any, for any subsequent phases of the proposed Redevelopment Project Area or relevant portion thereof has been properly approved and filed in accordance with the applicable ordinance of the municipality.

(w) "Annual Total Increment" means the sum of each municipality's annual Net Sales Tax Increment and each municipality's annual Net Utility Tax Increment. The ratio of the Annual Total Increment of each municipality to the Annual Total Increment for all municipalities,

as most recently calculated by the Department, shall determine the proportional shares of the Illinois Tax Increment Fund to be distributed to each municipality.

(65 ILCS 5/11-74.4-7) (from Ch. 24, par. 11-74.4-7)

Sec. 11-74.4-7. Obligations secured by the special tax allocation fund set forth in Section 11-74.4-8 for the redevelopment project area may be issued to provide for redevelopment project costs. Such obligations, when so issued, shall be retired in the manner provided in the ordinance authorizing the issuance of such obligations by the receipts of taxes levied as specified in Section 11-74.4-9 against the taxable property included in the area, by revenues as specified by Section 11-74.4-8a and other revenue designated by the municipality. A municipality may in the ordinance pledge all or any part of the funds in and to be deposited in the special tax allocation fund created pursuant to Section 11-74.4-8 to the payment of the redevelopment project costs and obligations. Any pledge of funds in the special tax allocation fund shall provide for distribution to the taxing districts and to the Illinois Department of Revenue of moneys not required, pledged, earmarked, or otherwise designated for payment and securing of the obligations and anticipated redevelopment project costs and such excess funds shall be calculated annually and deemed to be "surplus" funds. In the event a municipality only applies or pledges a portion of the funds in the special tax allocation fund for the payment or securing of anticipated redevelopment project costs or of obligations, any such funds remaining in the special tax allocation fund after complying with the requirements of the application or pledge, shall also be calculated annually and deemed "surplus" funds. All surplus funds in the special tax allocation fund shall be distributed annually within 180 days after the close of the municipality's fiscal year by being paid by the municipal treasurer to the County Collector, to the Department of Revenue and to the municipality in direct proportion to the tax incremental revenue received as a result of an increase in the equalized assessed value of property in the redevelopment project area, tax incremental revenue received from the State and tax

incremental revenue received from the municipality, but not to exceed as
to each such source the total incremental revenue received from that
source. The County Collector shall thereafter make distribution to the
respective taxing districts in the same manner and proportion as the most
recent distribution by the county collector to the affected districts of real
property taxes from real property in the redevelopment project area.

Without limiting the foregoing in this Section, the municipality
may in addition to obligations secured by the special tax allocation fund
pledge for a period not greater than the term of the obligations towards
payment of such obligations any part or any combination of the following:
(a) net revenues of all or part of any redevelopment project; (b) taxes
levied and collected on any or all property in the municipality; (c) the full
faith and credit of the municipality; (d) a mortgage on part or all of the
redevelopment project; or (e) any other taxes or anticipated receipts that
the municipality may lawfully pledge.

Such obligations may be issued in one or more series bearing
interest at such rate or rates as the corporate authorities of the municipality
shall determine by ordinance. Such obligations shall bear such date or
dates, mature at such time or times not exceeding 20 years from their
respective dates, be in such denomination, carry such registration
privileges, be executed in such manner, be payable in such medium of
payment at such place or places, contain such covenants, terms and
conditions, and be subject to redemption as such ordinance shall provide.
Obligations issued pursuant to this Act may be sold at public or private
sale at such price as shall be determined by the corporate authorities of the
municipalities. No referendum approval of the electors shall be required as
a condition to the issuance of obligations pursuant to this Division except
as provided in this Section.

In the event the municipality authorizes issuance of obligations
pursuant to the authority of this Division secured by the full faith and
credit of the municipality, which obligations are other than obligations
which may be issued under home rule powers provided by Article VII,
Section 6 of the Illinois Constitution, or pledges taxes pursuant to (b) or
(c) of the second paragraph of this section, the ordinance authorizing the
issuance of such obligations or pledging such taxes shall be published
within 10 days after such ordinance has been passed in one or more
newspapers, with general circulation within such municipality. The
publication of the ordinance shall be accompanied by a notice of (1) the
specific number of voters required to sign a petition requesting the

New matter indicated in italics - deletions by strikeout.
question of the issuance of such obligations or pledging taxes to be submitted to the electors; (2) the time in which such petition must be filed; and (3) the date of the prospective referendum. The municipal clerk shall provide a petition form to any individual requesting one.

If no petition is filed with the municipal clerk, as hereinafter provided in this Section, within 30 days after the publication of the ordinance, the ordinance shall be in effect. But, if within that 30 day period a petition is filed with the municipal clerk, signed by electors in the municipality numbering 10% or more of the number of registered voters in the municipality, asking that the question of issuing obligations using full faith and credit of the municipality as security for the cost of paying for redevelopment project costs, or of pledging taxes for the payment of such obligations, or both, be submitted to the electors of the municipality, the corporate authorities of the municipality shall call a special election in the manner provided by law to vote upon that question, or, if a general, State or municipal election is to be held within a period of not less than 30 or more than 90 days from the date such petition is filed, shall submit the question at the next general, State or municipal election. If it appears upon the canvass of the election by the corporate authorities that a majority of electors voting upon the question voted in favor thereof, the ordinance shall be in effect, but if a majority of the electors voting upon the question are not in favor thereof, the ordinance shall not take effect.

The ordinance authorizing the obligations may provide that the obligations shall contain a recital that they are issued pursuant to this Division, which recital shall be conclusive evidence of their validity and of the regularity of their issuance.

In the event the municipality authorizes issuance of obligations pursuant to this Section secured by the full faith and credit of the municipality, the ordinance authorizing the obligations may provide for the levy and collection of a direct annual tax upon all taxable property within the municipality sufficient to pay the principal thereof and interest thereon as it matures, which levy may be in addition to and exclusive of the maximum of all other taxes authorized to be levied by the municipality, which levy, however, shall be abated to the extent that monies from other sources are available for payment of the obligations and the municipality certifies the amount of said monies available to the county clerk.

A certified copy of such ordinance shall be filed with the county clerk of each county in which any portion of the municipality is situated,
and shall constitute the authority for the extension and collection of the
taxes to be deposited in the special tax allocation fund.

A municipality may also issue its obligations to refund in whole or
in part, obligations theretofore issued by such municipality under the
authority of this Act, whether at or prior to maturity, provided however,
that the last maturity of the refunding obligations shall not be expressed to

"Restaurant" includes a bar area within the restaurant.

"Retail tobacco store" means a retail establishment that derives more than 80% of its gross revenue from the sale of loose tobacco, plants, or herbs and cigars, cigarettes, pipes, and other smoking devices for burning tobacco and related smoking accessories and in which the sale of other products is merely incidental. "Retail tobacco store" includes an enclosed workplace that manufactures, imports, or distributes tobacco or tobacco products, when, as a necessary and integral part of the process of making, manufacturing, importing, or distributing a tobacco product for the eventual retail sale of that tobacco or tobacco product, tobacco is heated, burned, or smoked, or a lighted tobacco product is tested, provided that the involved business entity: (1) maintains a specially designated area or areas within the workplace for the purpose of the heating, burning, smoking, or lighting activities, and does not create a facility that permits smoking throughout; (2) satisfies the 80% requirement related to gross sales; and (3) delivers tobacco products to consumers, retail establishments, or other wholesale establishments as part of its

Design features that physically restrict movement include, but are not limited to, locked rooms and the secure handcuffing of a minor to a rail or other stationary object. In addition, "detention" includes the court ordered care of an alleged or adjudicated delinquent minor who requires secure custody pursuant to Section 5-125 of this Act.

PUBLIC ACT 95-1032
(House Bill No. 2047)

AN ACT concerning public employee benefits.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Pension Code is amended by changing Section 4-109.3 as follows:

(40 ILCS 5/4-109.3)
Sec. 4-109.3. Employee creditable service.
(a) As used in this Section:
"Final monthly salary" means the monthly salary attached to the rank held by the firefighter at the time of his or her last withdrawal from service under a particular pension fund.

New matter indicated in italics - deletions by strikeout.
"Last pension fund" means the pension fund in which the firefighter was participating at the time of his or her last withdrawal from service.

(b) The benefits provided under this Section are available only to a firefighter who:

(1) is a firefighter at the time of withdrawal from the last pension fund and for at least the final 3 years of employment prior to that withdrawal;

(2) has established service credit with at least one pension fund established under this Article other than the last pension fund;

(3) has a total of at least 20 years of service under the various pension funds established under this Article and has attained age 50; and

(4) is in service on or after the effective date of this amendatory Act of the 93rd General Assembly.

(c) A firefighter who is eligible for benefits under this Section may elect to receive a retirement pension from each pension fund under this Article in which the firefighter has at least one year of service credit but has not received a refund under Section 4-116 (unless the firefighter repays that refund under subsection (g)) or subsection (c) of Section 4-118.1, by applying in writing and paying the contribution required under subsection (i).

(d) From each such pension fund other than the last pension fund, in lieu of any retirement pension otherwise payable under this Article, a firefighter to whom this Section applies may elect to receive a monthly pension of 1/12th of 2.5% of his or her final monthly salary under that fund for each month of service in that fund, subject to a maximum of 75% of that final monthly salary.

(e) From the last pension fund, in lieu of any retirement pension otherwise payable under this Article, a firefighter to whom this Section applies may elect to receive a monthly pension calculated as follows:

The last pension fund shall calculate the retirement pension that would be payable to the firefighter under subsection (a) of Section 4-109 as if he or she had participated in that last pension fund during his or her entire period of service under all pension funds established under this Article (excluding any period of service for which the firefighter has received a refund under Section 4-116, unless the firefighter repays that refund under subsection (g), or for which the firefighter has received a refund under subsection (c) of Section 4-118.1). From this hypothetical

New matter indicated in italics - deletions by strikeout.
pension there shall be subtracted the original amounts of the retirement pensions payable to the firefighter by all other pension funds under subsection (d). The remainder is the retirement pension payable to the firefighter by the last pension fund under this subsection (e).

(f) Pensions elected under this Section shall be subject to increases as provided in subsection (d) of Section 4-109.1.

(g) A current firefighter may reinstate creditable service in a pension fund established under this Article that was terminated upon receipt of a refund, by payment to that pension fund of the amount of the refund together with interest thereon at the rate of 6% per year, compounded annually, from the date of the refund to the date of payment. A repayment of a refund under this Section may be made in equal installments over a period of up to 10 years, but must be paid in full prior to retirement.

(h) As a condition of being eligible for the benefits provided in this Section, a person who is hired to a position as a firefighter on or after July 1, 2004 must, within 21 months after being hired, notify the new employer, all of his or her previous employers under this Article, and the Public Pension Division of the Division of Insurance of the Department of Financial and Professional Regulation of his or her intent to receive the benefits provided under this Section.

(i) In order to receive a pension under this Section or an occupational disease disability pension for which he or she becomes eligible due to the application of subsection (m) of this Section, a firefighter must pay to each pension fund from which he or she has elected to receive a pension under this Section a contribution equal to 1% of monthly salary for each month of service credit that the firefighter has in that fund (other than service credit for which the firefighter has already paid the additional contribution required under subsection (c) of Section 4-118.1), together with interest thereon at the rate of 6% per annum, compounded annually, from the firefighter's first day of employment with that fund or the first day of the fiscal year of that fund that immediately precedes the firefighter's first day of employment with that fund, whichever is earlier.

In order for a firefighter who, as of the effective date of this amendatory Act of the 93rd General Assembly, has not begun to receive a pension under this Section or an occupational disease disability pension under subsection (m) of this Section and who has contributed 1/12th of 1% of monthly salary for each month of service credit that the firefighter has

New matter indicated in italics - deletions by strikeout.
in that fund (other than service credit for which the firefighter has already paid the additional contribution required under subsection (c) of Section 4-118.1), together with the required interest thereon, to receive a pension under this Section or an occupational disease disability pension for which he or she becomes eligible due to the application of subsection (m) of this Section, the firefighter must, within one year after the effective date of this amendatory Act of the 93rd General Assembly, make an additional contribution equal to \( \frac{11}{12} \) of 1% of monthly salary for each month of service credit that the firefighter has in that fund (other than service credit for which the firefighter has already paid the additional contribution required under subsection (c) of Section 4-118.1), together with interest thereon at the rate of 6% per annum, compounded annually, from the firefighter's first day of employment with that fund or the first day of the fiscal year of that fund that immediately precedes the firefighter's first day of employment with the fund, whichever is earlier. A firefighter who, as of the effective date of this amendatory Act of the 93rd General Assembly, has not begun to receive a pension under this Section or an occupational disease disability pension under subsection (m) of this Section and who has contributed \( \frac{1}{12} \) of 1% of monthly salary for each month of service credit that the firefighter has in that fund (other than service credit for which the firefighter has already paid the additional contribution required under subsection (c) of Section 4-118.1), together with the required interest thereon, in order to receive a pension under this Section or an occupational disease disability pension under subsection (m) of this Section, may elect, within one year after the effective date of this amendatory Act of the 93rd General Assembly to forfeit the benefits provided under this Section and receive a refund of that contribution.

(j) A retired firefighter who is receiving pension payments under Section 4-109 may reenter active service under this Article. Subject to the provisions of Section 4-117, the firefighter may receive credit for service performed after the reentry if the firefighter (1) applies to receive credit for that service, (2) suspends his or her pensions under this Section, and (3) makes the contributions required under subsection (i).

(k) A firefighter who is newly hired or promoted to a position as a firefighter shall not be denied participation in a fund under this Article based on his or her age.

(l) If a firefighter who elects to make contributions under subsection (c) of Section 4-118.1 for the pension benefits provided under this Section becomes entitled to a disability pension under Section 4-110,

New matter indicated in italics - deletions by strikeout.
the last pension fund is responsible to pay that disability pension and the amount of that disability pension shall be based only on the firefighter's service with the last pension fund.

(m) Notwithstanding any provision in Section 4-110.1 to the contrary, if a firefighter who elects to make contributions under subsection (c) of Section 4-118.1 for the pension benefits provided under this Section becomes entitled to an occupational disease disability pension under Section 4-110.1, each pension fund to which the firefighter has made contributions under subsection (c) of Section 4-118.1 must pay a portion of that occupational disease disability pension equal to the proportion that the firefighter's service credit with that pension fund for which the contributions under subsection (c) of Section 4-118.1 have been made bears to the firefighter's total service credit with all of the pension funds for which the contributions under subsection (c) of Section 4-118.1 have been made. A firefighter who has made contributions under subsection (c) of Section 4-118.1 for at least 5 years of creditable service shall be deemed to have met the 5-year creditable service requirement under Section 4-110.1, regardless of whether the firefighter has 5 years of creditable service with the last pension fund.

(n) If a firefighter who elects to make contributions under subsection (c) of Section 4-118.1 for the pension benefits provided under this Section becomes entitled to a disability pension under Section 4-111, the last pension fund is responsible to pay that disability pension, provided that the firefighter has at least 7 years of creditable service with the last pension fund. In the event a firefighter began employment with a new employer as a result of an intergovernmental agreement that resulted in the elimination of the previous employer's fire department, the firefighter shall not be required to have 7 years of creditable service with the last pension fund to qualify for a disability pension under Section 4-111. Under this circumstance, a firefighter shall be required to have 7 years of total combined creditable service time to qualify for a disability pension under Section 4-111. The disability pension received pursuant to this Section shall be paid by the previous employer and new employer in proportion to the firefighter's years of service with each employer.

Sec. 3-110.10 3-110.9. Transfer from Article 7. Until January 1, 2009, a person may transfer to a fund established under this Article up to 8 years of creditable service accumulated under Article 7 of this Code upon payment to the fund of an amount to be determined by the board, equal to (i) the difference between the amount of employee and employer contributions transferred to the fund under Section 7-139.11 and the amounts that would have been contributed had such contributions been made at the rates applicable to an employee under this Article, plus (ii) interest thereon at the actuarially assumed effective rate for each year, compounded annually, from the date of service to the date of payment.

Sec. 4-109.3. Employee creditable service.

(a) As used in this Section:

"Final monthly salary" means the monthly salary attached to the rank held by the firefighter at the time of his or her last withdrawal from service under a particular pension fund.
"Last pension fund" means the pension fund in which the firefighter was participating at the time of his or her last withdrawal from service.

(b) The benefits provided under this Section are available only to a firefighter who:

(1) is a firefighter at the time of withdrawal from the last pension fund and for at least the final 3 years of employment prior to that withdrawal;

(2) has established service credit with at least one pension fund established under this Article other than the last pension fund;

(3) has a total of at least 20 years of service under the various pension funds established under this Article and has attained age 50; and

(4) is in service on or after the effective date of this amendatory Act of the 93rd General Assembly.

(c) A firefighter who is eligible for benefits under this Section may elect to receive a retirement pension from each pension fund under this Article in which the firefighter has at least one year of service credit but has not received a refund under Section 4-116 (unless the firefighter repays that refund under subsection (g)) or subsection (c) of Section 4-118.1, by applying in writing and paying the contribution required under subsection (i).

(d) From each such pension fund other than the last pension fund, in lieu of any retirement pension otherwise payable under this Article, a firefighter to whom this Section applies may elect to receive a monthly pension of 1/12th of 2.5% of his or her final monthly salary under that fund for each month of service in that fund, subject to a maximum of 75% of that final monthly salary.

(e) From the last pension fund, in lieu of any retirement pension otherwise payable under this Article, a firefighter to whom this Section applies may elect to receive a monthly pension calculated as follows:

The last pension fund shall calculate the retirement pension that would be payable to the firefighter under subsection (a) of Section 4-109 as if he or she had participated in that last pension fund during his or her entire period of service under all pension funds established under this Article (excluding any period of service for which the firefighter has received a refund under Section 4-116, unless the firefighter repays that refund under subsection (g), or for which the firefighter has received a refund under subsection (c) of Section 4-118.1). From this hypothetical

pension there shall be subtracted the original amounts of the retirement pensions payable to the firefighter by all other pension funds under subsection (d). The remainder is the retirement pension payable to the firefighter by the last pension fund under this subsection (e).

(f) Pensions elected under this Section shall be subject to increases as provided in subsection (d) of Section 4-109.1.

(g) A current firefighter may reinstate creditable service in a pension fund established under this Article that was terminated upon receipt of a refund, by payment to that pension fund of the amount of the refund together with interest thereon at the rate of 6% per year, compounded annually, from the date of the refund to the date of payment. A repayment of a refund under this Section may be made in equal installments over a period of up to 10 years, but must be paid in full prior to retirement.

(h) As a condition of being eligible for the benefits provided in this Section, a person who is hired to a position as a firefighter on or after July 1, 2004 must, within 21 months after being hired, notify the new employer, all of his or her previous employers under this Article, and the Public Pension Division of the Division of Insurance of the Department of Financial and Professional Regulation of his or her intent to receive the benefits provided under this Section.

(i) In order to receive a pension under this Section or an occupational disease disability pension for which he or she becomes eligible due to the application of subsection (m) of this Section, a firefighter must pay to each pension fund from which he or she has elected to receive a pension under this Section a contribution equal to 1% of monthly salary for each month of service credit that the firefighter has in that fund (other than service credit for which the firefighter has already paid the additional contribution required under subsection (c) of Section 4-118.1), together with interest thereon at the rate of 6% per annum, compounded annually, from the firefighter's first day of employment with that fund or the first day of the fiscal year of that fund that immediately precedes the firefighter's first day of employment with that fund, whichever is earlier.

In order for a firefighter who, as of the effective date of this amendatory Act of the 93rd General Assembly, has not begun to receive a pension under this Section or an occupational disease disability pension under subsection (m) of this Section and who has contributed 1/12th of 1% of monthly salary for each month of service credit that the firefighter has

in that fund (other than service credit for which the firefighter has already paid the additional contribution required under subsection (c) of Section 4-118.1), together with the required interest thereon, to receive a pension under this Section or an occupational disease disability pension for which he or she becomes eligible due to the application of subsection (m) of this Section, the firefighter must, within one year after the effective date of this amendatory Act of the 93rd General Assembly, make an additional contribution equal to 11/12ths of 1% of monthly salary for each month of service credit that the firefighter has in that fund (other than service credit for which the firefighter has already paid the additional contribution required under subsection (c) of Section 4-118.1), together with interest thereon at the rate of 6% per annum, compounded annually, from the firefighter's first day of employment with that fund or the first day of the fiscal year of that fund that immediately precedes the firefighter's first day of employment with the fund, whichever is earlier. A firefighter who, as of the effective date of this amendatory Act of the 93rd General Assembly, has not begun to receive a pension under this Section or an occupational disease disability pension under subsection (m) of this Section and who has contributed 1/12th of 1% of monthly salary for each month of service credit that the firefighter has in that fund (other than service credit for which the firefighter has already paid the additional contribution required under subsection (c) of Section 4-118.1), together with the required interest thereon, in order to receive a pension under this Section or an occupational disease disability pension under subsection (m) of this Section, may elect, within one year after the effective date of this amendatory Act of the 93rd General Assembly to forfeit the benefits provided under this Section and receive a refund of that contribution.

(j) A retired firefighter who is receiving pension payments under Section 4-109 may reenter active service under this Article. Subject to the provisions of Section 4-117, the firefighter may receive credit for service performed after the reentry if the firefighter (1) applies to receive credit for that service, (2) suspends his or her pensions under this Section, and (3) makes the contributions required under subsection (i).

(k) A firefighter who is newly hired or promoted to a position as a firefighter shall not be denied participation in a fund under this Article based on his or her age.

(l) If a firefighter who elects to make contributions under subsection (c) of Section 4-118.1 for the pension benefits provided under this Section becomes entitled to a disability pension under Section 4-110,
the last pension fund is responsible to pay that disability pension and the amount of that disability pension shall be based only on the firefighter's service with the last pension fund.

(m) Notwithstanding any provision in Section 4-110.1 to the contrary, if a firefighter who elects to make contributions under subsection (c) of Section 4-118.1 for the pension benefits provided under this Section becomes entitled to an occupational disease disability pension under Section 4-110.1, each pension fund to which the firefighter has made contributions under subsection (c) of Section 4-118.1 must pay a portion of that occupational disease disability pension equal to the proportion that the firefighter's service credit with that pension fund for which the contributions under subsection (c) of Section 4-118.1 have been made bears to the firefighter's total service credit with all of the pension funds for which the contributions under subsection (c) of Section 4-118.1 have been made. A firefighter who has made contributions under subsection (c) of Section 4-118.1 for at least 5 years of creditable service shall be deemed to have met the 5-year creditable service requirement under Section 4-110.1, regardless of whether the firefighter has 5 years of creditable service with the last pension fund.

(n) If a firefighter who elects to make contributions under subsection (c) of Section 4-118.1 for the pension benefits provided under this Section becomes entitled to a disability pension under Section 4-111, the last pension fund is responsible to pay that disability pension, provided that the firefighter has at least 7 years of creditable service with the last pension fund. In the event a firefighter began employment with a new employer as a result of an intergovernmental agreement that resulted in the elimination of the previous employer's fire department, the firefighter shall not be required to have 7 years of creditable service with the last pension fund to qualify for a disability pension under Section 4-111. Under this circumstance, a firefighter shall be required to have 7 years of total combined creditable service time to qualify for a disability pension under Section 4-111. The disability pension received pursuant to this Section shall be paid by the previous employer and new employer in proportion to the firefighter's years of service with each employer.

Sec. 5-168. Financing.

New matter indicated in italics - deletions by strikeout.
(a) Except as expressly provided in this Section, the city shall levy a tax annually upon all taxable property therein for the purpose of providing revenue for the fund.

The tax shall be at a rate that will produce a sum which, when added to the amounts deducted from the policemen's salaries and the amounts deposited in accordance with subsection (g), is sufficient for the purposes of the fund.

For the years 1968 and 1969, the city council shall levy a tax annually at a rate on the dollar of the assessed valuation of all taxable property that will produce, when extended, not to exceed $9,700,000. Beginning with the year 1970 and each year thereafter the city council shall levy a tax annually at a rate on the dollar of the assessed valuation of all taxable property that will produce when extended an amount not to exceed the total amount of contributions by the policemen to the Fund made in the calendar year 2 years before the year for which the applicable annual tax is levied, multiplied by 1.40 for the tax levy year 1970; by 1.50 for the year 1971; by 1.65 for 1972; by 1.85 for 1973; by 1.90 for 1974; by 1.97 for 1975 through 1981; by 2.00 for 1982 and for each year thereafter.

For the purposes of this subsection (a), contributions by the policeman to the Fund shall not include payments made by a policeman to establish credit under Section 5-214.2 of this Code.

(b) The tax shall be levied and collected in like manner with the general taxes of the city, and is in addition to all other taxes which the city is now or may hereafter be authorized to levy upon all taxable property therein, and is exclusive of and in addition to the amount of tax the city is now or may hereafter be authorized to levy for general purposes under any law which may limit the amount of tax which the city may levy for general purposes. The county clerk of the county in which the city is located, in reducing tax levies under Section 8-3-1 of the Illinois Municipal Code, shall not consider the tax herein authorized as a part of the general tax levy for city purposes, and shall not include the tax in any limitation of the percent of the assessed valuation upon which taxes are required to be extended for the city.

(c) On or before January 10 of each year, the board shall notify the city council of the requirement that the tax herein authorized be levied by the city council for that current year. The board shall compute the amounts necessary for the purposes of this fund to be credited to the reserves established and maintained within the fund; shall make an annual

determination of the amount of the required city contributions; and shall certify the results thereof to the city council.

As soon as any revenue derived from the tax is collected it shall be paid to the city treasurer of the city and shall be held by him for the benefit of the fund in accordance with this Article.

(d) If the funds available are insufficient during any year to meet the requirements of this Article, the city may issue tax anticipation warrants against the tax levy for the current fiscal year.

(e) The various sums, including interest, to be contributed by the city, shall be taken from the revenue derived from such tax or otherwise as expressly provided in this Section. Any moneys of the city derived from any source other than the tax herein authorized shall not be used for any purpose of the fund nor the cost of administration thereof, unless applied to make the deposit expressly authorized in this Section or the additional city contributions required under subsection (h).

(f) If it is not possible or practicable for the city to make its contributions at the time that salary deductions are made, the city shall make such contributions as soon as possible thereafter, with interest thereon to the time it is made.

(g) In lieu of levying all or a portion of the tax required under this Section in any year, the city may deposit with the city treasurer no later than March 1 of that year for the benefit of the fund, to be held in accordance with this Article, an amount that, together with the taxes levied under this Section for that year, is not less than the amount of the city contributions for that year as certified by the board to the city council. The deposit may be derived from any source legally available for that purpose, including, but not limited to, the proceeds of city borrowings. The making of a deposit shall satisfy fully the requirements of this Section for that year to the extent of the amounts so deposited. Amounts deposited under this subsection may be used by the fund for any of the purposes for which the proceeds of the tax levied under this Section may be used, including the payment of any amount that is otherwise required by this Article to be paid from the proceeds of that tax.

(h) In addition to the contributions required under the other provisions of this Article, by November 1 of the following specified years, the city shall deposit with the city treasurer for the benefit of the fund, to be held and used in accordance with this Article, the following specified amounts: $6,300,000 in 1999; $5,880,000 in 2000; $5,460,000 in 2001; $5,040,000 in 2002; and $4,620,000 in 2003.

The additional city contributions required under this subsection are intended to decrease the unfunded liability of the fund and shall not decrease the amount of the city contributions required under the other provisions of this Article. (a) If an employee receiving duty or ordinary disability benefit refuses to submit to examination by a physician appointed by the board, or fails or refuses to consent to and sign an authorization allowing the board to receive copies of or examine the employee's medical and hospital records, or fails or refuses to provide complete information regarding any other employment for compensation he has received since he has become disabled, he shall have no further right to receive the benefit.

(b) Disability benefit shall not be paid for any time for which the employee receives any part of his salary or is employed by any public body supported in whole or in part by taxation.

(c) Before any action is taken by the Board on an application for a duty disability benefit or a widow's compensation or supplemental benefit, the employee or widow shall file a claim with the employer to establish that the disability or death occurred while the employee was acting within the scope of and in the course of his or her duties.

Any amounts provided to the employee or surviving spouse as temporary total disability payments, permanent total disability payments, a lump sum settlement award, or other payment under the Workers' Compensation Act or the Workers' Occupational Diseases Act shall be applied as an offset to the disability benefit paid by the Fund, whether duty or ordinary, or any widow compensation or supplemental benefit payable under this Article until a period of time has elapsed when the benefit payable equals the amount of such compensation, payment, or award. The duty disability benefit shall be offset at the rate of the amount of temporary total disability payments or permanent disability payments made under the Workers' Compensation Act or the Workers' Occupational Diseases Act.

If such amounts are not readily determinable or if an employee has not received temporary total disability payments or permanent weekly or monthly payments for the entire period of disability up to the time of the compensation, payment, or award under the Workers' Compensation Act or the Workers' Occupational Diseases Act, the disability benefit paid by the Fund shall be offset by 66 2/3% of the employee's salary on the date of disablement. The offset shall not be greater than the amount of disability benefits due from the Fund. The offset shall be applied until a period of time has elapsed when the benefit payable equals the amount of such compensation, payment, or award. This offset shall not apply to the initial days of disability when workers' compensation would not ordinarily be payable.

The amount of compensation or supplemental annuity payable to a widow shall be offset by any compensation, payment, or award until a period of time has elapsed when the benefit payable equals the amount of such compensation, payment, or award.

Any employee or former employee whose disability benefits were offset, or who was notified by the Fund that his or her disability benefits will be offset, by a rate higher than the temporary total disability

payments or permanent disability payments, or if these were not determinable, by 66 2/3% of salary at the date of disablement, may apply to the Fund for a refund of the excess offset, without interest, or an adjustment to his or her account. This application must be made within 6 months after the effective date of this amendatory Act of the 95th General Assembly.

If an employee who has been disabled has received ordinary disability from the Fund and also receives any compensation or payment for specific loss, disability, or death under the Workers' Compensation Act or the Workers' Occupational Diseases Act, then the ordinary disability benefit must be repaid to the Fund before any other benefit under this Article may be granted or paid. If no other benefit is applied for, then the ordinary disability is offset according to the provisions of this Section.

The employee and the employer shall provide the Fund, on a timely basis, with the entry of the settlement contract lump sum petition and order settlement of any such lawsuit, including all details of the settlement.

If an employee who shall be disabled or his widow receives any compensation or payment from the city for specific loss, disability or death under the Workers' Compensation Act, or Workers' Occupational Diseases Act, the disability benefit or compensation or supplemental annuity payable as a result of such specific loss, disability or death shall be reduced by any amount so received if such amount is less than the benefit or annuity or, subject to adjustment when final determination of the amount received can be made, the amount estimated to be received under the provisions of the Workers' Compensation Act or Workers' Occupational Diseases Act. If the amount received as compensation payment or award under the aforesaid Acts exceeds the disability benefit or compensation or supplemental annuity payable as a result of such specific loss, disability or death, no payment of disability benefit or compensation or supplemental annuity shall be made until a period of time has elapsed when the benefit or compensation or supplemental annuity payable at the rate herein stated equals the amount of such compensation, payment or award. In calculating any such period of time, interest upon the amounts involved shall not be considered.

Sec. 9-156. Duty disability benefit - Child's disability benefit. An employee who becomes disabled after the effective date while under age 65 and prior to January 1, 1979, or while under age 70 after January 1, 1979 and prior to January 1, 1987, as the result of injury incurred - on or after the date he has been included under this Article - in the performance of an act or acts of duty shall have a right to receive duty disability benefit, during any period of such disability for which he receives no salary. Any employee who becomes disabled after January 1, 1987, as the result of injury incurred on or after the date he has been included under the Article and in the performance of an act or acts of duty, shall have a right to receive a duty disability benefit during any period of such disability for which he receives no salary. The benefit shall be 75% of salary at date of injury; provided, that if disability, in any measure, has resulted from any physical defect or disease which existed at the time such injury was sustained, the duty disability benefit shall be 50% of salary at date of such injury.

The employee shall also have a right to receive child's disability benefit of $10 a month on account of each child less than age 18. Child's disability benefits shall not exceed 15% of the salary as aforesaid.

These benefits shall not be allowed unless application therefor is made while the disability exists; except that this limitation does not apply if the board finds that there was reasonable cause for delay in filing the application while the disability existed. This amendatory Act of the 95th General Assembly is intended to be a restatement and clarification of existing law and does not imply that application for a duty disability benefit made after the disability had ceased, without a finding of reasonable cause, was previously allowed under this Article.

The first payment of duty disability or child's disability benefit shall be made not later than one month after such benefit is granted and each subsequent payment shall be made not later than one month after the last preceding payment.

Duty disability benefit is payable during disability until the employee attains age 65 if the disability commences prior to January 1, 1979. If the disability commences on or after January 1, 1979, the benefit prescribed herein shall be payable during disability until the employee attains age 65 for disability commencing prior to age 60, or for a period of 5 years or until attainment of age 70, whichever occurs first, for disability commencing at age 60 or older and on or after January 1, 1979 but prior to January 1, 1987. (b) Disability benefit shall not be paid for any time for which the employee receives any part of his salary, or while employed by any public body supported in whole or in part by taxation.

PUBLIC ACT 95-1040
(Senate Bill No. 0381)

AN ACT concerning State government.
Be it enacted by the People of the State of Illinois, represented in
the General Assembly:
Section 5. The Children and Family Services Act is amended by
changing Section 34.11 as follows:
(20 ILCS 505/34.11)
Sec. 34.11. Lou Jones Grandparent Child Care Program
Grandparent child care program.
(a) The General Assembly finds and declares the following:
   (1) An increasing number of children under the age of 18,
       including many children who would otherwise be at risk of abuse
       or neglect, are in the care of a grandparent or other nonparent
       relative.

New matter indicated in italics - deletions by strikeout.
(2) The principal causes of this increase include parental substance abuse, child abuse, mental illness, poverty, and death, as well as concerted efforts by families and by the child welfare service system to keep children with relatives whenever possible.

(3) Grandparents and older relatives providing primary care for at-risk children may experience unique resultant problems, such as financial stress due to limited incomes, emotional difficulties dealing with the loss of the child's parents or the child's unique behaviors, and decreased physical stamina coupled with a much higher incidence of chronic illness.

(4) Many children being raised by nonparent relatives experience one or a combination of emotional, behavioral, psychological, academic, or medical problems, especially those born to a substance-abusing mother or at risk of child abuse, neglect, or abandonment.

(5) Grandparents and other relatives providing primary care for children lack appropriate information about the issues of kinship care, the special needs (both physical and psychological) of children born to a substance-abusing mother or at risk of child abuse, neglect, or abandonment, and the support resources currently available to them.

(6) An increasing number of grandparents and other relatives age 60 or older are adopting or becoming the subsidized guardians of children placed in their care by the Department. Some of these children will experience the death of their adoptive parent or guardian before reaching the age of 18. For most of these children, no legal plan has been made for the child's future care and custody in the event of the caregiver's death or incapacity.

(7) Grandparents and other relatives providing primary care for children lack appropriate information about future care and custody planning for children in their care. They also lack access to resources that may assist them in developing future legal care and custody plans for children in their legal custody.

(b) The Department may establish an informational and educational program for grandparents and other relatives who provide primary care for children who are at risk of child abuse, neglect, or abandonment or who were born to substance-abusing mothers. As a part of the program, the Department may develop, publish, and distribute an

New matter indicated in italics - deletions by strikeout.
informational brochure for grandparents and other relatives who provide primary care for children who are at risk of child abuse, neglect, or abandonment or who were born to substance-abusing mothers. The information provided under the program authorized by this Section may include, but is not limited to the following:

(1) The most prevalent causes of kinship care, especially the risk of substance exposure or child abuse, neglect, or abandonment.

(2) The problems experienced by children being raised by nonparent caregivers.

(3) The problems experienced by grandparents and other nonparent relatives providing primary care for children who have special needs.

(4) The legal system as it relates to children and their nonparent primary caregivers.

(5) The benefits available to children and their nonparent primary caregivers.

(6) A list of support groups and resources located throughout the State.

The brochure may be distributed through hospitals, public health nurses, child protective services, medical professional offices, elementary and secondary schools, senior citizen centers, public libraries, community action agencies selected by the Department, and the Department of Human Services.

(c) In addition to other provisions of this Section, the Department shall establish a program of information, social work services, and legal services for any person age 60 or over and any other person who may be in need of a future legal care and custody plan who adopt, have adopted, take guardianship of, or have taken guardianship of children previously in the Department's custody. This program shall also assist families of deceased adoptive parents and guardians. As part of the program, the Department shall:

(1) Develop a protocol for identification of persons age 60 or over and others who may be in need of future care and custody plans, including ill caregivers, who are adoptive parents, prospective adoptive parents, guardians, or prospective guardians of children who are or have been in Department custody.

(2) Provide outreach to caregivers before and after adoption and guardianship, and to the families of deceased
caregivers, regarding Illinois legal options for future care and custody of children.

(3) Provide training for Department and private agency staff on methods of assisting caregivers before and after adoption and guardianship, and the families of older and ill caregivers, who wish to make future care and custody plans for children who have been wards of the Department and who are or will be adopted by or are or will become wards of those caregivers.

(4) Ensure that all caregivers age 60 or over who will adopt or will become guardians of children previously in Department custody have specifically designated future caregivers for children in their care. The Department shall document this designation, and the Department shall also document acceptance of this responsibility by any future caregiver. Documentation of future care designation shall be included in each child's case file and adoption or guardianship subsidy files as applicable to the child.

(5) Ensure that any designated future caregiver and the family of a deceased caregiver have information on the financial needs of the child and future resources that may be available to support the child, including any adoption assistance and subsidized guardianship for which the child is or may be eligible.

(6) With respect to programs of social work and legal services:

   (i) Provide contracted social work services to older and ill caregivers, and the families of deceased caregivers, including those who will or have adopted or will take or have taken guardianship of children previously in Department custody. Social work services to caregivers will have the goal of securing a future care and custody plan for children in their care. Such services will include providing information to the caregivers and families on standby guardianship, guardianship, standby adoption, and adoption. The Department will assist the caregiver in developing a plan for the child if the caregiver becomes incapacitated or terminally ill, or dies while the child is a minor. The Department shall develop a form to document the information given to caregivers and to document plans for future custody, in addition to the documentation

New matter indicated in italics - deletions by strikeout.
described in subsection (b)(4). This form shall be included in each child's case file and adoption or guardianship subsidy files as applicable to the child.

(ii) Through a program of contracted legal services, assist older and ill caregivers, and the families of deceased caregivers, with the goal of securing court-ordered future care and custody plans for children in their care. Court-ordered future care and custody plans may include: standby guardianship, successor guardianship, standby adoption, and successor adoption. The program will also study ways in which to provide timely and cost-effective legal services to older and ill caregivers, and to families of deceased caregivers in order to ensure permanency for children in their care.

(7) Ensure that future caregivers designated by adoptive parents or guardians, and the families of deceased caregivers, understand their rights and potential responsibilities and shall be able to provide adequate support and education for children who may become their legal responsibility.

(8) Ensure that future caregivers designated by adoptive parents and guardians, and the families of deceased caregivers, understand the problems of children who have experienced multiple caregivers and who may have experienced abuse, neglect, or abandonment or may have been born to substance-abusing mothers.

(9) Ensure that future caregivers designated by adoptive parents and guardians, and the families of deceased caregivers, understand the problems experienced by older and ill caregivers of children, including children with special needs, such as financial stress due to limited income and increased financial responsibility, emotional difficulties associated with the loss of a child's parent or the child's unique behaviors, the special needs of a child who may come into their custody or whose parent or guardian is already deceased, and decreased physical stamina and a higher rate of chronic illness and other health concerns.

(10) Provide additional services as needed to families in which a designated caregiver appointed by the court or a caregiver designated in a will or other legal document cannot or

will not fulfill the responsibilities as adoptive parent, guardian, or legal custodian of the child.

(d) The Department shall consult with the Department on Aging and any other agency it deems appropriate as the Department develops the program required by subsection (c).

(e) Rulemaking authority to implement this amendatory Act of the 95th General Assembly, if any, is conditioned on the rules being adopted in accordance with all provisions of the Illinois Administrative Procedure Act and all rules and procedures of the Joint Committee on Administrative Rules; any purported rule not so adopted, for whatever reason, is unauthorized.

(c) Marriage of a child shall render the child ineligible for further consideration in the increase in the amount of the widow's annuity.

Attainment of age 18 (age 22 if a full-time student) shall render a child ineligible for further consideration in the increase of the widow's annuity, but the annuity to the widow shall be continued thereafter, without regard to her age at that time.

(d) Except as otherwise provided in this subsection (d), a widow's annuity payable on account of any covered employee who has been a covered employee for at least 18 months shall be reduced by 1/2 of the amount of survivors benefits to which his beneficiaries are eligible under the provisions of the Federal Social Security Act, except that (1) the amount of any widow's annuity payable under this Article shall not be reduced by reason of any increase under that Act which occurs after the offset required by this subsection is first applied to that annuity, and (2) for benefits granted on or after January 1, 1992, the offset under this subsection (d) shall not exceed 50% of the amount of widow's annuity otherwise payable.

Beginning July 1, 2009, the offset under this subsection (d) shall no longer be applied to any widow's annuity of any person who began receiving retirement benefits or a widow's annuity prior to January 1, 1998.

(e) Upon the death of a recipient of a widow's annuity the excess, if any, of the member's accumulated contributions plus credited interest over all annuity payments to the member and widow, exclusive of the $500 lump sum payment, shall be paid to the named beneficiary of the widow, or if none has been named, to the estate of the widow, provided no reversionary annuity is payable.

(f) On January 1, 1981, any recipient of a widow's annuity who was receiving a widow's annuity on or before January 1, 1971, shall have her widow's annuity then being paid increased by 1% for each full year which has elapsed from the date the widow's annuity began. On January 1, 1987, any recipient of a widow's annuity who began receiving the widow's annuity on or before January 1, 1977, shall have the monthly widow's annuity increased by $1 for each full year which has elapsed since the date the annuity began.

(g) Beginning January 1, 1990, every widow's annuity shall be increased (1) on each January 1 occurring on or after the commencement of the annuity if the deceased member died while receiving a retirement annuity, or (2) in other cases, on each January 1 occurring on or after the first anniversary of the commencement of the annuity, by an amount equal to 3% of the current amount of the annuity, including any previous increases under this Article. (f) In applying the limitation prescribed on the combined payments to 2 or more survivors annuity beneficiaries, the annuity on account of each beneficiary shall be reduced pro rata until such time as the number of beneficiaries makes the reduction no longer applicable.

PUBLIC ACT 95-1045
(Senate Bill No. 1174)

AN ACT concerning regulation.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Article 1. Legislative Intent

Section 1-1. Legislative intent. The General Assembly finds that the mortality associated with breast cancer for minority women in Illinois is significantly higher compared to non-minority women. This disparity has grown over the last 2 decades and is unacceptable. A recent New England Journal of Medicine article found that even modest cost-sharing deters women from getting a mammogram. The reduction was most pronounced for those with lower income and less education. Many other studies have found that women with lower family income and those relying on public programs for healthcare access mammography at a lower rate. It is, therefore, the intent of this legislation to decrease health
disparities as they relate to breast cancer and to improve access for all women to quality breast cancer screening and treatment where necessary.

Article 5. Improving State Healthcare Programs
With Respect To
Mammography And Breast Cancer Treatment
Section 5-5. The Illinois Public Aid Code is amended by changing Section 5-5 as follows:

(305 ILCS 5/5-5) (from Ch. 23, par. 5-5)

Sec. 5-5. Medical services. The Illinois Department, by rule, shall determine the quantity and quality of and the rate of reimbursement for the medical assistance for which payment will be authorized, and the medical services to be provided, which may include all or part of the following: (1) inpatient hospital services; (2) outpatient hospital services; (3) other laboratory and X-ray services; (4) skilled nursing home services; (5) physicians' services whether furnished in the office, the patient's home, a hospital, a skilled nursing home, or elsewhere; (6) medical care, or any other type of remedial care furnished by licensed practitioners; (7) home health care services; (8) private duty nursing service; (9) clinic services; (10) dental services, including prevention and treatment of periodontal disease and dental caries disease for pregnant women; (11) physical therapy and related services; (12) prescribed drugs, dentures, and prosthetic devices; and eyeglasses prescribed by a physician skilled in the diseases of the eye, or by an optometrist, whichever the person may select; (13) other diagnostic, screening, preventive, and rehabilitative services; (14) transportation and such other expenses as may be necessary; (15) medical treatment of sexual assault survivors, as defined in Section 1a of the Sexual Assault Survivors Emergency Treatment Act, for injuries sustained as a result of the sexual assault, including examinations and laboratory tests to discover evidence which may be used in criminal proceedings arising from the sexual assault; (16) the diagnosis and treatment of sickle cell anemia; and (17) any other medical care, and any other type of remedial care recognized under the laws of this State, but not including abortions, or induced miscarriages or premature births, unless, in the opinion of a physician, such procedures are necessary for the preservation of the life of the woman seeking such treatment, or except an induced premature birth intended to produce a live viable child and such procedure is necessary for the health of the mother or her unborn child. The Illinois Department, by rule, shall prohibit any physician from providing medical assistance to anyone eligible therefor under this Code

where such physician has been found guilty of performing an abortion procedure in a wilful and wanton manner upon a woman who was not pregnant at the time such abortion procedure was performed. The term "any other type of remedial care" shall include nursing care and nursing home service for persons who rely on treatment by spiritual means alone through prayer for healing.

Notwithstanding any other provision of this Section, a comprehensive tobacco use cessation program that includes purchasing prescription drugs or prescription medical devices approved by the Food and Drug administration shall be covered under the medical assistance program under this Article for persons who are otherwise eligible for assistance under this Article.

Notwithstanding any other provision of this Code, the Illinois Department may not require, as a condition of payment for any laboratory test authorized under this Article, that a physician's handwritten signature appear on the laboratory test order form. The Illinois Department may, however, impose other appropriate requirements regarding laboratory test order documentation.

The Department of Healthcare and Family Services shall provide the following services to persons eligible for assistance under this Article who are participating in education, training or employment programs operated by the Department of Human Services as successor to the Department of Public Aid:

(1) dental services, which shall include but not be limited to prosthodontics; and
(2) eyeglasses prescribed by a physician skilled in the diseases of the eye, or by an optometrist, whichever the person may select.

The Illinois Department, by rule, may distinguish and classify the medical services to be provided only in accordance with the classes of persons designated in Section 5-2.

The Department of Healthcare and Family Services must provide coverage and reimbursement for amino acid-based elemental formulas, regardless of delivery method, for the diagnosis and treatment of (i) eosinophilic disorders and (ii) short bowel syndrome when the prescribing physician has issued a written order stating that the amino acid-based elemental formula is medically necessary.

The Illinois Department shall authorize the provision of, and shall authorize payment for, screening by low-dose mammography for the

presence of occult breast cancer for women 35 years of age or older who are eligible for medical assistance under this Article, as follows:

(A) A baseline mammogram for women 35 to 39 years of age.

(B) An annual mammogram for women 40 years of age or older.

(C) A mammogram at the age and intervals considered medically necessary by the woman's health care provider for women under 40 years of age and having a family history of breast cancer, prior personal history of breast cancer, positive genetic testing, or other risk factors.

(D) A comprehensive ultrasound screening of an entire breast or breasts if a mammogram demonstrates heterogeneous or dense breast tissue, when medically necessary as determined by a physician licensed to practice medicine in all of its branches.

All screenings shall include a physical breast exam, instruction on self-examination and information regarding the frequency of self-examination and its value as a preventative tool. For purposes of this Section, "low-dose mammography" means the x-ray examination of the breast using equipment dedicated specifically for mammography, including the x-ray tube, filter, compression device, and image receptor, with an average radiation exposure delivery of less than one rad per breast for mid-breast, with 2 views of an average size for each breast. The term also includes digital mammography.

On and after July 1, 2008, screening and diagnostic mammography shall be reimbursed at the same rate as the Medicare program's rates, including the increased reimbursement for digital mammography.

The Department shall convene an expert panel including representatives of hospitals, free-standing mammography facilities, and doctors, including radiologists, to establish quality standards. Based on these quality standards, the Department shall provide for bonus payments to mammography facilities meeting the standards for screening and diagnosis. The bonus payments shall be at least 15% higher than the Medicare rates for mammography.

Subject to federal approval, the Department shall establish a rate methodology for mammography at federally qualified health centers and other encounter-rate clinics. These clinics or centers may also collaborate with other hospital-based mammography facilities.

New matter indicated in italics - deletions by strikeout.
The Department shall establish a methodology to remind women who are age-appropriate for screening mammography, but who have not received a mammogram within the previous 18 months, of the importance and benefit of screening mammography.

The Department shall establish a performance goal for primary care providers with respect to their female patients over age 40 receiving an annual mammogram. This performance goal shall be used to provide additional reimbursement in the form of a quality performance bonus to primary care providers who meet that goal.

The Department shall devise a means of case-managing or patient navigation for beneficiaries diagnosed with breast cancer. This program shall initially operate as a pilot program in areas of the State with the highest incidence of mortality related to breast cancer. At least one pilot program site shall be in the metropolitan Chicago area and at least one site shall be outside the metropolitan Chicago area. An evaluation of the pilot program shall be carried out measuring health outcomes and cost of care for those served by the pilot program compared to similarly situated patients who are not served by the pilot program.

Any medical or health care provider shall immediately recommend, to any pregnant woman who is being provided prenatal services and is suspected of drug abuse or is addicted as defined in the Alcoholism and Other Drug Abuse and Dependency Act, referral to a local substance abuse treatment provider licensed by the Department of Human Services or to a licensed hospital which provides substance abuse treatment services. The Department of Healthcare and Family Services shall assure coverage for the cost of treatment of the drug abuse or addiction for pregnant recipients in accordance with the Illinois Medicaid Program in conjunction with the Department of Human Services.

All medical providers providing medical assistance to pregnant women under this Code shall receive information from the Department on the availability of services under the Drug Free Families with a Future or any comparable program providing case management services for addicted women, including information on appropriate referrals for other social services that may be needed by addicted women in addition to treatment for addiction.

The Illinois Department, in cooperation with the Departments of Human Services (as successor to the Department of Alcoholism and Substance Abuse) and Public Health, through a public awareness campaign, may provide information concerning treatment for alcoholism.

and drug abuse and addiction, prenatal health care, and other pertinent programs directed at reducing the number of drug-affected infants born to recipients of medical assistance.

Neither the Department of Healthcare and Family Services nor the Department of Human Services shall sanction the recipient solely on the basis of her substance abuse.

The Illinois Department shall establish such regulations governing the dispensing of health services under this Article as it shall deem appropriate. The Department should seek the advice of formal professional advisory committees appointed by the Director of the Illinois Department for the purpose of providing regular advice on policy and administrative matters, information dissemination and educational activities for medical and health care providers, and consistency in procedures to the Illinois Department.

The Illinois Department may develop and contract with Partnerships of medical providers to arrange medical services for persons eligible under Section 5-2 of this Code. Implementation of this Section may be by demonstration projects in certain geographic areas. The Partnership shall be represented by a sponsor organization. The Department, by rule, shall develop qualifications for sponsors of Partnerships. Nothing in this Section shall be construed to require that the sponsor organization be a medical organization.

The sponsor must negotiate formal written contracts with medical providers for physician services, inpatient and outpatient hospital care, home health services, treatment for alcoholism and substance abuse, and other services determined necessary by the Illinois Department by rule for delivery by Partnerships. Physician services must include prenatal and obstetrical care. The Illinois Department shall reimburse medical services delivered by Partnership providers to clients in target areas according to provisions of this Article and the Illinois Health Finance Reform Act, except that:

1. Physicians participating in a Partnership and providing certain services, which shall be determined by the Illinois Department, to persons in areas covered by the Partnership may receive an additional surcharge for such services.

2. The Department may elect to consider and negotiate financial incentives to encourage the development of Partnerships and the efficient delivery of medical care.

New matter indicated in italics - deletions by strikeout.
(3) Persons receiving medical services through Partnerships may receive medical and case management services above the level usually offered through the medical assistance program. Medical providers shall be required to meet certain qualifications to participate in Partnerships to ensure the delivery of high quality medical services. These qualifications shall be determined by rule of the Illinois Department and may be higher than qualifications for participation in the medical assistance program. Partnership sponsors may prescribe reasonable additional qualifications for participation by medical providers, only with the prior written approval of the Illinois Department.

Nothing in this Section shall limit the free choice of practitioners, hospitals, and other providers of medical services by clients. In order to ensure patient freedom of choice, the Illinois Department shall immediately promulgate all rules and take all other necessary actions so that provided services may be accessed from therapeutically certified optometrists to the full extent of the Illinois Optometric Practice Act of 1987 without discriminating between service providers.

The Department shall apply for a waiver from the United States Health Care Financing Administration to allow for the implementation of Partnerships under this Section.

The Illinois Department shall require health care providers to maintain records that document the medical care and services provided to recipients of Medical Assistance under this Article. The Illinois Department shall require health care providers to make available, when authorized by the patient, in writing, the medical records in a timely fashion to other health care providers who are treating or serving persons eligible for Medical Assistance under this Article. All dispensers of medical services shall be required to maintain and retain business and professional records sufficient to fully and accurately document the nature, scope, details and receipt of the health care provided to persons eligible for medical assistance under this Code, in accordance with regulations promulgated by the Illinois Department. The rules and regulations shall require that proof of the receipt of prescription drugs, dentures, prosthetic devices and eyeglasses by eligible persons under this Section accompany each claim for reimbursement submitted by the dispenser of such medical services. No such claims for reimbursement shall be approved for payment by the Illinois Department without such proof of receipt, unless the Illinois Department shall have put into effect and shall be operating a system of post-payment audit and review which shall, on a sampling basis, be

(a) Every contract or evidence of coverage issued by a Health Maintenance Organization for persons who are residents of this State shall contain coverage for screening by low-dose mammography for all women 35 years of age or older for the presence of occult breast cancer. The coverage shall be as follows:

(1) A baseline mammogram for women 35 to 39 years of age.

(2) An annual mammogram for women 40 years of age or older.

New matter indicated in italics - deletions by strikeout.
(3) A mammogram at the age and intervals considered medically necessary by the woman's health care provider for women under 40 years of age and having a family history of breast cancer, prior personal history of breast cancer, positive genetic testing, or other risk factors.

(4) A comprehensive ultrasound screening of an entire breast or breasts if a mammogram demonstrates heterogeneous or dense breast tissue, when medically necessary as determined by a physician licensed to practice medicine in all of its branches.

These benefits shall be at least as favorable as for other radiological examinations and subject to the same dollar limits, deductibles, and co-insurance factors: For purposes of this Section, "low-dose mammography" means the x-ray examination of the breast using equipment dedicated specifically for mammography, including the x-ray tube, filter, compression device, and image receptor, with radiation exposure delivery of less than 1 rad per breast for 2 views of an average size breast. The term also includes digital mammography.

(a-5) Coverage as described in subsection (a) shall be provided at no cost to the enrollee and shall not be applied to an annual or lifetime maximum benefit.

(b) No contract or evidence of coverage issued by a health maintenance organization that provides for the surgical procedure known as a mastectomy shall be issued, amended, delivered, or renewed in this State on or after the effective date of this amendatory Act of the 92nd General Assembly unless that coverage also provides for prosthetic devices or reconstructive surgery incident to the mastectomy, providing that the mastectomy is performed after the effective date of this amendatory Act. Written notice of the availability of coverage under this Section shall be delivered to the enrollee upon enrollment and annually thereafter. Sec. 8. Procedures for obtaining benefits. (a) In order to be eligible for payment under a program created pursuant to this Act, a member must follow the program guidelines adopted by the governing commission as well as the procedures set forth in this Section.

(b) A member must file a "Notice of Intent to Sell" with the governing commission in accordance with program guidelines if and when the member intends to place the guaranteed residence on the market for sale. Upon receipt of a "Notice of Intent to Sell", the governing commission shall provide the member with a copy of this Section and a written description of the rights and responsibilities of both the member and the governing commission and the procedures for obtaining benefits; provided, however, that such information provided by the governing commission shall not restrict or advise the member with respect to the selection of a real estate broker or agent. The information shall be delivered to the member either in person or by registered mail. A member is not eligible to file "Notice of Intent to Sell" until 5 years after the member's registration date.

(c) A member is required to offer the guaranteed residence for sale according to the program guidelines, including the utilization of complete and proper methods for listing residential property, listing the guaranteed residence at a price which reasonably can be expected to attract buyers, and providing reasonable access for potential buyers to see the guaranteed residence.

(d) A member shall may list the guaranteed residence in accordance with program guidelines with a real estate broker of the member's choice, for up to 90 days following the date on which the member listed the residence.

(e) Within 60 days of receipt of a "Notice of Intent to Sell", the governing commission shall has the right to have the guaranteed residence inspected by a program appraiser, at the governing commission's expense, in order to determine if the guaranteed residence is in substantially the same condition as described by the program appraisal attached to the certificate of participation. If the guaranteed residence fails to meet this standard, the following procedures shall be followed:

New matter indicated in italics - deletions by strikeout.
(1) The program appraiser shall determine the percentage depreciation of the guaranteed residence due to failure to maintain the premises or due to physical perils or other causes not covered by the program.

(2) This percentage figure shall be multiplied by the guaranteed value to determine the dollar depreciation.

(3) This dollar depreciation shall be subtracted from the guaranteed value to derive a lower guaranteed value to be used for the purpose of determining the amount of payment under the program.

(f) A member shall make the guaranteed residence available to a program appraiser within a reasonable time within this 60 day period after receipt of notice from the commission that an inspection under paragraph (e) of this Section is required, or the member's coverage under the program shall be null, void and of no further effect, and the member's registration fee shall be forfeited.

(g) Ninety days after listing the guaranteed residence, a member shall be eligible to file a "Notice of Intent to Claim" with the governing commission, in accordance with guidelines established by the governing commission, attesting to the fact that the member has followed program guidelines in offering the guaranteed residence for sale, that the member is unable to obtain an offer for purchase of the guaranteed residence for at least its guaranteed value, and that the member intends to file a claim against the program. Such notice shall include verifiable evidence of placement of the guaranteed residence on the market, the dates such placement took place, and shall list all reasonable offers to buy the property. Verifiable evidence may include a copy of advertisements for sale, a contract with a licensed real estate broker, or other evidence satisfactory to a majority of the governing commission.

(h) Upon receipt of the "Notice of Intent to Claim", the governing commission has 60 days during which it shall require the member to list the guaranteed residence at a price that the governing commission deems reasonable with a real estate broker of the member's choosing. The real estate broker chosen by the member shall advertise the guaranteed residence throughout the municipality which encompasses the territory of the program.

(i) During the 60 day period described in paragraph (h) of this Section, the member shall forward to the governing commission all offers of purchase by either personal delivery or registered mail. If the member receives an offer of purchase which can reasonably be expected to be
consummated if accepted and whose gross selling value is greater than the guaranteed value of the guaranteed residence, then no benefits may be claimed under the program. If the member receives an offer to purchase at a gross selling value that is less than the guaranteed value, a majority of the Commission must determine if it is a bona fide offer. If the governing commission determines the offer is not bona fide, the offer shall be deemed rejected by the governing commission. The member shall have a right to request arbitration. If the offer is deemed bona fide, the governing commission shall, within 7 ½ working days of the receipt of such offer, either:

(1) approve the offer, in which case the governing commission shall authorize the payment of the amount afforded under this Act upon receipt of verifiable evidence of the sale of the guaranteed residence subject to the following conditions: (i) sales involving eminent domain shall be covered as set forth in paragraph (l) of this Section; (ii) sales subsequent to an insured property and casualty loss shall be guaranteed for the guaranteed value as determined according to paragraph (e) of this Section; (iii) contract sales shall be guaranteed as determined by the guaranteed value in paragraph (e) of this Section, however proceeds payable from the program shall be disbursed in equal annual installments over the life of the contract; or

(2) reject the offer, in which case the member shall continue showing the guaranteed residence until the termination of the 60 day period. Any offer that the governing commission deems not to be a bona fide offer shall be rejected by the governing commission.

Unless the member and the governing commission otherwise agree, the governing commission's failure to act upon an offer within 7 ½ working days shall be deemed to be a rejection of the offer.

If the member does not receive a bona fide offer within the 60 day period described in subsection (h), the Commission may order an appraisal, at the governing commission expense, of the property to determine the current fair market value. If the current fair market value is below the guaranteed value, the Commission may require the member to list the guaranteed residence at the fair market value price with a real estate broker of the member's choosing. If the member does not receive a bona fide offer within 90 days thereafter, the member may further reduce the price with the consent of the Commission. Every 90 days thereafter, the member may request, and the Commission may consent to, a reduced listing price.

(j) No guarantee is afforded by the program unless the member has accepted a bona fide offer and the sale of the guaranteed property has closed, and until 60 days after a member files a "Notice of Intent to Claim". Furthermore, the governing commission shall be required to make payments to a member only upon receipt of verifiable evidence of the actual sale of the guaranteed residence in accordance with the terms agreed upon between the member and the governing commission at the time the governing commission authorized payment. If a member rejects an offer for purchase which has been submitted to and approved by the governing commission, the governing commission or program shall not be liable for any future guarantee payment larger than that authorized for this proposed sale.

(k) Except as otherwise provided in this Act, payments under the program as provided in Section 7 of this Act shall not be made until the sale of the guaranteed residence has closed and title has passed or the beneficial interest has been transferred.

(l) When a guaranteed residence is to be acquired through the use of eminent domain by a condemning body, the following procedures shall apply:

(1) If the member rejects an offer from the condemning body equal to or greater than the guaranteed value, then no benefits may be claimed under the program.

(2) If the condemning body offers less than the guaranteed value, the governing commission may either: (i) pay 100% of the difference between the guaranteed value and the offered price if the member agrees to sell at the offered price; or (ii) advise the member that the offer is inadequate and should be refused. If the member refuses the offer and the final court determination of the value of the property is less than the guaranteed value, then the program shall pay 100% of the difference between the judgment and the guaranteed value.

(2.5) Whenever any State bank, any subsidiary or affiliate of a State bank, or after May 31, 1997, any branch of an out-of-state bank causes to be performed, by contract or otherwise, any bank services for itself, whether on or off its premises:

(a) that performance shall be subject to examination by the Commissioner to the same extent as if services were being performed by the bank or, after May 31, 1997, branch of the out-of-state bank itself on its own premises; and

(b) the bank or, after May 31, 1997, branch of the out-of-state bank shall notify the Commissioner of the existence of a service relationship. The notification shall be submitted with the first statement of condition (as required by Section 47 of this Act) due after the making of the service contract or the performance of the service, whichever occurs first. examination of any bank is deemed by the Secretary Commissioner
to be necessary in any examination frequency cycle specified in
subsection 2(a) of this Section, and is performed at his direction,

this paragraph (a) for the calculation of the Call Report Fee, the
Secretary Commissioner may specify by rule that the Call Report
Fees provided by this Section may be assessed semiannually or
some other period and may provide in the rule the formula to be
used for calculating and assessing the periodic Call Report Fees to
be paid by State banks.

(a-1) If in the opinion of the Commissioner an emergency
exists or appears likely, the Commissioner may assign an examiner
or examiners to monitor the affairs of a State bank with whatever
frequency he deems appropriate, including but not limited to a
daily basis. The reasonable and necessary expenses of the
Commissioner during the period of the monitoring shall be borne
by the subject bank. The Commissioner shall furnish the State bank
a statement of time and expenses if requested to do so within 30
days of the conclusion of the monitoring period.

performance of electronic data processing services under
subsection (2.5) shall be borne by the banks for which the services
are provided. An amount, based upon a fee structure prescribed by
the Commissioner, shall be paid by the banks or, after May 31,

The aggregate amount of the contingent fee thus arrived at for any fiscal year shall be apportioned amongst, assessed upon, and paid by the State banks and foreign banking corporations, respectively, in the same proportion that the fee of each under paragraph (a) of subsection (3), respectively, for that year bears to the aggregate for that year of the fees collected under paragraph (a) of subsection (3). The aggregate amount of the contingent fee, and the portion thereof to be assessed upon each State bank and foreign banking corporation, respectively, shall be determined by the Commissioner and shall be paid by each, respectively, within 120 days of the

All earnings received from investments of funds in the Bank and Trust Company Fund shall be deposited in the Bank and Trust Company Fund and may be used for the same purposes as fees deposited in that Fund. The amount from time to time deposited into the Bank and Trust Company Fund shall be used: (i) to offset the ordinary administrative expenses of the Secretary Commissioner of Banks and Real Estate as defined in this Section or (ii) as a credit against fees under paragraph (d-1) of this subsection (3). Nothing in this amendatory Act of 1979 shall prevent continuing the practice of paying expenses involving salaries, retirement, social security, and State-paid insurance premiums of State officers by appropriations from the General Revenue Fund. However, the General Revenue Fund shall be reimbursed for those payments made on and after July 1, 1979, by an annual transfer of funds from the Bank and Trust Company Fund. Moneys in the Bank and Trust Company Fund may be transferred to the Professions Indirect Cost Fund, as authorized under Section 2105-300 of the Department of Professional Regulation Law of the Civil Administrative Code of Illinois.

Notwithstanding provisions in the State Finance Act, as now or hereafter amended, or any other law to the contrary, the sum of $18,788,847 shall be transferred from the Bank and Trust Company Fund to the Financial Institutions Settlement of 2008 Fund on the effective date of this amendatory Act of the 95th General Assembly, or as soon thereafter as practical.

pursuant to this provision shall not exceed during any fiscal year 10% of the revenues to be deposited into the Bank and Trust Company Fund during that fiscal year. The State Treasurer and Comptroller shall transfer the amounts designated under this Section as soon as may be practicable after receiving the direction to transfer from the Governor.

(d-1) Adequate funds shall be available in the Bank and Trust Company Fund to permit the timely payment of administration expenses. In each fiscal year the total administration expenses shall be deducted from the total fees collected by the Commissioner and the remainder transferred into the Cash Flow Reserve Account, unless the balance of the Cash Flow Reserve Account prior to the transfer equals or exceeds one-fourth of the total initial appropriations from the Bank and Trust Company Fund for the subsequent year, in which case the remainder shall be credited to State banks and foreign banking corporations and applied against their fees for the subsequent year. The amount credited to each State bank and foreign banking corporation shall be in the same proportion as the Call Report Fees paid by each for the year bear to the total Call Report Fees collected for the year. If, after a transfer to the Cash Flow Reserve Account is made or if no remainder is available for transfer, the balance of the Cash Flow Reserve Account is less than one-fourth of the total initial appropriations for the subsequent year and the amount transferred is less than 5% of the total Call Report Fees for the year, additional amounts needed to make the transfer equal to 5% of the total Call Report Fees for the year shall be apportioned amongst, assessed upon, and paid by the State banks and foreign banking corporations in the same proportion that the Call Report Fees of each, respectively, for the year bear to the total Call Report Fees collected for the year. The additional amounts assessed shall be transferred into the Cash Flow Reserve Account. For purposes of this paragraph (d-1), the calculation of the fees collected by the Commissioner shall exclude the receivership fees provided for in Section 5-10 of the Corporate Fiduciary Act.

(5) The nature and condition of the assets in or investment of any bonus, pension, or profit sharing plan for officers or employees of every State bank or, after May 31, 1997, branch of an out-of-state bank shall be deemed to be included in the affairs of that State bank or branch of an out-of-state bank subject to examination by the Commissioner under the provisions of subsection (2) of this Section, and if the Commissioner shall find from an examination that the condition of or operation of the investments or assets of the plan is unlawful, fraudulent, or unsafe, or that any trustee has abused his trust, the Commissioner shall, if the situation so found by the Commissioner shall not be corrected to his satisfaction within 60 days after the Commissioner has given notice to the board of directors of the State bank or out-of-state bank of his findings, report the facts to the Attorney General who shall thereupon institute proceedings against the State bank or out-of-state bank, the board of directors thereof, or the trustees under such plan as the nature of the case may require.

The date that such notice is sent shall be stated in the notice, and shall be sent to the address or fax number contained in the Grace Period Notice required under subsection (c) of this Section. During the 30-day period provided under this subsection (e), the mortgagor or counselor or both may prepare and proffer to the mortgagee a proposed sustainable loan workout plan. The agreed sustainable loan workout plan and any modifications thereto must be in writing and signed by the mortgagee and the mortgagor.

Upon written notice to the mortgagee, the mortgagor may change approved counseling agencies, but such a change does not entitle the mortgagor to any additional period of forbearance.

Section 25. The Illinois Insurance Code is amended by changing Section 370c and adding Section 356z.14 as follows:

(215 ILCS 5/356z.14 new)

(a) As used in this Section, "habilitative services" means occupational therapy, physical therapy, speech therapy, and other services prescribed by the insured's treating physician pursuant to a treatment plan to enhance the ability of a child to function with a congenital, genetic, or early acquired disorder. A congenital or genetic disorder includes, but is not limited to, hereditary disorders. An early acquired disorder refers to a disorder resulting from illness, trauma, injury, or some other event or condition suffered by a child prior to that child developing functional life skills such as, but not limited to, walking, talking, or self-help skills.

New matter indicated in italics - deletions by strikeout.
Congenital, genetic, and early acquired disorders may include, but are not limited to, autism or an autism spectrum disorder, cerebral palsy, and other disorders resulting from early childhood illness, trauma, or injury.

(b) A group or individual policy of accident and health insurance or managed care plan amended, delivered, issued, or renewed after the effective date of this amendatory Act of the 95th General Assembly must provide coverage for habilitative services for children under 19 years of age with a congenital, genetic, or early acquired disorder so long as all of the following conditions are met:

1. A physician licensed to practice medicine in all its branches has diagnosed the child’s congenital, genetic, or early acquired disorder.

2. The treatment is administered by a licensed speech-language pathologist, licensed audiologist, licensed occupational therapist, licensed physical therapist, licensed physician, licensed nurse, licensed optometrist, licensed nutritionist, licensed social worker, or licensed psychologist upon the referral of a physician licensed to practice medicine in all its branches.

3. The initial or continued treatment must be medically necessary and therapeutic and not experimental or investigational.

(c) The coverage required by this Section shall be subject to other general exclusions and limitations of the policy, including coordination of benefits, participating provider requirements, restrictions on services provided by family or household members, utilization review of health care services, including review of medical necessity, case management, experimental, and investigational treatments, and other managed care provisions.

(d) Coverage under this Section does not apply to those services that are solely educational in nature or otherwise paid under State or federal law for purely educational services. Nothing in this subsection (d) relieves an insurer or similar third party from an otherwise valid obligation to provide or to pay for services provided to a child with a disability.

(e) Coverage under this Section for children under age 19 shall not apply to treatment of mental or emotional disorders or illnesses as covered under Section 370 of this Code as well as any other benefit based upon a specific diagnosis that may be otherwise required by law.

(f) The provisions of this Section do not apply to short-term travel, accident-only, limited, or specific disease policies.

New matter indicated in italics - deletions by strikeout.
(g) Any denial of care for habilitative services shall be subject to appeal and external independent review procedures as provided by Section 45 of the Managed Care Reform and Patient Rights Act.

(h) Upon request of the reimbursing insurer, the provider under whose supervision the habilitative services are being provided shall furnish medical records, clinical notes, or other necessary data to allow the insurer to substantiate that initial or continued medical treatment is medically necessary and that the patient's condition is clinically improving. When the treating provider anticipates that continued treatment is or will be required to permit the patient to achieve demonstrable progress, the insurer may request that the provider furnish a treatment plan consisting of diagnosis, proposed treatment by type, frequency, anticipated duration of treatment, the anticipated goals of treatment, and how frequently the treatment plan will be updated.

(i) Rulemaking authority to implement this amendatory Act of the 95th General Assembly, if any, is conditioned on the rules being adopted in accordance with all provisions of the Illinois Administrative Procedure Act and all rules and procedures of the Joint Committee on Administrative Rules; any purported rule not so adopted, for whatever reason, is unauthorized.

(215 ILCS 5/370c) (from Ch. 73, par. 982c)
Sec. 370c. Mental and emotional disorders.

(a) (1) On and after the effective date of this Section, every insurer which delivers, issues for delivery or renews or modifies group A&H policies providing coverage for hospital or medical treatment or services for illness on an expense-incurred basis shall offer to the applicant or group policyholder subject to the insurers standards of insurability, coverage for reasonable and necessary treatment and services for mental, emotional or nervous disorders or conditions, other than serious mental illnesses as defined in item (2) of subsection (b), up to the limits provided in the policy for other disorders or conditions, except (i) the insured may be required to pay up to 50% of expenses incurred as a result of the treatment or services, and (ii) the annual benefit limit may be limited to the lesser of $10,000 or 25% of the lifetime policy limit.

(2) Each insured that is covered for mental, emotional or nervous disorders or conditions shall be free to select the physician licensed to practice medicine in all its branches, licensed clinical psychologist, licensed clinical social worker, or licensed clinical professional counselor of his choice to treat such disorders, and the insurer shall pay the covered

charges of such physician licensed to practice medicine in all its branches, licensed clinical psychologist, licensed clinical social worker, or licensed clinical professional counselor up to the limits of coverage, provided (i) the disorder or condition treated is covered by the policy, and (ii) the physician, licensed psychologist, licensed clinical social worker, or licensed clinical professional counselor is authorized to provide said services under the statutes of this State and in accordance with accepted principles of his profession.

(3) Insofar as this Section applies solely to licensed clinical social workers and licensed clinical professional counselors, those persons who may provide services to individuals shall do so after the licensed clinical social worker or licensed clinical professional counselor has informed the patient of the desirability of the patient conferring with the patient's primary care physician and the licensed clinical social worker or licensed clinical professional counselor has provided written notification to the patient's primary care physician, if any, that services are being provided to the patient. That notification may, however, be waived by the patient on a written form. Those forms shall be retained by the licensed clinical social worker or licensed clinical professional counselor for a period of not less than 5 years.

(b) (1) An insurer that provides coverage for hospital or medical expenses under a group policy of accident and health insurance or health care plan amended, delivered, issued, or renewed after the effective date of this amendatory Act of the 92nd General Assembly shall provide coverage under the policy for treatment of serious mental illness under the same terms and conditions as coverage for hospital or medical expenses related to other illnesses and diseases. The coverage required under this Section must provide for same durational limits, amount limits, deductibles, and co-insurance requirements for serious mental illness as are provided for other illnesses and diseases. This subsection does not apply to coverage provided to employees by employers who have 50 or fewer employees.

(2) "Serious mental illness" means the following psychiatric illnesses as defined in the most current edition of the Diagnostic and Statistical Manual (DSM) published by the American Psychiatric Association:

(A) schizophrenia;
(B) paranoid and other psychotic disorders;
(C) bipolar disorders (hypomanic, manic, depressive, and mixed);

New matter indicated in italics - deletions by strikeout.
(D) major depressive disorders (single episode or recurrent);
   (E) schizoaffective disorders (bipolar or depressive);
   (F) pervasive developmental disorders;
   (G) obsessive-compulsive disorders;
   (H) depression in childhood and adolescence;
   (I) panic disorder; and
   (J) post-traumatic stress disorders (acute, chronic, or with delayed onset).

(3) Upon request of the reimbursing insurer, a provider of treatment of serious mental illness shall furnish medical records or other necessary data that substantiate that initial or continued treatment is at all times medically necessary. An insurer shall provide a mechanism for the timely review by a provider holding the same license and practicing in the same specialty as the patient's provider, who is unaffiliated with the insurer, jointly selected by the patient (or the patient's next of kin or legal representative if the patient is unable to act for himself or herself), the patient's provider, and the insurer in the event of a dispute between the insurer and patient's provider regarding the medical necessity of a treatment proposed by a patient's provider. If the reviewing provider determines the treatment to be medically necessary, the insurer shall provide reimbursement for the treatment. Future contractual or employment actions by the insurer regarding the patient's provider may not be based on the provider's participation in this procedure. Nothing prevents the insured from agreeing in writing to continue treatment at his or her expense. When making a determination of the medical necessity for a treatment modality for serous mental illness, an insurer must make the determination in a manner that is consistent with the manner used to make that determination with respect to other diseases or illnesses covered under the policy, including an appeals process.

(4) A group health benefit plan:
   (A) shall provide coverage based upon medical necessity for the following treatment of mental illness in each calendar year:
      (i) 45 days of inpatient treatment; and
      (ii) beginning on June 26, 2006 (the effective date of Public Act 94-921), 60 visits for outpatient treatment including group and individual outpatient treatment; and
      (iii) for plans or policies delivered, issued for delivery, renewed, or modified after January 1, 2007 (the

effective date of Public Act 94-906), 20 additional outpatient visits for speech therapy for treatment of pervasive developmental disorders that will be in addition to speech therapy provided pursuant to item (ii) of this subparagraph (A);

(B) may not include a lifetime limit on the number of days of inpatient treatment or the number of outpatient visits covered under the plan; and

(C) shall include the same amount limits, deductibles, copayments, and coinsurance factors for serious mental illness as for physical illness.

(5) An issuer of a group health benefit plan may not count toward the number of outpatient visits required to be covered under this Section an outpatient visit for the purpose of medication management and shall cover the outpatient visits under the same terms and conditions as it covers outpatient visits for the treatment of physical illness.

(6) An issuer of a group health benefit plan may provide or offer coverage required under this Section through a managed care plan.

(7) This Section shall not be interpreted to require a group health benefit plan to provide coverage for treatment of:

(A) an addiction to a controlled substance or cannabis that is used in violation of law; or

(B) mental illness resulting from the use of a controlled substance or cannabis in violation of law.

(8) (Blank).

(c) This Section shall not be interpreted to require coverage for speech therapy or other habilitative services for those individuals covered under Section 356z.14 of this Code.

PUBLIC ACT 95-1050
(Senate Bill No. 1013)

AN ACT concerning criminal law.
Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Probation and Probation Officers Act is amended by changing Section 16.1 as follows:
(730 ILCS 110/16.1)
Sec. 16.1. Redeploy Illinois Program.
(a) The purpose of this Section is to encourage the deinstitutionalization of juvenile offenders by establishing pilot projects in counties or groups of counties that reallocate State funds from juvenile correctional confinement to local jurisdictions, which will establish a continuum of local, community-based sanctions and treatment alternatives for juvenile offenders who would be incarcerated if those local services and sanctions did not exist. It is also intended to offer alternatives, when appropriate, to avoid commitment to the Department of Juvenile Justice, to direct child welfare services for minors charged with a criminal offense or adjudicated delinquent under Section 5 of the Children and Family Services Act. The allotment of funds will be based on a formula that rewards local jurisdictions for the establishment or expansion of local alternatives to incarceration, and requires them to pay for utilization of incarceration as a sanction. In addition, there shall be an allocation of resources (amount to be determined annually by the Redeploy Illinois Oversight Board) set aside at the beginning of each fiscal year to be made available for any county or groups of counties which need resources only occasionally for services to avoid commitment to the Department of Juvenile Justice for a limited number of youth. This redeployment of funds shall be made in a manner consistent with the Juvenile Court Act of 1987 and the following purposes and policies:

(1) The juvenile justice system should protect the community, impose accountability to victims and communities for
violations of law, and equip juvenile offenders with competencies to live responsibly and productively.

(2) Juveniles should be treated in the least restrictive manner possible while maintaining the safety of the community.

(3) A continuum of services and sanctions from least restrictive to most restrictive should be available in every community.

(4) There should be local responsibility and authority for planning, organizing, and coordinating service resources in the community. People in the community can best choose a range of services which reflect community values and meet the needs of their own youth.

(5) Juveniles who pose a threat to the community or themselves need special care, including secure settings. Such services as detention, long-term incarceration, or residential treatment are too costly to provide in each community and should be coordinated and provided on a regional or Statewide basis.

(6) The roles of State and local government in creating and maintaining services to youth in the juvenile justice system should be clearly defined. The role of the State is to fund services, set standards of care, train service providers, and monitor the integration and coordination of services. The role of local government should be to oversee the provision of services.

(b) Each county or circuit participating in the Redeploy Illinois pilot program must create a local plan demonstrating how it will reduce the county or circuit’s utilization of secure confinement of juvenile offenders in the Illinois Department of Juvenile Justice or county detention centers by the creation or expansion of individualized services or programs that may include but are not limited to the following:

(1) Assessment and evaluation services to provide the juvenile justice system with accurate individualized case information on each juvenile offender including mental health, substance abuse, educational, and family information;

(2) Direct services to individual juvenile offenders including educational, vocational, mental health, substance abuse, supervision, and service coordination; and

(3) Programs that seek to restore the offender to the community, such as victim offender panels, teen courts, competency building, enhanced accountability measures,

restitution, and community service. The local plan must be directed in such a manner as to emphasize an individualized approach to providing services to juvenile offenders in an integrated community based system including probation as the broker of services. The plan must also detail the reduction in utilization of secure confinement. The local plan shall be limited to services and shall not include costs for:

(i) capital expenditures;
(ii) renovations or remodeling;
(iii) personnel costs for probation.

The local plan shall be submitted to the Department of Human Services.

(c) A county or group of counties may develop an agreement with the Department of Human Services to reduce their number of commitments of juvenile offenders, excluding minors sentenced based upon a finding of guilt of first degree murder or an offense which is a Class X forcible felony as defined in the Criminal Code of 1961, to the Department of Juvenile Justice, and then use the savings to develop local programming for youth who would otherwise have been committed to the Department of Juvenile Justice. A county or group of counties shall agree to limit their commitments to 75% of the level of commitments from the average number of juvenile commitments for the past 3 years, and will receive the savings to redeploy for local programming for juveniles who would otherwise be held in confinement. For any county or group of counties with a decrease of juvenile commitments of at least 25%, based on the average reductions of the prior 3 years, which are chosen to participate or continue as pilot sites, the Redeploy Illinois Oversight Board has the authority to reduce the required percentage of future commitments to achieve the purpose of this Section. The agreement shall set forth the following:

(1) a Statement of the number and type of juvenile offenders from the county who were held in secure confinement by the Illinois Department of Juvenile Justice or in county detention the previous year, and an explanation of which, and how many, of these offenders might be served through the proposed Redeploy Illinois Program for which the funds shall be used;

(2) a Statement of the service needs of currently confined juveniles;

New matter indicated in italics - deletions by strikeout.
(3) a Statement of the type of services and programs to provide for the individual needs of the juvenile offenders, and the research or evidence base that qualifies those services and programs as proven or promising practices;

(4) a budget indicating the costs of each service or program to be funded under the plan;

(5) a summary of contracts and service agreements indicating the treatment goals and number of juvenile offenders to be served by each service provider; and

(6) a Statement indicating that the Redeploy Illinois Program will not duplicate existing services and programs. Funds for this plan shall not supplant existing county funded programs.

(d) (Blank).

(d-5) A county or group of counties that does not have an approved Redeploy Illinois program, as described in subsection (b), and that has committed fewer than 10 Redeploy eligible youth to the Department of Juvenile Justice on average over the previous 3 years, may develop an individualized agreement with the Department of Human Services through the Redeploy Illinois program to provide services to youth to avoid commitment to the Department of Juvenile Justice. The agreement shall set forth the following:

(1) a statement of the number and type of juvenile offenders from the county who were at risk under any of the categories listed above during the 3 previous years, and an explanation of which of these offenders would be served through the proposed Redeploy Illinois program for which the funds shall be used, or through individualized contracts with existing Redeploy programs in neighboring counties;

(2) a statement of the service needs;

(3) a statement of the type of services and programs to provide for the individual needs of the juvenile offenders, and the research or evidence that qualifies those services and programs as proven or promising practices;

(4) a budget indicating the costs of each service or program to be funded under the plan;

(5) a summary of contracts and service agreements indicating the treatment goals and number of juvenile offenders to be served by each service provider; and

New matter indicated in italics - deletions by strikeout.
(6) a statement indicating that the Redeploy Illinois program will not duplicate existing services and programs. Funds for this plan shall not supplant existing county funded programs.

(e) The Department of Human Services shall be responsible for the following:

(1) Reviewing each Redeploy Illinois Program plan for compliance with standards established for such plans. A plan may be approved as submitted, approved with modifications, or rejected. No plan shall be considered for approval if the circuit or county is not in full compliance with all regulations, standards and guidelines pertaining to the delivery of basic probation services as established by the Supreme Court.

(2) Monitoring on a continual basis and evaluating annually both the program and its fiscal activities in all counties receiving an allocation under the Redeploy Illinois Program. Any program or service that has not met the goals and objectives of its contract or service agreement shall be subject to denial for funding in subsequent years. The Department of Human Services shall evaluate the effectiveness of the Redeploy Illinois Program in each circuit or county. In determining the future funding for the Redeploy Illinois Program under this Act, the evaluation shall include, as a primary indicator of success, a decreased number of confinement days for the county’s juvenile offenders.

(f) Any Redeploy Illinois Program allocations not applied for and approved by the Department of Human Services shall be available for redistribution to approved plans for the remainder of that fiscal year. Any county that invests local moneys in the Redeploy Illinois Program shall be given first consideration for any redistribution of allocations. Jurisdictions participating in Redeploy Illinois that exceed their agreed upon level of commitments to the Department of Juvenile Justice shall reimburse the Department of Corrections for each commitment above the agreed upon level.

(g) Implementation of Redeploy Illinois.

(1) Oversight of Redeploy Illinois Planning Phase.

(i) Redeploy Illinois Oversight Board. The Department of Human Services shall convene an oversight board to oversee the development of plans for a pilot Redeploy Illinois Program. The Board shall include, but not be limited to, designees from the Department of Juvenile
Justice, the Administrative Office of Illinois Courts, the Illinois Juvenile Justice Commission, the Illinois Criminal Justice Information Authority, the Department of Children and Family Services, the State Board of Education, the Cook County State's Attorney, and a State's Attorney selected by the President of the Illinois State's Attorney's Association, the Cook County Public Defender, a representative of the defense bar appointed by the Chief Justice of the Illinois Supreme Court, a representative of probation appointed by the Chief Justice of the Illinois Supreme Court, and judicial representation appointed by the Chief Justice of the Illinois Supreme Court. Up to an additional 9 members may be appointed by the Secretary of Human Services from recommendations by the Oversight Board; these appointees shall possess a knowledge of juvenile justice issues and reflect the collaborative public/private relationship of Redeploy programs.

(ii) Responsibilities of the Redeploy Illinois Oversight Board. The Oversight Board shall:

(A) Identify jurisdictions to be included in the initial pilot program of Redeploy Illinois.

(B) Develop a formula for reimbursement of local jurisdictions for local and community-based services utilized in lieu of commitment to the Department of Juvenile Justice, as well as for any charges for local jurisdictions for commitments above the agreed upon limit in the approved plan.

(C) Identify resources sufficient to support the administration and evaluation of Redeploy Illinois.

(D) Develop a process and identify resources to support on-going monitoring and evaluation of Redeploy Illinois.

(E) Develop a process and identify resources to support training on Redeploy Illinois.

(E-5) Review proposed individualized agreements and approve where appropriate the distribution of resources.

New matter indicated in italics - deletions by strikeout.
(F) Report to the Governor and the General Assembly on an annual basis on the progress of Redeploy Illinois.

(iii) Length of Planning Phase. The planning phase may last up to, but may in no event last longer than, July 1, 2004.

(2) (Blank). Pilot Phase. In the second phase of the Redeploy Illinois program, the Department of Human Services shall implement several pilot programs of Redeploy Illinois in counties or groups of counties as identified by the Oversight Board. Annual review of the Redeploy Illinois program by the Oversight Board shall include recommendations for future sites for Redeploy Illinois:

(3) There shall be created the Redeploy County Review Committee composed of the designees of the Secretary of Human Services and the Directors of Juvenile Justice, of Children and Family Services, and of the Governor's Office of Management and Budget who shall constitute a subcommittee of the Redeploy Illinois Oversight Board.

(4) During the third quarter, assess the amount of remaining funds available and necessary to complete the fiscal year so that any unused funds may be distributed as defined in subsection (f).

(5) Ensure that the number of youth from any applicant county receiving individualized resources will not exceed the previous three-year average of Redeploy eligible recipients and that counties are in conformity with all other elements of this law.

(i) Implementation of this Section is subject to appropriation.

New matter indicated in italics - deletions by strikeout.
(j) Rulemaking authority to implement this amendatory Act of the 95th General Assembly, if any, is conditioned on the rules being adopted in accordance with all provisions of and procedures and rules implementing the Illinois Administrative Procedure Act; any purported rule not so adopted, for whatever reason, is unauthorized.

following the effective date of this amending Act of the 95th General Assembly and work with Staff to develop individualized reporting requirements as to the call volume and responsiveness of the call center.

On or before March 1 of every year, each entity shall file a report with the Chief Clerk of the Commission for the preceding calendar year on its answer time and abandon call rate for its call center. (c) An alternative gas supplier shall not submit or execute a change in a customer’s selection of a natural gas provider unless and until (i) the alternative gas supplier first discloses all material terms and conditions of the offer to the customer; (ii) the alternative gas supplier has obtained the customer’s express agreement to accept the offer after the disclosure of all material terms and conditions of the offer; and (iii) the alternative gas supplier has confirmed the request for a change in accordance with one of the following procedures:

(1) The alternative gas supplier has obtained the customer’s written or electronically signed authorization in a form that meets the following requirements:

   (A) An alternative gas supplier shall obtain any necessary written or electronically signed authorization from a customer for a change in natural gas service by using a letter of agency as specified in this Section. Any letter of agency that does not conform with this Section is invalid.

   (B) The letter of agency shall be a separate document (or an easily separable document containing only the authorization language described in item (E) of this paragraph (1)) whose sole purpose is to authorize a natural gas provider change. The letter of agency must be signed and dated by the customer requesting the natural gas provider change.

   (C) The letter of agency shall not be combined with inducements of any kind on the same document.

   (D) Notwithstanding items (A) and (B) of this paragraph (1), the letter of agency may be combined with checks that contain only the required letter of agency language prescribed in item (E) of this paragraph (1) and the necessary information to make the check a negotiable
instrument. The letter of agency check shall not contain any promotional language or material. The letter of agency check shall contain in easily readable, bold face type on the face of the check a notice that the consumer is authorizing a natural gas provider change by signing the check. The letter of agency language also shall be placed near the signature line on the back of the check.

(E) At a minimum, the letter of agency must be printed with a print of sufficient size to be clearly legible and must contain clear and unambiguous language that confirms:

(i) the customer's billing name and address;
(ii) the decision to change the natural gas provider from the current provider to the prospective alternative gas supplier;
(iii) the terms, conditions, and nature of the service to be provided to the customer, including, but not limited to, the rates for the service contracted for by the customer; and
(iv) that the customer understands that any natural gas provider selection the customer chooses may involve a charge to the customer for changing the customer's natural gas provider.

(F) Letters of agency shall not suggest or require that a customer take some action in order to retain the customer's current natural gas provider.

(G) If any portion of a letter of agency is translated into another language, then all portions of the letter of agency must be translated into that language.

(2) An appropriately qualified independent third party has obtained, in accordance with the procedures set forth in this paragraph (2), the customer's oral authorization to change natural gas providers that confirms and includes appropriate verification data. The independent third party must (i) not be owned, managed, controlled, or directed by the alternative gas supplier or the alternative gas supplier's marketing agent; (ii) not have any financial incentive to confirm provider change requests for the alternative gas supplier or the alternative gas supplier's marketing agent; and (iii) operate in a location physically separate from the

alternative gas supplier or the alternative gas supplier's marketing agent. Automated third-party verification systems and 3-way conference calls may be used for verification purposes so long as the other requirements of this paragraph (2) are satisfied. An alternative gas supplier or alternative gas supplier's sales representative initiating a 3-way conference call or a call through an automated verification system must drop off the call once the 3-way connection has been established. All third-party verification methods shall elicit, at a minimum, the following information:

(F) the price of the service to be provided and the material terms and conditions of the service being offered, including whether any early termination fees apply.

Third-party verifiers may not market the alternative gas supplier's services by providing additional information. All third-party verifications shall be conducted in the same language that was used in the underlying sales transaction and shall be recorded in their entirety. Submitting alternative gas suppliers shall maintain and preserve audio records of verification of customer authorization for a minimum period of 2 years after obtaining the verification. Automated systems must provide customers with an option to speak with a live person at any time during the call.

(3) The alternative gas supplier has obtained the customer's authorization via an automated verification system to change natural gas service via telephone. An automated verification system is an electronic system that, through pre-recorded prompts, elicits voice responses, touchtone responses, or both, from the customer and records both the prompts and the customer's responses. Such authorization must elicit the information in paragraph (2)(A) through (F) of this subsection (c). Alternative gas suppliers electing to confirm sales electronically

through an automated verification system shall establish one or more toll-free telephone numbers exclusively for that purpose. Calls to the number or numbers shall connect a customer to a voice response unit, or similar mechanism, that makes a date-stamped, time-stamped recording of the required information regarding the alternative gas supplier change.

The alternative gas supplier shall not use such electronic authorization systems to market its services.

(4) When a consumer initiates the call to the prospective alternative gas supplier, in order to enroll the consumer as a customer, the prospective alternative gas supplier must, with the consent of the customer, make a date-stamped, time-stamped audio recording that elicits, at a minimum, the following information:

- (A) the identity of the customer;
- (B) confirmation that the person on the call is authorized to make the provider change;
- (C) confirmation that the person on the call wants to make the provider change;

Submitting alternative gas suppliers shall maintain and preserve the audio records containing the information set forth above for a minimum period of 2 years.

(5) In the event that a customer enrolls for service from an alternative gas supplier via an Internet website, the alternative gas supplier shall obtain an electronically signed letter of agency in accordance with paragraph (1) of this subsection (c) and any customer information shall be protected in accordance with all applicable statutes and regulations. In addition, an alternative gas supplier shall provide the following when marketing via an Internet website:

- (A) The Internet enrollment website shall, at a minimum, include:

(ii) a conspicuous prompt for the customer to print or save a copy of the contract.

(B) Any electronic version of the contract shall be identified by version number, in order to ensure the ability to verify the particular contract to which the customer assents.

(C) Throughout the duration of the alternative gas supplier’s contract with a customer, the alternative gas supplier shall retain and, within 3 business days of the customer’s request, provide to the customer an e-mail, paper, or facsimile of the terms and conditions of the numbered contract version to which the customer assents.

(D) The alternative gas supplier shall provide a mechanism by which both the submission and receipt of the electronic letter of agency are recorded by time and date.

(E) After the customer completes the electronic letter of agency, the alternative gas supplier shall disclose conspicuously through its website that the customer has been enrolled, and the alternative gas supplier shall provide the customer an enrollment confirmation number.

(6) When a customer is solicited in person by the alternative gas supplier’s sales agent, the alternative gas supplier may only obtain the customer’s authorization to change natural gas service through the method provided for in paragraph (2) of this subsection (c).

Alternative gas suppliers must be in compliance with this subsection (c) within 90 days after the effective date of this amendatory Act of the 95th General Assembly.

(d) Complaints may be filed with the Commission under this Section by a customer whose natural gas service has been provided by an alternative gas supplier in a manner not in compliance with subsection (c) of this Section. If, after notice and hearing, the Commission finds that an alternative gas supplier has violated subsection (c), then the Commission may in its discretion do any one or more of the following:

(1) Require the violating alternative gas supplier to refund the customer charges collected in excess of those that would have been charged by the customer's authorized natural gas provider.

(2) Require the violating alternative gas supplier to pay to the customer's authorized natural gas provider the amount the authorized natural gas provider would have collected for natural gas service. The Commission is authorized to reduce this payment by any amount already paid by the violating alternative gas supplier to the customer's authorized natural gas provider.

(3) Require the violating alternative gas supplier to pay a fine of up to $1,000 into the Public Utility Fund for each repeated and intentional violation of this Section.

(4) Issue a cease and desist order.

(5) For a pattern of violation of this Section or for intentionally violating a cease and desist order, revoke the violating alternative gas supplier's certificate of service authority.

(e) An alternative gas supplier shall obtain verifiable authorization from a customer, in a form or manner approved by the Commission, before the customer is switched from another supplier.

(e) No alternative gas supplier shall:

(1) enter into or employ any arrangements which have the effect of preventing any customer from having access to the services of the gas utility in whose service area the customer is located; or

(2) charge customers for such access;

(3) bill for goods or services not authorized by the customer; or

(4) bill for a disputed amount where the alternative gas supplier has been provided notice of such dispute. The supplier shall attempt to resolve a dispute with the customer. When the dispute is not resolved to the customer's satisfaction, the supplier shall inform the customer of the right to file an informal complaint with the Commission and provide contact information. While the pending dispute is active at the Commission, an alternative gas supplier may bill only for the undisputed amount until the Commission has taken final action on the complaint.

(f) An alternative gas supplier that is certified to serve residential or small commercial customers shall not:

(1) deny service to a customer or group of customers nor establish any differences as to prices, terms, conditions, services, products, facilities, or in any other respect, whereby such denial or differences are based upon race, gender, or income; or

(2) deny service based on locality, nor establish any unreasonable difference as to prices, terms, conditions, services, products, or facilities as between localities; or

(3) include in any agreement a provision that obligates a customer to the terms of the agreement if the customer (i) moves outside the State of Illinois; (ii) moves to a location without a transportation service program; or (iii) moves to a location where the customer will not require natural gas service, provided that nothing in this subsection precludes an alternative gas supplier from taking any action otherwise available to it to collect a debt that arises out of service provided to the customer before the customer moved; or

(4) assign the agreement to any alternative natural gas supplier, unless:

   (A) the supplier is an alternative gas supplier certified by the Commission;

   (B) the rates, terms, and conditions of the agreement being assigned do not change during the remainder of the time covered by the agreement;

(1) Any marketing materials which make statements concerning prices, terms, and conditions of service shall contain information that adequately discloses the prices, terms and conditions of the products or services.

(2) Before any customer is switched from another supplier, the alternative gas supplier shall give the customer written information that clearly and conspicuously adequately discloses, in
plain language, the prices, terms, and conditions of the products and services being offered and sold to the customer. *Nothing in this paragraph (2) may be read to relieve an alternative gas supplier from the duties imposed on it by item (3) of subsection (c) of Section 2DDD of the Consumer Fraud and Deceptive Business Practices Act.*

(3) The alternative gas supplier shall provide to the customer:

(A) accurate, timely, and itemized billing statements that describe the products and services provided to the customer and their prices and that specify the gas consumption amount and any service charges and taxes; provided that this item (g)(3)(A) (f)(3)(A) does not apply to small commercial customers;

(B) billing statements that clearly and conspicuously discloses the name and contact information for the alternative gas supplier;

(C) an additional statement, at least annually, that adequately discloses the average monthly prices, and the terms and conditions, of the products and services sold to the customer; provided that this item (g)(3)(C) (f)(3)(B) does not apply to small commercial customers;

The gas utility shall not switch the service until 10 business days after the date on the notice to the customer.

(7) The alternative gas supplier shall provide each customer the opportunity to rescind its agreement without penalty within 10 business days after the date on the gas utility notice to the customer. The alternative gas supplier shall disclose all of the following:

The alternative gas supplier shall file the terms and conditions of such service offering including the applicable limitations with the Commission prior to making the service offering available to customers.

(2) The 2 prior convictions need not have been for the same offense.

(3) Any convictions that result from or are connected with the same transaction, or result from offenses committed at the same time, shall be counted for the purposes of this Section as one conviction.

(4) This Section does not apply unless each of the following requirements are satisfied:

(A) The third offense was committed after July 3, 1980.

(B) The third offense was committed within 20 years of the date that judgment was entered on the first conviction; provided, however, that time spent in custody shall not be counted.

(C) The third offense was committed after conviction on the second offense.

(D) The second offense was committed after conviction on the first offense.

(5) Except when the death penalty is imposed, anyone adjudged an habitual criminal shall be sentenced to a term of natural life imprisonment.

(8) Any claim that a previous conviction offered by the prosecution is not a former conviction of an offense set forth in this Section because of the existence of any exceptions described in this Section, is waived unless duly raised at the hearing on that conviction, or unless the prosecution's proof shows the existence of the exceptions described in this Section.

(9) If the person so convicted shows to the satisfaction of the court before whom that conviction was had that he or she was released from imprisonment, upon either of the sentences upon a pardon granted for the reason that he or she was innocent, that conviction and sentence shall not be considered under this Section.

(b) A provision of this Article 4.5 or any other provision of this amendatory Act of the 95th General Assembly that is the same or substantially the same as a prior law shall be construed as a continuation of the prior law and not as a new or different law.

(c) A citation in this Code or in another Act to a provision consolidated or unified in this Article 4.5 or to any other provision consolidated or unified in this amendatory Act of the 95th General Act shall be deemed a reference to the provision consolidated or unified in this Article 4.5.
Assembly shall be construed to be a citation to that consolidated or unified provision.

Section 80. The Criminal Code of 1961 is amended by changing Sections 10-5 and 33A-3 as follows:

(720 ILCS 5/10-5) (from Ch. 38, par. 10-5)
Sec. 10-5. Child Abduction.

(a) For purposes of this Section, the following terms shall have the following meanings:

(1) "Child" means a person under the age of 18 or a severely or profoundly mentally retarded person at the time the alleged violation occurred; and

(2) "Detains" means taking or retaining physical custody of a child, whether or not the child resists or objects; and

(3) "Lawful custodian" means a person or persons granted legal custody of a child or entitled to physical possession of a child pursuant to a court order. It is presumed that, when the parties have never been married to each other, the mother has legal custody of the child unless a valid court order states otherwise. If an adjudication of paternity has been completed and the father has been assigned support obligations or visitation rights, such a paternity order should, for the purposes of this Section be considered a valid court order granting custody to the mother.

(b) A person commits child abduction when he or she:

(1) Intentionally violates any terms of a valid court order granting sole or joint custody, care or possession to another, by concealing or detaining the child or removing the child from the jurisdiction of the court; or

(2) Intentionally violates a court order prohibiting the person from concealing or detaining the child or removing the child from the jurisdiction of the court; or

New matter indicated in italics - deletions by strikeout.
(3) Intentionally conceals, detains or removes the child without the consent of the mother or lawful custodian of the child if the person is a putative father and either: (A) the paternity of the child has not been legally established or (B) the paternity of the child has been legally established but no orders relating to custody have been entered. However, notwithstanding the presumption created by paragraph (3) of subsection (a), a mother commits child abduction when she intentionally conceals or removes a child, whom she has abandoned or relinquished custody of, from an unadjudicated father who has provided sole ongoing care and custody of the child in her absence; or

(4) Intentionally conceals or removes the child from a parent after filing a petition or being served with process in an action affecting marriage or paternity but prior to the issuance of a temporary or final order determining custody; or

(5) At the expiration of visitation rights outside the State, intentionally fails or refuses to return or impedes the return of the child to the lawful custodian in Illinois; or

(6) Being a parent of the child, and where the parents of such child are or have been married and there has been no court order of custody, conceals the child for 15 days, and fails to make reasonable attempts within the 15 day period to notify the other parent as to the specific whereabouts of the child, including a means by which to contact such child, or to arrange reasonable visitation or contact with the child. It is not a violation of this Section for a person fleeing domestic violence to take the child with him or her to housing provided by a domestic violence program; or

(7) Being a parent of the child, and where the parents of the child are or have been married and there has been no court order of custody, conceals, detains, or removes the child with physical force or threat of physical force; or

(8) Conceals, detains, or removes the child for payment or promise of payment at the instruction of a person who has no legal right to custody; or

(9) Retains in this State for 30 days a child removed from another state without the consent of the lawful custodian or in violation of a valid court order of custody; or

New matter indicated in italics - deletions by strikeout.
(10) Intentionally lures or attempts to lure a child under the age of 16 into a motor vehicle, building, housetrailer, or dwelling place without the consent of the parent or lawful custodian of the child for other than a lawful purpose.

For the purposes of this subsection (b), paragraph (10), the luring or attempted luring of a child under the age of 16 into a motor vehicle, building, housetrailer, or dwelling place without the consent of the parent or lawful custodian of the child shall be prima facie evidence of other than a lawful purpose.

(c) It shall be an affirmative defense that:

(1) The person had custody of the child pursuant to a court order granting legal custody or visitation rights which existed at the time of the alleged violation; or

(2) The person had physical custody of the child pursuant to a court order granting legal custody or visitation rights and failed to return the child as a result of circumstances beyond his or her control, and the person notified and disclosed to the other parent or legal custodian the specific whereabouts of the child and a means by which such child can be contacted or made a reasonable attempt to notify the other parent or lawful custodian of the child of such circumstances and make such disclosure within 24 hours after the visitation period had expired and returned the child as soon as possible; or

(3) The person was fleeing an incidence or pattern of domestic violence; or

(4) The person lured or attempted to lure a child under the age of 16 into a motor vehicle, building, housetrailer, or dwelling place for a lawful purpose in prosecutions under subsection (b), paragraph (10).

(d) A person convicted of child abduction under this Section is guilty of a Class 4 felony. A person convicted of a second or subsequent violation of paragraph (10) of subsection (b) of this Section is guilty of a Class 3 felony. It shall be a factor in aggravation for which a court may impose a more severe sentence under Section 5-8-1 (730 ILCS 5/5-8-1) or Article 4.5 of Chapter V of the Unified Code of Corrections, if upon sentencing the court finds evidence of any of the following aggravating factors:

(1) that the defendant abused or neglected the child following the concealment, detention or removal of the child; or

New matter indicated in italics - deletions by strikeout.
(2) that the defendant inflicted or threatened to inflict physical harm on a parent or lawful custodian of the child or on the child with intent to cause such parent or lawful custodian to discontinue criminal prosecution of the defendant under this Section; or

(3) that the defendant demanded payment in exchange for return of the child or demanded that he or she be relieved of the financial or legal obligation to support the child in exchange for return of the child; or

(4) that the defendant has previously been convicted of child abduction; or

(5) that the defendant committed the abduction while armed with a deadly weapon or the taking of the child resulted in serious bodily injury to another; or

(6) that the defendant committed the abduction while in a school, regardless of the time of day or time of year; in a playground; on any conveyance owned, leased, or contracted by a school to transport students to or from school or a school related activity; on the real property of a school; or on a public way within 1,000 feet of the real property comprising any school or playground. For purposes of this paragraph (6), "playground" means a piece of land owned or controlled by a unit of local government that is designated by the unit of local government for use solely or primarily for children's recreation; and "school" means a public or private elementary or secondary school, community college, college, or university.

(e) The court may order the child to be returned to the parent or lawful custodian from whom the child was concealed, detained or removed. In addition to any sentence imposed, the court may assess any reasonable expense incurred in searching for or returning the child against any person convicted of violating this Section.

(f) Nothing contained in this Section shall be construed to limit the court's contempt power.

(g) Every law enforcement officer investigating an alleged incident of child abduction shall make a written police report of any bona fide allegation and the disposition of such investigation. Every police report completed pursuant to this Section shall be compiled and recorded within the meaning of Section 5.1 of "An Act in relation to criminal identification and investigation", approved July 2, 1931, as now or hereafter amended.

Section 85. The Code of Criminal Procedure of 1963 is amended by changing Sections 104-25 and 111-3 as follows:

(725 ILCS 5/104-25) (from Ch. 38, par. 104-25)
Sec. 104-25. Discharge hearing.
(a) As provided for in paragraph (a) of Section 104-23 and subparagraph (1) of paragraph (b) of Section 104-23 a hearing to determine the sufficiency of the evidence shall be held. Such hearing shall be conducted by the court without a jury. The State and the defendant may introduce evidence relevant to the question of defendant's guilt of the crime charged.

The court may admit hearsay or affidavit evidence on secondary matters such as testimony to establish the chain of possession of physical evidence, laboratory reports, authentication of transcripts taken by official reporters, court and business records, and public documents.

(b) If the evidence does not prove the defendant guilty beyond a reasonable doubt, the court shall enter a judgment of acquittal; however nothing herein shall prevent the State from requesting the court to commit the defendant to the Department of Human Services under the provisions of the Mental Health and Developmental Disabilities Code.

(c) If the defendant is found not guilty by reason of insanity, the court shall enter a judgment of acquittal and the proceedings after acquittal by reason of insanity under Section 5-2-4 of the Unified Code of Corrections shall apply.

(d) If the discharge hearing does not result in an acquittal of the charge the defendant may be remanded for further treatment and the one year time limit set forth in Section 104-23 shall be extended as follows:

1. If the most serious charge upon which the State sustained its burden of proof was a Class 1 or Class X felony, the treatment period may be extended up to a maximum treatment period of 2 years; if a Class 2, 3, or 4 felony, the treatment period may be extended up to a maximum of 15 months;
2. If the State sustained its burden of proof on a charge of first degree murder, the treatment period may be extended up to a maximum treatment period of 5 years.

New matter indicated in italics - deletions by strikeout.
(e) Transcripts of testimony taken at a discharge hearing may be admitted in evidence at a subsequent trial of the case, subject to the rules of evidence, if the witness who gave such testimony is legally unavailable at the time of the subsequent trial.

(f) If the court fails to enter an order of acquittal the defendant may appeal from such judgment in the same manner provided for an appeal from a conviction in a criminal case.

(g) At the expiration of an extended period of treatment ordered pursuant to this Section:

(1) Upon a finding that the defendant is fit or can be rendered fit consistent with Section 104-22, the court may proceed with trial.

(2) If the defendant continues to be unfit to stand trial, the court shall determine whether he or she is subject to involuntary admission under the Mental Health and Developmental Disabilities Code or constitutes a serious threat to the public safety. If so found, the defendant shall be remanded to the Department of Human Services for further treatment and shall be treated in the same manner as a civilly committed patient for all purposes, except that the original court having jurisdiction over the defendant shall be required to approve any conditional release or discharge of the defendant, for the period of commitment equal to the maximum sentence to which the defendant would have been subject had he or she been convicted in a criminal proceeding. During this period of commitment, the original court having jurisdiction over the defendant shall hold hearings under clause (i) of this paragraph (2). However, if the defendant is remanded to the Department of Human Services, the defendant shall be placed in a secure setting unless the court determines that there are compelling reasons why such placement is not necessary.

If the defendant does not have a current treatment plan, then within 3 days of admission under this subdivision (g)(2), a treatment plan shall be prepared for each defendant and entered into his or her record. The plan shall include (i) an assessment of the defendant's treatment needs, (ii) a description of the services recommended for treatment, (iii) the goals of each type of element of service, (iv) an anticipated timetable for the accomplishment of the goals, and (v) a designation of the qualified professional responsible for the implementation of the plan. The plan shall be
reviewed and updated as the clinical condition warrants, but not less than every 30 days.

Every 90 days after the initial admission under this subdivision (g)(2), the facility director shall file a typed treatment plan report with the original court having jurisdiction over the defendant. The report shall include an opinion as to whether the defendant is fit to stand trial and whether the defendant is currently subject to involuntary admission, in need of mental health services on an inpatient basis, or in need of mental health services on an outpatient basis. The report shall also summarize the basis for those findings and provide a current summary of the 5 items required in a treatment plan. A copy of the report shall be forwarded to the clerk of the court, the State's Attorney, and the defendant's attorney if the defendant is represented by counsel.

The court on its own motion may order a hearing to review the treatment plan. The defendant or the State's Attorney may request a treatment plan review every 90 days and the court shall review the current treatment plan to determine whether the plan complies with the requirements of this Section. The court may order an independent examination on its own initiative and shall order such an evaluation if either the recipient or the State's Attorney so requests and has demonstrated to the court that the plan cannot be effectively reviewed by the court without such an examination. Under no circumstances shall the court be required to order an independent examination pursuant to this Section more than once each year. The examination shall be conducted by a psychiatrist or clinical psychologist as defined in Section 1-103 of the Mental Health and Developmental Disabilities Code who is not in the employ of the Department of Human Services.

If, during the period within which the defendant is confined in a secure setting, the court enters an order that requires the defendant to appear, the court shall timely transmit a copy of the order or writ to the director of the particular Department of Human Services facility where the defendant resides authorizing the transportation of the defendant to the court for the purpose of the hearing.

(i) 180 days after a defendant is remanded to the Department of Human Services, under paragraph (2), and every 180 days thereafter for so long as the defendant is

confined under the order entered thereunder, the court shall set a hearing and shall direct that notice of the time and place of the hearing be served upon the defendant, the facility director, the State's Attorney, and the defendant's attorney. If requested by either the State or the defense or if the court determines that it is appropriate, an impartial examination of the defendant by a psychiatrist or clinical psychologist as defined in Section 1-103 of the Mental Health and Developmental Disabilities Code who is not in the employ of the Department of Human Services shall be ordered, and the report considered at the time of the hearing. If the defendant is not currently represented by counsel the court shall appoint the public defender to represent the defendant at the hearing. The court shall make a finding as to whether the defendant is:

(A) subject to involuntary admission; or
(B) in need of mental health services in the form of inpatient care; or
(C) in need of mental health services but not subject to involuntary admission nor inpatient care.

The findings of the court shall be established by clear and convincing evidence and the burden of proof and the burden of going forward with the evidence shall rest with the State's Attorney. Upon finding by the court, the court shall enter its findings and an appropriate order.

(ii) The terms "subject to involuntary admission", "in need of mental health services in the form of inpatient care" and "in need of mental health services but not subject to involuntary admission nor inpatient care" shall have the meanings ascribed to them in clause (d)(3) of Section 5-2-4 of the Unified Code of Corrections.

(3) If the defendant is not committed pursuant to this Section, he or she shall be released.

(4) In no event may the treatment period be extended to exceed the maximum sentence to which a defendant would have been subject had he or she been convicted in a criminal proceeding. For purposes of this Section, the maximum sentence shall be determined by Section 5-8-1 (730 ILCS 5/5-8-1) or Article 4.5 of

Chapter V of the "Unified Code of Corrections", excluding any sentence of natural life.

(725 ILCS 5/111-3) (from Ch. 38, par. 111-3)
Sec. 111-3. Form of charge.
(a) A charge shall be in writing and allege the commission of an offense by:

1. Stating the name of the offense;
2. Citing the statutory provision alleged to have been violated;
3. Setting forth the nature and elements of the offense charged;
4. Stating the date and county of the offense as definitely as can be done; and
5. Stating the name of the accused, if known, and if not known, designate the accused by any name or description by which he can be identified with reasonable certainty.

(b) An indictment shall be signed by the foreman of the Grand Jury and an information shall be signed by the State's Attorney and sworn to by him or another. A complaint shall be sworn to and signed by the complainant; Provided, however, that when a citation is issued on a Uniform Traffic Ticket or Uniform Conservation Ticket (in a form prescribed by the Conference of Chief Circuit Judges and filed with the Supreme Court), the copy of such Uniform Ticket which is filed with the circuit court constitutes a complaint to which the defendant may plead, unless he specifically requests that a verified complaint be filed.

(c) When the State seeks an enhanced sentence because of a prior conviction, the charge shall also state the intention to seek an enhanced sentence and shall state such prior conviction so as to give notice to the defendant. However, the fact of such prior conviction and the State's intention to seek an enhanced sentence are not elements of the offense and may not be disclosed to the jury during trial unless otherwise permitted by issues properly raised during such trial. For the purposes of this Section, "enhanced sentence" means a sentence which is increased by a prior conviction from one classification of offense to another higher level classification of offense set forth in Section 5-4.5-10 of the "Unified Code of Corrections (730 ILCS 5/5-4.5-10)", approved July 26, 1972, as amended; it does not include an increase in the sentence applied within the same level of classification of offense.

New matter indicated in italics - deletions by strikeout.
(c-5) Notwithstanding any other provision of law, in all cases in which the imposition of the death penalty is not a possibility, if an alleged fact (other than the fact of a prior conviction) is not an element of an offense but is sought to be used to increase the range of penalties for the offense beyond the statutory maximum that could otherwise be imposed for the offense, the alleged fact must be included in the charging instrument or otherwise provided to the defendant through a written notification before trial, submitted to a trier of fact as an aggravating factor, and proved beyond a reasonable doubt. Failure to prove the fact beyond a reasonable doubt is not a bar to a conviction for commission of the offense, but is a bar to increasing, based on that fact, the range of penalties for the offense beyond the statutory maximum that could otherwise be imposed for that offense. Nothing in this subsection (c-5) requires the imposition of a sentence that increases the range of penalties for the offense beyond the statutory maximum that could otherwise be imposed for the offense if the imposition of that sentence is not required by law.

(d) At any time prior to trial, the State on motion shall be permitted to amend the charge, whether brought by indictment, information or complaint, to make the charge comply with subsection (c) or (c-5) of this Section. Nothing in Section 103-5 of this Code precludes such an amendment or a written notification made in accordance with subsection (c-5) of this Section.

(e) The provisions of subsection (a) of Section 5-4.5-95 of the Unified Code of Corrections (730 ILCS 5/5-4.5-95) Article 33B of the Criminal Code of 1961, as amended, shall not be affected by this Section.

Section 90. The Unified Code of Corrections is amended by changing Sections 3-3-2.1, 5-1-17, 5-2-6, 5-5-3, 5-5-3.2, 5-5-4.3, 5-6-2, 5-6-4, 5-6-4.1, 5-7-8, 5-8-1, 5-8-2, 5-8-4, and 5-9-1 as follows:

(730 ILCS 5/3-3-2.1) (from Ch. 38, par. 1003-3-2.1)

Sec. 3-3-2.1. Prisoner Review Board - Release Date. (a) Except as provided in subsection (b), the Prisoner Review Board shall, no later than 7 days following a prisoner's next parole hearing after the effective date of this Amendatory Act of 1977, provide each prisoner sentenced under the law in effect prior to the effective date of this amendatory Act of 1977, with a fixed release date.

(b) No release date under this Section shall be set for any person sentenced to an indeterminate sentence under the law in effect prior to the
effective date of this amendatory Act of 1977 in which the minimum term of such sentence is 20 years or more.

(c) The Prisoner Review Board shall notify each eligible offender of his or her release date in a form substantially as follows:

"To (Name of Offender):

Under a recent change in the law you are provided with this choice:

(1) You may remain under your present indeterminate sentence and continue to be eligible for parole; or (2) you may waive your right to parole and accept the release date which has been set for you. From this release date will be deducted any good conduct credit you may earn.

If you accept the release date established by the Board, you will no longer be eligible for parole.

Your release date from prison has been set for: (release date) , subject to a term of mandatory supervised release as provided by law.

If you accumulate the maximum amount of good conduct credit as allowed by law recently enacted, you can be released on: , subject to a term of mandatory supervised release as provided by law.

Should you choose not to accept the release date, your next parole hearing will be: .

The Board has based its determination of your release date on the following:

(1) The material that normally would be examined in connection with your parole hearing, as set forth in paragraph (d) of Section 3-3-4 of the Unified Code of Corrections:

(2) the intent of the court in imposing sentence on you;

(3) the present schedule of sentences for similar offenses provided by Articles 4.5 and 5 of Chapter V Sections 5-8-1 and 5-8-2 of the Unified Code of Corrections, as amended;

(4) the factors in mitigation and aggravation provided by Sections 5-5-3.1 and 5-5-3.2 of the Unified Code of Corrections, as amended;

(5) The rate of accumulating good conduct credits provided by Section 3-6-3 of the Unified Code of Corrections, as amended;

(6) your behavior since commitment.

You now have 60 days in which to decide whether to remain under your indeterminate sentence and continue to be eligible for parole or waive your right to parole and accept the release date established for you by the Board. If you do nothing within 60 days, you will remain under the parole system.

New matter indicated in italics - deletions by strikeout.
If you accept the release date, you may accumulate good conduct credit at the maximum rate provided under the law recently enacted.

If you feel that the release date set for you is unfair or is not based on complete information required to be considered by the Board, you may request that the Board reconsider the date. In your request you must set forth specific reasons why you feel the Board's release date is unfair and you may submit relevant material in support of your request.

The Department of Corrections is obligated to assist you in that effort, if you ask it to do so.

The Board will notify you within 60 days whether or not it will reconsider its decision. The Board's decision with respect to reconsidering your release date is final and cannot be appealed to any court.

If the Board decides not to reconsider your case you will have 60 days in which to decide whether to accept the release date and waive your right to parole or to continue under the parole system. If you do nothing within 60 days after you receive notification of the Board's decision you will remain under the parole system.

If the Board decides to reconsider its decision with respect to your release date, the Board will schedule a date for reconsideration as soon as practicable, but no later than 60 days from the date it receives your request, and give you at least 30 days notice. You may submit material to the Board which you believe will be helpful in deciding a proper date for your release. The Department of Corrections is obligated to assist you in that effort, if you ask it to do so.

Neither you nor your lawyer has the right to be present on the date of reconsideration, nor the right to call witnesses. However, the Board may ask you or your lawyer to appear or may ask to hear witnesses. The Board will base its determination on the same data on which it made its earlier determination, plus any new information which may be available to it.

When the Board has made its decision you will be informed of the release date. In no event will it be longer than the release date originally determined. From this date you may continue to accumulate good conduct credits at the maximum rate. You will not be able to appeal the Board's decision to a court.

Following the Board's reconsideration and upon being notified of your release date you will have 60 days in which to decide whether to accept the release date and waive your right to parole or to continue under the parole system. If you do nothing within 60 days after notification of the Board's decision you will remain under the parole system."

New matter indicated in italics - deletions by strikeout.
(d) The Board shall provide each eligible offender with a form substantially as follows:

"I (name of offender) am fully aware of my right to choose between parole eligibility and a fixed release date. I know that if I accept the release date established, I will give up my right to seek parole. I have read and understood the Prisoner Review Board's letter, and I know how and under what circumstances the Board has set my release date. I know that I will be released on that date and will be released earlier if I accumulate good conduct credit. I know that the date set by the Board is final, and can't be appealed to a court.

Fully aware of all the implications, I expressly and knowingly waive my right to seek parole and accept the release date as established by the Prisoner Review Board."

(e) The Board shall use the following information and standards in establishing a release date for each eligible offender who requests that a date be set:

(1) Such information as would be considered in a parole hearing under Section 3-3-4 of this Code;
(2) The intent of the court in imposing the offender's sentence;
(3) The present schedule for similar offenses provided by Articles 4.5 and 5 of Chapter V Sections 5-8-1 and 5-8-2 of this Code;
(4) Factors in aggravation and mitigation of sentence as provided in Sections 5-5-3.1 and 5-5-3.2 of this Code;
(5) The rate of accumulating good conduct credits provided by Section 3-6-3 of this Code;
(6) The offender's behavior since commitment to the Department.

(f) After the release date is set by the Board, the offender can accumulate good conduct credits in accordance with Section 3-6-3 of this Code.

(g) The release date established by the Board shall not be sooner than the earliest date that the offender would have been eligible for release under the sentence imposed on him by the court, less time credit previously earned for good behavior, nor shall it be later than the latest date at which the offender would have been eligible for release under such sentence, less time credit previously earned for good behavior.

(h) (1) Except as provided in subsection (b), each prisoner appearing at his next parole hearing subsequent to the effective date of the amendatory Act of 1977, shall be notified within 7 days of the hearing that he will either be released on parole or that a release date has been set by

the Board. The notice and waiver form provided for in subsections (c) and (d) shall be presented to eligible prisoners no later than 7 days following their parole hearing. A written statement of the basis for the decision with regard to the release date set shall be given to such prisoners no later than 14 days following the parole hearing.

(2) Each prisoner upon notification of his release date shall have 60 days to choose whether to remain under the parole system or to accept the release date established by the Board. No release date shall be effective unless the prisoner waives his right to parole in writing. If no choice is made by such prisoner within 60 days from the date of his notification of a release date, such prisoner shall remain under the parole system.

(3) Within the 60 day period as provided in paragraph (2) of this subsection, a prisoner may request that the Board reconsider its decision with regard to such prisoner's release date. No later than 60 days following receipt of such request for reconsideration, the Board shall notify the prisoner as to whether or not it will reconsider such prisoner's release date. No court shall have jurisdiction to review the Board's decision. No prisoner shall be entitled to more than one request for reconsideration of his release date.

(A) If the Board decides not to reconsider the release date, the prisoner shall have 60 days to choose whether to remain under the parole system or to accept the release date established by the Board. No release date shall be effective unless the prisoner waives his right to parole in writing. If no choice is made by such prisoner within 60 days from the date of the notification by the Board refusing to reconsider his release date, such prisoner shall remain under the parole system.

(B) If the Board decides to reconsider its decision with respect to such release date, the Board shall schedule a date for reconsideration as soon as practicable, but no later than 60 days from the date of the prisoner's request, and give such prisoner at least 30 days notice. Such prisoner may submit any relevant material to the Board which would aid in ascertaining a proper release date. The Department of Corrections shall assist any such prisoner if asked to do so.

Neither the prisoner nor his lawyer has the right to be present on the date of reconsideration, nor the right to call witnesses. However, the Board may ask such prisoner or his or her lawyer to appear or may ask to hear witnesses. The Board shall base its determination on the factors specified in subsection (e), plus any new information which may be available to it.

New matter indicated in italics - deletions by strikeout.
(C) When the Board has made its decision, the prisoner shall be informed of the release date as provided for in subsection (c) no later than 7 days following the reconsideration. In no event shall such release date be longer than the release date originally determined. The decision of the Board is final. No court shall have jurisdiction to review the Board's decision.

Following the Board's reconsideration and its notification to the prisoner of his or her release date, such prisoner shall have 60 days from the date of such notice in which to decide whether to accept the release date and waive his or her right to parole or to continue under the parole system. If such prisoner does nothing within 60 days after notification of the Board's decision, he or she shall remain under the parole system.

Sec. 2a. It is unlawful for any person to engage in the business of selling tangible personal property at retail in this State without a certificate of registration from the Department. Application for a certificate of registration shall be made to the Department upon forms furnished by it. Each such application shall be signed and verified and shall state: (1) the name and social security number of the applicant; (2) the address of his principal place of business; (3) the address of the principal place of business from which he engages in the business of selling tangible personal property at retail in this State and the addresses of all other places of business, if any (enumerating such addresses, if any, in a separate list attached to and made a part of the application), from which he engages in the business of selling tangible personal property at retail in this State; (4) the name and address of the person or persons who will be responsible for filing returns and payment of taxes due under this Act; (5) in the case of a corporation, the name, title, and social security number of each corporate officer; (6) in the case of a limited liability company, the name, social security number, and FEIN number of each manager and member; and (7)

such other information as the Department may reasonably require. The application shall contain an acceptance of responsibility signed by the person or persons who will be responsible for filing returns and payment of the taxes due under this Act. If the applicant will sell tangible personal property at retail through vending machines, his application to register shall indicate the number of vending machines to be so operated; and thereafter, he shall notify the Department by January 31 of the number of vending machines which such person was using in his business of selling tangible personal property at retail on the preceding December 31.

The Department may deny a certificate of registration to any applicant if the owner, any partner, any manager or member of a limited liability company, or a corporate officer of the applicant, is or has been the owner, a partner, a manager or member of a limited liability company, or a corporate officer, of another retailer that is in default for moneys due under this Act.

Every applicant for a certificate of registration hereunder shall, at the time of filing such application, furnish a bond from a surety company authorized to do business in the State of Illinois, or an irrevocable bank letter of credit or a bond signed by 2 personal sureties who have filed, with the Department, sworn statements disclosing net assets equal to at least 3 times the amount of the bond to be required of such applicant, or a bond secured by an assignment of a bank account or certificate of deposit, stocks or bonds, conditioned upon the applicant paying to the State of Illinois all moneys becoming due under this Act and under any other State tax law or municipal or county tax ordinance or resolution under which the certificate of registration that is issued to the applicant under this Act will permit the applicant to engage in business without registering separately under such other law, ordinance or resolution. The Department shall fix the amount of such security in each case, taking into consideration the amount of money expected to become due from the applicant under this Act and under any other State tax law or municipal or county tax ordinance or resolution under which the certificate of registration that is issued to the applicant under this Act will permit the applicant to engage in business without registering separately under such other law, ordinance or resolution. The amount of security required by the Department shall be such as, in its opinion, will protect the State of Illinois against failure to pay the amount which may become due from the applicant under this Act and under any other State tax law or municipal or county tax ordinance or resolution under which the certificate of registration that is issued to the

applicant under this Act will permit the applicant to engage in business without registering separately under such other law, ordinance or resolution, but the amount of the security required by the Department shall not exceed three times the amount of the applicant's average monthly tax liability, or $50,000.00, whichever amount is lower.

No certificate of registration under this Act shall be issued by the Department until the applicant provides the Department with satisfactory security as herein provided for.

Upon receipt of the application for certificate of registration in proper form, and upon approval by the Department of the security furnished by the applicant, the Department shall issue to such applicant a certificate of registration which shall permit the person to whom it is issued to engage in the business of selling tangible personal property at retail in this State. The certificate of registration shall be conspicuously displayed at the place of business which the person so registered states in his application to be the principal place of business from which he engages in the business of selling tangible personal property at retail in this State.

No certificate of registration issued to a taxpayer who files returns required by this Act on a monthly basis shall be valid after the expiration of 5 years from the date of its issuance or last renewal. The expiration date of a sub-certificate of registration shall be that of the certificate of registration to which the sub-certificate relates. A certificate of registration shall automatically be renewed, subject to revocation as provided by this Act, for an additional 5 years from the date of its expiration unless otherwise notified by the Department as provided by this paragraph. Where a taxpayer to whom a certificate of registration is issued under this Act is in default to the State of Illinois for delinquent returns or for moneys due under this Act or any other State tax law or municipal or county ordinance administered or enforced by the Department, the Department shall, not less than 120 days before the expiration date of such certificate of registration, give notice to the taxpayer to whom the certificate was issued of the account period of the delinquent returns, the amount of tax, penalty and interest due and owing from the taxpayer, and that the certificate of registration shall not be automatically renewed upon its expiration date unless the taxpayer, on or before the date of expiration, has filed and paid the delinquent returns or paid the defaulted amount in full. A taxpayer to whom such a notice is issued shall be deemed an applicant for renewal. The Department shall promulgate regulations establishing procedures for taxpayers who file returns on a monthly basis

but desire and qualify to change to a quarterly or yearly filing basis and will no longer be subject to renewal under this Section, and for taxpayers who file returns on a yearly or quarterly basis but who desire or are required to change to a monthly filing basis and will be subject to renewal under this Section.

The Department may in its discretion approve renewal by an applicant who is in default if, at the time of application for renewal, the applicant files all of the delinquent returns or pays to the Department such percentage of the defaulted amount as may be determined by the Department and agrees in writing to waive all limitations upon the Department for collection of the remaining defaulted amount to the Department over a period not to exceed 5 years from the date of renewal of the certificate; however, no renewal application submitted by an applicant who is in default shall be approved if the immediately preceding renewal by the applicant was conditioned upon the installment payment agreement described in this Section. The payment agreement herein provided for shall be in addition to and not in lieu of the security required by this Section of a taxpayer who is no longer considered a prior continuous compliance taxpayer. The execution of the payment agreement as provided in this Act shall not toll the accrual of interest at the statutory rate.

*The Department may suspend a certificate of registration if the Department finds that the person to whom the certificate of registration has been issued knowingly sold contraband cigarettes.*

A certificate of registration issued under this Act more than 5 years before the effective date of this amendatory Act of 1989 shall expire and be subject to the renewal provisions of this Section on the next anniversary of the date of issuance of such certificate which occurs more than 6 months after the effective date of this amendatory Act of 1989. A certificate of registration issued less than 5 years before the effective date of this amendatory Act of 1989 shall expire and be subject to the renewal provisions of this Section on the 5th anniversary of the issuance of the certificate.

If the person so registered states that he operates other places of business from which he engages in the business of selling tangible personal property at retail in this State, the Department shall furnish him with a sub-certificate of registration for each such place of business, and the applicant shall display the appropriate sub-certificate of registration at each such place of business. All sub-certificates of registration shall bear

the same registration number as that appearing upon the certificate of registration to which such sub-certificates relate.

If the applicant will sell tangible personal property at retail through vending machines, the Department shall furnish him with a sub-certificate of registration for each such vending machine, and the applicant shall display the appropriate sub-certificate of registration on each such vending machine by attaching the sub-certificate of registration to a conspicuous part of such vending machine.

Where the same person engages in 2 or more businesses of selling tangible personal property at retail in this State, which businesses are substantially different in character or engaged in under different trade names or engaged in under other substantially dissimilar circumstances (so that it is more practicable, from an accounting, auditing or bookkeeping standpoint, for such businesses to be separately registered), the Department may require or permit such person (subject to the same requirements concerning the furnishing of security as those that are provided for hereinbefore in this Section as to each application for a certificate of registration) to apply for and obtain a separate certificate of registration for each such business or for any of such businesses, under a single certificate of registration supplemented by related sub-certificates of registration.

Any person who is registered under the "Retailers' Occupation Tax Act" as of March 8, 1963, and who, during the 3-year period immediately prior to March 8, 1963, or during a continuous 3-year period part of which passed immediately before and the remainder of which passes immediately after March 8, 1963, has been so registered continuously and who is determined by the Department not to have been either delinquent or deficient in the payment of tax liability during that period under this Act or under any other State tax law or municipal or county tax ordinance or resolution under which the certificate of registration that is issued to the registrant under this Act will permit the registrant to engage in business without registering separately under such other law, ordinance or resolution, shall be considered to be a Prior Continuous Compliance taxpayer. Also any taxpayer who has, as verified by the Department, faithfully and continuously complied with the condition of his bond or other security under the provisions of this Act for a period of 3 consecutive years shall be considered to be a Prior Continuous Compliance taxpayer.

Every Prior Continuous Compliance taxpayer shall be exempt from all requirements under this Act concerning the furnishing of security as a

condition precedent to his being authorized to engage in the business of selling tangible personal property at retail in this State. This exemption shall continue for each such taxpayer until such time as he may be determined by the Department to be delinquent in the filing of any returns, or is determined by the Department (either through the Department's issuance of a final assessment which has become final under the Act, or by the taxpayer's filing of a return which admits tax that is not paid to be due) to be delinquent or deficient in the paying of any tax under this Act or under any other State tax law or municipal or county tax ordinance or resolution under which the certificate of registration that is issued to the registrant under this Act will permit the registrant to engage in business without registering separately under such other law, ordinance or resolution, at which time that taxpayer shall become subject to all the financial responsibility requirements of this Act and, as a condition of being allowed to continue to engage in the business of selling tangible personal property at retail, shall be required to post bond or other acceptable security with the Department covering liability which such taxpayer may thereafter incur. Any taxpayer who fails to pay an admitted or established liability under this Act may also be required to post bond or other acceptable security with this Department guaranteeing the payment of such admitted or established liability.

No certificate of registration shall be issued to any person who is in default to the State of Illinois for moneys due under this Act or under any other State tax law or municipal or county tax ordinance or resolution under which the certificate of registration that is issued to the applicant under this Act will permit the applicant to engage in business without registering separately under such other law, ordinance or resolution.

Any person aggrieved by any decision of the Department under this Section may, within 20 days after notice of such decision, protest and request a hearing, whereupon the Department shall give notice to such person of the time and place fixed for such hearing and shall hold a hearing in conformity with the provisions of this Act and then issue its final administrative decision in the matter to such person. In the absence of such a protest within 20 days, the Department's decision shall become final without any further determination being made or notice given.

With respect to security other than bonds (upon which the Department may sue in the event of a forfeiture), if the taxpayer fails to pay, when due, any amount whose payment such security guarantees, the Department shall, after such liability is admitted by the taxpayer or

established by the Department through the issuance of a final assessment that has become final under the law, convert the security which that taxpayer has furnished into money for the State, after first giving the taxpayer at least 10 days' written notice, by registered or certified mail, to pay the liability or forfeit such security to the Department. If the security consists of stocks or bonds or other securities which are listed on a public exchange, the Department shall sell such securities through such public exchange. If the security consists of an irrevocable bank letter of credit, the Department shall convert the security in the manner provided for in the Uniform Commercial Code. If the security consists of a bank certificate of deposit, the Department shall convert the security into money by demanding and collecting the amount of such bank certificate of deposit from the bank which issued such certificate. If the security consists of a type of stocks or other securities which are not listed on a public exchange, the Department shall sell such security to the highest and best bidder after giving at least 10 days' notice of the date, time and place of the intended sale by publication in the "State Official Newspaper". If the Department realizes more than the amount of such liability from the security, plus the expenses incurred by the Department in converting the security into money, the Department shall pay such excess to the taxpayer who furnished such security, and the balance shall be paid into the State Treasury.

The Department shall discharge any surety and shall release and return any security deposited, assigned, pledged or otherwise provided to it by a taxpayer under this Section within 30 days after:

(1) such taxpayer becomes a Prior Continuous Compliance taxpayer; or

(2) such taxpayer has ceased to collect receipts on which he is required to remit tax to the Department, has filed a final tax return, and has paid to the Department an amount sufficient to discharge his remaining tax liability, as determined by the Department, under this Act and under every other State tax law or municipal or county tax ordinance or resolution under which the certificate of registration issued under this Act permits the registrant to engage in business without registering separately under such other law, ordinance or resolution. The Department shall make a final determination of the taxpayer's outstanding tax liability as expeditiously as possible after his final tax return has been filed; if the Department cannot make such final determination

within 45 days after receiving the final tax return, within such period it shall so notify the taxpayer, stating its reasons therefor.

(35 ILCS 130/3) (from Ch. 120, par. 453.3)

Sec. 3. Affixing tax stamp; remitting tax to the Department. Payment of the taxes imposed by Section 2 of this Act shall (except as hereinafter provided) be evidenced by revenue tax stamps affixed to each original package of cigarettes. Each distributor of cigarettes, before delivering or causing to be delivered any original package of cigarettes in this State to a purchaser, shall firmly affix a proper stamp or stamps to each such package, or (in case of manufacturers of cigarettes in original packages which are contained inside a sealed transparent wrapper) shall imprint the required language on the original package of cigarettes beneath such outside wrapper, as hereinafter provided. Any stamp required by this Act shall note whether the State tax under Section 2 of this Act (35 ILCS 130/2) was paid.

No stamp or imprint may be affixed to, or made upon, any package of cigarettes unless that package complies with all requirements of the federal Cigarette Labeling and Advertising Act, 15 U.S.C. 1331 and following, for the placement of labels, warnings, or any other information upon a package of cigarettes that is sold within the United States. Under the authority of Section 6, the Department shall revoke the license of any distributor that is determined to have violated this paragraph. A person may not affix a stamp on a package of cigarettes, cigarette papers, wrappers, or tubes if that individual package has been marked for export outside the United States with a label or notice in compliance with Section 290.185 of Title 27 of the Code of Federal Regulations. It is not a defense to a proceeding for violation of this paragraph that the label or notice has been removed, mutilated, obliterated, or altered in any manner.

Only distributors licensed under this Act or out-of-state manufacturers holding a permit under this Act may receive unstamped packs of cigarettes. Prior to shipment to another person, each licensed distributor or out-of-state manufacturer holding a permit shall apply a stamp to each pack of cigarettes imported, distributed, or sold whether or not such cigarettes are subject to State tax under Section 2 of this Act (35 ILCS 130/2) or any other provision of State law, provided that a

distributor or out-of-state manufacturer may only apply a tax stamp to a pack of cigarettes purchased or obtained directly from a licensed distributor or an out-of-state manufacturer holding a permit. Only a licensed distributor or an out-of-state manufacturer holding a permit may ship or otherwise cause to be delivered unstamped packs of cigarettes in, into, or from this State, provided that a licensed distributor or an out-of-state manufacturer holding a permit may transport unstamped packs of cigarettes to a facility, wherever located, owned by such distributor or manufacturer. Any person that ships or otherwise causes to be delivered unstamped packs of cigarettes into, within, or from this State shall ensure that the invoice or equivalent documentation and the bill of lading or freight bill for the shipment identifies the true name and address of the cosignor or seller, the true name and address of the cosignee or purchaser, and the quantity by brand style of the cigarettes so transported, provided that this Section shall not be construed as to impose any requirement or liability upon any common or contract carrier.

The Department, or any person authorized by the Department, shall sell such stamps only to persons holding valid licenses as distributors under this Act. On and after July 1, 2003, payment for such stamps must be made by means of electronic funds transfer. The Department may refuse to sell stamps to any person who does not comply with the provisions of this Act. Beginning on the effective date of this amendatory Act of the 92nd General Assembly and through June 30, 2002, persons holding valid licenses as distributors may purchase cigarette tax stamps up to an amount equal to 115% of the distributor's average monthly cigarette tax stamp purchases over the 12 calendar months prior to the effective date of this amendatory Act of the 92nd General Assembly.

Prior to December 1, 1985, the Department shall allow a distributor 21 days in which to make final payment of the amount to be paid for such stamps, by allowing the distributor to make payment for the stamps at the time of purchasing them with a draft which shall be in such form as the Department prescribes, and which shall be payable within 21 days thereafter: Provided that such distributor has filed with the Department, and has received the Department's approval of, a bond, which is in addition to the bond required under Section 4 of this Act, payable to the Department in an amount equal to 80% of such distributor's average monthly tax liability to the Department under this Act during the preceding calendar year or $500,000, whichever is less. The Bond shall be joint and several and shall be in the form of a surety company bond in such form as

the Department prescribes, or it may be in the form of a bank certificate of deposit or bank letter of credit. The bond shall be conditioned upon the distributor's payment of amount of any 21-day draft which the Department accepts from that distributor for the delivery of stamps to that distributor under this Act. The distributor's failure to pay any such draft, when due, shall also make such distributor automatically liable to the Department for a penalty equal to 25% of the amount of such draft.

On and after December 1, 1985 and until July 1, 2003, the Department shall allow a distributor 30 days in which to make final payment of the amount to be paid for such stamps, by allowing the distributor to make payment for the stamps at the time of purchasing them with a draft which shall be in such form as the Department prescribes, and which shall be payable within 30 days thereafter, and beginning on January 1, 2003 and thereafter, the draft shall be payable by means of electronic funds transfer: Provided that such distributor has filed with the Department, and has received the Department's approval of, a bond, which is in addition to the bond required under Section 4 of this Act, payable to the Department in an amount equal to 150% of such distributor's average monthly tax liability to the Department under this Act during the preceding calendar year or $750,000, whichever is less, except that as to bonds filed on or after January 1, 1987, such additional bond shall be in an amount equal to 100% of such distributor's average monthly tax liability under this Act during the preceding calendar year or $750,000, whichever is less. The bond shall be joint and several and shall be in the form of a surety company bond in such form as the Department prescribes, or it may be in the form of a bank certificate of deposit or bank letter of credit. The bond shall be conditioned upon the distributor's payment of the amount of any 30-day draft which the Department accepts from that distributor for the delivery of stamps to that distributor under this Act. The distributor's failure to pay any such draft, when due, shall also make such distributor automatically liable to the Department for a penalty equal to 25% of the amount of such draft.

Every prior continuous compliance taxpayer shall be exempt from all requirements under this Section concerning the furnishing of such bond, as defined in this Section, as a condition precedent to his being authorized to engage in the business licensed under this Act. This exemption shall continue for each such taxpayer until such time as he may be determined by the Department to be delinquent in the filing of any returns, or is determined by the Department (either through the

Department's issuance of a final assessment which has become final under the Act, or by the taxpayer's filing of a return which admits tax to be due that is not paid) to be delinquent or deficient in the paying of any tax under this Act, at which time that taxpayer shall become subject to the bond requirements of this Section and, as a condition of being allowed to continue to engage in the business licensed under this Act, shall be required to furnish bond to the Department in such form as provided in this Section. Such taxpayer shall furnish such bond for a period of 2 years, after which, if the taxpayer has not been delinquent in the filing of any returns, or delinquent or deficient in the paying of any tax under this Act, the Department may reinstate such person as a prior continuance compliance taxpayer. Any taxpayer who fails to pay an admitted or established liability under this Act may also be required to post bond or other acceptable security with the Department guaranteeing the payment of such admitted or established liability.

Any person aggrieved by any decision of the Department under this Section may, within the time allowed by law, protest and request a hearing, whereupon the Department shall give notice and shall hold a hearing in conformity with the provisions of this Act and then issue its final administrative decision in the matter to such person. In the absence of such a protest filed within the time allowed by law, the Department's decision shall become final without any further determination being made or notice given.

The Department shall discharge any surety and shall release and return any bond or security deposited, assigned, pledged, or otherwise provided to it by a taxpayer under this Section within 30 days after:

(1) Such taxpayer becomes a prior continuous compliance taxpayer; or

(2) Such taxpayer has ceased to collect receipts on which he is required to remit tax to the Department, has filed a final tax return, and has paid to the Department an amount sufficient to discharge his remaining tax liability as determined by the Department under this Act. The Department shall make a final determination of the taxpayer's outstanding tax liability as expeditiously as possible after his final tax return has been filed. If the Department cannot make such final determination within 45 days after receiving the final tax return, within such period it shall so notify the taxpayer, stating its reasons therefor.

The Department may authorize distributors to affix revenue tax stamps by imprinting tax meter stamps upon original packages of

cigarettes. The Department shall adopt rules and regulations relating to the imprinting of such tax meter stamps as will result in payment of the proper taxes as herein imposed. No distributor may affix revenue tax stamps to original packages of cigarettes by imprinting tax meter stamps thereon unless such distributor has first obtained permission from the Department to employ this method of affixation. The Department shall regulate the use of tax meters and may, to assure the proper collection of the taxes imposed by this Act, revoke or suspend the privilege, theretofore granted by the Department to any distributor, to imprint tax meter stamps upon original packages of cigarettes.

Illinois cigarette manufacturers who place their cigarettes in original packages which are contained inside a sealed transparent wrapper, and similar out-of-State cigarette manufacturers who elect to qualify and are accepted by the Department as distributors under Section 4b of this Act, shall pay the taxes imposed by this Act by remitting the amount thereof to the Department by the 5th day of each month covering cigarettes shipped or otherwise delivered in Illinois to purchasers during the preceding calendar month. Such manufacturers of cigarettes in original packages which are contained inside a sealed transparent wrapper, before delivering such cigarettes or causing such cigarettes to be delivered in this State to purchasers, shall evidence their obligation to remit the taxes due with respect to such cigarettes by imprinting language to be prescribed by the Department on each original package of such cigarettes underneath the sealed transparent outside wrapper of such original package, in such place thereon and in such manner as the Department may designate. Such imprinted language shall acknowledge the manufacturer's payment of or liability for the tax imposed by this Act with respect to the distribution of such cigarettes.

A distributor shall not affix, or cause to be affixed, any stamp or imprint to a package of cigarettes, as provided for in this Section, if the tobacco product manufacturer, as defined in Section 10 of the Tobacco Product Manufacturers' Escrow Act, that made or sold the cigarettes has failed to become a participating manufacturer, as defined in subdivision (a)(1) of Section 15 of the Tobacco Product Manufacturers' Escrow Act, or has failed to create a qualified escrow fund for any cigarettes manufactured by the tobacco product manufacturer and sold in this State or otherwise failed to bring itself into compliance with subdivision (a)(2) of Section 15 of the Tobacco Product Manufacturers' Escrow Act.
